Possession
after
default
in rent

2. When he continues in possession, in person or by subtenant, without the permission of his landlord, or the successor in estate of his landlord, if any there be, after default in the payment of rent, pursuant to the lease or agreement under which the property is held, and three days' notice, in writing, requiring its payment, stating the amount which is due, or possession of the property, shall have been served upon him and

Notice

if there is a subtenant in actual occupation of the premises, also upon such subtenant.

Such notice may be served at any time within one year after the rent becomes due. In all cases of tenancy upon agricultural lands, where the tenant has held over and retained possession for more than 60 days after the expiration of the term without any demand of possession or notice to quit by the landlord or the successor in estate of his landlord, if any there be, he shall be deemed to be holding by permission of the landlord or successor in estate of his landlord, if any there be, and shall be entitled to hold under the terms of the lease for another full year, and shall not be guilty of an unlawful detainer during said year, and such holding over for the period aforesaid shall be taken and construed as a consent on the part of a tenant to hold for another year.

A tenant may take proceedings, similar to those prescribed in this chapter, to obtain possession of the premises let to a subtenant or held by a servant, employee, agent, or licensee, in case of his unlawful detention of the premises underlet to him or held by him.

738.5. An action may be brought against the State of California to determine whether or not an escheat has occurred as to any real property or interest therein under the provisions of "An act relating to the rights, powers and disabilities of aliens and of certain companies, associations and corporations with respect to property in this State, providing for escheats in certain cases, prescribing the procedure therein, requiring reports of certain property holdings to facilitate the enforcement of this act, prescribing penalties for violation of the provisions hereof, and repealing all acts or parts of acts inconsistent or in conflict herewith," approved by the electorate November 2, 1920, and as amended. Such an action may be commenced by any person claiming an interest in the property.

The complaint shall describe the property and shall specify the instrument or instruments in the chain of title to the property which gave rise to the possibility of such escheat. The State of California shall be the sole defendant in such action and no other matter may be adjudicated except the issue of the occurrence of an escheat. No issue shall be raised or claim made by the plaintiff in such action based upon estoppel, or failure of the State to have commenced an escheat proceeding, nor shall any statute of limitation operate to bar an adjudication in such action that the property or any interest therein has escheated to the State. A copy of the complaint and summons shall be served upon the Attorney General or his assistant, or any of his deputies, and upon the district attorney or county counsel of the county in which the property is situated, or upon their respective assistants or deputies. Such district attorney or county counsel shall perform duties similar to those required to be performed in escheat proceedings commenced by the State under the provisions of the act mentioned in this section. The Attorney General or district attorney or county counsel shall have 180 days, as a matter of right, in which to answer or otherwise plead. If at any time during the pendency of the action the Attorney General determines that under the law or the facts or both no such escheat has occurred, he may, with the consent of the State Controller, file a disclaimer in such action and thereupon judgment shall be entered against the State.

SEC. 2. Section 407 of the Code of Civil Procedure is amended to read:

407. The summons must be directed to the defendant, signed by the clerk or justice, and issued under the seal of the court. It must contain:

2. The names of the parties to the action;

3. A direction that the defendant appear and answer the complaint within 10 days, if the summons is served within the county in which the action is brought, or within 30 days, if served elsewhere, except that if the action is against the State pursuant to Section 738.5 of this code, within 180 days;

4. A notice, that unless the defendant so appears and answers, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the court for any other relief demanded in the complaint.

CHAPTER 1375

An act to amend Section 7435 of, and to add a new section numbered 7439 to, the Education Code, relating to school bonds, declaring the urgency of this act and providing that the same shall take effect immediately.

In effect immediately [Approved by Governor July 14, 1945. Filed with Secretary of State July 14, 1945.]

The people of the State of California do enact as follows:

SECTION 1. Section 7435 of the Education Code is hereby amended to read:

Form of bonds, etc 7435. The board of supervisors by an order entered upon its minutes shall prescribe the form of the bonds and of the interest coupons attached thereto, if any. Said bonds shall be signed by the chairman of the board of supervisors, or by such other member thereof as the board of supervisors shall, by resolution adopted by a four-fifths vote of all its members, authorize and designate for that purpose, and also signed by the treasurer or auditor of the county, and shall be countersigned by the clerk thereof. The coupons of said bonds shall be signed by the treasurer or auditor. All such signatures and countersignatures may be printed, lithographed, engraved, or otherwise mechanically reproduced, except that one of said signatures or countersignatures to said bonds shall be manually affixed. All expense incurred for the preparation, sale, and delivery of the school bonds is a legal charge against the funds of the school district issuing the bonds.

SEC. 2. Section 7439 is hereby added to the Education Code, to read as follows:

Unsold bonds 7439. Any unsold bonds of the elementary, high school or junior college districts comprising a unified school district and voted at any election held either prior or subsequent to the date upon which the action necessary to the formation of the unified district was completed, may be issued by the board of supervisors in the name of the unified district and the proceeds derived from the sale thereof shall be the funds of the unified district and shall be used only for the purpose or purposes for which said bonds were voted.

SEC. 3. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution and therefore shall go into effect immediately. The following is a statement of the facts constituting such necessity: elementary, high school and junior college districts in areas which have had great increases in population and are important to war production in California have voted bonds recently for school buildings to relieve the congestion in the school rooms. Some of such districts will by operation of law become part of a unified school district on July 1st next and their power to issue bonds thereupon will cease and it is impossible to issue and sell the bonds heretofore voted prior to July 1st. The schools in some of such districts are seriously overcrowded, menacing the children with danger from epidemics and diseases. Unless that condition is relieved speedily the health and safety of the children will be endangered. To call elections and vote additional bonds after the districts become merged into a unified district would involve long delay. To provide funds necessary for the construction of new school buildings in order to relieve the over-crowded classroom condition at the earliest date it is necessary that the bonds heretofore voted by the elementary, high school and junior college districts be issued and sold at the earliest possible moment. If this act goes into effect immediately it will be possible for the unified school district to issue and sell the bonds heretofore voted by the separate districts and provide building funds quickly. It is therefore necessary for the act to take effect immediately.

CHAPTER 1376

[Approved by Governor July 14, 1945. Filed with Secretary of State July 14, 1945.]

In effect
September
15, 1945

The people of the State of California do enact as follows:

SECTION 1. The chapter heading of Chapter 4 of Division 6 of the Agricultural Code is hereby amended to read:

CHAPTER 4 NONPROFIT COOPERATIVE ASSOCIATIONS

SEC. 2 A new section is hereby added to the Agricultural Code, to be numbered 1190 and to read:

1190. The purpose of this chapter is to promote, foster and encourage the intelligent and orderly marketing of agricultural products through cooperation; and to eliminate speculation and waste; and to make the distribution of agricultural products between producer and consumer as direct as can be efficiently done; and to stabilize the marketing of agricultural products. It is here recognized that agriculture is characterized by individual production in contrast to the group or factory system that characterizes other forms of individual production; and

that the ordinary form of corporate organization permits industrial groups to combine for the purpose of group production and the ensuing group marketing and that the public has an interest in permitting farmers to bring their industry to the high degree of efficiency and merchandising skill evidenced in the manufacturing industries; and that the public interest urgently needs to prevent the migration from the farm to the city in order to keep up farm production and to preserve the agricultural supply of the Nation; and that the public interest demands that the farmer be encouraged to attain a superior and more direct system of marketing in the substitution of merchandising for the blind, unscientific and speculative selling of crops.

SEC. 3. Section 1191 of the Agricultural Code is hereby amended to read:

Definitions

1191. As used in this chapter:

(a) "Products" includes horticultural, viticultural, forestry, dairy, livestock, poultry, bee and any farm products.

(b) "Member" includes members of associations without capital stock and holders of common stock in associations organized with shares of stock.

(c) "Association" means any corporation organized under this chapter. An association will be deemed incorporated under this chapter or organized under this chapter and will be deemed a producer of products within the meaning of this chapter when it is functioning under, or is subject to, the provisions of this chapter, irrespective of whether it was originally incorporated under such provisions or was incorporated under other provisions.

SEC. 4. Section 1193 of the Agricultural Code is hereby amended to read:

(h) Do each and every thing necessary, suitable or proper for the accomplishment of any one of the purposes or the attainment of any one or more of the objects herein enumerated; or conducive to or expedient for the interest or benefit of the association; and contract accordingly; and in addition exercise and possess all powers, rights and privileges necessary or incidental to the purposes for which the association is organized or to the activities in which it is engaged; and, in addition, any other rights, powers and privileges granted by the laws of this State to ordinary corporations, except such as are inconsistent with the express provisions of this chapter; and do any such thing anywhere.

(i) Use or employ any of its facilities for any purpose, provided the proceeds arising from such use and employment shall go to reduce the cost of operation for its members; and provided, further, that the products handled for or the services, machinery, equipment or supplies or facilities furnished to non-members shall not exceed in value the products handled for or the services, merchandise or facilities supplied to members during the same period.

1195. (a) Under the terms and conditions prescribed in ^{Membership} the by-laws adopted by it, an association may admit as members or issue common stock to only such persons as are engaged in the production of products to be handled by or through the association, or who use or employ any service or facility offered by the association on or in connection with land used for the production of products, including the lessees and tenants of land

The power to repeal and amend the by-laws, and adopt new by-laws, may, by a similar vote, or similar written assent, be delegated to the board of directors, which authority may, by a similar vote, or similar written assent, be revoked. Each association, under its by-laws, may provide for any or all of the following matters:

(a) The time, place and manner of calling and conducting its meetings. (b) The department shall then certify to the State Controller the amounts so estimated by it for each county, reduced or increased as the case may be, by any sums by which it finds that its estimate for any prior quarter was greater or less than the amount which should have been paid to the county under this act for such quarter.

(c) The State Controller shall thereupon draw the necessary warrants, and prior to audit or settlement by the department and the State Controller, the State Treasurer shall pay to the treasurer of each county the amount so certified.

Upon the order of the department, the amount approved for the quarter may be paid in monthly installments and, if paid in monthly installments, all necessary adjustments for the prior quarters shall be made by additions or deductions from the allowance for the first month of each new quarter or in the manner prescribed by the department.

SEC. 24. (1) Reports of payments of relief and of payments for the cost of administration thereof made under this act shall be presented by the respective counties at times and in the form prescribed by the department. Reports of relief payments, etc

SEC. 25. Relief granted to any person who is not entitled thereto under the provisions of this act shall constitute a debt of the recipient, to the amount of such relief, to the State and the county participating in the granting of such relief. Recovery may be had upon such debt out of any property of the recipient not exempt from execution. Recovery from person not entitled to relief

Any money refunded under the provisions of this section shall be repaid to the State and the county in the proportion that each contributed to the relief granted.

SEC. 26. If the spouse, parent, or adult child of any recipient of relief is financially able to contribute to the support of the recipient, such relative is liable to reimburse the State and county for relief granted to the recipient to the extent of his financial ability so to do. Financial responsibility of spouse, parent or adult child

The board of supervisors of the county granting relief shall determine if the spouse, parent, or adult child has financial ability to support or contribute to the support of the recipient and was pecuniarily able to support or contribute to the support of the recipient during the time relief was provided to him. If in the opinion of the board of supervisors pecuniary ability existed when the relief was granted and exists when the matter comes before the board of supervisors, the board shall request the district attorney or other civil legal officer of the county granting the relief to proceed against such responsible relative or relatives.

Upon such request the district attorney or other civil legal officer shall maintain an action on behalf of the county granting relief against said relative or relatives to recover for the county the relief granted and to secure an order requiring the payment of any sums which may become due in the future.

All money collected by the county under the provisions of this section shall be credited to the State and the county in the proportion that each contributed to the relief granted.

Provisions
of act not
an appro-
priation

SEC. 27. The provisions of this act providing for State payments to counties do not constitute appropriations of money from the State treasury, and no provision of this act shall be construed to make an appropriation. No moneys shall be available for expenditure under this act until an appropriation for such purpose is made by the Legislature.

Any moneys appropriated to carry out the purposes of this act shall be deposited in, and disbursed from, the Relief Fund in the State treasury, which fund is hereby created.

Suspension
of operation
of act

SEC. 28. This act takes effect as a statute on the ninety-first day after final adjournment of the Legislature at its Fifty-sixth Regular Session but its provisions (except the provisions of this section) are hereby suspended and continue suspended from operation until the occurrence of an economic emergency in this State which results from widespread hardship and destitution and necessitates immediate action for the relief of such hardship and destitution, and no act shall be done nor power be exercised nor money be expended under or pursuant to such provisions until the occurrence of such an economic emergency has been determined as in this section provided.

Ascertainment and determination of the fact of the occurrence of such an economic emergency is committed to the Senate and Assembly and to the Governor of California. If and when the Senate and Assembly by concurrent resolution filed with the Secretary of State find and declare, and the Governor by his proclamation filed with the Secretary of State finds and declares, that there exists an economic emergency in this State which results from widespread hardship and destitution and necessitates immediate action for the relief of such hardship and destitution (the resolution and the proclamation, respectively, to contain a statement of the facts upon which the finding is based), such an economic emergency is determined to have occurred and to exist and thenceforth all of the provisions of this act are fully operative.

SEC. 29. After the provisions of this act become operative, ^{Effect} the provisions of Chapter 2 of Division 4 of the Welfare and Institutions Code, relating to county aid and relief to indigents, shall not apply to any person who receives, or is eligible to receive, relief under this act; but said Chapter 2 is not repealed by this act, and shall continue in full force and effect in respect to persons not eligible to receive relief under this act.

SEC. 3. Section 1652 of said code is amended to read:

Petition

1652. (a) A petition for the appointment of a guardian may be filed in any court of competent jurisdiction by any relative or friend of the ward or by any person who is authorized by law to file such a petition. If there is no person so authorized or if the person so authorized refuses or fails to file such a petition within 30 days after mailing of notice by the Veterans Administration to the last known address of such person, if any, indicating the necessity for the same, a petition for appointment may be filed by any resident of this State.

(b) The petition for appointment shall set forth the name, age, place of residence of the ward, the name and place of

residence of the nearest relative, if known, and the fact that the ward is entitled to receive benefits payable by or through the Veterans Administration and shall set forth the amount of moneys then due and the amount of probable future payments.

(c) The petition shall also set forth the name and address of the person or institution, if any, having actual custody of the ward and the name, age, relationship, if any, occupation and address of the person proposed for appointment as guardian. Notwithstanding any law as to priority of persons entitled to appointment, or the nomination in the petition, the court may appoint some other person as guardian, if the court determines it is for the best interest of the ward.

SEC. 4 Section 1653 of said code is amended to read:

1653. Where a petition is filed for the appointment of a guardian for a minor, a certificate of the administrator or his authorized representative, setting forth the age of such minor as shown by the records of the Veterans Administration and the fact that the appointment of a guardian is a condition precedent to the payment of any moneys due the minor by the Veterans Administration shall be prima facie evidence of the necessity for such appointment.

SEC. 5. Section 1654 of said code is amended to read:

1654. Where a petition is filed for the appointment of a guardian for a mentally incompetent ward, a certificate of the administrator or his duly authorized representative, that such person has been rated incompetent by the Veterans Administration on examination in accordance with the laws and regulations governing such Veterans Administration and that the appointment of a guardian is a condition precedent to the payment of any moneys due such ward by the Veterans Administration, shall be prima facie evidence of the necessity for such appointment.

SEC. 6. Section 1655 of said code is amended to read:

1655. Upon the filing of a petition for the appointment of a guardian under this chapter, notice shall be given to the ward, to such other persons, and in such manner as is provided by the general law of this State, and also to the Veterans Administration as provided by this chapter.

SEC. 7. Section 1657 of said code is amended to read:

1657. (a) Every guardian who has received or shall receive on account of his ward any moneys or other thing of value from the Veterans Administration shall file with the court annually, in addition to such other accounts as may be required by the court, a full, true, and accurate account under oath of all moneys

or other things of value so received by him, all earnings, interest or profits derived therefrom and all property acquired therewith and of all disbursements therefrom, and showing the balance thereof in his hands at the date of the account and how invested.

Copy to
Veterans Ad-
ministration

(b) At the time of filing in the court any account, a true copy thereof shall be sent by the guardian to the office of the Veterans Administration having jurisdiction over the area in which the court is located. The court shall fix a time and place for the hearing on the account, not less than 15 days nor more than 30 days from the date same is filed, unless a different available date be stipulated in writing. Written notice of the time and place of hearing shall be given the Veterans Administration office concerned and the guardian and any others entitled to notice not less than 15 days prior to the date fixed for the hearing. The notice may be given by mail in which event it shall be deposited in the mails not less than 15 days prior to said date.

Other
property

(c) If the guardian is accountable for property derived from sources other than the Veterans Administration, he shall be accountable as is or may be required under the applicable law of this State pertaining to the property of minors or persons of unsound mind who are not beneficiaries of the Veterans Administration, and as to such other property shall be entitled to the compensation provided by such law. The account for other property may be combined with the account filed in accordance with this section.

Failure to
file account

SEC. 8. Section 1658 of said code is amended to read:

1658. If any guardian shall fail to file with the court any account as required by this chapter, or by an order of the court, when any account is due or within 30 days after citation issues as provided by law, or shall fail to furnish the Veterans Administration a true copy of any account, as required by this chapter, such failure shall in the discretion of the court be ground for his removal.

Investment
of funds

SEC. 9. Section 1660 of said code is amended to read:

1660. Every guardian shall invest the surplus funds of his ward's estate in such securities or property as authorized under the laws of this State or may deposit funds of the estate with any bank which has been designated by the Superintendent of Banks of this State as depository for the funds of other banks, but only upon prior order of the court; except that the funds may be invested, without prior court authorization, in direct unconditional interest-bearing obligations of this State or of the United States and in obligations the interest and principal of which are unconditionally guaranteed by the United States. A signed duplicate or certified copy of the petition for authority to invest shall be furnished the proper office of the Veterans Administration, and notice of hearing thereon shall be given said office as provided in the case of hearing on a guardian's account.

SEC. 10. Section 1661 of said code is amended to read:

1661. A guardian shall not apply any portion of the income or the estate for the support or maintenance of any person other than the ward, except upon petition to and prior order of the court after a hearing. A signed duplicate or certified copy of said petition shall be furnished the proper office of the Veterans Administration and notice of hearing thereon shall be given said office as provided in the case of hearing on a guardian's account.

Limit on application of ward's funds

SEC. 11. Section 1661.5 is added to said code, to read:

1661.5. (a) The court may authorize the purchase of the entire fee simple title to real estate in this State in which the guardian has no interest, but only as a home for the ward, or to protect his interest, or (if he is not a minor) as a home for his dependent family. Such purchase of real estate shall not be made except upon the entry of an order of the court after hearing upon verified petition. A copy of the petition shall be furnished the proper office of the Veterans Administration and notice of hearing thereon shall be given said office as provided in the case of hearing on a guardian's account.

Purchase of real estate

(b) Before authorizing such investment the court shall require written evidence of value and of title and of the advisability of acquiring such real estate. Title shall be taken in the ward's name. This section does not limit the right of the guardian on behalf of his ward to bid and to become the purchaser of real estate at a sale thereof pursuant to decree of foreclosure of lien held by or for the ward, or at a trustee's sale, to protect the ward's right in the property so foreclosed or sold; nor does it limit the right of the guardian, if such be necessary to protect the ward's interests and upon prior order of the court in which the guardianship is pending, to agree with cotenants of the ward for a partition in kind, or to purchase from cotenants the entire undivided interests held by them, or to bid and purchase the same at a sale under a partition decree, or to compromise adverse claims of title to the ward's realty.

SEC. 12. Section 1662 of said code is amended to read:

1662. When a copy of any public record is required by the Veterans Administration to be used in determining the eligibility of any person to participate in benefits made available by the Veterans Administration, the official charged with the custody of such public record shall without charge provide the applicant for such benefits or any person acting on his behalf or the authorized representative of the Veterans Administration with a certified copy of such record.

Copies of public records

SEC. 13. Section 1662.5 is added to said code, to read:

1662.5. When a person who has been committed or transferred to a facility of the Veterans Administration, in accordance with the provisions of Section 1663, is thereafter discharged as recovered by the chief officer of such facility or is rated competent by the Veterans Administration, a certificate showing such discharge or rating may be filed with the clerk of the superior court of the county from which the person was committed. The clerk shall record the same in a book kept for that purpose and shall keep an index thereof. No fee shall be charged by the clerk for performing such duties. If no guardian has been appointed for such person as provided in this code, the certificate showing such discharge as recovered or rating as competent shall be prima facie evidence that the person has recovered his competency, and the record thereof by the clerk of the court shall have the same legal force and effect as a judgment of restoration to capacity made under the provisions of this code.
- SEC. 16. Section 1665 is added to said code, to read:

- SEC. 18. Section 1669 of said code is amended to read:

New section

SEC. 33a. Section 38f is hereby added to the act, to read as follows:

Distilled
spirits
Number of
licensed
premises

Sec. 38f. It is hereby determined that the public welfare and morals require that there be a limitation on the number of premises licensed for the sale of distilled spirits.

On-sale
licenses

The number of premises for which an on-sale general license is issued shall be limited to one of such premises for each 1,000, or fraction thereof, inhabitants of the county in which the premises are situated, provided that no additional on-sale general licenses, other than a renewal or transfer or as permitted hereinafter in this section, shall be issued in any county where the number of all premises for which on-sale licenses, other than on-sale beer licenses, are issued shall be more than one of such premises for each 1,000, or fraction thereof, inhabitants of such county, and provided further that no on-sale general license shall be issued in lieu of or upon the cancellation or surrender of an on-sale beer and wine license. The number of premises for which an off-sale general license is issued shall be limited to one of such premises for each 1,000, or fraction thereof, inhabitants of the county in which the premises are situated, provided that no additional off-sale general license, other than a renewal or transfer or as permitted hereinafter in this section, shall be issued in any county where the number of premises for which all off-sale licenses are issued

Off-sale
licenses

shall be more than one of such premises for each 1,000, or fraction thereof, inhabitants of such county. Population, for the purpose of this paragraph, shall be determined by the most recent United States decennial or special census.

Nothing in this section shall authorize the cancellation of any license or licenses heretofore issued or of any license or licenses issued in renewal or substitution of any such license or licenses, and which may be outstanding in any county in excess of the number of such licenses authorized by the ratio of such licenses to population as established in this section nor shall anything in this section be deemed to require the issuance of any license in any county because the number of such licenses does not now equal the ratio of such licenses to population as established by this section.

Existing licenses. Construction

The board shall have power to make all rules and regulations consistent with the provisions of Section 22 of Article XX of the Constitution of this State, or this act, necessary to carry into effect the provisions of this section, and to restrict the issuance of alcoholic beverage licenses, including seasonal licenses, but not including beer, off-sale beer and wine, beer and wine wholesaler's, and wine grower's licenses, to such number in any county as the board shall determine shall be in the interest of public welfare and morals, convenience or necessity.

Rules and regulations

Whenever it shall be made to appear to the board by satisfactory evidence that the population in any county shall have increased by more than 1,000 or multiples of 1,000 inhabitants since the most recent United States decennial or special census, and it shall appear to the board that by reason thereof, the inhabitants of such county are unjustly and unfairly discriminated against, and provided that the total number of licenses in such county do not then exceed the maximum specified in the second paragraph of this section, the board shall have power to issue not to exceed one on-sale general license and one off-sale general license for each increase of 1,000 inhabitants in such county since the taking of such census. In all other respects the limitation hereinbefore provided for shall continue in effect.

Additional licenses

Number

Any person applying for an off-sale general license or on-sale general license on the ground of increased population as hereinbefore provided, shall set forth in his application for such license and shall affirmatively show (1) that he is a qualified applicant and that his premises qualify under the law and rules and regulations of the board, (2) that the issuance of the license applied for would serve the public convenience or necessity, (3) that the issuance of the license applied for would not be contrary to public welfare and morals, (4) that inequality in the ratio of licenses exists between the community in which the applicant's premises are located and other communities in the State, (5) that the population in the county for which such license is applied has increased to the extent and under the conditions mentioned in the preceding paragraph of this section.

Application

When any such application is filed with the board, it shall be referred to the State Liquor Administrator who shall cause a

Investigation

full investigation to be made of all matters stated in and relating to such application and report his findings to the board with his recommendations.

Protest

If a protest against the issuance of any license is filed with the board, the hearing thereon shall be had and conducted as provided in this act.

Sec. 39. A written report of a member of this board or of an employee of the board engaged in the enforcement of this act disclosing that an applicant for a license or the premises for which a license is applied are not qualified for a license under this act shall constitute grounds for the denial of an application for a license.

hearing

Immediately upon the denial of any application for a license the board shall notify the applicant thereof in writing. Within 10 days after mailing the notice the applicant may present his written petition for a license to the board.

Upon receipt by the board of a petition for a license in proper form it shall be referred to a representative of the board for hearing.

Protests
against
issuance
of license

Protests may be made to the board at any time prior to the issuance of a license.

Protests must be in writing and filed in the main office of the board at Sacramento, and must state one or more grounds which would authorize the board, to deny or refuse the issuance of the license. The original copy of the protest must be verified unless made by public officers acting in their official capacity.

Upon receipt by the board of a protest in proper form it shall be referred to a representative of the board for hearing.

If a license has been issued to the applicant before receipt of the protest by the board, the protest shall be considered as a complaint against the licensee if such protest states facts constituting grounds for a revocation or suspension.

Sec. 4. Every corporation under the provisions of this act shall have power: Subject to the supervision and control of the Corporation Commissioner of the State of California:

First—To loan money on personal property security, including the pledge of its installment investment certificates, or without security other than the pledge of its installment investment certificates, or on real property security or loans over three hundred dollars (\$300) with or without the pledge of its installment investment certificates, and to collect and receive charges therefor in advance or otherwise. A certificate of investment shall be issued with each loan, except that the issue of installment investment certificates with real estate loans or loans over three hundred dollars (\$300) shall be optional with the industrial loan company. Such certificates of investment shall require uniform weekly, semi-monthly or monthly payments over the period of the loan, final payment not to be payable until the maturity date of the loan. Such certificates of investment shall be purchased by the borrower simultaneously with each loan transaction, of a face value not exceeding the face amount of the loan, and shall be pledged with the corporation as security for said loan.

Nothing herein contained shall be construed to authorize corporations hereunder to receive deposits or to issue certificates of deposit. The investment certificates herein authorized shall bear the indorsement on the face of the instrument, "this is not a certificate of deposit."

Sale of certificates

Third—The term "charges" as used in this act, includes the aggregate interest, fees, bonuses, commissions, brokerage discounts, expenses, and other forms of costs charged, contracted for, or received by an industrial loan company or any other person in connection with the investigating, arranging, negotiating, procuring, guaranteeing, making, servicing, collecting, and enforcing of a loan or for forbearance of money, credit, goods or things in action, or any other service or services rendered.

Maximum charges

the unpaid principal balance up to, including but not in excess of three hundred dollars (\$300) and 10 per cent per annum on that portion of the unpaid principal balance in excess of three hundred dollars (\$300). For the purpose of computing the charges set forth in this paragraph, a month shall be any period of 30 consecutive days. All payments made by the borrower on the installment investment certificates purchased by the borrower in connection with the making of the loan shall be regarded as payments on the loan and shall be applicable, first, to interest and all other charges within the maximum statutory rate provided in this paragraph and, secondly, to reduction of the unpaid principal of the loan advanced to the borrower in determining the "unpaid principal balance" as hereinabove referred to.

However, it is provided that nothing in this section denies the right to the industrial loan company in addition to interest, brokerage and all other charges herein provided to contract for, collect and receive at the time of making the loan or at any time thereafter, the statutory fee paid by it to any public officer for acknowledging, filing, recording or releasing in any public office any instrument securing the loan or executed in connection therewith. Also, nothing in this section prohibits the lender from collecting in addition to the interest, brokerage and all other charges herein provided the costs for insurance, of tangible personal or real property offered as security for a loan, reasonably insured against loss for a reasonable term considering the circumstances of the loan; provided, such insurance is sold at standard rates through a duly licensed insurance agent.

"Unpaid
principal
balance"

The term "unpaid principal balance" as used in this act shall mean the net amount of money, credit, goods or things in action received by the borrower at the time of entering into the transaction and the decreasing balances thereof after application in accordance with the provisions of this act of each payment made on the obligation.

(b) To contract for, collect and receive the bona fide expenses actually incurred and paid by the industrial loan company, not exceeding 10 per cent of the unpaid principal balance of the loan where no judgment at law is sought.

No charge shall be collected unless a loan shall have been made. Whenever the interest and/or charges deducted in advance shall exceed the maximum provided by this section, by reason of subsequent repayment of the loan or any portion thereof prior to maturity or prepayment of installments on the investment certificate purchased with the loan, such excess shall

be refunded to the borrower or credited on any balance owing by the borrower to the company.

Fourth—To establish offices or places of business within the State of California. Establishment of offices

In effect
September

The people of the State of California do enact as follows:

Appropriation,
Acquisition,
etc., Mountain
Home Tract in Tulare
County

SECTION 1. In keeping with the policy of the State of California as declared in Chapter 85 of Statutes of 1945 and out of any money in the State treasury not otherwise appropriated there is hereby appropriated the sum of six hundred thousand dollars (\$600,000) or so much thereof as may be necessary, to be expended during the Ninety-seventh and Ninety-eighth Fiscal Years, for the acquisition, development and improvement by the Department of Natural Resources, through the Division of Forestry, for State forest purposes that certain tract of land situated in Tulare County, commonly known as and designated the Mountain Home Tract, consisting of 4,590 acres all in T. 19 S., R. 30 E., T. 19 S., R. 31 E., T. 20 S., R. 30 E., and T. 20 S., R. 31 E., M. SEC. 2. Said Mountain Home Tract shall be preserved as nearly as possible in virgin state, and shall be devoted to multiple public use for hunting, fishing and recreation. In future acquisitions and exchanges of land in accordance with the provisions of the State statutes the acreage in State ownership shall not be reduced below 4,000 acres.

CHAPTER 1497

An act making an appropriation to the Division of Beaches and Parks, Department of Natural Resources, for the acquisition of land in Orange County as part of the State Park System.

In effect
September
15, 1945

[Approved by Governor July 18, 1945. Filed with Secretary of State July 18, 1945.]

The people of the State of California do enact as follows:

Appropriation,
Acquisition
of Huntington-Newport
Beach park
site

SECTION 1. There is hereby appropriated to the Division of Beaches and Parks, Department of Natural Resources, from the State Beach Fund the sum of three hundred ninety-nine thousand five hundred dollars (\$399,500) or so much thereof as may be necessary to be expended subject to the conditions provided in this act, for the acquisition during the Ninety-seventh and Ninety-eighth Fiscal Years for State park purposes of land in Orange County known as the Huntington-Newport Beach proposed State park site, consisting of 9,400 lineal feet more or less

of beach frontage and such acreage on the inland side of said beach frontage as may be deemed necessary or desirable, or so much of said frontage and acreage as can be purchased at a reasonable price, to be determined by appraisal and negotiation or by condemnation proceedings, said land situate, lying, and being between the city limits of the City of Huntington Beach and the city limits of the City of Newport Beach and between the ordinary highwater mark of the Pacific Ocean and State Highway No. 101 alternate, excepting therefrom such portions of said described land as are now owned by the State of California, the County of Orange, and included within existing railway rights of way; this appropriation shall be expended in the acquisition of aforesaid property and shall not be matched by like amounts, or any amounts, in money, property or lands received from private or any other sources.

SEC. 2. The State of California received from the state-owned tideland oil pool at Huntington Beach, the sum of one million three hundred twenty thousand thirty-eight dollars and seventeen cents (\$1,320,038.17) in 1943, the sum of two million nine hundred ninety-one thousand eight hundred twenty dollars and fifty-eight cents (\$2,991,820.58) in 1944, and it is estimated that in 1945 the sum will exceed three million dollars (\$3,000,000). Neither the City of Huntington Beach nor the County of Orange received any income from the State through tideland drilling operations into this pool. However, in other areas of this State, the State by legislative action has relinquished its rights to other tideland pools and, in those cases, the municipalities contiguous thereto have reaped the entire benefit therefrom, and the State has received nothing. Well over two-thirds of the money in the State Beach Fund have come from the tidelands at Huntington Beach. The Legislature believes that equity and simple justice demand that a small portion of the millions of dollars obtained from the State tideland oil pool at Huntington Beach and the County of Orange be used in the acquisition of the aforesaid described property, which is eminently suited to beach playground use, and which would prove to be of great recreational value to all the citizens in the southern counties of the State. By reason thereof, the Legislature hereby expressly declares that this appropriation constitutes a valid exception to any ^{Legislative policy} policy requiring the matching of State funds by other sources in acquiring park properties. Thus, the equities of the situation will be met, and a beautiful State beach park will be created for the enjoyment of citizens of California

CHAPTER 1500

An act to add Article 6 to Chapter 2, Division 7, of the Harbors and Navigation Code, relating to county improvement, development, protection, and maintenance of harbors within the county.

In effect
September
15, 1945

[Approved by Governor July 18, 1945 Filed with Secretary of State
July 18, 1945.]

The people of the State of California do enact as follows:

SECTION 1. Article 3, comprising Sections 4130 to 4140, is added to Chapter 2, Division 7 of the Harbors and Navigation Code, to read:

Article 6. County Harbor Improvement

"Harbor" 4130. "Harbor," as used in this article, includes any bay, inlet, or other arm of the sea in which the tides of the Pacific Ocean ebb and flow, except such as are excluded from the application of this chapter by the provisions of Section 4049 of this code.

Improving,
etc., of
harbors 4131. Any county may improve, develop, protect, and maintain one or more or all of the harbors within its boundaries, upon the conditions, in accordance with the procedure, and in the manner in this article provided.

Petition or
improvement 4132. Upon receiving a petition signed by persons who are both freeholders and electors in the county, equal in number to at least 15 per cent of the vote cast for the office of Governor at the last preceding election at which a Governor was elected, proposing that the matter of the improvement, development, protection and maintenance of one or more such harbors, naming them, be submitted to the electors of the county, the board of supervisors may appoint a harbor commission for the county in accordance with the provisions of Article 1 of this chapter, which provisions are incorporated herein to the extent that they are not inconsistent herewith.

Surveys of
harbor 4133. With all diligence, the harbor commission shall proceed with surveys of the harbor or harbors intended to be improved, developed, or protected, the preparation of plans therefor and estimates of cost thereof, and shall report to the board of supervisors thereon, with its recommendations concerning the necessity, advantage, and benefit to be derived by the improvement, development, or protection of such harbor or harbors; all as provided in Article 2 of this chapter, which provisions are incorporated herein to the extent that they are not inconsistent herewith.

Determina-
tion by board
of super-
visors 4134. Upon receiving the report and recommendations of the Harbor Commission, the board of supervisors shall consider and determine the feasibility of the project or projects submitted, may call upon the commission for further surveys and reports and shall determine (1) what harbor or harbors,

and by what specific project or projects, or parts thereof, it will be in the interest of the county to improve, develop, or protect, (2) for which thereof, if any, moneys should be provided by the issuance of bonds of the county and the amount of bonds required to be issued and sold therefor, and (3) for which thereof, if any, moneys should be raised by the levy of a special tax at a specified rate over a specified number of years not exceeding 20 years.

4135. For such a purpose, the county may incur a bonded indebtedness, upon the conditions, in the manner and in accordance with the procedure prescribed by applicable provisions of law, including Sections 4088, 4088a and 4089 of the Political Code and Article 2 of this chapter.

4136. Any tax for such a purpose may be levied only if a proposal therefor (specifying the purpose, the rate of tax, and the number of years for which the tax is to be levied) is, submitted to the qualified electors of the county, at a general or special election, and is approved by a majority of the electors voting thereon. No such tax may be levied if it operates to increase the maximum rate of taxation otherwise prescribed for the county unless the proposal therefor is approved by two-thirds of the electors voting thereon.

Any such proposal for a tax levy shall be submitted to the electors of the county, and the election thereon held, in conformity, as nearly as may be practicable, with the provisions of law applicable to the submission to the electors of a proposition for the issuance of bonds of the county and the conduct of an election thereon.

4137. The work of improving, developing or protecting the harbor or harbors, whether the moneys therefor be the proceeds of the sale of bonds of the county or of a tax levy or levies, shall be done under the control and management of the harbor commission pursuant to applicable provisions of law, including the provisions of the preceding articles of this chapter, which latter provisions are incorporated herein to the extent that they are not inconsistent herewith.

4138. When the improvement, development, or protection of a particular harbor is completed, and the board of supervisors so find and determine, the management and control of that harbor vests in the board of supervisors. Thereafter the cost of maintaining the harbor is a county charge.

4139. In managing and controlling a harbor, the board of supervisors has authority, upon such terms and conditions as the board shall prescribe, to grant franchises, permits and leases for the use of lands and facilities belonging to the county, and to prescribe the rate or rates of wharfage and other charges which are appropriate for the use of any of the facilities owned or services furnished or provided by the county. All revenues derived from such franchises, permits, leases, and charges, are available solely for payment of the cost of maintaining harbors that are under the control and management of the board of supervisors, except that the board may from time to time, out

of any surplus of such revenues, transfer to the appropriate funds of the county such sums as in its judgment may be available for payment of principal and interest of county bonds issued pursuant to the provisions of this article.

Tax levy for
maintenance

4140. In any year a tax may be levied for the maintenance of the harbor or harbors in the county at a rate calculated to raise a sum of money equal to the amount of the excess, if any, of the amount of the estimated cost of such maintenance over the estimated amount of revenues (derived from such franchises, permits, leases, and charges) that are or will become available to defray such cost. The rate of such a tax shall not in any year exceed fifteen cents (\$.15) per one hundred dollars (\$100) of the assessed valuation of all taxable property within the county, unless a proposal for a specified higher rate for a particular year is submitted to the qualified electors of the county at a general or special election and is approved by a majority of the electors voting thereon.

SEC. 4.2. Whenever any selection of a right of way for such works or adjuncts thereto is made by the agency, the board of directors thereof must transmit to the State Lands Commission, the Controller of the State and the recorder of the county in which the selected lands are situated, a plat of the lands so selected, giving the extent thereof and the uses for which the same is claimed or desired, duly verified to be correct. Disposal of
water, etc.

SEC. 5. The agency shall have the power, but only as to member units, to sell, lease or otherwise dispose of water or any rights to the use of the works of the agency for the conservation, control or transportation of water, and shall have the power to fix rates and charges for such purposes.

SEC. 5.1. The agency shall have the power to enter into contracts with any member unit or with any district which thereby becomes a member unit of the agency for any of the following purposes:

1. The lease, purchase, or other acquisition by the agency of any of the works of such member unit or district.

2. The construction of works by the agency for the conservation, regulation or transmission of water for the benefit of such member unit.

3. The sale, lease or other disposition of water, water rights, and water storage facilities or interests therein, by the agency or by such member unit.

(a) The works shall be operated in conformity with the vested rights and appropriations of each of its member units having an interest therein.

(b) There shall be delivered to each member unit all water to which such member unit is entitled under the contract entered into by the agency and such member unit.

(c) There shall not be delivered to any member unit more water than the amount to which such member unit is entitled under the contract entered into by the agency and such member unit; provided that the release of water from any reservoir in the amount required to satisfy any vested right shall not constitute a delivery of water; provided further that any quantity of water assigned under Section 5.6 or released under Section 5.7 by one member unit to another member unit shall be delivered to the latter.

SEC. 5.2. The agency shall have no power to sell, lease, or otherwise dispose of water or of any right to the use of the works of the agency for the conservation, control or transportation of water, except to member units and except as all member units having rights to such water or interest in such works shall grant such power by written contract; the power so granted shall be limited to the extent and by the conditions set forth in the most restrictive of such contracts.

SEC. 5.3. Anything in this act to the contrary notwithstanding, the agency shall have the power, in its discretion, to suspend delivery of water conserved by the agency to any member unit during the period which such member unit is delinquent in its payments or obligations due under any contract entered into by it with the agency.

SEC. 5.4. The liability of each member unit, as distinguished from the liability of its taxpayers for taxes levied by the agency for agency purposes, shall be limited to that portion of the total cost of construction and the operation and maintenance cost of works acquired or constructed by or on behalf of the agency which such member unit agrees to bear.

The liability of each member unit shall be set forth fully in a written contract which shall be legally approved by such member unit in accordance with the laws governing such member

unit. No such contract shall be altered or modified without the consent of the agency and the legal approval of such member unit.

Each such contract may provide among other things:

(1) The total capital obligation which the member unit agrees to bear.

(2) The minimum annual payments which the member unit shall make in amortization of its capital obligation.

(3) The quantity or pro rata portion of water which shall be delivered to or held in storage for the member unit.

(4) The basis of allocation of operation and maintenance costs to be borne by the member unit.

Such contracts shall be fair and equitable to each contracting party, and no member unit shall receive any undue advantage over any other member unit having proper regard for all factors and conditions involved.

Such contracts shall be executed in accordance with the laws governing such districts.

Reduction
of debt

SEC. 5.5. (a) In the event of any reduction in the principal of any debt of the agency underwritten by one or more member units, other than by payment thereof, the amounts to be paid the agency by each member unit in amortization of its remaining portion of such debt shall be reduced proportionately so that the relative obligations of each such unit shall be unchanged.

(b) In the event of any reduction in the rate of interest being paid on any part of a debt of the agency for which one or more member units are responsible, the amounts to be paid the agency by each such member unit shall be reduced proportionately so that the relative obligation of each such unit remains unchanged in respect to its obligation to pay any remaining interest.

Assignment
of obligation
to another
unit

SEC. 5.6. Any member unit may reduce its obligations under its contract with the agency by assignment to another member unit of any part of its right to receive water under its contract; provided that such assignment is legally approved, in accordance with the laws governing such member unit, by each member unit which is a party to such assignment; provided further that the total of all payments to be made by such member units to the agency shall not be reduced by virtue of such assignment; and provided further that the assignor member unit may be required by the agency to guarantee the payments assumed by the assignee member unit.

Storage of
water

SEC. 5.7. (a) Any member unit may elect that any water to which it is entitled be held in storage in the agency's reservoirs so long as there is unfilled capacity in the reservoirs from which such water would otherwise be withdrawn for delivery to it; provided that if two or more member units desire simultaneously to store water as aforesaid and there is not sufficient capacity to accommodate such member units, the storage capacity shall be apportioned between them in accordance with the amount of capital cost of such reservoir they have respectively underwritten.

(b) Any member unit may release for the use of any other member unit any amount of water which may then be held temporarily in storage for its account, and in such event the agency shall deliver such water to such other member unit; but such delivery shall be deemed to be for the account of the member unit releasing such water.

SEC. 5.8. (a) If any capital asset of the agency is sold or otherwise disposed of, the net proceeds therefrom shall be distributed to the member units, or applied against any liability of such member units to the agency as by contract may be provided, in proportion which the amount contributed by each such member unit to the cost of such capital asset is to the total cost of such capital asset. Sale of capital asset

(b) However, if any liability on the part of the agency and/or its member units for the original cost or any subsequent improvement or refinancing of such capital asset is not completely extinguished at or before the time of the aforesaid sale or other disposal thereof, the agency shall have the power to apply as much of the proceeds of such sale toward the extinguishment of such liability as may be necessary. In extinguishing such liability, the proceeds of such sale shall be applied only as the interests and liabilities of the agency and its member units shall appear.

SEC. 6. The agency shall have the power to cooperate and contract with the United States under the Federal Reclamation Act of June 17, 1902 and all acts amendatory thereof or supplementary thereto or any other act of Congress heretofore or hereafter enacted permitting cooperation or contract for the purposes of construction of works, whether for irrigation, drainage, or flood control, or for the acquisition, purchase, extension, operation or maintenance of such works, or for a water supply for any purposes, or for the assumption as principal or guarantor of indebtedness to the United States, or for carrying out any of the purposes of the agency, and to carry out and perform the terms of any contract so made; and for said purposes the agency shall have in addition to the powers specifically set forth in this act, all powers, rights and privileges possessed by irrigation districts as set out in Chapter 2 of Part 6 of Division 11 of the Water Code, not inconsistent with the provisions of this act. Cooperation with U. S.

SEC. 6.1. (a) Each contract providing for repayment of the cost of any works, which is entered into with the United States pursuant to Section 6, shall be authorized at an election, unless, by a resolution adopted by a four-fifths ($\frac{4}{5}$) vote of the members of the board of directors, said board shall determine that all liabilities of the agency thereby incurred can be repaid and liquidated as to both principal and interest from revenues derived from taxes levied pursuant to Section 10.1 and from payments to be made to the agency by member units pursuant to written contracts providing for the payment currently of whatever amounts may be necessary to amortize the portion of said cost underwritten by said member units. Upon the adoption of such resolution, the board of directors shall have the Same Cost

power on behalf of the agency, without the necessity of an election, to enter into such a repayment contract with the United States, subject to all provisions of this act applicable to such contracts except provisions requiring an election to authorize such contracts.

Electio
proceedings

(b) Except as otherwise in this act provided, proceedings at the election shall be had insofar as applicable in the manner provided in the case of the issuance of agency bonds, provided that all qualified voters of the agency shall be entitled to vote in such an election.

Notice of the election shall contain, in addition to the information required in the case of bond elections, a statement of the maximum amount of money to be payable to the United States for construction purposes and cost of water supply and acquisition of property, exclusive of penalties and interest, and a general statement of the property, if any, to be conveyed by the agency pursuant to the contract.

The ballots at the election shall contain a brief statement of the general purpose of the contract substantially as stated in the notice of election and the extent of the obligation to be assumed with the words "Contract—Yes" and "Contract—No" or "Contract and bonds—Yes" and "Contract and bonds—No", whichever may be applicable. A favorable majority of two-thirds ($\frac{2}{3}$) of the votes cast at such election shall be necessary to authorize the execution of the contract and/or issuance of the bonds.

Payments
to U. S.

SEC. 6.2. (1) All payments to the United States under any contract between the agency and the United States, including payments of interest and principal on bonds deposited with or transferred to the United States, shall be paid so far as possible from revenue other than that derived from agency taxes, unless otherwise provided by the contract or this act, and the balance, if any, of such payments shall be paid from revenue derived from annual taxes upon all taxable property within the agency assessable for agency purposes under the laws of the State, and the taxable property shall be and remain liable to be assessed and levied upon for the payments.

(2) Public land of the United States within the agency shall be subject to assessment and tax for all purposes of contracts with the United States to the extent provided for by the Act of Congress approved August 11, 1916 entitled "An act to promote reclamation of arid lands," or any other law which may hereafter be enacted by Congress in the same relation, upon full compliance therewith by the agency.

(3) All money collected in pursuance of the contract with the United States shall be paid into the county treasury to the credit of the agency and held in a fund to be known as the "United States Contract Fund" to be used for payments due to the United States under the contract.

The agency also may make and perform any agreement with the United States, the State, any county, municipality, district of any kind, public corporation, any person or any number of them for the joint acquisition, disposition, or operation of any property or works of a kind which might be acquired, disposed of, or operated by the agency.

The board shall also have the right to reject any and all bids, in which case the board may advertise for new bids. SEC. 11. The agency shall have the power as provided in Indebtedness this act to borrow money and incur indebtedness and to issue bonds or other evidence of such indebtedness; also to refund or retire any indebtedness or lien that may exist against the agency or property thereof.

Said board shall cause a copy of said resolution, duly certified by the clerk, to be filed for record in the office of the Recorder of Santa Barbara County within five (5) days after its passage. From and after said filing, the said board shall be deemed vested with the authority to proceed with said bond election.

(2) Thereafter, the board of directors may call a special election at which shall be submitted to the qualified electors of the agency the question whether or not bonds shall be issued in the amount or amounts determined in said resolution and for the purpose or purposes therein stated.

(3) Said board of directors shall call such special election by ordinance and not otherwise and submit to the qualified electors

If at such election two-thirds ($\frac{2}{3}$) of the votes cast are in favor of incurring such bonded indebtedness, then bonds of the agency for the amount stated in such proceedings shall be issued and sold as in this act provided.

SEC. 11.2. Whenever bonds have been authorized by the agency and the proceeds of the sale thereof have been expended as in this act authorized, and the board of directors shall by

SEC. 11.4. In the event the board of directors shall determine by a resolution duly adopted by a four-fifths ($\frac{4}{5}$) vote of the members of said board that a bonded indebtedness to pay the cost of acquisition or construction of any works for any of the purposes of the agency or for refunding any outstanding bonds should be incurred and can be repaid and liquidated as to both principal and interest from revenues derived from taxes levied pursuant to Section 10.1 and from payments required to be made to the agency by member units pursuant to written contracts providing for the payment currently of whatever amounts may be necessary to amortize the portion of said cost underwritten by said member units, said board shall be vested with the authority to issue bonds of the agency in such amount as can be so repaid and liquidated. Thereafter the board of directors may issue bonds without the necessity of an election, subject to all applicable provisions of this act pertaining to bonds Same

and bonded indebtedness, except provisions requiring authorization of bonded indebtedness by an election.

SEC. 11.8. The repeal or amendment of this act, or the dissolution of the agency created by this act, shall not in any way affect or release any of the property in the agency from its liability on or from the obligations of any outstanding bonds or indebtedness or contracts for which such property is in any way security until all such bonds and outstanding indebtedness and contracts have been fully paid or discharged. If no proceedings have been brought by the agency pursuant to this section, any agency assessment or taxpayer may at any time within 30 days after the levy of any assessment or authorization of any bonds or execution of such contract bring an action in the said superior court to determine the validity of the assessment or bonds or contract. The agency shall be a defendant. If more than one action is pending at the same time concerning similar contests provided for in this section, they shall be consolidated and tried together. The rules of pleading and practice not inconsistent with the provisions of this section are applicable to all actions or proceedings provided for by this section. Projects
conforming
to plans

Sec. 11.11. Failure of electors to approve bond issue

SEC. 12. The agency shall have the power as provided in this act to levy special assessments for the purpose of paying any obligation of the agency or to accomplish any of the purposes of the agency.

Special assessments

SEC. 12.1. Whenever the board of directors shall determine by resolution that facts exist which make a special assessment preferable in the best interests of the agency to incurring a bonded indebtedness for paying all or any part of the cost of any work or for carrying out any contract for any purpose of the agency, the board of directors may levy special assessments as hereinafter provided. The facts making such a special assessment preferable to a bonded indebtedness shall be stated in the resolution. Such special assessments shall be payable in equal annual installments over a period of not to exceed forty (40) years, and shall be levied only after being duly authorized by a two-thirds ($\frac{2}{3}$) majority of the votes cast by the qualified electors of the agency voting at an election held for that purpose.

The Legislature because of conditions special to the county hereby expressly declares its intent to permit within the limits of the Santa Barbara County Water Agency the existence of more than one district and/or municipality having similar powers over similar territory in regard to flood control, reclamation, water conservation, storage, distribution, sale, use and development.

Vested rights

SEC. 15. The formation of the agency or the enactment of this act shall not impair the vested right of any person, association, corporation, municipality or public district in or to water or the use thereof.

Procedure to test validity of existence of agency

SEC. 16. The agency in order to determine the legality of its existence, in addition to any other remedy it may have for that purpose, may institute a proceeding therefor in the Superior Court of the State of California in and for the County of Santa Barbara, by filing a complaint setting forth the name of the agency, its exterior boundaries, the date of its organization and a prayer that it be adjudged a legal district formed under this act. The summons in such proceeding shall be served by publishing a copy thereof once a week for four successive weeks in some newspaper of general circulation published in said agency. Within 30 days after the last publication of said summons shall

have been completed, any property owner or resident or registered voter in said agency, or any person interested may appear and answer said complaint, in which case said answer shall set forth the facts relied upon to show the invalidity of the agency and shall be filed in such proceeding. If an answer be filed, the court shall proceed as in other civil cases. Such proceeding is hereby declared to be a proceeding in rem and the judgment rendered therein shall be conclusive against all persons whomsoever and against the State of California. Appeals may be taken from said judgment in the same manner as in other civil cases. The procedure provided by this section shall be cumulative and not exclusive.

SEC. 16.5. The agency may be dissolved in the manner provided for the dissolution of districts by Chapter II of Division IV of the District Organization Act, and the agency shall be considered a district within the meaning of all the provisions of such chapter. Dissolution
of agency

SEC. 17. The Legislature hereby finds that water problems in the county require county-wide water conservation, development of water resources and flood control; that these problems are not general or state-wide; that the county for many years has had made investigations and engineering surveys of the county's water resources by private, public and United States engineers; that county water districts, municipalities, and water conservation districts now exist within portions of the county, have acquired property and works, developed a limited water supply, and have incurred indebtedness, but have been and are unable alone to economically develop an adequate water supply; that to adequately and feasibly conserve the water supply and control the floods of said county, it is necessary to have a political entity coextensive with the geographical limits of the entire county; that the geography of the county is such that there are numerous noncontiguous watersheds therein, and that the county can not be supplied with water from a common source or by a common system of works; investigation having shown conditions in said county to be peculiar to it, it is hereby declared that a general law can not be made applicable to said county and that the enactment of this special law is necessary for the conservation, development, control and use of said water for the public good and for the protection of life and property therein. declaration

SEC. 18. In case any section or sections, or part of any section, of this act, shall be found to be unconstitutional or invalid, for any reason, the remainder of the act shall not thereby be invalidated, but shall remain in full force and effect. Constitutionality

SEC. 19. This act may be designated and referred to as "The Santa Barbara County Water Agency Act," and any reference thereto by such designation shall be sufficient for all purposes. Short title

CHAPTER 1502

An act to provide for refunding or crediting to veterans of World War I certain payments and interest thereon made pursuant to contracts for the purchase of farms and homes under the Veterans Farm and Home Purchase Act and Chapter 3 of Division 4 of the Military and Veterans Code.

In effect
September
15, 1945

[Approved by Governor July 13, 1945. Filed with Secretary of State
July 18, 1945.]

The people of the State of California do enact as follows:

Refund or
credit to
veterans

SECTION 1. The purpose of this act is to provide for the refund or credit of certain money collected from veterans pursuant to contracts for farm and home purchases under the Veterans Farm and Home Purchase Act enacted in 1921 and under Chapter 3 of Division 4 of the Military and Veterans Code. This money and interest thereon has been paid or agreed to be paid to the Veterans Welfare Board, hereinafter referred to as the board, because of the following:

The Veterans Farm and Home Purchase Act and its statutory successor, Chapter 3 of Division 4 of the Military and Veterans Code, provide that in the contract price to be paid by a veteran purchasing a farm or home there shall be included such sum as shall be deemed necessary to meet unforeseen contingencies.

Pursuant to such provision the board in making contracts with veteran purchasers of farms and homes added to the actual cost to the board of the property and the services incident to the sale thereof a fixed and definite amount in each contract to meet such unforeseen contingencies.

"Load
charge"

This amount so added was and is denominated the "load charge" on the contract and became a part of the principal of the contract and as such principal bore 5 per cent interest.

The purpose of the load charges on the contracts was to provide a fund to guarantee the financial soundness of the operations of the board in case of unforeseen contingencies such as a marked decline in real estate valuations, an unexpected number of defaults on purchase contracts, and similar unforeseen contingencies which would cause an eventual loss to the State.

Legislature
declaration

The Legislature hereby declares that such unforeseen contingencies have not arisen, that no such contingencies will arise that will result in any loss to the State, that the Veterans Farm and Home Building Fund is solvent, and that the total amount unpaid on all farms and homes sold by the board is so small in relation to the total security behind the contracts that no economic catastrophe which would impair the solvency of the fund is at all likely to occur.

The Legislature further declares that while the load charges upon such contracts were in form and effect legal obligations on the purchasers, such charges were and are in the nature of

a deposit in trust to secure the financial stability of the entire plan of financing purchases of farms and homes by veterans, and that the purpose for which such payments were required has ceased to exist. The Legislature further declares that such charges were not made for the purpose of providing a profit to the State upon the transactions involved, and that the Legislature disclaims any right of the State to any of the money representing such load charges and interest paid thereon which can and will be returned to the veteran purchasers or their heirs, devisees, or personal representatives, as the case may be, pursuant to this act or credited upon existing contracts pursuant to this act.

SEC. 2. The board shall repay or credit to each veteran purchaser who has heretofore entered into a contract for the purchase of a farm or home and has not so defaulted as to terminate his rights thereunder the load charge and the interest paid on such load charge as follows:

Veterans
entitled to
refund

To each veteran who has completed his contract according to its terms the board shall refund the load charge and interest thereon in cash.

To each veteran who has made payments on the principal of his contract totaling 80 per cent or more of such principal the board shall credit the amount of the load charge and interest paid thereon upon the principal of the contract, or if the amount of the load charge and interest paid thereon is more than sufficient to pay the balance remaining due upon the contract it shall apply the amount of such balance to the contract and pay the remainder in cash. In applying this provision to uncompleted contracts the board shall so apply the credits that the continuity and amount of payments now required will not be changed but so that the contract will terminate as much the sooner as the amount refunded will satisfy of the payments last provided to be made under the contract.

To each veteran who has not made payments on the principal of his contract totaling 80 per cent or more of such principal the provisions of the next preceding paragraph shall apply when such payments equal or exceed such percentage.

When necessary in order to avoid a default or for other good cause the board may apply any such credit at any time and in any manner. No refund in cash shall be made pursuant to this act unless application therefor is made within four years after the effective date of this act.

SEC. 3. No payment of cash shall be made pursuant to this act except to a veteran purchaser, his heirs, or the executor or administrator of his estate, upon application therefor. The board shall require such proof of the identity of the applicant and his eligibility to receive such payment as it may deem necessary to establish the rights of the applicant to such payment. The board shall prescribe such form of application as it deems necessary to provide it with all information required by it in relation to the contract or the veteran or his successors in interest.

Limitation
of payments

Application
for refund

SEC. 4. Upon receipt of an application the board shall determine if the applicant is eligible to receive payment as provided in the next preceding section. If the applicant is eligible the board shall determine from its records the amount of the load charge and interest paid thereon pursuant to the contract. The board shall certify the amount of such load charge and such interest to the State Controller who shall thereupon draw his warrant on the Veterans Farm and Home Building Fund for the amount so certified to him in favor of the applicant and shall deliver said warrant to the board for transmission to the applicant.

Refund as
credit

SEC. 5. When the refund is to be made by credit on the contract the application shall be in such form as the board may prescribe and shall, in effect, request the modification of the contract. The board shall ascertain the amount of the load charge and the interest paid thereon and credit it on the contract as provided in this act. Thereafter the contract shall be deemed to be modified accordingly but no new contract need be executed. When the amount of the credit exceeds the balance remaining unpaid the board shall require such evidence as to the identity and eligibility of the applicant as it deems necessary. The board shall certify the amount to be paid in cash to the controller who shall draw his warrant on the Veterans Farm and Home Building Fund in the amount so certified to him and deliver the warrant to the board for transmission to the applicant.

Successor to
rights of
veteran

SEC. 6. The provisions of this act relating to veterans shall also apply to any person upon whom the rights of any veteran under a contract have devolved pursuant to the Veterans Farm and Home Purchase Act or Section 830 of the Military and Veterans Code and to any widow of a veteran who has succeeded to the rights of a veteran pursuant to the Veterans Farm and Home Purchase Act or Section 811 of the Military and Veterans Code.

Prohibited
payments

SEC. 7. No refund of cash under this act shall be paid to any person as the assignee or attorney in fact of a person entitled to such refund, except that the board may in the case of the disability or incapacity of such person make payment to his guardian or any other person determined by the board to be suitable to accept payment on behalf of the person entitled thereto.

No person shall pay or receive any fee or charge for any service relating to applications, refunds, or credits pursuant to this act.

Appropriation

SEC. 8. There is hereby appropriated from the Veterans Farm and Home Building Fund the sum of five million eight hundred thirty-seven thousand dollars (\$5,837,000) or so much thereof as may be necessary to make the refunds provided for by this act.

Constitutionality

SEC. 9. If any provision of this act or the application thereof to any person or circumstances is held invalid, the remainder of the act, and the application of such provision to other persons or circumstances, shall not be affected thereby.

The people of the State of California do enact as follows:

SECTION 1. Section 736.3 of the Agricultural Code is amended to read as follows:

Ch 1217

736.3. Any stabilization and marketing plan shall contain the following provisions:

Provisions of
marketing
plan Unfair
practices

(a) Provisions for prohibiting distributors and retail stores from engaging in the unfair practices hereinafter set forth:

(1) The payment, allowance or acceptance of secret rebates, secret refunds, or unearned discounts by any person, whether in the form of money or otherwise.

(2) The giving of any milk, cream, dairy products, services or articles of any kind, except to bona fide charities, for the purpose of securing or retaining the fluid milk or fluid cream business of any customer.

(3) The extension to certain customers of special prices or services not made available to all customers who purchase fluid milk or fluid cream of like quantity under like terms and conditions.

(4) The false or misleading advertising of fluid milk or fluid cream as defined in Section 654a of the Penal Code.

(5) The purchase of any fluid milk in excess of 200 gallons monthly from any producer or association of producers unless a written contract has been entered into with such producer or association of producers stating the amount of fluid milk to be purchased for any period; the quantity of such milk to be paid for as Class 1, and the price to be paid for all milk received, but in any marketing area where an equalization pool is a part of a stabilization and marketing plan, such contract need not specify the quantity of milk in any one class. The contract shall also state the date and method of payment for such fluid milk, which shall not be later than the last day of the month following the month during which the fluid milk was purchased, the charges for transportation if hauled by the distributor, and may contain such other provisions as are not in conflict with this chapter, and shall contain a proviso to the effect that the producer shall not be obligated to deliver in any calendar month fluid milk to be paid for at the minimum price for fluid milk that is used for Class 4, as said class is defined in Section 735.3 of this code. A signed copy of such contract shall be filed by the distributor with the director within five days from the date of its execution.

(6) The purchasing, processing, bottling, transporting, delivering or otherwise handling in any marketing area of any fluid milk or fluid cream which is to be or is sold or otherwise

disposed of by such distributor at any place in the geographical area within the outer, outside and external boundaries or limits of such marketing area, whether such place is a part of the marketing area or not, at less than the minimum wholesale and minimum retail prices effective in such marketing area.

(7) The payment of a lesser price by a distributor to any producer for fluid milk or fluid cream which is distributed to any person, including agencies of the Federal, State or local government, located upon property within the geographical limits of any marketing area for less than the minimum prices established by the director to be paid by distributors to producers for fluid milk or fluid cream for said marketing area.

Minimum
milk prices
to producers

(b) Provisions whereby the director designates and prescribes or provides methods for designating or prescribing minimum prices to be paid by distributors to producers, for fluid milk in one or more of the various classes; provided, however, that the prices so designated or prescribed shall be based upon the economic relationship of the price of fluid milk for the marketing area involved to the price of manufacturing milk, taking into consideration the additional costs incurred in producing and marketing fluid milk over and above costs incurred in producing and marketing manufacturing milk; and provided further, the director finds that such prices will tend to effectuate the purposes and policy of this chapter and will insure consumers a sufficient quantity of pure and wholesome milk.

Permissive
provisions

Any stabilization and marketing plan may contain the following provisions:

Report of
milk
received

(c) Provisions whereby distributors shall report to each producer from whom fluid milk is secured, the volume of fluid milk received from such producer in pounds of milk, the milk fat test of such milk and the amount of fluid milk in milk fat pounds paid for in the several classes and the prices paid for the various classes for each month.

Minimum
cream prices

(d) Provisions whereby the director designates and prescribes or provides methods for designating or prescribing minimum prices to be paid by distributors to producers for fluid cream; provided, that the prices so designated or prescribed shall be based upon the economic relationship of the price of fluid cream for the marketing area involved to the price of manufacturing cream, taking into consideration the additional costs incurred in producing and marketing fluid cream over and above costs incurred in producing and marketing manufacturing milk; and provided further, that the director finds that such prices will tend to effectuate the purposes and policy of this chapter and will insure consumers a sufficient quantity of pure and wholesome cream.

Minimum
prices for
milk or
cream

(e) Provisions whereby the director may provide methods for the establishment of minimum prices for fluid milk or fluid milk for fluid cream received within a marketing area regardless of whether such fluid milk or fluid milk for fluid cream is subsequently sold or distributed within or without such marketing

area or within or without the jurisdiction of the State of California. Such stabilization and marketing plans may provide for the establishment of prices for fluid milk or fluid milk for fluid cream whether or not such fluid milk or fluid milk for fluid cream is subsequently sold or distributed in another marketing area within the State of California where a stabilization and marketing plan is in effect. The stabilization and marketing plan may provide that producers shall be paid not less than the minimum prices established for the marketing area wherein such fluid milk or fluid milk for fluid cream is ultimately sold or distributed, and may further provide that in the event such fluid milk or fluid milk for fluid cream is subsequently sold or distributed in any place within the jurisdiction of the State of California where no stabilization and marketing plan is in effect, then such fluid milk or fluid milk for fluid cream may be paid by the distributor to the producer thereof at not less than the average price paid by distributors to producers for fluid milk or fluid milk for fluid cream of similar grade and quality at the plants in the vicinity where such fluid milk or fluid milk for fluid cream is so sold or distributed, as such prices are determined by the director from contracts required to be filed with him pursuant to this section.

The director may issue and make effective provisions establishing minimum prices to be paid by distributors to producer-distributors for milk which is not used by the purchasing distributor as Class 1 or Class 2 milk and which provisions may provide that such milk if used in classes other than Class 1 or Class 2 by the purchasing distributor may be paid for at the minimum prices established by the director for such other usage but which shall not be less than the prices as found by the director to be paid by manufacturing milk plants in or adjacent to the area using milk for similar purposes. Such prices shall remain in effect only for the period during which, as determined by the director, there is a surplus of producer-distributor milk.

(f) Provisions whereby the director designates or prescribes methods to provide uniform prices to be paid to all producers supplying fluid milk to distributors for pasteurization purposes in the marketing area involved by pooling the returns of all such fluid milk; provided, that no equalization pool shall be established unless the director, after hearing, determines that producers who supply distributors with not less than sixty-five (65) per cent of the total volume of fluid milk used for pasteurization purposes and who represent not less than sixty-five (65) per cent of the total number of such producers desire the establishment of such pool, but no hearing shall be necessary if said sixty-five (65) per cent, by volume and production, of such producers petition the director in writing to establish such equalization pool as a part of the plan. If the director finds that an equalization pool is necessary to carry out the provisions of this chapter he shall make provision therefor. The director may designate the local control board for the marketing area as his agency to operate the equalization pool

Equalization
pools

and may permit such local board to employ a pool manager and such other necessary personnel and to incur such expenses incidental to the operation of the pool as the director finds are necessary. The director is hereby empowered to require distributors to make reports to the pool manager at such intervals and in such detail as he finds is necessary for the operation of the pool which reports shall be kept confidential as to any individual distributor but shall be available to the director or his agents and the pool manager, and such employees of the pool as are necessary to the operation of the equalization pool.

No provision of any pooling program shall prevent any distributor from paying premiums for quality; provided, all producers supplying fluid milk of like quality to such distributor are paid similar premiums, nor shall any provision prohibit the paying of different prices to producers based on differentials in transportation, adjustments or deductions made by a cooperative association of producers to its members, including the blending of proceeds received from the sale of fluid milk by such cooperative in other markets. Distributors who purchase fluid milk from producers for pasteurization purposes shall deduct from payments due such producers at such time and in such manner such sums as the director determines are sufficient to insure uniform prices to all producers subject to the provisions of the equalization pool, irrespective of the usage of such fluid milk by the distributors. Distributors shall make, in addition to the deductions herein prescribed, such additional deductions per pound milk fat as the director finds necessary to pay all expenses incidental to the operation of the equalization pool, including the establishment of a reserve account to insure prompt payments to producers. The deductions herein prescribed are in addition to any other deductions prescribed by this chapter.

Advertising
campaigns

(g) Provision whereby sales stimulation or consumer educational programs may be formulated and administered to increase the consumption of fluid milk and fluid cream, or other dairy products; provided, that such programs shall be carried on without reference to a particular brand or trade name; and provided further, that no such sales stimulation or consumer educational program shall be carried on which shall make use of false or unwarranted claims on behalf of such products or which disparages the quality, value, sale or use of any fluid milk or fluid cream or any other agricultural commodity authorized by law to be marketed within such marketing area.

Petition

Before any stabilization and marketing plan may provide for sales stimulation and consumer educational programs, not less than sixty-five (65) per cent of the producers and who produce not less than sixty-five (65) per cent of the total volume of fluid milk consumed in any marketing area shall petition the director in writing for the inclusion of such a program as part of the stabilization and marketing plan. If such a program is requested by distributors it shall be necessary that not less

than sixty-five (65) per cent of the total number of distributors and who distribute not less than sixty-five (65) per cent of the total volume of fluid milk for consumption in the marketing area shall petition the director in writing for the inclusion of such a program as part of the stabilization and marketing plan.

The petition shall bear the signatures of petitioners their addresses and the approximate daily volume of fluid milk handled in gallons and milk-fat pounds and the type of product distributed, together with the estimated cost of the program each month and the number of months the program is to continue in operation.

A sales stimulation and consumer educational program ^{Financing} instituted by producers shall be financed by all producers supplying fluid milk to the marketing area. Such program, if instituted by distributors, shall be financed by all distributors supplying fluid milk to the marketing area. If such program is instituted by both producers and distributors, both producers and distributors shall finance the program equally.

If the program is instituted by producers the director is hereby empowered to require producers to pay assessments of not more than two mills (\$.002) per pound milk fat, or if the program is instituted upon a gallonage basis not more than seven mills (\$.007) for each 10 gallons of fluid milk received by distributor, including the production of distributors who are also producers.

If the program is instituted by distributors the director is hereby empowered to require distributors to pay assessments of not more than two mills (\$.002) per pound milk fat, or if the program is instituted upon a gallonage basis not more than seven mills (\$.007) for each 10 gallons of fluid milk received by distributors, including the production of distributors who are also producers.

If the program is instituted by both producers and distributors, the director is hereby empowered to require both producers and distributors to pay assessments for the purpose of providing funds for formulating, administering, and carrying on such program. The assessments to be paid by distributors shall not exceed two mills (\$.002) per pound milk fat, or if the program is instituted upon a gallonage basis not more than seven mills (\$.007) for each 10 gallons of fluid milk received by distributors including the production of distributors who are likewise producers. Assessments of not more than two mills (\$.002) per pound milk fat, or if the program is instituted upon a gallonage basis, not more than seven mills (\$.007) for each 10 gallons of fluid milk produced by producers and received by distributors, shall likewise be paid by producers. In no instance shall the combined assessments exceed four mills (\$.004) per pound milk fat, or if the program is instituted upon a gallonage basis not more than fourteen mills (\$.014) for each 10 gallons of fluid milk received from producers and processed by distributors for distribution in the marketing area in the form

of whole milk, fluid cream, or manufactured dairy products derived from fluid milk.

Hearing

Before a program may be instituted a public hearing shall be called by the director, the procedure for which public hearing is to be the same as that required for the institution of a stabilization and marketing plan for fluid milk. At such public hearing testimony and evidence shall be taken to determine the necessity of such a program, the estimated costs of the program, the time during which the program is to be continued, and such other matters as are necessary in the institution of the program.

Order

If, after public hearing and consideration of the testimony and evidence presented at said hearing, the director finds that a sales stimulation and consumer educational program will tend to effectuate the purposes of this chapter, he shall issue an order making effective such program. Such order shall state the number of months the program shall continue in operation, the rate of assessment per pound milk fat or per gallon to be paid by those petitioning for the program, the names, addresses and business locations of the persons appointed to administer the program and such order may contain other provisions which are necessary and incidental to the operation of the program.

Adminis-
trator

The person named in the order to administer the program shall be selected by the director in the following manner and in the following number:

(a) If the program was instituted by producers the director shall name five representative producers from nominations made at the public hearing by the petitioners.

(b) If the program was instituted by distributors the director shall name five representative distributors from nominations made at the public hearing by the petitioners.

(c) If the program was instituted by both producers and distributors the director shall name three representative producers from nominations made at the public hearing by the petitioning producers and three representative distributors from nominations made at the public hearing by petitioning distributors.

(d) Distributors who are also producers shall be eligible to nomination for service on, and may be named by the director to serve on the committee to administer any program for which they will be required to pay assessments, and at least one of the persons named by the director to serve on any committee to administer any program for which distributors who are also producers will be required to pay assessments shall be a distributor who is also a producer.

All programs shall be administered by the persons named in the order of the director making the program effective, and shall be administered subject to the approval of the director. All amounts required to be paid to the director under this section by producers or distributors shall be paid to such director on or before the fifteenth day of the month following the month during which such fluid milk was received by distributors and all distributors receiving milk from producers in any area

where the provisions of this section are in effect whereby the director is empowered to require payments from producers shall deduct and pay to the director such payments provided for under this section from the payments due for such distributors to such producers for fluid milk.

Upon the termination of any program, if there are any obligations arising thereunder, the final accrual or ascertainment of which requires further acts by any producer or distributor or by the persons appointed to administer the program or by the director, the power or duty to perform such further acts shall continue, notwithstanding such termination. Termination of program

All moneys received by the director pursuant to this section shall be deposited in the Department of Agriculture Fund in the State treasury allocated to each separate marketing area from which they are collected and disbursed only for the purposes specified subject to the approval of the director.

In effect
immediately

[Approved by Governor July 18, 1945. Filed with Secretary of State
July 18, 1945.]

The people of the State of California do enact as follows:

SECTION 1. Section 595 of the Code of Civil Procedure is amended to read :

Postpone-
ment of
court action
Party, etc.,
member of
Legislature

595. The trial of any civil action, or proceeding in a court, or of any administrative proceeding before a State board or commission or officer, irrespective of the date of the filing thereof or when it became at issue, or the hearing of any motion, demurrer, or other proceeding, shall be postponed when it appears to the court, board, commission, or officer before which such action or proceeding is pending that either a party thereto, or any attorney of record therein (whether he became an attorney of record before or after the commencement of a legislative session or before or after his appointment to a legislative committee), or a principal witness, is a member of the Legislature of this State and that the Legislature is in session or in recess (not exceeding a recess of thirty-five (35) days) or

that a legislative interim committee of which he is a duly appointed member is meeting, or is to meet within a period which the court finds does not exceed the time reasonably necessary to enable the member to reach the committee meeting by the ordinary mode of travel. When the Legislature is in session or in recess such action or proceeding shall not, without the consent of the attorney of record therein, be brought on for trial or hearing before the expiration of thirty (30) days next following final adjournment of the Legislature or the commencement of a recess of more than thirty-five (35) days. If a date is available during recess, continuance shall be given if possible to such earlier date. When a legislative committee is meeting or is to meet within a period which the court finds does not exceed the time reasonably necessary to enable the member to reach the committee meeting by the ordinary mode of travel, such action or proceeding shall not, without the consent of the attorney of record therein, be brought on for trial or hearing before the expiration of such period necessary following the adjournment or recess of the committee meeting as the court finds is reasonably necessary to enable the member to reach the place of trial or hearing by the ordinary mode of travel from the place of the committee meeting, unless at the expiration of that period the Legislature is to be in session; and in that case the action or proceeding shall not, without such consent, be brought on for trial or hearing before the expiration of thirty (30) days next following final adjournment or the commencement of a recess of more than thirty-five (35) days. If a date is available during the recess, continuance shall be given to such earlier date.

A motion to postpone a trial on the ground of the absence of evidence can only be made upon affidavit showing the materiality of the evidence expected to be obtained, and that due diligence has been used to procure it. The court may require the moving party, where application is made on account of the absence of a material witness, to state upon affidavit the evidence which he expects to obtain; and if the adverse party thereupon admits that such evidence would be given, and that it be considered as actually given on the trial, or offered and overruled as improper, the trial must not be postponed.

In all cases, the court shall postpone a trial, or the hearing of any motion or demurrer, for a period not to exceed thirty (30) days, when all attorneys of record of parties who have appeared in the action agree in writing to such postponement.

In actions involving the title to mining claims, or involving trespass for damage upon mining claims, if it be made to appear to the satisfaction of the court that, in order that justice may be done and the action fairly tried on its merits, it is necessary that further developments should be made, underground or upon the surface of the mining claims involved in such action, the court shall grant the postponement of the trial of the action, giving the party a reasonable time in which to prepare for trial and to do said development work.

SEC. 2. Section 1054 of said code is amended to read:

Extending
time for
pleadings,
etc.

1054. When an act to be done, as provided in this code, relates to the pleadings in the action, or the undertakings to be filed, or the justifications of sureties, or the preparation of bills of exceptions, or of amendments thereto, or to the service of notices other than of appeal and of intention to move for a new trial, the time allowed by this code, unless otherwise expressly provided, may be extended, upon good cause shown, by the judge or justice of the court in which the action is pending, or by the judge or justice who presided at the trial of said action; but such extension so allowed shall not exceed thirty (30) days, without the consent of the adverse party; except that when it appears to the judge or justice of any court to whom such application is made that an attorney of record for the party applying for such extension is a member of the Legislature of this State, and that the Legislature is in session or in recess not exceeding a recess of forty (40) days or that a legislative committee of which he is a duly appointed member is meeting or is to meet within a period which the court finds does not exceed the time reasonably necessary to enable the member to reach the committee meeting by the ordinary mode of travel, it shall be the duty of such judge or justice to extend such time. When the Legislature is in session or in recess, extension shall be to a date not less than thirty (30) days next following the final adjournment of the Legislature or the commencement of a recess of more than thirty-five (35) days. If a date is available during recess, extension shall be to such earlier date. When a legislative committee is meeting or is to meet within a period which the court finds does not exceed the time reasonably necessary to enable the member to reach the committee meeting by the ordinary mode of travel, extension shall be for such period as the court finds will be reasonably necessary to enable the member to perform the act to be done in the action or proceeding, unless said extension would expire when the Legislature is to be in session; and in that case the extension shall be to a date not less than thirty (30) days following the final adjournment of the Legislature or the commencement of a recess of more than thirty-five (35) days. If such act may be reasonably done by the member within such recess, continuance shall be to such earlier date.

In all cases in which the court, judge, or justice is authorized by this section to grant an extension of time, such extension of time shall be granted when all attorneys of record of parties who have appeared in the action agree in writing to such extension of time, and any extension of time previously granted by stipulation of all attorneys of record of parties who have appeared in the action shall not be included in the computation of the 30-day limitation upon extensions of time allowed by the court, judge, or justice.

SEC. 3. Section 1050 of the Penal Code is amended to read:

Time for
trial in
criminal
cases

1050. The court shall set all criminal cases for trial for a date not later than thirty (30) days after the date of entry of the

plea of the defendant. No continuance of the trial shall be granted except upon affirmative proof in open court, upon reasonable notice, that the ends of justice require a continuance. Provided that upon a showing that the attorney of record at the time of the defendant's first appearance in the superior court is a member of the Legislature of this State and that the Legislature is in session or that a legislative interim committee of which he is a duly appointed member is meeting or is to meet within the next seven days, the defendant shall be entitled to a reasonable continuance, but such continuance for such reason shall not exceed thirty (30) days. No continuance shall be granted for any longer time than it is affirmatively proved the ends of justice require. Whenever any continuance is granted, the court shall enter in its minutes the facts proved which require the continuance. Criminal cases shall be given precedence over civil matters and proceedings. If any court is unable to hear all criminal cases pending before it within thirty (30) days after the respective defendants have entered their pleas, it must immediately notify the Chairman of the Judicial Council.

SEC. 4. If any provision of Section 595 or of Section 1054 of the Code of Civil Procedure or of Section 1050 of the Penal Code, or the application thereof to any person or circumstance, is held invalid, the remainder of the section, or the application of such provision to other persons or circumstances, shall not be affected thereby. Constitutionality

SEC. 5. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows: Urgency

The demands of the Legislature upon the time of its members in this critical period when many important measures require full and careful consideration, as well as the absence of many members of the legal profession in the armed services of our Country, render it impossible for lawyer members to protect fully the interests of their clients. In order that these clients be fully protected in their legal rights until the members can return to their practices and safeguard the rights of clients, it is necessary that this act take effect immediately.

Such recommendations shall be made at each regular session of the Legislature not later than March 1st and at any special or extraordinary session. The recommendations made by the Water Resources Board shall be advisory only and the Legislature shall finally determine the priorities in building such projects and the amount of aid to each project which is approved.

Recommen-

financial
assistance

SEC. 18. In making recommendation to the Legislature respecting the amount of financial assistance to be given by the State, as provided for in Section 17, the Water Resources Board

shall recommend what proportion of the cost of the project, including the cost of acquiring rights of way should be paid by the State and what proportion, if any, should be paid by the county, city, State agency, or public district.

Notwithstanding all other provisions of this act, appropriations will be made by the State of California, from time to time by law, to pay for the cost of all lands, easements and rights of way necessary for the construction of flood control projects as required by the act of Congress approved December 22, 1944 (Public, Numbered 534, Seventy-eighth Congress, second session), and by the act of Congress approved August 18, 1941 (Public, Numbered 228, Seventy-seventh Congress, first session). In the event that the Congress hereafter authorizes and approves projects, wherein financial assistance is required of local agencies by the Federal Government, similar to the provisions of Public Law, Numbered 534, Seventy-eighth Congress, second session, it is the intention of the Legislature that it will be the policy of the State to pay for the cost of all lands, easements and rights of way necessary for the construction of such flood control projects, when such projects are recommended by the Water Resources Board and approved by the Legislature.

SEC. 19. As a further means of carrying out the policies defined in Sections 1 and 2 the Department of Public Works acting through the agency of the State Engineer is authorized and directed to cooperate with the Water Resources Board and shall have the following powers and duties:

- (1) Collect and file data.

In performing the duties prescribed in this section the Department of Public Works acting through the agency of the State Engineer may travel either within or without the State and

shall consult and cooperate with the officials and engineers of the counties, cities, State agencies, or public districts affected.

SEC. 20. It is the intention of the Legislature that the Water Resources Board shall investigate all phases of any proposed water project including flood control, water conservation, domestic and irrigation use and power development, but not excluding other uses, so that a county, city, State agency, or public district affected and the Legislature may have the benefit of investigations and recommendations of the board upon such projects in order to assure the fullest development of the water resources of the State. In a multiple type project, which includes in addition to flood control works, works and construction for other than flood control purposes only that portion of the project which is deemed by the Water Resources Board to be necessary for flood control purposes shall be eligible for financial assistance from the State in lieu of financial assistance usually required from local interests for flood control projects. In a multiple type project which includes works and construction for other than flood control purposes, and in projects which do not include any flood control works or construction, the Water Resources Board may recommend to the Legislature and to the United States, or any of its departments or agencies, the method of financing such works and construction.

Agreements with counties, etc.

SEC. 21. The Department of Public Works acting through the agency of the State Engineer may cooperate with any county, city, State agency or public district on flood control and other water problems and when requested by such county, city, State agency or public district, may enter into cooperative agreements to prepare plans and specifications, construct, or maintain and operate projects or expend money in behalf of such county, city, State agency or public district, to accomplish the purposes of this act. Duties of counties, etc

SEC. 22. In all cases where the Federal Government does not maintain and operate projects, it is the responsibility and duty of the county, city, State agency or public district, affected to maintain and operate flood control and other works, constructed pursuant to this act, after their completion and hold and save the State and the United States free from damages.

Reports, etc

SEC. 23. The Water Resources Board in addition to the reports and recommendations made to the Legislature as provided in Section 17 may from time to time summarize the results of its investigations, studies, activities and recommendations relating to flood control and other water problems and report the same to the Governor and may publish the same in such form as it deems suitable to inform the people of the State

concerning such flood control and other water problems as come within the scope of this act.

SEC. 24. It is expressly declared that it is the intention of the Legislature that nothing in this act shall be deemed to change the policy of the State respecting that certain contract entered into between the Federal Government and the State of California made pursuant to an act of Congress of the United States, approved May 15, 1928 (Public Numbered 391, Seventy-seventh Congress, first session, 45 Statutes at Large 534, Chapter 569), and an act of the Legislature, approved May 4, 1925, (Chapter 176, Statutes of 1925, Section 8525, Water Code), nor shall anything in this act be deemed or construed to modify, limit or take away from the powers and duties vested in the Department of Public Works by any law or in the State Reclamation Board pursuant to the provisions of Part 4, Division 5, of the Water Code.

SEC. 25. The provisions of Part 2 of Division 6 of the Water Code shall be applicable to all water made available by the construction of the works of any project approved by this act. Practice and procedure

9563. The board may establish minimum price schedules for the various items of cleaning, dyeing and pressing services for any city or county or other area as may be determined by Minimum price schedules

In establishing minimum price schedules, the board shall consider all conditions affecting the business of cleaning, dyeing and pressing in that city, county or other area and the relation of those conditions to the public health, welfare and safety.

The petition shall be signed by voters equal in number to at least 20 per cent of the electors of the district. If no street or number exists, then a designation of the place of residence shall be given which will enable the location to be readily ascertained. He shall attach to the petition his certificate showing the result of his examination. If the county clerk's certificate shows the petition to be insufficient, a supplemental petition, in form a duplicate of the original petition bearing additional signatures, may be filed within 10 days of the date of the certificate of insufficiency. The county clerk shall, within 10 days after the supplemental petition is filed, examine it, and if his certificate shows that all the signatures to the petition are still insufficient, no action shall be taken thereon. The petition shall remain on file as a public record, and the failure to secure sufficient signatures shall not prejudice the filing later of an entirely new petition to the same effect.

Special election 2156. “Retirement allowance,” “death allowance” or “allowance,” shall mean equal monthly payments, beginning to accrue upon the date of retirement, or upon the day following the date of death, and continuing for life unless a different term of payment is definitely provided by the context.

“Compensation,” as distinguished from benefits under the Workmen’s Compensation Insurance and Safety Act of the State of California, shall mean the remuneration payable in cash, by the City and County, without deduction except for absence from duty, for time during which the individual receiving such remuneration is a member of the Police Department.

“Compensation earnable” shall mean the compensation which would have been earned had the member received compensation without interruption throughout the period under consideration and at the rates of remuneration attached at that time to the ranks or positions held by him during such period, it being assumed that during any absence he was in the rank or position held by him at the beginning of the absence, and that prior to becoming a member of the Police Department he was in the rank or position first held by him in such department.

“Benefit” shall include “allowance,” “retirement allowance,” “death allowance” and “death benefit.”

“Final compensation” shall mean the average monthly compensation earnable by a member during the three years immediately preceding his retirement, or death before retirement.

For the purpose of the Retirement System and of this section, the terms “member of the Police Department,” “member of the department” or “member,” shall mean any officer or employee of the Police Department whose employment therein began prior to January 1, 1900, or whose employment therein began or shall begin after that date, and was or shall be subject to the Charter provisions governing entrance requirements for members of the uniformed force of said department, and said terms further shall mean, for the effective date of their employment in said department, persons employed on the effective date hereof, regardless of age, or employed after said date at an age not greater than thirty-five years in the Police Department to perform the duties now performed under the titles of Criminologist, Photographer, Police Patrol Driver, Police Motor Boat Operator, Woman Protective Officer, Police Woman or Jail Matron. Any police service performed by such a member of the Police Department outside the limits of the City and

“Retirement System” or “System” shall mean San Francisco City and County Employees’ Retirement System as created in Section 158 of the Charter.

“Retirement Board” shall mean “Retirement Board” as created in Section 159 of the Charter.

(B) Any member of the Police Department who completes at least thirty years of service in the aggregate, regardless of age, or at least twenty-five years of service in the aggregate, and attains the age of 55 years, said service to be computed under Subsection (II) hereof, may retire for service at his option. Members shall be retired on the first day of the month next following the attainment by them of the age of seventy years during the twelve months ending June 30, 1946; the age of sixty-nine years during the twelve months ending June 30, 1947; the age of sixty-eight years during the twelve months ending June 30, 1948; the age of sixty-seven years during the twelve months ending June 30, 1949; the age of sixty-six years during the twelve months ending June 30, 1950, and thereafter, following the attainment of the age of sixty-five years. A member retired after meeting the service and age requirements in the two sentences next preceding, shall receive a retirement allowance equal to fifty per cent of the final compensation of said member, as defined in Subsection (A) hereof, plus an allowance at the rate of $1\frac{2}{3}$ per cent of said final compensation, for each year of service rendered prior to attaining age 60 and after qualifying as to age and service for retirement. Any member may retire, regardless of age, after rendering twenty-five years of service in the aggregate, computed under Subsection (H), but in such event, his retirement allowance shall be such as can be provided at the age of retirement by the actuarial value, at the age of retirement, of the retirement allowance to which he would be entitled at the date upon which he would qualify for retirement under the first two sentences of this paragraph, deferred to that date. Before the first payment of a retirement allowance is made, a member retired under this subsection or Subsection (C), may elect to receive the actuarial equivalent of his allowance, partly in an allowance to be received by him throughout his life, and partly in other benefits payable after his death to another person or persons, provided that such election shall be subject to all the conditions prescribed by the Board of Supervisors to govern similar elections by other mem- Retirement

Any member of the Police Department who becomes incapacitated for performance of his duty, by reason of a cause not included under the provisions of the immediately preceding sentence, and who shall have completed at least ten years of service in the aggregate, computed as provided in Subsection (H) hereof, shall be retired upon an allowance of one and one-half per cent of the final compensation of said member, as defined in Subsection (A) hereof for each year of service, provided that said allowance shall not be less than twenty-five per cent of said final compensation. The question of retiring a member under this subsection may be brought before the Retirement Board on said Board's own motion, by recommendation of the Police Commission, or by said member or his guardian. If his disability shall cease, his retirement allowance shall cease, and he shall be restored to the service in the rank he occupied at the time of his retirement.

Death
benefits

(D) If a member of the Police Department shall die before or after retirement as a result of an injury received in, or illness caused by the performance of his duty, a death allowance shall be paid, beginning on the date next following the date of death, to his surviving wife, equal to fifty per cent of the final compensation of said member as defined in Subsection (A) hereof, throughout her life or until her remarriage, provided that if the member, at the time of death, was qualified as to age and service for retirement under Subsection (B), the death allowance payable under this Subsection (D), shall be equal to the retirement allowance which the member would have received if he had been retired under Subsection (B) on the day of death but not less than fifty per cent of said final compensation, and if he be retired prior to death, the death allowance payable shall be equal to the retirement allowance of the member. If there be no surviving wife entitled to an allowance hereunder, or if she die or remarry before every child of such deceased member attains the age of eighteen years, then said allowance shall be paid to his child or children under said age, collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of eighteen years. Should said member leave no surviving wife and no children under the age of eighteen years, but leave a parent or parents

dependent upon him for support, the parents so dependent shall collectively receive said monthly allowance during such dependency. No allowance, however, shall be paid under this subsection to a surviving wife following the death of a member unless she was married to the member prior to the date of the injury or onset of the illness, which results in death.

(E) That portion of any allowance payable because of the death or retirement of any member of said department which is provided by contributions of the City and County, shall be reduced in the manner fixed by the Board of Supervisors, by the amount of any benefits, other than medical benefits, payable to or on account of such person, under the Workmen's Compensation Insurance and Safety Law of the State of California and because of the injury or illness resulting in said death or retirement.

Workmen's
Compensation
benefits

(F) If a member of the Police Department shall die, before retirement, from causes other than an injury received in, or illness caused by the performance of duty, or regardless of cause, if no allowance shall be payable under Subsection (D) preceding, a death benefit shall be paid to his estate or designated beneficiary, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the Board of Supervisors for the death benefit of other members of the Retirement System. Upon the death of a member after retirement and regardless of the cause of death, the sum of five hundred dollars shall be paid to his estate or designated beneficiary in the manner and subject to the conditions prescribed by the Board of Supervisors for the payment of a similar benefit upon the death of other retired members.

Death not
in the line
of duty

(G) Should any member of the department cease to be employed as such a member, through any cause other than death or retirement or transfer to another office or department, all of his contributions, with interest credited thereon, shall be refunded to him subject to the conditions prescribed by the Board of Supervisors to govern similar terminations of employment of other members of the Retirement System. If he shall again become a member of the department, he shall redeposit in the Retirement Fund, the amount refunded to him. Contributions, with interest, which are credited because of service rendered in any other office or department and which will not be counted under Subsection (H), to any person who becomes a member of the Retirement System under this section, shall be refunded to him forthwith. Should a member of the Police Department become an employee of any other office or department, a portion of his contributions with credited interest equal to the contributions which would have accumulated to his credit if he had been employed in said other office or department at the rate of compensation received by him in the Police Department, shall remain credited to his account, and he shall receive credit for service to the extent of said accumulated contributions, and the balance of his contributions with credited interest shall be refunded to him forthwith.

Refund of
contributions

Computation
of service

(H) The following time shall be included in the computation of the service to be credited to a member of the department for the purpose of determining whether such member qualifies for retirement:

(1) Time during and for which said member is entitled to receive compensation because of services as a member of the Fire or Police Department;

(2) Time during which said member served and received compensation as a jail matron in the office of the Sheriff;

(3) Solely for the purpose of determining qualification for retirement under Subsection (C) for disability not resulting from injury received in, or illness caused by performance of duty, time during which said member served and received compensation in any other status requisite for membership in the Retirement System;

(4) Time during which said member, while absent from a status included in paragraphs (1), (2) or (3) next preceding, by reason of service in the armed forces of the United States of America, or by reason of any other service included in Section 161 of the Charter, during any war in which the United States was or shall be engaged or during other national emergency.

Contribu-
tions etc

(I) All payments provided under this section shall be made from funds derived from the following sources, plus interest earned on said funds:

(1) The rate of contribution of each member under this section shall be based on his age taken to the next lower complete quarter year, at the date he became a member under Section 165 or 168, as a member of the Police Department, as defined in this section, in the case of persons who are members under these sections, or at the effective date of this amendment, in the case of persons who are members under Section 166, and his age taken to the next lower completed year, when he entered the Police Department, or on his age at the date he becomes a member under this section, in the case of persons who become members on or after the effective date of this amendment. The age of entrance into the Police Department shall be determined by deducting the member's service as a member of the Fire and Police Departments and as a jail matron in the office of the Sheriff, prior to the date upon which his age is based for determination of his rate of contribution according to the sentence next preceding. The normal rate of contribution of each such member, to be effective from the effective date of membership under this section, shall be such as, on the average for such member, will provide, assuming service without interruption, under Subsection (B) of this section, one-third of that portion of the service retirement allowance to which he would be entitled, upon first qualifying as to age and service, for retirement under that subsection, which is based on service rendered after the date upon which his age is based for determination of his rate of contribution according to the first sentence in this paragraph, and assuming the contribution to be made from that date.

(2) There shall be deducted from each salary payment made to a member under this section, a sum determined by applying the member's rate of contribution to such salary payment. The sum so deducted shall be paid forthwith to the Retirement System. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the Board of Supervisors for crediting interest to contributions of other members of the Retirement System, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, under this section or shall be paid to said member or his estate or beneficiary as provided in Subsections (F) and (G) of this section.

(3) Contributions based on time included in paragraphs (1), (2) and (4) of Subsection (H), and deducted prior to the effective date hereof, from compensation of persons who become members under this section, and standing with interest thereon, to the credit of such members on the records of the Retirement System on said date, shall continue to be credited to the individual accounts of said members and shall be combined with and administered in the same manner as the contributions deducted after said date.

(4) The total contributions, with interest thereon, made by or charged against the City and County and standing to its credit, in the accounts of the Retirement System, on account of persons who become members under this section, shall be applied to provide the benefits under this section.

(5) The City and County shall contribute to the Retirement System such amounts as may be necessary, when added to the contributions referred to in the preceding paragraphs of this Subsection (I), to provide the benefits payable under this section. Such contributions of the City and County to provide the portion of the benefits hereunder which shall be based on service rendered by each member prior to the date upon which his age is based for determination of his rate of contribution in paragraph (1), Subsection (I), shall not be less during any fiscal year than the amount of such benefits paid during said year. Such contributions of the City and County to provide the portion of the benefits hereunder which shall be based on service rendered by respective members on and after the date stated in the next preceding sentence, shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total salaries paid during said year, to persons who are members under this section, said percentage to be the ratio of the value at the effective date hereof, or at the later date of a periodical actuarial valuation and investigation into the experience under the System as provided by the Board of Supervisors, of salaries thereafter payable to said members then in the Police Department to the value at said effective or said later date, of the benefits thereafter to be paid under this section, from con-

tributions of the City and County, less the amount of such contribution, and plus accumulated interest thereon, then held by said System to provide said benefits on account of service rendered by respective member after the date stated in the sentence next preceding. Said values shall be determined by the Actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the System.

(6) To promote the stability of the Retirement System through a joint participation in the results of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the City held by the System to provide the benefits under this section, shall be a part of the fund in which all other assets of said System are included, but the accounts of said System shall be kept in such manner as to permit the segregation of assets equal to the total contributions with interest credited thereon, held by said System to provide the benefits under this section, and to permit the determination, that except for said joint participation, all payments provided under this section shall be made from the contributions provided for herein. Nothing in this section shall affect the obligations of the City and County to pay to the Retirement System any amounts which may or shall become due under the provisions of the Charter prior to the effective date hereof, and which are represented on said effective date, in the accounts of said System by debits against the City and County.

Right to
retire

(J) Upon the completion of the years of service set forth in Subsection (B) of this section as requisite to retirement, a member shall be entitled to retire at any time thereafter in accordance with the provisions of said Subsection (B), and nothing shall deprive said member of said right.

Service
after
retirement.

(K) No person retired under this section, for service or disability and entitled to receive a retirement allowance under the Retirement System shall serve in any elective or appointive position in the City and County service, including membership on boards and commissions, nor shall such person receive any payment for service rendered to the City and County after retirement, provided that service as an election officer or juror shall not be affected by this section.

Should any such retired person, except persons retired because of disability incurred in the performance of duty, engage in a gainful occupation prior to attaining the age of sixty-two, the Retirement Board shall reduce that part of his monthly pension or retirement allowance which is provided by contributions of the City and County, to an amount which, when added to the amount earned monthly by him in such occupation, shall not exceed his compensation at the time of his retirement.

(L) Any section or part of any section in this Charter, insofar as it should conflict with this Section 168.1, or with any part thereof, shall be superseded by the contents of said Section 168.1. In the event that any word, phrase, clause or subsection of this section shall be adjudged unconstitutional, the remainder thereof shall remain in full force and effect.

Constitutionality

This amendment shall take effect on the first day of July, 1945.

That said proposed Charter amendments were published and advertised in accordance with the provisions of Section Eight of Article XI of the Constitution of the State of California, on the 13th day of September, 1944, in the San Bernardino Daily Sun, a daily newspaper of general circulation published in said City and of general circulation therein, there being no official newspaper in said City, and in each edition thereof during said day of publication.

That said City contained a population less than fifty thousand inhabitants and, therefore, no distribution of copies of said proposed Charter amendments was necessary. However, that copies of said proposed Charter amendments were printed in convenient pamphlet form, and in type of not less than ten point, and copies thereof were mailed to each of the qualified electors of said City, in accordance with the Constitution of the State of California; and an advertisement that copies thereof could be had upon application therefor at the Office of the City Clerk of the City of San Bernardino was each day duly and regularly published in the San Bernardino Daily Sun, a newspaper of general circulation published in said City, up to and including November 7, 1944, the day of said election, all as required by Section Eight of Article XI of the Constitution of the State of California;

That copies of said pamphlet containing said proposed Charter amendments could be had upon application therefor at the Office of the City Clerk to and including the 7th day of November, 1944, the date fixed for said election.

That said City of San Bernardino is a municipal corporation of the State of California, having a population of more than thirty-five hundred inhabitants but less than fifty thousand inhabitants.

That the Common Council of said City, by an Ordinance designated "Ordinance No. 1722," did call and order the holding of a special municipal election in the City of San Bernardino on the 7th day of November, 1944, which date was not less than forty days nor more than sixty days after the completion of the publication of such proposed Charter amendments to said Charter in the San Bernardino Daily Sun, and which said Ordinance calling said election specified, ordered and ordained that said proposed Charter amendments be submitted to the qualified electors of said City, at said special election, for their ratification and rejection, and that said Common Council did by said Ordinance No. 1722 order said special election consolidated with the State General election to be held in the City of San Bernardino on said 7th day of November, 1944.

That said special municipal election was held in the City of San Bernardino on the 7th day of November, 1944, and that at said election a majority of the qualified voters voting thereon voted in favor of and did ratify two of said proposed Charter

amendments to the Charter of said City, being Proposed Charter Amendment Number Two and Proposed Charter Amendment Number Three, which are hereinafter specifically set forth, and that the Board of Supervisors of said County of San Bernardino did in accordance with the law in such cases made and provided, duly and regularly canvass the returns of said election and did duly find, determine and declare the result of said special election, as determined from the canvass of the returns thereof, to be that a majority of the qualified electors of said City voting on said Charter amendments hereinafter set forth, and designated as Proposed Charter Amendment No. Two and Proposed Charter Amendment No. Three, voted for and ratified each of said amendments, and that the City Council of the City of San Bernardino, in accordance with the law in such cases made and provided, did duly and regularly adopt and approve the canvass so made and declared by the Board of Supervisors of the County of San Bernardino, and on the 5th day of December, 1944, Council found, determined and declared that said Proposed Charter Amendment No. Two and Proposed Charter Amendment No. Three, and each of them, were ratified by a majority of the electors of said City voting thereon, and thereafter the City Clerk and ex-officio Clerk of the Mayor and Common Council of the City of San Bernardino did enter the record thereof in the Minutes of said Mayor and Common Council.

That said Proposed Charter Amendment No. Two and Proposed Charter Amendment No. Three to the Charter of the City of San Bernardino so ratified by the electors of the City of San Bernardino are in words and figures, as follows, to-wit:

Each proposal must be accompanied by bidder's bond, certified or Cashier's check, or cash, in an amount not less than ten (10%) per cent of the

Seamen's
Bill of
Rights

WHEREAS, The members of the Merchant Marine are performing a war service of vital importance, serving as an essential link between production and the battlefield, and as such are entitled to the same broad opportunities and protections afforded others engaged in similar patriotic efforts; and

WHEREAS, Upon signing the GI Bill, on June 22, 1944, President Roosevelt stated: "I trust that Congress will also soon provide similar opportunities * * * to the members of the Merchant Marine, who have risked their lives time and again during this war for the welfare of their country"; and

WHEREAS, Governor Warren has expressed the gratitude of the great maritime State of California toward these valiant merchant seamen, and the need for congressional action in their behalf, stating: "Correction of inequalities is long overdue and I hope Congress may soon find a way of affording these brave men the benefits and protections which they are so well earning"; and

WHEREAS, The courage, loyalty, and devotion of merchant seamen throughout the war has been attested to by such men as the late Wendell Willkie, the late Frank Knox, by Donald Nelson, by Generals Marshall, MacArthur, Eisenhower, Knerr, and Chennault, by Admirals King, Nimitz, Waesche and Land, by Secretary of the Navy James S. Forrestal; and

WHEREAS, No more eloquent testimony need be advanced than that proportionately the merchant seamen have lost more lives by bomb, by torpedo, by fire and privation than any branch of the armed forces; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Congress of the United States is memorialized to enact a Seamen's Bill of Rights along the lines of the GI Bill, to remedy the existing inequities as to merchant seamen and in recognition of their outstanding service in the prosecution of the war; and be it further

WHEREAS, On June 14, 1946, California will celebrate the centennial of the "raising of the Bear Flag of the California Republic" at Sonoma, by a group of Californians whose declaration and prophecy was the freedom of California from Mexican rule and her subsequent addition as a State in the Union; and Centennial of raising of Bear Flag

Resolved by the Senate and Assembly of the State of California, jointly, That we join with the people and organizations mentioned herein and respectfully ask the President of the United States, the Congress of the United States, the Postmaster General and the Post Office Department that a commemorative stamp be issued in accordance with the commemorative centennial, to be known as the "California Bear Flag Stamp," and in further token of the fact that many years ago, the State of California adopted the Bear Flag as the official State flag of California; and be it further

Resolved, That the Secretary of the Senate forward copies of this resolution to the President of the United States, members of the California Delegation in Congress, and the Postmaster General.

CHAPTER 19

Assembly Joint Resolution No. 9—Memorializing the Senate of the United States not to advise nor consent to a proposed treaty with Mexico, signed February 3, 1944, relating to the waters of the Colorado and Tijuana Rivers and the Rio Grande.

[Filed with Secretary of State January 26, 1945]

Treaty
with
Mexico

WHEREAS, There was signed on February 3, 1944, a treaty between the United States of America and the United Mexican States, relating to the waters of the Colorado and Tijuana Rivers and the Rio Grande and said proposed treaty was thereafter submitted to the United States Senate for its advice and consent with a protocol, signed November 14, 1944, and the matter of said proposed treaty has been set for hearing before the Senate Foreign Relations Committee, commencing January 22, 1945; and

WHEREAS, The Legislature of California did on June 8, 1944, by its joint resolution, being Chapter 10 of Resolutions of its Fourth Extra Session held in the year 1944, memorialize the Senate of the United States not to advise nor consent to said proposed treaty and therein placed its objection upon a single ground, to wit, that said proposed treaty would violate a solemn compact entered into by reciprocal legislation between the United States of America and the State of California; and

WHEREAS, This Legislature does hereby in all things reaffirm the joint resolution above mentioned, but desires to place of record more fully before the United States Senate its views in opposition to said proposed treaty; and

WHEREAS, Said proposed treaty is destructive of and dangerous to the welfare of the State of California and of the United States and said protocol does not remove the defects of said treaty; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Senate of the United States be and it is hereby requested and urged not to advise nor consent to the proposed treaty, for the following reasons:

1. The treaty is cast in unusual, vague and uncertain terms and grants to a Federal Commission the power to interpret and settle finally the meaning of such terms, free from correction by the Congress or the courts. Such extreme delegation of power is un-American and contrary to our institution of government by laws, not men;

2. It would set up in the basins of three important international rivers, constituting a large fraction of the territory of the United States, a super government consisting of one Mexican Commissioner and one American Commissioner, having hitherto unheard-of breadth of power, amenable to no control but that of the Secretary of State and beyond the control of the Congress;

3. It would, so far as the Colorado River is concerned, create such dictatorial authority on a perpetual basis, when no authority is needed, or will be needed for many years to come, if ever. If and when any Federal Administration on the Colorado River is needed, it should be created by domestic legislation at the time when the conditions causing the need are known, not by a perpetual treaty;

4. It would invade the constitutional jurisdiction of the States and federalize waters and irrigation and power works which belong to the States and State Agencies;

5. It would give the two commissioners power to enter into, carry out and enforce further agreements, with the approval of the Secretary of State and the Minister of Foreign Relations of Mexico, without the consent of Congress;

6. It would nullify the reservation attached by the United States Senate to the inter-American Arbitration Treaty of 1929, requiring the approval of the Senate of questions to be arbitrated, by enabling the Commission to settle all disputes and to formulate the "Special Agreements" defining such questions;

7. It would give to Mexico without any consideration in return for it, a guaranteed first right to more than twice her just share of Colorado River water and this largesse would cast a cloud on all water rights on the river vested in the people of the United States;

8. It would guarantee to Mexico a fixed amount from the surface flow of the river, without regard to the fluctuations of the available supply, which is wrong in principle, and, on the other hand, it would totally disregard the underground flow of the river, which Mexico would develop and use, although that is a part of the waters of the river and should be so treated ;

9. It would donate to Mexico rights in water conservation works in the United States, which must be paid for by American water and power users and which are necessary to make available the water to be delivered to Mexico, and would therefore subsidize water users in Mexico at the expense, not of the United States, but of the citizens of particular communities in the United States ;

10. It would permit Mexico to share in revenues from power development on the All-American Canal, which by Federal Law and contract belong to local public agencies in California ;

11. It would require the building by Mexico within five years of a "Main Diversion Structure" or dam across the Colorado River, which structure is not now necessary and which would create a flood and drainage menace to communities in the United States ;

12. It would violate the solemn promise of Congress that war veterans should have the preferred right to settle public lands below Boulder Dam and irrigate them with the waters conserved by that Dam ;

13. It would violate contracts for delivery of water and power from the Boulder Canyon Project, made by the United States with its own States and communities, entered into by the latter in absolute reliance upon the good faith and integrity of the United States and upon which contracts the States and communities have expended and committed themselves to expend hundreds of millions of dollars of the public funds of their taxpayers. If the treaty were ratified, the United States would thereby voluntarily disable itself from performing its own contracts with its own people, in order to make a free gift to a foreign country of one of the most precious natural resources of the State of California and of the entire southwest ; and be it further

Resolved, That the Chief Clerk of the Assembly of California is directed to transmit a certified copy of this resolution to each member of the United States Senate and to each representative of California in the Congress.

CHAPTER 20

Senate Concurrent Resolution No. 3—Relative to Joint Rules of the Legislature.

[Filed with Secretary of State January 26, 1945]

Joint Committees

2. The Rules Committees of each house shall constitute the Joint Standing Committee on Joint Rules of the Senate and the Assembly.

Joint Meeting of Committees

3. As in the case of bills, they shall be engrossed in the house in which they originate before being voted upon.

PREPARATION AND INTRODUCTION OF BILLS

Division of Bill Into Sections

Sections 8. A bill amending more than one section of an existing law shall contain a separate section for each section amended.

Bills which are not amendatory of existing laws shall be divided into short sections, where this can be done without destroying the sense of any particular section, to the end that future amendments may be made without the necessity of setting forth and repeating sections of unnecessary length.

Amendments 9. A substitute or amendment must relate to the same subject as the original bill, constitutional amendment or resolution under consideration.

Changes in Existing Law to Be Marked by Author

In a bill amending a code section or a general law, any new matter shall be underlined and any matter to be omitted shall be in type bearing a horizontal line through the center and commonly known as "strikeout" type. When printed the new matter shall be printed in italics, and the matter to be omitted shall be printed in strikeout type.

In any amendment to a bill which sets out for the first time a section being amended, any new matter to be added and any matter to be omitted shall be indicated by the author and shall be printed in the same manner as though the section as amended were a part of the original bill and was being printed for the first time.

All bills amended by either house shall be immediately reprinted; in the case new matter is added by the amendment such new matter shall be printed in italics in the printed bill, and in the case of matter being omitted, the matter to be omitted shall be printed in strikeout type. must either "concur" or "refuse to concur" in the amendments. If the Senate concur (if it be a Senate bill), or the Assembly concur (if it be an Assembly bill), the Secretary or Chief Clerk shall notify the house making the amendments and the bill shall be ordered to enrollment.

Concurring in Amendments Adding Urgency Section

27. When a bill which has been passed in one house is amended in the other by the addition of a section providing that the act shall take effect immediately as an urgency measure, and is returned to the house in which it originated for concurrence in the amendment or amendments thereto, the procedure and vote thereon shall be as follows:

Same
Urgency
section

The presiding officer shall first direct that the urgency section be read and put to a vote. If two-thirds of the members elected to the house vote in the affirmative the presiding officer shall then direct that the question of whether the house shall concur in the amendment or amendments shall be put to a vote. If two-thirds of all the members elected to the house vote in the affirmative, concurrence in the amendments shall be effective.

If the affirmative vote on either of such questions is less than two-thirds of all the members elected to such house, the effect is a refusal to concur in the amendment or amendments, and the procedure thereupon shall be as provided in Joint Rule No. 28.

When Senate or Assembly Refuse to Concur

28. If the Senate or the Assembly refuse to concur in the amendments, the Committee on Rules (if it be a Senate bill) or the Speaker of the Assembly (if it be an Assembly bill) shall appoint a Committee of Three (3) on Conference and the Secretary or the Chief Clerk shall immediately notify the other house of the action taken and request the appointment of a like committee. Two of the members comprising such committee from each house shall be selected from those voting with the majority on the point about which the difference has arisen and the other member from each house of such committee shall be selected from the minority, in the event there is a minority vote. The first Senator named on the Conference Committee shall act as chairman of the committee from the Senate, and the first Assemblyman named on such committee shall act as chairman of the committee from the Assembly and the chairmen thus selected shall arrange the time and place of all meetings and prepare or direct the preparation of reports. The Committee on Conference shall report to both the Senate and Assembly.

Same
Report

It shall require the affirmative vote of not less than four of the members constituting the committee to agree upon a report. No member who has served on a Committee on Conference shall be appointed a member of another Committee on Conference on the same bill.

When Conference Committee Report Is in Order

30. The presentation of the report of a Committee on Conference shall always be in order, except when a question of order or a motion to adjourn is pending, or during roll call, and, when received, the question of proceeding to the consideration of the report, if raised, shall be immediately passed upon, and shall be determined without debate.

Senate Joint Resolution No. 3—Relative to cooperation among Nations to curtail the production and traffic of opium.

[Filed with Secretary of State January 27, 1945]

WHEREAS, The tragic evil of opium addiction is age-old, and the control of opium production has been attempted through various means for many years, presently by the Permanent Central Opium Board of the League of Nations, through which 66 countries and 99 colonies cooperate to control the international drug traffic, most of which countries still report to the board in spite of the war; and

Opium
traffic

WHEREAS, Success in controlling the growth and production of opium necessarily depends upon the cooperation of the opium-growing countries; and

WHEREAS, The United States is in a position to exert pressure on some of the opium-producing countries because they are dependent on its lend-lease money and materials, and its men, in developing their railways, highways, and factories; and

WHEREAS, Since our entry into the war, American fighting men are now in countries where opium is produced and freely available, and American merchant seamen daily touch port in opium-producing countries; and

WHEREAS, The peril to addiction is great among those of our men suffering from loneliness, discouragement, and the fatigue of war, and its use would destroy the fighting efficiency of these men, thereby constituting a real threat to our war effort; and

WHEREAS, An easy opportunity is now afforded for the smuggling of opium into the United States, thereby endangering our war efforts on the home front; and

WHEREAS, Its use by criminals, who do not hesitate to kill under its influence, adds to the problems of law enforcement and to the peril of faithful law enforcement officers; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President to approach the governments of those opium-producing countries throughout the world upon which the United States can exert influence, urging upon them in the interest of protecting American citizens, and in the interest of world welfare, that they take immediate steps to limit opium growth and the production of opium and its derivatives to

the amount actually required for strictly medicinal and scientific purposes; and be it further

Resolved, That the Secretary of the Senate is hereby directed to send copies of this resolution to the office of the President of the United States and to each member of the Senate and House of Representatives in the Congress of the United States from California.

CHAPTER 34

Senate Joint Resolution No. 5—Relative to memorializing Congress to consider early return to this State of the administration and control assumed by the Federal Government as part of a nation-wide wartime employment program.

[Filed with Secretary of State January 27, 1945]

Return to
State of
adminis-
tration of
the Public
Employment
Service

WHEREAS, The State of California with an enormously expanded labor force faces severe unemployment after the war and consequences therefrom which may endanger its economic and social stability; and

WHEREAS, It is imperative the State of California be prepared with a complete and comprehensive work program, unemployment insurance program and relief program in order to minimize and temper the severity and magnitude of postwar unemployment; and

WHEREAS, The successful and effective operation by this State of the aforementioned programs for avoiding high unemployment and mitigating the evils of temporary unemployment requires a well developed and efficient employment service whose administration is coordinated with the various other State programs and State agencies; and

WHEREAS, The Public Employment Service operated by the State of California through its Department of Employment was assumed as of January 1, 1942 by the United States Employment Service as a part of a nation-wide wartime employment program; and

WHEREAS, It is indispensable that the Employment Service be returned and reestablished under State administration and control well in advance of the termination of war contracts and the occurrence of the impact of mass unemployment which will come with war contract cancellations; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly. That the Congress of the United States be memorialized to consider the advisability of returning the Employment Service to the administration and control of the State of California at the earliest date compatible with the effective prosecution of the war; and be it further

Resolved, That the Secretary of the Senate be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 35

Senate Joint Resolution No. 9—Relative to memorializing the Congress of the United States to provide for the prompt removal of temporary war housing which violates local building regulations and relative to the timing and method of such removal and consultation with local legislative bodies to determine the need for retaining any such housing.

[Filed with Secretary of State January 27, 1945.]

WHEREAS, Loss of life and property has resulted from fire in Federally financed temporary war housing some of which has been constructed in violation of building regulations and minimum safety requirements of the community in which it is situated; and

Removal
of war
housing

WHEREAS, There will continue to be danger to life and property so long as such faulty housing remains available for occupancy; and

WHEREAS, The city councils or other governing boards of local communities are, by their very position, in possession of facts which should determine which temporary housing continues to be needed in the public interest; and

WHEREAS, Present Federal law provides for disposal of war housing with consideration to its "full market value" notwithstanding the fact that faulty housing does not, in fact, have true value as private housing; and

WHEREAS, Present law provides that removal of war housing shall be accomplished not later than two years after the President declares that the war emergency has ceased to exist, although in fact an armistice or truce following the defeat of the enemy may occur considerably in advance of such a declaration; now, therefore, be it

Resolved, by the Senate and Assembly of the State of California jointly, That the Congress of the United States be memorialized to amend the Lanham Act to provide that temporary war housing, and particularly housing which violates minimum safety requirements or the building regulations of the community in which it is situated, should be removed as soon as practicable after the recognized cessation of hostilities; and, be it further

Resolved, That all such temporary war housing be removed as soon after organized hostilities cease as practicable with due consideration to the need for more adequate housing under private ownership and the public interest, and after consultation with the city council or other governing board of the respective local communities as to such housing which is still needed in the interest of the orderly demobilization of the war effort; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives of the Congress of the United States, and to the Senators and Representatives in Congress from the State of California.

CHAPTER 36

Senate Joint Resolution No. 8—Relative to memorializing the Congress of the United States to provide financial assistance following the cessation of hostilities and during the period of reconversion to normal peacetime operation to those communities which have suffered deterioration of facilities owing to the impact of war industry and war-increased population.

[Filed with Secretary of State January 27, 1945.]

Federal
aid during
reconversion

WHEREAS, Ever since the United States began to meet the needs of the present war, many communities in California have suffered an influx of war industry, military installation and war-borne population which have swamped public facilities and enormously increased the burden of providing municipal services; and

WHEREAS, In the face of the inability of those communities to pay the full cost of such enormously increased demands upon their facilities and services, the Federal Government has recognized National responsibility for these burdens by providing more than a billion dollars for housing, sewers, schools, hospitals and other community facilities during the period of the war; and

WHEREAS, After the cessation of hostilities those communities will find it necessary further to restore their facilities and services which have deteriorated or become inadequate as a result of wartime demands upon them; and

WHEREAS, Increased wartime population will remain in many of those communities after the war, thus continuing the disproportionate burden upon municipal services; and

WHEREAS, Such communities do not have financial resources sufficient to meet in full these burdens; now, therefore, be it

Resolved, by the Senate and Assembly of the State of California, jointly, That the Congress of the United States be memorialized to consider and act upon legislation to recognize National responsibility by providing financial aid during the period of reconversion to those communities which have been forced, because of the war effort, to carry an abnormal war burden, so that they may be enabled to rehabilitate municipal facilities and services to the same level of adequacy as before the war; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives of the Congress of the United States, and to the Senators and Representatives in Congress from the State of California.

CHAPTER 37

Senate Joint Resolution No. 10—Relative to memorializing Congress to appropriate additional and adequate funds annually for the maintenance and operation of the San Joaquin Experimental Range.

WHEREAS, The present work is being conducted by the Forest Service of the United States Department of Agriculture largely through the employment of conscientious objectors who will not be available after the war; now, therefore, be it

Resolved by the Senate of the State of California, That the Congress of the United States be memorialized to appropriate additional and adequate funds annually for the maintenance of the San Joaquin Experimental Range; and be it further

Resolved, That the Secretary of the Senate is directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, the Secretary of Agriculture, and to the Senators and Representatives from California in the Congress of the United States.

CHAPTER 39

Senate Concurrent Resolution No. 31—Relative to the passing of Lucas E. Kilkenny.

[Filed with Secretary of State March 12, 1945]

Death of
Lucas E.
Kilkenny

WHEREAS, To the many in all walks of life who knew and valued the friendship of Lucas E. Kilkenny his passing on March 2, 1945, has come as a deep shock and a profound sorrow. There was about him a kindly, lovable quality—a deep understanding and a sincere affection for his fellow men—such that none could but feel it a rare privilege to have known this man.

Born at Elmira, Solano County, California, in 1875, "Luke" Kilkenny received his early education in the Solano County schools. A graduate of the University of California in 1898, he entered upon the teaching profession, for which by character and background he was ably suited. His pupils throughout this period of his life not only found inspiration in the broad horizons of learning toward which he pointed the way, but came under the fortunate influence of his idealism, his tolerance, and his warm, human qualities. He possessed that ability, so desirable in a teacher, to meet his pupils on their level and see their problems through their own eyes. His lasting love for football, his pure joy in the game, and his rich fund of factual information on the subject could but add to his stature in the eyes of the youth about him.

He first taught in the Vacaville High School from 1898 to 1900; in the Salinas High School from 1900 to 1902; in the following year he served as principal of the Cloverdale High School; from that post he resigned to become city superintendent of schools at Salinas, which post he held until 1918.

At this time, in middle years, he turned to the study of law, graduating from Boalt Hall in 1921 and entering upon private practice. From 1925 to 1927 and from 1929 to 1933 he served as Assistant United States Attorney for the Northern District of California. In the latter year he was appointed Deputy Attorney General of the State of California, which position he held at the time of his death.

An indefatigable worker, he specialized, as a Deputy Attorney General, in harbor and navigation law. The sound and thorough work performed by him in this field revealed his fine, analytical mind and the high standards which he set for himself as a lawyer. Often he gave over-generously of his time and his energy in order that these standards might be consistently maintained. He was a member of Phi Alpha Delta legal fraternity, of the Elks, and of the Commonwealth Club.

Of the lovable, honorable, human "Luke" Kilkenny it may be said in highest tribute that he was a man who judged himself but not others; he was strict as to his own principles and actions but liberal toward those of his fellow men. His many friends who now join in mutual sorrow on his passing will long cherish the memory of this fine man and the warm kindness of his nature; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That when the respective houses of the Legislature adjourn this day, they do so in respect to the memory of Lucas E. Kilkenny; and be it further

Resolved, That the Secretary of the Senate is directed to convey to Mrs. Myrtle Guidery Kilkenny, of Berkeley, California, the widow of Lucas E. Kilkenny, and to his son, John E. Kilkenny, of Bakersfield, California, this expression of our sympathy and tribute.

CHAPTER 43

Senate Joint Resolution No. 15—Relating to claim of ownership of lands by the Sovereign State of California.

[Filed with Secretary of State March 19, 1945]

WHEREAS, The people of California presented a Constitution and asked admission into the Union which Constitution was submitted to Congress by the President of the United States by message dated February 13, 1850, and which, on due examination, was found to be Republican in its form of Government, thereupon by act of Congress approved September 9, 1850, California was "admitted into the Union on equal footing with the original States in all respects whatever" and in addition thereto

Claim of
ownership
of land by
the State

it was provided in the said act of Congress "that all the navigable waters within the said State shall be common highways, and forever free, as well to the inhabitants of said State as to the citizens of the United States without any tax, impost, or duty therefor" and further provided "that nothing herein contained shall be construed as recognizing or rejecting the propositions tendered by the people of California as articles of compact in the ordinance adopted by the convention which formed the Constitution of that State"; and

WHEREAS, The Constitution of the State of California referred to in the act of Congress, being the first Constitution of this State, fixed the boundaries as follows:

"The boundary of the State of California shall be as follows: Commencing at the point of intersection of the forty-second degree of north latitude with the one hundred twentieth degree of longitude west from Greenwich, and running south on the line of said one hundred twentieth degree of west longitude until it intersects the thirty-ninth degree of north latitude; thence running in a straight line in a southeasterly direction to the River Colorado, at a point where it intersects the thirty-fifth degree of north latitude; thence down the middle of the channel of said river, to the boundary line between the United States and Mexico, as established by the treaty of May thirtieth, one thousand eight hundred and forty-eight; thence running west, along said boundary line, to the Pacific Ocean, and extending therein three English miles; thence running in a northwesterly direction and following the direction of the Pacific coast to the forty-second degree of north latitude; thence on the line of said forty-second degree of north latitude to the place of beginning. Also, all the islands, bays and harbors, along and adjacent to the coast"; and

WHEREAS, In the Articles of Confederation referred to in the said congressional act admitting California into the Union herein before mentioned it was provided in Article II thereof as follows: "Each State retains its sovereignty, freedom and independence, and every power, jurisdiction and right which is not by this Confederation expressly delegated to the United States in Congress assembled." and

WHEREAS, The original States formed the Union with all the rights they had asserted and maintained as colonies of England, and as successors to the English crown; hence the original thirteen colonies at the time of confederation of States owned and kept their tidelands; and

WHEREAS, Such ownership has long been recognized by the Supreme Court of the United States of America and by other Federal departments and agencies, and has not been questioned until recently, with the result that the State of California and its grantees, both public and private, relying thereon, have expended vast sums of money in the development of such lands, including harbor facilities, reclamation and filling in, and the erection of costly structures; and

WHEREAS, In 1941 the Legislature of this State adopted Senate Joint Resolution No. 24 asserting the title of the State and its grantees in such lands within this State, copies of which resolution were transmitted to the President of the United States, the Solicitor General, and the Senators and Representatives of the State of California in Congress; and

WHEREAS, It now appears that the Department of the Interior of the United States is contemplating action which would purport to vest in various individuals or corporations, rights in and to such tidelands and submerged lands, and particularly the right to extract and take oil and gas and other minerals therefrom; and

WHEREAS, Such contemplated action appears to be intended principally, if not solely, to result in litigation against the State of California to assert a pretended Federal claim to such lands, either with or without the authorization of Congress; and

WHEREAS, Any such litigation could only result in a decision in favor of this State or its grantees, would be unjust in view of the accompanying and attendant vexation and annoyance, and would seriously impair the further development of such lands and the financing thereof until the final decision; and

WHEREAS, It is appropriate at this time for California, through its Legislature, to make a political decision by asserting in joint resolution and proclamation that California claims and asserts title to all such tidelands and submerged lands within the boundary lines of the State of California; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Sovereign State of California from the moment of the adoption of the Constitution of 1849 has, and does now, and forever shall, own in its sovereign capacity, the lands underlying the ebb and flow of its tides, and under the Pacific Ocean to its outermost boundary; that all islands including, but not thereby excluding others, the Island of Catalina and the belt of water around the said islands along and adjacent to the coast of California and the soil and subsoil thereunder; and all of the ports, harbors, bays and inlets along the coast of California; and the lands lying under its lakes and navigable streams as they existed when said Constitution was adopted, together with the fishes and other water fauna and kelp and other water flora and minerals in said waters and in and under said lands; subject only to its own lawful acts relating thereto since said time; and be it further

Resolved, That the Secretary of the Senate be and he hereby is directed to forward copies of this proclamation resolution to the President of the United States, the Vice President of the United States, to the Speaker of the House of Representatives, to the Secretary of State of the United States, to the Secretary of the Interior of the United States, to each Senator and each Member of the House of Representatives from California in the Congress of the United States and to the Attorney General of California.

CHAPTER 45

Assembly Concurrent Resolution No. 33—In memory of Charles W. Paine.

[Filed with Secretary of State March 23, 1945]

Death of
Charles W.
Paine

WHEREAS, Sorrow fills our hearts today as we record the passing of this kindly and beloved public servant who yesterday, in his sleep and with the naturalness which ever marked his life, gave himself unto his Maker.

Born at the old Paine home on Capitol Avenue near the site of the original State Fair Grounds, with which he was to become so long associated, Charles W. Paine from the first loved horses. Perhaps this was in his blood, for it was his father who was operator of the Paine Livery Stables, founded in Sacramento in 1852. As a youth, Charlie became foreman of the stables at Del Monte, then the only resort of its kind in the West. By horse team he daily traveled the famed 17-mile drive. In the nineties he became bookkeeper and paymaster for Senator James G. Fair at the latter's large holding at Knight's Landing. Back in Sacramento at the turn of the century, he served as a member of the city council and chairman of the parks and streets committee. At this time Hiram Johnson was city attorney of Sacramento. Together these two had attended the old Mary J. Watson Grammar School on the present site of the Memorial Auditorium. Governor Gage appointed him a director of the State Fair Board, and from 1914 until his retirement in 1937 he was Secretary of the State Fair. It was largely through Paine's efforts that the State Horse Show became one of the outstanding events of its kind in the Nation, and it was natural that he was selected in 1939 to manage the horse show at the Golden Gate International Exposition.

So long and ably and devotedly did he serve as Secretary of the State Fair that to California, like the Fair and with the Fair, he became, as it were, a tradition rather than a person. Now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That when the Legislature adjourns this day it do so in respect for the memory of Charles W. Paine; and, be it further

Resolved, That the Chief Clerk of the Assembly is directed to convey to the bereaved family of Charles W. Paine this expression of our tribute.

If payment of the allowance be stopped because of marriage of the widow or attainment of the age of eighteen (18) years by a child, before the sum of the monthly payments made shall equal the sum of the amounts provided in the next preceding paragraphs (1) and (2), then an amount equal to the difference between said sums shall be paid in one amount to the married widow, or if there be no widow, to the surviving children of the deceased member, share and share alike. If in the opinion of the Retirement Board, death be not the result of injury or illness incurred in the performance of duty, and if said member be qualified as to service rendered at the date of death for retirement from service under subsection (A) of Section 13 of this Amendment, then, in addition to the amounts provided in said paragraphs (1) and (2)

(4) An amount sufficient, when added to the amounts provided in said paragraphs (1) and (2), but excluding his accumulated contributions, when applied according to rates and tables actuarially recommended and approved by the Retirement Board, to provide an allowance to be paid to the surviving wife to whom said member was married at least one (1) year prior to his death to be equal in amount to the allowance calculated as in Section B of Section 12 of this Amendment, which would have been payable to her if the said member had retired for service at the time of his death and had died instantly thereafter, and to continue throughout her life or until her remarriage. If there be no surviving wife, or if she die before all surviving children of such deceased member shall have attained the age of eighteen (18) years, then to his child or children under said age collectively, to continue until every such child dies or attains the age of eighteen (18) years, provided that no child shall receive any allowance after attaining the age of eighteen (18) years. If payment of the allowance be stopped because of marriage of the widow or attainment of the age of eighteen (18) years by his surviving children before the sum of the monthly payments made shall equal the sum of the amounts provided in the next preceding paragraphs (1) and (2), then an amount equal to the difference between said sums shall be paid in one amount to the married widow, or if there be no widow, to the surviving children of the deceased member, share and share alike.

Paragraph (6) of Section 13-C is hereby expressly repealed.

Section 14. That portion of any allowance or other benefit which is provided by contributions of the City and is payable by the Retirement System because of the death or retirement of a member, shall be reduced by the amount of any benefits, other than medical benefits, payable concurrently

with said portion, to or on account of the member under the Workmen's Compensation, Insurance and Safety Law of the State of California, because of his death or the disability resulting in his retirement. The beneficiary shall have no more right to the pension unpaid because of such reduction, than if the Retirement System had never existed. When payment of the benefits under the Workmen's Compensation, Insurance and Safety Law have been completed, the retirement allowance shall be paid thereafter in full, as provided by this Charter.

It is the purpose of this section to reduce the pension portion of the retirement allowance payable from the Retirement Fund by the amount of benefits due to the beneficiary concurrently with said portion, under said Compensation Law, and the payment before due date by the commutation through compromise or otherwise of such benefits shall not prevent the reduction of said portion, as provided in this section, in the amounts equivalent to the commuted amount, which would have been payable concurrently with the retirement allowance in the absence of such commutation. Benefits payable under said Compensation Law for time prior to the date the allowance starts, shall not be considered hereunder.

Section 19 Time during which a member is absent from service on leave of absence whether by reason of having been ordered on duty with the armed forces of the United States or otherwise, shall be considered as time spent in City service. Any member so absent shall contribute to the system, either during such absence or upon his return to the service, at times and in a manner fixed by the Pension Board, amounts equal to the contributions which would have been made by him to the system on the basis of his compensation allowable to the position held by him at the commencement of his leave of absence.

CHAPTER 50

Senate Concurrent Resolution No. 38—Relative to adjournment in respect to the memory of Esther B. Phillips.

[Filed with Secretary of State April 6, 1945]

WHEREAS, The brilliant career of a remarkable woman has been brought to a close with the passing on March 30, 1945, of Assistant United States Attorney Esther B. Phillips.

Death of
Esther B.
Phillips

The State of California had long taken pride in the ability and achievements of this eminent native daughter; the United States Government long had the benefit of and valued her able services.

Born in Hanford, California, the daughter of the late Judge and Mrs. Dixon L. Phillips, Esther B. Phillips chose to follow her father's profession. At that time few women had entered the legal profession, nor can it be said that they were encouraged so to do. It took determination, courage, and a real love for the law to succeed. These qualities which Esther Phillips possessed, coupled with the brilliance and logic of her mind, caused her to become one of the outstanding lawyers of California.

A graduate of Boalt Hall School of Law at the University of California, Miss Phillips was admitted to the State Bar in 1916, becoming in 1918 the first woman editor of the University of California Law Review, and in 1929 the first woman on the Board of Governors of the San Francisco Bar Association. For the past 19 years she had served as Assistant United States Attorney for the Northern District of California, specializing in admiralty and internal revenue tax law. In addition to her heavy professional duties, she found time to serve as a member of the board of directors of the Women's City Club in San Francisco, and to hold active membership in the Women's Faculty Club and College Women's Club in Berkeley. Significant of the ability which was hers and of the recognition accorded her, Miss Phillips was retained as their assistant by three successive United States Attorneys, performing with rare ability and untiring diligence the many heavy and difficult responsibilities vested in her; and

WHEREAS, It is fitting that the memory of this brilliant public servant be perpetuated in the official records of her State in tribute to her ability and as evidence of the profound loss which her passing has occasioned and of the high regard and esteem in which she was held; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That when the respective houses of the Legislature of the State of California adjourn this day they shall do so in respect to the memory of Esther B. Phillips.

CHAPTER 51

That upon the completion of said canvass and the certification of the results thereof by the City Clerk to the Council, said Council did, by Resolution No. 80780, passed and adopted March 27, 1945, duly declare the result of said election from the canvass of the returns thereof.

The said Council did by said Resolution No. 80780 declare that the said proposed amendments to the Charter of The City of San Diego, designated as Propositions Nos. 2, 3, 4, 5, 6, 7, 8, 9, 10 and 11, were, and each and every one of them was, ratified by a majority of the qualified electors of said City voting thereon, and that said proposed amendment to said Charter designated as Proposition No. 1 received less than a majority of the votes of the qualified electors voting thereon, and was not ratified.

That as to each of the amendments to the Charter of The City of San Diego hereinafter set forth, this certificate shall be taken as a full and complete certification as to the regularity of all proceedings had and done in connection therewith.

That the proposed amendments to the Charter of The City of San Diego which were so ratified by a majority of the electors of said City are in words and figures as follows:

PROPOSITION NO. 2.

Amend Section 94 of the Charter of The City of San Diego, so as to read as follows:

etc
contracts

“Section 94. **CONTRACTS.** In the construction, reconstruction, or repair of public buildings, streets, utilities and other public works, and in furnishing any supplies, materials, equipment or contractual services for the same, or for other use by the City, when the expenditure therefor shall exceed the sum of one thousand dollars, the same shall be done by written contract, except as otherwise provided in this Charter, and the Council on the recommendation of the Manager or the head of the Department in charge, if not under the Manager’s jurisdiction, shall let the same to the lowest responsible and reliable bidder, not less than ten days after advertising for six consecutive days in a newspaper of general circulation in the City for sealed proposals for the work contemplated, provided, however, that the Council upon the recommendation of the Manager and by a vote of five of its members may order the performance of any such construction and reconstruction or repair work by the appropriate City forces when the estimates submitted as part of the Manager’s recommendations indicate that the work can be done by the City force more economically than if let by contract; provided, further, that upon the recommendation of the Manager, the Council by resolution may order the purchase, without advertising for bids, of surplus commodities from the United States of America, or any agency thereof, or from any other public corporation, state or municipal, or any agency thereof.

In case of a great public calamity, such as extraordinary fire, flood, storm, epidemic or other disaster the Council may, by resolution passed by a vote of five of its members, determine and declare that the public interest or necessity demands the immediate expenditure of public money to safeguard life, health or property, and thereupon they may proceed, without advertising for bids or receiving the same, to expend, or enter into a contract involving the expenditure of any sum required in such emergency, on hand in the City treasury and available for such purpose. All contracts before execution shall be approved as to form and legality by the City Attorney.

Each bidder shall furnish with his bid such security or deposit insuring the execution of the contract by him as shall be specified by the Council or as provided by general law.

The Council shall require each contractor under this Section to insure the faithful performance of his contract by delivering to the City a surety bond in an amount specified by the Council, executed by a surety company authorized to do business in the State of California, and in addition thereto, the retention of

sufficient payments under the contract to insure the protection of the City against labor or material liens.

The Council, on the recommendation of the Manager, or the Head of the Department not under the jurisdiction of the Manager, may reject any and all bids and re-advertise for bids. The Council may provide that no contract shall be awarded to any person, firm or corporation, if prison or alien labor is to be employed in performing such contract, or if the wage schedule for employees engaged in performing such contract are based on more than eight hours of labor per day. Any contract may be let for a gross price or on a unit basis and may provide for liquidated damages to the City for every day the contract is uncompleted beyond a specified date. It shall be competent in awarding any contract to compare bids on the basis of time completion, provided, that when any award has been made in consideration, in whole or in part, of the relative time estimates of bidders for the completion of the work, the performance in accordance with such time limits shall be secured by a surety bond as hereinabove provided with adequate sureties and penalties, and provided further, that for any contract awarded solely or partially on a specified time for completion the Council shall not extend such time limits unless such extension be recommended by the Manager and the Head of the Department concerned.

No officer, whether elected or appointed, of The City of San Diego shall be or become directly or indirectly interested in, or in the performance of, any contract with or for The City of San Diego, or in the purchase or lease of any property, real or personal, belonging to or taken by said City or which shall be sold for taxes or assessments or by virtue of legal process or suit of said City. Any person wilfully violating this section of the Charter shall be guilty of a misdemeanor and shall immediately forfeit his office and be thereafter forever barred and disqualified from holding any elective or appointive office in the service of the City.

All contracts entered into in violation of this Section shall be void and shall not be enforceable against said City; provided, however, that officers of a municipality may own stock in public utility service corporations and the City permitted to contract for public utility service when the rates for such service are fixed by law or by virtue of the Railroad Commission of the State of California, and in such cases such contracts shall be valid and enforceable obligations against the municipality, and the officer interested as a stockholder in such public utility corporation shall not be deemed to have an interest in such City contract within the meaning of this section of the Charter."

The City Clerk may discontinue the further checking of a petition after having obtained the number of names required by law.

(i) When the City Clerk has completed his examination of the petition, he shall attach to the same his certificate, properly dated, showing the result of such examination, and if from such examination he shall find that said petition is signed by the requisite number of electors of the city, or is not so signed, he shall certify that the same is sufficient or insufficient as the case may be. If his certificate shall show any such petition, or any such petition as amended, to be insufficient, it shall be retained by him and kept as a public record, without prejudice, however, to the filing of a new petition to the same effect after the expiration of six months from date of City Clerk's certificate. But if, by the certificate of the City Clerk, such petition, or such petition as amended, is shown to be sufficient, the City Clerk shall present the same to the Council without delay. If any supplemental petition be filed, all the signatures appended to the petition and to the supplemental petition or petitions shall be considered in determining the number of qualified electors signing any petition. Supplemental petition

(j) Any signer to a petition or supplemental petition may withdraw his name by filing with the City Clerk a verified revocation of his signature before the filing of the petition or supplemental petition containing his signature, with said City Clerk. The City Clerk shall endorse on said petition and on any supplemental petition the name of the person or persons who filed the same, respectively. If any signature to such petition or supplemental petition be questioned and in the judgment of the City Clerk should be investigated, the City Clerk shall forthwith mail notice to such purported signer, stating that his name is attached to such petition or supplemental petition, and cite him to appear before him forthwith to answer whether such signature is genuine. The City Clerk, within five days after filing thereof, shall attach his certificate to such petitions, showing the result of his examination. If it shall appear therefrom that any such petition is not signed by the requisite number of qualified registered electors, the same may be amended within three days from the date of such certificate by filing a supplemental petition. The City Clerk shall, within five days after such supplemental petition is filed, make like examination thereof and shall certify the result of such examination, but no further supplemental petition shall be allowed. If any such petition, as amended by a supplemental petition, be signed by the requisite number of qualified registered electors, both the petition and supplemental petition being considered together for that purpose, the person therein named shall be deemed to be nominated as a candidate to be voted for at such recall election.

It shall be unlawful to grant, sell, convey, alienate, transfer, or otherwise dispose of, except as herein provided, any part of, or any interest in, the water front, tidelands, submerged lands, or appurtenances thereunto belonging, owned, controlled, possessed, or held by the City of Los Angeles; provided, that grants of such lands may be made to the State of California or to the United States of America for public purposes, when authorized by a majority vote of the qualified voters of the city voting upon the question of authorizing any such grant at an election.

(b) Of the water frontage of Los Angeles Harbor not less than ten thousand feet thereof, linear measurement, measured along the United States harbor lines, together with the necessary co-terminus and adjacent tidelands and submerged lands, as may be determined by the board, and approved by the Council by ordinance, owned or controlled by the City of Los Angeles, are hereby forever reserved for public use to be improved, controlled, maintained and operated by the city.

(c) The Board of Harbor Commissioners, as hereinafter provided, shall have power to grant to any person, firm or corporation, franchises and permits to use the water frontage, in excess of said ten thousand feet or more as aforesaid, for purposes in connection with, or for the promotion and accommodation of commerce, navigation and fishery, together with the necessary co-terminus and adjacent tide or submerged lands, for periods not exceeding thirty years.

(d) Whenever it shall be determined by the board by order, approved by the Council by ordinance, that certain parts of such tide or submerged lands therein described may not be required at such time for use for purposes in connection with, or for the promotion and accommodation of commerce, navigation and fishery, the Board of Harbor Commissioners shall have power to grant leases of such tide or submerged lands, in excess of said ten thousand feet reserved by the city, for periods not exceeding thirty years, for any and all purposes which shall not interfere with commerce or navigation, and are not inconsistent with the trusts upon which said lands are held by the City of Los Angeles.

(e) All such franchises, permits and leases shall be granted subject to such terms and conditions and such rental or compensation as may be prescribed therein and to the limitations, conditions, restrictions and reservations in this charter contained. Every such grant for a definite period of time shall be made by order. Every order making any such grant for a period of five years or less shall be published once in the same manner as ordinances of said city, and shall take effect upon such publication. Every order making any such grant for a period of more than five years shall, before the same shall become effective, be submitted to the Council for its approval or disapproval. Action must be taken thereon by the Council within thirty days after such order shall have been submitted to it. If the Council shall approve the same such order shall thereupon be published once in the same manner as ordinances of said city; or, if the Council shall fail to disapprove any such order within said thirty days, such order shall thereupon be published once in the same manner as ordinances of said city. (f) No such grant shall ever be made to any one person, firm or corporation to use any such water frontage whatever in excess of three thousand feet, linear measurement, measured along United States harbor lines; provided, however, that more than three thousand feet of such water frontage, but not exceeding five thousand feet thereof, may be so granted whenever authorized by a majority of the qualified voters of the city voting upon the question of authorizing any such grant at an election; and provided, further, that, whenever authorized by an ordinance of the City of Los Angeles adopted by a two-thirds vote of the Council, more than three thousand feet of such water frontage, but not exceeding five thousand feet thereof, may be so granted for periods expiring not later than five years from and after the date of termination of the Unlimited National Emergency declared by the President of the United States of America in Proclamation No. 2487, dated May 27, 1941.

(g) Every such grant shall be made only upon the condition, whether expressed therein or not, that the construction of the works, structures or improvements, provided for therein, shall, if the same be not already constructed or made, be commenced within ninety days of the date of such grant, and be prosecuted diligently to completion upon such further terms and conditions as may be prescribed therein.

(h) Every such grant shall provide that in case the same, or any improvement made thereunder, or any part thereof, shall be assigned, transferred or subleased, and the control thereof be given or granted to any person, firm or corporation, so that such person, firm or corporation shall then own, hold or control, under any such grant from the city, more than the length of water frontage permitted or authorized under this charter, then such grant, and all rights thereunder, shall thereupon and thereby be absolutely terminated. No assignment, transfer, sublease, gift or grant of control shall be valid for any purpose unless first approved by the Board of Harbor Commissioners.

(i) Every such grant shall be subject to such rights of way over the lands embraced therein for such sewers, pipe lines, conduits, and for such telephone, telegraph, light, heat or power lines as may from time to time be determined by the Board of Harbor Commissioners, and the same shall be subject to such rights of way for such streets and other highways and for such railroads and other means of transportation as shall have been duly established or as shall be reserved in such grant. No such grant shall ever be made that shall provide for any use of the property or for the construction or placing of any structure, building or other improvement thereon that shall interfere with any plan approved or adopted by the city for harbor improvements, or for the development of facilities for the promotion and accommodation of commerce, navigation or fishery, or for providing railroad or other terminal facilities.

(j) Every such grant shall prescribe that upon the expiration thereof, all wharves, piers, docks, slips, bulkheads, sea walls and channels, constructed or maintained thereunder, shall be and become the property of the City of Los Angeles without compensation therefor to the grantee or holder thereof, and as to the other permanent structures or improvements constructed or maintained thereunder, shall prescribe whether the same shall become the property of the city without compensation or upon compensation to be paid to such grantee or holder, or shall be removed by such grantee or holder at his own expense.

(k) The Board of Harbor Commissioners shall have power to declare a forfeiture of any such grant upon the neglect, failure or refusal by the grantee thereof to comply with any of the terms or conditions thereof. Upon any such forfeiture, any and all buildings, structures and improvements of whatsoever character, erected, installed or made, under, through, or because of, or pursuant to the terms thereof, shall immediately *ipso facto* become the property of the city, and every such grant shall so provide.

(1) That the certain tract in the outer harbor designated as Pier Number One, and formerly known as the Huntington concession, and all wharves and other improvements thereon or pertaining thereto now or hereafter constructed, shall never be sold, conveyed, alienated, leased or otherwise disposed of in whole or in part, in any manner to any private person, firm or corporation whatsoever, nor shall any lease, franchise, privilege or permit ever be granted to any private person, firm or corporation of, in or to said tract, wharves or other improvements, or any part thereof; but said tract, wharves and other improvements, and the whole thereof, shall be forever reserved by the City of Los Angeles for public improvements and municipal uses, to be made, constructed, operated and maintained by the City of Los Angeles; provided, however, that revocable permits, berth assignments and assignments of space in warehouses may be granted covering the use of said tract and improvements thereon in the manner elsewhere in this charter prescribed; and provided further that any municipal railroad tracks upon said property may be leased or operated as elsewhere in this charter prescribed.

CHAPTER 68

Senate Joint Resolution No. 16—Relative to memorializing the Congress of the United States in relation to prices for fresh fruits.

[Filed with Secretary of State April 21, 1945]

WHEREAS, The production and marketing of fresh fruits is an important part of the agricultural industry of the State of California; and

WHEREAS, The prices received by the producers of fresh fruits are established by the Office of Price Administration after consultation with advisory committees selected by that agency as representative of the particular branch of the fresh fruit and vegetable industry; and

WHEREAS, There is no requirement that producers be represented on such advisory committees and it is reported that such committees for certain products have been selected entirely from shippers or dealers to the exclusion of the producers; and

WHEREAS, There is no requirement that the producers shall be permitted to be represented at the meetings at which the price for their product is determined and it is reported that in some instances legal and technical representatives of producers have been unable to present important facts and data at such meetings; and

WHEREAS, The cost of picking and handling fruit is a major factor in the cost of production and when the price is fixed so low that it does not pay to pick the fruit the public is deprived to that extent of an essential factor in a balanced diet; and

WHEREAS, The producers of fresh fruit are the persons most directly affected by the establishment of prices for their products and are best informed as to all of the factors that enter into the establishment of such a price as will assure the maximum distribution of their products to the public; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Congress of the United States is hereby memorialized to consider and act upon such legislation as may be necessary to provide that members of the advisory committees of the Office of Price Administration be selected entirely from the producers of the particular agricultural products the price of which is to be fixed, and also to provide that at all hearings or meetings at which the price of any agricultural product

is to be considered the producers of such product shall be afforded an opportunity to appear by counsel or otherwise and produce all relevant testimony and evidence as to production costs and other factors necessary in the determination of a proper price; and be it further

Resolved, That the Secretary of the Senate is hereby directed to transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, and to each Senator and Representative in the Congress of the United States from California.

[Filed with Secretary of State April 24, 1945.]

Prevention
of beach
erosion

WHEREAS There are now pending before the Congress of the United States two measures designed to aid in the protection of beaches along the shores of the United States, which measures will shortly be heard before the House Committee on Rivers and Harbors; and

WHEREAS, The first of these measures, H. R. 2032, authorizes general shore-line investigations, with a view to preventing shore erosion by waves and currents and to determining the most suitable methods for the protection, restoration, and development of bathing beaches, the cost of such investigations to be borne wholly by the United States; and

WHEREAS, The second of these measures, H. R. 2033, authorizes Federal participation in the cost of protecting the shores of publicly owned property, declaring it to be the policy of the United States to assist in the construction, but not the maintenance, of works for the improvement and protection against erosion of the shores of the United States that are owned by States, municipalities or other political subdivisions, provided that the Federal contribution toward the construction of protective works shall not in any case exceed one-third of the total cost; and

WHEREAS, The purposes sought to be accomplished by these measures are of particular interest to the coastal State of California, its political subdivisions, and its people in that thereby damage to public property may be prevented and healthful recreation may be promoted and encouraged; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California hereby respectfully memorializes the Congress of the United States to enact H. R. 2032 and H. R. 2033 of the 79th Congress, 1st Session, relating to the investigation and protection of beaches; and be it further

CHAPTER 70

Assembly Concurrent Resolution No. 41—Relative to “Living War Memorials.”

[Filed with Secretary of State April 24, 1945]

WHEREAS, Memorials erected in the past to honor those who fought in this Country's wars too frequently failed to exemplify the spirit in which and the purpose for which fighting men served; and

“Living War
Memorials”

WHEREAS, War memorials should commemorate the courage and sacrifices of those who served and those who died; should not glorify instruments of war; should contribute to the character, health, and advancement of American citizenship; and

WHEREAS, Suggestions for “Living War Memorials” include such projects as parks, recreation centers, playgrounds, athletic facilities, swimming pools, hospitals, libraries, auditoriums, educational institutions, and other means for improvement of public welfare; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, as follows:

1. That it is the sense of this Legislature that when war memorials are built to honor those who have fought the present war they shall be primarily “Living War Memorials” such as best commemorate the lives and purposes of those to whom they are dedicated; that lifeless, useless memorials shall be discouraged as they too easily permit us to forget the sacrifices which have been made in attaining victory and winning peace; and

2. That it is the sense of this Legislature that the Governor would further the welfare of this State by appointment of a commission of patriotic citizens who shall serve without compensation, to encourage the building, in all communities, of “Living War Memorials” which will serve those communities in continued contributions to the living, thus preserving forever the sacred memory of those who have made Free America secure; and

3. That the Chief Clerk of the Assembly is directed to transmit to the Governor a properly attested copy of this resolution.

Assembly Joint Resolution No. 31—Relative to memorializing the President and the Congress of the United States and the Federal Surplus Property Board to establish or designate a special agency to which municipalities and other public bodies may deal in the purchase of Federal surplus properties.

[Filed with Secretary of State April 30, 1945.]

By the Federal “Surplus Property Act of 1944,” an agency known as the “Surplus Property Board” was created and provision was made for the disposition of surplus property belonging to the Federal Government and its agencies.

Federal surplus property: Special agency to deal with cities, etc.

This law directs the board to designate one or more agencies to act as a disposal agency for surplus property and, so far as the board deems feasible, that it shall centralize in one disposal agency responsibility for the disposal of all property of the same type or class.

It has been shown by the experience of counties, municipalities and other public agencies in attempting to purchase Federal surplus property that the interests both of the Federal Government and its agencies and of the local bodies would be best served by setting up a separate department or agency to deal with cities and other political subdivisions and agencies with regard to the disposition of such property, more particularly of the classes of property which are likely to be in demand for the needs of such local bodies. Under the present organization, the responsibility for the disposition of such property is divided among several agencies and the resulting confusion is harmful to the interests of both the Federal Government and local political subdivisions and agencies; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the President and the Congress of the United States and the Surplus Property Board are hereby respectfully requested to designate or establish by change in the law or by administrative action a single Federal agency to deal exclusively with cities and other political subdivisions and agencies desirous of acquiring such property; and, be it further

Resolved, That the Chief Clerk of the Assembly be and he is hereby directed to transmit copies of this resolution to the President and the Vice President of the United States, the Speaker of the House of Representatives, and the Senators and Members of the House of Representatives from California.

Assembly Joint Resolution No. 35—Relative to income and resources of recipients of aid to the aged and of aid to the blind.

[Filed with Secretary of State April 30, 1945.]

Aid to aged
and blind.
Income

WHEREAS, That provision of subdivision (a) of Section 2 of Title I of the Social Security Act which provides that "a State plan for old-age assistance must . . . provide that the State agency shall, in determining need, take into consideration any other income and resources of an individual claiming old-age assistance" and the similar provision of subdivision (a) of Section 1002 of Title X of the act, relating to aid to the blind, are construed to require that the occupancy value of a home owned and occupied by a recipient of such assistance must be regarded as income or a resource of the recipient, and deducted from the amount of assistance to which he would otherwise be entitled; and

WHEREAS, The amount of these deductions is a comparatively small sum, so that the amount of public money withheld from recipients for this reason is lost to the States and the United States Government by the increased cost of administration resulting from investigation and accounting to establish the amount of the deductions; and

WHEREAS, Consideration of the occupancy value of homes of recipients as income or resources discourages thrift leading to home ownership; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Congress and President of the United States are hereby urged and memorialized to enact such amendments to the Social Security Act as will insure that ownership and occupancy of a home will not be considered income or resources of recipients of old-age assistance or of aid to the blind; and be it further

Resolved, That the Chief Clerk of the Assembly is hereby directed to transmit copies of this resolution to the President and Vice President of the United States, and to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

WHEREAS, His birthday, January 30th, has long been a day devoted to a part of his many humanitarian efforts; and

WHEREAS, It is fitting and appropriate that January 30th should be declared a National holiday to be known as "Roosevelt's Birthday" in respect to the memory of Franklin Delano Roosevelt; now, therefore, be it

CHAPTER 86

Assembly Joint Resolution No. 33—Relative to memorializing Congress to erect a Statue of Freedom on the coast of California.

[Filed with Secretary of State May 7, 1945]

Statue of
Freedom

WHEREAS, Since she was unveiled to the world in 1886, the Statue of Liberty has stood at the Atlantic threshold of our Union as a glorious symbol of American heritage—those four great freedoms: Freedom of speech, freedom of worship, freedom from fear, and freedom from want; and

WHEREAS, To “the tired, the poor, the huddled masses,” she has brought hope and inspiration; to “the homeless and the tempest-tost she lifts her lamp beside the golden door,” pointing the way toward the peace and security of free men; and

WHEREAS, The torch she bears aloft on Bedloe Island is as a beacon of enlightenment to the troubled lands across the waters, shrouded in darkness, desolation and despair; and

WHEREAS, Similar darkness reigns across the waters of the Pacific but no such beacon lights the way; and

WHEREAS, More and more, as the present conflict proceeds toward allied victory does an awakened Asia look toward our western shores, in search and contemplation of those principles and ideals for which our Nation stands; and

WHEREAS, In these years of war, California has risen to prodigious heights as the great military and industrial center of the West—where troops embark for the Pacific, where most of the Nation's ships and planes are built, where much of the Nation's food supply is grown; and

WHEREAS, In the postwar years California will emerge as the great center of Pacific commerce and travel by air and sea—the great link between the east and west; and

WHEREAS, It is fitting that there be on the California coast a visible symbol of freedom, a sister, as it were, to her who graces New York Harbor, that Asia as well as Europe may view the essence of our great ideal and feel the impact of its promise; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That Congress is hereby respectfully memorialized to erect upon the coast of California a Statue of Freedom similar in import to that upon our Atlantic shore; and, be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit a copy of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California at its Fifty-sixth Regular Session commencing on the eighth day of January, 1945, two-thirds of all the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California to amend Sections 2, 34 and 34a of Article IV of the Constitution of said State so as to read as follows, respectively:

Constitution
Art. IV,
Secs. 2, 34,
and 34a

First: That Section 2 of Article IV of the State Constitution be amended to read:

Legislative
sessions

SEC. 2 The sessions of the Legislature shall be annual, but the Governor may, at any time, convene the Legislature, by proclamation, in extraordinary session.

All regular sessions in odd numbered years shall be known as general sessions.

All regular sessions in even numbered years shall be known as budget sessions, at which the Legislature shall consider only the Budget Bill for the succeeding fiscal year, revenue acts necessary therefor, urgency measures requiring a two-thirds vote, acts calling elections, proposed constitutional amendments, the approval or rejection of charters and charter amendments of cities, counties, and cities and counties, and acts necessary to provide for the expenses of the session.

All general sessions shall commence at 12 o'clock m., on the first Monday after the first day of January, and shall continue for a period not exceeding 30 days thereafter; whereupon a recess of both houses must be taken for not less than 30 days. On the reassembling of the Legislature, no bill shall be introduced in either house without the consent of three-fourths of the members thereof, nor shall more than two bills be introduced by any one member after such reassembling.

All budget sessions shall commence at 12 m. on the first Monday in March.

Second: That Section 34 of Article IV of the State Constitution be amended to read:

State Budget

SEC. 34. The Governor shall, at each regular session of the Legislature, submit to the Legislature, with an explanatory message, a budget containing a complete plan and itemized statement of all proposed expenditures of the State provided by existing law or recommended by him, and of all its institutions, departments, boards, bureaus, commissions, officers, employees and other agencies, and of all estimated revenues, for the ensuing fiscal year, together with a comparison, as to each item of revenues and expenditures, with the actual revenues and expenditures for the last completed fiscal year and the actual and estimated expenditures for the existing fiscal year. If the proposed expenditures for the ensuing fiscal year shall exceed the estimated revenues therefor, the Governor shall recommend the sources from which the additional revenue shall be provided.

The Governor shall submit the budget within the first 30 days of each general session, and prior to its recess, and within the first three days of each budget session.

The Governor, and also the Governor-elect, shall have the power to require any institution, department, board, bureau, commission, officer, employee or other agency to furnish him with any information which he may deem necessary in connection with the budget or to assist him in its preparation.

Budget Bill

The budget shall be accompanied by an appropriation bill covering the proposed expenditures, to be known as the Budget Bill. The Budget Bill shall be introduced immediately into

each house of the Legislature by the respective chairmen of the committees having to do with appropriations, and shall be subject to all the provisions of Section 15 of this article. The Governor may at any time amend or supplement the budget and propose amendments to the Budget Bill before or after its enactment, and each such amendment shall be referred in each house to the committee to which the Budget Bill was originally referred. Until the Budget Bill has been finally enacted, neither house shall place upon final passage any other appropriation bill, except emergency bills recommended by the Governor, or appropriations for the salaries, mileage and expenses of the Senate and Assembly.

No bill making an appropriation of money, except the Budget Bill, shall contain more than one item of appropriation, and that for one single and certain purpose to be therein expressed.

In any appropriation bill passed by the Legislature, the Governor may reduce or eliminate any one or more items of appropriation of money while approving other portions of the bill, whereupon the effect of such action and the further procedure shall be as provided in Section 16 of this article.

Reduction
or elimina-
tion of items
of appro-
priation

In case of conflict between this section and any other portion of this Constitution, the provisions of this section shall govern, except that any item of appropriation in the Budget Act, other than for the usual current expenses of the State, shall be subject to the referendum.

The Legislature shall enact all laws necessary or desirable to carry out the purposes of this section, and may enact additional provisions not inconsistent herewith.

Third: That Section 34a of Article IV of the State Constitution be amended to read:

SEC. 34a. Appropriations from the General Fund of the State for any fiscal year, exclusive of appropriations for the support of the Public School System, shall not exceed by more than 5 per centum the appropriations from such fund, exclusive of such public school appropriations, for the preceding fiscal year unless two-thirds of all the members elected to each house of the Legislature vote in favor thereof; provided, that no amount appropriated in excess of such 5 per centum shall become a part of the base for determining the maximum appropriation for a succeeding fiscal year and provided that the base for the Ninety-ninth Fiscal Year shall be one-half of the base in effect for the Ninety-seventh and Ninety-eighth Fiscal Years plus 5 per centum. Should the appropriations in the Budget Act for any fiscal year exceed the limitations herein prescribed, and such Budget Act be not passed by such two-thirds vote, the several items of appropriation therein shall be deemed reduced by that percentage which the excess amount of appropriation bears to the total appropriation. Should the prescribed limit for any fiscal year be exceeded by reason of any other appropriation or appropriations from the General Fund, then the appropriation first passed by the Legislature without such two-thirds vote, which exceeds such prescribed limitation, shall be deemed

Appropriation
limitations

reduced by the amount of such excess, and all other subsequent appropriations from the General Fund not passed by such two-thirds vote shall be void. Nothing herein contained shall prevent the Governor from vetoing any bills or reducing any appropriation therein or any appropriation reduced as herein provided.

Taxes on real
property

Not more than 25 per centum of the total appropriations from all funds of the State shall be raised by means of taxes on real and personal property according to the value thereof.

Such precinct boards shall be the officers of election to conduct the holding of, and make returns of, such election. Precinct board members shall be registered, qualified electors and residents of the precincts in which they serve.

The manner of the selection and appointment of officers of election shall be determined by the City Council by ordinance. No candidate who has taken out papers for nomination shall be permitted to act as an election officer, nor shall the polling place be held in his residence. All ordinances ordering the holding or consolidation of elections shall be published once in some daily newspaper printed and published in said city at least five days prior to the date of said election.

Sec. 304. The City Clerk shall provide, for every election, ^{Ballots} ballots for each election precinct or consolidated election precinct established therefor, not less than five per cent in excess of the total number of electors registered in each such election precinct or consolidated election precinct. The amount of the fee so collected shall be credited as a partial payment on the total filing fee provided for in Section 320 of this charter.

CHAPTER 103

Assembly Concurrent Resolution No. 65—In tribute to the memory of Harry Chandler.

[Filed with Secretary of State May 24, 1945]

Death of
Harry
Chandler.

WHEREAS, In September of 1944, while this Legislature was in recess, there passed from this life Harry Chandler, beloved Californian and long publisher of the Los Angeles Times. Today the deep loss occasioned by his passing endures, nor would any history of Los Angeles, or indeed of California, be complete without the name of Harry Chandler and a record of his large part in the West's growth and development; and

WHEREAS, Coming as a young man to California, when it, too, was young, Harry Chandler grew with it and helped it to grow. In his span of 80 years his interests and endeavors were widespread. He aided in the promotion of the Los Angeles aqueduct to tap the water from Owens Valley. With associates he purchased the 60,000-acre Van Nuys Ranch, converting it from dry-farming to small, irrigated home sites, and instigated the building of the first paved road in California outside of a city. He was among the first to advocate a flood-control dam for the Colorado River. The Los Angeles Civic Center and the Union Railroad Station were, at their inception, Chandler ideas. For years he was a director of the Los Angeles Merchants and Manufacturers Association, a member of the Board of Trustees of Stanford University and of the California Institute of Technology, and one of the principal Los Angeles supporters of the Salvation Army; and

WHEREAS, He held the earnest but bitterly contested belief that industrial peace and stability were to be attained through the open shop—that only thereby would a square deal be afforded both employer and employed. Though others might differ from him in this view, none could rightfully question the sincerity of his convictions nor the high motives which actuated them; and

WHEREAS, Many institutions—business, civic, educational and philanthropic—bear the stamp of his influence. Yet above all these interests and nearest to his heart was the Los Angeles Times, with which his name in time became synonymous. On its pages throughout the years he strove to achieve the highest ideals of his profession, editing and publishing it, not as a private enterprise, but in the nature of a public trust, championing whatever cause he deemed to be just and holding steadfastly to the principles in which he believed; and

WHEREAS, It is fitting that there be perpetuated in the official records of this State a tribute to the memory of Harry Chandler, one of California's truly great; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That when the Legislature this day adjourns it shall do so in respect to the memory of Harry Chandler; and be it further

Resolved, That the Chief Clerk is directed to convey to the bereaved family of Harry Chandler this sincere expression of tribute from the Legislature of the State of California.

CHAPTER 104

Senate Joint Resolution No. 19—Relative to memorializing Congress to maintain the existing gold reserve ratios and to enact legislation to increase the monetary value of gold.

[Filed with Secretary of State May 26, 1945]

WHEREAS, The State of California is the leading gold-mining State in the Union, producing over forty-five million dollars (\$45,000,000) in virgin gold during the last year of unrestricted operation before the war, with many of its communities existing because, and dependent upon, this industry; and

WHEREAS, Any Congressional action in regard to gold reserve ratios or gold valuation is of vital and special interest to California, particularly when cost of labor, materials and equipment makes gold mining less profitable; and

WHEREAS, There is now pending before Congress S. 510, by Senator Wagner, to reduce the gold reserve ratios provided by the Federal Reserve Act of 1913, in order that currency may be expanded; and

WHEREAS, As an alternative to such action, Representative Engle has introduced H. R. 2343 and Senators McFarland and Scrugham have introduced S. 649, to continue existing gold reserve ratios required to be maintained against Federal Reserve notes in actual circulation and Federal Reserve bank deposits, by increasing the monetary value of gold; and

WHEREAS, By the latter proposal the dollar value of gold will be increased in precisely the same proportion and permit issuance of the same amount of currency as would be possible by reducing the reserve requirement, but without the inflationary dangers presented by the Wagner plan, and will at the same time benefit the gold-mining industry and do no harm in the international field; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature hereby expresses its opposition to S. 510 of the 79th Congress, 1st Session, and its approval of H. R. 2343 and S. 649 of said Congress, and hereby respectfully memorializes the President and the Congress of the United States to so act that the purpose sought to be achieved by H. R. 2343 and S. 649 may be effected; and be it further

Resolved, That the Secretary of the Senate is directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the Federal Reserve Board.

Senate Joint Resolution No. 25—Relative to memorializing the officers and agencies of the Federal Government to take immediate action for the conversion of the Kaiser Steel Plant at Fontana, California, to a peacetime industry.

[Filed with Secretary of State May 28, 1945]

Kaiser steel
plant at
Fontana

WHEREAS The construction of the Fontana Steel Mill by the Kaiser Company was authorized to meet an urgent wartime need, and has been accomplished under the handicaps of wartime conditions as to cost, available materials and financial provisions; and

WHEREAS, The rapid construction and operation of said plant have enabled it to contribute materially to the war effort; and

WHEREAS, This plant represents an important addition to the industrial facilities of the entire West and a basic addition to the facilities within our State; and

WHEREAS, It is of vital importance to the achievement of economic stability and full employment in the postwar years that this facility be operated for the benefit of Western industry, consumers, and workers; and

WHEREAS, It appears that the contribution of this plant to the war effort will be completed in the near future; and

WHEREAS, Early decisions are needed as to the method by which this plant can be converted from its distinct status as a vital war facility to the status of an enterprise capable of competing successfully in the peacetime economy; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly:

1. That the prompt conversion of the Fontana Steel Plant to uses which will serve the peacetime industrial needs of California and the Western States is vital to the effort to achieve orderly postwar adjustment and full employment;

2. That agencies and officers of the Federal Government concerned with policies affecting this plant be urged to give early and thorough consideration, in such policies, to those which will create for this plant a normal and permanent status in our economy;

3. That full consideration be given by such agencies and officers to insuring the operation of this plant under reasonable competitive conditions, and under management policies which will give adequate consideration of the needs of Western industrial development;

4. That in the reconversion of this, as well as other Western war industries, the fullest consideration be given to programs which contemplate the continued operation of these plants by those who pioneered them, not only as a recognition of what they have done to balance our economy, but also as additional assurance to the people in interdependent enterprises that a

determined effort will be made here in peacetime to perpetuate and expand the opportunities which they have created;

5. That the Federal Government act immediately on a conversion policy for the Fontana Plant and other basic Western industry;

6. That the Secretary of the Senate and the Chief Clerk of the Assembly are directed to transmit copies of this resolution to the Honorable Harry S. Truman, President of the United States, and to all members of the Senate and House of Representatives of the Congress of the United States from California, and to the Honorable John Snyder, Federal Loan Administrator.

WHEREAS, The people of the State of California, through the Legislature, desire to extend official welcome to the Honorable Harry S. Truman upon his first visit to California as President of the United States and to evidence their faith and confidence in him as the Nation's Chief Executive at this crucial period of history; now, therefore, be it

WHEREAS, Soldiers and sailors who have received wounds or have been otherwise physically or mentally disabled are being returned in increasing numbers to the United States for convalescent and rehabilitation treatment, to make possible their return to the armed forces or to civilian life; and

WHEREAS, Medical experience, during many years, has demonstrated the great value of mineral spring or properly conducted spa treatment for patients suffering from nervous and other physical and mental disorders; and

WHEREAS, California possesses many areas easy of access, with climatic and environmental conditions of highest order, in which treatment procedures such as those carried on in Saratoga Springs in New York and in Hot Springs National Park in Arkansas could be easily established; and

WHEREAS, Additional governmental hospitals are still being authorized and erected by the military authorities; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, at this Fifty-seventh Regular Session of the Legislature, That the President and Congress of the United States and the Surgeon Generals of the United States Army and United States Navy are hereby respectfully memorialized to consider the advisability of, and the special advantages to be derived from, establishing one or more military hospitals in mineral spring areas in the State of California, where in healthful surroundings and with appropriate spa-structures and equipment, the convalescence, health and rehabilitation of large numbers of invalided soldiers and sailors could be more effectively promoted and their return to useful military or civilian life be more definitely assured; and be it further

Resolved, That as a result of such considerations, affirmative action be taken to accomplish the foregoing purposes; and be it further

Resolved, That the attention of the President and Congress of the United States and of the Surgeon Generals of the Army and Navy is hereby called and re-directed to Senate Joint Resolution No. 12, unanimously adopted by the Fifty-fifth California Legislature (Cal. Stats. 1943, Res. Ch. 52), on this same subject, copies of which resolution were transmitted to them upon its adoption; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit copies of this resolution, and of the Senate Joint Resolution of the Fifty-fifth Legislature hereunto annexed, to the President of the United States, the Surgeon Generals of the United States Army and the United States Navy, to the President pro tempore of the Senate of the United States, the Speaker of the House of Representatives of the United States, and to each Senator and Representative from California in the Congress of the United States; and that the Senators and Representatives from California be respectfully requested to urge such action.

CHAPTER 120

Senate Concurrent Resolution No. 57—Relative to the providing of human blood and its derivatives to the people of this State.

[Filed with Secretary of State June 16, 1945]

Making
human blood
and
derivatives
available
throughout
State

WHEREAS, It is the desire of the Legislature to provide in every way possible for the provision of human blood and derivatives of human blood throughout the State to the end that these products be made readily available to all the people of the State; and

WHEREAS, It is necessary in making such provision that the Legislature be fully informed on the problems relating to the provision of such products; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Department of Public Health is hereby requested and directed to investigate the problem of provision of human blood and derivatives of human blood to the people of the State and that the State Department of Public Health shall report to the Fifty-seventh Session of the Legislature the results of its investigation and make recommendations as to a program for making such products available, together with facilities required for such purposes and the cost thereof; and be it further

Resolved, That the Governor and the State Reconstruction and Reemployment Commission be requested to include a study of such as a part of postwar planning; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Governor, to the Department of Public Health, and the State Reconstruction and Reemployment Commission.

CHAPTER 121

Senate Concurrent Resolution No. 67—Relative to adding Section 37.5 to the Joint Rules of the Senate and Assembly relative to the Legislative Budget Committee.

[Filed with Secretary of State June 16, 1945]

Resolved by the Senate of the State of California, the Assembly thereof concurring, That Rule 37.5 of the Joint Rules of the Senate and Assembly be amended to read :

“Vacancies in Budget Committee

37.5. Any vacancies occurring between sessions, in the Senate membership of the Legislative Budget Committee, shall be filled by the Senate Committee on Rules, and the Senators appointed shall hold over until their successors are regularly selected. For the purposes of this provision, a vacancy shall be deemed to exist as to a Senator whose term is expiring whenever he is not reelected at the general election.

Any vacancy occurring at any time in the Assembly membership of the committee shall be filled by appointment by the Speaker.”

CHAPTER 122

Senate Joint Resolution No. 22—Relative to amendment of the Federal Social Security Act in respect to old-age assistance.

[Filed with Secretary of State June 16, 1945]

WHEREAS, The present provisions of the Federal Social Security Act governing grants to States for old-age assistance are in need of reconsideration and liberalization, particularly that provision which requires the State agency, in determining need, to take into consideration any other income and resources of an individual claiming such assistance, including his earnings, and which is interpreted and applied to require the deduction of earnings of the recipient from the grant of assistance which he would otherwise be eligible to receive; and

WHEREAS, It is the consensus of the people and the Legislature of the State of California that recipients of old-age assistance ought to be permitted to supplement that assistance by their labor to a reasonable extent without deduction of their earnings, to the amount of twenty dollars (\$20) per month, from the aid or assistance provided to them; that such permission would not only improve the economic condition of the recipients, but afford them a share of the happiness and enhanced self-respect which results from participation in honest and needed work; and that it would make available, at this time when manpower is so sorely needed, an additional substantial working force; and

WHEREAS We are informed that the Committee on Ways and Means of the House of Representatives in the Congress of the United States is presently engaged in a extensive social security study, and that numerous bills have been introduced in Congress directed to the liberalization of the Social Security Act in this and other desirable respects, including H. R. 65 by Mr. Lane, H. R. 637 by Mr. Wickersham, H. R. 2582 by Mr. Burkner, and H. E. 2964 by Mr. Anderson; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature of the State of California hereby urges and memorializes Congress to continue the study of needed amendments to the Social Security Act, and to enact such amendments to that act as may be necessary to permit recipients of old-age assistance to earn up to twenty dollars (\$20) monthly without deduction of such earnings from the amount of assistance to which they would otherwise be entitled; and be it further

Resolved, That the Legislature of the State of California does hereby endorse those proposals now before Congress looking to the liberalization of the Social Security Act, and urges their favorable consideration; and be it further

Resolved, That the Secretary of the Senate is hereby directed to send copies of this resolution to the President of the United States, the President of the Senate, the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 123

Senate Joint Resolution No. 26—Relative to the destruction of agricultural crops by wild ducks.

[Filed with Secretary of State June 16, 1945.]

Destruction
of crops by
wild ducks

WHEREAS, The number of wild ducks in the State of California has been rapidly increasing in recent years, and because of the vigorous efforts of associations of wildlife conservationists such as "Ducks, Unlimited" will probably continue to increase; and

WHEREAS, Concurrently with the increase in the wild duck population the number of ducks killed in California has decreased, due to the absence of many men in the armed forces or in war industries, to the shortage of transportation, and to other causes connected with the war effort; and

WHEREAS, Wild ducks annually destroy great quantities of valuable foodstuffs by eating young and growing plants with the result that the loss of food values because of the destruction of growing plants which are not allowed to mature greatly exceeds the food values actually consumed by the wild ducks; and

WHEREAS, Federal regulations prohibit the feeding of wild ducks by the spreading of grain or similar means although it would be far less expensive to feed the ducks on harvested grain than to permit them to destroy growing crops in an immature state; and

WHEREAS, The regulations prohibiting the feeding of wild ducks are not suitable to presently existing conditions and result in an enormous direct loss to California agriculture and to the National war effort because of the reduction of the National food supply; and

WHEREAS, There exist in California numerous organizations of farmers and others who would be willing to feed large numbers of wild ducks and thus prevent the continuation of the loss being suffered by the farmers of the State; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California hereby urgently requests that the regulations of the United States which prohibit the feeding of wild ducks be rescinded or suspended until such time as the number of wild ducks is reduced so as not to constitute a menace to California agriculture, and be it further

Resolved, That the Secretary of the Senate is directed to transmit a copy of this resolution to the Fish and Wildlife Service of the United States Department of Interior and to each Senator and Member of the House of Representatives in the Congress of the United States from California.

CHAPTER 124

Senate Joint Resolution No. 27—Relative to current movements for a lenient peace with Japan, and memorializing the President and Congress to insist upon complete and unconditional surrender.

[Filed with Secretary of State June 16, 1945]

WHEREAS, Rumors are now prevalent that preliminary peace overtures by Japan are in progress by way of sounding out neutral governments and, in one reported instance, by approaching an American diplomat in a neutral capital for the purpose of discussing peace possibilities; and

Unconditional
surrender
of Japan

WHEREAS, There are further indications that Japan, in its efforts to obtain a more lenient peace, is attempting to sow seeds of disunity and suspicion between the United States and Great Britain on the one hand, and our great ally, Russia, on the other, by intimations that Great Britain and the United States will need a buffer against communist Russia, and that Russia will require a like buffer against the capitalistic nations, which role Japan would be willing to assume in the so-called interests of world peace; and

WHEREAS, Observers have detected an undertone of Japanese propaganda surrounding the United Nations Conference on International Organization, manifesting itself in the nationalistic movements and economic hopes of Asiatic contingents who are reluctant to merge with Western civilization and still harbor resentment at old wrongs from Caucasian overlords; and

WHEREAS, These contingents, desiring freedom both from Japanese militarism and from prewar Caucasian influence, have expressed hopes of a Japan which is subdued militarily but left with industrial strength to serve as a guide for their own economic progress and as a chief source of trade; and

WHEREAS, If compromise terms of conditional surrender are acceded to and Japan is enabled to maintain the remnants of her economic and political strength, she will be in a position to recover quickly from the ravages of war she has instituted; and

WHEREAS, Unless Japan is utterly crushed and broken in this war and her power to make war forever destroyed, the Japanese people will regard defeat as a temporary set-back and, in accordance with their fanatical faith that they are destined by their gods to conquer the world, will begin once again to build for another ruthless attempt at world conquest; and

WHEREAS, Heretofore the United States Government has been adamant in its demand for a decisive and conclusive victory upon terms of unconditional surrender, so essential to the future well being of the world; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to reject any compromise peace proposals which may be offered by or in behalf of Japan, and to insist upon complete and unconditional surrender; and be it further

Resolved, That the Secretary of the Senate is directed to transmit copies of this resolution to the President of the United States, the President pro tempore of the Senate of the United States, the Speaker of the House of Representatives of the United States, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 125

Senate Joint Resolution No. 28—Relative to memorializing Congress to enact H. R. 2536, Seventy-ninth Congress, First Session, relating to the regulation of transportation companies.

[Filed with Secretary of State June 16, 1945]

Transportation
company
regulation

WHEREAS, The National Congress in the Transportation Act of 1940 specifically declared a National transportation policy to provide for fair and impartial regulation of rail, water and highway carriers and declared that the Interstate Commerce Commission should recognize and preserve the inherent advan-

tages of each method of transportation and should promote safe, adequate, economical and efficient common carrier services, foster sound economic conditions in transportation and maintain reasonable rates without unjust discrimination, undue preferences or unfair, competitive practices; and

WHEREAS, The welfare of the State of California in a large measure depends upon the several modes of transportation thus regulated to transport from this State to eastern markets the products of its fields, fisheries, mines and factories, and this State is therefore vitally interested in the effective administration by the Interstate Commerce Commission of the National transportation policy of Congress; and

WHEREAS, The specialized nature of California's productive capacities, both industrial and agricultural, can only find outlet in markets beyond the boundaries of this State; and

WHEREAS, Some confusion and uncertainty exists as to how and by whom Federal regulations of rates and services of common carriers should be administered and whether or not common carriers and shippers, both producers and consumers may consult and confer with regard to coordinated and efficient through transportation rates and practices; and

WHEREAS, There has been introduced in the Congress of the United States, H. R. 2536, which will unequivocally confer upon the Interstate Commerce Commission complete jurisdiction to supervise, approve, reject and otherwise control all joint and cooperative arrangements and agreements between common carriers and between common carriers and shippers, and between joint agencies and associations of common carriers respecting the rates and services of all such common carriers; and

WHEREAS, The enactment of said H. R. 2536 will remove and set at rest the confusion and uncertainty presently existing with regard to the powers of the Interstate Commerce Commission under said National transportation policy; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California hereby memorializes the Congress of the United States of America to enact H. R. 2536 in order that the powers and authority of the Interstate Commerce Commission may be clarified and confirmed without further unnecessary delay or confusion; and be it further

Resolved, That the Secretary of the Senate is hereby directed to send copies of this resolution to the office of the President of the United States and to each member of the Senate and House of Representatives in the Congress of the United States from California

CHAPTER 126

Senate Joint Resolution No. 31—Relative to memorializing Congress to enact legislation to enable California to extend its State Unemployment Insurance Act to cover employees in Federal war plants and agencies.

[Filed with Secretary of State June 16, 1945]

Unemploy-
ment insur-
ance for
employees
in Federal
war plants
and agencies

WHEREAS, Many inhabitants of the State of California are engaged in employment with large war plants operated by the United States Government; and

WHEREAS, The employment of these industrial workers in Government yards will undoubtedly terminate shortly before or after the end of the war; and

WHEREAS, By reason of their employment by the Federal Government, these workers are excluded from benefits under the Unemployment Insurance Act of this State, with the result that, though employment in private war plants is protected by the California Unemployment Insurance Act, the same type of employment in Government plants in the same locality is without such protection; and

WHEREAS, Failure to extend unemployment insurance coverage to these workers and to the 250,000 employees in Federal war agencies in California will create a serious social and economic problem in this State during the reconversion period; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Congress of the United States is hereby respectfully memorialized to reconsider enacting Federal legislation to make such appropriations as are necessary to permit the State of California to extend its Unemployment Insurance Act to cover employees in Federal war plants and agencies; and be it further

Resolved, That the Secretary of the Senate is directed to transmit copies of this resolution to the President of the United States, the President Pro Tempore of the Senate of the United States, the Speaker of the House of Representatives of the United States, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 127

Assembly Joint Resolution No. 16—Relative to memorializing Congress to enact legislation to establish permanent military and naval academies on the Pacific and Gulf Coasts.

[Filed with Secretary of State June 16, 1945]

Establish-
ment of
military and
naval acad-
emies on
Pacific and
Gulf Coasts

WHEREAS, The facilities of West Point Military Academy and Annapolis Naval Academy have reached the limit of expansion at their present sites and have been entirely inadequate for the needs of the present war, as the great but temporary officer

training establishments now in operation throughout the Country attest; and

WHEREAS, The postwar military and naval training program is not likely to recede to the proportions of the prewar program and in fact may be one of tremendous expansion should universal training legislation be enacted by Congress; and

WHEREAS, World conditions and the war have made it advisable that cadets and midshipmen be familiar with the Pacific and Gulf Coasts as well as with the Atlantic Coast, and it is to the interest and advantage of the Nation that officer training facilities be permanently established within the areas of the Nation's greatest and most vital military and naval concentrations; and

WHEREAS, There are many miles of coast along the Pacific and Gulf which would afford the Country ideal locations for both military and naval academies; and

WHEREAS, Senator Theodore G. Bilbo of Mississippi has introduced at this Session of Congress a bill to establish permanent military and naval academies on the Pacific and Gulf Coasts, supplementing the existing institutions at West Point and Annapolis; and

WHEREAS, The Legislature of the State of California believes that legislation along such lines is in the best interest and to the utmost advantage of the Nation; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the President and Vice President of the United States and the Senate and House of Representatives of the United States be memorialized to enact at this session legislation to establish permanent military and naval academies on the Pacific and Gulf Coasts; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to the Senators and Representatives from California.

CHAPTER 128

Assembly Joint Resolution No. 27—Relative to memorializing Congress to enact legislation providing for the prompt return to their homes of runaway, transient, or vagrant children of juvenile age, going from one State to another without proper legal consent, through the use of funds appropriated under the provisions of the Social Security Act for aid to dependent children.

[Filed with Secretary of State June 16, 1945]

WHEREAS, The prevention of juvenile delinquency is a matter of utmost concern to the Legislature and people of the State of California; and

Funds for
return of
vagrant, etc.,
children

WHEREAS, The wandering of children from State to State without proper supervision and control has in the past been a major contributing factor in the creation of delinquent and criminal careers; and

WHEREAS, It is appropriate that provision be made for the return to their own homes and communities of such children as a part of the child welfare program of the Federal Government; and

WHEREAS, A bill is now pending in the Congress, introduced February 2, 1945, by the Hon. Pat Cannon, of the Fourth Congressional District of the State of Florida, as H. R. 1935, which proposes to achieve this purpose; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Congress of the United States is memorialized to enact legislation similar to H. R. 1965 now pending in Congress, to provide necessary funds for the return to their homes of runaway, transient, or vagrant children of juvenile age, through the use of funds appropriated under the provisions of the Social Security Act for aid to dependent children; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 129

Assembly Joint Resolution No. 48—Relative to memorializing the President and Congress to enact S. 807, providing for increases in compensation to Federal employees.

[Filed with Secretary of State June 16, 1945]

Increase in
compensation
for Federal
employees

WHEREAS, Members of the Federal service represent a highly loyal and efficient group of public employees; and

WHEREAS, These employees, though confronted with greater duties than heretofore, longer working hours and a rise in the cost of living, have continued to perform their work in the same diligent, faithful and efficient manner as in the past; and

WHEREAS, To remedy these inequities there is now pending before Congress S. 807, to improve salary and wage administration in the Federal service, to provide pay for overtime and for night and holiday work, to increase the basic rates of pay for Federal employees, and for other and related purposes; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature hereby endorses S. 807 of the Seventy-ninth Congress, First Session, and respectfully memorializes Congress to enact this meritorious measure at as early a date as possible; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit copies of this resolution to the President of the United States, the President pro tempore of the Senate of the United States, the Speaker of the House of Representatives of the United States, and to each Senator and Representative from California in the Congress of the United States, and that the Senators and Representatives from California are respectfully urged to give full support to such legislation.

CHAPTER 130

Assembly Joint Resolution No. 49—Relative to commencing the general intent and purposes of the Servicemen's Readjustment Act of 1944 and urging early enactment by Congress of pending legislation to remedy incidental defects in said act and to remove initial administrative difficulties thus far encountered.

[Filed with Secretary of State June 16, 1945.]

WHEREAS, Considerable criticism has been voiced concerning the Servicemen's Readjustment Act of 1944, the so-called G. I. Bill, under which returning World War II veterans are provided with Federal aid for their readjustment in civilian life; and

Amendment
of Service-
men's Read-
justment
Act of 1944

WHEREAS, Said act is a new type of legislation, broader in scope and of necessity more administratively complex than the legislation providing benefits to World War I veterans; and

WHEREAS, Early experience under said act has revealed certain incidental defects in its provisions and initial difficulties in its administration, for which remedial legislation, as proposed and supported by the American Legion and the Veterans of Foreign Wars, is now pending before Congress; and

WHEREAS, The general intent and purposes of the Servicemen's Readjustment Act are meritorious, with which the Legislature of California is in sympathy and accord; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That Congress is hereby respectfully memorialized to give early consideration to pending remedial legislation, as proposed and supported by the American Legion and the Veterans of Foreign Wars, in respect to the Servicemen's Readjustment Act of 1944, to the end that early enactment of said legislation may be had and cause for existing criticism removed; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit copies of this resolution to the President of the United States, the President pro tempore of the Senate of the United States, the Speaker of the House of Representatives of the United States, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 131

Assembly Concurrent Resolution No. 25—Relative to California, the Pacific, and the postwar world, creating a Joint Legislative Committee and defining its powers and duties in respect thereto.

[Filed with Secretary of State June 16, 1945.]

California
Legislative
Committee
on Pacific
Relations

An epoch-making conference of the United Nations will soon convene in California to consider and formulate plans and policies for the postwar world.

The Pacific Ocean and nations bordering upon it will become of ever increasing significance in the trade marts of the world and in international transactions and activities of every kind and nature.

California, as a State that has over a thousand miles of Pacific Coast line, through whose ports and air bases a varied traffic will flow in ever increasing volume, including raw materials and agricultural and manufactured products of every kind and nature produced within her borders, has a vital interest and concern in the plans and policies about to be formulated. Thus situate, this State has an intimate knowledge and awareness of the needs and of the means best adapted to the meeting of the needs of State and Nation in the fostering and development of our natural resources, agricultural and manufacturing industries, trade and commerce, and transportation facilities, all of which imposes upon California a responsibility to provide an official agency of the State to assemble and make available to the appropriate officers and agencies of the United States all pertinent facts and information, with recommendations, cooperating with them in every way in the attainment of these vital objectives of mutual interest and concern, and to attend the forthcoming conference and such other similar conferences that may later be held, in such manner and capacity as may be meet and proper.

There is the greater occasion and need for California thus to render her services to the Nation in this important undertaking in view of the absence of western or Pacific Coast representation, insofar as presently indicated, upon this Country's delegation selected to attend the United Nations' Conference, and the practical difficulty of acquiring complete information upon the part of persons removed from the scene as demonstrated by the recent negotiation, without such representation and without the aid or counsel of State officials, of a treaty that would directly and seriously affect the water resources of a number of the States, including California.

There is pending in the Legislature a bill for the creation of a State Commission on World Security Organization Facilities, and making an appropriation thereto, to investigate the possibility of establishing in the State of California the permanent site of the central administrative and legislative activities of such World Security Organization as may be established by

action of the United Nations, and to take other measures which would facilitate the establishment of such a world capital in this State. Now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, as follows:

1. The California Legislative Committee on Pacific Relations is hereby created and appointed, authorized and directed to ascertain, study, and analyze all facts in any way relating to or bearing upon the subject or any phase of the subject of this resolution, and from time to time to report thereon with its recommendations, presenting the views of California to the appropriate officers and agencies of the United States, attending the United Nations' Conference at San Francisco and other similar conferences to such extent, in such manner and in such capacity as may be meet and proper, and to report also to this Legislature thereon, including in the latter reports the operation, effect, administration, enforcement, and needed revision of any and all laws in any way bearing upon or relating to the subject hereof.

2. The committee shall consist of three Members of the Assembly appointed by the Speaker thereof and three Members of the Senate appointed by the Committee on Rules thereof. Vacancies occurring or existing in the membership of the committee shall be filled by the appointing power.

3. The committee is authorized to act during this session of the Legislature, including any recess, and after final adjournment until the commencement of the next regular session, with authority to file its final report not later than the fifteenth legislative day of the next regular session.

4. The committee and its members shall have and exercise all of the rights, duties and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly as they are adopted and amended from time to time, which provisions are incorporated herein and made applicable to this committee and its members.

5. The committee has the following additional powers and duties:

(a) To select a chairman and a vice chairman from its membership.

(b) To meet any place, within or without the State.

(c) To cooperate with and secure the cooperation of county, city, city and county, and other local law enforcement agencies in investigating any matter within the scope of this resolution and to direct the sheriff of any county to serve subpoenas, orders and other process issued by the committee.

(d) To report its findings and recommendations to the Legislature and to the people from time to time and at any time, not later than herein provided.

(e) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution.

6. The committee shall regularly consult with and advise the State Commission on World Security Organization Facilities and cooperate with said commission in carrying out the purposes of this resolution, report to the Senate and Assembly from time to time, and recommend legislation to facilitate the establishment in this State of the permanent central headquarters of the World Security Organization. If the State Commission on World Security Organization Facilities should not be created, the committee created by this resolution shall nevertheless continue to function, and, so far as it can, carry out the purposes of the proposed commission, and exercise the powers conferred and the duties enjoined upon the committee, as herein set forth.

7. The sum of ten thousand dollars (\$10,000) or so much thereof as may be necessary is hereby made available from the contingent funds of the Senate and Assembly for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from said contingent funds equally, and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

CHAPTER 132

Assembly Joint Resolution No. 41—Relative to Indian claims for lands taken from them by the United States without compensation.

[Filed with Secretary of State June 16, 1945]

*Claims of
Indians of
California*

WHEREAS, The real claim of the Indians of California against the United States is for compensation for their rights of occupancy in an estimated area of 75,000,000 acres in California taken from them by the United States without compensation; and

WHEREAS, The law, known as the California Indians' Jurisdictional Act of 1928 (45 Stat. 602) which affords the sole measure of relief available to the Indians today, provided that no surviving California Indian was to receive any direct individual benefit or per capita distribution from any judgment ultimately obtained; and further provided for "offsets" of benefits to all Indians from value of lands, articles and services for Treaty Indians, who comprised only from one-third to one-half of the total Indian population of California in 1851-2; and

WHEREAS, It appears obvious to the people of the State of California and their representatives in the Legislature that the rigid formula of recovery provided for in the Jurisdictional Act is purely arbitrary and artificial, making it impossible for the Court of Claims to do complete justice and equity to the Indians of California in their claim against the United States for compensation for the lands taken from them by the United States without compensation; and

WHEREAS, The total value of the lands, articles and chattels promised in the treaties is seventeen million fifty-three thousand nine hundred forty-one dollars and ninety-eight cents (\$17,053,941.98) and the total offsets amount to twelve million twenty-nine thousand ninety-nine dollars and sixty-four cents (\$12,029,099.64), leaving a settlement of only five million twenty-four thousand eight hundred forty-two dollars and thirty-four cents (\$5,024,842.34), on the basis of the Treaty Indians only, and

WHEREAS, The estimated value of lands for which no compensation was made, computed at the minimum rate of one dollar and twenty-five cents (\$1 25) per acre, is ninety-three million seven hundred fifty thousand dollars (\$93,750,000); now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Congress of the United States is hereby urged and memorialized to amend the Jurisdictional Act of 1928 to repeal the provision against a per capita payment of claims to the Indians of California, and to provide that payments shall be made on a per capita basis to all the Indians in the State of California, and to the children of Indians deceased since the enactment of the Jurisdictional Act of 1928; and be it further

Resolved, That the Congress of the United States is hereby further urged and memorialized to make an immediate appropriation of five million twenty-four thousand eight hundred forty-two dollars and thirty-four cents (\$5,024,842.34) for the payment of the settlement, with the understanding that such settlement is accepted as a token payment only and that this Legislature sustains the viewpoint of the Attorney General of the State of California that such settlement is entirely insufficient, unjust, and inadequate to meet the present needs of the Indians of California; and be it further

Resolved, That the Congress of the United States is hereby further urged and memorialized to enact legislation to appropriate in further settlement of the claims of the Indians of California the amount necessary in order to effect a complete, just and final settlement of all claims of the Indians of California; and be it further

Resolved, That the Chief Clerk of the Assembly is hereby directed to transmit copies of this resolution to the President of the United States, to the Speaker of the House of Representatives in the Congress of the United States, to each Senator and Representative from California in the Congress of the United States, and to the chairman of each of the respective committees of the Senate and of the House on Indian Affairs.

CHAPTER 133

Senate Concurrent Resolution No. 27—Relative to the creation of a Joint Fact-Finding Committee on Highways, Streets and Bridges and the allocation of costs for the construction, maintenance and improvement thereof.

[Filed with Secretary of State June 16, 1945]

Joint
Fact-Finding
Committee
on Highways,
Streets, and
Bridges

WHEREAS, The public highways, streets and bridges of California are useful, necessary and indispensable arteries of travel and commerce and have been constructed and improved at great public expense; and

WHEREAS, Such facilities have been built and are maintained by the use of funds derived from taxes on property, from Federal aid, and from registration fees, gasoline taxes and other fees collected as compensation for road use; and

WHEREAS, The demands of war have subjected the streets and highways of this State to unusual and destructive burdens while limiting the materials and manpower available for necessary maintenance, reconstruction and expansion; and

WHEREAS, It is recognized that pavements and other highway improvements are not permanent, but must be rebuilt, resurfaced and modernized, indicating the need of foresight in the treatment of financial problems in connection with the inevitable postwar program of reconstruction; and

WHEREAS, The planning and construction of highways, streets and bridges in California has not included a complete analysis of all the problems involved, including the fullest economic development of the State by opening up underdeveloped areas to economic opportunity and to provide proper transportation to meet changing economic and industrial conditions; and

WHEREAS, No adequate study has been made to determine whether the funds contributed for highway, street and bridge construction and maintenance have been levied equitably either on property or business in relation to its benefits or upon the users in direct proportion to their use; and

Senate Concurrent Resolution No. 50—Relative to the timing and correlation of public works and public services projects with private employment, and requesting the State Reconstruction and Reemployment Commission to engage upon a continuing study of such subject and to furnish to public agencies information and advice in respect thereto.

[Filed with Secretary of State June 16, 1945]

WHEREAS, The construction of needed public works that will be built by agencies of the Federal, State and local governments during the transition from war to peace, and thereafter, will provide employment for large numbers of workers both at the site of the work and in the manufacture and transportation of materials and construction equipment; and

Timing and correlation of construction of public works

WHEREAS, It is important that the employment to be provided by such public works projects and by projects for providing needed public services be timed and correlated with private employment so that such public employment will have the largest and most beneficial effects in stimulating private construction work and private enterprise generally; and

WHEREAS, There now exists no central clearing house for dissemination of current data that would provide public agencies with information concerning the best timing, sequence and distribution of projects for public works and public services after the war; and

WHEREAS, The State Reconstruction and Reemployment Commission is continually assembling information and data concerning economic resources and trends of population, employment, incomes and other economic factors in the State of California; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the State Reconstruction and Reemployment Commission be requested to engage upon a continuing study of the timing, distribution by areas, sequence of operations and other factors required in determining effective timing and correlation of public works projects of all kinds to supplement private employment in the State; and be it further

Senate Joint Resolution No. 21—Relative to memorializing Congress to support H. R. 2867 and S. 868, authorizing annual payments to States, for the benefit of their local political subdivisions, based on the fair value of the National forest lands situated therein.

[Filed with Secretary of State June 16, 1945]

National
forest lands,
etc

WHEREAS, Stable income is essential to the efficient conduct of local functions of government; and

WHEREAS, The contributions to costs of local governments by National forest lands as presently authorized by Section 500 of Title 16 of the United States Code are fluctuating by reason of the basis upon which such contributions are calculated and determined; and

WHEREAS, Inadequacies in such contributions exist where National forest lands yield little or no current revenues pending their restoration to economic productivity or because deferment of utilization of their natural resources is necessitated by sound principles of resource management and economy; and

WHEREAS, To promote stability of local income and to avert such fluctuations and inadequacies there are now pending before Congress H. R. 2867, by Representative Colmer of Mississippi, and a companion bill, S. 868, by Senator Cordon of Oregon, authorizing annual payments to States, for the benefit of their local political subdivisions, based on the fair value of the National forest lands situated therein; and

WHEREAS, Under such proposal the annual payments by the United States to the States, for distribution to counties, by reason of the existence therein of areas of National forest land, would be at the rate of 2 per centum of the fair value of the National forest lands as determined and certified by the Secretary of Agriculture in the manner therein provided, such fair value as initially determined to be subject to annual adjustments, with a redetermination of fair value to be made by him at 10-year intervals; and

WHEREAS, It is desirable that such proposal should include authorization for similar payments based on the fair market value of National parks and other lands owned by the Federal Government and so situated; and

WHEREAS, Such proposal, if amended to authorize similar payments on National parks and other lands owned by the Federal Government, would embody an equitable, stable and practicable basis of contribution and would avert substantially fluctuations and inadequacies in contributions as presently determined and authorized; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That Congress is hereby respectfully memorialized to support H. R. 2867 and S. 868 of the Seventy-ninth Congress, First Session, with suitable amendments to authorize

similar payments on National parks and other lands owned by the Federal Government, to the end that the purposes therein sought to be accomplished may be enacted into law; and be it further

Resolved, That the Secretary of the Senate is directed to transmit copies of this resolution to the President of the United States, the President pro tempore of the Senate of the United States, the Speaker of the House of Representatives of the United States, to each Senator and Congressman from California in the Congress of the United States, and to the Honorable Claude R. Wickard, Secretary of Agriculture of the United States.

CHAPTER 136

Senate Joint Resolution No. 32—Relative to memorializing the Congress of the United States to investigate through its appropriate committee the proposed construction by the War Department of an ammunition loading facility in the County of Marin and to demand of the War Department that activities in connection with the said proposal be discontinued pending such investigation.

[Filed with Secretary of State June 16, 1945.]

WHEREAS, The War Department of the United States is contemplating the construction of major ammunition storage and loading depots in the Central San Francisco Bay Area; and

Investigation
of ammunition
storage
and loading
facilities in
Bay Area

WHEREAS, It is planned specifically that an ammunition loading depot with facilities for the loading of four large ammunition ships at one time, will be located at California Point in the County of Marin, and that a magazine storage area will be located on 101 highway opposite Hamilton Field Army Air Base in the said county, requiring the condemnation of 3,603 acres of the finest residential sites and 2,299 acres of the most desirable dairying lands in the State; and

WHEREAS, Explosions such as occurred at Port Chicago, Halifax, and Calcutta, have demonstrated that such operations should be located as far as possible from major centers of population and industry; and

WHEREAS, The proposed location would be within two miles of San Quentin State Prison, within three and one-half miles of major gasoline loading docks at Pt. Richmond, within four miles of the Navy's gasoline and oil storage depot at Point Molate, within six miles of major shipyards and oil refineries in Richmond, within nine miles of Treasure Island where are stationed over 70,000 Navy personnel, within nine miles of the San Francisco-Oakland Bay Bridge, within five miles of the Golden Gate Bridge, and within less than two miles of the Marin ship plant constructing Navy tankers at Sausalito, and would adjoin two important Navy installations at California City; and

WHEREAS, Over 100,000 people reside within a radius of six miles of the proposed ammunition loading site, and over 500,000 within 12 miles of the site, in addition to the war plant, transportation and armed forces facilities mentioned above; and

WHEREAS, Claims were paid for damage resulting from the Port Chicago disaster involving the explosion of but one ship, as far as 2½ miles away, and it is plain that a major explosion at the loading sites contemplated would paralyze the Central Bay Area with tremendous property damage and possibly great loss of life; and

WHEREAS, The Marin Municipal Water District, the public agency supplying the only available water for domestic use of the 78,000 population of Marin County, has by official action after thorough study notified the Army that the water necessary for the personnel and other use of such bases can not be furnished; and

WHEREAS, The appropriation of approximately 10 square miles of residential and potential residential areas in this suburban district would, without considering the hazard involved, constitute a blight upon this area; and

WHEREAS, It has been demonstrated that other more appropriate, more convenient and more practical sites in less hazardous locations are available, and whereas the present facilities at Benicia are accessible to three transcontinental railroads and to deep water channels while the proposal contemplated would involve the transportation of munitions directly past the Benicia facilities and over an additional 50 miles of single track railway on which are located two tunnels and which involve various lateral railway connections; and

WHEREAS, It is apparent that the construction contemplated can not be completed in less than one year's time and therefore is not essential to the immediate demands of the war in the Pacific and seems to bear closer relationship to the permanent intentions of the War Department upon this subject; now, therefore, be it

Resolved, by the Senate and the Assembly of California, jointly, That the Congress of the United States is hereby memorialized to cause through its House Committee on Military Affairs, or any other appropriate committee, the immediate investigation of the proposed facilities and the reasons and need therefor and the comparative availability of other sites for the purposes contemplated, whether they be for the immediate prosecution of the war in the Pacific or for a long term program of Army preparedness; and be it further

Resolved, That the Congress, or the California representatives therein or the appropriate committee which may undertake such investigation, be and it is hereby requested to make demand upon the Secretary of War that further activity in the matter of the aforementioned ammunition storage and loading facilities be discontinued pending such investigation; and be it further

Resolved, That the Secretary of the Senate is hereby directed to transmit copies of this resolution to the Speaker of the House of Representatives, the President Pro Tempore of the Senate, to the Honorable Clarence F. Lea, representative from the First California District, and to every Senator and Representative from California in the Congress of the United States, and to the Honorable Andrew J. May, chairman of the said House Committee on Military Affairs.

Joint
Fact-Finding
Committee
on Un-American
Activities

WHEREAS, These are yet times of public danger. Subversive persons and groups are endangering our domestic unity so as to leave us unprepared to resist attack from without and within. Under color of the protection afforded by the Bill of Rights these persons and groups seek to destroy our freedom by force, violence, threats, undermining and sabotage, and to subject us to the domination of foreign powers and ideologies; and

WHEREAS, There is danger that the ordeal through which the country has suffered to keep the pursuit of its ideals free may be in vain; and

WHEREAS, Persons and groups, motivated by hatred of American ideals, our republican form of government and democratic processes, some bound together by allegiance to foreign powers, are even now seeking to achieve by subversion what we have so valiantly fought to sustain from force; and

WHEREAS, California, as one of the laboratories of this great Nation, may profitably study the problem within its boundaries, and enact pertinent legislation therein, if facts are available therefor; and

WHEREAS, State legislation to meet the problem and to assist law enforcement officers can best be based on a thorough and impartial investigation by a competent and active legislative committee, now, therefore, be it

Whenever a vacancy in the office of commissioner shall occur, the Governor shall forthwith appoint a qualified person to fill the same for the unexpired term. Every appointment made by the Governor to the commission shall be subject to the advice and consent of a majority of the members elected to the Senate, except that if a vacancy occurs when the Legislature is not in session, the Governor may issue an interim commission which shall expire on the last day of the next regular or special session of the Legislature. No vacancy in the commission shall impair the right of the remaining commissioners to exercise all the powers of the commission. Powers of
commission

for persons and papers; and the commission and each of the commissioners shall have the power to administer oaths, take testimony and punish for contempt in the same manner and to the same extent as courts of record; the commission may prescribe a uniform system of accounts to be kept by all railroad and other transportation companies.

No provision of this Constitution shall be construed as a limitation upon the authority of the Legislature to confer upon the Public Utilities Commission additional powers of the same kind or different from those conferred herein which are not inconsistent with the powers conferred upon the Public Utilities Commission in this Constitution, and the authority of the Legislature to confer such additional powers is expressly declared to be plenary and unlimited by any provision of this Constitution.

The provisions of this section shall not be construed to repeal in the whole or in part any existing law not inconsistent herewith, and the "Railroad Commission Act" of this State approved February 10, 1911, shall be construed with reference to this constitutional provision and any other constitutional provision becoming operative concurrently herewith. And the said act shall have the same force and effect as if the same had been passed after the adoption of this provision of the Constitution and of all other provisions adopted concurrently herewith, except that the three commissioners referred to in said act shall be held and construed to be the five commissioners provided for herein.

Whenever in this Constitution or the laws of this State "Railroad Commission" is used, it shall be deemed to refer to the Public Utilities Commission.

CHAPTER 153

Assembly Concurrent Resolution No. 76—Relative to extending birthday greetings to Fred B. Wood.

[Filed with Secretary of State June 16, 1945]

TODAY, June 15, 1945, is the fifty-seventh birthday of "The Little Giant."

Birthday of
Fred B
Wood

BY THIS TERM Fred B. Wood has long been known to the Legislature of California. It was thus he was described some years ago by an inspired member, and so apt was the phrase, so indicative of the feeling of all members, that it sprang quickly into legislative usage and remains in effect to this day.

THE TERM conveys our great pride in him. It bespeaks the unquestioned confidence, the deep respect and the sincere affection which each and every member has bestowed upon Fred B. Wood as our Legislative Counsel. We use it here today in that sense and do perpetuate it in our official records.

NO ONE will question that Fred B. Wood is the guiding light of the California Legislature—not as to what it does, but as to how it does it. To him, more than to any one other, is due credit for the quality of the Statutes of California—for the careful draftsmanship which they evidence, for the thorough legal analysis apparent therefrom, and for the infrequency with which any of them, if attacked, is adjudged unconstitutional by the courts.

IT IS HE, in fact, who, upon request of the members, has written or expeted the great bulk of our statutory law. This, in strict compliance with the dictates of his office, he has done impartially, with studied detachment, neither proposing or opposing the measure at hand, concerning himself not with questions of policy, but devoting his time and specialized knowledge to drafting a measure which will contain a clear expression of that policy, provide for its efficient administration or enforcement and avoid constitutional pitfalls.

WITHIN THESE LIMITS and subject to the demands of 120 legislators, Fred Wood works. He works long and hard. He works fairly and conscientiously. He works honestly and impartially. And he works with a feel, a flair, a talent, a genius—call it what you will—for legislative law. Though his responsibilities are heavy and the demands upon his time and energy are great, he not once has been too weary to attack a new problem, to draft another bill, to solve an unprecedented legislative riddle, or to bring another session through to final adjournment. "The Little Giant" he is—a vital and indispensable link in our legislative process—but withal a most unassuming one; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That we, the 120 members of the Fifty-sixth Legislature, do hereby pay tribute to Fred B. Wood, Legislative Counsel of California, on this, his fifty-seventh birthday, conveying to him our sincere and heartfelt good wishes upon the occasion and saying to him, as we do, that "The Little Giant," California's gift to its Legislature, bears out the saying that sometimes the finest and best gifts come in small packages; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to convey to Fred B. Wood this expression of the affection and esteem of the Legislature of California.

CHAPTER 155

Assembly Joint Resolution No. 52—Relating to the report and recommendations of the Association of Land-Grant Colleges and Universities on postwar agricultural policy, and urging various Federal, State and private agencies to study and implement the objectives therein set forth.

[Filed with Secretary of State June 16, 1945]

WHEREAS, The Association of Land-Grant Colleges and Universities, through its Committee on Postwar Agricultural Policy, has made a comprehensive report and recommendations on postwar agricultural policy; and Land-grant colleges

WHEREAS, The Assembly of the State of California believes that the conclusions and recommendations made in this report are of vital interest to the State of California and to the Nation, and that, therefore, every means should be developed to implement and carry out these recommendations; and

WHEREAS, In recognizing that large-scale readjustments in agriculture are inevitable in the postwar period, said report includes in its findings and recommendations substantially the following:

1. The specialized knowledge and broad experience available from the 48 State agricultural colleges would be distinctly helpful in guiding agricultural readjustments in the postwar period;
2. The majority of the citizens of this Nation believe strongly in retaining all possible initiative and responsibility in private hands rather than expanding governmental functions;
3. The special responsibilities of agriculture are: (a) to provide consumers with foods and fibers at reasonable prices, and (b) to maintain the productivity of basic land resources;

4. The objectives of rural people are to obtain (a) an income to provide a peacetime standard of living comparable to that of other large productive groups; (b) freedom of opportunity; (c) that degree of income security which will make for stability of family and community life;

5. Too often the attempt has been to promote special interests at the expense of others, and that the interests of industry, labor and agriculture may each best be served through cooperation and understanding between these groups;

6. The government must check the action of powerful groups that would restrict economic opportunity and instead design public policies to permit maximum initiative and resourcefulness;

7. High level employment in nonagricultural pursuits means much more to farmers than does any "farm program";

8. Enlightened self-interest for all economic groups makes it essential that they continuously promote employment and production;

9. The establishment of industrial plants and commercial agencies in rural areas, when conditions are such that they can operate economically, has the advantage of combining non-agricultural employment with rural residence, while also giving stability to a rural labor force;

10. Trade barriers many times exist within the United States in the form of State and local restrictions which work against the best interests of farmers and the public;

11. In many instances, freight rates are discriminatory, working to the disadvantage of one rural area as against another;

12. An adequate and well-balanced National nutrition program would provide an outlet for increased farm production;

13. It is deemed desirable to provide an adequate crop insurance program financed largely through assessments levied on participating farmers;

14. Greater efficiency must be attained in the physical distribution of products and in the better operation of the pricing process; and

15. The wide spread between prices paid by consumers and prices realized by farmers calls for a study of the possibilities of simplification of marketing services and of more efficient distribution practices;

16. Self-interest should insure full cooperation of industry and labor with farmers to develop a sound policy toward productive employment;

17. Worthy and capable farmers should be protected against loss of their farm properties during periods of severe price declines by the enactment of State laws to prevent injustices in foreclosures;

18. A satisfactory plan for farm laborers to be included in social security programs for old age and survivors insurance and in unemployment compensation programs, and migratory workers should be provided with good living quarters and educational opportunities;

19. Soil conservation programs and laws relating thereto are necessary and should be modified where modification would insure better results;

20. Rural electrification is not merely a convenience but actually a necessity for efficient farming and living; and

WHEREAS, These and the other constructive findings and recommendations contained in said report merit careful consideration and study by all interested groups and persons in order that a sound postwar agricultural policy may be developed; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of California does hereby recommend and urge that the United States Department of Agriculture, representatives of the land-grant colleges and universities, and the various National farm organizations proceed, as soon as may be, with the study and implementation of the objectives set forth in the report of the Committee on Postwar Agricultural Policy of the Association of Land-Grant Colleges and Universities; and be it further

Resolved, That the California Joint Legislative Committees on Agriculture and on Agricultural and Industrial Employment, the State Department of Agriculture and the State Reconstruction and Reemployment Commission are requested and directed to proceed immediately with such study and implementation of the objectives set forth in said report, and the adoption, in cooperation with the other agencies named above, of a basic postwar program for California agriculture; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit copies of this resolution to the Secretary of Agriculture of the United States, to the various land-grant colleges and universities, to National farm organizations, to the Chairmen of the Joint Legislative Committees above named, to the Director of Agriculture of the State of California and to the Director of the State Reconstruction and Reemployment Commission.

CHAPTER 156

Assembly Joint Resolution No. 54—Relative to release by the Federal Government of agricultural land in California for settlement by returning veterans.

[Filed with Secretary of State June 16, 1945]

WHEREAS, Veterans are already being discharged in considerable numbers from the armed forces of the United States, and that this number will undoubtedly increase at an accelerated rate as the end of hostilities approaches, and there will be returning to California approximately 700,000 veterans of California and the many thousands of veterans of other States who have determined to make their future home in California; and

WHEREAS, Many of these veterans will desire to undertake agricultural pursuits; and

Release of
Federal
agricultural
lands in
Owens Valley
for settle-
ment by
veterans

WHEREAS, Substantially all that part of the public domain susceptible to agricultural improvement has been taken up or withheld from entry, and

WHEREAS, The need for production of large quantities of food to feed our own citizens and aid in feeding peoples of other countries will apparently continue for years after the termination of the present hostilities; and

WHEREAS, The Owens Valley was once a productive agricultural area and can again be made productive by restoration of water to the area; and

WHEREAS, It appears from studies made by legislative committees that there are excess waters in the Owens Valley not required for domestic purposes in the Los Angeles area and which may not be required for many years, if ever; and

WHEREAS, There are lands in the Owens Valley susceptible to irrigation which have been withdrawn from entry and which, if released for entry, could be developed into large fertile agricultural areas which would provide farms for returning veterans and produce large amounts of additional food to help feed the people in the crucial period which will undoubtedly follow the termination of hostilities; therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the members of the Senate and House of Representatives from California be urged to undertake immediately to secure the repeal of Public Act No. 864 of the Seventy-first Congress which withdrew such land from settlement, and undertake what other steps may be necessary to release Federal lands in the Owens Valley susceptible to irrigation for settlement by returning veterans; and be it further

Resolved, That copies of this resolution be sent by the Chief Clerk of the Assembly to the United States Senators from California, all members of the House of Representatives from California, and to the Secretary of Agriculture.

Veterans'
hospitals

WHEREAS, During recent weeks many persons and organizations have severely condemned certain conditions in veterans' hospitals in various parts of the country, including particularly the veterans' hospitals at Livermore and Sawtelle, California, as being inadequate to accommodate the demands upon them, or poor in quality of facilities, or for having incompetent professional staffs or personnel; and

WHEREAS, For some time to come the number of veterans requiring hospital treatment will probably increase, and it is imperative that any inadequacy in the facilities for the treatment of such veterans be corrected as soon as possible; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Congress of the United States be and it is urged to make an immediate investigation of conditions in the several veterans' hospitals throughout the country, including more particularly the hospitals at Livermore and Sawtelle, California, and determine whether the facilities in any of said hospitals are adequate for the present and future demands that will certainly be made upon them, whether the hospitals are competently administered and whether the personnel and professional staff thereof are adequate in number and competent, and take such steps as may be necessary to insure to our sick and wounded veterans treatment which will be entirely adequate to their needs; and be it further

Resolved, That the Chief Clerk of the Assembly is hereby directed to transmit copies of this resolution to the President of the United States, the President pro tempore of the Senate of the United States, the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.
