23583.4. The regents may provide for one or several issues of bonds and may issue bonds in series or may divide any issue into one or more divisions and fix different maturities or dates of such bonds, different rates of interest, or prescribe dif-

ferent terms and conditions for the bonds of the several series or divisions. It is not necessary that all bonds of the same authorized issue be of the same kind or character, have the same security, or be of the same interest rate, but the terms of such bonds shall in each case be provided for by the regents, at or prior to the issue of the bonds.

23583.5. Bonds may be issued as coupon bonds or as registered bonds. The regents may provide for the interchange of coupon bonds for registered bonds and registered bonds for coupon bonds, and may provide that the bonds shall be registered as to principal only, or as to both principal and interest, or otherwise as the regents may determine.

23583.6. Bonds shall bear interest at a rate of not to exceed 8 percent per annum, payable annually or semiannually, or in part annually and in part semiannually.

23583.7. Bonds may be callable upon such terms, conditions, and upon such notice as the regents may determine, and upon the payment of such premium as may be fixed by the regents in the proceedings for the issuance of the bonds. No bond is subject to call or redemption prior to its fixed maturity date unless the right to exercise such call is expressly stated on the face of the bond.

23583.8. The regents may provide for the payment of the principal and interest of bonds at any place within or without the state, and in specified coin or currency of the United States.

23583.9. The regents may provide for the execution and authentication of bonds by the manual, lithographed, or printed facsimile signature of officers of the regents and by additional authentication by a trustee or fiscal agent appointed by the regents. If any of the officers whose signatures or countersignatures appear upon the bonds or coupons cease to be officers before the delivery of the bonds or coupons, their signatures or countersignatures are nevertheless valid and of the same force and effect as if the officers had remained in office until the delivery of the bonds and coupons.

23583.10. Bonds shall bear dates prescribed by the regents. Bonds may be serial bonds or sinking fund bonds with such maturities as the regents may determine. No bond by its terms shall mature in more than 50 years from its own date and, in the event any authorized issue is divided into two or more series or divisions, the maximum maturity date authorized in this section shall be calculated from the date on the face of each bond separately, irrespective of the fact that different dates may be prescribed for the bonds of each separate series or division of any authorized issue.

23583.11. Bonds may be sold at either public or private sale. The regents may fix terms and conditions for the sale or other disposition of any authorized issue of bonds. The regents may sell bonds at less than their par or face value, but no bond may be sold at a price below the par or face value of the bond which would result in a sale price yielding to the

purchaser an average of more than 8 percent per annum, payable semiannually, according to standard tables of bond values.

23583.12. The regents may provide for the security of bonds. The regents may use and expend all or any part of any funds or proceeds of any property owned by it, whether received by gift, appropriation or otherwise, if not restricted as to the use of such funds or proceeds of property by the terms of any gift or trust or provision of law, for the redemption of bonds issued pursuant to this chapter and the payment of interest due on the bonds.

23583.13. All costs and expenses incident to the issuance and sale of bonds may be paid out of the proceeds of the sale of the bonds. Interest on bonds may be paid out of the proceeds of the sale of the bonds during the actual construction of any project for the acquisition, construction, or completion of which the bonds have been issued, and for a period of not to exceed two years after the completion of the actual construction of the project as provided for in the indenture.

23583.14. The regents may provide that the bonds and the interest on the bonds shall be secured by all or by part of revenues of a project upon the basis of which revenue bonds are issued or authorized to be issued, and shall constitute such lien upon the revenues of such project as may be provided for in the indenture.

23583.15. Pending the actual issuance or delivery of revenue bonds, the regents may issue temporary or interim bonds, certificates, or receipts of any denominations whatsoever, and with or without coupons, to be exchanged for definitive bonds when ready for delivery.

23583.16. The regents may provide for the replacement of lost, destroyed, or mutilated bonds, or coupons.

23583.17. Bonds issued pursuant to this chapter and the interest or income from such bonds, are exempt from all taxation in this state other than gift, inheritance, and estate taxes.

23583.18. The regents may designate a bank or trust company, qualified to do business in this state, as a trustee for the regents and the holders of bonds issued pursuant to this chapter, and may authorize the trustee to act on behalf of the holders of the bonds, or any stated percentage of the bonds, and to exercise and prosecute on behalf of the holders of the bonds such rights and remedies as may be available to the holders.

23583.19. The regents may fix and determine the conditions upon which any trustee shall receive, hold, or disburse any or all revenues deposited with it by or by authority of the regents. The regents shall prescribe the duties and powers of any such trustee with respect to the issuance, authentication, sale, and delivery of the bonds and the payment of principal of, and interest on, the bonds, the redemption of the bonds, the registration and discharge from registration of the bonds, and the management of any sinking fund or other funds provided as security for the bonds.

23583.20. All bonds issued pursuant to this chapter are negotiable instruments, except when registered in the name of a registered owner.

23583.21. Except as provided otherwise in any indenture, the holder of any bond issued pursuant to this chapter may, by mandamus or other appropriate proceeding, require and compel the performance of any of the duties imposed upon the regents or upon any official or employee or assumed by the regents or any official or employee, in connection with the acquisition, construction, operation, maintenance, repair, reconstruction, or insurance of any project, or the collection, deposit, investment, application, and disbursement of rents, rates, charges, fees, and all other revenues derived from the operation and use of any project or in connection with the deposit, investment, and disbursement of the proceeds received from the sale of bonds pursuant to this chapter. The enumeration of such rights and remedies does not, however, exclude the exercise or prosecution of any other rights or remedies available to the holders of bonds issued pursuant to this chapter.

23583 22. Notwithstanding any other provision of law, all bonds sold and delivered pursuant to this chapter are legal investments for all trust funds and for the funds of all insurance companies, banks, both commercial and savings, trust companies, the state school funds, and any public or private funds which may be invested in county, municipal, or school district bonds, and may be deposited as security for the performance of any act whenever the bonds of any county, municipality, or school district may be so deposited, and may also be used as security for the deposit of public moneys in banks in this state.

Article 4. Indentures

23584. The regents may enter into indentures providing for the aggregate principal amount, date or dates, maturities, interest rates, denominations, form, registration, transfer, and interchange of any revenue bonds and coupons issued pursuant to this chapter, and the terms and conditions on which the bonds shall be executed, issued, secured, sold, paid, redeemed, funded, and refunded. Reference on the face of the bonds to such indenture by its date of adoption, or the apparent date on the face thereof, is sufficient to incorporate all of the provisions of the indenture and of this chapter into the body of the bonds and their appurtenant coupons. Each taker and subsequent holder of the bonds or coupons, whether the coupons are attached to, or detached from, the bonds, has recourse to all of the provisions of the indenture and of this chapter, and is bound thereby.

23584 1. An indenture pursuant to which bonds are issued may include any and all such covenants and agreements on the part of the regents as the regents deems necessary or advisable

for the better security of the bonds issued pursuant to the indenture.

23584.2. An indenture shall provide the means by which payments of principal and interest of bonds shall be secured.

23584.3. An indenture may include a clause relating to the bonds issued pursuant to the indenture requiring the regents to pay or cause to be paid punctually the principal of all such bonds and the interest on such bonds on the date or dates, or at the place or places, and in the manner mentioned in such bonds and in the coupons appertaining to the bonds in accordance with such indenture.

23584.4. The regents may include in an indenture such limitations as to competitive projects, both as to location and comparative rentals, as may be deemed necessary or desirable for the security of revenue bonds issued pursuant to this chapter.

23584.5. The regents may also include in an indenture a covenant that no project acquired, constructed, or completed from the proceeds of revenue bonds issued by the regents shall be used without charge for such use or that no facilities of any such project shall be furnished free of charge to any person.

23584.6. An indenture may include a clause relating to the bonds issued pursuant to the indenture, requiring the regents to operate the project continuously, to the extent practicable under conditions as they may from time to time exist, in an efficient and economical manner.

23584.7. An indenture may include a clause relating to the bonds issued pursuant to the indenture requiring the regents to make all necessary repairs, renewals, and replacements to any project, and to keep the project at all times in good repair, working order, and condition.

23584.8. An indenture may include a clause relating to the bonds issued pursuant to the indenture requiring the regents to preserve and protect the security of the bonds and the rights of the holders of the bonds and to warrant and defend such rights.

23584.9. An indenture may include a clause relating to the bonds issued pursuant to the indenture requiring the regents to pay and discharge, or cause to be paid and discharged, all lawful claims for labor, materials, and supplies or other charges which, if unpaid, might become a lien or charge upon the revenues, or any part of the revenues, of any project acquired, constructed, or completed from the proceeds of the sale of the bonds, or upon any physical properties, or which might impair the security of the bonds.

23584.10. An indenture may include a clause relating to the bonds issued pursuant to the indenture which limits, restricts, or prohibits any right, power, or privilege of the regents to mortgage or otherwise encumber, sell, lease, or dispose of any improvements constructed from the proceeds of the bonds, or to enter into any lease or agreement which impairs or impedes the operation of a project, or any part of a project, necessary

to secure adequate revenues or which otherwise impairs or impedes the rights of the holders of the bonds with respect to such revenues.

23584.11. An indenture may include a clause relating to the bonds issued pursuant to the indenture requiring the regents to fix, prescribe, and collect rates, rentals, or other charges in connection with the services and facilities furnished from the project acquired, constructed, or purchased from part or all of the proceeds of the bonds, sufficient to pay the principal of, and interest on, the bonds as they become due and payable, together with such additional sums as may be required for any sinking fund, reserve fund, or other special fund provided for the further security of such bonds or as a depreciation charge or other charges in connection with such project.

23584.12. An indenture may include a clause relating to the bonds issued pursuant to the indenture requiring the regents to hold, or cause to be held, in trust the revenues, or any part of revenues, pledged to the payment of such bonds and the interest on such bonds, or to any reserve or other fund created for the further protection of the bonds, and to apply such revenues, or part of revenues, or cause them to be applied only as provided in the indenture.

23584.13. An indenture may include a clause defining the power of the regents in applying the proceeds of the sale of any issue of bonds for the acquiring, constructing, or completing of any project or any part of any project.

23584.14. An indenture may include a clause limiting the power of the regents to issue additional bonds for the purpose of acquiring, constructing, or completing any project or any part of any project.

23584.15. An indenture may include a clause requiring, specifying, or limiting the kind, amount, and character of insurance to be maintained by the regents on any project, or any part of any project, and the use and disposition of the proceeds of any such insurance thereafter collected.

23584.16. An indenture may include a clause providing the events of default and the terms and conditions upon which any or all of the bonds of the regents then or thereafter issued may become or be declared due and payable prior to maturity, and the terms and conditions upon which such declaration and its consequences may be waived.

23584.17. An indenture may include a clause designating the rights, limitations, powers, and duties arising upon breach by the regents of any of the covenants, conditions, or obligations contained in any indenture.

23584.18. An indenture may include a clause prescribing procedure by which the terms and conditions of the indenture may be subsequently amended or modified with the consent of the regents and the vote or written assent of the holders of a specified principal amount or specified proportion of the bonds issued and outstanding. Such clause may provide for meetings

of bondholders and for the manner in which the consent of the bondholders may be given. The clause shall specifically state the effect of such amendment or modification upon the rights of the holders of all of the bonds and interest coupons appertaining to the bonds, whether attached to the bonds or detached from the bonds.

23584.19. With respect to any clause providing for the modification or amendment of an indenture, the regents may agree that bonds held by the regents or by the state or any political subdivision of the state, including any public corporation, board, or agency of any class or kind, shall not be counted as outstanding bonds, or be entitled to vote or assent, but shall, nevertheless, be subject to any such modification or amendment.

23584.20. An indenture may include a clause or clauses providing for such other acts and matters as may be necessary or convenient or desirable in order better to secure the bonds or to make the bonds more marketable.

23584.21. The regents may provide in an indenture that the proceeds from the sale of all revenue bonds authorized pursuant to this chapter shall be paid directly to any bank or trust company designated by the regents as the fiscal agent or depository of the regents, to be held in a separate account to be designated the "construction fund" and to be disbursed in the manner and upon the conditions provided in the indenture for any of the following:

(a) The acquisition, construction, and completion of the project, including the payment of the cost of all surveys, preparation of plans and specifications, and the payment of all architectural, engineering, legal, and administrative costs.

(b) The payment of all costs and expenses of, and incident to, the issuance and sale of bonds.

(c) The payment of interest due, or to become due, on the bonds during the period of actual construction, and for such further period as may be specified in the indenture for the issuance of the bonds not exceeding two years after the period of construction.

23584.22. Moneys in any construction fund may be invested as the regents in its sole discretion shall determine, subject only to such limitations as may be provided in an indenture providing for the issuance of revenue bonds.

23584.23. After all the revenue bonds shall have been fully paid and discharged, or provision for their payment and discharge irrevocably made, any surplus moneys in the construction fund shall, subject to the limitations and restrictions in any indenture providing for the issuance of the revenue bonds, become and be the property of the regents, and be used by the regents for any lawful purpose.

Article 5. Funding or Refunding Bonds

23585. The regents may provide for the issuance, sale, or exchange of refunding bonds for the purpose of redeeming

or retiring any revenue bonds issued by the regents. All provisions of this chapter applicable to the issuance of revenue bonds are applicable to the funding or refunding bonds and to the issuance, sale, or exchange of funding or refunding bonds.

23585.1. Funding or refunding bonds may be issued in a principal amount sufficient to provide funds for the payment of all bonds to be funded or refunded by such funding or refunding bonds, and in addition for the payment of all expenses incident to the calling, retiring, or paying of such outstanding bonds, and the issuance of such funding or refunding bonds. These expenses include the difference in amount between the par value of the funding or refunding bonds and any amount less than par for which the funding or refunding bonds are sold, any amount necessary to be made available for the payment of interest upon such funding or refunding bonds from the date of sale of the funding or refunding bonds to the date of payment of the bonds to be funded or refunded or to the date upon which the bonds to be funded or refunded will be paid pursuant to the call of the bonds to be funded or refunded or agreement with the holders of the bonds to be funded or refunded, and the premium, if any, necessary to be paid in order to call or retire the outstanding bonds and the interest accruing on the outstanding bonds to the date of the call or retirement.

The commission may provide for compensatory agreements on those parcels of state land which it feels should be subjected to such agreements rather than to leasing thereof. No person, association, or corporation shall take, hold, own, or control at one time, whether acquired directly from the commission under this act or otherwise, any direct or indirect interests in state geothermal leases or permits exceeding 25,600 acres. In computing acreage holdings or control, the accountable acreage of a party owning an undivided interest in a lease or permit shall be such party's proportionate part of the total lease or permit acreage. Likewise, the accountable acreage of a party owning an interest in a corporation or association shall be his proportionate part of the corporation's or association's accountable acreage, except that no person shall be charged with his pro rata share of any acreage holdings of any association or corporation unless he is the beneficial owner of more than 10 percent of the stock or other instruments of ownership or control of such association or corporation. Parties owning a royalty or other interest determined by or payable out of a percentage of production from a lease or permit will be charged with a similar percentage of the total acreage. Prospecting permits or leases for lands beneath lakes and rivers, and below the mean high tide level of tide and submerged lands, may be issued for not less than 640 acres nor more than 5,760 acres and shall embrace a reasonably compact area, except that a permit or lease may be issued for a parcel less than 640 acres if such parcel is isolated from or not contiguous with other parcels of land available for permit or lease hereunder. No limitation shall apply to the number of permits or leases granted under this act. The unitizing of acreage by two or more lessees pursuant to a cooperative or unit plan of development or operation approved by the commission shall be excepted in determining acreage holdings and any lease or portion so committed shall continue in force so long as committed to the plan beyond the expiration date of its primary term. Any lease eliminated from any approved cooperative plan of development shall continue in effect for the original term of the lease or for two years after its elimination from the plan or the termination thereof, whichever is longer, and so long thereafter as geothermal resources are being produced or utilized in commercial quantities. A purchaser of geothermal

resources pursuant to a sales contract approved by the commission shall not be deemed to have a direct or indirect interest in geothermal leases or permits.

If the fee due and delinquent and the amount of penalty prescribed in this paragraph are paid within 30 days from the date the penalty becomes due the amount of the penalty shall be reduced to 10 percent of total amount of the fee but in no event less than one dollar (\$1).

SEC. 3. Section 4604 of the Vehicle Code is amended to read:

4604. When the registration of a vehicle has expired at midnight on the 31st day of December of any year and the vehicle is not thereafter operated, moved, or left standing upon any highway, then any application for renewal made subsequent to the first Friday of February following the expiration of the registration and for succeeding calendar years in which

the vehicle has not been registered shall be accompanied by a certificate of nonoperation. The application for renewal of registration, whether or not accompanied by an application for transfer of any title or interest therein, shall be received by the department upon payment of the proper fees for the current calendar year and without penalty for delinquent payment of fees imposed under this code or under Part 5 of Division 2 of the Revenue and Taxation Code, commencing with Section 10701; provided, that the department receives the application and certificate of nonoperation within 30 days after the date the vehicle is first operated or left standing upon any highway during the current calendar year.

SEC. 4. Section 4611 of the Vehicle Code is amended to read:

4611. (a) When the home state license plates of a foreign vehicle expire on December 31, and the owner of such vehicle has previously established residence or accepted gainful employment in this state, such owner shall make application for registration of said vehicle in this state between January 1st and midnight of the first Friday of February succeeding such expiration date. Such application shall be deemed an application for renewal of registration.

(b) Whenever the home state license plates of a foreign vehicle expire on a date other than December 31 and the owner of such vehicle has previously established residence or accepted gainful employment in this state, such owner shall make application for registration of the vehicle in this state within 30 days following the home state license plate's expiration date. Such application shall be deemed an application for renewal of registration.

SEC. 5. Section 5015 of the Vehicle Code is amended to read:

5015. (a) The application for an identification plate for special construction, special mobile, and cemetery equipment shall be made before any such piece of equipment is moved over a highway.

(b) (1) An identification plate shall be issued for a snowmobile before such snowmobile may be operated on a highway or public or private property.

(2) Every identification card issued for a snowmobile on or after January 1, 1971, shall expire at midnight on the 31st day of December of the even-numbered year next following the date of issuance.

SEC. 6. Section 5903 of the Vehicle Code is amended to read:

(b) Whenever any application for registration is filed with the department between December 1st and December 31st, inclusive, the application shall be accompanied by the full annual renewal fees for the ensuing year in addition to any other fees then due and payable.

SEC. 7. Section 8150 of the Vehicle Code is amended to read:

8150. The Legislature declares that in enacting this article, it adheres to the principle that each state should have the freedom to develop the kind of highway user tax structure that it determines to be most appropriate to itself, that the method of taxation of interstate vehicles should not be a determining factor in developing its user tax structure, and that annual taxes or other taxes of the fixed fee type which are not imposed on a basis that reflects the amount of highway use should be apportioned among the states, within limits of practicality, on the basis of vehicle miles traveled within each of the states. In the event the department determines that apportionment of taxes on the basis of vehicle miles for a particular fleet of vehicles is impractical, the department may require the taxes on such fleet to be apportioned on an equivalent basis other than miles, as determined by the department.

SEC. 8. Section 8153 of the Vehicle Code is amended to read:

8153. The application shall declare the total mileage operated, or equivalent when required by the department, with each fleet of vehicles in all foreign jurisdictions and the total mileage, or equivalent as required, operated by each fleet in this state during the preceding calendar year, or a preceding 12-month period as determined by the department, and shall describe and identify each vehicle in each fleet to be operated in this state during the ensuing license year. The application shall also designate a sufficient number of certain vehicles in each fleet to be registered and licensed under Division 3 (commencing with Section 4000) of this code and Part 5 (commencing with Section 10701) of Division 2, Revenue and Taxation Code, to produce total fee payments not less than an amount obtained by applying the proportion of in-state fleet miles to total fleet miles, or equivalents when required, as reported in the application, to the fees which would otherwise be required for complete licensing and registration of the fleet in this state or, in the discretion of the department with respect to any fleet, shall, in lieu of the designation of vehicles as heretofore in this section provided, be accompanied by a fee equal to the amount computed as heretofore in this section provided.

SEC. 9. Section 8155 of the Vehicle Code is amended to read:

8155. Mileage proportions, or their equivalents when required, for interstate fleets not operated in this state during the preceding year shall be determined by the department upon verified application on forms to be supplied by the department, upon request, which will show the operations of the preceding year in foreign jurisdictions and the estimated operation in this state. If no operations were conducted the previous year a full statement of the proposed method of operation shall accompany the application.

SEC. 10. Section 8156 of the Vehicle Code is amended to read:

8156. Applications under which fees are due and payable on or before the next following first Friday of February may be filed with the department on or after November 1st.

SEC. 11. Section 9553 of the Vehicle Code is amended to read:

9553. (a) A penalty shall be added upon any application for annual renewal of registration or any application for renewal of special identification plates made on or after the first Saturday following the first Friday of February except as provided in Section 4604.

(b) A penalty shall be added upon any application for renewal of any special plate or plates made on or after December 1st.

(c) Except as otherwise provided in this section, if any fee is not paid within 30 days after the same becomes delinquent a penalty shall be added thereto.

SEC. 12. Section 9556 of the Vehicle Code is amended to read:

9556. Whenever any person or organization authorized by the department under Section 4610 receives an application for annual renewal of registration accompanied by the proper fee and endorses a receipt or validates a registration card or potential registration card in respect to the application for renewal of registration prior to midnight of the first Friday of February in any year, the application and payment of fees shall not be deemed delinquent or subject to penalty except that the person or organization so receiving the application and fees shall transmit the application and fees to the department as promptly as practicable in the immediate course of business.

SEC. 13. Section 9860 of the Vehicle Code is amended to read:

9860. Certificates of number shall be renewed by the owner between January 1, 1969, and February 4, 1969, between January 1, 1972, and February 4, 1972, and between January 1 and the first Friday of February every year thereafter, by presentation of the certificate of number last issued for the vessel or by presentation of a potential registration card issued by the department. The fee for renewal shall be three

dollars (\$3) up to December 31, 1971, and two dollars (\$2) per year thereafter and shall accompany the request for such renewal.

SEC. 2. Section 53654 of the Government Code is amended to read:

53654. (a) The depository may add securities to the pool or substitute securities of equal value for those in the pool at any time.

(b) Withdrawal of securities from the pool without replacement at equal value may be ordered only by bonded officers or employees of the depository who have satisfied such requirements as may be set by the administrator. The agent of depository is responsible for the safekeeping and disbursement of securities placed in its custody by a depository. It shall release securities only upon presentation by the depository of the most reasonably current statement of the total deposits subject to this article held by the depository, such statement to be verified and countersigned by two bonded officers, other than those who may have ordered the withdrawal of securities. A copy of this statement shall be forwarded to the administrator concurrently by the agent of depository.

SEC. 3. Section 53661 of the Government Code is amended to read:

53661. The Superintendent of Banks shall act as Administrator of Local Agency Security and shall be responsible for the administration of this article. He shall:

(a) Issue such rules and regulations consistent with law as he may deem necessary or advisable in executing the powers, duties and responsibilities assigned by this article.

(b) In addition to other remedies, have the power and authority to impose the following sanctions for noncompliance with this article, after a hearing if requested by the party deemed in noncompliance, except as provided in subsection (4):

(1) Assess against and collect from a depository a fine of two hundred fifty dollars (\$250) for each day such depository fails to maintain with the agent of depository securities as required by Section 53652.

(2) Assess against and collect from a depository a fine of one hundred dollars (\$100) for each day beyond the time period specified in subdivision (b) of Section 53663 the depository negligently or willfully fails to file in the office of the administrator a written report required by such section.

(3) Assess against and collect from a depository a fine of one hundred dollars (\$100) for each day beyond the time period specified in subdivision (c) of Section 53661 that a depository negligently or willfully fails to file in the office of the administrator a written report required by that section.

(4) Declare an agent of depository who fails to comply with its agreement filed pursuant to Section 53657 ineligible to act as an agent of depository, and order securities held by such agent of depository transferred to another agent of depository designated by the administrator. Following such declaration of ineligibility and transfer of securities, the administrator shall hold a hearing upon request of the agent of depository pursuant to regulations issued under this article.

(c) Require from every depository a report verified by the agent of depository listing all securities, and the market value thereof, which are securing local agency deposits together with the total deposits then secured by the pool, such report to confirm compliance with Section 53652. Such reports may be required whenever deemed necessary by the administrator, but shall be required at least four times each year at the times designated by the Comptroller of the Currency for reports from national banking associations. Such reports shall be filed in the office of the administrator by the depository within 20 business days of the date the administrator calls for such report.

(d) Verify pooled securities reported to be held by an agent of a depository at such times as he deems necessary.

(e) Have access to reports of examination made by the Comptroller of the Currency insofar as they relate to the trust departments of national banking associations.

(f) Determine when any security listed in Section 53651 is not qualified to secure public deposits and to require in such case that an additional security be substituted immediately in the pooled securities if necessary to comply with Section 53652. Failure to comply with such requirement shall be reported by the administrator promptly to those treasurers having money on deposit in that depository and, in addition, when that depository is a national bank, shall be reported to the Comptroller of the Currency of the United States.

(g) Require from each treasurer at appropriate times a statement of the amount and location of each deposit together with such other information deemed necessary by the administrator for effective operation of this article. The facts recited in any statement from a treasurer to the administrator are conclusively presumed to be true for the single purpose of the administrator fulfilling responsibilities assigned to him by this article and for no other purpose.

(h) In his discretion, whenever it appears to the administrator that any person has engaged or is about to engage in any act or practice constituting a violation of any provision of this article or any rule, regulation or order issued under this article, bring an action in the name of the people of the State of California in the superior court to enjoin the acts or practices or to enforce compliance with this article or any rule, regulation or order issued under this article. Upon a proper showing, a permanent or preliminary injunction, restraining order, or writ of mandate shall be granted, and the court may not require the administrator to post a bond.

SEC. 4. Section 53663 of the Government Code is amended to read:

53663. (a) Each agent of depository shall report in writing to the administrator within two business days after any withdrawal, substitution or addition of pooled securities and shall state the name and market value of the securities withdrawn, substituted or added together with the total deposits then secured by the pool. This information shall be available from the administrator to the treasurer upon request.

(b) Each depository shall report in writing to the administrator weekly, giving the total amount of all deposits held by such depository pursuant to this article. Such report shall be as of close of business on Wednesday of each week and shall be filed in the office of the administrator on or before Tuesday of the next succeeding week.

CHAPTER 435

This section shall have no force or effect after the 61st day following the final adjournment of the 1972 Regular Session of the Legislature.

CHAPTER 436

An act to amend Sections 1063.1, 1063.2, and 1063.5 of the Insurance Code, relating to insolvent insurers.

[Approved by Governor August 2, 1971 Filed with
Secretary of State August 2, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 1063.1 of the Insurance Code is amended to read:

1063.1. As used in this article:

(a) "Member insurer" means an insurer required to be a member of the association in accordance with the provisions of subdivision (a) of Section 1063, except and to the extent that such insurer is participating in an insolvency program adopted by the United States government.

(b) "Insolvent insurer" means a member insurer for which a domiciliary or ancillary liquidator has been appointed in this state after the effective date of this article.

(c) (1) "Covered claims" means the obligations of an insolvent insurer, (i) imposed by law and arising out of an insurance policy of the insolvent insurer; (ii) which were unpaid by the insolvent insurer; (iii) which are presented as a claim to the liquidator in this state or to the association on or before the last date fixed for the filing of claims in the domiciliary liquidating proceedings; (iv) which were incurred prior to, on, or within 30 days after the date the liquidator was appointed; (v) for which the assets of the insolvent insurer are insufficient to discharge in full; (vi) in the case of a policy of workmen's compensation insurance, to provide workmen's compensation benefits under the workmen's compensation law of this state and (vii) in the case of other classes of insurance if such policy is issued to a resident of this state or claim

against an insured thereunder is made by a resident of this state.

(2) "Covered claims" shall not include any obligations arising from life, title, surety, disability, credit, mortgage, or mortgage guaranty insurance, nor arising from a policy of ocean marine insurance.

(3) "Covered claims" shall not include any obligations to refund unearned premiums, nor any obligations of the insolvent insurer arising out of any reinsurance contracts, nor any obligations incurred after the expiration date of the insurance policy or after the insurance policy has been replaced by the insured or canceled at the insured's request or after the insurance policy has been canceled by the association as provided in this chapter, nor any obligations to any state or to the federal government.

(4) "Covered claims" shall not include any obligations to insurers, insurance pools, or underwriting associations, except as otherwise provided in this chapter.

(5) "Covered claims," except in the case of a claim for workmen's compensation benefits, shall not include any claim in an amount of one hundred dollars (\$100) or less, nor the first one hundred dollars (\$100) of any claim in excess of one hundred dollars (\$100), nor that portion of any claim which is in excess of any applicable limits provided in the insurance policy issued by the insolvent insurer.

(6) "Covered claims" shall not include that portion of any claim, other than a claim for workmen's compensation benefits, which is in excess of five hundred thousand dollars (\$500,000).

(7) "Covered claims" shall not include (a) any claim to the extent it is covered by any other insurance of a class covered by the provisions of this article available to the claimant nor (b) any claim by any person other than the original claimant under the insurance policy in his own name, his executor, administrator, guardian or other personal representative or trustee in bankruptcy and shall not include any claim asserted by an assignee or one claiming by right of subrogation, except as otherwise provided in this chapter.

(d) "Admitted to transact insurance in this state" means an insurer possessing a valid certificate of authority issued by the California Department of Insurance.

SEC. 2. Section 1063.2 of the Insurance Code is amended to read:

1063.2. (a) The association shall pay and discharge covered claims and in connection therewith pay for or furnish loss adjustment services and defenses of claimants when required by policy provisions. It may do so either directly by itself or through a servicing facility or through a contract for reinsurance and assumption of liabilities by one or more member insurers or through a contract with the liquidator, upon terms satisfactory to the association and to the liquidator, under which payments on covered claims would be made by the liquidator using funds provided by the association.

(b) The association shall be a party in interest in all proceedings involving a covered claim, and shall have the same rights as the insolvent insurer would have had if not in liquidation, including but not limited to the right to: (1) to appear, defend, and appeal a claim in a court of competent jurisdiction; (2) to receive notice of, investigate, adjust, compromise, settle, and pay a covered claim; and (3) to investigate, handle, and deny a noncovered claim. The association shall have no cause of action against the insureds of the insolvent insurer for any sums it has paid out, except as provided by this article.

(c) (1) If damages against uninsured motorists are recoverable by the claimant from his own insurer, such damages recoverable shall be a credit against a covered claim payable under this article. If damages against an insured who is not a resident of this state are recoverable by a claimant who is a resident of this state, in whole or in part, from any insolvency fund or its equivalent in the state where the insured is a resident, such damages recoverable shall be a credit against a covered claim payable under this article. A member insurer may recover in subrogation from the association only one-half of any amount paid by such insurer under uninsured motorist coverage for bodily injury or wrongful death (and nothing for a payment for anything else), in those cases where the injured person insured by such an insurer has proceeded under his uninsured motorist coverage on the ground that the tortfeasor is uninsured as a result of the insolvency of his liability insurer (an insolvent insurer as defined in this article), provided that such member insurer shall waive all rights of subrogation against such tortfeasor. Any amount paid a claimant in excess of the amount authorized by this section may be recovered by action brought by the association.

(2) Any claimant having collision coverage on a loss which is covered by the insolvent company's liability policy shall first proceed against his collision carrier. Neither that claimant nor the collision carrier, if it is a member of the association, shall have the right to sue or continue a suit against the insured of the insolvent insurance company for such collision damage.

(d) The association shall receive the benefit of any amounts recoverable on reinsurance contracts or treaties entered into by the insolvent insurer which cover any of the liabilities incurred by the insolvent insurer in the category or categories involved provided such benefits shall be limited to payments upon or loss adjustment expenses or defense costs actually paid out by the association (including defense costs, if any, unpaid at the date of insolvency) on account of claims covered in such contracts or treaties. The commissioner, as liquidator, shall receive the benefit of any such reinsurance recoverable to the extent of payments on claims, loss adjustment expenses or defense costs made prior to the order of liquidation.

(e) The association shall continue coverage for covered claims under all insurance policies of the insolvent insurer that were in force on the date the liquidator was appointed until the insurance policy has expired in accordance with its terms, or has been replaced by the insured, or canceled at the insured's request, or has been canceled by the association as provided in this article.

(f) The association shall have authority to cancel insurance policies of the insolvent insurer by mailing or delivering to the insured at the last known address within this state a written notice of cancellation at least 10 days prior to the effective date of such cancellation, notwithstanding any statute or policy provision to the contrary.

(g) "Covered claims" shall not include any judgments against or obligations or liabilities of the insolvent insurer or the commissioner, as liquidator, or otherwise resulting from alleged or proven torts, nor shall any default judgment against the insolvent insurer, or against the insured of the insolvent insurer, be binding against the association.

(h) "Covered claims" shall not include adjustment expense and attorney's fees incurred by the insolvent insurer prior to the appointment of a liquidator. The deductible provided for in paragraph (5) of subdivision (c) of Section 1063.1 shall apply to each person for each accident for which he makes a claim.

SEC. 3. Section 1063.5 of the Insurance Code is amended to read:

1063.5. Each time an insurer becomes insolvent then, to the extent necessary to secure funds for the association for payment of covered claims of that insolvent insurer and also for payment of reasonable costs of adjusting such claims, the association shall collect premium payments from its member insurers sufficient to discharge its obligations. The association shall allocate its claim payments and costs, incurred or estimated to be incurred, to one or more of the following categories: (a) workmen's compensation claims; (b) automobile claims, which shall include: automobile material damage, automobile liability (both personal injury and death and property damage), medical payments and uninsured motorist claims; and (c) claims other than workmen's compensation and automobile, as above defined. The association may establish separate categories for classes other than workmen's compensation and automobile. Separate premium payments shall be required for each category. The premium payments for each category shall be used to pay the claims and costs allocated to such category. The rate of premium charged shall be a uniform percentage of net direct written premium in the preceding calendar year applicable to such category. "Net direct written premiums" shall mean the amount of gross premiums, less return premiums and policyholder's dividends paid or allowed, received in such calendar year upon business done in this state, other than premiums received for reinsurance. In cases of

a dispute as to the amount of any such net direct written premium between the association and one of its members the written decision of the commissioner shall be final. The premium charged to any member insurer on account of a single insolvency for any of the three categories or a category established by the association shall not be more than 1 percent of the net direct premium written in that category in this state by such member insurer; provided that, in no event shall the total premium charged a member insurer in one calendar year exceed 2 percent of the net direct premium written. The association may exempt or defer, in whole or in part, the assessment of any member insurer, if the assessment would cause the member insurer's financial statement to reflect amount of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance. Such premium charges shall be recognized in the ratemaking procedures for insurance rates in the same manner that losses are recognized. After all covered claims of the insolvent insurer and expenses of administration have been paid, any unused premiums and any reimbursements or claims dividends from the liquidator remaining in any category shall be refunded by the association to the member insurers who paid the premiums for such category in proportion to their premiums paid. However, an insurer which ceases to be a member of the association shall have no right to a refund of any premium previously remitted to the association. The commissioner may suspend or revoke the certificate of authority to transact business in this state of a member insurer which fails to pay a premium when due and after demand has been made.

Interest at a rate equal to the current federal reserve discount rate plus $2\frac{1}{2}$ percent per annum shall be added to the premium of any member insurer which fails to submit the premium requested by the association within 30 days after such mailing request. However, in no event shall the interest rate exceed the legal maximum.

(d) Whose parent or parents are deprived of their civil rights due to the conviction of a felony, if the felony of which such parent or parents were convicted is of such nature as to prove the unfitness of such parent or parents to have the future custody and control of the child, or if any term of sentence of such parent or parents is of such length that the child will be deprived of a normal home for a period of years.

(e) Whose parent or parents have, in a divorce action, been found to have committed adultery and been divorced on that ground, if the court finds that the future welfare of the child

(a) Whenever a judgment for the payment of money is rendered by any court of this state against a defendant to whom money is owing and unpaid by this state or by any county, city and county, city or municipality, quasi-municipality, district or public corporation, the judgment creditor may file a duly authenticated abstract or transcript of such judgment together with an affidavit stating the exact amount then due, owing and unpaid thereon and that he desires to avail himself of the provisions of this section in the manner as follows:

1. If such money, wages or salary is owing and unpaid by this state to such judgment debtor, said judgment creditor shall file said abstract or transcript and affidavit with the state department, board, office or commission owing such money, wages or salary to said judgment debtor prior to the time such state department, board, office or commission pre-

sents the claim of such judgment debtor therefor to the State Controller or to the State Personnel Board. Said state department, board, office or commission in presenting such claim of such judgment debtor to said State Controller shall note thereunder the fact of the filing of such abstract or transcript and affidavit and state the amount unpaid on said judgment as shown by said affidavit and shall also note any amounts advanced to the judgment debtor by, or which the judgment debtor owes to, the State of California by reason of advances for expenses or for any other purpose. Thereupon the State Controller, to discharge such claim of such judgment debtor, shall pay into the court which issued such abstract or transcript by his warrant or check payable to said court the whole or such portion of the amount due such judgment debtor on such claim, after deducting from such claim an amount sufficient to reimburse the state department, board, office or commission for any amounts advanced to said judgment debtor or by him owed to the State of California, and after deducting therefrom an amount equal to one-half or such greater portion as is allowed by statute of the United States, of the earnings owing to the judgment debtor for his personal services to the state rendered at any time within 30 days next preceding the filing of such abstract or transcript, as will satisfy in full or to the greatest extent the amount unpaid on said judgment and the balance thereof, if any, to the judgment debtor.

2. If such money, wages or salary is owing and unpaid to such judgment debtor by any county, city and county, city or municipality, quasi-municipality, district or public corporation, said judgment creditor shall file said abstract or transcript and affidavit with the auditor of such county, city and county, city or municipality, quasi-municipality, district or public corporation (and in case there be no auditor then with the official whose duty corresponds to that of auditor). Thereupon said auditor (or other official) to discharge such claim of such judgment debtor shall pay into the court which issued such abstract or transcript by his warrant or check payable to said court the whole or such portion of the amount due on such claim of such judgment debtor, less an amount equal to one-half or such greater portion as is allowed by statute of the United States, of the earnings of the debtor owing by the county, city and county, city, municipality, quasi-municipality, district or public corporation to the judgment debtor for his personal services to such public body rendered at any time within 30 days next preceding the filing of such abstract or transcript, as will satisfy in full or to the greatest extent the amount unpaid on said judgment and the balance thereof, if any, to the judgment debtor.

(b) The judgment creditor upon filing such abstract or transcript and affidavit shall pay a fee of two dollars and fifty cents (\$2.50) to the person or agency with whom the same is filed.

(c) Whenever a court receives any money hereunder, it shall pay as much thereof as is not exempt from execution under this code to the judgment creditor and the balance thereof, if any, to the judgment debtor. The procedure for determining the claim of exemption shall be governed by the procedure set forth in 690.26 of this code.

(d) In the event the moneys owing to a judgment debtor by any governmental agency mentioned in this section are owing by reason of an award made in a condemnation proceeding brought by the governmental agency, such governmental agency may pay the amount of the award to the clerk of the court in which such condemnation proceeding was tried, and shall file therewith the abstract or transcript of judgment and the affidavit filed with it by the judgment creditor. Such payment into court shall constitute payment of the condemnation award within the meaning of Section 1251 of this code. Upon such payment into court and the filing with the county clerk of such abstract or transcript of judgment and affidavit, the county clerk shall notify by mail, through their attorneys, if any, all parties interested in said award of the time and place at which the court which tried the condemnation proceeding will determine the conflicting claims to said award. At said time and place the court shall make such determination and order the distribution of the money held by the county clerk in accordance therewith.

(e) The judgment creditor may state in the affidavit any fact or facts tending to establish the identity of the judgment debtor. Should the United States government or any agent thereof, in accordance with any federal statute or rule or regulation, furnish monetary assistance, benefits, or other temporary or permanent relief to disaster service workers or to disaster service workers and their dependents for injuries arising out of and occurring in the course of their activities as disaster service workers, then the amount of compensation which any disaster service worker or his dependents are otherwise entitled to receive from the State of California under Division 4 (commencing with Section 3201) of the Labor Code for any injury shall be reduced by the amount of monetary assistance, benefits, or other temporary or permanent relief the disaster service worker or his dependents have received and will receive from the United States or any agent thereof as a result of the injury.

If, in addition to monetary assistance, benefits, or other temporary or permanent relief, the United States government or any agent thereof furnishes medical, surgical or hospital treatment or any combination thereof to an injured disaster service worker, then the disaster service worker has no right to receive similar medical, surgical or hospital treatment under Division 4 (commencing with Section 3201) of the Labor Code. As a condition to the furnishing of such medical, surgical or hospital treatment, the State Compensation Insurance Fund shall require the disaster

service worker and his dependents to assign to the State of California, for the purpose of reimbursing for any medical, surgical or hospital treatment furnished or to be furnished by the state, any privilege or right such disaster service worker or his dependents may have to reimbursement from the United States government or any agent thereof.

If the furnishing of compensation under the provisions of Division 4 (commencing with Section 3201) of the Labor Code to a disaster service worker or his dependents prevents such disaster service worker or his dependents from receiving assistance, benefits or other temporary or permanent relief under the provisions of a federal statute or rule or regulation, then the disaster service worker and his dependents shall have no right to, and shall not receive, any compensation from the State of California under the provisions of Division 4 (commencing with Section 3201) of the Labor Code for any injury for which the United States government or any agent thereof will furnish assistance, benefits or other temporary or permanent relief in the absence of the furnishing of compensation by the State of California.

CHAPTER 443

An act to amend Sections 19100, 19140, 19141, and 19172 of, to add Section 19140.5 to, and to repeal Sections 18592 and

18594 of, the Government Code, relating to the state civil service, declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 2, 1971. Filed with Secretary of State August 2, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 18592 of the Government Code is repealed.

SEC. 1.2. Section 18594 of the Government Code is repealed.

SEC. 1.4. Section 19100 of the Government Code is amended to read:

19100. Whenever the appointing power requires the appointment of a person to a position requiring the performance of work on an intermittent or irregular time basis, the request for certification shall state the probable amount of working time to be required in the position. For persons employed on an intermittent or irregular time base the status, tenure, vacation and sick leave privileges, salary, and other conditions of employment or methods of separation governed by this part shall be subject to board rule.

SEC. 2. Section 19140 of the Government Code is amended to read:

19140. In addition to reinstatement required under any other section, an appointing power may in his discretion, reinstate any person having probationary or permanent status who was separated from his position (a) by resignation, (b) by service retirement, (c) by termination from limited-term, temporary, career executive assignment, or exempt appointment, (d) under the provisions of Section 19503, or (e) without a break in continuity of state service to accept another civil service or exempt appointment.

Such reinstatement shall be:

- (a) Subject to board rule;
- (b) Within three years unless the employee, other than members of the California Highway Patrol, has remained in state service without a break in the continuity of state service due to a permanent separation; and
- (c) To a vacant position
 - (1) In the class vacated or from which separated, or
 - (2) In a lower class in the same series, or
 - (3) In a lower class in a related series requiring similar types of qualifications and knowledges and abilities, or
 - (4) In another class having substantially similar duties, responsibilities, and qualifications, and substantially the same salary range.

For reinstatement after separation, the time spent (a) in a position which is exempt from civil service or (b) as a temporary employee in another governmental agency engaged in a technical cooperation program under an agreement approved

by the state or (c) in the recognized military service shall not be considered in computing the three-year period.

SEC. 3. Section 19140.5 is added to the Government Code, to read:

19140.5. This section applies only to a permanent employee, or an employee who previously had permanent status and who, since such permanent status, has had no break in the continuity of state service due to a permanent separation.

An employee who is (a) terminated from a temporary or limited-term appointment by either the employee or the appointing power; or (b) rejected during probationary period from his former class, or a class with substantially the same or higher level of duties, responsibilities and salary; or (c) rejected during probationary period from a lower class under the same appointing power; shall be reinstated to his former position provided:

(1) He vacated a civil service position to accept another civil service position; and

(2) He accepted the appointment without a break in the continuity of state service; and

(3) The reinstatement is requested in the manner provided by board rule within 10 working days after the effective date of such termination.

SEC. 4. Section 19141 of the Government Code is amended to read:

19141. This section applies only to a permanent employee, or an employee who previously had permanent status and who, since such permanent status, has had no break in the continuity of his state service due to a permanent separation. Former position in this section means that defined in Section 18522 or a vacant position in any department, commission, or state agency for which he is qualified at substantially the same level.

Within the periods of time specified below an employee who vacates a civil service position to accept an appointment to an exempt position shall be reinstated to his former position at the termination either by the employee or appointing power of the exempt appointment provided he (a) accepted the appointment without a break in the continuity of state service and (b) requests in writing reinstatement of the appointing power of his former position within 10 working days after the effective date of such termination.

The reinstatement may be requested by the employee only within the following periods of time:

(a) At any time after the effective date of the exempt appointment if:

(1) Appointed under subdivision (a) or (b) of Section 4 of Article XXIV of the State Constitution,

(2) Appointed by the Governor,

(3) Appointed to an exempt position under the same appointing power as the former position even though a shorter period of time may be otherwise specified for that appointment.

(b) Within six months after the effective date of the exempt

appointment if appointed under subdivision (h), (i), (k), or (l) of Section 4 of Article XXIV of the State Constitution.

(c) Within four years after the effective date of an exempt appointment if appointed under any other authority.

An employee who vacates his civil service position to accept an assignment as a member, inmate or patient helper under subdivision (j) of Section 4 of Article XXIV of the State Constitution shall not have a right to reinstatement.

An employee who is serving under an exempt appointment retains a right of reinstatement when he accepts an extension of that exempt appointment or accepts a new exempt appointment provided the extension or new appointment is made within the specified reinstatement time limit and there is no break in the continuity of state service. The period for which such right is retained is for the period applicable to the extended or new exempt appointment as if that appointment had been made on the date of the initial exempt appointment.

When an employee exercises his right of reinstatement and returns to his former position, the service while under an exempt appointment shall be deemed to be time served in the former position for the purpose of determining his seniority and eligibility for merit salary increases.

If the termination of an exempt appointment is for a reason contained in the provisions of Section 19530 and the employee does not have a right to reinstatement he shall have his name placed on the departmental and general reemployment lists for the class of his former position.

SEC. 5. Section 19172 of the Government Code is amended to read:

19172. During the probationary period the appointing power or his officially delegated representative shall evaluate the work and efficiency of a probationer in the manner and at such periods as the board rules may require.

SEC. 6. The reinstatement rights of employees who are appointed to an exempt position prior to the effective date of this act shall be based upon the provisions of Section 19141 as it read immediately prior to operative date of this act, except that the reinstatement rights of employees appointed by the Lieutenant Governor, effective November 3, 1970 or later under Article XXIV of the Constitution as adopted by the people on November 3, 1970, shall be under the provisions of Section 19141 as amended by this act.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The voters adopted Proposition 14 at the November 1970 election, which substantially revised Article XXIV of the Constitution, relating to civil service. In addition to technical renumbering of the various exceptions from the civil service, the measure exempted employees in the Lieutenant Governor's

office. In order that the reinstatement rights of civil service employees accepting positions in the Lieutenant Governor's office be granted and such employees be treated the same as other persons in similar positions, it is necessary for this statute to have immediate effect.

CHAPTER 444

An act to add Chapter 8 (commencing with Section 4500) to Division 5 of Title 1 of the Government Code, relating to access to public facilities by the handicapped.

[Approved by Governor August 2, 1971. Filed with Secretary of State August 2, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 8 (commencing with Section 4500) is added to Division 5 of Title 1 of the Government Code, to read:

CHAPTER 8. RAPID TRANSIT

4500. Notwithstanding the provisions of any statute, rule, regulation, decision or pronouncement to the contrary, every local governmental subdivision, every district, every public and quasi-public corporation, every local public agency and public service corporation, and every city, county, city and county and municipal corporation, whether incorporated or not and whether chartered or not, in awarding contracts for equipment or structures shall be obligated to require that all rapid transit equipment and structures shall be so built that a handicapped person shall have ready access to, from and in such equipment and structures; provided, however, that contracts for equipment and structures incidental to the operation of an urban transit system shall be exempt from this requirement until such equipment shall be available from not less than two manufacturers.

CHAPTER 445

An act to amend Sections 13003 and 13005 of the Health and Safety Code, and to add Section 1428 to, and to repeal Sections 4428 and 4443 of the Public Resources Code, relating to fires.

[Approved by Governor August 2, 1971. Filed with Secretary of State August 2, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 13003 of the Health and Safety Code is amended to read:

13003. Every person is guilty of a misdemeanor who uses any steam-powered logging locomotive, donkey, or threshing engine, or any other steam engine or steam boiler, in or near any forest, brush, grass, grain, or stubble land, unless the steam engine or steam boiler is provided with adequate devices to prevent the escape of fire or sparks and unless he uses every reasonable precaution to prevent the causing of fire thereby.

SEC. 2. Section 13005 of the Health and Safety Code is amended to read:

13005. Every person is guilty of a misdemeanor who, without maintaining in effective working order a spark arrester attached to the exhaust system, (a) operates or causes to be operated any tractor, engine, machine, or truck equipped with an internal combustion engine that is operated on hydrocarbon fuels in harvesting or moving grain or hay, or (b) operates any such equipment or vehicle on land covered with any other flammable agricultural crop. Spark arrester, as used in this section, is as defined in Section 4442 of the Public Resources Code.

Spark arresters attached to the exhaust system of engines on equipment or vehicles, as described in this section, shall not be placed or mounted in such a manner as to allow flames or heat from the exhaust system to ignite any flammable material.

SEC. 3. Section 4428 is added to the Public Resources Code, to read:

4428. No person, except any member of an emergency crew or except the driver or owner of any service vehicle owned or operated by or for, or operated under contract with, a publicly or privately owned utility, which is used in the construction, operation, removal, or repair of the property or facilities of such utility when engaged in emergency operations, shall use or operate any vehicle, machine, tool or equipment powered by an internal combustion engine operated on hydrocarbon fuels, in any industrial operation located on or near any forest, brush, or grass-covered land between April 1 and December 1 of any year, or at any other time when ground litter and vegetation will sustain combustion permitting the spread of fire, without providing and maintaining, for fire-fighting purposes only, suitable and serviceable tools in the amounts, manner and location prescribed in this section.

(a) On any such operation a sealed box of tools shall be located, within the operating area, at a point accessible in the event of fire. This fire toolbox shall contain: one backpack pump-type fire extinguisher filled with water, two axes, two McLeod fire tools, and a sufficient number of shovels so that each employee at the operation can be equipped to fight fire.

(b) One or more serviceable chainsaws of three and one-half or more horsepower with a cutting bar 20 inches in length or longer shall be immediately available within the operating area, or, in the alternative, a full set of timber-felling tools shall be located in the fire toolbox, including one crosscut falling saw six feet in length, one double-bit ax with

a 36-inch handle, one sledge hammer or maul with a head weight of six, or more, pounds and handle length of 32 inches, or more, and not less than two falling wedges.

(c) Each rail speeder and passenger vehicle, used on such operation shall be equipped with one shovel and one ax, and any other vehicle used on the operation shall be equipped with one shovel. Each tractor used in such operation shall be equipped with one shovel.

(2) "Passenger vehicle" means a vehicle which is self-propelled and which is designed for carrying not more than 10 persons including the driver, and which is used or maintained for the transportation of persons, but does not include any motortruck or truck tractor.

SEC. 4. Section 4428 of the Public Resources Code is repealed.

SEC. 5. Section 4443 of the Public Resources Code is repealed.

CHAPTER 446

An act to amend Sections 19331 and 19533.1 of, to amend and renumber the heading of Article 6 (commencing with Section 19450) of Chapter 7 of Part 2 of Division 5 of Title 2 of, to add Sections 19340 and 19341 and Chapter 11 (commencing with Section 19770) to Part 2 of Division 5 of Title 2 of, and to repeal Section 19533.3 and Article 5 (commencing with Section 19390) of Chapter 7 of Part 2 of Division 5 of Title 2 of, the Government Code, and to amend Sections 389, 395.1, and 395.3 of, and to repeal Section 395.5 of, the Military and Veterans Code, relating to state civil service.

[Approved by Governor August 2, 1971. Filed with Secretary of State August 2, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 19331 of the Government Code is amended to read:

19331. Leaves of absence granted for jury duty may be with or without pay.

SEC. 2. Section 19340 is added to the Government Code, to read:

19340. During any state military emergency and subject to board rule, an appointing power may grant a leave of absence without pay to a permanent or probationary employee under his jurisdiction to:

(a) Engage in civilian warwork pursuant to mandatory order of the agency of the United States or of the state having authority to make such order.

(b) Assume active duty in the United States Merchant Marine.

(c) Assume other duty rather than active duty to fulfill a military obligation pursuant to mandatory order of the agency of the United States or of the state having authority to make such order.

(d) Assume active full-time duty for the American Red Cross.

Such a leave shall not exceed the period authorized in the order.

Such a leave assures to the employee the right to return to his former position upon its expiration.

SEC. 3. Section 19341 is added to the Government Code, to read:

19341. Any permanent state civil service employee or an employee serving under another appointment who previously had permanent status and who, since such permanent status, has had no break in the continuity of his state service, who served in the armed forces, and who is eligible because of that service for education or training under applicable state or federal law shall upon application to his appointing power be granted an educational leave of absence without pay for the period during which he receives such education or training and for three months thereafter. In order for such a leave to be granted or to remain in effect, the employee must enroll for a minimum of 10 credit hours of post-high-school grade or the equivalent amount of work on high school level each school year. No such leave shall remain in effect for longer than four years and three months of school attendance. A leave so granted assures to the employee the right of return to his former position upon termination of the leave.

SEC. 4. Article 5 (commencing with Section 19390) of Chapter 7 of Part 2 of Division 5 of Title 2 of the Government Code is repealed.

SEC. 5. The heading of Article 6 (commencing with Section 19450) of Chapter 7 of Part 2 of Division 5 of Title 2 of the Government Code is amended and renumbered to read:

Article 5. Training

SEC. 6. Section 19533.1 of the Government Code is amended to read:

19533.1. Separations that are necessary by reason of reinstatement of an employee or employees after recognized military service as provided for in Section 19780 shall be made by layoff. In making such separations, the regular method of determining the order of layoff shall be used unless this would result in the layoff of an employee who has been reinstated in the class and subdivision of layoff under the provisions of Sec-

tion 19780, and in the retention of an employee who was appointed in the class and subdivision of layoff during the time such a reinstated employee was on military leave. Under such circumstances, seniority shall not be counted as provided in Section 19533. Instead, service in the subdivision of layoff that qualifies under Section 19533 for credit is the only state service that shall be counted.

Whenever such a layoff results in the demotion to a lower class of an employee who has been reinstated after recognized military service as provided in Section 19780, the resulting layoff, if any, in the lower class shall be made as though that reinstated employee had been in that lower class at the time he went on military leave.

Any layoff occurring within one year after reinstatement of an employee after recognized military service shall be presumed to have been necessary by reason of reinstatement of an employee or employees under Section 19780 unless the board determines that the reason for layoff is clearly not related to such reinstatement.

SEC 7. Section 19533.3 of the Government Code is repealed.

SEC. 8. Chapter 11 (commencing with Section 19770) is added to Part 2 of Division 5 of Title 2 of the Government Code, to read:

CHAPTER 11. MILITARY SERVICE

Article 1. General

19770. This part rather than provisions of the Military and Veterans Code governs leave for military service, rights and benefits accrued during such service, and reinstatement after such service for civil service employees.

Article 2. Military Leave of Absence

19771. Upon presentation of a copy of orders for active duty in the armed forces, the National Guard, or the Naval Militia, the appointing power shall grant a military leave of absence for the period of active duty specified in the orders, but not to exceed four years for a permanent or probationary employee or six months for a limited-term employee or temporary employee.

19772. "Short-term military leave" means a leave for six months or less. "Long-term military leave" means a leave of over six months.

19773. The appointing power shall grant a military leave of absence to an employee who is a member of the National Guard for the period of active duty and travel to and from such duty as specified by the National Guard during such time as the Governor may have issued a proclamation of a state of extreme emergency or insurrection under the provisions of

Sections 143 and 146 of the Military and Veterans Code or during such time as the National Guard may be on active duty for one or more situations in Section 146 of the Military and Veterans Code. Leave granted pursuant to this section shall be known as "emergency military leave."

19774. Employee members of reserve military units and the National Guard required to attend scheduled reserve drill periods shall use their own free time, overtime, or vacation time to fulfill such reserve obligations. If such reserve obligations fall on the employee's regular work shift, the appointing power shall make every attempt to change the employee's schedule to avoid the necessity of using vacation time or overtime, provided five working days notice is received from the employee.

Article 3. Pay and Benefits

19775. An employee who is granted a long-term military leave of absence and who for a period of not less than one year immediately prior to the effective date active duty begins has had continuous state service as defined by board rule which is not broken by a permanent separation shall be entitled to receive his salary or compensation for the first 30 calendar days of active duty served during such absence.

19775.1. An employee who is granted a short-term military leave of absence and who for a period of not less than one year immediately prior to the effective date of active duty has had continuous state service as defined by board rule which is not broken by a permanent separation, or who has had continuous state service immediately prior to the effective date of active duty not broken by a permanent separation and sufficient recognized military service which need not be contiguous to equal one year shall be entitled to receive his salary or compensation for the first 30 calendar days of active duty served during such absence.

19775.2. Pay under the provisions of Sections 19775 and 19775.1 shall not exceed 30 calendar days in any one fiscal year. The beginning date of active duty shall determine the fiscal year in which the pay is accumulated when the period of active duty extends into another fiscal year.

19775.3. An employee who meets the conditions under Section 19775.1 or who is granted an emergency military leave shall receive the same vacation, sick leave, and other civil service status, rights and benefits as though he had remained in his position and not been on military leave except that his probationary period shall be extended by the length of the absence.

19775.4. Except as provided in Section 19781, a person in recognized military service whose name was high enough on an employment list to be available for certification for possible permanent appointment to a position while he was in the armed forces of the United States shall retain his place on the list for three years following the date of his release from

military service or until six months after the termination of the state military emergency, whichever is the earlier, provided, that a name shall not be retained on a list for longer than eight years after the list is established. The name of a person whose eligibility is retained under the provisions of this section beyond the time other names are removed from a list pursuant to Section 18901 shall be certified ahead of the names of persons on more recently prepared lists, except that the name shall be removed from the list if he refuses or has refused to accept appointment to a permanent position after certification thereto subsequent to his release from the armed forces

19775.5. Any person in recognized military service, whose name appears on a promotional list, or general reemployment list, appointment from which would accord permanent status, and is retained on such list subject to Section 19775.4, shall have his name certified to fill any vacancy which may occur during the period his name is so retained on such list. The appointing power may appoint him to fill the position to take effect upon his reinstatement under the provisions of Sections 19780 and 19782. Any person in recognized military service, whose name appears on a subdivisional or departmental reemployment list and is retained on such list subject to Section 19775.4 shall have his name certified to fill any vacancy which may occur during the period his name is so retained on such list. The appointing power shall appoint him to fill the vacant position to take effect upon his reinstatement under the provisions of Sections 19780 and 19782.

19775.6. Time spent on military leave, including rehabilitation afforded by the United States or the state following recognized military service by any person having an absolute right to be restored to his former position, shall be considered as time spent in state service for the purpose of computing state service for a higher rate of vacation credit, other benefits accruing on the basis of state service, and rights to merit salary adjustments at the time of return to state service.

A veteran who was reinstated from military leave shall receive layoff seniority credits for the time spent on such leave on the same basis as if it were service in the class with the highest maximum salary to which he received appointment within one year after his return from such leave. Such seniority credits shall be forfeited in the event of a break in service as provided in Section 19143.

19775.7. Whenever a state employee is certified for appointment to a higher position by a department before entering military service and the department has requested his service, but was unable to complete any procedural requirement for such appointment by reason of entry into recognized military service and is eligible for reinstatement pursuant to Section 19780, he shall be afforded an opportunity to complete the necessary requirement for such appointment immediately upon return to state service and if completed satisfactorily shall

be considered as having been appointed as of the earliest date of appointment appearing on the certificate of eligibles and shall be considered as having been on military leave from such position.

19775.8. Except as provided in Section 19781, when any person successfully completes part of an open or promotional examination but is unable to complete all portions thereof because of entry into recognized military service, the board shall arrange for him to take such uncompleted portion of the examination, providing application is made not later than six months after his release from military service. Such right to complete an examination shall not continue for longer than five years after the date of the examination.

If the applicant passes the examination, his name shall be placed on the eligible list that resulted from the original examination as the list stands at the time his name is placed thereon, provided if his rating is sufficiently high for his name to have been included on a certification to a permanent position while he was in the military service had his name been on the list when originally established, his eligibility shall be established, notwithstanding the removal of names from the original list, pursuant to Section 18901. He shall retain his place on such list for three years from the termination of his service with the armed forces. A name thus retained on a list beyond the time other names are removed from the list, pursuant to Section 18901, shall be removed if the person refuses to accept appointment to a permanent position after certification thereto subsequent to his discharge from the armed forces.

19775.9. An individual on military leave from either a state civil service position held under duration appointment, a position held under an exempt appointment but included in the state civil service prior to his release from military service, or a position in any federal or other public agency, the functions of which were transferred to the state prior to his release from military service, who would be eligible for reinstatement or restoration to his position pursuant to Sections 19780 and 19782, shall be permitted to take any regular examination held while he was in the military service, or on military leave, for the class in which he had such appointment and for which he had the minimum qualifications required of applicants when the examination originally was given, within five years of the date of the original examination. The board shall arrange for him to take the identical examination if application is made not later than six months after his release from military service or six months after the effective date thereof, whichever is later. If the applicant passes the examination, his name shall be placed on the eligible list that resulted from the original examination as the list stands at the time his name is placed thereon. If his rating is sufficiently high for his name to have been included on a certification to a permanent position while he was in the military service had

his name been on the list when originally established, his eligibility shall be established, notwithstanding the removal of names from the original list pursuant to Section 18901. He shall retain his place on such list for three years from the termination of his service with the armed forces or one year from the date such eligibility is established, whichever is later, if his rating is sufficiently high for his name to have been included on a certification to a permanent position while he was in recognized military service had his name been on the list when originally established. A name thus retained on a list, beyond the time other names are removed from the list pursuant to the provisions of Section 18901, shall be removed if the person refuses to accept appointment to a permanent position after certification thereto subsequent to his discharge from the armed forces.

19776. If a promotional examination was held while a civil service employee was on military leave and which he would otherwise have been entitled to take, such employee shall be eligible to take the identical promotional examination within five years of the date of the original examination. The board shall arrange for him to take the examination within a reasonable time, provided application is made not later than six months after his reinstatement from military leave. If the employee qualifies in the examination, his name shall be placed on the open and promotional list that resulted from the original examination, as the list stands at the time his name is placed thereon. If his rating is sufficiently high for his name to have been included on a certification to a permanent position while he was in the military service had his name been on the list when originally established, his eligibility shall be established, notwithstanding the removal of names from the original list pursuant to Section 18901. He shall retain his place on such list for three years from the termination of his service with the armed forces or one year from the date such eligibility is established, whichever is later. A name thus retained on a list, beyond the time other names are removed from the list pursuant to the provisions of Section 18901, shall be removed if the person refuses to accept appointment to a permanent position after certification thereto subsequent to his discharge from the armed forces, or if he resigns from state service.

Article 4. Reinstatement After Military Service

19780. Except as provided in Section 19781, a permanent or probationary employee who begins active duty within 90 calendar days from the effective date of his long-term military leave or within 10 calendar days from the effective date of his short-term or emergency military leave and who returns to state service within six months after termination of military service under his long-term military leave or within 10 days after termination of military service under his short-

term or emergency military leave shall be reinstated to his former position. For the purpose of this section any period of rehabilitation afforded by the United States or the state following active duty shall be considered as military service and termination of the state military emergency by the Governor shall be considered termination of military service.

19781. The rights and benefits provided a person in Sections 19533.2, 19775.5, 19775.9, and 19780 shall not extend to or be granted to a person, who after January 1, 1956, voluntarily requests and obtains an extension of his original term of enlistment, service, or tour of duty in the recognized military service of the United States.

Such rights and benefits shall not extend to or be granted to a person who was on an indefinite tour of duty, or on a tour of duty in excess of four years' duration in the recognized military service as of January 1, 1956, and who continued on such duty after January 1, 1960.

Such rights and benefits shall not extend to or be granted to a person who was ordered to, or enlisted in the recognized military service after January 1, 1956, for an indefinite tour of duty or for a tour of duty in excess of four years' duration and who continues on such duty for more than four years from the first day of ordered active duty or enlistment.

Whenever the board finds that the time limitations imposed by this section are unreasonable to a person it shall be within the discretion of the board to grant an extension of the rights and benefits to an individual for not to exceed three additional years. This section, rather than Section 3951 of the Military and Veterans Code, governs the rights and benefits of state civil service employees.

19782. A limited-term employee or temporary employee who begins active duty within 10 days from the effective date of his short-term or emergency leave and who returns to state service within 10 days after termination of military service or 30 days after any rehabilitation afforded by the United States or the state following such military service, shall be reinstated to the position and civil service status which he held on the effective date of leave, if the position has not expired or been abolished. In such instances, the employee is separated in the same manner he would have been separated had he not been in the military service.

19783. A permanent or probationary employee who resigns from state service for the purpose of entering the recognized military service and begins active duty and returns to state service within the same time limits and conditions as provided in Section 19780 shall be reinstated to his former position. Such employee shall not receive the rights and benefits provided under Sections 19775, 19775.1, and 19775.3.

19784. Upon reinstatement of a person under the provisions of Sections 19780 and 19783, any necessary separations shall be effected under the provisions of this part governing layoff and demotion.

19785. An employee who is entitled to reinstatement under Section 19780 or 19782 shall be considered as a person serving in state civil service under Section 19370 when a function in which he was serving when he entered military service is transferred to another state agency and shall be reinstated in such other agency or shall be eligible for reemployment subject to Article 2 (commencing with Section 19530) of this part if the function of the state agency is abolished pursuant to law.

19786. When an employee has been reinstated after military service in accordance with Section 19780, and any question arises relative to his ability or inability for any reason arising out of such military service to perform the duties of the position to which he has been reinstated, the board shall, upon the request of the appointing power or of the employee, hear the matter and may on its own motion or at the request of either party take any and all necessary testimony of every nature necessary to a decision on the question. CHAPTER 447

An act to establish the past location of a certain portion of the Colorado River for certain purposes.

The people of the State of California do enact as follows:

SECTION 1 The State of California and the people thereof are hereby declared to have a primary and supreme interest in securing to the inhabitants and holders of title to lands within the area described in this act and to the State of California, the maximum possible certainty as to location of the boundary lines between private ownerships and state lands within such geographic area where the private lands border upon a navigable stream, and in particular to resolve certain boundary and title problems and the location of the boundary between lands owned by the state by virtue of its sovereignty and adjoining uplands on the basis of the present location of the Colorado River. The conditions prevailing within the geographic area described in this act in regard to the accretion or avulsion of land are unique as compared to the conditions prevailing in other portions of the Colorado River and other waters of the State of California, and the enactment of this law applicable to such geographic area is therefore necessary for the protection of public and private property therein and for the public good.

SEC 2. For the purpose of establishing any right, title, or interest of the State of California in or to lands in the Palo Verde Irrigation District, in Riverside County, California, within three miles, measured in a true west direction, of any portion of the Colorado River between river points 13.00 and 13.17 as defined in the "Interstate Compact Defining the Boundary between the States of Arizona and California," (Chapter 859, Statutes of 1963; Arizona Laws 1963, Chapter 77; Public Law 89-531 (80 Stat 340), August 11, 1966), the location of the river as depicted in Exhibit A thereto is hereby recognized as the location of such river, as of effective date of such compact, and all changes in the course of the river prior to the effective date of such compact shall be conclusively presumed to be natural and accretive changes.

SEC 3 Except as otherwise provided in Section 4, the provisions of Section 2 shall be deemed operative only upon the completion of a metes and bounds survey and the filing in the official records of the County Recorder of Riverside County of a map of the west bank line of the Colorado River between the river points specified in Section 2, as such west bank line is depicted on the Boundary Maps on a copy of Exhibit A to the "Interstate Compact defining the Boundary between the States of Arizona and California," which copy is on file in the office of the State Lands Commission and an agreement or agreements between the state and owners of adjoining uplands that such surveyed west bank line constitutes the landward boundary of lands owned by the State of California by virtue of its sovereignty and the waterward boundary of the owners of the adjoining upland. Such survey and map shall be made and prepared without cost to the state under the direction of an engineer or surveyor duly licensed to practice in the State of California, which engineer or surveyor, who shall be satis-

factory to the State Lands Commission and such owners, shall be provided by such owners. This survey and proposed agreement or agreements executed by 85 percent, by lineal feet of waterfront, of the owners of record of the upland parcels adjoining the west bank of the Colorado River between such river points shall be delivered to the State Lands Commission within six months from the designation of the engineer or surveyor who is to make the survey. Within six months from its receipt of such survey and proposed agreement or agreements, the State Lands Commission shall either disapprove the survey, map, and proposed agreement or agreements, specifying in particular the reasons for such disapproval, or it shall approve the survey, map, and proposed agreement or agreements and find and certify whether or not 85 percent, by lineal feet of waterfront, of the owners of record of the upland parcels adjoining the west bank of the Colorado River, between such river points, have entered into such agreement or agreements with the State Lands Commission, which is hereby authorized to execute such agreement or agreements by and on behalf of the state. The survey, map, and agreement or agreements shall not be filed by the County Recorder of Riverside County until the State Lands Commission approves the survey, map, and agreement or agreements and certifies that 85 percent, by lineal feet of waterfront, of the owners of record of the upland parcels adjoining the west bank of the Colorado River, between such river points, have entered into such agreement or agreements. The map and survey shall be conclusively presumed to be accurate and correct as between the state and the parties to such agreement or agreements when a certified copy or copies thereof have been filed for record in the office of the County Recorder of Riverside County.

SEC 4 The provisions of Section 2 shall be deemed operative if the State Lands Commission shall fail to either approve or deliver to the owners of record of the upland parcels adjoining the west bank of the Colorado River between the river points specified in Section 2 its disapproval, with the specification of reasons for such disapproval, of the survey, map, and agreement or agreements required by Section 3 within six months from the receipt of same by the commission.

Where no curbs or barriers bound any two-way roadway, right-hand parallel parking is required unless otherwise indicated.

This subdivision shall not be construed to permit any vehicle to stop or park upon a roadway in a direction opposite to that in which traffic normally moves upon that half of the roadway on which such vehicle is stopped or parked.

(c) Notwithstanding the provisions of subdivision (b), local authorities may, by ordinance, prohibit commercial vehicles from stopping, parking, or standing on one side of a roadway in a business district with the wheels of such vehicle more than 18 inches from the curb. The ordinance shall be effective only if signs are placed in the areas to which it is applicable clearly indicating the prohibition.

(d) This section does not apply to vehicles of a public utility when such vehicles are being used in connection with the operation, maintenance, or repair of facilities of the public utility or are being used in connection with providing public utility service.

(e) Upon a one-way roadway, vehicles may be stopped or parked as provided in subdivision (a) or with the left-hand wheels parallel to and within 18 inches of the left-hand curb, except that motorcycles, if parked on the left-hand side, shall have either one wheel or one fender touching such curb. Where no curb or barriers bound any such one-way roadway, parallel parking on either side is required unless otherwise indicated.

The provisions of this subdivision shall not apply upon the roadways of a divided highway.

Sec. 2. Section 22503 of the Vehicle Code is amended to read:

(b) Each county and city, to be eligible for allocation and apportionment of funds pursuant to Section 2106 or 2107, shall file a report and map or maps with the department indicating its select system of county roads or city streets, and thereafter each eligible county and city may submit a supplemental report with map or maps recommending proposed additions or deletions to the system where such additions or deletions are warranted by changes brought about by annexations or changes in traffic or land-use patterns or by other causes. Such submittals shall be reviewed and approved or modified by the department and shall constitute the select system upon which funds may thereafter be expended.

(c) All select systems and their modifications or revisions heretofore approved by the commission shall be effective upon the date of such approval.

(d) Notwithstanding subdivision (a), funds received pursuant to Sections 2106 and 2107 and expended for the acquisition of rights-of-way for, and the construction of, city streets shall be considered expenditures on the select system of the city, if the city legislative body finds that 90 percent or more of either its select system or its entire system of city streets has been constructed. For purposes of this subdivision, the select system of city streets shall include all city streets which meet, or substantially meet, all three criteria set forth in subdivision (b) of Section 186.4. In the event that the total mileage of streets in the city has increased by more than 10 percent since the findings were made by the city legislative body, it shall reevaluate its findings.

Each of the two additional members appointed pursuant to this section as amended at the 1971 Regular Session shall serve for a term of four years.

The 13 public members appointed by the State Board of Education shall be selected for their familiarity, standing, competence, and attainment in research methods applicable to the physical, behavioral, and management sciences. One of the 13 public members appointed by the State Board of Education shall be an elementary school teacher, one public member shall be a secondary school teacher, one public member shall be a recognized specialist in the field of special education, one public member shall be a representative of institutions of higher education, one public member shall be a recognized specialist in urban educational problems, one public member shall be a member of the governing board of a school district, one public member shall be a representative of private schools, one public member shall be a representative of disadvantaged low-income areas, three public members shall be leaders from private industry with direct concern and involvement in the development of new techniques in the fields of education and communications, and two public members shall be representatives of the counseling and guidance fields.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that successors to two additional public members of the Educational Innovative Advisory Commission appointed by the State Board of Education in 1970 pursuant to Section 593.2 of the Education Code may be appointed to the commission for regular four-year terms at the earliest possible time to conform state law to federal law, it is necessary that this act take immediate effect.

Further, the duties of the State Board of Education regarding the allocation of certain federal funds must be revised at the earliest possible time in order to facilitate such allocation for the fiscal year commencing July 1, 1971.

The community college board so created shall be composed of the same number of members as the common board.

The first term of office of any such newly elected member receiving such lower number of votes shall expire in December of the next succeeding odd-numbered year pursuant to the provisions of the city charter governing the election of governing board members of the unified district. Thereafter, all elections of governing board members of the community college district shall be held under the same terms and conditions and at the same times as elections of governing board members of the unified district pursuant to city charter.

This section applies only to a member who would be eligible to receive the benefit of Section 31835 or 20023.1 on making the redeposit.

Except as provided in this section his rate of contribution shall be based on age at the nearest birthday at time of reentrance into the system. If he does not redeposit all of the accumulated normal contributions previously withdrawn he shall be considered as a new member without credit for any previous service.

“Regular interest” as used in this section shall mean that amount of interest which would have been credited to the ac-

count of the member on the amount to be deposited at the interest rates established for the system if the contributions required by this section had been on deposit from the date of reentrance into the retirement system until the amount required to be deposited has been paid.

(b) Any member who left county service on or before December 31, 1971, and thereafter again became a member of the county system which he left and (1) who did not withdraw his accumulated normal contributions, or (2) who elected to leave his accumulated normal contributions on deposit pursuant to Article 9 (commencing with Section 31700), or (3) who redeposited or redeposits withdrawn accumulated normal contributions plus interest as authorized in Section 31652, notwithstanding the provisions of Section 31652.2, shall be eligible for all benefits granted a member entering a reciprocal retirement system under Article 15 (commencing with Section 31830), including the benefits granted to members who left their accumulated contributions on deposit or who redeposited their accumulated contributions pursuant to Section 31831.1.

Any such member whose accumulated contributions are on deposit as provided in this section and any other member who left county or district service on or before December 31, 1971, who became a member of a retirement system established under this chapter in another county or of the Public Employees' Retirement System and who elected to leave his accumulated contributions on deposit pursuant to Article 9 (commencing with Section 31700) shall be eligible for the benefits provided in this article, and for purposes of such benefits shall be deemed to have entered membership in such other system within 90 days of his separation from county or employment. The deferred retirement allowance for such member shall be determined in accordance with the provisions of this chapter applicable to members retiring directly from county employment on the date of his retirement. Any member who qualifies for a reduced age at entry pursuant to this section shall be entitled to use such age only from and after the date he completes the redeposit as provided in this section or, if he elected to leave his accumulated contributions on deposit pursuant to Article 9 (commencing with Section 31700), from and after the date he notifies the board in writing that he desires the benefits of this section. This section shall not apply to members who are retired or who are not in service of an employer making him a member of a retirement system established under this chapter or of the Public Employees' Retirement System.

Unless this chapter expressly provides to the contrary the retirement allowance received by a member pursuant to this section shall be calculated based upon the laws pertaining to the retirement system of such district or county as of the date of retirement and not the laws pertaining to such system as of the date the member first left county or district service.

SEC. 4. Section 31831.2 of the Government Code is repealed.

SEC. 5. Nothing in this act shall be construed as affecting rights provided under the Public Employees' Retirement System.

CHAPTER 505

An act to amend Sections 6904 and 6904.3 of, and to add Section 6914.5 to, the Business and Professions Code, relating to collection agencies.

[Approved by Governor August 10, 1971. Filed with Secretary of State August 10, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 6904 of the Business and Professions Code is amended to read:

6904. If the director determines that a licensee has failed to pay sums owed to a customer, has misappropriated trust

funds, is insolvent, or has failed to dispose of assigned accounts and judgments within 90 days after having ceased to be engaged actively in the collection agency business, as defined in Section 6914.5, he may appoint a conservator to take possession of the licensee's books, accounts, records, papers, files, safes, vaults, property, and other assets used in connection with the business, and the trust bank account in which customer funds are deposited.

SEC. 2. Section 6904.3 of the Business and Professions Code is amended to read:

6904.3. If no hearing is requested, or if the determination of the director made pursuant to Section 6904 is not reversed and becomes final, the director may, after reviewing the findings and recommendations of the conservator, order that the conservator dispose of assigned accounts and judgments, or wind up and liquidate the collection agency in the manner specified below; or he may consent to the sale, transfer or continuation of all or any part of the collection agency business upon such terms and conditions as he deems necessary for the best interests of the assignor creditors and the protection of the public, and thereafter discharge the conservator. Any such terms and conditions shall, however, include payment of the fee and expenses of the conservator fixed in accordance with Section 6904.4.

If the director determines that the collection agency shall be wound up and liquidated, the conservator shall do all of the following:

(a) Determine the names and addresses of all customers as shown by the books, accounts, records, and papers of the licensee.

(b) Compile records on all assigned accounts showing amounts paid and amounts still owed or due. This shall include all accounts pending in litigation or on which judgments have been secured.

(c) Notify all customers of the appointment of the conservator and of the accounts outstanding according to the books and records. Each customer shall be requested to notify the conservator of any accounts assigned which do not appear in the books and records and of any moneys paid by the licensee on such accounts. Each customer shall also be requested to advise the conservator if the accounts shown on the books and records are incorrect insofar as moneys paid to the customer on such accounts is concerned.

(d) Return all uncollected accounts to the assignor creditor advising of amounts paid by debtors on all unsatisfied accounts or solicit bids from any licensed and qualified persons in the state for the right to solicit the accounts owned by the licensee and accept such bid as he may consider to be in the best interests of all customers.

(e) Fix a time limit, not to exceed four months from the date of the notification provided for in subdivision (c), during which a customer may file a claim with him. All such claims

shall be verified under oath by the customer. If a customer fails to file a verified claim with the conservator during the time limit, the conservator shall be relieved of further duty or action hereunder on behalf of such customer.

(f) Notify the bank where trust funds are on deposit that a conservator has been appointed and that the trust funds shall be held for the benefit of creditors. Such notification shall be subscribed by the director and shall bear the seal of the bureau. The receipt of such notification by a bank shall relieve it from all liability to the licensee or his heirs or assigns.

(g) Make a demand upon the surety after ascertaining all claims in the manner set forth in this section. The conservator shall have the power to settle or compromise such claims with the surety and may, in such case, execute and deliver a release and discharge of the bond involved.

(h) Bring an action on the bond if the surety refuses to pay the amount demanded pursuant to subdivision (g). If the recovery in such action, together with any funds that may be in the trust bank account, is not sufficient to pay all of the claims as finally determined, the amount recovered thereon shall be divided pro rata among such claimants.

(i) File with a bank having custody of any money or indebtedness due to the licensee in any bank account used in connection with the licensed business an affidavit showing the right of the conservator to receive such money or indebtedness under the provisions of this chapter. The receipt of such conservator shall constitute sufficient acquittance for any payment of money made pursuant to the provisions of this article and shall fully discharge the bank from any further liability with reference thereto without the necessity of inquiring into the truth of the facts stated in the affidavit.

(j) File with the director a final accounting which covers the period of his receivership. Upon such filing the director may discharge the conservator and release him from his duties.

Nothing contained in this section shall be construed to prevent any person claiming to be injured by the fraud, deceit, or willful negligence of a licensee, or by failure of a licensee to comply with the provisions of this chapter or any rule or regulation established thereunder, from bringing an action upon the bond against both principal and surety in any court of competent jurisdiction to recover damages caused by such fraud, deceit, willful negligence, or failure to comply with the provisions of this chapter or any rule or regulation established thereunder.

SEC. 3. Section 6914.5 is added to the Business and Professions Code, to read:

6914.5. Whenever a licensee ceases to be engaged actively in the collection agency business, he shall forthwith dispose of accounts assigned to him by sale or transfer to another licensee of the right to solicit reassignment of all uncollected accounts or by returning to the assignors the accounts and all things that rightfully belong to them. All accounts in litiga-

tion shall be disposed of through dismissals and satisfactions, where appropriate, or, if reassigned, through substitution of attorneys. Where a judgment has been obtained on behalf of more than one creditor against a single debtor, an effort shall be made to obtain collective reassignment of the creditors' interests therein.

The licensee shall be deemed to have ceased being actively engaged in the collection agency business when his license has expired, been surrendered, or been revoked or whenever the business premises are no longer open for service to customers and the public.

CHAPTER 506

An act to amend Section 36620 of the Vehicle Code, relating to vehicles.

A combination of vehicles consisting of a power unit and two cotton trailers when used on the highway for the exclusive purpose of transporting cotton from a farm to a cotton gin and returning the empty trailers to such farm may exceed a total length of 60 feet but shall not exceed a total length of 70 feet if both of such cotton trailers had first obtained special identification plates, as set forth in Section 36125, prior to July 1, 1963.

The provisions of this section shall be operative only until the 91st day after final adjournment of the 1973 Regular Session of the Legislature.

CHAPTER 507

An act to add Section 13802.5 to the Public Utilities Code, relating to municipal utility districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 10, 1971. Filed with Secretary of State August 10, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 13802.5 is added to the Public Utilities Code, to read:

13802.5. The terms and conditions of annexation may provide, among other things, for the levy and payment of taxes within the territory to be annexed in addition to the taxes

authorized elsewhere in this division, for the fixing of rates, rentals, and charges differing from those fixed or existing elsewhere within the district, or for the making of one or more payments, or the transfer of real or personal property or other assets to the district by the public agency. Such payments may be either for the acquisition, transfer, use or right to use all or any part of the existing property of the district or for installation and construction of facilities and equipment required to serve the annexed territory.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act will permit the annexation of a small, residential area of approximately 45 homes to a municipal utility district capable of meeting the area's water supply needs. The water system presently serving this area, operated by a county water district, is so inadequate that homeowners during the summer months are often out of water for periods of from 8 to 15 hours daily. In order to alleviate this situation at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 508

An act to amend Section 21113 of the Vehicle Code, relating to traffic regulations, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 10, 1971 Filed with
Secretary of State August 10, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 21113 of the Vehicle Code is amended to read:

21113. (a) No person shall drive any vehicle or animal, nor shall any person stop, park, or leave standing any vehicle or animal, whether attended or unattended, upon the driveways, paths, or the grounds of any public school, state university, state college, state, county, hospital district, or municipal airport, institution or building, or unit of the state park system or any educational institution exempted in whole or in part from taxation, except with the permission of, and upon and subject to such conditions and regulations as may be imposed by, the governing board or officer of the public school, state university, state college, state, county, hospital district, or municipal airport, institution or building, or educational institution, or the Director of Parks and Recreation regarding units of the state park system.

(b) Every governing board or officer shall erect or place appropriate signs giving notice of any special conditions or regu-

lations that are imposed under this section and every board or officer shall also prepare and keep available at the principal administrative office of the board or officer, for examination by all interested persons, a written statement of all such special conditions and regulations adopted under this section.

(c) When any governing board or officer permits public traffic upon the driveways, paths or grounds under their control then, except for those conditions imposed or regulations enacted by the governing board or officer applicable to the traffic, all the provisions of this code relating to traffic upon the highways shall be applicable to the traffic upon the driveways, paths, or grounds.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The present language of subdivision (c) of Section 21113 of the Vehicle Code is not sufficiently clear to permit enforcement of Vehicle Code provisions on the driveways, paths or grounds of any public school, state university, state college, state, county, hospital district, or municipal airport, institution or building, or unit of the state park system or any educational institution exempted in whole or in part from taxation, where the governing board has adopted special conditions or regulations with the result that chaotic traffic and parking conditions exist on such driveways, paths or grounds. It is therefore, imperative that this act which clarifies such subdivision take effect immediately.

(g) A local agency may authorize by contract or franchise the removal, disposal, or removal and disposal of such vehicles by other than a licensed automobile dismantler if it has first requested bids for removal, disposal, or removal and disposal, of such vehicles. Whenever the board by resolution adopted by a vote of four-fifths of the total vote of the board finds and determines that any part of the works of the district has been damaged or demolished by reason of fire, flood, earthquake, sabotage, or act of God or the public enemy, and that the cost of repairing or replacing such works so damaged or demolished is too great to be paid out of the ordinary annual income and revenue of the district, and that the public interest requires the incurring of indebtedness for the purposes set forth in the resolution, the board may authorize the incurring of such indebtedness pursuant to the provisions of this chapter.

13346. Whenever the board makes the finding and determination as described in Section 13345, the district may borrow money and incur indebtedness by the issuance of bonds, notes, or other securities as provided in this chapter by action of the board and without the necessity of calling and holding an election in the district. Such evidences of indebtedness shall constitute general obligations of the district. The indebtedness may be incurred for any purpose for which the district is authorized to expend funds. The indebtedness incurred under this chapter shall be evidenced by bonds, notes or other evidences of indebtedness maturing in not to exceed five years from their date, shall bear interest at such rate or rates as may be fixed by the board and may be issued and sold at public sale as the board may direct. All other terms and conditions of such evidences of indebtedness shall be fixed by the board. The maximum principal amount of all indebtedness outstanding under this chapter shall not at any one time exceed 1 percent of the assessed valuation of the property within the district taxable for district purposes. The board may authorize and issue refunding notes for the purpose of paying and redeeming at or before maturity any notes theretofore issued and then outstanding, provided that such refunding notes shall not be in excess of the limitation of indebtedness provided in this section and shall mature in not to exceed

five years from the dates of the original indebtedness. Such refunding notes may in turn be refunded under like terms and conditions; provided, that in no event shall any such refunding note mature in excess of five years from the date of the original indebtedness.

13347. Such evidences of indebtedness shall be payable from any sources of available funds, including revenues, taxes, or state or federal grants. The board is hereby authorized to levy and collect taxes upon all property in the district subject to taxation by the district without limitation of rate or amount for the payment of the evidences of indebtedness and the interest thereon. Such taxes shall be in addition to all other taxes levied for district purposes and shall be levied at the same time and in the same manner as other district taxes are levied and when collected shall be deposited in a special fund and shall be used for no purpose other than the payment of the principal of and interest on such indebtedness. The board shall apply for any federal or state funds available for purposes of repairing or replacing works damaged or demolished by reason of fire, flood, sabotage, or act of God or the public enemy.

SEC. 2. Section 13626 is added to the Public Utilities Code, to read:

13626. The board may utilize the provisions of Chapter 7.1 (commencing with Section 13345) to authorize emergency financing of the repair or replacement of damaged or demolished works of the special district; provided, that the payment of the principal and interest on such bonds or evidences of indebtedness shall be made only from revenues, taxes, or other available funds, of the special district.

[Approved by Governor August 10, 1971. Filed with Secretary of State August 10, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 814.5 is added to the Evidence Code, to read:

814.5. Any increase or decrease in the value of property prior to the date of valuation caused by the public improvement for which such property is acquired, or by the likelihood that the property would be acquired for such improvement, other than that due to physical deterioration within the reasonable control of the owner or occupant, shall be inadmissible in determining the value of the property.

SEC. 2. Article 3.5 (commencing with Section 156) of Chapter 1 of Division 1 of the Streets and Highways Code is repealed.

SEC. 3. Article 4.5 (commencing with Section 170) is added to Chapter 1 of Division 1 of the Streets and Highways Code, to read:

Article 4.5. Highway Relocation Assistance

170. As used in this article:

(a) "Person" means any individual, partnership, corporation, or association.

(b) "Displaced person" means any person who moves from real property, or moves his personal property from real property, as a result of the acquisition of such real property, in whole or in part, for a state highway or a federal-aid highway project.

(c) "Business" means any lawful activity, except a farm operation, conducted primarily:

(1) For the purchase, sale, lease, or rental of personal and real property, and for the manufacture, processing, or marketing of products, commodities, or any other personal property.

(2) For the sale of services to the public.

(3) By a nonprofit organization.

(4) Solely for the purpose of Section 170.5 for assisting in the purchase, sale, resale, manufacture, processing, or marketing of products, commodities, personal property, or services by the erection and maintenance of an outdoor advertising display, whether or not such display is located on the premises on which any of the above activities are conducted.

(d) "Farm operation" means any activity conducted solely or primarily for the production of one or more agricultural products or commodities, including timber, for sale or home use, and customarily producing such products or commodities in sufficient quantity to be capable of contributing materially to the operator's support.

(e) "Average annual net earnings" means one-half of any net earnings of the business or farm operation, before federal, state, and local income taxes, during the two taxable years immediately preceding the taxable year in which such business or farm operation moves from the real property acquired for such project, or during such other period as the director determines to be more equitable for establishing such earnings, and includes any compensation paid by the business or farm operation to the owner, his spouse, or his dependents during such period.

170.5. (a) As a part of the cost of construction, the department may compensate a displaced person for:

(1) Actual reasonable expense in moving himself, his family, business, farm operation, or other personal property.

(2) Actual direct loss of tangible personal property as a result of moving or discontinuing a business or farm operation, not to exceed an amount equal to the reasonable expense that would have been required to relocate such property and, in the case of heavy machinery or equipment not to exceed the in-place value of such property.

(3) Actual reasonable expense in searching for a replacement business or farm.

(b) Any displaced person eligible for payments under subdivision (a) who is displaced from a dwelling and who elects not to accept the payments authorized by subdivision (a) may

receive a moving expense allowance, determined according to a schedule established by the department, not to exceed three hundred dollars (\$300), and in addition a dislocation allowance of two hundred dollars (\$200).

(c) Any displaced person eligible for payments under subdivision (a) who is displaced from his place of business or from his farm operation and who elects to accept the payment authorized by this subdivision in lieu of the payment authorized by subdivision (a), may receive a fixed payment in an amount equal to the average annual net earnings of the business or farm operation, except that such payment shall be not less than two thousand five hundred dollars (\$2,500) nor more than ten thousand dollars (\$10,000). In case of a business, no payment shall be made under this subdivision, unless the business cannot be relocated without a substantial loss of its existing patronage, and is not a part of a commercial enterprise having at least one other establishment which is engaged in the same or similar business that is not being acquired by the department. To be eligible for the payments authorized by this article the business or farm operation must make its state income tax returns available and its financial statements and accounting records available for audit for confidential use of the department to determine the payment authorized by this section.

(d) Whenever the acquisition of real property used for a business or farm operation causes the person conducting the business or farm operation to move from other real property, or to move his personal property from other real property, such person may receive payments for moving and related expenses under subdivision (a) or (b) and relocation advisory assistance under Section 172 for moving such other property.

171. In addition to payment authorized by Section 170.5, the department may make an additional payment, not in excess of fifteen thousand dollars (\$15,000), to any displaced person who is displaced from a dwelling actually owned and occupied by such displaced person for not less than 180 days prior to the first written offer for the acquisition of the property. Such additional payment shall include the following:

(a) The amount, if any, which when added to the acquisition cost of the dwelling, equals the reasonable cost of a comparable replacement dwelling which is decent, safe and sanitary, adequate to accommodate such displaced person, reasonably accessible to public services and places of employment, and available on the private market.

(b) The amount, if any, which will compensate such displaced person for any increased interest cost which such person is required to pay for financing the acquisition of any such comparable replacement dwelling. Such amount shall be paid only if the dwelling acquired was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than 180 days prior to the first written offer for the acquisition of such dwelling. Such amount shall be equal to the excess in

the aggregate interest and other debt service costs of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling, over the remainder term of the mortgage on the acquired dwelling, reduced to discounted present value. The discount rate shall be the prevailing interest paid on savings deposits by commercial banks in the general area in which the replacement dwelling is located.

(c) Reasonable expenses incurred by such displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

The additional payment authorized by this section shall be made only to a displaced person who purchases and occupies a replacement dwelling which is decent, safe, and sanitary not later than the end of the one-year period beginning on the date on which he receives final payment of all costs of the acquired dwelling, or the date on which he moves from the acquired dwelling, whichever is the later date.

171.5. In addition to the payment authorized by Section 170.5, the department may make a payment to or for any displaced person displaced from any dwelling who is not eligible to receive a payment under Section 171, which dwelling was actually and lawfully occupied by such displaced person for not less than 90 days prior to the first written offer for the acquisition of such dwelling. Such payment shall be either:

(a) The additional amount necessary to enable such displaced person to lease or rent for a period not to exceed four years, a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities and reasonably accessible to his place of employment, not to exceed four thousand dollars (\$4,000).

(b) The additional amount necessary to enable such person to make a downpayment, including incidental expenses described in subdivision (c) of Section 171, on the purchase of a decent, safe and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, but not to exceed four thousand dollars (\$4,000), except that if such amount exceeds two thousand dollars (\$2,000), such person shall equally match any such amount in excess of two thousand dollars (\$2,000) in making the downpayment.

172. The department is authorized to give relocation advisory services to any person, business, or farm operation displaced because of the acquisition of real property for any project on the state highway system or federal-aid systems and may offer relocation advisory services to any person occupying property immediately adjacent to such highway projects who is caused substantial economic injury because of such projects.

172.5. When a state highway project cannot proceed to actual construction because comparable replacement housing

for sale or rental is not available to displaced persons within a reasonable period of time prior to displacement, the department may take such action as is necessary or appropriate to provide such housing by use of funds authorized for such project. For purposes of determining the applicability of this section, the department is hereby designated as a duly authorized administrative body of the state for the purposes of Revenue and Taxation Code Section 408(c).

172.7. In any inverse condemnation proceeding brought for the taking of actual possession of real property the court rendering judgment for the plaintiff, awarding compensation for such taking, or the attorney representing the public entity who effects a settlement of such proceeding, shall determine and award or allow to such plaintiff, as a part of such judgment or settlement, such sum as will in the opinion of the court or such attorney, reimburse such plaintiff for his reasonable costs, disbursements, and expenses, including reasonable attorney, appraisal, and engineering fees, actually incurred because of such proceeding.

173. Any displaced person aggrieved by a determination as to eligibility for a payment authorized by this article, or the amount of such payment, may have his application reviewed by the director whose decision shall be final.

173.5. No payment received by a displaced person pursuant to this article shall be considered as income for the purposes of the Personal Income Tax Law or the Bank and Corporation Tax Law, nor shall any such payment be considered as income or resources to any recipient of public assistance and such payment shall not be deducted from the amount of aid to which the recipient would otherwise be entitled under Part 3 (commencing with Section 11000) of Division 9 of the Welfare and Institutions Code.

173.7. In addition to the payments authorized by this article, as a part of the cost of construction, the department may, if federal funds are available for reimbursement, make a payment to any individual, family, business, or farm operation pursuant to the provisions of Section 7265 of the Government Code, in accordance with such rules and regulations as the department shall adopt relating to such payments.

174. The department is authorized to adopt rules and regulations to implement this article for state highway projects and all federal-aid highway projects, and such other rules and regulations relating to highway relocation assistance as may be necessary or desirable under federal laws and the rules and regulations promulgated thereunder. Such rules and regulations shall include provisions relating to:

(a) A moving expense allowance, as provided in subdivision (b) of Section 170.5, for a displaced person who moves from a dwelling, determined according to a schedule, not to exceed three hundred dollars (\$300).

(b) The standards for decent, safe, and sanitary dwellings.

(c) The procedure for an aggrieved displaced person to have his determination of eligibility or amount of payment reviewed by the director.

(d) The eligibility of displaced persons for relocation assistance payments, and the procedure for such persons to claim such payments and the amounts thereof.

174.5. Nothing contained in this article shall be construed as creating in any condemnation proceeding brought under the power of eminent domain, any element of damages not in existence on the date of enactment of this article.

175. The provisions of this article create no rights or liabilities and shall not affect the validity of any property acquisitions by purchase or condemnation.

175.5. This article shall be known as the California Legislature Highway Relocation Act of 1971.

SEC. 4. In no event shall the enactment of Article 4.5 (commencing with Section 156) of Chapter 1 of Division 1 of the Streets and Highways Code operate to deprive a displaced person of benefits for which he has established eligibility prior to the effective date of this title, under former Article 3.5 (commencing with Section 156) of Chapter 1 of Division 1 of the Streets and Highways Code. The department is authorized to adopt rules and regulations establishing the benefits and eligibility of such persons.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The acquisition of real property for state highway purposes is requiring an increasing number of citizens to move and relocate their residences, farms, and businesses. These persons incur expenses which are not fully compensated for under California law. The "Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970" provides for federal participation in relocation assistance and payments only where such payment is authorized by state law. The prompt and equitable relocation and reestablishment of families, farms, and businesses is necessary. The expeditious implementation of relocation payments and advisory assistance is necessary for the efficient operation of the state highway right-of-way acquisition program. Immediate statutory authorization to make such payments and assistance is required. It is therefore necessary that this act go into immediate effect.

Any contract for the right to print, publish, and distribute any textbook (including supplementary textbooks, reference books, dictionaries and books used in public schools) shall specify that the royalty, if required, for such books transcribed or reproduced in braille, large print, recordings or other media for use of handicapped minors including the visually handicapped shall be that specified in the contract for the regular inkprint textbooks designed for nonhandicapped pupils. Any contract for the purchase of textbooks (including supplementary textbooks, reference books, dictionaries and books used in public schools) shall establish a royalty, if required, for permission to transcribe or reproduce in braille, large print, recordings or other media for use of handicapped minors, including the visually handicapped.

SEC. 7. Section 16902 of the Education Code is amended to read:

16902. The county superintendent of schools of any county may, with the consent of the county board of education, contract for the transportation of pupils attending schools or classes operated by the county superintendent of schools pursuant to Sections 894 to 899.7, inclusive, of this code, to and from any exposition or fair, school activities, or other activities which the county superintendent of schools determines to be for the benefit of the pupils, in this state, and may pay for the transportation out of the county school service fund.

SEC. 8. Section 17414 of the Education Code is amended to read:

17414. If during any fiscal year there is apportioned to a school district or to any fund from the State School Fund at least one hundred dollars (\$100) more or at least one hundred dollars (\$100) less than the amount to which the district or fund was entitled, the Superintendent of Public Instruction, in accordance with regulations that he is herewith authorized to adopt not later than the third succeeding fiscal year shall withhold from, or add to, the apportionment made during such fiscal year, the amount of such excess or deficiency, as the case may be. Notwithstanding, any other provision of this code to the contrary, excesses withheld or deficiencies added by the Superintendent of Public Instruction under this section shall be added to or allowed from any portion of the State School Fund except that portion reserved as allowances for basic state aid.

SEC. 9. Section 17503 of the Education Code is amended to read:

17503. For purposes of this section:

(a) "Salaries of classroom teachers" and "teacher" shall have the same meanings as prescribed by Section 17200 of this code provided, however, that the cost of all health and welfare benefits provided to the teachers by the school district shall be included within the meaning of salaries of classroom teachers.

(b) "Current expense of education" means the gross total expended (not reduced by estimated income or estimated federal and state apportionments) for the purposes classified in the final budget of a school district (except one which, during the preceding fiscal year, had less than 101 units of average daily attendance) submitted to and approved by the county superintendent of schools pursuant to Section 20607 of this code for administration, instruction (including salaries and other expense), health services, operation of plant, maintenance of plant, and fixed charges. "Current expense of education" shall not include those purposes classified as transportation of pupils, food service, community service, capital outlay, state school building loan repayment; and shall not include the amount expended pursuant to any lease agreement for plant and equipment or the amount expended from funds received from the federal government pursuant to the "Economic Opportunity Act of 1964" or any extension of such act of Congress.

There shall be expended during each fiscal year for payment of salaries of classroom teachers:

(a) By an elementary school district, sixty percent (60%) of the district's current expense of education.

(b) By a high school district, fifty percent (50%) of the district's current expense of education.

(c) By a community college district, fifty percent (50%) of the district's current expense of education.

(d) By a unified school district, fifty-five percent (55%) of the district's current expense of education.

If the Superintendent of Public Instruction determines that a school district has not expended the applicable percentage of current expense of education for the payment of salaries of classroom teachers during the preceding fiscal year, he shall, in apportionments made to the school district from the State School Fund after April 15 of the current fiscal year, designate an amount of such apportionment or apportionments equal to the apparent deficiency in district expenditures. Any amount so designated by the Superintendent of Public Instruction shall be deposited in the county treasury to the credit of the school district, but shall be unavailable for expenditure by the district pending the determination to be made by the Superintendent of Public Instruction on any application for exemption which may be submitted to the Superintendent of Public Instruction. In the event it appears to the governing

board of a school district that the application of the preceding paragraphs of this section during a fiscal year results in serious hardship to the district, or in the payment of salaries of classroom teachers in excess of the salaries of classroom teachers paid by other districts of comparable type and functioning under comparable conditions, the board may, with the written approval of the county superintendent of schools having jurisdiction over the district apply to the Superintendent of Public Instruction in writing not later than September 15th of the succeeding fiscal year for exemption from the requirements of the preceding paragraphs of this section for the fiscal year on account of which the application is made. Upon receipt of such application, duly approved, the Superintendent of Public Instruction shall grant the district exemption for any amount that is less than one thousand dollars (\$1,000), and if the amount is one thousand dollars (\$1,000), or greater may grant the district exemption, to the extent deemed necessary by him, from such requirements for the fiscal year on account of which the application is made. If such exemption is granted the designated moneys shall be immediately available for expenditure by the school district governing board. If no application for exemption is made or exemption is denied, the Superintendent of Public Instruction shall order the designated amount or amount not exempted to be added to the amounts to be expended for salaries of classroom teachers during the next fiscal year.

The Superintendent of Public Instruction shall enforce the requirements prescribed by this section, and may adopt necessary rules and regulations to that end. He may require the submission to him, during the school year, by school district governing boards and county superintendents of schools, of such reports and information as may be necessary to carry out the provisions of this section.

SEC. 10. Section 17505 of the Education Code is amended to read:

17505 Notwithstanding any other provision of law to the contrary, Section 17503 shall not apply to any elementary school district, high school district, or unified school district, which maintains no individual class session with pupils in attendance exceeding the numbers, for the particular grade levels, following:

(a) An elementary school district—twenty-eight (28) pupils.

(b) A high school district—twenty-five (25) pupils.

(c) A unified school district—twenty-eight (28) pupils in respect to grades kindergarten through 8, inclusive; and twenty-five (25) pupils in respect to grades 9 through 12, inclusive.

The provisions of this section shall in no way affect the applicability of Section 17503 to districts with respect to maintenance of community colleges, and individual class ses-

sions in grades 13 and 14 maintained by any school district shall not be considered for purposes of this section.

As used in this section the phrase "individual class session" shall not include any class session held in grades kindergarten through 8, inclusive, in courses in art, instrumental and vocal music, industrial arts, and physical education. The phrase shall not include any class session held in grades 9 through 12, inclusive, in courses in commercial arts, instrumental and vocal music, industrial arts, vocational arts, and physical education. The phrase "individual class session" shall not include any class session held in grades 9 through 12, inclusive, for which two or more individual class groups which come within the descriptions specified by the first paragraph of this section and subdivision (a) or (b), or both, are assembled together in the same room for joint lectures or demonstrations.

Notwithstanding the provisions of subdivisions (b) and (c), grades 7, 8, and 9 of a junior high school shall be deemed to be high school grades for purposes of this section.

The governing board of each school district shall, subject to the rules and regulations of the Superintendent of Public Instruction and in the manner and form he shall prescribe, certify to that officer on or before December 31 of each year, information concerning its individual class sessions and the numbers of pupils in attendance thereon, as of the last day of the second school month of the same year which certification shall constitute the basis for the applicability of the provisions of this section to the school district.

SEC. 11. Section 17653 of the Education Code is repealed.

SEC. 12. Section 20813 of the Education Code is repealed.

SEC. 13. Section 20814 of the Education Code is repealed.

SEC. 14. Section 20910 of the Education Code is amended to read:

20910. For purposes of this chapter:

(a) Each elementary school district shall be deemed to comprise the kindergartens and grades 1 to 8, inclusive, maintained by the district, and the seventh and eighth grades of the district not maintained by the district because of the attendance upon a junior high school of pupils who would otherwise attend upon seventh and eighth grades maintained by the district.

(b) Each high school district shall be deemed to comprise all of grades 9 to 12, inclusive, maintained within the high school district whether maintained by a high school district or by a community college district.

(c) Each unified school district shall be deemed to be an elementary school district comprising the kindergartens and grades 1 to 8, inclusive, maintained by the district and the seventh and eighth grades of the district not maintained by the district in elementary schools because of the attendance upon a junior high school of pupils who would otherwise attend the seventh and eighth grades maintained in elementary schools by the district, and a high school district comprising all of grades 9 to 12, inclusive.

(d) In determining to which particular districts apportionments shall be made, the rules prescribed by Sections 17608, 17609, and 17610 for purposes of apportionments from the State School Fund shall be utilized.

Sec. 15. Section 21707 of the Education Code is repealed.

Sec. 16. Section 21709 of the Education Code is amended to read:

21709. (a) The governing board of each school district shall, within 30 days after the end of each fiscal year, submit to the county superintendent of schools who has jurisdiction over the school district a report containing the following information, concerning any election held pursuant to Sections 1908, 19590, 21751 and 21752 for the approval of the issuance of bonds or the assumption of any bonded indebtedness or other indebtedness:

(1) The total amount of the bond issue, bonded indebtedness or other indebtedness involved.

(2) The percentage of registered electors of the district who voted at the election.

(3) The results of the election, with the percentage of votes cast for and against the proposition involved.

SEC. 3. The State Board of Equalization shall determine the actual property tax losses caused by reason of the partial exemption for business inventories of each county and all local agencies in each county for the 1970-1971 fiscal year. If the state reimbursements under Section 16107 of the Government Code, as augmented by this act, exceed such actual losses, such excess shall be reported to the Controller and one-half shall be deducted from the 1971-1972 fiscal year allocations for such reimbursement and one-half from the 1972-1973 fiscal year allocations, except that a county may elect to have the entire excess deducted from the 1971-1972 fiscal year allocation. In the event the State Board of Equalization determines the state reimbursements under Section 16107 of the Government Code, as augmented by this act, are less than the actual losses for

In order to promptly reimburse counties for underpayments in the reimbursement of losses due to reduction of property taxes on business inventories for the 1970-71 fiscal year, it is necessary for this act to take effect immediately.

CHAPTER 521

An act relating to community colleges, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 10, 1971 Filed with
Secretary of State August 10, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding the provisions of Section, 25505.8 of the Education Code, and in substitution for the fee required by that section, the governing board of a community college district may charge the nonresident tuition fee set for the 1970-1971 fiscal year to students who are enrolled during the 1971-1972 fiscal year in a community college maintained by that district and who were enrolled in a public California community college during the 1970-1971 fiscal year. This reduction in tuition charged shall not be granted to nonresident students on an individual basis.

The provisions of this section do not supersede any authority of the governing board to reduce or eliminate the nonresident tuition fee in accordance with the provisions of Section 25505.8 of the Education Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 1364 of the Statutes of 1970 requires community colleges to charge nonresident students a standard mandatory tuition fee based on a stated formula beginning in the 1971-72 school year. Many nonresident students presently enrolled in community colleges will suffer a great financial hardship when

they enroll for the 1971-72 school year to finish their community college program, the new fee being greater than that which they are presently paying. So that those nonresident students may complete their education, it is necessary for this act to go into effect for the beginning of the 1971-1972 school year.

CHAPTER 522

The study shall include the following items:

(a) Determination of the current magnitude and extent of shoreline contamination.

(b) Identification of the sources of oil that produce beach pollutants.

(c) Documentation of the geophysical aspects of active seepage zones.

(d) Examination of the cause and effect relationships between offshore oil sources and beach pollutants.

(e) Methods of reducing, mitigating, or eliminating pollution from such leaks.

SEC. 2. There is hereby appropriated the sum of fifty thousand dollars (\$50,000) from the California Environmental Protection Program Fund to the Resources Agency for the purposes of this act. Any and all appropriations made from the California Environmental Protection Program Fund by legislation enacted during the 1970 Regular Session of the Legislature, which are available for encumbrance beyond the 1970-1971 fiscal year, shall have priority with respect to payment over the appropriation made by this act in the event that there are insufficient amounts in the California Environmental Protection Program Fund to pay all such appropriations.

Any person applying for a credential under the provisions of this section shall submit to the commission: (1) a testament of acceptable moral character and physical health signed by a tenured faculty member and the president of the college from which he graduated; (2) a formal offer of employment from a school district; and (3) evidence of successful passage of the approved examination required by this section.

SEC. 6. Sections 1 to 5, inclusive, of this act shall become operative on January 1, 1973, or, after adequate public notice, at such earlier date that the Commission for Teacher Preparation and Licensing may determine.

[Approved by Governor August 11, 1971 Filed with
Secretary of State August 11, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 541 of the Probate Code is amended to read:

541. Except as otherwise provided in this section, every person to whom letters testamentary or of administration are directed to issue (unless the testator has waived such requirement) shall, before receiving them, execute a bond to the State of California, with two or more persons or an authorized surety company as surety, to be approved by a judge of the superior court if the surety is not an authorized surety company, conditioned that the executor or administrator shall faithfully execute the duties of the trust according to law. In form the bond shall be joint and several. If the bond is to be given by individual persons, the penalty shall be not less than twice the value of the personal property and twice the value of the probable annual income from the real property belonging to the estate, which values shall be ascertained by the court or judge by examining on oath the party applying, and any other persons. If the bond is to be given by an authorized surety company, the court in its discretion may fix the amount of the bond at not

less than the value of the personal property and the probable value of the annual rents, issues and profits of all of the property belonging to the estate.

Unless the will provides for a requirement of a bond, if a verified petition for letters testamentary or of administration alleges that the petitioner is the sole beneficiary under the last will and testament of the decedent or that he has the right to succeed to the estate of the decedent as sole heir, the court, on the hearing of the petition, if the petition so requests, may in its discretion direct that no bond be filed or that it be filed in a reduced amount or sum, as may seem proper under the circumstances.

SEC. 2. Section 543 of the Probate Code is amended to read:

543. When it is provided in the will that no bond shall be required of the executor, or the court pursuant to Section 541 has directed that no bond be filed or that it be filed in a reduced amount or sum, the court, upon its own motion or upon petition of any person interested in the estate, nevertheless, for good cause, may require one to be given or the amount as in other cases thereof increased, either before or at any time after the issuance of letters.

SEC. 3. Section 550 of the Probate Code is amended to read:

550. When a petition is presented praying that an executor or administrator be required to give further security, or to give bond, where no bond was originally required, and it is alleged, on oath, that the executor or administrator is wasting the property of the estate, the judge, by order, may suspend his powers until the matter can be heard and determined.

SEC. 4. Section 554 of the Probate Code is amended to read:

554. (a) The liability of principal and sureties upon the bond of an executor, administrator, guardian, or conservator, is in all cases to pay in the kind of money or currency in which the principal is legally liable.

(b) The liability of the executor, administrator, guardian, or conservator shall not be limited to the penal amount of the bond.

(c) The liability of the surety upon such bond shall be limited to its penal amount except that if the surety fails to satisfy such liability upon demand made after the liability of the principal has become established, the surety shall also be liable for interest from the date of the demand on any judgment obtained against him in an action to recover upon the bond, and costs incurred in obtaining such judgment.

The bond shall not be void upon the first recovery, but may be sued and recovered upon from time to time, by any person aggrieved, in his own name, until the whole penalty is exhausted.

CHAPTER 529

An act to amend Section 540 of the Code of Civil Procedure, relating to writs of attachment.

mand, and in no event more than one thousand dollars (\$1,000), or in an amount equal to the value of the property of such defendant which has been or is about to be attached, in which case to take such undertaking or sum of money in lieu of the property which has been or is about to be attached.

In the event that the action is against more than one defendant, any defendant whose property has been or is about to be attached in the action may give the sheriff, constable, or marshal such undertaking which must first be approved by the judge as hereinabove provided, or deposit such sum of money, and the sheriff, constable, or marshal shall take the same in lieu of such property. Such undertaking, or the deposit of such sum of money, shall not subject such defendant to, or make him answerable for, any demand against any other defendant, nor shall the sheriff, constable, or marshal thereby be prevented from attaching or be obliged to release from attachment, any property of any other defendant. However, such defendant, at the time of giving such undertaking to, or depositing such sum of money with the sheriff, constable, or marshal, shall file with the sheriff, constable, or marshal a statement, duly verified by his oath, wherein such defendant shall state the character of his title to the attached property and the manner in which he acquired such title, and aver and declare that the other defendant or defendants, in the action in which said undertaking was given or such sum of money was deposited, has or have not any interest or claim of any nature whatsoever in or to said property.

Several writs may be issued upon the same affidavit and undertaking simultaneously or from time to time within 60 days after the filing of the affidavit and undertaking, to the sheriffs, constables, or marshals of any county or counties, whether or not any writ previously issued has been returned.

CHAPTER 531

An act to amend, repeal, and add Section 15 of, and to amend Section 16 of, the Ventura County Flood Control Act (Chapter 44 of the Statutes of 1944, Second Extraordinary Session), relating to the Ventura County Flood Control District.

[Approved by Governor August 11, 1971. Filed with Secretary of State August 11, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 15 of the Ventura County Flood Control Act (Chapter 44 of the Statutes of 1944, Second Extraordinary Session) is amended to read:

Sec. 15. (1) Whenever the board of supervisors shall determine that a bonded indebtedness should be incurred to pay the cost of any work of improvement in any zone, the said board may by resolution, passed by a four-fifths vote of the board, determine and declare the amount of bonds in order to raise the amount of money necessary for such work of improvement and the maximum rate of interest of said bonds. Said work of improvement may be described by reference to the report filed pursuant to Section 10 hereof and no other description shall be necessary. Said board shall cause a copy

of said resolution, duly certified by the clerk, to be filed for record in the office of the Recorder of Ventura County within five (5) days after its issuance. From and after said filing the said board shall be deemed vested with the authority to proceed with said bond election.

(2) After the filing for record of the resolution specified in subdivision (1) of this section, the said board of supervisors may call a special election in said zone at which shall be submitted to the qualified electors of said zone the question whether or not bonds shall be issued in the amount determined in said resolution and for the purposes therein stated. Said bonds and the interest thereon shall be paid from revenue derived from annual taxes or assessments levied upon the property taxable by said district situated within the zone, and all such taxable property shall be and remain liable to be taxed for such payments as provided in this act

(3) Said board of supervisors shall call such special election by ordinance and not otherwise and submit to the qualified electors of said zone the proposition of incurring a bonded debt in said zone in the amount and for the purposes stated in said resolution and shall recite therein the purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to describe such purposes, by reference to the resolution adopted by said board of supervisors, and on file for particulars; and said ordinances shall also state the estimated cost of the proposed work of improvement, the amount of the principal of the indebtedness to be incurred therefor, and the maximum rate of interest to be paid on said indebtedness, and shall fix the date on which such special election shall be held, and the form and contents of the ballot to be used. The rate of interest to be paid on such indebtedness shall not exceed seven percent (7%) per annum. For the purposes of said election, said board of supervisors shall in said ordinance establish election precincts within the boundaries of the said zone and may form election precincts by consolidating the precincts established for general election precincts in said district to a number not exceeding six general election precincts for each such bond election precinct, and shall designate a polling place and appoint one inspector, one judge and one clerk for each of such precincts. As an alternative said ordinance may provide for the consolidation of said election with a statewide or other election in accordance with the provisions of the Elections Code governing consolidated elections.

In all particulars not recited in said ordinance, such election shall be held as nearly as practicable in conformity with the general election laws of the state.

Said board of supervisors shall cause a map or maps to be prepared covering general description of the work to be done, which said map shall show the location of the proposed works and improvements and shall cause the said map to be posted in a prominent place in the county courthouse for public in-

No other notice of such election need be given.

Any defect or irregularity in the proceedings prior to the calling of such election shall not affect the validity of the bonds. If at such election two-thirds ($\frac{2}{3}$) of the votes cast are in favor of incurring such bonded indebtedness, then bonds of said district zone for the amount stated in such proceedings may be issued and sold as in this act provided.

This section shall remain in effect only until the 61st day after final adjournment of the 1973 Regular Session of the Legislature, and as of that date is repealed.

(1) Whenever the board of supervisors shall determine that a bonded indebtedness should be incurred to pay the cost of any work of improvement in any zone, the said board may by resolution, passed by unanimous vote of the entire board, determine and declare the amount of bonds in order to raise the amount of money necessary for such work of improvement and the maximum rate of interest of said bonds. Said work of improvement may be described by reference to the report filed pursuant to Section 10 hereof and no other description shall be necessary. Said board shall cause a copy of said resolution, duly certified by the clerk, to be filed for record in the office of the Recorder of Ventura County within five (5) days after its issuance. From and after said filing the said board shall be deemed vested with the authority to proceed with said bond election.

(2) After the filing for record of the resolution specified in subdivision (1) of this section, the said board of supervisors may call a special election in said zone at which shall be submitted to the qualified electors of said zone the question whether or not bonds shall be issued in the amount determined in said resolution and for the purposes therein stated. Said bonds and the interest thereon shall be paid from revenue derived from annual taxes or assessments levied upon the property taxable by said district situated within the zone, and all such taxable property shall be and remain liable to be taxed for such payments as provided in this act.

debt in said zone in the amount and for the purposes stated in said resolution and shall recite therein the purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to describe such purposes, by reference to the resolution adopted by said board of supervisors, and on file for particulars; and said ordinances shall also state the estimated cost of the proposed work of improvement, the amount of the principal of the indebtedness to be incurred therefor, and the maximum rate of interest to be paid on said indebtedness, and shall fix the date on which such special election shall be held, and the form and contents of the ballot to be used. The rate of interest to be paid on such indebtedness shall not exceed six percent (6%) per annum. For the purposes of said election, said board of supervisors shall in said ordinance establish election precincts within the boundaries of the said zone and may form election precincts by consolidating the precincts established for general election precincts in said district to a number not exceeding six general election precincts for each such bond election precinct, and shall designate a polling place and appoint one inspector, one judge and one clerk for each of such precincts. As an alternative said ordinance may provide for the consolidation of said election with a statewide or other election in accordance with the provisions of the Elections Code governing consolidated elections.

In all particulars not recited in said ordinance, such election shall be held as nearly as practicable in conformity with the general election laws of the state.

Said board of supervisors shall cause a map or maps to be prepared covering general description of the work to be done, which said map shall show the location of the proposed works and improvements and shall cause the said map to be posted in a prominent place in the county courthouse for public inspection for at least thirty (30) days before the date fixed for such election.

Said ordinance calling for such election shall, prior to the date set for such election, be published pursuant to Section 6062 of the Government Code in a newspaper of general circulation circulated in said zone; the last publication of such ordinance must be at least fourteen (14) days before said election, and if there be no such newspaper, then such ordinance shall be posted in five public places in said zone for at least thirty (30) days before the date fixed for such election. No other notice of such election need be given.

Any defect or irregularity in the proceedings prior to the calling of such election shall not affect the validity of the bonds. If at such election two-thirds ($\frac{2}{3}$) of the votes cast are in favor of incurring such bonded indebtedness, then bonds of said district zone for the amount stated in such proceedings may be issued and sold as in this act provided.

This section shall become operative on the 61st day after final adjournment of the 1973 Regular Session of the Legislature.

SEC. 2. Section 16 of the Ventura County Flood Control Act (Chapter 44 of the Statutes of 1944, Second Extraordinary Session) is amended to read:

Sec. 16. If the issuance of the bonds is authorized at said election, the said board of supervisors may thereafter adopt a resolution or resolutions providing for the issuance of all or any part of the bonds authorized at said election. Said resolution shall prescribe the form of the bonds and of the interest coupons attached thereto, and shall fix the times of the maturities of the bonds. The board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different times from those of any other series. The board may fix a date, not more than 10 years from the date of issuance, for the earliest maturity of each issue or series of bonds, and defer the payment of the first installment of principal of each issue or series of bonds accordingly. Beginning with the date of the earliest maturity of each issue or series, not less than one-fortieth of the principal amount of such issue or series shall be paid every year; provided, however, the bonds of any issue or series may be made to mature and become payable in approximately equal total annual installments of principal and interest during the term of the bonds, computed from the first year in which any part of the principal shall mature to the date of final maturity, which annual installments may vary one from the other in amounts not exceeding in any year more than 5 percent of the total principal amount of the bonds of such issue or series thereof then proposed to be issued. The final maturity date of any bond shall not exceed 40 years from the date of the bond. The board may provide call and redemption of all or any part of any issue or series of bonds before maturity at prices determined by the board. No bond shall be subject to call or redemption prior to maturity unless it contains a recital to that effect.

The bonds may be issued in such denomination or denominations as the board of supervisors may prescribe, and each bond shall be payable on the day and at the place fixed in said bonds, and with interest at the rate specified in such bond, which rate shall not be in excess of seven percent (7%) per annum, and shall be payable annually or semiannually. Said bonds shall be signed by the chairman of the board of supervisors, and countersigned by the auditor of said Ventura County, and the seal of said district shall be affixed thereto. The interest coupons of said bonds shall be numbered consecutively and signed by the Auditor of Ventura County by his engraved or lithographed signature. In case any such officer whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signatures or countersignatures shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until the delivery of the bonds.

SEC. 3. It is the intent of the Legislature that the amendments to Section 15 of the Ventura County Flood Control Act (Chapter 44 of the Statutes of 1944, Second Extraordinary Session) which are made by Section 1 of this act shall remain in effect only until the 61st day after final adjournment of the 1973 Regular Session of the Legislature, and on that date Section 1.5 of this act shall become operative to restore Section 15 to the form in which it read immediately prior to the effective date of this act.

The people of the State of California do enact as follows:

SECTION 1. Section 562 of the Welfare and Institutions Code is amended to read:

562. Subject to the orders of the juvenile court, a traffic hearing officer may hear and dispose of any and all cases wherein a minor under the age of 18 years as of the date of the alleged offense is charged with any violation of the Vehicle Code not declared to be a felony, or a violation of subdivision (m) of Section 602 of the Penal Code, or a violation of the Fish and Game Code not declared to be a felony, or a violation of any of the equipment and registration provisions of the Harbors and Navigation Code, or a violation of any provision of an ordinance of a city or county relating to traffic offenses.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

CHAPTER 539

An act to amend Section 11592 of the Business and Professions Code, relating to subdivision maps.

[Approved by Governor August 11, 1971 Filed with
Secretary of State August 11, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 11592 of the Business and Professions Code is amended to read:

11592. A certificate by the engineer or surveyor responsible for the survey and final map is required. His certificate shall give the date of the survey and state that the survey was made by him or under his direction, and that the survey is true and complete as shown.

The certificate shall also state that all the monuments are of the character and occupy the positions indicated, or that they will be set in such positions and on or before a specified later date. The certificate shall also state that the monuments are, or will be, sufficient to enable the survey to be retraced.

In the event that the certificate states that all the monuments will be set on or before a specified later date, the subdivider shall furnish to the governing body a bond or cash deposit, at the option of the governing body, in an amount equal to the estimated cost of setting such monuments, not already set prior to recording of the map guaranteeing pay-

ment of the cost thereof, but not in excess of the amount of the bond or deposit.

Within five days after the final setting of all monuments has been completed by the engineer or surveyor, he shall give written notice to the subdivider, and to the city engineer or the county engineer or such other public official or employee authorized to receive such notices, that the final monuments have been set.

Upon payment to the engineer or surveyor for setting the final monuments, the subdivider shall present to the governing body evidence of such payment and receipt thereof by the engineer or surveyor, together with a request that his bond be released or that his cash deposit be returned. At the earliest possible date thereafter, said bond shall be released or said cash deposit shall be returned to the depositor.

In lieu of the above procedure as it involves a cash deposit, the governing body may pay the engineer or surveyor for the setting of the final monuments from said cash deposit, if so requested by the depositor.

If the subdivider does not present evidence to the governing body that he has paid the engineer or surveyor for the setting of the final monuments, and if the engineer or surveyor notifies the governing body that he has not been paid by the subdivider for the setting of the final monuments, the governing body shall, within three months from the date of said notification, pay to the engineer or surveyor the amount of his charges, up to and including the amount of the bond or cash deposit.

In the event of the death, disability, or retirement from practice of the civil engineer or land surveyor charged with the responsibility for setting monuments, or in the event the civil engineer or land surveyor refuses to set such monuments, the governing body may direct the county surveyor or city engineer or such engineer or surveyor as it may select to set such monuments. When the monuments are so set the substitute engineer or surveyor shall delineate said monuments on an exact copy of the recorded map, indorse thereon his certificate pursuant to the provisions of this section with respect thereto and, upon approval thereof indorsed thereon by the county engineer or county surveyor, shall deliver the exact copy to the county recorder. The recorder thereupon shall record such map, and indorse the recording reference thereof upon the map originally recorded which shall operate as reference also to the map showing such additional monuments and shall constitute constructive notice thereof for all purposes as fully as though all of the information and data shown on both maps were shown upon the map originally recorded. All of the provisions of this section relating to payment shall apply for the services performed by the substituted engineer or surveyor.

CHAPTER 540

CHAPTER 550

An act to add Chapter 3 (commencing with Section 72125) to Part 9, Division 20 of the Water Code, relating to municipal water districts.

SECTION 1. Chapter 3 (commencing with Section 72125) is added to Part 9, Division 20 of the Water Code, to read:

CHAPTER 3. PAYMENTS BY PUBLIC AGENCIES IN LIEU OF TAXES

72125. "Public agency," as used in this chapter, means any city, county, district, other local authority or public body of, or within, this state.

72126. On or before July 1st of each year, a district by resolution may authorize public agencies, located wholly or partially within the boundaries of the district, to pay all or any portion of the taxes levied by the district for the fiscal year commencing on July 1st of such year. Following the adoption of such resolution, any public agency located wholly or partially within the boundaries of the district may, as provided in this chapter, utilize funds derived from the sale of water or other funds not appropriated to some other use to pay a district within whose boundaries such public agency is wholly or partially situated such amounts in avoidance of taxes of the district as may be determined annually by the governing body of such public agency. Any such payment shall be credited to the taxable property of the public agency within the district and shall be deducted from the amount of taxes which would otherwise be levied by the district against such property. If any such payment exceeds the amount of taxes which would otherwise have been levied against such property, the amount of such excess, with interest, shall be carried over and applied in reduction of taxes levied on such property during the ensuing year or years.

72127. On or before the first day of September, in any year the governing body of a public agency located wholly or partially within a district may declare its intention to utilize its funds to pay the whole or a portion of the taxes to be next paid to such district.

72128. All such declarations shall be made by order and resolution of the governing body of the public agency and shall state that payment shall be made in cash directly to the district in equal installments on December 10th in the year of the declaration and on April 10th in the year next following.

72129. Immediately upon the adoption of such declaration a certified copy shall be filed by such public agency with the secretary of the district to whom the taxes would inure, the county assessor and county auditor of the county wherein the public agency is situated and the State Board of Equalization.

72130. Upon receipt of a certified copy of such declaration, the board of directors of the district may reject such declaration whenever the public agency has, in the preceding five-year period, declared its intention to utilize its funds in lieu of taxes and has failed to meet its obligations thereunder in a timely manner.

72131. Upon receipt of a certified copy of such declaration, the county assessor, county auditor, or other responsible officer shall reduce the amount of taxes to be collected within the boundaries of the public agency for the benefit of the district by the amount which the public agency has declared its intent to pay, provided, the board of directors of the district does not notify such officers of rejection of such declaration pursuant to Section 72130.

72132. A public agency which exercises its right to utilize its funds in avoidance of taxes shall retain its rights to state, county, or other public agency reimbursement to the same extent that the public agency would have enjoyed had the taxes of the district been carried on the county assessment roll.

act. Each such insurer, as a condition of its authority to transact such kinds of insurance in this state, shall participate in the association in accordance with a plan of operation drawn up by the governing committee and approved by the commissioner. Such plan of operation may also provide for assessment of all members in amounts sufficient to operate the association. The governing committee shall administer this plan of operation. Unless otherwise determined at a general meeting of the insurers, the duly elected or appointed governing committee of the California FAIR Plan shall serve as the governing committee of the association.

SEC. 2. Section 13056 of the Insurance Code is amended to read:

13056. (a) In exchange for the association's assuming the obligation of the State of California to the secretary under the act, the state shall transmit to the association an annual premium as long as the association's obligation under this chapter remains in force. The first premium shall be for the year commencing July 31, 1969, payable when this section becomes effective, and the next annual premium shall be due on July 31, 1970, and additional payments shall be made on July 31 of each year thereafter.

(b) The operating expenses of the association shall be deducted from such premium, and the balance of such premium shall be allocated to members of the association on the basis of their premiums on reinsured lines in the state during such preceding calendar year.

SECTION 1. Section 15802.6 is added to the Education Code, to read:

15802.6. Notwithstanding the provisions of Section 15802, the deductible amount of fire insurance for any community college district may exceed one thousand dollars (\$1,000) for each occurrence.

CHAPTER 553

An act relating to the reorganization of school districts.

[Approved by Governor August 11, 1971. Filed with Secretary of State August 11, 1971.]

The people of the State of California do enact as follows:

SECTION 1. This act shall apply to the territory of a union high school district, located in a county with more than 90 school districts, which had an average daily attendance in kindergarten and grades 1 to 12, inclusive, of between 13,000 and 15,000 in the 1969-1970 fiscal year.

SEC. 2. If the criteria of Section 3100 of the Education Code are substantially met, the State Board of Education shall approve the reorganization of such territory into two or more unified school districts if the reorganization occurs pursuant to a plan proposed by the county committee on school district organization which contains an areawide tax rate proposal fixing rates for the elementary and high school levels deemed sufficient by the State Board of Education to overcome any disparity in the comparative wealth of the districts.

SEC. 3. Notwithstanding any other provision of law, Article 2.5 (commencing with Section 17680) and Article 3 (commencing with Section 17701) of Chapter 3 of Division 14 of, and Chapter 3.5 (commencing with Section 20910) of Division 16 of, the Education Code, relating to the areawide taxes, shall apply to the territory to which this act applies.

CHAPTER 554

*An act to add Section 23607 to the Water Code,
relating to irrigation districts.*

[Approved by Governor August 11, 1971. Filed with
Secretary of State August 11, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 23607 is added to the Water Code, to read:

23607 Notwithstanding Section 23602, or any other provision of law to the contrary, in the Palmdale Irrigation District the formation of an improvement district may be proposed by the board of the district. In such event no petition shall be required for the formation of the improvement district, but the board shall give notice of and hold a hearing on the proposal as nearly as practicable in accordance with the provisions of this chapter. If the board finds that it would be for the best interests of the district and the proposed improvement district to form the improvement district, it shall proceed with the formation of the improvement district as nearly as practicable in accordance with the provisions of this chapter, except that it shall not enter a final order forming the improvement district unless the formation of the improvement district as proposed by the board is approved by the voters of the proposed improvement district at an election held within the proposed

improvement district at which a majority of the voters voting on the proposition approve the formation of the improvement district as proposed by the board. Such election may be consolidated with any other election held within the district.

At the time of the hearing on the proposed improvement district, the board of directors may also determine that it is in the best interests of the district and of the improvement district that bonds be sold to finance the acquisition of any existing improvements within the improvement district and the construction of other improvements therein. An election shall then be called to submit to the voters the proposal of whether or not bonds in the amount determined by the board should be authorized, and the election shall be called and held pursuant to the provisions of Chapter 4 (commencing with Section 21925) of Part 4 of this division. In that event the bond election shall be consolidated with the election for the formation of the improvement district and the improvement district shall not be formed unless two-thirds of the votes cast are in favor of both the formation of the district and the issuance of the bonds.

SEC. 2. The provisions of this act are necessary because the existing procedures for the formation of improvement districts in irrigation districts preclude the establishment of improvement districts in the Palmdale Irrigation District to provide vitally needed water service to certain areas of the district, as a high percentage of landowners within the district are not residents of the district. This problem is not common to all districts formed under the Irrigation District Law. It is therefore hereby declared that a general law cannot be made applicable and that the enactment of Section 23607 of the Water Code as a special law is necessary for the solution of problems existing in the Palmdale Irrigation District.

CHAPTER 555

In order to permit the funds appropriated by this act to be available at the commencement of the 1971-1972 school year, and thus facilitate the efficient and effective implementation of the project for the entire school year, it is essential that this act take effect immediately.

Important budgetary decisions affected by this act must be made immediately in view of the time limitations set forth in this act and thus this act must go into immediate effect.

CHAPTER 557

50054. Whenever any city or county or city and county renders construction services or constructs public works for any city, county, city and county or any other governmental agency below the level of the state government, the price charged for such services or construction shall be sufficient to reimburse the governmental body performing such services for the full cost thereof including labor, material, equipment costs or rentals and a reasonable allowance for overhead. CHAPTER 560

An act to amend Section 895 of the Education Code, relating to education of mentally retarded minors.

Secretary of State August 13, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 895 of the Education Code is amended to read:

895. (a) The county superintendent of schools shall establish and maintain special training schools or classes for mentally retarded minors who reside in the county and in elementary or unified school districts which have an average daily attendance of less than 901 in the elementary schools of the district and who come within the provisions of Section 6902. The schools and classes shall be established at centrally located places, and the county superintendent of schools shall provide transportation to the pupils attending them.

Any elementary or unified school district which has an average daily attendance of less than 901 in elementary schools of the district, with the approval of the county superintendent of schools, may establish and maintain special training schools or classes for mentally retarded minors who come within the provisions of Section 6902.

Such schools and classes shall be established at centrally located places, and the county superintendent of schools shall provide transportation to the pupils attending them. In an instance where it would be impracticable because of the transportation distances existing to bring a sufficient number of mentally retarded minors, within the meaning of Section 6903, together in one place to form a special training class, the county superintendent of schools upon the annual approval of the Superintendent of Public Instruction may defer compliance with the provisions of this section for the year in question.

Any elementary or unified school district which has an average daily attendance of less than 8,000 in elementary schools of the district and any unified or high school district which has an average daily attendance of less than 8,000 in high schools of the district, with the approval of the county superintendent of schools, may establish and maintain special training schools or classes for mentally retarded minors who come within the provisions of Section 6903

[Approved by Governor August 13, 1971. Filed with Secretary of State August 13, 1971.]

The people of the State of California do enact as follows:

SECTION 1 Section 3 of the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session) is amended to read:

Sec 3 The area is hereby divided into three divisions, such divisions being numbered first, second and third divisions

The first division shall include the northeast portion of the Agency bounded on the south by a line running west from the

northeast corner of Section 36, T. 4 N., R. 15 W., S.B.B. & M. to the northwest corner of Section 31 of T. 4 N., R. 15 W., said line being extended westerly to the intersection of the common boundaries of the first, second and third divisions; and bounded on the west by a north-south line beginning at the quarter corner in the north line of Section 34, T. 5 N., R. 16 W. and extending south to intersect the south boundary of the first division.

The second division shall include the southerly portion of the Agency lying south of a line extending from the northeast corner of Section 36, T. 4 N., R. 15 W. thence westerly to the northwest corner of Section 31, T. 4 N., R. 15 W. and projected westerly through the southwest corner of the first division to the westerly boundary of the Agency at the northeast corner of Section 31, T. 4 N., R. 16 W.

The third division shall include the northwesterly portion of the Agency not included in the first and second divisions.

Two directors shall be elected for each division by the voters thereof at the next general agency election following the organization of the agency and one director at large shall be elected at such election by the voters of the agency as a whole. Each director elected and appointed for a division shall be an elector in the division or an owner of real property in the division and shall be a resident of the county in which he is such elector or owner of real property, and each director at large shall be an elector or owner of real property in the agency and a resident of Los Angeles County, California, or of Ventura County, California. Each director elected or appointed for a division is herein called a "divisional director," and the director elected or appointed for the agency at large is herein called "director at large."

SEC. 2. Section 5 of the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session) is amended to read:

Sec. 5. The board of directors of the agency organized under this act shall consist of seven members. The Board of Supervisors of Los Angeles County, California, shall appoint the first board of directors, each of whom shall be a resident or owner of real property within the agency who resides in Los Angeles County, California, and shall hold office until his successor is elected. All successors of the first board shall be elected or chosen at the time and in the manner hereinafter provided

(a) Each director elected or appointed at the first general agency election shall hold office for the term of four years from and after the date of his taking office as herein provided, and until the election and qualification of his successor, except that the six divisional directors elected or appointed at the first general agency election shall classify themselves by lot, so that three of them shall hold office until the qualification of and taking office by their successors elected at an election held the next succeeding even-numbered year, and so that three shall

hold office until the qualification of and taking office by their successors at an election held in the second successive even-numbered year.

(b) The elections of directors shall be held at the time of the general election and shall be consolidated therewith. Candidates shall declare their candidacy no less than 88 and no more than 113 days before the general election. Each candidate for director who at such election receives the highest number of votes cast for candidates for the office for which he seeks election shall be elected to such office.

If a tie vote makes it impossible to determine which of two or more candidates has been elected, the governing body shall forthwith notify the candidates who have received the tie votes to appear before it either personally or by a representative at a time and place designated by the governing body. The governing body shall at that time and place determine the tie by lot and the results thereof shall be declared by the governing body. The candidate so chosen shall qualify, take office and serve as though elected at the preceding general district election. Directors elected hereunder, except for the first board of directors, shall take office at the time provided by the Government Code for county officers. Said election held at the same time of the general election and consolidated therewith shall be known as the general Castaic Lake Water Agency election. Each other election held by authority of this act or any other law shall be known as a special Castaic Lake Water Agency election.

SEC. 3. Section 6 of the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session) is amended to read:

Sec. 6 No later than 113 days before the general election the registrar of voters shall publish a notice designating the name and date of the election and the office or offices for which candidates are to be nominated. No later than 70 days before the general election the registrar of voters shall publish a notice giving the names and addresses of all candidates in the general Castaic Lake Water Agency election, the date of the election and the hours that the polls will be open.

If, on the 80th day prior to the day fixed for the agency general election, only one person has been nominated for each office of member of the board of directors to be filled at that election, or if no person has been nominated for any one or more of said offices, said board of directors shall by resolution entered in their minutes order that an election shall not be held, and shall immediately request that the board of supervisors of the county in which the agency or a greater portion thereof is situated, at a regular or special meeting held prior to the day of election, appoint, and the board of supervisors shall thereupon appoint, to the office or offices the person or persons who have been nominated, or if no person or persons have been nominated, any qualified person or persons. The

person appointed shall qualify and take office and serve exactly as if elected at an agency general election.

In such case the second publication provided for in this section shall, instead of calling an election, state that no election is to be held but that the board of supervisors will either appoint those nominated for the positions of directors or appoint a qualified person or persons to the office or offices for which no one has been nominated, as the circumstances may warrant. All notices required by this section shall be published in a newspaper of general circulation published in the agency or, if no such newspaper is published in the agency, in a newspaper having general circulation in the agency.

CHAPTER 562

An act to amend Sections 3212, 3212.5, and 3212.6 of the Labor Code, relating to workmen's compensation.

of the warden service of the Wildlife Protection Branch of the Department of Fish and Game whose principal duties consist of active law enforcement service, excepting those whose principal duties are clerical or otherwise do not clearly fall within the scope of active law enforcement service such as stenographer, telephone operators, and other officeworkers, the term "injury" includes pneumonia and heart trouble which develops or manifests itself during a period while such member is in the service of such office, staff, department or unit. In the case of regular salaried county or city and county peace officers, the term "injury" also includes any hernia which manifests itself or develops during a period while the officer is in the service. The compensation which is awarded for such hernia, heart trouble or pneumonia, shall include full hospital, surgical, medical treatment, disability indemnity, and death benefits, as provided by the workmen's compensation laws of this state.

Such hernia, heart trouble or pneumonia so developing or manifesting itself in such cases shall be presumed to arise out of and in the course of the employment. This presumption is disputable and may be controverted by other evidence, but unless so controverted, the appeals board is bound to find in accordance with it.

Such hernia, heart trouble or pneumonia so developing or manifesting itself in such cases shall in no case be attributed to any disease existing prior to such development or manifestation.

SEC. 2. Section 3212.5 of the Labor Code is amended to read:

3212.5. In the case of a member of a police department of a city or municipality, or a member of the State Highway Patrol, when any such member is employed upon a regular, full-time salary, and in the case of a sheriff or deputy sheriff, or an inspector or investigator in a district attorney's office of any county, employed upon a regular, full-time salary, the term "injury" as used in this division includes heart trouble and pneumonia which develops or manifests itself during a period while such member, sheriff, or deputy sheriff, inspector or investigator is in the service of the police department, the State Highway Patrol, the sheriff's office or the district attorney's office, as the case may be. The compensation which is awarded for such heart trouble or pneumonia shall include full hospital, surgical, medical treatment, disability indemnity, and death benefits as provided by the provisions of this division.

Such heart trouble or pneumonia so developing or manifesting itself shall be presumed to arise out of and in the course of the employment; provided, however, that the member of the police department, State Highway Patrol, the sheriff or deputy sheriff, or an inspector or investigator in a district attorney's office of any county shall have served five years or more in such capacity before the presumption shall arise

as to the compensability of heart trouble so developing or manifesting itself. This presumption is disputable and may be controverted by other evidence, but unless so controverted, the appeals board is bound to find in accordance with it.

Such hernia, heart trouble or pneumonia so developing or manifesting itself in such cases shall in no case be attributed to any disease existing prior to such development or manifestation.

The term "members" as used herein shall be limited to those employees of police departments, the California Highway Patrol and sheriffs' departments and inspectors and investigators of a district attorney's office who are defined as peace officers in Section 830.1, 830.2, or 830.3 of the Penal Code.

SEC. 3. Section 3212.6 of the Labor Code is amended to read:

3212.6. In the case of a member of a police department of a city or county, or a member of the sheriff's office of a county, or an inspector or investigator in a district attorney's office of any county, when any such member is employed upon a regular, full-time salary, whose principal duties consist of active law enforcement service, excepting those whose principal duties are clerical or otherwise do not clearly fall within the scope of active law enforcement service such as stenographers, telephone operators, and other officeworkers, the term "injury" includes tuberculosis which develops or manifests itself during a period while such member is in the service of such department or office. The compensation which is awarded for such tuberculosis shall include full hospital, surgical, medical treatment, disability indemnity, and death benefits as provided by the provisions of this division.

Such tuberculosis so developing or manifesting itself shall be presumed to arise out of and in the course of the employment. This presumption is disputable and may be controverted by other evidence, but unless so controverted, the appeals board is bound to find in accordance with it.

The peace, health and safety of the citizens of the state require the orderly and unhampered functioning of public bodies and such functioning depends upon the validity of the organization, boundaries, and governing officers or boards of public bodies, and upon the validity of acts, proceedings, and bonds of public bodies, and it is therefore imperative and essential that such matters be validated so that during the period before this act would otherwise become effective:

(1) Citizens of the state can be afforded the protection of the police, fire, safety, sanitary, and other regulations and protections provided by public bodies;

(2) Public works and construction by public bodies can be commenced and continued without delay or restriction, to pro-

vide sewers, waterworks, schools, storm drains, flood control works, sanitary facilities, electric and other utility works, firehouses and facilities, police stations and facilities, streets, hospitals, and other works, structures, improvements, and facilities required for the public peace, health and safety, and immediately needed to provide for an increased population;

He shall also, at the time of registering, submit to the committee a written authorization from each person by whom he is employed to act in furtherance of such object. Such person shall again register at each succeeding regular session of the Legislature and again submit at that time the information and authorization required by this subdivision (a), unless he at that time is no longer engaged for pay or other consideration for the purposes hereinabove specified.

(b) Each such person so registering shall, between the 1st and 15th day of each calendar month, so long as his activity continues, file with the committee a detailed report under oath of all money received and each expenditure of twenty-five dollars (\$25) or more during the preceding calendar month in carrying on his work; to whom paid; for what purposes; the total of all expenditures during the preceding calendar month; and the names of any papers, periodicals, magazines, or other publications in which he has caused to be published any articles or editorials; and the proposed legislation he is employed to support or oppose. CHAPTER 568

An act to amend Section 673 of the Insurance Code, relating to insurance.

[Approved by Governor August 13, 1971 Filed with
Secretary of State August 13, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 673 of the Insurance Code is amended to read:

673. (a) As used in this section, "exercise the right to cancel" means the act of formally electing to use the right of the insured to cancel any insurance policy in accordance with and subject to the provisions of that policy when the right to use that right of the insured has been transferred or assigned by the insured in writing to a lender who has advanced to the insurer the premium for such policy. Such transfer or assignment may be by power of attorney or other document. Such transfer or assignment may, but need not, be accompanied by an assignment of any unearned premium due the insured on cancellation.

(b) No lender shall exercise the right to cancel a financed insurance policy because of the default of the insured under a premium payment loan agreement except in accordance with this section.

(c) Written notice of the exercise of such right to cancel shall be mailed by the lender to the insurer and to the insured at the address shown on the premium payment loan agreement or his last known address, specifying a date five days or more after the date of mailing of such notice as the effective date of cancellation. Any insurer may, in writing delivered to the lender, waive, generally or specifically, the right to receive such notice or notices. A copy of such notice may be mailed to the producer of record if known to the lender, but failure to do so shall not affect any rights granted by this section. This subdivision shall not apply to an industrial loan company.

(d) An industrial loan company shall, in giving the insured 10 days' notice of its intent to cancel pursuant to Section 18923 of the Financial Code, furnish a copy of such notice to the insurance agent or insurance broker indicated on the premium finance agreement. After expiration of such 10-day period, the industrial loan company may thereafter, in the name of the insured, cancel such insurance contract or contracts by mailing to the insurer a written notice of cancellation, and the insurance contract shall be canceled as if such notice of cancellation had been submitted by the insured himself, but without requiring the return of the insurance contract or contracts. The industrial loan company shall also mail a notice of cancellation, setting forth the effective date of cancellation of the finance insurance contract, to the insured at his last known address and to the insurance agent or insurance broker indicated on the premium finance agreement. For the purposes of this subdivision, the words "premium finance agreement" shall have the same meaning as that specified in Section 18903 of the Financial Code.

(e) A written exercise of such right containing a confirmation of the effective date of cancellation shall be mailed by the lender to the insurer within five days following such effective date of cancellation specified in the notice described in subdivision (c) unless the insured has cured any and all defaults. Cancellation shall be effective on such financed insurance policy without requiring the return of the insurance policy or insurance policies, except as provided in subdivisions (f) and (g), on the confirmation date specified in the written exercise of such right. This subdivision shall not apply to an industrial loan company.

(f) All statutory, regulatory, and contractual restrictions providing that the financed insurance policy may not be canceled unless notice is given to a governmental agency, mortgagee, or other third party shall apply where cancellation is effected under this section. The insurer shall give the prescribed notice on behalf of itself or the insured to any governmental agency, mortgagee, or other third party on or before the

fifth business day after the day it receives the written exercise of cancellation right containing confirmation of the cancellation date from such lender, as provided in subdivision (e), or a written notice of cancellation from an industrial loan company, pursuant to subdivision (d), and shall, for the purpose of such notice, determine the effective date of cancellation as to those persons mentioned in this subdivision only, taking into consideration the number of days' notice required to complete the cancellation.

(g) Whenever such a financed insurance policy is canceled by any party for any reason:

(1) The insurer shall, in accordance with the written agreements of which it has notice, return to the lender such unearned premiums as are due to the lender. The amount of such return premiums shall be based upon the confirmed date of cancellation specified in subdivision (e), or upon the written notice of cancellation specified in subdivision (d) in the case of an industrial loan company, lessened by the amount, if any, to compensate equitably the insurer for carrying the risk of loss as to any governmental agency, mortgagee, or other parties specified in subdivision (f) from such date to the effective date of cancellation as to such parties.

(2) When a financed insurance policy is canceled, or the insured discontinues payments to a lender, the insurer shall calculate the return premium on a pro rata basis. This paragraph shall not apply to any policy issued under an assigned risk plan or to any policy with respect to which the insurer has made a loan to the insured for the purposes of payment of premiums for such policy.

(h) The commissioner may amend the rules and regulations of any assigned risk plan, fair plan, or similar plan to provide for the equitable assignment of insurance risks among insurers now in existence or hereafter established, in such manner as may be necessary to carry out the purposes of this section.

(i) A lender which sends a written exercise of cancellation right or a written notice of cancellation to an insurer, as provided in subdivision (e), or subdivision (d) in the case of an industrial loan company, thereby represents that he has a valid right so to do and to receive the unearned premium. If the lender thereby accomplishes the cancellation and receives an unearned premium, such representation shall be conclusive as between the insurer and the lender. An insurer relying upon the written exercise of such right containing a confirmation of cancellation date and giving, when applicable, notice as required by subdivision (e), shall be relieved from complying with any other duty or form of cancellation required by this code.

(j) This section shall not apply where the insurer exercises its own right to cancel the policy for nonpayment of premium, direct or indirect, or otherwise. Such a cancellation shall be subject to all applicable provisions of the policy, this code,

except this section, and any rights of the lender of which the insurer has written notice.

Annual contributions to the fund shall not exceed one-half of 1 percent of the general fund budget of the school district or fifty thousand dollars (\$50,000), whichever is the greater.

[Approved by Governor August 13, 1971 Filed with
Secretary of State August 13, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 14000 of the Welfare and Institutions Code is amended to read:

14000. The purpose of this chapter is to afford health care and related remedial or preventive services to recipients of public assistance and to medically indigent aged and other persons, including related social services which are necessary for those receiving health care under this chapter.

The intent of the Legislature is to provide, to the extent practicable, through the provisions of this chapter, for health care for those aged and other persons, including family persons who lack sufficient annual income to meet the costs of health care, and whose other assets are so limited that their application toward the costs of such care would jeopardize the person or family's future minimum self-maintenance and security. It is intended that whenever possible and feasible:

(a) Such care shall, to the extent feasible, be provided through a system of prepaid health plans through contracts with carriers.

(b) The means employed shall be such as to allow, to the extent practicable, eligible persons to secure health care in the same manner employed by the public generally, and without discrimination or segregation based purely on their economic disability.

(c) The benefits available under this chapter shall not duplicate those provided under other federal or state laws or under

other contractual or legal entitlements of the person or persons receiving them.

(d) In the administration of this chapter and in establishing the means to be used, the department shall give due consideration both to the appropriate organization and to the ready accessibility and availability of the facilities and resources for health care to persons eligible under this chapter, and to new and innovative approaches to the delivery of health care services.

(e) In providing benefits under this chapter through pre-paid health plans the department may contract with one or more carriers whereby the carrier provides a program underwriting the risk involved.

(f) In providing benefits under this chapter the department may contract with carriers or other organizations to establish pilot programs to provide health care services in the most efficient manner possible. Such programs shall demonstrate different methods of providing health care services and shall emphasize methods of utilization, review and preventive care, and shall provide incentives for using the most economical level of care. Such programs may provide benefits on the basis of class of recipient, class of benefit, geographical area, or any other reasonable classification. In entering into contracts under this subdivision the department may provide that the extent of benefit coverage may be limited to a fixed number of days, or amount, or duration of services. The contract may provide that the carrier or other organization shall continue to administer benefits provided beyond the applicable limitation. Any contracts entered into under Section 14104 shall not interfere or conflict with pilot programs established pursuant to this subdivision.

The director shall submit to the Legislature a written progress report regarding any action taken under the above provisions of this subdivision no later than the fifth legislative day of each general session.

In addition the director shall establish a pilot program to compare patient treatment profiles and prior authorization as controls of overutilization. It is the intent of the Legislature that the most cost effective system shall be established on a statewide basis. The director shall report to the Legislature the results of this project within six months of its initiation.

SEC. 2. Section 14000.1 of the Welfare and Institutions Code is amended to read:

14000.1. It is the intent of the Legislature that health care services available under this chapter shall be at least equivalent to the level provided in 1970-71.

SEC. 3. Section 14005 of the Welfare and Institutions Code is amended to read:

14005. The health care benefits and services specified in this chapter, to the extent that such services are neither provided under any other federal or state law nor provided nor available under other contractual or legal entitlements of the

person, shall be provided under this chapter to any person who is a resident of this state and is made eligible by the provisions of this article.

SEC. 4. Section 14005.1 of the Welfare and Institutions Code is amended and renumbered to read:

14005.10. For purposes of facilitating arrangements for health care through prepaid health plans, the department may set standards for determining monthly income, for purposes of eligibility, on the person's average pattern of income and earnings, subject to subsequent adjustment if actual experience deviates substantially from the amount determined by such method.

SEC. 5. Section 14005.1 is added to the Welfare and Institutions Code, to read:

14005.1. Persons receiving public assistance or found eligible therefor under the provisions of Chapters 2 (commencing with Section 11200), 3 (commencing with Section 12000), 4 (commencing with Section 12500), 5 (commencing with Section 13000), or 6 (commencing with Section 13500) of Part 3, of Division 9 of this code, are eligible for health care services under Section 14005.

SEC. 6. Section 14005.12 is added to the Welfare and Institutions Code, to read:

14005.12. For the purposes of Section 14005.7 the amount considered as required for maintenance per month, exclusive of special need, shall be the minimum basic standards of adequate care determined pursuant to Section 11452 of this code, except that the standard for a single person shall be 85 percent of the standard for an average two-person family under Section 11452; provided that the amount required for maintenance per month, exclusive of special need, shall be no less than the standards determined pursuant to Section 11452 in effect on June 30, 1971 and except that the standard for a single person shall be one hundred seventy dollars (\$170); provided, further, the director, to meet the requirements of the Federal Social Security Act and insure the highest possible percentage of federal financial participation in the program provided by this chapter, may decrease or increase the amounts set forth herein but in no event shall such amounts exceed the most liberal amount considered as required for maintenance under any public assistance program pursuant to this part.

SEC. 6.5. Section 14005.2 of the Welfare and Institutions Code is repealed.

SEC. 7. Section 14005.2 is added to the Welfare and Institutions Code, to read:

(a) Personal and incidental needs while a patient;
(b) The upkeep and maintenance of the home;
(c) The support and care of his spouse, minor dependents and any disabled relative for whose support he has contributed regularly.

(d) If federal requirements permit such a person to own an automobile of greater value than is permitted in the case of recipients of aid under Chapter 3 of this part, the department shall adopt the more liberal allowance in its rules and regulations.

SEC. 9. Section 14005.3 is added to the Welfare and Institutions Code, to read:

14005.3. A person in a medical facility, including a skilled nursing home, hospital, institution for tuberculosis, or for mental disease and who, if he left the facility, would be eligible for a cash grant under a chapter specified in Section 14005.1, is eligible for health care services under Section 14005, to the extent for which there is matching federal financial participation.

SEC 10. Section 14005.4 is added to the Welfare and Institutions Code, to read:

14005.4. A person under 21 years of age, who would qualify on the basis of financial eligibility but who does not qualify as a dependent child, under the provisions of Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of this code, is eligible for health care services under Section 14005; provided, however, if such person is voluntarily living apart from a parent or parents, he is not eligible under Section 14005, unless his living apart is temporary and is for purposes of education and training, such as school attendance, but only to and including the 12th grade.

Included under this section are children in foster care for whom public agencies are assuming financial responsibility in whole or in part and persons receiving aid under Chapter 2.1 (commencing with Section 16115) of Part 4 of Division 9 of this code.

The director may, to meet the requirements of the Federal Social Security Act, decrease or increase the eligibility standards for persons under this section.

SEC. 11. Section 14005.5 of the Welfare and Institutions Code is repealed.

SEC. 12. Section 14005.6 is added to the Welfare and Institutions Code, to read:

(5) He is not receiving adequate financial contributions toward his support and cost of health care from a husband or wife or parent or adult child able to and responsible for support under the laws of this state.

(b) The director shall establish regulations by which medical care costs are considered in the determinations of eligibility under this section and under Section 14005.4.

(c) Any person who has a legal obligation under pertinent sections of the Civil Code to support a person who is eligible under this section to receive health care services, shall complete a statement containing such financial information as may be deemed reasonably necessary by the department for the county to determine his ability to support the applicant. Any such person who fails or refuses to complete such statement, or who furnishes or reports false or misleading financial information, is guilty of a misdemeanor.

A responsible relative shall be required to pay towards the cost of health care services of a beneficiary under this chapter, the amount for which he would be liable under pertinent sections of the Civil Code.

The duty to support under this section shall be enforced by the county which determined the eligibility of the person to whom support is owed.

The failure of a responsible relative to comply with this section shall in no way affect the eligibility for health care services of the person for whom he is responsible.

SEC. 13. Section 14005.7 is added to the Welfare and Institutions Code, to read:

14005.7. The following medically indigent adult and family persons are eligible for health care service under Section 14005:

(a) A medically indigent adult person whose monthly income in excess of the amount required for maintenance established pursuant to Section 14005.12 (exclusive of any amounts considered exempt as income under other provisions of this code pertaining to public assistance recipients) is not sufficient to provide for the cost of health care or coverage less any amount by which the value of his other resources, owned by him alone, or in combination with his spouse, exceeds the value established in accordance with Section 14006, or a reasonable portion of such value thereof as may be determined in accordance with standards established by the director; or

(b) A medically indigent family person in a family whose monthly family income in excess of the amount required for maintenance established pursuant to Section 14005.12, by family size (exclusive of any amounts considered exempt as income under other provisions of this code pertaining to public assistance recipients) is not sufficient to provide for the cost of health care or coverage less any amount by which the value of the family's other resources exceeds the value established in accordance with Section 14006, or a reasonable portion of such value thereof as may be determined in accordance with standards established by the director.

SEC. 14. Section 14006 of the Welfare and Institutions Code is amended to read:

14006. For the purposes of Section 14005.7, the term "other resources" means the value of other property holdings, including real property other than that stipulated in Sections 11152 and 11153 and the value of personal property as stipulated in Sections 11154 and 11155; provided, the director, to meet the requirements of the federal Social Security Act and to insure the highest percentage of federal financial participation in the program provided by this chapter, may decrease or increase the amounts set forth therein. If the holdings are in the form of real property, the value shall be computed on the basis of four (4) times the assessed value less the unpaid amount of any encumbrance of record. If the holdings consist of money on deposit, the value shall be the actual amount thereof. If the holdings are in any other form of personal property or investment, except life insurance, the value shall be the conversion value as of the date of application or the anniversary date of such application. If the holdings are in the form of life insurance, the value shall be the cash value as of the policy anniversary nearest the date of such application.

The value of property holdings shall be determined as of the date of application and, if the person is found eligible, this determination shall establish the amount of such holdings to be considered during the ensuing 12 months except as provided in the following paragraph:

A new determination to govern during the succeeding 12 months shall be made on the first anniversary date of the application or such alternate date as may be established following the acquisition of additional holdings as provided in the following paragraph and on each succeeding anniversary date thereafter.

If any person shall by gift, inheritance, or other manner, acquire additional holdings during any such interval, other than from his own earnings, he shall immediately report such acquisition; and the anniversary date shall become the date of such acquisition.

In establishing standards for the determination of the reasonable portion of property valuation applicable to the costs of health care, the director shall provide for application of

not less than 1 percent and, increasing larger percentages, as the amounts of such holdings increase.

The department shall determine the form of the Medi-Cal card. Such cards shall be for a term as de-

terminated by the department and, unless canceled for cause, shall entitle individuals to care and service as indicated. Cause for cancellation shall exist when the person dies, loses state residence, is found to be ineligible, or the person has been issued a new Medi-Cal card.

SEC. 19. Section 14018 of the Welfare and Institutions Code is amended to read:

SEC. 21.5. Section 14022 of the Welfare and Institutions Code is amended to read:

14022. (a) This section shall be known as the "Medi-Cal Conflict of Interest Law."

It is the intent of the Legislature that provisions be made for disclosure of the interests of providers of service in the services, facilities and organizations to which they refer Medi-Cal recipients so that it is possible to determine the extent to which conflicts of interests may exist because of such referrals.

(b) As used in this section, the term "referral" means (1) the referral of a recipient by a provider of service to any other provider of service; (2) the placement of a recipient by a provider of service in any facility; or (3) the obtaining, requesting, ordering or prescribing of services or supplies by a provider of service on behalf of a recipient from any other provider of service.

(c) No payment under this chapter shall be made to a provider of service or to any facility or organization in which he or his immediate family have a significant beneficial interest, for services rendered in connection with any referral of a

recipient, unless there is on file with the director and the Health Care Commission a statement of the nature and extent of such interest.

SEC 22. Section 14023 is added to the Welfare and Institutions Code, to read:

(b) Any public assistance recipient or person eligible under this chapter who, subsequent to the date of application for such assistance or coverage under this chapter, acquires any other contractual or legal entitlement to any health care service defined in Section 14053, and willfully fails or refuses to give notice thereof to his county welfare department within 10 days of such acquisition, is guilty of a misdemeanor.

(c) Any public assistance recipient or person eligible under this chapter who has any other contractual or legal entitlement to any health care service defined in Section 14053, and who knowing that he must use such entitlement first, obtains any such service under Medi-Cal without first having utilized and exhausted his other contractual or legal entitlement thereto or therefor, is guilty of a misdemeanor.

SEC. 22.3. Section 14024 is added to the Welfare and Institutions Code, to read:

14024. When health care services are provided to a person under this chapter who at the time the service is provided has any other contractual or legal entitlement to such services, the director shall have the right to recover from the person, corporation, or partnership who owes such entitlement, the amount which would have been paid to the person entitled thereto, or to a third party in his behalf, or the value of the service actually provided, if the person entitled thereto was entitled to services. The Attorney General may, to recover under this section, institute and prosecute legal proceedings against the person, corporation, or partnership owing such entitlement in the appropriate court in the name of the director.

SEC. 22.5. Section 14051 of the Welfare and Institutions Code is amended to read:

14051. "Medically indigent person" means an aged or other person under Section 14005.7 who could qualify as a public assistance recipient as defined in Section 14005.1 except for income and resources.

14053. "Health care services" means:

1. Inpatient hospital services (other than services in a medical institution for tuberculosis or mental diseases except to the extent permitted by federal law) in and by a medical institution or facility operated by, or licensed by, the United States, one of the several states, a political subdivision of a state, the State Department of Public Health, or exempt from such licensure pursuant to subdivision (c) of Section 1415 of the Health and Safety Code.

2. Outpatient hospital services.

3. Laboratory and X-ray services.

5. Physicians' services, whether furnished in the office, the patient's home, a hospital, or a skilled nursing home, or elsewhere.

6. Such term shall not include, except to the extent permitted by federal law,

a. Any care or services for any individual who is an inmate of a public institution (except as a patient in a medical institution); or

b. Any care or services for any individual who has not attained 65 years of age and who is a patient in an institution for tuberculosis or mental diseases.

SEC. 25. Section 14053.5 of the Welfare and Institutions Code is amended to read:

14053.5. For the purposes of the Medi-Cal Act, the terms "prescribed drug" and "prescription drug" shall not include any drug which, because of differing prices charged by the manufacturer on a discriminatory basis or discriminatory refusal to sell by the manufacturer, or both, is not available on the same terms and conditions to all providers of prescription services, or any drug which is found to be overpriced in comparison to another drug which has an equivalent therapeutic effect, unless the director determines that the drug is vital to the program and no acceptable substitute is available.

Before the director determines that any drug has an equivalent therapeutic effect in comparison to another drug, or is vital to the program and no acceptable substitute is available, he must have received a report to that effect from the Medical Therapeutics and Drug Advisory Committee.

Nothing in this section shall be construed to apply to quantity or other nondiscriminatory discounts available on the same terms and conditions to all providers of prescription services, to sales by competitive bidding to federal, state or local governmental agencies, or to sales to wholesalers so long as the manufacturer does not require or induce the wholesalers to make the drug available other than on the same terms and conditions to all providers of prescription services.

This section shall not be construed to deny reimbursement to hospitals for prescribed drugs furnished to inpatients or, unless the regulations provide to the contrary, to registered outpatients.

The director and the Health Care Commission shall consult with representatives of providers of such services before making a determination.

SEC. 28. Section 14103.6 of the Welfare and Institutions Code is amended to read:

14103.6. Prior authorization by consultants retained for that purpose may be required for those services determined by the director. The director, or a carrier acting under regulations adopted by the director, may require that any individual provider must receive prior authorization before providing services when the director or carrier determines that the provider has been rendering unnecessary services.

At any time the director determines that it is necessary to postpone elective services pursuant to Section 14120, he shall require prior authorization for those services determined to be generally elective under the provisions of Section 14103.4, except a service which costs less than one hundred dollars (\$100) or a lower amount determined by the director. Such lower amount may be applied generally or for specific services. The director may terminate the requirement for prior authorization when he determines that it is no longer necessary to postpone elective services.

Prior authorization for services provided by persons licensed under the provisions of Chapter 4 (commencing with Section 1600) and Chapter 7 (commencing with Section 3000) of Division 2 of the Business and Professions Code shall be determined by consultants licensed under Chapter 4 or Chapter 7 respectively. Prior authorization for all other elective services shall be determined by consultants licensed under the provisions of Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code.

In no event shall prior authorization be required when there is a bona fide emergency requiring immediate treatment.

SEC. 29. Section 14104 of the Welfare and Institutions Code is amended to read:

14104. The department shall, to the extent feasible, contract with one or more carriers to provide or arrange services through prepaid health plans. (a) Each prepaid health plan contract shall provide that the carrier:

1. Will insure that the health care services to be provided under the contract are readily available to beneficiaries electing to receive care under the prepaid health plan.

2. Will provide the contracted health care services on the basis of a monthly payment for each beneficiary who elects to receive care under the prepaid health plan. Such payment may be for all beneficiaries or may vary, based upon a reasonable classification of beneficiaries as determined by the director with the advice of the Health Care Commission.

3. Will, if the prepaid health plan limits the availability of any of its services to any geographical area, pay for emergency services received outside such area by a person covered by the contract whether or not the carrier's own facilities or services are available at the place where the illness or injury occurs.

4. Will furnish to the director such timely information and reports as he may find necessary in performing his functions under this chapter.

5. Will maintain such records and afford such access thereto as the director finds necessary to assure the correctness and verification of the information and reports which may be required under paragraph 4 of this subdivision.

6. Will, in determining the reasonable charge for a physician's service, take into consideration the customary charge for similar services generally made by the physician, as well as the prevailing charges in the locality for similar services.

(b) Each contract shall provide the extent to which the carrier will charge any person made eligible for health care services by this chapter.

(c) Each such contract shall provide that the carrier will agree to provide such services as defined by the department without reference to the race, religion, creed, color, national origin or ancestry of any person eligible under the provisions of this chapter.

(d) In the consideration of proposals for contracts with carriers under this chapter, the department shall, for compara-

tive purposes, deduct from the total cost proposed by any carrier the amount of tax which that carrier would be required to pay under Part 7 (commencing with Section 12001) of Division 2 of the Revenue and Taxation Code computed on the basis of the net rate of tax, after deductions, which would have applied to such carrier for the preceding calendar year, had the amount of anticipated premium under the proposed contract been added to its taxable premiums for such year.

(e) In entering into contracts under this section the department may provide that the extent of benefit coverage by the carrier may be limited to exclude care of illness or injury resulting from or contributed to, by a major catastrophe or disaster, including but not limited to an act of war, declared or undeclared. The contract may provide that the carrier shall continue to administer the benefits provided beyond the applicable limitation.

The intent of the Legislature in enacting this subdivision is to authorize a limitation on the liability of a carrier in catastrophic situations.

(f) Consistent with the efficient and economical administration of this chapter, the department shall encourage the development of a variety of prepaid health plans within an area so that beneficiaries may have a wide choice of plans.

(g) The department shall not enter into contracts under this section unless it determines that the costs of such contracts are reasonably consistent with and potentially less than the costs of providing the same services to comparable beneficiaries within the area under the portion of the Medi-Cal program which is not covered by prepaid health plans.

SEC. 30. Section 14104.3 is added to the Welfare and Institutions Code, to read:

14104.3. (a) The department may, to the extent feasible, enter into nonexclusive contracts providing arrangements under which funds available for health care under this chapter shall be administered and disbursed to providers of health care or to their designated agents in consideration for services rendered and supplies furnished by them in accordance with the provisions of the applicable contract and any schedule of charges or formula for determining payments established pursuant to such contract. Such contract shall provide that the carrier:

1. Will take such action as may be necessary to assure that payment for services to hospitals and other facilities and professional services shall be predicated on the basis of reimbursement for reasonable cost based on standards, determined by the director with the advice of the Health Care Commission. The formula for such payments shall be determined in accordance with regulations establishing the methods to be used and the items to be included. In prescribing such regulations, the department shall consider, among other things, the principles generally applied by state organizations representing such hospitals or other facilities or by established prepayment or-

ganizations which have developed such principles, in determining the method or methods to be used in arriving at the payment formula.

2. Will take such action as may be necessary to assure that where payment under this chapter is on a charge basis, such charge will be reasonable and not higher than the charge applicable for a comparable service and under comparable circumstances to the policyholders and subscribers of the carrier.

3. Will make payment under this chapter promptly and in any event within 30 days from receipt by the carrier of proper evidence establishing the validity of the claim for payment

(b) Contracts awarded under this section shall be awarded on a bid basis, and before entering into any such contract, the director shall publish notice soliciting bids.

The director, at least once each year, shall report to the Joint Legislative Budget Committee actions taken by him in the awarding of contracts under this section, including, but not limited to, the number and types of bids submitted, the basis on which contracts were awarded, and, if a contract is awarded to other than the lowest bidder, the reason for such action.

SEC. 31. Section 14105 of the Welfare and Institutions Code is amended to read:

14105. The director shall prescribe the policies to be followed in the administration of this chapter, may limit the rates of payment for health care services, and shall adopt such rules and regulations as are necessary for carrying out, not inconsistent with, the provisions thereof.

Such policies and regulations shall include rates for payment for services not rendered under a contract pursuant to Section 14104. Standards for costs shall be based on payments of the reasonable cost for such services. Cost reports and other data submitted by providers to a state agency for the purpose of determining reasonable costs for services or establishing rates of payment shall be considered true and correct unless audited within eighteen (18) months after July 1, 1969, the close of the period covered by the report, or after the date of submission of the original or amended report by the provider, whichever is later.

Nothing in this section shall be construed to limit the correction of cost reports or rates of payment when inaccuracies are determined to be the result of intent to defraud, or when a delay in the completion of an audit is the result of willful acts by the provider or inability to reach agreement on the terms of final settlement.

Insofar as practical, consistent with the efficient and economical administration of this part, the department shall afford recipients of public assistance free choice of arrangements under which they shall receive health care benefits.

If, in the judgment of the director, the actions taken by the director under Section 14120(c) will not be sufficient to oper-

ate the Medi-Cal program within the limits of appropriated funds, he may limit the scope and kinds of health care services, except for minimum coverage as defined in Section 14056, available to persons who are not eligible under Sections 14005.1, 14005.2 and 14005.3. When and if necessary, such action shall be taken by the director with the advice of the Health Care Commission and in ways consistent with the requirements of the Federal Social Security Act. This paragraph shall not be operative until July 1, 1972.

SEC. 31.2. Section 14105.3 is added to the Welfare and Institutions Code, to read:

14105.3. The department is considered to be the purchaser, but not the dispenser or distributor, of prescribed drugs under the Medi-Cal program for the purpose of enabling the department to obtain from each manufacturer of prescribed drugs the most favorable price for such drugs furnished by that manufacturer, based upon the large quantity of such drugs purchased under the Medi-Cal program, and to enable the department, notwithstanding any other provision of California law, to obtain from such manufacturers discounts, rebates, or refunds based on such quantities purchased under said program, insofar as may be permissible under federal law. Nothing in this section shall interfere with usual and customary distribution practices in the drug industry nor permit the department to obtain the most favorable price, discounts, rebates, or refunds on a bid basis.

SEC. 31.3. Section 14105.5 of the Welfare and Institutions Code is amended to read:

14105.5. The director or prepaid health plans shall make no payment for services to any hospital facility which secures a license under the provisions of Chapter 2 (commencing with Section 1400) of Division 2 of the Health and Safety Code or Chapter 1 (commencing with Section 7000) of Division 7 of this code after July 1, 1970, covering a new facility or additional bed capacity or the conversion of existing bed capacity to a different license category, unless such licensee received a favorable final decision by the voluntary area health planning agency in the area, the consumer members of a voluntary area health planning agency acting as an appeals body or the Health Planning Council pursuant to Sections 437.7 to 438.5, inclusive, of the Health and Safety Code; or unless the licensee had filed an application for a license prior to January 1, 1970, and the application met all then-existing requirements and regulations of the appropriate state agency at the time of application including, at least, preliminary submission of plans, and if such licensee commenced construction of facilities prior to July 1, 1971. The exception provided for in the preceding sentence with respect to applications filed prior to January 1, 1970, shall not apply to transferees of the applications of the original applicants.

SEC. 31.4. Section 14106 of the Welfare and Institutions Code is amended to read:

14106. The director shall, with respect to carriers and with the advice of the Health Care Commission, adopt all necessary rules and regulations to carry out the provisions of this chapter, including, but not limited to fixing reasonable minimum standards for prepaid health plans, regulations fixing the time, manner, methods and procedures for determining whether a contract with any plan shall be undertaken or withdrawn, and regulations pertaining to any other matters made necessary by the provisions of this chapter.

In adopting such rules and regulations, the director shall be guided by the needs of eligible persons as well as prevailing practices in the field of arrangements for health care.

The director shall terminate contracts with any carrier if he finds that the standards prescribed therefor are not being complied with, that claims accrued or to accrue will not be paid, or for other good cause shown. The director shall give reasonable notice of his intention to terminate the contract to any carrier, to eligible persons and others who may be directly interested, including such other persons and organizations as the director may deem necessary and proper. The notice shall state the effective date of, and the reason for, the termination.

Sec. 31.5. Section 14106.2 is added to the Welfare and Institutions Code, to read:

14106.2. Prepaid health plans to which the state is a party under the provisions of this chapter, and contracts and arrangements embodying such plans shall not be subject to the provisions of law prescribing the forms of hospital or medical service or insurance contracts or requiring approval thereof or of the form thereof, by any state officer or agency except the director or the department.

This exemption applies, but is not limited to: (a) Chapter 4 (commencing with Section 10270) of Part 2 of Division 2 of the Insurance Code, (b) Section 11069 of the Insurance Code, (c) Section 11513 of the Insurance Code, and (d) the Knox-Mills Health Plan Act.

Sec. 31.6. Section 14106.5 of the Welfare and Institutions Code is amended to read:

14106.5. The director shall adopt all necessary rules and regulations providing for the payment for services rendered under this program on the basis of a total monthly payment for each enrolled recipient. The director may provide for methods and periods of enrollment.

Sec. 32. Section 14108.5 of the Welfare and Institutions Code is repealed.

Sec. 33. Section 14110 of the Welfare and Institutions Code is amended to read:

14110. No payment for care or services shall be made under Medi-Cal to a medical or health care facility unless it has been certified by the department for participation, and:

(a) It is licensed by the State Department of Public Health;

or

(b) It is licensed by a comparable agency in another state ;
or

(c) It is exempt from licensure ; or

(d) It is operated by the Regents of the University of California.

(e) It meets the utilization review plan criteria for certification or is certified as an institutional provider of services under Title XVIII of the Federal Social Security Act and regulations issued thereunder.

Nothing in this section shall preclude payments for care for aged patients in medical facilities or institutions operated or licensed by the State Department of Mental Hygiene, State Department of Public Health, State Department of Rehabilitation, or by the State Department of Social Welfare.

SEC. 33.5. Section 14110.1 is added to the Welfare and Institutions Code, to read :

SEC. 34. Section 14111 of the Welfare and Institutions Code is amended to read :

14111. The amount of benefit an eligible person is entitled to receive under this chapter shall be determined in accordance with standards established by the director which take into consideration the amount of income in excess of that required for maintenance plus his excess resources or a reasonable portion thereof as determined pursuant to the provisions of Section 14005.7.

SEC. 34.4. Section 14114 of the Welfare and Institutions Code is amended to read :

14114. The director may make available information, in such form as he may deem satisfactory, as will enable the eligible persons to exercise an informed choice among the prepaid health plans which have been contracted for under this chapter. Each eligible person enrolled in a prepaid health plan shall be issued an appropriate document setting forth or authorizing the services or benefits to which that person is entitled thereunder, the procedure for obtaining benefits, and the principal provisions of the plan affecting the eligible person.

The Health Care Commission shall provide for a continuing study of the quality of care and services resulting from the operation of this chapter and for surveys and reports on prepaid health plans. With respect to such plans contracted for under this chapter, the commission may contract with the State Department of Public Health for studies and reports of the experience of such plans as to the standards of care available to eligible persons, gross and net costs, administrative costs, benefits, utilization of benefits, the portion of actual personal expenditures of eligible persons for health care which are being met by prepaid benefits, and the methods of evalu-

ating and improving the quality of, and controlling the costs of, health care provided under such contracts; provided, however, that this section shall not be construed to require any plan to provide accounting data or statistical data not required in the normal operation of the plan.

SEC. 34.5. Section 14115 of the Welfare and Institutions Code is amended to read:

14115. Bills for service under this chapter shall be submitted not more than two months after the month in which the service is rendered, and shall be in the form prescribed by the director, except that in the event the patient does not identify himself to the provider as a Medi-Cal beneficiary, the provider shall be entitled to submit his statement at any time within 60 days after that date certified by the provider as the date said patient was first identified as a Medi-Cal beneficiary, provided, however that such date certified by the provider as the date the patient was first so identified shall not be later than one year after the month in which the service was rendered.

Where the bill involves coverage other than Medi-Cal the period for submission of bills is extended to one year from date of service to permit the provider to obtain proof of payment, partial payment or nonliability of the carrier. Further, the director may, where he finds that delay in the submission of bills was caused by circumstances beyond the control of the provider, extend the period for submission of bills for a period not to exceed one year.

SEC. 34.6. Section 14115.5 of the Welfare and Institutions Code is amended to read:

14115.5. Moneys payable or rights existing under this chapter shall be subject to any claim, lien or offset of the State of California, and any claim of the United States of America made pursuant to federal statute, but shall not otherwise be subject to execution, levy, attachment, garnishment, or other legal process, and no transfer or assignment, at law or in equity, of any right of a provider of health care to any payment shall be enforceable against the state, a fiscal intermediary or carrier.

(b) The director shall report actual total payments and payments for categories of services, as set forth in subdivision (a), monthly to the Director of Finance and to the Joint Legislative Budget Committee.

(c) At any time during the fiscal year, if the director has reason to believe that the total cost of the program will exceed

available funds, he may, first modify the method or amount of payment for services provided that no amount shall be reduced more than 10 percent and no modification will conflict with federal law. If such modification is not sufficient to bring the program within available funds, the director may postpone elective services in the basic schedule of benefits. Such postponement of elective services shall be accomplished by changing the standards for approval of requests for prior authorizations. Such changes shall be designed to insure that those recipients most in need of elective services receive them first, within the funds available, but that no particular service is completely eliminated.

(d) At any time during the fiscal year, if the total amounts paid since the beginning of the fiscal year exceed by 10 percent the amounts scheduled, the director shall immediately institute the action set forth in subsection (c) above.

(e) At any time during the fiscal year, if the total amounts paid for any category of service exceeds by 10 percent the amounts scheduled (other than services for which the method or amount of payment is prescribed by the Secretary of Health, Education, and Welfare pursuant to Title XIX of the Federal Social Security Act), the director shall modify the method or amount of payment for such category of service to assure that the total amount paid for such category of service in the fiscal year shall be less than 10 percent in excess of the total amount scheduled provided the total cost of the program to the State General Fund will not exceed appropriated state general funds.

(f) Before any of the above actions are taken by the director, he shall consult with representatives of concerned provider groups.

The provisions of this section shall not be operative until July 1, 1972.

Article 4.2. The Medi-Cal Benefits Program

14131. The Medi-Cal Benefits Program comprises a department-administered uniform schedule of basic health care benefits, and a uniform schedule of supplemental benefits. For each beneficiary, no supplemental benefit shall be utilized until the corresponding basic benefit has been exhausted. Notwithstanding any other provision of this chapter, "health care services" shall be limited to the benefits set forth in this article.

14132. The following is the basic schedule of benefits under this chapter:

(a) Outpatient services are covered as follows:

Physician, hospital outpatient, optometric, chiropractic, psychology, podiatric, occupational therapy, physical therapy, speech therapy, audiology, and services of persons rendering treatment by prayer or healing by spiritual means in the practice of any church or religious denomination insofar as these can be encompassed by federal participation under an approved plan.

The extent of such coverage is limited to a maximum total of two services from among the above in any month, and not to exceed twenty-four (24) services from among the above during any period of twelve (12) consecutive months; provided however that only as to physician outpatient services, any visits unused during the month immediately preceding the current month may be used in the current month, subject to the limitation that physician and other services from among the above shall not be covered in excess of twenty-four (24) among all such services during any period of twelve (12) consecutive months. As to hospital outpatient services, the above limitation on extent of coverage shall not apply to the services set forth in subdivisions (e), (f), (g), (h), (l), and (m) when rendered as part of a hospital outpatient visit.

(b) Hospital inpatient care, including physician services, is covered to a maximum of sixty-five (65) days in a period of twelve (12) consecutive months, subject to utilization controls.

Such prior authorization

for supplemental services may be requested by a physician upon the patient's initial visit if the physician believes that an extended treatment plan is needed from the time of the initial visit.

14134. To achieve and assure proper utilization of services and facilities under this chapter, copayment by the person to whom a Medi-Cal card has been issued is required under the basic schedule of benefits for services and articles set forth in this section in all cases where not prohibited by federal law or regulations; provided, however, that copayment is not required of any person determined by the county as having no income, personal resources and real property. For the purposes of this section, property used as a home by the beneficiary or by dependents for whom the beneficiary is legally responsible, furniture and clothing, the cash value of life insurance, and the first two hundred fifty dollars (\$250) of personal property held by the individual or family up to and including seven members shall be exempted as a resource. An additional thirty-six dollars (\$36) of personal property shall be exempt for each additional family member. In addition equity in a motor vehicle with a market value of under one thousand five hundred dollars (\$1,500) shall be exempted as a personal resource for each individual or family having such equity. For purposes of this section, such parts of social security and railroad retirement payments as are exempt from consideration in the determination of public assistance grants by federal law or regulations shall not be considered as income. If a public assistance recipient has net income considered in determining eligibility which is in excess of the maximum grant to which he would be entitled, he shall be required to make copayment; if a person or family eligible under Sections 14005.3, 14005.4, 14005.6 and 14005.7 has net income which would be considered in determining eligibility for aid and is in excess of the maximum grant which, if there was eligibility therefor, would be paid under the provisions of Chapter 2 (commencing with Section 11200), Part 3, Division 9 of this code, such person or family shall be required to make copayment. The director may establish by regulation appropriate classifications of persons required to make copayment. Medi-Cal payment to providers for the following services and articles shall be reduced by an amount equal to the amount of copayment required herein.

(a) For each outpatient visit to or by a provider, one dollar (\$1).

(b) For each prescribed drug, fifty cents (\$.50).

This section shall cease to be operative on June 30, 1973.

For the purpose of providing for and carrying out this function and responsibility, the board of supervisors of each county, or other agency as may be otherwise provided by county charter, shall establish a county department, unless otherwise provided by the county charter. Except as provided in Section 11050, the cost of contracted services shall be borne by the contracting county or counties and shall, insofar as state or federal funds are involved, conform to department standards and regulations generally applicable to such services.

SEC 18.3. Section 10811 is added to the Welfare and Institutions Code, to read:

10811. Each county shall provide child care services for former, current, and potential recipients of public assistance who certify that if provided such services they will accept or maintain employment or training and who further certify that without such services they would be unable to accept or maintain employment or training. The county is authorized to charge a fee for child care services pursuant to a schedule established by the department based on the ability of the person to pay using a sliding scale, ranging from a lesser amount for parents with low-income levels to a higher amount for parents with higher income levels. In no event shall the fee exceed the fee in comparable arrangements established pursuant to Section 16614 of the Education Code. 10850 Except as otherwise provided in this section, all applications and records concerning any individual made or kept by any public officer or agency in connection with the administration of any provision of this code relating to any form of public social services for which grants-in-aid are received by this state from the United States government shall be confidential, and shall not be open to examination for any purpose not directly connected with the administration of such public social service; provided, however, that any agency having custody of such records may make the disbursement records available to the district attorney upon his request. The information thus obtained shall be made available to the district attorney for the official conduct of his office and shall not be used for any other purpose.

Except as otherwise provided in this section, no person shall publish or disclose or permit or cause to be published or disclosed any list of persons receiving public social services. Any county welfare department in this state may release lists of applicants for, or recipients of, public social services, to any other county welfare department or the Department of Social Welfare, and such lists or any other records shall be released when requested by any county welfare department or the Department of Social Welfare. Such lists or other records shall only be used for purposes directly connected with the administration of public social services. Except for such purposes, no person shall publish, disclose, or use or permit or cause to be published, disclosed, or used any confidential information pertaining to an applicant or recipient. However, this section shall not prohibit the furnishing of such informa-

tion to other public agencies to the extent required for verifying eligibility or for other purposes directly connected with the administration of public social services. Any person knowingly and intentionally violating the provisions of this paragraph is guilty of a misdemeanor.

The Department of Social Welfare shall inform the Department of Motor Vehicles of the names, birth dates, and addresses of all applicants or recipients of aid to the blind. The Department of Motor Vehicles, upon receipt of such information, shall inform the Department of Social Welfare of any such applicant or recipient of aid to the blind who holds a valid California driver's license.

The department may make rules and regulations governing the custody, use and preservation of all records, papers, files and communications pertaining to the administration of the laws relating to public social services. The rules and regulations shall be binding on all departments, officials and employees of the state, or of any political subdivision of the state and may provide for giving information to or exchanging information with agencies, public or private, which are engaged in planning, providing or securing social services for or in behalf of recipients or applicants; and for making case records available for research purposes, provided, that such research will not result in the disclosure of the identity of applicants for or recipients of public social services.

Any person, including every public officer and employee, who knowingly secures or possesses, other than in the course of official duty, an official list or a list compiled from official sources, published or disclosed in violation of this section, of persons who have applied for or who have been granted any form of public social services for which state or federal funds are made available to the counties is guilty of a misdemeanor.

SEC. 20.3. Section 11004 of the Welfare and Institutions Code is amended to read:

11004. The provisions of this code relative to public social services for which state grant-in-aid are made to the counties shall be administered fairly to the end that all persons who are eligible and apply for such public social services shall receive the assistance to which they are entitled promptly, with due consideration for the needs of applicants and the safeguarding of public funds.

(a) Any applicant for, or recipient or payee of, such public social services shall be informed as to the provisions of eligibility and his responsibility for reporting facts material to a correct determination of eligibility and grant.

(b) Any applicant for, or recipient or payee of, such public social services shall be responsible for reporting accurately and completely within his competence those facts required of him pursuant to subdivision (a) and to report promptly any changes in those facts.

(c) Any person who makes full and complete disclosure of those facts as explained to him pursuant to subdivision (a) is

entitled to rely upon the award of aid as being accurate, and that the warrant he receives correctly reflects the award made, except that the county paying the aid shall be allowed a period of six months following the month of payment, or six months following the hearing provided in subdivision (e), within which to adjust any errors or changes in amount of grant resulting from changes in income or need which occur too late to be reflected in the grant for the current month. Whenever possible, adjustments or overpayments shall be prorated evenly over the adjustment period.

(d) If any overpayment which results because of the willful failure to report facts in accordance with subdivision (b) or because of any willfully fraudulent device, the county paying the aid shall be allowed a period of one year following the month of the discovery of the overpayment, or one year following the hearing provided in subdivision (e), to adjust current grants to recover the overpayment. Such adjustment shall be permitted concurrently with any suit for restitution, and recovery of overpayment by adjustment shall reduce by the amount of such recovery the extent of liability for restitution.

(e) Current grants may be reduced because of prior overpayments only if the recipient has income or resources available in the amount by which the county proposes to reduce payment; except that where there is evidence which clearly establishes that a recipient willfully withheld information about his income or resources, such income or resources may be considered in the determination of need to reduce the amount of the grant in current or future periods. Prior to effecting any reduction of current grants to recover prior overpayments, the recipient shall be advised of the proposed reduction and of his entitlement to a hearing on the propriety of the reduction. In no event shall the grant to a needy child be reduced unless the parents or other responsible persons have sufficient available resources or income to meet the current needs of the needy child according to the department standard during the period of reduction.

(f) If it is found that a recipient or a family was possessed of property in excess of the amount permitted by law, and it cannot be established that the recipient or family received such aid in bad faith, without honestly believing eligibility was properly established, the amount collectible shall be limited to an amount equal to the market value of the excess property or the amount of aid granted during the period the excess property was held, whichever is the lesser.

(g) When an underpayment or denial of aid occurs because of an administrative error or inadvertence on the part of a county, and as a result the applicant or recipient does not receive the amount to which he is entitled, the county shall pay aid equal to the full amount of the underpayment which occurred during the period of one year immediately preceding the date the error or inadvertence is discovered.

SEC. 20.5 Section 11008 of the Welfare and Institutions Code is amended to read:

11008. In order that recipients of public assistance may become self-supporting and productive members of their communities, it is essential that they be permitted to earn money without a proportionate deduction in their aid grants. It is the intention of the Legislature to promote this objective and the department, in implementing public assistance laws, is directed to do so in the light of this objective.

To the extent required by federal law, earned income of a recipient of aid under any public assistance program for which federal funds are available shall not be considered income or resources of the recipient, and shall not be deducted from the amount of aid to which the recipient would otherwise be entitled, provided that any exemption which was permitted by federal law on August 1, 1971 and was authorized and applied in California shall continue to be required as long as permitted by federal law. In computing the amount of income determined to be available to support a recipient, the value of currently used resources shall be included, except as provided in Section 11018.

Nothing in the amendments to this section made by the Legislature at its 1971 Regular Session shall be construed to give any person benefits based on a claim filed subsequent to August 1, 1971, relating to benefits not authorized and applied on August 1, 1971.

SEC. 21. Section 11008.7 is added to the Welfare and Institutions Code, to read:

11008.7. To the extent permitted by federal law the value of any loan or grant to any undergraduate student made or insured under any program administered by the State Scholarship and Loan Commission or a college accredited by the Western Association of Schools and Colleges shall not be considered in determining eligibility or the amount of the grant.

SEC. 21.5. Section 11009 of the Welfare and Institutions Code is repealed.

SEC. 22. Section 11018 is added to the Welfare and Institutions Code, to read:

11018. Notwithstanding Section 11008, in computing the amount of income available to support a recipient, the first sixty dollars (\$60) per quarter of any casual income or income from inconsequential resources which is received infrequently or irregularly shall be exempt.

SEC. 22.5. Section 11020 is added to the Welfare and Institutions Code, to read:

11020. Where a recipient under a categorical aid program has received aid in good faith but in fact owned excess property, he shall be considered to have been ineligible for aid during the period for which any excess property would have supported him at the rate of the aid granted to him. In such case the recipient or his estate shall repay the aid he received during such period of ineligibility.

SEC 23. Section 11050 of the Welfare and Institutions Code is amended to read:

11050. Except as provided in Section 11403 of this code, applications for public social services or public assistance by any person, or in behalf of any person, shall be made to the county department in the county in which the applicant is living. The application may be made in writing or reduced to writing upon the standard form prescribed in regulations of the department and a copy shall be furnished to each applicant at the time of the application.

The state is responsible for maintaining uniformity in the public social service programs provided for in Part 3 (commencing with Section 11000) of this division, and in order to promote and insure such uniformity, the department shall be responsible for the control of administering the payment of grants for all aid programs.

The department may contract with any county for the performance of eligibility and grant determinations for applicants or recipients within the jurisdiction of the contracting county, or for applicants or recipients within the jurisdiction of another county which has not contracted with the department to perform such functions or whose contract with the department has been terminated or in the absence of such contract the department may act in the place of the county and assume direct responsibility for the administration of such eligibility and grant determinations.

The department shall have the right to terminate any such contract immediately if the contracting county fails to carry out its contractual obligations.

SEC. 23.2. Section 11056 of the Welfare and Institutions Code is amended to read:

11056. If the applicant is determined to be eligible, aid shall be granted from the first day of the month following the date of application, or from the first day of the month following the date on which he becomes eligible if found to be later than the date of application, or upon an earlier date if determined by and in connection with a petition for a fair hearing; provided, however, that nothing contained herein shall be construed to prevent a county department from making aid to families with dependent children effective as soon as eligibility is determined, if such date is earlier than that specified herein.

The county at the time of receiving an application for public assistance shall determine and verify whether the applicant needs immediate assistance. If it is determined that the applicant is eligible for public assistance, and a signed affirmation is on file to this effect, aid shall be granted immediately. If subsequent investigation establishes ineligibility, the cost of such assistance shall be shared by the state and county in accordance with the applicable sharing ratio after federal contributions are deducted.

SEC. 23.5. Section 11100 of the Welfare and Institutions Code is amended to read:

11100 For the purposes of the provisions of this code relating to public assistance, the continued absence of a recipient of public assistance from this state for a period of 60 days or longer shall be prima facie evidence of the intent of the recipient to have changed his residence to a place outside this state. The county granting the public assistance shall make inquiry from all recipients who have been continuously absent from this state for a period of 30 days, with the next assistance payment, so as to determine their intent to remain residents of California or to become residents of another state, and shall redetermine the residence of such persons. In any case where the inquiry made under this section establishes that the recipient is no longer a resident of this state, his aid shall be terminated immediately.

If a recipient is prevented by illness or other good cause from returning to this state at the end of 60 days, and has not by act or intent established residence elsewhere, he shall not be deemed to have lost his residence in this state.

If a recipient is disqualified for aid on the ground that he has left the state, and returns to the state within 60 days after leaving, he shall be considered to have resided in the state for a sufficient time to qualify for aid, and, if otherwise eligible, aid shall be granted to him as of the first day of the month following his application.

SEC. 23.6 Section 11103 of the Welfare and Institutions Code is repealed.

SEC. 24. Section 11104 is added to the Welfare and Institutions Code, to read:

11104. Any alien who is otherwise qualified for aid shall be eligible to receive public assistance if he certifies under penalty of perjury that to the best of his knowledge he is in the country legally and is entitled to remain indefinitely, or if he certifies that he is not under order for deportation, or if he certifies that he is married to an individual not under order for deportation.

Such certification by the alien shall, upon receipt, be forwarded to the United States Immigration and Naturalization Service for verification. Aid shall continue pending such verification.

If an alien has been residing in the United States continuously for five years or more at the time the county department requests certification of his legal right to reside, the affidavits of two U.S. citizens attesting to such continuous residence by the alien shall constitute a rebuttable presumption that the alien is entitled to be in the country for purposes of determining eligibility.

If an alien subject to the provisions of this section is not fluent in English, it shall be the duty of the county department to provide an understandable explanation of the requirements of this section in a language in which the alien is fluent.

SEC. 24 01. Section 11105 is added to the Welfare and Institutions Code, to read:

SEC 24 2 Section 11155 is added to the Welfare and Institutions Code, to read:

11155. In addition to the personal property permitted by other provisions of this part, an applicant or recipient, including an applicant for or recipient of aid to families with dependent children, may retain items of personal property, other than cash, securities, instruments or other evidences of indebtedness, of a market value not to exceed one thousand dollars (\$1,000), and in addition property falling within the following categories:

1. The entire value of wedding and engagement rings, heirlooms and clothing.

2. The reasonable value of household furnishings and, in addition, other property used to provide, equip and maintain a household for the applicant or recipient up to a market value of three hundred dollars (\$300) for each item.

3. Equipment and material of reasonable value, including motor vehicles, which are necessary to implement an employment, rehabilitation or self-care plan necessary for employment of the applicant or recipient.

4. Any property right which is essential to land use or which is not available for the use of or expenditure by or in behalf of the applicant or recipient to meet a current or future need of the applicant or recipient.

In addition to all of the foregoing the director may at his discretion exempt other items of personal property not exempted under this section.

SEC. 24 3. Section 11157 of the Welfare and Institutions Code is repealed.

SEC. 24.4. Section 11157 is added to the Welfare and Institutions Code, to read:

SEC 24 5 Section 11250 6 is added to the Welfare and Institutions Code, to read

SEC 24.6. Section 11252 of the Welfare and Institutions Code is repealed.

SEC. 24.65. Section 11252.5 is added to the Welfare and Institutions Code, to read:

11252.5. The Legislature hereby finds that the high rate of unemployment, which has been aggravated in California's most populous regions by layoffs in the aerospace industries, has led to a high level of public assistance grants and that despite the unemployment rate, both the unemployment rolls and the welfare rolls are swollen by the influx of persons from other states, many of which allow smaller assistance grants.

The Legislature further notes that increasing state taxes will have a depressing effect upon those individuals, firms, and industries now operating at a marginal level and will tend to further aggravate the unemployment rate and increase the welfare rolls.

The Legislature finds, therefore, that the most compelling state interest requires that the relationship between welfare and unemployment be recognized and that an emergency residency requirement be enforced in those areas of the state suffering from unusually high rates of unemployment.

(a) At any time the director shall determine from information received from the Department of Human Resources Development that any county has an unemployment rate of 6.0 percent or more, the director shall declare a state of emergency to exist, and shall immediately direct such county to enforce an emergency residency requirement as provided in subdivision (b) until its unemployment rate falls below 6.0 percent. During this period and in any county in which such emergency exists, no person described in subdivision (b) shall be eligible for aid after the effective date of this section who does not meet the residency requirements of subdivision (b) of this section.

(b) No needy relative under Section 11203 shall be eligible for aid unless such needy relative has been physically present in the county for one year immediately preceding the date of application.

The provisions of this section shall not operate to render ineligible for aid any needy relative receiving such aid on the effective date of this section.

SEC. 24.7. Section 11253 of the Welfare and Institutions Code is amended to read:

11253. Aid may not be granted under the provisions of this chapter to or in behalf of any child over the age of 16 unless:

(a) He is less than 21 years of age and is regularly attending school or a training program, or if enrolled in an institution of higher education, attending regularly, achieving a passing grade and making progress according to standards set by the department, or

(b) He is physically or mentally disabled, or

(c) He is employed and contributing to the family, or applying his earnings to a plan approved by the county depart-

ment for his further education or preparation for future employment, provided that his earnings set aside for education or training are placed in an irrevocable trust for such purposes, with the county and the parents designated as joint trustees.

SEC. 24.12. Section 11258 of the Welfare and Institutions Code is repealed.

SEC. 24.13. Section 11261 of the Welfare and Institutions Code is repealed.

SEC. 24.14. Section 11262 of the Welfare and Institutions Code is repealed.

SEC. 25. Section 11265 of the Welfare and Institutions Code is amended to read:

11265. The county shall redetermine eligibility annually. The county shall at the time of such redetermination, and may monthly or at such other intervals as may be deemed necessary, require the family to complete a certificate of eligibility containing a written declaration of such information as may be required to establish the continuing eligibility and amount of grant pursuant to Section 11004 of this code.

The certificate shall include blanks wherein shall be stated the names of all children receiving aid, their present place of residence, the names and status of any other adults living in the home, the name, and if known, the social security number and present whereabouts of a parent who is not living in the home, and any outside income that may have been received through employment, gifts, or the sale of real or personal property.

If the certificate is mailed to the family, it shall be accompanied by a stamped envelope for its return. In the event the certificate is not completed and returned within 10 days after it is mailed or personally delivered to the family, a home visit or other personal meeting shall be made to or with the family, and the certificate shall then be completed with the assistance of the social worker, if needed. If there is a refusal to complete such certificate, the warrant for the succeeding month may be withheld pending clarification of eligibility.

Each adult member of the family shall provide, under penalty of perjury, the information necessary to complete such certificate.

SEC. 25.1. Section 11266 is added to the Welfare and Institutions Code, to read:

11266. Notwithstanding the provisions of Section 11056, if at the time of application the county determines that the applicant needs immediate assistance because he does not have sufficient resources to meet the immediate needs of his family, the county shall pay such applicant one hundred dollars (\$100) or the maximum amount to which such applicant is eligible, whichever is less. The county shall verify such applicant's eligibility within five working days, and advance payments made under this section shall be offset against the first grant payment made to the recipient. If eligibility is not veri-

fied within five working days, pursuant to this section, the county shall bear the entire cost of the advance payment made to the applicant.

SEC. 25.2. Section 11267 is added to the Welfare and Institutions Code, to read:

11267. To the extent permitted by federal law and regulations, no child or family is eligible to receive aid under this chapter if the total gross income, exclusive of grant payment, prior to any deductions available to such child or family exceeds 150 percent of the minimum basic standard of adequate care applicable to such child or family.

SEC. 25.3. Article 3.5 (commencing with Section 11325) is added to Chapter 2, Part 3, Division 9 of the Welfare and Institutions Code, to read:

Article 3.5. Community Work Experience Programs

11325. Assisting recipients of aid to become self-supporting through implementation of the work incentive programs established in accordance with subdivision (19)(A) of Section 402(a) of the Social Security Act, as amended, as well as through such additional or supplemental work programs permitted by federal law is a matter of public concern.

To the extent permitted by federal law, it is the intention of the Legislature that this article operate as a demonstration program. The Director of the Department of Human Resources Development shall develop a plan for the phased implementation of community work experience programs. As this plan is implemented, he shall designate specific geographic areas within which community work experience programs shall be established. Such geographic areas shall consist of a county or portion of a county, as the director may designate.

The Director of the Department of Human Resources Development shall develop community work experience programs through contracts with any public entity or nonprofit agency or organization, subject to the conditions and standards set forth below.

All public entities shall cooperate in the development and implementation of community work experience programs for welfare applicants and recipients in accordance with criteria and standards established by the Department of Social Welfare and Department of Human Resources Development, provided that any program undertaken by a public agency shall be done with the consent of that agency.

For the purpose of this article, a "community work experience program" is a program to provide work experience and training for individuals who are not otherwise able to obtain employment or who are not actively participating in training or education programs, in order that such participants may move into regular employment.

Community work experience programs shall provide for development of employability through actual work experience

and training; and shall be designed to enable individuals employed under community work experience programs to move promptly into regular public or private employment or into training or public service employment programs to improve their employability in regular public or private employment. The facilities of the Department of Human Resources Development shall be utilized to find employment opportunities for recipients under this program.

Community work experience programs under this article shall be confined to projects which serve a useful public purpose such as in the fields of health, social service, environmental protection, education, urban and rural development and redevelopment, welfare, recreation, public facilities, and public safety. To the extent possible, the prior training, experience and skills of a recipient shall be utilized in making appropriate work experience assignments.

The Director of the Department of Human Resources Development shall designate the procedures for inclusion of recipients of public assistance within community work experience programs, to include the geographic area within which such programs shall be established. To the extent permitted by federal law, recipients of public assistance referred by the Department of Human Resources Development to a community work experience program shall, as a condition of receiving public assistance, participate in such program, except where good cause exists for failure to accept and continue to participate in such program.

No person, who is a recipient of aid under this chapter under the age of seventeen (17) years, or is the mother of a child the age of six (6) years or under in the home, or who is otherwise employed or actively participating in training programs, education programs, or public service employment programs, or is incapacitated, shall be required to participate in community work experience programs. No mother of a child over the age of six (6) years in the home shall be required to participate in such community work experience programs unless suitable child care is available.

A community work experience program established under this section shall provide:

(1) Appropriate standards for health, safety, and other conditions applicable to the performance of work, including workmen's compensation insurance.

(2) That the program does not result in displacement of persons currently employed, or the filling of established unfilled position vacancies.

(3) That the program does not apply to jobs covered by a collective bargaining agreement.

(4) Reasonable conditions of work, taking into account the geographic region, the residence of the participants, and the proficiency of the participants.

(5) That participants will not be required, without their consent, to travel an unreasonable distance from their homes or remain away from their homes overnight.

(6) That participants will not be required to work in excess of 80 hours in any calendar month, nor in excess of eight hours during any calendar day in order to provide time to seek regular employment, provided, however, that in no case will any participant be required to participate in work experience programs for a period of time which would result in a total number of hours per month, which, if compared to the amount of the grant, in relation to the state or federal minimum wage, whichever is higher, would result in a ratio that would be less than such minimum wage. Nothing in this section shall be construed as requiring or permitting the payment of aid in exchange, or as compensation, for work performed.

(7) That participation shall not result in any cost to a participant, provision shall be made for transportation and all other costs reasonably necessary to and directly related to participation in the program. Nothing contained herein shall entitle any participant to a salary or to any other work or training expense provided under any other provision of law by reason of his or her participation.

(8) A recipient shall not be placed in a community work experience program under this section unless all available positions within the geographic area served by a community work experience program have been filled under work incentive programs established pursuant to Chapter 3 (commencing with Section 5200) of Division 2 of the Unemployment Insurance Code or under any other job development program established pursuant to state law. To the extent feasible, work incentive program positions shall be administered to maximize utilization of that program prior to placement of recipients in community work experience programs.

No individual shall be required to participate in a community work experience program if:

(1) The position offered is vacant due directly to a strike, lockout, or other labor dispute.

(2) As a condition of accepting the work or continuing in the work, the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization

(3) Acceptance would be an unreasonable act because of hardship imposed on the person or his family due to illness or remoteness.

11326. To the extent permitted by federal law, aid shall be terminated with respect to a recipient of public assistance covered by this demonstration program, who without good cause refuses to participate in a community work experience program; provided, however, that aid for the support of the child or children of such recipient of public assistance shall not be reduced or terminated as a result of such refusal to participate. Any recipient of public assistance who refuses

without good cause to participate, shall not be considered a needy relative or caretaker of a recipient child and shall not be entitled to receive or use any part of an aid grant paid pursuant to this chapter.

11327. The Director of the Department of Human Resources Development shall report annually to the Legislature concerning the community work experience programs, including the number of persons placed in a community work experience program, the number of persons placed from this program into regular employment, and the costs to state and local agencies for implementing this demonstration program.

SEC. 25.4. Section 11350 of the Welfare and Institutions Code is repealed.

SEC. 25.5. Section 11350 is added to the Welfare and Institutions Code, to read:

11350. In any case of separation or desertion of a parent or parents from their spouse and child or children which results in aid being granted under this chapter to such spouse and child or children, such parent or parents shall be obligated to the county for an amount equal to: (a) the value of the aid received by such family during such period of separation or desertion with respect to such spouse and child or children, reduced by (b) any amount actually paid by such parent or parents for the support and maintenance of such spouse and child or children during such period, if and to the extent that such amount reduces the aid received; except that in any case where an order for the support and maintenance of such spouse and child or children has been issued by a court of competent jurisdiction, the obligation under this section shall not exceed the amount specified in such order less any amount actually paid by such parent or parents during such period. In the absence of such an order, the district attorney shall bring suit for enforcement of support pursuant to this section. Any payments required pursuant to this section shall be reasonably based on ability to pay.

The court may order the defendant to pay the county reasonable attorney fees and court costs in any proceeding brought by the county pursuant to this section.

SEC 26.1 Section 11351 of the Welfare and Institutions Code is repealed.

SEC 27. Section 11353 of the Welfare and Institutions Code is amended to read:

11353. Any parent whose absence is the basis upon which an application is filed for aid in behalf of a child shall complete and return to the county within 15 days after service pursuant to Section 11476 a written statement of his current monthly income, his total income over the past 12 months, a description of all real and personal property owned by him, together with an estimate of its value, the number of dependents for whom he is providing support, the amount he is contributing regularly, toward the support of all children for whom application for aid is made under this chapter, his social

security number, his current monthly living expenses and such other information as is pertinent to determining his ability to support his children.

A violation of this section constitutes a misdemeanor.

SEC. 28. Section 11450 of the Welfare and Institutions Code is amended to read:

11450. (a) For each needy family which includes one or more needy children qualified for aid under this chapter, except as provided in Section 11403, there shall be paid, notwithstanding minimum basic standards of adequate care established by the department under Section 11452, an amount of aid each month which when added to his income, exclusive of any amounts considered exempt as income or paid pursuant to subdivision (d) of this section or Section 11453.1, is equal to the sums specified in the following table, as adjusted for cost-of-living increases or decreases pursuant to Section 11453:

Number of eligible needy persons in the same home	Maximum aid
1 -----	\$115
2 -----	190
3 -----	235
4 -----	280
5 -----	320
6 -----	360
7 -----	395
8 -----	430
9 -----	465
10 or more -----	500

If, when and during such times as the United States government increases or decreases its contributions in assistance of needy children in this state above or below the amount paid on July 1, 1972, the amounts specified in the above table shall be increased or decreased by an amount equal to such increase or decrease by the United States government, provided that no such increase or decrease shall be subject to subsequent adjustment pursuant to Section 11453.

(b) For children receiving foster care who are qualified for aid under the provisions of this chapter, except as provided in Section 11403, there shall be paid the sum necessary for the adequate care of each child, but not to exceed in any month the product of eighty dollars (\$80) multiplied by the number of children in each county receiving foster care. The state shall pay 67.5 percent and the county shall pay 32.5 percent of the aid furnished for the adequate care of such children.

The maximum amount of aid payable under the previous paragraph shall be increased up to one hundred dollars (\$100) per month in assistance in those cases and during such times as the United States government contributes.

(c) As used in this chapter, "foster care" means care in a boarding home or institution.

(d) (1) In addition to the amounts payable under subdivision (a) of this section and Section 11453.1, a family shall be entitled to receive an allowance for recurring special needs not common to a majority of recipients. The county shall pay the full cost of the additional aid furnished needy families pursuant to this subdivision after first deducting therefrom any funds received from the federal government. Such recurring special needs shall include but not be limited to special diets upon the recommendation of a physician, and unusual costs of transportation, laundry, housekeeping service, telephone, and utilities not to exceed the minimum basic standards of adequate care.

(2) A family shall also be entitled to receive an allowance, at county expense after first deducting therefrom any funds received from the federal government, for nonrecurring special needs caused by sudden and unusual circumstances beyond the control of the needy family; provided, however, that such needs shall not be taken into consideration in determining the eligibility of the family for aid.

(3) The department shall establish rules and regulations assuring the uniform application statewide of the provisions of this subdivision.

(e) Except for the purposes of Section 15200, the amounts payable to recipients pursuant to Section 11453.1 shall not constitute part of the payment schedule set forth in subdivision (a) of this section.

The amounts payable to recipients pursuant to Section 11453.1 shall not constitute income to recipients of aid under this section.

SEC. 28.1. Section 11451.6 is added to the Welfare and Institutions Code, to read:

11451.6. Notwithstanding Section 11008, any exemptions from earned income for work-related expenses authorized under other provisions of this chapter shall be limited to a standard allowance of fifty dollars (\$50) per month plus reasonable and necessary costs of child care. For purposes of this section, reasonable costs of child care are defined as actual costs, not to exceed the costs of securing child care available in the community which meets the minimum standards of the Federal Inter-agency Day Care Agreement of Section 107 of Public Law 90-222 (Economic Opportunity Act amendments of 1967).

SEC. 28.5. Section 11452 of the Welfare and Institutions Code is amended to read:

11452. Minimum basic standards of adequate care shall be distributed to the counties and shall be binding upon them. Such standards are hereby determined on the basis of the schedule set forth in this section, as adjusted for cost-of-living increases or decreases pursuant to Section 11453, which schedule is designed to insure:

- (1) Safe, healthful housing.
- (2) Minimum clothing for health and decency.
- (3) Low-cost adequate food budget meeting recommended dietary allowances of the National Research Council.
- (4) Utilities
- (5) Other items including household operation, education and incidentals, recreation, personal needs, and insurance.
- (6) Allowance for essential medical, dental, or other remedial care to the extent not otherwise provided at public expense.
- (7) Other recurring special needs.

The schedule of minimum basic standards of adequate care is as follows:

Number of needy persons in the same family	Minimum basic standards of adequate care
1 -----	\$125
2 -----	210
3 -----	255
4 -----	314
5 -----	362
6 -----	408
7 -----	449
8 -----	496
9 -----	543
10 -----	590

plus five dollars (\$5) for each additional needy person.

The department shall establish rules and regulations assuring the uniform application statewide of the provisions of this section.

SEC. 29. Section 11453 of the Welfare and Institutions Code is repealed.

SEC. 29.1. Section 11453 is added to the Welfare and Institution Code, to read:

11453. The amounts set forth in Section 11452 and subdivision (a) of Section 11450 shall be adjusted annually by the department to reflect any increases or decreases in the cost of living occurring after April 1, 1972, so that the first such adjustment becomes effective July 1, 1973. The average of the separate indices of the cost of living for Los Angeles and San Francisco, as published by the United States Bureau of Labor Statistics, shall be used as the basis for determining the changes in the cost of living.

In giving effect to the cost-of-living provisions of this section, the department shall select a comparison month for computation of the percentage change in the cost of living after April 1, 1972. The same month shall be used annually thereafter. The determination of whether an adjustment is to be made, and the amount of such adjustment, shall be made by comparing the average index for the comparison month with the average index for April 1, 1972. The product of any

percentage increase or decrease in the average index and the amounts to which each needy family is entitled shall be adjusted by the dollar amount of any cost-of-living change currently in effect pursuant to the provisions of this section. If the resultant amount, when adjusted to the nearer dollar, is one dollar (\$1) or more, it shall be added to or subtracted from the schedule set forth in subdivision (a) of Section 11450 and the schedule set forth in Section 11452, the resultant sum shall constitute the new schedules under subdivision (a) of Section 11450 and Section 11452 and shall be filed with the Secretary of State.

SEC. 29.2. Section 11453.1 is added to the Welfare and Institutions Code, to read:

11453.1. (a) It is the intent of this section to assure that the food purchasing power provided by benefits available from food stamps under the Federal Food Stamp Act of 1964, as amended, shall continue to be available to recipients of aid under this chapter, if, when and during such times as federal law is amended to preclude food stamp benefits to such recipients, but does expressly permit the equivalent of such benefits to be provided as cash benefits to such recipients.

(b) It is the further intent of this section to protect the financial interest of the state and counties by accomplishing the conversion of food stamp benefits in such a manner that the conversion does not result in state and county costs of aid exceeding the costs in the base year, as hereinafter defined in this section.

(c) If federal law is amended to preclude the provision of food stamp benefits pursuant to the Federal Food Stamp Act of 1964, as amended, to applicants or recipients of aid under this chapter, when such federal law becomes operative, such of the following provisions for converting food stamp benefits to cash benefits as is consistent with the intent of this section shall become operative immediately:

(1) The bonus value of food stamps shall be paid in addition to the amounts payable pursuant to subdivision (a) of Section 11450, provided that aggregate state and county expenditures pursuant to that section and this section do not thereby exceed the base-year costs.

(2) If aggregate state and county expenditures pursuant to subdivision (a) of Section 11450 and this section in any fiscal year would, by virtue of the operation of subsection (1) of subdivision (c) of this section, result in an increase over the aggregate of such expenditures in the base year, the bonus value of food stamps paid pursuant to this section shall be reduced, on a pro rata basis, by such amount as will reduce aggregate state and county expenditures under that section and this section to an amount equal to the aggregate state and county expenditures in the base year.

(d) For the purposes of this section, "base year" means that year designated by federal law as the year fixing the limit on nonfederal expenditures for programs established to imple-

ment programs under Part A of Title 4 of the Social Security Act.

(e) For purposes of this section, "bonus value of food stamps" means the dollar amount that federal law permits to be paid to a child or a family of given size as a cash benefit in lieu of benefits under the Federal Food Stamp Act of 1964, as amended.

(f) For purposes of this section, "aggregate state and county expenditure" is defined as expenditure made under subdivision (a) of Section 11450 and this section, after deducting any federal reimbursements or credits, and excluding any cost-of-living increment paid pursuant to Section 11453.

SEC. 29.3. Section 11453.2 is added to the Welfare and Institutions Code, to read:

11453.2. To the extent permitted by federal law, counties may allow vendor payments for nonrecurring special needs as provided in subsection (2) of subdivision (d) of Section 11450.

SEC. 29.5 Section 11454 of the Welfare and Institutions Code is amended to read:

11454. Aid under this chapter shall be paid in kind or by vendor payments, wholly or in part, in any case where it is determined by the county director of the county in which the case is pending that there is mismanagement of aid payments in cash by the person in receipt thereof. The department shall make rules and regulations for the payment of aid under this section so that such aid will be paid only in cases wherein it is shown to be necessary. Aid under this section shall be paid in accordance with minimum basic standards of adequate care as prescribed by Section 11452 of this code. The cost of aid shall be borne by the state and county in the same proportion and up to the same maximums as are specified for state-county participation in aid in Sections 11450 and 11207 of this code. Nothing in this section shall be construed as requiring a county to provide aid in an amount in excess of that which it is required to provide under Section 11450 of this code. Aid granted under provisions of this section shall be paid without federal participation in the cost thereof whenever such federal participation is not provided by the laws of the United States or rules and regulations promulgated thereunder.

SEC 30. Section 11476 of the Welfare and Institutions Code is amended to read:

11476. In all cases in which the whereabouts of the parent is unknown, the county department shall refer the applicant to the district attorney at the time the application for assistance is signed.

In all cases in which the whereabouts of the absent parent is known, the county department, immediately upon receipt of the application for assistance, shall notify the absent parent of the filing of the application and of his responsibility to complete and return the written statement required by Section 11353. Such notification shall be by registered mail, return re-

ceipt requested, and an appropriate form and a stamped envelope shall be provided for its return. If the notice is not delivered within seven days, the county department shall cause prompt personal service to be made. If the written statement is not completed and returned within 15 days after service, the county department shall refer the matter to the district attorney for prosecution for violation of Section 11353.

When the county department has obtained sufficient information concerning the absent parent it shall immediately determine his ability to support his children, make contractual arrangements for his complying with his obligation to support, discuss his parental responsibilities, and explore the possibility of a reconciliation and the resumption of a parental relationship with his children. If the county department has not obtained a satisfactory support agreement with the absent parent within 30 days after the application for assistance is signed, the county department shall refer the case to the district attorney unless it has definitely determined that the parent is financially incapable of supporting the child. The department shall develop and furnish to the counties guidelines and forms for support agreements; such agreements shall provide every safeguard available under the law for effective enforcement of support and collection through enforcement of a legal judgment, including the imposition of liens upon real and personal property where appropriate. If the absent parent is residing out of the county and his whereabouts is known, the county department may arrange for the personal contacts and interviews with the absent parent to be conducted by the county department of the county where the parent is located. The department shall provide by regulation for a plan of cooperation between the respective counties, and it shall be the duty of each county upon receiving a request from another county to cooperate and assist promptly in contacting, interviewing, and obtaining support agreements where appropriate from absent parents located within its boundaries.

Anything in this section to the contrary notwithstanding, it shall be the duty of the county department to refer to the district attorney immediately any case in which one or more of the following factors appear:

1. The absent parent refuses to be interviewed, to provide necessary information, or to discuss his parental responsibilities.
2. The absent parent refuses to make a contribution in accordance with his financial ability.
3. There is reason to believe that the parent may flee or hide if contacted by the county department.
4. The absent parent's previous history indicates that although he is capable of a support contribution, efforts by the county department to obtain support would be fruitless.
5. Legal action is necessary to establish paternity.

6. The absent parent has entered into an agreement with the county department to support his child and has defaulted upon that agreement without showing good cause for such default.

7. The district attorney has requested that all cases involving parents absent from the home be referred to him immediately upon receipt of the application for assistance.

The county department shall cooperate with the district attorney and shall report to him all information contained in the case record which concerns the question of nonsupport and the suitability of prosecution as a method of obtaining support for the child in each case.

Upon referral, the district attorney shall immediately investigate the question of nonsupport and shall take all steps necessary to obtain support for the needy child. However, upon the advice of the county department that a child is being considered for adoption, the district attorney shall delay his investigation and other actions with respect to the case until advised that the adoption is no longer under consideration.

The granting of aid to the applicant shall not be delayed or contingent upon investigation by the district attorney.

In every case which has not been referred to the district attorney, it shall be the duty of the county department to contact the absent parent and to carry out the provisions of this section at the earliest possible date, and to refer the case to the district attorney at once in the event of a refusal to cooperate or an unexplained default as provided above. Upon referral, it shall be the duty of the district attorney to take all appropriate action, civil and criminal, to promptly and effectively enforce the obligation of parents to support their children.

SEC. 31. Section 11487 of the Welfare and Institutions Code is amended to read:

11487. Except as provided in Section 11457, whenever any aid under this chapter is repaid to a county or recovered by a county pursuant to Section 11350, the state shall be entitled to a share of the amount received or recovered, proportionate to the amount of state funds paid, and, if funds advanced by the federal government were paid, the federal government shall be entitled to a share of the amount received or recovered, proportionate to the amount of federal funds paid.

Repayments to the state and to the federal government made pursuant to this section shall be computed after deducting the costs reasonably and necessarily incurred by the district attorney's office in locating and recovering from the parents of the children receiving aid under this chapter. The county shall establish a recordkeeping system, in accordance with standards prescribed by the department, to support the deductions provided for in this section.

The second paragraph of this section shall take effect if and when amendments to the federal statutes or rules and regulations of the United States Department of Health, Education,

and Welfare take effect permitting the use of federal funds to reimburse local law enforcement agencies for the costs incurred by them in enforcing the support liability of parents of children receiving aid under this chapter.

SEC. 31.5. Section 11489 is added to the Welfare and Institutions Code, to read:

11489. After judgment in any court action brought to enforce the support obligation of an absent parent pursuant to the provisions of this chapter, a writ of execution may be issued against one-half of the earnings of the absent parent due or owing for his personal services and no claim for exemption shall be effective against the enforcement of such writ of execution.

SEC. 32.5. Section 12050 of the Welfare and Institutions Code is amended to read:

12050. Aid shall be granted under this chapter to any person who comes within all of the following descriptions:

(a) Who has attained the age of 65 years; provided, that if, when and during such time as the federal government shall provide or make available to this state grants-in-aid to persons who have attained the age of 60 years, the age contained in this subdivision shall be reduced to 60 years and persons who have attained the age of 60 years and who come within all of the descriptions hereinafter contained shall be eligible for aid under this chapter;

(b) Who is not cared for under a contract for a period of time exceeding one month; provided, however, that during such times as the federal statutes or rules and regulations provide for federal sharing, all persons cared for under such a contract may be granted assistance for their personal and incidental expenses not to exceed ten dollars (\$10) per month if the contract does not specifically provide for this need; provided further, that during such time as the additional federal funds made available for that purpose by federal legislation enacted in 1952 remain available, all persons cared for under a contract mentioned in the last preceding clause of this subdivision may be granted assistance for their personal and incidental expenses not to exceed fifteen dollars (\$15) per month in lieu of the ten-dollar (\$10) grant authorized by the last preceding clause, if the contract does not specifically provide for this need.

(c) Who is not receiving adequate support from a husband or wife, or child able and responsible under the laws of this state to furnish such support; free board and lodging supplied to an applicant, because of his necessity, by a friend or relative who is not responsible for his support, shall not be grounds for refusing aid;

(d) Who has not made any voluntary assignment or transfer of property for the purpose of qualifying for such aid.

(e) Who is not a patient in a public institution for tuberculosis or mental disease, except to the extent permitted by federal law.

(f) Who is not a patient in a public medical institution as the result of a diagnosis as having tuberculosis or psychosis, except to the extent permitted by federal law.

(g) Who is not an inmate of a public institution of a custodial (nonmedical), penal or correctional character.

(h) Who is not an inmate in a federal medical institution.

SEC. 32 9. Section 12052 of the Welfare and Institutions Code is repealed.

SEC. 33. Section 12101 of the Welfare and Institutions Code is amended to read:

12101 The ability of an adult child to contribute to the support of a parent shall be determined in accordance with this section.

The director may establish a relatives' contribution scale setting forth the amount an adult child shall be required to contribute toward the support of a parent in receipt of aid under this chapter provided that the schedule established shall not exceed the amounts in the schedule specified in this section. Regulations of the department shall prescribe the criteria, methods of investigation and test check procedures relating to the determination of the maximum amount any adult child may be held liable to contribute toward the support of a parent to the end that the required contribution does not impose an undue hardship upon the adult child and administrative time and effort are not expended on nonproductive investigative activities.

For purposes of this chapter, income of an adult child is defined as the sum of the income constituting the separate property of the adult child, the income (excluding earnings) which is community property subject to the direction and control of the adult child, and the earnings of the adult child but not of his or her spouse.

In computing net income, a flat 25-percent allowance shall be permitted for the cost of personal income taxes, disability insurance taxes and social security taxes, expenses necessary to produce the income, including the cost of transportation to and from work, meals eaten at work, and union dues, and the cost of tools, equipment and uniforms.

A responsible relative who is self-employed shall also be allowed to deduct the expenses necessary for obtaining the income.

The department, in establishing criteria and regulations for the administration of this section, shall provide for consideration of contributions made in kind.

The maximum required monthly contribution of responsible relatives in one family where the net monthly income is over one thousand one hundred fifty dollars (\$1,150) shall be the amount computed by entering the column of maximum required monthly contribution appropriate to number of persons dependent upon income as shown in the relatives' contribution scale for a net monthly income of one thousand one hundred twenty-six dollars (\$1,126) to one thousand one hundred fifty dollars (\$1,150) and then adding to the required monthly contribution thus ascertained an additional sum of five dollars (\$5) contribution for each and every bracket of twenty-five

dollars (\$25) net income over and above one thousand one hundred fifty dollars (\$1,150), the same as if the relatives' contribution scale were extended by brackets of twenty-five dollars (\$25) net income in column A with corresponding step-by-step increases of five dollars (\$5) monthly contribution in each column under B and C.

Notwithstanding any other provision of this code to the contrary, the provisions of this section and the regulations of the department adopted pursuant thereto shall be the basis for determining the extent of liability of an adult child to contribute to the support of, or defray the cost of any medical care or hospital care and other services rendered to a recipient pursuant to any provision of this code if he is a recipient of aid under this chapter at the time such medical care or hospital care or other services are rendered.

SEC. 34. Section 12101.1 is added to the Welfare and Institutions Code, to read:

12101.1. Relatives' contributions under Section 12101 shall be paid to the county department and be treated by the county as recoveries on aid granted.

SEC. 34.1. Section 12107 is added to the Welfare and Institutions Code, to read:

12107. This article shall be operative at the discretion of the director.

SEC. 34.2. Section 12657 of the Welfare and Institutions Code is repealed.

SEC. 38. Section 13550 of the Welfare and Institutions Code is amended to read:

13550. Aid shall be granted under this chapter to any newly disabled person who comes within all of the following descriptions:

- (a) Who has attained the age of 18 years.
- (b) Who has not made any voluntary assignment or transfer of property for the purpose of qualifying for aid.
- (c) Who is not at the time of receiving such aid, a patient in an institution for tuberculosis or mental disease, or a patient in a medical institution as the result of a diagnosis of tuberculosis or psychosis except to the extent permitted by federal law, an inmate of a public institution of a custodial (non-medical), penal, or correctional character, or an inmate in a federal medical institution. The people of the State of California do enact as follows:

SECTION 1. Section 1032b of the Code of Civil Procedure is amended to read:

1032b. When a summons or a subpoena is served by a person other than a public officer or employee, the court in which

the action is pending shall allow as a recoverable cost such sum as it deems proper for such service, but not exceeding the amount allowed to a public officer or employee in this state for such service

CHAPTER 586

An act to add Section 20527.9 to the Water Code, relating to water districts.

[Approved by Governor August 13, 1971 Filed with
Secretary of State August 13, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 20527.9 is added to the Water Code, to read:

20527.9. Notwithstanding Section 20527, or any other provision of law, in the Provident Irrigation District in Glenn and Colusa Counties every owner of real property within the district, but no others, may vote at elections for directors or otherwise. Such owners need not be residents of the district in order to qualify as voters. The last equalized county assessment role is conclusive evidence of ownership of the real property so owned. Where land is owned in joint tenancy, tenancy in common, or any other multiple ownership, the owners of such land shall designate in writing which one of the owners shall be deemed the owner of such land for purposes of qualifying as a voter.

The legal representative of a corporation or estate owning real property may vote on behalf of such corporation or estate. As used in this section, legal representative means an official of a corporation owning real property or a guardian, executor, or administrator of the estate of the holder of title to real property who:

- (a) Is appointed under the laws of this state.
- (b) Is entitled to the possession of the estate's real property.
- (c) Is authorized by the appointing court to exercise the particular right, privilege, or immunity which he seeks to exercise. Before a legal representative votes at a district election, he shall present to the precinct board a certified copy of his authority which shall be kept and filed with the returns of the election.

Every voter, or his legal representative, may vote at any district election either in person or by a person duly appointed as his proxy, but shall be entitled to cast only one vote. The appointment of a proxy shall be as provided in Section 35005.

Notwithstanding Section 21100 or any other provision of law, any voter as defined in this section is eligible to be a member of the Board of Directors of the Provident Irrigation District.

SEC. 2. The provisions of this act are necessary because a substantial portion of the land in the Provident Irrigation District is owned by persons not resident within the district and the owners, and not the resident nonowners, are primarily concerned with the affairs and support of the district. This problem is not common to all districts formed under the Irrigation District Law. It is therefore hereby declared that a general law cannot be made applicable and that the enactment of this section as a special law is necessary for the solution of problems existing in the Provident Irrigation District.

CHAPTER 587

An act to amend Section 54957 of the Government Code, relating to meetings of local agencies.

54957. Nothing contained in this chapter shall be construed to prevent the legislative body of a local agency from holding executive sessions with the Attorney General, district attorney, sheriff, or chief of police, or their respective deputies, on matters posing a threat to the security of public buildings or a threat to the public's right of access to public services or public facilities, or from holding executive sessions during a regular or special meeting to consider the appointment, employment or dismissal of a public officer or employee or to hear complaints or charges brought against such officer or employee by another public officer, person or employee unless such officer or employee requests a public hearing. The legislative body also may exclude from any such public or private meeting, during the examination of a witness, any or all other witnesses in the matter being investigated by the legislative body.

Nothing in this chapter shall be construed to prevent any board, commission, committee, or other body organized and operated by any private organization as defined in Section 54952 from holding executive sessions to consider (a) matters affecting the national security, or (b) the appointment, employment or dismissal of an officer or employee or to hear complaints or charges brought against such officer or employee by another officer, person, or employee unless such officer or employee requests a public hearing. CHAPTER 593

An act to amend Sections 51 and 52 of the Antelope Valley-East Kern Water Agency Law (Chapter 2146 of the Statutes of 1959), relating to the Antelope Valley-East Kern Water Agency.

[Approved by Governor August 13, 1971 Filed with
Secretary of State August 13, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 51 of the Antelope Valley-East Kern Water Agency Law (Chapter 2146 of the Statutes of 1959) is amended to read:

Sec. 51. The board of directors of the Antelope Valley-East Kern Water Agency organized under this act shall consist of seven members, and only one director shall be a resident of a division of the agency. The Governor shall appoint the first board of directors for each of the seven divisions of such agency, which divisions shall be numbered first, second, third, fourth and fifth, sixth and seventh, and shall be established by the Director of the State Department of Water Resources according to and based upon the population as to equalize, as nearly as practicable, the population in the respective divisions, or reestablished as provided in Section 93 of this act.

All successors of the first board shall be elected or chosen at the time and in the manner hereinafter provided. Each director shall hold office for the term of four years from and after the date for his taking of office, as herein provided, and until the election and qualification of his successor, except that the seven members of the first board of directors shall classify themselves by lot so that three of them shall hold office until the qualification of, and taking office by, their successors elected at an election held in the next succeeding even-numbered year, and so that four shall hold office until the qualification of, and taking office by, their successors elected at an election held in the second succeeding even-numbered year.

The elections of directors shall be held at the time of the general election and shall be consolidated therewith. Candidates shall declare their candidacy no less than 88 and no more than 113 days before the general election. Each candidate for director who at such election receives the highest number of votes cast for candidates for the office for which he seeks election shall be elected to such office.

If a tie vote makes it impossible to determine which of two or more candidates has been elected, the governing body shall forthwith notify the candidates who have received the tie votes to appear before it either personally or by a representative at a time and place designated by the governing body. The governing body shall at that time and place determine the tie by lot and the results thereof shall be declared by the governing body. The candidate so chosen shall qualify, take

office and serve as though elected at the preceding general district election. Directors elected hereunder, except for the first board of directors, shall take office at the time provided by the Government Code for county officers. Such election held at the same time of the general election and consolidated therewith shall be known as the general Antelope Valley-East Kern Water Agency election. Each other election held by authority of this act or any other law shall be known as a special Antelope Valley-East Kern Water Agency election.

SEC 2. Section 52 of the Antelope Valley-East Kern Water Agency Law (Chapter 2146 of the Statutes of 1959) is amended to read:

Sec. 52. No later than 113 days before the general election the registrar of voters shall publish a notice designating the name and date of the election and the office or offices for which candidates are to be nominated. No later than 70 days before the general election the registrar of voters shall publish a notice giving the names and addresses of all candidates in the general Antelope Valley-East Kern Water Agency election, the date of the election and the hours that the polls will be open.

If, on the 80th day prior to the day fixed for the agency general election, only one person has been nominated for each office of member of the board of directors to be filled at that election, or if no person has been nominated for any one or more of said offices, said board of directors shall by resolution entered in their minutes order that an election shall not be held, and shall immediately request that the board of supervisors of the county in which the division or a greater portion thereof is situated, at a regular or special meeting held prior to the day of election, appoint, and the board of supervisors shall thereupon appoint, to the office or offices the person or persons who have been nominated, or if no person or persons have been nominated, any qualified person or persons. The person appointed shall qualify, take office, serve, and be subject to recall exactly as if elected at an agency general election.

In such case, the second publication provided for in in this section shall, instead of calling an election, state that no election is to be held but that the board of supervisors will either appoint those nominated for the positions of directors or appoint a qualified person or persons to the office or offices for which no one has been nominated as the circumstances may warrant. All notices required by this section shall be published in a newspaper of general circulation published in the agency or, if no such newspaper is published in the agency, in a newspaper having general circulation in the agency.

SECTION 1. Section 32203 of the Health and Safety Code is amended to read:

32203. The tax, exclusive of the levy for the payment of the principal and interest of bonds and any special assessment voted hereunder, and exclusive of the levy for the payment of rentals and all other sums due or payable under any agreement for the construction and leasing or purchasing of any hospital buildings or facilities entered into by the district pursuant to Section 32135 prior to January 1, 1959, shall in no case exceed the rate of twenty cents (\$0.20) on each one hundred dollars (\$100) of the assessed valuation of all taxable property within the district, but it may be in addition to all other taxes allowed by law to be levied upon such property.

Notwithstanding any other provision of law, if the board of directors of the district determines that the tax limit specified in this section is insufficient to raise enough revenue to maintain the district, the board may call an election pursuant to Section 32241 for the purpose of determining whether a higher maximum tax rate specified by the board in its resolution calling the election shall be established for a period not to exceed five years. If a majority of the voters voting at such election approve the increased tax limit, the board of supervisors shall thereupon levy upon the taxable property of the district within its own county a tax sufficient to maintain the district as provided in this chapter but not to exceed the maximum tax rate approved at the election for the period approved by the voters.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to raise sufficient revenues to support some hospital districts during the 1971-72 fiscal year, it is necessary that this act take immediate effect.

CHAPTER 595

An act to amend Section 2982 of the Civil Code, relating to motor vehicle conditional sale contracts.

[Approved by Governor August 13, 1971 Filed with
Secretary of State August 13, 1971]

The people of the State of California do enact as follows:

SECTION 1 Section 2982 of the Civil Code is amended to read :

2982. (a) Every conditional sale contract for the sale of a motor vehicle, with or without accessories, shall be in writing and, if printed, shall be printed in type no smaller than six point, and shall contain in a single document all of the agreements of the buyer and seller with respect to the total cost and the terms of payment for the motor vehicle, including any promissory notes or any other evidences of indebtedness. The conditional sale contract or a purchase order shall be signed by the buyer or his authorized representative and by the seller or its authorized representative, and an exact copy thereof shall be furnished the buyer by the seller at the time the buyer and the seller have signed the contract or purchase order. No motor vehicle shall be delivered under this chapter until the seller delivers to the buyer a fully executed copy of the conditional sale contract or purchase order and any vehicle purchase proposal and any credit statement which the seller has required or requested the buyer to sign, and which he has signed, during the contract negotiations. The seller shall not obtain the signature of the buyer to a contract when it contains blank spaces to be filled in after it has been signed. Every conditional sale contract shall contain, although not necessarily in the sequence or order set forth below, the following separate items:

1. The cash price of the motor vehicle described in the conditional sale contract.

2. The amount of the buyer's downpayment, and whether made in cash or represented by the net agreed value of described property traded in, or both together with a statement of the respective amounts credited for cash and for such property.

3. The unpaid balance of cash price, which is the difference between items 1 and 2.

4. The cost to the buyer of any insurance, the premium for which is included in the contract balance. Any such cost for credit life or disability insurance may be included in the finance charge if the amount thereof is separately stated on the face of the contract.

5. The amounts, if any, paid or to be paid to any public officer in connection with the transaction and for license, certificate of title, and registration fees imposed by law.

6. The amount of the unpaid balance, which is the sum of items 3, 4, and 5.

7. The amount of the finance charge.

8. The total of payments, which is the sum of items 6 and 7, payable by the buyer to the seller, the number of installments required, the amount of each installment, and the date for payment of the installments.

9. The names and addresses of all persons to whom the notice required under Section 2983.2 and permitted under Sections 2983.5 and 2984 of this code is to be sent.

10. A notice, in at least eight-point bold type if the contract is printed, reading as follows: "Notice to the buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) Under the law, you have the right to pay off in advance the full amount due and under certain conditions to obtain a partial refund of the finance charge. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(b) If any charge for insurance (other than for credit life or disability) is included in the contract balance and disbursement of any part thereof be made more than one year after the date of the conditional sale contract, any finance charge on the amount to be disbursed after one year shall be computed from the month the disbursement is to be made to the due date of the last installment under the conditional sale contract.

(c) The amount of the finance charge in any conditional sale contract for the sale of a motor vehicle, with or without accessories, shall not exceed 1 percent of the unpaid balance multiplied by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment, or twenty-five dollars (\$25), whichever is greater. The contract may provide for a delinquency charge or charges on any installment in default for a period of not less than 10 days in an amount not to exceed in the aggregate 5 percent of the installment, which amount may be collected only once on any installment regardless of the period during which it remains in default. The contract may provide for reasonable collection costs and fees in the event of delinquency.

(d) Any provision in any conditional sale contract for the sale of a motor vehicle to the contrary notwithstanding, the buyer shall have the privilege of paying at any time in full the indebtedness evidenced by the contract. Whenever an indebtedness is liquidated prior to maturity by prepayment or refinancing, or upon surrender or repossession and resale of the motor vehicle, the holder shall thereupon refund to the buyer the unearned portion of the finance charge. The refund

may be made in cash or credited to the amount due on the obligation of the buyer. The amount of the refund shall represent at least as great a proportion of the finance charge as the sum of the periodic time balances payable more than 15 days after the date of prepayment (or other event entitling the buyer to the refund) bears to the sum of all of the periodic time balances under the schedule of installments in the contract. The provisions of this subdivision shall not impair the right of the seller or his assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (c) of this section. Where the amount of such refund is less than one dollar (\$1), no refund need be made. Where the finance charge, after computing the refund, amounts to less than twenty-five dollars (\$25), there may be retained an amount equal to twenty-five dollars (\$25).

(e) Notwithstanding any other provision of this chapter to the contrary, in the event any required downpayment on which no finance charge is imposed is to be made by the buyer to the seller on a conditional sale contract after the date of such contract but prior to the date of the second payment otherwise scheduled, the amount of such payment may be shown in such contract as a deferred portion of the cash downpayment or as a deduction from the amount of the unpaid balance, and shall be included in the total of payments.

(f) Notwithstanding any other provision of this chapter to the contrary, in any instance in which vendor's single interest insurance is to be written in connection with a conditional sale contract, a conditional sale contract complying with the applicable disclosure requirements of Regulation Z, as in effect on the date of such contract, shall be deemed to comply with the requirements of paragraphs 1 to 8, inclusive, of subdivision (a), irrespective of any difference between the provisions of that regulation and this chapter with respect to any information to be disclosed, the terminology, form or content of such disclosures, the amounts to be included in or manner of determining the unpaid balance, the finance charge or any other item of information to be disclosed, or otherwise. This subdivision shall have no application to the determination of the amount of the unpaid balance, the finance charge, or any other amount for the purpose of computing the maximum permissible finance charge or the refund of any unearned portion of the finance charge under subdivisions (c) and (d), respectively, or for the purpose of computing any penalty under Section 2983.1.

(g) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be set forth in terminology required or permitted under Regulation Z, as in effect at the time such disclosure is made. Nothing contained in this chapter shall be deemed to prohibit the disclosure in such contract of additional information required or permitted under Regulation Z, as in effect at the time such disclosure is made.

CHAPTER 596

An act to amend Section 13273.5 of the Education Code, relating to bilingual teachers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 13, 1971 Filed with
Secretary of State August 13, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 13273.5 of the Education Code is amended to read:

13273.5 The governing board of a school district may, for the purposes of providing bilingual instruction and foreign language instruction in the schools of the district, subject to the rules and regulations of the State Board of Education and notwithstanding anything to the contrary in Article 2 (commencing with Section 1940) of Chapter 2 of Part 7 of Division 2 of the Labor Code, conclude arrangements with the proper authorities of any foreign country, or of any state, territory, or possession of the United States, for the hiring of bilingual teachers employed in public or private schools of any foreign country, state, territory, or possession. To be eligible for employment the teacher must speak English fluently. Any person so employed pursuant to this section shall be known as a "sojourn certificated employee."

No person may be hired as a sojourn certificated employee by a school district unless he holds the necessary valid credential or credentials issued by the Commission for Teacher Preparation and Licensing authorizing him to serve in a position requiring certification qualifications in the school district proposing to employ him. Such person may be employed only for a period not to exceed two years, except that thereafter such period of employment may be extended from year to year for a total period of not more than five years upon verification by the employing district that termination of such employment would adversely affect an existing bilingual or foreign language program and that attempts to secure the employment of a certificated California teacher qualified to fill such position have been unsuccessful. The commission shall establish minimum standards for the credentials for sojourn certificated employees.

SEC 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that school districts having an immediate need to employ bilingual teachers, and which have been unsuccessful in attempts to employ qualified California teachers, may take

appropriate steps to fill such positions for the 1971-1972 school year, it is necessary that this act, authorizing the extension of the employment of bilingual teachers presently employed by the districts, take immediate effect.

CHAPTER 597

An act to amend Section 5558 of the Business and Professions Code, relating to building designers.

[Approved by Governor August 13, 1971 Filed with
Secretary of State August 13, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 5558 of the Business and Professions Code is amended to read:

5558. (a) Any person who has practiced as a building designer in this state for a period of three years or more prior to September 20, 1963 may apply to the Designers' Qualifications Advisory Committee for certification to the board for registration as a building designer as provided in this section.

(b) Such person shall have the following qualifications:

(1) He shall be a resident of this state, at least 24 years of age and shall be of good character.

(2) He shall have been engaged in the actual practice of building design, as defined in this chapter, as a principal activity, for not less than five years immediately prior to September 20, 1963. The following experience and education shall be considered as five years in the actual practice of building design:

(i) Three years as a principal in independent practice in California as a building designer plus two years' employment with an architect or building designer; or

(ii) Five years of independent practice as a building designer, not less than three years of which have been in this state; or

(iii) Three years of independent practice as a building designer in this state plus two years of educational experience acceptable to the committee; or

(iv) Comparable experience which in the opinion of the committee shall be deemed equivalent to five years in the practice of building design.

(c) Such person shall furnish evidence of qualification as required in subdivision (b) of this section, consisting of not less than the following:

(1) Copies of two or more separate agreements, properly executed between the applicant and the owner or owners of two or more buildings, or affidavits from the owner or owners of such buildings, for which buildings the applicant has furnished the services of planning, design, and supervision of construction, and for which building permits have been issued by

local authorities in accord with local building ordinances. Said agreements or affidavits shall show that the applicant has been employed, engaged, or commissioned to perform, and has been compensated for, such building design services.

(2) Photographs of the buildings described in paragraph (1) of subdivision (c) of this section, and prints of drawings and copies of specifications prepared by the applicant in accordance with the terms of agreement or employment.

(d) He shall pay the application fee provided by this chapter.

(e) Any person who satisfies the Designers' Qualifications Advisory Committee by evidence submitted to the committee of his compliance with subdivisions (b) and (c) of this section shall be certified by the committee to the board for registration as a building designer and the board shall register such person as a building designer upon the payment of the registration fee provided by this chapter.

(f) In the event the Designers' Qualifications Advisory Committee refuses to certify to the board any applicant for registration as a building designer, the applicant may appeal to the board within six months for review of the committee's decision.

(g) If the committee finds that an applicant has had eight years or more of practice as a principal in the field of building design and has demonstrated his competence in architecture, the committee may recommend to the board that the applicant is qualified to practice architecture in this state and recommend that portions of the examination for a certificate to practice architecture be waived by the board. Upon such recommendation by the committee, the board may require that further evidence shall be submitted to it as needed to demonstrate a standard of competency similar to that required of any applicant for certification. The board shall determine whether the applicant shall take and satisfactorily pass any portion of the examination for a certificate to practice architecture. All applicants shall be examined in structural design. In the event the committee refuses to issue the recommendation provided by this subdivision, the applicant may appeal to the board within six months for review of the decision of the committee.

(h) All applications for registration as a building designer shall be filed within 180 days of September 20, 1963, provided that the committee and board may act after the expiration of such 180 days on applications filed with the committee on or before such date. No registration to practice building design shall be filed unless the application therefor has been filed with the committee within 180 days after September 20, 1963, except as follows:

The Designers Qualifications Advisory Committee shall consider and act on applications for registration as building designer of persons who comply with all of the following conditions: (i) that there is filed with the board or committee a writ-

ten request for consideration of an applicant for registration as a building designer prior to June 1, 1965; (ii) the failure to file an application for registration as a building designer within 180 days after September 20, 1963 was caused by circumstances beyond the control of the applicant and through no fault of the applicant; and (iii) the applicant appears to meet the qualifications for building designer as provided by this section. Any person who satisfies the Designers Qualifications Advisory Committee by evidence submitted to the committee of his compliance with all of such conditions and of his compliance with subdivisions (b) and (c) of this section shall be certified by the committee to the board for registration as a building designer as provided by subdivision (e) of this section.

(i) Any registrant to practice building design shall apply to the committee at least once on or before December 31, 1971, but in no event after that date, for recommendation to the board that he be issued a certificate to practice architecture. Upon making such application, he shall furnish such evidence as the board by rule and regulation and the committee shall require to indicate that he is qualified to practice architecture in this state. The committee and the board shall act on such application as provided in subdivision (g) of this section. In the event the committee refuses to recommend that such registrant to practice building design be issued a certificate to practice architecture, such holder may appeal to the board for review of the committee's decision within six months of such refusal.

(j) The existence and authority of the Designers' Qualifications Advisory Committee shall terminate on June 30, 1972, but such termination shall not prevent the board from thereafter considering and determining recommendations of the committee submitted to the board prior to such termination date. Such termination date shall not prevent the board from acting on appeals for review of the committee's decision submitted pursuant to this section.

CHAPTER 598

An act to add Division 14.9 (commencing with Section 34700) to the Vehicle Code, relating to motor vehicle damage.

the department indemnifies, or becomes obligated to indemnify, the veteran purchaser. It may likewise bring an action against any such third party responsible for damage to the contract property. In the latter event, the department may recover in the same suit all payments made on behalf of the veteran purchaser.

If either the veteran purchaser or the department brings an action against such third party, the veteran purchaser or the department, as the case may be, shall forthwith give to the other written notice of the action and of the name of the court in which the action is brought, by personal service or registered mail. Proof of such service shall be filed in such action. If the action is brought by either the veteran purchaser or the department, the other may, at any time before trial on the facts, join as party plaintiff, or shall consolidate the action if brought independently.

The court shall first apply, out of the entire amount of any judgment for any damage recovered by the veteran purchaser, a sufficient amount to reimburse the department for the amount of its expenditures for indemnification. If the department has not joined in the action or has not brought action, or if the action has not been consolidated, the court, on the department's application, shall allow as a first lien against the entire amount of any judgment for any damages recovered by the veteran purchaser, the amount of the department's expenditures for indemnification.

CHAPTER 601

An act to amend Sections 23620, 23805, and 24054 of the Education Code, relating to state colleges.

college, each auxiliary organization, and the office of the Chancellor shall furnish all books, papers, contracts, management charts, and related information necessary for such management audits.

SEC. 2. Section 23805 of the Education Code is amended to read:

All unexpended funds collected by a state college under this section shall be deposited in a local trust account by the chief fiscal officer of the state college. The chief fiscal officer shall be custodian of such accounts and shall provide the necessary accounting records and controls for such funds. The amount of the tuition charge shall be computed as follows:

the governing board of the high school district maintaining the junior high schools or, in the event such board fails to set the rate by the time specified, the computational tax rate set by the county superintendent of schools. The computational tax rate shall be not less than one dollar and fifty cents (\$1.50) nor more than 10 percent more than the weighted average of the total operating tax rates of the elementary districts in the high school district, increased, where applicable, by a rate which will raise the total of the following amounts: (1) the percentage of miscellaneous funds (as defined by Section 17606), specified in Section 17603.5, and 50 percent of funds under the provisions of Public Law 874, 81st Congress, or under any similar provisions of any other act of Congress in 1969-1970, 70 percent in 1970-1971 and 90 percent in 1971-1972 and each year thereafter, utilized for the elementary school district for the fiscal year; and (2) in the case of an elementary school district not eligible for an increase in foundation program pursuant to either Section 17671 or Section 17676, the total of the amount required by Section 17924 to be raised by the district for the fiscal year by application of an excess in general fund tax rate to be eligible for apportionments of supplemental support, provided that such required amount was actually raised by the district. For purposes of such computations, the assessed valuation of the district shall be modified as required by Section 17262. The weighted average of the total operating tax rates, as used in this subdivision, shall be computed by multiplying the total operating tax rate of each elementary district in the high school district by the total average daily attendance of the respective elementary district and dividing the sum of the products so obtained by the sum of the average daily attendance of all the elementary districts.

(b) By multiplying the product derived under subdivision (a) by the ratio which the average daily attendance of pupils of the elementary school district attending grades 7 and 8 of the junior high school during the current fiscal year, bears to the total average daily attendance of the elementary school district, including such pupils in grades 7 and 8, during the current fiscal year. The amount of the warrant shall be credited to the general fund of the high school district.

On or before July 15th following the close of the fiscal year, the governing board of the elementary school district shall draw its warrant in favor of the high school district against

CHAPTER 633

An act to add Article 4.7 (commencing with Section 1125) to Chapter 1, Division 4, Title 1 of the Government Code, relating to public officers and employees.

[Approved by Governor August 19, 1971. Filed with Secretary of State August 19, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Article 4.7 (commencing with Section 1125) is added to Chapter 1, Division 4, Title 1 of the Government Code, to read:

Article 4.7. Incompatible Activities

1125. "Local agency," as used in this article, means a county, city, city and county, political subdivision, district, or municipal corporation.

1126. (a) A local agency officer or employee shall not engage in any employment, activity, or enterprise for compensation which is inconsistent, incompatible, in conflict with, or inimical to his duties as a local agency officer or employee or with the duties, functions or responsibilities of his appointing power or the agency by which he is employed. Such officer or employee shall not perform any work, service or counsel for compensation outside of his local agency employment where any part of his efforts will be subject to approval by any other officer, employee, board or commission of his employing body, unless otherwise approved in the manner prescribed by subdivision (b).

(b) Each appointing power may determine, subject to approval of the local agency, those outside activities which, for

employees under its jurisdiction, are inconsistent with, incompatible to, or in conflict with their duties as local agency officers or employees. An employee's outside employment, activity or enterprise may be prohibited if it: (a) involves the use for private gain or advantage of his local agency time, facilities, equipment and supplies; or the badge, uniform, prestige or influence of his local agency office or employment or, (b) involves receipt or acceptance by the officer or employee of any money or other consideration from anyone other than his local agency for the performance of an act which the officer or employee, if not performing such act, would be required or expected to render in the regular course or hours of his local agency employment or as a part of his duties as a local agency officer or employee or, (c) involves the performance of an act in other than his capacity as a local agency officer or employee which act may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other officer or employee or the agency by which he is employed, or (d) involves such time demands as would render performance of his duties as a local agency officer or employee less efficient.

The local agency may adopt rules governing the application of this section. Such rules shall include provision for notice to employees of the determination of prohibited activities, of disciplinary action to be taken against employees for engaging in prohibited activities, and for appeal by employees from such a determination and from its application to an employee.

1127. It is not the intent of this article to prevent the employment by private business of a public employee, such as a peace officer, fireman, forestry service employee, among other public employees, who is off duty to do work related to and compatible with his regular employment, or past employment, provided the person or persons to be employed have the approval of their agency supervisor and are certified as qualified by the appropriate agency.

11161.5. (a) In any case in which a minor is brought to a physician and surgeon, dentist, resident, intern, chiropractor, or religious practitioner for diagnosis, examination or treatment, or is under his charge or care, or in any case in which a minor is observed by any registered nurse when in the employ of a public health agency, school, or school district and when no physician and surgeon, resident, or intern is present, by any superintendent, any supervisor of child welfare and attendance, or any certificated pupil personnel employee of any public or private school system or any principal of any public or private school, and it appears to the physician and surgeon, dentist, resident, intern, chiropractor, religious practitioner, registered nurse, school superintendent, supervisor of child welfare and attendance, certificated pupil personnel employee, or school principal from observation of the minor that the minor has physical injury or injuries which appear to have been inflicted upon him by other than accidental means by any person, he shall report such fact by telephone and in writing to the local police authority having jurisdiction and to the juvenile probation department. The report shall state, if known, the name of the minor, his whereabouts and the character and extent of the injuries.

Whenever it is brought to the attention of a director of a county welfare department that a minor has physical injury

No physician and surgeon, dentist, resident, intern, chiropractor, religious practitioner, registered nurse or employer, director of a county welfare department, school superintendent, supervisor of child welfare and attendance, certificated pupil personnel employee, or school principal shall incur any civil or criminal liability as a result of making any report authorized by this section.

Copies of all written reports received by the local police authority shall be forwarded to the State Bureau of Criminal Identification and Investigation. If the records of the Bureau of Criminal Identification and Investigation maintained pursuant to Section 11110 reveal any reports of suspected infliction of physical injury upon the same minor or upon any other minor in the same family by other than accidental means, or if the records reveal any arrest or conviction in other localities for a violation of Section 273a inflicted upon the same minor or any other minor in the same family, or if the records reveal any other pertinent information with respect to the same minor or any other minor in the same family, the local reporting agency and the local juvenile probation department shall be immediately notified of the fact.

Reports and other pertinent information received from the bureau shall be made available to: any licensed physician and surgeon, dentist, resident, intern, chiropractor, or religious practitioner with regard to his patient or client; any director of a county welfare department, school superintendent, supervisor of child welfare and attendance, certificated pupil personnel employee, or school principal having a direct interest in the welfare of the minor; and any probation department, juvenile probation department, or agency offering child protective services.

(b) If the minor is a person specified in Section 600 of the Welfare and Institutions Code and the duty of the probation officer has been transferred to the county welfare department pursuant to Section 576.5 of the Welfare and Institutions Code, then the report required by subdivision (a) of this section shall also be made to the county welfare department.

The people of the State of California do enact as follows:

SECTION 1. Section 806 of the Penal Code is amended to read:

806. (a) A proceeding for the examination before a magistrate of a person on a charge of an offense originally triable in a superior court must be commenced by written complaint under oath subscribed by the complainant and filed with the magistrate. Such complaint may be verified on information and belief. When the complaint is used as a pleading to which the defendant pleads guilty under Section 859a of this code, the complaint shall contain the same allegations, including the charge of prior conviction or convictions of crime, as are required for indictments and informations and, wherever applicable, shall be construed and shall have substantially the same effect as provided in this code for indictments and informations.

(b) In the case of a complaint charging a public offense punishable as a felony, the complaint shall be supported by an affidavit or declaration by the complaining party. Such affidavit may be made on information and belief, and shall contain a statement of the testimony of each witness necessary to establish probable cause that the alleged offense was committed and that the person charged is guilty of such offense. The affidavit in such a case shall also contain the name and address of each such witness, except that if the witness is a peace officer it shall state his name and either his business or residence address.

SEC. 2. Section 869 of the Penal Code is repealed.

SEC. 3. Section 869 of the Penal Code is amended to read:

869 The testimony of each witness in cases of homicide must be reduced to writing, as a deposition, by the magistrate, or under his direction, and in other cases upon the demand of the prosecuting attorney, or the defendant, or his counsel. The magistrate before whom the examination is had may, in his discretion, order the testimony and proceedings to be taken down in shorthand in all examinations herein mentioned, and for that purpose he may appoint a shorthand reporter. The deposition or testimony of the witness must be authenticated in the following form:

First—It must state the name of the witness, his place of residence, and his business or profession; except that if the witness is a peace officer, it shall state his name, and the address given in his testimony at the hearing.

Second—It must contain the questions put to the witness and his answers thereto, each answer being distinctly read to him as it is taken down, and being corrected or added to until it conforms to what he declares is the truth, except in cases where the testimony is taken down in shorthand, the answer or answers of the witness need not be read to him.

Third—If a question put be objected to on either side and overruled, or the witness declines answering it, that fact, with

the ground on which the question was overruled or the answer declined, must be stated.

Fourth—The deposition must be signed by the witness, or if he refuses to sign it, his reason for refusing must be stated in writing, as he gives it, except in cases where the deposition is taken down in shorthand, it need not be signed by the witness.

Fifth—The reporter shall, within 10 days after the close of such examination, if the defendant be held to answer the charge, transcribe his shorthand notes, making an original and one copy and as many additional copies thereof as there are defendants (other than fictitious defendants), regardless of the number of charges or fictitious defendants included in the same examination, and certify and deliver the original and all copies to the county clerk of the county in which the defendant was examined. One copy of the transcript shall be furnished by the reporter without charge to the county. The reporter shall, before receiving any compensation as such reporter, file with the auditor of the county his affidavit setting forth that said transcript has been delivered to the county clerk within the time herein provided for. The compensation of the reporter for any services rendered by him as such reporter in any court of this state shall be reduced one-half if the provisions of this section as to the time of filing said transcript have not been complied with by him.

Sixth—In every case in which a transcript is delivered as provided in this section, the county clerk shall file the original of said transcript with the papers in the case, and shall deliver a copy of said transcript to the district attorney immediately upon his receipt thereof and shall deliver a copy of said transcript to each defendant (other than a fictitious defendant) at least five days before trial or upon earlier demand by him without cost to him; provided, however, that if any defendant be held to answer to two or more charges upon the same examination and thereafter the district attorney shall file separate informations upon said several charges, the delivery to each such defendant of one copy of the transcript of said examination shall be a compliance with this section as to all of said informations.

Seventh—If said transcript is delivered by the reporter within the time hereinbefore provided for, the reporter shall be entitled to receive the compensation fixed and allowed by law to reporters in the superior courts of this state.

SEC. 4. Section 1328.5 is added to the Penal Code, to read:

1328.5. Whenever any peace officer is a witness before any court or magistrate in any criminal action or proceeding in connection with a matter regarding an event or transaction which he has perceived or investigated in the course of his duties, where his testimony would become a matter of public record, and where he is required to state the place of his residence, he need not state the place of his residence, but in lieu thereof, he may state his business address.

SEC. 5. It is the intent of the Legislature, if this bill and Senate Bill No. 1131 are both chaptered and amend Section 806 of the Penal Code, and this bill is chaptered after Senate Bill No. 1131, that the amendments to Section 806 proposed by both bills be given effect and incorporated in Section 806 in the form set forth in Section 1 of this act. Therefore Section 1 of this act shall become operative only if this bill and Senate Bill No. 1131 are both chaptered, both amend Section 806, and Senate Bill No. 1131 is chaptered before this bill.

SEC. 6. It is the intent of the Legislature, if this bill and Senate Bill No. 1131 are both chaptered and repeal Section 869 of the Penal Code, and this bill is chaptered after Senate Bill No. 1131, that the repeal of Section 869 proposed by both bills be given effect as set forth in Section 2 of this act. (a) Any security (including a revenue obligation) issued or guaranteed by the United States, any state, any city, county, city and county, public district, public authority, public corporation, public entity, or political subdivision of a state or any agency or corporate or other instrumentality of any one or more of the foregoing; or any certificate of deposit for any of the foregoing.

(b) Any security issued or guaranteed by the Dominion of Canada, any Canadian province, any political subdivision or municipality of any such province, or by any other foreign government with which the United States currently maintains diplomatic relations, if the security is recognized as a valid obligation by the issuer or guarantor, or any certificate of deposit for any of the foregoing.

(c) Any security issued or guaranteed by and representing an interest in or a direct obligation of a national bank or a bank or trust company incorporated under the laws of this state, and any security issued by a bank to one or more other banks and representing an interest in an asset of the issuing bank.

(d) Any security issued or guaranteed by a federal savings and loan association or federal land bank or joint land bank or national farm loan association or by any savings and loan association which is subject to the supervision and regulation of the Savings and Loan Commissioner of this state.

(e) Any security (other than an interest in a real estate development), the issuance of which is subject to authorization by the Insurance Commissioner, the Public Utilities Commissioner, or the Real Estate Commissioner of this state.

(f) Any security consisting of any interest in all or portions of a parcel or parcels of real property which are subdivided lands or a subdivision or in a real estate development; provided that the exemption in this subdivision shall not be applicable to any investment contract sold or offered for sale with, or as part of, any such interest, or to any corporation engaged in the business of selling, distributing or supplying water for irrigation purposes or domestic use which is not a public utility.

The fact that amounts received from memberships or dues or both will or may be used to construct or otherwise acquire facilities for use by members of the nonprofit organization does not disqualify the organization for this exemption. This exemption does not apply to the securities of any nonprofit organization if any promoter thereof expects or intends to make a profit directly or indirectly from any business or activity associated with the organization or operation of such nonprofit organization or from remuneration received from such nonprofit organization.

(k) Any agreement, commonly known as a "life income contract," of an issuer (1) organized exclusively for educational, benevolent, fraternal, religious, charitable, social, or reformatory purposes and not for pecuniary profit and (2) which the commissioner designates by rule or order, with a donor in consideration of a donation of property to such issuer and providing for the payment to the donor or persons designated by him of income or specified periodic payments from the donated property or other property for the life of the donor or such other persons.

Fiduciary does not mean any person who has the power to appoint or remove a fiduciary provided that such person cannot exercise any direction or control over the fiduciary in the exercise of its functions. The commissioner may establish rules or regulations exempting any person as a fiduciary whose functions do not involve any significant risk that the moneys or other property of a retirement system will be applied for any purpose other than the exclusive benefit of the participants therein or the beneficiaries of such participants.

(g) "Party in interest" means any administrator, officer, trustee, custodian, counsel or employee of any retirement system, or a person providing services to any such system or an employer any of whose employees are covered by such a system or any person controlling, controlled by, or under common control with, such employer or officer or employee or agent of such employer, or such person, or a relative, partner, or joint venturer of any of the above-described persons.

An act to amend Section 13443 of the Education Code, relating to school certificated employees.

[Approved by Governor August 19, 1971 Filed with
Secretary of State August 19, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 13443 of the Education Code is amended to read:

13443 (a) No later than March 15 and before an employee is given notice by the governing board that his services will not be required for the ensuing year, the governing board and the employee shall be given written notice by the superintendent of the district or his designee, or in the case of a district which has no superintendent by the clerk or secretary of the governing board, that it has been recommended that such notice be given to the employee, and stating the reasons therefor. If a probationary employee has been in the employ of the district for less than 45 days on March 15, the giving of such notice may be deferred until the 45th day of employment and all time periods and deadline dates herein prescribed shall be coextensively extended.

(b) The employee may request a hearing to determine if there is cause for not reemploying him for the ensuing year. A request for a hearing must be in writing and must be delivered to the person who sent the notice pursuant to subdivision (a), on or before a date specified therein, which shall not be less than seven days after the date on which the notice is served upon the employee. If an employee fails to request a hearing on or before the date specified, his failure to do so shall constitute his waiver of his right to a hearing. The notice provided for in subdivision (a) shall advise the employee of the provisions of this subdivision.

(c) In the event a hearing is requested by the employee, the proceeding shall be conducted and a decision made in

accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code and the governing board shall have all the power granted to an agency therein, except that: (1) the respondent shall file his notice of defense, if any, within five days after service upon him of the accusation and he shall be notified of such five-day period for filing in the accusation; (2) the discovery authorized by Section 11507.6 of the Government Code shall be available only if request is made therefor within 15 days after service of the accusation, and the notice required by Section 11505 of the Government Code shall so indicate; and (3) the hearing shall be conducted by a hearing officer who shall prepare a proposed decision, containing findings of fact and a determination as to whether the charges sustained by the evidence are related to the welfare of the schools and the pupils thereof, but the proposed decision shall not contain a determination as to the sufficiency of the cause or a recommendation as to disposition, which sufficiency and disposition shall be determined by the governing board. The proposed decision shall be submitted to the governing board on or before May 7 of the year in which the proceeding is commenced. All expenses of the hearing, including the cost of the hearing officer, shall be paid by the governing board from the district funds. The board may adopt from time to time such rules and procedures not inconsistent with provisions of this section, as may be necessary to effectuate this section.

(d) The governing board's determination not to reemploy a probationary employee for the ensuing school year shall be for cause only. The determination of the governing board as to the sufficiency of the cause pursuant to this section shall be conclusive, but the cause shall relate solely to the welfare of the schools and the pupils thereof and provided that cause shall include termination of services for the reasons specified in Section 13447. The decision made after the hearing shall be effective on May 15 of the year the proceeding is commenced.

(e) Notice to the probationary employee by the governing board that his service will not be required for the ensuing year, shall be given no later than May 15.

(f) If a governing board notifies a probationary employee that his services will not be required for the ensuing year, the board shall, within 10 days after delivery to it of the employee's written request, provide him with a statement of its reasons for not reemploying him for the ensuing school year.

(g) Any notice or request shall be deemed sufficient when it is delivered in person to the employee to whom it is directed, or when it is deposited in the United States registered mail, postage prepaid and addressed to the last known address of the employee.

(h) In the event that the governing board does not give notice provided for in subdivision (e) of this section on or before May 15, the employee shall be deemed reemployed for the ensuing school year.

(i) If after request for hearing pursuant to subdivision (b) any continuance is granted pursuant to Government Code Section 11524, the dates prescribed in subdivisions (c), (d), (e) and (h) which occur on or after the date of granting the continuance shall be extended for a period of time equal to such continuance.

SEC. 2. Section 13443 of the Education Code is amended to read:

13443. (a) No later than March 15 and before an employee is given notice by the governing board that his services will not be required for the ensuing year, the governing board and the employee shall be given written notice by the superintendent of the district or his designee, or in the case of a district which has no superintendent by the clerk or secretary of the governing board, that it has been recommended that such notice be given to the employee, and stating the reasons therefor.

If a probationary employee has been in the employ of the district for less than 45 days on March 15, the giving of such notice may be deferred until the 45th day of employment and all time periods and deadline dates herein prescribed shall be coextensively extended.

Until the employee has requested a hearing as provided in subdivision (b) or has waived his right to a hearing, the notice and the reasons therefor shall be confidential and shall not be divulged by any person, except as may be necessary in the performance of duties; however, the violation of this requirement of confidentiality, in and of itself, shall not in any manner be construed as affecting the validity of any hearing conducted pursuant to this section.

(b) The employee may request a hearing to determine if there is cause for not reemploying him for the ensuing year. A request for a hearing must be in writing and must be delivered to the person who sent the notice pursuant to subdivision (a), on or before a date specified therein, which shall not be less than seven days after the date on which the notice is served upon the employee. If an employee fails to request a hearing on or before the date specified, his failure to do so shall constitute his waiver of his right to a hearing. The notice provided for in subdivision (a) shall advise the employee of the provisions of this subdivision.

(c) In the event a hearing is requested by the employee, the proceeding shall be conducted and a decision made in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code and the governing board shall have all the power granted to an agency therein, except that (1) the respondent shall file his notice of defense, if any, within five days after service upon him of the accusation and he shall be notified of such five-day period for filing in the accusation; (2) the discovery authorized by Section 11507 6 of the Government Code shall be available only if request is made therefor within 15 days after

service of the accusation, and the notice required by Section 11505 of the Government Code shall so indicate; and (3) the hearing shall be conducted by a hearing officer who shall prepare a proposed decision, containing findings of fact and a determination as to whether the charges sustained by the evidence are related to the welfare of the schools and the pupils thereof, but the proposed decision shall not contain a determination as to the sufficiency of the cause or a recommendation as to disposition, which sufficiency and disposition shall be determined by the governing board. The proposed decision shall be submitted to the governing board on or before May 7 of the year in which the proceeding is commenced. All expenses of the hearing, including the cost of the hearing officer, shall be paid by the governing board from the district funds. The board may adopt from time to time such rules and procedures not inconsistent with provisions of this section, as may be necessary to effectuate this section.

(d) The governing board's determination not to reemploy a probationary employee for the ensuing school year shall be for cause only. The determination of the governing board as to the sufficiency of the cause pursuant to this section shall be conclusive, but the cause shall relate solely to the welfare of the schools and the pupils thereof and provided that cause shall include termination of services for the reasons specified in Section 13447. The decision made after the hearing shall be effective on May 15 of the year the proceeding is commenced.

(e) Notice to the probationary employee by the governing board that his service will not be required for the ensuing year, shall be given no later than May 15.

(f) If a governing board notifies a probationary employee that his services will not be required for the ensuing year, the board shall, within 10 days after delivery to it of the employee's written request, provide him with a statement of its reasons for not reemploying him for the ensuing school year.

(g) Any notice or request shall be deemed sufficient when it is delivered in person to the employee to whom it is directed, or when it is deposited in the United States registered mail, postage prepaid and addressed to the last known address of the employee.

(h) In the event that the governing board does not give notice provided for in subdivision (e) of this section on or before May 15, the employee shall be deemed reemployed for the ensuing school year.

(i) If after request for hearing pursuant to subdivision (b) any continuance is granted pursuant to Government Code Section 11524, the dates prescribed in subdivisions (c), (d), (e) and (h) which occur on or after the date of granting the continuance shall be extended for a period of time equal to such continuance.

SEC. 3. It is the intent of the Legislature, if this bill and Senate Bill No. 1316 are both chaptered and amend Section 13443 of the Education Code, and this bill is chaptered after

Senate Bill No. 1316, that the amendments to Section 13443 proposed by both bills be given effect and incorporated in Section 13443 in the form set forth in Section 2 of this act. Therefore, Section 2 of this act shall become operative only if this bill and Senate Bill No. 1316 are both chaptered, both amend Section 13443, and Senate Bill No. 1316 is chaptered before this bill, in which case Section 1 of this act shall not become operative.

CHAPTER 656

*An act to amend Section 1327 of the Education Code,
relating to school board elections.*

[Approved by Governor August 19, 1971. Filed with
Secretary of State August 19, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 1327 of the Education Code is amended to read:

1327. If, immediately following the last time for filing pursuant to Section 1114 of the Education Code, only one person has been nominated for each position of governing board member to be filled at that election or no person has been nominated for any such position, and a petition signed by 25 voters of the district indicating that a write-in campaign will be conducted has not been presented to the county superintendent by the 40th day prior to the election, an election shall not be held

For purposes of this section it shall be deemed that there is only one candidate for each position of governing board member to be filled when there is more than one such position to be filled from a list of candidates for all such positions collectively and the number of candidates does not exceed the number of positions to be filled; to the extent that the number of such positions exceeds the number of candidates therefor, it shall be deemed that no person has been nominated.

The provisions of this section shall apply to elections for membership on the county board of education.

For purposes of this section and Sections 1328, 1329 and 1330 of the Education Code, "nominated" or "nomination" includes becoming a candidate by a declaration of candidacy.

CHAPTER 657

*An act to add Section 6755.2 to the Education Code, relating
to educationally handicapped minors.*

[Approved by Governor August 19, 1971. Filed with
Secretary of State August 19, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 6755.2 is added to the Education Code, to read:

6755.2. Whenever any minor is being evaluated for placement in a program for the educationally handicapped by an admission committee pursuant to Section 6755 or a review and recommendation procedure is being conducted by an admission committee pursuant to Section 6755.1, the parent or guardian of the minor shall have the right to have a physician, optometrist, psychologist, social worker, or teacher, whether certificated or not, represent the minor and present additional material, if any, to assist the admission committee in its determination with respect to the minor.

The representative so selected shall have no decisionmaking power with respect to any determination to be made by the admission committee. The representative so selected may be an employee of the school district.

CHAPTER 658

An act to amend Section 11708 of the Education Code, relating to health services.

[Approved by Governor August 19, 1971. Filed with Secretary of State August 19, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 11708 of the Education Code is amended to read:

11708. No person shall be initially employed by a school district in a certificated or classified position unless the person has submitted to an examination within the past 60 days to determine that he is free of active tuberculosis, by a physician and surgeon licensed under Chapter 5 (commencing at Section 2000) of Division 2 of the Business and Professions Code. This examination shall consist of an X-ray of the lungs, or an approved intradermal tuberculin test, which, if positive, shall be followed by an X-ray of the lungs.

The X-ray film may be taken by a competent and qualified X-ray technician if the X-ray film is subsequently interpreted by a physician and surgeon licensed under Chapter 5 of Division 2 of the Business and Professions Code.

Thereafter all employees shall be required to undergo the foregoing examination at least once each four years or more often if directed by the governing board upon recommendation of the local health officer.

After such examination, each employee shall cause to be on file with the district superintendent of schools a certificate

from the examining physician and surgeon showing the employee was examined and found free from active tuberculosis. The county board of education may require, by rule, that all such certificates be filed in the office of the county superintendent of schools or shall require such files be maintained in the office of the county superintendent of schools if a majority of the governing boards of the districts within such county so petition the county board of education, except that in either case a district or districts with a common board having an average daily attendance of 60,000 or more may elect to maintain the files for its employees in that district. "Certificate" as used herein means a certificate signed by the examining physician and surgeon or a notice from a public health agency or unit of the Tuberculosis Association which indicates freedom from active tuberculosis. The latter, regardless of form, will constitute evidence of compliance with this section. Nothing in this section shall prevent the governing board from establishing a rule requiring a more extensive physical examination than required by this section but such rule shall provide for reimbursement on the same basis as hereinafter required.

This examination is a condition of initial employment and the expense incident thereto shall be borne by the applicant unless otherwise provided by rules of the governing board. However, the board may, if an applicant is accepted for employment, reimburse such person in a like manner hereinafter prescribed for employees.

The governing board of each district shall reimburse the employee for the cost, if any, of this examination. The board may provide for the examination required by this section or may establish a reasonable fee for such examination that is reimbursable to employees of the district complying with the provisions of this section.

At the discretion of the governing board this section shall not apply to those employees not requiring certification qualifications who are employed for any period of time less than a school year whose functions do not require frequent or prolonged contact with pupils.

The governing board may, however, require such examination and may as a contract condition require the examination of persons employed for construction or repair work if the board believes the presence of such persons in and around school premises would constitute a health hazard to pupils.

If the governing board of a school district determines by resolution, after hearing, that the health of pupils in the district would not be jeopardized thereby, the provisions of this section shall not apply to any employee of the district who files an affidavit stating that he adheres to the faith or teachings of any well-recognized religious sect, denomination, or organization and in accordance with its creed, tenets, or principles depends for healing upon prayer in the practice of religion and that to the best of his knowledge and belief he is free from active tuberculosis. If at any time there should be probable

cause to believe that such affiant is afflicted with active tuberculosis, he may be excluded from service until the governing board of the employing district is satisfied that he is not so afflicted.

CHAPTER 659

An act to amend Section 13443 of the Education Code, relating to certificated employees.

(e) Notice to the probationary employee by the governing board that his service will not be required for the ensuing year, shall be given no later than May 15.

CHAPTER 660

An act to add Chapter 7.5 (commencing with Section 13371) to Division 6 of the Public Utilities Code, relating to municipal utility districts.

[Approved by Governor August 19, 1971 Filed with
Secretary of State August 19, 1971]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7.5 (commencing with Section 13371) is added to Division 6 of the Public Utilities Code, to read:

CHAPTER 7.5. SHORT-TERM BORROWING

Article 1. Proceedings for Incurring Short-Term Indebtedness

13371. A district may borrow money and incur indebtedness by the issuance of bonds, notes or other securities as provided in this chapter by a four-fifths vote of its board of directors and without the necessity of calling and holding an election in the district. Such evidences of indebtedness shall constitute general obligations of the district. Such indebtedness may be incurred for the purchase or processing of fuel or fuel assemblies or components thereof for a nuclear electric generating facility, for the reprocessing of used fuel for such a facility, for expenses and charges incurred in connection therewith or incidental thereto, and to reimburse the district for expenditures incurred for any of such purposes. The indebtedness incurred under this chapter shall be evidenced by bonds, notes or other evidences of indebtedness maturing in not to exceed five years from their date, shall bear interest at such rate or rates as may be fixed by the board, and shall be sold at public sale. All other terms and conditions of such evidences of indebtedness shall be fixed by the board. The maximum principal amount of all indebtedness outstanding under this chapter shall not at any one time exceed fifty million dollars (\$50,000,000) in the aggregate.

13372. The district may issue refunding bonds, notes, or other securities for the purpose of paying and redeeming at or before maturity any bonds, notes, or other securities issued under this chapter, provided that such refunding bonds, notes, or other securities shall not be in excess of the limitation of indebtedness authorized under this chapter and shall mature

in not to exceed five years from the date of the original indebtedness. Such refunding bonds, notes, or other securities may in turn be refunded under like terms and conditions, provided that in no event shall such refunding notes mature in excess of five years from the date of the original indebtedness.

13373 Such evidences of indebtedness shall be payable from any sources of available funds, including revenues or taxes. The board is hereby authorized to levy and collect taxes upon all property in the district subject to taxation by the district without limitation of rate or amount for the payment of the evidences of indebtedness and the interest thereon. Such taxes shall be in addition to all other taxes levied for district purposes and shall be levied at the same time and in the same manner as other district taxes are levied and when collected shall be deposited in a special fund and shall be used for no purpose other than the payment of the principal of and interest on such indebtedness.

13374 This chapter shall be applicable only to districts which have owned and operated an electric distribution system for at least eight years and which contain a population of 250,000 or more.

CHAPTER 661

An act to amend Section 11258 of the Education Code, relating to school attendance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 19, 1971. Filed with
Secretary of State August 19, 1971.]

The people of the State of California do enact as follows:

SECTION 1 Section 11258 of the Education Code is amended to read:

11258 (a) Notwithstanding any other provision of law, except subdivision (b) of this section, the average daily attendance of pupils enrolled in summer schools shall be credited to the school district in the fiscal year in which the last day of the summer school falls.

(b) The average daily attendance of pupils enrolled in summer schools during the month of June 1971 shall be appropriately allocated and credited to both the 1970-1971 fiscal year and the 1971-1972 fiscal year for the purposes of determining the total fiscal year average daily attendance for those fiscal years.

SEC 2 Section 11258 of the Education Code, as amended by Section 1 of this act, shall be deemed operative with respect to the computation of average daily attendance in summer schools for the 1970-1971 fiscal year as though it had been enacted into law and became operative on July 1, 1970. The

Superintendent of Public Instruction shall, for such purposes, have authority to take all necessary steps to effect the mid-fiscal-year transition involved, including the authority to adjust State School Fund apportionments, allowances, and disbursements on the basis of the revised computation procedures.

SEC. 3 This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The enactment in 1970 of Chapter 997 revising the method of crediting average daily attendance in summer schools will result in an amount of loss of State School Fund apportionments, allowances, and disbursements to school districts in the 1971-1972 fiscal year which could not have been anticipated. Such loss, in conjunction with the other financial problems of financially overburdened school districts, would cause a substantial reduction in the quality of education in this state. This act provides a reasonable method of effecting the transition between different methods of crediting average daily attendance in summer schools. In order to effectuate such transition and avoid such loss in the 1971-1972 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 662

An act to add Section 874.5 to the Education Code, relating to county boards of education, declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 19, 1971. Filed with
Secretary of State August 19, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 874.5 is added to the Education Code, to read:

874.5. The county board of education may grant to employees whose salaries are paid from the county school service fund any employee benefit which the board of supervisors provides for county employees.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Employees of counties whose boards of supervisors have transferred certain functions and duties to the county boards of education, have, by the operation of that transfer, become employees of the county superintendents of schools and subject to certain control by the county boards of education. The

boards of education, however, do not appear to have similar powers to confer employee benefits upon such employees as are possessed by county boards of supervisors. It was only after such transfers that the question of the lack of such powers in county boards of education arose and such transferred employees apparently became ineligible for certain employee benefits which were being granted to county employees by county boards of supervisors. In order that the authority provided by this act for county boards of education to confer such benefits may be exercised in the current 1970-1971 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 663

An act to repeal Section 261 of the Education Code, relating to the Superintendent of Public Instruction.

[Approved by Governor August 19, 1971 Filed with

The people of the State of California do enact as follows:

SECTION 1 Section 31130 of the Water Code is amended to read:

31130. A district may use any water or land under its control for recreational purposes and in connection therewith may construct, maintain, and operate any works or facilities appropriate or ancillary to such recreational use; provided, that recreational use of water shall be subject to the approval of the public health authority having jurisdiction.

CHAPTER 665

An act to provide health science facilities by the adoption of a construction program therefor, by providing the funds necessary therefor through the issuance and sale of bonds of the State of California, and by providing for the handling and

disposition of said funds, making an appropriation therefor, and providing for the submission of the measure to the people at a special election to be consolidated with the general election of 1972.

[SB 281 having remained with the Governor 10 days (Sundays excepted), and the Legislature being in session, it became law without his signature (See Section 9516, Government Code) Filed with Secretary of State August 19, 1971]

The people of the State of California do enact as follows:

SECTION 1. It is the intention of the Legislature in adopting this act to increase to the maximum extent possible the output of health professionals, the training of new categories of health personnel, the production of new knowledge on the prevention and care of disease, the efficiency of health care delivery systems, and the utilization of available federal funds, and, in so doing, to thereby minimize the cost of meeting the health care needs of the people of California.

SEC. 3 The purpose of this act is to provide the necessary funds to meet the construction, equipment, and site acquisition needs of the state for purposes of providing health science facilities at the University of California.

Bonds in the total amount of two hundred ninety-four million dollars (\$294,000,000), or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in Section 3 of this act, and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Government Code Section 16724.5. Said bonds shall be known and designated as Health Science Facilities Construction Program Bonds and, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest on said bonds as said principal and interest become due and payable.

SEC. 5. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, such sum in addition to the ordinary revenues of the state as shall be required to pay the principal and interest on said bonds maturing in said year, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue to do and perform each and every act which shall be necessary to collect such additional sum.

SEC. 6. There is hereby appropriated from the General Fund in the State Treasury for the purpose of this act, such an amount as will equal the following:

Said section shall contain proposed appropriations only for the program contemplated by this act, and no funds derived from the bonds authorized by this act may be expended pursuant to an appropriation not contained in said section of the Budget Act. The Department of Finance, which is hereby designated as the board for the purposes of this act, shall annually total the Budget Act appropriations referred to in this section and, pursuant to Section 16730 of the Government Code, request the Health Science Facilities Construction Program Committee to cause bonds to be issued and sold in quantities sufficient to carry out the projects for which such appropriations were made.

SEC. 9. For the purposes of carrying out the provisions of this act the Director of Finance may by executive order authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds which have been authorized to be sold for the purpose of carrying out this act. Any amounts withdrawn shall be deposited in the Health Science Facilities Construction Program Fund, and shall be reserved, allocated for expenditure, and expended as specified in Section 7 of this act. Any moneys made available under this section to the board shall be returned by the board to the General Fund from moneys received from the sale of bonds sold for the purpose of carrying out this act, together with interest at the rate of interest fixed in the bonds so sold.

SEC. 10. The bonds authorized by this act shall be prepared, executed, issued, sold, paid and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3, Division 4, Title 2 of the Government Code), and all of the provisions of said law are applicable to said bonds and to this act and are hereby incorporated in this act as though set forth in full herein.

SEC 11. The Health Science Facilities Construction Program Committee is hereby created. SEC 13 A special election is hereby called to be held throughout the state on November 7 1972. The special election shall be consolidated with the general election to be held on that date. The consolidated election shall be held and conducted in all respects as if there were only one election and only one form of ballot shall be used. Except as otherwise provided in this act, all of the provisions of law relating to the submission of measures proposed by the Legislature shall apply to the measure submitted pursuant to this act, and only one form of ballot and ballot pamphlet shall be used. The distribution of ballot pamphlets in all respects shall be conducted in accordance with the provisions of Section 3573 of the Elections Code.

SEC. 14. At the special election called by this act there shall be submitted to the electors Sections 1 to 11 of this act.

If there are no negative votes on the measure in the house in which it originated, the presiding officer of that house shall appoint some qualified person to draft an argument against it. Each argument shall consist of not more than 500 words and shall be submitted to the Secretary of State on or before the fifth day after this section takes effect.

SEC 16. be paid and discharged, and the Governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against the measure then the same shall be and become void.

SEC 19 Upon the effective date of this section the Secretary of State shall request the Legislative Counsel to prepare an analysis of the measure in accordance with Section 3566 of the Elections Code.

(a) If this bill and Senate Bill No. 475 are both chaptered and amend Section 4205 of the Civil Code, but Assembly Bill No. 2887 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Senate Bill No.

475, the amendments proposed by both bills shall be given effect and incorporated in Section 4205 in the form set forth in Section 1.3 of this act. Therefore, if Senate Bill No. 475 is chaptered before this bill and both bills amend Section 4205, and Assembly Bill No. 2887 is not chaptered or as chaptered does not amend that section, Section 1.3 of this act shall be operative and Sections 1, 1.5, and 1.7 of this act shall not become operative.

(b) If this bill and Assembly Bill No. 2887 are both chaptered and amend Section 4205 of the Civil Code, but Senate Bill No. 475 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Assembly Bill No. 2887, the amendments proposed by both bills shall be given effect and incorporated in Section 4205 in the form set forth in Section 1.5 of this act. Therefore, if Assembly Bill No. 2887 is chaptered before this bill and both bills amend Section 4205, and Senate Bill No. 475 is not chaptered or as chaptered does not amend that section, Section 1.5 shall be operative and Sections 1, 1.3, and 1.7 of this act shall not become operative.

(c) If this bill and Senate Bill No. 475 and Assembly Bill No. 2887 are all chaptered, and all three bills amend Section 4205 of the Civil Code, and this bill is chaptered after Senate Bill No. 475 and Assembly Bill No. 2887, the amendments proposed by all three bills shall be given effect and incorporated in Section 4205 in the form set forth in Section 1.7 of this act. Therefore, if Senate Bill No. 475 and Assembly Bill No. 2887 are both chaptered before this bill and all three bills amend Section 4205 of the Civil Code, Section 1.7 of this act shall be operative and Sections 1, 1.3, and 1.5 of this act shall not become operative.

SEC. 4. It is the intent of the Legislature, if this bill and Senate Bill No. 475 are both chaptered and amend Section 94.5 of the Penal Code, and this bill is chaptered after Senate Bill No. 475, that the amendments to Section 94.5 proposed by both bills be given effect and incorporated in Section 94.5 in the form set forth in Section 2.5 of this act. Therefore, Section 2.5 of this act shall become operative only if this bill and Senate Bill No. 475 are both chaptered, both amend Section 94.5, and Senate Bill No. 475 is chaptered before this bill, in which case Section 2 of this act shall not become operative.

CHAPTER 672

An act to amend Section 76030, as added to the Government Code by Assembly Bill No. 1267 of the 1971 Regular Session of the Legislature, and to amend Section 76031 of the Government Code, relating to courts.

The people of the State of California do enact as follows:

SECTION 1. Section 76030, as added to the Government Code by Assembly Bill No. 1267 of the 1971 Regular Session of the Legislature, is amended to read:

76030 In a county of the 30th class, trial jurors in the superior court and the justice courts shall receive five dollars (\$5) for each day's attendance and ten cents (\$.10) per mile for each mile necessarily traveled in such attendance. Grand jurors shall receive six dollars (\$6) for each day's attendance on regularly called grand jury meetings and for each day's active and necessary services as a member of any committee appointed by the foreman of the grand jury, and ten cents (\$.10) per mile for each mile necessarily traveled in attendance on regularly called grand jury meetings and meetings of grand jury committees of which the juror is a member.

SEC. 2. Section 76031 of the Government Code is amended to read:

76031 In a county of the 31st class, trial jurors in the superior court and the justice courts shall receive five dollars (\$5) for each day's attendance and ten cents (\$.10) per mile for each mile necessarily traveled in such attendance. Grand jurors shall receive six dollars (\$6) for each day's attendance on regularly called grand jury meetings and for each day's active and necessary services as a member of any committee appointed by the foreman of the grand jury, and ten cents (\$.10) per mile for each mile necessarily traveled in attendance on regularly called grand jury meetings and meetings of grand jury committees of which the juror is a member.

SEC. 3. As a result of the 1970 federal decennial census, the counties in California are in the process of being reclassified on the basis of population, and Shasta County will become a county of the 30th, rather than the 31st, class if Assembly Bill No. 1267 is enacted into law at the 1971 Regular Session of the Legislature. It is the purpose of Sections 1 and 4 of this act to insure that the proper sections are amended, if Assembly Bill No. 1267 becomes law and reclassifies California's counties.

SEC. 4. If this bill and Assembly Bill No. 1267 are both chaptered, and Assembly Bill No. 1267 reclassifies Shasta County to a county of the 30th, rather than the 31st, class, and this bill is chaptered after Assembly Bill No. 1267, it is the intent of the Legislature that the changes in the law proposed by both bills be given effect as incorporated in Section 76030 of the Government Code as set forth in Section 1 of this act. Therefore, Section 1 of this act shall only become operative if this bill and Assembly Bill No. 1267 are both chaptered, and Assembly Bill No. 1267 is chaptered before this bill; in which case, Section 2 of this act shall not become operative.

CHAPTER 673

The people of the State of California do enact as follows:

SECTION 1. Section 7.6 of the Government Code is amended to read:

7.6. Whenever, by any law, any officer whose office is created by the Constitution is made a member of a state board, commission, or committee, or of the governing body of any state agency or authority, such officer may designate a deputy of his office holding a position specified in subdivision (c) of Section 4 of Article XXIV of the Constitution to act as such member in his place and stead, to all intents and purposes as though he were personally present, including the right of the deputy to be counted in constituting a quorum, to participate in the proceedings of the board, commission, committee or other governing body, and to vote upon any and all matters. The constitutional officer so designating a deputy shall be responsible for the acts of the deputy acting under such designation in the same manner and to the same extent that the constitutional officer is responsible for the acts of the deputy performing his official duties as a deputy of the office of the constitutional officer.

The Lieutenant Governor may designate any person in his office holding a position specified in subsection (5) of subdivision (a) of Section 4 of Article XXIV of the Constitution to act as a deputy for the purposes of this section only, provided that the Lieutenant Governor may not appoint a person to act as a deputy for him at meetings of the Senate, or the State Lands Commission, or of the Regents of the University of California, or of the Trustees of the California State Colleges.

The Attorney General may also designate any person in his office holding a position specified in subdivision (m) of Section 4 of Article XXIV of the Constitution to act as a deputy for the purpose of this section; provided, that no person designated by the Attorney General pursuant to this section to act as a member on any state board, commission, committee or governing body of which the Attorney General is presiding officer shall act as presiding officer in his place.

The Superintendent of Public Instruction may designate any person in his office holding a position specified in Section 2.1 of Article IX of the California Constitution to act as a deputy for the purposes of this section, provided that the Superintendent of Public Instruction may not appoint a person to act as a deputy for him at meetings of the State Board

of Education, of the Regents of the University of California, or of the Trustees of the California State Colleges.

Notwithstanding the foregoing provisions of this section, not more than one officer subject to this section shall be represented by a deputy subject to this section at any meeting or session of the State Lands Commission.

SEC. 2. Section 18592 of the Government Code is repealed

CHAPTER 674

[Approved by Governor August 23, 1971 Filed with
Secretary of State August 23, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 55301 of the Water Code is amended to read:

55301. The board of supervisors of the county is the governing board of the district unless a board of directors has been appointed under the provisions of this chapter as they existed prior to their repeal at the 1967 Regular Session of the Legislature. Each member of an appointed board of directors in existence on the effective date of the amendment of this section at the 1967 Regular Session of the Legislature shall continue to serve at the pleasure of the board of supervisors of the county, rather than for the term for which he was appointed.

Where the district becomes a subsidiary district of a city pursuant to the District Reorganization Act of 1965, the city council of such city is the governing board of the district, as provided in Section 56539 of the Government Code. If, on the date the district becomes a subsidiary district of a city, there is an appointed board of directors, such appointed board of directors is automatically dissolved as of that date. The term "board of supervisors," as used in this division, shall in regard to any such district which has become a subsidiary district of a city, refer to the city council of such city.

SEC. 2. Section 55305 of the Water Code is amended to read:

55305. The board of directors may fix the compensation of its members for their services as such directors not to exceed ten dollars (\$10) for each meeting attended, not exceeding two meetings in any calendar month. If allowed by the board, a director shall also receive for performing duties for the district other than attending board meetings the following:

(a) An amount not to exceed fifty dollars (\$50) for each day performing such duties.

(b) Traveling and other expenses incurred by him in performing his duties.

SEC. 2.5. Section 55305.5 is added to the Water Code, to read:

55305.5. Where the district is a subsidiary district of a city, no member of the city council receiving compensation as a member of the city council shall receive any compensation pursuant to Section 55305.

SEC. 3. Section 55332 of the Water Code is amended to read:

55332. The district may appoint or employ and prescribe the authorities and duties of a general manager, auditor, treasurer, and other officers, employees, attorneys, and engineers necessary or convenient for the business of the district, each of whom shall serve at the pleasure of the board.

SEC. 4. Section 55350 of the Water Code is amended to read:

55350. All contracts in excess of three thousand five hundred dollars (\$3,500) shall be let to the lowest responsible bidder, except that contracts under seven thousand five hundred dollars (\$7,500) may be let pursuant to informal bidding procedures established by the board, and except that county waterworks districts may contract with each other, with the county, or, where the district is a subsidiary district of a city, with the city, for furnishing labor, materials, or supplies required for any improvement mentioned in this division upon such terms and conditions as their boards may elect. With the approval of the board of supervisors and the board of directors of the district, if any, or, where the district is a subsidiary district of a city, with the approval of the city council, and upon the terms and conditions they may determine, all contracts, including those under three thousand five hundred dollars (\$3,500), may be let by the county or city purchasing agent, as applicable.

SEC. 5. Section 55355 of the Water Code is amended to read:

55355. Nothing contained in this chapter shall be construed as prohibiting the county when ordered by the board of supervisors, or the city when ordered by the city council where the district is a subsidiary district of the city, to make the proposed improvement without a contractor therefor, and to purchase the materials and supplies, and employ the labor necessary for the purpose.

SEC. 6. Section 55502 of the Water Code is amended to read:

55502. The receipts from the rates or charges may also be used to reduce the principal or interest of any bonded indebtedness that the waterworks district may have.

SEC. 7. Section 55503 of the Water Code is amended to read:

55503. The board may borrow funds from the county, other waterworks districts, and, where the district is a subsidiary

district, the city, not to exceed 85 percent of the district's anticipated revenue for the fiscal year in which they are borrowed or for the next ensuing fiscal year. In levying taxes as authorized by this division, the board may raise sufficient revenues to repay such loans.

The board may lend available district funds to another waterworks district, subject to the terms and conditions set forth in this section.

Nothing contained in this section shall prohibit the board from borrowing such funds from banks or other financial institutions when the best interests of the district are served thereby.

SEC. 8. Section 55503.5 of the Water Code is amended to read:

55503.5. Notwithstanding any other provisions of law, such funds, when so borrowed by a waterworks district, shall forthwith increase the appropriations of the district for which they are needed. The governing body of the entity from which the funds are borrowed may specify the date and manner in which the funds shall be repaid. In no case shall repayment of the loan be deferred longer than 10 calendar years.

SEC. 9. Section 55503.6 of the Water Code is amended to read:

55503.6. The district shall pay interest on all funds borrowed from the county, at the same rate that the county applies to funds of the district on deposit with the county.

SEC. 10. Section 55506 is added to the Water Code, to read:

55506. Any money belonging to the district or paid into the county treasury to the credit of the district may be deposited by the officer of the district who has legal custody of the money, in accordance with the general laws governing the deposit of public money.

SEC. 11. Section 55520 of the Water Code is amended to read:

55520. The board may issue and sell the bonds of the district, when authorized, at not less than par value, and the proceeds of the sale shall be placed in the county treasury or other depository for the district's fund to the credit of the proper district fund and shall be applied exclusively to the purposes and objects mentioned in the ordinance or resolution ordering the holding of the bond election; provided, however, that when said purposes and objects have been accomplished any moneys remaining in said fund shall be transferred to the general fund of the district and may be used by the board for any lawful purpose of the district.

SEC. 12. Section 55525 of the Water Code is amended to read:

55525. The bonds shall be signed by the chairman of the board and countersigned by the auditor of the district, or if one has not been appointed, the auditor of the county and the seal of the district shall be affixed thereto. All such signatures and countersignatures, except one, may be printed, litho-

graphed, engraved, or otherwise mechanically reproduced. Any such signature may be affixed in accordance with the provisions of the Uniform Facsimile Signatures of Public Officials Act, Chapter 6 (commencing with Section 5500) of Title 1 of the Government Code.

SEC. 13. Section 55528 of the Water Code is amended to read:

55528. The principal and interest on the bonds shall be paid by the district treasurer, or if one has not been appointed, the county treasurer, in the manner provided by law for the payment of principal and interest on bonds of the county.

SEC. 14. Section 55659 of the Water Code is amended to read:

55659. A copy of the petition shall be filed with the county engineer of waterworks districts, or district engineer if one has been appointed, at least two weeks before the petition is presented to the board. The county engineer of waterworks districts or district engineer, as the case may be, shall prepare and file with the board, at least one week before the date set for the hearing on the petition, a report containing cost estimates and preliminary plans and specifications for the proposed improvements, together with any recommendations as to the boundaries of the proposed zone, and any other pertinent information relating to the feasibility of the proposed improvements or proposed zone. The engineer's report shall be available in the office of the board for public inspection, and may be considered by the board at the hearing on the petition.

CHAPTER 675

An act to amend Section 15150 of the Financial Code, relating to credit unions.

[Approved by Governor August 23, 1971. Filed with Secretary of State August 23, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 15150 of the Financial Code is amended to read:

15150. Every credit union shall create and maintain a guaranty fund as follows.

(a) All entrance fees and transfer fees remaining after the payment of organization expenses shall be set aside to such fund.

(b) At the close of each accounting period, 10 percent of the gross income of the corporation shall be transferred to such fund until the fund equals or exceeds 20 percent of the credit union's gross assets. When the fund falls below 20 percent of the credit union's gross assets, it shall be replenished by contributions of 10 percent of the gross income of the corporation

or in such lesser amounts as may be needed to maintain a level of 20 percent of gross assets.

(c) Any sums recovered on items previously charged to it shall be credited to such fund.

CHAPTER 676

An act to amend Sections 3100.2 and 3100.7 of the Education Code, relating to school district reorganization.

[Approved by Governor August 23, 1971. Filed with Secretary of State August 23, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 3100.2 of the Education Code is amended to read:

3100.2. When a proposal to unify a high school district has been defeated by the electors of a district three or more times, the county committee on school district organization may, within 18 months of the last election at which a unification proposal was defeated, submit to the State Board of Education a plan to divide such high school district into two or more unified districts, provided that such plan meets the criteria of Section 3100.

SEC. 2. Section 3100.7 of the Education Code is amended to read:

3100.7. On or before June 4, 1968, an election shall be held within any school district territory which has not been included within a unified school district and within which no such election was held after July 1, 1964, on the question of the approval of a master plan developed under Chapter 9 of this division or plans and recommendations developed under this chapter, which will effect the reorganization of the territory involved to comply with standards prescribed. Like elections may be held in such territory at any time in odd-numbered years, and on the date of each presidential or gubernatorial primary election. Such like elections shall be called upon order of the county committee on school district organization, upon order resulting from the action of the governing boards of a majority of the school districts in the territory proposed to be reorganized, or by order resulting from the action of the governing boards of school districts which have enrolled in the schools under their collective jurisdictions a majority of the pupils in grades kindergarten through 12, inclusive, enrolled in all of the schools within the territory.

The county committee on school district organization shall, for purposes of any such election, develop any necessary master plan or plans and recommendations. In the event the county committee fails to do so, the election shall be based upon the

master plan or plans and recommendations for the territory most recently approved by the State Board of Education.

A unified school district formed by operation of Section 1976 shall not be deemed to be unified for purposes of exemption from the requirements prescribed by the preceding provisions of this section, unless district conforms to the requirements prescribed by Section 17672 or Section 17673.

It is the intent and purpose of the Legislature that eligibility for the increase in foundation program provided for pursuant to Section 17676 of this code for any school district shall be determined, for the fiscal year in which this act becomes effective, and fiscal years thereafter, on the basis of whether elections have been held within the time limits specified by this section.

On and after the effective date of this section, as enacted at the 1967 Regular Session of the Legislature, this section shall supersede the provisions of Section 3100.5 and all other provisions of Chapter 143 of the Statutes of 1967.

With the approval of the State Board of Education, any school district territory in which, after June 1, 1964, and prior to July 1, 1971, two unification elections were conducted pursuant to this section within a 12-month period, both of which elections were defeated, shall be exempt from the mandatory election provisions of this section.

SEC. 3. The amendments made to Section 3100.7 of the Education Code by Section 2 of this act shall become operative July 1, 1972.

SEC. 4. In the event both this bill and Assembly Bill No. 358 are enacted at the 1971 Regular Session of the Legislature and amend Section 3100.7 of the Education Code, the amendments made by each of such bills shall, notwithstanding Section 9605 of the Government Code, become effective, in which case Section 3100.7 of the Education Code as amended by Assembly Bill No. 358 shall be operative until July 1, 1972 and shall have no force or effect after that date at which time Section 3100.7 of the Education Code, as amended by this bill, shall become operative.

The amount so determined shall be apportioned to the school district or county superintendent of schools, provided that the fact of such closure has been established to the satisfaction of the Superintendent of Public Instruction by the affidavits of the county superintendent of schools and of the members of the governing board of any school district involved. The amount so determined shall be apportioned to the school district or county superintendent of schools even though no fee is charged or collected from parents of children who attend such center.

16645.10. Any school district which has entered into a contract with a county superintendent of schools or with another school district and any county superintendent of schools who has entered into a contract with a school district or another county superintendent of schools for services of a development center for handicapped minors shall be deemed for the purpose of Section 16645.9 to be maintaining a development center.

SEC. 5. Section 16645.23 of the Education Code is amended to read:

1128. Except as provided in Sections 1126 and 1127, when trustee areas are established or rearranged in a district, provision shall be included for the election of members of the governing board by the registered voters of the entire school district or for the election of the member or members residing in each trustee area by the registered voters of that particular area.

In counties with a population of less than 25,000, the county committee on school district organization or the county board of education, if it has succeeded to the duties of the county committee, may at any time, by resolution, with respect to trustee areas established for any school district, other than a community college district, amend the provision required by this section without additional approval by the electors, to require the alternate method for electing board members to be utilized.

CHAPTER 679

31203. No person shall be awarded a scholarship unless:

(a) He is a resident of California as determined under the provisions of this code for determining the resident status of a student of a state college for the purposes of state college admission fees and rates of tuition. Wherever such provisions refer to the trustees the reference shall, for the purposes of this section, be deemed to be to the commission, any reference to "the opening day of a semester during which a person proposes to attend a state college" shall be deemed to be the day upon which a person will receive a scholarship as determined by the commission, and any reference to "immediately prior to first entering any California institution of higher learning" shall be deemed to be immediately prior to the day upon which a person will receive a scholarship, as determined by the commission.

(b) He has not attained his 30th birthday. This age limitation does not apply in the case of renewed scholarship awards or for veterans as defined by the commission.

(c) He has graduated from high school or has been accepted for admission by an accredited college.

(d) He has demonstrated his financial need for such scholarship. The financial status of his parents shall be taken into consideration in determining his financial need.

(e) He has demonstrated high moral character, good citizenship, and dedication to American ideals.

(f) He has applied for a state competitive scholarship and has, by competitive examination, been determined to be eligible for such scholarship

(g) He has complied with all of the rules and regulations adopted by the commission for the award, regulation, and ad-

(h) He is a citizen of the United States or, if he is under 21 years of age and is not a citizen of the United States either he or his parent or parents were admitted to the United States on a permanent resident visa.

CHAPTER 680

An act to amend Section 23754 of, and to add Section 23754.4 to, the Education Code, relating to state colleges, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 23, 1971 Filed with
Secretary of State August 23, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 23754 of the Education Code is amended to read:

23754. (a) Except as otherwise specially provided, an admission fee and rate of tuition fixed by the trustees shall be required of each nonresident student. The rate of tuition to be paid by each nonresident student shall not be less than three hundred sixty dollars (\$360) per year, except that the rate of tuition to be paid by each nonresident student who is a citizen and resident of a foreign country and not a citizen of the United States shall be two hundred fifty-five dollars (\$255) per year through the 1969-70 academic year. Commencing with the 1970-71 academic year, the rate of tuition paid by each nonresident student who is a citizen and resident of a foreign country and not a citizen of the United States, except as otherwise specifically provided, shall be fixed by the trustees and shall not be less than three hundred sixty dollars (\$360) per year. The tuition fee for a nonresident student who is a citizen and resident of a foreign country and who was in attendance at a state college during the fall term of 1969, may be waived by the trustees if they determine that the increased tuition fee will cause a severe financial hardship on the student. Such waivers may be granted through the spring term of 1973 or until the student receives a baccalaureate degree, whichever occurs first.

(b) The trustees may waive entirely, or reduce below the rate, or the minimum rate, fixed by this section, the tuition fee of a nonresident student who is a citizen and resident of a foreign country and not a citizen of the United States and who attends a state college under an agreement entered into by a governmental agency or a nonprofit corporation or organization with a similar agency, or corporation or association, domiciled in and organized under the laws of a foreign country, where a principal purpose of the agreement is to en-

courage the exchange of students with the view of enhancing international good will and understanding. The trustees shall, in each instance, determine whether the conditions for such exemption from fees exist and may prescribe appropriate procedures to be complied with in obtaining the exemption.

No admission fee or tuition fee shall be required of any nonresident student who is a full-time employee of the California State Colleges or who is the child or spouse of a full-time employee of the California State Colleges.

SEC. 2. Section 23754.4 is added to the Education Code, to read:

23754.4. Notwithstanding any provision in this chapter to the contrary, the trustees may defer the collection of tuition charged to nonresident students who are citizens and residents of a foreign country as follows:

(a) The amount which may be deferred may not exceed the excess in the amount of tuition required which is in excess of an annual rate of six hundred dollars (\$600) per academic year.

(b) No payment may be deferred beyond a date 30 days prior to the end of the academic term for which it is due, and payment of the deferred amount shall be a condition to the student's completion of that academic term.

(c) In order to qualify for the deferment authorized by this section, a student must have been enrolled in the California State Colleges during the fall term of the 1970-1971 college year or have been accepted for admission on or before November 24, 1970, to a state college for a subsequent term during the 1970-1971 college year, and must remain in continuous attendance as a full-time student making normal progress toward a degree objective, and must not have been awarded a baccalaureate degree or graduate degree from the California State Colleges subsequent to the fall term of the 1970-1971 college year.

This section shall remain in effect until June 30, 1974, and shall have no force or effect after this date.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Unless this act is immediately effective, its provisions will not be operative for the fall term of 1971. This would result in a reduction in the quality of the state college educational program due to the necessity of granting tuition exemptions to certain foreign students even though money to fund such exemptions is no longer provided, and would also result in a serious hardship to many foreign students attending the California State Colleges due to the necessity of paying an increase in fees at the beginning of the fall term of 1971.

In order that this ambiguity may be resolved and that persons of the highest degree of competence will be available for membership on airport land-use commissions, it is necessary that this act take effect at once.

SECTION 1. Section 1203 of the Penal Code is amended to read:

1203. The probation officer shall immediately investigate and make a written report to the court of his findings and recommendations, including his recommendations as to the granting or denying of probation and the conditions of probation, if granted. The report shall be made available to the court and the prosecuting and defense attorneys at least two days or, upon the request of the person, five days prior to the time fixed by the court for the hearing and determination of the report, and shall be filed with the clerk of the court as a record in the case at the time of the hearing. (b) If a defendant is not represented by an attorney, the court shall order the probation officer who makes the probation report to discuss its contents with the defendant.

The court shall inform the person of the information to be considered and permit him to answer or controvert it. For this purpose, upon the request of the person, the court shall grant a continuance before the judgment is pronounced.

to commit murder, assault with intent to commit murder, trainwrecking, extortion, kidnapping, escape from the state prison, a violation of Section 286, 288, or 288a, or a conspiracy to commit one or more of such crimes.

(f) If a person is not eligible for probation, the judge may, in his discretion, refer the matter to the probation officer for an investigation of the facts relevant to the sentencing of the person. Upon such referral, the probation officer shall immediately investigate the circumstances surrounding the crime and the prior record and history of the person and make a written report to the court of his findings.

(g) No probationer shall be released to enter another state unless his case has been referred to the Administrator, Interstate Probation and Parole Compacts, pursuant to the Uniform Act for Out-of-State Probationer or Parolee Supervision (Article 3 (commencing with Section 11175) of Chapter 2 of Title 1 of Part 4).

SEC. 2. Section 1203 of the Penal Code is amended to read:

1203. (a) In every case in which a person is convicted of a felony and is eligible for probation, before judgment is pronounced, the court shall immediately refer the matter to the probation officer to investigate and report to the court, at a specified time, upon the circumstances surrounding the crime and the prior history and record of the person, which may be considered either in aggravation or mitigation of the punishment. The probation officer shall immediately investigate and make a written report to the court of his findings and recommendations, including his recommendations as to the granting or denying of probation and the conditions of probation, if granted. The report shall be made available to the court and the prosecuting and defense attorneys at least two days or, upon the request of the person, five days prior to the time fixed by the court for the hearing and determination of the report, and shall be filed with the clerk of the court as a

record in the case at the time of the hearing. The time within which the report shall be made available and filed may be waived by written stipulation of the prosecuting and defense attorney which is filed with the court or an oral stipulation in open court which is made and entered upon the minutes of the court. At a time fixed by the court, the court shall hear and determine the application, if one has been made, or, in any case, the suitability of probation in the particular case. At the hearing, the court shall consider any report of the probation officer and shall make a statement that it has considered such report which shall be filed with the clerk of the court as a record in the case. If the court determines that there are circumstances in mitigation of the punishment prescribed by law or that the ends of justice would be subserved by granting probation to the person, it may place him on probation. If probation is denied, the clerk of the court shall immediately send a copy of the report to the Department of Corrections at the prison or other institution to which the person is delivered.

(b) If a defendant is not represented by an attorney, the court shall order the probation officer who makes the probation report to discuss its contents with the defendant.

(c) In every case in which a person is convicted of a misdemeanor, the court may either refer the matter to the probation officer for an investigation and a report or summarily grant or deny probation. If such a case is not referred to the probation officer, in sentencing the person, the court may consider any information concerning him which could have been included in a probation report. The court shall inform the person of the information to be considered and permit him to answer or controvert it. For this purpose, upon the request of the person, the court shall grant a continuance before the judgment is pronounced.

(d) Except in unusual cases where the interests of justice demand a departure, probation shall not be granted to any of the following persons:

(1) Unless he had a lawful right to carry a deadly weapon at the time of the perpetration of the crime or his arrest, any person who has been convicted of robbery, burglary, or arson and was armed with such weapon at either of such times.

(2) Any person who has been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony.

(e) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any of the following persons:

(1) Unless he had a lawful right to carry a deadly weapon at the time of the perpetration of the crime or his arrest, any person who has been convicted of burglary with explosives, rape with force or violence, murder, assault with intent to commit murder, attempt to commit murder, trainwrecking, kidnapping, escape from the state prison, or a conspiracy to

commit one or more of such crimes and was armed with such weapon at either of such times.

(2) Any person who used or attempted to use a deadly weapon upon a human being in connection with the perpetration of the crime of which he has been convicted.

(3) Any person who willfully inflicted great bodily injury or torture in the perpetration of the crime of which he has been convicted.

(4) Any person who has been previously convicted twice in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony.

(5) Unless he has never been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, any person who has been convicted of burglary with explosives, rape with force or violence, murder, attempt to commit murder, assault with intent to commit murder, trainwrecking, extortion, kidnapping, escape from the state prison, a violation of Section 286, 288, or 288a, or a conspiracy to commit one or more of such crimes.

(6) Any person who has been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, if he committed any of the following acts:

(i) Unless he had a lawful right to carry a deadly weapon at the time of the perpetration of such previous crime or his arrest for such previous crime, he was armed with such weapon at either of such times.

(ii) He used or attempted to use a deadly weapon upon a human being in connection with the perpetration of such previous crime.

(iii) He willfully inflicted great bodily injury or torture in the perpetration of such previous crime.

(7) Any public official or peace officer of this state or any city, county, or other political subdivision who, in the discharge of the duties of his public office or employment, accepted or gave or offered to accept or give any bribe, embezzled public money, or was guilty of extortion.

(f) If a person is not eligible for probation, the judge may, in his discretion, refer the matter to the probation officer for an investigation of the facts relevant to the sentencing of the person. Upon such referral, the probation officer shall immediately investigate the circumstances surrounding the crime and the prior record and history of the person and make a written report to the court of his findings.

(g) No probationer shall be released to enter another state unless his case has been referred to the Administrator, Interstate Probation and Parole Compacts, pursuant to the Uniform Act for Out-of-State Probationer or Parolee Supervision (Article 3 (commencing with Section 11175) of Chapter 2 of Title 1 of Part 4).

CHAPTER 717

[Approved by Governor August 24, 1971 Filed with
Secretary of State August 24, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 2271 is added to the Civil Code, to read:

2271. The trustee or trustees of every trust (whenever created), during any period or periods such trust is deemed to be a "private foundation" as defined in Section 509 of the Internal Revenue Code of 1954, as added by Section 101 of the Tax Reform Act of 1969 (all references in this article to the Internal Revenue Code shall refer to such code as amended by such act), or a "charitable trust" as defined in paragraph (1) of subsection (a) of Section 4947 of such code, shall distribute its income for each taxable year (and principal if necessary) at such time and in such manner as not to subject the assets of such trust to tax under Section 4942 of such code (as modified by paragraph (3) of subsection (1) of Section 101 of the Tax Reform Act of 1969). The provisions of this section shall be deemed to be contained in the instrument or instruments creating every trust to which this section applies, and any provision of such instrument or instruments inconsistent therewith or to the contrary thereof shall be without effect.

SEC. 2. Section 2271.1 is added to the Civil Code, to read:
2271.1. (a) The trustee or trustees of every trust (when-

ever created), during any period or periods such trust is deemed to be a "split-interest trust" as described in paragraph (2) of subsection (a) of Section 4947 of the Internal Revenue Code of 1954, shall not:

(1) Engage in any act of self-dealing as defined in subsection (d) of Section 4941 of such code (as modified by paragraph (2) of subsection (l) of Section 101 of the Tax Reform Act of 1969).

(2) Retain any excess business holdings as defined in subsection (c) of Section 4943 of such code.

(b) Paragraphs (2) and (3) of subdivision (a) shall not apply to any trust described in paragraph (3) of subsection (b) of Section 4947 of the Internal Revenue Code of 1954.

(c) This section shall not apply with respect to:

(1) Any amounts payable under the terms of such trust to income beneficiaries, unless a deduction was allowed under subparagraph (b) of paragraph (2) of subsection (f) of Section 170, subparagraph (b) of paragraph (2) of subsection (e) of Section 2055, or subparagraph (b) of paragraph (2) of subsection (c) of Section 2522 of such code; or

This provision shall not be exclusive, and is not intended to limit any jurisdiction which otherwise exists.

(b) Whenever the instrument or instruments creating any trust affected by this section have been recorded, a

notice of pendency of such judicial proceedings shall be recorded in a similar manner within 10 days from the commencement thereof. A duly certified copy of any final judgment or decree in such proceedings shall be similarly recorded.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Federal Tax Reform Act of 1969 (P.L. 91-172) and regulations issued thereunder require that all private foundations cause certain amendments to be made to their governing instruments no later than December 31, 1971, in order to retain their tax-exempt status, unless a state statute accomplishes the same result. This act will eliminate the need for judicial action in most such cases. Its immediate operation is necessary to avoid an intolerable burden on the courts caused by foundations seeking to comply with the provisions of the Tax Reform Act.

CHAPTER 718

An act to amend Section 554 of, and to repeal Section 1006 of, the Education Code, relating to educational programs, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 24, 1971 Filed with
Secretary of State August 24, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 554 of the Education Code is amended to read:

554. The board of governors of the State Nautical School on behalf of the State Nautical School, and the governing board of a school district on behalf of any school or community college maintained by the district is vested with all necessary power and authority to perform all acts necessary to receive the benefits and to expend the funds provided by the act of Congress known as the "National Defense Education Act of 1958" (P.L. 85-864; 72 Stat. 1580), by the act of Congress known as the "Economic Opportunity Act of 1964" (P.L. 88-452; 78 Stat. 508), by the act of Congress known as the "Elementary and Secondary Education Act of 1965" (P.L. 89-10; 79 Stat. 27), by the act of Congress known as the "Manpower Development and Training Act of 1962" (P.L. 87-414; 76 Stat. 23), including but not limited to the "JOBS program" (Job Opportunities in the Business Sector), and by the act of Congress known as the "Education Professions Development Act of 1965" (P.L. 89-329; 79 Stats. 1254), by the act of Congress known as the "Demonstration Cities and Metropolitan Development Act of 1966" (P.L. 89-754; 80 Stat. 1259), and by the act of Congress known as the "Omnibus Crime Control and Safe Streets Act of 1968" (P.L. 90-

351; 82 Stat. 197), and by acts amending or supplementing those acts, and with all necessary power and authority to cooperate with, or enter into agreements with, the government of the United States, or any agency or agencies thereof, and with the State Board of Education and with other school districts and private or public nonprofit organizations for the purpose of receiving the benefits and expending the funds provided by said acts of Congress, in accordance with said acts, or any rules or regulations adopted thereunder, or any state plan or rules or regulations of the State Board of Education adopted in accordance with said acts of Congress. Participation may also include the expenditure by the governing board of the State Nautical School or of any school district, or the county superintendent of schools, of whatever funds may be required by the federal government as a condition to such participation.

SEC. 2. Section 1006 of the Education Code is repealed.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

One or more school districts would be eligible to participate in several very beneficial projects which would increase the educational opportunities of the children in these districts pursuant to the Model Cities Program if authorization to enter into the necessary contractual relations is afforded. School districts could participate, by agreement, with the California Council on Criminal Justice, pursuant to P.L. 90-351, in approved programs and would be reimbursed for the costs of such programs. There is a present critical need for involving youth in such crime prevention programs. In order that these programs contemplated by this act can be undertaken at the earliest possible time, it is necessary that this act take immediate effect.

A contract which at the time of its execution contained any or all of the requirements contained in this section shall be deemed to provide an enforceable restriction for purposes of Section 422 of the Revenue and Taxation Code and shall be entitled to assessment under Section 423, 423.5 or 429 of such code, provided that such contract otherwise

conforms to the statutory requirements of the California Land Conservation Act of 1965, as contained in Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5 of the Government Code.

(a) If such contract provides for its nullification upon the filing of a condemnation of an interest in all or any part of the property subject to the contract and the board of supervisors of the county or city council of the city having jurisdiction over the land subject to such contract passes an ordinance interpreting such provision, in the case of a condemnation of less than a fee interest, to mean the nullification operates for purposes of establishing value for condemnation purposes but that any termination of the contract is to be pursuant to Article 5 (commencing with Section 51280) of Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code; or

(b) If such contract provides that the remaining portion of land after an action or acquisition by condemnation is determined by the board of supervisors of the county or city council of the city having jurisdiction over the land subject to the contract to be impaired to such extent as to make it unsuitable for those uses legally available to the owner under terms of his contract and the board of supervisors of the county or city council of the city having jurisdiction over the land subject to such contracts passes an ordinance stating that in administering such portion of a contract it will apply Article 5 (commencing with Section 51280) of Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code; or

(c) If such contract provides for any waiver of a cancellation payment provided that such waiver is in the best interest of the program to conserve agricultural land and the board of supervisors of the county or city council of the city having jurisdiction over the land subject to such contract passes an ordinance stating that in administering such portion of a contract, it will apply subdivision (c) of Section 51283 of the Government Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some cities or counties and landowners have entered contracts under the California Land Conservation Act of 1965 in good faith but have departed from the precise language of the statute in drafting the terms of the contracts. As a result a question has arisen as to whether restricted-use assessment can be afforded land under such contracts for the 1971-1972 fiscal year. This act will remedy the situation by allowing cities and counties to take timely action to cure the defects. In so doing, the public policy of the state as expressed in the Constitution will be entirely fulfilled and the state as a whole will benefit.

[Approved by Governor August 24, 1971. Filed with
Secretary of State August 24, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 6542.5 is added to the Government Code, to read:

6542.5. "Local agency" as used in this article means any public agency designated in Section 6500 other than the federal government or any federal department or agency, this state, an adjoining state, or any state department or agency.

SEC. 2. Section 6547 of the Government Code is amended to read:

6547. The power of the entity to issue revenue bonds is additional to the powers common to the parties to the joint powers agreement, but shall not be exercised until authorized by the parties to that agreement.

Every local agency shall make such authorization by ordinance. The ordinance shall describe in general terms the project, or projects, to be funded by the revenue bonds and the maximum amount of the bonds proposed to be issued. Each such ordinance shall state that it is subject to the provisions for referendum applicable to the enacting agency.

A separate authorization shall be required for each separate bond issue proposed by the entity.

The requirement of an ordinance and the right to referendum thereon shall not apply to the issuance of revenue bonds if, prior to the effective date of the amendments to this section by the 1971 Legislature, one or more local or public agencies shall have taken formal action to implement any one or more projects to be acquired or constructed pursuant to a joint powers agreement. Formal action to implement any one or more projects shall include, but not be limited to, any of the following:

(a) The incurring of liability for a substantial portion of an architectural or engineering contract or other contract relating to a project;

(b) The acquisition of land or improvements for the project;

(c) The making of a substantial contribution toward the project.

SEC. 3. Section 6547.2 is added to the Government Code, to read:

6547.2. Any ordinance subject to referendum under Section 6547 shall be published after adoption as required by law for ordinances of the local agency generally, or, if there be no such requirement applicable to such ordinance, then once pursuant to the provisions of Article 3 (commencing with Section 6040), Chapter 1, Division 7, Title 1 of the Government Code within 15 days after the adoption of such ordinance.

If a local agency does not otherwise have statutory power to enact an ordinance pursuant to Section 6547, the governing body of such local agency is hereby empowered to introduce and enact such ordinance at any regular or adjourned regular meeting by the approving votes of a majority of all of its members. If ordinances of a local agency are not otherwise subject to referendum, then (1) the governing body of such local agency may refer any ordinance enacted pursuant to Section 6547 to the electors of such local agency in the same manner as the board of supervisors of a county may refer county questions pursuant to Section 3750 of the Elections Code, and (2) the electors of such local agency shall have the right to petition for referendum on such ordinance in the same manner and subject to the same rules as are set forth in Sections 3751 to 3754, inclusive, of the Elections Code, except that all computations referred to in those sections and officers of the county mentioned in those sections shall be construed to refer to comparable computations and officers of such local agency. If the governing board of a local agency is an elected

board the electors of such local agency for the purposes of this section shall be the electors of the territory entitled to vote at elections for members of such governing board. If a local agency does not have an elected governing board, the electors residing within the boundaries of such local agency who would be qualified to vote for candidates for Governor at any gubernatorial election shall be the electors of such local agency for the purposes of this section.

SEC. 4. Section 6547.3 is added to the Government Code, to read:

6547.3. In the event that an ordinance enacted pursuant to Section 6547 authorizing the entity to issue revenue bonds is subjected to a successful referendum election or is repealed or rescinded by a local agency, no ordinance authorizing the entity to issue revenue bonds for the same purpose shall be passed by that local agency for a period of one year from the date of such referendum, repeal or rescission.

SEC. 5. Section 6547.4 is added to the Government Code, to read:

6547.4. Except for the requirement of an ordinance and the right to referendum thereon, the amendments to Section 6547 adopted at the 1971 Regular Session of the Legislature shall not limit or affect any heretofore existing right of any public agency to be a party to a joint powers agreement which authorizes an entity to issue bonds under this article, including the right to accomplish a public purpose of such public agency regardless of whether such public agency is obligated to make any contribution or payment of public funds or property.

CHAPTER 722

Nothing herein contained shall affect the program of life and disability insurance in connection with veterans' farm and home purchases through the Department of Veterans Affairs except that the total life insurance benefit under said program shall in no event exceed one hundred twenty percent (120%) of the unpaid contract balance. Except in those cases where the premium for an annuity is paid entirely from a deduction from or reduction in an employee's salary, nothing contained herein shall affect life or disability insurance programs which may be provided by the state for its employees.

As used in this section, "state department or agency" shall include, but not be limited to, school districts.

This section shall apply to all local governmental agencies, as well as state departments and agencies.

SEC. 3. This act shall not be construed to prohibit a school district from meeting and conferring on proposals by public school employee organizations with respect to insurance benefits to be provided public school employees, or from adopting proposals made by such organizations.

SEC. 4. It is the intent of the Legislature, if this bill and Assembly Bill No. 460 are both chaptered and amend Section 770.3 of the Insurance Code, and this bill is chaptered after Assembly Bill No. 460, that the amendments to Section 770.3 proposed by both bills be given effect and incorporated in Section 770.3 in the form set forth in Section 2 of this act. CHAPTER 733

An act to add Article 5.5 (commencing with Section 13570) to Chapter 8 of Division 6 of the Public Utilities Code, relating to waste water and sewage disposal.

[Approved by Governor August 24, 1971 Filed with
Secretary of State August 24, 1971]

The people of the State of California do enact as follows:

SECTION 1. Article 5.5 (commencing with Section 13570) is added to Chapter 8 of Division 6 of the Public Utilities Code, to read:

Article 5.5. Waste Water Control

13570. The board shall supervise and regulate sewage disposal within a special district, including the fixing of standards, contracts, issuance of licenses or permits, practices and schedules for or in connection with waste water control and sewage disposal functions of such special district.

13571. Without limiting in any way the provisions of this division, and in addition to the powers granted therein, the board may make and enforce such regulations for the control of quantity, quality and flow of waste water within the boundaries of a special district as are not in conflict with the general laws of the state. "Waste water" shall include all sewage, industrial and other wastes and waters, whether treated or untreated, discharged into or permitted to enter a community sewer system connected to or directly into a district interceptor for treatment in sewage disposal facilities of a special district.

13572. Rules and regulations pertaining to the control of quantity, quality or flow of waste water may provide for any or all of the following:

(a) Periodic technical reports to the district from contributors or dischargers into the district's system.

(b) The issuance of permits or licenses by the district as a condition of discharging waste water for treatment in sewage disposal facilities of a special district.

(c) The installation by the contributor or discharger of pre-treatment works or facilities.

(d) The installation by the contributor or discharger of waste water sampling and inspection facilities.

(e) Procedures for enforcement of waste water standards and regulations adopted by the district and remedies for violation thereof.

(f) Entry by the district upon private property to make surveys, inspections or samplings.

(g) Such other provisions as are necessary to effectuate the control of the quantity, quality and flow of waste water within a special district.

13573. No person shall discharge waste water into a community sewer system connected to or directly into a district interceptor which will result in contamination, pollution or a nuisance. All discharges of waste water which are, or could be, harmful to or unreasonably affect the sewage disposal facilities of a district, or which impair or unreasonably affect the operation and maintenance of such facilities, or which violate quantity, quality and flow standards adopted by the district, and all waste water discharges which unreasonably affect, or could unreasonably affect, the quality of the district's treatment plant effluent in such a manner that receiving water quality requirements established by law cannot be met by the district, shall constitute a nuisance for the purposes of this article.

13574. Whenever a discharge of waste water is in violation of the district's regulations or otherwise causes or threatens to cause a condition of contamination, pollution or nuisance, as defined in this article, the district may petition the superior court for the issuance of a preliminary or permanent injunction, or both, as may be appropriate, restraining the continuance of such discharge. In any civil action brought under this section, it shall not be necessary to allege or prove at any stage of the proceedings that irreparable damage will occur should the temporary restraining order, preliminary injunction or permanent injunction not be issued or that the remedy at law is inadequate and the temporary restraining order, preliminary injunction or permanent injunction shall issue without such allegations and without such proof.

13575. (a) Any person who intentionally or negligently violates any order issued by the district for violation of rules regulating or prohibiting discharge of waste water which causes or threatens to cause a condition of contamination, pollution or nuisance, as defined in this article, may be liable civilly in a sum not to exceed six thousand dollars (\$6,000) for each day in which such violation occurs.

(b) The attorney of the district, upon request of the board, shall petition the superior court to impose, assess and recover

such sums. In determining such amount the court shall take into consideration all relevant circumstances, including, but not limited to, the extent of harm caused by the violation, the nature and persistence of the violation, the length of time over which the violation occurs and corrective action, if any, attempted or taken by the discharger.

13576. Any person who intentionally discharges waste water in any manner, in violation of any order issued by the district, which results in contamination, pollution or a nuisance, as defined in this article, is guilty of a misdemeanor.

13577. Any abatement actions taken pursuant to the foregoing sections with respect to contamination, pollution or nuisance, as defined in this article, created by the discharge of waste water into a community sewer system shall be taken against the agent or agency operating such system and the contributor or contributors whose waste creates the contamination, pollution or nuisance.

13578. The district may enter upon private property of any person and sample at, inspect or survey the waste water sampling installation or pretreatment facilities or processes of any contributor or discharger to ascertain whether district regulations for control of quantity, quality and flow of waste water are being complied with. Such inspections shall be made with the consent of the owner or possessor of such facilities or, if such consent is refused, with a warrant duly issued pursuant to the procedure set forth in Title 13 (commencing with Section 1822.50) of Part 3 of the Code of Civil Procedure. However, in the event of an emergency affecting the public health or safety, such inspection may be made without the consent or the issuance of a warrant. The district may terminate or cause to be terminated sewage disposal or water services to such property if a violation of any rule or regulation pertaining to control of waste water is found to exist or if a discharge of waste water causes or threatens to cause a condition of contamination, pollution or nuisance, as defined in this article.

CHAPTER 741

An act to add Section 10505 to the Government Code, relating to investments by public retirement systems.

[Approved by Governor September 21, 1971. Filed with Secretary of State September 21, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 10505 is added to the Government Code, to read:

10505. The governing board or retirement board of the retirement system of every local agency as defined in Section 54951, shall on or before six months following the close of the fiscal year transmit to the committee a report containing a description of all securities held and a comprehensive report of transactions involving the investments of their retirement funds similar to that required of a life insurance company licensed to do business in California. Such report shall include all security transactions, including whom the board purchased securities from and through whom the board purchased. The board shall also so report on all mortgage transactions, including specifically the mortgage broker, mortgage banker, and savings and loan association the board does business with, whether the transaction involved cash, and which banks or savings and loan associations the board has accounts with.

CHAPTER 742

An act to amend Sections 20165, 20952.5, 21033, 21102, 21252.001, 21252.5, 21257.1, 21257.2, 21257.3, 21257.4, and 21330 of, the Government Code, relating to the Public Employees' Retirement System, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1971. Filed with Secretary of State September 21, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 20165 of the Government Code is amended to read:

20165. If more or less than the correct amount of contribution required of members, the state, or any contracting agency, is paid, proper adjustment shall be made in connection with subsequent payments, or such adjustments may be made by direct cash payments between the member, state, or contracting agency concerned and the board. Adjustments to correct any other errors in payments to or by the board, including adjustments of contributions, with interest, which are found to be erroneous as the result of corrections of dates of birth, may be made in the same manner. Adjustments to correct overpayment of a retirement allowance may also be made by adjusting the allowance so that the retired person or the retired person and his beneficiary, as the case may be, will receive the actuarial equivalent of the allowance to which the member is entitled. Losses or gains resulting from error in amounts within the limits set by the State Board of Control for automatic writeoff, and losses or gains in greater amounts specifically approved for writeoff by the State Board of Control, shall be debited or credited, as the case may be, to the reserve against deficiencies in interest earned in other years, losses under investments, and other contingencies.

No adjustment shall be made because less than the correct amount of normal contributions was paid by a member if, upon application of the member made within 90 days of discovery of the error by the system, the board finds that the error was not known to the member and was not the result of erroneous information provided by him to the system or to his employer and such failure to adjust will not preclude action under Section 20180 correcting the date upon which the person became a member.

The actuarial equivalent under this section shall be computed on the basis of the mortality tables and actuarial interest rate in effect under the system on December 1, 1970.

SEC. 2. Section 20952.5 of the Government Code is amended to read:

20952.5. Notwithstanding the provisions of Section 20952, a local safety member shall be retired for service upon his written application to the board if he has attained age 50 and is entitled to be credited with 20 years of state service or if

the amount of his accumulated contributions standing to his credit exceeds five hundred dollars (\$500).

However, if a local safety member retires before attaining the minimum age of voluntary retirement which would be applicable to him if this section had not been enacted, his prior and current service pensions shall be reduced to that amount which the value of the pensions as deferred to that minimum age will purchase at the actual age of retirement on the basis of the mortality tables and actuarial interest rate in effect on December 1, 1970, under the system with respect to such members.

This section shall not apply to any contracting agency nor to the employees of any contracting agency unless and until the agency elects to be subject to the provisions of this section by amendment to its contract made in the manner prescribed for approval of contracts, except that an election among the employees is not required, or, in the case of contracts made after the date this section takes effect, by express provision in such contract making the contracting agency subject to the provisions of this section.

SEC. 2.5. Section 20952.5 of the Government Code is amended to read:

20952.5. Notwithstanding the provisions of Section 20952, a local safety member to whom Section 20952 applies shall be retired for service upon his written application to the board if he has attained age 50 and is credited with five years of state service.

However, if such member retires before attaining age 55, his prior and current service pensions shall be reduced to that amount which the value of the pensions as deferred to that minimum age will purchase at the actual age of retirement on the basis of the mortality tables and actuarial interest rate in effect on December 1, 1970, under the system with respect to such members.

This section shall not apply to any contracting agency nor to the employees of any contracting agency unless and until the agency elects to be subject to the provisions of this section by amendment to its contract made in the manner prescribed for approval of contracts, except that an election among the employees is not required, or, in the case of contracts made after the date this section takes effect, by express provision in such contract making the contracting agency subject to the provisions of this section.

SEC. 3. Section 21033 of the Government Code is amended to read:

21033. If the retirement allowance of any person retired for disability is canceled for any cause other than reentrance into state service, and if he does not reenter state service, an amount which is the actuarial equivalent of his annuity at cancellation, based on a disabled life, but not exceeding the amount of his accumulated contributions at the time of his retirement for disability, shall be credited to his individual account, and

shall be refunded to him unless he elects, under Section 20393, to allow his accumulated contributions to remain in the retirement fund.

The actuarial equivalent under this section shall be computed on the basis of the mortality tables and actuarial interest rate in effect under the system on December 1, 1970.

SEC. 4. Section 21102 of the Government Code is amended to read:

21102. When any person is reinstated from retirement under this article, his retirement allowance shall be canceled forthwith, and he shall become a member of this system as of the date of reinstatement. His individual account shall be credited with an amount which is the actuarial equivalent of his annuity at the date of reinstatement, not to exceed the amount of his accumulated contributions as it was at the date of retirement. His future rate of contributions and his retirement allowance upon subsequent retirement shall be determined in accordance with Chapter 5 and Chapter 9 of this part, respectively.

The actuarial equivalent under this section shall be computed on the basis of the mortality tables and actuarial interest rate in effect under the system on December 1, 1970.

SEC. 5. Section 21252.001 of the Government Code is amended to read:

21252.001. The current service pension for a local miscellaneous member who is an employee of a contracting agency which is subject to the provisions of this section and who retires upon or after attaining age 65, is a pension, derived from the contributions of the contracting agency sufficient, when added to the service retirement annuity that is derived from the accumulated normal contributions of the member at the date of his retirement, to equal one-seventieth of his final compensation multiplied by the number of years of current service rendered as an employee of the contracting agency, except service in a membership category other than that of a local miscellaneous member, with which he is entitled to be credited at retirement. If such a member retires before attaining age 65, the current service pension shall be reduced to that amount which the value of the pension as deferred to age 65 will purchase at the actual age at retirement on the basis of the actuarial interest rate and mortality tables in effect on December 1, 1970 under the system with respect to such members.

This section shall apply only to those contracting agencies which were subject to it on the effective date of the amendment to this section at the 1969 Regular Session of the Legislature.

SEC. 6. Section 21252.5 of the Government Code is amended to read:

21252.5. The combined current and prior service pensions for a local safety member who is an employee of a contracting agency which is subject to the provisions of this section, is an annual pension which when added to the service retirement

annuity that is derived from the accumulated normal contributions of the member shall equal the sum of the following:

(a) A temporary annuity based on age at retirement and length of service computed according to the following formula:

(1) 0.50 times the product of his age at retirement and his years of credited prior and current service not in excess of 20 years, plus

(2) 0.40 times the product of his age at retirement and his years of credited prior and current service in excess of 20 years.

(b) The percentage of final compensation set forth opposite his age at retirement in the following table multiplied by the number of years of credited current and prior service as a safety member in the employ of all contracting agencies subject to this section at the time of his retirement:

If retirement occurs at age:	The percent for each year of credited service is:
60	1.250
60 $\frac{1}{4}$	1.275
60 $\frac{1}{2}$	1.300
60 $\frac{3}{4}$	1.325
61	1.350
61 $\frac{1}{4}$	1.375
61 $\frac{1}{2}$	1.400
61 $\frac{3}{4}$	1.425
62	1.450
62 $\frac{1}{4}$	1.475
62 $\frac{1}{2}$	1.500
62 $\frac{3}{4}$	1.525
63	1.550
63 $\frac{1}{4}$	1.575
63 $\frac{1}{2}$	1.600
63 $\frac{3}{4}$	1.625
64	1.650
64 $\frac{1}{4}$	1.675
64 $\frac{1}{2}$	1.700
64 $\frac{3}{4}$	1.725
65	1.750

If the member retires before attaining age 60, the prior and current service pension under this section shall be reduced to that amount which the value of the pensions, as deferred to age 60, will purchase at the actual age of retirement on the basis of the mortality tables and actuarial interest rate in effect on December 1, 1970, under the system with respect to such members.

The temporary annuity under subdivision (a) of this section shall not be subject to the optional settlements under Article 4 of this chapter and shall be payable monthly until the retired member attains or would have attained age 65. Should his

death occur prior to age 65, the commuted value of any remaining installments shall be paid to his designated beneficiary in the manner provided in Section 21332.5 for payment of death benefits under optional settlement one.

The agency's liability for prior service shall be in the same proportion to the total reserves required as the years of credited prior service bear to the total years of credited service. The agency's liability for current service shall consist of the remainder of the total reserves required after deducting the liability for prior service and the accumulated normal contributions of the member.

This section shall apply only to a contracting agency which elected prior to October 1, 1965, by express provision of its contract or amendment thereto to be subject hereto.

Sec. 7. Section 21257.1 of the Government Code is amended to read:

From any moneys made available to him for that purpose, the Director of the Youth Authority shall make allocations to county delinquency prevention commissions for administrative expenses not to exceed one thousand dollars (\$1,000) per year for each commission. Additional allocations may be made to county delinquency prevention commissions on a matching basis for the development of delinquency prevention projects or programs administered and operated by local governmental or nongovernmental organizations under the general supervision of the county delinquency prevention commission. These projects or programs, in order to qualify for allocations, must meet minimum standards of performance established by the Director of the Youth Authority. A copy of the minimum standards of performance shall be transmitted by the Director

of the Youth Authority to the chairman of the county delinquency prevention commission at the time the allocation is made.

CHAPTER 748

An act to amend Sections 4615, 4616, 4617, and 4618 of the Public Resources Code, relating to forest practices.

[Approved by Governor September 23, 1971. Filed with Secretary of State September 23, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 4615 of the Public Resources Code is amended to read:

4615. The State Forester may take appropriate steps as are necessary and incur expenses to correct any violation of the forest practice rules, applicable forest management plan, or applicable alternate plan, including but not limited to the planting of a reasonable number of seedlings and young growth trees to restock cutover land. The expenses so incurred shall not exceed an average of one hundred dollars (\$100) for each acre in the logging area.

SEC. 2. Section 4616 of the Public Resources Code is amended to read:

4616. Prior to taking corrective action, the State Forester shall serve a written notice upon the timber operator and the timber owner by certified or registered mail to the last address of record of each. If the timber owner is unknown, then service of the notice may be made upon the owner by posting a copy of the notice upon the property where the violations exist. The notice shall include a statement of the corrective action to be taken, a date not less than 30 days from the date of service or posting of the notice by which such corrective action is to be taken, and a statement that if such corrective action is not taken on or before the date specified the State Forester may take corrective action and charge the timber operator or the timber owner for the costs thereof pursuant to Section 4618. The notice shall also include a statement that if the timber operator or timber owner disagrees for any reason with the proposed corrective action or with the charging of the owner or operator with the costs thereof, he may within 10 days from the service or posting of the notice request of the State Forester a public hearing before the board.

The State Forester may record such notice in each county wherein the land in violation is situated, together with a statement that any and all expenses incurred by the State Forester in taking corrective action pursuant to the provisions of this

article shall be a lien against the land. Upon satisfactory proof that corrective action has been completed the State Forester shall record a notice to that effect.

Any expenses incurred by the State Forester in taking such corrective action shall be a lien upon the property upon which such action was taken when notice of the lien is recorded. Notice of the lien, particularly identifying the property upon which such action was taken and the amount of such lien, shall be recorded, if at all, by the State Forester in the office of the county recorder of the county in which such property is situated within one year after the first item of expenditures by the State Forester or within 90 days after the completion of such action, whichever first occurs. Upon such recordation, the lien shall have the same force, effect, and priority as a judgment lien, except that it shall attach only to the property on which such action was taken. The State Forester may at any time release all or any portion of the property subject to such lien from the lien or subordinate it to other liens and encumbrances, if he determines that the amount owed is sufficiently secured by a lien on other property or that the release or subordination of such lien will not jeopardize the collection of such amount owed. A certificate by the State Forester to the effect that any property has been released from such lien or that such lien has been subordinated to other liens and encumbrances shall be conclusive evidence that the property has been released or that the lien has been subordinated as provided in such certificate.

SEC. 3. Section 4617 of the Public Resources Code is amended to read:

4617. If the corrective action is not taken by the timber operator or the timber owner on or before the date specified in the notice served pursuant to Section 4616, the State Forester may take or contract for the taking of such corrective action and recover the expenses of the corrective action as provided in Section 4618. If a request is made for a public hearing within 10 days from the service or posting of the notice or if the service of the notice is made upon the timber owner by posting a copy thereof on the property, the State Forester shall not take any corrective action without further order by the board. Where the timber owner or the timber operator makes such a request for public hearing, the board, after at least 15 days written notice, shall hold a public hearing to hear the objections of the owner or operator, or both, to the proposed action. The board may, but need not, conduct the hearing in accordance with the applicable provisions of Chapter 5 (commencing with Section 11500), Part 1, Division 3, Title 2 of the Government Code. At the conclusion of the hearing, the board may make an order specifying the action to be taken by the timber owner or the timber operator to correct the violation, setting the time limits for such action, and authorizing the State Forester to take such action if the timber owner or timber operator does not do so within the specified time.

No action shall lie on any violation occurring more than three years prior to commencement of proceedings pursuant to Section 4616.

SEC. 4. Section 4618 of the Public Resources Code is amended to read:

4618. The expenses incurred by the State Forester in taking any corrective action pursuant to Sections 4615 to 4617, inclusive, shall be increased by two hundred fifty dollars (\$250) or 10 percent, whichever sum is highest, as administrative costs and shall constitute a debt of the timber owner and the timber operator and if not paid by the timber operator within 10 days after written demand therefor may be recovered by the State Forester in a civil action against the timber owner or the timber operator or against both jointly. No action to recover expenses shall be commenced later than two years following the incurring of the expenses.

Neither the State Forester nor any person authorized by him to enter upon any lands for the purpose of administering Sections 4615 to 4617, inclusive, nor any timber operator or timber owner is liable to civil action for trespass for acts necessary to carry out the provisions of such sections.

(c) No driver or other person in charge of any vehicle on any public or private property shall permit any explosive to be loaded into, or on, or to be unloaded from any motor vehicle with the engine running, and, whenever any loading operation is in progress, the parking brake on the motor vehicle shall be securely set and all reasonable precautions taken to prevent movement of the motor vehicle during loading or unloading.

(d) No driver or other person in charge of such vehicle shall operate or permit the operation of any vehicle transporting explosives unless all of that portion of the lading which consists of explosives is contained entirely within the body of the motor vehicle or within the horizontal outline thereof, without overhang or projection of any part of the load, and if such motor vehicle has a tailboard or tailgate it shall be closed and secured in place during such transportation.

(e) Every motor vehicle transporting explosives shall have either a closed body or have the explosive cargo covered with a fire- and water-resistant tarpaulin, and in either event, care shall be taken to protect the load from moisture and sparks. Subject to other exceptions as are permitted by the United States Department of Transportation regulations, explosives may be transported on flat-bed vehicles if the explosive portion of the load on each vehicle is packed in fire- and water-resistant containers or covered with a fire- and water-resistant tarpaulin.

(f) No person shall operate any vehicle transporting explosives past any fire of any kind burning on or near the highway until the driver ascertains that such passing can be made with safety.

(g) No motor vehicle transporting explosives shall be left unattended upon any street or highway except in extreme emergency. The vehicle shall be deemed attended whenever a driver or person in charge thereof is in or upon the vehicle or is in a position to observe the vehicle at all times. The driver or person in charge of a vehicle transporting explosives may, however, leave the vehicle unattended at any place designated as a safe parking place on the list of safe stopping places prepared by the Department of the California Highway Patrol unless conditions exist, which are known to the driver, which make it unreasonable to do so.

(h) No driver or other person shall smoke or light any match or otherwise have or produce any fire or flame while in, upon, or near any vehicle transporting explosives.

13. To exercise the right of eminent domain, within or without said district, and in the manner provided by law for the condemnation of private property for public use, to take any property necessary to carry out any of the objects or purposes of this act, whether such property be already devoted to any public use by any district or other public corporation, or agency, or otherwise; provided, however, that the district in exercising such power shall in addition to the damage for the taking, injury, or destruction of property, also pay the cost of removal, reconstruction or relocation of any structure, railways, mains, pipes, conduits, wires, cable, poles, of any

public utility which is required to be moved to a new location; and provided further, that notwithstanding any other provision of this act or any other law, no property shall be taken unless it is taken upon a finding by a court of competent jurisdiction that the taking is for a more necessary public use than that to which it has already been appropriated; and provided further, that no right shall exist in said district to take by proceedings in eminent domain any property, including water rights, appropriated to public use by any existing city and county or public district. The district shall also have and may exercise the right to condemn any existing works or improvements in said district or along streams flowing into said district now or hereafter used to control flood or storm waters, or to conserve such flood or storm waters or to protect any property in said district or along streams flowing into said district from damage from such flood or storm waters, and it is hereby declared that the use of the property, lands, rights-of-way, easements, or materials which may be condemned, taken or appropriated under the provision of this act is a public use subject to the regulation and control of the state in the manner prescribed by law; provided, however, that nothing in this act contained shall be deemed to authorize said district, or any person or persons to divert the waters of any river, creek, stream, irrigation system, canal or ditch, or the waters thereof or therein unless compensation therefor be first provided in the manner prescribed by law.

The power of eminent domain vested in the board of supervisors of said district shall include the power to condemn in the name of the district either the fee simple or any lesser estate, easement, or interest in any real property which the board of supervisors of the district by resolution shall determine is necessary for carrying out the purposes of this act. Such resolution shall be prima facie evidence that the taking of such fee simple or any lesser estate or easement or interest as the case may be, is necessary; provided, however, that when the board of supervisors shall, by resolution or ordinance adopted by vote of four-fifths of all its members, have found and determined that the public interest and necessity require the acquisition, construction, or completion by said district of any public improvement for flood control purposes and that the property described in such resolution or ordinance is necessary therefor, such resolution or ordinance shall be conclusive evidence (a) of the public necessity of such proposed public improvement, (b) that such property is necessary therefor, and (c) that such proposed public improvement is planned or located in the manner which will be most compatible with the greatest public good, and the least private injury.

Nothing in this act contained shall be construed as in any way affecting the plenary power of any existing city and county or public district to provide for a water supply for such city and county or public district, or as affecting the

absolute control of any properties of such city and county or public district necessary for such water supply and nothing herein contained shall be construed as vesting any power of control over such properties in Marin County Flood Control and Water Conservation District or in any officer thereof, or in any person referred to in this act.

14. To provide, by agreement with other public agencies or private persons or entities or otherwise, for the recreational use of the lands, facilities, and works of such district which shall not interfere, or be inconsistent, with the primary use and purpose of such lands, facilities, and works by such district.

15. In addition to its other powers, the district shall have the power to preserve and enhance its properties and, upon a finding by the board of supervisors that the acquisition is necessary for such purposes, to acquire, preserve, and enhance lands or interests in lands within the County of Marin contiguous to its properties, for the protection and preservation of the scenic beauty and natural environment for such properties or such lands.

SEC. 2. Section 11.2 is added to the Marin County Flood Control and Water Conservation District Act (Chapter 666 of the Statutes of 1953), to read:

Sec. 11.2. The board of supervisors may pursuant to Section 11 establish a zone for the sole purpose of maintaining flood control facilities. In such event, the board may specify a maximum tax rate to be levied in the zone. If such tax rate is thereafter increased, and 10 percent of the electors in the zone file a written protest to the increase within 30 days following the board action, an election thereon shall be held and conducted as nearly as practicable in the manner provided in Section 13. In such event, the tax rate shall not be increased unless the increase is approved by a majority of the persons casting votes at such election.

[Approved by Governor September 23, 1971. Filed with Secretary of State September 23, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Part 11.5 (commencing with Section 72750) is added to Division 20 of the Water Code, to read:

PART 11.5. MARIN MUNICIPAL WATER DISTRICT

CHAPTER 1. SUPPLEMENTAL WATER SUPPLIES

72750. The Marin Municipal Water District, in addition to or in conjunction with any provision of this division, may do any of the following in order to implement the acquisition,

storage, transportation, and distribution of water for such district:

(a) Fix such rates for water in the district, and in each improvement district therein, as will result in revenues which will pay the amounts payable by the district without limitation, pursuant to contracts or leases entered into by the district.

(b) Contract with any person, political subdivision, public corporation or agency, for the purchase of water and water supply, or for the right to use, or for capacity in, all or any part of water storage, transportation, or distribution facilities, existing waterworks or a waterworks system.

(c) Lease from any person, political subdivision, public corporation or agency, with the privilege of purchasing or otherwise, all or any part of, or the right to use, or for capacity in, all or any part of water storage, transportation, or distribution facilities, existing waterworks, or a waterworks system.

CHAPTER 2. TAXES AND OTHER REVENUES

72755. If the revenues of the district, or of any improvement district therein, are, or in the judgment of the board will probably be, inadequate for any cause to pay the principal of, or interest on, any bonded debt of the district, or any improvement district thereof, as it becomes due and also the amounts set forth in Section 71616, and also any amounts pursuant to contracts or leases referred to in this part applicable to the Marin Municipal Water District, the board shall cause a tax to be levied, sufficient to provide for such deficit and to pay the amount of such principal and interest that will become due before the proceeds of a tax levied at the next general tax levy will be available.

CHAPTER 3. ELECTIONS

72760. The Marin Municipal Water District in Marin County shall not exercise any powers under this part by which the district incurs an indebtedness or liability exceeding in any year the income or revenue for such year, without the approval of a majority of the voters of the district voting at an election held within the district for that purpose. Such election may be combined with any other election held within the district. If a majority of the votes cast at the election is in favor of the proposition, the county clerk shall immediately cause to be filed with the Secretary of State a certificate reciting such fact. Notwithstanding any provision of law to the contrary, the provisions of Article 3 (commencing with Section 3780) of Chapter 2 of Division 4 of the Elections Code, except Section 3785.5, shall apply to such election.

Sec. 2. The Legislature hereby declares that the enactment of this act as a special law, applicable only to the Marin Municipal Water District, is necessary because

of unique conditions existing within such district. The district, in financing the first stage of the Sonoma-Marin Aqueduct water importation plan by approval of a bond issue in November, 1970, provided assurances that the succeeding stages of the plan would be financed by means of bond issues subject to voter approval. To insure that prior assurances are fulfilled, it is necessary that the powers granted under this act be approved by the district voters prior to their lawful exercise.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In the Marin Municipal Water District the urgent need for water and water supply can most practicably be met by contracting for the joint use of available facilities or the joint construction of new facilities. In order that such contractual arrangements to meet the urgent need for adequate water supply may be entered into at the earliest possible time, it is necessary that this act take effect immediately.

The holidays upon which such rates shall be paid need not be specified by the awarding body, but shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workman employed on the project.

In determining such rates, the awarding body shall ascertain and consider the applicable wage rates established by collective bargaining agreements and such rates as may have been predetermined for federal public works, within the locality and in the nearest labor market area. The rate fixed for each craft, classification or type of work shall be not less than the prevailing rate paid in such craft, classification or type of work.

In the event that the awarding body chooses to refer to a copy of the prevailing rate of per diem wages on file at its principal office, in lieu of specifying them in each call for bids and in the contract, the awarding body shall publish its determination of the prevailing rate of wages at least one time during each year, and in such event, the awarding body shall cause a copy thereof to be posted at each jobsite.

SECTION 1. Section 3258 of the Unemployment Insurance Code is amended to read:

3258. If a voluntary plan does not provide for the assumption by an admitted disability insurer of the liability of the employer to pay the benefits afforded by the plan, the director shall not approve it unless the employer files with the director the bond of an admitted surety insurer conditioned on the payment by the employer of his obligations under the plan, or deposits with the director securities approved by him to secure the payment of such obligations. The penal sum of the bond or the amount of the deposit shall be determined by the director and shall be not less than five-tenths of 1 percent of the taxable wages prescribed by Section 985 paid during the preceding year to the employees to be covered by the plan, or five-tenths of one percent (0.5%) of the estimated taxable wages prescribed by Section 985 to be paid to such employees for the ensuing year, whichever is greater. Upon approval, such bond, money, or securities shall upon his written order be deposited with the State Treasurer for the purpose herein specified. An employer may, but need not, assume all or part of the cost of the plan, and may deduct from the wages of an employee covered by the plan, for the purpose of providing the disability benefits specified in this part, an amount not in excess of that which would be required by Sections 984 and 985 if the employee were not covered by the plan. Any such deductions from the wages of an employee remaining in the possession of the employer upon termination of the plan, as a result of plan contributions being in excess of plan costs, which are not disposed of in conformity with authorized regulations, shall be remitted to the Disability Fund. If an employer fails to remit any such deductions to the Disability Fund, the director shall assess the amount thereof against the employer. The provisions of Article 8 (commencing with Section 1126) of Chapter 4 of Part 1 of this division with respect to the assessment of contributions and the provisions of Chapter 7 (commencing with Section 1701) of Part 1 of this division with respect to the collection of contributions shall apply to assessments provided by this section, except that interest

shall not accrue until 30 days after notice of assessment. With respect to individuals covered by a voluntary plan on January 1st of a calendar year for which the limitation on taxable wages under Section 985 is increased or the tax rate under Section 984 is increased, the amount of the deduction on or after that date may be increased to apply to not more than the maximum limitation on taxable wages or to not more than the maximum tax rate without any further consent of the individual or approval of the director, but only if such increase in the amount of the deduction is made immediately effective as of January 1st of that particular year.

SECTION 1. Section 532 of the Revenue and Taxation Code is amended to read:

532. Any assessment to which the penalty provided for in Section 504 must be added shall be made within six years after July 1 of the assessment year in which the property escaped taxation or was underassessed. Any other assessment made pursuant to Article 3 (commencing with Section 501) of this chapter, or pursuant to this article shall be made within four years after July 1 of the assessment year in which the property escaped taxation or was underassessed; provided, however, that with respect to property which escaped taxation for the fiscal years commencing on July 1, 1966, and ending on June 30, 1967, and commencing on July 1, 1967, and ending on June 30, 1968, such assessment shall be made on or before October 6, 1971.

Any assessment made pursuant to Article 3 (commencing with Section 501) of this chapter or made pursuant to this article shall not create or impose a lien or charge on such real property for such assessment or any penalty or interest if (1) such real property has been transferred or conveyed to a bona fide purchaser for value prior to the date of such assessment and the showing thereof on the secured roll with the date of entry specified thereon, or (2) such real property is subject to a lien of a bona fide encumbrance for value created and attaching prior to the date of such assessment and the showing thereof on the secured roll with the date of entry specified thereon. In such cases the assessor or tax collector may record with the county recorder of any county a certificate which shall set forth the name of the person who would have been the assessee in the year in which such real property escaped

assessment and the amount or amounts of any such assessments and penalties. From the date of the recording of such certificate a lien shall be created and attach against any real property owned by such person in the county or counties in which any such certificate may have been recorded which lien shall have the force, effect and priority of a judgment lien. Assessments made pursuant to this section which do not create, impose, or constitute a lien or charge on the property assessed may be enrolled on the unsecured roll of the current year by the county auditor and if so enrolled shall be collected in the same manner as other delinquent taxes on the unsecured roll and shall be subject to delinquent penalties in the same manner as taxes transferred to the unsecured roll under Section 4986. The statute of limitations for the collection of such taxes shall commence to run from the date of enrollment.

The tax collector, with the approval of the board of supervisors, may at any time release all or any portion of real property subject to any lien created or attaching by the recording of such a certificate from such lien or subordinate such lien to other liens and encumbrances if he determines that the assessment or taxes are sufficiently secured by a lien on other property belonging to the person named in such a certificate or that the release or subordination will not endanger or jeopardize the collection of such assessment or taxes.

A written certification by the tax collector to the effect that real property subject to any lien imposed by the recording of the certificate as hereinbefore provided has been released from such lien or that such lien has been subordinated to other liens shall be conclusive evidence as to any bona fide purchaser, encumbrancer or lessee that such lien has been released or has been subordinated as set forth in such written certification. Such written certification may be recorded with the county recorder of any county.

submit bids for each project within such bidder's prequalification rating, even though such rating is insufficient to permit the bidder to be awarded the contract for each project bid upon.

In no event shall any bidder be awarded a contract if such contract award would result in the bidder having under contract work in excess of that authorized by his prequalification rating. If the department determines that a bidder would be awarded the contract for two or more projects but cannot be awarded the contract for all such projects because of the inadequacy of his prequalification rating, the department shall determine which of the bids of such bidder are to be accepted and the contract awarded thereon and which of the bids of such bidder are to be disregarded. In making its decision the department shall be guided by the combination of contract awards which will result in the lowest total cost for the projects involved.

CHAPTER 803

An act to amend Section 2 of the Los Angeles County Flood Control Act (Chapter 755 of the Statutes of 1915), relating to the Los Angeles County Flood Control District.

[Approved by Governor September 29, 1971. Filed with Secretary of State September 29, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 2 of the Los Angeles County Flood Control Act (Chapter 755 of the Statutes of 1915) is amended to read:

Sec. 2. The objects and purposes of this act are to provide for the control and conservation of the flood, storm and other

waste waters of said district, and to conserve such waters for beneficial and useful purposes by spreading, storing, retaining or causing to percolate into the soil within said district, or to save or conserve in any manner, all or any of such waters, and to protect from damage from such flood or storm waters, the harbors, waterways, public highways and property in said district.

Said Los Angeles County Flood Control District is hereby declared to be a body corporate and politic, and as such shall have power:

1. To have perpetual succession.
2. To sue and be sued in the name of said district in all actions and proceedings in all courts and tribunals of competent jurisdiction.
3. To adopt a seal and alter it at pleasure.
4. To take by grant, purchase, gift, devise or lease, hold, use, enjoy, and to lease or dispose of real or personal property of every kind within or without the district necessary to the full exercise of its power.
5. To acquire or contract to acquire lands, rights-of-way, easements, privileges and property of every kind, and construct, maintain and operate any and all works or improvements within or without the district necessary or proper to carry out any of the objects or purposes of this act, and to complete, extend, add to, repair or otherwise improve any works or improvements acquired by it as herein authorized. Construction or improvement of existing facilities may involve landscaping and other aesthetic treatment in order that the facility will be compatible with existing or planned development in the area of improvement.
6. To have and exercise the right of eminent domain, and in the manner provided by law for the condemnation of private property for public use, to take any property necessary to carry out any of the objects or purposes of this act, whether such property be already devoted to the same use by any district or other public corporation or agency or otherwise, and may condemn any existing works or improvements in said district now used to control flood or storm waters, or to conserve such flood or storm waters or to protect any property in said district from damage from such flood or storm waters.
7. To incur indebtedness, and to issue bonds in the manner herein provided.
- 7a. In addition to the powers given in the next preceding subsection, to borrow money from the United States of America, any agency or department thereof, or from any non-profit corporation, organized under the laws of this state, to which the Reconstruction Finance Corporation, a corporation organized and existing under and by virtue of an act of Congress, entitled "Reconstruction Finance Corporation Act," or other agency, or department, of the United States government,

has authorized, or shall hereafter authorize, a loan to enable such nonprofit corporation to lend money to said Los Angeles County Flood Control District, for any flood control work authorized under this act, and to repay the same, in annual installments, over a period of not to exceed twenty (20) years, with interest at a rate of not to exceed four and one-fourth per centum ($4\frac{1}{4}\%$) per annum, payable semiannually, and, without the necessity of an election when authorized by resolution of the board of supervisors, as evidences of such indebtedness, said district is hereby authorized to execute and deliver a note, or a series of notes, or bonds, or other evidences of indebtedness, signed by the chairman of the board of supervisors of said district, which notes, bonds, or other evidences of indebtedness, shall be negotiable instruments if so declared in said resolution of the board of supervisors providing for their issuance, and said notes, bonds, or other evidences of indebtedness, may have interest coupons attached to evidence interest payments, signed by the facsimile signature of said chairman of said board. All applications for such loans shall specify the particular flood control work or projects for which the funds will be expended, and when received, the money shall be deposited in a special fund, and shall be expended for those purposes only which are described and referred to in the applications. If a surplus remains after the completion of said work, such surplus shall be applied to the payment of the note, notes, bonds, or other evidences of indebtedness, executed as aforesaid, for the loan including interest coupons. The board of supervisors shall annually, levy a tax upon the taxable real property of said district, clearly sufficient to pay the interest and installments of principal, as the same shall become due and payable, under any loan made pursuant to the authority of this section, and to create and maintain a reserve fund to assure the prompt payment thereof, as may be provided by said resolution of the board of supervisors; provided, however, that the amount of taxes levied in any year, pursuant to the provisions of this subsection, shall, pro tanto, reduce the authority of the board of supervisors, during any such year, to levy taxes under Section 14 of this act, but this proviso shall not be a limitation upon the power and duty to levy and collect taxes under this subsection.

Notwithstanding anything in this subsection 7a to the contrary, the total amount which said district may borrow under the authority of any or all of the provisions of this subsection is limited to and shall not exceed in the aggregate the sum of four million five hundred thousand dollars (\$4,500,000).

7b. The power granted in the next preceding subsection is hereby extended to authorize the issuance and sale of bonds or other evidences of indebtedness of said district to the County of Los Angeles and the purchase thereof by said county in accordance with "An act authorizing the investment and rein-

vestment and disposition of any surplus moneys in the treasury of any county, city and county, incorporated city or town or municipal utility district or flood control district," approved April 23, 1913, as amended; all subject to the provisions and limitations of the next preceding subsection relative to the disposition and use of funds, interest rate, period of repayment, tax rate and mode of issuance. The total amount of bonds or other evidence of indebtedness, in the aggregate, which the district may issue and sell under the authority of subsection 7a and of this subsection is limited to and shall not exceed four million five hundred thousand dollars (\$4,500,000).

8. To cause taxes to be levied and collected for the purpose of paying any obligation of the district in the manner hereinafter provided.

9. To make contracts, and to employ for temporary services only, expert appraisers, consultants and technical advisers, and to do all acts necessary for the full exercise of all powers vested in said district, or any of the officers thereof, by this act.

10. To grant or otherwise convey to counties, cities and counties, cities or towns easements for street and highway purposes, over, along, upon, in, through, across or under any real property owned by said Los Angeles County Flood Control District.

11. To remove, carry away and dispose of any rubbish, trash, debris or other inconvenient matter that may be dislodged, transported, conveyed or carried by means of, through, in, or along the works and structures operated or maintained hereunder and deposited upon the property of said district or elsewhere.

12. To pay premiums on bonds of contractors required under any contract wherein the amount payable to the contractor exceeds five million dollars (\$5,000,000); provided, that the specifications in such cases shall specifically so provide and state that the bidder shall not include in his bids the cost of furnishing the required bonds.

13. To lease, sell or dispose of any property (or any interest therein) whenever in the judgment of said board of supervisors said property, or any interest therein or part thereof, is no longer required for the purposes of said district, or may be leased for any purpose without interfering with the use of the same for the purposes of said district, and to pay any compensation received therefor into the general fund of said district and use the same for the purposes of this act; provided, however, that nothing herein shall authorize the board of supervisors or other governing body of the district or any officer thereof to sell, lease or otherwise dispose of any water, water right, reservoir space or storage capacity or any interest or space therein except to public agencies for recreational purposes when such use is not inconsistent with the use thereof by the district for flood control and water conservation pur-

poses; or except as hereinafter provided by Section 17 of this act; provided, however, that said district may grant and convey to the United States of America, or to any federal agency authorized to accept and pay for such land or interests in land, all lands and interests in land, now owned or hereafter acquired, lying within any channel, dam or reservoir site, improved or constructed, in whole or in part, with federal funds, upon payment to the district of sums equivalent to actual expenditures made by it in acquiring the lands and interests in land so conveyed and deemed reasonable by the Secretary of War and the Chief of Engineers.

14. To provide, by agreement with other public agencies or private persons or entities or otherwise, for the recreational use of the lands, facilities, and works of such district which shall not interfere, or be inconsistent, with the primary use and purpose of such lands, facilities, and works by such district.

15. In addition to its other powers, the district shall have the power to preserve and enhance its properties and, upon a finding by the board of supervisors that the acquisition is necessary for such purposes, to acquire, preserve, and enhance lands or interests in lands contiguous to its properties, for the protection and preservation of the scenic beauty and natural environment for such properties or such lands.

The said district by or through its board of supervisors, or other board or officers at any time succeeding to the duties or functions of its board of supervisors, is hereby authorized and empowered to warrant and defend the title to all land and interests therein so conveyed to the United States of America or to any such agency and their respective assigns; to covenant and agree to indemnify and keep indemnified and to hold and save harmless and exonerated the United States of America or any such agency, to which such lands or any interest therein are so conveyed by said district, from and against all demands, claims, liabilities, liens, actions, suits, charges, costs, loss, damages, expenses and attorneys' fees of whatsoever kind or nature, resulting from, arising out of or occasioned by any defect or defects whatsoever in the title to any such land or interest in land so conveyed by said district; to reimburse and save harmless and exonerated the United States of America or any such agency for any and all amounts, paid, and expenses incurred, in the compromise or settlement of any demands, claims, liabilities, liens, actions, suits, charges, costs, loss, damages, expenses and attorneys' fees of whatsoever kind or nature, resulting from, arising out of or occasioned by any claim to or defect or defects whatsoever in the title to any such land or interests in land so conveyed by said district; to pay all just compensation, costs and expenses, which may be incurred in any condemnation proceeding deemed necessary by the United States of America or such agency, in order to perfect title to any such land or interests in land, including without limitation all attorneys' fees, court costs and fees, costs of ab-

stracts and other evidences of title, and all other costs, expenses or damages incurred or suffered by the United States of America or such agency; and consent is hereby given to the bringing of suit or other legal proceedings against said district by the United States of America or such agency, as the case may be, in the proper district court of the United States, upon any cause of action arising out of any conveyance, contract or covenant made or entered into by said district pursuant to the authority granted in this act, or to enforce any claims, damages, loss or expenses arising out of or resulting from any defect whatsoever in the title to such land or any interest therein or any claims of others in or to such land or interest therein.

The people of the State of California do enact as follows:

SECTION 1. Section 1352 of the Labor Code is amended to read:

1352. The provisions of this article in relation to hours of employment shall not apply to or affect any employee of a licensed hospital during an emergency; provided, that any such employee who, by reason of an emergency, is permitted or required by her employer to work in excess of the maximum hours prescribed by other provisions of this article, shall be paid, for time worked in excess of such hours, at a rate of not less than $1\frac{1}{2}$ times her straight time rate of pay, nor the harvesting, curing, canning, packing, or drying of any variety of perishable fruit, fish, or vegetable during the periods when it is necessary to harvest, cure, can, pack, or dry fruit, fish, or vegetables to prevent spoiling, nor to employees actually engaged in the processing of biologicals, human blood products and other such products of laboratories operating under license from either or both the United States Department of the Treasury and the United States Department of Agriculture during such periods when it is necessary to continue the processing of such products to prevent spoilage or deterioration. Emergency within the meaning of this section means an unpredictable or unavoidable occurrence at unscheduled intervals, requiring immediate action. The exception provided herein shall be effective only in cases where the employer, upon learning of the emergency, exercises reasonable diligence to provide immediately relief for the employee required to work over the prescribed number of hours.

CHAPTER 805

An act to add Section 53216.6 to the Government Code, relating to pension trusts.

[Approved by Governor September 29, 1971. Filed with Secretary of State September 29, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 53216.6 is added to the Government Code, to read:

53216.6. Notwithstanding the provisions of Section 53216, funds received by local agencies for pension trust purposes may be invested in:

(a) Securities which are legal for savings bank investments in this state, or which have been certified as legal investments for savings banks pursuant to Division 10 (commencing at Section 20000) of the Water Code.

(b) Securities which, pursuant to the statutes or laws providing for the issuance of such securities, are entitled to the same force or value or use as bonds issued by any municipality.

(c) Securities issued pursuant to those acts, statutes or laws of this state, wherein such law specifically states by reference or otherwise that such securities shall be legal investments for either savings banks, insurance companies, all trust funds, state school funds, and any funds which may be invested in bonds of cities, counties, cities and counties, school districts or municipalities in the state.

(d) Securities which have been investigated and approved by a commission or board now or hereafter authorized by law to conduct such investigation and give such approval, and by authority of which such securities are declared to be legal investments for insurers.

(e) Securities issued pursuant to those acts, statutes or laws of this state, wherein such law specifically states by reference or otherwise that such securities shall be legal investments for any pension fund, retirement fund or retirement plan.

(f) Deposits at interest in any state or national bank in accordance with law authorizing and controlling the deposit of public funds in banks.

(g) Certificates and shares of a savings and loan association or a federal savings and loan association, if the certificates or shares are insured as defined in Title IV of the National Housing Act.

(h) Registered warrants of any political subdivision of this state.

(i) Real property or improvements constructed, or to be constructed on real property, when such real property or such improvements are acquired for sale or lease to a city, county, school district, political subdivision, or political corporation of this state, subject to the following limitations:

1. No investment shall be made in such real property or improvements unless it is approved by a four-fifths vote of the

members of the body authorized by ordinance to invest the retirement funds.

2. No such investment shall be made unless the assets of the retirement system exceed five hundred thousand dollars (\$500,000) and the investment, together with other investments in real property and improvements, do not exceed 25 percent of the assets of the retirement system.

3. Before an investment is made in such real property or improvements, the investing authority shall enter into a lease or lease-option agreement with the public agency hereinbefore mentioned, under which such public agency agrees to rent the property at a monthly rental and for a period not to exceed 50 years, sufficient to return not less than the investment, together with interest at a rate hereinafter prescribed. The agreement may contain an option or options to purchase; provided such option, together with the rentals, will return not less than the investment, together with interest at a rate hereinafter prescribed. In the event a building is built on land owned by the public agency, the agreement may contain an option to purchase the land at any time or at the termination of the lease at its fair market value.

4. The interest rate each year shall be $\frac{1}{4}$ percent higher than the average interest rate received by the retirement system on assets other than real property or improvements for the preceding year.

5. In order to make the provisions of this section relating to the investment in real property or improvements completely effective, the investing authority is authorized, for investment purposes only, to purchase, sell, or lease real property, or to enter into options therefor; and when necessary for investment purposes to enter into contracts for the construction of buildings, and to repair and maintain such property, and to do any and all things necessary to protect the investment including, but not limited to, purchasing insurance against the loss of the property. It may also take any other action necessary to carry out the investment provisions of this section. CHAPTER 807

An act to amend Section 170 of the Code of Civil Procedure, relating to judges.

[Approved by Governor September 29, 1971. Filed with Secretary of State September 29, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 170 of the Code of Civil Procedure is amended to read:

170. No justice or judge shall sit or act as such in any action or proceeding:

1. To which he is a party; or in which he is interested other than as a holder or owner of any capital stock of a corporation, or of any bond, note or other security issued by a corporation;

2. In which he is interested as a holder or owner of any capital stock of a corporation, or of any bond, note or other security issued by a corporation;

3. When he is related to either party, or to an officer of a corporation, which is a party, or to an attorney, counsel, or agent of either party, by consanguinity or affinity within the third degree computed according to the rules of law, or when he is indebted, through money borrowed as a loan, to either party, or to an attorney, counsel or partner of either party, or when he is so indebted to an officer of a corporation or unincorporated association which is a party; provided, however, that if the parties appearing in the action and not then in default, or the petitioner in any probate proceeding, or the executor, or administrator of the estate, or the guardian of the

minor or incompetent person, or the commissioner, or the referee, or the attorney for any of the above named, or the party or his attorney in all other or special proceedings, shall sign and file in the action or matter, a stipulation in writing waiving the disqualification mentioned in this subdivision or in subdivision 2 or 4 hereof, the judge or court may proceed with the trial or hearing and the performance of all other duties connected therewith with the same legal effect as if no such disqualification existed;

4. When, in the action or proceeding, or in any previous action or proceeding involving any of the same issues, he has been attorney or counsel for any party; or when he has given advice to any party upon any matter involved in the action or proceeding; or when he has been retained or employed as attorney or counsel for any party within two years prior to the commencement of the action or proceeding;

5. When it is made to appear probable that, by reason of bias or prejudice of such justice or judge a fair and impartial trial cannot be had before him.

Whenever a judge or justice shall have knowledge of any fact or facts, which, under the provisions of this section, disqualify him to sit or act as such in any action or proceeding pending before him, it shall be his duty to declare the same in open court and cause a memorandum thereof to be entered in the minutes or docket. It shall thereupon be the duty of the clerk, or the judge if there be no clerk, to transmit forthwith a copy of such memorandum to each party, or his attorney, who shall have appeared in such action or proceeding, except such party or parties as shall be present in person or by attorney when the declaration shall be made.

In justice courts when, before the trial, either party makes and files an affidavit that he believes that he cannot have a fair and impartial trial before the judge before which the action is pending, by reason of the interest, prejudice or bias of the judge, the court may order the transfer of the action, and the provisions of Section 398 shall apply to such transfer.

Whenever a judge of a court of record who shall be disqualified under the provisions of this section, to sit or act as such in any action or proceeding pending before him, neglects or fails to declare his disqualification in the manner hereinbefore provided, any party to such action or proceeding who has appeared therein may present to the court and file with the clerk a written statement objecting to the hearing of such matter or the trial of any issue of fact or law in such action or proceeding before such judge, and setting forth the fact or facts constituting the ground of the disqualification of such judge. Copies of such written statement shall forthwith be served by the presenting party on each party, or his attorney, who has appeared in the action or proceeding and on the judge alleged in such statement to be disqualified.

Within 10 days after the filing of any such statement, or 10 days after the service of such statement as above provided, whichever is later in time, the judge alleged therein to be disqualified may file with the clerk his consent in writing that the action or proceeding be tried before another judge, or may file with the clerk his written answer admitting or denying any or all of the allegations contained in such statement and setting forth any additional fact or facts material or relevant to the question of his disqualifications. The clerk shall forthwith transmit a copy of the judge's consent or answer to each party or his attorney who shall have appeared in such action or proceeding. Every such statement and every such answer shall be verified by oath in the manner prescribed by Section 446 for the verification of pleadings. The statement of a party objecting to the judge on the ground of his disqualification, shall be presented at the earliest practicable opportunity, after his appearance and discovery of the facts constituting the ground of the judge's disqualification, and in any event before the commencement of the hearing of any issue of fact in the action or proceeding before such judge.

No judge of a court of record, who shall deny his disqualification, shall hear or pass upon the question of his own disqualification; but in every such case, the question of the judge's disqualification shall be heard and determined by some other judge agreed upon by the parties who shall have appeared in the action or proceeding, or, in the event of their failing to agree, by a judge assigned to act by the Chairman of the Judicial Council, and, if the parties fail to agree upon a judge to determine the question of the disqualification, within five days after the expiration of the time allowed herein for the judge to answer, it shall be the duty of the clerk then to notify the Chairman of the Judicial Council of that fact; and it shall be the duty of the Chairman of the Judicial Council forthwith, upon receipt of notice from the clerk, to assign some other judge, not disqualified, to hear and determine the question.

If such judge admits his disqualification, or files his written consent that the action or proceeding be tried before another judge, or fails to file his answer within the 10 days herein allowed, or if it shall be determined after hearing that he is disqualified, the action or proceeding shall be heard and determined by another judge or justice not disqualified, who shall be agreed upon by the parties, or, in the event of their failing to agree, assigned by the Chairman of the Judicial Council; provided, however, that when there are two or more judges of the same court, one of whom is disqualified, the action or proceeding may be transferred to a judge who is not disqualified.

A judge who is disqualified may, notwithstanding his disqualification, request another judge, who has been agreed upon by the parties, to sit and act in his place.

6. In an action or proceeding brought in any court by or against the Reclamation Board of the State of California, or any irrigation, reclamation, levee, swampland or drainage district, or trustee, officer or employee thereof, affecting or relating to any real property, or an easement or right-of-way, levee, embankment, canal, or any work provided for or approved by the Reclamation Board of the State of California, a judge of the superior court of the county, or a judge of the municipal court or justice court of the judicial district, in which such real property, or any part thereof, or such easement or right-of-way, levee, embankment, canal or work, or any part thereof is situated shall be disqualified to sit or act, and such action shall be heard and tried by some other judge assigned to sit therein by the Chairman of the Judicial Council, unless the parties to the action shall sign and file in the action or proceeding a stipulation in writing, waiving the disqualification in this subdivision of this section provided, in which case such judge may proceed with the trial or hearing with the same legal effect as if no such legal disqualification existed. If, however, the parties to the action shall sign and file a stipulation, agreeing upon some other judge to sit or act in place of the judge disqualified under the provisions of this subdivision, the judge agreed upon shall be called by the judge so disqualified to hear and try such action or proceeding; provided, that nothing herein contained shall be construed as preventing the judge of the superior court of such county, or of the municipal court of such judicial district, from issuing a temporary injunction or restraining order, which shall, if granted, remain in force until vacated or modified by the judge designated as herein provided.

7. When, as a judge of a court of record, by reason of permanent or temporary physical impairment, he is unable to properly perceive the evidence or properly conduct the proceedings.

8. Notwithstanding anything contained in subdivision 6 of this section, a judge of the superior court or a judge of the municipal court or justice court of the judicial district, in which any real property is located shall not be disqualified to hear or determine any matter in which the opposing party shall have failed to appear within the time allowed by law, or as to such of the opposing parties who shall have failed to appear within the time allowed by law, and as to which matter or parties the same shall constitute purely a default hearing; provided, that nothing in this section contained shall be construed as preventing the judge of the superior court of such county, or of the municipal court of such judicial district, from issuing an order for immediate possession in proceedings in eminent domain.

Nothing in this section contained shall affect a party's right to a change of the place of trial in the cases provided for in Title 4 (commencing with Section 392) of Part 2 of this code.

CHAPTER 808

An act to amend Section 24207 of the Education Code, relating to the California State Colleges, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1971. Filed with Secretary of State September 29, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 24207 of the Education Code is amended to read:

24207. The employment of any employee of the trustees, excepting those employees who on October 1, 1949, and on September 7, 1955, were members of the State Teachers' Retirement System, shall terminate on the first day of the calendar month next succeeding that in which he attains mandatory retirement age, except as provided in this section.

An academic or administrative employee may elect to continue in active service until the end of the college term or academic year during which he attains mandatory retirement age. An academic employee who reaches the mandatory retirement age, if mentally and physically sound, may be employed from year to year without tenure, for the good of the service, at the discretion of the trustees. The payment of retirement allowances by either the State Teachers' Retirement System or the Public Employees' Retirement System, or both of said systems, to such a person employed from year to year shall be suspended during the period of such employment or reemployment and such suspension shall not serve to reinstate such a person to membership in either of said systems. If a person should die during such a period of suspension, said systems shall pay any death benefits that would have been payable had the death not occurred during such a period. A period of suspension shall end on the last day of the month during which such employment or reemployment is terminated. Said systems shall then resume the payment of the retirement allowance to such a person without change from what it was at the beginning of the latest period of suspension except for any change in the provisions governing the calculation of the allowance which was made during said period and made applicable to the persons then retired.

Any person over the mandatory retirement age who otherwise has the qualifications of an academic or administrative employee and who is not retired under the State Teachers' Retirement System or the Public Employees' Retirement System, if mentally and physically sound, may be employed from year to year without tenure at the discretion of the trustees. Such employment shall not entitle him to become a member of nor serve to reinstate him as a member of either of said systems.

As used in this section, "mandatory retirement age" means the mandatory retirement age as provided in Government Code Section 20981.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the law respecting the retirement of state college employees may be brought into conformity with the law respecting the retirement of state employees generally at the earliest possible time, it is necessary that this act take effect immediately.

As used in this chapter, "publicly funded health care program" shall mean care or services rendered by a local government or any facility thereof, or health care services for which payment is made under the California Medical Assistance Program established by Chapter 7 (commencing with Section 14000) of Part 3 of this division by the Department of Health Care Services or by its fiscal intermediary or by a carrier or organization with which said department has contracted to furnish such services or to pay providers who furnish such services. As used in this chapter, "private health care coverage" means: (a) service benefit plans under which payment is made by a carrier under contracts with physicians, hospitals, or other providers of health services rendered to employees or annuitants or family members, or under which, under certain conditions, payment is made by a carrier to the employee or annuitant or family member; (b) indemnity benefit plans under which a carrier agrees to pay certain sums of money, not in excess of actual expenses incurred, for health services; and (c) individual practice prepayment plans which offer health services in whole or in part on a prepaid basis, with professional services thereunder provided by individual physicians who agree, under such conditions as may be prescribed by the board, to accept the payments provided by the plans as full payment for covered services rendered by them.

If such person receives health care furnished or paid for by a publicly funded health care program, the carrier of his private health care coverage shall reimburse the publicly funded health care program the cost incurred in rendering such care to the extent of the benefits provided under the terms of the policy for the services rendered.

10022. Each publicly funded health care program that furnishes or pays for health care services under this division to a person having private health care coverage shall be entitled to be subrogated to the rights that such person has against the carrier of such coverage to the extent of the health care services rendered. Such action may be brought within three years from the date that service was rendered such person.

10024. Every contract or agreement for private health care coverage entered into or renewed after January 1, 1972, is deemed to provide for payment to a publicly funded health care program for the actual cost that such program incurs in rendering health care services to any party or beneficiary of such contract or agreement to the extent of the benefits provided under the terms of the policy for the services rendered.

10025. The state shall not reimburse any local government or any facility thereof, under Medi-Cal or under any other health program where the state pays part or all of the costs, for care provided to a person covered under any disability insurance, health insurance, or prepaid health plan.

In local programs fully or partially funded by the state, state participation shall be reduced in an amount proportionate to the cost of service provided to a person violating Section 10020.

(c) Notice provided by this section shall be sent to the address specified by the borrower, or, if no address is specified, to the borrower's address as shown in the lender's records.

(d) In case of multiple borrowers obligated on the same loan, a notice mailed to one shall be deemed to comply with the provisions of this section.

(e) The failure of the lender to comply with the requirements of this section does not excuse or defer the borrower's performance of any obligation incurred in the loan transaction,

other than his obligation to pay a late payment charge, nor does it impair or defer the right of the lender to enforce any other obligation including the costs and expenses incurred in any enforcement authorized by law.

The provisions of this section shall only affect loans made on and after January 1, 1971.

SEC. 2. The amendment of Section 2954.5 of the Civil Code made by Section 1 of this act does not constitute a change in, but is declaratory of, the existing law.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

At the hearings the petitioners and any other interested persons shall be given an opportunity to present their views on the petition. The governing boards then shall either approve or deny the petition. CHAPTER 819

An act to repeal Chapter 1775 of the Statutes of 1963, to change the name of the Stockton and East San Joaquin Water Conservation District to the Stockton-East Water District, and to grant certain powers to such district, relating to water conservation and water supply, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1971 Filed with
Secretary of State September 29, 1971]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1775 of the Statutes of 1963 is repealed.

SEC. 2. (a) The name of the Stockton and East San Joaquin Water Conservation District is changed to the Stockton-East Water District.

(b) In all respects not inconsistent with this act, the Stockton-East Water District shall continue to be organized under, and governed by, the Water Conservation District Law of 1931, Division 21 (commencing with Section 74000) of the Water Code as the same now exists and as it may be amended hereafter. The provisions of Division 21 (commencing with Section 74000) of the Water Code and all other acts of the Legislature applicable to the district and not inconsistent with the provisions of this act shall remain in full force and effect and shall be fully applicable to the district.

(c) In all cases in which it may be otherwise required that the district be described as a "water conservation district" it shall be sufficient to describe the district as a "water district."

SEC. 3. (a) The Legislature finds and declares that the problems of providing for the management of the underground water basin and the provision of supplemental water supplies, in the area of the Stockton-East Water District are peculiar to that district and that area and for that reason it is necessary to deal specially with such area and to provide special provisions for the government and operation of that district.

(b) The Legislature further finds and declares that this act is necessary to the solution of a problem arising out of the following unique and special circumstances: The water supplies in the underground basin in the area of the Stockton-East Water District are insufficient to meet the water demands of the area, and, because of the geologic conditions peculiar to the area and because excessive

pumping has seriously depleted the underground water storage, there has been an intrusion of saline waters into the underground water basin causing serious water quality deterioration and the destruction of the usefulness of a portion of the underground water basin. Further excessive pumping, without proper management of the underground water basin and the provision of supplemental water supplies, is certain to destroy the usefulness of a major portion of the underground water basin and endanger the health and welfare of the district.

(c) The Legislature further finds and declares that the district includes within its territory a large urban area, a large agricultural area, and territory formerly within an irrigation district, and that for these reasons it is necessary in order to accommodate the various interests within the district to provide special procedures to be observed by the district in its government and operation.

(d) The Legislature further finds and declares that only a portion of the City of Stockton and only a portion of the Metropolitan Stockton Planning Area as defined by the City of Stockton and the County of San Joaquin are within the district, and that unless all of such city and all of the Metropolitan Stockton Planning Area are within the district there will be uneconomic duplications and inefficiencies and it will be both more costly and more difficult to solve the grave and urgent water problems of the Stockton Metropolitan Area and the existing Stockton-East Water District. The Legislature further finds and declares that the territory that is outside the district but within the Metropolitan Stockton Planning Area includes territory that is within the City of Stockton, within county maintenance districts, within other water conservation districts, and within an irrigation district. The Legislature further finds and declares that the special problems of including all of the City of Stockton and the Metropolitan Stockton Planning Area within the Stockton-East Water District are peculiar to that district and that area, and for that reason it is necessary to deal specially with such inclusion and to provide special provisions and procedures for such inclusion and the necessary adjustment of district boundaries.

SEC. 4. (a) The definition of a word applies to any of its variants.

(b) "Accumulated overdraft" means the aggregate amount by which the quantity of ground water removed from the ground water supplies within the district during all preceding water years shall have exceeded the quantity of water replaced therein by the replenishment of the ground water supplies in such water years by any natural or artificial means, based upon reports, records, and other data or

evidence appropriate for the purpose of making such determination.

(b) The district may make an agreement to sell water for use outside the district for periods not in excess of one year where the board prior to the district's agreement to sell such water has found and declared by resolution that such water is not required for use within the district during the period, not to exceed one year, for which the agreement is to be made. The board's resolution shall be adopted no earlier than three months preceding the commencement of the period for which the agreement is to be made. The price charged for water sold pursuant to an agreement made pursuant to this subdivision shall be sufficient to at least cover the costs of the district, as determined by the board, in furnishing and delivering the subject water to its point of delivery.

(c) The district may make agreements to sell water for use outside the district for periods in excess of one year if the board prior to the district's agreement to sell water has by resolution found and declared that the subject water will not be required for use within the district for the period for which the agreement is made and declares that the sale of the water and its use in the manner provided in the applicable agreement is for the direct and substantial furtherance of the purposes of the district. The charge for water sold pursuant to an agreement made pursuant to this subdivision shall at least be sufficient to cover the costs of the district, as determined by the board, in furnishing and delivering such water to its point of delivery, plus the equivalent of all applicable ad valorem property taxes that would be assessed by district on the property upon which such water is to be used, or in the case of a sale to a political subdivision, municipal corporation, public utility, or other operator of a common water distribution system on all of the property served by such common water distribution system, if the subject property were included within the district during the period covered by the agreement.

(d) The district may make agreements to sell water that would not be otherwise owned or possessed by the district

that comes into the district's possession due to provisions of a contract with another political subdivision that operate when such other political subdivision fails to pay for such water or the costs related to such water, on any basis the board determines if the board makes the determination that such water is not needed for sale within the district for the period of the agreement.

SEC. 7. The board shall, from time to time, order an investigation and report to be made by an engineer or engineers employed by the district for the purpose of investigating and reporting upon the ground water conditions of the district and making recommendations as to water management practices to be followed by the district. The report shall include an estimate as to the accumulated overdraft, if any, as of the date of the report, estimates of the ground water production anticipated by years for the period covered by the report, and an estimate of the average annual overdraft, if any, for the period covered by the report. The report shall also include recommendations as to necessary and desirable surface and underground water management practices to be followed during the period covered by the report.

SEC. 8. The engineering investigation and report shall be delivered to the secretary in writing. The secretary shall publish pursuant to Section 6061 of the Government Code a notice of the receipt of such report and fixing a date for a public hearing to be held by the board, the publication to be in a newspaper of general circulation, printed and published within the district, at least 10 days prior to the date at which the public hearing is to be held. The notice, among other information which the district may include, shall contain an invitation to all owners of water-producing facilities within the district and all other interested parties to call at the office of the district to examine the engineering investigation and report.

SEC. 9. (a) The board at a regular, special, or continued meeting in June of each year shall hold a public hearing to consider the necessity, amount, and rates of a ground water assessment, if any, to be levied for the then current calendar year and charges to be made for stream-delivered water to the extent that such charges for stream-delivered water are not controlled by contract or agreement.

(b) Notice of the hearing shall be published pursuant to Section 6061 of the Government Code at least 10 days prior to the date of the hearing. Any person interested in the district may, in person or by representative, appear and submit evidence concerning the water conditions of the district, the financial needs of the district, proposals for rates, and other relevant matters.

(c) Following the hearing the board may, by adoption of a rule, determine, levy, and assess a ground water assessment against all owners of water-producing facilities within the district which produce water from the ground during the current year and shall determine and fix charges for stream-delivered water for the current year to the extent that such charges for stream-delivered water are not governed by contract or agreement.

(d) The method of computing ground water assessments and charges for stream-delivered water may be uniform for all water-producing facilities or may be uniform for each of several classes of water-producing facilities. The board shall, by rule, establish one or more methods to be used in computing the amount of water production from a water-producing facility which is not measured by a water-measuring device approved by the collector. Such methods shall be established by rule adopted by the board and may be based on any criteria which may be used to determine or estimate with reasonable accuracy the amount of water production.

(e) The board, by rule, may waive a ground water assessment upon any class or classes of water-producing facilities which it determines because of the small amount of water produced by such facilities, would yield to the district a sum less than the estimated cost of making and collecting the assessment.

(f) Any ground water assessment or charges for stream-delivered water levied or made pursuant to this section shall be in addition to any general assessment levied by the district.

(g) The board shall have authority to and may commingle the funds produced by any general assessment, by any ground water assessment, by any charges for stream-delivered water, by the sale of water under contract or agreement, by the sale, lease, or disposition of water otherwise, and by all other sources of district revenue, and may use any of such funds for all lawful district purposes.

(h) The ground water assessment rate and charges for stream-delivered water shall not exceed a rate of four dollars (\$4) per acre-foot for stream-delivered water, or seventy-five cents (\$0.75) per acre-foot for water produced from the underground where such water is used for agricultural purposes, and three dollars (\$3) per acre-foot for water produced from the underground and used for nonagricultural purposes.

(i) Clerical errors in the name of any owner or in other recorded information, or in the making or extension of any assessment upon the records which do not affect the substantial rights of the subject owner or owners shall not

invalidate the assessment.

SEC. 10. All assessments and charges due for water produced within the district during the 1971 calendar year and for water produced within the district prior to 1971 shall be assessed, charged, calculated, determined, billed, and collected pursuant to the prior act and all applicable rules duly adopted by the board, and for those purposes the prior act shall remain in effect until such sums have been collected in full or otherwise discharged in the manner provided by the prior act and the applicable rules duly adopted by the board.

SEC. 11. (a) Commencing with 1972, not later than the first day of October of each year the collector shall mail progress bills to each owner of one or more water-producing facilities within the district. The progress bills shall state an amount due which shall be computed by multiplying one-half of each owner's water production for the preceding calendar year in acre-feet by the respective ground water assessment rates and the stream-delivered water charges applicable for the current year.

(b) Any progress bill may be reduced in amount or canceled by the collector, if upon good cause shown, the collector determines that the production of water from the water-producing facility or facilities of the owner during the current year, to the date of the collector's determination, is such that a progress payment based on one-half of the preceding year's water production will be substantially in excess of one-half of such owner's next succeeding annual bill as the same will ultimately be determined pursuant to Sections 12, 13, and 14.

(c) The board may, by rule, establish alternate procedures for the computation and payment of progress bills in the case of water-producing facilities within the district, the water production of which is measured by a water-measuring device approved by the collector.

(d) Should any owner of a water-producing facility fail to pay on or before the 31st day of October, or any alternate date specified in a rule adopted pursuant to subdivision (c) of this section, the amount disclosed by a progress bill the district shall impose a penalty against such owner in an amount of 5 percent of the total sum due the district for the current calendar year as such sum is finally determined in accordance with Sections 12, 13, and 14. The 5-percent penalty shall be added to the annual bill and shall be due and payable at the same time as the other amounts included in the annual bill.

(e) The board may, by rule, waive the requirement of making a progress payment as required by this section as to any one or more classes of water-producing facilities.

SEC. 12. (a) Commencing with 1973, each owner of one or more water-producing facilities within the district shall,

after January 1st and not later than January 15th, file with the collector on a form acceptable to the collector a water use statement showing the amount of water produced by the water-producing facility or facilities of such owner in the case of facilities the water production of which is measured by a water-measuring device approved by the collector and as to all other facilities the information the collector determines to be reasonably necessary to permit the determination, or estimation with reasonable accuracy, of the amount of water produced during the preceding calendar year by the subject water-producing facility or facilities. The collector may require that all statements of fact in the water use statement be verified by a written declaration that they are made under the penalties of perjury.

(b) The board, by rule, may waive the filing of water use statements as to any one or more classes of water-producing facilities.

SEC. 13. (a) Commencing with 1973, not later than the last day of February, the collector shall mail an annual bill for the preceding calendar year to each owner of one or more water-producing facilities within the district:

(b) The collector in preparing the annual bill for submission to each owner of water-producing facilities shall consider the information disclosed by the annual water use statement if one has been filed, the information disclosed by existing district records, district inspections, if any, of the water-producing facilities or the area served by such water-producing facilities, and any other information, of which the collector is aware and which is relevant to the amount of water production by each of the owner's water-producing facilities and shall determine the amount of each owner's water production.

(c) In all cases where an annual water use statement has been filed and where a water-measuring device approved by the collector is permanently attached to a water-producing facility and the water production has been reported on the basis of the approved water-measuring device, the record of water production as disclosed by such water-measuring device shall be presumed to be accurate and the burden is upon the collector to establish to the contrary.

(d) The amount of the annual bill shall be computed by multiplying the production in acre feet of water as determined by the collector by the respective ground water assessment rates and stream-delivered water charges. After determining the amount due the collector shall add the penalty provided in Section 11, if applicable, and shall also add a penalty of 5 percent of the total sum due the district for water produced during the preceding year by any water-producing facility for which an annual water use

statement was required and not filed within the time specified in Section 12.

(e) Upon the discovery by the collector of any water-producing facility within the district:

(1) For which no water use statement has been filed for any year in which the same was required by virtue of Section 12 and any applicable rules of the district and for which no annual bill was submitted pursuant to this section; or

(2) For which a water use statement was filed as required but for which the collector has good cause to believe that the production of water from such water-producing facility was in excess of that disclosed by a filed water use statement; or

(3) For which no water use statement was required to be filed by virtue of Section 12 and the applicable rules of the district but for which no annual bill has been submitted by the collector pursuant to this section;

the collector shall immediately investigate and estimate the amount of unreported or unbilled water production by such water-producing facility. In making such estimate, as to cases arising under subparagraph (3) above, the estimate of prior water production shall not include water production for more than three (3) preceding calendar years.

(f) After making an estimate of water production pursuant to subdivision (e) of this section, the collector shall calculate the amount due for ground water assessments and stream-delivered water charges during the subject years at the rates applicable during those years, and add the amount so calculated as a separate item to the next annual bill submitted to the owner of such water-producing facility together with the penalties, if any, applicable pursuant to subdivision (d) of Section 11 and subdivision (d) of this section.

(g) After computing the amount of the annual bill the collector shall allow as a credit against the amount due, and show such allowance on the annual bill, the sums paid for the subject water-producing facilities as a result of the applicable progress bill or bills for the subject year.

SEC. 14. (a) An annual bill shall be conclusive on all persons having an interest in the subject water-producing facilities unless the owner files with the secretary on or before March 15th a written objection on forms made available by the district setting forth the owner's ground or grounds for objecting to the amount of current or prior, if any, production and the assessments, charges, and penalties so fixed.

(b) Upon the filing of an objection the secretary shall schedule a hearing on the objection before the board at which time the total amount of the water production and the ground

water assessment and stream-delivered water charges thereon shall be determined together with any applicable penalties, which determinations by the board shall be conclusive if based upon substantial evidence.

(c) A notice of such hearing before the board shall be mailed to the objector at least 10 days before the date fixed for the hearing unless the form furnished by the district for the filing of the objection specifies the date, time, and place for the hearing.

(d) Notice of the final determination by the board as to his objection shall be mailed to each objector by the secretary.

SEC. 15. (a) All annual bills presented by the collector pursuant to Section 13 shall be due when mailed by the collector and shall be delinquent after April 30th with the exception of any bill as to which an objection has been filed pursuant to Section 14.

(b) Annual bills, as to which an objection is filed, shall become delinquent not later than April 30th, or 20 days from the date of mailing by the secretary to the owner a notice of the final determination by the board as to his objection, whichever is later.

SEC. 16. Any annual bill not paid when delinquent shall be subject, on the date of its delinquency, to a further penalty of 5 percent of the amount of the ground water assessment and stream-delivered water charges set forth in the annual bill.

SEC. 17. (a) Upon the delinquency of all or any portion of an annual bill the collector shall transmit to the secretary the amount of the delinquent account, together with the name of the delinquent landowner and the current description of the delinquent parcel as such is then disclosed by the applicable records of the assessor. The description provided for in this section shall be the description or other designation currently used by the assessor and shall include the tax account number and the code area of the delinquent parcel.

(b) The secretary shall maintain a list of delinquent accounts as furnished to him by the collector. If prior to the transmission of the list of delinquent accounts to the auditor pursuant to subdivision (d) of this section, all or any portion of a delinquent account is collected by the collector, the collector shall report such payment to the secretary and the secretary shall reflect such payment in his list of delinquent accounts.

(c) Annually as of August 1st the secretary shall add to each delinquent account then on the list of delinquent accounts a penalty of 5 percent of the sum of the ground water assessments and stream-delivered water charges included in each delinquent account.

(d) Annually after August 1st and on or before August 10th

the secretary shall transmit a certified copy of his current list of delinquent accounts to the auditor. The list of delinquent accounts may combine all assessments, charges, and penalties into a single sum due for each delinquent account.

(e) Upon receipt of the certified copy of the list of delinquent accounts, the auditor shall enter the amount of each delinquent account against the delinquent parcel designated in the list of delinquent accounts as such parcel appears on the then current assessment roll.

(f) The tax collector shall then include the amount of each delinquent account on bills for county taxes levied against the delinquent parcel.

(g) Thereafter the amount of each delinquent account shall be collected at the same time and in the same manner as county taxes are collected, and are subject to the same penalties and the same procedure and sale in case of delinquency, as provided for ordinary county taxes.

(h) Upon collection of delinquent accounts, within a reasonable time the auditor shall deposit the sums so collected to the account of the district, but the auditor may deduct, from time to time, an amount not to exceed one-quarter of 1 percent of the sums collected pursuant to this section to defray the costs of the county in processing such accounts.

(i) All laws applicable to the levy, collection, and enforcement of county taxes are applicable to such delinquent accounts so transmitted to the auditor pursuant to this section.

(j) All or any portion of any such delinquent accounts shall on order of the board of supervisors be canceled by the auditor if uncollected, or except in the case provided for in paragraph (5) of this subdivision, refunded by the treasurer out of district funds, if collected, if it or they were entered, charged, or paid:

(1) More than once;

(2) Through clerical error;

(3) Through the error or mistake of the collector, secretary, or board in respect to any material fact, in the course of establishing the amount of the assessments, charges, and penalties due upon said delinquent account under this act;

(4) Illegally; or

(5) On property acquired after the lien date by the State of California or by any county, city, school district, or other political subdivision of the State of California and because of such public ownership not subject to sale for delinquent taxes.

(k) No order for a refund under the subdivision (j) shall be made except on a claim:

(1) Verified by the person who paid said delinquent account and penalties or his guardian, conservator,

executor, or administrator; and

(2) Filed within three years after making the payment sought to be refunded.

The provisions of this subdivision do not apply to cancellation.

(1) The provisions of this Section 17 shall not be applicable to a delinquent parcel owned by the State of California or by any county, city, school district or other political subdivision of the State of California.

SEC. 18. The owner of any parcel of land within the district, two acres or more in size, on which no water is produced during any calendar year shall file an annual report stating that no water was produced on the property during the subject calendar year. The annual report shall be filed annually on or before January 15th of each year for the immediately preceding calendar year.

SEC. 19. The board shall establish rules providing for the making of refunds in the event of the overpayment of any ground water assessment or stream-delivered water charges. Such rules shall provide that no overpayment shall be refunded unless a request for refund is filed with the secretary within three years of such overpayment. Such rules may provide for the payment of a fee to cover all or a portion of the district's costs in processing a request for refund.

SEC. 20. The district may bring a suit in any court of competent jurisdiction against any person or persons indebted to the district for the collection of any delinquent sums due the district for any ground water assessment, stream-delivered water charge, penalties, or charges due for any sale or use of water by contract, or otherwise. Should the district, as a provisional remedy in bringing suit, seek an attachment against any property of any named defendant therein, the district shall not be required to provide a bond or undertaking as is otherwise provided in Chapter 4 (commencing with Section 537) of Title 7 of Part 2 of the Code of Civil Procedure. All procedures and remedies applicable to the processing, collection, and enforcement of delinquent accounts and penalties granted to the district by this act or otherwise are alternative and the utilization of one such procedure shall not bar the use of another.

SEC. 21. Any person who injures, alters, removes, resets, adjusts, manipulates, obstructs or in any manner interferes or tampers with or procures or causes or directs any person to injure, alter, remove, reset, adjust, manipulate, obstruct or in any manner interfere or tamper with any water-measuring device affixed to any water producing facility as required by this act, so as to cause such water-measuring device to improperly or inaccurately measure and record such water production, is guilty of a misdemeanor and is punishable by a fine not to exceed five hundred dollars (\$500) or

imprisonment in the county jail not to exceed six months, or by both such fine and imprisonment.

SEC. 22. The board is authorized to adopt the rules it deems necessary and proper for carrying out the provisions of this act, including but not limited to, rules providing that the district shall not deliver or make available water to water users who fail to pay for water when required by statute, contract, or rule.

SEC. 23. No rules shall be adopted by the board without first reviewing such at a public hearing held by the board. Notice of the public hearing shall be published pursuant to Section 6061 of the Government Code at least 10 days prior to the date of such a hearing and the notice shall contain a brief description of any rule to be considered at the hearing.
