the roll shall be called. No ordinance, motion, or resolution shall be passed or become effective without the affirmative vote of a majority of the members of the board. The enacting clause of all ordinances passed by the board shall be: "Be it ordained by the Board of Directors of the Bighorn Mountains Water Agency as follows:" Each of the members of the board of directors shall receive for each attendance at the meetings of the board thirty dollars ($30). No directors, however, shall receive pay for more than three meetings in any calendar month. Said board may consolidate the office of secretary and treasurer, and the offices of chief engineer and general manager.

SEC. 15. The Bighorn Mountains Water Agency incorporated as herein provided, shall have the power:

1. To have perpetual succession;

2. To sue and be sued, except as otherwise provided herein or by law, in all actions and proceedings in all courts and tribunals of competent jurisdiction;

3. To adopt a seal and alter it at pleasure;

4. To take by grant, purchase, gift, devise, or lease, hold, use, enjoy, and to lease or dispose of real and personal property of every kind, within or without the Bighorn Mountains Water Agency;

waterworks or waterworks system acquired by it as herein authorized.

6. To construct, maintain, improve and operate public recreational facilities appurtenant to any water reservoir operated or contracted to be operated by the Bighorn Mountains Water Agency, and to provide by ordinance regulations binding upon all persons to govern the use of such facilities including regulations imposing reasonable charges for the use thereof. Violation of any such regulation shall be a misdemeanor.

7. To lease of and from any person, firm or public or private corporation, or public agency, with the privilege of purchasing or otherwise, all or any part of water storage, transportation or distribution facilities, existing waterworks or a waterworks system, and to carry on and conduct waterworks or a waterworks system; also to sell water under the control of the agency to cities, and to other public corporations and public agencies within the agency, and to the inhabitants of such cities and of other territory within the agency, and to persons, corporations, and other private agencies within the agency for use within said agency without any preference; and it may, whenever the board shall find that there is a surplus of water above that which may be required by such consumers within said agency, sell or otherwise dispose of such surplus water to any persons, firms, public or private corporations or public agencies or other consumers;

8. The agency may supply and deliver water to property not subject to agency taxes at special rates, terms, and conditions as are determined by the board for such service.

9. To have and exercise the right of eminent domain and in the manner provided by law for the condemnation of private property for public use, to take any property necessary to supply the agency or any portion thereof with water, whether such property be already devoted to the same use or otherwise, and may condemn any existing waterworks or system, or any portion thereof, or any waters or water rights owned by any person, firm or private corporation. In proceedings relative to the exercise of such right, the agency shall have all of the rights, powers and privileges of a city; provided, that in lieu of compensation and damages for the taking or damaging of any public utility facility which must be replaced by the public utility to provide service to the public equivalent to that provided by the facility taken or damaged, the agency shall pay to the public utility owning such facility its actual cost incurred to replace in kind the facility so taken or damaged, less proper deductions for depreciation, together with its actual cost incurred to rearrange or rehabilitate the facilities of such public utility not taken or damaged but required to be rearranged or rehabilitated by reason of such taking or damaging.

10. To issue bonds, borrow money and incur indebtedness as authorized by law or in this act provided; also to refund (by the issuance of the same obligations following the same procedure) or retire any indebtedness or lien that may exist against the agency or property thereof; also to issue warrants to pay the formation expenses of the agency, which warrants may bear interest at a rate not exceeding 6 percent per annum from the date of issue until funds are available to pay the warrants, and which formation expenses may include fees of attorneys and others employed to conduct the formation proceedings.

11. To issue negotiable promissory notes bearing interest at a rate not exceeding 7 percent per annum; provided, however, that said notes shall be general obligations of the agency payable from revenues and taxes in the same manner as bonds of said agency; and provided further that the maturity shall not be later than five years from the date thereof and that the total aggregate amount of such notes outstanding at any one time may be at least equal to seventy-five thousand dollars ($75,000) in the Bighorn Mountains Water Agency but shall not otherwise exceed the lesser of either one million five hundred thousand dollars ($1,500,000) or 3 percent of the assessed valuation of the taxable property in the Bighorn Mountains Water Agency, or, if said assessed valuation is not obtainable, 3 percent of the county auditor's estimate of the assessed valuation of the taxable property in the agency evidenced by his certificate. Promissory notes issued pursuant to Section 51 may be disregarded in computing the aggregate amount of notes that may be issued pursuant to this subdivision;

12. To cause taxes to be levied, in the manner hereinafter provided, for the purpose of paying any obligation of the agency, including its formation expenses and any warrants issued therefor;

13. To restrict the use of agency water during any emergency caused by drought, or other threatened or existing water shortage, and to prohibit the wastage of agency water or the use of agency water during such periods, for any purpose other than household uses or such other restricted uses as may be determined to be necessary by the agency; to prohibit the use of such water during such periods for specific uses which the agency may from time to time find to be nonessential;

14. To prescribe and define by ordinance, the restrictions, prohibitions and exclusions referred to in subdivision 13 hereof. Every ordinance relating to the matters referred to in this subdivision shall be in full force and effect forthwith upon adoption, but shall be published pursuant to Section 6061 of the Government Code in full in a newspaper of general circulation, printed, published and circulated in the agency within 10 days after adoption, or if there be no such newspaper it shall be posted within said time in three public places within the agency;

15. To make contracts, to employ labor, and do all acts necessary for the full exercise of the foregoing powers;

16. In case of condemnation proceedings the board shall proceed in the name of the agency;

17. To provide by ordinance of its board of directors for the pensioning of officers or employees and the creation of a special fund for the purpose of paying such pensions, and the accumulation of contributions to said fund from the revenues of the agency, the wages of officers or employees, voluntary contributions, gifts, donations or any source of revenue not inconsistent with the general powers of the board, and to contract with any insurance corporation or any other insurance carrier for the maintenance of a service covering the pension of such officers or employees, and to provide in such ordinance for the terms and conditions under which such pensions shall be awarded, and for the time and extent of service of officers or employees before such pensions shall be available to them;

18. To acquire, control, distribute, store, spread, sink, treat, purify, reclaim, recapture, and salvage any water, including sewage and storm waters, for the beneficial use or uses and protection of the agency or its inhabitants or the owners of rights to water therein.

19. Subject to the limitations in subdivision 9 of this section, to join with one or more public agencies, private corporations or other persons for the purpose of carrying out any of the powers of the agency, and for that purpose to contract with such other public agencies or private corporations or persons for the purpose of financing such acquisitions, constructions and operations. Such contracts may provide for contributions to be made by each party thereto and for the division and apportionment of the expenses of such acquisitions and operations, and the division and apportionment of the benefits, the services and products therefrom, and may provide for any agency to effect such acquisitions and to carry on such operations, and shall provide in the powers and methods of procedure for such agency the method by which such agency may contract. Such contracts with other public agencies or private corporations or persons may contain such other and further covenants and agreements as may be necessary or convenient to accomplish the purposes thereof. The term "public agency," as used in this subdivision, shall be deemed to mean and include the United States of America or any department or agency thereof, the State of California or any department or agency thereof, a county, city, public corporation, or other public district of this state. The term "private corporation," as used in this subdivision, shall be deemed to mean and include any private corporation organized under the laws of the United States of America or of this or any other state thereof. Contracts mentioned herein include those made with the United States, under the Federal Reclamation Act of June 17, 1902, and all acts amendatory thereof or sup-

plementary thereto or any other act of Congress heretofore or hereafter enacted permitting cooperation. Any such contract with the United States of America or any department or agency thereof, or with any private corporation organized under the laws of the United States of America, by which the agency, or an improvement district thereof, incurs an indebtedness or liability exceeding in any year the income and revenue for such year shall not be executed without the assent of two-thirds of the qualified electors of the agency, or an improvement district thereof, voting at a special election to be held for that purpose, such election to be called and held, so far as practicable, in the same manner as bond elections for the agency. The exact form of such contract need not be available at the time of the special election, but the (1) purpose of the contract; (2) maximum amount of the indebtedness created thereby; (3) maximum term of repayment, and (4) maximum interest rate on such indebtedness shall be known and included in the proposition or measure submitted to the qualified electors of the agency, or an improvement district thereof, at such special election.

20. To commence, maintain, intervene in, defend and compromise, in the name of the agency, or as a class representative of the inhabitants, property owners, taxpayers, or water producers or water users within the agency, or otherwise, and to assume the costs and expenses of any and all actions and proceedings, now or hereafter begun, involving or affecting the ownership or use of water or water rights, used or useful for any purpose of the agency, or a common benefit to the lands within the agency or its inhabitants.

20.1. To commence, maintain, intervene in, defend and compromise, in the name of the agency, or as a class representative of the inhabitants, property owners, taxpayers, water producers or water users within the agency or otherwise, and to assume the costs and expenses of any and all actions or proceedings, now or hereafter begun, to prevent, control, or abate the pollution of water used or useful for any purpose of the agency, or a common benefit to lands within the agency, or to the inhabitants of the agency, or any watershed or basin overlain in whole or in part by the agency or which contributes to the water supply of the agency.

21. Distribute water to persons in exchange for ceasing or reducing ground water extractions and to fix the terms and conditions of any contract under which producers may agree voluntarily to use replenishment water from a nontributary source in lieu of ground water, and to such end an agency may become a party to such contract and pay from the agency funds such portion of the cost of such replenishment waters as will encourage the purchase and use of such water in lieu of pumping so long as the persons or property within the agency are directly or indirectly benefited by the resulting replenishment.

22. To issue revenue bonds for any purpose for which general obligation bonds may be issued, and for any purpose for which such bonds could be issued under the provisions of the Revenue Bond Law of 1941 or any other law which by its terms is applicable to this agency.

23. To use the Improvement Act of 1911 for the construction of any facilities authorized to be constructed under the provisions of this act. The powers and duties conferred by the Improvement Act of 1911 on the various boards, officers and agents of cities shall be exercised by the respective boards, officers and agents of the Bighorn Mountains Water Agency. In the application of said Improvement Act of 1911 to proceedings instituted by the Bighorn Mountains Water Agency, the terms used in said Improvement Act of 1911 shall have the following meanings:

(a) "City council" and "council" shall mean the board of directors of the Bighorn Mountains Water Agency.

(b) "Municipality" and "city" shall mean the Bighorn Mountains Water Agency.

(f) "Treasurer" and "city treasurer" shall mean the treasurer of the Bighorn Mountains Water Agency.

(g) "Mayor" shall mean the president of the board of directors of the Bighorn Mountains Water Agency.

(h) "Right-of-way" shall mean any parcel of land in, on, under or through which a right-of-way or easement has been granted to the agency for the purpose of constructing and maintaining any works or improvements of the Bighorn Mountains Water Agency.

Any certificates or documents required to be filed or recorded in the office of the superintendent of streets or street superintendent shall be filed and recorded in the office of the secretary of the Bighorn Mountains Water Agency.

SEC. 15.1. The agency shall have the power to construct, operate and maintain works to develop hydroelectric energy, for use by the agency in the operation of its works or as a means of assisting in financing the construction, operation and maintenance of its projects for the control, conservation, diversion and transmission of water and to enter into contracts for the sale of such energy for a term not to exceed 50 years. Such energy may be marketed only at wholesale to any public agency or private entity, or both, or the federal or state government.

SEC. 15.2. In connection with the construction and operation of the works of the agency, the agency shall have the power to contract for the sale of the right to use falling water for electric energy purposes with any public agency or

private entity engaged in the retail distribution of electric energy, for a term not to exceed 50 years.

SEC. 16. All powers, privileges and duties vested in or imposed upon the Bighorn Mountains Water Agency incorporated hereunder shall be exercised and performed by and through the board of directors; provided, however, that the exercise of any and all executive, administrative and ministerial powers may be by said board of directors delegated and redelegated to any of the officers created hereby and by the board of directors acting hereunder.

The board of directors shall have the power:

(1) To fix the time and place or places at which its regular meetings shall be held, and shall provide for the calling and holding of special meetings.

(2) To fix the location of the principal place of business of the agency and the location of all offices and departments maintained hereunder.

(3) To prescribe by ordinance a system of business administration and to create any and all necessary offices and to establish and reestablish the powers and duties and compensation of all officers and employees and to require and fix the amount of all official bonds necessary for the protection of the funds and property of the agency.

(4) To prescribe by ordinance a system of civil service.

(5) To delegate and redelegate by ordinance to officers of the agency power to employ clerical, legal and eingineering assistants and labor, and under such conditions and restrictions as shall be fixed by the directors, power to bind the agency by contract.

(6) To prescribe a method of auditing and allowing or rejecting claims and demands.

(7) Any improvement or unit of work, when the cost according to the estimate of the engineer will exceed five thousand dollars ($5,000), shall be done by contract and shall be let to the lowest responsible bidder or bidders as provided in this section. The board shall first determine whether the contract shall be let as a single unit for the whole of the work, or divided into severable convenient parts. The board shall advertise for bids by three (3) insertions in a daily newspaper of general circulation or by two (2) insertions in a weekly newspaper of general circulation printed and published in the agency, if there is a newspaper printed and published in the agency, inviting sealed proposals for the construction or performance of the improvement or work. The call for bids shall state whether the work shall be performed in one unit or divided into parts. The work may be let under a single contract or several contracts, as stated in such call. The board shall require the successful bidders to file with the board good and sufficient bonds to be approved by the board conditioned upon the faithful performance of the contract and upon the payment of their claims for labor and material. The bonds shall comply

with Chapter 3 (commencing with Section 4200) of Division 5 of Title 1 of the Government Code. The board may reject any and all bids and readvertise, or by a two-thirds vote may elect to undertake such work by force account. In the event no proposals are received, or the estimated cost of the work does not exceed five thousand dollars ($5,000), or the work consists of channel protection, maintenance work, or emergency work when necessary in order to protect life and property from impending flood damage, the board may have the work done by force account without advertising for bids. The agency may purchase in the open market without advertising for bids, materials and supplies for use in any work, either under contract or by force account; provided, however, that materials and supplies for use in any new construction work or improvement, except work referred to in the preceding sentence, may not be purchased if the cost thereof exceeds ten thousand dollars ($10,000), without advertising for bids and awarding the contract therefor to the lowest responsible bidder.

(8) To fix the rates at which water should be sold, and to establish different rates for different classes or conditions of service; provided, that rates shall be uniform for like classes or conditions of service throughout the agency, but any special water rate fixed in accordance with terms and conditions of annexation, shall be deemed to be a rate for a different class or condition of service.

SEC. 17. A finding by the board of directors upon the existence, threat, or duration of an emergency or shortage of water or upon the matter of necessity or any other matter or condition referred to in subdivisions 13 or 14 of Section 15 of this act, shall be made by resolution or ordinance, and shall be prima facie evidence of the fact or matter so found, and such fact or matter shall be presumed to continue unchanged unless and until a contrary finding shall have been made by the board by resolution or ordinance. Such finding shall be received in evidence in any civil or criminal proceeding in which it may be offered, and shall be proof and evidence of the fact or matter found until rebutted or overcome by other sufficient evidence received in such proceeding. Copy of any resolution or ordinance setting forth such finding shall, when certified by the secretary of the agency, be evidence that the finding was made by the agency as shown by the resolution or ordinance and certification.

SEC. 18. From and after the publication or posting of any ordinance as provided in subdivision 14 of Section 15 of this act, it is hereby declared to be and it shall be a misdemeanor for any person, firm or corporation to use or apply water received from the agency contrary to or in violation of such restriction or prohibition, until such ordinance shall have been repealed or such emergency or threatened emergency shall have ceased, and upon conviction thereof such person, firm or

corporation shall be punished by being imprisoned in the county jail for not more than 30 days or by fine of not more than three hundred dollars ($300), or by both such fine and imprisonment.

SEC. 19.5. An action to determine the validity of any contract authorized by paragraph 19 of Section 15 may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

SEC. 20. Except as herein provided, no director of the Bighorn Mountains Water Agency shall in any manner be interested, directly or indirectly, in any contract awarded or to be awarded by the board of directors, and no officer or employee of any agency shall in any manner be interested, directly or indirectly, in any contract made by such officer or employee pursuant to discretionary authority vested in him, or in the benefits to be derived therefrom. For any violation of this section, such director or other officer or employee of the agency shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding five hundred dollars ($500) or by imprisonment in the county jail not exceeding six months, or by both such fine and imprisonment. Neither this section nor any other law shall, however, be deemed to invalidate any contract or instrument, nor to establish or define any misdemeanor or other crime, merely because such director or other officer or employee shall have any interest in such contract or instrument, or shall derive any benefit therefrom.

(a) If such director or other officer or employee shall own or control, directly or indirectly, not more than 5 per centum of the outstanding stock or securities of the contracting corporation; or

(b) If such contract or instrument shall be entered into pursuant to the provisions of any ordinance or regulation of the agency of uniform application, and which ordinance or regulation shall have become effective prior to the making or execution of such contract or instrument.

SEC. 21. The president, vice president and secretary in addition to the respective duties imposed on them by law shall perform such duties as may be imposed on them by the board of directors. The treasurer, or such other person or persons as may be authorized by the board of directors, shall draw checks or warrants to pay demands when such demands shall have been audited and approved in the manner prescribed by the board of directors.

If the president is absent or unable to act, the vice president shall exercise the powers of the president granted by this act.

The general manager shall have full charge and control of the maintenance, operation and construction of the waterworks or waterworks system of the agency with full power and authority to employ and discharge all employees and assistants at pleasure, prescribe their duties, fix their compensation, subject to the approval of the board of directors.

The general manager shall perform such duties as may be imposed on him by the board of directors. The general manager shall report to the board of directors in accordance with such rules and regulations as they may direct.

The chief engineer shall be the engineering adviser of the agency and shall perform such other duties as may be prescribed by the board of directors.

The attorney shall be the legal adviser of the agency and shall perform such other duties as may be prescribed by the board of directors.

The board of directors shall designate a depository or depositories to have the custody of the funds of the agency, all of which depositories shall give security sufficient to secure the agency against possible loss, and who shall pay the warrants drawn by the treasurer for demands against the agency under such rules as the directors may prescribe.

The general manager, secretary and treasurer, and all other employees or assistants of said agency who may be required so to do by the board of directors, shall give such bonds to the agency conditioned for the faithful performance of their duties as the board of directors from time to time may provide. The premiums on such bonds shall be paid by the agency.

SEC. 22. The board of directors shall have power to construct works along and across any stream of water, watercourse, street, avenue, highway, canal, ditch or flume, or across any railway which the route of said works may intersect or cross; provided, such works are constructed in such manner as to afford security for life and property, and said board of directors shall restore the crossings and intersections to their former state as near as may be, or in a manner not to have impaired unnecessarily their usefulness. Every company whose right-of-way shall be intersected or crossed by said works shall unite with said board of directors in forming said intersections and crossings and grant the rights therefor. The right-of-way is hereby given, dedicated and set apart to locate, construct and maintain such works along and across any street or public highway and over and through any of the lands which are now or may be the property of this state, and to have the same rights and privileges appertaining thereto as have been or may be granted to cities within the state. Any use, under this section, of a public highway now or hereafter constituted a state highway shall be subject to the provisions of Chapter 3 of Division 1 of the Streets and Highway Code.

SEC. 23. All claims for money or damages against this agency are governed by Chapter 2 (commencing with Section 700) of Division 3.5 of Title 1 of the Government Code, except as provided therein, or by other statutes or regulations expressly applicable thereto.

SEC. 25. The board of directors, so far as practicable, shall fix such rate or rates for water in the agency and in each improvement district therein as will result in revenues which

will pay the operating expenses of the agency, and the improvement district, provide for repairs and depreciation of works, provide a reasonable surplus for improvements, extensions, and enlargements, pay the interest on any bonded debt, and provide a sinking or other fund for the payment of the principal of such debt as it may become due. Said rates for water in each improvement district may vary from the rates of the agency and from other improvement districts therein.

SEC. 26. If the revenues of the agency, or any improvement district therein, will be inadequate for any cause to pay the operating expenses of the agency, provide for repairs and depreciation of works owned or operated by it, and to meet all obligations of the agency, including principal of or interest on any bonded debt of the agency, or any improvement district thereof, as it becomes due, then the board of directors of this agency must provide for the levy and collection of a tax sufficient to raise the amount of money determined by such board of directors to be necessary for the purpose of paying such charges and expenses, as well as providing the funds required under Section 25 of this act.

SEC. 27. The board of directors shall determine the amounts necessary to be raised by taxation during the fiscal year and shall fix the rate or rates of tax to be levied which will raise the amounts of money required by the agency, and within a reasonable time previous to the time when the board of supervisors is required by law to fix its tax rate, the board of directors shall certify to the board of supervisors the rate or rates so fixed and shall furnish to the board of supervisors a statement in writing containing the following: (a) an estimate of the minimum amount of money required to be raised by taxation during the fiscal year for the payment of the principal of and interest on any bonded debt of the agency or of an improvement district thereof as will become due before the proceeds of a tax levied at the next general tax levy will be available; (b) an estimate of the minimum amount of money required to be raised by taxation during the fiscal year for all other purposes of the agency. The board of directors shall direct that at the time and in the manner required by law for the levying of taxes for county purposes, such board of supervisors shall levy, in addition to such other tax as may be levied by such board of supervisors, at the rate or rates so fixed and determined by the board of directors, a tax upon the property within the agency, or improvement district thereof benefited by the bonded debt, as the case may be, and it is made the duty of the officer or body having authority to levy taxes within each county to levy the tax so required. Taxes for the payment of the interest on or principal of any bonded debts shall be levied on the property within the agency, or improvement district thereof, benefited by the bonded debt, as determined by the board of directors in the resolution declaring the necessity to incur the debt. Taxes for other pur-

Taxes for the payment of a bonded debt and the interest thereon shall be a lien on all the property benefited thereby as stated in the resolution of the board of directors declaring the necessity to incur the debt. All taxes for other purposes of the agency shall be a lien on all the property in the agency subject to the respective tax. SEC. 28. Whenever the board of directors deem it necessary for the agency to incur a bonded indebtedness for the acquisition, construction, completion, or repair of any or all improvements, works or property mentioned in this act, the board shall, by resolution, so declare and call an election to be held in said agency for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of said agency. Said resolution shall state: (a) the purpose for which the proposed debt is to be incurred, which may include expenses of all proceedings for the authorization, issuance and sale of the bonds; (b) the amount of debt to be incurred; (c) the maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 40 years; (d) the maximum rate of interest to be paid, which shall not exceed 7 percent per annum, payable semiannually, except that interest for the first year may be payable at the end of said year; (e) the measure to be submitted to the voters; (f) the date upon which an election shall be held for the purpose of authorizing said bonded indebtedness to be incurred; and (g) the designation of precincts, the location of polling places, and the names of the officers selected to conduct the election, who shall consist of one judge, one inspector and two clerks in each precinct. The board of directors shall provide for holding such special election on the day so fixed and in accordance with the provisions of the Elections Code so far as the same shall be applicable, except as herein otherwise provided. Notice of the holding of such election shall be given by publishing pursuant to Section 6066 of the Government Code the resolution calling the election, the last publication to be made not less than two weeks prior to the date of the proposed election, in at least one newspaper published in such agency, if there is a newspaper published in the agency, then such resolution shall be posted in three public places in such agency not less than two weeks prior to the date of the proposed election. No other notice of such election need be given. The re-

turns of such election shall be made, the votes canvassed by said board of directors within seven days following said election, and the results thereof ascertained and declared in accordance with the provisions of the Elections Code, so far as they may be applicable, except as in this act otherwise provided. The secretary of the board of directors, as soon as the result is declared, shall enter in the records of such board a statement of such results. No irregularities or informalities in conducting such election shall invalidate the same, if the election shall have otherwise been fairly conducted.

Any action or proceeding, wherein the validity of any such bonds or of the proceedings in relation thereto is contested, questioned or denied, shall be commenced within three months from the date of such election; otherwise, said bonds and all proceedings in relation thereto shall be held to be valid and in every respect legal and incontestable.

SEC. 29. Whenever the board of directors deems it necessary to incur a bonded indebtedness for the acquisition, construction, completion, or repair of any or all improvements, works or property mentioned in this act and to provide for such bonded indebtedness to be payable from taxes levied upon less than all of the agency, the board shall, by resolution, so declare and state: (a) the purpose for which the proposed debt is to be incurred; (b) the amount of debt to be incurred, which may include expenses of all proceedings for the authorization, issuance and the sale of the bonds; (c) that the board intends to form an improvement district of a portion of the agency which in the opinion of the board will be benefited, the exterior boundaries of which portion are set forth on a map on file with the secretary of the agency, which map shall govern for all details as to the extent of the proposed improvement district, and to call an election in such proposed improvement district on a date to be fixed, for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of the agency for said improvement district; (d) that taxes for the payment of said bonds and the interest thereon shall be levied exclusively upon the taxable property in the improvement district; (e) that a general description of the proposed improvement, together with a map showing the exterior boundaries of said proposed improvement district with relation to the territory immediately contiguous thereto and to the proposed improvement is on file with the secretary of the agency and is available for inspection by any person or persons interested; (f) the time and place for a hearing by the board on the questions of the formation of said proposed improvement district, the extent thereof, the proposed improvement and the amount of debt to be incurred; and (g) that at the time and place specified in the resolution any person interested, including all persons owning property in the agency or in the proposed improvement district, will be heard. Notice of said hearing shall

be given by publishing a copy of the resolution pursuant to Section 6066 of the Government Code prior to the time fixed for the hearing in a newspaper printed and published in the agency, if there is a newspaper printed and published in such agency. Such notice shall also be given by posting a copy of said resolution in six public places within the proposed improvement district at least two weeks before the time fixed for said hearing.

At the time and place so fixed, or at any time and place to which the hearing is adjourned, the board shall proceed with the hearing. At the hearing any person interested, including any person owning property within the agency or within any proposed improvement district, may appear and present any matters material to the questions set forth in the resolution declaring the necessity for incurring the bonded indebtedness. The board shall have the power to change the purpose for which the proposed debt is to be incurred, or the amount of bonded debt to be incurred, or the boundaries of said proposed improvement district, or one or all of said matters; provided, however, that said board shall not change such boundaries so as to include any territory which will not, in its judgment, be benefited by said improvement.

The purpose, amount of bonded debt or boundaries shall not be changed by said board except after notices of its intention to do so, given by publication pursuant to Section 6061 of the Government Code in a newspaper printed and published in said Bighorn Mountains Water Agency, if there is a newspaper printed and published in such agency, and by posting in six public places within said proposed improvement district. Said notice shall state the changed purpose and debt proposed and that the exterior boundaries as proposed to be changed are set forth on a map on file with the secretary of the agency, which map shall govern for all details as to the extent of the proposed improvement district, and specify the time and place for hearing on such change, which time shall be at least 10 days after publication or posting of said notice. At the time and place so fixed, or at any time and place to which the hearing is adjourned, the board shall proceed with the hearing. At the hearing any person interested, including any person owning property within the agency or the proposed improvement district, may appear and present any matters material to the changes stated in the notice. At the conclusion of the hearing the board shall by resolution determine whether it is deemed necessary to incur the bonded indebtedness, and, if so, the resolution shall also state the purpose for which said proposed debt is to be incurred, the amount of the proposed debt, that the exterior boundaries of the portion of the agency which will be benefited are set forth on a map on file with the secretary of the agency which map shall govern for all details as to the extent of the improvement district, and that said portion of the agency set forth on said map shall there-

upon constitute and be known as "Improvement District No. __ of Bighorn Mountains Water Agency," and the determinations made in said resolution shall be final and conclusive. After the formation of such improvement district within the Bighorn Mountains Water Agency pursuant to this section, all proceedings for the purpose of a bond election shall be limited, and shall apply only to the improvement district, and taxes for the payment of said bonds and the interest thereon shall be levied exclusively upon the taxable property in the improvement district.

After the board has made its determination of the matters required to be determined by said last mentioned resolution, and if the board deems it necessary to incur the bonded indebtedness, the board shall by a further resolution call a special election in said improvement district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of the agency for said improvement district. Said resolution shall state: (a) that the board deems it necessary to incur the bonded indebtedness; (b) the purpose for which the bonded indebtedness will be incurred; (c) the amount of debt to be incurred; (d) the improvement district to be benefited by said indebtedness, as set forth in the resolution making determinations, and that a map showing the exterior boundaries of said improvement district is on file with the secretary of the agency, which map shall govern for all details as to the extent of the improvement district; (e) that taxes for the payment of such bonds and the interest thereon shall be levied exclusively upon the taxable property in said improvement district; (f) the maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 40 years; (g) the maximum rate of interest to be paid, which shall not exceed 7 percent per annum, payable semiannually, except that interest for the first year may be payable at the end of the said year; (h) the measure to be submitted to the voters; (i) the date upon which an election shall be held for the purpose of authorizing said bonded indebtedness to be incurred; and (j) the designation of precincts, the location of polling places, and the names of the officers selected to conduct the election, who shall consist of one judge, one inspector and two clerks in each precinct.

The board of directors shall provide for holding such special election on the day so fixed and in accordance with the provisions of the Elections Code so far as the same shall be applicable, except as herein otherwise provided. Notice of the holding of such election shall be given by publishing pursuant to Section 6066 of the Government Code the resolution calling the election prior to the date of the proposed election in at least one newspaper printed and published in the agency, if there is a newspaper printed and published in such agency. Such resolution shall also be posted in three public places in such improvement district not less than two weeks prior to

the date of the proposed election. No other notice of such election need be given.

The returns of such election shall be made, the votes canvassed by said board of directors within seven days following said election, and the results thereof ascertained and declared in accordance with the provisions of the Elections Code so far as they may be applicable, except as in this act otherwise provided. The secretary of the board of directors, as soon as the result is declared, shall enter in the records of such board a statement of such results. No irregularities or informalities in conducting such election shall invalidate the same, if the election shall have otherwise been fairly conducted.

Any action or proceeding, wherein the validity of the formation of the improvement district or of any such bonds or of the proceedings in relation thereto is contested, questioned or denied, shall be commenced within three months from the date of such election; otherwise, said bonds and all proceedings in relation thereto, including the formation of the improvement district, shall be held to be valid and in every respect legal and incontestable.

SEC. 30. Any portion of the Bighorn Mountains Water Agency whether contiguous or not to an improvement district thereof may be annexed to said improvement district in the following manner. A petition, which may consist of any number of separate instruments, shall be filed with the secretary of the agency, signed by holders of title to sixty percent (60%) or more of the land in the portion proposed to be annexed, which land as so represented in said petition shall have an assessed valuation of not less than fifty percent (50%) of the land so proposed to be annexed. The petition shall contain the following: (a) a description of the area proposed to be annexed, which may be made by reference to a map on file with the secretary of the agency, which map shall govern for all details as to the extent of the area proposed to be annexed, or in any other definite manner; (b) the terms and conditions upon which said proposed area may be annexed as theretofore determined by resolution adopted by the board of directors of the agency; and (c) a prayer that the board of directors declare such area to be annexed to the improvement district. Said petition shall be accompanied by a certified check payable to the order of the agency in sufficient sum to reimburse said agency for expenses of processing and publishing the petition and preparing and making the filings required by law.

Within 10 days of the date of the filing of such petition the secretary of the agency shall examine the same and ascertain whether or not such petition is signed by the required number of property owners; and, if requested by the secretary of the agency, the board of directors shall authorize him to employ persons especially for that purpose, in addition to the persons regularly employed in his office, and shall provide for their

compensation. When the secretary of the agency has completed his examination of the petition, he shall attach to the same his certificate, properly dated, showing the result of such examination; and if from such examination he shall find that said petition is signed by the requisite number of property owners, or is not so signed, he shall certify that the same is sufficient, or insufficient, as the case may be.

If by the certificate of the secretary of the agency the petition is found to be insufficient, said petition may be amended by filing a supplemental petition or petitions within 10 days of the date of such certificate. The secretary of the agency shall within 10 days after the filing of such supplemental petition or petitions, make like examination of the same and certify to the result of such examination as hereinbefore provided.

If by the certificate of the secretary such petition or petition as amended, is shown to be sufficient the secretary shall cause notice of hearing on the petition to be published and posted without delay.

The text of said petition shall be published pursuant to Section 6066 of the Government Code prior to the time at which the same is to be presented to the board of directors of the agency in at least one newspaper printed and published in the Bighorn Mountains Water Agency, if there is a newspaper printed and published in such agency; together with a notice stating the time and place of the meeting at which the same will be presented. When contained upon one or more instruments one copy only of such petition need be published. No more than five of the names attached to said petition need appear in said publication of said petition and notice, but the number of signers shall be stated. Said notice and petition shall also be posted in three public places in the improvement district and three public places in the area proposed to be annexed, at least two weeks prior to the hearing.

The board of directors of the agency shall proceed to hear the petition at the time and place fixed therefor and any person residing within the agency or improvement district or owning taxable property in said agency or improvement district shall be entitled to appear and be heard at such hearing. Such hearing may be continued from time to time by the board of directors of the agency. At the conclusion of the hearing, and if the board of directors finds and determines from the evidence presented at said hearing that the area proposed to be annexed to an improvement district will be benefited thereby, and that the improvement district to which said area proposed to be annexed will also be benefited thereby and will not be injured thereby, then and in such case the board of directors of the agency may, by resolution, approve such annexation, describing the territory so annexed, which may be by reference to a map on file with the secretary of the agency shall govern for all details as to the extent of the annexed area, or in

any other definite manner, and the terms and conditions of annexation as theretofore determined by resolution of the board of directors.

From and after the date of the adoption of such resolution the area named therein shall be deemed added to and shall form a part of said improvement district and the taxable property therein shall be subject to taxation thereafter for the purposes of said improvement district, including the payment of the principal of and interest on bonds and other obligations of such improvement district at the time authorized and outstanding at the time of said annexation as if said annexed property had always been a part of said improvement district, and the board of directors of the Bighorn Mountains Water Agency shall be empowered to do all things necessary to enforce and make effective the terms and conditions of annexation fixed as hereinabove authorized.

Any action or proceeding wherein the validity of any such annexation is contested, questioned or denied must be commenced within three months after the date of issuance by the Secretary of State of his certificate; otherwise said annexation shall be held to be valid and in every respect legal and incontestable.

SEC. 31. If from such returns it appears that more than two-thirds of the votes cast in such election held pursuant to the provisions of Section 28 or of Section 29 of this act, were in favor of and assented to the incurring of such indebtedness, then the board of directors may, by resolution, at such time or times as it deems proper, issue bonds of the agency for the whole or any part of the amount of the indebtedness so authorized, and may from time to time provide for the issuance of such amounts as the necessity thereof may appear, until the full amount of such bonds authorized shall have been issued. Said full amount of bonds may be divided into two or more series and different dates fixed for each of the series. The maximum term which the bonds of any series shall run before maturity shall not exceed 40 years from the date of each series respectively.

The board of directors shall, by resolution, prescribe the form of the bonds and the form of the coupons attached thereto and fix the time when the whole or any part of the principal shall become due and payable. The payment of the first installment of principal may be deferred for a period of not more than five years from the date of the bonds or the date of the bonds of each series respectively. The bonds shall bear interest at a rate or rates not to exceed 7 percent per annum, payable semiannually, except that interest for the first year may be payable at the end of said year. The board of directors may also provide for call and redemption of bonds prior to maturity at such times and prices and upon such other terms as it may specify. A bond shall not be subject to call or redemption prior to maturity unless it contains a recital to that effect or unless a statement to that effect is printed thereon.

The denomination of the bonds shall be stated in the resolution providing for their issuance, but shall not be less than one hundred dollars ($100). The principal and interest shall be payable in lawful money of the United States at the office of the treasurer of the district or such other place or places as may be designated, or at either place or places at the option of the holder of the bond.

The bonds shall be dated, numbered consecutively, and be signed by the president and treasurer of the agency, countersigned by the secretary of the agency, and the official seal of the agency attached. The interest coupons of such bonds shall be signed by the treasurer of said agency. All such signatures and countersignatures may be printed, lithographed, or mechanically reproduced, except that one of said signatures or countersignatures to said bonds shall be manually affixed.

If the bond election proceedings have been limited to and have applied only to an improvement district within said agency, said bonds are bonds of the agency and shall be issued in the name of the agency and shall be designated "Bonds of the Bighorn Mountains Water Agency for Improvement District No. __" and each bond and all interest coupons thereof shall state that taxes levied for the payment thereof shall be levied exclusively upon the taxable property in said improvement district.

Before selling the bonds, or any part thereof, the board of directors shall give notice inviting sealed bids in such manner as it may prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if said board determines that the bids received are not satisfactory as to price or responsibility of the bidders, it may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

The proceeds arising from the sale of bonds shall be paid into the treasury of the agency and placed to the credit of a special improvement fund and expended only for the purpose for which the indebtedness was created; provided, however, that when said purpose has been accomplished any moneys remaining in said special improvement fund may be transferred to the fund to be used for the payment of principal of and interest on the bonds. Said remaining moneys remaining from the sale of bonds of the agency may also be used for some other agency purpose. Such moneys remaining from the sale of bonds of the agency for an improvement district therein may also be used for any purpose which will benefit the property in the improvement district. Said moneys may not be used for said other agency purpose or improvement district purpose until two-thirds of the qualified voters of said agency or improvement district have consented thereto at a special election called in said agency or improvement district by the board of directors. Notice of said election shall be given in the manner provided for bond elections in said agency or improvement

district, as the case may be, and in other respects the election shall be conducted as are other agency elections.

SEC. 32. Any bonds issued by the Bighorn Mountains Water Agency are hereby given the same force, value and use as bonds issued by any city and shall be exempt from all taxation within the State of California.

SEC. 33. Notice of said hearing shall be given by publishing a copy of the resolution pursuant to Section 6066 of the Government Code prior to the time fixed for the hearing in a newspaper circulated in the Bighorn Mountains Water Agency, if there is a newpaper circulated therein. Said notice shall also be given by posting a copy of said resolution in three public places within the proposed improvement district for at least two weeks before the time fixed for said hearing.

At the time and place so fixed, or at any time or place to which the hearing is adjourned, the board shall proceed with the hearing at which hearing any person interested, including all persons owning property in the agency, or in the proposed improvement district, may appear and present any matters material to the questions set forth in the resolution. At the conclusion of the hearing the board shall by resolution determine whether it is necessary to form said improvement district, and, if so, the resolution shall also state the purpose for which the proposed improvement district is to be formed, estimated expense of carrying out said purpose, that the exterior boundaries of the portion of the agency which will be benefited are

set forth on a map on file with the secretary of the agency, which map shall govern for all details as to the extent of the improvement district, and that said portion of the agency set forth on said map, shall thereupon constitute and be known as "Improvement District (A, B, C, or other letter designation) of the Bighorn Mountains Water Agency," and the determinations made in said resolution shall be final and conclusive. After the formation of such improvement district within the Bighorn Mountains Water Agency pursuant to this section all taxes levied for the carrying out of said purpose shall be levied exclusively upon the taxable property in the improvement district.

A copy of the resolution forming the improvement district shall be published pursuant to Section 6066 of the Government Code in a newspaper printed and published in the agency, if there is a newspaper printed and published in the agency, and a copy of said resolution shall also be posted in three public places within the proposed improvement district for at least two weeks. Said resolution shall not be effective until the 31st day after completion of said publication and/or posting. If before said effective date a petition signed by not less than 10 percent of the voters of the improvement district requesting that an election be held on the formation thereof is presented to the board of directors, said board shall call a special election in the improvement district for the purpose of submitting the question of the formation of the improvement district to the voters of said improvement district.

The board of directors shall provide for holding such special election on the day so fixed and in accordance with the provisions of the Elections Code so far as the same shall be applicable, except as herein otherwise provided. Such resolution shall also be posted in three public places in such improvement district not less than two weeks prior to the date of the proposed election. No other notice of such election need be given.

The returns of such election shall be made, the votes canvassed by said board of directors within seven days following said election, and the results thereof ascertained and declared in accordance with the provisions of the Elections Code so far as they may be applicable, except as in this act otherwise provided. The secretary of the board of directors, as soon as the result is declared, shall enter in the records of such board a statement of such results. No irregularities or informalities in conducting such election shall invalidate the same, if the elections shall have otherwise been fairly conducted.

If from such returns it appears that a majority of the votes cast at such election were in favor of the formation of such

improvement district, the formation of such improvement district shall be complete.

Any action or proceeding wherein the validity of the formation of the improvement district or of any of the proceedings in relation thereto is contested, questioned or denied, shall be commenced within three months from the effective date of the resolution forming such district, or if an election is held, within three months from the date of such election, otherwise the formation of the improvement district and all proceedings in relation thereto, shall be held to be valid and in every respect legal and incontestable.

The Legislature hereby declares that it would have passed this act and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that one or more sections, subsections, sentences, clauses or phrases or the application thereof to any person or circumstance be held invalid.

SEC. 49. The inclusion in, or annexation or addition to this agency, of the corporate area of any public corporation or public agency shall not destroy the identity or legal existence or impair the powers of any such public corporation or public agency, notwithstanding the identity of purpose, or substantial identity of purpose of this agency. (b) The amount of debt to be incurred, which may include expenses of all proceedings for the authorization, issuance, and sale of the bonds.

(c) That taxes for the payment of the bonds and the interest thereon will be levied exclusively upon the taxable property in the uninhabited improvement district.

The resolution of intention shall also state that a general description of the proposed improvement, together with a map showing the exterior boundaires of the proposed uninhabited improvement district with relation to the territory immediately contiguous thereto and to the proposed improvement is on file with the secretary and is available for inspection by any person or persons interested. This map shall govern for all details as to the extent of the proposed uninhabited improvement district.

The resolution of intention shall also state:

(a) The time and place for a hearing by the board on the questions of the formation and extent of the proposed uninhabited improvement district, the proposed improvement, and the amount of debt to be incurred.

(b) That at the time and place specified in the resolution any person interested will be heard, and that any owner of property within the proposed uninhabited improvement district may file with the secretary at any time prior to the time set for the hearing thereon written protest to the formation of the proposed uninhabited improvement district.

Such notice shall also be given by posting a copy of the resolution of intention in three public places within the proposed uninhabited improvement district for at least two weeks before the time fixed for the hearing.

A copy of the resolution of intention shall also be mailed, postage prepaid, to each person to whom land in the proposed uninhabited improvement district is assessed as shown on the last equalized county assessment roll, at his address as shown upon the roll, and to any person, whether owner in fee or having a lien upon, or legal or equitable interest in, any land within the proposed uninhabited improvement district, whose name and address and a designation of the land in which he is interested is on file with the secretary.

At the time and place fixed in the resolution of intention, or at any time or place to which the hearing is adjourned, the board shall proceed with the hearing. At the hearing any person interested may appear and present any matters material to the questions set forth in the resolution. Also at the hearing the board shall hear and pass upon all written protests filed by the owners of property within the proposed uninhabited improvement district.

If written protests are filed by the owners of one-half of the value of the property within the proposed uninhabited improvement district, as shown by the last equalized assessment roll of the county, further proceedings shall not be taken. If such protests are not made the board shall by resolution determine whether it is necessary to incur the bonded indebtedness and if so, the resolution shall also state:

(a) The purpose for which the proposed debt is to be incurred.

(b) The amount of the proposed debt.

(c) That the exterior boundaries of the portion of the agency which will be benefited are set forth on a map on file with the secretary, which map shall govern for all details as to the extent of the uninhabited improvement district.

(d) That such portion of the agency set forth on the map shall thereupon constitute and be known as "Improvement District No. _____ of _____ Bighorn Mountains Water Agency".

The determinations made in the resolution of formation shall be final and conclusive.

After the formation of the uninhabited improvement district pursuant to this law the board may, by resolution, at such time or times as it deems proper, issue bonds of the agency, pursuant to Section 31 of this law, for the whole or any part of the amount of the indebtedness authorized by the resolution of formation. All taxes levied for the payment of the bonds and the interest thereon shall be levied exclusively upon the taxable property in the uninhabited improvement district.

Any action or proceeding in which the validity of the formation of an uninhabited improvement district or of any of the proceedings in relation thereto is contested, questioned, or denied shall be commenced within three months from the

date of the resolution forming such district; otherwise the formation of the uninhabited improvement district and all proceedings in relation thereto shall be held to be valid and in every respect legal and incontestable.

The board may advance general funds of the agency to accomplish the purposes of an improvement district formed pursuant to this law.

The board may repay the agency for any advance of funds from the proceeds of the sale of bonds authorized for the purposes of the improvement district.

SEC. 53. The board, by resolution, may initiate proceedings for the annexation of territory within the agency whether contiguous or not to an improvement district to such improvement district.

The resolution proposing annexation shall:

(a) Declare that proceedings have been initiated by the board pursuant to this law.

(b) State the reason for proposing the annexation.

(c) Set forth a description of the area proposed to be annexed, which may be made by reference to a map on file with the secretary of the agency which map shall govern for all details as to the extent of the area proposed to be annexed.

(d) State the terms and conditions of the annexation.

(e) State that the holders of title to any of the land sought to be annexed may file written protests with the secretary to the annexation or the annexation upon such terms and conditions.

(f) Fix the time and place of a meeting at which the board will receive written protests theretofore filed with the secretary, receive additional written protests, and hear from any and all persons interested in the annexation.

The text of the resolution proposing annexation shall be published, pursuant to Section 6066 of the Government Code, prior to the time of hearing in at least one newspaper printed and published in the agency, if there is a newspaper published and printed in the agency.

A copy of the resolution proposing annexation shall also be posted in three public places within the improvement district and three public places in the area proposed to be annexed at least two weeks prior to the hearing.

The board shall proceed with the hearing at the time and place fixed therefor and may continue the hearing, if need be, from time to time. All interested persons will be heard at the hearing.

If written protests are filed by the holders of title of one-half of the value of the territory proposed to be annexed as shown by the last equalized assessment roll of each county in which the territory is situated, further proceedings shall not be taken, and the board shall refuse the annexation by a resolution so stating.

If written protest is not made by the owners of one-half of the value of the territory proposed to be annexed, and if, at the conclusion of the hearing, the board finds and determines from the evidence presented at the hearing that the area proposed to be annexed to an improvement district will be benefited thereby, and that the improvement district to which the area proposed to be annexed will also be benefited thereby and will not be injured thereby, the board may, by resolution, approve such annexation.

The resolution shall describe the territory annexed, which may be by reference to a map on file with the secretary, which map shall govern for all details as to the extent of the annexed area. The resolution shall also state the terms and conditions of annexation as theretofore determined by resolution of the board.

If the board finds and determines that either the area proposed to be annexed to the improvement district will not be benefited thereby or that the improvement district to which the area is proposed to be annexed will not be benefited thereby and will be injured thereby, the board shall by resolution disapprove such annexation.

From and after the date of the adoption of the resolution approving the annexation, the area described therein is added to and forms a part of the improvement district.

The taxable property in the annexed area shall be subject to taxation after the annexation thereof for the purposes of the improvement district, including the payment of the principal of and interest on bonds and other obligations of the improvement district authorized and outstanding at the time of the annexation as if the annexed property had always been a part of the improvement district.

The board may do all things necessary to enforce and make effective the terms and conditions of annexation fixed by it.

Any action or proceeding in which the validity of an annexation to an improvement district pursuant to this section is contested, questioned, or denied shall be commenced within three months after the date of the resolution of the board approving the annexation of the territory to an improvement district; otherwise, the annexation shall be held valid and in every respect legal and incontestable.

SEC. 53.1. Notwithstanding the provisions of Section 53, if the petition for annexation of land to an improvement district formed under Section 33 is signed by all of the holders of title of land in the portion proposed to be annexed, the board may proceed and act thereon without notice and hearing, but shall otherwise comply with the applicable provisions of this law.

SEC. 53.2. Proceedings to exclude territory from an improvement district, formed pursuant to Section 33, may be initiated by the board upon its own motion, or shall be initiated by the board upon receipt of a petition for exclusion signed by

not less than 10 percent of the voters of the area proposed to be excluded, which states reasons such exclusion will be beneficial to the agency or the improvement district or the territory to be excluded.

Upon adoption of said motion to initiate exclusion proceedings or upon receipt of said petition for exclusion, the board shall adopt a resolution of intention to exclude which shall state:

(a) The method by which said exclusion proceedings were initiated; by motion of the board or by petition of voters.

(b) That taxes for carrying out the purpose of the improvement district will not be levied upon taxable property in the excluded territory following such exclusion in the event such territory is excluded.

(c) That following such exclusion, the taxable property in the territory remaining in said improvement district shall continue to be levied upon and taxed to provide funds for the purposes of said improvement district.

The resolution of intention to exclude shall also state that a map showing the exterior boundaries of the proposed territory to be excluded, with relation to the territory remaining in said improvement district, is on file with the secretary and is available for inspection by any person or persons interested. This map shall govern for all details as to the extent of the proposed exclusion.

The resolution of intention shall also state:

(a) The time and place for a hearing by the board on the questions of the proposed exclusion and the effect of such exclusion upon the agency, the improvement district and the territory to be excluded.

(b) That at such time and place any person interested, including all persons owning property in the agency or in the improvement district, will be heard.

Notice of the hearing shall be given by publishing a copy of the resolution of intention to exclude, pursuant to Section 6066 of the Government Code, prior to the time fixed for the hearing in a newspaper circulated in the agency, if there is a newspaper printed and published in the agency. Such notice shall also be given by posting a copy of the resolution of intention to exclude in three public places within the affected improvement district for at least two weeks before the time fixed for the hearing.

At the time and place so fixed in the resolution of intention to exclude, or at any time or place to which the hearing is adjourned, the board shall proceed with the hearing. At the hearing any person interested, including any person owning property in the agency, or in the improvement district may appear and present any matters material to the questions set forth in the resolution of intention to exclude.

At the conclusion of the hearing, the board shall by resolution determine whether it is necessary or desirable to exclude said territory. If so, the resolution shall also state:

(a) The reasons why such exclusion is necessary or desirable.

(b) That the exterior boundaries of the improvement district following such exclusion are set forth on a map on file with the secretary, which map shall govern all details as to the extent of said, then existing, improvement district.

The determinations made in the resolution of exclusion shall be final and conclusive.

After the exclusion of territory from the improvement district pursuant to this section, all taxes levied for the carrying out of said improvement district's purpose shall be levied exclusively upon the taxable property in the improvement district as then constituted.

A copy of the resolution of exclusion shall be published pursuant to Section 6066 of the Government Code in a newspaper printed and published in the agency, if there is a newspaper printed and published in the agency. A copy of the resolution shall also be posted in three public places within the improvement district for at least two weeks.

The resolution of exclusion shall not be effective until the 31st day after completion of the publication and posting.

Any action or proceeding in which the validity of the exclusion of territory from the improvement district or of any of the proceedings in relation thereto is contested, questioned, or denied shall be commenced within three months from the effective date of the resolution of exclusion; otherwise, the exclusion and all proceedings in relation thereto shall be held to be valid and in every respect legal and incontestable.

SEC. 54. Notwithstanding any other provision herein, whenever the board deems it necessary for any improvement district formed pursuant to this act to be dissolved, it shall by resolution declare its intention to dissolve the improvement district.

As used in this act, "improvement district" includes an uninhabited improvement district formed pursuant to Section 52.

The resolution of intention shall state:

(a) The reason why the improvement district should be dissolved.

(b) If the improvement district was formed pursuant to Section 29 or Section 52 of this act, that no bonds have been issued for the improvement district or are outstanding.

(c) If the improvement district was formed pursuant to Section 33 of this act, that no indebtedness or liability was incurred for the improvement district or is outstanding.

(d) That a map showing the exterior boundaries of the improvement district, with relation to the territory immediately contiguous thereto, is on file with the secretary and is available for inspection by any person or persons interested.

(e) The time and place for a hearing by the board on the question of the dissolution of the improvement district.

(f) That at such time and place any person interested, including all persons owning property in the agency or in the improvement district will be heard.

Notice of the hearing shall be given by publishing a copy of the resolution, pursuant to Section 6066 of the Government Code, prior to the time fixed for the hearing in a newspaper circulated in the agency, if there is a newspaper circulated in the agency. Such notice shall also be given by posting a copy of the resolution in three public places within the improvement district for at least two weeks before the time fixed for the hearing.

At the time and place fixed in the resolution of intention, or at any time or place to which the hearing is adjourned, the board shall proceed with the hearing. At the hearing any person interested, including all persons owning property in the agency, or in the improvement district, may appear and present any matters material to the proposed dissolution.

At the conclusion of the hearing, the board shall by ordinance determine whether it is necessary to dissolve the improvement district. If so, the ordinance shall state that the exterior boundaries of the improvement district are set forth on a map on file with the secretary and shall declare the improvement district dissolved. The determinations made in the ordinance shall be final and conclusive.

When the ordinance declaring an improvement district dissolved becomes effective, the dissolution of such improvement district is complete.

The taxable property within the boundaries of the dissolved improvement district shall continue to be taxed for any indebtedness of the agency contracted for such dissolved improvement district until the indebtedness has been satisfied, to the same extent that such property would be taxable for such purpose if the dissolution had not occurred.

Any action or proceeding in which the validity of the dissolution of an improvement district, or of any of the proceedings in relation thereto, is contested, questioned, or denied shall be commenced within three months from the effective date of the ordinance dissolving the improvement district; otherwise, the dissolution of the improvement district and, all proceedings in relation thereto, shall be held to be valid and in every respect legal and incontestable.

After a bond election has been held in an improvement district formed pursuant to Section 29 of this law and less than two-thirds of the votes cast in such election were in favor of the measure the board may within one year of the date of such election call and hold another election as provided in Sections 28 and 29 of this law for the purpose of resubmitting said measure to the electors of said improvement district. If said measure is not so resubmitted said improvement district, on the anniversary date of the election, is dissolved without further action by the board. If said measure is resubmitted and fails to receive more than two-thirds of the votes cast in such

election in favor of said measure said improvement district is dissolved following the canvass of the election returns.

SEC. 55. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The area embraced within the boundaries of the proposed Bighorn Mountains Water Agency has no integrated water system. The homes located there now depend entirely on individual wells and some are even supplied water by trucks. Unless the territory is organized into an agency capable of finding solutions to its water problems at once, the value of the property within its boundaries will be jeopardized and applications for loans and grants from the federal government to construct a water distribution system may not materialize. It is imperative that at the earliest possible time the area have a representative agency to speak and act for it in the planning, financing and construction of an adequate water system.

CHAPTER 1176

The people of the State of California do enact as follows:

SECTION 1. Section 7019 is added to the Business and Professions Code, to read:

7019. A contractor shall not, however, be required to provide a copy of such form to the owner of property who is acting in a capacity of a licensed general building contractor for such improvement.

CHAPTER 1177

An act to amend Sections 56003.1, 56028, and 56039 of the Government Code, relating to city annexation.

[Approved by Governor August 30, 1969 Filed with Secretary of State August 31, 1969]

The people of the State of California do enact as follows:

SECTION 1. Section 56003.1 of the Government Code is amended to read:

56003.1. Except as provided in this section, this division shall have no application to the incorporation of cities, the annexation or detachment of territory to or from cities, minor changes of city boundaries or the consolidation or disincorporation of cities or to the formation of districts (except when any such formation is a part of a reorganization) or to proceedings for any of the foregoing. An annexation to a city which is proposed as a part of a plan of reorganization may be conducted in accordance with the procedures for reorganization set forth in this division unless the affected city objects thereto. In any commission order giving approval to any of the matters provided for in subdivision (a) of Section 56250, the commission may make any such approval conditional upon:

(a) The initiation, conduct or completion of proceedings for the incorporation of any city, the annexation or detachment of territory to or from any city, the consolidation of any cities or the disincorporation of any city or for the formation of any district; and

(b) The approval or disapproval, with or without election, as may be provided by law, of any resolution or ordinance ordering any such incorporation, annexation, detachment, consolidation, disincorporation or formation of a district.

If a commission shall so condition its approval, the commission may order that any further action pursuant to this division shall be continued and held in abeyance for such period of time as the commission may designate, not to exceed six months from the date of such conditional approval.

Any such commission order may also provide that any election called upon the question of confirming a change of organization or a reorganization pursuant to the provisions of this division shall be called, held and conducted before, upon the same date as, or after the date of any election to be called, held and conducted upon the incorporation of any city, the annexation or detachment of territory to or from any city, the consolidation of any cities or the disincorporation of any city or upon the formation of any district.

SEC. 2. Section 56028 of the Government Code is amended to read:

56028. "Change of organization" means an annexation or detachment of territory to or from a district, a minor boundary

change, the dissolution or consolidation of any district or districts, a merger or the establishment of a subsidiary district, and, in the case of a reorganization, also includes formations and annexations to cities when the affected cities do not object to such annexations.

(f) A special assessment district;

(g) An improvement district;

(h) A soil conservation district;

(i) An air pollution control district;

(j) A bridge and highway district or a joint highway district;

(k) A transit or rapid transit district or authority;

CHAPTER 1178

An act to add Sections 15955.1 and 16803.2 to the Education Code, relating to school property and equipment, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 15955.1 is added to the Education Code, to read:

15955.1. Contracts for the rental, lease, or lease-purchase of motor vehicles, other than schoolbuses, equipment or systems to be furnished, built or installed for the district may be made for a period not to exceed five years, such contracts to be renewable at the option of the district for an additional period not to exceed five years; provided, that rate of the renewal contract is not greater than the rate set in the existing contract. For the sole purpose of identifying that portion of each annual rental or lease payment which may represent tax exempt reimbursement to the vendor, lessor or their assignees, bidders may include in their bids abstractions of their quotations indicating the pricing structure used to compute the annual rental or lease payments.

SEC. 2. Section 16803.2 is added to the Education Code, to read:

16803.2. In bidding on contracts to be made pursuant to Section 16803, bidders may include in their bids abstractions of their quotations indicating the pricing structure used to compute the annual lease or rental payments for the sole purpose of identifying that portion of each annual lease or rental payment which may represent tax exemption reimbursement to the vendor, lessor or to their assignees.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Unless this act takes effect immediately, school districts will be unable to obtain the lower lease and rental rates available to them if that portion of such rates which reflects tax exempt reimbursement is clearly delineated in bid and contract documents relating to the rental, lease, or lease-purchase of motor vehicles, equipment and systems. In the absence of this provision, the higher costs of these types of contracts will have to be borne by the taxpayers of the state and of the local school districts.

CHAPTER 1179

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969]

A person holding a license as a physical therapist issued by the board may use the title "physical therapist" or the letters "P.T." or any other words, letters or figures which indicate that the person using same is a licensed physical therapist. Notwithstanding the provisions of this section, a licentiate of this chapter may use an initial or other suffix indicating possession of a specific academic degree earned at, and issued by, an institution accredited by the Western Association of Schools and Colleges or any accrediting agency recognized by the National Commission on Accrediting which the board determines is equivalent, except that the initials "M.D." shall not be used unless such licentiate is licensed as a physician and surgeon in this state.

CHAPTER 1189

An act to amend Section 2982 of the Civil Code, relating to automobile conditional sales contracts.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 2982 of the Civil Code is amended to read:

2982. (a) Every conditional sale contract for the sale of a motor vehicle, with or without accessories, shall be in writing and, if printed, shall be printed in type no smaller than six point, and shall contain in a single document all of the agreements of the buyer and seller with respect to the total cost and the terms of payment for the motor vehicle, including any promissory notes or any other evidences of indebtedness. The conditional sale contract or a purchase order shall be signed by the buyer or his authorized representative and by the seller or its authorized representative, and an exact copy thereof shall be furnished the buyer by the seller at the time the buyer and the seller have signed the contract or purchase order. No motor vehicle shall be delivered under this chapter until the seller delivers to the buyer a fully executed copy of the conditional sale contract or purchase order and any vehicle purchase proposal and any credit statement which the seller has required or requested the buyer to sign, and which he has signed, during the contract negotiations. The seller shall not obtain the signature of the buyer to a contract when it contains blank spaces to be filled in after it has been signed. Every condi-

tional sale contract shall contain, although not necessarily in the sequence or order set forth below, the following separate items:

1. The cash price of the motor vehicle described in the conditional sale contract.

2. The amount of the buyer's down payment, and whether made in cash or represented by the net agreed value of described property traded in, or both, together with a statement of the respective amounts credited for cash and for such property.

3. The amount unpaid on the cash price, which is the difference between Items 1 and 2.

4. The cost to the buyer of any insurance, the premium for which is included in the contract balance. Any such cost for credit life or disability insurance may be included in the finance charge if the amount thereof is separately stated on the face of the contract.

5. The amount of the unpaid balance, which is the sum of Items 3 and 4.

6. The amount of the finance charge.

7. The contract balance owed by the buyer to the seller, which is the sum of Items 5 and 6.

8. The number of installments required to pay the contract balance, the amount of each installment, and the date for payment of the installments.

9. The names and addresses of all persons to whom the notice required under Section 2983.2 and permitted under Sections 2983.5 and 2984 of this code is to be sent.

10. A notice, in at least eight-point bold type if the contract is printed, reading as follows: "Notice to the buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) Under the law, you have the right to pay off in advance the full amount due and under certain conditions to obtain a partial refund of the finance charge. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(b) If any charge for insurance (other than for credit life or disability) is included in the contract balance and disbursement of any part thereof be made more than one year after the date of the conditional sale contract, any finance charge on the amount to be disbursed after one year shall be computed from the month the disbursement is to be made to the due date of the last installment under the conditional sale contract.

(c) The amount of the finance charge in any conditional sale contract for the sale of a motor vehicle, with or without accessories, shall not exceed 1 percent of the unpaid balance multiplied by the number of months (computed on the basis

of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment, or twenty-five dollars ($25), whichever is greater. The contract may provide for a delinquency charge or charges on any installment in default for a period of not less than 10 days in an amount not to exceed in the aggregate 5 percent of the installment, which amount may be collected only once on any installment regardless of the period during which it remains in default. The contract may provide for reasonable collection costs and fees in the event of delinquency.

(d) Any provision in any conditional sale contract for the sale of a motor vehicle to the contrary notwithstanding, the buyer shall have the privilege of paying at any time in full the indebtedness evidenced by the contract. Whenever an indebtedness is liquidated prior to maturity by prepayment or refinancing, or upon surrender or repossession and resale of the motor vehicle, the holder shall thereupon refund to the buyer the unearned portion of the finance charge. The refund may be made in cash or credited to the amount due on the obligation of the buyer. The amount of the refund shall represent at least as great a proportion of the finance charge, after first deducting therefrom twenty-five dollars ($25), as the sum of the periodic time balances payable more than 15 days after the date of prepayment (or other event entitling the buyer to the refund) bears to the sum of all of the periodic time balances under the schedule of installments in the contract. The provisions of this subdivision shall not impair the right of the seller or his assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (c) of this section. Where the amount of such refund is less than one dollar ($1), no refund need be made.

CHAPTER 1190

An act to amend Section 70 of the Streets and Highways Code, relating to the California Highway Commission.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 70 of the Streets and Highways Code is amended to read:

70. There is in the department the California Highway Commission, consisting of seven members. The chairman of the commission shall be selected by a majority vote of the members thereof and shall serve for one year. Said term shall commence on a date to be determined by rule of the commission, provided that no member shall serve as chairman for more

than two successive terms. The Governor shall nominate and, with the advice and consent of the Senate, shall appoint the members of the commission. Except as provided in Section 70.1, the members shall hold office for terms of four years and until their successors are appointed and qualify. The members shall receive their actual and necessary traveling expenses incurred in the discharge of their duties. Each member of the commission shall take the oath of office prescribed for other state officers. The Director of Public Works shall not be a member of the commission but shall serve as administrative officer thereof and may act for the chairman of the commission in administrative matters. He shall prepare or cause to be prepared the agenda for all meetings of the commission and may, as necessary, call meetings of the commission. The divisions shall transmit their recommendations affecting the activities of the commission directly to the director. He shall have final authority and responsibility to make such recommendations, but he shall transmit the recommendations of the divisions to the commission along with his own. The director shall comment on all recommendations made to the commission by the divisions when he deems the recommendation to be of major importance, or when he deems it desirable, or when requested so to do by the commission or any member thereof.

CHAPTER 1191

An act to add Article 3 (commencing with Section 24320) to Chapter 6 of Part 11 of Division 2 of the Revenue and Taxation Code, relating to the bank and corporation tax.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Article 3 (commencing with Section 24320) is added to Chapter 6 of Part 11 of Division 2 of the Revenue and Taxation Code, to read:

Article 3. Other Exclusions

24320. Income derived from the operation of aircraft or a ship or ships by a corporation organized under the laws of a foreign country shall not be included in gross income, and shall be exempt from the taxes imposed by this part if:

(a) The aircraft are registered or the ships are documented under the laws of the foreign country;

(b) The income of the corporation is exempt from national income taxes by reason of a treaty or agreement between such foreign country and the United States which provides for an equivalent exemption to corporations organized in the United States; and

(c) Units of government (other than at the national level) within such foreign country do not impose a tax upon corporations organized in the United States with respect to income derived from the operation of aircraft registered or ships documented under the laws of the United States.

24321. Notwithstanding any statute, ordinance, regulation, rule or decision to the contrary, no city, county, city and county, governmental subdivision, district, public and quasi-public corporation, municipal corporation, whether incorporated or not or whether chartered or not, shall levy or collect or cause to be levied or collected any tax upon income which is excludable from gross income and exempt from state taxes pursuant to Section 24320.

This section shall not be construed to authorize any such entity to levy a tax on, according to, or measured by, income or profits paid or accrued.

CHAPTER 1192

An act to amend Section 1802.6 of the Civil Code, relating to retail installment contracts.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 1802.6 of the Civil Code is amended to read:

1802.6. "Retail installment contract" or "contract" means any contract for a retail installment sale between a buyer and seller, entered into or performed in this state, which provides for (a) repayment in installments, whether or not such contract contains a title retention provision, and in which a time price differential is computed upon and added to the unpaid balance at the time of sale or where no time price differential is added but the goods or services are available at a lesser price if paid by cash or where the buyer, if he had paid cash, would have received any additional goods or services or any higher quality goods or services at no added cost over the total amount he pays in installments, or (b) which provides for payment in four or more installments. When taken or given in connection with a retail installment sale, the term includes but is not limited to a security agreement and a contract for the bailment or leasing of goods by which the bailee or lessee contracts to pay as compensation for their use a sum substantially equivalent to or in excess of their value and by which it is agreed that the bailee or lessee is bound to become, or has the option of becoming, the owner of the goods upon full compliance with the terms of the contract.

CHAPTER 1193

An act to add Article 9 (commencing with Section 1850) to Chapter 1 of Division 2.5 of the Welfare and Institutions Code, relating to juvenile rehabilitation, and making an appropriation.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Article 9 (commencing with Section 1850) is added to Chapter 1 of Division 2.5 of the Welfare and Institutions Code, to read:

Article 9. Youth Correctional Centers

1850. The purpose of this article is to protect society more effectively by providing a system of flexible constraints and controls that utilize short-term confinement for selected youthful offenders, followed by intensive probation supervision. To this end it is the intent of the Legislature that this article be liberally interpreted in conformity with its declared purpose.

1851. In order to provide appropriate facilities for the rehabilitative treatment of young offenders who otherwise may be committed to the Department of the Youth Authority or the Department of Corrections, and in order to provide this treatment in the community where family and personal relationships can be strengthened rather than severed, and in order to provide a range of alternative dispositions to the courts before whom young offenders appear, and in order to provide opportunities for private citizens to contribute actively to the rehabilitation of offenders in their own neighborhood, youth correctional centers may be established by ordinance by boards of supervisors of any county, as provided in this article.

1852. Complete operation and authority for administration of the youth correctional center shall be vested in the county. The board of supervisors shall place responsibility for internal management with the chief probation officer.

1853. Juvenile court wards and criminal offenders eligible for probation may be committed to youth correctional centers as a condition of probation, provided they come within all of the following descriptions:

(1) Who have not, at the time of commitment, reached the age of 25 years.

(2) Who have not been found guilty of a capital offense in a criminal proceeding.

(3) Who have been declared a ward of the juvenile court pursuant to Section 602, Welfare and Institutions Code, or who have been found guilty in a criminal proceeding of one

or more public offenses where the maximum term of confinement is not less than six months if the sentences run consecutively.

(4) Whose rehabilitation and reformation requires short-term confinement followed by intensive probation supervision.

The juvenile court may in its discretion commit any eligible ward of the juvenile court to the youth correctional center program and any criminal court may in its discretion commit any eligible offender to the youth correctional center program as a condition of probation, except that no commitment shall be placed into effect until the chief probation officer has certified to the committing court that the youth correctional center has adequate facilities to provide rehabilitative treatment for the offender.

1854. While under commitment to the youth correctional center, the offender is subject to the control of the chief probation officer. The offender may be confined to the center at all times; he may be released for brief periods to work, attend school, or engage in educational or recreational pursuits; or he may be allowed to live in the community and return to the center for specific services as directed by the chief probation officer.

1855. Earnings of offenders who reside in the center and work in the community shall be collected by the chief probation officer. From such earnings the chief probation officer may pay the offender's board and personal expenses and such administrative costs as are allocable to him. Any balance may be paid periodically to the offender as deemed appropriate by the chief probation officer. Upon the offender's release from juvenile court wardship or termination of his probation, all funds credited to his account shall be paid to him.

1856. When in the opinion of the chief probation officer an offender appears to be unamenable to the program of the youth correctional center, he shall be returned to the committing court for further disposition. The court shall then make an alternative disposition.

1857. The Youth Authority shall adopt and prescribe the minimum standards of construction, operation, programs of education or rehabilitative training or treatment, and qualifications of personnel for youth correctional centers established pursuant to this article. No county establishing or conducting such a youth correctional center shall be entitled to receive any state funds provided for in this article unless and until the minimum standards and qualifications referred to in this section are complied with by such county.

1858. No youth correctional center established pursuant to this article shall be planned to accommodate more than 350 youths under supervision at any one time. Any youth correctional center that consistently exceeds this capacity shall be ineligible to receive subsidy funds.

1859. Where any such youth correctional center is established, and where the minimum standards and qualifications provided for in Section 1857 have been complied with by the county, the State of California through the Youth Authority, out of any money appropriated for this purpose, shall reimburse the county at the rate of two hundred dollars ($200) per month per person being supervised by the youth correctional center during the first six months of such person's first-time participation in the center program. This amount shall be adjusted annually, upward or downward, by the Director of Finance in accordance with the proportionate increase or decrease in per capita costs for supervising Youth Authority wards in institutions and on parole.

Whenever a claim made by a county pursuant to this section covering a prior fiscal year is found to have been in error, adjustment may be made on a current claim without necessity of applying the adjustment to the appropriation for the prior fiscal year.

1860. (a) From any state moneys made available to it for that purpose, the Youth Authority shall share in the cost pursuant to this article of the construction of youth correctional centers established by counties which apply therefor.

(b) "Construction" as used in this section includes construction of new buildings and acquisition of existing buildings and initial equipment of any such buildings, and, to the extent provided for in regulations adopted by the Department of the Youth Authority, remodeling of existing buildings owned by the county, to serve as a youth correctional center, and initial equipment thereof. It does not include architects' fees or the cost of land acquisition.

(c) The amount of state assistance which shall be provided to any county shall not exceed 50 percent of the project cost approved by the Youth Authority and in no event shall it exceed three thousand dollars ($3,000) per offender the program is designed to accommodate.

(d) Application for state assistance for construction funds under this article shall be made to the Youth Authority in the manner and form prescribed by the Youth Authority, and the Youth Authority shall prescribe the time and manner of payment of state assistance, if granted.

1861. The Department of the Youth Authority shall report to the Legislature no later than the fifth legislative day of the 1974 Regular Session on the experiences and the results under the provisions of this article. Pending review by the Legislature of such report, the state shall not participate financially in the establishment of more than four youth correctional centers.

SEC. 2. In order to further reduce commitments to Youth Authority institutions by means of coordinated delinquency prevention efforts at the community level, there is hereby appropriated from the General Fund to the Department of the

Youth Authority the sum of one hundred thousand dollars ($100,000) to defray expenses, including the salaries of coordinators, incurred to carry out the program in Section 1902 of the Welfare and Institutions Code.

CHAPTER 1194

An act to amend Sections 1305 and 1306 of the Penal Code, relating to bail.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 1305 of the Penal Code is amended to read:

1305. (a) If, without sufficient excuse, the defendant neglects to appear for arraignment or for trial or judgment, or upon any other occasion when his presence in court is lawfully required, or to surrender himself in execution of the judgment, the court shall direct the fact to be entered upon its minutes and the undertaking of bail, or the money deposited instead of bail, as the case may be, shall thereupon be declared forfeited, and, if the amount of the forfeiture exceeds fifty dollars ($50), the clerk of the court shall, promptly upon entering the fact of such failure to appear in the minutes, mail notice of the forfeiture to the surety on the bond or depositor of money instead of a bond, and shall execute an affidavit of such mailing and place it in the court's file in the case. If the surety is an authorized corporate surety insurer, and if the bond has plainly printed or stamped thereon the address of its principal office in California, such notice shall be mailed to such surety at such address, and mailing to the bail agent or solicitor who posted the bond shall not constitute compliance with this section; the clerk shall at the same time send a copy of such notice to the bail agent or solicitor who posted the bond. If the clerk fails to mail such notice within 30 days after such entry, the surety or depositor shall be released from all obligations under the bond. But if at any time within 180 days after such entry in the minutes or, if mailing of notice of forfeiture is required, within 180 days after mailing such notice of forfeiture, the defendant and his bail appear, and satisfactorily excuse the defendant's neglect or show to the satisfaction of the court that the absence of the defendant was not with the connivance of the bail, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just. If within said 180 days after such entry in the minutes or mailing as the case may be, it be made to appear to the satisfaction of the court that the defendant is dead or is physically unable, by reason of illness or

insanity, or by reason of detention by civil or military authorities, to appear in court at any time during said 180 days, and that the absence of the defendant was not with the connivance of the bail, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just. If at any time within said 180 days after such entry in the minutes or mailing as the case may be, the surety insurer, its bail agent, the surety, or depositor of money instead of a bond should surrender the defendant to the court or to custody, then, upon seven days' written notice to the district attorney or representative of the people by the bail agent of the surety insurer, such surety, or such depositor, any of whom may give such notice and appear either in person or by attorney, or by the surety insurer, through its attorney, the court shall direct such fact to be entered upon its minutes and the forfeiture of the undertaking or the deposit shall be discharged upon such terms as may be just.

(b) If, without sufficient excuse, the defendant neglects to appear for arraignment, trial, judgment, or upon any other occasion when his presence in court is lawfully required, or to surrender himself in execution of the judgment, but the court has reason to believe that sufficient excuse may exist for his neglect to appear or surrender himself, the court may continue the case for such period as it deems reasonable to enable the defendant to appear without ordering a forfeiture of bail or issuing a bench warrant.

SEC. 2. Section 1305 of the Penal Code is amended to read:

1305. (a) If, without sufficient excuse, the defendant neglects to appear for arraignment or for trial or judgment, or upon any other occasion when his presence in court is lawfully required, or to surrender himself in execution of the judgment, the court shall direct the fact to be entered upon its minutes and the undertaking of bail, or the money deposited instead of bail, as the case may be, shall thereupon be declared forfeited, and, if the amount of the forfeiture exceeds fifty dollars ($50), the clerk of the court shall, promptly upon entering the fact of such failure to appear in the minutes, mail notice of the forfeiture to the surety on the bond or depositor of money instead of a bond, and shall execute an affidavit of such mailing and place it in the court's file in the case. If the surety is an authorized corporate surety insurer, and if the bond has plainly printed or stamped thereon the address of its principal office in California, such notice shall be mailed to such surety at such address, and mailing to the bail agent or solicitor who posted the bond shall not constitute compliance with this section; the clerk shall at the same time send a copy of such notice to the bail agent or solicitor who posted the bond. If the clerk fails to mail such notice within 30 days after such entry, the surety or depositor shall be released from all obligations under the bond. But if at any time within 180 days

after such entry in the minutes or, if mailing of notice of forfeiture is required, within 180 days after mailing such notice of forfeiture, the defendant and his bail appear, and satisfactorily excuse the defendant's neglect or show to the satisfaction of the court that the absence of the defendant was not with the connivance of the bail, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just. If within 180 days after such entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is dead or is otherwise permanently unable to appear in court due to illness, insanity, or detention by civil or military authorities, and that the absence of the defendant was not with the connivance of the bail, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just. If within 180 days after such entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is temporarily disabled by reason of illness, insanity, or detention by civil or military authorities and is therefore unable to appear in court at any time during the remainder of such 180 days, and that the absence of the defendant has not been with the connivance of the bail, then the period of time during which the disability continues shall not be deemed part of such 180 days. Upon a finding by the court that a reasonable period of time is necessary in order to return the defendant to court upon the termination of the disability, then such period of time, as fixed by the court, shall not be deemed part of such 180 days. If at any time within 180 days after such entry in the minutes or mailing as the case may be, the bail should surrender the defendant to the court or to custody, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just.

No order discharging the forfeiture of the undertaking or deposit shall be made without opportunity for hearing and the filing of a notice of motion for such order setting forth the basis for relief, with proof of service upon the district attorney or other representative of the people at least 10 days prior to the time set for hearing of the motion and otherwise in compliance with the provisions of Section 1010 of the Code of Civil Procedure. Such notice may be given by the surety insurer, its bail agent, the surety, or depositor of money, any of whom may give such notice and appear either in person or by attorney. Such notice of motion must be filed within 180 days after such entry in the minutes or mailing as the case may be, and must be heard and determined within 30 days after the expiration of such 180 days, unless the court for good cause shown, shall extend the time for hearing and determination.

(b) If, without sufficient excuse, the defendant neglects to appear for arraignment, trial, judgment, or upon any other

occasion when his presence in court is lawfully required, or to surrender himself in execution of the judgment, but the court has reason to believe that sufficient excuse may exist for his neglect to appear or surrender himself, the court may continue the case for such period as it deems reasonable to enable the defendant to appear without ordering a forfeiture of bail or issuing a bench warrant.

SEC. 3. Section 1306 of the Penal Code is amended to read:

1306. When any bond is forfeited, if the court which has declared the bond forfeited has civil jurisdiction to render judgment in an action arising upon a contract of similar nature and amount, after the period of time within which such forfeiture may be set aside pursuant to Section 1305 has elapsed, if the forfeiture has not been set aside, the court shall enter a summary judgment against each bondsman named in the bond in the amount for which the bondsman has bound himself. If the court declaring the forfeiture does not have jurisdiction to render judgment in an action arising upon a contract of similar nature and amount, after the period of time within which such forfeiture may be set aside pursuant to Section 1305 has elapsed, if the forfeiture has not been set aside, the court shall deliver to the district attorney or civil legal adviser of the board of supervisors of the county in which the court is located the bond, together with a certified copy of its order declaring the bond forfeited, and immediately thereafter the district attorney or civil legal adviser shall file the bond and the certified copy of forfeiture in a court having jurisdiction to render judgment in an action arising upon a contract of similar nature and amount. The court in which the bond and certified copy of forfeiture is filed shall forthwith enter a summary judgment against each bondsman named in the bond in the amount for which the bondsman has bound himself.

If, because of the failure of any court, district attorney, or civil legal adviser to promptly perform the duties enjoined upon them pursuant to this section, summary judgment is not entered within 90 days after the date upon which it may first be entered, the right to do so expires and the bail is exonerated.

A dismissal of the indictment or information after the default of the defendant shall not release or affect the obligation of the bail bond or undertaking.

Within five days after the summary judgment becomes final, the district attorney or civil legal adviser of the board of supervisors shall demand immediate payment of the judgment. If the judgment remains unpaid for a period of 10 days after demand has been made, he shall forthwith cause a writ of execution to issue and be levied upon the property of the judgment debtor, and shall take any other steps necessary to collect the judgment.

The right to enforce a summary judgment entered against a bondsman pursuant to this section shall expire two years after the entry of the judgment.

SEC. 4. It is the intent of the Legislature, if the amendments to Section 1305 of the Penal Code proposed by both this bill and Assembly Bill No. 939 of the 1969 Regular Session of the Legislature are enacted, that both amendments be given effect and incorporated in Section 1305 in the form set forth in Section 2 of this act. Therefore, in the event that Assembly Bill No. 939 is enacted and amends Section 1305, Section 2 of this act shall become operative at the same time that Section 1305 as amended by Assembly Bill No. 939 becomes operative, and, at that time, Section 1305 as amended by Section 1 of this act is repealed.

The people of the State of California do enact as follows:

SECTION 1. Section 1203.03 of the Penal Code is amended to read:

1203.03. (a) In any case in which a defendant is convicted of an offense punishable by imprisonment in the state prison, the court, if it concludes that a just disposition of the case requires such diagnosis and treatment services as can be provided at a diagnostic facility of the Department of Corrections, may order that defendant be placed temporarily in such facility for a period not to exceed 90 days, with the further provision in such order that the Director of the Department of Corrections report to the court his diagnosis and recommendations concerning the defendant within the 90-day period.

(b) The Director of the Department of Corrections shall, within the 90 days, cause defendant to be observed and examined and shall forward to the court his diagnosis and recommendation concerning the disposition of defendant's case. Such diagnosis and recommendation shall be embodied in a written report and copies of the report shall be served only upon the defendant or his counsel, the probation officer, and the prosecuting attorney by the court receiving such report. After delivery of the copies of the report, the information contained therein shall not be disclosed to anyone else without the consent of the defendant. After disposition of the case, all

copies of the report, except the one delivered to the defendant or his counsel, shall be filed in a sealed file and shall be available thereafter only to the defendant or his counsel, the prosecuting attorney, the court, the probation officer, or the Department of Corrections.

(c) The Department of Corrections shall designate the place to which a person referred to it under the provisions of this section shall be transported. After the receipt of any such person, the department may return the person to the referring court if the director of the department, in his discretion, determines that the staff and facilities of the department are inadequate to provide such services.

(d) The sheriff of the county in which an order is made placing a defendant in a diagnostic facility pursuant to this section, or any other peace officer designated by the court, shall execute the order placing such defendant in the center or returning him therefrom to the court. The expense of such sheriff or other peace officer incurred in executing such order is a charge upon the county in which the court is situated.

(e) It is the intention of the Legislature that the diagnostic facilities made available to the counties by this section shall only be used for the purposes designated and not in lieu of sentences to local facilities.

(f) Time spent by a defendant in confinement in a diagnostic facility of the Department of Corrections pursuant to this section shall be credited on the term of imprisonment in state prison, if any, to which defendant is sentenced in the case.

(g) In any case in which a defendant has been placed in a diagnostic facility pursuant to this section and, in the course of his confinement, he is determined to be suffering from a remediable condition relevant to his criminal conduct, the department may, with the permission of defendant, administer treatment for such condition. If such treatment will require a longer period of confinement than the period for which defendant was placed in the diagnostic facility, the Director of Corrections may file with the court which placed defendant in the facility a petition for extension of the period of confinement, to which shall be attached a writing signed by defendant giving his consent to the extension. If the court finds the petition and consent in order, it may order the extension, and transmit a copy of the order to the Director of Corrections.

The Governor shall appoint the members of said board within 30 days after this act takes effect. The board shall be organized within 60 days after the appointment of its members by the Governor by electing from its number a president, vice president and a secretary who shall also be the treasurer, who shall hold their respective positions during the pleasure of the board. The petition shall be heard at the next regular meeting of the board, held not earlier than 30 days after the petition was filed. The hearing may be continued from time to time as the board finds necessary. No petition shall be considered while the petitioner is under sentence for any criminal offense, including any period during which he is on probation or parole.

In determining whether the disciplinary penalty should be set aside and the terms and conditions, if any, which should be imposed if the disciplinary penalty is set aside, the board may investigate and consider all activities of the petitioner since the disciplinary action was taken against him, the offense for which he was disciplined, his activity during the time his certificate was in good standing, his general reputation for truth, professional ability and good character, and may require the petitioner to pass an oral or written examination, or both, at the option of the board. CHAPTER 2d. AUTOMOBILE LEASING ACT

2985.7. As used in this chapter, unless the context otherwise requires:

(a) "Motor vehicle" means any vehicle required to be registered under the Vehicle Code which is bought for use primarily for personal or family purposes, and does not mean any vehicle which is bought for use primarily for business or commercial purposes.

(b) "Leasing contract" or "contract" means any contract for the bailment or leasing for a term exceeding four months of a motor vehicle by which it is agreed that the bailee or lessee bear the risk of the motor vehicle's depreciation.

(c) "Value" means the value placed on the vehicle which value is to be used as an element in the establishment of any liability of the lessee or bailee at the end of the lease.

(d) "Lessor" includes bailor, and "lessee" includes bailee.

2985.8. Every leasing contract for the lease or bailment of an automobile, with or without accessories, shall be in writing and, if printed, shall be in type no smaller than six-point, and shall contain in a single document all of the agreements of the lessor and lessee with respect to the obligations of each party. The contract shall be signed by the lessor or his authorized representative and by the lessee or his authorized representative and an exact copy thereof shall be furnished the lessee by the lessor at the time the lessor and the lessee have signed the contract. No motor vehicle shall be delivered under this chapter until the lessor delivers to the lessee a fully executed copy of the contract. The lessor shall not obtain the signature of the lessee to a contract when it contains blank spaces to be filled in after it has been signed. Every contract shall contain, although not necessarily in the sequence or order set forth below, the following separate items:

(a) The value of the motor vehicle.

(b) The total amount of periodic payments to be credited to the lessee in the establishment of any liability at the end of the lease period.

(c) The total amount of periodic payments not to be so credited.

(d) The maximum for which the lessee could be liable at the end of the lease period.

(e) The amount, if any, included for insurance (specifying the coverages and the cost of each type of coverage) if such insurance is provided by or procured through the lessor.

(f) A notice in at least eight-point bold type if the contract is printed, reading as follows: "Notice to the lessee: (1) Do not sign this agreement before you read it or if it contains any

blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement."

2985.9. If the lessor, except as the result of an accidental or bona fide error of computation, violates any provision of Section 2985 8, the leasing contract shall not be enforceable, except by a bona fide purchaser, assignee or pledgee for value or until after the violation is corrected as provided in Section 2985.91, and if the violation is not corrected, the lessee may recover from the lessor the total amount paid, pursuant to the terms of the contract, by the lessee to the lessor or to his assignee or pledgee.

2985.91. Any failure to comply with Section 2985 8 can be corrected by the holder, except that a willful violation may not be corrected unless it is a violation appearing on the face of the contract and is corrected within 30 days after the execution of the contract or within 20 days after its sale, assignment or pledge, whichever is later, provided that the 20-day period shall commence with the initial sale, assignment or pledge of the contract, and provided that any other violation appearing on the face of the contract may be corrected only within such time period. A correction which will increase the amount of the contract balance or the amount of any installment as such amounts appear on the leasing contract shall not be effective unless the lessee concurs in writing to the correction. If the lessee is notified by the lessor of such a failure to comply with any provision of this chapter, the correction shall be made within 10 days after such notice. Where any provision of a leasing contract fails to comply with Section 2985.8, the correction shall be made by mailing or delivering a corrected copy of the contract to the lessee. Any amount improperly collected by the holder from the lessee shall be credited against the indebtedness evidenced by the contract or returned to the lessee. A violation corrected as provided in this section shall not be the basis of any recovery by the lessee or affect the enforceability of the contract by the holder, and shall not be deemed to be a substantive change in the agreement of the parties.

2985 92. This chapter shall not apply to any transaction which is regulated by Chapter 2b (commencing with Section 2981) of this title.

2985.93. This chapter may be cited as the Moscone Automobile Leasing Act of 1969.

(e) Employment as an academic employee of the University of California prior to 1963; provided, however, that any member electing to receive credit for such public service shall in addition to other contributions required by this article contribute an amount equal to the contributions which would have been made on his behalf by the state had he been in membership during such employment, assuming that the state rate of contribution in effect at the time of election had been in effect during such employment.

(f) Employment of the state in which the person was not eligible for membership in the system if such ineligibility was solely because his compensation was paid from other than state-controlled funds; provided, however, that time spent in work as a work relief recipient under programs such as, but not limited to, the Works Progress Administration, the Civil Works Administration, the Federal Emergency Relief Administration, the National Youth Administration, and the Civilian Conservation Corps, shall not constitute public service.

(g) Employment in a function formerly performed by a public agency other than a contracting agency and assumed by a contracting agency where the employees who performed such functions are or were transferred to or employed by such contracting agency without change in occupation or position.

(h) Time prior to November 8, 1967, during which a person performed court reporting duties in connection with civil court cases in the superior court for which he was compensated by fees paid by litigants other than the county, if the person is also credited with service as a court reporter in the superior court of the same county for which he received compensation on a per diem basis; provided, however, that such time shall not constitute public service with respect to any contracting agency or its employees unless the agency so elects by amendment to its contract.

(i) Time during which a member is excused from performance of his duties on approved leave for the purpose of service of up to two years with a university, college, local, state, fed-

eral or foreign governmental agency or nonprofit organization, if he returns to the employment from which the leave was granted; provided, however, that any member electing to receive credit for such public service shall in addition to contributions otherwise required by this article contribute an amount equal to the contribution that would have been made by his employer in respect to him had he not been absent, assuming that the employer rate of contribution in effect at the time of election had been in effect during the absence.

(j) Absence from state service because of illness which arose out of and in the course of employment and for which the member received temporary disability benefits under the Labor Code during such absence and did not receive full compensation, as distinguished from such disability benefits for the period of absence.

(k) Civilian service as an employee or officer of an agency of the government of the United States which performed functions the same as or substantially similar to those performed by this state prior to January 1, 1942, and which were transferred from the state to such agency, including military service in any branch of the armed forces of the United States performed by an individual on military leave of absence from such federal employment, if all the following conditions exist:

(1) Prior to performing such federal service he was employed by the state.

(2) He was laid off from state service or would have been so laid off if he had not been absent in military service because of the transfer of the functions of the state to an agency of the United States government.

(3) Subsequent to his layoff from state service he was employed by the United States government in an agency performing functions the same as or substantially similar to those of the state agency from which he was laid off.

(4) After his separation from federal service, he was employed by a state agency or

(5) In lieu of subparagraphs (1), (2), and (3), the United States government pays to the state or an agency of the state, funds equal to contributions which would have been made by the state had the member been in state service for the period of his public service with respect to members who were not employed by the state prior to entering such federal employment or whose state service prior to entering such federal employment was terminated for reasons other than the transfer of the function.

20931. A member may elect at any time prior to retirement, in accordance with regulations of the board, to receive credit for public service in addition to his current and prior service credit. An election shall be effective only if accompanied by a lump-sum payment of the contributions and interest required for such credit or by authorization for imme-

diate institution of payroll deduction of installment payment of such contributions and interest. The right of election is subject to Sections 20809 and 20861, and shall be ineffective with respect to any time or employment for which the member subsequently becomes entitled to or eligible to elect to receive service credit in another system supported in whole or in part from public funds, in which case accumulated contributions on deposit for such period of service credit shall be paid to the member.

20932. A member electing to receive credit for public service shall contribute in a lump sum or by installment payments over such period and subject to such minimum payments as may be prescribed by regulations of the board an amount equal to (a) the contributions he would have made to the system for the period for which current service credit is granted, assuming that the rate of contribution under his employer's formula at the rate age applicable to him at the beginning of his first subsequent period of service in membership and his compensation earnable on that date had applied to him during the period for which credit is granted, plus (b) such added contribution as may be specially required under this article as a condition for crediting particular public service, plus (c) the interest which would have accrued to such contributions if they had been deposited at the beginning date of his first subsequent period of service in membership, from that date until the date of completion of payments assuming that the annual interest rate in effect on date of election had been in effect throughout such period. The beginning date of the first subsequent period of service for purposes of computation of contribution and interest shall be deemed to be the end of the period of service credited for a member who has no subsequent return to service.

All contributions of a member under this article shall be considered to be and shall be administered as normal contributions.

20933. Public service shall be credited as current or prior service, or both, as it would be credited if the member had been in state service during his public service. Credit shall not be granted for public service which would be credited as prior service unless the member has contributed for all "public service" for which he is entitled to elect to receive credit as current service.

Benefits based on credited public service shall be computed according to the formula determining the member's contribution for such service credit. "Public service," as defined in subdivisions (a), (b), and (c) of Section 20930 to a member who at membership became subject to a reduced or modified retirement allowance formula because of coordination with the federal system shall be subject to such modified formula to the extent that the service was rendered to any contracting agency in which such modified formula applies after the ef-

fective date of coverage under the federal system of members in the employ of that agency.

20934. Benefits based on service credited under this article in excess of the portion paid from member contributions shall be paid, in case of credit for an absence, from contributions of the employer from whose employment the member was absent or from the contributions of the employer in whose employment the service was rendered or the right to receive the service credit for an employment constituting public service was acquired, whichever the case may be.

20935. Service credited on the effective date of this article or under a member's election received on or before such effective date, in addition to a member's current and prior service, under this part as it read on the day prior to the effective date of this article, shall be retained subject to the terms and conditions of the provision under which it was credited.

He may be paid a per diem and actual and necessary traveling expenses, but he shall not be paid at a greater rate of compensation per diem than the rate ordinarily paid other persons by state agencies for similar services. If there be no surviving spouse entitled to an allowance hereunder, or if she die or remarry before every child of such deceased member attains the age of 18 years, then the allowance which the surviving spouse would have received had she lived and not remarried shall be paid to his child or children under said age, collectively, to continue until every such child dies or attains said age; provided, that no child shall receive any allowance after marrying or attaining the age of 18 years. Should said member leave no surviving spouse and no children under the age of 18 years, but leave a parent or parents dependent upon him for support, the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving spouse otherwise would have received, during such dependency. CHAPTER 1228

An act to add Article 4.5 (commencing with Section 21690.5) to Chapter 4 of Part 1 of Division 9 of the Public Utilities Code, relating to airport relocation and development.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Article 4.5 (commencing with Section 21690.5) is added to Chapter 4 of Part 1 of Division 9 of the Public Utilities Code, to read:

Article 4.5. Airport Relocation and Development

21690.5. This article may be cited as the "California Legislature Airports, Airways and Airport Terminals Development and Relocation Act of 1969."

21690.6. The Legislature hereby finds that the state's airport and airway system is inadequate to meet current and projected growth in aviation and that substantial expansion

and improvement of the system is required to meet the demands of interstate and intrastate commerce, the postal service and the national defense. The Legislature finds that users of air transportation are capable of making a greater financial contribution to the expansion and improvement of the system through increased user fees. The Legislature finds, however, that such users should not be required to provide all of the funds necessary for future development of the system, and that revenues obtained from the general taxpayer will continue to be required to pay for the use of such facilities by the military and for the value to national defense and the general public benefit in having a safe, efficient airport and airway system available and fully operational in the event of war or national emergency. The Legislature also finds that the continued development and expansion of an adequate and up-to-date comprehensive state airport and airway system will require the acquisition of agricultural, residential, commercial, industrial and miscellaneous types of properties for the same; and that many persons and businesses will have to be relocated. The Legislature finds further that it is in the best interests of the people of the State of California to help all those persons forced to relocate when airport expansion and construction requires them to lose their businesses and homes. It is the purpose of this act to provide the means by which adequate compensation and immediate assistance will be provided for relocation and moving expenses and other costs involved in the necessary moving of a business or home to make way for airport expansion and development.

21690.7. (a) "Displaced person" means any individual, family, business or farm operation which moves from real property acquired for federal, state or local airport expansion and development.

(b) "Individual" means a person who is not a member of a family.

(c) "Family" means two or more persons living together in the same dwelling unit who are related to each other by blood, marriage, adoption or legal guardianship.

(d) "Business" means any lawful activity conducted primarily for the purchase and resale, manufacture, processing or marketing of products, commodities, or other personal property, or for the sale of services to the public, or by a nonprofit corporation.

(e) "Farm operation" means any activity conducted primarily for the production of one or more agricultural products or commodities for sale and home use, and customarily producing such commodities or products in sufficient quantity to be capable of contributing materially to the operator's support.

(f) "Airport expansion and development" means the construction, alteration, improvement, or repair of airport hangars; airport passenger or freight terminal buildings and other buildings required for the administration of an airport; public

parking facilities for passenger automobiles; roads within the airport boundaries; and any acquisition of land adjacent to or in the immediate vicinity of a public airport, including any interest therein, or any easement through or any other interest in airspace, for the purpose of assuring that activities and operations conducted thereon will be compatible with normal airport operations.

(g) "Public entity" includes the state, the Regents of the University of California, a county, city, city and county, district, public authority, public agency, and any other political subdivision or public corporation in the state when acquiring real property or any interest therein for airport expansion and development, except the Department of Public Works of this state.

21690.8. The payment of moving expenses shall be made to eligible persons in accordance with the provisions of this act and such rules and regulations as shall be adopted by the public entity.

21690.9. The public entity is authorized to adopt rules and regulations to implement the payment of moving expenses as authorized by this act. Such rules and regulations may include provisions authorizing payments to individuals and families of fixed amounts not to exceed two hundred dollars ($200) in lieu of their respective reasonable and necessary moving expenses.

21690.10. The public entity is authorized to give relocation advisory assistance to any individual, family, business or farm operation displaced because of the acquisition of real property for any state or federal airport project.

21690.11. In giving relocation advisory assistance, the public entity may establish a local relocation advisory assistance office to assist in obtaining replacement facilities for individuals, families and businesses affected by airport expansion or development.

21690.12. (a) As a part of the cost of construction the public entity may compensate a displaced person for his actual and reasonable expenses in moving himself, family, business or farm operation, including moving personal property.

(b) Any displaced person who moves from a dwelling may elect to receive in lieu of his actual and reasonable moving expenses a moving expense allowance, determined according to a schedule established by the public entity not to exceed two hundred dollars ($200), and in addition a dislocation allowance of one hundred dollars ($100).

(c) Any displaced person who moves or discontinues his business or farm operation may elect to receive in lieu of his actual and reasonable moving expenses a fixed relocation payment in an amount equal to the average annual net earnings of the business or farm operation, or five thousand dollars ($5,000), whichever is lesser. In the case of a business, no payment shall be made under this subdivision unless the public

entity is satisfied that the business cannot be relocated without a substantial loss of patronage, and is not a part of a commercial enterprise having at least one other establishment, not being acquired, which is engaged in the same or similar business For purposes of this subdivision, the term "average annual net earnings" means one-half of any net earnings of the business or farm operation, before federal, state and local income taxes, during the two taxable years immediately preceding the taxable year in which such business or farm operation moves from the real property acquired for such project, and includes compensation paid by the business or farm operation to the owner, his spouse, or his dependents during such two-year period. To be eligible for the payment authorized by this subdivision the business or farm operation must make its state income tax returns available and its financial statements and accounting records available for audit for confidential use to determine the payment authorized by this subdivision.

21690.13. In addition to the payments authorized by Section 21690.12, the public entity, as a part of the cost of construction, may make a payment to the owner of real property acquired for an airport project, which is improved with a single-, two- or three-family dwelling actually owned and operated by the owner for not less than one year prior to the first written offer for the acquisition of such property. Such payment shall be the amount, if any, which, when added to the acquisition payment, equals the average price required for a comparable dwelling determined, in accordance with standards established by the public entity, to be a decent, safe, and sanitary dwelling adequate to accommodate the displaced owner, reasonably accessible to public services and place of employment and available on the market. Such payment shall be made only to the displaced owner who purchases a dwelling, that meets standards established by the public entity, within one year subsequent to the date on which he is required to move from the dwelling acquired for the project.

21690.14. In addition to the payment authorized by Section 21690 12, as a part of the cost of construction, the public entity may make a payment to any individual or family displaced from any dwelling not eligible to receive a payment under Section 21690.13, which dwelling was actually and lawfully occupied by such individual or family for not less than 90 days prior to first written offer for the acquisition of such property. Such payment, not to exceed one thousand five hundred dollars ($1,500), shall be the additional amount which is necessary to enable such individual or family to lease or rent for a period not to exceed two years, or to make the downpayment on the purchase of a decent, safe, and sanitary dwelling of standards adequate to accommodate such individual or family in areas not generally less desirable in regard to public utilities and public and commercial facilities.

21690.15. Any displaced person aggrieved by a determination as to eligibility for a payment authorized by this act, or the amount of a payment, may have his application reviewed by the public entity. This review shall include the right to the appointment of an independent appraiser approved by the owner to review the amount of the award under Section 21690.13.

21690.16. The public entity is authorized to adopt rules and regulations relating to relocation assistance as may be necessary or desirable under state and federal laws and the rules and regulations promulgated thereunder. Such rules and regulations shall include provisions relating to:

(a) A moving expense allowance, as provided in Section 21690.12, subdivision (b), for a displaced person who moves from a dwelling, determined according to a schedule, not to exceed two hundred dollars ($200);

(b) The standards for decent, safe and sanitary dwellings;

(c) Procedure for an aggrieved displaced person to have his determination of eligibility or amount of payment reviewed by the public entity; and

(d) Eligibility for relocation assistance payments and the procedure for claiming such payments and the amounts thereof.

21690.17. No payment received by a displaced person under this act shall be considered as income for the purposes of the Personal Income Tax Law or the Bank and Corporation Tax Law, nor shall such payments be considered as income of resources to any recipient of public assistance and such payments shall not be deducted from the amount of aid to which the recipient would otherwise be entitled under Part 3 (commencing with Section 11000) of Division 9 of the Welfare and Institutions Code.

SEC. 2. Nothing contained in this act shall be construed as creating in any condemnation proceedings brought under the power of eminent domain, any element of damages not in existence on the date of enactment of this act.

SEC. 3. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect the provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

CHAPTER 1229

(b) Whenever a peace officer finds a vehicle standing upon a street in violation of a traffic ordinance enacted by local authorities to prevent flooding of adjacent property, he may move the vehicle or require the driver or person in charge of the vehicle to move the same to the nearest available location in the vicinity where parking is permitted.

(c) Any state, county or city authority charged with the maintenance of any highway may move any vehicle which is disabled or abandoned or which constitutes an obstruction to traffic from the place where located on a highway to the nearest available position on the same highway as may be necessary to keep the highway open or safe for public travel.

If the vehicle is moved to another location where it is not readily visible from its former parked location or it is stored, the person causing such movement or storage of the vehicle shall immediately, by the most expeditious means, notify the owner of the vehicle of its location. If for any reason the vehicle owner cannot be so notified, the person causing the vehicle to be moved or stored shall immediately, by the most expeditious means, notify the police department of the city in which the vehicle was parked, or, if the vehicle had been parked in an unincorporated area of a county, notify the sheriff's department and nearest office of the California Highway Patrol in that county. No vehicle may be removed and stored pursuant to this subdivision unless signs indicating that no person shall stop, park, or leave standing any vehicle within the areas marked by the signs because such work or service would be done, were placed at least 24 hours prior to such movement or removal and storage.

CHAPTER 1230

An act to amend Section 220.2 of the Labor Code, relating to public employee fringe benefits.

(c) The manner in which the weapon can be expected to be used as well as the manner in which the manufacturer or seller thereof has recommended that it be used.

12452. Any person engaged in the manufacture, sale, or transportation of tear gas weapons may apply to the Bureau of Criminal Identification and Investigation, hereinafter referred to as the "bureau" in this article, for certification that a particular type and brand of tear gas weapon manufactured, sold, or transported by that person is acceptable.

(a) Issue an order certifying such weapon as acceptable.

(b) Give the applicant notice for an opportunity for a hearing before the bureau on the question whether such weapon is acceptable. Such hearing shall be heard on an expedited basis and the bureau shall issue an order granting or denying certification within 90 days after the date fixed by the bureau for filing final briefs.

12455. The bureau shall issue an order refusing to certify a tear gas weapon as acceptable if after due notice to the applicant the bureau finds any of the following:

(a) That experience or additional testing show that the weapon is not acceptable.

(b) That the application contains any misrepresentation of a material fact.

12457. The bureau may adopt and promulgate regulations for the fair and efficient enforcement of this article.

12458. Prior to certification, the chief of the bureau shall request from the State Department of Public Health a report on each type and brand of tear gas weapon submitted to it by the bureau. The department shall prepare and transmit such report to the bureau, and shall also submit supplemental reports whenever the facts warrant such action. Such reports shall be for the purpose of aiding the chief of the bureau in determining whether the particular type and brand of tear gas weapon is acceptable, shall contain such facts as will enable him to make such a determination, shall state conclusions concerning the health hazards, if any, of the weapon tested and a recommendation as to the acceptability of the weapon, and shall be based on any one or more of the following:

(a) Investigations conducted by the department's own facilities.

(b) Investigations conducted by independent laboratories.

CHAPTER 1232

An act relating to the San Francisco Bay Delta Study.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969]

The people of the State of California do enact as follows:

SECTION 1. The State Water Resources Control Board shall have authority to continue activities or make further studies of the type necessary to develop and expand the plan for a water quality control system as contained in the report submitted to the Legislature by the board pursuant to Chapter 1351, Statutes of 1965.

SEC. 2. The board shall recommend to the Legislature alternate methods for implementing the water quality control system not later than the fifth legislative day of the 1971 legislative session.

Therefore, in order to continue this planning effort on an interim basis until such time as a single or multipurpose entity or entities be established to plan, finance, construct and operate a comprehensive water pollution control plan for the study area, it is necessary for the Legislature to authorize continuation of activities and studies by the State Water Resources Control Board.

If the person or persons qualifying for the license cease for any reason whatsoever

to be connected with the corporation or partnership, such corporation or partnership shall have 90 days to qualify a person for such license, and if it fails to do so such license shall after notice and hearing be suspended until such time as a person qualifies for such license. A corporation or partnership whose license is suspended pursuant to this section shall not carry on the business of an employment agency during the period of such suspension.

SEC. 6. Section 9977 of the Business and Professions Code is amended to read:

9977. If the applicant making a deposit fails to obtain employment, the employment agency shall, upon demand therefor, repay the amount of the deposit to the applicant. CHAPTER 1234

An act to amend Section 16750 of the Business and Professions Code, relating to restraint of trade, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 30, 1969 Filed with Secretary of State August 31, 1969]

The people of the State of California do enact as follows:

SECTION 1. Section 16750 of the Business and Professions Code is amended to read:

16750. (a) Any person who is injured in his business or property by reason of anything forbidden or declared unlawful by this chapter, may sue therefor in any court having jurisdiction in the county where the defendant resides or is found, or any agent resides or is found, or where service may be obtained, without respect to the amount in controversy, and to recover three times the damages sustained by him, and shall be awarded a reasonable attorneys' fee together with the costs of the suit.

The amendments to this section adopted at the 1959 Regular Session of the Legislature do not apply to any action commenced prior to September 18, 1959.

(b) The state and any of its political subdivisions and public agencies shall be deemed a person within the meaning of this section.

(c) The Attorney General may bring an action on behalf of the state or of any of its political subdivisions or public agencies to recover the damages provided for by this section, or by any comparable provision of federal law, provided that the Attorney General shall notify in writing any political subdivision or public agency of his intention to bring any such action on its behalf, and at any time within 30 days thereafter, such political subdivision or public agency may, by formal resolution of its governing body or as otherwise specifically

provided by applicable law, withdraw the authority of the Attorney General to bring the intended action. In any action brought pursuant to this section on behalf of any political subdivision or public agency of the state, the state shall retain for deposit in the General Fund of the State Treasury, out of the proceeds, if any, resulting from such action, an amount equal to the expense incurred by the Attorney General in the investigation and prosecution of such action.

(d) In any action brought by the Attorney General pursuant to either state or federal antitrust laws for the recovery of damages by the state or any of its political subdivisions or public agencies, in addition to his other powers and authority, the Attorney General may enter into contracts relating to the investigation and the prosecution of such action with any other party plaintiff who has brought a similar action for the recovery of damages and with whom the Attorney General finds it advantageous to act jointly, or to share common expenses or to cooperate in any manner relative to such action. In any such action, notwithstanding the provisions of Section 12520 of the Government Code, the Attorney General may undertake, among other things, either to render legal services as special counsel to, or to obtain the legal services of special counsel from any department or agency of the United States, of this state or any other state or any department or agency thereof, any county, city, public corporation or public district of this state or of any other state, that has brought or intends to bring a similar action for the recovery of damages, or their duly authorized legal representatives in such action. The Attorney General may also enter into any agreement authorized by Chapter 5 (commencing with Section 6500) Division 7, Title 1 of the Government Code with any governmental entity enumerated in this subdivision, notwithstanding any provision to the contrary contained in Section 6500 of the Government Code. Every contract or agreement entered into pursuant to this subdivision (d) shall be approved by the Department of General Services.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health and safety within the meaning of Article IV of the Constitution, and shall go into immediate effect. The facts constituting such necessity are:

There are presently pending several major actions for the recovery of damages suffered by the state, its political subdivisions and public agencies from violations of the antitrust laws. Similar actions arising from the same circumstances have also been brought by numerous other states and their local agencies. Procedural schedules for the conduct of these actions require that these amendments to Section 16750 of the Business and Professions Code become immediately effective if the state and its agencies of local government are to realize the substantial economies and benefits that they provide.

CHAPTER 1235

An act to authorize a grant pursuant to the Davis-Grunsky Act to the County of Kern in connection with the Buena Vista Aquatic Recreation Area Project.

No further legislative approval shall be required with respect to the grant authorized to be made to the county by this act, but such grant shall not be made to the county until the county demonstrates the nature and extent of the statewide interest in the project, the public necessity for the project, the urgency of the need, that the project is in substantial conformance with the California Water Plan, and the engineering feasibility, economic justification, and financial feasibility of the project.

SEC. 2. The provision of Section 12884 of the Water Code that the legislative approval of a grant shall be made by an act enacted after the receipt by the Legislature of copies of the project report filed pursuant to Section 12882.4 of the Water Code shall not be applicable to the grant authorized pursuant to this act, but such grant shall not be made to the county until copies of a favorable project report are filed with the Legislature pursuant to Section 12882.4 of the Water Code. The approval of this grant prior to the receipt by the Legislature of copies of the project report pursuant to Section 12882.4 of the Water Code shall in no way be deemed to set a precedent for the approval of any other grant prior to the receipt of such report as required pursuant to Section 12884 of the Water Code.

SEC. 3. The maximum amount authorized under Section 1 of this act shall be in addition to any grant made to the county pursuant to subdivision (c) of Section 12884.2 of the Water Code for initial water supply and sanitary facilities.

CHAPTER 1236

An act to create the Tuolumne County Water Agency, prescribing its powers and duties, providing for its organization, operation, and management, and authorizing the acquisition of property and works to carry out the purposes of the agency, authorizing the incurrence of indebtedness, providing for issuance of bonds, providing for the levy and collection of taxes for the payment of such indebtedness, providing for the issuing of bonds payable solely from revenues of the agency, providing for the levy and collection of taxes for the payment of general agency expenses and for cooperation and contracts with any entity.

protection, municipal, commercial, industrial, recreational, and all other beneficial uses and purposes.

SEC. 12. The agency shall have the power to construct, operate and maintain works to develop hydroelectric energy as a means of assisting in financing the construction, operation and maintenance of its projects for the control, conservation, diversion and transmission of water and to enter into contracts for the sale of such energy for a term not to exceed 50 years. danger or damage the inhabitants, lands, or use of water in, or flowing into, the agency; except that the agency shall have no power to intervene or take part in, or to pay the costs or expenses of, actions or controversies between the owners of lands or water rights which do not affect the interests of the agency.

SEC. 15. The agency shall have the power within or outside the agency to construct, purchase, lease, or otherwise acquire works and to purchase, lease, appropriate or otherwise acquire water and water rights, useful or necessary to make use of water for any purposes authorized by this act.

The agency shall have the power to carry on technical and other necessary investigations, make measurements, collect data, make analyses, studies, and inspections pertaining to water supply, water rights, control of flood and storm waters, and use of water both within and without said agency relating to watercourses or streams flowing in or into said agency. The agency may cooperate with any district in carrying out the powers granted by this section.

SEC. 18. The agency shall have the power to construct its pipes, pipelines, flumes and tunnels and other conduits, including facilities for the transmission of electric energy to the works of the agency, along, under or across any public road, street, alley, avenue, highway or sidewalk, or across any stream of water, watercourse, railway, canal, ditch, or flume which the route of said pipes, pipelines, canals, flumes, tunnels, or other conduits may intersect or cross, except that such works shall be constructed in compliance with any applicable laws and in such manner as to afford security for life and property and the agency shall restore at its own expense any such crossings and intersections to their former state as nearly as may be, or to an extent which does not unnecessarily impair their usefulness. Every company, municipality, or district whose right-of-way shall be intersected or crossed by said pipes, pipelines, canals, flumes, tunnels or other conduits shall unite with the agency in forming said intersections and crossings and grant the rights therefor.

SEC. 19. There is hereby granted to the agency the right-of-way for the location, construction, and maintenance of works authorized under the provisions of this act in, over and across public lands of the State of California, not otherwise disposed of or in use, but not in any case exceeding an area which is necessary for the construction of such works and adjuncts or for the protection thereof. Whenever any selection of a right-of-way for such works or adjuncts thereto is made by the agency, the board shall transmit to the State Lands Commission, the Controller of the state and the recorder of the county in which the selected lands are situated, a plat of

the lands selected, giving the extent thereof and the uses for which the same is claimed or desired, verified by the board. If the State Lands Commission approves the selection so made it shall endorse its approval upon the plat and issue to the agency a permit to use such right-of-way and lands.

SEC. 20. (a) If by any judgment in condemnation or agreement the agency is required to relocate any street, road, highway, railroad, canal or other property subject or devoted to public use, the board may acquire in the name of the agency, by agreement or condemnation, all rights-of-way and other property necessary or proper for compliance with such agreement or judgment of condemnation and thereafter to make such conveyance of the relocated street, road, highway, railroad, canal, or other property as may be proper to comply with the agreement or judgment. All agreements for the exchange of property and all judgments requiring relocation of other public uses, as specified in this section and in Section 8 of this act, shall provide that in making the exchange the property condemned and exchanged shall be limited to public use by the party with whom such exchange is made.

(b) In the event the agency and any common carrier railroad or other public utility fail to agree as to the character or location of new improvements or works sought to be performed by the agency, the character and location of such new improvements or works and any other controversy relating thereto shall be submitted to and determined by the Public Utilities Commission.

(c) Proceedings under this section relating to the jurisdiction of said commission may be instituted, maintained and determined in the manner prescribed in Chapter 6 (commencing with Section 1201) of Part 1 of Division 1 of the Public Utilities Code.

SEC. 21. The agency may reimburse the county for any funds expended by the county in investigations, elections, or other acts incidental to the establishment of the agency.

SEC. 22. Incidental to the construction and operation of the works of the agency, the agency shall have the power to contract for the sale of the right to use falling water for power purposes with any public or private entity.

SEC. 23. Any water or rights to the use of the works of the agency for the conservation, control or transportation of water may be sold, leased or otherwise transferred by the agency to member units, and the agency may fix and collect rates and charges for such purposes. The agency may transfer such water or the use of agency works to other than member units for use in or outside the agency upon a temporary or short-term basis, upon a finding by the board that such water or works exceed the needs of member units. The provisions of this section shall not prevent the disposition of electric power or power facilities to other than member units at wholesale. Each contract for or sale of surplus water or the use of such

water facilities shall expressly state that the sale or disposition is subject to the prior right to the use of such water or facilities by or for member units.

SEC. 24. The agency may enter into contracts with any member unit or with any district which becomes a member unit of the agency for any of the following purposes:

(a) The lease, purchase, or other acquisition by the agency of any of the works of such member unit or district.

(b) The construction of works by the agency for the conservation, regulation or transmission of water for the benefit of such member unit or district; or for the furnishing or sale by the agency or the State of California or the United States to such member unit or by such member unit to the agency of water or a water supply for any purpose; or for the assumption, by either the agency or the member unit, as principal or guarantor or underwriter of indebtedness incurred on account of works or water furnished or sold to the agency or member unit.

(c) The sale, lease, or other disposition of water, water rights, and water storage facilities or interests therein, by the agency or by such member unit.

(d) The operation of works and the delivery of water by the agency or by such member unit, except that:

(1) The works shall be operated in conformity with the vested rights and appropriations of each of its member units having an interest therein.

(2) There shall be delivered to each member unit all water to which such member unit is entitled under the contract entered into by the agency and such member unit.

(3) There shall not be delivered to any member unit more water than the amount to which such member unit is entitled under the contract entered into by the agency and such member unit, except that the release of water from any reservoir in the amount required to satisfy any vested right shall not constitute a delivery of water, and any amount of water assigned under Section 28 by one member unit to another member unit shall be delivered to the latter.

SEC. 25. The agency in its discretion may suspend delivery of water conserved by the agency or obtained by or on behalf of the agency or a member unit to any member unit during the period which said member unit is delinquent in its payment for or obligations due in respect to such water under any contract entered into by it with the agency. The agency shall not engage in the retail sale of water; that is, the sale of water to the ultimate consumer.

SEC. 26. The liability of each member unit, as distinguished from the liability of its taxpayers and property therein for taxes levied by the agency for agency purposes, shall be limited to that portion of the total cost for water or water supply or to that portion of the total cost of construction and the operation and maintenance cost of the works

acquired or constructed by or on behalf of the agency or member unit which such member unit agrees to bear.

The liability of each member unit shall be set forth fully in a written contract which shall be legally approved by the member unit in accordance with the laws governing such member unit. No contract shall be altered or modified without the consent of the agency and the legal approval of the member unit.

Each contract may provide, among other things:

(a) The total capital obligation which the member unit agrees to bear.

(b) The minimum annual payments which the member unit shall make in amortization of its capital obligation.

(c) The amount or pro rata portion of water which shall be delivered to or held in storage for the member unit.

(d) The basis of allocation of operation and maintenance costs to be borne by the member unit.

(e) The amount or other measure of water supply or water agreed to be acquired by or furnished or sold to such member unit and the cost thereof to such member unit. Such contracts shall be fair and equitable to each contracting party, and no member unit shall receive any undue advantage over any other member unit, having proper regard for all factors and conditions involved.

Such contracts shall be executed in accordance with the laws governing such districts.

SEC. 27. (a) In the event of any reduction in the principal of any debt of the agency underwritten by one or more member units, other than by payment thereof, the amounts to be paid to the agency by each member unit in amortization of its remaining portion of such debt shall be reduced proportionately so that the relative obligations of each such member unit shall be unchanged

(b) In the event of any reduction in the rate of interest being paid on any part of a debt of the agency for which one or more member units are responsible, the amounts to be paid the agency by each such member unit shall be reduced proportionately so that the relative obligation of each such member unit remains unchanged in respect to its obligation to pay any remaining interest.

(c) In determining the amounts to be paid by all member units for water there shall be deducted from the cost of construction and operation or project works all revenues to be obtained from the sale of electric energy, if any, developed and sold by means of the project works.

SEC. 28. Any member unit may reduce its obligations under its contract with the agency by assignment to and acceptance by another member unit of any part of its right to receive water under its contract except that the assignment shall be legally approved, in accordance with the laws governing such member unit, by each member unit which is a

party to the assignment, the total of all payments to be made by such member units to the agency shall not be reduced by virtue of the assignment and the assignor member unit may be required by the agency to guarantee the payments assumed by the assignee member unit.

SEC. 29. If any capital asset of the agency is sold or otherwise disposed of, the net proceeds therefrom shall be distributed to the member units, or applied against any liability of the member units to the agency in proportion to the amount contributed by each member unit to the cost of the capital asset. However, if any liability on the part of the agency or its member units for the original cost or any subsequent improvement or refinancing of such capital asset is not completely extinguished at or before the time of the sale or disposal thereof, the agency may apply as much of the proceeds of the sale as are necessary to extinguish the liability. In extinguishing such liability, the proceeds of the sale shall be applied only as the interests and liabilities of the agency and its member units shall appear.

SEC 30. The agency shall have the power to cooperate and contract with the United States under the Federal Reclamation Act of June 17, 1902, and all acts amendatory thereof and supplementary thereto or any other act of Congress heretofore or hereafter enacted permitting cooperation or contract for the purposes of construction of works, whether for irrigation, drainage, or flood control, or for the acquisition, purchase, extension, operation and maintenance of such works, or for a water supply for any purposes, or for the assumption as principal or guarantor of indebtedness to the United States, or for carrying out any of the purposes of the agency, and for said purposes the agency shall have, in addition to the powers set forth in this act, all powers, rights and privileges possessed by irrigation districts as set out in Chapter 2 (commencing with Section 23175) of Part 6 of Division 11 of the Water Code, not inconsistent with the provisions of this act.

SEC. 31. All money collected in pursuance of contract with the United States shall be paid into the county treasury to the credit of the agency and shall be held in a fund to be known as the "United States contract fund" to be used for payments due to the United States under the contract.

SEC. 32. The agency may cooperate and act in conjunction and contract with the United States, State of California, any municipality, district, public or private corporation, or any person; in the purchase and sale of water, in the acquisition of water or a water supply, in the construction of any works for the controlling of flood or storm waters in the agency, or for the protection of property, watersheds, watercourses, highways and life, or for the purpose of conserving and transporting said waters for beneficial uses and purposes, including recreational uses and the generation of electric energy, and for the use, operation and management and owner-

ship of such works. The agency also may make and perform any agreement with the United States, the state, any county, municipality, district, public or private corporation, or any person for the joint acquisition, disposition, operation or management of any property, works, water or water supply of a kind which might be acquired, disposed of, or operated by the agency.

Any irrigation district, California water district, public utility district, municipal utility district, county water district, water conservation district, municipality, flood control district, and any other district or political subdivision of the state empowered by law to appropriate water and deliver water to users may:

(a) Cooperate, act in conjunction with and enter into contracts with the agency for all the purposes for which the agency is empowered to cooperate or act in conjunction and contract with such districts, municipalities, and political subdivisions.

(b) Carry out the terms of such contracts.

SEC. 33. The board of supervisors of the county shall be ex officio the board of directors of the agency. The board of directors may adopt reasonable rules and regulations to carry out its powers and duties. Each member of the board of supervisors shall serve as a member of said board of directors without additional compensation, except such member shall be allowed his actual, necessary and reasonable traveling expenses. The board of directors shall elect a chairman, who shall preside at all meetings of the board and in case of his absence or inability to act, the members present must, by an order entered in their records, select one of their number to act as temporary chairman. Any member of the board may administer oaths, when necessary in the performance of his official duties. A majority of the members of the board shall constitute a quorum for the transaction of business, and no act of the board shall be valid or binding unless a majority of all members concur therein.

SEC. 34. No director of the agency shall be interested in any manner, directly or indirectly, in any contract awarded or to be awarded by the board of directors, or in the profits to be derived therefrom. A violation of this section is a misdemeanor, and upon conviction thereof, shall be punished by a fine not exceeding five hundred dollars ($500), or by imprisonment in the county jail of the County of Tuolumne for not exceeding six months, or by both such fine and imprisonment, and such conviction shall by operation of law work a forfeiture of office. This section shall not apply to a contract made with a corporation of which a director is a minority stockholder if the contract is for the general benefit of the corporation.

SEC. 35. All officers of the county, and their assistants, deputies, clerks and employees, shall be ex officio officers,

assistants, deputies, clerks and employees respectively of the agency, and shall perform, unless otherwise provided by the board, the same duties for the agency as performed for the county; except that if the county surveyor is a registered civil engineer and is employed to supervise the engineering work of the agency, the board may provide compensation for his services in addition to his salary as county surveyor which shall be payable from the funds of the agency.

SEC. 36 The board may employ agents, superintendents, engineers, attorneys, and employees necessary to carry out the provisions of this act.

The board may appoint a secretary and such other officers, agents and employees for the board or agency as in its judgment may be deemed necessary, prescribe their duties and fix their compensation, such officers, agents and employees so appointed shall hold their respective offices or positions during the pleasure of the board.

SEC 37. All ordinances, resolutions and other legislative acts of the agency shall be adopted by the board, and certified to, recorded and published in the same manner, except as herein otherwise expressly provided, as are ordinances, resolutions or other legislative acts of the county.

The initiative and referendum powers are hereby granted to the electors of the agency to be exercised in relation to the enactment or rejection of agency ordinances in accordance with the procedure established by the laws of this state for the exercise of such powers in relation to counties.

SEC. 38. Claims for money or damages against the agency are governed by Part 3 (commencing with Section 900) and Part 4 (commencing with Section 940) of Division 3.6 of Title 1 of the Government Code, except as provided therein. Claims not governed thereby or by other statutes or by ordinances or regulations authorized by law and expressly applicable to such claims shall be prepared and presented to the governing body, and all claims shall be audited and paid, in the same manner and with the same effect as are similar claims against the county.

SEC. 39. The legal title to all property acquired under the provisions of this act shall be in the agency and shall be held for the uses and purposes of this act. The board may hold, use, acquire, manage, occupy and possess such property and, after declaring by resolution entered in the minutes that any real or personal property held by the agency is no longer necessary, may sell or otherwise dispose of such property, or lease the same, in the manner provided by law for the disposition and sale of property by counties.

SEC. 40. Any improvement or unit of work, when the cost according to the estimate of the engineer will exceed five thousand dollars ($5,000), shall be done by contract and let to the lowest responsible bidder or bidders as provided in this section.

The board shall first determine whether the contract shall be let as a single unit for the whole of the work, or divided into severable convenient parts. The board shall advertise for bids by three (3) insertions in a daily newspaper of general circulation or by two (2) insertions in a weekly newspaper of general circulation printed and published in the agency, inviting sealed proposals for the construction or performance of the improvement or work. The call for bids shall state whether the work shall be performed in one unit or divided into parts. The work may be let under a single contract or several contracts, as stated in such call. The board shall require the successful bidders to file with the board good and sufficient bonds to be approved by the board conditioned upon the faithful performance of the contract and upon payment of their claims for labor and material. The bonds shall comply with Chapter 3, commencing at Section 4200, of Division 5 of Title 1 of the Government Code. The board may reject any and all bids and readvertise, or, by a two-thirds vote, may elect to undertake such work by force account. In the event no proposals are received, or the estimated cost of the work does not exceed five thousand dollars ($5,000), or the work consists of channel protection, maintenance work, or emergency work when necessary in order to protect life and property from impending flood damage, the board of supervisors may have the work done by force account without advertising for bids. The district may purchase in the open market without advertising for bids, materials and supplies for use in any work, either under contract or by force account.

SEC. 41. The agency shall not incur any indebtedness or liability exceeding in any year the income and revenue provided for such year, and any indebtedness or liability incurred in violation of this section shall be absolutely void and unenforceable. This section shall have no application to debts or liabilities incurred pursuant to the provisions of this act authorizing the issuance of bonds, the levying of special assessments, the execution of contracts with the United States, nor the incurring of any indebtedness or liability authorized by a vote of the electors of the agency at an election held for such purpose.

SEC. 42. The aggregate of agency indebtedness incurred pursuant to the provisions of this act authorizing the issuance of bonds, the levying of special assessments and the execution of contracts, shall not exceed a sum equal to: (a) the amount of all capital obligations underwritten by member units of the agency, plus (b) the amounts agreed to be paid by member units to the agency or to the United States for water or a water supply.

SEC. 43. The agency shall have the power in any year to levy an ad valorem tax upon all the taxable property in the agency to pay any anticipated lawful expenditures of the agency except the cost of constructing any works; provided,

however, that such levy for any one fiscal year shall not exceed ten cents ($0.10) on each one hundred dollars ($100) of the assessed valuation of the taxable property in the agency exclusive of any tax levied to meet the bonded indebtedness of the agency and the interest thereon authorized by a vote of the electors of the agency, and exclusive of any special assessment levied to meet any indebtedness or contractual liability authorized by a vote of the electors of the agency, and exclusive of any tax levied for the payment of any indebtedness represented by capital obligations underwritten by member units or represented by the amounts agreed to be paid by member units for any water or water supply to be furnished or sold such member units.

Such taxes shall be levied and collected with taxes for county purposes, and the revenue derived therefrom shall be paid into the county treasury to the credit of the agency, and the board shall have the power to control and order the expenditure thereof for said purposes.

SEC. 44. The agency may levy a special ad valorem tax on all the taxable property in any member unit whenever any such member unit is delinquent in any payment due the agency under a contract. The tax shall be levied only at a rate sufficient to raise the amount delinquent. The tax shall be levied and collected at the same time and in the same manner as general agency taxes, shall be paid into the county treasury to the account of the agency and shall be used only to reduce the liability of the delinquent member unit.

No property in any portion of the agency, other than that in the delinquent member unit, shall be liable for or taxed to pay such delinquency.

SEC. 45. The provisions of law of this state, prescribing the priority, time, and manner of levying, assessing, equalizing and collecting county property taxes, including the sale of property for delinquency, and the redemption from such sale, and the duties of the several county officers with respect thereto, are hereby adopted for the agency and made a part hereof, so far as they are applicable and not in conflict with this act. Such officers shall be liable upon their official bond for the faithful discharge of the duties imposed upon them by this act.

SEC. 46. (a) Whenever the board determines that a bonded indebtedness should be incurred to pay the cost of any work or project, it may determine and declare by resolution the amount of bonds necessary to be issued in each member unit for such work or project, and the maximum rate of interest of said bonds. The board shall cause a copy of the resolution, duly certified by the clerk, to be filed for record in the office of the recorder of the county within five (5) days after its issuance.

(b) After filing such resolution, the board shall call a special bond election in each said member unit to submit to the

qualified electors of each member unit the question whether or not bonds shall be issued in the amount and for the purposes stated in the resolution. The bonds and the interest thereon shall be paid from revenue derived from annual taxes or assessments levied as provided in this act.

(c) The special bond election shall be called by ordinance and the board shall submit to the qualified electors of each member unit, the proposition of incurring a bonded debt in the member unit or member units in the amount and for the purposes stated in the resolution and shall recite therein the purposes for which the indebtedness is proposed to be incurred, except that it shall be sufficient to give a brief, general description of such purposes, and refer to the recorded copy of the resolution. The ordinance shall also state the estimated cost of the proposed work and improvements, the amount of the principal of the indebtedness to be incurred therefor, and the maximum rate of interest to be paid on the indebtedness and shall fix the date on which the special election shall be held, and the form and contents of the ballot to be used. The rate of interest to be paid on the indebtedness shall not exceed 6½ percent per annum For the purposes of the election, the board shall establish special bond election precincts within the boundaries of each member unit and may form election precincts by consolidating the precincts established for general elections in the agency, not to exceed six general precincts for each such special bond election precinct. In addition, the ordinance shall designate a polling place and appoint one inspector, one judge and one clerk for each special bond election precinct.

The special bond election shall be held as nearly as practicable in conformity with the general election laws of the state except as otherwise provided in this act.

The board shall cause a map or maps to be prepared covering a general description of the work to be done, which map shall show the location of the proposed works and improvements and shall cause the map to be posted in a prominent place in the county courthouse for public inspection at least thirty (30) days before the date of the election.

No bond by its terms shall mature in more than 50 years from its own date and, in the event any authorized issue is divided into two or more series or divisions, the maximum maturity date herein authorized shall be calculated from the date on the face of each bond separately, irrespective of the fact that different dates may be prescribed for the bonds of each separate series or division of any authorized issue.

SEC. 79. Bonds may be sold at either public or private sale. The agency may fix terms and conditions for the sale or other disposition of any authorized issue of bonds.

SEC. 80. All costs and expenses incident to the issuance and sale of bonds may be paid out of the proceeds of the sale of the bonds. All provisions of this act applicable to the issuance of revenue bonds are applicable to the funding revenue bonds or refunding revenue bonds and to the issuance, sale or exchange thereof.

SEC. 87. Funding or refunding revenue bonds may be issued in a principal amount sufficient to provide funds for the payment of all bonds to be funded or refunded thereby, and in addition for the payment of all expenses incident to the calling, retiring or paying of such outstanding bonds, and the issuance of such funding or refunding revenue bonds. These expenses include the difference in amount between the par value of the funding or refunding revenue bonds and any amount less than par for which the funding or refunding revenue bonds are sold, any amount necessary to be made available for the payment of interest upon such funding or refunding revenue bonds from the date of sale thereof to the date of payment of the bonds to be funded or refunded or to the date upon which the bonds to be funded or refunded will be paid pursuant to the call thereof or agreement with the holders thereof, and the premium, if any, necessary to be paid in order to call or retire the outstanding bonds and the interest accruing thereon to the date of the call or retirement.

SEC. 88. All bonds issued under the provisions of this act are negotiable instruments, except when registered in the name of a registered owner.

SEC. 89. Before issuing any revenue bond or bonds pursuant to the provisions of this act, the board shall by resolution declare the purpose for which the proceeds of the bonds proposed to be issued shall be expended and shall specify the maximum amount of bonds to be issued or sold for such purpose, and bonds shall not be issued or sold for such purpose in an amount exceeding such specified maximum except with the consent of the bondholders, pursuant to amendment or modification of an indenture, as provided in Section 66 of this act. Nothing in this section shall prevent the board from amending such resolution prior to the issuance of bonds authorized thereby to increase or decrease the maximum amount of bonds to be issued or sold.

SEC. 90. The agency may insure against loss of revenues from any cause whatsoever and the proceeds of any such insurance shall be used solely for the payment of bonds and the

interest thereon. The agency may provide an indenture for the carrying of public liability or property damage insurance or insurance against loss by fire or other hazards or any other insurance in amount or in such character as it shall determine, and for the payment of the premiums thereon.

SEC. 91. SEC. 92. Moneys in any construction fund may be invested as the agency in its sole discretion shall determine, subject only to such limitations as may be provided in an indenture providing for the issuance of revenue bonds.

SEC. 93. After all of the revenue bonds shall have been fully paid and discharged, or provision for their payment and discharge irrevocably made, any surplus moneys in the construction fund shall, subject to the limitations and restrictions in any indenture providing for the issuance of the revenue bonds, become and be the property of the agency, and be used by the agency for any lawful purpose.

SEC. 94. An action to determine the validity of bonds, levy of a special assessment or a contract may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure. In any such action all findings of fact or conclusions of the board upon all matters shall be conclusive unless the action was instituted within six months after the finding or conclusion was made.

SEC. 95. Neither the establishment of the agency nor any provisions of this act shall affect, restrict nor supersede the existence, property, right, or power of any municipality, public district, or public agency now or hereafter established in or partially within the limits of the agency for the purpose of flood control, reclamation, conservation, storage, distribution, sale, use, or development of water. The Legislature, because of conditions special to the county, hereby expressly declares its intent to permit within the limits of the Tuolumne County Water Agency, the existence of more than one district, munic-

ipality or combination thereof, having similar powers over similar territory in regard to flood control, reclamation and water conservation, storage, distribution, sale, use or development.

SEC. 96. Neither the formation of the agency nor this act shall impair the vested right of any person, association, corporation, municipality or public district in or to any water or the use thereof.

SEC. 97. The agency, in order to determine the legality of its existence, may institute a proceeding therefor in the superior court of this state, in and for the County of Tuolumne, by filing with the clerk of said county a complaint setting forth the name of the agency, its exterior boundaries, the date of its organization and a prayer that it be adjudged a legal agency formed under this act. The summons in such proceeding shall be served by publishing a copy thereof once a week for four (4) weeks in a newspaper of general circulation published in the county. The State of California shall be a defendant in such action, and consent therefor is given. Service of summons therein shall be made on the Attorney General. The Attorney General shall appear in such action on behalf of the state in the same manner as with appearances in civil actions. Within thirty (30) days after proof of publication of said summons the state, any property owner or resident in said agency, or any person interested may appear as a defendant in said action by serving and filing an answer to said complaint, in which case said answer shall set forth the facts relied upon to show the invalidity of the agency and shall be served upon the district attorney before being filed in such proceeding. Such proceeding is hereby declared to be a proceeding in rem and the final judgment rendered therein shall be conclusive against all persons whomsoever, including the agency and the State of California.

SEC. 98. The agency may be dissolved in the manner provided for the dissolution of districts by the District Reorganization Act of 1965, Division 1 (commencing with Section 56000) of Title 6 of the Government Code, and the agency shall be considered a district within the meaning of all of the provisions of such act for the purpose of dissolution.

SEC. 99. The Legislature hereby finds that water problems in the county require countywide water conservation, flood control and development of water resources; that these problems are not general or statewide; that the county for many years has had made investigations and engineering surveys of the county's water resources by private, public and United States engineers; that county water districts, municipalities, and water conservation districts now exist within portions of the county, have acquired property and works, developed a limited water supply, and have incurred indebtedness, but have been and are unable alone to economically develop an adequate water supply and control the floods of

said county and for such reason it is necessary to have a political entity coextensive with the geographical limits of the entire county; that the county cannot be supplied with water from a common source or by a common system of works; that investigation having shown conditions in said county to be peculiar to it. It is, therefore, hereby declared that a general law cannot be made applicable to said county and that the enactment of this special law is necessary for the conservation, development, control and use of said water for the public good and for the protection of life and property therein.

SEC. 100. If any provision of this act is declared unconstitutional or invalid for any reason, the remainder of the act shall not thereby be invalidated, but shall remain in full force and effect.

CHAPTER 1237

An act to add Section 10094.2 to, and to repeal Section 10101 of, the Insurance Code, relating to insurance.

[Approved by Governor August 30, 1969 Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 10094.2 is added to the Insurance Code, to read:

10094.2. The facility shall, pursuant to regulations adopted by the commissioner, provide for a method whereby insurers who voluntarily write basic property insurance on risks located in areas designated as brush hazard areas by the Pacific Fire Rating Bureau will, to that extent, be proportionately relieved of the liability to participate in a plan adopted pursuant to this chapter. Nothing in this chapter shall preclude adoption of a plan or plans to allow proportionate credit for voluntary writings in other areas or for other classes of insurance.

SEC. 2. Section 10101 of the Insurance Code is repealed.

CHAPTER 1238

An act to amend Sections 6826, 6872.1, 6872.2, and 6873.2 of the Public Resources Code, relating to leases and surveys.

[Approved by Governor August 30, 1969 Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 6826 of the Public Resources Code is amended to read:

6826. The commission may permit geological or geophysical surveys on state lands and may grant permits therefor upon such terms and conditions as the commission shall specify by regulation, but any such permit shall not give the permittee any preferential right to an oil and gas lease. Whenever the granting of any such permit is being considered by the commission, it shall, prior to granting the permit, hold a public hearing on the matter and give not less than sixty (60) days' written notice thereof to each city or county adjacent to the area where such surveys would be conducted, and shall publish such notice in the manner prescribed in Section 6834 of this chapter. The taking of cores and other sample may be conducted on and under state lands; provided, that the commission shall require that a permit first be obtained covering such types of drilling operations for the purpose of obtaining geological samples as the commission may determine by regulation, such permit to be issued upon such terms and conditions as the commission may specify by regulation, but any such permit shall not give the permittee any preferential right to an oil and gas lease.

The commission shall require, as a condition to the issuance of any permit for the conduct of geological or geophysical surveys on tide and submerged lands under this section, that the permittee make available to the commission, upon request, all factual and physical exploration results, logs, and records resulting from the operations under the permit. Any such factual or physical exploration results, logs, or records which the permittee is required to make available to the commission shall be for the confidential use of the commission and shall not be open to inspection by any other person or agency without the written consent of the permittee.

It is a misdemeanor for any member of the commission, any officer or employee of the commission, or any person performing any function or work assigned to him by the commission, to disclose to any person who is not a member, officer, employee of the commission or to any person who is not performing any function or work assigned to him by the commission, any information obtained from the inspection of such factual or physical exploration results, logs, or records, or to use such information for purposes other than the administration of the functions, responsibilities, and duties vested in the commission by law, except upon the written consent of the permittee making available such information to the commission.

SEC. 2. Section 6872.1 of the Public Resources Code is amended to read:

6872.1. Whenever it appears to the commission that oil and gas deposits are known or believed to be contained in any such lands as are described in Section 6871.2, subdivision (b), of this code or in tide and submerged lands along the coast of the

Pacific Ocean south of the northerly city limits of the City of Newport Beach in Orange County to the southerly boundary of the state, and are being drained by means of wells upon adjacent lands owned by others than the state, the commission shall thereupon be authorized and empowered to lease state-owned tide and submerged lands adjacent to any such wells for the production of oil and gas therefrom, either as a tract or in parcels of such size and shape as the commission shall determine but only within an area and to an extent necessary to offset such drainage of state-owned tide and submerged lands by any such wells upon adjacent lands owned by others.

SEC. 3. Section 6872.2 of the Public Resources Code is amended to read:

6872.2. If the commission determines that any tide and submerged lands belonging to the state in the area hereinafter referred to should be drilled pursuant to the terms of Section 6872.1 of this code, then, notwithstanding the provisions of Section 6874 of this code, in order to preserve and protect the highly developed recreational and residential area now referred to, the commission shall require that any well or wells drilled pursuant to the terms of any lease issued with respect to any part of the hereinafter described area be slant-drilled from an upland or littoral site to and into the subsurface of the tide or submerged lands covered by the lease. The area to which this section is applicable is the tide and submerged lands along the coast of the Pacific Ocean south of the northerly city limits of the City of Newport Beach in Orange County to the southerly boundary of the state.

SEC. 4. Section 6873.2 of the Public Resources Code is amended to read:

6873.2. Before offering any tide or submerged land area or beds of navigable rivers or lakes in any area for an oil and gas lease, the commission shall hold a public hearing on the matter within a city or county adjacent to such area and give not less than sixty (60) days' written notice thereof to each adjacent city or county, and to the Department of Parks and Recreation, and shall publish such notice in the manner prescribed in Section 6834 of this chapter. The commission shall propose at such hearing a plan for the control of subsidence and pollution which might occur as a result of the proposed oil and gas operation.

In not less than thirty (30) days after such hearing the commission shall determine whether or not to offer the land for lease, as provided under Sections 6871.3, 6872 and 6872.1. In such determination the commission shall consider whether the issuance of a lease as to all or a part of such lands would result in an impairment or interference with the developed riverbank or shoreline recreational or residential areas adjacent to the proposed leased acreage, or whether to offer such

land for lease as to all or a part thereof and include in the offer for lease such reasonable rules and regulations which, in the opinion of the commission, are necessary for the exploration, development, and operation of said lease in a manner which will not impair or interfere with said developed riverbank or shoreline recreational or residential areas; provided, however, that no tide or submerged lands or beds of navigable rivers or lakes shall be offered for lease under any conditions, rules, or regulations which will result in a discrimination between bidders as prohibted by Section 6874.

A person shall be deemed to be a broker, within the meaning of this section, if, he does any of the acts or participates in any of the transactions herein defined, even though at some subsequent time he may obtain title to, or procure in his own name the certification or registration of, the yacht or ship in question.

(b) "Department" refers to the Department of Harbors and Watercraft.

(c) "Director" refers to the Director of Harbors and Watercraft.

(d) "Person" includes individual, copartnership, association, and corporation.

(f) "Yacht" and "ship" refer to any vessel for navigating in water which is self-propelled or is propelled by sail, oars, paddle, or other mechanical means.

SEC. 2. Section 77.3 of the Harbors and Navigation Code is amended to read:

77.3. (a) Every applicant for a broker's license or renewal thereof shall deposit with the department a good and sufficient surety bond issued by a company authorized to do business in this state in the amount of five thousand dollars ($5,000) and in such form and on such conditions as the department may require for the protection of persons with whom such applicant may deal as a licensee, or in lieu thereof, bonds of the United States government of a cash value of five thousand dollars ($5,000).

(b) Any person claiming to be injured by the fraud, deceit, or willful negligence of any broker, or by the failure of any broker to comply with the provisions of this article, may bring an action upon the bond deposited with the department against both the principal and the surety in any court of competent jurisdiction to recover the damage caused by such fraud, deceit, willful negligence, or failure to comply with the provisions of this article. In the event that a broker fails to pay any sum owed to any creditors arising out of any transaction in which such broker acted in his capacity as a broker, the department shall call and hold a hearing, as near as may be pursuant to the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, to

determine the names and addresses of all such creditors, together with the amounts due and owing to them and each of them. The publication of one notice of the hearing in a magazine or newspaper of general circulation devoted to the yacht and ship business shall constitute sufficient notice of the hearing. Each creditor claiming that a sum is owed to him shall file with the department at the hearing a verified statement of his claim. Upon ascertaining all claims and statements in the manner herein set forth, the department may then make demand upon the bond on behalf of those claimants whose statements have been filed, and shall have the power to settle or compromise such claims with the surety company on the bond, and is empowered in such cases to execute and deliver a release and discharge of the bond involved. Upon the refusal of the surety company to pay the demand, the department shall thereupon bring an action on the bond in behalf of such creditors. Upon any action being commenced on such bond the department may require the filing of a new bond and immediately upon the recovery in any action on such bond such broker shall file a new bond and upon failure to file the same within 10 days in either case, such failure shall constitute grounds for the suspension or revocation of his license.

(c) Upon the filing of notice with the department by any surety of its withdrawal as surety for any licensee pursuant to Section 2851 of the Civil Code, the department shall forthwith give notice to the licensee of the withdrawal which notice shall be by registered mail with request for return receipt and shall be addressed to the licensee at his principal office as shown by the records of the department. The license of any licensee shall be suspended and shall be returned to the department upon the termination of the bond of the surety as provided in Section 2851 of the Civil Code, unless, prior to the termination, a new bond has been filed with the department.

SEC. 3. Section 78.3 of the Harbors and Navigation Code is amended to read:

78.3. (a) During the month of December of each year, each person licensed under this article shall file with the department an application for renewal of his license and shall pay to the department the renewal fee required by this article, whereupon the department shall renew his license. Every license not renewed in accordance with this subdivision shall expire on January 1st of the year following the year for which it was issued or renewed and shall forthwith be returned to the department. Such license may thereafter be reinstated only upon the filing of an application therefor and in the payment of the renewal fee required by this article for the year in which reinstatement is sought, together with a penalty fee equal to 75 percent of the renewal fee. No examination shall be required for the reinstatement of a license which has expired solely for nonpayment of the renewal fee as required by this subdivision.

(b) An application for reinstatement of a license which has expired pursuant to subdivision (a) shall be on the form provided by the department and shall be affirmed or sworn to before a notary public or other person authorized by law to administer oaths and affirmations or shall be executed under penalty of perjury. The department may refuse to grant reinstatement if the applicant, after the expiration of his license, has performed any act or participated in any transaction for which a license is required by this article or during such period has committed any offense or performed any act which would be cause for the suspension or revocation of a license under this article.

(c) All fees charged and collected under this article shall be paid by the department at least once a month, accompanied by a detailed statement into the State Treasury to the credit of the Harbors and Watercraft Revolving Fund.

All fees charged and collected under this article and paid into the State Treasury are appropriated to carry out the provisions of this article and shall be paid in the manner provided by law.

SEC. 4.5. It is the intent of the Legislature, if amendments to Section 39052 of the Health and Safety Code proposed by both this bill and A.B. 1985 are enacted, that both amendments be given effect and incorporated in Section 39052 in the form set forth in Section 1.5 of this act. Therefore, in

the event A.B 1985 is enacted and amends Section 39052, Section 1.5 of this act shall become operative at the same time that Section 39052 as amended by A.B. 1985 becomes operative, and at that time, Section 39052 of the Health and Safety Code as amended by Section 1 of this act is repealed.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Uncertainty and confusion have arisen with respect to the application of emission standards to motor vehicles which have been modified or altered to use a fuel other than gasoline or diesel. Such application would impose an unnecessary and severe hardship upon the owners of such vehicles by requiring reconversion to the original exhaust emission control system. In order to resolve such uncertainty and confusion and to avoid unnecessary litigation, it is necessary that this act go into immediate effect.

The people of the State of California do enact as follows:

SECTION 1. Section 10703 of the Education Code is amended to read:

10703. The funds of any student body organization established in the public schools of any school district shall, subject to approval of the governing board of the school district, be deposited or invested in one or more of the following ways:

The funds shall be expended subject to such procedure as may be established by the student body organization subject to the approval of each of the following three persons which shall be obtained each time before any of such funds may be expended: an employee or official of the school district desig-

nated by the governing board, the certificated employee who is the designated adviser of the particular student body organization, and a representative of the particular student body organization.

CHAPTER 1255

An act to amend Sections 10960 and 10962 of the Welfare and Institutions Code, relating to public assistance appeals.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969]

The people of the State of California do enact as follows:

SECTION 1. Section 10960 of the Welfare and Institutions Code is amended to read:

10960. Within 30 days after receiving the proposed decision of a referee adopted by the director or a decision issued by the director himself, the affected county or applicant or recipient may file a request with the director for a rehearing. The director shall immediately serve a copy of the request on the other party to the hearing and such other party may within five days of the service file with the director a written statement supporting or objecting to the request. The director shall grant or deny the request no earlier than the fifth nor later than the 15th day after the receipt of the request. If the director grants the request, the rehearing shall be conducted in the same manner and subject to the same time limits as the original hearing. If action is not taken by the director within the time allowed, the request shall be deemed denied.

SEC. 2. Section 10962 of the Welfare and Institutions Code is amended to read:

10962. The applicant or recipient or the affected county, within one year after receiving notice of the director's final decision, may file a petition with the superior court, under the provisions of Section 1094.5 of the Code of Civil Procedure, praying for a review of the entire proceedings in the matter, upon questions of law involved in the case. Such review, if granted, shall be the exclusive remedy available to the applicant or recipient or county for review of the director's decision. The director shall be the sole respondent in such proceedings. Immediately upon being served the director shall serve a copy of the petition on the other party entitled to judicial review and such party shall have the right to intervene in the proceedings.

No filing fee shall be required for the filing of a petition pursuant to this section. Any such petition to the superior court shall be entitled to a preference in setting a date for hearing on the petition. No bond shall be required in the case of any petition for review, nor in any appeal therefrom. The applicant or recipient shall be entitled to reasonable attorney's fees and costs, if he obtains a decision in his favor.

CHAPTER 1256

An act to amend Section 1248 of the Code of Civil Procedure, relating to eminent domain.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 1248 of the Code of Civil Procedure is amended to read:

1248. The court, jury, or referee must hear such legal testimony as may be offered by any of the parties to the proceeding, and thereupon must ascertain and assess:

1. The value of the property sought to be condemned, and all improvements thereon pertaining to the realty, and of each and every separate estate or interest therein; if it consists of different parcels, the value of each parcel and each estate or interest therein shall be separately assessed;

2. If the property sought to be condemned constitutes only a part of a larger parcel, the damages which will accrue to the portion not sought to be condemned, by reason of its severance from the portion sought to be condemned, and the construction of the improvement in the manner proposed by the plaintiff;

3. Separately, how much the portion not sought to be condemned, and each estate or interest therein, will be benefited, if at all, by the construction of the improvement proposed by the plaintiffs. If the benefit shall be equal to the damages assessed under subdivision 2, the owner of the parcel shall be allowed no compensation except the value of the portion taken. If the benefit shall be less than the damages so assessed, the former shall be deducted from the latter, and the remainder shall be the only damages allowed in addition to the value. If the benefit shall be greater than the damages so assessed, the owner of the parcel shall be allowed no compensation except the value of the portion taken, but the benefit shall in no event be deducted from the value of the portion taken;

4. If the property sought to be condemned be water or the use of water, belonging to riparian owners, or appurtenant to any lands, how much the lands of the riparian owner, or the lands to which the property sought to be condemned is appurtenant, will be benefited, if at all, by a diversion of water from its natural course, by the construction and maintenance, by the person or corporation in whose favor the right of eminent domain is exercised, of works for the distribution and convenient delivery of water upon said lands; and such benefit, if any, shall be deducted from any damages awarded the owner of such property;

5. If the property sought to be condemned be for a railroad, the cost of good and sufficient fences, along the line of such railroad, and the cost of cattle guards, where fences may cross the line of such railroad; and such court, jury or referee shall

also determine the necessity for and designate the number, place and manner of making such farm or private crossings as are reasonably necessary or proper to connect the parcels of land severed by the easement condemned, or for ingress to or egress from the lands remaining after the taking of the part thereof sought to be condemned, and shall ascertain and assess the cost of the construction and maintenance of such crossings;

6. If the removal, alteration or relocation of structures or improvements is sought, the cost of such removal, alteration or relocation and the damages, if any, which will accrue by reason thereof;

7. As far as practicable, compensation must be assessed for each source of damages separately.

8. When the property sought to be taken is encumbered by a mortgage or other lien, and the indebtedness secured thereby is not due at the time of the entry of the judgment, the amount of such indebtedness may be, at the option of the plaintiff, deducted from the judgment, and the lien of the mortgage or other lien shall be continued until such indebtedness is paid; except that the amount for which, as between the plaintiff and the defendant, the plaintiff is liable under Section 1252.1 may not be deducted from the judgment.

9. Where property is encumbered by a mortgage or other lien and only a portion of the encumbered property is sought to be taken, and where the property being taken, or some portion of it, is also encumbered by a mortgage or other lien which is junior to the first-mentioned lien and such junior mortgage or other lien is against only a portion of the property encumbered by the senior mortgage or other lien, it shall be determined whether the award is sufficient in amount so that the amounts owing to the holders of such senior and junior liens may be paid in full from the award.

If it is determined that the award is not sufficient in amount to pay in full such senior and junior liens, the amount of indebtedness which is secured respectively by the senior and junior liens on the property taken, and which will be paid from the award or deducted from the judgment pursuant to subdivision 8, shall be determined as follows:

(a) The total amount of the award which will be available for payment to the senior and junior lienholders shall be determined. Such amount shall tentatively be allocated first to the senior lien up to the full amount of the indebtedness secured by the senior lien, and the remainder, if any, shall tentatively be allocated to the junior lien.

(b) It shall then be determined whether the payment to the junior lienholder of the amount tentatively allocated to the junior lien together with elimination of the junior lien on the property taken, would cause the junior lienholder's security remaining after the taking, if any, to be of less value in proportion to the indebtedness owing after the taking than was

the value of his security prior to the taking in proportion to the indebtedness to him prior to the taking.

(c) If it is determined that the proportionate security of the junior lienholder would be reduced by the taking if only the tentative amount allocated to the junior lien were paid to the junior lienholder, the tentative allocations to the senior and the junior liens shall be adjusted. To make such adjustment there shall be deducted from the amount tentatively allocated to the senior lien, and there shall be added to the amount tentatively allocated to the junior lien, an amount sufficient, considering the junior lienholder's remaining lien on property not taken, to preserve the security of the holder of the junior lien for amounts which will remain owing to him after payment to him from the award. Deduction shall not be made from the amount tentatively allocated to the senior lien to the extent that the remaining amount allocated to the senior lien, if paid to the senior lienholder, would cause the security of the senior lienholder remaining after the taking to be of less value in proportion to the amount remaining owing to him after such payment, than the value of his security prior to the taking, in proportion to the amount secured by his lien before such payment.

(d) No adjustment of the tentative allocations shall be made if it is determined that the security of the junior lienholder which will remain after the taking appears to be sufficient in value to satisfy the indebtedness which will remain owing to the junior lienholder after the taking.

The amounts tentatively allocated to such senior and junior liens, adjusted by such deduction and addition, if any, are the amounts of indebtedness owing to such senior and junior lienholders which are secured by their respective liens on the property taken, and any other indebtedness owing to the senior or junior lienholders shall not be considered as secured by the property to be taken. If the amount of such indebtedness payable to either the senior or to the junior lienholder is not due at the time of entry of the judgment, and the plaintiff makes the election provided in subdivision 8, the indebtedness which shall be deducted from the judgment is the indebtedness in the amount so determined, and the lien shall continue until that amount of indebtedness is paid.

SEC. 2. This act shall become operative on July 1, 1970.

CHAPTER 1257

An act to add Section 5989.5 to the Education Code, relating to work experience education.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 5989.5 is added to the Education Code, to read:

5989.5. The governing board of any school district which establishes and supervises a work experience education program in which mentally retarded pupils are employed in part-time jobs may use funds derived from any source, to the extent permissible by appropriate law or regulation, to pay the wages of pupils so employed.

The Legislature hereby finds and declares that the authority granted by the provisions of this section is necessary to ensure that the work experience education program will continue to provide maximum educational benefit to students, particularly mentally retarded pupils, and that such program is deemed to serve a public purpose.

CHAPTER 1258

An act to amend Section 31264 of the Education Code, relating to the College Opportunity Grant Program in junior colleges, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 31264 of the Education Code is amended to read:

31264. To be eligible for a grant under this chapter, a student shall meet all of the following:

(a) Be a disadvantaged student under criteria to be established by the State Scholarship and Loan Commission, which shall take into consideration those financial, educational, cultural, language, home, community, environmental, and other conditions which tend to make difficult the gaining access to and persisting in postsecondary programs.

(b) Be in need of financial assistance to attend college.

(c) Have demonstrated substantial potential for successfully participating at an institution of higher education and for future leadership in the community.

(d) Be a resident of the State of California, as defined in subdivision (a) of Section 31203.

(e) Be a citizen of the United States or have been admitted to permanent residence.

(f) Be admitted to and enroll in a California public community or junior college either accredited by or accepted as a recognized candidate for accreditation by the Western Association of Schools and Colleges, or be admitted to and enroll in a California public or private college accredited by the

Western Association of Schools and Colleges as a full-time undergraduate student.

(g) Maintain satisfactory progress toward a degree and eligibility as defined by the State Scholarship and Loan Commission.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There are several public community or junior colleges which are in various stages of being accredited by the Western Association of Schools and Colleges. Such accreditation is imminent, but may not be completed in time for students to be eligible for the College Opportunity Grant Program during the 1969–1970 school year. Therefore, it is necessary that this act take immediate effect.

CHAPTER 1259

An act to amend Sections 849, 853.6, 1278, 1287, 1295, 1305, 1458, and 1459 of, and to add Section 1320 to, the Penal Code, relating to arrested persons.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 849 of the Penal Code is amended to read:

849. (a) When an arrest is made without a warrant by a peace officer or private person, the person arrested, if not otherwise released, must, without unnecessary delay, be taken before the nearest or most accessible magistrate in the county in which the offense is triable, and a complaint stating the charge against the arrested person, must be laid before such magistrate.

(b) Any peace officer may release from custody, instead of taking such person before a magistrate, any person arrested without a warrant whenever:

(1) He is satisfied that there is no ground for making a criminal complaint against the person arrested. Any record of such arrest shall include a record of the release hereunder and thereafter shall not be deemed an arrest but a detention only.

(2) The person arrested was arrested for intoxication only, and no further proceedings are desirable.

SEC. 2. Section 853.6 of the Penal Code is amended to read:

853.6. (a) In any case in which a person is arrested for an offense declared to be a misdemeanor and does not demand

to be taken before a magistrate, such person may, instead of being taken before a magistrate, be released according to the procedures set forth by this chapter. If the arresting officer or his superior determines that the person should be released, such officer or superior shall prepare in duplicate a written notice to appear in court, containing the name and address of such person, the offense charged, and the time and place where and when such person shall appear in court. If the person is not released prior to being booked and the officer in charge of the booking or his superior determines that the person should be released, such officer or superior shall prepare such written notice to appear in court.

(b) Unless waived by the person, the time specified in the notice to appear must be at least five (5) days after arrest.

(c) The place specified in the notice shall be the court of the magistrate before whom the person would be taken if the requirement of taking an arrested person before a magistrate were complied with, or shall be an officer authorized by such court to receive a deposit of bail.

(d) The officer shall deliver one copy of the notice to appear to the arrested person, and the arrested person, in order to secure release, must give his written promise so to appear in court by signing the duplicate notice which shall be retained by the officer. Thereupon the arresting officer shall forthwith release the person arrested from custody.

(e) The officer shall, as soon as practicable, file the duplicate notice with the magistrate specified therein. Thereupon the magistrate may fix the amount of bail which in his judgment, in accordance with the provisions of Section 1275 of the Penal Code, will be reasonable and sufficient for the appearance of the defendant and shall indorse upon the notice a statement signed by him in the form set forth in Section 815a of this code. The defendant may, prior to the date upon which he promised to appear in court, deposit with the magistrate the amount of bail thus set. Thereafter, at the time when the case is called for arraignment before the magistrate, if the defendant shall not appear, either in person or by counsel, the magistrate may declare the bail forfeited, and may in his discretion order that no further proceedings shall be had in such case.

Upon the making of such order that no further proceedings be had, all sums deposited as bail shall forthwith be paid into the county treasury for distribution pursuant to Section 1463 of this code.

(f) No warrant shall issue on such charge for the arrest of a person who has given such written promise to appear in court, unless and until he has violated such promise or has failed to deposit bail, to appear for arraignment, trial or judgment, or to comply with the terms and provisions of the judgment, as required by law.

(g) The officer shall indicate on the notice to appear whether he desires the arrested person to be booked as defined in subdivision 21 of Section 7 of this code. In such event, the magistrate shall, before the proceedings are finally concluded, order the defendant to be booked by the arresting agency.

(h) A peace officer may use the written notice to appear procedure set forth in this section for any misdemeanor offense in which the officer has arrested a person pursuant to Section 836 or in which he has taken custody of a person pursuant to Section 847.

(i) If the arrested person is not released pursuant to the provisions of this chapter prior to being booked by the arresting agency, then at the time of booking the arresting officer, the officer in charge of such booking or his superior officer, or any other person designated by a city or county for this purpose shall make an immediate investigation into the background of the person to determine whether he should be released pursuant to the provisions of this chapter. Such investigation shall include, but need not be limited to, the person's name, address, length of residence at that address, length of residence within this state, marital and family status, employment, length of that employment, prior arrest record, and such other facts relating to the person's arrest which would bear on the question of his release pursuant to the provisions of this chapter.

SEC. 3. Section 1278 of the Penal Code is amended to read:

1278. Bail is put in by a written undertaking, executed by two sufficient sureties (with or without the defendant, in the discretion of the magistrate), and acknowledged before the court or magistrate, in substantially the following form:

An order having been made on the _____ day of _____, 19___, by _____, a judge of the Justice Court of _____ County (or as the case may be), that _____ be held to answer upon a charge of (stating briefly the nature of the offense), upon which he has been admitted to bail in the sum of _____ dollars ($_____); we, _____ and _____, of _____ (stating their place of residence and occupation), hereby undertake that the above-named _____ will appear and answer any charge in any accusatory pleading based upon the acts supporting the charge above mentioned, in whatever court it may be prosecuted, and will at all times hold himself amenable to the orders and process of the court, and if convicted, will appear for pronouncement of judgment or grant of probation, or if he fails to perform either of these conditions, that we will pay to the people of the State of California the sum of _____ dollars ($_____) (inserting the sum in which the defendant is admitted to bail). If the forfeiture of this bond be ordered by the court, judgment may be summarily made and entered forthwith against the said (naming the sureties), and the defendant if he be a party to the bond, for the amount of their respective undertakings

herein, as provided by Sections 1305 and 1306 of the Penal Code.

SEC. 4. Section 1287 of the Penal Code is amended to read:

1287. The bail must be put in by a written undertaking, executed by two sufficient sureties (with or without the defendant, in the discretion of the court or magistrate), and acknowledged before the court or magistrate, in substantially the following form:

An indictment having been found on the _____ day of _____, 19___, in the Superior Court of the County of _____, charging _____ with the crime of _____ (designating it generally) and he having been admitted to bail in the sum of _____ dollars ($_____), we, _____ and _____, of _____ (stating their place of residence and occupation), hereby undertake that the above-named _____ will appear and answer any charge in any accusatory pleading based upon the acts supporting the indictment above mentioned, in whatever court it may be prosecuted, and will at all times render himself amenable to the orders and process of the court, and, if convicted, will appear for pronouncement of judgment or grant of probation; or, if he fails to perform either of these conditions, that we will pay to the people of the State of California the sum of _____ dollars ($_____) (inserting the sum in which the defendant is admitted to bail). If the forfeiture of this bond be ordered by the court, judgment may be summarily made and entered forthwith against the said (naming the sureties, and the defendant if he be a party to the bond), for the amount of their respective undertakings herein, as provided by Sections 1305 and 1306 of the Penal Code.

SEC. 5. Section 1295 of the Penal Code is amended to read:

1295. The defendant, or any other person, at any time after an order admitting defendant to bail or after the arrest and booking of a defendant for having committed a misdemeanor, instead of giving bail may deposit with the clerk of the court in which the defendant is held to answer or notified to appear for arraignment, the sum mentioned in the order, or if no order, in the schedule of bail previously fixed by the judges of said court, and upon delivering to the officer in whose custody defendant is a certificate of the deposit, defendant must be discharged from custody.

Where more than one such deposit is made with respect to any charge in any accusatory pleading based upon the acts supporting the original charge as a result of which an earlier deposit was made, the defendant shall receive credit in the amount of any such earlier deposit.

SEC. 6. Section 1305 of the Penal Code is amended to read:

1305. If, without sufficient excuse, the defendant neglects to appear for arraignment or for trial or judgment, or upon any other occasion when his presence in court is lawfully re-

quired, or to surrender himself in execution of the judgment, the court must direct the fact to be entered upon its minutes and the undertaking of bail, or the money deposited instead of bail, as the case may be, must thereupon be declared forfeited, and, if the amount of the forfeiture exceeds fifty dollars ($50), the clerk of the court shall, promptly upon entering the fact of such failure to appear in the minutes, mail notice of the forfeiture to the surety on the bond or depositor of money instead of a bond, and shall execute an affidavit of such mailing and place it in the court's file in the case. If the surety is an authorized corporate surety insurer, and if the bond has plainly printed or stamped thereon the address of its principal office in California, such notice shall be mailed to such surety at such address, and mailing to the bail agent or solicitor who posted the bond shall not constitute compliance with this section; the clerk shall at the same time send a copy of such notice to the bail agent or solicitor who posted the bond. If the clerk fails to mail such notice within 30 days after such entry, the surety or depositor shall be released from all obligations under the bond. But if at any time within 180 days after such entry in the minutes or, if mailing of notice of forfeiture is required, within 180 days after mailing such notice of forfeiture, the defendant and his bail appear, and satisfactorily excuse the defendant's neglect or show to the satisfaction of the court that the absence of the defendant was not with the connivance of the bail, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just. If within 180 days after such entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is dead or is otherwise permanently unable to appear in court due to illness, insanity, or detention by civil or military authorities, and that the absence of the defendant was not with the connivance of the bail, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just. If within 180 days after such entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is temporarily disabled by reason of illness, insanity, or detention by civil or military authorities and is therefore unable to appear in court at any time during the remainder of such 180 days, and that the absence of the defendant has not been with the connivance of the bail, then the period of time during which the disability continues shall not be deemed part of such 180 days. Upon a finding by the court that a reasonable period of time is necessary in order to return the defendant to court upon the termination of the disability, then such period of time, as fixed by the court, shall not be deemed part of such 180 days. If at any time within 180 days after such entry in the minutes or mailing as the case may be, the bail should surrender the defendant to the court or to custody, the court shall direct the forfeiture of the

undertaking or the deposit to be discharged upon such terms as may be just.

No order discharging the forfeiture of the undertaking or deposit shall be made without opportunity for hearing and the filing of a notice of motion for such order setting forth the basis for relief, with proof of service upon the district attorney or other representative of the people at least 10 days prior to the time set for hearing of the motion and otherwise in compliance with the provisions of Section 1010 of the Code of Civil Procedure. Such notice may be given by the surety insurer, its bail agent, the surety, or depositor of money, any of whom may give such notice and appear either in person or by attorney. Such notice of motion must be filed within 180 days after such entry in the minutes or mailing as the case may be, and must be heard and determined within 30 days after the expiration of such 180 days, unless the court for good cause shown, shall extend the time for hearing and determination.

SEC. 7. Section 1320 is added to the Penal Code, to read:

1320. Whenever a person is detained in custody on a criminal charge prior to conviction for want of bail, such person is entitled to an automatic review of the order fixing the amount of his bail by the judge or magistrate having jurisdiction of the offense. Such review shall be held not later than five days from the time of the original order fixing the amount of his bail.

SEC. 8. Section 1458 of the Penal Code is amended to read:

1458. The provisions of this code relative to bail are applicable to bail in cases triable in inferior courts. The defendant, at any time after his arrest and before conviction, may be admitted to bail. The undertaking of bail in such a case shall be in substantially the following form:

A complaint having been filed on the _____ day of _____, 19___, in the _____ Court of _____ County of _____ (stating title and location of court) charging _____ (naming defendant) as defendant with the crime of _____ (designating it generally) and he having been admitted to bail in the sum of _____ dollars ($_____) (stating amount);

We, _____ and _____, of _____ (stating their places of residence and occupation), hereby undertake that the above-named defendant will appear and answer any charge in any accusatory pleading based upon the acts supporting the complaint above mentioned and all duly authorized amendments thereof, in whatever court it may be prosecuted, and will at all times hold himself amenable to the orders and process of the court, and, if convicted, will appear for pronouncement of judgment or grant of probation or if he fails to perform either of these conditions, that we will pay to the people of the State of California the sum of _____ dollars ($_____) (inserting the sum in which the defendant is admitted to bail). If the for-

feiture of this bond is ordered by the court, judgment may be summarily made and entered forthwith against the said _____ (naming the sureties and the defendant if he is a party to the bond) for the amount of their respective undertakings herein, as provided by Sections 1305 and 1306 of the California Penal Code.

SEC. 9. Section 1459 of the Penal Code is amended to read:

1459. Undertakings of bail filed in inferior courts by admitted surety insurers shall meet all other requirements of law and the obligation of the insurer shall be in the following form:

_____ (stating the title and the location of the court).

Defendant _____ (stating the name of the defendant) having been admitted to bail in the sum of _____ dollars ($_____) (stating the amount of bail fixed) and ordered to appear in the above-entitled court on _____, 19___ (stating the date for appearance in court), on _____ (stating only the word "misdemeanor" or the word "felony") charge/s;

Now, the _____ (stating the name of admitted surety insurer and state of incorporation) hereby undertakes that the above-named defendant will appear in the above-named court on the date above set forth to answer any charge in any accusatory pleading based upon the acts supporting the complaint filed against him/her and all duly authorized amendments thereof, in whatever court it may be prosecuted, and will at all times hold him/herself amenable to the orders and process of the court and, if convicted, will appear for pronouncement of judgment or grant of probation or if he/she fails to perform either of these conditions, that the _____ (stating the name of admitted surety insurer and state of incorporation) will pay to the people of the State of California the sum of _____ dollars ($_____) (stating the amount of the undertaking of the admitted surety insurer).

If the forfeiture of this bond be ordered by the court, judgment may be summarily made and entered forthwith against the said _____ (stating the name of admitted surety insurer and state of incorporation) for the amount of its undertaking herein, as provided by Sections 1305 and 1306 of the California Penal Code.

CHAPTER 1260

An act to amend Section 1777.5 of the Labor Code, relating to public works, declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 1777.5 of the Labor Code is amended to read:

1777.5. Nothing in this chapter shall prevent the employment of properly indentured apprentices upon public works.

Every such apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade at which he is employed, and shall be employed only at the work of the craft or trade to which he is indentured.

Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards and written apprentice agreements under Chapter 4 (commencing at Section 3070), Division 3, of the Labor Code, are eligible to be employed on public works. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which he is training.

When the contractor to whom the contract is awarded by the state or any political subdivision, or any subcontractor under him, in performing any of the work under the contract or subcontract, employs workmen in any apprenticeable craft or trade, the contractor and subcontractor shall apply in each such case to the joint apprenticeship committee administering the apprenticeship standards of the craft or trade in the area of the site of the public work for a certificate approving the contractor or subcontractor under the apprenticeship standards for the employment and training of apprentices in the area of the site of the public work. The committee shall issue a certificate fixing the number of apprentices or the ratio of apprentices to journeymen who shall be employed in the craft or trade on the public work. The ratio shall not exceed that stipulated in the apprenticeship standards under which the joint apprenticeship committee operates, but in no case shall the ratio be less than one apprentice for each five journeymen, except as otherwise provided in this section.

The contractor or subcontractor, if he is covered by this section, shall, upon the issuance of the approval certificate in each such craft or trade, employ the number of apprentices or the ratio of apprentices to journeymen fixed in the certificate issued by the joint apprenticeship committee. Upon proper showing by the contractor that he employs apprentices in such craft or trade in the state on all of his contracts on an annual average of not less than one apprentice to each

eight journeymen, the Division of Apprenticeship Standards shall grant a certificate exempting the contractor from the 1-to-5 ratio as set forth in this section.

"Apprenticeable craft or trade," as used in this section, shall mean a craft or trade determined as an apprenticeable occupation in accordance with rules and regulations prescribed by the Apprenticeship Council. The joint apprenticeship committee shall have the discretion to grant a certificate exempting a contractor from the 1-to-5 ratio set forth in this section when it finds that any one of the following conditions is met:

(a) In the event unemployment for the previous three-month period in such area exceeds an average of 15 percent, or

(b) In the event the number of apprentices in training in such area exceeds a ratio of 1 to 5, or

(c) If there is a showing that the apprenticeable craft or trade is replacing at least one-thirtieth of its journeymen annually through apprenticeship training, either (1) on a statewide basis, or (2) on a local basis.

(d) If assignment of an apprentice to any work performed under a public works contract would create a condition which would jeopardize his life or the life, safety, or property of fellow employees or the public at large or if the specific task to which the apprentice is to be assigned is of such a nature that training cannot be provided by a journeyman.

When such exemptions are granted to an organization which represents contractors in a specific trade from the 1-to-5 ratio on a local or statewide basis the member contractors will not be required to submit individual applications for approval to local joint apprenticeship committees, provided they are already covered by the local apprenticeship standards.

A contractor to whom the contract is awarded, or any subcontractor under him, who, in performing any of the work under the contract, employs journeymen or apprentices in any apprenticeable craft or trade and who is not contributing to a fund or funds to administer and conduct the apprenticeship program in any such craft or trade in the area of the site of the public work, to which fund or funds other contractors in the area of the site of the public work are contributing, shall contribute to the fund or funds in each craft or trade in which he employs journeymen or apprentices on the public work in the same amount or upon the same basis and in the same manner as the other contractors do. The contractor or subcontractor may add the amount of such contributions in computing his bid for the contract. The Division of Labor Law Enforcement is authorized to enforce the payment of such contributions to the fund or funds as set forth in Section 227.

The body awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section.

In the event a contractor willfully fails to comply with this section, such contractor shall be denied the right to bid on a

public works contract for a period of six months from the date the determination is made.

The interpretation and enforcement of this section shall be in accordance with the rules and procedures prescribed by the Apprenticeship Council.

All decisions of the joint apprenticeship committee under this section are subject to the provisions of Section 3081.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The 1968 amendments to this section created difficulties in contract negotiations, the subject matter of which is vital to the public welfare, and in the ability of contractors to meet the requirements of this section. This act must take effect immediately to solve these difficulties.

CHAPTER 1261

An act to amend Section 11583 of the Insurance Code, relating to payment of insurance claims.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 11583 of the Insurance Code is amended to read:

11583. No advance payment or partial payment of damages made by any person, or made by his insurer under liability insurance as defined in subdivision (a) of Section 108, as an accommodation to an injured person or on his behalf to others or to the heirs at law or dependents of a deceased person because of an injury or death claim or potential claim against any person or insured shall be construed as an admission of liability by the person claimed against, or of that person's or the insurer's recognition of such liability, with respect to such injured or deceased person or with respect to any other claim arising from the same accident or event. Any such payments shall, however, constitute a credit and be deductible from any final settlement made or judgment rendered with respect to such injured or deceased person which does not expressly take into account such advance payments. Any person, including any insurer, who makes such an advance or partial payment, shall at the time of beginning payment, notify the recipient thereof in writing of the statute of limitations applicable to the cause of action which such recipient may bring against such person as a result of such injury or death, including any time limitations within which claims are required to be made against the state

or any local public entity when such payments are made on behalf of such public entities. Failure to provide such written notice shall operate to toll any such applicable statute of limitations or time limitations from the time of such advance or partial payment until such written notice is actually given.

CHAPTER 1262

An act to amend Section 13341 of the Education Code, relating to teacher-training institutions.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 13341 of the Education Code is amended to read:

Any teacher-training institution in California may execute a contract with the governing board of any school district, a county board of education, or the State Board of Education whereby certificated personnel of the institution may be assigned to school districts, county boards of education, or the State Department of Education for full-time or part-time duty for a period not to exceed one year.

Any such contract shall provide for the payment, by the entity to which a person is assigned to the employer, of a sum equivalent to the salary and other employment costs of any such employee. In place of such payment, the contract may provide for the exchange of certificated personnel between the district, county, or State Department of Education and the teacher-training institution. Any such employee shall retain his status as an employee of the school district, county, State Department of Education, or teacher-training institution from which he is assigned in all respects during the period of such assignment.

CHAPTER 1263

An act to amend Section 1110 of the Health and Safety Code, relating to the California Conference of Local Health Officers.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

CHAPTER 1264

An act to add Chapter 5 (commencing with Section 23700) to Division 1 of Title 3 of, and Chapter 3 (commencing with Section 34450) to Part 1 of Division 2 of Title 4 of, and to repeal Chapter 3 (commencing with Section 34450) of Part 1, Division 2, Title 4 of, the Government Code, relating to codification of various provisions to be omitted from the California Constitution in its revision.

[Approved by Governor August 30, 1969 Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 5 (commencing with Section 23700) is added to Division 1, Title 3 of the Government Code, to read:

CHAPTER 5. COUNTY CHARTERS

Article 1. Proposing a Charter

23700. Counties may propose charters or revise existing charters according to the provisions of this chapter.

23701. Proceedings to propose or revise a charter may be initiated by ordinance, adopted by a majority vote of the members of the governing body of each county. The ordinance shall declare that the public interest requires the election of

a charter commission composed of 15 qualified electors of the county, to be elected by the qualified electors of the county, at a general or special election. Proceedings to propose or revise a charter may also be initiated by a petition of qualified electors of the county as provided in this chapter.

23702. Petitions to propose or revise a charter shall be signed by at least 15 percent of the qualified electors of the county, computed upon the total number of votes cast for all candidates for Governor at the last preceding general election at which a Governor was elected, and shall request the election of a charter commission to prepare and propose or revise a charter for the county. It shall be filed in the office of the county clerk.

23703. It shall be the duty of the county clerk, within 20 days after the filing of the petition, to examine the same, and to ascertain from the record of the registration of electors of the county, whether the petition is signed by the requisite number of qualified electors. If required by the clerk, the governing body shall authorize him to employ persons specially to assist him in the work of examining the petition, and shall provide for their compensation.

23704. Upon the completion of such examination, the clerk shall attach to the petition his certificate, properly dated, showing the result thereof; and if, by such certificate, it shall appear that the petition is signed by the requisite number of qualified electors, the clerk shall immediately present the petition to the governing body, if it be in session, otherwise at its next regular meeting after the date of such certificate.

23705. Upon the adoption of such ordinance, or the presentation of such petition, the governing body shall order the holding of a special election for the purpose of electing a charter commission, which special election shall be held not less than 20 days nor more than 60 days after the adoption of the ordinance or the presentation of the petition to the governing body. If a general election shall occur in the county not less than 20 days nor more than 60 days after the adoption of the ordinance, or the presentation of the petition to the governing body, the charter commissioners may be elected at such general election.

23706. Candidates for election as members of the charter commission shall be nominated substantially in the same manner provided by general law for the nomination of candidates for county offices.

23707. At such election the electors shall vote first on the question "Shall a charter commission be elected to propose or revise a charter?" and secondly, for the candidates for the office of charter commissioner. If the first question receives a majority of the votes of the qualified voters voting at such election, the 15 candidates for the office of charter commissioner receiving the highest number of votes shall forthwith orga-

nize as a charter commission, but if the first question receives less than a majority of the votes of the qualified voters voting at such election, no charter commission shall be deemed to have been elected.

23708. It shall be the duty of the charter commission to prepare and propose a charter or revised charter for the county, which shall be signed in duplicate by the members of the charter commission, or a majority of them, and be filed, one copy in the office of the county clerk and the other in the office of the county recorder.

23709. The governing body shall cause the proposed charter or revised charter to be published for at least 10 times in a daily newspaper of general circulation, printed, published and circulated in the county. In any county where no such daily newspaper is printed, published and circulated, the proposed or revised charter shall be published for at least three times in at least one weekly newspaper of general circulation, printed, published and circulated in the county. In any county where neither a daily nor weekly newspaper is printed, published and circulated, a copy of such proposed or revised charter shall be posted by the county clerk in three public places in the county, and on or near the entrance to at least one public schoolhouse in each school district in the county. The first publication or the posting of a proposed or revised charter shall be made within 15 days after the filing of a copy thereof, in the office of the county clerk.

23710. The proposed charter or revised charter shall be submitted by the governing body to the qualified electors of the county at a special election held not less than 30 days nor more than 60 days after the completion of the publication, or posting provided for in Section 23709. If a general election shall occur in the county not less than 30 days nor more than 60 days after the completion of the publication, or posting, then the proposed or revised charter may be submitted at the general election.

23711. As an alternative to the procedure provided for in Sections 23700 through 23710 of this article, the governing body of any county, on its own motion may propose or cause to be proposed or revise or cause to be revised, a proposed charter and submit the proposal for adoption to the electors at either a special election called for that purpose or at any general or special election. Any charter so submitted shall be advertised in the same manner as provided for the advertisement of a charter proposed by a charter commission; and the election on such charter shall be held at a date to be fixed by the governing body of the county, which shall be not less than 40 nor more than 60 days after the completion of the advertising in the official paper.

23712. If the electors, voting at a general or special election, shall vote in favor of the charter proposed or revised by a charter commission or the governing body of a county, it

shall be deemed to be ratified, and shall be forthwith submitted to the Legislature, if it be in regular session, otherwise at its next regular session, or it may be submitted to the Legislature in extraordinary session, for its approval or rejection as a whole, without power of alteration or amendment. Such approval may be made by concurrent resolution, and if approved by the majority vote of the members elected to each house, such charter shall become the charter of such county and shall become the organic law thereof relative to the matters provided therein, and supersede any existing charter, and shall supersede all laws inconsistent with such charter relative to the matters provided in such charter.

23713. A copy of the charter, certified and authenticated by the chairman and clerk of the governing body under the seal of the governing body and attested by the county clerk of the county, setting forth the submission of the charter to the electors of the county, and its ratification by them shall, after the approval of the charter by the Legislature, be made in duplicate, and filed, one in the office of the Secretary of State and the other, after being recorded in the office of the recorder of the county, shall be filed in the office of the county clerk, and thereafter all courts shall take judicial notice of the charter.

Article 2. Charter Amendment and Repeal

23720. (a) A county charter may be amended by proposals submitted by the governing body or by a petition signed by 10 percent of the qualified electors of the county, computed upon the total number of votes cast in the county for all candidates for Governor at the last general election at which a Governor was elected, filed in the office of the county clerk of the county, petitioning the governing body to submit a proposed amendment or amendments to the charter of the county to the qualified electors of the county, which amendment or amendments are set forth in full in such petition.

(b) A county charter may be repealed by proposals submitted by the governing body or by a petition signed by 10 percent of the qualified electors of the county computed upon the total number of votes cast in the county for all candidates for Governor at the last general election at which a Governor was elected. Such petition, petitioning the governing body to submit the question of charter repeal to the qualified electors of the county, shall be filed in the office of the county clerk of the county.

23721. The petition shall forthwith be examined and certified by the county clerk as provided in Section 23703 for petitions for the election of a charter commission, and if signed by the requisite number of qualified electors of the county, shall be presented to the governing body, by the county clerk.

23722. Upon the presentation of a petition, or upon its own submission of a proposal to amend or repeal the charter, the governing body shall submit the amendment or amendments

proposed or the question of the repeal of the charter to the qualified electors of the county at a general or special election held not less than 30 days nor more than 60 days after the publication of such proposal in the same manner as that provided in Section 23709 for a proposed or revised charter. In submitting the question of charter repeal or amendment, any alternative article or proposition may be presented for the choice of the electors, and may be voted on separately without prejudice to others.

23723. If the majority of electors voting, at a general or special election, shall vote in favor of the proposed amendment or amendments or in favor of charter repeal, the amendment or amendments or charter repeal shall be deemed to be ratified. Any charter amendment or amendments so ratified shall be forthwith submitted to the Legislature, if it be in regular session, otherwise at its next regular session, or may be submitted to the Legislature in extraordinary session, for approval or rejection as a whole, without power of alteration or amendment, and if approved by the Legislature, as provided in this chapter for the approval of the charter, such charter shall be amended accordingly.

23724. A copy of the amendment or amendments shall, after approval by the Legislature, be made in duplicate, and shall be authenticated, certified, recorded and filed in the same manner as provided in Section 23713 for the charter, and with like force and effect.

Article 3. Elections

23730. Every special election held under the provisions of this chapter, for the election of a charter commission or for the submission of a proposed or revised charter, or any amendment or amendments thereto, or repeal thereof, shall be called by the governing body, by ordinance, which shall specify the purpose and time of such election and shall establish the election precincts and designate the polling places therein, and the names of the election officers for each such precinct.

23731. Such ordinance, referred to in Section 23730, prior to such election, shall be published five times in a daily newspaper, or twice in a weekly newspaper, if there be no such daily newspaper, printed, published and circulated in the county. If no daily or weekly newspaper be printed or published in such county, then a copy of such ordinance shall be posted by the county clerk in three public places in the county and in or near the entrance to at least one public schoolhouse in each school district. In all other respects, every such election shall be held and conducted, the returns canvassed and the result declared by the governing body in the same manner as provided by law for general elections.

23732 Whenever a charter commission shall be elected, or any such proposed charter or revised charter, or amendment

or amendments thereto, or repeal thereof, shall be submitted, at a general election, the general laws applicable to the election of county officers and the submission of propositions to the vote of electors, shall be followed insofar as the same may be applicable.

SEC. 2. Chapter 3 (commencing with Section 34450) of Part 1, Division 2, Title 4 of the Government Code is repealed.

SEC. 3. Chapter 3 (commencing with Section 34450) is added to Part 1, Division 2, Title 4 of the Government Code, to read:

CHAPTER 3. CITY CHARTERS

34450. Any city or city and county may propose or revise a charter for its own government according to the provisions of this article.

34451. The charter may be proposed or revised by a charter commission chosen by the electors of the city or city and county, at any general or special election, but no person shall be eligible as a candidate for such commission unless he is an elector of the city or city and county.

34452. An election for choosing charter commissioners may be called by a majority vote of the governing body of the city or city and county, or on presentation of a petition signed by not less than 15 percent of the registered electors of such city or city and county. The governing body shall call such election at any time not less than 30 nor more than 60 days from date of the filing of the petition. Any such petition shall be verified by the authority having charge of the registration records of the city or city and county and the expenses of such verification shall be provided by the governing body thereof.

34453. At such election the electors shall vote first on the question "Shall a charter commission be elected to propose a new charter or to revise the charter?" and secondly for the candidates of the office of charter commissioner. If the first question receives a majority of the votes of the qualified voters voting thereon at such election, the 15 candidates for the office of charter commissioner receiving the highest number of votes shall forthwith organize as a charter commission, but if the first question receives less than a majority of the votes of the qualified voters voting thereon at such election no charter commission shall be deemed to have been elected.

34454. Candidates for the office of charter commissioner shall be nominated either in such manner as may be provided for the nomination of officers of the municipal or city and county government or by petition, substantially in the same manner as may be provided by general laws for the nomination by petition of electors of candidates for public offices to be voted for at general elections.

34455. The charter commissioners shall propose a charter for the government of the city or city and county or revise a charter. The charter so prepared shall be signed by a majority of the charter commissioners and shall be filed in the office of

the clerk of the governing body of the city or city and county. The governing body of the city or city and county shall, within 15 days after such filing, cause such charter to be published once in the official newspaper of said city or city and county and in each edition thereof, during the day of publication. In case there is no such official newspaper, the charter shall be published in a newspaper of general circulation within such city or city and county and in all the editions thereof issued during the day of publication.

34456. In any city or city and county with over 50,000 population, the governing body shall cause copies of the charter to be printed in convenient pamphlet form and in type of not less than 10-point and shall cause copies to be mailed to each of the qualified electors of the city or city and county, and shall, until the day fixed for the election upon the charter, advertise in one or more newspapers of general circulation in said city or city and county a notice that copies may be had upon application therefor.

34457. The proposed or revised charter shall be submitted to the electors of the city or city and county at a date to be fixed by the charter commission before its filing and designated on the charter, either at a special election held not less than 60 days from the completion of the publication of the charter as provided in this article, or at the general election next following the expiration of said 60 days.

34458. As an alternative to the procedure provided for in Sections 34450 through 34457 of this article, the governing body of any city or city and county, on its own motion may propose or cause to be proposed or revise or cause to be revised, a charter and submit the proposal for the adoption or revision thereof to the electors at either a special election called for that purpose or at any general or special election. Any charter so submitted shall be advertised in the same manner as provided for the advertisement of a charter proposed by a charter commission; and the election on such charter shall be held at a date to be fixed by the governing body of the city or city and county, which shall be not less than 40 nor more than 60 days after the completion of the advertising in the official paper.

34459. The charter of any city or city and county may be amended or repealed by proposals submitted by the governing body on its own motion or by petition signed by 15 percent of the registered electors, or both. Such proposals shall be submitted to the electors at either a special election called for that purpose or at any general or special election.

34460. Petitions for the submission of any amendment or petitions for the repeal of a charter shall be filed with the governing body of the city or city and county not less than 60 days prior to the general election next preceding a regular session of the Legislature. The signatures on such petitions shall be verified by the authority having charge of the regis-

tration records of the city or city and county, and the expenses of such verification shall be provided by the governing body thereof.

34461. If the petitions have a sufficient number of signatures the governing body of the city or city and county shall submit the amendment or amendments proposed or the proposal for charter repeal to the electors. Amendments proposed by the governing body and amendments proposed by petition of the electors may be submitted at the same election. The amendments so submitted or the proposal for charter repeal shall be advertised in the same manner as provided for the advertisement of a proposed or revised charter, and the election on the proposed amendments or the proposal for charter repeal shall be held at a date to be fixed by the governing body of the city or city and county, which is not less than 40, and not more than 60, days after the completion of the advertising in the official paper.

34462. The percentages of the registered electors required for the election of charter commissioners or the submission of amendments to charters or the proposal for charter repeal shall be calculated upon the total vote cast for all candidates for Governor in the city or city and county at the last preceding general state election at which a Governor was elected; and the qualified electors shall be those whose names appear upon the registration records of the same or preceding year. The election laws of such city, or city and county shall, so far as applicable, govern all elections held under the authority of this section.

34463. One copy of the charter ratified and approved in accordance with the provisions of this article shall be filed with the Secretary of State, one with the recorder in the county in which such city is located, and one in the archives of the city, and in the case of a city and county one copy shall be filed with the recorder thereof, and one in the archives of such city and county; and thereafter the courts shall take judicial notice of the provisions of such charter.

SEC. 4. This act shall become operative only if Assembly Constitutional Amendment No. 29 of the 1969 Regular Session is adopted by the people, in which event it shall become operative at the same time as Assembly Constitutional Amendment No. 29.

CHAPTER 1265

An act to amend Sections 1052 and 10604 of, and to add Section 10604.3 to, the Education Code, relating to school government.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 1052 of the Education Code is amended to read:

1052. The governing board of any school district shall prescribe rules not inconsistent with law or with the rules prescribed by the State Board of Education, for the government and discipline of the schools under its jurisdiction.

SEC. 2. Section 10604 of the Education Code is amended to read:

10604. It is unlawful for any pupil, enrolled in any elementary or secondary school of this state, to join or become a member of any secret fraternity, sorority, or club, wholly or partly formed from the membership of pupils attending the public schools, or to take part in the organization or formation of any fraternity, sorority, or secret club. Nothing in this section shall be construed to prevent any pupil from joining the order of the Native Sons of the Golden West, Native Daughters of the Golden West, Foresters of America, or other kindred organizations not directly associated with the public schools of the state.

SEC. 3. Section 10604.3 is added to the Education Code, to read:

10604.3. Any governing board may enforce the provisions of Section 1052 by suspending, or, if necessary, expelling a pupil in any elementary or secondary school who refuses or neglects to obey any rules prescribed pursuant to that section.

CHAPTER 1266

An act to amend Section 6650 of the Government Code, relating to state-supported bands or orchestras.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 6650 of the Government Code is amended to read:

6650. (a) Any marching band organized by or maintained by any educational institution supported in whole or in part by public funds or granted any tax exemption as an educational institution may furnish music at any athletic event where an admission is charged by any private person, partnership operating for profit, or corporation organized for profit only under the following conditions:

(1) The performance is authorized by the governing body of the institution;

(2) A band or orchestra of not less than the number of professional musicians customarily engaged for the athletic event

in the particular auditorium, stadium, or place of performance or 15 professional union musicians, whichever is greater, is employed to furnish music at the event; and

(3) Neither the person, partnership, or corporation, nor the agent thereof, advertises or makes known to the public by any means or through any medium the pending performance of such marching band as an added attraction to the event itself; provided, however, that any person by any means or through any medium including radio or television may identify such marching band to the public at the actual moment of performance or thereafter.

(b) Any band or orchestra organized by or maintained by any institution supported in whole or in part by public funds or granted any tax exemption as an educational institution may furnish music at any activity of any other such institution when authorized by its governing board.

It is the intention of the Legislature to encourage the musicianship of California's student bandsmen in marching bands but in no way to reduce employment opportunities for professional musicians. Private employers of professional musicians are to be advised that the Legislature intends to encourage such employers to invite California's student marching bands to perform but not to regard such specialized marching performances as providing a substitute for the performance of regularly employed professional musicians which would ordinarily be required by such employers for such admission-paid events, in the absence of any performance at the same event by a student marching band.

CHAPTER 1267

An act to add Section 163.1 to the Military and Veterans Code, relating to records.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 163.1 is added to the Military and Veterans Code, to read:

163.1. All records of any special proceedings of any board of inquiry convened by the commanding general of the state military forces to investigate the causes of any accidents involving National Guard aircraft, the purpose of which investigation is prevention of future accidents, shall not be admissible for any purpose in evidence in any court of this state.

Whenever any such accident involves property damage or personal injury, a collateral investigation shall be conducted to ascertain the causes of such accidents and the records of any collateral investigations shall be discoverable under the appropriate sections of the Code of Civil Procedure.

CHAPTER 1268

An act to add Section 21301 to the Government Code, relating to the retirement of public officers and employees.

[Approved by Governor August 30, 1969 Filed with Secretary of State August 31, 1969]

The people of the State of California do enact as follows:

SECTION 1. Section 21301 is added to the Government Code, to read:

21301. The per pupil cost attributable to capital outlay shall be on the basis of an average expenditure for the preceding five years. The cost of transportation shall not exceed ten dollars ($10) per month. Tuition payments shall be

made in advance for each month or semester during the period of attendance. If the amount paid is more or less than the total cost of education and transportation, adjustment shall be made for the following semester or school year. The attendance of the pupils shall not be included in computing the average daily attendance of the class or school for the purpose of obtaining apportionment of state funds. The people of the State of California do enact as follows:

SECTION 1. The Director of Parks and Recreation is authorized to grant to the County of Los Angeles, all the right, title and interest of the State of California to all lands included within the Puddingstone State Recreation Area upon such conditions as are set forth in Sections 2, 3 and 4 of this act.

SEC. 2. Within two years from the effective date of this act, the County of Los Angeles shall cause a master plan for the development of such land to be prepared, which plan shall be subject to the approval of the Director of Parks and Recreation.

SEC. 3. The County of Los Angeles shall develop such land in accordance with the approved master plan.

CHAPTER 1274

An act to amend Section 14105 of the Welfare and Institutions Code, relating to medical assistance.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 14105 of the Welfare and Institutions Code is amended to read:

14105. The director shall prescribe the policies to be followed in the administration of this chapter and the scope of the services to be provided, and may limit the rates of payment for such services, and shall adopt such rules and regulations as are necessary for carrying out, not inconsistent with, the provisions thereof.

Such policies and regulations shall include rates for payment for services not rendered under a contract pursuant to Section 14104. Standards for costs shall be based on payments of the reasonable cost for such services. Cost reports and other data submitted by providers to a state agency for the purpose of determining reasonable costs for services or establish-

ing rates of payment shall be considered true and correct unless audited within eighteen (18) months after July 1, 1969, the close of the period covered by the report, or after the date of submission of the original or amended report by the provider, whichever is later.

Nothing in this section shall be construed to limit the correction of cost reports or rates of payment when inaccuracies are determined to be the result of intent to defraud, or when a delay in the completion of an audit is the result of willful acts by the provider or inability to reach agreement on the terms of final settlement.

Insofar as practical, consistent with the efficient and economical administration of this part, the department shall afford recipients of public assistance free choice of arrangements under which they shall receive health care.

In establishing the scope of services to be provided, the director shall provide for recipients at least for a minimum coverage as defined in Section 14056, and insofar as possible shall include other health care and related remedial or preventive services giving priority to those services which are considered to have the greatest value in preventing or reducing the likelihood of future high cost medical services.

Notwithstanding the provisions of the preceding paragraph, and in accordance with the intent of this chapter, the director, with respect to medically indigent persons, may limit, by appropriate classifications, the number of medically indigent persons eligible, and may limit the scope and kinds of health care to which such persons are entitled, to the extent necessary to operate programs under this chapter within the limits of appropriated funds. When and if necessary, such action shall be taken by the director with the advice of the Health Review and Program Council and in ways consistent with the requirements of the Federal Social Security Act.

CHAPTER 1275

An act to add Article 4.7 (commencing with Section 1215) to Chapter 2 of Part 2 of Division 1 of the Insurance Code, relating to insurance holding companies.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Article 4.7 (commencing with Section 1215) is added to Chapter 2 of Part 2 of Division 1 of the Insurance Code, to read:

Article 4.7. Insurance Holding Company System Regulatory Act

1215. As used in this article, the following terms shall have the respective meanings hereinafter set forth, unless the context shall otherwise require:

(a) An "affiliate" of, or person "affiliated" with, a specific person, is a person that directly, or indirectly, through one or more intermediaries, controls, or is controlled by, or is under common control with, the person specified.

(b) The term "control" includes the terms "controlling," "controlled by," and "under common control with," and means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or nonmanagement services, or otherwise, unless the power is the result of an official position with or corporate office held by the person. Control shall be presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing, more than 10 percent of the voting securities of any other person. This presumption may be rebutted by a showing that control does not exist in fact in accordance with subdivision (i) of Section 1215.4. The commissioner may, after furnishing all persons in interest notice and opportunity to be heard, determine that control exists in fact, notwithstanding the absence of a presumption to that effect.

(c) An "insurance holding company system" consists of two or more affiliated persons, one or more of which is an insurer.

(d) "Insurer" shall have the same meaning as set forth in Section 826 of this code, excluding subdivision (f) of such section.

(e) "Person" is an individual, a corporation, a partnership, an association, a joint stock company, a business trust, an unincorporated organization, or any similar entity, or any combination thereof acting in concert.

(f) A "subsidiary" of a specified person is an affiliate controlled by such person directly, or indirectly through one or more intermediaries.

1215.1. (a) Any domestic insurer, either by itself or in cooperation with one or more persons, may organize or acquire one or more subsidiaries subject to the limitations of this section.

(b) In addition to investments in common stock, preferred stock, debt obligations, and other securities permitted under all other sections of this chapter, a domestic insurer may also do one or more of the following:

(1) Invest, in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries, amounts which do not exceed the lesser of 5 percent of such insurer's

assets or 50 percent of such insurer's surplus as regards policyholders. However, after such investments, the insurer's surplus as regards policyholders shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs. In calculating the amount of such investments, there shall be included (A) total net moneys or other consideration expended and obligations assumed in the acquisition or formation of a subsidiary, including all organizational expenses and contributions to capital and surplus of such subsidiary whether or not represented by the purchase of capital stock or issuance of other securities, and (B) all amounts expended in acquiring additional common stock, preferred stock, debt obligations, and other securities and all contributions to the capital or surplus, of a subsidiary subsequent to its acquisition or formation;

(2) If the insurer's total liabilities, as calculated for National Association of Insurance Commissioners' annual statement purposes, are less than 10 percent of assets, invest any amount in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries. However, after such investment the insurer's surplus as regards policyholders, considering such investment as if it were a disallowed asset, shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs;

(3) Invest any amount in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries, provided, that each such subsidiary agrees to limit its investments in any asset so that such investments will not cause the amount of the total investment of the insurer to exceed any of the investment limitations specified in paragraph (1) of this subdivision or in this chapter applicable to the insurer. For the purpose of this paragraph, "the total investment of the insurer" shall include (i) any direct investment by the insurer in an asset, and (ii) the insurer's proportionate share of any investment of an asset by any subsidiary of the insurer, which shall be calculated by multiplying the amount of the subsidiary's investment by the percentage of the insurer's ownership of such subsidiary.

(4) With the approval of the commissioner, invest any amount in common stock, preferred stock, debt obligations, or other securities of one or more subsidiaries, provided that after such investment the insurer's surplus as regards policyholders shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs;

(5) Invest any amount in the common stock, preferred stock, debt obligations, or other securities of any subsidiary exclusively engaged in holding title to or holding title to and managing or developing real or personal property, if after considering as a disallowed asset so much of the investment as is represented by subsidiary assets which if held directly by the insurer would be considered as a disallowed asset, the

insurer's surplus as regards policyholders shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

(c) Investments in common stock, preferred stock, debt obligations, or other securities of subsidiaries made pursuant to subdivision (b) of this section shall neither limit nor be subject to any of the otherwise applicable authorizations, restrictions, or prohibitions contained in this part applicable to such investments of insurers.

(d) Whether any investment pursuant to subdivision (b) of this section meets the applicable requirements thereof is to be determined immediately after such investment is made, taking into account the then outstanding principal balance on all previous investments in debt obligations, and the value of all previous investments in equity securities as of the date they were made.

(e) If an insurer ceases to control a subsidiary, it shall dispose of any investment therein made pursuant to this section within three years from the time of the cessation of control, or within such further time as the commissioner may prescribe, unless at any time after such investment shall have been made, such investment shall have met the requirements for investment under any other section of this part.

1215.2. (a) No person shall make a tender offer for, or a request or invitation for tenders of, or enter into an agreement to exchange securities for or acquire in the open market, any voting security, or any security convertible into a voting security, of a domestic insurer or of any other person controlling a domestic insurer, if such other person is not substantially engaged either directly or through its affiliates in any businesses other than that of insurance, if, as a result of the consummation thereof, such person would, directly or indirectly, acquire control of such insurer, and no person shall enter into an agreement to merge with or otherwise to acquire control of a domestic insurer, unless, at the time copies of the offer or purchase or request or invitation are first published or sent or given to security holders or the agreement or transaction is entered into, as the case may be, such person has filed with the commissioner, and has sent to such insurer, a statement containing such of the following information, and such additional information, as the commissioner may by rule or regulation prescribe as necessary or appropriate in the public interest or for the protection of policyholders or shareholders:

(1) The background and identity of all persons by whom or on whose behalf the purchases or the exchange, merger, or other acquisition of control are to be effected;

(2) The source and amount of the funds or other consideration used or to be used in making the purchases or in effecting the exchange, merger, or other acquisition of control, and, if any part of such funds or other consideration has been or is to be borrowed or otherwise obtained for the purpose of making

the purchases or effecting the exchange, merger, or other acquisition of control, a description of the transaction and the names of the parties thereto. However, where a source of funds is a loan made in the lender's ordinary course of business, if the person filing such statement so requests, the name of the lender shall not be made available to the public;

(3) Any plans or proposals which such persons may have to liquidate such insurer, to sell its assets or merge it with any person, or to make any other major change in its business or corporate structure or management;

(4) The amount of each class of voting securities or securities which may be converted into voting securities of such insurer or such controlling person which are beneficially owned, and the amount of each class of voting securities or securities which may be converted into voting securities of such insurer or such controlling person concerning which there is a right to acquire beneficial ownership, by each such person and by each affiliate of each such person, together with the name and address of each such affiliate;

(5) Information as to any contracts, arrangements, or understandings with any person with respect to any securities of such insurer or such controlling person, including, but not limited to, transfer of any of the securities, joint ventures, loan or option arrangements, puts or calls, guarantees of loans, guarantees against loss or guarantees of profits, division of losses or profits, or the giving or withholding of proxies, naming the persons with whom such contracts, arrangements, or understandings have been entered into, and giving the details thereof.

All requests or invitations for tenders or advertisements making a tender offer or requesting or inviting tenders of such voting securities of such insurer or such controlling person made by or on behalf of any such person, and a copy of any such agreement to exchange or otherwise acquire securities or to merge with or otherwise to acquire control of such insurer, shall be filed with the commissioner and sent to such insurer as a part of such statement and shall contain such of the information contained in such statement as the commissioner may by rule or regulation prescribe. Copies of any additional material soliciting or requesting such tender offers subsequent to the initial solicitation or request, and copies of any amendment to any such agreement, shall contain such information as the commissioner may by rule or regulation prescribe as necessary or appropriate in the public interest or for the protection of policyholders or shareholders, and shall be filed with the commissioner and sent to such insurer not later than the time copies of such material are first published or sent or given to security holders or such amendment is entered into.

(b) If the person required to file the statement referred to in subdivision (a) of this section is a partnership, limited partnership, syndicate, or other group, the commissioner may

require that the information called for by paragraphs (1) to (5), inclusive, of subdivision (a) shall be given with respect to: (1) each partner of such partnership or limited partnership, (2) each member of such syndicate or group, and (3) each person who controls such partner or member. If a person referred to in (1), (2), or (3) of this subdivision is a corporation or the person required to file the statement referred to in subdivision (a) is a corporation, the commissioner may require that the information called for by paragraphs (1) to (5), inclusive, of subdivision (a) shall be given with respect to such corporation and each officer and director of such corporation and each person who is directly or indirectly the beneficial owner of more than 10 percent of the outstanding voting securities of such corporation.

(c) If any tender offer, request, or invitation for tenders, or agreement to exchange or otherwise acquire securities or to merge or otherwise acquire control referred to in subdivision (a) of this section, is proposed to be made by means of a registration statement under the federal Securities Act of 1933, or in circumstances requiring the disclosure of similar information under the federal Securities Exchange Act of 1934, or under a state law requiring similar registration or disclosure, the person required to file the statement referred to in subdivision (a) may file that registration statement with the commissioner as full satisfaction of the requirement in subdivision (a).

(d) The purchases, exchanges, mergers, or other acquisitions of control referred to in subdivision (a) of this section may not be made until the commissioner either approves the purchases, exchanges, mergers, or other acquisitions of control within 60 days after the statement required by subdivision (a) has been filed with him or fails to disapprove such purchases, exchanges, mergers, or other acquisitions of control within such 60-day period. The commissioner may disapprove any such transaction within such 60-day period if he finds any of the following:

(1) After the change of control the domestic insurer referred to in subdivision (a) could not satisfy the requirements for the issuance of a license to write the line or lines of insurance for which it is presently licensed;

(2) The purchases, exchanges, mergers, or other acquisitions of control would substantially lessen competition in insurance in this state or create a monopoly therein;

(3) The financial condition of an acquiring person is such as might jeopardize the financial stability of the insurer, or prejudice the interests of its policyholders;

(4) The plans or proposals which the acquiring person has to liquidate the insurer, to sell its assets, or to merge it with any person, or to make any other major change in its business or corporate structure or management, are not fair and reasonable to policyholders;

(5) The competence, experience, and integrity of those persons who would control the operation of the insurer indicate that it would not be in the interest of policyholders, or the public to permit them to do so.

(e) The provisions of this section shall not apply to any offer for or request or invitation for tenders of any voting securities, or any agreement to exchange securities for or otherwise acquire control, if, and to the extent that, the commissioner, by rule or regulation or by order, shall exempt the same from the provisions of this section as not comprehended within the purposes thereof.

1215.3. The following shall be violations of this article:

(a) The failure to file the statement required under subdivision (a) of Section 1215.2.

(b) Effectuation or any attempt to effectuate an acquisition or control of, or merger with, a domestic insurer either within the 60-day period referred to in subdivision (d) of Section 1215.2, unless the commissioner has given his approval thereto, or after disapproval of such acquisition of control or merger.

1215.4. (a) Every insurer which is authorized to do business in this state and which is a member of an insurance holding company system shall register with the commissioner, except a foreign insurer subject to disclosure requirements and standards adopted by statute or regulation in the jurisdiction of its domicile which are substantially similar to those contained in this section. Any insurer which is subject to registration under this section shall register within 60 days after the effective date of this article or 15 days after it becomes subject to registration, whichever is later, unless the commissioner for good cause shown extends the time for registration, and then within such extended time. The commissioner may require a holding company system which is not subject to registration under this section to furnish a copy of the registration statement or other information filed by such insurance company with the insurance regulatory authority of domiciliary jurisdiction.

(b) Every insurer subject to registration shall file a registration statement on a form provided by the commissioner, which shall contain current information about the following:

(1) The capital structure, general financial condition, ownership, and management of the insurer and any person controlling such insurer;

(2) The following agreements in force, relationships subsisting, and transactions currently outstanding between such insurer and its affiliates:

(i) Loans, other investments, or purchases, sales, or exchanges of securities of the affiliates by the insurer or of the insurer by its affiliates;

(ii) Purchases, sales, or exchanges of assets;

(iii) Transactions not in the ordinary course of business;

(iv) Guarantees or undertakings for the benefit of an affiliate which result in an actual contingent exposure of the insurer's assets to liability, other than insurance contracts entered into in the ordinary course of the insurer's business;

(v) All management and service contracts and all cost-sharing arrangements, other than cost allocation arrangements based upon generally accepted accounting principles;

(vi) Reinsurance agreements covering all or substantially all of one or more lines of insurance of the ceding company.

(3) Other matters as may be included in registration forms adopted by the National Association of Insurance Commissioners, to the extent required by the commissioner.

(c) No information need be disclosed on the registration statement filed pursuant to subdivision (b) of this section if such information is not material for the purposes of this article. Unless the commissioner by rule, regulation, or order provides otherwise, sales, purchases, exchanges, loans or extensions of credit, or investments, involving one-half of 1 percent or less of an insurer's admitted assets, as of the 31st day of December next preceding, shall not be deemed material for purposes of this section.

(d) Each registered insurer shall keep current the information required to be disclosed in its registration statement by reporting all material changes or additions on amendment forms provided by the commissioner within 15 days after the end of the month in which it learns of each such change or addition. However, subject to this subdivision, each registered insurer shall so report all dividends and other distributions to shareholders promptly upon the declaration thereof.

(e) The commissioner shall terminate the registration of any insurer which demonstrates that it no longer is a member of an insurance holding company system.

(f) The commissioner may require or allow two or more affiliated insurers subject to registration hereunder to file a consolidated registration statement or consolidated reports amending their consolidated registration statement or their individual registration statements.

(g) The commissioner may allow any insurer which is authorized to do business in this state and which is part of an insurance holding company system to register on behalf of any affiliated insurer which is required to register under subdivision (a) of this section and to file all information and material required to be filed under this article.

(h) The provisions of this section shall not apply to any insurer, information, or transaction if and to the extent that the commissioner by rule, regulation, or order shall exempt the same from the provisions of this section as not comprehended within the purposes of this section.

(i) Any person may file with the commissioner a disclaimer of affiliation with any authorized insurer or such a disclaimer may be filed by such insurer or any member of an insurance

holding company system. The disclaimer shall fully disclose all material relationships and bases for affiliation between such person and such insurer, as well as the basis for disclaiming such affiliation. After a disclaimer has been filed, the insurer shall be relieved of any duty to register or report under this section which may arise out of the insurer's relationship with such person unless and until the commissioner disallows such a disclaimer. The commissioner shall disallow such a disclaimer only after furnishing all parties in interest with notice and opportunity to be heard and after making specific findings of fact to support such disallowance.

(j) The failure to file a registration statement or any amendment thereto required by this section within the time specified for such filing shall be a violation of this article.

1215.5. (a) Material transactions by registered insurers with their affiliates shall be subject to each of the following standards:

(1) The terms shall be fair and reasonable;

(2) The books, accounts, and records of each party shall be so maintained as to clearly and accurately disclose the precise nature and details of the transactions;

(3) The insurer's surplus as regards policyholders following any dividends or distributions to shareholder affiliates shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

(b) For purposes of this article, in determining whether an insurer's surplus as regards policyholders is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs, the following factors, among others, shall be considered:

(1) The size of the insurer as measured by its assets, capital and surplus, reserves, premium writings, insurance in force, and other appropriate criteria;

(2) The extent to which the insurer's business is diversified among the several lines of insurance;

(3) The number and size of risks insured in each line of business;

(4) The extent of the geographical dispersion of the insurer's insured risks;

(5) The nature and extent of the insurer's reinsurance program;

(6) The quality, diversification, and liquidity of the insurer's investment portfolio;

(7) The recent past and projected future trend in the size of the insurer's surplus as regards policyholders;

(8) The surplus as regards policyholders maintained by other, comparable insurers;

(9) The adequacy of the insurer's reserves;

(10) The quality and liquidity of investments in subsidiaries made pursuant to Section 1215.2. The commissioner may

treat any such investment as a disallowed asset for purposes of determining the adequacy of surplus as regards policyholders whenever in his judgment such investment so warrants.

(c) No insurer subject to registration under Section 1215.4 shall pay any extraordinary dividend or make any other extraordinary distribution to its stockholders until 30 days after the commissioner has received notice of the declaration thereof and has not within such period disapproved such payment, or the commissioner shall have approved such payment within such 30-day period.

For purposes of this section, an extraordinary dividend or distribution is any dividend or distribution which, together with other dividends or distributions made within the preceding 12 months, exceeds the greater of (1) 10 percent of such insurer's company's surplus as regards policyholders as of the 31st day of December next preceding, or (2) the net gain from operations of such insurer company, if such insurer is a life insurer or the net investment income, if such insurer is not a life insurer, for the 12-month period ending the 31st day of December next preceding; provided, that the payment of any dividend by a title insurer which is not prohibited from making such payment by the provisions of Section 12373 shall not be deemed an extraordinary dividend or distribution.

Notwithstanding any other provision of law, an insurer may declare an extraordinary dividend or distribution which is conditional upon the commissioner's approval thereof, and such a declaration shall confer no rights upon stockholders until the commissioner has approved the payment of such dividend or distribution or until the commissioner has not disapproved such payment within the 30-day period referred in this subdivision.

1215.6. (a) Subject to the limitation contained in this section, and in addition to the powers which the commissioner has under Article 4 (commencing with Section 730) of Chapter 1 of this part relating to the examination of insurers, the commissioner shall also have the power to order any insurer registered under Section 1215.4 to produce such records, books, or other information or papers in the possession of the insurer or its affiliates as shall be necessary to ascertain the financial condition or legality of conduct of such insurer.

(b) The commissioner shall exercise his power under subdivision (a) only if the examination of the insurer under Article 4 (commencing with Section 730) of Chapter 1 of this part is inadequate or the interests of the policyholders of such insurer are being adversely affected.

(c) The commissioner may retain at the registered insurer's expense such attorneys, actuaries, accountants, and other experts not otherwise a part of the commissioner's staff as shall be reasonably necessary to assist in the conduct of the examination under subdivision (a) of this section. Any persons so

retained shall be under the direction and control of the commissioner and shall act in a purely advisory capacity.

(d) Each registered insurer producing for examination records, books, and papers pursuant to subdivision (a) of this section shall be liable for, and shall pay the expense of, such examination in accordance with Section 736 of this code.

1215.7. All information, documents and copies thereof obtained by or disclosed to the commissioner or any other person in the course of an examination or investigation made pursuant to Section 1215.4, and all information reported pursuant to Section 1215.4, shall be given confidential treatment and shall not be subject to subpoena and shall not be made public by the commissioner or any other person except to insurance departments of other states without the prior written consent of the insurance company to which it pertains, unless the commissioner, after giving the insurer and its affiliates who would be affected thereby notice and opportunity to be heard, determines that the interests of policyholders, shareholders, or the public will be served by the publication thereof, in which event he may publish all or any part thereof in such manner as he may deem appropriate.

1215.8. The commissioner may, upon notice and opportunity for all interested persons to be heard, issue such rules, regulations, and orders as shall be necessary to carry out the provisions of this article.

1215.9. (a) Whenever it appears to the commissioner that any insurer or any director, officer, employee, or agent thereof has committed or is about to commit a violation of this article or of any rule, regulation, or order issued by the commissioner hereunder, the commissioner may apply to the superior court for the county in which the principal office of the insurer is located, or if such insurer has no such office in this state, then to the Superior Court for the County of Los Angeles, or for the City and County of San Francisco, for an order enjoining such insurer or such director, officer, employee, or agent thereof from violating or continuing to violate this article or any such rule, regulation, or order, and for such other equitable relief as the nature of the case and the interests of the insurer's policyholders, creditors, and shareholders or the public may require.

(b) No security which is the subject of any agreement or arrangement regarding acquisition, or which is acquired or to be acquired in contravention of the provisions of this article or of any rule, regulation, or order issued by the commissioner hereunder, may be voted at any shareholders' meeting, or may be counted for quorum purposes, and any action of shareholders requiring the vote of an affirmative percentage of shares may be taken as though such securities were not issued and outstanding. If an insurer or the commissioner has reason to believe that any security of the insurer has been or is about

to be acquired in contravention of the provisions of this article or of any rule, regulation, or order issued by the commissioner hereunder, the insurer or the commissioner may apply to the Superior Court for the County of Los Angeles or for the City and County of San Francisco or to the superior court for the county in which the insurer has its principal place of business for equitable relief to enjoin the voting of any such security or to void any vote of such security already cast, at any meeting of shareholders.

1215.10. Whenever it appears to the commissioner that any insurer or any director, officer, employee or agent thereof has committed a willful violation of this article, the commissioner may cause criminal proceedings to be instituted in the county in which the principal office of the insurer is located, or if such insurer has no such office in the state then by the Attorney General against such insurer or the responsible director, officer, employee, or agent thereof. Any insurer which willfully violates this article shall be fined not more than ten thousand dollars ($10,000). Any individual who willfully violates this article shall be fined not more than three thousand dollars ($3,000) or, if such willful violation involves the deliberate perpetration of a fraud upon the commissioner, imprisoned not more than two years, or both.

1215.11. Whenever it appears to the commissioner that any person has committed a violation of this article which so impairs the financial condition of a domestic insurer as to threaten insolvency or make the further transaction of business by it hazardous to its policyholders, creditors, shareholders, or the public, then the commissioner may proceed as provided in Article 14 (commencing with Section 1010) of Chapter 1 of this part to take possession of the property of such domestic insurer and to conduct the business thereof.

1215.12. Whenever it appears to the commissioner that any person has committed a violation of this article which makes the continued operation of an insurer contrary to the interests of policyholders or the public, the commissioner may, after giving notice and an opportunity to be heard, suspend, revoke, or refuse to renew such insurer's license or authority to do business in this state for such period as he finds is required for the protection of policyholders or the public.

1215.13. All laws and parts of laws of this state inconsistent with this article are hereby superseded with respect to matters covered by this article.

1215.14. If any provision of this article or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this article which can be given effect without the invalid provision or application, and for this purpose the provisions of this article are separable.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 16643 of the Education Code is amended to read:

16643. The governing board of any school district, or the county superintendent of schools with the approval of the county board of education, may establish and maintain preschool educational programs for all children between the ages of three and six years who are not currently enrolled in the public schools residing within the district or within the jurisdiction of a county superintendent of schools. If a preschool educational program authorized by Chapter 2 5 (commencing with Section 16150) of Part 4 of Division 9 of the Welfare and Institutions Code has been established in the district, a preschool educational program established under this section may be operated in conjunction with that program, provided that the minimum educational standards prescribed pursuant to Section 16641 are met.

The governing board of a school district operating and maintaining a preschool educational program pursuant to this section may include in its budget any amount which it deems necessary for the operation of the program.

SEC. 2. Section 16151 of the Welfare and Institutions Code is amended to read:

16151. The State Department of Social Welfare shall enter into a contract with the Department of Education to provide for a statewide system of preschool programs of an educational value, to be established by any eligible local public or private nonprofit agency which submits an application therefor.

The State Department of Social Welfare shall, in cooperation and consultation with the Department of Education, determine the areas of the state in which the approval and establishment of such preschool educational programs is most likely to fulfill the intent of this chapter.

Any application to operate and maintain a preschool educational program pursuant to this chapter may include a provision for the use of facilities owned and maintained by an eligible local nonprofit private agency, when such facilities may be necessary for the provision of a preschool educational program in the area to be served. Children between the ages of three and six years who are not currently enrolled in the public schools shall be eligible to participate in these preschool programs, provided that such instruction is deemed to be in the best interests of the child. Special priority shall be given to children from families of low income. Special priority shall also be given to children from families in which English is not the language primarily used in the home in order that they may develop that degree of English facility necessary to profit from school instruction.

All local preschool educational programs operated pursuant to any contract herein authorized shall be available to any child otherwise eligible pursuant to the procedures established by this chapter and by the contract regardless of race, religion or ethnic background; and no such local preschool program shall be used, in whole or in part, for religious worship or instruction. [Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Part 2.5 (commencing with Section 19800) is added to Division 5 of Title 2 of the Government Code, to read:

PART 2.5. FEDERAL GRANT-IN-AID MERIT SYSTEM REQUIREMENTS

CHAPTER 1. ADMINISTRATION

19800. The State Personnel Board is hereby vested with the jurisdiction and responsibility of establishing and maintaining personnel standards on a merit basis and administering merit systems for local government agencies where such merit systems of employment are required by statute as a condition of a state-funded program or a federal grant-in-aid program established under the following federal laws: Social Security Act, as

amended; the Public Health Service Act; and the Federal Civil Defense Act, as amended.

19801. For the purposes of administration of state or federally supported programs under Section 19800, the State Personnel Board shall, by regulation, establish and maintain personnel standards on a merit basis for local agencies (including therein standards of qualifications, competency, education, experience, tenure, and compensation) necessary for proper and efficient administration, and to assure state conformity with applicable federal requirements.

19802. Nothing in this chapter shall prevent any local agency from establishing its own merit system and determining thereunder the personnel standards to be applicable to its employees, but as to employees engaged in administering state and federally supported programs under Section 19800, such local systems and standards shall be subject to approval and review by the board to the extent necessary to qualify for federal funds.

19803. The merit system for employees engaged in administering programs under Section 19800 in a local agency not administering its own merit system approved under this chapter shall be administered by the board. This may include, but is not limited to, recruitment, examination, certification, appointment and other transactions, position classification, compensation standards, and disciplinary actions. As part of such administration, the board shall hear and decide appeals of any applicant for employment or officer or employee from the decision of a local agency or the board's executive officer affecting the employment rights of such persons. Any decision rendered in such an appeal shall be binding upon the local agency.

19804. In the exercise of functions under this chapter, the board shall exercise no authority with respect to the selection, tenure of office and compensation of any individual employed in accordance with established standards.

19805. The board shall by regulation, establish and administer procedures, including provisions for investigations and hearings, to determine whether a particular merit system is in conformity with the standards established or approved by the board pursuant to Section 19801. In conducting any hearing provided by such procedures, or in conducting an appeal hearing under Section 19803, the board shall have the same authority as it does in conducting hearings pursuant to Sections 18671 to 18680, inclusive, of this code.

19806. When the board, after hearing, determines that a local merit system is not in conformity with the established standards, it shall notify such local agency and appropriate state officer in writing of its decision. If the governing body of the local agency does not bring the system into conformity within 60 days of notification of the board's decision, or within such longer period as the board determines, the board shall certify to the state officer having responsibility for the overall

administration of the program, pursuant to which the grant-in-aid requiring such merit system was made, that the particular merit system is not in conformity with established standards.

19807. Notwithstanding any other provisions of law, upon receiving certification of the board, pursuant to Section 19806, the appropriate state officer shall take such action against the local agency as permitted by law or as necessary to obtain compliance without an additional administrative hearing being held by such officer.

19808. Local agencies shall provide such information and reports relating to merit system administration as are required by the board.

19809. State departments having responsibility for the overall administration of grant-in-aid programs under Section 19800 shall reimburse the board for all costs incurred by the board in administering this chapter. The board may equitably prorate such costs among such departments.

19810. As used in this chapter, "local agency" means any city, county, city and county, district, or other subdivision of the state, or any independent instrumentality thereof.

SEC. 2. Section 10557 of the Welfare and Institutions Code is amended to read:

10557. No person, while holding the office of director or member of the State Social Welfare Board, shall be a trustee, manager, director, or other officer or employee of any agency performing any function supervised by the department or any institution which is subject to examination, inspection, or supervision by the department; nor shall any member of the State Social Welfare Board hold any other office or employment in the department.

SEC. 3. Section 10605 of the Welfare and Institutions Code is amended to read:

10605. If the director considers a county director to be failing, in a substantial manner, to comply with any provision of this code or any regulation, he shall put the county director on written notice to that effect, and shall give a copy of the notice to the board of supervisors.

If within 60 days the county director fails to give reasonable assurance that he is complying and will continue to comply with the laws and regulations, the director shall order the county to appear at a hearing, before the director, with the State Social Welfare Board, to show cause why the department should not take action to secure compliance. The county shall be given at least 30 days' notice of such hearing. The director shall consider the case on the record established at the hearing, and the advice of the State Social Welfare Board, and, within 30 days, shall render proposed findings and a proposed decision on the issues. The proposed findings and decision shall be submitted to the county, and the county shall have an opportunity to appear within 10 days at such time and place as may be fixed by the director, for the purpose of pre-

senting oral arguments respecting the proposed findings and decision. Thereupon the director shall make his final findings and decision.

If the director determines that there is a failure on the part of the county to comply with the provisions of this code or the established regulations, or if the State Personnel Board certifies to the director that a county is not in conformity with established merit system standards under Part 2.5 (commencing with Section 19800) of Division 5 of Title 2 of the Government Code, and that administrative sanctions are necessary to secure compliance, the department may invoke any of the following sanctions:

(a) Withhold part or all of state and federal funds from such county until the county shall make a showing to the director of compliance; or

(b) Assume, temporarily, direct responsibility for the administration of any or all state-aided public social service programs in such county until the county shall provide reasonable assurance to the director of its intention and ability to comply with such laws and regulations. During such period of state administrative responsibility for county programs, the director or his authorized representative shall have all of the powers and responsibilities of the county director, with the exception that he shall not be subject to the authority of the board of supervisors; or

(c) Bring an action in mandamus or such other action in court as may be appropriate to compel compliance. Any such action shall be entitled to a preference in setting a date for a hearing.

Nothing in this section shall be construed as relieving the board of supervisors of the responsibility to provide funds necessary for the continued public social services required by law.

Nothing contained in this section shall be construed as preventing a county from seeking judicial review of action taken by the director pursuant to this section under Section 1094.5 of the Code of Civil Procedure or, except in cases arising under Sections 10962 and 10963, from seeking injunctive relief when deemed appropriate.

SEC. 4. Section 10801 of the Welfare and Institutions Code is amended to read:

10801. A county director shall be appointed in each county by the board of supervisors or other agency designated by county charter, subject to either local merit system standards or to standards prescribed under the merit system administered by the State Personnel Board.

The county director shall at all times be under the general direction and supervision of the board of supervisors, unless otherwise provided by county charter.

SEC. 5. Section 10803 of the Welfare and Institutions Code is amended to read:

10803. The county director shall:

(a) Serve as the executive and administrative officer of the county department. The county director may delegate his powers and functions to any member of his staff.

(b) Establish such administrative units as he may deem necessary or desirable for the proper and efficient administration of the county department, and employ such personnel as may be authorized subject to merit system regulations and the state standards established pursuant to Section 19801 of the Government Code.

(c) Perform such other duties as may be prescribed by law, and, except for Section 10801, such other administrative and executive duties pertaining to the public social services as may, by other provisions of law, be imposed upon the board of supervisors.

(d) Perform such other duties as may be prescribed by the board of supervisors.

SEC. 6. Section 10901 of the Welfare and Institutions Code is repealed.

SEC. 7. Section 10902 of the Welfare and Institutions Code is repealed.

SEC. 8. Section 10903 of the Welfare and Institutions Code is repealed.

SEC. 9. Section 10904 of the Welfare and Institutions Code is repealed.

SEC. 10. Any officers and employees of the Department of Social Welfare performing a function on the effective date of this section that is transferred to the State Personnel Board, shall, pursuant to Section 19370 of the Government Code, be transferred to the State Personnel Board.

SEC. 11. All regulations heretofore adopted by the State Department of Social Welfare under Welfare and Institutions Code Section 10901 shall remain in effect and shall be enforceable by the State Personnel Board until amended, repealed, or otherwise superseded by regulations adopted by the State Personnel Board.

SEC. 12. This act shall become operative January 1, 1970.

Said bonds shall be issued in negotiable form and shall be negotiable. The recitals of regularity of proceedings in any revenue bond issued and sold under this article shall be conclusive evidence of compliance with the provisions of this article and of the validity of such bond. [Approved by Governor August 30, 1969 Filed with Secretary of State August 31, 1969]

The people of the State of California do enact as follows:

SECTION 1. Division 4.5 (commencing with Section 29500) is added to Title 4 of the Corporations Code, to read:

DIVISION 4.5. COMMODITY ADVISERS

CHAPTER 1. DEFINITIONS

29500. This division shall be known and may be cited as the Commodity Advisers Law.

The definitions set forth in this chapter govern the construction of this division.

29501. "Commissioner" means the Commissioner of Corporations.

29502. "Commodity" means anything movable that is bought and sold upon the basis of the public market quotations of prices made on any board of trade or exchange upon which commodities are dealt in, or on the basis of futures contracts.

29503. "Commodity adviser" means any person who, for compensation, engages in the business of advising others, either directly or through publications or writings, as to the value of commodities or as to the advisability of investing in, purchasing or selling commodities, or who, for compensation and as a part of a regular business, publishes, analyzes or reports concerning commodities. "Commodity adviser" does not include: (a) a bank, trust company or savings and loan association; (b) an attorney at law, accountant, engineer or teacher whose performance of these services is solely incidental to the practice of his profession; (c) a person licensed as a broker-dealer under the Corporate Securities Law of 1968, Division 1 (commencing with Section 25000) of this title, whose performance of these services is solely incidental to the conduct of his business as a broker-dealer and who receives no special compensation for them; or (d) a publisher of any bona fide newspaper, news magazine or business or financial publication of general, regular and paid circulation and the agents and servants thereof, but this subdivision (d) does not exclude any such person who engages in any other activity which would constitute him a commodity adviser within the meaning of this section.

CHAPTER 2. LICENSING OF COMMODITY ADVISERS

29510. It is unlawful for any commodity adviser to conduct his business as a commodity adviser in this state unless he has first applied for and secured from the commissioner a certificate, then in effect, authorizing him to do so or unless he is exempted by the provisions of Sections 29511 through 29514.

29511. An investment adviser licensed under Chapter 3 (commencing with Section 25230) of Part 3 of Division 1 of Title 4 of this code, shall be exempted from the provisions of Section 29510, but shall be subject to all other provisions of this division.

29512. A person registered under the Investment Advisers Act of 1940 who has not previously had any certificate denied or revoked under such law or any predecessor statute, shall be exempted from the provisions of Section 29510 if he has no

place of business in this state and (a) his only clients in this state are investment or commodity advisers, broker-dealers, banks, savings and loan associations, trust companies, insurance companies, investment companies registered under the Investment Company Act of 1940, pension or profit-sharing trusts, or other institutional investors or governmental agencies or instrumentalities designated by rule of the commissioner, or (b) during any period of 12 consecutive months he does not direct business communications into this state in any manner to more than five clients other than those specified in clause (a) above, whether or not he or any of the persons to whom the communications are directed is then present in this state.

29513. A person whose only clients are investment companies registered under the Investment Company Act of 1940 or insurance companies or both shall be exempted from the provisions of Section 29510.

29514. The commissioner may by such rules as he deems necessary or appropriate in the public interest or for the protection of investors, either unconditionally or upon specified terms and conditions or for specified periods, exempt from the provisions of Section 29510 any class of persons specified in such rules.

29515. Any adviser, or any person who contemplates becoming a commodity adviser, may apply for a certificate to act as such by filing with the commissioner an application. Such application shall be accompanied by the consent to service of process specified in Section 29516 and the fee for filing an application specified in Section 29551, and shall contain such information, in such form and detail, as the commissioner may by rule prescribe.

29516. Every applicant for a certificate as a commodity adviser (other than a California corporation) shall file with the commissioner, in such form as he, by rule, prescribes, an irrevocable consent appointing the commissioner or his successor in office to be his attorney to receive service of any lawful process in any noncriminal suit, action or proceeding against him or his successor, executor, or administrator, which arises under this law or any rule or order hereunder after the consent has been filed, with the same force and validity as if served personally on the person filing the consent. A person who has filed such consent in connection with a previous application under this division need not file another. Service may be made by leaving a copy of the process in the office of the commissioner, but it is not effective unless (a) the plaintiff, who may be the commissioner in a suit, action or proceeding instituted by him, forthwith sends notice of the service and a copy of the process by registered or certified mail to the defendant or respondent at his last address on file with the commissioner, and (b) the plaintiff's affidavit of compliance with this section is filed in the case on or before the return

day of the process, if any, or within such further time as the court allows.

29517. (a) No commodity adviser licensed under this division shall conduct any business as such commodity adviser in this state unless the commodity adviser and all natural persons associated with such commodity adviser meet such specified and appropriate standards with respect to training, experience and other qualifications as the commissioner finds necessary or desirable. The commissioner may establish such standards by rule, which may

(1) Appropriately classify commodity advisers and persons associated with commodity advisers;

(2) Specify that all or any portion of such standards shall be applicable to any such class; and

(3) Require persons in any such class to pass examinations prescribed in accordance with such rules.

(b) The commissioner may prescribe by rule reasonable fees and charges to defray the costs of carrying out this section, including, but not limited to, fees for any examination administered by him or under his direction.

CHAPTER 3. PROHIBITED ACTIVITIES

29525. (a) No commodity adviser shall in this state enter into, extend or renew any commodity advisory contract, or in any way perform any commodity advisory contract entered into, extended or renewed on or after the effective date of this division, if such contract:

(1) Provides for compensation to the commodity adviser on the basis of a share of capital gains upon or capital appreciation of the funds or any portion of the funds of the client, except as may be permitted by rule of the commissioner;

(2) Fails to provide, in substance, that no assignment of such contract shall be made by the commodity adviser without the consent of the other party to the contract; or

(3) Fails to provide, in substance, that the commodity adviser, if a partnership, will notify the other party to the contract of any change in the membership of such partnership within a reasonable time after such change.

(b) As used in this section, "commodity advisory contract" means any contract or agreement whereby a person agrees to act as a commodity adviser or to manage a commodity, or trading account for a person other than an investment company. Paragraph (1) of subdivision (a) of this section does not prohibit a commodity advisory contract which provides for compensation based upon the total value of a fund averaged over a definite period, or as of definite dates, or taken as of a definite date.

29526. It is unlawful for any commodity adviser, directly or indirectly, in this state:

(a) To employ any device, scheme, or artifice to defraud any client or prospective client.

(b) To engage in any transaction, practice, or course of business which operates or would operate as a fraud or deceit upon any client or prospective client.

(c) Acting as principal for his own account, knowingly to sell any commodity to or purchase any commodity from a client for whom he is acting as commodity adviser, or, acting as broker for a person other than such client, knowingly to effect any sale or purchase of any commodity for the account of such client, without disclosing to such client in writing before the completion of the transaction the capacity in which he is acting and obtaining the written consent of the client to such transaction.

(d) To engage in any act, practice, or course of business which is fraudulent, deceptive, or manipulative. The commissioner shall, for the purpose of this subdivision, by rule define and prescribe means reasonably designed to prevent such acts, practices, and courses of business as are fraudulent, deceptive or manipulative.

(e) To represent that he is a commodity counsel or to use the name "commodity counsel" as descriptive of his business unless his principal business consists of acting as commodity adviser and a substantial part of his business consists of rendering commodity advisory services on the basis of the individual needs of his clients.

29527. It is unlawful for any person holding a certificate as a commodity adviser under this division to represent or imply in any manner whatsoever that such person has been sponsored, recommended, or approved or that his abilities or qualifications have in any respect been passed upon by the commissioner. Nothing in this section prohibits a statement (other than in a paid advertisement) that a person holds a certificate under this division, if such statement is true in fact and if the effect of such licensing is not misrepresented.

29528. It is unlawful for any person willfully to make any untrue statement of a material fact in any application or report filed with the commissioner under this division, or willfully to omit to state in any such application or report any material fact which is required to be stated therein.

CHAPTER 4. REGULATION OF COMMODITY ADVISERS

29535. Every commodity adviser shall make and keep such accounts, correspondence, memoranda, papers, books, and other records and shall file such financial and other reports as the commissioner by rule requires. All records so required shall be preserved for the time specified in the rule. All records referred to in this section are subject at any time and from time to time to such reasonable periodic, special, or other examinations by the commissioner, within or without this state,

as the commissioner deems necessary or appropriate in the public interest or for the protection of investors. For the purpose of avoiding unnecessary duplications of examinations, the commissioner, insofar as he deems it practicable in administering this section, may cooperate with the securities administrators of other states, any federal agency regulating or concerned with commodity trading, or any national commodity exchange.

29536. The commissioner may from time to time make, amend and rescind such rules, forms, and orders as are necessary to carry out the provisions of this division, including rules and forms governing applications and reports, and defining any terms, whether or not used in this division, insofar as the definitions are not inconsistent with the provisions of this division. For the purpose of rules and forms, the commissioner may classify commodities, persons, and matters within his jurisdiction, and may prescribe different requirements for different classes. The commissioner may in his discretion waive any requirement of any rule or form in situations where in his opinion such requirement is not necessary in the public interest or for the protection of investors.

29537. The commissioner shall prescribe such rules with respect to commodity advisers who have custody of their clients' commodity contracts or funds or who have any power of attorney from their clients to execute transactions as he finds to be necessary or appropriate in the public interest or for the protection of investors. Such rules may require a minimum capital for such investment advisers or prescribe a minimum ratio between net capital and aggregate indebtedness or both, and may require a surety bond in an amount not exceeding ten thousand dollars ($10,000), conditioned upon compliance by the commodity adviser with the provisions of this division and the rules and orders issued under this division. Such bond, unless previously canceled, shall apply to the entire period that the adviser's license is in effect. Any appropriate deposit of cash or securities shall be accepted in lieu of any such bond. Every bond shall provide that no suit may be maintained to enforce any liability thereon unless brought within two years after the contract of sale or other act upon which such suit is based, and shall also provide that the liability of the surety on such bond to all persons aggrieved shall, in no event, exceed in the aggregate the amount thereof. Every such bond shall also contain a provision authorizing the surety thereon to cancel it upon 30 days' written notice to the licensee and to the commissioner; provided, however, that such cancellation shall not affect any liability incurred or accrued prior to the effective date of such cancellation.

29538. The commissioner may, after appropriate notice and opportunity for hearing by order censure, deny a certificate to, or suspend for a period not exceeding 12 months or revoke the certificate of, a commodity adviser, if he finds that such

censure, denial, suspension, or revocation is in the public interest and that such commodity adviser, whether prior or subsequent to becoming such, or any partner, officer or director thereof or any person performing similar functions or any person directly or indirectly controlling such commodity adviser, whether prior or subsequent to becoming such, or any employee of such commodity adviser while so employed:

(a) Has willfully made or caused to be made in any application for a certificate or any report filed with the commissioner under this division, or in any proceeding before the commissioner, any statement which was at the time and in the light of the circumstances under which it was made false or misleading with respect to any material fact, or has willfully omitted to state in any such application or report any material fact which is required to be stated therein; or

(b) Has (1) been convicted of or has plead nolo contendere to any felony or misdemeanor, or (2) has been held liable in a civil action by final judgment of a court based upon conduct showing moral turpitude, and the commissioner finds that any such felony, misdemeanor or civil action (i) involved the purchase or sale of any commodity or security, (ii) arose out of the conduct of the business of a broker-dealer, commodity adviser or investment adviser, (iii) involved embezzlement, fraudulent conversion, or misappropriation of property, funds or securities, or (iv) involved the violation of Section 1341, 1342 or 1343 of Title 18 of the United States Code, or (v) involved an act of fraud or dishonesty; or

(c) Is permanently or temporarily enjoined by order, judgment, or decree of any court of competent jurisdiction from acting as a commodity adviser, an investment adviser, an underwriter or broker-dealer or as an affiliated person or employee of an investment company, bank, or insurance company, or from engaging in or continuing any conduct or practice in connection with any such activity, or in connection with the purchase or sale of any security; or

(d) Is subject to any currently effective order of the Securities and Exchange Commission or the securities administrator of any other state revoking or suspending his registration as a commodity adviser, an investment adviser or as a broker or dealer or is subject to any currently effective order of any national securities association or national securities exchange (as defined in the Securities Exchange Act of 1934) suspending or expelling him from membership in such association or exchange; or

(e) Has willfully violated any provision of the Commodity Exchange Act, Securities Act of 1933, the Securities Exchange Act of 1934, the Investment Advisers Act of 1940, the Investment Company Act of 1940, or Title 4 (commencing with Section 25000) of this code, or of any rule or regulation under any of such statutes; or

(f) Has aided, abetted, counseled, commanded, induced, or procured the violation by any other person of any statute or rule or regulation referred to in subdivision (e); or

(g) Has willfully violated any provision of this division or rule or regulation promulgated under this division.

29539. No order may be entered under Section 29538 except after notice to the person affected thereby of the intention of the commissioner to enter such order and of the reasons therefor and that upon receipt of a request the matter will be set down for hearing to commence within 15 days after such receipt unless the person affected consents to a later date. If no hearing is requested within 30 days after the mailing of such notice and none is ordered by the commissioner, the order may be entered without hearing to remain in effect until it is modified or vacated by the commissioner. In the case of an original application for a certificate, such a hearing must be set down to commence within 15 days after receipt of a written request by the applicant made 30 days or more after the filing of the application, even though no such notice by the commissioner has been given, unless the applicant consents to a later date. If a hearing is requested or ordered, it shall be held in accordance with the provisions of the Administrative Procedure Act (Chapter 5, commencing with Section 11500, Part 1, Division 3, Title 2 of the Government Code), and the commissioner shall have all of the powers granted under that act.

29540. Any person whose certificate as a commodity adviser has been suspended or revoked shall immediately surrender such certificate to the commissioner.

29541. (a) Surrender of a certificate as a commodity adviser becomes effective 30 days after receipt of an application to surrender such certificate or within such shorter period of time as the commissioner may determine, unless a revocation or suspension proceeding is pending when the application is filed or a proceeding to revoke or suspend or to impose conditions upon the withdrawal is instituted within 30 days after the application is filed. If such a proceeding is pending or instituted, withdrawal becomes effective at such times and upon such conditions as the commissioner by order determines.

(b) If the commissioner finds that any commodity adviser is no longer in existence, or has ceased to do business as a commodity adviser, or is subject to an adjudication of mental incompetence or to the control of a committee or conservator or guardian, or cannot be located after reasonable search, the commissioner may by order summarily revoke the certificate of such commodity adviser.

(c) The commissioner may summarily suspend or revoke the certificate of a commodity adviser if he (1) fails to pay any fee required by Section 29551 or imposed pursuant to Section 29552 within 10 days after notice by the commissioner that such fee is due and unpaid, or (2) fails to file any report

required under Section 29535 within 10 days after notice by the commissioner that such report is due, or (3) fails to maintain any bond required by Section 29537.

29542. Every final order, decision, license, or other official act of the commissioner is subject to judicial review in accordance with law.

CHAPTER 5. FEES

29550. The commissioner shall charge and collect the fees fixed or authorized by this chapter. All such fees shall be transmitted to the State Treasurer, and shall be credited to the General Fund.

29551. The fee for filing an application for a certificate to act as a commodity adviser under Section 29515 is one hundred dollars ($100) Thereafter, every commodity adviser who has secured from the commissioner a certificate shall, in order to keep such certificate in effect, pay for each calendar year following the calendar year in which such certificate was secured, an annual renewal fee of one hundred dollars ($100) on or before the 15th day of December of the year preceding the calendar year for which such fee is payable.

29552. A fee shall be charged and collected for any examination, audit, or investigation made pursuant to this division equal to the actual amount of the salary or other compensation paid to the persons making the examination, audit, or investigation plus the actual amount of expenses reasonably incurred in the performance of the work.

CHAPTER 6. POWERS OF THE COMMISSIONER

29560. Whenever it appears to the commissioner that any person has engaged or is about to engage in any act or practice constituting a violation of any provision of this law or any rule or order hereunder, he may in his discretion bring an action in the name of the people of the State of California in the superior court to enjoin the acts or practices or to enforce compliance with this law or any rule or order hereunder. Upon a proper showing a permanent or preliminary injunction, restraining order, or writ of mandate shall be granted and a receiver or conservator may be appointed for the defendant or the defendant's assets. The court may not require the commissioner to post a bond.

29561. (a) The commissioner in his discretion (1) may make such public or private investigations within or outside of this state as he deems necessary to determine whether any person has violated or is about to violate any provision of this law or any rule or order hereunder or to aid in the enforcement of this law or in the prescribing of rules and forms hereunder, and (2) may publish information concerning any violation of this law or any rule or order hereunder.

(b) In making any investigation authorized by subdivision (a) of this section, the commissioner may, for a reasonable

time not exceeding 30 days, take possession of the books, records, accounts and other papers pertaining to the business of any commodity adviser and place a keeper in exclusive charge of them in the place where they are usually kept. During such possession no person shall remove or attempt to remove any of the books, records, accounts, or other papers except pursuant to a court order or with the consent of the commissioner; but the directors, officers, partners, and employees of the commodity adviser may examine them, and employees shall be permitted to make entries therein reflecting current transactions.

(c) For the purpose of any investigation or proceeding under this law, the commissioner or any officer designated by him may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records which the commissioner deems relevant or material to the inquiry.

(d) In case of contumacy by, or refusal to obey a subpoena issued to, any person, the superior court, upon application by the commissioner, may issue to the person an order requiring him to appear before the commissioner, or the officer designated by him, there to produce documentary evidence, if so ordered, or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt.

(e) No person is excused from attending and testifying or from producing any document or record before the commissioner, or in obedience to the subpoena of the commissioner or any officer designated by him, or in any proceeding instituted by the commissioner, on the ground that the testimony or evidence (documentary or otherwise) required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual may be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after validly claiming his privilege against self-incrimination, to testify or produce evidence (documentary or otherwise), except that the individual testifying is not exempt from prosecution and punishment for perjury or contempt committed in testifying.

29562. The commissioner may refer such evidence as is available concerning any violation of this law or of any rule or order hereunder to the district attorney of the county in which the violation occurred, who may, with or without such a reference, institute appropriate criminal proceedings under this law.

CHAPTER 7. CRIMES

29570. Any person who willfully violates any provision of this division, or who willfully violates any rule or order un-

der this division, shall upon conviction be fined not more than ten thousand dollars ($10,000) or imprisoned in the state prison for not more than 10 years or in a county jail for not more than one year, or be punished by both such fine and imprisonment; but no person may be imprisoned for the violation of any rule or order if he proves that he had no knowledge of the rule or order.

29571. Nothing in this division limits the power of the state to punish any person for any conduct which constitutes a crime under any other statute.

SEC. 2. This act shall become operative on January 2, 1970.

CHAPTER 1306

An act to amend Section 1616 of, and to add Section 1608.7 to, the Revenue and Taxation Code, relating to property tax assessments.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 1608.7 is added to the Revenue and Taxation Code, to read:

1608.7. (a) At the time of filing the application or at any time prior to 20 days before the hearing on the application, any applicant for a change of an assessment on the local roll may cause an exchange of information between himself and the assessor by submitting the following data to the assessor in writing:

(1) Information stating the basis of the applicant's opinion of value.

(2) When the application is to be supported with evidence of comparable sales, information identifying the properties with sufficient certainty such as by assessor parcel number, street address or legal description of the property, the approximate date of sale, the applicable zoning, the price paid, and the terms of the sale, if known.

(3) When the application is to be supported with evidence based on an income study, information relating to income, expenses and the capitalization method.

(4) When the application is to be supported with evidence of replacement cost, information relating to date of construction, type of construction, replacement cost of construction, obsolescence, allowance for extraordinary use of machinery and equipment, and depreciation allowances.

(b) If an applicant for a change of an assessment has submitted the data required by subdivision (a) within the specified time, at least 10 days prior to the hearing the assessor shall submit to the applicant in writing the following data:

(1) Information stating the basis of the assessor's opinion of value.

(2) When the value is to be supported with evidence of comparable sales, information identifying the properties with sufficient certainty such as by assessor parcel number, street address or legal description of the property, the approximate date of sale, the applicable zoning, the price paid, and the terms of the sale, if known.

(3) When the value is to be supported with evidence based on an income study, information relating to income, expenses and the capitalization method.

(4) When the value is to be supported with evidence of replacement cost, information relating to date of construction, type of construction, replacement cost of construction, obsolescence, allowance for extraordinary use of machinery and equipment, and depreciation allowances.

The person assigning a hearing date shall provide adequate notice to the parties of such date, so that the exchange of information permitted by this section can be made without requiring a continuance of the hearing.

Whenever information has been exchanged pursuant to this section the parties may not introduce evidence on matters not so exchanged unless the other party consents to such introduction. However, at the hearing, each party may introduce new material relating to the information received from the other party. If a party introduces new material at the hearing, the other party, upon his request, shall be granted a continuance for a reasonable period of time.

Nothing in this section shall be construed as an intent of the Legislature to change, alter or modify generally acceptable methods of using the sales approach, income approach, or replacement cost approach to determine full cash value.

SEC. 2. Section 1616 of the Revenue and Taxation Code is amended to read:

1616. (a) If a county board changes the value on a parcel of real property other than by acceptance of an uncontested stipulation, and, during the succeeding two assessment years, the party affected seeks to change the value set by the board or the assessor seeks to raise the value as lowered by the board or to lower the value as raised by the board, the value of the property shall be rebuttably presumed to be the value set by the board. The party seeking such a change in value shall give written notice of the proposed full cash value and assessed value to the other party and the matter shall automatically be placed before the board, unless such other party files a written statement with the board that he does not want to contest the matter and in that event the matter will not be placed before the county board.

(b) If during such succeeding two assessment years, the board, other than by the acceptance of an uncontested stipulation, changes the value previously set by the board on that

parcel, the previously set value shall be deemed rebutted and the new value set by the board shall be rebuttably presumed to be the value of that parcel during the next succeeding two assessment years.

(c) A presumption created under this section shall cease to exist upon a subsequent addition of trade fixtures required to be reported under Section 452, a subsequent change in zoning of a parcel of real property, a change of assessed value due to an intercounty equalization order issued by the State Board of Equalization or a subsequent increase or decrease in the physical size of a building for which a building permit has been issued. If any of the conditions described in this subdivision occur, the matter shall not be automatically placed before the board.

(d) When any matter is placed before the board pursuant to this section, the clerk shall notify the party affected of the time and place of hearing in the same manner as notice is given for application for changes of assessments. If the party affected or his agent does not appear or has not made timely request for continuance, the matter shall be heard by the board and the assessor shall present his evidence notwithstanding the failure of the party affected or his agent to appear or to request a continuance.

This section shall not apply to buildings under initial construction.

SEC. 3. Sections 1 and 2 of this act shall be applicable to assessments made on or after the lien date in 1970.

CHAPTER 1307

An act to amend Section 8701 of the Education Code, relating to courses of instruction.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 8701 of the Education Code is amended to read:

8701. Whenever any part of the instruction in "health," family life education, and sex education conflicts with the religious training and beliefs of the parent or guardian of any pupil, the pupil, on written request of the parent or guardian, shall be excused from the part of the training which conflicts with such religious training and beliefs.

As used in this section, "religious training and beliefs" includes personal moral convictions.

CHAPTER 1308

An act to add Sections 1046 and 13712.1 to the Education Code, relating to schools.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 1046 is added to the Education Code, to read:

1046. The governing board of any school district shall meet with appropriate local government recreation and park authorities to review all possible methods of coordinating planning, design, and construction of new school facilities and school sites or major additions to existing school facilities and recreation and park facilities in the community. Any school district planning, designing, or constructing new school facilities and school sites or major additions to existing school facilities shall file, at least annually, a report with the Department of Education setting forth its plans to achieve (a) a greater use of any joint or contiguous recreation and park facilities by the schoolchildren and (b) possible use by the total community of such school facilities and school sites and recreation and park facilities.

SEC. 2. Section 13712.1 is added to the Education Code, to read:

13712.1. Nothing contained in Section 13712 shall be interpreted to exclude the employment of architectural and engineering firms employed on a temporary basis for a specific project by a governing board or the commission when so designated by the commission.

SEC. 3. Section 2 of this act shall remain in effect until the first day of the 1971 Regular Session of the Legislature, and shall have no force or effect after that date.

CHAPTER 1309

An act to amend Section 12025.5 of, and to repeal and add Chapter 6 (commencing with Section 12601), Division 5 of, the Business and Professions Code, relating to the labeling of containers.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 12025.5 of the Business and Professions Code is amended to read:

12025.5. Whenever any commodity or any container is ordered off sale under the provisions of Section 12211 or Sec-

tion 12607 of this division, the sealer shall cause the commodity or container affected by such off-sale order to be identified by a tag or other suitable device with the words "off sale." It shall be unlawful to remove or obliterate any such tag or device placed upon such commodity or container or in any way dispose of or commingle such commodity or container or prepare, pack, place, deliver for shipment, deliver for sale, sell, or cause to be loaded, shipped, or transported, any such commodity or container before it has been released by the sealer.

SEC. 2. Chapter 6 (commencing with Section 12601) of Division 5 of the Business and Professions Code is repealed.

SEC. 3. Chapter 6 (commencing with Section 12601) of Division 5 is added to the Business and Professions Code, to read:

CHAPTER 6. FAIR PACKAGING AND LABELING ACT

12601. This chapter is designed to protect purchasers of any commodity within its provisions against deception or misrepresentation. Packages and their labels should enable consumers to obtain accurate information as to the quantity of the contents and should facilitate value comparisons.

It is hereby declared to be the policy of the Legislature to assist in attaining these goals.

12602. (a) It shall be unlawful for any person engaged in the packaging or labeling of any commodity for distribution or sale, or for any person (other than a common carrier for hire, a contract carrier for hire, or a freight forwarder for hire) engaged in the distribution of any packaged or labeled commodity, to distribute or to cause to be distributed any such commodity if such commodity is contained in a package, or if there is affixed to that commodity a label, which does not conform to the provisions of this chapter or regulations promulgated under the authority of this chapter.

(b) The prohibition contained in subsection (a) shall not apply to persons engaged in business as wholesale or retail distributors of commodities except to the extent that such persons (1) are engaged in the packaging or labeling of such commodities, or (2) prescribe or specify by any means the manner in which such commodities are packaged or labeled.

12603. No person subject to the prohibition contained in Section 12602 shall distribute any packaged commodity unless in conformity with regulations which shall be established by the director which shall provide that:

(a) The commodity shall bear a label specifying the identity of the commodity and the name and place of business of the manufacturer, packer, or distributor;

(b) The net quantity of contents (in terms of weight, measure, or numerical count) shall be separately and accurately stated in a uniform location upon the principal display panel of that label.

12604. The separate label statement of net quantity of contents appearing on or affixed to any package shall be in conformity with regulations promulgated by the director which will require that the statement:

(a) On a package containing less than four pounds or one gallon and labeled in terms of weight or fluid measure, shall, unless subparagraph (b) applies and such statement is set forth in accordance with such subparagraph, be expressed both in ounces (with identification as to avoirdupois or fluid ounces) and, if applicable, in pounds for weight units, with any remainder in terms of ounces or common or decimal fractions of the pound; or in the case of liquid measure, in the largest whole unit (quarts, quarts and pints, or pints, as appropriate) with any remainder in terms of fluid ounces or common or decimal fractions of the pint or quart;

(b) On a random package, may be expressed in terms of pounds and decimal fractions of the pound carried out to not more than two decimal places, or pounds and ounces;

(c) On a package labeled in terms of linear measure, shall be expressed both in terms of inches and the largest whole unit (yards, yards and feet, or feet, as appropriate) with any remainder in terms of inches or common or decimal fractions of the foot or yard;

(d) On a package labeled in terms of measure of area, shall be expressed both in terms of square inches and the largest whole square unit (square yards, square yards and square feet, or square feet, as appropriate) with any remainder in terms of square inches or common or decimal fractions of the square foot or square yard;

(e) Shall appear in conspicuous and easily legible type in distinct contrast (by typography, layout, color, embossing, or molding) with other matter on the package;

(f) Shall contain letters or numerals in a type size which shall be (1) established in relationship to the area of the principal display panel of the package, and (2) uniform for all packages of substantially the same size; and

(g) Shall be so placed that the lines of printed matter included in that statement are generally parallel to the base on which the package rests as it is designed to be displayed.

12605. No person subject to the prohibition contained in Section 12602 shall distribute or cause to be distributed in commerce any packaged commodity if any qualifying words or phrases appear in conjunction with the separate statement of the net quantity of contents required by Section 12603(b), but nothing in this chapter shall prohibit supplemental statements, at other places on the package, describing in nondeceptive terms the net quantity of contents: provided, that such supplemental statements of net quantity of contents shall not include any term qualifying a unit of weight, measure, or count that tends to exaggerate the amount of the commodity contained in the package.

In no case shall any declaration of quantity be qualified by the addition of the words "minimum," or "when packed," or words of similar import; nor shall any unit of weight, measure or count be qualified by any term (such as jumbo, giant, full, or the like) that tends to exaggerate the amount of the commodity in the package.

12606. No container wherein commodities are packed shall have a false bottom, false sidewalls, false lid or covering, or be otherwise so constructed or filled, wholly or partially, as to facilitate the perpetration of deception or fraud. No container shall be nonfunctionally slack filled, that is, filled to substantially less than its capacity for reasons other than (a) protection of the contents of such package or (b) the requirements of machines used for enclosing the contents in such package.

Any sealer may seize any container which facilitates the perpetration of deception or fraud and the contents of such container. By order of the justice's, municipal or superior court of the township, city, or county within which a violation of this section occurs, the containers seized shall be condemned and destroyed or released upon such conditions as the court may impose to insure against their use in violation of this chapter. The contents of any condemned container shall be returned to the owner thereof if he furnishes proper facilities for such return.

12607. Whenever a consumer commodity is offered for sale, exposed for sale or sold without a statement of net quantity appearing thereon as required by this chapter, the sealer shall in writing order the commodity off sale and require that a correct statement of net quantity be placed on the commodity before the same may be released by the sealer.

12608. A statement of weight shall be in terms of the avoirdupois pound and ounce. A statement of liquid measure shall be in terms of the United States gallon of 231 cubic inches, quart, pint and fluid ounce and shall express the volume at 68° Fahrenheit (20° centigrade). Statements of content for liquid petroleum products shall be expressed at 60° Fahrenheit; refrigerated commodities shall be expressed at 40° Fahrenheit; and frozen products shall be expressed at the temperature at which they are kept or offered for sale. A statement of dry measure shall be in terms of the United States bushel of 2,150.42 cubic inches, peck, dry quart, and dry pint. A statement of linear measure shall be in the terms of the standard yard, foot, and inch. A statement of net quantity in terms of the metric system may be used in addition to the required statement of content. A statement of numerical count shall be expressed either in English words or Arabic numerals.

Fluid products may be tested by a weights and measures official on the basis of weight as prescribed by regulations of the director.

12609. The director shall establish necessary rules and regulations to carry out the design of this division, or for the testing of packages to verify the net quantity statements. Such regulations shall include exemptions from full compliance with this chapter for good and sufficient reasons. Any such exemptions affecting consumer commodities shall be in agreement with exemptions permitted by federal regulations. Any such rule or regulation, or amendment thereof, shall be adopted and promulgated by the director in conformity with the provisions of Chapter 4.5 (commencing with Section 11371 of Part 1 of Division 3 of Title 2 of the Government Code).

12610. The director may promulgate regulations similar to those promulgated by the Secretary of Health, Education, and Welfare or the Federal Trade Commission pursuant to the Fair Packaging and Labeling Act (P.L. 89-755; 80 Stat. 1296; 15 U.S.C. 1451–1461) effective to—

1. Establish and define standards for characterization of the size of a package enclosing any commodity, which may be used to supplement the label statement of net quantity of contents of packages containing such commodity, but this paragraph shall not be construed as authorizing any limitation on the size, shape, weight, dimensions, or number of packages which may be used to enclose any commodity;

2. Require that the label on each package of a commodity (other than one which is a food within the meaning of Section 201(f) of the Federal Food, Drug, and Cosmetic Act) bear the common or usual name of such consumer commodity, if any.

12611. It is unlawful to pack, ship, or sell any commodity in a container which does not conform to all the specifications of this chapter; or which is not conspicuously marked, branded, or otherwise labeled as required by this chapter; or on which any word, statement or other information required by this chapter is not prominently placed, in such terms and with such conspicuousness, as compared with other words, statements, designs or devices on the label or container, as to render it likely to be read and understood by ordinary persons under customary conditions of purchase and use

12612. The sale of any commodity packaged in a container, wherein both the container and the contents thereof comply with any act of Congress or rules or regulations promulgated thereunder, appertaining to weight, measure or count, does not violate the provisions of this chapter, nor does the sale of alcoholic beverages in containers complying with a rule, regulation or an approval of the United States Treasury Department, Internal Revenue Service, Alcohol, Tobacco and Firearms Division, or of the State Department of Public Health and pertaining to weight, measure or count constitute a violation of the provisions of this chapter.

12613. If any provision of this chapter is less stringent or requires information different from any requirement of Sec-

tion 4 of the act of Congress entitles "Fair Packaging and Labeling Act" (P.L. 89-755; 80 Stat. 1296; 15 U.S.C. 1451–1461) or of any regulation promulgated pursuant to such act, the provision shall be inoperative to the extent that it is less stringent or requires information different from any such federal requirement, in which event each such federal requirement is a part of this chapter

12614. For the purposes of this chapter:

(1) "Consumer commodity" means any commodity of any kind or class which is customarily produced or distributed for sale through retail sales agencies or instrumentalities for consumption by individuals or use by individuals for the purpose of personal care or in the performance of services ordinarily rendered in or about the household or in connection with personal possessions;

(2) "Package" means any container or wrapping in which a commodity is enclosed for use in the delivery or display of that commodity to purchasers, but does not include;

(a) Shipping containers or outer wrappings used solely for the transportation of a commodity in bulk or in quantity to manufacturers, packers or processors;

(b) Shipping containers or outer wrappings used by retailers to ship or deliver a commodity to retail customers if such containers or wrappings contain no printed matter pertaining to a commodity.

(3) "Consumer package" means a package containing a consumer commodity.

(4) "Nonconsumer package" means any package other than a consumer package, and particularly a package intended solely for industrial or institutional use or for wholesale distribution.

(5) "Random package" means a package which is one of a lot, shipment or delivery of packages of the same consumer commodity with varying weights, that is, with no fixed weight pattern.

(6) "Label" means any written, printed or graphic matter affixed to any commodity or affixed to or appearing upon any package containing any commodity.

12615. The violation of any provision of this chapter is a misdemeanor punishable by a fine of not less than twenty-five dollars ($25) nor more than five hundred dollars ($500), or by imprisonment in the county jail for not exceeding six months, or by both.

CHAPTER 1310

An act to amend Sections 5779 and 5792 of, and to add Section 5787.5 to, the Education Code, relating to the Miller-Unruh Basic Reading Act of 1965.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 5779 of the Education Code is amended to read:

5779. Commencing with the school years 1965–66, the State Board of Education shall require that uniform tests to determine achievement of basic reading fundamentals and skills shall be administered to all pupils who are completing the first and second grades. The State Board of Education shall adopt rules and regulations governing the time, place and methods for administration of the testing program.

The State Board of Education shall determine the form in which the results of uniform tests under this article shall be reported to the Department of Education, and beginning with the tests administered in the 1968–69 school year to second and third grade pupils, shall require, in addition to reports presently required for purposes of Section 5782, and as based on publishers' norms, that such reports include a distribution, based on first grade test results, of the number of months of progress achieved for each year the pupils have been in school.

Uniform tests for each grade shall be recommended by the Department of Education and shall be submitted to the State Board of Education for approval and adoption no later than January 31, 1966. Any test so adopted shall be in national use and nationwide norms shall have been developed for such test. The tests which have been approved and adopted by the board shall be printed or purchased, and distributed to the various school districts in the state by the Department of Education.

Pupils who have been determined to be mentally retarded or educationally handicapped, as defined in this code, shall be exempted from the testing requirement imposed by this chapter.

The testing program imposed by this chapter shall be used exclusively for the purposes herein set forth, and no test scores or results shall be employed to rank school districts according to their test results in any publication, other than a publication which may be made necessary in order to effectively administer this chapter.

The tests administered pursuant to this article shall be employed to determine each school district's quota of specialist reading teachers, as required by Article 4 (commencing with Section 5781) of this chapter.

Commencing with tests administered in the 1969–1970 school year, school districts shall submit test score information on a per-school basis from the schools served by a specialist teacher.

SEC. 2. Section 5787.5 is added to the Education Code, to read:

5787.5. School districts shall establish in-service training programs to provide an opportunity for elementary school teachers of the district to observe on a regular basis the instructional techniques of the specialist teachers.

SEC. 3. Section 5792 of the Education Code is amended to read:

5792 Allowances under this article shall be made by the Superintendent of Public Instruction in accordance with a system of priorities that he shall by rule and regulation adopt, designed to carry out the intent and purpose of the Legislature stated in Section 5771.

The system shall be designed to give priority to districts in the following order:

(a) First, to insure that the districts participating in the program during the preceding fiscal year, which continue to be eligible, will not be required to reduce programs below the level of the preceding year.

(b) Second, to insure that applications for expansion of programs and applications for new programs in eligible schools be considered on a priority basis in terms of the percentage of pupils in grades 2 and 3 in the school that, based upon test results in grade 1 administered pursuant to Article 3 (commencing with Section 5779) of this chapter, failed to progress at least one year for each year in school.

Allowances computed for a district that received only basic aid in the preceding fiscal year shall be reduced by one-half.

The Superintendent of Public Instruction shall make no allowances in any year in excess of the amount appropriated by the Legislature for the purposes of this chapter.

For good cause the governing board of a school district may permit a child of proper age to be admitted to a class after the first school month of the school term.

If there is but one term during the school year, the child shall be 4 years and 9 months of age on or before September 1st of the current school year. If there are two terms maintained during the school year, the child shall be 4 years and 9 months of age on or before September 1st of the current school year, before he may be admitted in the first term of the school year, or 4 years and 9 months of age on or before

February 1st of the current school year, before he may be admitted in the second term in any school year.

A child who will be 4 years and 9 months of age on or before September 1st, may be admitted to the prekindergarten summer program maintained by the school district for pupils who will be enrolling in kindergarten in September.

Such information shall be used by the Secretary of State for the sole purpose of carrying out the duties of this chapter.

CHAPTER 1314

An act to amend Section 13506 of the Education Code, relating to teachers' salary schedules.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 13506 of the Education Code is amended to read:

13506. Effective July 1, 1970, each person employed by a district in a position requiring certification qualifications except a person employed in a position requiring administrative or supervisory credentials, shall be classified on the salary schedule on the basis of uniform allowance for years of training and years of experience. Employees shall not be placed in different classifications on the schedule, nor paid different salaries, solely on the basis of the respective grade levels in which such employees serve.

In no case shall the governing board of a school district draw orders for the salary of any teacher in violation of this section, nor shall any superintendent draw any requisition for the salary of any teacher in violation thereof.

This section shall not apply to teachers of special day and evening classes in elementary schools, teachers of special classes for elementary pupils, teachers of special day and evening high school classes, substitute teachers, and junior college districts.

SEC. 2. The amendments to Section 13506 of the Education Code effected by Section 1 of this act shall become operative on July 1, 1970.

SEC. 3. It is the intent of the Legislature in amending Section 13506 of the Education Code as provided in Section 1 of this act to establish a uniform base salary schedule in each school district. An act to amend Section 13443 of the Education Code, relating to probationary employees.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

13443. (a) No later than March 15 and before an employee is given notice by the governing board that his services will

not be required for the ensuing year, the governing board and the employee shall be given written notice by the superintendent of the district or his designee, or in the case of a district which has no superintendent by the clerk or secretary of the governing board, that it has been recommended that such notice be given to the employee, and stating the reasons therefor.

(b) The employee may request a hearing to determine if there is cause for not reemploying him for the ensuing year. A request for a hearing must be in writing and must be delivered to the person who sent the notice pursuant to subdivision (a), on or before a date specified therein, which shall not be less than seven days after the date on which the notice is served upon the employee. If an employee fails to request a hearing on or before the date specified, his failure to do so shall constitute his waiver of his right to a hearing. The notice provided for in subdivision (a) shall advise the employee of the provisions of this subdivision.

(c) In the event a hearing is requested by the employee, the proceeding shall be conducted and a decision made in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code and the governing board shall have all the power granted to an agency therein, except that (1) the respondent shall file his notice of defense, if any, within five days after service upon him of the accusation and he shall be notified of such five-day period for filing in the accusation; (2) the discovery authorized by Section 11507.6 of the Government Code shall be available only if request is made therefor within 15 days after service of the accusation, and the notice required by Section 11505 of the Government Code shall so indicate; and (3) the hearing shall be conducted by a hearing officer who shall prepare a proposed decision, containing findings of fact and a determination as to whether the charges sustained by the evidence are related to the welfare of the schools and the pupils thereof, but the proposed decision shall not contain a determination as to the sufficiency of the cause or a recommendation as to disposition, which sufficiency and disposition shall be determined by the governing board. The proposed decision shall be submitted to the governing board on or before May 7 of the year in which the proceeding is commenced. All expenses of the hearing, including the cost of the hearing officer, shall be paid by the governing board from the district funds. The board may adopt from time to time such rules and procedures not inconsistent with provisions of this section, as may be necessary to effectuate this section.

(d) The governing board's determination not to reemploy a probationary employee for the ensuing school year shall be for cause only. The determination of the governing board as to the sufficiency of the cause pursuant to this section shall be conclusive, but the cause shall relate solely to the welfare of the schools and the pupils thereof. The decision made after the

hearing shall be effective on May 15 of the year in which the proceeding is commenced.

(e) Notice to the probationary employee by the governing board that his service will not be required for the ensuing year, shall be given no later than May 15.

(f) If a governing board notifies a probationary employee that his services will not be required for the ensuing year, the board shall, within 10 days after delivery to it of the employee's written request, provide him with a statement of its reasons for not reemploying him for the ensuing school year.

(g) Any notice or request shall be deemed sufficient when it is delivered in person to the employee to whom it is directed, or when it is deposited in the United States registered mail, postage prepaid and addressed to the last known address of the employee.

(h) In the event that the governing board does not give notice provided for in subdivision (e) of this section on or before May 15, the employee shall be deemed reemployed for the ensuing school year.

(i) If after request for hearing pursuant to subdivision (b) any continuance is granted pursuant to Government Code Section 11524, the dates prescribed in subdivisions (c), (d), (e) and (h) which occur on or after the date of granting the continuance shall be extended for a period of time equal to such continuance.

CHAPTER 1316

An act to add Section 8823.5 to the Elections Code, relating to county central committees.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 8823.5 is added to the Elections Code, to read:

8823.5. Notwithstanding the provisions of this article, each county central committee by resolution may provide for the election of all or a portion of central committee members to represent individual central committee districts. The member shall reside in the district he represents but shall be elected at large within the Assembly district in which the county central committee district he represents is located.

The county central committee shall reapportion itself at least every 10 years, prior to the June primary election of that year. Each district shall be apportioned on the basis of the number of registered Democrats for the June primary in each even-numbered year, with no more than a 10-percent deviation from the average. Each district shall be compact, contiguous, and utilize any natural and neighborhood boundaries. The dis-

trict boundaries shall not cut across any precinct district's lines as drawn by the county clerk for the last general or consolidated election.

This section shall not apply to a county containing 20 or more Assembly districts

CHAPTER 1317

An act to amend Section 8820 of the Elections Code, relating to county central committees.

[Approved by Governor August 30, 1969. Filed with Secretary of State August 31, 1969]

The people of the State of California do enact as follows:

SECTION 1. Section 8820 of the Elections Code is amended to read:

8820. In each county containing less than five Assembly districts, a county committee shall be elected by supervisor districts, and the number to be elected from any supervisor district shall be determined as follows: There shall be taken the number of votes cast in the supervisor district at the last gubernatorial election for that party's candidate for Governor, or, if the party had no candidate for Governor, for the candidate of the party voted on throughout the state who received the greatest number of votes and who was the candidate of that party alone. This number shall be divided by one-twentieth of the number of votes cast in that county for Governor or, where the party had no candidate for Governor, for the candidate mentioned above. The integer next larger than the quotient obtained by such division shall constitute the number of members of the committee to be elected by that party in that supervisor district.

The committees in counties containing less than five Assembly districts shall be composed of not less than 21 members. If the procedure outlined above would result in less than 21 members being elected for any committee, the number of votes cast for this party's candidate in each supervisor district shall be divided by an amount sufficiently smaller than one-twentieth of the votes cast for Governor in that county as to give a membership in the committee equal to or the nearest amount which is greater than 21 members.

In a county of the eighth class as defined in Section 28029 of the Government Code, the county central committee by resolution may provide for the election of twenty-five (25) central committee members to represent twenty-five (25) individual central committee districts. Each member shall reside in the district he represents, but shall be elected at large within the Assembly district in which the county central committee district he represents is located.

The county central committee shall reapportion itself at least every 10 years, prior to the June primary election of that year. Each district shall be apportioned on the basis of the number of registered Democrats for the June primary in each even-numbered year, with no more than a 10-percent deviation from the average. Each district shall be compact, contiguous, and utilize any natural and neighborhood boundaries. The district boundaries shall not cut across any precinct district's lines as drawn by the county clerk for the last general or consolidated election

SEC. 9. Section 56535 of the Agricultural Code is amended to read:

56535. If the director is satisfied that to permit the dealer or commission merchant to continue to purchase or to receive further shipments or deliveries of any farm product would be likely to cause serious and irreparable loss to producer-creditors, or to producers with whom the dealer or commission merchant has such contracts, the director may shorten the time which is provided for hearing upon an order to show cause why the license of the dealer or commission merchant should not be forthwith suspended or revoked.

(b) Where such a person, such a person and his spouse, or his widow, sells or otherwise disposes of such property, constituting the home, and thereafter acquires, with or without assistance from the government of the United States, any

other property which such person, such person and his spouse, or his widow, occupies habitually as a home, the exemption allowed pursuant to this section shall apply to such other property.

(c) No person shall be eligible for such exemption unless he was a resident of California at the time of his entry upon military or naval service, or unless he has resided in this state for five years out of the nine years immediately preceding the date of his application for the exemption, or unless he was a resident of California at the effective date of this section.

(d) This exemption includes the home of such a person owned in either joint, common or community interest with his or her spouse. This exemption includes the home of a widow of such a person acquired as described in subdivision (a).

(e) The exemption granted to any such person or any such person and his or her spouse or to the widow of such a person shall not exceed ten thousand dollars ($10,000) and shall not extend to more than one home.

(f) An exemption granted to a claimant in accordance with the provisions of this section shall be in lieu of any other property tax exemption to which the claimant may be entitled, and no property tax exemption may be claimed by any other person with respect to the same home for which an exemption has been granted under the provisions of this section.

(g) The exemption granted to the widow of such person shall cease upon her remarriage.

The exemption provided by this section shall be shown on the local roll and shall reduce the assessed value of such corporation. Notwithstanding any provision of law or articles of incorporation or bylaws of such corporation to the contrary, it is the intent of the Legislature that any reduction of property taxes paid by such corporation shall reflect an equal reduction in any charges by such corporation to the

veteran who by reason of his qualifying under subdivision (a), made possible such reduction for such corporation.

(c) Notwithstanding the provisions of Article 2 (commencing with Section 251) of Chapter 1 of this part, or Section 15606 of the Government Code, the assessor shall have exclusive authority to prescribe the procedure for making an application under this section. 119.5. Insolvency insurance includes insurance against loss arising from the failure of an insolvent insurer to discharge its obligations under its insurance policies.

SEC. 3. Article 14.2 (commencing with Section 1063) is added to Chapter 1 of Part 2 of Division 1 of the Insurance Code, to read:

Article 14.2. California Insurance Guarantee Association

1063. (a) Within 60 days after the effective date of this chapter, all insurers, including reciprocal insurers, authorized to transact insurance in this state, except those exclusively writing one or more of life, title, surety, disability, credit, mortgage, mortgage guaranty, and ocean marine insurance in this state, shall establish the California Insurance Guarantee Association (the association). Each such insurer, including the State Compensation Insurance Fund, as a condition of its authority to transact insurance in this state, shall participate in the association whether established voluntarily or by order of the commissioner after the elapse of 60 days following the effective date of this article in accordance with rules to be established as provided in this chapter. It shall be the purpose of such association to provide for each member insurer insolvency insurance as defined in Section 119.5.

(b) The association shall be managed by a board of governors, composed of nine member insurers, each of which shall be appointed by the commissioner to serve initially for terms of one, two, or three years and thereafter for three-year terms so that three terms shall expire each year, and shall continue in office until his successors shall be appointed and qualified. At least five members of the board shall be domestic insurers. At least three such members shall be stock insurers, and at least three shall be nonstock insurers. The nine members shall be representative, as nearly as possible, of the classes of insurance and of the kinds of insurers covered by this chapter. In case of a vacancy for any reason on the board, the com-

missioner shall appoint a member insurer to fill the unexpired term.

(c) The association shall adopt a plan of operations, and any amendments thereto, not inconsistent with the provisions of this chapter, necessary to assure the fair, reasonable, and equitable manner of administering the association, and to provide for such other matters as are necessary or advisable to implement the provisions of this chapter. The plan of operations and any amendments thereto shall be subject to prior written approval by the commissioner. All members of the association shall adhere to the plan of operation.

(d) If for any reason the association fails to adopt a suitable plan of operation within 90 days following the effective date of this chapter, or if at any time thereafter the association fails to adopt suitable amendments to the plan of operation, the commissioner shall after hearing adopt and promulgate such reasonable rules as are necessary or advisable to effectuate the provisions of this chapter. Such rules shall continue in force until modified by the commissioner after hearing or superseded by a plan of operation, adopted by the association and approved by the commissioner.

(e) In accordance with its plan of operation, the association may designate one or more of its members as a servicing facility, but a member may decline such designation. Each servicing facility shall be reimbursed by the association for all reasonable expenses it incurs and for all payments it makes on behalf of the association. Each servicing facility shall have authority to perform any functions of the association that the board of governors lawfully may delegate to it and to do so on behalf of and in the name of the association. The designation of servicing facilities shall be subject to the approval of the commissioner.

(f) The association shall have authority to borrow funds when necessary to effectuate the provisions of this chapter.

(g) The association, either in its own name or through servicing facilities, may be sued and may use the courts to assert or defend any rights the association may have by virtue of this chapter as reasonably necessary to fully effectuate the provisions thereof.

1063.1. As used in this chapter:

(a) "Member insurer" means an insurer required to be a member of the association in accordance with the provisions of subdivision (a) of Section 1063, except and to the extent that such insurer is participating in an insolvency program adopted by the United States government.

(b) "Insolvent insurer" means an insurer for which a domiciliary or ancillary liquidator has been appointed in this state after the effective date of this chapter.

(c) (1) "Covered claims" means the obligations of an insolvent insurer, (i) imposed by law and arising out of an insurance policy of the insolvent insurer; (ii) which were unpaid by the insolvent insurer; (iii) which are presented as

a claim to the liquidator in this state or to the association on or before the last date fixed for the filing of claims in the domiciliary liquidating proceedings; (iv) which were incurred prior to, on, or within 30 days after the date the liquidator was appointed; (v) for which the assets of the insolvent insurer are insufficient to discharge in full; (vi) in the case of a policy of workmen's compensation insurance, to provide workmen's compensation benefits under the workmen's compensation law of this state and (vii) in the case of other classes of insurance if such policy is issued to a resident of this state or claim against an insured thereunder is made by a resident of this state.

(2) "Covered claims" shall not include any obligations arising from life, title, surety, disability, credit, mortgage, or mortgage guaranty insurance, nor arising from a policy of ocean marine insurance.

(3) "Covered claims" shall not include any obligations to refund unearned premiums, nor any obligations of the insolvent insurer arising out of any reinsurance contracts, nor any obligations incurred after the expiration date of the insurance policy or after the insurance policy has been replaced by the insured or canceled at the insured's request or after the insurance policy has been canceled by the association as provided in this chapter, nor any obligations to any state or to the federal government.

(4) "Covered claims" shall not include any obligations to insurers, insurance pools, or underwriting associations, except as otherwise provided in this chapter.

(5) "Covered claims," except in the case of a claim for workmen's compensation benefits, shall not include any claim in an amount of one hundred dollars ($100) or less, nor the first one hundred dollars ($100) of any claim in excess of one hundred dollars ($100), nor that portion of any claim which is in excess of any applicable limits provided in the insurance policy issued by the insolvent insurer.

(6) "Covered claims" shall not include that portion of any claim, other than a claim for workmen's compensation benefits, which is in excess of five hundred thousand dollars ($500,000).

(7) "Covered claims" shall not include (a) any claim to the extent it is covered by any other insurance of a class covered by the provisions of this article available to the claimant nor (b) any claim by any person other than the original claimant under the insurance policy in his own name, his executor, administrator, guardian or other personal representative or trustee in bankruptcy and shall not include any claim asserted by an assignee or one claiming by right of subrogation, except as otherwise provided in this chapter.

1063.2. (a) The association shall pay and discharge covered claims. It may do so either directly by itself or through a servicing facility or through a contract for reinsurance and assumption of liabilities by one or more member insurers or

through a contract with the liquidator, upon terms satisfactory to the association and to the liquidator, under which payments on covered claims would be made by the liquidator using funds provided by the association.

(b) The association shall be a party in interest in all proceedings involving a covered claim, and shall have the same rights as the insolvent insurer would have had if not in liquidation (1) to appear, defend, and appeal a claim in a court of competent jurisdiction; (2) to receive notice of, investigate, adjust, compromise, settle, and pay a covered claim; and (3) to investigate, handle, and deny a noncovered claim. The association shall have no cause of action against the insureds of the insolvent insurer for any sums it has paid out, except as provided by this chapter.

(c) If damages against uninsured motorists are recoverable by the claimant from his own insurer, such damages recoverable shall be a credit against a covered claim payable under this chapter. If damages against an insured who is not a resident of this state are recoverable by a claimant who is a resident of this state, in whole or in part, from any insolvency fund or its equivalent in the state where the insured is a resident, such damages recoverable shall be a credit against a covered claim payable under this chapter. Any amount paid a claimant in excess of the amount authorized by this section may be recovered by action brought by the association. A member insurer may recover from the association only one-half of any amount paid by such insurer under uninsured motorist coverage only for bodily injury or wrongful death, in those cases where the injured person insured by such an insurer has proceeded under his uninsured motorist coverage on the ground that the tort-feasor is uninsured as a result of the insolvency of his liability insurer, provided that when making such claim against the association, such member insurer waives all rights of subrogation against such tort-feasor.

(d) The association shall receive the benefit of any reinsurance contracts or treaties entered into by the insolvent insurer which cover any of the liabilities incurred by the insolvent insurer.

(e) The association shall continue coverage for covered claims under all insurance policies of the insolvent insurer that were in force on the date the liquidator was appointed until the insurance policy has expired in accordance with its terms, or has been replaced by the insured, or canceled at the insured's request, or has been canceled by the association as provided in this chapter.

(f) The association shall have authority to cancel insurance policies of the insolvent insurer by mailing or delivering to the insured at the last known address within this state a written notice of cancellation at least 10 days prior to the effective date of such cancellation, notwithstanding any statute or policy provision to the contrary.

1063.3. The association shall have authority to submit reports and make recommendations to the commissioner regarding the financial condition of any member insurer. Such reports and recommendations shall not be public documents. There shall be no liability on the part of, and no cause of action of any nature shall arise against, member insurers, the association or its agents or employees, the board of governors, or the commissioner or his authorized representatives, for any statements made by them in any reports or recommendations made hereunder. Nothing in this section shall authorize the association to audit the books of a member insurer.

1063.4. (a) Insureds entitled to the protection of this chapter shall cooperate with the association in accordance with their policies in the same manner as they would have been required to cooperate with their insurer if it were not in liquidation and shall be deemed to have assigned to the association any right to make claim against the liquidator for a refund of unearned premium for the period of coverage provided by the association beginning on the date of liquidation to the date of expiration or cancellation.

(b) Any insured or claimant entitled to the benefits of this chapter shall be deemed to have assigned to the association, to the extent of any payment received, his rights against the estate of the insolvent insurer.

1063.5. Each time an insurer becomes insolvent then, to the extent necessary to secure funds for the association for payment of covered claims of that insolvent insurer and also for payment of reasonable costs of adjusting such claims, the association shall collect premium payments from its member insurers sufficient to discharge its obligations. The association shall allocate its claim payments and costs, incurred or estimated to be incurred, to one or more of the following categories: (1) workmen's compensation claims; (2) automobile claims; and (3) claims other than workmen's compensation and automobile. The association may establish separate categories for classes other than workmen's compensation and automobile. Separate premium payments shall be required for each category. The premium payments for each category shall be used to pay the claims and costs allocated to such category. The rate of premium charged shall be a uniform percentage of net direct written premium applicable to such category. The premium charged to any member insurer for any category shall not be more than 1 percent of the net direct premium written in that category in this state by such member insurer. Such premium charge shall be recognized in the ratemaking procedures for insurance rates in the same manner that losses are recognized. After all covered claims of the insolvent insurer and expenses of administration have been paid, any unused premiums and any reimbursements from the liquidator

remaining in any category shall be refunded by the association to the member insurers who paid the premiums for such category in proportion to their premiums paid. However, an insurer which ceases to be a member of the association shall have no right to a refund of any premium previously remitted to the association. The commissioner may suspend or revoke the certificate of authority to transact business in this state of a member insurer which fails to pay a premium when due and after demand has been made.

1063.6. All proceedings in any court of law of this state to which the insolvent insurer is a party shall be stayed for a period of 60 days from the date a liquidator is appointed in this state or in the state of domicile of the insurer, to permit proper defense of all pending causes of action.

1063.7. When a liquidator is appointed in this state for any insurer, the liquidator shall promptly give notice of his appointment and a brief description of the contents of this chapter and of the nature and functions of the association by prepaid first-class mail, to: (1) all persons known or reasonably expected to have or be interested in claims against the insurer, at the last known address within this state including notice to the insured of the date of the termination of insurance; (2) all insureds of the insurer, at the last known address within this state; and (3) the board of governors of the association. The liquidator may also require that producers of record of the insurer give prompt written notice of the same information, by first-class mail, to their insureds at the last known address within this state. The liquidator shall also promptly publish such notice in a newspaper of general circulation in the county where the insurer had its principal office in this state not less than once per week, for four weeks, and by publication elsewhere in this state as the court shall direct.

1063.8. Notwithstanding any other provision of law, the association shall be exempt from all license fees, income, franchise, privilege, or occupation taxes levied or assessed by this state, any municipality, county, or other political subdivision of the state.

1063.9. (a) The operation of the association shall at all times be subject to the regulation of the commissioner. The commissioner, or any deputy or examiner, or any person whom the commissioner shall appoint, shall have the power of visitation and examination into the affairs of the association and free access to all books, papers, and documents that relate to the business of the association, may summon and qualify witnesses under oath, and may examine officers, agents or employees, or any other person having knowledge of the affairs, transactions, or conditions of the association.

(b) Any member insurer aggrieved by any action or decision of the association may appeal to the commissioner within 30 days after the action or decision.

1063.10. All orders or decisions of the commissioner made pursuant to this chapter, shall be subject to judicial review.

1063.11. The commissioner may, upon notice and opportunity for all interested parties to be heard, issue such rules, regulations and orders as may be necessary to carry out the provisions of this article. Such rules and regulations shall be adopted, amended or repealed in accordance with Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

1063.12. Neither the association, its member insurers or any officer, director, agent or employee of the association, or its member insurers, shall be liable for any sum in excess of the face amount of any policy of insurance of the insolvent insurer, as defined under subdivision (c) of Section 1063.1 of this article.

SEC. 4. Section 1391 of the Insurance Code is amended to read:

1391. Whenever an exchange subject to this article, is not possessed of admitted assets sufficient to discharge all liabilities and to maintain the required surplus, the attorney may make an assessment for the amount, subject to the limits provided by this article, needed to make up the deficiency. If the attorney fails to make the assessment within 30 days after the commissioner orders him to do so, the commissioner may make the assessment. If liquidation of such an exchange is ordered, the assessment may be levied for such an amount, subject to limits provided by this article, as the commissioner determines to be necessary to discharge all liabilities of the exchange, including the reasonable cost of liquidation.

SEC. 4.5. If any provision of this act, or the application thereof to any person or circumstances, is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Certain insurers doing business in this state are now in conservatorship or face the possibility of insolvency. Some of such insurers have issued their policies primarily to persons of modest means or have undertaken to provide workmen's compensation benefits to workers in all parts of the state, and such conservatorship or potential insolvency can impose extreme hardship upon such persons and upon other insureds, claimants, public agencies and the public at large. In order to provide a means for mitigating or preventing such an inequitable situation at the earliest possible time it is necessary that this act take effect immediately.

CHAPTER 1348

An act to add Article 2.6 (commencing with Section 5140) to Chapter 2 of Division 5 of the Public Resources Code, relating to county theatrical schools and institutes.

The people of the State of California do enact as follows:

SECTION 1. Article 2.6 (commencing with Section 5140) is added to Chapter 2 of Division 5 of the Public Resources Code, to read:

5141.1. Any such lease or sublease entered into pursuant to subdivision (c) of Section 5140 shall provide that the net revenue, if any, from the operation and use of the facilities, remaining after the payment of any expenses and costs for maintenance, operation or management, payment of interest and principal upon any loans made to the nonprofit corporation or association for purposes of maintenance, operation or management, or any other expenses, and after providing maintenance and operation reserves, shall be paid at least an-

nually to the county. Notwithstanding the provisions of Section 231 of the Revenue and Taxation Code, all such buildings, structures and facilities, together with the land upon which they are situated, and so much of the surrounding land as is required for their use and occupation, operated by a nonprofit association or corporation pursuant to any such operating lease or sublease, shall be exempt from taxation within the meaning of "charitable purposes" in Section 1c of Article XIII of the Constitution of California. Any such lease or sublease shall provide that, upon its expiration and after payment or discharge of its indebtedness and liabilities, all of the assets of the nonprofit association or corporation shall be transferred to the county.

The people of the State of California do enact as follows:

SECTION 1. The heading of Article 1 (commencing with Section 9301) of Chapter 2 of Division 8 of the Education Code is amended to read:

Article 1. Adoption and Selection of Textbooks

The board shall establish a distribution schedule which shall set forth the recommended quantities of supplementary textbooks which shall be available to pupils and teachers. Such schedule shall include the estimated cost of each supplementary textbook. The board shall cause to be computed for each school district providing instruction in the elementary school grades an amount of textbook credit which shall be equal to the total of the estimated cost of all the supplementary textbooks which would be available to the school district under the conditions of the recommended distribution schedule. The board shall make this amount of textbook credit known to the school district. The board shall determine the period for which each

supplementary textbook is adopted, consistent with the provisions of Section 9315.

SEC. 3. Section 9308 of the Education Code is amended to read:

The board shall make this amount of textbook credit known to the school district. The board shall determine the period for which each supplementary textbook is adopted, consistent with the provisions of Section 9313.

SEC. 4. It is the intent of the Legislature, if amendments to Section 9308 of the Education Code proposed by both this bill and Senate Bill No. 225 are enacted that both amendments be given effect and incorporated in Section 9308 in the form set forth in Section 3 of this act. Therefore, in the event Senate Bill No. 225 is enacted and amends Section 9308, Section 3 of this act shall become operative at the same time that Section 9308 as amended by Senate Bill 225 becomes operative, and at that time, Section 9308 of the Education Code as amended by Section 2 of this act is repealed.

CHAPTER 1350

An act to add Section 62491 to, and to repeal Section 62491 of, the Agricultural Code, relating to milk, declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 31, 1969. Filed with Secretary of State September 2, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 62491 of the Agricultural Code is repealed.

SEC. 2. Section 62491 is added to the Agricultural Code, to read:

62491. The director may suspend the minimum wholesale prices, or the minimum retail prices, or both, which are in effect in any marketing area, subject to the following requirements:

(a) The suspension shall not be effective until the director determines that the minimum prices suspended do not conform to and effectuate the legislative declarations, purposes and intent set forth in this chapter.

(b) Prior to making any determination provided for in subdivision (a) the director shall hold one or more public hearings in the marketing area which is affected, upon the subject of the proposed suspension. Any such hearing must be held in the manner prescribed in this article prior to the establishment by the director of minimum prices.

(c) The director, upon making the determination provided for in subdivision (a), may suspend all minimum wholesale and minimum retail prices then in effect in the entire marketing area, or he may limit such suspension as follows:

(1) The suspension may be confined to a zone or zones within a marketing area.

(2) The suspension, within the area affected, may be limited to minimum wholesale prices, or to minimum retail prices, or to particular minimum wholesale prices or minimum retail prices.

(d) The suspension may be made effective for such period as is determined by the director except that the director shall, within each successive 90-day period following the effective date of the suspension, review all applicable economic factors operative in the marketing area affected for the purpose of determining the necessity for a continuation of the suspension. Such periodic review may include a public hearing conducted in the manner prescribed in this article for such hearings.

(e) At any time within a period of six months following the effective date of the suspension the director may reinstate, in the marketing area, without prior public hearing, the minimum prices theretofore suspended. Different minimum prices may be again established in the marketing area only after public hearing or hearings, conducted in the manner prescribed in this article for such hearings.

(f) Any suspension of minimum prices under this section shall be effective only as to fluid milk or fluid cream, or both, sold within the geographic area affected by the suspension. Any fluid milk or fluid cream, or both, purchased, or otherwise acquired, within, or from sources within, such geographic area, during the effective period of the suspension, for resale elsewhere, shall be subject to the minimum wholesale prices and the minimum retail prices established by the director for the area of ultimate sale of such fluid milk or fluid cream or both.

(g) This section does not apply to unfair practices. The provisions of Chapter 1 (commencing with Section 61301) of this part, and of Article 9 (commencing with Section 62041)

of this chapter, shall remain in effect at all times as to transactions occurring or originating in any geographic area in which minimum prices are suspended under this section.

(h) Any suspension of minimum prices under this section shall not suspend application of any of the provisions of this chapter as to any fluid milk sold, or contracted to be sold, by a distributor or retail store during any period prior to suspension by the director of the minimum prices applicable to such fluid milk.

This section does not apply to stabilization and marketing plans nor to pooling plans. Any such stabilization and marketing plan may be amended or terminated only as provided in Article 19 (commencing with Section 62381) of this chapter. Any such pooling plan may be amended or terminated only as provided in Chapter 3 (commencing with Section 62700) of this part.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There is need for enlarged authority for the Director of Agriculture to suspend resale price controls for fluid milk, particularly at the wholesale level, in order to prevent economic dislocation in the dairy industry which may adversely affect the supply of fluid milk and dairy products to the consuming public. To insure continuity of such supply of fluid milk and dairy products, it is necessary that this act go into immediate effect.

The people of the State of California do enact as follows:

SECTION 1. Section 23608 of the Education Code is amended to read:

23608. The trustees may enter into agreements with any public or private agency, officer, person, or institution, corporation, association, or foundation for the performance of acts or for the furnishing of services, facilities, materials, or equipment by or for the trustees or for the joint performance of an act or function or the joint furnishing of services and facilities by the trustees and the other party to the agreement.

The trustees may enter into agreements with the federal government or any agency thereof in accordance with the pro-

Notwithstanding any other provision of law, the trustees have all power necessary to perform such acts and comply with conditions required or imposed by the federal government in order to receive such benefits. The trustees are vested with all necessary power and authority to cooperate with any such agency of the federal government in the administration of any applicable act of Congress and rules and regulations adopted thereunder.

The provisions of Article 1 (commencing with Section 4300) of Chapter 4 of Division 5, Title 1 of the Government Code shall not apply to the purchase by the trustees of musical instruments for the use of students of state colleges.

23610. The trustees may also enter into agreements with any agency of the federal government which result in grants, matching funds, or any other kind of financial aid for construction of housing and other educational facilities for students and staff of any college under the jurisdiction of the trustees.

Notwithstanding any other provision of law, whenever necessary to secure the full benefits of any federal statutes pertaining to loans, grants, matching funds, or any other kind of financial aid to educational institutions for housing and other educational facilities, the trustees may give such security as may be required and may comply with such conditions as may be imposed by the federal government.

(c) "Service contract" means any contract for services in connection with a project other than a project contract, and includes, but is not limited to, contracts for architectural, engineering, planning, testing, general studies, or feasibility services.

SEC. 4. Section 25207 is added to the Education Code, to read:

25207. The trustees may enter into service contracts. Such contracts shall be subject only to Section 25330 and to such other provisions of this chapter, if any, as the trustees may from time to time designate as applicable.

154. The department shall encourage the construction and development by counties of portions of the county highways as official county scenic highways and may furnish to the counties any information or other assistance which will aid the counties in the construction or development of such scenic highways.

Whenever the department, with the advice of the Scenic Highway Advisory Committee, determines that any county highway meets the minimum standards prescribed by the department for official scenic highways, including the concept of the "complete highway," as described in Section 261, it may authorize the county in which the highway is located to designate the highway as an official county scenic highway and the department shall so indicate the highway in publications of the department and in any maps which are prepared by the department for distribution to the public which show the highway.

If the department, with the advice of the Scenic Highway Advisory Committee, determines that any county highway which has been designated as an official county scenic highway

no longer meets the minimum standards prescribed by the department for official scenic highways, it may, after notice to the county and a hearing on the matter, if requested by the county, revoke the authority of the county to designate the highway as an official county scenic highway.

CHAPTER 1.5. SCENIC HIGHWAY ADVISORY COMMITTEE

SEC. 3. Section 227 of the Streets and Highways Code is amended to read:

227. Scenic Highway Advisory Committee, hereafter referred to in this chapter as the advisory committee, is hereby created. The advisory committee shall consist of seven members appointed by the Governor from among officials of cities and counties, persons having special competence in the field of landscape architecture as it relates to scenic conservation and others interested in highways, land planning, and park problems.

Appointments shall be for a four-year term. Each member shall hold office until the appointment and qualification of his successor. Vacancies occurring prior to the expiration of a term shall be filled by appointment for the unexpired term.

SEC. 4. The heading of Article 2.5 (commencing with Section 260) of Chapter 2 of Division 1 of the Streets and Highways Code is amended to read:

SEC. 5. Section 261 of the Streets and Highways Code is amended to read:

261. The department shall, with the advice of the Scenic Highway Advisory Committee, establish and apply pertinent planning and design standards for development of official scenic highways.

In establishing and applying such standards for, and undertaking the development of, official scenic highways, the department shall take into consideration the concept of the "complete highway," which is a highway which incorporates not only safety, utility, and economy but also beauty. The department shall also take into consideration in establishing such standards that, in a "complete highway," pleasing appearance is a consideration in the planning and design process. In the development of official scenic highways, the department shall give special attention both to the impact of the highway on the landscape and to the highway's visual appearance. The standards for official scenic highways shall also require that local governmental agencies have taken such action as may be necessary to protect the scenic appearance of the scenic corridor, the band of land generally adjacent to the highway

right-of-way, including, but not limited to (1) regulation of land use and intensity (density) of development; (2) detailed land and site planning; (3) control of outdoor advertising; (4) careful attention to and control of earthmoving and landscaping; and (5) the design and appearance of structures and equipment.

SEC. 6. Section 262 of the Streets and Highways Code is amended to read:

262. Whenever the department determines that the corridor protection program for any state highway in the state scenic highway system established by this article has been implemented by local governmental agencies and a plan and program has been developed by the department for bringing such highway up to the standards for official scenic highways established by the department, including the concept of the "complete highway," as described in Section 261, the department shall designate the highway as an official state scenic highway and shall so indicate the highway in any publications of the department or in any maps which are issued by the department to the public.

The department shall cause appropriate signs to be placed and maintained along the portions of the state scenic highway system which the department has designated as official state scenic highways that indicate that the highways are official state scenic highways.

If at any time the department, with the advice of the Scenic Highway Advisory Committee, determines that the corridor protection program of local governmental agencies with respect to any highway which has been designated as an official state scenic highway no longer adequately carries out responsibility of the local governmental agencies for the protection of the scenic corridor, it may revoke the designation of the highway as an official state scenic highway and remove the signs which so indicate the highway.

CHAPTER 1353

An act to amend Section 11580.2 of the Insurance Code, relating to uninsured motorists.

[Approved by Governor August 31, 1969 Filed with Secretary of State September 2, 1969]

The people of the State of California do enact as follows:

SECTION 1. Section 11580.2 of the Insurance Code is amended to read:

11580.2. (a) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in

this state upon any motor vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the financial responsibility requirements specified in Section 16059 of the Vehicle Code insuring the insured, his heirs or his legal representative for all sums within such limits which he or they, as the case may be, shall be legally entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor vehicle. The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing, delete the provision covering damage caused by an uninsured motor vehicle. Such deletion by any named insured shall be binding upon every insured to whom such policy or endorsement provisions apply. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles.

(b) As used in (a) above, "bodily injury" includes sickness or disease, including death, resulting therefrom; the term "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in (a) above; as used in (a) above the term "insured" means the named insured and the spouse of the named insured and relatives of either while residents of the same household while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; the term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his permission or consent, express or implied, and any other automobile not owned by the named insured or any resident of the same household while being operated by the named insured or his spouse if a resident of the same household, but the term "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. The term "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is such applicable insurance or bond but the company writing the same denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if

there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(1) The bodily injury has arisen out of physical contact of such automobile with the insured or with an automobile which the insured is occupying.

(2) The insured or someone on his behalf shall have reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated territory then either to the sheriff of the county where the accident occurred or the local headquarters of the California Highway Patrol, and have filed with the insurer within 30 days thereafter a statement under oath that the insured or his legal representative has or the insured's heirs have a cause of action arising out of such accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof. The term "uninsured motor vehicle" shall not include an automobile owned by the named insured or any resident of the same household or self-insured within the meaning of the safety responsibility law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such government or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawlertreads or while located for use as a residence or premises and not as a vehicle, or a farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads.

The term "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tort-feasor becomes insolvent within one year of such accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of such person against the insolvent insurer.

(c) The insurance coverage provided for in this section does not apply:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from an automobile other than the described automobile if the owner thereof has insurance similar to that provided in this section.

(3) To bodily injury of the insured with respect to which the insured or his representative shall, without the written consent of the insurer, make any settlement with or prosecute to judgment any action against any person who may be legally liable therefor.

(4) In any instance where it would inure directly or indirectly to the benefit of any workmen's compensation carrier or to any person qualified as a self-insurer under any workmen's compensation law.

(5) To establish an exemption as provided in subdivisions (a), (b), and (c) of Section 16057 of the Vehicle Code.

(6) To bodily injury of the insured while occupying a motor vehicle owned by an insured, unless the occupied vehicle is an insured motor vehicle.

(7) To bodily injury of the insured when struck by a vehicle owned by an insured.

(d) Subject to paragraph (c)(2), the policy or endorsement may provide that if the insured has insurance available to him under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher of the applicable limits of the respective coverages, and such damages shall be prorated between the applicable coverages as the limits of each coverage bears to the total of such limits.

(e) The policy or endorsement added thereto may provide that if the insured has valid and collectible automobile medical payment insurance available to him, the damages which he shall be entitled to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under such automobile medical payment insurance. This subdivision shall become operative on January 1, 1971.

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. The provisions of Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to such determinations, and all rights, remedies, obligations, liabilities and procedures set forth in said Article 3 shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(1) Whenever in said Article 3, reference is made to the court in which the action is pending, or provision is made for application to the court or obtaining leave of court or approval by the court, the court which shall have jurisdiction for the purposes of this section shall be the Superior Court of the State of California, in and for any county which is a proper

county for the filing of a suit for bodily injury arising out of the accident, against the uninsured motorist, or any county specified in the policy or an endorsement added thereto as a proper county for arbitration or action thereon.

(2) Any such proper court to which application is first made by either the insured or the insurer under the provisions of said Article 3 for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications under said Article 3 with respect to the same accident, subject, however, to the right of such court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to the provisions of Section 2016 of the Code of Civil Procedure may be taken without leave of court, except that leave of court, granted with or without notice and for good cause shown, must be obtained if the notice of the taking of the deposition is served by either party within 20 days after the accident.

(4) The provisions of subparagraph (a)(4) of Section 2019 of the Code of Civil Procedure shall not be applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in subparagraph (b)(2) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under the provisions of Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section shall be construed to limit the rights of any party to discovery in any action pending or which may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom such claim was paid against any person causing such injury or death to the extent that payment was made. Such action may be brought within three years from the date that payment was made hereunder.

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver or rights to which he may be entitled under any other insurance coverage applicable; nor shall payment under this section to such insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms

of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him under any workmen's compensation law exclusive of nonoccupational disability benefits.

(2) By the amounts paid or due to be paid under any valid and collectible automobile medical payment insurance available to the insured. This paragraph shall remain in effect until December 31, 1970, and shall have no force or effect after that date.

(3) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part.

(i) No cause of action shall accrue to the insured under any policy or endorsement provision issued pursuant to this section unless within one year from the date of the accident:

(1) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction, or

(2) Agreement as to the amount due under the policy has been concluded, or

(3) The insured has formally instituted arbitration proceedings.

SEC. 2. Section 11580.2 of the Insurance Code is amended to read:

11580.2. (a) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the financial responsibility requirements specified in Section 16059 of the Vehicle Code insuring the insured, his heirs or his legal representative for all sums within such limits which he or they, as the case may be, shall be legally entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor vehicle. The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing, delete the provision covering damage caused by an uninsured motor vehicle. Such deletion by any named insured shall be binding upon every insured to whom such policy or endorsement provisions apply. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles.

(b) As used in (a) above, "bodily injury" includes sickness or disease, including death, resulting therefrom; the term

"named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in (a) above; as used in (a) above the term "insured" means the named insured and the spouse of the named insured and relatives of either while residents of the same household while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; the term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his permission or consent, express or implied, and any other automobile not owned by the named insured or any resident of the same household while being operated by the named insured or his spouse if a resident of the same household, but the term "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. The term "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is such applicable insurance or bond but the company writing the same denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(1) The bodily injury has arisen out of physical contact of such automobile with the insured or with an automobile which the insured is occupying.

(2) The insured or someone on his behalf shall have reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated territory then either to the sheriff of the county where the accident occurred or the local headquarters of the California Highway Patrol, and have filed with the insurer within 30 days thereafter a statement under oath that the insured or his legal representative has or the insured's heirs have a cause of action arising out of such accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof. The term "uninsured motor vehicle" shall not include an automobile owned by the named insured or any resident of the same house-

hold or self-insured within the meaning of the safety responsibility law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such government or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawlertreads or while located for use as a residence or premises and not as a vehicle, or a farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads.

The term "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of such accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of such person against the insolvent insurer.

(c) The insurance coverage provided for in this section does not apply:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from an automobile other than the described automobile if the owner thereof has insurance similar to that provided in this section.

(3) To bodily injury of the insured with respect to which the insured or his representative shall, without the written consent of the insurer, make any settlement with or prosecute to judgment any action against any person who may be legally liable therefor.

(4) In any instance where it would inure directly or indirectly to the benefit of any workmen's compensation carrier or to any person qualified as a self-insurer under any workmen's compensation law

(7) To bodily injury of the insured when struck by a vehicle owned by an insured.

(d) Subject to paragraph (c)(2), the policy or endorsement may provide that if the insured has insurance available to him under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher

of the applicable limits of the respective coverages, and such damages shall be prorated between the applicable coverages as the limits of each coverage bears to the total of such limits.

(e) The policy or endorsement added thereto may provide that if the insured has valid and collectible automobile medical payment insurance available to him, the damages which he shall be entitled to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under such automobile medical payment insurance. This subdivision shall become operative on January 1, 1971.

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. An award or a judgment confirming an award shall not be conclusive on any party in any action or proceeding between (i) the insured, his insurer, his legal representative, or his heirs and (ii) the uninsured motorist to recover damages arising out of the accident upon which the award is based. The provisions of Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to such determinations, and all rights, remedies, obligations, liabilities and procedures set forth in said Article 3 shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(2) Any such proper court to which application is first made by either the insured or the insurer under the provisions of said Article 3 for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications under said Article 3 with respect to the same accident, subject, however, to the right of such court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to the provisions of Section 2016 of the Code of Civil Procedure may be taken without leave of

court, except that leave of court, granted with or without notice and for good cause shown, must be obtained if the notice of the taking of the deposition is served by either party within 20 days after the accident.

(4) The provisions of subparagraph (a)(4) of Section 2019 of the Code of Civil Procedure shall not be applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in subparagraph (b)(2) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under the provisions of Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section shall be construed to limit the rights of any party to discovery in any action pending or which may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom such claim was paid against any person causing such injury or death to the extent that payment was made. Such action may be brought within three years from the date that payment was made hereunder.

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver or rights to which he may be entitled under any other insurance coverage applicable; nor shall payment under this section to such insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him under any workmen's compensation law exclusive of nonoccupational disability benefits.

(2) By the amounts paid or due to be paid under any valid and collectible automobile medical payment insurance available to the insured. This paragraph shall remain in effect until December 31, 1970, and shall have no force or effect after that date.

(3) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part.

(i) No cause of action shall accrue to the insured under any policy or endorsement provision issued pursuant to this section unless within one year from the date of the accident:

(1) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction, or

(2) Agreement as to the amount due under the policy has been concluded, or

(3) The insured has formally instituted arbitration proceedings.

SEC. 3. Section 11580.2 of the Insurance Code is amended to read:

11580.2. (a) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the financial responsibility requirements specified in Section 16059 of the Vehicle Code insuring the insured, his heirs or his legal representative for all sums within such limits which he or they, as the case may be, shall be legally entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor vehicle. The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing, delete the provision covering damage caused by an uninsured motor vehicle. Such deletion by any named insured shall be binding upon every insured to whom such policy or endorsement provisions apply. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles.

(b) As used in (a) above, "bodily injury" includes sickness or disease, including death, resulting therefrom; the term "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in (a) above; as used in (a) above the term "insured" means the named insured and the spouse of the named insured and relatives of either while residents of the same household while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; the term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his permission or consent, express or

implied, and any other automobile not owned by the named insured or any resident of the same household while being operated by the named insured or his spouse if a resident of the same household, but the term "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. The term "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is such applicable insurance or bond but the company writing the same denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(1) The bodily injury has arisen out of physical contact of such automobile with the insured or with an automobile which the insured is occupying.

(2) The insured or someone on his behalf shall have reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated territory then either to the sheriff of the county where the accident occurred or the local headquarters of the California Highway Patrol, and have filed with the insurer within 30 days thereafter a statement under oath that the insured or his legal representative has or the insured's heirs have a cause of action arising out of such accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof. The term "uninsured motor vehicle" shall not include an automobile owned by the named insured or any resident of the same household or self-insured within the meaning of the safety responsibility law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such government or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawlertreads or while located for use as a residence or premises and not as a vehicle, or a farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads.

The term "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year

of such accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of such person against the insolvent insurer.

(c) The insurance coverage provided for in this section does not apply:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from an automobile other than the described automobile if the owner thereof has insurance similar to that provided in this section.

(3) To bodily injury of the insured with respect to which the insured or his representative shall, without the written consent of the insurer, make any settlement with or prosecute to judgment any action against any person who may be legally liable therefor.

(4) In any instance where it would inure directly or indirectly to the benefit of any workmen's compensation carrier or to any person qualified as a self-insurer under any workmen's compensation law.

(5) To establish an exemption as provided in subdivisions (a), (b), and (c) of Section 16057 of the Vehicle Code.

(6) To bodily injury of the insured while occupying a motor vehicle owned by an insured, unless the occupied vehicle is an insured motor vehicle.

(7) To bodily injury of the insured when struck by a vehicle owned by an insured.

(d) Subject to paragraph (c)(2), the policy or endorsement may provide that if the insured has insurance available to him under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher of the applicable limits of the respective coverages, and such damages shall be prorated between the applicable coverages as the limits of each coverage bears to the total of such limits.

(e) The policy or endorsement added thereto may provide that if the insured has valid and collectible automobile medical payment insurance available to him, the damages which he shall be entitled to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under such automobile medical payment insurance. This subdivision shall become operative on January 1, 1971.

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. The provisions of Article 3 (commencing

with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to such determinations, and all rights, remedies, obligations, liabilities and procedures set forth in said Article 3 shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations.

(1) Whenever in said Article 3, reference is made to the court in which the action is pending, or provision is made for application to the court or obtaining leave of court or approval by the court, the court which shall have jurisdiction for the purposes of this section shall be the superior court of the State of California, in and for any county which is a proper county for the filing of a suit for bodily injury arising out of the accident, against the uninsured motorist, or any county specified in the policy or an endorsement added thereto as a proper county for arbitration or action thereon.

(2) Any such proper court to which application is first made by either the insured or the insurer under the provisions of said Article 3 for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications under said Article 3 with respect to the same accident, subject, however, to the right of such court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to the provisions of Section 2016 of the Code of Civil Procedure may be taken without leave of court, except that leave of court, granted with or without notice and for good cause shown, must be obtained if the notice of the taking of the deposition is served by either party within 20 days after the accident.

(4) The provisions of subparagraph (a)(4) of Section 2019 of the Code of Civil Procedure shall not be applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in subparagraph (b)(2) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under the provisions of Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section shall be construed to limit the rights of any party to discovery in any action pending or which may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom such claim was paid against

any person causing such injury or death to the extent that payment was made. Such action may be brought within three years from the date that payment was made hereunder.

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver or rights to which he may be entitled under any other insurance coverage applicable; nor shall payment under this section to such insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him under any workmen's compensation law exclusive of nonoccupational disability benefits.

(2) By the amounts paid or due to be paid under any valid and collectible automobile medical payment insurance available to the insured. This paragraph shall remain in effect until December 31, 1970, and shall have no force or effect after that date.

(3) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part.

(i) No cause of action shall accrue to the insured under any policy or endorsement provision issued pursuant to this section unless within one year from the date of the accident:

(1) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction, or

(2) Agreement as to the amount due under the policy has been concluded, or

(3) The insured has formally instituted arbitration proceedings.

(j) Notwithstanding the provisions of subdivision (i), any insurer whose insured has made a claim under his or her uninsured motorist coverage, and such claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, notify its insured in writing of the statute of limitation applicable to such injury or death. Failure of the insurer to provide such written notice shall operate to toll any applicable statute of limitation or other time limitation for a period of 30 days from the date such written notice is actually given.

SEC. 4. Section 11580.2 of the Insurance Code is amended to read:

11580.2 (a) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be

The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing, delete the provision covering damage caused by an uninsured motor vehicle. Such deletion by any named insured shall be binding upon every insured to whom such policy or endorsement provisions apply. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles.

(b) As used in (a) above, "bodily injury" includes sickness or disease, including death, resulting therefrom; the term "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in (a) above; as used in (a) above the term "insured" means the named insured and the spouse of the named insured and relatives of either while residents of the same household while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; the term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his permission or consent, express or implied, and any other automobile not owned by the named insured or any resident of the same household while being operated by the named insured or his spouse if a resident of the same household, but the term "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. The term "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is such applicable insurance or bond but the company writing the same denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or a motor

vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(1) The bodily injury has arisen out of physical contact of such automobile with the insured or with an automobile which the insured is occupying.

(2) The insured or someone on his behalf shall have reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated territory then either to the sheriff of the county where the accident occurred or the local headquarters of the California Highway Patrol, and have filed with the insurer within 30 days thereafter a statement under oath that the insured or his legal representative has or the insured's heirs have a cause of action arising out of such accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof. The term "uninsured motor vehicle" shall not include an automobile owned by the named insured or any resident of the same household or self-insured within the meaning of the safety responsibility law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such government or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawlertreads or while located for use as a residence or premises and not as a vehicle, or a farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads.

In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of such person against the insolvent insurer.

(c) The insurance coverage provided for in this section does not apply:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from an automobile other than

The arbitration shall be conducted by a single neutral arbitrator. An award or a judgment confirming an award shall not be conclusive on any party in any action or proceeding between (i) the insured, his insurer, his legal representative, or his heirs and (ii) the uninsured motorist to recover damages arising out of the accident upon which the award is based. The provisions of Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to such determinations, and all rights, remedies, obligations, liabilities and procedures set forth in said Article 3 shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in subparagraph (b)(2) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under the provisions of Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(3) The insured has formally instituted arbitration proceedings.

(j) Notwithstanding the provisions of subdivision (i), any insurer whose insured has made a claim under his or her uninsured motorist coverage, and such claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, notify its insured in writing of the statute of limitation applicable to such injury or death. CHAPTER 1354

An act to amend Sections 681, 681.4, 682.2, and 682.8 of, and to add Section 663.7 to, the Harbors and Navigation Code, relating to vessels, and making an appropriation therefor.

[Approved by Governor August 31, 1969 Filed with Secretary of State September 2, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 663.7 is added to the Harbors and Navigation Code, to read:

663.7. (a) Each county of the state is entitled to receive state financial aid for boating safety and enforcement programs on waters under its jurisdiction as provided in this section. A boating safety and enforcement program as used in this section includes search and rescue operations, recovery of drowned bodies, enforcement of state and local measures for regulation of boating activities, inspection of vessels, and supervision of organized water events.

(b) An entity other than a county is entitled to receive aid for boating safety and enforcement programs on waters under its jurisdiction through the county in which it lies, and such aid shall be counted as aid to such county; except that aid for boating safety and enforcement programs of the Department of Parks and Recreation for waters under its jurisdiction shall not be counted as aid to a county.

(c) The amount of aid for which a county or other entity or agency is eligible under this chapter shall not exceed the total cost of its boating safety and enforcement program needs, less the moneys derived from personal property taxes on boats

and fees charged for boating activities, as determined in accordance with a formula prescribed by the department. The department's formula shall specify the number of square miles of boating waters and the amount of boat use which will require one safety patrol unit and shall express such unit in terms of its cost.

(d) Aid for boating safety and enforcement programs shall be made available to the Department of Parks and Recreation for waters under its jurisdiction in accordance with this section. In keeping with the formula provided for in subdivision (c) of this section, the department shall reimburse the Department of Parks and Recreation for the actual cost of its boating safety and enforcement programs conducted during the period from January 1, 1970, to June 30, 1970; provided, that the total amount of such aid shall not exceed the sum of fifty thousand dollars ($50,000).

(e) Entities or agencies desiring aid under the provisions of this section shall submit applications to the department at least six months prior to the period for which aid is required. Applications shall be in such form and contain such information as the department may require.

(f) Within 90 days after the close of any period for which aid is received, the entity or agency shall submit to the department a statement of the expenditures actually incurred, in such form and containing such information as the department may require.

(g) The department shall be responsible for the administration of the provisions of this section, and may adopt such rules and regulations as may be necessary to carry out its provisions. The department shall make periodic evaluations of the effectiveness of programs receiving aid under this section.

SEC. 2. Section 681 of the Harbors and Navigation Code is amended to read:

681. The owner of each vessel requiring numbering by this state shall file an initial application for number with the department at its Sacramento office or an agent authorized by the department on forms approved by the commission. The application shall contain the name and address of the owner, and of the legal owner if any, and the builder's hull number or any hull number of the vessel as may be required by the department. The application shall be signed by the owner of the vessel and shall be accompanied by a fee of five dollars ($5); except that initial application for numbers made during 1971 shall be accompanied by a fee of four dollars ($4). Upon receipt of the application in approved form, the department shall issue a certificate of ownership to the legal owner and a certificate of number to the owner, or both to the owner if there is no legal owner, stating the number issued to the vessel and the name and address of the owner. The owner shall paint on or attach to each side of the bow of the vessel the identification number in such manner as may be pre-

scribed by rules and regulations of the commission in order that it may be clearly visible. The number shall be maintained in a legible condition. The certificate of number shall be pocket size and shall be available at all times for inspection on the vessel for which issued, whenever such vessel is in operation. The department may issue one or more stickers, tabs or other suitable devices to identify vessels as being currently registered. The size, shape, and color of such sticker, tab, or other device and the positioning of such on the vessel shall be as determined by the commission.

SEC. 3. Section 681.4 of the Harbors and Navigation Code is amended to read:

681.4. If the ownership of an undocumented vessel changes, the existing certificate of ownership and a new application form accompanied by a fee of five dollars ($5) shall be filed with the department and a new certificate of ownership and a new certificate of number shall be issued in the same manner as provided for in the initial issuance of number and the number shall be reassigned to the new owner.

SEC. 4. Section 682.2 of the Harbors and Navigation Code is amended to read:

682.2. SEC. 2. Section 62492 of the Agricultural Code is amended to read:

62492. The director shall terminate the minimum wholesale and minimum retail prices in effect in any marketing area without notice or hearing at any time that there ceases to be a stabilization and marketing plan in force and effect in such marketing area, unless there is in effect in such marketing area a marketing order, applicable to fluid milk, issued under the provisions of the California Marketing Act of 1937 (Chapter 1 (commencing with Section 58601) of Part 2 of Division 21) or unless minimum prices payable by distributors to producers for fluid milk in such marketing area or any portion thereof are subject to a federal milk marketing agreement or order, or to proceedings then pending before the Secretary of Agriculture for establishment of such federal milk marketing agreement or order. In the event minimum prices payable by distributors to producers for fluid milk in such marketing area or any portion thereof are subject to a federal milk marketing agreement or order, or to pending proceedings therefor, the director shall continue to prescribe and enforce minimum wholesale and minimum retail prices for fluid milk in such marketing area pursuant to the declaration and statement of facts, policy and provisions thereof, and particularly the provisions of this article, with the exception that in determining such minimum wholesale and minimum retail prices, the cost of raw product as provided for in subdivision (d) of Section 62479 shall be the adjusted prices payable by distributors to producers for fluid milk as provided for in the federal milk marketing agreement or order applicable to such marketing

area, or, in the event proceedings for such federal milk marketing agreement or order are then pending but not complete, such cost of raw product shall continue to be, until the federal milk marketing agreement or order for such area becomes effective, the last minimum producer prices established by the director in a stabilization and marketing plan for such area prior to termination of such plan. In the event the production of fluid milk in such marketing area is subject to a marketing order issued under the California Marketing Act of 1937, the cost of raw product as provided in subdivision (d) of Section 62479 shall be the prices established by the director or prevailing in such area for fluid milk purchased by distributors from producers.

CHAPTER 1356

An act to add Sections 13066 and 13951 to the Water Code, relating to the disposition of sewage in the Lake Tahoe watershed, and making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 31, 1969. Filed with Secretary of State September 2, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 13066 is added to the Water Code, to read:

13066. Notwithstanding any other provision of law, on or after January 1, 1972, all sewage or other waste from within the Lake Tahoe watershed shall be placed only into a sewer system and treatment facilities sufficient to handle and treat any such sewage or waste and transportation facilities sufficient to transport any resultant sewage effluent outside the Lake Tahoe watershed, except that such sewage or other waste may be placed in a holding tank which is pumped and transported to such treatment and transportation facilities.

As used in this section "other waste" shall not include solid waste refuse.

The further maintenance or use of cesspools, septic tanks, or other means of sewage or other waste disposal in the Lake Tahoe watershed on or after January 1, 1972, by any person, except as permitted pursuant to this section, is a public nuisance. The occupancy of any building from which sewage or other waste is discharged in violation of this section is a public nuisance, and an action may be brought to enjoin any person from occupying any such building.

This section shall not be applicable to a particular area of the Lake Tahoe watershed whenever the regional board for

the Lahontan region finds that the continued operation of septic tanks, cesspools, or other means of waste disposal in such area will not, individually or collectively, directly or indirectly, affect the quality of the waters of Lake Tahoe and that the sewering of such area would have a damaging effect upon the environment.

This section shall not affect the applicability of Section 13065.

SEC. 2. Notwithstanding the provisions of Article 3 (commencing with Section 13125) of Chapter 5 of Division 7 of the Water Code, or any other provision of law, the Tahoe City Public Utility District may enter into a contract with the State Water Resources Control Board during the 1969–1970 fiscal year for a construction loan under Chapter 5 (commencing with Section 13100) of Division 7 of the Water Code in an amount not to exceed two million dollars ($2,000,000) and shall not be required to hold any election on the proposition of whether or not the district shall enter into such contract.

SEC. 3. The sum of five hundred thousand dollars ($500,000) is hereby appropriated from the State Water Quality Control Fund, from money deposited therein pursuant to Section 12.2 of Chapter 138, Statutes of 1964, First Extraordinary Session, to the State Water Resources Control Board for expenditure, without regard to fiscal years, for a loan to the North Tahoe Public Utility District of such amounts as the board determines is necessary, together with other funds available for such purpose to permit such district to construct necessary sewage and storm drainage facilities to prevent and control water pollution in the north Lake Tahoe area served by such district. The provisions of Sections 13125 and 13126 of the Water Code shall not apply to any loan made pursuant to this section.

SEC. 4. No part of the appropriation made by this act shall be available for loan to the North Tahoe Public Utility District unless the North Tahoe Public Utility District executes an agreement with the State Water Resources Control Board under which it agrees to repay the amount of its loan, with interest, within 25 years following a 10-year moratorium on principal payments, and with the interest to be at a rate equal to the average, as determined by the board, of the net-interest costs to the state on the sales of general obligation bonds of the state that occurred during the calendar year immediately preceding the calendar year in which the interest falls due, during the moratorium on principal payments, with interest thereafter to be payable at the last rate applied during the moratorium, provided, that when the applicable average of the net-interest costs to the state is not a multiple of one-tenth of 1 percent, the interest rate shall be at the multiple of one-tenth of 1 percent next above the applicable average of the net-interest costs.

SEC. 5. The State Water Resources Control Board shall require the procedure, forms, and the submission of any information from the North Tahoe Public Utility District it may deem necessary or appropriate.

SEC. 6. All money received in repayment of loans under this act shall be paid to the State Treasurer and credited to the State Water Quality Control Fund.

SEC. 7. This act, applicable only to the watershed of Lake Tahoe, is necessary to meet the unique problems of water quality control presented by the population growth and development of the area in relation to Lake Tahoe's geographic location and the necessity to export any waste produced in the area out of the Lake Tahoe Basin. Section 2 of this act, which is applicable only to the Tahoe City Public Utility District, is necessary to permit a state loan to be made to the district for the construction with the least possible delay of facilities necessary to make possible the transportation of such waste out of the Lake Tahoe Basin.

SEC. 8. Section 13951 is added to the Water Code, to read:

13951. Notwithstanding any other provision of law, on or after January 1, 1972, waste from within the Lake Tahoe watershed shall be placed only into a sewer system and treatment facilities sufficient to handle and treat any such waste and transportation facilities sufficient to transport any resultant effluent outside the Lake Tahoe watershed, except that such waste may be placed in a holding tank which is pumped and transported to such treatment and transportation facilities.

As used in this section "waste" shall not include solid waste refuse.

The further maintenance or use of cesspools, septic tanks, or other means of waste disposal in the Lake Tahoe watershed on or after January 1, 1972, by any person, except as permitted pursuant to this section, is a public nuisance. The occupancy of any building from which waste is discharged in violation of this section is a public nuisance, and an action may be brought to enjoin any person from occupying any such building.

This section shall not be applicable to a particular area of the Lake Tahoe watershed whenever the regional board for the Lahontan region finds that the continued operation of septic tanks, cesspools, or other means of waste disposal in such area will not, individually or collectively, directly or indirectly, affect the quality of the waters of Lake Tahoe and that the sewering of such area would have a damaging effect upon the environment.

This section shall not affect the applicability of Section 13950.

SEC. 9. Section 8 of this act shall become operative only if Division 7 of the Water Code, as proposed by Assembly Bill No. 413, is enacted by the Legislature at its 1969 Regular

Session and in such case at the same time as Assembly Bill No. 413 becomes operative, and at that time, Section 13066 of the Water Code as added by Section 1 of this act is repealed.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to insure the construction by the Tahoe City Public Utility District with the least possible delay of facilities necessary to make possible the transportation of waste out of the Lake Tahoe Basin it is necessary that the Tahoe City Public Utility District immediately enter into a contract for a construction loan. In order to permit the district to immediately enter into such a contract it is necessary that this act go into immediate effect.

CHAPTER 1357

An act to amend Section 1324 of the Penal Code, relating to criminal investigations.

[Approved by Governor August 31, 1969. Filed with Secretary of State September 2, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 1324 of the Penal Code is amended to read:

1324. (a) In any felony proceeding, in any investigation or proceeding before a grand jury for any felony offense, or in any investigation of a criminal organization or organized crime and its activities conducted by the Attorney General, if a person refuses to answer a question or produce evidence of any other kind on the ground that he may be incriminated thereby, and if the district attorney of the county or the Attorney General in writing requests the superior court for that county to order that person to answer the question or produce the evidence, a judge of the superior court shall set a time for hearing and order the person to appear before the court and show cause, if any, why the question should not be answered or the evidence produced, and the court shall order the question answered or the evidence produced unless it finds that to do so would be clearly contrary to the public interest, or could subject the witness to a criminal prosecution in another jurisdiction, and that person shall comply with the order. After complying, and if, but for this section, he would have been privileged to withhold the answer given or the evidence produced by him, that person shall not be prosecuted or subjected to penalty or forfeiture for or on account of any fact or act concerning which, in accordance with the order, he was required to answer or produce evidence. But he may never-

theless be prosecuted or subjected to penalty or forfeiture for any perjury, false swearing or contempt committed in answering, or failing to answer, or in producing, or failing to produce, evidence in accordance with the order.

(b) As used in this section, "criminal organization" means the formation into a functioning whole of a group of people unified for the purpose of performing together, through planning and coordination of individual effort, continuing activities, a substantial portion of which activities are illegal. Indicative that a group of persons constitutes a criminal organization are the following important, though not indispensable, factors: the continuation of activity by the organization, though its personnel may change, and the formation of lines of authority in which responsibility is delegated and duties are assigned.

(c) As used in this section, "organized crime" means criminal organizations and their activities.

SEC. 2. The Attorney General shall report to the Legislature not later than the fifth legislative day of the 1972 Regular Session of the Legislature the use and effect of the procedure established pursuant to the amendment of Section 1324 of the Penal Code enacted at the 1969 Regular Session of the Legislature.

SEC. 3. The amendment of Section 1324 of the Penal Code enacted by Section 1 of this act shall remain in effect until the 91st day after the final adjournment of the 1972 Regular Session of the Legislature and shall have no force or effect after that date. Thereafter, Section 1324 of the Penal Code shall read as it did immediately prior to the effective date of this act.

CHAPTER 1358

An act making an appropriation for the purpose of a loan to the City of Crescent City pursuant to the Community Redevelopment Financial Assistance and Disaster Project Law, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 31, 1969. Filed with Secretary of State September 2, 1969.]

The people of the State of California do enact as follows:

SECTION 1. There is hereby appropriated from the General Fund one hundred fifty thousand dollars ($150,000) to the State Allocation Board for the purpose of a loan to the City of Crescent City pursuant to the Community Redevelopment Financial Assistance and Disaster Project Law, Part 1.5 (commencing with Section 34000) of Division 24 of the Health and Safety Code, and Section 3 of Chapter 69 of the Statutes of 1964, and for the purpose of completing any project undertaken pursuant to such provisions. The loan shall

be repaid out of proceeds of the sale of property by the city for redevelopment purposes or out of any other funds available to the city.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The City of Crescent City is in the process of completing the redevelopment project undertaken after the disastrous tidal wave of March 24, 1964. The most expeditious means of closing out the project requires the immediate acquisition and resale of several parcels of property by the city. If this acquisition is undertaken immediately it will result in substantial savings in project cost for the federal, state, and local government bodies involved in the project. The loan to the city made possible by this act is necessary for the immediate acquisition of the property in question and the expeditious and economical completion of the redevelopment project.

CHAPTER 1359

In acting upon applications to appropriate water, the State Water Resources Control Board shall consider the relative benefit to be derived from all beneficial uses of the water concerned including, but not limited to, use for domestic, irrigation, municipal, industrial, preservation and enhancement of fish and wildlife, recreational, mining and power purposes, and may subject such appropriations to such terms and conditions as in its judgment will best develop, conserve, and utilize in the public interest, the water sought to be appropriated.

may subject such appropriations to such terms and conditions as in its judgment will best develop, conserve, and utilize in the public interest, the water sought to be appropriated.

SEC. 3. Section 10505.5 is added to the Water Code, to read:

10505.5. Every application heretofore or hereafter made and filed pursuant to Section 10500, and held by the State Water Resources Control Board, shall be amended to provide, and any permit hereafter issued pursuant to such an application, and any license issued pursuant to such a permit, shall provide, that the application, permit, or license shall not authorize the use of any water outside of the county of origin which is necessary for the development of the county.

SEC. 4. It is the intent of the Legislature, if amendments to Section 1257 of the Water Code proposed by both this bill and A.B. 413 are enacted, that both amendments be given effect and incorporated in Section 1257 in the form set forth in Section 2 of this act. Therefore, in the event A.B. 413 is enacted and amends Section 1257, Section 2 of this act shall become operative at the same time that Section 1257 as amended by A.B. 413 becomes operative, and at that time, Section 1257 of the Water Code as amended by Section 1 of this act is repealed.

For the purpose of this section, an isolated apprentice is an apprentice registered with the Division of Apprenticeship Standards in the Department of Industrial Relations who cannot be enrolled in a class of related and supplementary instruction for apprentices because of the small number of apprentices available for an appropriate class or because there is no existing apprenticeship program within a reasonable travel distance.

3074.5. The Bureau of Industrial Education of the Department of Education and the Board of Governors of the California Community Colleges may advance or reimburse to a local school district its added cost of providing related instruction classes to apprentices whenever the enrollment of any such class is at least five but not more than 15.

(d) The California Apprenticeship Council in cooperation with the Departments of Education and Employment and the Board of Governors of the California Community Colleges may foster and promote on-the-job training programs other than apprenticeship as follows: (1) programs for journeymen in the apprenticeable occupations to keep them abreast of current techniques, methods and materials and opportunities for advancement in their industries; (2) programs in other than apprenticeable occupations for workers entering the labor market for the first time or workers entering new occupations by reason of having been displaced from former occupations by reason of economic, industrial, technological scientific changes or developments; (3) such programs shall be in accord with and agreed to by the parties to any applicable collective bargaining agreements and where appropriate will include joint employer-employee cooperation in the programs.

(e) The Division of Apprenticeship Standards when requested may foster and promote voluntary on-the-job training programs in accordance with this section, and assist employers, employees and other interested persons and agencies in the development and carrying out of such programs. The Division of Apprenticeship Standards shall cooperate in these functions with the Departments of Education and Employment and the Board of Governors of the California Community Colleges and other governmental agencies. The Division of Apprenticeship Standards may cooperate with the Departments of Corrections and Youth Authority in the development of training programs for inmates and releasees of correctional institutions.

(f) The programs, where appropriate, may include related and supplemental classroom instruction offered and administered by state and local boards responsible for vocational education.

(g) The activities and services of the Division of Apprenticeship Standards in training programs under this section shall be performed without curtailing or in any way interfering with the division's activities and services in apprenticeship.

(h) The Division of Apprenticeship Standards may contract with, and receive reimbursements from, appropriate federal, state and other governmental agencies.

(i) The vocational education activities and services of the Department of Education, the Board of Governors of the California Community Colleges, and local public school districts shall not be abridged or abrogated through implementation of this section.

(j) "On-the-job training" as used in this section refers exclusively to training confined to the needs of a specific occupation and conducted at the jobsite for employed workers.

(*l*) Nothing in this section shall be construed to require prior approval, ratification, or reference of any training program to the Division of Apprenticeship Standards or the Department of Industrial Relations.

SEC. 5. Section 3070 of the Labor Code is amended to read:

3070. The Governor shall appoint a California Apprenticeship Council, composed of six representatives each from employer and employee organizations, respectively, geographically selected, and of two representatives of the general public. The Director of Industrial Relations and the state official who is in charge of trade and industrial education under authority of the State Board of Education and the Chancellor of the California Community Colleges, or his permanent and best qualified designee, shall also be members of the California Apprenticeship Council. The chairman shall be elected by vote of the California Apprenticeship Council. The terms of office of the members of the California Apprenticeship Council first appointed shall expire as designated by the Governor at the time of making the appointment: Two representatives each of employers, employees, and the public representative shall serve until January 15, 1941. Two representatives each of the employers and employees shall serve until January 15, 1942. Thereafter each member shall serve for a term of two years. Any member appointed to fill a vacancy occurring prior to the expiration of the term of his predecessor shall be appointed for the remainder of said term. Each member of the council shall receive the sum of twenty-five dollars ($25) for each day of his actual attendance at meetings of the council, for each day of his actual attendance at hearings by the council or a committee thereof pursuant to Section 3082, and for each day of his actual attendance at meetings of other committees established by the council and approved by the Director of

Industrial Relations, together with his actual and necessary traveling expenses incurred in connection therewith.

The terms of the five additional members provided by the amendment of this section at the 1955 Regular Session shall expire, as designated by the Governor at the time of making the appointment, as follows: One additional representative each of employers, employees, and the additional public representative shall serve until January 15, 1957; and one additional representative each of employers and employees shall serve until January 15, 1958.

SEC. 6. It is the intent of the Legislature, if amendments to Section 3070 of the Labor Code, proposed by this bill and Assembly Bill No. 340 and Assembly Bill No. 745 are enacted, that all the amendments be given effect and incorporated in Section 3070 in the form set forth in Section 5 of this act. Therefore, in the event Assembly Bill No. 340 and Assembly Bill No. 745 are enacted and amend Section 3070, Section 5 of this act shall become operative at the same time that Section 3070 as amended by Assembly Bill No. 340 and Assembly Bill No. 745 becomes operative, and at that time, Section 3070 of the Labor Code as amended by Section 1 of this act is repealed.

(e) A description of the site sufficient for identification.

3085. "Claimant" means any person entitled under this title to record a claim of lien, to give a stop notice in connection with any work of improvement, or to recover on any payment bond, or any combination of the foregoing.

3086. "Completion" means, in the case of any work of improvement other than a public work, actual completion of the work of improvement. Any of the following shall be deemed equivalent to a completion:

(a) The occupation or use of a work of improvement by the owner, or his agent, accompanied by cessation of labor thereon.

(b) The acceptance by the owner, or his agent, of the work of improvement.

(c) After the commencement of a work of improvement, a cessation of labor thereon for a continuous period of 60 days, or a cessation of labor thereon for a continuous period of 30 days or more if the owner files for record a notice of cessation.

If the work of improvement is subject to acceptance by any public entity, the completion of such work of improvement shall be deemed to be the date of such acceptance; provided, however, that, except as to contracts awarded under the State Contract Act, Chapter 3 (commencing with Section 14250), Part 5, Division 3, Title 2 of the Government Code, a cessation of labor on any public work for a continuous period of 30 days shall be a completion thereof.

3087. "Construction lender" means any mortgagee or beneficiary under a deed of trust lending funds with which the cost of the work of improvement is, wholly or in part, to be defrayed, or any assignee or successor in interest of either, or any escrow holder or other party holding any funds furnished or to be furnished by the owner or lender or any other person as a fund from which to pay construction costs.

3088. "Contract" means an agreement between an owner and any original contractor providing for the work of improvement or any part thereof.

3089. "Laborer" means any person who, acting as an employee, performs labor upon or bestows skill or other necessary services on any work of improvement.

3090. "Materialman" means any person who furnishes materials or supplies to be used or consumed in any work of improvement.

3091. "Ninety-day public works preliminary bond notice" means a notice which must be given by any claimant other than one of the following:

(a) A claimant who performs actual labor for wages.

(b) A claimant who has a direct contractual relationship with the original contractor.

The notice is required only on public works, and is a necessary prerequisite to enforcement of a claim on a payment bond. The notice shall be in writing and shall state with substantial accuracy the amount claimed, and the name of the party to whom the claimant furnished labor, services, equipment, or materials. The notice shall be given within 90 days from the date on which the claimant furnished the last labor, services, equipment, or materials for which such claim is made.

The notice shall be served by mailing the same by registered or certified mail, postage prepaid, in an envelope addressed to the original contractor at any place he maintains an office, or conducts his business, or his residence, or by personal service.

3092. "Notice of cessation" means a written notice, signed and verified by the owner or his agent, containing all of the following:

(a) The date on or about when the cessation of labor commenced.

(b) A statement that such cessation has continued until the recording of the notice of cessation.

(c) The name and address of the owner.

(d) The nature of the interest or estate of the owner.

(e) A description of the site sufficient for identification, containing the street address of the site, if any. If a sufficient legal description of the site is given, the validity of the notice shall not, however, be affected by the fact that the street address is erroneous or is omitted.

(f) The name of the original contractor, if any, for the work of improvement as a whole.

(g) For the purpose of this section, "owner" means the owner who causes a building, improvement, or structure, to be constructed, altered, or repaired (or his successor in interest at the date of a notice of cessation from labor is filed for record) whether the interest or estate of such owner be in fee, as vendee under a contract of purchase, as lessee, or other interest or estate less than the fee. Where such interest or estate is held by two or more persons as joint tenants or tenants in common, any one or more of the cotenants may be deemed to be the "owner" within the meaning of this section. Any notice of cessation signed by less than all of such cotenants shall recite the names and addresses of all such cotenants.

The notice of cessation shall be recorded in the office of the county recorder of the county in which the site is located and shall be effective only if there has been a continuous cessation of labor for at least 30 days prior to such recording.

3093. "Notice of completion" means a written notice, signed and verified by the owner or his agent, containing all of the following:

(a) The date of completion (other than a cessation of labor). The recital of an erroneous date of completion shall not, however, affect the validity of the notice if the true date of completion is within 10 days preceding the date of recording of such notice.

(b) The name and address of the owner.

(c) The nature of the interest or estate of the owner.

(d) A description of the site sufficient for identification, containing the street address of the site, if any. If a sufficient legal description of the site is given, the validity of the notice shall not, however, be affected by the fact that the street address recited is erroneous or that such street address is omitted.

(e) The name of the original contractor, if any, or if the notice is given only of completion of a contract for a particular portion of such work of improvement, as provided in Section 3117, then the name of the original contractor under such contract, and a general statement of the kind of work done or materials furnished pursuant to such contract.

The notice of completion shall be recorded in the office of the county recorder of the county in which the site is located, within 10 days after such completion.

If there is more than one owner, any notice of completion signed by less than all of such co-owners shall recite the names and addresses of all of such co-owners; and provided further, that any notice of completion signed by a successor in interest shall recite the names and addresses of his transferor or transferors.

For the purpose of this section, owner is defined as set forth in subdivision (g) of Section 3092.

3094. "Notice of nonresponsibility" means a written notice, signed and verified by a person owning or claiming an interest in the site who has not caused the work of improve-

ment to be performed, or his agent, containing all of the following:

(a) A description of the site sufficient for identification.

(b) The name and nature of the title or interest of the person giving the notice.

(c) The name of the purchaser under contract, if any, or lessee, if known.

(d) A statement that the person giving the notice will not be responsible for any claims arising from the work of improvement.

Within 10 days after the person claiming the benefits of nonresponsibility has obtained knowledge of the work of improvement, the notice provided for in this section shall be posted in some conspicuous place on the site. Within the same 10-day period provided for the posting of the notice, the notice shall be recorded in the office of the county recorder of the county in which the site or some part thereof is located.

3095. "Original contractor" means any contractor who has a direct contractual relationship with the owner.

3096. "Payment bond" means a bond with good and sufficient sureties which is conditioned for the payment in full of the claims of all claimants and which also by its terms is made to inure to the benefit of all claimants so as to give such persons a right of action to recover upon such bond in any suit brought to foreclose the liens provided for in this title or in a separate suit brought on such bond. Either an owner or an original contractor may be the principal upon any payment bond.

3097. "Preliminary 20-day notice (private work)" means a written notice from a claimant that is given prior to the recording of a mechanic's lien and prior to the filing of a stop notice, and is required to be given under the following circumstances:

(a) Except one under direct contract with the owner or one performing actual labor for wages, every person who furnishes labor, service, equipment, or material for which a lien otherwise can be claimed under this title, or for which a notice to withhold can otherwise be given under this title, must, as a necessary prerequisite to the validity of any claim of lien, and of a notice to withhold, cause to be given to the owner or reputed owner, to the original contractor, or reputed contractor, and to the construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by this section.

(b) All persons having a direct contract with the owner, except the contractor or one performing actual labor for wages, who furnish labor, service, equipment, or material for which a lien otherwise can be claimed under this title, or for which a notice to withhold can otherwise be given under this title, must, as a necessary prerequisite to the validity of any claim of lien, and of a notice to withhold, cause to be given to the

construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by this section.

(c) The preliminary notice referred to in subdivisions (a) and (b) shall be given not later than 20 days after the claimant has first furnished labor, service, equipment, or materials to the jobsite, and shall contain the following information:

(1) A general description of the labor, service, equipment, or materials furnished, or to be furnished, and if there is a construction lender, he shall be furnished with an estimate of the total price thereof in addition to the foregoing.

(2) The name and address of such person furnishing such labor, services, equipment, or materials.

(3) The name of the person who contracted for purchase of such labor, service, equipment, or materials.

(4) A description of the jobsite sufficient for identification.

(5) A statement that if bills are not paid in full for labor, service, equipment, or material furnished, or to be furnished, the improved property may be subject to mechanic's liens.

If an invoice for such materials contains the information required by this section, a copy of such invoice, transmitted in the manner prescribed by this section shall be sufficient notice.

A certificated architect who has furnished services for the design of the work of improvement and who gives a preliminary notice as provided in this section not later than 20 days after the work of improvement has commenced shall be deemed to have complied with subdivisions (a) and (b) with respect to architectural services furnished, or to be furnished.

(d) If labor, service, equipment, or materials have been furnished to a jobsite by a person who elected not to give a preliminary notice as provided in subdivision (a) or (b), such person shall not be precluded from giving a preliminary notice not later than 20 days after furnishing other labor, service, equipment, or materials to the same jobsite. Such person shall, however, be entitled to claim a lien and a notice to withhold only for such labor, service, equipment, or material furnished within 20 days prior to the service of such notice, and at any time thereafter.

(e) Any agreement made or entered into by an owner, whereby the owner agrees to waive the rights or privileges conferred upon him by this section shall be void and of no effect.

(f) Service of notice required under this section may be given by delivering the same to the person to be notified, personally, or by leaving it at his address or place of business with some person in charge, or by first-class mail, registered mail, or certified mail, postage prepaid, addressed to the person to whom notice is to be given at his residence or place of business address, or at the address shown by the building permit on file with the authority issuing a building

permit for the work. If the address of the person on whom notice was required to be served is not actually known, then service of such notice may be by first-class mail, registered mail, or certified mail, addressed to the jobsite, with the envelope setting forth the name of the owner or reputed owner, if known, or if not known, then merely "owner" or to the person to whom a notice to withhold may be given, if known, or if not known, then to "construction lender" or to the original contractor, if known, or if not known, then to "general contractor". When service is by registered or certified mail, service is complete at the time of the deposit of the registered or certified mail.

(g) A person required by this section to give notice to the owner and to an original contractor, and to a person to whom a notice to withhold may be given, need give only one such notice to the owner, and to the original contractor and to the person to whom a notice to withhold may be given with respect to all materials, service, labor, or equipment he furnishes for a work of improvement, which means the entire structure or scheme of improvements as a whole, unless the same is furnished under contracts with more than one subcontractor, in which event, the notice requirements must be met with respect to materials, services, labor, or equipment furnished to each such contractor.

If a notice contains a general description required by subdivision (a) or (b) of the materials, services, labor, or equipment furnished to the date of notice, it is not defective because, after such date, the person giving notice furnishes materials, services, labor, or equipment not within the scope of such general description.

(h) Where the contract price to be paid to any subcontractor on a particular work of improvement exceeds four hundred dollars ($400), the failure of that contractor, licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, to give the notice provided for in this section, constitutes grounds for disciplinary action by the Registrar of Contractors.

(i) Every city, county, city and county, or other governmental authority issuing building permits shall, in its application form for a building permit, provide space and a designation for the applicant to enter the name, branch designation, if any, and address of the construction lender and shall keep the information on file open for public inspection during the regular business hours of the authority.

If there is no known construction lender, that fact shall be noted in such designated space. Any failure to indicate the name and address of the construction lender on such application, however, shall not relieve any person from the obligation to give to the construction lender the notice required by this section.

3098. "Preliminary 20-day notice (public work), stop notice" means a written notice from a claimant that was given prior to the filing of a stop notice on public work, and is required to be given under the following circumstances:

(a) In any case in which the law of this state affords a right to a person furnishing labor or materials for a public work who has not been paid therefor to file a stop notice with the public agency concerned, and thereby cause the withholding of payment from the contractor for the public work, any such person having no direct contractual relationship with the contractor, other than a person who performed actual labor for wages, may file such a notice, but no payment shall be withheld from any such contractor, pursuant to any such notice, unless such person has caused written notice to be given to such contractor, and the public agency concerned, not later than 20 days after the claimant has first furnished labor, services, equipment, or materials to the jobsite, stating with substantial accuracy a general description of labor, service, equipment, or materials furnished or to be furnished, and the name of the party to whom the same was furnished. Such notice shall be served by mailing the same by first-class mail, registered mail, or certified mail, postage prepaid, in an envelope addressed to the contractor at any place he maintains an office or conducts his business, or his residence, or by personal service. In case of any public works constructed by the Department of Public Works or the Department of General Services of the state, such notice shall be served by mailing in the same manner as above, addressed to the office of the disbursing officer of the department constructing the work, or by personal service upon such officer. When service is by registered or certified mail, service is complete at the time of the deposit of the registered or certified mail.

(b) Where the contract price to be paid to any subcontractor on a particular work of improvement exceeds four hundred dollars ($400), the failure of that contractor, licensed under Chapter 9, (commencing with Section 7000) of Division 3 of the Business and Professions Code, to give the notice provided for in this section, constitutes grounds for disciplinary action by the Registrar of Contractors.

3099. "Public entity" means the state, Regents of the University of California, a county, city, district, public authority, public agency, and any other political subdivision or public corporation in the state.

3100. "Public work" means any work of improvement contracted for by a public entity.

3101. "Site" means the real property upon which the work of improvement is being constructed or performed.

3102. "Site improvement" means the demolishing or removing of improvements, trees, or other vegetation located thereon, or drilling test holes or the grading, filling, or

otherwise improving of any lot or tract of land or the street, highway, or sidewalk in front of or adjoining any lot or tract of land, or constructing or installing sewers or other public utilities therein, or constructing any areas, vaults, cellars, or rooms under said sidewalks or making any improvements thereon.

3103. "Stop notice" means a written notice, signed and verified by the claimant or his agent, stating in general terms all of the following:

(a) The kind of labor, services, equipment, or materials furnished or agreed to be furnished by such claimant.

(b) The name of the person to or for whom the same was done or furnished.

(c) The amount in value, as near as may be, of that already done or furnished and of the whole agreed to be done or furnished.

Such notice, in the case of any work of improvement other than a public work, shall be delivered to the owner personally or left at his residence or place of business with some person in charge, or delivered to his architect, if any, and, if the notice is served upon a construction lender, holding construction funds and maintaining branch offices, it shall not be effective as against such construction lender unless given to or served upon the manager or other responsible officer or person at the office or branch thereof administering or holding the construction funds. Such notice, in the case of any public work for the state, shall be filed with the director of the department which let the contract and, in the case of any other public work, shall be filed in the office of the controller, auditor, or other public disbursing officer whose duty it is to make payments under the provisions of the contract, or with the commissioners, managers, trustees, officers, board of supervisors, board of trustees, common council, or other body by whom the contract was awarded. No such notice shall be invalid by reason of any defect in form if it is sufficient too substantially inform the owner of the information required.

Any stop notice may be served by registered or certified mail with the same effect as by personal service.

3104. "Subcontractor" means any contractor who has no direct contractual relationship with the owner.

3105. "Subdivision" means a work of improvement consisting of two or more separate residential units or two or more buildings, mining claims, or other improvements owned or reputed to be owned by the same person or on which the claimant has been employed by the same person. A separate residential unit means one residential structure, together with any garage or other improvements appurtenant thereto.

3106. "Work of improvement" includes but is not restricted to the construction, alteration, addition to, or repair, in whole or in part, of any building, wharf, bridge, ditch, flume, aqueduct, well, tunnel, fence, machinery, rail-

road, or road, the seeding, sodding, or planting of any lot or tract of land for landscaping purposes, the filling, leveling, or grading of any lot or tract of land, the demolition of buildings, and the removal of buildings. Except as otherwise provided in this title, "work of improvement" means the entire structure or scheme of improvement as a whole.

CHAPTER 2. MECHANICS' LIENS

Article 1. Application of Chapter

3109. This chapter does not apply to any public work.

Article 2. Who Is Entitled to Lien

3110. Mechanics, materialmen, contractors, subcontractors, lessors of equipment, artisans, architects, registered engineers, licensed land surveyors, machinists, builders, teamsters, and draymen, and all persons and laborers of every class performing labor upon or bestowing skill or other necessary services on, or furnishing materials or leasing equipment to be used or consumed in or furnishing appliances, teams, or power contributing to a work of improvement shall have a lien upon the property upon which they have bestowed labor or furnished materials or appliances or leased equipment for the value of such labor done or materials furnished and for the value of the use of such appliances, equipment, teams, or power whether done or furnished at the instance of the owner or of any person acting by his authority or under him as contractor or otherwise. For the purposes of this chapter, every contractor, subcontractor, sub-subcontractor, architect, builder, or other person having charge of a work of improvement or portion thereof shall be held to be the agent of the owner.

3111. For the purposes of this chapter, an express trust fund established pursuant to a collective bargaining agreement to which payments are required to be made on account of fringe benefits supplemental to a wage agreement for the benefit of a claimant on particular real property shall have a lien on such property in the amount of the supplemental fringe benefit payments owing to it pursuant to the collective bargaining agreement.

3112. Any claimant who, at the instance or request of the owner (or any other person acting by his authority or under him, as contractor or otherwise) of any lot or tract of land, has made any site improvement has a lien upon such lot or tract of land for work done or materials furnished.

Article 3. Conditions to Enforcing a Lien

3114. A claimant shall be entitled to enforce a lien only if he has given the preliminary 20-day notice (private work)

in accordance with the provisions of Section 3097 if required by that section.

3115. Each original contractor, in order to enforce a lien, must record his claim of lien after he completes his contract and before the expiration of (a) 90 days after the completion of the work of improvement as defined in Section 3106 if no notice of completion or notice of cessation has been recorded, or (b) 60 days after recordation of a notice of completion or notice of cessation.

3116. Each claimant other than an original contractor, in order to enforce a lien, must record his claim of lien after he has ceased furnishing labor, services, equipment, or materials, and before the expiration of (a) 90 days after completion of the work of improvement if no notice of completion or cessation has been recorded, or (b) 30 days after recordation of a notice of completion or notice of cessation.

3117. Where the work of improvement is not made pursuant to one original contract for the work of improvement but is made in whole or in part pursuant to two or more original contracts, each covering a particular portion of the work of improvement, the owner may, within 10 days after completion of any such contract for a particular portion of the work of improvement, record a notice of completion. If such notice of completion be recorded, notwithstanding the provisions of Sections 3115 and 3116, the original contractor under the contract covered by such notice must, within 60 days after recording of such notice, and any claimant under such contract other than the original contractor must, within 30 days after the recording of such notice of completion, record his claim of lien. If such notice is not recorded, then the period for recording claims of lien shall be as provided for in Sections 3115 and 3116.

3118. Any person who shall willfully include in his claim of lien labor, services, equipment, or materials not furnished for the property described in such claim shall thereby forfeit his lien.

Article 4. Amount of Lien

3123. The liens provided for in this chapter shall be direct liens, and shall be for the reasonable value of the labor, services, equipment, or materials furnished or for the price agreed upon by the claimant and the person with whom he contracted, whichever is less. Such lien shall not be limited in amount by the price stated in the contract as defined in Section 3088, except as provided in Sections 3235 and 3236.

3124. In any case where the claimant was employed by a contractor or subcontractor, his claim of lien shall not extend to any labor, services, equipment, or materials not included in the contract between the owner and original contractor or any modification thereof, if the claimant had actual knowledge or constructive notice of the contract as defined in Section 3088

or any such modification before he furnished such labor, service, equipment, or materials. The filing of a contract for a work of improvement or of a modification of such contract with the county recorder of the county where the property is situated, before the commencement of work, shall be equivalent to the giving of actual notice of the provisions thereof by the owner to all persons performing work or furnishing materials thereunder.

Article 5. Property Subject to Lien

3128. The liens provided for in this chapter shall attach to the work of improvement and the land on which it is situated together with a convenient space about the same or so much as may be required for the convenient use and occupation thereof, if at the commencement of the work or of the furnishing of the materials for the same, the land belonged to the person who caused such work of improvement to be constructed, but if such person owned less than a fee simple estate in such land then only his interest therein is subject to such lien, except as provided in Section 3129.

3129. Every work of improvement constructed upon any land and all work or labor performed or materials furnished in connection therewith with the knowledge of the owner or of any person having or claiming any estate therein shall be held to have been constructed, performed, or furnished at the instance of such owner or person having or claiming any estate therein and such interest shall be subject to any lien recorded under this chapter unless such owner or person having or claiming any estate therein shall give a notice of nonresponsibility pursuant to Section 3094.

3130. In every case in which one claim is filed against two or more buildings or other works of improvement owned or reputed to be owned by the same person or on which the claimant has been employed by the same person to do his work or furnish his materials, whether such works of improvement are owned by one or more owners, the person filing such claim must at the same time designate the amount due to him on each of such works of improvement; otherwise the lien of such claim is postponed to other liens. If such claimant has been employed to furnish labor or materials under a contract providing for a lump sum to be paid to him for his work or materials on such works of improvement as a whole, and such contract does not segregate the amount due for the work done and materials furnished on such works of improvement separately, then such claimant, for the purposes of this section, may estimate an equitable distribution of the sum due him over all of such works of improvement based upon the proportionate amount of work done or materials furnished upon such respective works of improvement. The lien of such claimant does not extend beyond the amount designated as against other creditors having liens, by judgment, mortgage, or other-

wise, upon either such works of improvement or upon the land upon which the same are situated.

For all purposes of this section, if there is a single structure on more than one parcel of land owned by one or more different owners, it shall not be the duty of the claimant to segregate the proportion of material or labor entering into the structure on any one of such parcels; but upon the trial thereof the court may, where it deems it equitable so to do, distribute the lien equitably as between the several parcels involved.

3131. If a work of improvement consists in the construction of two or more separate residential units, each such unit shall be considered a separate "work of improvement," and the time for filing claims of lien against each such residential unit shall commence to run upon the completion of each such residential unit. A separate residential unit means one residential structure, together with any garage or other improvements appurtenant thereto. The provisions of this qualification shall not impair any rights conferred under the provisions of Sections 3112 and 3130. Materials delivered to or upon any portion of such entire work of improvement or furnished to be used in such entire work of improvement and ultimately used or consumed in one of such separate residential units shall, for all the purposes of this title, be deemed to have been furnished to be used or consumed in the separate residential unit in which the same shall have been actually used or consumed; provided, however, that if the claimant is unable to segregate the amounts used on or consumed in such separate units, he shall be entitled to all the benefits of Section 3130.

Article 6. Priorities

3134. The liens provided for in this chapter (other than with respect to site improvements) are, subject to the exception in Section 3138, preferred to any lien, mortgage, deed of trust, or other encumbrance upon the work of improvement and the site, which attaches subsequent to the commencement of the work of improvement, and also to any lien, mortgage, deed of trust, or other encumbrance of which the claimant had no notice and which was unrecorded at the time of commencement of the work of improvement.

3135. If any site improvement is provided for in a separate contract from any contract with respect to the erection of residential units or other structures, then the site improvement shall be considered a separate work of improvement and the commencement thereof shall not constitute a commencement of the work of improvement consisting of the erection of any residential unit or other structure.

3136. A mortgage or deed of trust which would be prior to the liens provided for in this chapter to the extent of obligatory advances made thereunder in accordance with the commitment of the lender shall also be prior to the liens provided

for in this chapter as to any other advances, secured by such mortgage or deed of trust, which are used in payment of any claim of lien which is recorded at the date or dates of such other advances and thereafter in payment of costs of the work of improvement. Such priority shall not, however, exceed the original obligatory commitment of the lender as shown in such mortgage or deed of trust.

3137. The liens provided for in Section 3112 with respect to site improvements are, subject to the exception in Section 3139, preferred to (a) any mortgage, deed of trust, or other encumbrance which attaches subsequent to the commencement of the site improvement work; and (b) any mortgage, deed of trust, or other encumbrance of which the claimant had no notice and which was unrecorded at the time of the commencement of such site improvement; and (c) any mortgage, deed of trust, or other encumbrance recorded before the commencement of the site improvement work which was given for the sole or primary purpose of financing such site improvements, unless the loan proceeds are in good faith, placed in the control of the lender under a binding agreement with the borrower to the effect that such proceeds are to be applied to the payment of claims of claimants and that no portion of such proceeds will be paid to the borrower in the absence of satisfactory evidence that all such claims have been paid or that the time for recording claims of liens has expired and no such claims have been recorded.

3138. If the holder of any mortgage or deed of trust which is subordinate pursuant to Section 3134 to any lien, shall procure a payment bond as defined in Section 3096 in an amount not less than 75 percent of the principal amount of such mortgage or deed of trust, which bond refers to such mortgage or deed of trust, and shall record such payment bond in the office of the county recorder in the county where the site is located, then such mortgage or deed of trust shall be preferred to all liens for labor, services, equipment, or materials furnished after such recording.

3139. If the owner of the land or holder of any mortgage or deed of trust, which is subordinate pursuant to Section 3137 to any lien, shall procure a payment bond in an amount not less than 50 percent of the principal amount of such mortgage or deed of trust and shall record such payment bond in the office of the county recorder in the county where the site is located before completion of the work of improvement, then such mortgage or deed of trust shall be preferred to all such liens provided in Section 3112.

3140. Any original contractor or subcontractor shall be entitled to recover, upon a claim of lien recorded by him, only such amount as may be due him according to the terms of his contract after deducting all claims of other claimants for labor, services, equipment, or materials furnished and embraced within his contract.

Article 7. Enforcement of Lien

3143. If the owner of property, or the owner of any interest therein, sought to be charged with a claim of lien, or any original contractor or subcontractor disputes the correctness or validity of any claim of lien, he may record in the office of the county recorder in which such claim of lien was recorded, either before or after the commencement of an action to enforce such claim of lien, a bond executed by a corporation authorized to issue surety bonds in the State of California, in a penal sum equal to $1\frac{1}{2}$ times the amount of the claim or $1\frac{1}{2}$ times the amount allocated in the claim of lien to the parcel or parcels of real property sought to be released, which bond shall be conditioned for the payment of any sum which the claimant may recover on the claim together with his costs of suit in the action, if he recovers therein. Upon the recording of such bond the real property described in such bond is released from the lien and from any action brought to foreclose such lien. The principal upon such bond may be either the owner of the property or the owner of any interest therein, or any original contractor, subcontractor, or sub-subcontractor affected by such claim of lien.

3144. No lien provided for in this chapter binds any property for a longer period of time than 90 days after the recording of the claim of lien, unless within that time an action to foreclose the lien is commenced in a proper court, except that, if credit is given and notice of the fact and terms of such credit is recorded in the office of the county recorder subsequent to the recording of such claim of lien and prior to the expiration of such 90-day period, then such lien continues in force until 90 days after the expiration of such credit, but in no case longer than one year from the time of completion of the work of improvement.

3145. As against any purchaser or encumbrancer for value and in good faith whose rights are acquired subsequent to the expiration of the 90-day period following the recording of the claim of lien, no giving of credit or extension of the lien or of the time to enforce the same shall be effective unless evidenced by a notice or agreement recorded in the office of the county recorder prior to the acquisition of the rights of such purchaser or encumbrancer.

3146. After the filing of the complaint in the proper court, the plaintiff may record in the office of the county recorder of the county, or of the several counties in which the property is situated, a notice of the pendency of such proceedings, as provided in Section 409 of the Code of Civil Procedure. Only from the time of recording such notice shall a purchaser or encumbrancer of the property affected thereby be deemed to have constructive notice of the pendency of the action, and in that event only of its pendency against parties designated by their real names.

3147. If the action to foreclose the lien is not brought to trial within two years after the commencement thereof, the court may in its discretion dismiss the same for want of prosecution.

3148. In all cases the dismissal of an action to foreclose the lien (unless it is expressly stated that the same is without prejudice) or a judgment rendered therein that no lien exists shall be equivalent to the cancellation and removal from the record of such lien.

3149. Any number of persons claiming liens on the same property may join in the same action to foreclose their liens and when separate actions are commenced the court may consolidate them.

3150. In addition to any other costs allowed by law, the court in an action to foreclose a lien must also allow as costs the money paid for verifying and recording the lien, such costs to be allowed each claimant whose lien is established, whether he be plaintiff or defendant.

3151. Whenever on the sale of the property subject to any liens provided for in this chapter, under a judgment of foreclosure of such lien, there is a deficiency of proceeds, judgment for the deficiency may be entered against any party personally liable therefor in like manner and with like effect as in an action for the foreclosure of a mortgage.

3152. Nothing contained in this title shall be construed to impair or affect the right of any claimant to maintain a personal action to recover his debt against the person liable therefor either in a separate action or in the action to foreclose his lien, nor any right he may have to the issuance of a writ of attachment or execution. In his affidavit to procure an attachment he need not state that his demand is not secured by a lien. The judgment, if any, obtained by the plaintiff in such personal action, or personal judgment obtained in such mechanics' lien action, shall not impair or merge any lien held by the plaintiff under this chapter, but any money collected on such judgment shall be credited on the amount of such lien.

3153. In all cases where a claim of lien is recorded for labor, services, equipment, or materials furnished to any contractor, he shall defend any action brought thereon at his own expense, and during the pendency of such action the owner may withhold from the original contractor the amount of money for which the claim of lien is recorded. In case of judgment in such action against the owner or his property upon the lien, the owner shall be entitled to deduct from any amount then or thereafter due from him to the original contractor the amount of such judgment and costs. If the amount of such judgment and costs exceeds the amount due from him to the original contractor, or if he has settled with the original contractor in full, he shall be entitled to recover back from the original contractor, or the sureties on any bond given by him for the faithful performance of his contract, any amount of

such judgment and costs in excess of the contract price, and for which the original contractor was originally the party liable.

CHAPTER 3. STOP NOTICES FOR PRIVATE WORKS OF IMPROVEMENT

Article 1. Application of Chapter

3156. The provisions of this chapter do not apply to any public work.

Article 2. Who Is Entitled to Serve a Stop Notice and Bonded Stop Notice

3158. Any of the persons named in Sections 3110 and 3112, other than the original contractor, may give to the owner a stop notice. Any person who shall fail to serve such a stop notice after a written demand therefor from the owner shall forfeit his right to a mechanic's lien.

3159. Any of the persons named in Sections 3110 and 3112, other than the original contractor, may, prior to the expiration of the period within which his claim of lien must be recorded under Chapter 2 (commencing with Section 3109), give to a construction lender a stop notice or a bonded stop notice unless a payment bond has previously been recorded in the office of the county recorder of the county where the site is located in accordance with Section 3235, except that the payment bond may be recorded at any time prior to the serving of the first stop notice. Such notice may only be given for materials, equipment, or services furnished, or labor performed. For the purposes of this section, where an owner undertakes construction on his own behalf, one who contracts with him for a portion of the work is a subcontractor and shall be entitled to give a stop notice.

Article 3. Conditions to Valid Service of Stop Notice and Bonded Stop Notice

3160. Service of a stop notice or a bonded stop notice shall be effective only if the claimant:

(a) Gave the preliminary 20-day notice (private work) in accordance with the provisions of Section 3097 if required by that section; and

(b) Served his stop notice as defined in Section 3103 or his bonded stop notice as defined in Section 3083 prior to the expiration of the period within which his claim of lien must be recorded under Section 3115, 3116, or 3117.

Article 4. Effect of Stop Notice and Bonded Stop Notice

3161. It shall be the duty of the owner upon receipt of a stop notice pursuant to Section 3158 to withhold from the

original contractor or from any person acting under his authority and to whom labor or materials, or both, have been furnished, or agreed to be furnished, sufficient money due or to become due to such contractor to answer such claim and any claim of lien that may be recorded therefor, unless a payment bond has been recorded pursuant to the provisions of Section 3235, in which case the owner may, but is not obligated to, withhold such money.

3162. Upon receipt of a stop notice pursuant to Section 3159, the construction lender may, and upon receipt of a bonded stop notice the construction lender shall, withhold from the borrower or other person to whom it or the owner may be obligated to make payments or advancement out of the construction fund, sufficient money to answer such claim and any claim of lien that may be recorded therefor, unless a payment bond has been recorded pursuant to the provisions of Section 3235 at any time prior to the serving of the first stop notice or bonded stop notice.

3163. If the construction lender objects to the sufficiency of the sureties on the bond accompanying the bonded stop notice, he must give notice in writing of such objection to the claimant within 20 days after the service of the bonded stop notice. The claimant may within 10 days after the receipt of such written objection substitute for the initial bond a bond in like amount executed by a corporate surety licensed to write such bonds in the State of California. If the claimant fails to do so, the construction lender may disregard the bonded stop notice and release all funds withheld in response thereto.

Article 5. Priorities

3166. No assignment by the owner or contractor of construction loan funds, whether made before or after a stop notice or bonded stop notice is given to a construction lender, shall be held to take priority over the stop notice or bonded stop notice, and such assignment shall have no effect insofar as the rights of claimants who give the stop notice or bonded stop notice are concerned.

3167. (a) If the money withheld or required to be withheld pursuant to any bonded stop notice shall be insufficient to pay in full the valid claims of all persons by whom such notices were given, the same shall be distributed among such persons in the same ratio that their respective claims bear to the aggregate of all such valid claims. Such pro rata distribution shall be made among the persons entitled to share therein without regard to the order of time in which their respective notices may have been given or their respective actions, if any, commenced.

(b) If the money withheld or required to be withheld pursuant to any stop notice shall be insufficient to pay in full the valid claims of all persons by whom such notices were given, the same shall be distributed among such persons in

the same ratio that their respective claims bear to the aggregate of all such valid claims. Such pro rata distribution shall be made among the persons entitled to share therein without regard to the order of time in which their respective notices may have been given or their respective actions, if any, commenced.

3168. Any person who willfully gives a false stop notice or bonded stop notice or who willfully includes in his notice labor, services, equipment, or materials not furnished for the property described in such notice forfeits all right to participate in the pro rata distribution of such money and all right to any lien under Chapter 2 (commencing with Section 3109).

Article 6. Release of Stop Notice or Bonded Stop Notice

3171. If the owner, construction lender or any original contractor or subcontractor disputes the correctness or validity of any stop notice or bonded stop notice, he may file with the person upon whom such notice was served a bond executed by good and sufficient sureties in a penal sum equal to 1¼ times the amount stated in such notice, conditioned for the payment of any sum not exceeding the penal obligation of the bond which the claimant may recover on the claim, together with his costs of suit in the action, if he recovers therein. Upon the filing of such bond, the funds withheld to respond to the stop notice or bonded stop notice shall forthwith be released.

Article 7. Enforcement of Rights Arising From Stop Notice and Bonded Stop Notice

3172. No action to enforce payment of the claim stated in any stop notice or bonded stop notice shall be commenced against the owner or construction lender prior to the expiration of the period within which claims of lien must be recorded as prescribed in Chapter 2 (commencing with Section 3109), nor shall any such action be commenced more than 90 days following the expiration of such period. No money shall be withheld by reason of any such notice longer than such 90 days following the expiration of such period unless such action is commenced. If no such action is commenced, such notice shall cease to be effective and such moneys shall be paid or delivered to the contractor or other person to whom they are due. Notice of commencement of any such action shall be given within five days after commencement thereof to the same persons and in the same manner as provided for service of a stop notice or bonded stop notice.

3173. In case such action is commenced as provided in Section 3172 but is not brought to trial within two years after the commencement thereof, the court may in its discretion dismiss the action for want of prosecution.

3174. Upon the dismissal of an action to enforce a stop notice or bonded stop notice, unless expressly stated to be without prejudice, or upon a judgment rendered therein against the claimant, the stop notice or bonded stop notice shall cease to be effective and the moneys withheld shall be paid or delivered to the person to whom they are due.

3175. Any number of persons who have given stop notices or bonded stop notices may join in the same action and when separate actions are commenced the court first acquiring jurisdiction may consolidate them. Upon the motion of the owner or construction lender the court shall require all claimants to the moneys withheld pursuant to stop notices and bonded stop notices to be impleaded in one action, to the end that the respective rights of all parties may be adjudicated therein.

CHAPTER 4. STOP NOTICE FOR PUBLIC WORK

Article 1. Application of Chapter

3179. The provisions of this chapter apply only to a public work.

Article 2. Who Is Entitled to Serve a Stop Notice

3181. Any person, other than an original contractor, mentioned in Sections 3110 and 3112 furnishing provisions, provender, or other supplies, may serve a stop notice upon the public entity responsible for such public work in accordance with the provisions of this chapter.

Article 3. Conditions to Service of Stop Notice

3183. A claimant shall be entitled to enforce a stop notice only if he has complied with each of the following conditions:

(a) He shall have given the preliminary 20-day notice (public work) in accordance with Section 3098 if required by that section.

(b) He shall have filed his stop notice as defined in Section 3103 and in accordance with Section 3184.

3184. To be effective, any stop notice pursuant to this chapter must be served before the expiration of:

(a) Thirty days after the recording of a notice of completion (sometimes referred to in public works as a notice of acceptance) or notice of cessation, if such notice is recorded.

(b) If no notice of completion or notice of cessation is recorded, 90 days after completion or cessation.

3185. No later than 10 days after the filing of a notice of completion or after the cessation of labor has been deemed a completion of the public work or after the acceptance of completion, whichever is later, the public entity shall give notice of the expiration of such period to each stop notice claimant by personal service, or registered or certified mail. When service is by registered or certified mail, service is com-

plete at the time of the deposit of the registered or certified mail in a United States post office, addressed to the claimant at the address shown upon his stop notice claim. No such notice need be given unless the claimant shall have paid to the public entity the sum of two dollars ($2) at the time of filing his stop notice.

3186. It shall be the duty of the public entity, upon receipt of a stop notice pursuant to this chapter, to withhold from the original contractor, or from any person acting under his authority, money or bonds (where bonds are to be issued in payment for the work of improvement) due or to become due to such contractor in an amount sufficient to answer the claim stated in such stop notice and to provide for the reasonable cost of any litigation thereunder.

3187. This chapter does not prohibit (a) the payment of any money or bonds to the original contractor or his assignee unless a stop notice is on file before the disbursing officer has actually surrendered possession of either the warrant, check, bonds, or money, or (b) the payment to the original contractor or his assignee of any money due him in excess of an amount sufficient to answer the total amount of the claims stated in stop notices on file at the time of such payment plus such interest and court costs as might be reasonably anticipated in connection with the claims.

Article 4. Priorities

3190. If the money withheld pursuant to stop notices shall be insufficient to pay in full all of the valid claims stated in such notices, the same shall be distributed among the stop notice claimants in the same ratio that their respective claims bear to the aggregate of such valid claims, without regard to the order of time in which their respective notices may have been served or their respective actions, if any, commenced.

3191. Nothing in this article shall impair the right of any stop notice claimant to recover from the contractor or his sureties any deficit that may remain unpaid after such pro rata distribution in an action upon the bond provided for by Chapter 7 (commencing with Section 3247).

3192. Any person who willfully gives a false stop notice to the public entity or who willfully includes in his notice labor, services, equipment, or materials not furnished for the work of improvement with respect to which such notice is given, forfeits all right to participate in the pro rata distribution of money or bonds withheld.

3193. No assignment by the original contractor of any of the money due or to become due to him under the contract, or for "extras" in connection therewith whether made before or after the service of a stop notice, takes priority over a stop notice under this chapter and such assignment has no effect on the rights of the stop notice claimants. Any garnishment of such money by any creditor of the original contractor pur-

suant to Sections 710 and 710a of the Code of Civil Procedure and any statutory lien thereon are subordinate to the rights of all stop notice claimants.

Article 5. Release of Stop Notice

3196. If the original contractor or subcontractor disputes the correctness or validity or enforceability of any stop notice, the public entity may, in its discretion, permit the original contractor to file with the public entity a bond executed by a corporate surety, in an amount equal to 125 percent of the claim stated in the stop notice conditioned for the payment of any sum which the stop notice claimant may recover on the claim together with his costs of suit in the action, if he recovers therein. Upon the filing of such bond with the public entity, the public entity shall not withhold any money or bonds (where bonds are to be issued in payment for the work of improvement) from the original contractor on account of the stop notice. The surety or sureties upon such bond shall be jointly and severally liable to the stop notice claimant with the surety or sureties upon any payment bond furnished pursuant to Chapter 7 (commencing with Section 3247).

3197. If the original contractor asserts (1) that the claim upon which the stop notice is based is not included within the types or classifications of claims referred to in this article, or (2) that the claimant is not one of the persons named in Section 3181, or (3) that the amount of the claim as specified in the stop notice is excessive, or (4) that there is no basis in law for the claim as referred to and set out in the stop notice, he may have the question determined in a summary proceedings in accordance with the provisions of Sections 3198 to 3205, inclusive.

3198. The original contractor shall serve upon the public entity an affidavit and a copy thereof alleging the legal grounds upon which he bases his claim and the facts in support thereof, and demanding the release of all or such portion of such money or bonds as is alleged to be withheld improperly or in an excessive amount. Such affidavit shall also state the address of the original contractor within this state for the purpose of permitting service by mail upon him of any notice or legal document.

3199. The public entity shall serve upon the claimant, either personally or by registered or certified mail, addressed to the last known address of the claimant, a copy of the affidavit and the demand for release together with a written notice stating that the public entity will release such money or bonds, or such portion of either as has been demanded, unless the claimant files with the public entity a counteraffidavit on or before a time designated in the notice, which shall not be less than 10, nor more than 20 days, after service upon the claimant of the copy of such affidavit. Proof of service shall be made by an affidavit.

3200. If the claimant desires to contest the original contractor's affidavit and demand for release, he shall, within the time allowed, serve upon the public entity a counteraffidavit alleging the details of his claim and shall also set forth in detail the specific basis upon which he contests or rebuts the allegations of the original contractor's affidavit, together with proof of service of a copy of such counteraffidavit upon the original contractor. If no such counteraffidavit with proof of service is served upon the public entity within the time allowed, then the public entity shall forthwith release the money or bonds, or such portion thereof as has been demanded by such affidavit, without further notice to the claimant, and the public entity shall not be liable in any manner for making such release. The public entity shall not be responsible for the validity of the affidavit or counteraffidavit.

3201. If such counteraffidavit, together with proof of service, is so filed, either the original contractor or the claimant may file an action in the appropriate superior court for a declaration of the respective rights of the parties. After the filing of such action, either the original contractor or the claimant shall be entitled to a hearing by the court for the purpose of determining his rights under the affidavit and demand for release and the counteraffidavit. Such hearing must be granted by the court within 15 days from the date of making of such motion, unless continued by the court for good cause. The party making the motion for hearing must give not less than five days' notice in writing of such hearing to the public entity and to the other party.

3202. At such hearing, the original contractor shall have the burden of proof. The affidavit and counteraffidavit shall be filed with the court by the public entity and they shall constitute the pleadings, subject to the power of the court to permit an amendment in the interest of justice. The affidavit of the original contractor shall be deemed controverted by the counteraffidavit, and both shall be received in evidence.

3203. No findings shall be required in a summary proceeding under this article. When the hearing is before the court sitting without a jury and no evidence other than the affidavit and counteraffidavit is offered, if the court is satisfied that sufficient facts are shown thereby, it may make its determination thereon; otherwise, it shall order the hearing continued for the production of other evidence, oral or documentary, or the filing of other affidavits and counteraffidavits. At the conclusion of the hearing, the court shall make and enter its order determining whether the demand for release shall be allowed or not, which order shall be determinative as to the right of the claimant to have the money or bonds further withheld by the public entity. The original contractor shall serve a copy of such order on the public entity.

3204. Nothing contained in this article shall be construed to deprive any party of the right to a trial by jury in any

case where such right is given by the California Constitution, but a jury trial may be waived in like manner as in the trial of an action.

3205. No determination in the summary proceedings under this article shall be res judicata with respect to any right of action by the claimant against either principal or surety on any labor and material bond or with respect to any right of action against any party personally liable to the claimant.

Article 6. Enforcement of Rights Arising From Stop Notice

3210. No action to enforce payment of the claim stated in any stop notice shall be commenced against the original contractor and the public entity prior to the expiration of the period within which stop notices must be filed as provided in Section 3184, nor shall any such action be commenced more than 90 days following the expiration of such period; provided, however, that if the claim arises out of a work of improvement that is subject to acceptance by a city, county, or other local public entity, then the action shall be commenced not less than 90 days nor more than 180 days after the last delivery of materials or performance of work. No money or bond shall be withheld by reason of any such notice longer than such 90 days following the expiration of such period unless proceedings be commenced in a proper court within that time by the claimant to enforce his claim, and if such proceedings have not been commenced such notice shall cease to be effective and the moneys or bonds withheld shall be paid or delivered to the contractor or other person to whom they are due.

3211. Notice of the commencement of any such action shall be given to the public entity within five days after commencement of the action described in Section 3210 in the same manner as provided in Section 3103.

3212. In case such action is commenced as provided in Section 3210 but is not brought to trial within two years after the commencement thereof, the court may in its discretion dismiss the same for want of prosecution.

3213. In all cases upon the dismissal of an action commenced as provided in Section 3210, unless expressly stated to be without prejudice, or upon a judgment rendered therein against the claimant, the stop notice shall cease to be effective and the moneys or bonds withheld shall be paid or delivered to the person to whom they are due.

3214. Any number of persons who have given stop notices may join the same action and when separate actions are commenced the court first acquiring jurisdiction may consolidate them. Upon the request of the public entity the court shall require all claimants to the moneys withheld pursuant to stop notices to be impleaded in one action, to the end that the respective rights of all parties may be adjudicated therein.

Chapter 5. General Provisions Relating to Bonds

Article 1. Construction of and Terms and Conditions of Bonds

3225. The surety or sureties on any bond given pursuant to any of the provisions of this title shall not be exonerated or released from the obligation of the bond by any change, alteration, or modification in or of any contract, plans, specifications, or agreement pertaining or relating to any scheme or work of improvement or pertaining or relating to the furnishing of labor, materials, or equipment therefor, nor by any change or modification of any terms of payment or extension of the time for any payment pertaining or relating to any scheme or work of improvement, nor by any rescission or attempted rescission of the contract, agreement or bond, nor by any conditions precedent or subsequent in the bond attempting to limit the right of recovery of claimants otherwise entitled to recover under any such contract or agreement or under the bond, nor, where the bond is given for the benefit of claimants, by any fraud practiced by any person other than the claimant seeking to recover on the bond.

3226. Any bond given pursuant to the provisions of this title will be construed most strongly against the surety and in favor of all persons for whose benefit such bond is given, and under no circumstances shall a surety be released from liability to those for whose benefit such bond has been given, by reason of any breach of contract between the owner and original contractor or on the part of any obligee named in such bond, but the sole conditions of recovery shall be that claimant is a person described in Section 3110 or 3112, and has not been paid the full amount of his claim.

3227. Any bond given pursuant to any of the provisions of this title which otherwise fully complies therewith shall be a good and sufficient bond if the surety thereon is a corporation duly authorized to issue surety bonds in this state.

3228. A certified copy of any bond which has been recorded pursuant to this title may be admitted in evidence in an action or proceeding with the same effect as the original instrument, without further proof.

Chapter 6. Payment Bond For Private Works

Article 1. Provision for and Effect of Filing Contract and Payment Bond

3235. In case the original contract for a private work of improvement is filed in the office of the county recorder of the county where the property is situated before the work is commenced, and the payment bond of the original contractor in an amount not less than 50 percent of the contract price named in such contract is recorded in such office, then the court must, where it would be equitable so to do, restrict

the recovery under lien claims to an aggregate amount equal to the amount found to be due from the owner to the original contractor and render judgment against the original contractor and his sureties on such bond for any deficiency or difference there may remain between such amount so found to be due to the original contractor and the whole amount found to be due to claimants.

3236. It is the intent and purpose of Section 3235 to limit the owner's liability, in all cases, to the measure of the contract price where he shall have filed or caused to be filed in good faith his original contract and recorded a payment bond as therein provided. It shall be lawful for the owner to protect himself against any failure of the original contractor to perform his contract and make full payment for all work done and materials furnished thereunder by exacting such bond or other security as he may deem necessary.

Article 2. Conditions to Action on Payment Bond

3239. No provision in any payment bond given pursuant to any of the provisions of this chapter attempting by contract to shorten the period prescribed in Section 337 of the Code of Civil Procedure for the commencement of an action thereon shall be valid if such provision attempts to limit the time for commencement of action thereon to a shorter period than six months from the completion of any work of improvement, nor shall any provision in any of such bonds attempting to limit the period for the commencement of actions thereon be valid insofar as actions brought by claimants are concerned, unless such bond is recorded, before the work of improvement is commenced, with the county recorder of the county in which the property referred to therein is situated.

3240. In case the surety or sureties on any payment bond given pursuant to this chapter record such bond in the office of the county recorder of the county in which the property is situated before the work of improvement is completed, then no action may be maintained thereon unless there shall previously have been either a mechanic's lien claim recorded pursuant to this title or written notice given to the surety on such bond before the expiration of the time prescribed in this title for recording a lien to enforce such claim, which notice shall contain all of the following:

(a) The kind of labor, services, equipment, or materials furnished or agreed to be furnished by such claimant.

(b) The name of the person to or for whom the same was done or furnished.

(c) The amount in value, as near as may be, of that already done or furnished and of the whole agreed to be done or furnished.

The filing of an action to foreclose such lien shall not be a condition precedent to a recovery on such bond. If such bond

has been so recorded then any suit brought against such surety or sureties shall be filed within six months after completion of said work of improvement.

3241. The written notice to be given to the surety or sureties as provided in Section 3240 may be given by delivery thereof personally to, or by depositing same in the mail, postage prepaid, and certified or registered, addressed in accordance with any of the following which may be applicable:

(a) If to an individual surety, at his residence or place of business, if known.

(b) If to an individual surety and his residence is unknown, then in care of the county clerk of the county in which such bond has been recorded.

(c) If to a corporate surety, at the office or care of the agent designated by the surety in the bond as the address to which such notice shall be sent.

(d) At the office or care of any officer of the surety in the State of California.

(e) At the office of or care of the statutory agent of the surety in the State of California.

(f) By service in the manner prescribed for the service of summons as provided in Section 411 of the Code of Civil Procedure.

CHAPTER 7. PAYMENT BOND FOR PUBLIC WORKS

3247. Every original contractor to whom is awarded a contract by a public entity involving an expenditure in excess of two thousand five hundred dollars ($2,500) for any public work shall, before entering upon the performance of the work, file a payment bond with and approved by the officer or public entity by whom the contract was awarded.

3248. To be approved the payment bond shall be executed by either two or more good and sufficient sureties or by a corporate surety and shall satisfy all of the following requirements:

(a) Be in a sum not less than that prescribed in the following paragraph which is applicable to the total amount payable:

(1) One-half of the total amount payable by the terms of the contract when the total amount payable does not equal or exceed five million dollars ($5,000,000).

(2) One-fourth of the total amount payable by the terms of the contract when the total amount payable is not less than five million dollars ($5,000,000) and does not exceed ten million dollars ($10,000,000).

(3) If the total amount payable by the terms of the contract exceeds ten million dollars ($10,000,000), a payment bond in the sum of two million five hundred thousand dollars ($2,500,000) is sufficient.

(b) Provide that if the original contractor or his subcontractor fails to pay any of the persons named in Sec-

tion 3181, or amounts due under the Unemployment Insurance Code with respect to work or labor performed by any such claimant, that the surety or sureties will pay for the same, in an amount not exceeding the sum specified in the bond, and also, in case suit is brought upon the bond, a reasonable attorney's fee, to be fixed by the court. The original contractor may require of his subcontractors a bond to indemnify the original contractor for any loss sustained by the original contractor because of any default by his subcontractors under this section.

(c) By its terms inure to the benefit of any of the persons named in Section 3181 so as to give a right of action to such persons or their assigns in any suit brought upon the bond.

3249. Suit against the surety or sureties on the payment bond may be brought by any claimant, or his assigns, at any time after the claimant has furnished the last of the labor or materials, or both, but must be commenced before the expiration of six months after the period in which stop notices may be filed as provided in Section 3184.

3250. The filing of a stop notice is not a condition precedent to the maintenance of an action against the surety or sureties on the payment bond. An action on the payment bond may be maintained separately from and without the filing of an action against the public entity by whom the contract was awarded or any officer thereof. Upon the trial of the action, the court shall award to the prevailing party a reasonable attorney's fee, to be taxed as costs, and to be included in the judgment therein rendered.

3251. Unless a payment bond is filed and approved as provided in this chapter, no claim in favor of the original contractor arising under the contract shall be audited, allowed or paid by the public entity awarding the contract or any officer thereof. Claimants shall receive payment of their respective claims in the manner provided by Chapter 4 (commencing with Section 3179) upon complying with the provisions thereof.

3252. In order to enforce a claim upon any payment bond given in connection with a public work, a claimant must give the 90-day public works preliminary bond notice as provided in Section 3091.

CHAPTER 8. MISCELLANEOUS PROVISIONS

3258. The county recorder shall number, index, and preserve all contracts, plans, and other papers presented to him for filing pursuant to this title, and shall number, index, and transcribe into the official records in his office in the same manner as a conveyance of land, all notices, claims of lien, payment bonds, and other papers recorded pursuant to this title. He shall receive therefor the fees prescribed in Article 5 (commencing with Section 27360), Chapter 6, Part 3, Division 2, Title 3 of the Government Code.

3259. Except as otherwise provided in this title, the provisions of Part 2 (commencing with Section 307) of the Code of Civil Procedure are applicable to, and constitute the rules of practice in, the proceedings mentioned in this title. The provisions of Part 2 (commencing with Section 307) of the Code of Civil Procedure, relative to new trials and appeals, except insofar as they are inconsistent with the provisions of this title or with rules adopted by the Judicial Council, apply to the proceedings mentioned in this title.

3260. Whenever materials shall have been furnished for use in any work of improvement or mining claim, such materials shall not be subject to attachment, execution, or other legal process, to enforce any debt due by the purchaser of such materials, except a debt due for the purchase price thereof, so long as the same are about to be applied in good faith to the work of improvement or mining claim.

3261. No mistake or errors in the statement of the demand, or of the amount of credits and offsets allowed, or of the balance asserted to be due the claimant, or in the description of the property against which the lien is recorded, shall invalidate the lien, unless the court finds that such mistake or error in the statement of the demand, credits and offsets, or of the balance due, was made with the intent to defraud, or that an innocent third party, without notice, direct or constructive, has since the claim was recorded become the bona fide owner of the property, and that the notice of claim was so deficient that it did not put the party on further inquiry in any manner.

3262. Neither the owner nor original contractor by any term of their contract, or otherwise, shall waive, affect, or impair the claims and liens of other persons whether with or without notice except by their written consent and any term of the contract to that effect shall be null and void.

3263. No act done by an owner in good faith and in compliance with any of the provisions of this title shall be held to be a prevention of the performance of any contract between the owner and an original contractor by an original contractor, or to exonerate the sureties on any bond given for faithful performance or for the payment of claimants.

3264. The rights of all persons furnishing labor, services, equipment, or materials for any work of improvement, with respect to any fund for payment of construction costs, are governed exclusively by Chapters 3 (commencing with Section 3156) and 4 (commencing with Section 3179) of this title, and no person may assert any legal or equitable right with respect to such fund, other than a right created by direct written contract between such person and the person holding the fund, except pursuant to the provisions of such chapters.

3265. The claim filing procedures set forth in Part 3 (commencing with Section 900) of Division 3.6 of Title 1 of the Government Code do not apply to actions commenced pursuant to Section 3210 of this code.

3266. (a) This title does not supersede the Oil and Gas Lien Act, Chapter 2.5 (commencing with Section 1203.50), Title 4, Part 3, of the Code of Civil Procedure, and the provisions of that act shall govern those transactions to which it applies rather than the provisions of this title.

(b) This title does not supersede Chapter 12 (commencing with Section 5290), Part 3, Division 7, of the Streets and Highways Code, and the provisions of that chapter shall govern those transactions to which it applies rather than the provisions of this title.

SEC. 2.5. Section 710a of the Code of Civil Procedure is amended to read:

710a. In the event the judgment debtor named in any transcript of judgment filed under the provisions of Section 710 of this code, approved March 21, 1903, be a contractor upon any public work, the cost of which is to be paid out of any public moneys voted, appropriated or otherwise set apart for the purpose of paying therefor, only so much of the contract price shall be deemed owing to the contractor, within the meaning of said section, as may remain payable to him under the terms of his contract, upon the completion thereof, after the sums severally due and to become due to all persons who perform labor upon such work or who bestow skill or other necessary services, or furnish materials, appliances, teams or power used or consumed in the performance of such work, have been ascertained and paid. In ascertaining the sums severally due or to become due the persons who perform labor upon public works or other necessary services, or furnish materials, appliances, teams or power used or consumed in the performance of such work, only such claims shall be considered as are filed against the moneys due or to become due the judgment debtor in accordance with the provisions of Chapter 4 (commencing with Section 3179) of Title 15 of Part 4 of Division 3 of the Civil Code. The controller, auditor, or other public disbursing officer whose duty it is to make payments under the provisions of such contract shall not draw his warrant in favor of the court from the docket of which the transcript was taken until said contract is completed and the payments above specified are made, and then only for the excess, if any, of the contract price over the aggregate of the sums so paid.

SEC. 3. Chapter 2 (commencing with Section 1181) of Title 4 of Part 3 of the Code of Civil Procedure is repealed.

SEC. 4. Section 1203.61 of the Code of Civil Procedure is amended to read:

1203.61. (a) Any lien provided for by this chapter shall be enforced in the same manner as provided in Title 15 (commencing with Section 3082), Part 4, Division 3. of the Civil Code. Such action shall be filed within 180 days from the time of the recording of the lien provided for herein. If a credit be given and notice of the fact and terms of such credit be filed in

the office of the county recorder subsequent to the filing of such lien and prior to the expiration of said 180-day period, then such lien continues in force until 180 days after the expiration of such credit, but no lien continues in force by reason of any agreement to give credit for a longer time than one year from the time the work is completed. If the proceedings to enforce the lien be not prosecuted to trial within two years after the commencement thereof, the court may in its discretion dismiss the same for want of prosecution, and in all cases the dismissal of such action (unless it be expressly stated that the same is without prejudice) or a judgment rendered therein that no lien exists shall be equivalent to the cancellation and removal from the record of such lien.

(b) As against any purchaser or encumbrancer for value and in good faith whose rights are acquired subsequent to the expiration of the 180-day period following the filing of such lien, no giving of credit or extension of the lien or time to enforce the same shall be effective unless evidenced by a notice or agreement filed for record in the office of the county recorder prior to the acquisition of the rights of such purchaser or encumbrancer.

SEC. 5. Chapter 3 (commencing with Section 4200) of Division 5 of Title 1 of the Government Code is repealed.

SEC. 6. Section 5463 of the Health and Safety Code is amended to read:

5463. Any health officer or governing board of any city, county, or sanitary district, having served written notice upon the owner or reputed owner of land upon which there is a dwelling house, and such owner or reputed owner, after 30 days, having refused, neglected, or failed to connect such dwelling house, together with all toilets, sinks, and other plumbing therein, properly vented, and in a sanitary manner, with the adjoining street sewer, may construct the same at a reasonable cost, and the person doing said work at the request of such health officer or governing board has a lien upon said real estate for his work done and materials furnished, and such work done and materials furnished shall be held to have been done and furnished at the instance of such owner or reputed owner, or person claiming or having any interest therein. Such governing board may pay all or any part of the cost or price of such connection to the person or persons who furnished labor, materials, or equipment for the same, and, to the extent such governing board pays the cost or price of said connection, it shall succeed to and have all the rights, including the lien provided for above, of such person or persons against the real estate and against the owner or reputed owner thereof.

As an alternative power to the enforcement of the lien provided for in this section, the governing body of the public agency performing the work of connection to the public sewer may, by order entered upon its minutes, declare that the amount of the costs of such work and the administrative

expenses incurred by the governing body incident to the proceedings, together with other charges uniformly applicable within the jurisdiction of the governing body for the connection of the premises to the public sewer, shall be transmitted to the assessor and tax collector of the public agency, whereupon it shall be the duty of those officers to add the amount of the assessment to the next regular bill for taxes levied against the lot or parcel of land.

The liens provided for by this section shall be enforced in the same manner as those provided for by Title 15 (commencing with Section 3082), Part 4, Division 3, of the Civil Code.

SEC. 7. Section 5294 of the Streets and Highways Code is amended to read:

5294. No assignment by the contractor of the whole or any part of the money, assessment, partial assessment, any reassessment and any bonds which may be issued to represent any assessment or reassessment, due him or to be due him under the contract, or for "extras" in connection therewith, whether made before or after a verified claim is filed pursuant to this chapter, shall take priority over such claims, and such assignment shall have no binding force insofar as the rights of the claimants, or their assigns, are concerned. None of the provisions of Title 15 (commencing with Section 3082), Part 4, Division 3, of the Civil Code, shall be applicable to any assessment, partial assessment, reassessment, bonds, moneys or funds payable to the contractor or his assignee under this division or to any matter contained in this chapter.

SEC. 8. Section 10509 of the Streets and Highways Code is amended to read:

10509. The provisions of Title 15 (commencing with Section 3082), Part 4, Division 3, of the Civil Code are hereby expressly made applicable to the construction of works and improvements under this division.

SEC. 9. If any provision or clause of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect any provisions or application of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

SEC. 10. It is the intent of the Legislature, in enacting this act, to revise and restate the laws of this state relating to mechanics' liens and works of improvement. This act shall not be construed to constitute a change in, but shall be construed as declaratory of, the preexisting law.

SEC. 11. This act shall become operative January 1, 1971.

SEC. 12. Any section of any other act, enacted by the Legislature at its 1969 Regular Session prior or subsequent to the enactment of this act, which amends, adds, or repeals any section of any code which is amended, added, or repealed by this act, shall prevail over this act.

CHAPTER 1363

An act to amend Section 10751 of the Education Code, relating to pupils' records.

[Approved by Governor August 31, 1969. Filed with Secretary of State September 2, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 10751 of the Education Code is amended to read:

10751. No teacher, principal, employee, or governing board member of any public, private, or parochial school, including colleges and universities, shall permit access to any written records concerning any particular pupil enrolled in the school in any class to any person except under judicial process unless the person is one of the following:

(a) Either parent or a guardian of such pupil.

(b) A person designated, in writing, by such pupil if he is an adult, or by either parent or a guardian of such pupil if he is a minor.

(c) An officer or employee of a public, private, or parochial school where the pupil attends, has attended, or intends to enroll.

(d) A state, or local law enforcement officer, including a probation officer, parole officer or administrator, or a member of a parole board, seeking information in the course of his duties.

(e) The State Superintendent of Public Instruction, or a member of his staff, or the county superintendent of schools of the county where the pupil attends, has attended, or intends to enroll, or a member of his staff.

Restrictions imposed by this act are not intended to interfere with the preparation and distribution of junior college, college and university student directories or with the furnishing of lists of names, addresses, and telephone numbers of junior college, college and university students to proprietors of off-campus housing. Such restrictions are not intended to interfere with the giving of information by school personnel concerning participation in athletics and other school activities, the winning of scholastic or other honors and awards, and other like information. Notwithstanding the restrictions imposed by this section, a governing board may, in its discretion, provide information to the staff of a college, university, or educational research and development organization or laboratory if such information is necessary to a research project or study conducted, sponsored, or approved by the college, university, or educational research and development organization or laboratory and if no pupil will be identified by name in the information submitted for research, and an employer or potential employer of the pupil may be furnished the age and

scholastic record of the pupil and employment recommendations prepared by members of the school staff, and rosters or lists containing the names and addresses of seniors in public, private, or parochial high schools or junior colleges may be furnished to private business or professional schools and colleges. Notwithstanding the restrictions imposed by this section, school personnel of a public, private, or parochial high school may furnish the names and addresses of graduating seniors to elected federal, state, county, or district officials.

CHAPTER 1364

An act to amend Section 3097 of the Civil Code as added by Senate Bill No. 316 of the 1969 Regular Session and to amend Section 1193 of the Code of Civil Procedure, relating to mechanics' liens.

[Approved by Governor August 31, 1969. Filed with Secretary of State September 2, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 1193 of the Code of Civil Procedure is amended to read:

1193. (a) Except one under direct contract with the owner or one performing actual labor for wages, every person who furnishes labor, service, equipment or material for which a lien otherwise can be claimed under this chapter, or for which a notice to withhold can otherwise be given under this chapter, must, as a necessary prerequisite to the validity of any claim of lien and of the notice to withhold, cause to be given to the owner or reputed owner, to the original contractor or reputed contractor, and to the construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by this section.

(b) All persons having a direct contract with the owner, except the contractor or one performing actual labor for wages, who furnish labor, service, equipment, or material for which a lien otherwise can be claimed under this chapter, or for which a notice to withhold can otherwise be given under this chapter, must, as a necessary prerequisite to the validity of any claim of lien and of the notice to withhold, cause to be given to the construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by subdivision (c) of this section.

(c) The preliminary notice referred to in subdivisions (a) and (b) above shall be given not later than 20 days after the claimant has first furnished labor, services, equipment, or materials to the jobsite and shall contain the following information:

1. A general description of the labor, service, equipment or materials furnished, or to be furnished, and if there is a construction lender, he shall be furnished with an estimate of the total price thereof in addition to the foregoing.

2. The name and address of such person furnishing such labor, services, equipment or materials.

3. The name of the person who contracted for purchase of such labor, services, equipment or materials.

4. A description of the jobsite sufficient for identification

5. A statement that if bills are not paid in full for labor, services, equipment or materials furnished, or to be furnished, the improved property may be subject to mechanics' liens.

If an invoice for such materials contains the information required by this section, a copy of such invoice, transmitted in the manner prescribed by this section, shall be sufficient notice.

A certificated architect, registered engineer, or licensed land surveyor who has furnished services for the design of the work of improvement and who gives a preliminary notice as provided in this section not later than 20 days after the work of improvement has commenced shall be deemed to have complied with subdivisions (a) and (b) of this section with respect to architectural, engineering, or surveying services furnished, or to be furnished.

(d) If labor, service, equipment, or materials have been furnished to a jobsite by a person who elected not to give a preliminary notice as provided in subdivision (a) or (b), such person shall not be precluded from giving a preliminary notice not later than 20 days after furnishing other labor, service, equipment, or materials to the same jobsite; provided, however, that such person shall be entitled to claim a lien and a notice to withhold only for such labor, service, equipment, or material furnished within 20 days prior to the service of such notice and at any time thereafter.

(e) Any agreement made or entered into by an owner whereby the owner agrees to waive the rights or privileges conferred upon him by this section shall be void and of no effect.

(f) Service of notice required under this section may be given by delivering the same to the person to be notified, personally, or by leaving it at his address or place of business with some person in charge, or by first-class mail, registered mail, or certified mail, postage prepaid, addressed to the person to whom notice is to be given, at his residence or place of business address, or at the address shown by the building permit on file with the authority issuing a building permit for the work. If the address of the person on whom notice was required to be served is not actually known, then service of such notice may be by first-class mail, registered mail, or certified mail addressed to the jobsite with the envelope setting forth the name of the owner or reputed owner, if known, or if not known, then merely "Owner," or to the

person to whom a notice to withhold may be given, if known, or if not known, then to "Construction Lender," or to the original contractor, if known, or if not known, then to "General Contractor." When service is by registered or certified mail, service is complete at the time of the deposit of the registered or certified mail.

(g) A person required by this section to give notice to the owner and to an original contractor and to a person to whom a notice to withhold may be given, need give only one such notice to the owner, and to the original contractor and to the person to whom a notice to withhold may be given with respect to all materials, service, labor, or equipment he furnishes for a work of improvement, which means the entire structure or scheme of improvements as a whole, unless the same is furnished under contracts with more than one subcontractor, in which event the notice requirements must be met with respect to materials, services, labor, or equipment furnished to each such subcontractor.

If a notice contains a general description required by subdivision (a) or (b) of the materials, services, labor, or equipment furnished to the date of the notice, it is not defective because, after such date, the person giving notice furnishes materials, services, labor or equipment not within the scope of such general description.

(h) Where the contract price to be paid to any subcontractor on a particular work of improvement exceeds four hundred dollars ($400), the failure of that contractor, licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, to give the notice provided for in this section constitutes grounds for disciplinary action by the Registrar of Contractors.

(i) The provisions of this section shall not apply to any public work which is subject to the notice provisions of Section 4210 of the Government Code.

(j) Every city, county, city and county, or other governmental authority issuing building permits shall, in its application form for a building permit, provide space and a designation for the applicant to enter the name, branch designation if any, and address of the construction lender and shall keep such information on file open for public inspection during the regular business hours of the authority.

If there is no known construction lender, that fact shall be noted in such designated space. Any failure to indicate the name and address of the construction lender on such application, however, shall not relieve any person from the obligation to give to such construction lender the notice required by this section.

SEC. 2. Section 3097 of the Civil Code, as added by Senate Bill No. 316 of the 1969 Regular Session of the Legislature, is amended to read:

3097. "Preliminary 20-day notice (private work)" means a written notice from a claimant that is given prior to the

recording of a mechanic's lien and prior to the filing of a stop notice, and is required to be given under the following circumstances:

(a) Except one under direct contract with the owner or one performing actual labor for wages, every person who furnishes labor, service, equipment, or material for which a lien otherwise can be claimed under this title, or for which a notice to withhold can otherwise be given under this title, must, as a necessary prerequisite to the validity of any claim of lien, and of a notice to withhold, cause to be given to the owner or reputed owner, to the original contractor, or reputed contractor, and to the construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by this section.

(b) All persons having a direct contract with the owner, except the contractor or one performing actual labor for wages, who furnish labor, service, equipment, or material for which a lien otherwise can be claimed under this title, or for which a notice to withhold can otherwise be given under this title, must, as a necessary prerequisite to the validity of any claim of lien, and of a notice to withhold, cause to be given to the construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by this section.

(c) The preliminary notice referred to in subdivisions (a) and (b) shall be given not later than 20 days after the claimant has first furnished labor, service, equipment, or materials to the jobsite, and shall contain the following information:

(1) A general description of the labor, service, equipment, or materials furnished, or to be furnished, and if there is a construction lender, he shall be furnished with an estimate of the total price thereof in addition to the foregoing.

(2) The name and address of such person furnishing such labor, services, equipment, or materials.

(3) The name of the person who contracted for purchase of such labor, service, equipment, or materials.

(4) A description of the jobsite sufficient for identification.

(5) A statement that if bills are not paid in full for labor, service, equipment, or material furnished, or to be furnished, the improved property may be subject to mechanic's liens.

If an invoice for such materials contains the information required by this section, a copy of such invoice, transmitted in the manner prescribed by this section shall be sufficient notice.

A certificated architect, registered engineer, or licensed land surveyor who has furnished services for the design of the work of improvement and who gives a preliminary notice as provided in this section not later than 20 days after the work of improvement has commenced shall be deemed to have complied with subdivisions (a) and (b) with respect to architectural, engineering, or surveying services furnished, or to be furnished.

(d) If labor, service, equipment, or materials have been furnished to a jobsite by a person who elected not to give a preliminary notice as provided in subdivision (a) or (b), such person shall not be precluded from giving a preliminary notice not later than 20 days after furnishing other labor, service, equipment, or materials to the same jobsite. Such person shall, however, be entitled to claim a lien and a notice to withhold only for such labor, service, equipment, or material furnished within 20 days prior to the service of such notice, and at any time thereafter.

(e) Any agreement made or entered into by an owner, whereby the owner agrees to waive the rights or privileges conferred upon him by this section shall be void and of no effect.

(f) Service of notice required under this section may be given by delivering the same to the person to be notified, personally, or by leaving it at his address or place of business with some person in charge, or by first-class mail, registered mail, or certified mail, postage prepaid, addressed to the person to whom notice is to be given at his residence or place of business address, or at the address shown by the building permit on file with the authority issuing a building permit for the work. If the address of the person on whom notice was required to be served is not actually known, then service of such notice may be by first-class mail, registered mail, or certified mail, addressed to the jobsite, with the envelope setting forth the name of the owner or reputed owner, if known, or if not known, then merely "owner" or to the person to whom a notice to withhold may be given, if known, or if not known, then to "construction lender" or to the original contractor, if known, or if not known, then to "general contractor." When service is by registered or certified mail, service is complete at the time of the deposit of the registered or certified mail.

(g) A person required by this section to give notice to the owner and to an original contractor, and to a person to whom a notice to withhold may be given, need give only one such notice to the owner, and to the original contractor and to the person to whom a notice to withhold may be given with respect to all materials, service, labor, or equipment he furnishes for a work of improvement, which means the entire structure or scheme of improvements as a whole, unless the same is furnished under contracts with more than one subcontractor, in which event, the notice requirements must be met with respect to materials, services, labor, or equipment furnished to each such contractor.

If a notice contains a general description required by subdivision (a) or (b) of the materials, services, labor, or equipment furnished to the date of notice, it is not defective because, after such date, the person giving notice furnishes materials, services, labor, or equipment not within the scope of such general description.

(h) Where the contract price to be paid to any subcontractor on a particular work of improvement exceeds four hundred dollars ($400), the failure of that contractor, licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, to give the notice provided for in this section, constitutes grounds for disciplinary action by the Registrar of Contractors.

(i) Every city, county, city and county, or other governmental authority issuing building permits shall, in its application form for a building permit, provide space and a designation for the applicant to enter the name, branch designation, if any, and address of the construction lender and shall keep the information on file open for public inspection during the regular business hours of the authority.

If there is no known construction lender, that fact shall be noted in such designated space. Any failure to indicate the name and address of the construction lender on such application, however, shall not relieve any person from the obligation to give to the construction lender the notice required by this section.

SEC. 3. Section 2 of this act shall become operative only if Senate Bill No. 316 is enacted and adds Section 3097 to the Civil Code, and, in such case, shall become operative at the same time as Senate Bill No. 316 becomes operative, at which time Section 1193 of the Code of Civil Procedure, as amended by Section 1 of this act, is repealed.

CHAPTER 1365

An act to amend Sections 21101, 21104, 35701, 35702, 35712, and 35714 of the Vehicle Code, relating to local regulation of the use of highways.

[Approved by Governor August 31, 1969. Filed with Secretary of State September 2, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 21101 of the Vehicle Code is amended to read:

21101. Local authorities may adopt rules and regulations by ordinance or resolution on the following matters:

(a) Closing any highway to vehicular traffic when in the opinion of the legislative body having jurisdiction the highway is no longer needed for vehicular traffic.

(b) Designating any highway as a through highway and requiring that all vehicles observe official traffic control devices before entering or crossing the same or designating any intersection as a stop intersection and requiring all vehicles to stop at one or more entrances to the intersection.

(c) Prohibiting the use of particular highways by certain vehicles, except as otherwise provided by the Public Utilities Commission pursuant to Article 2 (commencing with Section 1031) of Chapter 5 of Part 1 of Division 1 of the Public Utilities Code. No ordinance which is adopted pursuant to this subdivision after the effective date of the amendments to this section enacted at the 1969 Regular Session shall apply to any state highway which is included in the national system of interstate and defense highways, except an ordinance which has been approved by the California Highway Commission by a four-fifths vote.

(d) Closing particular streets during regular school hours for the purpose of conducting automobile driver training programs in the secondary schools and colleges of this state.

(e) Temporarily closing a portion of any street for celebrations, parades, local special events, and other purposes when in the opinion of local authorities having jurisdiction such closing is necessary for the safety and protection of persons who are to use that portion of the street during the temporary closing.

SEC. 2. Section 21104 of the Vehicle Code is amended to read:

21104. No ordinance or resolution proposed to be enacted under Section 21101 or subdivision (d) of Section 21100 is effective as to any highway not under the exclusive jurisdiction of the local authority enacting the same, except that an ordinance or resolution which is submitted to the Department of Public Works by a local legislative body in complete draft form for approval prior to the enactment thereof is effective as to any state highway or part thereof specified in the written approval of such department. No such ordinance or resolution enacted under subdivision (c) of Section 21101 which applies to any state highway included in the national system of interstate and defense highways, shall subsequently be disapproved until such disapproval has been concurred in by a four-fifths vote of the California Highway Commission except that no such ordinance or resolution enacted prior to January 1, 1969, under subdivision (c) of Section 21101 which applies to any state highway included in the national system of interstate and defense highways, shall subsequently be disapproved until such disapproval has been concurred in by both the local authority and by a four-fifths vote of the California Highway Commission.

SEC. 3. Section 35701 of the Vehicle Code is amended to read:

35701. (a) Any city may by ordinance prohibit the use of a street to be described in the ordinance by any commercial vehicle or by any vehicle exceeding a maximum gross weight limit to be specified in the ordinance, except with respect to any vehicle which is subject to the provisions of Sections 1031 to 1036, inclusive, of the Public Utilities Code.

(b) The ordinance shall not be effective until appropriate signs are erected indicating either the streets affected by the ordinance or the streets not affected, as the local authority determines will best serve to give notice of the ordinance.

(c) No ordinance which is adopted pursuant to this section after the effective date of the amendments to this section enacted at the 1969 Regular Session shall apply to any state highway which is included in the national system of interstate and defense highways, except an ordinance which has been approved by the California Highway Commission by a four-fifths vote.

SEC. 4. Section 35702 of the Vehicle Code is amended to read:

35702. No ordinance proposed under Section 35701 is effective with respect to any highway which is not under the exclusive jurisdiction of the local authority enacting the ordinance, or, in the case of any state highway, until the ordinance has been submitted by the governing body of the local authority to, and approved in writing by, the Department of Public Works. In submitting a proposed ordinance to the department for approval, the governing body of the local authority shall designate therein, an alternate route for the use of vehicles, which route shall remain unrestricted by any local regulation as to weight limits or types of vehicles so long as the ordinance proposed shall remain in effect. The approval of the proposed ordinance by the Department of Public Works shall constitute an approval by it of the alternate route so designated. No such ordinance which applies to any state highway included in the national system of interstate and defense highways, shall subsequently be disapproved until such disapproval has been concurred in by a four-fifths vote of the California Highway Commission.

SEC. 5. Section 35712 of the Vehicle Code is amended to read:

35712. (a) Any county may by ordinance prohibit the use of any highway located in an unincorporated residential or subdivision area by any commercial vehicle exceeding a gross weight of 14,000 pounds.

(b) Any county of the third class as defined by Section 28024 of the Government Code may, by ordinance, prohibit the use of any highway located in an unincorporated residential or subdivision area by any commercial vehicle exceeding a gross weight of 5,000 pounds.

(c) No ordinance which is adopted pursuant to this section after the effective date of the amendments to this section enacted at the 1969 Regular Session of the Legislature shall apply to any state highway which is included in the national system of interstate and defense highways, except an ordinance which has been approved by the California Highway Commission by a four-fifths vote.

SEC. 6. Section 35714 of the Vehicle Code is amended to read:

35714. No ordinance adopted pursuant to Section 35712 shall be effective with respect to:

(a) Any vehicle which is subject to the provisions of Article 2 (commencing at Section 1031) of Chapter 5 of Part 1 of Division 1 of the Public Utilities Code.

(b) Any highway, any portion of which is also under the jurisdiction of a city, unless the consent of the governing body of the city is first obtained.

(c) Any commercial vehicle coming from an unrestricted highway having ingress and egress by direct route to and from the restricted highway when necessary for the purpose of making pickups or deliveries of goods, wares, and merchandise from or to any building or structure located on the restricted highway or for the purpose of delivering materials to be used in the actual and bona fide repair, alteration, remodeling, or construction of any building or structure upon the restricted highway for which a building permit has previously been obtained.

(d) The operation of ambulances or hearses.

(e) Any vehicle owned, operated, controlled, or used by a public utility in connection with the construction, installation, operation, maintenance, or repair of any public utility facilities.

CHAPTER 1368

An act to amend Sections 7450, 7456, and 7459 of, to amend and renumber Sections 7451.1, 11061, 11411, 11411.1, and 11412 of, to add Sections 7451.1 and 7463 to, to amend the heading of Article 3.5 (commencing with Section 11061) of Chapter 2 of Division 9 of, and to repeal the heading of Article 4.5 (commencing with Section 11411) of Chapter 3 of Division 9 of, the Education Code, relating to regional occupational centers.

[Approved by Governor August 31, 1969. Filed with Secretary of State September 2, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 7450 of the Education Code is amended to read:

7450. In enacting this article, it is the intent of the Legislature to provide qualified students with the opportunity to attend a technical school or enroll in a vocational or technical training program, regardless of the geographical location of their residence in a county or region. The Legislature hereby declares that a regional occupational center will serve the

state and national interests in providing vocational and technical education to prepare students for an increasingly technological society in which generalized training and skills are insufficient to prepare high school students and graduates, and out-of-school youth and adults for the many employment opportunities which require special or technical training and skills. The Legislature also declares that regional occupational centers will enable a broader curriculum in technical subjects to be offered, and will avoid unnecessary duplication of courses and expensive training equipment, and will provide a flexibility in operation which will facilitate rapid program adjustments and meeting changing training needs as they arise.

It is recognized by the Legislature that vocational programs may achieve great flexibility of planning, scope and operation by the conduct of such programs in a variety of physical facilities at various training locations.

It is the further intent of the Legislature that regional occupational centers and programs provide vocational and occupational instruction related to the attainment of a specific skill which will make the trainee technically equipped to be immediately employable in that skill upon completion of the training program.

SEC. 3. Section 7451.1 of the Education Code is amended and renumbered to read:

7451.2. A regional occupational center or regional occupational program shall:

(a) Provide individual counseling and guidance in vocational matters.

(b) Provide a curriculum which includes skill training in occupational fields having current and future needs for such training.

(c) Provide an opportunity for students to acquire entry level vocational skills which may lead to a combination work-study schedule.

(d) Provide for the upgrading of the vocational skills of students and for retraining where necessary.

(e) Maintain a pupil-teacher ratio which will enable students to achieve optimum benefits from the instructional program.

SEC. 4. Section 7451.1 is added to the Education Code, to read:

7451.1. The school district or districts sponsoring the regional occupational center or program shall conduct a job market survey in those areas in which they propose to establish a regional occupational center or program. The survey shall be conducted in cooperation with the local office of the Department of Employment, prospective employers, the districts advisory committee on vocational education, and the appropriate advisory committee for each of the proposed training programs. The survey shall include an analysis of existing vocational and occupational training programs maintained by high

schools and community colleges in the area to insure that the anticipated employment demand for trainees in the proposed regional centers and programs justifies the establishment of the proposed courses of instruction.

SEC. 7. Section 7456 of the Education Code is amended to read:

7456. The county superintendent of schools, with the approval of the county board of education, and the governing board of each school district, or joint powers governing board, which maintains a regional occupational center or regional occupational program pursuant to this chapter, shall certify to the county auditor and to the county board of supervisors, on or before August 10 of each year, the amount of money required to be raised by a tax for the education of pupils attending the regional occupational center, or regional occupational program, maintained by the county superintendent of schools or by a school district, as the case may be, and for the purposes set forth in Section 7453.

The amount shall be determined by subtracting from the total cost of education of such pupils in the regional occupational center, or regional occupational program, including transportation, to the county superintendent of schools or school district, as the case may be, (1) the total of any balances remaining to be expended for this purpose and (2) the total amount to be apportioned by the Superintendent of Public Instruction to the county school service fund or to the school district, as the case may be, for the education of such pupils and by adding to the result the amount required for the purposes set forth in Section 7453. At the time of levying county taxes, the board of supervisors shall levy a district tax for each regional occupational center, or regional occupational program, maintained in the county by the governing board of a school district pursuant to this chapter upon the taxable property of the school district sufficient to produce the amount required by this section; and the board of supervisors may levy a county tax for each regional occupational center, or regional occupational program, maintained in the county by the county superintendent of schools pursuant to this chapter sufficient to produce the amount required by this section, upon the following taxable property within school districts under the jurisdiction of the county superintendent maintaining the regional occupational center or regional occupational center program:

(a) In a county in which the governing board of a school district is not maintaining a regional occupational center or regional occupational program pursuant to this chapter, upon all the taxable property within school districts under the jurisdiction of the county superintendent maintaining the regional occupational center or regional occupational center program.

(b) In a county in which the governing boards of one or more school districts are maintaining a regional occupational

center or regional occupational program pursuant to this chapter, upon the taxable property within that portion of the territory within school districts under the jurisdiction of the county superintendent maintaining the regional occupational center or regional occupational center program which is not included in territory of such school districts.

The amount received from this tax shall be deposited in the county school service fund, or, if the regional occupational center, or regional occupational program, for which such tax was levied is maintained by a school district, in the county treasury to the credit of the general fund of that school district.

The maximum rate of the countywide or district tax levied for the purposes of this section, except for the purposes set forth in Section 7453, shall not exceed ten cents ($0.10) on each one hundred dollars ($100) of assessed valuation within the county or district, as the case may be, and the maximum rate of the countywide or district tax levied under this section for the purposes set forth in Section 7453 shall not exceed five cents ($0.05) on each one hundred dollars ($100) of assessed valuation in the county or district, as the case may be.

As used in this section, school district includes each of those school districts which are cooperating in the maintenance of a regional occupational center, or regional occupational program, with the approval of the county superintendent of schools pursuant to Section 7451.

SEC. 8. Section 7459 of the Education Code is amended to read:

7459. A regional occupational center established and maintained pursuant to a joint powers agreement pursuant to the provisions of Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code shall receive in annual operating funds from the participating school districts an amount per unit of average daily attendance as follows:

(a) From each participating school district which is not eligible for state equalization aid, four hundred seventy-two dollars ($472).

(b) From each participating school district which is eligible for state equalization aid, but not eligible for the increase in foundation program pursuant to Article 2.1 (commencing with Section 17671) of Chapter 3 of Division 14, four hundred seventy-two dollars ($472).

(d) From each participating school district which is eligible for state equalization and is not eligible for the increase in foundation program pursuant to Article 2.1 (commencing with

Section 17671) of Chapter 3 of Division 14, but is eligible for supplemental support, five hundred twelve dollars ($512).

(e) From each participating school district which is eligible for state equalization aid, and is eligible for the increase in foundation program pursuant to Article 2.1 (commencing with Section 17671) of Chapter 3 of Division 14, and is eligible for supplemental support, five hundred thirty-two dollars ($532).

(f) Any adjustments in the state apportionment allowance formula for average daily attendance shall automatically be applied to the above subdivisions.

SEC. 9. Section 7463 is added to the Education Code, to read:

7463. The Department of Education shall annually, on or before the 30th legislative day of the regular session of the Legislature, submit to the Legislature an evaluation of the regional occupation centers and programs for the preceding fiscal year. The evaluation shall include an analysis of the costs of individual centers and programs, their enrollment defined in terms of high school students, post-high school students, and adults, number of graduates, number of trainees trained for specific entry level occupations as opposed to higher level entry occupations, dropout rates, and placement data.

Article 3.5. Opportunity Schools

SEC. 11. Section 11061 of the Education Code is amended and renumbered to read:

SEC. 12. The heading of Article 4.5 (commencing with Section 11411) of Chapter 3 of Division 9 of the Education Code is repealed.

SEC. 13. Section 11411 of the Education Code is amended and renumbered to read:

7460. Units of average daily attendance in the regional occupational centers or regional occupational programs of a county for a fiscal year are the quotient arising from dividing the total number of days of pupil's attendance in such centers, or programs, during the fiscal year by 175 and the average daily attendance so computed shall be credited to the county school service fund if the center, or program, is maintained by a county superintendent of schools or if the center, or program, is maintained by a school district, to the district maintaining the center or program.

Attendance in regional occupational centers, or regional occupational programs, operated under subdivision (a) of Section 7451.5 shall be considered pupil's attendance under this

SEC. 7. Section 51223 of the Government Code is repealed.

SEC. 8. Article 2.5 (commencing with Section 51230) is added to Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code, to read:

Article 2.5. Agricultural Preserves

51230. Beginning January 1, 1971, any county or city having a general plan, and until December 31, 1970, any county or city, by resolution, and after a public hearing may establish an agricultural preserve. Notice of the hearing shall

be published pursuant to Section 6061 of this code, and shall include a legal description, or the assessor's parcel number, of the land which is proposed to be included within the preserve. Such preserves shall be established for the purpose of defining the boundaries of those areas within which the city or county will be willing to enter into contracts pursuant to this act. An agricultural preserve shall consist of no less than 100 acres; provided, that in order to meet this requirement two or more parcels may be combined if they are contiguous or if they are in common ownership.

A county or city may establish agricultural preserves of less than 100 acres if it finds that smaller preserves are necessary due to the unique characteristics of the agricultural enterprises in the area and that the establishment of preserves of less than 100 acres is consistent with the general plan of the county or city.

An agricultural preserve may contain land other than agricultural land, but the use of any land within the preserve and not under contract shall within two years of the effective date of any contract on land within the preserve be restricted by zoning or other suitable means in such a way as not to be incompatible with the agricultural use of the land, the use of which is limited by contract in accordance with this chapter.

Failure on the part of the board or council to restrict the use of land within a preserve but not subject to contract shall not be sufficient reason to cancel or otherwise invalidate a contract.

51231. For the purposes of this chapter, the board or council, by resolution, shall adopt rules governing the administration of agricultural preserves, including procedures for initiating, filing, and processing requests to establish agricultural preserves. Such rules shall be applied uniformly throughout the preserve, shall enumerate those uses which are to be considered to be compatible uses, and may require the payment of a reasonable application fee. The same procedure that is required to establish an agricultural preserve shall be used to disestablish or to enlarge or diminish the size of an agricultural preserve.

51232. In the event any proposal to disestablish or to alter the boundary of an agricultural preserve will remove land under contract from such a preserve, notice of the proposed alteration or disestablishment and the date of the hearing shall be furnished by the board or council to the owner of the land by certified mail directed to him at his latest address known to the board or council. Such notice shall also be furnished by first-class mail to each owner of land in that preserve which has a common boundary with the land to be removed from the preserve.

51233. When a county proposes to establish an agricultural preserve it shall give written notice at least two weeks before the hearing to the local agency formation commission and to

every city within one mile of the exterior boundaries of the preserve.

51234. Any proposal to establish an agricultural preserve shall be submitted to the planning department of the county or city having jurisdiction over the land. If the county or city has no planning department, a proposal to establish an agricultural preserve shall be submitted to the planning commission. Within 30 days after receiving such a proposal, the planning department or planning commission shall submit a report thereon to the board or council; provided, however, that the board or council may extend the time allowed for an additional period not to exceed 30 days.

The report shall include a statement that the preserve is consistent, or inconsistent, with the general plan, and the board or council shall make a finding to such effect. Final action upon the establishment of an agricultural preserve may not be taken by the board or council until the report required by this section is received from the planning department or planning commission, or until the required 30 days have elapsed and any extension thereof granted by the board or council has elapsed.

51235. An agricultural preserve shall continue in full effect following annexation, incorporation or disincorporation of land within the preserve.

Any city or county acquiring jurisdiction over land in a preserve by annexation, incorporation or disincorporation shall have all the rights and responsibilities specified in this act for cities or counties including the right to enlarge, diminish or disestablish an agricultural preserve within its jurisdiction.

51236. The effect of removal of land under contract from an agricultural preserve shall be the equivalent of notice of nonrenewal by the city or county removing the land from the agricultural preserve and such city or county shall, at least 60 days prior to the next renewal date following the removal, serve a notice of nonrenewal as provided in Section 51245. Such notice of nonrenewal shall be recorded as provided in Section 51248.

51237. Whenever an agricultural preserve is established, and so long as it shall be in effect, a map of such agricultural preserve and the resolution under which the preserve was established shall be filed and kept current by the city or county with the county recorder and the Director of Agriculture.

51238. Notwithstanding any determination of compatible uses by the county or city pursuant to this article, unless the board or council after notice and hearing makes a finding to the contrary, the erection, construction, alteration, or maintenance of gas, electric, water, or communication utility facilities are hereby determined to be compatible uses within any agricultural preserve. No land occupied by gas, electric, water, or communication utility facilities shall be excluded from an agricultural preserve by reason of such use.

51239. The board or council may appoint an advisory board, the members of which shall serve at the pleasure of the board or council and may be paid their expenses. They shall advise the board or council on the administration of the agricultural preserves in the county or city and on any matters relating to contracts entered into pursuant to this chapter.

SEC. 9. Section 51240 of the Government Code is amended to read:

51240. Any city or county may by contract limit the use of agricultural land for the purpose of preserving such land pursuant and subject to the conditions set forth in the contract and in this chapter. A contract may provide for restrictions, terms, and conditions, including payments and fees, more restrictive than or in addition to those required by this chapter.

SEC. 10. Section 51241 of the Government Code is amended to read:

51241. If such a contract is made with any landowner, the city or county shall offer such a contract under similar terms to every other owner of agricultural land within the agricultural preserve in question.

However, except as required by other provisions of this chapter, the provisions of this section shall not be construed as requiring that all contracts affecting land within a preserve be identical, so long as such differences as exist are related to differences in location and characteristics of the land and are pursuant to uniform rules adopted by the county or city.

SEC. 11. Section 51242 of the Government Code is amended to read:

51242. No city or county may contract with respect to any land pursuant to this chapter unless the land:

(a) Is devoted to agricultural use.

(b) Is located within an area designated by a city or county as an agricultural preserve.

SEC. 12. Section 51243 of the Government Code is amended to read:

51243. Every such contract shall:

(a) Provide for the exclusion of uses other than agricultural, and other than those compatible with agricultural uses, for the duration of the contract.

(b) Shall be binding upon, and inure to the benefit of, all successors in interest of the owner. Whenever land under a contract is divided, the owner of any parcel may exercise, independent of any other owner of a portion of the divided land, any of the rights of the owner in the original contract, including the right to give notice of nonrenewal and to petition for cancellation. The effect of any such action by the owner of a parcel created by the division of land under contract shall not be imputed to the owners of the remaining parcels and shall have no effect on the contract as it applies to the remaining parcels of the divided land. On the annexation by a city of any land under contract with a county, the city shall succeed to all

rights, duties and powers of the county under such contract, unless the land being annexed was within one mile of such city at the time that the contract was initially executed, the city protested the execution of the contract pursuant to Section 51243.5, and the city states its intent not to succeed in its resolution of intention to annex. If the city does not exercise its option to succeed, the contract becomes null and void as to the land actually being annexed on the date of annexation. In the event that only part of the land under contract was within one mile of the city the option of the city shall extend only to such part.

SEC. 12.5. Section 51243.5 of the Government Code is amended to read:

51243.5. The clerk of the board of supervisors shall give written notice to any city within the county of its intention to consider a contract which includes land within one mile of the exterior boundaries of that city. Such notice shall be given at least 30 days prior to the time the board of supervisors intends to consider the execution of such a contract. If such city files with the county a resolution protesting the execution of a contract which includes land within one mile of the exterior boundaries of the city, and the board of supervisors executes such a contract, the city shall have the option provided for in subdivision (b) of Section 51243 of not succeeding to the contract upon annexation of the land to the city.

SEC. 13. Section 51244 of the Government Code is amended to read:

51244. Each contract shall be for an initial term of no less than 10 years. Each contract shall provide that on the anniversary date of the contract or such other annual date as specified by the contract a year shall be added automatically to the initial term unless notice of nonrenewal is given as provided in Section 51245.

SEC. 14. Section 51244.5 is added to the Government Code, to read:

51244.5. Notwithstanding the provisions of Section 51244, if the initial term of the contract is for 20 years or more the contract may provide that on the anniversary date of the contract or such other annual date as specified by the contract beginning with the anniversary date on which the contract will have an unexpired term of nine years, a year shall be added automatically to the initial term unless notice of nonrenewal is given as provided in Section 51245.

SEC. 15. Section 51245 of the Government Code is amended to read:

51245. If either the landowner or the city or county desires in any year not to renew the contract, that party shall serve written notice of nonrenewal of the contract upon the other party in advance of the annual renewal date of the contract. Unless such written notice is served by the landowner at least 90 days prior to the renewal date or by the city or county at

least 60 days prior to the renewal date, the contract shall be considered renewed as provided in Section 51244 or Section 51244.5.

Upon receipt by the owner of a notice from the county or city of nonrenewal, the owner may make a written protest of the notice of nonrenewal. The county or city may, at any time prior to the renewal date, withdraw the notice of nonrenewal. Upon request by the owner, the board or council may authorize the owner to serve a notice of nonrenewal on a portion of the land under a contract.

SEC. 16. Section 51246 of the Government Code is amended to read:

51246. If the county or city or the landowner serves notice of intent in any year not to renew the contract, the existing contract shall remain in effect for the balance of the period remaining since the original execution or the last renewal of the contract, as the case may be.

SEC. 17. Section 51247 of the Government Code is repealed.

SEC. 18. Section 51248 of the Government Code is repealed.

SEC. 19. Section 51249 of the Government Code is amended and renumbered to read:

51247. The landowner shall furnish the city or county with such information as the city or county shall require in order to enable it to determine the eligibility of the land involved.

SEC. 20. Section 51250 of the Government Code is amended and renumbered to read:

51248. No later than 20 days after a city or county enters into a contract with a landowner pursuant to this chapter, the clerk of the board or council, as the case may be, shall record with the county recorder a copy of the contract, which shall describe the land subject thereto, together with a reference to the map showing the location of the agricultural preserve in which the property lies. From and after the time of such recordation such contract shall impart such notice thereof to all persons as is afforded by the recording laws of this state.

SEC. 21. Section 51249 is added to the Government Code, to read:

51249. Within 30 days after approval by the board or council, the clerk of such board or council shall file with the Director of Agriculture a sample copy of any approved form of contract.

51250. On or before the first day of September of each year, the county assessor shall report to the Director of Agriculture and to the State Board of Equalization the following information with respect to each school district or portion of a district within the county or city in which there is land under contract pursuant to this chapter:

(a) The number of acres of land under contract during the preceding fiscal year.

(b) The number of acres under contract during the current fiscal year for the first time.

(c) The total acres of land under contract.

SEC. 23. Section 51251 of the Government Code is repealed.

SEC. 24. Section 51252 of the Government Code is amended and renumbered to read:

SEC. 25. Section 51252 is added to the Government Code, to read:

51252. Any contract entered into pursuant to this chapter shall be an enforceable restriction within the meaning and for the purposes of Article XXVIII of the State Constitution and shall be enforced and administered by the city or county in such a manner as to accomplish the purposes of that article and of this chapter.

SEC. 26. Section 51253 of the Government Code is repealed.

51253. Any contract or agreement entered into pursuant to this chapter prior to the 61st day following final adjournment of the 1969 Regular Session of the Legislature may be amended to conform with the provisions of this act as amended at such session upon the mutual agreement of all parties. Approval of such an amendment to a contract by the Director of Agriculture or the State Board of Agriculture shall not be required.

SEC. 28. Section 51255 of the Government Code is repealed.

SEC. 29. Section 51256 of the Government Code is repealed.

SEC. 33. Section 51282 is added to the Government Code, to read:

51282. The landowner may petition the board or council for cancellation of any contract as to all or any part of the subject land. The board or council may approve the cancellation of a contract only if they find:

(a) That the cancellation is not inconsistent with the purposes of this chapter; and

(b) That cancellation is in the public interest.

The existence of an opportunity for another use of the land involved shall not be sufficient reason for the cancellation of a contract. A potential alternative use of the land may be considered only if there is no proximate, noncontracted land suitable for the use to which it is proposed the contracted land be put.

The uneconomic character of an existing agricultural use shall likewise not be sufficient reason for cancellation of the contract. The uneconomic character of the existing use may be considered only if there is no other reasonable or comparable agricultural use to which the land may be put.

SEC. 34. Section 51283 of the Government Code is repealed.

SEC. 35. Section 51283 is added to the Government Code, to read:

51283. (a) Prior to any action by the board or council giving tentative approval to the cancellation of any contract, the county assessor of the county in which the land is located shall determine the full cash value of the land as though it were free of the contractual restriction. The assessor shall multiply such value by the most recent county ratio announced pursuant to Section 401 of the Revenue and Taxation Code, and shall certify the product to the board or council as the cancellation valuation of the land for the purpose of determining the cancellation fee.

(b) Prior to giving tentative approval to the cancellation of any contract the board or council shall determine and certify to the county auditor the amount of the cancellation fee which the landowner must pay the county treasurer as deferred taxes upon cancellation. That fee shall be an amount equal to 50 percent of the cancellation valuation of the property; provided, however, if after the date the contract was initially entered into the publicly announced county ratio of assessed to full cash value is changed, the percentage payment in this subdivision shall be changed so no greater percentage of full cash value will be paid than would have been paid had there been no change in ratio.

(c) If they find that it is in the public interest to do so the board or council may waive any such payment or any portion thereof, or may make such payment or a portion thereof contingent upon the future use made of the land and its economic return to the landowner for a period of time not to exceed the unexpired period of the contract, had it not been canceled, provided:

(1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to the owner; and

(2) The board or council has determined it is in the best interests of the program to conserve agricultural land use that such payment be either deferred or not required.

(d) When the deferred taxes required by this section are collected, the county treasurer shall distribute the taxes to each taxing agency existing in the fiscal year of collection in the tax code areas in which the parcels of the property are located. The amount of taxes on all parcels in the same tax code area shall be determined. The taxes for each tax code area shall be distributed in the same proportion that each taxing agency's tax rate in the fiscal year of collection bears to the total tax rate of the code area in the fiscal year of collection.

SEC. 36. Section 51283.3 of the Government Code is repealed.

SEC. 37. Section 51283.3 is added to the Government Code, to read:

51283.3. (a) Upon tentative approval of the cancellation petition the clerk of the board or council shall record in the office of the county recorder of the county in which the land as to which the contract is canceled is located a certificate which shall set forth the name of the owner of such land at the time the contract was canceled with the amount of the cancellation fee certified by the board or council as being due pursuant to this article, the contingency of any waiver or deferment of payments, and a legal description of the property. From the date of recording of such certificate the contract shall be finally canceled and, to the extent the cancellation fee has not yet been paid, a lien shall be created and attach against the real property described therein and any other real property owned by the person named therein as the owner and located within the county. Such lien shall have the force, effect and priority of a judgment lien. Nothing in this section or Section 51283 shall preclude the board or council from requiring payment in full of the cancellation fee prior to the cancellation becoming effective.

(b) In no case shall the cancellation of a contract be final until the notice of cancellation is actually recorded as provided in this section. Notwithstanding any other provisions of the Revenue and Taxation Code, any payments required by Section 51283 shall not create nor impose a lien or charge on the land as to which a contract is canceled except as herein provided.

(c) Upon the payment of the cancellation fee or any portion thereof the clerk of the board or council shall record with the county recorder a written certificate of the release in whole or in part of the lien.

SEC. 38. Section 51285 of the Government Code is amended to read:

51285. The owner of any property located in the county or city in which the agricultural preserve is situated may protest such cancellation to the city or county conducting the hearing.

SEC. 39. Section 51286 of the Government Code is repealed.

SEC. 40. Section 51292 of the Government Code is amended to read:

51292. (a) No public agency or person shall locate a public improvement within an agricultural preserve based primarily on a consideration of the lower cost of acquiring land in an agricultural preserve.

(b) No public agency or person shall acquire prime agricultural land covered under a contract pursuant to this chapter for any public improvement if there is other land within or outside the preserve on which it is reasonably feasible to locate the public improvement.

SEC. 41. Section 51293 of the Government Code is amended to read:

51293. Section 51292 shall not apply to:

(a) The location or construction of improvements where the board or council administering the agricultural preserve approves or agrees to the location thereof.

(b) The acquisition of easements within a preserve by the board or council administering the preserve.

(c) The location or construction of any public utility improvement which has been approved by the Public Utilities Commission.

(d) The location or construction of the following types of improvements, which are hereby determined to be compatible with or to enhance land within an agricultural preserve:

(1) Flood control works, including channel rectification and alteration.

(2) Public works required for fish and wildlife enhancement and preservation.

(3) Improvements for the primary benefit of the lands within the preserve.

(e) Improvements for which the site or route has been specified by the Legislature in such a manner as to make it impossible to avoid the acquisition of land under contract.

(f) All state highways on routes as described in Sections 301 to 622, inclusive, of the Streets and Highways Code, as said sections read on October 1, 1965.

(g) All facilities which are part of the State Water Facilities as described in subdivision (d) of Section 12934 of the Water Code, except facilities under paragraph (6) of said subdivision (d).

(h) Land upon which condemnation proceedings have been commenced prior to October 1, 1965.

SEC. 42. Section 51295 of the Government Code is amended to read:

51295. When any action in eminent domain for the condemnation of the fee title of an entire parcel of land subject to a contract is filed or when such land is acquired in lieu of eminent domain for a public improvement by a public agency or person or whenever there is any such action or acquisition by the federal government or any person, instrumentality or

agency acting under authority or power of the federal government, such contract shall be deemed null and void as to the land actually being condemned or so acquired as of the date the action is filed and for the purposes of establishing the value of such land, the contract shall be deemed never to have existed.

Upon the termination of such a proceeding, the contract shall be null and void for all land actually taken or acquired.

When such an action to condemn or acquire less than all of a parcel of land subject to a contract is commenced, the contract shall be deemed null and void as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to contract will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the contract.

The land actually taken shall be removed from the contract. Under no circumstances shall land be removed that is not actually taken, except as otherwise provided in this chapter.

SEC. 43. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 44. The provisions of this act shall be given prospective application only and shall not be construed in a manner which would impair the obligation of any existing contract or agreement entered into pursuant to the California Land Conservation Act of 1965, prior to the effective date of this act. However, this section is not intended to prevent the provisions of this act from being incorporated by reference into existing contracts or agreements, if such existing contracts or agreements provide for incorporation by reference of amendments subsequently enacted by the Legislature; provided further, however, that this act shall not, by incorporation by reference or otherwise, invalidate any restrictions, terms, or conditions, including payments and fees, more restrictive than or in addition to those required by this chapter.

The people of the State of California do enact as follows:

SECTION 1. Section 18060 of the Education Code is amended to read:

18060. (b) The Superintendent of Public Instruction shall allow to the county school service fund of each county for transporting blind, deaf, aphasic, cerebral palsied, orthopedically handicapped and other physically impaired minor pupils handicapped in mobility and including mentally retarded minors who come within the provisions of Section 6903, to and from special day classes, three hundred eighty-nine dollars ($389) for each unit of average daily attendance during the fiscal year resulting from the attendance of such pupils on the special day classes to and from which they are transported by the county superintendent of schools.

(c) For each school district and county superintendent of schools furnishing transportation pursuant to subdivision (a) or subdivision (b) under circumstances requiring the operation of vehicles exclusively for such purpose, the Superintendent of Public Instruction shall allow under each such subdivision 75 percent of any expense in excess of three hundred eighty-nine dollars ($389), but the additional allowance shall not exceed seventy-three dollars ($73), per unit of average daily attendance of such pupils. Such amount shall be allowed as a part of the second principal apportionment upon special request made therefor to, and upon approval by, the Superintendent of Public Instruction.

(d) As used in this section, "physically impaired minor pupils handicapped in mobility" means those children who are deemed eligible for special class placement as defined by the State Board of Education.

(e) If the Superintendent of Public Instruction determines that the current expense of providing transportation under this section does not equal or exceed the allowance provided for such purpose, then the amount of the deficiency shall be withheld from state apportionments to the school district or the county superintendent of schools, as the case may be, in accordance with the procedure prescribed in Section 17414. Such amounts withheld shall then be apportioned, on a pro rata basis against the expenses, to those districts which maintain and operate vehicles exclusively for the transportation of handicapped pupils. In no case shall any district receive an amount greater than its total current expense in providing such transportation.

SEC. 2. Section 18062 of the Education Code is amended to read:

18062. In addition to all other amounts allowed to a school district under this article, the Superintendent of Public Instruction shall allow to each school district for transporting minor pupils whose vision or hearing is impaired to a degree making it practical to transport them to the California School for the Blind or to the California School for the Deaf or to some location in another public school district where specialized instruction may be afforded, three hundred eighty-nine dollars ($389) for each unit of average daily attendance of

such pupils during the fiscal year resulting from the attendance of such pupils on the classes of specialized instruction to and from which they are transported as day-class pupils.

For each school district furnishing transportation under circumstances requiring the operation of vehicles exclusively for that purpose, the Superintendent of Public Instruction shall allow 75 percent of any expense in excess of three hundred eighty-nine dollars ($389), but the additional allowance shall not exceed seventy-three dollars ($73), per unit of average daily attendance of such pupils. Such amount shall be allowed as a part of the second principal apportionment upon special request made therefor to, and upon approval by, the Superintendent of Public Instruction.

Allowances under this section shall be subject to the approval of the Superintendent of Public Instruction of the practicality of transporting the pupils involved in any particular instance to the place where specialized instruction is afforded.

If the Superintendent of Public Instruction determines that the current expense of providing transportation under this section does not equal or exceed the allowance provided for such purpose, then the amount of the deficiency shall be withheld from state apportionments to the school district in accordance with the procedure prescribed in Section 17414. Such amounts withheld shall then be apportioned, on a pro rata basis against the expenses, to those districts which maintain and operate vehicles exclusively for the transportation of handicapped pupils. In no case shall any district receive an amount greater than its total current expense in providing such transportation.

CHAPTER 1409

An act to amend Sections 29007, 29007.3, 29007.5, and 29018.5 of the Education Code, relating to private educational institutions.

[Approved by Governor September 3, 1969. Filed with Secretary of State September 3, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 29007 of the Education Code is amended to read:

29007. Except as otherwise provided by law, no person, firm, association, partnership or corporation may issue, confer or award an academic or honorary "degree' or "title" (meaning any designation, mark, appellation, series of letters or words such as, but not limited to, associate, bachelor, master, doctor or fellow) which signifies, purports or is generally taken to signify satisfactory completion of the requirements of an academic or professional program of study beyond the secondary school level unless such person, firm, association, partnership or corporation meets the requirements of any one of the three subdivisions of subdivision (a) of this section.

No person, firm, association, partnership or corporation may issue, confer, or award any "diploma" bearing the words diploma, certificate, transcript, document or other writing, other than the awarding of a "degree" title, representing that any person has completed any course of study beyond high school unless such person, firm, association, partnership or corporation meets the requirements of one of the subdivisions (b), (c), (d), (e), or (f) of this section.

(a) (1) A person, firm, association, partnership or corporation which at the time of the issuance of a "degree" has accreditation of the course upon which the "degree" is based by a national accrediting agency recognized by the United States Department of Health, Education, and Welfare, Office of Education, or is accredited by the applicable regional accrediting agency recognized by the United States Department of Health, Education, and Welfare, Office of Education, and provided further that the educational institution has filed with the Superintendent of Public Instruction an affidavit by the president of the institution stating that the institution is so accredited.

(2) A person, firm, association, partnership or corporation approved by the Superintendent of Public Instruction to award or issue specified degrees. Such permission shall be granted upon a year-to-year basis by the Superintendent of Public Instruction. Application for such authorization shall be on forms furnished by the State Department of Education. The Superintendent of Public Instruction shall not approve an institution to issue degrees until it it determined, based on information submitted to him, that the course of instruction

has the facilities and the faculty to afford students and require of students the completion of a program of education which will prepare them for the attainment of a recognized professional, vocational, or educational objective; and the curriculum is consistent in content and quality with curricula offered by established institutions that issue the appropriate degree upon the satisfactory completion thereof. For the purpose of this subdivision the Superintendent of Public Instruction may compare with the requirements and standards of an accrediting agency generally accepted by the class of institution concerned. This shall include the determination that the course for which the degree is granted achieves its professed or claimed objective for higher education. The provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code shall be applicable to any determination of the Superintendent of Public Instruction made pursuant to this subdivision.

(3) A corporation which has filed with the Superintendent of Public Instruction an affidavit by the president or other head of the corporation, stating that the corporation owns an interest in real or personal property or both real and personal property used exclusively for the purpose of education, of a fair market value of not less than fifty thousand dollars ($50,000). Such affidavit shall be accompanied by an appraisal by a state inheritance tax appraiser appointed for the county in which the institution is located, describing the real or personal property or both, and showing the value of the interest of the corporation therein to be at least fifty thousand dollars ($50,000). The value of the interest of the property required to be owned by the corporation for the purposes of this section shall be deemed to be the appraised value of the interest owned by the corporation less the unpaid balance on any note secured by a mortgage or deed of trust thereon or the unpaid balance on a contract of sale thereof. Filing pursuant to this section shall not be interpreted to mean, and it shall be unlawful for any corporation to expressly or impliedly represent by any means whatsoever, that the State of California, the Superintendent of Public Instruction, the State Board of Education, the California State Department of Education, or any division or bureau thereof, has made any evaluation, recognition, accreditation, approval, or endorsement of the course of study.

29007.3. No person, either on his own behalf or as the representative of any privately conducted correspondence school or of any private person, firm, association, partnership, or corporation whatever, shall, by personal contact, in California, solicit the sale of or solicit and sell any correspondence course of study beyond high school, of high school level, or below high school level, for a remuneration or other consideration to be provided for such course, unless he holds a valid permit to engage in such activity issued by the State Board

of Education. The State Board of Education may delegate its authority to issue this permit to the State Superintendent of Public Instruction.

The State Board of Education, or the State Superintendent of Public Instruction, if such authority has been delegated by the State Board of Education, shall promptly cause to be prepared, and shall, pursuant to this section, issue appropriate permits authorizing the holder to engage in the solicitation of sales and the selling of such courses of study.

No person shall be issued a permit except upon the submission of satisfactory evidence of good moral character.

A permit shall be valid for the calendar year in which it is issued unless sooner revoked or suspended by the State Board of Education for fraud or misrepresentation in connection with the solicitation for the sale or the sale of any course of study, or for the existence of any condition in respect to the permittee or the school he represents which, if in existence at the time the permit was issued would have been ground for denial of the permit.

The application for a permit shall be made by the person who proposes to engage in the activities of soliciting or selling in those cases where such activities are to be conducted in the person's own behalf. Where the person for whom the issuance of a permit is sought is to engage in the activities as a representative, the application shall be made by the correspondence school or other person, firm, association, partnership, or corporation for and on behalf of the person to serve as its representative. Applications shall be submitted on forms to be furnished by the Department of Education. The original application shall be accompanied by an application fee of fifteen dollars ($15), renewal applications when renewed on a continuous basis and applications for additional sales permits shall be accompanied by an application fee of ten dollars ($10). Fees required by this section are hereby appropriated in augmentation of the appropriation for support of the Department of Education current at the date of issuance of the State Controller's receipt thereof as may be designated by the Department of Education prior to their deposit in the State Treasury and shall be nonrefundable irrespective of whether or not a permit is subsequently issued.

The application shall be accompanied by a bond executed by good and sufficient sureties making provision for full indemnification of any person for any material loss suffered as a result of any fraud or misrepresentation used in connection with the solicitation for the sale or the sale of any course of study. The term of the bond shall extend over the period of the permit. The bond may be supplied by the correspondence school or other person, firm, association, partnership, or corporation, or by the person for whom issuance of the permit is sought, and may extend to cover either an individual such person or to provide blanket coverage for all persons to be engaged as representatives of a correspondence school or other

person, firm, association, partnership or corporation in the solicitation for sale or the sale of correspondence courses of study in California. Any bond shall provide for liability in the penal sum of one thousand dollars ($1,000) for each representative to whom coverage is extended by its terms. Neither the principal nor surety on a bond may terminate the coverage of the bond except upon giving 30 days' prior written notice to the State Board of Education.

The permittee shall carry the permit with him for identification purposes when engaged in the solicitation of sales and the selling of correspondence courses of study.

No recovery by the correspondence school, or representative thereof, shall be had on any contract for or in connection with a course of study by any person selling or administering such course if the representative of such person, firm, association, partnership or corporation was not the holder of a permit as required by this section at the time that such representative negotiated the contract for or sold such course.

The judgment rendered in any action maintained for any material loss suffered as a result of any fraud or misrepresentation used in connection with the solicitation for the sale or the sale of any course of study shall, if the plaintiff is the prevailing party, include court costs including a reasonable attorney's fee fixed by the court.

The provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code shall be applicable to any determination of the State Board of Education made pursuant to this section.

The issuance of a permit pursuant to this section shall not be interpreted as, and it shall be unlawful for any individual holding any such permit to expressly or impliedly represent by any means whatever that the Superintendent of Public Instruction, the State Board of Education, or the State Department of Education has made, any evaluation, recognition, accreditation or endorsement of any correspondence course of study being offered for sale by the individual.

It shall be unlawful for any individual holding a permit under this section to expressly or impliedly represent by any means whatever that the issuance of the permit constitutes an assurance by the Superintendent of Public Instruction, the State Board of Education, or the State Department of Education that any correspondence course of study being offered for sale by the individual will provide and require of the student a course of education or training necessary to reach a professional, educational, or vocational objective, or will result in employment or personal earnings for the student.

The issuance of a permit under this section, and the possession thereof, by an individual, shall be evidence only that the surety bond prescribed by this section has been issued with respect to the possessor and that he has submitted satisfactory evidence of good moral character.

SEC. 3. Section 29007.5 of the Education Code is amended to read:

29007.5. No course of education or training leading to an educational, professional or vocational objective shall be offered by any person, firm, association, partnership, or corporation to or for adults which has not been approved by the Superintendent of Public Instruction. Application for such approval shall be made in writing on application forms provided by the Department of Education. Pending final approval of new or added courses of instruction, the Superintendent of Public Instruction shall issue a temporary approval upon submission of the complete application. (7) Adequate records shall be maintained by the institution to show attendance, progress, and grades.

(8) The institution complies with all local city, county, municipal, state and federal regulations such as fire, building, and sanitation codes. The Department of Education may require evidence of compliance.

(9) The institution is financially capable of fulfilling its commitments for its approved courses.

(11) The institution does not exceed enrollment facilities and equipment.

(12) The institution's administrator, director, owner, and instructors are of good reputation and character.

(13) The institution has and maintains a policy in reference to refund of the unused portion of tuition fees and other charges in the event the student fails to enter the course, or withdraws therefrom at any time prior to completion of the course.

CHAPTER 1412

An act to amend Section 1042 of the Evidence Code, relating to evidence in criminal cases.

[Approved by Governor September 3, 1969. Filed with Secretary of State September 3, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 1042 of the Evidence Code is amended to read:

1042. (a) Except where disclosure is forbidden by an act of the Congress of the United States, if a claim of privilege under this article by the state or a public entity in this state

is sustained in a criminal proceeding, the presiding officer shall make such order or finding of fact adverse to the public entity bringing the proceeding as is required by law upon any issue in the proceeding to which the privileged information is material.

(b) Notwithstanding subdivision (a), where a search is made pursuant to a warrant valid on its face, the public entity bringing a criminal proceeding is not required to reveal to the defendant official information or the identity of an informer in order to establish the legality of the search or the admissibility of any evidence obtained as a result of it.

(c) Notwithstanding subdivision (a), in any preliminary hearing, criminal trial, or other criminal proceeding, any otherwise admissible evidence of information communicated to a peace officer by a confidential informant, who is not a material witness to the guilt or innocence of the accused of the offense charged, is admissible on the issue of reasonable cause to make an arrest or search without requiring that the name or identity of the informant be disclosed if the judge or magistrate is satisfied, based upon evidence produced in open court, out of the presence of the jury, that such information was received from a reliable informant and in his discretion does not require such disclosure.

(d) When, in any such criminal proceeding, a party demands disclosure of the identity of the informant on the ground the informant is a material witness on the issue of guilt, the court shall conduct a hearing at which all parties may present evidence on the issue of disclosure. Such hearing shall be conducted outside the presence of the jury, if any. During the hearing, if the privilege provided for in Section 1041 is claimed by a person authorized to do so or if a person who is authorized to claim such privilege refuses to answer any question on the ground that the answer would tend to disclose the identity of the informant, the prosecuting attorney may request that the court hold an in camera hearing. If such a request is made, the court shall hold such a hearing outside the presence of the defendant and his counsel. At the in camera hearing, the prosecution may offer evidence which would tend to disclose or which discloses the identity of the informant to aid the court in its determination whether there is a reasonable possibility that nondisclosure might deprive the defendant of a fair trial. A reporter shall be present at the in camera hearing. Any transcription of the proceedings at the in camera hearing, as well as any physical evidence presented at the hearing, shall be ordered sealed by the court, and only a court may have access to its contents. The court shall not order disclosure, nor strike the testimony of the witness who invokes the privilege, nor dismiss the criminal proceeding, if the party offering the witness refuses to disclose the identity of the informant, unless, based upon the evidence presented at the hearing held in the presence of the defendant

and his counsel and the evidence presented at the in camera hearing, the court concludes that there is a reasonable possibility that nondisclosure might deprive the defendant of a fair trial.

CHAPTER 1415

An act to amend Sections 1821, 1825, and 1826 of, and to repeal Section 1827 of, the Welfare and Institutions Code, relating to the Department of the Youth Authority, and making an appropriation therefor.

[Approved by Governor September 3, 1969 Filed with Secretary of State September 3, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 1821 of the Welfare and Institutions Code is amended to read:

1821. From any state moneys made available to it for such purpose, the State of California, through the Department of the Youth Authority, shall, in accordance with this article, share in the cost of supervising probationers in "special supervision programs" established by county probation departments to reduce commitments to the Department of the Youth Authority or the Department of Corrections.

SEC. 2. Section 1825 of the Welfare and Institutions Code is amended to read:

1825. (a) No county shall be entitled to receive any state funds provided by this article until its application is approved and unless and until the minimum standards prescribed by the Department of the Youth Authority are complied with and then only on such terms as are set forth hereafter in this section.

(b) A commitment rate for each county and for the state as a whole shall be calculated by the Department of the Youth Authority by computing the ratio of new commitments to state and county population, expressed in a rate per hundred thousand population, for each of the calendar years 1959 through 1963. The average of these rates for a county for the five-year period or the average of the last two years of the period, whichever is higher, shall be the base rate for that county. The number of commitments shall be the total of the new commitments to the custody of the Director of the Youth Authority and the new criminal commitments to the custody of the Director of Corrections, as certified by the respective departments. The county and state population shall be that certified by the Department of Finance to the Controller as of July 1 of each year. Persons committed to the Department of Corrections and subsequently dicharged under Section 1168 of the Penal Code and persons committed to the Department

of Corrections or the Department of the Youth Authority for diagnostic study only pursuant to Section 1203.03 of the Penal Code or Section 704 or 1752.1 of the Welfare and Institutions Code, shall not be counted as having been committed for purposes of determining commitment rates under this subdivision or subdivision (c).

(c) An annual commitment rate shall be calculated at the end of each fiscal year for each participating county and for the state as a whole in a like manner to that described in subdivision (b) using the population figure of the July 1 included in the year.

(d) The maximum amount that may be paid to a county pursuant to this article is determined by obtaining the interpolated dollar amount in the table in this subdivision for such county's base commitment rate and its percentage decrease, interpolated to the nearest one-tenth of 1 percent, in rate of commitment and multiplying the appropriate dollar amount by the "commitment reduction number." The "commitment reduction number" is obtained by subtracting (1) the most recent annual commitment number from (2) the product of the base commitment rate and population of the county for the same year employed in (1). The Director of the Youth Authority, with approval of the Director of Finance may annually adjust the dollar amounts in the ensuing table to reflect changes in cost to the state of maintaining persons committed to the custody of the Director of Corrections and the Director of the Youth Authority, and if such adjustments are made, the adjusted amounts shall be employed in making the computation prescribed by this subdivision.

(e) The state will reimburse the county upon presentation of a valid claim based on actual performance in reducing the commitment rate from its base rate. Whenever a claim made by a county, pursuant to this article, covering a prior fiscal year, is found to be in error, adjustment may be made on a current claim without the necessity of applying the adjustment to the allocation for the prior year.

(f) If the amount received by a county in reimbursement of its expenditures in a fiscal year is less than the maximum amount computed under subdivision (d), the difference may be used in the next succeeding fiscal year and may be paid to the county in quarterly installments during such fiscal year upon preparation of valid claims for reimbursement of its quarterly expenses.

(g) In the event a participating county earns less than the sum paid in the previous year because of extremely unusual circumstances claimed by the county and verified by the Director of the Youth Authority with the approval of the Director of Finance, the Director of the Youth Authority may pay to the county a sum equal to the prior year's payment, provided, however, that in subsequent years the county will be paid only the amount earned.

(h) Funds obtained under this article shall not be used to support existing programs or develop or expand new programs in juvenile homes, ranches, or camps established under Article 15 (commencing with Section 880) of Chapter 2 of Part 1 of Division 2 of this code.

(i) Counties where the average number of commitments in the base period as established by subdivision (b) is less than 30 may elect either to comply with the procedure set out above or, as an alternative, to receive from the state 90 percent of the salary of one full-time additional probation officer or, in the event there are fewer than 20 persons placed on probation annually otherwise eligible for commitment to state

institutions, the county would be entitled to 90 percent of the salary of a half-time officer. In the event a county chooses the alternative proposal, it will be eligible for reimbursement only so long as the officer devotes all of his time in the performance of probation services to supervision of persons eligible for state commitment and persons participating in special supervision programs and (1) if its base rate is below the state average, it does not on an annual basis exceed the base state rate, or (2) if its base rate is above the state average, it does not in the year exceed by 5 percent its own base rate.

SEC. 3. Section 1826 of the Welfare and Institutions Code is amended to read:

1826. The Department of the Youth Authority shall make periodic reports to the Legislature on the experiences and the results under the provisions of this article.

SEC. 4. Section 1827 of the Welfare and Institutions Code is repealed.

SEC. 5. This act shall be known and may be cited as the Arnold-Bee-Kennick Act.

SEC. 6. To further experiment in methods of reducing commitments to state institutions, the sum of two hundred thousand dollars ($200,000) is hereby appropriated from the General Fund to the Department of the Youth Authority to be allocated by the Director of the Youth Authority in accordance with Section 1752.5 or Section 1752.6 of the Welfare and Institutions Code.

CHAPTER 1416

An act to amend Section 13600 of, and to add Section 13601 to, the Welfare and Institutions Code, relating to public assistance, and making an appropriation therefor.

[Approved by Governor September 3, 1969. Filed with Secretary of State September 3, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 13600 of the Welfare and Institutions Code is amended to read:

13600. Except as provided in Section 13601, no relative shall be held legally liable to support or to contribute to the support of any applicant for or recipient of aid under this chapter. No relative shall be held liable to defray in whole or in part the cost of any medical care or hospital care or other service rendered to a recipient pursuant to any provision of this code if he is an applicant for or a recipient of aid under this chapter at the time such medical care or hospital care or other service is rendered.

Notwithstanding the provisions of Section 206 of the Civil Code or Section 270c of the Penal Code, or any other provision of this code, no demand shall be made upon any relative

to support or contribute toward the support of any applicant for or recipient of aid under this chapter. No county or officer or employee thereof shall threaten any such relative with any legal action against him by or in behalf of the county or with any penalty whatsoever.

SEC. 2. Section 13601 is added to the Welfare and Institutions Code, to read:

13601. Where a recipient of aid under this chapter resides with his parents, the parents shall provide normal household needs of the recipient such as room, household furnishings and other similar items which do not add appreciably to the family expense beyond the amount that the family would spend if the recipient was not present in the home. The department shall follow the policy of evaluating family ability to provide these items in relation to expenditures made by families of comparable income for housing and household operation. Items of need so contributed by the family shall be taken into consideration in determining the amount of aid to which the recipient is entitled.

SEC. 3. There is hereby appropriated to the State Department of Social Welfare for payment for care of mentally retarded recipients of aid to the disabled who are in private institutions an amount equal to the savings to the state under the aid to the disabled program, not to exceed one million dollars ($1,000,000) as determined by the Department of Finance, otherwise resulting from this act.

The State Department of Social Welfare shall issue any regulations necessary to make such payments, giving priority to persons who need further financial assistance on their behalf in order to obtain adequate care.

CHAPTER 1417

An act to amend Section 11351 of, and to add Section 11351.5 to, the Welfare and Institutions Code, relating to aid to families with dependent children.

[Approved by Governor September 3, 1969. Filed with Secretary of State September 3, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 11351 of the Welfare and Institutions Code is amended to read:

11351. Where a needy child lives with his mother and a stepfather, the amount of the grant made pursuant to Section 11450 of this code shall be computed after consideration is given to the income of the stepfather. The county granting aid shall determine if the stepfather is able to support the child either wholly or in part. The determination shall be based upon a standard which takes into account the stepfather's

income and expenses under regulations adopted by the department.

Notwithstanding the provisions of Section 209 of the Civil Code, a stepfather is bound to support, if able to do so, his wife's children if without support from such stepfather they would be needy children eligible for aid under this chapter. However, such liability for support shall not exceed the wife's community property interest in his income.

A natural father is not relieved of any legal obligation to support his children by the liability for their support imposed upon their stepfather by this section.

SEC. 2. Section 11351.5 is added to the Welfare and Institutions Code, to read:

11351.5. Whenever an unrelated adult male resides with a family applying for or receiving aid under this chapter, he shall be required to make a financial contribution to the family which shall not be less than it would cost him to provide himself with an independent living arrangement.

The minimum financial contribution to the family shall be determined in accordance with standards established by the department which takes into account such adult male person's income and expenses. The regulations formulated by the department shall require the mother of the children and the unrelated male to present all of the facts in connection with the sharing of expenses which comprise the agreement whereby said adult male resides with the family. The conditions of the agreement and the facts related to the sharing of the family expenses shall be signed under penalty of perjury by both the mother of the child and the unrelated male. In the event that either the mother or the adult male person willfully and knowingly fails to cooperate during the period such joint sharing of expenses arrangement exists in setting forth all of the facts in accordance with provisions of this section, aid to the family may be discontinued.

The provisions of this section do not apply to a bona fide paying lodger, roomer or boarder living in the home of a family applying for or receiving aid under this chapter.

CHAPTER 1418

The department shall also undertake a program to improve the general efficiency and effectiveness of welfare in California by developing an integrated welfare management information system which will provide information necessary for the proper planning, evaluation, and control of welfare programs.

11027. It is the intent of the Legislature in authorizing the department to develop efficient, highly automated processes for determining eligibility and making aid payments to:

(a) Have the department review its regulations and eliminate or modify those regulations under the department's control which cause costly and inefficient welfare administration.

(b) Provide an integrated and systematic organization structure for performing the functions involved, permitting maximum use of electronic data processing.

(c) Reduce the employment standards and training requirements for personnel who will perform the eligibility determination and aid payment functions to the lowest level possible consistent with effective administration.

(d) Eliminate unnecessary functions and forms and consolidate redundant information.

(e) Permit the most efficient collection, storage and retrieval of information.

(f) Eliminate all possible causes of error made in the eligibility determination and aid payment process.

(h) Provide a stable base for personnel and equipment budgeting and for planning future developments in welfare programs.

(i) Produce uniform processes which meet the needs of counties of various sizes and which are flexible enough to encourage innovations by counties which will improve the process.

11028. It is the intent of the Legislature in authorizing the department to develop an integrated welfare management information system to:

(a) Provide the department, concerned county agencies, and the federal government with the information needed for effective management of welfare programs.

(b) Evaluate the costs of acquiring the information sought from the welfare programs and the benefits to be gained from having the information and insure that there is a specific and practical use for the information.

(c) Integrate to the extent feasible, the county systems with the department's electronic data processing system and the electronic data processing systems of the federal Department of Health, Education, and Welfare.

(d) Integrate as feasible and appropriate, the welfare information system with other state agency information systems.

(e) Produce uniform model electronic data processing systems for use in county welfare administration which meet the needs of counties of various sizes with differing caseload characteristics and are broad enough in design to integrate with general county management information systems.

(f) Encourage counties to develop electronic data processing applications which are not provided for in the uniform welfare electronic data processing systems designed pursuant to this article when such applications will not damage the system's uniformity.

(g) Provide orderly procedures for modifying the uniform welfare electronic data processing systems or extending the applications encompassed by the uniform systems in response to improvements or additions suggested by the counties or the state.

(h) Produce, to the extent feasible, an electronic data processing capability in the department which can:

1. Automatically produce and transmit all federal reports.

2. Provide information to state and county officials for evaluating the cost and effectiveness of programs and planning future program developments.

3. Provide a statewide automated clearinghouse of recipient information to improve the speed and accuracy of eligibility determination which is operated in accordance with provisions of this code relating to confidentiality of recipient information.

4. Provide direct electronic data processing services under contract with the department to counties which desire such services.

5. Provide programming for the county systems of program, policy and regulatory changes affecting electronic data processing.

(i) Include consistent data elements which will insure the greatest possible compatibility between the welfare management information system and other state, local and intergovernmental information systems.

(j) Provide for access by the Legislature to the information contained in the system and insure that the system is designed to meet the information needs of the Legislature in addition to the needs of other users of the system.

11029. In carrying out the provisions of this article, the department shall:

(a) In conjunction with county welfare departments and other concerned county agencies and officials, conduct comprehensive surveys of the information needs for welfare management as a precondition to actual design and programming of the model electronic data processing systems. The department shall request that the federal Department of Health, Education, and Welfare conduct a survey of its own welfare information needs and provide the results of that survey to the state.

(b) With the participation of county government officials, develop a plan for implementing the provisions of this article.

(c) Designate personnel with the authority and responsibility necessary for properly managing the programs authorized by this article in keeping with the legislative intent that these programs be considered major undertakings by the department.

(d) Submit an annual report of activities and recommendations concerning implementation of this article, including but not limited to, recommendations for repeal or amendment of laws which hamper efficient welfare administration, to the Governor and the Legislature at each regular session of the Legislature. A preliminary report shall be submitted to the Joint Legislative Budget Committee by January 1, 1970, detailing progress to date, plans for future systems work, and estimates of the funding requirements for the next fiscal year.

(e) The authority and responsibilities of personnel responsible for management of the program authorized by this article.

(f) The conditions for county implementation of the uniform welfare electronic data processing systems and the eligibility determination and aid payment processes including

phased implementation, as appropriate. Such conditions shall specify that receipt of federal funds by a county for welfare administrative costs for electronic data processing shall be conditioned upon satisfactory implementation of the systems and processes developed during the program.

11031. The plan developed pursuant to Section 11029 shall be submitted by the department to the State Electronic Data Processing Policy Committee for review and to the Intergovernmental Board on Electronic Data Processing for adoption in accordance with the functions and responsibilities assigned to the policy committee by Section 11721(c) and to the board by Section 11711 of the Government Code.

The plan developed pursuant to Section 11029 shall also be submitted to the Joint Legislative Budget Committee.

11032. The department may let such contract or contracts as it deems necessary to assist in carrying out the provisions of this article.

11033. The department shall implement the provisions of this article in a way which permits receipt of maximum available federal funds under Sections 1110 or 1115 of the federal Social Security Act as amended.

The authority of the Secretary of Human Relations to coordinate interdepartmental management information systems work shall not supersede the authority of the directors of the several departments to carry out their responsibilities under this article, or under other provisions of law.

11035. This article shall remain in effect until July 1, 1974, or such earlier date as the Governor may determine when the goals of this article have been achieved and shall have no force or effect after that date.

SECTION 1. Section 8523 of the Government Code is amended to read:

8523. (a) The Governor shall submit to the commission for study and recommendation any reorganization plan which he intends to submit to the Legislature pursuant to authority vested in the Governor by the Legislature under Section 6 of Article V of the Constitution at least 30 days prior to submis-

(b) Prior to transmittal of a plan to the Commission on California State Government Organization and Economy pursuant to this section the Governor shall submit each plan to the Legislative Counsel in order that it may be submitted to the Legislature in the form and language suitable for enactment in the statutes at large. The Legislative Counsel shall prepare a digest of the plan which shall be printed upon the lower part of the first page thereof.

It is the intent of the Legislature in requiring the use of statutory format language to insure that reorganization plans submitted to it express clearly and specifically the nature and purposes of the plan.

SEC. 2. Section 12080.2 of the Government Code is amended to read:

12080.2. Whenever the Governor finds that reorganization is in the public interest, he shall prepare one or more reorganization plans in the form and language of a bill as nearly as practicable and transmit each, bearing an identifying number, to the Legislature, with a declaration that, with respect to each reorganization included in the plan, he has so found. The Governor, in his message transmitting a reorganization plan, shall explain the advantages which it is probable will be brought about by the taking effect of the reorganization included in the plan, and he shall specify with respect to each abolition of a function included in the plan the statutory authority for the exercise of the function.

SEC. 3. Section 12080.5 of the Government Code is amended to read:

12080.5. Any reorganization plan transmitted to the Legislature pursuant to this article shall become effective on the first day after final adjournment of the regular session, or at a later date as may be provided by the plan, unless during such session either house of the Legislature determines by a majority vote of the duly elected and qualified members thereof that further study of such plan is needed and assigns such plan for study to a committee.

12081.2. The authority of the Governor to transmit reorganization plans pursuant to Section 12080.2 shall remain in effect until December 31, 1971.

If any provision of this act or the application thereof, except Section 12080.5, to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act, except Section 12080.5, are severable.

(b) For the purpose of determining the penalty to be imposed pursuant to this chapter, the court may consider a written report from the Bureau of Criminal Identification and Investigation containing information from its records showing prior convictions; and the communication is prima facie evidence of such convictions, if the defendant admits them, regardless of whether or not the complaint commencing the proceedings has alleged prior convictions.

626.2. Every student or employee who, after a hearing, has been suspended or dismissed from a junior college, state college, or state university for disrupting the orderly operation of the campus or facility of such institution, and as a condition of such suspension or dismissal has been denied access to the campus or facility, or both, of the institution for the period

of the suspension or in the case of dismissal for a period not to exceed one year; who has been served by registered or certified mail, at the last address given by such person, with a written notice of such suspension or dismissal and condition; and who willfully and knowingly enters upon the campus or facility of the institution to which he has been denied access, without the express written permission of the chief administrative officer of the campus or facility, is guilty of a misdemeanor and shall be punished as follows:

626.4. (a) The chief administrative officer of a campus or other facility of a junior college, state college, or state university, or an officer or employee designated by him to maintain order on such campus or facility, may notify a person that consent to remain on the campus or other facility under the control of the chief administrative officer has been withdrawn whenever there is reasonable cause to believe that such person has willfully disrupted the orderly operation of such campus or facility.

(c) Consent shall be reinstated by the chief administrative officer whenever he has reason to believe that the presence of the person from whom consent was withdrawn will not constitute a substantial and material threat to the orderly operation of the campus or facility. In no case shall consent be withdrawn for longer than 14 days from the date upon which consent was initially withdrawn. The person from whom consent has been withdrawn may submit a written request for a hearing on the withdrawal within the two-week period. Such written request shall state the address to which notice of hearing is to be sent. The chief administrative officer shall grant such a hearing not later than seven days from the date of receipt of such request and shall immediately mail a written notice of the time, place, and date of such hearing to such person.

(d) Any person who has been notified by the chief administrative officer of a campus or other facility of a junior college, state college, or state university, or by an officer or employee designated by the chief administrative officer to maintain order on such campus or facility, that consent to remain on the campus or facility has been withdrawn pursuant to subdivision (a); who has not had such consent reinstated; and who willfully and knowingly enters or remains upon such campus or facility during the period for which consent has been withdrawn is guilty of a misdemeanor. This subdivision does not apply to any person who enters or remains on such campus or facility for the sole purpose of applying to the chief administrative officer for the reinstatement of consent or for the sole purpose of attending a hearing on the withdrawal.

SEC. 5. Chapter 4.7 (commencing with Section 31291) is added to Division 22 of the Education Code, to read:

CHAPTER 4.7. FORFEITURE OF STATE AID TO STUDENTS

31291. In accepting a scholarship, loan, fellowship, grant-in-aid, or any other financial aid given or guaranteed by the state for assistance, every recipient thereof who is a student at a public or private university, college, or other institution of higher education, shall be deemed to have agreed to observe the rules and regulations promulgated by the governing authority of the university, college, or other institution of higher education, for the government thereof.

Any recipient of such state financial aid who, on the campus of the university, college, or other institution of higher education, willfully and knowingly commits any act likely to disrupt the peaceful conduct of the activities of such campus, and is arrested and convicted of a public offense arising from such act, may be determined to be ineligible for any such state financial aid for a period not to exceed the ensuing two academic years.

Any recipient of such state financial aid who, after a hearing, is found to have willfully and knowingly disrupted the orderly operation of the campus, but has not been arrested and convicted, may be determined to be ineligible for any state financial aid for such period as the hearing board may determine, not to exceed the ensuing two academic years.

Any such recipient who is suspended from an institution of higher education for such acts shall be ineligible for such state financial aid for a period not less than the time of such suspension.

The governing authority of the university, college, or other institution of higher education shall, for purposes of this section, cause to be reviewed the record of each recipient and shall, as soon as practicable, notify a hearing board established by it of the name of any recipient who committed any such act and was arrested and convicted of any such public offense, or is found to have willfully and knowingly disrupted the

orderly operation of the campus, or has been suspended from an institution of higher education for such acts.

31292. Upon receipt of notice, as provided in Section 31291, that any recipient has committed any act likely to disrupt the peaceful conduct of the activities of the campus and was convicted of a public offense in connection therewith, or is found to have willfully and knowingly disrupted the orderly operation of the campus, or has been suspended from an institution of higher education for such acts, the hearing board shall immediately give the recipient written notice of the report. The notice shall inform the recipient of the pendency of the proceedings for the suspension of assistance. It shall inform the recipient that he may present evidence of mitigating circumstances to the hearing board within 14 calendar days of the date of the mailing of the notice, and shall specify the procedures and means by which such evidence is to be presented, including the date at which any hearing to be afforded him is to be held. The hearing board may prescribe any procedures and means for such purposes which it may deem appropriate, provided that any hearing which may be afforded the recipient shall not be held sooner than seven days after the date of the mailing of the notice.

If no response to the hearing board's notice is made within the period specified in this section, the hearing board may suspend further assistance to the recipient and the suspension shall remain in effect not to exceed the ensuing two academic years.

After the conclusion of proceedings provided for in this section, the hearing board shall, by majority vote, determine whether further assistance to the recipient shall be suspended. If the recipient was arrested and convicted of a public offense arising from campus disruption, the suspension may remain in effect for a period not to exceed the ensuing two academic years. If the recipient is found by the hearing board to have willfully and knowingly disrupted the orderly operation of the campus, but has not been arrested and convicted, the hearing board may suspend further assistance to the recipient for such period as the hearing board may determine not to exceed the ensuing two academic years. If the recipient was suspended from an institution of higher education for such acts, the hearing board shall suspend further assistance to the recipient for a period not less than the time of such suspension. The findings of the hearing board shall be in writing.

The hearing board shall notify the appropriate state agencies of any suspension of state financial aid pursuant to this section, and no state financial aid shall be extended to the recipient during such period.

Any notice required to be made by this section shall be sufficient when it is deposited in the United States registered or certified mail, postage paid, addressed to the last known address of the addressee.

31293. Nothing in this chapter shall be construed to prohibit any public or private university, college, or other institution of higher education from suspending or refusing to grant scholarships, loans, fellowships, grants-in-aid, or any other financial aid given or guaranteed by the state for academic assistance to any individual because of any other misconduct which in its judgment bears adversely on his fitness for such assistance.

The Legislature also finds that serious disruptions have occurred at several of these institutions, that such disruptions threaten the peaceful pursuit of higher education, and that they are a matter of statewide concern. The Legislature therefore intends that a coherent, fair, and uniform system of discipline be operative upon the campuses of the University of California, the California State Colleges, and the public junior colleges. This act is enacted as a part of such fair and uniform system.

SEC. 7. Sections 22508 and 22509 of the Education Code, as added by Sections 2 and 3 of this act, shall remain in effect until the 91st day after the adjournment of the 1971 Regular Session of the Legislature and shall have no force or effect after that date.

The fall semester or quarter, as the case may be, at institutions of higher education in this state will commence shortly. So that the campuses may be maintained in an orderly manner and in order to curtail and control disruptions that might occur thereon, it is necessary that this act take effect immediately.

(a) He shall compute from the annual report of transportation expense of the district the portion of the total transportation expense which is due to travel for excessive distances to transport relatively few pupils.

The application shall be signed and verified by an officer of the corporation.

CHAPTER 1447

An act to add Section 6360 to the Public Resources Code, relating to land.

[Approved by Governor September 4, 1969. Filed with Secretary of State September 4, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 6360 is added to the Public Resources Code, to read:

6360. Notwithstanding any other provision of law, the boundary line of land lying within the Sacramento-San Joaquin Delta (as defined in Section 12220 of the Water Code) bordering upon tidal waters or upon a navigable stream is, for the purpose of determining boundary location, conclusively presumed to be located at the ordinary high-water mark when such land borders on tidal lands not validly patented into private ownership and at the low-water mark when such land borders upon a navigable stream where there is no tide or where such lands consist of tidelands validly patented into private ownership, as such high- or low-water mark exists upon the effective date of this section and from time to time thereafter where, for a period of not less than 30 years continuously, prior to the effective date of this section, the following facts exist:

(a) The land including any accretion thereto has been occupied openly and notoriously by persons claiming title thereto or their predecessors. Land shall be deemed occupied for the purpose of this section when protected by a substantial enclosure; or when usually cultivated; or when improvements have been constructed thereon by the persons claiming such title or their predecessors, including, in the case of improvements located waterward of the landward toe of a levee, that land surrounding such improvements as is incidental to the usual and reasonable use of the improvements.

(b) Taxes (state, county or municipal) have been levied and assessed during such period on such land including any accretion thereto and such persons or their predecessors have paid all such taxes during such period. The requirements of this subparagraph shall be deemed to have been met during any period when the owner or claimant to such land was exempt from ad valorem taxation.

(c) The persons claiming title or their predecessors have based their claim upon a deed or map, or both, describing or depicting the land including any accretion thereto, which deed or map has been recorded in the office of the recorder of the county in which the land is situated.

Nothing in this section shall be construed as vesting in an adjacent or contiguous landowner title to any lands which have been artificially filled by the landowner or his predecessors or any public agency or which have attached to his lands as a result of an avulsive change in the shoreline or as the result of an avulsive change in the course of, or an artificial rechannelization of, any river or stream, or divesting such landowner of any title which he may have to any lands which have been artificially dredged by the landowner or his predecessors or any public agency or which have detached from his land as a result of an avulsive change in the shoreline or as the result of an avulsive change in the course of, or an artificial rechannelization of, any river or stream.

SEC 2 The State of California and the people thereof are hereby declared to have a primary and supreme interest in securing to the inhabitants and holders of title to lands within the Sacramento-San Joaquin Delta, as defined in Section 12220 of the Water Code, and to the State of California, the maximum possible certainty as to location of the boundary lines between private ownerships and state lands within the delta where the private lands border upon tidal waters or a navigable stream, and in particular to resolve certain well-settled conditions on the basis of the present waterline. The conditions prevailing within the Sacramento-San Joaquin Delta in regard to the accretion or erosion of land are unique as compared to the conditions prevailing in other portions of the State of California, and the enactment of this special law applicable to the delta is therefore necessary for the protection of public and private property therein and for the public good.

[Approved by Governor September 4, 1969. Filed with Secretary of State September 4, 1969.]

The people of the State of California do enact as follows:

SECTION 1. This act establishes a permanent basis for voluntary area planning to guide communities in developing hospitals and other health facilities of a desirable size and location and commitment to community service purposes. Through continued coordinated development of hospitals and related health facilities and services, including facilities licensed by the Department of Mental Hygiene, the people of the State of California can obtain more effective service and can save substantial sums in capital costs and operating expenses.

Area planning for hospitals and related health facilities and services is complex and includes sensitive relationships between consumers, professional groups, institutions, and governments.

The purpose of this act is to establish a public policy that each hospital and related health facility, including facilities licensed by the Department of Mental Hygiene, proposed to be constructed, expanded, or altered for the purpose of increasing bed capacity or changing license category shall in good faith review its plans and program with an approved voluntary area health planning agency or voluntary local health planning agency and obtain its objective reviews and recommendations before proceeding to licensure. It shall also be a purpose of this act that all state and local governmental zoning and planning agencies shall, within the limits of statutory authority, give consideration to, but not be bound by, the actions, recommendations and decisions of such approved voluntary area health planning agency or voluntary local health planning agency.

SEC. 2. Section 437.7 is added to the Health and Safety Code, to read:

437.7. In order to assure availability of objective and impartial review by planning groups (referred to as voluntary area health planning agencies) of hospitals and related facilities, including facilities licensed by the Department of Mental Hygiene, or proposed projects for new, additional or revised hospital and related health facility projects, including facilities licensed by the Department of Mental Hygiene, the Health Planning Council, from time to time, shall approve no more than one voluntary area health planning agency for any designated area of the state, provided such group shall meet the following criteria:

(a) Shall be incorporated as a nonprofit corporation and be controlled by a board of directors consisting of a majority representing the public and local government as consumers of health services with the balance being broadly representative of the providers of health services and the health professions.

(b) Shall review information on utilization of hospitals and related health facilities.

(c) Shall develop principles for the determination of community need and desirability to guide hospitals and related health facilities in acting in the public interest. Such principles shall be consistent with the general guidelines developed by the Health Planning Council in accordance with Section 437.8.

(d) Shall conduct public meetings in which members of the health professions and consumers will be encouraged to participate.

(e) Shall review individual proposals for the construction of new or additional hospital and related health facilities, the conversion of one type of facility to a different category of licensure or the creation or expansion of new areas of service, and make decisions as to the need and desirability for the particular proposal in accordance with the principles developed pursuant to subdivision (c).

(f) Individual proposal reviews shall be in accordance with administrative procedures established by the Health Planning Council, which shall include, but need not be limited to:

(1) A public hearing.

(2) Reasonable notice.

(3) Right to representation by counsel.

(4) Right to present oral and written evidence and confront and cross-examine opposing witnesses.

(5) Availability of transcript at applicant's expense.

(g) Shall have a plan to finance the procedure which shall include, but not necessarily be limited to. filing fees and charges for processing and appeal.

Voluntary area health planning agencies may divide their areas into local areas for purposes of more efficient health facility planning, with the approval of the Health Planning Council. Such local areas shall be of a geographic size and contain adequate population to insure a broad base for planning decisions. Each local area shall contain a voluntary local health planning agency which shall meet the criteria in subdivisions (a) through (g) of this section.

An organization which meets the criteria in subdivisions (a) through (g) of this section may make application to its voluntary area health planning agency for designation as a voluntary local health planning agency for a designated area. After a complete application has been received, the area agency shall

reach a decision concerning the application. The decision, or lack of decision, of the area agency may be appealed to the Health Planning Council. Any appeal shall be made within 30 days of the decision or lack of decision.

Approval of voluntary area and local area health planning agencies, adoption of statewide general principles for planning and the adoption of administrative procedures for voluntary area and local area health planning agencies shall be made by the Health Planning Council only after notice and public hearing.

SEC. 3. Section 437.8 is added to the Health and Safety Code, to read:

437.8. The Health Planning Council shall develop general principles to guide voluntary area and local area health planning agencies in the performance of their responsibilities under Section 437.7. These principles shall provide for consideration of the following factors and may provide other guidelines not inconsistent herewith:

(b) The availability and adequacy of health care services in the area's existing facilities which currently conform to federal and state standards;

The area agency will have 30 days in which to review the recommendation or lack of recommendation of its local agency and may approve, modify, or reject it. Failure to act within 30 days shall be deemed approval of the local agency recommendation by the area agency. The result of either action or failure to act by the area agency on a recommendation or lack of recommendation will be its decision on the application.

SEC. 6. Section 438.1 is added to the Health and Safety Code, to read:

SECTION 1. Chapter 2.5 (commencing with Section 17065) is added to Part 10 of Division 2 of the Revenue and Taxation Code, to read:

CHAPTER 2.5. SPECIAL TAX CREDIT

17065. (a) A special tax credit of 10 percent of the amount of "net tax" (as defined in Section 17066) shall be allowed against the taxes imposed by this part with respect to taxable years beginning after December 31, 1968, and before January 1, 1970. If the taxpayer has more than one taxable year beginning after December 31, 1968, and before January 1, 1970, such taxpayer shall be allowed the special credit provided by this section only with respect to the taxable year which covers the most number of months.

In the case of a single person, or a married person filing a separate return, the special tax credit shall not exceed one hundred dollars ($100).

In the case of a head of a household, or a married couple filing a joint return, the special tax credit shall not exceed two hundred dollars ($200).

(b) The special tax credit provided by this section shall not apply to trusts or estates subject to tax under this part.

(c) In order to claim the special tax credit allowed under subdivision (a), the taxpayer must first pay the entire amount of the net tax liability (as defined in Section 17066), less the amount of the special tax credit provided by this chapter and any balance due thereon after taking into account any prepayment or prepayments made pursuant to the provisions of Section 18556 for taxable years beginning after December 31, 1968, and before January 1, 1970, on or before the due date of the return (as extended by Section 18433 or 18434), unless the taxpayer's failure to pay or file a timely return was due to reasonable cause and not due to willful neglect.

(d) The tax credit allowed by this section shall be claimed at the time a return is filed for taxable years beginning after December 31, 1968, and before January 1, 1970.

(e) If, after the special tax credit provided by subdivision (a) is claimed, the Franchise Tax Board determines that the taxpayer's net tax liability for taxable years beginning after December 31, 1968, and before January 1, 1970, is more or less than the amount shown on the return, a corresponding adjustment shall be made by the Franchise Tax Board for the special tax credit.

17066. (a) The term "net tax" means the tax imposed under either Section 17041 or 17048, minus the sum of any credits against the tax provided by Section 17054 (relating to credits for personal exemptions). However, for the purposes of this chapter, in determining the amount of tax imposed under either Section 17041 or 17048, taxable income shall be computed without regard to the amount by which net long-term capital gain exceeds net short-term capital loss. As used in this chapter, the term "net long-term capital gain" includes—

(1) The excess of long-term capital gains over long-term capital losses,

(2) The excess of gains over losses from transactions which are treated as sales or exchanges of capital assets and reportable as net long-term capital gain or loss under this part, and

(3) Net gains from the sales or exchanges of property used in the taxpayer's trade or business.

(b) Notwithstanding the provisions of subdivision (a), the amount of the taxpayer's adjusted gross income shall be determined as provided by Section 17072 for the purposes of computing—

(1) The amount of any deductions allowed by Articles 6 (commencing with Section 17201) and 7 (commencing with Section 17251) of Chapter 3 of this part,

(2) The amount of credit allowed by Chapter 12 (commencing with Section 18001) of this part for taxes paid to another state, and

(3) The proportionate amount of the minimum standard deduction and the credits for personal exemption pursuant to Section 17055 (relating to certain nonresidents).

(c) For the purposes of Chapter 2.5 only, the term "net tax liability" means the tax imposed under either Section 17041 or 17048, minus the sum of any credits against the tax provided by Section 17053 (relating to retirement income credit), Section 17054 (relating to credits for personal exemptions), and Chapter 12 (commencing with Section 18001) of this part (relating to taxes paid other states).

17067. For the purposes of Chapter 12 (commencing with Section 18001) of this part, credits for taxes paid to other states shall be allowed against the amount of "net tax" (as defined in Section 17066) minus the special credit provided by this chapter.

17068. For the purposes of Section 18414 (relating to the filing of a declaration of estimated tax) and Section 18556 (relating to the payment of estimated tax), the requirement for filing a declaration of estimated tax and the amount of estimated tax to be paid shall be determined without regard to the special tax credit provided in Section 17065.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 1468

An act to amend Section 1193 of the Code of Civil Procedure, and to amend Section 3097 of the Civil Code as added by Senate Bill No. 316 of the 1969 Regular Session, relating to mechanics' liens.

[Approved by Governor September 4, 1969. Filed with Secretary of State September 4, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 1193 of the Code of Civil Procedure is amended to read:

1193. (a) Except one under direct contract with the owner or one performing actual labor for wages, every person who furnishes labor, service, equipment or material for which a lien otherwise can be claimed under this chapter, or for which a notice to withhold can otherwise be given under this chapter, must, as a necessary prerequisite to the validity of any claim of lien and of the notice to withhold, cause to be

given to the owner or reputed owner, to the original contractor or reputed contractor, and to the construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by this section.

(b) All persons having a direct contract with the owner, except the contractor or one performing actual labor for wages, who furnish labor, service, equipment, or material for which a lien otherwise can be claimed under this chapter, or for which a notice to withhold can otherwise be given under this chapter, must, as a necessary prerequisite to the validity of any claim of lien and of the notice to withhold, cause to be given to the construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by subdivision (c) of this section.

(c) The preliminary notice referred to in subdivisions (a) and (b) above shall be given not later than 20 days after the claimant has first furnished labor, services, equipment, or materials to the jobsite and shall contain the following information:

1. A general description of the labor, service, equipment or materials furnished, or to be furnished, and if there is a construction lender, he shall be furnished with an estimate of the total price thereof in addition to the foregoing.

2. The name and address of such person furnishing such labor, services, equipment or materials.

3. The name of the person who contracted for purchase of such labor, services, equipment or materials.

4. A description of the jobsite sufficient for identification.

5. A statement that if bills are not paid in full for labor, services, equipment or materials furnished, or to be furnished, the improved property may be subject to mechanics' liens.

If an invoice for such materials contains the information required by this section, a copy of such invoice, transmitted in the manner prescribed by this section, shall be sufficient notice.

A certificated architect who has furnished services for the design of the work of improvement and who gives a preliminary notice as provided in this section not later than 20 days after the work of improvement has commenced shall be deemed to have complied with subdivisions (a) and (b) of this section with respect to architectural services furnished, or to be furnished.

(d) If labor, service, equipment, or materials have been furnished to a jobsite by a person who elected not to give a preliminary notice as provided in subdivision (a) or (b), such person shall not be precluded from giving a preliminary notice not later than 20 days after furnishing other labor, service, equipment, or materials to the same jobsite; provided, however, that such person shall be entitled to claim a lien and a notice to withhold only for such labor, service, equipment, or material furnished within 20 days prior to the service of such notice and at any time thereafter.

(e) Any agreement made or entered into by an owner whereby the owner agrees to waive the rights or privileges conferred upon him by this section shall be void and of no effect.

(f) Service of notice required under this section may be given by delivering the same to the person to be notified, personally, or by leaving it at his address or place of business with some person in charge, or by first-class mail, registered mail, or certified mail, postage prepaid, addressed to the person to whom notice is to be given, at his residence or place of business address, at the address shown by the building permit on file with the authority issuing a building permit for the work, or at an address recorded pursuant to subdivision (k) of this section. If the address of the person on whom notice was required to be served is not actually known, then service of such notice may be by first-class mail, registered mail, or certified mail addressed to the jobsite with the envelope setting forth the name of the owner or reputed owner, if known, or if not known, then merely "Owner," or to the person to whom a notice to withhold may be given, if known, or if not known, then to "Construction Lender," or to the original contractor, if known, or if not known, then to "General Contractor." When service is by registered or certified mail, service is complete at the time of the deposit of the registered or certified mail.

(g) A person required by this section to give notice to the owner and to an original contractor and to a person to whom a notice to withhold may be given, need give only one such notice to the owner, and to the original contractor and to the person to whom a notice to withhold may be given with respect to all materials, service, labor, or equipment he furnishes for a work of improvement, which means the entire structure or scheme of improvements as a whole, unless the same is furnished under contracts with more than one subcontractor, in which event the notice requirements must be met with respect to materials, services, labor, or equipment furnished to each such subcontractor.

If a notice contains a general description required by subdivision (a) or (b) of the materials, services, labor, or equipment furnished to the date of the notice, it is not defective because, after such date, the person giving notice furnishes materials, services, labor or equipment not within the scope of such general description.

(h) Where the contract price to be paid to any subcontractor on a particular work of improvement exceeds four hundred dollars ($400), the failure of that contractor, licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, to give the notice provided for in this section constitutes grounds for disciplinary action by the Registrar of Contractors.

(i) The provisions of this section shall not apply to any public work which is subject to the notice provisions of Section 4210 of the Government Code.

(j) Every city, county, city and county, or other governmental authority issuing building permits shall, in its application form for a building permit, provide space and a designation for the applicant to enter the name, branch designation if any, and address of the construction lender and shall keep such information on file open for public inspection during the regular business hours of the authority.

If there is no known construction lender, that fact shall be noted in such designated space. Any failure to indicate the name and address of the construction lender on such application, however, shall not relieve any person from the obligation to give to such construction lender the notice required by this section.

(k) A mortgage, deed of trust, or other instrument securing a loan, any of the proceeds of which may be used for the purpose of constructing improvements on real property, shall bear the designation "Construction Trust Deed" prominently on its face and shall state all of the following: (1) the name and address of the lender, and the name and address of the owner of the real property described in the instrument, and (2) a legal description of the real property which secures the loan and, if known, the street address of the property. The failure to be so designated or to state any of the information required by this subdivision shall not affect the validity of any such mortgage, deed of trust, or other instrument.

Failure to provide such information on such an instrument when recorded shall not relieve persons required to give preliminary notice under this section from such duty.

The county recorder of the county in which such instrument is recorded shall indicate in the general index of the official records of the county that such instrument secures a construction loan.

SEC. 2. Section 1193 of the Code of Civil Procedure is amended to read:

1193. (a) Except one under direct contract with the owner or one performing actual labor for wages, every person who furnishes labor, service, equipment or material for which a lien otherwise can be claimed under this chapter, or for which a notice to withhold can otherwise be given under this chapter, must, as a necessary prerequisite to the validity of any claim of lien and of the notice to withhold, cause to be given to the owner or reputed owner, to the original contractor or reputed contractor, and to the construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by this section.

(b) All persons having a direct contract with the owner, except the contractor or one performing actual labor for wages, who furnish labor, service, equipment, or material for which a lien otherwise can be claimed under this chapter, or

for which a notice to withhold can otherwise be given under this chapter, must, as a necessary prerequisite to the validity of any claim of lien and of the notice to withhold, cause to be given to the construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by subdivision (c) of this section.

(c) The preliminary notice referred to in subdivisions (a) and (b) above shall be given not later than 20 days after the claimant has first furnished labor, services, equipment, or materials to the jobsite and shall contain the following information:

1. A general description of the labor, service, equipment or materials furnished, or to be furnished, and if there is a construction lender, he shall be furnished with an estimate of the total price thereof in addition to the foregoing.

2. The name and address of such person furnishing such labor, services, equipment or materials.

3. The name of the person who contracted for purchase of such labor, services, equipment or materials.

4. A description of the jobsite sufficient for identification.

5. A statement that if bills are not paid in full for labor, services, equipment or materials furnished, or to be furnished, the improved property may be subject to mechanics' liens.

If an invoice for such materials contains the information required by this section, a copy of such invoice, transmitted in the manner prescribed by this section, shall be sufficient notice.

A certificated architect, registered engineer, or licensed land surveyor who has furnished services for the design of the work of improvement and who gives a preliminary notice as provided in this section not later than 20 days after the work of improvement has commenced shall be deemed to have complied with subdivisions (a) and (b) of this section with respect to architectural, engineering, or surveying services furnished, or to be furnished.

(d) If labor, service, equipment, or materials have been furnished to a jobsite by a person who elected not to give a preliminary notice as provided in subdivision (a) or (b), such person shall not be precluded from giving a preliminary notice not later than 20 days after furnishing other labor, service, equipment, or materials to the same jobsite; provided, however, that such person shall be entitled to claim a lien and a notice to withhold only for such labor, service, equipment, or material furnished within 20 days prior to the service of such notice and at any time thereafter.

(e) Any agreement made or entered into by an owner whereby the owner agrees to waive the rights or privileges conferred upon him by this section shall be void and of no effect.

(f) Service of notice required under this section may be given by delivering the same to the person to be notified, personally, or by leaving it at his address or place of business with some person in charge, or by first-class mail, registered mail, or certified mail, postage prepaid, addressed to the person

to whom notice is to be given, at his residence or place of business address, at the address shown by the building permit on file with the authority issuing a building permit for the work, or at an address recorded pursuant to subdivision (k) of this section. If the address of the person on whom notice was required to be served is not actually known, then service of such notice may be by first-class mail, registered mail, or certified mail addressed to the jobsite with the envelope setting forth the name of the owner or reputed owner, if known, or if not known, then merely "Owner," or to the person to whom a notice to withhold may be given, if known, or if not known, then to "Construction Lender," or to the original contractor, if known, or if not known, then to "General Contractor." When service is by registered or certified mail, service is complete at the time of the deposit of the registered or certified mail.

(g) A person required by this section to give notice to the owner and to an original contractor and to a person to whom a notice to withhold may be given, need give only one such notice to the owner, and to the original contractor and to the person to whom a notice to withhold may be given with respect to all materials, service, labor, or equipment he furnishes for a work of improvement, which means the entire structure or scheme of improvements as a whole, unless the same is furnished under contracts with more than one subcontractor, in which event the notice requirements must be met with respect to materials, services, labor, or equipment furnished to each such subcontractor.

If a notice contains a general description required by subdivision (a) or (b) of the materials, services, labor, or equipment furnished to the date of the notice, it is not defective because, after such date, the person giving notice furnishes materials, services, labor or equipment not within the scope of such general description.

(h) Where the contract price to be paid to any subcontractor on a particular work of improvement exceeds four hundred dollars ($400), the failure of that contractor, licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, to give the notice provided for in this section constitutes grounds for disciplinary action by the Registrar of Contractors.

(i) The provisions of this section shall not apply to any public work which is subject to the notice provisions of Section 4210 of the Government Code.

(j) Every city, county, city and county, or other governmental authority issuing building permits shall, in its application form for a building permit, provide space and a designation for the applicant to enter the name, branch designation if any, and address of the construction lender and shall keep such information on file open for public inspection during the regular business hours of the authority.

If there is no known construction lender, that fact shall be noted in such designated space. Any failure to indicate the name and address of the construction lender on such application, however, shall not relieve any person from the obligation to give to such construction lender the notice required by this section.

(k) A mortgage, deed of trust, or other instrument securing a loan, any of the proceeds of which may be used for the purpose of constructing improvements on real property, shall bear the designation "Construction Trust Deed" prominently on its face and shall state all of the following: (1) the name and address of the lender, and the name and address of the owner of the real property described in the instrument, and (2) a legal description of the real property which secures the loan and, if known, the street address of the property. The failure to be so designated or to state any of the information required by this subdivision shall not affect the validity of any such mortgage, deed of trust, or other instrument.

Failure to provide such information on such an instrument when recorded shall not relieve persons required to give preliminary notice under this section from such duty.

The county recorder of the county in which such instrument is recorded shall indicate in the general index of the official records of the county that such instrument secures a construction loan.

SEC. 3. Section 3097 of the Civil Code, as added by Senate Bill No. 316 of the 1969 Regular Session of the Legislature, is amended to read:

3097. "Preliminary 20-day notice (private work)" means a written notice from a claimant that is given prior to the recording of a mechanic's lien and prior to the filing of a stop notice, and is required to be given under the following circumstances:

(a) Except one under direct contract with the owner or one performing actual labor for wages, every person who furnishes labor, service, equipment, or material for which a lien otherwise can be claimed under this title, or for which a notice to withhold can otherwise be given under this title, must, as a necessary prerequisite to the validity of any claim of lien, and of a notice to withhold, cause to be given to the owner or reputed owner, to the original contractor, or reputed contractor, and to the construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by this section.

(b) All persons having a direct contract with the owner, except the contractor or one performing actual labor for wages, who furnish labor, service, equipment, or material for which a lien otherwise can be claimed under this title, or for which a notice to withhold can otherwise be given under this title, must, as a necessary prerequisite to the validity of any claim of lien, and of a notice to withhold, cause to be given to the

construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by this section.

(c) The preliminary notice referred to in subdivisions (a) and (b) shall be given not later than 20 days after the claimant has first furnished labor, service, equipment, or materials to the jobsite, and shall contain the following information:

(1) A general description of the labor, service, equipment, or materials furnished, or to be furnished, and if there is a construction lender, he shall be furnished with an estimate of the total price thereof in addition to the foregoing.

(2) The name and address of such person furnishing such labor, services, equipment, or materials.

(3) The name of the person who contracted for purchase of such labor, service, equipment, or materials.

(4) A description of the jobsite sufficient for identification.

(5) A statement that if bills are not paid in full for labor, service, equipment, or material furnished, or to be furnished, the improved property may be subject to mechanic's liens.

If an invoice for such materials contains the information required by this section, a copy of such invoice, transmitted in the manner prescribed by this section shall be sufficient notice.

A certificated architect who has furnished services for the design of the work of improvement and who gives a preliminary notice as provided in this section not later than 20 days after the work of improvement has commenced shall be deemed to have complied with subdivisions (a) and (b) with respect to architectural services furnished, or to be furnished.

(d) If labor, service, equipment, or materials have been furnished to a jobsite by a person who elected not to give a preliminary notice as provided in subdivision (a) or (b), such person shall not be precluded from giving a preliminary notice not later than 20 days after furnishing other labor, service, equipment, or materials to the same jobsite. Such person shall, however, be entitled to claim a lien and a notice to withhold only for such labor, service, equipment, or material furnished within 20 days prior to the service of such notice, and at any time thereafter.

(e) Any agreement made or entered into by an owner, whereby the owner agrees to waive the rights or privileges conferred upon him by this section shall be void and of no effect.

(f) Service of notice required under this section may be given by delivering the same to the person to be notified, personally, or by leaving it at his address or place of business with some person in charge, or by first-class mail, registered mail, or certified mail, postage prepaid, addressed to the person to whom notice is to be given at his residence or place of business address, at the address shown by the building permit on file with the authority issuing a building per-

mit for the work, or at an address recorded pursuant to subdivision (j) of this section. If the address of the person on whom notice was required to be served is not actually known, then service of such notice may be by first-class mail, registered mail, or certified mail, addressed to the jobsite, with the envelope setting forth the name of the owner or reputed owner, if known, or if not known, then merely "owner" or to the person to whom a notice to withhold may be given, if known, or if not known, then to "construction lender" or to the original contractor, if known, or if not known, then to "general contractor". When service is by registered or certified mail, service is complete at the time of the deposit of the registered or certified mail.

(g) A person required by this section to give notice to the owner and to an original contractor, and to a person to whom a notice to withhold may be given, need give only one such notice to the owner, and to the original contractor and to the person to whom a notice to withhold may be given with respect to all materials, service, labor, or equipment he furnishes for a work of improvement, which means the entire structure or scheme of improvements as a whole, unless the same is furnished under contracts with more than one subcontractor, in which event, the notice requirements must be met with respect to materials, services, labor, or equipment furnished to each such contractor.

If a notice contains a general description required by subdivision (a) or (b) of the materials, services, labor, or equipment furnished to the date of notice, it is not defective because, after such date, the person giving notice furnishes materials, services, labor, or equipment not within the scope of such general description.

(h) Where the contract price to be paid to any subcontractor on a particular work of improvement exceeds four hundred dollars ($400), the failure of that contractor, licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, to give the notice provided for in this section, constitutes grounds for disciplinary action by the Registrar of Contractors.

(i) Every city, county, city and county, or other governmental authority issuing building permits shall, in its application form for a building permit, provide space and a designation for the applicant to enter the name, branch designation, if any, and address of the construction lender and shall keep the information on file open for public inspection during the regular business hours of the authority.

If there is no known construction lender, that fact shall be noted in such designated space. Any failure to indicate the name and address of the construction lender on such application, however, shall not relieve any person from the obligation to give to the construction lender the notice required by this section.

(j) A mortgage, deed of trust, or other instrument securing a loan, any of the proceeds of which may be used for the purpose of constructing improvements on real property, shall bear the designation "Construction Trust Deed" prominently on its face and shall state all of the following: (1) the name and address of the lender, and the name and address of the owner of the real property described in the instrument, and (2) a legal description of the real property which secures the loan and, if known, the street address of the property. The failure to be so designated or to state any of the information required by this subdivision shall not affect the validity of any such mortgage, deed of trust, or other instrument.

Failure to provide such information on such an instrument when recorded shall not relieve persons required to give preliminary notice under this section from such duty.

The county recorder of the county in which such instrument is recorded shall indicate in the general index of the official records of the county that such instrument secures a construction loan.

SEC. 4. Section 3097 of the Civil Code, as added by Senate Bill No. 316 of the 1969 Regular Session of the Legislature, is amended to read:

3097. "Preliminary 20-day notice (private work)" means a written notice from a claimant that is given prior to the recording of a mechanic's lien and prior to the filing of a stop notice, and is required to be given under the following circumstances:

(b) All persons having a direct contract with the owner, except the contractor or one performing actual labor for wages, who furnish labor, service, equipment, or material for which a lien otherwise can be claimed under this title, or for which a notice to withhold can otherwise be given under this title, must, as a necessary prerequisite to the validity of any claim of lien, and of a notice to withhold, cause to be given to the construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by this section.

(c) The preliminary notice referred to in subdivisions (a) and (b) shall be given not later than 20 days after the claimant has first furnished labor, service, equipment, or materials to the jobsite, and shall contain the following information:

(1) A general description of the labor, service, equipment, or materials furnished, or to be furnished, and if there is a construction lender, he shall be furnished with an estimate of the total price thereof in addition to the foregoing.

(d) If labor, service, equipment, or materials have been furnished to a jobsite by a person who elected not to give a preliminary notice as provided in subdivision (a) or (b), such person shall not be precluded from giving a preliminary notice not later than 20 days after furnishing other labor, service, equipment, or materials to the same jobsite. Such person shall, however, be entitled to claim a lien and a notice to withhold only for such labor, service, equipment, or material furnished within 20 days prior to the service of such notice, and at any time thereafter.

(e) Any agreement made or entered into by an owner, whereby the owner agrees to waive the rights or privileges conferred upon him by this section shall be void and of no effect.

(f) Service of notice required under this section may be given by delivering the same to the person to be notified, personally, or by leaving it at his address or place of business with some person in charge, or by first-class mail, registered mail, or certified mail, postage prepaid, addressed to the person to whom notice is to be given at his residence or place of business address, at the address shown by the building permit on file with the authority issuing a building permit for the work, or at an address recorded pursuant to subdivision (j) of this section. If the address of the person on whom notice was required to be served is not actually known, then service of such notice may be by first-class mail, registered

mail, or certified mail, addressed to the jobsite, with the envelope setting forth the name of the owner or reputed owner, if known, or if not known, then merely "owner" or to the person to whom a notice to withhold may be given, if known, or if not known, then to "construction lender" or to the original contractor, if known, or if not known, then to "general contractor". When service is by registered or certified mail, service is complete at the time of the deposit of the registered or certified mail.

(g) A person required by this section to give notice to the owner and to an original contractor, and to a person to whom a notice to withhold may be given, need give only one such notice to the owner, and to the original contractor and to the person to whom a notice to withhold may be given with respect to all materials, service, labor, or equipment he furnishes for a work of improvement, which means the entire structure or scheme of improvements as a whole, unless the same is furnished under contracts with more than one subcontractor, in which event, the notice requirements must be met with respect to materials, services, labor, or equipment furnished to each such contractor.

If a notice contains a general description required by subdivision (a) or (b) of the materials, services, labor, or equipment furnished to the date of notice, it is not defective because, after such date, the person giving notice furnishes materials, services, labor, or equipment not within the scope of such general description.

(h) Where the contract price to be paid to any subcontractor on a particular work of improvement exceeds four hundred dollars ($400), the failure of that contractor, licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, to give the notice provided for in this section, constitutes grounds for disciplinary action by the Registrar of Contractors.

6995.1. Each county may establish a comprehensive treatment and rehabilitation program for chronic alcoholics. Each program may include, but is not limited to, inpatient extended care facilities, outpatient aftercare facilities, supportive residential facilities, vocational and family counseling services, and rehabilitation services. It is the intent of the Legislature that such a program will make available strong educational and proselytizing techniques so that the individual is attracted to the services offered, and will utilize public and private resources.

6995.2. Treatment and rehabilitation programs may be planned, administered, and supervised by the county agency determined by the county board of supervisors.

6995.3. Subject to the approval of the Secretary of the Human Relations Agency, the Department of Rehabilitation shall prepare rules, standards, and procedures, necessary and proper for the planning and effective operation of treatment and rehabilitation programs. Such rules, standards, and procedures shall, to the extent feasible, be consistent and coordinated with any adopted pursuant to the McAteer Alcoholism Act.

6995 4. If a county determines that it will establish a comprehensive treatment and rehabilitation program for chronic alcoholics, the county shall prepare a county plan for such a treatment and rehabilitation program in strict conformance with the rules, standards, and procedures provided for in Section 6995.3. Such plans shall be submitted to the Department of Rehabilitation. The Department of Rehabilitation shall review all county plans, determine whether they comply with the rules, standards, and procedures promulgated pursuant to this section, and grant or deny approval of such plans on the basis of that determination The Department of Rehabilitation, the State Department of Mental Hygiene, and the State Department of Public Health shall consult with and render assistance to any county which requests information or advice concerning the planning and operation of its local plan.

The State Department of Public Health has the primary responsibility of consulting with and assisting any county making such request with respect to any medical services provided by the local plan.

county board of supervisors pursuant to Section 6995.2, to receive treatment for chronic alcoholism in a treatment and rehabilitation program established under Section 6995.1. Such county agency shall refuse admission only to those volunteers who do not reasonably appear to be in need of care, or those volunteers whose admission would prejudice the treatment of any person or persons entrusted to its care under any other provisions of this article, or if the program is not able, because of lack of resources, to accommodate such volunteers.

6997.1. Any person who is convicted under the provisions of subdivision (f) of Section 647 of the Penal Code with respect to intoxicating liquor may be granted probation if such person joins and makes use of the treatment and rehabilitation program established under Section 6995.1.

Article 1.5. Detention of Inebriates for Evaluation and Treatment

5170. When any person is a danger to others, or to himself, or greatly disabled as a result of inebriation, a peace officer, member of the attending staff, as defined by regulation, of an evaluation facility designated by the county, or other person designated by the county may, upon reasonable cause, take, or cause to be taken, the person into custody and place him in a facility designated by the county and approved by the State Department of Mental Hygiene as a facility for 72-hour treatment and evaluation of inebriates

Such facility shall require an application in writing stating the circumstances under which the person's condition was called to the attention of the officer, member of the attending staff, or other designated person, and stating that the officer, member of the attending staff, or other designated person be-

lieves as a result of his personal observations that the person is, as a result of inebriation, a danger to others, or to himself, or gravely disabled.

5171. If the facility for 72-hour treatment and evaluation of inebriates admits the person, it may detain him for evaluation and detoxification treatment, and such other treatment as may be indicated, for a period not to exceed 72 hours, excluding Saturdays, Sundays, and holidays if evaluation and treatment services are not available on those days.

If in the judgment of the professional person in charge of the facility providing evaluation and treatment, the person can be properly served without being detained, he shall be provided evaluation, detoxification treatment or other treatment, crisis intervention, or other inpatient or outpatient services on a voluntary basis.

5172. Each person admitted to a facility for 72-hour treatment and evaluation under the provisions of this article shall receive an evaluation as soon after he is admitted as possible and shall receive such treatment and care as his condition requires for the full period that he is held. Such person shall be released before 72 hours have elapsed if, in the opinion of the professional person in charge of the facility, the person no longer requires evaluation or treatment.

Persons who have been detained for evaluation and treatment shall be released, and may be referred for further care and treatment on a voluntary basis. If such a person could also have been detained under Article 1 (commencing with Section 5150) of this chapter, he may be deemed to have been detained under that article, and certified for intensive treatment or recommended for conservatorship pursuant to this part as required.

5173. The professional person in charge of the facility providing 72-hour treatment and evaluation, and the peace officer responsible for the detainment of the person shall not be held civilly or criminally liable for any action by a person released at or before the end of 72 hours pursuant to this article.

5174. It is the intent of the Legislature that facilities for 72-hour treatment and evaluation of inebriates be subject to state funding under Part 2 (commencing with Section 5600) of this division only if they primarily provide medical services and would normally be considered an integral part of a community health program. Services provided under this act shall not be included in Priority 1 funding under the Short-Doyle program. While facilities previously receiving funds from other sources may be designated as facilities for 72-hour treatment and evaluation of inebriates, it is intended that they continue such previous funding. McAteer funds or facilities shall not be utilized for the purposes of the 72-hour involuntary holding program as outlined in this chapter.

To this end, no facility for 72-hour treatment and evaluation of inebriates shall be eligible for funding under Part 2 (com-

mencing with Section 5600) of this division until approved by the Director of Mental Hygiene.

5175. Nothing in this article shall be construed to prevent a facility designated as a facility for 72-hour evaluation and treatment of inebriates from also being designated as a facility for 72-hour evaluation and treatment of other persons subject to this part, including persons impaired by chronic alcoholism.

5176. This article shall apply only to those counties wherein the board of supervisors has adopted a resolution stating that suitable facilities exist within the county for the care and treatment of inebriates, designating the facilities to be used as facilities for 72-hour treatment and evaluation of inebriates, and otherwise adopting the provisions of this article.

SEC. 3. Chapter 9 (commencing with Section 19850) is added to Part 2 of Division 10 as proposed to be added by Senate Bill No. 840, to read:

CHAPTER 9. CHRONIC ALCOHOLICS

19850. Each county may establish a comprehensive treatment and rehabilitation program for chronic alcoholics. Each program may include, but is not limited to, inpatient extended care facilities, outpatient aftercare facilities, supportive residential facilities, vocational and family counseling services, and rehabilitation services. It is the intent of the Legislature that such a program will make available strong educational and proselytizing techniques so that the individual is attracted to the services offered, and will utilize public and private resources.

19851. Treatment and rehabilitation programs may be planned, administered, and supervised by the county agency determined by the county board of supervisors.

19852. Subject to the approval of the Secretary of the Human Relations Agency, the Department of Rehabilitation shall prepare rules, standards, and procedures, necessary and proper for the planning and effective operation of treatment and rehabilitation programs. In preparing such rules, standards, and procedures, the Department of Rehabilitation shall consult with the State Department of Mental Hygiene and the State Department of Public Health and State Board of Public Health. Such rules, standards, and procedures shall, to the extent feasible, be consistent and coordinated with any adopted pursuant to the McAteer Alcoholism Act.

19853. If a county determines that it will establish a comprehensive treatment and rehabilitation program for chronic alcoholics, the county shall prepare a county plan for such a treatment and rehabilitation program in strict conformance with the rules, standards, and procedures provided for in Section 19852. Such plans shall be submitted to the Department of Rehabilitation. The Department of Rehabilitation shall review all county plans, determine whether they comply with the rules, standards, and procedures promulgated pursuant to

this section, and grant or deny approval of such plans on the basis of that determination. The Department of Rehabilitation, the State Department of Mental Hygiene, and the State Department of Public Health shall consult with and render assistance to any county which requests information or advice concerning the planning and operation of its local plan.

The State Department of Public Health has the primary responsibility of consulting with and assisting any county making such request with respect to any medical services provided by the local plan.

19854. Any person may voluntarily place himself in the care of the applicable county agency, as determined by the county board of supervisors pursuant to Section 19851, to receive treatment for chronic alcoholism in a treatment and rehabilitation program established under Section 19850. Such county agency shall refuse admission only to those volunteers who do not reasonably appear to be in need of care, or those volunteers whose admission would prejudice the treatment of any person or persons entrusted to its care under any other provisions of this article, or if the program is not able, because of lack of resources, to accommodate such volunteers.

19855. Any person who is convicted under the provisions of subdivision (f) of Section 647 of the Penal Code with respect to intoxicating liquor may be granted probation if such person joins and makes use of the treatment and rehabilitation program established under Section 19850.

SEC. 4. Section 3 of this act shall become operative only if Senate Bill 840 is enacted by the Legislature at its 1969 Regular Session, and in such case at the same time as Senate Bill 840 takes effect at which time Section 1 of this act is repealed.

The governing body may, by resolution, provide procedures for initiating, filing and processing requests to establish agricultural preserves. The same procedure to establish an agricultural preserve shall be used to enlarge or diminish the size of an agricultural preserve including disestablishment of an agricultural preserve. (f) "Uniform rules" mean rules adopted by a city or county for the administration of each agricultural preserve including waiver of compensation pursuant to Section 51261, and such rules shall be uniform throughout the agricultural preserve for which the rules are adopted.

(j) A "managed wetland area" is an area, which may be an area diked off from the ocean or any bay, river or stream to which water is occasionally admitted, and which, for at least three consecutive years immediately prior to being placed within an agricultural preserve pursuant to this chapter, was used and maintained as a waterfowl hunting preserve or game refuge or for agricultural purposes.

(k) A "submerged area" is any land determined by the board or council to be submerged or subject to tidal action and found by the board or council to be of great value to the state as open space.

51205. Notwithstanding any provisions of this chapter to the contrary, land within a scenic highway corridor, a wildlife habitat area, a saltpond, a managed wetland area, or a submerged area may be included within an agricultural preserve pursuant to this chapter. When such land is included within an agricultural preserve, the city or county within which it is situated may contract with the owner for the purpose of restricting the land to open space use and uses compatible therewith in the same manner as provided in this chapter for land devoted to agricultural use. For purposes of this section, where the term "agricultural land" is used in this chapter, it shall be deemed to include land within a scenic highway corridor, a wildlife habitat area, a saltpond, a managed wetland area, or a submerged area, and where the term "agricultural use" is used in this chapter, it shall be deemed to include open space use.

SEC. 4. Section 51220 of the Government Code is amended to read:

51220. The Legislature finds:

(a) That the preservation of a maximum amount of the limited supply of agricultural land is necessary to the conservation of the state's economic resources, and is necessary not only to the maintenance of the agricultural economy of the state, but also for the assurance of adequate, healthful and nutritious food for future residents of this state and nation.

(b) That the discouragement of premature and unnecessary conversion of agricultural land to urban uses is a matter of public interest and will be of benefit to urban dwellers themselves in that it will discourage discontiguous urban development patterns which unnecessarily increase the costs of community services to community residents.

(c) That in a rapidly urbanizing society agricultural lands have a definite public value as open space, and the preservation in agricultural production of such lands, the use of which may be limited under the provisions of this chapter, constitutes an important physical, social, esthetic and economic asset to existing or pending urban or metropolitan developments.

(d) That land within a scenic highway corridor or wildlife habitat area as defined in this chapter has a value to the state because of its scenic beauty and its location adjacent to or within view of a state scenic highway or because it is of great importance as habitat for wildlife and contributes to the preservation or enhancement thereof.

(e) For these reasons, this chapter is necessary for the promotion of the general welfare and the protection of the public interest in agricultural land.

SEC. 5. Section 51254 is added to the Government Code, to read:

51254. Bids need not be secured for change orders which do not materially change the scope of the work as set forth in a contract previously made; provided, that such contract was made after compliance with bidding requirements, and such change orders do not total more than 5 percent of such contract.

As used in this section, "medical or surgical equipment or supplies" includes only equipment or supplies commonly, necessarily, and directly used by or under the direction of a physician and surgeon in caring for or treating a patient in a hospital.

Nothing in this section shall prevent any district hospital from participating as a member of any organization described in Section 23704 of the Revenue and Taxation Code, nor shall this section apply to any purchase made or services rendered by such organization on behalf of a district hospital which is a member of such organization.

SEC. 2. Section 23704 is added to the Revenue and Taxation Code, to read:

(1) To perform, on a centralized basis, one or more of the following services which, if performed on its own behalf by a hospital which is an organization described in Section 23701d and exempt from taxation under Section 23701, would constitute activities in exercising or performing the purpose or function constituting the basis for its exemption: data processing, purchasing, warehousing, billing and collection, food, industrial engineering, laboratory, laundry, printing, communications, record center, and personnel (including selection, testing, training, and education of personnel) services; and

(2) To perform such services solely for two or more hospitals, and for no other individuals or organizations, each of which is:

(A) An organization described in Section 23701d which is exempt from taxation under Section 23701;

(B) A constituent part of an organization described in Section 23701d which is exempt from taxation under Section 23701 and which, if organized and operated as a separate entity, would constitute an organization described in Section 23701d; or

(C) Owned and operated by the United States, the state, a county, or a political subdivision, or an agency or instrumentality of any of the foregoing;

(b) Such organization is organized and operated on a cooperative basis and allocates or pays, within 8½ months after the close of its income year, all net earnings to members on the basis of services performed for them; and

(c) If such organization has capital stock, all of such stock outstanding is owned by its members.

For purposes of this part, any organization which, by reason of the preceding sentence, is an organization described in Section 23701d and exempt from taxation under Section 23701, shall be treated as a hospital and as an organization referred to in Section 23736(e).

CHAPTER 1479

An act appropriating funds for increases in compensation for psychiatric technicians, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 4, 1969. Filed with Secretary of State September 6, 1969.]

I object to the $3,676,633 appropriation in Senate Bill No. 481, and I hereby reduce said appropriation from $3,676,633 to $1,838,317.
With this reduction, I approve the bill

RONALD REAGAN, Governor

The people of the State of California do enact as follows:

SECTION 1. There is hereby appropriated from the General Fund the sum of three million six hundred seventy-six thousand six hundred thirty-three dollars ($3,676,633), to be allocated as provided in Section 2 of this act, and such sums from other funds as provided in Section 2 of this act, for salary increases for psychiatric technician classes to be allocated as provided for in this act.

SEC. 2. The amount appropriated from the General Fund by Section 1 of this act shall be used to augment Item 297(a) of the Budget Act of 1969 for the period July 1, 1969–June 30, 1970. Such amount shall be allocated by the Department of Finance to the several state offices, departments, boards, bureaus, commissions, and other state agencies, in augmentation of their respective appropriations for support or for other purposes, in such amounts as will make sufficient money available to be paid to psychiatric technician classes, whose compensation, or portion thereof is chargeable to the General Fund, an increase in compensation, including staff benefits, established on or after January 1, 1969, by the State Personnel

Board or other salary-fixing authority, exclusive of the Regents of the University of California and the Trustees of the California State Colleges as provided in Section 3 of this act.

For psychiatric technician classes, whose compensation, including staff benefits, or portion thereof, is payable from special funds or other funds there is hereby appropriated from each special fund or other funds from which such employees are paid an amount sufficient to provide increases in compensation, including staff benefits, for each such employee, in accordance with this section, which amount is to be made available by executive order of the Director of Finance in augmentation of their respective appropriations for support or for other purposes.

Before any increased salary range or rate established for any position for the period July 1, 1969–June 30, 1970, shall become effective, a certification shall be obtained from the Director of Finance that sufficient money either is available in funds authorized for the agencies or may be made available from the appropriation in this item, to meet the cost of such increases.

SEC. 3. The money appropriated by this act shall be used to raise the salary range of psychiatric technician classes which have fallen substantially behind compensation for comparable work within state service.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Compensation for psychiatric technician classes has fallen substantially behind compensation for other classes within state service who do comparable and often identical work. Unless there is a prompt and adequate realignment of the compensation of the psychiatric technician classes, the principle of "like pay for like work" as set forth in Section 18850 of the Government Code will be violated in its application to the psychiatric technician classes, and state service will suffer serious and irreparable harm. It is therefore necessary that this legislation be given immediate effect.
