An act to add Section 78b to the State Employees' Retirement Act, relating to a retirement system for public officers and employees, providing for the employment of retired employees upon conditions specified therein, and declaring the urgency of this act, to take effect immediately.

In effect immediately

[Approved by Governor June 7, 1943. Filed with Secretary of State June 7, 1943.]

The people of the State of California do enact as follows:

New section

SECTION 1. Section 78b is added to the State Employees' Retirement Act, to read:

Duration reemployment of retired employees

Sec. 78b. Notwithstanding any other provision of this act, until October 1, 1945, or the termination of the war in which the United States is now engaged, whichever is earlier, any person (other than a person who retired for service while a member of the California Highway Patrol) who has been retired for service (as distinguished from disability) under the provisions of this act may be employed in State service in accordance with the laws governing such service, in the same manner as a person who has not been so retired, upon the determination of the Board of Administration, by medical examination, that he is not incapacitated for the duties proposed to be assigned to him.

Effect

Any person so employed shall be considered as reinstated from retirement and his retirement allowance shall be canceled forthwith. His individual account shall be credited with an amount which is the actuarial equivalent of his annuity at the time of such reinstatement, and his rate of contribution for future years shall be the same as if he had continued in State service during the period of his retirement. Such person shall receive credit for prior service in the same manner as if he had never been retired.

Urgency

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

The prosecution of the war in which the United States is now engaged has, by reason of the induction of millions of men into the armed forces and the employment of additional millions in war industries, resulted in an acute shortage of manpower throughout the Nation. This shortage makes difficult or impossible the recruitment of qualified persons to fill essential positions in State service. Although recent legislation has made possible the temporary retention in State service of persons who would otherwise be retired upon reaching the age of 70 years, existing provisions of law prevent the reemployment of persons already retired, who constitute a

reservoir of trained and experienced personnel. To make possible the immediate use of these persons to meet the shortage of qualified workers in the public service, and so to prevent the breakdown of the administration of the essential services of the State Government, it is necessary that this act take effect immediately.

CHAPTER 1038

An act to amend Section 3493 of the Political Code, relating to reclamation districts.

[Approved by Governor June 7, 1943. Filed with Secretary of State June 7, 1943.]

In effect August 4, 1943

The people of the State of California do enact as follows:

SECTION 1. Section 3493 of the Political Code is amended to read:

Stats. 1937, p. 2421

3493. An action may be brought by the Attorney General in the name of the people of this State, upon his own information or upon the complaint of a private party for the dissolution of a swamp land or reclamation district for a nonuser of its corporate powers. In such action the complaint and summons may be served personally upon a majority of the trustees of such district, or upon the president of the board of trustees. If two or more districts have been formed to include all or a portion of the same lands, they may all be joined in the same action.

Dissolution action for nonuser of corporate powers

In any such action, when service of summons has been made upon the defendant or defendants, and the defendant or defendants have appeared or default been entered, the court, upon the application of any of the parties, shall thereupon enter an order fixing a day for hearing, which shall not be less than 25 days from the date of the order, and shall, also, enter an order directing notice by publication, to be given by the clerk to all persons interested in said district or districts, either as owner or owners of land in said district or districts, or creditors of said district or districts, or otherwise, requiring them to be and appear on the day fixed for the hearing of said cause, if any they have, why the district or districts named in the complaint, as defendant or defendants, should not be dissolved. The court shall order the notice to be served by publication in some newspaper of general circulation published in the county where the district or districts are situated, for a period of not less than 20 days. On the day fixed for a hearing or some later date to which the cause may be continued, the court may proceed with the hearing, due proof having been first made of the service of the notice by publication for the length of time required by the order. Any person interested in the district or districts that is defendant or defendants shall upon showing his interest be allowed to file an answer

or objections to the dissolutions of the defendant or defendants, and shall from the filing of said answer or objections become a party defendant, and be entitled to all the rights of a defendant in any civil action. Any vacancy in the board of trustees heretofore or hereafter caused by resignation, death, removal from the State, or otherwise, may be filled by the board of supervisors of the county in which the district is situated upon the application of any person or persons owning land in the district. The appointment of a trustee or trustees to fill a vacancy or vacancies shall not operate to destroy or remove any cause of action existing before such appointment or appointments were made, against the corporation or district for nonuser of its corporate powers; provided, suit be commenced within one year after the passage of this act. If upon the trial of any such action it be determined by the court:

1. That trustees have not been elected for said corporation within five years prior to the passage of this act.

2. That the trustees have not within five years, prior to the passage of this act, exercised any of the powers of a corporation, or performed any of the duties of trustees.

3. That the corporation is not in debt, or if in debt, that all claims are barred by the statute of limitations, the court shall then enter a decree dissolving the corporation, or make such further order as may be deemed necessary to protect the rights of all parties interested.

Alternative method of dissolution

A reclamation district may also be dissolved in the following manner:

Petition and election

Whenever a petition signed by landowners representing not less than 50 per cent of the lands of the district as shown by the last county assessment rolls praying for the dissolution of the district is presented to and filed with the board of trustees of the district, the said board of trustees shall submit the question of the dissolution of said district to the qualified voters of the said district at the next biennial election of the said district; provided, however, the board of trustees shall not be required to accept a petition for the dissolution of the district within 10 days preceding any biennial election of such district. If, at said election, 60 per cent of the votes cast thereat are in favor of the dissolution of the district, then the trustees of said district must, within 60 days thereafter, file for record in the office of the county recorder of the county a certified copy of an order declaring said district to be dissolved, and cease all activities, and shall proceed immediately to wind up the affairs of the district; provided, that within said period of 60 days after an election for dissolution has carried, the board of trustees shall have the right to dispose of any of the physical properties, consisting of ditches, canals, laterals and other reclamation works, of said district to any irrigation district or districts within its boundaries for the use and benefit of the lands of the reclamation district. At the expiration of 90 days after said election, the board of trustees shall

deliver all property and assets in their possession belonging to said district to the clerk of the board of supervisors of the county to be held and used by him as in his judgment shall be for the best interest of the district. Any funds which may be in the hands of the county treasurer to the credit of the district or to which the district may thereafter become entitled, shall be transferred to the credit of the county in which said district is located and shall be expended by the board of supervisors for the benefit of the district. All claims and accounts against said district which have not been settled by the board of trustees within 90 days after the election authorizing the dissolution of the district shall be presented to the board of supervisors of the county in which said district was located and shall be passed and approved by them in the same manner as county claims and shall be paid out of the funds of the dissolved district. In the event there are insufficient funds to discharge all claims and accounts then the board of supervisors shall, at the time of levying the next general county taxes, make a levy upon the property of said dissolved district sufficient in amount to discharge all outstanding claims and accounts against said district.

985.5. No veteran shall receive the benefits hereof who, in the case of the purchase of a farm would thereby become the holder of real estate exceeding in value fifteen thousand dollars ($15,000) or who in the case of the purchase of a home would thereby become the holder of real estate exceeding in value ten thousand dollars ($10,000).

Property holding limitation

Eligibility

986. The board shall prescribe and determine the qualifications of all veterans. Any person deeming himself a veteran and desiring to benefit hereunder, shall submit to the board information, in such form as the board prescribes, which will enable the board to determine his eligibility and qualifications. The board may make further inquiries and investigations in order to determine such eligibility and qualifications. Veterans who are otherwise qualified and who were wounded or disabled as a result of their service shall be given preference in the benefits conferred by this article. The board shall determine, in each case, whether or not the veteran was wounded or disabled as a result of service.

Rights of widow

986.1. If a veteran dies after filing his application for a farm or a home, and his application setting forth his eligibility and qualifications is subsequently approved, his widow may, in the discretion of the board, succeed to his rights under the application, and may be entitled to the rights, privileges, and benefits under this article that would have been his, but for his death. The contract of purchase which the board otherwise would have made with such veteran may be made with his widow.

Selection

986.2. When a veteran has been authorized by the board to select a farm or home, he shall submit his selection in such form as the board prescribes.

986.3. The board may purchase such farm or home from the owner thereof upon the terms agreed if:

(b) The veteran has agreed with the board actually to reside on the property within 60 days from the date of purchase by the board.

(c) The purchase price of the property does not exceed the sum of seven thousand five hundred dollars ($7,500) in the case of a farm, or five thousand dollars ($5,000) in the case of a home.

Maximum value of property acquired

986.4. The board may acquire in any manner for sale to a veteran a home in this State, the value of which does not exceed the sum of ten thousand dollars ($10,000), or a farm in this State the value of which does not exceed the sum of fifteen thousand dollars ($15,000).

Maximum cost to board and veteran

986.5. The cost of a home to the board shall not exceed the sum of five thousand dollars ($5,000), and a veteran purchasing the home may advance not to exceed five thousand dollars ($5,000) on the purchase price of the home so that the total purchase price thereof does not exceed ten thousand dollars ($10,000). The cost of a farm to the board shall not exceed seven thousand five hundred dollars ($7,500), and a veteran purchasing the farm may advance not to exceed seven thousand five hundred dollars ($7,500) on the purchase price of the farm so that the total price thereof does not exceed fifteen thousand dollars ($15,000).

986.6. The board may acquire a farm or home in which the veteran to whom such farm or home is to be sold has theretofore acquired an interest. Prior interest

986.7. Before the purchase of any property by the board there shall be filed with the board an appraisement of the market value of the property by a member or an authorized agent of the board, and by an officer or an authorized appraiser of a banking corporation formed under the laws of this State, or by the manager of a branch bank of such banking corporation, or by an officer or cashier of a National banking association, having a place of business in the county in which the property or some portion thereof is situated. If there is no such banking corporation or National banking association having a place of business in the county in which the property or some portion thereof is situated, then such appraisement shall be filed by an officer or an authorized appraiser, or the manager of a branch bank of such a banking corporation, or by an officer or cashier of a National banking association, having a place of business in a county adjacent thereto. Each appraisement shall be verified by the maker thereof. The verification shall state that it is made in good faith, and that the valuation is honestly determined and represents the bona fide opinion of the maker. Appraisal

986.8. The board, before consummating a purchase under the provisions of this article, shall cause the title of the property sought to be purchased to be examined and may require for that purpose an abstract, an unlimited certificate of title, or a policy of title insurance, and may refer the same to the Attorney General for his opinion. Title search

986.9. The board shall then enter into a contract with the veteran for the sale of the property to the veteran. The board shall fix the selling price of the property by adding to the purchase price thereof, or to the value of such property as determined by the board when such property is acquired by the board in a manner other than by purchase, all expenses incurred and estimated to be incurred by the board in relation thereto, inclusive of interest, administration, appraisals, examination of title, incidental expenses, and the sum deemed necessary to meet unforeseen contingencies. The balance of the selling price may be amortized over a period fixed by the board, not exceeding 40 years, together with interest thereon at the rate of 5 per cent per annum compounded at periods fixed by the board. The purchaser on any installment date may pay any or all installments still remaining unpaid. In any individual case the board may for good cause postpone from time to time, upon terms as the board deems proper, the payment of the whole or any part of any installment of the selling price or interest thereon. Payments

Subsequent sale

987.1. The board in each individual case may specify the terms of the contract entered into with the purchaser, but no property sold under the provisions of this article shall, voluntarily or involuntarily, by operation of law or otherwise, be transferred, assigned, encumbered, leased, let or sublet, in whole or in part, without the written consent of the board, until the purchaser has paid therefor in full and has complied with all the terms and conditions of this contract of purchase.

Obligations of purchaser

987.2. The contract made between the board and purchaser shall provide that the purchaser maintain the farm or home as his place of residence and keep in good order and repair all buildings, fences, and other permanent improvements situate thereon and that the purchaser, if required, insure and keep insured against fire or other hazards, all buildings, fences, other permanent improvements, or crops on the property, loss, if any, under the policies therefor to be made payable to the board as its interest appears. Insurance shall be in the amount, with the insurance companies, and under the conditions specified by the board.

Default in taxes, etc

987.3. If the purchaser fails or neglects to pay, satisfy, and discharge at maturity all taxes and assessments, and all other charges and encumbrances which are a lien upon the property being purchased from the board, or any part thereof, and also all taxes and assessments levied or assessed upon the interest created by the contract of purchase of such property; or to keep the buildings, fences, other permanent improvements upon such property insured and in good order and repair, or to keep the crops upon such property insured; or to keep in good order and repair all buildings, fences, and other permanent improvements situated upon such property; then, in such event, the board may pay, satisfy, discharge, settle, or compromise the taxes, assessments, charges, or encumbrances, or insure the buildings, fences, permanent improvements, or crops, or do the work and supply the materials necessary to keep the buildings, fences, and other improvements in good order and repair. All moneys so expended by the board shall be added to the selling price of the property and bear interest at the rate of 7 per cent per annum compounded semiannually from the date of expending the same, and shall be repaid by the purchaser to the board on demand. The board may amortize the repayment of such expenditures or permit repayment in installments upon the terms and conditions which it deems proper.

Payment by board

Addition to sales price

(c) The necessity and nature of the work necessary to keep the buildings, fences, and other improvements in good order and repair, and the amount necessary to be paid therefor.

Cancellation of contract

987.5. In the event of a failure of a purchaser to comply with any of the terms of his contract of purchase, the board may cancel such contract, and thereupon be released from all obligations, at law or in equity, to convey the property, and the purchaser shall forfeit all right thereto. All payments theretofore made shall be deemed to be rental paid for occupancy. Upon such forfeiture, the board shall take possession of the property covered by such contract, and shall remove all persons and personal property therefrom without any liability whatsoever on the part of the board or of any official or employee thereof for any damage or injury caused by or incident to the entry or removal. The failure of the board to exercise any option to cancel or to exercise any other privilege under such contract for any default shall not constitute a waiver of the right to exercise such option or privilege for any other default on the part of the purchaser.

Sale after forfeiture

987.6. In the event of a forfeiture of a contract of purchase under the provisions of this article, the board may sell or otherwise dispose of the property covered by the forfeited contract to such person and upon such terms and conditions as it deems proper.

Payment of net gain

987.7. The board may, in the contract of purchase with a veteran, provide that, in the event of default by the veteran and forfeiture of his rights under the contract and subsequent sale of the property by the board, it may pay to him any net gain realized by the board upon the sale. The board is the sole judge of the net gain.

Insurance of reverted property

987.8. The board may insure and keep insured against fire or other hazards all buildings, fences, other permanent improvements, or crops situated upon any property which has reverted to and is under the control of the board, or may do the work and supply the materials necessary to keep the buildings, fences, and other improvements situated upon the property in good order and repair. The board may lease or let the property, in whole or in part, upon such terms as it deems proper. In the case of a farm, the board may cultivate the farm or harvest the crop.

Lease or cultivation

Operation by board

987.9. If illness or accident prevents a purchaser of a farm from cultivating his farm or harvesting any crop, the board may enter and cultivate the farm or harvest the crop. In such event the board has a first lien upon the crop for all moneys expended and may sell the harvested crop. Out of the proceeds of the sale the board may reimburse itself for any expense which it has incurred in the cultivation of the farm, the harvesting of crops and the sale thereof, and retain any moneys due to the board from the purchaser. Any balance shall be paid by the board to the purchaser.

Succession

987.10. When a purchaser dies, indebted to the board under contract of purchase, his rights acquired under this article and such contract shall devolve upon his heirs, devisees, or personal representatives, but subject to al rights, claims, and charges of the board. Default on the part of an heir, devisee, or personal representative, with respect to any right, claim, or charge of the board shall have the same effect as would default on the part of the purchaser but for his death.

Article 3. Funds

988. There is in the State treasury a revolving fund known as the Veterans' Farm and Home Building Fund of 1943. All moneys deposited in such fund shall be subject to the provisions of this article. Money may be withdrawn from such fund in accordance with law upon requisition of the board.

The moneys advanced may, in the discretion of the board, be in addition to the maximum purchase price of a farm or home as limited by the provisions of Sections 986 4 and 986.5 of this code.

The remaining fifty thousand dollars ($50,000) shall constitute a fund available for the payment of administrative expenses alone until such time as other moneys are available for such purposes from the sales of real estate as provided for in this act. Sec. 45.9. In any case in which any contributions, interest, or penalty imposed under this act is not paid when due, the commission may file in the office of the county clerk of Sacramento County, or with the county clerk of the county in which the employer has his principal place of business, a certificate specifying the amount of the contributions, interest and penalty due, the name and last known address of the employer liable for the same, that the commission has complied with all the provisions of this act in relation to the computation and levy of the contributions, interest and penalty, and a request that judgment be entered against the employer in the amount of the contributions, interest and

penalty set forth in the certificate. The county clerk immediately upon the filing of such certificate shall enter a judgment for the commission against the employer in the amount of the contributions, interest, and penalty set forth in the certificate. Such judgment may be filed by the county clerk in a loose-leaf book entitled "Unemployment Contributions Judgments."

Recordation

An abstract of such judgment or a copy thereof may be recorded with the county recorder of any county and from the time of such recording, the amount of the contributions, interest and penalty therein set forth shall constitute a lien upon all the property of the employer in such county, owned by him or which he may afterwards and before the lien expires acquire, which lien shall have the force, effect and

Execution

priority of a judgment lien. Execution shall issue upon such a judgment upon request of the commission in the same manner as execution may issue upon other judgments and sales shall be held under such execution as prescribed in the Code

of Civil Procedure. In all proceedings under this section the commission or its authorized agents shall be empowered to act on behalf of the people of the State of California.

Remedy cumulative

It is expressly provided that the foregoing remedy of the commission shall be cumulative and that no action taken by the commission shall be or be construed to be an election on the part of the commission to pursue any remedy hereunder to the exclusion of any other remedy for which provision is made in this act.

Hearing

Prior to the filing by the commission of the certificate provided for in this section, the delinquent employer shall be given an opportunity for oral hearing before the commission or its duly authorized representative.

Notice

Notice of the time and place of such hearing must be mailed at least 15 days in advance thereof, and may be sent by registered mail addressed to the last known address of the delinquent employer. In the event the delinquent employer or his representative does not appear at such hearing or if an appearance is made but the delinquent employer does not establish to the satisfaction of the commission or its duly authorized representative that the amount of contributions, interest and penalties claimed to be due is erroneous, the commission may proceed forthwith to file the certificate provided for in this section.

Satisfaction of judgment

Whenever any such judgment has been entered, and if thereafter the contributions upon which such judgment is based are paid or found to be erroneous, the commission shall immediately cause a satisfaction of judgment to be filed with the clerk who issued such judgment and a certified copy thereof to be recorded with the county recorder of each county wherein said judgment or a copy thereof has been recorded.

Release of judgment lien

The commission may at any time release all or any portion of the property subject to the lien of such judgment from such lien or subordinate the lien of the judgment to other liens and encumbrances if it determines that the taxes, interest and penalties are sufficiently secured by a lien on other property or that the release or subordination of the judgment lien will not endanger or jeopardize the collection of such taxes, interest and penalties.

Certificate

A certificate by the commission to the effect that any property has been released from such judgment lien or that such judgment lien has been subordinated to other liens and encumbrances shall be conclusive evidence that the property has been released or that the judgment lien has been subordinated as provided in the certificate.

No such action may be instituted more than 60 days after the payment of such contribution, except that the commission may in writing at any time prior to the expiration of said 60 days period extend for a period of not exceeding two years the time within which such action may be instituted, and failure to bring suit within said 60 days or within any such extended period, if an extension has been granted, shall constitute waiver of any and all demands against this State on account of any alleged overpayment of contributions hereunder, except that such demands may still be prosecuted in accordance with the provisions of Section 45.11 of this act. No grounds of illegality of the contribution shall be considered by the court other than those set forth in the protest filed at the time of the payment of the contribution.

In any such judgment, interest shall be allowed and paid out of the clearing account of the Unemployment Fund only to the extent that interest and penalties collected under Sections 45 and 45.3 are available therefor, at the rate of 6 per cent per annum upon the amount of contributions found to have been illegally collected from the date of payment thereof to the date of such credit or refund on account of such judgment.

National plan

Sec. 2. This act is enacted as a part of a National plan of unemployment reserves and social security, and for the purpose of assisting in the stabilization of employment conditions. The imposition of the tax herein imposed upon California industry alone, without a corresponding tax being imposed upon all industry in the United States, would, by the corresponding penalty upon California industry, defeat the very purposes of this act set forth in Section 1. When act operative

Effect of change in Federal law

Whenever such legislation enacted by the United States Government is repealed, amended, interpreted, affected or otherwise changed in such manner that no portion of the contributions required by this act may be thus credited, then upon the date of such change, the provisions of this act requiring contributions and providing for payment of benefits shall cease to be operative and any assets in the unemployment fund or unemployment administration fund shall in the discretion

of the State Treasurer be held in the then existing depositaries or otherwise in the State Treasury. In the case of the unemployment administration fund, such moneys may thereafter be dealt with by the State Treasurer pursuant to the conditions of the grant thereof to the State by the United States Government or agency thereof.

Adequate records and statistics on all the classifications above mentioned shall be compiled and kept by the employment service, and a report of such records, statistics, applications and placements shall be made semiannually.

(c) May promulgate such rules as it finds desirable for the registration of unemployed persons, and for placing them in available employment. To this end it may accept financial contributions from any governmental unit or agency, or private persons.

Interest

Interest shall be allowed and paid out of the clearing account of the unemployment fund only to the extent that interest and penalties collected under Sections 45 and 45.3 are available therefor, upon any overpayment of contributions, if such overpayment was made under protest and was not made because of an error or mistake on the part of an employing unit, at the rate of 6 per cent per annum from the date of the overpayment to the date of the allowance of the adjustment, credit or refund.

This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health, and safety within the meaning of Section 1 of Article IV of the Constitution of the State of California and therefore shall take effect immediately. The facts constituting such necessity are as follows:

The disease of grapevines known as Pierce's disease is now present in most of the vineyard districts of California and is

destroying large numbers of vines in those areas. This disease is one of the most destructive virus diseases known to the vineyard industry, and caused an estimated damage in 1942 alone in excess of one million dollars ($1,000,000) in crop loss. The disease is spreading rapidly and is of major concern in all counties producing grapes in this State and there is no known means of control. This disease has already completely eliminated the grape industry in certain counties of California, and unless immediate steps are taken will completely destroy the entire industry within the State.

An act to amend Section 542 of the Code of Civil Procedure, relating to the attachment of real and personal property.

In effect August 4, 1943

[Approved by Governor June 8, 1943. Filed with Secretary of State June 8, 1943.]

The people of the State of California do enact as follows:

Stats 1937, p 1617

SECTION 1. Section 542 of the Code of Civil Procedure is amended to read as follows:

Execution by sheriff, etc

542. The sheriff, constable, or marshal, to whom the writ is directed and delivered, must, upon receipt of instructions in writing, signed by the plaintiff or his attorney of record, and containing a description of the property, and in the case of real property or growing crops the name of the record owner of the real property to be attached, or upon which the crops are growing, and a statement as to whether or not the real property is registered under the Land Title Law, an initiative act adopted by election November 3, 1914, execute the same without delay, and if the undertaking mentioned in Section 540 of this code be not given, as follows:

Real property in defendant's name

1. Real property, standing upon the records of the county in the name of the defendant, must be attached, by filing with the recorder of the county a copy of the writ, together with a description of the property attached, and a notice that it is attached, and by serving an occupant of the property, if there is one upon the property at the time service is attempted, with a similar copy of the writ, description and notice, or if there is no occupant then on the property, then, by posting the same in a conspicuous place on the property attached. Service upon the occupant may be made by leaving said copy of the writ, description and notice with the occupant personally, or, in his absence with any person of suitable age and discretion, found upon the property at the time service thereof is attempted and who is either an employee or agent of such occupant or a member of his family or household. Where the property described in the notice consists of more than one distinct lot, parcel or governmental subdivision and any of such lots, parcels or governmental subdivisions lie with relation to any of the others so as to form one or more continuous, unbroken tracts, one service or posting, need be made as to each such continuous, unbroken tract.

Growing crops on real property in defendant's name

1a. Growing crops (which, until severed, shall be deemed personal property not capable of manual delivery), growing upon real property standing upon the records of the county in the name of the defendant, must be attached by filing with the recorder of the county a copy of the writ, together with a description of the growing crops to be attached, and of the real property upon which the same are growing, and a

notice that such growing crops are attached in pursuance of the writ, and by serving an occupant of the real property, if there is one upon the real property at the time service is attempted, with a similar copy of the writ, description and notice, or if there is no occupant then on the real property, then, by posting the same in a conspicuous place on the real property. Service upon the occupant may be made by leaving said copy of the writ, description and notice with occupant personally, or, in his absence, with any person, of suitable age and discretion, found upon the real property at the time service thereof is attempted and who is either an employee or agent of such occupant or a member of his family or household. Where the real property described in the notice consists of more than one distinct lot, parcel or governmental subdivision, and any of such lots, parcels or governmental subdivisions lie with relation to any of the others so as to form one or more continuous unbroken tracts, one service or posting need be made as to each such continuous unbroken tract.

Whenever growing crops have been attached under the provisions of this subdivision, which will greatly deteriorate in value, unless properly cultivated, cared for, harvested, packed or sold, the court issuing such writ, upon application of the person in whose favor the writ runs, and after due notice to the owner of said property, may direct the sheriff to take possession of said property and to cultivate, care for and preserve the same and, when necessary, harvest, pack and sell such property. Any sale of such property shall be made in the same manner that property is sold on execution and the proceeds must be retained by the sheriff to be applied to the satisfaction of any judgment which may be recovered in the action in which said writ is issued. The court shall order said applicant to pay such expenses in advance if the court may deem it proper, or may direct that the whole or any part of such expenses be paid from the proceeds of any sale of such property.

Real property in name of person other than defendant

2. Real property, or any interest therein, belonging to the defendant, and held by any other person, or standing on the records of the county in the name of any other person, must be attached in the same manner as is real property standing upon the records of the county in the name of the defendant by the provisions of Subdivision 1 of this section and the notice of attachment shall state that the real property therein described, and any interest of the defendant therein held by or standing on the records of the county in the name of such other person (naming him), are attached. In addition, a similar copy of the writ, description and notice shall be delivered to such other person, or his agent, if known and within the county, or left at the residence of either, if within the county. The recorder must index such attachment when filed, in the names, both of the defendant and of the person by whom the property is held or in whose name it stands of record.

Growing crops of real property of person other than defendant

2a. Growing crops (which, until severance, shall be deemed personal property not capable of manual delivery), or any interest therein, belonging to the defendant, and growing upon real property held by any other person or standing upon the records of the county in the name of any other person, must be attached in the same manner as growing crops growing upon real property standing upon the records of the county in the name of the defendant are attached by the provisions of Subdivision 1a of this section, and the notice of attachment shall state that the crops therein described or any interest of the defendant therein, held by, or standing upon the records of the county in the name of, such other person (naming him), are attached in pursuance of the writ. In addition, a similar copy of the writ, description and notice shall be delivered to such other person, or his agent, if known and within the county, or left at the residence of either, if known and within the county. The recorder must index such attachment when filed, in the names of both the defendant and of the person by whom the real property is held, or in whose name it stands on the record.

Whenever growing crops have been attached under the provisions of this subdivision, which will greatly deteriorate in value unless properly cultivated, cared for, harvested, packed or sold, the court issuing such writ, upon application of the person in whose favor the writ runs, and with or without notice as the court directs to the owner of said property, may direct the sheriff to take possession of said property and to cultivate, care for and preserve the same and, when necessary harvest, pack and sell such property. Any sale of such property shall be made in the same manner that property is sold under execution and the proceeds must be retained by the sheriff to be applied to the satisfaction of any judgment which may be recovered in the action in which said writ is issued. The court shall order said applicant to pay such expenses in advance if the court may deem it proper, or may direct that the whole or any part of such expenses be paid from the proceeds of any sale of such property.

Personal property

3. Personal property, capable of manual delivery, in the possession of the defendant, must be attached by taking it into custody.

Deposit: Personal property capable of manual delivery

5. In cases where the sheriff, constable, or marshal is instructed to take into possession personal property capable of manual delivery, whether the same is to be placed in a warehouse or in custody of a keeper, the sheriff, constable or mar-

shal shall require, as a prerequisite to the taking of such property, that in addition to written instructions the plaintiff or his attorney of record deposit with the sheriff, constable or marshal, a sum of money sufficient to pay the expenses of taking and keeping safely said property for a period not to exceed five days. In the event that a further detention of said property is required, the sheriff, constable or marshal must, from time to time, make written demand upon the plaintiff or his attorney for further deposits to cover estimated expenses for periods not to exceed five days each. Such demand must be served as provided in Section 1011 of this code, or by depositing such notice in the post office in a sealed envelope, as first-class registered mail, postage prepaid, addressed to the person on whom it is served at his last known office or place of residence. In the event that the money so demanded is not paid the sheriff, constable, or marshal shall release the property to the person or persons from whom the same was taken. There shall be no liability upon the part of the sheriff, constable or marshal to take or hold personal property unless the provisions of this section shall have been fully complied with.

Further deposits

6. Debts and credits and other personal property, not capable of manual delivery must be attached by leaving with the persons owing such debts, or having in his possession, or under his control, such credits and other personal property, or with his agent or in the case of a corporation, with the president of the corporation, vice president, secretary, assistant secretary, cashier, or managing agent thereof, a copy of the writ, and a notice that the debts owing by him to the defendant, or the credits and other personal property in his possession, or under his control, belonging to the defendant, are attached in pursuance of such writ; provided, however, that debts owing to the defendant by a banking corporation or association, building and loan association or title insurance company, maintaining branch offices, or credits or other personal property whether or not the same is capable of manual delivery, belonging to the defendant and in the possession of or under the control of such banking corporation or association, building and loan association or title insurance company, must be attached by leaving a copy of the writ and the notice with the manager or other officer of such banking corporation, or association, building and loan association or title insurance company at the office or branch thereof at which the account evidencing such indebtedness of the defendant is carried, or at which such banking corporation or association, building and loan association or title insurance company has credits or other personal property belonging to the defendant in its possession or under its control; and no attachment shall be effective as to any debt owing by such banking corporation or association,

Personal property not capable of manual delivery

building and loan association or title insurance company if the account evidencing such indebtedness is carried at an office or branch thereof not so served, or as to any credits or other personal property in its possession or under its contro at any office or branch thereof not so served.

7. If real property sought to be attached is registered under said land title law, an additional copy of the writ, together with a description of the Torrens title certificate, a description of the property and a notice that it is attached shall be filed with the registrar of titles of the county.

Salary for part time teacher

The governing board of each school district shall pay to each person employed for less than full time in a position or positions requiring certification qualifications an annual salary of not less than an amount which shall be the same proportion of one thousand five hundred dollars ($1,500) as the time required of such person in such position or positions is of the time required of a person employed full time in a position or positions requiring certification qualifications.

"For full time"

As used herein the term "for full time" means for not less than the minimum school day each day the schools of the district are maintained during the school year.

Apportionment

In the event any elementary school district receives as income during any school year from all available sources less than one thousand seven hundred fifty dollars ($1,750), the county superintendent of schools having jurisdiction over the district may apportion to such district from the unapportioned county elementary school fund not to exceed eighty dollars ($80) for the purpose of enabling the governing board of such district to comply with the provisions of this section.

Repeal

SEC. 3. Section 1 of this act remains operative only until the Education Code, enacted by the Legislature at its Fifty-fifth Session, takes effect, at which time Section 5.751-1 of the School Code added by this act is hereby repealed.

SEC. 4. This act shall remain in effect until June 30, 1945. While this act is in effect it shall supersede any existing provisions of law which are in conflict with this act; but such provisions are not repealed by this act and after this act is no longer effective shall have the same force as though this act had not been enacted. Duration. Existing law.

SEC. 5. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows: Urgency.

Since the establishment of the present minimum salary for persons employed full time by districts in positions requiring certification qualifications, not only has the cost of the necessities of life increased tremendously but the burden of taxes on income has become so heavy that the present minimum salary virtually makes it impossible for any person, or family to subsist on the present minimum salary. It is essential that an increase in the minimum salary be made effective immediately in order to permit those receiving the minimum salary to receive a salary during the school year commencing July 1, 1943, and subsequent school years if the adverse consequences of salaries which are too low to permit decent living conditions are to be avoided.

SEC. 6. This act shall not become effective unless an act entitled "An act to add Sections 4.1-1, 4.781-1, 4.782-1, 4.784-1, 4.791-1, 4.793-1, 4.794-1, and 4.796-1 to the School Code and to add Sections 5151.1, 6952.1, 6953.1, 6957.1, 6972.1, 6974.1, 6975.1, and 6977.1 to the Education Code, relating to the support of the public elementary schools and making an appropriation, declaring the urgency thereof, to take effect immediately," is enacted by the Fifty-fifth Session of the Legislature. 107. "Possessory interests" means the following:

CHAPTER 1134

Stats 1941, p 2538, amended

An act to add Section 4 to an act entitled "An act to provide for the improvement and reconstruction of a road in the County of Mendocino, and making an appropriation therefor," approved July 11, 1941, relating to availability of any unexpended balance of the appropriation made therein, declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor June 8, 1943. Filed with Secretary of State June 8, 1943.]

The people of the State of California do enact as follows:

New section

SECTION 1. Section 4 is added to the act cited in the title hereof, to read:

Unexpended appropriation

Sec. 4. The provisions of Section 435 of the Political Code or any other provisions of law to the contrary notwithstanding, any unexpended balance of the sum appropriated under

this act shall remain available for the purposes for which appropriated and shall not revert to the fund from which appropriated.

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution of the State of California, and as such shall take effect immediately. The following is a statement of the facts constituting such necessity: Urgency

The war effort has made heavy demands on the lumber industry. Lumber is required by defense industries and the armed forces. The road referred to in the Burns-Biggar Act is the only road over which lumber products can be shipped to market from sawmills in the vicinity. Shipments of lumber are delayed due to the poor condition of this road. Certain State moneys were made available for expenditure during the Ninety-third and Ninety-fourth Fiscal Years for the improvement and reconstruction of this road. The work can not be completed, due to the lack of manpower, prior to the close of the Ninety-fourth Fiscal Year and unless this act goes into immediate effect work on the road will cease on June 30, 1943. The cessation of work will delay the completion of the improvement and reconstruction of the road and thus hinder and delay the flow of lumber products to industry and the armed forces.

1. No member of the system shall be required to accept the services or medical supplies of any physician, surgeon, person licensed to treat human diseases without the use of drugs, dentist, nurse, pharmacist or hospital selected by the board, but, subject to rules and regulations of the board, every member shall have the right to select, of his own choice, any duly licensed physician, surgeon, person licensed to treat human diseases without the use of drugs, dentist, nurse, pharmacist, hospital or other agency of medical care as herein defined, who or which will render the required services pursuant to said rules and regulations, and the board shall make provision for the exercise of such choice; and is hereby expressly prohibited from entering into any exclusive contract for the rendering of said services;

The retirement board may approve, refer to the Health Service Board for further consideration, or disapprove any matter or proposal which is within its jurisdiction under the provisions of this section, and it shall act within sixty (60) days after any matter has been submitted to it, and failure of the retirement board to approve, refer or disapprove the same within said period shall constitute an approval.

4. In January of each year, at public hearings, the Health Service Board shall review and determine the adequacy of medical care provided for members of the system and the adequacy of fee schedules and the compensation paid for all services rendered and it may make such revisions therein as it deems equitable. Any such determination or revision shall be subject to review by the retirement board upon an appeal taken within thirty (30) days thereafter by a written petition filed with the retirement board and signed by not less than fifteen per cent (15%) of the members of the system or by not less than fifteen per cent (15%) of those of any one of the following groups who have contracted to render services to the members of the system: Physicians and surgeons; persons licensed to treat human diseases without the use of drugs; dentists; nurses; pharmacists; hospitals; other agencies of medical care. Failure of the retirement board to approve, refer or disapprove such determination or revision within sixty (60) days after filing the petition shall constitute an approval.

5. The Health Service Board shall receive, consider and, within sixty (60) days after receipt, act upon any matter pertaining to the administration, operation or conduct of the health service system submitted to it in writing by any member of the system or any person who has contracted to render medical care to the members of the system.

6. The said retirement board is hereby authorized and empowered and it is hereby made its duty to exercise the powers and to perform the duties prescribed for it by this section.

(b) To put said plans into effect and to conduct and administer the same and, for all or any of said purposes, to contract therefor and use the funds of the system.

(c) To make rules and regulations for the transactions of its business, the granting of exemptions and the admission to

the system of persons who are hereby made members thereof and such other officers and employees as may voluntarily become members of the system with the approval of the board.

Prior to July 1 in each year the Health Service Board shall fix the compensation of its employees, which compensation shall be the same as the rates of compensation fixed by the Board of Supervisors, under the provisions of Section 151 of this Charter, for similar classifications and services in other City and County departments. The health service board shall submit to the Board of Supervisors prior to July 1 of each year a list of the positions established under the Health Service Board, and such positions and the compensation therefor shall be enumerated in the annual salary ordinance. Payrolls covering such positions shall be governed by Section 150 of the Charter.

(e) To make provision for the participation in the benefits of the system by the dependents of members, retired municipal employees and temporary municipal employees, provided that such participation shall be without cost to the City and County.

Deductions from salary

Subdivision 4. The board shall determine and certify to the Controller the amount to be paid monthly by the members of the system to a fund for the purposes of the system hereby created. The Controller shall deduct said sums from the compensation of the members and shall deposit the same with the Treasurer of the City and County to the credit and for the use of the system. Such deductions shall not be deemed to be a reduction of compensation under any provision of this Charter. The board shall have control of the administration and investment of the funds, provided that all investments shall be of the character legal for insurance companies in California. Disbursements from the fund shall be made only upon audit by the Controller and the Controller shall have and exercise the accounting and auditing powers over the funds of the system which are vested in him by this Charter with respect to all other municipal boards, officers and commissions.

Subdivision 5. The term "medical care" shall include the services of physicians, surgeons, nurses, persons licensed to treat human diseases without the use of drugs, hospitalization, medicines and appliances, and dental, optical and other medical treatments and services. "Medical care"

All acts performed and services rendered under the provisions of this section shall be performed in accordance with the provisions as to professional conduct prescribed by the statutes of the State of California regulating such professional conduct and services.

Public facilities

Subdivision 6. Members of the system shall have and possess no claim or recourse against any of the funds of the municipality by virtue of the adoption or operation of any plan for rendering medical care, indemnifying costs of said care or carrying insurance against such costs, but the claim and recourse of any such member shall be limited solely to the funds of the system. PROPOSITION NO. 33

CHARTER AMENDMENT—LEAVES OF ABSENCE AND CONTINUOUS SERVICE.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said city and county by amending Sections 153 and 161 thereof, relating to Leaves of Absence and Continuous Service.

The Board of Supervisors of the City and County of San Francisco hereby submit to the electors of the City and County of San Francisco at the general election to be held on November 3, 1942, a proposal to amend Sections 153 and 161 thereof so that the same shall read as follows:

LEAVES OF ABSENCE

Rules

Section 153. Leaves of absence to officers and employees of the city and county shall be governed by rules established by the civil service commission, provided that leave of absence to any officer or employee for the purpose of leaving the city and county, taking a position outside of the city and county service, or accepting a position in some department or office of the city and county other than the one in which he is employed and where the duties are in no way related to the duties covered by his civil service classification, shall be limited to six months; and provided, further, that no limit shall be placed on a leave of absence granted to enable an officer or employee to accept promotion to a non-civil service position in the same department in which he holds civil service status, or promotion to co-related work in another department or office of the city and county.

Military leaves

Leaves of absence shall be granted to officers and employees of the city and county of San Francisco and non-certificated officers and employees of the San Francisco Unified School District and to eligibles on lists for appointment to positions therein for service in the armed forces of the United States or the State of California or for service on ships operated by or for the United States government in time of war and for such time thereafter as may be provided by rule of the civil service commission, but not to exceed two years after the proclamation of peace, except in case of disability incurred in line of duty with the armed forces or the merchant marine when such disability shall extend beyond such period.

Whenever any officer or employee of the city and county of San Francisco, or any non-certificated officer or employee of the San Francisco Unified School District or any eligible on a list for appointment to positions therein shall, by order of the government of the United States or by lawful order of any of its departments or officers, or by lawful order of the State of California, or any of its departments or officers, be directed in time of peace to report for service or training in

the armed forces of the United States, or in the armed forces of the State of California, and shall be inducted into said service, said officer or employee or eligible shall be entitled to a leave of absence from his office or position or eligibility during the time of such service and for a period of not to exceed three months after the expiration thereof.

In addition to such leaves, the board of supervisors by a three-fourths vote may, on the recommendation of the civil service commission, provide by ordinance that leaves of absence shall be granted to such officers, employees, and eligibles during time of war or in time of peace for other service directly connected with the prosecution of the war or national defense or preparedness. Leaves granted pursuant to the provisions of the two preceding paragraphs and ordinances adopted pursuant to the provisions of this paragraph shall be designated military leaves.

Status on return

If a person on military leave has been appointed to a permanent position, he shall be entitled to resume such position at the expiration of his leave, and if any civil service rights accrue to any appointee by reason of seniority, the term of service shall be reckoned a part of his service under the city and county, exclusive of service under the retirement provisions of this charter. If persons on military leave during time of war have standing on an eligible list, they shall retain their places thereon, and upon presenting an honorable discharge or certificate of honorable service from such wartime service shall be preferred for appointment for a period of four years after the proclamation of peace in the order of standing upon such register at the time of induction into such wartime service and before candidates securing standing through an examination held subsequent to such induction. If a person on military leave during time of peace has standing on an eligible list, he shall maintain his place on said list while such leave is in force unless pursuant to the provisions of Section 145 hereof the list shall expire or be cancelled during the period said leave is in force. If the name of such person on military leave during time of peace or war is reached for permanent appointment to a position from a list of civil service eligibles prior to the date of expiration or cancellation of such list as provided in Section 145 hereof, he shall be appointed to such position at the end of the service for which he was granted such leave, provided that no such person shall be appointed to an entrance position in the uniformed ranks of the police and fire departments under this provision who is more than 35 years of age unless the name of such person was reached for appointment to such position before such person reached age 35.

Filing of order

Officers, employees, or eligibles entering or being inducted into any service for which military leave may be granted under the provisions of this section shall, prior thereto, file with the civil service commission a copy of the orders requiring such service.

Rules

The civil service commission shall adopt rules to govern the administration of military leaves as herein provided and to govern lay-offs occasioned by the return of officers, employees or eligibles who have been granted military leaves as provided in this section.

Retroactive leaves

Military leaves granted to officers, employees, or eligibles for service on ships operated by or for the United States government shall be retroactive to December 7, 1941.

Illness or disability

The civil service commission, by rule and subject to the approval of the board of supervisors by ordinance, shall provide for leaves of absence due to illness or disability, which leave or leaves may be cumulative, if not used as authorized, provided that the accumulated unused period of sick leave shall not exceed six months, regardless of length of service, and provided further that violation or abuse of the provisions of said rule and ordinance by any officer or employee shall be deemed an act of insubordination and inattention to duties.

CONTINUOUS SERVICE

Credit for period of military leave

Section 161. Continuous service shall be defined by the board of supervisors, but the absence of any officer or employee of the city and county from service caused by reason of the service of such officer or employee in the military or naval forces of the United States in any war in which the United States has engaged, shall not be deemed to be absence from service for the purposes of the retirement system and such officer or employee shall receive credit under the retirement system, for the period of such absence, in the same manner as if he had not been absent.

Contributions to retirement system on return from service

Any member of the retirement system who is absent after September 14, 1940, from the service of the city and county, by reason of service in the armed forces of the United States, or the State of California or service on ships operated by or for the United States government, and for such time thereafter as may be provided by rule of the civil service commission, but not to exceed two years after the proclamation of peace, except in case of disability incurred in the line of duty with said armed forces or on said ships when such disability extends beyond such period, or any service connected with the war effort for which leaves of absence shall be authorized pursuant to section 153 of the charter, or any such member who is absent after September 14, 1940, from the service of the city and county, by reason of an order of the government of the United States or the State of California, or by lawful order of any of the departments or officers of said governments, may elect within four months after the effective date hereof or within four months after the beginning of such absence, to contribute to said retirement system while serving in said forces or on said ships, and at times and in a manner to be fixed by the retirement board, amounts equal to the contributions which he would have made from the beginning of said absence, or from the date of said election, had he remained on

duty in the position he occupied and at the compensation being earned by him immediately prior to the beginning of said absence. The city and county shall contribute to the retirement system on account of any member who exercises affirmatively the election provided herein, in the same manner and amounts as if said member were not absent in said service. If the member's base pay in said service shall be less than one hundred dollars per month, city and county, in lieu of said member, shall contribute also said amount which the member otherwise would have been required to contribute under said election, and said contributions shall be administered as if made by said member.

It is the purpose of the paragraph next preceding, to place a member who is absent from the service of the city and county by reason of service as set forth in paragraph next preceding, and who contributes or for whom contributions are made under the election herein provided, in the same status under the retirement system, as that which he would have occupied had he remained on duty in the position he occupied immediately prior to the beginning of said absence and charter and ordinance provisions governing the retirement system, shall apply to said member with like effect as if he were not absent. If, Default however, a member who exercises affirmatively the election provided herein, shall default in any of the contributions due to the retirement system under said election, and if said contributions are not made for him, then he shall be considered absent from service during the period covered by said defaulted contributions, the same as if he had not exercised affirmatively said election, and he shall not receive credit as service for the city and county, for the period covered by said defaulted contributions; but the absence during said period of default shall not break the continuity of service required of such member to entitle him to a pension or retirement allowance, as provided under the retirement system.

Any member of the retirement system who is absent from the service of the city and county by reason of service set forth in the second paragraph of this section, and who does not affirmatively exercise election herein provided, shall not receive credit as service for the city and county, for the period of such absence, but the absence shall not break the continuity of service required of such member to entitle him to a pension or retirement allowance as provided under the retirement system.

Power of board of supervisors

Section 151. The board of supervisors shall have power and it shall be its duty to fix by ordinance from time to time, as in this section provided, all salaries, wages and compensations of every kind and nature, except pension or retirement allowances, for the positions, or places of employment, of all officers and employees of all departments, offices, boards and commissions of the city and county in all cases where such compensations are paid by the city and county.

Exceptions

Compensations specified in this charter shall not be subject to the provisions of this section. Compensations of the teaching and other technical forces of the school department and employees of the Steinhart Aquarium and law library, departments, construction employees engaged outside of the city and county, part-time employees, and inmate and institutional help receiving less than fifty dollars ($50.00) per month, shall be fixed by the department head in charge thereof, with the approval of the board or commission, if any, in charge of the department concerned and subject to the budget and appropriation provisions of this charter; provided that part-time employees shall be recorded as such by a department head, only with the approval of the civil service commission and, when so recorded, shall be noted as part-time on payrolls, budget estimates, salary ordinance and similar documents.

Schedules of compensation submitted by civil service commission

In fixing schedules of compensation as in this section provided, the civil service commission shall prepare and submit to the board of supervisors and the board shall adopt a proposed schedule of compensations which shall include all classifications, positions and places of employment the wages or salaries for which are subject to the provisions of this section; provided, that the civil service commission shall from time to time prepare and submit to the board of supervisors and the

board shall adopt amendments to the schedule of compensations which are necessary to cover any new classifications added by the civil service commission. Under the schedules of compensation recommended by the civil service commission and adopted by the board of supervisors as herein provided, like compensation shall be paid for like service, based upon the classification as provided in section 141 of the charter, and for those classifications of employment in which the practice is customary, the proposed schedules of compensation shall provide for minima, intermediate, and maxima salaries and for a method of advancing the salaries of employees from the minimum to the intermediate and to the maximum with due regard to seniority of service. The compensations fixed as herein provided shall be in accord with the generally prevailing rates of wages for like service and working conditions in private employment or in other comparable governmental organizations in this state; provided, that for specialized services which are peculiar to the municipal service and not duplicated elsewhere in private or other governmental organizations in this state, the commission shall recommend and the board of supervisors shall fix a compensation which shall be in accord with the wages paid in private employment or other governmental organizations in the state for the nearest comparable service and working conditions; and provided further that if the civil service commission determines on the basis of facts and data collected as hereinafter provided that the rates generally prevailing for a particular service in private employment or in other governmental organizations are inconsistent with the rates generally prevailing in private employment or other governmental organizations for services requiring generally comparable training and experience, the commission shall set forth these data in its official records and shall recommend and the board of supervisors shall fix a compensation for such service that shall be consistent with the compensations fixed by the board of supervisors for other services requiring generally comparable training and experience; and provided further that the minimum compensation fixed for full time employments subject to the civil service provisions of this charter shall be not less than $106.00 per month.

The proposed schedules of compensation or any amendments thereto shall be recommended by the civil service commission solely on the basis of facts and data obtained in a comprehensive investigation and survey concerning wages paid in private employment for like service and working conditions or in other governmental organizations in this state. The commission shall set forth in the official records of its proceedings all of the data thus obtained and on the basis of such data the commission shall set forth in its official records an order making its findings as to what is the generally prevailing rate of pay for each class of employment in the municipal service as herein provided, and shall recommend a rate of pay for each

such classification in accordance therewith. The proposed schedules of compensation recommended by the civil service commission shall be transmitted to the board of supervisors, together with a compilation of a summary of the data obtained and considered by the civil service commission and a comparison showing existing schedules. Before being presented to the board of supervisors for consideration, the proposed schedules and a comparison with existing schedules shall be published once a week for two weeks.

Approval, etc., by board

The board of supervisors may approve, amend or reject the schedule of compensations proposed by the civil service commission; provided, that before making any amendment thereto the data considered by the board of supervisors as warranting such amendment shall be transmitted to the civil service commission for review and analysis and the commission shall make a report thereon to the board of supervisors, together with a report as to what other changes, and the cost thereof such proposed amendment would require to maintain an equitable relationship with other rates in such schedule.

Higher than standard salary

Where any compensation paid on January 1, 1931, is higher than the standard compensation fixed as provided in this section for such position or employment, said compensation shall be continued to the incumbent of such position as long as he legally holds said position, and department heads, in cooperation with the civil service commission where said commission has jurisdiction, shall continuously offer all possible opportunities to said incumbents to assume duties and responsibilities in higher classifications consistent with the higher rates of compensation hereby continued. The salaries and wages paid to employees whose compensations are subject to the provisions of this section shall be those fixed in the schedule of compensations adopted by the board of supervisors as herein provided and in accord with the provisions of the ordinance of the board of supervisors adopting the said schedule, and the compensations set forth in the budget estimates, and the annual salary ordinance and appropriations therefor shall be in accord therewith.

New schedule every five years

Not later than January 15, 1944 and every five years thereafter and more often if in the judgment of the civil service commission or the board of supervisors economic conditions have changed to the extent that revision of existing schedules may be warranted in order to reflect current prevailing conditions, the civil service commission shall prepare and submit to the board of supervisors a schedule of compensations as in this section provided. A schedule of compensations or amendments thereto as provided herein which is adopted by the board of supervisors on or before April 1 of any year shall become effective at the beginning of the next succeeding fiscal year and a schedule of compensations or amendments thereto adopted by the board of supervisors after April 1 of any year shall not become effective until the beginning of the second

succeeding fiscal year. The board of supervisors shall appropriate twelve thousand five hundred dollars ($12,500) to the civil service commission to be known as the salary survey fund and to be used exclusively for defraying the cost of surveys of wages in private employment and in other governmental jurisdictions and making reports and recommendations thereon and publication thereof as herein provided. No expenditures shall be made therefrom except on authorization of board of supervisors. In the event of the expenditure of any of said funds, the board of supervisors in the next succeeding annual budget shall appropriate a sum sufficient to reimburse said salary survey fund. Salary survey fund

Where compensations for services commonly paid on an hourly or a per diem basis are established on a weekly, semi-monthly or monthly salary basis for city and county service, such salary shall be based on the prevailing hourly or per diem rate, where this can be established, and the application thereto of the normal or average hours or days of actual working time, in the city and county service, including an allowance for annual vacation. Every person employed in the city and county service shall, after one year's service, be allowed a vacation with pay of two calendar weeks, annually, as long as he continues in his employment. The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City

and County of San Francisco, at an election to be held therein on November 3, 1942, a proposal to amend the Charter of said City and County by adding Section 145.1 thereto, Limited Tenure Appointments, relating to limited tenure appointments in time of war when eligibles from regularly established lists are not available for appointment.

LIMITED TENURE APPOINTMENTS

Duration noncompetitive tests and appointments

Section 145.1. When in time of war declared by the Congress of the United States eligibles are not available for appointment from registers established through the regular examination procedure as provided under Section 145 hereof, the civil service commission may qualify applicants for wartime appointments to entrance positions through informal and non-competitive tests. Such tests and appointments resulting therefrom shall be governed solely by the provisions of this section and by rule of the civil service commission adopted pursuant thereto and the tests shall be adequate in the judgment of the civil service Commission to determine the capacity of applicants to perform the duties of the positions to be filled pending creation of lists of eligibles through the regular examination procedure as provided in Section 145 hereof. Appointments made under the provisions of this section shall be designated "limited tenure appointments" and may continue only until registers of eligibles are established through the regular examination procedure provided in Section 145 hereof but in no event to exceed six months beyond the cessation of hostilities.

Priority

Applicants who qualify for limited tenure appointments under the provisions of this section shall be appointed to positions in order of priority of filing applications.

Termination

Limited tenure appointments may be terminated by the appointing officer at any time for lack of work or funds. Limited tenure appointments may be terminated by the appointing officer for good cause at any time with the approval of the civil service commission without reference to the procedures governing removals set forth in Section 154 hereof.

No right or preference acquired

Persons serving under limited tenure appointments as in this section provided shall by reason of such service acquire no right or preference to permanent civil service status as defined elsewhere in this charter or by rule of the civil service commission which is conferred on persons completing probationary appointments made from lists of eligibles established through the regular examination procedures provided in Section 145 of the charter.

Restriction on non-civil service appointments

Non-civil service appointments in the absence of civil service eligibles as provided in Section 149 of this charter shall not be authorized if applicants qualified for limited tenure appointments are available. The civil service commission shall make every effort consistent with current conditions to maintain adequate registers of eligibles established through the regular examination procedure provided in Section 145 hereof. If its annual appropriation is insufficient to meet the cost of

the examinations required to establish registers of eligibles through the examination procedures set forth in Section 145 hereof, or to qualify applicants for limited tenure appointments as herein provided, the commission shall report to the mayor the estimated cost thereof and the mayor shall request and the supervisors shall make supplemental appropriations therefor in the manner provided herein for supplemental appropriations.

The civil service commission shall adopt rules to carry out the provisions of this section and to govern the administration of limited tenure appointments. Rules

CHAPTER 23

Senate Joint Resolution No. 7—Relative to memorializing and petitioning the Congress of the United States to pass the bill generally known as the Lea-Welch Bill suspending the exemption from tolls in favor of United States Government traffic over the Golden Gate Bridge during the war emergency and for six months thereafter.

[Filed with Secretary of State January 19, 1943.]

Lea-Welch Bill

WHEREAS, The Golden Gate Bridge, spanning the waters of San Francisco Bay, is an essential link in the Highway System of the State of California and an indispensable connection

between the United States Army Reservations at Forts Baker, Barry and Cronkhite, California, and the Presidio of San Francisco, and between many other military establishments in this State, without which connection the movement of armed forces of the United States would be interrupted and the transportation of soldiers, sailors, munitions and the implements of war would be rendered almost impossible without the use of Government water transport; and

WHEREAS, The War Department permit under which the Golden Gate Bridge was erected provides for the passage of "all Government traffic" free of the payment of all tolls; and

WHEREAS, Due to the tremendous increase in the size of the armed forces of the United States and the vast increase in Government traffic due to the emergencies of war, the volume of free traffic has swelled to such proportions that it is monopolizing in large part the services of said bridge and has vastly increased the wear and tear thereon, without any return whatsoever to the Golden Gate Bridge and Highway District; and

WHEREAS, Due to the rationing of gasoline and rubber the civilian traffic has so decreased that the revenues of said bridge will not meet the expenses of the maintenance and operation of said bridge and the payment of interest and retirement of its bond issue; and

WHEREAS, Said bridge was built out of funds wholly raised by the sale of bonds secured by the revenues of said bridge and the property within the district; and

WHEREAS, The present and future existence of the structure depends either upon its operation within the income secured from tolls or the payment of any deficit by the property owners in the counties of San Francisco, Marin, Napa, Sonoma, Del Norte and part of Mendocino; and

WHEREAS, The bridge was built through the courage, enterprise and patriotic spirit of the people of the aforesaid district, and these same property owners are now facing a heavy penalty through the existing financially dangerous condition brought about largely through the lack of tolls from Government traffic; and

WHEREAS, The failure of the revenues of said Golden Gate Bridge to meet the cost of maintenance and operation thereof would disrupt the traffic situation of the State and the fiscal affairs of the Golden Gate Bridge and Highway District without fault on the part of said district or its management; and

WHEREAS, There was introduced in the Seventy-seventh Congress a bill numbered H. R. 7667 by Representative Clarence F. Lea and Richard J. Welch, which bill provided that all Government traffic should pay tolls for the duration of the present emergency; and

WHEREAS, Said bill has been reintroduced in the present Seventy-eighth Congress and is of the most vital importance to the people of the State of California and to the Highway System of the State of California; and

WHEREAS, The Government of the United States through its various agencies, military and civil, is obliged to and does pay tolls for the carrying of its traffic and the transportation of essential men and materials to all privately owned public utilities engaged in the transportation and carrying thereof; and

WHEREAS, The directors of the bridge district in compliance with original requests from the War Department at the time the bridge was first planned, generously cooperated in the demands of the War Department for the construction of certain installations and highway improvements running into several hundred thousand dollars more than was at first suggested; and

WHEREAS, The intent and effect of this measure if passed will be a great forward step in correcting what is now recognized as an extremely unfair business relation between the War Department and the bridge district to the serious detriment of the latter; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California urgently represents to the Congress of the United States that the passage of said bill is a matter of urgent necessity, and it hereby memorializes the Congress to enact said bill in order to prevent penalizing the Golden Gate Bridge and Highway District and the State of California, of which said State the said district is a political subdivision, and to prevent the disruption of the traffic of the State of California and the fiscal system of such Golden Gate Bridge District due to the causes recited in the preamble to this resolution; and be it further

Resolved, That the Secretary of the Senate is hereby directed to send a copy of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, and to each of the Senators and Representatives from California in the Congress of the United States.

CHAPTER 27

Senate Joint Resolution No. 6—Relative to petitioning the Honorable Claude E. Wickard to alleviate the food shortage resulting from increased population in the State.

[Filed with Secretary of State January 25, 1943.]

Alleviation of food shortage, etc

WHEREAS, Due to the war industry and civilian activity in the State, California has undergone tremendous change, and the shift in population to California has resulted in an increase in civilian population of about a million residents more than those shown by the 1940 census; and

WHEREAS, Movement of personnel of the Army and Navy in California has resulted in additional persons now consuming quantities of food allocated for civilian use to the various States of the Union and which quotas generally are based upon population shown by the last National census and also upon basis of 1941 purchases, which does not reflect the shift in population resulting from the above mentioned war activities; and

WHEREAS, A severe shortage has resulted in man power necessary to the maintenance of farms, dairies and the agricultural producing sections of this State, all such shortage of man power tending to a serious reduction in the production of foodstuffs; and

WHEREAS, Each and all of the above factors have created and are creating a severe and serious depletion in the essential supply of necessary food commodities and supplies in the State of California and particularly in various sections thereof; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California does hereby petition the Honorable Claude E. Wickard, Food Administrator for these United States and the departments of Federal Government and the officers and departments thereof controlling such matters, that they use their best efforts and take immediate steps to cause an alleviation of the above situation in California by granting to California in such manner as they may see fit and proper, the following relief:

First: That recognition be taken of the increased civilian and military population now in the State of California since the last census and that because of such increased population, additional quotas of food be allocated to the State of California for the supply of such additional civilian and military population not in such State in the year which was used as the basis upon which existing quotas are figured.

Second: That means be provided and persons be given authority to see that existing quotas of food commodities and

supplies allocated to the State of California shall be so distributed that equitable distribution of such supplies be provided for all the people of California and not only to those of a certain district or districts.

Third: That investigation be had which will result in the providing of or the release of sufficient man power for the carrying on of the usual and regular farm, dairy and agricultural pursuits of the agricultural and farming districts of California whereby an adequate and continuous production and flow of food commodities and supplies, particularly dairy products, may be maintained in this State; and be it further

Resolved, That the Secretary of the Senate is hereby directed to transmit copies of this resolution to the Honorable Claude E. Wickard, and to the Senators and Representatives from California in the Congress of the United States.

Assembly Joint Resolution No. 12—Relative to memorializing the Secretary of Agriculture, the War Manpower Commission, and the Director of Selective Service in relation to grapes and raisins as essential farm products.

[Filed with Secretary of State January 26, 1943.]

Personnel for grape and raisin production

WHEREAS, The grape industry of California represents practically 90 per cent of all grape production in the United States; and

WHEREAS, The vineyards of California represent an investment financially as large, if not larger, than the total amount of tree fruits in the State; represent years of labor and planning; and do not reach maturity until several years old; and

WHEREAS, The amount of man-hours required to produce and harvest grapes and raisins compares favorably per unit of food value with the man-hours required for tree fruits; and

WHEREAS, The shipment of fresh grapes from the State of California provides a healthful and nourishing food which is necessary in the diet of civilians as well as members of the armed forces, not only because the grapes have important nutritive value within themselves, but because a distinct shortage of other foods and fruits in the United States makes it imperative that there be no wastage; and

WHEREAS, The only source of cream of tartar, an important and essential product for the war effort, is the wineries of California; and

WHEREAS, Tree fruits, some vegetables, small fruits, and berries have been listed as "essential" farm products in Local Board Release No. 168 published by National Headquarters

Selective Service System, Washington, D. C., effective November 30, 1942; and

WHEREAS, Grapes and raisins are not mentioned in said release under either "essential" or "nonessential" farm produce and as a result local draft boards have no instructions regarding farm workers employed in the vineyards of California; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Secretary of Agriculture, the War Manpower Commission and the Director of Selective Service are hereby urged to take such action as may be necessary to declare grapes and raisins to be essential farm produce and to take such steps as may be necessary to place the grape and raisin producers on an equal footing in regard to manpower with producers of other agricultural products of the State of California; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to forward copies of this resolution to the Secretary of Agriculture, the War Manpower Commission, the Director of Selective Service, and to each Senator and Representative from California in the Congress of the United States.

Transfer of funds

"SECTION 4-3/4. ANNUAL CONTRIBUTION FOR ANY MUNICIPAL PURPOSES: (a) At the time of or before the adoption of the budget of the city for each fiscal year, as provided for in this charter, the legislative body annually shall determine the amounts to be transferred from the Light and Power Fund and the Water Fund in accordance with the provisions of this section The sums so determined shall be in addition to the sum authorized to be transferred by Section 4-1/2 of this Article 6-1/2, and shall be transferred to the general fund of the city by said legislative body by ordinance on or before the first day of September next succeeding the time of such determination. Assembly Joint Resolution No. 20—Relative to memorializing the Federal Government to immediately assign a large force of OPA investigators to the City of Vallejo and surrounding communities to enforce the Rent Control Act.

[Filed with Secretary of State January 29, 1943.]

Enforcement of Rent Control Act in Vallejo

WHEREAS, The City of Vallejo and the surrounding communities form an area occupied largely by defense workers and members of the armed forces stationed at Mare Island; and

WHEREAS, In spite of large housing projects by Federal agencies the area is still greatly overcrowded; and

WHEREAS, Such a situation results in difficulty in finding accommodations for families of men in the armed services; and

WHEREAS, Some unscrupulous persons take advantage of the situation to charge unfair rental and food prices, giving unfavorable publicity to a city deep in the war effort and patriotically doing all that is possible for victory; and

WHEREAS, Strict interpretations of the "freezing" statutes often result in penalizing the fair landlord who has hesitated to raise his rents and is giving more in proportion than the other landlord who was first to raise his rents; and

WHEREAS, The staff allowed the branch of OPA in this district is insufficient to inspect premises and prices to do justice to both landlord and tenant, and seller and purchaser; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Federal Government be and is hereby memorialized to immediately assign a large force to the branch of the OPA in the Vallejo area to check rental and food prices and services and to penalize unscrupulous offenders of the OPA rules and regulations; and be it further

Resolved, That the Federal Government be and is hereby memorialized to raise the FHA building quotas for the Vallejo and surrounding communities so that patriotic private citizens may do their part to provide further housing accommodations in the area; and be it further

Senate Joint Resolution No. 10—Relative to memorializing the President, the Congress, the Secretary of the Interior and the War Production Board with respect to the urgency of prompt completion of all units of the Central Valley Project.

[Filed with Secretary of State January 29, 1943]

Completion of all units of Central Valley Project

WHEREAS, The Congress of the United States has heretofore appropriated an aggregate of $149,969,000 for the construction of the Central Valley Project, California, and it is estimated that the further sum of $114,031,000 will be necessary to complete said project; and

WHEREAS, The United States Bureau of Reclamation under the direction of the Secretary of the Interior has for the past seven years been engaged in constructing said project; and

WHEREAS, Some units of the project are only partially completed, including Shasta Dam, Keswick Dam, the Contra Costa Canal, Madera Canal and Friant Dam, while work has not even commenced on vital units such as the Delta Cross Channel, the Delta-Mendota Pumping System and the Friant-Kern Canal; and

WHEREAS, Construction of said Friant Dam on the San Joaquin River has been virtually completed by the United States Bureau of Reclamation except for installation of control gates; and said Friant Dam and Madera and Friant-Kern Canals can be completed enabling beneficial use to be made of waters now going to waste, by the use of a comparatively insignificant amount of strategic materials and expenditure of a relatively small additional appropriation by the Congress, and the necessary machinery and equipment for such construction is now idle and therefore available, the necessary labor, skilled and unskilled can be obtained without material conflict with the manpower demands of the war program, and, with irrigation water available from said Friant Dam through said canals, said San Joaquin Valley lands will be capable of affording an enormous increase of production of foods, fibers and raw rubber vital to the progress of the war; and

WHEREAS, the War Production Board has recently ordered cessation of construction of all units of said project except Shasta Dam; and

WHEREAS, The Great Central Valley of California is now making a contribution to the current war program by the production of essential foods and fibers; and

WHEREAS, The completion of the Central Valley Project by providing sorely needed supplementary water supplies will enable an enormous increase in the production of foods and fibers of which there are now serious shortages throughout the Nation; and

WHEREAS, Completion of the project will make available many thousands of acres peculiarly suited to the growing of guayule, the most feasible source of natural rubber; and

WHEREAS, On completion the project will afford a source of electric energy which will enable a vast expansion of ship building yards, factories and other strategic war production plants in California; and

WHEREAS, All features of the Central Valley Project are designed as mutually interrelated, and to fulfill the objectives of the project and to make a material contribution to the war program, it is imperative that the project, including all features thereof, be completed in its entirety; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature of the State of California hereby respectfully memorializes and urges the President and the Congress of the United States, the Secretary of the Interior, and the War Production Board that all units of the Central Valley Project and all features thereof and particularly those portions thereof positively necessary to aid the war effort be promptly completed, and to that end that the necessary funds, priorities and materials be made immediately available; and be it further

Resolved, That the Secretary of the Senate is hereby requested to transmit copies of this resolution to the President of the United States, to each Senator and Representative from California in the Congress of the United States, to the Secretary of the Interior, and to the War Production Board.

"The Victory Session"

WHEREAS, The United States is in a state of war; and

WHEREAS, Every source of strength is being enlisted, encouraged and applied in the National effort to win the war; and

WHEREAS, It is the desire and intention of this Legislature and of the people of this great State of California to be helpful and to stimulate and encourage National war aims, purposes and activities; and

WHEREAS, The Legislature of the State of California is in full sympathy and accord with National war aims, purposes and activities and with the thought and purpose of making this Fifty-fifth Session of the Legislature of this great State a war Legislature directing its efforts to the consideration and enactment of all measures needed to assist in the successful

WHEREAS, It is desirable and fitting that some suitable concrete and visible design and slogan be adopted by this Legislature to symbolize and remind our people of our and their loyal and steadfast sentiment in our National war aims, purposes and activities; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the members of this Legislature do now adopt, for the purposes herein set forth, as a symbol a large "V" and as a slogan the words "Victory in '43," which "V" and slogan shall hereafter be printed on all stationery to be used for all correspondence of the Fifty-fifth Session of the Legislature and members thereof; and be it further

Resolved, That this session of the Legislature of the State of California be designated, known and referred to as The Victory Session.

CHAPTER 35

Senate Concurrent Resolution No. 19—Relative to requesting the Governor to establish a commission to make a survey of the food supply in California.

[Filed with Secretary of State January 29, 1943.]

Survey of food supply in California

WHEREAS, The United States is at present engaged in hostilities with the Axis Nations; and

WHEREAS, The war is making great demands upon the Nation's food supply in order to furnish sustenance to the members of the armed forces of the United States as well as to its allies overseas; and

WHEREAS, Many of the persons who were formerly engaged in producing farm and dairy products are now employed in factories, shipyards and other establishments manufacturing weapons of war, thereby resulting in a serious labor shortage in the farming industry; and

WHEREAS, There is certain land in the State which is suitable for cultivation but which nevertheless remains unproductive; and

WHEREAS, Other land in the State is cultivated to some extent, but not to the fullest extent possible; and

WHEREAS, Fewer persons are available for employment in the cultivation of land and production of food than ever before; and

WHEREAS, There is already a noticeable food shortage in this State; and

WHEREAS, Acute shortages of food are occurring in the populous centers of the State due to the inequities in food distribution and difficulties arising out of the present food shortage; and

WHEREAS, If existing conditions continue, the food shortage will soon be so acute as to result in the malnutrition of the civilian population of California; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Governor of the State of California be requested to establish a commission to consist of not less than nine members, to be known as the California War Food Supply Commission, all the members of which should be farmers or persons fully conversant with the problems of farmers; and

Resolved, That the Governor be requested to direct this commission to make a complete survey of the food supply in California, to study the methods of food production in this State, to provide for the cultivation of lands at present unproductive, to increase the productivity of lands at present only partially cultivated, to alleviate the present labor shortage in the farming industry, and to investigate all other problems related to the present food shortage in California.

Resolved, That the Governor be requested to direct this commission to make a full and complete report of its findings to the Governor and to the Legislature.

Resolved by the Senate of the State of California, the Assembly thereof concurring, That there is hereby created a Joint Fact-Finding Committee on Un-American Activities in California which shall investigate, ascertain, collate and appraise all facts causing or constituting interference with the National defense program in California or rendering the people of the State, as a part of the Nation, less fit physically, mentally, morally, economically or socially; and be it further

Resolved, That the committee shall consist of three members of the Assembly, appointed by the Speaker thereof; and two members of the Senate appointed by the Committee on Rules thereof; and be it further

(3) To adopt and from time to time amend such rules governing its procedure (including the fixing of its own quorum and the number of votes necessary to take action on any matter) as may to it appear appropriate;

(4) To contract with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created;

(5) To hold public hearings at any place in California at which hearings the people are to have an opportunity to present their views to the committee;

(8) To act only during this session of the Legislature, including any recess hereof;

(9) To file a report with the Legislature during the session of the Fifty-fifth Legislature;

(10) To summon and subpena witnesses, require the production of papers, books, accounts, reports, documents, and records of every kind and description, to issue subpenas and to take all necessary means to compel the attendance of witnesses and procure testimony; and

(11) To cooperate with and secure the cooperation of county, city, city and county and other local law enforcement agencies in investigating any matter within the scope of this resolution, and to direct the sheriff of any county to serve subpenas, orders, and other process issued by the committee; and

WHEREAS, The provisions of the Federal Social Security Act now in effect relating to grants to States for old-age assistance require the State agency, in determining need, to take into account any other income and resources of an individual claiming old-age assistance; and

WHEREAS, It is the desire of the Legislature of California to make adequate provision for the senior citizens of the State and to allow them to earn and receive incidental income in a reasonable amount without deduction thereof from the amount of aid allowed them, and without jeopardizing their right to receive old-age aid; and there are many legislative bills now pending before the Legislature of California to accomplish these results, consideration of which necessarily awaits action by the Congress and the President of the United States; and

WHEREAS, It is the consensus of the members of the Legislature of California that provision of adequate assistance to the senior citizens of the State is one of the most important subjects before the Legislature of California at this Fifty-fifth Regular Session of the Legislature; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Congress and President of the United States are hereby memorialized to amend the Federal Social Security Act in such manner as to permit the States to allow their senior citizens to earn and receive other income in such sum as the President and the Congress may deem proper, without deduction from the amount of old-age aid which would otherwise be allowed them, and without affecting their eligibility to receive aid; and be it further

Resolved, That the Chief Clerk of the Assembly is hereby directed immediately to send copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

WHEREAS, Motor truck and bus transportation is rapidly becoming difficult or impossible to obtain due to the fewer motor vehicles available for the necessary needs of the people; and

WHEREAS, Any further lessening in the number of motor trucks, or trailers available for transportation will paralyze the agricultural and live stock industries of this State and jeopardize the supply of food and the operation of war manufacturing plants; and

WHEREAS, It is apprehended that because of the conditions aforesaid farmers, fruit and vegetable growers will be hindered in their production of food operations and there will

not be a sufficient number of motor trucks and trailers to transport this year's crops of vegetables, fruits, grains or live stock to market or to transport raw and other materials to and from war production plants; now, therefore, be it

[Filed with Secretary of State March 31, 1943]

Construction of a dam on Stanislaus River

WHEREAS, During the winter season the Stanislaus River carries great quantities of storm and flood waters which add to the flood menace in the valley below; and

WHEREAS, The impounding of these waters by a dam in the upper reaches of the Stanislaus River would provide for flood control, would make available water for irrigation during the time such water is needed, would provide for the equation of stream flow in the Stanislaus and the San Joaquin Rivers, and would provide a source of electrical power which is particularly needed in the present war emergency; and

WHEREAS, The cost of such a dam and its appurtenant works would be more than balanced by the benefits thereof; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to take such steps as may be necessary to cause to be constructed a multiple purpose dam on the upper reaches of the Stanislaus River to restrain the usual recurring excess flow of water of said river and to utilize the water so impounded for the generation of electric power, for irrigation, for domestic water supply, and for other useful and beneficial purposes; and be it further

Resolved, That the Secretary of the Senate is hereby instructed to forward copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

[Filed with Secretary of State April 1, 1943]

Redefinition of "interstate commerce" powers

WHEREAS, The United States Constitution gives to the Congress of the United States power to regulate interstate and foreign commerce; and

WHEREAS, This power is one delegated to the Congress by the States, and not one inherent in the Congress; and

WHEREAS, Increasingly liberal interpretations have been put on the "commerce clause" by the Congress and the courts, to the extent that it is said now to extend to anything "affecting interstate commerce"; and

WHEREAS, Such liberal interpretations have led to encroachment by administrative boards of the United States upon the right of the States; and

WHEREAS, Such encroachment makes it extremely difficult for all who are engaged in trade in any form to know whether or not they are engaged in trade that "affects interstate commerce"; and

WHEREAS, The state of uncertainty thus created has resulted in chaotic conditions in intrastate trade and commerce; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the State of California, through its Legislature respectfully urges the Congress of the United States to so redefine its powers under the "interstate commerce clause," as to prevent further encroachment upon the rights of the States and to ameliorate the chaotic conditions under which intrastate commerce is now conducted; and be it further

Resolved, That the Chief Clerk of the Assembly be directed to forward a copy of this resolution to the President of the United States and to each member of the Senate and the House of Representatives of the United States from California.

WHEREAS, In spite of all misunderstandings and opposition Judge Lindsey courageously continued the work in which he believed, and on more than one occasion was honored by National rulers during his world travels; and

WHEREAS, In California he continued to take an active part in civic life, and, ever a friend to youth and solicitous for the welfare of all young people, by working ceaselessly for a wiser administration of laws relating to domestic relations, he succeeded in having established the Children's Court of Conciliation, over which he presided with great pride and care, and where many families, desperately unhappy and facing the cruel consequences of broken homes, have found in the court a friend as well as a jurist, and through the careful and understanding work of the court have learned how to surmount their difficulties and have resumed peaceful and happy lives; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That when the Legislature this day adjourns it do so out of respect to the memory of Judge Ben B. Lindsey; and be it further

All provisions of laws of the State of California relating to elections, the qualifications of electors, and the manner of voting, the duties of election officers, and all other particulars, so far as the same may be applicable, shall govern all municipal elections, except as otherwise provided in this charter, or by the ordinance calling the election; provided, that the persons having the plurality of all votes cast for each of the respective officers voted for shall be declared duly elected, and that no primary elections shall be held for municipal officers. Elections

"No person who is not an elector of said City and shall not have resided therein for one year shall be eligible to any elective office under this Charter, nor shall any person be entitled to vote at any municipal election unless he shall be a qualified elector of said City.

"The elections to be held on the first Monday of April of each year for the purpose of electing municipal officers shall be known as general municipal elections and all other elections shall be known as special elections. Any special election may be consolidated with a general municipal election or with any State or County election held in the city, in which case only one ballot need be printed for such consolidated election.

"Notice of the holding of any election may be given by the Board of Trustees either by ordinance or notice published in a newspaper of general circulation printed in the City of

Santa Clara at least twenty days before the date of such election, and one publication of said ordinance or notice shall be sufficient. In case there be no newspaper of general circulation printed in said City, then such notice may be given by posting a copy of said ordinance or notice in a conspicuous place in the office of the City Clerk of said City at least twenty days before such election. No error, omission or defect in said notice shall be cause to invalidate any election held under the provisions of this charter.

"The mode of nomination of officers to be voted for at any municipal election held hereunder shall be as follows:

"Not earlier than the sixtieth day nor later than five o'clock P.M. of the twentieth day before such election electors of the City may by written nomination papers present names of candidates for election. Each candidate shall be proposed by not less than twenty nor more than thirty qualified electors, but only one candidate shall be named in any one nomination paper. No elector shall sign more than one nomination paper for the same office, but each seat on the Board of Trustees shall be deemed to be a separate office. Any person or persons may circulate a nomination paper.

"The signatures to each nomination paper shall all be appended on the same sheet of paper and each signer shall add thereto his place of residence and the date of signing. All such nomination papers shall be filed with the City Clerk not later than five o'clock P.M. of the twentieth day before such election, and shall have annexed thereto an affidavit of the person who circulated the same to the effect that he saw all the signatures written thereto and knows that they are the bona fide signatures of the persons whose names they purport to be. Each nomination paper shall be accompanied by a verified statement of the candidate that he will accept the office in the event of his election.

"Upon the filing of such nomination papers the City Clerk shall immediately cause the Great Register to be examined and shall ascertain therefrom whether such paper is signed by the requisite number of qualified electors, and shall within five days of said filing attach his certificate thereto showing the result of such examination or nomination.

"The returns of each election precinct shall be filed with the City Clerk and no person shall be permitted access to them until canvassed by the Board of Trustees. Not later than the seventh day after any election, and at the usual hour and place of meeting, the Board of Trustees shall meet and canvass the returns and declare the result. Any such canvass may be held earlier than seven days after such election provided that all absentee ballots furnished for such election have been returned to the Clerk. The Board may adjourn from day to day for the purpose of completing any such canvass. When a canvass of the votes has been made by said Board of Trustees sitting as a Board of Canvassers, and when two or

more persons have an equal number of votes, the Board of Trustees shall decide the election by a plurality vote thereof.

"After having been canvassed the returns shall be sealed up by the Clerk for six months and no person shall have access to them except upon order of a Court of competent jurisdiction.

"After the result of an election is declared the Clerk, under his hand and the official seal of said City, shall issue a certificate thereof and deliver the same personally or by mail to the person elected.

"The officers of the present town government shall continue in office under this Charter until their successors are elected and qualified with such powers and duties as are herein provided.

"Should any officer elected fail to qualify and give the requisite bond, for a period of ten days after having been notified of his election, the office shall be declared vacant and shall be filled as in this Charter provided.

"Notwithstanding any other provision in this Charter, and in the event that the Board of Trustees, by reason of vacancies thereon, shall consist of less than five members, then a majority of the members of such Board as so constituted, may pass any ordinance, resolution or order pertaining to the calling, holding or conduct of any special or general municipal election, and cause notice thereof to be given, with the same effect as if the same were passed by a complete Board.

"The Board of Trustees may, by ordinance, make further provisions than are herein contained, for the holding and the manner of holding and conduct of any election."

That the returns of said election were in accordance with the law in such cases made and provided, duly and regularly canvassed and certified to, and it was duly found, determined and declared by the proper officers thereunto duly authorized, that a majority of the qualified electors voting thereon had voted for and in favor of said proposal for the amendment to the Charter, and had ratified said proposed amendment to said Charter, as hereinbefore set forth, and that we and each of us further certify that we have compared the foregoing and enclosed and ratified amendment to the Charter of the City of Santa Clara with the original resolution and proposals submitting the same to the electors of said City at the general municipal election held on the 5th day of April, 1943, and that the foregoing is a full, true and correct and exact copy thereof.

[Filed with Secretary of State April 26, 1943]

Condolence to bereaved families of fliers executed by Japanese

WHEREAS, Our Government has received from neutral sources authentic information that the military authorities of Japan have murderously executed American fliers held by them as prisoners of war, which has come as a profound shock to the entire civilized world; and

WHEREAS, Our fliers were engaged in a legitimate service in the cause of humanity as members of our armed forces during a state of war, which war was instigated by Japan in the unprovoked and dastardly attack on Pearl Harbor and on our cities and civilian population; and

WHEREAS, The execution of those prisoners of war is a malicious and premeditated violation of international law, is uncivilized, cruel, brutal and constitutes an act of barbarism unparalleled in the annals of modern warfare; now, therefore, be it

Resolved by the Senate of the California Legislature, the Assembly thereof concurring, That we severely condemn in unmeasured terms such executions as contrary to all rules of humanity, against the accepted edicts of international law and as acts of barbarism reminiscent of the Dark Ages and now practiced only by savages and brutes; and be it further

sympathy of the millions of citizens throughout the length and breadth of the great State of California and that by this resolution the people of this State pay a loving tribute to those gallant fliers who so patriotically offered their lives in defense of country and of those principles so vital to liberty —they were not afraid to fight—they were not afraid to die. Resolved, That the Secretary of the Senate be directed to forward copies of this resolution to the families of these deceased heroes.

WHEREAS, In Los Angeles County there are numerous manufacturing and industrial plants which immeasurably contribute to the war effort, particular reference being made to the aircraft and ship building plants located therein; and

WHEREAS, The County of Los Angeles has already expended considerable sums of money in surveying a highway known as the Los Angeles County Freeway which will extend from approximately the northwesterly portion of the metropolitan area through most of the major cities in the county, including the central business district of the City of Los Angeles, generally along and adjacent to the course of the Los Angeles River to the intersection of Long Beach Boulevard and the Los Angeles County Flood Control Channel in Long Beach, and thence generally along the west bank of said channel to a terminus at Pico Avenue and Ocean Boulevard in Long Beach; and

WHEREAS, It appears that the ultimate construction of said Los Angeles County Freeway is essential to the welfare of Los Angeles County and will aid greatly in facilitating the production of those plants now committed to the war effort; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Congress of the United States of America is hereby memorialized to take such steps as may lead to the enactment of appropriate Federal legislation for the construction of said Los Angeles County Freeway at the earliest date possible; and be it further

CHAPTER 91

Assembly Joint Resolution No. 43—Relative to increasing the quota for Portuguese immigration from Portugal and the Azores as an aid to milk production in California.

[Filed with Secretary of State April 27, 1943]

Increase in immigration quotas from Portugal and Azores

WHEREAS, The dairy industry in the State of California has, by the development of the finest breeds of dairy cattle and through the energetic efforts of producers of milk, become one of the most progressive States in the Union, for the production of dairy cattle and milk; and

WHEREAS, The great milk producing areas of the State and the fine herds of milk cows established therein are now by reason of a shortage of labor and of milkers threatened with extinction, with the result that the production of a sufficient quantity of pure and wholesome milk will not be available to the consuming public; and

WHEREAS, One of the primary reasons for the shortage of the production of milk and consequent shortage of butter, cheese and other milk products is the lack of suitable and capable labor upon the dairy farms and the shortage of qualified milkers; and

WHEREAS, In the development of the dairy industry in the State of California, especially in the San Joaquin Valley, Portuguese immigrants from the Azores Islands have played a major role in the development of the dairy industry and in the increased production of milk; and

WHEREAS, The Portuguese people who have immigrated to the United States from Portugal and the Azores Islands and their children who have been born in California have proven their patriotism and their adherence to the American ideals of government, and have become worthy and sincere citizens of California and the United States; and

WHEREAS, The restricted immigration quota for the Portuguese people from Portugal and the Azores Islands now precludes the entry into the United States of sufficient numbers of them to successfully continue in their efforts for the preservation and greater development of the dairy industry and the increasing of the production of milk in California; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to enact such legislation as is necessary to permit the increase in the immigration quotas for the Portuguese people from Portugal and the Azores Islands to the United States, in order that they may come to the State of California to augment and increase the labor on dairy farms and engage as milkers; and be it further

Resolved, That the Chief Clerk of the Assembly of the State of California is hereby directed to transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives and to each Senator and Member of the House of Representatives from California in the Congress of the United States.

If the work is being done directly by the City the officer directly in charge of the work shall file the said verified report covering any such extraordinary emergency with his superior officer or the officer or board which appointed him. The contractor to whom such contract is awarded shall forfeit as a penalty to the City ten dollars for each alien employed in the execution of said contract, or by virtue of the contract, by him, or by any subcontractor under him, upon any of the public works of the City, or upon any work herein mentioned, for each calendar day during which such alien is permitted or required to labor in violation of the provisions of this Section, and the said officer or public body awarding the contract shall cause to be inserted in the contract a provision to this effect. Establishment of military and naval academy on Pacific Coast

WHEREAS, The United States is to have a great Army and Navy and will need twice and three times the number of officers that West Point Military Academy and Annapolis Naval Academy can produce because these institutions have reached

WHEREAS, World conditions and the war have made it advisable that cadets and midshipmen can be made familiar with the Pacific coast as well as with the Atlantic coast; and

WHEREAS, Army and Navy traditions could be maintained by having cadets and midshipmen receive their first two years of training on the Pacific coast and complete their training at West Point or Annapolis and in so doing become familiar with the west coast and the Pacific as well as with the east coast and the Atlantic; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Congress of the United States be memorialized immediately to enact legislation to establish a military and a naval academy on the Pacific coast; and be it further

Resolved, That mothers of young children are also urged to bear in mind the inestimable value of their personal care to these children, and not to leave their children and homes to the care of strangers in the mistaken belief that by so doing they are rendering services of greater value than the performance of their maternal and domestic duties.

CHAPTER 112

Senate Joint Resolution No. 1—Relative to old age assistance.

[Filed with Secretary of State May 8, 1943.]

Federal participation in increase of old age assistance

WHEREAS, It is the desire of the Legislature of California to make sufficient provision for the needy aged of this State; and

WHEREAS, Prior to July 1, 1941, the Old Age Security Law of California permitted a recipient of aid to receive up to fifteen dollars ($15) per month from certain specified sources, including the earnings of the recipient, without deduction thereof from the amount of his aid, and it was with the greatest reluctance that the Legislature of California in 1941 amended the California law to deny the aged this privilege, which amendment was made solely to enable the State to comply with the Federal Social Security Act as that act was construed by the Federal Social Security Board, and so to continue to receive Federal old age assistance; and the Legislature of California believes that this privilege should be afforded to the aged, and that the withdrawal of the privilege was hasty and ill-advised; and

WHEREAS, At the present time a recipient of aid in California may receive income in addition to the aid only by showing excess need therefor, and submitting to the most detailed and onerous supervision of his personal budget, and so is discouraged from engaging in gainful employment despite the well-recognized need for the maximum utilization of the services of every American in the furtherance of the war effort; and

WHEREAS, The maximum amount of old age assistance granted to an eligible aged person which the Government of the United States will recognize for the purpose of reimbursing the State to the extent of one-half of the assistance granted is forty dollars ($40), which sum is entirely inadequate under present conditions to provide an aged person with the necessities of life or to permit him to maintain a proper standard of living; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the President and Congress of the United States are hereby memorialized to amend the Federal Social Security Act to provide for Federal participation at the present rate in the payment of aid in the amount of sixty dollars ($60) to any eligible individual in any month, or, if this is not possible, to amend the Federal Social Security Act to permit the State agency, in determining need, not to take into consideration other income and resources of an individual claiming old-age assistance to the extent of twenty dollars ($20), or such greater sum as the President and Congress may determine to be proper and just; and be it further

Resolved, That the Secretary of the Senate is hereby directed to send copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 113

Senate Joint Resolution No. 3—Relative to memorializing the Congress of the United States to initiate proper action and legislation to determine the identity, and forfeit the citizenship of those holding a dual citizenship in any other country and prohibiting such citizenship.

[Filed with Secretary of State May 8, 1943.]

Dual citizens

WHEREAS, The war in which the United States is engaged has focused attention upon certain traitorous and disloyal elements in the citizenship of this country which have used their technical citizenship as a cloak behind which to promote and carry out these disloyal designs; and

WHEREAS, Attention has also been focused on nationals, of foreign countries, who have regarded their primary and real loyalty to the country of their origin and their American

citizenship as only a necessary convenience in better securing the material and political advantages which this great Nation holds forth; and

WHEREAS, These elements have been weakening factors in the unified body of loyal American citizens believing in the traditions and principles of the American democracy; and

WHEREAS, An outstanding evidence of the existence of these elements has been the acceptance of a dual citizenship status by acknowledging allegiance to the sovereignty of their native country particularly among the Japanese, German Bundists and Italian Fascists; and

WHEREAS, Foreign countries have held forth such dual citizenship status for their nationals in this country for the purpose of retaining their sovereignty and jurisdiction over said nationals and for the purpose of commanding their loyalty and obedience in peace and in war; and

WHEREAS, This war has made us aware of the necessity of scrutinizing more carefully our citizenship in order that by infiltration of disloyal elements our democratic processes are not perverted from their original purposes and used against our own interests; and

WHEREAS, The safety and protection of the American democracy requires the immediate weeding out of said disloyal elements and the forfeiture of, and exclusion from, American citizenship of those nationals of other countries practicing dual citizenship; now, therefore, be it

Resolved by Senate and Assembly of the State of California, jointly, That the Congress of the United States be, and the same is hereby, memorialized to institute proper action and legislation: (1) to determine the identity of those persons in this country of Japanese ancestry or otherwise subscribing to dual citizenship, or making themselves amenable to the sovereignty, of any other country; (2) to forfeit the American citizenship of such persons and (3) to prohibit any person now or heretofore holding or exercising a dual citizenship from being or ever becoming an American citizen; and be it further

Resolved, That copies of this resolution be forwarded to the President and Vice President of the United States, to the Speaker of the House of Representatives and to each Senator and Member of the House of Representatives in the Congress of the United States from California.

CHAPTER 114

Senate Joint Resolution No. 21—Relative to memorializing Congress to make available to the civilian population property of Japanese evacuees.

[Filed with Secretary of State May 8, 1943.]

Use of implements and commodities of Japanese evacuees

WHEREAS, The Federal Government has, in furtherance of the war effort, taken large numbers of automobile tires from the civilian population; and

WHEREAS, The Federal Government has restricted the manufacture and sale of innumerable implements of civilian use, such as machinery and farm equipment; and

WHEREAS, Great quantities of needed commodities and materials have been placed in storage to be returned to Japanese evacuees after the war; and

WHEREAS, The civilian population of the country could use these materials in storage to good advantage to alleviate the scarcity now looming large in wartime America; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California hereby urges Congress to release implements and commodities stored for Japanese evacuees to the civilian population for use during this time of war; and be it further

Resolved, That the Secretary of the Senate is hereby requested to transmit a copy of this resolution to the President and Vice President of the United States and to each member from California of the Senate and House of Representatives of the United States.

CHAPTER 115

Sec. 1c. In addition to such exemptions as are now provided in this Constitution, the Legislature may exempt from taxation all or any portion of property used exclusively for religious, hospital or charitable purposes and owned by community chests, funds, foundations or corporations organized and operated for religious, hospital or charitable purposes, not conducted for profit and no part of the net earnings of which inures to the benefit of any private shareholder or individual.

CHAPTER 116

Assembly Joint Resolution No. 7—Relative to memorializing Congress to give a larger part in the war effort to the small businesses of the United States.

[Filed with Secretary of State May 8, 1943.]

Government work for small businesses

WHEREAS, It is essential in the interest of our war program to protect and encourage the welfare of small and independent businesses throughout the United States; and

WHEREAS, The opportunity of taking part in the country's war program has been to a great extent denied to such businesses notwithstanding that the President has endeavored to change this unfortunate condition; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, To memorialize Congress to take immediately such steps as will correct the dangerous tendency outlined above, and to restore to such businesses the opportunity to take their part in the war effort and amongst other things;

To give every possible latitude to allowing material to civilian industries;

To recall for reletting large contracts where it is evident that subcontracting is not being carried out wherever possible;

To eliminate government subsidized expansion of large plants when there are idle small plants available to do the job;

To refuse to permit the piling up of work in large plants while small concerns are able to assume a portion of the work;

To substitute normal business methods for fixed-fee contracts;

To prefer, wherever possible, local small contractors to migrant contractors;

To encourage combinations of small industries in localities;

To invite wide participation in public contracts, simplifying of procedure and reducing the size of contracts.

CHAPTER 117

Assembly Joint Resolution No. 49—Relative to memorializing Congress to appropriate additional funds to provide for payment to student nurses during their training to become trained nurses a monthly wage in keeping with the high and noble nature of their profession.

[Filed with Secretary of State May 8, 1943.]

Salaries for student nurses

WHEREAS, The need for trained nurses in the armed forces of the United States and in public and private hospitals throughout the country is far in excess of the numbers of trained nurses now qualified as such; and

WHEREAS, The training of a qualified nurse requires a course of study and training extending over a period of three years; and

WHEREAS, Women are importuned to become trained nurses and to undergo the rigorous training required of them for three years without any wage, salary or compensation; and

WHEREAS, Many women are accepting employment in various industries connected with the production of war materials in which they are paid attractive wages; and

WHEREAS, The policy of club sponsorship of the student nurses is unsatisfactory and tends to place student nurses on a charity basis; and

WHEREAS, A nurse's occupation is among the highest to which a woman may aspire; and

WHEREAS, Women willing to undergo the arduous tasks of training to become trained nurses should be paid a fair salary during their three years' training in the same manner as are women training for work in war industries; now, therefore, be it

Resolved, That the Assembly and the Senate of the State of California, jointly, memorialize the President and the Congress of the United States to consider the advisability of making an appropriation to provide funds for paying women in training to become trained nurses a salary during their years of training commensurate with the high and noble nature of their profession as trained nurses; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to forward copies of this resolution to the President and the Vice President of the United States, to the Speaker of the House of Representatives and to each Senator and to each Member of the House of Representatives from California in the Congress of the United States.

CHAPTER 118

Assembly Joint Resolution No. 19—Relative to memorializing and petitioning Congress to enact legislation giving to draftees and others entering the military and naval service of the United States adequate insurance protection for themselves in the form of permanent total disability insurance as well as life insurance protection.

[Filed with Secretary of State May 8, 1943.]

Insurance protection for those in armed forces

WHEREAS, From 1919 up to and including October 8, 1940, persons entering the military and naval service of the United States were given the privilege of applying for United States Government (Converted) Life Insurance, including the permanent total disability features thereof, which protected the soldier himself; and

WHEREAS, Congress in the passage of the National Service Life Insurance Act of 1940, approved October 8, 1940, provided in Section 611 of said act that, "No United States Government Life Insurance shall be granted hereafter to any person under the provisions of Section 300 of the World War Veterans Act of 1924, as amended"; and

WHEREAS, The National Service Life Insurance Act does not provide permanent total disability benefit features or protection for the soldier himself and protects only the dependents and near relatives of the soldier; and

WHEREAS, It is estimated that 90 per cent of those now in the military and naval service are without dependents and therefore not in need of such insurance but are in need of insurance with permanent total disability features protecting the soldier himself; and

WHEREAS, Experience during and since the World War has adequately proved and demonstrated the merits of permanent total disability features of Government insurance, particularly as relates to the so-called "misconduct" cases, which are noncompensable for both compensation and pension, thereby taking care of these unfortunates who would otherwise be thrown upon local communities for care and sustenance; and

WHEREAS, It appears that in the passage of the National Service Life Insurance Act of 1940, including Section 611 thereof which prevented further application for United States Government Life Insurance with total permanent disability features thereof, those persons, including National Guard units entering Federal service after October 8, 1940, were discriminated against and were denied the privilege of taking out United States Government (Converted) Life Insurance with permanent total disability features thereof, whereas those persons, including National Guard units entering Federal service prior to October 8, 1940, were allowed and permitted to take out such insurance; and

WHEREAS, We believe in order to give to every commissioned officer and enlisted man and every member of the Army Nurses Corps (female) and the Navy Nurses Corps (female) when employed in active service under the War Department or Navy Department, proper protection for themselves and their dependents, the United States should again permit such persons, including draftees, the opportunity to apply for and be granted either National Service Life Insurance or United States Government (Converted) Life Insurance with permanent total disability features as now constituted; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature of the State of California hereby memorializes and petitions Congress to enact legislation which will provide that such persons so entering

the military and naval service of the United States, including draftees, shall be given the opportunity of taking either National Service Life Insurance or United States Government (Converted) Life Insurance, at their option, including the permanent total disability features thereof; and be it further

Resolved, That a copy of this joint resolution be transmitted to the President of the United States, to the Vice President of the United States, and to each member of the Senate and the House of Representatives of the United States, and that the Senators and Representatives representing the State of California in Congress be urged actively to support such legislation.

Resolved by the Assembly and the Senate of the State of California, jointly, That Governor Warren be requested to communicate with Major General John B. Wogan, Commanding General of the Thirteenth Armored Division, at Camp Beale, California, and declare it is the desire of the State of California to be granted the privilege of sponsoring the said Thirteenth Armored Division if such privilege may be granted by military authorities; and be it further

Resolved, That the State of California desires and requests that all armored vehicles with which the said Thirteenth Division is equipped be named after cities within the State of California; and be it further

Resolved, That should the State of California be granted the privilege of so sponsoring the said Thirteenth Armored Division, the Governor of the State of California do issue a proclamation declaring such sponsorship; and be it further

Resolved, That the Chief Clerk of the Assembly be directed to prepare and to transmit a copy of this resolution to the Governor of the State of California, and to Major General John B. Wogan, Commanding General, Thirteenth Armored Division, Camp Beale, California.

[Filed with Secretary of State May 12, 1943.]

Joint committee to investigate tax structure of State

WHEREAS, The world-wide war in which the United States of America is now engaged has necessitated and will continue to necessitate vast outlays of money by the Federal Government; and

WHEREAS, Federal taxes have been greatly increased and there is great likelihood that the burden of such taxes upon the individual taxpayers will increase rather than diminish; and

WHEREAS, The people of the State of California are unanimous in their desire to lend all possible aid to the government of the United States in the prosecution of the war regardless of personal sacrifice; and

WHEREAS, The financial condition of the State of California at the present time is excellent but the future effects of the war and the tremendous dislocation it has caused are unpredictable; and

WHEREAS, The desirability of immediate relief to the burdened taxpayers should by no means precipitate hasty and ill-considered action which might in the final analysis prejudice rather than benefit the same taxpayers; and

WHEREAS, The entire subject of State taxation is one of such vital importance that a thorough study of all factors is necessary in order that equitable and proper legislation may be enacted; now, therefore, be it

[Filed with Secretary of State May 12, 1943.]

Civil service duration positions

WHEREAS, It is disclosed that many departments of the State Government have requested the creation of new positions, most of which are claimed to be necessary because of an increased volume of business brought on by war-time conditions, which are of a temporary nature; and

WHEREAS, It has become increasingly difficult, because of the current man-power shortage, to recruit competent personnel to fill existing positions which are now vacant, in view of the high minimum qualifications and the rigorous testing procedure now established by the State Personnel Board; and

WHEREAS, It would be in the public interest that the State Personnel Board establish a more lenient testing procedure and that it establish new classifications of positions with a reorganized arrangement of duties and less exacting minimum qualifications in order that all positions which are necessary but vacant may be filled without delay; and

WHEREAS, It appears desirable that a procedure be established by which no such new positions or persons appointed to existing but vacant positions may, by reason of the opera-

tion of civil service laws, be attached permanently to the departmental pay rolls; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the State Personnel Board and the respective departmental heads are called upon to cooperate in devising a plan which will facilitate a segregation of any such new or vacant positions from those of a permanent nature and which were previously established and are now filled; and be it further

Resolved, That the State Personnel Board and the respective departmental heads are directed to handle any such requests for new positions or for the filling of vacant positions by creating new classifications of positions with minimum qualifications more liberal and less exacting in nature than those now provided for similar or comparable positions of a permanent nature, so as to facilitate filling such positions under the man-power shortage now existing, all such positions and classifications to be abolished in their entirety within six months after the termination of the war emergency.

CHAPTER 135

Assembly Joint Resolution No. 17—Relative to assistance to needy disabled persons.

[Filed with Secretary of State May 12, 1943.]

WHEREAS, The Government of the United States has recognized the obligation of civilized communities to provide for the security of their citizens and to afford assistance to those who are in need by enactment of the Federal Social Security Act; and Extension of Social Security Act to adult physically disabled not capable of vocational rehabilitation

WHEREAS, The Federal Social Security Act, although a marked advance over all previous legislation for the purpose, is still incomplete and defective in that it does not make provision for assistance to certain classes and groups in the population no more secure and no less deserving than the classes and groups for assistance to whom provision has been made; and

WHEREAS, Provision has been made in the Federal Social Security Act for cooperation with the States in extending and strengthening their programs of vocational rehabilitation of persons disabled in industry or otherwise, and in extending and improving services to crippled children, but no provision

has been made therein for assistance to adult needy disabled persons not eligible or feasible for vocational rehabilitation, whose condition is even more piteous than that of those persons capable of rehabilitation and whose need is equally great; and

WHEREAS, The provision of grants in aid to the States by the United States Government for assistance to needy disabled persons not capable of vocational rehabilitation would encourage and enable the States to provide for such persons the security and aid they now lack, and which are enjoyed by other groups in the community formerly equally underprivileged; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the President and Congress of the United States are hereby urged and memorialized to extend the Social Security Act to provide grants in aid to the States for assistance to needy physically disabled persons not capable of vocational rehabilitation; and be it further

Resolved, That the Chief Clerk of the Assembly is hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives of the Congress of the United States, to the Federal Social Security Board, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 136

Assembly Joint Resolution No. 50—Relative to decentralization of the steel industry.

[Filed with Secretary of State May 12, 1943.]

Development of steel industry in California

WHEREAS, The concentration of the steel production industry in the hands of a limited few, centralized within a small geographical area, has stifled the development of this all-important industry in other large sections of the Nation, and particularly in California; and

WHEREAS, This situation has resulted in a serious shortage of steel—the backbone of our National economy and the keystone of our war production and agricultural development—which continues to be an ever-increasing major source of distress in fully mobilizing the war effort of the Nation at this critical period in its history; and

WHEREAS, The critical shortage of steel is further causing a 62 per cent reduction in the manufacture of agricultural machinery and implements from the production in 1940-41, at a time when the great agricultural sections of the State of California are being urged to increase the production of food supplies so urgently needed now; and

WHEREAS, Large high-grade ore deposits of iron, and other essential by-product minerals, are already known to exist throughout the State of California, in areas closely adjacent to adequate hydroelectric power, natural gas, and other requirements for the mining and processing of iron ore and its production into steel; and

WHEREAS, Huge quantities of steel are particularly required to continue the remarkable record of shipbuilding and war industry production, in general, which has been established on the Pacific Coast, thus creating a more difficult steel shortage situation than in other parts of the Nation due to the long distances over which steel now must be transported, increasing the strain upon our transportation facilities to coastal cities, through which must flow almost all of the military equipment and supplies necessary for the use of our Army, Navy, Air Force and Merchant Marine in the Pacific; and

WHEREAS, Further quantities of steel are required to furnish hardware necessary for the construction of adequate housing facilities to provide proper homes for shipyard and war industry workers in close proximity to their places of employment, thus eliminating the abominable conditions under which thousands of them must now live which create health, fire and safety hazards, and provides a major cause of absenteeism; and increases the problems of transportation to and from work for thousands of others; and

WHEREAS, Notwithstanding the apparent opposition of sectional private interests which have continuously thwarted the development of these vast natural resources of the State of California, it is necessary that they be immediately developed to the fullest possible extent in the interest of National Defense; and

WHEREAS, All California industry is unfavorably affected in successfully competing with other large sections of the Nation in developing its own economic well-being through the operation of the so-called Pittsburgh-plus system of steel costs which has been permitted to dominate the steel industry; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That it is our firm conviction that the best interests of the Nation in the matter of adequate National Defense, demand the immediate development of our natural iron ore resources, the construction of blast furnaces, steel mills and rolling mills, with sufficient capacity to meet all the needs of the Pacific Coast area; and be it further

Resolved, That it is our firm conviction that the immediate projection and completion of such facilities to develop an adequate steel industry, will prove a major asset contributing toward the permanent economic advancement and well-being of our people, throughout the years to come, and be it further

Resolved, That every agency of the Government of the United States concerned with the problem of war production be urged to lend support to and give favorable consideration

to the development and construction of an iron and steel industry in the State of California in the interest of National Defense, and be it further

Resolved, That copies of this resolution be transmitted forthwith by the Chief Clerk of the Assembly to the Honorable Franklin Delano Roosevelt, President of the United States, the Members of the Senate and the House of Representatives from the State of California, the Director of the War Production Board, the Secretary of War, the Secretary of the Navy, the Chairman of the United States Maritime Commission, and to the Committee for the Investigation of the War Effort of the United States Senate.

CHAPTER 137

Assembly Joint Resolution No. 51—Relative to memorializing Congress to enact legislation creating a Federal agency to study tax structures.

[Filed with Secretary of State May 12, 1943.]

Federal agency to study tax structures

WHEREAS, The National emergency has brought about the necessity for new and additional tax levies; and

WHEREAS, The formation of new Federal tax policies is in many instances threatening the very existence of local governmental units whose continued functioning is essential in this National emergency and in the return to normal economic conditions thereafter; and

WHEREAS, No real satisfactory tax reform can be achieved without readjusting the Federal, State and local fiscal relationships; and

WHEREAS, An agency created by Congress would be best fitted to study tax structures and make recommendations; and

WHEREAS, In the Seventy-eighth Congress, the Honorable John M. Coffee, Congressman from the Sixth Washington Congressional District introduced House Joint Resolution 56, by the terms of which there is proposed a Federal Commission on Tax Integration, for the purpose hereinbefore set forth; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Congress of the United States is hereby requested to enact legislation creating a Federal agency to study tax structures to the end that inequitable burdens be avoided and the financial stability of the various local governmental agencies be assured; and be it further

Resolved, That the Chief Clerk of the Assembly shall transmit copies of this resolution to the President, Vice President, Speaker of the House of Representatives and to each Senator and Member of the House of Representatives from California in the Congress of the United States

CHAPTER 138

Senate Joint Resolution No. 26—Relative to deduction of earnings from agricultural labor from old-age assistance.

[Filed with Secretary of State May 14, 1943.]

Protest regarding deduction of earnings from agricultural labor from old-age assistance in California

WHEREAS, House Joint Resolution 96, as passed by the Senate of the United States included, as subdivision (f) of Section 5 thereof, provisions that no person should be deemed not to be a needy individual by reason of remuneration paid to such person for any agricultural labor performed by him from the enactment of the resolution until six months after the termination of hostilities in the present war; and that no State should be required, in determining need in the case of any individual, to take into consideration any income or resources derived by him from agricultural labor; and

WHEREAS, Conference reports amending House Joint Resolution 96 were adopted by both houses of Congress, whereby the benefits of the subdivision were withheld from any State which had increased the amount of aid payable to recipients of old-age aid since April 30, 1943; and

WHEREAS, The State of California has at the present session of the Legislature increased the maximum monthly individual grant of aid to the aged from forty dollars ($40) per month to fifty dollars ($50) per month; and the State of California is the only State which has increased the amount of aid payable to recipients of old-age assistance since April 30, 1943; and

WHEREAS, House Joint Resolution 96 in the form in which it was put by the amendments made by the Conference Report is flagrantly discriminatory against the State of California, and penalizes this State for its action in increasing the amount of aid to an amount more nearly adequate, under present conditions, for the maintenance of health and decency; and

WHEREAS, The farm labor shortage in the State of California is no less severe than in other States whose contributions to the production of food and other agricultural products do not surpass nor even equal the contribution of the State of California; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature of the State of California does hereby protest the action of the Congress of the United States in passing legislation so unfair and unjust to the State of California, and does most urgently request the Congress of the United States to take such measures as may be necessary immediately to correct their ill-advised and discriminatory action; and be it further

Resolved, That the Secretary of the Senate is hereby directed to send copies of this resolution to the President and the Vice President of the United States, the Speaker of the House of Representatives, and to each Member of the Senate and the House of Representatives in the Congress of the United States from California.

If the proposed expenditures for the ensuing fiscal year shall exceed the estimated revenues therefor, the Governor shall recommend the sources from which the additional revenue shall be provided.

The Governor, and also the Governor-elect, shall have the power to require any institution, department, board, bureau, commission, officer, employee or other agency to furnish him with any information which he may deem necessary in connection with the budget or to assist him in its preparation.

days of the session into each House of the Legislature by the respective chairmen of the committees having to do with appropriations, and shall be subject to all the provisions of Section 15 of this article. The Governor may at any time amend or supplement the budget and propose amendments to the Budget Bill before or after its enactment, and each such amendment shall be referred in each House to the committee to which the Budget Bill was originally referred. At regular session, neither House shall place any bill except the Budget Bill upon final passage until 15 days after its introduction, without the consent of three-fourths of the members thereof. Until the Budget Bill has been finally enacted, neither House shall place upon final passage any other appropriation bill, except emergency bills recommended by the Governor, or appropriations for the salaries, mileage and expenses of the Senate and Assembly.

More than one item of appropriation

No bill making an appropriation of money, except the Budget Bill, shall contain more than one item of appropriation, and that for one single and certain purpose to be therein expressed.

Reduction etc., of items

In any appropriation bill passed by the Legislature, the Governor may reduce or eliminate any one or more items of appropriation of money while approving other portions of the bill, whereupon the effect of such action and the further procedure shall be as provided in Section 16 of this article.

Conflicting provisions

In case of conflict between this section and any other portion of this Constitution, the provisions of this section shall govern, except that any item of appropriation in the Budget Act, other than for the usual current expenses of the State, shall be subject to the referendum.

Necessary laws

The Legislature shall enact all laws necessary or desirable to carry out the purposes of this section, and may enact additional provisions not inconsistent herewith.
