SECTION 1. Chapter 2.2 (commencing with Section 2750) is added to Part 5 of Division 1 of the Revenue and Taxation Code, to read:

CHAPTER 2.2. COLLECTION IN FOUR EQUAL INSTALLMENTS

2750. It is hereby declared to be the purpose of this chapter to provide an alternate procedure for the collection of property taxes on the secured roll in four equal installments.

2751. The provisions of this chapter shall be operative only in counties having a population of 4,000,000 or more.

2752. Notwithstanding the provisions of Sections 1755, 1757, 2605, 2606, 2617, 2618, 2619, 2621, 2622, 2623, 2624, 2625 and 2626 of this code, if so ordered by a resolution of the board of supervisors of any county, the provisions of this chapter shall be applicable to such county, provided that such resolution must be adopted prior to the time the county auditor is required to compute and enter on the secured roll the respective amounts due in installments as taxes for the assessment year in which such resolution shall become effective. The provisions of this chapter shall then continue in effect in such a county until otherwise ordered by a resolution of the board of supervisors.

2753. Annually on or before July 15, the auditor shall prepare duplicate valuation statements verified by his attached affidavit from the local roll.

2754. (a) On or before September 1, the auditor shall deliver the secured roll to the tax collector, with an affixed affidavit, subscribed by him, as follows:

"I, _____, Auditor of _____ County, swear that I received the assessment roll from the assessor with his affixed affidavit; that I have corrected it as required by the State Board of Equalization; and that I have reckoned the respective sums due as taxes and have added the columns of valuations and taxes, as required by law."

If the roll is a machine-prepared roll, the auditor shall deliver the assessment roll to the assessor and shall deliver the roll on which he has extended taxes to the tax collector, with an affixed affidavit, subscribed by him, as follows:

"I, _____, Auditor of _____ County, swear that the attached roll is a reproduction of the roll prepared by the assessor and corrected by the County and State Boards of Equalization; and that I have reckoned the respective sums due as taxes and have added the columns of valuations and taxes as required by law."

(b) If the roll is a machine-prepared roll, and the tax bills are, with the consent of the tax collector and the approval of the board of supervisors, also machine-prepared by the auditor, the auditor shall, on or before the fourth Monday of September deliver the assessment roll to the clerk of the local board of equalization and shall, on or before August 20 deliver the roll on which he has extended taxes to the tax collector, with an affixed affidavit, subscribed by him, as follows:

"I, _____, Auditor of _____ County, swear that the attached roll is a reproduction of the roll prepared by the assessor and corrected by the State Board of Equalization; and that I have reckoned the respective sums due as taxes and have added the columns of valuations and taxes as required by law."

2755. Notwithstanding the provisions of any other law, any tax, assessment, fee or charge to become a lien on land and to be collected with county taxes or other taxes or assessments collected on the secured roll shall be payable in four equal installments as specified in this chapter.

2756. All taxes on real and personal property on the secured roll are due and payable September 10.

2757. Notwithstanding the provisions of any other law of this state, the county auditor shall reject any cents not evenly divisible by four in the computation of taxes on any assessment and in the extension of taxes, special assessments or charges on the county assessment roll for any other public agency.

2758. The entire tax on the secured roll may be paid when the first installment is due. The second installment may be paid separately only if the first installment has been paid. The third installment may be paid separately only if the first and second installments have been paid. The fourth installment may be paid separately only if the first, second and third installments have been paid. Unless accompanied by the payment of the fourth installment, payment of the first, second or third installments shall not be accepted after the fourth installment has become delinquent. If the first installment has been paid, the second, third and fourth installments may be paid when the second installment is due. If the first and second installments have been paid, the third and fourth installments may be paid when the third installment is due.

2759. The first installment of one-fourth of the taxes on real and personal property on the secured roll, if not paid, is delinquent October 10 at 5 p.m., and thereafter a delinquent penalty of 6 percent attaches to it.

2761. The third installment of one-fourth of the taxes on real and personal property on the secured roll, if not paid, is delinquent March 10 at 5 p.m., and thereafter a delinquent penalty of 6 percent attaches to it.

2762. The fourth installment of one-fourth of the taxes on real and personal property on the secured roll, if not paid, is delinquent May 10 at 5 p.m., and thereafter a delinquent penalty of 6 percent attaches to it.

2763. If October 10, January 10, March 10 or May 10 falls on a Saturday, Sunday or legal holiday, the time of delinquency is 5 p.m. on the next business day.

2764. After the fourth installment of taxes on the secured roll is delinquent, the tax collector shall collect a cost of three dollars ($3) for preparing the delinquent list on each separate valuation of the secured roll of:

(a) Real property, except possessory interests.

(b) Possessory interests.

The costs shall be collected even though the property appears on the roll due to a special assessment and no valuation appears on the roll.

2765. On or before the 10th of the month following each delinquency date of the four installments of the taxes due on the secured roll, the tax collector shall make the secured roll available to the auditor for the purpose of extending the delinquent penalties and applicable costs.

2766. Within 10 days after each settlement, the auditor shall:

(c) Charge the tax collector with the total penalties and costs due on the secured roll.

(d) Deliver the secured roll to the tax collector.

2767. On or before June 15 the tax collector shall, by first class mail, mail a notice of unpaid current secured taxes due to each current owner or the assessee at his address as shown on the roll. This section gives no one the right to receive the copy of items delinquent and neither the county nor any officer or employee is liable for failure of the assessee or current owner to receive the copy or for any mistake in connection with the mailing.

SEC. 2. Chapter 3 (commencing with Section 3475) is added to Part 6 of Division 1 of the Revenue and Taxation Code, to read:

CHAPTER 3. TAX SALES—ALTERNATIVE PROCEDURE

3475. It is hereby declared to be the purpose of this chapter to provide an alternate procedure for tax sales to be used

in connection with collection of property taxes on the secured roll in four equal installments.

3476. The provisions of Sections 3351, 3352, 3353, 3354 and 3436 of this code shall not be operative in any county to which this chapter applies. This chapter applies only in a county which has adopted the resolution specified in Section 2752, making applicable the provisions of Chapter 2.2 (commencing with Section 2750) of Part 5 of this division in that county. The provisions of this chapter shall then continue in effect in such county while the provisions of Chapter 2.2 (commencing with Section 2750) of Part 5 of this division continue in effect in that county.

3477. Except as provided in this chapter, the publication required by this chapter shall be in the same manner as provided in Article 1 (commencing with Section 3351) or alternatively in Article 2 (commencing with Section 3391) of Chapter 1 of this part.

3478. Annually, on or before August 31, the tax collector shall publish an affidavit containing the following information relating to each assessment of property on which the taxes remain unpaid and which were sold to the state on the preceding June 30:

(1) The name of the assessee.

(2) The parcel number or the description of the property as it appears on the secured roll.

(3) The total amount due which is a lien on each separately assessed parcel of property as shown on the secured roll.

This information required to be published is the "published delinquent list."

3479. With the published delinquent list the tax collector shall publish a notice, specifying:

(1) That the real property on which the total amount is a lien has been sold.

(2) The time and place at which the property had been sold to the state by operation of law.

3480. If there is on the secured roll any tax-sold property which was sold to the state in the fifth preceding calendar year, or any year before that, a list shall be published on or before June 8 showing the description of the property and a notice shall follow such descriptions substantially as follows:

"To be deeded to the state _____, 19___."

3481. On or before June 30 and not less than 14 nor more than 28 days after the mailing of delinquent notices, the real property on which the taxes, assessments, penalties, and costs have not been fully paid, except tax-sold property and possessory interests, shall by operation of law and the declaration of the tax collector be sold to the state. The sale shall be in the tax collector's office.

SEC. 3. Article 3 (commencing with Section 4250) is added to Chapter 3 of Part 7 of Division 1 of the Revenue and Taxation Code, to read:

Article 3. Alternative Permanent Installment Plan

4250. It is hereby declared to be the purpose of this article to provide an alternate procedure for the payment of delinquent taxes in installments to be used in connection with the collection of property taxes on the secured roll in four equal installments.

4251. The provisions of Sections 4219, 4221, 4224, 4336 and 4337 of this code shall not be operative in any county to which this chapter applies. This chapter only applies to a county which has adopted the resolution specified in Section 2752, making applicable the provisions of Chapter 2.2 (commencing with Section 2750) of Part 5 of this division in that county. The provisions of this chapter shall then continue in effect in such a county while the provisions of said Chapter 2.2 continue in effect in that county.

4252. As used in this article:

(a) "Redemption amount" means the total amount which would be necessary to redeem property from sale for taxes at the time election is made to pay delinquent taxes in installments under this article.

(b) "Balance of the redemption amount" is the amount equal to the difference between the redemption amount and the total of the portions previously paid which portions were paid as a part of the redemption amount.

4253. Any person may elect to pay delinquent taxes in installments under this article at any time prior to the deed to the state, except that if payment of delinquent taxes in installments is started under this article and the amount required to be paid in any fiscal year is not paid as required by this article, payments may not again be started under this article until July 1st of the second succeeding fiscal year after that in which such default occurs.

4254. During the time payments are made under this article, there shall not be:

(a) A deed to the state for taxes.

(b) Any termination of the right of redemption.

4255. Election to pay delinquent taxes in installments is made by payment, in the same manner as a redemption, of 20 percent, or more of the redemption amount. All current taxes, with penalties thereon, due or coming due in the fiscal year in which this first payment is made shall be paid on or before May 10th, except that if the election to pay delinquent taxes in installments is made after May 10th in any fiscal year, the current taxes, with penalties and costs thereon, shall be paid with or prior to the installment payment.

4256. In each succeeding fiscal year the redemptioner shall pay:

(a) All current taxes and penalties coming due in that fiscal year.

(b) Twenty percent, or more, of the redemption amount, plus interest on the balance of the redemption amount of ½

percent accruing on the first day of each month following the preceding payment of a part of the redemption amount. Payments under this subdivision shall be computed and paid in the same manner as a redemption, and the receipts for such payments shall show that the payments are for the use of the real estate under this plan for payment of delinquent taxes in installments.

4257. The payments required in each fiscal year after the first payment shall be made not later than May 10th, of the fiscal year succeeding the fiscal year when the last payment was made.

4258. If all payments are not made on or before the dates prescribed, the property may be deeded to the state or the right of redemption may be terminated in the same manner as if no election to pay delinquent taxes in installments had been made.

4259. Payments under this article are not a redemption or partial redemption and do not affect the state's interest in the real estate. The payments are compensation for the use of the real estate.

4260. If all payments under this article are made as prescribed and if redemption of the property is made on or before May 10th in the fourth fiscal year succeeding the fiscal year when the first payment was made, the amount necessary to redeem the property, unless, under some method of redemption, a redemption may be made for a lesser amount, is the balance of the redemption amount, with interest on such balance of ½ percent accruing on the first day of each month following the last preceding payment to the date of redemption. When redemption is made under this section, no credit shall be allowed for amounts previously paid or credited.

4261. The redemption certificate for a redemption under this article shall show:

(a) The amounts used to arrive at the redemption amount at the time of an election to pay delinquent taxes in installments;

(b) The portions of the redemption amount and interest previously paid, including all credits allowed;

(c) The portion of the redemption amount and interest required to make the redemption.

4262. When property is redeemed on which delinquent taxes have been paid in installments, there shall be credited on the amount necessary to redeem the total amount of back taxes previously paid, without an allowance for interest on it. The credit shall be allowed after computation of the amount necessary to redeem. If the last payment made of delinquent taxes in installments was under a provision of law which required that payments be made on or before April 10th or on or before April 20th or on or before May 10th in each fiscal year or which expressly allows quarter-annual payment of installments, no credit shall be allowed under this section after five years succeeding April 10th or April 20th or May

10th of the first fiscal year when no payment was made as required.

4263. When payment of delinquent taxes in installments on any property was started under any provision of law and payment of delinquent taxes in installments on the property is later started under another provision of law providing for such payment, or under the same provision of law after default in payment, there shall be credited on the amount payable the total amount of back taxes paid under the same or previous provision, without an allowance for interest on it. This credit is in addition to and not a substitute for the payment of any part of any installment payable and shall be allowed after the first installment is paid. If the last payment made of delinquent taxes in installments was under a provision of law which required that payments be made on or before April 10th or on or before April 20th or on or before May 10th in each fiscal year or which expressly allows quarter-annual payment of installments, no credit shall be allowed under this section after five years succeeding April 10th or April 20th or May 10th of the first fiscal year when no payment was made as required.

Proof of a written lease of, or rental agreement for, a particular vehicle described in the complaint, on the date and time of such violation, which lease or rental agreement includes the name and address of the person to whom the vehicle is leased or rented, shall rebut the prima facie presumption that the registered owner was the person who parked or placed the vehicle at the time and place where the violation occurred.

No other presumption shall be created by this subdivision. The above provisions shall apply only when the procedure required by Section 41103 is complied with.

(c) On a portion of an assessment in excess of the ratio of assessed value to the full cash value of the property as provided in Section 401 by reason of the assessor's clerical error.

(d) On improvements when the improvements did not exist on the lien date.

(e) On property annexed after the lien date by the public entity owning it.

(f) On property acquired prior to September 18, 1959, by the United States of America, the state, or by any county, city, school district or other political subdivision and which, because of such public ownership, became not subject to sale for delinquent taxes.

(2) (a) On property acquired after the lien date by the United States of America, if such property upon such acquisition becomes exempt from taxation under the laws of the United States, or by the state or by any county, city, school district or other public entity, and because of such public ownership becomes not subject to sale for delinquent taxes, no cancellation shall be made in respect of all or any portion of any such unpaid tax, or penalties or costs, but such tax, together with such penalties and costs as may have accrued thereon while on the secured roll, shall be transferred to the unsecured roll pursuant to Section 2921.5 of this code, and collection thereof shall be made and had as provided therein, except that the statute of limitations on any suit brought to collect such taxes and penalties shall commence to run from the date of transfer of such taxes, penalties and costs to the unsecured roll, which date shall be entered on the unsecured roll by the auditor opposite the name of the assessee at the time such transfer is made. The foregoing toll of the statute of limitations shall apply retroactively to all such unpaid taxes and penalties so transferred, the delinquent dates of which are prior to the effective date of the amendment of this section at the 1959 Regular Session.

If any property described in this subdivision is acquired by a negotiated purchase and sale, gift, or devise after the lien date but prior to the commencement of the fiscal year for which current taxes are a lien on the property, the amount of such current taxes shall be canceled and neither the person from whom the property was acquired nor the public entity shall be liable for the payment of such taxes. If, however, the property is so acquired after the commencement of the fiscal year for which the current taxes are a lien on the property, that portion only of such current taxes, together with any allocable penalties and costs thereon, which are properly allocable to that part of the fiscal year which ends on the day before the date of acquisition of the property, shall be transferred to the unsecured roll and be collectible from the person from whom the property was acquired. The portion of such taxes, together with any penalties and costs thereon, which are allocable to that part of the fiscal year which begins on the date of the acquisition of the property, shall be canceled and shall not be collectible either from the person from whom the property was acquired nor from the public entity.

In no event shall any transfer of unpaid taxes, penalties or costs be made with respect to property which has been tax-deeded to the state for delinquency.

For purposes of this subdivision (a) if proceedings for acquisition of the property by eminent domain have not been commenced, the date of acquisition shall be the date that the conveyance is recorded in the name of the public entity or the date of actual possession by the public entity, whichever is earlier. If proceedings to acquire the property by eminent domain have been commenced and an order of immediate possession obtained prior to acquisition of the property by deed, the date of acquisition shall be the date upon or after which the plaintiff may take possession as authorized by such order of immediate possession.

(b) If at the time exemption from sale attaches to land or improvements acquired by a public entity the purchase price thereof is deposited in the registry of a court in an eminent domain proceeding, all delinquent taxes, penalties and costs which were or are a lien against such land or improvements and the pro rata share of the current taxes, penalties and costs which are a lien against such land or improvements, prorated for the fiscal year for which such current taxes, penalties and costs are or will be due and payable, shall be paid out of the award. The date for such proration shall be at the time title was transferred to, or possession was taken by, the public entity, whichever time the court determines to have first occurred. If the amount of the current tax is not ascertainable at the time the proration is made the same shall be estimated and computed by the court based upon the last equalized assessed value of the property in its entirety regardless of any segregation which may occur by reason of the taking, and the tax rate levied on the property for the immediate prior year. The court shall further order canceled the public entity's portion of any prorated current tax. The subject of the amount of the taxes which may be due on the property shall not be considered relevant on any issue in the condemnation action, and the mention of said subject, either on the voir dire examination of jurors, or during the examination of witnesses, or as a part of the court's instructions to the jury, or in argument of counsel, or otherwise, shall constitute grounds for a mistrial in any such action.

No cancellation under paragraph (b) of subdivision (1) of this section shall be made in respect of all or any portion of any tax, or penalties or costs attached thereto, collectible by county officers on behalf of a municipal corporation without the written consent of the city attorney or other officer designated by the city council unless the city council, by resolution filed with the board of supervisors, has authorized the cancellation by county officers. The resolution shall remain effective until rescinded by the city council.

For the purpose of this subdivision the date of possession shall be the date after which the plaintiff may take possession as authorized by order of the court or as authorized by a declaration of taking.

CHAPTER 559

An act to add Section 1604.5 to, and to amend Section 1608 of, the Revenue and Taxation Code, relating to equalization of assessments, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 5, 1967 Filed with Secretary of State July 5, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1604.5 is added to the Revenue and Taxation Code, to read:

1604.5. Notwithstanding any other provision of law to the contrary, in any county in which assessment appeals boards have been created and are in existence, the time for equalization of assessments made outside the regular assessment period for such assessments, including assessments made pursuant to Sections 501, 503, 504, 531, 531.1 and 1061, shall be prescribed by rules adopted by the board of supervisors.

SEC. 2. Section 1608 of the Revenue and Taxation Code is amended to read:

1608. Before the county board makes any reduction, it shall examine, on oath, the person affected or the agent making the application touching the value of the property. A reduction shall not be made unless the person or agent attends and

answers all questions pertinent to the inquiry; provided, however, in the event there is filed with the county board a written stipulation, signed by the assessor and county legal officer on behalf of the county and the person affected or the agent making the application, as to the full cash value and assessed value of the property which stipulation sets forth the facts upon which the reduction in value is premised, the county board may, at a public hearing, (a) accept the stipulation, waive the appearance of the person affected or the agent and change the assessed value in accordance with Section 1605, or (b) reject the stipulation and set or reset the application for reduction for hearing.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Each year in California, thousands of citizens in the several counties are required to appear on their own time and at their own expense at equalization hearings, even though there may be no disagreement with respect to the assessed value and market value of property between the assessors and the property owners. Many of these persons are old and infirm. Many are salaried employees. Many are self-employed in small businesses. Requiring elderly and infirm persons to appear at such hearings often is a physical imposition and the loss in wages or business income by others often wipes out the reduction in terms of taxes to which such persons are entitled. This act will correct this inequitable situation and will also establish means for assessment appeals boards to hold orderly proceedings for equalization hearings on assessments made outside the regular assessment period. Therefore, it is necessary that this act go into immediate effect.

CHAPTER 599

An act to add Section 10201.1 to, and to amend Section 10204 and 10204.1 of, the Streets and Highways Code, relating to municipal improvements, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1967. Filed with Secretary of State July 7, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 10201.1 is added to the Streets and Highways Code, to read:

10201.1. As used in the chapter, "private utility damages" means the amount to which any private utility might be entitled by virtue of Chapter 8.5 (commencing with Section 1501) of Part 1 of Division 1 of the Public Utilities Code on account of the construction of the proposed improvement.

In the resolution of intention, the legislative body, in its discretion, may order that private utility damages be included in the assessment.

SEC. 2. Section 10204 of the Streets and Highways Code is amended to read:

10204. The report of the person or board to whom the improvement is referred by the legislative body shall contain:

(a) Plans and specifications of the proposed improvement if the improvement is not already installed.

(b) A general description of works or appliances already installed and any other property necessary or convenient for the operation of the improvement, if the works, appliances, or property are to be acquired as part of the improvement.

(c) An estimate of the cost of the improvement and of the cost of lands, rights-of-way, easements, and incidental expenses in connection with the improvement. If the legislative body in the resolution of intention ordered that private utility damages be included in the assessment, the report shall contain an estimate of private utility damages.

(d) A diagram showing the assessment district and the boundaries and dimensions of the subdivisions of land within the district as they existed at the time of the passage of the resolution of intention. Each subdivision shall be given a separate number upon the diagram.

(e) A proposed assessment of the total amount of the cost and expenses of the proposed improvement upon the several subdivisions of land in the district in proportion to the estimated benefits to be received by such subdivisions, respectively, from the improvement. When any portion or percentage of the cost and expenses of the improvement is ordered to be paid out of the treasury of the municipality, pursuant to Section 10200, the amount of such portion or percentage shall first be deducted from the total estimated cost and expenses of the improvement, and the assessment upon property proposed in the report shall include only the remainder of the estimated cost and expenses. The assessment shall refer to the subdivisions by their respective numbers as assigned pursuant to subdivision (d) of this section.

SEC. 3. Section 10204.1 of the Streets and Highways Code is amended to read:

10204.1. If the assessment district consists, in whole or in part, of lands subdivided or to be subdivided under the provisions of the Subdivision Map Act (commencing at Section 11500, Business and Professions Code), none of the costs and expenses required for compliance with the Subdivision Map Act, including but not limited to surveying and engineering costs incurred in the preparation of any map required

by such act, shall be included in the incidental expenses of any improvement ordered to be made or acquired under this division. Incidental expenses under this division may include:

(1) The costs and expenses of modifying any tentative or final map prepared pursuant to the Subdivision Map Act for use as the map of the assessment district or diagram; and

(2) Any surveying or engineering expenses incurred for preparation of the plans and specifications of any improvement to be constructed under this division.

(3) Any private utility damages.

SEC. 4. It is the purpose of this act to clarify and declare the prior legislative intent as to the meaning of the sections which this act amends, and not to make any substantive changes therein.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health and safety within the meaning of Article IV of the Constitution, and shall go into immediate effect. The facts constituting such necessity are:

It is necessary that the specification of the contents of the report to the legislative body conducting an assessment district proceeding under the Municipal Improvement Act of 1913 be more clearly stated in said act. Clarity of the law is essential to the conduct of bonding proceedings in order to obtain merchantable legal opinions supporting the legality of bonds and to avoid wasteful interpretative litigation. Uncertainty exists as to the matter clarified by the addition of Section 10201.1 to, and the amendment of Sections 10204 and 10204.1 of, the Streets and Highways Code, which is now precluding the consummation of one assessment district proceeding involving construction of vitally needed water distribution and sanitary sewage disposal facilities, the estimated cost of which is in excess of one million five hundred thousand dollars ($1,500,000). It is, therefore, imperative that this act take effect immediately.

CHAPTER 600

An act to add Section 31592.3 to the Government Code, relating to retirement, declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1967. Filed with Secretary of State July 7, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31592.3 is added to the Government Code, to read:

31592.3. In any county, earnings of the retirement fund, during any year, in excess of the total interest credited to

contributions and reserves during such year, shall remain in the fund as a reserve against deficiencies in interest earnings in other years, losses on investments, and other contingencies, except that when such excess exceeds 1 percent of the total assets of the retirement system, the board may transfer all or any part of such excess in excess of 1 percent of the total assets into a special fund which shall be used for the sole purpose of providing an increase in monthly retirement allowance pursuant to Section 31681.7 or Section 31739.4. In the event the amount credited to the special fund is not sufficient to pay the entire amount of the increase provided for by Section 31681.7 or Section 31739.4 then the amount of the increase shall be reduced in proportion to the amount of the balance on hand in the special fund at the close of the fiscal year preceding the fiscal year during which such increase is operative.

This section shall not be operative in any county until such time as the board of supervisors shall, by ordinance, make the provisions of this section applicable in such county. The board of supervisors may in such ordinance provide that the increase in monthly retirement allowance provided for by Section 31681.7 or 31739.4 shall be effective only subject to the provisions of this section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Increases in living costs have imposed a serious burden upon recipients of retirement allowances whose income is fixed and not subject to costs of living increases. In order to make the benefits of this section available during the fiscal year 1967–68 this section must be activated by ordinance of a board of supervisors effective prior to June 30, 1967, and, accordingly, procedures to enact any such ordinance must begin at the earliest possible date.

CHAPTER 601

An act to amend Sections 56, 69 and 69b of, and to add Section 56.1 to the Civil Code, and to add Section 740.1 to the Welfare and Institutions Code, relating to marriages.

No fee shall be charged for proceedings under this section.

SEC. 3. Section 69 of the Civil Code is amended to read:

69. All persons about to be joined in marriage must first obtain a license therefor, from a county clerk, which license must show:

1. The identity of the parties.
2. Their real and full names, and places of residence; and
3. Their ages.

No license may be granted when either of the parties, applicants therefor, is an imbecile, or insane, or is at the time of making the application, for said license, under the influence of any intoxicating liquor, or narcotic drug. If the male

Each applicant may be required to present authentic identification as to name. For the purpose of ascertaining all the facts mentioned or required in this section, the clerk, at the time the license is applied for may, if he deems it necessary in order to satisfy himself as to matters enumerated in this section, examine the applicants for a license on oath, whicl examination shall be reduced to writing by the clerk, and subscribed by them; or, if necessary, the clerk may request additional documentary proof as to the accuracy of facts stated. Applicants for a license pursuant to this section shall not be required to state, for any purpose, their race or color.

The forms for the application for license to marry and the marriage license shall be prescribed by the State Department of Public Health, and shall be adapted to set forth the facts required in this section.

SEC. 4. Section 69b of the Civil Code is amended to read:

The fee for issuing said duplicate license and certificate is two dollars and fifty cents ($2.50).

SEC. 5. Section 740.1 is added to the Welfare and Institutions Code, to read:

740.1. If a minor has been adjudged a ward or dependent child of the juvenile court and applies to the said court for consent to marry, and such person has no parent or guardian or has no parent capable of consenting, the juvenile court, in any case, may make an order consenting to the issuance of a marriage license; and granting permission for such minor to marry. Such order shall be filed with the county clerk at the time the license is issued.

If a plaintiff desires to serve a request within 10 days after such service of summons or appearance, leave of court, granted with or without notice, must be obtained. Copies of the documents shall be served with the request unless copies have already been furnished, and upon request the originals shall be made available for inspection. Each of the matters of which an admission is requested shall be deemed admitted unless, within a period designated in the request, not less than 15 days after service thereof or within such shorter or longer

time as the court may allow on motion and notice, the party to whom the request is directed files and serves upon the party requesting the admission either (1) a sworn statement denying specifically the matters of which an admission is requested or setting forth in detail the reasons why he cannot truthfully admit or deny those matters or (2) written objections on the ground that some or all of the requested admissions are privileged or irrelevant or that the request is otherwise improper in whole or in part, together with a notice of hearing the objections at the earliest practicable time. If written objections to a part of the request are made, the remainder of the request shall be answered within the period designated in the request. The number of requests for admissions or of sets of requests for admissions to be served is not limited except as justice requires to protect the party from annoyance, expense, embarrassment or oppression. The provisions of subdivision (b) of Section 2019 of this code are applicable for the protection of the party from whom admissions are requested under this section.

(b) Any admission made by a party pursuant to such request is for the purpose of the pending action only and neither constitutes an admission by him for any other purpose nor may be used against him in any other action.

CHAPTER 627

An act to amend Sections 19405 and 19533.1 of the Government Code, relating to layoff in the state civil service.

[Approved by Governor July 10, 1967. Filed with Secretary of State July 10, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 19405 of the Government Code is amended to read:

19405. The rights and benefits provided a person in Sections 19390, 19394, 19401.1, and 19533.2 shall not extend to or be granted to a person, who after January 1, 1956, voluntarily requests and obtains an extension of his original term of enlistment, service, or tour of duty in the recognized military service of the United States.

Such rights and benefits shall not extend to or be granted to a person who was on an indefinite tour of duty, or on a tour of duty in excess of four years' duration in the recognized military service as of January 1, 1956, and who continues on such duty after January 1, 1960.

Such rights and benefits shall not extend to or be granted to a person who was ordered to, or enlisted in the recognized military service after January 1, 1956, for an indefinite tour of duty or for a tour of duty in excess of four years' duration and who continues on such duty for more than four years from the first day of ordered duty or enlistment.

Whenever the board finds that the time limitations imposed by this section are unreasonable to a person or persons because of circumstances beyond their control, it shall be within the discretion of the board to grant an extension of the rights and benefits for not to exceed three additional years.

SEC. 2. Section 19533.1 of the Government Code is amended to read:

19533.1. Separations that are necessary by reason of reinstatement of an employee or employees after recognized military service as provided for in Section 19390 shall be made by layoff. In making such separations, the regular method of determining the order of layoff shall be used unless this would result in the layoff of an employee who has been reinstated in the class and subdivision of layoff under the provisions of Section 19390, and in the retention of an employee who was appointed in the class and subdivision of layoff during the time such a reinstated employee was on military leave. Under such circumstances, seniority shall not be counted as provided in Section 19533. Instead, service in the subdivision of layoff that qualifies under Section 19533 for credit is the only state service that shall be counted.

Whenever such a layoff results in the demotion to a lower class of an employee who has been reinstated after recognized military service as provided in Section 19390, the resulting

layoff, if any, in the lower class shall be made as though that reinstated employee had been in that lower class at the time he went on military leave.

Any layoff occurring within one year after reinstatement of an employee after recognized military service shall be presumed to have been necessary by reason of reinstatement of an employee or employees under Section 19390 unless the board determines that the reason for layoff is clearly not related to such reinstatement.

[Approved by Governor July 10, 1967. Filed with Secretary of State July 10, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6 of the San Luis Obispo County Flood Control and Water Conservation District Act (Chapter 1294, Statutes of 1945) is amended to read:

Sec. 6. The district shall have and may exercise the right of eminent domain, either within or without said district, and in the manner provided by law for the condemnation of private property for public use, to take any property necessary to carry out any of the objects or purposes of this act, whether such property be already devoted to any public use by any district or other public corporation, or agency, or otherwise provided, however, that the district in exercising such power shall in addition to the damage for the taking, injury, or destruction of property, also pay the cost of removal or relocation of any structure, railways, mains, pipes, conduits, wires, cable, poles, of any public utility which is required to be moved to a new location, and provided further that notwithstanding any other provision of this act or any other law, no property shall be taken unless it is taken upon a finding by a court of competent jurisdiction that the taking is for a more necessary public use than that to which it has already been appropriated. The district shall also have and may exercise the right to condemn any existing works or improvements in said district or along streams flowing into said district now or hereafter used to control flood or storm waters, or to conserve such flood or storm waters or to protect any property in said district or along streams flowing into said district from damage from such flood or storm waters, and it is hereby declared that the use of the property, lands, rights of way, easements, or materials which may be condemned, taken or appropriated under the provision of this act is a public use subject to the regulation and control of the state in the manner prescribed by law; provided, however, that nothing in this act contained shall be deemed to authorize said district, or any person or persons to divert the waters of any river, creek, stream, irrigation system, canal or ditch, from its channel, to the detriment of any person, or persons having any interest in such river, creek, stream, irrigation system, canal or ditch, or the waters thereof or therein, unless compensation therefor be first provided in the manner provided by law.

The power of eminent domain vested in the district shall include the power to condemn in the name of the district either the fee simple or any lesser estate, easement, or interest in any real property which the board of supervisors of the district by resolution shall determine is necessary for carrying out the purposes of this act. Such resolution shall be conclusive evidence of all of the following:

(a) The public necessity for the proposed public improvement.

(b) The property or property interest being acquired is necessary for the proposed public use.

(c) Such proposed public improvement is planned or located in the manner which will be compatible to the greatest public good and the least private injury.

Whenever real property which is devoted to or held for some other public or quasi public use is required by the district for flood or storm water control or water conservation purposes, the district may condemn real property adjacent thereto or in the immediate vicinity thereof to be exchanged for the real property required by the district as aforesaid for flood control or water conservation purposes.

SEC. 2. Section 6.1 is added to the San Luis Obispo County Flood Control and Water Conservation District Act (Chapter 1294, Statutes of 1945), to read:

Sec. 6.1. Whenever a part only of a parcel of land is required by the district for the control or conservation of flood, storm, or other waste waters, and the taking thereof, and the construction of the proposed public improvement thereon, will interfere with reasonable access to the remainder, or will otherwise cause substantial damage to the remainder, the district may condemn, purchase, or otherwise acquire the whole parcel of land and may sell the remainder or exchange the same for other property required for district purposes. Or, in lieu of such acquisition of the remainder, the district may condemn, purchase, or otherwise acquire an easement for ingress to and egress from the remainder for use by the public, including the owner of the land.

SEC 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The act governing this district, as now worded, does not clearly confer upon the district the powers conferred upon it by this act. Public funds have heretofore been voted and provided for the construction of a dam and reservoir by said district, including a reservoir, terminal reservoir, minimum pool available for fishing and recreational use, and other public recreational facilities pursuant to the Davis-Grunsky Act. The completion of such dam, reservoir, terminal reservoir and recreational facilities pursuant to a contract, the specifications for which are already in the hands of prospective contractors,

and the acquisition of property necessary therefor in proceedings now pending and to be filed is essential to the early elimination of a desperate shortage of water in the southern portion of the County of San Luis Obispo. The clarification of the eminent domain powers of the district as specified in this act will serve a necessary and desirable public purpose and affect material economies in the cost thereof. To accomplish these purposes it is necessary that this act take effect immediately.

CHAPTER 647

(e) This section and Section 19531 shall not operate to deprive any association of any weeks of racing granted during the previous calendar year.

The maximum number of racing days which may be allocated to the California State Fair and Exposition or California State Exposition and Fair or a county or district agricultural association fair shall be 14 days per year in any one county. An act to amend Section 69894.3 of the Government Code, relating to court employee benefits.

[Approved by Governor July 11, 1967. Filed with Secretary of State July 11, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 69894.3 of the Government Code is amended to read:

69894.3. Employees of the superior court in each county having a population of over 2,000,000 shall be entitled to such step advancement, vacation, sick leave, holiday benefits and other leaves of absence and other benefits as may be directed by rules of the court. Where statutes require implementation by local ordinances for the extension of benefits to local officers and employees, these may be made applicable by rule to court personnel, including but not limited to jurors, and judges.

Such benefits shall also include the same lump sum payments for sick leave and vacation for the superior court employees when they are separated from the service as are made to county employees of such county.

Court employees under this section shall have the right to transfer to other departments in the county government, subject to the approval of the board of supervisors, the county charter, and other usual conditions which may be placed upon such a transfer, including, but not limited to, a requirement that the transferee successfully complete an appropriate civil service examination. Such right of transfer shall not give any such employee any additional rights by reason of his employment with the court, other than those to which he would have been entitled if such employment had been with a different department of the county government.

Employment by the court shall be deemed to be employment by the county, if approved by rule of court, for the purpose of determining a court employee's rights with respect to a county's ordinances providing for salary step advancements and other employee benefits and rights, including, but not limited to, amount of compensation, vacations, sick leave, and accumulated sick leave.

In any such county such attachés may be voluntarily transferred from a position in one judicial district to a position in another within the county and promoted or voluntarily demoted from a position in one judicial district to a position in another within the county in substantially the same manner as transfers, demotions and promotions are authorized generally in county departments or between departments of the county.

Rules of the court may include other matters pertaining to the general administration of the court, including conditions of employment of court personnel, including but not limited to jurors and judges. When such rules are adopted by a majority of the judges and filed with the Judicial Council they shall have the same status as other rules of court adopted pursuant to Section 68070 of this code.

When requested to do so by the court the county shall through the county civil service commission furnish to the court such services as may be required in connection with the recruitment and employment of court officers and employees.

CHAPTER 649

An act to amend Section 262 of, and to add Section 271.6 to, the Revenue and Taxation Code, relating to tax exemptions, declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1967. Filed with Secretary of State July 11, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 262 of the Revenue and Taxation Code is amended to read:

262. Any tax or penalty or interest thereon for any fiscal year commencing during the calendar year 1960, 1961, 1962, 1963, 1964, 1965, 1966 or 1967 on property as to which the church exemption was available for such fiscal year shall be canceled pursuant to Article 1 (commencing with Section 4986) of Chapter 4 of Part 9 of this division as if it had been levied or charged erroneously, and, if paid, a refund thereof shall be made pursuant to Article 1 (commencing with Section 5096) of Chapter 5 of Part 9 of this division as if it had been erroneously collected.

SEC. 2. Section 271.6 is added to the Revenue and Taxation Code, to read:

271.6. Any tax or penalty, or interest thereon, for any fiscal year commencing during the calendar year 1966 on property owned by any organization qualified for the welfare exemption pursuant to Section 214 which was acquired by it during that calendar year after the lien date in that year but prior to the commencement of such fiscal year, and of a kind that presently qualifies for the welfare exemption and

that would have so qualified for such fiscal year had it been owned by such organization on such lien date, shall be canceled pursuant to Article 1 (commencing with Section 4986) of Chapter 4 of Part 9 of this division as if it had been levied or charged erroneously and, if paid, a refund thereof shall be made pursuant to Article 1 (commencing with Section 5096) of Chapter 5 of Part 9 of this division as if it had been erroneously collected. Any cancellation or refund made pursuant to this section shall be made notwithstanding any limitation upon the time within which such cancellation or refund could otherwise be made.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some organizations qualified for the welfare exemption pursuant to Section 214 purchased property during the 1966 calendar year, after the lien date for that year, which property was taxed for the fiscal year 1966–67, although it would have been exempt from taxation for that year by reason of the welfare exemption had it been acquired prior to such lien date. Some organizations qualified for the church exemption failed to file for the exemption on time because the deadline date for this year was changed from the first Monday in May to April 15 If required to meet such tax obligation, the ability of such organizations to function effectively will be seriously impaired to the great detriment of our state. This act will remedy that situation, and in so doing, the public policy of the state for the exemption of property owned by welfare organizations or churches, as expressed in Sections 1c and 1½ of Article XIII of the Constitution, will be subserved and the state as a whole will benefit.

Upon receiving a petition signed by 50 or more freeholders and residents within the territory desired to be withdrawn from any storm drain maintenance district, or by a majority of such freeholders and residents, if there are less than 100 freeholders and residents within the portion sought to be withdrawn, requesting the withdrawal of such portion from the district on the ground that such portion will not be benefited by remaining in said district, the board of supervisors shall fix a time and place for the hearing of such petition and protests thereto and for hearing protests to the continuance of the remaining territory as a storm drain maintenance district, which shall be not less than 15 days, nor more than 60 days after the receipt thereof. The said board shall, at least 10 days prior to the time so fixed, publish a notice of such hearing once a week for two successive weeks in a newspaper of general circulation, circulated in said district, or if there is no newspaper circulated in said district, then such publication shall be made in a newspaper of general circulation, circulated in the county in which said district is located, which the board deems most likely to give notice to the inhabitants thereof of the proposed withdrawal.

If the petition for withdrawal is signed by 100 percent of the owners of land, as shown on the last equalized assessment roll, in the territory proposed to be withdrawn, no notice need be published by newspaper.

Any person interested may appear at said hearing and object to the proposed withdrawal or to the continuance of the remaining territory as a storm drain maintenance district, and the board of supervisors shall consider the petition and all such objections and shall pass upon the same, and if it finds that said portion of the district sought to be withdrawn

will not be benefited by remaining within said district, and that the territory not sought to be withdrawn will be benefited by continuing as a storm drain maintenance district, then it shall grant said petition, and by resolution establish the boundaries of such district as reestablished after such withdrawal of territory, and such territory shall be withdrawn upon the filing of the certified copy of the resolution as provided in Section 4 hereof. Provided, however, that no withdrawal of territory from a storm drain maintenance district as provided in this section shall become effective unless and until any outstanding contract of such district has expired or such contract, with the consent of the parties thereto, has been modified or canceled so as to relieve such district of further obligation to pay for future maintenance within the territory so withdrawn. Upon the withdrawal of any territory from a storm drain maintenance district, as in this section provided, all property acquired for the district shall remain vested in the county and be used in the operation of the drainage facilities of the district.

SEC. 2. Section 10 of the Storm Drain Maintenance Act (Chapter 265, Statutes of 1937) is amended to read:

Sec. 10. The boundaries of any storm drain maintenance district may be altered and outlying territory, whether or not contiguous so long as the territory is within the same county, may be annexed thereto by proceedings taken in all respects the same as those provided herein for the formation of such districts, substituting, however, the appropriate words or words to denote annexation in place of formation After such annexation has been completed, the boundaries of the district shall thereupon include such annexed territory.

If the board of supervisors receives a statement signed by 100 percent of the owners of land, as shown on the last equalized assessment roll, in territory proposed to be annexed to a storm drain maintenance district, no publication by newspaper of notice of hearing need be made.

(5) The provisions of this section shall apply to all trusts now existing or hereafter created. Where, in trusts now existing or hereafter created, the term "investments permissible by law for investment of trust funds," or "authorized by law for investment of trust funds," "legal investments," or "authorized investments," or other words of similar import are used in defining the powers of the trustee relative to investments, such language, in the absence of other controlling or modifying provisions of the trust instrument, shall be construed as authorizing any investment permitted by the terms of subdivision (1) of this section.

(6) The term "property" as used in this section includes life insurance, endowment, and annuity contracts issued by legal reserve companies authorized to do business in this state.

CHAPTER 689

An act to maintain the Insurance Code by amending Sections 705.1, 779.21, 11520, 11661.5, 12408 and 12919, relating to insurance.

705.1. The commissioner shall require the payment of one thousand dollars ($1,000) in lawful money of the United States in advance as a fee for filing an application and all supporting exhibits including articles of incorporation, certificates of organization, certificates of capital and assets, certificates of deposit, financial statements, affidavits, appointments of agents for service of process, bonds, deposit schedules, appraisals, and other papers, in support of each original certificate of authority. SEC. 2. Section 779.21 of the Insurance Code is amended to read:

779.21. The commissioner may adopt, pursuant to the provisions of Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code, such reasonable rules and regulations as may be necessary to carry out the provisions of this article.

SEC. 3. Section 11520 of the Insurance Code is amended to read:

11520. The following organizations and persons may receive transfers of property, conditioned upon their agreement to pay an annuity to the transferor or his nominee, after obtaining from the commissioner a certificate of authority so to do:

(a) Any charitable, religious, benevolent or educational organization, pecuniary profit not being its object or purpose, after being in active operation for at least 10 years; provided, nevertheless, that 10 years of active operation shall not be required in case of:

(i) A nonprofit corporation organized and controlled by a hospital classified and licensed by the Department of Public Health as a general hospital pursuant to Chapter 2 (commencing with Section 1400), Division 2, of the Health and Safety Code; and

(ii) An incorporated educational institution offering courses of instruction beyond high school, organized pursuant to Section 29003 of the Education Code, and which is, and for at least one year has been, qualified pursuant to Article 1 (commencing with Section 29001) of Chapter 1 of Division 21 of the Education Code to issue diplomas or degrees as defined in Section 29001 of such code;

(b) Every organization or person maintaining homes for the aged for pecuniary profit.

The provisions of this section shall not apply to organizations subject to and operating under Chapter 4 (commencing with Section 16300) of Part 4 of Division 9 of the Welfare and Institutions Code.

SEC. 4. Section 11661.5 of the Insurance Code is amended to read:

11661.5. An insurer shall not insure an employer against his liability for additional compensation arising out of injuries to illegally employed persons under 16 years of age, as provided for by Part 4 (commencing with Section 1171) of Division 2 of the Labor Code.

SEC. 5. Section 12408 of the Insurance Code is amended to read:

12408. Every title insurer shall include in its annual statement furnished the commisioner pursuant to Article 10 (commencing with Section 900), Chapter 1, Part 2, Division 1 of this code, the name of each person which is a controlled escrow company or underwritten title company by reason of its relationship with such title insurer.

SEC. 6. Section 12919 of the Insurance Code is amended to read:

12919. Communications to the commissioner or any person in his office in respect to any fact concerning the holder of, or applicant for, any certificate or license issued under this code are made to him in official confidence within the meaning of Sections 1040 and 1041 of the Evidence Code. Liability shall not exist and no action or proceeding shall lie for or on account of any such communication or the making thereof, but the existence of such communication shall not be deemed to dispense with or nullify any requirement of notice, hearing or production of evidence before the commissioner as otherwise required by law.

CHAPTER 690

An act relating to irrigation districts.

[Approved by Governor July 11, 1967. Filed with Secretary of State July 11, 1967.]

The people of the State of California do enact as follows:

SECTION 1. The Walnut Irrigation District may, by agreement with the City of Pico Rivera, transfer all district real and personal property of whatever nature, to the city. The city shall, pursuant to such agreement, assume all obligations of the district to serve the area of the district with water and shall receive the transfer of property subject to any outstanding lease of water rights or pumping facilities of the district.

SEC. 2. The Legislature hereby finds and declares that the Walnut Irrigation District has no outstanding indebtedness and that its continued existence is unnecessary. Accordingly, upon the 30th day following the execution of the agreement authorized by this act, the Walnut Irrigation District shall be dissolved and shall cease to exist.

SEC. 3. The Legislature further finds and declares that this special act is necessary since the District Reorganization Act of 1965, which provides a uniform method for dissolution of certain types of public agencies, and which governs the dissolution of irrigation districts, does not authorize the voluntary transfer of property prior to dissolution authorized under this act, and since the Walnut Irrigation District and the City of Pico Rivera are the only irrigation district and city which contemplate, and are in a position to undertake, the type of transaction provided for by this act.

CHAPTER 691

An act to amend Section 14955 of the Government Code, relating to state contracts.

[Approved by Governor July 11, 1967. Filed with Secretary of State July 11, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 14955 of the Government Code is amended to read:

14955. Where work to be performed, excluding regular maintenance work, which would otherwise be subject to the State Contract Act, does not lend itself to the preparation of plans and specifications to enable bids to be taken on a lump sum or unit basis, and the director so finds, the department may perform such work by the use of rented tools or equip-

ment, either with operators furnished or unoperated. Contracts for such work may include provision for equipment rental and in addition the furnishing of labor and materials necessary to accomplish the work. Such contracts shall not be subject to the State Contract Act, but shall be subject to all of the provisions of Article 2, Chapter 1, Part 7, Division 2 (commencing at Section 1770) of the Labor Code.

Whenever the total consideration of such a contract exceeds two thousand five hundred dollars ($2,500), it shall be awarded to the lowest responsible bidder, after competitive bidding on such reasonable notice as the department may prescribe, except in cases of emergency rental of tools or equipment as hereinafter provided. Posting of notice for five days in a public place in the Sacramento and Los Angeles offices of the Office of Architecture and Construction of the department is sufficient. Such contracts involving a consideration in excess of two thousand five hundred dollars ($2,500) shall be accompanied by labor and material bonds The department may require faithful performance bonds when considered necessary. The notice for each contract shall state whether or not a bond shall be required. Where a faithful performance bond is required, labor and material bonds shall be required.

In cases of emergency work necessitated by the imminence or occurrence of a landslide, flood, storm damage, accident or other casualty, tools, or equipment may be rented for a period of not to exceed 10 days without competitive bidding.

CHAPTER 692

An act to amend Section 620 of, and to add Section 624 to, the Revenue and Taxation Code, relating to property taxation, declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1967. Filed with Secretary of State July 11, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 620 of the Revenue and Taxation Code is amended to read:

620. If the assessor does not send a notice pursuant to Section 619 to an assessee whose property was not on the prior year's secured roll, then such assessee may pay taxes under protest. If payments are made in installments, the protest need not be repeated with the second installment. Protests shall be made by filing with the tax collector, together with the payment of the taxes or their first installment, a petition for assessment reduction on the form prescribed by the county board, which form the collector is to forward to the clerk of the county board with the notation that taxes were paid under protest pursuant to this section. The county board may, after

receipt of the petition for assessment reduction from the tax collector, hold a public hearing at the next regular board meeting, notice of time and place of which shall be sent to the person paying the tax under protest at the address stated in the protest or if no such address is stated, then to the address of the assessee according to the last equalized assessment roll. If the taxes are so paid and the assessee has not previously applied for a reduction of the assessment, the county board at its next annual meeting as an equalization board shall thereupon equalize such assessment in the manner prescribed by Article 1 (commencing with Section 1601), Chapter 1, Part 3 of this division.

The tax rate fixed for property on the roll on which the property so equalized appears at the time of its original assessment shall be applied to the amount of the equalized assessment, determined in accordance with the preceding paragraph. In the event that the resulting figure is less than the tax theretofore computed, the taxpayer shall be liable for tax only for the lesser amount, and the difference shall be canceled. If the taxpayer has already paid the tax previously computed, such difference shall be refunded to him pursuant to Chapter 5 (commencing with Section 5096) of Part 9 of this division, as an erroneously collected tax.

If any taxes are paid under protest pursuant to this section, the taxing agency to which the taxes are paid may, in accordance with Section 26906.1 of the Government Code, impound such taxes until the final disposition of the claim or action respecting the protest. No such impounding is required.

SEC. 2. Section 624 is added to the Revenue and Taxation Code, to read:

624. If the assessor did not send the notice pursuant to Section 619 to the assessee, the county board shall hold an equalization hearing upon the timely petition of an assessee for equalization, whose property was not on the secured roll for 1966–67, and whose property is assessed for the first time on the secured roll for 1967–68. The county board may elect to hold equalization hearings prior to or during the 1967–68 equalization hearings to equalize an assessment of property which was not on the secured roll for 1965–66, but which was placed on the secured roll for 1966–67 where the assessor did not send a notice pursuant to Section 619. If the county board elects to hold such hearings, the board shall hold hearings for all assessees who have petitioned the county board for equalization prior to the expiration of the time set by the county board for receipt of such petitions. If the county board elects to receive such petitions and hold such hearings, notice of intention to do so shall be made as follows: (a) by publication of such notice in a newspaper of general circulation printed and published in the county by insertion therein not less than once a week for three consecutive weeks, the last publication of which shall be not later than 30 days prior to the expiration of the date set by the county board for receipt

of petitions for equalization, or (b) by sending to each assessee whose property was assessed on the secured roll for 1966–67 for the first time, a notice of such election, which shall be mailed not later than 30 days prior to the deadline for receipt of petitions for equalizations.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect.

The facts constituting such necessity are:

Some assessees whose properties were assessed for the first time during 1965–66 fiscal year on the secured roll did not petition for reduction in assessment, where the assessor did not send notice of the new assessment pursuant to Section 619. County boards of supervisors sitting as local boards of equalization will be holding hearings, beginning in July, 1967, at which time petitions for reduction in assessment by assessees whose property was assessed for the first time during 1966–67 should be heard. Inequities and additional costs and expenses will result unless this measure is put into effect immediately. Reductions and assessments when granted by local boards would reduce the tax revenue expendable by various revenue districts. It is essential for revenue districts to learn of the amount of reduction in tax revenue, if any, due to any reductions in the local roll at or about the end of 1966–67 fiscal year.

CHAPTER 693

An act to amend Sections 6094, 6244, 6283, and 6406 of the Revenue and Taxation Code, relating to sales and use taxes.

[Approved by Governor July 11, 1967. Filed with Secretary of State July 11, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6094 of the Revenue and Taxation Code is amended to read:

6094. If a purchaser who gives a resale certificate makes any use of the property other than retention, demonstration, or display while holding it for sale in the regular course of business, the use shall be taxable to the purchaser under Chapter 3 (commencing with Section 6201) of this part as of the time the property is first used by him, and the sales price of the property to him shall be the measure of the tax. If such use is limited to the loan of the property to customers as an accommodation while awaiting delivery of property purchased or leased from the lender, the measure of the tax is the fair rental value of the property for the duration of each loan so made.

SEC. 2. Section 6244 of the Revenue and Taxation Code is amended to read:

6244. If a purchaser who gives a resale certificate or purchases property for the purpose of reselling it makes any storage or use of the property other than retention, demonstration, or display while holding it for sale in the regular course of business, the storage or use is taxable as of the time the property is first so stored or used. If such use is limited to the loan of the property to customers as an accommodation while awaiting delivery of property purchased or leased from the lender, the measure of the tax is the fair rental value of the property for the duration of each loan so made.

SEC. 3. Section 6283 of the Revenue and Taxation Code is amended to read:

6283. There are exempted from the computation of the amount of the sales tax the gross receipts from the sale of a vessel or of an aircraft when the retailer is other than a person required to hold a seller's permit pursuant to Article 2 of Chapter 2 of this part by reason of the number, scope, and character of his sales of vessels or of aircraft, as the case may be.

SEC. 4. Section 6406 of the Revenue and Taxation Code is amended to read:

6406. A credit shall be allowed against, but shall not exceed, the taxes imposed on any person by Chapter 3 (commencing with Section 6201) of this part and by any ordinance enacted pursuant to Part 1.5 (commencing with Section 7200) of this division by reason of the storage, use, or other consumption of tangible personal property in this state to the extent that the person has paid a retail sales or use tax, or reimbursement therefor, imposed with respect to that property by any other state, political subdivision thereof, or the District of Columbia prior to the storage, use, or other consumption of that property in this state. The credit shall be apportioned to the taxes against which it is allowed in proportion to the amounts of those taxes.

A credit, otherwise permitted by the foregoing provisions of this section, shall not be allowed against taxes which are measured by periodic payments made under a lease, to the extent that the taxes imposed by any other state, political subdivision thereof, or the District of Columbia were also measured by periodic payments made under a lease for a period prior to the storage, use, or other consumption of the property in this state.

CHAPTER 694

An act to add Sections 34709 and 34710 to the Water Code, relating to California water districts.

[Approved by Governor July 11, 1967. Filed with Secretary of State July 11, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 34709 is added to the Water Code, to read:

34709. Notwithstanding Section 34900, any elective officer other than a director may appoint so many deputies as the board shall have authorized for whose acts he and his bondsmen are responsible.

SEC. 2. Section 34710 is added to the Water Code, to read:

34710. Deputies shall hold office at the pleasure of the appointing officer and shall receive such compensation as may be provided by the board.

CHAPTER 695

An act to amend Section 44602 of, and add Article 4 (commencing with Section 44850) to Chapter 3 of Part 7 of Division 14 of the Water Code, relating to the deposit of funds of California Water Storage Districts, and declaring the urgency thereof to take effect immediately.

[Approved by Governor July 11, 1967. Filed with Secretary of State July 11, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 44602 of the Water Code is amended to read:

44602. Warrants drawn by the board for payment of principal or interest on bonds shall be drawn upon the county treasurer of a county having funds belonging to the district in his possession, or upon a bank having funds belonging to the district on deposit, and upon the treasurer of the district or the county treasurer of such a county or upon such a bank, as the case may be, for payment of all other claims and demands.

SEC. 2. Article 4 (commencing with Section 44850) is added to Chapter 3 of Part 7 of Division 14 of the Water Code, to read:

Article 4. Alternative Provisions for the Deposit of Funds

44850. This article provides an alternative procedure for the deposit of all, or any part of, proceeds of bond sales, pro-

ceeds of assessments and proceeds of sale of land and of all, or any part of, other funds of a district.

44851. The board may at any time, by resolution, elect to proceed under this article with respect to the deposit of funds of the district, and the board may at any time thereafter terminate its election to proceed under this article, and thereafter, the provisions of this article shall no longer apply. No such resolution shall be effective until a certified copy thereof shall be filed with the auditor and treasurer of each county within which a district is located.

44852. Any money belonging to a district may be deposited by the treasurer pursuant to the general laws governing the deposit of public money.

44853. Where the deposit of money is insured by the Federal Deposit Insurance Corporation no additional security need be required from the bank for the portion of the district's deposits so insured.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety with the meaning of Article IV of the Constitution and shall go into immediate effect.

The facts constituting such necessity are: Several water storage districts and improvement districts therein are now proceeding with the planning, financing and construction of irrigation projects to enable them to provide needed water for agriculture in such districts by utilizing the supply which will soon become available from the State of California. In order to facilitate the financing of these projects and to enable such districts to earn maximum interest it is now necessary to clarify the law with respect to the deposit of funds of water storage districts and clearly to permit such districts to deposit their funds in banks.

CHAPTER 696

An act to amend Section 5104 of the Streets and Highways Code, relating to special assessments.

[Approved by Governor July 11, 1967. Filed with Secretary of State July 11, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5104 of the Streets and Highways Code is amended to read:

5104. If the consent of the owner of the property is first obtained, work may be done on private property to eliminate any disparity in level or size between the improvement and driveways, housewalks, and sewers, provided that the legislative body determines in the resolution of intention to order the improvement that it is in the public interest and more economi-

cal to do such work on private property than to adjust the work on public property to eliminate such disparity. The actual cost of such work shall be added to the assessment of the lot on which the work is done.

CHAPTER 697

SEC. 2. Section 5101 of the Streets and Highways Code is amended to read:

Such deposits are reserved from sale except upon a rental and royalty basis and except as otherwise provided by law. A purchaser of any public lands belonging to the state, or which may become property of the state, shall acquire no right, title, or interest in or to such deposits. The right of such purchaser shall be subject to the reservation of all oil, gas, oil shale, coal, phosphate, sodium, gold, silver, and all other mineral deposits, and to the conditions and limitations prescribed by law providing for the state and persons authorized by it to prospect for, mine, and remove such deposits, and to occupy and use so much of the surface of the land as may be required for all purposes reasonably extending to the mining and removal of such deposits therefrom—: provided, that when any person, authorized by the state to prospect for said reserved deposits to the extent provided for in this division, enters upon such land, such person so entering shall be liable to and shall compensate such purchaser of land for all damage and injury to the permanent improvements and the crops on such lands by reason of such prospecting; provided, further, that persons who have acquired the right to mine and remove such deposits may reenter, occupy and use so much of the surface of the land as may be required for all purposes reasonably extending to the mining and removal of such deposits there-

CHAPTER 699

An act to amend Sections 10 and 10.1 of, and to add Section 10.3 to, the San Mateo County Flood Control District Act (Chapter 2108 of the Statutes of 1959), relating to the San Mateo County Flood Control District.

[Approved by Governor July 11, 1967. Filed with Secretary of State July 11, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 10 of the San Mateo County Flood Control District Act (Chapter 2108, Statutes 1959) is amended to read:

Sec. 10. The board of supervisors of the district created by this act, by resolutions thereof adopted from time to time, may establish any zone or zones within said district without reference to the boundaries of other zones, setting forth in such resolutions descriptions thereof by metes and bounds and institute zone projects for the specific benefit of such zones. The boundaries of any such zone which is established primarily for flood control purposes shall follow and be the same as the boundaries of a natural drainage basin as determined by engineering studies or surveys authorized by the board of supervisors. No such zone established primarily for flood control purposes shall include more than one natural drainage basin.

Said zone shall be deemed established from and after the date of the resolution of the board establishing the same. However, before taxes or assessments as hereinabove provided for

may be levied therein, compliance must be had with the provisions of Government Code Sections 54900 to 54904, inclusive. The provisions of this section to the contrary notwithstanding, no territory of any city with a population of more than 40,000 inhabitants, based upon the 1950 federal census, shall be included within any zone established or to be established as herein provided without the request, by resolution, of a majority of the governing body of said city to such inclusion.

Any other provision of this section to the contrary notwithstanding, after the establishment of any zone in the manner herein provided, the board may, by resolution, at any time amend the boundaries by withdrawing property from said zone, or may divide said zone into two or more zones, by setting forth in such resolution descriptions of the amended or divided zones by metes and bounds and entitling each of such zones by a zone number.

Property so excluded from any zone shall continue to be subject to the obligation and payment of any bonds or other indebtedness incurred in the zone prior to such exclusion.

After the establishment of any zone in the manner herein provided territory within said district whether incorporated or unincorporated and whether contiguous to said zone or not may be annexed to said zone if in the opinion of the board the additional territory will be benefited by annexation to said zone. Proceedings for the establishment of zones may be conducted concurrently with and as a part of proceedings for the instituting of projects relating to such zones which proceedings shall be instituted in the manner prescribed in Section 10.3 of this act.

SEC. 2. Section 10.1 of the San Mateo County Flood Control District Act (Chapter 2108, Statutes 1959) is amended to read:

Sec. 10.1. The board shall, by resolution, at the time of the institution of a project pursuant to Section 10.3 of this act, order the formation of any subzone within such a zone where, in the opinion of the board the contemplated improvements authorized by this act and the operation and maintenance thereof will be of special benefit to any such subzone, and are not of equal benefit to the entire zone within which any such subzone is proposed to be established. (3) Where the assets of a corporation are liquidated, amounts paid upon corporate shares as cash dividends declared before such liquidation occurred or as arrears of preferred or guaranteed dividends shall be deemed income; all other amounts paid upon corporate shares on disbursement of the corporate assets to the stockholders shall be deemed principal. All disbursements of corporate assets to the stockholders, whenever made, which are designated by the corporation as a return of capital or division of corporate property shall be deemed principal.

(4) Where a corporation succeeds another by merger, consolidation or reorganization or otherwise acquires its assets, and the corporate shares of the succeeding corporation are issued to the shareholders of the original corporation in like proportion to, or in substitution for, their shares of the original corporation, the two corporations shall be considered a single corporation in applying the provisions of this section. But two corporations shall not be considered a single corporation under this section merely because one owns corporate shares of or otherwise controls or directs the other.

(5) In applying this section the date when a dividend accrues to the person who is entitled to it shall be held to be the date specified by the corporation as the one on which the stock-

holders entitled thereto are determined, or in default thereof the date of declaration of the dividend.

(6) Distributions made from ordinary income by a regulated investment company or by a trust qualifying and electing to be taxed under federal law as a real estate investment trust are income. All other distributions made by the company or trust, including distributions from capital gains, depreciation, or depletion, whether in the form of cash or an option to take new stock or cash or as option to purchase additional shares, are principal.

(7) The trustee or tenant may rely upon the statement of the paying corporation as to whether dividends are paid from profits or earnings or are a return of capital or division of corporate property, and as to any other fact, relevant under any provision of this chapter, concerning the source or character of dividends or disbursements of corporate assets.

If ink is used on polyester base film, the ink surface shall be coated with a suitable substance to assure permanent legibility. A one-inch blank margin shall be left on each edge of the map.

(b) Its conformity to other records or satisfactory evidence of the error of such other records.

(c) Its compliance with the provisions of this chapter.

SEC. 3. Section 11535 of the Business and Professions Code is amended to read:

11535. (a) "Subdivision" refers to any real property, improved or unimproved, or portion thereof, shown on the latest adopted county tax roll as a unit or as contiguous units, which is divided for the purpose of sale, lease, or financing, whether immediate or future, by any subdivider into five or more parcels; provided, that this chapter shall not apply to the leasing of apartments, offices, stores, or similar space within an apartment building, industrial building, commercial building, or trailer park, nor shall this chapter apply to mineral, oil or gas leases.

(b) Subdivision does not include any parcel or parcels of land which is divided into four or less parcels.

(c) Subdivision does not include the division of any real property improved or unimproved or a portion thereof shown on the latest adopted county tax roll as a unit or as contiguous units, which is divided for the purpose of sale, lease, or financing, whether immediate or future, if any of the following conditions prevail:

(1) The whole parcel before division contains less than five acres, each parcel created by the division abuts upon a public street or highway and no dedications or improvements are required by the governing body

(2) Any parcel or parcels divided into lots or parcels, each of a gross area of 20 acres or more, and each of which has an approved access to a maintained public street or highway.

(3) Any parcel or parcels of land having approved access to a public street or highway which comprises part of a tract of land zoned for industrial development, and which has the approval of the governing body as to street alignments and widths.

(4) Any parcel or parcels of land divided into lots or parcels, each of a gross area of forty (40) acres or more or each of which is a quarter-quarter section or larger.

(d) In any case provided in subdivisions (c)(1), (c)(2), and (c)(3), and in the case of subdivision (b) when requested by local ordinance, a tentative map shall be submitted to the governing body or advisory agency (in the same manner as provided in this chapter for subdivisions) for approval as to area and lot design and as to all requirements of this section. Within one year after approval of the tentative map, a parcel map showing each new parcel or parcels may be filed with the recorder of the county concerned. The governing body may require dedications or an offer of dedication by separate instrument for street opening or widening or easements. If dedications or offers of dedications are required, such dedications shall be completed prior to filing of the parcel map. An offer of dedication shall be in such terms

as to be binding on the owner, his heirs, assigns or successors in interest, and shall continue until the governing body accepts or rejects such offer.

In the case of subdivisions (b) and (c)(3), and when local ordinance provides, the governing body may require the improvement of public or private streets, highways, ways, or easements as may be necessary for local traffic, drainage and sanitary needs.

(e) Nothing contained in this chapter shall apply to land dedicated for cemetery purposes under the Health and Safety Code of the State of California.

(f) Nothing contained in this section shall in any way modify or affect any of the provisions of Section 11000 of this code.

SEC. 3.5. Section 11536 of the Business and Professions Code is amended to read:

SEC. 4. Section 11576 of the Business and Professions Code is amended to read:

11576. (a) The parcel map shall be prepared by a registered civil engineer or licensed land surveyor. It shall show the definite location of streets or property lines bounding the property for the purpose of showing proposed street widening, conformity with proposed building setback lines, and other information required by the governing body for the orderly administration of their zoning and building regulations.

(b) In any case where the division of land creates four or less parcels, the parcel map may be compiled from recorded or filed data when survey information exists on filed maps to sufficiently locate and retrace the exterior boundary lines of the parcel map and when the location of at least one of these boundary lines can be established from an existing monumented line. The parcel map shall be submitted to the county surveyor or city engineer for his examination prior to filing.

(c) In any case where the division of the land creates five or more parcels, as authorized in Section 11535, subdivisions (c)(1), (c)(2), or (c)(3), or where the division of land creates four or less parcels but does not meet the requirements of subdivision (b) above, the parcel map shall be based upon a field survey of the land made in conformance with the Land Surveyors' Act. In any case the parcel map may be based upon a field survey made in conformance with the Land Surveyors' Act. Where the parcel map is based on a field survey, it shall be submitted to the county surveyor or city engineer for his examination prior to filing.

(d) Within 20 days after receiving the parcel map, or within such additional time as may be reasonably necessary,

SEC. 5. Section 11577 of the Business and Professions Code is amended to read:

11577. The parcel map shall conform to all of the following provisions:

(a) It shall be a map legibly drawn, printed, or reproduced by a process guaranteeing a permanent record in black on tracing cloth or polyester base film, including certificates, except that such certificates may be legibly stamped or printed upon the map with opaque ink when recommended by the county recorder and authorized by the local governing body by ordinance. If ink is used on polyester base film, the ink surface shall be coated with a suitable substance to assure permanent legibility.

(b) The size of each sheet shall be 18 x 26 inches. A marginal line shall be drawn completely around each sheet, leaving an entirely blank margin of one inch. The scale of the map shall be large enough to show all details clearly and enough sheets shall be used to accomplish this end. The particular number of the sheet and the total number of sheets comprising the map shall be stated on each of the sheets, and its relation to each adjoining sheet shall be clearly shown.

(c) Each parcel shall be numbered or otherwise designated.

(d) The exterior boundary of the land included within the parcel or parcels being created shall be indicated by colored border. CHAPTER 731

CHAPTER 732

An act to add Section 54930.1 to the Government Code, relating to state and local government, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 12, 1967. Filed with Secretary of State July 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 54930.1 is added to the Government Code, to read:

54930.1. Notwithstanding Sections 54902 and 54903 of this code, any annexation to any existing street lighting district organized pursuant to the Street Lighting Act of 1919 (Part 1 commencing with Section 18000), Division 14, of the Streets and Highways Code), shall be effective for assessment or taxation purposes if the statement and maps or plat referred to in Section 54900 are filed with the assessor and the State Board of Equalization on or before May 1, 1967.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Certain districts formed pursuant to the Street Lighting Act of 1919 did not file the statement and map or plat required by Section 54902 of the Government Code to be filed with the assessor and the State Board of Equalization by January 1, 1967, for the annexation of new territory to the districts to be effective for assessment or taxation purposes in 1967. Since these districts are formed to meet urgent community needs, it is imperative that assessments or taxes be levied for these districts in 1967. Thus, it is necessary that this act take effect immediately.

CHAPTER 733

An act to amend Sections 8955.1 and 8955.2 of the Education Code, relating to county taxes for schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 12, 1967. Filed with Secretary of State July 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 8955.1 of the Education Code is amended to read:

8955.1. The county superintendent of schools shall, with the approval of the county board of education, certify to the

county auditor and the county board of supervisors, on or before July 15th of each year, the amount of money required to be raised by a county tax for the education of mentally retarded minors who come within the provisions of Section 6903 and for rental of property and the purchase of equipment by the county superintendent of schools for special training schools or classes for such minors. The amount shall be determined by subtracting from the total cost of the education of such minors, including transportation, to the county superintendent of schools the total amount to be apportioned by the Superintendent of Public Instruction to the county school service fund for the education of such mentally retarded minors and by adding to the result the amount required for rental of property and the purchase of equipment. The board of supervisors may include in such amount a sum for capital outlay.

The board of supervisors shall, at the time of levying other county taxes, levy an identical rate of tax in all elementary or unified school districts which have an average daily attendance of less than 8,000 in the elementary schools in the district, and all unified or high school districts which have an average daily attendance of less than 8,000 in the high schools of the district under the jurisdiction of the county superintendent of schools, and for which approval has not been granted by the county superintendent for the district to establish and maintain such classes for the education of mentally retarded minors who come within the provisions of Section 6903 upon the taxable property in such districts sufficient to produce an amount equal to all costs of the education of such minors which are in excess of the amounts apportioned from the State School Fund for the average daily attendance of such minors. The amount received from this tax shall be deposited in the county school service fund.

SEC. 2. Section 8955.2 of the Education Code is amended to read:

8955.2. The county superintendent of schools shall, with the approval of the county board of education, certify to the county auditor and the county board of supervisors, on or before July 15th of each year, the amount of money required to be raised by a county tax for the identification and education of physically handicapped minors who come within the provisions of Section 6801 or 6802 and for the rental of property and the purchase of equipment by the county superintendent of schools for the schools or classes for such minors.

The amount shall be determined by subtracting from the total cost of the education of such minors, including transportation, to the county superintendent of schools the total amounts to be apportioned by the Superintendent of Public Instruction to the county school service fund for the education of such physically handicapped minors and by adding to the result the amount required for rental of property, the purchase of equipment, and capital outlay.

The board of supervisors shall, at the time of levying other county taxes, levy an identical rate of tax in all elementary or unified school districts which have an average daily attendance of less than 8,000 in the elementary schools in the district, and all unified or high school districts which have an average daily attendance of less than 8,000 in the high schools under the jurisdiction of the county superintendent of schools, and for which approval has not been granted by the county superintendent for the district to establish and maintain such classes for the education of physically handicapped minors who come within the provisions of Section 6801 or 6802 upon the taxable property in such districts sufficient to produce such amounts. The amount received from this tax shall be deposited in the county school service fund.

The tax shall be levied and collected on a current basis during the fiscal year on the basis of estimates of average daily attendance levels, assessed valuation levels, and the other factors involved. Excess amounts collected in any year may be applied to reduction of the tax in succeeding fiscal years, and the amount to be raised by the tax in any fiscal year may be increased by the amount of deficiency in the tax collected in prior fiscal years.

The Superintendent of Public Instruction shall adopt such rules and regulations as he may deem necessary to the implementation of this section.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are: In order to adjust the tax burden for the 1967–1968 fiscal year in connection with the programs conducted by the county superintendent of schools for the mentally retarded and physically handicapped minors of school districts with an average daily attendance of less than 8,000, it is necessary that this act go into immediate effect.

CHAPTER 734

An act to add Section 31703.5 to the Water Code, relating to taxation with the Desert View County Water District, declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 17, 1967. Filed with Secretary of State July 17, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31703.5 is added to the Water Code, to read:

31703.5. Annually, the Desert View County Water District, San Bernardino County, may request, and the board of

supervisors shall levy a bond tax on land only in the district or improvement district benefited by the purposes of the bonded debt. The bond tax levied pursuant to this section constitutes a lien on all property, both land and improvements, located on the land benefited by the purposes of the bonded debt.

This special provision is necessary because the Desert View County Water District is uniquely located in a desert area where water provided by the district primarily benefits only land.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The peace, health and safety of the citizens of the state require the orderly and unhampered functioning of public bodies and such functioning depends on the avoidance of oppressive taxation for necessary services. Water is essential to the effective use of the desert lands in the Desert View County Water District and when provided increases the value of land manyfold. However, because building density is low, a water bond tax on land and improvements places a disproportionate burden of the costs on homeowners in the district in relation to the benefits received. In order that fair and equitable bond taxes may be levied during the fiscal year 1967–1968 in the district, it is necessary that this act take effect immediately.

CHAPTER 735

An act to amend Section 15517 of, and to repeal Section 15517 of, the Education Code, relating to school buildings, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 17, 1967. Filed with Secretary of State July 17, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 15517 of the Education Code is amended to read:

15517. The governing board of a school district may undertake corrective measures relating to fire and panic safety recommended to the governing board pursuant to Section 13143 of the Health and Safety Code by the State Fire Marshal in connection with any school building under the jurisdiction of the governing board without compliance with the procedures otherwise prescribed by this article.

The maximum rate of tax of any school district for any school year is hereby increased by such amount as will produce the amount necessary to effect the corrective measures

recommended by the State Fire Marshal, as provided in the preceding paragraph, as shown by the budget of the district for such school year, as finally adopted by the governing board of the district, less any unencumbered balances remaining at the end of the preceding school year derived from revenue from the increase in the rate of tax provided by this section.

The increase provided by this section shall not exceed ten cents ($0.10) for each one hundred dollars ($100) of the assessed valuation of property within the district in each fiscal year.

If at the end of any school year, there remains an unencumbered balance derived from the revenue of the increase in tax rate hereby provided, such balance shall be used exclusively in the following school year for expenditures of the school district during that school year required for purposes of this section.

This section shall remain in effect until July 1, 1969.

SEC. 2. Section 15517 of the Education Code is repealed.

SEC. 3. Section 2 of this act shall become operative only if Assembly Bill No. 272 is enacted by the Legislature at its 1967 Regular Session, and in such case at the same time as Assembly Bill No. 272 takes effect; at which time Section 15517 of the Education Code as amended by Section 1 of this act is repealed.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act extends the termination date of this section from July 1, 1967, in this section to July 1, 1969. Because of the large number of school children affected by this act, it is necessary that its provisions be extended immediately in order to permit the school districts to raise sufficient funds to assure the school children and their parents that the schools have adequate fire protection. The proper and effective administration of this law requires that it shall remain in effect without interruption.

CHAPTER 736

An act to add Article 10.3 (commencing with Section 69994) to Chapter 5 of Title 8 of the Government Code, relating to courts.

[Approved by Governor July 17, 1967. Filed with Secretary of State July 17, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Article 10.3 (commencing with Section 69994) is added to Chapter 5 of Title 8 of the Government Code, to read:

Article 10.3. Official Reporters in Counties With a Population of 490,000 to 503,000

69994. In each such county the fee for reporting testimony and proceedings in contested cases is fifty dollars ($50) per day, or any fractional part thereof. The fee for reporting each default or uncontested action or proceeding is fifteen dollars ($15). These fees shall apply to assignments in the municipal as well as the superior court.

CHAPTER 737

An act to add Section 3440.1 to the Civil Code, relating to escrow transactions.

[Approved by Governor July 17, 1967. Filed with Secretary of State July 17, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 3440.1 is added to the Civil Code, to read:

3440.1. In any case where a bulk sales notice published pursuant to the provisions of Division 6 (commencing with Section 6101) of the Uniform Commercial Code states that the transaction will be handled through an escrow and that creditors may file their claims with the escrow agent, the intended transferee shall deposit with the escrow agent the full amount of the purchase price or consideration, and the escrow agent shall, if at the time scheduled for the closing of the escrow the amount of cash deposited in the escrow is insufficient to pay in full all of the claims filed with the escrow agent, do both of the following:

(a) Delay the closing of the escrow and the passing of title for a period of not less than 10 days nor more than 20 days.

(b) Send a written notice to each creditor, who has filed a claim, within two days after the date scheduled for the closing of the escrow stating the amount of cash deposited in the escrow and the percentage which it represents of the aggregate of all claims filed and stating that the escrow will be closed at a specified place, date, and time which shall be not less than

10 days nor more than 20 days from the originally scheduled closing date.

No funds shall be drawn from the escrow, prior to the actual closing and completion of the escrow, for the payment, in whole or in part, of any commission, fee, or other consideration as compensation for a service which is contingent upon the performance of any act, condition, or instruction set forth in an escrow.

CHAPTER 738

An act to amend Section 69900 of the Government Code, relating to superior courts.

[Approved by Governor July 17, 1967. Filed with Secretary of State July 17, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 13190 of the Education Code is amended to read:

13190. The standard teaching credential with a specialization in elementary teaching shall authorize the holder to:

(a) Teach, in kindergarten or grades 1 to 9, inclusive, except courses in special education, as follows:

(1) A person with an academic major and any minor may teach any subject in kindergarten and in grades 1 to 9, inclusive.

(2) A person with an academic major other than a diversified major, but without a minor, may teach any subject in kindergarten and in grades 1 to 9, inclusive, in a self-contained class. He may teach in a departmentalized class in grades 7, 8, and 9, the subject in which he has a major. He may teach in a departmentalized class in grades 7, 8, and 9 any subject in which he has nine semester hours of upper division or graduate coursework when the governing board of the district maintaining such grades by resolution specifically authorizes him to teach the subject. The authorization of the governing board shall remain valid for one year and may be renewed annually.

For the purposes of this section: a "self-contained class" is a class in which most of the subjects in one grade are taught by one teacher; and a "departmentalized class" is a class in which one subject or one group of closely related subjects, is taught by one teacher.

(e) Teach, in continuation education classes or in continuation high schools, elementary level reading.

CHAPTER 761

An act to amend Sections 13590.1 and 13590.2 of, and to add Section 13593.1 to, the Education Code, relating to classified school employees.

[Approved by Governor July 17, 1967. Filed with Secretary of State July 17, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 13590.1 of the Education Code is amended to read:

13590.1. The workweek of a classified employee, as defined in Section 13581 or Section 13712, shall be 40 hours. The workday shall be eight hours. These provisions do not restrict the extension of a regular workday or workweek on an overtime basis when such is necessary to carry on the business of the district. Nothing in this section shall be deemed to bar the district from establishing a workday of less than eight hours or a workweek of less than 40 hours for all or any of its classified positions.

Notwithstanding the provisions of this section and Section 13590.2, a governing board may, with the approval of the personnel commission, where applicable, exempt specific classes of positions from compensation for overtime in excess of eight hours in one day, provided that hours worked in excess of 40 in a calendar week shall be compensated on an overtime basis. Such exemption shall be applied only to those classes which the governing board and personnel commission, where applicable, specifically find to be a subject to fluctuations in daily working hours not susceptible to administrative control, such as security patrol and recreation classes, but shall not include food-service and transportation classes.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 5 (commencing with Section 13701) of this chapter.

SEC. 2. Section 13590.2 of the Education Code is amended to read:

13590.2. The governing board of each district shall provide the extent to which, and establish the method by which, ordered overtime or overtime in time of critical emergency is compensated. The board shall provide for such compensation or compensatory time off at a rate at least equal to time and one-half the regular rate of pay of the employee designated and authorized to perform the overtime. Notwithstanding the foregoing provisions the board may declare overtime to have been necessary as a critical emergency and provide for cash compensation or compensatory time off at a rate less than the overtime rate.

Overtime is defined to include any time required to be worked in excess of eight hours in any one day and in excess of

40 hours in any calendar week. If a governing board establishes a workday of less than eight hours but more than seven hours and a workweek of less than 40 hours but more than 35 hours for all of its classified positions or for certain classes of classified positions, all time worked in excess of the established workday and workweek shall be deemed to be overtime. The foregoing provisions are not intended to apply to properly designated part-time positions with an assigned workday of less than eight hours and a workweek of less than 40 hours even though all such positions constitute all of the positions within a class.

Critical emergency as used in this section means a civil disaster or other such major occurrence that requires the use of school employees to the detriment of the financial ability of the district to meet the requirements of this section.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 5 (commencing with Section 13701) of this chapter.

SEC. 3. Section 13593 1 is added to the Education Code, to read:

13593 1. A classified employee who works a minimum of 30 minutes per day in excess of his part-time assignment for a period of 20 consecutive working days or more, shall have his basic assignment changed to reflect the longer hours in order to acquire fringe benefits on a properly prorated basis as specified in Section 13593.

If a part-time employee's average paid time, excluding overtime for which the employee receives compensation at a rate at least equal to time and one-half, exceeds his average assigned time by 50 minutes or more per working day in any quarter, the hours paid per day for compensible leaves of absence and holidays in the succeeding quarter shall be equivalent to the average hours paid per working day in the preceding quarter, excluding overtime.

Except where vacation entitlement is accrued on the basis of actual hours of paid regular service, vacation entitlement shall be based on the average number of hours worked per working day during the portion of the school year in which the employee is assigned to duty.

It is the intent of the Legislature, in enacting this section, to insure that part-time employees are accorded fringe benefits on an appropriate prorated basis with full recognition given to the number of hours worked by the part-time employee rather than on the basis of time fixed to the position when the fixed time is not reasonably correlated with the actual time worked. This section is to be liberally construed in order that the provisions of Section 13593 may not be circumvented by requiring employees to work in excess of the regularly fixed hours for a position on an overtime basis but for which premium pay is not provided nor appropriate adjustment is not made in fringe benefit entitlement.

CHAPTER 762

An act to amend Section 16430 of the Government Code, relating to investment of state funds.

[Approved by Governor July 17, 1967. Filed with Secretary of State July 17, 1967.]

The people of the State of California do enact as follows:

16430. Eligible securities for the investment of surplus moneys shall be:

(a) Bonds or interest-bearing notes or obligations of the United States, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

An act to amend Section 15352 of the Education Code, relating to lease of land for school purposes.

[Approved by Governor July 17, 1967. Filed with Secretary of State July 17, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 15352 of the Education Code is amended to read:

15352. When the school enrollment of any school causes overcrowded schoolrooms, the governing board of the school district may make arrangements for the location of the school in temporary quarters or in portable buildings.

These quarters or portable buildings may be procured for a consideration, or at a rental, or by the construction of temporary or portable buildings on school property or on land leased therefor. The leasing of any portable buildings shall not be made for a longer period than seven years and may include a provision for the purchase of such buildings on a depreciated basis at the end of such seven-year period or prior thereto.

Any building leased for a total time in excess of three years or under a purchase agreement shall be deemed the construction or alteration of a school building as those terms are defined in Sections 15451 to 15465, inclusive, and all the provisions of those sections and of 15409 shall apply thereto.

CHAPTER 764

An act to add Section 3100.6 to the Education Code, relating to unified school districts.

[Approved by Governor July 17, 1967. Filed with Secretary of State July 17, 1967.]

SECTION 1. Section 3100.6 is added to the Education Code, to read:

3100.6. Any district which became unified pursuant to the provisions of the Education Code added by Chapter 1273 of the Statutes of 1945, or as such provisions have been subsequently amended, revised, and recodified, or formed by operation of law, on or before July 1, 1948, shall be exempt from the requirements of Chapter 9 (commencing with Section 3001) of this division and Section 3100.5, and shall be deemed to be properly and adequately organized in all respects, irrespective of failure to meet any of the standards prescribed in Sections 3100 and 3100.5, and irrespective of the disapproval, by the State Board of Education, of the inclusion of the district in any master plan formulated pursuant to Chapter 9, provided the county committee on school district organization approves of the organization of the district and the exemption thereof from the requirements of Section 3100.5.

The exemption granted by this section shall not prevent the subsequent reorganization of any territory of a unified school district which may have been annexed to, or transferred from, such unified school district.

CHAPTER 765

An act to amend Sections 214.1, 1068.1, 3505, 3511, 3519, 3542.1, 3620, 3621, 3623, 3905 and 3911 of, and to add Section 1065.2 to, the Public Utilities Code, relating to carriers.

[Approved by Governor July 17, 1967. Filed with Secretary of State July 17, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 214.1 of the Public Utilities Code is amended to read:

214.1. "Cement carrier" means any corporation or person operating within this state, engaged as a common carrier, other than a highway common carrier, for compensation in the ownership, control, operation or management of any motor vehicle loaded substantially to capacity with and transporting portland or similar cements, either alone or in combination with lime or powdered limestone, in bulk or in packages over any public highway in this state.

SEC. 2. Section 1065.2 is added to the Public Utilities Code, to read:

1065.2. A certificate of public convenience and necessity to operate as a cement carrier shall remain in effect until it is suspended or terminated by the commission, except that any such certificate not exercised for a period of one year shall lapse and terminate.

SEC. 3. Section 1068.1 of the Public Utilities Code is amended to read:

1068.1. The transportation of cement for compensation or hire as a business by means of a motor vehicle or motor vehicles loaded substantially to capacity with portland or similar cements, either alone or in combination with lime or powdered limestone, over any public highway in this state is declared to be a highly specialized type of transportation. The provisions of this code relating thereto have been enacted for the limited purpose of providing necessary regulation for that specialized type of transportation only, and are not to be construed for any purpose as a precedent for the extension of such regulation to any other type of transportation not presently so restricted.

The delivery of one or more loads of cement either in bulk or in packages to a point in a particular county shall constitute adequate proof of such prior operations and shall entitle the applicant to authority to serve all points in said county from any and all points of origin.

The trustees may adopt regulations setting standards for determining which students shall be eligible to work off the amount of the fee. CHAPTER 772

[Approved by Governor July 17, 1967. Filed with Secretary of State July 17, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1208 of the Penal Code is amended to read:

1208. (a) The provisions of this section, insofar as they relate to employment, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of employment conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to employment, in that county is feasible. The provisions of this section, insofar as they relate to education, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of education conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to education, in that county is feasible. In any such ordinance the board shall prescribe whether the sheriff, the probation officer, or the superintendent of a county industrial farm or industrial road camp in the county shall perform the functions of the work furlough administrator. The board of supervisors may also terminate the operativeness of this section, either with respect to employment or education in the county if it finds by ordinance that, because of changed circumstances, the operation of this section, either with respect to employment or education in that county is no longer feasible.

(b) When a person is convicted of a misdemeanor and sentenced to the county jail, or is imprisoned therein for nonpayment of a fine, for contempt, or as a condition of probation for any criminal offense, the work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular employment, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure employment for himself in the county, unless the court at the time of sentencing has ordered that such person not be granted work furloughs. The work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular educational program, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure education for himself in the county, unless the court at the time of sentencing has ordered that such person not be granted work furloughs.

(c) If the work furlough administrator so directs that the prisoner be permitted to continue in his regular employment or educational program, the administrator shall arrange for a continuation of such employment or education, so far as possible without interruption. If the prisoner does not have regular employment or a regular educational program, and the administrator has authorized the prisoner to secure employment or education for himself, the prisoner may do so, and the administrator may assist him in doing so. Any employment or education so secured must be suitable for the prisoner. Such employment or educational program, if such educational program includes earnings by the prisoner, must be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in such area. In no event may any such employment or educational program involving earnings by the prisoner be permitted where there is a labor dispute in the establishment in which the prisoner is, or is to be, employed or educated.

(d) Whenever the prisoner is not employed or being educated and between the hours or periods of employment or education, he shall be confined in the jail unless the court directs otherwise.

(e) The earnings of the prisoner shall be collected by the work furlough administrator, and it shall be the duty of the prisoner's employer to transmit such wages to the administrator at the latter's request. Earnings levied upon pursuant to writ of attachment or execution or in other lawful manner shall not be transmitted to the administrator. If the administrator has requested transmittal of earnings prior to levy, such request shall have priority. In a case in which the functions of the administrator are performed by a sheriff, and such sheriff receives a writ of attachment or execution for the earnings of a prisoner subject to this section but has not yet requested transmittal of the prisoner's earnings pursuant to this section, he shall first levy on the earnings pursuant to the writ. When an employer or educator transmits such earnings to the administrator pursuant to this subdivision he shall have no liability to the prisoner for such earnings. From such earnings the administrator shall pay the prisoner's board and personal expenses, both inside and outside the jail, and shall deduct so much of the costs of administration of this section as is allocable to such prisoner, and, in an amount determined by the administrator, shall pay the support of the prisoner's dependents, if any. If sufficient funds are available after making the foregoing payments, the administrator may, with the consent of the prisoner, pay, in whole or in part, the preexisting debts of the prisoner. Any balance shall be retained until the prisoner's discharge and thereupon shall be paid to him.

(f) The prisoner shall be eligible for time credits pursuant to Sections 4018, 4019, and 4019.2.

(g) In the event the prisoner violates the conditions laid down for his conduct, custody, education, or employment, the work furlough administrator may order the balance of the prisoner's sentence to be spent in actual confinement.

(h) Willful failure of the prisoner to return to the place of confinement not later than the expiration of any period during which he is authorized to be away from the place of confinement pursuant to this section is punishable as provided in Section 4532 of the Penal Code.

(i) As used in this section, "education" includes vocational training, and "educator" includes a person or institution providing vocational training.

(j) This section shall be known and may be cited as the "Cobey Work Furlough Law."

SEC. 1.5. Section 1208 of the Penal Code is amended to read:

1208. (a) The provisions of this section, insofar as they relate to employment, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of employment conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to employment, in that county is feasible. The provisions of this section, insofar as they relate to education, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of education conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to education, in that county is feasible. In any such ordinance the board shall prescribe whether the sheriff, the probation officer, or the superintendent of a county industrial farm or industrial road camp in the county shall perform the functions of the work furlough administrator. The board of supervisors may also terminate the operativeness of this section, either with respect to employment or education, in the county if it finds by ordinance that, because of changed circumstances, the operation of this section, either with respect to employment or education, in that county is no longer feasible.

(b) When a person is convicted of a misdemeanor and sentenced to the county jail, or is imprisoned therein for nonpayment of a fine, for contempt, or as a condition of probation for any criminal offense, or committed under the terms of Section 5654, 5656, 5676, or 5677 of the Welfare and Institutions Code as an inebriate or a habit-forming drug addict, the work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular employment, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure employment for himself in the county, unless the court at the time of sentencing or committing has ordered that such person not be granted work furloughs. The work fur-

lough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular educational program, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure education for himself in the county, unless the court at the time of sentencing has ordered that such person not be granted work furloughs.

(c) If the work furlough administrator so directs that the prisoner be permitted to continue in his regular employment or educational program, the administrator shall arrange for a continuation of such employment or education, so far as possible without interruption. If the prisoner does not have regular employment or a regular educational program, and the administrator has authorized the prisoner to secure employment or education for himself, the prisoner may do so, and the administrator may assist him in doing so Any employment or education so secured must be suitable for the prisoner. Such employment or educational program, if such educational program includes earnings by the prisoner, must be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in such area. In no event may any such employment or educational program involving earnings by the prisoner be permitted where there is a labor dispute in the establishment in which the prisoner is, or is to be, employed or educated.

(d) Whenever the prisoner is not employed or being educated and between the hours or periods of employment or education, he shall be confined in the jail unless the court directs otherwise.

(e) The earnings of the prisoner shall be collected by the work furlough administrator, and it shall be the duty of the prisoner's employer to transmit such wages to the administrator at the latter's request. Earnings levied upon pursuant to writ of attachment or execution or in other lawful manner shall not be transmitted to the administrator. If the administrator has requested transmittal of earnings prior to levy, such request shall have priority. In a case in which the functions of the administrator are performed by a sheriff, and such sheriff receives a writ of attachment or execution for the earnings of a prisoner subject to this section but has not yet requested transmittal of the prisoner's earnings pursuant to this section, he shall first levy on the earnings pursuant to the writ. When an employer or educator transmits such earnings to the administrator pursuant to this subdivision he shall have no liability to the prisoner for such earnings. From such earnings the administrator shall pay the prisoner's board and personal expenses, both inside and outside the jail, and shall deduct so much of the costs of administration of this section as is allocable to such prisoner, and, in an amount determined by the administrator, shall pay the support of the prisoner's depend-

ents, if any. The Department of Mental Hygiene shall notify the clerks of the several superior courts of the state of the particular state hospital or facility initially designated by the department for each person committed, and may revise its designation from time to time. Any mentally ill or mentally retarded person ordered committed to the Department of Mental Hygiene shall be delivered to the state hospital or facility designated by the department in accordance with applicable provisions of law.

CHAPTER 787

An act to amend Section 2137.1 of the Business and Professions Code, relating to physicians and surgeons, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 17, 1967 Filed with Secretary of State July 17, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 2137.1 of the Business and Professions Code is amended to read:

2137.1. Subject to the provisions of the State Civil Service Act, any person who is licensed to practice medicine in any other state and who complies with each and all of the requirements of Section 2147.5 with respect to registration with the board and graduation from a school approved by the board, may be appointed to a medical staff within a state institution and, under supervision of a licensed physician and surgeon, may treat persons under the jurisdiction of any such state institution for a period not exceeding one year or until October 1, 1969, whichever is later; provided, that qualified physicians and surgeons cannot be recruited in the State of California. At the end of such time he must have secured a physician's

and surgeon's certificate in order to continue as a member of such medical staff. Until such person has obtained a physician's and surgeon's certificate he shall not engage in the practice of medicine and surgery in this state except to the extent expressly herein permitted. No person appointed pursuant to this section shall be employed in any state institution or institutions for a period in excess of two years from the date such person was first employed. The provisions of this section shall terminate on October 1, 1969.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Section 2137.1 of the Business and Professions Code permits certain persons licensed to practice medicine in other states to be appointed to the medical staff of state institutions and to practice medicine therein. The section will terminate on October 1, 1967. This act extends the operation of the section until October 1, 1969.

Unless this act is an urgency statute it will take effect on the 61st day after final adjournment of the Legislature. Since there is no certain date upon which final adjournment of the 1967 Regular Session will occur, it is possible that Section 2137.1 could terminate before such 61st day and thus suspend the authority of the persons in question to be appointed to the medical staff of state institutions and to practice medicine therein. To avoid any such consequence it is imperative that this act take effect immediately.

CHAPTER 788

An act to add Section 2192.7 to the Business and Professions Code, relating to physicians.

CHAPTER 789

An act to amend Sections 1190.1 and 1193 of the Code of Civil Procedure, and to amend Section 4210 of the Government Code, relating to works of improvement.

[Approved by Governor July 17, 1967. Filed with Secretary of State July 17, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1190.1 of the Code of Civil Procedure is amended to read:

1190.1. (a) Any of the persons mentioned in Sections 1181 and 1184.1, except the contractor, and all persons, firms and corporations, excluding the contractor, performing work or furnishing materials, or both, upon any public improvement, including highways, streets, wagon roads, viaducts or sewers, may at any time, prior to the expiration of the period within which claims of lien must be filed for record, as prescribed by the provisions of Section 1193.1 of this code, give to the owner, a notice that they have performed labor or furnished materials, or both, to the contractor or other person acting by the authority of the owner, or that they have agreed to do so, stating in general terms the kind of labor and materials and the name of the person to or for whom the same was done or furnished, or both, and the amount in value, as near as may be, of that already done or furnished, or both, and of the whole agreed to be done or furnished, or both, and any of said persons who shall on the written demand of the owner refuse to give such notice shall thereby deprive himself of the right to claim a lien under this chapter.

(b) Such notice must be verified by the claimant, or by some person acting in his behalf, and may be given by delivering the same to said owner, personally, or by leaving it at his residence or place of business with some person in charge, or by delivering it to his architect, if any; provided, however, that in all cases in which said work is being done under a contract with the state, or with any public board, commission, or officer

thereof, or with any political subdivision thereof, such notice must be filed, within said time, in the office of the controller, auditor, or other public disbursing officer whose duty it is to make payments under the provisions of such contract, or with the commissioners, managers, trustees, officers, board of supervisors, board of trustees, common council or other body by whom the contract for the improvement was awarded. In the case of any contract of the state by or through the Department of Public Works, such notice must be filed with the Director of Public Works, and not with the State Controller. In the case of any contract of the state by or through any other state department, board, commission, or officer, such notice must be filed within said time with the head of such state department, board, commission, or officer and not with the State Controller. No such notice shall be invalid by reason of any defect in form; provided, it is sufficient to inform the owner of the substantial matters herein provided for.

(c) Upon such notice being given it shall be the duty of the person to whom such notice is given to, and he shall withhold from his contractor or from any person acting under his authority and to whom said labor or materials, or both have been furnished, or agreed to be furnished, sufficient money or sufficient bonds, where bonds are to be issued in lieu of money by the political subdivision which contracted for said work, due or that may become due to such contractor to answer such claim and any lien that may be filed therefor, and, if the owner is a public body whose property, by reason of public policy or otherwise, is not subject to the liens in this chapter provided for, also the reasonable cost of any litigation thereunder.

Provided, however, that if in connection with any private work of improvement, any statutory labor and material bond has been furnished under Section 1185.1 of this code complying with the provisions of such last mentioned section and has been recorded in the office of the county recorder, as in said section, provided, then in said event, it shall not be the duty of the person to whom such notice is given to withhold any moneys pursuant to such notice but such moneys may be withheld by such person to whom such notice is given.

If the contractor asserts that the claim upon which any such notice is based, or out of which it arises, is either: (1) not included within the types or classifications of claims referred to in this section, or (2) that the claimant is not one of the persons mentioned in Sections 1181 and 1184.1, or (3) that the amount of the claim as specified in such notice is excessive, or (4) that there is no basis in law for the claim as referred to and set out in such notice, then, on any such ground, or any combination thereof, such contractor may avail himself of the right to prepare and deliver to the department head, board, commission, or officer thereof, to whom such notice was given, an affidavit and a copy thereof alleging any one or more of the grounds hereinabove set out, and claiming that the moneys or bonds withheld by such officer, or any part of either such

moneys or bonds, are being withheld improperly or in an excessive amount, and further demanding the release of all or such portion of such moneys or bonds as is alleged to be withheld improperly or in an excessive amount. Such affidavits shall state all of the facts necessary to support the claim of the contractor, and shall also state his address within this state for the purpose of permitting service by mail upon him of any counteraffidavit, notice of motion, or other notice or legal document.

The department head, board, commission, or officer thereof, shall serve upon the claimant, either personally or by mail, a copy of the affidavit, together with a written notice stating that the affidavit and demand for release has been received and that such department head, board, commission, or officer thereof will release such moneys or bonds, or such portion of either as has been demanded, unless the claimant files with such department head, board, commission, or officer thereof, a counteraffidavit on or before a time designated in the notice, which shall be not less than 10 nor more than 20 days after service of the copy of such affidavit. Service by mail shall be complete by placing the notice and copy of the affidavit in a sealed envelope addressed to the last known address of the claimant, registered with return receipt requested, and depositing it in the United States mail with postage fully prepaid. Proof of service, either personally or by mail, shall be made by an affidavit.

If the claimant desires to contest the contractor's affidavit and demand for release, he shall, within the time allowed, file with the department head, board, commission, or officer thereof, a counteraffidavit alleging the details of his claim and shall also set forth in detail the specific basis upon which he contests or rebuts the claim or claims of the contractor, together with proof of service of a copy of such counteraffidavit upon the contractor.

The department head, board, commission, or officer thereof, shall not be responsible for the validity of said affidavit or counteraffidavit.

If no such counteraffidavit with proof of service is filed with the department head, board, commission, or officer thereof, within the time allowed, then such department head, commission, or officer thereof, shall forthwith release the moneys or bonds, or such portion thereof as has been demanded by such affidavit, without further notice to the claimant and shall not be liable in any manner for making such release.

If such counteraffidavit, together with proof of service, is so filed, either the contractor or the claimant may file an action in the appropriate superior court for a declaration of his rights in and to such moneys or bonds as have been withheld under the original notice, together with such other relief as may be appropriate. After the filing of a suit requesting such a declaration of rights, either the contractor or the claimant shall be entitled to a hearing in the court in which the action is pending

for the purpose of determining his rights under the affidavit and demand for release of such moneys or bonds or any portion of either of them and the counteraffidavit. Such hearing must be granted by the court upon motion of either party, and such hearing must be had within 15 days from the date of making of such motion, unless continued by the court for good cause. The party making the motion for hearing must give not less than five days notice in writing of such hearing to the department head, board, commission, or officer thereof, and to the other party, and shall specify in the notice that the hearing is for the purpose of determining the sufficiency of and the issues involved in the demand for release of such moneys or bonds. The notice may be of the motion or of the hearing, and upon the filing of the notice with the clerk of the court, the motion is deemed made.

At such hearing, the contractor who has filed the affidavit and made the demand for the release of such moneys or bonds shall have the burden of proof. The affidavit and counteraffidavits shall be filed with the court by the department head, board, commission, or officer thereof, who received them, and they shall constitute the pleadings, subject to the power of the court to permit an amendment in the interest of justice. The affidavit of the contractor shall be deemed controverted by the counteraffidavit, and both shall be received in evidence.

Nothing herein contained shall be construed to deprive any party of the right of a jury trial in any case where such right is given by the Constitution, but a jury trial may be waived in any such case in like manner as in the trial of an action. No findings shall be required in a proceeding under this section. When the hearing is before the court sitting without a jury and no evidence other than the affidavit and counteraffidavit is offered, if the court is satisfied that sufficient facts are shown thereby, it may make its determination thereon, otherwise, it shall order the hearing continued for the production of other evidence, oral or documentary, or the filing of other affidavits and counteraffidavits. At the conclusion of the hearing, the court shall make and enter its order determining whether the demand for release of such moneys or bonds shall be allowed or not, which order shall be determinative as to the right of the claimant to have the moneys or bonds further withheld by the department head, board, commission, or officer thereof. No determination in the summary proceedings under this section shall be res adjudicata with respect to any right of action by the claimant against either principal or surety on or under the statutory labor and material bond given under Sections 4200 to 4208, inclusive, of the Government Code, commonly referred to as the California Public Works Bond Act, or with respect to any right of action against any party personally liable to claimant. The contractor shall, either personally or by mail, serve a copy of said order on the appropriate department head, board, commission, or officer thereof.

(d) In the event the moneys so withheld or required to be withheld shall be insufficient to pay in full the valid demands of all persons by whom such notices were given, the same shall be distributed among such persons in the same ratio that their respective claims bear to the aggregate of such valid demands. Such pro rata distribution of said moneys shall be made among the persons entitled to share therein, without regard to the order of priority in which their respective notices may have been given or their respective actions, if any, commenced.

(e) Any person who shall willfully give a false notice of his claim to the owner or who shall willfully include in his claim work or materials not performed upon or furnished for the property described in such notice shall forfeit all right to participate in the pro rata distribution of such moneys and all right to any lien under this chapter.

(f) Nothing in this article contained shall be construed to impair in any manner the right of any person by whom such notice has been given to recover from the contractor or his sureties any deficit that may remain unpaid after such pro rata distribution in an action upon the bond provided for by Section 4200 of the Government Code.

(g) The word "owner" as used in this section, includes the state, or any public board, commission, or officer, thereof, or any political subdivision thereof, whether the said work be done by or under the direction of said state, public board, commission, or officer thereof, or any political subdivision thereof.

(h) Any of the persons mentioned in Sections 1181 and 1184.1, except the contractor, at any time prior to the expiration of the period within which claims of lien must be filed for record, as prescribed by the provisions of Section 1193.1 of this code, may, in any instance in which the funds with which the cost of the work of improvements are, wholly or in part, to be defrayed from the proceeds of a building loan, give to the mortgagee, beneficiary under deed of trust, or assignee or successor in interest of either, or to any escrow holder or other party holding any funds furnished or to be furnished by the owner or lender or any other person as a fund from which to pay construction costs or arising out of a construction or building loan, a notice similar to the one provided for in subdivision (a) of this section, whereupon the person so given such notice under this subsection may withhold funds to answer such claims and any lien that may be filed therefor, but shall be under no obligation to do so unless a bond is furnished as hereinafter provided. Such notice may only be given for materials, equipment, or services furnished, or labor performed.

If such person entitled to file such a claim under this subsection files with the person holding such funds as a fund from which to pay such construction costs, a bond with good and sufficient sureties in a penal sum equal to one and one-quarter times the amount of such claim, undertaking that if the de-

fendant recovers judgment in an action brought on said verified claim or on the lien filed by the claimant, the lien claimant will pay all costs that may be awarded against the owner, contractor, or person holding such funds, or any of them, and all damages that such owner, contractor, or person holding such funds may sustain by reason of the equitable garnishment effected by the claim or by reason of the lien, not exceeding the sum specified in the undertaking, then the person holding such funds must withhold from the borrower or other person to whom said owner may be obligated to make payments or advancements out of said fund sufficient money to answer such claim, and any lien that may be filed therefor. No assignment by the owner or contractor of construction loan funds, whether made before a verified claim is filed, or after such claim is filed shall be held to take priority over claims filed under this subsection (h) and such assignment shall have no binding force insofar as the rights of claimants who file claims hereunder are concerned.

(i) If the contractor, subcontractor, or any other person against whom any claim is filed under subsection (h) above, or if the owner, mortgagee, beneficiary under deed of trust, escrow holder or any other person, disputes the correctness or validity of any claim so filed on private construction work, the contractor, subcontractor, owner or any such other person disputing such claim, may file with the custodian of such fund a bond executed by good and sufficient sureties in a penal sum equal to one and one-quarter times the amount of such claim, which bond shall guarantee the payment of any sum not exceeding the penal obligation of the bond, which the claimant may recover on the claim, together with his costs of suit in the action, if he recovers therein. Upon the filing of such last mentioned bond the funds withheld to respond to the verified claim shall forthwith be released.

(j) Subsections (h) and (i) above shall not apply to public work; nor shall either of such sections be applicable if in connection with a private work of improvement any statutory labor and material bond has been furnished under Section 1185.1 of this code complying with the provisions of such Section 1185.1, and has been recorded in the office of the county recorder at any time prior to the filing of the first verified claim or notice to withhold.

(k) To be effective any verified claim or notice to withhold filed under subsection (h) served upon a banking corporation or association, building and loan association, title insurance company, escrow holder or other person holding such construction funds, and maintaining branch offices must be given to or served upon the manager or other responsible officer or person at the office or branch thereof administering or holding such construction funds.

(*l*) Any verified claim or notice to withhold may be served by registered mail with the same effect as by personal service.

(m) If the person holding the funds objects to the sufficiency of the sureties on the bond referred to in subsection (h) above, he must give notice in writing to the claimant within 20 days after the service of the notice provided for in subsection (h) that he so objects, in which event the claimant may within 10 days after the receipt of such written objection substitute for the bond so objected to a similar bond in like amount executed by a corporate surety licensed to write such bonds in the State of California, and if the claimant fails to do so the party served with such verified claim or notice to withhold may disregard the same and release all funds withheld in response thereto.

(n) The rights of all persons furnishing labor, services, equipment, or materials for any work of improvement, with respect to any fund for payment of construction costs, are governed exclusively by this article, and no such person may assert any legal or equitable right with respect to such fund, other than a right created by direct written contract between such person and the person holding the fund, except pursuant to the provisions of this article.

SEC. 2. Section 1193 of the Code of Civil Procedure is amended to read:

1193. (a) Except one under direct contract with the owner or one performing actual labor for wages, every person who furnishes labor, service, equipment or material for which a lien otherwise can be claimed under this chapter, or for which a notice to withhold can otherwise be given under this chapter, must, as a necessary prerequisite to the validity of any claim of lien and of the notice to withhold, cause to be given to the owner or reputed owner, to the original contractor or reputed contractor, and to the construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by this section.

(b) All persons having a direct contract with the owner, except the contractor or one performing actual labor for wages, who furnishes labor, service, equipment, or material for which a lien otherwise can be claimed under this chapter, or for which a notice to withhold can otherwise be given under this chapter, must, as a necessary prerequisite to the validity of any claim of lien and of the notice to withhold, cause to be given to the construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by subdivision (c) of this section.

(c) The preliminary notice referred to in subdivisions (a) and (b) above shall be given not later than 20 days after the claimant has first furnished labor, services, equipment, or materials to the jobsite and shall contain the following information:

1. A general description of the labor, service, equipment or materials furnished, or to be furnished, and if there is a construction lender, he shall be furnished with an estimate of the total price thereof in addition to the foregoing.

2. The name and address of such person furnishing such labor, services, equipment or materials.

3. The name of the person who contracted for purchase of such labor, services, equipment or materials.

4. A description of the jobsite sufficient for identification.

5. A statement that if bills are not paid in full for labor, services, equipment or materials furnished, or to be furnished, the improved property may be subject to mechanics' liens.

If an invoice for such materials contains the information required by this section, a copy of such invoice, transmitted in the manner prescribed by this section, shall be sufficient notice.

(d) If labor, service, equipment, or materials have been furnished to a jobsite by a person who elected not to give a preliminary notice as provided in subdivision (a) or (b), such person shall not be precluded from giving a preliminary notice not later than 20 days after furnishing other labor, service, equipment, or materials to the same jobsite; provided, however, that such person shall be entitled to claim a lien and a notice to withhold only for such labor, service, equipment, or material furnished within 20 days prior to the service of such notice and at any time thereafter.

(e) Any agreement made or entered into by an owner whereby the owner agrees to waive the rights or privileges conferred upon him by this section shall be void and of no effect.

(f) Service of notice required under this section may be given by delivering the same to the person to be notified, personally, or by leaving it at his address or place of business with some person in charge, or by first-class mail, registered mail, or certified mail, postage prepaid, addressed to the person to whom notice is to be given, at his residence or place of business address, or at the address shown by the building permit on file with the authority issuing a building permit for the work. If the address of the person on whom notice was required to be served is not actually known, then service of such notice may be by first-class mail, registered mail, or certified mail addressed to the job site with the envelope setting forth the name of the owner or reputed owner, if known, or if not known, then merely "Owner," or to the person to whom a notice to withhold may be given, if known, or if not known, then to "Construction Lender," or to the original contractor, if known, or if not known, then to "General Contractor." When service is by registered or certified mail, service is complete at the time of the deposit of the registered or certified mail.

(g) A person required by this section to give notice to the owner and to an original contractor and to a person to whom a notice to withhold may be given, need give only one such notice to the owner, and to the original contractor and to the person to whom a notice to withhold may be given with respect to all materials, service, labor, or materials he furnishes for a

work of improvement, which means the entire structure or scheme of improvements as a whole, unless the same is furnished under contracts with more than one subcontractor, in which event the notice requirements must be met with respect to materials, services, labor, or equipment furnished to each such subcontractor.

If a notice contains a general description required by subdivision (a) or (b) of the materials, services, labor, or equipment furnished to the date of the notice, it is not defective because, after such date, the person giving notice furnishes materials, services, labor or equipment not within the scope of such general description.

(h) Where the cost of the work of improvement is in excess of two hundred dollars ($200), the failure of any contractor, licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, to give the notice provided for in this section constitutes grounds for disciplinary action by the Registrar of Contractors.

(i) The provisions of this section shall not apply to any public work which is subject to the notice provisions of Section 4210 of the Government Code.

SEC. 3. Section 4210 of the Government Code is amended to read:

4210. (a) In any case in which the law of this state affords a right to a person furnishing labor or materials for a public work who has not been paid therefor to file a stop notice with the public agency concerned and thereby cause the withholding of payment from the contractor for the public work, any such person having no direct contractual relationship with the contractor, other than a person who performed actual labor for wages, may file such a notice, but no payment shall be withheld from any such contractor pursuant to any such notice, unless such person has caused written notice to be given to such contractor and the public agency concerned, not later than 20 days after the claimant has first furnished labor, services, equipment, or materials to the jobsite, stating with substantial accuracy a general description of the labor, service, equipment, or materials furnished, or to be furnished, and the name of the party to whom the same were furnished. Such notice shall be served by mailing the same by first-class mail, registered mail, or certified mail, postage prepaid, in an envelope addressed to the contractor at any place he maintains an office or conducts his business, or his residence, or by personal service. In case of any public works constructed by the Department of Public Works or the Department of General Services of the state, such notice shall be served by mailing in the same manner as above, addressed to the office of the disbursing officer of the department constructing the work or by personal service upon such officer. When service is by registered or certified mail, service is complete at the time of the deposit of the registered or certified mail.

(b) Where the cost of the work of improvement is in excess of two hundred dollars ($200), the failure of any contractor, licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, to give the notice provided for in this section constitutes grounds for disciplinary action by the Registrar of Contractors.

SEC. 4. This act shall not apply to any work of improvement commenced prior to the effective date of this act.

[Approved by Governor July 18, 1967. Filed with Secretary of State July 18, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5398 of the Streets and Highways Code is repealed.

SEC. 2. Section 5399 of the Streets and Highways Code is repealed.

SEC. 3. Section 5400 of the Streets and Highways Code is repealed.

SEC. 4. Section 6401 of the Streets and Highways Code is repealed.

SEC. 5. Section 6402 of the Streets and Highways Code is amended to read:

6402. If the amount of the unpaid assessment upon any lot or parcel of land is less than fifty dollars ($50), the assessment shall be collected as provided in Part 3 of this division.

SEC. 6. Section 6420 of the Streets and Highways Code is amended to read:

6420. After the full expiration of 30 days from the date of the recordation of the warrant, and after the filing of the written statement of all payments received by the contractor or his assignees upon the assessment, the street superintendent shall make and certify to the treasurer a complete list of all assessments unpaid, which amount to fifty dollars ($50) or over, upon any assessment, or diagram number.

SEC. 7. Section 6447 of the Streets and Highways Code is amended to read:

6447. The owner of or any person interested in any lot or parcel of land upon which a bond has been issued under the terms of this division may at any time before commencement of proceedings for sale pay off the bond and discharge the land described in the bond from the lien of the assessment. The dis-

charge may be had by paying to the treasurer, for the holder of the bond, the amount then unpaid on the principal sum thereof, with interest thereon (if not previously paid) up to the next succeeding January 2 or July 2, as the case may be, at the rate named in the bond, and all penalties accrued and unpaid, together with the premium, if any, required by Section 6464. For the purpose of this section, a bond shall be deemed to be issued (i) on the 31st day after the recordation of the warrant upon any unpaid assessment for which the legislative body has provided for the issuance of a bond to represent said unpaid assessment or (ii) the last date for payment of the assessment, as specified in the statement required by Section 5390, whichever may be later.

SEC. 8. Section 6481 of the Streets and Highways Code is amended to read:

6481. When it is desired that new bonds be issued, an application therefor in writing signed by the owner of any interest in any of the lots or parcel into which the original lot or parcel has been divided shall be filed with the street superintendent. The application shall indicate how the original lot or parcel has been divided, request the street superintendent to apportion the amount remaining unpaid on the assessment in accordance with the division, and be accompanied by a fee of ten dollars ($10) for each separate part or parcel of land into which the original lot or parcel has been divided. If the legislative body determines that the fee set forth above is not sufficient to reimburse the city for the necessary administrative costs in processing applications under this chapter, the legislative body by resolution may fix a fee in an amount that will reimburse the city for the necessary costs in processing applications under this chapter. The street superintendent shall deposit all such fees in the treasury.

SEC. 9. Section 6485 of the Streets and Highways Code is amended to read:

6485. The treasurer shall add to each apportioned amount a sum equal to 5 percent thereof but in no event more than ten dollars ($10) and shall make and sign a new bond in the same form as the existing bond, to represent each such apportioned amount, and the amount so added if the apportioned amount is fifty dollars ($50) or more.

SEC. 9.1. Section 6503 of the Streets and Highways Code is amended to read:

6503. After the expiration of six months from the time of mailing the notice and upon payment by the holder of the bond to the treasurer of the estimated expenses of publication of a notice of sale, the treasurer shall publish a notice of sale in a newspaper of general circulation, published in the city in which the bond was issued, or if no newspaper is published in the city, then in some newspaper having general circulation therein.

SEC. 10. Section 6509 of the Streets and Highways Code is amended to read:

6509. If such payment is not made, the sale shall be made as advertised, and the lot or parcel described in the bond shall be sold to the purchaser who shall take the least amount of the lot or parcel and pay all of the sums specified in the notice of sale. In the event there are no bidders, a certificate of sale shall be issued to the bond owner upon surrender of the bond, including all unpaid principal and interest coupons, to the treasurer and payment to the treasurer of any expenses of publication paid or incurred by the treasurer, the fee required by Section 6507 for the issuance of a certificate of sale and the fee of the recorder for recording such certificate.

SEC. 11. Section 6630 of the Streets and Highways Code is amended to read:

6630. Notwithstanding any other provisions of this part, any person owning or having any interest in any property may at any time after commencement of an action or proceeding for sale or foreclosure pursuant to Chapter 6 (commencing with Section 6500) or Chapter 11 (commencing with Section 6610) of this part and before sale of that property to enforce the lien arising thereon for failure to make any payment of the principal or of the interest upon any bond which has become delinquent apply to the treasurer for reinstatement of the bond. As used in this part "commencement of an action or proceeding," or variants thereof, means the date of filing with the county recorder of a notice of pendency of a sale or foreclosure pursuant to Part 3 (commencing with Section 3120) of Division 4.5 of this code or, if such notice of pendency is not required to be filed with the county recorder, (i) in the case of proceedings for a treasurer's sale pursuant to Chapter 6 (commencing with Section 6500) of this part, the date of receipt by the treasurer of the written demand provided for by Section 6500, or (ii) in the case of a foreclosure action brought in the superior court pursuant to Chapter 11 (commencing with Section 6610) of this part, the date of filing the complaint with the clerk of court.

(a) All penalties imposed pursuant to Section 6442;

(b) Fees for filing with the county recorder of a notice of pendency of a sale or foreclosure pursuant to Part 3 (commencing with Section 3120) of Division 4.5 of this code;

(c) If the proceedings are pursuant to Chapter 6 (commencing with Section 6500) of this part, the expenses of publication of notice of sale paid or incurred by the treasurer;

(d) If the proceedings are pursuant to Chapter 11 (commencing with Section 6610) of this part, the costs of suit, the cost of abstract or report of search of title, and authorized attorneys fees; and

(e) A reinstatement fee determined as follows:

If the action or proceeding for sale or foreclosure was commenced within the following periods, measured from the date of the first delinquent principal or interest coupon:

1. Less than six months, the reinstatement fee shall be five dollars ($5);

2. Six months but less than a year, the reinstatement fee shall be ten dollars ($10);

3. One year or more, and

(i) The unpaid principal is less than one hundred dollars ($100), the reinstatement fee shall be fifteen dollars ($15);

(ii) The unpaid principal is one hundred dollars ($100) or more, the reinstatement fee shall be twenty dollars ($20).

SEC. 13. Section 6632 of the Streets and Highways Code is amended to read:

6632. The holder of any bond so reinstated shall be entitled to all reinstatement payments made pursuant to Section 6631, adjusted for any difference between the estimated expenses of publication of the notice of sale and the actual expenses paid or incurred by the treasurer for such publication, and excepting penalties, if any, required to be retained by the treasurer pursuant to Section 6442. Upon receiving the reinstatement payments the treasurer shall enter on the record of the bond the word "reinstated." giving the date thereof. Any bond so reinstated shall have the same effect and status as the original bond, with the same rights as to lien, payments, and foreclosure.

SEC. 14. Section 10427.2 is added to the Streets and Highways Code, to read:

10427.2. If, pursuant to Section 10427, the legislative body determines that any surplus remaining in the improvement fund shall be used as a credit upon the assessment or any supplemental assessment, the legislative body may also determine that such surplus shall be applied as a credit to the city or any local, state or national agency or authority which shall have made a contribution towards the costs and expenses of the improvement. A credit on account of any contribution shall be made in the proportion which such contribution bears to the total amount of the assessment or supplemental assessment prior to the deduction of all such contributions. All such credits shall be returned in cash to the city, local, state or national agency or authority making such contribution. The surplus remaining in the improvement fund after making credits on account of contributions shall then be applied as a credit in the manner provided in Section 10427.1.

CHAPTER 791

An act to amend Sections 6422, 6480, 6481, 8730, 8731, 8734, 8740.1, 10110, and 10204 of the Streets and Highways Code, relating to municipal improvements.

[Approved by Governor July 18, 1967. Filed with Secretary of State July 18, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6422 of the Streets and Highways Code is amended to read:

6422. The treasurer shall upon the filing of the list, make out, sign, and issue to the contractor, or other person entitled to the proceeds of the warrant and assessment, a separate bond, representing upon each lot or parcel of land, including each condominium interest as defined in Section 783 of the Civil Code, upon the list the total amount of the assessment against the same, as thereon shown.

SEC. 2. Section 6480 of the Streets and Highways Code is amended to read:

6480. If any lot or parcel of land for which a bond has been issued is divided into two or more separate lots or parcels of land, including separate condominium interests, the bond may be surrendered and new bonds issued to the holder of the existing bond in the manner prescribed in this chapter.

SEC. 3. Section 6481 of the Streets and Highways Code is amended to read:

6481. When it is desired that new bonds be issued, an application therefor in writing signed by the owner of any interest in any of the lots or parcels, including condominium interests, into which the original lot or parcel has been divided shall be filed with the street superintendent. The application shall indicate how the original lot or parcel has been divided, request the street superintendent to apportion the amount remaining unpaid on the assessment in accordance with the division, and be accompanied by a fee of five dollars ($5) for each separate part or parcel of land into which the original lot or parcel has been divided. If the legislative body determines that the fee set forth above is not sufficient to reimburse the city for the necessary administrative costs in processing applications under this chapter, the legislative body by resolution may fix a fee in an amount that will reimburse the city for the necessary costs in processing applications under this chapter. The street superintendent shall deposit all such fees in the treasury.

SEC. 4. Section 8730 of the Streets and Highways Code is amended to read:

8730. If any lot or parcel of land upon which there is an unpaid assessment against which a bond has been issued under this division, is divided, including a division into condominium

interests as defined in Section 783 of the Civil Code, or the ownership of a portion of such lot or parcel of land is transferred to another person, the legislative body may order the street superintendent to file with the clerk an amended assessment of the original parcel of land affected by such division or transfer of ownership, segregating and apportioning the unpaid installments of the original assessment in accordance with the benefits to the several parts of the original lot or parcel plus costs and fees of making the apportionment. The legislative body shall, at the time of ordering the amended assessment, fix the amount of costs and fees for preparing the amended assessment, the notices, and the amended assessment diagram.

SEC. 5. Section 8731 of the Streets and Highways Code is amended to read:

8731. The street superintendent shall file with the clerk a report and an amended assessment of the lots or parcels of land described in the order of the legislative body, together with a map or plat showing how such lots or parcels have been divided. The total amount of the assessments of the several portions of any one original lot or parcel shall be equal to the unpaid assessments upon the original lot or parcel of land, plus the costs and fees for making the amended assessment, the notices, and the amended assessment diagram as determined by the legislative body under Section 8730. The street superintendent shall apportion the costs and fees to the respective parcels in proportion to the amount of the divided assessments against the parcels. Prior to making a division and prior to making the amended assessment, the street superintendent shall notify the owner of the original parcel assessed, as the name of the owner appears on the last equalized roll for taxes, or as it is known to the street superintendent, of the order of the legislative body fixing the costs and fees of the apportionment, and directing that the payment thereof be made to the superintendent of streets within 15 days of the notification. In the event the amount of the costs and fees of the apportionment is not paid within 15 days of the notification, the superintendent of streets shall proceed to prepare the amended assessment and shall show separately thereon, but as a part of the total, the amount of costs and fees chargeable to each divided parcel. The street superintendent shall deposit all such costs and fees in the general fund of the treasury.

SEC. 6. Section 8734 of the Streets and Highways Code is amended to read:

8734. The clerk shall file the amended assessment as confirmed or modified by the legislative body with the auditor, who shall annually thereafter enter upon the assessment roll the installments becoming due on each component part of the original parcel opposite a description of the respective parcels so assessed. The amount charged for fees and costs as shown on the amended assessment as to each parcel shall be entered upon the assessment roll and shall be collected along with the

first installment of the amended assessment. The street superintendent shall deposit all such costs and fees in the general fund of the treasury.

When a city is conducting the proceedings and collections upon the assessments are made by county officials the city clerk shall transmit a copy of the amended assessment to the county auditor.

SEC. 7. Section 8740.1 of the Streets and Highways Code is amended to read:

8740.1. If any lot or parcel of land upon which there is an unpaid assessment represented by bonds issued under this division is subdivided, including a division into condominium interests as defined in Section 783 of the Civil Code, or the ownership of a portion of such lot or parcel of land is transferred to another person, the owner of any interest in any of the lots or parcels into which the original lot or parcel has been divided shall file an application in writing with the street superintendent. The application shall indicate how the original lot or parcel has been divided or transferred, request the street superintendent to apportion the amount remaining unpaid on the assessment in accordance with the division, and be accompanied by a fee in an amount to be fixed by the legislative body for each separate part or parcel of land into which the original lot or parcel has been divided or transferred. The street superintendent shall deposit all such fees in the treasury.

SEC. 8. Section 10110 of the Streets and Highways Code is amended to read:

10110. Before the ordering of the work, acquisitions or improvements which are to be owned, managed or controlled by any other public agency, or regulated public utility, the legislative body shall enter into an agreement with the public agency or utility which has, or may have, charge of the works, appliances, or improvements. Among other things such agreement may provide for any or all of the following:

(a) For the supplying by the public agency or utility of plans and specifications in accordance with the provisions of Chapter 5 (commencing at Section 5170) of Part 3 of Division 7 of this code.

(b) For the performance of work or service by the public agency or utility, and the payment to the public agency or utility out of the improvement fund for such work, service, or charges. Any agreement providing for the performance of work by a public utility shall provide for the posting of labor, material and performance bonds in accordance with Chapter 6 (commencing with Section 10500) of this division.

(c) For the acquisition by the legislative body of works or appliances already installed and for the conveyance of said works to the public agency or utility. The owner of such works or appliances may be a party to the agreement.

(d) That the agreement shall become effective after proceedings have been taken pursuant to this division and the

funds are available to carry out all the terms thereof. Whenever it is proposed to annex to the public agency the territory in which the installation or acquisition is contemplated, proceedings may be taken up to and including the confirmation of the assessment as provided for in Section 10312 prior to the commencement of the annexation proceedings. If the annexation is successful, the assessment shall be recorded and such other proceedings taken as may enable the parties to comply with the terms of the agreement. If the annexation proceedings fail, further proceedings under the resolution of intention are barred.

Any agreement entered into pursuant to this section, to the extent that utilities have been financed by special assessments, shall provide that no main extension refund agreement shall be entered into with a developer.

(c) An estimate of the cost of the improvement and of the cost of lands, rights-of-way, easements, and incidental expenses in connection with the improvement.

(d) A diagram showing the assessment district and the boundaries and dimensions of the subdivisions of land within the district as they existed at the time of the passage of the resolution of intention. Each subdivision, including each separate condominium interest as defined in Section 783 of the Civil Code, shall be given a separate number upon the diagram.

(e) A proposed assessment of the total amount of the cost and expenses of the proposed improvement upon the several subdivisions of land in the district in proportion to the estimated benefits to be received by such subdivisions, respectively, from the improvement. When any portion or percentage of the cost and expenses of the improvement is ordered to be paid out of the treasury of the municipality, pursuant to Section 10200, the amount of such portion or percentage shall first be deducted from the total estimated cost and expenses of the improvement, and the assessment upon property proposed in the report shall include only the remainder of the estimated cost and expenses. The assessment shall refer to the subdivisions by their respective numbers as assigned pursuant to subdivision (d) of this section.

SEC. 2. Section 268 of the Revenue and Taxation Code is amended to read:

268. Any tax or penalty or interest thereon for any fiscal year commencing during the calendar year 1960, 1961, 1962, 1963, 1964, 1965, 1966 or 1967 on property as to which the welfare exemption was available for such fiscal year shall be canceled pursuant to Article 1 (commencing with Section 4986) of Chapter 4 of Part 9 of this division as if it had been levied or charged erroneously, and, if paid, a refund thereof shall be made pursuant to Article 1 (commencing with Section 5096) of Chapter 5 of Part 9 of this division as if it had been erroneously collected.

SEC. 3. Section 274 is added to the Revenue and Taxation Code, to read:

274. Any tax or penalty or interest thereon for any fiscal year commencing during the calendar year 1967 on property as to which the cemetery exemption was available for such fiscal year, shall be canceled pursuant to Article 1 (commencing with Section 4986) of Chapter 4 of Part 9 of this division as if it had been levied or charged erroneously, and, if paid, a refund thereof shall be made pursuant to Article 1 (commencing with Section 5096) of Chapter 5 of Part 9 of this division as if it had been erroneously collected. This section shall have no force or effect after the lien date of 1968.

CHAPTER 793

An act to amend Section 254 of, and to add Sections 263.5 and 275 to, the Revenue and Taxation Code, relating to property tax exemption.

[Approved by Governor July 18, 1967. Filed with Secretary of State July 18, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 254 of the Revenue and Taxation Code is amended to read:

254. Any person claiming the church, cemetery, orphanage, college, exhibition, or welfare exemption shall make a return of the property to the assessor annually, the same as property is listed for taxation, and shall accompany it by an affidavit, giving any information required by the board.

Any person claiming the immature forest trees exemption shall meet the requirements mentioned above except that each owner or new owner of timber need file only when making his original claim for exemption.

SEC. 2. Section 263.5 is added to the Revenue and Taxation Code, to read:

263.5. Any tax or penalty, or interest thereon for any fiscal year commencing during the calendar year 1967 on property owned by any organization qualified for the cemetery exemption pursuant to Section 204 which was acquired by it during that calendar year after the lien date in that year but prior to the commencement of such fiscal year, and of a kind that presently qualifies for the cemetery exemption and that would have so qualified for such fiscal year had it been owned by such organization on such lien date, shall be canceled pursuant to Article 1 (commencing with Section 4986) of Chapter 4 of Part 9 of this division as if it had been erroneously collected. Any cancellation or refund made pursuant to this section shall be made notwithstanding any limitation upon the time within which such cancellation or refund could otherwise be made.

SEC. 3. Section 275 is added to the Revenue and Taxation Code, to read:

275. Any tax or penalty or interest thereon for any fiscal year commencing during the calendar year 1967 on property as to which the cemetery exemptions were available for such fiscal year shall be canceled pursuant to Article 1 (commencing with Section 4986) of Chapter 4 of Part 9 of this division as if it had been levied or charged erroneously, and, if paid, a refund thereof shall be made pursuant to Article 1 (commencing with Section 5096) of Chapter 5 of Part 9 of this division as if it had been erroneously collected.

SEC. 4. The Legislature finds and declares that certain persons and organizations have inadvertently failed to file affidavits required for the cemetery exemption, or have acquired

property for cemetery purposes after the lien date which will deprive them of the cemetery exemption, as granted by Section 1b of Article XIII of the State Constitution, and as a result now are confronted with obligations which, if met, will substantially impair their ability to function effectively. This act will remedy the situation by, in effect, removing the procedural bar to the application of the exemption to such property. In doing so, the public policy of the state as expressed in the Constitution will be entirely fulfilled and the state as a whole will benefit.

Such employment shall not operate to reinstate the person as a member of this system, or to terminate or suspend his retirement allowance, and no deductions shall be made from his salary as contributions to this system. Such person may be reemployed only if able to pass a physical examination prescribed by the State Board of Education.

A certificate from a physician or surgeon licensed under Chapter 5 (commencing at Section 2000) of Division 2 of the Business and Professions Code showing that he has submitted to and passed a physical examination within one year last past and filed with the county superintendent of schools shall be conclusive evidence of his passing the physical examination required by this section.

CHAPTER 798

An act to amend Sections 5094.1, 5094.2, and 5094.3 of the Public Resources Code, relating to state and local cooperation and participation with the federal government with respect to recreation and fish and wildlife enhancement facilities at federal water projects.

[Approved by Governor July 18, 1967. Filed with Secretary of State July 18, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5094.1 of the Public Resources Code is amended to read:

5094.1. The Administrator of the Resources Agency, with the approval of the Director of Finance and upon specific authorization by the Legislature, may indicate in writing the state's intent to agree to administer any federal multiple-purpose water project land and water areas for recreation or fish and wildlife enhancement, or both of these purposes, as provided in Public Law 89-72. The administrator, as to each proposed state participation, shall submit any proposed indication of intent, together with supporting material, to the Legislature.

The administrator, before requesting legislative authorization, shall determine that the proposed state participation in the project is in compliance with all comprehensive water, recreation, and fish and wildlife plans of the state.

Notwithstanding the provisions of this section, the Department of Fish and Game may review and coordinate the development of fish and wildlife enhancement features at federal water projects with fish and wildlife plans of the state, irrespective of whether the state agrees to administer the project.

SEC. 2. Section 5094.2 of the Public Resources Code is amended to read:

5094.2. With respect to each project as to which a letter of intent has been given, the Resources Agency through the Department of Parks and Recreation and the Department of Fish and Game, in cooperation with affected local public agencies, shall conduct an investigation and study of the project with respect to the areas of interest of each and prepare plans of the proposed state participation therein. Such plans shall be submitted, upon request, to each affected local public agency for its review and comments thereon. Such comments shall be transmitted to the agency by the affected local public agency within such period as determined by the administrator, which period shall be not less than 30 days nor more than 60 days from the date of submission to the local public agency. The agency shall submit a report to the Governor and to the Legislature, which report shall contain such plans, a statement of the agency's determination that the proposed state participa-

tion therein is in compliance with comprehensive water, recreation, and fish and wildlife plans of the state, comments received with respect to such plans from each affected local public agency, and statements of the agency's determination that to the extent the state proposes to participate in the project, there is no local public agency willing and able to participate and that the state's participation alone or in cooperation with local agencies is justified on the basis of statewide importance.

SEC. 3. Section 5094.3 of the Public Resources Code is amended to read:

5094.3. Upon specific authorization of state participation by the Legislature:

(a) The Department of Parks and Recreation and the Department of Fish and Game may cooperate and participate with the federal government pursuant to Public Law 89-72 in the development of recreation and fish and wildlife enhancement at federal water projects. Where both the recreation and fish and wildlife enhancement functions are involved in a project the department having the principal interest as designated by the Administrator of the Resources Agency shall be the contracting agency with the federal government. In such case the contract shall be subject to approval of the other department.

(b) The departments may (1) administer unit land and water areas for recreation or fish and wildlife enhancement, or both, (2) contract with the federal government for the operation, maintenance, and replacement of unit facilities, (3) assume all costs of such operation, maintenance, and replacement, and (4) accept transfer of unit lands or facilities by lease or exchange upon such terms and conditions as will best promote the development and operation of such lands or facilities in the public interest for recreation or fish and wildlife enhancement purposes, or both.

(c) The departments may enter into a contract or contracts with the federal government to pay or repay one-half of the separable capital costs involved in the development of the recreation or fish and wildlife enhancement features, or both, at the project pursuant to the provisions of Public Law 89-72, consistent with the reports provided for in Section 5094.2. The agreement for the payment or repayment of the separable capital costs shall be limited to those recreation or fish and wildlife enhancement facilities, or both, specified in the contract. Such payments or repayments may be made by any or all of the following methods: by legislative appropriation; by provision of lands, interests therein, or facilities for the project; or by a contract or contracts for repayment, with interest, within 50 years of first use of project recreation or fish and wildlife enhancement facilities specified in the contract or contracts. The source of repayment may be limited to entrance and user fees or charges collected at the project by the con-

tracting department if such fees or charges dedicated to repayment are established on a basis calculated to achieve repayment and are made subject to review and renegotiation at intervals of not more than five years. If the source of repayment is so limited, revenues derived from such fees or charges shall be deposited in a special account in the Special Deposit Fund in the State Treasury and used for the purpose of such repayment. If not so limited, the source of repayment shall be such appropriations of funds as may from time to time be made for such purpose by the Legislature.

CHAPTER 799

An act to amend Section 3440 of the Civil Code, and to amend Sections 1201, 2209, 2403, 3107, 3112, 3506, 5116, 6103, 7403, 7503, 7507, 7508, 8105, 8106, 8304, 8313, 8320, 9104, 9301, and 9302 of, and to add Sections 1209 and 2725 to, the Commercial Code, relating to commercial transactions.

[Approved by Governor July 18, 1967. Filed with Secretary of State July 18, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 3440 of the Civil Code is amended to read:

3440. Every transfer of personal property and every lien on personal property made by a person having at the time the possession or control of the property, and not accompanied by an immediate delivery followed by an actual and continued change of possession of the things transferred, is conclusively presumed fraudulent and void as against the transferor's creditors while he remains in possession and the successors in interest of those creditors, and as against any person on whom the transferor's estate devolves in trust for the benefit of others than the transferor and as against purchasers or encumbrancers in good faith subsequent to the transfer.

This section shall not apply to any of the following:

(a) Things in action.

(b) Ships or cargoes at sea or in a foreign port.

(c) Security interests and the sale of accounts, contract rights or chattel paper governed by the Uniform Commercial Code, and contracts of bottomry or respondentia.

(d) Wines or brandies in the wineries, distilleries, or wine cellars of the makers or owners of the wines or brandies, or other persons having possession, care, and control of the wines or brandies, and the pipes, casks, and tanks in which the wines or brandies are contained, if the transfers are made in writing and executed and acknowledged, and if the transfers are recorded in the book of official records in the office of the

county recorder of the county in which the wines, brandies, pipes, casks, and tanks are situated.

(e) The transfer, or assignment, statutory or otherwise, made for the benefit of creditors generally or by any assignee acting under an assignment for the benefit of creditors generally, or to any security agreement made for the benefit of creditors generally.

(f) Property exempt from execution.

(g) Standing timber if the contract or grant in relation to the same is recorded as provided in Section 1220 of this code.

(h) A transfer of personal property if:

(1) Said personal property is leased back to the transferor immediately following said transfer.

(2) The transferor (lessee) or the transferee (lessor) records at least 10 days before the date of the transfer and leaseback in the office of the county recorder in the county or counties in which the personal property is situated, a notice of the intended transfer and leaseback which states the name and address of the transferor (lessee) and transferee (lessor). The notice shall contain a general statement of the character of the personal property intended to be transferred and leased back, and show the date when and place where the transaction is to be consummated.

(3) The transferor (lessee) or the transferee (lessor) publishes a copy of the notice pursuant to Section 6061 of the Government Code in a newspaper of general circulation published in the judicial district in which the personal property is situated, if there is one, and if there is none in the judicial district, then in a newspaper of general circulation in the county embracing the judicial district. The publication shall be completed not less than five days before the date of the intended transfer and leaseback.

This section shall not affect the rights of a secured party who acquires from the transferee or his successor a security interest in the personal property transferred if

1 The intended debtor or secured party records at least 10 days before the consummation of the security agreement in the office of the county recorder in the county or counties in which the personal property is situated, a notice of the transfer and intended security agreement which states the names and addresses of the transferor and transferee and of the intended debtor and secured party. The notice shall contain a general statement of the character of the personal property transferred and intended to be subject to the security interest, and show the date when and place where the security agreement is to be consummated, and

2. The intended debtor or secured party publishes a copy of the notice pursuant to Section 6061 of the Government Code in a newspaper of general circulation published in the judicial district in which the personal property is situated, if there is one, and if there is none in the judicial district, then in a news-

paper of general circulation in the county embracing the judicial district. The publication shall be completed not less than five days before the date of the intended security agreement.

Subdivision (2) of Section 2402 of the Commercial Code is not restricted by the provisions of this section.

SEC. 2. Section 1201 of the Commercial Code is amended to read:

1201. Subject to additional definitions contained in the subsequent divisions of this code which are applicable to specific divisions or chapters thereof, and unless the context otherwise requires, in this code:

(1) "Action" in the sense of a judicial proceeding includes recoupment, counterclaim, setoff, suit in equity and any other proceedings in which rights are determined.

(2) "Aggrieved party" means a party entitled to resort to a remedy.

(3) "Agreement" means the bargain of the parties in fact as found in their language or by implication from other circumstances including course of dealing or usage of trade or course of performance as provided in this code (Sections 1205 and 2208). Whether an agreement has legal consequences is determined by the provisions of this code, if applicable; otherwise by the law of contracts (Section 1103). (Compare "contract.")

(4) "Bank" means any person engaged in the business of banking.

(5) "Bearer" means the person in possession of an instrument, document of title, or security payable to bearer or indorsed in blank.

(6) "Bill of lading" means a document evidencing the receipt of goods for shipment issued by a person engaged in the business of transporting or forwarding goods, and which, by its terms, evidences the intention of the issuer that the person entitled under the document (Section 7403(4)) has the right to receive, hold and dispose of the document and the goods it covers. Designation of a document by the issuer as a "bill of lading" is conclusive evidence of such intention. "Bill of lading" includes an airbill. "Airbill" means a document serving for air transportation as a bill of lading does for marine or rail transportation, and includes an air consignment note or air waybill.

(7) "Branch" includes a separately incorporated foreign branch of a bank.

(8) "Burden of establishing" a fact means the burden of persuading the triers of fact that the existence of the fact is more probable than its nonexistence.

(9) "Buyer in ordinary course of business" means a person who in good faith and without knowledge that the sale to him is in violation of the ownership rights or security interest of a third party in the goods buys in ordinary course from a person in the business of selling goods of that kind but does not

include a pawnbroker. "Buying" may be for cash or by exchange of other property or on secured or unsecured credit and includes receiving goods or documents of title under a pre-existing contract for sale but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

(10) "Conspicuous." A term or clause is conspicuous when it is so written that a reasonable person against whom it is to operate ought to have noticed it. A printed heading in capitals (as: NONNEGOTIABLE BILL OF LADING) is conspicuous. Language in the body of a form is "conspicuous" if it is in larger or other contrasting type or color. But in a telegram any stated term is "conspicuous." Whether a term or clause is "conspicuous" or not is for decision by the court.

(11) "Contract" means the total legal obligation which results from the parties' agreement as affected by this code and any other applicable rules of law. (Compare "agreement.")

(12) "Creditor" includes a general creditor, a secured creditor, a lien creditor and any representative of creditors, including an assignee for the benefit of creditors, a trustee in bankruptcy, a receiver in equity and an executor or administrator of an insolvent debtor's or assignor's estate.

(13) "Defendant" includes a person in the position of defendant in a cross-action or counterclaim.

(14) "Delivery" with respect to instruments, documents of title, chattel paper or securities means voluntary transfer of possession.

(15) "Document of title" includes bill of lading, dock warrant, dock receipt, warehouse receipt, gin ticket, compress receipt, and also any other document which in the regular course of business or financing is treated as adequately evidencing that the person entitled under the document (Section 7403(4)) has the right to receive, hold and dispose of the document and the goods it covers. To be a document of title a document must purport to be issued by a bailee and purport to cover goods in the bailee's possession which are either identified or are fungible portions of an identified mass.

(16) "Fault" means wrongful act, omission or breach.

(17) "Fungible" with respect to goods or securities means goods or securities of which any unit is, by nature or usage of trade, the equivalent of any other like unit. Goods which are not fungible shall be deemed fungible for the purposes of this code to the extent that under a particular agreement or document unlike units are treated as equivalents.

(18) "Genuine" means free of forgery or counterfeiting.

(19) "Good faith" means honesty in fact in the conduct or transaction concerned.

(20) "Holder" means a person who is in possession of a document of title or an instrument or an investment security drawn, issued or indorsed to him or to his order or to bearer or in blank.

(21) To "honor" is to pay or to accept and pay, or where a credit so engages to purchase or discount a draft complying with the terms of the credit.

(22) "Insolvency proceedings" includes any assignment for the benefit of creditors or other proceedings intended to liquidate or rehabilitate the estate of the person involved.

(23) A person is "insolvent" who either has ceased to pay his debts in the ordinary course of business or cannot pay his debts as they become due or is insolvent within the meaning of the federal bankruptcy law.

(24) "Money" means a medium of exchange authorized or adopted by a domestic or foreign government as a part of its currency.

(25) A person has "notice" of a fact when

(a) He has actual knowledge of it; or

(b) He has received a notice or notification of it; or

(c) From all the facts and circumstances known to him at the time in question he has reason to know that it exists.

A person "knows" or has "knowledge" of a fact when he has actual knowledge of it. "Discover" or "learn" or a word or phrase of similar import refers to knowledge rather than to reason to know. The time and circumstances under which a notice or notification may cease to be effective are not determined by this code.

(26) A person "notifies" or "gives" a notice or notification to another by taking such steps as may be reasonably required to inform the other in ordinary course whether or not such other actually comes to know of it. A person "receives" a notice or notification when

(a) It comes to his attention; or

(b) It is duly delivered at the place of business through which the contract was made or at any other place held out by him as the place for receipt of such communications.

(27) Notice, knowledge or a notice or notification received by an organization is effective for a particular transaction from the time when it is brought to the attention of the individual conducting that transaction, and in any event from the time when it would have been brought to his attention if the organization had exercised due diligence. An organization exercises due diligence if it maintains reasonable routines for communicating significant information to the person conducting the transaction and there is reasonable compliance with the routines. Due diligence does not require an individual acting for the organization to communicate information unless such communication is part of his regular duties or unless he has reason to know of the transaction and that the transaction would be materially affected by the information.

(28) "Organization" includes a corporation, government or governmental subdivision or agency, business trust, estate, trust, partnership or association, two or more persons having a joint or common interest, or any other legal or commercial entity.

(29) "Party," as distinct from "third party," means a person who has engaged in a transaction or made an agreement within this division.

(30) "Person" includes an individual or an organization. (See Section 1102.)

(32) "Purchase" includes taking by sale, discount, negotiation, mortgage, pledge, lien, issue or reissue, gift or any other voluntary transaction creating an interest in property.

(33) "Purchaser" means a person who takes by purchase.

(34) "Remedy" means any remedial right to which an aggrieved party is entitled with or without resort to a tribunal.

(35) "Representative" includes an agent, an officer of a corporation or association, and a trustee, executor or administrator of an estate, or any other person empowered to act for another.

(36) "Rights" includes remedies.

(37) "Security interest" means an interest in personal property or fixtures which secures payment or performance of an obligation. The retention or reservation of title by a seller of goods notwithstanding shipment or delivery to the buyer (Section 2401) is limited in effect to a reservation of a "security interest." The term also includes any interest of a buyer of accounts, chattel paper, or contract rights which is subject to Division 9. The special property interest of a buyer of goods on identification of such goods to a contract for sale under Section 2501 is not a "security interest," but a buyer may also acquire a "security interest" by complying with Division 9. Unless a lease or consignment is intended as security, reservation of title thereunder is not a "security interest" but a consignment is in any event subject to the provisions on consignment sales (Section 2326). Whether a lease is intended as security is to be determined by the facts of each case; however, (a) the inclusion of an option to purchase does not of itself make the lease one intended for security, and (b) an agreement that upon compliance with the terms of the lease the lessee shall become or has the option to become the owner of the property for no additional consideration or for a nominal consideration does make the lease one intended for security.

(38) "Send" in connection with any writing or notice means to deposit in the mail or deliver for transmission by any other usual means of communication with postage or cost of transmission provided for and properly addressed and in the case of an instrument to an address specified thereon or otherwise agreed, or if there be none to any address reasonable under the circumstances. The receipt of any writing or notice within the time at which it would have arrived if properly sent has the effect of a proper sending.

(39) "Signed" includes any symbol executed or adopted by a party with present intention to authenticate a writing.

(40) "Surety" includes guarantor.

(41) "Telegram" includes a message transmitted by radio, teletype, cable, any mechanical method of transmission, or the like.

(42) "Term" means that portion of an agreement which relates to a particular matter.

(43) "Unauthorized" signature or indorsement means one made without actual, implied or apparent authority and includes a forgery.

(44) "Value." Except as otherwise provided with respect to negotiable instruments and bank collections (Sections 3303, 4208 and 4209) a person gives "value" for rights if he acquires them

(a) In return for a binding commitment to extend credit or for the extension of immediately available credit whether or not drawn upon and whether or not a chargeback is provided for in the event of difficulties in collection; or

(b) As security for or in total or partial satisfaction of a pre-existing claim; or

(c) By accepting delivery pursuant to a pre-existing contract for purchase; or

(d) Generally, in return for any consideration sufficient to support a simple contract.

(45) "Warehouse receipt" means a document evidencing the receipt of goods for storage issued by a warehouseman (Section 7102), and which, by its terms, evidences the intention of the issuer that the person entitled under the document (Section 7403(4)) has the right to receive, hold and dispose of the document and the goods it covers. Designation of a document by the issuer as a "warehouse receipt" is conclusive evidence of such intention.

(46) "Written" or "writing" includes printing, typewriting or any other intentional reduction to tangible form.

SEC. 2.5. Section 1209 is added to the Commercial Code, to read:

1209. An obligation may be issued as subordinated to payment of another obligation of the person obligated, or a creditor may subordinate his right to payment of an obligation by agreement with either the person obligated or another creditor of the person obligated. Such a subordination does not create a security interest as against either the common debtor or a subordinated creditor. This section shall be construed as declaring the law as it existed prior to the enactment of this section and not as modifying it.

SEC. 3. Section 2209 of the Commercial Code is amended to read:

2209. (1) An agreement modifying a contract within this division needs no consideration to be binding.

(2) A written contract within this division may only be modified by a written agreement or by an oral agreement fully executed by both parties.

(3) The requirements of the statute of frauds section of this division (Section 2201) must be satisfied if the contract as modified is within its provisions.

(4) Although an attempt at modification or rescission does not satisfy the requirements of subdivision (2) or (3) it can operate as a waiver.

(5) A party who has made a waiver affecting an executory portion of the contract may retract the waiver by reasonable notification received by the other party that strict performance will be required of any term waived, unless the retraction would be unjust in view of a material change of position in reliance on the waiver.

SEC. 4. Section 2403 of the Commercial Code is amended to read:

2403. (1) A purchaser of goods acquires all title which his transferor had or had power to transfer except that a purchaser of a limited interest acquires rights only to the extent of the interest purchased. A person with voidable title has power to transfer a good title to a good faith purchaser for value. When goods have been delivered under a transaction of purchase the purchaser has such power even though

(a) The transferor was deceived as to the identity of the purchaser, or

(b) The delivery was in exchange for a check which is later dishonored, or

(c) It was agreed that the transaction was to be a "cash sale," or

(d) The delivery was procured through fraud punishable as larcenous under the criminal law.

(2) Any entrusting of possession of goods to a merchant who deals in goods of that kind gives him power to transfer all rights of the entruster to a buyer in ordinary course of business.

(3) "Entrusting" includes any delivery and any acquiescence in retention of possession for the purpose of sale, obtaining offers to purchase, locating a buyer, or the like; regardless of any condition expressed between the parties to the delivery or acquiescence and regardless of whether the procurement of the entrusting or the possessor's disposition of the goods have been such as to be larcenous under the criminal law.

(4) The rights of other purchasers of goods and of lien creditors are governed by the divisions on secured transactions (Division 9), bulk transfers (Division 6) and documents of title (Division 7).

SEC. 5. Section 2725 is added to the Commercial Code, to read:

2725. (1) An action for breach of any contract for sale must be commenced within four years after the cause of action has accrued. By the original agreement the parties may reduce the period of limitation to not less than one year but may not extend it.

(2) A cause of action accrues when the breach occurs, regardless of the aggrieved party's lack of knowledge of the breach. A breach of warranty occurs when tender of delivery is made, except that where a warranty explicitly extends to future performance of the goods and discovery of the breach must await the time of such performance the cause of action accrues when the breach is or should have been discovered.

(3) Where an action commenced within the time limited by subdivision (1) is so terminated as to leave available a remedy by another action for the same breach such other action may be commenced after the expiration of the time limited and within six months after the termination of the first action unless the termination resulted from voluntary discontinuance or from dismissal for failure or neglect to prosecute.

(4) This section does not alter the law on tolling of the statute of limitations nor does it apply to causes of action which have accrued before this code becomes effective.

SEC. 6. Section 3107 of the Commercial Code is amended to read:

3107. (1) An instrument is payable in money if the medium of exchange in which it is payable is money at the time the instrument is made. An instrument payable in "currency" or "current funds" is payable in money.

(2) A promise or order to pay a sum stated in a foreign currency is for a sum certain in money and, unless a different medium of payment is specified in the instrument, may be satisfied by payment of that number of dollars which the stated foreign currency will purchase at the buying sight rate for that currency on the day on which the instrument is payable or, if payable on demand, on the day of demand. If such an instrument specifies a foreign currency as the medium of payment the instrument is payable in that currency.

SEC. 7. Section 3112 of the Commercial Code is amended to read:

3112. (1) The negotiability of an instrument is not affected by

(a) The omission of a statement of any consideration or of the place where the instrument is drawn or payable; or

(b) A statement that collateral has been given to secure obligations either on the instrument or otherwise of an obligor on the instrument or that in the case of default on those obligations the holder may realize on or dispose of the collateral; or

(c) A promise or power to maintain or protect collateral, to furnish financial information or to do so or refrain from doing any other act for the protection of the obligation expressed in the instrument not involving the payment of money on account of the indebtedness evidenced by the instrument; or

(d) A term authorizing a confession of judgment on the instrument if it is not paid when due; or

(e) A term purporting to waive the benefit of any law intended for the advantage or protection of any obligor; or

(f) A term in a draft providing that the payee by indorsing or cashing it acknowledges full satisfaction of an obligation of the drawer; or

(g) A statement in a draft drawn in a set of parts (Section 3801) to the effect that the order is effective only if no other part has been honored.

(2) Nothing in this section shall validate any term which is otherwise illegal.

SEC. 8. Section 3506 of the Commercial Code is amended to read:

3506. (1) Acceptance may be deferred without dishonor until the close of the next business day following presentment. The holder may also in a good faith effort to obtain acceptance and without either dishonor of the instrument or discharge of secondary parties allow postponement of acceptance for an additional business day.

(2) Except as a longer time is allowed in the case of documentary drafts drawn under a letter of credit, and unless an earlier time is agreed to by the party to pay, payment of an instrument may be deferred without dishonor pending reasonable examination to determine whether it is properly payable, but payment must be made in any event before the close of business on the day of presentment.

SEC. 9. Section 5116 of the Commercial Code is amended to read:

5116. (1) The right to draw under a credit can be transferred or assigned only when the credit is expressly designated as transferable or assignable.

(2) Even though the credit specifically states that it is nontransferable or nonassignable the beneficiary may before performance of the conditions of the credit assign his right to proceeds. Such an assignment is an assignment of a contract right under Division 9 on secured transactions and is governed by that division except that

(a) The assignment is ineffective until the letter of credit or advice of credit is delivered to the assignee which delivery constitutes perfection of the security interest under Division 9; and

(b) The issuer may honor drafts or demands for payment drawn under the credit until it receives a notification of the assignment signed by the beneficiary which reasonably identifies the credit involved in the assignment and contains a request to pay the assignee; and

(c) After what reasonably appears to be such a notification has been received the issuer may without dishonor refuse to accept or pay even to a person otherwise entitled to honor until the letter of credit or advice of credit is exhibited to the issuer.

(3) Except where the beneficiary has effectively assigned his right to draw or his right to proceeds, nothing in this sec-

tion limits his right to transfer or negotiate drafts or demands drawn under the credit.

SEC. 10. Section 6103 of the Commercial Code is amended to read:

6103. The following transfers are not subject to this division:

(1) Those made to give

(a) A purchase money security interest (Section 9107);

(b) A security interest in or to inventory consisting of durable goods having a unit retail value of at least five hundred dollars ($500) or motor vehicles, house trailers, trailers, semitrailers, farm and construction machinery and repair parts thereof, or aircraft; or

(c) A security interest in the inventory of a wholesale merchant;

(2) Assignments for the benefit of all the creditors of the transferor, and subsequent transfers by the assignee thereunder;

(3) Transfers of property subject to a lien or other security interest in settlement or realization of such lien or other security interest, if there was compliance with this division in connection with the creation of such lien or security interest or such creation was exempt from compliance with this division;

(4) Sales by executors, administrators, receivers, trustees in bankruptcy, or any public officer under judicial process;

(5) Sales made in the course of judicial or administrative proceedings for the dissolution or reorganization of a corporation and of which notice is sent to the creditors of the corporation pursuant to order of the court or administrative agency;

(6) Transfers of property which is exempt from execution;

(7) The transfer of goods in a warehouse where a warehouse receipt has been issued therefor by a warehouseman (Section 7102) and a copy of such receipt is kept at the principal place of business of the warehouseman and at the warehouse in which said goods are stored.

SEC. 11. Section 7403 of the Commercial Code is amended to read:

7403. (1) The bailee must deliver the goods to a person entitled under the document who complies with subdivisions (2) and (3), unless and to the extent that the bailee establishes any of the following:

(a) Delivery of the goods to a person whose receipt was rightful as against the claimant;

(b) Damage to or delay, loss or destruction of the goods for which the bailee is not liable, but the burden of establishing negligence in case of damage or destruction by fire is on the person entitled under the document;

(c) Previous sale or other disposition of the goods in lawful enforcement of a lien or on warehouseman's lawful termination of storage;

(d) The exercise by a seller of his right to stop delivery pursuant to the provisions of the division on sales (Section 2705);

(e) A diversion, reconsignment or other disposition pursuant to the provisions of this division (Section 7303) or tariff regulating such right;

(f) Release, satisfaction or any other fact affording a personal defense against the claimant;

(g) Any other lawful excuse.

(2) A person claiming goods covered by a document of title must satisfy the bailee's lien where the bailee so requests or where the bailee is prohibited by law from delivering the goods until the charges are paid.

(3) Unless the person claiming is one against whom the document confers no right under subdivision (1) of Section 7503, he must surrender for cancellation or notation of partial deliveries any outstanding negotiable document covering the goods, and the bailee must cancel the document or conspicuously note the partial delivery thereon or be liable to any person to whom the document is duly negotiated.

(4) "Person entitled under the document" means holder in the case of a negotiable document, or the person to whom delivery is to be made by the terms of or pursuant to written instructions under a nonnegotiable document.

SEC. 12. Section 7503 of the Commercial Code is amended to read:

7503. (1) A document of title confers no right in goods against a person who before issuance of the document had a legal interest or a perfected security interest in them and who neither

(a) Delivered nor entrusted them nor any document of title covering them to the bailor or his nominee with actual or apparent authority to ship, store or sell or with power to obtain delivery under this division (Section 7403) or with power of disposition under this code (Sections 2403 and 9307) or other statute or rule of law, nor

(b) Acquiesced in the procurement by the bailor or his nominee of any document of title.

(2) Title to goods based upon a bill of lading issued to a freight forwarder is subject to the rights of anyone to whom a bill issued by the freight forwarder is duly negotiated; but delivery by the carrier in accordance with Chapter 4 of this division pursuant to its own bill of lading discharges the carrier's obligation to deliver.

SEC. 13. Section 7507 of the Commercial Code is amended to read:

7507. Where a person negotiates or transfers a document of title for value otherwise than as a mere intermediary under the next following section, then unless otherwise agreed he warrants to his immediate purchaser only in addition to any warranty made in selling the goods

(a) That the document is genuine; and

(b) That he has no knowledge of any fact which would impair its validity or worth; and

(c) That his negotiation or transfer is rightful and fully effective with respect to the title to the document and the goods it represents.

SEC. 14. Section 7508 of the Commercial Code is amended to read:

7508. A collecting bank or other intermediary known to be entrusted with documents on behalf of another or with collection of a draft or other claim against delivery of documents warrants by such delivery of the documents only its own good faith and authority. This rule applies even though the intermediary has purchased or made advances against the claim or draft to be collected.

SEC. 15. Section 8105 of the Commercial Code is amended to read:

8105. (1) Securities governed by this division are negotiable instruments.

(2) In any action on a security

(a) Unless specifically denied in the pleadings, each signature on the security or in a necessary indorsement is admitted;

(b) When the effectiveness of a signature is put in issue the burden of establishing it is on the party claiming under the signature but the signature is presumed to be genuine or authorized;

(c) When signatures are admitted or established production of the instrument entitles a holder to recover on it unless the defendant establishes a defense or a defect going to the validity of the security; and

(d) After it is shown that a defense or defect exists the plaintiff has the burden of establishing that he or some person under whom he claims is a person against whom the defense or defect is ineffective (Section 8202).

SEC. 16. Section 8106 of the Commercial Code is amended to read:

8106. The validity of a security and the duty of an issuer to register a transfer (Section 8401) are governed by the law of the jurisdiction of organization of the issuer or, in the case of any national bank or other corporation organized under the laws of the United States, by the law of the jurisdiction in which such bank or other corporation has its principal place of business. (See Section 8107)

SEC. 17. Section 8304 of the Commercial Code is amended to read:

8304. (1) A purchaser (including a broker for the seller or buyer but excluding an intermediary bank) of a security is charged with notice of adverse claims if

(a) The security whether in bearer or registered form has been indorsed "for collection" or "for surrender" or for some other purpose not involving transfer; or

(b) The security is in bearer form and has on it an unambiguous statement that it is the property of a person other

than the transferor. The mere writing of a name on a security is not such a statement.

(2) The fact that the purchaser (including a broker for the seller or buyer) has notice that the security is held for a third person or is registered in the name of or indorsed by a fiduciary does not create a duty of inquiry into the rightfulness of the transfer or constitute notice of adverse claims. If, however, the purchaser (excluding an intermediary bank) has knowledge that the proceeds are being used or that the transaction is for the individual benefit of the fiduciary or otherwise in breach of duty, the purchaser is charged with notice of adverse claims.

SEC. 18. Section 8313 of the Commercial Code is amended to read:

8313. (1) Delivery to a purchaser occurs when

(a) He or a person designated by him acquires possession of a security; or

(b) His broker acquires possession of a security specially indorsed to or issued in the name of the purchaser; or

(c) His broker sends him confirmation of the purchase and also by book entry or otherwise identifies a specific security in the broker's possession as belonging to the purchaser; or

(d) With respect to an identified security to be delivered while still in the possession of a third person when that person acknowledges that he holds for the purchaser; or

(e) Appropriate entries on the books of a clearing corporation are made under Section 8320.

(2) The purchaser is the owner of a security held for him by his broker, but is not the holder except as specifed in paragraphs (b), (c) and (e) of subdivision (1) of this section. Where a security is part of a fungible bulk the purchaser is the owner of a proportionate property interest in the fungible bulk.

(3) Notice of an adverse claim received by the broker or by the purchaser after the broker takes delivery as a holder for value is not effective either as to the broker or as to the purchaser. However, as between the broker and the purchaser the purchaser may demand delivery of an equivalent security as to which no notice of an adverse claim has been received.

SEC. 19. Section 8320 of the Commercial Code is amended to read:

8320. (1) If a security

(a) Is in the custody of a clearing corporation or of a custodian bank or a nominee of either subject to the instructions of the clearing corporation; and

(b) Is in bearer form or indorsed in blank by an appropriate person or registered in the name of the clearing corporation or custodian bank or a nominee of either; and

(c) Is shown on the account of a transferor or pledgor on the books of the clearing corporation;

then, in addition to other methods, a transfer or pledge of the security or any interest therein may be effected by the making

of appropriate entries on the books of the clearing corporation reducing the account of the transferor or pledgor and increasing the account of the transferee or pledgee by the amount of the obligation or the number of shares or rights transferred or pledged.

(2) Under this section entries may be with respect to like securities or interests therein as a part of a fungible bulk and may refer merely to a quantity of a particular security without reference to the name of the registered owner, certificate or bond number or the like and, in appropriate cases, may be on a net basis taking into account other transfers or pledges of the same security.

(3) A transfer or pledge under this section has the effect of a delivery of a security in bearer form or duly indorsed in blank (Section 8301) representing the amount of the obligation or the number of shares or rights transferred or pledged and if a pledge or the creation of a security interest is intended, the making of entries has the effect of a taking of delivery by the pledgee or a secured party (Sections 9304 and 9305). A transferee or pledgee under this section is a holder.

(4) A transfer or pledge under this section does not constitute a registration of transfer under Chapter 4 of this division.

(5) That entries made on the books of the clearing corporation as provided in subdivision (1) are not appropriate does not affect the validity or effect of the entries nor the liabilities or obligations of the clearing corporation to any person adversely affected thereby.

SEC. 20. Section 9104 of the Commercial Code is amended to read:

9104. This division does not apply

(a) To a security interest subject to any statute of the United States such as the Ship Mortgage Act, 1920, to the extent that such statute governs the rights of parties to and third parties affected by transactions in particular types of property; or

(c) To a lien given by statute or other rule of law for services or materials except as provided in Section 9310 on priority of such liens; or

(d) To a transfer of a claim for wages, salary or other compensation of an employee; or

(e) To an equipment trust covering railway rolling stock; or

(f) To a sale of accounts, contract rights or chattel paper as part of a sale of the business out of which they arose, or an assignments of accounts, contract rights or chattel paper which is for the purpose of collection only, or a transfer of a contract right to an assignee who is also to do the performance under the contract; or

(g) To any loan made by an insurance company pursuant to the provisions of a policy or contract issued by it and upon the sole security of such policy or contract; or

(h) To a right represented by a judgment; or

(i) To any right of setoff; or to a security interest of a bank, savings and loan association, credit union or like organization in any deposit, savings, passbook or like account maintained with such organization; or

(j) To the creation or transfer of an interest in or lien on real estate, including a lease or rents thereunder; or

(k) To a transfer in whole or in part of any claim arising out of tort.

(*l*) To any security interest created by the state, any county, city and county, city, municipal corporation, public district, public authority, or any subdivision, zone, agency or instrumentality of any of the foregoing.

SEC. 21. Section 9301 of the Commercial Code is amended to read:

9301. (1) Except as otherwise provided in subdivision (2), an unperfected security interest is subordinate to the rights of

(a) Persons entitled to priority under Section 9312;

(b) A person who becomes a lien creditor after the security interest attaches and before it is perfected unless the security interest is perfected within 10 days after it attaches and a person who becomes a lien creditor before the security interest attaches;

(c) In the case of goods, instruments, documents, and chattel paper, a person who is not a secured party and who is a transferee in bulk or other buyer not in ordinary course of business to the extent that he gives value and receives delivery of the collateral without knowledge of the security interest and before it is perfected;

(d) In the case of accounts, contract rights, and general intangibles, a person who is not a secured party and who is a transferee to the extent that he gives value without knowledge of the security interest and before it is perfected.

(2) If the secured party files with respect to a purchase money security interest before or within 10 days after the collateral comes into possession of the debtor, he takes priority over the rights of a transferee in bulk or other buyer not in the ordinary course of business which arise between the time the security interest attaches and the time of filing.

(3) A "lien creditor" means a creditor who has acquired a lien on the property involved by attachment, levy or the like and includes an assignee for benefit of creditors from the time of assignment, and a trustee in bankruptcy from the date of the filing of the petition or a receiver in equity from the time of appointment.

SEC. 22. Section 9302 of the Commercial Code is amended to read:

9302. (1) A financing statement must be filed to perfect all security interests except the following:

(a) A security interest in collateral in possession of the secured party under Section 9305;

(b) A security interest temporarily perfected in instruments or documents without delivery under Section 9304 or in proceeds for a 10-day period under Section 9306;

(c) A purchase money security interest in farm equipment having a purchase price not in excess of two thousand five hundred dollars ($2,500); but compliance with subdivision (4) is required for a motor vehicle required to be registered;

(d) A purchase money security interest in consumer goods; but compliance with subdivision (4) is required for a motor vehicle or boat required to be registered;

(f) A security interest of a collecting bank (Section 4208) or arising under the division on sales (see Section 9113) or covered in subdivision (3) of this section;

(g) A security interest in general intangibles; provided, however, that as between bona fide assignees for value without notice of the same general intangible consisting of any right to payment, the assignee first giving notice thereof to the account debtor in writing shall have priority, but the assignment of such general intangible shall not be of itself notice to the account debtor so as to invalidate any payments made by him to the transferor;

(h) Assignments for the benefit of all the creditors of the transferor, and subsequent transfers by the assignee thereunder.

(2) If a secured party assigns a perfected security interest, no filing under this division is required in order to continue the perfected status of the security interest against creditors of and transferees from the original debtor.

(3) The filing provisions of this division do not apply to a security interest

(a) In property subject to a statute of the United States which provides for a national registration or filing of all security interests in such property; or

(b) In a vehicle required to be registered under the Vehicle Code, unless such vehicle is inventory, or in a boat required to be registered under the Harbors and Navigation Code, unless such boat is inventory.

(4) A security interest in property subject to a statute of the United States which provides for national registration or filing of all security interests in such property may be perfected only by filing or registration under such statute. A security interest in a vehicle required to be registered under the Vehicle Code which is not inventory may be perfected only as provided in the Vehicle Code. A security interest in a boat required to be registered under the Harbors and Navigation Code which is not inventory may be perfected only as provided in the Harbors and Navigation Code.

CHAPTER 802

An act to amend Section 71080 of the Government Code, relating to municipal and justice courts.

[Approved by Governor July 18, 1967. Filed with Secretary of State July 18, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 71080 of the Government Code is amended to read:

71080. After January 1, 1952, upon the establishment of a municipal or justice court, the judges of existing courts inferior to the superior court in any city, township, or judicial subdivision situated wholly or partly in the district or city and county for which a municipal or justice court is established shall, if eligible, become the judges of such municipal or justice court until the election or appointment and qualification of their successors. The time for election and qualification of their successors shall be that previously fixed for the election and qualification of their successors for the court and office superseded, had such courts not been superseded, but in no event shall any such election of successors be held within 10 months of succession to the office of the new court. CHAPTER 813

An act to amend Section 1208 of the Penal Code, relating to the work furlough program.

[Approved by Governor July 18, 1967. Filed with Secretary of State July 18, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1208 of the Penal Code is amended to read:

1208. (a) The provisions of this section shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of employment conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section in that county is feasible. In such ordinance the board shall prescribe whether the sheriff, the probation officer, or the superintendent of a county industrial farm or industrial road camp in the county shall perform the functions of the work furlough administrator. The board of supervisors may also terminate the operativeness of this section in the county if it finds by ordinance that, because of changed circumstances, the operation of this section in that county is no longer feasible.

(b) When a person is convicted of a misdemeanor and sentenced to the county jail, or is imprisoned therein for nonpayment of a fine, for contempt, or as a condition of probation for any criminal offense, or committed under the terms of Section 5654, 5656, 5676, or 5677 of the Welfare and Institutions Code as an inebriate or a habit-forming drug addict, the work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular employment, if that is compatible with the requirements of subd vision (d), or may authorize the person to secure employment for himself in the county, unless the court at the time of sentencing or committing has ordered that such person not be granted work furloughs.

(c) If the work furlough administrator so directs that the prisoner be permitted to continue in his regular employment, the administrator shall arrange for a continuation of such employment so far as possible without interruption. If the prisoner does not have regular employment, and the administrator has authorized the prisoner to secure employment for himself, the prisoner may do so, and the administrator may assist him in doing so. Any employment so secured must be suitable for the prisoner. Such employment must be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in such area. In no event may any such employment be permitted where there is a labor dispute in the establishment in which the prisoner is, or is to be, employed.

(d) Whenever the prisoner is not employed and between the hours or periods of employment, he shall be confined in the jail unless the court directs otherwise.

(e) The earnings of the prisoner shall be collected by the work furlough administrator, and it shall be the duty of the prisoner's employer to transmit such wages to the administrator at the latter's request. Earnings levied upon pursuant to writ of attachment or execution or in other lawful manner shall not be transmitted to the administrator. If the administrator has requested transmittal of earnings prior to levy, such request shall have priority. In a case in which the functions

of the administrator are performed by a sheriff, and such sheriff receives a writ of attachment or execution for the earnings of a prisoner subject to this section but has not yet requested transmittal of the prisoner's earnings pursuant to this section, he shall first levy on the earnings pursuant to the writ. When an employer transmits such earnings to the administrator pursuant to this subdivision he shall have no liability to the prisoner for such earnings. From such earnings the administrator shall pay the prisoner's board and personal expenses, both inside and outside the jail, and shall deduct so much of the costs of administration of this section as is allocable to such prisoner, and, in an amount determined by the administrator, shall pay the support of the prisoner's dependents, if any. If sufficient funds are available after making the foregoing payments, the administrator may, with the consent of the prisoner, pay, in whole or in part, the preexisting debts of the prisoner. Any balance shall be retained until the prisoner's discharge and thereupon shall be paid to him.

(f) The prisoner shall be eligible for time credits pursuant to Sections 4018, 4019, and 4019.2.

(g) In the event the prisoner violates the conditions laid down for his conduct, custody, or employment, the work furlough administrator may order the balance of the prisoner's sentence to be spent in actual confinement.

(h) Willful failure of the prisoner to return to the place of confinement not later than the expiration of any period during which he is authorized to be away from the place of confinement pursuant to this section is punishable as provided in Section 4532 of the Penal Code.

(i) This section shall be known and may be cited as the "Cobey Work Furlough Law."

SEC. 2. Section 1208 of the Penal Code is amended to read:

1208. (a) The provisions of this section, insofar as they relate to employment, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of employment conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to employment, in that county is feasible. The provisions of this section, insofar as they relate to education, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of education conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to education, in that county is feasible. In any such ordinance the board shall prescribe whether the sheriff, the probation officer, or the superintendent of a county industrial farm or industrial road camp in the county shall perform the functions of the work furlough administrator. The board of supervisors may also terminate the operativeness of this section, either with respect to employment or education in the county if it finds by ordinance that, because of changed circumstances, the operation of this section, either with re-

spect to employment or education in that county is no longer feasible.

(b) When a person is convicted of a misdemeanor and sentenced to the county jail, or is imprisoned therein for nonpayment of a fine, for contempt, or as a condition of probation for any criminal offense, or committed under the terms of Section 5654, 5656, 5676, or 5677 of the Welfare and Institutions Code as an inebriate or a habit-forming drug addict, the work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular employment, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure employment for himself in the county, unless the court at the time of sentencing or committing has ordered that such person not be granted work furloughs. The work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular educational program, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure education for himself in the county, unless the court at the time of sentencing has ordered that such person not be granted work furloughs.

(c) If the work furlough administrator so directs that the prisoner be permitted to continue in his regular employment or educational program, the administrator shall arrange for a continuation of such employment or education, so far as possible without interruption. If the prisoner does not have regular employment or a regular educational program, and the administrator has authorized the prisoner to secure employment or education for himself, the prisoner may do so, and the administrator may assist him in doing so. Any employment or education so secured must be suitable for the prisoner. Such employment or educational program, if such educational program includes earnings by the prisoner, must be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in such area. In no event may any such employment or educational program involving earnings by the prisoner be permitted where there is a labor dispute in the establishment in which the prisoner is, or is to be, employed or educated.

(d) Whenever the prisoner is not employed or being educated and between the hours or periods of employment or education, he shall be confined in the jail unless the court directs otherwise.

(e) The earnings of the prisoner shall be collected by the work furlough administrator, and it shall be the duty of the prisoner's employer to transmit such wages to the administrator at the latter's request. Earnings levied upon pursuant to writ of attachment or execution or in other lawful manner shall not be transmitted to the administrator. If the administrator has requested transmittal of earnings prior to levy, such

request shall have priority. In a case in which the functions of the administrator are performed by a sheriff, and such sheriff receives a writ of attachment or execution for the earnings of a prisoner subject to this section but has not yet requested transmittal of the prisoner's earnings pursuant to this section, he shall first levy on the earnings pursuant to the writ. When an employer or educator transmits such earnings to the administrator pursuant to this subdivision he shall have no liability to the prisoner for such earnings. From such earnings the administrator shall pay the prisoner's board and personal expenses, both inside and outside the jail, and shall deduct so much of the costs of administration of this section as is allocable to such prisoner, and, in an amount determined by the administrator, shall pay the support of the prisoner's dependents, if any. If sufficient funds are available after making the foregoing payments, the administrator may, with the consent of the prisoner, pay, in whole or in part, the preexisting debts of the prisoner. Any balance shall be retained until the prisoner's discharge and thereupon shall be paid to him.

(f) The prisoner shall be eligible for time credits pursuant to Sections 4018, 4019, and 4019.2.

(g) In the event the prisoner violates the conditions laid down for his conduct, custody, education, or employment, the work furlough administrator may order the balance of the prisoner's sentence to be spent in actual confinement.

(h) Willful failure of the prisoner to return to the place of confinement not later than the expiration of any period during which he is authorized to be away from the place of confinement pursuant to this section is punishable as provided in Section 4532 of the Penal Code.

(i) As used in this section, "education" includes vocational training, and "educator" includes a person or institution providing vocational training.

(j) This section shall be known and may be cited as the "Cobey Work Furlough Law."

SEC. 3. Section 2 of this act shall become operative only if Assembly Bill No. 1197 is enacted by the Legislature at its 1967 Regular Session, and in such case at the same time as Assembly Bill No. 1197 takes effect; at which time Section 1 of this act is repealed.

CHAPTER 5C. CITATIONS FOR MISDEMEANORS

SEC. 3. Section 853.6 of the Penal Code is amended to read:

853.6. (a) In any case in which a person is arrested for an offense declared to be a misdemeanor and does not demand to be taken before a magistrate, the arresting officer may, instead of taking such person before a magistrate, follow the procedure prescribed by this chapter. The arresting officer shall prepare in duplicate a written notice to appear in court, containing the name and address of such person, the offense charged, and the time and place where and when such person shall appear in court.

(b) The time specified in the notice to appear must be at least five (5) days after arrest.

(c) The place specified in the notice shall be the court of the magistrate before whom the person would be taken if the requirement of taking an arrested person before a magistrate were complied with, or shall be an officer authorized by such court to receive a deposit of bail.

(d) The officer shall deliver one copy of the notice to appear to the arrested person, and the arrested person, in order to secure release, must give his written promise so to appear in court by signing the duplicate notice which shall be re-

tained by the officer. Thereupon the arresting officer shall forthwith release the person arrested from custody.

(e) The officer shall, as soon as practicable, file the duplicate notice with the magistrate specified therein. Thereupon the magistrate may fix the amount of bail which in his judgment, in accordance with the provisions of Section 1275 of the Penal Code, will be reasonable and sufficient for the appearance of the defendant and shall indorse upon the notice a statement signed by him in the form set forth in Section 815a of this code. The defendant may, prior to the date upon which he promised to appear in court, deposit with the magistrate the amount of bail thus set. Thereafter, at the time when the case is called for arraignment before the magistrate, if the defendant shall not appear, either in person or by counsel, the magistrate may declare the bail forfeited, and may in his discretion order that no further proceedings shall be had in such case.

Upon the making of such order that no further proceedings be had, all sums deposited as bail shall forthwith be paid into the county treasury for distribution pursuant to Section 1463 of this code.

(f) No warrant shall issue on such charge for the arrest of a person who has given such written promise to appear in court, unless and until he has violated such promise or has failed to deposit bail, to appear for arraignment, trial or judgment, or to comply with the terms and provisions of the judgment, as required by law.

(g) The officer shall indicate on the notice to appear whether he desires the arrested person to be booked as defined in subdivision 21 of Section 7 of this code. In such event, the magistrate shall, before the proceedings are finally concluded, order the defendant to be booked by the arresting agency.

(h) A peace officer may use the written notice to appear procedure set forth in this section for any misdemeanor offense in which the officer has arrested a person pursuant to Section 836 or in which he has taken custody of a person pursuant to Section 847.

SEC. 4. Section 853.9 of the Penal Code is amended to read:

853.9. (a) Whenever written notice to appear has been prepared, delivered, and filed with the court pursuant to the provisions of Section 853.6 of this code, an exact and legible duplicate copy of the notice when filed with the magistrate, in lieu of a verified complaint, shall constitute a complaint to which the defendant may plead "guilty."

If, however, the defendant violates his promise to appear in court, or does not deposit lawful bail, or pleads other than "guilty" of the offense charged, a complaint shall be filed which shall conform to the provisions of this code and which shall be deemed to be an original complaint; and thereafter proceedings shall be had as provided by law, except that a

defendant may, by an agreement in writing, subscribed by him and filed with the court, waive the filing of a verified complaint and elect that the prosecution may proceed upon a written notice to appear.

(b) Notwithstanding the provisions of subdivision (a) of this section, whenever the written notice to appear has been prepared on a form approved by the Judicial Council, an exact and legible duplicate copy of the notice when filed with the magistrate shall constitute a complaint to which the defendant may plead "not guilty," unless the defendant at the time he enters his plea requests that a verified complaint be filed.

In the event it is found that the employee had reasonable grounds to believe that the vehicle operated by him as an employee did not violate such provisions, and in the event the owner is found guilty under the provisions of Section 40001, the court may dismiss the charges against the employee.

In those cases in which the charges against the employee are dismissed, the abstract of the record of the court required by Section 1803 shall clearly indicate that such charges were dismissed and that the owner of the vehicle was found guilty under Section 40001.

CHAPTER 822

An act to add Section 31703.6 to the Water Code, relating to taxation within the Pinedale County Water District, declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 18, 1967. Filed with Secretary of State July 18, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31703.6 is added to the Water Code, to read:

31703.6. Annually, the Pinedale County Water District, Fresno County, may request, and the board of supervisors shall levy, a bond tax on land only in Pinedale County Water District, Improvement District No. 2, benefited by the purposes of the bonded debt. The bond tax levied pursuant to this section constitutes a lien on all property, both land and improvements, located on the land benefited by the purposes of the bonded debt.

This special provision is necessary because of the special benefit to undeveloped land within the Pinedale County Water District, Improvement District No. 2, from the availability of district improvements in the area.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The peace, health and safety of the citizens of the state require the orderly and unhampered functioning of public bodies and such functioning depends on the avoidance of oppressive taxation for necessary services. Water and proper sanitation are essential to the effective use of the lands in the Pinedale County Water District, Improvement District No. 2, and as provided increases the value of land manyfold. However, because building density is low, a water and sanitation bond tax on land and improvements places a disproportionate burden of the cost on homeowners in the district in relation to the benefits received. In order that fair and equitable bond taxes may be levied during the fiscal year 1967–1968 in the district, it is necessary that this act take effect immediately.

CHAPTER 823

An act to amend Sections 3780 and 3786 of the Elections Code, relating to district elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 18, 1967. Filed with Secretary of State July 18, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 3780 of the Elections Code is amended to read:

3780. As used in this article, "county measure" includes any proposed county charter, any proposed amendment to a county charter, any proposition for the issuance of funding or refunding bonds of the county, any other question or proposition submitted to the voters of a county at any election held throughout an entire single county, or any bond proposal submitted to the voters of any public district although the boundaries of the district may be coterminous with those of the county.

SEC. 2. Section 3786 of the Elections Code is amended to read:

3786. Notwithstanding any provision of law to the contrary, all of the provisions of this article shall apply to any district bond election, except a school district bond election, called by, and the returns of which are canvassed by, the board of supervisors, or to any district bond election, except a school district bond election, conducted by a district. The provisions of this article shall also apply to any special election, if the board of supervisors so provides in its proclamation or notice thereof, except that for any election subject to the provisions of this section:

(a) "County measure" shall be deemed to refer to any measure as defined in Section 42 submitted at such special or district election. Section 3780 shall not apply.

(b) Section 3781 and the reference to the analysis of the measure by the county counsel or district attorney in Section 3783 shall not apply unless the board of supervisors directs such officer to prepare such analysis.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to make the provisions of this act applicable to the November 1967 elections it is necessary that this act take immediate effect.

CHAPTER 824

(b) The district attorney, sixteen thousand dollars ($16,000) a year. The district attorney shall devote his entire time during office hours to the work of the county and state and is prohibited from engaging in private work within such office hours; however, this shall not be construed to preclude the district attorney from continuing or concluding any matter in which he has appeared of record prior to October 1, 1949.

(c) Each supervisor, six thousand dollars ($6,000) a year in full for all services performed by him as supervisor, member of the board of equalization, and in any other capacity, and all actual and necessary traveling expenses when traveling on county business. Said claims for per diem, for mileage and any incidental expenses incurred by jurors pursuant to the exercise of their official duties (excluding meal expense) shall be paid out of the general fund of the county by the county treasurer upon warrants drawn by the county auditor upon the written order of the judge of the superior court.

The proceeds of the sale shall be deposited in the fund specified in Section 10424.

The buyer of such an assessment shall, upon paying the purchase price, become the owner of the assessment and shall be entitled to exercise all the rights that an owner of an assessment has under Section 5302.5.

CHAPTER 832

An act to amend Sections 6006.3 and 6391 of, and to add Section 6407 to, the Revenue and Taxation Code, relating to the Sales and Use Tax Law.

[Approved by Governor July 18, 1967. Filed with Secretary of State July 18, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6006.3 of the Revenue and Taxation Code is amended to read:

6006.3. "Lease" includes rental, hire and license.

SEC. 2. Section 6391 of the Revenue and Taxation Code is amended to read:

6391. There are exempted from the computation of the amount of the sales tax the rentals payable under a lease of tangible personal property for any period of time for which the lessor is obligated to lease the property for an amount fixed by the lease prior to August 1, 1965, and the lessor did not elect under Sections 6094 or 6244 to pay use tax measured by the amount of the rental charge. The lessor shall be deemed not to be obligated for any period of time for which he has the unconditional right to terminate the lease upon notice, whether or not the right is exercised.

SEC. 3. Section 6407 is added to the Revenue and Taxation Code, to read:

6407. The lessee shall be deemed not to be obligated for any period of time for which he has the unconditional right to terminate the lease upon notice, whether or not the right is exercised.

CHAPTER 833

An act to add Section 1005.3 to the Water Code, relating to county water districts.

[Approved by Governor July 18, 1967. Filed with Secretary of State July 18, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1005.3 is added to the Water Code, to read:

1005.3. During the pendency of an action to adjudicate substantially all water rights in a ground water basin situated

in whole or in part within the Tehachapi-Cummings County Water District in Kern County, and until the date of judgment therein becomes final, which finality may be subject to any reserved jurisdiction of the court, the failure by any owner of water rights in and to such ground water basin to pump or extract therefrom the full quantity of water representing such water rights which he may be determined to have had as of the date of commencement of the action, shall not result in a loss of any portion of such water rights. The provisions of this section shall apply to any such failure to pump or extract in any water year, calendar year, or other year ending after the effective date of this section, whether or not said action was commenced prior to that effective date.

This special provision is necessary because there are special and peculiar circumstances applicable to the ground water basins lying wholly or partially within the Tehachapi-Cummings County Water District. There are three such ground water basins, commonly referred to as the Tehachapi Basin, the Brite Basin and the Cummings Basin. The alluvial fill in each of said basins is very shallow when contrasted to most other ground water basins in this state. It is necessary to induce those pumpers who can possibly do so to reduce their pumping from the basins if sufficient ground water reserves are to be maintained for preservation of the existing economy until supplemental water is available from the State Water Facilities. Actions to adjudicate substantially all water rights have been filed as to each of those basins.

CHAPTER 834

An act to amend Section 203.1 of the Code of Civil Procedure, relating to jurors.

The people of the State of California do enact as follows:

SECTION 1. Section 203.1 of the Code of Civil Procedure is amended to read:

203.1. When authorized by local superior court rule, a municipal court district in a county having a population of 1,000,000 or over as determined by the 1960 federal census, pursuant to duly adopted municipal court rule may, but is not required to, use the same jury panel as that summoned for use in the superior court. Persons so selected for jury duty in the municipal court need not be residents of the municipal court judicial district.

[Approved by Governor July 19, 1967. Filed with Secretary of State July 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5087 of the Welfare and Institutions Code is amended to read:

5087. The public guardian upon the death of his ward or upon the death of his conservatee may pay in full or in part from any assets of such ward or conservatee which are under his control the unpaid expenses of his ward's or conservatee's burial and last illness. When it appears that the total market value of the estate of the decedent does not exceed one thousand dollars ($1,000), the public guardian may apply to a judge of the superior court for an order permitting him to sell any personal property belonging to the decedent, to withdraw any money of the decedent on deposit with any bank or other commercial savings institution, and to collect any debt or claim that may be owing to the decedent. If the order is granted, any person or institution shall be entitled to pay or deliver money or property to the public guardian. The money received from any such sale or collection shall be used to pay the burial expenses of the decedent and the expenses of his last illness. Application for such an order may be filed whether or not there is a will of the decedent in existence if the will does not appoint an executor or if the named executor refuses to act. No notice of the application need be given. After the payment of such expenses the public guardian may transfer any remaining assets in accordance with and subject to the provisions of Section 630 of the Probate Code. The value of the property for the purpose of ascertaining the right to transfer under said section shall be determined after deduction of said expenses paid.

8012. The public guardian upon the death of his ward or upon the death of his conservatee may pay in full or in part from any assets of such ward or conservatee which are under his control the unpaid expenses of his ward's or conservatee's burial and last illness. When it appears that the total market value of the estate of the decedent does not exceed one thousand dollars ($1,000), the public guardian may apply to a judge of the superior court for an order permitting him to sell any personal property belonging to the decedent, to withdraw

any money of the decedent on deposit with any bank or other commercial savings institution, and to collect any debt or claim that may be owing to the decedent. If the order is granted, any person or institution shall be entitled to pay or deliver money or property to the public guardian. The money received from any such sale or collection shall be used to pay the burial expenses of the decedent and the expenses of his last illness. The district shall give written notice of the preliminary report to each affected city or county that it may, within a period prescribed by the district (which period shall not be less than sixty (60) days), submit comments or evidence as to the effect that the design, location and routes of said facilities would have in their areas, including, without limitation, the effect upon property values, state and local facilities, and city street and county highway traffic.

When sufficient information has been accumulated to permit intelligent discussion, the district shall publicize and hold such public meeting or meetings as may be reasonably necessary to acquaint interested individuals, officials and civic or other groups with the studies made and the information developed and to obtain their views with respect to the preliminary report.

Using the information developed the district shall then prepare a final report containing the foregoing subdivisions (a) to (e) and such other matters deemed pertinent, including, without limitation, the information obtained at conferences and meetings, the relationship between all proposed routes and locations of such facilities and any master or general plans of the affected local agency or agencies and any information submitted by affected cities or counties pursuant to this section. If a hearing is requested, the district must determine the routes, location and design for said facilities within the limits of the cities or counties to which the notice required by this section was given within ninety (90) days after the first day on which such hearing is held.

Failure to comply in whole or part, or any defect in compliance with this section prior to a bond election, shall not affect the validity of the bond election or of the bonds, but as to any line to be acquired or constructed from the proceeds of the bonds this section must be substantially complied with prior to the expenditure of the proceeds of the bonds on such line, and no substantial change in any route theretofore determined following the procedure required by this section may be made without holding further hearings pursuant to notice given in such manner as the district may determine if the proposed change in the route is objected to by any city or county affected thereby.

(b) Except as to contracts awarded under the State Contract Act, Chapter 3, Part 5, Division 3, Title 2 of the Government Code, a cessation of labor on any work of improvement at any time after the commencement thereof, for a continuous period of 30 days or more, shall be deemed a completion of the contract, structure, or work of improvement. Within 10 days after the acceptance of completion by resolution, minute order or other official act of the awarding authority or by any officer or employee to whom the awarding authority has delegated appropriate authority of any contract, structure, or work of improvement to which Chapter 3 of Division 5, Title 1 of the Government Code applies, the state, or any public board, commission, or officer thereof, or any political subdivision thereof, may file for record in the office of the county recorder of the county or counties where the property is situated a notice setting forth the date when the project was accepted or on which cessation from labor occurred, together with the name of the state or such public board, commission, or officer thereof, or such political subdivision thereof, and a descrip-

The notice shall be verified by some officer of the state or some member of such board, commission, or officer thereof, or of such political subdivision thereof. If the notice is not so filed, the failure to do so has the same effect as is provided in Section 1193.1 with reference to the "owner." In the case of any contract awarded under the provisions of the State Contract Act, such notice of completion, if filed, shall be filed within 10 days after acceptance of the project, and as to such contracts, verified statements of claims may be filed at any time after the claimant has furnished materials or ceased to perform labor, or both, and before the expiration of 30 days from the filing for record of such notice, or if such notice is not so filed, before the expiration of 90 days after the acceptance of the project.

(d) No assignment by the contractor of the whole or any part of the money due him or to be due him under the contract, or for "extras" in connection therewith, whether made before a verified claim is filed as provided for herein or after the claim is filed, takes priority over claims filed under this section and such assignment has no binding force insofar as the rights of the claimants who file claims hereunder, or their assigns, are concerned.

(e) This section does not prohibit the payment of any money to the contractor or his assigns, so long as no verified claim is on file before the disbursing officer has actually surrendered possession of the warrant, checks, bonds, or money or the payment to the contractor or his assigns of any money due him or his assigns over and above the total amount of the claims filed at that time plus such interest and court costs as might be reasonably anticipated in connection with the claims.

(f) If the contractor, subcontractor, or other person against whom any claim is filed as provided in this section disputes the correctness or validity of any claim so filed, the controller, auditor, or other public disbursing officer whose duty it is to make payments under the provisions of such contract or the commissioner, managers, trustees, officers, board of supervisors, board of trustees, common council, or other body by whom the contract for the improvement was awarded, in its or his discretion, may permit the contractor to whom the contract was awarded to deliver to such board, commission, or

officer a bond executed by some corporation authorized to issue surety bonds in the State of California, in a penal sum equal to one and one-fourth times the amount of the claim, which bond shall guarantee the payment of any sum which the claimant may recover on the claim together with his costs of suit in the action, if he recovers therein. Upon the filing of the bond by and with the consent of such board, commission or officer, then such board, commission or officer shall not withhold any moneys from the contractor on account of the claim The sureties upon the bond are jointly and severally liable to the claimant with the sureties upon the contractor's bond given in accordance with Chapter 3 of Division 5, Title 1 of the Government Code.

SEC. 2. It is the purpose of this act to clarify and declare the prior legislative intent as to the meaning of the section which this act amends, and not to make any substantive changes therein.

54774. Among the purposes of a local agency formation commission are the discouragement of urban sprawl and the encouragement of the orderly formation and development of local governmental agencies based upon local conditions and circumstances. One of the objects of the local agency formation commission is to make studies and to obtain and furnish information which will contribute to the logical and reasonable development of local governments in each county and to shape the development of local governmental agencies so as to advantageously provide for the present and future needs of each county and its communities.

In addition to its other powers the local agency formation commission may initiate and make studies of existing governmental agencies. Such studies may include but shall not be limited to inventorying such agencies and determining their maximum service area and service capacities. If such studies are made, the commission may ask for land use information, studies, and plans of cities, counties, and districts. Cities,

counties, and districts shall comply with the request of the commission for such information and the commission shall make its studies available to cities, counties, and districts. In making these studies, the commission may cooperate with the county planning commissions.

Such information and studies shall be used by the commission as the basis for regular decisions on proposals over which it has jurisdiction. The commission may recommend governmental reorganizations to particular agencies in the county, using the above information as the basis for such recommendations. Such recommendations shall be made available, upon request, to other governmental agencies or to the public.

The commission, or the board of supervisors on behalf of the commission, is authorized to apply for or accept, or both, any financial assistance and grants-in-aid from public or private agencies or from the state or federal government or from a local government.

(2) During the 12-month period immediately following his arrival in the general location of his new principal place of work, the taxpayer is a full-time employee, in such general location, during at least 39 weeks.

(d) (1) Subdivision (c)(2) shall not apply to any item to the extent that the taxpayer receives reimbursement or other expense allowance from his employer for such item.

(2) If a taxpayer has not satisfied the condition of subdivision (c)(2) before the time prescribed by law (including extensions thereof) for filing the return for the taxable year during which he paid or incurred moving expenses which would otherwise be deductible under this section, but may still satisfy such condition, then such expenses may (at the election of the taxpayer) be deducted for such taxable year notwithstanding subdivision (c)(2).

(3) If—

(A) For any taxable year moving expenses have been deducted in accordance with the rule provided in paragraph (2), and

(B) The condition of subdivision (c)(2) is not satisfied by the close of the subsequent taxable year,

then an amount equal to the expenses which were so deducted shall be included in gross income for such subsequent taxable year.

(e) No deduction shall be allowed under this section for any item to the extent that the taxpayer receives reimbursement or other expense allowance for such item which is not included in his gross income.

(f) The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section.

SEC. 3. Section 17653 of the Revenue and Taxation Code is amended to read:

17653. The exceptions, additions, and limitations applicable in determining unrelated business taxable income are the following:

(a) There shall be excluded all dividends, interest, and annuities, and all deductions directly connected with such income.

(b) There shall be excluded all royalties (including overriding royalties) whether measured by production or by gross or taxable income from the property, and all deductions directly connected with such income.

(c) There shall be excluded all rents from real property (including personal property leased with the real property), and all deductions directly connected with such rents.

(d) Notwithstanding subdivision (c), in the case of a business lease (as defined in Section 17657) there shall be included, as an item of gross income derived from an unrelated trade or business, the amount ascertained under Section 17656(a), and there shall be allowed, as a deduction, the amount ascertained under Section 17656(b).

(e) There shall be excluded all gains or losses from the sale, exchange, or other disposition of property other than—

(1) Stock in trade or other property of a kind which would properly be includible in inventory if on hand at the close of the taxable year; or

(2) Property held primarily for sale to customers in the ordinary course of the trade or business.

This section shall not apply with respect to the cutting of timber which is considered, on the application of Section 17711, as a sale or exchange of such timber.

(f) There shall be excluded all income derived from research for (1) the United States, or any of its agencies or instrumentalities, or (2) any state or political subdivision thereof, and there shall be excluded all deductions directly connected with such income.

(g) In the case of a college, university, or hospital, there shall be excluded all income derived from research performed for any person, and all deductions directly connected with such income.

(h) In the case of an organization operated primarily for purposes of carrying on fundamental research the results of which are freely available to the general public, there shall be excluded all income derived from research performed for any person, and all deductions directly connected with such income.

(i) In the case of any trust described in Section 17651(a), the deduction allowed by Sections 17214, 17215, and 17216 (relating to charitable etc. contributions and gifts) shall be allowed (whether or not directly connected with the carrying on of the trade or business), and for such purpose a distribution made by the trust to a beneficiary described in Sections 17214, 17215, and 17216 shall be considered as a gift or contribution. The deduction allowed by this subdivision shall be allowed with the limitations prescribed in Section 17215 determined with reference to the unrelated business taxable income computed without the benefit of this subdivision (in lieu of with reference to adjusted gross income).

(j) There shall be allowed a specific deduction of one thousand dollars ($1,000).

CHAPTER 927

An act to amend and renumber the heading of Chapter 3 (commencing with Section 62801), Part 3, Division 21 of, to add Chapter 3 (commencing with Section 62700) to Part 3, Division 21 of, and to repeal Article 16 (commencing with Section 62271) of Chapter 2, Part 3, Division 21 of, the Agricultural Code as proposed by Senate Bill No. 1, relating to milk, and making an appropriation therefor.

[Approved by Governor July 27, 1967. Filed with Secretary of State July 27, 1967.]

The people of the State of California do enact as follows:

CHAPTER 4. MARKETING OF EDIBLE NUTS

SEC. 3. Chapter 3 (commencing with Section 62700) is added to Part 3, Division 21 of the Agricultural Code as proposed by Senate Bill No. 1, to read:

CHAPTER 3. EQUALIZATION POOLS

62700. The production and distribution of fluid milk and fluid cream is hereby declared to be a business affected with a public interest. The provisions of this chapter are enacted in the exercise of the police powers of this state for the purpose of protecting the health and welfare of the people of this state.

62701. It is hereby declared that fluid milk and fluid cream are necessary articles of food for human consumption; that the production and maintenance of an adequate supply of healthful milk of proper chemical and physical content, free from contamination, is vital to public health and welfare, and that the production, transportation, processing, storage, distribution and sale of fluid milk and fluid cream in the State of California is an industry, in whole and in part, affecting public health and welfare; that unfair, unjust, destructive and demoralizing trade practices have appeared within this industry and these practices constitute a menace to the health and welfare of the inhabitants of this state by threatening the stability of this industry and by thereby endangering the assurance to the people of the State of California of the maintenance of an adequate supply of this necessary commodity; that it is a policy of this state to promote, foster and encourage the intelligent production and orderly marketing of commodities necessary to its citizens, including fluid milk and fluid cream, and to eliminate speculation, waste, improper marketing, unfair and destructive trade practices, and improper accounting for milk purchased from producers.

62702. It is recognized by the Legislature that currently the powers conferred upon the director by Chapter 2 (commencing with Section 61801) of this part are inadequate to enable the dairy industry to correct existing evils, develop and maintain satisfactory marketing conditions, and bring about and maintain a reasonable amount of stability and prosperity in the production of fluid milk and fluid cream; and that to accomplish these purposes, and particularly to insure to consumers within California an adequate and continuous supply of pure, fresh, and wholesome milk at fair and reasonable prices, including a reasonable estimate of the additional supply which is needed to provide for normal fluctuations in production and in consumer demand for such products, such powers must be supplemented by the powers conferred in this chapter upon the director to equalize gradually the distribution of class 1 usage among the producers of this state.

62703. In effectuating the purposes of this chapter, a production base and a pool quota shall be established for each producer pursuant to Section 62707. The establishing of these bases and their functions shall be as provided in the pooling plan formulated by the director pursuant to the provisions of this chapter.

62704. The director is authorized to develop a proposed pooling plan and to designate the proposed areas in which the plan will be made effective. He shall appoint fluid milk producers, and representatives of producers, to be the members and alternate members of a formulation committee, reasonably representative of all producers and areas to be included in such proposed pooling plan, which committee shall ad-

vise with and assist the director in the establishment of the proposed pooling plan area and in the formulation of the proposed pooling plan. Such pooling plan shall include all areas covered by stabilization and marketing plans under Chapter 2 (commencing with Section 61801) of this part except any relatively isolated region of the state may be excluded therefrom, if the director after a public hearing finds that the inclusion of the region is not practical or in conformity with the purposes of the pooling plan, or if he finds that the producers in any such relatively isolated region do not desire to be a part of either their own or one of the pools.

62705. After the director, with the advice and assistance of the formulation committee, has formulated the proposed plan, which shall be within 90 days of the effective date of this chapter, he shall hold one or more public hearings in each proposed pooling area to be affected by the proposed plan for the purposes of considering modification of the proposed boundaries and formulating the pooling plan which will best accomplish the purposes of this chapter. Notice of such public hearings shall be given to each producer, including each member of cooperative marketing associations, who ships fluid milk to a distributor and to each distributor who receives fluid milk from producers. The procedures for the giving of notice and the conducting of such hearings shall be the same as those provided in Article 13 (commencing with Section 62181) of Chapter 2 of this part for public hearings on stabilization and marketing plans.

62706. The pooling plan shall prescribe the pooling area to be covered by each pool. Any such pooling area shall mean and include a large sales and consuming center together with all intermediate and secondary cities, towns and rural areas, which depend upon and receive their fluid milk supplies from a common producing and supply area, and including the fluid milk producers who produce fluid milk for such sales and consuming area, and including the fluid milk processing plants which receive, process or distribute the fluid milk supplies for such an area.

In establishing pool areas the director shall take into consideration the fact that some producers and processors may produce, or process and distribute, respectively, fluid milk for more than one pool area and therefore may qualify for inclusion and participation in more than one pool. Producers who so qualify for participation in more than one pool shall be permitted to do so on the basis of the proportions of their shipments of fluid milk to each pool area.

62707. The formulation committee shall make recommendations to the director for inclusion in the pooling plan, and the director shall include in the pooling plan, the following:

(a) The establishment of one or more pools throughout the state.

(b) The base period to be used by the director in determining the production and class 1 usage bases of each producer

directly affected by the pooling plan. Such base period shall mean an historical period of fluid milk production for, and usage in, the pool area which the committee finds is reasonably equitable to all producers directly affected by the pooling plan, and will tend to effectuate the declared purposes of this chapter. The historical period shall not include any production after January 1, 1967.

As to a producer south and east of San Gorgonio Pass, his production base may at his option, be four times his production in the months of December, 1965, and January and February, 1966.

If a producer, during any such base period, had a valid contract with a distributor, or as a member of a cooperative association had an allocation, which provided that the distributor or cooperative association was required to accept a larger amount of fluid milk from such producer than the producer actually produced during such period, on proof satisfactory to the director of such contract or allocation, the producer may, at his option, have the amount specified in the contract or allocation established as his production base.

(c) The establishment of a class 1 usage for each producer, which shall be the amount of his production of fluid milk accounted for as class 1, and any fluid milk sold for use as class 1 to a United States military installation but which was not accounted for as class 1.

(d) The allocation to each producer within any pool of a pool quota, which, initially, shall be 110 percent of that producer's class 1 usage, as determined in subdivision (c).

(e) The determination of new class 1 usage and the allocation of pool quota based thereon in a manner consistent with effectuating the purposes of this chapter.

All producers who have not reached the equalization point shall share in such allocation of pool quota on the basis of a formula which shall give substantial weight to each producer's production base, but which at the same time shall allocate a larger percentage to hardship cases and low class 1 usage producers.

Such allocations shall be made on the basis of each individual producer, with each cooperative association considered as a single producer. The cooperative associations of producers shall reassign any new quota to their own members subject to the provisions of Section 62710.

No allocation shall be made to any producer for any new pool quota in excess of the equalization point as expressed in subdivision (c) of Section 62712.

Annually, within not more than two months after August 31 of each year, the pool quota shall be adjusted to reflect any such additional pool quota. It is intended that such increase shall generally reflect the increased class 1 usage which developed during the preceding year, adjusted for the director's estimate of class 1 requirements for the succeeding year, allocated in the manner specified in the pool plan. There shall be

no downward adjustment of pool quota below the quota initially established pursuant to this chapter.

(f) The establishment of production bases and pool quotas for new fluid milk producers who wish to enter the pooling plan after the effective date of the plan. The recommendations of the committee shall be reasonably equitable to both such new producers and to participating producers and consistent with effectuating the purposes of this chapter.

(g) The transfer of production bases and pool quotas from one fluid milk producer to another under conditions so designed as to prevent abuses in such transfers and to avoid the development of excessive values for such bases and quotas.

(h) Any and all other matters necessary and desirable to effectuate the provisions of this chapter.

The recommendations of the formulation committee and the pooling plan may provide exceptions from the plan's general application for individual cases of hardship.

62707.5. If a portion of the pool quota of any producer is transferred, it shall carry with it the same quantity of production base, and the producer making a partial transfer of his pool quota shall lose a percentage of his production base equal to the percentage of his pool quota which is so transferred. If a producer transfers his entire production base to one person, his entire pool quota shall also be transferred to the recipient of the production base, and, if a producer transfers his entire pool quota to one person, his entire production base shall also be transferred to the recipient of the pool quota.

All transfers of production base and pool quota shall be recorded by the director in a manner consistent with the purposes of this chapter. Permanent records shall be maintained by the director of all transactions in either production base or pool quota.

Any person who purchases or otherwise acquires a producer's business or a portion of a producer's business prior to the operative date of the pooling plan shall succeed to that same proportion of the producer's production base and pool quota.

62708. "Producer-distributor" for purposes of this chapter is any person that is both a producer and a distributor of fluid milk or fluid cream. For the purposes of this chapter a producer-distributor is a producer in any transaction which involves the delivery of bulk fluid milk or bulk fluid cream which was produced by him to a distributor, or any nonprofit cooperative association of producers and is a distributor in any transaction which involves the purchase by him of fluid milk or fluid cream, the pasteurization or packaging of fluid milk or fluid cream, or the sale or delivery of packaged fluid milk or packaged fluid cream to any person.

A producer-distributor, including partnerships or corporations with common ownership, where the ownership of the producing entity is substantially proportionate to the ownership of the distributing entity, shall have the option, at the time of

the adoption of the initial pooling plan under this chapter, to have a production base and pool quota established as a part of the pooling plan provided for in this chapter, or to elect to operate entirely outside of the pool for producer payment purposes. This option is available only in such cases where the producer-distributor on January 1, 1967, exercised complete and exclusive control over the operation and management of a plant at which he processes milk received from his own milk production facilities, except for purchases in bulk or packaged fluid milk, fluid skim milk or fluid cream which do not exceed an annual average of 50 gallons per day or 5 percent of his total fluid milk sales, whichever is greater, and only in such case as the producer-distributor had retail sales for its own account of not less than 66⅔ percent of its total class 1 sales.

Any producer-distributor, as herein defined, electing to become a part of the pool shall have the right to deduct his entire pool quota from his own class 1 sales before being required to account to the pool, irrespective of the fact that the average class 1 usage in the pool for that month may be less than 100 percent of the pool quota in that pool.

Any producer-distributor electing to be excluded from the pool may at any later time be admitted to the pool, but with only the production base and pool quota to which he would have originally been entitled or his existing production and class 1 usage at the time of such admittance, whichever is less.

62709. Producers who do not, in the months of September, October, and November of any year, market the amount of fluid milk equal to their pool quota, shall lose the production base equal to the difference between the average amount of milk marketed and their pool quota.

The provisions of this section shall not apply to producers south and east of San Gorgonio Pass or to producers in Del Norte, Humboldt, and Siskiyou Counties. The director may waive the provisions of this section in any case in which he finds that production was restricted by causes beyond the control of the individual producer.

62710. The production base and the pool quota for milk shipped through a cooperative association shall belong to the individual producer but shall be assigned to the custody and control of the cooperative association and the production base and pool quota may be transferred only in accordance with the articles of incorporation, bylaws, or marketing agreements of such association. The cooperative association shall continue to be treated as a single producer, both for producer payment purposes and for pool settlement purposes.

62711. Each producer shall be paid the highest usage for that amount of his fluid milk production which is equal to his pool quota and shall be paid the next highest usage for the difference between his pool quota and his production base

under the production pool hereinafter designated and the lowest usage for all milk produced in excess of his production base under the overproduction pool hereinafter designated.

62712. (a) The director may require distributors, including cooperative associations acting as distributors, to make reports at such intervals and in such detail as he finds necessary for the operation of the pool. In conjunction with the pools authorized by this chapter, the director may require distributors to make payments into a settlement fund for fluid milk received and the director may provide for the disbursement of moneys from the settlement fund in the course of administering such pools. The director may employ a pool manager to operate each pool and may permit such pool manager to employ such other necessary personnel and incur such expenses incidental to the operation of the pool as the director finds are necessary.

Distributors who have a financial obligation to the pool resulting from the operation of the pooling plan shall pay such obligations to the pool manager each month as requested. All of such moneys shall be deposited in a bank or banks approved by the director, and shall be paid out by the pool manager to distributors who have pool credits resulting from the operation of the pooling plan. All financial operations of each pool shall be audited by Department of Agriculture at least once annually. The director may require distributors to make such deductions from amounts due to producers as he finds are necessary to establish a reserve fund to insure prompt payment to producers.

(b) The pool manager shall effectuate the purposes of Section 62711 by designating the percentage of each price class (i.e., classes 1, 2, and 3) to be paid within each pool settlement classification (i.e., quota pool, production pool, and overproduction pool), and in so doing he shall allocate the highest usage available, first to the quota pool, next to the production pool, and last to the overproduction pool.

(c) All pool quotas initially determined pursuant to Section 62707, except as modified pursuant to Section 62709, shall be recognized and shall not in any way be diminished, and all quotas shall not hereafter be increased beyond 95 percent of the individual's production base. This 95 percent shall be designated the "equalization point."

(d) When the pool quota of every producer in a pool has reached the equalization point any additional class 1 usage shall be apportioned among producers of the adjacent pool or pools selected by the director as most appropriate for carrying out the purposes of this chapter.

62714. After the director has established pools, each distributor shall report to the director the total production bases and total pool quotas of the producers that are shipping to the distributor and the total receipts and class 1, class 2, and class 3 usage of the distributor and any other information

determined by the director as necessary to carry out the operation of the pool.

62715. Any individual distributor purchasing milk from a producer shall continue to have the right to specify quality requirements that are more stringent than standards set by public regulatory or health authorities, and to specify these standards in a contract with the producer, provided that all contract quality requirements by the distributor are identical as to all producers under contract with that distributor. The distributor may reject milk for class 1 purposes if it fails to meet these specified standards, and may continue to reject such milk continuously until it again meets these standards. Any such rejected milk must be picked up separately from all other milk, and the contract shall give the producers the unqualified right to sell this rejected milk to others. In the event the rejected milk is not sold or used for class 1 purposes, the producer's pool quota shall be reduced by an amount equal to the amount of pool quota milk rejected during the period in which it is rejected. The producer's pool quota shall be restored to its full amount when all his production meets the specified standards.

The quality standards specified shall be subject to review by the director, and the purported failure of a producer to meet these standards shall be subject to impartial laboratory tests or such other procedures as the director may find necessary to prevent abuse.

62716. Following the required hearing, the director shall submit the pooling plan to producers concerned for their approval or disapproval in a statewide referendum.

The approval or disapproval of individual producers voting in this referendum shall be kept confidential.

Each producer shall have one vote and such vote shall be individually cast so that there will be no block voting. The director shall prepare a ballot. The ballot form shall be substantially as follows:

Ballot

Shall the proposed pooling plan be made effective?
Yes _____ No _____

The director may reveal the names of producers whose votes have been received to both proponents and opponents of the plan.

The referendum shall be set for a period of 60 days. The director may at his own discretion or upon a proper showing, extend the referendum for a period not to exceed 30 days.

62717 If the director finds that producers on a statewide basis have assented in writing to the proposed pooling plan submitted to them for assent, the director shall place the proposed pool plan into effect. The director shall find that pro-

ducers have assented to the plan if he finds on a statewide basis that:

(a) Not less than 51 percent of the total number of eligible producers in the state shall have voted in the referendum; and

(b) 65 percent or more of the total number of eligible producers who voted in the referendum who produced 51 percent or more of the total amount of fluid milk produced in 1966 in the state by all producers who voted in referendum approve the plan; or

(c) 51 percent or more of the total number of eligible producers who voted in the referendum who produced 65 percent or more of the total amount of fluid milk produced in 1966 by all producers who voted in the referendum, approve the plan.

If the plan is not approved, the director may resubmit the plan, or submit a new plan, at any time after six months from the date the director announces the pool plan was not approved.

The director may amend the plan, after notice and public hearing has been given in the same manner as is provided in Article 13 (commencing with Section 62181) of Chapter 2 of this part for stabilization and marketing plans, if he finds that the amendment is necessary to effectuate the purposes of this chapter. After the hearing, the director upon his own motion may make nonsubstantive amendments to the plan. The director may make substantive amendments to the plan only if producers assent to the proposed amendments at a referendum conducted in the same manner and in the same number as provided for the referendum approving the pooling plan.

The director may terminate the plan on a statewide basis after notice and public hearing has been given in the same manner as is provided in Article 13 (commencing with Section 62181) of Chapter 2 of this part for stabilization and marketing plans, if he finds that the plan is no longer in conformity with the standards described in, or will not tend to effectuate the purposes of, this chapter. Such hearing may be held upon the motion of the director, and shall be held upon receipt of a petition signed by producers representing not less than 25 percent of the total number of all producers and not less than 25 percent of the total production of all producers.

The director shall submit the termination of the plan on a statewide basis in a referendum conducted in the same manner as provided for initial approval of such plan if, after notice and public hearing has been given in the same manner as is provided in Article 13 (commencing with Section 62181) of Chapter 2 of this part for stabilization and marketing plans, he finds that a substantial question exists as to whether or not producers desire the plan to continue and shall submit the plan for termination upon receipt of a petition requesting termination signed by producers representing not less than 25 percent of the total number of all producers and not less

than 25 percent of the total production of all producers. The plan shall be terminated if termination is favored by the same percentage of producers producing the same amount of fluid milk as required to initiate the plan.

62718. The pools established shall be administered by the director. Each distributor shall deduct from moneys owed producers and pay to the director the amount necessary to cover the cost of administering the pool plan, but not to exceed two cents ($0.02) per hundredweight of fluid milk.

The amount of such fee shall be paid to the director on or before the 30th day following the last day of the month in which such fluid milk or fluid cream was received.

The director may fix such fee at a lesser amount and may adjust such fee from time to time.

In the event any distributor fails to pay to the director the fee provided for in this section on or before the date specified in this section, the director may add to such unpaid fee an amount not exceeding 10 percent of such unpaid fee to defray the cost of enforcing the collection of such unpaid fee. The distributor shall not be entitled to pass this penalty on to the producer.

All moneys received under the provisions of this section shall be deposited in the State Treasury to the credit of the Department of Agriculture Fund.

62719. The director shall, from nominations submitted by producers, appoint a review board composed of no less than 12 members to advise him in the administration of the pool plan. The director shall appoint three members of the first board for a one-year term, three members for two-year terms, three members for three-year terms, and three members for four-year terms. Thereafter all appointments shall be for a term of four years and no member may be appointed to more than two four-year terms. The board members shall be producers and not more than three may be producer-managers of associations and not more than two shall be producer-distributors. The board members shall give proportionate representation to all areas of the state, with due regard to the relative production and usage of fluid milk in the various areas of the state. Each member of the review board shall be paid not less than twenty-five dollars ($25) or more than thirty-five dollars ($35) per day plus travel expenses, including expenses for lodging and meals, which are incurred in the attendance at board meetings or in conducting the business of the board; all per diem and expenses being subject to approval by the director.

62720. No pooling plan formulated pursuant to this chapter shall restrict the free movement of fluid milk and no pooling plan shall result in an unequal raw product cost between distributors in the same marketing areas.

62721. No pooling plan shall control the production of fluid milk except insofar as may otherwise be specifically authorized in this chapter.

62722. Pooling plans shall not apply to the production of goats milk or producer-distributors who produce and sell less than 200 gallons of fluid milk used for class 1 purposes per day unless they specifically request entry into the pool at the time of the adoption of the initial pooling plan for that area. Producers of certified milk or guaranteed raw milk shall have the option, at the time of the adoption of the initial pooling plan under this chapter, to be subject to such plan, and accordingly to have a production base and pool quota established for such producer, or to be excluded from such plan.

(a) Any such producer of less than 200 gallons of fluid milk per day, or any such producer of certified milk, or any such producer of guaranteed raw milk, electing to be excluded from such plan, may at any later time be admitted to the pool, but with only the production base and pool quota to which he would have originally been entitled or his existing production and class 1 usage, whichever is less.

(b) Any producer claiming exemptions from the provision of any pooling plan by reason of the provisions of Section 62708 or this section, who loses his exemption by failure to meet the requirements for exemptions set forth in those sections shall automatically be deemed to have applied for and become a part of a producer pool on September 1st following any year ended August 31st during which the director determines he is no longer entitled to exemption, and his admittance into such a pool shall be on the basis of the production base and pool quota calculations as set forth in those sections.

62723. Unless the context otherwise requires, the definitions contained in Chapter 2 (commencing with Section 61801) of this part govern the construction of this chapter.

62724. This chapter does not modify the provisions of Chapter 1 (commencing with Section 61301) nor Chapter 2 (commencing with Section 61801) of this part, except as may be necessary to effect the purposes of this chapter. If necessary to effect the purposes of this chapter, the director, in establishing the minimum prices which shall be paid for fluid milk to producers, may establish minimum producer prices applicable at the producer's place of production.

62725. The director is authorized to use moneys in the Department of Agriculture Fund derived from assessments and fees collected pursuant to provisions of Chapter 2 (commencing with Section 61801) of this part, to the extent necessary to defray the expenses incident to the formulation and making effective the pooling plan pursuant to this chapter; provided, that as soon as sufficient moneys are available from fees collected pursuant to this chapter, all such amounts shall be repaid.

62726. The director is the instrumentality of this state for the purpose of administering and enforcing the provisions of this chapter and to execute the legislative intent which is expressed in this chapter, and is hereby vested with the administrative authority which is described in this chapter. Sec. 38.3. Any parcel, parcels, or tract of land may be annexed to a zone if the land will be benefited, and any parcel, parcels, or tract of land within any zone may be excluded if not benefited.

Proceedings for annexation or exclusion may be instituted by the board by resolution specifying its intention to annex or exclude such parcel, parcels, or tract of land, describing the proposed land to be annexed or excluded and specifying a time and place for public hearing on said resolution, which public hearing may be held at any place within the district. Notice of the time and place of said hearing shall be mailed to each landowner in the area sought to be annexed or excluded at his address as shown on the last equalized assessment roll of the county at least 20 days prior to the date of said hearing. The notice shall also be published in a newspaper of general circulation within the district pursuant to Section 6066 of the Government Code.

Other than annexation proceedings instituted by the owner of any parcel, parcels, or tract of land to be annexed, no proceedings for the annexation of any parcel, parcels, or tract of land to a zone shall be instituted until a geological or engineering study shall have been made, which study shall show that the parcel, parcels, or tract of land to be annexed will be benefited.

The alternative, such proceedings may be instituted by the filing with the board a petition signed by 10 percent or more of the owners of the land sought to be annexed or excluded. The petition shall contain:

(a) The name of the zone affected by the annexation or exclusion;

(b) The reason for annexation or exclusion of the land;

(c) A description of the land to be annexed or excluded;

(d) The assent of the petitioners to the annexation or exclusion; and

(e) A request that the described land be annexed to or excluded from the zone.

When the petition has been filed with the board, the board shall fix a time and place for a public hearing thereon, which

public hearing may be held at any place within the district, and cause a notice of such hearing to be given as hereinbefore provided.

Failure to show cause why the change should not be made by any person interested in or affected by the change is deemed to be his assent to any change the board may make in the zone boundaries.

At the conclusion of the hearing, if it deems the annexation or exclusion of all or part of the land to be for the best interest of the zone, the board may by resolution annex or exclude all or part of the land sought to be annexed or excluded and shall, in such resolution, describe the zone boundaries as changed. If no effective date for such annexation or exclusion is specified in the resolution, then the effective date shall be deemed to be the date of the resolution.

Any land or territory annexed to a zone pursuant to this section shall assume and be liable for its proportionate share of any then existing outstanding debts or obligations of the zone.

SEC. 20. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Due to the progress being made on the San Felipe Division of the Central Valley Project, the importation of water to San Benito County is imminent, thereby creating a need for the establishment of zones of benefit without delay to assist the district in providing water to persons in the district.

CHAPTER 937

An act to amend Sections 25100, 25602, 25703, and 26005 of the Corporations Code, relating to corporate securities.

[Approved by Governor July 27, 1967. Filed with Secretary of State July 27, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 25100 of the Corporations Code is amended to read:

25100. Except as otherwise expressly provided in this division, the Corporate Securities Law does not apply to any of the following classes of securities:

(a) Any security issued or guaranteed by the United States of America, or any territory or insular possession thereof, or by the District of Columbia, or by any state, territory, county, municipality, community redevelopment agency, public district or authority, or other public agency, public entity, or public corporation therein.

(b) Any security issued or guaranteed by any foreign government with which the United States of America is, at the time of the sale or offer of sale thereof maintaining diplomatic relations, or by any state, province, or political subdivision thereof having the power of taxation or assessment, which security is recognized, at the time it is offered or sold in this state, as a valid obligation by the foreign government or by the state, province, or political subdivision thereof issuing it.

(c) Any security issued by and representing an interest in or a direct obligation of a national bank, or issued by any federal land bank or joint land bank, or a national farm loan association, under the provisions of the Federal Farm Loan Act of July 17, 1916, or any amendment thereof or thereto, or by any company created and acting as an instrumentality of the government of the United States of America pursuant to the authority granted by the Congress of the United States of America, or by any company organized and existing under and by virtue of any act of Congress.

(d) Any security issued by and representing an interest in or a direct obligation of a state bank, trust company, or savings institution incorporated under the laws of this state.

(e) Any security the issuance of which has been authorized by the Public Utilities Commission of this state or by the Interstate Commerce Commission or by the Federal Power Commission.

(h) Any security issued by an organization defined as an insurer in Section 826 of the Insurance Code for the purposes of Article 8 (commencing with Section 820) of Chapter 1 of Part 2 of Division 1 of the Insurance Code.

(i) Any security which has been certified as a legal investment for savings banks under the laws of this state.

(j) Any certificate of deposit for any security which has been approved by the California Districts Securities Commission for certification as a legal investment for savings banks and trust companies under the laws of this state.

(k) Any security issued under or pursuant to a plan of reorganization or plan of arrangement which, pursuant to any of the provisions of the act of Congress entitled "An Act to Establish a Uniform System of Bankruptcy Throughout the United States" approved June 1, 1898, and acts amendatory thereof and supplementary thereto, has been confirmed by the decree or order of a court of competent jurisdiction.

(*l*) Any partnership interest in a general partnership, or in a limited partnership where certificates are executed, filed, and recorded as provided by Sections 15502 and 15525 of the Corporations Code of the State of California, except partnership interests when offered to the public.

(m) Any bona fide joint adventure interest, except such interests when offered to the public.

(n) Any certificate of interest or participation in an oil or gas title or lease (including subsurface gas storage and payments out of production) if each person who is a party to the transaction involving such certificate:

(1) Is and has been during the preceding two years engaged primarily in the business of drilling for, producing or refining oil or gas (or whose corporate predecessor, in the case of a corporation, has been so engaged), or

(2) Is or has been found by the commissioner upon written application to have been during the preceding two years, either directly or through a predecessor, substantially engaged in the business of drilling for, producing or refining oil or gas so as to not require the protection provided by the issuance of a permit.

In the event any security is issued which would have required a permit but for the provisions of this subsection (n) any such security or any interest therein may not thereafter be offered or sold until a permit shall be first obtained with respect to any such security (and subject to such terms and conditions as may therein be imposed by the commissioner) unless each person who is a party to any such subsequent transaction meets the requirements of this subsection (n).

SEC. 2. Section 25602 of the Corporations Code is amended to read:

25602. No company, broker, agent, or other person shall use any advertisement concerning any security sold or offered for sale by it unless a true copy of the advertisement has been first filed in the office of the commissioner at least one day prior to the use; except that the filing of a copy of such an advertisement pursuant to this section is not required (1) in any case in which the commissioner has authorized or consented to the use of the advertisement, or (2) in the case of any advertisement concerning only securities issued or guaranteed by the United States of America, or any territory or insular possession thereof, or by the District of Columbia, or by any state, territory, county, municipality, community redevelopment agency, public district or authority, or other public agency, public entity, or public corporation therein.

SEC. 3. Section 25703 of the Corporations Code is amended to read:

25703. At the time of filing an application for a broker's certificate, the applicant shall file and thereafter maintain with the Commissioner of Corporations a good and sufficient bond in the aggregate penal sum of five thousand dollars ($5,000), payable to the people of the State of California, for the use and benefit of interested persons, executed by the applicant and by sufficient surety or sureties, which shall be approved by the Commissioner of Corporations. The total aggregate liability on the bond shall be limited to the payment of five thousand dollars ($5,000). The bond shall be conditioned upon the strict compliance with the provisions of the Corporate Securities Law, and the honest and faithful application of all funds received and the faithful and honest performance of all obligations and undertakings in the purchase or sale of securities, by the applicant broker, his agents, and employees.

The bond shall remain in force and effect until the surety is released from liability by the commissioner or until the bond is canceled by the surety. The surety may cancel the bond and be relieved of further liability thereunder by delivering 30 days' written notice to the commissioner. Such cancellation shall not affect any liability incurred or accrued thereunder prior to the termination of the 30-day period. Failure to file a new bond at or before the time when liability on the old bond is terminated, constitutes sufficient grounds for the suspension or revocation of the broker's certificate after a hearing held as provided in Section 25710, provided,

however, that unless a new bond complying with the provisions of this section has been filed with the Commissioner of Corporations prior to issuance of the notice of hearing, such hearing need not be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and may be held upon not less than three days' notice.

Any person who sustains an injury covered by such bond, may, in addition to any other remedy that he may have, bring an action in his own name upon the bond for the recovery of any damages sustained by him; but no such action may be brought after the expiration of two years from and after the time when the act or default complained of occurred. Upon the commencement of such an action the commissioner may, in his discretion, require the filing of a new bond, and immediately upon the recovery in any action on such bond, the broker shall file a new bond. Failure to file a new bond within 10 days in either case constitutes sufficient grounds for the suspension or revocation of the broker's certificate.

SEC. 4. Section 26005 of the Corporations Code is amended to read:

26005. The fee for filing an application for an order (a) consenting to the transfer in escrow of securities, or (b) consenting to the transfer of securities subject to any condition imposed by the commissioner requiring the commissioner's consent to such transfer is ten dollars ($10) for each transferor.

[Approved by Governor July 27, 1967. Filed with Secretary of State July 27, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 17203.5 of the Education Code is amended to read:

17203.5. The governing board of a school district which has made an investment pursuant to the authority of Section 17203 may deposit such security for safekeeping with a state or national bank or trust company located within this state or with the Federal Reserve Bank of San Francisco or any branch thereof within the state, or with any Federal Reserve bank or with any state or national bank located in any city designated as a reserve city by the Board of Governors of the Federal Reserve System. The governing board shall take from such bank a receipt for the security so deposited. The county treasurer with whom such funds if uninvested would be deposited shall not be responsible for securities delivered to and receipted for by a bank under the authority of this section until they are withdrawn from the bank by said treasurer.

CHAPTER 940

An act to amend Sections 21251.5 and 21251.6 of the Government Code, relating to the State Employees' Retirement System.

[Approved by Governor July 27, 1967. Filed with Secretary of State July 27, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 21251.5 of the Government Code is amended to read:

21251.5. (a) Every retirement allowance payable for time commencing on the effective date of this section to or on account of any member who was retired on or prior to July 1, 1956, is hereby increased by a monthly amount which, when added to any other increases in such retirement allowance made

by the Legislature at its 1957 Regular Session, equals the percentage increase set forth in the following table opposite the period during which the member's retirement became effective, if the retired member is entitled to be credited with 20 years or more of state service, or, if the retired member is entitled to be credited with less than 20 years of state service, by an amount which, when added to any other increases in such retirement allowance made by the Legislature at its 1957 Regular Session, bears the same ratio to the percentage increase set forth in the following table opposite the period during which the member's retirement became effective that the number of completed years of state service with which the member is entitled to be credited bears to 20 years:

Period during which retirement became effective	Percentage of increase in monthly retirement allowance where member is entitled to be credited with 20 or more years of state service
On or prior to July 1, 1954	5%
12 months ended July 1, 1955	4%
12 months ended July 1, 1956	3%

In addition to these percentage increases, the retirement allowance payable for time commencing on the effective date of this section to or on account of any member who was retired on or prior to July 1, 1956, shall be increased by ten dollars ($10) per month.

Where a member to or on account of whom an increased retirement allowance is payable under this section has elected pursuant to Article 4 of Chapter 9 of this part to have his retirement allowance modified in accordance with an optional settlement provided in Section 21333, Section 21334, or Section 21335, if both the retired member and his beneficiary are living on the effective date of this section, the increase provided by this section shall be modified under the optional settlement so elected, on the basis of ages on the most recent retirement date, and current mortality tables and interest rate; but if either such retired member or his beneficiary is not living on said effective date, then the increase shall be made in the allowance payable to the survivor, in the same manner that increases are made in retirement allowances to persons who did not elect such an optional settlement.

The increase in each retirement allowance provided by this section shall be apportioned between the current service pension and the prior service pension of the retired member in the same proportions that the current service and the prior service with which the member is credited bears to the total state service with which he is credited, and shall be derived from the same source as such pensions.

(b) Every special death benefit payable for time commencing on the effective date of this section on account of the industrial death of any member who died on or prior to July 1, 1956, is hereby increased by a monthly amount which, when added to any other increases in such death benefit made by the Legislature at its 1957 Regular Session, equals the percentage increase set forth in the following table opposite the period during which the member's death occurred:

Period during which industrial death occurred	Percentage of increase in monthly special death benefit installments
On or prior to July 1, 1954	5%
12 months ended July 1, 1955	4%
12 months ended July 1, 1956	3%

(c) This section does not authorize any decrease in any retirement allowance or special death benefit, nor does this section give any retired member, or his successors in interest, or his beneficiary, or any payee of any special death benefit in respect to a deceased member any claim against the state for any increase in any retirement allowance or special death benefit paid or payable for time prior to its effective date.

(d) It is the intention of the Legislature that the increases in retirement allowances and special death benefits provided by this section shall not be cumulative with any other increases in such allowances or such special death benefits, or both, which may be made by the Legislature at its 1957 Regular Session. If the retirement allowances and special death benefits to which this section is otherwise applicable, or any of them, are increased pursuant to any other legislation enacted by the Legislature at its 1957 Regular Session, this section shall be applicable only to the extent that the increased amounts payable pursuant to it exceed the increased amounts payable pursuant to such other 1957 legislation.

(e) This section shall not apply to any contracting agency, nor to retirement allowances or special death benefits payable to or in respect to the retired or deceased employees of any contracting agency, unless and until the contracting agency elects to be subject to its provisions by amendment to its contract with the board, made as provided in Section 20461.5, except that an election among the employees is not required, or by express provision in its contract with the board.

Any increase in allowances provided by this section shall not take effect prior to the date the contract is amended to subject the contracting agency to the provisions of this section.

(f) Any person receiving an allowance subject to the increase provided for herein may elect to waive such increase and continue to receive their allowance unmodified by the provisions of this section.

(g) The board shall compute the amount by which benefits paid pursuant to this section exceed the benefits which would otherwise be payable and shall charge any such excess against the contributions of the state so that there shall be no increase in contributions of members by reason of benefits paid pursuant to this section.

The effective date of retirement for purposes of this section for a person who was retired, reinstated from retirement and again retired, shall be the effective date of his first retirement unless he was credited with one year or more of service in the period intervening between the date of his reinstatement and the effective date of his last retirement, in which case the effective date shall be the effective date of his last retirement.

The amendment to this section at the 1967 Regular Session of the Legislature shall not give any retired member a claim to any increase in an allowance paid or payable for time prior to the effective date of said amendment.

SEC. 2. Section 21251.6 of the Government Code is amended to read:

21251.6. (a) Every retirement allowance exclusive of that portion purchased by the member's accumulated additional contributions payable for time commencing on the effective date of this section to or on account of any member who has retired on or prior to December 31, 1961, is hereby increased by a monthly amount which, when added to any other increases in such retirement allowance made by the Legislature at its 1963 Regular Session, except any increase resulting from an amendment of the provisions of this part relating to allowances upon ordinary disability retirement, equals the percentage of the retirement allowance set forth in the following table opposite the period during which the member's retirement became effective.

Period during which retirement became effective	Percentage
On or before July 1, 1957	10%
12 months ended July 1, 1958	8%
12 months ended July 1, 1959	6%
12 months ended July 1, 1960	4%
18 months ended December 31, 1961	2%

The effective date of retirement for purposes of this section for a person who was retired, reinstated from retirement and again retired, shall be the effective date of his first retirement unless he was credited with one year or more of service in the period intervening between the date of his reinstatement and the effective date of his last retirement, in which case the effective date shall be the effective date of his last retirement.

The amendment to this section at the 1967 Regular Session of the Legislature shall not give any retired member a claim to any increase in an allowance paid or payable for time prior to the effective date of said amendment.

No increase under this section shall exceed in the aggregate the sum of fifty dollars ($50) per month.

Where a member to or on account of whom an increased retirement allowance is payable under this section has elected pursuant to Article 4 of Chapter 9 of this part to have his retirement allowance modified in accordance with an optional settlement provided in Section 21333, Section 21334, or Section 21335, if both the retired member and his beneficiary are living on the effective date of this section, the increase provided by this section shall be an amount equal to the percentage of the allowance being paid to the retired person, and upon death of the retired person, or upon death of his beneficiary if a different allowance is payable to the retired person because of such death, an equal percentage of the amount then payable to the survivor; and if either such retired person or his beneficiary is not living on said effective date, then the increase provided under this section shall be an amount equal to the percentage of the allowance being paid to the survivor. If such member has chosen to have the actuarial equivalent of his allowance paid as provided in Section 21338, the percentage increase provided herein shall be applied to the amount of the unmodified allowance and the life annuity portion of his allowance shall be increased in that amount.

The increase in each retirement allowance provided by this section shall be apportioned between the current service pension and the prior service pension of the retired member in the same proportions that the current service benefit and the prior service benefit bear to the total benefit, and shall be derived from contributions of the employer.

(b) Every special death benefit survivor allowance under Section 21365.5 of this part, or allowance under Section 21263 or 21264 of this part payable for time commencing on the effective date of this section on account of the death of any member who dies on or prior to December 31, 1961, is hereby increased by a monthly amount which, when added to any other increases in such death benefit or allowance made by the Legislature at its 1963 Regular Session, equals the percentages of increase set forth in the table in subdivision (a) above, opposite the period during which the member's death occurred or, in the case of an allowance under Section 21263 or 21264 opposite the period during which the member's retirement became effective.

(c) This section does not authorize any decrease in any allowance or special death benefit, nor does this section give any retired member, or his successors in interest, or his beneficiary, or any payee of any special death benefit or allowance in respect to a deceased member any claim against the state for any increase in any allowance or special death benefit paid or payable for time prior to its effective date.

(d) This section shall not apply to any contracting agency, other than a county superintendent of schools, nor to allowances or special death benefits payable to or in respect to the

retired or deceased employees of any contracting agency, unless and until the contracting agency elects to be subject to its provisions by amendment to its contract with the board, made as provided in Section 20461.5, except that an election among the employees is not required, or by express provision in its contract with the board.

Any increase in allowances provided by this section shall not take effect prior to the date the contract is amended to subject the contracting agency to the provisions of this section.

(e) The board shall compute the amount by which benefits paid pursuant to this section exceed the benefits which would otherwise be payable and shall charge any such excess against the contributions of the employer so that there shall be no increase in contributions of members by reason of benefits paid pursuant to this section.

[Approved by Governor July 27, 1967. Filed with Secretary of State July 27, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 35014 of the Government Code is amended to read:

35014. No tidelands or submerged lands which are owned by the state or by its grantees in trust shall be annexed to a city except that portion of such tidelands or submerged lands encompassed within the seaward or waterward extensions of the existing land boundaries of the city, or of the proposed land boundaries of the territory being annexed as part of the same proceedings, extended from the point where the land boundaries intersect the shoreline at such an angle to the shoreline and following such a course or courses as may be approved by the State Lands Commission.

If any such tidelands or submerged lands shall be included within the boundaries of any territory proposed to be annexed to a city, a description of such boundaries, together with a map showing such boundaries, shall be filed with the State Lands Commission. Such filing shall be made prior to filing or taking any action under Chapter 6.6 (commencing with Section 54773), Part 1, Division 2, Title 5. The State Lands Commission shall approve or disapprove all portions of the boundaries located upon such tidelands or submerged lands and in making such determination it shall, where feasible and appropriate, require such extensions of the land boundaries of the city to be at right angles to the general direction of the shoreline at each point of intersection of the shoreline with the land boundaries of the city, provided that, in the interest of insuring an orderly and equitable pattern of offshore boundaries, it may establish such other angle and such other courses for each such offshore boundary as it may deem necessary considering any irregularity of the shoreline, other geographical features, the effect of such offshore or submerged lands annexations on the uplands of the city and adjoining territory, and the existing and potential boundaries of other cities and of unincorporated communities.

Within 45 days after the filing of the boundary description and map with the State Lands Commission, said commission shall make a determination of the proper offshore or submerged lands boundaries. Said determination shall be final and conclusive. Failure to report within said time shall be deemed approval of the proposed offshore or submerged lands boundaries.

The State Lands Commission shall report its determination to the city, to such other person or persons, if any, as shall have filed said boundary description and map, and to the executive officer of the local agency formation commission. Thereafter, filings and action may be taken pursuant to Chapter 6.6 (commencing with Section 54773), Part 1, Division 2, Title 5. Pursuant to said Chapter 6.6 the local agency formation commission may review and make determinations as to all portions of the boundaries, other than said offshore or submerged lands boundaries.

For purposes of this section, submerged lands include but are not limited to lands underlying navigable waters irrespective of whether or not such waters are subject to tidal influences.

The preceding sentence shall not apply to amounts attributable to the first 30 calendar days in such period, if such amounts are at a rate which exceeds 75 percent of the regular weekly rate of wages of the employee (as determined under regulations prescribed by the Franchise Tax Board). (c) For the purposes of this section and Section 17059, the term "educational institution" means only an educational

institution which normally maintains a regular faculty and curriculum and normally has a regularly organized body of students in attendance at the place where its educational activities are carried on.

This paragraph shall not apply, in the case of a woman who is married, to expenses incurred while her husband is incapable of self-support because mentally or physically defective, or, in the case of a husband whose wife is incapacitated, to expenses incurred while his wife is institutionalized if such institutionalization is for a period of at least 90 consecutive days (whether or not within one taxable year) or a shorter period if terminated by her death.

SEC. 67. Section 17733 of the Revenue and Taxation Code is amended to read:

17733. An estate shall be allowed a credit against the tax imposed of ten dollars ($10). A trust shall be allowed a credit against the tax imposed of one dollar ($1). The credits allowed by this section shall be in lieu of the credits allowed under Section 17054 (relating to credit for personal exemption).

SEC. 68. Section 17737 of the Revenue and Taxation Code is amended to read:

17737. If on the termination of an estate or trust, the estate or trust has—

(a) A capital loss carryover under Section 18152(b), or

(a) No deduction shall be taken under Sections 17751 and 17761 (relating to additional deductions).

(b) Gains from the sale or exchange of capital assets shall be excluded to the extent that such gains are allocated to corpus and are not (1) paid, credited, or required to be distributed to any beneficiary during the taxable year, or (2) paid, permanently set aside, or to be used for the purposes specified in Section 17734. Losses from the sale or exchange of capital assets shall be excluded, except to the extent such losses are taken into account in determining the amount of gains from the sale or exchange of capital assets which are paid, credited, or required to be distributed to any beneficiary during the taxable year. The deduction under Section 18151

(relating to deduction for excess of capital gains over capital losses) shall not be taken into account.

(c) For purposes only of Article 2 (relating to trusts which distribute current income only), there shall be excluded those items of gross income constituting extraordinary dividends or taxable stock dividends which the fiduciary, acting in good faith, does not pay or credit to any beneficiary by reason of his determination that such dividends are allocable to corpus under the terms of the governing instrument and applicable local law.

(d) There shall be included any tax-exempt interest to which Section 17137 applies, reduced by any amounts which would be deductible in respect of disbursements allocable to such interest but for the provisions of Section 17285 (relating to disallowance of certain deductions).

If the estate or trust is allowed a deduction under Section 17734, the amount of the modification specified in subdivision (d) shall be reduced to the extent that the amount of income which is paid, permanently set aside, or to be used for the purposes specified in Section 17734 is deemed to consist of items specified in subdivision (d). For this purpose, such amount shall (in the absence of specific provisions in the governing instrument) be deemed to consist of the same proportion of each class of items of income of the estate or trust as the total of each class bears to the total of all classes.

SEC. 70. Section 17761 of the Revenue and Taxation Code is amended to read:

17761. (a) In any taxable year there shall be allowed as a deduction in computing the taxable income of an estate or trust (other than a trust to which Article 2 applies), the sum of—

(1) Any amount of income for such taxable year required to be distributed currently (including any amount required to be distributed which may be paid out of income or corpus to the extent such amount is paid out of income for such taxable year); and

(2) Any other amounts properly paid or credited or required to be distributed for such taxable year;

but such deduction shall not exceed the distributable net income of the estate or trust.

(b) The amount determined under subsection (a) shall be treated as consisting of the same proportion of each class of items entering into the computation of distributable net income of the estate or trust as the total of each class bears to the total distributable net income of the estate or trust in the absence of the allocation of different classes of income under the specific terms of the governing instrument. In the application of the preceding sentence, the items of deduction entering into the computation of distributable net income shall be allocated among the items of distributable net income in accordance with regulations prescribed by the Franchise Tax Board.

(c) No deduction shall be allowed under subsection (a) in respect of any portion of the amount allowed as a deduction under that subsection (without regard to this subsection) which is treated under subsection (b) as consisting of any item of distributable net income which is not included in the gross income of the estate or trust.

SEC. 71. Section 17854 of the Revenue and Taxation Code is amended to read:

18152. (a) Losses from sales or exchanges of capital assets shall be allowed only to the extent of the gains from such sales or exchanges, plus the taxable income of the taxpayer or one thousand dollars ($1,000), whichever is smaller. For purposes of this subsection, taxable income shall be computed without regard to gains or losses from sales or exchanges of capital assets. If the taxpayer elects to pay the optional tax imposed by Section 17048, "taxable income" as used in this subsection shall be read as "adjusted gross income."

(b) If a taxpayer has a net capital loss for any taxable year beginning after December 31, 1963—

(A) The excess of the net short-term capital loss over the net long-term capital gain for such year shall be a short-term capital loss in the succeeding taxable year, and

(B) The excess of the net long-term capital loss over the net short-term capital gain for such year shall be a long-term capital loss in the succeeding taxable year.

For purposes of this paragraph, in determining such excesses an amount equal to the excess of the sum allowed for the taxable year under this section over the gains from sales or exchanges of capital assets (determined without regard to this

sentence) shall be treated as a short-term capital gain in such year.

(c) There shall be treated as a short-term capital loss in the first taxable year beginning after December 31, 1963, any amount which is treated as a short-term capital loss in such year under this part as in effect immediately before the effective date of the amendment of this section at the 1964 First Extraordinary Session of the Legislature.

(d) The term "long-term capital loss" means loss from the sale or exchange of a capital asset held for more than six months, if and to the extent that such loss is taken into account in computing taxable income.

(e) The term "net short-term capital gain" means the excess of short-term capital gains for the taxable year over the short-term capital losses for such year.

(f) The term "net short-term capital loss" means the excess of short-term capital losses for the taxable year over the short-term capital gains for such year.

(g) The term "net long-term capital gain" means the excess of long-term capital gains for the taxable year over the long-term capital losses for such year.

(h) The term "net long-term capital loss" means the excess of long-term capital losses for the taxable year over the long-term capital gains for such year.

(i) The term "net capital gain" means the excess of—

(i) The sum of the gains from sales or exchanges of capital assets, plus taxable income of the taxpayer or one thousand dollars ($1,000), whichever is smaller, over

For purposes of this subparagraph, taxable income shall be computed without regard to gains or losses from sales or exchanges of capital assets. (a) Each shall make such a return, or

(b) The income of each shall be included in a single joint return, in which case the tax shall be computed on the aggregate income, as provided in Section 17045. No joint return shall be made if: (1) one spouse was a resident for the entire year and the other spouse was a nonresident for all or any portion of the taxable year (this exception shall not apply if the nonresident or his or her spouse was an active member of the armed forces or any auxiliary branch thereof during the taxable year), or (2) husband and wife have different taxable years; except that if such taxable years begin on the same day and end on different days because of the death of either or of both, then the joint return may be made with respect to the taxable year of each. The above exception shall not apply if the surviving spouse remarries before the close of his taxable year, nor if the taxable year of either spouse is a fractional part of a year under Section 17553.

(c) In the case of the death of one spouse or both spouses the joint return with respect to the decedent may be made only by his executor or administrator; except that in the case of the death of one spouse the joint return may be made by the surviving spouse with respect to both himself and the decedent if (1) no return for the taxable year has been made by the decedent, (2) no executor or administrator has been appointed, and (3) no executor or administrator is appointed before the last day prescribed by law for filing the return of the surviving spouse. If an executor or administrator of the decedent is appointed after the making of the joint return by the surviving spouse, the executor or administrator may disaffirm such joint return by making, within one year after the last day prescribed by law for filing the return of the surviving

spouse, a separate return for the taxable year of the decedent with respect to which the joint return was made, in which case the return made by the survivor shall constitute his separate return.

SEC. 76. Section 18403 of the Revenue and Taxation Code is amended to read:

PART 10.5. SENIOR CITIZENS PROPERTY TAX ASSISTANCE LAW

Article 1. Definitions

19501. "Income" means the sum of adjusted gross income as used for purposes of the California Personal Income Tax Law, including items of income which would otherwise be excluded by Article 3 (commencing with Section 17131) of Chapter 3 of Part 10 of this division (other than transfers by gift or inheritance between members of the household), net income from sources outside the state, alimony, support money, cash public assistance and relief, the gross amount of any pensions or annuities including railroad retirement benefits, all benefits received under the Federal Social Security Act or state unemployment insurance laws and veterans disability payments, all interest received from the federal government or any of its instrumentalities, all interest received from the State of California or any of its political subdivisions, realized capital gains, workmen's compensation and the gross amount of loss of time insurance benefits, life insurance benefits, life

insurance proceeds, and gifts of cash or property (other than transfers by gift between members of the household) in excess of a value of three hundred dollars ($300). It does not include surplus food or other relief in kind supplied by a governmental agency or assistance received under this part. Total income shall be determined for the calendar year (or approved fiscal year ending within such calendar year) which ends within the fiscal year for which the property taxes have been assessed.

19502. "Household" means a claimant and an individual related to the claimant as husband or wife, and individuals related to the claimant as defined in Sections 17056 and 17057, all residing in the homestead of the claimant.

19503. "Household income" means all income received by all persons of a household while members of such household.

19504. "Homestead" means a dwelling and so much of the land surrounding it, not exceeding one acre, as is reasonably necessary for use of the dwelling as a home, owned by the claimant, the claimant and his spouse, or by the claimant and some other individual. It shall also include premises occupied by reason of ownership in a cooperative housing corporation (as defined in Section 17265), mobilehomes which are assessed as realty for local property tax purposes and the land on which situated, houseboats, and other similar living accommodations, as well as a part of a multidwelling or multipurpose building and a part of the land upon which it is built. (Owned includes a vendee in possesson under a land sale contract and of one or more joint tenants or tenants in common.) It includes personal property such as furniture, furnishings or appliances. Except as provided in Section 19507, for purposes of this section, ownership must be evidenced by a duly recorded document.

19505. "Claimant" means an individual who has filed a claim under this part, was a member of the household, and was both a resident of this state (as defined in Section 17014) and 65 years of age or older on or before the first day of January preceding the end of the fiscal year for which a claim for assistance is filed under Article 3 (commencing with Section 19531) of this part.

When a homestead is owned by two or more individuals as joint tenants or tenants in common and one or more of such persons is not a member of the claimant's household, the term "property tax" shall include only that part of the taxes levied which reflects the ownership of the claimant and other members of the household.

19507. "Property taxes accrued" means current property taxes (exclusive of special assessments, interest, penalties, prin-

cipal payments on improvement bonds and charges for service) assessed against a claimant's homestead by any taxing agency (as defined in Section 121) for any fiscal year ending on or after June 30, 1968.

When a claimant and his household own their homestead for only part of a year and rent the same or a different homestead for part of the same year, "property taxes accrued" means only taxes assessed against the homestead when both owned and occupied as such by claimant and his household, multiplied by the percentage of 12 months that such property was owned and occupied by such household as its homestead in such year. Whenever a homestead is an integral part of a large unit such as a farm, or a multipurpose or multidwelling building, "property taxes accrued" shall be that percentage of the total property taxes accrued as the value of the homestead is of the total value. Where a claimant or member of the household is purchasing property under an unrecorded contract of sale, the Franchise Tax Board may require an affidavit under penalty of perjury stating the following:

(a) That he purchased the real property pursuant to such unrecorded contract of sale.

(b) That under such unrecorded contract of sale he is obligated and responsible for the payment of the taxes.

The Franchise Tax Board shall by regulation determine the amount of "property taxes accrued" when a household owns two or more homesteads during the same year.

(2) The right to file a claim shall be personal to the claimant and shall not survive his death; however, when a claimant dies after having filed a timely claim, the amount thereof may be disbursed to the surviving spouse and if no surviving spouse, to any other member of the household who is a qualified claimant. If there is no surviving spouse or otherwise qualified claimant, the claim shall be canceled.

If a claimant submits a statement containing the essential data set forth in this section under penalty of perjury within the period set forth in Section 19532, the Franchise Tax Board shall compute the amount of assistance and authorize payment. The amount of any assistance otherwise payable under this part may be applied by the Franchise Tax Board against any liability due from the claimant under any law administered by the Franchise Tax Board.

19532. The claim on which the assistance is based shall be filed after May 15 of the fiscal year for which assistance is claimed but on or before August 31 succeeding the fiscal year for which assistance is claimed for property taxes paid.

The state shall assist the claimant after June 30 and before November 30 of the calendar year in which the claim is filed, except that if the claim is defective, assistance shall be made as promptly as is practicable after the claim has been perfected. The Franchise Tax Board, whenever in its judgment good cause exists, may grant a reasonable extension of time for filing a claim. No extension or extensions shall aggregate more than six months from the due date provided for filing the claim. The first claim filed shall include proof of the claimant's age, acceptable to the Franchise Tax Board.

19534. Forms filed pursuant to this part shall not be under oath but shall contain, or be verified by, a written declaration that they are made under the penalties of perjury. Any person not served personally or by mail under that section shall file the petition within 20 days from the date of publication of the notice. 30441. Within 20 days after the seizure of property under this chapter, any person owning or claiming an interest in the property may offer to deposit with the board an amount of money equal to the fair market value of the property as determined by the board. If the board is satisfied that the property will not be used, transported or sold in violation of any provision of this part, the board shall accept the deposit and release the property. The money so deposited shall be held by the board in lieu of the seized property and shall be treated in all respects in the same manner as that property.

30442. The action shall be commenced in the superior court of the county in which the seizure was made by petitioning the court for a judgment confirming the seizure and forfeiture of the property. The petition shall describe the property, the grounds for seizure and the time and place of the seizure.

30443. Copies of the petition shall be served personally or by registered or certified mail on all persons known by the board to have any right, title or interest in the property seized. 30444. Any person claiming any right, title or interest in the property may within 20 days after service of the petition upon him file an answer to the petition. The answer shall allege facts to show the interest of the claimant in the property and to establish that the seizure and forfeiture was erroneous or illegal. A copy of the answer shall be served on the board at its office in Sacramento.

30445. If at the expiration of 20 days after the petition has been personally served, mailed or published there is no answer on file, the court shall within 30 days thereafter receive evidence in support of the seizure and forfeiture and shall, upon being satisfied of the validity thereof, enter judgment confirming the seizure and forfeiture.

30446. If a timely answer has been filed, the proceeding shall be set for hearing on a day within 30 days after the expiration of the period for filing of an answer. Notice of the hearing shall be given by the clerk of the court to each person filing an answer.

30447. At the time set for the hearing any person having a timely answer on file may offer evidence to establish that the seizure and forfeiture of the property was erroneous or illegal.

30448. The court shall determine whether the seizure of the property was in accordance with law and enter an appropriate order for the disposition of the property.

[Approved by Governor August 1, 1967. Filed with Secretary of State August 2, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 13187.1 of the Education Code is amended to read:

13187.1. (a) A credential which was issued prior to January 1, 1964, shall remain in force as long as it is valid and continues to be valid under the law and regulations of the State Board of Education. The State Board of Education may not by regulation invalidate such valid credential unless it issues to the holder thereof, in substitution, a new credential authorized by other sections of this article of an equivalent type and which new credential is no less restrictive than the credential for which it is substituted with respect to the kind of service which it authorizes, and the grades or classes of types of schools in which it authorizes service.

(b) Subject to the provisions of Section 13172, credentials issued prior to January 1, 1964, and credentials issued under subdivision (c) of this section may be renewed in accordance with regulations of the State Board of Education in effect on December 31, 1963.

(c) The State Board of Education shall issue the appropriate credentials authorized by the law operative, and the rules and regulations of the State Board of Education in effect, on December 31, 1963, to any person who, on November 1, 1963, has completed two years of college and on November 1, 1963, was either enrolled in a teacher education curriculum at any institution of higher learning approved by the California State Board of Education, or was engaged in teaching in a foreign country, after such person has completed the requirements for such credential and if the person is otherwise qualified for such credential under the law and rules and regulations. No credential shall be issued under this subdivision after September 15, 1967. However, no person shall be denied the issuance of a prior regular credential if he holds a provisional credential authorized by Sections 13117, 13118, and 13119, and on November 1, 1963, is working toward meeting the requirements of that prior regular credential in accordance with State Board of Education regulations; nor shall any person who, on November 1, 1963, is working toward meeting the requirements of a prior regular credential and on that date is enrolled in a teacher education program, be denied the issuance of a prior credential if because of active military service since September 15, 1961, he was prevented from meeting the educational requirements of a prior regular credential.

(d) The State Board of Education shall issue the appropriate credential authorizing service in an administrative or supervisory position requiring certification qualifications authorized by the law operative, and the rules and regulations of the State Board of Education in effect, on December 31, 1963, to any person who, on that date, had completed all requirements for the credential and was otherwise qualified to receive the same under such laws, rules and regulations, and who has not previously been issued such credential. A credential so issued shall be subject to the provisions of subdivision (a) of this section, as though issued prior to January 1, 1964.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The complex nature of the statutory provisions relating to credential requirements has resulted in many cases of erroneous interpretations of law and poor advice to prospective teachers and to teachers seeking higher degrees and credentials. In many cases, due to erroneous interpretations of law and poor advice, individuals have neglected to avail themselves of the rights involved. In order to facilitate the desires

SECTION 1. Section 31751 of the Education Code is amended to read:

31751. As used in this chapter:

(a) "Educational institution" means a school district of any kind or class, a state college, and the University of California

(b) "Governing board" means the governing board of a school district, the Trustees of the California State Colleges, and the Regents of the University of California.

(c) "Member of an athletic team" means member of any extramural athletic team engaged in athletic events on or outside the school grounds, maintained or sponsored by the educational institution or a student body organization thereof. "Member of an athletic team" also includes members of school bands or orchestras, cheerleaders and their assistants, pompom girls, team managers and their assistants, and any student or pupil selected by the school or student body organization to directly assist in the conduct of the athletic event, including activities incidental thereto, but only while such members are being transported by or under the sponsorship or arrangements of the educational institution or a student body organization thereof to or from a school or other place of instruction and the place at which the athletic event is being conducted.

Organized rooting sections, student body members who are spectators, and other spectator students, who are not actually participating in the conduct of the athletic event, are not members of an athletic team. Participants in a playday or field day activity occurring occasionally during a school year, in which students of one or more particular grade levels from two or more schools of a school district participate in athletic contests, are not members of an athletic team. Nothing in this section shall be construed as prohibiting a governing board from extending the applicability of the provisions of this article to any such persons, should the governing board elect so to do.

(d) "Student body organization" means any student organization under supervision of the educational institution or its officers.

SEC. 1.5. Section 31752 of the Education Code is amended to read:

31752. The governing board of any educational institution, except a school district of any kind or class, shall provide accidental death insurance in an amount of at least five thousand dollars ($5,000) for each member of an athletic team and shall in addition provide insurance protection for medical and hospital expenses resulting from accidental bodily injuries in an amount of at least five thousand dollars ($5,000) for all such services for each member of an athletic team, through group, blanket or individual policies of accident insurance from authorized insurers, or through a benefit and relief association described in subparagraph (1) of subdivision (c) of Section 10493 of the Insurance Code, for the death or injury to members of athletic teams arising while such members are engaged in or are preparing for an athletic event promoted under the sponsorship or arrangements of the educational institution or a student body organization thereof or while such members are being transported by or under the sponsorship or arrangements of the educational institution or a student body organization thereof to or from school or other place of instruction and the place of the athletic event; provided that the Trustees of the California State Colleges and the Regents of the University of California may authorize and require the student body organizations designated pursuant to this section, to be responsible for such medical and hospital expenses in any amount the trustees or the regents may specify, up to two hundred fifty dollars ($250), in which event such insurance protection for the health and accident expenses may include a deductible clause in the same amount.

The governing board of each school district of any kind or class shall provide accidental death insurance in an amount of at least one thousand five hundred dollars ($1,500) for each member of an athletic team and shall in addition provide insurance protection for medical and hospital expenses resulting from accidental bodily injuries in an amount of at least one thousand five hundred dollars ($1,500) for all such services for each member of an athletic team, through group, blanket or individual policies of accident insurance from authorized insurers or through a benefit and relief association described in subparagraph (1) of subdivision (c) of Section 10493 of the Insurance Code, for the death or injury to members of athletic teams arising while such members are engaged in or are preparing for an athletic event promoted under the sponsorship or arrangements of the educational institution or a student body organization thereof or while such members are being transported by or under the sponsorship or arrangements of the school districts or a student body organization thereof to or from school or other place of instruction and the

The Trustees of the California State Colleges and the Board of Regents of the University of California shall designate such student body organizations as they deem appropriate to bear the entire cost of the insurance under this article, in such proportions as they deem equitable, and shall make appropriate deductions from any such student body organization funds held by such institutions, or otherwise take such measures, as will assure the payment thereof.

The governing boards of the various school districts shall require that each member of an athletic team have insurance protection as prescribed by this section, with the costs of such insurance protection to be paid either out of the funds of the district, the funds of the student body, or by any other persons on behalf of, the individual team members or students covered by such insurance. In the event that the governing board of a school district should determine that a member of an athletic team or the parents, guardians or other person having charge or control of a member of an athletic team are financially unable to pay the costs of such insurance protection, then the governing board shall require the costs of such protection to be paid either out of funds of the district or funds of the student body.

The insurance required by this article shall be issued by an admitted insurer, or through a benefit and relief association described in subparagraph (1) of subdivision (c) of Section 10493 of the Insurance Code.

The insurance otherwise required by this section shall not be required for any individual team member or student who has such insurance provided for him in any other way or manner, including, but not limited to, purchase by himself, or by his parent or guardian.

first medical or hospital care or treatment. Benefits shall be payable only for such treatment as is given within the United States.

(5) Death benefits shall be paid only in the event death is medically determined to be caused by the injury and occurs within 52 weeks of the first medical or hospital care or treatment for such injury.

SEC. 2.5. The Insurance Commissioner shall study the operation and effect of Article 6 (commencing with Section 31751) of Chapter 5 of Division 22 of the Education Code and shall report thereon to the Legislature on or before the 30th legislative day of the 1968 Regular Session of the Legislature, including in his report his recommendations concerning necessary legislation in connection therewith.

The Insurance Commissioner shall conduct the study in consultation and cooperation with educational institutions and governing boards as defined in Section 31751 of the Education Code, and with persons and firms in the insurance industry. The study shall be particularly directed to, but not necessarily limited to, the efficacy of the conversion factor used for purposes of the statutory provisions in question, the exclusions, exemptions, reductions, and limitations which would serve to make the insurance program involved most effective, and the feasibility and desirability of a uniform insurance policy therefor.

There is hereby appropriated from the General Fund the sum of six thousand dollars ($6,000) for the purpose of carrying out the study required by this section.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Whenever a copartnership, corporation or association licensed as a life agent or as an insurance agent files an application to add to any such license the name of a natural person to exercise the agency powers thereunder, such business organization shall be deemed to have made the appropriate declarations regarding such natural person, as set forth in this section, as are required of an insurer filing a notice of appointment on behalf of an applicant for an original license.

right upon request to be issued a certificate stating that a license of the same type will be issued upon the filing of such an appointment or such a statement, as the case may be. Such right must be renewed in the same manner and subject to the payment of the same fees as the license to which it relates. In all events the right to receive an actual license must be exercised at least 90 days before the end of the license term of the certificate's second renewal.

The provisions of this section shall not permit such person to take an examination for a license as a life agent, an insurance agent or an insurance solicitor unless at the time of the administration thereof he is in compliance with Section 1704 or 1657 as the case may be.

98180. The board may establish a retirement system for the officers and employees of the district and provide for the payment of annuities, pensions, retirement allowances, disability payments, and death benefits or any of them.

98181. The district may maintain its own retirement fund or may provide for benefits to eligible officers and employees, or their beneficiaries, by means of group insurance, or other insurance, or by such means as in the opinion of the board will satisfactorily provide an adequate and sure method of meeting the payments contemplated by the retirement system.

98182. Before establishing any retirement system the board shall secure a report from a qualified actuary, which shall show the cost of the benefits provided by the system, and the prospective assets and liabilities of the system.

The rate of contribution by an officer or employee of the district becoming a member of the retirement system shall be so fixed as to provide, with accumulated interest and based on tables and assumptions adopted by the board, substantially one-half the value of any retirement allowance granted for service, exclusive of any credits allowed for prior service.

98194. Liabilities accruing under the retirement system because of benefits other than such as are the equivalent of contributions by the members, with accumulated interests, shall be met by contributions by the district. Prior service or other liabilities of the district may be met by annual appropriation instead of by one appropriation for the total of the liabilities; but until the present value of regular contributions for current service, together with assets then available, equals the present value of all allowances and benefits granted or to be granted under the system, the appropriation for any one year when added to any unused balance of any previous appropriations for such purpose shall not be less than the amount disbursed during that year on account of prior service or other liabilities of the district.

98195. If any member withdraws from the retirement system prior to retirement the total amount contributed by him with such interest as may be credited thereto, shall be returned to him, provided, however, that the board may prescribe the terms and conditions upon which a member, whose district service has been terminated except by death or retirement, may elect to leave his contributions and interest thereon in the retirement fund, and the terms and conditions upon which

a retirement allowance may be made to him after such termination based upon his contributions prior to such termination.

The determination of the retirement board shall be final and conclusive and shall not be modified or set aside except for fraud or abuse of discretion.

98203. If the district maintains its own retirement fund the retirement board shall have exclusive control of the administration, investment, and disbursement of such fund. Investment of the fund shall be subject to the terms, conditions, limitations, and restrictions imposed by the laws of this state upon savings banks in the making of investments by savings banks, and cash may be deposited in any licensed national bank or banks in this state or in any bank, banks, or corporations authorized or licensed to do a banking business and organized under the laws of this state.

Article 4. Investigation and Penalties

Article 2. Contracts

98220. The district may make contracts and enter into stipulations of any nature whatsoever, either in connection with eminent domain proceedings or otherwise, including, without limiting the generality of the foregoing, contracts and stipulations to indemnify and hold harmless, to employ labor, and to do all acts necessary and convenient for the full exercise of the powers granted in this part.

98232. In case of any great public calamity, such as an extraordinary fire, flood, storm, epidemic, or other disaster, the board may, by resolution passed by a majority vote of all its members declare and determine that public interest and necessity demand the immediate expenditure of public money to safeguard life, health, or property and thereupon proceed to expend or enter into a contract involving the expenditure of any sum needed in such emergency without observance of the provisions requiring contracts, bids, or notice.

Article 4. Property

98233. Article 8. Taxation

98280. The district may levy, and collect or cause to be collected, taxes for any lawful purpose subject to a maximum limit of five cents ($0.05) per one hundred dollars ($100) of assessed value of all real estate and personal property within the district; provided, however, that the district shall have the further power to levy, collect or cause to be collected, said property taxes to a maximum limit of ten cents ($0.10) if the matter is first submitted to the voters in the district and a majority of those voting vote in favor of raising the maximum tax limit.

98280.5. If, in the opinion of the board, the transit operation revenues will not be sufficient for any and all lawful purposes the board shall levy a tax for such purpose or purposes and fix the amount of money necessary to be raised therefor by taxation as part of the general tax levy as set forth in Section 98280.

98281. The board shall, as part of the general tax levy as set forth in Section 98280, levy and collect annually until the district's bonds are paid, or until there is a sum in the treasury of the district set apart for that purpose to meet all sums coming due for principal and interest on the bonds as they become due a tax sufficient to pay the annual interest on the bonds and such part of the principal thereof as becomes due before the proceeds of a tax levied at the next general tax levy will be available. If the maturity of the indebtedness created by the issue of bonds begins more than one year after the date of the issuance thereof, the tax shall be levied and collected annually at the time and in the manner aforesaid, sufficient to pay the interest on the indebtedness as it falls due and to constitute a sinking fund for the payment of the principal on or before maturity.

98282. The board may provide for the assessment, levy, and collection of taxes by the district.

98283. The board shall avail itself of the assessments made by the assessor of the county and of the assessments made by the State Board of Equalization for the county and shall take such assessments as the basis for the district taxation and have its taxes collected by the tax collector of the county, as part of the annual tax bill.

98284. In such case the county auditor shall, on or before the third Monday in August of each year, transmit to the board a statement in writing showing the total value of all property within the district, ascertained from the assessments referred to in Section 98283 as equalized.

98285. The board shall on or before the first day of September fix the rate of taxes, designating the number of cents upon each one hundred dollars ($100) using as a basis the value of property transmitted to the board by the county auditor, which rate of taxation shall be sufficient to raise the amount previously fixed by the board. These acts by the board shall constitute a valid assessment of the property and a valid levy of the taxes so fixed but the rate of taxation shall not exceed the limit imposed by this article.

98286. The board shall immediately after fixing the rate of taxes as above provided transmit to the county auditor of the county a statement of the rate of taxes fixed by the board.

98287. The district's taxes so levied shall be collected at the same time and in the same manner as county taxes. When collected the net amount, ascertained as provided in this article, shall be paid to the treasurer of the district, under the general requirements and penalties provided by law for the settlement of other taxes.

98288. Whenever any real property has been sold for taxes and has been redeemed, the money paid for redemption shall be apportioned and paid to the district by the county treasurer in the proportion which the tax due to the district bears to the total tax for which the property was sold.

98289. The compensation to be charged by and paid to any county for the performance of services under this article shall be fixed by agreement between the board of supervisors of the county and the board. The compensation shall in no event exceed one-half of 1 percent of all money collected for the district. The compensation collected by the county shall be placed to the credit of the county general fund.

98290. All taxes levied under this part are a lien on the property on which they are levied and shall become a lien at the same time as county taxes. The enforcement of the collection of such taxes shall be in the same manner and by the same means provided by law for the enforcement of liens for county taxes, all the provisions of law relating to the enforcement of the latter being made a part of this part so far as applicable.

CHAPTER 6.5. EXISTING SYSTEMS

98300. As used in this chapter:

(a) "Establish" includes establish, construct, complete, acquire, extend or reroute. It does not, however, include the maintenance and operation of any existing system by the district.

(b) "Existing system" means any transit service or system of a publicly or privately owned public utility situated entirely within the district or at least 75 percent of whose revenue vehicle miles for the preceding calendar year were operated within the district.

98301. Notwithstanding any other provision of this part, before the district may establish any transit service or system which may at any time divert, lessen, or compete for the patronage or revenues of any existing system, the district shall give a written notice to the public utility which is operating the existing system. The written notice shall describe the transit service or system which the district proposes to establish and shall state the time within which the district proposes to establish such service or system.

98302. The district shall not establish the proposed service or system, or maintain and operate the service or system until it has offered to purchase the buses and such other facilities of the existing system as it will have need of and use for, and such offer has either been rejected or the purchase completed.

98303. The purchase price to be paid for the existing system, or that part thereof which the district desires to purchase, shall be the reasonable market value of the buses and other facilities of the existing system or the date that the district commences negotiations for such purchase.

98304. The district and the public utility operating the existing system may agree upon the purchase price or they may agree that the purchase price is to be established by arbitration and upon the method of naming arbitrators and the method of conducting such arbitration. If they do not, the purchase price may be fixed and judgment entered thereon in a suit brought either by the public utility or the district in the superior court in and for the county in which is located that portion of the existing system to be acquired by the district which has the highest value.

98305. Section 851 of the Public Utilities Code does not apply to any contract for sale or sale of an existing system, or any portion thereof, pursuant to this chapter, and the Public Utilities Commission shall have no jurisdiction with respect thereto.

CHAPTER 7. BONDS

Article 1. Issuance

98310. The district may from time to time incur a bonded indebtedness as provided in this chapter to pay the cost of ac-

quiring, constructing or completing the whole or any portion of any transit facilities, or for acquiring any works, lands, structures, rights, equipment, or other property necessary or convenient to carry out the objects, purposes, or powers of the district. The total amount of bonds issued and outstanding shall not exceed 1 percent of the assessed value of the taxable property of the district as shown by the last equalized assessment roll of the County of Santa Cruz.

98311. Whenever the board by resolution passed by vote of two-thirds of all its members determines that the public interest or necessity demands the acquisition, construction, or completion by the district of any transit facilities or any works, lands, structures, rights, equipment, or other property necessary or convenient to carry out the objects, purposes, or powers of the district, the cost of which will be too great to be paid out of the ordinary annual income and revenue of the district, it may at any subsequent meetings of the board provide by ordinance for the submission of the proposition of incurring a bonded indebtedness for the purpose set forth in the resolution to the voters of the district at a special bond election held for that purpose.

98312. The ordinance calling a special bond election shall fix the date on which the election will be held, and the manner of holding the election and of voting for or against incurring the indebtedness. It shall also recite the objects and purposes for which the indebtedness is proposed to be incurred, the estimated cost of the transit facilities, works, lands, structures, rights, equipment, or other property proposed to be acquired, constructed, or completed, the amount of the principal of the indebtedness to be incurred therefor, and the maximum rate of interest to be paid on the indebtedness, which shall not exceed 6 percent per annum, payable semiannually or annually the first year and thereafter semiannually.

98313. Propositions for incurring indebtedness for more than one object or purpose may be submitted at the same election.

98314. Any special bond election may be held separately, or may be consolidated with any other election, the provisions of this chapter setting forth the procedure for the calling and holding of the special bond election shall be complied with, except that the ordinance calling the election need not set forth election precincts, polling places, and officers of election, but may provide that the precincts, polling places, and officers of election shall be the same as those set forth in the ordinance, notice, or other proceedings calling the election with which the special bond election is consolidated, and shall refer to the ordinance, notice, or other proceedings by number and title, or by other definite description.

98315. The ordinance shall be published, and no other notice of election need be given.

98316. The board shall comply with the provisions of Article 3, (commencing with Section 3780) of Chapter 2 of

Division 4 of the Elections Code, the provisions of which are applicable to any bond election held pursuant to this article. Wherever the words "county clerk" appear in the Elections Code the words "secretary of the board" shall be substituted, for the purposes of this article, and wherever the words "board of supervisors" appear in the Elections Code, the words "board of directors" shall be substituted, and wherever the words "district attorney or county counsel" appear in the Elections Code, the words "attorney for the district" shall be substituted.

98317. The votes of two-thirds (⅔) of all voters voting on the proposition at the election are required to authorize the issuance of bonds under this chapter.

98318. If the proposition submitted at a special bond election fails to receive the requisite number of votes, the board shall not within six months after the election hold another special election for the submission of a proposition of incurring a bonded indebtedness substantially the same as the proposition voted upon at the prior election unless a petition signed by voters within the district equal in number to at least 15 percent of the total vote cast at the last general statewide election is filed with the board, requesting that the proposition, or a proposition substantially the same, be submitted at an election to be called for that purpose.

Article 2. Form and Content

98330. Bonds authorized by this chapter shall mature serially in amounts to be fixed by the board; except that payment shall begin not later than 10 years from the date thereof and shall be completed in not more than 50 years from that date.

98331. The board may divide any issue of bonds authorized pursuant to this chapter into two or more series, and may fix different dates of issuance and different maturity dates for the bonds of each series. The bonds of each series shall mature serially in amounts to be fixed by the board, and the board shall fix a date not more than 10 years from the date of issuance of each series for the earliest maturity of such series and shall fix a date not more than 50 years from the date of issuance of each series for the final maturity of such series.

98332. Pending the actual issuance or delivery of bonds, a district may issue temporary or interim bonds, certificates, or receipts, of any denomination whatsoever, with or without coupon, and in such form as may be prescribed by the board, to be exchanged for definite bonds when ready for delivery.

98333. The bonds shall be issued in such denominations as the board determines, except that no bonds shall be issued of a denomination less than one thousand dollars ($1,000) and shall be payable on the day and at the place or places fixed in the bond, and with interest at the rate specified therein, payable semiannually.

98334. The board may at any time prior to the issuance and sale of any bonds provide for the call and redemption of any or all of the bonds on any interest payment date prior to their fixed maturity at not exceeding the par value and accrued interest plus a premium of not exceeding 5 percent upon the principal amount of the bonds, in which event the call price of such redemption shall be set forth on the face of the bond. Notice of such redemption shall be published. If there is no newspaper of general circulation printed and published within the district, then the publication shall be made in a newspaper of general circulation, printed and published within the district, then the publication shall be made in a newspaper of general circulation, printed and published within the county, or any part thereof is situated. The first publication shall be at least 30 days prior to the date fixed for the redemption. After the date fixed for such redemption interest on the bonds thereafter shall cease.

98335. The bonds shall be signed by the chairman of the board or by such officer of the district as the board shall by resolution authorize and designate for that purpose. They shall also be signed by the treasurer, and be countersigned by the auditor. The coupons of the bonds shall be numbered consecutively and be signed by the treasurer. All signatures and countersignatures on the bonds, except one of the signatures or countersignatures on the bonds, may be printed, lithographed or engraved. If any officer whose signature or countersignature appears on the bonds or coupons ceases to be such officer before the delivery of the bonds to the purchaser, the signature or countersignature is nevertheless valid and sufficient for all purposes as if he had remained in office until the delivery of the bonds.

Article 3. Issue and Sale

98340. The bonds may be issued and sold for not less than their par value, but otherwise as the board determines. Before selling any bonds, or any part thereof, the board shall give notice inviting sealed bids in such manner as the board may prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if the board determines that the bids received are not satisfactory as to the price or responsibility of the bidders, the board may reject all bids received, if any, and either again give notice inviting bids or sell the bonds at private sale.

98341. All premiums and accrued interest received on the sale of bonds shall be placed in the fund to be used for the payment of principal of and interest on the bonds. The remainder of the proceeds of the bonds shall be placed in the district treasury to the credit of the proper fund, and shall be used exclusively for the objects or purposes for which the bonds were voted; provided that when such objects and pur-

poses have been accomplished any moneys remaining shall be transferred to the fund to be used for the payment of principal and interest on the bonds shall have been paid, any balance of money then remaining shall be transferred to the general fund of the district.

98342. In lieu of the immediate levy of a tax to pay the interest or any part thereof on any bonded indebtedness incurred in accordance with this part the board may, in the estimate of the amount of money necessary to be raised by the bonds, include a sum sufficient to pay interest on all of the bonds or part thereof during the period of acquisition, construction, or completion, but for no period in excess of five years.

Article 4. Refunding

98350. Whenever the board by resolution passed by a vote of two-thirds of all its members determines that the refunding of the whole or any portion of the bonded indebtedness will be of advantage to the district, the board may refund the bonded indebtedness or any portion thereof and issue refunding bonds of the district therefor.

98351. The issuance of refunding bonds shall not be construed as the incurring or increase of an indebtedness within the meaning of this act, and the approval of the voters is not required for the issuance of refunding bonds. The board may provide for the call and redemption of any or all of the bonds on any interest payment date prior to their fixed maturity in the ordinance authorizing the issuance of the refunding bonds.

98352. Except as otherwise provided, the provisions of this chapter shall substantially govern as to all matters pertaining to the issuance of refunding bonds, including and without limiting the generality of the foregoing, the form, execution, issuance, maturity, redemption, refunding, validation, the payment of interest from bond funds, and the status of the bonds as investments.

98353. Refunding bonds shall bear interest at a rate not exceeding the interest rate on the refunded bonds, but payment of the refunding bonds shall begin not later than one year from the date thereof and be completed in not more than 40 years from that date.

98354. The proceeds of the sale of refunding bonds shall be applied only to the purchase, or retirement at not more than par and accrued interest, or the call price, of the bonded indebtedness for which the refunding bonds were issued.

98355. In lieu of selling refunding bonds and using the proceeds to purchase or retire the bonds to be refunded, the board may exchange refunding bonds at not less than par and accrued interest for the bonds so refunded.

98356. Wherever outstanding bonds are refunded they shall be surrendered to the treasurer of the district, who shall cancel them by endorsing on their face the manner in which the

refunding was effected, whether by exchange or purchase, and the amount for which so purchased, (if any) and by perforating through each bond and each coupon attached thereto the word "canceled" together with the date of cancellation.

Article 5. Status as Investments

98360. All bonds including refunding bonds issued by a district are legal investments for all trust funds and for the funds of all insurance companies, banks, both commercial and savings, and trust companies, and for the State School Fund and for all sinking funds under the control of the State Treasurer. Whenever any money or funds may be invested in or loaned upon the security of the bonds of the district; and whenever bonds of cities, cities and counties, counties, or school districts by law may be used as security for the faithful performance or execution of any court or private trust or of any other act, bonds of the district may be used.

98361. All bonds of the district, to the same extent as bonds of any other municipality, are legal for use by any other municipality, are legal for use by any state or national bank or banks in the state as security for the deposit of funds of the state or of any county, city and county, city, municipality or other public or municipal corporation within the state.

Article 6. Validation

98370. An action to determine validity of bonds, including refunding bonds, may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

Article 7. Revenue Bonds

98380. As an alternative procedure for the raising of funds, the district may issue bonds, payable from revenues of any facility or enterprise to be acquired or constructed by the district, in the manner provided by the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code), all of the provisions of which are applicable to the district.

98381. The district is a local agency within the meaning of the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code). The term "enterprise" as used in the Revenue Bond Law of 1941 shall, for all purposes of this part, include transit facilities and any and all parts thereof and all additions, extensions and improvements thereto and all other facilities authorized to be acquired, constructed, or completed by a district or, in the alternative, may issue revenue bonds under the Revenue Bond Law of 1941, for the acquisition, construction and completion of any one of such facilities.

Nothing in this article shall prevent the district from availing itself of, or making use of, any procedure provided in this part for the issuance of bonds of any type or character for any of the facilities or works authorized hereunder, and all proceedings may be carried on simultaneously or in the alternative, as the directors may determine.

CHAPTER 8. ANNEXATION

98390. Territory may be annexed to the district in the manner provided in this chapter. Territory to be annexed need not be contiguous to the present district.

98391. Whenever the board finds and determines that additional territory will be benefited by annexation to the district, it shall pass a resolution to that effect. Approval of the local agency formation commission shall be required for such annexation, and shall be obtained before the board holds its hearing.

98392. The resolution shall be passed by a vote of two-thirds of the members of the board and shall:

(a) Describe the boundaries of the territory proposed to be annexed.

(b) Designate the proposed annexation by an appropriate name.

(c) Declare that the area to be annexed to the district will be benefited by such annexation.

(d) Name the time and place for the hearing of objections by any person interested in the proposed annexation

98393. The resolution, together with the names of the members of the board, voting for and against it shall be published pursuant to Section 6066 of the Government Code in a newspaper published in the territory proposed to be annexed, or if there is no such paper, then in some newspaper of general circulation, circulated in such territory.

98394. On the day fixed for hearing or any day to which the hearing is adjourned, the board shall hear and consider any objections presented to the annexation of the territory. After the hearing of objections, if it shall be determined by a vote of two-thirds ($\frac{2}{3}$) of all the members of the board that the territory proposed to be annexed will be benefited by such annexation, the board shall proceed to fix and determine the boundaries of the territory to be annexed to the district.

98395. After making all necessary and proper changes in the boundaries, by a resolution passed by a vote of two-thirds of the members, the board shall order the annexation of the territory so described. The resolution together with the names of the members of the board voting for and against the same shall be spread upon the minutes of the board.

98396. Whenever any territory is annexed to the district it shall thereupon become a part of the district subject to all the liabilities and entitled to all the benefits of the district.

CHAPTER 9. EXCLUSION

98397. Territory within the district may be excluded from the district in the manner provided in this chapter. Proceedings for the exclusion of such territory may be initiated by the filing of a petition with the board of supervisors signed by not less than 10 percent of the registered voters in the territory proposed to be excluded. The petition shall:

(a) Describe the boundaries of the territory to be excluded.

(b) Declare that the area to be excluded from the district is not benefited by remaining in the district.

(c) Request exclusion of the territory.

98398. After the petition is filed with the board of supervisors, the board of supervisors shall determine whether the petition is signed by a sufficient number of voters and if the petition is sufficient, the board of supervisors shall refer the question to the local agency formation commission, which shall hold a hearing on the question.

The notice shall contain the following:

(a) That a petition for exclusion has been filed with the board of supervisors.

(b) That a public hearing will be held upon the said petition and the proposed exclusion by the local agency formation commission, stating the time and place of such public hearing.

(c) That any interested person may appear and be heard at said public hearing.

(d) Describe the boundaries of the territory proposed to be excluded.

98399. On the day fixed for the hearing, or any day to which the hearing may be adjourned, the local agency formation commission shall hear persons interested, and shall hear and consider any objections to the proposed exclusion. After the hearing, if it should be determined by a majority of all of the members on the local agency formation commission that the territory proposed to be excluded will not be benefited by remaining in the district, the commission shall recommend to the board of supervisors that the said territory be excluded. The exclusion shall be effective immediately upon resolution by the board of supervisors, provided, however, that the excluded territory shall not be relieved by such exclusion from liability for taxation for the payment of any bonded indebtedness existing at the time of the exclusion. Notice of the exclusion shall be given pursuant to Government Code Sections 54900 et seq.

CHAPTER 10. DISSOLUTION

98400. The board may call an election any time for the purpose of submitting to the voters of the district the question of whether the district will be dissolved Upon the filing with the clerk of the district of a petition signed by voters within the district equal in number to at least twenty-five

percent (25%) of the total vote cast within the district at the last general statewide election asking that the question of dissolution of the district be submitted to the voters of the district, the board shall call such an election.

98401. The election for the purpose of submitting to the voters of the district the question of whether or not the district shall be dissolved shall be held within 60 days next succeeding the date on which the petition is filed.

98402. Notice of any election for dissolution, whether called because of the filing of a petition or ordered by the board without petition, shall be published. The date fixed for the election shall not be less than 30 days from the date of the first publication of the notice

98403. The ballots for the election shall contain substantially the instructions required to be printed on ballots for use at general state and county elections and in addition the following:

Shall the Santa Cruz Metropolitan Transit District be dissolved?	YES NO

98404. The board shall canvass the vote. If a majority of the votes favor dissolution, the board shall by resolution dissolve the district.

98405. The board shall file a certified copy of the resolution with the Secretary of State and for record in the office of the county recorder.

98406. Upon dissolution the right title and interest to property owned or controlled by the district shall be divided among the cities within the district and the county according to the ratio which the assessed valuation of taxable property of each city within the district and the unincorporated area within the district bears to the total assessed valuation of taxable property within the district.

98407. The board of supervisors is, ex officio, the governing body of the dissolved district. It may levy taxes and assessments and perform other acts necessary to wind up the district affairs and to raise money for the payment of outstanding indebtedness.

726. There can be but one form of action for the recovery of any debt, or the enforcement of any right secured by mortgage upon real property, which action must be in accordance with the provisions of this chapter. In such action the court may, by its judgment, direct the sale of the encumbered property (or so much thereof as may be necessary), and the application of the proceeds of the sale to the payment of the costs of court, and the expenses of the sale, and the amount due plaintiff, including, where the mortgage provides for the payment of attorney's fees, such sum for such fees as the court shall find reasonable, not exceeding the amount named in the mortgage.

The court may, by its judgment, or at any time after judgment, appoint a commissioner to sell the encumbered property. It must require of him an undertaking in an amount fixed by the court, with sufficient sureties, to be approved by the judge, to the effect that the commissioner will faithfully perform the duties of his office according to law. Before entering upon the discharge of his duties he must file such undertaking, so approved, together with his oath that he will faithfully perform the duties of his office.

The decree for the foreclosure of a mortgage or deed of trust secured by real property or any interest therein shall declare the amount of the indebtedness or right so secured and, unless judgment for any deficiency there may be between the sale price and the amount due with costs is waived by the judgment creditor or a deficiency judgment is prohibited by Section 580b or Section 580d, shall determine the personal liability of any defendant for the payment of the debt secured by such mortgage or deed of trust and shall name such defendants against whom a deficiency judgment may be ordered following the proceedings hereinafter prescribed. In the event of such waiver, or if the prohibition of Section 580b or Section 580d is applicable the decree shall so declare and there shall be no judgment for a deficiency. In the event that a deficiency is not waived or prohibited and it is decreed that any defendant is personally liable for such debt, then upon application of the plaintiff filed at any time within three months of the date of the foreclosure sale and after a hearing thereon at which the court shall take evidence and at which hearing either

party may present evidence as to the fair value of the property or the interest therein sold as of the date of sale, the court shall render a money judgment against such defendant or defendants for the amount by which the amount of the indebtedness with interest and costs of sale and of action exceeds the fair value of the property or interest therein sold as of the date of sale; provided, however, that in no event shall the amount of said judgment, exclusive of interest from the date of sale and of costs exceed the difference between the amount for which the property was sold and the entire amount of the indebtedness secured by said mortgage or deed of trust. Notice of such hearing must be served upon all defendants who have appeared in the action and against whom a deficiency judgment is sought, or upon their attorneys of record, at least 15 days before the date set for such hearing Upon application of any party made at least 10 days before the date set for such hearing the court shall, and upon its own motion the court at any time may, appoint one of the inheritance tax appraisers provided for by law to appraise the property or the interest therein sold as of the time of sale. Such appraiser shall file his appraisal with the clerk and the same shall be admissible in evidence. Such appraiser shall take and subscribe an oath to be attached to the appraisal that he has truly, honestly and impartially appraised the property to the best of his knowledge and ability. Any appraiser so appointed may be called and examined as a witness by any party or by the court itself. The court must fix the compensation, not to exceed five dollars ($5) per day, and expenses for the time actually engaged in such appraisal, which may be taxed and allowed in like manner as other costs.

No person holding a conveyance from or under the mortgagor of the property mortgaged, or having a lien thereon, which conveyance or lien does not appear of record in the proper office at the time of the commencement of the action need be made a party to such action, and the judgment therein rendered, and the proceedings therein had, are as conclusive against the party holding such unrecorded conveyance or lien as if he had been a party to the action

If the court appoint a commissioner for the sale of the property, he must sell it in the manner provided by law for the sale of like property by the sheriff upon execution: and the provisions of Chapter 1 (commencing with Section 681), Title 9, Part 2, of this code are hereby made applicable to sale made by such commissioner, and the powers therein given and the duties therein imposed on sheriffs are extended to such commissioner.

In all cases heretofore, now or hereafter pending in the courts of this state, in the event of the death, absence from the state, other disability or disqualification of the commissioner appointed to sell encumbered property under the foregoing provisions of this section, the court may, upon the happening of either the death, absence from the state, other disability or disqualification of the commissioner, appoint an elisor to perform the duties of such commissioner which are

then to be performed in such action. The elisor so appointed shall give the undertaking, and take the oath hereinbefore provided to be given and taken by a commissioner, before entering upon the discharge of his duties, and shall thereafter perform all duties left unperformed by the commissioner whom he is appointed to succeed, with like effect as if such duties had been performed by the commissioner.

If the land mortgaged consists of a single parcel, or two or more contiguous parcels, situated in two or more counties, the court may, in its judgment, direct the whole thereof to be sold in one of such counties by the sheriff, commissioner or elisor, as the case may be, and upon such proceedings, and with like effect, as if the whole of the property were situated in that county.

[Approved by Governor August 10, 1967. Filed with Secretary of State August 11, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 8 (commencing with Section 3400) is added to Division 4 of the Health and Safety Code, to read:

CHAPTER 8. IMMUNIZATION AGAINST MEASLES

3400. No person may be unconditionally admitted as a pupil of a private elementary or secondary school or as a pupil

of any school district unless prior to his first admission to school in California he has been immunized against measles (rubeola) in the manner and with immunizing agents approved by the State Department of Public Health.

A person who has not received an immunizing dose of measles (rubeola) vaccine may be admitted on condition that within two weeks of the date of his admission he shall present evidence that he has been fully immunized against measles (rubeola).

This chapter does not apply to:

(a) Any person who is seeking admission to a public secondary school as an "adult" as that word is defined in Section 5756 of the Education Code.

(b) Any person who is seeking admission to a private secondary school for enrollment in a course consisting of less than 10 hours of instruction a week who attains his 21st birthday prior to the first day of the semester or other period of instruction for which he is seeking enrollment.

(c) Any person who is seeking admission to a junior college who has graduated from a high school located in this state.

(d) Students 18 years of age or older seeking enrollment in an adult school or a class for adults.

3400.5. Requirements for immunization as specified in this chapter shall be considered to be fulfilled if any person seeking admission possesses a physician's certificate which shows that the person has had measles (rubeola) or has been immunized against measles (rubeola).

3401. Such immunization shall be evidenced by a written record made on a form prescribed by the department. A copy of the record shall be given to the parent or guardian of the child, or if the person receiving immunization is an adult, the copy shall be given to him.

3402. The county health officer of each county shall organize and have in operation by January 1, 1968, an immunization program so that immunization is made available to all persons required by this chapter to be immunized. He shall also determine how the cost of such a program is to be recovered. To the extent that the cost to the county is in excess of that sum recovered from persons immunized, the cost shall be paid by the county in the same manner as other expenses of the county are paid.

Immunization performed by a private physician shall be acceptable for admission to school if the immunization is performed and records are made in accordance with rules established by the State Department of Public Health.

3403. The governing board of each school district and the governing authority of each private school shall cooperate with the county health officer in carrying out the program for immunization of persons applying for admission to any school under its jurisdiction. The governing board of any school district may use any funds, property, and personnel of the district for that purpose. The governing board of any school dis-

trict and the governing authority of any private school may permit any person licensed as a physician and surgeon to administer immunization agents to the children and adults seeking admission to any school under its jurisdiction.

3404. Immunization of a person shall not be required for admission to a public or private elementary or secondary school if the parent or guardian or responsible relative or adult who has assumed responsibility for his care and custody (in the case of a minor), or the person seeking admission (if an adult), files with the governing board of the school district or the governing authority of the private school, as the case may be, a letter or affidavit provided by the district or authority, stating that such immunization is contrary to his or her beliefs. However, whenever there is good cause to believe that a person is suffering from measles (rubeola), the person may be temporarily excluded from the school until the governing board of the school district or the governing authority of the private school is satisfied that the disease does not exist.

3405. If the parent or guardian (in the case of a minor) or the person seeking admission (if an adult) files with the governing board of the school district or the governing authority of the private school a written statement by a licensed physician to the effect that the physical condition of the child or adult is such, or medical circumstances relating to the child or adult are such that immunization is not considered safe, or reasonably beneficial to the individual, indicating the specific nature and probable duration of the medical condition or circumstances which contraindicate immunization, such person shall be exempt from the requirements of this chapter to the extent indicated by the physician's statement.

3406. The department shall adopt and enforce all rules and regulations necessary to carry out the provisions of this chapter.

3407. In enacting this chapter, it is the intent of the Legislature to provide a means for the eventual achievement of total immunization against measles (rubeola). This chapter is intended to provide exemptions from immunization under specified conditions. It is also designed to provide for the keeping of adequate records of immunization so that appropriate public agencies and the persons immunized will be able to ascertain that a person is immunized. It is also the intent of the Legislature that the persons required to be immunized by this chapter be allowed to obtain immunization from whatever medical source they so desire, subject only to the condition that the immunization be performed in accordance with the regulations of the State Department of Public Health and that a record of the immunization is made in accordance with such regulations.

CHAPTER 1022

Such a contract shall be for not more than two years and may be extended, with the approval of a majority of the classified employees, for additional periods not to exceed two years at one time.

If at the end of any contract period the district or county superintendent's office is employing more than 100 classified employees, the personnel commission shall then comply with the provisions of Section 13717.

A contract approved under the provisions of this section shall become null and void in the event of district reorganization when the provisions of the contract, if continued in force would supersede or be in conflict with the provisions of Sections 13584.1 or 13584.2.

(a) The initial hiring rate for each position shall be step 1 provided for such position by this section. If, however, it is difficult to secure qualified personnel at such rate or if a person of unusual qualifications is employed, the appointing authority, with the approval of a majority of the judges, or in the event of an equal division of the judges, of the judge senior in service, and of the board of supervisors, may employ such person at one of the higher salary steps provided for the position.

(b) Administration of the salary plan provided by this article (commencing with Section 74000), including the determination of the anniversary dates for entitlement to salary increments, increases within range, salary on promotion, transfer or demotion, salary on position reclassification, and all other relevant matters, shall be in accordance with the resolution of the County of Orange relating to the administration of the county salary plan for county employees generally, and Section 72001 shall not be applicable to the positions authorized by this article.

(c) The officers and attachés of the municipal court shall be entitled to the same vacation, leaves of absence, compensation during absence from duty for injuries arising out of and in the course of employment, and other similar benefits and privileges as are now or may hereafter be granted to employees of the County of Orange by the resolution of the County of Orange relating to the administration of the county salary plan for county employees generally.

(d) Notwithstanding any other provisions of law, the salary of municipal court employees may, upon approval of the board of supervisors, be increased or decreased within the limits set forth in this section in order to provide compensation that is comparable to county employees of similar qualifications and experience, holding equal or comparable positions in the Orange County classified service as the comparability is determined by the board of supervisors.

74006. Upon the effective date of this article, as enacted at the 1967 Regular Session of the Legislature, the incumbent attachés and employees shall each succeed to and be assigned to the positions provided by this article, the duties of which are comparable to the positions formerly held by such attachés and employees. CHAPTER 1027

An act to amend Section 29007 of the Education Code, relating to an academic or honorary degree or diploma.

[Approved by Governor August 10, 1967. Filed with Secretary of State August 11, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 29007 of the Education Code is amended to read:

29007. Except as otherwise provided by law, no person, firm, association, partnership or corporation may issue, confer or award an academic or honorary "degree" or "title" (meaning any designation, mark, appellation, series of letters or words such as, but not limited to, associate, bachelor, master, doctor or fellow) which signifies, purports or is generally taken to signify satisfactory completion of the requirements of an academic or professional program of study beyond the secondary school level unless such person, firm, association, partnership or corporation meets the requirements of any one of the three subdivisions of subdivision (a) of this section.

No person, firm, association, partnership or corporation may issue, confer, or award any "diploma" bearing the words diploma, certificate, transcript, document or other writing, other than the awarding of a "degree" title, representing that any person has completed any course of study beyond high school unless such person, firm, association, partnership or corporation meets the requirements of one of the subdivisions (b), (c), (d), (e), or (f) of this section.

(a) (1) A person, firm, association, partnership or corporation which at the time of the issuance of a "degree" has accreditation of the course upon which the "degree" is based by a national accrediting agency recognized by the United States Department of Health, Education, and Welfare, Office of Education, or is accredited by the applicable regional accrediting agency recognized by the United States Department of Health, Education, and Welfare, Office of Education, and provided further that the educational institution has filed with the Superintendent of Public Instruction an affidavit by the president of the institution stating that the institution is so accredited.

(2) A person, firm, association, partnership or corporation approved by the Superintendent of Public Instruction to award or issue specified degrees. Such permission shall be granted upon a year-to-year basis by the Superintendent of Public Instruction. Application for such authorization shall be on forms furnished by the Bureau of Readjustment Education, State Department of Education. The Superintendent of Public Instruction shall not approve an institution to issue degrees until it is determined, based on information submitted to him, that the course of instruction has the facilities and the faculty

to afford students and require of students the completion of a program of education which will prepare them for the attainment of a recognized professional, vocational, or educational objective; and the curriculum is consistent in content and quality with curricula offered by established institutions that issue the appropriate degree upon the satisfactory completion thereof. For the purpose of this subdivision the Superintendent of Public Instruction may compare with the requirements and standards of an accrediting agency generally accepted by the class of institution concerned. This shall include the determination that the course for which the degree is granted achieves its professed or claimed objective for higher education. The provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code shall be applicable to any determination of the Superintendent of Public Instruction made pursuant to this subdivision.

(3) A corporation which has filed with the Superintendent of Public Instruction an affidavit by the president or other head of the corporation, stating that the corporation owns an interest in real or personal property or both real and personal property used exclusively for the purpose of education, of a fair market value of not less than fifty thousand dollars ($50,000). Such affidavit shall be accompanied by an appraisal by a state inheritance tax appraiser appointed for the county in which the institution is located, describing the real or personal property or both, and showing the value of the interest of the corporation therein to be at least fifty thousand dollars ($50,000). The value of the interest of the property required to be owned by the corporation for the purposes of this section shall be deemed to be the appraised value of the interest owned by the corporation less the unpaid balance on any note secured by a mortgage or deed of trust thereon or the unpaid balance on a contract of sale thereof. Filing pursuant to this section shall not be interpreted to mean, and it shall be unlawful for any corporation to expressly or impliedly represent by any means whatsoever, that the State of California, the Superintendent of Public Instruction, the State Board of Education, the California State Department of Education, or any division or bureau thereof, has made any evaluation, recognition, accreditation, approval, or endorsement of the course of study.

(b) A hospital licensed under the provisions of Division 2, Chapter 2 (commencing with Section 1400) of the Health and Safety Code, which issues diplomas in connection with the operation of a hospital.

(c) A person, firm, association, partnership or corporation which is accredited, approved, or licensed by a state board or agency as a school and which issues or confers diplomas in the profession, vocation or occupation controlled by the board or agency accrediting, approving, or licensing it; provided, that this subdivision shall not be construed as authorizing the issuing of a diploma which is not customarily granted for the

training given and which is limited to the profession, vocation or occupation controlled by the accrediting, approving, or licensing board.

(d) Any educational institution accredited for teacher training by the State Board of Education for credentials in the field of teacher training; provided, that this subdivision shall not be construed as authorizing the issuance of a diploma which is not based exclusively on the courses of instruction accredited by the State Board of Education.

(d) Whose parent or parents are deprived of their civil rights due to the conviction of a felony, if the felony of which such parent or parents were convicted is of such nature as to prove the unfitness of such parent or parents to have the future custody and control of the child, or if any term of sentence of such parent or parents is of such length that the child will be deprived of a normal home for a period of years.

(e) Whose parent or parents have, in a divorce action, been found to have committed adultery and been divorced on that ground, if the court finds that the future welfare of the child will be promoted by an order depriving such parent or parents of the control and custody of the child.

(f) Whose parent or parents have been declared by a court of competent jurisdiction to be mentally deficient or mentally ill, if the State Director of Mental Hygiene and the superintendent of the state hospital of which, if any, such parent or parents are inmates or patients certify that such parent or parents so declared to be mentally deficient or mentally ill will not be capable of supporting or controlling the child in a proper manner.

(g) Whose parent or parents are, and will remain incapable of supporting or controlling the child in a proper manner because of mental deficiency or mental illness, if there is testimony to this effect from two medical examiners certified under Section 5000 of the Welfare and Institutions Code.
