CHAPTER 1137

An act to add Chapter 8.5 (commencing with Section 3901) to Division 2 of the Business and Professions Code, relating to nursing home administrators, and making an appropriation therefor.

[Approved by Governor September 15, 1970. Filed with Secretary of State September 15, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 8.5 (commencing with Section 3901) is added to Division 2 of the Business and Professions Code, to read:

CHAPTER 8.5. NURSING HOME ADMINISTRATOR'S LICENSE LAW

Article 1. General Provisions

3901. This chapter may be known and cited as the "Nursing Home Administrator's Licensing Act."

3902. "Nursing home" means any institution, facility, place, building or agency, or portion thereof, defined and licensed as such in Chapter 2 (commencing with Section 1400) of Division 2 of the Health and Safety Code. The term "nursing home" as used in this act includes private mental institutions as defined and licensed in Chapter 1 (commencing with Section 7000) of Division 7 of the Welfare and Institutions Code.

3903. "Nursing home administrator" means an individual who, in carrying out the policies of the governing body of a nursing home, is charged with the general administration of a nursing home, whether or not such individual has an ownership interest in such home and whether or not his functions and duties are shared with one or more other individuals. However, nothing in this chapter shall be construed to prevent any person, as long as he is otherwise qualified, from obtaining and maintaining a license.

3904. "Board" means the State Board of Examiners of Nursing Home Administrators of the State of California.

3905. Ninety days after the board has adopted a resolution declaring that applications may be received for provisional licenses under Section 3922, it shall be a misdemeanor for any person to act or serve in the capacity of a nursing home administrator, unless he is the holder of a nursing home administrator's license issued in accordance with the provisions of this chapter; provided, however, that persons carrying out functions and duties delegated by a licensed administrator shall not be construed to be committing any unlawful act under this chapter.

This section shall not apply to any person who serves as an acting administrator as provided in this paragraph when a licensed administrator is not available because of death, illness,

or any other reason. A person who is acting as an administrator shall notify the board within five days of that fact and the circumstances which made it necessary. No person shall act as an administrator for more than 10 days unless arrangements have been made for part-time supervision of his activities by a nursing home administrator who holds a license or provisional license under this chapter. The board shall be notified of the nature of such arrangements. No person may act as an administrator for more than two months without the approval of the board and the board may not approve a person to act as an administrator for more than six months.

3906. A person who serves as an administrator of a nursing home which is exempt from licensing pursuant to subdivision (c) of Section 1415 of the Health and Safety Code, shall be exempt from the provisions of this chapter.

Article 2. Administration

3910. There is hereby created in the Department of Professional and Vocational Standards a State Board of Examiners of Nursing Home Administrators which shall consist of nine members, appointed by the Governor, all of whom shall be citizens of the United States and residents of this state. The first administrator appointees to the board shall be chosen from among the persons who are eligible for licensure pursuant to this chapter.

3911. Six members of the board, at the time of their appointment, shall be actively engaged in the administration of nursing homes as defined in Section 3902 of this chapter, three of whom shall be actively engaged in proprietary nursing homes, two of whom shall be actively engaged in nonprofit, charitable private nursing homes, and one of whom shall be actively engaged in an acute general hospital licensed for long-term care beds and which is participating in the Title XIX, Social Security Act, medical assistance program.

3912. Three members of the board shall represent the general public. No person shall be appointed or continue to serve as a public member if he, or his spouse, children, parents, brothers, or sisters are engaged in the management, ownership, operation, or supervision of any nursing home or hospital, or have a legal or financial interest in any nursing home or hospital. One of the three public members shall be actively engaged in the practice of medicine, with a demonstrated interest in convalescent and chronic care, and one of the three public members shall be actively engaged as an educator in health care administration.

3913. The three public members of the first board shall administer to the initial administrator members of the first board an examination of the type to be required of applicants under this chapter, and the initial administrator members of the first board who pass the examination shall thereafter be issued their licenses as nursing home administrators pursuant to this chapter.

3914. Three members of the first board shall be appointed initially for a term expiring July 15, 1974, three members shall be appointed for a term expiring July 15, 1973, and three members shall be appointed for a term expiring July 15, 1972. Thereafter the terms of all members shall be three years. Members of the board may be removed by the Governor for cause.

Each member shall hold office until the appointment and qualification of his successor, or until one year shall have elapsed since the expiration of the term for which he was appointed, whichever first occurs. Vacancies occurring in membership of the board for any cause shall be filled by appointment for the balance of the unexpired term.

3915. The board shall elect from its membership three officers, a chairman, a vice chairman and a secretary, and shall adopt rules and regulations to govern its proceedings. The chairman, or five board members, by signed written request, may call board meetings upon written notice to each member of the board. The board at its discretion shall appoint an executive officer.

3915.5. After June 30, 1972, the board shall meet not more than six times each year without the prior approval of the director. All regular and special meetings of the board shall be preceded by 30 days' notice to the public. Such meetings shall be held in places readily accessible to the public and, whenever possible, in public buildings.

3916. In conformity with the requirements of Section 1908(c) of the Social Security Act, the board shall have all of the following duties:

(a) To develop, impose and enforce standards that shall be met by individuals in order to receive a license as a nursing home administrator, such standards shall be designed to ensure that nursing home administrators shall be individuals who are of good character and otherwise are suitable and who, by training or experience in the field of institutional administration, are qualified to serve as nursing home administrators.

(b) To develop and apply appropriate techniques, including examinations and investigations, for determining whether an individual meets such standards.

(c) To issue licenses to individuals determined, after the application of such techniques, to meet such standards, and to revoke or suspend licenses previously issued by the board in any case where the individual holding any such license is determined substantially to have failed to conform to the requirements of such standards.

(d) To establish and carry out procedures designed to ensure that individuals licensed as nursing home administrators will, during any period that they serve as such, comply with the requirements of such standards.

(e) To receive, investigate and take appropriate action with respect to any charge or complaint filed with the board to the effect that an individual licensed as a nursing home adminis-

trator has failed to comply with the requirements of such standards.

(f) To conduct a continuing study of the administration of nursing homes within the state, with a view to the improvement of the standards imposed for the licensing of such administrators, and of procedures and methods for the enforcement of such standards with respect to administrators of nursing homes who have been licensed as such.

(g) To receive and administer all funds and grants as are made available to the board in order to carry out the purposes of this chapter.

(h) To encourage qualified educational institutions and other qualified organizations to establish, provide and conduct such training and instruction programs and courses as will enable all otherwise qualified individuals to attain the qualifications necessary to meet the standards set by the board, for licensed nursing home administrators, and as will enable licensed nursing home administrators to meet the continuing education requirements for the reregistering of their license.

(i) To consult with and seek the recommendations of the appropriate statewide professional societies, associations, institutional organizations and educational institutions in the development of educational programs.

(j) To give due consideration to the recommendations of the National Advisory Council on Nursing Home Administration, pursuant to the provisions of subdivision (f) of Section 1908 of Title XIX of the Social Security Act (subd. (f), Sec. 1396g, Title 42, U.S.C.).

3917. The board shall adopt such rules and regulations as are reasonably necessary to carry out the provisions of this chapter. Such rules and regulations shall be adopted, amended, and repealed in accordance with Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

Article 3. Licensing

3920. In order to apply for a license, except a provisional license under Section 3922, a person shall make application to the board on a form approved by the board, pay the application fee established by the board, and meet all of the following qualifications:

(a) Be at least 21 years of age.

(b) Be of good moral character.

(c) Have successfully completed an approved general education course of study as determined by the board or have comparable background and experience or a comparable combination of general education, background and experience, as determined by the board.

3921. Unless otherwise provided in this chapter, every applicant for a license as a nursing home administrator, shall be examined by the board. The examination shall be held at least once a year, at a time and a place to be determined by the board.

3922. (a) A provisional license may be issued to any individual applying therefor who has served, as shown by such individual's affidavit, as a nursing home administrator for all of the calendar year immediately preceding July 1, 1970, and who meets the standards specified in subdivisions (a), (b), and (c) of Section 3920. Any such provisional license shall terminate upon the issuance of a permanent license or at midnight, June 30, 1972, whichever is earlier.

(b) If a provisional license is issued to an individual, there shall be provided in this state during all of the period for which such provisional license remains in effect, a program of training and instruction designed to enable all provisionally licensed nursing home administrators to attain the qualifications necessary to be fully licensed as a nursing home administrator, as provided under this chapter.

3923. After June 30, 1972, no person may be licensed under this chapter unless he has passed the examination given by the board.

3924. (a) Every holder of a nursing home administrator's license shall reregister biennially, on dates specified by the board, by making application for reregistration. In the event that the license of an individual is not reregistered within three years from the most recent date for reregistration, it shall lapse and such individual shall again apply for licensing and meet all requirements of this chapter as for a new applicant.

(b) A condition of reregistration shall be the presentation of proof by the licensee that he has attended the number of classroom hours of approved educational programs, classes, seminars or proceedings as set by the board.

(c) A licensee may reregister pursuant to this chapter, although he may not currently be actively engaged in nursing home administration.

3925. The board may issue a license to any person who holds a current license as a nursing home administrator from another state and who demonstrates substantial knowledge of applicable California statutes, codes, regulations and rules, provided that the board finds that the standards for licensure in such other jurisdiction are at least the substantial equivalent of those prevailing in this state, and the applicant is otherwise qualified.

Article 4. Disciplinary Proceedings

3930. The board may deny, or may suspend or revoke, a license upon any of the following grounds:

(a) Gross negligence.

(d) Using fraud or deception in applying for a license or in taking the examination provided for in this chapter.

(e) Treating or attempting to treat any physical or mental condition without being currently licensed to do so.

(f) Violating Section 650 of the Business and Professions Code, any provision of this chapter or any rule or regulation of the board adopted pursuant to this chapter.

(g) Lack of any qualification requirement for the license.

3931. To deny an application for license, the board shall:

(a) File and serve a statement of issues in accordance with Section 3932; or, in the alternative,

(b) Notify the applicant in writing that his application is denied, stating (1) the reason for the denial, and (2) that the applicant has a right to a hearing under Section 3932 if he makes written request therefor to the board within 60 days after service of the notice of denial. Unless written request for hearing is made within the 60-day period, applicant's right to a hearing is deemed waived.

Service of the notice of denial may be made in the manner authorized for service of summons in civil actions or by registered mail addressed to the applicant at the latest address filed by the applicant in writing with the board in his application or otherwise. Service by mail is complete on the date of mailing.

[Approved by Governor September 15, 1970. Filed with Secretary of State September 15, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 4852.02 of the Penal Code is amended to read:

4852.02. (a) A person who files a notice of intention pursuant to Section 4852.01 of this code shall within 10 days thereafter:

(1) Serve upon the chief of police of the city in which he resides, or upon the sheriff of the county if he resides in unincorporated territory, a certified copy of the notice of intention filed with the county clerk.

(2) Give to the peace officer his photograph and fingerprints, full information concerning his residence and occupation, and any other information concerning his conduct and manner of living which the peace officer may require.

(3) Agree to submit to the supervision of the peace officer and conform to any reasonable requirements by the peace officer during the period of rehabilitation.

(b) If any of the requirements of paragraphs (1) to (3), inclusive, of subdivision (a) are not performed until after the 10-day period specified by this section, the period of rehabilitation shall commence when there is compliance with paragraph (1) of subdivision (a). This subdivision shall apply to notices of intention filed before or after the effective date of the amendment of this section enacted at the 1970 Regular Session of the Legislature.

(c) However, if after the filing and serving of the notice the person filing it changes his residence to another county he shall file with the county clerk of such other county a notice of intention similar in form and substance to that previously filed, which second notice shall state the date and place where the previous notice was filed and the name and title of the peace officer upon whom the same was served. A certified copy of such second notice shall be served upon the chief of police of the city into which he has moved, or upon the sheriff of the county if the changed residence is in unincorporated territory,

and the person filing the notice shall give to such peace officer the information described in this section.

(d) Upon the filing of such second notice the county clerk shall transmit notice of that fact to the county clerk with whom the previous notice was filed and said last-mentioned county clerk shall transmit the said previous notice to the county clerk with whom the second notice was filed.

(e) Upon request of the county clerk with whom the second notice is filed, the district attorney shall move and the superior court shall order that the county clerk with whom the original notice was filed furnish such material and data in his possession relevant to the case to the county clerk with whom the second notice was filed.

SEC. 2. Section 4852.03 of the Penal Code is amended to read:

4852.03. The period of rehabilitation shall not begin to run until there has been compliance with paragraph (1) of subdivision (a) of Section 4852.02. For purposes of this chapter, the period of rehabilitation shall constitute three years' residence in the county or counties in which such notice or notices are filed, plus a period of time determined by the following rules:

(1) To the three years there shall be added 30 days for each year of the term prescribed by statute as the maximum penalty of imprisonment for the crime of which the petitioner was convicted. When the maximum term includes the fractional part of a year, the period of rehabilitation shall be extended by a proportional part of the 30-day period.

(2) For the purposes of this chapter, crimes with maximum penalties of life imprisonment shall be regarded as carrying a maximum penalty of imprisonment for 50 years.

(3) Where the petitioner is convicted of multiple crimes, the maximum penalty for the purpose of computing the period of rehabilitation shall be determined as follows: (a) if the sentences are made to run concurrently, the greatest maximum penalty prescribed by statute for any of such crimes shall constitute the maximum penalty; (b) if the sentences are made to run consecutively, the sum of the maximum penalties prescribed by statute for all such crimes shall constitute the maximum penalty, but in no case shall the maximum penalty exceed the period prescribed for life imprisonment under subparagraph (2) of this section. The trial court hearing the application for the certificate of rehabilitation may, if the defendant was ordered to serve consecutive sentences, order that his statutory period of rehabilitation be extended for an additional period of time which when combined with the time already served will not exceed the period prescribed by statute for the sum of the maximum penalties for all such crimes.

(4) Any person who was discharged after completion of his term or was released on parole before May 13, 1943, is not subject to the periods of rehabilitation set forth in these rules.

Unless and until the period of rehabilitation, as stipulated herein, has passed, the petitioner shall be ineligible to file his petition for a certificate of rehabilitation with the court. Any certificate of rehabilitation which is issued and under which the petitioner has not fulfilled the requirements of this chapter shall be void.

A change of residence does not interrupt the period of rehabilitation prescribed by this section if the second notice of intention required by Section 4852.02 of this code is filed.

(d) To incur usual and necessary expenses for the accomplishment of its functions.

(e) To appoint and assign staff personnel and to employ or contract for professional or consulting services to carry out and effect the functions of the commission.

(f) To review the boundaries of the territory involved in any proposal with respect to the definiteness and certainty thereof, the nonconformance of proposed boundaries with lines of assessment or ownership, and other similar matters affecting the proposed boundaries.

(g) To waive the restrictions of Section 34312 and of subdivision (1) of Section 35002.3, and Sections 35158 and 35326 if it finds that the application of the restrictions would be detrimental to the orderly development of the community and that the area that would be enclosed by the annexation or incorporation is so located that it cannot reasonably be annexed to another city or incorporated as a new city.

SEC. 2. Section 33021 of the Health and Safety Code is amended to read:

33021. Redevelopment includes:

(a) The alteration, improvement, modernization, reconstruction, or rehabilitation, or any combination of these, of existing structures in a project area.

(b) Provision for open-space types of use, such as streets and other public grounds and space around buildings, and public or private buildings, structures and improvements, and improvements of public or private recreation areas and other public grounds.

(c) The replanning or redesign or original development of undeveloped areas as to which either of the following conditions exist.

(1) The areas are stagnant or improperly utilized because of defective or inadequate street layout, faulty lot layout in relation to size, shape, accessibility, or usefulness, or for other causes.

(2) The areas require replanning and land assembly for reclamation or development in the interest of the general welfare because of widely scattered ownership, tax delinquency, or other reasons.

(3) The areas require land assembly for the purpose of the development of a "new community" within the meaning of the Federal New Communities Act of 1968.

In the case of development under paragraph (3) of subdivision (c) of Section 33021, an agency may not exercise any powers pursuant to Section 33391, prior to adoption of the redevelopment plan by the legislative body.

SEC. 4. Article 4 (commencing with Section 33250) is added to Chapter 3 of Part 1 of Division 24 of the Health and Safety Code, to read:

Article 4. New Community Development

33250. The Legislature hereby finds and declares that there exist in areas of this state residential, nonresidential, commercial, industrial or vacant areas, and combinations thereof, which are slum or blighted, or which are becoming slum or blighted areas because of substandard, insanitary, deteriorated or deteriorating conditions, including obsolete and dilapidated buildings and structures, defective construction, outmoded design, lack of proper sanitary facilities, inadequate fire or safety protection, excessive land coverage, insufficient light and ventilation, excessive population density, illegal uses and conversions, inadequate maintenance, obsolete systems of utilities, poorly or improperly designed street patterns and intersections, inadequate access to areas, or unsuitable topography, subsoil or other physical conditions, all of which hamper or impede proper and economic development of such areas and which impair or arrest the sound growth of the area, community or municipality, and the state as a whole.

The Legislature further finds and declares that there is a serious need throughout the state for adequate educational, recreational, cultural and other community facilities, the lack of which threatens and adversely affects the health, safety, morals and welfare of the people of this state.

It further finds and declares that there continues to exist throughout the state a seriously inadequate supply of safe and sanitary dwelling accommodations for persons and families of low income. This condition is contrary to the public interest and threatens the health, safety, welfare, comfort and security of the people of this state. The ordinary operations of private enterprise cannot provide an adequate supply of safe and sanitary dwelling accommodations at prices or rentals which persons and families of low income can afford.

33251. It is hereby declared to be the policy of this state to promote the sound growth and development of urban areas and new communities through the correction of sub-

standard, insanitary, blighted, deteriorating conditions, by the clearance, replanning, reconstruction, redevelopment, rehabilitation, restoration, conservation or proper planning of such areas and of areas reasonably accessible thereto and by the undertaking of public and private improvement programs relating thereto.

33252. The department is authorized to accept federal grants that are made under the New Communities Act of 1968 for the purpose of developing new communities in California.

33253. The department may serve as the redevelopment agency with respect to redevelopment within the meaning of paragraph (3) of subdivision (c) of Section 33021 if appointed for this purpose by ordinance of the legislative body of the community undertaking new community development. In serving as a redevelopment agency for such purposes the department shall be vested with all the powers of, and be subject to all the restrictions imposed upon, such agencies by this division.

33254. All expenses incurred by the department in serving as a redevelopment agency pursuant to Section 33253 shall not constitute a charge against the state but shall be paid by the appointing legislative body or reimbursed from federal funds made available for such purpose.

SEC. 5. Section 33298 is added to the Health and Safety Code, to read:

33298. In the case of development under paragraph (3) of subdivision (c) of Section 33021 of an area not within an incorporated city, approval of the local agency formation commission having jurisdiction over the project area shall be obtained prior to preparation of the redevelopment plan.

CHAPTER 1155

An act to amend Section 13411 of the Education Code, relating to certificated public school employees.

[Approved by Governor September 15, 1970. Filed with Secretary of State September 15, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 13411 of the Education Code is amended to read:

13411. (a) Any certificated employee may be suspended or transferred to other duties by the governing board if the board has reasonable cause to believe that the employee is suffering from mental illness of such a degree as to render him incompetent to perform his duties.

(b) The governing board shall forthwith, upon any suspension or transfer hereunder, give to the employee a written statement of the facts giving rise to the board's belief, and an

opportunity to appear before the board within 10 days to explain or refute the charges.

(c) If, after the employee's appearance before the board, the board decides to continue the suspension or transfer, or if the employee chooses not to appear before the board, the employee shall then be offered, in writing, the opportunity of being examined by a panel of three psychiatrists selected by him from a list of psychiatrists to be provided by the board. To assist the panel in making their determination, the governing board shall supply to the panel, prior to the date scheduled for the psychiatric examination, a list of the duties of the position from which the employee was suspended or transferred. The employee shall continue to receive his regular salary and all other benefits of employment during the period dating from his suspension to the filing of the report of the panel with the governing board.

(d) The psychiatric examination shall be conducted at school district expense within 15 days of any suspension or transfer ordered hereunder. The employee shall submit to the examination, but shall be entitled to be represented by a psychiatrist or physician of his own choice, and any report of the psychiatrist or physician selected by him shall be filed with the panel at the request of the employee.

A written report of the panel on the examination of the suspended or transferred employee shall be submitted to the governing board within 10 days after completion of the examination. A copy shall be supplied to the employee upon request. The report shall contain a finding on whether the employee is suffering from mental illness of such a degree as to render him incompetent to perform his duties.

(e) If a majority of the panel conclude that the employee should be permitted to return to his duties, no written record of the suspension or of the determination of the panel shall be retained, and in all respects any written record concerning the employee shall appear as it did before the suspension was made.

(f) If a majority of the panel find in their report that the employee is suffering from mental illness of such a degree as to render him incompetent to perform his duties, the governing board may, upon receipt of the report, place the employee on mandatory sick leave of absence. Any mandatory sick leave of absence imposed under this section shall not exceed two years, during which period the employee shall be entitled to sick leave, hospital and medical benefits which he accrued during his employment by the governing board but only to the extent of such accrual.

(g) Any employee placed on mandatory sick leave of absence pursuant to this section may in writing immediately demand a hearing. Thereupon the governing board shall file a complaint in the superior court of the county in which the school district or the major part thereof is located, setting forth the charges against the employee and asking that the

court inquire into the charges and determine whether or not the charges are true, and if true, whether they constitute sufficient grounds for placing the employee on mandatory sick leave of absence, and for a judgment pursuant to its findings.

(h) If the court finds that the employee was not at the time of the suspension incompetent to perform his assigned duties and should not have been placed on mandatory sick leave of absence, the employee shall be immediately reinstated to the same or a substantially similar position with full back salary, and any written record of the suspension or transfer or any report of the panel shall be destroyed.

(i) If the court confirms the placing of the employee on mandatory sick leave, or if the employee does not seek a hearing, then upon written request of the employee made not earlier than six months nor later than two years after the date he was placed on mandatory sick leave of absence, a new panel of three psychiatrists shall be convened by, and at the expense of, the governing board to review its original conclusion. If the original conclusion is not changed by the new panel as a result of such review, the employee shall be continued on the mandatory sick leave of absence except that when the employee's total period of absence exceeds two years, the governing board shall either rescind its action and reinstate the employee to the same or a substantially similar position, or shall serve the employee with a notice of intention to dismiss him, and proceed according to Section 13412.

(j) If a majority of the new panel concludes in its report, or any subsequent review thereof, that the suspended employee or employee on mandatory sick leave of absence should be permitted to return to his duties, or if the court so concludes, the governing board shall take immediate action to restore the employee to the position from which he was suspended or transferred or to a substantially similar position.

(k) Every hearing and action by or before the governing board pursuant to this section shall be in executive session, and no decision, action, or occurrence therein shall be made public, unless the employee so requests in writing.

(*l*) Nothing in this section shall be construed to supersede Section 13443.

CHAPTER 1156

An act to amend Sections 128, 711, 712, 980, 980.5, 1027, 1030.5, 1263, 1562, 3503, 3504, 3505, 3552, 3652, and 3751 of, to add Part 4 (commencing with Section 4001) to Division 1 of, and to repeal Section 714 of, the Unemployment Insurance Code, relating to unemployment insurance.

(1) To pay into the Unemployment Fund in the State Treasury at the times and in the manner provided in subdivision (e) of this section, an amount equal to the additional cost to the Unemployment Fund of the benefits (including extended duration benefits and federal-state extended benefits) paid based on base period wages with respect to employment for the nonprofit organization. Benefits otherwise payable irrespective of this section shall be charged to employers' accounts in accordance with other sections of this division, but the additional cost to the Unemployment Fund of the benefits paid based on base period wages with respect to employment for a nonprofit organization pursuant to this section shall be borne solely by the appropriate nonprofit organization. If benefits are based on wages paid during a base period by two

or more nonprofit organizations, the benefits shall be borne by each of the nonprofit organizations in the proportion that the total wages paid to the individual in employment by each nonprofit organization during the base period bears to the total wages paid to the individual in employment by all nonprofit organizations during the base period "Total wages paid" as used in this subdivision include taxable wages as well as wages which would be taxable except for the limitation on taxable wages provided under Section 930. The director may by authorized regulations prescribe a method of providing a good and sufficient bond to guarantee payment of contributions.

(2) To pay into the Unemployment Fund the cost of benefits (including extended duration benefits and federal-state extended benefits) paid based on base period wages with respect to employment for the nonprofit organization and charged to its account in the manner provided by Section 1026, pursuant to authorized regulations which shall prescribe the rate or amount, time, manner, and method of payment or advance payment or providing a good and sufficient bond to guarantee payment of contributions.

(3) Two or more nonprofit organizations that have elected coverage under this section may, pursuant to authorized regulations, file an application with the director for the establishment of a joint account for the purpose of determining the rate of contributions they shall pay into the Unemployment Fund to reimburse the fund for benefits paid with respect to employment for such nonprofit organizations. The members of the joint account may elect either to share the additional cost to the Unemployment Fund of the benefits (including extended duration benefits and federal-state extended benefits) paid based on base period wages with respect to employment for such members, or to share the cost of benefits (including extended duration benefits and federal-state extended benefits) paid based on base period wages with respect to employment for such members and charged to the joint account in the manner provided by Section 1026. The director shall prescribe authorized regulations for the establishment, maintenance, and dissolution of joint accounts, and for the rate or amount, time, manner, and method of payment or advance payment or providing a good and sufficient bond to guarantee payment of contributions by the members of joint accounts, on an additional cost basis and on the alternative basis of the cost of benefits charged in the manner provided by Section 1026.

(d) Sections 1030, 1030.5, 1031, 1032, and 1032.5 shall not apply to any election pursuant to subdivision (c) of this section.

(e) In making the payments prescribed by subdivision (c) (1) of this section, and by subdivision (c)(3) of this section for a joint account on an additional cost basis, there shall be paid or credited to the Unemployment Fund, either in advance or by way of reimbursement, as may be determined by the di-

rector, such sums as he estimates the Unemployment Fund will be entitled to receive from each nonprofit organization on an additional cost basis under this section for each calendar quarter, reduced or increased by any sum by which he finds that his estimates for any prior calendar quarter were greater or less than the amounts which should have been paid to the fund. Such estimates may be made upon the basis of such statistical sampling, or other method as may be determined by the director.

Upon making such determination, the director shall certify to the nonprofit organization the amount determined with respect to it. The contributions due from the nonprofit organization shall be paid to the Unemployment Fund by the nonprofit organization.

(f) The director may terminate the election of any nonprofit organization for any method of financing under subdivision (c) of this section if the nonprofit organization is delinquent in the payment of advances or reimbursements required by the director under this section.

(g) Notwithstanding any other provision of this article, no nonprofit organization or governmental entity shall be liable for that portion of any extended duration benefits or federal-state extended benefits which is reimbursed or reimbursable by the federal government to the State of California.

(h) After the termination of any election under this section, nonprofit organizations shall remain liable for their proportionate share of the additional cost of benefits paid, or of the cost of benefits paid and charged to their accounts in the manner provided by Section 1026, which are based on wages paid for services during the period of the election.

(i) Except as inconsistent with the provisions of this section, the provisions of this division and authorized regulations shall apply to any matter arising pursuant to this section.

(2) Thirteen times his average weekly benefit amount.

(3) Thirty-nine times his average weekly benefit amount, reduced by the regular compensation paid to him during such benefit year under this division.

(b) The amount determined under subdivision (a) of this section shall be reduced by the aggregate amount of additional compensation paid to the individual under Part 3 (commenc-

ing with Section 3501) of this division for prior weeks of unemployment in such benefit year which did not begin in an extended benefit period.

The Secretary of State shall be notified of such determinations by January 1, 1971.

The commission plan shall include a long-range master plan that reflects the anticipated growth of the airport during at least the next 20 years. This plan shall not be inconsistent with the State Master Airport Plan. In formulating a land use plan, the commission may develop height restrictions on buildings, may specify use of land, and may determine building standards, including soundproofing adjacent to airports, within the planning area.

The planning boundaries shall be established by the commission after hearing and consultation with the involved agencies.

SEC. 6. Section 21676 is added to the Public Utilities Code, to read:

21676. Each public agency having representation on the commission shall assist in the development of an area plan. All such plans must be filed with the commission for its approval. If it is determined that the action would be harmful, then the public agency shall be notified and the public agency shall have another hearing to reconsider its action. The public agency proposing the action or regulation, however, may overrule the commission after such hearing by a four-fifths vote of its governing body.

Each public agency owning any airport within the boundaries of the area plan shall file any substantive change in development plans with the commission for its approval. If such plans are inconsistent with the commission plan, then the public agency shall be notified and shall have another hearing to reconsider its action. Such public agency, however, may overrule the commission by a four-fifths vote of its governing body.

SECTION 1. The Legislature finds and declares that Operation SHARE, developed and operated by the Santa Clara

County Superintendent of Schools, preliminarily has had outstanding academic results in comparison with other educational programs and has provided a highly constructive avenue for dedicated students in higher education to demonstrate their serious concern for their communities. The Legislature further finds that Operation SHARE could be successfully implemented in, and should be seriously considered by, other school districts with similar needs in addition to the 35 districts presently involved in this program; and further finds that projects of this design, which entail one volunteer tutor working with one underachieving student with severe language handicaps primarily due to problems of English being the second language in the student's home, should be a positive program to increase student performance.

SEC. 2. To demonstrate the cost effectiveness of such programs the Legislature proposes to fund an expansion of this program to three areas in the state with similar student needs and the ability to operate such programs.

SEC. 3. Beginning with the 1971–1972 school year, the Superintendent of Public Instruction shall when funds have been appropriated for this purpose establish three pilot SHARE projects in cooperation with the Santa Clara County Superintendent of Schools.

It shall be the purpose of such projects to:

(2) To expand such programs statewide with eventual local funding from regular school district financial sources.

(3) Demonstrate that the use of volunteer tutors on a one-to-one basis is a viable method of increasing student achievement and providing experience for future teachers.

(4) Demonstrate that such tutors working in the homes of language-handicapped pupils can have a significant impact on the total educational experience.

(5) Test the thesis that large numbers of students in higher education are willing and able to enter into successful community efforts to improve the academic performance of the public schools.

Projects pursuant to this act shall be coordinated by the county superintendent of schools.

SEC. 4. County offices of education of counties designated by the Superintendent of Public Instruction as eligible counties, shall submit project applications to the Superintendent of Public Instruction for funding pursuant to this act. The superintendent shall, from funds appropriated for such purposes, allocate an amount of money not to exceed thirty dollars ($30) per tutor per academic semester to three projects. Such funds may be used for local administration, coordination, recruitment, and evaluation. No funds may be used to pay salaries or benefits for tutors.

The Superintendent of Public Instruction shall provide for state evaluation of such projects on a cost-effectiveness basis and shall report to the State Board of Education and the Legislature on an annual basis as to the success of such projects and shall make a final report to such bodies on or before the fifth calendar day of the 1974 session, setting forth his view of the effect of such projects and recommending methods by which the Legislature and the board may provide for the expansion of successful projects.

The Superintendent of Public Instruction shall adopt reasonable rules and regulations to carry out the intent and purpose of this act.

It is the further intent of the Legislature, by this act, to improve the employment opportunities of persons residing in areas of need for such training by providing education programs of a nature that will serve the social and economic needs of that area. The program provided will also serve to upgrade the cultural and intellectual life, as well as the economic life, of the area to be served.

The Legislature finds that the Fresno Unified School District has made available land and existing facilities for a regional occupational center school, provided that a permanent campus can be established at the site within 16 months. For this reason, it is essential that the money made available for purposes of this act be allocated to the establishment of a permanent campus for a regional occupational center school at Fresno.

It is further the intent of the Legislature that the regional occupational center to be established in the Fresno Unified School District shall conform with the requirements of state law in regard to the establishment of regional occupational centers pursuant to Chapter 14 (commencing with Section 7450) of Division 6 of the Education Code.

SEC. 2. Any amounts allocated and disbursed to the Fresno Unified School District pursuant to this act shall be a loan

by the state to the district and shall be fully repaid with interest by the district to the state in such annual amounts and over such period as may be determined by the State Allocation Board, not to exceed 20 years from the date of disbursement to the district. Interest shall be paid at a rate determined by the State Allocation Board. Any such loan shall be repaid by the district from proceeds of a district tax levied in the manner prescribed in Section 7456 of the Education Code, but at a rate on each one hundred dollars ($100) of assessed valuation in the district sufficient to make the payments required by the State Allocation Board, notwithstanding the limitations contained in Section 7456 of the Education Code.

The tax revenue referred to in this act shall be transferred by the County Auditor of Fresno to the State Treasury for the credit of the State School Building Aid Fund in accordance with established regulations and procedures.

SEC. 3. An amount not to exceed two million five hundred thousand dollars ($2,500,000) from the proceeds of bonds issued pursuant to the State School Building Aid Bond Law of 1966 shall be expended for purposes of this act. The funds shall be allocated by the State Allocation Board to the Board of Education of the Fresno Unified School District for the remodeling and construction of a permanent campus for a newly created regional occupational center school to be located in Fresno County. Not to exceed two hundred fifty thousand dollars ($250,000) of such sum shall be allocated and expended for architectural and engineering services in connection with the construction.

Sections 19551 to 19555, inclusive, and Sections 19559, 19562, 19565, and 19699.10 of the Education Code shall be applicable to the administration of this act unless the context of this act, as determined by the State Allocation Board, requires otherwise.

CHAPTER 1204

The liquidator may also require, as condition precedent, the delivery to him of all the documents giving rise to such debt.

The liquidator, in his sole discretion, may determine whether or not it will be feasible to attempt to collect any such assigned debt. If he determines not to pursue collection of any such debt, he shall file a declaration to that effect with the liquidation court and be relieved of any further responsibility in respect to such debt.

(b) As used in this section, "insured" means a natural person who purchased insurance from the insolvent insurer for personal, family, or household purposes.

In any proceeding under this article involving the insolvency of an insurer required to be a member of the California Insurance Guarantee Association, the commissioner shall have the power, when, in his judgment, circumstances warrant, and subject to the approval of the court, to advance funds from the estate to such association for the purpose of paying claims and loss adjustment expenses. Any funds so advanced shall be a credit against any claims subsequently filed by the association.

SEC. 2.5. Section 1062 of the Insurance Code is amended to read:

1062. In the event of the entry of an order under Section 1011 or 1016 of this article affecting any person having members, subscribers or policyholders, hereinafter referred to as "members" who are liable for assessment by law or by the provisions of their policies or contracts, and in which the termination of the policy or contract does not relieve the member from such liability, where the commissioner in his discretion decides that an assessment would be in order, the liability of such members shall be determined, and the assessment therefor levied in the following manner:

1. Within one year from the date of the entry of the order under the provisions of Section 1011 or 1016 of this article, the commissioner shall make a report to the court setting forth: (a) the reasonable value of the assets of such person; (b) its probable liabilities, including reasonable costs of liquidation; and (c) the probable necessary assessment, if any, to pay all claims in full.

2. Upon the basis of such report, including any amendments thereof, the court shall determine the basis for calculating the liability of each member, subscriber or policyholder and shall order the commissioner to determine the amount of liability of each of the members.

3. Thereafter the commissioner shall give notice to each member, subscriber or policyholder of the amount of his liability by inclosing notice thereof in a sealed envelope, addressed and mailed, postage prepaid, to each member, subscriber or policyholder at his last known address as the same appears upon the books of the insurer.

4. Not less than 20 days after the mailing of said notice, as provided in paragraph 3 of this section, the commissioner shall report to the court the names of the members, subscribers or policyholders who have failed to pay their assessment in accordance with said notice, whereupon the court shall issue an order directing each of said members, subscribers or policyholders to appear in said court and show cause in the proceedings pending against such person, why he should not be held liable to pay such assessment, and why the commissioner should not have judgment therefor.

5. The commissioner shall cause a notice of such order setting forth a brief summary of the contents thereof: (a) to be published in such manner as shall be directed by the court;

and (b) to be inclosed in a sealed envelope, addressed and mailed by registered mail with return receipt requested, postage prepaid, to each of said members whose liability for assessment remains unpaid, at his last known address, at least 20 days before the return day of such order to show cause.

6. 7. A judgment upon any such order, shall have the same force and effect, and may be entered and may be appealed from as if it were a judgment in an original action brought in the court in which the proceeding is pending.

SEC. 3. Section 1063 of the Insurance Code is amended to read:

It shall be the purpose of such association to provide for each member insurer insolvency insurance as defined in Section 119.5.

(b) The association shall be managed by a board of governors, composed of nine member insurers, each of which shall be appointed by the commissioner to serve initially for terms of one, two, or three years and thereafter for three-year terms so that three terms shall expire each year, and shall continue in office until his successor shall be appointed and qualified. Such rules shall continue in force until modified by the commissioner after hearing or superseded by a plan of operation, adopted by the association and approved by the commissioner.

(e) In accordance with its plan of operation, the association may designate one or more of its members as a servicing facility, but a member may decline such designation Each servicing facility shall be reimbursed by the association for all reasonable expenses it incurs and for all payments it makes on behalf of the association. The designation of servicing facilities shall be subject to the approval of the commissioner.

(f) The association shall have authority to borrow funds when necessary to effectuate the provisions of this article.

(g) The association, either in its own name or through servicing facilities, may be sued and may use the courts to assert or defend any rights the association may have by virtue of this article as reasonably necessary to fully effectuate the provisions thereof.

(2) "Covered claims" shall not include any obligations arising from life, title, surety, disability, credit, mortgage, or mortgage guaranty insurance, nor arising from a policy of ocean marine insurance.

(3) "Covered claims" shall not include any obligations to refund unearned premiums, nor any obligations of the insolvent insurer arising out of any reinsurance contracts, nor any obligations incurred after the expiration date of the insurance policy or after the insurance policy has been replaced by the insured or canceled at the insured's request or after the insurance policy has been canceled by the association as provided in this chapter, nor any obligations to any state or to the federal government.

(4) "Covered claims" shall not include any obligations to insurers, insurance pools, or underwriting associations, except as otherwise provided in this chapter.

(5) "Covered claims," except in the case of a claim for workmen's compensation benefits, shall not include any claim in an amount of one hundred dollars ($100) or less, nor the first one hundred dollars ($100) of any claim in excess of one hundred dollars ($100), nor that portion of any claim which is in excess of any applicable limits provided in the insurance policy issued by the insolvent insurer.

SEC. 4. Section 1063.2 of the Insurance Code is amended to read:

1063.2. It may do so either directly by itself or through a servicing facility or through a contract for reinsurance and assumption of liabilities by one or more member insurers or through a contract with the liquidator, upon terms satisfactory to the association and to the liquidator, under which payments on covered claims would be made by the liquidator using funds provided by the association.

(b) The association shall be a party in interest in all proceedings involving a covered claim, and shall have the same rights as the insolvent insurer would have had if not in liquidation, including but not limited to the right to: (1) to appear, defend, and appeal a claim in a court of competent jurisdiction; (2) to receive notice of, investigate, adjust, compromise, settle, and pay a covered claim; and (3) to investigate, handle, and deny a noncovered claim. The association shall have no cause of action against the insureds of the insolvent insurer for any sums it has paid out, except as provided by this article.

(c) (1) If damages against uninsured motorists are recoverable by the claimant from his own insurer, such damages recoverable shall be a credit against a covered claim payable under this article. If damages against an insured who is not a resident of this state are recoverable by a claimant who is a resident of this state, in whole or in part, from any insolvency fund or its equivalent in the state where the insured is a resident, such damages recoverable shall be a credit against a covered claim payable under this article. A member insurer may recover in subrogation from the association only one-half of any amount paid by such insurer under uninsured motorist coverage for bodily injury or wrongful death (and nothing for a payment for anything else), in those cases where the injured person insured by such an insurer has proceeded under his uninsured motorist coverage on the ground that the tortfeasor is uninsured as a result of the insolvency of his liability insurer (an insolvent insurer as defined in this article), provided that such member insurer shall waive all rights of subrogation against such tortfeasor. Any amount paid a claimant in excess of the amount authorized by this section may be recovered by action brought by the association.

(2) Any claimant having collision coverage on a loss which is covered by the insolvent company's liability policy shall first proceed against his collision carrier. Neither that claimant nor the collision carrier, if it is a member of the association, shall have the right to sue or continue a suit against the insured of the insolvent insurance company for such collision damage.

(d) The association shall receive the benefit of any amounts recoverable on reinsurance contracts or treaties entered into by the insolvent insurer which cover any of the liabilities incurred by the insolvent insurer in the category or categories involved provided such benefits shall be limited to payments upon or loss adjustment expenses or defense costs actually paid out by the association (including defense costs, if any, unpaid at the date of insolvency) on account of claims covered in such contracts or treaties. The commissioner, as liquidator, shall receive the benefit of any such reinsurance recoverable to the extent of payments on claims, loss adjustment expenses or defense costs made prior to the order of liquidation.

(e) The association shall continue coverage for covered claims under all insurance policies of the insolvent insurer that were in force on the date the liquidator was appointed until the insurance policy has expired in accordance with its terms, or has been replaced by the insured, or canceled at the insured's request, or has been canceled by the association as provided in this article.

(f) The association shall have authority to cancel insurance policies of the insolvent insurer by mailing or delivering to the insured at the last known address within this state a written notice of cancellation at least 10 days prior to the effective date of such cancellation, notwithstanding any statute or policy provision to the contrary.

(g) "Covered claims" shall not include any judgments against or obligations or liabilities of the insolvent insurer or the commissioner, as liquidator, or otherwise resulting from alleged or proven torts.

(h) "Covered claims" shall not include adjustment expense and attorney's fees incurred by the insolvent insurer prior to the appointment of a liquidator. The deductible provided for in paragraph (5) of subdivision (c) of Section 1063.1 shall apply to each person for each accident for which he makes a claim.

SEC. 4.5. Section 1063.3 of the Insurance Code is amended to read:

1063.3. The association shall have authority to submit reports and make recommendations to the commissioner regarding the financial conditions of any member insurer. Such reports, and recommendations shall not be public documents. There shall be no liability on the part of, and no cause of action of any nature shall arise against, member insurers, the association or its agents or employees, the board of governors, or the commissioner or his authorized representatives, for any

statements made by them in any reports, or recommendations made hereunder. Nothing in this section shall authorize the association to audit the books of a member insurer.

SEC. 5. Section 1063.4 of the Insurance Code is amended to read:

1063.4. (a) Insureds entitled to the protection of this article shall cooperate with the association in accordance with their policies in the same manner as they would have been required to cooperate with their insurer if it were not in liquidation and shall be deemed to have assigned to the association any right to make claim against the liquidator for a refund of unearned premium for the period of coverage provided by the association beginning on the date of the order of liquidation to the date of expiration or cancellation.

(b) Any insured or claimant entitled to the benefits of this article who elects to proceed under this article shall be deemed to have assigned to the association his rights against the estate of the insolvent insurer.

SEC. 6. Section 1063.5 of the Insurance Code is amended to read:

1063.5. Each time an insurer becomes insolvent then, to the extent necessary to secure funds for the association for payment of covered claims of that insolvent insurer and also for payment of reasonable costs of adjusting such claims, the association shall collect premium payments from its member insurers sufficient to discharge its obligations. The association shall allocate its claim payments and costs, incurred or estimated to be incurred, to one or more of the following categories: (a) workmen's compensation claims; (b) automobile claims, which shall include: automobile material damage, automobile liability (both personal injury and death and property damage), medical payments and uninsured motorist claims; and (c) claims other than workmen's compensation and automobile, as above defined. The association may establish separate categories for classes other than workmen's compensation and automobile. Separate premium payments shall be required for each category. The premium payments for each category shall be used to pay the claims and costs allocated to such category. The rate of premium charged shall be a uniform percentage of net direct written premium in the preceding calendar year applicable to such category. "Net direct written premiums" shall mean the amount of gross premiums, less return premiums and policyholder's dividends paid or allowed, received in such calendar year upon business done in this state, other than premiums received for reinsurance. In cases of a dispute as to the amount of any such net direct written premium between the association and one of its members the written decision of the commissioner shall be final. The premium charged to any member insurer on account of a single insolvency for any of the three categories or a category established by the association shall not be more than 1 percent of the net direct premium written in that category in this state by such member

insurer. The association may exempt or defer, in whole or in part, the assessment of any member insurer, if the assessment would cause the member insurer's financial statement to reflect amount of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance. Such premium charges shall be recognized in the ratemaking procedures for insurance rates in the same manner that losses are recognized. After all covered claims of the insolvent insurer and expenses of administration have been paid, any unused premiums and any reimbursements or claims dividends from the liquidator remaining in any category shall be refunded by the association to the member insurers who paid the premiums for such category in proportion to their premiums paid. However, an insurer which ceases to be a member of the association shall have no right to a refund of any premium previously remitted to the association. The commissioner may suspend or revoke the certificate of authority to transact business in this state of a member insurer which fails to pay a premium when due and after demand has been made.

Interest at a rate equal to the current federal reserve discount rate plus 2½ percent per annum shall be added to the premium of any member insurer which fails to submit the premium requested by the association within 30 days after such mailing request However, in no event shall the interest rate exceed the legal maximum.

SEC. 7. Section 1063.6 of the Insurance Code is amended to read:

1063.6. Upon petition of the commissioner or the association, the superior court having jurisdiction of an insurer insolvency proceeding or, in the absence thereof, the superior court of the county wherein is located the principal office in this state may stay all proceedings in any court of law of this state to which the insolvent insurer is a party for a period of 60 days from the date a liquidator is appointed in this state or in the state of domicile of the insurer, to permit proper defense of all pending causes of action. Such stay shall be superseded by and when any stay order is entered in the court in this state having jurisdiction of the liquidation or the ancillary liquidation.

SEC. 8. Section 1063.7 of the Insurance Code is amended to read:

1063.7. When a liquidator, domiciliary or ancillary, is appointed in this state for any member insurer, the liquidator shall promptly give notice of his appointment and a brief description of the contents of this article and of the nature and functions of the association by prepaid first-class mail, to: (a) all persons known or reasonably expected to have or be interested in claims against the insurer, at the last known address within this state; (b) all insureds of the insurer, at the last known address within this state, accompanied by a notice of the date of termination of insurance; and (c) the board of

governors of the association. Such notice may, but need not be, combined with the notice provided for in Section 1021. The liquidator may also require that producers of record of the insurer give prompt written notice of the same information, by first-class mail, to their insureds at the last known address within this state. The liquidator shall also promptly publish such notice in a newspaper of general circulation in the county where the insurer had its principal office in this state not less than once per week, for four weeks, and by publication elsewhere in this state as the court shall direct.

SEC. 9. Section 1063.8 of the Insurance Code is amended to read:

1063.8. Notwithstanding any other provision of law, the association shall be exempt from all license fees, income, franchise, privilege, property, or occupation taxes levied or assessed by this state, any municipality, county, or other political subdivision of this state. The rules of the commissioner promulgated pursuant to this article may exempt the association from: filing an annual statement, maintaining minimum required capital, paying any fees or reimbursements, or meeting any other requirement or doing any other thing required by this code or other laws relating to insurance.

SEC. 10. Section 1063.9 of the Insurance Code is amended to read:

1063.9. (a) The operation of the association shall at all times be subject to the regulation of the commissioner. The commissioner, or any deputy or examiner, or any person whom the commissioner shall appoint, shall have the power of visitation and examination into the affairs of the association and free access to all books, papers, and documents that relate to the business of the association, may summon and qualify witnesses under oath, and may examine officers, agents or employees, or any other person having knowledge of the affairs, transactions, or conditions of the association.

The life of such new area eligibility list shall be one year. Seniority for the purpose specified in Section 13746 shall continue to be districtwide.

CHAPTER 1223

An act to add Title 1.2 (commencing with Section 1740) to Part 4 of Division 3 of the Civil Code, relating to the sale of fine prints.

[Approved by Governor September 16, 1970. Filed with Secretary of State September 16, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Title 1.2 (commencing with Section 1740) is added to Part 4 of Division 3 of the Civil Code, to read:

TITLE 1.2. SALE OF FINE PRINTS

CHAPTER 1. GENERAL PROVISIONS

1740. As used in this title:

(a) "Fine print" includes, but is not limited to, an engraving, etching, woodcut, lithograph or serigraph.

(b) "Plate" is used in lieu of and to mean the full phrase "plate, stone, block or other material" used for the purpose of creating the print from which the impression or impressions were taken.

(c) "Artist" means the person who conceived or created or conceived and created the master image for, or which served as a model for, the print.

(d) Whether a print is "signed" or "unsigned" as these terms are used in this title, depends upon whether or not the artist autographs the finished print, irrespective of whether it was signed or unsigned in the plate.

(e) "Impression" means the printed image on suitable material whether paper or any other substance, made off the plate by printing, stamping, casting or any other process commonly used in the graphic arts.

1741. (a) Nothing in this title shall apply to any print when offered for sale or sold at wholesale or retail unframed for twenty-five dollars ($25) or less or framed for forty dollars ($40) or less.

(b) This title shall only apply to fine prints which are printed after the effective date of the act adding it to the law.

CHAPTER 2. FULL DISCLOSURE IN THE SALE OF FINE PRINTS

1742. (a) No catalogue, prospectus or circular offering fine prints for sale in this state shall be knowingly published or distributed, or both, unless it clearly and conspicuously discloses the relevant informational detail concerning each edition of such prints so offered set forth in Section 1744.

(b) If the person offering such prints by means of such publication disclaims knowledge as to any relevant detail referred to in Section 1744, he shall so state specifically and categorically with regard to each such detail to the end that the purchaser shall be enabled to judge the degree of uniqueness or scarcity of each print contained in the edition so offered. Describing the edition as an edition of "reproductions" eliminates the need to furnish further informational details unless such edition was allegedly published in

a signed, numbered, or limited edition, or any combination thereof, in which case all of the informational details are required to be furnished.

1743. (a) No fine print or prints shall be knowingly offered for sale or sold in this state by any person, at wholesale or at retail, unless a written invoice or receipt for the purchase price or a certificate furnished to the purchaser clearly and conspicuously discloses all of the relevant informational details required under Section 1744.

(b) If the seller disclaims knowledge as to any relevant detail referred to in Section 1744, he shall so state specifically and categorically with regard to each such detail to the end that the purchaser shall be enabled to judge the degree of uniqueness or scarcity of such print or prints. Describing the print as a "reproduction" eliminates the need to furnish further informational details unless it was allegedly published in a signed, numbered, or limited edition, or any combination thereof, in which case all of the informational details are required to be furnished.

1744. The following informational detail shall be required:

(a) The name of the artist and the year when printed.

(b) Exclusive of trial proofs, whether the edition is being offered as a limited edition, and, if so:

(1) The authorized maximum number of signed or numbered impressions, or both, in the edition.

(2) The authorized maximum number of unsigned or unnumbered impressions, or both, in the edition.

(3) The authorized maximum number of artist's, publisher's, printer's or other proofs, if any, outside of the regular edition; and

(4) The total size of the edition.

(c) Whether the plate has been destroyed, effaced, altered, defaced or canceled after the current edition.

(d) If there were any prior states of the same impression, the total number of states and a designation of the state to which the subject print relates.

(e) If there were any prior or later editions from the same plate, the series number of the subject edition and the total size of all other editions.

(f) Whether the edition is a posthumous edition or restrike and, if so, whether the plate has been reworked.

(g) The name of the workshop, if any, where the edition was printed.

CHAPTER 3. REMEDIES AND PENALTIES

1745. (a) A person who offers or sells a fine print in violation of this title shall be liable to the person purchasing such fine print from him, who may sue to recover the consideration paid for such print, with interest at the legal rate thereon, upon the tender of the print.

(b) In any case in which a person willfully offers or sells a fine print in violation of this title, the person purchas-

ing such fine print may recover from the person who offers or sells such fine print an amount equal to three times the amount required under subdivision (a).

(c) No action shall be maintained to enforce any liability under this section unless brought within one year after discovery of the violation upon which it is based and in no event more than three years after the print was sold.

SEC. 2. This act shall become operative on July 1, 1971.

CHAPTER 1229

An act to amend Section 39052.1 of the Health and Safety Code, relating to air pollution, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 16, 1970. Filed with Secretary of State September 16, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 39052.1 of the Health and Safety Code is amended to read:

39052.1. (a) The board shall establish a statewide exhaust control device testing program to be concluded by no later than

November 1, 1971, so as (1) to improve the state of the art of exhaust emission controls, (2) to ascertain technological feasibility to meet specific standards, (3) to establish that low-emission devices are feasible from the standpoint of economy, and (4) to compile information and data on the basis of experience on the use of various types of exhaust emission control devices on motor vehicles. As part of such program, the board shall require the supplier or his agent to install the exhaust control devices of one or more types, and the board shall, when the supplier or suppliers or their agents are personally present, test, inspect, and service the exhaust control devices on not more than 75 new motor vehicles purchased by the state, and operated by the Department of the California Highway Patrol, Department of General Services, and Division of Highways. Not more than 10 motor vehicles operated by the Department of the California Highway Patrol shall be used to test, inspect, and service exhaust control devices pursuant to this section.

In cases of an emergency, the board may perform the necessary emergency repair work on the devices without the presence of the supplier or his agent, but the board shall forthwith notify the supplier or his agent, orally and in writing, of the nature and extent of the emergency repairs. The board shall permit the supplier or his agent, at the earliest opportunity, to repair or replace the devices without any charge to the state for such repair or replacement, if the supplier or his agent elects to do so.

(b) The board shall adopt standards for exhaust emissions for such motor vehicles and engines, and shall select exhaust control devices which comply with such standards and which are technologically feasible. Exhaust emissions from such motor vehicles and engines shall be at substantially the following levels or as near thereto as it is technologically feasible to attain:

(1) Hydrocarbons—1 gram per vehicle-mile;

(2) Carbon monoxide—15 grams per vehicle-mile;

(3) Oxides of nitrogen—1.5 grams per vehicle-mile.

(c) The test procedure for determining automotive exhaust emissions of hydrocarbons, carbon monoxide, and nitrogen oxides pursuant to this section shall be, as follows:

(1) Each vehicle to be tested shall be assessed for weight by adding 400 pounds to the published shipping weight, or, if this is unknown, by adding 300 pounds to actual operational weight unladen. Dynamometers shall be used in such testing, and the dynamometers shall be provided with inertia wheels equivalent to 1,500 pounds and up in 500-pound increments. A vehicle to be tested must then be tested with the dynamometer inertia

weight closest to its own above-specified test weight according to the following seven-mode cycle:

Seven-Mode Cycle Table

Sequence No.	Mode m.p.h.	Acceleration m.p.h. in secs.	Elapsed time seconds	Cumulative time seconds
(1)	Idle	--	20	20
(2)	0 to 30	2.2	14	34
(3)	30	--	15	49
(4)	30 to 15	—1.4	11	60
(5)	15	--	15	75
(6)	15 to 50	1.2	29	104
(7)	50 to 0	—1.5	33	137

(2) Dynamometer testing of the motor vehicle shall begin with a cold start following at least eight hours of inoperative cooling of the motor vehicle. The initial 20 seconds shall not be sampled. The above seven-mode cycle shall be performed in sequence seven times, followed by one contiguous acceleration at wide-open throttle from 0 to 60 m.p.h. for however many seconds elapsed time are required to perform such acceleration, followed by a power-off deceleration, in gear, which shall end the test either when the car achieves idle r.p.m. or at the end of 30 seconds, whichever shall first occur.

(3) A plastic bag of sufficient capacity to contain the entire sample shall be flushed with air and evacuated. The entire exhaust gas volume shall be reduced to ambient temperature, and water thereby precipitated shall be drained out of the system. The remaining dry exhaust gas shall then be gathered into the plastic bag and mixed for at least five minutes by end-to-end circulation employing a blower of 35 cubic feet per minute minimum capacity. Samples shall be drawn to determine hydrocarbons and oxides of nitrogen in parts per million and carbon dioxide and carbon monoxide in percentage. Hydrocarbon readings obtained by NDIR shall be multiplied by 1.8. The following calculation is necessary to ascertain air dilution:

$$\frac{14.5}{\%\ CO_2 + (0.5)\ \%\ CO + (6.0)\ \%\ HC,}$$

where HC, CO, and CO_2 are expressed in percentages $\left\{\frac{ppm}{10{,}000}\right\}$ and the resulting air dilution factor used as a multiplier to correct HC, CO, and NO_x values.

(4) For the duration of the test, consumption of fuel (normally extracted from a separate tank to insure uniformity)

shall be noted and dynamometer mileage measured. These data are sufficient to calculate the following results:

$$.116 \frac{\text{ppm HC}}{\text{mi/gal}} = \text{grams/mile HC}$$

$$379 \frac{\%\ \text{CO}}{\text{mi/gal}} = \text{grams/mile CO}$$

$$.062 \frac{\text{ppm } NO_x}{\text{mi/gal}} = \text{grams/mile } NO_2$$

(d) For not more than one year after the date of installation of such exhaust control devices, the board shall, at intervals of 5,000 miles or four months, whichever comes first, test, inspect, and service such exhaust control devices. The Department of General Services, the Department of the California Highway Patrol, and the Division of Highways shall furnish to the board, upon request, the motor vehicles upon which such devices are to be installed and shall cooperate with the board in the testing, inspection, and servicing by the board of such devices.

(e) The board shall submit a written report to the Legislature by December 15, 1971, on the result of the four points of the exhaust control device testing program established pursuant to this section, including all data on all vehicles tested under this program and a detailed analysis of all facets of the testing program.

(f) The abbreviations used in this section have the following meanings:

(1) HC means hydrocarbons.
(2) CO_2 means carbon dioxide.
(3) CO means carbon monoxide.
(4) Gal. means gallon.
(5) Mi. means mile.
(6) M.p.h. means miles per hour.
(7) NO_x means oxides of nitrogen.
(8) NO_2 means nitrogen dioxide.
(9) P.p.m. means parts per million.
(10) R.p.m. means revolutions per minute.
(11) Sec. means seconds.
(12) NDIR means nondispersive infrared.

SEC. 2. An amount equal to the unexpended balance, as of June 30, 1970, of the appropriation made by Section 4 of Chapter 945 of the Statutes of 1968, as amended by Chapter 650 of the Statutes of 1969, for purposes of Section 39052.1 of the Health and Safety Code is hereby appropriated to the State Air Resources Board for such purposes.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall

go into immediate effect. The facts constituting such necessity are:

The State Air Resources Board is presently conducting a statewide exhaust control device testing program and preparing a written report thereon to be submitted to the Legislature. In order that the later dates provided for in this act for the completion of the above tasks be in effect before the expiration of the period within which the board is presently required to complete these tasks, it is necessary that this act take effect immediately.

SECTION 1. Section 25605 of the Corporations Code is amended to read:

25605. (a) The commissioner may publish any information filed with him or obtained by him, if, in the judgment of the commissioner, such action is in the public interest. No provision of this law authorizes the commissioner or any of his assistants, clerks, or deputies to disclose any information withheld from public inspection except among themselves or when necessary or appropriate in a proceeding or investigation under

this law or to other federal or state regulatory agencies. No provision of this law either creates or derogates from any privilege which exists at common law or otherwise when documentary or other evidence is sought under a subpoena directed to the commissioner or any of his assistants, clerks, or deputies.

(b) It is unlawful for the commissioner or any of his assistants, clerks, or deputies to use for personal benefit any information which is filed with or obtained by the commissioner and which is not then generally available to the public.

An affiliated company is a company under substantially the same management or control, directly or indirectly, as the company.

(h) If the report, certificate or opinion of the independent accountant referred to in subdivision (d) hereof is in any way qualified, the commissioner may require the company to take such action as he deems appropriate to permit an independent accountant to remove such qualification from the report, certificate or opinion.

(i) The commissioner may reject any financial statement, report, certificate or opinion filed pursuant to this section by notifying the company required to make such filing of its rejection and the cause thereof. Within 30 days after the receipt of such notice, the company shall correct such deficiency, and the failure so to do shall be deemed a violation of this division. The commissioner shall retain a copy of all filings so rejected.

(j) The commissioner may by rule or regulation specify the form and contents of the financial statements, reports, certificates and opinions required to be filed pursuant to this section, and may require that such reports and financial statements be verified in such manner as he may prescribe.

SECTION 1. Section 11540.1 of the Business and Professions Code is amended to read:

11540.1. Nothing in this chapter prevents the governing body of any municipality or county from regulating the division of land which is not a subdivision, provided that such regulations are not more restrictive than the requirements for a subdivision. Whenever a local ordinance requires improvements for a division of land which is not a subdivision of five or more lots, such regulations shall be limited to the dedication of right-of-way, easements, and the construction of reasonable offsite improvements for the parcels being created. The validity of any conveyance, as defined in Section 1215 of the Civil Code, made contrary to the provisions of any ordinance prescribing the area or dimensions of lots or parcels, or prohibit-

ing the reduction in area or the separation in ownership of land, or requiring the filing of a map of any land to be divided, shall not be affected, except that any such ordinance may provide that any deed of conveyance, sale or contract to sell made contrary to the provisions of such ordinance is voidable to the extent and in the same manner provided in Section 11540.

SEC. 2. Section 11543.5 of the Business and Professions Code is amended to read:

11543.5. A local ordinance may require the payment of fees as a condition of approval of a final subdivision map, or parcel map for a division of land not defined as a subdivision, for purposes of defraying the actual or estimated costs of constructing planned drainage facilities for the removal of surface and storm waters from local or neighborhood drainage areas and of constructing planned sanitary sewer facilities for local sanitary sewer areas.

Such local ordinances may require payment of fees pursuant to this section if:

(1) The ordinance was adopted 30 days prior to the filing of the tentative map of any subdivision, or the filing of a parcel map for a division of land not defined as a subdivision, for which payment of fees is required;

(2) The ordinance refers to a drainage or sanitary sewer plan adopted for a particular drainage or sanitary sewer area, which contains an estimate of the total costs of constructing the local drainage or sanitary sewer facilities required by the plan, and a map of such area showing its boundaries and the location of such facilities;

(3) The drainage or sanitary sewer plan, in the case of a city, situated in a county having a countywide general drainage or sanitary sewer plan, has been determined by resolution of the governing body of the county to be in conformity with such a county plan, or in the case of a city situated in a county not having such a plan but in a district having such a plan, has been determined by resolution of the governing body of the district to be in conformity with the district general plan, or in the case of a city situated in a county having such a plan and in a district having such a plan, has been determined by resolution of the governing body of the county to be in conformity with such a plan and by resolution of the governing body of the district to be in conformity with the district general plan;

(4) The costs, whether actual or estimated, are based upon findings by the governing body that subdivision, or division of land not defined as a subdivision, and development of property within the planned local drainage area or local sanitary sewer area will require construction of the facilities described in the drainage or sewer plan, and that the fees are fairly apportioned within such areas either on the basis of benefits conferred on property proposed for subdivision or other division or on the need for such facilities created by the proposed sub-

division or other division and development of other property within such areas;

(5) The fee as to any property proposed for subdivision within such a local area does not exceed the pro rata share of the amount of the total actual or estimated costs of all facilities within such area which would be assessable on such property if such costs were apportioned uniformly on a per-acre basis.

(6) The drainage or sanitary sewer facilities planned are in addition to existing facilities serving the area at the time of the adoption of such a plan for the area.

Fees required by an ordinance adopted pursuant to this section for planned local drainage or sanitary sewer facilities shall be paid into a "planned local drainage facilities fund" and a "planned local sanitary sewer fund," respectively. Separate funds shall be established for each local drainage and sanitary sewer area. Moneys in such funds shall be expended solely for the construction or reimbursement for construction of local drainage or sanitary sewer facilities within the area from which the fees comprising the fund were collected, or to reimburse the county or city for the cost of engineering and administrative services to form the district and design and construct the facilities. An ordinance adopted pursuant to this section may provide for the acceptance of cash or other consideration in lieu of the payment of fees.

A county or city imposing fees pursuant to this section may advance money from its general fund to pay the costs of constructing such facilities within a local drainage or sanitary sewer area and reimburse the general fund for such advances from the planned local drainage or sanitary sewer facilities fund for the local drainage or sanitary sewer area in which the drainage or sanitary sewer facilities were constructed.

A county or city imposing fees pursuant to this section may incur an indebtedness for the construction of drainage or sanitary sewer facilities within a local drainage or sanitary sewer area; provided that the sole security for repayment of such indebtedness shall be moneys in the planned local drainage or sanitary sewer facilities fund.

SEC 4.5. Article 4 (commencing with Section 54850) is added to Chapter 6.6 of Part 1, Division 2, Title 5 of the Government Code, to read.

Article 4. Special Districts

54850. The commission may take proceedings pursuant to this article for the adoption, amendment or repeal of rules and regulations affecting the functions and services of special districts within the county and for representation of independent special districts upon the commission. Such proceedings may be initiated either by the commission or by independent special districts within the county. If any such rules and regulations are adopted and affect the functions or services provided or authorized to be provided by law by independent special districts within the county, then so long as such rules and regulations remain in effect independent special districts shall be represented by members appointed to the commission.

54851. The commission may adopt, amend or repeal rules and regulations affecting the functions and services of special districts within the county. The rules and regulations shall designate the special districts, by type and by principal act, to which they apply and the rules and regulations shall not apply to or affect the functions and services of any special districts not so designated. The rules and regulations may:

(a) Classify the various types of service which customarily are or can be provided within a single function of a special district. A class may be based upon the type of service; the purpose or use of the service; the facilities used to provide service; the type of consumers or users of the service; the extent of territory provided with service; and any other factors which, in the opinion of the commission, are necessary or convenient to group persons, properties or activities into a class having common characteristics distinct from those of other classes.

(b) Require existing districts to file written statements with the commission specifying the functions or classes of service provided by such districts.

(c) Establish the nature, location and extent of any functions or classes of service provided by existing districts.

(d) Determine that, except as otherwise authorized by such rules and regulations, no new or different function or class of service shall be provided by any existing district.

The rules and regulations shall not apply to the extension or enlargement, within the boundaries of an existing special district, of any function or service which the commission, pursuant to this section, has established is currently being provided by such special district.

54852. In any county where rules and regulations have been adopted, an application for the formation of a special district shall set forth the functions and services proposed to be provided by the district. If, in the opinion of the commission, approval of such application will necessitate adoption of any new rules and regulations or the amendment or repeal of any existing rules and regulations, the commission may condition approval of such application upon the adoption, amendment or repeal of such rules and regulations. Thereupon the commission shall initiate and conduct proceedings pursuant to this article for the adoption, amendment or repeal of such rules and regulations.

54853. Either the commission or the legislative body of any independent special district or districts within a county may adopt a resolution initiating proceedings.

(a) If a resolution proposes representation of independent special districts upon the commission, it shall also request the adoption of rules and regulations, as designated in Section 54851, affecting the functions and services of special districts within the county.

(b) If a resolution proposes only the adoption, amendment or repeal of rules and regulations affecting the functions and services of special districts, it shall request either that the commission:

(1) Consider the proposal without reference to a special district advisory committee, in which case the resolution shall contain the text of the rules and regulations proposed to be adopted, amended or repealed; or,

(2) Refer the proposal to a special district advisory committee for study, report and recommendation, in which case the resolution shall generally describe the nature of the rules and regulations proposed to be amended, adopted or repealed and, if then available, shall refer to a text on file with the secretary of the district for a detailed description thereof.

54853.1 If the commission adopts a resolution pursuant to subdivision (a) of Section 54853, the executive officer shall immediately call a meeting of the independent special district selection committee referred to in Section 54782.6. The meeting shall be held not less than 15 nor more than 35 days from the adoption of the resolution by the commission. The independent special district selection committee shall meet at the time and place designated by the executive officer and shall consider the commission's resolution. By majority vote of those district representatives voting on the issue, the selection committee shall either (i) approve or (ii) disapprove the commission's resolution. If the selection committee approves the commission's resolution, it shall immediately inform the executive officer of

such action, and the commission at its next meeting shall adopt a resolution of intention pursuant to Section 54855. If the selection committee disapproves the commission's resolution, it shall immediately inform the executive officer of this action and all further proceedings under this article shall cease.

54853.2. If an independent special district adopts a resolution pursuant to subdivision (a) of Section 54853, it shall immediately forward a copy thereof to the executive officer of the commission. Upon receipt of such resolutions from a majority of independent special districts within a county, the commission, at its next regular meeting, shall, by majority vote of those present and voting on the issue, either (i) approve or (ii) disapprove special district representation on the commission. If the commission approves such representation, it shall immediately adopt a resolution of intention pursuant to Section 54855. If the commission disapproves such representation, all further proceedings under this article shall cease.

54853.5. A certified copy of any resolution which has been adopted by an independent special district, pursuant to subsection (b) of Section 54853, and a copy of the text, if any, of proposed rules and regulations referred to therein shall be filed with the executive officer. If a resolution, or substantially identical resolution, has been filed by a majority of independent special districts within the county, then not later than 35 days after the filing, the commission shall adopt a resolution of intention in accordance with the filed resolution or resolutions.

54854. Minor changes in any existing rule and regulation affecting independent special districts may be ordered by the commission, without adoption of a resolution of intention, notice and hearing, or reference to a special district advisory committee, provided, that the commission makes a determination that such changes will not substantially affect the functions and services of any independent special district subject to such rules and regulations and such determinations as concurred in by both commission members appointed to represent independent special districts.

54855. Whenever the commission, or the independent special districts, as the case may be, have complied with the applicable provisions of Sections 54853, 54853.1, 54853.2, and 54853.5, the commission shall adopt a resolution of intention pursuant to this section. The resolution of intention shall:

(a) State whether the proceedings are initiated by the commission or by an independent special district or districts, in which case, the names of any such districts shall be set forth.

(b) If the resolution of intention proposes only the adoption, amendment or repeal of rules and regulations affecting the functions and services of special districts, it shall state either that the commission proposes:

(1) To consider the proposal without reference to a special district advisory committee, in which case the resolution shall contain the text of the rules and regulations proposed to be adopted, amended or repealed.

(2) To refer the proposal to a special district advisory committee for study, report and recommendation, in which case the resolution shall generally describe the nature of the rules and regulations proposed to be amended, adopted or repealed and, if then available, shall refer to a text on file with the executive officer for a detailed description thereof.

In addition, the resolution of intention adopted pursuant to this subsection shall also fix a time, not less than 15 nor more than 35 days after the adoption of the resolution of intention, and the place of hearing by the commission on the question of whether the proposal made by the resolution should be disapproved, approved and ordered without reference to a special district advisory committee, or referred to a special district advisory committee for study, report and recommendation to the commission.

(c) If the resolution of intention proposes representation of independent special districts on the commission, it shall state that the commission proposes to refer the proposal to a special district advisory committee and the commission shall immediately order the proposal referred thereto pursuant to Section 54858.

54856. If a hearing is called pursuant to subdivision (b) of Section 54855, the executive officer shall give notice of the hearing by publication, as provided in Sections 56083 and 56084, by posting, as provided in Sections 56085 and 56086, and by mailing to the clerk or secretary of the county and each local agency within the county, as provided in Sections 56087 and 56088.

54857. The hearing referred to in Section 54856 shall be held by the commission at the time and place specified or to which the hearing may be continued. After the conclusion of the hearing, the commission shall adopt a resolution disapproving the proposal made by the resolution of intention, approving and ordering the proposal without reference to a special district advisory committee, or ordering the proposal referred to a special district advisory committee for study, report and recommendation.

54858. If the commission orders a proposal referred to a special district advisory committee for study, report and recommendation, the appointment of and proceedings by the advisory committee shall be made and taken substantially in accordance with the provisions of Chapter 2 (commencing with Section 56220), Part 3, Division 1, Title 6 of the Government Code pertaining to reorganization committees, except that the advisory committee shall not be terminated until after the commission acts upon the report and recommendation of the advisory committee Various terms and phrases, as used in Chapter 2, shall have the following meanings when applied to proceedings taken pursuant to this article:

Such agreement may be entered into at any time after employment and shall be in a form approved by the

Department of Industrial Relations, and shall include at least the following items:

(a) A description of the form of healing practice intended to be relied upon and designation of individuals and facilities qualified to administer it.

(b) The employee shall not by entering into such an agreement or by selecting such therapy, treatment or healing practice, waive any rights conferred upon him by law, or forfeit any benefits to which he might otherwise be entitled.

(c) The employer and the employee shall each reserve the right to terminate such agreement upon seven days written notice to the other party.

No liability shall be incurred by the employer under the provisions of this section, except as provided for in Chapter 3 (commencing with Section 3600), of this part.

CHAPTER 1251

An act to add Article 3 (commencing with Section 8075) to Chapter 2 of Division 7 of the Education Code, relating to educational programs, and making an appropriation therefor.

[Approved by Governor September 16, 1970. Filed with Secretary of State September 16, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Article 3 (commencing with Section 8075) is added to Chapter 2 of Division 7 of the Education Code, to read:

Article 3. Individual Instruction and Vocational Education

8075. The Legislature hereby finds and declares that several schools have developed programs of individualized instruction based upon performance criteria, including the integration of vocational education with the regular coursework, which have greatly improved their students' achievement and that the success of such programs offers great promise for improving the effectiveness of education throughout the state. The Legislature intends to extend the use of individualized instruction programs on a large scale and to immediately organize a comprehensive program of individualized instruction based upon performance criteria in a major urban school district. Such a comprehensive program shall:

(a) Address the range of socioeconomic-educational problems of urban school children which will be faced by other urban school districts which may desire to develop individualized instruction programs.

(b) Convert the entire curriculum for kindergarten through 12th grade and articulate the curriculum with a community college.

(c) Fully integrate vocational education with the regular curriculum in order to acquaint students with a variety of career alternatives and to provide them with flexible opportunities to acquire the combination of vocational and academic skills required for their individual educational and career objectives.

(d) Draw together existing experience, techniques, and material in the field of individualized instruction, and produce an increased fund of economically reproducible instructional resources to accelerate large-scale conversion of schools in other school districts of the state.

(e) Provide a careful evaluation of the effectiveness of individualized instruction and the problems of conversion, including teacher training, curriculum design and production, integration of vocational education with the regular coursework, and plant utilization. Such an evaluation will help other school districts avoid pitfalls and unnecessary expenditures and permit their programs of individualized instruction to be developed with maximum efficiency and effectiveness.

(f) Provide a major opportunity to design and test the criteria and tools for measuring educational performance. Such an opportunity shall contribute essential information and experience to efforts to set goals and measure performance in all the schools of this state.

(g) Provide the Governor and the Legislature with more precise information on the fiscal requirements for converting schools in this state to programs of individualized instruction.

8075.5. As used in this article "individualized instruction based upon performance criteria" means an educational method in which (a) aptitudes, interests, motivations, and other characteristics of each student play a major role in the selection of educational objectives and the determination of the sequence of study and choice of materials and procedures; (b) the time spent by each student in a given subject area is determined by his performance; and (c) the progress of each student is measured by comparing his performance with a specific objective, rather than with the performance of other students.

8076. The Legislature further finds and declares that funds are needed to convert the regular curriculum to individualized instruction and integration of vocational education and that once such conversion and integration have been accomplished, such program shall operate on the funds regularly available to the school districts.

8077. The State Board of Education shall establish application procedures and select a school district to undertake an individualized instruction program pursuant to this article. The specific goal of the individualized instruction program authorized by this article shall be to convert at least one high school and the network of elementary and junior high schools which provide students to that high school to a program of individualized instruction based upon performance criteria, including the full integration of vocational education with the

regular coursework, and to articulate this program with a junior college. In authorizing this program, the Legislature recognizes that conversion of the entire network of schools may require incremental development beginning, for example, with a high school, one junior high school, and one elementary school.

8078. In selecting a school district to undertake an individualized instruction program pursuant to this article, the board shall use the following criteria:

(a) The school district shall be a large urban unified district, which had an average daily attendance of not less than 30,000 for the school year 1967–1968, and which has an agreement with a junior college to articulate their curricula.

(b) The high school and network of junior high and elementary schools shall be representative of the range of socio-economic-educational problems faced by urban schools.

(c) The local board of education and administrators of the school district and the administrators and teachers of the schools to be involved shall be strongly committed to the goals of the individualized instruction program.

(d) The individualized instruction program shall be carried out with maximum participation of the teachers and administrators of the individual schools and with substantial flexibility for each school to establish its own program within the framework of general goals and requirements for the overall program within the school district.

(e) The school district shall have a plan for community involvement with the program, including students, parents, and representatives of business, industry, organized labor, community and civic organizations, and the general public.

(f) The cost experience of the individualized instruction program and the instructional technology used in the school district shall be readily transferable to other schools in the state.

(g) The schools selected by the district to participate in the program shall receive entitlement equivalent to the total amount of resources from state, local and federal funds which would otherwise be provided the schools under the district's current budgeting procedures.

(h) The instructional program shall include the full integration of vocational education with the regular curriculum and shall acquaint students in all grades with career alternatives and the relevancy of the school curricula to achieving career objectives.

(i) The school district shall have a written statement adopted by the local board of education setting forth the goals, and to the extent feasible, the measurable objectives of education in the district.

8079. In selecting the school district to undertake the individualized instruction program pursuant to this article, the State Board of Education shall conduct a thorough field review in order to make independent judgments of the suita-

8080. The district selected to undertake the program authorized by this article shall have complete responsibility for the program's progress and success. The staff of the State Department of Education shall serve as a resource team that shall provide technical assistance and advice to the school district.

8082.1. District evaluation and reporting requirements required by this article shall not supersede other legal requirements.

It is the intent of the Legislature, however, that the State Board of Education and the Department of Education make every effort to use the evaluation and reporting requirements under this article in fulfilling any other legal requirements in

It shall include in its curriculum a course of shop deportment consisting of instruction in courtesy, neatness and professional attitude in meeting the public.

7425. The board may revoke or suspend at any time any license required by the provisions of this chapter on any of the grounds for disciplinary action provided in this article. The proceedings under this article shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein.

SEC. 24. Section 7430 of the Business and Professions Code is repealed.

SEC. 25. Section 7437 of the Business and Professions Code is amended to read:

7437. Except as otherwise provided in this article, a license of a cosmetologist, instructor, electrologist, manicurist, or cosmetological establishment which has expired for failure of the licensee to renew within the time fixed by Section 7436 may be renewed within five years of the date of expiration upon application therefor and upon payment of the renewal fee in effect on the last preceding regular renewal date. If the license is renewed more than 30 days after its expiration, the licensee, as a condition precedent to renewal, shall also pay the delinquency fee prescribed by this chapter. Renewal under this section shall be effective on the date on which the application is filed, on the date on which the renewal fee is paid, or on the

However, when such employees are covered by a collective bargaining agreement that provides different pay arrangements, those arrangements will apply to the covered employees.

The requirements of this section shall be deemed satisfied by the payment of wages for weekly or biweekly payroll if such wages are paid not more than seven calendar days following the close of the payroll period.

SEC. 3. It is the intent of the Legislature, if the amendments to Section 204 of the Labor Code proposed by both this bill and A.B. 575 are enacted, that both amendments be given effect and incorporated in Section 204 in the form set forth in Section 2 of this act. Therefore, in the event A.B. 575 is

For the purposes of this section, periods of service separated by breaks in service may be aggregated to constitute a period of three consecutive years, if the periods of service are consecutive except for such breaks.

If a break in service did not exceed six months in duration, time included in the break and compensation earnable during such time is included in computation of final compensation.

If a break in service exceeded six months in duration, the first six months thereof and the compensation earnable during those six months are included in computation of final compensation, but time included in the break which is in excess of six months and the compensation earnable during such excess time shall be excluded in computation of final compensation.

With respect to members whose retirements are effective after June 30, 1956, two or more breaks in service which are separated by periods of service each of which does not exceed one-half year of credited service, shall be added together, and for the purpose of this section, the total shall be considered as one break. Time during which a member is also a member of another retirement system to which the state, a county, or the university contributes shall not be considered to be an absence for the purposes of this section, and the determination of the final compensation of such a member shall take into consideration his compensation earnable while he was a member of such other system, providing retirement under this system is concurrent with the member's retirement under the other system.

Retirement allowances, heretofore effective and based on such final compensation, are hereby validated and confirmed.

The board may specify a different final compensation with respect to benefits based on part-time service rendered prior to July 1, 1956, for which credit was given under this system under board rules in effect prior to such date.

SEC. 2. Section 14083 of the Education Code is amended to read:

Such redeposit shall be in the form of a single lump sum payment.

A person who is reinstated to membership on account of this section is not entitled to receive credit for service which might otherwise be creditable under the provisions of Section 13999 relating to credit for service rendered outside the state prior to July 1, 1944.

(c) No such affidavit or statement is insufficient, nor can the trial, order, judgment, or other proceeding thereon be affected by reason of any defect or imperfection in matter of form which does not prejudice a substantial right of the per-

son accused on the merits. No order or judgment of conviction of contempt shall be set aside, nor new trial granted, for any error as to any matter of pleading in such affidavit or statement, unless, after an examination of the entire cause, including the evidence, the court shall be of the opinion that the error complained of has resulted in a miscarriage of justice.

In the event that the city fails or refuses to file, within 30 days after written notice to it, with the Department of Finance the statement of receipts and expenditures required to be made and filed pursuant to subdivision (i) of Section 1 of this act, or fails or refuses, within 30 days after written notice to it, to carry out the terms of this act, the State Lands Commission shall, within 60 days, notify the Chief Clerk of the Assembly and the Secretary of the Senate.

The Attorney General shall, upon request of the commission, bring such judicial proceedings for correction and enforcement as are appropriate, and shall act to protect any properties and assets situated on the granted lands or derived therefrom.

SEC. 3. The State Lands Commission may from time to time, at the request of the Legislature, institute a formal inquiry to determine that the terms and conditions of this act have been complied with and that all other applicable provisions of law concerning either the granted lands or regulating all granted lands, are being complied with in good faith.

SEC 4. The Attorney General, upon formal request of the State Lands Commission (which may only be made after a public hearing, held, after notice, at which the city has been given an opportunity to fully express any disagreement with the commission findings or describe any extenuating circumstances causing the violation), or by concurrent resolution of either house of the Legislature, shall bring an action in the Superior Court of Sacramento County to declare that the grant under which the city holds the lands herein granted and conveyed is revoked for gross and willful violation of the terms of this act, or to compel compliance with the terms and conditions of this act.

SEC. 5. The excess revenue, as determined pursuant to this section, shall be divided as follows: 85 percent to the General Fund in the State Treasury, and 15 percent to the city to be deposited in the city's trust fund and used for any purpose authorized by the provisions of this act.

SEC. 6. A dispute exists between the City of Sacramento and the state as to the ownership of the parcels of property described as Parcel No. 1 and Parcel No. 2 in Section 1 of this

act, and title to a portion or portions of such parcels may lawfully be vested in the City of Sacramento; therefore, in the event that such dispute shall hereafter be resolved by a court of competent jurisdiction or by agreement between the state and the City of Sacramento, the provisions of Section 1 of this act shall apply only to such portion or portions of such parcels as shall so be determined to constitute tide and submerged lands and subject to the jurisdiction of the state.

SEC. 7. The Legislature finds and determines that the City of Sacramento in conjunction with the state and other public agencies, has adopted or is engaged in the process of preparing master plans for a system of regional parks and parkway areas which are located upon or which border upon state lands along the American and Sacramento Rivers and that the development of access to such parks and parkway areas will improve and make more available such lands for statewide recreational uses, and therefore declares that the expenditure of rents and revenues from the lands herein conveyed for the purposes herein specified will be for a public purpose of statewide benefit.

(1) The deductions which would be allowable under this part for the taxable year without regard to whether or not such activity is engaged in for profit, and

(2) A deduction equal to the amount of the deductions which would be allowable under this part for the taxable year only if such activity were engaged in for profit, but only to the extent that the gross income derived from such activity for the taxable year exceeds the deductions allowable by reason of paragraph (1).

(c) For purposes of this section, the term "activity not engaged in for profit" means any activity other than one with respect to which deductions are allowable for the taxable year under Section 17202 or under subdivision (a) or (b) of Section 17252.

(d) If the gross income derived from an activity for two or more of the taxable years in the period of five consecutive taxable years which ends with the taxable year exceeds the deductions attributable to such activity (determined without regard to whether or not such activity is engaged in for profit), then, unless the Franchise Tax Board establishes to the contrary, such activity shall be presumed for purposes of this chapter for such taxable year to be an activity engaged in for profit. In the case of an activity which consists in major part of the breeding, training, showing, or racing of horses, the

preceding sentence shall be applied by substituting the period of seven consecutive taxable years for the period of five consecutive taxable years.

For purposes of the preceding sentence, the portion of a citrus grove planted in one taxable year shall be treated separately from the portion of such grove planted in another taxable year.

(b) Subdivision (a) shall not apply to amounts allowable as deductions (without regard to this section), and attributable to a citrus grove (or part thereof) which was:

(1) Replanted after having been lost or damaged (while in the hands of the taxpayer), by reason of freeze, disease, drought, pests or casualty, or

(b) If an exchange would be within the provisions of subdivision (a), of Section 18101(a), or of Section 18102(a), if it were not for the fact that the property received in exchange consists not only of property permitted by such provisions to be received without the recognition of gain, but also of other property or money, then the gain, if any, to the recipient shall be recognized, but in an amount not in excess of the sum of such money and the fair market value of such other property.

(c) If an exchange would be within the provisions of subdivision (a), of Section 18101(a), or of Section 18102(a), if it were not for the fact that the property received in exchange consists not only of property permitted by such provisions to be received without the recognition of gain or loss, but also of other property or money, then no loss from the exchange shall be recognized.

(d) If property was acquired on an exchange described in this section, Section 18101, or Section 18102, then the basis shall be the same as that of the property exchanged decreased in the amount of any money received by the taxpayer and increased in the amount of gain or decreased in the amount of loss to the taxpayer that was recognized on such exchange. If the property so acquired consisted in part of the type of property permitted by this section, Section 18101(a), or Section 18102(a), to be received without the recognition of gain or loss, and in part of other property, the basis provided in this subdivision shall be allocated between the properties (other than money) received, and for the purpose of the allocation there shall be assigned to such other property an amount equivalent to its fair market value at the date of the exchange For purposes of this section, Section 18101(a), and Section 18102(a), where as part of the consideration to the taxpayer another party to the exchange assumed a liability of the taxpayer or acquired from the taxpayer property subject to a liability, such assumption or acquisition (in the amount of the liability) shall be considered as money received by the taxpayer on the exchange.

(e) For purposes of this section, livestock of different sexes are not property of like kind.

SEC. 6. Section 18182 of the Revenue and Taxation Code is amended to read:

18182. (3) A copyright, a literary, musical or artistic composition, or similar property, held by a taxpayer described in Section 18161(c).

(b) Such term also includes timber with respect to which Sections 17711 and 17712 are applicable. Such term also includes cattle and horses, regardless of age, held by the taxpayer for draft, breeding, dairy, or sporting purposes, and held by him for 24 months or more from the date of acquisition, and other livestock, regardless of age, held by the taxpayer for draft, breeding,, dairy, or sporting purposes, and held by him for 12 months or more from the date of acquisition. It does not include poultry.

(c) In the case of an unharvested crop on land used in the trade or business and held for more than six months, if the crop and the land are sold or exchanged (or compulsorily or involuntarily converted as described in Section 18181) at the same time and to the same person, the crop shall be considered as "property used in the trade or business."

SEC. 7. Section 18211 of the Revenue and Taxation Code is amended to read:

18211. (a) (1) Except as otherwise provided in this section, if Section 18211 property is disposed of during a taxable year beginning after December 31, 1962, the amount by which the lower of—

(A) The recomputed basis of the property, or

(B) (i) In the case of a sale, exchange, or involuntary conversion, the amount realized, or

(ii) In the case of any other disposition, the fair market value of such property,

exceeds the adjusted basis of such property shall be treated as gain from the sale or exchange of property which is neither a capital asset nor property described in Sections 18181 and 18182. Such gain shall be recognized notwithstanding any other provision of this part.

(2) For purposes of this section, the term 'recomputed basis' means, with respect to any property (other than livestock), its adjusted basis recomputed by adding thereto all adjustments, attributable to periods after December 31, 1961, and with respect to livestock, its adjusted basis recomputed by adding thereto all adjustments attributable to periods after December 31, 1969, reflected in such adjusted basis on account of deductions (whether in respect of the same or other property) allowed or allowable to the taxpayer or to any other person for depreciation, or for amortization under Section 17212. For purposes of the preceding sentence, if the taxpayer

can establish by adequate records or other sufficient evidence that the amount allowed for depreciation, or for amortization under Section 17212, for any period was less than the amount allowable, the amount added for such period shall be the amount allowed.

(3) For purposes of this section, the term 'Section 18211 property' means any property which is or has been property of a character subject to the allowance for depreciation provided in Sections 17208 to 17211.5, inclusive, and is either—

(A) Personal property, or

(B) Other property (not including a building or its structural components) but only if such other property is tangible and has an adjusted basis in which there are reflected adjustments described in paragraph (2) for a period in which such property (or other property)—

(i) Was used as an integral part of manufacturing, production, or extraction or of furnishing transportation, communications, electrical energy, gas, water, or sewage disposal services, or

(ii) Constituted research or storage facilities used in connection with any of the activities referred to in clause (i).

(b) (1) Subdivision (a) shall not apply to a disposition by gift.

(2) Except as provided in Section 17831 to 17837, inclusive, (relating to income in respect of a decedent), subdivision (a) shall not apply to a transfer at death.

(3) If the basis of property in the hands of a transferee is determined by reference to its basis in the hands of the transferor by reason of the application of Section 17431, 17481, 17881, 17891, or Section 24502, 24521, or 24551 of the Bank and Corporation Tax Law, then the amount of gain taken into account by the transferor under subdivision (a)(1) shall not exceed the amount of gain recognized to the transferor on the transfer of such property (determined without regard to this section). This paragraph shall not apply to a disposition to an organization which is exempt from the tax imposed by this part.

(4) If property is disposed of and gain (determined without regard to this section) is not recognized in whole or in part under Section 18081 or Sections 18082 to 18090.2, inclusive, then the amount of gain taken into account by the transferor under subdivision (a)(1) shall not exceed the sum of—

(A) The amount of gain recognized on such disposition (determined without regard to this section), plus

(B) The fair market value of property acquired which is not Section 18211 property and which is not taken into account under subparagraph (A).

(5) Under regulations prescribed by the Franchise Tax Board, rules consistent with paragraphs (3) and (4) of this subdivision shall apply in the case of transactions described in Section 18121 (relating to gain from sale or exchange to ef-

fectuate policies of FCC) or Sections 18131 to 18134, inclusive, (relating to exchanges in obedience to SEC orders).

(6) (A) For purposes of this section, the basis of Section 18211 property distributed by a partnership to a partner shall be deemed to be determined by reference to the adjusted basis of such property to the partnership.

(B) In the case of any property described in subparagraph (A), for purposes of computing the recomputed basis of such property the amount of the adjustments added back for periods before the distribution by the partnership shall be—

(i) The amount of the gain to which subdivision (a) would have applied if such property had been sold by the partnership immediately before the distribution at its fair market value at such time, reduced by

(ii) The amount of such gain to which Section 17912 applied.

(c) The Franchise Tax Board shall prescribe such regulations as it may deem necessary to provide for adjustments to the basis of property to reflect gain recognized under subdivision (a).

(d) This section shall apply notwithstanding any other provision of this part.

SEC. 8. Section 18219 is added to the Revenue and Taxation Code, to read:

18219. (a) (1) Except as otherwise provided in this section, if farmland which the taxpayer has held for less than 10 years is disposed of during a taxable year beginning after December 31, 1969, the lower of—

(A) The applicable percentage of the aggregate of the deductions allowed under Section 17224 (relating to soil and water conservation expenditures) for expenditures made by the taxpayer after December 31, 1969, with respect to the farmland or

(B) The excess of—

(i) The amount realized (in the case of a sale, exchange, or involuntary conversion), or the fair market value of the farmland (in the case of any other disposition), over

(ii) The adjusted basis of such land,

shall be treated as gain from the sale or exchange of property which is neither a capital asset nor property described in Section 18182. Such gain shall be recognized notwithstanding any other provision of this subtitle, except that this section shall not apply to the extent Section 18220 applies to such gain.

(2) For purposes of this section, the term "farmland" means any land with respect to which deductions have been allowed under Section 17224 (relating to soil and water conservation expenditures).

(3) For purposes of this section—

If the farmland is disposed of—	The applicable percentage is—
Within five years after the date it was acquired	100 percent.
Within the sixth year after it was acquired	80 percent.
Within the seventh year after it was acquired	60 percent.
Within the eighth year after it was acquired	40 percent.
Within the ninth year after it was acquired	20 percent.
Ten years or more years after it was acquired	0 percent.

(b) Under regulations prescribed by the Franchise Tax Board, rules similar to the rules of Section 18211 shall be applied for purposes of this section.

SEC. 9. Section 18220 is added to the Revenue and Taxation Code, to read:

18220. Notwithstanding any other provision in this part to the contrary, for taxable years beginning after December 31, 1969;

(a) This section shall apply with respect to any taxable year only if:

(1) There is a farm net loss for the taxable year; or

(2) There is a balance in the excess deductions account as of the close of the taxable year after applying subsection (b)(3)(A).

(b) (1) Each taxpayer subject to this section shall, for purposes of this section, establish and maintain an excess deductions account.

(2) (A) There shall be added to the excess deductions account for each taxable year an amount equal to the farm net loss.

(B) In the case of an individual (other than a trust) subparagraph (A) shall apply for a taxable year—

(i) Only if the taxpayer's nonfarm adjusted gross income for such year exceeds $50,000, and

(ii) Only to the extent the taxpayer's farm net loss for such year exceeds $25,000.

(C) In the case of a husband or wife who files a separate return, the amount specified in subparagraph (B)(i) shall be $25,000 in lieu of $50,000, and in subparagraph (B)(ii) shall be $12,500 in lieu of $25,000. This subparagraph shall not apply if the spouse of the taxpayer does not have any nonfarm adjusted gross income for the taxable year.

(D) For purposes of this section, the term "nonfarm adjusted gross income" means adjusted gross income computed

without regard to income or deductions attributable to the business of farming.

(3) If there is any amount in the excess deductions account at the close of any taxable year (determined before any amount is subtracted under this paragraph for such year) there shall be subtracted from the account—

(A) An amount equal to the farm net income for such year, plus the amount (determined as provided in regulations prescribed by the Franchise Tax Board) necessary to adjust the account for deductions which did not result in a reduction of the taxpayer's tax under this subtitle for the taxable year or any preceding taxable year, and

(B) After applying paragraph (2) or subparagraph (A) of this paragraph (as the case may be), an amount equal to the sum of the amounts treated, solely by reason of the application of subsection (c), as gain from the sale or exchange of property which is neither a capital asset nor property described in Section 18182.

(4) (A) Except to the extent that the taxpayer has succeeded to an excess deductions account as provided in paragraph (5), additions to the excess deductions account shall not be required by a taxpayer who elects to compute taxable income from farming (i) by using inventories, and (ii) by charging to capital account all expenditures paid or incurred which are properly chargeable to capital account (including such expenditures which the taxpayer may, under this chapter or regulations prescribed thereunder, otherwise treat or elect to treat as expenditures which are not chargeable to capital account).

(B) An election under subparagraph (A) for any taxable year shall be filed within the time prescribed by law (including extensions thereof) for filing the return for such taxable year, and shall be made and filed in such manner as the Franchise Tax Board shall prescribe by regulations. Such election shall be binding on the taxpayer for such taxable year and for all subsequent taxable years and may not be revoked except with the consent of the Franchise Tax Board.

(C) If, in order to comply with the election made under subparagraph (A), a taxpayer changes his method of accounting in computing taxable income from the business of farming, such change shall be treated as having been made with the consent of the Franchise Tax Board and for purposes of subdivision (b) of Section 17611 shall be treated as a change not initiated by the taxpayer.

(5) If:

(A) Farm recapture property is disposed of by gift, and

(B) The potential gain (as defined in subsection (e)(5)) on farm recapture property disposed of by gift during any one-year period in which any such gift occurs is more than 25 percent of the potential gain on farm recapture property held by the donor immediately prior to the first of such gifts,

each donee of the property shall succeed (at the time the first

of such gifts is made, but in an amount determined as of the close of the donor's taxable year in which the first of such gifts is made) to the same proportion of the donor's excess deductions account (determined, after the application of paragraphs (2) and (3) with respect to the donor, as of the close of such taxable year), as the potential gain on the property received by such donee bears to the aggregate potential gain on farm recapture property held by the donor immediately prior to the first of such gifts.

(6) In the case of an addition to an excess deductions account for a taxable year for which a joint return was filed under Section 18402, for any subsequent taxable year for which a separate return was filed the Franchise Tax Board shall provide rules for allocating any remaining amount of such addition in a manner consistent with the purposes of this section.

(c) (1) Except as otherwise provided in this section, if farm recapture property (as defined in subsection (e)(1)) is disposed of during a taxable year beginning after December 31, 1969, the amount by which—

(A) In the case of a sale, exchange, or involuntary conversion, the amount realized, or

(B) In the case of any other disposition, the fair market value of such property,

exceeds the adjusted basis of such property shall be treated as gain from the sale or exchange of property which is neither a capital asset nor property described in Sections 18181 or 18182. Such gain shall be recognized notwithstanding any other provision of this part.

(2) (A) The aggregate of the amounts treated under paragraph (1) as gain from the sale or exchange of property which is neither a capital asset nor property described in Sections 18181 or 18182 for any taxable year shall not exceed the amount in the excess deductions account at the close of the taxable year after applying subsection (b)(3)(A).

(B) If the aggregate of the amounts to which paragraph (1) applies is limited by the application of subparagraph (A), paragraph (1) shall apply in respect of such dispositions (and in such amounts) as provided under regulations prescribed by the Franchise Tax Board.

(C) In applying subparagraph (A), any gain on the sale or exchange of land shall be taken into account only to the extent of its potential gain (as defined in subsection (e)(5)).

(d) (1) Subsection (c) shall not apply to a disposition by gift.

(2) Except as provided in Sections 17831 to 17834, inclusive (relating to income in respect of a decedent), subsection (c) shall not apply to a transfer at death.

(3) If property is disposed of and gain (determined without regard to this section) is not recognized in whole or in part under Section 18081 or Sections 18082 to 18090.2, inclusive, then the amount of gain taken into account by the

transferor under subsection (c)(1) shall not exceed the sum of—

(A) The amount of gain recognized on such disposition (determined without regard to this section), plus

(B) The fair market value of property acquired with respect to which no gain is recognized under subparagraph (A), but which is not farm recapture property.

(4) (A) In the case of a partnership, each partner shall take into account separately his distributive share of the partnership's farm net losses, gains from dispositions of farm recapture property, and other items in applying this section to the partner.

(B) If farm recapture property is contributed to a partnership and gain (determined without regard to this section) is not recognized under Section 17881, then the amount of gain taken into account by the transferor under subsection (c)(1) shall not exceed the excess of the fair market value of farm recapture property transferred over the fair market value of the partnership interest attributable to such property. If the partnership agreement provides for an allocation of gain to the contributing partner with respect to farm recapture property contributed to the partnership (as provided in subdivision (b) of Section 17857), the partnership interest of the contributing partner shall be deemed to be attributable to such property.

(5) Except for transactions described in subsection (b)(5)(A), in the case of a transfer, described in paragraph (3), of farm recapture property to a corporation, stock or securities received by a transferor in the exchange shall be farm recapture property to the extent attributable to the fair market value of farm recapture property (or, in the case of land, if less, the adjusted basis plus the potential gain (as defined in subsection (e)(5)) on farm recapture property) contributed to the corporation by such transferor.

(e) For purposes of this section—

(1) The term "farm recapture property" means—

(A) Any property (other than Section 18212 property) described in paragraph (1) (relating to business property held for more than six months), (3) (relating to livestock), or (4) (relating to an unharvested crop) of Section 18182 which is or has been used in the trade or business of farming by the taxpayer or by a transferor in a transaction described in subsection (b)(5), and

(B) Any property the basis of which in the hands of the taxpayer is determined with reference to the adjusted basis of property which was farm recapture property in the hands of the taxpayer within the meaning of subparagraph (A).

(2) The term "farm net loss" means the amount by which—

(A) The deductions allowed or allowable by this chapter which are directly connected with the carrying on of the trade or business of farming, exceed

(B) The gross income derived from such trade or business. Gains and losses on the disposition of farm recapture property referred to in Section 18181 (determined without regard to this section or Section 18211) shall not be taken into account.

(3) The term "farm net income" means the amount by which the amount referred to in paragraph (2)(B) exceeds the amount referred to in paragraph (2)(A).

(4) (A) In the case of a taxpayer engaged in the raising of horses, the term "trade or business of farming" includes the racing of horses.

(B) If a taxpayer is engaged in more than one trade or business of farming, all such trades and businesses shall be treated as one trade or business.

(5) The term "potential gain" means an amount equal to the excess of the fair market value of property over its adjusted basis, but limited in the case of land to the extent of the deductions allowable in respect to such land under Section 17224 (relating to soil and water conservation expenditures) for the taxable year and the four preceding taxable years.

SEC. 10. Section 24422.5 is added to the Revenue and Taxation Code, to read:

24422.5. (a) Except as provided in subdivision (b), any amount (allowable as a deduction without regard to this section), which is attributable to the planting, cultivation, maintenance, or development of any citrus grove (or part thereof), and which is incurred before the close of the fourth income year beginning with the income year in which the trees were planted, shall be charged to capital account. For purposes of the preceding sentence, the portion of a citrus grove planted in one income year shall be treated separately from the portion of such grove planted in another income year.

(b) Subdivision (a) shall not apply to amounts allowable as deductions (without regard to this section), and attributable to a citrus grove (or part thereof) which was:

(1) Replanted after having been lost or damaged (while in the hands of the taxpayer), by reason of freeze, disease, drought, pests or casualty, or

(2) Planted or replanted prior to the enactment of this section.

SEC. 11. Section 24662 is added to the Revenue and Taxation Code, to read:

24662. In the case of insurance proceeds received as a result of destruction or damage to crops, a taxpayer reporting on the cash receipts and disbursements method of accounting may elect to include such proceeds in income for the income year following the income year of destruction or damage, if he establishes that, under his practice, income from such crops would have been reported in a following income year. An election under this section for any income year shall be made at such time and in such manner as the Franchise Tax Board prescribes.

SEC. 12. Section 24941 of the Revenue and Taxation Code is amended to read:

24941. (a) No gain or loss shall be recognized if property held for productive use in trade or business or for investment (not including stock in trade or other property held primarily for sale, nor stocks, bonds, notes, choses in action, certificates of trust or beneficial interest, or other securities or evidences of indebtedness or interest) is exchanged solely for property of a like kind to be held either for productive use in trade or business or for investment.

(b) If an exchange would be within the provisions of subsection (a), of Section 24950, or of Section 24951, if it were not for the fact that the property received in exchange consists not only of property permitted by such provisions to be received without the recognition of gain, but also of other property or money, then the gain, if any, to the recipient shall be recognized, but in an amount not in excess of the sum of such money and the fair market value of such other property.

(c) If an exchange would be within the provisions of subsection (a), of Section 24950, or of Section 24951, if it were not for the fact that the property received in exchange consists not only of property permitted by such provisions to be received without the recognition of gain or loss, but also of other property or money, then no loss from the exchange shall be recognized.

(d) If property was acquired on an exchange described in this section, Section 24950, or Section 24951, then the basis shall be the same as that of the property exchanged decreased in the amount of any money received by the bank or corporation and increase in the amount of gain or decreased in the amount of loss to the bank or corporation that was recognized on such exchange. If the property so acquired consisted in part of the type of property permitted by this section, Section 24950, or Section 24951, to be received without the recognition of gain or loss, and in part of other property, the basis provided in this subsection shall be allocated between the properties (other than money) received, and for the purpose of the allocation there shall be assigned to such other property an amount equivalent to its fair market value at the date of the exchange. For purposes of this section, Section 24950, and Section 24951, where as part of the consideration to the bank or corporation another party to the exchange assumed a liability of the bank or corporation or acquired from the bank or corporation property subject to a liability, such assumption or acquisition (in the amount of the liability) shall be considered as money received by the bank or corporation on the exchange.

(e) For the purposes of this section, livestock of different sexes is not property of like kind.

SEC. 13. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect; however, provisions making changes in the Personal Income Tax Law shall be applied in the computation of

taxes for taxable years beginning after December 31, 1969, and provisions making changes in the Bank and Corporation Tax Law shall be applied to the computation of taxes on or measured by net income of income years beginning after December 31, 1969. Section 6 of this act shall apply to livestock acquired after December 31, 1969. Sections 5 and 12 of this act are intended by the Legislature to be a correct interpretation of existing law.

The people of the State of California do enact as follows:

SECTION 1. Section 1630 of the Civil Code is amended to read:

1630. Except as provided in Section 1630.5, a printed contract of bailment providing for the parking or storage of a motor vehicle shall not be binding, either in whole or in part, on the vehicle owner or on the person who leaves the vehicle with another, unless the contract conforms to the following:

(b) All the provisions of the contract are printed legibly in eight-point type or larger.

(c) Acceptance of benefits under a contract included within the provisions of this section shall not be construed a waiver of this section, and it shall be unlawful to issue such a contract on condition that provisions of this section are waived.

A copy of the contract printed in large type, in an area at least 17 by 22 inches, shall be posted in a conspicuous place at each entrance of the parking lot.

Nothing in this section shall be construed to prohibit the enactment of city ordinances on this subject that are not less restrictive, and such enactments are expressly authorized.

SEC. 2. Section 1630.5 is added to the Civil Code, to read:

1630.5. The provisions of any contract of bailment for the parking or storage of a motor vehicle shall not exempt the bailee from liability, either in whole or in part, for the theft of any motor vehicle, when such motor vehicle is parked or stored with such bailee, and the keys are required by such bailee to be left in the parked or stored vehicle.

CHAPTER 1278

An act to amend Section 186.3 of, and to repeal Sections 2105 and 2107.4 of, the Streets and Highways Code, relating to select systems of highways and streets.

The people of the State of California do enact as follows:

SECTION 1. Section 186.3 of the Streets and Highways Code is amended to read:

(a) Funds apportioned pursuant to Section 2106 shall be expended exclusively for acquisition of rights-of-way for and construction of routes on the select system of county roads and city streets for such county or city established as provided in this section or for maintenance purposes; provided, however, that any expenditure of funds apportioned pursuant to Section 2106 or 2107 for acquisition of rights-of-way or construction upon a state highway, or upon a select system road or street in a county or city, shall be deemed an expenditure upon the select system of the county or city making such expenditure.

(b) Each county and city, to be eligible for allocation and apportionment of funds pursuant to Section 2106 or 2107, shall file a report and map or maps with the department indicating its select system of county roads or city streets, and thereafter each eligible county and city may submit a supplemental report with map or maps recommending proposed additions or deletions to the system where such additions or deletions are warranted by changes brought about by annexations or changes in traffic or land-use patterns or by other causes. Such submittals shall be reviewed and approved or modified by the department and shall constitute the select system upon which funds may thereafter be expended.

(c) All select systems and their modifications or revisions heretofore approved by the commission shall be effective upon the date of such approval.

(d) Notwithstanding subdivision (a) and Section 2107.4, funds received pursuant to Sections 2106 and 2107 and expended for the acquisition of rights-of-way for, and the construction of, city streets shall be considered expenditures on the select system of the city, if the city legislative body finds that 90 percent or more of either its select system or its entire system of city streets has been constructed. (c) A water supply approved under applicable law, which is under the control of the tenant, capable of producing hot and cold running water, or a system which is under the control of the landlord, which produces hot and cold running water, furnished to appropriate fixtures, and connected to a sewage disposal system approved under applicable law.

(h) Floors, stairways, and railings maintained in good repair.

SEC. 2. Section 1941.2 is added to the Civil Code, to read:

1941.2. (a) No duty on the part of the lessor shall arise under Section 1941 or 1942 if the lessee is in substantial violation of any of the following affirmative obligations:

(1) To keep that part of the premises which he occupies and uses clean and sanitary as the condition of the premises permits.

(2) To dispose from his dwelling unit of all rubbish, garbage and other waste, in a clean and sanitary manner.

(b) Paragraphs (1) and (2) of subdivision (a) shall not apply if the lessor has expressly agreed in writing to perform the act or acts mentioned therein.

SEC. 3. Section 1942 of the Civil Code is amended to read:

1942. (a) If within a reasonable time after notice to the lessor, of dilapidations which he ought to repair, he neglects to do so, the lessee may repair the same himself, where the cost of such repairs does not require an expenditure greater than one month's rent of the premises, and deduct the expenses of such repairs from the rent, or the lessee may vacate the premises, in which case he shall be discharged from further

payment of rent, or performance of other conditions. This remedy shall not be available to the lessee more than once in any 12-month period.

(b) For the purposes of this section, if a lessee acts to repair and deduct after the 30th day following notice, he is presumed to have acted after a reasonable time. The presumption established by this subdivision is a presumption affecting the burden of producing evidence.

SEC. 4. Section 1942.1 is added to the Civil Code, to read:

1942.1. Any agreement by a lessee of a dwelling waiving or modifying his rights under Section 1941 or 1942 shall be void as contrary to public policy with respect to any condition which renders the premises untenantable, except that the lessor and the lessee may agree that the lessee shall undertake to improve, repair or maintain all or stipulated portions of the dwelling as part of the consideration for rental.

The lessor and lessee may, if an agreement is in writing, set forth the provisions of Sections 1941 to 1942.1, inclusive, and provide that any controversy relating to a condition of the premises claimed to make them untenantable may by application of either party be submitted to arbitration, pursuant to the provisions of Title 9 (commencing with Section 1280), Part 3 of the Code of Civil Procedure, and that the costs of such arbitration shall be apportioned by the arbitrator between the parties.

SEC. 5. Section 1942.5 is added to the Civil Code, to read:

1942.5. (a) If the lessor has as his dominant purpose retaliation against the lessee because of the exercise by the lessee of his rights under this chapter or because of his complaint to an appropriate governmental agency as to tenantability of a dwelling, and if the lessee of a dwelling is not in default as to the payment of his rent, the lessor may not recover possession of a dwelling in any action or proceeding, cause the lessee to quit involuntarily, increase the rent, or decrease any services, within 60 days:

(1) After the date upon which the lessee, in good faith, has given notice pursuant to Section 1942; or

(2) After the date upon which the lessee, in good faith, has filed a written complaint, with an appropriate governmental agency, of which the lessor has notice, for the purpose of obtaining correction of a condition relating to tenantability; or

(3) After the date of an inspection or issuance of a citation, resulting from a written complaint described in paragraph (2) of which the lessor did not have notice; or

(4) After entry of judgment or the signing of an arbitration award, if any, when in the judicial proceeding or arbitration the issue of tenantability is determined adversely to the lessor.

In each instance, the 60-day period shall run from the latest applicable date referred to in paragraphs (1) to (4), inclusive.

(b) A lessee may not invoke the provisions of this section more than once in any 12-month period.

(c) Nothing in this section shall be construed as limiting in any way the exercise by the lessor of his rights under any lease or agreement or any law pertaining to the hiring of property or his right to do any of the acts described in subdivision (a) for any lawful cause. Any waiver by a lessee of his rights under this section shall be void as contrary to public policy.

(d) Notwithstanding the provisions of subdivisions (a) to (c), inclusive, a lessor may recover possession of a dwelling and do any of the other acts described in subdivision (a) within the period or periods prescribed therein if the notice of termination, rent increase, or other act, and any pleading or statement of issues in an arbitration, if any, states the ground upon which the lessor, in good faith, seeks to recover possession, increase rent, or do any of the other acts described in subdivision (a). If such statement be controverted, the lessor shall establish its truth at the trial or other hearing.

SEC. 6. This act shall not apply to any lease, option or other agreement entered into prior to January 1, 1971, except that it shall apply to a lease or hiring of a dwelling which is renewed by agreement, or presumed to have been renewed pursuant to Section 1945 of the Civil Code, after January 1, 1971.

[Approved by Governor September 17, 1970. Filed with Secretary of State September 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 580a of the Code of Civil Procedure is amended to read:

580a. Whenever a money judgment is sought for the balance due upon an obligation for the payment of which a deed of trust or mortgage with power of sale upon real property or any interest therein was given as security, following the exercise of the power of sale in such deed of trust or mortgage, the plaintiff shall set forth in his complaint the entire amount of the indebtedness which was secured by said deed of trust or mortgage at the time of sale, the amount for which such real property or interest therein was sold and the fair market value thereof at the date of sale and the date of such

sale. Upon the application of either party made at least 10 days before the time of trial the court shall, and upon its own motion the court at any time may, appoint one of the inheritance tax referees provided for by law to appraise the property or the interest therein sold as of the time of sale. Such referee shall file his appraisal with the clerk and the same shall be admissible in evidence. Such referee shall take and subscribe an oath to be attached to the appraisal that he has truly, honestly and impartially appraised the property to the best of his knowledge and ability. Any referee so appointed may be called and examined as a witness by any party or by the court itself. The court must fix the compensation of such referee in an amount as determined by the court to be reasonable, but such fees shall not exceed similar fees for similar services in the community where such services are rendered, which may be taxed and allowed in like manner as other costs. Before rendering any judgment the court shall find the fair market value of the real property, or interest therein sold, at the time of sale. The court may render judgment for not more than the amount by which the entire amount of the indebtedness due at the time of sale exceeded the fair market value of the real property or interest therein sold at the time of sale with interest thereon from the date of the sale; provided, however, that in no event shall the amount of said judgment, exclusive of interest after the date of sale, exceed the difference between the amount for which the property was sold and the entire amount of the indebtedness secured by said deed of trust or mortgage. Any such action must be brought within three months of the time of sale under such deed of trust or mortgage. No judgment shall be rendered in any such action until the real property or interest therein has first been sold pursuant to the terms of such deed of trust or mortgage, unless such real property or interest therein has become valueless.

SEC. 2. Section 726 of the Code of Civil Procedure is amended to read:

726. There can be but one form of action for the recovery of any debt, or the enforcement of any right secured by mortgage upon real property, which action must be in accordance with the provisions of this chapter. In such action the court may, by its judgment, direct the sale of the encumbered property (or so much thereof as may be necessary), and the application of the proceeds of the sale to the payment of the costs of court, and the expenses of the sale, and the amount due plaintiff, including, where the mortgage provides for the payment of attorney's fees, such sum for such fees as the court shall find reasonable, not exceeding the amount named in the mortgage.

The court may, by its judgment, or at any time after judgment, appoint a commissioner to sell the encumbered property. It must require of him an undertaking in an amount fixed by the court, with sufficient sureties, to be approved by the judge, to the effect that the commissioner will faithfully perform

the duties of his office according to law. Before entering upon the discharge of his duties he must file such undertaking, so approved, together with his oath that he will faithfully perform the duties of his office.

The decree for the foreclosure of a mortgage or deed of trust secured by real property or any interest therein shall declare the amount of the indebtedness or right so secured and, unless judgment for any deficiency there may be between the sale price and the amount due with costs is waived by the judgment creditor or a deficiency judgment is prohibited by Section 580b, shall determine the personal liability of any defendant for the payment of the debt secured by such mortgage or deed of trust and shall name such defendants against whom a deficiency judgment may be ordered following the proceedings hereinafter prescribed. In the event of such waiver, or if the prohibition of Section 580b is applicable the decree shall so declare and there shall be no judgment for a deficiency. In the event that a deficiency is not waived or prohibited and it is decreed that any defendant is personally liable for such debt, then upon application of the plaintiff filed at any time within three months of the date of the foreclosure sale and after a hearing thereon at which the court shall take evidence and at which hearing either party may present evidence as to the fair value of the property or the interest therein sold as of the date of sale, the court shall render a money judgment against such defendant or defendants for the amount by which the amount of the indebtedness with interest and costs of sale and of action exceeds the fair value of the property or interest therein sold as of the date of sale; provided, however, that in no event shall the amount of said judgment, exclusive of interest from the date of sale and of costs exceed the difference between the amount for which the property was sold and the entire amount of the indebtedness secured by said mortgage or deed of trust. Notice of such hearing must be served upon all defendants who have appeared in the action and against whom a deficiency judgment is sought, or upon their attorneys of record, at least 15 days before the date set for such hearing. Upon application of any party made at least 10 days before the date set for such hearing the court shall, and upon its own motion the court at any time may, appoint one of the inheritance tax referees provided for by law to appraise the property or the interest therein sold as of the time of sale. Such inheritance tax referee shall file his appraisal with the clerk and the same shall be admissible in evidence. Such inheritance tax referee shall take and subscribe an oath to be attached to the appraisal that he has truly, honestly and impartially appraised the property to the best of his knowledge and ability. Any inheritance tax referee so appointed may be called and examined as a witness by any party or by the court itself The court must fix the compensation, in an amount as determined by the court to be reasonable, but such fees shall not exceed similar fees for similar services in the community where such

services are rendered, which may be taxed and allowed in like manner as other costs.

No person holding a conveyance from or under the mortgagor of the property mortgaged, or having a lien thereon, which conveyance or lien does not appear of record in the proper office at the time of the commencement of the action need be made a party to such action, and the judgment therein rendered, and the proceedings therein had, are as conclusive against the party holding such unrecorded conveyance or lien as if he had been a party to the action.

If the court appoint a commissioner for the sale of the property, he must sell it in the manner provided by law for the sale of like property by the sheriff upon execution; and the provisions of Chapter 1 (commencing with Section 681), Title 9, Part 2, of this code are hereby made applicable to sale made by such commissioner, and the powers therein given and the duties therein imposed on sheriffs are extended to such commissioner.

In all cases heretofore, now or hereafter pending in the courts of this state, in the event of the death, absence from the state, other disability or disqualification of the commissioner appointed to sell encumbered property under the foregoing provisions of this section, the court may, upon the happening of either the death, absence from the state, other disability or disqualification of the commissioner, appoint an elisor to perform the duties of such commissioner which are then to be performed in such action. The elisor so appointed shall give the undertaking, and take the oath hereinbefore provided to be given and taken by a commissioner, before entering upon the discharge of his duties, and shall thereafter perform all duties left unperformed by the commissioner whom he is appointed to succeed, with like effect as if such duties had been performed by the commissioner.

If the land mortgaged consists of a single parcel, or two or more contiguous parcels, situated in two or more counties, the court may, in its judgment, direct the whole thereof to be sold in one of such counties by the sheriff, commissioner or elisor, as the case may be, and upon such proceedings, and with like effect, as if the whole of the property were situated in that county.

SEC. 3. Section 29007 of the Education Code is amended to read:

29007. Except as otherwise provided by law, no person, firm, association, partnership or corporation may issue, confer or award an academic or honorary "degree" or "title" (meaning any designation, mark, appellation, series of letters or words such as, but not limited to, associate, bachelor, master, doctor or fellow) which signifies, purports or is generally taken to signify satisfactory completion of the requirements of an academic or professional program of study beyond the secondary school level unless such person, firm, association, partnership or corporation meets the requirements of any one of the three paragraphs of subdivision (a).

No person, firm, association, partnership or corporation may issue, confer, or award any "diploma" bearing the words diploma, certificate, transcript, document or other writing, other than the awarding of a "degree" title, representing that any person has completed any course of study beyond high school unless such person, firm, association, partnership or corporation meets the requirements of one of the subdivisions (b), (c), (d), (e), or (f).

(a) (1) A person, firm, association, partnership or corporation which at the time of the issuance of a "degree" has accreditation of the course upon which the "degree" is based by a national accrediting agency recognized by the United States Department of Health, Education, and Welfare, Office of Education, or is accredited by the applicable regional accrediting agency recognized by the United States Department of Health, Education, and Welfare, Office of Education, and provided further that the educational institution has filed with the Superintendent of Public Instruction an affidavit by the president of the institution stating that the institution is so accredited.

Such permission shall be granted upon a year-to-year basis by the Superintendent of Public Instruction. Application for such authorization shall be on forms furnished by the State Department of Education. The Superintendent of Public Instruction shall not approve an institution to issue degrees until it is determined, based on information submitted to him, that the course of instruction has the facilities and the faculty to afford students and require of students the completion of a program of education which will prepare them for the attainment of a recognized professional, vocational, or educational objective; and the curriculum is consistent in content and quality with curricula offered by established institutions that issue the appropriate degree upon the satisfactory completion thereof. For the purpose of this subdivision the Superintendent of Public Instruction may compare with the requirements and standards of an accrediting agency generally accepted by the class of institution concerned. Such affidavit shall be accompanied by an appraisal

by a state inheritance tax referee appointed for the county in which the institution is located, describing the real or personal property or both, and showing the value of the interest of the corporation therein to be at least fifty thousand dollars ($50,000). The value of the interest of the property required to be owned by the corporation for the purposes of this section shall be deemed to be the appraised value of the interest owned by the corporation less the unpaid balance on any note secured by a mortgage or deed of trust thereon or the unpaid balance on a contract of sale thereof. Filing pursuant to this section shall not be interpreted to mean, and it shall be unlawful for any corporation to expressly or impliedly represent by any means whatsoever, that the State of California, the Superintendent of Public Instruction, the State Board of Education, the California State Department of Education, or any division or bureau thereof, has made any evaluation, recognition, accreditation, approval, or endorsement of the course of study.

(b) A hospital licensed under the provisions of Division 2, Chapter 2 (commencing with Section 1400) of the Health and Safety Code, which issues diplomas in connection with the operation of a hospital.

(c) A person, firm, association, partnership or corporation which is accredited, approved, or licensed by a state board or agency as a school and which issues or confers diplomas in the profession, vocation or occupation controlled by the board or agency accrediting, approving, or licensing it; provided, that this subdivision shall not be construed as authorizing the issuing of a diploma which is not customarily granted for the training given and which is limited to the profession, vocation or occupation controlled by the accrediting, approving, or licensing board.

(d) Any educational institution accredited for teacher training by the State Board of Education for credentials in the field of teacher training; provided, that this subdivision shall not be construed as authorizing the issuance of a diploma which is not based exclusively on the courses of instruction accredited by the State Board of Education.

(e) A person, firm, association, partnership, or corporation which at the time of the issuance of a "diploma," as "diploma" is defined in Section 29001, has accreditation of the specific course of study upon which the "diploma" is based by a national or applicable regional accrediting agency recognized by the United States Department of Health, Education, and Welfare, Office of Education; provided, that the educational institution has filed with the Superintendent of Public Instruction an affidavit by the administrative head of the institution stating that the course of study is so accredited.

(f) A person, firm, association, partnership or corporation authorized by the Superintendent of Public Instruction to issue specified diplomas. Such permission shall be granted upon a year-to-year basis by the Superintendent of Public In-

struction upon the submission of information to him that the courses of instruction and the faculty or requirements of such applicant will afford students or require of students a course of education comparable to that being furnished by persons, firms, associations, partnerships and corporations offering similar instruction and complying with other subdivisions hereof. For the purpose of this subdivision, the Superintendent of Public Instruction may rely on the findings of an accrediting or approving agency generally accepted by the class of institution concerned and shall consider the results of the examination taken pursuant to Section 2941.5 of the Business and Professions Code, by students of any applicant. The provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code shall be applicable to any determination of the superintendent made pursuant to this subdivision.

SEC. 5. Section 605 of the Probate Code is repealed.

SEC. 6. Section 605 is added to the Probate Code, to read:

605. (a) The appraisement shall be made by the executor or administrator and an inheritance tax referee as follows:

[Approved by Governor September 17, 1970. Filed with Secretary of State September 17, 1970.]

The people of the State of California do enact as follows:

CHAPTER 1. GENERAL PROVISIONS

SECTION 1. This act shall be known and may be cited as the Humboldt Bay Harbor, Recreation, and Conservation District Act. The district created in accordance with the provisions of this act is a public corporation created for the purposes set forth herein.

SEC. 2. It is hereby declared to be the policy of the State of California to develop the harbors and ports of this state for multiple purpose use for the benefit of the people. A necessity exists within Humboldt County for such development. Because of the separate cities and unincorporated populated areas in the area hereinafter described, only a specially created district can operate effectively in developing the harbors and port facilities, and in developing and protecting the natural resources of the area. Because of the unique problems pre-

sented by this area, and the facts and circumstances relative to the development of harbor and port facilities, and to the development and protection of the natural resources of the area, the adoption of a special act and the creation of a special district is required.

SEC. 3. For the purposes of this act the following words shall have the following meanings:

(a) "District" shall mean the Humboldt Bay Harbor, Recreation, and Conservation District.

(b) "Board" or "board of commissioners" shall mean the Board of Commissioners of the Humboldt Bay Harbor, Recreation, and Conservation District.

(c) "County" shall mean the County of Humboldt.

(d) "Board of supervisors" shall mean the Board of Supervisors of Humboldt County.

(e) "Area" shall mean the territory within the district's jurisdiction.

(f) "Humboldt Bay" or "Humboldt Bay Harbor" shall mean the land and overlying waters, to the limit of tidal action, of what is commonly known as Humboldt Bay, including the land and overlying waters of all streams and estuaries tributary thereto to the limit of tidal action.

SEC. 4. A district for the acquisition, construction, maintenance, operation, development and regulation of harbor works and improvements, including rail, water and air terminal facilities, for the development, operation, maintenance, control, regulation and management of Humboldt Bay upon the tidelands and lands lying under the inland navigable waters of Humboldt Bay, for the promotion of commerce, navigation, fisheries, and recreation thereon, and for the development and protection of the natural resources of the area, may be established or organized and governed as provided in this act and it may exercise the powers expressly granted herein.

Anything herein to the contrary notwithstanding, the powers and authority granted herein shall not apply to public utilities operated under the jurisdiction of the Public Utilities Commission of the State of California.

SEC. 5. The area to be embraced in the district shall include all of the incorporated areas of the Cities of Arcata and Eureka, and such unincorporated territory in the county as is approved by the Local Agency Formation Commission, and the Board of Supervisors of the County of Humboldt, and by the voters of the proposed district at a district formation election.

SEC. 5.5. The jurisdiction of the district to exercise its powers shall extend only over the following:

(a) All tide, submerged and other lands granted to the district.

(b) Humboldt Bay as defined in subdivision (f) of Section 3 of this act, including all rivers, sloughs, estuaries and areas tributary to Humboldt Bay, subject to tidal action as of the effective date of this act, provided that only those portions of

Gunther, Woodley, and Daby Islands bayward of the mean high tide line shall be under the jurisdiction of the district.

CHAPTER 2. FORMATION OF THE DISTRICT

Article 1. Initiation of Proceedings

SEC. 5.6. A proposal to form the district shall be submitted to the Humboldt County Local Agency Formation Commission pursuant to the provisions of Chapter 6.6 (commencing with Section 54773) of Part 1 of Division 2 of Title 5 of the Government Code The local agency formation commission shall not approve a proposal to form the district unless the boundaries of the proposed district shall encompass the entire incorporated territory of the Cities of Arcata and Eureka.

SEC. 6. SEC 7. The petition or resolution of intention shall contain:

If it appears, and the board of supervisors finds, that it is necessary in order to make sufficient and adequate investigation upon which to determine such questions to continue the hearing beyond 90 days, the board of supervisors may do so, but the hearing shall be completed within six months from the date of the presentation of the petition or hearing on the resolution of intention.

SEC. 11.5. At any time not later than 30 days after the conclusion of the hearing, the board of supervisors shall adopt a resolution approving or disapproving the formation of the district. A resolution approving the formation of the district shall find at least the following:

SEC. 12. The findings are conclusive evidence of the existence of every fact so found by the board of supervisors and vest the board of supervisors with authority to proceed pursuant to this act.

Article 3. Election on Formation: Election of Commissioners

SEC. 12.1. The board of supervisors, upon making such findings and approving the formation of the district, shall pass a resolution calling an election in the area to be included within the district, for the purpose of submitting to the qualified voters the proposition of the formation of the district and the election of persons to the board of commissioners.

Notwithstanding any other provision of this act, the board may borrow money, until June 30, 1975, by the issuance of negotiable promissory notes, to provide working capital for the necessary expenses of conducting the district, provided that at the time of issuance of any such notes the aggregate amount of said notes outstanding and issued for such purpose shall not exceed one-fourth of the annual budget for such expenses for the fiscal year (or portion thereof in the case of 1970–1971) in which such borrowing occurs.

Notwithstanding any other provision of this act, the board may borrow money, until June 30, 1975, by the issuance of negotiable promissory notes to provide any or all sums required to be paid pursuant to the provisions of Section 64 of this act.

Negotiable promissory notes issued pursuant to this section shall mature in not exceeding five years from their respective dates and shall bear interest at a rate or rates not exceeding 7 percent per annum payable annually or semiannually.

shall specify in the ordinance providing for the issuance thereof. The negotiable promissory notes shall be signed in the same manner as general obligation bonds of the district and the conditional sales contracts shall be signed in the same manner as other contracts of the district.

As a condition precedent to the issuance of any negotiable promissory notes for the purposes of the acquisition, construction, completion or repair of any or all improvements, works, property or facilities authorized by this act or necessary or convenient for the carrying out of the powers of the district or the execution of any conditional sales contract for such purposes, as provided in this section, in excess of twenty-five thousand dollars ($25,000), the board shall first unanimously approve by resolution and have on file a report approved by the chief executive officer on the engineering and economic feasibility relating to the project contemplated for the expenditure of said borrowed money or conditional sales contract. Taxes for the payment of all negotiable promissory notes or conditional sales contracts issued under this section shall be levied, collected, paid to the district and used in the same manner as is hereinafter provided for general obligation bonds of the district.

Article 3. General Obligation Bonds

SEC 60. Whenever the board deems it necessary for the district to incur a general obligation bonded indebtedness for the acquisition, construction, completion or repair of any or all improvements, works, property or facilities, authorized by this act or necessary or convenient for the carrying out of the powers of the district, it shall, by ordinance, adopted by a majority of all members of the board, so declare and call an election to be held in said district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of general obligation bonds of said district. Said ordinance shall state:

(a) The purpose for which the proposed debt is to be incurred, which may include expenses of all proceedings for the authorization, issuance and sale of the bonds.

(b) The estimated cost of accomplishing said purpose.

(c) The amount of the principal of the indebtedness.

(d) The maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 40 years from the date thereof or the date of each series thereof.

(e) The maximum rate of interest to be paid, which shall not exceed 7 percent per annum.

(f) The proposition to be submitted to the voters.

(g) The date of the election.

(h) The manner of holding the election and the procedure for voting for or against the measure.

Notice of the holding of such election shall be given by publishing, pursuant to Section 6066 of the Government Code, the ordinance calling the election in at least one newspaper published in such district. No other notice of such election need be given. Except as otherwise provided in the ordinance, the election shall be conducted as other district elections.

If any proposition is defeated by the electors, the board shall not call another election on a substantially similar proposition to be held within six months after the prior election. If a petition requesting submission of such a proposition, signed by 15 percent of the district electors, as shown by the votes cast for all candidates for Governor at the last election, is filed with the board, it may call an election before the expiration of six months.

If a majority of the electors voting on the proposition vote for it, then the board may, by resolution, at such time or times as it deems proper, issue bonds of the district for the whole or any part of the amount of the indebtedness so authorized and may from time to time, in such resolution or resolutions, provide for the issuance of such amounts as the necessity thereof may appear, until the full amount of such bonds authorized shall have been issued Said full amount of bonds may be divided into two or more series and different dates and different dates of payment fixed for the bonds of each series. A bond need not mature on an anniversary of its date. The maximum term the bonds of any series shall run before maturity shall not exceed 40 years from the date of each series respectively. In such resolution or resolutions the board shall prescribe the form of the bonds and the form of any coupons to be attached thereto, the registration, conversion and exchange privileges, if any, pertaining thereto, and fix the time when the whole or any part of the principal shall become due and payable.

The bonds shall bear interest at a rate or rates not exceeding 7 percent per annum, payable semiannually, except that the first interest payable on the bonds or any series thereof may be for any period not exceeding one year as determined by the board. In the resolution or resolutions providing for the issuance of such bonds the board may also provide for call and redemption of such bonds prior to maturity at such times and prices and upon such other terms as it may specify, provided that no bond shall be subject to call or redemption prior to maturity unless it contains a recital to that effect or unless a statement to that effect is printed thereon. The denomination or denominations of the bonds shall be stated in the resolution providing for their issuance, but shall not be less than one thousand dollars ($1,000). The principal of and interest on such bonds shall be payable in lawful money of the United States at the office of the treasurer of the district or at such other place or places as may be designated, or at either place or places at the option of the holders of the bonds. The bonds shall be dated, numbered consecutively and shall

be signed by the chairman and treasurer, countersigned by the clerk and the official seal of the district attached. The interest coupons of such bonds shall be signed by the treasurer. All such signatures, countersignatures and seal may be printed, lithographed or mechanically reproduced, except that one of such signatures or countersignatures on the bonds shall be manually affixed. If any officer whose signature or countersignature appears on bonds or coupons ceases to be such officer before the delivery of the bonds, his signature is as effective as if he had remained in office.

The bonds may be sold as the board determines by resolution but for not less than par. Before selling the bonds, or any part thereof, the board shall give notice inviting sealed bids in such manner as it may prescribe If satisfactory bids are received the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders the board may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

Delivery of any bonds may be made at any place either inside or outside the state, and the purchase price may be received in cash or bank credits.

All accrued interest received on the sale of bonds shall be placed in the fund to be used for the payment of principal of and interest on the bonds and the remainder of the proceeds of the bonds shall be placed in the treasury to the credit of the proper improvement fund and applied exclusively to the purpose for which the debt was incurred; provided, however, that when said purpose has been accomplished any moneys remaining in such improvement fund (a) shall be transferred to the fund to be used for the payment of principal of and interest on the bonds, or (b) shall be placed in a fund to be used for the purchase of outstanding bonds of the district.

After the expiration of three years after a general obligation bond election the board may determine, by ordinance adopted by a majority of all the members of the board, that any or all of the bonds authorized at said election remaining unsold shall not be issued or sold. When the ordinance takes effect, the authorization to issue said bonds shall become void.

Whenever the board deems that the expenditure of money for the purpose for which the bonds were authorized by the voters is impractical or unwise, it may, by ordinance adopted by the majority of all members of the board, so declare and call an election to be held in the district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of such bonds for some other purpose. The procedure, so far as applicable, shall be the same as when a bond proposition is originally submitted.

The board may provide for the issuance, sale or exchange of refunding bonds to redeem or retire any bonds issued by the district upon the terms, at the times and in the manner which

it determines. Refunding bonds may be issued in a principal amount sufficient to pay all or any part of the principal of such outstanding bonds, the interest thereon and the premiums, if any, due upon call and redemption thereof prior to maturity and all expenses of such refunding. The provisions for this section for authorization, issuance and sale of bonds shall apply to the authorization, issuance and sale of such refunding bonds; except that when refunding bonds are to be exchanged for outstanding bonds the method of exchange shall be as determined by the board.

SEC. 61. All bonds issued pursuant to Section 60 of this act are general obligations of the district and at the time of making the general tax levy after the incurring of any such bonded indebtedness, and annually thereafter until the bonds are paid or until there is a sum in the treasury of the district set apart for that purpose sufficient to meet all payments of principal and interest on the bonds as they become due, the board must cause a tax to be levied and collected annually, as hereinafter provided in Sections 62 and 63 of this act, sufficient to pay the interest on the bonds and such part of the principal as will become due before the proceeds of a tax levied at the next general tax levy will be available.

SEC. 62 The board shall, at least 30 days before the board of supervisors is required by law to fix the general tax levy, certify to the board of supervisors in writing the minimum amount of money required to be raised by taxation during the fiscal year for the payment of the principal and interest. If any of the moneys required to be raised by such annual tax levy are actually on hand and have been set aside in said fund for said purpose from some such other source, the tax levy hereinbefore required for such year may be reduced by such amount.

SEC. 63. The taxes required to be levied by Sections 61 and 62 of this act shall be levied upon all property within the district taxable for county purposes and shall be in addition to any and all other taxes levied by the board of supervisors and it shall be the duty of the officer, officers or body having authority to levy taxes within the county to levy the taxes so required. It shall be the duty of all county or other officers charged with the duty of collecting taxes to collect such taxes in the time form and manner as county taxes are collected and when collected to pay the same to the district. All such taxes shall be of the same force and effect as taxes levied for county purposes and their collection may be enforced by the same means as provided for the collection of county taxes Such taxes shall be used only for the payment of the bonds and interest thereon.

Article 4. Revenue Bonds

SEC. 64. Whenever the board deems it necessary for the district to incur a revenue bonded indebtedness for the ac-

quisition, construction, completion or repair of any or all improvements, works, property or facilities authorized by this act or necessary or convenient for the carrying out of the powers of the district, the board shall issue such revenue bonds in accordance with the provisions of the Revenue Bond Law of 1941, as the same now exists or may hereafter be amended; provided, however, that:

(b) The aggregate amount of revenue bonds outstanding at any one time which have not been authorized or approved at an election shall not exceed two million dollars ($2,000,000).

(g) If the property or evidence relates to a misdemeanor complaint, the motion shall be made in the municipal or justice court before trial and heard prior to trial at a special hearing relating to the validity of the search or seizure If the property or evidence relates to a misdemeanor filed together with a felony, the procedure provided for a felony in this section and Sections 1238 and 1539 shall be applicable.

(h) If, prior to the trial of a felony or misdemeanor, opportunity for this motion did not exist or the defendant was not aware of the grounds for the motion, the defendant shall have the right to make this motion during the course of trial in the municipal, justice or superior court.

(i) If the property or evidence obtained relates to a felony offense initiated by complaint and the defendant was held to answer at the preliminary hearing, or if the property or evidence relates to a felony offense initiated by indictment, the defendant shall have the right to renew or make the motion in the superior court at a special hearing relating to the validity of the search or seizure which shall be heard prior to trial and at least 10 days after notice to the people unless the people are willing to waive a portion of this time. The defendant shall have the right to litigate the validity of a search or seizure de novo on the basis of the evidence presented at a special hearing. After the special hearing is held in the superior court, any review thereafter desired by the defendant prior to trial shall be by means of an extraordinary writ of mandate or prohibition filed within 30 days after the denial of his motion at the special hearing.

(j) If the property or evidence relates to a felony offense initiated by complaint and the defendant's motion for the return of the property or suppression of the evidence at the preliminary hearing is granted, and if the defendant is not held to answer at the preliminary hearing, the people may file a new complaint or seek an indictment after the preliminary hearing, and the ruling at the prior hearing shall not

be binding in any subsequent proceeding. If the property or evidence relates to a felony offense initiated by complaint and the defendant's motion for the return or suppression of the property or evidence at the preliminary hearing is granted, and if the defendant is held to answer at the preliminary hearing, the ruling at the preliminary hearing shall be binding upon the people unless, upon notice to the defendant and the court in which the preliminary hearing was held and upon the filing of an information, the people within 10 days after the preliminary hearing request in the superior court a special hearing, in which case the validity of the search or seizure shall be relitigated de novo on the basis of the evidence presented at the special hearing, and the defendant shall be entitled, as a matter of right, to a continuance of the special hearing for a period of time up to 30 days. If defendant's motion is granted at a special hearing in the superior court, the people, if they have additional evidence relating to the motion and not presented at the special hearing, shall have the right to show good cause at the trial why such evidence was not presented at the special hearing and why the prior ruling at the special hearing should not be binding, or the people may seek appellate review as provided in subdivision (o), unless the court prior to the time such review is sought has dismissed the case pursuant to Section 1385. If the property or evidence seized relates solely to a misdemeanor complaint, and the defendant made a motion for the return of property or the suppression of evidence in the municipal court or justice court prior to trial, both the people and defendant shall have the right to appeal any decision of that court relating to that motion to the superior court of the county in which such inferior court is located, in accordance with the California Rules of Court provisions governing appeals from municipal and justice courts in criminal cases. If the people prosecute review by appeal or writ to decision, or any review thereof, in a felony or misdemeanor case, it shall be binding upon them.

(k) If the defendant's motion to return property or suppress evidence is granted and the case is dismissed pursuant to Section 1385, or the people appeal in a misdemeanor case pursuant to subdivision (j) or the people file a petition for writ of mandate or prohibition pursuant to subdivision (o) or a notice of intention to file such petition, the defendant shall be released if he is in custody and not returned to custody unless the proceedings are resumed in the trial court and he is lawfully ordered by the court to be returned to custody.

(*l*) The trial of a criminal case shall be stayed to a specified date pending the termination in the appellate courts of this state of the proceedings provided for in this section, Section 1238, or Section 1466 and, except upon stipulation of the parties, pending the time for the initiation of such proceedings. Upon the termination of such proceedings, the defendant shall be brought to trial as provided by Section 1382, and subject to the provisions of Section 1382, whenever the people

have sought and been denied appellate review pursuant to subdivision (o), the defendant shall be entitled to have the action dismissed if he is not brought to trial within 30 days of the date of the order which is the last denial of the petition. Nothing contained in this subdivision shall prohibit a court, at the same time as it rules upon the search and seizure motion, from dismissing a case pursuant to Section 1385 when such dismissal is upon the court's own motion and is based upon an order at the special hearing granting defendant's motion to return property or suppress evidence. In a misdemeanor case, the defendant shall be entitled to a continuance of up to 30 days if he intends to file a motion to return property or suppress evidence and needs this time to prepare for the special hearing on the motion. In case of an appeal by the defendant in a misdemeanor case from the denial of such motion, he shall be entitled to bail as a matter of right, and, in the discretion of the trial or appellate court, may be released on his own recognizance pursuant to Section 1318.4.

(m) The proceedings provided for in this section, Section 995, Section 1238, and Section 1466 shall constitute the sole and exclusive remedies prior to conviction to test the unreasonableness of a search or seizure where the person making the motion for the return of property or the suppression of evidence is a defendant in a criminal case and the property or thing has been offered or will be offered as evidence against him. A defendant may seek further review of the validity of a search or seizure on appeal from a conviction in a criminal case notwithstanding the fact that such judgment of conviction is predicated upon a plea of guilty. Such review on appeal may be obtained by the defendant providing that at some stage of the proceedings prior to conviction he has moved for the return of property or the suppression of the evidence.

(n) Nothing contained in this section shall prohibit a person from making a motion, otherwise permitted by law, to return property, brought on the ground that the property obtained is protected by the free speech and press provisions of the federal and state constitutions. Nothing in this section shall be construed as altering (i) the law of standing to raise the issue of an unreasonable search or seizure; (ii) the law relating to the status of the person conducting the search or seizure; (iii) the law relating to the burden of proof regarding the search or seizure; (iv) the law relating to the reasonableness of a search or seizure regardless of any warrant which may have been utilized; or (v) the procedure and law relating to a motion made pursuant to Section 995 or the procedures which may be initiated after the granting or denial of such a motion.

(o) Within 30 days after a defendant's motion is granted at a special hearing in the superior court the people may file a petition for writ of mandate or prohibition, seeking appellate review of the ruling regarding the search or seizure motion. If the trial of a criminal case is set for a date which is less than 30 days from the granting of a defendant's motion

at a special hearing in the superior court, the people, if they have not filed such a petition and wish to preserve their right to file such a petition, shall file in the superior court on or before the trial date or within 10 days after the special hearing, whichever occurs last, a notice of intention to file such a petition and shall serve a copy of the notice upon the defendant.

CHAPTER 1293

An act to amend Sections 21664, 21665, and 21666 of the Public Utilities Code, relating to airports, and making an appropriation therefor.

[Approved by Governor September 15, 1970. Filed with Secretary of State September 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 21664 of the Public Utilities Code is amended to read:

21664. Any political subdivision or person desiring or planning to construct or establish an airport may apply to the department for approval of the site prior to the acquisition of the site or prior to the construction or establishment of the proposed airport. The application shall set forth the location of all highways, railways, mains, pipes, conduits, wires, cables, poles, and other facilities and structures of public service corporations and of persons engaged in radio or television broadcasting located within the area proposed to be acquired or zoned, and the names of the owners of the facilities and structures, and such other information as may be required by the rules and regulations of the department. Whenever an airport owned or operated by the United States ceases to be so owned or operated, any political subdivision or person desiring or planning to own or operate said airport shall apply to the department in compliance with the provisions of this article. If such an airport holds a permit issued by the department, the application shall be confined to consideration of the matters enumerated in subdivision (e) of Section 21666.

SEC. 2. Section 21665 of the Public Utilities Code is amended to read:

21665. On its own motion, the department may, or upon the request of an affected or interested person the department shall, hold a public hearing in connection with the approval of an airport site or the issuance of an airport permit. Before the department grants or denies approval of an airport site or issues an original permit to use or operate an airport, all public service corporations and all persons or corporations engaged in radio or television broadcasting owning facilities in the area involved shall be notified of the application and shall have 15 days after the notice in which to demand a public hearing. The public hearing required by this section shall be held at a location in the immediate vicinity of the airport or airport site.

SEC. 3. Section 21666 of the Public Utilities Code is amended to read:

21666. The department shall grant approval of an airport site and issue an airport permit if it is satisfied that all of the following requirements have been met:

(a) The site meets or exceeds the minimum airport standards specified by the department in its rules and regulations, provided, however, that the department may modify its minimum airport standards when issuing a permit or site approval if it determines that the proposed airport, if constructed or established, will conform to minimum standards of safety.

(b) Safe air traffic patterns have been established for the proposed airport and for all existing airports and approved airport sites in its vicinity.

(c) The zone of approach of the airport has been engineered in conformity with the provisions of Section 21403, the documents relating thereto are available for public inspection.

(d) The department when approving an airport site or issuing a permit may impose reasonable conditions which it deems necessary to effectuate the purposes of this article.

(e) The advantages to the public in selection of the site outweigh the disadvantages to the environment. Environmental considerations include but are not limited to noise, air pollution, and the burden upon the surrounding area caused by the airport, including but not limited to, surface traffic and expense. The standards by which noise considerations are weighed shall be the level of noise acceptable to a reasonable person residing in the vicinity of the airport. The regulations adopted by the department pursuant to Section 21669 may be considered in determining such level of noise.

Each airport permit or site approval, or amendments thereto, issued by the department shall set forth any conditions imposed thereon, and any modification of the general minimum airport standards prescribed by the department relative to such airport or airport site.

The department may refuse to approve an airport site or issue a permit under this article if it determines after notice and hearing held pursuant to this part that the airport site does not meet the requirements of this section.

SEC. 4. The sum of forty thousand dollars ($40,000) is hereby appropriated from the California Environmental Protection Program Fund to the Department of Aeronautics for expenditure by it without regard to fiscal years in carrying out the duties imposed upon it by this act. This section shall become operative only if Senate Bill No. 262 or Assembly Bill No. 522 is enacted, or both are enacted, by the Legislature at its 1970 Regular Session, and in such case shall become operative at the same time as this act takes effect.

CHAPTER 1294

An act to add Section 146 to the Streets and Highways Code, relating to freeways.

[Approved by Governor September 17, 1970. Filed with Secretary of State September 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 146 is added to the Streets and Highways Code, to read:

146. Notwithstanding any other provisions of this code, any public agency having responsibility for the planning and development within a region of this state of public transportation systems may, with the approval of the California Highway Commission, use the airspace over or under any existing state freeway in that region, or any portion other than the travel roadway of the right-of-way of such freeway, as a route for a public transportation system, such as a railway, monorail, tracked air cushion vehicle system or other such system which, in the discretion of the agency and the department, is feasible from an engineering standpoint, in conformity with established safety design standards, and is consistent with good ecological and environmental planning. The development and construction of such facilities shall be financed out of any available federal, state, and local funds.

CHAPTER 1295

An act to amend Section 6254 of, and to add Section 6254.7 to, the Government Code, to add Sections 39068.1, 39068.2, 39068.3, 39068.4, 39068.5, and 39113 to the Health and Safety Code, and to add Sections 21655.5, 27157, and 27158 to the Vehicle Code, relating to environmental control.

[Approved by Governor September 17, 1970. Filed with Secretary of State September 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 6254 of the Government Code is amended to read:

(*l*) In the custody of or maintained by the Governor or employees of the Governor's office employed directly in his office, provided that public records shall not be transferred to the custody of the Governor's office to evade the disclosure provisions of this chapter.

(m) In the custody of or maintained by the Legislative Counsel.

(n) Statements of personal worth or personal financial data required by a licensing agency and filed by an applicant with such licensing agency to establish his personal qualification for the license, certificate, or permit applied for.

Nothing in this section is to be construed as preventing any agency from opening its records concerning the administration of the agency to public inspection, unless disclosure is otherwise prohibited by law.

SEC. 2. Section 6254.7 is added to the Government Code, to read:

6254.7. (a) All information, analyses, plans, or specifications that disclose the nature, extent, quantity, or degree of air contaminants which any article, machine, equipment, or other contrivance will produce, which any air pollution control district requires any applicant to provide before such applicant builds, erects, alters, replaces, operates, sells, rents, or uses such article, machine, equipment, or other contrivance, are public records.

(b) All air monitoring data, including data compiled from stationary sources, are public records.

(c) Trade secrets are not public records under this section. "Trade secrets," as used in this section, may include, but are

not limited to, any formula, plan, pattern, process, tool, mechanism, compound, procedure, production data, or compilation of information which is not patented, which is known only to certain individuals within a commercial concern who are using it to fabricate, produce, or compound an article of trade or a service having commercial value, and which gives its user an opportunity to obtain a business advantage over competitors who do not know or use it.

SEC. 3. Section 39068.1 is added to the Health and Safety Code, to read:

39068.1. (a) During the 1972 model year, but not later than January 1, 1972, the regulations adopted pursuant to subdivision (m) of Section 39052 shall provide for the testing of motor vehicles on factory assembly lines or in such manner as the board determines best suited to carry out the purpose of this part.

(b) Should a motor vehicle not meet the prescribed assembly line standards, the motor vehicle may be retested according to the official test procedures upon which original approval for that make and model vehicle was based. Any motor vehicle meeting the applicable emission standards by either of the aforementioned testing procedures shall be deemed to meet the emission standards of the State of California and shall be eligible for sale in this state.

(c) Commencing with the 1973 model year, no new motor vehicle shall be sold in California that does not meet the emission standards adopted by the board, and any manufacturer who sells, attempts to sell, or causes to be offered for sale a new motor vehicle that fails to meet the applicable emission standards shall be subject to a civil penalty of five thousand dollars ($5,000) for each such action. The board and the Department of the California Highway Patrol shall enforce the provisions of this subdivision.

SEC. 4. Section 39068.2 is added to the Health and Safety Code, to read:

39068.2. (a) Any person who, after December 31, 1970, loads or permits the loading of gasoline into any stationary tank with a capacity of 250 gallons or more from any tank truck or trailer, except through a permanent submerged fill pipe, unless such tank is a pressure tank as described in Section 39068.3, or is equipped with a vapor recovery system as described in Section 39068.4 or with a floating roof as described in Section 39068.5, or unless such tank is equipped with other apparatus of equal efficiency which has been approved by the air pollution control officer in whose district the equipment is located, or, where no such district exists, by the State Air Resources Board, is guilty of a misdemeanor.

(b) Any person who installs any gasoline tank with a capacity of 250 gallons or more which does not meet the requirements of subdivision (a) is guilty of a misdemeanor.

(c) Subdivisions (a) and (b) shall not apply to any stationary tanks installed prior to December 31, 1970.

(d) For the purpose of this section, "gasoline" means any petroleum distillate having a Reid vapor pressure of four pounds or greater.

(e) For the purpose of this section, "submerged fill pipe" means any fill pipe which has its discharge opening entirely submerged when the liquid level is six inches above the bottom of the tank. "Submerged fill pipe," when applied to a tank which is loaded from the side, means any fill pipe which has its discharge opening entirely submerged when the liquid level is 18 inches above the bottom of the tank.

(f) Subdivisions (a) and (b) shall not apply to any stationary tank which is used primarily for the fueling of implements of husbandry, as such vehicles are defined in Division 16 (commencing with Section 36000) of the Vehicle Code.

SEC. 5. Section 39068.3 is added to the Health and Safety Code, to read:

39068.3. A "pressure tank" is a tank which maintains working pressure sufficient at all times to prevent hydrocarbon vapor or gas loss to the atmosphere.

SEC. 6. Section 39068.4 is added to the Health and Safety Code, to read:

39068.4. A "vapor recovery system" consists of a vapor gathering system capable of collecting the hydrocarbon vapors and gases discharged and a vapor disposal system capable of processing such hydrocarbon vapors and gases so as to prevent their emission to the atmosphere, with all tank gauging and sampling devices gastight except when gauging or sampling is taking place.

SEC. 7. Section 39068.5 is added to the Health and Safety Code, to read:

39068.5. A "floating roof" consists of a pontoon-type or double-deck-type roof, resting on the surface of the liquid contents and equipped with a closure seal, or seals, to close the space between the roof edge and tank wall. The control equipment provided for in this section shall not be used if the gasoline or petroleum distillate has a vapor pressure of 11.0 pounds per square inch absolute or greater under actual storage conditions. All tank gauging and sampling devices shall be gastight except when gauging or sampling is taking place.

SEC. 8. Section 39113 is added to the Health and Safety Code, to read:

39113. The board may approve the fuel system of any motor vehicle powered by propane, butane, or natural gas which meets the standards specified by Section 39110.

SEC. 12. Section 21655.5 is added to the Vehicle Code, to read:

21655.5. The Department of Public Works may, by regulation, or in cooperation with any other public agency, authorize or permit exclusive or preferential use of freeway lanes for high-occupancy vehicles.

Such exclusive or preferential use of freeway lanes shall be based upon competent traffic engineering and surveys and es-

timates developed or supported by the continuing comprehensive transportation planning processes of the urbanized area involved. Such lanes shall be subject to such geometric design standards, scheduling, reservations, restrictions, and conditions as the department deems necessary or desirable to increase the effectiveness of the highway system for the safe and efficient movement of people and goods, to assure adequate protection for the safety of operation of all motor vehicle traffic, and to protect the adequacy of the facilities to meet traffic needs.

To the extent they are available, the Department of Public Works may apply for and use federal-aid funds appropriated for the design, construction, and use of such exclusive or preferential freeway lanes.

It is the intent of the Legislature in enacting this section to stimulate and encourage the development of ways and means of relieving traffic congestion on the California freeways during those periods of the day when the freeways are most heavily traveled and, at the same time, to encourage individual citizens to pool their vehicular resources and thereby to lessen emission of air pollutants. The Department of Public Works shall keep the Legislature informed of any progress in achieving such intent by submitting annual progress reports on or before December 31 of each year beginning in 1971, and by submitting a final report on or before December 31, 1975, outlining the projects which it has undertaken, its findings, and its recommendations.

SEC. 13. Section 27157 is added to the Vehicle Code, to read:

27157. The State Air Resources Board, after consultation with, and pursuant to the recommendations of, the commissioner, shall adopt such reasonable regulations as it determines are necessary for the public health and safety regarding the maximum allowable emissions of pollutants from vehicles upon a highway. Such regulations shall apply only to vehicles required by Chapter 4 (commencing with Section 39080) of Part 1 of Division 26 of the Health and Safety Code or any federal law or regulation to be equipped with devices or systems to control emission of pollutants from the exhaust and shall not be stricter than the emission standards required of that model year motor vehicle when first manufactured.

SEC. 14. Section 27158 is added to the Vehicle Code, to read:

27158. After notice by a traffic officer that a vehicle does not comply with any regulation adopted pursuant to Section 27157, no person shall operate, and no owner shall permit the operation of, such vehicle for more than 30 days thereafter unless a certificate of compliance has been issued for such vehicle in accordance with the provisions of Section 12303. A certificate of compliance issued for such vehicle shall, for a period of one year from date of issue, constitute proof of compliance with any regulations adopted pursuant to Section 27157 provided that no required pollution control device has

been disconnected, modified, or altered or has been adjusted by other than a licensed installer in a licensed motor vehicle pollution control device installation and inspection station subsequent to the issuance of the certificate of compliance.

SEC. 15. It is the intent of the Legislature, if amendments to Section 6254 of the Government Code, proposed by both Section 1 of this bill and Assembly Bill No. 1981, are enacted, that both amendments be given effect and incorporated in Section 6254 in the form set forth in Section 1.5 of this act. Therefore, in the event Assembly Bill No. 1981 is enacted and amends Section 6254, Section 1.5 of this act shall become operative at the same time that Section 6254 as amended by Assembly Bill No. 1981 becomes operative, and at that time, Section 6254 of the Government Code as amended by Section 1 of this act is repealed.

CHAPTER 1296

An act to add Section 39051.2 to the Health and Safety Code, relating to air pollution, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 17, 1970. Filed with Secretary of State September 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 39051.2 is added to the Health and Safety Code, to read:

39051.2. The board shall establish by regulation maximum standards for the degree of unsaturation at a bromine number 30 as established by the American Society for Testing Materials test D 1159-66 or an appropriate test determined by the board for gasoline sold in the South Coast Air Basin designated by the board. The board, in adopting such regulations, shall give full consideration to climatic conditions and may provide that the maximum standards imposed thereby shall be applicable only during those periods of time which the board determines necessary in order to carry out the purposes of this part.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Air pollution is a major form of environmental degradation in the South Coast Air Basin. Regulating the degree of unsaturation in gasoline will contribute to an improvement in the atmospheric quality of the basin. To obtain this benefit as rapidly as possible, it is necessary to provide the State Air Resources Board and the petroleum refining industry with adequate lead time to fulfill the requirements of this act.

CHAPTER 1297

An act to add Section 39051.1 to the Health and Safety Code, relating to air pollution, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 17, 1970. Filed with Secretary of State September 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 39051.1 is added to the Health and Safety Code, to read:

39051.1. The board shall establish by regulation maximum standards for the volatility of gasoline at nine pounds per square inch Reid vapor pressure as determined by the American Society for Testing Materials test D 323-58 or an appropriate test determined by the board for gasoline sold in this state. The board in adopting such regulations shall give full consideration to climatic conditions and may provide that the maximum standards imposed thereby shall be applicable only during those periods of time and only in those areas, which the board determines necessary in order to carry out the purposes of this part.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

New motor vehicles are equipped with evaporation control systems that permit them to meet California emission standards. These evaporation control systems are designed to meet the California emission standards when using a gasoline that does not have a Reid vapor pressure exceeding nine pounds per square inch. Gasoline currently sold in California during the smog season of May through November often exceeds nine pounds Reid vapor pressure per square inch. Consequently, the evaporation control systems are not operating at maximum efficiency. This results in smog-producing gasoline fumes escaping into the atmosphere. It is, therefore, necessary for this act to go into effect at the earliest possible opportunity in order to not prolong the time during which the atmosphere will be polluted by gasoline evaporating from motor vehicles.

CHAPTER 1298

An act to add Section 216 to the Streets and Highways Code, relating to freeways.

[Approved by Governor September 17, 1970. Filed with Secretary of State September 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 216 is added to the Streets and Highways Code, to read:

216. No freeway shall be constructed so that during its first two years of operation the noise level produced by the traffic thereon will measure in excess of 50 decibels on the "A" scale within any public elementary or secondary school classroom, library, or multipurpose room constructed prior to the adoption of the freeway route and being used for the purpose for which constructed. The noise level shall be measured at appropriate times during regular school hours and shall not include noise from sources that exceed the maximum permitted by law.

To conform with the above restriction, the department may undertake a noise abatement program in any such classroom, library, or multipurpose room to reduce the freeway traffic noise level therein to 50 or fewer decibels on the "A" scale by, but not limited to, installing acoustical materials, eliminating windows, installing air conditioning, or constructing sound baffle structures.

If it becomes necessary to convert such classrooms, libraries, or multipurpose rooms to other school-related purposes because the freeway traffic noise level therein exceeds 50 decibels on the "A" scale, the department shall pay the cost of such conversions.

If the noise level generated from sources within and without the classrooms, libraries, or multipurpose rooms exceeds 50 decibels on the "A" scale prior to construction of the freeway and the noise from the freeway also exceeds 50 decibels on the "A" scale, the department shall be required to undertake such a noise abatement program that will reduce the noise to its preconstruction level.

As used in this section, the "A" scale means the network labeled "A," as described in Section 3.3 of the American Standard Specifications for General-Purpose Sound Level Meters, approved January 9, 1961, and published by the United States of America Standards Institute.

CHAPTER 1299

An act to add Chapter 3 (commencing with Section 800) to Division 1 of the Public Resources Code, relating to powerplant siting, and making an appropriation therefor.

[Approved by Governor September 17, 1970 Filed with Secretary of State September 17, 1970]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3 (commencing with Section 800) is added to Division 1 of the Public Resources Code, to read:

CHAPTER 3. POWERPLANT SITING

800. It is the policy of the State of California that the location and operation of thermal electric powerplants shall enhance public benefits and protect against or minimize adverse effects on the public, the ecology of the land and its wildlife, and the ecology of state waters and their aquatic life, and that the public's opportunity to enjoy the material, physical and aesthetic benefits of its resources shall be preserved to the greatest extent feasible.

The Legislature declares that it is also the policy of the state to encourage the use of nuclear energy, geothermal resources, and such other energy sources as are currently under development, wherever feasible, recognizing that such use has the potential of providing direct economic benefit to the public, while helping to conserve limited fossil fuel resources and promoting air cleanliness.

The Legislature further declares that it is the policy of the state to encourage planning by the state's electric utilities toward the above-stated objectives and to assist the utilities in their evaluations of the effects on the environment of proposed thermal powerplant sites and to that end a State Powerplant Siting Committee has been established to effect such coordination with the utilities and to carry out specific responsibilities as may be defined in the Public Utilities Code and the Public Resources Code.

The Legislature finds that the state should conduct research relating to the conservation, enhancement and prudent use of its resources, including those associated with the siting of thermal powerplants.

The Legislature finds that the state should also stimulate, sponsor and conduct appropriate research and study on new methods of powerplant siting which offer potential for enhanced public benefits in location, operation, and protection of the environment with such investigations including underground and underocean sites, manmade islands, powerplant parks, the desirability of locations on or near tidal lagoons, and other concepts which may appear attractive in minimizing the impact on the environment of the large projected increase in California electric generating capacity.

801. In accordance with state policy, it shall be the responsibility of the Resources Agency to establish a program of research on improved methods of powerplant siting. Recognizing the very considerable experience, knowledge and effort of the state's electric utilities in this field, the Resources Agency shall coordinate its research programs with the electric utilities to insure minimum duplication and maximum interchange of information with the results of the state's research program being published and made available as public information.

In accord with recommendation No. 3 made in the Resources Agency's report to the Legislature on Siting Thermal Power-

plants in California, dated February 15, 1970, and concurred in by the Utilities Ad Hoc Committee, the Resources Agency is specifically authorized to undertake a study of the siting of underground powerplants.

SEC. 2. There is hereby appropriated the sum of two hundred thousand dollars ($200,000) from the California Environmental Protection Program Fund to the Resources Agency for the purposes of this act.

SEC. 3. Section 2 of this act shall become operative only if Senate Bill No. 262 is enacted by the Legislature at its 1970 Regular Session, and, in such case, at the same time as Senate Bill No. 262 takes effect.

CHAPTER 1300

An act to repeal Section 6 of Chapter 1397, Statutes of 1967, relating to motor vehicles.

[Approved by Governor September 17, 1970. Filed with Secretary of State September 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 6 of Chapter 1397 of the Statutes of 1967 is repealed.

CHAPTER 1301

An act to amend Sections 261, 264, and 290 of, and to add Section 261.5 to, the Penal Code, relating to crimes.

[Approved by Governor September 17, 1970. Filed with Secretary of State September 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 261 of the Penal Code is amended to read:

261. Rape is an act of sexual intercourse, accomplished with a female not the wife of the perpetrator, under either of the following circumstances:

1. Where she is incapable, through lunacy or other unsoundness of mind, whether temporary or permanent, of giving legal consent;

2. Where she resists, but her resistance is overcome by force or violence;

3. Where she is prevented from resisting by threats of great and immediate bodily harm, accompanied by apparent power of execution, or by any intoxicating narcotic, or anaesthetic, substance, administered by or with the privity of the accused;

4. Where she is at the time unconscious of the nature of the act, and this is known to the accused;

5. Where she submits under the belief that the person committing the act is her husband, and this belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce such belief.

SEC. 2. Section 261.5 is added to the Penal Code, to read:

261.5. Unlawful sexual intercourse is an act of sexual intercourse accomplished with a female not the wife of the perpetrator, where the female is under the age of 18 years.

SEC. 3. Section 264 of the Penal Code is amended to read:

264. Rape, as defined in Section 261,, is punishable by imprisonment in the state prison for not less than three years. Unlawful sexual intercourse, as defined in Section 261.5, is punishable either by imprisonment in the county jail for not more than one year or in the state prison for not more than 50 years, and in such case the jury shall recommend by their verdict whether the punishment shall be by imprisonment in the county jail or in the state prison; provided, that when the defendant pleads guilty to an offense under Section 261.5 the punishment shall be in the discretion of the trial court, either by imprisonment in the county jail for not more than one year or in the state prison for not more than 50 years.

The preceding provisions of this section notwithstanding, in any case in which the defendant committed rape as defined in Section 261, and in the course of commission of the rape, with the intent to inflict such injury, inflicted great bodily injury on the victim of the rape, such fact shall be charged in the indictment or information and if found to be true by the jury, upon a jury trial, or if found to be true by the court, upon a court trial, or if admitted by the defendant, defendant shall suffer confinement in the state prison from 15 years to life.

SEC. 4. Section 290 of the Penal Code is amended to read:

290. Any person who, since the first day of July, 1944, has been or is hereafter convicted in the State of California of the offense of assault with intent to commit rape or the infamous crime against nature, under Section 220, or of any offense defined in Sections 266, 267, 268, 285, 286, 288, 288a, subdivision 1 of Section 647a, subdivision 2 or 3 of Section 261, subdivision (a) or (d) of Section 647, or subdivision 1 or 2 of Section 314, or of any offense involving lewd and lascivious conduct under Section 272; or any person who since such date has been or is hereafter convicted of the attempt to commit any of the above-mentioned offenses; or any person who since such date or at any time hereafter is discharged or paroled from a penal institution where he was confined because of the commission or attempt to commit one of the above-mentioned offenses; or any person who since such date or at any time hereafter is determined to be a mentally disordered sex offender under the provisions of Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code; or any person who has been since such date or is hereafter convicted in any other state of any offense which, if committed or attempted in this state, would have been

punishable as one or more of the above-mentioned offenses shall within 30 days after the effective date of this section or within 30 days of his coming into any county or city, or city and county in which he resides or is temporarily domiciled for such length of time register with the chief of police of the city in which he resides or the sheriff of the county if he resides in an unincorporated area.

Any person who, after the first day of August, 1950, is discharged or paroled from a jail, prison, school, road camp, or other institution where he was confined because of the commission or attempt to commit one of the above-mentioned offenses or is released from a state hospital to which he was committed as a mentally disordered sex offender under the provisions of Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code shall, prior to such discharge, parole, or release, be informed of his duty to register under this section by the official in charge of the place of confinement or hospital and the official shall require the person to read and sign such form as may be required by the State Bureau of Criminal Identification and Investigation, stating that the duty of the person to register under this section has been explained to him. The official in charge of the place of confinement or hospital shall obtain the address where the person expects to reside upon his discharge, parole, or release and shall report such address to the State Bureau of Criminal Identification and Investigation. The official in charge of the place of confinement or hospital shall give one copy of the form to the person, and shall send two copies to the State Bureau of Criminal Identification and Investigation, which bureau, in turn, shall forward one copy to the appropriate law enforcement agency having local jurisdiction where the person expects to reside upon his discharge, parole, or release.

Any person who after the first day of August, 1950, is convicted in the State of California of the commission or attempt to commit any of the above-mentioned offenses and who is released on probation or discharged upon payment of a fine shall, prior to such release or discharge, be informed of his duty to register under this section by the court in which he has been convicted and the court shall require the person to read and sign such form as may be required by the State Bureau of Criminal Identification and Investigation, stating that the duty of the person to register under this section has been explained to him. The court shall obtain the address where the person expects to reside upon his release or discharge and shall report within three days such address to the State Bureau of Criminal Identification and Investigation. The court shall give one copy of the form to the person, and shall send two copies to the State Bureau of Criminal Identification and Investigation, which bureau, in turn, shall forward one copy to the appropriate law enforcement agency having local jurisdiction

where the person expects to reside upon his discharge, parole, or release.

Within three days thereafter the registering law enforcement agency shall forward such statement, fingerprints and photograph to the State Bureau of Criminal Identification and Investigation.

If any person required to register hereunder changes his residence address he shall inform, in writing within 10 days, the law enforcement agency with whom he last registered of his new address. The law enforcement agency shall, within three days after receipt of such information, forward it to the State Bureau of Criminal Identification and Investigation. The State Bureau of Criminal Identification and Investigation shall forward appropriate registration data to the law enforcement agency having local jurisdiction of the new place of residence.

Any person required to register under the provisions of this section who shall violate any of the provisions thereof is guilty of a misdemeanor.

CHAPTER 1302

An act to repeal Division 5 (commencing with Section 1100) of, and to add Division 5 (commencing with Section 1100) to, the Harbors and Navigation Code, relating to pilots for San Francisco, San Pablo, and Suisun Bays.

[Approved by Governor September 17, 1970. Filed with Secretary of State September 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Division 5 (commencing with Section 1100) of the Harbors and Navigation Code is repealed.

SEC. 2. Division 5 (commencing with Section 1100) is added to the Harbors and Navigation Code, to read:

DIVISION 5. PILOTS FOR SAN FRANCISCO, SAN PABLO, AND SUISUN BAYS

CHAPTER 1. GENERAL PROVISIONS

Article 1. Definitions

1100. The provisions of this division are applicable only to bar pilots for San Francisco, San Pablo, and Suisun Bays. As used in this division, "pilot" means a bar pilot.

1100.1. "Board" means the Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun.

1100.2. "Committee" means the Pilotage Rate Committee for San Francisco, San Pablo, and Suisun Bays.

Article 2. Qualifications

1101. A person may not be appointed or licensed as a pilot unless he:

(a) Is an American citizen.

(b) Is over the age of 21 years, and not over the age of 70 years. No other limitation of age shall be imposed.

(c) Has a practical knowledge of the management of motor ships, steam vessels and of the tides, soundings, bearings, and distances of the several shoals, bars, rocks, points of land, lighthouses, and fog signals of the ports and harbors for which he is appointed.

(d) Is of good moral character, temperate, and possesses the skill and ability necessary to discharge the duties of pilot.

1102. Pilots licensed by the board shall be carefully examined as to their qualifications, and, if found to be qualified and worthy, they shall receive licenses as pilots for a term of 12 months. Licenses shall be renewed annually unless the board has good cause to withhold renewal. Whenever the board deems they have cause, or intends for any reason to withhold renewal of a pilot's license, the secretary of the board shall serve notice, in writing, on the pilot, specifying the causes, at least 10 days before the expiration of his license. The pilot is thereupon entitled to a full hearing before the board. The proceedings shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code and the board shall have all the powers granted therein.

1103. Every pilot shall execute an official bond in the sum of five thousand dollars ($5,000), to be approved by the board. The bonds of pilots appointed by the board shall be filed with the board.

Article 3. Rights and Duties

1110. All vessels, their tackle, apparel, and furniture, and their master and owners and agents are jointly and severally liable for pilotage fees, which may be recovered in any court of competent jurisdiction.

1111. If any pilot, in endeavoring to assist or relieve any vessel in distress, suffers loss or damage to his vessels, sails, tackle, rigging or appurtenances, the master, owner, or consignee of the vessel shall pay for such loss or damage, which is to be ascertained by the board.

1112. Every pilot, on boarding a vessel, when required by its master, shall exhibit his commission or license as pilot. A refusal so to do subjects him to a forfeiture of his commission or license, and to a liability of fifty dollars ($50) on his bond

in a suit instituted for that purpose by the authority appointing him.

1113. A pilot carried to sea against his will, or unnecessarily detained on board a vessel when a pilot vessel is in attendance to receive him, is entitled to receive twenty-five dollars ($25) a day while necessarily absent or detained; but the total amount to which he is entitled in any one case shall not exceed one thousand dollars ($1,000). Recovery may be had by action against the master or owner of the vessel taking him away.

1114. When cruising offshore or standing out to sea, pilots shall go to the vessel nearest to shore, or in the most distress, or incur a penalty of one hundred dollars ($100). For refusing to go on board a vessel when required, a like penalty of one hundred dollars ($100) is incurred. Upon having a penalty recovered against him, for either cause, the pilot may be suspended or expelled, at the discretion of the board.

1115. For every violation of the duties and regulations provided in this article a pilot incurs a liability on his official bond, to the party aggrieved, to the amount of the damages sustained.

Article 4. Offenses

1130. Every person not its master or owner, and not holding a commission or license as a pilot, who pilots any vessel into or out of any harbor or port of the Bays of San Francisco, San Pablo, and Suisun, except to another port within such bays or their tributaries is guilty of a misdemeanor, and he shall pay to the pilot entitled to pilot the vessel the amount of pilotage or towage collected by him.

Chapter 2. Board of Pilot Commissioners

1150. There is in the state government a Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun, consisting of three members. Upon the expiration of the term of a member, or the occurrence of a vacancy in the board, the Governor, by and with the advice of the Senate, shall appoint a successor, or fill the vacancy.

1151. Each member of the board shall be a competent shipmaster or nautical man and a citizen of the United States. He shall be a resident of one of the following counties: San Francisco, Alameda, Contra Costa, Marin, San Mateo, Santa Clara, or Solano.

He shall hold his office during the pleasure of the power appointing him, not to exceeed four years from the date of his commission.

1152. The members of the board shall receive as compensation for their services such amount as may from time to time be determined by the board not exceeding three hundred dollars ($300) each per month nor in the aggregate for all members of the board during any one month more than the amount

of moneys received during that month pursuant to the provisions of Section 1167 of this code. They, and the officers and employees of the board shall be allowed their actual necessary expenses in the performance of their duties.

1153. The board shall organize itself by electing a president, and shall provide offices in the City of San Francisco, in which it shall meet once a month and it may adjourn its regular meetings from time to time.

1154. The board shall make bylaws and rules for the government of pilots appointed by it.

1155. The president of the board may administer oaths in regard to any matter properly before it and he may issue subpoenas for witnesses in like cases. A witness disobeying such subpoena served on him shall incur a penalty of one hundred dollars ($100), for which judgment may be recovered by the president in a civil action. The provisions of this section shall not apply to proceedings conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

1156. The board may appoint and fix the compensation of a secretary and such other employees as may be necessary. The secretary shall receive such compensation as may be fixed by the board at not to exceed seven hundred fifty dollars ($750) a month.

1157. The secretary shall keep a journal of all the board's proceedings and acts, and shall keep a register of all pilots appointed, their residence and date of license. He shall, under order of the board, issue and countersign licenses, which shall be signed by the president of the board.

1158. The members and the secretary of the board shall not have any interest in any pilot vessel or steam tug, nor in the earnings thereof, other than for compensation as provided in this chapter. Anyone violating this section forfeits his office.

1159. All moneys received by the board pursuant to the provisions of any law, shall be accounted for at the close of each month to the State Controller in such form as the Controller may prescribe and, at the same time on the order of the Controller, all these moneys shall be paid into the State Treasury to the credit of the Board of Pilot Commissioners' Special Fund, which fund is continued in existence.

The moneys deposited in the State Treasury to the credit of the Board of Pilot Commissioners' Special Fund are appropriated without regard to fiscal years for the payment of the compensation and expenses of the board and its officers and employees.

1160. (a) The board shall renew the licenses of, or examine and license, not less than 24 nor more than 30 pilots, except that persons licensed as temporary pilots on January 1, 1949, and thereafter continuously licensed as such shall hereafter be licensed as permanent pilots, subject to the same tenure, duties and rights thereunder as other pilots. No further pilots' licenses, other than renewals, shall hereafter be issued when

such issue would cause more than 30 such licenses to be in force.

(b) Pilots have exclusive authority to pilot vessels from the high seas to the Bays of San Francisco, San Pablo and Suisun and the ports thereof, and from those bays and ports to the high seas. They also may pilot vessels between and within the ports of those bays, but such interior pilotage is not compulsory, nor is such interior pilotage prohibited to persons not licensed by the board.

(c) For the purpose of this section, "high seas" includes the Pacific Ocean and all the navigable waters of the Golden Gate, westerly of a straight line drawn between Anita Rock and Yellow Bluff.

1162. Pilots shall at all times keep, for their exclusive use, vessels of such description and good condition as the board may direct.

1163. Every pilot in charge of a vessel arriving in the bays or ports of San Francisco, San Pablo, or Suisun, shall safely moor the vessel in place and position as directed by the master of the vessel, consistent with safe navigation and not contrary to law.

1164. Every pilot in charge of a vessel leaving any of these bays or ports shall pilot it from its point of departure to a point beyond the San Francisco Bar.

1165. A pilot shall prevent all persons, except officers of the state or federal governments, owners or consignees of the vessel or cargo, or persons admitted on the express order of the master, from boarding the vessel until it has been safely moored.

1166. To enforce the provisions of Section 1165 and other police regulations for the harbor, every pilot in charge of a vessel entering the Bay of San Francisco from the high seas may arrest anyone who, in opposition to the master's orders, persists in boarding the vessel, or who having boarded it refuses to leave on the command of the master or pilot. Whenever a person is so arrested he shall be immediately brought before the court, or admitted to bail, as provided in the Penal Code.

1167. Every pilot licensed pursuant to the terms of this chapter shall take an oath of office in the manner prescribed by law and shall, once in each month, upon blanks to be furnished by the board, render a verified account to the board of all moneys received by him, or by any other person for him, or on his account, and he shall pay to the board 5 percent of all bar pilotage fees, or such lesser percentage as is established by the board with the approval of the Director of General Services, in full compensation of the board for its official services, for the services of its secretary and treasurer, and all its incidental expenses.

1168. The account shall show:

(a) The name of each vessel piloted.

(b) The name of its master.

(c) The name of each vessel for which pilotage has been charged, or collected.

(d) The amount charged to or collected from each.

(e) Any rebates made and allowed and for what amounts.

(f) Where the vessel is registered.

(g) The depth of its draft and its tonnage.

(h) Whether it was inward or outward bound.

(i) Whether the amount so received, collected, or charged is for full pilotage or half pilotage.

The secretary of the board shall record the accounts in full detail in a book prepared for that purpose, which book shall at all times be open to public inspection.

1169. A vessel is spoken by day by a pilot boat displaying a Union Jack or by night by a pilot boat displaying a torch or flare within a distance of three miles of the vessel. In all cases where inward-bound vessels are not spoken until inside of the bar, the full rates of pilotage shall be reduced 50 percent. Vessels engaged in the whaling or fishing trades are exempt from all pilotage unless a pilot is actually employed.

1170. Every vessel spoken inward or outward bound, shall pay the following rate of bar pilotage through the Golden Gate and into or out of the Bays of San Francisco, San Pablo, and Suisun:

Seven dollars and fifty cents ($7.50) per draft foot of the vessel's deepest draft and fractions of a foot pro rata, and an additional charge of four mils ($0.004) per high gross registered ton. A minimum charge for such bar pilotage shall be one hundred eighty-five dollars ($185) for each vessel piloted. The vessel's deepest draft shall be the maximum draft attained, on a stillwater basis, at any part of the vessel during the course of such transit inward or outward.

1171. Pilotage between and within ports of the Bays of San Francisco, San Pablo, and Suisun, shall be at such rates as are agreed upon by the parties.

1172. If a vessel, which is subject to the payment of bar pilotage, enters any port of the Bays of San Francisco, San Pablo, or Suisun solely by reason of being in distress or requiring care it shall pay one-half of the full pilotage rates.

1173. A vessel, which is subject to the payment of bar pilotage shall pay one-half the full pilotage rates if it enters any port of the Bays of San Francisco, San Pablo, or Suisun for:

(a) Anchoring.

(b) Reporting or receiving orders.

(c) Taking on water, fuel for bunkers, stores and other supplies, for use on the vessel and which are not intended for transfer to and use on any other vessel. But if such a vessel discharges or takes on any cargo or passengers, or if any water, fuel, stores, or other supplies taken on is transferred to and used on another vessel this reduction does not apply.

1174. Any vessel in tow of a tug or being assisted by a tug within the Bays of San Francisco, San Pablo, or Suisun,

or between or within their ports, is exempt from all charge for bay pilotage unless a pilot is actually employed.

1175. Every vessel sailing under an enrollment, and licensed and engaged in the coasting trade between any port of the Bays of San Francisco, San Pablo, and Suisun and any other port of the United States is exempt from all pilotage unless a pilot is actually employed. Every foreign vessel and every vessel bound to or from a foreign port and every vessel sailing under a register between any port of the Bays of San Francisco, San Pablo, and Suisun and any other port of the United States, except ports of these bays or the rivers tributary to them, is liable for pilotage.

1176. When two or more pilots offer their services to any vessel inward bound, the pilot first offering, or one connected with his boat, has preference, and if the services of another are accepted, the vessel, its appurtenances, and its master and owner are jointly and severally liable to the pilot entitled to preference for one-half the amount of pilotage he would have been entitled to had his services been accepted.

1177. Any pilot, or one connected with his boat, bringing a vessel into the harbor of San Francisco is entitled to take the vessel to sea again when it next departs if the pilot and those connected with his vessel have not in the meantime become in any manner disqualified or incapacitated. If the master disregards this preference, the vessel, master, and owner are liable to the pilot entitled to the preference for one-half the amount to which he would be entitled if his services had been accepted.

Chapter 3. Revocation of Licenses

1190. When, in the opinion of the board, there is reasonable cause to believe that the public interest requires that a pilot be summarily suspended pending hearing on charges of misconduct which include any of the causes for suspension or revocation specified in Section 1191, or when the board has information which leads it to believe that a pilot has become unable to comply with the standards of health or physical condition requisite to his duties, the board may, without hearing, temporarily suspend the license of such pilot for not exceeding 40 days pending hearing and decision on such charges. But unless an accusation on such charge is served on the pilot as provided in Chapter 5 (commencing with Section 11500), Part 1, Division 3, Title 2, Government Code, prior to the close of the sixth day from and after the date such suspension by its terms becomes effective, such temporary suspension shall terminate at the close of said sixth day.

1191. The license of a pilot may be revoked or suspended before its expiration only for:

(a) Neglect, for 30 days after it becomes due, to render an account to the board of all moneys received by him for pilotage.

(b) Neglect, for 30 days after it becomes due, to pay over to the board the 5 percent of the pilotage money received by him.

(c) Rendering to the board a false account of pilotage received.

(d) Absenting himself from duty for more than one month at any one time without leave granted by the board, unless sickness or personal injury causes the absence.

(e) Refusing to exhibit his license when requested to do so by the master of any vessel he has boarded.

(f) Habitual or occasional intoxication, whether occurring while he is in charge of any vessel as pilot or in charge of a pilot vessel, or at any other time.

(g) Negligently, ignorantly, or willfully running any vessel on shore, or otherwise rendering it liable to injury. Any pilot deprived of his license under this subdivision is thereafter ineligible to receive a license as pilot.

(h) Willful violation of the rules and regulations adopted by the board for the government of pilots.

(i) Inability to comply with the standards of health or physical condition requisite to the duties of a bar pilot, but in such case the burden of proving such compliance with such standards shall be upon the licensee, unless prior to the hearing he takes and passes such physical tests or examinations as would be required under the rules of the board upon application for renewal of his license.

1192. If, upon a hearing the board adjudges that the pilot is guilty of any of the acts or causes sufficient for depriving him of a license, the board shall revoke his license. The order shall be entered of record in the minutes by the secretary. The proceedings shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein.

1193. A pilot, who has been notified that his license will not be renewed, is entitled to a trial and hearing, in the same manner that other charges and accusations against pilots are tried.

In all such cases and in all cases of revocation of license or suspension of a pilot for any cause, the final decision of the board is subject to judicial review in accordance with law, and upon such review the court shall exercise its independent judgment on the evidence.

CHAPTER 4. PILOTAGE RATE COMMITTEE

1200. There is in the state government the Pilotage Rate Committee for San Francisco, San Pablo, and Suisun Bays, consisting of five members appointed by the Governor.

1201. Members of the committee shall be appointed by the Governor for a term of four years, and each member shall hold office until the appointment and qualification of his successor

or until six months shall have elapsed since the expiration of the term for which he was appointed, whichever first occurs. The terms of the members of the committee in office on the operative date of this section shall expire as follows: one pilot and one industry member, June 30, 1971; one member, June 30, 1972; one member, June 30, 1973; and one member, June 30, 1974. A vacancy occurring during a term shall be filled by appointment for the unexpired term. No person shall serve as a member of the committee for more than two consecutive terms.

1202. Two members of the committee shall be pilots licensed under the provisions of this division and shall be termed pilot members.

Two members shall be termed industry members and shall be appointed from a list of not less than eight persons currently engaged as owners, officers, directors, employees, or representatives of firms, or associations of firms, which are substantial users of pilotage services in San Francisco, San Pablo, and Suisun Bays, which list shall be submitted to the Governor by such users upon formation of the committee. Upon the occurrence of any vacancy among industry members a list of not less than eight such persons engaged in such capacities shall be so submitted. One of such industry members shall be engaged in the dry cargo or passenger field of operation and the other in the tanker field of operation.

One member of the committee shall be termed a public member and shall not be a pilot licensed under the provisions of this division, or an officer, director, employee, or representative of the shipping industry, or have been substantially connected with any phase of the maritime industry, whether as a proprietor or as a supplier of services or goods to vessels.

The public member shall be appointed from a list of not less than three such persons nominated by the industry members and pilot members of the committee. If the industry members and pilot members of the committee have not agreed upon nominations required by this section within 60 days of the date a vacancy occurs for the appointment of a public member, the Governor may make such appointment without regard to any such nominations.

Each member of the committee shall be at least 35 years of age and a resident of one of the following counties: San Francisco, Alameda, Contra Costa, Marin, San Mateo, Santa Clara, or Solano.

1203. The pilot members and industry members of the committee shall serve without compensation or reimbursement of expenses. The public member of the committee shall be paid a per diem of fifty dollars ($50) for each day in which he is necessarily engaged in the duties of the committee and his necessary travel expenses.

1204. The secretary and employees of the Board of Pilot Commissioners for San Francisco, San Pablo, and Suisun Bays

shall perform such clerical, administrative, and other services as may be reasonably required by the committee.

1205. The expenses of the committee shall be paid from the Board of Pilot Commissioners Special Fund created under this division.

1206. The members of the committee may elect a chairman and a secretary from their membership.

1207. It shall be the function of the committee to make recommendations to the Legislature on the following matters:

(1) The rates for bar pilotage which should be established under the provisions of Section 1170.

(2) Changes, if any, which should be made in the provisions relating to pilotage rates or affecting rates which are contained in Sections 1171 to 1177, inclusive.

(3) Changes, if any, which may be proposed in the basis for determining any of the rates for bar pilotage referred to in subsections (1) and (2) of this section.

1208. Any party directly affected by pilotage rates established under this chapter may petition the committee for a public hearing on any of the matters set forth in Section 1207. Within 10 days from the filing of the petition the committee shall call public hearings to be held not less than 30 nor more than 60 days of the date of call for the purpose of obtaining information and data relating to the issues raised in the petition. The committee shall give notice of such hearings to all interested parties who have requested such notification. At the conclusion of such hearing or hearings, the committee shall review and evaluate all evidence obtained and, within 120 days from the filing of the petition, shall submit to the Secretary of the Senate and the Chief Clerk of the Assembly a copy of its findings and recommendations for final determination, supported by a transcript of the proceedings of the committee so held.

1209. Public hearings for the purpose of investigating pilotage rates shall be conducted in accordance with the provisions of Chapters 4 (commencing with Section 11370) and 5 (commencing with Section 11500) of Part 1, Division 3, Title 2 of the Government Code and a full record shall be kept of all evidence offered.

1210. In preparing its recommendations to the Legislature with relationship to pilotage rates, the committee may require an independent audit or audits by a public accountant selected by the committee, such audit or audits to cover bar pilotage operations for such years as may be determined by the committee, and the committee shall further give consideration to other relevant factors, including, but not limited to, the following:

(1) The costs to the pilots, individually or jointly, of providing pilot service as required.

(2) A net return to the pilot sufficient to attract and hold persons capable of performing this service with safety to the public and protection to the property of persons using the

service; and the relationship of that income to any changes in cost of living indices.

(3) Pilotage rates charged for comparable services rendered in other ports and harbors in the United States.

(4) Additional factors affecting income to pilots such as the volume of shipping traffic using pilotage, change in the size or structure of vessels affecting pilotage rates, numbers of pilots available to perform services, income paid for comparable services, and other factors of related nature.

SEC. 3. This act shall become operative on January 1, 1971.

18963. If the commissioner finds that for any reason Guaranty Corporation fails to adopt a suitable plan of organization and operation within six months following the effective date of this chapter, or, if at any time thereafter Guaranty Corporation fails to adopt suitable amendments to the plan of operation, the commissioner shall adopt and promulgate rules as necessary or advisable to effectuate the provisions of this chapter. Such rules shall continue in force until superseded by a plan of operations adopted by Guaranty Corporation and approved by the commissioner.

(a) Unless and until the total amount in the fund on March 15 of any year equals or exceeds one million dollars ($1,000,000) in excess of any then unpaid demand made by the commissioner pursuant to Section 18981, on or before the first day of May of each year, Guaranty Corporation shall levy an assessment equal to fifteen hundredths of one percent (.15 of 1% or such lesser percentage as will cause the fund to equal one million dollars ($1,000,000)) of each

member's outstanding thrift obligations as shown on the most recent independent audit report required by Section 18610. Each new member shall be assessed seven thousand five hundred dollars ($7,500).

(b) Whenever the total amount in the fund on March 15 of any year exceeds one million dollars ($1,000,000) in excess of any then unpaid demand made by the commissioner pursuant to Section 18981, Guaranty Corporation shall refund to its members in proportion to their respective contributions as reflected in the most recent yearend independent audit reports an aggregate amount necessary to decrease the total amount in the fund to one million dollars ($1,000,000).

(c) Notwithstanding the provisions of subdivision (a) and (b) hereof, Guaranty Corporation may withhold any refund to members during any period when a member is in the process of liquidation by the commissioner, and it may further assess members during any calendar year in which the fund has been reduced by a demand of the commissioner provided the aggregate assessments during the year do not exceed the amount provided in subdivision (a).

18971. Guaranty Corporation shall send a written notice of assessment to each member assessed within 10 days after the levy of any assessment. Amounts assessed shall be paid to Guaranty Corporation by each member assessed not later than 90 days following written notice of assessment.

18972. A report of each levy of assessment shall be made to the commissioner within 10 days after the levy.

18973. In the event any member fails to pay an assessment when due, Guaranty Corporation shall report such default in writing to the commissioner within 24 hours of such default, and shall within 30 days after default bring an action in law or in equity to enforce payment. If Guaranty Corporation does not bring such action within the time specified, the commissioner may bring an action in law or in equity to enforce such payment.

Article 4. General Provisions

18980. When the property and business of a member has been liquidated or is in the process of liquidation by the commissioner and the proceeds of liquidation distributed ratably are insufficient to pay up to ten thousand dollars ($10,000) of each thrift obligation specified in Section 18964, the commissioner shall direct Guaranty Corporation to pay and Guaranty Corporation shall pay each such deficiency at the direction of and in amounts as directed by the commissioner within 120 days from the date the commissioner makes demand for payment. If the total funds available from Guaranty Corporation at such time are insufficient to pay in full the amounts provided by Section 18964, the amount paid to each thrift holder shall be ratably reduced in proportion to the amount by which the fund is deficient, and thereafter further payments shall

be made ratably to such thrift holders in accordance with the directions of the commissioner as additional funds are paid into the guarantee fund from assessments or otherwise. When such thrift obligations are paid, each member's account shall be reduced ratably based on the account balance for the total amount paid.

18981. The commissioner shall not direct Guaranty Corporation in any one calendar year to pay any thrift obligations that exceed in the aggregate the total in the fund after allowance for all amounts to be added to such accounts during said year by assessment as provided in this chapter.

18982. Whenever it appears to the commissioner that Guaranty Corporation has:

(a) Violated its articles of incorporation or any law of this state;

(b) Not paid amounts as directed by the commissioner pursuant to Section 18980;

(c) Invested its funds in violation of Section 18986;

(d) Not levied assessments as required by Sections 18970 and 18971;

(e) Has not brought and diligently prosecuted an action to enforce payment as required by Section 18973.

(f) Violated any section of this chapter;

(g) Neglected or refused to submit its books, papers, and affairs to the inspection of any examiner;

the commissioner may forthwith take possession of the property and business of Guaranty Corporation and retain possession until Guaranty Corporation satisfies the commissioner that it will operate in conformity with this chapter. During the time the commissioner has such possession he shall perform the duties and carry out the obligations of Guaranty Corporation.

18983. Whenever the commissioner has taken possession of the property and business of Guaranty Corporation, Guaranty Corporation within 10 days after such taking, if it deems itself aggrieved thereby, may apply to the superior court in the county in which the head office of Guaranty Corporation is located to enjoin further proceedings. The court, after citing the commissioner to show cause why further proceedings should not be enjoined, and after a hearing and a determination of the facts upon the merits, may dismiss such application or enjoin the commissioner from further proceedings and direct him to surrender the property and business to Guaranty Corporation, or make such further order as may be just.

18984. An appeal may be taken from the judgment of the court by the commissioner or by Guaranty Corporation in the manner provided by law for appeals from the judgment of a superior court. An appeal from the judgment of the court does not operate as a stay of the judgment unless the court, on good cause, so orders. No bond need be given if the appeal be taken by the commissioner but if the appeal be taken by Guaranty Corporation a bond shall be given as required by

Section 943 of the Code of Civil Procedure as condition to any stay.

18985. Guaranty Corporation shall have authority to submit reports and make recommendations to the commissioner regarding the financial condition of any member. Such reports and recommendations shall not be public documents. There shall be no liability on the part of, and no cause of action of any nature shall arise against, Guaranty Corporation or its members, directors, officers, employees or agents, or the commissioner or his authorized representatives, for any statements made by them in any reports or recommendations made hereunder.

18986. Guaranty Corporation may invest its funds only as provided by rules of the commissioner adopted with a view to preserving reasonable liquidity.

18987. Income from investments shall be recorded in an income account and be used to defray expenses of administration. Income from investments that exceeds an amount determined by the board of directors to be adequate to provide for current expenses may be credited to members' accounts. Each member's account shall receive credit ratably based on the account balance, for the amount of the excess. Income received by Guaranty Corporation, whether or not credited to members' accounts, shall be subject to a demand of the commissioner made pursuant to Section 18980 except as to that portion reserved by the board of directors for expenses of administration during the calendar year.

18988. Expenses of administration that exceed income from investments at yearend shall be charged to members' accounts. Each member's account shall be charged ratably based on the account balance for the amount of the excess.

18989. Guaranty Corporation shall have authority to borrow funds when necessary to effectuate the provisions of this chapter.

18990. The commissioner shall give prompt notice to Guaranty Corporation when the commissioner takes possession of the property and business of a member and shall give further prompt notice when the commissioner determines to liquidate the property and business of a member.

18991. Memberships issued by Guaranty Corporation shall be nontransferable and shall be exempt from the provisions of the Corporate Securities Law of 1968.

18992. The operation of Guaranty Corporation shall at all times be subject to the regulation of the commissioner and his duly designated representatives. The commissioner and his duly designated representative may at any time investigate the affairs and examine the books, accounts, records and files used by Guaranty Corporation. The commissioner and his duly designated representatives shall have free access to the offices books, accounts, papers, records, files, safes, and vaults of Guaranty Corporation.

18993. Any member aggrieved by any action or decision of Guaranty Corporation may appeal to the commissioner within 30 days from the action or decision.

18994. Guaranty Corporation shall not advertise, print, display, publish, distribute, or broadcast, or cause or permit to be advertised, printed, displayed, published, distributed, or broadcast, in any manner any statement or representation with regard to its plan of operation without first obtaining the written nondisapproval of the commissioner.

18995. No person shall advertise, print, display, publish, distribute or broadcast, or cause or permit to be advertised, printed, displayed, published, distributed, or broadcast, in any manner any statement or representation with regard to its membership in Thrift Guaranty Corporation of California or that any of its thrift obligations are in any manner guaranteed without first obtaining the written approval of the commissioner. All such advertising shall include the following statement: "Accounts protected up to a maximum of $10,000 by Thrift Guaranty Corporation of California only as provided in the California Financial Code."

18996. In order to permit Guaranty Corporation to fulfill its obligations under this chapter, the commissioner shall furnish to Guaranty Corporation a list of all industrial loan companies which have outstanding thrift and one copy of the independent audit report on each such industrial loan company filed with him as of the preceding December 31 no later than April 1 of each year.

CHAPTER 1320

An act to add Chapter 6 (commencing with Section 37120) to Part 8 of Division 24 of the Health and Safety Code, relating to housing.

[Approved by Governor September 17, 1970. Filed with Secretary of State September 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6 (commencing with Section 37120) is added to Part 8 of Division 24 of the Health and Safety Code, to read:

CHAPTER 6. CALIFORNIA HOUSING POLICY

Article 1. Declaration and Legislative Findings

37120. The purpose of this chapter is to provide a statement of policy to direct the efforts of California state and local governments, to the extent that they are regulated by or operate within the framework of state legislation, in their

attempts to meet the need for shelter of the residents of this state. It is also the purpose of this chapter to reevaluate and declare legislative intent with respect to those housing-related activities affected by legislation in order to ensure proper coordination of those activities, and the consistency of their purpose, to provide every Californian with a decent home and a satisfying environment.

37121. The Legislature finds that the subject of housing is of vital statewide importance to the health, safety, morals and welfare of the residents of this state, for the following reasons:

(1) Decent housing is an essential motivating force in helping people achieve self-fulfillment in a free and democratic society.

(2) Unsanitary, unsafe, overcrowded, or congested dwelling accommodations constitute conditions which cause an increase in, and spread of, disease and crime.

(3) A healthy housing market is one in which residents of this state have a choice of housing opportunities and one in which the housing consumer may effectively choose within the free marketplace.

(4) A healthy housing market is fundamentally related to a healthy state economy and can contribute significantly to the employment factor of California.

37122. The Legislature also finds that the Congress of the United States has established as a national goal the provision of "a decent home and a suitable living environment for every American family" and that the attainment of this goal is a priority of the highest order.

37123. The Legislature further finds that the national housing goal, as defined in Section 37122, as it applies to California, is deserving of adoption by the Legislature, with the accompanying commitment to guide, encourage, and direct, where possible, the efforts of the private and public sections of the economy to cooperate and participate in the early attainment of a decent home and a satisfying environment for every Californian.

37124. The Legislature also finds that the attainment of a national and state housing goal is complicated by a variety of continuing problems, not the least of which are the absence of a coherent state housing policy, the absence of a comprehensive framework outlining the dimensions of need, and obstacles preventing the fulfillment of such need, and the absence of effective private-public mechanisms designed to engender and facilitate a partnership approach to housing.

37125. The Legislature declares that it is in the public interest to adopt the statement of policy objectives set forth in this chapter with respect to housing in California.

Article 2. State Involvement in Housing

37130. The Legislature recognizes that the production and financing of private and public housing rely heavily upon the fiscal and monetary policies of the federal government, and

that the federal government has established and continues to establish programs of mortgage insurance, secondary financing, direct loans, and subsidies for housing purposes. It is also recognized that changes in these policies and programs may have consequential effects upon the State of California and its housing market.

37131. The Commission of Housing and Community Development and the Department of Housing and Community Development shall continually evaluate the impact upon this state of federal policies and programs affecting housing and, with the advice and direction of the private housing and construction industry and local government, represent the interests of this state before the appropriate federal governmental entities.

37132. The Department of Housing and Community Development shall be the principal state department responsible for coordinating federal-state relationships in housing. The department shall encourage full utilization of those federal programs available for assisting the residents of this state, the private housing industry, and local government in satisfying California's housing needs.

37133. The Department of Housing and Community Development shall develop, in cooperation with the private housing industry as well as regional and local housing and planning agencies, a California Statewide Housing Element, which shall consist of the following segments:

(1) An evaluation and summary of housing conditions throughout the State of California, with particular emphasis upon the availability of housing for all economic segments of the state. This evaluation shall include an analysis of each major metropolitan area and region within the State of California and of the existing geographic distribution of housing by type and cost, and of the existing geographic distribution of families by income, size and ethnic character.

(2) Housing development goals for the forthcoming year and projected five years ahead. These goals shall be established as those needed to house all residents of this state.

(3) An identification of market constraints and obstacles and specific recommendations for their removal.

(4) An analysis of state and local housing and building codes and their enforcement. This analysis shall include consideration of whether such codes contain sufficient flexibility to respond to new methods of construction and new materials

(5) Recommendations which will contribute to the attainment of housing goals established for California.

37134. The California State Housing Element is intended to provide a framework and serve as a guide for the preparation and implementation of local housing elements as required by Section 65302 of the Government Code.

37135. The provisions of this chapter shall be effective notwithstanding any contrary provision of any other chapter of this part.

CHAPTER 1321

An act to amend Section 9603.3 of the Revenue and Taxation Code, relating to the Motor Vehicle Transportation License Tax Law.

[Approved by Governor September 17, 1970. Filed with Secretary of State September 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 9603.3 of the Revenue and Taxation Code is amended to read:

9603.3. "Operator" does not include any of the following:

(a) Any person transporting his own property in a motor vehicle owned or operated by him unless he makes a specific charge for the transportation. This subdivision does not in any way limit any other exemption granted by this section.

(c) Any nonprofit agricultural cooperative association, organized and acting within the scope of its powers under Chapter 1 (commencing with Section 54001) of Division 20 of the Agricultural Code, to the extent only that it is engaged in the transporting of its own property or the property of its members.

(d) Any person whose sole transportation of persons or property for hire or compensation consists of the transportation of children to or from any public or nonprofit private school or any person whose sole transportation of persons or property for hire or compensation consists of the leasing of vehicles to a public or nonprofit private school for the transportation of children to and from such school.

(e) Any person engaged in the business of operating a hearse or other vehicle in a procession to a burial ground or place of interment and from the burial ground or place of interment to a garage or place of storage.

(f) Any registered owner of a pleasure vehicle who, while operating the vehicle, transports persons to his work or to a place through which he passes on the way to his work, whether for or without compensation, if he is not in the business of furnishing such transportation.

(g) Any person engaged in the business of collecting and disposing of garbage, rubbish or waste, and who transports any such matter in a motor vehicle owned or operated by him, unless he makes a separate or specific charge for transportation. It is hereby declared that any such business is one substantially affecting the public health and welfare.

CHAPTER 1322

An act to add Section 17707 to, and Article 17.5 (commencing with Section 18421) to Chapter 3 of Division 14 of, the Education Code, relating to severance aid to school districts.

[Approved by Governor September 17, 1970. Filed with Secretary of State September 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 17707 is added to the Education Code, to read:

17707. For the purpose of computing allowances and apportionments, other than severance aid, from the State School Fund for districts qualifying for severance aid as provided in Article 17.5 (commencing with Section 18421) of Chapter 3 of this division, the total assessed valuation in the district as shown by the equalized assessment roll shall be increased as follows: for the first year qualifying property is excluded from the assessment roll as exempt property, there shall be added to the total assessed valuation an amount equal to the assessed value of said qualifying property as used to compute the amount of severance aid. The next following year there shall be added to the total assessed valuation four-fifths of the assessed value of qualifying property as used to compute the amount of severance aid; the second following year there shall be added three-fifths of said assessed value; the third following year there shall be added two-fifths of said assessed value, and the fourth following year there shall be added one-fifth of said assessed value.

In the event more than one allowance of severance aid is payable because qualifying property is acquired during more than one fiscal year, the increase in total assessed valuation required by this section shall be made separately as to qualifying property acquired in each such year.

"Qualifying property" for the purposes of this section means property acquired for state highway purposes which, by reason of its assessed value, either alone or in combination with other property, and the identity of the acquiring agency or agencies, qualifies the district to receive severance aid.

SEC. 2. Article 17.5 (commencing with Section 18421) is added to Chapter 3 of Division 14 of the Education Code, to read:

Article 17.5. Allowances to School Districts for Severance Aid

18421. Whenever real property within a school district is acquired for state highway purposes, the Superintendent of Public Instruction shall allow to the school district an amount of severance aid as provided in this section, in addition to any other allowances provided by this chapter. For the five years following the acquisition of such property the Superintendent

of Public Instruction shall allow to the school district severance aid based on the amount of tax revenues the school district would have received from such property if there had been no such acquisition, computed as follows: for the year following such acquisition, the district shall be allowed the amount of tax revenues, except revenues for bond interest and redemption, which would have been paid during the year of acquisition if the taxes assessed on the property acquired were then paid in full; for the second year the district shall be allowed 80 percent of such amount; for the third year the district shall be allowed 60 percent of such amount; for the fourth year the district shall be allowed 40 percent of such amount; and for the fifth year the district shall be allowed 20 percent of such amount.

18422. For school districts in which the land acquisition was completed on or subsequent to June 30, 1962, but prior to the effective date of this act, the Superintendent of Public Instruction shall perform the computation prescribed in Section 18421 and compute the total amount of severance aid for a five-year period commencing with the date of completion of the acquisition. He shall determine an amount equal to 10 percent of the amount computed and certify the amount determined to the State Controller in the manner prescribed in Section 18424.

18423. No allowance of severance aid shall be made as provided in Section 18421 or 18422 unless the total assessed value of taxable real property within the school district is reduced by 2 percent or more during a fiscal year by reason of acquisitions giving rise to severance aid as provided in Section 18421 or 18422. In determining whether or not the value of such acquisitions is equal to 2 percent or more of the value of taxable real property, all such acquisitions made during each fiscal year shall be considered as one sum.

18424. On or before April 20th in each fiscal year, the Superintendent of Public Instruction shall determine and certify to the State Controller the amount of severance aid computed and to be allowed to school districts under Section 18421 or 18422 for the fiscal year On or before May 15th in each fiscal year, the State Controller shall order the transfer, from the Motor Vehicle Transportation Tax Fund to the State School Fund, of the amount of severance aid computed and to be allowed to school districts for the fiscal year as so certified The Department of Public Works may charge or allocate to the appropriate particular projects on account of which severance aid was computed, the amounts so transferred. In the case of severance aid determined pursuant to Section 18422, the allowance shall be apportioned to the school district in two equal annual installments.

18425. No money shall be allowed from the State School Fund for any fiscal year pursuant to this article, nor shall any computations be made for that fiscal year pursuant to Section 17707, unless the Legislature approves the transfer of

money by the State Controller from the Motor Vehicle Transportation Tax Fund to the State School Fund for that fiscal year pursuant to this section by appropriating the money from the Motor Vehicle Transportation Tax Fund for that specific purpose.

2377.5. The use, supervision, or employment by a physician of a graduate of an approved program as defined in Section 2511, without the approval of the Board of Medical Examiners of the State of California, constitutes unprofessional conduct within the meaning of this chapter.

SEC. 2. Article 18 (commencing with Section 2510) is added to Chapter 5, Division 2 of the Business and Professions Code, to read:

Article 18. Physicians' Assistants

2510. In its concern with the growing shortage and geographic maldistribution of health care services in California, the Legislature intends to establish in this article a framework for development of a new category of health manpower—the physician's assistant.

The purpose of this article is to encourage the more effective utilization of the skills of physicians by enabling them to delegate health care tasks to qualified physician's assistants where such delegation is consistent with the patient's health and welfare.

This article is established to encourage the utilization of physician's assistants by physicians, and to provide that existing legal constraints should not be an unnecessary hindrance to the more effective provision of health care services. It is also the purpose of this article to allow for innovative development of programs for the education of physician's assistants.

At the termination of this article and upon review of reports and recommendations from the Board of Medical Examiners of the State of California and others with expertise in health manpower programs, it is the intent of the Legislature to establish a system of certifying or licensing physician's assistants so that the quality of service is insured.

(b) The prescribing or directing the use of, or using, any optical device in connection with ocular exercises, visual training, vision training or orthoptics.

(c) The prescribing of contact lenses for, or the fitting or adaptation of contact lenses to, the human eye.

(b) In developing criteria for program approval the board shall give consideration to, and encourage, the utilization of equivalency and proficiency testing and other mechanisms whereby full credit is given to trainees for past education and experience in health fields.

(c) The board shall adopt and publish standards to insure that such programs operate in a manner which does not endanger the health and welfare of patients who receive services within the scope of the program. The board shall review the quality of the curriculum, faculty, and the facilities of such programs, and shall issue certificates of approval, and at such other times as it deems necessary to determine that the purposes of this article are being met.

2516. The board shall formulate guidelines for the consideration of applications by a licensed physician or physicians to supervise physician's assistants. Each application made by a physician or physicians to the board shall include all of the following:

(a) The qualifications, including related experience, possessed by the proposed physician's assistant.

(b) The professional background and specialty of the physician or physicians.

The board shall not approve an application by any one physician to supervise more than two physician's assistants at any one time.

2517. The board shall approve an application by a licensed physician or physicians to supervise a physician's assistant

where the board finds that the proposed assistant is a graduate of an approved program, and is fully qualified by reason of experience and education to perform medical services under the supervision of a licensed physician.

2518. Any person other than one who has been approved by the board who holds himself out as a "physician's assistant," or who uses any other term indicating or implying that he is a physician's assistant, is guilty of a misdemeanor.

2519. There is established an Advisory Committee on Physician's Assistant Programs which shall be advisory to the board on matters pertaining to the education of physician's assistants and approval of applicants to supervise a physician's assistant. CHAPTER 1328

An act to add Division 3.5 (commencing with Section 660) to the Military and Veterans Code, relating to veterans.

[Approved by Governor September 17, 1970. Filed with Secretary of State September 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Division 3.5 (commencing with Section 660) is added to the Military and Veterans Code, to read:

DIVISION 3.5. EXTRAORDINARY COMMISSION ON THE VIETNAM VETERAN

660. The Legislature hereby finds and declares that:

(1) California has the largest number of Vietnam veterans of any state, with over 400,000 Vietnam veterans presently residing in the state, and approximately 9,000 more coming in each month.

(2) Modern technology has not been fully utilized to provide programs of readjustment and opportunity.

(3) A disproportionate number of Vietnam veterans are not satisfactorily resettling into civilian life for the following reasons:

(a) Deescalation of the war has made it difficult for returning veterans to obtain jobs.

(b) Public sentiment concerning the Vietnam War is inconsistent with patriotic feelings toward returning veterans of former wars, making the Vietnam veteran feel as if he and his fellow servicemen have made unnecessary or unappreciated sacrifices, thereby further widening the gap between the veteran and civilians.

(c) Vietnam veterans differ from past war veterans in that 50 percent are under 24 years of age at the time of discharge and the proportion of partially disabled, disabled, severely maimed and disfigured, and psychologically and emotionally disoriented veterans is higher in the Vietnam War than other American wars.

(d) The development of more rapid and efficient discharge procedures, coupled with modern military airlift capabilities, has greatly reduced the time span between overseas combat stations and stateside points of separation into civilian life.

(e) Until recently, the federal draft system had taken large numbers of our young men who were least able to successfully return to civilian life because these men, often school dropouts, high school graduates who didn't go on to college, and minority persons, had not had a chance to establish themselves before they were drafted.

(f) There is a need for more coordinated, ongoing definitive programs of readjustment and opportunity for the returning Vietnam veteran.

661. There is hereby created in state government the Extraordinary Commission on the Vietnam Veteran.

662 The commission shall consist of nine members appointed as follows: one member from the California Veterans Board, four public members appointed by the Governor, two of whom shall be Vietnam veterans, four members of the Legislature of whom two shall be appointed by the Speaker of the Assembly and two by the Senate Rules Committee.

The Members of the Legislature shall join in and exercise all rights and powers of the commission insofar as it does not conflict with the duties of the legislators For purposes of this chapter, such four Members of the Legislature shall constitute a joint interim legislative committee on the subject of this chapter and shall have all the powers and duties imposed upon such committees by the Joint Rules of the Senate and the Assembly.

The members of the commission shall serve without compensation but shall be entitled to their actual necessary expenses incurred in the performance of their duties.

663. The commission shall:

(a) Determine the kinds and magnitude of problems facing Vietnam veterans.

(b) Identify and evaluate existing public and private services available to Vietnam veterans and make recommendations for improved and needed services to meet the problems of Vietnam veterans upon their return to civilian status.

(c) Recommend how the private sector can become involved on a coequal basis with government in solving problems facing the Vietnam veteran.

(d) Formulate and implement a comprehensive Vietnam Veteran Program for California including, but not limited to education, vocational training, rehabilitation, counseling, job training, and appropriate medical treatment such as psychological-psychiatric services and physical therapy programs.

664. In furtherance of the purposes of this division, the commission shall:

(a) Appoint an executive director who shall implement policies and programs of the commission and who may, with the prior approval of the commission, appoint other persons to the staff of the commission.

(b) Receive and disperse, with the approval of the Department of Finance, federal, state or local funds.

(c) Contract for services when necessary to carry out its powers and duties.

(d) Hold public hearings.

(e) Appoint such advisory groups as may be necessary to carry out its powers and duties

(f) Call upon and reimburse for services any state agency or department for assistance in carrying out its objectives.

(g) Exercise such other powers as may be necessary to carry out the purposes of this chapter

665. The commission shall be funded by federal or private funds, or both, if and when they are available

SEC 2. Division 3 5 (commencing with Section 660) of the Military and Veterans Code, as enacted by Section 1 of this act, shall remain in effect until the 91st day after the final adjournment of the 1973 Regular Session of the Legislature and shall have no force or effect after that date.

CHAPTER 1329

[Approved by Governor September 17, 1970. Filed with Secretary of State September 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Title 1.7 (commencing with Section 1790) is added to Part 4 of Division 3 of the Civil Code, to read:

TITLE 1.7. CONSUMER WARRANTIES

CHAPTER 1. CONSUMER WARRANTY PROTECTION

Article 1. General Provisions

1790. This chapter may be cited as the "Song-Beverly Consumer Warranty Act."

1790.1. Any waiver by the buyer of consumer goods of the provisions of this chapter, except as expressly provided in this chapter, shall be deemed contrary to public policy and shall be unenforceable and void.

1790.2. If any provision of this chapter or the application thereof to any person or circumstance is held unconstitutional, such invalidity shall not affect other provisions or applications of this chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

1790.3 The provisions of this chapter shall not affect the rights and obligations of parties determined by reference to the Commercial Code except that, where the provisions of the Commercial Code conflict with the rights guaranteed to buyers of consumer goods under the provisions of this chapter, the provisions of this chapter shall prevail.

Article 2. Definitions

1791. As used in this chapter:

(a) "Consumer goods" means any motor vehicle, machine, appliance, or like product that is used or bought for use primarily for personal, family, or household purposes.

(b) "Buyer" or "retail buyer" means any individual who buys consumer goods from a person engaged in the business of manufacturing, distributing, or selling such goods at retail. As used in this subdivision, "person" means any individual, partnership, corporation, association, or other legal entity which engages in any such business.

(c) "Manufacturer" means any individual, partnership, corporation, association, or other legal relationship which manufactures, assembles, produces, or gathers consumer goods.

(d) "Distributor" means any individual, partnership, corporation, association, or other legal relationship which stands between the manufacturer and the retail seller in purchases, consignments, or contracts for sale of consumer goods.

(e) "Retail seller," "seller," or "retailer" means any individual, partnership, corporation, association, or other legal relationship which engages in the business of selling new goods to retail buyers.

1791.1. As used in this chapter:

(a) "Implied warranty of merchantability" or "implied warranty that goods are merchantable" means that the consumer goods meet each of the following:

(1) Pass without objection in the trade under the contract description.

(2) Are fit for the ordinary purposes for which such goods are used.

(3) Are free from defects of materials or workmanship.

(4) Are adequately contained, packaged, and labeled.

(5) Conform to the promises or affirmations of fact made on the container or label.

(b) "Implied warranty of fitness" means that when the retailer, distributor, or manufacturer has reason to know any particular purpose for which the consumer goods are required, and further, that the buyer is relying on the skill and judgment of the seller to select and furnish suitable goods, then there is an implied warranty that the goods shall be fit for such purpose.

1791.2. (a) "Express warranty" means:

(1) A written statement arising out of a sale to the consumer of a consumer good pursuant to which the manufacturer, distributor, or retailer undertakes to preserve or maintain the utility or performance of the consumer good or provide compensation if there is a failure in utility or performance; or

(2) In the event of any sample or model, that the whole of the goods conforms to such sample or model.

(b) It is not necessary to the creation of an express warranty that formal words such as "warrant" or "guarantee" be used or that a specific intention to make a warranty be present, but an affirmation merely of the value of the goods or a statement purporting to be merely an opinion or commendation of the goods does not create a warranty.

(c) Statements or representations such as expressions of general policy concerning customer satisfaction which are not subject to any limitation do not create an express warranty.

1791.3. As used in this chapter, a sale "as is" or "with all faults" means that the manufacturer, distributor, and retailer disclaim all implied warranties that would otherwise attach to the sale of consumer goods under the provisions of this chapter.

Article 3. Sale Warranties

1792. Unless disclaimed in the manner prescribed by this chapter, every sale or consignment of consumer goods in this state by a manufacturer shall be accompanied by an implied warranty that the goods are merchantable.

1792.1. Every sale or consignment of consumer goods in this state by a manufacturer who has reason to know at the time of the sale or consignment that the goods are required for a particular purpose and that the buyer is relying on the manufacturer's skill or judgment to select or furnish suitable goods shall be accompanied by an implied warranty of fitness.

1792.2. Every sale or consignment of consumer goods in this state made through a retailer or distributor who has reason to know at the time of sale or consignment that the goods are required for a particular purpose and that the buyer is relying on the retailer's or distributor's skill or judgment to select or furnish suitable goods, shall, in lieu of the warranty of the manufacturer under Section 1792.1, be accompanied by an implied warranty that the goods are fit for that purpose.

1792.3. No implied warranty of merchantability and, where applicable, no implied warranty of fitness shall be waived, except in the case of a sale of consumer goods on an "as is" or "with all faults" basis where the provisions of this chapter affecting "as is" or "with all faults" sales are strictly complied with.

1792.4. (a) No sale of consumer goods on an "as is" or "with all faults" basis shall be effective to disclaim the implied warranty of merchantability or, where applicable, the implied warranty of fitness, unless a conspicuous writing is attached to the goods which clearly informs the buyer, prior to the sale, in simple and concise language of each of the following:

(1) The goods are being sold on an "as is" or "with all faults" basis.

(2) The entire risk as to the quality and performance of the goods is with the buyer.

(3) Should the goods prove defective following their purchase, the buyer and not the manufacturer, distributor, or retailer assumes the entire cost of all necessary servicing or repair.

(b) In the event of sale of consumer goods by means of a mail order catalog, the catalog offering such goods shall contain the required writing as to each item so offered in lieu of the requirement of notification prior to the sale.

1792.5. Every sale of consumer goods on an "as is" or "with all faults" basis made in compliance with the provisions of this chapter shall constitute a waiver by the buyer of the implied warranty of merchantability and, where applicable, of the implied warranty of fitness.

1793. Nothing in this chapter shall affect the right of the manufacturer, distributor, or retailer to make express warranties with respect to consumer goods. However, a manu-

facturer, distributor, or retailer, may not, by such express warranties, limit the application of or modify the implied warranties guaranteed by this chapter to the sale of consumer goods.

1793.1. Every manufacturer, distributor, or retailer making express warranties with respect to consumer goods shall fully set forth such warranties in readily understood language and clearly identify the party making such express warranties.

1793.2. (a) Every manufacturer of consumer goods which are sold in this state and for which there exists an express warranty: (1) shall maintain or cause to be maintained in this state sufficient service and repair facilities to carry out the terms of such warranties, or (2) shall be subject to the provisions of Section 1793.5.

(b) Where such service and repair facilities are maintained in this state and service or repair of the goods is necessary because they do not comply with the applicable warranties, service and repair shall be commenced within a reasonable time following receipt of the goods by the manufacturer or its representative in this state. Unless the buyer agrees in writing to the contrary, the goods must be returned, at the manufacturer's expense, in merchantable condition within 30 days. Delay caused by conditions beyond the control of the manufacturer or his representatives shall serve to extend this 30-day requirement. Where such delay arises, delivery of merchantable goods shall be made as soon as possible following termination of the condition giving rise to the delay.

(c) Should the manufacturer be unable to make such return of merchantable goods, he shall either replace the goods or reimburse the buyer in an amount equal to the purchase price paid by the buyer, less that amount directly attributable to use by the buyer prior to discovery of the defect.

1793.3 If the manufacturer making express warranties does not provide service and repair facilities within this state pursuant to subdivision (a) of Section 1793.2, the buyer may follow the course of action prescribed in either subdivision (a) or (b), below, as follows

(a) Return the defective consumer goods to the retail seller thereof for replacement, or for service or repair in accordance with the terms and conditions of the express warranty. Such replacement, service, or repair shall be at the option of the retail seller If the retail seller is unable to replace the defective article with merchantable goods or is unable to effect the service or repair of the goods in accordance with the terms and conditions of the warranty, the retail seller shall reimburse the buyer in an amount equal to the purchase price paid by the buyer, less that amount directly attributable to use by the buyer prior to discovery of the defect.

(b) Return the defective article to any retail seller, within this state, of like goods of the same manufacturer for replacement, or for service or repair in accordance with the terms

and conditions of the express warranty. Such replacement, service, or repair shall be at the option of the retail seller.

1793.4. Where an option is exercised in favor of service and repair under Section 1793 3, such service and repair must be commenced within a reasonable time, and, unless the buyer agrees in writing to the contrary, the goods must be returned in merchantable condition within 30 days. Delay caused by conditions beyond the control of the retail seller or his representatives shall serve to extend this 30-day requirement. Where such delay arises, delivery of merchantable goods shall be made as soon as possible following termination of the condition giving rise to the delay.

1793.5. Every manufacturer making express warranties who does not provide service and repair facilities within this state pursuant to subdivision (a) of Section 1793.2 shall be liable as prescribed in this section to every retail seller of such manufacturer's goods who incurs obligations in giving effect to the express warranties that accompany such manufacturer's consumer goods. The amount of such liability shall be determined as follows:

(a) In the event of replacement, in an amount equal to the actual cost to the retail seller of the replaced goods, plus a reasonable handling charge.

(b) In the event of service and repair, in an amount equal to that which would be received by the retail seller for like service rendered to retail consumers who are not entitled to warranty protection, including actual and reasonable costs of the service and repair, plus a reasonable profit.

(c) In the event of reimbursement under subdivision (a) of Section 1793.3, in an amount equal to that reimbursed to the buyer, plus a reasonable handling charge.

1794. Any buyer of consumer goods injured by a willful violation of the provisions of this chapter may bring an action for the recovery of damages. Judgment may be entered for three times the amount at which the actual damages are assessed, plus reasonable attorney fees.

1794.1. Any retail seller of consumer goods injured by the willful or repeated violation of the provisions of this chapter may bring an action for the recovery of damages. Judgment may be entered for three times the amount at which the actual damages are assessed plus reasonable attorney fees.

1794 2. The triple damages provisions of this chapter shall not apply to a cause of action commenced or maintained pursuant to Section 382 of the Code of Civil Procedure.

1794.3. The provisions of this chapter shall not apply to any defect in consumer goods caused by the unauthorized or unreasonable use of the goods following sale.

1794.4. Nothing in this chapter shall be construed to prevent the sale of a service contract to the buyer in addition to or in lieu of an express warranty if such contract fully and conspicuously discloses in simple and readily understood language the terms and conditions.

1794.5. The provisions of this chapter shall not preclude a manufacturer making express warranties from suggesting methods of effecting service and repair, in accordance with the terms and conditions of the express warranties, other than those required by this chapter.

1795. If express warranties are made by persons other than the manufacturer of the goods, the obligation of the person making such warranties shall be the same as that imposed on the manufacturer under this chapter.

SEC. 2. This act shall apply to consumer goods sold on or after March 1, 1971. However, Sections 1792 to 1793.1 of the Civil Code, inclusive, enacted by Section 1 of this act, shall only apply to consumer goods manufactured on or after March 1, 1971.

1794.2 The triple damages provisions of this chapter shall not apply to a cause of action commenced or maintained pursuant to Section 382 of the Code of Civil Procedure or pursuant to Section 1780 or 1781 of this code.

Article 4. Possessory Liens

and shall provide the exclusive means of enforcing such liens.

501. (a) Every person has a lien dependent upon possession for the compensation to which he is legally entitled for making repairs or performing labor upon, and furnishing supplies or materials for, and for the storage, repair or safekeeping of, and for costs incurred in the mooring, berthage, wharfage, and anchorage of, and for the rental of trailer parking space for, any vessel subject to registration with the Department of Motor Vehicles, subject of the limitations set forth in this article.

(b) That portion of the lien in excess of three hundred dollars ($300) for any work or services, or in excess of two hundred dollars ($200) for any storage or safekeeping, rendered or performed at the request of any person other than the holder of the legal title, is invalid, unless prior to commencing any such work or service the person claiming the lien gives actual notice in writing, either by personal service or by registered letter, to the legal owner and registered owner, named in the certificate of ownership, and the consent of the holder of the legal title is obtained before any such work or services are performed. If any portion of a lien includes charges for the care, storage or safekeeping of, or costs incurred in the mooring, berthage, wharfage, and anchorage of, or for the rental of trailer parking space for, a vessel for a period in excess of 60 days the portion of the lien which accrued after the expiration of such period is invalid unless the provisions of Sections 754 and 755 have been complied with by the holder of the lien.

501.5. Any lien provided for in this article, for labor or materials, or for storage or safekeeping of a vessel when abandoned on private property may be assigned by written instrument accompanied by delivery of possession of the vessel, subject to the lien, and the assignee may exercise the rights of a lienholder as provided in this article. Any lienholder assigning a lien as authorized herein shall at the time of assigning the lien give written notice of the assignment either by personal delivery or by registered or certified mail, to the registered and legal owner, including the name and address of the person to whom the lien is assigned.

502. Whenever the lien upon any such vessel is lost by reason of the loss of possession through trick, fraud, or device, the repossession of the vessel by the lienholder revives the lien but any lien so revived is subordinate to any right, title or interest of any person under any sale, transfer, encumbrance, lien or other interest acquired or secured in good faith and for value between the time of the loss of possession and the time of repossession.

502.5. If the lienholder is not paid the amount due and for which the lien is given, within 10 days after such amount becomes due, the lienholder may proceed to sell the property, or so much thereof as may be necessary to satisfy the lien and costs of sale at public auction.

503. Prior to any such sale the lienholder shall give at least 10 days but not more than 20 days notice of the sale by advertising for one issue in some newspaper of general circulation published in the county in which the property is situated. If there is no newspaper printed in such county, notice shall be given by posting notice of sale in three of the most public places in the town or place where the property is to be sold, for 10 days previous to the date of the sale. Prior to the sale of any vessel to satisfy any such lien, 20 days notice by registered mail or certified mail, return receipt requested, shall be given to the legal owner and to the registered owner of the vessel, if registered in this state, as the same appear in the certificate of ownership, and also to the Department of Motor Vehicles by registered mail or certified mail whether or not the vessel is registered in this state.

The Department of Motor Vehicles shall in like manner immediately notify the legal owner and the registered owner of the proposed sale, but failure on the part of the department to give such notice shall not affect the validity of the sale. All notices required in this article shall specify the builder, and builder's hull number, if available, of the vessel, and the date, time, and place of the sale The proceeds of the sale shall be applied to the discharge of the lien and the cost of keeping and selling the property. The remainder, if any, shall be paid to the legal owner, if any, or to the owner if there is no legal owner.

503.5. When the lienholder can certify under penalty of perjury that the value of the vessel subject to the lien does not exceed two hundred dollars ($200), the lienholder may sell such vessel at public sale, upon the giving of notice as provided in this section. At least 10 days before the sale, the lienholder shall notify the legal owner, the registered owner, and the Department of Motor Vehicles by registered mail or certified mail, return receipt requested, certified mail, or United States Post Office certificate of mailing, of the time and place of the sale. At least 10 days before the sale, the lienholder shall also post a notice of the sale in a conspicuous place on the premises where the vessel is stored, giving the date of the sale and a description of the vessel, including the builder and builder's hull number.

504. Within 20 days after the sale of any vessel under the authority of Section 502.5, the legal owner may redeem such vessel upon the payment of the amount of all costs and expenses of the sale, together with interest on such sum at the rate of 12 percent per annum from the due date thereof or the date when the amount was advanced until the repayment.

This section shall not be applicable to vessels sold under the authority of Section 503.5.

505. It is a misdemeanor for any person to obtain possession of any vessel or any part thereof subject to a lien under this article through surreptitious removal or by trick, fraud, or device perpetrated upon the lienholder.

(c) All records shall be open to inspection by any peace officer.

SEC. 2. Section 39052 of the Health and Safety Code is amended to read:

39052. The board shall:

(a) Conduct studies and evaluate the effects of air pollution upon human, plant, and animal life and the factors responsible for air pollution. An act to add Title 1.5 (commencing with Section 1750) to Part 4 of Division 3 of the Civil Code, relating to credit.

[Approved by Governor September 17, 1970. Filed with Secretary of State September 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Title 1.5 (commencing with Section 1750) is added to Part 4 of Division 3 of the Civil Code, to read:

TITLE 1.5. CONSUMER CREDIT REPORTING

1750. This title shall be known and may be cited as the Consumer Credit Reporting Act.

1751. For the purposes of this title:

(a) "Applicant" means a natural person who has made application to a creditor for extension of credit for personal, family or household purposes rather than as a business.

(b) "Reporter" means a person, partnership, or corporation which for compensation provides a customer, other than a commercial creditor as defined in this title, with credit information or credit rating upon an applicant.

(c) "Commercial creditor" means a person or entity which extends credit for purposes other than personal, family or household purposes.

(d) "Creditor" means a person or entity which extends credit for personal, family or household purposes.

(e) "Credit rating report" means any written or oral report, recommendation, or representation prepared by a reporter as to the credit record, standing, or capacity of any applicant to pay an obligation.

1752. (a) A reporter shall, upon request and proper identification of any applicant, clearly and accurately disclose to the applicant:

(1) The nature and substance of all information in its files on the applicant at the time of request.

(2) The sources of the information.

(3) The creditors to whom the reporter has furnished reports within the six-month period preceding the request.

(b) A reporter shall provide trained personnel to explain to the applicant any information furnished to him pursuant to this section.

(c) The applicant shall be permitted to be accompanied by one other person of his choosing, who shall furnish reasonable identification. A reporter may require the applicant to furnish a written statement granting permission to the reporter to discuss the record of the applicant as maintained by the reporter in such other person's presence.

1753. (a) A reporter shall make the disclosures required under Section 1752 during normal business hours and on reasonable notice.

(b) The disclosures required under Section 1752 shall be made to the applicant:

(1) In person if he appears in person and furnishes proper identification; or

(2) By telephone if he has made a written request therefor, and provides proper identification for telephone disclosure and the toll charge, if any, for the telephone call is prepaid by or charged directly to the applicant; or

(3) By an explanation in writing on payment by the applicant of a fee equal to the charge made by the reporter to any nonsubscriber, provided the reporter's credit rating report was responsible, in whole or in part, for the applicant being denied credit.

1754. Whenever an applicant is denied credit or the charge for credit is increased, either wholly or partly because of information from a reporter, the creditor shall notify the applicant of the identity of the reporter provided that a written request is received from the applicant within 60 days of the applicant's learning of such action.

1755. (a) If the completeness or accuracy of any item of information contained in the reporter's records is disputed by the applicant, and such dispute is directly conveyed to the reporter by the applicant, the reporter shall within a reasonable period of time reinvestigate and record the current status of that information unless it has reasonable grounds to believe that the dispute by the applicant is frivolous or irrelevant. If

after such reinvestigation such information is found to be inaccurate or can no longer be verified, the reporter shall promptly delete such information.

(b) If the reinvestigation does not resolve the dispute, the applicant may file a brief statement setting forth the nature of the dispute. The reporter may limit such statements to not more than 100 words if it provides the applicant with assistance in writing a clear summary of the dispute.

(c) Whenever a statement of a dispute is filed, unless there is reasonable grounds to believe that it is frivolous or irrelevant, the reporter shall, in any subsequent credit rating report containing the information in question, clearly note that it is disputed by the applicant and provide either the applicant's statement or a clear and accurate codification or summary thereof.

(d) Following any deletion of information which is found to be inaccurate or whose accuracy can no longer be verified or any notation as to disputed information, the reporter shall, at the request of the applicant, furnish notification that the item has been deleted or the statement, codification or summary pursuant to subdivision (b) or (c) to any creditor specifically designated by the applicant who has within six months prior thereto received a report for credit purposes which contained the deleted or disputed information. The reporter shall disclose to the applicant his rights to make such a request. Such disclosure shall be made at or prior to the time the information is deleted or the applicant's statement regarding the disputed information is received.

1756. If the credit rating report or memorandum relates only to the applicant's ability to pay, his habit of payment, and his general credit standing, or any of these subjects, any untrue allegation of fact contained in such report, except a willful misrepresentation, shall not be grounds for any civil action or criminal prosecution.

1757. This title does not apply to any credit rating report which by its terms is limited to disclosures from public records relating to land and land titles, and does not apply to any reporter whose records and files are maintained for the primary purpose of reporting those portions of the public records which impart constructive notice under the law of matters relating to land and land titles.

(f) Any person who has been deemed to be a resident student for tuition purposes pursuant to Section 23755 shall not lose such resident status because of the departure of the parent from the state pursuant to military orders, nor shall such person be required to reestablish residency upon marriage or upon reaching his majority.

chapter and any rule or regulation adopted by the director pursuant to this chapter. For the purposes of this provision, the director shall have free access to the offices and places of business, books, accounts, records, papers, files, safes, and vaults of all licensees.

When an audit is performed as a consequence of information disclosed by the bank statements filed pursuant to Section 6915.1, the cost of such audit shall be charged to and paid by the licensee in accordance with rates established by regulations adopted by the director, subject to a maximum of seven hundred fifty dollars ($750) for any one audit. The insolvency of a licensee, the adjudication as a bankrupt of a licensee or qualified certificate holder, or of a partner in a licensed copartnership, or the making of a general assignment for the benefit of creditors by a licensee or by a partner of a licensed copartnership, constitutes ground for the institution of disciplinary proceedings and revocation of license or qualification certificate or other disciplinary action.

No such petition may be filed for a period of two years after the effective date of a decision of denial, revocation, or disqualification. The director shall determine the fitness of the petitioner to engage in the collection agency business. He may grant the petition without a hearing or may grant or deny the petition after a hearing conducted under the Administrative Procedure Act, Chapter 5 (commencing with Section 11500), Part 1, Division 3, Title 2 of the Government Code. If the petition is denied, such denial shall be without prejudice and peti-

CHAPTER 1384

An act relating to employment problems of parolees, and making an appropriation therefor.

[Approved by Governor September 17, 1970. Filed with Secretary of State September 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares:

(a) The costs of keeping persons confined in prison are immense; the portion of the California Department of Corrections budget for correctional institutions now exceeds eighty million dollars ($80,000,000).

(b) Many persons now in prison are there not as first-time offenders but as parole violators.

(c) Federal studies indicate unemployment and marginal jobs encourage ex-offender recidivism. Therefore, placing parolees in jobs which utilize their full vocational and intellectual talents may well be a factor in preventing their return to prison, thereby retaining them in society as contributing jobholders and taxpayers.

(d) At this time, the California Department of Corrections has no systematic method to match job offers by interested employers with parolees, or prisoners with parole dates, who have the vocational skills necessary to perform the job. Too often job offers for parolees go unfilled.

(e) A study should be conducted by the Department of Corrections to determine the operational usefulness and efficiency of utilizing computer programming to match job offers by interested employers with parolees, or prisoners with parole dates, having the vocational skills necessary to perform the job, and any noticeable effect of this program on patterns of postrelease employment and recidivism of parolees involved in the program.

SEC. 2. (a) The Department of Corrections shall undertake a pilot study on the operational usefulness and efficiency of employing a computer to match job offers by interested employers with parolees, or prisoners with parole dates, having the skills necessary to perform the job, and shall determine the employment patterns and problems of parolees in and returning to Parole Region III, the greater Los Angeles area, as determined by the department.

(b) The Department of Corrections shall submit a report to the Legislature not later than the 30th legislative day of the

1972 Regular Session. The report shall contain the following information: (1) the operational usefulness and efficiency of employing computers to match job offers by interested employers with parolees having the vocational skills necessary to perform the job, (2) any changes in the patterns of postrelease employment and recidivism by parolees after the implementation of this program, and (3) the cooperative efforts between governmental agencies in solving the problem which is the subject of the study, including, but not limited to, the cooperative efforts between the Department of Corrections and the Department of Human Resources Development.

SEC. 3. The Department of Corrections shall utilize existing state facilities, and shall otherwise cooperate with all federal, state, local, and private agencies in the completion of this study.

SEC. 4. The Department of Corrections shall solicit and utilize any available federal funds for this study.

SEC. 5. This act shall remain in effect until the 61st day after the final adjournment of the 1972 Regular Session of the Legislature. Thereafter, this act shall have no force or effect and shall be repealed.

CHAPTER 1385

Article 2. General Provisions

18691. Meat, meat food products, poultry, and poultry products are an important source of the nation's total supply of food. It is essential in the public interest that the health and welfare of consumers be protected by assuring that meat, meat food products, slaughtered poultry, and poultry products, distributed to them are wholesome, not adulterated, and properly marked, labeled, and packaged. Unwholesome, adulterated, or misbranded meat, meat food products, poultry, or poultry products, are injurious to the public welfare, destroy markets for wholesome, not adulterated and properly labeled and packaged meat, meat food products, poultry, and poultry products, and result in sundry losses to livestock and poultry producers and processors of meat, meat food products, poultry, and poultry products, as well as injury to consumers. Unwholesome, adulterated, mislabeled, or deceptive packaged articles can be sold at lower prices and compete unfairly with wholesome, not adulterated, and properly labeled and packaged articles, to the detriment of consumers and the public generally. It is hereby found that regulation by the director and cooperation by this state and the United States as contemplated by this chapter are appropriate to protect the health and welfare of consumers and otherwise effectuate the purposes of this chapter.

18692. It is the objective of this chapter to provide for meat and poultry products inspection programs that will impose and enforce requirements with respect to intrastate operations and commerce that are at least equal to those imposed and enforced under the Federal Meat Inspection Act and the Federal Poultry Products Inspection Act with respect to operations and transactions in interstate commerce. The director shall administer this chapter so as to accomplish this purpose. The Department of Agriculture is designated as the appropriate state agency to cooperate with the Secretary of Agriculture of the United States in administration of this chapter.

18693. The regulations which are adopted pursuant to this chapter shall conform, so far as possible, to the rules, regulations, and standards of the United States Department of Agriculture which govern the inspection, preparation, and processing of livestock and livestock products and poultry and poultry products.

Notwithstanding any provision of law to the contrary, the director may adopt, by regulation, standards and requirements equal to those of the federal acts, including, but not limited to, standards and requirements of inspection, sanitation, reinspection, preparation, processing, buying, selling, transporting, storing, identification, recordkeeping, registration, and labeling. The regulations shall not be less restrictive than state statutory requirements. The director may enter into cooperative agreements with the Secretary of Agriculture of the United States to enforce such standards and requirements in this state.

18694. The provisions of this chapter apply to any person, establishment, animal, or article regulated under the federal acts only to the extent provided for in such federal acts. The exemptions provided in the federal acts are, however, applicable to this chapter insofar as they are not contrary to provisions of this division and Chapter 3.5 (commencing with Section 27000) of Division 21 of the Health and Safety Code.

18695. If slaughtering or carcass preparation or processing of any meat, meat products, poultry, or poultry product is conducted in an establishment where state inspection is maintained, at hours considered overtime for state employees, or on legal holidays, the owner or operator of the establishment shall, by contract or agreement with the department, make arrangement to defray the additional cost for salaries and expenses for persons employed by the department to conduct the necessary inspection work during the overtime periods.

18696. The director may cooperate with the Secretary of Agriculture of the United States in administration of this chapter to effectuate the purposes stated in Sections 18691 and 18692, accept federal assistance for that purpose and spend public funds of this state appropriated for administration of this chapter to pay the state's proportionate share of the estimated total cost of the cooperative program.

18697. The director may do all of the following:

(a) Recommend to the Secretary of Agriculture of the United States for appointment to the advisory committees provided for in the federal acts, such officials or employees of the department as the director shall designate.

The director shall require that when any livestock product or poultry product leaves official establishments it shall bear directly thereon or on its containers, or both, as he may require, all information required under Article 5 (commencing with Section 18781) and require approval of all labeling and containers to be used for such product when it is sold or transported in intrastate commerce to assure that the product and the labeling and containers comply with the requirements of this chapter.

18725. The director shall investigate the sanitary conditions of each establishment required to have inspection under Section 18721 and shall withdraw or otherwise refuse to provide inspection service at any establishment where the sanitary conditions are such as to render adulterated any livestock product or poultry product which is prepared or handled at the establishment. No such establishment shall be operated without inspection.

18726. The director shall prescribe sanitation requirements for all establishments required to have inspection under Section 18721.

18727. (b) Any person that engages in intrastate commerce in the business of rendering or in the buying, selling, or transporting of any dead, dying, disabled, or diseased livestock or poultry, or any part of the carcass of any such animal (including poultry) that died otherwise than by slaughter.

18728. The director may refuse to provide inspection service to any establishment that fails to destroy any condemned

product as required pursuant to Section 18722 and any regulation promulgated thereunder.

18729. The director may refuse to provide inspection service under this chapter with respect to any establishment for any cause specified in Section 401 of the Federal Meat Inspection Act (21 U.S.C., Sec. 671) or Section 18 of the Federal Poultry Products Inspection Act (21 U.S.C., Sec. 467).

18730. The director may order any labeling or container to be withheld from use if he determines that the labeling is false or misleading or the container is of a misleading size or form.

18731. The director may prescribe the size and style of any type which is to be used for labeling information required pursuant to this chapter, and definitions and standards of identity or composition or standards of fill of container, consistent with federal standards, when he deems such action appropriate for the protection of the public and after consultation with the Secretary of Agriculture of the United States.

18732. The director may prescribe conditions of storage and handling of any livestock product or poultry product by any person engaged in the business of buying, selling, freezing, storing, or transporting such livestock or poultry product in intrastate commerce to assure that it will not be adulterated or misbranded when delivered to the consumer, including requirements that any vehicle used by any establishment which operates under state inspection for transporting any dressed carcass of any animal, including any poultry, intended for human consumption, any part of any such carcass, meat, meat food product, or poultry product inspected and marked pursuant to this chapter shall be maintained in a clean and sanitary condition and shall be regularly inspected by an inspector stationed at the establishment.

18733. Equines shall be slaughtered and prepared in establishments separate from any establishment where any other livestock is slaughtered or any product of any other livestock is prepared.

18734. Every person that is engaged in business in intrastate commerce as a broker, renderer, animal food manufacturer, or wholesaler or public warehouseman of any livestock product or poultry product, or engaged in the business of buying, selling, or transporting in intrastate commerce, any dead, dying, disabled, or diseased livestock or poultry or any part of the carcass of any such animal, including any poultry, that died otherwise than by slaughter shall register with the director his name, the address of each place of business, and all trade names under which he conducts such business.

18735. The director may adopt, by reference or otherwise, such provisions of the rules and regulations under the federal acts, with such changes therein as he deems appropriate to make them applicable to operations and transactions subject to this chapter, which shall have the same force and effect

as if promulgated under this chapter, and promulgate such other regulations as he deems necessary for the efficient execution of the provisions of this chapter.

18736. The director may appoint and prescribe the duties of such inspectors and other personnel as he deems necessary for the efficient execution of the provisions of this chapter.

18737. No inspection of any product placed in any container at any official establishment shall be deemed to be complete until the product is sealed or enclosed in the container under the supervision of an inspector.

18738. For purposes of any inspection of any product required by this chapter, any inspector authorized by the director shall have access at all times, by day or night, to every part of every establishment required to have inspection under this chapter, whether the establishment is operating or not.

Article 4. Adulteration

18751. A livestock or poultry product is adulterated if it bears or contains any poisonous or deleterious substance which may render it injurious to health, but in case the substance is not an added substance, such livestock or poultry product shall not be considered adulterated if the quantity of such substance in or on such article does not ordinarily render it injurious to health.

18752. A livestock or poultry product is adulterated in each of the following cases:

(a) It bears or contains, by reason of administration of any substance to the livestock or poultry or otherwise any added poisonous or added deleterious substance, other than one which is: (1) a pesticide chemical in or on a raw agricultural commodity; (2) a food additive; or (3) a color additive; which may, in the judgment of the director, make such livestock or poultry product unfit for human food.

(b) It is, in whole or in part, a raw agricultural commodity and such commodity bears or contains any pesticide chemical which is unsafe within the meaning of Section 408 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C., Sec. 346a).

(c) It bears or contains any food additive which is unsafe within the meaning of Section 409 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C., Sec. 348).

(d) It bears or contains any color additive which is unsafe within the meaning of Section 706 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C., Sec. 376).

A livestock or poultry product which is not otherwise deemed adulterated pursuant to subdivision (b), (c), or (d) shall nevertheless be deemed adulterated if use of the pesticide chemical, food additive, or color additive in, or on, such livestock or poultry product is prohibited by the director in official establishments.

18753. A livestock or poultry product is adulterated if it consists, in whole or in part, of any filthy, putrid, or decom-

posed substance or is for any other reason unsound, unhealthful, unwholesome, or otherwise unfit for human food.

18754. A livestock or poultry product is adulterated if it has been prepared, packed, or held under unsanitary conditions by which it may have become contaminated with filth, or been rendered injurious to health.

18755. A livestock or poultry product is adulterated if it is, in whole or in part, the product of an animal, including any poultry, which has died otherwise than by slaughter.

18756. A livestock or poultry product is adulterated if its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents of the livestock or poultry product injurious to health.

18757. A livestock or poultry product is adulterated if it has been intentionally subjected to radiation, unless the use of the radiation was in conformity with a regulation or exemption in effect pursuant to Section 409 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C., Sec. 348).

18758. A livestock or poultry product is adulterated in each of the following cases:

(a) Any valuable constituent has been in whole or in part omitted or abstracted from the livestock or poultry product.

(b) Any substance has been substituted, wholly or in part, for any valuable constituent.

(c) Damage or inferiority has been concealed in any manner.

(d) Any substance has been added to the livestock or poultry product, or mixed or packed with it, so as to increase its bulk or weight, or reduce its quality or strength, or make it appear of a better value than it is.

18759. A livestock or poultry product is adulterated if it is margarine containing animal fat and any of the raw material used in it consisted, in whole or in part, of any filthy, putrid, or decomposed substance.

Article 5. Misbranding

18781. A livestock or poultry product is misbranded in each of the following cases:

(a) Its labeling is false or misleading in any particular.

(b) It is offered for sale under the name of another food.

(c) It is an imitation of another food, unless its label bears, in type of uniform size and prominence, the word "imitation" and immediately thereafter, the name of the food imitated.

(d) Its container is so made, formed, or filled as to be misleading.

18782. A livestock or poultry product is misbranded unless it bears a label showing all of the following:

(a) The name and place of business of the manufacturer, packer, or distributor.

(b) An accurate statement of the quantity of the product in terms of weight, measure, or numerical count.

The director may permit reasonable variations, exemptions as to small packages and exemptions as to any livestock product not in a container, that conforms to the purposes of this chapter.

18783. A livestock or poultry product is misbranded if any word, statement, or other information required by, or under authority of, this chapter to appear on the label or other labeling is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs, or devices, in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

18784. A livestock or poultry product is misbranded if it purports to be, or is represented, as a food for which a definition and standard of identity or composition has been prescribed by the regulations of the director under Section 18731 unless it conforms to such definition and standard, and its label bears the name of the food specified in the definition and standard and, insofar as may be required by such regulations, the common names of optional ingredients, other than spices, flavoring, and coloring, present in such food.

18785. A livestock or poultry product is misbranded if it purports to be, or is represented as, a food for which a standard or standards of fill of container have been prescribed by regulations of the director under this chapter, and it falls below the standard of fill of container applicable thereto, unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard.

18786. A livestock or poultry product is misbranded if it is not subject to the provisions of Section 18784, unless its label bears the common or usual name of the food, if any, and in case it consists of two or more ingredients, the common or usual name of each such ingredient. The director may, however, permit spices, flavorings, and colorings to be designated as spices, flavorings, and colorings without naming each, and to the extent that compliance with the requirements of Section 18784 are impracticable, or results in deception or unfair competition, by granting exemptions that conform to the purposes of this chapter.

18787. A livestock or poultry product is misbranded if it purports to be, or is represented to be, for special dietary uses, unless its label bears such information concerning its vitamin, mineral, and other dietary properties as the director, after consultation with the Secretary of Agriculture of the United States, determines is necessary to fully inform purchasers as to its value for such uses.

18788. A livestock or poultry product is misbranded if it bears or contains any artificial flavoring, artificial coloring, or chemical preservative, unless it is so indicated on the label. To the extent that compliance with the requirements of this section is impracticable, the director may establish exemptions that conform to the purposes of this chapter.

18789. A livestock or poultry product is misbranded if it fails to bear, directly upon the livestock or poultry product and on its container, as the director may prescribe, the official inspection legend and establishment number of the establishment where the product was prepared. The director may require such other information as he deems necessary to assure that the product will not have false or misleading labeling and that the public will be informed of the manner of handling required to maintain the livestock or poultry product in a wholesome condition.

Article 6. Exemptions

18811. For the purposes of Article 2 (commencing with Section 18691) of this chapter, the director may exempt the operations of any person from inspection or other requirements of this chapter to the extent such operations would be exempt from the corresponding requirements under the Federal Meat Inspection Act or the Federal Poultry Products Inspection Act if they were conducted in interstate commerce or if the state were designated as one in which the federal requirements apply to intrastate commerce by the federal acts.

18812. The director shall exempt from inspection the slaughtering and preparation by any person of any livestock or poultry of his own raising, exclusively for use by him, members of his household, his nonpaying guests, or employees, and may exempt any other operation which the director determines would best be exempted to further the purposes of this chapter, to the extent such exemption conforms to the Federal Meat Inspection Act and the Federal Poultry Products Inspection Act and the regulations thereunder.

18813. The director shall not provide inspection under this chapter at any establishment for the slaughter of livestock or poultry or the preparation of any livestock product or poultry product which is not intended for use as human food. Any such product, unless naturally inedible by humans, shall be denatured or otherwise identified as prescribed by the director, prior to being offered for sale or transportation in intrastate commerce, to prevent its use as human food, and shall be in compliance with Chapter 5 (commencing with Section 19200) of this part and Chapter 3.5 (commencing with Section 27000) of Division 21 of the Health and Safety Code.

18814. (a) This chapter shall apply to a retail store only to the same extent as the federal acts and regulations issued thereunder are applicable to retail stores, except as provided in subdivision (b).

(b) No livestock product or poultry product shall be prepared at any such retail store by curing, drying, smoking, or rendering, nor any livestock product of swine by cooking.

Article 7. Violations

18842. It is unlawful for any person to sell, transport, offer for sale or transportation, or receive for transportation, in intrastate commerce, any article required to be inspected under this chapter, unless such article has been inspected and passed, or any livestock, poultry, livestock product, or poultry product which is capable of use as human food, which is adulterated or misbranded at the time of such sale, transportation, offer for sale or transportation, or receipt for transportation.

18843. It is unlawful for any person to do, with respect to any livestock, poultry, livestock product, or poultry product which is capable of use as human food, any act while it is being transported in intrastate commerce or held for sale after such transportation, which is intended to cause, or has the effect of causing, it to be adulterated or misbranded.

18844. It is unlawful for any person to sell, transport, offer for sale or transportation, or receive for transportation, in intrastate commerce, or from an official establishment, any slaughtered poultry from which the blood, feathers, feet, head, or viscera have not been removed in accordance with this chapter and regulations promulgated under this chapter.

18846. It is unlawful for any brand manufacturer, printer, or other person to cast, print, lithograph, or otherwise make any device containing any official mark or simulation thereof, or any label bearing any such mark or simulation, or any form of official certificate or simulation thereof, except as authorized by the director under such conditions as he may prescribe to assure the accomplishments of the purposes of this chapter.

18847. It is unlawful for any person to do any of the following:

(b) Without authorization from the director to use any official device, mark, or certificate, or simulation thereof, or alter, detach, deface, or destroy any official device, mark, or certificate.

(c) Contrary to the regulations of the director, fail to use, or to detach, deface, or destroy any official device, mark, or certificate.

any poultry, or part or product thereof, bearing any counterfeit, simulated, forged, or improperly altered official mark.

(e) Knowingly make any false statement in any shipper's certificate or other nonofficial or official certificate provided for in the regulations of the director.

(f) Knowingly represent that any article has been inspected and passed, or exempted, under this chapter when, in fact, it has, respectively, not been so inspected and passed, or exempted.

18848. It is unlawful for any person to sell any dressed carcass of any livestock or poultry which is intended for food purposes, or any prepared meat or meat food product or poultry product within the state unless it bears the "inspected and passed" stamp of federal inspection or state inspection applied at the establishment where the animal was slaughtered and at the establishment where the meat or meat food product, or poultry or poultry product was prepared or manufactured.

18849. It is unlawful for any person to sell, transport, offer for sale or transportation, or receive for transportation, in intrastate commerce, any carcass of any horse, mule, or other equine, or any part of any such carcass, or any meat or meat food product thereof, unless it is plainly and conspicuously marked, labeled, or otherwise identified as required by regulations of the director to indicate the animal from which it was derived, and is in compliance with Chapter 5 (commencing with Section 19200) of this part and Chapter 3.5 (commencing with Section 27000) of Division 21 of the Health and Safety Code.

18850. It is unlawful for any person to buy, sell, transport, or offer for sale or transportation, or receive for transportation, in intrastate commerce, any livestock product or poultry product which is not intended for use as human food, unless it is denatured or otherwise identified as required by the regulations of the director or is naturally inedible by humans, and is in compliance with Chapter 5 (commencing with Section 19200) of this part and Chapter 3.5 (commencing with Section 27000) of Division 21 of the Health and Safety Code.

18851. It is unlawful for any person engaged in the business of buying, selling, or transporting, in intrastate commerce, dead, dying, disabled, or diseased animals, or any parts of the carcasses of any animals that died otherwise than by slaughter to buy, sell, transport, offer for sale or transportation, or receive for transportation, in such commerce, any dead, dying, disabled, or diseased livestock or poultry, or any products of any such animal that died otherwise than by slaughter, unless such transaction or transportation, is made in accordance with such regulations as the director may prescribe to assure that such animal, or the part or product thereof, will be prevented from being used for human food purposes, and is in compliance with Chapter 5 (commencing with Section 19200) of this part and Chapter 3.5 (commencing

with Section 27000) of Division 21 of the Health and Safety Code.

18852. It is unlawful for any person to give, pay, or offer, directly or indirectly, to any officer or employee of this state authorized to perform any of the duties prescribed by this chapter or by the regulations of the director, any money or other thing of value, with intent to influence such officer or employee in the discharge of any such duty.

18853. It is unlawful for any officer or employee of this state authorized to perform any of the duties prescribed by this chapter to accept any money, gift, or other thing of value from any person, given with intent to influence his official action, or to receive or accept from any person engaged in intrastate commerce in meat food products or poultry products any gift, money, or other thing of value given with any purpose or intent whatsoever.

18854. It is unlawful for any person to forcibly assault, resist, oppose, impede, intimidate, or interfere with any person while engaged in or on account of the performance of his official duties under this chapter.

18855. It is unlawful for any person to neglect or refuse to attend and testify or to answer any lawful inquiry, or to produce documentary evidence, if such evidence is available to him, in obedience to the subpoena or lawful requirement of the director.

18856. It is unlawful for any person to willfully make, or cause to be made, any false entry or statement of fact in any report required to be made under this chapter or to willfully make, or cause to be made, any false entry in any account, record, or memorandum kept by any person subject to this chapter or to willfully neglect or fail to make, or to cause to be made, full, true, and correct entries in such accounts, records, or memoranda, of all facts and transactions appertaining to the business of such person. It is unlawful to willfully remove from the jurisdiction of this state, or willfully mutilate, alter, or by any other means falsify any documentary evidence of any person subject to this chapter or to willfully refuse to submit to the director or to any of his authorized agents, for the purpose of inspection and taking copies, any documentary evidence of any person subject to this chapter, which is in his possession or within his control.

18857. It is unlawful for any person required by this chapter to file any annual or special report to fail so to do within the time fixed by the director for filing the report.

Article 8. Products in Violation

18871. Since it cannot be determined with certainty, by any present known method of inspection, whether meat, including any poultry meat, is unwholesome unless the organs and other tissues of an animal are inspected when slaughtered, and as meat and meat food products, and poultry products which

are derived from uninspected livestock or poultry may be unfit for human food, the director, except as otherwise provided in this chapter, shall seize and destroy for human food purposes any meat, meat food product, or poultry product that does not bear the "inspected and passed" stamp, brand, mark, or label which is required by this chapter.

18872. Whenever any livestock product or poultry product or any product exempted from the definition of a livestock product and from the definition of a poultry product, or any dead, dying, disabled, or diseased livestock or poultry, is found by any authorized representative of the director upon any premises where it is held for purposes of, during, or after distribution in, intrastate commerce, or is otherwise subject to this chapter and there is reason to believe that any such article is adulterated or misbranded and is capable of use as human food, or that it has not been inspected, in violation of the provisions of this chapter or of the Federal Meat Inspection Act or the Federal Poultry Products Inspection Act or the Federal Food, Drug, and Cosmetic Act, or that such article or animal has been or is intended to be, distributed in violation of any such provisions, it may be detained by such representative for a period not to exceed 20 days, pending action under Section 18873 or notification of any federal authorities having jurisdiction over such article or animal, and shall not be moved by any person from the place at which it is located when so detained, until released by such representative. All official marks may be required by such representative to be removed from such article or animal before it is released unless it appears to the satisfaction of the director that the article or animal is eligible to retain such marks.

18873. Any livestock product or poultry product or any dead, dying, disabled, or diseased livestock or poultry that is being transported in intrastate commerce, or is otherwise subject to this chapter, or is held for sale in this state after such transportation shall be liable to be proceeded against, seized, and condemned, at any time, in any proper court within the jurisdiction of which such article or animal is found, in any of the following cases:

(a) The product is or has been prepared, sold, transported, or otherwise distributed or offered or received for distribution in violation of this chapter.

(b) The product is capable of use as human food and is adulterated or misbranded.

(c) In any other way is in violation of this chapter.

If such article or animal is condemned it shall, after entry of the decree, be disposed of by destruction or sale as the court may direct and if sold the proceeds, less the court costs and fees, and storage and other proper expenses, shall be paid into the State Treasury, but in no event shall the article or animal be sold contrary to the provisions of this chapter, or the Federal Meat Inspection Act or the Federal Poultry Products Inspection Act, or the Federal Food, Drug, and Cosmetic Act.

The court may direct that such article or animal be delivered to the owner upon the execution and delivery of a good and sufficient bond upon the condition that the article or animal shall not be sold or otherwise disposed of contrary to the provisions of this chapter, or the laws of the United States, and subject to such supervision by an authorized representative of the director as is deemed necessary to insure compliance with the applicable laws. When a decree of condemnation is entered against the article or animal and it is released under bond, or destroyed, court costs and fees, and storage and other proper expenses shall be awarded against the person, if any, intervening as claimant of such article or animal.

18874. The provisions of Section 18873 shall in no way derogate from authority for condemnation or seizure conferred by other provisions of this chapter, or other laws.

Article 9. Investigations

18901. The director may gather and compile information, and investigate the organization, business, conduct, practices, management, and the relation to other persons of any person subject to this chapter engaged in intrastate commerce.

18902. The director may require, by general or special orders, persons subject to this chapter engaged in intrastate commerce, to file with him, in such form as he may prescribe, annual or special, reports or answers in writing to specific questions, furnishing such information as he may require as to the organization, business, conduct, practices, management, and relation to other persons, of the person filing such reports or answers in writing. Such reports and answers shall be made under oath, or otherwise, as the director may prescribe, and shall be filed with the director within such time as he may prescribe.

18903. For the purpose of this chapter, the director shall at all reasonable times have access to examine and to copy any documentary evidence of any person being investigated or proceeded against, and may require by subpoena the attendance and testimony of witnesses and the production of all documentary evidence of any person relating to any matter under investigation. The director may sign subpoenas and may administer oaths and affirmations, examine witnesses, and receive evidence.

18904. Attendance of witnesses, and the production of documentary evidence, may be required at any designated place of hearing. In case of disobedience to a subpoena the director may invoke the aid of any superior court designated in requiring the attendance and testimony of witnesses and the production of documentary evidence.

18905. The superior court within the jurisdiction of which such inquiry is carried on may, in case of contumacy or refusal to obey a subpoena issued to any person, issue an order requiring such person to appear before the director or to pro-

duce documentary evidence if so ordered, or to give evidence concerning the matter in question. Failure to obey such order of the court may be punished by such court as a contempt thereof.

18906. The director may order testimony to be taken by deposition in any proceeding or investigation pending under this chapter at any stage of such proceeding or investigation. Such depositions may be taken before any person designated by the director and having power to administer oaths. Such testimony shall be reduced to writing by the person taking the deposition, or under his direction and shall then be subscribed by the deponent. Any person may be compelled to appear and depose, and to produce documentary evidence in the same manner as witnesses may be compelled to appear and testify and produce documentary evidence before the director as previously provided.

18907. Witnesses summoned before the director shall be paid the same fees and mileage that are paid witnesses in the superior court of this state, and witnesses whose depositions are taken and the persons taking the same shall be entitled to the same fees as are paid for such services in such courts.

18908. No person shall be excused from attending and testifying, or from producing books, papers, schedules of charges, contracts, agreements, or other documentary evidence before the director or in obedience to the subpoena of the director, whether such subpoena be signed or issued by him or his delegate, or in any cause or proceeding, criminal or otherwise, based upon or growing out of any alleged violation of this chapter, on the ground or for the reason that the testimony or evidence, documentary or otherwise, required of him or it may tend to incriminate him or it or subject him or it to a penalty or forfeiture. No individual shall be prosecuted or subjected to a penalty or forfeiture for, or on account of any transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that any individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

Article 10. Penalties

18931. Upon the issuance of an order of the director pursuant to Section 18725, 18728, 18729, or 18730, the operator of the establishment may seek administrative review before the director by filing his written request therefor within 10 days after issuance of the order. Proceedings for such administrative review, except as provided in this section, shall be in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. Any person who is found guilty of violating any of the provisions of this chapter or the regulations promulgated under this chapter is subject to imprisonment for not more than one year or a fine of not more than one thousand dollars ($1,000), or both such imprisonment and fine, but if the violation is committed after a conviction of such person under this section has become final, or the violation is committed with intent to defraud or mislead, the person shall be subject to imprisonment for not more than three years, or a fine of not more than ten thousand dollars ($10,000), or both such imprisonment and fine.

18933. Any person who, as principal or agent, employer or employee, adulterates any meat or meat food product or poultry product intended for sale as human food with the product of an animal which has died otherwise than by slaughter or the product of an animal which has not been slaughtered under inspection in accordance with this chapter, shall be guilty of a felony punishable by a fine of not less than ten thousand dollars ($10,000), or by imprisonment in the state prison for not less than one year, or both such imprisonment and fine.

18934. In addition to the remedies provided in this chapter, the department may bring an action in superior court and such court shall have jurisdiction upon hearing and for cause shown, to grant a temporary or permanent injunction restraining any person from violating any provision of this chapter or the rules and regulations promulgated under this chapter. Any proceeding under the provisions of this section shall conform to the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure. The department shall not, however, be required to allege facts necessary to show or tending to show lack of adequate remedy at law or to show or tending to show irreparable damage or loss. The court may require such acts or course of conduct as necessary to effectuate the purposes of this chapter.

18935. Nothing in this chapter shall be construed as requiring the director to report for prosecution or to institute injunction proceedings for any minor violation of this chapter whenever he believes that the public interest will be adequately served by a suitable written notice of warning, and compliance with such notice.

SEC. 3. Division 5 (commencing with Section 31000) is added to Title 4 of the Corporations Code, to read:

DIVISION 5. FRANCHISE INVESTMENT LAW

PART 1. DEFINITIONS

31000. This division may be known as the "Franchise Investment Law." References in this division to "this law" refer to the applicable provisions of this division.

31001. The Legislature hereby finds and declares that the widespread sale of franchises is a relatively new form of business which has created numerous problems both from an investment and a business point of view in the State of California. Prior to the enactment of this division, the sale of franchises was regulated only to the limited extent to which the Corporate Securities Law of 1968 applied to such transactions. California franchisees have suffered substantial losses where the franchisor or his representative has not provided full and complete information regarding the franchisor-franchisee relationship, the details of the contract between franchisor and franchisee, and the prior business experience of the franchisor.

It is the intent of this law to provide each prospective franchisee with the information necessary to make an intelligent decision regarding franchises being offered. Further, it is the intent of this law to prohibit the sale of franchises where such sale would lead to fraud or a likelihood that the franchisor's promises would not be fulfilled, and to protect the franchisor by providing a better understanding of the relationship between the franchisor and franchisee with regard to their business relationship.

31002. Unless the context otherwise requires, the definitions in this part apply throughout this division.

31003. "Advertisement" means any written or printed communication or any communication by means of recorded telephone messages or spoken on radio, television, or similar communications media, published in connection with an offer or sale of a franchise.

31004. "Commissioner" means the Commissioner of Corporations.

31005. "Franchise" means a contract or agreement, either expressed or implied, whether oral or written, between two or more persons by which:

(a) A franchisee is granted the right to engage in the business of offering, selling or distributing goods or services under a marketing plan or system prescribed in substantial part by a franchisor; and

(b) The operation of the franchisee's business pursuant to such plan or system is substantially associated with the franchisor's trademark, service mark, trade name, logotype, advertising or other commercial symbol designating the franchisor or its affiliate; and

(c) The franchisee is required to pay, directly or indirectly, a franchise fee.

31006. A "franchisee" is a person to whom a franchise is granted.

31007. A "franchisor" is a person who grants a franchise.

31008. "Area franchise" means any contract or agreement between a franchisor and a subfranchisor whereby the subfranchisor is granted the right, for consideration given in whole or in part for such right, to sell or negotiate the sale of franchises in the name or on behalf of the franchisor.

31009. A "subfranchisor" is a person to whom an area franchise is granted.

31010. Where used in this law, unless specifically stated otherwise, "franchise" includes "area franchise."

31011. "Franchise fee" means any fee or charge that a franchisee or subfranchisor is required to pay or agrees to pay for the right to enter into a business under a franchise agreement, including, but not limited to, any such payment for such goods and services.

However, the following shall not be considered the payment of a franchise fee:

(a) The purchase or agreement to purchase goods at a bona fide wholesale price.

(b) The payment of a reasonable service charge to the issuer of a credit card by an establishment accepting or honoring such credit card.

(c) Amounts paid to a trading stamp company licensed under Chapter 3 (commencing with Section 17750) of Part 3 of Division 7 of the Business and Professions Code by a person issuing trading stamps in connection with the retail sale of merchandise or service.

31012. "Fraud" and "deceit" are not limited to common law fraud or deceit.

31013. (a) An offer or sale of a franchise is made in this state when an offer to sell is made in this state, or an offer to buy is accepted in this state, or, if the franchisee is domiciled in this state, the franchised business is or will be operated in this state.

(b) An offer to sell is made in this state when the offer either originates from this state or is directed by the offeror to this state and received at the place to which it is directed. An offer to sell is accepted in this state when acceptance is communicated to the offeror in this state; and acceptance is communicated to the offeror in this state when the offeree directs it to the offeror in this state reasonably believing the offeror to be in this state and it is received at the place to which it is directed.

(c) An offer to sell is not made in this state merely because (1) the publisher circulates or there is circulated on his behalf in this state any bona fide newspaper or other publication of general, regular, and paid circulation which has had more than two-thirds of its circulation outside this state during the past 12 months, or (2) a radio or television program originating outside this state is received in this state.

31014. "Order" means a consent, authorization, approval, prohibition or requirement applicable to a specific case issued by the commissioner.

31015. "Person" means an individual, corporation, a partnership, a joint venture, an association, a joint stock company, a trust or an unincorporated organization.

31016. "Publish" means publicly to issue or circulate by newspaper, mail, radio or television, or otherwise to disseminate to the public.

31017. "Rule" means any published regulation or standard of general application issued by the commissioner.

31018. (a) "Sale" or "sell" includes every contract or agreement of sale of, contract to sell, or disposition of, a franchise or interest in a franchise for value.

(b) "Offer" or "offer to sell" includes every attempt to offer to dispose of, or solicitation of an offer to buy, a franchise or interest in a franchise for value. The terms defined in this section do not include the renewal or extension of an existing franchise where there is no interruption in the operation of the franchised business by the franchisee.

31019. "State" means any state, territory, or possession of the United States, the District of Columbia and Puerto Rico.

PART 2. REGULATION OF THE SALE OF FRANCHISES

CHAPTER 1. EXEMPTIONS

31100. There shall be exempted from the provisions of Section 31110 any other transaction which the commissioner by rule exempts as not being comprehended within the purposes of this law and the registration of which he finds is not necessary or appropriate in the public interest or for the protection of investors.

31101. There shall be exempted from the provisions of Chapter 2 (commencing with Section 31110) of this part the offer and sale of a franchise if the franchisor:

(a) Has a net worth on a consolidated basis, according to its most recent audited financial statement, of not less than five million dollars ($5,000,000); or the franchisor has a net worth, according to its most recent audited financial statement, of not less than one million dollars ($1,000,000) and is at least 80 percent owned by a corporation which has a net worth on a consolidated basis, according to its most recent audited financial statement, of not less than five million dollars ($5,000,000); and

(b) Has had at least 25 franchisees conducting business at all times during the five-year period immediately preceding the offer or sale; or has conducted business which is the subject of the franchise continuously for not less than five years preceding the offer or sale; or if any corporation which owns at least 80 percent of the franchisor has had at least 25 franchises conducting business at all times during the five-year period immediately preceding the offer or sale; or such corporation has conducted business which is the subject of the franchise continuously for not less than five years preceding the offer or sale; and

(c) Discloses in writing to each prospective franchisee, at least 48 hours prior to the execution by the prospective franchisee of any binding franchise or other agreement, or at least 48 hours prior to the receipt of any consideration, the following information:

(1) The name of the franchisor, the name under which the franchisor is doing or intends to do business, and the name of any parent or affiliated company that will engage in business transactions with franchisees.

(2) The franchisor's principal business address and the name and address of its agent in the State of California authorized to receive service of process.

(3) The business form of the franchisor, whether corporate, partnership, or otherwise.

(4) The business experience of the franchisor, including the length of time the franchisor (i) has conducted a business of the type to be operated by the franchisees, (ii) has granted franchises for such business, and (iii) has granted franchises in other lines of business.

(5) A copy of the typical franchise contract or agreement proposed for use or in use in this state.

(6) A statement of the franchise fee charged, the proposed application of the proceeds of such fee by the franchisor, and the formula by which the amount of the fee is determined if the fee is not the same in all cases.

(7) A statement describing any payments or fees other than franchise fees that the franchisee or subfranchisor is required to pay to the franchisor, including royalties and payments or fees which the franchisor collects in whole or in part on behalf of a third party or parties.

(8) A statement of the conditions under which the franchise agreement may be terminated or renewal refused, or repurchased at the option of the franchisor.

(9) A statement as to whether, by the terms of the franchise agreement or by other device or practice, the franchisee or subfranchisor is required to purchase from the franchisor or his designee services, supplies, products, fixtures or other goods relating to the establishment or operation of the franchise business, together with a description thereof.

(10) A statement as to whether, by the terms of the franchise agreement or other device or practice, the franchisee is

limited in the goods or services offered by him to his customers.

(11) A statement of the terms and conditions of any financing arrangements when offered directly or indirectly by the franchisor or his agent or affiliate.

(12) A statement of any past or present practice or of any intent of the franchisor to sell, assign, or discount to a third party any note, contract, or other obligation of the franchisee or subfranchisor in whole or in part.

(13) If any statement of estimated or projected franchisee earnings is used, a statement of such estimation or projection and the data upon which it is based.

(14) A statement as to whether franchisees or subfranchisors receive an exclusive area or territory.

31102. The offer or sale of a franchise by a franchisee for his own account or the offer or sale of the entire area franchise owned by a subfranchisor for his own account, is exempted from the provisions of Section 31110 if the sale is not effected by or through a franchisor. A sale is not effected by or through a franchisor merely because a franchisor has a right to approve or disapprove a different franchisee.

31103. This division shall not be applicable to any transaction relating to a bank credit card plan. "Bank credit card plan" means a credit card plan in which the issuers of credit cards, as defined in paragraph (1) of subdivision (a) of Section 1718 of the Civil Code are only: banks regulated by or under the supervision of the Federal Reserve Board, the Federal Deposit Insurance Corporation, the Comptroller of the Currency of the United States, or the Superintendent of Banks of this state; or, persons controlling such banks, provided that the assets of such a bank or banks represent a majority of the assets on a consolidated basis of any holding company system of which such card issuers may be a party; or, persons controlled by such banks.

31111. The application for registration of an offer shall be filed with the commissioner and shall contain the following:

The commissioner may by rule or order prescribe (1) the form and content of financial statements required under this law, (2) the circumstances under which consolidated financial statements shall be filed, and (3) the circumstances under which financial statements shall be audited by independent certified public accountants or public accountants.

(h) A copy of the typical franchise contract or agreement proposed for use or in use in this state.

(i) A statement of the franchise fee charged, the proposed application of the proceeds of such fee by the franchisor and the formula by which the amount of the fee is determined if the fee is not the same in all cases.

(j) A statement describing any payments or fees other than franchise fees that the franchisee or subfranchisor is required to pay to the franchisor, including royalties and payments or

fees which the franchisor collects in whole or in part on behalf of a third party or parties.

(k) A statement of the conditions under which the franchise agreement may be terminated or renewal refused, or repurchased at the option of the franchisor.

(*l*) A statement as to whether, by the terms of the franchise agreement or by other device or practice, the franchisee or subfranchisor is required to purchase from the franchisor or his designee services, supplies, products, fixtures or other goods relating to the establishment or operation of the franchise business, together with a description thereof.

(m) A statement as to whether, by the terms of the franchise agreement or other device or practice, the franchisee is limited in the goods or services offered by him to his customers.

(n) A statement of the terms and conditions of any financing arrangements when offered directly or indirectly by the franchisor or his agent or affiliate.

(o) A statement of any past or present practice or of any intent of the franchisor to sell, assign or discount to a third party any note, contract or other obligation of the franchisee or subfranchisor in whole or in part.

(p) A copy of any statement of estimated or projected franchisee earnings prepared for presentation to prospective franchisees or subfranchisors, or other persons, together with a statement setting forth the data upon which such estimation or projection is based.

(q) A statement of any compensation or other benefit given or promised to a public figure arising, in whole or in part, from (1) the use of the public figure in the name or symbol of the franchise or (2) the endorsement or recommendation of the franchise by the public figure in advertisements.

(r) A statement of the number of franchises presently operating and proposed to be sold, as may be required by rule of the commissioner.

(s) A statement as to whether franchisees or subfranchisors receive an exclusive area or territory.

(t) Other information related to the application as the commissioner may reasonably require.

(u) Other information as the franchisor may desire to present.

(v) When the person filing the application for registration is a subfranchisor, the application shall also include the same information concerning the subfranchisor as is required from the franchisor pursuant to this section.

31112. Applications for registration, registration renewal statements, and amendments thereto, shall be signed and verified by the franchisor or by the subfranchisor. Such verification shall be in the same manner provided in the Code of Civil Procedure for the verification of pleadings.

31113. If the commissioner finds that the applicant has failed to demonstrate that adequate financial arrangements have been made to fulfill obligations to provide real estate,

improvements, equipment, inventory, training, or other items included in the offering, the commissioner may by rule or order require the escrow or impound of franchise fees and other funds paid by the franchisee or subfranchisor until no later than the time of opening of the franchise business, or, at the option of the franchisor, the furnishing of a surety bond as provided by rule of the commissioner, if he finds that such requirement is necessary and appropriate to protect prospective franchisees or subfranchisors.

31114. The application for registration shall be accompanied by a proposed offering prospectus, which shall contain the material information set forth in the application for registration, as specified by rule of the commissioner, and such additional disclosures as the commissioner may require. The commissioner shall not require disclosure in the prospectus of information submitted under subdivision (e) of Section 31111. The prospectus shall recite in bold type of not less than 10-point type that registration does not constitute approval, recommendation or endorsement by the commissioner.

31115. The commissioner may summarily issue a stop order denying the effectiveness of or suspending or revoking effectiveness of any registration if he finds:

(a) That there has been a failure to comply with any of the provisions of this law or the rules of the commissioner pertaining thereto.

(b) That the offer or sale of the franchise would constitute misrepresentation to, or deceit or fraud of the purchasers.

(c) That the applicant has failed to comply with any rule or order of the commissioner issued pursuant to Section 31113.

(d) That any person identified in the application has been convicted of an offense under subdivision (e) of Section 31111, or is subject to an order, or has had a civil judgment entered against him as described in subdivision (e) of Section 31111, and the involvement of such person in the sale or management of the franchise creates an unreasonable risk to prospective franchisees.

31116. (a) Except as provided in subdivision (b), if no stop order under Section 31115 is in effect under this law, registration of the offer of franchises automatically becomes effective at 12 o'clock noon, California time, of the 15th business day after the filing of the application for registration or the last amendment thereto, or at such earlier time as the commissioner determines.

(b) With respect to any application for registration or the last amendment thereto filed between January 1, 1971, and March 15, 1971, if no stop order under Section 31115 is in effect under this law, registration becomes effective on April 15, 1971; with respect to any application filed after March 15, 1971 and before May 10, 1971, if no stop order under Section 31115 is in effect under this law, registration becomes effective on June 1, 1971, or the 15th business day after the filing,

whichever is the later, or at such earlier time as the commissioner determines.

31117. Upon the entry of a stop order under Section 31115 the commissioner shall promptly notify the applicant that it has been entered and of the reasons therefor and that upon receipt of written request the matter will be set down for hearing to commence within 15 days after such receipt unless the applicant consents to a later date. If no hearing is requested and none is ordered by the commissioner, the order will remain in effect until it is modified or vacated by the commissioner. If a hearing is requested or ordered, the commissioner, after notice and hearing in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, in connection with which the commissioner shall have all of the powers granted thereunder, may modify or vacate the order or extend it until its final determination.

31118. The commissioner may vacate or modify a stop order if he finds that the conditions which caused its entry have changed or that it is otherwise in the public interest to do so.

31119. It is unlawful to sell any franchise in this state which is subject to registration under this law without first providing to the prospective franchisee, at least 48 hours prior to the execution by the prospective franchisee of any binding franchise or other agreement, or at least 48 hours prior to the receipt of any consideration, whichever occurs first, a copy of the prospectus, together with a copy of all proposed agreements relating to the sale of the franchise.

31120. A franchise offering shall be deemed duly registered for a period of one year from the effective date of the registration, unless the commissioner by order or rule specifies a different period.

31121. The registration may be renewed for additional periods of one year each, unless the commissioner by rule or order specifies a different period, by submitting to the commissioner a registration renewal statement no later than 15 business days prior to the expiration of the registration unless such period is waived by order of the commissioner. If no stop order or other order under Section 31115 is in effect under this law, registration of the offer of the franchises automatically becomes renewed effective at 12 o'clock noon, California time, of the date on which the prior registration is due to expire, or at such earlier time as the commissioner determines.

31122. The registration renewal statement shall be in the form and content prescribed by the commissioner, and shall be accompanied by a proposed offering prospectus. Each such registration renewal statement shall be accompanied by the fee prescribed in Part 5 (commencing with Section 31500) of this division.

31123. A franchisor shall promptly notify the commissioner in writing, by an application to amend the registration, of any material change in the information contained in the application as originally submitted, amended or renewed. The commissioner may by rule further define what shall be considered a material change for such purposes, and the circumstances under which a revised offering prospectus must accompany such application.

31124. An amendment to an application filed after the effective date of the registration of the sale of franchises, if such amendment is approved by the commissioner, shall become effective on such date as the commissioner may determine, having due regard for the public interest and the protection of franchisees.

CHAPTER 3. GENERAL PROVISIONS

31150. Every franchisor or subfranchisor offering franchises for sale in this state shall at all times keep and maintain a complete set of books, records, and accounts of such sales.

31151. The commissioner may accept and act upon the opinions, appraisements and reports of any engineers, appraisers, or other experts which may be presented by an applicant or any interested party, on any question of fact concerning or affecting the franchises proposed to be offered and sold. In lieu of, or in addition to, such opinions, appraisements, and reports, the commissioner may have any or all matters concerning or affecting such franchises investigated, appraised, passed upon and certified to him by engineers, appraisers or other experts selected by him.

31152. Any document filed under this law or under the Corporate Securities Law of 1968 or a predecessor statute thereto may be incorporated by reference in a subsequent application filed under this law if it was filed within four years prior to the filing of such application, or is otherwise available in the files of the commissioner, to the extent that the document is currently accurate.

31153. In any proceeding under this law, the burden of proving an exemption or an exception from a definition is upon the person claiming it.

31154. (a) Neither (1) the fact that an application for registration under this law has been filed, nor (2) the fact that such registration has become effective constitutes a finding by the commissioner that any document filed under this law is true, complete or not misleading. Neither any such fact nor the fact that an exemption is available for a transaction means that the commissioner has passed in any way upon the merits or qualifications of, or recommended or given approval to, any person, franchise or transaction.

(b) It is unlawful to make or cause to be made to any prospective purchaser or offeree any representation inconsistent with subdivision (a) of this section.

31155. Every applicant for registration of an offer to sell franchises under this law, by other than a California corporation, shall file with the commissioner, in such form as he by rule prescribed, an irrevocable consent appointing the commissioner or his successor in office to be his attorney to receive service of any lawful process in any noncriminal suit, action or proceeding against him or his successor, executor or administrator, which arises under this law or any rule or order hereunder after the consent has been filed, with the same force and validity as if served personally on the person filing the consent. A person who has filed such a consent in connection with a previous registration under this law need not file another. Service may be made by leaving a copy of the process in the office of the commissioner but it is not effective unless (a) the plaintiff, who may be the commissioner in a suit, action or proceeding instituted by him, forthwith sends notice of the service and a copy of the process by registered or certified mail to the defendant or respondent at his last address on file with the commissioner, and (b) the plaintiff's affidavit of compliance with this section is filed in the case on or before the return day of the process, if any, or within such further time as the court allows.

31156. No person shall publish in this state any advertisement offering a franchise subject to the registration requirements of this law unless a true copy of the advertisement has been filed in the office of the commissioner at least three business days prior to the first publication or such shorter period as the commissioner by rule or order may allow, or unless such advertisement has been exempted by rule of the commissioner.

31157. No person shall publish any advertisement concerning any franchise in this state after the commissioner finds that the advertisement contains any statement that is false or misleading or omits to make any statement necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading and so notifies the person in writing. Such notification may be given summarily without notice of hearing. At any time after the issuance of a notification under this section, the person desiring to use the advertisement may in writing request that the order be rescinded. Upon the receipt of such a written request, the matter shall be set down for hearing to commence within 15 days after such receipt unless the person making the request consents to a later date. After such hearing, which shall be conducted in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, the commissioner shall determine whether to affirm and continue or to rescind such order, and the commissioner shall have all the powers granted under such act.

PART 3. FRAUDULENT AND PROHIBITED PRACTICES

CHAPTER 1. FRAUDULENT PRACTICES

31200. It is unlawful for any person willfully to make any untrue statement of a material fact in any application, notice or report filed with the commissioner under this law, or willfully to omit to state in any such application, notice, or report any material fact which is required to be stated therein, or fail to notify the commissioner of any material change as required by Section 31123.

31201. It is unlawful for any person to offer or sell a franchise in this state by means of any written or oral communication not enumerated in Section 31200 which includes an untrue statement of a material fact or omits to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading.

31202. It is unlawful for any person willfully to make any untrue statement of a material fact in any statement required to be disclosed in writing pursuant to Section 31101, or willfully to omit to state in any such statement any material fact which is required to be stated therein.

31203. It is unlawful for any person to violate any order of the commissioner or condition to the effectiveness of the registration of the offer or sale of franchises.

CHAPTER 2. PROHIBITED PRACTICES

31210. It is unlawful for any person to effect or attempt to effect a sale of a franchise in this state, except in transactions exempted under Chapter 1 (commencing with Section 31100) of Part 2 of this division, unless such person is: (1) identified in an application or amended application filed with the commissioner pursuant to Part 2 (commencing with Section 31100) of this division, (2) licensed by the California Department of Real Estate as a real estate broker or real estate salesman, or (3) licensed by the commissioner as a broker-dealer or agent pursuant to the Corporate Securities Law of 1968.

31211. If in the opinion of the commissioner any person is acting in violation of Section 31210, the commissioner may order such person to desist and refrain from further activity. If, after such an order has been made, a request for a hearing is filed in writing by the person to whom such order was directed, a hearing shall be held in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all of the powers granted thereunder; unless such hearing is commenced within 15 days after the request is made (or the person affected consents to a later date), such order shall be deemed rescinded.

PART 4. ENFORCEMENT

CHAPTER 1. CIVIL LIABILITY

31300. Any person who offers or sells, a franchise in violation of Section 31101, 31110, 31200, or 31202, shall be liable to the franchisee or subfranchisor, who may sue for damages caused thereby, and if such violation is willful, the franchisee may also sue for rescission, unless, in the case of a violation of Section 31200 or 31202, the defendant proves that the plaintiff knew the facts concerning the untruth or omission, or that the defendant exercised reasonable care and did not know, or, if he had exercised reasonable care, would not have known, of the untruth or omission.

31301. Any person who violates Section 31201 shall be liable to any person (not knowing or having cause to believe that such statement was false or misleading) who, while relying upon such statement shall have purchased a franchise, for damages, unless the defendant proves that the plaintiff knew the facts concerning the untruth or omission or that the defendant exercised reasonable care and did not know, (or if he had exercised reasonable care would not have known) of the untruth or omission.

31302. Every person who directly or indirectly controls a person liable under Section 31300 or 31301, every partner in a firm so liable, every principal executive officer or director of a corporation so liable, every person occupying a similar status or performing similar functions, every employee of a person so liable who materially aids in the act or transaction constituting the violation, are also liable jointly and severally with and to the same extent as such person, unless the other person who is so liable had no knowledge of or reasonable grounds to believe in the existence of the facts by reason of which the liability is alleged to exist.

31303. No action shall be maintained to enforce any liability created under Section 31300 unless brought before the expiration of four years after the act or transaction constituting the violation, the expiration of one year after the discovery by the plaintiff of the fact constituting the violation, or 90 days after delivery to the franchisee of a written notice disclosing any violation of Section 31110 or 31200, which notice shall be approved as to form by the commissioner, whichever shall first expire.

31304. No action shall be maintained to enforce any liability created under Section 31301 unless brought before the expiration of two years after the violation upon which it is based, expiration of one year after the discovery by the plaintiff of the facts constituting such violation, or 90 days after delivery to the franchisee of a written notice disclosing any violation of Section 31201 or 31202 which notice shall be approved as to form by the commissioner, whichever shall first expire.

31305. Every cause of action under this chapter survives the death of any person who might have been a plaintiff or defendant.

31306. Except as explicitly provided in this chapter, no civil liability in favor of any private party shall arise against any person by implication from or as a result of the violation of any provision of this law or any rule or order hereunder. Nothing in this chapter shall limit any liability which may exist by virtue of any other statute or under common law if this law were not in effect.

CHAPTER 2. POWERS OF THE COMMISSIONER

31400. Whenever it appears to the commissioner that any person has engaged or is about to engage in any act or practice constituting a violation of any provision of this law or any rule or order hereunder, he may in his discretion bring an action in the name of the people of the State of California in the superior court to enjoin the acts or practices or to enforce compliance with this law or any rule or order hereunder. Upon a proper showing a permanent or preliminary injunction, restraining order or writ of mandate shall be granted and a receiver or conservator may be appointed for the defendant or the defendant's assets. The court shall not require the commissioner to post a bond.

31401. (a) The commissioner may in his discretion (1) make such public or private investigations within or outside of this state as he deems necessary to determine whether any person has violated or is about to violate any provision of this law or any rule or order hereunder or to aid in the enforcement of this law or in the prescribing of rules and forms hereunder, and (2) publish information concerning the violation of this law or any rule or order hereunder.

(b) For the purpose of any investigation or proceeding under this law, the commissioner or any officer designated by him may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records which the commissioner deems relevant or material to the inquiry.

(c) In case of contumacy by, or refusal to obey a subpoena issued to, any person, the superior court, upon application by the commissioner, may issue to the person an order requiring him to appear before the commissioner, or the officer designated by him, there to produce documentary evidence, if so ordered, or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt.

(d) No person is excused from attending and testifying or from producing any document or record before the commissioner, or in obedience to the subpoena of the commissioner or any officer designated by him, or in any proceeding instituted

by the commissioner, on the ground that the testimony or evidence (documentary or otherwise) required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual may be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after validly claiming his privilege against self-incrimination, to testify or produce evidence (documentary or otherwise), except that the individual testifying is not exempt from prosecution and punishment for perjury or contempt committed in testifying.

31402. If in the opinion of the commissioner the offer of any franchise is subject to registration under this law and it is being, or it has been, offered for sale without such offer first being registered, the commissioner may order the franchisor or offeror of such franchise to desist and refrain from the further offer or sale of such franchise unless and until such offer has been duly registered under this law. If, after such an order has been made, a request for a hearing is filed in writing by the person to whom such order was directed, a hearing shall be held in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all of the powers granted thereunder; unless such hearing is commenced within 15 days after the request is made (or the person affected consents to a later date), such order shall be deemed rescinded.

31403. If, in the opinion of the commissioner, the offer of any franchise exempt from registration under this law is being or has been offered for sale without complying with the provisions of Section 31101 or 31201, the commissioner may order the franchisor or offeror of such franchise to desist and refrain from the further offer or sale of such franchise unless and until such offer is made in compliance with this law. If, after such an order has been made, a request for a hearing is filed in writing by the person to whom such order was directed, a hearing shall be held in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all of the powers granted thereunder. Unless such hearing is commenced within 15 days after the request is made, or the person affected consents to a later date, such order shall be deemed rescinded.

31404. The commissioner may refer such evidence as is available concerning any violation of this law or of any rule or order hereunder to the district attorney of the county in which the violation occurred, who may, with or without such a reference, institute appropriate criminal proceedings under this law.

Chapter 3. Crimes

31410. Any person who willfully violates any provision of this law, or who willfully violates any rule or order under this law, shall upon conviction be fined not more than ten thousand

dollars ($10,000) or imprisoned in the state prison for not more than 10 years or in a county jail for not more than one year, or be punished by both such fine and imprisonment; but no person may be imprisoned for the violation of any rule or order if he proves that he had no knowledge of the rule or order.

31411. Any person who willfully employs, directly or indirectly, any device, scheme, or artifice to defraud in connection with the offer or sale of any franchise or willfully engages, directly or indirectly, in any act, practice, or course of business which operates or would operate as a fraud or deceit upon any person in connection with the offer, purchase, or sale of any franchise shall upon conviction be fined not more than ten thousand dollars ($10,000) or imprisoned in the state prison for not more than 10 years or in a county jail for not more than one year, or be punished by both such fine and imprisonment.

31412. Nothing in this law limits the power of the state to punish any person for any conduct which constitutes a crime under any other statute.

CHAPTER 4. SERVICE OF PROCESS

31420. When any person, including any nonresident of this state, engages in conduct prohibited or made actionable by this law or any rule or order hereunder, whether or not he has filed a consent to service of process under Section 31155, and personal jurisdiction over him cannot otherwise be obtained in this state, that conduct shall be considered equivalent to his appointment of the commissioner or his successor in office to be his attorney to receive service of any lawful process in any noncriminal suit, action, or proceeding against him or his successor, executor, or administrator which grows out of that conduct and which is brought under this law or any rule or order hereunder, with the same force and validity as if served on him personally. Service may be made by leaving a copy of the process in the office of the commissioner, but it is not effective unless (a) the plaintiff, who may be the commissioner in a suit, action, or proceeding instituted by him, forthwith sends notice of the service and a copy of the process by registered or certified mail to the defendant or respondent at his last known address or takes other steps which are reasonably calculated to give actual notice, and (b) the plaintiff's affidavit of compliance with this section is filed in the case on or before the return day of the process, if any, or within such further time as the court allows.

PART 5. ADMINISTRATION

31500. (a) The commissioner shall charge and collect the fees fixed by this section. All fees and charges collected under this section shall be transmitted to the State Treasurer at least weekly, accompanied by a detailed statement thereof and shall be credited to the General Fund.

(b) The fee for filing an application for registration of the sale of franchises under Section 31111 is two hundred dollars ($200).

(c) The fee for filing an application for renewal of a registration under Section 31121 is fifty dollars ($50).

(d) The fee for filing an amendment to the application filed under Sections 31111 or 31121 is fifty dollars ($50).

31501. Every final order, decision, license, or other official act of the commissioner is subject to judicial review in accordance with law.

31502. The commissioner may from time to time make, amend and rescind such rules, forms, and orders as are necessary to carry out the provisions of this law, including rules and forms governing applications and reports, and defining any terms, whether or not used in this law, insofar as the definitions are not inconsistent with the provisions of this law.

31503. All rules of the commissioner, other than those relating solely to the internal administration of the Department of Corporations, shall be made, amended or rescinded in accordance with the provisions of Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

31504. (a) All applications, reports and other papers and documents filed with the commissioner under this law shall be open to public inspection, except that the commissioner may, in his discretion, withhold from public inspection any information the disclosure of which is, in the judgment of the commissioner, not necessary in the public interest or for the protection of investors. The commissioner may publish any information filed with him or obtained by him, if, in the judgment of the commissioner, such action is in the public interest. No provision of this law authorizes the commissioner or any of his assistants, clerks, or deputies to disclose any information withheld from public inspection except among themselves or when necessary or appropriate in a proceeding or investigation under this law or to other federal or state regulatory agencies. No provision of this law either creates or derogates from any privilege which exists at common law or otherwise when documentary or other evidence is sought under a subpoena directed to the commissioner or any of his assistants, clerks, or deputies.

(b) It is unlawful for the commissioner or any of his assistants, clerks, or deputies to use for personal benefit any information which is filed with or obtained by the commissioner and which is not then generally available to the public.

31505. Upon request and at such reasonable charges as he prescribes by rule, the commissioner shall furnish to any person photostatic or other copies (certified under his seal of office if requested) of any document which is retained as a matter of public record, except that he shall not charge or collect any fee for photostatic or other copies of any document furnished to public officers for use in their official capacity. In any

judicial proceeding or prosecution, any copy so certified is prima facie evidence of the contents of the document certified.

31506. (a) The commissioner may destroy any applications or orders, together with the files and folders, as useless or obsolete, four years after the date of filing or issuance, with the approval of the Department of General Services; provided that a permanent record shall be maintained of any disciplinary action taken by the commissioner.

(b) Copies on microfilm or in other form which may be retained by the commissioner in his discretion of any records destroyed under this section shall be accepted for all purposes as equivalent to the original when certified by the commissioner.

PART 6. GENERAL PROVISIONS.

31510. The commissioner in his discretion may honor requests from interested persons for interpretive opinions.

31511. No provision of this law imposing any liability applies to any act done or omitted in good faith in conformity with any rule, form, order, or any written interpretive opinion of the commissioner, or any opinion of the Attorney General, notwithstanding that the rule, form, order, or written interpretive opinion may later be amended or rescinded or be determined by judicial or other authority to be invalid for any reason.

31512. Any condition, stipulation or provision purporting to bind any person acquiring any franchise to waive compliance with any provision of this law or any rule or order hereunder is void.

31513. Whenever a person is entitled under this law to a hearing in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, a formal hearing before the Department of Corporations may be substituted with the consent of such person and of the commissioner for such hearing before an independent hearing officer; and in that case after such hearing before the Department of Corporations such person shall not be entitled to any further administrative remedy.

31514. If any provision of this law or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this law which can be given effect without the invalid provision or application, and to this end the provisions of this law are declared to be severable.

31515. Prior law exclusively governs all suits, actions, prosecutions or proceedings which are pending or may be initiated on the basis of facts or circumstances occurring before the effective date of this law.

31516. Nothing in this law is intended to preclude the applicability of the Real Estate Law, Part 1 (commencing with

Section 10000), Division 4 of the Business and Professions Code, to any sale or lease of real property.

SEC. 4. The Commissioner of Corporations may adopt, in accordance with the provisions of Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code, such rules and regulations as may be necessary to carry out the purposes of the Franchise Investment Law, as enacted by Section 3 of this act, to become operative on January 1, 1971.

SEC. 5. Sections 1 to 3, inclusive, of this act shall become operative on January 1, 1971.

CHAPTER 1401

SEC. 2. The amendment of Section 13948 of the Education Code enacted at the 1970 Regular Session of the Legislature does not constitute a change in, but is declaratory of, the existing law.

CHAPTER 1402

An act to amend Sections 18901, 18902, 18904, and 18909 of the Health and Safety Code, relating to housing.

[Approved by Governor September 18, 1970. Filed with Secretary of State September 18, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 18901 of the Health and Safety Code is amended to read:

18901. There is in the Department of General Services a State Building Standards Commission consisting of the Direc-

tor of General Services and 11 members appointed by the Governor subject to confirmation by the Senate.

The Governor shall appoint (a) four members from among the professions and industries concerned with building construction, of whom one shall be an architect, one a structural engineer, one a mechanical engineer who is also registered as an electrical engineer and one a contractor; (b) three members from among the general public; (c) one member from organized labor in the building trades; and (d) three members from among local government officials.

The members of the commission shall serve without compensation. Members of the commission who are not state officers shall be paid their actual necessary travel expenses.

The term of office of such appointed members shall be four years and they shall hold office until the appointment and qualification of their successors. The terms of two members of the commission in office on the effective date of the amendments to this section enacted at the 1965 Regular Session of the Legislature shall expire on January 1, 1966, the term of three on January 1, 1967, the term of two on January 1, 1968, and the term of three on January 1, 1969. The first term of the member added to the commission by the amendments to this section enacted at the 1970 Regular Session of the Legislature shall expire on January 1, 1974.

The Director of General Services shall serve as the chairman of the commission. The Director of General Services may, as provided in Section 7.5 of the Government Code, designate a Deputy Director of the Department of General Services to act in his place as chairman. The commission shall elect a vice chairman annually from among its members.

The Governor may appoint advisory members from the state agencies which administer and enforce building regulations.

The Director of General Services shall provide the necessary staff services to the commission and may appoint, in accordance with civil service and other provisions of law, such officers and employees as may be necessary to carry out the intent and purposes of this part.

SEC. 2. Section 18902 of the Health and Safety Code is amended to read:

18902. The commission shall in cooperation with all state agencies concerned, rewrite where necessary, promulgate and publish in accordance with the Administrative Procedure Act a single State Building Standards Code of all administrative building regulations of state agencies relating to building standards which are enforced or supervised by state agencies, which code may include administrative regulations. The State

Building Standards Commission shall adopt, by means of reference, applicable national specifications, published standards, and model codes, where appropriate, using exceptions where necessary. Such code shall indicate the agency having responsibility vested by law for the administration of each building regulation. The code shall include an index and reference guide. The provisions of such code shall when adopted and published as provided in this part, supersede all then existing administrative regulations relating to building standards issued by individual state agencies. Thereafter, such state agencies shall use the nomenclature and arrangement adopted by the commission as provided in this part.

The commission may approve and publish amendments to the code not oftener than once a year, except that by three-fourths vote of all its members the commission may find that an emergency exists and may then adopt and publish amendments as needed.

Such code may contain references to state laws relating to building standards, to model codes, published standards, or national specifications.

Such code shall be known as the State Building Standards Code.

The Department of General Services shall publish the State Building Standards Code and all amendments and publications relating thereto, excepting therefrom the text of those national specifications, published standards, and model codes which have been adopted by means of reference, in suitable looseleaf form and shall make it available to the public at a reasonable price. It shall be the duty of each state department concerned and of each city or county to have an up-to-date copy of the code available for public inspection.

The commission may purchase, stockpile, and sell to the public at a reasonable price any referenced materials, and may publish and sell to the public at a reasonable price any referenced material that it deems is not adequately available.

SEC. 2. Section 18904 of the Health and Safety Code is amended to read:

18904. It is the purpose of this part to provide the means for eliminating duplication, conflict and overlapping in state building regulations and not to substitute the commission for the responsibilities now vested by law in various state agencies. To that end each state agency concerned shall continue to prepare such building regulations as it is authorized and finds necessary, but such regulations shall not be effective until approved by the commission. The commission shall review such regulations, and if it finds duplication, conflict, or overlapping, or if it finds that the nomenclature or arrangement does not conform to that adopted by the commission or that a proposed regulation is not written in conformance with standards required under Section 18911, it shall require any agency to submit revisions of such regulations within not less than 120

days nor more than 180 days after date of the receipt of the request. If such agency does not do so within 180 days, the commission shall convene a committee composed of a representative from the agencies affected and a member of each of the advisory panels affected. This committee shall prepare a recommendation for commission action. Upon such recommendation, or, if the committee does not prepare such a recommendation and deliver it to the commission within 45 days after being convened, the commission may rewrite, edit, or amend such existing and proposed regulations consistent with the intent of this part, and as provided by the Administrative Procedure Act. It shall not, however, be required that hearings or other administrative procedures be duplicated on unchanged portions of administrative regulations previously adopted, and approved by the commission.

SEC. 3. Section 18909 of the Health and Safety Code is amended to read:

18909. The commission shall notify affected design professions, chambers of commerce and construction industry organizations, and governmental agencies who have made written request to be informed, as to the proposals it has under consideration at least 30 days prior to notice of public hearings.

4302. An adequate transportation system is essential to the welfare of the state, and an important part of that system is service rendered by highway carriers.

4303. On and after January 1, 1971, no city or city and county shall assess, levy, or collect an excise or license tax of any kind, character, or description whatever upon the intercity transportation business of any express corporation, freight forwarder, motor transportation broker, or person or corporation, owning or operating motor vehicles in the transportation of property for hire upon the public highways, under the jurisdiction of the commission For purposes of this chapter, intercity transportation business includes every service performed in connection with transportation of property by such transportation companies where both the origin point and the

destination point of such transported property are not within the exterior boundaries of a single city or city and county.

4304. On and after October 1, 1970, there is imposed upon every express corporation, freight forwarder, motor transportation broker, and every person or corporation, owning or operating motor vehicles in the transportation of property for hire upon the public highways, under the jurisdiction of the commission, a license fee equal to one-tenth of 1 percent of gross operating revenue, which shall be payable to the commission in the manner and at the times provided for the payment of the fee provided in Section 5003.1. For purposes of this section, "gross operating revenue" shall be the gross operating revenue defined in Section 5002.

The license fee imposed by this section is in lieu of all city or city and county excise or license taxes of any kind, character, or description whatever, upon the intercity transportation business of any express corporation, freight forwarder, motor transportation broker, or person or corporation, owning or operating motor vehicles in the transportation of property for hire upon the public highways, under the jurisdiction of the commission.

This section does not prohibit the imposition by any city, or city and county, of any excise or license tax authorized under Division 2 (commencing with Section 6001) of the Revenue and Taxation Code.

4305. Any person or corporation, subject to the license fee imposed by Section 4304, required to pay any excise or license tax of any kind, character, or description whatever imposed by any city, or city and county, other than an excise or license tax authorized under Division 2 (commencing with Section 6001) of the Revenue and Taxation Code, for the privilege of doing business therein, on or after January 1, 1971, may credit the amount of such tax against the fee imposed by Section 4304.

(a) All funds collected by the commission pursuant to this chapter, less all refunds and administrative costs incurred by the commission, shall be deposited in the State Treasury to the credit of a special account in the General Fund to be known as the "Highway Carriers' Uniform Business License Tax Account." All such money in the special account is hereby appropriated to the Controller, and the commission shall report to the Controller those cities and cities and counties imposing business license taxes for which credits have been taken as provided by Section 4305 and the amounts of such credits taken, reported for each city or city and county. The Controller, after deducting the direct cost of administering the special account, shall disburse the balance of the account as provided in this section.

(b) On or before the 15th day of February, May, August, and November of each year, the balance of the funds appropriated by this section shall be disbursed to the cities, and cities and counties, of this state in the proportion that the population

of each city and each city and county bears to the total population of all cities and cities and counties in this state. In determining the amount of such disbursements the Controller shall increase the special account by the amount of the credits taken pursuant to Section 4305, and determine the proportion of the special account as so increased to be disbursed to each city or each city and county, treating the amounts of such credits as distributions to those cities or cities and counties reported to the Controller pursuant to subdivision (a) of this section.

(c) For purposes of this subdivision, the population of each city and each city and county shall be the population determined by the Controller pursuant to Section 11005 of the Revenue and Taxation Code.

(d) Funds disbursed by the Controller pursuant to this section may be used for city or city and county purposes, as the case may be, or may, but need not necessarily, be used for state purposes.

4307 This chapter shall remain in effect until three years after its effective date, and shall have no force or effect after that date.

The people of the State of California do enact as follows:

SECTION 1. Section 13080 of the Education Code is amended to read:

13080. It is the purpose of this article to promote the improvement of personnel management and employer-employee relations within the public school systems in the State of California by providing a uniform basis for recognizing the right of public school employees to join organizations of their own choice and be represented by such organizations in their professional and employment relationships with public school employers and to afford certificated employees a voice in the formulation of educational policy. Nothing contained herein shall be deemed to supersede other provisions of this code and the rules and regulations of public school employers which establish and regulate tenure or a merit or civil service system or which provide for other methods of administering employer-employee relations. This article is intended, instead, to strengthen tenure, merit, civil service and other methods of administering employer-employee relations through the establishment of uniform and orderly methods of communication between employees and the public school employers by which they are employed.

It is the further intention of the Legislature that nothing contained in this article shall be construed to restrict, limit, or prohibit the full exercise of the functions of any academic senate or faculty council established by a school district in a community college to represent the faculty in making recommendations to the administration and governing board of such school district with respect to district policies on academic and professional matters.

SEC. 3. Section 13081 of the Education Code is amended to read:

(d) "Meet and confer" means that a public school employer, or such representatives as it may designate, and representatives of employee organizations shall have the mutual obligation to exchange freely information, opinions, and proposals; and to make and consider recommendations under orderly procedures in a conscientious effort to reach agreement by written resolution, regulation, or policy of the governing board effectuating such recommendations.

(e) "Persistent disagreement" means a disagreement between the parties to meeting and conferring required by this article that has not been resolved to the mutual satisfaction of the parties through such meeting and conferring within a reasonable period of time after the initial presentation of proposals, which shall be not less than 30 days, except by mutual consent.

SEC. 4. Section 13085 of the Education Code is amended to read:

13085. A public school employer, or such representatives as it may designate who may, but need not be, subject to either certification requirements or requirements for classified employees as set forth in this code, shall meet and confer with representatives of certificated and classified employee organizations upon request with regard to all matters relating to employment conditions and employer-employee relations, and in addition, shall meet and confer with representatives of employee organizations representing certificated employees upon request with regard to procedures relating to the definition of educational objectives, the determination of the content of courses and curricula, the selection of textbooks, and other aspects of the instructional program to the extent such matters are within the discretion of the public school employer or governing board under the law. Each employee organization shall adopt procedures for selecting its proportionate share of members of the certificated employee council, provided that such members shall be selected no later than October 31 of each school year. Within 10 days after October 31, the members of the certificated employee council shall meet and select a chairman, and thereafter such certificated employee council shall be legally constituted to meet and confer as provided for by the provisions of this article. In the event the parties cannot agree on a procedure for the resolution of persistent disagreements, the parties, at the request of one of them, shall refer any persistent disagreement to a committee of three persons, one selected by the school employer, one selected by the employee organization or the certificated employee council, as the case may be, and in turn those persons shall select the third member. The committee shall report its findings to the parties at a public meeting of the parties. The committee may report recommendations to the parties at a public meeting upon the prior written agreement of both parties. Such findings and recommendations shall not be binding on the parties.

SEC. 8. Section 21683 of the Public Utilities Code is amended to read:

21683. Any balance remaining in the fund after the payments made under Section 21682 shall be used at the discretion of the board for airport and aviation purposes, subject to the provisions of Section 21684.

Any public entity may apply to the department prior to January 31 in each year for the allocation of funds for the acquisition or development of airports. The board may, pursuant to rules and regulations promulgated by the department, make an allocation to such public entity if it determines that the proposed acquisition or development is feasible and in accordance with the policies and standards established by the department. The department shall make recommendations to the board on all applications. Such allocations will be represented as subventions in the department budget in accordance with Section 21206.

Payments made to public entities from the Aeronautics Fund, and matching funds, must be expended for airport and aviation purposes upon the airport for which funds are requested; provided, however, that the department may grant a waiver in extenuating circumstances. No moneys paid under this section shall be expended for operation and maintenance. No payment shall be made under this section to any public entity for any airport on which general or commercial aviation activities are substantially restricted if the airport is licensed to conduct such activities by the department. The department shall determine whether or not general or commercial aviation activities are restricted.

SEC. 9. Section 21687 of the Public Utilities Code is amended to read:

21687. Whenever any airport, for which payments have been made from the Aeronautics Fund or any predecessor fund, ceases to be used as an airport open to the general public for a period in excess of one year, the public entity to which such payments were made shall pay to the state, which payments shall be deposited in the Aeronautics Fund, an amount computed by the State Controller. The amount shall equal the total of all payments made for such airport from the Aeronautics Fund during the preceding 20 years less 5 percent of the amount of a particular payment multiplied by the number of years since the payment was made, or the unused balance, whichever is greater. The provisions of this section shall not be applicable to an airport that is replaced by a comparable facility, as determined by the department, within a period of one year.

SEC. 10. Section 21688 of the Public Utilities Code is amended to read:

21688. (a) Effective July 1, 1967, no payments shall be made from the Aeronautics Fund for expenditure on any airport or for the acquisition or development of any airport if the department determines that the air space control and height restrictions in any airport hazard area of the airport are inadequate to provide reasonable assurance that the landing and taking off of aircraft at the airport will be conducted without obstruction or will be otherwise free from hazards.

The airspace control provisions shall not be considered adequate unless as a minimum they comply with the requirements of Part 77 of the Federal Aviation Regulations of the Federal Aviation Administration, Department of Transportation, or any corresponding rules or regulations of the Federal Aviation Administration are met.

(b) This section shall not prevent or prohibit the department from assisting any city, county or airport district in planning airport development or in planning the zoning needs around an airport.

SEC. 11. Section 21688 of the Public Utilities Code is amended to read:

21688. (a) Effective July 1, 1967, no payments shall be made from the Aeronautics Fund for expenditure on any airport or for the acquisition or development of any airport if the department determines that the height restrictions around the airport are inadequate to provide reasonable assurance that the landing and taking off of aircraft at the airport will be conducted without obstruction or will be otherwise free from hazards.

Height restrictions shall be considered adequate if as a minimum they meet the obstruction standards of subchapter C of Part 77 of the Federal Aviation Regulations of the Federal Aviation Administration, Department of Transportation as these standards apply to civil airport imaginary surfaces related to runways.

The airport-owning entity must have sufficient control over obstructions in the airspace in the vicinity of the airport to assure that height restrictions can be maintained. This control may be in the form of ownership of any land from which obstructions may rise, air navigation easements to guarantee maintenance of restrictions, or height limitation or land use zoning which will prohibit obstructions which would violate the obstruction standards.

(b) This section shall not prevent or prohibit the department from assisting any public agency or public entity in planning airport development or in planning the zoning needs around an airport.

SEC. 12. Section 8352 of the Revenue and Taxation Code is amended to read:

Payments pursuant to this subdivision shall be made prior to payments pursuant to subdivision (d). The Department of Public Works, after consultation with the Department of Navigation and Ocean Development, shall prepare or cause to be prepared a report setting forth the current estimate of the amount of money in the Motor Vehicle Fuel Fund attributable to taxes imposed on distributions of motor vehicle fuel used or usable in pro-

SEC. 14. It is the intent of the Legislature, if amendments to Section 21688 of the Public Utilities Code proposed by both this bill and Senate Bill No. 1098 are enacted, that both amendments be given effect and incorporated in Section 21688 in the form set forth in Section 11 of this act. Therefore, in the event Senate Bill No. 1098 is enacted and amends Section 21688, Section 11 of this act shall become operative at the same time that Section 21688 as amended by Senate Bill No. 1098 becomes operative, and at that time, Section 21688 of the Public Utilities Code as amended by Section 10 of this act is repealed.

Such issuing authority may include any reasonable restrictions or conditions which he finds necessary for the prevention of fire and explosion, the preservation of life, safety, or the control and security of explosives within his jurisdiction. If, for any reason, such issuing authority refuses to endorse the permit previously issued in the area of intended use or storage, he shall immediately notify both the issuing authority who issued the permit and the State Bureau of Criminal Identification and Investigation in Sacramento of the fact of such refusal and the reasons for such refusal.

Every person who sells, gives away, delivers, or otherwise disposes of explosives to another person shall first satisfy himself that the person receiving the explosives has a permit

valid for that purpose. When the permit to receive explosives indicates that the intended storage or use of the explosives is other than in that area in which the permittee receives the explosives, the person who sells, gives away, delivers, or otherwise disposes of the explosives shall insure that the permit has been properly endorsed by a local issuing authority and, further, shall immediately send a copy of the record of sale to the issuing authority who originally issued the permit in the area of intended storage or use. The issuing authority in the area in which the explosives are received or sold shall not have the authority to issue a permit for the possession, use, or storage of explosives in an area not within his jurisdiction.

(d) In the event any person desires to receive explosives for use in an area outside of this state, a permit to receive such explosives shall be obtained from the State Fire Marshal.

(f) A permit shall remain valid only until such time as the act or acts authorized by the permit are performed, but in no event shall the permit remain valid for a period longer than one year from the date of issuance of the permit. Any permit issued prior to the effective date of the amendments to this section enacted at the 1970 Regular Session of the Legislature shall be valid until the expiration date shown on the face of the permit, but in no event shall it remain valid for a period longer than one year from the date of issuance of such permit.

(g) Any valid permit which authorizes the performance of any act shall not constitute authorization for the performance of any act not stipulated in the permit.

12105. If the issuing authority finds, after reviewing the application for a permit, that the applicant possesses sufficient and adequate facilities to conduct the acts specified in the application, and that the issuance of such permit would not appear to be contrary to the public welfare and safety, he shall issue a permit authorizing the applicant to engage in such specific acts. Before issuing a permit for the storage of explosives, the issuing authority shall first inspect and approve the storage facility. No application for such a permit shall be approved by the issuing authority unless the storage facility is in strict compliance with the regulations adopted by the State Fire Marshal pursuant to Section 12081. In addition, the issuing authority may, at his discretion, require the submission of any personal information relevant to the acts for which application is made.

A permit shall not be issued until after the payment of a fee of ten dollars ($10), unless the quantity of explosives is 100 pounds or less, in which case the fee shall be two dollars ($2). The permit fee shall be equally divided and deposited into the treasury of the city, county, or city and county having jurisdiction over the issuing authority and into the State Treasury.

Except in a case in which the issuing authority determines that the explosives are necessary because of an emergency involving a danger to persons or property, no permit shall be issued until one week has elapsed after application is made. If no affirmative action is taken on the application within 14 days after application is made, the issuing authority shall explain the cause for such delay to the applicant.

SEC. 13. Section 12105.2 is added to the Health and Safety Code, to read:

12105.2. A copy of each permit issued shall be forwarded to the State Bureau of Criminal Identification and Investigation in Sacramento.

SEC. 14. Section 12106 of the Health and Safety Code is amended to read:

12106. When required by and in amounts set forth in local ordinance, the applicant for a permit for explosives shall submit evidence that the applicant has a minimum and specified amount of funds available for the purpose of the payment of all damages to persons or property which arise from, or are caused by, the conduct of any act authorized by the permit and from which any legal judgment results.

Such evidence, when required, shall be a bond issued by an authorized surety company or a public liability insurance policy or cash or other evidence of financial security acceptable to the State Fire Marshal. The minimum amount of any such bond or insurance policy shall be determined by the appropriate issuing authority.

The provisions of this section do not apply to any public entity, as defined in Section 811.2 of the Government Code.

SEC. 15. Section 12107 of the Health and Safety Code is amended to read:

The chief or issuing authority taking action to suspend or revoke a permit shall immediately notify the agency who issued the permit of the action taken and shall also immediately

notify the State Bureau of Criminal Identification and Investigation in Sacramento.

SEC 17.5. Section 12112 of the Health and Safety Code is amended to read:

The Legislature finds and declares that though there is a legitimate need for the manufacture, sale, transport, storage, possession and use of explosives, the present statutory scheme has proven itself ineffective in controlling the theft and unlawful use of explosives of all kinds. of such manufacture, sale, transport, storage, possession, and use is clearly apparent.

SEC. 35. It is the intent of the Legislature, if amendments to Section 12303 of the Penal Code proposed by Assembly Bill No. 970 are enacted, that such amendments prevail over the amendments proposed by this act to Section 12303. Therefore, in the event Assembly Bill No. 970 is enacted and amends Section 12303 of the Penal Code, Section 12303 as amended by Section 27 of this act is repealed at the time that Section 12303 as amended by Assembly Bill No. 970 becomes operative.

SEC. 37. If prior to the effective date of this act Assembly Bill No. 1003 has been enacted and become effective, and such act adds a Section 12303.2 to the Penal Code, Section 29 of this act shall not become operative.

SEC. 38. If prior to the effective date of this act Assembly Bill No. 1003 has been enacted and become effective, and such act adds a Section 12303.3 to the Penal Code, Section 30 of this act shall not become operative.

SEC. 39. Section 32.5 of this act shall only become operative if, prior to the effective date of this act, Assembly Bill No. 1003 has been enacted and become effective and such act adds a Section 12303.2 and 12303.3 to the Penal Code. In such case, Section 32 of this act shall not become operative.

SEC. 40. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Bombings of public and private buildings have recently taken place at an increased rate, and in order to provide greater security and control over explosives which might wrongfully become available to persons intent on using such explosives for illegal purposes and to deter such illegal bombings, it is necessary that this act go into effect immediately.

In any area wherein the governing body acting pursuant to Section 12007 designates a second issuing authority to serve within the area, the issuing authority to whom application for a permit is made shall notify the other issuing authority within the area of any application made before such permit shall be issued.

(c) A permit shall be obtained from the issuing authority having the responsibility in the area where the activity, as specified in subdivision (a) of this section, is to be conducted.

If the person holding a valid permit for the use or storage of explosives desires to purchase or receive explosives in a jurisdiction other than that of intended use or storage, such person shall first present such permit to the issuing authority in the jurisdiction of purchase or receipt for endorsement. Such issuing authority may include any reasonable restrictions or conditions which he finds necessary for the prevention of fire and explosion, the preservation of life, safety, or the control and security of explosives within his jurisdiction If, for any reason, such issuing authority refuses to endorse the permit previously issued in the area of intended use or storage, such authority shall immediately notify both the issuing authority who issued the permit and the State Bureau of Criminal Identification and Investigation in Sacramento of the fact of such refusal and the reasons for such refusal.

Every person who sells, gives away, delivers, or otherwise disposes of explosives to another person shall first satisfy himself that the person receiving the explosives has a permit valid for that purpose. When the permit to receive explosives indicates that the intended storage or use of the explosives is other than in that area in which the permittee receives the explosives, the person who sells, gives away, delivers, or otherwise disposes of the explosives shall insure that the permit has been properly endorsed by a local issuing authority and, further, shall immediately send a copy of the record of sale to the issuing authority who originally issued the permit in the area of intended storage or use. The issuing authority in the area in which the explosives are received or sold shall not have the authority to issue a permit for the possession, use, or storage of explosives in an area not within his jurisdiction.

(d) In the event any person desires to receive explosives for use in an area outside of this state, a permit to receive such explosives shall be obtained from the State Fire Marshal.

(e) A permit may include any restrictions or conditions which the issuing authority finds necessary for the prevention of fire and explosion, the preservation of life, safety, or the control and security of explosives.

(f) A permit shall remain valid only until such time as the act or acts authorized by the permit are performed, but in no event shall the permit remain valid for a period longer than one year from the date of issuance of the permit. Any permit issued prior to the effective date of the amendments to this section enacted at the 1970 Regular Session of the Legislature shall be valid until the expiration date shown on the face of the permit, but in no event shall it remain valid for a period longer than one year from the date of issuance of such permit.

(g) Any valid permit which authorizes the performance of any act shall not constitute authorization for the performance of any act not stipulated in the permit.

Before issuing a permit for the storage of explosives, the issuing authority shall first inspect and approve the storage facility. No application for such a permit shall be approved by the issuing authority unless the storage facility is in strict compliance with the regulations adopted by the State Fire Marshal pursuant to Section 12081. In addition, the issuing authority may, at his discretion, require the submission of any personal information relevant to the acts for which application is made.

SEC. 34. The Legislature finds and declares that though there is a legitimate need for the manufacture, sale, transport, storage, possession and use of explosives, the present statutory scheme has proven itself ineffective in controlling the theft and unlawful use of explosives of all kinds. Though conscious of

the necessity of preserving legitimate access to explosives, this need must be balanced against the present widespread illicit use which forms a serious and present danger to society. The Legislature therefore declares its intention that the provisions of this act be construed with the purpose of limiting the lawful manufacture, sale, transport, storage, possession and use of explosives to only those situations where the lawful purpose of such manufacture, sale, transport, storage, possession, and use is clearly apparent.

SEC. 35. It is the intent of the Legislature, if amendments to Section 12303 of the Penal Code proposed by Assembly Bill No. 970 are enacted, that such amendments prevail over the amendments proposed by this act to Section 12303. Therefore, in the event Assembly Bill No. 970 is enacted and amends Section 12303 of the Penal Code, Section 12303 as amended by Section 27 of this act is repealed at the time that Section 12303 as amended by Assembly Bill No. 970 becomes operative.

SEC. 36. If prior to the effective date of this act Assembly Bill No. 1003 has been enacted and become effective, and such act amends Section 12301 of the Penal Code to include a definition of the term "explosive," Section 31 of this act shall not become operative.

SEC. 37. If prior to the effective date of this act Assembly Bill No. 1003 has been enacted and become effective, and such act adds a Section 12303.2 to the Penal Code, Section 29 of this act shall not become operative.

SEC. 38. If prior to the effective date of this act Assembly Bill No. 1003 has been enacted and become effective, and such act adds a Section 12303.3 to the Penal Code, Section 30 of this act shall not become operative.

SEC. 39. Section 32.5 of this act shall only become operative if, prior to the effective date of this act, Assembly Bill No. 1003 has been enacted and become effective and such act adds a Section 12303.2 and 12303.3 to the Penal Code. In such case, Section 32 of this act shall not become operative.

SEC. 40. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Bombings of public and private buildings have recently taken place at an increased rate, and in order to provide greater security and control over explosives which might wrongfully become available to persons intent on using such explosives for illegal purposes and to deter such illegal bombings, it is necessary that this act go into effect immediately.

SECTION 1. Section 689b of the Code of Civil Procedure is amended to read:

689b. (1) Where the property levied upon is a vehicle or a vessel required to be registered with the Department of Motor Vehicles, the officer shall forthwith determine from such department the name and address of the legal owner of the vehicle or vessel and shall notify any such legal owner who is not also the registered owner of such vehicle or vessel of the levy by registered mail or certified mail or personal service.

(2) A seller or mortgagee may file with the officer levying on personal property a verified written claim, together with a copy thereof, containing a detailed statement of the sales contract or mortgage and the total amount of sums due or to accrue to him under the contract or mortgage, above setoffs, with interest to date of tender, and also stating therein his address within this state for the purpose of permitting service by mail upon him of any notice in connection with said claim. The officer making the levy may demand and exact the payment or undertaking herein provided for, notwithstanding any defect, informality or insufficiency of the verified claim delivered to him.

(3) Within five days after being served with such verified claim the officer levying on such property must make demand by registered mail or certified mail on the plaintiff or his attorney for the amount of the claimed debt and interest due to date of tender or the delivery to the officer of an undertaking and statement as hereinafter provided, which demand shall include the copy of such claim.

(5) Within five days after receipt by him of such deposit the officer must pay or tender same to the seller or mortgagee; provided, that should such deposit be made by check the officer shall be allowed a reasonable time for check to clear.

(6) If the tender is accepted, all right, title, and interest of the seller or mortgagee in the property levied upon shall pass to the party to the action making the payment.

(7) If the tender is refused, the amount thereof shall be deposited with the county treasurer, payable to the order of the seller or mortgagee.

(8) Until such payment or deposit covering such claim is made, or the undertaking and statement herein provided delivered to the officer, the property cannot be sold under the levy; but when made (and also in case the seller or mortgagee fails to render his claim within 30 days after the personal service upon him of a written demand therefor, which service must be attested by the certificate of the serving officer, filed before the sale with the papers of the action wherein the attachment or execution was issued), then the officer must retain the property, and, in the case of an execution sell it in the manner provided by law, free of all liens or claims of

the seller or mortgagee. Such written demand of the levying officer may be served by him, or for him by any sheriff, marshal, or constable whose office is closer to the place of service, and whose fees and mileage shall be paid out of the prepaid fees in the possession of the levying officer.

(9) When an attachment or execution creditor presents to the officer, within the time allowed from the officer's demand, a verified statement that the sales contract or mortgage is void or invalid for the reasons specified therein, and delivers to the officer a good and sufficient undertaking in double the amount of the indebtedness claimed by the seller or mortgagee or double the value of the personal property as the officer may determine and require, the officer shall retain the property and in case of an execution sell it in the manner provided by law, free of all liens or claims of the seller or mortgagee.

The undertaking shall be made to the seller or mortgagee and shall indemnify him for the taking of the property against loss, liability, damages, costs and counsel fees. Exceptions to the sufficiency of the sureties and their justification may be had and taken in the same manner as upon an undertaking on attachment.

If such undertaking be given, such officer shall not be liable for damages to any such claimant for the taking, keeping, or sale of such property in accordance with the provisions of this code.

(10) Whenever a verified claim herein is delivered to the officer as herein provided, upon levy of execution or attachment (whether any undertaking hereinabove mentioned be given or not), the plaintiff, or the person in whose favor the writ runs, the claimant, or any one or more such joint claimants, shall be entitled to a hearing in the court in which the action is pending or from which the writ issued for the purpose of determining the validity of such sales contract or chattel mortgage. Such hearing may be had and taken, and stay of execution or other order made in the same manner as on third party claims under Section 689 of this code. At the conclusion of the hearing the court shall give judgment determining the validity of the claim under the sales contract or chattel mortgage which shall be conclusive between the claimant and the plaintiff, or other person in whose favor the writ runs The court in which the action is pending, or which issued such writ, shall have original jurisdiction in all proceedings under this section.

If the property shall have been released by the officer for want of an undertaking or payment, and final judgment shall go for the plaintiff or other person in whose favor the writ runs, the officer shall retake the property on such writ, if the writ shall still be in his hands, or if the writ shall have been returned, another writ may be issued on which the officer may take such property.

The department shall submit any project for which it recommends any grant be made to the Governor for inclusion in the Budget Bill.

SEC. 24. Section 72.6 is added to the Harbors and Navigation Code, to read:

If the department so amends such a contract, the contract shall provide, however, that if in any fiscal year there is any net profit over and above operational and maintenance expenses from the facilities constructed or developed with funds obtained by such a loan, the local agency shall pay such net profit for each such fiscal year to the state as a partial repayment of the loan

until the loan is repaid in full. The contract, if so amended, shall further provide that use of any launching ramp shall be free of charge.

The Legislature hereby finds and declares that the continuation of this section is necessary in the public interest in order to permit the continued operation and maintenance of certain launching facilities financed prior to September 15, 1961, since the inadequacy of revenues from said launching facilities, one of the principal factors which prompted the enactment in 1961 of the grant program, may, if loan repayments are required, result in the economic failure and discontinuance of these facilities.

(1) A seaplane on the water.

(2) A watercraft specifically designed to operate on a permanently fixed course, the movement of which is restricted to or guided on such permanently fixed course by means of a mechanical device on a fixed track or arm to which the watercraft is attached or by which the watercraft is controlled, or by means of a mechanical device attached to the watercraft itself.

(b) "Owner" is a person having all the incidents of ownership, including the legal title, of a vessel whether or not

such person lends, rents, or pledges such vessel; the person entitled to the possession of a vessel as the purchaser under a conditional sale contract; or the mortgagor of a vessel. "Owner" does not include a person holding legal title to a vessel under a conditional sales contract, the mortgagee of a vessel, or the renter or lessor of a vessel to the state or to any county, city, district, or political subdivision of the state under a lease, lease-sale, or rental-purchase agreement which grants possession of the vessel to the lessee for a period of 30 consecutive days or more.

(c) "Legal owner" is a person holding the legal title to a vessel under a conditional sale contract, the mortgagee of a vessel, or the renter or lessor of a vessel to the state, or to any county, city, district or political subdivision of the state, under a lease, lease-sale, or rental-purchase agreement which grants possession of the vessel to the lessee for a period of 30 consecutive days or more.

(d) "Registered owner" is the person registered by the department as the owner of the vessel.

(e) "Waters of this state" means any waters within the territorial limits of this state.

(f) "Person" means an individual, partnership, firm, corporation, association or other entity, but does not include the United States, the state or a municipality or subdivision thereof.

CHAPTER 2. REGISTRATION

9850. Every undocumented vessel using the waters of this state shall be numbered. No person shall operate or a county, city, or political subdivision give permission for the operation of any undocumented vessel on such waters unless the undocumented vessel is numbered in accordance with this chapter, or in accordance with applicable federal law, or in accordance with a federally approved numbering system of another state, and unless (1) the certificate of number issued to such undocumented vessel is in full force and effect, and (2) the identifying number set forth in the certificate of number is displayed on each side of the bow of such undocumented vessel.

9851. The department may promulgate rules and regulations for the registration of undocumented vessels belonging to the state, local public agencies, or to the United States without payment of any fee therefor.

9852. The department shall promulgate rules and regulations setting forth requirements relative to establishing proof of ownership to be submitted by the owner at the time of filing

initial application for a certificate of number and a certificate of ownership. The issuance of a certificate of ownership or certificate of number under this chapter shall not in any way be construed that the department is warranting or guaranteeing the title of the vessel as it appears on such certificates.

9853. The owner of each vessel requiring numbering by this state shall file an initial application for number with the department or with an agent authorized by the department on forms approved by the department. The application shall contain the name and address of the owner, and of the legal owner if any, and the builder's hull number or any hull number of the vessel as may be required by the department. The application shall be signed by the owner of the vessel and shall be accompanied by a fee of five dollars ($5); except that initial application for numbers made during 1971 shall be accompanied by a fee of four dollars ($4). Upon receipt of the application in approved form, the department shall issue a certificate of ownership to the legal owner and a certificate of number to the owner, or both to the owner if there is no legal owner, stating the number issued to the vessel and the name and address of the owner. The owner shall paint on or attach to each side of the bow of the vessel the identification number in such manner as may be prescribed by rules and regulations of the department in order that it may be clearly visible. The number shall be maintained in a legible condition. The certificate of number shall be pocket size and shall be available at all times for inspection on the vessel for which issued, whenever such vessel is in operation. The department may issue one or more stickers, tabs or other suitable devices to identify vessels as being currently registered. The size, shape, and color of such sticker, tab, or other device and the positioning of such on the vessel shall be as determined by the department.

9854. The owner of any vessel already covered by a number in full force and effect which has been issued to it pursuant to then operative federal law or a federally approved numbering system of another state shall make application within 30 days after the 90-day reciprocity period provided for in Section 9874. Such application shall be in a manner and pursuant to the procedure required for the issuance of a number under Section 9853.

9855. If the ownership of an undocumented vessel changes, the existing certificate of ownership and a new application form accompanied by a fee of five dollars ($5) shall be filed with the department and a new certificate of ownership and a new certificate of number shall be issued in the same manner as provided for in the initial issuance of number and the number shall be reassigned to the new owner.

9856. (a) It is not required that the department issue, or that an application be made for a new certificate of ownership or a new certificate of number, or that the fee prescribed in Section 9855 be paid on transfer of an undocumented vessel

to a dealer in the course of his business as is otherwise provided in this division, provided that

(1) The vessel is held and operated by the dealer only for the purpose of resale in the course of his business;

(2) The dealer has been issued a sales permit by the Board of Equalization covering sale of such property; and

(3) The dealer shall, not later than the end of the next business day following such transfer, give written notice of purchase to the department upon an appropriate form provided by it.

(b) Upon receipt of the notice of purchase referred to in subdivision (a) the department shall issue a temporary certificate of number of such vessel in the name of the dealer as registered owner.

(c) The department shall notify the assessor of the county within which the dealer is located of such change of ownership.

(d) The certificate of ownership bearing the endorsement of the transferor to the dealer of a vessel registered pursuant to this section and the certificate of number thereof shall be retained by the dealer until a transfer of the vessel by him. During such time such certificates shall be subject to inspection by the department or other authorized agency. Upon transfer of the vessel by the dealer the certificate of ownership shall be endorsed by the dealer and transfer further accomplished as otherwise provided in this division.

9857. If an agency of the United States government shall have in force an overall system of identification numbering for undocumented vessels within the United States, the numbering system employed pursuant to this chapter shall be in conformity therewith.

9858. The department may issue any certificate of ownership and certificate of number or temporary certificate of number directly or the department may authorize any person to act as agent for the issuance of a certificate of number or temporary certificate of number. If a person accepts such authorization, he may be assigned a block of numbers which upon issuance, in conformity with this chapter and with any rules and regulations of the department, shall be valid as if issued directly by the department. Registration of vessels pursuant to the provisions of this code shall be conducted by the department or by any agent authorized by the department to conduct such registration.

9859. All money received by an agent from the sale of certificates of number or temporary certificates of number shall be kept separate and apart from any other funds of the agent, and shall at all times belong to the state.

In case of an assignment for the benefit of creditors, receivership, or bankruptcy, the state shall have a preferred claim against the agent, receiver, or trustee for all moneys owing the state for the sale of certificates as provided in this

code, and shall not be estopped from asserting such claim by reason of the commingling of funds or otherwise.

9860. Certificates of number shall be renewed by the owner between January 1, 1969, and February 4, 1969, between January 1, 1972, and February 4, 1972, and between January 1 and February 4 every year thereafter, by presentation of the certificate of number last issued for the vessel or by presentation of a potential registration card issued by the department. The fee for renewal shall be three dollars ($3) up to December 31, 1971, and two dollars ($2) per year thereafter and shall accompany the request for such renewal.

9861. All certificates of number expire on December 31, 1968, and on December 31st of every third year thereafter regardless of when such certificates are initially issued.

9862. If the initial application for number is not received by the department on or before the date set by the department a penalty of one-half the fee shall be assessed. If a certificate of number is not renewed on or before the date on which it expires a penalty of one-half the fee shall be assessed, except where the vessel has not been used on the waters of the state subsequent to the expiration date.

9863. (a) Except as provided in subdivision (b) of this section, all fees received, except moneys collected under Section 9875, pursuant to this chapter shall be deposited in the Harbors and Watercraft Revolving Fund and are appropriated for the administration of this chapter. Any of such money in the Harbors and Watercraft Revolving Fund in excess of the amount determined by the Director of Finance, from time to time, to be necessary for expenditure for the administration of this chapter shall be available for expenditure in accordance with Section 85.2 of the Harbors and Navigation Code.

(b) All money derived from the increase in fees required pursuant to this chapter by the amendment of Sections 681, 681.4, 682.2, and 682.8 of the Harbors and Navigation Code enacted at the 1969 Regular Session of the Legislature shall be deposited in the Harbors and Watercraft Revolving Fund and is continuously appropriated for support of local boating safety and enforcement programs as provided in Section 663.7 of the Harbors and Navigation Code.

9864. The owner shall furnish the department notice of the wrecking or junking, or the destruction or abandonment of such undocumented vessel within 15 days thereof. Such wrecking, junking, destruction or abandonment shall terminate the certificate of ownership and certificate of number of such undocumented vessel which if in existence shall be surrendered to the department.

The department, upon receiving notice of the abandonment of an undocumented vessel, or upon an official determination that an undocumented vessel has been abandoned, may order the destruction of such vessel at the expiration of 30 days if an investigation by the department has disclosed that no owner,

legal owner, or lienholder claims an interest in such vessel, or if such persons have waived their interest. Nothing in this section shall be construed to deny the legal rights, otherwise provided for by law, of any person claiming an interest in an abandoned vessel if such person notifies the department within the time specified therefor.

9865. Any holder of a certificate of number shall notify the department within 30 days, if his address no longer conforms to the address appearing on the certificate and shall, as part of such notification, furnish the department with his new address. The department may provide for the surrender of the certificate bearing the former address and its replacement with a certificate bearing the new address or for the alteration of an outstanding certificate to show the new address of the holder.

9866. No number other than the number issued to an undocumented vessel or granted reciprocity pursuant to this chapter shall be painted, attached, or otherwise displayed on either side of the bow of such undocumented vessel.

9867. A fee of one dollar ($1) shall be charged for a copy of certificate of number, certificate of ownership, or any application filed pursuant to this chapter.

9868. Fees received pursuant to this chapter are appropriated for payment of refunds of money received or collected in the payment of fees, permits, or services whenever the fee, permit or service cannot lawfully be issued or rendered to the applicant, and in cases where the payment in whole or in part represents overpayment or payment in duplicate.

9869. The department shall transmit information from each initial application and each transfer application or renewal application to the county assessor in the county of residence of the owner of the vessel and to the county assessor in the county in which the vessel is principally kept if other than the county of residence of the owner, if such other county is known to the department. If an application shows that the owner of the vessel has changed his residence from one county to another county or shows that there has been a change in the county in which the vessel is principally kept, the department shall transmit information of the change to the assessor of the county in which the owner of the vessel formerly resided or to the assessor of the county in which the vessel formerly was principally kept. After the department receives a notice pursuant to Section 9864, the department shall transmit information of the destruction or abandonment to the assessor of the county in which the owner of the vessel resides and to the assessor of the county in which the vessel is or was principally kept, if other than the county of residence of the owner, if such other county was known to the department.

9870. A nonprofit corporation organized solely for charitable purposes pursuant to Part 1 (commencing with Section 9000) or Part 3 (commencing with Section 10200), Division 2, Title 1 of the Corporations Code, which purposes relate to

promoting the ability of boys and girls to do things for themselves, to train them in scoutcraft and camping, and to teach them patriotism, courage, self-reliance and kindred virtues, shall not be required to pay the fees provided for in Sections 9853, 9855, 9860, and 9867.

9871. Upon application for original registration or transfer of registration of an undocumented vessel, the department may assign an appropriate builder's hull number to such vessel whenever there is no builder's hull number thereon, or when a builder's hull number thereon has been destroyed or obliterated; and such builder's hull number shall be permanently marked in an integral part of the hull which is accessible for inspection.

9872. No person shall intentionally deface, destroy, or alter the builder's hull number of a vessel required to be numbered under this chapter, without written authorization from the department; nor shall any person place or stamp any serial or other number or mark upon an undocumented vessel which might interfere with identification of the builder's hull number. This does not prohibit the restoration by an owner of an original number or mark when the restoration is authorized by the department, nor prevent any manufacturer from placing in the ordinary course of business numbers or marks upon new vessels or new parts thereof.

9873. An undocumented vessel shall not be required to be numbered under this chapter if it is:

(a) Already covered by a number in full force and effect which has been issued to it pursuant to federal law or a federally approved numbering system of another state; provided, that such undocumented vessel shall not have been within this state for a period in excess of 90 consecutive days.

(b) A vessel from a country other than the United States temporarily using the waters of this state.

(c) A public vessel of the United States, another state or subdivision thereof or municipality of such other state.

(d) A ship's lifeboat.

(e) Any vessel belonging to a class of boats which has been exempted from numbering by the department after the department has found that the numbering of vessels of such class will not materially aid in their identification; and, if any agency of the federal government has a numbering system applicable to the class of vessels to which the vessel in question belongs, after the department has further found that the vessel would also be exempt from numbering if it were subject to the federal law. An undocumented vessel propelled solely by an electric motor of one horsepower or less operated commercially by a boat livery under a franchise from a city, city and county, or county; an undocumented vessel propelled solely by oars or paddles; and an undocumented vessel eight feet or less propelled solely by sail, is exempt from the provisions of this chapter.

9874. The department may suspend, cancel, or revoke the registration of a vessel, a certificate of number, sticker, certificate of ownership, or temporary certificate of number in any of the following cases:

(a) When the department is satisfied that the registration or the certificate of number, sticker, certificate of ownership, or temporary certificate of number was fraudulently obtained or erroneously issued.

(b) When the department determines that the required fee has not been paid and the same is not paid upon reasonable notice and demand.

9875. Any person who violates any provision of this chapter or any rule or regulation of the department is guilty of a misdemeanor and shall be subject to a fine of not to exceed fifty dollars ($50) or imprisonment in the county jail for not to exceed five days, or both, for each violation.

CHAPTER 3. TRANSFER OF TITLE OR INTEREST IN UNDOCUMENTED VESSEL

9900. No transfer of the title or any interest in or to an undocumented vessel numbered under this code shall pass, and any attempted transfer shall not be effective, until the parties thereto have fulfilled either of the following requirements:

(a) The transferor has made proper endorsement and delivery of the certificate of ownership and delivery of the certificate of number to the transferee as provided in this code and the transferee has delivered to the department or has placed the certificates in the United States mail addressed to the department when and as required under this code with the proper transfer fee and thereby makes application for a new certificate of ownership and a new certificate of number.

(b) The transferor has delivered to the department or has placed in the United States mail addressed to the department the appropriate documents for the transfer of ownership of the vessel pursuant to the sale or transfer except as otherwise provided.

9901. Whenever any person has received as transferee a properly endorsed certificate of ownership and the certificate of number of the vessel described in the certificates, he shall within 10 days thereafter file the certificates accompanied by a fee of three dollars ($3) with the department, and thereby make application for a certificate of ownership and certificate of number.

9902. The department, upon receipt of a properly endorsed certificate of ownership and the certificate of number of the vessel described in the certificate and a new application form and the required fee, shall issue a new certificate of ownership and a new certificate of number in the same manner as provided for in the initial issuance of number and the number may be reassigned to the new owner, provided, however, in the case of a transfer of a part interest which does not affect the

owner's right to operate such undocumented vessel such transfer shall not terminate the certificate of number.

9903. (a) Prior to the issuance of any certificate of ownership the department shall obtain a statement in writing, signed by the transferee or transferor, showing:

(1) The date of the sale or other transfer of ownership of the vessel.

(2) The name and address of the seller or transferor.

(3) The name and address of the buyer or transferee.

(4) The total consideration (valued in money) given for the sale or other transfer of the vessel, including any motor or other component part of the vessel included in the sale or other transfer.

(b) Upon the transfer of ownership of a vessel the department shall forward to the State Board of Equalization information from its records identifying the vessel together with the data required by subdivision (a). The information shall be transmitted as promptly as feasible and in such form and manner as shall be agreed between the department and the board.

9904. Section 9900 does not apply to involuntary transfers, as upon the taking of possession by a secured party under a security agreement, or to transfers involving security interests.

9905. An owner who has made a bona fide sale or transfer of an undocumented vessel and has delivered possession thereof to a purchaser shall not by reason of any of the provisions of this code or of the Harbors and Navigation Code be deemed the owner of the vessel so as to be subject to civil liability for the operation of the vessel thereafter by another when the owner in addition to the foregoing has fulfilled either of the following requirements:

(a) When he has made proper endorsement and delivery of the certificate of ownership and delivered the certificate of number as provided in this code, or

(b) When he has delivered to the department or has placed in the United States mail, addressed to the department, either the notice as provided in Section 9911 and Section 9912 or appropriate documents for transfer of the vessel pursuant to the sale or transfer.

9906. A legal owner may assign his title or interest in or to an undocumented vessel numbered under this code to a person other than the owner without the consent of and without affecting the interest of the owner.

9907. Upon transfer of the title or any interest of the legal owner or legal owners in an undocumented vessel numbered under this code, the transferor shall write his signature, and the transferee shall write his signature and address, in the appropriate spaces provided upon the reverse side of the certificate of ownership issued for the vessel.

9908. Upon transfer of the title or interest or any part thereof of the registered owner only in an undocumented vessel numbered under this code, the registered owner shall write his

signature and address and the transferee shall write his signature and address in the appropriate spaces provided on the reverse side of the certificate of ownership for the vessel, and the legal owner shall write his signature in the space provided for the new legal owner indicating that he is to retain his legal title and interest.

9909. When the required certificate of ownership is lost, stolen, damaged, or mutilated, application for transfer may be made upon a form provided by the department for a duplicate certificate of ownership. The transferor shall write his signature and address in the appropriate spaces provided upon the application and file the same together with the proper fees for duplicate certificate of ownership and transfer.

9910. It is unlawful for any person to fail or neglect to deliver the certificate of number and, when having possession, to properly endorse, date, and deliver the certificate of ownership to a transferee who is lawfully entitled to a transfer of ownership.

9911. Whenever the owner of an undocumented vessel numbered under this code sells or transfers his title or interest in, or any part thereof, and delivers the possession of, the vessel to another, the owner shall within five days thereafter notify the department of the sale or transfer giving the date thereof, the name and address of the owner and of the transferee and such description of the vessel as may be required in the appropriate form provided for such purpose by the department.

9912. Every dealer upon transferring by sale, lease or otherwise any undocumented vessel, whether new or used, required to be numbered under this code, shall, not later than the end of the next business day of the dealer, give written notice of the transfer to the department upon an appropriate form provided by it, but a dealer need not give the notice when selling or transferring a new unnumbered vessel to another dealer.

9913. When a security interest upon a numbered vessel is satisfied, canceled, or released by the parties thereto who are the registered owner and legal owner respectively of said vessel and thereafter within a period of 10 days a new security interest covering the vessel is executed between the same parties, no application for transfer of ownership by reason thereof shall be made, no new certificate of ownership or certificate of number shall be issued, and all provisions of this code relating to transfers of any title or interest in a vessel shall be deemed to have been fully complied with.

9914. The transferee of a security interest in the interest of a legal owner of a numbered vessel need not make application for a transfer of ownership when the security interest arises from a pledge of security agreement by the legal owner to the pledgee.

9915. (a) Whenever the title or interest of any owner or legal owner in or to a vessel numbered under this code passes to another otherwise than by a voluntary transfer, the new

owner or legal owner may obtain a transfer of ownership upon application therefor and upon presentation of the last certificate of ownership and certificate of number issued for the vessel, if available, and any instruments or documents of authority or certified copies thereof as may be required by the department, or required by law, to evidence or effect a transfer of title or interest in or to chattels in such case.

(b) The department when satisfied of the genuineness and regularity of the transfer shall give notice by mail to the owner and legal owner of the vessel as shown by the records of the department, and five days after the giving of the notice, if still satisfied of the genuineness and regularity of such transfer, shall transfer the ownership of the vessel accordingly and issue a new certificate of ownership and certificate of number to the person or persons entitled thereto.

9916. Upon the death of an owner or legal owner of any vessel numbered under this code without the decedent leaving other property necessitating probate, the surviving husband or wife or other heir in the order named in Section 630 of the Probate Code, unless the vessel is by will otherwise bequeathed, and if the value of the vessel is three thousand dollars ($3,000) or less, may secure a transfer of ownership of the title or interest of the deceased upon presenting to the department the appropriate certificate of ownership and certificate of number, if available, and a certified statement of the person setting forth the fact of survivorship or heirship, and the names and addresses of any other heirs, and, if required by the department, a certificate of the death of the deceased, together with a statement that there are no creditors of the deceased or, if so, that the creditors of the deceased have been paid in full or the claims have been otherwise discharged.

9917. Whenever application is made to the department for a transfer of ownership of a vessel to a new owner or legal owner and the applicant is unable to present the certificate of ownership or certificate of number issued for the vessel by reason of the same being lost or otherwise not available, the department may receive the application and examine into the circumstances of the case and may require the filing of affidavits or other information, and when the department is satisfied that the applicant is entitled to a transfer of ownership, the department may transfer the ownership of the vessel, and issue a new certificate of ownership, and certificate of number to the person or persons found to be entitled thereto.

9918. If the application for a transfer is made in the manner provided in this code the department shall not be required to withhold the transfer of any right, title or interest in or to a vessel if the application on its face appears to be genuine and regular and the department has received neither a request from any law enforcement agency that action on the application be deferred nor an order of a court of the United States or of the State of California restraining the transfer within two years prior thereto.

9919. No security interest in any vessel numbered under this code, irrespective of whether such number was effected prior or subsequent to the creation of such security interest, is perfected, until the secured party, or his successor or assignee, has deposited with the department a properly endorsed certificate of ownership to the vessel, subject to the security interest, showing the secured party as legal owner if the vessel is then numbered under this code; or if the vessel is not so numbered, the owner shall file an initial application for number as provided for in this code, and the certificate of ownership issued under said application shall contain the name and address of the legal owner.

9920. When the secured party, his successor or assignee, has deposited with the department a properly endorsed certificate of ownership showing the secured party as legal owner, or if the vessel is not numbered when the owner shall file an initial application for number as provided for in this code, and the certificate of ownership issued under said application shows said secured party as the legal owner, and said certificate of ownership is deposited with the department, the deposit constitutes perfection of the security interest.

9921. Upon the deposit with the department of the certificate of ownership showing the secured party as legal owner as provided in Section 9919 hereof, the department shall on its records show the secured party, his successor or assignee, as legal owner with respect to such vessel.

9922. The method provided in this chapter for perfecting a security interest in a vessel numbered under this code is exclusive.

9923. In the absence of the regularly required supporting evidence of ownership upon application for registration or transfer of a vessel, the department may accept an undertaking or bond in the amount of the fair market value of the vessel at the time of the application, as determined by the department, which shall be conditioned to protect the department and all officers and employees thereof and any subsequent purchaser of the vessel, any person acquiring a lien or security interest thereon, or the successor in interest of such purchaser or person, against any loss or damage on account of any defect in or undisclosed claim upon the right, title, and interest of the applicant or other person in and to the vessel.

9924. Any interested person shall have a right of action to recover on any such bond or undertaking for any breach of the conditions for which the same was deposited but the aggregate liability of the surety to all such persons shall in no event exceed the amount of the bond In the event the vessel is no longer registered in this state and the currently valid certificate of ownership is surrendered to the department or the vessel has been destroyed or lost, the bond or undertaking shall be returned and surrendered after three years

SEC. 62 Chapter 1 5 (commencing with Section 10550) is added to Division 4 of the Vehicle Code, to read:

CHAPTER 1.5. REPORTS OF STOLEN VESSELS

10550. As used in this chapter, unless the context clearly requires a different meaning:

(a) "Vessel" includes every description of watercraft used or capable of being used as a means of transportation on water, except the following:

(1) A seaplane on the water.

(2) A watercraft specifically designed to operate on a permanently fixed course, the movement of which is restricted to or guided on such permanently fixed course by means of a mechanical device on a fixed track or arm to which the watercraft is attached or by which the watercraft is controlled, or by means of a mechanical device attached to the watercraft itself.

(b) "Owner" is a person having all the incidents of ownership, including the legal title, of a vessel whether or not such person lends, rents, or pledges such vessel; the person entitled to the possession of a vessel as the purchaser under a conditional sale contract; or the mortgagor of a vessel. "Owner" does not include a person holding legal title to a vessel under a conditional sales contract, the mortgagee of a vessel, or the renter or lessor of a vessel to the state or to any county, city, district, or political subdivision of the state under a lease, lease-sale, or rental-purchase agreement which grants possession of the vessel to the lessee for a period of 30 consecutive days or more.

(c) "Legal owner" is a person holding the legal title to a vessel under a conditional sale contract, the mortgagee of a vessel, or the renter or lessor of a vessel to the state, or to any county, city, district or political subdivision of the state, under a lease, lease-sale, or rental-purchase agreement which grants possession of the vessel to the lessee for a period of 30 consecutive days or more.

(d) "Person" means an individual, partnership, firm, corporation, association or other entity, but does not include the United States, the state or a municipality or subdivision thereof.

(e) "Undocumented vessel" means any vessel which is not required to have and does not have a valid marine document issued by the Bureau of Customs of the United States or any federal agency successor thereto.

10551. Every peace officer upon receiving a report based on reliable information that any undocumented vessel numbered under this code has been lost or stolen shall not later than 48 hours after receiving such information report the theft or loss to the department, and such peace officer upon receiving information of the recovery of any such vessel which he has previously reported as stolen or lost, shall immediately report the fact of the recovery to the department.

10552. It is unlawful for any person to make or file a false or fraudulent report of the theft of an undocumented vessel

required to be numbered under this code with any law enforcement agents with intent to deceive.

10553. The owner or legal owner of a vessel numbered under this code which has been stolen or embezzled may notify the department of the theft or embezzlement, but in the event of an embezzlement may make the report only after having procured the issuance of a warrant for the arrest of the person charged with such embezzlement. Every owner or legal owner who has given any such notice shall notify the department of a recovery of the vessel.

10554. The department, upon receiving a report of a lost, stolen or embezzled vessel numbered under this code, shall make the appropriate designation on the record of such vessel in the files of the department. The designations shall remain on the records of such vessel until such time as the department has received notification by the owner or legal owner of such vessel that the vessel has been recovered. Such designations regarding a report of a stolen or embezzled vessel shall remain on the records of such vessel for a period of one year or until the notification of recovery thereof has been received by the department, whichever is sooner.

SEC. 63. Article 5 (commencing with Section 330) of Chapter 2 5 of Division 1 of the Water Code is repealed

SEC. 64. Section 11910 of the Water Code is amended to read:

11910. There shall be incorporated in the planning and construction of each project such features (including, but not limited to, additional storage capacity) as the department, after giving full consideration to any recommendations which may be made by the Department of Fish and Game, the Department of Parks and Recreation, the Department of Navigation and Ocean Development, any federal agency, and any local governmental agency with jurisdiction over the area involved, determines necessary or desirable for the preservation of fish and wildlife, and necessary or desirable to permit, on a year-round basis, full utilization of the project for the enhancement of fish and wildlife and for recreational purposes to the extent that such features are consistant with other uses of the project, if any. It is the intent of the Legislature that there shall be full and close coordination of all planning for the preservation and enhancement of fish and wildlife and for recreation in connection with state water projects by and between the Department of Water Resources, the Department of Parks and Recreation, the Department of Navigation and Ocean Development, the Department of Fish and Game, and all appropriate federal and local agencies.

SEC. 65. Section 11910.1 of the Water Code is amended to read:

11910.1. In furtherance of the policies specified in Section 11910, the Department of Fish and Game, the Department of Parks and Recreation, the Department of Navigation and Ocean Development, and other governmental agencies shall

submit their recommendations or comments on reconnaissance studies or feasibility reports of the Department of Water Resources relating to any project or feature of a project within 60 days following receipt of a formal request for review from the Department of Water Resources.

SEC. 66. Section 11912 of the Water Code is amended to read:

11912.
