(2) If a separate return is made under subsection (b) of this section, on account of a change in the accounting period, the net income, computed on the basis of the period for which separate return is made (referred to in this subsection as the "short period"), shall be placed on an annual basis by multiplying the amount thereof by 12 and dividing by the number of months in the short period. The tax shall be such part of the tax computed on such annual basis as the number of months in the short period is of 12 months.

(3) If the taxpayer establishes the amount of his net income for the period of 12 months beginning with the first day of the short period, computed as if such 12-month period were a taxable year, under the law applicable to such year, then the tax for the short period shall be reduced to an amount which is such part of the tax computed on the net income for such 12-month period as the net income computed on the basis of the short period is of the net income for the 12-month period. The taxpayer (other than a taxpayer to which the next sentence applies) shall compute the tax and file his return without the application of this subsection. If the taxpayer was not in existence at the end of the 12-month period, then in lieu of the net income for such 12-month period there shall be used for the purposes of this subsection the net income for the 12-month period ending with the last day of the short period. The tax computed under this subsection shall in no case be less than the tax computed on the net income for the

short period without placing such net income on an annual basis. The benefits of this subsection shall not be allowed unless the taxpayer, at such time as regulations prescribed hereunder require (but not after the time prescribed for the filing of the return for the first taxable year which ends on or after 12 months after the beginning of the short period), makes application therefor in accordance with such regulations. Such application, in case the return was filed without regard to this subsection, shall be considered a claim for credit or refund with respect to the amount by which the tax is reduced under this subsection. The commissioner shall prescribe such regulations as he may deem necessary for the application of this subsection.

Return for fractional part of year

(c) In the case of a return made for a fractional part of a year, except a return made under subsection (b), on account of a change in the accounting period, the personal exemption and the credit for dependents shall be reduced respectively to amounts which bear the same ratio to the full credits provided as the number of months in the period for which return is made bears to 12 months.

Includible gross income

(d) The amount of all items of gross income shall be included in the gross income for the taxable year in which received by the taxpayer, unless, under the methods of accounting permitted under subsection (a) of this section, any such amounts are to be properly accounted for as of a different period. In the case of the death of the taxpayer, whose net income is computed upon the basis of the accrual method of accounting, amounts (except amounts includible in computing a partner's net income under Section 22) accrued only by reason of the death of the taxpayer shall not be included in computing net income for the period in which falls the date of the taxpayer's death.

Taking of deductions and credits

(e) The deductions and credits provided for in this act shall be taken for the taxable year in which "paid or accrued" or "paid or incurred," dependent upon the method of accounting upon the basis of which the net income is computed, unless in order clearly to reflect the income the deductions or credits should be taken as of a different period. In the case of the death of a taxpayer, whose net income is computed upon the basis of the accrual method of accounting, amounts (except amounts includible in computing a partner's net income under Section 22) accrued as deductions and credits only by reason of the death of the taxpayer shall not be allowed in computing net income for the period in which falls the date of the taxpayer's death.

Change in law applicable to tax computation

(f) The tax for any period beginning in one calendar year (hereinafter in this section called "first calendar year") and ending in the following calendar year (hereinafter in this section called "second calendar year") where the law applicable to the computation of taxes for taxpayers reporting on a calendar year basis differs for the second calendar year from the law applicable to the first calendar year, shall be the sum

of: (1) the same proportion of a tax for the entire period, determined under the law applicable to the first calendar year and at the rates for such year, which the portion of such period falling within the first calendar year is of the entire period; and (2) the same proportion of a tax for the entire period, determined under the law applicable to the second calendar year and at the rates for such year, which the portion of such period falling within the second calendar year is of the entire period.

Any tax that has been paid under the law applicable to the first calendar year if in excess of the tax imposed by this section shall be refunded or credited to the taxpayer as provided in Section 20. Any tax in addition to that paid under the law applicable to the first calendar year made necessary by this section shall be immediately due and payable upon notice and demand from the commissioner.

Change in status of taxpayer

(g) When the status of a taxpayer changes from resident to nonresident, or from nonresident to resident, there shall be included in determining income from sources within or without this State, as the case may be, income and deductions accrued prior to the change of status even though not otherwise includible in respect of the period prior to such change, but the taxation or deduction of items accrued prior to the change of status shall not be affected by the change.

Fractional part of year

(h) In the case of a taxpayer not in existence during the whole of an annual accounting period ending on the last day of a month, or, if the taxpayer has no such annual accounting period or does not keep books, during the whole of a calendar year, the return shall be made for the fractional part of the year during which the taxpayer was in existence.

Increase in redemption price

(i) If, in the case of a taxpayer owning any noninterest-bearing obligation issued at a discount and redeemable for fixed amounts increasing at stated intervals, the increase in the redemption price of such obligation occurring in the taxable year does not (under the method of accounting used in computing his net income) constitute income to him in such year, such taxpayer may, at his election made in his return for any taxable year beginning after December 31, 1942, treat such increase as income received in such taxable year. If any such election is made with respect to any such obligation, it shall apply also to all such obligations owned by the taxpayer at the beginning of the first taxable year to which it applies and to all such obligations thereafter acquired by him and shall be binding for all subsequent taxable years, unless upon application by the taxpayer the commissioner permits him, subject to such conditions as the commissioner deems necessary, to change to a different method. In the case of any such obligations owned by the taxpayer at the beginning of the first taxable year to which his election applies, the increase in the redemption price of such obligations occurring between the date of acquisition and the first day of such taxable year shall also be treated as income received in such taxable year.

SEC. 16. Section 19 of The Personal Income Tax Act is hereby amended to read as follows:

Deficiency tax Notice

Sec. 19. As soon as practicable after the return is filed, the commissioner shall examine it and shall determine the correct amount of the tax. If the commissioner determines that the tax disclosed by the original return is less than the tax disclosed by his examination he shall mail notice or notices to the taxpayer of the deficiency proposed to be assessed. Each notice shall set forth the details and computation of such deficiency.

In the case of a joint return filed by husband and wife, such notice of deficiency may be a single joint notice, except that if the commissioner has been notified by either spouse that separate residences have been established, then, in lieu of the single joint notice, duplicate originals of the joint notice shall be sent by mail to each spouse.

Protest

Within 60 days after mailing of said notice the taxpayer may file with the commissioner a written protest against the levy of the proposed deficiency, specifying therein the grounds upon which the protest is based. The protest must be under oath.

If no such protest is so filed the amount of the deficiency shall be final upon the expiration of said 60-day period. If a protest is so filed it shall be the duty of the commissioner to reconsider the computation and levy of the deficiency complained of, and, if the taxpayer has so requested in his protest, it shall be the duty of the commissioner to grant said taxpayer, or his authorized representatives, an oral hearing.

Hearing

Appeal

The commissioner's action upon the protest shall be final upon the expiration of 30 days from the date when he mails notice of his action to the taxpayer, unless within that 30-day period the taxpayer appeals in writing from the action of the commissioner to the State board. The appeal must be addressed and mailed to the State Board of Equalization at Sacramento, California, and a copy of the appeal addressed and mailed at the same time to the commissioner at Sacramento, California. Said board shall hear and determine the same and thereafter shall forthwith notify the taxpayer and the commissioner of its determination, and the reasons therefor. Such determination shall be final upon the expiration of 30 days from the time of such determination unless within such 30-day period, the taxpayer or the commissioner files a petition for rehearing with said board in which event the board's determination shall become final upon the expiration of 30 days from the time the board issues its opinion on said petition.

Notice and demand

When a deficiency has been determined and the tax has become final under the provisions of this section, the commissioner shall mail notice and demand to the taxpayer for the payment thereof, and such tax shall be due and payable at the expiration of 10 days from the date of such notice and demand, unless the taxpayer has elected to pay the tax in installments, in which case the deficiency shall be prorated to the three installments.

Except as provided in Section 18 (relating to jeopardy assessments), that part of the deficiency so prorated to any installment, the date for payment of which has not arrived, shall be collected at the same time as, and as part of, such installment. That part of the deficiency so prorated to any installment the date for payment of which has arrived shall be due and payable at the expiration of 10 days from the date of such notice.

Certificate of commissioner

A certificate by the commissioner or of said board, as the case may be, of the mailing of the notices specified in this section shall be prima facie evidence of the computation and levy of the deficiency in tax and of the giving of said notices.

Time for mailing notice

Except in the case of a fraudulent return, every notice of a proposed deficiency tax shall be mailed to the taxpayer within four years after the return was filed and no deficiency shall be assessed or collected with respect to the year for which such return was filed unless such notice is mailed within such period; provided that, in the case of any taxpayer who shall agree with the United States Commissioner of Internal Revenue for an extension (or renewals thereof) of the period for proposing and assessing deficiencies in Federal income taxes for any year, the period for mailing notices of proposed deficiency tax pursuant to this section shall be four years after the return was filed or six months after the date of the expiration of the agreed period for assessing deficiencies in Federal income tax, whichever period expires the later. For the purposes of this paragraph a return filed before the last day prescribed by law for the filing thereof shall be considered as filed on such last day.

Extension of assessment period

Where before the expiration of the time prescribed in this section for the assessment of the tax, the taxpayer has consented in writing to its assessment after such time, the tax may be assessed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

Any amount of tax in excess of that disclosed by the return, due to a mathematical error, notice of which has been mailed to the taxpayer, shall not be considered a deficiency assessment within the meaning of this section. The taxpayer shall have no right of protest or appeal as herein provided, based on such notice, nor shall such assessment or collection be prohibited by any of the provisions of this section.

Credits and refunds

Sec. 20. If, in the opinion of the commissioner, or the State board, as the case may be, there has been an overpayment of tax, penalty or interest by a taxpayer for any year for any reason, the amount of such overpayment shall be credited against any taxes then due from the taxpayer under this act, and the balance refunded to the taxpayer. No such credit or refund shall be allowed or made until approved by the State Board of Control. No such credit or refund shall be allowed

Claim

or made after four years from the last day prescribed for filing the return or after one year from the date of the overpayment, whichever period expires the later, unless before the expiration of such period a claim therefor is filed by the taxpayer, or unless before the expiration of such period the commissioner has certified the overpayment to the State Board of Control for approval of the refunding or the crediting thereof.

Extension agreement

If (a) the taxpayer has, within the period prescribed in the preceding sentence, agreed in writing, under the provisions of Section 19, to extend the time within which the commissioner may propose an additional assessment, or (b) if the taxpayer has agreed with the United States Commissioner of Internal Revenue for an extension (or renewals thereof) of the period for proposing and assessing deficiencies in Federal income tax for any year, the period within which a claim for credit or refund may be filed, or credit or refund allowed or made if no claim is filed, shall be the period within which the commissioner may make an assessment under such circumstances, except that the provisions of the preceding sentence shall apply to any claim filed, or credit or refund allowed or made, before the execution of such agreements. Insofar as the claim for credit or refund relates to an overpayment on account of the deductibility, under Section 8 (f) (1), of a debt as one which became worthless, or a loss from worthlessness of a security under Section 8 (f) (2), or Section 8 (h) (2), or an erroneous inclusion of an amount attributable to the recovery of a bad debt, prior tax or delinquency amount, under Section 7 (b) (9) due to an adjustment of a bad debt deduction under Section 8 (f) (1), or a loss deduction from worthlessness of a security under Section 8 (f) (2), or Section 8 (h) (2), in lieu of the period of limitation prescribed in the second preceding sentence, the period shall be seven years from the date prescribed by law for filing the return for the year with respect to which the claim is made. A refund claim upon which action has become final shall not thereafter be considered a refund claim within the meaning of the foregoing provision except to the extent allowed. Every claim for refund must be in writing under oath and must state the specific grounds upon which the claim is founded.

Disallowance

If the commissioner disallows any claim for refund, he shall notify the taxpayer accordingly. At the expiration of 90 days from the mailing of such notice, the commissioner's action upon the claim shall be final unless within such 90-day period,

Appeal

the taxpayer appeals in writing from the action of the commissioner to the State Board of Equalization. If the commissioner fails to mail notice of action on any refund claim within six months after the claim was filed, the taxpayer may, prior to mailing of notice of action on the refund claim, consider the claim disallowed and appeal to said board. Appeals must be addressed to the State Board of Equalization at Sacramento, California, and a copy of the appeal addressed and mailed at the same time to the commissioner at Sacramento.

California. Said board shall hear and determine the same and thereafter shall forthwith notify the taxpayer and the commissioner of its determination. Such determination shall be final upon the expiration of 30 days from the time of such determination unless within such 30-day period, the taxpayer or the commissioner files a petition for rehearing with said board in which event the board's determination shall become final upon the expiration of 30 days from the time the board issues its opinion on said petition. Hearing and determination. Rehearing.

Interest shall be allowed and paid upon any overpayment of any tax, if the overpayment was not made because of an error or mistake on the part of the taxpayer, at the rate of 6 per centum per annum as follows: Interest.

(1) In the case of a credit, from the date of the overpayment to the date of the allowance of the credit. Any interest allowed on any credit shall first be credited on any taxes due from the taxpayer under this act.

(2) In the case of a refund, from the date of the overpayment to a date preceding the date of the refund warrant by not more than 30 days, such date to be determined by the commissioner.

Any refund or any portion thereof which is erroneously made, and any credit or any portion thereof which is erroneously allowed, may be recovered, together with interest at the rate of 6 per centum per annum from the date the refund was made or the credit allowed, in an action brought by the commissioner in a court of competent jurisdiction in the County of Sacramento in the name of the people of the State of California, and such action shall be tried in the County of Sacramento unless the court with the consent of the prosecutor, orders a change of place of trial. The Attorney General or the counsel for the commissioner must prosecute such action, and the provisions of the Code of Civil Procedure, relating to service of summons, pleadings, proofs, trials, and appeals are applicable to the proceedings herein provided for. Recovery of erroneous refund.

In the event that a tax has been illegally levied against a taxpayer, the commissioner shall set forth on his records the reasons therefor and thereafter shall authorize the cancellation of such tax.

SEC. 18. Section 34.2 is hereby added to The Personal Income Tax Act. New section. See also Stats 1943, Ch 659.

Sec. 34.2. (a) The period of time after December 6, 1941, during which an individual is continuously outside the Americas (if such period is longer than 90 days), and the next 90 days thereafter, shall be disregarded in determining, under this act, in respect of any tax liability (including any interest, penalty, additional amount, or addition to the tax) of such individual— Disregard of period outside Americas.

(1) Whether any of the following acts was performed within the time prescribed therefor:

(A) Filing any return of income tax (except income tax withheld at source);

(B) Payment of any income tax (except income tax withheld at source);

(C) Filing an appeal with the State Board of Equalization;

(D) Allowance of a credit or refund of any tax;

(E) Filing a claim for credit or refund of any tax;

(F) Bringing a suit upon any such claim for credit or refund;

(G) Assessment of any tax;

(H) Giving or making any notice or demand, for the payment of any tax, or with respect to any liability in respect of any tax;

(I) Collection, by the commissioner or the collector, by distraint or otherwise, of the amount of any liability in respect of any tax;

(J) Bringing suit by the State of California, or any officer on its behalf, in respect of any liability in respect of any tax; and

(K) Any other act required or permitted under this act.

(2) The amount of any credit or refund (including interest).

(b) In any case to which subsection (a) does not apply in which it is determined by the commissioner, under regulations prescribed by him, that—

(1) By reason of an individual being outside the Americas, or

(2) By reason of any locality (within or without the Americas) being an area of enemy action or being an area under the control of the enemy, as determined by the commissioner, or

(3) By reason of an individual in the military or naval forces of the United States being outside the States of the Union and the District of Columbia, it is impossible or impracticable to perform any one or more of the acts specified in subsection (a), then in determining, under this act whether such act was performed within the time prescribed therefor, in respect of any tax liability (including any interest, penalty, additional amount, or addition to tax) affected by the failure to perform such act within such time, and in determining the amount of any credit or refund (including interest) affected by such failure, there shall be disregarded such period after December 6, 1941, as may be prescribed by such regulations.

Limit on extension

(c) The period of time disregarded under this section shall not extend beyond whichever of the following dates is the earlier:

(1) The fifteenth day of the third month following the month in which the present war with Germany, Italy, and Japan is terminated, as proclaimed by the President of the United States; or

(2) In the case of an individual with respect to whom a period of time is disregarded under this section, the fifteenth day of the third month following the month in which an executor, administrator, or a conservator of the estate of such individual qualifies.

(d) (1) Notwithstanding the provisions of subsection (a) or (b), any action or proceeding authorized by Section 18 (regardless of the taxable year for which the tax arose), Sections 26 or 27 (b), as well as any other action or proceeding authorized by law in connection therewith, may be taken, begun, or prosecuted. In any other case in which the commissioner determines that collection of the amount of any assessment would be jeopardized by delay, the provisions of subsections (a) and (b) shall not operate to stay collection of such amount by distraint or otherwise as authorized by law. There shall be excluded from any amount assessed or collected pursuant to this paragraph the amount of interest, penalty, additional amount, and addition to the tax, if any, in respect of the period disregarded under subsection (a) or (b). In any case to which this paragraph relates, if the commissioner is required to give any notice to or make any demand upon any person, such requirement shall be deemed to be satisfied if the notice or demand is prepared and signed, in any case in which the address of such person last known to the commissioner is in an area for which United States post offices under instructions of the Postmaster General are not, by reason of the war, accepting mail for delivery at the time the notice or demand is signed. In such case the notice or demand shall be deemed to have been given or made upon the date it is signed. Jeopardy collection

(2) The assessment or collection of any tax or of any liability under this act, or any action in connection therewith, may be made, taken, begun, or prosecuted in accordance with law, without regard to the provisions of subsection (a) or (b), unless prior to such assessment, collection, action, or proceeding it is ascertained that the person concerned is entitled to the benefits of subsection (a) or (b).

(3) This section shall not operate to extend the time for performing any act specified in subsection (a) (1) (G), (H), (I), or (J) if such time under the law in force prior to the date of enactment of this section expired prior to such date.

(e) For purposes of this section—

(1) The term "Americas" means North, Central, and South America (including the West Indies but not Greenland), and the Hawaiian Islands. "Americas"

(2) For the purpose of determining whether any act specified in subsection (a) (1) (G), (H), (I), or (J) was performed within the time prescribed therefor, if any period of time is disregarded under this section by reason of any individual being outside the Americas or within an area of enemy action or control, such individual shall not, if he returns to the Americas or leaves such area after the date of enactment of this section, be deemed to have returned to the Americas or ceased to be within such area before the date upon which the commissioner receives from such individual a notice thereof in such form as the commissioner shall by regulations prescribe. A similar rule shall be applied in the case of a member of the military or naval forces of the United States with respect to

whom a period of time is disregarded under this section by reason of being outside the States of the Union and the District of Columbia.

(3) For the purpose of determining whether any act specified in subsection (a) (1) (G), (H), (I), or (J) was performed within the time prescribed therefor, the month in which an executor, administrator, or conservator qualifies, if he qualifies after the date of enactment of this section, shall be deemed to be the month in which the commissioner receives from him a notice thereof in such form as the commissioner shall by regulations prescribe.

SEC. 19. If any section, subsection, clause, sentence or phrase of this act which is reasonably separable from the remaining portions of this act is for any reason held to be unconstitutional, such decision shall not affect the remaining portions of this act. The Legislature hereby declares that it would have passed the remaining portions of this act, irrespective of the fact that any such section, subsection, clause, sentence or phrase of this act be declared unconstitutional.

SEC. 74. Section 17322.9 is added to said code, to read:

17322.9. If prior to the payment of the last installment of tax for the taxable year the taxpayer becomes entitled to the exclusions or deductions provided in Sections 17321 to 17322.5, inclusive, for its taxable year, the taxpayer may, under regulation prescribed by the commissioner, file a claim in abatement of any unpaid tax or portion thereof, but not in excess of the

SEC. 76. Article 1.5, comprising Sections 17324 to 17324.16, inclusive, is added to Chapter 4, Part 10, Division 2, of said code, to read:

Article 1.5. Plans Deferring Receipt of Compensation

Employer's stock bonus, etc, plans

17324. In computing net income, if contributions are paid by an employer to or under a stock bonus, pension, profit-sharing, or annuity plan, or if compensation is paid or accrued on account of any employee under a plan deferring the receipt of the compensation, contributions or compensation shall not be deductible under Section 17301 but shall be deductible, if deductible under Section 17301 without regard to this article, under this article but only to the extent allowed under Sections 17324 1, 17324.2, 17324.3, and 17324.4.

Deduction of contributions

17324.1. There shall be a deduction allowed in the taxable year when paid of contributions paid into a pension trust.

Amount deductible

17324.2. If the taxable year ends within or with a taxable year of the trust for which the trust is exempt under Article 3 of Chapter 8, the amount deductible is:

(a) An amount not in excess of 5 per cent of the compensation otherwise paid or accrued during the taxable year to all the employees under the trust, but the amount may be reduced for future years if found by the commissioner upon periodical examinations at not less than five-year intervals to be more than the amount reasonably necessary to provide the remaining unfunded cost of past and current service credits of all employees under the plan, plus

(b) Any excess over the amount allowable under (a) necessary to provide with respect to all of the employees under the trust the remaining unfunded cost of their past and current service credits distributed as a level amount or a level percentage of compensation, over the remaining future service of each such employee, as determined under regulations prescribed by the commissioner. However, if the remaining unfunded cost with respect to any three individuals is more than 50 per cent of the remaining unfunded cost, the amount of the unfunded cost attributable to such individuals shall be distributed over a period of at least five taxable years.

In lieu deduction

17324.3. In lieu of the amounts allowable under Section 17324.2, the amount deductible may be

(a) An amount equal to the normal cost of the plan, as determined under regulations prescribed by the commissioner, plus

(b) If past service or other supplementary pension or annuity credits are provided by the plan, an amount not in excess of 10 per cent of the cost which would be required to completely fund or purchase the pension or annuity credits as of the date when they are included in the plan, as determined under regulations prescribed by the commissioner, except that in no case shall a deduction be allowed for any amount (other than the normal cost) paid in after such pension or annuity credits are completely funded or purchased.

Deduction in later years

17324.4. Any amount paid in a taxable year in excess of the amount deductible in that year under Sections 17324.2 and 17324.3 shall be deductible in the succeeding taxable years in order of time to the extent of the difference between the amount paid and deductible in each succeeding year and the maximum amount deductible for that year.

Retirement annuities

17324.5. A deduction shall be allowed in the taxable year when paid, in an amount determined in accordance with this article, if the contributions are paid toward the purchase of retirement annuities and that purchase is a part of a plan which meets the requirements of Sections 18159, 18160, 18161, and 18162 and if refunds of premiums, if any, are applied within the current taxable year or next succeeding taxable year toward the purchase of these retirement annuities.

Stock bonus or profit-sharing trust

17324.6. A deduction shall be allowed in the taxable year when paid, if the contributions are paid into a stock bonus or profit-sharing trust, and if the taxable year ends within or with a taxable year of the trust with respect to which the trust is exempt under Article 3 of Chapter 8 in an amount not in excess of 15 per cent of the compensation otherwise paid or accrued during the taxable year to all employees under the stock bonus or profit-sharing plan.

Carry-over

17324.7. If in any taxable year beginning after December 31, 1942, there is paid into the trust, or a similar trust then in effect, amounts less than the amounts deductible under Section 17324.6, the excess, or if no amount is paid, the amounts deductible, shall be carried forward and be deductible when paid in the succeeding taxable years in order of time, but the amount so deductible under this section in any succeeding taxable year shall not exceed 15 per centum of the compensation otherwise paid or accrued during that succeeding taxable year to the beneficiaries under the plan.

Same

17324.8. In addition, any amount paid into the trust in a taxable year beginning after December 31, 1942, in excess of the amount allowable with respect to that year under Sections 17324.6 and 17324.7 shall be deductible in the succeeding taxable years in order of time, but the amount so deductible under this section in any one succeeding taxable year together with the amount allowable under Section 17324.6 shall not exceed 15 per centum of the compensation otherwise paid or accrued during the taxable year to the beneficiaries under the plan.

Trusts excluded

17324.9. As used in this article "stock bonus or profit-sharing trust," shall not include any trust designed to provide

benefits upon retirement and covering a period of years, if under the plan the amounts to be contributed by the employer can be determined actuarily. If the contributions are made to two or more stock bonus or profit-sharing trusts, these trusts shall be considered a single trust for the purposes of applying the limitations in Sections 17324.6, 17324.7, and 17324 8.

Nonforfeitable rights

17324.10. There shall be allowed a deduction in the taxable year when paid, if the plan is not one included in the preceding sections of this article, if the employees' rights to or derived from the employer's contribution or compensation are nonforfeitable at the time the contribution or compensation is paid.

Accrual basis

17324.11. For the purposes of the preceding sections in this article, except Section 17324.10, a taxpayer on the accrual basis shall be deemed to have made a payment on the last day of the year of accrual if the payment is on account of the taxable year and is made within 60 days after the close of the taxable year of accrual.

Total amount deductible

17324 12. If amounts are deductible under any of the preceding sections in this article except Sections 17324.10 and 17324 11, in connection with two or more trusts, or one or more trusts and an annuity plan, the total amount deductible in a taxable year under these trusts and plans shall not exceed 25 per cent of the compensation otherwise paid or accrued during the taxable year to the persons who are the beneficiaries of the trusts or plans.

Amounts paid after December 31, 1942

17324.13. In addition, any amount paid into a trust or under annuity plans in a taxable year beginning after December 31, 1942, in excess of the amount allowable with respect to such year under Section 17324.12, shall be deductible in the succeeding taxable years in order of time. The amount deductible under this section in any one succeeding taxable year together with the amount allowable under Section 17324.12 shall not exceed 30 per cent of the compensation otherwise paid or accrued during the taxable years to the beneficiaries under the trusts or plans.

Beneficiary under two or more trusts, etc

17324 14. Sections 17324.11, 17324.12, and 17324.13 shall not have the effect of reducing the amount otherwise deductible under the preceding sections of this article, except Section 17324.10 and 17324.11, if no employee is a beneficiary under more than one trust, or a trust and an annuity plan.

Where no plan

17324.15. If there is no plan, but a method of employer contributions or compensation has the effect of a stock bonus, pension, profit-sharing, or annuity plan, or similar plan deferring the receipt of compensation, this article shall apply as if there were a plan.

Apportionment

17324.16. Any deduction allowable under Section 17303 (as it read prior to its repeal in 1943) for a taxable year beginning before January 1, 1943, which was apportioned to any taxable year beginning after December 31, 1942, shall be allowed as a deduction for the years to which so apportioned

to the extent allowable under this article as it then read if it had remained in force with respect to that year.

SEC. 77. Article 1.7, comprising Sections 17325 to 17350, inclusive, is added to Chapter 4, Part 10, Division 2 of said code, to read:

Article 1.7. War Losses

War losses

17325. In computing net income there shall be allowed as a deduction losses sustained during the taxable year and not compensated for by insurance or otherwise of property destroyed or seized on or after December 7, 1941, in the course of military or naval operations by the United States or any other country engaged in the present war.

Date deemed destroyed

17326. Property described in Section 17325 shall be deemed to have been destroyed or seized on a date chosen by the taxpayer in the manner provided in Section 17333, which falls between:

(a) The latest date, as established to the satisfaction of the commissioner, on which that property may be considered as not destroyed or seized, and

(b) The earliest date, as established to the satisfaction of the commissioner, on which that property may be considered as having already been destroyed or seized.

Same

17327. For the purposes of this article property within an area which comes under the control of a country at war with the United States after the date war with such country is declared by the United States shall be deemed to have been destroyed or seized in the course of military or naval operations by that country.

Same

17328. The date specified in Section 17326 (a) shall not be later than the latest date determined by the commissioner as the date on which that area was under the control of the United States or a country not at war with the United States, and the date specified in Section 17326 (b) shall not be later than the earliest date determined by the commissioner as the date on which that area may be considered under the control of the country which is at war with the United States.

Same

17329. Property within any country at war with the United States, or within an area under the control of that country on the date war with that country was declared by the United States, shall be deemed to have been destroyed or seized on the date war with that country was declared by the United States.

Worthless securities

17330. Any interest in, or with respect to, property described in Sections 17325, 17326, 17327 and 17329, including any interest represented by a security as defined in Section 17307 or Section 17312, which becomes worthless shall be considered to have been destroyed or seized, and the loss therefrom shall be considered a loss from the destruction or seizure. The destruction or seizure shall be deemed to occur on the date chosen by the taxpayer which falls between the dates specified in Section 17326, or on the date prescribed in Sections 17327 and 17328, as the case may be, when the last property described

in the applicable section to which the interest relates would be deemed destroyed or seized under the applicable section.

Possibility of recovery

17331. Section 17330 shall apply only if the interest would have become worthless if the property had been destroyed. For the purposes of this section, an interest shall be deemed to have become worthless notwithstanding the fact that the interest has a value if that value is attributable solely to the possibility of recovery of the property, compensation (other than insurance or similar indemnity) on account of its destruction or seizure, or both. Sections 17311 and 17307 shall not apply to any interest which under this section is considered to have been destroyed or seized.

Election as to worthlessness

17332. Under regulations prescribed by the commissioner, a taxpayer who owns 100 per cent, excluding qualifying shares, of each class of stock of a corporation may elect to determine the worthlessness of his interest, described in Section 17331, in or with respect to the property of the corporation, without regard to the amount of the property of that corporation which would be excluded under Section 17349 in determining the adjusted basis of all the assets of the corporation for the purposes of Sections 17348, 17349 and 17349 5, but that amount shall be treated under Section 17334 as a recovery by the taxpayer in the taxable year with respect to such interest.

Regulations

17333. The taxpayer's choice of a date under Sections 17326 and 17330 shall be effective only if made within the time and in the manner as may be prescribed by regulations prescribed by the commissioner.

Recovery in taxable year

17334. In the case of any property or interest in or with respect to property deemed to be destroyed or seized under this article, the amount of the loss on account of that property or interest shall be determined with regard to any recoveries with respect thereto in the taxable year but without regard to any possibility of recovering that property or interest, or of receiving any compensation (other than insurance or similar indemnity) on account of that property or interest in the taxable year or in any future taxable year.

Liabilities discharged

17335. In the case of any property or interest in or with respect to property deemed to be destroyed or seized under this article, the taxpayer may choose to decrease the amount of the loss by all obligations or liabilities of the taxpayer with respect to that property or interest discharged or satisfied out of the property or interest upon its destruction or seizure, if the commissioner is satisfied that those obligations or liabilities are so discharged or satisfied in a subsequent taxable year, or that the taxpayer is unable to determine whether or not those obligations or liabilities are in fact discharged or satisfied.

Same

17336. No loss shall be deemed to have been sustained upon the destruction or seizure of the property or interest to the extent that it is compensated for by the discharge or satisfaction of obligations and liabilities of the taxpayer out of the property or interest in the taxable year in which the destruction or seizure is deemed to have occurred. The taxpayer's

choice under this article shall be effective only if made within the time and in the manner as may be prescribed by regulations prescribed by the commissioner.

Recovery as gross income

17337. Upon the recovery in the taxable year of any money or property in respect of property considered under this article as destroyed or seized in any prior taxable year, the amount of the recovery shall be included in gross income to the extent provided in Section 17338.

Recovery amount

17338. The amount of the recovery of any money or property in respect of property considered under this article as destroyed or seized shall be an amount equal to the aggregate of the money and the fair market value of the property, determined as of the date of the recovery.

Exclusion from gross income, etc

17339. To the extent that this amount plus the aggregate of the amounts of previous recoveries do not exceed that part of the aggregate of the allowable deductions in prior taxable years on account of the destruction or seizure of property described in this article which did not result in a reduction of any tax of the taxpayer under this part, this amount shall not be includible in gross income and shall not be deemed gain upon the involuntary conversion of property as a result of its destruction or seizure.

Inclusion in gross income

17340 To the extent that this amount plus the aggregate of the amounts of previous recoveries exceed that part of the aggregate of the deductions which did not result in a reduction of any tax of the taxpayer under this part and do not exceed that part of the aggregate of the deductions which did result in a reduction of any tax of the taxpayer under this part, this amount shall be included in gross income but shall not be deemed a gain upon the involuntary conversion of property as a result of its destruction or seizure.

Gain

17341. To the extent that this amount plus the aggregate of the amounts of previous recoveries exceed the aggregate of the allowable deductions in prior taxable years on account of the destruction or seizure of property described in this article, the amount shall be considered a gain upon the involuntary conversion of property as a result of its destruction or seizure and shall be recognized or not recognized as provided in Section 17672.

Liabilities treated as discharged

17342. If for any previous taxable year the taxpayer chooses under Sections 17334, 17335 and 17336 to treat any obligations and liabilities as discharged or satisfied out of the property or interest described in Sections 17330, 17331 and 17332, and if such obligations and liabilities were not so discharged or satisfied, the amount of such obligations and liabilities treated as discharged or satisfied under Sections 17334, 17335, and 17336 shall be considered for the purposes of this article as a deduction by reason of this article which did not result in a reduction of any tax of the taxpayer under this part.

Deduction disallowed

17343. For the purposes of Sections 17338, 17339, 17340, 17341, and 17342, an allowable deduction for any taxable year

on account of the destruction or seizure of property described in this article shall, to the extent not allowed in computing the tax of the taxpayer for the taxable year, be considered an allowable deduction which did not result in a reduction of any tax of the taxpayer under this part.

Restoration of value

17344. For the purposes of Sections 17337 to 17343, inclusive, the restoration in whole or in part of the value of any interest described in Sections 17330, 17331 and 17332 by reason of any recovery of money or property in respect of property to which the interest related and which was considered under Sections 17326 and 17327 as destroyed or seized shall be deemed a recovery of property in respect of property considered as destroyed or seized.

Unadjusted basis Determination

17345. The unadjusted basis of property recovered in respect of property considered destroyed or seized under this article shall be determined under Sections 17346 and 17347.

Amount

17346. The unadjusted basis shall be an amount equal to the fair market value of that property, determined as of the date of the recovery, reduced by an amount equal to the excess of the aggregate of the fair market value and the amounts of previous recoveries of money or property in respect of property considered under this article as destroyed or seized over the aggregate of the allowable deductions in prior taxable years on account of the destruction or seizure of property described in this article and increased by that portion of the amount of the recovery which under Section 17341 is treated as a recognized gain from the involuntary conversion of property.

Allocation to property recovered

17347. Upon application of the taxpayer, the aggregate of the bases, determined under Section 17346, of any properties recovered, in respect of properties considered under this article as destroyed or seized may be allocated among the properties so recovered in such manner as the commissioner may determine under regulations prescribed by him, and the amounts so allocated to any property so recovered shall be the unadjusted basis of the property in lieu of the unadjusted basis of the property determined under Section 17346.

Corporate liquidation

17348. If: (a) A taxpayer owns not less than 50 per cent of each class of stock of a corporation; and

(b) That corporation has property described under this article as destroyed or seized; and

(c) The adjusted basis for determining loss of that property is at least 75 per cent of the adjusted basis for determining loss of all the property of that corporation; and

(d) That corporation completely liquidates within one year after that property is deemed to be destroyed or seized, or by December 31, 1943, whichever is later; and

(e) The liquidation is accomplished by distributing all the assets which it is able to distribute and all its rights to assets which it is not able to distribute, including the right to the recovery of the property described in Sections 17326 to 17329, inclusive;

Then that part of the loss by the taxpayer on the liquidation which would be attributable to the destruction or seizure of the property, as established to the satisfaction of the commissioner, shall be treated for the purposes of this part as a loss by the taxpayer upon the destruction or seizure of the part of the stock or other interest of the taxpayer to which such loss is allocable. That part of the stock or other interest of the taxpayer shall be treated for the purposes of this article as property described in Sections 17330, 17331 and 17332.

Adjusted basis of corporate property

17349. In determining the adjusted basis of all the property of the corporation, there shall be excluded money in the United States, bank deposits, the right to receive money from any person not situated in a country at war with the United States or in a territory under the control of that country, and obligations issued or guaranteed as to principal or interest by the United States, except that there shall not be excluded any property which is destroyed or seized as described in this article within or before the taxable period.

Date determinable

17349.5. The adjusted basis of property of the corporation shall be determined as of the date immediately preceding the first date on which any property was destroyed or seized, as described in this article, or as of any later date falling within or before the taxable period on the basis of which the determination will produce a greater amount.

Determination of allowable deduction

17350. The determination as to whether and to what extent an allowable deduction on account of the destruction or seizure of property described in this article did or did not result in a reduction of any tax of the taxpayer under this chapter shall be made in accordance with regulations prescribed by the commissioner.

Stats. 1943, Ch. 656 Items not deductible

SEC. 78. Section 17351 of said code is amended to read:

17351. In computing net income no deduction shall in any case be allowed in respect of:

(a) Personal, living, or family expenses, except extraordinary medical expenses deductible under Sections 17319, 17319.3 and 17319.5.

(b) Any amount paid out for new buildings or for permanent improvements or betterments made to increase the value of any property or estate.

(c) Any amount expended in restoring property or in making good the exhaustion thereof for which an allowance is or has been made.

(d) Premiums paid on any life insurance policy covering the life of any officer or employee, or of any person financially interested in any trade or business carried on by the taxpayer, when the taxpayer is directly or indirectly a beneficiary under the policy.

(e) Any amount otherwise allowable as a deduction which is allocable to one or more classes of income (whether or not any amount of income of that class or classes is received or accrued) wholly exempt from the taxes imposed by this part.

(f) Any amount paid or accrued on indebtedness incurred or continued to purchase a single premium life insurance or endowment contract. For the purposes of this subsection, if substantially all the premiums on a life insurance or endowment contract are paid within a period of four years from the date of which such contract is purchased, such contract shall be considered a single premium life insurance or endowment contract; or

(g) Amounts paid or accrued for such taxes and carrying charges as, under regulations prescribed by the commissioner, are chargeable to capital account with respect to property, if the taxpayer elects, in accordance with such regulations, to treat those taxes or charges as so chargeable.

SEC. 79. Section 17357 is added to said code, to read:

17357. In computing net income no deduction shall be allowed under Section 17301 for any contribution or gift which would be allowable as a deduction under Sections 17315 and 17316 were it not for the 15 per cent limitation therein contained and for the requirement therein that payment must be made within the taxable year.

SEC. 80. Section 17503 of said code is amended to read:

17503. The method described in Section 17502 may be used

(a) Only in inventorying goods (required under Section 17501 to be inventoried) specified in an application to use such method filed at such time and in such manner as the commissioner may prescribe; and

(b) Only if the taxpayer establishes to the satisfaction of the commissioner that the taxpayer has used no procedure other than that specified in subdivisions (b) and (c) of Section 17502 in inventorying to ascertain the income, profit, or loss of the first taxable year for which the method described in Section 17502 is to be used, for the purpose of a report or statement covering the taxable year to shareholders, partners, or other proprietors, or to beneficiaries, or for credit purposes.

SEC. 81. Section 17506 of said code is amended to read:

17506. If a taxpayer, having complied with Section 17503, uses the method described for any taxable year, that method shall be used in all subsequent taxable years unless

(a) With the approval of the commissioner a change to a different method is authorized; or

(b) The commissioner determines that the taxpayer has used for any such subsequent taxable year some procedure other than that specified in subdivision (b) of Section 17502 in inventorying the goods specified in the application to ascertain the income, profit, or loss of such subsequent taxable year for the purpose of a report or statement covering such taxable year to shareholders, partners, or other proprietors, or beneficiaries, or for credit purposes, and requires a change to a method different from that prescribed in Section 17502 beginning with such subsequent taxable year or any taxable year thereafter.

In either of the above cases, the change to, and the use of, the different method shall be in accordance with such regulations as the commissioner may prescribe as necessary in order that the use of such method may clearly reflect income.

SEC. 82. Article 1.5, comprising Sections 17507 to 17516, inclusive, is added to Chapter 5 of Part 10 of Division 2 of said code, to read:

Article 1.5. Involuntary Liquidation Due to War Conditions

"Involuntary liquidation"

17507. As used in this article, "involuntary liquidation," means the sale or other disposition of goods inventoried under the method described in Article 1, either voluntary or involuntary, coupled with a failure on the part of the taxpayer to purchase, manufacture, or otherwise produce and have on hand at the close of the taxable year in which a sale or other disposition occurred such goods as would, if on hand at the close of such taxable year, be subject to the provisions of Article 1, if such failure on the part of the taxpayer is due, directly and exclusively:

(a) To enemy capture or control of sources of limited foreign supply;

(b) To shipping or other transportation shortages;

(c) To material shortages resulting from priorities or allocations;

(d) To labor shortages;

(e) To other prevailing war conditions, beyond the control of the taxpayer.

Adjustments of net income

17508. The net income of the taxpayer otherwise determined for the year of involuntary liquidation shall be adjusted according to the provisions of Sections 17509 and 17510:

(a) If, for any taxable year beginning after December 31, 1942, and prior to the termination of the present war as proclaimed by the President of the United States, the closing inventory of a taxpayer inventorying goods under the method provided in this section reflects a decrease from the opening inventory of goods for this year; and

(b) If, at the time of the filing of the taxpayer's income tax return for such year, the taxpayer elects to have the provisions of this section apply and so notifies the commissioner; and

(c) If, at the time of such election, it is established to the satisfaction of the commissioner, in accordance with rules and regulations prescribed by the commissioner, that such decrease is attributable to the involuntary liquidation of the inventory as defined in Section 17511; and

(d) If the closing inventory of a subsequent taxable year, ending not more than three years after the termination of the present war as proclaimed by the President of the United States, reflects a replacement, in whole or in part, of the goods so previously liquidated.

17509. The taxpayer's net income shall be adjusted as follows: Increase or decrease of adjustment

(a) Increased by an amount equal to the excess, if any, of the aggregate cost of such goods reflected in the opening inventory of the year of involuntary liquidation over the aggregate replacement cost; or

(b) Decreased by an amount equal to the excess, if any, of the aggregate replacement cost of such goods over the aggregate cost thereof reflected in the opening inventory of the year of the involuntary liquidation.

17510. The taxes imposed by this part for the year of such liquidation and for all taxable years intervening between that year and the year of replacement shall be redetermined, giving effect to adjustments provided for in Section 17508. Any increase in taxes resulting from these adjustments shall be assessed and collected as a deficiency but without interest, and any overpayment so resulting shall be credited or refunded to the taxpayer without interest. Redetermination of imposed taxes

17511. If, in the case of any taxpayer subject to the provisions of Section 17508, the closing inventory of the taxpayer for a taxable year, subsequent to the year of involuntary liquidation but prior to the complete replacement of the goods so liquidated, reflects an increase over the opening inventory of the goods for the taxable year, the goods reflecting such increase shall be considered, in the order of their acquisition, as having been acquired in replacement of the goods most recently liquidated (whether or not in a year of involuntary liquidation) and not previously replaced. If the liquidation was an involuntary liquidation, the goods reflecting the increase shall be included in the inventory of the taxpayer for the year of replacement at the inventory cost basis of the goods replaced. Increase over opening inventory

17512. An election by the taxpayer to have the provisions of this article apply, once made, shall be irrevocable and shall be binding for the year of the involuntary liquidation and for all determinations for subsequent taxable years insofar as they are related to the year of liquidation or replacement. Election irrevocable

17513. If the adjustments specified in Section 17509 are, with respect to any taxable year, prevented, on the date of the filing of the income tax return of the taxpayer for the year of the replacement, or within three years from such date, by any provision or rule of law (other than this article), such adjustments shall nevertheless be made if, in respect of the taxable year for which the adjustment is sought, a notice of proposed additional assessment is mailed or a claim for refund is filed, as the case may be, within three years after the date of the filing of the income tax return for the year of replacement. When adjustments prevented by other law

17514. If, at the time of the mailing of the notice of proposed additional assessment or the filing of the claim for refund, the adjustment is so prevented, then the amount of the adjustment authorized by this article shall be limited to Same Limitation of adjustment

Disregard of period after December 6, 1941

18471. In any case to which Section 18470 does not apply in which it is determined by the commissioner, under regulations prescribed by him, that—

(1) By reason of an individual being outside the Americas, or

(2) By reason of any locality (within or without the Americas) being an area of enemy action or being an area under the control of the enemy, as determined by the commissioner; or

(3) By reason of an individual in the military or naval forces of the United States being outside the States of the Union and the District of Columbia, it is impossible or impracticable to perform any one or more of the acts specified in Section 18470;

then in determining, under this part whether the act was performed within the time prescribed therefor, in respect of any liability for taxes, interest or penalties affected by the failure to perform the act within such time, and in determining the amount of any credit or refund (including interest) affected by that failure, there shall be disregarded the period after December 6, 1941, as may be prescribed by the regulations.

Limit of time disregarded

18472. The period of time disregarded under this article shall not extend beyond whichever of the following dates is the earlier:

(1) The fifteenth day of the third month following the month in which the present war with Germany, Italy, and Japan is terminated, as proclaimed by the President of the United States; or

(2) In the case of an individual with respect to whom a period of time is disregarded under this article, the fifteenth day of the third month following the month in which an executor, administrator, or a conservator of the estate of the individual qualifies.

Proceedings permitted

18473. Notwithstanding the provisions of this article, any action or proceeding authorized by Article 4. of Chapter 11 (regardless of the taxable year for which the tax arose), Article 5 of Chapter 8, Sections 18621 and 18622, as well as any other action or proceeding authorized by law in connection therewith, may be taken, begun, or prosecuted.

Jeopardy collection

18474. In any other case in which the commissioner determines that collection of the amount of any assessment would be jeopardized by delay, the provisions of this article shall not operate to stay collection of that amount by distraint or otherwise as authorized by law. There shall be excluded from any amount assessed or collected pursuant to this section the amount of interest, penalty, additional amount, and addition to the tax, if any, in respect of the period disregarded under this article.

Notice or demand

18475. In any case to which this article relates, if the commissioner is required to give any notice to or make any demand upon any person, that requirement shall be satisfied if the notice or demand is prepared and signed, in any case in which

the address of such person last known to the commissioner is in an area for which United States post offices under instructions of the Postmaster General are not, by reason of the war, accepting mail for delivery at the time the notice or demand is signed. In that case the notice or demand shall be deemed to have been given or made upon the date it is signed.

Assessment or collection

18476. The assessment or collection of any tax or of any liability under this part, or any action in connection therewith, may be made, taken, begun, or prosecuted in accordance with law, without regard to the provisions of Sections 18470 and 18471, unless prior to such assessment, collection, action, or proceeding it is ascertained that the person concerned is entitled to the benefits of those sections.

Expiration of time

18477. This section shall not operate to extend the time for performing any act specified in Section 18470 (g), (h), (i) or (j) if such time under the law in force prior to the date of enactment of this section expired prior to that date.

Definitions

18478. For purposes of this article:

(a) The term "Americas" means North, Central, and South America (including the West Indies but not Greenland), and the Hawaiian Islands.

(b) For the purpose of determining whether any act specified in Section 18470 (g), (h), (i) or (j) was performed within the time prescribed therefor, if any period of time is disregarded under this section by reason of any individual being outside the Americas or within an area of enemy action or control, that individual shall not, if he returns to the Americas or leaves the area after the date of enactment of this section, be deemed to have returned to the Americas or ceased to be within that area before the date upon which the commissioner receives from that individual a notice thereof in such form as the commissioner shall by regulations prescribe. A similar rule shall be applied in the case of a member of the military or naval forces of the United States with respect to whom a period of time is disregarded under this section by reason of being outside the States of the Union and the District of Columbia.

Notice of qualification

18479. For the purpose of determining whether any act specified in Section 18470 (g), (h), (i) or (j) was performed within the time prescribed therefor, the month in which an executor, administrator, or conservator qualifies, if he qualifies after the date of enactment of this section, shall be deemed to be the month in which the commissioner receives from him a notice thereof in such form as the commissioner shall by regulations prescribe.

Urgency

SEC. 6. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

The necessity of high Federal taxation for war purposes requires that all State taxes be reduced wherever possible. The burden of State taxes must be alleviated if individuals are to meet the higher Federal taxes and the higher costs of living due to the war. It is therefore necessary that the personal income tax rates be reduced and that the personal exemptions be increased and a reduction in the amount of tax be granted for the period fixed by this act.

Urgency

SEC. 4. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

The necessity of high taxation for war purposes requires that all nonessential taxes be abolished or reduced. With the high cost of living at the present time, it is essential that articles of necessity, such as those subject to the sales and use taxes, be relieved of so high a rate of taxation so that people will not be unduly curtailed in securing the necessities of life, by reason of their inability to meet the taxes thereon.

Hearing before board

SEC. 17. Section 2181.1 is added to said code, to read:

2181.1. The board shall immediately notify the applicant in writing of its decision, and that he may, upon application to the board within 30 days, appear before the board at a time to be fixed by the board, and show cause why the action of the board is not satisfactory. The hearing shall be held within 30 days from the time of application for hearing. Upon good cause shown, the board may reconsider its previous action, and take whatever action the board deems proper upon the application. The decision of the board confirming or reconsidering

its previous action shall be rendered within 15 days after the hearing.

Alternative to appeal

The right of hearing by the board of supervisors provided by this section is intended as an alternative to direct appeal to the State Social Welfare Board, and an applicant who has applied for hearing before the board of supervisors shall not appeal to the State Social Welfare Board until the decision of the board of supervisors has been rendered. After the decision of the board of supervisors has been rendered, the applicant may appeal therefrom to the State Social Welfare Board. An applicant who does not apply for hearing before the board of supervisors may appeal directly to the State Social Welfare Board as provided in Section 2182.

Appeal

2182. If any applicant or recipient is dissatisfied with the action of the board of supervisors, he shall, upon filing a petition with the State Department of Social Welfare, have the right of appeal and shall be accorded an opportunity for a fair hearing. The Social Welfare Department shall set such appeal for hearing before the State Social Welfare Board and shall give all parties concerned written notice of the time and place of such hearing. At such hearing the applicant or recipient may appear in person with counsel of his own choosing or in person and without such counsel.

Decision

The State Social Welfare Board shall consider the appeal, and shall dismiss the appeal or award aid as prescribed in this chapter.

Award

The county board of supervisors shall then pay to such aged person the sum awarded, if any, by the State Social Welfare Board, the payments, if awarded, to commence from the date the applicant was first entitled thereto.

Commencement of payments

Payments of aid shall be commenced as of the first day of the month in which the application is granted, unless otherwise directed by the State Social Welfare Board in cases in which an appeal is taken; but in no event shall the aid commence prior to the date of application.

Renewed application

An applicant whose application for aid under this chapter has been rejected may not again apply for such aid until the expiration of one year from the date of the previous application, except with the consent of the county or an order of the State Department of Social Welfare, or until the condition because of which his application was rejected has been eliminated.

Judicial review

If the applicant or recipient feels himself aggrieved by any decision of the State Welfare Board, he may file with the superior court of the county in which he resides, a petition, praying for a review of the entire proceedings in the matter, upon questions of law involved in the case.

New section

SEC. 19. Section 2182.1 is added to said code, to read:

Proceedings on petition to court

2182.1. No filing fee shall be required from an applicant for or recipient of aid under this chapter for the filing of a

petition in the superior court for a review of the proceedings in his case.

Within ten (10) days after being served with notice of the filing of the petition, the State Department of Social Welfare shall cause to be filed with the clerk of the court the record of the proceedings in the case, and no further pleadings shall be required to bring the matter to issue.

No bond shall be required in the case of any petition for review, nor in any appeal therefrom.

If the decision of the court is in favor of the applicant for or recipient of aid, aid shall be paid from the first of the month following date of application therefor, and the applicant or recipient shall be entitled to reasonable attorney's fees and costs.

SEC. 20. Section 2183 of said code is amended to read:

Payments

2183. If the application for aid is granted, the clerk of the board of supervisors shall report the fact to the auditor of the county. All payments of aid under this chapter shall be made monthly in advance by the treasurer of the county.

A county shall have a period of 60 days after the date of application within which to determine whether or not the applicant is eligible for assistance, and the aid shall be granted to him from the first day of the month in which the determination is made that he is eligible but in no event shall the aid commence prior to the date of application. If the investigation is not completed at the end of the 60-day period, the investigation shall continue until completed and if eligibility is established, aid shall begin as of the first day of the month in which eligibility is established or as of the first day of the month following the end of the 60-day period, whichever is earlier.

Such payment shall be paid by warrant and shall be delivered to the applicant at his residence if he so requests If the recipient of old age assistance is, on the testimony of reputable witnesses, found incapable of taking care of himself or his money, upon recommendation of the board of supervisors and with the approval of the Department of Social Welfare the aid authorized in this chapter may be paid to any responsible person acceptable to the recipient for the benefit of the recipient of this aid, but it shall be unlawful for the board of supervisors to order any part of the aid granted under this chapter to be paid in the form of merchandise orders for food, rent or otherwise.

2222.7. Whenever the State Department of Social Welfare finds that moneys collected from recipients in repayment of

aid granted under this chapter have been collected erroneously, because of mistake of law or fact, refunds shall be made as provided in this section.

Upon certification by the county or the State Department of Social Welfare that the repayment of aid was made and collected erroneously, the county shall refund to the recipient the amount of the county and State shares of the repayment, and the State shall allow to the county in computing the amounts payable to the county pursuant to Section 2188 a credit for any amount of such refund which has previously been credited to the State. If the United States Government pays or credits to the State the amount of the repayment which has been credited to the United States Government, the State shall allow a credit to the county in the amount of the credit received by the State from the United States Government, and the county shall refund to the recipient the amount so credited to the county.

Retroactive application

This section shall be applied retroactively, to require the refund of all repayments erroneously collected from recipients of aid within the two years immediately preceding its effective date, notwithstanding the provisions of Section 4075 of the Political Code.

New section Repayment only for period of ineligibility

SEC. 23.6. Section 2223.5 is added to said code, to read:

2223.5. In such case the recipient shall repay only the aid he received during such period of ineligibility.

SEC. 24. Section 2224 of said code is amended to read:

Aid by spouse or adult child

2224. The board of supervisors shall determine if the applicant or recipient of aid has within the State a spouse or adult child pecuniarily able to contribute to the support of the applicant or recipient of aid. A brief form shall be sent to the relative inquiring whether the relative is in fact contributing and will continue to contribute to the support of the applicant pursuant to the provisions of Section 2181. This form shall be completed by the relative as a sworn statement.

Upon the request of the board of supervisors, the spouse or adult child shall file such sworn statement within 10 days if living in the county, or within 30 days if living elsewhere in the State; provided, however, that the granting or continued receipt of aid shall not be contingent upon the filing of such sworn statement by such spouse or adult child.

If the person receiving aid has within the State, a spouse or adult child pecuniarily able to support said person, the board of supervisors shall request the district attorney or

other civil legal officer of the county granting such aid to proceed against such kindred in the order of their responsibility to support. Upon such demand the district attorney or other civil legal officer of the county granting aid shall, on behalf of said county, maintain an action, in the superior court of the county granting such aid, against said relative, in the order named, to recover for said county such portion of the aid granted as said relative is able to pay, and to secure an order requiring the payment of any sums which may become due in the future for which the relative may be liable. Any sum so recovered shall be credited by the county to the county, to the State and to the Federal Government in proportion to the contributions of each respectively, or in the manner prescribed by the State Department of Social Welfare.

The granting of or continued receipt of aid shall not be contingent upon such recovery.

SEC. 25. This act shall become operative on July 1, 1943. Operative date

SEC. 26. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows: Urgency

Increased cost of living has made the present maximum amount of aid allowable to the aged inadequate for the needs of the recipients, while unnecessarily strict requirements and procedures have made such aid unduly difficult to obtain. Many aged persons in the State are inadequately provided with the necessities of life, and their exigencies are urgent. Therefore, to provide for the immediate necessities of the aged of the State, and to prevent widespread misery and impairment of the public health and safety, it is necessary that this act take effect immediately.

CHAPTER 359

Stats 1921, p 1727

[Approved by Governor May 8, 1943. Filed with Secretary of State May 8, 1943.]

In effect August 4, 1943

The people of the State of California do enact as follows:

SECTION 1. Section 19c is added to the California Water Storage District Act, to read:

New section

Sec. 19c. If any original project adopted under Section 19 of this act remains uncompleted, whether in whole or in part, for more than 10 years after its adoption and any assessment levied under said Section 19 on the basis of said project remains uncalled, either in whole or in part, and if the board of directors of the district shall be of opinion, and shall so find by a two-thirds vote of the entire membership of the board, that said project should be materially modified or should be completely abandoned and another project be substituted in its place, then said board shall proceed under Section 17 of this act to prepare and file with the State Engineer a new report which shall be complete in itself and which shall set up such original project as materially modified or a new project to be substituted in its place. Such report shall specify what disposition or use shall be made in the new project or otherwise of such parts of the original project as have been completed and are in process of completion and of such property as the district shall have acquired. Thereafter all proceedings in respect of said new report shall be conducted as set forth in Sections 17, 18 and 19 of this act. If the vote at either of the elections prescribed in said Sections 18 and 19 is adverse to said report, the State Engineer shall make and enter in his records an order declaring that said proposed project is abandoned; and thereupon said district shall continue, and the original project shall be and remain in the same full force and effect, as though no proceedings had been taken under this section. If the vote at either of said elections is favorable to said report, then the State Engineer shall proceed as required by Sections 18 and 19 of this act and nothing further shall be done towards completion of the original project, and any uncalled portion, both principal and interest, of any outstanding assessment already levied and in effect under Section 19 of this act to carry out the original project shall be deemed canceled and no longer a lien upon the lands in the district and the State Engineer shall record a notice to that effect on the assessment rolls for said assessment in the county treasurer's office for each county wherein lands of the district are situated; provided, however, that to the extent that said district at that

time shall be indebted or shall have any outstanding liabilities, whether contingent or otherwise, the board of directors of the district shall levy, by order from time to time, special assessments upon the lands in the district, pro rata according to the rate of assessment per acre established in said original assessment, to raise funds to pay such debts and liabilities, and Sections 20 and 21 of this act shall be applicable to such assessments. If, after all said debts and liabilities have been paid, any funds remain on hand which have been collected under said original assessment or any funds are subsequently collected through redemptions from any sale for any delinquent call on said original assessment, such funds shall be credited pro rata to the respective tracts of land in the district on the assessment roll for said original asssessment according to the rate of assessment per acre established in said original assessment and thereafter shall be applied on account for the benefit of said tracts of land against any call on any assessment levied upon said tracts through proceedings authorized under this section. If for any reason funds are not available to the district to defray all expenses under this section, as estimated by the board of directors to be incurred for the general benefit of the district up to the time that a new assessment for said new project has been levied and become available under Section 19, the board of directors may levy assessments from time to time pursuant to Section 16 to raise the necessary funds to defray such expenses.

An act to add Chapter 3.3 to Part 6, Division 1 of the Revenue and Taxation Code, relating to real property taxes, and declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor May 8, 1943. Filed with Secretary of State May 8, 1943.]

The people of the State of California do enact as follows:

New chapter

SECTION 1. Chapter 3.3, consisting of Sections 3490 to 3495 inclusive is hereby added to Part 6, Division 1 of the Revenue and Taxation Code, to read:

CHAPTER 3.3 SALE OF TAX-SOLD AND TAX-DEEDED PROPERTY

No sale in 1943-1944

3490. Notwithstanding the provisions of Section 3476 of this code no sale at auction to the public shall be made of tax-sold property in the years of 1943 and 1944.

Deed to State

3491. At the day and hour fixed in Section 3476 of this code the property subject to sale to the public shall be deeded to the State as provided in Section 3511 of this code.

Notice

3492. The notice required by Section 3353 of this code in the years 1943 and 1944 shall read substantially as follows:

(a) "To be deeded to the State. See sale No._____ in addenda to this list."

Notices

3493. The notices required by Sections 3354 and 3359 in the years 1943 and 1944 shall show:

(a) A list of descriptions of the property. The assessments contained in this notice of sale shall be numbered in ascending numerical order.

(b) That five years will have elapsed on the date fixed for deeding the property to the State since the property was sold to the State.

(c) The year of sale to the State and the fiscal year for which the taxes were levied.

(d) That the property will be deeded to the State on the _____ day of _____, 19___ unless sooner redeemed.

the sale is made the county tax collector approves the sales agreement in writing.

Redemption

3495. The right of redemption of property deeded to the State on and after October 6, 1942, shall not be terminated after the effective date of this act and prior to June 1, 1945.

Urgency

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of Section 1 of Article IV of the Constitution and shall, therefore, go into immediate effect. The facts constituting the necessity are as follows: Due to the existing state of war many taxpayers are serving in the armed forces of the United States in various places all over the world who would be deprived of their property without the enactment of protective measures. The Congress of the United States recognized the inability of the members of the armed forces to protect themselves against the loss of their property in enacting the amendment to the Soldiers and Sailor's Relief Act of 1940, effective October 6, 1942, by providing in Section 500 thereof that no sale of property shall be made to enforce the collection of taxes on real property owned and occupied by a person in military service or his dependents at the commencement of his period of military service and still so occupied by his dependents or employees. Without the enactment of proper laws to postpone the sale of real property to enforce the collection of taxes a chaotic condition would immediately follow due to conflict between the laws of this State relating to real property taxation and the Soldiers and Sailors Relief Act of 1940 as amended.

An act to amend Sections 1859 and 1860 of the Civil Code, relating to the liability of innkeepers, to include voluntary hospitals, rest homes and sanitariums.

In effect immediately

[Approved by Governor May 12, 1943. Filed with Secretary of State May 12, 1943.]

The people of the State of California do enact as follows:

Shall have the power if a commissioned officer to administer and certify oaths or affirmations, attest documents, take acknowledgments, and perform all other notarial acts, for any person serving in or with the armed forces of the United States, wherever located within or without this State.

Any instrument acknowledged by any such officer or any oath or affirmation made before such officer shall not be rendered invalid by the failure to state therein the place of execution or acknowledgment. No authentication of the officer's certificate of acknowledgment or of any jurat signed by him shall be required but the officer taking the acknowledgment shall indorse thereon or attach thereto a certificate substantially in a form authorized by the laws of this State or in the following form:

Form of certificate

On this the _____day of _____, 19___, before me, _____, the undersigned officer, personally appeared_____ known to me (or satisfactorily proven) to be serving in or with the armed forces of the United States and to be the person whose name is subscribed to the within instrument and acknowledged that ____he____ executed the same. And the undersigned does further certify that he is at the date of this certificate a commissioned officer of the rank stated below and is in the active service of the armed forces of the United States.

Existing law

Urgency

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

The existing statutes covering the acknowledgment of documents are such that since the entrance of the United States into the war a large percentage of those serving in or with the armed forces are unable to have needed documents notarized. Essential transactions pertaining to the family affairs of members of the Army, Navy, Marine Corps and Coast Guard and others serving in or with such forces can not be consummated for this reason. To remedy this situation and to protect and aid the members of our armed forces in the conduct of their and their families' affairs it is urgently necessary that this act take effect immediately.

Joint utilization of water

1775. If at any time it appears to the department, after a hearing of the persons interested and an investigation, that the full capacity of the works built or constructed, or being built or constructed, under an appropriation of water made pursuant to the Water Commission Act or this code has not developed or can not develop the full capacity of the stream at the point where the works have been or are being built or constructed, and that the holder of the appropriation will not or can not, within a period deemed to be reasonable by the department, develop the stream at that point to such capacity as the department deems to be required by the public good, the department may permit the joint occupancy and use, with the holder of the appropriation, to the extent necessary to develop the stream to its full capacity or to such portion of its capacity as may appear to the department to be advisable, by any persons applying therefor, of any such works.

Factors to be considered

1776. The department shall take into consideration the reasonable cost of the original and new work, the good faith of the applicant, the market for water or power to be supplied by the original and the new work, and the income or use that may be required to provide fair and reasonable returns upon such cost.

Sharing of costs

1777. The applicant shall be required to pay to the person owning the works a pro rata portion of the total cost of the old and the new works.

Basis for sharing costs. Water for irrigation or domestic purposes

1778. If the water is used or to be used for irrigation or domestic purposes, the pro rata portion of the cost shall be based upon the proportion of the water used by the original and the subsequent users of the works.

Same Generation of power

1779. If the water is used or to be used for the generation of power, the pro rata portion of the cost shall be based upon the relative amount of power capable of being developed by the original and the new works.

Same Irrigation and generation of power

1780. If a portion of the water is used or to be used for irrigation and another portion is used or to be used for the generation of power, the applicant shall pay to the person owning the works a pro rata portion of the total cost of the old and new works based upon the proportion of the relative amount of water used by each joint occupant and the income derived by each from the joint occupancy.

Same Other purposes

1781. If any of the water is used or to be used for purposes other than those specified in this article, the applicant shall pay to the person owning the works such a pro rata portion of the total cost of the old and new works as appears to the department to be just and equitable.

Sharing of expense

1782. The applicant shall also pay a proper pro rata share, based as above provided in this article, of the cost of maintaining the works, on and after beginning the occupancy and use thereof.

Article 3. Enlargement of Existing Works of Another

Enlargement and joint use of existing works of another

1800. If it appears to the department that the full capacity of the works built or constructed, or being built or constructed, under an appropriation of water under the Water Commission Act or this code, will not develop the full capacity of the stream at that point, and that the public good requires it, and the department specifically so finds after investigation and hearing of the persons interested, the department may permit any person to repair, improve, add to, supplement, or enlarge, at his own expense, any works already so built or constructed or in process of being so built or constructed under the provisions of this division, and to use the works jointly with the owners thereof.

Material interference with owner's use prohibited

1801. The repairing, improving, adding to, supplementing, or enlarging of works under this article, shall not materially interfere with the proper use thereof by the owner of the works nor materially injure the works.

Refusal to proceed for lack of funds, etc

2864. If the funds available for use by the department are inadequate to enable it to undertake the expense of any proceeding under this chapter or if in its judgment reimbursement for the expense of any such proceeding is not reasonably certain, it may refuse to proceed with its investigation and to undertake the proceeding, unless and until such provision is made by persons interested as may be satisfactory to the department and deemed by it sufficient to secure reimbursement or payment to it for its expenses.

Report to Governor

2865. The department shall, within 30 days prior to the regular session of the Legislature, submit to the Governor a full and true report of transactions under this chapter during the preceding biennium, including a complete statement of receipts and expenditures during the period.

Duties of watermaster

4151. The watermaster shall divide the water of the streams or other sources of supply among the several conduits and reservoirs taking water therefrom and so adjust or close the headgates of conduits and regulate the controlling works of reservoirs as may be necessary to insure a distribution of the water among the water users entitled to its use, according to the rights of the users.

Written notice of watermaster's control

4152. Whenever in pursuance of his duties the watermaster regulates a headgate to a conduit or the controlling works of a reservoir, he may attach to the headgate or controlling works a written notice properly dated and signed setting forth the fact that the headgate or controlling works have been properly regulated and are wholly under his control.

Legal notice

4153. The notice is legal notice to all persons interested in the diversion and distribution of the water of the conduit or reservoir.

Article 2. Remedies for Improper Distribution

Injunctive relief

4160. Any person who is injured by the action of any watermaster may apply to the superior court of the county in which the injury takes place, for an injunction.

CHAPTER 6. OFFENSES

Unauthorized opening of headgates etc

4175. Every person who wilfully and without authority opens, closes, changes, or interferes with any headgate, waterbox, or measuring device while it is under the control of the watermaster, or who wilfully takes or uses water which has been denied him by the watermaster under the provisions of this part is guilty of a misdemeanor.

CHAPTER 7. EXPENSES OF DISTRIBUTION

Article 1. General Provisions

Expenses of administration and distribution

4200. The department may incur such expense and make such expenditures as may be necessary to provide for the administration of any service area and the distribution of water therein.

4225. The department shall, between the first day of January and the first day of March of each year, prepare a statement for each service area. The statement shall contain a budget showing the amount of money estimated to be necessary to pay the cost of administration of the service area and the distribution of water therein for the current calendar year.

Provisions in budget

4226. The budget shall include all of the following:

(a) Expenses theretofore incurred for the payment of which funds are not available.

(b) The cost of an annual watermaster report covering the current calendar year to be prepared at the end of said year.

Apportionment among joint owners

4228. In all cases where a water right is owned by two or more persons, they shall pay in proportion to their respective interests in the water right, and, when the extent of the several interests is known to the department, the statement prepared by the department shall contain an apportionment of the amount to be paid by the various owners of the water right.

Article 3. Apportionment of Expense

"Owners expense"

4250. As used in this article, "owners expense" means one-half of the total amount of the budget for the service area.

Basis of apportionment

4251. One-tenth of the owners expense shall be apportioned equally among the respective ownerships of all water rights involved, and except as otherwise provided in this article the remaining nine-tenths shall be apportioned among the ownerships of the respective water rights in accordance with the quantities of water which the owners of the respective water rights are entitled to store or divert within the service area.

Power development or other nonconsumptive use

4252. In all cases of rights to divert the direct flow of a stream, without storage, for power development or other nonconsumptive use, where the entire flow so diverted, with the exception of reasonable transportation losses, is returned to the same stream system above the next lower diversion, the owners of these rights shall share on account of these rights only in the equal apportionment of one-tenth of the owner's expense, and shall not share in so far as these rights are concerned in the apportionment of the remaining nine-tenths.

Use of water for more than one purpose

4253. In all cases where rights exist to store or divert water for use for more than one purpose, the amount to be paid by the owner of such rights shall be based upon the total amount of water he is entitled to store or divert, and he shall not be required to pay more than one amount on the same water so stored or diverted notwithstanding use for more than one purpose.

Measure of water

4254. In making an apportionment to any owner of the right to store water, 350 acre-feet of storage capacity which the owner is entitled to use shall be considered the equivalent of the right to divert one cubic foot per second of the direct flow of a stream.

Article 4. Filing and Service of Statement

Filing of original statement

4302. If the owner of the right is a county, municipality, district, political subdivision, public corporation, or State agency, the amount apportioned, together with the penalty in case of delinquency, is a legal charge against the general fund thereof or such fund as may be provided for the maintenance and operation of its public works.

Prosecution by district attorney

4307. The department may call upon the district attorney of the county in which any such action may properly be brought to commence and prosecute an action and enforce the sale of the property on which any lien exists, or so much thereof as may be necessary to pay the delinquent amount, penalty, and all costs incurred in the action. When called upon to do so the district attorney shall commence and prosecute such action.

Jurisdiction

4308. The action shall be instituted in the county in which the land or property affected is situated, in a court of competent jurisdiction, and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proofs, trials, and appeals are applicable.

Satisfaction of judgment

4309. Any judgment rendered in the action shall not be satisfied nor the lien removed until the charges are paid or the property sold for the payment thereof.

Article 6. Alternative Method of Payment by Owners

Alternative procedure for collection

4325. The procedure set forth in this article for collecting and making available money for watermaster distribution is in lieu of that set forth in the other provisions of this chapter.

Associations for financing distribution of water

4326. Whenever all the owners of rights to water within any service area, by agreement in writing, shall have organized themselves into an association for the purpose of financing the distribution of the water to which they are entitled and shall have agreed therein as to the apportionment of the expense and the payment thereof and shall have filed with the department a copy of the agreement duly certified and authenticated by the president and secretary of the association, the department shall thereafter submit the statement provided for in this chapter to the association.

DIVISION 3. DAMS

PART 1. SUPERVISION OF DAMS

6001. "Department" means the Department of Public Works acting through the agency of the State Engineer.

"Dam"

6002. "Dam" means any artificial barrier, together with appurtenant works, if any, across a stream channel, watercourse, or natural drainage area, which does or may impound or divert water, and which either (a) is or will be 25 feet or more in height from natural stream bed to crest of spillway, or (b) has or will have an impounding capacity of 50 acre-feet or more.

When barrier not a dam

6003. Any such barrier which is or will be not in excess of six feet in height, regardless of storage capacity, or which has or will have a storage capacity not in excess of 15 acre-feet, regardless of height, shall not be considered a dam.

When obstruction in canal, etc., not a dam

6004. No obstruction in a canal used to raise or lower water therein or divert water therefrom, no levee, no railroad fill or structure, and no road or highway fill or structure, shall be considered a dam.

(Amended by Stats. 1943, Ch. 698.)

[ORIGINAL SECTION]

6004. No obstruction in a canal used to raise or lower water therein or divert water therefrom shall be considered a dam.

"Owner"

6005. "Owner" includes any of the following who own, control, operate, maintain, manage, or propose to construct a dam:

(a) The State and its departments, institutions, agencies, and political subdivisions.

(b) Every municipal or quasi municipal corporation.

(c) Every public utility.

Water storage elevation

6008. Water storage elevation means that elevation of water surface which could be obtained by the existing dam, as previously operated, were there no outflow and were the reservoir full of water.

CHAPTER 2. GENERAL PROVISIONS

Exclusive regulation by State

6025. It is the intent of the Legislature by this part to provide for the regulation and supervision of dams and reservoirs exclusively by the State.

Prohibition on authority of cities and counties

6026. No city or county has authority, by ordinance enacted by the legislative body thereof or adopted by the people under the initiative power, or otherwise, to regulate, supervise, or provide for the regulation or supervision of any dams or reservoirs in this State, or the construction, maintenance, or operation thereof, nor to limit the size of any dam or reservoir or the amount of water which may be stored therein.

Conformity with Federal requirements

6027. Whenever supervision of safety of design or construction of a proposed or existing dam is exercised by the United States or any of its agencies pursuant to a jurisdiction superior to that of the State, and the requirements made under authority of such jurisdiction are so contradictory with requirements made by the department under this part that a compliance can not be made which will meet both Federal and State requirements, then the State requirements shall be modified by the department sufficiently to make possible compliance with both Federal and State requirements.

7051. Mitigation of damages

CHAPTER 6. USE OF STREAMS AS CONDUITS

7075. Water which has been appropriated may be turned into the channel of another stream, mingled with its water, and then reclaimed; but in reclaiming it the water already appropriated by another shall not be diminished. Water may be turned into natural channels

CHAPTER 5. ASSESSMENTS

Article 1. In General

Plans and estimates

8750. Whenever in the opinion of the board it is necessary to levy an assessment upon any lands within the drainage district for any of the purposes specified in this chapter, the board shall adopt plans and make careful estimates of the costs and expense.

Contents of estimate

8751. The estimate shall include the following:

(a) The expenses of bonding the assessment if authorized by law, other than an assessment to pay the costs and expenses necessary for the maintenance, repair, and operation of its existing works of reclamation and flood control.

(b) The costs and expenses necessary for the completion, maintenance, and operation of any project adopted by the board prior to April 1, 1923.

(c) The costs and expenses necessary for the adoption and carrying to completion of any project or work involved in or contained in the report of the California Debris Commission dated January 5, 1925.

Separate projects

8752. The plans to be carried out shall be divided by the board into separate projects or units in such manner as will in its judgment best facilitate the levying of assessments for each particular project or unit in a just and equitable manner, according to benefits upon the lands in the district affected by the project or unit.

Inclusions in separate project

8753. Each separate and particular project or unit shall include all by-passes, cuts, canals, sumps, levees, pumping plants and other works of flood control and drainage necessary to properly conduct the water of any stream, natural or otherwise, the outlet of which has been intercepted by the construction of any levee or embankment included in the project or unit into a by-pass.

Resolution

8754. The board shall enter in the minutes of the board a resolution to the effect that the execution of each separate project or unit which they determine upon is a public necessity.

Designation of project

8755. Each project or unit shall be designated by the board in the resolution by name and number.

Designation of assessments, etc

8756. All assessments, plans and funds intended for or connected with the execution of each project or unit shall be designated by name and number and kept separate and used only for the purpose of carrying out the particular project or unit.

Basis

8757. In determining the benefits that will or may accrue to each particular tract of land by the construction or maintenance of the works contemplated by any project or unit, the works of the project or unit shall be considered as a whole and land shall be assessed for the works embraced in the project or unit only in the proportion that it will or may be benefited by the construction of the entire works embraced in the project or unit.

Limitations

8758. No land shall be considered as benefited by the construction or maintenance of the works embraced in a project or unit, nor shall any land be assessed for the expense of the construction or maintenance of the project or unit, because the land has been or may be first endangered or flooded, or the natural drainage thereof obstructed by the construction or maintenance of any part or portion of the works embraced in the project or unit prior to the completion of the construction of the entire works embraced in the project or unit.

Contribution by subsequently included land

8759. Whenever an assessment has been levied by the board upon land in the district for general administrative expenses and other expenses not pertaining to any particular project, and the boundaries of the district have been or shall be extended so as to include land other than the land included within the district at the time the assessment was levied, the board shall make an estimate of the fair and equitable amount which should be contributed by the land included by the change of boundaries for the purposes of the assessment previously levied.

Same Levy and assessment

8760. The board shall levy and cause to be assessed, equalized and collected in the manner provided in this part, an assessment to the amount of the estimate upon land included in the district by the change of boundaries, according to benefits in the manner provided in this part.

Release of assessment liens

8761. Whenever in the opinion of the board it appears that the total amount of any assessment previously levied and assessed and which has become a lien upon land in the drainage district, including assessments which have been bonded pursuant to the provisions of Part 5 of this division, is greater than required to meet all obligations incurred or to be incurred for the purposes for which the assessment was levied, the board may by resolution entered in its minutes, order the release of the lien of and abandonment of any part of the charges against any tract so assessed not required to be collected.

Order of release

8762. The portions of the assessment to be first abandoned and released shall be such portions of the charges on each tract as are based upon flood control benefits or by-pass severance as those terms are defined in, and determined by the

assessors appointed by the reclamation board, pursuant to the provisions of this chapter.

Conditions of release

8763. No assessment upon any tract shall be released or abandoned in pursuance to Section 8761 until all delinquent installments which have accrued thereon, together with interest and penalties, have been paid in full and a copy of the resolution certified by the secretary of the board and attested with its seal has been deposited in the office of the county treasurer of each county wherein any land affected by the assessment is situated.

Annexation of resolution of release

8764. The resolution shall be annexed by the county treasurer to the assessment list of the assessment for his county.

Readjustment

8765. When any payment has been made upon an assessment so abandoned and released, in whole or in part, the board may issue such warrants in the manner provided in this part as are necessary to secure a just, fair and equitable readjustment of the assessment so paid, but the reclamation board shall not take any action after June 30, 1944, to cause warrants to be issued for such readjustment of Sutter-Butte By-pass Assessment No. 6 and any action or proceeding brought to secure such readjustment of said Sutter-Butte By-pass Assessment No. 6 or to require the issuance of any warrant or payment of any money in connection with such readjustment of Sutter-Butte By-pass Assessment No. 6 must be commenced before January 1, 1945.

Limitation

Extent of abandonment

8766. The board may in its discretion abandon any assessment in whole or in part at any time prior to the time when the lien of the assessment has accrued to the extent that the assessment is greater than required to meet the obligations incurred or to be incurred thereon.

Invalid assessments Reassessment

8767. In all cases in which an assessment is levied upon land within the drainage district, and the assessment upon any tract is thereafter adjudged invalid by any court of competent jurisdiction, or, for any reason, the tract is not legally charged with the assessment, the tract shall be charged in any subsequent assessment with such proportion of the former assessment as the benefits derived by the land from the purposes for which the former assessment was levied bears to the whole amount of the former assessment.

Alternative method of reassessment

8768. Instead of proceeding under the next preceding section a subsequent reassessment of the tract may be made separately for the purpose of charging the land with its proper proportion of the assessment.

Change of boundary lines, etc

8769. In case of any change of county boundary lines or creation of any new county, all acts and proceedings provided for in this chapter relating to any assessment upon land affected by the change of county boundary lines, or creation of the new county, shall be done as if the land was situated in the same county as at the time of appointment of the assessors to make the assessment.

8770. The board has no power or authority to levy any assessment for any purpose upon property outside of the boundaries of the drainage district. Restriction on board's power

8771. Assessments shall be numbered consecutively. Consecutive numbering

Article 2. Assessors and Assessment

8775. When an assessment is to be levied, the board shall appoint three assessors. Three assessors

8776. The assessors shall be disinterested persons, and shall have no interest in any real estate within the drainage district. Disinterested persons

8777. Each assessor before entering upon his duties, shall make and subscribe an oath that he is not in any manner interested in any real estate within the drainage district, and that he will perform the duties of an assessor to the best of his ability. Oath

8778. The compensation of assessors shall be fixed and allowed by the board. Compensation

8779. After the assessors have examined the plan or plans of the works contemplated and the estimates of the cost, they shall make a preliminary report to the board indicating the exterior boundaries of the land that in their opinion will be benefited by the expenditures. Preliminary report

8780. The assessors, after performing their duties pursuant to Section 8779, shall appoint a time and place in each county in which any of the land proposed to be assessed is situated, when and where they will hear objections to the report and evidence concerning the manner in which the assessment shall be apportioned. Hearing of objections

8781. The assessors shall give notice of the hearing in each of the counties by publication in a newspaper published in the county once a week for three weeks, the first publication to be not later than the twenty-first day before the day of hearing. Notice by publication

8782. The notice shall contain a general designation of the land which will in the assessors' opinion be benefited, and shall refer to the preliminary report on file in the office of the board for the exterior boundaries. Contents of notice

8783 The assessors, may amend, modify or change the exterior boundaries of the land that, in their opinion, will be benefited by such expenditures. Change of exterior boundaries

8784. The board shall levy an assessment pursuant to this chapter if, within six months after the completion of the hearings there is filed with the board, written consent to the contemplated project, signed and acknowledged by the following: Consent prior to levy

(a) Owners of land representing 66 per cent or more of the value of the land excluding improvements within the district, as described in the preliminary report of the appraisers, or as modified thereafter, as such value is shown by the last preceding county tax assessment roll of the county in which the land is situated.

(b) Sixty-six per cent or more of the owners of land within the district as described in the preliminary report, or as modified thereafter.

Consent not filed

8785. If consent in writing is not filed in the manner and at the time provided, no further expenditures for the project shall be made, nor shall any obligations be incurred therefor.

Levy of assessments for expenses

8786. If consent is not filed the board may cause an assessment to be levied in the manner provided in this chapter for the purpose of paying the necessary engineering and other expenses in preparing the plans for the project, in making the preliminary report of the assessors and in holding the hearings thereon.

Basis of apportionment

8787. The assessors shall assess upon the lands within the drainage district proposed to be assessed for the plans adopted by the board the sums included in the estimates of the board, and shall apportion the sums according to the benefits that will accrue to each tract of land in the drainage district affected by any particular project or unit by reason of the expenditure.

Flood control benefit

8788. The assessors in apportioning the assessment on each tract of land shall, as information for the board set out, opposite each sum assessed for each particular tract of land, in separate columns respectively, the amount that they determine that each tract is so assessed by reason of benefit from the flood control features of the works involved in the plans, and also the amount that they deem each tract of land is so assessed by reason of all other benefit from the works.

Other benefits

Additional information

8789. The assessors shall, in the case of all assessments of the drainage district which may hereafter be levied by the board and all assessments which have heretofore been commenced but on which the assessment lists have not been made to conform with the decision of the board after equalization hearings held pursuant to the provisions of this part, state, as information for the board, in addition to the amount assessed by reason of the flood control features, opposite each sum assessed for each particular tract of land, in a separate column, the amount that they determine each tract is so assessed by reason of the severance of any lands not included in the assessed area which would have been included but for the location of a by-pass channel or channels provided for by another separate portion or project of the drainage district, adopted by the board.

Effect of apportionment

8790. The amounts stated and placed opposite each assessment shall be no part of the assessment and shall in no way affect the assessment charged against each tract of land as the same may be fixed, but shall be subject to review and readjustment in the same manner as the assessment itself.

Article 3. Reapportionment of Assessments

Subdivision into smaller parcels

8795. Whenever any tract of land upon which an assessment has been made, including assessments which have been bonded under and pursuant to the provisions of Part 5 of this

division, is subdivided into smaller parcels, the board shall at any time, after the list has been certified by the secretary of the board to be correct and deposited as provided in this chapter, reapportion the assessment or assessments upon the tract, including assessments or portions thereof which have become delinquent together with the delinquencies thereon including penalties and interest.

Subdivision after sale for delinquency

8796. Assessments and delinquencies on tracts of land which have become delinquent and which have been sold for delinquency pursuant to the provisions of this part and of Part 5 of this division, or either, and which have been subdivided, shall be reapportioned in the same manner and with the same effect as if the tract had not been so sold.

Basis

8797. Whenever application is made to the board for reapportionment, the board shall reapportion the assessment upon the tract or tracts in such manner as in their judgment will charge each of the smaller tracts with a just proportion of the assessment made upon the tract so subdivided, and with a just proportion of the delinquencies.

Hearing objections

8798. Before the reapportionment becomes final, the board shall appoint a time when it will meet for the purpose of hearing objections to the reapportionment.

Notice of hearing

8799. Notice of the hearing shall be given by publication for two weeks in some newspaper of general circulation published in the county in which the land or some portion thereof is situated.

Description of land

8800. The notice need not describe the land with particularity, but it is sufficient to describe the tract or tracts of land subdivided as a tract or tracts assessed to the owner or owners giving his name or other names upon the assessment list.

Tracts in one application

8801. As many tracts may be embraced in one application as applicant is the owner of, or interested in.

Hearing and order

8802. At the time appointed, or such other time to which the hearing may be postponed, or which may be appointed by the board, the board shall hear any objections to the reapportionment and shall approve, modify, or alter the reapportionment in such manner as in their judgment will charge each of the smaller parcels with a just proportion of the assessment made upon the tract subdivided and shall enter an order on its minutes accordingly.

Filing list of assessments

8803. When the reapportionment has been made by the board, it shall deposit, in the office of the county treasurer of the county in which the land is situated, a list or lists of the charges assessed against each of the parcels, and the lists, after filing, shall have the same effect as an original assessment.

Effect of filing lists

8804. The filing of the lists shall be conclusive evidence that the requisite notice has been given, and that all acts required to be done before the filing of the lists have been duly done and performed, and the decision of the board is final and conclusive.

Expenses

8805. The expenses of publication and such other expenses as the board may order shall be borne and paid by the applicant.

8810. The assessors shall make a separate list of the lands assessed in each county pursuant to the provisions of this chapter.

Mistake in ownership

8815 No mistake in the name of the owner, or supposed owner, of any real estate invalidates the assessment.

Abbreviations

8816. In the assessment list for any county the assessors may use any abbreviation in common use in that county, without explanation thereof.

Same Explanation thereof

8817. The assessors may also in the assessment list for any county make use of other abbreviations, if a schedule and explanation thereof with reasonable certainty is, unless printed on each page of the assessment list, prefixed to the assessment list and a reference thereto written, printed or stamped on each page of the assessment list whereon any such abbreviation is used.

Designation of recorded map, etc.

8818. In case any land in the assessment list for any county is described in whole or in part by reference to a map, plat or survey, which is on file or of record in any public office, it is sufficient in the description to designate the map, plat or survey by name, number or other designation sufficient to identify it in a schedule of such maps, plats and surveys.

Schedule of maps, etc

8819 The schedule shall be prefixed to the assessment list and shall set forth with reasonable certainty where each such map, plat or survey may be found, and shall be referred to by a reference written, printed or stamped on each page of the assessment list whereon such method of description is relied upon.

Board action

8827. The board may modify or amend the assessment, and may reapportion all or any part of the entire assessment.

Condition for reapportionment

8828. Unless the aggregate amount of the whole of the assessment is modified or amended by the board so as to cause a difference of more than 2½ per cent greater or less than the original total amount of the assessment, it is deemed that the assessment has not been substantially modified and no necessity shall exist for a reapportionment thereof.

Notice of reapportionment

Hearing objections

Order of approval

8829. If the assessment is reapportioned the board shall give two weeks notice as provided in this article and proceed to hear objections in each county affected and shall then reconsider the assessment and make an order approving the assessment as finally fixed.

Effect of decision

8830. The decision of the board shall be final, and thereafter the assessment list shall be conclusive evidence, except in the suit provided in this article, that the assessment has been levied and apportioned according to law.

Action in superior court

Limitation

8832. The action shall be commenced within 60 days after the board has approved the assessment and the assessment list for the county has been deposited in the office of the county treasurer.

When lien attaches

8851. The county treasurer shall indorse upon the assessment list the date and time to the hour and minute when it was filed in his office; and thereafter the assessment constitutes a lien upon the land so assessed in the county, and imparts

Article 4. Assessments

Facts to be determined

9035. In any new, additional, or supplemental assessment of any reclamation district, the following shall be determined:

(a) The amount that should be assessed upon each tract of land according to the benefits that accrued to each tract of land from the expenditures represented by the warrants of the reclamation district that have been exchanged or surrendered for or paid by warrants of the drainage district or of Sutter-Butte By-Pass Project No. 6 or any other unit or project.

(b) The amount which should have been apportioned to each tract of land if the warrants of the drainage district or of Sutter-Butte By-Pass Project No. 6 or any other unit or project had been distributed to the tract of land or owner thereof proportionately to the percentage which the tract of land was assessed on the last assessment made by the reclamation district for the construction or acquisition of the levees, easements and property sold or transferred to the drainage district or any project thereof.

Assessment of excess

9036. If it appears that the amount that would have been assessed against any tract of land is greater than the amount to which the tract or owner thereof would have been entitled if the distribution had been made, the excess shall be assessed to the tract.

Lesser amount

9037. If the amount is less than the amount to which the tract or owner would have been entitled, the difference shall be paid to the owner of such tract by the reclamation district.

Article 5. Land Subject to Lien of Assessment No. 6

Drainage district warrants to pay assessments

9040. Any reclamation district, levee district or drainage district in which there are lands within the boundaries of the drainage district, which lands are subject to the lien of assessment number 6, or supplemental assessment number 6, levied in connection with project number 6, may present to any officer authorized by law to collect such assessments, warrants of the drainage district owned by it, and issued in connection with project number 6, in payment of the assessment on the lands.

9044. If any such warrants are delivered by the board of trustees to the county treasurer having the custody of the funds of any district, under the provisions of Article 2 of this chapter or otherwise, the county treasurer, shall upon the

request of the board of trustees return the warrants to the reclamation district, levee district or drainage district to the end that the board of trustees thereof may apply the same pursuant to the provisions of this article.

Payment by funds other than those of district

9045. If the assessment, or any part of it has been paid in warrants by the district on any lands in the district by funds other than the funds of the district, the district shall deliver to the owner of such lands a warrant of the drainage district, levied in connection with project number 6, which in amount shall be equivalent to the same pro rata of the assessment on the lands as the district paid on other lands in the district.

Cancellation of warrants

9046. If it appears to the trustees of any such district that any such warrants owned by it will be paid from any assessment thereafter to be levied, and in their opinion 85 per cent, or more, of the moneys necessary to pay the warrants will be raised by an assessment on the lands within the district, the trustees may return the warrants to the board for cancellation and the warrants shall be canceled by the board and thereafter are inoperative and of no effect.

Same When assessment being levied

Assessment lists as conclusive evidence

9294. The assessment lists, unless annulled by the judgment in the judicial proceeding, embracing any modifications made by the judgment are conclusive evidence that the assessment has been apportioned according to the benefits that will accrue to each tract of land in the drainage district by reason of the expenditure of the sums of money to be raised thereby.

Article 1. Regular Rate

Where entered

25800. The secretary annually prior to delivering the assessment book to the collector shall compute and enter in a separate column of the assessment book the respective sums in dollars and cents to be paid as an annual district assessment on the land listed.

How computed

25801. The annual rate of assessments shall be equal to the sum to be raised for district purposes divided by 85 per cent of the aggregate equalized assessed value of the land as it appears on the assessment book for the assessment year, the 15 per cent being deducted for anticipated delinquencies.

Special rate adjustment

25802. If any land is subject to a special rate of assessment for district purposes, the rates of assessment shall be adjusted to produce the sum to be raised computed upon the 85 per cent of the aggregate equalized assessed value.

Limited assessments

25804. Annual installments of an improvement district assessment shall be entered in the assessment book by the secretary.

Unpaid charges for water, etc

25806. In case any charges for water and other services or either remain unpaid at the time specified for the delivery of the assessment book to the collector, the amount of the unpaid charges may be added to and become a part of the annual assessment levied upon the land upon which the water for which the charges are unpaid was used and upon the land subject to the charges for any other district services and shall constitute a lien on that land.

Lien

Same: Addition to first installment

25807. If the annual district assessment is payable in two installments the unpaid charges may be added to and become a part of the first installment.

Date of delivery of assessment book

25808. On or before the first day of November the secretary shall deliver the assessment book to the collector.

Article 2. Special Rate

Petition Allegations

(b) It has continued ever since to be exclusively so irrigated.

(c) It is entitled to a special rate of assessment.

Same. Request

25826. The petition shall request that the board determine what proportion of the regular rates of assessment in the district should be used in levying assessments on the land described in the petition.

Same Fee and its disposition

25827. A fee of ten dollars ($10) shall be paid to the secretary before the filing of each petition for a special rate of assessment. The money shall be applied to the cost of the publication of the notice and other expenses of the hearing. Findings

25831. After the conclusion of the hearing, if the board finds that any of the land described in any petition has been irrigated as alleged and is not and will not be benefited by the operations of the district in a manner that would justify its assessment at the regular rate of assessment, the board shall reduce the rate of assessment on the land in an order entered in full upon its minutes.

Action of board

Contents of order

25832. The order shall:

(a) Describe the land entitled to a special rate of assessment or the respective parcels of it if separate parcels are to be assessed.

(b) Fix the proportion of the regular rate of assessment which shall be applied in levying assessments on the land described or on each parcel of it if various parcels are found to be entitled to different special rates in order that the assessments to be levied on this land will be proportionate with the benefits which it receives or will receive from the operations of the district.

Duties of assessor

in the determination, he shall enter the land described in the order separately in the assessment book and designate it so that it may readily be distinguished from other land not entitled to a special rate.

When land can not be separately described

25834. If a determination that any land is entitled to a special rate of assessment is made in any year too late for the land to be separately described in the assessment book but before the annual assessment has been levied, the board shall direct the secretary to make entries in the assessment book that will enable him to compute the assessments at the special rates determined by the board.

Changes in determination of board

25835. The determination of the board granting or denying a special rate of assessment shall not be changed unless the board on petition of a party affected consents to another hearing or on its own motion causes notice to be served on the owner of the land to show cause why the determination should not be changed, in either of which cases another hearing shall be advertised and held as provided in this article.

[Approved by Governor May 13, 1943. Filed with Secretary of State May 13, 1943.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 736.14 of the Agricultural Code is amended to read: Stats 1941, p 3008 See also Stats 1943, Ch 615

736.14. Distributors who are subject to the provisions of this article shall pay to the director on all milk fat contained in fluid milk and fluid cream purchased from producers, including their own production, if any, a fee in mills per pound of milk fat equal to that required to be deducted from the payments due producers of fluid milk under Section 737.6 of this code. Such assessed fees received by the director shall be used in the administration and enforcement of this chapter or any stabilization or marketing plan established by this chapter. Fee

At the close of each fiscal year any amounts which have been collected and which the director finds are in excess of those which may reasonably be required for the administration and enforcement of this chapter shall be refunded pro rata to all distributors from whom such sums were due and collected pursuant to the provisions of this section. Refund

Any assessments which may have been collected for a period when a stabilization and marketing plan was not actually in full operation for a period in excess of one year for any particular marketing area shall be refunded by the director and any assessments which were not collected for such period and area shall be deemed waived.

SEC. 2. Section 737.6 of the Agricultural Code is hereby amended to read as follows: Stats 1943, Ch 274 See also Stats 1943, Ch 615

737.6. The fees for all licenses shall be as follows, based on the volume of fluid milk and fluid cream handled for the previous year, provided that any distributor who has not previously engaged in such business during such prior year shall pay such minimum license fee as provided by this chapter. Distributor's license fee

(a) Distributors purchasing or handling an average daily quantity of fluid milk of less than 50 gallons shall pay a license fee of three dollars ($3); distributors purchasing or

handling an average daily quantity of 50 gallons and less than 100 gallons shall pay a license fee of five dollars ($5); distributors purchasing or handling an average daily quantity of 100 gallons, and less than 200 gallons, shall pay a license fee of ten dollars ($10); distributors purchasing or handling an average daily quantity of 200 gallons, and less than 300 gallons, shall pay a license fee of fifteen dollars ($15); distributors purchasing or handling an average daily quantity of 300 gallons, and less than 500 gallons, shall pay a license fee of twenty-five dollars ($25); distributors handling an average daily quantity of 500 gallons or more shall pay a license fee of fifty dollars ($50).

The amount of the assessment so deducted shall be paid to the director on or before the fifteenth of the month following the month during which such fluid milk or fluid cream was received. The amounts of all such assessments so received by the director shall be used in the administration and enforcement of this chapter, or any stabilization and marketing plan established by this chapter.

Producer assessments

Refunds

At the close of each fiscal year any amounts which have been collected and which the director finds are in excess of those which may reasonably be required for the administration and enforcement of this chapter shall be refunded pro rata to all producers and/or distributors from whom such sums were due and collected pursuant to the provisions of this section.

Any assessments which may have been collected for a period when a stabilization and marketing plan was not actually in full operation for a period in excess of one year for any particular marketing area shall be refunded by the director and any assessments which were not collected for such period and area shall be deemed waived.

Urgency

SEC. 3. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution of the State of California and therefore shall take effect immediately.

The following is a statement of facts constituting such necessity:

Immediate action is necessary relative to refunds now being attempted with reference to accumulations of receipts from the beginning of the operation of the law and the difficulties of computing these refunds over this period of time indicates the necessity for such action each fiscal year.

Return of assessments paid in during the period that a stabilization and marketing program was inoperative pending dissolution of a restraining order through court procedure is necessary as soon as possible in order that persons entitled to same may be paid before further complications arise, e.g., transfers, consolidations, and discontinuances of businesses.

CHAPTER 388

An act to amend Section 86 of the Agricultural Code, relating to the powers of district agricultural associations, declaring the urgency of this act, to take effect immediately.

Stats 1933, p. 60, amended

[Approved by Governor May 13, 1943 Filed with Secretary of State May 13, 1943.]

In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 86 of the Agricultural Code is amended to read:

Stats 1941, p. 2610

86. Each district agricultural association is a State institution. Each association by its name has perpetual succession, may have a seal, be sued and, with the approval of the Department of Finance, may:

Powers of association

(a) Contract, and sue.

(b) Purchase, acquire, hold, sell, exchange or convey any interest in real or personal property and beautify or improve such property.

(c) Lease, let or grant licenses for the use of its real estate or personal property or any portion thereof for any agricultural, horticultural, viticultural or live stock fairs or expositions, floral displays, exhibitions of industries and industrial products, or Federal or State armories; to school organizations or associations thereof for the purpose of conducting athletic events participated in by such schools or associations; or to civic, patriotic, benevolent, or fraternal corporations or associations, for the purpose of holding conventions, assemblies, or public meetings on subjects of public or community interest; or for the sale of tangible personal property, or for concessions and services incidental to any of such purposes; or to nonprofit athletic organizations for athletic activities or to municipal corporations for use or reletting for any or all of the foregoing purposes.

(d) Rent or permit the use of its premises for the holding of sales or auctions of cattle or other live stock, or for other purposes beneficial to the agricultural industry.

(e) Contract with any county or county fair association for holding a fair jointly with the same. Such joint fair shall constitute a district fair of the association.

(f) Do any and all things necessary to carry out the above powers and the objects and purposes for which the association is formed.

Urgency

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health, and safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

Many district agricultural associations throughout the State own property conveniently located for the establishment of agricultural labor camps and susceptible to other uses beneficial to the agricultural industry of the State. In the interest of aiding agriculture in the production of essential products for civilian and military purposes all of the resources of the State must be made available for the maximum possible use. This act removes certain restrictions on the use of publicly owned property and the removal of such restrictions will tend to promote the war effort and the production of essential farm products for the benefit of the people of the State.

CHAPTER 389

Stats 1933, p 60, amended

An act to amend Section 787.5 of the Agricultural Code, relating to markings on containers of fruits, nuts and vegetables, declaring the urgency hereof and that this act take effect immediately.

In effect immediately

[Approved by Governor May 13, 1943. Filed with Secretary of State May 13, 1943.]

The people of the State of California do enact as follows:

Stats 1941, p 1774

SECTION 1. Section 787.5 of the Agricultural Code is amended to read:

Markings on containers of nuts, fruits and vegetables

787.5. Unless otherwise required in the standards established in this chapter, all containers of fruits, nuts and vegetables specifically mentioned in Section 790 and offered for sale and distribution in California shall bear upon them in plain sight and in plain letters on one outside end of each box, lug or carton and either on one side or the top cover of each basket, barrel, sack or other similar containers, the name of the buyer, packer, or other person who authorized the packing of the fruits, nuts or vegetables, together with a sufficiently explicit address to permit ready location of such packer. Such marking requirements shall not apply to any subcontainers of fruits, nuts and vegetables.

When the name and address of any person is required by any of the specific commodity standards of this chapter to be placed on any container, the address shall be a California address, unless the section of this code establishing the standard specifies otherwise.

Suspension of provisions

The provisions of this section shall not apply to containers of fruits, nuts, or vegetables packed or offered for sale or dis-

tribution, or sold between the effective date of this amendatory act and September 30, 1945, both dates inclusive.

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of Section 1, Article IV of the Constitution of the State of California and as such shall take effect immediately. The following is a statement of the facts constituting such necessity: Urgency

Containers used for the transportation and sale of fruits and vegetables, primarily wooden boxes and sacks, are made from materials vital to the war effort, and there has developed a critical shortage of such containers, which will become more critical as the war continues. Consequently, it is necessary that such containers be returned and reused for additional shipments, and the presence of name and address markings on the containers applicable to the previous transaction makes such containers of no value or of much less value for the next transaction. The shortage of containers threatens to cause serious and unnecessary losses to the producers of fruits and vegetables in California, and the temporary suspension of the marking requirements as provided in this act will aid this situation materially. The shortage of containers is now affecting California producers and therefore in order to prevent great loss, distress and hardship to a large number of people, it is necessary that this act take immediate effect.

CHAPTER 390

An act to add to Chapter 2 of Division 5 of the Agricultural Code a new section to be numbered 790.5, relating to emergency standards, and declaring the urgency thereof to take effect immediately. Stats. 1933, p. 60, amended

[Approved by Governor May 13, 1943. Filed with Secretary of State May 13, 1943.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 790.5 is hereby added to Chapter 2 of Division 5 of the Agricultural Code, to read: New section

790.5. Whenever the director finds that any provision of this chapter relating to standards for any commodity or type of container, or relating to any markings required on any container, or any arrangement of the produce within a container, is difficult or impossible of performance by reason of laws or orders promulgated under the war power of the Government of the United States, or because of scarcity of materials or equipment used in the production or marketing of any commodity regulated by this chapter, or that any such provision of this chapter results in serious waste of useful produce otherwise available for human consumption, he may Emergency standards

establish emergency standards for any such commodity or container, or for the marking of containers, or for the arrangement of produce within the container; and until the date of expiration of this section, unless sooner rescinded by the director, such emergency standards shall be in full force and effect, notwithstanding any other provision of this chapter, and all provisions of this chapter applying to standards shall apply to such emergency standards in lieu of the standards set forth in this chapter.

Limitations

All emergency standards established under the provisions of this section shall be reasonably calculated to effectuate the purposes of the standards which they supersede. No emergency standards shall be established which tend to lower any standards relating to carrying or keeping quality of any commodity, and no emergency standards shall be construed to modify in any respect any provision of this chapter designed to prevent deception or mislabeling, or designed to prevent the marketing of produce which is unwholesome or which would fail to give consumer satisfaction.

Notice and hearing

All emergency standards issued under the provisions of this section shall be published in a bulletin of the Department of Agriculture not less than 30 days before the date on which they are to become effective together with a notice of the time and place for hearing objections. Such hearing shall be not less than 10 nor more than 20 days from the date of publication. Notice of hearing shall be mailed not less than 10 days prior to the date of the hearing to all persons who theretofore have filed with the director a request for notice of such hearings. If at the hearing it shall be developed by competent testimony that additional time will be required to produce further essential evidence, the director shall continue the hearing to a date which will allow sufficient time for the production of such evidence. At the hearing, interested parties shall be heard and a record kept of the proceedings for determination by the director of the facts shown at the hearing. The director, upon his findings on the facts shown at the hearing, shall rescind, modify or affirm the emergency standards as published; and such emergency standards, unless rescinded or postponed by the director, shall take effect on the date appointed therefor.

Duration

This section shall remain in effect until the ninety-first day after final adjournment of the Fifty-sixth Regular Session of the Legislature or until the cessation of hostilities in all wars in which the United States is now engaged, whichever first occurs. While this section is in effect it shall supersede any existing provisions of law which are in conflict with this section; but such provisions are not repealed by this section and after this section is no longer effective shall have the same force as though this section had not been enacted.

Urgency

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of public peace, health and safety, within the meaning of Section 1 of Article IV of the Constitution of the State of California, and

as such shall take effect immediately. The following is a statement of the facts constituting such necessity:

Emergency wartime conditions have brought about regulations promulgated under the war power of the Federal Government affecting many of the commodities regulated by this chapter, and in many instances conflicting with the standards prescribed herein, and have created serious shortages of both materials and labor, thereby making it impossible in many instances to comply fully with such standards; furthermore, the temporary modification of certain provisions of these standards would result in fuller utilization of the food resources of this State, and directly aid the war effort by preventing serious waste of useful produce otherwise available for human consumption. It is therefore necessary that provisions be made at once for the adoption of emergency standards in the place of many of the standards now in force, and that this act take immediate effect.

CHAPTER 391

Urgency

The facts constituting such necessity are as follows:

In order that the moneys in the Department of Agriculture Fund available for expenditure for the enforcement and administration of the provisions of the Milk and Milk Products

Act of 1941 may be utilized interchangeably between the several functions of the department thereunder, and in order to make fully effective the purposes of this measure, namely, to permit staff members engaged in dairy and dairy products inspection to be of service in more than one specific function in the interest of conserving manpower, automotive equipment, and traveling expense, it is necessary that this act become operative at a time when the provisions of a new biennial budget become operative.

In effect immediately

[Approved by Governor May 13, 1943. Filed with Secretary of State May 13, 1943.]

The people of the State of California do enact as follows:

New section

SECTION 1. Section 96.6 is hereby added to the State Civil Service Act, to read as follows:

Certification of employees in armed forces

Sec. 96.6. Any person away from State service under the provisions of Section 152.5, whose name appears on a promotional list and which name is retained on such list subject to the provisions of Section 96.5, shall have his name certified to fill any vacancy which may occur during the period his name

SEC. 4. This act is hereby declared to be an urgency measure within the meaning of Section 1 of Article IV of the State Constitution, necessary for the immediate preservation of the public peace, health and safety. The statement of facts constituting such necessity is as follows: It is important particularly during the present war emergency with increasing manpower shortage that working conditions for State employees be made as uniform and equitable throughout the service as possible, which is not true in so far as computing sick leave and vacation time is concerned, and which would be made so as provided in this act by computing such time in all cases on a five and one-half day week. Similarly, conditions should be maintained as uniformly as possible for those who leave the State service and enter the military forces which is not true in the case of the possibilities of promotion and can only be made so by permitting as provided in this act the "token" certification of persons on promotional lists who have entered the armed forces. This uniformity should be established as soon as possible and therefore this act should go into effect immediately. Urgency

CHAPTER 396

An act to amend Sections 3043 and 3045 of the Penal Code, relating to paroles, and to add Article 4 to Chapter 8 of Title 1 of Part 3 of the Penal Code, to permit paroles of men from State prisons, county jails and city jails into the armed forces of the United States during the war emergency and to create a new form of parole for such persons to be known as special service parole, declaring the urgency of this measure and providing that it should take effect immediately.

In effect immediately

[Approved by Governor May 13, 1943. Filed with Secretary of State May 13, 1943.]

The people of the State of California do enact as follows:

New article

SECTION 1. Article 4 is hereby added to Chapter 8 of Title 1 of Part 3 of the Penal Code, to read:

Article 4. Special Service Paroles

Purpose and creation

3100. In order to assist in meeting the growing crisis in manpower in the present war emergency and also to further the rehabilitation of men in the several prisons and jails in this State, there is hereby created for the duration of said war emergency a system or form of parole to be known as special service parole for release of such men into the armed forces of the United States through the facilities of National Selective Service.

3103. The Division of Prison Terms and Paroles is hereby charged with the administration of the provisions of this article with respect to selective service paroles of prisoners in State prisons. The board of parole commissioners of each county is hereby charged with similar duties with respect to prisoners under their control. Said county boards, however, shall in the exercise of said duties cooperate with and conform to the pattern or system of selective service parole prescribed by the rules and regulations of the Division of Prison Terms and Paroles to the end that the functions of all said agencies shall be coordinated into a uniform system that will best meet the needs of National Selective Service.

Definition

3104. Special service paroles are paroles granted by the Board of Prison Terms and Paroles or by a county board of

parole commissioners, as the case may be, to men in State prisons and county or city jails, who are qualified for service in the armed forces according to the National Selective Service Act and rules and regulations made pursuant thereto. Persons given this parole shall go directly from custody into the hands of military authorities and shall in no case be paroled to civilian life.

Should no pardon or discharge be granted then the parole shall continue according to law.

Confidential information

3107. The names and records of all men granted special service paroles shall be kept in the confidential files of the administrative agency, but shall be available to the Governor, the Attorney General, the Advisory Pardon Board, National Selective Service and the military authorities, including the commanding officer of any such parolee.

Eligibility Cumulative or consecutive sentences

3108. With respect to State prisoners, no prisoner who has had imposed upon him two or more cumulative or consecutive sentences shall be eligible for special service parole, until he has served, at least one calendar year, of the aggregate of such cumulative or consecutive sentences

Escape

3109. No prisoner confined in the State prison, and no prisoner under sentence to the State prison, who is convicted of an escape or an attempt to escape from the prison or the guards shall be eligible for special service parole, until he has served at least one calendar year from and after the date of his return to the prison after such conviction.

Other cases

3112. In all other cases not specially provided for in the sections immediately preceding, no prisoner shall be eligible for special service parole until he has served in a State prison either the minimum term of imprisonment provided by law for the crime of which he was convicted, or one year, whichever may be deemed best within the discretion of the paroling

Special merit authorities In special meritorious cases special service parole may be granted a prisoner who has served six months with benefit of credits.

Revocation 3113. The Board of Prison Terms and Paroles and the Governor shall have, over persons granted special service paroles, the same rights and powers of revocation as are now possessed in all other paroles as provided under this title.

Dishonorable discharge 3114. The dishonorable discharge of a special service parolee from the armed forces shall be sufficient cause for revocation of parole, whether such dishonorable discharge occurs either during or after the present war.

Reports 3115. All persons granted special service paroles shall report in writing by mail directly to the agency which paroled him at such intervals as that agency may prescribe. Such report shall consist of a statement that said parolee is still serving in the armed forces, and, so far as military regulations will permit, shall designate the particular military organization with which he is serving together with such other matters as the paroling agency shall prescribe. Such report shall be approved by the unit commander of the parolee.

Now on parole 3116. It shall be permissible for any and all men who, at the time this article becomes law, are on parole from any State prison or county jail in California, to apply to the authority which placed them on parole for permission to be placed on the special service parole for the purpose of entering the armed forces. Urgency SEC. 4. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health, and safety within the meaning of Section 1 of Article IV of the State Constitution and shall therefore go into immediate effect. The facts constituting urgency are as follows:

There are now many able bodied men serving time in State prisons, county jails and city jails who, if given an opportunity to serve in the armed forces could materially assist the

military manpower needs of this Nation. This legislation would not only provide men for armed service but would also provide a method of rehabilitation. Time is of the essence in providing manpower for the armed forces and this act should therefore go into effect immediately.

[Approved by Governor May 13, 1943 Filed with Secretary of State May 13, 1943.]

The people of the State of California do enact as follows:

New chapter

SECTION 1. Chapter 3.5, comprising Sections 4852.01 to 4852.2, inclusive, is added to Title 6 of Part 3 of the Penal Code, to read:

CHAPTER 3.5. PROCEDURE FOR RESTORATION OF RIGHTS AND APPLICATION FOR PARDON

Notice of intention to apply

4852.01. Any person convicted of a felony who has been released from the State prison or other State institution or agency to which he was committed, whether discharged upon the completion of the term for which he was sentenced or released upon parole, may, as provided in Section 4852.18, file with the county clerk of the county in which he resides a notice of intention to apply for a certificate of rehabilitation and to apply for a pardon in accordance with the provisions of this chapter. No fee shall be charged for filing the notice of intention.

Service of notice

4852.02. Such person shall within 10 days thereafter:

(a) Serve upon the chief of police of the city in which he resides, or upon the sheriff of the county if he resides in unincorporated territory, a certified copy of the notice of intention filed with the county clerk.

Fingerprints, etc.

(b) Give to the peace officer his photograph and fingerprints, full information concerning his residence and occupation, and any other information concerning his conduct and manner of living which the peace officer may require.

Agreement

(c) Agree to submit to the supervision of the peace officer and conform to any reasonable requirements by the peace officer during the period of rehabilitation.

Change of residence

However, if after the filing and serving of the notice the person filing it changes his residence to another county he shall file with the county clerk of such other county a notice of intention similar in form and substance to that previously filed, which second notice shall state the date and place where the previous notice was filed and the name and title

of the peace officer upon whom the same was served. A certified copy of such second notice shall be served upon the chief of police of the city into which he has moved, or upon the sheriff of the county if the changed residence is in unincorporated territory, and the person filing the notice shall give to such peace officer the information described in this section. Upon the filing of such second notice the county clerk shall transmit notice of that fact to the county clerk with whom the previous notice was filed and said last-mentioned county clerk shall transmit the said previous notice to the county clerk with whom the second notice was filed.

Period of rehabilitation

4852.03. The Judicial Council shall, by general rules, determine the length of the period of rehabilitation for the purposes of this chapter. Different periods shall be provided for different classes of persons, according to the maximum penalties prescribed for the crimes of which the persons have been convicted, and provision shall be made for appropriate periods of rehabilitation for persons convicted of multiple crimes.

Counsel and assistance

4852.04. Each person who may initiate the proceedings provided for in this chapter shall be entitled to receive counsel and assistance from all rehabilitative agencies, including the adult probation officer of the county and all State parole officers, and, in the case of persons under the age of 30 years, from the Youth Correction Authority.

Conduct

4852.05. During the period of rehabilitation the person shall live an honest and upright life, shall conduct himself with sobriety and industry, shall exhibit a good moral character, and shall conform to and obey the laws of the land.

Petition

4852.06. Except as provided in Section 4852.18, after the expiration of the minimum period of rehabilitation applicable to him (and, in the case of persons released upon parole, after the termination of parole), each person who has filed a notice of intention pursuant to Section 4852.01 and has complied with the requirements of Sections 4852.02 and 4852.05 may file in the superior court of the county in which he then resides a petition for ascertainment and declaration of the fact of his rehabilitation and of matters incident thereto, and for a certificate of rehabilitation under this chapter. No such petition shall be filed until and unless the petitioner has continuously resided in the county in which it is filed for a period of not less than three years immediately preceding the date of filing the petition and until and unless the same period has elapsed since the service of the notice required by Section 4852.02 upon the appropriate peace officer in the county in which the petition is filed.

Notice

4852.07. The petitioner shall give notice of the filing of the petition to the district attorney of the county in which the petition is filed, to the chief of police and sheriff upon whom a certified copy of the notice of intention was last served, to the district attorney of each county in which the petitioner was convicted of a felony, and to the office of the

Governor, together with notice of the time of the hearing of the petition, at least 30 days prior to the date set for such hearing.

Counsel

4852.08. During the proceedings upon the petition, the petitioner may be represented by counsel of his own selection; if he has no such counsel he shall be represented by the public defender, if there is one in the county, and if there is none, by the adult probation officer of the county or if in the opinion of the court the petitioner needs counsel, the court shall assign counsel to represent him.

No fee

4852.09. No filing fee nor court fees of any kind shall be required of a petitioner in proceedings under this chapter.

Evidence

4852.1. The court in which the petition is filed may require such testimony as it deems necessary, and the production, for the use of the court and without expense of any kind to the petitioner, of all records and reports relating to the petitioner and the crime of which he was convicted, including the record of the trial, the report of the probation officer, if any, the records of the prison from which the petitioner has been released showing his conduct during the time he was there imprisoned, the records of the prison doctor and the prison psychiatrist, the records of the parole officer concerning him if he was released on parole, the records of the Youth Correction Authority concerning him if he has been committed to the authority, the records of the chief of police or sheriff upon whom the notice of intention was served, and written reports or records of any other law enforcement agency concerning the conduct of the petitioner since his release on parole or discharge from custody. All persons having custody of any such records shall make them available for the use of the court in the proceeding.

Report on violations of law

4852.11. Any peace officer under whose supervision such petitioner comes as provided in Section 4852.02, shall report to the court, upon receiving a request as provided in Section 4852.1, all violations of law committed by said petitioner which may come to his knowledge. Upon receiving satisfactory proof of such violation the court may deny the petition and determine a new period of rehabilitation not to exceed the original period of rehabilitation for the same crime. In that event, before granting the petition, the court may thereafter require the petitioner to fulfill all the requirements provided to be fulfilled before the granting of the certificate under the original petition.

Report of district attorney and chief of police or sheriff

4852.12. In any proceeding for the ascertainment and declaration of the fact of rehabilitation under this chapter, the court shall require from the district attorney and the chief of police or sheriff having jurisdiction as provided in subdivision (a) of Section 4852.02 written reports setting forth all matters within their knowledge relating to the conduct of the petitioner during his period of rehabilitation, including all matters mentioned in Section 4852.11.

Certificate of rehabilitation

4852.13. If, after hearing, the court finds that the petitioner has demonstrated by his course of conduct his rehabilitation and his fitness to exercise all of the civil and political rights of citizenship, the court shall make an order declaring that the petitioner has been rehabilitated, and recommending that the Governor grant a full pardon to the petitioner. Such order shall be filed with the clerk of the court, and shall be known as a certificate of rehabilitation.

Copies

4852.14. The clerk of the court shall immediately transmit certified copies of the certificate of rehabilitation to the Governor, to the Advisory Pardon Board, and, in the case of persons twice convicted of felony, to the Supreme Court.

Effect of certificate

4852.15. From the time it is filed, the certificate of rehabilitation shall operate to restore to the person to whom it is issued his civil rights, except the right to act as a trustee and the right to hold public office. However, nothing in this chapter shall be construed to abridge or impair the power or authority conferred by law on any officer, board, or tribunal to revoke or suspend any right, privilege, or franchise for any act or omission not involved in his conviction, or to require the reinstatement of the right or privilege to practice or carry on any profession or occupation the practice or conduct of which requires the possession or obtaining of a license, permit, or certificate. Nothing in this chapter shall affect any provision of Chapter 5 of Division 2 of the Business and Professions Code or the power or authority conferred by law on the Board of Medical Examiners therein, or the power or authority conferred by law upon any board that issues a certificate permitting any person to practice or apply his art or profession on the person of another. Nothing in this chapter shall affect any provision of Chapter 4 of Division 3 of the Business and Professions Code or the power or authority in relation to attorneys at law and the practice of the law in the State of California conferred by law upon or otherwise possessed by the courts, or the power or authority conferred by law upon the State Bar of California or any board or committee thereof.

Pardon

4852.16. The certified copy of a certificate of rehabilitation transmitted to the Governor shall constitute an application for a full pardon upon receipt of which the Governor may, without any further investigation, issue a pardon to the person named therein, except that, pursuant to Section 1 of Article VII of the Constitution, the Governor shall not grant a pardon to any person twice convicted of felony, except upon the written recommendation of a majority of the judges of the Supreme Court.

Report for criminal record

4852.17. Whenever a person is issued a certificate of rehabilitation or granted a pardon from the Governor under this chapter, the fact shall be immediately reported to the State Division of Criminal Identification and Investigation by the court, Governor, officer, or governmental agency by whose official action the certificate is issued or the pardon granted.

The State Division of Criminal Identification and Investigation shall immediately record the facts so reported on the former criminal record of the person, and transmit such facts to the Federal Bureau of Investigation at Washington, D. C. When the criminal record is thereafter reported by said division, it shall also report the fact that the person has received a certificate of rehabilitation, or pardon, or both.

Time for filing notice

4852.18. Any person heretofore convicted of a felony who has been discharged from the State prison or other State institution or agency to which he was committed, after the completion of the term for which he was sentenced, and has complied with the requirements of Section 4852.05 since his discharge, may immediately file the notice of intention provided for in Section 4852.01. Such person may file the petition provided for in Section 4852.06 at any time after the expiration of one year from the date of his discharge from custody.

Any person heretofore convicted of a felony who is on parole on the effective date of this chapter, may file such notice of intention at any time after the effective date of this chapter, and may file his petition at any time after one year from the date of his release on parole, but in no event prior to his discharge from custody upon the termination of his parole.

However, no petition shall be filed under the foregoing provisions of this section until and unless the petitioner has continuously resided in the county in which it is filed for a period of not less than three years immediately preceding the date of filing the petition.

Any person heretofore convicted of a felony who on the effective date of this chapter is confined in a State prison or other institution or agency to which he was committed, and any person hereafter convicted of a felony, may file the notice of intention at any time after his parole or his discharge from custody. Any such person may file the petition after the expiration of the periods mentioned in Section 4852.06 of this code.

Construction

4852.19. This chapter shall be construed as providing an additional, but not an exclusive, procedure for the restoration of rights and application for pardon. Nothing in this chapter shall be construed as repealing any other provision of law providing for restoration of rights or application for pardon.

Soliciting fees

4852.2. Every person who solicits or accepts any fee, money, or anything of value for his services, or his purported services, in representing, whether as an attorney or otherwise, a petitioner in any proceeding under this chapter, or in any application to the Governor for a pardon under this chapter, is guilty of a misdemeanor.

Urgency

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the State Constitution and shall therefore go

into immediate effect. The facts constituting such necessity are as follows:

There are many able-bodied men who, by reason of previous convictions of felonies, are not accepted for induction into the armed forces of the Nation or for employment in essential war industries. Said armed forces and war industries are in urgent need of men. The provisions of this act will enable men who have suffered previous felony convictions and who have rehabilitated themselves by exemplary conduct to establish the fact of such rehabilitation by judicial action and earn restoration to the rights of citizenship and thus become eligible for service with the armed forces and for employment in essential war industries. It is essential that every opportunity be afforded as soon as possible to the armed forces and the war industries to augment their personnel in order that the present world-wide conflict may be brought to an early and successful conclusion, and this act should therefore go into effect immediately.

CHAPTER 413

An act amending Section 2356 of the Civil Code, relating to the revocation of an agent's powers, declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 13, 1943 Filed with Secretary of State May 13, 1943.]

In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 2356 of the Civil Code is hereby amended to read as follows:

1872 Code

Termination of agency

2356. Unless the power of an agent is coupled with an interest in the subject of the agency, it is terminated by: (1) Its revocation by the principal; (2) his death; or, (3) his incapacity to contract;

Provided, that any bona fide transaction entered into with such agent by any person acting without actual knowledge of such revocation, death or incapacity shall be binding upon the principal, his heirs, devisees, legatees and other successors

in interest; and provided, further, that nothing herein contained shall affect the provisions of Section 1216 of this code.

Urgency

SEC. 2. This amendment is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution of the State of California, and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

Great numbers of the citizens of this State, who have or will enter the military service, have granted or will grant powers of attorney to trusted persons in order that their business and personal affairs may be carried on during their absence for the benefit of themselves and their families. Widespread doubt exists upon the question of whether or not the agents so appointed have any power to act if at the time the person giving the power of attorney should be dead. In a great many cases, it is impossible to determine whether the man in the service is alive or not and as a result the agents appointed by him find it impossible to consummate transactions on behalf of such absent person. The families of many men now in the service are dependent upon the power of the agents appointed by such men to sell property, withdraw funds, cash checks and the like. Widespread difficulty has arisen by the reason of this fact. For these reasons, this act is declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety and shall go into immediate effect.

CHAPTER 414

An act making an appropriation for the contingent expenses of the Assembly for the Fifty-fifth Session of the Legislature including committee expenses, to take effect immediately.

The people of the State of California do enact as follows:

Appropriation: Assembly contingent expenses

SECTION 1. The sum of fifty thousand dollars ($50,000), or so much thereof as may be necessary, is hereby appropriated out of any money in the State Treasury not otherwise appropriated for the contingent expenses of the Assembly for the Fifty-fifth Session of the Legislature including expenses of committees composed in whole or in part of Members of the Assembly.

Current expenses

SEC. 2. This act, inasmuch as it makes an appropriation for the usual current expenses of the State, shall, under the provisions of Section 1 of Article IV of the Constitution, take effect immediately.

CHAPTER 415

(b) After the cancellation or revocation of said permit, or during the period of its suspension, it shall be unlawful for such carrier to conduct any operations as said carrier. The commission may, in its discretion, either grant or deny an application for a new permit or permits whenever it appears that a prior permit of the applicant has been canceled or revoked pursuant to paragraph (a) hereof, or whenever it appears, after hearing, that as a prior permit holder, the applicant engaged in any of the unlawful activities set forth in paragraph (a) hereof for which his permit might have been canceled or revoked.

CHAPTER 416

An act to amend Section 1035 of the Fish and Game Code, relating to domesticated fish. Stats 1933, p 394, amended

[Approved by Governor May 13, 1943. Filed with Secretary of State May 13, 1943.] In effect August 4, 1943

The people of the State of California do enact as follows:

1035. Upon obtaining a permit from the commission, for which a fee of five dollars ($5) per calendar year or part thereof shall be charged, domesticated fish raised in a hatchery regularly licensed under the laws of any other State may be imported into this State, transported, or sold. Such imported hatchery raised domesticated fish shall be duly tagged as provided in this article, and in accordance with the rules and regulations prescribed by the commission; provided, however, that live domesticated fish raised outside this State may be imported, brought into, or sold within this State subject to the Importation

An act to add Section 13099.2 to the Education Code, relating to classification of persons as permanent employees of school districts, declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor May 13, 1943. Filed with Secretary of State May 13, 1943.]

The people of the State of California do enact as follows:

Note.—See Stats. 1943, Ch. 71.

Urgency

SEC. 2. This act is declared to be an urgency measure within the meaning of Section 1 of Article IV of the State Constitution, necessary for the immediate preservation of the public peace, health and safety. The statement of the facts constituting such necessity is as follows:

A grave shortage of teachers has arisen because of conditions created by the wars in which the United States of America is now engaged. As a result, school districts have of necessity been compelled to employ many persons as teachers who in normal times, because of lack of training and experience, would not be employed. Such persons are the ones coming within the bill. In order that persons without normally adequate qualifications shall not become permanent employees of school districts by reason of service already rendered, it is necessary that this act take effect immediately.

SECTION 1. Section 1299.1 of the Agricultural Code is amended to read:

(b) The giving of any milk, cream, dairy products, services, money, or articles of any kind except to bona fide charities for the purpose of securing or retaining the milk, cream, or dairy products business of any wholesale customer or consumer; provided, however, that nothing herein shall be construed to prohibit a distributor of frozen dairy products for reasonable compensation, from furnishing a wholesale customer with, and maintaining such refrigeration facilities as shall be reasonably necessary for the storage and preservation of the frozen dairy products distributed by such distributor to such wholesale customer; provided further, that the use of said refrigeration facilities by any person for the storage or preservation of any product other than the frozen dairy products distributed to said wholesale customer by the distributor furnishing such facilities shall be an unfair and unlawful business practice.

(c) The extension to any wholesale customer or consumer of special prices or services not made available to all wholesale customers or consumers who purchase milk, cream, or dairy products of like quantity under like terms and conditions.

(d) Any false or misleading advertising of milk, cream or dairy products as defined in Section 654a of the Penal Code.

(e) Discriminations in price between wholesale customers, or between consumers, who purchase milk, cream, or dairy products of like grade and quality under like conditions of service where the effect of such discrimination may be substantially to lessen competition or to injure or destroy or prevent competition with the person who either grants or knowingly receives the benefit of such discrimination; provided, that nothing herein shall prevent differentials which make only due allowance for differences in the cost of the raw product used in such milk, cream, or dairy products, or the

cost of manufacture, processing, sale, or delivery resulting from the different methods or quantities in which said commodities are manufactured, processed, sold or delivered.

(f) The sale or offer to sell or giving of any article in any transaction involving the sale or disposal of milk, cream or dairy products, for less than the invoice or replacement cost thereof, whichever is lower, to secure or retain the milk, cream, or dairy products business of any wholesale customer or any person who buys as a consumer.

(g) The sale of milk, cream, and dairy products at less than cost which, as used herein, shall mean the cost of raw product, plus all costs of manufacturing, processing, handling, sale and delivery, including overhead costs. Evidence of cost, based on impartial audits or surveys, made within a reasonable time prior to an alleged violation of this subparagraph shall constitute prima facie proof of such cost at the time of the commission of such violation.

(h) False statements or representations, knowingly made, by any wholesale customer or consumer, or anyone acting on the behalf of either, to any distributor or manufacturer, or any representative thereof, that a competitor of such distributor or manufacturer has offered or is offering to sell, or is selling milk, cream, or dairy products to said wholesale customer or consumer at a lower price or prices than said manufacturer or distributor has offered or is offering to sell, or is selling the same, or that said competitor has offered or is offering to do, or is doing any of the business practices heretofore declared to be unfair and unlawful.

(i) The making or renewal of any money loans to any wholesale customer.

Nothing in the aforesaid unfair trade practice provisions shall be construed to prohibit the meeting, in good faith, of a lawful, competitive price or a lawful, competitive condition, nor shall any of said provisions be construed to prohibit a distributor from making conditional sales of equipment or other property, or from extending credit for merchandise purchased, or from paying a customer's obligations not prohibited hereunder to another distributor in connection with the transfer of said customer's business from the latter to the former; provided, however, that the terms and other conditions of the transactions permitted by this paragraph shall conform to regulations prescribed by the director after investigation and determination by him that such regulations are consistent with good business practice.

Solicitation by, or collusion or joint participation between or among, any manufacturer, distributor, wholesale customer, consumer, or any representative thereof, to commit any of the aforesaid unfair trade practices, or the use of any misrepresentation, threat, intimidation, or boycott to effectuate the commission of said unfair trade practices, shall make all persons participating therein subject to the penalties of this act.

While still prepared to render these services in natural disasters, the organization has been on a war footing since December 7, 1941, and has been greatly expanded to meet conditions resulting from enemy attack on San Francisco. It now comprises more than 6,000 volunteer workers, has 17 completely equipped disaster relief stations in various parts of the city, and reserves of clothing, bedding, medical supplies and other necessities. It is now an integral part of the San Francisco Civilian War Council.

The Red Cross owns 85 vehicles, including ambulances, station wagons, heavy rescue trucks, canteen wagons and cargo trucks. Six ambulances and five station wagons are to report to Central Emergency Hospital in case of enemy attack or natural disaster and have been so reporting during rehearsals, as an immediately available supplement to the ambulance resources of the health department. The remainder will be properly manned, equipped, and in readiness for dispatch where most necessary.

CHAPTER 516

California Agricultural Products Marketing Act of 1943

An act to establish legislative standards in relation to the rehabilitation of agriculture and the regulation of producers, packers, distributors, shippers, marketers, handlers, processors and others dealing in agricultural, viticultural, and horticultural products; to provide for the issuance, administration and enforcement of State marketing agreements and marketing orders in connection therewith; to prescribe the powers, duties and jurisdiction of the State Director of Agriculture in relation thereto; to provide that State marketing agreements and marketing orders shall be and establish standards of fair competition in this State; to suspend all antitrust and unfair competition laws of this State in conflict herewith and therewith; to prescribe remedies, rights, duties and penalties with respect to violations hereof and thereof; to provide ways, means and moneys for the administration and enforcement of said State marketing agreements and marketing orders; to declare the urgency of this act and that this act shall take effect immediately.

In effect immediately

[Approved by Governor May 17, 1943. Filed with Secretary of State May 17, 1943.]

The people of the State of California do enact as follows:

Legislative intent

SECTION 1. The unreasonable waste and inefficient use of agricultural resources occasioned by the marketing within the State of California of greater quantities of agricultural commodities than are reasonably necessary to supply the demands of the market and the disorderly marketing thereof are opposed to public interest. The difficulty inherent in any attempt of individuals to correlate within a reasonable degree the market supply of any agricultural commodity to current consumer demand within the State prevents such correlation and creates chaotic economic conditions in agricultural areas of the State. In the interest of the public welfare and general prosperity of the State, the unreasonable waste and inefficient use of agricultural resources should be eliminated, while at the same time preserving to all agricultural producers an equality of opportunity.

Definitions

(5) "Marketing order" means an order issued by the Director of Agriculture, pursuant to this act, governing the handling of any agricultural commodity within this State.

(6) "Intrastate commerce" means all commerce other than that which is in the current of interstate or foreign commerce or which directly burdens, affects or obstructs interstate or foreign commerce.

(7) "Person" means an individual, partnership, corporation, association or any other business unit.

(8) "Director" means the Director of Agriculture of the State of California.

(9) "Cartwright Act" means Chapter 2, Part 2, Division 7, of the Business and Professions Code.

(10) "Fair Trade Act" means Chapter 3, Part 2, Division 7, of the Business and Professions Code.

(11) "Unfair Practices Act" means Chapter 4, Part 2, Division 7, of the Business and Professions Code.

Application of act

SEC. 3. The provisions of this act shall apply only to those agricultural commodities, the movement of which into interstate commerce is regulated or controlled by marketing agreements or marketing orders executed or issued under laws of the United States.

Powers of director

SEC. 4. Subject to the provisions of this act, the director is hereby authorized and empowered to enter into marketing agreements with, issue marketing orders to, and enforce the provisions of such marketing agreements or marketing orders upon, persons engaged in transactions of intrastate commerce within this State in the handling of any agricultural commodity.

Proposed agreement or order Notice

SEC. 5. Whenever the director has reason to believe that the execution of a marketing agreement or the issuance of a marketing order, or both, will tend to effectuate the declared policy of this act with respect to any agricultural commodity, he shall either upon his own motion or upon application of any producer or handler of such commodity give due notice of and an opportunity for hearing upon a proposed marketing agreement or marketing order, or both. Such notice shall be given by posting at the office of the director at Sacramento and by mailing a copy of such notice to the last known address of all handlers affected by such agreement or marketing order whose names appear upon the most recent lists in the office of the director. Such notice shall also be mailed to any such person who shall have filed with the director a request for such notice.

Hearing

Such hearing shall be held within the State of California. At said hearing the director shall receive and hear the evidence offered by any interested person in support of or in opposition

to the execution of such marketing agreement or the issuance of such marketing order. All evidence and exhibits used by the director or introduced at such hearing shall within a reasonable time after being so used or so introduced be available at a central point to all interested parties. Such hearings may be adjourned from time to time and from place to place in the discretion of the director. A transcript of the proceedings at such hearings shall be made by the director and shall be open for inspection by any interested party.

Finding of facts

SEC. 6. If upon such hearing it shall be found by the director that the following facts actually exist:

1. The supply of the commodity available for marketing exceeds or is likely to exceed the demand therefor at prices which will provide a reasonable return to producers of such commodity;

2. The return to producers of such commodity will tend to be increased through the operation of the proposed marketing plan;

3. The proposed marketing agreement or marketing order may be administered without permitting unreasonable profits to producers of such commodity and without unreasonably enhancing prices of such commodity to consumers;

4. The proposed marketing agreement or marketing order will tend to prevent disorderly marketing of agricultural products within the State;

5. The proposed marketing agreement or marketing order will tend to provide consumers with a more stable and adequate supply of agricultural commodities;

6. The proposed marketing agreement or marketing order will tend to establish or maintain such relationship between the quantity of the particular agricultural commodity marketed and the demands of the market for such commodity as will tend to continue in production such volume of such commodity as is probable will be needed over a reasonably long period of time to supply the requirements of such commodity and to provide an adequate standard of living to the farm operator and his family;

he shall make written findings to that effect, and execute such marketing agreement or issue such marketing order, or both. If the director shall find against the existence of any of the facts required to be present under this section, he shall not execute such marketing agreement or issue such marketing order.

Terms and conditions of agreements or orders

SEC. 7. Marketing agreements executed and marketing orders issued pursuant to this act shall contain one or more of the following terms and conditions and no others, except as provided in Section 8 of this act:

(1) Limiting, or providing methods for the limitation of the total quantity of any agricultural commodity, or of any grade, size or quality thereof, which may be marketed, or transported to market, in intrastate commerce during any specified period or periods, by all handlers thereof.

(2) Allotting, or providing methods for allotting, the amount of such commodity, or any grade, size, or quality thereof, which each handler may purchase from, or handle on behalf of, any and all producers thereof, in intrastate commerce, during any specified period or periods, under a uniform rule based upon the amounts produced or sold by such producers in such prior period as the director determines to be representative, or upon the current production or sales of such producers, or both, to the end that the total quantity thereof to be so purchased or handled during any specified period or periods shall be apportioned equitably among current producers.

(3) Allotting, or providing methods for allotting, the amount of any such commodity, or any grade, size or quality thereof, which each handler may market or transport to market, in intrastate commerce, during any specified period or periods, under a uniform rule based upon the amounts of such commodity, or any grade, size or quality thereof, which each such handler has available for current shipment, or upon the amounts shipped by each such handler in such prior period as the director determines to be representative, or both, to the end that the total quantity of such commodity, or any grade, size, or quality thereof, to be marketed or transported to market in intrastate commerce during any specified period or periods shall be equitably apportioned among all of the handlers thereof.

(4) Determining, or providing methods for determining, the existence and extent of the surplus of any such commodity or product, or of any grade, size, or quality thereof, and providing for the control and disposition of such surplus but so as not to burden or obstruct interstate or foreign commerce in such commodity, and for equalizing the burden of such surplus elimination or control among the producers and handlers thereof.

(5) Establishing, or providing for the establishment of, reserve or surplus pools of any such commodity or of any grade, size, or quality thereof, or the representative value of such commodity or of any grade, size, or quality thereof, and providing for the equitable distribution of the net return derived from the sale thereof among the persons beneficially interested therein.

(6) Establishing uniform grading standards of quality, condition, appearance, size or pack for any such commodity and providing for the grading and inspection and regulation of handling of such commodity in accordance with such grading standards so established. Such grading standards for any such commodity shall not be established below any minimum standards prescribed by law for such commodity.

(7) Limiting, or providing methods for the limitation of, the period or periods in which handlers may engage in handling any such agricultural commodity or variety thereof.

(9) Providing for a program to adjust the commercial production of any agricultural commodity by means of tree or vine removal, including methods for financing such program by the acceptance of Federal or State funds available for this purpose or by levying a uniform assessment upon all production or marketing subject to such marketing agreement or order, or by both methods, and for the disbursement of the funds so obtained to those growers who qualify for payments under such production adjustment program Tree or vine removal under such program shall be voluntary and a grower shall be deemed qualified to receive payment who, upon application to the administrative committee selected pursuant to this act and approval of such application, removes trees or vines as specified in the program and otherwise conforms with the provisions thereof. Each application shall be considered and approved or disapproved in whole or in part, within the limits of the funds available, so as most effectively to accomplish the purpose of the program. No program of production adjustment devised hereunder shall authorize payments for the removal of such trees or vines of the species or variety specified in the program as have averaged during the three immediately preceding years an annual yield per acre in excess of the comparably computed average yield from bearing trees or vines of the same species or variety for the State as a whole, such yields and averages to be determined by the administrative committee from official Federal and State statistical data or such other sources as are deemed by it to be competent and reliable. All actions of the administrative committee under such program shall be subject to review and approval or disapproval of the director.

When order effective

No marketing order issued pursuant to this act shall become effective (a) unless and until handlers, who, during a representative period determined by the director, handled not less than 65 per cent of the volume of the commodity regulated by such marketing order, or not less than 65 per cent of the number of handlers, who, during a representative period determined by the director, were engaged in handling such commodity, have assented thereto in writing, and (b) unless and until the director determines that the issuance of such marketing order is approved or favored, (1) by at least 65 per cent of the producers who, during a representative period determined by the director, have been engaged in the production for market of the commodity regulated by such marketing order, or, (2) by producers who, during such representative period, have produced for market at least 65 per cent of the volume of such commodity produced for market and regulated by such marketing order.

Representative period

Such representative period may by the director be determined to be the next preceding crop season prior to the holding of said hearing, or may be such other representative period as the director may determine.

Determination of approval of order

Termination or suspension of agreement or order

SEC. 11. (1) Whenever, upon his own investigation, or otherwise, the director finds that any marketing agreement executed or marketing order issued under this act or any provision thereof obstructs or does not tend to effectuate the declared policy of this act, he shall terminate, or suspend for a specified period, the operation of such marketing agreement or marketing order or such provision thereof.

(2) If the director finds that the termination of any marketing order or marketing agreement is favored by a majority of the producers who, during such representative period determined by the director, have been engaged in the production

within the State of California for marketing of the commodity specified in such marketing agreement or marketing order, and who during such representative period, produced for market more than fifty per cent (50%) of the volume of such commodity produced for market within the State of California, or produced within the State of California for marketing elsewhere, the director may, if he finds the marketing agreement or marketing order then obstructs or does not tend to carry out the declared policy of this act, terminate, or suspend for a specified period, such marketing agreement or marketing order or any term or provision thereof, but such termination shall be effective only if announced on or before such date (prior to the end of the then current marketing period) as may be specified in such marketing agreement or marketing order.

Such hearing shall be held in the same manner and upon the same notice as upon an original marketing agreement or marketing order. The notice of hearing shall refer by name and date of execution or issuance to the agreement or marketing order, or both, to which the amendment is proposed. At such hearing the director shall receive and hear evidence offered for and against the proposed amendment by any interested person.

If the director shall find against the existence of any of the facts required to be present under this section, he shall not execute such amendment to such marketing agreement or issue such amendment to such marketing order. In considering such amendment, the director shall take into consideration the evidence presented at the original hearing on the marketing agreement or marketing order to which such amendment is proposed and upon any prior amendment thereto.

In effect August 4, 1943

[Approved by Governor May 17, 1943. Filed with Secretary of State May 17, 1943.]

The people of the State of California do enact as follows:

Short title

SECTION 1. This act shall be known as the County Water Authority Act.

"Public agencies"

SEC. 2. The term "public agencies," wherever appearing in this act, shall be deemed to mean and include any municipal corporation of the State of California, whether organized

under a freeholders' charter or under the provisions of general law, any municipal water district, any municipal utility district, any public utility district, any county water district, any irrigation district, organized under the laws of the State of California, or any other public corporation or agency of the State of California of similar character, with power to acquire and distribute water.

Incorporation of county water authorities

SEC. 3. County water authorities may be organized and incorporated hereunder by two or more public agencies in any county, which public agencies need not be contiguous, and when so incorporated, such authorities shall exercise the powers herein expressly granted, together with such implied powers as are necessary to carry out the objects and purposes of such authorities. Each such authority when so organized, shall be a separate and independent political corporate entity.

Procedure

SEC. 4. The procedure for organizing and incorporating a county water authority under the provisions of this act is as follows:

Resolution

(1) Resolutions shall first be passed by the legislative bodies of the public agencies designated to be incorporated in the proposed authority, declaring that in their opinion public interest or necessity demands the creation and maintenance of a county water authority to be known as the "(giving the name) County Water Authority." Said resolutions shall contain a statement of the names of such public agencies as are intended to be incorporated in said authority. Certified copies of said resolutions shall be presented to the board of supervisors of the county within which said public agencies are located, requesting said board to call an election without delay for determining whether such authority shall be created.

Petition

If for any reason the legislative body of any public agency designated as intended to be incorporated fails or refuses to adopt the resolution above referred to, then instead of said resolutions, a petition may be presented to the board of supervisors of said county on behalf of said public agency signed by qualified electors within the boundaries of any such public agency, in number to at least 10 per cent of the total vote cast at the last general State election within the territory of said public agency. Said petition shall contain substantially the same declarations and statements required to be contained in the resolutions hereinbefore mentioned. Such petition may be on separate papers but each paper shall contain the affidavit of the party who circulated it, certifying that each name signed thereto is the true signature of the person whose name it purports to be. The clerk of the board of supervisors of said county shall compare the signatures with the affidavits of registration and certify to the board of supervisors the sufficiency or insufficiency of said petition. If found and certified by said clerk as being sufficient such petition shall have all the force and effect of a resolution adopted by the legislative body of said public agency.

Election

(2) Upon the receipt of the resolutions and petitions hereinbefore mentioned, said board of supervisors shall call an election within the territorial boundaries of the public agencies who have adopted such resolutions or on whose behalf a proper petition has been presented, for the purpose of determining whether the proposed county water authority shall be created and established.

Notice

(3) The board of supervisors of said county shall give notice of said election by publishing the same once a week for at least three weeks before the date of said election in a newspaper of general circulation, published within the proposed authority. In case no newspaper of general circulation is published within said proposed authority, said notice shall be posted for at least three weeks in not less than three public places within said proposed authority.

Said notice shall state, among other things, the name of the proposed authority and set forth the public agencies proposed to be included therein.

Ballot

The ballot for said election shall contain such instructions as are required by law to be printed thereon, and in addition thereto there shall appear the following:

Shall the "(giving the name thereof) County Water Authority" be created and established?	Yes
	No

Said election and all matters pertaining thereto, not otherwise provided for herein, shall be held and conducted, and the results thereof ascertained, determined and declared in accordance with the general election laws of the State, as nearly as may be, and no person shall be entitled to vote at said election unless he or she be a qualified elector of one of the public agencies proposed to be incorporated in the proposed authority. Said election may be held on the same day as any other State, county or city election, and may be consolidated therewith.

Canvass of votes

The board of supervisors shall meet on Monday next succeeding the day of said election and canvass the votes cast thereat. They shall canvass the returns of each public agency separately and shall order and declare said authority created and established consisting of the public agencies in which a majority of those who voted on the proposition voted in favor of the creation of said authority; provided, however, that the total number of electors in such approving public agencies be not less than two-thirds the number of the electors within the authority as first proposed, according to the register of voters used at said election.

Filing order

The board of supervisors shall cause a certified copy of said order declaring the result of said election to be filed in the office of the Secretary of State, and with the legislative body of each of the public agencies in which said election was held. From and after the filing of said order in the office of the Sec-

retary of State the establishment of said county water authority shall be deemed complete.

Cost of election

The board of supervisors calling the election shall make all provision for the holding thereof throughout the entire authority as proposed, and the cost thereof shall be a proper charge against the county. In case a special election is held exclusively on the proposition of organizing such an authority, the expenditure therefor shall be reimbursed to the county by means of a special tax on all of the taxable property within the public agencies which was proposed to be included in the authority, which tax shall be added to the next county tax bills by the proper officers of the county.

Informality in procedure

No informality in any proceeding or in the conduct of said election not substantially affecting adversely the legal rights of any citizen, shall be held to invalidate the incorporation of any county water authority, and any proceedings attacking the validity of said incorporation, shall be commenced within three months from the date of filing the aforesaid order with the Secretary of State, otherwise such incorporation and the legal existence of said county water authority shall be held to be valid and in every respect legal and incontestable.

Attack on validity

Powers of authority

SEC. 5. Any authority incorporated as herein provided shall have power:

(1) To have perpetual succession.

(2) To sue and be sued in all actions and proceedings and in all courts and tribunals of competent jurisdiction.

(3) To adopt a corporate seal and alter it at pleasure.

(4) To take by grant, purchase, bequest, devise or lease, and to hold, enjoy, lease, sell or otherwise dispose of, any and all real and personal property of any kind within or without the authority and within and without the State necessary or convenient to the full exercise of its powers; also to acquire, construct or operate, control and use any and all works, facilities and means necessary or convenient to the exercise of its powers, both within and without the authority, and within and without the State, and to do and perform any and all things necessary or convenient to the full exercise of the powers herein granted.

(5) To have and exercise the power of eminent domain and, in the manner provided by law for the condemnation of private property for public use, to take any property necessary to the exercise of the powers herein granted. In any proceeding relative to the exercise of such power of eminent domain, the authority shall have the same rights, powers and privileges as a municipal corporation.

(6) To construct and maintain works and establish and maintain facilities across or along any public street or highway and in, upon or over any vacant public lands which are now, or may become the property of the State of California; provided, however, that the authority shall promptly restore any such street or highway to its former state of usefulness

as nearly as may be, and shall not use the same in such manner as to completely or unnecessarily impair the usefulness thereof. The grant of the right to use such vacant State lands shall be effective upon the filing by such authority with the Division of State Lands of the Department of Finance, of an application showing the boundaries, extent and locations of the lands, rights of way, or easements desired for such purposes. If the land, rights of way or easement for which application shall be made is for the construction of any aqueduct, ditch, pipe line, conduit, tunnel or other works for the conveyance of water, or for roads, or for poles, or towers and wires for the conveyance of electrical energy or for telephonic or telegraphic communication, no compensation shall be charged the authority therefor, unless, in the opinion of the Chief of such Division of State Lands the construction of such works will render the remainder of the legal subdivision through which such works are to be constructed valueless or unsalable, in which event the authority shall pay for the lands to be taken and for such portion of any legal subdivision which, in the opinion of said Chief of the Division of State Lands, are rendered valueless or unsalable, at the rate of one dollar and twenty-five cents ($1.25) per acre. If the lands for which application is made are for purposes other than the construction of roads or for works for the conveyance of water, or electricity or telephonic or telegraphic communication, such authority shall pay to the State for such lands at the rate of one dollar and twenty-five cents ($1.25) per acre. Upon filing such application, accompanied by map or plat showing the location or proposed location of such works and/or facilities, the fee title to so much of such State lands as shall be found by the Chief of the Division of State Lands of the Department of Finance to be necessary or convenient to enable such authority to construct or maintain its works and/or to establish or maintain its facilities, shall be conveyed to such authority by patent executed by the Governor of the State of California, attested by the Secretary of State with the Great Seal of said State affixed, and countersigned by the registrar of State lands; if an easement or right of way only over such lands be sought by such authority, such easement or right of way shall be evidenced by permit or grant executed by such Chief of the Division of State Lands. The Chief of the Division of State Lands may reserve in such patents, grants or permits, easements and rights of way across any lands therein described for the construction of streets, roads and highways. Before any such patent, grant or permit shall be executed any compensation due to the State under the provisions hereof, must be paid. In the event that the duties or titles of any of the officers herein mentioned shall be changed by lawful authority, the functions herein required to be performed shall be performed by the appropriate officer or officers of the State of California. No fee shall be exacted from such authority for any patent, permit or grant so issued or for any

service rendered hereunder. In the use of streets or highways the authority shall be subject to the reasonable rules and regulations of the governmental agency in charge thereof, concerning excavations and the refilling of excavations, the relaying of pavements and the protection of the public during periods of construction; provided, that the authority shall not be required to pay any license or permit fees, or file any bonds. The authority may be required to pay reasonable inspection fees.

(7) To borrow money and incur indebtedness and to issue bonds or other evidence of such indebtedness; provided, however, that no authority incorporated hereunder shall incur indebtedness which, in the aggregate, shall exceed fifteen (15) per cent of the taxable property of the authority as shown by the last equalized assessment roll of the county in which the authority is located.

(8) To levy and collect taxes for the purpose of carrying on the operations and paying the obligations of the authority; provided, however, that such taxes levied under this section exclusive of any tax levied to meet the bonded indebtedness of such authority and the interest thereon and exclusive of any tax levied to meet any obligation to the United States of America or to any board, department or agency thereof, shall not exceed five cents ($0.05) on each such one hundred dollars ($100) of assessed valuation.

(9) To enter into contracts, employ and retain personal services and employ laborers; to create, establish and maintain such offices and positions as shall be necessary and convenient for the transaction of the business of the authority, and to elect, appoint and employ such officers, attorneys, agents and employees therefor as shall be found by the board of directors to be necessary and convenient for the transaction of the business of the authority.

(10) To join with one or more other public corporations for the purpose of carrying out any of its powers, and for that purpose to contract with such other public corporation or corporations for the purpose of financing such acquisitions, constructions and operations. Such contracts may provide for contributions to be made by each party thereto and for the division and apportionment of the expenses of such acquisitions and operations, and the division and apportionment of the benefits, the services and products therefrom. Such contracts may contain such other and further covenants and agreements as may be necessary and convenient to accomplish the purposes hereof. The term "public corporation" as used in this subdivision shall be deemed to mean and include the United States or any public agency thereof or this or any other State or any political district, subdivision or public agency thereof.

(11) To acquire water and water rights within or without the State, but not within the county in which the authority is organized and/or located; to develop, store and transport such

water; to provide, sell and deliver water at wholesale for municipal, domestic and other beneficial uses and purposes; provided, each public agency, the area of which shall be a part of any authority incorporated hereunder, shall have a preferential right to purchase from the authority for distribution by such public agency, or any public utility therein empowered by said public agency for the purpose, for domestic, municipal and other beneficial uses within such public agency, a portion of the water served by the authority which shall, from time to time, bear the same ratio to all of the water supply of the authority as the total accumulation of amounts paid by such public agency to the authority on tax assessments and otherwise, excepting purchase of water, toward the capital cost and operating expense of the authority's works shall bear to the total payments received by the authority on account of tax assessments and otherwise, excepting purchase of water, toward such capital cost and operating expense; also to provide, sell and deliver surplus water of the authority not needed or required for beneficial purposes by the public agencies, the corporate area of which is included in such authority, but giving preference to uses within the authority; provided, that the supplying of such surplus water shall, in every case, be subject to the paramount right of the authority to discontinue the same, in whole or in part, and to take and hold, or to provide, sell and deliver, such water for domestic, municipal or other beneficial uses within the authority upon one year's written notice to the purchaser or user of such surplus water, such notice to be given by the board of directors of the authority whenever it shall be determined and declared by resolution adopted by said board of directors by a two-thirds vote thereof that such water is needed or required by any public agency, the corporate area of which is included within said authority, for domestic, municipal or other beneficial uses therein; to fix the rates therefor, and to acquire, construct, operate and maintain any and all works, facilities, improvements and property necessary or convenient therefor.

(12) To cooperate and contract with United States under the Federal Reclamation Act of June 17, 1902, and all acts amendatory thereof or supplementary thereto, or any other act of Congress heretofore or hereafter enacted authorizing or permitting such cooperation, for the purposes of construction of works, necessary or proper for carrying out the purposes of said authority, or for the acquisition, purchase, extension, operation or maintenance of constructed works, or for a water supply, or for the assumption as principal or guarantor of indebtedness to the United States; also to borrow or procure money from the United States, or any agency thereof for the purpose of financing any of the operations of the authority.

Board of directors

SEC. 6. All powers, privileges and duties vested in or imposed upon any authority incorporated hereunder shall be exercised and performed by and through a board of directors; provided, however, that the exercise of any and all executive,

administrative and ministerial powers may be by said board of directors delegated and redelegated to any of the offices created hereby or by the board of directors acting hereunder.

Members

The board of directors herein referred to shall consist of at least one representative from each public agency, the area of which shall lie within the authority. Such representatives shall be designated and appointed by the chief executive officers of said public agencies, respectively, with the consent and approval of the legislative bodies of the said public agencies, respectively.

Term

Members of the board of directors shall hold office for a term of six years, and until their successors are appointed and qualified; provided, that the terms of the members of the first board shall be determined by lot so that the terms of not less than one-half of the members shall be for three years and the terms of the remainder shall be six years; provided further, that every member shall be subject to recall by the voters of the public agency from which such member is appointed, in accordance with the recall provisions of the freeholders' charter or other law applicable to such public agency; and provided further, that any member may be recalled by the unanimous vote of the governing body of the public agency from which such member is appointed.

Vote

As a member of the board of directors, each representative shall be entitled to vote on all questions, orders, resolutions and ordinances coming before the board, and shall be entitled to cast one vote for each five million dollars ($5,000,000), or major fractional part thereof, of assessed valuation of property taxable for authority purposes in the public agency represented by him as shown by the last equalized assessment roll of the county and evidenced by the certificate of the county auditor; provided, that each representative shall have at least one vote and no public agency shall have votes exceeding in number the total number of votes of all the other public agencies whose corporate areas are included in such authority. In lieu of one representative, any public agency may at its option designate and appoint several representatives not exceeding one additional representative for each fifty million dollars ($50,000,000) of assessed valuation, but such representatives shall cast the vote to which such public agency would otherwise be entitled as a unit and as a majority of such representatives present shall determine. The affirmative votes of members representing more than fifty (50) per cent of the total number of votes of all the members shall be necessary, and, except as otherwise herein provided, shall be sufficient to carry any order, resolution or ordinance coming before the board of directors; provided, however, any meeting may be adjourned or recessed from day to day or from time to time, by vote of the director or directors present, irrespective of the number of directors present or the number of votes

represented at such meeting. For the purposes of this section, the term "major fractional part" shall be deemed to mean a fractional part larger than one-half.

Organization

Members of the first board of directors so constituted shall convene at the call of the clerk of the board of supervisors in the meeting room of the board of supervisors at the county seat of said county, and immediately upon convening, such board of directors shall elect from its membership a chairman, a vice chairman, and a secretary, who shall serve for a period of two years, or until their respective successors shall be elected and qualified.

Bonded indebtedness for public works

SEC. 7. (a) Whenever the board of directors of any authority incorporated under this act shall, by ordinance adopted by a vote of a majority of the aggregate number of votes of all the members of the board of directors, determine that the interests of said authority and the public interest or necessity demand the acquisition, construction or completion of any public improvement or works, necessary or convenient to carry out the objects or purposes of said authority the cost of which will be too great to be paid out of the ordinary annual income and revenue of the authority, said board of directors may order the submission of the proposition of incurring bonded indebtedness, for the purposes set forth in the said ordinance, to the qualified voters of such district, at an election held for that purpose. Any election held for the purpose of submitting any proposition or propositions of incurring such bonded indebtedness may be held separately, or may be consolidated or held concurrently with any other election authorized by law at which the qualified electors of the authority are entitled to vote. The declaration of public interest or necessity herein required and the provision for the holding of such election may be included within one and the same ordinance, which ordinance, in addition to such declaration of public interest or necessity, shall recite the objects and purposes for which the indebtedness is proposed to be incurred, the estimated cost of the public works or improvements, the amount of the principal of the indebtedness to be incurred therefor and the maximum rate of interest to be paid on such indebtedness, which rate shall not exceed six (6) per cent per annum, payable semiannually. Such ordinance shall also fix the date upon which such election shall be held and the manner of holding the same and the method of voting for or against incurring the proposed indebtedness. Such ordinance shall also fix the compensation to be paid the officers of the election and shall designate the precincts and polling places and shall appoint the officers of such election, which officers shall consist of one inspector, one judge and two clerks in each precinct. The description of precincts may be made by reference to any order or orders of the board of supervisors of the county in which the authority is situated, or by reference to any previous order or ordinance of the legislative body of any public agency, or by detailed description of such pre-

Election

cincts. Precincts established by the board of supervisors of the county, to a number not exceeding six (6) may be consolidated for special elections held hereunder. In the event any bond election shall be called to be held concurrently with any other election or shall be consolidated therewith, the ordinance calling the election hereunder need not designate precincts or polling places or the names of officers of election, but shall contain reference to the act or order calling such other election and fixing the precincts and polling places and appointing election officers therefor.

Publication of ordinance

(b) The ordinance provided for in subdivision (a) of this section shall be published once, at least ten (10) days before the date of the election therein called, in a newspaper of general circulation printed and published within the authority, and no other or further notice of such election or publication of the names of election officers or of the precincts or polling places need be given or made.

Conduct of election

(c) The respective election boards shall conduct the election in their respective precincts in the manner prescribed by law for the holding of general elections, and shall make their returns to the secretary of the authority. At any regular or special meeting of the board of directors held not earlier than five (5) days following the date of such election, the returns thereof shall be canvassed and the results thereof declared. In the event that any election held hereunder shall be consolidated with any primary or general election and the proposition to incur indebtedness shall be printed upon a ballot containing other propositions, the returns of the election held hereunder shall be made with the returns of the primary or general election to the board of supervisors or other bodies whose duty it shall be to canvass the returns thereof, and the results of the election held hereunder shall be canvassed at the time and in the manner provided by law for the canvass of the returns of such primary or general election. It shall be the duty of such canvassing body to promptly certify and transmit to the board of directors of the authority a statement of the result of the vote upon the proposition submitted hereunder. Upon receipt of such certificates, it shall be the duty of the board of directors to tabulate and declare the results of the election held hereunder.

Canvass of returns

Certification of result

Favorable vote

(d) In the event that it shall appear from said returns that a two-thirds majority of the electors voting on any proposition submitted hereunder at such election voted in favor of such proposition, the authority shall thereupon be authorized to issue and sell bonds of the authority in the amount and for the purpose or purposes and object or objects provided for in such proposition in such ordinance, and at a rate of interest, not exceeding the rate recited in said ordinance.

Bonds Form and maturity

(e) The board of directors shall prescribe the form of the bonds issued by the authority and of the interest coupons to be attached thereto. Such bonds shall mature serially at times

and in amounts to be fixed by the board of directors; provided, that the payment of said bonds shall begin not later than 10 years from the date thereof and be completed in not more than 50 years from said date. The bonds shall be issued in such denominations as the board of directors may determine, except that no bonds shall be of less denomination than one hundred dollars ($100), nor of a greater denomination than fifty thousand dollars ($50,000), and shall be payable on the day and at the place or places fixed in such bonds and with interest at the rate specified therein, which rate shall not be in excess of six per cent (6%) per annum, and shall be payable semiannually.

Call and redemption

The board of directors may provide for the call and redemption of any or all of said bonds on any interest payment date prior to their fixed maturity at not exceeding the par value thereof and accrued interest plus a premium of not exceeding 5 per cent upon the principal amount of said bonds in which event a statement to that effect shall be set forth in the ordinance calling the election and the call price fixed by the board of directors shall be set forth on the face of the bond. Notice of such redemption shall be published once a week for three successive weeks in a newspaper of general circulation printed and published within the authority or if there be no such newspaper printed and published within the authority then the publication shall be made in a newspaper of general circulation printed and published within the county in which the said authority is situated, the first publication of which shall be at least 30 days prior to the date fixed for such redemption. After the date fixed for such redemption, interest on said bonds thereafter shall cease.

Execution

Such bonds shall be signed by the chairman of said board of directors, or by such other officers as said board of directors shall, by resolution adopted by a majority vote of its members, authorize and designate for that purpose, and such bonds shall also be signed by the controller, or assistant controller, and countersigned by the secretary of said board of directors. The coupons of said bonds shall be numbered consecutively, and signed by said controller, or assistant controller by his lithographed or engraved signature. All such signatures and countersignatures excepting that of the controller, or assistant controller, on said bonds, may be printed, lithographed or engraved.

Signatory out of office

(f) In case any of such officers, whose signatures or countersignatures appear on the bonds or coupons, shall cease to be such officer before the delivery of such bonds to the purchaser, such signatures or countersignatures shall nevertheless be valid and sufficient for all purposes, the same as if they had remained in office until the delivery of such bonds.

Sale price

(g) Such bonds shall not be sold at a price less than the par value thereof, together with accrued interest to the date of delivery, nor until notice calling for bids therefor shall have been published in a newspaper of general circulation

Notice for bids

published and circulated in the county wherein the principal place of business of said authority shall be located. Said notice, calling for bids, shall state the time for the receipt of such bids, which shall not be less than twenty (20) days after the first publication thereof. Such notice may offer the bonds at a fixed interest rate or with the interest rate undetermined, in which event the bids shall contain a statement of the lowest rate of interest at which the bidder will take the bonds and pay par value or more therefor, together with accrued interest. Bids for such bonds shall be opened publicly and the results thereof publicly announced. Such bonds shall be sold to the highest bidder. "Highest bidder," as used in this subsection, shall mean the one which gives the authority the lowest net cost. Temporary, or interim, bonds or certificates, of any denomination whatsoever, to be signed by the controller or assistant controller, may be issued until the definitive bonds are executed and available for delivery.

Opening of bids

Temporary bonds

(h) Such bonds may be issued and sold by said board of directors as they shall determine, and the proceeds thereof, excepting premium and accrued interest, shall be placed in the treasury of said authority to the credit of the proper improvement fund, and shall be applied exclusively to the purposes and objects mentioned in said ordinance; provided, that the interest on said bonds accruing during the construction period and for one year thereafter shall be deemed to be a construction cost within the meaning of the purposes and objects mentioned in said ordinance, and such interest may be paid from said proceeds of the sales of such bonds. Premium and accrued interest shall be placed in the fund to be applied to the payment of interest on, and the retirement of, the bonds so sold. For the purposes of this section, the construction period shall be deemed to end when the works, the construction of which shall have been authorized from the proceeds of any such bond issue, shall have been placed in operation to such extent as to result in the sale and delivery in the authority, of water transported and provided by means of such works.

Proceeds

(i) The board of directors may within ninety (90) days from the date of the election authorizing the issuance of bonds, cause to be brought in the name of the authority an action in the superior court of the county in which said authority is located, to determine the validity of any such bonds and the sufficiency of the provision for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due and to constitute a sinking fund for the payment of the principal thereof on or before maturity. Such action shall be in the nature of a proceeding in rem, and jurisdiction of all parties interested may be had by publication of summons for at least once a week for three (3) weeks in some newspaper of general circulation published in the county where the action is pending, such newspaper to be designated by the court having jurisdiction of the proceedings. Jurisdiction shall be

complete within ten (10) days after the full publication of such summons in the manner herein provided. Anyone interested may at any time before the expiration of said ten (10) days appear and by proper proceedings contest the validity of such bonds and the sufficiency of the provision for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due and to constitute a sinking fund for the payment of the principal thereof on or before maturity. Such action shall be speedily tried and judgment rendered declaring such bonds to be valid or invalid, and declaring the provision for the collection of an annual tax for said purposes, to be sufficient or insufficient. Either party may have the right to appeal to the Supreme Court at any time within thirty (30) days after the rendition of such judgment, which appeal must be heard and determined within three months from the time of taking such appeal. After the expiration of ninety (90) days from the date of the election authorizing the issuance of bonds, no action may be brought to contest or question the validity of said bonds and proceedings in relation thereto or the sufficiency of the provision for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due and to constitute a sinking fund for the payment of the principal thereof on or before maturity. If there be more than one action or proceeding involving the validity of any of such bonds, or the sufficiency of the provision for the collection of an annual tax sufficient for the said purposes, they shall be consolidated and tried together. The court hearing any proceeding or action inquiring into the regularity, legality or correctness of the proceedings leading up to the issuance of bonds or the validity of such bonds or the sufficiency of such provision for the collection of an annual tax, must disregard any error, irregularity or omission which does not affect the substantial rights of the parties to said action or proceeding. The rules of pleading and practice provided by the Code of Civil Procedure, which are not inconsistent with the provisions of this act, are applicable to all actions or proceedings herein provided for. The motion for a new trial of any such action or proceeding must be heard and determined within ten (10) days from the filing of the notice of intention. The costs on any proceeding or action herein provided for may be allowed and apportioned between the parties or taxed to the losing party, in the discretion of the court.

Water rate

Tax

(j) The board of directors, so far as practicable, shall fix such rate or rates for water as will result in revenue which will pay the operating expenses of the authority, provide for repairs and maintenance, and provide for the payment of the interest and principal of the bonded debt. If, however, from any cause, the revenues of the authority shall be inadequate to pay the interest or principal of any bonded debt as the same becomes due, the board of directors shall, at the time of fixing the tax levy and in the manner for such tax

levy provided, levy and collect annually until said bonds are paid or until there shall be a sum in the treasury of the authority set apart for that purpose sufficient to meet all sums coming due for principal and interest on such bonds, a tax sufficient to pay the annual interest on such bonds, or such part thereof as shall not be met from revenues of the authority, and also sufficient to pay such part of the principal of such bonds as shall become due before the time when money will be available from the next general tax levy, or such portion thereof as shall not be met from revenues of the authority; provided, however, that if the maturity of the indebtedness created by the issue of bonds be made to begin more than one year after the date of the issuance of such bonds, such tax shall be levied and collected at the time and in the manner aforesaid annually sufficient when added to revenues of the authority available for that purpose to pay the interest on such indebtedness as it falls due and also to constitute, together with the revenues of the authority available for such purpose, a sinking fund for the payment of the principal of such bonds on or before maturity. The taxes herein required to be levied and collected shall be in addition to all other taxes levied for authority purposes and shall be collected at the time and in the same manner as other authority taxes are collected and shall be used for no purpose other than the payment of such bonds and accruing interest.

Coupon bonds Registration

(k) Coupon bonds issued hereunder, at the request of the holder, may be registered as to principal and interest in the holder's name on the books of the treasurer of the district, and the coupons surrendered and the principal and interest made payable only to the registered holder of the bond. For that purpose the treasurer of the authority shall detach and cancel the coupons, and shall endorse a statement on the bonds that the coupon sheet issued therewith has been surrendered by the holder, and the coupons canceled by such treasurer, and that the principal and the semiannual interest are thereafter to be paid to the registered holder, or order, by draft, check or warrant drawn payable at a place of payment specified in the bond, after which no transfer shall be valid unless made on such treasurer's books by the registered holder, or by his attorney duly authorized, and similarly noted on the bond. After such registration, the principal and interest of such bond shall be payable only to the registered owner. Bonds registered under this paragraph may, with the consent of the authority and the holders of the bonds, be reconverted into coupon bonds at the expense of the holder thereof, and again reconverted into registered bonds from time to time, as the board of directors of the authority and the holders of the bonds may determine. In converting coupon bonds into registered bonds, coupon bonds may be exchanged for registered bonds of one hundred dollars ($100) each, or multiples thereof, but not exceeding fifty thousand dollars ($50,000) each, in which event new registered bonds shall be issued at

the expense of the holder. Coupon bonds may be exchanged for other coupon bonds of one hundred dollars ($100) each, or multiples thereof, but not exceeding fifty thousand dollars ($50,000) each, in which event new coupon bonds shall be issued at the expense of the holder.

Fee

For each conversion or reconversion of a coupon or registered bond, the treasurer of the authority shall be entitled to charge and collect such fee as the board of directors of the authority may prescribe from time to time.

Legal investments

(*l*) All bonds heretofore or hereafter issued by any county water authority shall be legal investments for all trust funds, and for the funds of all insurance companies, banks, both commercial and savings and trust companies, and for the State school funds, and for all sinking funds under the control of the State Treasurer, and whenever any moneys or funds may by law now or hereafter enacted be invested in, or loaned upon the security of, bonds of cities, cities and counties, counties, or school districts in the State of California, such moneys or funds may be invested in, or loaned upon the security of, the bonds of such county water authority; and whenever bonds of cities, cities and counties, counties or school districts, by any law now or hereafter enacted, may be used as security for the faithful performance or execution of any court or private trust or of any other act, bonds of such county water authority may be so used.

Debt over $1,000,000 other than by voting bonds Election

SEC. 8. Any proposal to incur an indebtedness in excess of one million dollars ($1,000,000), by contract other than by voting bonds, or expenditure of bond proceeds, for the acquisition, construction or completion of any public improvements or works or for the repayment of the costs thereof, and any proposal to purchase, lease, or otherwise acquire, rights, privileges or services by contract, the compensation for which shall be payable over a period of time exceeding five years, shall be submitted to the qualified electors of the authority for their approval and shall be voted upon at an election wherein proceedings shall be had, insofar as applicable, in the manner provided in this act for the authorization and issuance of the bonds of the authority, except that the vote of a majority of the electors voting upon the proposition shall be sufficient to authorize the incurring of such indebtedness. Notice of the election herein provided for shall contain in addition to the information required in the case of bond elections, a statement of the maximum amount of money to be paid under said contract, exclusive of penalties and interest, and for what purposes it is to be expended and the property, improvements, works, rights, privileges or services to be acquired thereby. The ballots at such election shall contain a brief statement of the general purposes of said contract and the amount of the obligation to be assumed as aforesaid, with the words "Contract—Yes" and "Contract—No." The board of directors may submit such contract or proposed contract to the superior court of the county wherein the authority is located to determine the

Certificate of assessed valuation

SEC. 9. (a) Immediately after equalization and not later than the fifteenth day of August of each year, it shall be the duty of the auditor of the county wherein such authority shall lie, to prepare and deliver to the controller of the authority a certificate showing the assessed valuation of all property within the authority, and also such assessed valuation segregated according to public agencies, the areas of which lie within the authority.

Levy of tax

(b) On or before the twentieth day of August the board of directors of the authority shall by resolution determine the amount of money necessary to be raised by taxation during the fiscal year beginning the first day of July next preceding and shall fix the rate of taxation of the authority, designating the number of cents upon each one hundred dollars ($100) assessed valuation of taxable property and shall levy a tax accordingly:

(1) Sufficient, when taken with other revenues available for the purpose, to meet interest and sinking fund requirements on all outstanding bonded indebtedness of said authority; and sufficient, when taken with other revenues available for the purpose, to meet the payment of the principal and interest on any refunding bonds, or any bonds the issuance of which may have been authorized by the electors and which bonds have not been sold but which, in the judgment of the board of directors, will be sold prior to the time when money will be available from the next subsequent tax levy, and in case such bonds are not so issued and sold or such tax for any other reason is not required for said purpose, the tax so levied shall be applied to the payment of interest and/or principal on any refunding bonds, or on any bonds authorized by the electors, then outstanding or subsequently issued and/or sold; and

(2) For all other authority purposes.

(c) The board of directors shall also cause to be computed and shall declare in said resolution the amount of money to be derived from the area of the authority lying within each separate public agency by virtue of the tax levy. In such resolution the board shall also fix and determine the times and proportional amounts of installments in which any public agency may elect to make payment in lieu of taxes as hereinafter provided. The board shall immediately cause certified copies of such resolution to be transmitted to the presiding officer of the governing body of each such public agency.

Payments out of funds in lieu of tax. Order

(d) On or before the twenty-fifth day of August of each year the governing body of each such public agency may elect to pay out of its funds available for that purpose all or any portion of the amount of tax which would otherwise be levied

upon property within such public agency. Such election shall be made by order upon motion, which order shall recite that such payment shall be made in cash concurrently with the certification of such order to the controller of the authority, or that such payment shall be made in installments and the times wherein such installments shall be payable and the amounts thereof, which amounts shall be in accordance with the requirements of the board of directors of the authority as approved by resolution. In the event that any public agency shall elect to pay in cash, or by deferred installments, money or any part thereof which would otherwise be levied upon property within the public agency, it shall immediately certify to the controller of the authority a copy of such order and a statement showing its financial condition, the funds from which such payments shall be made and the sources of revenue to be used therefor; provided, however, that in the event any public agency shall elect to pay in cash all or any portion of the amount of tax which would otherwise be levied upon property within such public agency to meet interest and sinking fund requirements on the outstanding bonded indebtedness of said authority, such amount so elected to be paid shall be deposited with the treasurer of said authority on or before the twenty-seventh day of August next following such election; and provided, also, that unless such payment is so made in the case of interest and sinking fund requirements, and unless such election, as to all other taxes, shall provide for payments in accordance with the resolution of the board of directors as hereinbefore provided for, then such election shall be ineffective for any purpose.

Tax rate

(e) Before the first day of September the controller of the authority shall cause to be prepared and transmitted to the auditor of the county in which the authority shall lie, a statement showing the tax rate to be applied to assessed property in each public agency, which rate shall be the rate fixed by resolution of the board of directors modified to the extent necessary to produce from each public agency only the amount of money apportioned thereto in said resolution, less any amount paid or undertaken to be paid by such public agency, or credited thereto as herein provided, but if any fraction of a cent occur, it must be taken as a full cent on each one hundred dollars ($100).

Collection of tax

(f) Upon receipt by the auditor of the county in which such authority shall lie, of a certified copy of the controller's statement showing the tax rate to be applied to assessed property in each public agency, and showing the public agencies, the assessed property in which is exempt therefrom, if any, it shall be the duty of the county officers to collect taxes for the benefit of the authority at the rate specified as herein provided. The taxes so levied shall be computed and collected at the same time and in the same manner required by law for the assessment, computation and collection of taxes for county purposes, and the property subject to such tax shall be subject

to the same penalties for delinquency, and the same provisions of law relating to the sale of property for nonpayment of county taxes and redemption thereof shall apply to the tax herein authorized. When so collected, such taxes shall be paid over to the treasurer of the authority, subject to the deduction herein authorized.

Deduction

In consideration of services rendered hereunder, any county shall annually be entitled to deduct and retain for its own use and benefit an amount not exceeding 1 per cent on the first twenty-five thousand dollars ($25,000) collected hereunder, and one-fourth of 1 per cent of any amount in excess of twenty-five thousand dollars ($25,000) collected hereunder. The board of supervisors of each such county may provide such extra help as in their judgment may be necessary for the proper performance of duties hereunder.

Redemption after tax sale

(g) Whenever any real property situated in any authority organized hereunder and upon which a tax shall have been levied, as herein provided, shall be sold for taxes and shall be redeemed, the money paid for such redemption, except advertising costs, shall be apportioned and paid in part to such authority in the proportion which the tax due to such authority shall bear to the total tax for which such property shall have been sold. All taxes levied together with penalties, interests and costs under the provisions of this act shall be a lien upon the property upon which levied, and the enforcement of the collection of such tax shall be had in the same manner and by the same means as is or shall be provided by law for the enforcement of liens for county taxes, and all of the provisions of law relating to the enforcement of such taxes are hereby made a part of this act so far as applicable.

Payments by public agencies in avoidance of tax

(h) Public agencies, the areas of which are included within any county water authority incorporated hereunder, are hereby authorized to pay to any such authority, out of funds derived from the sale of water or other funds not appropriated to some other use, such amounts as may be determined upon by the governing bodies thereof, respectively. Such payments may be made in avoidance of taxes as herein provided, or otherwise, and are hereby declared to be for a public purpose and shall not be deemed gratuitous or in the nature of gifts, but shall be deemed payments for water or services in connection with the distribution of water. Any public agency making any such payment to any authority incorporated hereunder, whether in avoidance of taxes or otherwise, shall receive credit therefor and the amount of the payment so made by any public agency shall be deducted from the amount of taxes which would otherwise be levied against property lying therein as herein provided. In the event that payment so made by any public agency shall exceed the amount of taxes which would otherwise have been levied against property within such public agency, the amount of such excess without interest shall be carried over and applied in reduction

Credit

of taxes levied, or which would otherwise have been levied during the ensuing year or years.

Reimbursement

Any public agency, including a county, which shall have incurred expenses in negotiating contracts or in the investigation of or preliminary work upon any works or projects or in making payments on account of any such contracts, works or projects, taken over by the authority, may receive, and the authority so taking over any such contracts, works or projects may make to such public agency, reimbursement for all such sums so expended, or to be expended, for expenses incurred in such negotiations for, investigation of, preliminary work upon, or payments made on account of the contracts, works or projects so taken over by the authority, to the extent that the board of directors of the authority shall find that such expenditures have benefited such authority, it being the intention of this provision to permit the authority to purchase, and the public agency to sell, assign and transfer such contracts, works or projects taken over by such authority. The sum so to be paid by such authority to such public agency shall be such amount as may be mutually agreed upon.

Credit

As an alternative to the purchase and sale of any contracts, works or projects taken over by the authority, as hereinabove provided, any public agency which shall have incurred expenses in negotiating contracts or in the investigation of or preliminary work upon any such works or projects or in making payments on account of any such contracts, works or projects taken over by the authority, may certify the amount thereof, without interest, to the board of directors of said authority at any time within four (4) years from the date of the incorporation of such authority, or the incurring of such expenses, if such authority be already incorporated, and if allowed by the board of directors, such amount shall be credited to the public agency which incurred the same, and such expenditures shall be considered as a payment of money made as herein provided for which deduction shall be made from the amount of taxes which would otherwise be levied against property lying within such public agency.

Any public agency which shall incur expenses in preliminary work in preparing for the incorporation of or in the incorporation of any authority hereunder likewise may certify the amount thereof, without interest, to the board of directors of said authority at any time within four (4) years from the date of the incorporation of such authority, and if allowed by the board of directors, such amount shall be credited to the public agency incurring the same, and shall be considered as a payment of money made as herein provided, for which deduction shall be made from the amount of taxes which would otherwise be levied against property lying within such public agency.

Effect of payment or credit

No such payments of money made in lieu of taxes or otherwise, or such credit allowed by such board of directors, as hereinabove provided, shall apply to reduce the amount of

taxes which would otherwise be levied against the property within such public agencies respectively, to meet interest and sinking fund requirements on outstanding bonded indebtedness of such authority.

Such certification and allowance shall be made on or before the first Monday in July, and the amount of money to be raised by taxation shall be computed with reference to the credit to be allowed as herein provided, but such credit may, in the discretion of the board of directors, be considered in connection with the amount of money to be raised by the next tax levy, or may be spread over subsequent years, not to exceed five.

Penalty

(i) If any public agency shall fail to comply with the terms of the order relating to payments to be made to the authority in lieu of taxation, or if any public agency annexed to the authority shall fail to comply with the terms and conditions fixed by the board of directors and upon which such annexation occurred, the amount of the delinquency, plus a penalty of 8 per cent shall be added to the taxes to be collected during the ensuing fiscal year, from the property within such delinquent public agency, and thereafter for a period of two (2) years no order or ordinance shall be sufficient to exempt the property in said public agency from taxation hereunder unless it be accompanied by payment in cash of the amount which would otherwise be collected from owners of property within the public agency, together with all moneys due but unpaid under any previous order, or annexation provision.

Provisions directory only

(j) All provisions herein, or in any ordinance adopted pursuant hereto, relating to the respective times when the various acts pertaining to the levy of taxes are to be performed, are directory only, and failure to perform any such act or acts within the time so specified shall not impair the legal authority herein conferred to perform all subsequent acts relating to the levy of such taxes. In the event that any of the provisions of law respecting the time and manner of assessing property for purposes of taxation, of equalizing such assessments, of certifying such assessed valuations to the taxing authorities, of making the tax levies, of certifying such tax levies to the proper authorities for extension upon the tax rolls, and for enforcement and collection of such taxes or of performing any other act regarding the assessment, levy or collection of taxes be amended, changed, repealed or newly enacted, and as a result thereof, it should appear to the board of directors of the authority that the time schedule provided herein respecting the levy of authority taxes be no longer consistent with such modified tax procedure, then said board of directors by ordinance may prescribe a new schedule setting forth the times when the various acts herein required to be done in levying authority taxes shall be performed. Nothing contained in this paragraph shall relieve the board of directors of its

New time schedule

duty to provide adequate funds, by annual tax levies if necessary, to meet the interest and principal requirements of the bonded debts as they fall due.

Rate for preceding tax year

(k) For the purpose of assessing and collecting, under the provisions of Section 9 (a) of Article XIII of the Constitution of the State of California, the taxes levied by any authority incorporated hereunder, the rate for taxes levied for the preceding tax year, as such phrase is employed in said section of the Constitution, shall be the rate fixed for such preceding tax year by the board of directors of such authority pursuant to Section 9, subdivision (b) of this act.

Refund

In the event that any public agency, pursuant to the provisions of Section 9, subdivision (d) of this act, shall elect to pay the whole or any portion of the amount of taxes to be derived from the area of the authority within such public agency, as such amount shall have been fixed by resolution of the board of directors, a refund shall be made by the authority to each taxpayer thereof who shall have theretofore paid any tax collected under the provisions of said section of the Constitution, in the proportion that such public agency shall have so elected to pay the amount so to be derived. The board of directors shall adopt regulations providing for the presentation and audit and payment of claims for such refunds. No claim for such refund shall be granted unless such claim shall have been filed within one year from the date when the right to such refund shall have accrued.

Annexation

SEC. 10. Annexation to the territory of any authority organized hereunder may be effected by either of the following methods:

(a) Whenever any area shall be annexed to or consolidated with any public agency, the area of which shall be a part of any authority organized hereunder, such annexed or consolidated area shall by virtue of its annexation or consolidation to such public agency become and be a part of such authority and shall be taxable equally with other parts of such authority to pay the indebtedness of the authority outstanding at the time of such annexation or consolidation.

(b) The governing or legislative body of any public agency may apply to the controller of any county water authority for a statement showing the amount of the bonded and other indebtedness of the authority, the assessed value of the taxable property therein according to the most recent assessment, and the names of all public agencies, the areas of which are included within the authority, and it shall thereupon be the duty of the controller to furnish such information to the applicant. After consideration of such statement the governing body of such public agency may apply to the board of directors of such county water authority for consent to annex such public agency to the said authority. The board of directors may grant or deny such application and in granting the same may fix the terms and conditions upon which such public agency may be annexed to and become a part of the authority,

to the end that burdens, including the bonded debt, shall be equitably distributed over all parts of the authority, having due regard to benefits. The action of the board of directors evidenced by order made on motion shall be promptly transmitted to the governing body of such applying public agency, which governing body may thereupon submit to the qualified electors of such public agency, at any general or special election held therein, the proposition of such annexation subject to the terms and conditions fixed as herein provided. Notice of such election shall be given by posting or publication; when given by posting such notice shall be posted at least 10 days and in three public places in the public agency; when given by publication such notice shall be published once at least 10 days before the date fixed for the election in a newspaper of general circulation published in the public agency. Such notice shall contain the substance of the terms and conditions fixed by the board of directors, as herein provided. Such election shall be conducted and the returns thereof canvassed in the manner provided by law for elections in such public agency. If such proposition shall receive the affirmative vote of a majority of electors of such public agency voting thereon at such election, the governing body of such public agency shall certify the result of such election on said proposition to the board of directors of said authority and a certificate of proceedings hereunder shall be made by the secretary of the authority and filed with the Secretary of State. Upon the filing thereof in the office of the Secretary of State, such public agency shall become, and be an integral part of such county water authority, and the taxable property therein shall be subject to taxation thereafter for the purposes of said authority, including the payment of bonds and other obligations of such authority at the time authorized or outstanding.

(c) The inclusion in, or annexation to a county water authority of the corporate area of any public agency referred to in Section 2 of this act, shall not destroy the identity or terminate the legal existence or impair the powers of any such public agency, notwithstanding the identity of purpose or substantial identity of purpose of such county water authority.

(d) The validity of any proceedings for the annexation of a public agency to any authority organized hereunder, shall not be contested in any action unless such action shall have been brought within three months after the completion of such proceedings.

Withdrawal

SEC. 11. Any public agency whose corporate area has become or is a part of any authority may withdraw therefrom in the following manner:

The governing body of any such public agency may submit to the electors thereof at any general or special election the proposition of withdrawing from any authority incorporated thereunder. Notice of such election shall be given in the manner

provided in subdivision (b) of Section 10 hereof. Such election shall be conducted and the returns thereof canvassed in the manner provided by law for conduct of elections in said public agency. In the event that the majority of the electors voting thereon vote in favor of such withdrawal, the result thereof shall be certified by the governing body of such public agency to the board of directors of the authority. A certificate of the proceedings hereunder shall be made by the secretary of the authority and filed with the Secretary of State, and upon the filing of such certificate the area of the public agency so withdrawing shall be excluded from the said authority, and shall no longer be a part thereof; provided, however, that the property within the said public agency as it shall exist at the time of such exclusion shall continue taxable for the purpose of paying said bonded and other indebtedness outstanding or contracted for, at the time of such exclusion and until such bonded or other indebtedness shall have been satisfied.

Interested officer or employee

SEC. 12. Except as herein provided, no director or any other officer or employee of the authority shall in any manner be interested, directly or indirectly, in any contract awarded or to be awarded by the board of directors, or made or to be made by such officer or employee pursuant to discretionary authority vested in him, or in the profits to be derived therefrom. Notwithstanding the fact that such director or other officer or employee of the authority may be a stockholder or bondholder or director or other officer or employee of a corporation contracting with the authority, contracts may be made with such corporation for its general benefit unless such director or officer or employee of the authority shall own or control, directly or indirectly, stock or bonds to an amount exceeding five per centum (5%) of the total amount of the stock or bonds, respectively, of such contracting corporation issued and outstanding. For any violation of this section such director or other officer or employee of the authority shall be deemed guilty of a misdemeanor, and such conviction shall work a forfeiture of his office, or employment, and he shall be punished by a fine not exceeding five hundred dollars ($500), or by imprisonment in the county jail not exceeding six (6) months, or by both such fine and imprisonment.

Misdemeanor

Administration not provided for

SEC. 13. All matters and things necessary for the proper administration of the affairs of said authority which are not provided for in this act shall be provided for by the board of directors of the authority by ordinance. Any action required by this act to be done by resolution may be done, with equal validity, by ordinance.

Deposit of funds

SEC. 14. The treasurer of any authority organized under the provisions of this act is hereby expressly authorized to deposit funds of such authority in banks in the manner provided by law for the deposit of moneys of a municipality or other public or municipal corporation.

Fiscal year

SEC. 15. The fiscal year of any authority incorporated hereunder shall commence on the first day of July of each

year and shall continue until the close of the thirtieth day of June of the year following. As promptly as shall be possible after the close of each fiscal year, it shall be the duty of the controller of the authority to prepare and transmit to the chief executive officer of each public agency, the area of which shall lie within the authority, a statement of revenues and expenditures in such detail as shall be prescribed by the board of directors; also a statement of the amount of water stored by the authority and the amounts used by the respective public agencies, the areas of which shall lie within the authority. SEC. 16. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

Urgency

Due to the shortage of manpower many employers have to cooperate in the employment and sharing of night watchmen. Under the present law these men technically would be required to comply with the laws governing private detectives, run the gauntlet of a complicated license procedure and file a surety bond. When other employment is so readily available most persons will not make the effort to meet these difficulties. As a consequence businesses and residences in unincorporated areas which are sorely in need of protection are unable to obtain it.

This act shall be in effect only as to all such allocations and payments for fiscal years beginning prior to July 1, 1945, except that no further determinations of population shall be made hereunder after the termination of hostilities in the present war, as declared by resolution of Congress or by proclamation of the President. Thereafter this act shall cease to be effective.

SEC. 5.5. This act does not apply to counties.

Urgency

SEC. 6. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

The National defense and wartime industrial activities in the State of California have resulted in tremendous increases in population in a number of cities in the State. Such influx of city and city and county population has created grave and serious problems for the affected cities and cities and counties in maintaining and in constructing the street and highway facilities which are required to take care of expanded housing projects for workers essential to the war industry and in maintaining the streets and highways within such cities and cities and counties in condition to furnish adequate service for transportation which is essential to the war industry. If this act be made effective prior to the fiscal year beginning July 1, 1943, it will provide immediate relief for this situation without upsetting or delaying the allocation of such State funds for expenditure among all of the cities and cities and counties of the State. It is therefore necessary that this act go into immediate effect.

CHAPTER 582

An act providing for the taking of a census in cities, declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 18, 1943. Filed with Secretary of State May 18, 1943.]

In effect immediately

The people of the State of California do enact as follows:

City census. Ordinance

SECTION 1. Whenever it is desirable for the purposes of Sections 73, 73a, 73b and 142 of the Code of Civil Procedure

and Section 4312 of the Political Code to establish the population of any city, the city council or other governing body, in years other than those in which a census is taken by the United States, may adopt an ordinance providing that a census be taken in the city.

Rules and regulations

SEC. 2. The ordinance shall prescribe the rules and regulations for taking the census, so that an accurate count shall be made of the inhabitants of the city.

Census takers

SEC. 3. Census takers shall be appointed by the governing body of the city and sworn to faithfully perform their duties. All reports of the census takers shall be sworn to before any officer authorized to take oaths.

Census report

SEC. 4. A certified copy of the final census report shall be prepared by the city clerk and filed by him in the office of the Secretary of State, and thereupon shall be the official census of the city for the purposes of Sections 73, 73a, 73b and 142 of the Code of Civil Procedure and Section 4312 of the Political Code.

Expense

SEC. 5. The expense of taking the census is a city charge.

Urgency

SEC. 6. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

There has been an immense shift in population due to the growth of shops, yards and factories engaged in war production, resulting in certain cities far exceeding their 1940 population. Due to the distance of these cities from the county seats and the scarcity of tires, gasoline and other methods of transportation, it is essential that persons in these cities be enabled to attend sessions of the superior court with a minimum of travel. In order to permit court sessions to be held in these cities, a new census of the cities is required to be authorized by the Legislature.

CHAPTER 583

An act to provide for the augmentation of the food and fiber supply of this State and Nation by authorizing public officers of this State to acquire by eminent domain and otherwise agricultural machinery and equipment, and for the use of such agricultural machinery and equipment, making an appropriation therefor, and declaring the urgency of said act, to take effect immediately.

In effect immediately

[Approved by Governor May 18, 1943. Filed with Secretary of State May 18, 1943.]

The people of the State of California do enact as follows:

Necessity for act

SECTION 1. The Legislature of the State of California hereby declares that the production of food and fiber is of vital importance to the people of the State of California and of this Nation;

that such production is essential to the successful prosecution of the war; and that it is imperative that idle and unused agricultural machinery and implements be put to the fullest use possible in order to attain these objectives, to prevent want and suffering, and to foster and promote the public peace, health and safety.

It is, therefore, necessary that the right of the State of California to take private property for public use shall be extended to the taking of agricultural machinery and equipment, and the use of such machinery and equipment for the production of food and fiber by and under the direction of the State is hereby declared to be a public use within the meaning of Section 14 of Article I of the Constitution of this State and of Title 7, Part 3 of the Code of Civil Procedure.

"Idle and unused agricultural machinery"

SEC. 1.5. The term "idle and unused agricultural machinery and implements," as used in this act, does not apply to any machine or implement which is:

(a) In actual, but not necessarily continuous, use in farming operations; or

(b) Owned by persons, associations or corporations engaged in farming operations in California; or

(c) Owned by manufacturers or dealers.

Acquisition of agricultural machinery

SEC. 2. Whenever the State Farm Production Director or the Director of Agriculture finds that public interest and necessity require the acquisition of such agricultural machinery or implements for use in augmenting the production of food and fiber in this State, such director shall deliver a certification to the Director of Finance with a request that the Director of Finance proceed to acquire such machinery or implements by eminent domain.

Certification

SEC. 3. Such certification shall:

(a) Describe the machinery or implements.

(b) State the place in which they are stored or located.

(c) State the name or names of persons having or claiming any interest therein.

(d) State the necessity for the acquisition of such machinery or implements.

(e) State the use to which such machinery or implements will be put, if acquired.

(f) State, if immediate possession of such machinery or implements is desired, the reasons for the necessity of taking immediate possession.

Determination

SEC. 4. Upon receipt of such a certification, the Director of Finance shall review the facts set forth therein and determine in writing whether the machinery or implements described are necessary for the augmentation of food and fiber production in this State and whether the use to which such machinery or implements is to be put is a public use. If the certification requests that immediate possession be taken of such machinery or implements, his determination shall include a finding as to the necessity of taking immediate possession.

The determination of the Director of Finance that the facts set forth in such a certification are true is conclusive evidence that the public interest and necessity require the acquisition of the property described therein and that the use to which the property is proposed to be put is a public use within the meaning of this act.

Eminent domain

SEC. 5. After making such a determination the Director of Finance shall proceed to acquire the property by eminent domain, pursuant to Title 7 of Part 3 of the Code of Civil Procedure, except that:

Exceptions

(a) In lieu of the description of the property provided for by Section 1244 of the Code of Civil Procedure, the complaint may identify the agricultural machinery or equipment by an inventory rather than a minute description.

(b) The summons need not contain the inventory, but may refer to the complaint and shall identify the property by its location or by the name, if any, of the place on which it was last used.

(c) The description in the lis pendens shall be substantially the same as the description of the property in the complaint.

Action

SEC. 6. If the certification requests that the Director of Finance take immediate possession of the agricultural machinery or implements, and the determination of the Director of Finance contains a finding that the taking of immediate possession is necessary, the Director of Finance may file in the action, with the complaint, or any time before judgment, a declaration of taking declaring that the property described in the declaration is to be taken for the use of the State of California.

Declaration of taking

The declaration of taking shall contain, or have annexed thereto:

(a) A statement of the authority under which and the public use for which the agricultural machinery or implements are taken.

(b) A description of such machinery or implements sufficient for identification thereof.

(c) A statement of interest in such machinery or implements to be taken.

(d) A statement of the sum of money estimated by the Director of Finance to be just compensation for the machinery or implements taken and adequate to secure the owner against any damage incident to such taking, including damages sustained by reason of an adjudication that there is no necessity for taking the property or that the use for which the property is taken is not a public use.

(e) A certified copy of the determination of the Director of Finance made pursuant to Section 4.

Compensation

If the court finds that the sum of money estimated by the Director of Finance is just compensation for the machinery or implements taken, it shall also make a finding as to an amount which will be adequate to secure the owner of the property against any damage incident to such taking, including damages sustained by reason of an adjudication that there is no necessity

for taking the property or that the use for which the property is taken is not a public use, as soon as such damages can be ascertained according to law, and shall thereupon make its order that upon the payment into court by the Director of Finance of such amounts, the director may take immediate possession of the agricultural machinery or implements. Order

Upon the entry of such an order and the payment into court of the amount set forth in the order, the Director of Finance may proceed to take immediate possession of such agricultural machinery or implements.

SEC. 7. At any time prior to or after the filing of an action in eminent domain by the Director of Finance pursuant to this act, the director may negotiate with the owner of such property and acquire title thereto and pay to such owner the reasonable value of such property. Negotiation

SEC. 8. Upon taking possession of the property pursuant to this act, the Director of Finance shall deliver the property to the State Farm Production Director or Director of Agriculture, whichever certified to him the necessity for the acquisition of the property. Delivery of property

SEC. 9. Supplementary to the powers conferred and the duties imposed upon the State Farm Production Director and the Director of Agriculture, by other provisions of law in respect to the augmentation of the food and fiber supply of this State, such officers may, directly or through the Director of Finance, use such property in the augmentation of the food and fiber supply of this State, or direct its use for such purposes and make such contracts and arrangements in connection therewith as may be necessary therefor. No arrangement made by either director for the use of agricultural machinery or equipment taken pursuant to Section 6 and pending the vesting of title in the State shall divest the director making the agreement of the power to return such machinery or equipment should it be determined by a final judgment that such machinery or equipment should be restored to the owner. Use of property

SEC. 10. Out of any moneys in the State treasury not otherwise appropriated to the Department of Finance there is hereby appropriated for the purposes of this act, the sum of one hundred fifty thousand dollars ($150,000). Appropriation

SEC. 11. This act shall remain in effect until the ninety-first day after final adjournment of the Fifty-sixth Regular Session of the Legislature or until the cessation of hostilities in all wars in which the United States is now engaged, whichever first occurs. While this act is in effect it shall supersede any existing provisions of law which are in conflict with this act; but such provisions are not repealed by this act and after this act is no longer effective shall have the same force as though this act had not been enacted. Duration Existing law

SEC. 12. If any provision of this act, or the application thereof to any person or circumstance, is held invalid, the Constitutionality

remainder of the act, or the application of such provision to other persons or circumstances, shall not be affected thereby.

Urgency

SEC. 13. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

There is at the present time in California a substantial amount of agricultural machinery and equipment that in some cases is not being used at all, and in others is not being used to the fullest extent possible for the augmentation of the food and fiber supply of this State. It is essential to the successful transaction of the war and to the health and safety of the people of this State that the supply of food and fiber be augmented by every means possible, and the fullest use of all agricultural machinery and equipment in this State is required for the attainment of this objective.

CHAPTER 584

Stats 1935, p 1338, amended

The people of the State of California do enact as follows:

New section

Return to office or employment after military service

395.3. In the event that any public officer or employee has resigned or resigns his office or employment to serve or to continue to serve in the armed forces of the United States or in the armed forces of this State, he shall have a right to return to and reenter the office or employment prior to the time at which his term of office or his employment would have ended if he had not resigned, on serving a written notice to that effect upon the authorized appointing power, or if there is no authorized appointing power, upon the officer or agency having power to fill a vacancy in the office or employment, within six months of the termination of his active service with the armed forces.

"Public officers and employees"

As used in this section, "public officers and employees" includes all of the following:

(a) Members of the Senate and of the Assembly.

(b) Justices of the Supreme Court and the District Courts of Appeal, judges of the superior courts and of the municipal courts, and all other judicial officers.

(c) All other State officers and employees, whether or not within the State civil service, including all officers for whose selection and term of office provision is made in the Constitution and laws of this State.

(d) All officers and employees of any county, city and county, city, township, district, political subdivision, authority, commission, board, or other public agency within this State.

This section shall be retroactively applied to extend the right of reentry into public office or employment to public officers and employees who resigned prior to its effective date.

Exception

This section does not apply to any public officer or employee to whom the right to reenter public office or employment after service in the armed forces has been granted by any other provision of law.

Constitutionality

If any provision of this section, or the application of this section to any person or circumstance, is held invalid, the remainder of this section, or the application of this section to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby.

Urgency

SEC 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

An emergency exists in the United States and the State of California in providing adequate armies and facilities of defense. National Guard units have been called into the Federal service, and reserve officers have been called into active service. Many public officers and employees have resigned their offices and employments to serve in the armed forces of the United States and of the State of California and many others will do so in the immediate future. To protect those officers and employees who have patriotically responded to the call of duty and enable them to return to public office or employment at the expiration of the present emergency, and to encourage others to offer their services to the State or Nation in the capacity in which they are most urgently needed, it is necessary that this act take effect immediately.

990.8. Due notice of the time and place of sale of all bonds shall be given by said Treasurer by publication in one newspaper published in the City and County of San Francisco and also by publication in one newspaper published in the City of Sacramento and by publication in one newspaper published in the City of Los Angeles once a week during four weeks prior to such sale. In addition to the notice last above provided for, the State Treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars ($500) for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said Treasurer into the Veterans' Farm and Home Building Fund of 1943 and must be used exclusively in aiding veterans in the acquisition of, or payments for, farms and homes, in accordance with the provisions of this article and Article 3 of this chapter; provided, that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof.

Use of proceeds

Investment of surplus moneys

990.9. The Veterans' Welfare Board is authorized, with the approval of the State Department of Finance, to invest any surplus moneys in the Veterans' Farm and Home Building Fund of 1943 in bonds of the United States, or of the State of California, or of the several counties or municipalities or other political subdivisions of the State of California, and to sell such bonds, or any of them, at the governing market rates, upon approval of the State Department of Finance; or the Veterans' Welfare Board may, with the approval of the Director of Finance, invest moneys in such fund, in interest-bearing certificates of deposit of State banks having a paid-up capital of five hundred thousand dollars ($500,000) or more; provided, that the total amount of money so deposited with any one bank shall not exceed a sum equal to 50 per cent of the paid-up capital of such bank; provided, however, that nothing herein contained shall inhibit or be construed to inhibit the depositing in banks in accordance with

Stats 1923, p 21

the provisions of an act entitled "An act to authorize and control the depositing in banks of moneys belonging to or in the custody of the State and to repeal all acts or parts of acts conflicting with this act," approved April 12, 1923, and of any and all acts amendatory thereof or supplemental thereto, of moneys of any of the funds subject to the control of the Veterans' Welfare Board or appropriated for its use.

Interest accruing upon the deposit of moneys of the Veterans' Farm and Home Building Fund of 1943 shall be paid into and credited to said fund.

Veterans' Finance Committee of 1943

991. There is hereby created a Veterans' Finance Committee of 1943 composed of the Governor, State Controller, State Treasurer, Director of Finance, and chairman of the Veterans' Welfare Board, all of whom shall serve thereon without compensation and a majority of whom shall be empowered to act for said committee. The Attorney General of the State shall be the legal adviser of the Veterans' Finance Committee of 1943.

991.1. Whenever the said Veterans' Finance Committee of 1943 shall have determined that a bond issue under this article is necessary or desirable to carry such plans and projects into execution, it shall adopt a resolution to this effect. The said resolution shall authorize and direct the State Treasurer to prepare the requisite number of suitable bonds and shall specify:

1. The aggregate number, aggregate par value, and the date of issuance of the bonds to be issued.

2. The date or dates of maturity of the bonds to be issued and the number and numerical sequence of the bonds maturing at each date of maturity.

4. The number, numerical sequence, amount or amounts and the dates of maturity of the interest coupons to be attached to the said bonds.

5. The technical form and language of the bonds to be issued and of the interest coupons to be attached thereto.

Maturity dates

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the Veterans' Finance Committee of 1943 shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the Veterans' Welfare Board from the transactions to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments

on the said bond issue, they shall coincide, as nearly as practicable, with the dates and amounts of such estimated revenues; provided, that the bonds first to mature in each issue, shall mature not later than five years from the date of issuance thereof; provided further, that specified numbers of bonds of specified numerical sequence shall thereafter mature at annual intervals; and provided further, that the bonds last to mature in each issue shall mature not later than 45 years from the date of issuance thereof.

Interest rate

The rate of interest to be borne by the bonds shall be uniform for all the bonds of the same issue and shall be determined and fixed by the Veterans' Finance Committee of 1943 according to the then prevailing market conditions, but shall in no case exceed 5 per cent per annum, and the determination of said committee as to the rate of interest shall be conclusive as to the then prevailing market conditions. The interest coupons to be attached to the said bonds shall be payable at semiannual intervals from the date of issuance of said bonds; provided, that the interest coupon first payable may, if the Veterans' Finance Committee of 1943 shall so determine and specify, be payable one year after the date of issuance of said bonds.

Stats. 1939, p. 1274, amended

[Approved by Governor May 19, 1943. Filed with Secretary of State May 19, 1943.]

In effect immediately

The people of the State of California do enact as follows:

"Operator" does not include any person who is excluded from such term by Section 9603 who, for the purpose of conserving tires, motor vehicle equipment or motor vehicle supplies, pursuant to directives from Federal agencies created by executive order of the President under authority granted him by Congress, or by reason of orders received

The Federal Government has declared the existence of a transportation emergency and has issued executive orders through its duly authorized agencies to govern the use of commercial motor vehicles for the purpose of conserving tires, vehicle equipment, and vehicle supplies, and, to eliminate the waste and duplication of transportation facilities. Full compliance with these orders is vitally necessary for the successful prosecution of the war effort. However, such compliance may at the same time result in the violation of the motor vehicle transportation license tax law. This the Legislature and the people of this State believe would be unfair to those particularly involved and detrimental to the Nation at large; and believe, further, can be corrected upon the taking effect of this act at the earliest possible date.

A statement of the facts constituting such necessity is as follows:

The time of an enemy attack on, or invasion of, the State of California is unpredictable. It may well occur after the final adjournment of this session of the Legislature and before the statutes would normally take effect if not enacted as urgency measures. It is therefore imperative that no risk be taken that the State will be powerless to expend moneys necessary for the immediate and temporary relief, protection and safeguarding of the health and safety of persons in this State in the case of such an event.

It is also essential to the successful prosecution of the war that all moneys in the State treasury not required for immediate expenditures be made available to the Government of the United States by means of purchases of securities of said Government, and insofar as this act authorizes the immediate expenditure of all or a portion of the moneys appropriated for this act it will contribute to the successful prosecution of the war.

(d) That there is no occupation of the lands adverse to any that he has, or if there is an adverse occupation the affidavit shall show that the township has been sectionized three months, and that the adverse occupant (giving his name) has been in such occupation more than 60 days since the plat was filed in the United States land office.

(e) That he desires to purchase the lands for his own use and benefit, and for the use or benefit of no other person or persons whomsoever, and that he has made no contract or agreement to sell the lands.

(f) That the land is suitable for cultivation, that the applicant is an actual settler thereon, and that he has not entered any portion of any lands mentioned in Section 7351, which, together with that now sought to be purchased, exceeds 320 acres.

No application shall contain lands situate in more than one county.

Land suitable for cultivation. Defined

7357. The commission shall make and enforce all necessary rules and regulations to prevent the sale of school lands suitable for cultivation to any person not an actual settler thereon. Any smallest legal subdivision of school lands shall be deemed suitable for cultivation if any part not less than one-half of its area will, without artificial irrigation, but with or without the clearing of timber or other growth therefrom, by the ordinary processes of tillage, produce ordinary agricultural crops in average quantity.

Contest of right to purchase

7358. Any contest of the applicant's right to purchase, arising from the character of the land as cultivable or otherwise, may be referred to the superior court of the proper county, as in other cases, for determination. No contest of the applicant's right to purchase, arising from adverse occupation, shall be maintained, except by a prior adverse occupant, who has filed an application to purchase the land under this article and no occupation of land by a person other than the applicant is an adverse occupation within the meaning of this section, unless the occupation is by a person who is entitled to purchase the lands under the provisions hereof, and who files his application therefor within the time prescribed by Section 7355.

Land not open to entry

7359. If any portion of the land applied for is not open to entry, the commission shall file the application for such portion as is open to entry, and shall eliminate from the application such land as is not open to entry.

False statement

7360. Any false statement contained in the application affidavit provided for in Section 7356 defeats the right of the applicant to purchase the land, or to receive any evidence of title thereto, and, if wilfully false, subjects him also to punishment for perjury.

Timber lands

7361. Timber lands belonging to this State shall be sold for cash only. The commission shall make and enforce all necessary rules and regulations to prevent the sale of or issuance of any evidence of title to any timber lands of this State, except on payment, in cash, of the full price therefor.

Contest

Determination

7362. If two or more persons claim the same land, the contest shall be determined as provided in Article 6 of Chapter 4 of this part; but no person has a right to purchase by reason of any settlement or improvement, unless application is made within the time prescribed by this article.

Limitation

No contest of any location or application to purchase State school lands, or of any order of approval made thereof, or of any certificate of purchase issued thereon or pursuant thereto, shall be filed, heard, determined, referred or allowed unless the contest is filed, heard, determined, referred or allowed within five years from and after the date on which the certificate of purchase is issued.

Article 3. Lieu Lands

"Permanent reservation"

7401. As used in this article, "permanent reservation" applies only to a National reservation established by proclamation of the President of the United States.

"Temporary reservation" applies to any withdrawal of public lands from entry, for any purpose, and lands within the exterior boundaries of any such withdrawal, where the withdrawal has not become a permanent reservation by proclamation of the President of the United States. "Temporary reservation"

7402. All sixteenth and thirty-sixth sections, both surveyed and unsurveyed, which are now or hereafter included within the exterior boundaries of a military, Indian, forest, or other National reservation, or of a reserve, or of a National forest, National park, or National monument, or within the exterior boundaries of lands withdrawn from public entry, shall be withheld from sale by the State and shall be used as bases for indemnity selections except as otherwise provided in Article 1 of this chapter. Whenever such land is withdrawn by authority of the United States, for any purpose, or place within any reservation, or the exterior boundaries thereof, whether temporary or permanent, the lands shall not thereafter be subject to purchase, entry or sale, or be or constitute base or bases for indemnity selections, except as provided in this article and in Article 1 of this chapter. 16th and 36th sections See also Stats 1943, Ch 759

7403. No person shall have the right to apply for or be entitled to designate or have selected or located for him by the commission in the United States land offices any lands in lieu of loss to the State in or to any grant made to it by the United States except upon the surrender of an indemnity certificate or scrip, as provided in this article. Surrender of indemnity scrip

7404. All sixteenth and thirty-sixth sections situated within the exterior boundaries of a permanent reservation, and also all losses sustained by the State to its school grants, are valid bases for indemnity selections, and shall be available as bases when indemnity certificates or scrip have been issued therefor and sold. Where indemnity selections are based upon surveyed school sections included within the exterior boundaries of permanent reservations, if the lands applied for are finally listed to the State in lieu of the sections constituting such bases, the title of the State to such bases shall vest in the United States without further act on the part of the State, and the title of the State to such bases shall be deemed to have been conveyed to the United States, as of the date of the listing. Bases for indemnity selection

Vesting of title in United States

7405. Whenever the State has the right to select lands from the United States, for any of the causes or reasons for which it may be entitled to make indemnity selections, the commission shall ascertain from time to time the number of acres of land to which the State is entitled as indemnity and shall keep on file a statement showing of what such bases consist. In determining the bases in lieu of which the State is entitled to indemnity, the commission shall also include all sixteenth and thirty-sixth sections which were surveyed at the time of the withdrawal of such lands from public entry, or at any time thereafter, except that if the land department of the United States determines that such surveyed sections are improper or invalid bases, the commission shall not be required thereafter to consider or Indemnity selection See also Stats 1943 Ch 759

Base

Improper base

treat the sections as bases for indemnity selection. No base shall be deemed a proper base for indemnity selections, where the base exists by reason of its inclusion within a reservation unless it is included within the exterior boundaries of a permanent reservation, but all such bases shall be withheld from sale, or other disposition, until the temporary reserve or withdrawal becomes a permanent reservation.

Commission as general State agent

7406. The commission is the general agent of the State for the location in the United States land offices of the lands desired to be selected and located in lieu of the sixteenth and thirty-sixth sections granted to the State for the use of the public schools, and in lieu of any and all losses sustained by the State to its school grant, whenever the commission is authorized by law to make such location or locations, or whenever for any reason it is authorized to select lands in lieu of grants made to the State; but no such selection or reselection, designation or redesignation or amended selection shall be made, except pursuant to Section 7303 or upon the surrender to the commission, as in this article provided, of a certificate of indemnity or scrip.

Surrender of certificate

7407. No selection of any land for which a certificate of purchase is outstanding shall be made until the certificate of purchase issued therefor has been surrendered.

Acceptance under U S C Title 30, Sec 121, et seq

7408. The commission may accept the benefits of the act of Congress approved July 17, 1914, entitled: "An act to provide for agricultural entry of lands withdrawn, classified, or reported as containing phosphate, nitrate, potash, oil, gas, or asphaltic minerals," and on behalf of the State, or of any assignee of the State, accept and receive lists and patents to lands selected by the State as agricultural lands, which were subsequently withdrawn, classified or reported as being valuable for phosphate, nitrate, potash, oil, gas, or asphaltic minerals, and containing a reservation to the United States of all deposits on account of which the lands were withdrawn, classified, or reported as being valuable, together with the right to prospect for, mine and remove the same, as provided in said act of Congress.

Patents to agricultural lands

Sale of indemnity certificates

7409. Whenever the State is entitled to make indemnity selections for any reason, the commission may, on behalf of the State, issue and sell indemnity certificates of location or scrip.

Persons purchasing indemnity certificates

7410. No person may purchase an indemnity certificate of location or scrip unless he is qualified to purchase State lands as provided by law, and no person may purchase such a certificate representing more than 640 acres of land. As the commission from time to time ascertains the number of acres to which the State is entitled as indemnity, it may sell at its office in the City of Sacramento, for cash and to persons qualified to purchase State land, indemnity certificates or scrip, at a price fixed by the commission at not less than one dollar and twenty-five cents ($1.25) an acre and in such quantities as the commission deems are for the best interests of the State.

Written authorization to agent

7411. No person shall purchase indemnity certificates or scrip for or on behalf of any other person without an authorization in writing so to do, executed by the principal, which authorization shall be filed in the office of the commission, together with the affidavit of the principal that he is qualified to purchase State lands.

Issuance of indemnity certificate of location

7412. When certificates of indemnity or scrip are sold, the commission shall issue to the purchaser an indemnity certificate of location or scrip, in such form as may be provided by it, containing the date of the sale, a description of the land or a statement of the facts or other cause constituting the bases by reason of which the State is entitled to indemnity, the name of the person to whom issued, the price paid therefor, and the fact that such certificate may be surrendered to the commission, and that the holder and owner thereof, if he is the original purchaser of the certificate of indemnity or scrip, shall be entitled to have selected from the vacant unappropriated lands of the United States within the State open to selection, the same number of acres as represented by the certificate surrendered, which the person who makes the surrender shall designate. If the lands applied for are not open to entry the holder of a certificate of indemnity may apply for other lands or receive restitution to the amount paid for the certificate.

Affidavit etc

7413. At the time of surrendering a certificate the person surrendering it shall make and file the same affidavit and application, as is required for the purchase of State school lands and shall pay all fees as provided in connection with the sale of State school lands, and the issuing of evidences of title therefor. The certificates of indemnity or scrip shall be accepted as the full purchase price of the land sought to be purchased by the applicant.

Assignment of rights

7414. A certificate of indemnity is not subject to sale or assignment; but if the purchaser dies without having selected lands in accordance therewith, his successors in interest or legal representatives may surrender the certificate and be entitled to restitution for the amount paid therefor.

Cancellation and restitution

7415. If it appears, when any certificate of indemnity or scrip is surrendered that the owner of the certificate was not qualified to purchase State lands when the certificate was purchased, the certificate shall be canceled and become null and void, and he shall be entitled to restitution therefor.

Procedure

7416. If any applicant desires to purchase any of the lands mentioned in Section 7406, he shall, before filing his application with the commission, properly prepare all papers and documents on the forms prescribed by the commission and the Department of the Interior, and shall also surrender the indemnity certificate or scrip which he desires the commission to use as bases for indemnity. The commission shall, if the applicant complies with the provisions of this article and of law, thereupon communicate with the United States land offices and ask that the lands sought to be purchased be listed to the State in lieu of the bases named in the surrender certificate.

The applicant shall also pay to the commissior at the time of the presentation of the application all fees required by the United States land offices for the location, shall furnish all county recorders' or other certificates required, and shall pay for publication of all notices required by the United States land offices.

The county recorder, upon the request of any person or his agent or attorney shall forthwith on the payment of the fees allowed by law, furnish the certificate required by this section, or any other certificate that may be required by the rules or regulations of the United States Land Office.

Approval of application

7417. When the commission receives from the register or receiver of the United States Land Office, or both, a notice to the effect that any indemnity school land selection, has been filed and accepted, subject to future approval, the said commission shall, subject to the provisions of Sections 7701 to 7705, inclusive, approve the application in accordance with the acceptance, and shall issue a certificate of purchase for the land sought by the applicant showing full payment therefor.

State laws governing

7418. All the provisions of the laws of this State governing the sale and disposition of State school land, where not in conflict with the provisions of this article, shall apply equally to lands purchased upon the surrender of certificates of indemnity or scrip.

Entry

7419. No person shall be considered as having made an entry of State lands under this article until the lands have been listed to the State.

Disposition of moneys

7420. All moneys received by the commission under this article shall be disposed of in the same manner as other moneys received from the sale of State school lands.

Invalid base Substitution

7421. Whenever it appears to the satisfaction of the commission that the base named in any certificate of indemnity or scrip is invalid, or has been used in a previous State indemnity selection, or will not be accepted by the Land Department of the United States, the owner and holder thereof may surrender the certificate of indemnity or scrip to the commission. The certificate of indemnity or scrip shall thereupon be canceled, and the commission shall issue a new certificate of indemnity or scrip in lieu thereof containing an equal amount of acres of valid bases. If the base land described in the canceled certificate of indemnity or scrip has been used in making a State indemnity selection for the owner, the commission shall forward to the United States Land Office an amendatory of the State indemnity selection by substituting the base land described in the new certificate of indemnity or scrip for the base land in the certificate canceled by it.

Loss or destruction of certificate

7422. If a certificate of indemnity or scrip is lost or destroyed, the owner, upon filing an affidavit with the commission showing the facts constituting the loss or destruction, may have issued to him a duplicate, across the face of which shall be marked in red ink the word "Duplicate," which shall have the same force and effect as the original.

Surrender of certificate Payment

7423. Whenever any person has the right to recover from the State, or desires to receive from the State, any sum of money paid by him for a certificate of indemnity or scrip, he shall surrender the certificate or scrip to the commission, which shall thereupon cancel it and issue to him a certificate showing the amount paid and the class of land upon which the payment was made. Upon the surrender to the Controller of the certificate showing the amount paid, he shall draw his warrant in favor of the person surrendering it for the amount therein specified upon the Treasurer of the State, who shall pay the amount of the warrant out of the fund into which the purchase money was paid.

In cases where certificates of purchase have been issued for the land selected in lieu of the base described in the indemnity certificate of location or scrip, the owner of the certificate of purchase shall be governed by the provisions of Sections 7971, 7972, and 7973 (or Section 3571 of the Political Code).

Relinquishment of unlisted lieu land

7424. The commission may relinquish to the United States any unlisted lieu land for which there is no pending application to purchase from the State. The commission may relinquish any such land upon the request of the holder of a certificate of purchase for the land, upon the surrender of the certificate of purchase issued by the State for the land, the conveyance to the State of his interest in and to the land by a quitclaim deed, and the furnishing to the commission of satisfactory evidence that whatever title was conveyed by the State through the issuance of the certificate of purchase is revested in the State.

Chapter 2. Sale of Swamp and Overflowed Lands

Article 1. Swamp and Overflowed Lands Subsequent to September 19, 1939

Sale

See also Stats. 1943, Ch. 759

7501. Swamp and overflowed lands belonging to the State shall be sold by the commission under rules and regulations prescribed by it and at a price fixed by it, payment to be made in cash to the commission. The proceeds from such sales of swamp and overflowed lands shall be paid into the State treasury to the credit of the State Lands Act Fund. This section shall not affect the sale of swamp and overflowed lands under any application filed with the commission prior to September 19, 1939.

Article 2. Swamp and Overflowed Lands Sold Prior to September 19, 1939

Payment of purchase price

7521. The swamp and overflowed lands belonging to the State were sold prior to September 19, 1939, at the rate of one dollar ($1) an acre. Twenty per cent of the principal is payable within 50 days from the date of the approval of the survey by the commission. The balance, bearing interest at the rate of 7 per cent per annum, payable annually in advance, is due and payable one year after the passage of any act of the Legislature requiring such payment, or before, if desired

by the purchasers. Bonds or warrants of reclamation districts having an outstanding indebtedness are receivable at par in payment for lands in such districts.

Segregation

7522. The commission shall not approve any application nor issue evidence of title for swamp and overflowed land, until six months after the land has been segregated by authority of the United States.

Unacceptable applications

7523. No claim shall be made by the State to any land as swamp or overflowed, which has not been returned as such by the United States, nor to lands for which preemption or homestead patents have been issued by the United States, or upon which there are settlers, occupying the land in good faith, who have filed their preemption or homestead declaratory statements. The commission shall not receive any application to purchase as swamp or overflowed lands, any land not returned as such by the United States, unless the application be accompanied by a certificate from the Register of the United States Land Office for the district in which the land is situated, or by the affidavits of two disinterested persons, that there is no preemption or homestead settler upon the land sought to be purchased, or if there is such settler, that he has resided on the land more than six months prior to the time of making such application. The application shall be invalid in every case where there is a valid preemption filing or homestead entry on the land sought to be purchased at the time the application is made.

Purchaser's affidavit

7524. Any person desiring to purchase swamp and overflowed lands shall make an affidavit and file it in the office of the commission, that he is a citizen of the United States, or has filed his intention to become so; that he is a resident of the State, of lawful age; that he desires to purchase lands (describing them) under the law providing for the sale of swamp and overflowed lands; that he does not know of any valid claim to the lands, other than his own; that he knows the land applied for and the exterior bounds thereof, and knows, of his own knowledge, that there are no settlers thereon; or, if there are, that the land has been segregated more than six months by authority of the United States; and that the land which he now owns (swamp and overflowed), together with that sought to be purchased, does not exceed 640 acres.

False statement

7525. Any false statement contained in the affidavit defeats the right of the applicant to purchase the land, or to receive any evidence of title thereto, and if wilfully false, subjects him also to punishment for perjury.

Reference to superior court

7526. If at any time after such affidavit is filed in the office of the commission, and prior to the issuance of a patent for the lands described therein it is made to appear to the commission by the affidavit of any settler or person occupying such land for farming purposes, that he, or those under whom he claims, have been in the possession and occupancy of such lands, or any part thereof, for farming purposes, for over 10

years next prior to the date of the filing of the affidavit of the person desiring to purchase, and that his or their occupancy was open and notorious and was evidenced by actual enclosure, or by ditches, or monuments, or embankments, or levees, showing the actual extent thereof, and that he, or they under whom he claims, had, at the time of the filing of the affidavit by the person desiring to purchase, actually reclaimed such land and reduced it to a state of cultivation, and had been farming and cultivating the land; or if it appears from such affidavit filed by such person, that the affidavit filed by the person desiring to purchase the land is false in any of the statements made therein, the commission shall make an order referring the questions raised by such affidavits to the superior court of the county in which the land, or some part thereof, is situated.

Action

7527. Within 30 days from the date of such order of reference, the party filing the affidavit raising such questions shall commence, in such court, an action to determine the questions. In his complaint in the action he shall set forth copies of the affidavit filed by the person desiring to purchase the land, and of the affidavit filed by himself with the commission. The production of a certified copy of the order of reference shall give the court full and complete jurisdiction to hear and determine the action. Pending the final judgment in the action, all proceedings in the commission's office respecting the lands shall be stayed.

Judgment

7528. If upon the trial of such action it appears that any of the statements made in the affidavit filed by the person desiring to purchase the land were false, or if it appears that the statements made in the affidavit filed by the settler or occupant of such land are true, the approval of location or certificate of purchase, if any has been made or issued, shall be canceled by judgment of the court. But if it appears that the statements contained within the affidavit of the person desiring to purchase the land are true, and that the statements made in the affidavit of the settler or occupant are untrue, the court shall enter its judgment accordingly.

Cancellation or approval

7529. Upon the filing with the commission of a copy of the final judgment of the court, the commission shall, if the judgment of the court cancels the location or certificate of purchase, enter an order of cancellation accordingly. But if by the judgment it is decreed that the person desiring to purchase the land is entitled to purchase it, the commission shall approve the location, or issue the certificate of purchase or other evidence of title, in accordance with the judgment.

Land survey

7530. Any person desiring to purchase lands, as provided in this article, which have been segregated by authority of the United States, but which have not been sectionized by the same authority, shall apply to the surveyor of the county in which the land is situated, to have the land which he desires to purchase surveyed. A certificate of such survey shall be attached to the affidavit required for the purchase of the lands.

All surveys required of county surveyors by this section shall conform, as nearly as practicable, to the system adopted by the United States for the survey of the public lands.

Payments

7531. All payments shall be made by the purchaser to the county treasurer of the county in which the land is situated. The treasurer shall receive the amounts to be paid including the fee for the certificate of purchase, if any. The treasurer shall endorse upon the certificate of purchase the amount of all payments and shall direct the purchaser to take the certificate of purchase, so endorsed, to the county auditor who shall charge the treasurer with the amount received and make his check upon the endorsed receipt.

County treasurer's report

7532. Upon the first day of July of each year the county treasurer shall prepare a report showing all moneys received for swamp and overflowed and tide lands during the preceding year, the number of the location or survey, the name of the purchaser, and the amount paid since the date of his last report, whether as principal or interest. The payment of the fee for the certificate of purchase shall also be entered in the proper column. The treasurer shall then send the report to the auditor who shall compare the items with the account of the treasurer and if it agrees with his entries countersign it and return it to the county treasurer.

Credit to purchaser

7533. These reports shall be forwarded to the commission, and upon receipt thereof the commission shall enter the payment so reported to the credit of the purchaser, and shall notify the county treasurer of the receipt of his report, or if it is not correct return it for correction.

Swamp land fund

7534. The county treasurer shall retain all money arising from the sale of swamp and overflowed lands and place it to the credit of a fund known as the swamp land fund of the county. He shall compute interest on all sales of such lands from the date of the approval of the survey or the date of the certificate of location to the first day of January following such date, or, if for lands already purchased, up to the first of January following the day upon which the interest falls due, after which time all payments of principal and interest fall due on the first day of January.

Article 3. Provisions Relating to All Swamp and Overflowed Lands

Preferred purchasers

7551. Settlers upon swamp and overflowed lands belonging to the State who occupy such lands for farming or grazing purposes, and whose occupation is evidenced by actual enclosure, or by ditches or monuments showing the actual extent thereof, are preferred purchasers of such lands for six months after segregation.

Character of land

7552. Lands within this State which are returned by the United States as swamp and overflowed lands, and shown as such on approved township plats, shall, as soon as patents are issued therefor by this State, be held to be of the character so returned. Nothing in this section shall be construed to affect the

rights of any homestead or preemption settler claiming under the laws of the United States, nor to prejudice the rights of any settler located upon such lands to perfect title to the lands if permitted under existing laws.

Patent lost or destroyed

7553. When the original patent to swamp and overflowed land of the State has been lost or destroyed, and is not of record in the county where the land is situate, and no duplicate or copy thereof is in the office of the Secretary of State or in the office of the commission, a patent shall be issued to the original purchaser for the same land, as other patents are issued, when it is proven to the satisfaction of the commission from the data in the office of the Secretary of State, or in the office of the commission, that an original patent has been lawfully issued to the original purchaser, and from other satisfactory proof that it has been lost or destroyed, and is not of record in the recorder's office of the county in which the land is situate. The patent so reissued shall have the same force and effect as the original patent, and shall contain the clause "This patent is issued to take the place of the original patent issued for the same land, on the (give date of original patent, and by whom issued), and is not intended to change the title of the persons in whom the land is now vested and only to complete the record title from the State of California." The commission shall collect the same fee therefor as in issuing original patents.

Reissuance

Procedure for reissuance

7554. Any person having a vested interest in any swamp and overflowed land, covered by a patent lost or destroyed, and not of record in the county where the land is situate, in order to obtain the reissuing of the patent as provided in Section 7553, shall make an affidavit and file it in the office of the commission, setting forth that he has a vested interest in the land, or a part thereof, to which he makes application for a patent to be reissued from the State of California. He shall also state in the affidavit the chain of title from the original patentee to and including the present owners of the land described in the original patent.

Quiet title action

7555. In any case where the State has sold lands acquired by it as swamp and overflowed lands, the person claiming or deraigning title to any lands through or under any purchase thereof from the State may bring suit against the State in any court of competent jurisdiction of the State to establish the boundaries of and to quiet title to the land or any portion thereof, and may prosecute such suit to final judgment. The complaint in any such action shall contain a plat of the property described therein, which plat shall show the location of the property in respect to a section corner, the location of which is shown on an approved United States Government township plat, or in respect to a monument which has been established by reference to any such section corner.

Summons

Service of summons in such suits shall be made upon the Chairman of the State Lands Commission and upon the Attorney General, and the Attorney General shall represent the State in all such suits.

Costs

No costs against the State shall be allowed in any such suit.

Lands excluded

7556. All swamp and overflowed lands within one mile of the State Prison at San Quentin, within the City and County of San Francisco, City of Oakland, or within five miles of the corporate limits of either, are excluded from the operation of this chapter.

CHAPTER 3. SALE OF INLAND LAKE AND UNSEGREGATED SWAMP AND OVERFLOWED LANDS

Application to purchase

7601. Any person desiring to purchase any of the lands uncovered by the recession or drainage of the waters of inland lakes, and inuring to the State by virtue of her sovereignty, or the swamp and overflowed lands not segregated by the United States, shall make an application therefor to the commission. The application shall be accompanied by the applicant's affidavit that he is a citizen of the United States, or has declared his intention to become such, that he is a resident of this State, of lawful age, that he desires to purchase such lands (describing them by legal subdivisions, or by metes and bounds, if the legal subdivisions are unknown), under the provisions of this chapter, for his own use and benefit, and for the use and benefit of no other person whomsoever, and that he has made no contract or agreement to sell the lands, and that he does not now own any State lands which, together with that now sought to be purchased, exceeds 640 acres.

Affidavit

Exception

This section shall not affect or apply to any land uncovered by the recession or drainage of the waters of any lake or other body of water, the waters of which are so impregnated with minerals as to be valuable for the purpose of extracting therefrom such minerals.

Survey

7602. Upon the filing of such application, if the land has not been sectionized, the commission shall authorize the county surveyor of the county where the whole or the greater portion of the land lies, to survey the land. He shall make an actual survey thereof, at the expense of the applicant, establishing four corners to each quarter-section, and connecting the survey with a United States survey. Within 30 days he shall file with the commission a copy, under oath, of his field-notes and plat, and a statement under oath, showing whether or not the land is occupied by any actual settler. If the surveyor thus authorized fails to make his return to the commission within the time specified, the commission may designate another person to make the survey.

Approval

7603. No application to purchase land under this chapter shall be approved until the expiration of 90 days from the filing thereof, and meanwhile the land is subject to the adverse claim of any actual settler who resided thereon when the application was filed.

Purchase price

See also Stats. 1943, Ch. 759

7604. The lands designated in this chapter shall be sold at the price of two dollars and fifty cents ($2.50) per acre, and on the terms and manner of payment provided in Article 2 of Chapter 2 of this part for swamp and overflowed lands. All

moneys received for such lands shall be paid into the swamp-land fund of the county in which the lands are situated, and shall be treated and disposed of in the same manner as moneys arising from the sale of segregated swamp and overflowed lands sold prior to September 19, 1939.

Lands suitable for cultivation

7605. If any of the lands described in this chapter are suitable for cultivation without reclamation, they shall be sold only to actual settlers in tracts not exceeding 160 acres.

Reclamation

7606. Any of the lands designated in this chapter which, by reason of periodical overflow, need, and are susceptible of, reclamation, may be reclaimed by the formation of districts, in the same manner and subject to all of the provisions of law regulating the reclamation of swamp and overflowed lands. The board of supervisors of the county in which the lands, or the greater part thereof, are situated, shall first determine, upon proper petition presented therefor by the holders of the title, or evidence of title, representing one-half or more of any body of such land, that such reclamation is necessary and feasible.

Contest

7607. When land has been sold under this chapter, no contest can be maintained against the purchaser on the ground that the land is not of the character stated in the application, unless it is shown that it is not of the character recited in Section 7601.

Uncanceled certificates

7608. All uncanceled certificates of purchase and patents issued prior to May 20, 1907, and payments made prior to May 20, 1907, for any lands as swamp and overflowed lands, which belong to any of the classes described in Section 7601, whether or not such lands were segregated or sectionized, are for all purposes valid, and have the same force and effect as if such lands had been at all times subject to sale as swamp and overflowed lands.

Validity of plats

7609. All plats of any of the lands described in Section 7601, which were made prior to May 20, 1907, under authority of the United States Surveyor General, and which plats designate the lands as swamp and overflowed land, shall be deemed valid and effectual as surveys of such lands from and after the date thereof.

Chapter 4. Provisions Relating to Public Lands Generally

Article 1. Applications for Purchase of Lands

Applications

7701. All applications for the purchase of State lands, other than for lands sold for cash under rules and regulations of the commission, filed with the commission shall be retained 90 days before approval. Before approval of the application by the commission, the applicant shall appear before the commission in person, or before some person authorized to administer oaths, designated by the commission, at such time and place as it may fix, and answer, under oath, such interrogatories as may be put to him regarding his application, or the truth of the application, or any fact or circumstance connected

Hearing

therewith, and shall furnish such other or further evidence thereof as may be required by the commission.

Notice

7702. The commission shall mail to each applicant, addressed to the applicant at the address given in the application, a letter or notice specifying the time and place of such hearing. The letter or notice shall be mailed at least 10 days before the hearing.

Approval

7703. If it appears to the commission that the application is made in good faith, and that all the facts stated in the application are true, and that the land applied for is subject to sale, it shall approve the application, otherwise it shall disapprove the application.

Unapproved applications

7704. All unapproved applications which have been on file over six months, wherein the applicant has not, before the expiration of such time, submitted himself for examination, and wherein proof has not been furnished as required by the commission, or wherein a contest has not been referred to court or a demand made for an order of reference, as provided in Section 7921, are null and void, except that where applications are filed subject to the rights of a previous applicant, such subsequent applications shall not be approved until the rights of the first applicant have expired.

Disapproved applications

7705. No application shall be approved:

(a) For land situated in more than one county, or land situated in more than one United States land district.

(b) For any sixteenth or thirty-sixth section of school land belonging to the State which is situated within the exterior boundaries of a military, Indian, or forest reservation created by authority of the United States, or of a National forest, National park or National monument, or within the exterior boundaries of lands withdrawn from public entry for forest purposes.

(c) For swamp and overflowed land until the swamp and overflowed land is segregated by authority of the United States except for such lands sold pursuant to Chapter 3 of this part.

Fee

7706. Each application for lands shall be accompanied by a fee of five dollars ($5), and no application shall be received, filed, or noted in any way until the fee is paid. Such fees shall be paid into the State treasury on the first Monday of each month, and placed to the credit of the State Lands Act Fund. The commission shall, on the first Monday of each month, make a written report to the State Controller, stating the amount of fees so paid, together with the sources from which they were derived, and the several amounts, by items.

Report

Article 2. Payments, Certificates of Purchase, and Patents

Presentation and payment

7720. Except as otherwise expressly provided, whenever any survey or location is made or approved, the purchaser shall, within 20 days from the date of approval or location, present his copy thereof to the commission, which shall receive

the amount to be paid and the fee for the certificate of purchase, endorse the receipt thereof upon the certificate of location or survey, and return it to the purchaser.

Reversion to State

7721. In case payment is not made within the time required by law, the lands described in the survey or location revert to the State without suit, and the survey or location is void. Except as otherwise expressly provided, all subsequent payments shall be made to the commission in like manner, and the commission shall endorse the receipt thereof upon the certificate of purchase.

Certificate of purchase

7722. Whenever an applicant for purchase of State lands has made the first payment, the commission shall issue to the person entitled thereto a certificate of purchase, showing the class of land purchased, the number of acres, the price per acre, the date of payment, the date from which interest is to be computed, the amount paid, and the amount remaining unpaid, which certificate is prima facie evidence of title.

Sale of certificate

7723. Certificates of purchase, and all rights acquired thereunder, are subject to sale, by deed or assignment, executed and acknowledged before any officer authorized by law to take acknowledgments of conveyances of real property.

Report and recordation of sales

7724. All such sales shall, when the deed or assignment is recorded by the county recorder, be reported by him to the commission, to be entered in its books.

Fee

7725. The recorder is entitled to receive from the purchaser, for making such report, a fee of fifty cents ($0.50).

Loss or destruction of certificate

7726. If the owner of a certificate of purchase claims that it has been lost, destroyed, or is beyond his control, the commission shall take testimony concerning the loss, destruction, or reason why the certificate of purchase is beyond his control. The owner shall, before the hearing make an affidavit that he has not sold the certificate of purchase, or the land described therein, and shall publish a notice in some newspaper in the county where the land is situated, or if there is no newspaper published in the county, then in some newspaper of general circulation in the county, for at least four weeks, describing the certificate and the lands for which it was issued, stating the name of the person to whom it was issued and the person then claiming to own it, together with the time and place of hearing.

Duplicate

7727. If the commission is satisfied of the loss or destruction of the certificate, or that it is beyond the control of the person owning it, the commission shall issue to the owner thereof a duplicate, with the word "Duplicate" written across the face thereof in red ink, which duplicate shall have the same force and effect as the original.

Contest

7728. If there is a contest as to the issuing of a duplicate certificate, the commission may hear and determine the contest, or may refer it to the proper court, as provided in Section 7921. All proceedings hereunder shall be construed as special proceedings after a question of fact has arisen within the meaning of Section 2021 of the Code of Civil Procedure. The adverse party shall be considered the contestant, and if there is no

contest the commission shall for such purpose be considered the adverse party.

Patent

7729. Whenever a person becomes entitled to a patent, the commission, upon the surrender of the certificate of purchase, shall prepare a patent for the land. The patent shall be issued in the name of the original applicant. The commission shall send it to the Governor, together with a certificate that the laws in relation thereto have been complied with, that payment in full has been made, and that the person named in the prepared patent is entitled to it. The patent so issued shall inure to the benefit of the assigns, grantees, or successors in interest of said original applicant.

Signatures

7730. The patent shall then be signed by the Governor, attested by the Secretary of State, sealed with the Great Seal of the State, and countersigned by the commission.

Relinquishment

7731. No patent shall issue until the lands are relinquished to the State by authority of the General Land Office at Washington. Such relinquishment is not required for locations of the sixteenth and thirty-sixth sections in place, or for swamp and overflowed lands, shown to be such by the official surveys made by authority of the United States.

Recordation

7732. The commission shall record all patents in books to be kept in its office for that purpose, and then deliver them to persons entitled thereto.

Patent to deceased person

7733. Where a patent for lands is issued in the name of a deceased person, the title is vested in the heirs, devisees, or assignees of such person in the same manner as if the patent had issued to such person during life.

Article 3. Delinquent Interest on Certificates of Purchase Issued on or After May 1, 1911

Penalty

7751. If any interest on the unpaid portion of the purchase price of any State lands for which a certificate of purchase was issued on or after May 1, 1911, is not paid on or before the thirtieth day of June following the first day of January upon which such interest becomes due, 10 per cent of the amount thereof shall be added as a penalty for such delinquency.

Additional penalty

7752. If the delinquent interest, and penalty, are not paid on or before the thirty-first day of December of such year, an additional penalty of 10 per cent of the amount of the delinquent interest shall be imposed upon the person or persons liable for the payment thereof. If the delinquent interest, and penalties, are not paid on or before the thirtieth day of June of the year following, the certificate of purchase shall ipso facto become null and void, and the lands described therein revert to the State without suit, and shall again become subject to entry and sale in the same manner and subject to the same conditions as apply to other lands of like character.

Reversion to State

Money paid on account

7753. In the event of the happening of the contingency mentioned in Section 7752, all money previously paid on account of the purchase price of the lands, whether for principal or interest, is forfeited to the State, and neither the delinquent

purchaser nor any one claiming under him may recover the money so paid or any part thereof.

When penalties inapplicable

7754. The penalties and forfeitures provided for in this article shall not apply to any land for which certificates of purchase were issued prior to May 1, 1911, nor to lands within any reclamation district, after certificate of the board of supervisors that works of reclamation have been commenced in the district has been filed with the commission

Collection

7755. Whenever any penalty imposed by this article has accrued, the commission or the county treasurer, as the case may be, shall in all cases collect the full amount thereof before endorsing the receipt of the payment upon the certificate of purchase.

Notice of forfeiture

7756. Immediately following the thirtieth day of June of each year, the commission shall note upon its records all forfeitures under this article, and shall forward to the recorder of each county wherein any of the lands are situate, a notice of such forfeiture. The notice shall state the name and post-office address of the purchaser, and the name and post-office address of the assignee, grantee, or successor in interest of such purchaser in all cases wherein notice of any assignment of the certificate of purchase, or of any conveyance or other transfer of title to any part of the lands therein described has been filed with the commission prior to the date of the forfeiture. The notice shall also show the number and date of the survey or location and of the certificate of purchase, and shall contain a description of the lands affected thereby. The recorder shall receive and file the notice and shall record it in the proper book. The notice is, from the time it is filed in the recorder's office, constructive notice of the contents thereof to subsequent purchasers and mortgagees and to all other persons who may thereafter attempt to acquire any interest in, or lien upon, any of the lands described in the notice.

Filing and recording

Article 4. Delinquent Interest on Certificates of Purchase Issued Prior to May 1, 1911

Forfeiture of land

7771. Any land sold by this State for which a certificate of purchase was issued prior to May 1, 1911, for which full payment was not made at the time of purchase, and upon which any interest upon any part of the unpaid portion of the purchase price thereof is delinquent or at any time becomes delinquent, shall be forfeited to the State, without the necessity of reentry or judicial ascertainment, and shall revert to the particular class of land to which it originally belonged, to be resold under the provisions of existing law, unless payment of all interest delinquent at the time of payment and of all the costs and penalties specified in this article, is made on or before the thirtieth day of June of the year following the year for which the delinquency occurred.

Annual statements

7772. On or before the first day of October, of each year the commission shall prepare statements showing, by counties, and by proper legal descriptions, all lands in each of the

counties in this State for which there is outstanding and not annulled as provided by Article 5 of this chapter, any certificate of purchase which was issued prior to May 1, 1911, and upon which any interest upon any part of the unpaid portion of the purchase price is delinquent. The statements shall also show the name and post-office address of the purchaser as it appears upon the records of the commission, and the name and post-office address of the assignee, grantee or successor in interest of the purchaser in all cases wherein notice of any assignment of the certificate of purchase, or of any conveyance or other transfer of title of any part of the lands therein described has been filed with the commission prior to the date of preparation of the statement. The statement shall also show the number and date of the survey or location and of the certificate of purchase, the amount of interest paid, the amount of interest unpaid, and the amount of interest then due.

No lands within any reclamation district shall be embraced in any such statement if the certificate of the board of supervisors that works of reclamation have been commenced in the district has been filed with the commission prior to August 14, 1929.

Demand

7773. Demand is hereby made upon all persons who are or who may become liable for the payment of any interest which is delinquent or which may become delinquent upon any part of the unpaid portion of the purchase price of any of the lands embraced within any of such statements for the payment of all such delinquent interest, together with the costs imposed by this article, on or before the thirty-first day of December of the year for which such delinquency occurs.

Penalty

7774. In the event of the nonpayment of any portion of such delinquent interest, as provided in Section 7773, a penalty of 20 per cent of the aggregate amount then delinquent shall be imposed upon the person liable for the payment thereof.

Forfeiture

7775. Except as provided in Sections 7776, 7777, and 7778, in the event any portion of the delinquent interest, together with the penalty and costs, and all additional interest falling due on the first day of January following is not paid before the thirtieth day of June following, all lands on account of the purchase price of which the delinquency then exists are forfeited to the State, together with all money previously paid on account of the purchase price thereof, whether for principal or interest, and all such certificates of purchase are null and void from and after such thirtieth day of June.

Extension of time of payment

7776. If the owner of any such certificate of purchase has died, without disposing of the lands therein described, and no administration of his estate has been had, the time of payment limited by the provisions of this article is extended for a period of six months, but appropriate probate proceedings shall be commenced in each case not later than the

thirty-first day of December of the year for which the interest became delinquent, and written notice thereof forwarded by registered mail to the commission. In such cases the 20 per cent penalty shall not attach until six months after the time set therefor, and the forfeiture shall not become operative until one year after the time set therefor in Section 7775.

Protection of land from forfeiture

7777. Any person who has a conveyance of the whole or any portion of the lands described in any certificate of purchase included in any such statement, but to whom the certificate has never been surrendered, may protect his lands from forfeiture by paying such proportion of the interest delinquent upon all the lands described in the certificate as the acreage claimed by him bears to the aggregate acreage embraced in the certificate. He shall first, however, file with the commission satisfactory evidence of his possessory right to such land, and obtain from the commission a certificate directed to the treasurer of the proper county, permitting such payment and stating the amount to be paid, which shall in all cases include the costs imposed by Section 7782. Upon such payment being made within the time limited by this article, the land shall be excepted from the forfeiture prescribed in this article, and the certificate of purchase shall become null and void only as to the remaining lands therein described. The commission in preparing for record the notices of forfeiture provided for in Section 7783 shall omit therefrom all lands upon which the delinquent interest has been paid as in this section permitted. If due compliance is made with all other provisions of law governing the issuance of patents, a patent shall issue in the name of the original purchaser of such excepted land, but shall be delivered to the person by whom such payment was made, and the title thereby granted shall inure to the benefit of such person, his heirs or assigns.

Certificate

Unlisted lieu lands, etc

7778. This article shall extend to and include all unlisted lieu lands and all unsegregated swamp and overflowed lands sold under the authority of any law of this State, except that instead of the land itself becoming forfeit for nonpayment of delinquent interest, all right, title and interest therein or thereto acquired by the original purchaser, his heirs and assigns, shall become forfeit to the State in the event of such nonpayment, and except that all purchasers of such lands, their heirs and assigns, who protect themselves against such forfeiture by making the payments required by this article, shall not thereby be deprived of any existing right to receive restitution of all sums paid on account of the purchase price of such lands, whether for principal or interest, upon duly complying with all provisions of law governing such restitution.

Demand and notice

7779. Upon completing the statements required by Section 7772, the commission shall add thereto a demand that all interest shown to be delinquent therein shall be paid on

or before the thirty-first day of the following December, to the treasurer of the proper county, together with the sum of three dollars ($3) costs, and a notice that if payment is not so made a penalty of 20 per cent will be added thereto, and a further notice that unless the whole sum delinquent, together with such costs and penalty, and all additional interest falling due the first day of the following January, be paid on or before the thirtieth day of the following June, the lands described in the statements, together with all moneys previously paid on account of the purchase price thereof, whether for principal or interest, will be forfeit to the State in accordance with the provisions of this article, and that all such certificates of purchase will become ipso facto null and void. The commission shall thereupon cause each such statement, together with the demand and notice, to be published once a week for four weeks successively in some newspaper published in the county wherein the lands described in the statement are situate, or, if there is no newspaper published in such county, publication shall be made in a newspaper published in an adjoining county.

Transmission of documents

7780. The commission shall, not later than October 15th, of each year, forward copies of such statements, demands and notice, by registered mail to the treasurer and to the auditor and to the assessor of each county wherein any of the lands are situate, and shall likewise forward by registered mail to each person shown by the records of the commission to have any interest in any of such lands, either as purchaser, or as assignee, grantee, distributee, or other successor in interest of a purchaser, a copy of so much of the statements as pertains to the lands therein such person appears to have any interest, together with such demand and notice, directed to such person at his last known place of residence or of business as appears upon the records of the commission.

Comparison with records of assessments

7781. Each county assessor to whom a copy of any such statement is sent shall, immediately upon receipt thereof, cause it to be carefully compared with the records of assessments in his office of all tracts of land appearing in the list. If it appears from such comparison that any person whose name is not included in the statement is shown by such assessment records to have any interest in any part of the lands described in the statement, the assessor shall forthwith return, by registered mail, to the commission a statement containing a description of the land affected and the name and address, as they appear upon his records, of any person appearing to have any interest therein and not included in the commission's statement. In every such case the assessor shall return his statement to the commission within 10 days after the receipt by him of the commission's statement. Upon receipt of any such return the commission shall without delay, forward to each person therein named, in the same manner as provided in Section 7780, a copy of so much of the statement as pertains to the lands wherein such person is

shown by the assessor's return to have any interest, to which shall be appended the demand and notice

Costs

7782. Costs in the sum of three dollars ($3) to cover the costs of publication and of mailing as provided in this article are hereby imposed upon the owner or owners of each such certificate of purchase, as well as upon each person who has acquired by purchase an interest in all or some portion of the lands described in such certificate, but to whom the certificate has never been surrendered. The treasurer of each county wherein any part of such land is situate shall require the payment of such costs, in all cases, in addition to the delinquent interest, and penalty, if any, and shall account therefor in his settlements with the State Controller and Treasurer, who shall pay all sums so collected for costs into the State Lands Act Fund.

Recordation of forfeiture

7783. Immediately following the thirtieth day of June, of each year, the commission shall note upon its records the forfeiture declared by this article, and shall forward to the recorder of each county wherein any of the lands are situate a notice of such forfeiture, in which there shall be embodied the same data required by Section 7772, supplemented by a statement of the costs, penalties, and additional interest accrued at the date of forfeiture. The recorder shall receive and file the notice and record it in the proper book. The notice from the time it is filed with the recorder for record is constructive notice of the contents thereof to subsequent purchasers and mortgagees and to all other persons who may thereafter attempt to acquire any interest in, or lien upon, any of the lands described in the notice. If any additional forfeiture occurs on the first day of January following, as provided in Section 7776, the commission and each county recorder shall proceed with respect to such lands as before, and with like force and effect.

Action to annul forfeiture

7784. If any land is forfeited under the provisions of this article upon which all interest, costs, penalties and accruing interest have been actually paid prior to such forfeiture, though for any reason not properly credited, the person having a beneficial interest therein may within one year following the date of such forfeiture, commence an action in the Superior Court of the County of Sacramento against the commission for the purpose of having the forfeiture annulled and set aside. If it is proven to the satisfaction of the court, at the trial of the action, that payment was in fact made prior to the date upon which the forfeiture occurred, the court shall render judgment annulling and setting aside the forfeiture, and thereupon the plaintiff in the action shall be restored to his former estate in the land, upon making payment of all interest accruing thereon to the date of restoration.

Remedies cumulative

7785. This article is cumulative and shall not be construed to deny to the State the right to institute any legal proceedings that are deemed necessary to enforce the payment of any delinquent interest, or to procure judgments foreclosing the

interests of any person in any of such lands, and annulling any such certificate of purchase. Nor shall anything herein contained give to or confer upon the holder of any certificate of purchase, as against the State, any other or greater right to any land therein described than is now possessed by the holder of such certificate.

Article 5. Proceedings Against Delinquent Purchasers

Delinquent list to district attorney

7901 The commission may, on the first day of May of each year, forward to the district attorney of each county a statement embracing all the lands in the county upon which payments have not been made. The statement shall show the name of the purchaser, the post-office address of the purchaser, the number and date of the survey or location and of the certificate of purchase, the amount paid, the amount unpaid, and the amount then due.

No lands within any reclamation district shall be embraced in such statement after the receipt by the commission of the certificate of the board of supervisors that works of reclamation have been commenced.

Notice of suit

7902. Upon the receipt of the delinquent list the district attorney shall add thereto a notice that if the amount due is not paid in 50 days after the date thereof he will commence suit to foreclose the interest of purchasers in the lands, and shall publish the list and notice for four weeks immediately following the date of the notice in a newspaper published in the county, or if there is no newspaper published therein, he shall post copies of the list and notice in at least five public places in the county.

Suit to foreclose

7903. After the expiration of the 50 days, he shall, in the name of the people of the State, commence actions in the superior court against all purchasers, or holders of certificates of purchase, who have not either paid the amount due, together with the cost of publication, or surrendered the title to the State, as provided in Section 7975, to obtain a judgment of foreclosure of the interest of the purchaser in the land, and to annul the certificate of purchase.

Summons

7904. Service of the summons in such action may be made by publication for four weeks in some newspaper published in the county, or if no newspaper is published in the county, then by posting one copy of the summons for four weeks at the courthouse door of the county, and two copies in public places in the township where the land is situated.

Filing

7905. Within 20 days after the entry of judgment, the district attorney shall file certified copies thereof with the commission and in the recorder's office of the county in which the land is situated.

Dismissal of suit on payment

7906. The holder of the certificate of purchase may, at any time before such filing, pay to the sheriff the amount due the State, and the costs of suit that have accrued up to the time of payment; whereupon the district attorney shall dismiss the

suit or vacate the judgment, and the purchaser or holder of the certificate of purchase is restored to his rights in the premises.

Redemption

7907. After judgment foreclosing the interest of a purchaser or holder of a certificate has been entered, the purchaser, his executor, administrator, or successor in interest has 12 months, within which to redeem the land, by paying to the county treasurer, for the benefit of the fund or persons entitled thereto, all delinquent interest, and interest that would have accrued in case there had been no foreclosure, and all costs of foreclosure. When such payment is made, and endorsed on the certificate of purchase, specifying the amount paid as interest and for costs, and duly reported to the commission, the annulment shall be canceled by the commission, and the rights of the purchaser are fully restored.

Judgment binds assignee

7908. A judgment against the purchaser binds the assignee, unless the notice of the assignment was filed with the commission before the commencement of the action.

District attorney's fee

7909. The district attorney is entitled to receive and retain for his own use fifteen dollars ($15) for each suit brought, to be taxed as costs, the provisions of any section of the Political Code to the contrary notwithstanding.

Reentry and resale

7910. After judgment foreclosing the interest of the purchaser or the holder of the certificate has been entered and the certified copies filed, and after the termination of the period for redemption provided in Section 7907, the land is again subject to entry and sale.

Judgment for costs

7911. Upon the rendition of a judgment foreclosing the interest of the purchaser or of his assigns in the land and annulling the certificate of purchase, judgment for costs shall be entered against the defendant. If execution issued thereon is returned not satisfied, the judgment and costs shall be paid from the total principal or interest paid by the purchaser upon the original location, and if such paid-in principal and interest are insufficient, the balance of the judgment and costs shall be audited and paid from the General Fund of the State treasury if the payments of principal and interest on the purchase of the land were paid into the State treasury.

Who may defend

7912. Any person who has a conveyance of the whole or any portion of the lands described in any certificate of purchase, to annul which suit has been commenced, but to whom the certificate has never been surrendered, may defend the action. If it appears to the court that he is entitled to any portion of the lands described, and the holder of such certificate does not pay the amount due, the court shall order the certificate annulled and a new one to issue to such person upon payment into court by him of the amount due the State upon the whole tract. Such person is thereupon entitled to two certified copies of the decree, one of which he shall file in the county recorder's office and the other with the commission.

Article 6. Contests

Commission may hear contest

7921. When a contest arises before the commission concerning the approval of a survey or location, or concerning a certificate of purchase or other evidence of title, the commission may, when the question involved is as to the survey, or one purely of fact, or whether the land applied for is a part of the swamp or overflowed lands of the State, or whether it is included within a confirmed grant, the lines of which have been run by authority of law, proceed to hear and determine the contest. When, in the judgment of the commission, a question of law is involved, or when either party demands a trial in the courts of the State, the commission shall make an order referring the contest to the superior court of the county in which the land is situated, and shall enter the order in a record book in its office.

Court reference

Action in superior court

7922. After such order is made, either party may bring an action in the superior court of the county in which the land in question is situated, to determine the conflict, and the production of a certified copy of the entry made by the commission gives the court full and complete jurisdiction to hear and determine the action.

Intervenor

7923. Any person, legally qualified to purchase from the State public lands of the same character as the land involved in the action, may, after such order of reference has been made, present to the commission his application, in due form as required by law, to purchase the land, or any part thereof not less than the smallest legal subdivision. Upon presenting to the court in which the action is pending, a certificate of the commission, showing that such application has been so presented, and a certified copy of such application, the court may, at any time before the trial, upon such terms as may be just, allow such party to intervene in the action and contest the right of any other party thereto to purchase the land applied for by the intervenor, and to have his own right determined.

Statement and affidavit

7924. When any contest arises as provided for in this article there shall be filed with the commission a statement by the contestant of the grounds of contest, and such statement, other than as to matters of record or law, shall be corroborated by the affidavit of some competent person having personal knowledge of the facts set forth therein.

Approval of commission

7925. When a copy of the final judgment of the court is filed with the commission, it shall approve the survey or location, or issue the certificate of purchase or other evidence of title in accordance with the judgment.

Limitation

7926. Unless the party contestant commences his action within 30 days after the order of reference is made, his rights in the premises and under his application cease.

Article 7. Correction of Incorrect Descriptions of Patented Lands

New survey

7951. When payment has been made in full for any lands which were public lands of the State and a patent has been issued therefor, and the purchaser or his successor in interest has, for a period of five years, been in possession, claiming under such patent the lands intended to be described therein and thereby, but which lands are incorrectly described in the patent, the person so in possession of the lands may have a new and correct survey made of the lands covered by the patent. The plat or map and field-notes constituting the survey shall be made and certified by the county surveyor of the county in which the land is located or by any other surveyor licensed by the State.

Approval and recordation

7952. After the map or plat and field-notes constituting the survey have been made, the field-notes and the map or plat shall be submitted to the commission for approval. If approved by it, the commission shall so certify and a copy of the map or plat and field-notes shall be filed in the office of the commission and a copy recorded in the office of the county recorder of the county in which the land is situated. Such map or plat shall thereafter be the official map or plat of the land so surveyed.

Petition for correction of errors

7953. After the filing and recording of the map or plat and field-notes, the purchaser or his successors in interest holding lands under such patent may file a verified petition in the superior court of the county in which all or the greater part of the property is located for the correction of the errors in the description. He shall set forth a copy of the patent in the petition, together with a statement showing a correct description of the lands intended to be described therein as is shown upon the plat or map and field-notes, and shall pray that a decree be entered by the court confirming the descriptions as so amended.

Hearing

7954. Upon the filing of the petition, the court shall set a day for the hearing thereof not less than 20 days from the date of the filing of the petition. A copy of the petition and of the order fixing time of hearing shall be served upon all owners of lands which are or may be affected by the decree of confirmation at least 10 days before the hearing and such owners may appear upon the day fixed and oppose the petition.

Service

Decree

7955. If, after the hearing, the court is satisfied that the descriptions as corrected are the true descriptions, it shall render a decree confirming the descriptions, which thereafter shall have the same effect as if the patent described the land in accordance with the corrected descriptions.

Costs

7956. The cost of making the survey, map or plat and field-notes and all other necessary costs incurred in a suit brought under this article shall be apportioned among the petitioners and owners of lands affected by the decree in such proportions as the court may deem equitable.

Filing decree

7957. Certified copies of the decree entered in the suit shall be filed in the office of the county recorder and in the office of the commission.

Joinder of parties

7958. Any number of land owners whose lands are contiguous or would be affected by the decree may unite in one petition under this article.

Article 8. Procedure on Improper Sales and Abandonment of Entries

Conveyance to State

7975. Whenever a purchaser of land upon credit desires to abandon the location or entry made by him, he may do so by conveyance of his title to the State and surrender of the certificate of purchase, or, if it has been lost, by filing an affidavit of that fact with the commission.

Where restitution not made

7976. An act making an appropriation to the Reclamation Board for the purpose of acquiring by purchase, condemnation or other legal means, property, lands, rights of way and easements for the construction, completion and operation of the Yolo By-pass and for the construction of incidental works and for settlement and payment of claims for damages done to property by the flood waters of the Yolo By-pass; and declaring the urgency hereof, to take effect immediately.

[Approved by Governor May 19, 1943 Filed with Secretary of State May 19, 1943.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. In addition to any money otherwise appropriated, the sum of one million one hundred twenty-nine thousand dollars ($1,129,000) or so much thereof as may be necessary, is hereby appropriated out of any money in the State Appropriation Reclamation Board

treasury not otherwise appropriated, to the Reclamation Board to be expended during the Ninety-fifth and Ninety-sixth Fiscal Years in accordance with law for the acquisition by purchase, condemnation or other legal means, of property, lands, rights of way and easements for the construction, completion and operation of the Yolo By-pass and for the construction of incidental works, and for settlement and payment of claims for damages done to property by the flood waters of the Yolo By-pass in the year 1940 and subsequent years.

Powers of board re Yolo By-pass

SEC. 2. The Reclamation Board shall have complete power and authority, subject to the approval of the Director of Finance, to execute all contracts, conveyances and instruments necessary to acquire, in the name of the Sacramento and San Joaquin Drainage District, by purchase or other legal means and to institute and prosecute in the name of said district and in accordance with law, any proceeding in eminent domain, to acquire property, lands, rights of way and easements, for the construction, completion and operation of the southerly portion of the Yolo By-pass, a part of the Sacramento River Flood Control Project, in accordance with plans therefor adopted by the Reclamation Board and the United States. The Reclamation Board shall also have power and authority, subject to the approval of the State Board of Control, to settle and pay claims for damages done to property by the flood waters of the Yolo By-pass in the year 1940 and subsequent years. The Reclamation Board shall exercise all powers and authority and do all things, in accordance with law, necessary to acquire the property, lands, rights of way, and easements for the earliest possible completion of the construction and operation of the southerly portion of said Yolo By-pass and for the settlement and payment of such claims for damages.

Claims for damages

Urgency

SEC. 3. This act is an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution and as such takes effect immediately. The following is a statement of the facts constituting such necessity:

Lack of funds has heretofore prevented the acquisition of the necessary property, lands, rights of way and easements requested of the State by the United States for the construction, completion and operation of the Yolo By-pass over land in Reclamation District No. 536 and land southerly thereof, in accordance with the plans for the construction of the Sacramento River Flood Control Project as adopted by the Reclamation Board and the California Debris Commission, an agency of the United States. As a result of the completion of said flood control project northerly from said lands, the flood waters of the Yolo By-pass in the years 1940 and 1942 inundated said area, doing many thousands of dollars damage and endangering lives. Until said portion of said flood control project is completed, said agricultural and residential area is

constantly in danger of flood water from said by-pass and destruction of crops and of life and property. Construction must be done during summer and early fall months.

CHAPTER 611

An act to provide for the payment of a portion of the bonded indebtedness of the State of California, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 19, 1943. Filed with Secretary of State May 19, 1943.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. There is hereby created in the State treasury the Bond Sinking Fund of 1943, and there is appropriated to said fund out of any money in the State treasury not otherwise appropriated, the sum of fourteen million, five hundred eighty-eight thousand, two hundred and forty-nine dollars ($14,588,249). Bond Sinking Fund of 1943

SEC. 2. Expenditures shall be made from the fund for the purpose of paying the principal and interest on bonds issued by the State and which mature in the Ninety-seventh, Ninety-eighth, Ninety-ninth and One Hundredth Fiscal Years, the principal and interest to be deemed to have matured at such time as the law authorizing the issuance of any of the bonds shall provide for the payment of any sums into the respective sinking funds therein created, or provide for payment of principal and interest from either the fund therein created or from the General Fund. Payment of principal and interest

SEC. 3. When principal and interest shall mature as provided in Section 2, a sum equal to the matured principal and interest shall be transferred from the fund herein created to the proper fund. Expenditures from the Bond Sinking Fund of 1943 shall be limited to the payment of principal and interest on the following issues: Expenditures authorized

Any unexpended money in the Bond Sinking Fund of 1943 shall be invested and reinvested by the Director of Finance in bonds of the United States or for which the full faith and credit of the United States is pledged and any interest or gains accruing from such investment and reinvestment shall be credited to the Bond Sinking Fund of 1943.

Urgency

SEC. 5. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

The State treasury has a large surplus at the present time, and the longer investment of the surplus is delayed the smaller will be the accrual to the State from such investment. The United States is now engaged in a costly and deadly war and it is in dire need of funds to successfully prosecute the war. It is to the interest of the peace, health and safety of the State that its surplus funds be made immediately available to the United States for prosecution of the war.

An act making an appropriation for the control and eradication of oriental fruit moth, and declaring the urgency thereof to take effect immediately.

[Approved by Governor May 19, 1943. Filed with Secretary of State May 19, 1943.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. There is hereby appropriated to the State Department of Agriculture out of any moneys in the State Treasury not otherwise appropriated, the sum of four hundred thirty-one thousand nine hundred eighty-four dollars ($431,984), to be expended during the Ninety-fifth and Ninety-sixth Fiscal Years for the purpose of controlling, eradicating (other than by host removal), preventing the spread, and conducting surveys to determine the location of infestations of oriental fruit moth. Appropriation State Department of Agriculture

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of Section 1 of Article IV of the Constitution of the State of California, and as such shall take effect immediately. The following is a statement of the facts constituting such necessity: Urgency

The oriental fruit moth is a destructive pest of deciduous fruits which has recently been found in California for the first time. It is now limited to a small area in the southern part of the State, and its further spread would seriously interfere

with the production of deciduous fruits and would result in an annual fixed charge on that important industry for all time.

The pest is now active and in order to permit control and eradication measures to proceed without delay, it is necessary that funds be made available at the earliest possible date.

CHAPTER 614

Stats. 1933 p. 60, amended

An act to add Sections 153.1, 153.2, and 153.3 to the Agricultural Code, relating to eradication of oriental fruit moth and indemnification for host plants removed and destroyed in connection therewith, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor May 19, 1943. Filed with Secretary of State May 19, 1943.]

The people of the State of California do enact as follows:

New section

SECTION 1. Section 153.1 is added to the Agricultural Code, to read:

Necessity of act

153.1. It is hereby declared that the eradication of oriental fruit moth is essential to the public welfare and the protection of the deciduous fruit industry of the State; that in order to accomplish such eradication it is found necessary to remove and destroy certain host plants and crops, including commercially profitable fruit trees, in areas where oriental fruit moth is known to exist; that the removal and destruction of such host plants and crops from relatively small areas is in the public interest and for the public benefit, and is for the purpose of protecting the large and important deciduous fruit industry throughout the State from the great losses which would occur if the oriental fruit moth should be permitted to spread; and that it is the intent of the Legislature that the owners of commercially profitable host plants so removed and destroyed shall be at least partially compensated for the loss which they are to sustain by reason of the removal and destruction thereof.

New section

SEC. 2. Section 153.2 is added to said code, to read:

Oriental moth eradication district

153.2. To provide for the eradication of the oriental fruit moth, the director may declare any portion of the State where oriental fruit moth is known or found to exist to be an oriental fruit moth eradication district by prescribing the boundaries thereof in a proclamation setting forth said facts and such boundaries and having a copy thereof printed in one or more papers of general circulation in said district.

Public nuisance

All known host plants of the oriental fruit moth within an oriental fruit moth eradication district are hereby declared to be a public nuisance.

The director or his authorized agents may cause the destruction and removal in a summary manner of any such host plant in its entirety or any part thereof, including the fruit. Destruction

SEC. 3. Section 153.3 is added to said code, to read: New section

153.3. At any time within 60 days after the destruction of any host plant removed and destroyed under the provisions of Section 153.2, the owner may present his claim to the director in an amount not to exceed two-thirds of the appraised value, as determined hereunder, of the host plants so destroyed. The director shall approve the claim, if he finds the claimant entitled to the amount claimed, and the claim so approved shall be presented to the State Controller and shall be paid out of any funds made available therefor. Claim

For the purpose of appraising the value, the Director of the University of California Agricultural Experiment Station shall prepare a table or tables of normal values of host plants for the area or areas included in any oriental fruit moth eradication district. The Director of the University of California Agricultural Experiment Station, the Director of Agriculture, and the Director of Finance, shall constitute an appraisal board, and may adopt a schedule of normal values, based upon such tables, or upon such other facts and data as they deem necessary to determine fairly and equitably the normal appraised values for all such plants by age, size, and species or variety, which shall apply to all such plants removed and destroyed within the district, without regard to physical condition or productivity. Appraisal Appraisal board

An appeal board is hereby created, consisting of the Director of Agriculture, or his appointed agent; the county agricultural commissioner, or his appointed agent, in the county in which the property is located; and a third member to be selected by them, who must be a resident of said county who is not the owner of host plants of a kind subject to destruction and indemnification under the eradication program. The appeal board, on its own motion, or on appeal by the owner in writing within 30 days after the removal and destruction of said host plants, if it finds the physical condition or productivity of the host plants, or both, to justify, in its opinion, an appraised value different than that set forth in the schedule of normal values adopted by the appraisal board, may make such adjustments in value as it deems proper, and such adjusted value shall be the appraised value as to those host plants so reappraised. Appeal board

SEC. 4. There is hereby appropriated to the State Department of Agriculture, out of any moneys in the State Treasury not otherwise appropriated, the sum of four hundred thirty-two thousand seven hundred twenty dollars ($432,720), to be expended during the Ninety-fifth and Ninety-sixth Fiscal Years for the removal and destruction of oriental fruit moth host plants, of which amount not to exceed two hundred seventy thousand seven hundred twenty dollars ($270,720) may Appropriation

be used for the payment of indemnities to the owners of host plants removed and destroyed.

Constitutionality

SEC. 5. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of the act. The Legislature hereby declares it would have passed this act, and each section, subsection, sentence, clause or phrase thereof, irrespective of the fact that any one or more of the sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Urgency

SEC. 6. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of Section 1 of Article IV of the Constitution of the State of California, and as such shall go into immediate effect.

The following is a statement of the facts constituting such necessity:

The oriental fruit moth is a new pest to California, and is seriously destructive to deciduous fruits in other parts of the United States where it has occurred for some time. It has been found in a small area in the southern part of this State. Its eradication is essential to the welfare of the large deciduous fruit industry of this State. Its further spread within the State would seriously interfere with the production of deciduous fruits so vitally needed and would result in an annual fixed charge on such industry for all time in the future.

The pest is now active, and any delay in instituting eradication measures would permit further spread of the pest and increase the ultimate cost of eradication and might prevent its successful eradication.

Urgency

The following is a statement of facts constituting such necessity:

The constant need for fluid milk producer and distributor representatives to be able to confer with administrative and enforcement officials of local, State and Federal governments on matters relating to fluid milk and fluid cream stabilization, marketing and prices both within and outside of their particular marketing area, is being impaired seriously by the fact that neither producer nor distributor control board members are able thus to attend and assist at necessary conferences or to recover traveling expenses. Attempts to accomplish this by volunteer attendance and through personal expense have proved ineffectual.
