
INDEX

1970 REGULAR SESSION

INDEX TO SUMMARY DIGEST

1970 Regular Session

A

ABALONE, 412, 413, 446, 1262

ABANDONMENT

animals, 580, 1166
children, 240, 735
excavations, 1462
mining claims, 90
motor vehicles, 427, 1431
oil and gas wells, 799
parks, 170
subdivision public access route dedication, 1308
wells or mines, 1178

ABATEMENT

abandoned excavations, 1462
air pollution, 694
caprifig pests, 561
cotton pests, 561
flood control works violations, 804
motor vehicles—abandoned, etc., 427
noise, freeway construction, 1298
nuisances, 73, 427, 613
water pollution, 918, 1224, 1249, 1462, 1464
weeds, 154, 577, 1462
wells or mines, abandoned, etc., 1178

ABORTION, 1311

ACADEMIES, CALIFORNIA, 82

ACCIDENTS

aircraft, 852
motor vehicle—
 automobile accident study commission, 335
 automobile accident study, joint committee on, 287
 out-of-state or foreign jurisdictions, 472
 reports, 224
 victims: blood tests, 1355
public officers—vacancy in office, 465

ACCOUNTS, ACCOUNTANTS AND ACCOUNTING

accountancy corporations, 1113
accountancy, state board of: accountancy corporations, 1113
accounts receivable, state or federal government, local agency borrowing pledge,
 232

audits—

 assessors, county, 554
 city warrant demands, 261
 collection agencies, 1382
 community college bookstore funds, 905
 housing authorities, 1465
 public agency records, 25, 466
 Santa Barbara metropolitan transit district, 363
 state college auxiliary organizations, 1492
bank accounts—See BANKS AND BANKING.
Eureka tidelands trust fund, 1086
franchisors and subfranchisors, 1400
guardians and conservators, 376
health care service plans, 1028
joint powers agreements, 374
Los Angeles City tidelands trust fund, 1046
public accountants, public agency audits, 25
public utility depreciation accounts, 519
retail installment accounts—See SALES—*retail installment sales.*
Santa Monica tidelands trust fund, 1077
school districts, 984, 1360
state delinquent property rental accounts, 745
tidelands trust funds, 1046, 1077, 1086

NOTE: Citations are to chapter numbers; resolution chapters are indicated in italics.

ACTIONS AND PROCEEDINGS

- abandoned children, 580, 735
- adoption. See ADOPTION
- air pollution control, 73, 694, 714, 1043, 1227, 1354
- airport site or permit approval: hearings, 1293
- annexation or detachment proceedings, 953
- California-Nevada interstate compact violations, 1480
- class actions, 1550
- consumer advisory council: hearings, 1394
- consumers legal remedies act, 1550
- corporate securities sale violations, 612
- court costs. See COSTS, COURT.
- declaratory relief, highway land acquisitions, 854
- defamation, 497
- default judgments. See JUDGMENTS.
- demurrer, 253
- dismissal, 582
- dissolution of marriage. See DISSOLUTION OF MARRIAGE.
- district reorganizations: hearings, 1249
- family law act. See FAMILY LAW ACT.
- fine print sale disclosure violations, 1223
- flood control works violations, 804
- food, drug and cosmetic law violations, 1573
- franchise sale violations, 1400
- gas pipeline, etc., safety violations, 520
- highway system deletions: hearings, 895
- injunctions. See INJUNCTIONS
- innkeepers, etc., liens, 1247
- insolvency of insurers, 1205
- interpleader: conflicting claimants, 563
- intervention, 484
- judgments. See JUDGMENTS
- juries. See JURIES AND JURORS
- lease breach and abandonment of property, 89
- limitations—
 - judgment creditors' liens, 1245
 - malpractice, etc., 360
 - property tax refund claims, 540
 - public entity claims, 104
 - uninsured motorist actions, 472
- liquid waste hauler violations, 902
- local agencies: venue, 604
- local agency services: unpaid bills, etc., 1174
- Los Angeles tidelands grant revocations, 1046
- malpractice, 360, 1111
- Medi-Cal providers, 1171
- milk stabilization and marketing hearings, 627
- minors: compromise settlements: court jurisdiction of funds, 293
- mobilehome accommodation structure violations, 969
- motor vehicle conditional sales contracts, 725
- municipal water district bond issuance: hearing, 788
- nuisance abatement, 73
- open-pit mining on federal lands: hearings, 233
- Orange County water district: hearings, 141
- parental custody and control, freedom from, 240, 583, 1091
- public office vacancies: quo warranto proceedings, 465, 786
- records, production of: action to force, 556
- register of actions, 239
- restricted dangerous drug violations, 1596
- retail food production and marketing establishment permit suspension: hearings, 649
- retail installment contracts, 725
- Sacramento tidelands grant violations, 1266
- Santa Monica tidelands grant violations, 1077
- school employee organizations: standing to sue, 504
- small claims court actions. See COURTS—small claims.
- street improvement hearings, 616
- thrift guaranty corporation of California, 1306
- trials. See TRIALS
- uninsured motorist actions, 472
- unlawful detainer, 89, 602, 654, 722
- venue. See VENUE
- vessel possessory liens, 1341

- waste disposal violations, 918
- water quality control, 902, 918, 956
- witnesses. See WITNESSES.
- wrongful death, 581
- zoning regulation enforcement, 96
- ADDRESSES**
 - liquid waste hauler registrants, 902
 - peace officers' disclosure, 1143
 - real property sale notices, 279
- ADMINISTRATIVE PROCEDURE**
 - hearing officers, 797
 - Medi-Cal providers' suspension hearings, 1030
 - public assistance hearings, 1093
 - right to counsel, respondent, 828
 - school district certificated employees' mental illness hearings, 1155
 - school district personnel commission budgets: hearings, 1403, 1445
- ADMINISTRATORS. See EXECUTORS AND ADMINISTRATORS; PUBLIC ADMINISTRATORS.**
- ADOPTION**
 - agencies, 651, 970, 1010
 - aid for adoption of children pilot program, 970
 - fees, 838
 - grandparents' visitation rights, 1188
 - hard to place children, 838
 - minors, 651, 1091, 1188
 - name change, 651
 - parental custody and control, freedom from, actions re. 240, 583
 - records, reports, etc., 655
- ADULT EDUCATION. See SCHOOLS**
- ADULTERATION, 1385, 1573**
- ADVERTISING**
 - air pollution control devices, motor vehicle: supplemental, 331
 - alcoholic beverages, 139, 700, 1244
 - clinical laboratories, 1377
 - counties, 53
 - dried fruits, raisins or nuts, 1060
 - drugs or devices, 1271
 - economic poisons, 1092
 - employment agencies, private, 243
 - false or misleading, 243, 395, 664, 1119, 1121, 1550
 - food, drug, and cosmetic law, Sherman, 1573
 - franchises, 1400
 - furniture and bedding, 820
 - hearing aids, 1514
 - highways, placement near, 991
 - industrial loan companies, 1306
 - mobilehomes or commercial coaches: sale, etc., 522
 - motor vehicles, 395, 522, 1246
 - notaries public, 600
 - odometer reversing or resetting devices, 841
 - outdoor, 991
 - person: definition, 664
 - pharmacists, 1271
 - savings and loan associations, 264
 - thrift guaranty corporation of California, 1306
 - travel promoters, 1022
- AERONAUTICS, STATE DEPARTMENT OF**
 - aircraft noise regulation, 912
 - airport allocations, 1417, 1566
 - airport sites: approval, etc., 1293
 - downed aircraft transmitting devices, duties, 1417
 - runway marking - private airports, 229
 - search and rescue equipment, emergency, 1606
- AFFIDAVITS**
 - attachment proceedings, 1319, 1523
 - contempt proceedings, 1264
 - default judgment application mailing, 105
 - educational corporations conferring degrees, 1580
 - election officers, 489
 - estate distribution claimants, 742
 - fact of death - petitions to establish, 952
 - jurisdiction of court, 725

NOTE: Citations are to chapter numbers; resolution chapters are indicated in italics.

AFFIDAVITS—Continued

- minor's surname change, 996
- private day school attendance verification, 822
- property tax document mailing, 748
- search warrants, 809
- voters' registration: felons, 148
- voters' registration reproduction, 342

AGE

- county employees' retirement, 1261
- driving students, persons accompanying, 1288, 1567
- firefighters division of forestry, 138
- initiative petition signature solicitors, 393
- marriage: minors, 474
- optometrist license applicants, 288
- parole agent, etc. examination, 1600
- physically handicapped minors' classes: admission, 1617
- public employees' retirement system: local safety members' retirement, 307

AGED PERSONS

- constitutional provisions re aid: repeal of certain, 171
- homesteads, 80, 319
- institutions, 611
- life care contracts, 904
- property tax assistance, 656, 906
- Senior Citizens' Month, 70
- White House conference on aging, 142

AGENTS, BROKERS, ETC.

- cemetery brokers, 971
- insurance. See **INSURANCE**.
- real estate. See **REAL ESTATE**.

AGRICULTURAL ASSOCIATIONS, DISTRICT

- directors: board meeting absences, 50
- fairs, 122
- horseracing, 1572
- sixth district higher horizon summer program, 404, 1460

AGRICULTURE

- agricultural burning, 1552, 1579, 101
- agricultural preserves, 415, 416, 1281
- bees, 699
- beet leafhopper control, 1017
- canning tomato advisory committee, 184
- commercial feed, 235, 529
- commodities and products sale, 1362
- county programs: unclaimed gas tax refund allocations, 1571
- crop dusting, 1552
- curly top virus, 1017
- department—
 - brucellosis vaccinations, 802
 - economic poisons powers and duties, 1092
 - grape inspection advisory committee, 322
 - predatory animal damage control activities, 163
- director—
 - agricultural commodity and product sales: enforcement of provisions, 1362
 - agricultural exhibit, annual, 79
 - bee colony strength: powers and duties, 699
 - beet leafhopper control program, 1017
 - brucellosis prevention, 802
 - canning tomato advisory committee alternate members, 184
 - commercial feed licenses, 235
 - environmentally harmful pesticides disposal, 219
 - fertilizer and agricultural mineral sales, 1042
 - fruit, nut and vegetable containers: powers and duties, 1470
 - grape inspection advisory committee: appointments, 322
 - livestock protection, etc. administration, etc., 967
 - meat and poultry inspection, 1385
 - melons and vegetables out-of-state shipment, 553
 - milk cooling equipment failure regulations, 1482
 - milk inspection service, 732
 - milk stabilization and marketing plans, etc., 628
 - milk standards, 1482
 - milk testing, 690
 - multiple commodity marketing orders, 496
 - poultry and animal disease diagnostic laboratory, 315

- shipping point advisory committee: appointments, 825
- trees or vines: production adjustment, 1275
- volume or quantity of commodity: determination, 1176
- exhibits: state exposition and fair, 79
- farming equipment, products, etc.: secured transactions, 310
- fertilizers and agricultural minerals, 1042
- food, drug and cosmetic law, Sherman, 1573
- Fresno field station of the agricultural research service, 126
- highway or freeway location: impact, 865, 1097, 1201
- implements of husbandry, 76, 405, 738, 973
- livestock identification advisory board, 967
- marketing, 496, 628, 1060, 1176
- pest and disease control, 496
- pesticides. See PESTICIDES
- shipping point advisory committee, 825
- state board: members, 1437
- taxation: farm lands, livestock, etc., 1276
- trees or vines: production adjustment, 1275
- AIR POLLUTION**
 - abatement orders, 694
 - agricultural burning, 1552, 1579, 101
 - airports, 1293
 - basinwide air pollution control, 714
 - control districts. See AIR POLLUTION CONTROL DISTRICTS.
 - crop dusting, 1552
 - emission standards, 156, 1295, 1347, 1509, 1552, 3
 - environmental protection program, California, 778, 779
 - gasoline, 1295, 1296, 1297
 - legislative analyst's study, 182
 - local or regional authorities—
 - abatement orders, 694
 - agricultural burning: powers and duties, 1579
 - air quality data, 715
 - air quality standards, 1354
 - control study by legislative analyst: cooperation, 182
 - coordinated control plans, 714
 - nonvehicular emission standards, etc., 1552
 - nuisance abatement or prohibition, 73
 - variances granted, 1552
 - low-sulfur fuel oil importation, 85
 - motor vehicles—
 - control devices, 331, 766, 1043, 1229
 - emissions: decals, 155
 - emissions: inspection program, 451
 - emissions: maximum, 1295
 - federally owned vehicles, 86
 - gasoline-powered: registration fee, 1586
 - generally, 1295
 - highway revenue use for control, 291
 - limited production vehicle, 1140
 - maximum allowable emissions, 1295
 - natural gas fuel systems: federal vehicles, 86
 - new vehicles: emission decals, 155
 - new vehicles: testing, emission standards, etc., 156, 1347
 - 1972 and later models, 1295, 1585
 - prior to 1973 models: limited production vehicles, 1140
 - 1975 or later models: gas-powered vehicles, 1586
 - octane rating requirement: effect, 1585
 - violations: arrests, 114
 - nonvehicular, 1367, 1552
 - odor-causing substances, 1230
 - outdoor burning regulations, 1579
 - research, 1599, 279
 - south coast air basin, 1296
 - state agencies, etc.: compliance with rules, etc., 1386
 - Ventura-Los Angeles mountain and coastal zone, 1556
 - waste disposal by open outdoor fires, 1579
- AIR POLLUTION CONTROL DISTRICTS**
 - abatement orders, 694
 - agricultural burning permits, 1552, 1579
 - arrests without warrant, 114
 - county: counties or portions of counties as, 714

NOTE: Citations are to chapter numbers; resolution chapters are indicated in italics.

- AIR POLLUTION CONTROL DISTRICTS**—Continued
 county: hearing board decisions: review, 194
 injunctive relief provisions: exceptions, 73
 nonvehicular lead emission standards, 1367
 1955-1965 motor vehicles: pollution control device requirement, 1043
 records, 1295
 regional: basinwide coordinated control plan, 714
 violation penalties: prosecution re, 694
- AIR PRESSURE TANKS**, 518
- AIR RESOURCES BOARD**
 abatement orders, 694
 agricultural burning: regulation, 1579
 air pollution control study by legislative analyst: cooperation, 182
 air quality data procurement program, 715
 air quality standards achievement, 1354
 coordinated basinwide air pollution control plans, 714
 gasoline stationary tank apparatus, 1295
 motor vehicle pollution control—
 emission control devices, 331, 1043
 emission inspection program study, 451
 emission standards, 3
 emission volume testing procedure, 1229
 gasoline unsaturation standards: south coast air basin, 1296
 gasoline volatility standards, 1297
 modified or altered control devices or systems, 331
 new vehicles: test procedure, emission standards, etc., 156, 1347
 nonvehicular emission standards, 1367, 1552
 octane rating requirement, certain vehicles: effect, 1585
 orchard and citrus heaters: duties, 1579
 research program, 1599
 screening committee, 1599
 state agency air pollution control: rules and regulations, 1386

GOVERNOR'S MESSAGE

In accordance with Section 12080.2 of the Government Code, I am submitting Reorganization Plan No. 1 of 1970 for review by the Legislature. The Plan has been reviewed by the Commission on California State Government Organization and Economy, and their comments have been carefully considered in the preparation of the Plan. I have found each reorganization action included in this Plan to be in the public interest.

The problems surrounding the administration of health programs are becoming increasingly complex and difficult. Rapidly rising costs and an inefficient health care delivery system that needs improvement are two of the major problems facing us. The State must provide more leadership in mobilizing both public and private health resources to meet these and other problems. We cannot provide such leadership without undertaking a basic reorganization of the State's health programs.

The Plan that I am submitting to you will enable us to eliminate much of the fragmentation that exists in such fields as mental retardation, alcoholism, and facilities licensing. It will permit us to carry out comprehensive health planning more effectively, so that better and less costly health care is available to all Californians. It will encourage integration of health and related services, replacing the present system under which the consumer must find his way through a maze of uncoordinated services. It will put us in a better position to deal with the growing demand for health manpower.

The State has a vital role to play in meeting health needs of the people of California. Creation of a Department of Health is an essential first step if the State is to fulfill this role. I urge your support of the Plan.

This Plan has also been submitted to the Legislative Counsel as required by Section 8523 of the Government Code.

REORGANIZATION ACTIONS

1. A Department of Health is established in the Human Relations Agency.

The Department of Health is under the control of an executive officer known as the Director of Health. The Director is appointed by and holds office at the pleasure of the Governor. The appointment of the Director is subject to confirmation by the Senate. The annual salary of the Director shall be fixed by the Legislature.

The authority to make exempt appointments in the existing Departments of Public Health, Mental Hygiene and Health Care Services shall continue to be available to the Governor in order to provide the necessary leadership for the organizational elements of the new Department. Persons filling these exempt positions shall be appointed by the Governor and serve at the pleasure of the Director of Health. The annual salaries shall be fixed by the Director of Health, subject to approval by the Director of Finance.

The general powers and authorities of the Director are defined in Sections 11151 through 11157 of the Government Code. The Director of Health shall be the appointing authority for all officers and employees of the Department of Health, except for the various boards and commissions appointed by the Governor and their exempt appointees, and the exempt appointees mentioned above.

Explanatory Material:

There is a need to consolidate the State's health programs into a unified Department of Health. At present, responsibility for these programs is divided among several departments. This fragmentation prevents effective planning, creates confusion at both the State and local level, and limits the State's ability to achieve maximum benefit from its expenditures for health.

As health programs have proliferated and expanded, administrative problems have multiplied. Coordination has become more difficult, funds have not necessarily been

allocated on the basis of priority of needs, costs of medical care have risen much more rapidly than the general cost of living, and the consumer has been left with the formidable task of threading his way through a maze of health services in attempting to find the types of assistance appropriate to his needs.

The organization of the State's health programs has been complicated further by Federal funding requirements. However, this situation appears to be changing. Passage of the Intergovernmental Cooperation Act in 1968 allows the states more flexibility in organizing programs that are wholly or partly federally funded. It is anticipated that organizational changes set forth in this plan can be accomplished without loss of Federal funds.

Establishment of a Department of Health will enable the State to combine most of its health programs in a single organization. It will then be possible to structure these programs in such a way that coordination is achieved, health needs and programs are viewed comprehensively rather than as isolated segments, and services are organized more efficiently to facilitate their use by consumers.

The plan provides for appointment by the Governor of the Director of Health. His annual salary will be fixed by the Legislature. Positions at this level command a salary of \$32,000 per annum.

The plan also provides that the Governor shall retain the authority to make exempt appointments that he now has with respect to the Departments of Mental Hygiene, Public Health, and Health Care Services. In developing a strong management team to direct the operations of a large, complex organization like the proposed Department of Health, it is essential that the Governor have the opportunity to draw upon the best talent available, whether within or outside State Government, in filling the key policy positions in the Department.

Statutes Suspended:

None

- 2. The Department of Mental Hygiene is abolished and its functions, authorities, and responsibilities are transferred to the Department of Health. The only exception to this is the two Neuropsychiatric Institutes, which are transferred to the University of California.**

Explanatory Material:

The Department of Mental Hygiene is responsible for providing mental health services, including diagnosis, care and treatment, and rehabilitation of mentally ill or mentally retarded persons for whom no other treatment resources are available or suitable. This responsibility is carried out through the operation of 14 State hospitals.

The Department administers the Lanterman-Petris-Short Act, which provides funds for community programs for the mentally ill. The Department also conducts research into the causes, treatment, and prevention of mental illness and retardation; provides education for the general public on mental health; and conducts training for mental health specialties.

The two Neuropsychiatric Institutes carry on academic instruction and research, both of which are basic responsibilities of a university system. The Institutes are located on the campuses of the University of California Medical Schools in San Francisco and Los Angeles. All members of the professional staff of the Institutes hold faculty appointments on the medical school staff, and the Institutes serve as the medical schools' Division of Psychiatry. Because of these interrelationships, it is difficult to establish a clear dividing line between the functions and responsibilities of the medical schools and the Neuropsychiatric Institutes. Since the Institutes are performing a predominantly university function in a university setting and their transfer would have little impact on the balance of the Department of Mental Hygiene programs, they should be assigned to the University for integration within its total educational system.

Statutes Suspended:

Sections 4000, 4005, 7552, 7554, 7605, 7701, 7703 and 7704 of the Welfare and Institutions Code.

- 3. The Department of Public Health is abolished and all of its functions, authorities, and responsibilities are transferred to the Department of Health.**

Explanatory Material:

The mission of the Department of Public Health is to promote the highest level of health attainable for every Californian in an environment which contributes positively to healthful individual and family living. In carrying out this mission, the department's responsibility includes identifying those biological, physical, and social conditions in working, living, and recreational environments that are

the planning for health manpower. Such coordination can be accomplished most effectively by assigning both responsibilities to a Department of Health. Combining these functions will also help to eliminate the repetition of educational programs which is sometimes required when a person attempts to upgrade his skills and qualify for work at a higher professional level.

Statutes Suspended:

None

6. The social service functions, authorities, and responsibilities of the Department of Social Welfare are transferred to the Department of Health.

Explanatory Material:

There is general acceptance at all levels of government of the desirability of making a clear separation of the two basic responsibilities generally associated with welfare programs—social services and money payments. The Federal Department of Health, Education, and Welfare has recommended organizational separation of social services from cash payments in welfare programs. The State has concurred and organized its functions along these lines. In addition, the State has directed the counties to effect a similar organizational separation by July 1, 1970.

Along with this separation, there is a growing recognition of the interrelationship and interdependency of health services and social services. The line between the two types of services is becoming increasingly blurred, particularly at the local level. The Department of Social Welfare, directly and through the counties, provides a number of social services to people—most of whom are recipients of cash or medical assistance. These social services have varying degrees of relatedness to health services. They range from the placement of persons discharged from State hospitals in out-of-home care facilities to the supervision of county adoption programs; from identification of medical treatment needs to promotion of adequate child nutrition; and from family planning counseling to the provision of a home health aide or homemaker.

At present, several State departments have overlapping responsibilities in the health and social service fields. Alcoholism clinics, local mental health clinics, and diagnostic centers for mental retardation compete with the county welfare department's protective services for budget resources, qualified staff, and even clients. To cite another example, home health aide services for the tem-

porarily ill, permanently disabled, or feeble aged are licensed by the Department of Public Health, funded by the Department of Health Care Services, duplicated to a large extent by the Department of Social Welfare's attendant care-homemaker program, and used by the same client group.

One of the major social service functions of the Department of Social Welfare is licensing of institutions for children and aged. The apparent purpose for licensing such residential facilities is to insure the health and safety of the public. At present, this responsibility is divided among several State departments. Effective administration of the State's functions related to licensing of out-of-home care facilities can best be accomplished by consolidating these functions in the Department of Health.

Three major departments being consolidated into the Department of Health—Mental Hygiene, Public Health, and Health Care Services—also have social work staffs. In addition, social workers are included as an integral part of the staffs of local community programs for the mentally ill and mentally retarded. Consolidation of State responsibility for social services in the Department of Health will permit the integration of this staff into a more effective system, with a consequent improvement in the quality of service rendered to the public.

Statutes Suspended:

None

- 7. All of the functions, responsibilities, and authorities of the Department of Rehabilitation in connection with its alcoholism program are transferred to the Department of Health.**

Explanatory Material:

The Department of Rehabilitation is responsible for carrying out the provisions of the McAteer Alcoholism Act, along with certain other laws related to alcoholism. In doing so, the department operates directly one alcoholism clinic and contracts with various cities and counties for the operation of 13 others. Until recently, the responsibility for this program was vested in the Department of Public Health. Subsequently, the responsibility was shifted to the Department of Rehabilitation. As a result of Congress' passing the Intergovernmental Cooperation Act in 1968, it appears that the function can be reassigned to the Department of Health without loss of Federal funds.

The Department of Mental Hygiene provides similar services to alcoholics through the Lanterman-Petris-Short program, using a combination of clinics, purchased services, and State hospitals. The programs of the two departments operate independently, and there has been little concerted effort to coordinate their activities.

Transfer of the Department of Rehabilitation's responsibility for alcoholism to the Department of Health will eliminate the present program overlap with the Department of Mental Hygiene and will make it possible to provide a systematic approach to the prevention of alcoholism and to the identification, treatment, and rehabilitation of alcoholics.

Statutes Suspended:

None

8. **The State Board of Public Health, the Health Planning Council, and the Health Review and Program Council are to be eliminated. All of their functions, authorities, and responsibilities are to be transferred to an Advisory Health Council, except that the powers of the State Board of Public Health with respect to adopting, promulgating, repealing, or amending rules and regulations, and its power to issue licenses and permits, are to be transferred to the Director of Health. The composition of the Advisory Health Council will be the same as that now prescribed by law for the Health Planning Council, except for elimination of the positions of Director of Public Health and Director of Mental Hygiene. The Advisory Health Council will serve in an advisory capacity to the Director of Health. These reorganization actions will be accomplished no later than one year from the operative date of this Reorganization Plan, or earlier at the discretion of the Director of Health.**

Explanatory Material:

At present, there are numerous boards, commissions, and committees advising various State health agencies. With the consolidation of health programs into a Department of Health, there is a need to consolidate some of the boards that have broad advisory responsibilities in the

field of health. This can be accomplished by creating an Advisory Health Council, consisting of 19 members representing a broad range of health interests.

One of the primary responsibilities of the Advisory Health Council will be to assist the Department of Health in comprehensive health planning. The Council will be expected to take the long view ahead, developing a concept of the kinds of health services that should be available to the public, five, ten, and fifteen years from now. It should conduct a continuous evaluation of the health care delivery system and make recommendations to improve it. Working with public and private groups representing both providers and consumers, the Council should help to clarify the roles of government and the private sector in health. Part of the total delivery system is the health programs now carried out by the State, such as operation of State hospitals, support of health programs carried out at the local level, and Medi-Cal. The Council should recommend policy directions in relation to these areas that will provide a basis for program decisions.

The rule-making and licensing responsibilities of the State Board of Public Health will be transferred to the Director of Health. This follows the pattern established in a number of other departments of State Government, enabling the Advisory Health Council to concentrate on major policy issues.

Insofar as possible, the membership of the Advisory Health Council will be drawn from the present membership of the three boards being eliminated.

Statutes Suspended:

Sections 431.2 and 26344 of the Health and Safety Code and Sections 14125 and 14126 of the Welfare and Institutions Code.

GENERAL PROVISIONS

This Reorganization Plan is effective on the date specified by Government Code Section 12080.5. The plan shall become operative at such time as is recommended by the Director of the Department of Health, and approved by the Secretary of the Human Relations Agency and the Department of Finance, but not later than July 1, 1971. On the effective date of the transfer of a function, the funds incident to such function shall be transferred to the department.

The appointment of the Director of the Department of Health may be made on or after the effective date of this plan, and he shall assume such administrative functions and be

vested with such powers provided for in this plan as are necessary to carry out the provisions of this section. The director, immediately after his appointment, shall appoint such assistants as are necessary to plan and provide for the orderly assumption of those functions transferred to the department.

The director shall recommend that the plan become operative when he has made all arrangements necessary to assure the effectuation of the transfer of programs and funds under the plan in an orderly manner and with no disruption of functions and upon determining that sufficient funds and personnel for proper administration are available for implementation of the plan.

The agencies, officers and employees affected by this plan shall continue to perform their existing functions until the reorganization changes take place.

In addition to the description of the reorganization of various agencies in the Executive Branch of the State Government, there is also set forth explanatory material and the statutes that are suspended (required by Government Code Sections 12080.2 and 12080.3(g)). To facilitate understanding and reference, the explanatory material immediately follows the reorganization to which it is applicable.

TRANSFER OF EMPLOYEES

In accordance with Government Code Sections 12080.3 and 19370, all employees serving in the State civil service, other than temporary employees, who are engaged in the performances of a function transferred to another agency, or engaged in the administration of a law, the administration of which is transferred to another agency by this Reorganization Plan, are transferred to the agency to which such function or administration is transferred. The personnel records of all transferred employees shall be transferred to the agency to which the employee is transferred. The status, positions, and rights of such persons shall not be affected by their transfer and shall continue to be retained by them pursuant to the State Civil Service Act, except as to positions the duties of which are vested in a position exempt from civil service. If any doubt arises as to where such employees are transferred, the Personnel Board shall determine where an employee is transferred.

Explanatory Material

This provision is required by Government Code Section 12080.3(c) and (d).

TRANSFER OF PROPERTY

The property of any agency affected by this reorganization is transferred to the agency to which the function or adminis-

tration has been transferred. If any doubt arises as to where such property is transferred, the Department of General Services shall determine where the property is transferred. The property of any agency which is abolished shall be transferred to the Department of General Services.

Explanatory Material

This provision is required by Government Code Section 12080.3(d).

TRANSFER OF FUNDS

All unexpended balances of appropriations and other funds available for use in connection with any function or the administration of any law transferred by this Reorganization Plan shall be transferred to the agency to which the function or administration has been transferred for use for the purpose for which the appropriation was originally made or the funds originally available. If there is any doubt as to where such balances and funds are transferred, the Department of Finance shall determine where such balances and funds are transferred. All unexpended balances of appropriations and other funds for functions eliminated by this Reorganization Plan shall revert to the fund from which appropriated as determined by the Department of Finance.

Explanatory Material

This provision is required by Government Code Section 12080.3(e).

TERMINATION OF AGENCIES ABOLISHED

The affairs of any agency abolished by this Reorganization Plan shall be terminated as rapidly as possible. Such termination shall be the responsibility of the Governor's Cabinet.

Explanatory Material:

This provision is required by Government Code Section 12080.3(f).

**REORGANIZATION OF THE EXECUTIVE
BRANCH OF CALIFORNIA STATE
GOVERNMENT**

Reorganization Plan No. 2 of 1970

February 26, 1970

HON. ED REINECKE, *President*
and Members of the Senate

HON. BOB MONAGAN, *Speaker*
and Members of the Assembly

Pursuant to Section 12080.2 of the Government Code, I
hereby transmit Reorganization Plan No. 2 of 1970.

Respectfully,

A handwritten signature in cursive script that reads "Ronald Reagan". The signature is written in dark ink and is positioned above the printed name and title.

RONALD REAGAN
Governor

GOVERNOR'S MESSAGE

In accordance with Section 12080.2 of the Government Code, I am submitting Reorganization Plan No. 2 of 1970 for review by the Legislature. It has also been submitted to the Commission on California State Government Organization and Economy and to the Legislative Counsel as provided in Section 8523 of the Government Code. I have found each reorganization action included in this Plan to be in the public interest.

The actions proposed in this Plan will increase efficiency, save the taxpayers money, provide more effective management of the Executive Branch and more particularly of the boards, bureaus, committees and commissions of the Department of Professional and Vocational Standards and will promote the expeditious administration of the public business.

This Plan emphasizes that the Department of Professional and Vocational Standards and the agencies contained within the Department were created to protect the public health, safety, and welfare and that their primary interest is consumer protection in the public interest. As reorganized the Department of Consumer Affairs will be the first major state agency of its kind in the United States.

The Plan constitutes one of several important changes in the continuing process of updating our State Government. I am certain that, with your support, it will prove to be a constructive step in streamlining and making more efficient the operation of the department.

REORGANIZATION ACTIONS

1. The name of the Department of Professional and Vocational Standards is changed to the Department of Consumer Affairs.

Explanatory Material:

This change is a step which re-emphasizes the basic responsibilities of this department in State government. The department's primary purpose is to protect the public health, safety, and welfare. The new name is more descriptive of the functions of the department in consumer protection and better identifies these functions for the consumer in the field of business and professional licensing.

Statutes Suspended:

None

2. The Office of Consumer Counsel is transferred to the Department of Consumer Affairs.

Explanatory Material:

Both the Department of Consumer Affairs and the Office of Consumer Counsel are in the Agriculture and Services Agency. This will provide statutory confirmation of an administrative change, already completed, to place the Office of Consumer Counsel in the department most logically related to its functions. The change will provide the Consumer Counsel with additional administrative support and will enable the public to more easily identify and locate the agency.

Statutes Suspended:

None

3. The Collection Agency Licensing Bureau and the Bureau of Private Investigators and Adjusters are abolished and their functions, powers, duties, and responsibilities transferred to the Bureau of Collection and Investigative Services, which is established in the department under the supervision and control of the director. Subject to confirmation by the Senate, the Governor may appoint a chief of the new bureau to serve under the supervision and

control of the director. The director and the chief shall have the same functions, powers, duties and responsibilities with respect to each of the acts subject to the new bureau's jurisdiction as they have with respect to such acts under present law, and the present separate funding of each act shall be continued. The name of the California Advisory Board of Collection Agencies is changed to the Collection Agency Advisory Board.

Explanatory Material:

At present the director administers the Collection Agency Act and the Private Investigator and Adjuster Act through the Collection Agency Licensing Bureau and the Bureau of Private Investigators and Adjusters, respectively, and the law provides for a chief of each bureau. Consolidation of the bureaus, with provision for a single chief, will assure better coordination of related activities and permit a more efficient, economical, and effective service to the public.

Statutes Suspended:

None

4. The name of the Bureau of Electronic Repair Dealer Registration is changed to the Bureau of Repair Services. The name of the Advisory Board, Bureau of Electronic Repair Dealer Registration, is changed to the Repair Services Advisory Board. The name of the Electronic Repair Dealer Registration Fund is changed to the Repair Services Fund.

Explanatory Material:

The name change is more descriptive of the functions of the bureau and is in keeping with the administration's proposed umbrella agency concept. Under this concept the Legislature may, if deemed desirable in the public interest, expand the bureau to encompass the regulation of other types of repair industries.

Statutes Suspended:

None

5. The authority to employ the investigative, inspectional, and auditing personnel necessary for the

work of the various agencies in the department is transferred from the agencies themselves to the department in the following manner: If an agency has no investigative, inspectional, or auditing positions of its own on the 60th day after the effective date of this Reorganization Plan, its authority to employ such personnel is transferred to the department on that date. If an agency has investigative, inspectional, or auditing positions of its own on the 60th day after the effective date of this Reorganization Plan, its authority to employ such personnel is transferred to the department on the date the director of the department determines, after consultation with and consideration of the views of the agency, that the authority should be so transferred in the interests of efficient, economical, and effective service to the public. All investigative, inspectional, and auditing personnel employed by the department shall be assigned to the department's Division of Investigation.

Explanatory Material:

The Division of Investigation, which was created by Executive Order of the Governor in 1961, operates under the direction and control of a Chief who is responsible to the Director. At present, its personnel perform the investigative and inspectional work required by most of the agencies in the department and these agencies no longer employ their own personnel. Authorization for the transfer to the Division of the personnel of the remaining agencies is a desirable step toward full realization of the potential for economy and for effective and objective service to the public which underlies the Division concept.

Statutes Suspended:

None

6. All functions, authorities and responsibilities of any agency in the Department of Consumer Affairs to determine the form and content of licenses, certificates, permits and similar indicia of authority, including renewals thereof, are transferred to the director. Before any determination is made by the

director he shall consult with and consider the views of the agencies concerned. Existing supplies may be used until exhausted or until December 31, 1971, whichever is earlier.

Explanatory Material:

Standardization of the form and content of these documents will eliminate unnecessary information, together with such costly procedures as hand lettering, and will permit greater utilization of data processing capabilities. The result will be increased efficiency and economy without the sacrifice of essential service.

Statutes Suspended:

None

7. The Governor shall appoint a public member to replace one of the present licensee members on the following boards in the Department of Consumer Affairs: State Board of Accountancy, California State Board of Architectural Examiners, California State Board of Landscape Architects, State Board of Barber Examiners, State Board of Registration for Professional Engineers, Collection Agency Advisory Board, Contractors' State License Board, State Board of Cosmetology, State Board of Funeral Directors and Embalmers, State Board of Registration for Geologists, Structural Pest Control Board, Cemetery Board, California Advisory Board of Furniture and Bedding. Each office so affected shall thereafter be held by a public member.

The appointment to the State Board of Accountancy shall be to fill the first vacancy occurring in the office of a certified public accountant member whose term expires November 26, 1972. If a vacancy occurs in more than one of such offices simultaneously, the Governor shall determine the office to be filled by the appointment of a public member. The term of the office shall remain the same as under present law.

The appointment to the California State Board of Architectural Examiners shall be to fill the vacancy created by the expiration of the term of the building designer member whose term expires January 15, 1971. The first appointment shall be for a term expiring June 1, 1974. Each appointment thereafter shall be for a four-year term expiring June 1.

The appointment to the California State Board of Landscape Architects shall be to fill the vacancy created by the expiration of the term of the landscape architect member from Southern California whose term expires January 15, 1971. The first appointment shall be for a term expiring June 1, 1974. Each appointment thereafter shall be for a four-year term expiring June 1.

The appointment to the State Board of Barber Examiners shall be to fill the vacancy created by the expiration of the term of the barber member whose term expires January 15, 1971. The first appointment shall be for a term expiring June 1, 1974. Each appointment thereafter shall be for a four-year term expiring June 1. The persons so appointed shall not receive a salary but shall receive the same per diem compensation and reimbursement for expenses as the present public member. Appointments to this board shall be subject to Senate confirmation, as required by present law.

The appointment to the State Board of Registration for Professional Engineers shall be to fill the vacancy created by the expiration of the term of the civil engineer member whose term expires January 15, 1971. The first appointment shall be for a term expiring June 1, 1974. Each appointment thereafter shall be for a four-year term expiring June 1.

The appointment to the Collection Agency Advisory Board shall be to fill the first vacancy occurring in the office of a member whose term expires June 30, 1971. If a vacancy occurs in more than one of such offices simultaneously, the Governor shall determine the office to be filled by the appointment of a public member. The term of the office shall remain the same as under present law.

The appointment to the Contractors' State License Board shall be to fill the first vacancy occurring in the office of the general building contractor member whose term expires January 15, 1972. An appointment to fill a vacancy occurring prior to January 15, 1972, shall be for a term expiring January 15, 1972. An appointment to fill a vacancy occurring on or after January 15, 1972, but prior to June 1, 1975, shall be for a term expiring June 1, 1975. Appointments to fill vacancies occurring on and after June 1, 1975, shall be for four-year terms expiring June 1. Appointments to this board shall be subject to Senate confirmation, as required by present law.

The appointment to the State Board of Cosmetology shall be to fill the vacancy created by the expiration of the term of the member whose term expires January 15, 1971. The first appointment shall be for a term expiring June 1, 1974. Each appointment thereafter shall be for a four-year term expiring June 1.

The appointment to the State Board of Funeral Directors and Embalmers shall be to fill the vacancy created by the expiration of the term of the member whose term expires January 15, 1971. The first appointment shall be for a term expiring June 1, 1974. Each appointment thereafter shall be for a four-year term expiring June 1.

The appointment to the State Board of Registration for Geologists shall be to fill the vacancy

created by the expiration of the term of the geologist member from Administrative District 5 whose term expires January 15, 1971. The first appointment shall be for a term expiring June 1, 1974. Each appointment thereafter shall be for a four-year term expiring June 1.

The appointment to the Structural Pest Control Board shall be to fill the vacancy created by the expiration of the term of the member whose term expires January 15, 1971. The first appointment shall be for a term expiring June 1, 1974. Each appointment thereafter shall be for a four-year term expiring June 1.

The appointment to the Cemetery Board shall be to fill the vacancy created by the expiration of the term of the member whose term expires January 15, 1971. The first appointment shall be for a term expiring June 1, 1974. Each appointment thereafter shall be for a four-year term expiring June 1. Appointments to this board shall be subject to Senate confirmation, as required by present law.

The appointment to the California Advisory Board of Furniture and Bedding shall be to fill the first vacancy occurring in the office of the supply dealer member whose term expires June 30, 1973. The term of the office shall be the same as under present law.

Explanatory Material:

The substitution of public members for licensee members will result in greater objectivity in the regulatory process and increased responsiveness to the public interest by the boards affected. Certain boards have been excluded because they presently have two or more public members. The Athletic Commission and the State Board of Guide Dogs for the Blind, also excluded, have no licensee members. The Certified Shorthand Reporters Board, similarly excluded, has a complement of non-licensee membership which makes the addition of public members unnecessary. The healing arts boards and related examining committees are included in another reorganization plan which will

place them in another department and are therefore excluded from this Plan.

The terms of the public members for whom this Plan provides will be in general conformity with the terms established by present law for the offices to which they are to be appointed.

Statutes Suspended:

None

GENERAL PROVISIONS

This Reorganization Plan is effective on the date specified by Government Code Section 12080.5. The agencies, officers and employees affected by this Plan shall continue to perform their existing functions for sixty days following the effective date of this Reorganization Plan and during this period shall plan for the necessary changes. The reorganization changes herein provided shall take place on the sixtieth day after the effective date of this Plan except as otherwise provided in this Plan.

In addition to the description of the reorganization of various agencies in the Executive Branch of the State Government, there is also set forth explanatory material and the statutes that are suspended (required by Government Code Sections 12080.2 and 12080.3(g)). To facilitate understanding and reference, the explanatory material immediately follows the reorganization to which it is applicable.

TRANSFER OF EMPLOYEES

In accordance with Government Code Sections 12080.3 and 19370, all employees serving in the State civil service, other than temporary employees, who are engaged in the performance of a function transferred to another agency, or engaged in the administration of a law, the administration of which is transferred to another agency by this Reorganization Plan, are transferred to the agency to which such function or administration is transferred. The personnel records of all transferred employees shall be transferred to the agency to which the employee is transferred. The status, positions, and rights of such persons shall not be affected by their transfer and shall continue to be retained by them pursuant to the State Civil Service Act, except as to positions the duties of which are vested in a position exempted from civil service. If any doubt arises as to where such employees are transferred, the Personnel Board shall determine where an employee is transferred.

Explanatory Material:

This provision is required by Government Code Section 12080.3(c) and (d).

TRANSFER OF PROPERTY

The property of any agency affected by this reorganization is transferred to the agency to which the function or administration has been transferred. If any doubt arises as to where such property is transferred, the Department of General Services shall determine where the property is transferred. The property of any agency which is abolished shall be transferred to the Department of General Services.

Explanatory Material:

This provision is required by Government Code Section 12080.3(d).

TRANSFER OF FUNDS

All unexpended balances of appropriations and other funds available for use in connection with any function or the administration of any law transferred by this Reorganization Plan shall be transferred to the agency to which the function or administration has been transferred for use for the purpose for which the appropriation was originally made or the funds originally available. If there is any doubt as to where such balances and funds are transferred, the Department of Finance shall determine where such balances and funds are transferred. All unexpended balances of appropriations and other funds for functions eliminated by this Reorganization Plan shall revert to the fund from which appropriated as determined by the Department of Finance.

Explanatory Material:

This provision is required by Government Code Section 12080.3(e).

TERMINATION OF AGENCIES ABOLISHED

The affairs of any agency abolished by this Reorganization Plan shall be terminated as rapidly as possible. Such termination shall be the responsibility of the Governor's Cabinet.

Explanatory Material:

This provision is required by Government Code Section 12080.3(f).
