
STATUTES OF CALIFORNIA
REGULAR SESSION
1971

STATUTES OF CALIFORNIA

Passed at the 1971 Regular Session of the Legislature

CHAPTER 1

An act to amend Section 46867 of, and to add and repeal Section 46867.5 of, the Agricultural Code, relating to citrus fruit, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 19, 1971. Filed with Secretary of State January 19, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 46867 of the Agricultural Code is amended to read:

46867. Grapefruit which are produced in the desert areas are not mature unless they meet the following requirements:

In view of differences in climatic conditions that prevail in the desert areas, which result in the grapefruit grown in those areas having, at maturity, a higher percentage of soluble solids to acid than the mature grapefruit which are grown in other areas of the state, grapefruit which are produced in the desert areas are considered mature if at the time of picking and at all times thereafter the juice contains soluble solids equal to or in excess of $6\frac{1}{2}$ parts to every part of acid which is contained in the juice except as provided in Section 46867.5. The acidity of the juice shall be calculated as citric acid without water of crystallization.

SEC. 2. Section 46867.5 is added to the Agricultural Code, to read:

46867.5. Grapefruit which are produced in the desert areas are not mature unless they meet the following requirements:

In view of differences in climatic conditions that prevail in the desert areas, which result in the grapefruit grown in those areas having, at maturity, a higher percentage of soluble solids to acid than the mature grapefruit which are grown in other areas of the state, grapefruit which are produced in the desert areas are considered mature if at the time of picking and at all times thereafter the juice contains soluble solids equal to or in excess of 6 parts to every part of acid which is contained in the juice. The acidity of the juice shall be calculated as citric acid without water of crystallization. However, the director may, by regulation, establish a higher maturity standard when he finds that it would provide a more acceptable grapefruit to the consumer.

The provisions of this section shall be in effect only until the 61st day after the final adjournment of the 1971 Regular Session of the Legislature and as of that date is repealed.

SEC. 3. This act is an emergency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The harvest season for desert grapefruit will begin before the normal effective date of legislation passed at this session of the Legislature and it is necessary that these new standards go into immediate effect to meet the needs of the current marketing season of the desert grapefruit crop.

CHAPTER 2

An act to repeal Section 95.5 of, and to add Section 95.5 to, the Streets and Highways Code, relating to snow removal, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 25, 1971. Filed with Secretary of State January 25, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 95.5 of the Streets and Highways Code is repealed.

SEC. 2. Section 95.5 is added to the Streets and Highways Code, to read:

95.5. From and after November 8, 1967, the department shall remove snow from that portion of former U.S. Route 40, which has been superseded by the relocation and construction of Interstate Route 80, commencing at its intersection with Interstate Route 80 near Donner Memorial Park westerly approximately four miles to the vicinity of Donner Lake.

SEC. 3. The Legislature hereby finds and declares that this act does not constitute a change in, but is only declarative of, the existing law.

SEC. 4. All expenditures for the snow removal on the portion of former U.S. Route 40 described in Section 95.5 of the Streets and Highways Code, including, but not limited to, the period from July 1, 1970, to the effective date of this act, shall be paid from money in the State Highway Fund available for maintenance of state highways, and no claim shall be made against any county for any portion thereof.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall

go into immediate effect. The facts constituting such necessity are:

A question has arisen regarding the effect of Chapter 818 of the Statutes of 1970, which was enacted for the purpose of continuing in force and effect Section 95.5 of the Streets and Highways Code which requires the Department of Public Works to remove snow from a specified portion of former U.S. Route 40, in the vicinity of Donner Lake.

It is necessary to remove any such question as quickly as possible, and thus, it is necessary that this act go into immediate effect.

CHAPTER 3

An act to add Division 14.8 (commencing with Section 32000) to the Agricultural Code, relating to animals, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 28, 1971 Filed with
Secretary of State January 28, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Division 14.8 (commencing with Section 32000) is added to the Agricultural Code, to read:

DIVISION 14.8. ANIMALS

32000. The selling or giving away of any animal to any facility subject to the provision of Public Law 89, Chapter 544, of the 89th Congress, Second Session (7 U.S.C. Sec. 2131 et seq.) shall be conditioned upon compliance by such facility with the provisions of such law, and such selling or giving away shall be exempt from the provisions of Sections 31750 and 31751.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The ability of the medical profession to protect the public health through appropriate investigatory studies has been made impossible because of the impact upon research unintentionally provoked by unanticipated effect of existing law. It is necessary that this act become effective immediately in order to terminate such effect and to permit such essential research to continue.

CHAPTER 4

An act to add Sections 25410.1 and 25410.2 to the Education Code, and to add Section 54931.13 to the Government Code, relating to school district annexations, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 4, 1971. Filed with Secretary of State February 4, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 25410.1 is added to the Education Code, to read:

25410.1. Notwithstanding any other provisions of law, when a unified district is proposed to be annexed to a community college district the boundaries of which are coterminous with the boundaries of another unified district and which is governed by the same governing board as the coterminous unified district, the annexation agreement provided for in Section 2097.5 may contain a provision that following annexation the community college district shall be governed by a governing board consisting of seven members to be elected from designated trustee areas by one of the methods set forth in Section 25411, provided such provision in the agreement is approved by the county committee on school district organization.

When an annexation agreement contains such a provision, the county superintendent of schools shall call an election for purposes of electing the seven members of the governing board and for submitting to the voters of the enlarged community college district the proposal that trustee areas be established. For purposes of consolidating such election with other school district governing board elections to be held in 1971, such election may be called prior to the holding of the annexation election. The election shall be called and conducted in the manner provided by law for the election of the first governing board members of newly formed community college districts insofar as such manner is consistent with the provisions of this section.

If the electorate does not approve the proposal to establish trustee areas at an election held for that purpose pursuant to this section, the annexation shall be deemed void and ineffective for any purposes.

SEC. 2. Section 25410.2 is added to the Education Code, to read:

25410.2. Notwithstanding the provisions of Section 1704, if, at an election held prior to March 1, 1971, a unified district has been annexed to a community college district, the boundaries of which are coterminous with the boundaries of another unified district and which is governed by the same governing board as the coterminous unified district, such annexation shall, except as provided in Section 25410.1, be deemed effective for all purposes on July 1, 1971.

SEC. 3. Section 54931.13 is added to the Government Code, to read:

54931.13. Notwithstanding the provisions of Sections 54902 and 54903 or any other provision of this chapter, if, at an election held prior to March 1, 1971, a unified district has been annexed to a community college district, the boundaries of which are coterminous with the boundaries of a unified district other than the annexed unified district and which is governed by the same governing board as the coterminous unified district, such annexation shall be effective for assessment and taxation purposes for the 1971-1972 fiscal year, provided that the statement and map or plat required by Sections 54900 and 54903.1 are filed on or before May 1, 1971.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such a necessity are: Maximum education benefits are achieved where unified school districts are included within community college districts. In order that the students residing within a unified school district which is annexed to a community college district at an election held prior to March 1, 1971, shall receive this maximum benefit, it is necessary to permit the new community college district to become effective for all purposes on July 1, 1971, and that such annexation be permitted in accordance with agreements which may have been entered into between petitioning unified districts and the community college districts involved.

SEC. 5. This act shall be effective solely with respect to school district elections held during the 1970-1971 school year, and shall have no force or effect after July 1, 1971.

SEC. 6. Annexations which come within the provisions of this act shall not be subject to the provisions of Sections 200.3, 3296.5, 25436, and 25454.5 of the Education Code, insofar as such sections pertain to the formation, organization or re-organization of community college districts.

CHAPTER 5

An act to add Section 35417 to the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 11, 1971. Filed with Secretary of State February 11, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 35417 is added to the Vehicle Code, to read:

35417. A combination of vehicles consisting of a motor-truck and a logging dolly may exceed a total length of 60 feet but may not exceed a total length of 65 feet.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Legislation was enacted in 1963 extending the length limitation for a combination of vehicles consisting of a motortruck and a logging dolly from 60 to 65 feet.

This provision was inadvertently repealed during the 1970 session, thereby restricting such combinations of vehicles to 60 feet in length. The reduction in length limitations for these vehicles was without legislative intent and will constitute a severe hardship upon the logging industry by prohibiting the use of motortruck and logging dolly combinations which exceed 60 feet in length.

CHAPTER 6

An act to add Section 454.5 to the Education Code, relating to surplus federal property, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 22, 1971 Filed with
Secretary of State February 22, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 454.5 is added to the Education Code, to read:

454.5. (a) Notwithstanding any other provision of law, the agency may, with respect to surplus federal food of the United States Department of Agriculture's supplemental food program in its possession, waive any and all charges otherwise required therefor by Section 454 to the extent that surplus operating funds are available within the educational surplus property revolving fund. A waiver of charges under this section may be made only if a party thereafter elects to take direct delivery as provided for in subdivision (b). This subdivision shall be effective until June 30, 1971, and shall have no force or effect after that date.

(b) Notwithstanding any other provision of law, any party receiving surplus food pursuant to this article which elects to take direct delivery thereof from the federal government shall be required to reimburse the agency only for the actual cost to the agency of processing the documents relating to each

such direct delivery of surplus food. Any party electing to take direct delivery must demonstrate that party's capability for the proper storage and distribution of the surplus food in accordance with regulations adopted by the Superintendent of Public Instruction.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Under existing law, the timely and economical distribution of surplus federal food to the poverty stricken in metropolitan areas has become so impaired as to substantially delay or preclude the distribution of such food to the needy. In order to remove the statutory barriers to such timely and economical delivery it is necessary that this act take effect immediately.

CHAPTER 7

An act to amend Section 581a of the Code of Civil Procedure, relating to dismissal of actions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 26, 1971. Filed with Secretary of State February 26, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 581a of the Code of Civil Procedure is amended to read:

581a. (a) No action heretofore or hereafter commenced by complaint shall be further prosecuted, and no further proceedings shall be had therein, and all actions heretofore or hereafter commenced shall be dismissed by the court in which the same shall have been commenced, on its own motion, or on the motion of any party interested therein, whether named as a party or not, unless the summons on the complaint is served and return made within three years after the commencement of said action, except where the parties have filed a stipulation in writing that the time may be extended or the party against whom the action is prosecuted has made a general appearance in the action.

(b) No action heretofore or hereafter commenced by cross-complaint shall be further prosecuted, and no further proceedings shall be had therein, and all actions heretofore or hereafter commenced shall be dismissed by the court in which the same shall have been commenced, on its own motion, or on the motion of any party interested therein, whether named as a

party or not, unless, if a summons is not required, the cross-complaint is served within three years after the filing of the cross-complaint or unless, if a summons is required, the summons on the cross-complaint is served and return made within three years after the filing of the cross-complaint, except where the parties have filed a stipulation in writing that the time may be extended or, if a summons is required, the party against whom service would otherwise have to be made has made a general appearance in the action.

(c) All actions, heretofore or hereafter commenced, shall be dismissed by the court in which the same may be pending, on its own motion, or on the motion of any party interested therein, if no answer has been filed after either service has been made or the defendant has made a general appearance, if plaintiff fails, or has failed, to have judgment entered within three years after service has been made or such appearance by the defendant, except where the parties have filed a stipulation in writing that the time may be extended.

(d) The time during which the defendant was not amenable to the process of the court shall not be included in computing the time period specified in this section.

(e) A motion to dismiss pursuant to the provisions of this section shall not, nor shall any extension of time to plead after such motion, or stipulation extending time for service of summons and return thereof, constitute a general appearance.

SEC. 2. The amendment of Section 581a of the Code of Civil Procedure made by Section 1 of this act does not constitute a change in, but is declaratory of, the existing law.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

An interpretation of subdivision (c) of Section 581a of the Code of Civil Procedure, as amended by Chapter 582, Statutes of 1970, has been suggested to the effect that the term "general appearance" as used therein, includes answers, demurrers, and other responses which prohibit the entry of default, and that judgment in even a contested case must be obtained within three years or the action must be dismissed. Unless this bill takes effect immediately, the uncertainty in the statute will lead to unmeritorious motions to dismiss and needless litigation.

CHAPTER 8

An act relating to the repair, restoration, or replacement of public property damaged or destroyed by a natural disaster and, in this connection, to amend Section 54152 of the Government Code, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 9, 1971. Filed with Secretary of State March 10, 1971.]

The people of the State of California do enact as follows:

SECTION 1. "Natural disaster" as used in this act means a flood, storm, tidal wave, earthquake, or other similar public calamity resulting from natural causes.

SEC. 2. "Unusual circumstances" as used in this act, are unavoidable delays which result from the recurrence of a disaster, prolonged severe weather within a one-year period, or other conditions beyond the control of an applicant. Delays resulting from administrative procedures are not unusual circumstances which warrant extensions of time.

SEC. 3. The unexpended balance of the appropriation made by Section 1 of Chapter 52 of the Statutes of 1969 shall be available for expenditure by the Department of Finance for the purposes of the Emergency Flood Relief Law (Article 6 (commencing with Section 54150), Chapter 5, Part 1, Division 2, Title 5, Government Code) for damage or destruction to public real property, other than the repair, restoration, or replacement of streets, roads, and bridges damaged by a natural disaster which occurred between July 1, 1970, and June 30, 1971, declared by the governing body of the local agency affected, which declaration is acceptable to the Director of the Office of Emergency Services; provided, that the local agency has applied to the Department of Finance for an allocation of funds within 45 days after the disaster has occurred, or within 45 days of the effective date of this act, whichever is the longer period.

SEC. 4. The funds made available by Section 3 of this act may also be expended for the purposes described in Section 54155 of the Government Code.

SEC. 5. Allocations of funds under Section 3 of this act may be expended, if the local agency so elects, for the repair, restoration, or replacement of a public building to present-day standards; provided, that the square footage of such building is not increased thereby.

SEC. 6. Notwithstanding the provisions of Section 54157 of the Government Code, whenever the Department of Finance determines that a local agency to which funds available pur-

suant to Section 3 of this act are proposed to be allocated is financially unable to meet the matching requirements set forth in Section 54157 of the Government Code due to exhaustion of its financial resources because of disaster expenditures, the provisions of Section 54157 of the Government Code shall not apply, and the Department of Finance may allocate funds available pursuant to Section 3 of this act to pay all of the cost of repairing, restoring, or replacing public buildings of such local agency or such portion of such cost as the department determines is necessary to accomplish the project, taking into consideration the financial ability of the local agency to meet the matching requirements of Section 54157 of the Government Code, less any money provided by the United States or any agency thereof for any portion of the cost of the project; provided, that the total amount of state funds allocated for any one project pursuant to this section shall not exceed the sum of two hundred thousand dollars (\$200,000).

SEC. 7. The money in the Street and Highway Disaster Fund under subdivision (b) of Section 186.95 of the Streets and Highways Code shall be available for expenditure for allocation by the State Allocation Board for the purposes of the Emergency Flood Relief Law, including the purposes provided for in Section 54160 of the Government Code, for the repair, restoration, or replacement of any local street, road, or bridge damaged or destroyed by a natural disaster occurring between July 1, 1970, and June 30, 1971, declared by the governing body of the local agency affected, which declaration is acceptable to the Director of the Office of Emergency Services; provided, that the local agency has applied to the State Allocation Board for an allocation of funds within 45 days after the disaster has occurred, or within 45 days of the effective date of this act, whichever is the longer period.

SEC. 8. Whenever the Department of Finance determines that a local agency which would otherwise be eligible for an allocation under the formula of Section 54157 of the Government Code is unable to finance the work due to exhaustion of its financial resources because of disaster expenditures, the State Allocation Board may allocate funds available pursuant to Section 7 of this act to pay such portion of the cost of repairing, restoring, or replacing the streets, roads and bridges of such local agency as the department has determined is necessary to accomplish such work; provided, that if the local agency is a county, the amount contributed by each local agency shall not be reduced to less than an amount of money equal to the amount allocated to such local agency for the 1969-70 fiscal year pursuant to Section 2110.5 of the Streets and Highways Code; and provided, further, that if the local agency is a county, the Department of Finance, in determining whether the county's financial resources are exhausted, shall ascertain whether the county has levied, during the then current year, the maximum property tax for highway purposes authorized by Section 1550 of the Streets and Highways Code

in the road district in which the work is proposed, and if such tax is being levied at less than the maximum rate authorized by Section 1550, the amount to be allocated by the State Allocation Board under this section shall be reduced by an amount equivalent to the difference between the revenue derived from the property tax being levied for highway purposes in such road district and the revenue which would have been derived from such tax at the maximum rate authorized by Section 1550. In determining if a county has levied sufficient taxes, amounts to be received from other taxes levied by that county and used for road purposes shall be included.

SEC. 9. The unexpended balance of the money transferred to the Street and Highway Disaster Fund pursuant to subdivision (a) of Section 17 of Chapter 52 of the Statutes of 1969 shall be available for expenditure for allocation by the State Allocation Board for the purposes of the Emergency Flood Relief Law, including the purposes provided for in Section 54160 of the Government Code, for the repair, restoration, or replacement of any local street, road, or bridge damaged or destroyed by a natural disaster occurring between July 1, 1970, and June 30, 1971, declared by the governing body of the local agency affected, which declaration is acceptable to the Director of the Office of Emergency Services; provided, that the local agency has applied to the State Allocation Board for an allocation of funds within 45 days after the disaster has occurred, or within 45 days of the effective date of this act, whichever is the longer period, unless the Director of the Office of Emergency Services extends this period because of unusual circumstances.

SEC. 10. The unexpended balance of the money transferred to the State Highway Fund pursuant to subdivision (b) of Section 17 of Chapter 52 of the Statutes of 1969 shall be available for expenditure, without regard to the provisions of Sections 188, 188.8, and 188.9 of the Streets and Highways Code, for the repair, replacement, or restoration of highways and bridges in the state highway system damaged or destroyed by a natural disaster occurring between July 1, 1970, and June 30, 1971, to present-day standards and to accommodate present traffic.

SEC. 11. All moneys which are made available by the various provisions of this act for expenditure or allocation for the repair, restoration, or replacement of public real property damaged or destroyed by a natural disaster are hereby appropriated for expenditure, without regard to fiscal years, for the particular purposes specified by the respective provisions.

SEC. 12. No financial aid shall be provided under any of the provisions of this act until a state agency, upon the request of the Director of the Department of Finance, has first investigated and reported upon the proposed work, has estimated the cost of the work, and has filed its report thereon with the Director of the Department of Finance within 60 days from the

date the local agency makes application, unless the Director of Finance extends this period because of unusual circumstances.

SEC. 13. Section 54152 of the Government Code is amended to read:

54152. "Project" means the repair or restoration, or both, other than normal maintenance, or the replacement of public real property, including but not limited to buildings, levees, flood control works, channels, irrigation works, city streets, county roads, bridges, and other public works that are damaged or destroyed by a natural disaster, occurring during any specified period of time for which an appropriation is made by the Legislature. The completion of all or part of a project prior to application for funds hereunder shall not disqualify such project or any part thereof.

SEC. 14. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Annual natural disasters occurring in various counties of the state have caused and are expected to cause severe damage and destruction to essential streets, roads, highways, and bridges, public facilities and property in said counties, including public facilities supplying domestic water to inhabitants thereof. In order that funds may be made available immediately for the repair, restoration, or replacement of such streets, roads, highways, and bridges, public facilities and property, it is essential that this act go into immediate effect.

CHAPTER 9

An act to change the grade level for school building apportionment for certain districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 12, 1971. Filed with Secretary of State March 12, 1971.]

The people of the State of California do enact as follows:

SECTION 1. The State Allocation Board may amend, approve and make apportionments for any application filed pursuant to Chapter 10 (commencing with Section 19551) of Division 14 of the Education Code on the basis of the kindergarten-grades 1 to 12 grade level maintained by the district, where the filing occurred before February 1, 1969, and the application was one by a school district which became unified effective July 1, 1964, and has an enrollment in excess of 30,000 pupils. Irrespective of anything to the contrary contained in Section 19553.1 of the Education Code, such amend-

ment, approval and apportionment may be based upon a grade level consisting of grades 9 through 12.

SEC. 2. This act shall have no force and effect after January 1, 1972.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

School districts which may receive the benefits of this act are in dire need of additional school buildings for the pupils of their districts. The school building need in these districts will become greater unless this act takes immediate effect.

CHAPTER 10

An act to amend Section 1006 of the Education Code, relating to educational programs, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 17, 1971. Filed with Secretary of State March 17, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 1006 of the Education Code is amended to read:

1006. The governing board of any school district, or any county superintendent of schools, may participate in any program authorized by the "Economic Opportunity Act of 1964," the "Elementary and Secondary Education Act of 1965," the "Demonstration Cities and Metropolitan Development Act of 1966," by the act of Congress known as the "Manpower Development and Training Act of 1962" (as amended), including but not limited to the "JOBS program" (Job Opportunities in the Business Sector), or the "Education Professions Development Act of 1965."

Participation may include, but is not limited to, entering into agreements with the Director of the Office of Economic Opportunity, the United States Commissioner of Education, or any public or private nonprofit agency, or combination thereof, pursuant to the "Economic Opportunity Act of 1964" (P.L. 88-452; 78 Stat. 508), the "Elementary and Secondary Education Act of 1965" (P.L. 89-10; 79 Stat. 27), the "Demonstration Cities and Metropolitan Development Act of 1966" (P.L. 89-754; 80 Stat. 1259), by the act of Congress known as the "Manpower Development and Training Act of 1962" (as amended), including but not limited to the "JOBS program (Job Opportunities in the Business Sector), or the "Education Professions Development Act of 1965" (P.L. 89-329;

79 Stats. 1254), as the case may be, and acts amending or supplementing those acts. Participation may also include the expenditure by county superintendents of schools and school districts of whatever funds may be required by the federal government as a condition to such participation.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

One or more school districts would be eligible to participate in several very beneficial projects pursuant to the Model Cities Program if authorization to enter into the necessary contractual relations is afforded. These programs would increase the educational opportunities and would greatly benefit the children of the district. In order that these programs contemplated by this act can be undertaken at the earliest possible time, it is necessary that this act take immediate effect.

CHAPTER 11

An act relating to school district elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 22, 1971. Filed with Secretary of State March 22, 1971.]

The people of the State of California do enact as follows:

SECTION 1. An election held pursuant to Section 15708 of the Education Code may be held in conjunction with the regularly held election for governing board members of the school district in the Ballico-Cressey Elementary School District in 1971.

SEC. 2. The Legislature hereby finds and declares that special facts exist with respect to the financial situation of the Ballico-Cressey Elementary School District which make it impossible to apply the general law relating to the election permitted by this act applicable thereto. To require the district to wait until 1972 to hold the election would be tantamount to imposing an unusual and unfair financial burden upon the district.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

School districts may enter into leases and agreements relating to real property and buildings pursuant to Article 9 (commencing with Section 15701) of Chapter 2 of Division 11 of the Education Code. These types of agreements are

necessary for the proper functioning of school districts and must be approved by voters of the district before they can become effective. In order that an election may be held in conjunction with the regularly held election for governing board members scheduled for early 1971 in the Ballico-Cressey Elementary School District, it is essential that this act take immediate effect.

CHAPTER 12

An act to validate the organization, boundaries, acts, proceedings and bonds of public bodies, as herein defined, and to provide limitations of time within which actions may be commenced in connection therewith, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 25, 1971. Filed with Secretary of State March 25, 1971.]

The people of the State of California do enact as follows:

SECTION 1. The following terms shall have the following meanings herein:

(a) The term "public body" means counties, cities and counties, cities, and the following districts, authorities, agencies, boards, commissions, and other entities:

Agencies, boards, commissions, or entities constituted or provided for under or pursuant to Chapter 5 (commencing with Section 6500), Division 7, Title 1 of the Government Code.

Assessment districts.

Bridge and highway districts.

California water district improvement districts.

California water districts.

Cemetery districts.

Citrus pest control districts.

City general improvement district improvement districts.

The term "public body" and the plural thereof, as used in this act, shall include only those entities which are specifically enumerated in this section.

(b) The term "bonds" means all instruments evidencing an indebtedness of a public body incurred or to be incurred for any public purpose, and all instruments evidencing the borrowing of money in anticipation of taxes, revenues, or other income of such body, and all instruments payable from revenues or special funds of such public bodies, and all instruments funding or refunding any thereof or any indebtedness.

SEC. 2. All public bodies heretofore organized or existing under, or under color of, any law are hereby declared to have been legally organized and to be legally functioning as such public body. Every such public body shall have all the rights, powers, and privileges, and be subject to all the duties and obligations of such a public body regularly formed pursuant to law.

SEC. 3. The boundaries of every public body as heretofore established, defined, or recorded, or as heretofore actually shown on maps or plats used by the assessor, are hereby confirmed, validated, and declared legally established.

SEC. 4. All acts and proceedings heretofore taken by any public body or bodies under any law, or under color of any law, for the annexation or inclusion of territory into any such public body or for the annexation of any such public body to any other such public body or for the withdrawal or exclusion of territory from any such public body or for the consolidation, merger, or dissolution of any public bodies are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of any such public body and of any person, public officer, board, or agency heretofore done or taken upon the question of the annexation or inclusion or of the withdrawal or exclusion of such territory or the consolidation, merger or dissolution of such public bodies.

SEC. 5. All acts and proceedings heretofore taken by or on behalf of any public body under any law, or under color of any law, for the authorization, issuance, sale, or exchange of bonds of any such public body for any public purpose are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of such public body and of any person, public officer, board, or agency heretofore done or taken upon the question of the authorization, issuance, sale, or exchange of such bonds.

All bonds of any public body heretofore issued shall be, in the form and manner in which issued and delivered, the legal, valid, and binding obligations of the public body. All bonds of any public body heretofore awarded and sold to a purchaser and hereafter issued and delivered in accordance with the contract of sale and other proceedings for the award and sale shall be the legal, valid, and binding obligations of the public body. All bonds of any public body heretofore authorized to be issued by ordinance, resolution, order, or other

action adopted or taken by or on behalf of the public body and hereafter issued and delivered in accordance with such authorization shall be the legal, valid, and binding obligations of the public body. All bonds of any public body heretofore authorized to be issued at an election and hereafter issued and delivered in accordance with such authorization shall be the legal, valid, and binding obligations of the public body. Whenever an election has heretofore been called for the purpose of submitting to the voters of any public body the question of issuing bonds for any public purpose, such bonds, if hereafter authorized by the required vote and in accordance with the proceedings heretofore taken, and issued and delivered in accordance with such authorization, shall be the legal, valid, and binding obligations of the public body.

SEC. 6. (a) The foregoing provisions of this act shall operate to supply such legislative authorization as may be necessary to validate any such acts and proceedings heretofore taken which the Legislature could have supplied or provided for in the law under which such acts or proceedings were taken.

(b) The foregoing provisions of this act shall be limited to the validation of acts and proceedings to the extent to which the same can be effectuated under the State and Federal Constitutions.

(c) The foregoing provisions of this act shall not operate to confirm, validate, or legalize any act, proceeding, or other matter the legality of which is being contested or inquired into in any legal proceeding now pending and undetermined or which may be pending and undetermined during the period of 30 days from and after the effective date of this act, and shall not operate to confirm, validate, or legalize any act, proceeding, or other matter which has heretofore been determined in any legal proceeding to be illegal, void, or ineffective.

(d) This act shall not operate to confirm, validate, or legalize a contract between any district and the United States.

SEC. 7. Any action or proceeding contesting the validity of any action or proceeding heretofore taken under any law, or under color of any law, for the formation, organization, or incorporation of any public body, or for any annexation thereto, exclusion therefrom, or other change of boundaries thereof, or for the consolidation, merger, or dissolution of any public bodies, or for the authorization, issuance, sale, or exchange of bonds thereof upon any ground involving an alleged defect or illegality not effectively validated by the prior provisions of this act and not otherwise barred by any statute of limitations or by laches must be commenced within six months of the effective date of this act; otherwise each and all of such matters shall be held to be valid and in every respect legal and incontestable. This section shall not extend the period in which any action may be brought beyond the period in which it

would be barred by any presently existing valid statute of limitations.

SEC. 8. Nothing contained in this act shall be construed to render the creation of any city or district, or any change in the boundaries of any city or district, effective for purposes of assessment or taxation unless the statement, together with the map or plat, required to be filed under Sections 54900 to 54904, inclusive, of the Government Code, is filed within the time and substantially in the manner required by such sections.

SEC. 9. As used in this act, the word "now" means the date this act takes effect; the word "heretofore" means any time prior to such effective date; and the word "hereafter" means any time subsequent to such effective date.

SEC. 10. This act may be cited as the First Validating Act of 1971.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The peace, health and safety of the citizens of the state require the orderly and unhampered functioning of public bodies and such functioning depends upon the validity of the organization, boundaries, and governing officers or boards of public bodies, and upon the validity of acts, proceedings, and bonds of public bodies, and it is therefore imperative and essential that such matters be validated so that during the period before this act would otherwise become effective:

(1) Citizens of the state can be afforded the protection of the police, fire, safety, sanitary, and other regulations and protections provided by public bodies;

(2) Public works and construction by public bodies can be commenced and continued without delay or restriction, to provide sewers, waterworks, schools, storm drains, flood control works, sanitary facilities, electric and other utility works, firehouses and facilities, police stations and facilities, streets, hospitals, and other works, structures, improvements, and facilities required for the public peace, health and safety, and immediately needed to provide for an increased population;

(3) Public bodies can issue and sell bonds heretofore authorized for the purpose of providing sewers, waterworks, schools, storm drains, flood control works, sanitary facilities, electric and other utility works, firehouses and facilities, police stations and facilities, streets, hospitals, and other works, structures, improvements, and facilities required for the public peace, health, and safety and immediately needed to provide for an increased population, which cannot now be sold because of defects in the organization or boundaries of some public body or in the authorization of such bonds, which defects will be cured by this act.

CHAPTER 13

An act to establish procedures for the assessment of open-space lands, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 25, 1971. Filed with Secretary of State March 25, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of law to the contrary, the assessment procedures specified under Sections 423 and 423.5 of the Revenue and Taxation Code shall be effective with respect to land subject to taxation for the 1971-1972 fiscal year, if such land is subject to an instrument meeting the requirements of Section 422 of the Revenue and Taxation Code and such instrument is signed or accepted and recorded on or before May 15, 1971; provided, that prior to 5 o'clock p.m. on March 1, 1971, either the land which is subject to a contract was included in a proposal to establish an agricultural preserve submitted to the planning commission or planning department or the matter of accepting an open-space easement or scenic restriction had been referred to such commission or department.

Sec. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some counties and cities have inadvertently failed to file the instruments reflecting the true status of property as being eligible for the assessment authorized by the Constitution for open-space lands, and in some cases negotiations to sign such instruments were not completed by the lien date in 1971. As a result, some individuals now are confronted with obligations which, if met, will substantially impair their ability to function effectively. This act will remedy the situation by, in effect, removing the procedural bar to the proper valuation of such property for tax purposes. In so doing, the public policy of the state as expressed in the Constitution will be entirely fulfilled and the state as a whole will benefit.

CHAPTER 14

An act to amend Sections 18405 and 18617.1 of the Financial Code, relating to industrial loan companies, declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 25, 1971. Filed with Secretary of State March 25, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 18405 of the Financial Code is amended to read:

18405. An industrial loan company may make loans and purchase, sell, or discount the following obligations: bona fide trust receipts, secured or unsecured choses in action, chattel mortgages, conditional sales contracts, or security agreements.

(a) No industrial loan company shall make any loan or purchase or discount any other obligation that provides for a scheduled repayment of principal over more than the maximum terms set forth below opposite the respective size of loan or other obligation:

Principal amount of	Maximum term
Loan of less than \$1,500_____	24 months and 15 days
Loan of \$1,500 but less than \$2,500 or other obligation of less than \$2,500__	36 months and 15 days
Loan or other obligation of \$2,500 but less than \$4,000_____	48 months and 15 days
Loan or other obligation of \$4,000 but less than \$6,000_____	60 months and 15 days
Loan or other obligation of \$6,000 or more _____	84 months and 15 days

Notwithstanding any other provision of this division, a loan or other obligation secured by real property shall not have term or maturity exceeding the term or maturity permitted by Section 18406.1.

(b) Loans may be made or other obligations may be purchased or discounted with a maturity of more than 60 months and 15 days provided all of the following conditions are met:

(1) The loan or other obligation is secured.

(2) The property, or collateral securing the loan or other obligation, is of a kind or class that has been declared eligible by regulation of the commissioner.

(3) The aggregate face balance of such loans and other obligations outstanding at any time shall not exceed a percentage of the aggregate face balance due on all loans and other obligations owing to the industrial loan company authorized by rule of the commissioner.

SEC. 2. Section 18617.1 of the Financial Code is amended to read:

18617.1. An industrial loan company shall not use any advertising nor make any representations which indicate, infer or might lead a person to believe that the company is a bank or that investment certificates are insured unless such is the fact. Advertising pertaining to protection of accounts by Thrift Guaranty Corporation of California shall be in accordance with Section 18995.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

It is essential that this act take effect immediately in order to enable industrial loan companies to purchase or discount other obligations of less than one thousand five hundred dollars (\$1,500) having a maximum term of 36 months and 15 days.

The Industrial Loan Law prior to its amendments by Chapter 1306 of the Statutes of the 1970 Regular Session allowed industrial loan companies to purchase contracts having a maximum maturity of three years in amounts not to exceed two thousand dollars (\$2,000). The 1970 amendments to subdivision (a) of Section 18405 of the Financial Code reached the unintended result of precluding industrial loan companies from purchasing contracts of less than one thousand five hundred dollars (\$1,500) that have a three-year maturity. The 1970 amendments to subdivision (a) of Section 18405 also reached the unintended result of not providing a maximum maturity for loans of industrial loan companies in excess of ten thousand dollars (\$10,000).

Corrective legislation is needed in order to clarify the authority of industrial loan companies under Section 18405 of the Financial Code.

CHAPTER 15

An act to amend Section 11501 of, and to add Section 11501.1 to, the Education Code, relating to adult classes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 29, 1971. Filed with
Secretary of State March 29, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 11501 of the Education Code is amended to read:

11501. The units of average daily attendance in classes for adults for a fiscal year maintained by a district, other than a community college district, shall be computed by dividing the total days of pupils' attendance in such classes during the fiscal year by 175. Except as provided in Section 11501.1, the average daily attendance so computed shall be credited to the district maintaining the classes for adults. The units of average daily attendance in classes for adults for a fiscal year maintained by a community college district shall be computed as set forth in Section 11476.5.

SEC. 2. Section 11501.1 is added to the Education Code, to read:

11501.1. Whenever two or more school districts have entered into an interdistrict attendance agreement whereby one of the districts shall provide for the adult education classes for all districts included in the agreement, the average daily attendance of adults attending such classes shall, for apportionment purposes, be reported by and credited to the district in which such adult resides. This section shall only apply to those cases in which the school district providing adult education is a unified school district situated in a county of the sixth class and having, for the 1969-1970 school year, a high school average daily attendance of 9,600 or more.

SEC. 3. Section 11501.1 of the Education Code, as added by Section 2 of this act, shall be deemed operative with respect to the computation of average daily attendance in adult education classes for the entire 1970-1971 fiscal year as though it had been enacted into law and became operative on July 1, 1970. The Superintendent of Public Instruction shall, for such purposes, have authority to take all necessary steps to effect the mid-fiscal-year transition involved, including the authority to adjust State School Fund apportionments, allowances, and disbursements on the basis of the revised computation procedures.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

At least one school district in the state has established a metropolitan adult education center to provide an adult education program for its own pupils and the pupils of two contiguous school districts. It has been determined that it is in the best interests of such districts, and the governing boards of such districts have entered into an agreement so providing, that for purposes of apportioning state funds provided for adult education, adult attendance at the center should be credited to the school district in which the adult pupil resides, rather than to the school district maintaining the center. Unless statutory authorization is given for crediting attendance in the manner agreed upon, the districts participating in the program may suffer financial hardship jeopardizing continuation of this valuable program. Therefore, in order that apportionments from the State School Fund may be made in accordance with the provisions of this act during the current 1970-1971 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 16

An act relating to field trips to Canada, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 29, 1971. Filed with Secretary of State March 29, 1971.]

The people of the State of California do enact as follows:

SECTION 1. The governing board of any school district may provide for a field trip during the school year to the Dominion of Canada for pupils enrolled in any of grades 6 to 8, inclusive, to provide language, history, geography, natural science, and other studies relative to the foreign country. The governing board may provide for such pupils to be accompanied by those employees of the school district as the governing board deems essential to the activities of the pupils.

SEC. 2. No travel and maintenance expenses of pupils or school district employees making the field trip shall be paid with school district funds. The governing board shall not charge any pupil or employee making the field trip any fee or other charge.

SEC. 3. To the extent possible, no pupil shall be prevented from making the field trip because of lack of sufficient funds. To this end, the governing board shall coordinate efforts of community service groups to supply funds for pupils in need of them.

SEC. 4. The governing board shall have no authority to provide or arrange for transportation incident to the field trip by the use of district equipment.

SEC. 5. The governing board of any school district providing for a field trip pursuant to this article shall provide, or make available, medical or hospital service, or both, through nonprofit membership corporations defraying the cost of medical service or hospital service, or both, or through group, blanket, or individual policies of accident insurance from an authorized insurer, for pupils or employees of the district injured while participating in such field trip under the jurisdiction of, or sponsored or controlled by, the district or the authorities of any school of the district. The cost of the insurance or membership may be paid from the funds of the district, or by the insured or, in the case of a pupil, his parent or guardian.

The insurance may be purchased from, or the membership may be taken in, only such companies or corporations as are authorized to do business in this state.

The governing board shall require that each person making the field trip obtain medical or hospital insurance.

All persons making the field trip shall be deemed to have waived all claims against the district or the State of California

for injury, accident, illness, or death occurring during or by reason of the field trip.

SEC. 6. The attendance or participation in a field trip authorized by this act shall be considered attendance for the purpose of crediting attendance for apportionments from the State School Fund in the fiscal year. Attendance resulting from such field trip shall be limited to the amount of attendance which would have accrued had the students not been engaged in the field trip.

SEC. 7. This act shall remain in effect until June 30, 1971, and shall have no force or effect after that date.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit pupils to participate in field trips to the Dominion of Canada, during the 1970-1971 school year, according to schedules which have been established, it is necessary that this act go into immediate effect.

CHAPTER 17

An act to amend Sections 4140 and 4141 of, and to add Section 4147 to, the Business and Professions Code, relating to pharmacy, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 30, 1971. Filed with Secretary of State March 31, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 4140 of the Business and Professions Code is amended to read:

4140. The board may, upon written application, on a form furnished by the board, and in its discretion, issue a permit to any person, permitting and authorizing such person to sell and dispense hypodermic syringes and hypodermic needles for the purposes and uses specified in said permit.

Separate certificates, licenses, permits or registrations, shall be required for each of the premises of any business establishment having more than one location. Such certificate, license, permit or registration shall be renewed, annually on or before January 1 of each year and shall not be transferable.

No person shall furnish, by sale or otherwise, any hypodermic syringe or hypodermic needle if he has not obtained a permit from the board, unless he is authorized to furnish a hypodermic syringe or hypodermic needle without a permit from the board, or unless he is otherwise exempted from such requirement.

SEC. 2. Section 4141 of the Business and Professions Code is amended to read:

4141. Any furnishing of a hypodermic syringe or hypodermic needle without a prescription shall at the time of furnishing be recorded in a book by the furnisher. The record of furnishing shall consist of the date and hour of such furnishing, the type or kind, size, and quantity of syringe or needle furnished, the purpose and use for which such needle or syringe was obtained, the signature of the furnisher, and the signature and address of the person to whom the needle or syringe was furnished. Such record book shall be available for inspection by any authorized officer of the law.

SEC. 3. Section 4147 is added to the Business and Professions Code, to read:

4147. Notwithstanding any other provision of law, a pharmacist or physician may, without a prescription or a permit, furnish hypodermic needles and syringes for human use in the administration of insulin or adrenalin, a pharmacist or veterinarian may, without a prescription or a permit, furnish hypodermic needles and syringes for use on poultry or animals, and a person may, without a prescription or permit, obtain hypodermic needles and syringes from a pharmacist or physician for human use in the administration of insulin or adrenalin, or from a pharmacist, veterinarian, or permit holder, for use on poultry or animals, if all of the following requirements are met:

a. No needle or syringe shall be furnished to a person who is unknown to the furnisher and unable to properly establish his identity.

b. The furnisher, at the time the furnishing occurs makes a record of the furnishing in the manner required by Section 4141.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

If this act does not go into immediate effect, persons who need hypodermic needles and syringes for the administration of insulin or adrenalin and for the treatment of livestock, poultry, or other animals will not be able to obtain them without a prescription or a permit, which may have adverse effect upon human health and will make it extremely difficult to economically and effectively treat livestock, poultry, and other animals.

CHAPTER 18

An act to add Section 54933.4 to the Government Code, relating to county service area tax zones, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 1, 1971. Filed with Secretary of State April 1, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 54933.4 is added to the Government Code, to read:

54933.4. Notwithstanding any other provision of this chapter, any establishment by a board of supervisors of a tax zone within any county service area pursuant to Section 25210.8, the proceedings for which were completed on January 12, 1971, shall be effective for assessment and taxation purposes for the 1971-72 fiscal year if the statement and map or plat required by Sections 54900 and 54901 were filed with the State Board of Equalization on or before January 31, 1971.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Unless this act takes effect immediately, a board of supervisors which has established zones within any county service area with tax rates varying with the extent of benefit to each zone derived from services provided to the property within each zone pursuant to Section 25210.8 of the Government Code and otherwise qualified to levy taxes in the zone, except for a procedural filing defect, will not be able to levy taxes in the zone for the fiscal year to cover the cost of services being furnished the zone.

CHAPTER 19

An act to amend Section 14672.1 of the Government Code, relating to leasing of land, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 1, 1971. Filed with Secretary of State April 1, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 14672.1 of the Government Code is amended to read:

14672.1. Notwithstanding Section 14670, the Director of General Services, with the consent of the Department of Cor-

rections, may let to a nonprofit corporation, for the purpose of conducting an educational and work program for mentally retarded persons, and for a period not to exceed 50 years, real property not exceeding 10 acres, located within the grounds of the Medical Facility at Vacaville, California.

Any lease executed pursuant to this section shall include a provision that such lease shall be canceled if permanent facilities are not constructed on the leased land within five years after the effective date of the amendments to this section enacted at the 1967 Regular Session of the Legislature.

Any lease executed pursuant to this section may be assigned or sublet in whole or in part by the lessee nonprofit corporation to any public agency with the approval of the Director of General Services and the Department of Corrections.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to prevent a delay of up to six months in establishing an adult center and more preschool activities for the trainable mentally retarded in Solano County, it is necessary that this act take effect immediately.

CHAPTER 20

An act to amend Section 76019 of the Government Code, relating to jury fees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 1, 1971 Filed with
Secretary of State April 1, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 76019 of the Government Code is amended to read:

76019. In a county of the 19th class, for acting as a grand juror or as a trial juror in the superior court, municipal court, or justice court, each juror shall be paid five dollars (\$5) for each day's attendance and mileage as allowed county employees traveling on county business for each mile actually traveled. At regularly called grand jury meetings, or committee meetings, or when appointed by the foreman of the grand jury to make individual investigations, grand jurors shall be paid five dollars (\$5) and mileage as allowed county employees traveling on county business for each mile actually traveled.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety

within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Stanislaus County has a combined superior and municipal court jury panel and under existing law is required to pay different mileage to jurors on the same panel. This has created a great and unnecessary administrative burden on the county, including increased costs of administration. In order to eliminate this confusion as soon as possible it is necessary that this act go into immediate effect.

CHAPTER 21

An act to amend Section 1171 of the Health and Safety Code, relating to drugs.

[Approved by Governor April 1, 1971. Filed with Secretary of State April 2, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 1171 of the Health and Safety Code is amended to read:

1171. The county board of supervisors of each county shall designate a county officer or employee to have the responsibility for developing a coordinated countywide community drug abuse control plan, which includes prevention, treatment, rehabilitation, and education, and such plan shall be submitted to the board of supervisors. The board of supervisors may modify or amend the plan and shall forward it to the Human Relations Agency by January 1, 1971. Thereafter, the county officer or employee and the board of supervisors shall similarly annually report the progress of such plan and may recommend any modifications of the plan which they deem appropriate.

In developing the plan, the county officer or employee shall coordinate with the local community mental health services and include the program contributions to be made by educational institutions, health agencies, the district attorney, the sheriff, police department, probation departments, and other appropriate agencies. Such agencies shall cooperate with the county officer or employee in the development of the plan. The plan shall include, but not be limited to, the following elements:

- (a) Information and referral services.
- (b) Education and prevention.
- (c) Treatment.
- (d) Rehabilitation.
- (e) Research and evaluation.
- (f) Coordination of community resources.

CHAPTER 22

An act to add Section 31703.8 to the Water Code, relating to county water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 8, 1971. Filed with Secretary of State April 8, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 31703.8 is added to the Water Code, to read:

31703.8. Annually, the El Dorado Hills County Water District, El Dorado County, may request, and the board of supervisors shall levy, a bond tax on land only in the district or improvement district benefited by the purposes of the bonded debt. The bond tax levied pursuant to this section constitutes a lien on all property, both land and improvements, located on the land benefited by the purposes of the bonded debt.

This special provision is necessary because of the benefit to undeveloped land within the El Dorado Hills County Water District by the availability of improvements in the area.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The peace, health and safety of the citizens of the state require the orderly and unhampered functioning of public bodies and such functioning depends on the avoidance of oppressive taxation for necessary services. Water is essential to the effective use of the lands in the El Dorado Hills County Water District and when provided increases the value of land manifold. However, because building density is low, a water bond tax on land and improvements places a disproportionate burden of the costs on homeowners in the district in relation to the benefits received. In order that fair and equitable bond taxes may be levied during the fiscal year 1971-1972 in the district, it is necessary that this act take effect immediately.

CHAPTER 23

An act relating to school attendance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 8, 1971. Filed with Secretary of State April 8, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Section 11052 of the Education Code, the minimum schoolday when the student bodies of

more than one high school are required to attend the physical plant of one high school shall be computed by determining the number of minutes of attendance in any 10 consecutive schooldays and dividing that number by 10. If the resulting quotient is 240 or more then the pupils shall be deemed to have complied with Section 11052 of the Education Code, even if the number of minutes attended in any one schoolday is less than 240.

SEC. 2. This act shall be deemed to have been operative for the entire 1970-1971 fiscal year and for fiscal years thereafter as though it had been enacted and become operative on July 1, 1970. The Superintendent of Public Instruction shall, for such purposes have authority to take all necessary steps to effect the mid-fiscal-year transition involved, including the authority to adjust allowance computations, apportionments, and disbursements ordered from the State School Fund.

SEC. 3. This act shall cease to be operative on June 30, 1972.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Because of the earthquake which occurred in California in February 1971, certain high schools became unsafe with the result that the student bodies of such high schools were required to share the physical plant of other high schools. As a result of such double use of school facilities, major revisions in scheduling were made necessary. In order that these revisions be made in the most expeditious manner possible, it is essential that school authorities be able to schedule classes without being faced with the choice of providing 240 minutes of instruction in each schoolday or losing credit for average daily attendance. In order to permit the more flexible scheduling of high school classes during the remainder of the 1970-1971 school year, and in succeeding school years, it is necessary that this act take effect immediately.

CHAPTER 24

An act to amend Section 1356 of the Education Code, relating to school district elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 13, 1971. Filed with
Secretary of State April 13, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 1356 of the Education Code is amended to read:

1356. Any election officer serving at any school district election may be paid out of the funds of the district as compensation for his services as an election officer such sum as is determined by the county clerk and approved by the county board of supervisors, not to exceed the amount paid from the county treasury to officers of the preceding general election. In districts in which the polls are kept open less than 12 hours, the maximum compensation for election officers shall be the sum bearing the same relation to the amount paid to election officers of the last preceding general election as the number of hours the polls were open at the election bears to the number of hours the polls were open in the preceding general election.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to effectuate the legislative purpose in providing an orderly and coherent body of school district election law, and in order to permit the payment of all persons charged with the conduct of school district elections held in the spring and summer of 1971, it is necessary that this act take effect immediately.

CHAPTER 25

An act to amend Section 15 of Chapter 481 of the Statutes of 1970, and to amend Section 14105.5 of the Welfare and Institutions Code, relating to health facilities and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 14, 1971. Filed with Secretary of State April 14, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 15 of Chapter 481 of the Statutes of 1970 is amended to read:

Sec. 15. Within 90 days of the effective date of this act, the Health Planning Council shall adopt guidelines pursuant to Section 437.7 of the Health and Safety Code. By July 1, 1970, all voluntary area health planning agencies shall adopt guidelines pursuant to Section 437.7 of such code. This act shall not apply to applicants who have filed applications for licenses, prior to January 1, 1970, which meet all requirements and regulations of the appropriate state agency existing at the time of application, including at least preliminary submission of plans, but only if such applicants commence construction of their facilities prior to July 1, 1971. The exception provided for in the preceding sentence shall not apply to transferees of the applications of such applicants.

Voluntary area health planning agencies may extend, until July 1, 1972, the date upon which applicants, qualifying under the exception in this section, shall commence construction, if the voluntary area health planning agencies declare that good cause has been shown why such extension should be granted, provided that an applicant applying for such extension had, prior to January 1, 1970, received approval of a health planning association in the county wherein the applicant is located.

SEC. 2. Section 14105.5 of the Welfare and Institutions Code is amended to read:

14105.5. The director shall make no payment for services to any hospital facility which secures a license under the provisions of Chapter 2 (commencing with Section 1400) of Division 2 of the Health and Safety Code or Chapter 1 (commencing with Section 7000) of Division 7 of this code after July 1, 1970, covering a new facility or additional bed capacity or the conversion of existing bed capacity to a different license category, unless such licensee received a favorable final decision by the voluntary area health planning agency in the area, the consumer members of a voluntary area health planning agency acting as an appeals body or the Health Planning Council pursuant to Sections 437.7 to 438.5, inclusive, of the Health and Safety Code; or unless the licensee had filed an application for a license prior to January 1, 1970, and the application met all then existing requirements and regulations of the appropriate state agency at the time of application including, at least, preliminary submission of plans, and if such licensee commences construction of facilities prior to July 1, 1971. The exception provided for in the preceding sentence with respect to applications filed prior to January 1, 1970, shall not apply to transferees of the applications of the original applicants.

Voluntary area health planning agencies may extend, until July 1, 1972, the date upon which applicants, qualifying under the exception in this section, shall commence construction, if the voluntary area health planning agencies declare that good cause has been shown why such extension should be granted, provided that an applicant applying for such extension had, prior to January 1, 1970, received approval of a health planning association in the county wherein the applicant is located.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There are applicants who, in good faith, applied prior to January 1, 1970, for licenses to construct health facilities and received approval of their plans from the health planning association, and who, because of the requirement to construct before July 1, 1971, will suffer financial ruin resulting in the nonconstruction of such facilities to the detriment of the sick and the medically needy of the communities wherein such

applicants are located. The situation is grave and the time of the crises is not far off, and, thus, it is imperative that the remedial steps provided in this act take effect immediately.

CHAPTER 26

An act to add Section 54932 to the Government Code, relating to community service district reorganization and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 26, 1971. Filed with
Secretary of State April 26, 1971.]

The people of the State of California do enact as follows:

SECTION 1. A transfer of property from the Calaveras Unified School District to the Vallecito Union Elementary School District was approved at a recent election. This transfer of

property will become effective July 1, 1971, will increase the assessed valuation of the Vallecito Union Elementary School District from \$1,000,000 to \$23,000,000, and will increase the enrollment from 60 students to approximately 450 students. In order to prepare for this drastic change in the Vallecito Union Elementary School District, the board of trustees has been forced into expenditures that were not anticipated. The Vallecito Union Elementary School District does not have any revenues to meet these unexpected expenditures and has no unencumbered reserves.

The Legislature finds that the unique circumstances in the Vallecito Union Elementary School District require immediate and special legislation and that a general statute cannot be made applicable to these circumstances within the meaning of Section 16 of Article IV of the California Constitution. The loan made by Section 2 of this act is made in view of the unique circumstances in the Vallecito Union Elementary School District, and is made for that purpose only. It is not the intention of the Legislature to establish a precedent with respect to the loan made by this act, but rather to assist in a situation involving unique circumstances when appropriate justification for such assistance has been found.

SEC. 2. Notwithstanding the provisions of Section 17310 of the Education Code and Article 4.5 (commencing with Section 17460) of Chapter 2 of Division 14 of the Education Code, the Superintendent of Public Instruction shall, upon application of the Governing Board of the Vallecito Union Elementary School District, certified by the county superintendent of schools having jurisdiction thereof, make a loan from the School District Organization Revolving Fund in the amount of twenty-five thousand dollars (\$25,000), or so much thereof as may be necessary, to the Vallecito Union Elementary School District to enable the district to adequately plan and provide for the change in the district due to the transfer of property and the resulting conditions described in Section 1 of this act.

SEC. 3. During the 1971-1972 fiscal year, and during the 1972-1973 fiscal year, the State Controller shall deduct from apportionments made to the Vallecito Union Elementary School District in each of those fiscal years an amount equal to one-half of the amount actually loaned to the school district pursuant to Section 2 of this act, together with amounts representing interest at a rate based on the most current investment rate of the Pooled Money Investment Account as of the date of the disbursement of the loan to the district, and pay the same amount into the School District Organization Revolving Fund in the State Treasury.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that money may be made available to the Vallecito Union Elementary School District at the earliest possible time to aid the district in averting a financial crisis which directly involves the entire area of the district, it is necessary that this act take immediate effect.

SECTION 1. Section 771 of the Insurance Code is amended to read:

771. Section 770 shall not prevent:

(a) The exercise by any person engaged in such business of his right to approve or disapprove of the insurer selected to underwrite the insurance, nor of his right to furnish such insurance or to renew any insurance required by the contract of sale or trust deed or other loan agreement if the borrower, or purchaser shall have failed to furnish the insurance or renewal thereof within such reasonable time or form as may be specified in the sale or loan agreement. The lender shall not refuse to accept insurance provided by an acceptable insurer on the ground that such insurance provides more coverage than is required in the sale or loan agreement, unless the additional coverage consists of automobile, life or disability insurance.

(b) Any lender from recommending to any borrower or prospective borrower the placing of insurance with a specified insurer or through a specified insurance agent or broker as long as such recommendation, with respect to a sale of real property or a loan upon the security of real property, clearly sets forth both the name and the mailing address of the recommended insurer or insurance agent or broker and does not violate the provisions of Section 770 or of any other section of this code. On and after July 1, 1972, such recommendation clearly setting forth the name and the mailing address of the recommended insurer or insurance agent or broker, shall be in writing.

(c) The free choice of insurance agent or broker by any borrower or purchaser at any time, and he may revoke any designation of insurance agent or broker at any time irrespective of the provisions of any loan or purchase agreement or trust deed.

(d) The exercise of any person engaged in such business of his right to furnish such insurance or to renew such insurance, and to charge the account of the borrower or purchaser

with the costs thereof, if the borrower or purchaser fails to deliver to the lender such insurance at least 30 days prior to the expiration of the policy. If an insurance policy procured by the borrower or purchaser is subsequently substituted for that then in force, the lender may impose a reasonable service charge as determined by the Insurance Commissioner for the transaction, the payment of which charge by the agent or broker is not a violation of any other provision of this code. No service charges shall be imposed for normal insurance changes made during the term of the policy.

SEC. 2. Section 771 of the Insurance Code is amended to read:

771. Section 770 shall not prevent:

(a) The exercise by any person engaged in such business of his right to approve or disapprove, for reasonable cause, of the insurer selected to underwrite the insurance, nor of his right to furnish such insurance or to renew any insurance required by the contract of sale or trust deed or other loan agreement if the borrower, or purchaser shall have failed to furnish the insurance or renewal thereof within such reasonable time or form as may be specified in the sale or loan agreement. The lender shall not refuse to accept insurance provided by an acceptable insurer on the ground that such insurance provides more coverage than is required in the sale or loan agreement, unless the additional coverage consists of automobile, life or disability insurance.

(b) Any lender from recommending to any borrower or prospective borrower the placing of insurance with a specified insurer or through a specified insurance agent or broker as long as such recommendation, with respect to a sale of real property or a loan upon the security of real property, clearly sets forth both the name and the mailing address of the recommended insurer or insurance agent or broker and does not violate the provisions of Section 770 or of any other section of this code. On and after July 1, 1972, such recommendation clearly setting forth the name and the mailing address of the recommended insurer or insurance agent or broker, shall be in writing.

(c) The free choice of insurance agent or broker by any borrower or purchaser at any time, and he may revoke any designation of insurance agent or broker at any time irrespective of the provisions of any loan or purchase agreement or trust deed.

(d) The exercise of any person engaged in such business of his right to furnish such insurance or to renew such insurance, and to charge the account of the borrower or purchaser with the costs thereof, if the borrower or purchaser fails to deliver to the lender such insurance at least 30 days prior to

the expiration of the policy. If an insurance policy procured by the borrower or purchaser is subsequently substituted for that then in force, the lender may impose a reasonable service charge as determined by the Insurance Commissioner for the transaction, the payment of which charge by the agent or broker is not a violation of any other provision of this code. No service charges shall be imposed for normal insurance changes made during the term of the policy.

(e) The Insurance Commissioner is authorized to adopt a uniform statewide schedule of permissive maximum charges for the substitution of policies authorized in subdivision (d).

SEC. 3. It is the intent of the Legislature, if amendments to Section 771 of the Insurance Code proposed by both this bill and A.B. 691 are enacted, that both amendments be given effect and incorporated in Section 771 in the form set forth in Section 2 of this act. Therefore, in the event A.B. 691 is enacted and amends Section 771, Section 2 of this act shall become operative at the same time that Section 771 as amended by A.B. 691 becomes operative, and at that time, Section 771 of the Insurance Code as amended by Section 1 of this act is repealed.

SEC. 3. Section 1229 of the Government Code is amended to read:

1229. Any public officer who is charged with the custody of public records may take any action, including the transfer of such records to another place within the state, necessary for the safekeeping of such records during any duly proclaimed state of war emergency or state of emergency pursuant to Chapter 7 (commencing with Section 8550) of Division 1 of Title 2 of the Government Code.

Whenever there is more than one officer certifying to public payrolls the governing body of a city or county or school district may designate and make it the duty of a certain officer or officers to ascertain and certify that such disaster service worker has taken such oath or affirmation. The governing body of a city or county or school district may designate and make it the duty of a local disaster service officer to ascertain and certify that each volunteer disaster service worker has taken such oath or affirmation.

The governing board may enlarge the benefits of this section and may expand the class of relatives listed below as members of the immediate family. SEC. 2. The Superintendent of Public Instruction shall have all powers necessary, including the power to adjust State School Fund apportionments, allowances, and disbursements on the basis of the revision effected by this act, to carry out the provisions of this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to ensure the proper support and operation of special classes established by county superintendents of schools for the instruction of handicapped adults and in order that

the eligible programs and average daily attendance in such programs may be ascertained in accordance with the changes in law made by this act, for the 1970-1971 fiscal year, or as early as possible in the 1971-1972 fiscal year, it is necessary that this act take effect immediately.

However, such person may be granted an interim appointment to the same office for which the Senate failed to confirm him.

CHAPTER 45

*An act to add Sections 9172 and 9327.5 to the Elections Code,

The people of the State of California do enact as follows:

SECTION 1. Section 9172 is added to the Elections Code, to read:

9172. A person between the ages of 18 and 21 years who is registered to vote at federal elections is qualified for appointment to the committee if otherwise eligible.

SEC. 2. Section 9327.5 is added to the Elections Code, to read:

9327.5. Notwithstanding the provisions of Section 9327, a person shall be eligible for election or appointment to a committee if he is between the ages of 18 and 21 years and is registered to vote at federal elections.

CHAPTER 46

An act relating to state school building aid, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 6, 1971. Filed with Secretary of State May 6, 1971.]

The people of the State of California do enact as follows:

SECTION 1. (a) In the event the board of supervisors failed in the fiscal year 1970-1971 to levy a tax upon the property in a school district sufficient to raise for the district the amount of money to be withheld by the State Controller during the fiscal year 1970-1971, as required by Section 19695 of the Education Code, and in the event the county auditor certifies that fact and the amount of such insufficiency to the State Controller, that officer shall reduce the total amount of the deductions from apportionments to be made to that district pursuant to Section 19695 of the Education Code for the 1970-1971 fiscal year by the amount of such insufficiency.

(b) For the fiscal year 1970-1971 the apportionments from the State School Fund for any district which is subject to subdivision (a) shall be increased by an amount equal to the total amount of deductions made pursuant to Section 19695 during the 1970-1971 fiscal year.

(c) For the fiscal year 1971-1972 the State Controller shall add to the amounts to be deducted under Section 19695 of the Education Code the amounts of any reductions in any such deductions effected during the fiscal year 1970-1971, pursuant to subdivision (a) plus an amount equal to 6 percent of such deductions.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

By reason of clerical error, there was a failure to levy a tax, for at least one school district, sufficient to provide the full amount of the 1970-1971 annual repayments of apportionments made under the State School Building Aid Law of 1952. If this act were not to take effect immediately, the State Controller would be required by Section 19695 of the Education Code to deduct the total amount of the annual repayment for such district in equal amounts from the February through May installments of the apportionments to be made to the district from the State School Fund, which would seriously deplete the general fund of such district and would have its consequent effect upon the educational opportunities afforded to the children of the district.

CHAPTER 47

An act to amend Section 67401 of the Government Code, and to amend Section 2 of Chapter 913 of the Statutes of 1968, relating to the Western Interstate Nuclear Compact.

[Approved by Governor May 6, 1971. Filed with Secretary of State May 6, 1971.]

SECTION 1. Section 67401 of the Government Code is amended to read:

67401. The provisions of this interstate compact are as follows:

WESTERN INTERSTATE NUCLEAR COMPACT

Article I. Policy and Purpose

The party states recognize that the proper employment of scientific and technological discoveries and advances in nuclear and related fields and direct and collateral application and adaptation of processes and techniques developed in connection therewith, properly correlated with the other resources of the region, can assist substantially in the industrial progress of the West and the further development of the economy of the region. They also recognize that optimum benefit from nuclear and related scientific or technological resources, facilities and skills requires systematic encouragement, guidance, assistance, and promotion from the party states on a cooperative basis. It is the policy of the party states to undertake such cooperation on a continuing basis. It is the purpose of this compact to provide the instruments and framework for such a cooperative effort in nuclear and related fields, to enhance the economy of the West and contribute to the individual and community well-being of the region's people.

Article II. The Board

(a) There is hereby created an agency of the party states to be known as the "Western Interstate Nuclear Board" (hereinafter called the board). The board shall be composed of one member from each party state designated or appointed in accordance with the law of the state which he represents and serving and subject to removal in accordance with such law. Any member of the board may provide for the discharge of his duties and the performance of his functions thereon (either for the duration of his membership or for any lesser period of time) by a deputy or assistant, if the laws of his state make specific provisions therefor. The federal government may be represented without vote if provision is made by federal law for such representation.

(b) The board members of the party states shall each be entitled to one vote on the board. No action of the board shall be binding unless taken at a meeting at which a majority of all members representing the party states are present and unless a majority of the total number of votes on the board are cast in favor thereof.

(c) The board shall have a seal.

(d) The board shall elect annually, from among its members, a chairman, a vice chairman, and a treasurer. The board shall appoint and fix the compensation of an executive director who shall serve at its pleasure and who shall also act as secretary, and who, together with the treasurer, and such other personnel as the board may direct, shall be bonded in such amounts as the board may require.

(e) The executive director, with the approval of the board, shall appoint and remove or discharge such personnel as may be necessary for the performance of the board's functions irrespective of the civil service, personnel or other merit system laws of any of the party states.

(f) The board may establish and maintain, independently or in conjunction with any one or more of the party states, or its institutions or subdivisions, a suitable retirement system for its full-time employees. Employees of the board shall be eligible for social security coverage in respect of old age and survivors insurance provided that the board takes such steps as may be necessary pursuant to federal law to participate in such program of insurance as a governmental agency or unit. The board may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.

(g) The board may borrow, accept, or contract for the services of personnel from any state or the United States or any subdivision or agency thereof, from any interstate agency, or from any institution, person, firm or corporation.

(h) The board may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services (conditional or otherwise) from any state or the United States or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm, or corporation, and may receive, utilize, and dispose of the same. The nature, amount and conditions, if any, attendant upon any donation or grant accepted pursuant to this paragraph or upon any borrowing pursuant to paragraph (g) of this article, together with the identity of the donor, grantor or lender, shall be detailed in the annual report of the board.

(i) The board may establish and maintain such facilities as may be necessary for the transacting of its business. The board may acquire, hold, and convey real and personal property and any interest therein.

(j) The board shall adopt bylaws, rules, and regulations for the conduct of its business, and shall have the power to amend and rescind these bylaws, rules, and regulations. The board shall publish its bylaws, rules, and regulations in convenient form and shall file a copy thereof, and shall also file a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

(k) The board annually shall make to the governor of each party state, a report covering the activities of the board for the preceding year, and embodying such recommendations as may have been adopted by the board, which report shall be transmitted to the legislature of said state. The board may issue such additional reports as it may deem desirable.

Article III. Finances

(a) The board shall submit to the Governor or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that jurisdiction for presentation to the legislature thereof.

The board may formulate and, in accordance with need from time to time, revise a regional plan or regional plans for coping with nuclear incidents within the territory of the party states as a whole or within any subregion or subregions of the geographic area covered by this compact.

Any nuclear incident plan in force pursuant to this paragraph shall designate the official or agency in each party state covered by the plan who shall coordinate requests for aid pursuant to Article VI of this compact and the furnishing of aid in response thereto.

Unless the party states concerned expressly otherwise agree, the board shall not administer the summoning and dispatching of aid, but this function shall be undertaken directly by the designated agencies and officers of the party states.

However, the plan or plans of the board in force pursuant to this paragraph shall provide for reports to the board concerning the occurrence of nuclear incidents and the requests for aid on account thereof, together with summaries of the actual working and effectiveness of mutual aid in particular instances.

From time to time, the board shall analyze the information gathered from reports of aid pursuant to Article VI and such other instances of mutual aid as may have come to its attention, so that experience in the rendering of such aid may be available.

Article VII. Supplementary Agreements

(a) To the extent that the board has not undertaken an activity or project which would be within its power under the provisions of Article V of this compact, any two or more of the party states (acting by their duly constituted administrative officials) may enter into supplementary agreements for the undertaking and continuance of such an activity or project. Any such agreement shall specify the purpose or purposes; its duration and the procedure for termination thereof or withdrawal therefrom; the method of financing and allocating the costs of the activity or project; and such other matters as may be necessary or appropriate.

No such supplementary agreement entered into pursuant to this article shall become effective prior to its submission to and approval by the board. The board shall give such approval unless it finds that the supplementary agreement or

activity or project contemplated thereby is inconsistent with the provisions of this compact or a program or activity conducted by or participated in by the board.

(b) Unless all of the party states participate in a supplementary agreement, any cost or costs thereof shall be borne separately by the states party thereto. However, the board may administer or otherwise assist in the operation of any supplementary agreement.

(c) No party to a supplementary agreement entered into pursuant to this article shall be relieved thereby of any obligation or duty assumed by said party state under or pursuant to this compact, except that timely and proper performance of such obligation or duty by means of the supplementary agreement may be offered as performance pursuant to the compact.

(c) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until two years after the Governor of the withdrawing state has given notice in writing of the withdrawal to the Governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

(d) Guam and American Samoa, or either of them may participate in the compact to such extent as may be mutually agreed by the board and the duly constituted authorities of Guam or American Samoa, as the case may be. However, such participation shall not include the furnishing or receipt of mutual aid pursuant to Article VI, unless that article has been enacted or otherwise adopted so as to have the full force and effect of law in the jurisdiction affected. Neither Guam nor American Samoa shall be entitled to voting participation on the board, unless it has become a full party to the compact.

Article X. Severability and Construction

The provisions of this compact and of any supplementary agreement entered into hereunder shall be severable and if any phrase, clause, sentence or provision of this compact or such supplementary agreement is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact or such supplementary agreement and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. The people of the State of California do enact as follows:

SECTION 1. The governing board of the Pomona Unified School District, for grades 10, 11, and 12, may contract for and financially participate in any program through which peace officers furnished by local agencies, including cities, cities and counties, and counties, are provided on school campuses as resource personnel on a regular basis to maintain order and promote a better understanding of the law. Participation may also include applications for grants from the federal government under any federal act and the expenditure by the district of whatever funds may be required by the federal government as a condition to such participation.

SEC. 2. The Legislature hereby finds and declares that pilot programs respecting the use of peace officers on school campuses are essential to determining the effectiveness of such programs and that the Pomona Unified School District, because of its size and location, is a uniquely qualified site for such a

program. For these reasons, a general statute, within the meaning of Section 16 of Article IV of the California Constitution, cannot be made applicable.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Questions have arisen as to the power of the governing boards of school districts to contract for and financially participate in programs through which local peace officers are provided on school campuses on a regular basis as resource personnel and to maintain order and promote the better understanding of law and to make applications for and participate in such programs pursuant to the Federal Omnibus Crime Control and Safe Streets Act of 1968. In order that public funds not be expended in litigation on such questions and in order that such high priority programs may be instituted at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 59

An act to amend Sections 27361 and 27380 of the Government Code, relating to recording and filing fees.

[Approved by Governor May 11, 1971. Filed with
Secretary of State May 11, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 27361 of the Government Code is amended to read:

27361. The fee for recording and indexing every instrument, paper, or notice required or permitted by law to be recorded is, as follows: one dollar (\$1) fee for filing every instrument, paper or notice for record and making the necessary entries thereon; plus two dollars (\$2) for recording the first page and one dollar (\$1) for each additional page or fraction of a page. If the printing on printed forms is spaced more than nine lines per vertical inch or more than 22 characters and spaces per inch measured horizontally for not less than three inches in one sentence the recorder shall charge one dollar (\$1) additional for each page on which such printing appears excepting, however, that such additional charge shall not apply to printed words which are directive or explanatory in nature for completion of the form or on vital statistics forms.

SEC. 2. Section 27380 of the Government Code is amended to read:

27380. The fee for filing, indexing, and keeping each paper not required by law to be recorded is three dollars (\$3).

CHAPTER 60

An act to amend Section 29130 of the Government Code, relating to county budgets, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 12, 1971. Filed with Secretary of State May 12, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 29130 of the Government Code is amended to read:

29130. Balances in appropriations for contingencies, including accretions from cancellation of specific appropriations, and amounts received from subventions, grants, gifts, judgments, donations, fines, forfeitures, penalties, and charges for current services which are either in excess of anticipated or are not specifically set forth in the budget, and revenues derived from services provided under contract or agreement which are not specifically set forth in the budget, may be made available for specific appropriation by a four-fifths vote of the board at any regular or special meeting of which all members have had reasonable notice.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The counties in California are faced with a serious financial crisis due to the obligations imposed upon them with respect to the state Medi-Cal program. Without the immediate enactment of legislation giving counties the budgetary flexibility necessary to meet these obligations, the health and welfare of the inhabitants of these counties will be endangered.

CHAPTER 61

An act to amend Section 316 of the Business and Professions Code, relating to consumer affairs.

316. (a) The Consumer Advisory Council consists of five members appointed by the Governor, two of whom shall represent business, one of whom shall represent labor, and two of whom shall represent voluntary consumer agencies.

(b) One Member of the Senate, appointed by the Senate Committee on Rules, and one Member of the Assembly, appointed by the Speaker of the Assembly shall meet with, and participate in, the work of the council to the extent that such participation is not incompatible with their positions as Members of the Legislature. For the purposes of this chapter such Members of the Legislature shall constitute a joint legislative committee on the subject of this chapter and shall have the powers and duties imposed upon such committee by the Joint Rules of the Senate and Assembly.

All of the provisions of law, relative to the collection of state and county taxes, including the time for their payment, the giving of notice as to such time of payment, when they become delinquent, the penalties, costs and interest that shall accrue for their nonpayment and the period and manner of redemption are made applicable to the collection, payment, delinquency and redemption of district taxes except when inconsistent with this part.

CHAPTER 63

An act to amend Sections 19576, 19611, 19613, 19614, 19660, 19662, 19664, 19665, 19666, 19682, 19704 and 19705 of the Education Code, relating to state school building aid.

[Approved by Governor May 12, 1971. Filed with Secretary of State May 12, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 19576 of the Education Code is amended to read:

19576. The board may approve, in whole or in part, an application submitted by a school district under Section 19571 and in such amount, not exceeding the amount applied for, as the board may deem appropriate.

The board may, upon approval of the application, in whole or in part, and subsequently from time to time, make a conditional apportionment or conditional apportionments not exceeding in the aggregate the total amount determined by the board as aforesaid, to the applicant school district from the State School Building Aid Fund for such portion or portions of the construction project as the board determines the district is ready to proceed with. If the board has approved an application and made an apportionment as to a portion or portions of a construction project, the board may approve the remaining portion or portions of the construction project and make an additional apportionment or apportionments within two years after the original approval without requiring a district to issue additional bonds. The board may also make an additional apportionment or apportionments for a period of time in excess of two years after the original approval without requiring a district to issue additional bonds if it has made a

finding that such additional apportionment or apportionments are justified by virtue of the fact that state funds were not available for apportionment within the two-year period after the original approval because of the inability of the state to sell authorized state bonds within the maximum permitted interest rate.

If the board determines that the actual cost is in excess of the estimated cost of the specific school plant facilities or sites for which an apportionment to a district has been made, or for which a district's application has been approved in whole or in part pursuant to this section, the board may make an additional apportionment to such district in an amount equal to such excess even though such additional apportionment will result in the total apportionments to the district exceeding the amount of the application originally approved by the board. Before such additional apportionment becomes final the district, pursuant to Section 19590, shall hold an election to repay the amount of such additional apportionment which is in excess of the amount which the district has previously voted to repay. Such additional apportionment shall become final when the county superintendent of schools transmits to the board and the State Controller a certificate in duplicate stating that the school district has authorized the acceptance and expenditure of the necessary amount of such excess. If such additional apportionments are made by the board within two years after the original approval, the district shall not be required to issue additional bonds.

Except as otherwise provided in this section, all provisions of this chapter (Sections 19551 to 19689, inclusive) relating to apportionments shall apply to apportionments made under this section.

Whenever an apportionment has heretofore been made or is hereafter made to a district for a site and the district heretofore or hereafter proposes to acquire the site through negotiation or condemnation but the total acquisition cost thereof, plus all other costs incidental to either the acquisition or condemnation of the site, exceeds or exceeded the apportionment for the site, the board may at any time hereafter make an additional apportionment to provide for the differential in total acquisition cost without the district being required to issue additional bonds to qualify, providing the board finds (1) that it is in the interest of the state to proceed with the acquisition despite the acquisition costs, and (2) that the district is unable to provide, or it would be a hardship to require it to provide, the excess costs. The board may also, in its discretion, as a condition of making such apportionment, require the district to repay in full all or any part of the excess apportionment, under such terms and conditions as the board deems desirable, and the district shall be empowered and obligated to comply if it accepts the excess apportionment, notwithstanding any other law to the contrary; pro-

vided, (1) that no such repayment shall be required from any source that would be exempt from required contribution toward the cost of a project under Sections 19571 and 19572 (excepting amounts in the General Fund raised by taxes to pay any judgment requiring such repayment), and (2) that any portion of the apportionment not required to be repaid in full, shall be repayable in the same manner as a construction apportionment.

Approval of an application under this section shall not be construed as creating or implying any obligation, commitment or promise on the part of the board or the state to make apportionments under this chapter (Sections 19551 to 19689, inclusive).

SEC. 2. Section 19611 of the Education Code is amended to read:

19611. The State Controller shall, during the next fiscal year following that in which he determines the annual repayment as herein provided, deduct the total amount of the annual repayment of each district in equal amounts from each of the February, March, April, and May installments of the apportionments made to such district from the State School Fund under Sections 11256, 11257, and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460, inclusive, whichever are in effect; and, on order of the State Controller, the amount so deducted shall be transferred to the State School Building Aid Fund. All money transferred to the State School Building Aid Fund under the provisions of this section shall be available only for transfer to the General Fund under the provisions of Section 19704.

SEC. 3. Section 19613 of the Education Code is amended to read:

19613. (a) Upon request of the district, the Controller shall use in computing the "forty-cent, thirty-cent, and ten-cent tax amounts" under Section 19601 the difference between the total assessed valuation of property in a district as shown on the equalized assessment roll for the current fiscal year and the assessed valuation of property as shown on the equalized assessment roll for the current fiscal year, in excess of 2 percent of such total assessed valuation, with respect to which revenues of the district taxes levied in the 1954-1955 fiscal year, or thereafter, have been impounded by the county auditor pursuant to Section 20901. If such a request is received prior to August 1, 1955, with respect to the impounding of revenues of taxes levied during the 1954-1955 fiscal year, the Controller shall recompute the annual repayment of the district due during the 1955-1956 fiscal year on the basis of such reduced assessed valuation, and, on or before September 1, 1955, notify the officers and board referred to in Section 19618 of such recomputed annual repayment for the 1955-1956 fiscal year, and of the recomputed amount to be deducted from the State School Fund apportionment to such district during the 1955-1956 fiscal year.

(b) Whenever, after July 1, 1955, the county auditor notifies the Superintendent of Public Instruction and the Controller of the release of impounded tax revenues to the school district, the Controller shall add to the annual repayment of the district for the first fiscal year or second fiscal year next succeeding that in which such notification of release was made, that amount by which the annual repayment of the district for a previous fiscal year was reduced by reason of the exclusion of assessed valuation with respect to tax revenues impounded and thereafter released.

(c) The amount of annual repayment and deduction, increased or reduced as required by this section, shall be the amount deducted by the Controller for the purposes of Sections 19611, 19618, and 19619 for the fiscal year in which such increase or reduction occurs.

(d) If a request is received from a school district and an annual repayment reduced pursuant to subdivision (a) hereof, Section 19612 shall not apply with respect to any tax revenues to which subdivision (a) applies.

Sec. 4. Section 19614 of the Education Code is amended to read:

19614. The State Controller shall make the deduction provided by Section 19611 during each fiscal year, as herein provided, until the principal amount of the apportionment made and disbursed to the district for such grade level, and all accrued interest due thereon, has been withheld; but no interest shall accrue, or become due and payable, to the state with respect to the principal amount of any such apportionment, or any portion thereof, for any period of time following the expiration of 25 years after the first day of July of the fiscal year next succeeding the fiscal year in which such apportionment becomes final. At the expiration of 30 years from the first day of July of the fiscal year next succeeding the fiscal year in which such apportionment became final, any unpaid balance of the principal amount of any such apportionment disbursed to such district, including all interest included in such principal amount as provided in Section 19617, shall be canceled on the books of the State Controller; and the state shall have no further right to the repayment of such unpaid balance. Notwithstanding the provisions of this section, that portion of the "annual repayment," if any, computed by the State Controller under Section 19604 prior to the date of cancellation of the principal amount of an apportionment under the provisions of this section, which has not been withheld by the State Controller, as provided by Section 19611, prior to the date of such cancellation, shall be withheld by the State Controller, as provided by said Section 19611, subsequent to the effective date of such cancellation; and the amount so withheld shall be credited to the school district in determining the principal amount of the apportionment, including all interest included therein, which is canceled under the provisions hereof. Such grade level shall be excluded from any computa-

tions provided under Sections 19601, 19601.1, 19602, 19603, and 19604, in making the computations, after the effective date of such cancellation, to determine the "annual repayment," if any, that may thereafter be due the state from such school district with respect to other grade levels thereof.

SEC. 5. Section 19660 of the Education Code is amended to read:

19660. Whenever, subsequent to the date on which a conditional apportionment made to a district becomes final, the state-aided district is included in whole in another district, the acquiring district shall, on the effective date of such inclusion, succeed to and be vested with all of the duties, powers, purposes, jurisdiction, and responsibilities of the state-aided district with respect to said apportionment and the property acquired or to be acquired from funds provided thereby, and all funds in the state school building fund of the state-aided district shall be transferred to the state school building fund of the acquiring district. All amounts which would, after the effective date of such inclusion, have been otherwise paid to the state-aided district under the terms of or pursuant to said apportionment, shall be paid to the acquiring district. In addition, the acquiring district shall, on the effective date of the inclusion of the state-aided district in the acquiring district as fixed by Section 1704, become liable for the annual repayments and other payments due the state under Section 19604 and other provisions of this chapter (Sections 19551 to 19689, inclusive) with respect to said apportionment or the property acquired or to be acquired therewith.

SEC. 6. Section 19662 of the Education Code is amended to read:

19662. Whenever, subsequent to the date on which a conditional apportionment made to a state-aided district becomes final, less than all of such district is included in another district, the Director of General Services shall determine what portion of such apportionment was expended or will be expended for property acquired or to be acquired by the acquiring district. Any determination made by the Director of General Services under this section may be redetermined by him, from time to time, until the project for which the apportionment was made has been completed, and the final cost thereof determined and the final determination has been made pursuant to such final cost. The Director of General Services shall promptly notify the State Controller, the governing board of the state-aided district and of the acquiring district, the superintendent of schools, the auditor, and the treasurer of the counties having jurisdiction over said districts of each determination and redetermination made by him under this section. No redetermination shall be retroactive nor affect the liability of any school district for any payment or annual repayment, or portion thereof, previously made by or on behalf of such district to the state under the provisions of this chapter (Sections 19551 to 19689, inclusive).

On and after the date of such change of boundaries, the acquiring district succeeds to and is vested with all of the duties, powers, purposes, jurisdiction, and responsibilities of the state-aided district with respect to that portion of the apportionment which the Director of General Services has determined or redetermined under this section was expended, or will be expended, for property acquired or to be acquired by the acquiring district, and the unexpended part of such portion of the apportionment in the state school building fund of the state-aided district shall be transferred to the state school building fund of the acquiring district. In addition, and at the same time, the acquiring district shall become liable for the payment to the state of that portion of the annual repayment and all other payments due the state under Section 19604 and other provisions of this chapter (Sections 19551 to 19689, inclusive) with respect to that portion of the apportionment which the Director of General Services has determined or redetermined was expended, or will be expended for property acquired, or to be acquired by the acquiring district, or, in the event such portion of such apportionment is a lower percentage of such apportionment than the percentage that the assessed valuation in the territory of the state-aided district which was transferred to the acquiring district is of the total assessed valuation of the state-aided district immediately preceding the effective date of the transfer, the acquiring district shall become liable for the payment to the state of that portion of the annual repayment and all other repayments due the state under Section 19604 and other provisions of this chapter (Sections 19551 to 19689, inclusive) with respect to such apportionment which is equal to such percentage of assessed valuation in the territory transferred to the acquiring district. "Annual repayment," as used in this section, refers to repayment computed under Sections 19601 to 19604, inclusive, and excludes amounts for which the state-aided district is liable under the provisions of Section 19577. Whenever a site for which repayments are being made under Section 19577 is transferred to an acquiring district the acquiring district shall be liable for the repayments required under Section 19577.

Notwithstanding the foregoing, the liability of the acquiring district for the repayment of any portion of the aforesaid apportionment made to the aforesaid state-aided district shall not exceed the product of the highest percentage referred to above (whether relating to assessed valuation or to the portion of the apportionment expended in the property acquired), multiplied by the balance due on the apportionment made to the state-aided district at the time of the withdrawal on the effective date specified in Section 1704 of the territory referred to. Such limited liability is hereinafter referred to as "the maximum." It is the intent of the Legislature that the maximum shall be applied by the Controller, both retroactively and pros-

pectively, provided that as a result of such application (1) no cash refund shall be made to any district; (2) in the event any district has, in the past, paid an amount greater than the maximum, assuming this paragraph had been in effect at such time, the excess shall be credited by the Controller against any apportionment balances for which said district is or may hereafter become liable; and (3) the Controller shall make retroactively any adjustments in the amounts due from other districts by virtue of any adjustments made under (2) above. Notwithstanding the foregoing, any computations required to be made pursuant to this paragraph shall not be reflected in any changes in deductions required to be made pursuant to Section 19611 prior to January 1, 1966.

If any subsection, clause, sentence or phrase of this section is for any reason held to be unconstitutional such decision shall not affect the validity of the remaining portions of this section. The Legislature hereby declares that it would have adopted this section and each subsection, sentence, clause or phrase thereof irrespective of the fact that any one or more subsections, clauses, sentences, or phrases be declared unconstitutional.

SEC. 7. Section 19664 of the Education Code is amended to read:

19664. Whenever, subsequent to the date on which a conditional apportionment becomes final, territory is withdrawn from a state-aided district and no portion of the apportionment was expended for school property acquired by the acquiring district:

(1) If the acquiring district is a state-aided district, the assessed valuation in the territory acquired shall be included in determining assessed valuation of the property in the acquiring district, and shall thereafter be excluded in determining assessed valuation of the property in the state-aided district, for purposes of the computations under Sections 19601 to 19604, inclusive;

(2) If the acquiring district is not a state-aided district, the State Controller shall determine the percentage relationship, at the time of the withdrawal, between (a) the assessed valuation in the territory acquired, together with the current assessed valuation in all other territory theretofore acquired by the acquiring district from the state-aided district since the date of its first conditional apportionment under this chapter, and (b) the current assessed valuation of the state-aided district as it was territorially constituted on such latter date.

If the percentage of assessed valuation in acquired territory is, in the aggregate, less than 10 percent, the assessed valuation in all such acquired territory shall be excluded, until the next withdrawal of territory from the state-aided district to the acquiring district, in determining the assessed valuation of the state-aided district for the purposes of the computations under Sections 19601 to 19604, inclusive.

If the percentage of assessed valuation in acquired territory is, in the aggregate, a percentage equal to or greater than 10 percent, the State Controller shall, by deducting such percentage from 100 percent, obtain the "complement percentage." Until the next withdrawal of territory from the state-aided district to the acquiring district, the assessed valuation of the state-aided district for purposes of the computations under Sections 19601 to 19604, inclusive, shall be determined by dividing the current assessed valuation of the state-aided district as territorially constituted immediately subsequent to the last withdrawal, by the complement percentage.

Whenever, pursuant to this section, the assessed valuation of the state-aided district is adjusted for repayment computation purposes by use of the complement percentage, liability for the annual repayment computed shall be apportioned between the state-aided district and the acquiring district by multiplying such annual repayment by the complement percentage, the product representing the liability of the state-aided district, and the remainder of the computed repayment representing the liability of the acquiring district.

Notwithstanding the foregoing, the liability of the state-aided district shall not exceed the product of any "complement percentage" (as it may from time to time exist) times the balance due on the aforesaid final apportionment at the time such complement percentage is established; and the liability of the acquiring district (while a complement percentage remains unchanged) shall not exceed the remainder of the balance of the aforesaid final apportionment at the time such complement percentage is established. The maximum liability on the part of either the state-aided or acquiring districts established as above (and until such time as such liability be altered by altering the "complement percentage") shall be hereinafter referred to in this section with respect to each such district as "the maximum."

(3) In the event that two or more non-state-aided districts acquire territory from the aforesaid state-aided district, the Controller shall determine the formulae for apportioning liability for such annual repayment between the districts affected (including the formulae for determining what assessed valuations shall be used within the affected districts or territories withdrawn, and the dates of determination thereof), as will in his opinion best comply with the principles set forth above, irrespective of whether such formulae are in literal compliance therewith. The same percentage of annual repayment for which a district is liable at the time such a liability apportionment is made shall (unless and until such liability apportionment is subsequently changed pursuant to this paragraph) be deemed applicable to the liability of such district for the balance (as of the date such liability apportionment is made) due on the final apportionment to the state-aided district. Such liability for such balance shall, with respect to any affected district, be hereinafter referred to as the "maximum" for such district.

(4) It is the intent of the Legislature that the foregoing "maximums" shall be applied by the Controller both retroactively and prospectively, provided that as a result of such application (1) no cash refund shall be made to any district; (2) in the event any district has, in the past, paid an amount greater than its "maximum," assuming this paragraph and others to which it is referable had been in effect at such time, the excess shall be credited by the Controller against any apportionment balances for which said district is or may hereafter become liable; and (3) the Controller shall make retroactively any adjustments in the amounts due from any other district by virtue of any adjustments made under (2) above. Notwithstanding the foregoing, any computations required to be made pursuant to this paragraph shall not be reflected in any changes in deductions required to be made pursuant to Section 19611 prior to January 1, 1966.

If any subsection, clause, sentence or phrase of this section is for any reason held to be unconstitutional such decision shall not affect the validity of the remaining portions of this section. The Legislature hereby declares that it would have adopted this section and each subsection, sentence, clause or phrase thereof irrespective of the fact that any one or more subsections, clauses, sentences, or phrases be declared unconstitutional.

SEC. 8. Section 19665 of the Education Code is amended to read:

19665. Whenever, subsequent to the date on which a conditional apportionment becomes final, any territory is withdrawn from a non-state-aided district and annexed to the state-aided district, the assessed valuation in the territory so annexed shall be included with the valuation of the state-aided district for the purposes of making the computations provided by Sections 19601 to 19604, inclusive.

SEC. 9. Section 19666 of the Education Code is amended to read:

19666. The State Controller shall compute, in accordance with Sections 19663, 19664, and 19665, the amount of the annual repayment due the state on account of the apportionment or apportionments to each state-aided district and shall deduct from the respective apportionments made from the State School Fund under Sections 11256, 11257 and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460, inclusive, whichever are in effect, to the state-aided district and an acquiring district the portion thereof for which each is liable under the provisions of this article (Sections 19651 to 19667, inclusive).

SEC. 10. Section 19682 of the Education Code is amended to read:

19682. As used in this article, "exceptional children" means physically handicapped minors, mentally retarded minors, educationally handicapped minors, or multihandicapped minors required or allowed to be educated pursuant to

Sections 6801 to 6855, inclusive, Sections 6901 to 6919, inclusive, Sections 6750 to 6761, inclusive.

SEC. 11. Section 19704 of the Education Code is amended to read:

19704. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof. There is hereby appropriated from the General Fund in the State Treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this chapter (Sections 19701 to 19715, inclusive), as said principal and interest become due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the state, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be transferred to the General Fund in the State Treasury, on order of the State Controller, all of the money in the State School Building Aid Fund which was transferred into or deposited in said fund in accordance with the provisions of Section 19611, together with all of the money deposited in the State School Building Aid Fund under Section 19707 which was derived from premium and accrued interest on bonds sold pursuant to said Section 19707; but the amount to be transferred to the General Fund pursuant to this section shall not exceed the principal of and interest on the said bonds then due and payable, except as hereinafter provided for the prior redemption of said bonds, and, in the event such money so returned on said dates of maturity being less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the General Fund in the State Treasury out of said State School Building Aid Fund as soon thereafter as it shall become available.

Both principal and interest of said bonds shall be paid when due upon warrants duly drawn against said appropriation from the General Fund by the State Controller in favor of the State Treasurer, or his duly authorized agent, upon claims audited by the State Controller. The State Allocation Board, by resolution approved by the State School Building Finance Committee, shall direct the State Treasurer to call bonds (which are then subject to redemption) if such call is desirable and whenever funds are available to effect such redemption, the part of each issue so called to be not less than all of the bonds

maturing in any one year. Notice of such redemption shall be given by the State Treasurer in the manner provided in the resolution authorizing the issuance of said bonds.

[Approved by Governor May 12, 1971 Filed with
Secretary of State May 12, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 28802 of the Health and Safety Code is amended to read:

28802. "Retail food production and marketing establishment," as used in this chapter, means any room, building, or place, or portion thereof, maintained, used, or operated for, or in conjunction with, the retail sale of food, or preparation of food. Retail food production and marketing establishment does not include a restaurant, including an "itinerant restaurant," "vehicle" and "vending machine" as defined in Chapter 11 (commencing with Section 28520) of this division, "bakery" as defined in Chapter 6 (commencing with Section 28190) of this division, wholesale food manufacturing, distributing or storage establishment, including, but not limited to, the licensed premises or branch office of a winegrower, brandy manufacturer, or wine blender, subject to the provisions of Chapter 7 (commencing with Section 28280) of this division, or a locker plant subject to the provisions of Chapter 12 (commencing with Section 28700) of this division, health facilities subject to the provisions of Chapters 2 (commencing with Section 1400) and 3 (commencing with Section 1500) of Division 2 of this code, or official meat establishments subject to the provisions of the Agricultural Code.

SEC. 1.5. Section 28802.5 is added to the Health and Safety Code, to read:

28802.5. The provisions of this chapter shall not apply to roadside stands which sell only produce or shell eggs, or both produce and shell eggs. The department shall adopt rules and regulations for roadside produce stands as it determines are reasonably necessary for the protection of the public health and safety.

SEC. 2. Section 28821.5 of the Health and Safety Code is amended to read:

28821.5. All floors shall be smooth, in good repair, and kept clean. Carpets may be used on floors in sales areas or areas generally used by the public. Floors which are otherwise smooth and in good repair shall be considered to comply with this section if grit is added to the surface during construction to provide employee safety from slipping.

Sawdust, or any other antislip agent authorized by the department, may be used in work areas and meat or poultry holding coolers provided all the following exist:

(a) Such agent is dry, clean, free of foreign material or obnoxious odor, and does not create a dust or tracking problem. If the agent is sawdust, it shall contain not more than 5 percent fines by weight passing a #20 screen.

(b) Such agent shall be changed daily.

(c) The use of sawdust or any other authorized antislip agent shall not be permitted on floors in work areas constructed after the effective date of the amendments to this section at the 1971 Regular Session of the Legislature.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The provision in Chapter 649 of the Statutes of 1970 prohibiting the use of sawdust on floors in retail food production and marketing establishments has proven to be unsatisfactory, and has created new and dangerous safety problems in such establishments. Also, the regulatory provisions of Chapter 649 have imposed inordinate hardship on certain types of establishments which should, looking at the intent of Chapter 649, not come within the purview of such chapter and questions have arisen with respect to whether or not carpets may be used on floors in sales areas or areas generally used by the public in retail food production and marketing establishments. In order to eliminate these new problems as quickly as possible, it is necessary that this act go into effect immediately.

CHAPTER 68

An act to amend Section 1241.7 of the Code of Civil Procedure, and to amend Section 1001 of, and to add Section 762.5 to, the Public Utilities Code, relating to public utilities.

Secretary of State May 13, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 1241.7 of the Code of Civil Procedure is amended to read:

1241.7. (a) Except as provided in subdivision (b), notwithstanding any other provision of law to the contrary, the fact that property is appropriated for public use as a state, regional, county, or city park or recreation area, or wildlife or waterfowl management area as presently established by the Department of Fish and Game pursuant to Section 1525 of the Fish and Game Code, or historic site included in the National Register of Historic Places or state-registered landmarks, or as an ecological reserve as provided for in Article 4 (commencing with Section 1580) of Chapter 5 of Division 2 of the Fish and Game Code, establishes a rebuttable presumption of its having been appropriated for the best and most necessary public use. The presumption established by this section is a presumption affecting the burden of proof.

(b) When property appropriated for a public use as a state, regional, county, or city park or recreation area, or wildlife or waterfowl management area as presently established by the Department of Fish and Game pursuant to Section 1525 of the Fish and Game Code, or historic site included in the National Register of Historic Places or state-registered landmarks, or as an ecological reserve as provided for in Article 4 (commencing with Section 1580) of Chapter 5 of Division 2 of the Fish and Game Code, is sought to be acquired for state highway purposes, or for public utility route or structure purposes, and such park or recreational area, or wildlife or waterfowl management area, or historic site, or ecological reserve was dedicated to or established for park or recreational purposes, or as a wildlife or waterfowl management area, or as a historic site included in the National Register of Historic Places or state-registered landmarks, or as an ecological reserve as provided for in Article 4 (commencing with Section 1580) of Chapter 5 of Division 2 of the Fish and Game Code, prior to the initiation of highway route location studies, or public utility route or structure location studies, an action for declaratory relief may be brought only by the public agency owning such park or recreational area, or wildlife or waterfowl management area, or historic site, or ecological reserve in the superior court to determine the question of which public use is the best and most necessary public use for such property. Such action for declaratory relief shall be filed and served within 120 days after written notice to the public agency owning such park or recreational area, or wildlife or waterfowl management area, or historic site, or ecological reserve by the California Highway Commission or public utility that a proposed route or site or an adopted route or site includes park land or recreational area, or a wildlife or waterfowl management area, or an historic site, or an ecological reserve owned by that agency. In such declaratory relief action, the resolution of the California Highway Commission shall not be conclusive evidence of the matters set forth in Section 103 of the Streets and Highways Code. Such action for declaratory relief shall have preference

over all other civil actions in the matter of setting the same for hearing or trial to the end that any such action shall be quickly heard and determined. If an action for declaratory relief is not filed and served within such 120-day period, the right to bring such action is waived and the provisions of subdivision (a) shall not apply. When a declaratory relief action, with respect to such property being sought for highway purposes, or for public utility route or structure purposes, may not be brought pursuant to this subdivision, the provisions of subdivision (a) of this section shall not apply.

SEC. 2. Section 762.5 is added to the Public Utilities Code, to read:

762.5. The commission, as a basis for making any order pursuant to the provisions of Section 762 relating to location of structures, shall give consideration to, and include in its order findings upon, the following factors:

- (a) Community values.
- (b) Recreational and park areas.
- (c) Historical and aesthetic values.

No railroad corporation whose railroad is operated primarily by electric energy, street railroad corporation, gas corporation, electrical corporation, telegraph corporation, telephone corporation, or water corporation shall begin the construction of a street railroad, or of a line, plant, or system, or of any extension thereof, without having first obtained from the commission a certificate that the present or future public convenience and necessity require or will require such construction.

This article shall not be construed to require any such corporation to secure such certificate for an extension within any city or city and county within which it has theretofore lawfully commenced operations, or for an extension into territory either within or without a city or city and county contiguous to its street railroad, or line, plant, or system, and not theretofore served by a public utility of like character, or for an extension within or to territory already served by it, necessary in the ordinary course of its business. If any public utility, in constructing or extending its line, plant, or system, interferes or is about to interfere with the operation of the line, plant, or system of any other public utility or of the water system of a public agency, already constructed, the commission, on complaint of the public utility or public agency claiming to be injuriously affected, may, after hearing, make such order and prescribe such terms and conditions for the location of the lines, plants, or systems affected as to it may seem just and reasonable.

The commission, as a basis for granting any certificate pursuant to the provisions of this section shall give consideration to the following factors:

- (a) Community values.
- (b) Recreational and park areas.
- (c) Historical and aesthetic values.
- (d) Influence on environment.

(b) Except as otherwise provided in this article, each new officer or employee shall for the first six full calendar months of continuous service receive a salary at the monthly rate specified for step 1 of the applicable range; on the first day of the next calendar month thereafter, his salary may increase to the rate of step 2; after one, two and three additional years of continuous service, his salary may increase to the rates for steps 3, 4 and 5 respectively. Such increases shall be granted

only with the approval of the officer's or employee's appointing authority.

(c) Notwithstanding any other provisions of law, until 60 days after the adjournment of the next regular session of the Legislature, the salary of any officer or employee may, upon approval by the board of supervisors, be increased or decreased in order to provide compensation that is comparable to that of county employees of similar qualifications and experience, holding equal or comparable positions in the Stanislaus County classified service, as the comparability is determined by the board. When the salaries of incumbent officers and employees are increased to provide compensation that is comparable to that of county employees holding comparable positions, such officers and employees may, with the approval of their appointing authority, retain the same salary step in the salary range made applicable to their position as they occupied under the superseded salary range. For the purpose of determining eligibility for subsequent annual increments, however, the officer's and employee's anniversary date for step advancement shall not change.

(d) When any officer or employee in the service of the court is appointed or promoted to another office or position in such service which is compensated at a higher salary range he shall receive step 1 of such salary range if step 1 is at least 5 percent higher than the salary received in the office or position relinquished; but if not, he shall receive initially that step of the salary range pertaining to such office or position which will provide not less than a 5-percent increase in his compensation. For the purpose of determining eligibility for subsequent annual increments, the officer's or employee's anniversary date for step advancement will be changed to the first day of the next calendar month following the date of promotion unless the promotion is effective on the first regular working day of the month.

(e) When any officer or employee in the service of the court is demoted to another office or position he shall receive compensation at the highest step of the salary range applicable to the position to which he is demoted which provides a salary not higher than that previously received by such person, except that if such demotion is due to disciplinary action, the appointing authority may specify any step rate of such salary range which provides compensation not higher than that last previously received by such person. For the purpose of determining eligibility for subsequent annual increments, the officer's or employee's anniversary date for step advancement will be changed to the first day of the next calendar month following the date of demotion unless the demotion is effective on the first regular working day of the month.

CHAPTER 78

An act to amend Section 4 of Chapter 1569 of the Statutes of 1970, to amend and renumber Section 6902.06 of the Education Code as added by Chapter 1569 of the Statutes of 1970, to amend and renumber Section 6902.07 of the Education Code, to add Sections 6902.06 and 6902.095 to the Education Code, and to repeal Section 6902.06 of the Education Code as added by Chapter 1543 of the Statutes of 1970, relating to the education of mentally retarded minors, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 18, 1971. Filed with Secretary of State May 18, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 6902.06 of the Education Code as added by Chapter 1543 of the Statutes of 1970 is repealed.

SEC. 2. Section 6902.06 is added to the Education Code, to read:

6902.06. The Legislature finds and declares that the people of California have a primary interest in providing equal educational opportunity to children of all ethnic, socioeconomic, and cultural groups and that pupils should not be assigned to special classes or other special programs for the mentally retarded if they can be served in regular classes.

The Legislature hereby finds and declares that there should not be disproportionate enrollment of any socioeconomic, minority, or ethnic group pupils in classes for the mentally retarded and that the verbal portion of the intelligence tests which are utilized by some schools for such placement tends to underestimate the academic ability of such pupils.

SEC. 3. Section 6902.06 of the Education Code as added by Chapter 1569 of the Statutes of 1970 is amended and renumbered to read:

6902.07. Before any minor is admitted to a special education program for mentally retarded minors established pursuant to this chapter or Article 10 (commencing with Section 895) of Chapter 4 of Division 3, the minor shall be given verbal or nonverbal individual intelligence tests in the primary home language in which the minor is most fluent and has the best speaking ability and capacity to understand. Such tests shall be selected from a list approved by the State Board of Education.

SEC. 4. Section 6902.07 of the Education Code is amended and renumbered to read:

6902.085. No minor shall be placed in a special education class for the mentally retarded if he scores higher than two standard deviations below the norm, considering the standard error of measurement, on an individual intelligence test selected from a list approved by the State Board of Education except as provided in Section 6902.095.

No minor shall be placed in a special education program for the mentally retarded when he is being tested in a language other than English if he scores higher than two standard deviations below the norm, considering the standard error of measurement, on the nonverbal intelligence test or on the nonverbal portion of an individual intelligence test which includes both verbal and nonverbal portions except as provided in Section 6902.095.

No minor may be placed in a special education program for the mentally retarded unless a complete psychological examination by a credentialed school psychologist investigating such factors as developmental history, cultural background, and school achievement substantiates the retarded intellectual development indicated by the individual test scores. This examination shall include estimates of adaptive behavior. Until adaptive behavior scales are normed and approved by the State Board of Education, such adaptability testing shall include, but is not limited to, a visit, with the consent of the parent or guardian, to the minor's home by the school psychologist or a person designated by the chief administrator of the district, upon the recommendation of the school psychologist, and interviews of members of the minor's family at their home. If the language spoken in the home is other than English, such interviews shall be conducted in the language of the home.

After a student has been screened and referred, written permission for the individual psychological evaluation shall be secured in a conference with a school official and the parent or guardian or his authorized representative. After the individual psychological evaluation is completed, the psychologist shall confer with the parent or guardian or his authorized representative regarding the recommendation to the admission com-

mittee. Following the admission committee meeting, a committee member shall meet with the parent or guardian or his authorized representative to discuss the committee conclusion and to obtain written permission for placement.

No minor shall be placed in a special education class for the mentally retarded without the written consent of the parent or guardian of the child after a complete explanation of the special education program. Permission documents for individual psychological evaluation, and placements, shall be written in English and in the language of the parent or guardian. Conferences and notices to inform the parent or guardian of the nature of the placement process, the committee conclusion, and the special education program shall be in the home language of the parent or guardian.

SEC. 5. Section 6902.095 is added to the Education Code, to read:

6902.095. In exceptional circumstances, after an examination of all pertinent information, including relevant cultural and adaptive behavior data, the admission committee may by unanimous vote agree to place a minor in a special education class for the mentally retarded in spite of an individual test score higher than two standard deviations below the norm considering the standard error of measurement. The committee shall take notice of and be guided by the legislative intent expressed in Section 6902.06. Upon such unanimous agreement, a written report indicating the decision of the committee, and the reasons therefor, shall be sent to the parent or guardian of the minor.

Beginning in the 1971-1972 school year, each school district shall report annually to the Department of Education:

(a) The ethnic breakdown of the children placed in special education classes for the mentally retarded in the district.

(b) The ethnic breakdown of the children newly placed in such classes:

(1) By the standard admissions procedure, and

(2) By the exceptional unanimous consent procedure described in this section.

If the percentage of children from any minority ethnic group in such classes varies by 15 percent or more from the percentage of such children in the district as a whole, an explanation for such variation shall be attached to the report to the Department of Education.

SEC. 6. Section 4 of Chapter 1569 of the Statutes of 1970 is amended to read:

Sec. 4. Section 6902.06 and 6902.07, as added to the Education Code by this act, shall be operative commencing on October 1, 1971.

SEC. 7. Sections 1 to 6, inclusive, of this act shall become operative on October 1, 1971.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall

go into immediate effect. The facts constituting such necessity are:

In order to avoid interruption of appropriate educational planning for pupils needing specialized assistance, and to facilitate coordination with previous legislation, it is necessary that this act take effect at the earliest possible time.

CHAPTER 79

An act to amend Sections 12822 and 12827 of the Education Code, relating to pupil testing.

[Approved by Governor May 18, 1971 Filed with
Secretary of State May 18, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 12822 of the Education Code is amended to read:

12822. As used in this chapter:

(a) "Achievement test" means any standardized test which measures or attempts to measure the level of performance which a pupil has attained in one or more courses of study. It shall include (1) tests in basic skills courses administered annually and (2) tests in content courses administered from time to time as designated by the State Board of Education.

(b) "Physical performance test" means any test which measures or attempts to measure the physical fitness of a pupil.

(c) "Scholastic aptitude test" means any standardized test which measures or attempts to measure the scholastic aptitude of a pupil.

(d) "Testing program" means the systematic achievement and scholastic aptitude testing of all pupils in grades 6 and 12, and the physical performance testing of all pupils in any three grades designated by the State Board of Education, required by this chapter in all schools within a school district by means of tests designated by the State Board of Education.

(e) "Basic skills courses" means those subjects which involve, among other skills, memorization and mastery of specific functions, including but not limited to, reading, spelling, basic mathematics, and grammar.

12827. During either the month of March, April, or May the governing board of each school district maintaining any

grade designated by the State Board of Education pursuant to subdivision (d) of Section 12822 shall administer to each pupil in those grades the physical performance test designated by the State Board of Education. Each physically handicapped pupil and each pupil who is physically unable to take all of the physical performance test shall be given as much of the test as his condition will permit.

Upon request of the Department of Education, a school district shall submit to the department at least once every two years the results of its physical performance testing.

CHAPTER 80

An act relating to school district bonds of the Modoc-Tulelake Joint Unified School District.

[Approved by Governor May 18, 1971 Filed with
Secretary of State May 18, 1971.]

The people of the State of California do enact as follows:

SECTION 1. The Modoc-Tulelake Joint Unified School District comprises an area of over 3,000 square miles in two sparsely populated northern California counties. The district maintains two high schools situated approximately 75 miles apart in separate counties. Due to the distances involved, and the geographical and population differences which exist, there is neither a strong identity nor community of interest between the areas served by the respective high schools. The Legislature finds, therefore, that it is in the best interests of the Modoc-Tulelake Joint Unified School District as a whole, and of the areas served by the two high schools maintained by the district, to authorize school district bonds issued and sold by the district to be voted upon, issued, and sold solely with respect to each high school attendance area, separate and distinct from, and without affecting the attendance area served by the other high school.

The Legislature finds that the circumstances in the Modoc-Tulelake Joint Unified School District require special legislation and that a general statute cannot be made applicable to these circumstances within the meaning of Article IV, Section 16 of the California Constitution.

SEC. 2. For purposes of issuing school district bonds pursuant to this act, the governing board of the Modoc-Tulelake Joint Unified School District shall establish and define an attendance area for each of the two high schools maintained by the district. The two attendance areas shall collectively encompass the entire area included within the boundaries of the district.

SEC. 3. For purposes of issuing school district bonds pursuant to this act, each attendance area established pursuant to

Section 2 shall, for all purposes with respect to such bond issue, be considered and treated as if such attendance area was a separate unified school district.

SEC. 4. The governing board of the Modoc-Tulelake Joint Unified School District and the county superintendent of schools having jurisdiction may take any action required or authorized by Chapter 7 (commencing with Section 21701) of Division 16 of the Education Code to cause school district bonds to be issued with respect to either or both of the attendance areas established pursuant to Section 2 as if such attendance area constituted a separate unified school district. The provisions of Chapter 7 (commencing with Section 21701) of Division 16 of the Education Code, and all other provisions of law pertaining to school district bonds, shall be applicable to such bond issue as if the bond issue was that of a separate unified school district; provided, however, that whenever the bonding capacity of a school district is required to be computed for any purpose, bonds issued with respect to one or the other of the attendance areas established pursuant to Section 2 shall not be considered as the bond issue of a separate unified school district, but shall be considered as bonds issued by the Modoc-Tulelake Joint Unified School District.

5300. A person engages in the business of outdoor advertising whenever he personally or through employees places advertising displays containing advertising which does not pertain exclusively to his own business, or changes the advertising message of such advertising displays.

A manufacturer or distributor of a product for sale to the general public does not engage in the business of outdoor advertising when he furnishes to a retailer of that product for installation on the retailer's place of business or installs on the retailer's place of business a sign containing advertising pertaining to the product or the name or business of the retailer.

284. He shall not, thereafter, be held accountable for its collection.

SEC. 2. Section 306 of the Agricultural Code is amended to read:

306. If the director finds that the amount of any refund is less than five dollars (\$5), he may retain such amount for use for the same purpose for which the original payment was made, unless demand for the payment of such refund is made within six months after the determination that a refund is due. If such demand is made, the refund shall be paid.

CHAPTER 83*An act making an appropriation to the Emergency Fund in augmentation of Item 250, Budget Act of 1970.*

[Approved by Governor May 20, 1971 Filed with
Secretary of State May 20, 1971]

The people of the State of California do enact as follows:

SECTION 1. The sum of four million three hundred seventy-five thousand dollars (\$4,375,000) is hereby appropriated for the Emergency Fund in augmentation of and upon the same terms and conditions as the appropriation made by Item 250, Budget Act of 1970.

SEC. 2. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

(b) It is unlawful to use any fusee which produces other than a red light. The provisions of this subdivision shall not apply to any railroad, as defined in Section 229 of the Public Utilities Code.

Every employee shall have the right to inspect such materials upon request, provided that the request is made at a time when such person is not actually required to render services to the employing district.

Information of a derogatory nature, except material mentioned in the second paragraph of this section, shall not be entered or filed unless and until the employee is given notice and an opportunity to review and comment thereon. An employee shall have the right to enter, and have attached to any such derogatory statement, his own comments thereon. CHAPTER 88

An act to amend Sections 5565, 5568 and 5582 of the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 24, 1971. Filed with Secretary of State May 24, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 5565 of the Revenue and Taxation Code is amended to read:

5565. If, in the opinion of the tax collector, the amount of tax required to be paid to the county pursuant to this part, or any portion thereof, will be jeopardized by delay, the tax collector shall thereupon make a determination of the tax or the amount of tax to be collected. The amount so determined shall be immediately due and payable. Such jeopardy determinations and the amount of tax found to be due thereunder may be collected by the tax collector by any legal means, including but not limited to, the procedures established pursuant to Chapter 3.3 (commencing with Section 2851), Chapter 4 (commencing with Section 2901), Chapter 5 (commencing with Section 3002), and Chapter 6 (commencing with Section 3101) of Part 5 of this division.

SEC. 2. Section 5568 of the Revenue and Taxation Code is amended to read:

5568. If any person required by Section 5582 to file a report fails to do so or fails to file it by the time specified, the tax collector shall impose the lawful amount of tax due under this part, a penalty equal to 10 percent of the tax, and the penalties provided by Section 5564.

If any person required to file the report required by Section 5582 files any false or fraudulent report with intent to defeat or evade any tax due under this part, the tax collector

shall impose the lawful amount of tax due under this part, a penalty equal to 25 percent of the tax, and the penalties provided by Section 5564.

SEC. 3. Section 5582 of the Revenue and Taxation Code is amended to read:

5582. On forms provided through the office of the assessor, the owner of livestock, either in person, through his representative or by mail, shall report the tax due. The reports required by this section shall be filed with the tax collector of any county in which the livestock were located during the tax year. The reports shall be filed on or before 5 p.m. on the day the tax due becomes delinquent.

SEC. 4. The duties transferred from the assessor to the tax collector by this act shall be assumed by the tax collector and the assessor shall deliver all books, records and papers necessary to the discharge of such duties to the tax collector no later than 10 days after this act becomes operative.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The sections amended by this act, through inadvertence, imposed upon the assessors of the various counties the duty to determine and impose taxes in the administration of the livestock head-day tax. Inasmuch as Government Code Section 27422 prohibits assessors from concurrently holding the office of tax collector, the duty to determine and impose taxes should properly be assigned to the tax collectors in the various counties. The efficient administration of the livestock head-day tax during 1971 will be severely jeopardized if the transfer of said duties is not accomplished immediately. Therefore, it is necessary that this act take effect immediately.

CHAPTER 89

For the purposes of this section, every reproduction shall be deemed to be an original record and a transcript, exemplification or certified copy of any reproduction shall be deemed to be a transcript, exemplification or certified copy, as the case may be, of the original.

SEC. 2. Section 71007 is added to the Government Code, to read:

71007. Notwithstanding the provisions of Sections 68085 and 72052 of the Government Code, and Section 1428b of the Penal Code, upon order of the presiding or sole judge of the court the clerks of the municipal court or the clerk of the justice court may photograph, microphotograph, microfilm or photocopy the records required to be kept by those sections at any time if:

All photographs, microphotographs, microfilms and photocopies of court records shall be properly indexed and kept in

convenient, accessible files. Each roll of microfilm shall be a book, and shall be designated and numbered, and provision shall be made for its preservation and examination and use by the public.

A duplicate of each roll of microfilm of permanent records shall be made and kept in a safe and separate place to assure its preservation indefinitely against loss, theft, defacement or destruction.

SEC. 3. Section 72052.5 of the Government Code is repealed.

CHAPTER 90

An act to repeal Section 4 of Chapter 1615 of the Statutes of 1965, relating to grave markers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 24, 1971. Filed with Secretary of State May 24, 1971.]

The people of the State of California do enact as follows:

CHAPTER 96

An act to amend Sections 20605, 20952, 20952.5, 20952.6, 21252.01, 21252.1, 21252.10 and 21252.6 of, and to repeal Section 20952.8 of, the Government Code, relating to local safety members of the Public Employees' Retirement System.

[Approved by Governor May 24, 1971. Filed with
Secretary of State May 24, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 20605 of the Government Code is amended to read:

20605. For each law enforcement member and each local safety member subject to Section 21252.6 of this code, effective on the operative date of this section, or the later date of entrance into this system as such a member, the normal rate of contribution shall be 7 percent of compensation paid on and after such operative date.

The normal rate of contribution as established under this section for a member whose service is included in the federal system shall be reduced by one-third as applied to compensation not exceeding four hundred dollars (\$400).

The operative date of this section with respect to a local safety member shall be the date upon which he becomes subject to Section 21252.6.

SEC. 2. Section 20952 of the Government Code is amended to read:

20952. A local safety member, other than one subject to Section 21252.01, shall be retired for service upon his written application to the board if he has attained age 55, and is entitled to be credited with 20 years of state service or if the amount of his accumulated contributions standing to his credit exceeds five hundred dollars (\$500).

SEC. 3. Section 20952.5 of the Government Code is amended to read:

20952.5. Notwithstanding the provisions of Section 20952, a local safety member to whom Section 20952 applies shall be retired for service upon his written application to the board if he has attained age 50 and is entitled to be credited with 20 years of state service or if the amount of his accumulated contributions standing to his credit exceeds five hundred dollars (\$500).

However, if such member retires before attaining age 55, his prior and current service pensions shall be reduced to that amount which the value of the pensions as deferred to that minimum age will purchase at the actual age of retirement.

This section shall not apply to any contracting agency nor to the employees of any contracting agency unless and until the agency elects to be subject to the provisions of this section by amendment to its contract made in the manner prescribed for approval of contracts, except that an election among the employees is not required, or, in the case of contracts made after the date this section takes effect, by express provision in such contract making the contracting agency subject to the provisions of this section.

SEC. 4. Section 20952.6 of the Government Code is amended to read:

20952.6. A local safety member who is subject to Section 21252.01 shall be retired for service upon his written application to the board if he has attained age 50, and is entitled to be credited with 20 years of state service or if the amount of his accumulated contributions standing to his credit exceeds five hundred dollars (\$500).

Whenever this section becomes applicable to the employees of any contracting agency, as to those members to whom it applies it shall supersede the provisions of Section 20952.

SEC. 5. Section 20952.8 of the Government Code is repealed.

SEC. 6. Section 21252.01 of the Government Code is amended to read:

21252.01. The current service pension for patrol members and the combined current and prior service pensions for local safety members with respect to local safety service rendered to a contracting agency which is subject to the provisions of this section is a pension derived from the contributions of the employer sufficient when added to the service retirement annuity which is derived from the accumulated normal contributions of the patrol member at the date of his retirement to equal the fraction of one-fiftieth of his final compensation set forth opposite his age at retirement taken to the preceding completed quarter-year, in the following table, multiplied by the number of years of Highway Patrol service and local safety service subject to this section with which he is credited at retirement.

In no event shall the current service pension and the combined current and prior service pensions under this section for all service to all employers exceed an amount which, when added to the service retirement annuity related to such service, equals 75 percent of final compensation. If the pension relates to service to more than one employer and would otherwise exceed such maximum, the pension payable with respect to each employer shall be reduced in the same proportion as the allowance based on service to such employer bears to the total allowance computed as though there were no limit, so that the total of such pensions shall equal the maximum.

This section shall not apply to any contracting agency, unless and until the agency elects to be subject to the provisions of this section by amendment to its contract made in the manner prescribed for approval of contracts or, in the case of contracts made after the date this section is operative, by express provision in such contract making the contracting agency subject to the provisions of this section.

This section shall supersede Section 21252.1, 21252.5, or 21252.6, whichever is then applicable, with respect to patrol and local safety members who retire after the date this section becomes applicable to their respective employers.

Notwithstanding Sections 21208 and 21209, this section shall not apply to warden or forestry members.

The Legislature reserves, with respect to any member subject to this section, the right to provide for such adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier ages of service retirement made possible by the benefits under this section.

SEC. 7. Section 21252.1 of the Government Code is amended to read:

21252.1. The combined prior and current service pensions for patrol members and local safety members, other than local safety members to whom Section 21252.01, 21252.5, or 21252.6 applies, upon retirement at or after age 55 is a pension derived from contributions of the employer which, when added

to that portion of the service retirement annuity that is derived from the accumulated normal contributions of the member, shall equal a percentage of his final compensation, multiplied by the number of years of patrol, fire, police, or county peace officer service, such percentage to be $2\frac{1}{2}$ or, if less, the percentage obtained by division of 50 percent by the difference between age 55 and the member's age at his birthday nearest to the date of his first entry into any service to which this section, Section 21252.1, or 21252.2 of this part applied, whether or not such service is credited at retirement, increased, as to service following an absence from employment to which any such section applies, by the number of completed years of such absence. Any member entering such service at or after age 55 shall be deemed, for purposes of this section, to have entered such service at age 54.

The amendment to this section at the 1968 Regular Session shall apply only to such members retiring on and after the effective date of the amendment. Current and prior service pensions of such members retired prior to the effective date shall be continued in accordance with the provisions of this part (commencing with Section 20000) as they existed on the day preceding the effective date.

This section shall not apply to any local safety member in the employ of an employer not subject to this section on the effective date of the amendment to this section at the 1971 Regular Session of the Legislature.

SEC. 8. Section 21252.10 of the Government Code is amended to read:

21252.10. The combined prior and current service pensions for law enforcement members, other than those members subject to Section 21252.6, upon retirement at or after age 55 is a pension derived from the contributions of the employer which, when added to that portion of the service retirement annuity that is derived from the accumulated normal contributions of the member, shall equal a percentage of his final compensation, multiplied by the number of years of law enforcement service, such percentage to be $2\frac{1}{2}$ or, if less, the percentage obtained by division of 50 percent by the difference between age 55 and the member's age at his birthday nearest to the date of his first entry into any service to which this section, Section 21252.1 or 21252.2 of this part applied, whether or not such service is credited at retirement, increased, as to service following an absence from employment to which any such section applies, by the number of completed years of such absence. Any member entering such service at or after age 55 shall be deemed, for purposes of this section, to have entered such service at age 54.

The amendment to this section at the 1968 Regular Session shall apply only to such members retiring on and after the effective date of the amendment. Current and prior service

pensions of such members retired prior to the effective date shall be continued in accordance with the provisions of this part (commencing with Section 20000) as they existed on the day preceding the effective date.

The percentage shall be reduced by one-third, as applied to that part of the member's final compensation which does not exceed four hundred dollars (\$400) per month for service after the effective date of coverage of a member under the federal system; provided, however, that the retirement allowance of any member who was a law enforcement member on October 1, 1965, and who is subject to such reduced percentage, shall not be less than the actuarial equivalent of the retirement allowance he would have received under this section prior to its amendment at the 1965 Regular Session of the Legislature.

SEC. 9. Section 21252.6 of the Government Code is amended to read:

21252.6. The combined prior and current service pension for a law enforcement member as defined in Section 20017.77 and a local safety member with respect to service to a contracting agency subject to this section, upon retirement after attaining age 55, is a pension derived from contributions of an employer sufficient, when added to that portion of the service retirement annuity which is derived from the accumulated normal contributions of the member at the date of his retirement, to equal one-fiftieth of his final compensation multiplied by the number of years of law enforcement, police, fire, or county peace officer service which is credited to him as a law enforcement member as defined in Section 20017.77 or as a local safety member subject to this section at retirement.

In no event shall the total pension for all service under this section exceed an amount which, when added to the service retirement annuity related to such service, equals 75 percent of final compensation. If the pension relates to service to more than one employer and would otherwise exceed such maximum, the pension payable with respect to each employer shall be reduced in the same proportion as the allowance based on service to such employer bears to the total allowance computed as though there were no limit, so that the total of such pensions shall equal the maximum.

This section shall not apply to a person whose effective date of retirement is prior to the operative date of this section or to a person who retires after such operative date and following reinstatement from a retirement having an effective date prior to such operative date and before rendering during such reinstatement at least one year of service in which he is subject to this section.

The Legislature reserves, with respect to any member subject to this section, the right to provide for such adjustment of

industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier age of service retirement made possible by the benefits under this section.

The percentage of final compensation provided in this section shall be reduced by one-third as applied to that part of the member's final compensation which does not exceed four hundred dollars (\$400) per month for service after the effective date of coverage of a member under the federal system.

This section shall not apply to a contracting agency nor its employees unless and until the agency elects to be subject to it by amendment to its contract made in the manner prescribed for approval of contracts or in the case of a new contract, by express provision of the contract. The operative date of this section with respect to a local safety member shall be the effective date of the amendment to his employer's contract electing to be subject to this section.

Upon such election by a contracting agency subject to Section 21252.1, this section shall not apply to a local safety member then employed who entered such employment after attaining age 30, and Section 21252.1 shall continue to apply to such member unless and until he terminates such employment and more than 30 days thereafter enters employment otherwise subject to this section. Upon such later entry into employment, the member will be subject to this section with respect to all service as a local safety member rendered to any employer subject to this section.

CHAPTER 97

[Approved by Governor May 24, 1971. Filed with
Secretary of State May 24, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 1 of Chapter 208 of the Statutes of 1970 is amended to read:

Section 1. Notwithstanding any provisions of Article 5 (commencing with Section 17501) of Chapter 2 of Division 14 of the Education Code, a school district may apply to the Superintendent of Public Instruction, on or before June 30, 1971, for exemption from the provisions of Section 17503 for purposes of moneys made unavailable for expenditure during the 1970-1971 fiscal year pursuant to that section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The fiscal soundness of one or more comparatively low-wealth school districts has become substantially impaired during the 1970-1971 fiscal year, due to the freezing of state apportionments because of the districts' failure to file the request for an exemption from teacher salary requirements on or before September 15, 1970. In order that the necessary steps to provide relief for the affected districts may be taken prior to the expiration of the 1970-1971 fiscal year, it is essential that this act take effect immediately.

CHAPTER 98

An act to amend Section 34272 of the Health and Safety Code, relating to housing.

[Approved by Governor May 24, 1971. Filed with Secretary of State May 24, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 34272 of the Health and Safety Code is amended to read:

34272. Three of the commissioners first appointed shall be designated to serve for terms of one, two, and three years, respectively, from the date of their appointment, and two shall be designated to serve for terms of four years from the date of their appointments. Their successors shall be appointed for a term of four years except that all vacancies shall be filled for the unexpired term. No commissioner of an authority may be an officer or employee of the county or city for which the authority is created, but notwithstanding any other law, he may be a member, commissioner, or employee of any other agency or authority of, or created for, the community. Any appointment of a successor to a commissioner of a city housing authority shall be made by the mayor if his office is one filled by election by the people, subject to the confirmation of a majority of the members of the governing body. If the office of mayor is not elective the governing body of the city shall make the appointment. All appointments of commissioners of a county housing authority shall be made by the governing body of the county.

CHAPTER 99

An act to amend Section 7113 of the Health and Safety Code, relating to autopsies.

[Approved by Governor May 24, 1971 Filed with
Secretary of State May 24, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 7113 of the Health and Safety Code is amended to read:

7113. A cemetery authority or licensed funeral director or a licensed hospital or its authorized personnel may permit or assist, and a physician may perform, an autopsy of any remains in its or his custody if the decedent, prior to his death, authorizes an autopsy in his will or other written instrument, or upon the receipt of a written authorization, telegram, or a verbal authorization obtained by telephone and recorded on tape or other recording device, from a person representing himself to be any of the following:

(a) The surviving spouse; (b) a surviving child or parent; (c) a surviving brother or sister; (d) any other kin or person who has acquired the right to control the disposition of the remains; (e) a public administrator; (f) a coroner or any other duly authorized public officer. A cemetery authority or a licensed funeral director or a licensed hospital or its authorized personnel is not liable for permitting or assisting, and a physician is not liable for performing, an autopsy pursuant to such authorization unless he or it has actual notice that such representation is untrue at the time the autopsy is performed. If such authorization is contained in a will, the autopsy may be performed regardless of the validity of the will in other respects or of the fact that the will may not be offered for or admitted to probate until a later date.

This section shall not authorize the obtaining of a verbal authorization by telephone and recorded on tape or other recording device for an autopsy of a deceased person if it is made known to the physician who is to perform the autopsy that the deceased was, at the time of his death, a member of a religion, church, or denomination which relies solely upon prayer for the healing of disease.

CHAPTER 100

An act to amend Section 6301 of the Business and Professions Code, relating to law libraries.

[Approved by Governor May 24, 1971 Filed with
Secretary of State May 24, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 6301 of the Business and Professions Code is amended to read:

6301. A board of law library trustees is constituted as follows:

(a) In a county where there are no more than three judges of the superior court, each of such judges is ex officio a trustee; in a county where there are more than three judges of the superior court, the judges of the court shall elect three of their number to serve as trustees. However, where there are no more than three judges of the superior court, the judges may at their option select only one of their number to serve as a trustee, and in such event they shall appoint two additional trustees who are members of the bar of the county.

Any judge who is an ex officio or elected member may at his option designate a member of the bar of the county to act for him as trustee.

(b) In a county in which one or two municipal courts have been established, the judges of such court or courts shall elect one of their number to serve as trustee. In a county in which three or more municipal courts have been established, the judges of such courts may elect two of their number to serve as trustees.

(c) The chairman of the board of supervisors is ex officio a trustee, but the board of supervisors at the request of the chairman may appoint a member of the bar of the county or any other member of the board of supervisors of the county to serve as trustee in place of said chairman. The appointment of the person selected in lieu of the chairman of the board of supervisors shall expire when a new chairman of the board of supervisors is selected, and such appointment shall not be subject to the provisions of Section 6302.

(d) The board of supervisors shall appoint as many additional trustees, who are members of the bar of the county, as may be necessary to constitute a board of five members in any county in which a municipal court has not been established, or of six members in any county where the municipal courts have elected one member, or of seven members in any county where the municipal courts have elected two members to serve as trustees.

CHAPTER 101

An act relating to open-space lands, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 25, 1971. Filed with Secretary of State May 25, 1971.]

The people of the State of California do enact as follows:

SECTION 1. (a) For purposes of subdivision (c) of Section 421 of the Revenue and Taxation Code, an agreement, when taken as a whole, shall be deemed to provide restrictions, terms and conditions which are substantially similar to, or more restrictive than, those required by statute for a contract if at the time of its execution:

(1) The agreement had an initial term of seven years or more.

(2) The agreement could be canceled only by reason of condemnation of all or part of the property subject to the agreement or by reason of the death of an owner of the property subject to the agreement.

(3) The agreement provided that cancellation of the agreement must be approved by the board of supervisors or city council.

(b) The provisions of this section shall not be construed to provide the exclusive terms of validation for agreements executed pursuant to the California Land Conservation Act and shall apply to assessments for the 1971-1972 fiscal year only. The provisions of this section shall not be deemed to permit any reduction in the restrictions, terms, and conditions heretofore imposed by agreement.

SEC. 2. Notwithstanding any other provision of law to the contrary, the assessment procedures specified under Section 423 of the Revenue and Taxation Code shall be effective with respect to land subject to taxation for the 1971-1972 fiscal year only, if such land is subject to an instrument meeting the requirements set by Section 1 of this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The primary purposes of the California Land Conservation Act of 1965 and similar open-space legislation is to conserve open-space lands for the economic well-being of the state and to assure the use and enjoyment of open spaces for people today and for posterity. The assessment procedures specified for open-space property are designed to carry out such purposes. To subject open-space property to assessment at its highest and best use upon every procedural technicality penalizes landowners who have entered the open-space program and discourages others from bringing their land within the program. This act will remedy the situation, in part, by removing the procedural bar to the application of open-space assessments to property covered by the act, in order that the public purposes expressed in Article XXVIII of the Constitution of the State of California may be carried out to fullest extent possible. Therefore, it is necessary that this act go into immediate effect.

CHAPTER 102

[Approved by Governor May 25, 1971 Filed with
Secretary of State May 25, 1971]

The people of the State of California do enact as follows:

SECTION 1. Chapter 15.8 (commencing with Section 19946) is added to Division 14 of the Education Code, to read:

CHAPTER 15.8. STATE SCHOOL BUILDING AID AND EARTHQUAKE RECONSTRUCTION AND REPLACEMENT BOND LAW OF 1972

19946. This act may be cited as the State School Building Aid and Earthquake Reconstruction and Replacement Bond Law of 1972.

19947. The State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code) is adopted for the purpose of the issuance, sale, and repayment of, and otherwise providing with respect to, the bonds authorized to be issued by this chapter, and the provisions of that law are included in this chapter as though set out in full in this chapter. All references in this chapter to "herein" shall be deemed to refer both to this chapter and such law.

19948. As used in this chapter, and for the purposes of this chapter as used in the State General Obligation Bond Law, the following words shall have the following meanings:

(a) "Committee" means the State School Building Finance Committee created by Section 19510.

(b) "Board" means the State Allocation Board.

(c) "Fund" means the State School Building Aid Fund.

19949. For the purpose of creating a fund to provide aid to school districts of the state in accordance with the provisions of the State School Building Aid Law of 1952, and of all acts amendatory thereof and supplementary thereto, and to provide funds to repay any money advanced or loaned to the State School Building Aid Fund under any act of the Legislature, together with interest provided for in that act, and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code the committee shall be and is hereby authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the aggregate amount of three hundred fifty million dollars (\$350,000,000) in the manner provided herein, but not in excess thereof.

19950. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the state, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be transferred to the General Fund in the State Treasury, all of the money in the fund, not in excess of the principal of and interest on the said bonds then due and payable, except as herein provided for the prior redemption of said bonds, and, in the event such money so returned on said dates of maturity is less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the General Fund in the State Treasury out of the fund as soon thereafter as it shall become available.

19951. All money deposited in the fund under Section 19611 of this code and pursuant to the provisions of Part 2 (commencing with Section 16300) of Division 4 of Title 2 of the Government Code, shall be available only for transfer to the General Fund, as provided in Section 19950. When transferred to the General Fund such money shall be applied as a reimbursement to the General Fund on account of principal and interest due and payable or paid from the General Fund on the earliest issue of school building bonds for which the General Fund has not been fully reimbursed by such transfer of funds.

19952. There is hereby appropriated from the General Fund in the State Treasury for the purpose of this chapter, such an amount as will equal the following:

(a) Such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this chapter, as said principal and interest become due and payable.

(b) Such sum as is necessary to carry out the provisions of Section 19953, which sum is appropriated without regard to fiscal years.

19953. For the purposes of carrying out the provisions of this chapter the Director of Finance may by executive order authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds which the committee has by resolution authorized to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund to be allocated by the board in accordance with this chapter. Any moneys made available under this section to the board shall be returned by the board to the General Fund from moneys received from the sale of bonds sold for the purpose of carrying out this chapter.

19954. Upon request of the board, supported by a statement of the apportionments made and to be made under Sections 19551 to 19689, inclusive, the committee shall determine whether or not it is necessary or desirable to issue any bonds authorized under this chapter in order to make such apportionments, and, if so, the amount of bonds then to be issued and sold. Seventy-five million dollars (\$75,000,000) shall be available for apportionment on July 5, 1972, and fifteen million dollars (\$15,000,000) shall become available for apportionment on the fifth day of each month thereafter until a total of three hundred fifty million dollars (\$350,000,000) has become available for apportionment. Successive issues of bonds may be authorized and sold to make such apportionments progressively, and it shall not be necessary that all of the bonds herein authorized to be issued shall be sold at any one time.

19955. In computing the net interest cost under Section 16754 of the Government Code, interest shall be computed from the date of the bonds or the last preceding interest payment date, whichever is latest, to the respective maturity dates of the bonds then offered for sale at the coupon rate or rates specified in the bid, such computation to be made on a 360-day year basis.

19956. The committee may authorize the State Treasurer to sell all or any part of the bonds herein authorized at such time or times as may be fixed by the State Treasurer.

19957. All proceeds from the sale of the bonds herein authorized deposited in the fund, as provided in Section 16757 of the Government Code, except those derived from premium and accrued interest, shall be available for the purpose herein provided, but shall not be available for transfer to the General

Fund pursuant to Section 19950 to pay principal and interest on bonds.

19958. With respect to the proceeds of bonds authorized by this chapter, all the provisions of Sections 19551 to 19689, inclusive, shall apply except:

(a) Any reference in Sections 19551 to 19689, inclusive, to "Section 16.5, Article XVI of the Constitution of this State" shall be deemed a reference to this chapter.

(b) Any reference in Sections 19551 to 19689, inclusive, to "Section 19704" shall be deemed a reference to "Section 19950."

19959. Out of the first money realized from the sale of bonds under this act, there shall be repaid any moneys advanced or loaned to the State School Building Aid Fund under any act of the Legislature, together with interest provided for in that act.

19959.5. Notwithstanding any provisions in this chapter to the contrary, of the moneys made available by this chapter not to exceed the sum of two hundred fifty million dollars (\$250,000,000) or such amount thereof that the board may determine necessary therefor, shall be available under the provisions of Article 9 (commencing with Section 19700.51) of Chapter 10 of Division 14 for the purpose of rehabilitating, reconstructing, or replacing school facilities which are unsafe by virtue of not being in compliance with Article 5 (commencing with Section 15501) of Chapter 2 of Division 11 or for the purpose of repairing actual damage to school facilities caused by an earthquake after February 1, 1971, and for which there are no other state or federal funds available for such restoration. These funds shall be made available to eligible school districts when the fiscal and other requirements prescribed by Article 9 are complied with.

SEC. 2. Section 1 of this act shall take effect upon the adoption by the people of the State School Building Aid and Earthquake Reconstruction and Replacement Bond Law of 1972, as set forth in Section 1 of this act. The special election shall be consolidated with the direct primary election to be held on that date. The consolidated election shall be held and conducted in all respects as if there were only one election and only one form of ballot shall be used. A ballot pamphlet shall be prepared, com-

The Secretary of State shall distribute the ballot pamphlets to the county clerks not later than 30 days before the election, and the county clerks shall commence to mail those pamphlets to the voters not less than five days before the election. The distribution of ballot pamphlets in all respects shall be conducted in accordance with the provisions of Section 3573 of the Elections Code.

SEC. 4. At the special election called by this act there shall be submitted to the electors Section 1 of this act. All provisions of this act shall control the submission of Section 1 of this act to, and the holding of, the special election called by this act.

[Approved by Governor June 4, 1971. Filed with Secretary of State June 4, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Article 9 (commencing with Section 19700.51) is added to Chapter 10 of Division 14 of the Education Code, to read:

Article 9. School Housing Aid for Rehabilitation and Replacement of Structurally Inadequate School Facilities

19700.51. Not to exceed thirty million dollars (\$30,000,000) of the proceeds of the sale of bonds authorized by the State School Building Aid Bond Law of 1966 may be expended pursuant to this article.

19700.52. Not to exceed two hundred fifty million dollars (\$250,000,000) of the proceeds of the sale of bonds authorized by the School Building Aid and Earthquake Reconstruction and Replacement Bond Law of 1972 may be expended pursuant to this article.

19700.53. The Legislature hereby declares that it is in the interest of the state and the people thereof to provide assistance to school districts in rehabilitating or replacing structurally unsafe school facilities inasmuch as the education of children is an obligation of the state, and such obligation carries with it a corresponding responsibility for the physical safety of children while attending school.

19700.54. It is the intent of the Legislature in enacting this article to provide a means through repayable state loans for school districts not otherwise eligible for assistance under this chapter (consisting principally of school districts in the urban centers of the state), to house their pupils in facilities that are structurally safe.

19700.55. The following terms, as used in this article, shall have the following meanings, unless the State Allocation Board finds a different meaning is essential for properly carry-

ing out the purposes of this article, or finds that a different meaning clearly appears from the context:

(a) "Board" means the State Allocation Board as defined in Article 1 (commencing with Section 19551) of this chapter.

(b) "Director" means the Director of Education.

(c) "District" means an elementary, high school, or unified school district.

(d) "Project" means the purposes for which a district has applied for assistance in the rehabilitation or replacement of unsafe school facilities at a given attendance center.

(e) "Apportionment" means an apportionment made under this article, and unless the context otherwise requires, it shall be deemed to include funds of a district required by the board to be contributed toward the cost of a project.

(f) "Attendance center" means a school maintained or to be maintained at a given location within a district.

19700.56. The State Allocation Board shall administer this article. The Director of General Services shall provide such assistance to the board as it may require.

19700.57. In addition to such other powers and duties granted to the board by Article 1 (commencing with Section 19551) of this chapter, the board shall:

(a) Establish such qualifications as it deems will best serve the purposes of this article for determining the eligibility of districts to apportionments under this article.

(b) Establish such procedures and policies in connection with the administration of and expenditure of funds made available for the purpose of this article as it deems necessary.

(c) Adopt such rules and regulations for the administration of this article, requiring such procedure, forms, and information as it may deem necessary.

19700.58. The board, by the adoption of rules, shall give priority in allocating funds to districts which will benefit most from the reconstruction or replacement of schoolhouse facilities. This priority may be based on the age and structural safety of existing buildings at the school or schools where the construction or reconstruction will occur, acuteness of overcrowding and density of population in the attendance areas affected, or such other factors as will insure that the greatest need will be served in allocating funds under this article.

19700.59. The board shall prescribe instructions specifying the manner in which property, real or personal, being replaced through the apportionment, shall be disposed of, and compliance with the instructions shall be a condition upon the making of the apportionment. The net proceeds derived from such a disposition shall be contributed in reduction of any apportionment proportionate to the state's participation in the project. Any school district affected shall comply with instructions prescribed by the board. The board may require a district to transfer to the state by any instruments deemed appropriate by the board, title to any such property, whereupon, the board shall dispose of the property in any manner it deems appropri-

ate to insure the highest return to the state, and apply the applicable proceeds therefrom in reduction of apportionments to the district. The district affected shall do all things deemed necessary by the board to implement such disposition.

19700.60. Apportionments under this article from the State School Building Aid Fund shall be made for the sole purpose of reconstructing or replacing existing substandard buildings that present a potential threat to the safety of schoolchildren and which do not comply with the requirements of Article 4 (commencing with Section 15451) of Chapter 2 of Division 11 or for the purpose of restoring facilities damaged by an earthquake after February 1, 1971, and for which there are no other state or federal funds available for such restoration. Such apportionments shall be made in the manner and subject to the conditions herein provided and in accordance with policies adopted by the board for the following purposes, all of which purposes are declared to be, and are, public works:

(a) The reconstruction, renovation, or remodeling of existing school buildings and facilities.

(b) The construction of permanent or temporary school buildings and facilities for replacement purposes.

(c) The acquisition, by purchase or lease, and the installation of classrooms for replacement purposes.

(d) The acquisition and development of school sites necessary for construction of buildings approved under this article.

(e) The construction, repair, attachment, or development of offsite facilities, utilities or improvements which the board determines are necessary to the proper operation or functioning of the school facilities for which apportionments are made.

(f) The acquisition of such additional furniture and equipment as is deemed necessary by the board to make the rehabilitated or replaced facilities properly function.

(g) Any combination of the above.

As a part of such purposes, where a district is required by a contract entered into between itself and a contractor, to obtain at its own expense insurance covering risks incurred during any construction, reconstruction, or alteration for which an apportionment has been made, the cost thereof may be paid either directly, or by way of reimbursement, to the district out of the apportionment, or out of any apportionment made specifically covering such insurance; provided, that in other respects the apportionments are eligible for payment under provisions of this chapter.

19700.61. The Department of Education shall provide the following services to school districts making applications for apportionments under this article:

(a) It shall assist school districts in organizing a comprehensive planning effort. It shall guide a planning process through its appropriate steps and, when requested by a school district, it shall provide the school district with sources of expertise, either public or private, which may be able to con-

tribute to the development of plans to find solutions for specific problems a school district may have.

(b) It shall provide continuing research in relation to all phases of educational programs and the school facilities that are required to implement these educational programs.

(c) It shall provide a review and evaluation service to school districts to assure the effectiveness of the facilities that have been provided in accommodating educational programs.

(d) It shall provide communication media through publications and seminars, and prepare planning guides and procedures containing recommendations, which guides shall be used to disseminate educational planning information to all school districts.

Each school district which files an application for an apportionment of funds under this article after July 1, 1973, shall prepare and submit to the board a long-range comprehensive master plan for the district prepared in accordance with acceptable planning procedures. Specific information relating to the following factors must be included in this master plan:

(a) A statement of the educational programs and goals of the district in relation to its programs, both current and future.

(b) A comprehensive evaluation and report of the utilization of the school facilities now existing in the district together with preliminary plans of the facilities to be reconstructed or replaced under this article, prepared in accordance with the requirements of Section 15459.

(c) A comprehensive demographic study of the district, as it currently exists and as projected into the future.

(d) A policy statement regarding actual or potential human problems.

(e) A policy statement as to the priority in which the district proposes to solve its school housing problems.

(f) A policy statement regarding cooperation with other local public agencies to achieve total community development.

(g) A policy to insure continuous review so that plans will be kept up to date and changing conditions will be reviewed and accommodated by appropriate revision of plans.

The director shall review the long-range master plan and project development plan and shall report his findings and recommendations thereon to the board. The board shall in no instance approve an application or make an apportionment therefor until it has determined to its satisfaction that the facility for which the apportionment is sought is justified by an appropriate estimate of average daily attendance and location within the district.

19700.62. Each school district which desires an apportionment shall submit through its governing board to the board an application therefor in such form and number of copies as the board shall prescribe. Each copy of the application shall be

accompanied by a statement of the estimated cost of the project certified by an architect or structural engineer, and by layout plans showing the entire construction project for which the district desires an apportionment.

Estimates of costs for new construction or equipment appearing in an application shall conform to cost standards adopted by the board under Section 19571 of this chapter.

A school district shall not let any contract for new construction included in an application for a construction project which has been approved by the board if the cost exceeds the construction cost standards fixed by the board under Section 19571 for such new construction, except as otherwise provided in Section 19700.71.

A school district may at any time amend or supplement its application.

Each construction project for which a district applies for an apportionment shall be applied for on a separate application and shall be considered separately by the board. If a district applies for more than one construction project, at the same time or at different times, the priority points of the district shall be recalculated after the approval of each separate construction project and before a subsequent construction project is approved.

The board shall require such changes in the plans which an applicant school district submits with its application as the board determines is necessary or desirable to reduce the cost of the project.

19700.63. A school district may at any time file an application or amend or supplement an application. Upon receipt of any application, the Director of General Services shall as promptly as possible prepare a report and recommendation with respect to the application after having received recommendations from the director in respect to any matter which is subject to the jurisdiction or approval of the Director or Department of Education. The board shall, subject to the provisions of this article, approve, in whole or in part, or reject each application referred to it by the Director of General Services. If the board approves of the application, either in whole or in part, it shall, by a resolution adopted by it, apportion to the district from the State School Building Aid Fund the amount applied for, or such portion thereof as the board may determine appropriate; provided, that it may order that the apportionment or any part thereof shall be paid in progressive installments at such times and under such conditions as it may then prescribe. This shall be known as a conditional apportionment and shall become final only if the vote provided for in Section 19700.66 is favorable and if the county superintendent of schools furnishes a certificate satisfactory to the board certifying that there is on deposit in the state school building fund of the district the amount of district funds which, when added to the apportionment computed

under Section 19700.69, will equal the estimated cost of the project approved under Section 19700.62.

Unless the board has received the certificates of the county superintendent of schools required by this section within nine months from the date of the conditional apportionment, it shall, at the expiration of the nine months period, void the conditional apportionment and shall certify this fact to the State Controller. Each final apportionment made by the board under this article, shall be certified by it to the State Controller who shall from time to time draw his warrant on the State Treasurer in favor of the county treasurer of the county having jurisdiction over the district in accordance with the terms of such final apportionment. The warrant shall be exempt from the provisions of Division 4 (commencing with Section 16100) of Title 2 of the Government Code and shall be paid by the State Treasurer from the State School Building Aid Fund.

19700.64. The board may, upon approval of the application, in whole or in part, and subsequently from time to time, make a conditional apportionment or conditional apportionments not exceeding in the aggregate the total amount approved for the application from the State School Building Aid Fund for such portion or portions of the project for which the board determines the district is ready to proceed. If the board has approved an application and made an apportionment as to a portion or portions of a project, the board may approve the remaining portion or portions of the project and make an additional apportionment or apportionments as it deems appropriate.

If the board determines that the actual cost is in excess of the estimated cost of the specific school plant facilities or sites for which an apportionment to a district has been made, or for which a district's application has been approved in whole or in part pursuant to this section, the board may make an additional apportionment to such district in an amount equal to such excess even though such additional apportionment will result in the total apportionments to the district exceeding the amount of the application originally approved by the board.

Approval of an application under this section shall not be construed as creating or implying any obligation, commitment or promise on the part of the board or the state to make apportionments under this chapter.

19700.65. The amount of new building area for which an apportionment may be made for the purpose of replacing unsafe school buildings shall be computed in accordance with regulations adopted by the board. Such regulation shall be based upon the number of units of average daily attendance which were housed in the unsafe buildings being replaced and the building area limitations contained in Sections 19583, 19585, 19586, 19587 and 19588 together with any adjustments necessary to alleviate hardships occurring as a result of only

partial replacement of an entire attendance center. In no event shall an apportionment be made for new building area the chargeable area of which exceeds the chargeable area of the unsafe buildings being replaced. The chargeable area of any school building shall be computed in the uniform manner prescribed by the board.

19700.66. No payment of funds may be made pursuant to an apportionment unless the district holds an election at which the electorate of the district approve the acceptance, expenditure, and repayment of at least the amount apportioned pursuant to this article. The election may be held prior to or subsequent to an apportionment. If the electors voting at such election fail to approve the proposition by same majority required at a district bond election, within nine months from the date of the apportionment, the apportionment and the board's approval of the application become null and void.

19700.67. No apportionment shall be made to a district for the construction, reconstruction, or alteration of, or addition to, school buildings if the requirements prescribed by this code for the construction of school buildings are not met by the plans for the entire building program of the district in connection with which the district applied for an apportionment.

19700.68. Payment shall be made in accordance with the terms of an apportionment, either directly or by way of reimbursement, to a school district for expenditures, or commitments therefor, which have been made by the district subsequent to the effective date of this article for any items approved by the board in such apportionment; provided, however, that where expenditures were made for, or work was commenced with respect to, any item so approved, prior to the time the application of such district containing such item was received by the board, payment or reimbursement for such item, either with state funds or with district funds which the district is required to contribute by the apportionment, shall be made only upon authorization of the board by special resolution citing this section.

19700.69. The amount of the apportionment to a school district from the State School Building Aid Fund shall initially be computed by the board as follows:

(a) Determining the ratio which the school district's assessed valuation per pupil for the grade level of the project application bears to the statewide assessed valuation per pupil in that grade level, for the preceding fiscal year.

(b) Subtracting the amount computed under (a) from four.

(c) Dividing the amount computed under (b) by four plus the ratio which the school district's assessed valuation per pupil for the grade level of the project application bears to the statewide assessed valuation per pupil for that grade level, for the preceding fiscal year, which computation shall be denoted the "basic computed state matching ratio of assistance."

(d) The computation prescribed by subdivisions (a), (b), and (c) may be diagrammed as follows, with "A.V." representing the words "assessed valuation," and "a.d.a." representing the words "average daily attendance."

$$\begin{array}{l} \text{Basic computed} \\ \text{state matching} \\ \text{ratio of assistance} \end{array} = \frac{4 - \frac{\text{District A.V. per a.d.a.}}{\text{Statewide A.V. per a.d.a.}}}{4 + \frac{\text{District A.V. per a.d.a.}}{\text{Statewide A.V. per a.d.a.}}}$$

(e) The basic computed state matching ratio of assistance for a grade level of a school district shall not be less than 25 percent nor more than 80 percent of the cost of any specific project.

(f) When the final eligible costs of a project have been determined pursuant to the audit prescribed in Sections 19700.75 and 19628, the amount of the basic computed state matching ratio of assistance to the district shall be adjusted accordingly.

19700.70. A school district may obtain local funds to match the state assistance with any combination of funds available as follows:

(a) Through the issuance of school district bonds.

(b) Through the levy and collection of school district taxes. For such purposes proceedings may be undertaken pursuant to Section 20803 to increase the maximum tax rate of the district by the amount deemed necessary to produce the required funds. The proceeds of any such increase in the maximum tax rate shall be used exclusively for projects for which an apportionment or apportionments have been made under this article.

(c) Through the levy and collection of school district taxes as authorized by Section 15518.

(d) From any other fund available for capital outlay purposes.

19700.71. Whenever a school district determines that it is in its best interest to provide facilities on a given school site in addition to those contained in the approved application, it may do so, with any excess funds it has available for capital outlay purposes, beyond those required under this article, by adding such excess funds to the total cost of the project. There shall be no penalties imposed under this article as a result of such expenditures.

19700.72. Whenever a school district has received an apportionment or apportionments of funds pursuant to Chapter 8 (commencing with Section 19401) or Chapter 10 (commencing with Section 19551) of Division 14, and, through the issuance of bonds, uses such bond proceeds as its source of funds to match its share of the eligible project cost of any project for which an apportionment of funds is made under this article, the amount of such bond funds shall be considered eligible bonded debt service in the computations made by the Director of General Services prescribed in Sections 19430 and 19431 and in Sections 19601 to 19619, inclusive.

19700.73. The interest on apportionments made under this article shall be established by the board, with the approval of the Director of General Services, as follows:

(1) The interest rate applicable to apportionments made pursuant to Article 1 (commencing with Section 19551) of this chapter and determined in accordance with Section 19596 shall be established as of June 30 of each year.

(2) The applicable interest rate on June 30 shall apply to apportionments made under this article in the ensuing fiscal year, July 1 through June 30.

(3) Interest on the apportionment shall be compounded annually through the 30th day of June of each year.

19700.74. Each district to which an apportionment or apportionments has been made under this article shall repay the principal amount of such apportionment or apportionments and the accrued interest thereon in 20 equal annual payments. The first payment shall be made in the second fiscal year following the year in which the apportionment is made. In any year in which the equal annual repayment exceeds that amount which seventeen and one-half cents (\$.175) per one hundred dollars (\$100) of assessed valuation for each grade level (i.e. elementary, high school or community college) operated by the district would raise during the year of the computation, the repayment shall be reduced to the amount which the seventeen and one-half cents (\$.175) for each grade level would so raise. The amount of the reduction in computed repayment shall be canceled on the books of the State Controller. If more than one apportionment is made the annual amount payable shall be the sum of the amounts which would be payable on each amount if computed separately.

On or before the first day of January of each fiscal year the State Controller shall determine the annual repayment, if any, to be due from each district during the next succeeding fiscal year. The computation and collection procedures shall be in accordance with Sections 19611, 19618, and 19619.

19700.75. Sections 19555, 19561, 19565, 19597, 19617, 19620, and 19623 to 19629, inclusive, of Article 1 (commencing with Section 19551) of this chapter shall be applicable to the administration of this article unless the context of this article as determined by the board, requires otherwise.

19700.76. Whenever a school district receives or has received an apportionment under this article for the purchase of a site which contains existing improvements, the board may require the district to dispose of such existing improvements as a condition of receiving an apportionment in such manner as the board deems proper. Whenever a district sells, leases or disposes of any site acquired under an apportionment or any improvements appurtenant to any site so acquired it shall contribute a portion of the net proceeds therefrom or the value of any consideration received therefor, in reduction of any apportionment, such portion being proportionate to the state's participation in the project.

19700.77. To determine the effect of school housing aid for reorganized districts, the applicable portions of Article 2 (commencing with Section 19651) shall apply.

19700.78. The provisions of this chapter shall, for purposes of the projects subject thereto, control over any provision of Division 11 (commencing with Section 15001) which vests in the Department of Education the power and responsibility of approving school sites and buildings.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the urgent need for replacement or reconstruction of unsafe school facilities may be met at once, and in order that assistance be given to school districts which have had facilities rendered unusable through recent earthquake activity, it is essential that this act go into effect immediately.

[Approved by Governor June 4, 1971 Filed with

The people of the State of California do enact as follows:

SECTION 1. Section 13988.1 of the Revenue and Taxation Code is amended to read:

13988.1. Fees paid attorneys for services rendered in obtaining a Controller's determination of tax, or in actions brought to establish the fact of death of a decedent pursuant to the provisions of the Probate Code, or pursuant to Article 3 (commencing with Section 14551) of Chapter 11 of this part, and attorneys' fees and executors', administrator's and accountant's fees paid for extraordinary services performed in the preparation of estate, inheritance and income tax returns or in the adjustment and payment of extensive or complicated estate or inheritance taxes, are deductible from the appraised value of the property included in any transfer subject to this part.

SEC 2. Section 14371 of the Revenue and Taxation Code is amended to read:

14371. Any person who has made a payment of tax to the county treasurer in excess of the amount specified in the order or orders fixing tax or Controller's determination of tax as

finally amended or modified, and as said amount is adjusted pursuant to discount and interest provisions of this part, is entitled to a refund in the amount erroneously paid.

In the case of a payment of tax for an estate where there is no order fixing tax, the person making payment shall be entitled to a refund of the amount erroneously paid on presentation of proof satisfactory to the State Controller that he is entitled to a refund.

SEC. 3. Section 14372 of the Revenue and Taxation Code is amended to read:

14372. Where application for refund is filed with the superior court, notice of the hearing together with a copy of the application shall be given to the Controller.

In the case of an estate where there is no order fixing tax, an application for refund shall be made within two years of the decedent's death or within one year of erroneous payment, whichever is later.

SEC. 4. Article 3.5 (commencing with Section 14560) is added to Chapter 11 of Part 8 of Division 2 of the Revenue and Taxation Code, to read:

Article 3.5. Determinations by the Controller

14560. If it appears that a transfer subject to this part has been made as to which the taxability, tax liability, and amount of tax have not been determined, and that no court proceedings in which such determinations may be made are pending or likely to be filed, the Controller may determine such. The Controller may refer the matter to an inheritance tax referee to ascertain and submit a report on:

(a) The clear market value of the property included in each transfer from the decedent subject to this part.

(b) The amount of tax, if any, which is due and payable on each transfer.

(c) Such other facts regarding the tax as will assist the Controller in the determination of the tax.

(a) The clear market value of the property included in each transfer from the decedent subject to this part.

(b) The amount of tax, if any, which is due and payable on each transfer.

(c) Such other facts regarding the tax as the Controller may deem appropriate.

14562. The Controller shall give notice of the amount of tax determined by personal service or by mail to the person

filing the inheritance tax declaration at the address stated in the declaration, or to the persons liable for the tax. Copies of the notice may in like manner be given to such other persons as the Controller deems advisable.

14563. If, within 60 days after the notice of determination is given, no proceeding in which the tax may be fixed by court order is instituted and written notice thereof given to the Controller, the determination shall, at the end of said period, become final and shall thereafter have the same force and effect as an order fixing tax made by the court pursuant to this part, and the Controller shall have the same powers and duties to amend, modify, set aside or otherwise act with respect thereto as is conferred by this part upon the court with respect to orders fixing inheritance tax.

14564. A Controller's determination of tax is conclusive only as to such property as may have been included in transfers disclosed to the Controller before making his determination.

CHAPTER 120

An act to amend Section 13 of, and to add Sections 5.3, 15.5 and 15.6 to, the Placer County Water Agency Act (Chapter 1234 of the Statutes of 1957), relating to the Placer County Water Agency, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 4, 1971 Filed with
Secretary of State June 4, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 5.3 is added to the Placer County Water Agency Act (Chapter 1234 of the Statutes of 1957), to read:

Sec. 5.3. The agency may fix a water service standby or immediate availability charge to be applied on an area, or frontage, or parcel basis, or a combination thereof, to such areas within the agency to which water service is made available for any purpose by the agency, whether the water service is actually used or not, provided, that such charge may not be levied against unimproved property permanently dedicated to public transportation. The agency may establish schedules varying such charge according to the land uses and the degree of availability or quantity of use of such water service to the affected lands, and may restrict such charge to lands lying within one or more zones or areas of benefits established within such agency. The agency may not, however, fix a charge in excess of ten dollars (\$10) per acre per year or in excess of five dollars (\$5) per year for a parcel of less than one acre.

The agency may collect the standby or availability charge by billing the charged lands on a fiscal year basis or by other means available.

The agency may collect the standby or availability charge as a part of the annual general county tax bill provided the agency furnishes in writing to the board of supervisors and to the county auditor the description of each parcel for which a charge is to be billed together with the amount of the charge applicable to each parcel in sufficient time to meet the schedule established by the county for inclusion of such items on the county general tax bill. The parcel description may be the parcel number assigned by the county assessor to the parcel. In such cases, the standby or availability charge shall become a lien against the parcel of land to which it is charged in the same manner as the county general taxes. Penalties may be collected for late payment of the standby or availability charge or the amount thereof unpaid in the manner and at the same rates as that applicable for late payment or the amount thereof unpaid of county general taxes.

If the agency collects standby charges through the county general tax bill, the amount of the standby charge and any applicable penalty shall be stated on the tax bill separately from all other taxes, if practicable.

SEC. 15. Section 13 of the Placer County Water Agency Act (Chapter 1234 of the Statutes of 1957) is amended to read:

Sec. 13. The agency shall not incur any indebtedness or liability exceeding in any year the income and revenue provided for such year, and any indebtedness or liability incurred in violation of this section shall be absolutely void and unenforceable. This section shall have no application to debts or liabilities incurred pursuant to the provisions of this act authorizing the issuance of revenue bonds pursuant to Section 16, the levying of special assessments, the execution of contracts with the United States and the state, nor the incurring of any indebtedness or liability authorized by a vote of the electors of any zone or improvement district of the agency at an election held for such purpose.

SEC. 2. Section 15.5 is added to the Placer County Water Agency Act (Chapter 1234 of the Statutes of 1957), to read:

Sec. 15.5. Improvement districts may be formed in the agency for any authorized purpose of the agency in the same manner as improvement districts are formed in irrigation districts. When formed, such improvement districts shall be governed in the same manner as improvement districts in irrigation districts. The board shall have the same rights, powers, duties and responsibilities with respect to the formation and government of improvement districts in the agency as the board of directors of an irrigation district has with respect to improvement districts in irrigation districts. Assessments in an improvement district in the agency shall be levied, collected and enforced at the same time and as nearly in the same manner as practicable as annual taxes of the county, except that the assessment shall be made in the same manner as

provided with respect to improvement districts in irrigation districts.

SEC. 3. Section 15.6 is added to the Placer County Water Agency Act (Chapter 1234 of the Statutes of 1957), to read:

Sec. 15.6. Whenever in the opinion of the board the public interest or convenience may require, it may order any work or improvement which it is authorized to undertake to be done in accordance with the procedure and in pursuance of the provisions of either the Improvement Act of 1911, Division 7 (commencing at Section 5000) of the Streets and Highways Code, or the Municipal Improvement Act of 1913, Division 12 (commencing at Section 10000) of the Streets and Highways Code.

The following terms, as used in such improvement acts have the following meaning:

- (a) "Municipality" or "city" means the agency;
- (b) "City council" or "legislative body" means the board of directors of the agency;
- (c) "City treasurer" or "treasurer" means the officer of the agency who has charge of and makes payment of the agency funds;
- (d) "Mayor" means the chairman of the agency;

- (h) "Tax collector" means the county tax collector;
- (i) "Right-of-way" means any parcel of land through which a right-of-way has been granted to the agency for any purpose;
- (j) All other words and terms relating to municipal officers and matters refer to the corresponding officers of the agency and matters under this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Placer County Water Agency has acquired a public utility water system and is now responsible for providing improvements to such system. In order to equitably apportion the costs of such improvements among the beneficiaries thereof, it is necessary for the agency to be able to levy standby charges and establish improvement districts and levy assessments according to benefits within such districts. Unless this act takes effect immediately the agency will have to postpone making improvements to its water system that are necessary and desirable to protect the health and safety of residents within the agency.

This section shall not be construed to limit the provisions of Section 11008.1.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that recipients of social security payments shall not be deprived of benefits conferred in 1971 by the United States government, it is necessary for this act to take effect immediately.

CHAPTER 123

[Approved by Governor June 8, 1971. Filed with Secretary of State June 8, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 16116 of the Welfare and Institutions Code is amended to read:

16116. For purposes of this chapter, a "hard-to-place" child is a child who is disadvantaged because of adverse parental background, or a handicapped child, or a child of the age of three years or more. The provisions of this chapter apply only to hard-to-place children.

SEC. 2. Section 16117 of the Welfare and Institutions Code is amended to read:

16117. It is the purpose of this chapter to encourage and promote the placement in adoptive homes of children who because of their ethnic background, race, color, language, physical or mental, or emotional or medical handicaps, or age or because they are a sibling group who should be placed in the same home have become difficult to place in adoptive homes. It is the legislative intent to make available to prospective adoptive parents information concerning the availability of relinquished children, information and assistance in completing the adoption process, and the financial aid which might be required to enable them to adopt an otherwise hard-to-place child.

SEC. 3. Section 16118 of the Welfare and Institutions Code is amended to read:

16118. The department shall establish and administer the program to be carried out by the department or any licensed adoption agency pursuant to this chapter. The department shall adopt such regulations as are necessary to carry out the provisions of this chapter.

The county responsible for providing foster care for a child shall provide financial aid to the adoptive family in an amount determined pursuant to Section 16120.

SEC. 5. Section 16120 of the Welfare and Institutions Code is amended to read:

16120. The adoption fees may be waived for all adoptive parents as necessary to provide adoptive families for hard-to-place children. There may be paid for a period not to exceed three years an amount of financial assistance not more than the amount that would be paid for foster care for the child if the placement for adoption had not taken place. Additional financial assistance may be granted for a period of not more than two years if the adoptive parents have a continuing need as determined by the department or a designated licensed adoption agency. The Director of Finance is authorized to transfer funds to a special account for use by the department to provide the in-lieu foster care payments as provided by this section. Such transfer of funds shall not exceed the amount of the estimated reduction in foster care payments which will result from the placement of hard-to-place children in adoptive homes. The county share of the cost of in-lieu foster care payments to adoptive parents shall be paid from county funds. The county responsible for the care of the child in a foster home is responsible for the payment provided for by this section in adoptive placements arranged by the department or any licensed adoption agency and in cases in which a child receiving aid to families with dependent children in a foster home is adopted by his foster parents and the department or designated adoption agency joins in the petition for adoption.

SEC. 6. Section 16122 of the Welfare and Institutions Code is amended to read:

16122. The department shall actively seek, and make maximum use of, federal funds which might be available for the purposes of this chapter. (b) That the ordinance shall not apply to (1) a vehicle or part thereof which is completely enclosed within a building in a lawful manner where it is not visible from the street or other

public or private property or (2) a vehicle or part thereof which is stored or parked in a lawful manner on private property in connection with the business of a licensed dismantler, licensed vehicle dealer or a junkyard; provided, however, that this exception shall not authorize the maintenance of a public or private nuisance as defined under provisions of law other than this chapter.

(f) That after a vehicle has been removed, it shall not be reconstructed or made operable.

(g) That the owner of the land on which the vehicle is located may appear in person at the hearing or present a sworn written statement denying responsibility for the presence of the vehicle on the land, with his reasons for such denial. If it is determined at the hearing that the vehicle was placed on the land without the consent of the landowner and

that he has not subsequently acquiesced in its presence, then the local agency shall not assess costs of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect such cost from such owner.

Any person authorized by the city, county, or city and county, to administer the provisions of an ordinance of the type authorized by this section may enter upon private property for the purposes specified in the ordinance to examine vehicle or parts thereof, obtain information as to the identity of vehicle and to remove or cause the removal of a vehicle or part thereof declared to be a nuisance pursuant to ordinances.

The Legislature is especially concerned and aware of the mounting costs of acquisition and construction of school sites and facilities, and is, therefore, desirous of providing a procedure whereby those fiscal burdens may be reduced by increased utilization of existing plants and facilities.

The Legislature is also interested in providing for the replacement of the present system of lengthy summer vacations with shorter periodic vacation periods, which will result in a reduction in the diminution of the student's summer vacation "learning loss."

Article 2. Establishment and Maintenance of the Continuous School Program

32110. The governing board of any school district, with the approval of the Superintendent of Public Instruction, may establish and operate in one or more of the schools within the district, or in all schools within the district, a continuous school program pursuant to the provisions of this chapter.

32111. The governing board of any school district operating pursuant to the provisions of this chapter shall divide the students of each selected school into four groups. Students of the same family shall be placed in the same group unless one or more of such students is enrolled in a special education class or unless the parent or guardian of such students requests that the students be placed in different groups.

32112. The governing board of any school district operating pursuant to the provisions of this chapter shall establish

a school calendar whereby each of the four groups of pupils will attend school all year around in rotating shifts of four approximately 45-class-day sessions, with approximately 15-class-day vacations interspaced between the four sessions.

32121. The courses of instruction offered at a school maintained pursuant to this chapter shall meet all applicable requirements of law, including the requirements prescribed by or pursuant to Chapter 3 (commencing with Section 8501) of Division 7 relating to physical education. For such purposes the instructional program shall be designed to provide at least the overall equivalent in instruction in each course of study required by law to be provided in kindergarten and grades 1 to 12, inclusive, upon a pupil's completion of the work prescribed for any particular grade.

32122. The governing board of any school district operating the continuous school program pursuant to this chapter shall prescribe a separate salary schedule for the certificated and classified employees of the district who are employed at any school maintaining the continuous school program pursuant to this chapter, and who, because of such employment, will be engaged in rendering services for the district for a greater number of total days during the academic year than would be the case for a regular academic year.

Upon payment of the estimated license fee and the penalty, the certificate, permit, or license of such agency suspended in accordance with the provisions of this section shall be reinstated.

CHAPTER 153

An act to amend Sections 5870 and 5871 of the Streets and Highways Code, relating to improvements.

[Approved by Governor June 17, 1971. Filed with Secretary of State June 17, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 5870 of the Streets and Highways Code is amended to read:

5870. As used in this chapter:

(a) "Block" means property facing one side of any street between the next intersecting streets or between the terminus of a dedicated right-of-way of a street and an intersecting street. "Street" does not include an alley or other right-of-way unless it is of the same width as a regular residential minimum-width street approved as part of a master plan of circulation or streets by the governmental agency involved. In the case of an alley, "block" means property facing both sides of any alley between the next intersecting streets or alleys, or between the terminus of an alley and an intersecting street. In the case of street lighting, "block" means property facing the side of any street on which the improvement is to be constructed between the next intersecting streets on the side to be improved or between the terminus of a dedicated right-of-way of a street and a street intersecting the side to be improved; or property facing the side of any street on which the improvement is to be constructed between the next intersecting streets on the side to be improved or between the terminus of a dedicated right-of-way of a street and a street intersecting the side to be improved and the property facing the opposite side of the street.

Where a "block" exceeds 1,000 feet in length, a length of frontage of 1,000 feet constitutes a "block" as used in this chapter, if so designated by the superintendent of streets. A determination by the superintendent of streets of such a 1,000-foot block establishes a "block" and cannot later be changed to include a portion of said 1,000-foot "block" in another "block."

(b) "Driveway" means a paved portion of a public street providing an unobstructed passage from the roadway to an offstreet area used for driving, servicing, parking, or otherwise accommodating motor vehicles.

SEC. 2. Section 5871 of the Streets and Highways Code is amended to read:

5871. This chapter shall apply to the construction of sidewalks, gutters, pavements, driveways, and curbs and, the installation of storm and sanitary drainage facilities, parkway trees, and street lighting facilities in front of properties in any block where a sidewalk, gutter, pavement, driveway, the

installation of storm and sanitary sewer drainage facilities, parkway trees, and street lighting facilities, or curb or all of them have been constructed theretofore in front of properties in said block constituting more than fifty percent (50%) of the front footage of said block or where the owners of more than 60 percent of the front footage of the block, as shown by the last equalized assessment roll of the city, file a petition with the city clerk requesting the installation of any such improvements or where a petition signed by the owners of more than sixty percent (60%) of the front footage of any part of an unimproved portion or portions of a block has been filed with the city clerk requesting the installation of such improvements in front of said part.

This chapter shall not apply to driveway construction in front of a vacant lot, or in front of an unimproved property, unless requested by the owner.

As used in this chapter, "sidewalks or curbs" includes "gutters," "driveways," "pavement" to the centerline of the street, "full pavement" in alleys, "storm and sanitary drainage facilities," "parkway trees," "street lighting facilities," and "superintendent of streets" includes any other person or persons who may be designated by the legislative body to perform any of the duties of the superintendent of streets set forth in this chapter.

"Fronting" and "facing" as used in this chapter means "abutting" in the case of property adjoining an alley improvement.

In the case of street lighting, in determining how much of the front footage of a block has been improved, front footage of property benefiting from existing installations may be included regardless of the side of the street on which the installation has been constructed.

[Approved by Governor June 17, 1971. Filed with Secretary of State June 17, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 46 is added to the El Dorado County Water Agency Act (Chapter 2139 of the Statutes of 1959), to read:

Sec. 46. (a) The board by resolution shall establish such zones within the agency as in the judgment of said board are necessary to equitably apportion the benefits of the agency to the lands within the respective zones. Such zones may be established within the agency without reference to the boundaries of other zones, by setting forth the descriptions thereof by metes and bounds and by entitling each of such zones by a zone number. The lands comprising a zone need not be contiguous. All zones shall be established only with respect to projects for the benefit of such zones and proceedings for the establishment of such zones may be conducted concurrently with and as a part of proceedings for the instituting of projects relating to such zones, which proceedings shall be instituted in the manner prescribed in this section.

(b) The board may institute projects for the financing, acquisition, constructing, maintaining, operating, extending, repairing or otherwise improving any work of benefit to single zones or two or more zones. In cases of projects for the benefit of two or more zones, such zones shall become, and shall be

referred to as, participating zones. For the purpose of acquiring authority to proceed with any such project, the board shall adopt a resolution specifying its intention to undertake such project, together with the engineering estimates of the cost of same to be borne by the particular zone or participating zones and fixing a time and place for public hearing of said resolution. The resolution shall refer to a map or maps showing the general location and general construction of said project. Notice of such hearing shall be given by publication pursuant to Section 6066 of the Government Code in a newspaper of general circulation designated by the board, circulated in such zone or each of said participating zones, if there be such newspaper, and if there be no such newspaper then by posting notice for two consecutive weeks prior to said hearing in two public places designated by the board, in such zone or in each of said participating zones. Publication shall be completed at least seven days before the date of the hearing. Said notice must designate a public place in such zone or in each of said participating zones where a copy or copies of the resolution and the map or maps of the proposed project may be seen by any interested person; said resolution and map or maps must be posted in each of said public places so designated in said notice at least two weeks prior to said hearing.

(c) At the time and place fixed for the hearing, or at any time to which said hearing may be continued, the board shall consider all written and oral objections to the proposed project. Upon the conclusion of the hearing the board may abandon the proposed project or proceed with the same, or a portion thereof, unless prior to the conclusion of said hearing written protests have been filed against the proposed project signed by owners of real property within the zone or participating zone the assessed value of which, as shown by the last equalized assessment roll, constitutes more than one-half of the total assessed value of the real property of such zone, in which event further proceedings relating to such project must be suspended for not less than six months following the date of the conclusion of said hearing, or said proceeding may be abandoned at the discretion of the board.

(d) The board shall have power, in any year:

(1) To levy taxes upon all taxable property in each or any of said zones according to benefits derived or to be derived therein to pay the cost and expenses of carrying out any of the objects or purposes of this act of benefit to such zones, including the administering, acquiring, constructing, maintaining, operating, extending, repairing, or otherwise improving any or all works of improvement established or to be established within or on behalf of said respective zones. Said taxes shall be based upon the assessment rolls used by the county for general tax purposes and shall not exceed fifty cents (\$.50) on each one hundred dollars (\$100) of assessed valuation, exclusive of any tax levied pursuant to subdivision (f), hereof.

(2) Said taxes shall be levied and collected together with, and not separately from taxes for county purposes, and the revenues derived from said agency taxes shall be paid into the county treasury to the credit of the agency and the respective zones thereof, and the board shall have the power to control and order the expenditure thereof; provided, however, that no revenues, or portions thereof, derived in any of the several zones from the taxes levied under the provisions of this section shall be expended for acquiring, constructing, maintaining, operating, extending, repairing or otherwise improving any works located in any other zone, except in the case of projects for the benefit of participating zones or for projects authorized or established outside such zone or zones, but for the benefit thereof.

(e) Whenever the board determines that a bonded indebtedness should be incurred to pay the cost of any work in any zone or participating zones, the board may by resolution determine and declare the respective amounts of bonds necessary to be issued in each zone in order to raise the amount of money necessary for each work and the maximum rate of interest of said bonds. The board shall cause a copy of the resolution, duly certified by the clerk, to be filed for record in the office of the Recorder of El Dorado County within five (5) days after its adoption. From and after said filing of said copy of said resolution the board shall be deemed vested with the authority to proceed with the bond election.

(f) After the filing for record of the resolution specified in subdivision (e) of this section, the board may call a special bond election in said zone or participating zones at which shall be submitted to the qualified electors of said zone or participating zones the question whether or not bonds shall be issued in the amount or amounts determined in said resolution and for the purpose or purposes therein stated. Said bonds and the interest thereon shall be paid from revenue derived from annual taxes levied upon the lands situated within the zone or participating zones, and all such lands shall be and remain liable to be taxed for such payments as provided in this act.

(g) The board shall call such special bond election by resolution and submit to the qualified electors of said zone or participating zones the proposition of incurring a bonded debt in said zone or participating zones in the amount and for the purposes stated in the resolution referred to in subdivision (e) of this section. The resolution calling the bond election shall recite the objects and purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to give a brief, general description of such objects and purposes, and refer to the recorded copy of the resolution referred to in subdivision (e) of this section. The resolution calling such special bond election shall also state the estimated cost of the proposed work, the amount of the principal of the indebtedness to be incurred and the maximum rate of

interest to be paid on said indebtedness. Said resolution shall also fix the date on which such special election shall be held and the form and contents of the ballot to be used. The rate of interest to be paid on such indebtedness shall not exceed 7 percent per annum. For the purposes of said election said board shall in said resolution calling said bond election establish a special bond election precinct or precincts within the boundaries of each zone and participating zones and may form election precincts by consolidating the precincts established for general elections in the agency to a number not exceeding six general precincts for each such special bond election precinct. Said resolution shall also designate polling places and appoint at least one inspector, one judge and one clerk for each of such special bond election precincts.

(h) In all particulars not recited in said resolution calling said bond election, such special bond election shall be held as nearly as practicable in conformity with the general election laws of the state.

(i) The board shall cause a map to be prepared covering a general description of the work to be done, which said map shall show the location of the proposed work and shall cause the said map to be posted in a prominent place in the county courthouse for public inspection for at least thirty (30) days before the date fixed for such election.

(j) Said resolution calling for such special bond election shall, prior to the date set for such election, be published in a newspaper of general circulation circulated in each zone and participating zone affected for six consecutive times if published in a daily newspaper of general circulation, or two times if published in a weekly newspaper of general circulation. The last publication of such resolution must be at least fourteen (14) days before said election, and if there be no such newspaper, then such resolution shall be posted in two public places designated by the board, in each zone and participating zone for at least thirty (30) days before the date fixed for such election. No other notice of such election need be given nor need polling place cards be issued.

(k) Any defect or irregularity in the proceedings prior to the calling of such special bond election shall not affect the validity of the bonds authorized by said election. If at such election two-thirds of the votes cast in the zone or in each of the participating zones are in favor of incurring such bonded indebtedness, then bonds for such zone or participating zones for the amount stated in such proceedings may be issued and sold as in this act provided.

(l) The board shall, subject to the provisions of this act, prescribe by resolution the form of said bonds, which must include a designation of the zone or participating zones affected, and of the interest coupons attached thereto. Said bonds shall be payable annually or semiannually, at the discretion of

the board, each and every year on a day and date and at a place to be fixed by said board and designated in such bonds, together with the interest on all sums unpaid on such date until the whole of said indebtedness shall have been paid.

(m) The board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different dates from those of any other series. The maturity dates of each series shall comply with this section. The board may fix a date not more than two (2) years from the date of issuance for the earliest maturity of each issue or series of bonds. The final maturity date of each issue or series shall not exceed forty (40) years from the time of incurring the indebtedness evidenced by such issue or series.

(n) The bonds shall be issued in such denomination as the board may determine, and shall be payable on the days and at the place fixed in said bonds, and with interest at the rate specified in such bonds, which rate shall not be in excess of 7 percent per annum, and shall be made payable annually or semiannually, and the bonds of each issue or series shall be numbered consecutively and shall be signed by the chairman of the board, and countersigned by the auditor of the agency, and the seal of the agency shall be affixed thereto by the clerk of the board. One of such signatures may be printed, engraved or lithographed. The interest coupons of said bonds shall be numbered consecutively and signed by the said auditor by his printed, engraved or lithographed signature. In case any such officers whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officers before the delivery of such bonds to the purchaser, such bonds and coupons, and signatures or countersignatures shall nevertheless be valid and sufficient for all purposes the same as if such officers had remained in office until the delivery of the bonds.

(o) Before selling the bonds, or any part thereof, the board shall give notice not less than 10 days prior to the date of sale by publication in a newspaper of general circulation circulating in the agency inviting sealed bids in such manner as the board shall prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders, the board may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

(p) Any bonds issued under the provisions of this section, and the interest thereon, shall be paid by revenues derived from an annual tax upon all taxable property in the zone or participating zones sufficient to pay the interest and such portion of the principal of said bonds as is due or to become

due before the time for making the next general tax levy. No zone nor the property therein shall be liable for the share of bonded indebtedness of any other zone, nor shall any moneys derived from taxation in any of the several zones be used in payment of principal or interest or otherwise of the share of the bonded indebtedness chargeable to any other zone. Such taxes shall be levied and collected in the respective zones or participating zones, together with and not separately from taxes for county purposes, and the revenues derived from said taxes shall be paid into the County Treasury of said El Dorado County to the credit of the zone of payment, and be used for the payment of the principal and interest on said bonds, and for no other purpose. It is hereby declared that for the purposes of any tax levied pursuant to this subdivision (p), the property so taxed within a given zone is equally benefited.

(b) The requirements of subdivision (a) shall not apply to a notice of cancellation:

CHAPTER 165

An act to add Sections 54931.15, 54931.16, and 54931.17 to the Government Code, relating to property taxes imposed by special districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 17, 1971. Filed with Secretary of State June 17, 1971.]

54931.15. Notwithstanding the provisions of Sections 54900 to 54903, inclusive, or any other provisions of this chapter, if the reorganization of any water district with another water district consists of their consolidation into a single district and also creates an improvement district therein and such reorganization is approved by the board of supervisors of the county after March 15, 1971, such reorganization shall be effective for assessment and taxation purposes for the 1971-1972 fiscal year for both the consolidated district and the improvement district therein, provided that the statement and map or plat required by Sections 54900 to 54903, inclusive, are filed on or before July 1, 1971.

SEC. 2. Section 54931.16 is added to the Government Code, to read:

SEC. 4. This act is an urgency statute necessary for the immediate preservation of public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Unless this act takes immediate effect the hospital districts and reorganized county water districts will not be able to levy taxes to fund all of their operations in such districts or improvement districts for the entire 1971-1972 fiscal year. Moreover, taxes levied by county water districts will be imposed on lands previously detached from such districts.

CHAPTER 166

SECTION 1. Section 35002.5 of the Government Code is amended to read:

35002.5. Territory shall not be deemed contiguous as the word "contiguous" is used in this chapter if the only contiguity is based on a strip of land over 300 feet long and less than 200 feet wide, such width to be exclusive of highways.

Territory shall be deemed contiguous as the word "contiguous" is used in this chapter if the area thereof is separated by territory within the boundaries of another city or if such area is separated from the boundaries of an annexing city by territory within the boundaries of another city; provided, such separating territory became within the boundaries of the other city prior to January 1, 1925; and further provided, such separating territory is not in excess of 200 feet in width at all its separating points; and providing, that said separating territory within said separating point is uninhabited as defined in Section 35303 of the Government Code.

Territory shall be deemed contiguous as the word contiguous is used in this chapter if such territory is separated from the boundaries of an annexing city by territories within the boundaries of another city provided such separating territory became within the boundaries of the other city prior to January 1, 1925 and further provided such separating territory is not in excess of 3,000 feet in width at all of its separating points and provided further that said territory is a part of the same unified school district as the largest portion of the city seeking to annex such territory.

An act to amend Section 23 of Chapter 1596 of the Statutes of 1970, relating to restricted dangerous drugs, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 17, 1971. Filed with Secretary of State June 17, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 23 of Chapter 1596 of the Statutes of 1970 is amended to read:

Sec. 23. Sections 1 to 12, inclusive, of, and Article 1 (commencing with Section 11904) of Chapter 1.5 of the Health and Safety Code, as enacted by Section 17 of this act, shall become operative January 1, 1972.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The State Board of Pharmacy which is to enforce the provisions regulating and controlling of restricted dangerous drugs pursuant to Chapter 1.5 (commencing with Section 11904) of Division 10.5 of the Health and Safety Code will not be able to establish all the necessary regulatory machinery which Chapter 1.5 requires by July 1, 1971, the operative date of the chapter. The inability of the State Board of Pharmacy will impose a great burden on those persons affected by the provisions of such chapter. Thus, it is imperative that this act, which sets the operative to a later date, be enacted immediately so that this burden will not be imposed on citizens of this state.

CHAPTER 169

An act to amend Section 35550 of, and to add Section 35722 to, the Vehicle Code, relating to weight limits.

The people of the State of California do enact as follows:

SECTION 1. Section 35550 of the Vehicle Code is amended to read:

35550. (a) The gross weight imposed upon the highway by the wheels on any one axle of a vehicle shall not exceed

The exemption granted by this subdivision shall only apply to such vehicles when engaged in the collection and transportation of garbage, rubbish, or refuse. If the weight on the rear axle is in excess of the provisions of this subdivision, the allowed load in pounds on the rear axle shall be 18,000 pounds maximum for the purpose of determining the amount of fine for such violation as specified in the table in Section 42030.

Subdivision (c) or (d) shall not be applicable to any highway when it would operate to prevent the state from receiving federal funds for highway purposes.

SEC. 2. Section 35722 is added to the Vehicle Code, to read: 35722. Notwithstanding any other provisions of this article, vehicles having not more than two axles, designed by the manufacturer for the collection and transportation of garbage, rubbish, or refuse and which are used regularly for such collection and transportation by any person or any governmental entity engaged in the business of or in providing the service of collecting, transporting, and disposing of garbage, rubbish, or refuse may exceed the weight limitations imposed by any county or city, when the excess weight is not more than 2,000 pounds and is on the rear axle only. [Approved by Governor June 21, 1971 Filed with
Secretary of State June 21, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 20230 of the Government Code is amended to read:

20230. In addition to other records and accounts, the board shall keep such records and accounts as may be necessary to show at any time:

(a) The total accumulated contributions of members.

(b) The total accumulated contributions of retired members and of deceased members, to or on account of whom payments involving life contingencies are paid, less the annuity payments made to such members.

(c) The accumulated contributions of the state and of contracting agencies held for the benefit of members on account of current service.

(d) All other accumulated contributions of the state and of contracting agencies, which shall include the amounts available to meet the obligation of the state and of the contracting agencies, respectively, on account of benefits that have been granted to or on account of retired and deceased employees and on account of prior service of members.

For purposes of this section, "state" includes the state, the university, school districts, county superintendents of schools, and contracting agencies with respect to liability for benefits included in Section 20493 of this part.

SEC. 2. Section 20390 of the Government Code is amended to read:

20390. A person ceases to be a member:

(a) Upon retirement.

(b) If he is paid his normal contributions. For the purposes of this subdivision, deposit in the United States mail of a warrant drawn in favor of a member, addressed to the latest address of the member on file in the office of this system, constitutes payment to the member of the amount for which the warrant is drawn.

SEC. 3. Section 20393 of the Government Code is amended to read:

20393. Any other provision in this part to the contrary notwithstanding, a member who is credited with five or more years of service shall have the right to elect, not later than 90 days after the date upon which notice of said right is mailed by this system to the member's latest address on file in the office of this system, whether to leave such accumulated contributions on deposit in the Retirement Fund under any of the following conditions:

(1) If his state service is discontinued by reason of resignation or discharge.

(2) If his state service is discontinued by reason of layoff or leave of absence deemed by the board to have resulted in permanent discontinuance (and in such case, as of the date of the determination by the board that the discontinuance is permanent).

(3) If a member ceases to be entitled to credit in this system for future service because he has become entitled to credit for such service in another retirement system supported wholly or in part by funds of the United States government, or any state government or political subdivision thereof.

(4) If the disability retirement of a member is followed by cessation of the disability and by cancellation of the disability allowance, but the member does not reenter state service.

A member who is credited with less than five years of service shall have such right to elect if he enters employment as a member of a retirement system established under the County Employees' Retirement Law of 1937 on or after October 1, 1957, and within 90 days of leaving state service.

Failure to make such election shall be deemed an irrevocable election to withdraw his accumulated contributions. An election to allow accumulated contributions to remain in the Retirement Fund may be revoked by the member at any time except while he is employed in state service in a position in which he is not excluded from membership with respect to such service, or while he is in service, entered on or after October 1, 1957, and within 90 days after discontinuing state service, as a member of a retirement system established under the County Employees' Retirement Law of 1937. All contributions accumulated up to the time of revocation may then be withdrawn. A member whose membership continues under this section is subject to the same age and disability requirements as apply to other members for service or for disability retirement. After the qualification of such member for retirement by reason of age, which shall be the lowest age applicable to any membership category in which he has credited service, or disability, he shall be entitled to receive a retirement allowance based upon the amount of his accumulated contributions and service standing to his credit at the time of retirement and on the employer contributions held for him and calculated in

the same manner as for other members, except that the provisions in this part for minimum service and disability retirement allowances do not apply to him, unless he meets such minimum service requirements. If a basic death benefit becomes payable under Article 5 of Chapter 9 of this part because of death before retirement of such a member, the average annual compensation earnable in the year preceding the date of termination of such service rather than in the year preceding death shall be used in computing such benefit under such Article 5 of Chapter 9.

The provisions of this section as it read prior to the operative date of the amendment to this section at the 1971 Regular Session shall continue with respect to a member whose membership continued under this section on such operative date.

SEC. 4. Section 20453.5 of the Government Code is amended to read:

20453.5. Notwithstanding Section 20453, the approximate contribution quoted by the board and the actual contributions for a contracting agency shall be the employer rate fixed under Chapter 6 of this part (beginning at Section 20750) plus the additional amount required under said chapter on account of liability for service to date of contract and for benefits with respect to which it is not subject to Section 20493 of this code, said amount to be determined in accordance with Section 20453.

SEC. 5. Section 20493 of the Government Code is repealed.

SEC. 6. Section 20493 is added to the Government Code, to read:

20493. Any contract heretofore or hereafter entered into shall subject the contracting agency and its employees who are miscellaneous members to all provisions of this part applicable or subsequently becoming applicable to state miscellaneous members including such as provide, on the operative date of this section, for inapplicability to a contracting agency unless and until the agency elects to be subject thereto. This section shall not apply to provisions defining prior service, prescribing entitlement to credit for such service, for continuation of a retirement allowance to certain survivors, or for a survivor allowance under Article 6 (commencing with Section 21380) of Chapter 9 of this part. This section shall not apply with respect to persons retired or members deceased prior to its operative date.

SEC. 7. Section 20497 of the Government Code is repealed.

20601. The normal rate of contribution for a local safety member subject to Section 21252.5 who after the date upon which this section becomes operative enters such membership or enters employment more than one year following termination of previous employment in which he was such a member shall be the rate specified for his age, at his birthday nearest

to the date of such entry, in the rate schedule for the benefit formula applicable to such membership as established by the board in accordance with this chapter (commencing with Section 20600) as it read on the day preceding such operative date, and in effect on that date.

SEC. 9. Section 20601.5 of the Government Code is repealed.

SEC. 10. Section 20601.6 of the Government Code is repealed.

SEC. 11. Section 20601.7 of the Government Code is repealed.

SEC. 12. Section 20603 of the Government Code is amended to read:

20603. The normal rate of contribution for a state miscellaneous member, a school member, or a local miscellaneous member shall be 7 percent of the compensation paid such member for service rendered on and after the operative date of the amendments to this section at the 1971 Regular Session.

The normal rate of contribution as established under this section for a member whose service is included in the federal system, and whose service retirement allowance is reduced under Section 21251.13 because of such inclusion, shall be reduced by one-third as applied to compensation not exceeding four hundred dollars (\$400) per month for service after the date of execution of the modification of the federal-state agreement including such service in the federal system and prior to termination of such agreement with respect to the coverage group to which he belongs.

SEC. 13. Section 20610 of the Government Code is repealed.

SEC. 14. Section 20652 of the Government Code is amended to read:

20652. If the state service or membership herein, of a member is discontinued except by death on account of which a basic, a limited, or a special death benefit is payable or by retirement, or his membership is terminated or he elects to terminate his membership or resign from this system pursuant to this part, he shall, six months after date of discontinuance, termination, or resignation, be paid his accumulated contributions upon his demand, except that if he is credited with less than five years of state service, or is credited with five years or more of state service and has not elected to allow it to remain in the retirement fund, and, in the opinion of the board, is permanently separated from state service by reason of such discontinuance, he shall be paid forthwith all of his accumulated contributions.

SEC. 15. Section 20750 of the Government Code is repealed.

SEC. 16. Section 20750.1 of the Government Code is amended and renumbered to read:

20750. The contribution to the retirement fund of an employer, some or all of whose employees who are school or mis-

Rates of contributions as fixed under this chapter shall be adjusted thereafter from time to time by the board pursuant to actuarial valuation of the liability for benefits on account of the employees of all public employers. Any adjustment of such rate of contribution shall be effective on the July 1 following notice as provided in this section. Such amount shall be determined by the most recent actuarial valuation as interpreted by the actuary.

(b) Second, in an amount equal to the payments of death benefits made from employer contributions during such year for deaths not qualifying for death allowances.

(c) Third, the balance of such contributions, on the liabilities accrued on account of prior service pensions.

(2) He has attained age 50 and is entitled to be credited with 15 or more years of state service.

(3) The board determines that his separation is of an extended and uncertain duration, and not the separation normally experienced by members in positions known at the time of employment to be of limited duration or on a seasonal or intermittent basis.

However, if such member retires before attaining age 55, his prior and current service pensions shall be reduced to that amount which the value of the pensions as deferred to that minimum age will purchase at the actual age of retirement.

This section shall not apply to any contracting agency nor to the employees of any contracting agency unless and until the agency elects to be subject to the provisions of this section by amendment to its contract made in the manner prescribed for approval of contracts, except that an election among the employees is not required, or, in the case of contracts made after the date this section takes effect, by express provision in such contract making the contracting agency subject to the provisions of this section.

SEC. 35. Section 20952.6 of the Government Code is amended to read:

20952.6. A local safety member who is subject to Section 21252.01 shall be retired for service upon his written application to the board if he has attained age 50, and is credited with five years of state service.

Such members who have attained age 67 but not age 68 on September 30, 1973, shall be retired on October 1, 1973, and those who attain age 67 on or after October 1, 1973, shall be retired on the first day of the calendar month next succeeding that in which they attain age 67; provided that:

(a) Any member who is employed in a teaching capacity on a semester or school-year basis may elect to continue in active service until the end of the semester or school year during which he attains compulsory retirement age.

SEC. 41. Section 21022 of the Government Code is amended to read:

21022. Any patrol or local safety member incapacitated for the performance of duty as the result of an industrial disability shall be retired for disability, pursuant to this chapter, regardless of age or amount of service.

SEC. 42. Section 21251.13 of the Government Code is amended to read:

21251.13. The combined current and prior service pensions for a local miscellaneous member, a school member, and for a state miscellaneous member, is a pension derived from the contributions of the employer sufficient, when added to the service retirement annuity that is derived from the accumulated normal contributions of the member at the date of his retirement, to equal the fraction of one-fiftieth of his final compensation

set forth opposite his age at retirement, taken to the preceding completed quarter-year, in the following table in the column applicable to his sex, multiplied by the number of years of current and prior service except service in a category of membership other than that of state miscellaneous member or local miscellaneous member or school member, with which he is entitled to be credited at retirement:

The fractions specified in the above table shall be reduced by one-third as applied to that part of final compensation which does not exceed four hundred dollars (\$400) per month for all service of a member any of whose service has been included in the federal system or for service after the effective date of his coverage under the federal system in the case of a member who on the day preceding the operative date of amendments to this section at the 1971 Regular Session was

subject to the reduction provided in Section 21251.14 with respect only to service from such effective date. This reduction shall not apply to a member who, on the day preceding such operative date, was subject to Section 21251.1 but not Section 21251.14 with respect to service covered under the federal system, or to a member employed by a contracting agency which enters into a contract after such operative date and elects not to be subject to this paragraph or with respect to service rendered after the termination of the federal-state agreement with respect to the coverage group to which he belongs.

This section shall apply only to members whose retirement is effective on or after the operative date of amendments to this section at the 1971 Regular Session and as to such members and as of such date shall supersede Sections 21251.1, 21251.14, and 21252.001, whichever was then applicable to such members.

The improved retirement allowance provided by this section is granted subject to future reduction prior to a member's retirement, by offset of federal system benefits or otherwise, as the Legislature may from time to time deem appropriate because of changes in such federal system benefits.

SEC. 43. Section 21251.35 of the Government Code is repealed.

SEC. 44. Section 21291 of the Government Code is amended to read:

21291. Upon retirement for disability, a local miscellaneous member who has attained the minimum age at which he may retire for service without an actuarial discount because of age, shall receive his service retirement allowance.

SEC. 45. Section 21294 of the Government Code is amended to read:

21294. Upon retirement of a local safety member for industrial disability he shall receive a disability retirement allowance of 50 percent of his final compensation plus an annuity purchased with his accumulated additional contributions, if any, or, if qualified for service retirement, he shall receive his service retirement allowance if such allowance, after deducting such annuity, is greater.

SEC. 46. Section 21298 of the Government Code is amended to read:

21298. The disability retirement allowance of a local miscellaneous member retired for disability or a local safety member retired for nonindustrial disability and the requirements for obtaining it are the same as those for state members so retired if the employing contracting agency elects, by express provision in its contracts, or by amendment to its contract made as provided in Section 20461.5, to subject itself and its employees to the provisions of this part reducing the ages at which members may retire and increasing the benefits members will receive.

If, however, the employing contracting agency does not so elect, then as to the local miscellaneous members employed by

that agency retired for disability and the local safety members employed by that agency retired for nonindustrial disability, the requirements for obtaining the disability retirement allowance are the same as those for state members so retired, but the disability retirement pension shall be such an amount as with that portion of his annuity provided by his accumulated normal contributions, will make his disability retirement allowance equal:

(a) Ninety percent of one-seventieth of his final compensation multiplied by the number of years of service credited to him; or

(b) If the disability retirement allowance computed under subdivision (a) does not exceed one-fourth of his final compensation, 90 percent of one-seventieth of his final compensation multiplied by the number of years of service which would be creditable to him were his service to continue until attainment by him of age 65, but in such case the retirement allowance shall not exceed one-fourth of such final compensation. This subdivision is not applicable to members who are not entitled, at the time of retirement, to be credited with at least 10 years of state service.

In no event shall the disability retirement pension be more than sufficient to make the disability retirement allowance under either subdivision (a) or (b), exclusive of any annuity provided by accumulated additional contributions, exceed the service retirement allowance, exclusive of any annuity purchased by accumulated additional contributions, receivable by the member were he to continue in service and retire at age 65.

The disability retirement pension shall be derived from the contributions of the employer.

SEC. 47. Section 21300.5 of the Government Code is repealed.

SEC. 48. This act shall become operative on July 1, 1971, or if later, the first of the month following that in which the actuarial interest rate under the Public Employees' Retirement System is set at $5\frac{3}{4}$ percent.

SEC. 49. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The morale and welfare of many state and contracting agency members of the Public Employees' Retirement System are contingent upon the ability of those planning to retire in the near future to do so without delay. Otherwise, many will be obliged to delay their retirement until December 1971, which would be disadvantageous to them, their employers and the younger employees who would replace the retirees. Further, giving this act immediate effect would alleviate problems caused by possible layoffs in state service at the end of this fiscal year.

CHAPTER 171

An act relating to financial assistance to public schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 21, 1971. Filed with Secretary of State June 21, 1971.]

The people of the State of California do enact as follows:

SECTION 1. The uncertainty of the appropriation to the Department of Health, Education, and Welfare and attendant funding delays have resulted in a financial crisis for many school districts in the state which prepared their 1970-1971 fiscal year budgets in contemplation of the timely receipt of federal impact funds under Public Law 874 of the 81st Congress. The Legislature, by this act, intends to provide a procedure whereby these affected school districts can receive assistance in meeting their financial obligations for the remaining portion of the 1970-1971 fiscal year.

SEC. 2. During the 1970-1971 fiscal year only, the board of supervisors of each county or city and county may authorize the treasurer of the county or city and county to make a temporary transfer from the funds in his custody not immediately needed to pay claims against them to any school district in the county or city and county in which 5 percent or more of the revenues for its adopted total school budget for the 1970-1971 fiscal year were based on 1970-1971 budgeted entitlements under Public Law 874, the amount requested by the school district, subject to the provisions of Section 3 of this act. The county or city and county may establish a charge to pay all costs of any such transfer of funds. The costs may include, but are not limited to, all costs to the county or city and county of securing the funds to make such temporary transfers.

SEC. 3. The temporary transfer of funds made to eligible school districts, as described in Section 2 of this act, shall not exceed an amount equal to 50 percent of the school district's 1969-1970 fiscal year entitlement of Public Law 874 funds.

SEC. 4. School districts may repay such temporary transfer of funds without any interest to the county or city and county on or before May 1, 1972. Upon receipt of such 1970-1971 Public Law 874 funds, the school district shall immediately repay to the county or city and county the amount of the temporary transfer of funds made pursuant to Section 2 of this act.

If such temporary transfer of funds are not repaid by May 1, 1972, the county treasurer shall withhold from the May and June apportionments to such school districts an amount equal to the temporary transfer of funds and charges made to the school district under Section 2 of this act.

SEC. 5. The provisions of this act shall be effective until June 30, 1972, and shall have no force or effect thereafter.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Due to the uncertainty of the appropriation measure for the Department of Health, Education, and Welfare, many school districts in this state which had adopted school budgets for the 1970-1971 fiscal year based upon expected availability of Public Law 874 of the 81st Congress entitlements are now faced with a serious financial crisis. In order to place these school districts in a cash position to meet their financial obligations for the remainder of the 1970-1971 fiscal year, it is necessary that this act take immediate effect.

CHAPTER 172

An act to amend Section 10203.4 of the Insurance Code, relating to insurance.

[Approved by Governor June 21, 1971 Filed with
Secretary of State June 21, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 10203.4 of the Insurance Code is amended to read:

10203.4. Insurance under any group life insurance policy issued pursuant to Sections 10202, 10202.7, 10202.8, 10203, 10203.1, and 10203.7 may, if 75 percent of the insured employees elect, be extended to insure the dependents, or any class or classes thereof, of each insured employee who so elects, in amounts in accordance with some plan which precludes individual selection and which shall not be in excess of 50 percent of the insurance on the life of such insured employee or one thousand five hundred dollars (\$1,500), whichever is less; provided, however, in the case of a dependent whose age at death is under six months, the amount shall not be in excess of one hundred dollars (\$100).

A dependent shall be the spouse or a child under 21 years of age of the insured employee. The premiums for the insurance on such dependents may be paid by the employer or by the employee or by the employer and the employee jointly.

CHAPTER 173

An act to amend Section 30730 of, to repeal Sections 30733 and 30734 of, and to add Sections 30733 and 30734 to, the Water Code, relating to county water districts.

[Approved by Governor June 21, 1971 Filed with
Secretary of State June 21, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 30730 of the Water Code is amended to read:

30730. The board may, if it deems it to be for the best interest of the district, by resolution submit to the voters at any district election the question whether the directors shall be elected by divisions or from divisions.

The term "by divisions," as used in this article, means election of the directors by voters of the division alone. The term "from divisions," as used in this article, means election of directors who are residents of the division from which they are elected by the voters of the entire district.

The board of any district which is electing directors by divisions on the effective date of the amendment of this section at the 1971 Regular Session of the Legislature shall determine by ordinance, subject to referendum as provided in Section 30831, whether directors shall be elected by divisions or from divisions. The board shall thereupon comply with the requirements of Section 30733 or Section 30734, whichever is applicable, in the same manner as if the question of whether the directors shall be elected by divisions or from divisions had been submitted to and approved by the voters of the district.

SEC. 2 Section 30733 of the Water Code is repealed.

SEC. 3. Section 30733 is added to the Water Code, to read:

30733 If the question submitted to the voters of the district pursuant to this article provides for the election of directors by divisions and is approved by a majority of the voters voting on the question, then:

(a) The board shall promptly by resolution divide the district into five divisions as nearly equal in population as practicable and assign a number to each division.

(b) The board shall, not less than 85 days prior to the general district election next after the election approving the election of directors by division, by resolution designate which divisions shall elect directors at that election to succeed the directors whose terms then expire. The remaining divisions shall elect directors at the general district election next following that election.

(c) The board may, at any time after initially dividing the district into divisions but not less than 85 days before a general district election, by resolution change the boundaries of the divisions to keep them as nearly equal in population as practicable.

SEC. 4. Section 30734 of the Water Code is repealed.

SEC. 5. Section 30734 is added to the Water Code, to read:
30734. If the question submitted to the voters of the district pursuant to this article provides for the election of directors from divisions and is approved by a majority of the voters voting on the question, then:

(a) The board shall promptly by resolution divide the district into five divisions as nearly equal in acreage as practicable and assign a number to each division.

(b) The board shall, not less than 85 days prior to the general district election next after the election approving the election of directors from divisions, by resolution designate the division from which directors shall be elected at that election to succeed directors whose terms then expire. Directors shall be elected from the remaining divisions at the general district election next following that election.

(c) The board may, at any time after initially dividing the district into divisions but not less than 85 days before a general district election, by resolution change the boundaries of the divisions to keep them as nearly as equal in size as practicable.

CHAPTER 174

An act to add Article 12 (commencing with Section 13021) to Chapter 6 of Division 6 of the Public Utilities Code, relating to municipal utility districts.

[Approved by Governor June 21, 1971. Filed with
Secretary of State June 21, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Article 12 (commencing with Section 13021) is added to Chapter 6 of Division 6 of the Public Utilities Code, to read:

Article 12. Irrigation Standby or Immediate Availability Charge

13021. This article shall apply only to the ownership, operation, control, or use by a district of a system for the distribution of irrigation water and shall not affect, but shall be in addition to, the right of the board of directors of the district to fix rates and charges, and to supervise and regulate every utility owned and operated by the district pursuant to this division.

13022. (a) A district which acquires, constructs, owns, operates, controls, or uses works for supplying its inhabitants and lands within the district with irrigation water, may fix by resolution on or before the first day of July of each year a water standby or immediate availability charge on all land within its boundaries to which water is made available by the

district for irrigation purposes, whether the water is actually used or not. Such charge shall not apply to lands permanently dedicated exclusively to transportation of persons or property.

(b) The board of directors of a district which fixes such a standby charge may establish schedules varying the charges in different areas within a district. The board of directors may not, however, fix an annual standby charge at a rate in excess of ten dollars (\$10) per acre or portion thereof.

(c) The resolution fixing a standby charge shall be adopted by the board of directors only after the submission of a report and recommendation by the general manager, notice and a hearing in the manner prescribed by Section 14401.

13023. (a) Any district levying a standby charge, which has elected under Section 12897 to use county and state assessment and tax collection procedures, shall, on or before the first day of August of each year, furnish in writing to the county auditor of each affected county a description of each parcel of land within the district upon which a standby charge has been levied for the current fiscal year, together with the amount of standby charge fixed by the district on each parcel of land.

(b) All county officers charged with the duty of collecting taxes shall collect district standby charges with the regular tax payments to the county. Such charges shall be collected in the same form and manner as county taxes are collected and shall be paid to the district. Charges fixed by the district shall be a lien on all the property benefited thereby. Liens for such charges shall be of the same force and effect as other liens for taxes, and their collection may be enforced by the same means as provided for the enforcement of liens for state and county taxes.

13024. Any funds derived from the standby charges levied pursuant to this article may be used by the district for all purposes which a district is authorized to expend funds insofar as such purposes relate to the acquisition of a water supply or the acquisition, construction, operation, control, or use of works for supplying land within the district with irrigation water.

CHAPTER 175

An act to amend Section 13746 of the Education Code, relating to classified employees.

The people of the State of California do enact as follows:

SECTION 1. Section 13746 of the Education Code is amended to read:

13746. Classified employees shall be subject to layoff for lack of work or lack of funds. Whenever a classified employee is laid off, the order of layoff within the class shall be determined by length of service. The employee who has been employed the shortest time in the class, plus higher classes, shall be laid off first. Reemployment shall be in the reverse order of layoff.

For purposes of this section, for service commencing or continuing after July 1, 1971, "length of service" means all hours in paid status, whether during the school year, a holiday, recess, or during any period that a school is in session or closed, but does not include any hours compensated solely on an overtime basis as provided for in Section 13590.2.

Nothing contained in this section shall preclude the granting of "length of service" credit for time spent on military leave of absence, or unpaid illness leave, or unpaid industrial accident leave.

CHAPTER 176

An act to amend Sections 56003.1, 56028, 56039, and 56153 of the Government Code, relating to district reorganization.

[Approved by Governor June 21, 1971. Filed with
Secretary of State June 21, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 56003.1 of the Government Code is amended to read:

56003.1. Except as provided in this section, this division shall have no application to the incorporation of cities, the annexation or detachment of territory to or from cities, minor changes of city boundaries or the consolidation or disincorporation of cities or to the formation of districts (except when any such formation is a part of a reorganization) or to proceedings for any of the foregoing. An annexation to a city or a detachment from a city which is proposed as a part of a plan of reorganization may be conducted in accordance with the procedures for reorganization set forth in this division unless the affected city objects thereto. The incorporation of a new city, which is proposed as a part of a plan of reorganization, may also be conducted in accordance with the procedures for reorganization set forth in this division unless the board of supervisors objects thereto. In any commission order giving approval to any of the matters provided for in subdivision (a) of Section 56250, the commission may make any such approval conditional upon:

(a) The initiation, conduct or completion of proceedings for the incorporation of any city, the annexation or detachment of

territory to or from any city, the consolidation of any cities or the disincorporation of any city or for the formation of any district; and

(b) The approval or disapproval, with or without election, as may be provided by law, of any resolution or ordinance ordering any such incorporation, annexation, detachment, consolidation, disincorporation or formation of a district.

If a commission shall so condition its approval, the commission may order that any further action pursuant to this division shall be continued and held in abeyance for such period of time as the commission may designate, not to exceed six months from the date of such conditional approval.

Any such commission order may also provide that any election called upon the question of confirming a change of organization or a reorganization pursuant to the provisions of this division shall be called, held and conducted before, upon the same date as, or after the date of any election to be called, held and conducted upon the incorporation of any city, the annexation or detachment of territory to or from any city, the consolidation of any cities or the disincorporation of any city or upon the formation of any district.

SEC. 1.2. Section 56028 of the Government Code is amended to read:

56028. "Change of organization" means an annexation or detachment of territory to or from a district, a minor boundary change, the dissolution or consolidation of any district or districts, a merger or the establishment of a subsidiary district, and, in the case of a reorganization, also includes district formations, annexations to and detachments from cities when the affected cities do not object to such annexations or detachments, and the incorporation of new cities when the board of supervisors does not object to such incorporations.

SEC. 1.5. Section 56039 of the Government Code is amended to read:

56039. "District" means an agency of the state, formed pursuant to general law or special act, for the local performance of governmental or proprietary functions within limited boundaries. "District" shall include a county service area but shall exclude the following:

- (a) The state;
- (b) A county;
- (c) A city, except for the provisions of this division relating to a merger, the establishment of a subsidiary district, or a reorganization which includes an annexation to or a detachment from a city when the affected city does not object to such annexation or detachment, or the incorporation of a new city when the board of supervisors does not object to such incorporation.
- (d) A school district;
- (e) A unified or union high school library district;
- (f) A special assessment district;
- (g) An improvement district;

SEC. 2. Section 56153 of the Government Code is amended to read:

56153. If the certificate of the executive officer shows the petition has not been signed by the requisite number of signers, he shall certify the petition to be insufficient and shall give mailed notice thereof to the chief petitioners, if any. Within 10 days after the date of a certificate of insufficiency, a supplemental petition bearing additional signatures may be filed with the executive officer.

CHAPTER 177

An act to amend Section 15517 of the Education Code, relating to school district taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 21, 1971. Filed with Secretary of State June 21, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 15517 of the Education Code is amended to read:

15517. The governing board of a school district may undertake corrective measures relating to fire and panic safety recommended to the governing board pursuant to Section 13143 of the Health and Safety Code by the State Fire Marshal, including the installation of protective and warning devices and intrusion alarms, or for any purpose for which the fire marshal certifies is necessary for fire and panic safety, in connection with any school building under the jurisdiction of the governing board without compliance with the procedures otherwise prescribed by this article

The maximum rate of tax of any school district for any school year is hereby increased by such amount as will pro-

duce the amount necessary to effect the corrective measures recommended by the State Fire Marshal, as provided in the preceding paragraph, as shown by the budget of the district for such school year, as finally adopted by the governing board of the district, less any unencumbered balances remaining at the end of the preceding school year derived from revenue from the increase in the rate of tax provided by this section.

The increase provided by this section shall not exceed ten cents (\$0.10) for each one hundred dollars (\$100) of the assessed valuation of property within the district in each fiscal year.

If at the end of any school year, there remains an unencumbered balance derived from the revenue of the increase in tax rate hereby provided, such balance shall be used exclusively in the following school year for expenditures of the school district during that school year required for purposes of this section.

This section shall remain in effect until July 1, 1973.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the urgently needed authority for an increase in maximum school district tax rates afforded by Section 15517 of the Education Code, relating to fire and panic safety corrective measures and the installation of protective and warning devices and intrusion alarms, may be continued beyond July 1, 1971, without interruption, and in order that the effective period of Section 15517 of the Education Code may be extended before the presently prescribed date of expiration thereof, it is essential that this act take effect immediately.

CHAPTER 178

An act to amend Section 11101 of, and to add Section 11804.5 to, the Streets and Highways Code, relating to pedestrian malls, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 24, 1971. Filed with Secretary of State June 25, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 11101 of the Streets and Highways Code is amended to read:

11101. The legislative body of a city shall have the power:

- (a) To establish pedestrian malls.
- (b) To prohibit, in whole or in part, vehicular traffic on a pedestrian mall.

(c) To pay, from general funds of the city or other available moneys or from the proceeds of assessments levied on lands benefited by the establishment of a pedestrian mall, the damages, if any, allowed or awarded to any property owner by reason of the establishment of a pedestrian mall. No money available for expenditure within the city from the proceeds of any tax, license or fee imposed by any public agency upon the ownership or operation of vehicles or the fuel used therein shall be used to pay such damages, except as may be permitted by Section 11005 of the Revenue and Taxation Code.

(d) To construct on city streets which have been or will be established as a pedestrian mall improvements of any kind or nature necessary or convenient to the operation of such city streets as a pedestrian mall, including but not limited to, paving, sidewalks, curbs, gutters, sewers, drainage works, street lighting facilities, fire protection facilities, flood protection facilities, water distribution facilities, vehicular parking areas, retaining walls, landscaping, tree planting, statuary, fountains, decorative structures, benches, restrooms, child care facilities, display facilities, information booths, public assembly facilities, any improvements necessary or convenient for a covered air-conditioned mall, and other structures, works or improvements necessary or convenient to serve members of the public using such pedestrian mall, including the reconstruction or relocation of existing city-owned works, improvements or facilities on such city streets. The foregoing, or any portions thereof, are sometimes in this part referred to as "improvements."

(e) To pay, from general funds of the city or other available moneys or from the proceeds of assessments levied on property benefited by any such improvements, the whole or any portion of the cost of such improvements. No money available for expenditure within the city from the proceeds of any tax, license or fee imposed by any public agency upon the ownership or operation of vehicles or the fuel used therein shall be used to pay such cost or expense, except as may be permitted by Section 11005 of the Revenue and Taxation Code.

(f) To do any and all other acts or things necessary or convenient for the accomplishment of the purposes of this part.

SEC. 2. Section 11804.5 is added to the Streets and Highways Code, to read:

11804.5. Notwithstanding the provisions of Section 11804, the maximum rate which may be assessed by the legislative body of the City of Redding for the Redding Midtown Project No. 1, R-120 only, is two dollars (\$2) on each one hundred dollars (\$100) of assessed value.

Assessments for such project shall only be levied on property located within the project.

SEC. 3. The provisions of this act are necessary because the Redding Midtown Pedestrian Mall Project No. 1, R-120 is

facing construction, financing, and other problems not common to other pedestrian mall projects. It is therefore hereby declared that a general law cannot be made applicable and that the enactment of Section 11804.5 of the Streets and Highways Code as a special law is necessary for the solution of the problems facing the Redding Midtown Pedestrian Mall Project No. 1, R-120.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Redding Midtown Project No. 1, R-120 is presently under construction and in order to secure the businesses necessary to insure that the project will be financially successful it is imperative that a covered air-conditioned mall be constructed which will require changes in the provisions of the Pedestrian Mall Law of 1960 to specifically include improvements necessary or convenient for a covered air-conditioned mall and to authorize an increase in the maximum rate of assessment which will be necessary to pay for the cost of such a mall in Redding. Because the project is presently under construction, it is necessary that these required changes in the law go into immediate effect.

An act to amend Section 1858 of the Civil Code, relating to deposits, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 24, 1971. Filed with
Secretary of State June 25, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 1858 of the Civil Code is amended to read:

1858. As used in this article:

(a) "Customer" means a natural person who deals with a depository.

(b) "Depository" means a person who in the ordinary course of business regularly receives property from customers for the purpose of repair or alteration.

(c) "Property" means personal property used for or intended for personal, family, or household purposes, but does not include any motor vehicle within the meaning of Section 415 of the Vehicle Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are :

The application of Section 1858 of the Civil Code to deposits of motor vehicles for repair, alteration or sale has created an impossible situation with respect to various automobile deposit practices. Thus, in order to remedy this situation at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 181

An act to amend Sections 9950 and 9951 of the Vehicle Code, relating to vehicle sales, and declaring the urgency thereof, to take immediate effect.

[Approved by Governor June 24, 1971. Filed with
Secretary of State June 25, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 9950 of the Vehicle Code is amended to read :

9950. (a) Any advertisement, brochure, or manual relating to any gasoline-powered motor vehicle of a type subject to registration with a manufacturer's gross vehicle weight rating of under 6,000 pounds of 1972 or 1973 year model which contains any reference to the horsepower of the engine of such vehicle shall state only the Society of Automotive Engineers horsepower rating of such engine, as installed (net), as determined by S.A.E. Standard J245.

(b) Any advertisement, brochure, or manual relating to any gasoline-powered motor vehicle of a type subject to registration with a manufacturer's gross vehicle weight rating of under 6,000 pounds of 1974 or later year model which contains any reference to the horsepower of the engine of such vehicle shall state the actual horsepower rating of such engine as determined by an actual dynamometer test which measured the power delivered at the driving wheels of such vehicle.

SEC. 2. Section 9951 of the Vehicle Code is amended to read :

9951. Any advertisement, brochure, or manual relating to any gasoline-powered motor vehicle of a type subject to registration with a manufacturer's gross vehicle weight rating of under 6,000 pounds of 1974 or later year model which states the S.A.E. horsepower rating of the vehicle shall display immediately above or below, and in type, print, or letter of an equal size as, the S.A.E. horsepower rating, the actual horsepower

rating of the vehicle as determined pursuant to subdivision (b) of Section 9950.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

It was not the intent of the Legislature, in enacting Section 9950 of the Vehicle Code, to include motor vehicles of 6,000 pounds or over within the provisions of Section 9950, which require certain specified information to be included on advertisements, brochures, and manuals with respect to the horsepower ratings of 1972 or later year model gasoline-powered motor vehicles. The provisions of this act will eliminate this problem and at the same time revise the requirements regarding such advertisements, brochures, and manuals. Since advertisements, brochures, and manuals are now being prepared for 1972 year model gasoline-powered motor vehicles, it is imperative that this act take effect immediately to avoid an unintended, undue burden on such manufacturers.

CHAPTER 182

Nothing herein contained shall be construed as giving a district formed under this law the power to install, own or operate such facilities as are described in this subdivision.
- (m) To contract for ambulance service to serve the residents of the district as convenience requires, if a majority of the voters in the district, voting in an election thereon, approve.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for cities and community services districts to provide ambulance service as soon as possible and to prevent further loss of life and injury, this act must take effect immediately.

23225. If any alteration of county boundaries pursuant to this article results in territory of a district being transferred from one county to another, the boards of supervisors of the two counties shall determine whether it is in the best interests of the people in the territory for the territory to remain within the district or be withdrawn. If both boards of supervisors determine that the territory should be withdrawn from the

district, the withdrawal shall be effective upon the filing of a copy of the ordinance so holding by the board of supervisors of each county with the Secretary of State.

Except as provided in Article 10 (commencing with Section 1900) of Chapter 1 of Division 5 of the Education Code, if there is district indebtedness outstanding on the effective date of withdrawal, the territory withdrawn shall nevertheless remain liable for assessment and payment of the tax for its pro rata share thereof until the extinguishment of such indebtedness.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Several counties are making long-awaited adjustments in county boundaries to correct existing problems of law enforcement, assessment practices, building code enforcement, planning, road management and legal residence and must conclude during the current year to insure fair and equitable transfer of the total value of all property transferred and in order that relief may be afforded at the earliest possible time.

Such urgency measure shall require a four-fifths vote of the legislative body for adoption. Such interim ordinance shall be of no further force and effect four months from the date of adoption thereof; provided, however, that after notice pursuant to Section 65856 and public hearing, the legislative body may extend such interim ordinance for eight months and subsequently extend such interim ordinance for one year. Any such extension shall also require a four-fifths vote for adoption. Not more than the two such extensions may be adopted. Alternatively, an interim ordinance may be adopted by a four-fifths vote following notice pursuant to Section 65856 and public hearing, in which case it shall be of no further force and effect one year from the date of adoption thereof; provided, however, that after notice pursuant to Section 65856 and public hearing, the legislative body may by a four-fifths vote extend such interim ordinance for one year. When any such interim ordinance has been adopted, every subsequent ordinance adopted pursuant to this section, covering the whole or a part of the same property, shall automatically terminate and be of no further force or effect upon the termination of the first such ordinance or any extension thereof as herein provided.

CHAPTER 188

10500. Any application filed pursuant to this part shall be made and filed pursuant to Part 2 (commencing with Section 1200) of Division 2 of this code and the rules and regulations of the State Water Resources Control Board relating to the appropriation of water insofar as applicable thereto.

Applications filed pursuant to this part shall have priority, as of the date of filing, over any application made and filed subsequent thereto. Until the 61st day after adjournment of the 1975 Regular Session, or such later date as may be prescribed by further legislative enactment, the statutory requirements of said Part 2 (commencing at Section 1200) of Division 2 relating to diligence shall not apply to applications filed under this part, except as otherwise provided in Section 10504.

CHAPTER 189

An act to repeal Section 7.1 of the Yuba County Water Agency Act (Chapter 788 of the Statutes of 1959), relating to the Yuba County Water Agency.

[Approved by Governor June 24, 1971. Filed with
Secretary of State June 25, 1971.]

SECTION 1. Section 7.1 of the Yuba County Water Agency Act (Chapter 788 of the Statutes of 1959) is repealed.

CHAPTER 190

An act to establish procedures for the assessment of open-space lands, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 24, 1971. Filed with
Secretary of State June 25, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of law to the contrary, the assessment procedures specified under Sections 423 and 423.5 of the Revenue and Taxation Code shall be effective with respect to land subject to taxation for the 1971-1972 fiscal year, if such land is subject to an instrument

meeting the requirements of Section 422 of the Revenue and Taxation Code and such instrument is signed and recorded on or before May 15, 1971; provided, that prior to 5 o'clock p.m. on March 10, 1971, either the land which is subject to a contract was included in a proposal to establish an agricultural preserve submitted to the planning commission or planning department or the matter of accepting an open-space easement or scenic restriction had been referred to such commission or department.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some counties and cities have inadvertently failed to file the instruments reflecting the true status of property as being eligible for the assessment authorized by the Constitution for open-space lands, and in some cases negotiations to sign such instruments were not completed by the lien date in 1971. As a result, some individuals now are confronted with obligations which, if met, will substantially impair their ability to function effectively. This act will remedy the situation by, in effect, removing the procedural bar to the proper valuation of such property for tax purposes. In so doing, the public policy of the state as expressed in the Constitution will be entirely fulfilled and the state as a whole will benefit.

CHAPTER 191

An act to amend Sections 27257 and 27263 of, and to repeal Sections 27258, 27259, 27260, 27261, and 27262 of, the Government Code, relating to recorder's indices.

[Approved by Governor June 24, 1971. Filed with Secretary of State June 25, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 27257 of the Government Code is amended to read:

27257. Instead of those indices indicated in this division, the recorder may utilize either of the following systems of indexing:

(a) The recorder may keep two indices, labeled respectively: "General index of grantors" (names of grantors, defendants, and first parties, who would otherwise be indexed in any of the other indices specified in this article) and "General index of grantees" (names of grantees, plaintiffs, and second parties, who would otherwise be indexed in any of the other indices specified in this article). Each page of the general index of grantors shall be divided into seven columns, labeled respec-

tively: "Date filed," "Grantors and defendants," "Grantees and plaintiffs," "Title," "Document number," "Book," and "Page." Each page of the general index of grantees shall be divided into seven columns, labeled respectively: "Date filed," "Grantees and plaintiffs," "Grantors and defendants," "Title," "Document number," "Book," and "Page"; or

(b) The recorder may combine the general index of grantors and the general index of grantees into a single index which shall alphabetically combine the grantors and grantees as defined in subdivision (a). Each page of the "General grantor-grantee index" shall be divided into seven columns, labeled respectively: "Date filed," "Grantors-grantees," "Grantees-grantors," "Title," "Document number," "Book," and "Page." Where such a combined index is used, the names of the grantors shall be distinguished from the names of the grantees, as respectively defined in subdivision (a), by an easily recognizable mark or symbol.

Indexing as enumerated in subdivisions (a) and (b) above may be in lieu of indexing in any of the other indices, and shall impart notice in like manner and effect as the indexing would otherwise impart in the other indices provided for in this division. If the recorder keeps any other index, he shall not be required to index those names in the general index as enumerated in subdivisions (a) and (b) above. Nothing in this section shall prevent the recorder from indexing any names which also appear in any other of his indices.

Where the method of subdivision (a) is utilized, and in those counties where the recorder alphabetizes grantors' and grantees' names by mechanical methods, fewer columnar headings may be used in the two indices, if adequate index reference to the location of each document in the permanent file, book, or film record is provided.

The alphabetical subdivisions in each of the general indices shall be so arranged, as nearly as possible, that the entries to be made in the indices will be equally apportioned. The alphabetical subdivisions shall be sufficient in number to facilitate reference.

The recorder may keep in the same volume any two or more of the indices enumerated in this article, and the several indices shall be kept distinct from each other and the volume distinctly marked on the outside so as to show all the indices kept in it, provided that nothing in this section shall prohibit the recorder from combining the general indices in one volume as enumerated in subdivision (b). The names of the parties in the first column in the several indices shall be arranged in alphabetical order.

SEC. 2. Section 27258 of the Government Code is repealed.

SEC. 3. Section 27259 of the Government Code is repealed.

SEC. 4. Section 27260 of the Government Code is repealed.

SEC. 5. Section 27261 of the Government Code is repealed.

SEC. 6. Section 27262 of the Government Code is repealed.

SEC. 7. Section 27263 of the Government Code is amended to read:

27263. When a conveyance is executed by a sheriff, marshal, or constable the name of the sheriff, marshal, or constable and the party charged in the execution shall both be inserted in the index. When an instrument is recorded to which an executor, administrator, or trustee is a party, the name of the executor, administrator, or trustee and the name of the testator, or intestate, or party for whom the trust is held, shall be inserted in the index. The recorder need not index the name of the trustee in a deed of trust or in a partial or full deed of reconveyance. A trustee's deed given upon exercise of the power of sale under any deed of trust shall be indexed under the names of the original trustor and the grantee named therein.

(a) Notify the county responsible for payment within 15 days of commencement of treatment of the name and address of the patient, the date of commencement of treatment, the type of treatment and the projected length of treatment; and

CHAPTER 206

An act to amend Section 35541 of, and to add Section 35541.7 to, the Health and Safety Code, relating to housing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 24, 1971. Filed with Secretary of State June 25, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 35541 of the Health and Safety Code is amended to read:

35541. Except as otherwise provided in Sections 35541.5, 35541.6, and 35541.7, dwelling structures in any such temporary housing project shall not be disposed of for use as housing, but such dwelling structures shall be demolished and shall be demolished not later than one year after the 61st day after final adjournment of the 1971 Regular Session of the Legislature.

SEC. 2. Section 35541.7 is added to the Health and Safety Code, to read:

35541.7. The County of San Mateo need not demolish the temporary housing project located in its jurisdiction commonly known as the "Midway Village" until the 91st day after final adjournment of the 1974 Regular Session of the Legislature.

The Legislature finds and declares that Midway Village, located in the County of San Mateo has been rehabilitated and the dwellings are reasonably safe and sanitary places in which to live.

The Legislature further finds and declares that the provisions of this section are intended to aid in relieving a present critical shortage of low-rental housing in the County of San Mateo for members of low-income military families, and any current removal of Midway Village would place an extreme hardship on these people due to the resultant relocation from these temporary housing projects.

This section shall not be construed to relieve any governmental agency of any existing duty under present housing programs.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety, within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There is in the County of San Mateo housing that is urgently needed but which will be required to be demolished. Such housing has been rehabilitated and the dwellings are reasonably safe and sanitary places in which to live. This act would postpone the date by which such housing is required to be demolished, and consequently would permit the continued use of this much-needed housing and alleviate an extreme hardship on those people currently using such housing due to the resultant relocation from these temporary housing projects. It is, therefore, imperative that this act take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 6 of the Los Angeles County Flood Control Act (Chapter 755 of the Statutes of 1915) is amended to read:

Sec. 6. After the adoption of the report by said board of supervisors, as above provided, said board shall without delay

call a special election and submit to the qualified electors of said district the proposition of incurring a bonded debt in the amount and for the purposes stated in said report.

Said board of supervisors shall call such special election by ordinance, and shall recite therein the objects and purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to give a brief general description of such objects and purposes, and refer to the report adopted by said board of supervisors, and on file for particulars; and said ordinance shall also state the estimated cost of the proposed work and improvements, the amount of the principal of the indebtedness to be incurred therefor, and what part of such indebtedness shall be paid each and every year, and which shall not be less than one-fortieth of the whole amount of such indebtedness, and the rate of interest to be paid on such indebtedness, and shall fix the date on which such special election shall be held, the manner of holding the same, and the manner of voting for or against incurring such indebtedness. The rate of interest to be paid on such indebtedness shall not exceed 7 per centum per annum.

For the purposes of said election, said board of supervisors shall in said ordinance establish election precincts within the boundaries of the said district, and may form election precincts by consolidating the precincts established for general election purposes in said district to a number not exceeding six for each such bond election precinct, and shall designate a polling place and shall appoint election boards, the composition of which shall correspond with the boards appointed in general elections in Los Angeles County. Any election called pursuant to this section may be consolidated with any other election, pursuant to the provisions of Chapter 4, of Part 2, of Division 11 of the Elections Code if the ordinance calling the election authorizes the consolidation. If the election called pursuant to this section is consolidated with any election, the notice thereof need not set forth the precincts, place, or places of holding the election, or the names of the officers appointed to conduct the election, but may instead state that the precincts, place, or places of holding the election, and officers appointed to conduct the election shall be the same as those provided for such other election within the territory affected by the consolidation and set forth in the ordinance, order, resolution, or notice calling, providing for, or giving notice of such other election and except where consolidation is with a state primary or a state general election, reference shall be made to such ordinance, resolution or notice, by number and title, or date of adoption, or by date or proposed date of publication and the name of the newspaper in which the publication has been or will be made, or by any other definite description.

In all particulars not recited in such ordinance, such election shall be held as nearly as practicable in conformity with the general election laws of the state.

Said board of supervisors shall cause so much of said report as covers a general description of the work to be done, and the map showing the location of the proposed work and improvements, to be printed at least 30 days before the date fixed for such election, and a copy thereof furnished to every qualified elector of said district who shall apply for the same.

Said ordinance calling such election shall, prior to the date set for such election, be published pursuant to Section 6062 of the Government Code in a newspaper of general circulation, printed and published in said district, and designated by said board of supervisors for said purpose. No other notice of such election need be given.

Any defect or irregularity in the proceedings prior to the calling of such election shall not affect the validity of the bonds.

If at such election a majority of the votes cast are in favor of incurring such bonded indebtedness, then bonds of said district for the amount stated in such proceedings shall be issued and sold as in this act provided.

SEC. 2. Section 7 of the Los Angeles County Flood Control Act (Chapter 755 of the Statutes of 1915) is amended to read:

Sec. 7. The said board of supervisors shall, subject to the provisions of this act, prescribe by ordinance the form of said bonds, and of the interest coupons attached thereto. As to any bond issue authorized pursuant to this act following January 1, 1970, the board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different times from those of any other series; provided, that the earliest maturity of each issue or series, as the case may be shall not be more than two years from the date of the bonds of said issue or series. The final maturity date of any bond shall not exceed 40 years from the date of the bond. Every year beginning with the date of the earliest maturity of each issue or series of bonds, as the case may be, not less than one-fortieth of the whole of the indebtedness evidenced by such issue or such series shall be payable.

The bonds shall be issued in such denominations as the said board of supervisors may determine and shall be payable on the day and at the place fixed in said bonds, and with interest at the rate specified in such bonds, which rate shall not be in excess of 7 per centum per annum, and shall be payable

semiannually, and said bonds shall be signed by the chairman of the board of supervisors, and countersigned by the auditor of said Los Angeles County, and the seal of said district shall be affixed thereto. Such signatures and countersignatures may be printed, lithographed, engraved, or otherwise mechanically reproduced, except that one of said signatures or countersignatures to said bonds shall be manually affixed. Any such signature may be affixed in accordance with the provisions of the Uniform Facsimile Signatures of Public Officials Act, Chapter 6 (commencing with Section 5500) of Title 1 of the Government Code. The interest coupons of said bonds shall be numbered consecutively and signed by the auditor of said Los Angeles County by his engraved or lithographed signature. In case any such officer whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signature or countersignature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until the delivery of the bonds.

The board thereafter shall not provide the extended service so eliminated within such area from general funds of the county.

25210.39d. For the purpose of ascertaining the amount of money necessary to be raised for such purposes, or any of them, the board of trustees shall cause such inventories, appraisals, surveys, examinations, drawings and plans to be made as shall furnish the proper basis for such estimates. Such appraisals, surveys, examinations, drawings and plans, and the estimates based thereon, may provide that the works necessary for a completed project shall be acquired and constructed progressively during a period of years. In the estimate of the amount of money to be raised by the first issue of bonds for any project or purpose, the board of trustees may include a sum sufficient to pay the interest on all such bonds as may be issued by this district, and also all such bonds or other obligations of the Palo Verde Joint Levee District of Riverside and Imperial Counties, California, or the Palo Verde Drainage District, or the Palo Verde Mutual Water Company as may be assumed by this district, for a period of three years, or less, in advance of the time such interest obligations shall accrue. All such surveys, appraisals, examinations, drawings and plans shall be made under the direction of a competent engineer, and shall be certified by him. The board of trustees may divide the plans for the completed project of acquisition and construction of a unified protection, irrigation and reclamation system into various items, recommending those that are most urgent for first acquisition or construction, and the estimated amount thereof, and those that might be deferred for carrying out at subsequent times, so that the bonded indebtedness necessary for the entire plan may be imposed upon the district in such installments over a period of years as the district is built up and improved, and as a favorable market exists for

the bonds. But the board of trustees may, in its discretion, provide for the issuance of the amount of bonds necessary to carry out the completed enterprise contemplated by this act, and arrange for the disposition of the bonds in installments at different times so as to accomplish the same purpose; or, if it is deemed practicable and expedient to do so, the board may provide for the issuance of all the bonds estimated to be necessary to carry out the completed project.

When a determination has been made by the board of the properties to be acquired and the construction work to be performed, and the estimated amount thereof for which the board proposes to issue bonds, the board shall thereupon submit a copy of said estimate and report to the State Treasurer for certification as legal investments for savings banks, and for other purposes specified in Division 10 (commencing with Section 20000) of the Water Code. The State Treasurer shall forthwith examine said report and any data in his possession or in the possession of the district, and shall make such additional surveys and examinations at the expense of the district as he may deem proper or practicable, and as soon as practicable thereafter shall make to the board of trustees of said district a report which shall contain such matters as in his judgment may be desirable, provided, that he may state generally his conclusions regarding the general characteristics of the property and the project, the cost of the proposed work, water rights and other property necessary for a complete and satisfactory project, the proper dates of maturity for the bonds proposed to be issued, and whether in his opinion it is advisable to proceed with the proposed bond issue. If the estimate of the amount of said bond issue shall have included any amount for the payment of interest on said bonds for such issue, as provided in Section 15 of this act, and such estimate for the payment of interest or any part thereof is approved by the State Treasurer in said report, it shall be lawful for the board of trustees, to use for the payment of interest on any bonds of such issue, so much of the proceeds of the sale of said bonds as may have been approved for that purpose in said report of the State Treasurer.

And likewise, whatever amount may be included in the estimate for upkeep and maintenance expense, if approved by the State Treasurer, may be lawfully used by the trustees and applied in the upkeep and maintenance of its levees, water system and reclamation works.

SEC. 191. Section 16a of the Palo Verde Irrigation District Act (Chapter 452 of the Statutes of 1923) is amended to read:

Sec. 16a. If after such examination and investigation the State Treasurer shall deem it advisable that the said plans be modified, or that the amount of the bonds proposed to be issued be changed, or that certain conditions should be prescribed to

insure the success of the project, or that in his opinion it is not advisable to proceed with the proposed bond issue, he shall so state in his report to the board of trustees. After receiving said report, or if no report is received within 30 days after the submission of said estimate and engineer's report to the State Treasurer, said board of trustees, if it shall determine and shall declare by resolution that the proposed plan of works or some modified plan recommended by the State Treasurer is satisfactory and that the said project or said modified plan is feasible, shall make an order determining the amount of bonds that should be issued in order to raise the money necessary therefor; and provided, further, that if this district shall issue bonds to carry out any plans approved by the State Treasurer as herein provided it shall be unlawful for said district to make any material change in said plans thereafter without the consent of the State Treasurer.

SEC. 192. Section 17 of the Palo Verde Irrigation District Act (Chapter 452 of the Statutes of 1923) is amended to read:

Sec. 17. Provisions for Making Bonds Legal Investments for Trust Funds, Etc. Whenever the board of trustees shall by resolution declare that it deems it desirable that any contemplated or outstanding bonds of said district, including any bonds authorized but not sold, shall be made available for the purposes provided for in section seven of an act of the Legislature of the State of California entitled, "An act relating to bonds of irrigation districts, providing under what circumstances such bonds shall be legal investments for funds of banks, insurance companies, and trust companies, trust funds, state school funds and any money or funds which may now or hereafter be invested in bonds of cities, cities and counties, counties, school districts or municipalities, and providing under what circumstances the use of bonds of irrigation districts as security for the performance of any act may be authorized," approved June 13, 1913, as amended, the said board of trustees shall thereupon file a certified copy of such resolution with the State Treasurer, and he, and the State Controller in connection therewith are hereby given the same power and authority in respect of the investigation and certification of bonds issued under this act as is given to them in respect of the investigation and certification of irrigation district bonds by said act, as amended, except as the same may be limited by, or inconsistent with, any provision of this act, and bonds of said district which have been so investigated and certified and declared to be legal investments for the purposes stated in said act approved June 13, 1913, as amended, may be lawfully purchased or received in pledge for loans by savings banks, trust companies, insurance companies, guardians, executors, administrators, and special administrators, or by any public officer or officers of this state or of any county, city, or city and county, or other municipal or corporate body within this state having or holding funds which they are allowed by law to invest or loan; provided, however, that where the State

Treasurer has passed upon one issue of bonds of said district, all subsequent issues of said district shall be submitted to the State Treasurer as in the said act provided.

SEC. 193. Section 21.1 of the Palo Verde Irrigation District Act (Chapter 452 of the Statutes of 1923) is amended to read:

Sec. 21.1. The board of trustees may by resolution allocate any proceeds of any existing or proposed contract or contracts or source or sources of payment, or any portion thereof, other than taxes or assessments, designated by the board, to the payment of the principal, or interest, or both, of any bonds or issue or issues of bonds of the district, original or refunding, outstanding or to be issued, or any portion of such principal, or interest, or both, designated by the board. After such allocation and until the payment or retirement of the bonds for the benefit of which such allocation was made, such proceeds so allocated shall be applied solely to the payment of the obligation specified in the resolution. Any such allocation shall be irrevocable until all of the designated principal, or interest, or both, has been paid or retired. Any such proceeds of the district may by resolution of said board be irrevocably allocated to any reserve fund established to pay the interest or principal, or both, of any bonds. If the board, with the approval of the State Treasurer, provides that the principal, or interest, or both, of any bonds, or any portion thereof, hereafter issued shall be payable solely from such designated proceeds other than taxes or assessments, then the district shall not be held for payment otherwise. Any bonds of the district, original or refunding, may be made payable as to both principal and interest, in whole or in part, from any such proceeds designated by the board or said bonds may be made payable from taxes or assessments as in this act provided and such proceeds may be allocated to the payment of such principal and interest, or portion thereof, as additional security therefor. The board may also, with the approval of the State Treasurer, designate any bank or trust company as its agent for the purpose of making payment of principal, or interest, or both, of any bonds of the district, or for receiving any such proceeds, other than taxes or assessments, so allocated for payment of bonds and applying such revenue to such payment, as designated and may from time to time with the consent of the State Treasurer, substitute another bank or trust company as such agent in place of a bank or trust company so designated or substituted.

SEC. 194. Section 21.2 of the Palo Verde Irrigation District Act (Chapter 452 of the Statutes of 1923) is amended to read:

Sec. 21.2 If any such proceeds other than taxes or assessments shall be allocated to the payment of bonds and the board of trustees, with the approval of the State Treasurer, shall provide that such bonds shall be payable solely from such allocated

proceeds, then no provision of law relative to estimate for, or levy of, taxes or assessments for payment of such bonds shall apply and no taxes or assessments shall be levied therefor. In such event a brief statement of the proceeds allocated and the purpose of the allocation, and that no taxes or assessments shall be levied to pay such bonds, shall be set forth in such bonds, and if applicable to interest, in the coupons therefor.

Sec. 195. Section 21.3 of the Palo Verde Irrigation District Act (Chapter 452 of the Statutes of 1923) is amended to read:

Sec. 21.3. The board of trustees may, with the approval of the State Treasurer, provide for the call and redemption of any bonds in numerical order, or by lot, on any interest payment date prior to their fixed maturity, at not exceeding the par value thereof and accrued interest, in which event a statement to that effect shall be set forth on the face of the bonds. Notice of such redemption shall be published once a week for three successive weeks in a newspaper of general circulation printed and published within the county in which the office of the district is located, the first publication of which shall be at least 30 days and not more than 90 days prior to the date fixed for such redemption. After the date fixed for such redemption, if the district shall have provided funds available for the payment of the principal and interest of the bonds so called, interest on such bonds shall thereafter cease.

[Approved by Governor June 24, 1971 Filed with
Secretary of State June 25, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 1673 of the Insurance Code is amended to read:

1673. A person licensed as an insurance agent, a life and disability agent, or a disability only agent, may be authorized to transact disability insurance on behalf of any insurer which is authorized to transact disability insurance by the filing of a notice of appointment for that purpose. The commissioner shall prescribe the forms of such notice of appointment.

CHAPTER 216

An act to amend Sections 1689, 1690, 1704, and 1713 of the Insurance Code, relating to insurance.

[Approved by Governor June 24, 1971 Filed with
Secretary of State June 25, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 1689 of the Insurance Code is amended to read:

1689. A natural person who is an applicant for a license as an insurance agent or solicitor is not eligible for a certificate of convenience pending examination if he has ever before been licensed or named on a license to act as an insurance agent, broker, or solicitor, nor unless at least one appointing insurer, or in the case of a solicitor the appointing agent or broker, certifies to the commissioner that such person is enrolled in and will pursue a course of study and instruction previously approved by the commissioner and given by or on behalf of the appointing insurer, agent or broker.

In the event such applicant is appointed by more than one insurer or employer, as the case may be, the initial appointing entity shall be the party responsible for making certain that the applicant is enrolled in, and pursues, such training course. Each entity subsequently appointing the applicant shall be equally responsible for the continuation of such study and instruction in the event that the initial appointing entity terminates his or its appointment during the time such applicant is the holder of a certificate of convenience pending examination. This section shall in no way affect the provisions of any other section in this chapter, except that the provisions of Section 1689.5 shall apply only to the initial appointing entity.

Before approving any such course the commissioner shall be satisfied that it meets all the following requirements:

(a) That it covers the fundamentals of insurance, and instruction in those classes of insurance in which the applicant is going to be engaged.

(b) That it contains a system of progress checks whereby it can be determined whether the person is taking the course in good faith and obtaining information and training. Such progress checks shall be in writing, be taken by the person himself, and kept on file in the state for a period of two years.

SEC. 2. Section 1690 of the Insurance Code is amended to read:

1690 An applicant for a license to act as any type of life licensee is not eligible for a certificate of convenience pending examination if he has ever before been licensed to act as any type of life licensee, nor unless at least one appointing insurer certifies to the commissioner that such applicant is enrolled in and will pursue a course of study and instruction

previously approved by the commissioner and given by or on behalf of such insurer.

In the event that such applicant is appointed by more than one insurer, the insurer making the certification upon which a certificate of convenience pending examination is issued to such applicant shall be the party responsible for making certain that the applicant is enrolled in, and pursues, such training course. Each other appointing insurer shall be equally responsible for the continuation of such study and instruction in the event that the insurer making such certification terminates its appointment of the applicant as its agent during the time such applicant is the holder of such certificate of convenience. This section shall in no way affect the provisions of any other section in this chapter, except that the provisions of Section 1692.1 shall apply only to the appointing insurer making the certification referred to herein.

Before approving such course of study and instruction, the commissioner shall be satisfied that it meets all of the following requirements:

(a) That it covers the fundamentals of the life and disability business, life business or disability business, as the case may be, and gives instruction designed to protect the insuring public.

(b) That it includes further instruction commensurate with the type of business in which the applicant is to engage.

(c) That it contains a system of written progress checks whereby it can be determined whether the applicant is taking the course and obtaining information or training. A record of such progress checks must be kept on file for a period of two years in this state.

SEC. 3. Section 1704 of the Insurance Code is amended to read:

1704. (a) Every applicant for a license to act as a life agent, an insurance agent, or a travel insurance agent shall have filed on his behalf with the commissioner a notice of appointment executed by an insurer, or its authorized representative, admitted to transact one or more classes of insurance included within the scope of the license sought, appointing the applicant, upon licensing, its agent within this state. Additional notices of appointment may be filed by other insurers before such license is issued and thereafter as long as such license remains in force. Each such appointment shall by its terms continue in force until:

(1) The cancellation or expiration of the license applied for or held at the time such appointment was filed.

(2) The filing of a notice of termination by the insurer or by such life agent, insurance agent or travel insurance agent.

(b) Upon the termination of all appointments, a permanent license shall not be canceled, but shall become inactive. It may be renewed pursuant to Section 1718. It may be reactivated at any time prior to its expiration by the filing of one

or more new appointments by insurers pursuant to this section, Section 1707, and Section 1751.3. An inactive license shall not permit its holder to transact any insurance for which a valid, active license is required.

(c) Upon the termination of all appointments of a person licensed under a certificate of convenience, such certificate shall be canceled and shall be returned by its lawful custodian to the commissioner.

SEC. 4. Section 1713 of the Insurance Code is amended to read:

1713. (a) Upon the termination of the employment of a permanently licensed insurance solicitor by an insurance agent or insurance broker, his license shall become inactive and shall be returned by its lawful custodian to the commissioner. Such license may be renewed pursuant to Section 1718. It may be reactivated at any time prior to its expiration at the request, in writing, of any person named therein as solicitor upon the filing of the statement of an employing agent or broker agreeing to employ such person as a solicitor and upon the payment of the filing fee presented in Section 1751.3.

(b) Upon the termination of the employment by an insurance agent or insurance broker of a person licensed under a certificate of convenience to act as an insurance solicitor, such certificate of convenience shall be canceled and shall be returned by its lawful custodian to the commissioner.

CHAPTER 217

An act to amend Section 12 of the Ventura County Flood Control Act (Chapter 44 of the Statutes of 1944, Second Extraordinary Session), relating to the Ventura County Flood Control District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 24, 1971 Filed with
Secretary of State June 25, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 12 of the Ventura County Flood Control Act (Chapter 44 of the Statutes of 1944, Second Extraordinary Session) is amended to read:

Sec. 12. The board of supervisors of said district shall have power, in any year:

1. To levy an ad valorem tax or assessment upon all taxable property in the district to pay the costs and expenses of said Ventura County Flood Control District and to carry out any of the objects or purposes of this act of common benefit to the district as a whole, and

2. To levy an ad valorem tax or assessment upon all taxable property in each or any of said zones, according to the benefits

derived or to be derived by said respective zones, to pay the cost and expenses of carrying out any of the objects or purposes of this act of special benefit to said respective zones, including the constructing, maintaining, operating, extending, repairing or otherwise improving any or all works or improvements within said respective zones. It is declared that all property within a given zone is equally benefited under this act.

Said taxes or assessments shall be levied and collected together with, and not separately from, taxes for county purposes, and the revenues derived from said taxes shall be paid into the county treasury to the credit of said district, and said board of supervisors shall have the power to control and order the expenditure thereof for said purposes; provided, however, that no revenues, or portions thereof, derived in any of the several zones from the taxes or assessments levied under the provisions of subdivision 2 of this section shall be expended for constructing, maintaining, operating, extending, repairing or otherwise improving any works or improvements located in any other zone except as provided in Section 14 hereof; and provided further, however, that the aggregate taxes or assessments levied under this act for any one fiscal year shall not exceed forty-three cents (\$.43) on each one hundred dollars (\$100) of the assessed valuation of the taxable property in zone 1 until July 1, 1973, and thereafter shall not exceed twenty cents (\$.20) on each one hundred dollars (\$100) of the assessed valuation on the taxable property in zone 1, shall not exceed forty cents (\$.40) on each one hundred dollars (\$100) of the assessed valuation of the taxable property in zones 2 and 4, shall not exceed twenty-seven cents (\$.27) on each one hundred dollars (\$100) of the assessed valuation of the taxable property in zone 3, and shall not exceed one dollar (\$1) on each one hundred dollars (\$100) of the assessed valuation of the taxable property in any special zone in addition to the aggregate taxes or assessments levied for zone 1, 2, 3 or 4 and exclusive of any tax or assessment levied to pay the cost and expenses of any project or facility for importing water into the district or to meet any bonded indebtedness of said zones or district and the interest thereon.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

As a consequence of extensive storm damage in zone 1 of the Ventura County Flood Control District over the past two years, the present permanent ad valorem tax assessment rate within zone 1 will be insufficient to permit the district to pay the cost and expense of carrying out the objects and purposes of the Ventura County Flood Control Act of special benefit to said zone 1, including the constructing, maintaining, operating, extending, repairing or otherwise improving any or all works or improvements within said zone 1. Because the present tem-

porary zone 1 assessment rate of forty-three cents (\$0.43) per one hundred dollars (\$100) assessed value of property within the zone will expire on July 1, 1971, it is imperative that the new permanent ad valorem tax rate, as provided by this act, take effect prior to that date to provide adequate funds for the activities specified above.

CHAPTER 218

An act to amend Section 10291.5 of the Insurance Code, relating to disability insurance.

[Approved by Governor June 24, 1971 Filed with
Secretary of State June 25, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 10291.5 of the Insurance Code is amended to read:

10291.5. (a) The purpose of this section is to prevent, in respect to disability insurance, fraud, unfair trade practices, and insurance economically unsound to the insured.

(b) The commissioner shall not approve any disability policy for issuance or delivery in this state:

(1) If he finds that it contains any provision, or has any label, description of its contents, title, heading, backing, or other indication of its provisions which is unintelligible, uncertain, ambiguous, or abstruse, or likely to mislead a person to whom the policy is offered, delivered, or issued.

(2) If it contains any provision for payment at a rate, or in an amount (other than the product of rate times the periods for which payments are promised) for loss caused by particular event or events (as distinguished from character of physical injury or illness of the insured) more than triple the lowest rate, or amount, promised in the policy for the same loss caused by any other event or events (loss caused by sickness, loss caused by accident, and different degrees of disability each being considered, for the purpose of this paragraph, a different loss); or if it contains any provision for payment for any confining loss of time at a rate more than six (6) times the least rate payable for any partial loss of time or more than twice the least rate payable for any nonconfining total loss of time; or if it contains any provision for payment for any nonconfining total loss of time at a rate more than three (3) times the least rate payable for any partial loss of time.

(3) If it contains any provision for payment for disability caused by particular event or events (as distinguished from character of physical injury or illness of the insured) payable for a term more than twice the least term of payment provided by the policy for the same degree of disability caused by any other event or events; or if it contains any benefit for

total nonconfining disability payable for lifetime or for more than twelve (12) months and any benefit for partial disability, unless such benefit for partial disability is payable for at least three (3) months; or if it contains any benefit for total confining disability payable for lifetime or for more than twelve (12) months, unless it also contains benefit for total nonconfining disability caused by the same event or events payable for at least three (3) months, and, if it also contains any benefit for partial disability, unless such benefit for partial disability is payable for at least three (3) months. The provisions of this paragraph shall apply separately to accident benefits and to sickness benefits.

(4) If it contains provision or provisions which would have the effect, upon any termination of the policy, of reducing or ending such liability as the insurer would have, but for such termination, for loss of time resulting from accident occurring while the policy is in force or for loss of time commencing while the policy is in force and resulting from sickness contracted while the policy is in force or for other losses resulting from accident occurring or sickness contracted while the policy is in force, and also contains provision or provisions reserving to the insurer the right to cancel or refuse to renew the policy, unless it also contains other provision or provisions the effect of which is that termination of the policy as the result of the exercise by the insurer of any such right shall not reduce or end such liability in respect to the hereinafter specified losses as the insurer would have had under the policy, including its other limitations, conditions, reductions and restrictions, had the policy not been so terminated.

The specified losses referred to in the preceding paragraph are:

(i) Loss of time which commences while the policy is in force and results from sickness contracted while the policy is in force,

(ii) Loss of time which commences within twenty (20) days following and results from accident occurring while the policy is in force,

(iii) Losses which result from accident occurring or sickness contracted while the policy is in force and arise out of the care or treatment of illness or injury and which occur within ninety (90) days from such termination of the policy or during a period of continuous compensable loss or losses which period commences prior to the end of such ninety (90) days, and

(iv) Losses other than those specified in (i), (ii) or (iii) above which result from accident occurring or sickness contracted while the policy is in force and which losses occur within ninety (90) days following such accident or the contraction of such sickness.

(5) If by any caption, label, title or description of contents the policy states, implies, or infers without reasonable qualification that it provides loss of time indemnity for life-

time, or for any period of more than two years, if such loss of time indemnity is made payable only when house confined or only under special contingencies not applicable to other total loss of time indemnity.

(6) If it contains any benefit for total confining disability payable only upon condition that the confinement be of an abnormally restricted nature unless the caption of the part containing any such benefit is accurately descriptive of the nature of the confinement required and unless if the policy have a description of contents, label, or title at least one of them contain reference to such nature of the confinement required.

(7) If, irrespective of the premium charged therefor, any benefit of the policy is, or the benefits of the policy as a whole are, not sufficient to be of real economic value to the insured.

In determining whether benefits are of real economic value to the insured, the commissioner shall not differentiate between insureds of the same or similar economic or occupational classes and shall give due consideration to the following:

(i) The right of insurers to exercise sound underwriting judgment in the selection and amounts of risks.

(ii) Amount of benefit, length of time of benefit, nature or extent of benefit, or any combination of such factors.

(iii) The relative value in purchasing power of the benefit or benefits.

(iv) Differences in insurance issued on an industrial or other special basis.

To be of real economic value, it shall not be necessary that any benefit or benefits cover the full amount of any loss which might be suffered by reason of the occurrence of any hazard or event insured against.

(8) If it substitutes a specified indemnity upon the occurrence of accidental death for any benefit of the policy, other than a specified indemnity for dismemberment, which would accrue prior to the time of such death or if it contains provision which has the effect other than at the election of the insured exercisable within not less than twenty (20) days in the case of benefits specifically limited to the loss by removal of one or more fingers or one or more toes or within not less than ninety (90) days in all other cases:

(i) Of substituting, upon the occurrence of the loss of both hands, both feet, one hand and one foot, the sight of both eyes or the sight of one eye and the loss of one hand or one foot, some specified indemnity for any or all benefits under the policy unless the indemnity so specified is equal to or greater than the total of the benefit or benefits for which such specified indemnity is substituted and which, assuming in all cases that the insured would continue to live, could possibly accrue within four years from the date of such dismemberment under all other provisions of the policy applicable to the particular event or events (as distinguished from character of physical injury or illness) causing the dismemberment; or

(ii) Of substituting, upon the occurrence of any other dismemberment some specified indemnity for any or all benefits under the policy unless the indemnity so specified is equal to or greater than one-fourth of the total of the benefit or benefits for which such specified indemnity is substituted and which, assuming in all cases that the insured would continue to live, could possibly accrue within four years from the date of such dismemberment under all other provisions of the policy applicable to the particular event or events (as distinguished from character of physical injury or illness) causing the dismemberment; or

(iii) Of substituting a specified indemnity upon the occurrence of any dismemberment for any benefit of the policy which would accrue prior to the time of dismemberment.

As used in this section, loss of a hand shall be severance at or above the wrist joint, loss of a foot shall be severance at or above the ankle joint, loss of an eye shall be the irrecoverable loss of the entire sight thereof, loss of a finger shall mean at least one entire phalanx thereof and loss of a toe the entire toe.

(9) If it contains provision, other than as provided in Section 10370, reducing any original benefit more than fifty percent (50%) on account of age of the insured.

(10) If the insuring clause or clauses contain no reference to the exceptions, limitations and reductions (if any) or no specific reference to, or brief statement of, each abnormally restrictive exception, limitation or reduction.

(11) If it contains benefit or benefits for loss or losses from specified diseases only unless:

(i) All of the diseases so specified in each provision granting such benefits fall within some general classification based upon:

(A) The part or system of the human body principally subject to all such diseases,

(B) The similarity in nature or cause of such diseases,

(C) In case of diseases of an unusually serious nature and protracted course of treatment, the common characteristics of all such diseases with respect to severity of affliction and cost of treatment, and

(ii) The policy is entitled and each provision granting such benefits is separately captioned in clearly understandable words so as to accurately describe the classification of diseases covered and expressly point out, when such is the case, that not all diseases of such classification are covered.

(12) If it does not contain provision for a grace period of at least the number of days specified below for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force; provided, that the grace period to be included in the policy shall be not less than seven (7) days for policies providing for weekly payment of premium, not less than ten (10) days for policies providing

for monthly payment of premium and not less than thirty-one (31) days for all other policies.

(13) If it fails to conform in any respect with any law of this state.

(c) The commissioner may, from time to time as conditions warrant, after notice and hearing, promulgate such reasonable rules and regulations, and amendments and additions thereto, as are necessary or convenient, to establish, in advance of the submission of policies, the standard or standards conforming to the provisions of subdivision (b) of this section, by which he shall disapprove or withdraw approval of any disability policy.

In promulgating any such rule or regulation the commissioner shall give consideration to the criteria herein established and to the desirability of approving for use in policies in this state uniform provisions, nationwide or otherwise, and is hereby granted the authority to consult with insurance authorities of any other state and their representatives individually or by way of convention or committee, to seek agreement upon such provisions.

Any such rule or regulation shall be promulgated in accordance with the procedure provided in Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

(d) The commissioner may withdraw approval of filing of any policy or other document or matter required to be approved by him, or filed with him, by the provisions of this chapter when he would be authorized to disapprove or refuse filing of the same if originally submitted at the time of such action of withdrawal.

Any such withdrawal shall be in writing and shall specify reasons. An insurer adversely affected by any such withdrawal may, within a period of thirty (30) days following mailing or delivery of the writing containing such withdrawal, by written request secure a hearing to determine whether such withdrawal should be annulled, modified or confirmed. Unless, at any time, it be mutually agreed to the contrary, hearing shall be granted and commenced within a period of thirty (30) days following filing of the request and shall proceed with reasonable dispatch to determination. Unless the commissioner in writing in such withdrawal, or subsequent thereto, grants an extension, any such withdrawal shall, in the absence of any such request, be effective, prospectively and not retroactively, on the ninety-first (91st) day following the mailing or delivery of such withdrawal, and, if request for such hearing be filed, on the ninety-first (91st) day following mailing or delivery of written notice of the commissioner's determination.

(e) No proceeding under this section shall be subject to the provisions of Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code.

(f) Except as provided in subdivision (i) of this section, any action taken by the commissioner under this section shall

be subject to review by the courts of this state and proceedings on review shall be in accordance with the provisions of the Code of Civil Procedure.

Notwithstanding any other provision of law to the contrary, petition for any such review may be filed at any time before the effective date of the action taken by the commissioner. No action of the commissioner shall become effective before the expiration of twenty (20) days after written notice and a copy thereof are mailed or delivered to the person adversely affected, and any action so submitted for review shall not become effective for a further period of fifteen (15) days after the filing of the petition in court. The court may stay the effectiveness thereof for a longer period.

(g) This section shall be liberally construed to effectuate the purpose and intentions herein stated; but shall not be construed to grant the commissioner power to fix or regulate rates for disability insurance or prescribe a standard form of disability policy.

(h) This section shall be effective on and after July 1, 1950, as to all policies thereafter submitted and on and after January 1, 1951, the commissioner may withdraw approval pursuant to subdivision (d) of any policy thereafter issued or delivered in this state irrespective of when its form may have been submitted or approved, and prior to such dates the provisions of law in effect on January 1, 1949, shall apply to such policies.

(i) Any such policy issued by an insurer to an insured on a form approved by the commissioner, and in accordance with the conditions, if any, contained in the approval, at a time when such approval is outstanding shall, as between the insurer and the insured, or any person claiming under the policy, be conclusively presumed to comply with and conform to the provisions of this section.

(j) The provisions of this section do not apply to accident policies including those providing hospitalization benefits on account of sickness, which are issued through newspapers or other publications of general circulation to their subscribers, readers, carrier boys, newspaper vendors or district men.

PART 5. STATE OF CALIFORNIA NOTES

17300. Whenever the State Controller determines that moneys in the General Fund, after allowing for internal borrowing from other funds, are, or are expected to be, insufficient for the payment of all appropriations made by the Legislature which are to be paid in the then current fiscal year out of the moneys in the General Fund, the State Controller may, based upon his estimate of the probable income to the General Fund during the then current fiscal year and the probable dates of receipt thereof, draw a demand or demands against appropriations made from the General Fund to be paid in the then current fiscal year prior to the receipt of such income and deliver the same to the State Treasurer. The State Treasurer shall register the same for nonpayment and notify the State Controller. The State Controller may then authorize the State Treasurer to issue and sell notes of the State of California representing said registered demand or demands. Such notes shall be issued only to provide cash in an amount sufficient to satisfy said registered State Controller's demand or demands.

17301. Notes authorized to be issued may be sold by the State Treasurer from time to time as directed by the State Controller. The notes may be sold at public sale upon such notice as the State Treasurer shall deem advisable, or, if no bids are then received or if such bids are not satisfactory to the State Treasurer, then at private sale, from time to time as provided by the State Treasurer. The State Treasurer shall authorize the issuance of such notes on a fixed maturity basis. Upon the maturity date of the notes, the State Treasurer shall pay the notes from moneys then in the General Fund.

17301.5. Notwithstanding the provisions of Section 17301, no notes may be issued under this chapter after December 31, 1971.

17302. Any note issued pursuant to this part shall be issued pursuant to a resolution authorizing the issuance thereof adopted by the State Treasurer with the approval of the State Controller and (a) may be negotiable, (b) may be payable to order or to bearer, (c) may be in any denomination, (d) shall be payable not later than the last day of the fiscal year in which such note has been issued and shall not be renewable beyond that date, and (e) may bear interest up to a maximum rate to be determined by the State Treasurer.

17302.5. Notwithstanding the provisions of Section 17302, all notes issued under this chapter shall be redeemed and paid by March 31, 1972.

17303. Upon receipt of the purchase price of the notes, the State Treasurer shall notify the State Controller that funds for the payment of such registered demand or demands are in the State Treasury and available for the payment of claims represented by said registered demand or demands. The State Controller may thereupon proceed to draw warrants against

appropriations lawfully made by the Legislature to be paid in said fiscal year and represented by said registered demand or demands. Upon the payment in full of the notes representing said registered demand or demands, said registered demand or demands shall be canceled.

17304. Any revenues in the General Fund during the current fiscal year are available for the payment of all notes and the interest thereon until the same shall be fully paid and discharged. The notes, together with the interest thereon, shall be payable exclusively from moneys in the General Fund in the fiscal year of issuance, but not excepting recourse to internal borrowing from other funds in the event insufficient moneys are available from the General Fund.

17305. The aggregate amount of notes, as determined from their principal amount, issued pursuant to this part and outstanding at any one time, shall not exceed 15 percent of the General Fund revenues as set forth in the annual report by the State Controller to the Governor required by Government Code Section 12460. The annual report referred to in this section shall be the most recent report submitted by the State Controller to the Governor as of the commencement of the fiscal year in which such notes may be issued. Notes may be issued in excess of such 15-percent limitation pursuant to a statute adopted by two-thirds of the membership of each house of the Legislature.

17306. All notes issued pursuant to this part by the state are legal investments for all:

- (b) Funds of insurers.
- (c) Funds of saving and loan associations.
- (d) Funds of banks.
- (e) Funds of state agencies, cities, counties, cities and counties or other public agencies or corporations.

17308. Any state or local agency that is authorized to invest funds in its treasury in securities which are legal investments for savings banks may invest the funds in notes of the state issued under this part.

17309. Whenever the Treasurer deems that it will increase the salability of the notes to obtain, prior to or after sale, a legal opinion as to the validity of the notes from attorneys other than the Attorney General, the Treasurer may obtain such a legal opinion.

17310. There is hereby appropriated out of any unapplied money (as defined in Section 17220) in the General Fund in the State Treasury such sum as will be necessary to pay the

interest on and the principal of any notes issued and sold during the current fiscal year pursuant to the provisions of this part, as they become due and payable.

In addition, the sum of thirty thousand dollars (\$30,000) is hereby appropriated without regard to fiscal year, from the General Fund, to be set aside in a special account entitled State Notes Expense Account, to be used to pay expenses incurred by the State Treasurer in providing for the preparation, sale, issuance, advertising, legal services or any other act which, in the discretion of the State Treasurer, is necessary to carry out the purposes of this part. Such account shall operate as a revolving fund and whenever notes are sold, out of the first money realized from their sale, there shall be redeposited in the account such sums as have been expended for the above purposes, which may be used for the same purposes and repaid in the same manner whenever additional sales are made.

SEC. 3. Section 53651 of the Government Code is amended to read:

53651. Eligible securities are any of the following:

(a) United States Treasury notes, bonds, bills or certificates of indebtedness.

(b) Notes or bonds or any obligations of a local public agency (as defined in the United States Housing Act of 1949) or any obligations of a public housing agency (as defined in the United States Housing Act of 1937) for which the faith and credit of the United States are pledged for the payment of principal and interest.

Secretary of State June 28, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 18104.2 of the Education Code is amended to read:

18104.2. Three Members each of the Assembly and Senate chosen by the Speaker and the Senate Rules Committee, respectively, shall meet with the Committee on Special Education and participate in its activities to the extent that such participation is not incompatible with their respective positions as Members of the Legislature.

SEC. 2. Section 13990.2 of the Government Code is amended to read:

13990.2. There is in the Business and Transportation Agency a State Transportation Board. The board consists of seven members, appointed by the Governor with consent of the State Senate. The members shall serve at the pleasure of the Governor. One Member of the Senate appointed by the Senate Rules Committee and one Member of the Assembly appointed by the Speaker thereof shall be ex officio members without vote and together shall constitute a Joint Legislative

Committee on Transportation, and shall participate in the activities of the board to the extent that such participation is not incompatible with their positions as Members of the Legislature.

SEC. 3. Section 34200 of the Government Code is amended to read:

34200. There is in the state government an advisory body, the Council on Intergovernmental Relations, composed of three members representing the cities and who shall be city officers, three members representing the counties and who shall be county officers, two members representing the school districts and who shall be school district officers, six members representing the state and who shall be state officers, and four public members with an interest in state and regional affairs. All members shall be appointed by the Governor. The Governor shall appoint the city members from a list of six names submitted by the League of California Cities, the county members from a list of six names submitted by the County Supervisors Association of California, and the school district members from a list of four names submitted by the State Board of Education. The Governor shall designate the chairman from among the four public members.

In addition to the other members of the council provided for by this section, the Chairmen of the Senate Committee on Local Government and the Assembly Committee on Local Government, one Member of the Senate, appointed by the Senate Rules Committee, and one Member of the Assembly, appointed by the Speaker thereof, shall be nonvoting ex officio members of the council, who shall meet with the council and participate in its activities to the extent that such participation is not incompatible with their positions as Members of the Legislature. The legislative members of the council may each designate a representative to attend and participate in meetings of the council in their absence. The legislative members of the council or their designees shall be entitled to receive their actual and necessary expenses incurred in the performance of their duties from whatever sums may be made available from the Contingent Funds of the Assembly and Senate for that purpose.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Article IV, Section 7, of the Constitution provides that each house adopt rules for its proceedings. To the extent that Section 13990.2 of the Government Code establishes a joint committee of the Legislature, it is a rule of proceeding for the houses. In order that this rule may be changed to meet current needs of the Legislature, it is necessary that this act take immediate effect.

CHAPTER 227

An act to amend Sections 34200 and 53060.5 of the Government Code, relating to local agencies.

[Approved by Governor June 28, 1971 Filed with
Secretary of State June 28, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 34200 of the Government Code is amended to read:

34200. There is in the state government an advisory body, the Council on Intergovernmental Relations, composed of three members representing the cities and who shall be city officers, three members representing the counties and who shall be county officers, three members representing special districts, two members representing the school districts and who shall be school district officers, six members representing the state and who shall be state officers, one member representing a regional organization, and four public members with an interest in state and regional affairs. All members shall be appointed by the Governor. The Governor shall appoint the city members from a list of six names submitted by the League of California Cities, the county members from a list of six names submitted by the County Supervisors Association of California, the district members from a list of six names submitted by the California Special District Association, and the school district members from a list of four names submitted by the State Board of Education. The Governor shall designate the chairman from among the four public members.

In addition to the other members of the council provided for by this section, the Chairmen of the Senate Committee on Local Government and the Assembly Committee on Local Government, respectively, shall be nonvoting ex officio members of the council, who shall meet with the council and participate in its activities to the extent that such participation is not incompatible with their positions as Members of the Legislature. The legislative members of the council may each designate a representative to attend and participate in meetings of the council in their absence. The legislative members of the council or their designees shall be entitled to receive their actual and necessary expenses incurred in the performance of their duties from whatever sums may be made available from the Contingent Funds of the Assembly and Senate for that purpose.

SEC. 2. Section 53060.5 of the Government Code is amended to read:

53060.5. The term "district." as used in this section, means a district, public authority, public agency, and any other political subdivision or public corporation in the state, but does not include the state or a county, city and county, or city.

Any district, directly or through a representative, may attend the Legislature or any other legislative body, including Congress, and any committees thereof and present information to aid the passage of legislation which the district deems beneficial to the district or to prevent the passage of legislation which the governing board of the district deems detrimental to the district. The cost and expense incident thereto are proper charges against the district. Such districts may enter into and provide for participation in the business of associations and through a representative of the associations attend the Legislature, or any other legislative body, including Congress, and any committees thereof, and present information to aid the passage of legislation which the association deems beneficial to the districts in the association, or to prevent the passage of legislation which the association deems detrimental to the districts in the association. The cost and expense incident thereto are proper charges against the districts comprising the association.

Each member of the district board engaging in such activities on behalf of the district shall be allowed eleven cents (\$.11) per mile, without any constructive mileage, for his expenses of traveling necessarily done by automobile, and his actual traveling expenses when he travels by public conveyance.

CHAPTER 228

An act relating to property taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 29, 1971. Filed with Secretary of State June 29, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 401 of the Revenue and Taxation Code requires for the first time that all county assessors shall assess property subject to general property taxation at a ratio of 25 percent of its full cash value. The Legislature finds that some counties have been assessing in the past at a ratio less than 25 percent, and an increase in such ratio for the 1971-1972 fiscal year combined with other factors, without a corresponding decrease in property tax rates, will result in a substantial tax increase for many property owners.

At the first regularly scheduled meeting after the county assessor delivers the 1971-1972 fiscal year local roll to the county auditor, the board of supervisors of each county in which the assessment ratio is changed for such year by reason of the operation of Section 401 of the Revenue and Taxation Code shall publicly announce information on the approximate amount of revenue increase for each taxing agency within the county as provided herein.

There shall be calculated, for the 1970-1971 and 1971-1972 fiscal years, the total assessed value on the secured roll, as prepared pursuant to Section 601 of the Revenue and Taxation Code, for each taxing agency in the county. The difference, above normal growth of assessed value, between the 1971-1972 and 1970-1971 fiscal years shall then be multiplied by the 1970-1971 fiscal year tax rate for each taxing agency to give the approximate revenue increase for each such taxing agency.

SEC. 2. The provisions of this act shall become inoperative on January 1, 1972.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for this act to become a part of the law before boards of supervisors fix their tax rates for the 1971-1972 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 229

An act to amend Section 20111 of the Health and Safety Code, relating to police protection districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1971. Filed with
Secretary of State June 30, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 20111 of the Health and Safety Code is amended to read:

20111. Any amount of money raised for the maintenance of a police department in a district by an annual tax levied pursuant to this article shall not exceed in the fiscal year commencing July 1, 1971, 1 percent of the assessed value of the taxable property in the district, and in fiscal years thereafter shall not exceed three-fourths of 1 percent of such assessed value.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The present limitation on the annual taxation rate which may be imposed to support police protection districts to three-fourths of 1 percent of the assessed valuation of real property in such districts will make it impossible for such districts to raise sufficient funds to support the existing level of services in the coming fiscal year. In order that this statute, which will

temporarily raise the present limitation to 1 percent of such assessed value during the 1971-1972 fiscal year, may become effective before the start of the 1971-1972 fiscal year, it is imperative that it take effect immediately.

CHAPTER 230

An act to add Section 5140 to the Revenue and Taxation Code, relating to providing property tax remedies and assisting the Meadows Union School District in Imperial County, making an apportionment therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1971. Filed with Secretary of State June 30, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 5140 is added to the Revenue and Taxation Code, to read:

5140. When taxes are paid under protest, the amount of tax computed on the portion of the assessment not in dispute shall not be impounded.

SEC. 2. The Meadows Union School District in Imperial County is in imminent danger of not having sufficient funds to meet its legal obligations. This financial crisis arises because the district's largest taxpayer, an industrial firm, has not to date paid 1970-1971 fiscal year taxes on property constituting over 50 percent of the district's secured property valuation.

The firm's first tax installment totaling one hundred eighty-eight thousand three hundred fifty dollars and seventy-two cents (\$188,350.72), due on December 10, 1970, remains delinquent. A second tax installment, also in the amount of one hundred eighty-eight thousand three hundred fifty dollars and seventy-two cents (\$188,350.72), became due and owing on April 10, 1971. The Meadows Union School District share of each such installment is fifty thousand four hundred fifty-two dollars and forty-eight cents (\$50,452.48), or a total of approximately one hundred thousand nine hundred four dollars (\$100,904).

There are indications that any payment or payments will be made under protest, causing any such tax payments to be impounded for the 1970-1971 school year. Should the taxes due and owing from the firm, allocable to Meadows Union School District, not be paid, Meadows Union School District will need an additional ninety-five thousand dollars (\$95,000) to meet the actual costs of education for the remainder of the 1970-1971 school year. Should such tax be paid under protest, the district will only need some additional amount less than ninety-five thousand dollars (\$95,000) to meet such costs, in view of the provisions of Section 1 of this act.

SEC. 3. Although Section 1 of this act is directed primarily to the immediate problem confronting Meadows Union School District in Imperial County, such section shall have general application as a general law. However, with respect to the other provisions of this act, the Legislature finds that the unique circumstances facing Meadows Union School District in Imperial County require immediate and special legislation and that a general statute cannot be made applicable to these circumstances within the meaning of Section 16 of Article IV of the California Constitution. The apportionment made pursuant to Section 4 of this act is made in view of the unique circumstances facing Meadows Union School District and is made for the purpose of meeting the financial crisis brought on by those circumstances only. It is not the intention of the Legislature to establish a precedent with respect to the apportionment made by this act, but rather to assist in a situation involving unique circumstances when appropriate justification for such assistance has been found.

SEC. 4. At the earliest possible time and, in any event, not later than June 30, 1971, the Superintendent of Public Instruction shall apportion to the Meadows Union School District, from amounts appropriated to the State School Fund, the sum required by the district in order to meet the actual costs of education for the remainder of the 1970-1971 school year, which amount shall be in addition to the advance apportionment computed for the district pursuant to Section 17401 of the Education Code for the 1971-1972 fiscal year. In no event shall the amount apportioned under this section exceed ninety-five thousand dollars (\$95,000), less any taxes made available under Section 1 of this act. He shall certify the amount of such apportionment to the State Controller, who shall transfer the amount certified to the Meadows Union School District.

SEC. 5. The Superintendent of Public Instruction shall, during the 1971-1972 fiscal year, withhold from the apportionments to be made to the Meadows Union School District from the State School Fund an amount equal to the amount actually disbursed to the district pursuant to Section 4 of this act, together with amounts representing interest at a rate based on the most current investment rate of the Pooled Money Investment Act as of the date of disbursement of funds to the district pursuant to Section 4 of this act.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Meadows Union School District in Imperial County must, at the earliest possible time, receive the apportionment called for in this act to avert a financial crisis, which directly

involves the entire area of the district, and which is caused by the nonpayment of 1970-1971 fiscal year taxes by the district's largest taxpayer. Therefore, it is necessary that this act take immediate effect.

CHAPTER 231

An act to amend Sections 6871 and 6873 of the Education Code, relating to special education facilities and services.

[Approved by Governor June 30, 1971. Filed with
Secretary of State June 30, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 6871 of the Education Code is amended to read:

6871. With the approval of the county superintendent of schools, any school district having a physically handicapped minor, mentally retarded minor, severely mentally retarded minor, or multiply handicapped minor for whom special education facilities and services as prescribed by Section 6870 are not available or cannot be reasonably provided, and for whom the State of California has no appropriate special education facilities and services, shall, and any school district having an educationally handicapped minor for whom special education facilities and services as prescribed by Section 6870 are not available or cannot be reasonably provided, and for whom the State of California has no appropriate special education facilities and services, may, in lieu of establishing and maintaining the needed special education facilities and services at an unreasonable cost to the district, pay to the parent or guardian of such minor toward the tuition for such minor, enrolled in a public or private nonsectarian school, institution, or agency within or outside of California offering the special education facilities and services made necessary by the minor's disabilities, an amount not to exceed the sum per unit of average daily attendance of the regular state apportionment to the district for the fiscal year in question, the amount allowable per unit of average daily attendance for the particular category under Section 18102, 18102.2, 18102.4, or 18102.6, the amount allowable per unit of average daily attendance for the particular category under Section 18060, and the amount per unit of average daily attendance provided from revenue derived from district taxation for the current expense of education of a normal child in the schools of the district. For purposes of computing the amount per unit of average daily attendance provided from revenue derived from district taxation, there shall be excluded amounts produced by rates levied for special or restricted purposes, such as the rates levied pursuant to Sections 1822.2, 1825, 16633, 16635, 16645.9, 19443, 19619, 20801 to 20802.8, inclusive, 20806, and 20807,

and there shall be included amounts produced by rates levied for general districtwide current support purposes, including the rates levied pursuant to Sections 20808 and 20808.5. As used in this article "tuition" includes the cost to the parent or guardian of transporting a minor enrolled in a public or private nonsectarian school, institution, or agency under this section to and from school.

The provisions of this section shall be applicable as well to situations where the special educational facilities and services are available but are an unreasonable distance away from the home of the minor. The Superintendent of Public Instruction shall adopt rules and regulations to implement the determination of the unreasonableness of such cost and distance, and any other rules and regulations deemed necessary by him for the effective administration of this chapter. The county superintendent of schools shall make a finding as to the unreasonableness of such cost or distance for the school districts within his jurisdiction and shall report such findings to the Superintendent of Public Instruction, who, if he approves such findings, shall authorize payments pursuant to this section and Sections 6872 and 6873.

The provisions of this section shall be applicable as well to situations where the public special educational facilities and services are available but the attending physician of the physically handicapped, mentally retarded, severely mentally retarded, multiply handicapped, or educationally handicapped minor or the attending optometrist of the physically handicapped minor who is blind, partially seeing, or visually handicapped has recommended that it is in the best interests of the health and welfare of such minor that the minor be enrolled in a private nonsectarian school, institution or agency offering the special education facilities and services made necessary by the minor's disabilities, and such recommendation has been approved by the county health officer and the county superintendent of schools on forms specified by the Superintendent of Public Instruction.

Priority in providing special education facilities and services shall be given to public school, or state-operated, programs. State and school district support for an exceptional child's education at a private nonsectarian school, institution, or agency shall be approved pursuant to this chapter only if no publicly operated programs are available to the minor within a reasonable distance from his residence, or if such programs do not meet the specialized needs of the minor, as determined under the procedures established by this chapter. Priority in approving private nonsectarian schools, institutions, or agencies shall be given to the nearest such school, institution, or agency from where the parent or guardian of the exceptional child resides and which provides training and education as defined in Section 6870,

In instances where public funds are paid to the parent or guardian of a minor pursuant to this section, toward the tuition of such minor enrolled in a private nonsectarian school, institution, or agency, the school, institution, or agency enrolling such minor shall at the end of each school year submit a written progress report on each such minor on forms provided by the Superintendent of Public Instruction, and shall forward such forms to the county superintendent of schools of the county authorizing placement. Such reports shall be used by the county superintendents of schools to determine continued eligibility for placement and reimbursement under this chapter.

In no event shall the total of any allowances or apportionments of state funds be made to a school district in behalf of a pupil receiving an allowance pursuant to this section in excess of the total of such amounts which would have been allowed or apportioned to the district if the pupil were in attendance at a school in the district.

SEC. 2. Section 6873 of the Education Code is amended to read:

6873. Upon verification of the attendance reported and the claim submitted, the Superintendent of Public Instruction shall apportion to the school district submitting the report and the claim of the parent or guardian of such minor for the tuition in question an amount sufficient to satisfy the claim but not in excess of the sum per unit of average daily attendance of the regular state apportionment to the district for the fiscal year in question, the amount allowable per unit of average daily attendance for the particular category under Section 18102, 18102.2, 18102.4, or 18102.6, and the amount allowable per unit of average daily attendance for the particular category under Section 18060. In the case of a multiply handicapped minor the amount apportioned shall not exceed the sum per unit of average daily attendance of the regular state apportionment to the district for the fiscal year in question, the amount allowable per unit of average daily attendance under Section 18102, and the amount allowable per unit of average daily attendance for the particular category under Section 18060.

The apportionments for physically handicapped, mentally retarded, and multiply handicapped minors shall be made from the funds reserved under the provisions of subdivision (c) of Section 17303.5. The apportionments for educationally handicapped minors shall be made from the funds reserved under the provisions of subdivision (g) of Section 17303.5. The apportionments shall be made for each fiscal year immediately following the fiscal year in which the attendance occurs.

The people of the State of California do enact as follows:

(c) The salary of an employee for whom such contract is purchased is reduced by the amount of the cost of such contract; and

(d) The employee makes an application to the director for such purchase and reduction of salary.

No other prima facie evidence shall be created by this subdivision. The above provisions shall apply only when the procedure required by Section 41103 is complied with.

(d) Any charge under this section shall be dismissed when the person charged has made a bona fide sale or transfer of the vehicle and has delivered possession thereof to the purchaser and has complied with the requirements of subdivision (a) or (b) of Section 5602 prior to the date of the alleged violation and has advised the court of the name and address of the purchaser, and of the date of sale.

Such notice shall be given, either by personal delivery thereof to such owner, lessee or renter, or by deposit in the United States mail of an envelope with postage prepaid which said envelope shall contain such notice and shall be addressed to such owner, lessee or renter at his address as shown by the records of the department or the leasing or renting agency. The giving of notice by personal delivery is complete upon delivery of a copy of said notice to said person. Proof of giving such notice may be made by the certificate of any traffic or police officer or affidavit of any person over 18 years of age naming the person to whom such notice was given and specifying the time, place and manner of the giving thereof.

SEC. 4. It is the intent of the Legislature, if this bill and Assembly Bill No. 1415 are both chaptered and amend Section 41103 of the Vehicle Code, and this bill is chaptered after Assembly Bill No. 1415, that the amendments to Section 41103 proposed by both bills be given effect and incorporated in Section 41103 in the form set forth in Section 3 of this act. SEC. 4. Section 378 of the Code of Civil Procedure is amended to read:

378. (a) All persons may join in one action as plaintiffs if:

(1) They assert any right to relief jointly, severally, or in the alternative, in respect of or arising out of the same transaction, occurrence, or series of transactions or occurrences and if any question of law or fact common to all these persons will arise in the action; or

(2) They have a claim, right, or interest adverse to the defendant in the property or controversy which is the subject of the action.

(b) It is not necessary that each plaintiff be interested as to every cause of action or as to all relief prayed for. Judgment may be given for one or more of the plaintiffs according to their respective right to relief.

SEC. 5. Section 379 of the Code of Civil Procedure is amended to read:

379. (a) All persons may be joined in one action as defendants if there is asserted against them:

(1) Any right to relief jointly, severally, or in the alternative, in respect of or arising out of the same transaction, occurrence, or series of transactions or occurrences and if any question of law or fact common to all these persons will arise in the action; or

(2) A claim, right, or interest adverse to them in the property or controversy which is the subject of the action.

(b) It is not necessary that each defendant be interested as to every cause of action or as to all relief prayed for. Judgment may be given against one or more defendants according to their respective liabilities.

SEC. 7. Section 379b of the Code of Civil Procedure is repealed.

SEC. 8. Section 379c of the Code of Civil Procedure is repealed.

SEC. 9. Section 379.5 is added to the Code of Civil Procedure, to read:

379.5. When parties have been joined under Section 378 or 379, the court may make such orders as may appear just to prevent any party from being embarrassed, delayed, or put to undue expense, and may order separate trials or make such other order as the interests of justice may require.

SEC. 10. Section 380 of the Code of Civil Procedure is repealed.

SEC. 11. Section 381 of the Code of Civil Procedure is repealed.

SEC. 12. Section 382 of the Code of Civil Procedure is amended to read:

382. If the consent of any one who should have been joined as plaintiff cannot be obtained, he may be made a defendant, the reason thereof being stated in the complaint; and when the question is one of a common or general interest, of many persons, or when the parties are numerous, and it is impracticable to bring them all before the court, one or more may sue or defend for the benefit of all.

SEC. 13. Section 383 of the Code of Civil Procedure is repealed.

SEC. 14. Section 384 of the Code of Civil Procedure is repealed.

SEC. 15. Section 389 of the Code of Civil Procedure is amended to read:

389. (a) A person who is subject to service of process and whose joinder will not deprive the court of jurisdiction over the subject matter of the action shall be joined as a party in the action if (1) in his absence complete relief cannot be accorded among those already parties or (2) he claims an interest relating to the subject of the action and is so situated that the disposition of the action in his absence may (i) as a practical matter impair or impede his ability to protect that interest or (ii) leave any of the persons already parties subject to a substantial risk of incurring double, multiple, or otherwise inconsistent obligations by reason of his claimed interest. If he has not been so joined, the court shall order that he be made a party.

(b) If a person as described in paragraph (1) or (2) of subdivision (a) cannot be made a party, the court shall determine whether in equity and good conscience the action should proceed among the parties before it, or should be dismissed without prejudice, the absent person being thus regarded as indispensable. The factors to be considered by the court include: (1) to what extent a judgment rendered in the person's absence might be prejudicial to him or those already parties; (2) the extent to which, by protective provisions in the judgment, by the shaping of relief, or other measures, the prejudice can be lessened or avoided; (3) whether a judgment rendered in the person's absence will be adequate; (4) whether the plaintiff or cross-complainant will have an adequate remedy if the action is dismissed for nonjoinder.

(c) A complaint or cross-complaint shall state the names, if known to the pleader, of any persons as described in paragraph (1) or (2) of subdivision (a) who are not joined, and the reasons why they are not joined.

(d) Nothing in this section affects the law applicable to class actions.

SEC. 16. Section 396 of the Code of Civil Procedure is amended to read:

396. If an action or proceeding is commenced in a court which lacks jurisdiction of the subject matter thereof, as determined by the complaint or petition, if there is a court of this state which has such jurisdiction, the action or proceeding shall not be dismissed (except as provided in Section 581b, and as provided in subdivision 1 of Section 581 of this code) but shall, on the application of either party, or on the court's own motion, be transferred to a court having jurisdiction of the subject matter which may be agreed upon by the parties, or, if they do not agree, to a court having such jurisdiction which is designated by law as a proper court for the trial or determination thereof, and it shall thereupon be entered and prosecuted in the court to which it is transferred as if it had been commenced therein, all prior proceedings being saved.

In any such case, if summons is served prior to the filing of the action or proceeding in the court to which it is transferred, as to any defendant, so served, who has not appeared in the action or proceeding, the time to answer or otherwise plead shall date from service upon such defendant of written notice of the filing of such action or proceeding in the court to which it is transferred.

If an action or proceeding is commenced in or transferred to a court which has jurisdiction of the subject matter thereof as determined by the complaint or petition, and it thereafter appears from the verified pleadings, or at the trial, or hearing, that the determination of the action or proceeding, or of a cross-complaint, will necessarily involve the determination of questions not within the jurisdiction of the court, in which the action or proceeding is pending, the court, whenever such lack of jurisdiction appears, must suspend all further proceedings therein and transfer the action or proceeding and certify the pleadings (or if the pleadings be oral, a transcript of the same), and all papers and proceedings therein, to a court having jurisdiction thereof which may be agreed upon by the parties, or, if they do not agree, to a court having such jurisdiction which is designated by law as a proper court for the trial or determination thereof.

An action or proceeding which is transferred under the provisions of this section shall be deemed to have been commenced at the time the complaint or petition was filed in the court from which it was originally transferred.

Nothing herein shall be construed to preclude or affect the right to amend the pleadings as provided in this code.

Nothing herein shall be construed to require the superior court to transfer any action or proceeding because the judgment to be rendered, as determined at the trial or hearing, is one which might have been rendered by a municipal or justice court in the same county or city and county.

In any case where the lack of jurisdiction is due solely to an excess in the amount of the demand, the excess may be remitted and the action may continue in the court where it is pending.

Upon the making of an order for such transfer, proceedings shall be had as provided in Section 399 of this code, the costs and fees thereof, and of filing the case in the court to which transferred, to be paid by the plaintiff unless the court ordering the transfer shall otherwise direct. If the party obligated to pay such costs and fees shall fail to do so within the time specifically provided, or, if none, then within five (5) days after service of notice of the order for transfer or as to costs and fees, then any party may pay such costs and fees and, if other than a party originally obligated to do so, shall be entitled to credit therefor or recovery thereof, in the same manner as is provided in Section 399.

SEC. 17. Section 422 of the Code of Civil Procedure is repealed.

SEC. 18. Section 422.10 is added to the Code of Civil Procedure, to read:

422.10. The pleadings allowed in civil actions are complaints, demurrers, answers, and cross-complaints.

422.20. (a) The rules stated in this section apply only to pleadings in justice courts.

(b) The pleadings are not required to be in any particular form but shall be such as to enable a person of common understanding to know what is intended.

(c) The complaint or a cross-complaint shall be in writing. Other pleadings may be oral or in writing. If the pleadings are in writing, they shall be filed with the judge. If oral, an entry of their substance shall be made in the docket.

(d) A copy of the account, note, bill, bond, or instrument upon which the cause of action is based is a sufficient complaint or cross-complaint.

(e) Except as otherwise provided in this title, the pleadings need not be verified.

SEC. 20. Section 422.30 is added to the Code of Civil Procedure, to read:

422.30. Every pleading shall contain a caption setting forth:

(a) The name of the court and county, and, in municipal and justice courts, the name of the judicial district, in which the action is brought; and

(b) The title of the action.

SEC. 21. Section 422.40 is added to the Code of Civil Procedure, to read:

422.40. In the complaint, the title of the action shall include the names of all the parties; but, except as otherwise provided by statute or rule of the Judicial Council, in other pleadings it is sufficient to state the name of the first party on each side with an appropriate indication of other parties.

SEC. 22. Chapter 2 (commencing with Section 425) of Title 6 of Part 2 of the Code of Civil Procedure is repealed.

SEC. 23. Chapter 2 (commencing with Section 425.10) is added to Title 6 of Part 2 of the Code of Civil Procedure, to read:

CHAPTER 2. PLEADINGS DEMANDING RELIEF

Article 1. General Provisions

425.10. A complaint or cross-complaint shall contain both of the following:

(a) A statement of the facts constituting the cause of action, in ordinary and concise language.

(b) A demand for judgment for the relief to which the pleader claims he is entitled. If the recovery of money or damages be demanded, the amount thereof shall be stated.

425.20. (a) Except as otherwise provided by law, causes of action shall be separately stated.

(b) In any action brought by the husband and wife, to recover damages caused by any injury to the wife, all consequential damages suffered or sustained by the husband alone, including loss of the services of his wife, money expended and indebtedness incurred by reason of such injury to his wife, may be alleged and recovered without separately stating such cause of action arising out of such consequential damages suffered or sustained by the husband.

(c) Causes of action for injuries to person and injuries to property, growing out of the same tort, need not be separately stated.

Article 2. Compulsory Cross-Complaints

426.10. As used in this article:

(a) "Complaint" means a complaint or cross-complaint.

(b) "Plaintiff" means a person who files a complaint or cross-complaint.

(c) "Related cause of action" means a cause of action which arises out of the same transaction, occurrence, or series of transactions or occurrences as the cause of action which the plaintiff alleges in his complaint.

426.30. (a) Except as otherwise provided by statute, if a party against whom a complaint has been filed and served fails to allege in a cross-complaint any related cause of action which (at the time of serving his answer to the complaint) he has against the plaintiff, such party may not thereafter in any other action assert against the plaintiff the related cause of action not pleaded.

(b) This section does not apply if either of the following are established:

(1) The court in which the action is pending does not have jurisdiction to render a personal judgment against the person who failed to plead the related cause of action.

(2) The person who failed to plead the related cause of action did not file an answer to the complaint against him.

426.40. This article does not apply if any of the following are established:

(a) The cause of action not pleaded requires for its adjudication the presence of additional parties over whom the court cannot acquire jurisdiction.

(b) Both the court in which the action is pending and any other court to which the action is transferrable pursuant to Section 396 are prohibited by the federal or state constitution or by a statute from entertaining the cause of action not pleaded.

(c) At the time the action was commenced, the cause of action not pleaded was the subject of another pending action.

426.50. A party who fails to plead a cause of action subject to the requirements of this article, whether through oversight,

inadvertence, mistake, neglect, or other cause, may apply to the court for leave to amend his pleading, or to file a cross-complaint, to assert such cause at any time during the course of the action. The court, after notice to the adverse party, shall grant, upon such terms as may be just to the parties, leave to amend the pleading, or to file the cross-complaint, to assert such cause if the party who failed to plead the cause acted in good faith. This subdivision shall be liberally construed to avoid forfeiture of causes of action.

426.60. (a) This article applies only to civil actions and does not apply to special proceedings.

(b) This article does not apply to actions in the small claims court.

(c) This article does not apply where the only relief sought is a declaration of the rights and duties of the respective parties in an action for declaratory relief under Chapter 8 (commencing with Section 1060) of Title 14 of this part.

Article 3. Permissive Joinder of Causes of Action

427.10. (a) A plaintiff who in a complaint, alone or with coplaintiffs, alleges a cause of action against one or more defendants may unite with such cause any other causes which he has either alone or with any coplaintiffs against any of such defendants.

(b) Causes of action may be joined in a cross-complaint in accordance with Sections 428.10 and 428.30.

Article 4. Cross-Complaints

428.10. A party against whom a cause of action has been asserted in a complaint or cross-complaint may file a cross-complaint setting forth either or both of the following:

(a) Any cause of action he has against any of the parties who filed the complaint or cross-complaint against him. Nothing in this subdivision authorizes the filing of a cross-complaint against the plaintiff in an action commenced under Title 7 (commencing with Section 1237) of Part 3.

(b) Any cause of action he has against a person alleged to be liable thereon, whether or not such person is already a party to the action, if the cause of action asserted in his cross-complaint (1) arises out of the same transaction, occurrence, or series of transactions or occurrences as the cause brought against him or (2) asserts a claim, right, or interest in the property or controversy which is the subject of the cause brought against him.

428.20. When a person files a cross-complaint as authorized by Section 428.10, he may join any person as a cross-complainant or cross-defendant, whether or not such person is already a party to the action, if, had the cross-complaint been

filed as an independent action, the joinder of that party would have been permitted by the statutes governing joinder of parties.

428.30. Where a person files a cross-complaint as authorized by Section 428.10, he may unite with the cause of action asserted in the cross-complaint any other causes of action he has against any of the cross-defendants, other than the plaintiff in an eminent domain proceeding, whether or not such cross-defendant is already a party to the action.

428.40. The cross-complaint shall be a separate document.

428.50. A party shall obtain leave of court to file any cross-complaint except one filed before or at the same time as his answer to the complaint or cross-complaint. Such leave may be granted in the interest of justice at any time during the course of the action.

428.60. (a) A cross-complaint shall be served on each of the parties affected thereby in the manner provided in this section.

(b) If any party affected by the cross-complaint has not appeared in the action, a summons upon the cross-complaint shall be issued and served upon him in the same manner as upon commencement of an original action.

(c) If any party affected by the cross-complaint has appeared in the action, the cross-complaint shall be served upon his attorney, or upon the party if he has appeared without an attorney, in the manner provided for service of summons or in the manner provided by Chapter 5 (commencing with Section 1010) of Title 14 of Part 2 of this code.

428.70. (a) As used in this section:

(1) "Third-party plaintiff" means a person against whom a cause of action has been asserted in a complaint or cross-complaint, who claims the right to recover all or part of any amounts for which he may be held liable on such cause of action from a third person, and who files a cross-complaint stating such claim as a cause of action against the third person.

(2) "Third-party defendant" means the person who is alleged in a cross-complaint filed by a third-party plaintiff to be liable to the third-party plaintiff if the third-party plaintiff is held liable on the claim against him.

(b) In addition to the other rights and duties a third-party defendant has under this article, he may, at the time he files his answer to the cross-complaint, file as a separate document a special answer alleging against the person who asserted the cause of action against the third-party plaintiff any defenses which the third-party plaintiff has to such cause of action. The special answer shall be served on the third-party plaintiff and on the person who asserted the cause of action against the third-party plaintiff.

428.80. The counterclaim is abolished. Any cause of action that formerly was asserted by a counterclaim shall be asserted

by a cross-complaint. Where any statute refers to asserting a cause of action as a counterclaim, such cause shall be asserted as a cross-complaint. The erroneous designation of a pleading as a counterclaim shall not affect its validity, but such pleading shall be deemed to be a cross-complaint.

**Article 5. Contents of Documents in Particular
Actions or Proceedings**

429.10. In a proceeding for dissolution of marriage, the petition shall set forth among other matters, as nearly as can be ascertained, the following facts:

- (a) The state or country in which the parties were married.
- (b) The date of marriage.
- (c) The date of separation.
- (d) The number of years from marriage to separation.
- (e) The number of children of the marriage, if any, and if none a statement of that fact.
- (f) The age and birth date of each minor child of the marriage.
- (g) The social security numbers of the husband and wife, if available and if not available, a statement to such effect.

429.20. (a) In a proceeding for dissolution of marriage, legal separation, or for a declaration of void or voidable marriage, there shall be furnished to the county clerk by the petitioner at the time of filing of the petition, or within 10 days thereafter and before the date of the first hearing, that information, required to be collected by the State Registrar of Vital Statistics, in the manner specified under Chapter 6.5 (commencing with Section 10360) of Division 9 of the Health and Safety Code. The clerk shall accept the petition for filing, whether or not the information is then furnished. At any time after the filing of the petition, the respondent may also furnish the information, whether or not it has been first furnished by the petitioner.

(b) The clerk shall take all ministerial steps required of him in the proceeding, whether or not the information required by this section has been furnished; but the clerk shall advise the court, at the time set for any hearing, if at such time no party has furnished the information. In such cases, the court may decline to hear any matter encompassed within the proceeding if good cause for such failure to furnish the information has not been shown. The court's inquiry in such cases shall be confined solely to the question of the existence of good cause for not furnishing the information; and such report and the contents thereof shall not be admissible in evidence and shall not be furnished to the court.

429.30. (a) As used in this section:

- (1) "Complaint" includes a cross-complaint.
 - (2) "Plaintiff" includes the person filing a cross-complaint.
- (b) If the complaint contains a demand for relief on account of the alleged infringement of the plaintiff's rights in

and to a literary, artistic, or intellectual production, there shall be attached to the complaint a copy of the production as to which the infringement is claimed and a copy of the alleged infringing production. If, by reason of bulk or the nature of the production, it is not practicable to attach a copy to the complaint, that fact and the reasons why it is impracticable to attach a copy of the production to the complaint shall be alleged; and the court, in connection with any demurrer, motion, or other proceedings in the cause in which a knowledge of the contents of such production may be necessary or desirable, shall make such order for a view of the production not attached as will suit the convenience of the court to the end that the contents of such production may be deemed to be a part of the complaint to the same extent and with the same force as though such production had been capable of being and had been attached to the complaint. The attachment of any such production in accordance with the provisions of this section shall not be deemed a making public of the production within the meaning of Section 983 of the Civil Code.

429.40. This title does not apply in a proceeding under Part 5 (commencing with Section 4000) of the Civil Code unless otherwise provided by rule of the Judicial Council under Section 4001 of the Civil Code.

SEC. 24. The heading of Chapter 3 (commencing with Section 430) of Title 6 of Part 2 of the Code of Civil Procedure is repealed.

SEC. 25. Section 430 of the Code of Civil Procedure is repealed.

SEC. 26. Section 431 of the Code of Civil Procedure is repealed.

SEC. 27. Section 431.5 of the Code of Civil Procedure is repealed.

SEC. 28. Section 432 of the Code of Civil Procedure is repealed.

SEC. 29. Chapter 3 (commencing with Section 430.10) is added to Title 6 of Part 2 of the Code of Civil Procedure, to read:

CHAPTER 3. OBJECTIONS TO PLEADINGS;
DENIALS AND DEFENSES

Article 1. Objections to Pleadings

430.10. The party against whom a complaint or cross-complaint has been filed may object, by demurrer or answer as provided in Section 430.30, to the pleading on any one or more of the following grounds:

(a) The court has no jurisdiction of the subject of the cause of action alleged in the pleading.

(b) The person who filed the pleading does not have the legal capacity to sue.

(c) There is another action pending between the same parties on the same cause of action.

(d) There is a defect or misjoinder of parties.

(e) Causes of action are not separately stated as required by Section 425.20.

(f) The pleading does not state facts sufficient to constitute a cause of action.

(g) The pleading is uncertain. As used in this subdivision, "uncertain" includes ambiguous and unintelligible.

(h) In an action founded upon a contract, it cannot be ascertained from the pleading whether the contract is written or oral.

430.20. A party against whom an answer has been filed may object, by demurrer as provided in Section 430.30, to the answer upon any one or more of the following grounds:

(a) The answer does not state facts sufficient to constitute a defense.

(b) The answer is uncertain. As used in this subdivision, "uncertain" includes ambiguous and unintelligible.

(c) Where the answer pleads a contract, it cannot be ascertained from the answer whether the contract is written or oral.

430.30. (a) When any ground for objection to a complaint, cross-complaint, or answer appears on the face thereof, or from any matter of which the court is required to or may take judicial notice, the objection on that ground may be taken by a demurrer to the pleading.

(b) When any ground for objection to a complaint or cross-complaint does not appear on the face of the pleading, the objection may be taken by answer.

(c) A party objecting to a complaint or cross-complaint may demur and answer at the same time.

430.40. (a) A person against whom a complaint or cross-complaint has been filed may, within 30 days after service of the complaint or cross-complaint, demur to the complaint or cross-complaint.

(b) A party who has filed a complaint or cross-complaint may, within 10 days after service of the answer to his pleading, demur to the answer.

430.50. (a) A demurrer to a complaint or cross-complaint may be taken to the whole complaint or cross-complaint or to any of the causes of action stated therein.

(b) A demurrer to an answer may be taken to the whole answer or to any one or more of the several defenses set up in the answer.

430.60. A demurrer shall distinctly specify the grounds upon which any of the objections to the complaint, cross-complaint, or answer are taken. Unless it does so, it may be disregarded.

430.70. When the ground of demurrer is based on a matter of which the court may take judicial notice pursuant to Section 452 or 453 of the Evidence Code, such matter shall be specified in the demurrer, or in the supporting points and

authorities for the purpose of invoking such notice, except as the court may otherwise permit.

430.80. If the party against whom a complaint or cross-complaint has been filed fails to object to the pleading, either by demurrer or answer, he is deemed to have waived the objection unless it is an objection that the court has no jurisdiction of the subject of the cause of action alleged in the pleading or an objection that the pleading does not state facts sufficient to constitute a cause of action.

Article 2. Denials and Defenses

431.10. A material allegation in a pleading is one essential to the claim or defense and which could not be stricken from the pleading without leaving it insufficient.

431.20. (a) Every material allegation of the complaint or cross-complaint, not controverted by the answer, shall, for the purposes of the action, be taken as true.

(b) The statement of any new matter in the answer, in avoidance or constituting a defense, shall, on the trial, be deemed controverted by the opposite party.

431.30. (a) As used in this section:

(1) "Complaint" includes a cross-complaint.

(2) "Defendant" includes a person filing an answer to a cross-complaint.

(b) The answer to a complaint shall contain:

(1) A general or specific denial of the material allegations of the complaint controverted by the defendant.

(2) A statement of any new matter constituting a defense.

(c) Affirmative relief may not be claimed in the answer.

(d) If the complaint is not verified, a general denial is sufficient but only puts in issue the material allegations of the complaint. Except in justice courts, if the complaint is verified, the denial of the allegations shall be made positively or according to the information and belief of the defendant.

(e) If the defendant has no information or belief upon the subject sufficient to enable him to answer an allegation of the complaint, he may so state in his answer and place his denial on that ground.

(f) The denials of the allegations controverted may be stated by reference to specific paragraphs or parts of the complaint; or by express admission of certain allegations of the complaint with a general denial of all of the allegations not so admitted; or by denial of certain allegations upon information and belief, or for lack of sufficient information or belief, with a general denial of all allegations not so denied or expressly admitted.

(g) The defenses shall be separately stated, and the several defenses shall refer to the causes of action which they are intended to answer, in a manner by which they may be intelligibly distinguished.

431.40. (a) In any action in which the demand, exclusive of interest, or the value of the property in controversy does not exceed five hundred dollars (\$500), the defendant at his option, in lieu of demurrer or other answer, may file a general written denial verified by his own oath and a brief statement, similarly verified, of any new matter constituting a defense.

(b) Nothing in this section excuses the defendant from complying with the provisions of law applicable to a cross-complaint, and any cross-complaint of the defendant shall be subject to the requirements applicable in any other action.

431.50. In an action to recover upon a contract of insurance wherein the defendant claims exemption from liability upon the ground that, although the proximate cause of the loss was a peril insured against, the loss was remotely caused by or would not have occurred but for a peril excepted in the contract of insurance, the defendant shall in his answer set forth and specify the peril which was the proximate cause of the loss, in what manner the peril excepted contributed to the loss or itself caused the peril insured against, and if he claims that the peril excepted caused the peril insured against, he shall in his answer set forth and specify upon what premises or at what place the peril excepted caused the peril insured against.

431.60. When, in an action to recover the possession of personal property, the person making any affidavit did not truly state the value of the property, and the officer taking the property, or the sureties on any bond or undertaking is sued for taking the same, the officer or sureties may in their answer set up the true value of the property, and that the person in whose behalf such affidavit was made was entitled to the possession of the same when such affidavit was made, or that the value in the affidavit stated was inserted by mistake, the court shall disregard the value as stated in the affidavit and give judgment according to the right of possession of such property at the time the affidavit was made.

431.70. Where cross-demands for money have existed between persons at any point in time when neither demand was barred by the statute of limitations, and an action is thereafter commenced by one such person, the other person may assert in his answer the defense of payment in that the two demands are compensated so far as they equal each other, notwithstanding that an independent action asserting his claim would at the time of filing his answer be barred by the statute of limitations. If the cross-demand would otherwise be barred by the statute of limitations, the relief accorded under this section shall not exceed the value of the relief granted to the other party. The defense provided by this section is not available if the cross-demand is barred for failure to assert it in a prior action under Section 426.30. Neither person can be deprived of the benefits of this section by the assignment or death of the other.

Article 3. Time to Respond to Cross-Complaint

432.10. A party served with a cross-complaint may within 30 days after service move, demur, or otherwise plead to the cross-complaint in the same manner as to an original complaint.

SEC. 30. Section 433 of the Code of Civil Procedure is repealed.

SEC. 31. Section 434 of the Code of Civil Procedure is repealed.

SEC. 32. A new chapter heading is added immediately preceding Section 435 of the Code of Civil Procedure, to read:

CHAPTER 4. MOTION TO STRIKE

SEC. 33. Section 435 of the Code of Civil Procedure is amended to read:

435. (a) As used in this section, "complaint" includes a cross-complaint.

(b) Any party, within the time he is allowed to answer a complaint, either at the time he demurs to the complaint, or without demurring, may serve and file a notice of motion to strike the whole or any part of the complaint. The notice of motion to strike shall specify a hearing date not more than 15 days from the filing of the notice, plus any additional time that the party, as moving party, is otherwise required to give the other party. If a party serves and files such a notice of motion without demurring, his time to answer the complaint is extended and no default may be entered against him, except as provided in Sections 585 and 586, but the filing of such a notice of motion shall not extend the time within which to demur.

CHAPTER 5. SUMMARY JUDGMENTS

SEC. 39. Section 437c of the Code of Civil Procedure is amended to read:

437c. In superior courts and municipal courts if it is claimed the action has no merit, or that there is no defense to the action, on motion of either party, after notice of the time and place thereof in writing served on the other party at least 10 days before such motion, supported by affidavit of

any person or persons having knowledge of the facts, the answer may be stricken out or the complaint may be dismissed and judgment may be entered, in the discretion of the court unless the other party, by affidavit or affidavits shall show such facts as may be deemed by the judge hearing the motion sufficient to present a triable issue of fact. A judgment so entered is an appealable judgment as in other cases. The word "action" as used in this section shall be construed to include all types of proceedings. The word "complaint" as used in this section shall be construed to include a cross-complaint. The phrase "plaintiff's claim" as used in this section includes a cause of action, asserted by any party, in a cross-complaint. The filing of a motion under this section shall not extend the time within which a party must otherwise file an answer, demurrer, cross-complaint, or motion to strike.

The affidavit or affidavits in support of the motion must contain facts sufficient to entitle plaintiff or defendant to a judgment in the action, and the facts stated therein shall be within the personal knowledge of the affiant, and shall be set forth with particularity, and each affidavit shall show affirmatively that affiant, if sworn as a witness, can testify competently thereto.

The affidavit or affidavits in opposition to said motion shall be made by the plaintiff or defendant, or by any other person having knowledge of the facts, and together shall set forth facts showing that the party has a good and substantial defense to the plaintiff's claim (or to a portion thereof) or that a good cause of action exists upon the merits. The facts stated in each affidavit shall be within the personal knowledge of the affiant, shall be set forth with particularity, and each affidavit shall show affirmatively that the affiant, if sworn as a witness, can testify competently thereto. When the party resisting the motion appears in a representative capacity, such as a trustee, guardian, executor, administrator, or receiver, then the affidavit in opposition by such representative may be made upon his information and belief.

If it appear that such defense applies only to a part of the plaintiff's claim, or that a good cause of action does not exist as to a part of the plaintiff's claim, or that any part of a claim is admitted or any part of a defense is conceded, the court shall, by order, so declare, and the claim or defense shall be deemed established as to so much thereof as is by such order declared and the cause of action may be severed accordingly, and the action may proceed as to the issues remaining between the parties. No judgment shall be entered prior to the termination of such action but the judgment in such action shall, in addition to any matters determined in such action, award judgment as established by the proceedings herein provided for. A judgment entered under this section is an appealable judgment as in other cases.

SEC. 49. Section 471.5 is added to the Code of Civil Procedure, to read:

471.5. If the complaint is amended, a copy of the amendments shall be filed, or the court may, in its discretion, require the complaint as amended to be filed, and a copy of the amendments or amended complaint must be served upon the defendants affected thereby. The defendant shall answer the amendments, or the complaint as amended, within 30 days after service thereof, or such other time as the court may direct, and judgment by default may be entered upon failure to answer, as in other cases.

SEC. 50. Section 581 of the Code of Civil Procedure is amended to read:

581. An action may be dismissed in the following cases:

1. By plaintiff, by written request to the clerk, filed with the papers in the case, or by oral or written request to the judge where there is no clerk, at any time before the actual commencement of trial, upon payment of the costs of the clerk or judge; provided, that affirmative relief has not been sought by the cross-complaint of the defendant. If a provisional remedy has been allowed, the undertaking shall upon such dismissal be delivered by the clerk or judge to the defendant who may have his action thereon. A trial shall be deemed to be actually commenced at the beginning of the opening statement of the plaintiff or his counsel, and if there shall be no opening statement, then at the time of the administering of the oath or affirmation to the first witness, or the introduction of any evidence.

2. By either party, upon the written consent of the other. No dismissal mentioned in subdivisions 1 and 2 of this section shall be granted unless upon the written consent of the attorney of record of the party or parties applying therefor, or if such consent is not obtained upon order of the court after notice to such attorney.

3. By the court, when either party fails to appear on the trial and the other party appears and asks for the dismissal,

or when a demurrer is sustained without leave to amend, or when, after a demurrer to the complaint has been sustained with leave to amend, the plaintiff fails to amend it within the time allowed by the court, and either party moves for such dismissal.

4. By the court, with prejudice to the cause, when upon the trial and before the final submission of the case, the plaintiff abandons it.

5. The provisions of subdivision 1, of this section, shall not prohibit a party from dismissing with prejudice, either by written request to the clerk or oral or written request to the judge, as the case may be, any cause of action at any time before decision rendered by the court. Provided, however, that no such dismissal with prejudice shall have the effect of dismissing a cross-complaint filed in said action. Dismissals without prejudice may be had in either of the manners provided for in subdivision 1 of this section, after actual commencement of the trial, either by consent of all of the parties to the trial or by order of court on showing of just cause therefor.

SEC. 51. Section 583 of the Code of Civil Procedure is amended to read:

583. (a) The court, in its discretion, may dismiss an action for want of prosecution pursuant to this subdivision if it is not brought to trial within two years after it was filed. The procedure for obtaining such dismissal shall be in accordance with rules adopted by the Judicial Council.

(b) Any action heretofore or hereafter commenced shall be dismissed by the court in which the same shall have been commenced or to which it may be transferred on motion of the defendant, after due notice to plaintiff or by the court upon its own motion, unless such action is brought to trial within five years after the plaintiff has filed his action, except where the parties have filed a stipulation in writing that the time may be extended. When, in any action after judgment, a motion for a new trial has been made and a new trial granted, such action shall be dismissed on motion of defendant after due notice to plaintiff, or by the court of its own motion, if no appeal has been taken, unless such action is brought to trial within three years after the entry of the order granting a new trial, except when the parties have filed a stipulation in writing that the time may be extended. When in an action after judgment, an appeal has been taken and judgment reversed with cause remanded for a new trial (or when an appeal has been taken from an order granting a new trial and such order is affirmed on appeal), the action must be dismissed by the trial court, on motion of defendant after due notice to plaintiff, or of its own motion, unless brought to trial within three years from the date upon which remittitur is filed by the clerk of the trial court.

(c) For the purposes of this section, "action" includes an action commenced by cross-complaint.

(d) The time during which the defendant was not amenable to the process of the court and the time during which the jurisdiction of the court to try the action is suspended shall not be included in computing the time period specified in this section.

SEC. 52. Section 626 of the Code of Civil Procedure is amended to read:

626. When a verdict is found for the plaintiff in an action for the recovery of money, or for the cross-complainant when a cross-complaint for the recovery of money is established, the jury must also find the amount of the recovery.

SEC. 53. Section 631.8 of the Code of Civil Procedure is amended to read:

631.8. After a party has completed his presentation of evidence in a trial by the court, the other party, without waiving his right to offer evidence in support of his defense or in rebuttal in the event the motion is not granted, may move for a judgment. The court as trier of the facts shall weigh the evidence and may render a judgment in favor of the moving party, in which case the court shall make findings as provided in Sections 632 and 634 of this code, or may decline to render any judgment until the close of all the evidence. Such motion may also be made and granted as to any cross-complaint.

If the motion is granted, unless the court in its order for judgment otherwise specifies, such judgment operates as an adjudication upon the merits.

SEC. 54. Section 666 of the Code of Civil Procedure is amended to read:

666. If a claim asserted in a cross-complaint is established at the trial and the amount so established exceeds the demand established by the party against whom the cross-complaint is asserted, judgment for the party asserting the cross-complaint must be given for the excess; or if it appears that the party asserting the cross-complaint is entitled to any other affirmative relief, judgment must be given accordingly.

When the amount found due to either party exceeds the sum for which the court is authorized to enter judgment, such party may remit the excess, and judgment may be rendered for the residue.

SEC. 55. Section 871.2 of the Code of Civil Procedure is amended to read:

871.2. As used in this chapter, "person" includes an unincorporated association.

SEC. 56. Section 871.3 of the Code of Civil Procedure is amended to read:

871.3. A good faith improver may bring an action in the superior court or, subject to Section 396, may file a cross-complaint in a pending action in the superior or municipal court for relief under this chapter. In every case, the burden is on the good faith improver to establish that he is entitled to relief under this chapter, and the degree of negligence of the good

faith improver should be taken into account by the court in determining whether the improver acted in good faith and in determining the relief, if any, that is consistent with substantial justice to the parties under the circumstances of the particular case.

SEC. 57. Section 871.5 of the Code of Civil Procedure is amended to read:

871.5. When an action or cross-complaint is brought pursuant to Section 871.3, the court may, subject to Section 871.4, effect such an adjustment of the rights, equities, and interests of the good faith improver, the owner of the land, and other interested parties (including, but not limited to, lessees, lienholders, and encumbrancers) as is consistent with substantial justice to the parties under the circumstances of the particular case. The relief granted shall protect the owner of the land upon which the improvement was constructed against any pecuniary loss but shall avoid, insofar as possible, enriching him unjustly at the expense of the good faith improver. In protecting the owner of the land against pecuniary loss, the court shall take into consideration the expenses the owner of the land has incurred in the action in which relief under this chapter is sought, including but not limited to reasonable attorney fees. In determining the appropriate form of relief under this section, the court shall take into consideration any plans the owner of the land may have for the use or development of the land upon which the improvement was made and his need for the land upon which the improvement was made in connection with the use or development of other property owned by him.

SEC. 58. Section 1048 of the Code of Civil Procedure is amended to read:

1048. (a) When actions involving a common question of law or fact are pending before the court, it may order a joint hearing or trial of any or all the matters in issue in the actions; it may order all the actions consolidated and it may make such orders concerning proceedings therein as may tend to avoid unnecessary costs or delay.

(b) The court, in furtherance of convenience or to avoid prejudice, or when separate trials will be conducive to expedition and economy, may order a separate trial of any cause of action, including a cause of action asserted in a cross-complaint, or of any separate issue or of any number of causes of action or issues, preserving the right of trial by jury required by the Constitution or a statute of this state or of the United States.

SEC. 59. Section 3522 of the Revenue and Taxation Code is amended to read:

3522. A defense or cross-complaint based on an alleged invalidity or irregularity of any deed to the state for taxes or of any proceeding leading up to deed can only be maintained in a proceeding commenced within one year after the date of recording the deed to the state in the county recorder's office or within one year after October 1, 1949, whichever is later.

21263. Upon the death of a patrol member after the effective date of this section and after the effective date of his retirement for service or for disability, including such members heretofore and hereafter retired, one-half his retirement allowance as it was at his death, excluding any portion of said allowance which is based on service other than highway patrol service or which was derived from accumulated additional contributions of the member, shall be continued throughout life or until remarriage, to his surviving wife. If there be no surviving wife entitled to an allowance hereunder, or if she die or remarry before every child of such deceased member attains the age of 18 years, then the allowance which the surviving wife would have received had she lived and not remarried shall be paid to his child or children under said age, collectively, to continue until every such child dies or attains said age; provided, that no child shall receive any allowance after marrying or attaining the age of 18 years. Should said member leave no surviving wife and no children under the age of 18 years, but leave a parent or parents dependent upon him for support, the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving wife otherwise would have received, during such dependency. No allowance, however, shall be paid under this

section to a surviving wife unless she was married to the member at least one year prior to his retirement. If at the effective date of said retirement, said member has no wife, children or dependent parents, who would so qualify and if said member elects as provided in Section 21330 to have the actuarial equivalent of his retirement allowance applied to a lesser retirement allowance, in accordance with an optional settlement, no allowance shall be paid under this Section 21263.

The amendments to this section at the 1971 Regular Session providing for continuation of one-half of the allowance of a person retired for ordinary disability shall not apply to allowances of persons whose effective date of retirement for ordinary disability was prior to the operative date of such amendments.

SEC. 2. Section 21263.1 of the Government Code is amended to read:

21263.1. Upon the death of a law enforcement member after the effective date of this section and after the effective date of his retirement for service or for disability, including such members heretofore and hereafter retired, one-half his retirement allowance as it was at his death, excluding any portion of said allowance which is based on service other than law enforcement service or which was derived from accumulated additional contributions of the member, shall be continued throughout life or until remarriage, to his surviving wife. If there be no surviving wife entitled to an allowance hereunder, or if she die or remarry before every child of such deceased member attains the age of 18 years, then the allowance which the surviving wife would have received had she lived and not remarried shall be paid to his child or children under said age, collectively, to continue until every such child dies or attains said age; provided, that no child shall receive any allowance after marrying or attaining the age of 18 years. Should said member leave no surviving wife and no children under the age of 18 years, but leave a parent or parents dependent upon him for support, the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving wife otherwise would have received, during such dependency. No allowance, however, shall be paid under this section to a surviving wife unless she was married to the member at least one year prior to his retirement. If at the effective date of said retirement, said member has no wife, children or dependent parents, who would so qualify and if said member elects as provided in Section 21330 to have the actuarial equivalent of his retirement allowance applied to a lesser retirement allowance, in accordance with an optional settlement, no allowance shall be paid under this section.

Upon the death of a local safety member after the effective date of this section and after the effective date of his retirement for service or for disability, including such members heretofore and hereafter retired, one-half his retirement allowance as it was at his death, excluding any portion of said allowance which is based on service other than service credited to him as a local safety member or any service rendered as an employee of the state or a contracting agency not subject to the provisions of this section or which was derived from accumulated additional contributions of the member, shall be continued throughout life or until remarriage, to his surviving spouse. If there be no surviving spouse entitled to an allowance hereunder, or if she die or remarry before every child of such deceased member attains the age of 18 years, then the allowance which the surviving spouse would have received had she lived and not remarried shall be paid to his child or children under said age, collectively, to continue until every such child dies or attains said age; provided, that no child shall receive any allowance after marrying or attaining the age of 18 years. Should said member leave no surviving spouse and no children under the age of 18 years, but leave a parent or parents dependent upon him for support, the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving spouse otherwise would have received, during such dependency. No allowance, however, shall be paid under this section to a surviving spouse unless she was married to the member at least one year prior to his retirement. If at the effective date of said retirement, said member has no spouse, children or dependent parents, who would so qualify and if said member elects as provided in Section 21330 to have the actuarial equivalent of his retirement allowance applied to a lesser retirement allowance, in accordance with an optional settlement, no allowance shall be paid under this Section 21264.

This section shall not apply to any contracting agency nor to the employees of any contracting agency unless and until the agency elects to be subject to the provisions of this section by amendment to its contract made in the manner prescribed for approval of contracts, except that an election among the employees is not required, or, in the case of contracts made after the date this section takes effect, by express provision in such contract making the contracting agency subject to the provisions of this section.

This section applies to the surviving husband of a local safety member, but only if he was dependent upon her, as well as the surviving wife of a local safety member.

The amendments to this section at the 1971 Regular Session providing for continuation of one-half of the allowance of a person retired for ordinary disability shall not apply to allowances of persons whose effective date of retirement for ordinary disability was prior to the operative date of such amendments.

SEC. 4. This act shall become operative on the first of the month following the month in which statutes enacted at the 1971 Regular Session become effective.

The revolving fund shall be reimbursed from service fees, connection charges, tax revenues or other moneys available from the service area, and no sums shall be disbursed from the fund until the board has, by resolution, established the method by and term, not exceeding five years, within which the county service area is to reimburse the fund. CHAPTER 10.5. STATE EMPLOYEE ORGANIZATIONS

3525. It is the purpose of this chapter to promote the improvement of personnel management and employer-employee relations between the State of California and its employees by providing a uniform basis for recognizing the right of public employees to join organizations of their own choice and be represented by such organizations in their employment relationships with the state. Nothing contained herein shall be deemed to supersede the provisions of existing state law which establish and regulate a merit or civil service system or which provide for other methods of administering employer-employee relations. This chapter is intended, instead, to strengthen merit, civil service and other methods of administering employer-employee relations through the establishment of uniform and orderly methods of communication between employees and the state.

3526. As used in this chapter:

(a) "Employee organization" means any organization which includes employees of the state and which has as one of its primary purposes representing its members in employer-employee relations.

(b) The provisions of this chapter apply only to the State of California. The "State of California" as used in this chapter means such state agencies, boards, commissions, administrative officers, or other representatives as may be designated by law.

(c) "Public employee" means any person employed by the state, including employees of fire departments or fire services of the state, excepting those persons elected by popular vote or appointed to office by the Governor of this state.

3527. Except as otherwise provided by the Legislature, state employees shall have the right to form, join, and participate in the activities of employee organizations of their own choosing for the purpose of representation on all matters of employer-employee relations. State employees also shall have the right to refuse to join or participate in the activities of employee organizations and shall have the right to represent themselves individually in their employment relations with the state.

3528. Employee organizations shall have the right to represent their members in their employment relations with the state. Employee organizations may establish reasonable restric-

tions regarding who may join and may make reasonable provisions for the dismissal of individuals from membership. Nothing in this section shall prohibit any employee from appearing in his own behalf in his employment relations with the state.

3529. The scope of representation shall include all matters relating to employment conditions and employer-employee relations, including, but not limited to, wages, hours, and other terms and conditions of employment.

3530. The state by means of such boards, commissions, administrative officers or other representatives as may be properly designated by law, shall meet and confer with representatives of employee organizations upon request, and shall consider as fully as such representatives deem reasonable such presentations as are made by the employee organization on behalf of its members prior to arriving at a determination of policy or course of action.

3531. The state and employee organizations shall not interfere with, intimidate, restrain, coerce, or discriminate against state employees because of their exercise of their rights under Section 3527.

3532. The state may adopt reasonable rules and regulations for the administration of employer-employee relations under this chapter.

Such rules and regulations may include provisions for (a) verifying that an organization does in fact represent employees of the state (b) verifying the official status of employee organization officers and representatives (c) access of employee organization officers and representatives to work locations (d) use of official bulletin boards and other means of communication by employee organizations (e) furnishing nonconfidential information pertaining to employment relations to employee organizations (f) such other matters as are necessary to carry out the purposes of this chapter.

For employees in the state civil service, rules and regulations in accordance with this section may be adopted by the State Personnel Board.

3533. Professional employees shall not be denied the right to be represented separately from nonprofessional employees by a professional employee organization consisting of such professional employees.

“Professional employees,” for the purposes of this section, means employees engaged in work requiring specialized knowledge and skills attained through completion of a recognized course of instruction, including, but not limited to, attorneys, physicians, registered nurses, engineers, architects, teachers, and the various types of physical, chemical, and biological scientists.

3534. In addition to those rules and regulations the state may adopt pursuant to and in the same manner as in Section 3532, the state may adopt reasonable rules and regulations providing for designation of the management and confidential

employees of the state and restricting such employees from representing any employee organization, which represents other employees of the state, on matters within the scope of representation. Except as specifically provided otherwise in this chapter, this section does not otherwise limit the right of employees to be members of and to hold office in an employee organization.

3535. The state may, in accordance with reasonable standards, designate positions or classes of positions which have duties consisting primarily of the enforcement of state laws, and may by resolution adopted after a public hearing, limit or prohibit the right of employees in such positions or classes of positions to form, join or participate in employee organizations where it is in the public interest to do so; however, the state may not prohibit the right of its employees who are full-time "peace officers," as that term is defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, to join or participate in employee organizations which are composed solely of such peace officers, which concern themselves solely and exclusively with the wages, hours, working conditions, welfare programs, and advancement of the academic and vocational training in furtherance of the police profession, and which are not subordinate to any other organization.

The right of employees to form, join and participate in the activities of employee organizations shall not be restricted by the state on any grounds other than those set forth in this section.

3536. The enactment of this chapter shall not be construed as making the provisions of Section 923 of the Labor Code applicable to public employees.

SEC. 7. The provisions of this act do not constitute a change in, but are declaratory of, the preexisting law.

CHAPTER 260

An act to amend Sections 5900 and 5901 of, and to add Sections 1819, 4602.5, 5906.5, and 28053 to, the Vehicle Code, relating to motor vehicles.

[Approved by Governor July 2, 1971 Filed with
Secretary of State July 2, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 1819 is added to the Vehicle Code, to read:

1819. All records of the department containing information as to the actual mileage of motor vehicles submitted as required by Sections 5900 and 5901, and information submitted pursuant to Section 28053, shall be open to inspection by the public during the office hours of the department.

SEC. 2. Section 4602.5 is added to the Vehicle Code, to read:

4602.5. Every registration card and every potential registration card issued by the department after the effective date of this section shall include a space to show the mileage on the vehicle's odometer.

SEC. 3. Section 5900 of the Vehicle Code is amended to read:

5900. (a) Whenever the owner of a vehicle registered under this code sells or transfers his title or interest in, and delivers the possession of, the vehicle to another, the owner shall immediately notify the department of the sale or transfer giving the date thereof, the name and address of the owner and of the transferee, and such description of the vehicle as may be required in the appropriate form provided for such purpose by the department.

(b) Except as otherwise provided in subdivision (c), in the case of a vehicle under 6,001 pounds, manufacturer's maximum gross vehicle weight rating, the owner shall also notify the department of the actual mileage of the vehicle as indicated by the vehicle's odometer at the time of sale or transfer.

(c) Whenever the registered owner is not in possession of the vehicle that is sold or transferred, the person in physical possession of such vehicle shall give the notice required by subdivision (b).

SEC. 4. Section 5901 of the Vehicle Code is amended to read:

5901. (a) Every dealer upon transferring by sale, lease or otherwise any vehicle, whether new or used, of a type subject to registration under this code, shall, not later than the end of the third business day thereafter of the dealer, give written notice of the transfer to the department upon an appropriate form provided by it.

(b) Except as otherwise provided in this subdivision or in subdivision (c), in the case of a vehicle under 6,001 pounds, manufacturer's maximum gross vehicle weight rating, the dealer shall indicate on the form the actual mileage of the vehicle as indicated by the vehicle's odometer at the time of the transfer. A dealer need not give the notice when selling or transferring a new unregistered vehicle to another dealer.

(c) When the dealer is not in possession of the vehicle that is sold or transferred, the person in physical possession of such vehicle shall give the information required by subdivision (b).

(d) A "sale" shall be deemed completed and consummated, for the purposes of this section, when the purchaser of that vehicle has paid the purchase price, or, in lieu thereof, has signed a purchase contract or security agreement, and taken physical possession or delivery of that vehicle.

SEC. 4.5. Section 5901 of the Vehicle Code is amended to read:

5901. (a) Every dealer upon transferring by sale, lease or otherwise any vehicle, whether new or used, of a type subject to registration under this code, shall, not later than the end of the third business day thereafter of the dealer, give written notice of the transfer to the department at its headquarters upon an appropriate form provided by it.

(b) Except as otherwise provided in this subdivision or in subdivision (c), in the case of a vehicle under 6,001 pounds, manufacturer's maximum gross vehicle weight rating, the dealer shall indicate on the form the actual mileage of the vehicle as indicated by the vehicle's odometer at the time of the transfer. A dealer need not give the notice when selling or transferring a new unregistered vehicle to another dealer.

(c) When the dealer is not in possession of the vehicle that is sold or transferred, the person in physical possession of such vehicle shall give the information required by subdivision (b).

(d) A "sale" shall be deemed completed and consummated, for the purposes of this section, when the purchaser of that

vehicle has paid the purchase price, or, in lieu thereof, has signed a purchase contract or security agreement, and taken physical possession or delivery of that vehicle.

SEC. 5. Section 5906.5 is added to the Vehicle Code, to read:

5906.5. (a) Except as otherwise provided in subdivision (b), in the case of any transfer, including, but not limited to, a transfer resulting from a sale, lease, gift, or auction, of a vehicle under 6,001 pounds, manufacturer's maximum gross weight rating, where no application for transfer is required, the person making such transfer, or his authorized representative shall sign and shall record on the document evidencing the transfer of the vehicle the actual mileage of the vehicle as indicated by the vehicle's odometer at the time of the transfer.

(b) Whenever the person making such transfer is not in possession of the vehicle that is transferred, the person in physical possession of such vehicle shall provide the information required by subdivision (a).

SEC. 6. Section 28053 is added to the Vehicle Code, to read:

28053. Any person who works on or repairs an odometer, or who replaces an odometer, of a vehicle under 6,001 pounds, manufacturer's maximum gross vehicle weight rating, shall report the following information to the Department of Motor Vehicles:

(1) The name of the person for whom the work was performed.

(2) Such description of the vehicle in which the odometer is to be installed, as may be required by the Department of Motor Vehicles in an appropriate form provided by it.

(3) Whether the odometer was repaired or whether it was replaced.

(4) The mileage shown on the odometer when the person commences to work on or repair the odometer.

(5) The mileage shown on the odometer when it was returned to the person for whom the work or repair was performed.

SEC. 7. It is the intent of the Legislature, if this bill and Assembly Bill No. 805 are both chaptered and amend Section 5901 of the Vehicle Code, and this bill is chaptered after Assembly Bill No. 805, that the amendments to Section 5901 proposed by both bills be given effect and incorporated in Section 5901 in the form set forth in Section 4.5 of this act. Therefore, if Assembly Bill No. 805 is chaptered before this bill and amends Section 5901, Section 4 of this act shall not become operative.

CHAPTER 261

An act to amend Section 30108 of, and to repeal Section 30105 of, the Revenue and Taxation Code, relating to cigarette tax.

[Approved by Governor July 2, 1971. Filed with Secretary of State July 2, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 30105 of the Revenue and Taxation Code is repealed.

SEC. 2. Section 30108 of the Revenue and Taxation Code is amended to read:

30108. (a) Every distributor engaged in business in this state and selling or accepting orders for cigarettes with respect to the sale of which the tax imposed by Section 30101 is inapplicable shall, at the time of making the sale or accepting the order or, if the purchaser is not then obligated to pay the tax with respect to his distribution of the cigarettes, at the time the purchaser becomes so obligated, collect the tax from the purchaser, if the purchaser is other than a licensed distributor, and shall give to the purchaser a receipt therefor in the manner and form prescribed by the board.

(b) Every person engaged in business in this state and making gifts of untaxed cigarettes as samples with respect to which the tax imposed by Section 30101 is inapplicable shall, at the time of making the gift or, if the donee is not then obligated to pay the tax with respect to his distribution of the cigarettes, at the time the donee becomes so obligated, collect the tax from the donee, if the donee is other than a licensed distributor, and shall give the donee a receipt therefor in the manner and form prescribed by the board. This section shall not apply to those distributions of cigarettes which are exempt from tax under Section 30105.5.

(c) "Engaged in business in the state" means and includes any of the following:

(1) Maintaining, occupying, or using, permanently or temporarily, directly or indirectly, or through a subsidiary, or agent, by whatever name called, an office, place of distribution, sales or sample room or place, warehouse or storage place or other place of business.

(2) Having any representative, agent, salesman, canvasser or solicitor operating in this state under the authority of the distributor or its subsidiary for the purpose of selling, delivering, or the taking of orders for cigarettes.

(d) The taxes required to be collected by this section constitute debts owed by the distributor, or other person required to collect the taxes, to the state.

SEC. 3. Notwithstanding Section 30462 of the Revenue and Taxation Code, no funds shall be appropriated from the revenue generated by this act nor shall such funds be used for purposes of computations under such section, but such funds shall be transferred to the State General Fund.

CHAPTER 262

An act relating to physicians and surgeons.

[Approved by Governor July 2, 1971. Filed with
Secretary of State July 2, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of law, the Board of Medical Examiners of the State of California shall permit any person to take the examination referred to in Sections 2321 and 2323 of the Business and Professions Code if he applies to take the examination within 90 days after the effective date of this act, and if he also meets all of the following requirements:

- (a) He is a graduate of a foreign medical school.
- (b) He has served a residency in neurology and psychiatry in the foreign country where he attended medical school.
- (c) He is a citizen of the United States.
- (d) He has been licensed to engage in the practice of medicine in at least one state in the United States for at least 25 years.
- (e) While a member of the armed forces of the United States, he practiced as a physician and surgeon in a Veteran's Administration Hospital.
- (f) He is eligible to take or has successfully taken the specialty examination in neuropsychiatry administered by the American Board of Psychiatry and Neurology.

If the applicant successfully passes the examination referred to in Sections 2321 and 2323 of the Business and Professions Code, the board shall issue him a reciprocity certificate.

SEC. 2. This act shall have no force and effect on and after 90 days after its effective date.

CHAPTER 263

An act to add Sections 54779.5 and 56012.5 to the Government Code, relating to local agencies.

[Approved by Governor July 2, 1971. Filed with
Secretary of State July 2, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 54779.5 is added to the Government Code, to read:

54779.5. Notwithstanding the provisions of Section 54779, if any proposal involves a special district which is, or as a result of a proposed incorporation or annexation would be located in more than one county, exclusive jurisdiction for that proposal over the matters authorized and required by this

chapter may be vested in the commission of a county, other than the principal county, in which territory of the special district is located or is proposed to be located, provided that:

(a) The commission of the principal county agrees to having the exclusive jurisdiction vested in the commission of another county; and

(b) The commission of the principal county designates the commission of another county which shall assume exclusive jurisdiction; and

(c) The commission of the county so designated agrees to assume exclusive jurisdiction.

SEC. 2. Section 56012.5 is added to the Government Code, to read:

56012.5. Notwithstanding the provisions of Section 56012, if a proposed change of organization or a reorganization shall apply to two or more affected counties, for purposes of this division, exclusive jurisdiction may be vested in the officers of an affected county other than the principal county provided that:

(a) The commission of the principal county approves of having exclusive jurisdiction vested in another affected county; and

(b) The commission of the principal county designates the affected county which shall assume exclusive jurisdiction; and

(c) The commission of the affected county so designated agrees to assume exclusive jurisdiction.

If exclusive jurisdiction is vested in an affected county other than the principal county pursuant to this section, any notices, proceedings, orders, or any other acts authorized or required to be given, taken or made by the commission, board of supervisors, clerk of a county or any other officer of a county, shall be given, taken or made by the persons holding such offices in such affected county. Any officer of a county other than such affected county shall cooperate with the officers of such affected county and shall furnish the officers of such affected county with such certificates, records or certified copies of records as may be necessary to enable the officers of such affected county to comply with this division.

CHAPTER 264

An act to amend Section 37943 of the Agricultural Code, relating to food.

[Approved by Governor July 2, 1971. Filed with Secretary of State July 2, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 37943 of the Agricultural Code is amended to read:

37943. Coldpack cheese food shall be sold to the consumer in a prepackaged form which shall be labeled in accordance with the requirements of Section 37944 and shall contain no more than two pounds in weight. Nothing in this section shall preclude the sale of coldpack cheese food for institutional and industrial use in packages larger than two pounds or the use of coldpack cheese food in prepared foods. Coldpack cheese food may be cut, wrapped, and packaged on the premises of sale or any room meeting the requirements of Section 33901.

CHAPTER 265

An act to amend Sections 56293 and 56294 of the Government Code, relating to local agency formation commissions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 2, 1971 Filed with
Secretary of State July 2, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 56293 of the Government Code is amended to read:

56293. After the expiration of 35 days from the date of adoption of the commission's resolution making determinations, the commission may by resolution certify to the board of supervisors of the principal county:

(a) That the executive officer was unable to effect mailing or delivery of a certified copy of the commission's resolution making determinations to any conducting district by reason of:

(1) The failure of the board of directors of a conducting district to make the filing required by Section 53051; or

(2) The return, undelivered, of such certified copy after having been mailed to the clerk of a conducting district at the address specified in the filing required by Section 53051; or

(b) That the board of directors of a conducting district has failed or refused to initiate, conduct or complete proceedings for the change of organization in compliance with the commission's resolution making determinations or has failed to comply with any terms or conditions thereof.

SEC. 2. Section 56294 of the Government Code is amended to read:

56294. At any time after the adoption of a resolution of certification pursuant to Section 56293, the board of supervisors may assume jurisdiction to initiate, conduct and complete any proceedings for the change of organization and to enforce compliance with any terms or conditions thereto referred to in such resolution. Upon the assumption of such jurisdiction, said board of supervisors and the clerk and other officers of the

county shall have exclusive jurisdiction with respect thereto and may exercise all powers and duties vested in the board of directors of a conducting district and the clerk or other officers of such district. Any jurisdiction assumed and exercised by the board of supervisors and the clerk or other officers of the county pursuant to this section shall be given the same force and effect as if taken by the board of directors, if any, of a conducting district and the clerk or officers thereof.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health and safety within the meaning of Article 4 of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The legislative intent regarding the purposes and functions of local agency formation commissions and board of supervisors in enforcing compliance with the determinations of local agency formation commissions on changes of organization are being thwarted by an improper interpretation of the present provisions of Government Code Sections 56293 and 56294. These provisions are being interpreted in a manner which makes them inapplicable to the conducting district if that district merely initiates proceedings for a change of organization, even though it does not conduct or complete such proceedings or comply with the terms and conditions thereof in compliance with the commission's resolution making determinations. This statute will more clearly declare this legislative intent, and avoid such misinterpretations.

CHAPTER 266

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 3, 1971. Filed with Secretary of State July 3, 1971.]

I object to the following appropriations in Senate Bill No. 207:

Item 18—For support of the Supreme Court, Courts of Appeal and Judicial Council. I reduce this item from \$8,775,741 to \$8,425,000.

I am approving this item at the level originally proposed in my budget. The courts have sufficient administrative flexibility to meet work load needs.

Item 60—For support of the Commission on California State Government Organization and Economy I reduce this item from \$53,000 to \$50,564.

I have reduced this item to eliminate funds for a salary increase for the executive secretary.

Item 61—For support of California Commission on Interstate Cooperation. I reduce this item from \$115,530 to \$110,730

I am eliminating the funds proposed for operating expense and travel. Any expenses incurred other than California's share to the Council of State Government must come from other sources.

Item 62—For support of the Military Department I reduce this item from \$4,152,938 to \$4,112,938 by deleting paragraph (bx) Minor capital outlay.

I have eliminated the augmentation for security fencing at Camp San Luis Obispo. I included funds in my budget for the highest priority security problems of the Department.

Item 65—For support of Public Utilities Commission. I reduce this item from \$6,970,057 to \$6,500,000 by reducing paragraph (a) Personal Services from \$10,996,639 to \$10,536,971 and paragraph (b) Operating Expenses and Equipment from \$2,047,343 to \$2,036,954

The level of expenditure which I am approving is consistent with the original budget and provides sufficient resources for the Commission to meet its responsibilities in an efficient manner.

Item 78—For support of increases in compensation for judges. I reduce this item from \$820,144 to \$100

In a time of great financial stress, employees generally must forego a salary increase. It would be improper to grant one segment of public service an increase while not granting it to others

Item 80 1—For Salary Increase Fund I eliminate this item

This item is eliminated in view of the condition of the State's resources, the amount of increases granted state employees in recent years, and of the Administration-sponsored fringe benefit package granted to employees this year.

Item 80 2—For University salary increases I eliminate this item.

Academic salaries in the University of California remain in the top 5 percent of all universities in the country. At a time when the resources of these same universities, as well as those of this State, are strained, further salary increases cannot be granted.

Item 80.4—For California State Colleges salary increases. I eliminate this item.

In view of the needs of other state programs, the relative adequacy of current pay levels, and past salary considerations, no additional increases can be granted this year.

Item 92—For support of Department of Commerce I reduce this item from \$1,501,827 to \$1,274,676 by reducing paragraph (a) Personal Services from \$1,198,430 to \$1,087,608 and paragraph (b) Operating Expenses and Equipment from \$309,397 to \$193,068

I have eliminated the legislative augmentation for the public education in science and industry program. I believe this amount is sufficient to meet the essential needs of this program.

Item 95—For support of State Athletic Commission. I reduce this item from \$192,800 to \$152,800.

I have eliminated the legislative augmentation and returned this item to a level consistent with the present requirements of the program.

Item 106—For support of State Board of Dry Cleaners. I reduce this item from \$318,970 to \$40,000.

I have eliminated the legislative augmentation since it is inconsistent with the provisions of Reorganization Plan 2 of 1971.

Item 111—For support of State Board of Guide Dogs for the Blind. I reduce this item from \$5,000 to \$2,600.

I have eliminated the legislative augmentation and reduced this item to an amount sufficient enough to continue the program at the current level of service

Item 173—For support of California Highway Patrol I reduce this item from \$132,476,890 to \$131,625,940 by reducing paragraph (a) Personal Services from \$110,033,581 to \$109,182,631

I am eliminating the \$850,950 included to provide uniform allowances since to grant such a benefit to only one group of employees would be inequitable.

Item 191—For support of State Lands Division, Department of Conservation I reduce this item from \$1,620,800 to \$1,520,800 by reducing paragraph (a) Personal Services from \$2,151,874 to \$2,101,874 and paragraph (b) Operating Expenses and Equipment from \$522,259 to \$472,259

This General Fund augmentation is not essential to the basic mission of the State Lands Division of the Department of Conservation.

Item 214—For support of Department of Water Resources (flood control projects) I reduce this item from \$4,500,000 to \$4,000,000

This item provides State reimbursement to local jurisdictions for the costs of lands, easements, and rights-of-way related to authorized flood control projects. The \$4,000,000 appropriation level is considered sufficient to meet the needs for projects currently authorized under State law.

Item 216—For support of the Department of Corrections I reduce this item from \$106,577,534 to \$105,777,534 by reducing (e) V Community Correctional Program from \$14,217,751 to \$13,417,751.

\$800,000 in federal funds have been included in the Department of Rehabilitation's budget to fund a behavioral program in the Department of Corrections I am leaving \$200,000 in this program to provide the necessary General Fund support

I am also deleting the following language, which constitutes an appropriation, from Item 216:

"provided further, that it is the intent that any savings in this item be used by the department to distribute the inmate population under its jurisdiction on the basis of one inmate per cell."

Any savings which result from the closure of conservation camps or from efficiency in the operation thereof, should be available for expenditures to be determined by officials of the Department of Corrections, who are responsible by law for making such determinations. There may be needs other than single cells for inmates during the 1971-72 fiscal year within our correctional institutions which merit a higher priority. Department officials must retain the flexibility to use any operational savings for programs which they deem to fall within the highest priorities.

Item 220—For support of the Department of the Youth Authority I reduce this item from \$50,681,933 to \$50,537,933 by reducing the Rehabilitation Services program from \$48,755,980 to \$48,611,980

\$144,000 in federal funds have been included in the Department of Rehabilitation's budget to fund a behavioral program involving the Department of the Youth Authority. This augmentation is unnecessary. I am leaving \$36,000 in this item to provide the necessary General Fund support for this program

Item 229—For transfer to the Health Care Deposit Fund to provide for Medical Assistance Program expenditures I reduce this item from \$734,877,719 to \$597,097,750 and reduce the County Option Program limitation from \$65,000,000 to \$35,000,000

I am reducing this appropriation to reflect the most recent cost estimates for implementation of the Medi-Cal Reform Plan. I am also reducing the County Option Program limitation to the amount originally budgeted.

It is within the power of the administrative and legislative branches to provide meaningful reform for this program.

Item 232—For support of Department of Human Resources Development. I reduce this item from \$5,243,893 to \$3,743,893 by reducing paragraph (a) General Fund from \$5,167,913 to \$3,667,913.

Basically the same level of service is provided in the service center areas with the influx of Federally funded positions, increases in the WIN program and increased rehabilitation service

Item 238—For support of Department of Industrial Relations. I reduce this item from \$22,883,392 to \$21,702,374 as follows:

IX. The Prevention and Elimination of Discrimination in Employment and Housing -----	-170,730
Elements	
A. Prevention and elimination of discrimination in employment -----	-170,730

I am reducing this item to the amount proposed in the Department of Industrial Relation's budget for 1971-72, which adequately provides for the total program requirements of that Department.

Item 239—For support of Department of Mental Hygiene. I reduce this item from \$6,753,700 to \$6,603,700 by reducing paragraph (a) (2) Operating Expenses and Equipment from \$3,396,271 to \$3,246,271

The department has the staffing and resources necessary to update SCOPE staffing standards without additional funds.

Item 240—For support of Department of Mental Hygiene. I reduce this item from \$6,770,202 to \$4,948,193 by reducing paragraph (a) (2) Psychiatric Technician Training from \$2,325,881 to \$1,253,956 and by eliminating paragraphs (a) (5) Special Projects and (a) (6) Student Stipend Program and by reducing paragraph (b) Research Program from \$1,234,037 to \$785,953

Training funds in the Department have been reduced consistent with the decline in patient population

Research funds have been reduced in order that the limited resources available can be channeled for direct care of patients through the maintenance of nursing staffing levels at 100 percent of SCOPE standards

I have approved augmentations of \$126,500 for Drug Abuse Research at Mendocino State Hospital, \$71,400 for Sexual Behavior Research at Atascadero State Hospital, and \$45,900 for Alcoholism Research at Patton State Hospital.

Item 242—For support of Department of Mental Hygiene I reduce this item from \$19,888,465 to \$16,360,075

By reducing admissions to DeWitt State Hospital and by accelerating the placement of patients into community facilities, the Department will be able to operate the hospital within the funds I have proposed. With the continuing decline in state hospital population, it is neither economical nor desirable from the patients' viewpoint to continue operating all the hospitals. The current excess bed capacity will enable us to care for patients in the most up to date facilities available within the system

I have eliminated two Protestant Chaplain positions leaving each state hospital with one such position. With the continuing decline in state hospital population there is no justification for retaining more than one Protestant Chaplain at each facility

I have also deleted the following language from Item 242 which limits the availability of any funds for any hospital on the condition that all hospitals will be continuously open and accepting admissions for the entire fiscal year.

"Provided, that the funds appropriated by this item shall be available only if all of the following hospitals are continuously open during the 1971-72 fiscal year and operated by the state and are accepting admissions:

Agnews State Hospital
 Atascadero State Hospital
 Camarillo State Hospital
 DeWitt State Hospital
 Mendocino State Hospital
 Metropolitan State Hospital
 Napa State Hospital
 Patton State Hospital
 Stockton State Hospital
 Fairview State Hospital
 Pacific State Hospital
 Porterville State Hospital
 Sonoma State Hospital "

This limitation is an infringement upon my constitutional authority as a violation of the separation of powers, it also destroys my constitutional right to reduce or eliminate an item of appropriation.

Item 243—For support of Department of Mental Hygiene—Program for the Mentally Retarded I reduce this item from \$84,485,873 to \$83,983,873.

The Budget I submitted to the Legislature in February includes funds for 160 new nursing positions. This represents the third increment of a 5-year plan toward reaching 100 percent of SCOPE staffing standards. The addition of these positions together with the continuing decline in state hospital population will allow the department to reach 91 percent of the standard in 1971-72. In keeping with the 5-year plan, we will attain 100 percent of standard by June 30, 1974, without an additional augmentation in 1971-72.

With the continuing decline in state hospital population within the system, it is neither economical nor desirable from the patient's viewpoint to continue operating all the hospitals. The current excess bed capacity will enable us to care for patients in the most up to date facilities available within the system.

I have also deleted the following language from Item 243 which limits the availability of any funds for any hospital on the condition that all hospitals will be continuously open and accepting admissions for the entire fiscal year:

"Provided, that the funds appropriated by this item shall be available only if all of the following hospitals are continuously open during the 1971-72 fiscal year and operated by the state and are accepting admissions.

Agnews State Hospital
 Atascadero State Hospital
 Camarillo State Hospital
 DeWitt State Hospital
 Mendocino State Hospital
 Metropolitan State Hospital
 Napa State Hospital
 Patton State Hospital
 Stockton State Hospital
 Fairview State Hospital
 Pacific State Hospital
 Porterville State Hospital
 Sonoma State Hospital."

This limitation is an infringement upon my constitutional authority as a violation of the separation of powers, it also destroys my constitutional right to reduce or eliminate an item of appropriation

Item 244—I have deleted the following language from Item 244 which limits the availability of any funds for any hospital on the condition that all hospitals will be continuously open and accepting admissions for the entire fiscal year:

"Provided, that the funds appropriated by this item shall be available only if all of the following hospitals are continuously open during the 1971-72 fiscal year and operated by the state and are accepting admissions:

Agnews State Hospital
 Atascadero State Hospital
 Camarillo State Hospital
 DeWitt State Hospital
 Mendocino State Hospital
 Metropolitan State Hospital
 Napa State Hospital
 Patton State Hospital
 Stockton State Hospital
 Fairview State Hospital
 Pacific State Hospital
 Porterville State Hospital
 Sonoma State Hospital."

This limitation is an infringement upon my constitutional authority as a violation of the separation of powers, it also destroys my constitutional right to reduce or eliminate an item of appropriation.

Item 245—For support of Department of Public Health. I reduce this item from \$10,347,867 to \$10,044,507.

Increased effort by the Federal Government under the newly enacted Occupational Health and Safety Act of 1970, Public Law 91-596, will permit a reduction in the state level of this program

Item 248—For assistance to counties for services to physically handicapped children I reduce this item from \$14,480,400 to \$13,280,400 by reducing paragraph (b) treatment from \$12,189,028 to \$11,589,028 and by increasing paragraph (j) estimated family repayment from —\$1,080,000 to —\$1,680,000

The treatment item as reduced provides a \$300,000 increase for treatment over 1970-71. Estimated family repayments are increased \$600,000 to reflect the adoption of a revised repayment schedule.

Item 252—For assistance to local agencies in the establishment and operation of mental retardation diagnostic and counseling centers. I reduce this item from \$20,947,653 to \$20,647,653

Federal funds available under Public Law 91-517 (Development Disabilities Act) will be sufficient to provide for the operation of a regional center in each of the 13 mental retardation planning areas

Item 253—For support of Department of Rehabilitation. I reduce this item from \$7,368,098 to \$6,882,098 by reducing paragraph (a) Vocational Rehabilitation of the Disabled from \$7,218,029 to \$6,732,029.

The Department of Rehabilitation can by re-evaluating existing resources maximize federal funds to rehabilitate welfare recipients. Therefore, I am reducing this item by \$250,000.

In addition, I am reducing this item by \$236,000 relating to Behavioral Disorder programs. These programs will be conducted through the Department of Corrections and the Youth Authority with the necessary General Funds I have provided in those two departments.

Item 255—I have deleted the following appropriation language contained in Item 255 which attempts to establish an open-ended appropriation for the state's share of public assistance programs.

"Provided further, that in order to avoid any resultant and inequitable increase in local property taxes, the Controller shall approve expenditures in those amounts made necessary by changes in either caseload or payments, or both, which are in excess of Budget Bill estimates for 1971-72 and funds necessary to make such expenditures are hereby appropriated in addition to any other appropriation contained in this item"

An open-ended appropriation is one which authorizes the appropriation of expenditures of an unlimited amount I hereby reduce Item 255 to \$573,-573,000, which is all that is needed to provide the necessary funds for this program if the welfare reform legislation previously submitted is enacted in a timely manner.

Item 259—For cost of Special Social Services. I reduce this item from \$6,053,385 to \$5,923,385 by reducing paragraph (f) from \$608,000 to \$88,000 and paragraph (i) from \$42,763,520 to \$42,373,520.

The need for social work stipends is no longer justified in view of the current availability of qualified social work professionals.

Item 263—For support of Department of Education. I reduce this item from \$11,065,000 to \$5,065,000 by eliminating paragraph (bx) Duffy-Moscone Family Nutrition Education and Services Act of 1970.

I have eliminated funds for the Duffy-Moscone Family Nutrition Education and Services Act of 1970 since increased federal funding will sustain a statewide program.

Item 263.5—For support of the master teacher program, Department of Education. I eliminate this item.

I have eliminated this item since pending legislation now carries an appropriation for this same purpose.

Item 270.1—For transfer by the State Controller from the General Fund to the State School Fund I eliminate this item.

I have eliminated this item inasmuch as there has been no clearly demonstrated need for additional funds nor any identification of the benefits which may be expected.

Item 273—For support of special elementary school reading instruction programs and Project SHARE pilot tutoring programs, Department of Education I reduce this item from \$18,835,000 to \$18,360,000

I have reduced this item to the amount originally budgeted for this program area inasmuch as funding for the SHARE program can be accomplished by a reassessment of educational priorities within the total amount of funds available in this item.

Item 273.5—For support of Mathematics Improvement Program, Department of Education I eliminate this item

I have eliminated this item because during a time when funds are especially short, this program has not had sufficient proven results to warrant funding.

Item 274—For support of Children's Centers, Department of Education. I reduce this item from \$21,750,000 to \$19,750,000 by reducing paragraph (a) Children's Centers from \$30,128,000 to \$26,128,000 (c) Preschool education from \$20,489,000 to \$16,488,000 (d) Reimbursements from -\$33,367,000 to -\$27,366,000.

I find it possible to reduce this item since additional resources will become available for this program through the use of in-kind matching from state and local governments.

Item 276—For publishing, purchasing, and shipping free textbooks, Department of Education I reduce this item from \$18,342,666 to \$17,828,000 by reducing paragraph (b) Operating Expenses and Equipment from \$18,-240,866 to \$17,726,200

I have reduced this item by eliminating funds for supplementary social science textbooks and for the distribution of basic social science textbooks to institutions other than public schools for grades 5 through 8.

Item 277—for assistance to public libraries, Division of Libraries, Department of Education I reduce this item from \$1,800,000 to \$800,000

I have reduced the funds in this item in order to assure that funds are available for higher priority programs in public education

Item 278.5—For support of summer vocational and technical education programs, Department of Education I eliminate this item

I have eliminated this item in the absence of positive results from previous expenditures for this program

Item 279—For transfer by State Controller to the Teachers' Retirement Fund I reduce this item from \$98,000,000 to \$20,000,000

The State Teachers' Retirement Board has sufficient resources and authority to maintain current retirement benefits by utilizing contingency reserve funds.

Item 282—For support of University of California. I reduce this item from \$342,753,205 to \$332,017,965.

In making this reduction, I have maintained the planned level of university program but at a lesser cost to the General Fund. This is possible by accepting the reimbursements and related revenues approved by the Legislature.

Item 282 1—For support of University of California medical education programs I reduce this item from \$5,000,000 to \$4,022,230.

I have reduced this item but retained funds for the support of the medical education programs at county-operated hospitals for the Davis and Irvine medical schools.

Item 284—For research in conversion of sea water, University of California I reduce this item from \$334,900 to \$308,100.

This level of budget finances the planned University sea water conversion program.

Item 285—For research in dermatology, University of California. I reduce this item from \$100,000 to \$92,000.

This level of budget finances the planned University dermatology research program.

Item 288—For support of Trustees of the California State Colleges and the California State Colleges. I reduce this item from \$334,823,129 to \$315,660,159.

The Trustees of the California State Colleges have the authority to increase reimbursements from foreign student tuition up to a total of \$1,919,320. The remainder of the reductions are as follows:

Nonfaculty Reclassifications -----	\$530,000
This item can be financed by salary savings which become available when positions are vacated.	
Center for Technological Education -----	75,000
This pilot project has served its purpose and should be carried on within regular instructional resources if desired by the Trustees	
Faculty Recruitment -----	100,000
Recruitment activities can be carried on within the allotment for administrative travel.	
Instructional Television Program -----	400,000
Progress has been very nominal, and expenditures should be deferred until institutional and faculty resistance are overcome.	
Frederic Burk Laboratory School -----	387,104
This school is basically a district laboratory school and should be financed by local sources.	
Relations with Schools -----	134,000
This function of improving student articulation from high schools and other college institutions can be carried on by administrative and admissions personnel in the colleges.	
Faculty Positions -----	11,130,000
Faculty positions are deleted in order to start the return to the policy of having full-time faculty teach 12 weighted teaching units in regularly scheduled classrooms and laboratories.	
International Program -----	225,000
The State College program should be coordinated with those of other educational institutions for greater economies and an increased proportion of expenses for overseas educational experiences should be contributed by the students rather than the general taxpayer	
State Financial Aids -----	1,500,000
This program provides a new level of financial aids never before funded by the State; Federal funds for this same purpose are being increased	
Educational Opportunity Program -----	2,472,546
Federal congressional action indicates that increases are being made on a national basis that will provide additional financial aids to needy students.	
Master of Social Work Program -----	290,000
Changes in teaching methods are being studied which should increase the effectiveness of this high cost program.	

Item 291—For support of Board of Governors of the California Community Colleges I reduce this item from \$7,677,064 to \$4,309,574 by reducing (d) Extended opportunity programs from \$6,717,490 to \$3,350,000.

I have reduced the funds for the Extended Opportunity Program to the amount proposed in the original Budget. The legislative augmentation is not necessary because additional Federal funds will be available in 1971-72. The funds for Federal student financial aid programs (EOG and Work-Study) were substantially increased by Senate Bill 659 passed by Congress on July 1, 1971.

Item 293—For support of State Scholarship and Loan Commission I reduce this item from \$22,853,000 to \$20,000,000 by reducing paragraph (b) Operating Expenses and Equipment from \$22,348,442 to \$19,495,442.

I have eliminated the legislative augmentation which increases the average amount of each grant. The budget already includes an augmentation to expand the number of grants from 2 percent to 3 percent of high school graduates, which appears to be a higher priority use of the funds available for this program.

Item 299 1—For capital outlay, University of California. I hereby eliminate the General Fund appropriation of \$13,207,000.

The portion of this item to be funded from the Education fee income will continue to be available for higher priority projects.

Item 301 5—For capital outlay, Trustees of the California State Colleges I hereby eliminate the General Fund appropriation of \$6,893,000.

I consider continuing support for state operations of higher priority than capital outlay projects

Item 305—For capital outlay, Department of Navigation and Ocean Development I reduce this item from \$430,000 to \$230,000 by eliminating paragraph (c) Construction of launching ramp at Crescent City

I am eliminating this project because it is not of sufficient priority in the building program of the Department of Navigation and Ocean Development

With the above deletions and reductions, I hereby approve Senate Bill No. 207.

RONALD REAGAN, Governor

SEC. 4. Notwithstanding any other provisions of this act, no appropriations made herein, or funds obtained from any other source, over \$10,000 may be expended by any state entity for expansion, improvement or addition to electronic data processing activities, personnel, equipment, facilities or supplies during fiscal year 1971-72, or any expenditure budgeted for fiscal year 1972-73 for electronic data processing activities, personnel, equipment, facilities and supplies unless the Director of Finance certifies that the criteria and procedures set forth in the Supplementary Report of the Committee on Conference on the Budget Act of 1970 have been met and followed.

The provisions of this section shall not apply to the University of California, the State Compensation Insurance Fund, agencies provided for by Article VI of the Constitution, or the Legislature.

SEC. 4.5. Subject to the provisions of this act, any appropriation for expenditure under this act during the 1971-72 fiscal year, may, with the approval of the Department of Finance, be encumbered prior to July 1, 1971, by incurring obligations to be paid after June 30, 1971; and in addition any appropriation for expenditure provided by the Budget Act of 1972 during the 1972-73 fiscal year, may, with the approval of the Department of Finance, be encumbered prior to July 1, 1972, by incurring obligations to be paid after June 30, 1972.

SEC. 5. Because it is necessary to insure the availability of adequate equipment for physical facilities constructed for the operation of custodial, mental health, educational, administrative, military, and other agencies of the state government; because uncertainties as to completion dates make precise advance planning of equipment purchases impossible; and since delivery of some kinds of equipment cannot be made for six months or longer from the date of ordering; state agencies are therefore authorized to incur obligations, to be met during the 1972-73 fiscal year, for the purchase of equipment related

to capital outlay projects for which the Legislature has appropriated construction funds; provided, that no obligation shall be incurred under the provisions of this section without the approval of the Department of Finance and the State Public Works Board. Purchase orders issued and contracts entered into under the provisions of this section shall not exceed a total of two million dollars (\$2,000,000) in estimated cost.

SEC. 5.1. To provide the Mental Retardation Program with the necessary flexibility to meet program goals, upon approval of the Director of Finance, the State Controller shall transfer funds between budget act items appropriating funds for mental retardation services in budgets for the Department of Mental Hygiene, the Department of Public Health, the Department of Social Welfare, and the Department of Rehabilitation.

SEC. 6. Any project, except minor projects, included in any appropriation made herein for capital outlay shall be subject to the provisions of Section 15790 of the Government Code.

SEC. 7. Any acquisition of land or other real property included in any appropriation made herein for capital outlay except appropriations from the California Water Fund or the State Highway Fund or appropriations to the Board of Governors of the California Community Colleges for allocation to the community college districts shall be subject to the provisions of the Property Acquisition Law.

All property acquisitions, notwithstanding other exemptions of this section, shall be reported to the State Public Works Board.

SEC. 8. No money appropriated herein in any item for capital outlay may be expended by any state agency, including the University of California, the State Colleges and the Community Colleges, except amounts for acquisition of land or other real property, amounts needed for equipment, minor projects and amounts appropriated specifically for preliminary surveys, studies and planning until the State Public Works Board and the Department of Finance have approved preliminary plans for the project to be financed from such item of appropriation for capital outlay with the exception that community college approvals by the Public Works Board will apply only to the allocation of state capital outlay funds appropriated heretofore and hereafter by the Legislature; including land acquisition and equipment funds; provided further, that the Public Works Board shall not approve for allocation any appropriated amounts for working drawings or construction where said working drawings or construction have been started by a community college prior to approval of the state appropriated amounts by the Public Works Board, and all such amounts not approved by the board under this

criterion shall be reverted to the unappropriated balance of the appropriate fund; provided further, no major project for which appropriation is made hereunder regarding which the Director of Finance or his authorized representative requests review of working plans shall be put out to bid until the working plans therefor have been approved by the Department of Finance; provided further, that no money appropriated herein may be spent for working drawings for any project as to which there has been made substantial change or changes from the preliminary plans as approved by the State Public Works Board and the Department of Finance unless there has first been obtained the approval of the Department of Finance to make such change or changes; provided further, that no money appropriated herein may be spent for equipment until prior approval for purchase of such equipment shall have been given by the Department of Finance.

Nothing in this section shall be construed to limit or control the Department of Public Works in the expenditure of State Highway Fund money appropriated for capital outlay purposes.

The Department of Public Works shall report to the State Public Works Board the expenditures for capital outlay, except minor projects, from appropriations contained in this act.

SEC. 8.5. In making appropriations to state agencies which are eligible for federal assistance programs, it is the intent and understanding of the Legislature that applications made by such agencies for federal funds under any such programs shall be for the maximum amount allowable under federal law.

SEC. 9. Notwithstanding any other provision of law, the portion of each sum of money heretofore appropriated or allocated, hereby appropriated or hereafter allocated to the Regents of the University of California for capital outlay which remains after the purpose for which each said sum was appropriated or allocated has been accomplished, and which have been or hereafter are withdrawn from the State Treasury by the Regents of the University of California pursuant to the provisions of Section 23201 of the Education Code, together with increments, by way of interest or otherwise, on any such appropriation or allocations, shall be used and expended by the Regents of the University of California in executing and furthering the building and improvement program of the University of California; provided, that no such sums shall be allocated by the Regents of the University of California to projects for the purpose of augmenting those projects without prior approval of the State Public Works Board of the requested augmentation. Such sums shall be available for expenditure in payment of any encumbrances heretofore or hereafter incurred without regard to fiscal years; provided, however, that any unencumbered balances existing as of the date on which each such appropriation or allocation otherwise would lapse, shall then revert.

SEC. 10. No machinery or equipment shall be purchased by or for the Office of State Printing except as provided for in this act and for emergency replacements which shall be reported to the Joint Legislative Budget Committee quarterly.

No augmentation shall be made to the capital of the Service Revolving Fund for the benefit of the Office of State Printing during the 1971-72 fiscal year except as specifically provided for in this act.

(a) On the effective date of this act, or as soon thereafter as money is available, the State Controller shall transfer, from the Harbors and Watercraft Revolving Fund to the California Water Fund, an amount equal to the outstanding balance on loans made pursuant to provisions of Item 421.5, Budget Act of 1958, and Section 16.5, Budget Act of 1960.

(b) When funds are received by the State of California as repayment of all or a portion of such loans, such funds shall be deposited in the Harbors and Watercraft Revolving Fund, the interest paid thereon shall be paid to the California Water Fund for the portion thereof earned prior to the transfer or transfers provided in this section and into the Harbors and Watercraft Revolving Fund as to the balance.

(c) The appropriation herein made shall be available without regard to fiscal year. The provisions for deposit of funds for loan repayment and interest shall prevail until such time as all outstanding loans and interest therefrom are repaid.

SEC. 19.6. (a) Since the State Scholarship Commission must announce in the spring of 1972, those individuals to whom state scholarship awards and graduate fellowship awards will be granted for the following fall semester of 1972 and, since the Budget Act of 1972 may not be enacted in adequate time, the State Scholarship Commission is authorized to incur scholarship obligations and graduate fellowship obligations for the maximum number of awards authorized by Sections 31204 and 31247 of the Education Code in an amount not to exceed \$23,290,000 during the 1971-72 fiscal year for awards to be in effect during the 1972-73 fiscal year.

(b) Since the State Scholarship and Loan Commission must announce in the spring of 1972 those individuals to whom College Opportunity Grants will be awarded for the following fall semester of 1972, and since the Budget Act of 1972 may not be enacted in adequate time, the Scholarship and Loan Commission is authorized to incur College Opportunity Grant obligations for renewal of awards to those eligible and qualified individuals receiving an award in 1971-72 as authorized by Section 31263 of the Education Code, in an amount not to exceed \$3,080,000 during the 1971-72 fiscal year for awards to be in effect during the 1972-73 fiscal year.

The intent of this authorization is to prevent the occurrence of there being insufficient funds available to support state

scholarships and graduate fellowships, or College Opportunity Grants, the recipients of which have already been notified of their award. It is necessary that the State Scholarship Commission announce awards in the spring of each year, often prior to the time the Budget Bill containing the appropriation for this purpose is enacted, in order that students receiving the scholarship awards may have sufficient time to plan for entering or returning to school the following fall.

SEC. 19.7. Notwithstanding any other provisions of law, the unencumbered balance of the State School Construction Fund, as of June 30, 1972, is hereby appropriated for transfer by the State Controller to the unappropriated surplus of the California Water Fund.

SEC. 19.9. On the effective date of this act, the State Controller shall transfer from the Special Deposit Fund to the General Fund, any funds received from the federal government as federal open-space grants, which funds were received in reimbursement for expenditures made from the General Fund and which funds were deposited in the Special Deposit Fund pursuant to the provisions of Section 508 of the Public Resources Code or Item 425.5 of the Budget Act of 1969.

SEC. 20. No money appropriated by this act shall be used to pay the salary of any authorized state position, which position was vacant continuously during the period between October 1, 1970, and July 1, 1971. The State Controller, no later than August 1, 1971, shall notify in writing the Department of Finance of any authorized state position which was vacant continuously during such period. All such positions, except those specifically exempted in writing by the Department of Finance, are abolished effective September 1, 1971.

The State Controller, not later than 30 days prior to the convening of the 1972 Regular Session of the Legislature, shall furnish the Joint Legislative Budget Committee a report on all positions as of July 1, 1971, which were unfilled continuously during the period between October 1, 1970, and July 1, 1971, identifying therein all positions authorized for continuation by the Department of Finance.

SEC. 20.1. Notwithstanding any other provisions of law; (a) expenditures under Item 14 of this act or any appropriation in augmentation of such item for salaries and wages shall be as submitted in the Governor's Budget or for such number of positions as otherwise authorized by the Joint Committee on Legislative Organization within established classifications and (b) expenditures under Item 14 of this act or any appropriation in any augmentation of such item, other than salaries

and wages, shall be as submitted in the Governor's Budget or as otherwise authorized by the Joint Committee on Legislative Organization and shall be exempt from the provisions of Sections 11033, 13320 and 13325 of and Chapter 3 (commencing with Section 14250) of Part 5 of, and Chapter 6 (commencing with Section 14780) of Part 5.5 of, Division 3 of Title 2 of the Government Code and Sections 4, 6, 8, and 25 of this act.

SEC 21.3. Since it is imperative for the Department of the California Highway Patrol to purchase special service automobiles in order to adequately patrol the highways of this state and since such automobiles can be purchased more effectively and economically on an annual basis with relation to the model year, which so-called year bridges two fiscal years, the Department of the California Highway Patrol is authorized to incur automotive equipment purchase obligations in an amount not to exceed \$1,500,000 during the 1971-72 fiscal year for delivery beginning in the 1972-73 fiscal year, and the sum of \$1,500,000 is hereby appropriated from the Motor Vehicle Fund to the Department of the California Highway Patrol. This appropriation shall be available until July 1, 1972.

SEC. 21.4. Since it is imperative that the maximum amount of time possible be provided the State Board of Education and the Curriculum Commission in the selection of textbooks and the State Printer to print the textbooks for the ensuing school year, the Department of Education and the Department of General Services are authorized to incur textbook printing obligations in an amount not to exceed \$5,000,000 during the 1971-72 fiscal year for delivery by the State Printer to the Department of Education beginning in the 1972-73 fiscal year, subject to those provisions in Item 276 of this act that pertain to the printing of textbooks.

SEC. 22. No purchase order for acquisition or replacement of motor vehicles shall be issued against any appropriation made herein until the Department of General Services has investigated and established the necessity therefor.

All passenger-type motor vehicles purchased from any appropriation made by this act for the use of state employees and officers, except constitutional officers, shall be of the light class, as defined by the State Board of Control, unless excepted by the Director of General Services on the basis of unusual requirements, such as use by the California Highway Patrol, which would justify the need for an automobile of a heavier class.

SEC. 23. All passenger-type motor vehicles purchased either from any appropriation made by this act or from any other appropriation available therefor for the use of the Department of Public Works, except for use of officers excepted in Section 22 of this act, shall be of the light class, as defined by the State Board of Control, unless excepted by the Director of General Services on the basis of unusual requirements which would justify the need for an automobile of a heavier class.

SEC. 24. None of the moneys appropriated by this act or for an expenditure which is supplemented from money appropriated by this act shall be used to purchase furnishings for any house or apartment of three or more rooms other than a dormitory which is rented to a state employee except for a superintendent of an institution, warden of a prison, or physicians. This provision shall not apply to the purchase of refrigerators, heaters, air-conditioning equipment, stoves, linoleum, or equipment normally furnished in construction of the house as may be determined by the State Board of Control. Any such funds that are appropriated by this act for this purpose shall be held intact and be reverted to the fund from which they were appropriated. It is the intent of the Legislature that no money shall be appropriated henceforth for the purpose of house furnishings. Such furnishings are not to be provided by the state nor shall any money be paid from this appropriation for their replacement, repair or otherwise except in connection with the disposal of the same.

SEC. 25. No moneys appropriated by this act shall be used, either directly or by supplementing any other appropriation, to purchase rugs or carpets for any state office except for offices used by elective officers, the President of the University of California, a Chancellor of the University of California, the Chancellor of the California State Colleges, a president of a state college, department heads and for other facilities or areas under the control of the agencies financed by this act in accordance with standards issued by the Director of General Services, such standards to be formulated by the Director of General Services with the advice and counsel of the Department of Finance and the Legislative Analyst. The Director of General Services shall furnish a detailed report annually to the Joint Legislative Budget Committee of all rugs or carpets purchased for state facilities under this section.

Approval of the Director of General Services shall be obtained prior to procurement and installation of such materials. The Director of General Services may authorize the use of carpeting in other specialized facilities not meeting the established standards 30 days after notification in writing of the proposal with justification therefor to the Joint Legislative Budget Committee.

SEC. 26. Whenever herein an appropriation is made for support it shall include salaries and all other proper expenses, including repairs and equipment, incurred in connection with the institution, department, board, bureau, commission, officer, employee, or other agency, for which such appropriation is made.

Whenever herein an appropriation is made for capital outlay, it shall include acquisition of land or other real property, major construction, improvements, equipment, designs, working plans, specifications, repairs and equipment necessary in connection with a construction or improvement project.

Whenever herein any item of appropriation contains provision for acquisition of land or other real property, it shall include all necessary expenses in connection with the acquisition of such property.

Whenever herein an appropriation is made in accordance with a schedule set forth after such appropriation, the expenditures from such item for each category or project included in the schedule shall be limited to the amount specified for such category or project, except as otherwise provided in this act. Each such schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any money, and is not itself an item of appropriation.

As used in this act in reference to such schedules "category" or "project" means a class of expenditures such as, but not limited to:

(a) "Personal services" which shall include all expenditures for payment of officers and employees of the state; including salaries and wages, workmen's compensation, unemployment compensation benefits (if enacted into law), insurance premiums for workmen's compensation coverage, the state's contributions to the Public Employees' Retirement Fund, the Teachers' Retirement Fund, the University of California Retirement Fund to provide for that portion of retirement costs to be provided for Hastings College of Law in Item 287 of this Budget Act, the Old Age and Survivors' Insurance Revolving Fund, the State Employees' Contingency Reserve Fund, and the state's cost of a basic health benefits plan; but do not include compensation of independent contractors rendering personal services to the state under contract;

(b) "Operating expenses and equipment" which shall include all expenditures for purchase of materials, supplies, equipment, services (other than services of state officers and employees), and all other proper expenses;

(c) "Construct" or "construction" when used in connection with a capital outlay project shall include all such related things as fixtures, installed equipment, and auxiliary facilities;

(d) "Working drawings" are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of such drawings.

(e) "Minor projects" include construction, improvements, repairs and equipment projects not specifically set forth in the schedule.

For the purpose of further interpreting the meaning of the words, terms and phrases used in such schedules, reference is hereby made to those documents entitled, "State of California

Governor's Budget for 1971-72; State of California Budget Supplement for General Government and Agriculture and Services, 1971-72; State of California Budget Supplement for Business and Transportation and Resources, 1971-72; State of California Budget Supplement for Human Relations, 1971-72; State of California Budget Supplement for Education, 1971-72," submitted by the Governor to the Legislature at the 1971 Regular Session, the uniform accounting system prescribed by the Department of General Services under the provisions of Section 13290 of the Government Code, and the appropriate portions thereof. The State Board of Control shall establish such interpretations as are necessary to carry out the provisions of this section and shall furnish the same to the State Controller and to every state agency to whom appropriations are made under this act.

SEC. 26.5. Whenever herein an appropriation is made for support or other expenses for an institution, department, board, bureau, commission, officer, employee, or other agency, there shall be charged to such appropriation from which salaries and wages are paid: workmen's compensation, the state's contribution to the Public Employees' Retirement Fund as provided by Sections 20751 and 20752 of the Government Code, the state's contribution to the Teachers' Permanent Fund and the Retirement Annuity Fund as provided by Sections 14209 and 14210 of the Education Code, the state's contribution to the Old Age and Survivors' Insurance Revolving Fund as provided by Sections 20782 and 20783 of the Government Code, the state's contribution to the State Employees' Contingency Reserve Fund and the state's contribution for the cost of a basic health benefits plan as provided by Sections 22828 and 22829 of the Government Code.

As of the effective date of this act, the state's contributions as provided by Sections 22828 and 22829 of the Government Code for any month shall be charged to the same appropriations used for payment of salaries and wages from which the employee premium contributions for such month are deducted.

The appropriations made by Sections 20751, 20752, 20782, 20783, 22828, and 22829 of the Government Code, by Sections 14209 and 14210 of the Education Code, shall continue to be available for expenditure, and shall be charged for any expenditure which is not chargeable to an appropriation for support or other expenses as provided in this section. This transfer may be chargeable to such appropriation for a previous fiscal year if there are no funds available from that fiscal year.

The State Controller may transfer to the State Payroll Revolving Fund the contributions required by Sections 20751, 20752, 20782, 20783, 22828, and 22829 of the Government Code, and upon certification by the Board of Administration of the Public Employees' Retirement System in accordance with Sections 20754 and 20784 of the Government Code, may

transfer from the State Payroll Revolving Fund to the Public Employees' Retirement Fund and the Old Age and Survivors' Insurance Revolving Fund the amounts of contributions so certified.

SEC. 27. The Department of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to whom an appropriation is made herein, authorize the augmentation of the amount available for expenditure for a category or project designated in any schedule set forth for such appropriation by transfer from any of the other designated categories or projects within the same schedule. The Department of Finance shall furnish the Joint Legislative Budget Committee a report on all authorizations given pursuant to this section during the preceding quarter.

SEC. 28. The Director of Finance may authorize the augmentation of the amount available for expenditure for any category in the schedule set forth for any appropriation in this act or any additional category in the amount of any funds which he estimates will be received by an officer, department, division, bureau, or other agency during the 1971-72 fiscal year from any other state agency, from any agency of local government or the federal government, from any appropriation made by the Legislature or from any other source which he determines has not been taken into consideration in said schedule, or is in excess of the amount so taken into consideration, except that the director may authorize expenditures for a new program not identified in the budget as such or for purposes which in his judgment constitute an increase in the level of services above that authorized by the Budget Act or other existing law not sooner than 30 days after notification in writing of the necessity therefor to the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairman of said committee, or his designee, may in each instance determine.

The Director of Finance may also reduce any category whenever he determines that funds to be received will be less than the amount taken into consideration in the schedule.

SEC. 28.1. Since it is the intent of the Legislature in enacting this budget that no qualified student be denied admission to the California State Colleges or to the University of California because of a budget deficiency caused by unanticipated additional enrollments, the Director of Finance may, following the adoption of a resolution by the Trustees of the California State Colleges or from the Regents of the University of California declaring an enrollment emergency, authorize the accelerated expenditure of amounts budgeted for the state colleges or the university in the form of an agreement to seek a supplementary appropriation from the General Fund to the extent necessary to insure that all qualified students can be admitted when he certifies that the systemwide enrollment of the California State Colleges or of the University of California exceeds by 2 percent or more the enrollment upon which the

budget for the state colleges or the university was based; provided that no increased expenditure may exceed \$5,000,000 in the aggregate or be authorized sooner than 30 days after notification in writing of the necessity therefor to the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairman of such committee, or his designee, may in each instance determine.

SEC. 28.2. The Director of General Services may not initiate a lease agreement between the state and another entity, public or private, in which the state is lessee when the agreement is to be for the lease of a building which will be for the occupancy of any agency or agencies of the state with a firm lease period of five years or longer and an annual rental in excess of \$5,000 or if the agreement contains an option for the purchase of the lease property, unless not less than 30 days prior to such authorization he notifies the Chairman of the Joint Legislative Budget Committee or his designee in writing of his intention to initiate such an agreement, or not sooner than such lesser time as the chairman of said committee, or his designee, may in each instance determine.

SEC. 28.5. Approvals by the Department of Finance to the creation of deficiencies pursuant to Section 11006 of the Government Code and approvals to expend at rates which, in the opinion of the Director of Finance, will require a deficiency appropriation shall be made in writing and filed with the Joint Legislative Budget Committee within 10 days after approval stating the reasons for and amount of such authorization.

SEC. 28.7. All appropriations for the support of the California State Colleges and the Trustees of the California State Colleges shall be subject to the provisions of Section 13320 of the Government Code and applicable budget act restrictions, with the following exceptions:

(a) The trustees may approve any transfer of funds within or between one or more of the functions for which funds are appropriated for the support of the California State Colleges. The trustees may also approve any transfer of funds between the chancellor's office and any state college, or between any state college and any other state college. In addition, the trustees may authorize the augmentation of the amount available for a category designated in any schedule set forth for such appropriation by transfer from any of the other designated categories, including additional reimbursements within the same schedule, and shall furnish the Joint Legislative Budget Committee a report of such authorizations given during the preceding quarter.

(b) The trustees may approve the substitution of one item of equipment for another within budgetary functions and the use of savings in equipment allotments.

(c) The trustees may approve travel, both within and outside the state, and the payment of allowances and expenses

related to travel, moving and the relocation of employees in accordance with the allowances established by the State Board of Control and within funds appropriated for this purpose.

(d) The trustees may, within funds appropriated for the support of the California State Colleges, establish new positions, make changes in existing positions and the position payroll roster, and temporarily reassign positions, provided that all such new positions and significant changes, as defined by the Department of Finance, in grade or class of existing positions shall be shown as administrative adjustments in the subsequent budgetary submissions and shall be subject to review during the legislative budget process.

(e) The trustees may transfer, without the approval of the Department of Finance, excess salary savings funds from the salary savings reserve allotments for expenditure, provided they do not exceed 20 percent of salary savings. Excess salary savings funds are those funds accumulated in the salary savings reserve in excess of the amount budgeted for each quarter as salary savings, provided that, the highest priority on the reallocation of any funds pursuant to this section shall be the maintenance of the Educational Opportunity Program at the 3,755 full-time equivalent program level adopted by the trustees.

SEC. 29. Premiums for official bonds may be paid out of appropriations contained in this act, notwithstanding the period covered by such bonds.

SEC. 30. Whenever an expenditure is authorized from the Emergency Fund, from price increase funds, from the salary increase funds, or from a special fund pursuant to Section 11006 of the Government Code, in addition to an appropriation made by this act, such authorized expenditures may, for accounting purposes, be deemed to be an augmentation and increase of the appropriation made by this act.

SEC. 31. The appropriations under this act, unless otherwise provided, shall be subject to the provisions of Section 13320 of the Government Code requiring expenditures to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.

The fiscal year budget shall authorize in such manner as the Department of Finance shall prescribe all established positions whose continuance for the year is approved and all new positions. No new positions shall be established unless authorized by the Department of Finance on the basis of work program and organization.

Each fiscal year budget shall provide for a salary savings reserve to which shall be transferred on a document initiated by the agency and submitted to the Department of Finance the unencumbered balance remaining in each allotment for salaries and wages at the close of each quarter or other period of time covered by the allotment. The unencumbered balance remaining in each budget allotment for salaries and wages shall be

computed by deducting from the amount of the allotment the expenditures and accrued obligations for salaries and wages chargeable to such allotment for the period covered thereby. The amount in the salary savings reserve shall not be available for expenditure except upon transfer to allotments for salaries and wages approved by the Department of Finance. Such transfer shall be approved only after it has been demonstrated to the satisfaction of the Department of Finance that the allotment to be augmented is insufficient to meet necessary expenditures for salaries and wages.

No money in any salary savings reserve may be expended to pay increases in salary ranges established after July 1, 1970, unless the Department of Finance certifies to the State Personnel Board, or other salary-fixing authority, prior to the adoption of such increased salary range that funds will be made available to pay the increased salaries resulting therefrom. Provided, that the provisions of this paragraph shall not apply to salaries fixed by the State Personnel Board based on prevailing rates pursuant to Government Code Section 18853.

A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the State Controller that such expenditures comply with the provisions of this section.

Each agency, department, board, commission, and institution, for whose benefit and support appropriations are made in this act, shall certify to the Director of Finance that its expenditures have been made for the purposes stated in the budget, as implemented by the Budget Act, except as the purposes stated have been revised, in accordance with law, by the Department of Finance subsequent to the enactment of the Budget Act.

SEC. 32. The officers of the various departments, boards, commissions and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of such appropriations, except the consent of the Department of Finance be first obtained, and a certificate, in writing, duly signed by the director of said department, of the unavoidable necessity of such expenditure; and any indebtedness attempted to be created against the state in violation of the provisions of this section shall be absolutely null and void; and shall not be allowed by the State Controller nor paid out of any state appropriation. Any member of any such department, board, commission or institution, who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act, except by the consent of the Department of Finance and the certificate in this section provided to be first obtained, shall be liable on his official bond for the amount of such indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm or corporation to whom such indebtedness is owing.

The Department of Finance shall submit copies of certificates approved by it under this section to the Joint Legislative Budget Committee quarterly, and shall indicate in the case of each certificate the code section or section of this act under which the department gave its consent to exceed the particular appropriation.

SEC. 32.5. It is the intent of the Legislature by the enactment of this section to provide a system of monitoring expenditures for public assistance. In order to insure that public assistance expenditures in 1971-72 fiscal year do not result in an increased cost to the counties, and in order to guarantee that cost savings realized through welfare reform result in reduced public assistance expenditures, the Director of the Department of Social Welfare shall report quarterly to the Chairman of the Senate Finance Committee and the Chairman of the Assembly Ways and Means Committee the following information:

1. The Director of Social Welfare shall report quarterly the actual or estimated expenditures for social welfare within 30 days following the end of each quarter in the fiscal year.

2. The Director of Social Welfare shall submit a schedule of estimated welfare payments by category prior to the beginning of the second, third and fourth quarters of the 1971-72 fiscal year. This estimate shall be reconciled to the original estimate submitted in the 1971-72 Governor's Budget. This reconciliation shall indicate changes in caseload or payments, or both, by category of aid.

3. The Director of Social Welfare also shall submit, prior to each quarter, an estimate of the projected changes in payments or caseload for the remainder of the fiscal year, as a result of any federal or state legislation, regulation or administrative action adopted between the period of January 1, 1971, and June 30, 1972. The Director of Social Welfare shall indicate how these changes affected the caseload or payments, or both, in each category of aid. Estimates of increased or decreased costs or caseload as a result of these regulations shall be detailed by each change.

4. Prior to each quarter the Director of Social Welfare shall submit estimates of the effect of these changes on the remaining quarters' caseload or payments, or both.

SEC 32.8. As of June 30, 1971, the unencumbered balance of the revenues provided by Chapter 1326, Statutes of 1965, and appropriated by Section 32.7 of the Budget Act of 1967, shall be transferred to the unappropriated balance of the General Fund.

SEC. 33. If any item of appropriation in this act is vetoed, eliminated or reduced by the Governor under Section 10 of Article IV of the Constitution while approving portions of this act, such veto, elimination or reduction shall not affect the other portions of this act and these other portions of this act, so approved, shall have the same effect in law as if any

vetoed or eliminated items of appropriation had not been present in this act and as if any reduced item of appropriation had not been reduced.

SEC. 34. If any section, subsection, sentence, clause, or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act, and each section, subsection, sentence, clause, and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared unconstitutional.

SEC. 35. This act, inasmuch as it provides for an appropriation for the usual current expenses of the state, shall, under the provisions of Section 8 of Article IV of the Constitution of the State of California, take effect immediately.

SEC. 36. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There exists an extreme shortage of physical facilities for the operation of the custodial, mental treatment, educational, administrative, military and other agencies of the state government, the present facilities being entirely inadequate due to great increases in population and added governmental responsibilities. The capital outlay appropriations in this budget are all in continuation of an existing program to remedy the aforesaid shortage of facilities and to promote and sustain the economy of the state. If they are not available for expenditure on July 1, 1971, the existing program will be delayed. The expeditious correction of such condition and the efficient operation of the state's business requires the immediate availability of the new capital outlay appropriation and the uninterrupted availability of reappropriated capital outlay items contained in this measure. It is therefore necessary that this act go into immediate effect.

SEC. 37. Funds from each appropriation made in this act may be expended to pay such salary adjustments as are authorized by salary-fixing authorities to provide an increase in the compensation for officers and employees during the month of July 1971 to provide compensation equivalent to that which they would have otherwise received had this act been adopted prior to July 1, 1971.

SEC. 38. Funds from each appropriation made in this act may be expended to pay any obligation incurred between the commencement of the 1971-72 fiscal year and the effective date of this act, which would otherwise have been authorized hereunder had this act been adopted prior to July 1, 1971, subject to the same limitations, conditions and requirements.

Sec. 16. The office of zone commissioner in the Riverside County Flood Control and Water Conservation District is hereby created. In each of the separate zones constituting said district, there shall be three zone commissioners, who shall be appointed by the board of supervisors of said district. The term of office for a zone commissioner shall be three years, except that the terms of office of zone commissioners in each zone on the effective date of the amendment of this section by the 1971 Regular Session of the Legislature shall immediately be determined by the zone commissioners then holding office, by lot, so that their respective terms shall expire on the first day of November of the first, second, and third calendar years which begin after such effective date.

No person shall be appointed to the office of zone commissioner unless said person is a citizen of the United States of America, of the State of California, over the age of 21 years and resides within the zone for which he is appointed. Should a zone commissioner cease to reside in the zone for which he was appointed, either through change of his residence or change of boundaries of the zone, his office shall thereupon be vacant. The zone commissioners of said district shall have the right and privilege to attend all regular and special meetings of the board of supervisors of said district, in their official capacity as such zone commissioners. Sec. 18. The board of supervisors of said district, for the purpose of acquiring authority to proceed with the actual construction of any project or work of improvement or any joint project or joint work of improvement shall adopt a resolution specifying its intention to undertake such project or work of improvement or joint project or joint work of improvement, together with the engineering estimates of the cost of same and in the case of a joint project or joint work of improvement the proportionate cost to be borne by the participating zones and fixing a time and place for public hearing of said resolution and which shall refer to a map or maps showing the general location and general construction of said project or work of improvement or joint project or joint work of improvement. Notice of such hearing shall be given by publication once a week for two successive weeks (two publications) prior to said hearing, the last publication of which notice must be at least seven days before the said hearing, in a newspaper of general circulation, circulated in each of the said zones or participating zones as the case may be, and if there be no such newspaper, then by posting notice for two consecutive weeks prior to said hearing in five public places in each of said zones or participating zones. Said notice must designate a public place in each of said zones or participating zones where a copy of the map or maps of said project or work of improvement or joint project or joint work of improvement may be seen by any interested person; said map or maps must be posted in each of said public places so designated in said notice at least two weeks prior to said hearing.

At the time and place fixed for the hearing, or at any time to which said hearing may be continued, the board of supervisors of said district shall consider all written and oral objec-

tions to the proposed project or work of improvement, or joint project or joint work of improvement. Upon the conclusion of the hearing the board of supervisors of said district may proceed with the proposed project or work of improvement, or joint project or joint work of improvement, unless prior to the conclusion of said hearing written protests against the proposed project or work of improvement, or joint project or joint work of improvement, signed by a majority in number of the registered voters, as that number appeared at the last preceding general election, residing within the said zone or participating zones as the case may be, be filed with the board of supervisors of said district, in which event the said project or work of improvement, or joint project or joint work of improvement, must be abandoned.

CHAPTER 274

An act relating to uncompleted state highway facilities damaged by earthquake, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1971. Filed with
Secretary of State July 7, 1971.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) Extensive earthquake damage to state highway facilities under construction in the vicinity of the City of San Fernando has created a severe obstacle to public traffic and a continuing danger to the public welfare.

(b) The sudden earthquake action in a zone heretofore considered to be inactive requires that thorough geologic investigations be made to determine the feasibility of reconstructing the damaged work, and to determine the proper placement and construction of the highway facilities.

(c) Due to the great magnitude of observable damage, the indeterminate magnitude of concealed and subsurface damage, and the length of time which will be required for the completion of necessary investigations, the public interest and public safety would be adversely affected by an immediate attempt to resume construction.

SEC. 2. The Department of Public Works shall perform a thorough investigation of the geologic characteristics of the construction zone to ascertain the probable influence which the proximity of the earthquake fault will have upon the construction of highway facilities. Permanent reconstruction shall not be resumed before such investigation is completed.

SEC. 3. In order to prevent the performance of further construction before the completion of the necessary investiga-

tions into the sufficiency and safety of such construction, the Department of Public Works is authorized to terminate any contract for state highway construction in the vicinity of the City of San Fernando, if the work of such contract was substantially damaged or destroyed by earthquake; provided, that such termination shall be by the mutual consent of the contracting parties. Such termination shall be deemed to constitute completion of the work.

SEC. 4. The terms and conditions under which such contracts may be terminated shall be agreed upon by the contracting parties. However, it is the intent of the Legislature that the Department of Public Works be guided by the following principles in seeking to reach agreement respecting termination:

(a) The compensation received by a contractor for all work performed prior to the earthquake shall be the reasonable cost of the performance of such work as it can be reasonably ascertained without the inclusion of a profit; provided, that such cost shall not be in excess of the contract price of such work. The determination of the contract price of partially completed items of work shall be determined by apportioning such contract prices.

(b) Such termination shall not preclude payment to the contractor for work performed after the earthquake for which he would have been entitled to payment but for such termination.

(c) That the agreement of termination shall operate as a complete and final resolution of the rights of the respective parties, and as a bar to any further claims or demands between them; provided, that such agreement shall not change or affect the responsibility of the respective parties under the contract and applicable law for claims of third parties for injury to, or death of, any person or damage to property or affect the rights of third parties who are subrogated to the rights of the contractor.

(d) The Auditor General is hereby authorized and instructed to audit all financial aspects of such termination and seek from the Division of Highways such engineering representation as he may determine appropriate in order to permit expression of an opinion on the compliance with the terms of this act. Such audits shall not be so made as to delay any termination settlements hereunder and the Auditor General shall report to the Legislature not later than January 5, 1972.

SEC. 5. The Department of Public Works shall submit to the Legislature by January 5, 1972, a report on any action it has taken to preclude any necessity in the future of the Legislature having to enact legislation to authorize it to terminate construction contracts on highway projects damaged or destroyed by a natural disaster.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Various highway facilities were destroyed, or rendered unsafe and unusable, by the earthquake of February 9, 1971. Contracts are presently in effect which call for the performance of further construction in the area of greatest damage. Such contracts must either be performed or they must be terminated. It would be contrary to the public interest to continue to perform such contracts before the full extent of subsurface damage has been ascertained, or before a full investigation has been made into the geologic instability of the area, the risk of further earthquakes, and the type of construction which may be required to resist such earthquakes. The Legislature has determined that the public interest would be best served by an immediate termination of such contracts, but there is no administrative procedure presently in effect pursuant to which such termination may be accomplished.

Therefore, it is necessary that this act go into immediate effect.

CHAPTER 275

An act to amend Section 36517 of, the Government Code, relating to city officers.

[Approved by Governor July 7, 1971. Filed with Secretary of State July 7, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 36517 of the Government Code is amended to read:

36517. The city clerk and the city treasurer shall receive, at stated times, a compensation fixed by ordinance or resolution.

a new name for the district. A certified copy of such resolution shall be transmitted to the board of supervisors of the county in which the district is situated.

SEC. 2. Section 2834 is added to the Health and Safety Code, to read:

2834. Upon receipt of the certified copy of the resolution the board of supervisors shall:

(a) Enter an order changing the district's name to the name set forth in the resolution.

(b) Record a certified copy of the order in the office of the county recorder of the county in which the district is situated.

From and after the date of the filing of the certified copy with the Secretary of State the new name shall be the official name of the district.

CHAPTER 278

An act to amend Sections 1684, 1688, and 1691 of the Labor Code, relating to farm labor contractors, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1971. Filed with Secretary of State July 7, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 1684 of the Labor Code is amended to read:

1684. The Labor Commissioner shall not issue to any person a license to act as a farm labor contractor, nor shall he renew such license, until:

(a) Such person has executed a written application therefor in a form prescribed by the Labor Commissioner, subscribed and sworn to by such person, and containing (1) a statement by such person of all facts required by the Labor Commissioner concerning the applicant's character, competency, responsibility, and the manner and method by which he proposes to conduct his operations as a farm labor contractor if such license is issued, and (2) the names and addresses of all persons except bona fide employees on stated salaries, financially interested, either as partners, associates or profit sharers, in the proposed operation as a farm labor contractor, together with the amount of their respective interests;

(b) The Labor Commissioner, after investigation, is satisfied as to the character, competency, and responsibility of such person;

(c) Such person has deposited with the Labor Commissioner a surety bond in a penal sum of five thousand dollars (\$5,000) or time certificate in the sum of five thousand dollars (\$5,000). Such bond or time certificate shall be payable to the people of the State of California and shall be conditioned that said farm labor contractor will comply with all the terms and provisions of this chapter and will pay all damages occasioned to any person by failure so to do, or by any violation of the provisions of this chapter, or false statements or misrepresentations made in the procurement of his license; and

(d) Such person has paid to the Labor Commissioner a license fee of seventy-five dollars (\$75) plus a filing fee of ten dollars (\$10). However, where a timely application for renewal is filed, the ten-dollar (\$10) filing fee is not required.

(e) Such person in an oral or written examination, or both, demonstrates a degree of knowledge of the laws and administrative regulations concerning farm labor contractors as the Labor Commissioner deems necessary for the safety and protection of farmers, farmworkers and the public. The Labor Commissioner may charge a fee of not more than thirty-five dollars (\$35) to cover the cost of administration of the exami-

nation. The Labor Commissioner may also renew a license without requiring the applicant for such renewal to take an oral or written examination if he finds that the applicant has complied with the requirements of this chapter.

(f) The Labor Commissioner may charge reasonable legal fees against a time certificate for handling claims, other than wage claims filed against a time certificate deposited pursuant to subdivision (c).

SEC. 2. Section 1688 of the Labor Code is amended to read:

1688. The license when first issued shall run to the next birthday of the applicant, and each license shall then be renewed within the 30 days preceding the licensee's birthday and shall run from birthday to birthday. In case the applicant is a partnership or corporation, the license for a partnership shall be renewed within the 30 days preceding the birthday of the oldest partner, and the license for a corporation shall be renewed within the 30 days preceding the anniversary of the date the corporation was lawfully formed. Renewal shall require the filing of an application for renewal, a renewal bond or time certificate, and the payment of the annual license fee, but the Labor Commissioner may demand that a new application or a new bond or time certificate be submitted.

SEC. 3. Section 1691 of the Labor Code is amended to read:

1691. If any licensee fails to file a bond or time certificate with the Labor Commissioner within 30 days after notice of cancellation by the surety of the bond required under Section 1684, the license issued to the principal under the bond is suspended until such time as a bond or time certificate is filed. A person whose license is suspended pursuant to this section shall not operate as a labor contractor during the period of such suspension.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 1587 of the 1970 Statutes amended Sections 1684, 1687, 1688, and 1693 of the Labor Code permitting persons to submit a time certificate or a surety bond, rather than just a surety bond, as a condition to obtaining a license as a farm labor contractor. The amendments to Section 1684 and 1688 were rendered inoperative by Chapter 1588 which also amended these sections. The amendments to Sections 1687 and 1693 referring to time certificates are already in effect although they are meaningless and misleading without this act. In order to clarify this situation as quickly as possible it is necessary that this act take effect immediately.

CHAPTER 279

[Approved by Governor July 7, 1971. Filed with
Secretary of State July 7, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 2123.9 of the Business and Professions Code is amended to read:

The proposed decision shall be subject to the same procedure as the proposed decision of a hearing officer under subdivisions (b) and (c) of Section 11517 of the Government Code.

SEC. 2. Section 2124 of the Business and Professions Code is repealed.

SEC. 3. Section 2124.1 of the Business and Professions Code is repealed.

CHAPTER 280

An act to amend Sections 1777.6, 3095, and 3096 of the Labor Code, relating to labor.

SEC. 2. Section 3095 of the Labor Code is amended to read:

3095. SEC. 3. Section 3096 of the Labor Code is amended to read:

SEC. 3. Section 74693.2 of the Government Code is amended to read:

74693.2. Notwithstanding any other provision in this article, the salaries of municipal court employees may, upon approval by the board of supervisors, be increased in the same manner and at the same rate as a salary increase is effective for other permanent county salaried employees.

It is the purpose of this section to provide compensation for municipal court employees which is comparable to that paid to county employees of similar qualifications and experience holding equal or comparable positions in the Santa Cruz County classified service, as such comparability is determined by the Santa Cruz County Board of Supervisors.

Any adjustments of salaries made pursuant to this section shall remain in effect until the 61st day after adjournment of the next regular session of the Legislature which commences after the adjustment.

CHAPTER 292

An act to repeal Chapter 3 (commencing with Section 27951) of Part 4 of Division 12 of the Agricultural Code, relating to eggs, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 8, 1971. Filed with Secretary of State July 8, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3 (commencing with Section 27951) of Part 4 of Division 12 of the Agricultural Code is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the provisions of this act become operative on or before the date that the affected federal law becomes operative, it is necessary that this act go into immediate effect.

CHAPTER 293

An act to dissolve the Talbert Drainage District in Orange County and to provide for the transfer of all the property, assets, powers, duties, and functions of the district to the Cities of Huntington Beach and Fountain Valley.

[Approved by Governor July 8, 1971. Filed with Secretary of State July 8, 1971.]

The people of the State of California do enact as follows:

SECTION 1. The Talbert Drainage District in Orange County may be dissolved pursuant to the provisions of this act; provided, however, that no action may be taken pursuant to this act to dissolve the Talbert Drainage District unless the local agency formation commission of Orange County first approves the dissolution of the district.

SEC. 2. The Board of Directors of the Talbert Drainage District may by resolution duly adopted declare its intention that the Talbert Drainage District shall be dissolved pursuant to the provisions of this act.

SEC. 3. After the adoption pursuant to Section 2 of a declaration of intention to dissolve the district, and upon the filing with the Secretary of State of an agreement by the City of Huntington Beach, duly adopted and ratified by the City Council of the City of Huntington Beach, to assume all powers, duties, and functions of the Talbert Drainage District for the purpose of winding up the affairs of the district, the Talbert Drainage District is dissolved, and no further actions or proceedings of any kind whatsoever shall be necessary to dissolve the Talbert Drainage District.

SEC. 4. Upon the dissolution of the Talbert Drainage District pursuant to Section 3, all real property of the district is transferred to the City of Fountain Valley, and all property and assets of the district, other than real property, are transferred to the City of Huntington Beach, and the City of Huntington Beach shall succeed to all powers, duties, and functions of the district for the purpose of winding up the affairs of the district.

SEC. 5. The provisions of this act are necessary because the cost of a dissolution election within the Talbert Drainage District in Orange County would be prohibitive in comparison with the limited assets of the district and because the urbanization of land within the district makes the continued existence of the district no longer useful or necessary. This problem is not common to all districts formed under the Drainage District Act of 1903. It is therefore hereby declared that a general law cannot be made applicable and that the enactment of this act as a special law is necessary to provide for the dissolution of the Talbert Drainage District.

(d) The ownership of shares of stock in a corporation licensed as a retailer under the provisions of this division, when such shares of stock are sold to the general public on any national or local stock exchange, shall not be deemed to be the ownership, either in whole or in part, of the land upon which a retail license issued to such corporation is located. The person who holds such shares of stock shall not be held to be a lessor under the provisions of this section.

SEC. 2. Section 25503.11 is added to the Business and Professions Code, to read:

All personnel appointed pursuant to this section shall serve at the pleasure of the majority of the judges and may at any time be removed by the majority of the judges in their discretion.

With the approval of the board of supervisors, the majority of the judges may establish such additional titles and pay rates as are required, and, with the approval of the board of supervisors, may appoint and employ such additional commissioners, officers, assistants, and other employees as it deems necessary for the performance of the duties and exercise of the powers conferred by law upon the court and its members. Rates of compensation of all officers, assistants, and other employees, except those of court commissioners, may be adjusted by joint action and approval of the board of supervisors and a majority of the judges of the court.

Such appointments or changes in compensation made pursuant to this section shall be on an interim basis and shall expire 61 days after the adjournment of the next regular session of the Legislature, unless ratified at such session.

All personnel shall be entitled to such step advancement, vacation, sick leave, holiday benefits, other leaves of absence, and other benefits as may be directed by rules adopted by a majority of the judges. Such benefits shall also include the same lump sum payments for sick leave and vacation for such personnel when they are separated from the service as are made to county employees of such county.

Rules of the court may include other matters pertaining to the general administration of the court, including conditions of employment of such personnel. When such rules are adopted by a majority of the judges and filed with the Judicial Council they shall have the same status as other rules of court adopted pursuant to Section 68070.

When requested to do so by the court, the county shall furnish to the judges such services as may be required in connection with the recruitment and employment of such personnel.

All such personnel and judges shall be allowed actual traveling and necessary expenses incurred while engaged in the duties of their employment or office outside of the county.

(e) If reporting notes which have been delivered to the county clerk are to be transcribed, the court reporter who took the notes shall be given the first opportunity to make the transcription, unless he is unavailable for any reason or has been dismissed.

SEC. 2. Section 72197 of the Government Code is amended to read:

72197. Whenever such request has been granted and any official reporter of the superior court has been assigned to act as a pro tempore phonographic reporter of the municipal court, such reporter shall, during the period of such assignment to the municipal court, perform the duties of an official reporter of such municipal court and during the time of any such assignment such reporter shall be subject to the provisions of Sections 69942 to 69955, inclusive, and Sections 273 and 274c of the Code of Civil Procedure.

270. (a) With respect to property as to which the college, cemetery, church, exhibition, orphanage or welfare exemption was available but for which a timely application for exemption was not filed—

(1) Ninety percent of any tax or penalty or interest thereon shall be canceled or refunded provided an appropriate application for exemption is filed on or before the first day of March of the calendar year next succeeding the calendar year in which the exemption was not claimed by a timely application; or, if the application is filed thereafter,

(2) Eighty-five percent of any tax or penalty or interest thereon shall be canceled or refunded provided an appropriate application for exemption is filed and relief is not authorized under Section 214.01 or 271.

(b) Notwithstanding the provisions of subdivision (a), any tax or penalty or interest thereon exceeding two hundred fifty dollars (\$250) in total amount shall be canceled or refunded provided it is imposed upon property entitled to relief under subdivision (a) for which an appropriate claim for exemption has been filed.

(c) With respect to property as to which the welfare exemption was available, all provisions of Section 254.5, other than the specified dates for the filing of affidavits and other acts, are applicable to this section.

(1) Imposed upon property owned by any organization qualified for the college, cemetery, church, exhibition, orphanage or welfare exemption which is acquired by such organization during a given calendar year, after the lien date but prior to the first day of the fiscal year commencing within that calendar year, when the property is of a kind which would have been qualified for the college, cemetery, church, exhibition, orphanage or welfare exemption if it had been owned by such organization on the lien date, shall be canceled or refunded;

(2) Imposed upon property owned by any organization which would have qualified for the college, cemetery, church, exhibition, orphanage or welfare exemption had the organization been in existence on the lien date, which was acquired by it during that calendar year after the lien date in that year but prior to the commencement of such fiscal year, and of a kind that presently qualifies for such exemption and that would have so qualified for such fiscal year had it been owned by such organization on such lien date and had the organization been in existence on such lien date, shall be canceled or refunded;

(3) Imposed upon property acquired after the beginning of any fiscal year by an organization qualified for the college, cemetery, church, exhibition, orphanage or welfare exemption and the property is of a kind which would have qualified for an exemption if it had been owned by such organization on the lien date, whether or not that organization was in existence on the lien date, shall be canceled or refunded in the proportion that the number of days for which the property was so qualified during the fiscal year bears to 365.

(b) Eighty-five percent of any tax or penalty or interest thereon imposed upon property which would be entitled to relief under the provisions of subdivision (a) or Section 214.01, except that an appropriate application for exemption was not filed within the time required by the applicable provision, shall be canceled or refunded provided that an appropriate application for exemption is filed after the last day on which relief could be granted under subdivision (a) or Section 214.01.

(c) Notwithstanding the provisions of subdivision (b), any tax or penalty or interest thereon exceeding two hundred fifty dollars (\$250) in total amount shall be canceled or refunded provided it is imposed upon property entitled to relief under subdivision (b) for which an appropriate claim for exemption has been filed.

(d) With respect to property acquired after the beginning of the fiscal year for which relief is sought, the provisions of subdivisions (b) and (c) shall apply only to that pro rata portion of any tax or penalty or interest thereon which would have been canceled or refunded had the property qualified for relief under paragraph 3 of subdivision (a).

272. Notwithstanding any other provision of law, whenever a valid application for exemption is filed pursuant to Section 270 or 271 and the assessor receives the board finding pursuant to Section 254.5 prior to the completion of the roll for the year for which the exemption is claimed, the assessor shall enroll the property so as to provide for the amount of exemption on the property's assessed value as provided by the applicable section.

When the application for exemption or the finding of the board for such application is received after completion of the roll, the assessor shall initiate an action to the board of supervisors to correct the roll by addition of the appropriate amount of exemption on the property. If approved, the auditor shall make the appropriate adjustment on the roll.

Where authorized under the provisions of this article, the tax, penalty or interest thereon subject to cancellation or refund shall be canceled pursuant to Article 1 (commencing with Section 4985) of Chapter 4 of Part 9 of this division, as if it had been levied or charged erroneously, and, if paid, a refund thereof shall be made pursuant to Article 1 (commencing with Section 5096) of Chapter 5 of Part 9 of this division as if it had been erroneously collected. The amount of tax, penalty or interest which is not canceled or refunded under this article with respect to property tax exemptions covered by this article and filed late may be paid in installments as provided in Chapter 3 (commencing with Section 4186) of Part 7 of Division 1.

SEC. 4. Section 271.3 of the Revenue and Taxation Code is repealed.

SEC. 7. Section 277 of the Revenue and Taxation Code is repealed.

SEC. 8. Section 278 of the Revenue and Taxation Code is repealed.

SEC. 9. The repeals effected by this act shall not be construed to deprive any person or public agency of any substantial right which would have existed or hereafter exists had such repeals not been effected.

SEC. 10. The provisions of this act shall be operative for property taxes for the 1970-1971 fiscal year and fiscal years thereafter.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Legislature has attempted to deal in a variety of ways with the recurring problem of churches, colleges, and other organizations which inadvertently fail to file the affidavits required for property tax exemptions in a timely manner. Even the small percentage of tax required by Section 277 or 278 of the Revenue and Taxation Code can impose a substantial and unexpected burden on some of those organizations and severely impair their ability to adequately carry out their functions. This act will remedy the situation by enacting a fair and comprehensive system of refunds and cancellations for such exemptions. In so doing, the public policy of the state as expressed in the Constitution will be entirely fulfilled and the state as a whole will benefit. In order to provide this remedy at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 304

An act to amend Sections 12, 15, 25, 30, 34, 52, and 53 of, and to add Sections 15.3, 51.1, 51.2, and 53.3 to, the Desert Water Agency Law (Chapter 1069 of the Statutes of 1961), relating to the Desert Water Agency.

In proceedings relative to the exercise of such right, the agency shall have all of the rights, powers and privileges of a city; provided, the agency in exercising such power, shall in addition to the damage for the taking, injury, or destruction of property, also pay the cost of removal, reconstruction, or relocation of any structure, railways, mains, pipes, conduits, wires, cables or poles of any public utility which is required to be removed to a new location. The agency shall have or exercise no power of eminent domain with respect to property situated outside the boundaries of the agency other than the power to acquire by eminent domain any integrated water production, transmission and distribution facilities located partially within and without the boundaries of the agency, provided such integrated facilities are located southerly and westerly of the White Water River and northerly of the township line between Township 4 South and Township 5 South, S.B.B. & M., and exclusive of that certain subdivision known as Palm Springs Outposts Estates situated in Section 21, Township 4 South, Range 5 East, S.B.B. & M. 18. To acquire, control, distribute, store, spread, sink, treat, purify, reclaim, recapture, and salvage any water, including sewage and storm waters, for the beneficial use or uses and protection of the agency or its inhabitants or the owners of rights to water therein; provided, however, that all waters of the Whitewater River System are excluded from the provisions hereof, except such waters of said system as may be lawfully acquired by the Desert Water Agency; provided further that rights to any water made available by the Desert Water Agency are owned and controlled exclusively by the agency, and no person within or outside of the boundaries of the Desert Water Agency shall acquire any property or other right in such water, except as provided by contract with the agency, or pursuant to such rules and regulations as the agency may from time to time establish and enforce.

Such contracts may provide for contributions to be made by each party thereto and for the division and apportionment of the expenses of such acquisitions and operations, and the division and apportionment of the benefits, the services and products therefrom, and may provide for any agency to effect such acquisitions and to carry on such operations, and shall provide in the powers and methods of procedure for such agency the method by which such agency may contract. Such contracts with other public agencies or private corporations or persons may contain such other and further covenants and agreements as may be necessary or convenient to accomplish the purposes thereof. The term "public agency," as used in this subdivision, shall be deemed to mean and include the United States of America or any department or agency thereof, the State of California or any department or agency thereof, a county, city, public corporation, the Metropolitan Water District of Southern Cali-

Contracts mentioned herein include those made with the United States, under the Federal Reclamation Act of June 17, 1902, and all acts amendatory thereof or supplementary thereto or any other act of Congress heretofore or hereafter enacted permitting cooperation. Any such contract with the United States of America or any department or agency thereof, or with any private corporation organized under the laws of the United States of America, by which the Desert Water Agency, or an improvement district thereof, incurs an indebtedness or liability exceeding in any year the income and revenue for such year shall not be executed without the assent of two-thirds of the qualified electors of the agency, or an improvement district thereof, voting at a special election to be held for that purpose, such election to be called and held, so far as practicable, in the same manner as bond elections for the agency. The exact form of such contract need not be available at the time of the special election, but the (1) purpose of the contract; (2) maximum amount of the indebtedness created thereby; (3) maximum term of repayment, and (4) maximum interest rate on such indebtedness shall be known and included in the proposition or measure submitted to the qualified electors of the agency, or an improvement district thereof, at such special election.

20. To commence, maintain, intervene in, defend and compromise, in the name of the agency, or as a class representative of the inhabitants, property owners, taxpayers, or water producers or water users within the agency, or otherwise, and to assume the costs and expenses of any and all actions and proceedings, now or hereafter begun, involving or affecting the ownership or use of water or water rights, used or useful for any purpose of the agency, or a common benefit to the lands within the agency or its inhabitants.

20.1. To commence, maintain, intervene in, defend and compromise, in the name of the agency, or as a class representative of the inhabitants, property owners, taxpayers, water producers or water users within the agency or otherwise, and to assume the costs and expenses of any and all actions or proceedings, now or hereafter begun, to prevent, control, or abate the pollution of water used or useful for any purpose of the agency, or a common benefit to lands within the agency, or to the inhabitants of the agency, or any watershed or basin overlain in whole or in part by the agency or which contributes to the water supply of the agency.

21. Distribute water to persons in exchange for ceasing or reducing ground water extractions and to fix the terms and conditions of any contract under which producers may agree voluntarily to use replenishment water from a nontributary

source in lieu of ground water, and to such end an agency may become a party to such contract and pay from the agency funds such portion of the cost of such replenishment waters as will encourage the purchase and use of such water in lieu of pumping so long as the persons or property within the agency are directly or indirectly benefited by the resulting replenishment.

22. To issue bonds under Section 28 of this act for the purpose of providing money required to be paid by this agency as all or part of the terms and conditions under which the corporate area of the Desert Water Agency may be annexed to and become a part of any metropolitan water district organized under the Metropolitan Water District Act. The amount of said bonds may include expenses of all proceedings for the authorization, issuance and sale of the bonds.

23. To issue revenue bonds for any purpose for which general obligation bonds may be issued, and for any purpose for which such bonds could be issued under the provisions of the Revenue Bond Law of 1941 or any other law which by its terms is applicable to this agency.

24. To use the Improvement Act of 1911 for the construction of any facilities authorized to be constructed under the provisions of this act. Both the owner of the land on which the construction is proposed and the person who will construct the well must sign and verify the notice. SEC. 5. Section 30 of the Desert Water Agency Law (Chapter 1069 of the Statutes of 1961) is amended to read:

Sec. 30. Any portion of the Desert Water Agency whether contiguous or not to an improvement district thereof may be annexed to said improvement district in the following manner. A petition, which may consist of any number of separate in-

struments, shall be filed with the secretary of the agency, signed by holders of title to sixty percent (60%) or more of the land in the portion proposed to be annexed, which land as so represented in said petition shall have an assessed valuation of not less than fifty percent (50%) of the land so proposed to be annexed. The petition shall contain the following: (a) a description of the area proposed to be annexed, which may be made by reference to a map on file with the secretary of the agency, which map shall govern for all details as to the extent of the area proposed to be annexed, or in any other definite manner; (b) the terms and conditions upon which said proposed area may be annexed as theretofore determined by resolution adopted by the board of directors of the agency; and (c) a prayer that the board of directors declare such area to be annexed to the improvement district. Said petition shall be accompanied by a certified check payable to the order of the agency in sufficient sum to reimburse said agency for expenses of processing and publishing the petition and preparing and making the filings required by law.

Within 10 days of the date of the filing of such petition the secretary of the agency shall examine the same and ascertain whether or not such petition is signed by the required number of property owners; and, if requested by the secretary of the agency, the board of directors shall authorize him to employ persons especially for that purpose, in addition to the persons regularly employed in his office, and shall provide for their compensation. When the secretary of the agency has completed his examination of the petition, he shall attach to the same his certificate, properly dated, showing the result of such examination; and if from such examination he shall find that said petition is signed by the requisite number of property owners, or is not so signed, he shall certify that the same is sufficient, or insufficient, as the case may be.

If by the certificate of the secretary of the agency the petition is found to be insufficient, said petition may be amended by filing a supplemental petition or petitions within 10 days of the date of such certificate. The secretary of the agency shall within 10 days after the filing of such supplemental petition or petitions, make like examination of the same and certify to the result of such examination as hereinbefore provided.

If by the certificate of the secretary such petition or petition as amended, is shown to be sufficient the secretary shall cause notice of hearing on the petition to be published and posted without delay.

The text of said petition shall be published pursuant to Section 6066 of the Government Code prior to the time at which the same is to be presented to the board of directors of the agency in at least one newspaper printed and published in the Desert Water Agency, if there is a newspaper printed and published in such agency; together with a notice stating the

time and place of the meeting at which the same will be presented. When contained upon one or more instruments one copy only of such petition need be published. No more than five of the names attached to said petition need appear in said publication of said petition and notice, but the number of signers shall be stated. Said notice and petition shall also be posted in three public places in the improvement district and three public places in the area proposed to be annexed, at least two weeks prior to the hearing.

The board of directors of the agency shall proceed to hear the petition at the time and place fixed therefor and any person residing within the agency or improvement district or owning taxable property in said agency or improvement district shall be entitled to appear and be heard at such hearing: Such hearing may be continued from time to time by the board of directors of the agency. At the conclusion of the hearing, and if the board of directors finds and determines from the evidence presented at said hearing that the area proposed to be annexed to an improvement district will be benefited thereby, and that the improvement district to which said area proposed to be annexed will also be benefited thereby and will not be injured thereby, then and in such case the board of directors of the agency may, by resolution, approve such annexation, describing the territory so annexed, which may be by reference to a map on file with the secretary of the agency shall govern for all details as to the extent of the annexed area, or in any other definite manner, and the terms and conditions of annexation as theretofore determined by resolution of the board of directors.

From and after the date of the adoption of such resolution the area named therein shall be deemed added to and shall form a part of said improvement district and the taxable property therein shall be subject to taxation thereafter for the purposes of said improvement district, including the payment of the principal of and interest on bonds and other obligations of such improvement district at the time authorized and outstanding at the time of said annexation. If the terms and conditions established by the board of directors specifically so provides, the taxable property in the annexed area shall be subject to taxation as if the annexed property had always been a part of the improvement district, and the board of directors of the agency shall be empowered to do all things necessary to enforce and make effective the terms and conditions of annexation fixed as authorized pursuant to this section.

Any action or proceeding wherein the validity of any such annexation is contested, questioned or denied must be commenced within three months after the date of issuance by the Secretary of State of his certificate; otherwise said annexation shall be held to be valid and in every respect legal and incontestable.

Sec. 6. Section 34 of the Desert Water Agency Law (Chapter 1069 of the Statutes of 1961) is amended to read:

Sec. 34. The board of directors may advance general funds of the agency to accomplish the purposes of an improvement district formed in accordance with Sections 29 or 33. If the improvement district is formed under Section 33, the board may provide that the district shall be repaid for any advance of funds, with interest at a rate not to exceed the interest value of money to the district, from the taxes levied exclusively upon the taxable property in the improvement district. If the improvement district is formed under Section 29 the board may repay the agency for any advance of funds from the proceeds of the sale of bonds authorized for the purposes of such improvement district or as provided in Section 25. To the extent that advances made for improvements for which such bonds were authorized are repaid from funds other than the proceeds of the sale of bonds of the improvement district, the authority of the board to issue bonds of the improvement district in a like amount or amounts shall terminate. The treasurer shall maintain proper records and accounts in which there shall be set forth all repayments of advances to the extent that such advances are made for the improvements for which such bonds were authorized and, to the extent that such repayments reduce the amount of bonds which may be issued on behalf of any improvement district, the net principal amount of authorized but unissued bonds of such improvement district.

Sec. 7. Section 51.1 is added to the Desert Water Agency Law (Chapter 1069 of the Statutes of 1961), to read:

Sec. 51.1. The agency may borrow money in anticipation of the sale of, but not in excess of the principal amount of, authorized bonds of any improvement district formed pursuant to Section 29 which have not yet been sold and delivered, and for that purpose may issue and sell negotiable bond anticipation notes, and may refund such notes from time to time, but the maximum maturity of any such notes, as originally issued or as refunded, shall not exceed five years from the date of the original notes. The notes shall be sold in such manner as the board may determine, and such notes and the resolution providing for the issuance of such notes may contain any provision, condition or limitation which a bond, or any resolution or ordinance providing for the issuance of bonds, may contain. The interest on bond anticipation notes shall be payable at the time or times provided in such notes and may be represented by interest coupons attached to the notes and shall be payable from the same funds from which the interest on bonds of the improvement district are payable. The principal of such notes may be paid from any moneys of the improvement district available for such purpose. If such notes, or any portion thereof, have not been previously paid, they shall be paid from the proceeds of the next sale of bonds in anticipation of which the notes were issued. The resolution providing for the issuance of bond anticipation notes may contain a provision

that, if for any reason bonds of the improvement district are not sold in time to provide funds to pay any unpaid note, and, if other funds of the improvement district are not available for such payment, taxes shall be levied upon the taxable property in the improvement district for such payment in the same manner provided for the payment of bonds in such amount each year for such period of years as may be set forth in such resolution. To the extent bond anticipation notes are paid from a tax levy, authorized bonds in a corresponding amount shall be canceled and not issued thereafter. When bonds of the improvement district are issued and any portion of the proceeds of the sale are to be used to pay bond anticipation notes, such bonds shall mature not later than the maximum permissible years for such bonds from the date of such notes as originally issued.

SEC. 8. Section 51.2 is added to the Desert Water Agency Law (Chapter 1069 of the Statutes of 1961), to read:

Sec. 51.2. The agency may borrow money in anticipation of the sale of, but not in excess of the principal amount of, authorized bonds of the agency which have not yet been sold and delivered, and for that purpose may issue and sell negotiable bond anticipation notes, and may refund such notes from time to time, but the maximum maturity of any such notes, as originally issued or as refunded, shall not exceed five years from the date of the original notes. The notes shall be sold in such manner as the board may determine, and such notes and the resolution providing for the issuance of such notes may contain any provision, condition or limitation which a bond, or any resolution or ordinance providing for the issuance of bonds, may contain. The interest on bond anticipation notes shall be payable at the time or times provided in such notes and may be represented by interest coupons attached to the notes and shall be payable from the same funds from which the interest on bonds of the agency are payable. The principal of such notes may be paid from any moneys of the agency available for such purpose. If such notes, or any portion thereof, have not been previously paid, they shall be paid from the proceeds of the next sale of bonds in anticipation of which the notes were issued. The resolution providing for the issuance of bond anticipation notes may contain a provision that, if for any reason bonds of the agency are not sold in time to provide funds to pay any unpaid note, and, if other funds of the district are not available for such payment, taxes shall be levied upon the taxable property in the agency for such payment in the same manner provided for the payment of bonds in such amount each year for such period of years as may be set forth in such resolution. To the extent bond anticipation notes are paid from a tax levy, authorized bonds in a corresponding amount shall be canceled and not issued thereafter. When bonds of the agency are issued and any portion of the proceeds of the sale are to be used to pay bond anticipation

notes, such bonds shall mature not later than the maximum permissible years for such bonds from the date of such notes as originally issued.

SEC. 9. Section 52 of the Desert Water Agency Law (Chapter 1069 of the Statutes of 1961) is amended to read:

Sec. 52. Whenever the board deems it necessary to incur a bonded indebtedness for the acquisition, construction, completion, or repair of any or all improvements, works, or property mentioned in this law and to provide for such bonded indebtedness to be payable from taxes levied upon an uninhabited portion of the agency, the board shall, by resolution, declare its intention to form an uninhabited improvement district in such portion of the agency and to incur such indebtedness.

For the purposes of this law the portion of the agency formed into an uninhabited improvement district shall be deemed uninhabited if less than 12 voters reside therein at the time of the formation thereof.

The resolution of intention shall state that the board intends to form an improvement district of an uninhabited portion of the agency which in the opinion of the board will be benefited, and to incur indebtedness by the issuance of bonds of the agency for such uninhabited improvement district.

The resolution of intention shall also state:

(a) The purpose for which the proposed debt is to be incurred.

(b) The amount of debt to be incurred, which may include expenses of all proceedings for the authorization, issuance, and sale of the bonds.

(c) That taxes for the payment of the bonds and the interest thereon will be levied exclusively upon the taxable property in the uninhabited improvement district.

The resolution of intention shall also state that a general description of the proposed improvement, together with a map showing the exterior boundaries of the proposed uninhabited improvement district with relation to the territory immediately contiguous thereto and to the proposed improvement is on file with the secretary and is available for inspection by any person or persons interested. This map shall govern for all details as to the extent of the proposed uninhabited improvement district.

The resolution of intention shall also state:

(a) The time and place for a hearing by the board on the questions of the formation and extent of the proposed uninhabited improvement district, the proposed improvement, and the amount of debt to be incurred.

(b) That at the time and place specified in the resolution any person interested will be heard, and that any owner of property within the proposed uninhabited improvement district may file with the secretary at any time prior to the time set for the hearing thereon written protest to the formation of the proposed uninhabited improvement district.

Notice of the hearing shall be given by publishing a copy of the resolution pursuant to Section 6066 of the Government Code prior to the time fixed for the hearing in a newspaper circulated in the agency, if there is a newspaper circulated in the agency. Such notice shall also be given by posting a copy of the resolution of intention in three public places within the proposed uninhabited improvement district for at least two weeks before the time fixed for the hearing.

A copy of the resolution of intention shall also be mailed, postage prepaid, to each person to whom land in the proposed uninhabited improvement district is assessed as shown on the last equalized county assessment roll, at his address as shown upon the roll, and to any person, whether owner in fee or having a lien upon, or legal or equitable interest in, any land within the proposed uninhabited improvement district, whose name and address and a designation of the land in which he is interested is on file with the secretary.

At the time and place fixed in the resolution of intention, or at any time or place to which the hearing is adjourned, the board shall proceed with the hearing. At the hearing any person interested may appear and present any matters material to the questions set forth in the resolution. Also at the hearing the board shall hear and pass upon all written protests filed by the owners of property within the proposed uninhabited improvement district.

If written protests are filed by the owners of one-half of the value of the property within the proposed uninhabited improvement district, as shown by the last equalized assessment roll of the county, further proceedings shall not be taken. If such protests are not made the board shall by resolution determine whether it is necessary to incur the bonded indebtedness and if so, the resolution shall also state:

(a) The purpose for which the proposed debt is to be incurred.

(b) The amount of the proposed debt.

(c) That the exterior boundaries of the portion of the agency which will be benefited are set forth on a map on file with the secretary, which map shall govern for all details as to the extent of the uninhabited improvement district.

(d) That such portion of the agency set forth on the map shall thereupon constitute and be known as "Improvement District No. _____ of _____ Desert Water Agency".

The determinations made in the resolution of formation shall be final and conclusive.

After the formation of the uninhabited improvement district pursuant to this law the board may, by resolution, at such time or times as it deems proper, issue bonds of the agency, pursuant to Section 31 of this law, for the whole or any part of the amount of the indebtedness authorized by the resolution of formation. All taxes levied for the payment

of the bonds and the interest thereon shall be levied exclusively upon the taxable property in the uninhabited improvement district.

Any action or proceeding in which the validity of the formation of an uninhabited improvement district or of any of the proceedings in relation thereto is contested, questioned, or denied shall be commenced within three months from the date of the resolution forming such district; otherwise the formation of the uninhabited improvement district and all proceedings in relation thereto shall be held to be valid and in every respect legal and incontestable.

The board may advance general funds of the agency to accomplish the purposes of an improvement district formed pursuant to this law.

The board may repay the agency for any advance of funds from the proceeds of the sale of bonds authorized for the purposes of such improvement district. To the extent that advances made for improvements for which such bonds were authorized are repaid from the funds other than the proceeds of the sale of bonds of the improvement district, the authority of the board to issue bonds of the improvement district in a like amount or amounts shall terminate. The treasurer shall maintain proper records and accounts in which there shall be set forth all repayment of advances to the extent that advances are made for the improvements for which such bonds were authorized and, to the extent that such repayments reduce the amount of bonds which may be issued on behalf of any improvement district, the net principal amount of authorized but unissued bonds of such improvement district.

SEC. 10. Section 53 of the Desert Water Agency Law (Chapter 1069 of the Statutes of 1961) is amended to read:

Sec. 53. The board, by resolution, may initiate proceedings for the annexation of territory within the agency whether contiguous or not to an improvement district to such improvement district.

The resolution proposing annexation shall:

(a) Declare that proceedings have been initiated by the board pursuant to this law.

(b) State the reason for proposing the annexation.

(c) Set forth a description of the area proposed to be annexed, which may be made by reference to a map on file with the secretary of the agency which map shall govern for all details as to the extent of the area proposed to be annexed.

(d) State the terms and conditions of the annexation.

(e) State that the holders of title to any of the land sought to be annexed may file written protests with the secretary to the annexation or the annexation upon such terms and conditions.

(f) Fix the time and place of a meeting at which the board will receive written protests theretofore filed with the secretary, receive additional written protests, and hear from any and all persons interested in the annexation.

The text of the resolution proposing annexation shall be published, pursuant to Section 6066 of the Government Code, prior to the time of hearing in at least one newspaper printed and published in the agency, if there is a newspaper published and printed in the agency.

A copy of the resolution proposing annexation shall also be posted in three public places within the improvement district and three public places in the area proposed to be annexed at least two weeks prior to the hearing.

The board shall proceed with the hearing at the time and place fixed therefor and may continue the hearing, if need be, from time to time. All interested persons will be heard at the hearing.

If written protests are filed by the holders of title of one-half of the value of the territory proposed to be annexed as shown by the last equalized assessment roll of each county in which the territory is situated, further proceedings shall not be taken, and the board shall refuse the annexation by a resolution so stating.

If written protest is not made by the owners of one-half of the value of the territory proposed to be annexed, and if, at the conclusion of the hearing, the board finds and determines from the evidence presented at the hearing that the area proposed to be annexed to an improvement district will be benefited thereby, and that the improvement district to which the area proposed to be annexed will also be benefited thereby and will not be injured thereby, the board may, by resolution, approve such annexation.

The resolution shall describe the territory annexed, which may be by reference to a map on file with the secretary, which map shall govern for all details as to the extent of the annexed area. The resolution shall also state the terms and conditions of annexation as theretofore determined by resolution of the board.

If the board finds and determines that either the area proposed to be annexed to the improvement district will not be benefited thereby or that the improvement district to which the area is proposed to be annexed will not be benefited thereby and will be injured thereby, the board shall by resolution disapprove such annexation.

From and after the date of the adoption of the resolution approving the annexation, the area described therein is added to and forms a part of the improvement district.

The taxable property in the annexed area shall be subject to taxation after the annexation thereof for the purposes of the improvement district, including the payment of the principal of and interest on bonds and other obligations of the improvement district authorized and outstanding at the time of the annexation. If the terms and conditions established by the board specifically so provide, the taxable property in the annexed area shall be subject to taxation as if the annexed property had always been a part of the improvement district.

The board may do all things necessary to enforce and make effective the terms and conditions of annexation fixed by it.

Any action or proceeding in which the validity of an annexation to an improvement district pursuant to this section is contested, questioned, or denied shall be commenced within three months after the date of the resolution of the board approving the annexation of the territory to an improvement district; otherwise, the annexation shall be held valid and in every respect legal and incontestable.

SEC. 11. Section 53.3 is added to the Desert Water Agency Law (Chapter 1069 of the Statutes of 1961), to read:

Sec. 53.3. If territory is excluded from an improvement district as a result of being detached from the agency after bonds have been authorized at an election held in such improvement district, but before any of such bonds have been issued and sold, the board of directors may modify the proposed improvement to take into consideration any change in circumstances resulting from such detachment, and may issue bonds in an amount not exceeding the amount authorized at such election for the purpose of paying the cost of the improvement as modified, without any further election, but only after notice and hearing in the same manner as provided in Section 53.2, and provided that at the conclusion of the hearing the board of directors shall by resolution determine that the remaining territory within the improvement district will be benefited by the improvement as modified.

(22) To issue bonds under Section 18 of this act for the purpose of providing money required to be paid to the agency organized under the Metropolitan Water District Act by the board of directors of the agency as all or part of the terms and conditions upon which the corporate area of the Crestline-Lake Arrowhead Water Agency may be annexed to and become a part of said metropolitan water district. Such omission shall not invalidate the approval of the application as to the remaining area of the proposed district.

SEC. 11. Section 71081 of the Water Code is amended to read:

71081. If, subsequent to the approval of an application of intention, but prior to circulating the formation petition, a

A district may acquire, construct, and operate facilities for, or may contract with others for, the collection and disposal of the garbage, waste, and trash of the district and its inhabitants. A district may not engage in, or contract with others for, the collection and disposal of garbage, waste, and trash in competition with any existing county franchise for the collection and disposal of garbage, waste, and trash.

71689.21. The district may prescribe, revise, and collect rates or other charges for the services furnished pursuant to this article.

71689.22. The district may provide that such rates or charges may be collected with the water or sewer rates, or both, of the district and that all rates shall be billed upon the same bill and collected as one item, and that in the event of failure to pay the whole or any part thereof, the district may discontinue any and all services for which such bill is rendered.

which type of customer or area shall be excluded from service.

71689.24. The district shall determine the types of wastes to be excluded from service.

71689.25. Any contract with other parties for the supplying of this service for the district shall be granted by public bid for such periods as the district determines is in the best interests of the district. In the event of failure to receive a suitable bid, the district may negotiate a contract for service.

71689.26. A district may adopt ordinances relating to the provision of sanitation services and the regulation of such services. Every such ordinance shall be in full force and effect forthwith upon adoption, but shall be published once in full in a newspaper of general circulation, printed, published and circulated in the district within 10 days after adoption, or if there be no newspaper it shall be posted within such time in three public places within the district.

71689.27. From and after the posting or publication of any ordinance as provided in Section 71689.26, it shall be a misdemeanor for any person to violate any ordinance of the district adopted pursuant to Section 71689.26, and upon conviction thereof, such person shall be punished by being imprisoned in the county jail for not more than 30 days, or by fine of not more than three hundred dollars (\$300), or by both such fine and imprisonment.

SEC. 16. Section 71813 of the Water Code is amended to read:

71813. A district may borrow money in anticipation of the sale of, but not in excess of the principal amount of, authorized bonds of an improvement district formed pursuant to Chapter 3 (commencing with Section 71870) or Chapter 4 (commencing with Section 71920) of Part 7 of this division which have not yet been sold and delivered, and for that purpose may issue and sell negotiable bond anticipation notes, and may refund such notes from time to time, but the maximum maturity of any such notes, as originally issued or as refunded, shall not exceed five years from the date of the original notes. The notes shall be sold in such manner as the board may determine, and such notes and the resolution providing for the issuance of such notes may contain any provision, condition or limitation which a bond, or any resolution or ordinance providing for the issuance of bonds, may contain. The interest on bond anticipation notes shall be payable at the time or times provided in such notes and may be represented by interest coupons attached to the notes and shall be payable from the same funds from which the interest on bonds of the improvement district are payable. The principal of such notes may be paid from any moneys of the improvement district available for such purpose. If such notes, or any portion thereof, have not been previously paid, they shall be paid from the proceeds of the next sale of bonds in anticipation of which the notes were issued. The resolution providing for the issuance of bond anticipation notes may contain a provision that, if for any reason bonds of the improvement district are not sold in time to

provide funds to pay any unpaid note, and, if other funds of the improvement district are not available for such payment, taxes shall be levied upon the taxable property in the improvement district for such payment in the same manner provided for the payment of bonds in such amount each year for such period of years as may be set forth in such resolution. To the extent bond anticipation notes are paid from a tax levy, authorized bonds in a corresponding amount shall be canceled and not issued thereafter. When bonds of the improvement district are issued and any portion of the proceeds of the sale are to be used to pay bond anticipation notes, such bonds shall mature not later than the maximum permissible years for such bonds under Section 71951 from the date of such notes as originally issued.

Sec. 17. Section 71814 is added to the Water Code, to read:

71814. A district may may borrow money in anticipation of the sale of, but not in excess of the principal amount of, authorized bonds of the district which have not yet been sold and delivered, and for that purpose may issue and sell negotiable bond anticipation notes, and may refund such notes from time to time, but the maximum maturity of any such notes, as originally issued or as refunded, shall not exceed five years from the date of the original notes. The notes shall be sold in such manner as the board may determine, and such notes and the resolution providing for the issuance of such notes may contain any provision, condition or limitation which a bond, or any resolution or ordinance providing for the issuance of bonds, may contain. The interest on bond anticipation notes shall be payable at the time or times provided in such notes and may be represented by interest coupons attached to the notes and shall be payable from the same funds from which the interest on bonds of the district are payable. The principal of such notes may be paid from any moneys of the district available for such purpose. If such notes, or any portion thereof, have not been previously paid, they shall be paid from the proceeds of the next sale of bonds in anticipation of which the notes were issued. The resolution providing for the issuance of bond anticipation notes may contain a provision that, if for any reason bonds of the district are not sold in time to provide funds to pay any unpaid note, and, if other funds of the district are not available for such payment, taxes shall be levied upon the taxable property in the district for such payment in the same manner provided for the payment of bonds in such amount each year for such period of years as may be set forth in such resolution. To the extent bond anticipation notes are paid from a tax levy, authorized bonds in a corresponding amount shall be cancelled and not issued thereafter. When bonds of the district are issued and any portion of the proceeds of the sale are to be used to pay bond anticipation notes, such bonds shall mature not later than the maximum permissible years for such bonds under Section 71951 from the date of such notes as originally issued.

CHAPTER 311

An act providing for the disposition of the San Francisco Palace of Fine Arts, relating to state property.

[Approved by Governor July 12, 1971 Filed with
Secretary of State July 12, 1971]

The people of the State of California do enact as follows:

SECTION 1. Upon the effective date of this act, all the land and improvements in the City and County of San Francisco known as the San Francisco Palace of Fine Arts, totaling 13½ acres, more or less, and acquired by the State of California from the City and County of San Francisco pursuant to Chapter 2386, Statutes of 1957, shall be relinquished by the State Parks and Recreation Commission and the Department of Parks and Recreation and shall thereafter be the property of the City and County of San Francisco.

SEC. 2. The Legislature hereby finds and declares that the property described in Section 1 is a substandard unit of the state park system, is primarily of local or single region interest and use, and is surplus to the needs of the state.

SEC. 3. The property described in Section 1 is to be used for park, cultural, recreational, educational, museum, artistic, and musical purposes, or any one or more of such purposes.

CHAPTER 312

An act to amend Sections 2 and 3 of Chapter 378 of the Statutes of 1969, relating to previously state-owned land.

[Approved by Governor July 12, 1971 Filed with
Secretary of State July 12, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 2 of Chapter 378 of the Statutes of 1969 is amended to read:

Sec. 2. The Legislature hereby finds and declares that the property described in Section 1 is surplus to the needs of the state and cannot be used by the state. Such property, however, would be of value to the City of Millbrae for street and highway use and for park and open-space purposes.

SEC. 2. Section 3 of Chapter 378 of the Statutes of 1969 is amended to read:

Sec. 3. If the property, or any portion thereof, is sold by the City of Millbrae, the city shall use the proceeds for street and highway purposes or for park and open-space purposes.

CHAPTER 313

An act to authorize general law cities to provide for the levy and collection of city property taxes by counties, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 12, 1971 Filed with
Secretary of State July 12, 1971]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding the provisions of Section 43091 of the Government Code, if a general law city did not levy a property tax for the 1970-1971 fiscal year, the legislative body of such city may elect for the 1971-1972 fiscal year to proceed under Article 2 (commencing with Section 43090) of Chapter 1 of Division 4 of Title 4 of the Government Code by passing an ordinance to that effect prior to July 15, 1971, and filing a certified copy of such ordinance with the auditor of the county in which the city is situated on or before July 15, 1971.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some general law cities have not been required to impose a property tax for the support of city government in recent years, as they had adequate financial resources from other means. However, at least one such city now finds that it will have insufficient funds to finance city operations for the 1971-1972 fiscal year without the imposition of the property tax, but the city has neglected to pass the ordinance required by Section 43091 of the Government Code to provide for the levy and collection of such tax by the county. In order to remedy this problem for all general law cities similarly situated, it is necessary that this act go into immediate effect.

CHAPTER 314

An act to amend Section 21151 of the Education Code, relating to school district warrants.

[Approved by Governor July 12, 1971 Filed with
Secretary of State July 12, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 21151 of the Education Code is amended to read:

21151. Unless otherwise provided by county ordinance, any school warrant not presented to the county treasurer

within six months after it was issued is void and any order issued by the governing board of a school district, but not approved by the county superintendent of schools for want of funds, is void if not presented to the county superintendent of schools within two years after notice has been given that the order will be approved on presentation. The county auditor shall each month inform the county superintendent of schools of warrants which have become void during the preceding month and the county superintendent of schools shall transmit such information to the governing board of the school district together with information as to orders which have become void.

Any time within two years from the date on which the original warrant became void, the payee, assignee, or the legal representative or heir of a deceased payee of any warrant which is void as provided in this section may present such warrant to the governing board of the school district which issued the order on which the warrant was drawn, or declare by affidavit that such warrant has been lost or destroyed, and the governing board may adopt an order instructing the county auditor to draw a new warrant in favor of the payee in the same amount as the original warrant, or the governing board may by resolution authorize the county auditor to draw new warrants within the limitations prescribed by the resolution without prior individual order of the governing board, provided the limitations prescribed by this section have been complied with. Any such new warrant shall be subject to the same limitations as the original warrant which it replaces.

CHAPTER 315

An act to amend Section 770.3 of the Insurance Code, relating to insurance.

[Approved by Governor July 12, 1971 Filed with
Secretary of State July 14, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 770.3 of the Insurance Code is amended to read:

770.3. No state department or agency shall negotiate any life or disability insurance or require the placing of such insurance through a particular agent, broker or company, except to the extent that the state has a direct financial interest in the subject of the insurance. The state has no financial interest in an annuity purchased for an employee where the premium therefor is paid from a deduction from or reduction in the employee's salary, and any annuity paid for through such a deduction or reduction shall not be deemed to have been provided by the state for its employees for purposes of this sec-

tion, and the state shall not negotiate or require the placing of such annuity through a particular agent, broker, or company. Nothing herein contained shall affect the program of life and disability insurance in connection with veterans' farm and home purchases through the Department of Veterans Affairs except that the total life insurance benefit under said program shall in no event exceed one hundred twenty percent (120%) of the unpaid contract balance. Except in those cases where the premium for an annuity is paid entirely from a deduction from or reduction in an employee's salary, nothing contained herein shall affect life or disability insurance programs which may be provided by the state for its employees.

As used in this section, "state department or agency" shall include, but not be limited to, school districts.

SEC. 2. This act shall not be construed to prohibit a school district from meeting and conferring on proposals by public school employee organizations with respect to insurance benefits to be provided public school employees, or from adopting proposals made by such organizations.

SEC. 3. Section 770.3 of the Insurance Code is amended to read:

770.3. No state department or agency shall negotiate any life or disability insurance or require the placing of such insurance through a particular agent, broker or company, except to the extent that the state has a direct financial interest in the subject of the insurance. The state has no financial interest in an annuity purchased for an employee where the premium therefor is paid from a deduction from or reduction in the employee's salary, and any annuity paid for through such a deduction or reduction shall not be deemed to have been provided by the state for its employees for purposes of this section, and the state shall not negotiate or require the placing of such annuity through a particular agent, broker, or company. Nothing herein contained shall affect the program of life and disability insurance in connection with veterans' farm and home purchases through the Department of Veterans Affairs except that the total life insurance benefit under said program shall in no event exceed one hundred twenty percent (120%) of the unpaid contract balance. Except in those cases where the premium for an annuity is paid entirely from a deduction from or reduction in an employee's salary, nothing contained herein shall affect life or disability insurance programs which may be provided by the state for its employees.

As used in this section, "state department or agency" shall include, but not be limited to, school districts.

This section shall apply to all local governmental agencies, as well as state departments and agencies.

SEC. 4. It is the intent of the Legislature, if this bill and Assembly Bill No 1372 are both chaptered and amend Section 770.3 of the Insurance Code and this bill is chaptered after Assembly Bill No 1372, that the amendments to Section 770.3

proposed by both bills be given effect and incorporated in Section 770.3 in the form set forth in Section 3 of this act. Therefore, if Assembly Bill No. 1372 is chaptered before this bill and amends Section 770.3, Section 1 of this act shall not become operative.

CHAPTER 316

An act to amend Section 21365.5 of the Government Code, relating to the Public Employees' Retirement System.

[Approved by Governor July 12, 1971. Filed with Secretary of State July 12, 1971.]

The people of the State of California do enact as follows:

SECTION 1 Section 21365.5 of the Government Code is amended to read:

21365.5. Upon the death of a member who has attained the minimum age for voluntary service retirement applicable to him in his last employment preceding death, and who is credited with five or more years of state service and in circumstances in which the basic death benefit is payable other than solely that of membership in a county retirement system, or a retirement system maintained by the university, a monthly allowance equal to one-half of and derived from the same source as the unmodified retirement allowance which the member would have been entitled to receive if he had retired for service on the date of his death shall be payable:

(a) To the surviving wife of a male member as long as she lives or until her remarriage; or

(b) To a dependent surviving husband of a female member as long as he lives or until remarriage; or

(c) To the children under age 18 collectively if there is no surviving spouse or if the surviving spouse dies or remarries before all children of the deceased member attain age 18, until every child dies or attains age 18; provided, that no child shall receive any allowance after marrying or attaining the age of 18.

Where a member does not have a surviving spouse nor any children under the age of 18 years at the time of death, no allowance shall be payable under this section.

right is mailed to him by this system. to receive in lieu of further payments of the allowance, a sum equal to the excess of the basic death benefit which was otherwise payable on account of the member's death over the sum of the monthly payments made prior to such election.

(a) If the person last entitled to the allowance is the remarried spouse of such member, to such spouse;

(b) Otherwise, to the surviving children of the member, share and share alike, or if there are no such children, to the estate of the person last entitled to the allowance.

The board shall compute the amount by which benefits paid pursuant to this section exceed the benefits which would otherwise be payable and shall charge any such excess against the contributions of the state so that there shall be no increase in contributions of members by reason of benefits paid pursuant to this section. As used in this section, "a surviving wife" means a wife that was married to the member for at least one year prior to his death, a "dependent surviving husband" means a dependent husband that was married to the member for at least one year prior to the member's death, and "child" includes a posthumously born child of the member.

On and after the operative date of the amendment to this section at the 1971 Regular Session, this section shall apply to all contracting agencies and to the employees of such agencies with respect to deaths occurring after such operative date, whether or not such agencies have previously elected to be subject to this section.

SEC. 2. Section 1 of this act shall become operative on the first day of the month following the month in which statutes enacted at the 1971 Regular Session of the Legislature become effective.

20012. "Employee" means:

(a) Any person in the employ of the state or the university whose compensation, or at least that portion of his compensation which is provided by the state or the university, is paid out of funds directly controlled by the state or the university, excluding all other political subdivisions, municipal, public and quasi-public corporations. "Funds directly controlled by the state" includes funds deposited in and disbursed from the State Treasury in payment of compensation, regardless of their source.

SEC. 3. Section 20038.5 of the Government Code is repealed.

SEC. 4. Section 20498 of the Government Code is amended to read:

20498. If the effective date of coverage under the federal system of members who are employees of a contracting agency under the Public Employees' Retirement System is prior to the time employee federal contributions are first deducted from the salaries and wages of such employees and a reduced benefit is provided with respect to service from and after said effective date of coverage, retroactive employee and employer contributions may be paid on the contracting agency's election in the manner provided in this section.

Employee and employer federal contributions for such retroactive period shall be paid from the Public Employees' Retirement Fund and charged to the account of the employer. There shall be transferred to the employer account from the member's accumulated contributions an amount equal to employee federal contributions charged to the account of the employer for such member. The amount so transferred shall not exceed the difference between the total normal contributions of the member and the normal contributions which would have been credited to his account had the reduced rate of contribution provided in the amended contract with the public agency been in effect from and after the effective date of coverage, assuming that contributions in any year were made in equal monthly installments.

The amount by which such retroactive employee contributions for a member charged to the account of the employer exceeds the amount transferred from the employee account shall constitute an indebtedness of the member to the employer and a lien on any salary or wages payable to such employee or on his account.

Notwithstanding Sections 20654, 20932, and 20935, the amount of contributions under any election to deposit

contributions for service described in subdivisions (a), (b), and (c) of Section 20930 or redeposit contributions under this part with respect to service for which retroactive employee contributions are transferable to the employer account and which election is then not fully paid or is made thereafter, shall be adjusted so that the total accumulated contributions in the member's account upon completion of the deposit will equal the total accumulated contributions which would be in the member's account had the deposit or redeposit been completed when amounts became transferable from the member's account under this section. Such adjustment shall be accomplished by whichever of the following means is appropriate under the facts and the provisions of this section: (1) transfer to the employer account of amounts deposited where such account has not been fully reimbursed for retroactive employee contributions on account of the member paid from it, (2) reduction of the amount to be deposited under the election, or (3) refund to the member of the adjustment in his account.

If said contract is or has been amended to provide for the payment of retroactive employee and employer contributions in the manner provided in this section, it may be further amended to provide that the amount by which (1) the total normal contributions of each member for the period subsequent to the effective date of coverage under the federal system less the total normal contributions which would have been credited to the account of such member had the reduced rate of contribution provided in the amended contract with the public agency been in effect from and after the aforesaid date of coverage exceed (2) the employee federal contributions for such member for the period after said date of coverage shall be paid to such member.

This section shall apply to the county superintendent of schools as a contracting agency without election. Any excess normal contributions, determined in the manner prescribed in the preceding paragraph, of a member under a contract with a county superintendent of schools or a contract of a school district, whose services were included in the federal system, shall be refunded to the member.

SEC. 5. Section 20786.5 of the Government Code is amended to read:

20786.5. Notwithstanding Sections 20654, 20932, and 20935, the amount of contributions under any election to deposit contributions for service described in subdivisions (a), (b), and (c) of Section 20930 or redeposit contributions under this part with respect to service for which retroactive employee contributions are transferable under this article from the member's accumulated contributions to the state's account for accumulated contributions for current service, and which election is then not fully paid or is made thereafter, shall be

adjusted so that the total accumulated contributions in the member's account upon completion of the deposit will equal the total accumulated contributions which would be in the member's account had the deposit or redeposit been completed when amounts became transferable from the member's account under this article. Such adjustment shall be accomplished by whichever of the following means is appropriate under the facts and the provisions of this section: (1) transfer to the employer account of amounts deposited where such account has not been fully reimbursed for retroactive employee contributions on account of the member paid from it, (2) reduction of the amount to be deposited under the election, or (3) refund to the member of the adjustment in his account.

SEC. 6. Section 20804 of the Government Code is amended to read:

20804. "Current service" means all state service rendered by a member on and after the date upon which he first became a member, service in employment while not a member but after persons employed in the status of the member were eligible for membership, and public service designated as current service under Section 20933.

School districts operating programs under this section shall submit annual evaluations to the Superintendent of Public Instruction as to the academic progress of students enrolled in such programs. The evaluations shall be based on a comparison of pilot program students to a statistically valid control group using pretest and posttest scores as a measurement of achievement.

CHAPTER 331

An act to add Section 20017.9 to, and to amend Section 21252.6 of, the Government Code, relating to the Public Employees' Retirement System.

[Approved by Governor July 13, 1971 Filed with
Secretary of State July 13, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 20017.9 is added to the Government Code, to read:

20017.9. Notwithstanding the provisions of Section 20017.75, "law enforcement member" shall also include persons employed to perform full-time active firefighting duties performed on the effective date of this section under the titles of "institution fire chief" and "institution fireman" by state agencies other than the Division of Forestry of the Department of Conservation.

SEC 2. Section 21252.6 of the Government Code is amended to read:

21252.6. The combined prior and current service pension for a law enforcement member as defined in Sections 20017.77 and 20017.9 and a local safety member with respect to service to a contracting agency subject to this section upon retirement after attaining age 55, is a pension derived from contributions of an employer sufficient, when added to that portion of the service retirement annuity which is derived from the accumulated normal contributions of the member at the date of his retirement, to equal one-fiftieth of his final compensation multiplied by the number of years of law enforcement service which is credited to him as a law enforcement member as defined in Sections 20017.77 and 20017.9 or as a local safety member subject to this section at retirement.

In no event shall the total pension for all service under this section exceed an amount which, when added to the service retirement annuity related to such law enforcement service, equals 75 percent of final compensation. If the pension relates to service to more than one employer and would otherwise exceed such maximum, the pension payable with respect to each employer shall be reduced in the same proportion as the allowance based on service to such employer bears to the total allowance computed as though there were no limit, or that the total of such pensions shall equal the maximum.

This section shall not apply to a person whose effective date of retirement is prior to the operative date of this section or to a person who retires after such operative date and following reinstatement from a retirement having an effective date prior to such operative date and before rendering during such reinstatement at least one year of such law enforcement service. The operative date of this section, with respect to law

enforcement members as defined in Section 20017.9 shall be the operative date of the amendments to this section at the 1971 Regular Session.

The Legislature reserves, with respect to any member subject to this section, the right to provide for such adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier age of service retirement made possible by the benefits under this section.

The percentage of final compensation provided in this section shall be reduced by one-third as applied to that part of the member's final compensation which does not exceed four hundred dollars (\$400) per month for service after the effective date of coverage of a member under the federal system.

This section shall not apply to a contracting agency nor its employees unless and until the agency elects to be subject to it by amendment to its contract made in the manner prescribed for approval of contracts or in the case of a new contract, by express provision of the contract. The operative date of this section with respect to a local safety member shall be the effective date of the amendment to his employer's contract electing to be subject to this section.

Upon such election by a contracting agency subject to Section 21252.1, this section shall not apply to a local safety member then employed who entered such employment after attaining age 30, and Section 21252.1 shall continue to apply to such member unless and until he terminates such employment and more than 30 days thereafter enters employment otherwise subject to this section. Upon such later entry into employment, the member will be subject to this section with respect to all service as a local safety member rendered to any employer subject to this section.

SEC. 3. This act shall become operative on the first day of the month following the month in which statutes enacted at the 1971 Regular Session of the Legislature are effective.

CHAPTER 332

SECTION 1. Section 30112 is added to the Streets and Highways Code, to read:

30112. Other than the southern crossing, the department and authority shall consider the inclusion of bicycle and pedes-

trian facilities on each new toll bridge designed and constructed pursuant to this division, including appropriate connections thereto. Such facilities shall be included on each such new bridge if the authority finds that they are economically and physically feasible. If the authority finds such facilities are not feasible, it shall report its findings to the Legislature at least one year prior to commencement of construction, including the facts on which the authority based its decision.

The cost of the bicycle and pedestrian facilities on the approaches to the toll bridge shall be paid by the authority as a part of the cost of construction of the toll bridge, unless the cost of such facilities is to be paid by a governmental agency other than a state agency. The feasibility study for such facilities shall reflect whether the authority or a governmental agency other than a state agency shall pay the cost of such facilities.

The Legislature finds that the increased use of the bicycle is a desirable activity which should be encouraged by the improvement of access available to that mode of transportation. It is the intent of the Legislature, in enacting this section, to provide for the use of toll bridges by both pedestrians and bicycles, wherever this is economically and physically feasible.

SECTION 1. Section 1101 of the Insurance Code is amended to read:

1101. (a) An admitted insurer's officers, directors, trustees and any persons who have authority in the management of the insurer's funds, shall not, unless otherwise provided in this code:

(1) Receive any money or valuable thing for negotiating, procuring, recommending or aiding in, any purchase by or sale to such insurer of any property, or any loan from such insurer.

(2) Be pecuniarily interested as principal, coprincipal, agent, attorney or beneficiary, in any such purchase, sale or loan.

(3) Directly or indirectly purchase, or be interested in the purchase of, any of the assets of the insurer.

(b) This section shall not apply to:

(1) The purchase or exchange of stock of an admitted insurer by an admitted insurer or between admitted insurers nor to any merger, consolidation or corporate reorganization of such insurers, and shall not apply as to such purchase, merger, exchange, consolidation or reorganization, nor to the officers, directors, trustees or any persons having authority in the management of such insurers funds in respect to any such

transaction and no such transaction shall be either void or voidable, if:

(i) The transaction is just and reasonable as to the insurers involved at the time it is authorized or approved and if no such officer, director, trustee or other person having authority in the management of such insurers funds receives any money or other valuable thing, other than his usual compensation for his regular duties, for negotiating, procuring, recommending or aiding in such transaction, and, either

(ii) Any interest in such transaction on the part of any officers, directors, trustees, or persons who have authority in the management of any such insurer's funds is disclosed or known to its board of directors or committee, authorizing, approving or ratifying the transaction, and noted in the minutes thereof, and the board or committee authorizes, approves or ratifies the transaction in good faith by a vote sufficient for the purpose without counting the vote or votes of any interested officers, directors, trustees, or persons who have authority in the management of the funds of any such insurer, or

(iii) The fact of such interest is disclosed or known to the shareholders in the case of a stock insurance company, or in the case of a mutual insurer to the policyholders, and they approve or ratify the transaction in good faith by a vote or written consent of a majority of the shares or policyholders, as the case may be, entitled to vote, unless the consent or vote of more than a majority is otherwise required, in which event the vote or written consent shall be that so otherwise required.

Any such officer, director, trustee, or other person who has such interest may be counted in determining the presence of a quorum at any meeting which authorizes, approves or ratifies such transaction.

(2) Any transaction relating to an insurer if the transaction meets the other requirements of subdivision (b) and such officers, directors, and trustees of the insurer do not in the aggregate own more than 5 percent of the stock of any corporation with which the insurer is entering into a transaction.

(3) Any transaction if prior to its consummation the insurer has applied for and obtained from the commissioner a certificate of exemption in respect to the specific transaction therein described and such transaction is consummated in conformity with such certificate and the representations and disclosures made in or in connection with the application therefor.

(i) To obtain the certificate of exemption the insurer shall file with the commissioner a written application, accompanied by a filing fee of two hundred fifty dollars (\$250). (E) A description of any and all considerations on either or any side of the transaction.

(F) Evidence that its governing board has specifically authorized the filing of the application.

(G) Such other information, opinions, or matters as the commissioner may require.

The commissioner may issue such certificate of exemption if he finds, with or without a hearing, that the transaction is fair, just and equitable and not hazardous to policyholders, stockholders or creditors. The commissioner may impose such conditions, including but not limited to disclosure of the circumstances and terms of the transaction either before or after its consummation either publicly or to such persons and entities as he may designate and the approval of the transaction by such persons or entities as he may designate. He may also require that a report of the transaction be filed with him subsequent to its consummation in such form and containing such information as he may prescribe.

The certificate of exemption issued pursuant to subparagraph (3) of subdivision (b) shall only exempt the transaction from the prohibitions of this section and shall not affect the rights or remedies of any persons under any other law.

The amendment made to this section at the 1955 General Session shall not apply to contracts, sales, transfers or other transactions entered into prior to the effective date hereof.

The commissioner shall not issue a certificate of exemption under subparagraph (3) of subdivision (b) in respect to any transaction consummated prior to the effective date of the amendment made to this section at the 1967 Regular Session.

CHAPTER 338

An act to amend Sections 1774 and 1775.5 of the Insurance Code, relating to surplus line brokers.

[Approved by Governor July 14, 1971. Filed with Secretary of State July 14, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 1774 of the Insurance Code is amended to read:

1774. On or before the first day of May of each year the surplus line broker shall file with the commissioner a sworn statement of all business transacted under his license during the last preceding calendar year. Such statement shall contain accounts of the gross premiums received and return premiums, separately stated.

SEC. 2. Section 1775.5 of the Insurance Code is amended to read:

1775.5. Every surplus line broker shall annually, on or before the first day of May of each year pay to the Insurance Commissioner for the use of the State of California a tax of 3 percent of the gross premiums upon business done by him under authority of his license during the preceding calendar year, less 3 percent of return premiums paid by him in that year by reason of cancellation or reduction of premium, excluding gross premiums paid and return premiums paid by him upon business governed by the provisions of Section 1760.5. If during any calendar year 3 percent of such return premiums paid by a surplus line broker exceed 3 percent of the gross premiums upon such business done by him in that year, then he may either carry forward such excess to the next succeeding year and apply it as a credit against 3 percent of gross premiums on such business done by him in such succeeding year, or he may elect to receive, and thereupon be paid a refund equal to the amount of taxes theretofore paid by him on such excess of return premiums paid over gross premiums received.

For the purpose of determining such tax, the total premium charged for all such nonadmitted insurance placed in a single transaction with one underwriter or group of underwriters, whether in one or more policies, shall be allocated to this state in such proportion as the total premium on the insured properties or operations in this state, as computed on the exposure in this state on the basis of any single standard rating method in use in all states or countries where such insurance applies, bears to the total premium so computed in all states or countries in which such nonadmitted insurance may apply. This provision shall not apply to interstate motor transit operations conducted between this and other states. With respect to such operations surplus line tax shall be payable on the entire premium charged on all nonadmitted insurance, less

A. Such portion of the premium as is determined, as herein provided, to have been charged for operations in other states taxing such premium on operations in such states of an insured maintaining its headquarters office in this state;

B. The premium for any operations outside of this state of an insured who maintains a headquarters operating office outside of this state and a branch office in this state.

A penalty of 1 percent shall be added for each calendar month or fraction thereof after said first day of May during which such tax or any portion thereof remains unpaid, except that the commissioner may remit the penalty in a case

where the commissioner finds, as a result of examination or otherwise, that the failure of or delay in payment arose out of excusable mistake or excusable inadvertence.

CHAPTER 339

An act to amend Section 1718 of the Insurance Code, relating to insurance.

[Approved by Governor July 14, 1971. Filed with Secretary of State July 14, 1971.]

1718. (a) On or before March 15th of the year in which a permanent license will expire, the commissioner shall mail, to the latest address on file with his office, an application to the licensee, or to the employer in the case of a solicitor, to renew such license for the appropriate succeeding license year or term. Failure to mail such application, due to clerical error or inadvertence, shall not continue the right to a license.

(b) Application for renewal of a license may be filed on or before April 15th prior to the termination of the license year or term upon payment of the fee for filing specified in Section 1750.

(c) Such application for renewal of a license may be filed between April 15th and July 1st of such year upon payment of the fee specified in subdivision (b) and an additional penalty fee in the amount specified for a one-year period in Section 1750 for such filing, but in no case shall such additional penalty fee exceed twenty-five dollars (\$25) for any one such application.

(d) Upon failure to file application as provided in either (b) or (c) hereof, the license shall expire on July 1st of the applicable year, but the holder may file an application for a new license. Until June 30th of the next succeeding year, the fee shall be the total fee specified in subdivision (c) for such filing.

Any person who is employed in a bookstore maintained by a community college pursuant to this section is a member of the classified service of the district in accordance with Section 13584.4. In the case of a person who, immediately preceding becoming a member of the classified service of a school district pursuant to this section, was employed, other than as a student or substitute employee, in a community college bookstore maintained by a student body organization pursuant to Section 25531.7, such prior service shall, for all purposes, be deemed service in the classified service of the employing school district. All necessary expenses, including salaries, wages and costs of capital improvements, may be deducted from the revenue of a community college bookstore. Net proceeds from the operation of a community college bookstore shall be used for the general benefit of the student body as determined by the governing board. Money may be expended for services and property, including but not limited to, parking

facilities, stadia, student centers, student unions, health centers, bookstores or auxiliary facilities for use of students or faculty members of the community college or employees of the district. Funds derived from the operation of a community college bookstore shall be subject to audit pursuant to Section 17206.

SEC. 3. Section 20810.5 is added to the Government Code, to read:

20810.5. An employee of a student body organization, which is not a contracting agency, who becomes a member of the classified service of a school district pursuant to Section 25531.8 of the Education Code, shall receive service credit under the contract of the county superintendent of schools within whose jurisdiction the school district lies, or under such individual district contract as may be applicable, for the time during which he was employed by the student body organization as if he had been employed by the school district during such time unless such service is credited in another publicly supported retirement system.

Service so credited shall be credited as current service or prior service, or both, as it would be credited if the member had been an employee of the school district throughout the time of the service so credited.

The county superintendent of schools or superintendent of schools of an independently contracting district shall draw a requisition against the funds of the school district for an amount equal to the total employer and employee contributions which would have been requisitioned under Section 20585 had such service been rendered in the employ of the school district and the employer and member rates and compensation on the date of transfer had been in effect throughout the period of service credited, and transmit such amount in accordance with Section 20585.

The governing board may at its discretion establish a method of recovering a portion of, or the total liability for, the amount so requisitioned.

SEC. 4. It is the intent of the Legislature that the governing boards of the community colleges take into consideration and effectuate employment stability of employees of student service functions including appropriate measures for competitive recruitment and merit evaluations, and that such employees be afforded retirement and other salary supplements common to school employees.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that persons who have served many years as employees of community college bookstores and are presently so employed will be given employment stability in their positions and other common benefits now enjoyed by all school em-

ployees, and in order that the provisions of this act may be effectuated with respect to persons employed for the forthcoming school year, it is necessary that this act take immediate effect.

(a) Unless otherwise specifically provided each person appointed to a position, the compensation of which is fixed by reference to the salary schedule set forth in this article, shall, for the first 52 weeks of service, receive biweekly the rate of compensation specified in the first step of the salary schedule for the position to which he is appointed. Upon the first day of the biweekly pay period following 52 weeks' continuous service in a class, the initial rate of compensation of such person shall be increased to the next higher step of the salary schedule for the position occupied. On and after the first day of the biweekly pay period following each ensuing 52 weeks of such service such compensation shall be increased to the rate specified in the next higher step of the salary schedule for the position occupied until such compensation equals the sum specified in the highest step of the schedule pertaining to such position.

(b) When any person in the service of the court is appointed or promoted to another office or position in such service compensated at a higher numbered schedule, he shall receive step 1 of such schedule if step 1 is at least one step higher than the salary received in the office or position relinquished; but if not, he shall receive initially that step of the schedule pertaining to such office or position which will provide a one-step increase in his compensation.

(c) When any person in the service of the court is demoted to another office or position he shall receive compensation at the highest step of the salary schedule applicable to the position to which he is demoted which provides a salary not higher than that previously received by such person, except that if such demotion is due to disciplinary action, the appointing power may specify any step rate of such schedule which provides compensation not higher than that last previously received by such person.

CHAPTER 352

An act to add Section 211.5 to the Streets and Highways Code, relating to locations for state freeways, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 20, 1971 Filed with
Secretary of State July 20, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 211.5 is added to the Streets and Highways Code, to read:

211.5. Where the commission has adopted a location for a freeway, a local agency may request the commission to consider minor modifications in the route within the boundaries of the local agency. Should the commission, in its discretion,

determine that the suggested minor modifications in route location merit consideration, the commission shall, on its own motion, hold an adequately publicized public hearing to consider the suggested modifications. The commission, in exercising its discretion, may consider the effect, if any, that the suggested modifications will have upon adjacent local agencies.

The Office of Planning and Research and other affected state agencies shall be notified regarding such suggested modifications; and their recommendations, if any, together with the recommendations of the director and the State Highway Engineer, shall be presented to the local agency and shall be publicized in advance of the public hearing.

Following such public hearing, the commission may, without further notice of hearings, adopt the modified route or any portion thereof. In the event such an adoption is made, the commission shall prepare and disseminate a report as provided by Section 75.7.

The purpose of this section is to provide an expeditious procedure for the commission to consider and make minor modifications to adopted freeway routes, provided, however, that unless or until such minor modifications are adopted by the commission, the previous route adoption shall not be affected, and the commission and the department may take any and all actions permitted by law as to the adopted route during the time the commission is considering the suggested route modification.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Within several areas of this state, local officials have requested that a partial reopening of a freeway route be undertaken. Without the immediate enactment of this act, only a complete reopening of the route locations will be possible, thereby causing needless state expenditure and the imposition of unnecessary adverse economic impact upon adjacent local communities.

Therefore, it is necessary that this act take effect immediately.

CHAPTER 353

An act to add Section 135.5 to, and to add Chapter 5.5 (commencing with Section 1451) to Part 1 of Division 1 of, and to amend Section 633 of, the Unemployment Insurance Code, relating to state employee unemployment insurance, and declaring the urgency thereof, to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 135.5 is added to the Unemployment Insurance Code, to read:

135.5. "Employing unit" also means the State of California for the purposes of Chapter 5.5 (commencing with Section 1451) of this part.

SEC. 2. Section 633 of the Unemployment Insurance Code is amended to read:

633. Except as provided in Sections 605, 605.5, 709, and 710, and in Chapter 5.5 (commencing with Section 1451) of this part, "employment" does not include service performed in the employ of a state, a political subdivision thereof, or an instrumentality of one or more states or political subdivisions.

SEC. 3. Chapter 5.5 (commencing with Section 1451) is added to Part 1 of Division 1 of the Unemployment Insurance Code, to read:

CHAPTER 5.5. UNEMPLOYMENT COMPENSATION FOR STATE EMPLOYEES

1451. Except as provided in this chapter, a state employee shall be eligible for unemployment compensation benefits on the same terms and conditions as are specified by this part, Part 3 (commencing with Section 3501) of this division, and Part 4 (commencing with Section 4001) of this division, for all other individuals. Except as inconsistent with the provisions of this chapter, the provisions of this division and authorized regulations shall apply to any matter arising pursuant to this chapter. A state employee shall have no rights, based on state wages, to disability benefits under this division.

1452. A state employee may use state wages for benefits under this chapter only with respect to the benefit year established by the first new claim for benefits after his termination from employment with the state. No new claim for benefits under this chapter shall have an effective date beginning earlier than the effective date of this chapter.

1453. As used in this chapter:

(a) "State employee" means an individual who has permanent or probationary civil service status in employment by this state, and who (1) receives a notice of layoff with an effective date on or after March 1, 1971, pursuant to Article 2 (commencing with Section 19530) of Chapter 8 of Part 2 of Division 5 of Title 2 of the Government Code, or (2) terminates his employment, or has terminated his employment on or after March 1, 1971, after being notified in writing by his appointing authority that he is subject to layoff or mandatory transfer in his class and location, due to a reduction in staff arising from reductions in any budget act, or any other source of funds or due to a reduction in staff for reasons of economy or due to a reduction in staff resulting from organizational changes or reduced workload. However, nothing in this sub-

division shall permit a state employee, as defined, to receive unemployment compensation benefits if he would be ineligible for or disqualified to receive such benefits under Article 1 (commencing with Section 1251) of Chapter 5 of Part 1 of Division 1.

(b) "State wages" means all remuneration payable to a state employee for personal services performed as a state employee prior to (1) the effective date of such notice of layoff or (2) 30 days after such employee is notified in writing by his appointing authority, as described in subdivision (a), including the reasonable cash value of all remuneration payable in any medium other than cash, and includes all such remuneration paid on and after October 1, 1969.

(c) "State base period" means the period of the last four complete consecutive calendar quarters, and any subsequent complete and partial calendar month or months, immediately preceding the effective date of a new claim for unemployment compensation benefits by a state employee.

(d) "Base period" means the base period defined by Section 1275.

1454. State wages shall be included as wages for the purposes of this part in the base period of a state employee. The lump sum or other payment of accrued unused vacation pay at termination from state employment shall be wages for the purposes of this chapter and shall be allocated to the period following termination at the individual's rate of pay at termination from state employment.

1455. If the inclusion of state wages and wages in employment paid during the base period of a state employee do not result in a claim for a maximum benefit amount and a maximum weekly benefit amount under this part, the claim shall be recomputed on the basis of state wages paid to or owing but unpaid to the state employee during his state base period and wages in employment paid to him during that portion of his base period that is included in his state base period. He shall be entitled to an award for his claim for the higher of the benefit amounts so computed.

1456. (a) In lieu of the contributions required of employers, the State of California shall pay into the Unemployment Fund in the State Treasury at the times and in the manner provided in subdivision (b), an amount equal to the additional cost to the Unemployment Fund of the benefits (including extended duration benefits and federal-state extended benefits) paid based on base period state wages or state base period state wages with respect to employment of state employees. Benefits otherwise payable, irrespective of this chapter, shall be charged to employers' reserve accounts in accordance with other sections of this part and shall be the liability of governmental entities or nonprofit organizations pursuant to Sections 710, 711, and 713, but the additional cost to the Unemployment Fund of the benefits paid based on base period state

wages or state base period state wages pursuant to this chapter shall be borne solely by the State of California.

(b) In making the payments prescribed by subdivision (a), there shall be paid or credited to the Unemployment Fund, either in advance or by way of reimbursement, as may be determined by the director, such sums as he estimates the Unemployment Fund will be entitled to receive from the State of California under this section for each calendar quarter, reduced or increased by any sum by which he finds that his estimates for any prior calendar quarter were greater or less than the amounts which should have been paid to the fund. Such estimates may be made upon the basis of statistical sampling, or other method as may be determined by the director.

Upon making such determination, the director shall certify to the Controller the amount determined with respect to the State of California. The Controller shall pay to the Unemployment Fund the contributions due from the State of California. The director shall charge to any special fund, which is responsible for the salary of any employee, the amount of additional cost to the Unemployment Fund of the benefits paid with respect to that state employee.

(c) The director may require from each state agency such employment, wage, financial, statistical, or other information and reports, properly verified, as may be deemed necessary by the director to carry out his duties under this chapter, which shall be filed with the director at the time and in the manner prescribed by him.

(d) The director may tabulate and publish information obtained pursuant to this chapter in statistical form and may divulge the name of the employing unit.

(e) Each state agency shall keep such work records as may be prescribed by the director for the proper administration of this chapter.

(f) Notwithstanding any other provision of law, the State of California shall not be liable for that portion of any extended duration benefits or federal-state extended benefits which is reimbursed or reimbursable by the federal government to the State of California.

1457. Section 1452 and subdivision (a) of Section 1453 shall not apply, effective with respect to service performed after December 31, 1971, to service performed by a state employee in the employ of the State of California, or any instrumentality of this state or of this state and one or more other states, for a hospital, nor shall such provisions apply to any new claim for benefits filed with an effective date beginning on or after January 1, 1972, which includes in the base period or state base period any state wages paid with respect to such service performed after December 31, 1971.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall

go into immediate effect. The facts constituting such necessity are:

There is a significant increase in layoffs in state service. The lack of unemployment benefits for state employees is detrimental to morale, causes a deterioration in the quality and quantity of services and is a deterrent to the recruitment of qualified candidates for employment. Unless there is prompt adjustment of this serious inequity the state service will suffer serious and irreparable harm.

CHAPTER 354

An act to amend Section 51233 of the Government Code, relating to the California Land Conservation Act of 1965.

[Approved by Governor July 20, 1971 Filed with
Secretary of State July 20, 1971]

The people of the State of California do enact as follows:

SECTION 1 Section 51233 of the Government Code is amended to read:

51233. When a county proposes to establish an agricultural preserve it shall give written notice at least two weeks before the hearing to the local agency formation commission and to every city within the county within one mile of the exterior boundaries of the preserve.

CHAPTER 355

An act to amend Section 70045.6 of the Government Code, relating to court reporters.

[Approved by Governor July 20, 1971 Filed with
Secretary of State July 20, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 70045.6 of the Government Code is amended to read:

70045.6. In a county with a population of over 290,000 and under 300,000 as determined by the 1960 federal census, each regular reporter shall be paid an annual salary of fourteen thousand four hundred dollars (\$14,400), and each pro tempore official reporter shall be paid fifty-five dollars (\$55) a day for the days he actually is on duty under order of the court. In such a county the fee required by Section 70053 shall be fourteen dollars (\$14).

CHAPTER 356

An act to amend Section 8655 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor July 20, 1971 Filed with
Secretary of State July 20, 1971]

The people of the State of California do enact as follows:

SECTION 1 Section 8655 of the Revenue and Taxation Code is amended to read:

8655. (a) This section shall be known and may be cited as the Mills-Hayes Act.

(b) No tax shall be imposed upon fuel used by:

(1) Any transit district, transit authority or city owning and operating a local transit system itself or through a wholly owned nonprofit corporation.

(2) Any passenger stage corporation subject to the jurisdiction of the Public Utilities Commission when the motor vehicles of such passenger stage corporation are exclusively operated in urban or suburban areas, as defined in Section 9651.5 of this code.

(3) Any common carrier of passengers operating exclusively on any line or lines within the limits of a single city between fixed termini or over a regular route, 98 percent of whose operations, as measured by total route mileage operated, are exclusively within the limits of a single city, and who by reason thereof is not a passenger stage corporation subject to the jurisdiction of the Public Utilities Commission.

(c) Notwithstanding the exemption provided for by subdivision (b), any system, corporation or carrier using fuel exempt under the provisions of subdivision (b) shall, for the privilege of operating vehicles on state highways and freeways, make a payment equal to one cent (\$.01) for each gallon of such exempt fuel used. The payments required by this subdivision shall be paid to the State Board of Equalization in the manner prescribed by the board, and such payments shall be treated as a tax for all purposes of this part.

(d) The exemption provided for in subdivision (b) and the payments provided for in subdivision (c) shall not be applicable to fuel used by a charter-party carrier of passengers. The term "charter-party carrier of passengers" has the same meaning as that specified in Section 5360 of the Public Utilities Code and shall further include those transportation services described in subdivisions (a) and (e) of Section 5353 of the Public Utilities Code, if such transportation service is rendered as contract carriage and not as common carriage of passengers.

(e) There are in the State of California many local bus transit operators in need of financial assistance from sources other than the local property tax. These operators are performing essential public transit service as a vital counterpart

of the streets and highways. It is the purpose of this section to provide relief from the payment of use fuel tax for local transit operators and it is the intent of the Legislature that the funds accruing to such operators shall be used for the improvement of their transit operations and to aid in providing better transit service to and from places of employment.

SEC. 2. The amendment of Section 8655 of the Revenue and Taxation Code made by this act does not constitute a change in, but is declaratory of, the existing law.

CHAPTER 357

An act to amend Section 12650 of the Vehicle Code, relating to student drivers.

[Approved by Governor July 20, 1971. Filed with Secretary of State July 20, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 12650 of the Vehicle Code is amended to read:

12650. (a) Any student over 15 years of age taking a course in automobile driver training, maintained pursuant to Article 14 (commencing with Section 18251) of Chapter 3 of Division 14 of the Education Code, in a secondary school or enrolled in a driver training course offered by a private or parochial school of secondary level may apply to the principal of the school for a student license.

(b) The application shall be signed by the applicant before the principal of the school, or a staff member assigned to such duty. The application shall be accompanied by a statement signed by the parents or guardian or person having custody of the minor, consenting to the issuance of a student license to the students and accepting liability for civil damages arising out of the student driving a motor vehicle upon a highway as provided for in Division 9 (commencing with Section 17000) of this code.

CHAPTER 358

An act to amend Section 11535 of the Business and Professions Code, relating to subdivision maps.

[Approved by Governor July 20, 1971 Filed with
Secretary of State July 20, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 11535 of the Business and Professions Code is amended to read:

11535. (a) "Subdivision" refers to any real property, improved or unimproved, or portion thereof, shown on the latest adopted county tax roll as a unit or as contiguous units, which is divided for the purpose of sale, lease, or financing, whether immediate or future, by any subdivider into five or more parcels; provided, that this chapter shall not apply to the financing or leasing of apartments, offices, stores, or similar space within an apartment building, industrial building, commercial building, or trailer park, nor shall this chapter apply to mineral, oil or gas leases.

(b) Subdivision does not include any parcel or parcels of land which is divided into four or less parcels. Any conveyance of land to a governmental agency, public entity or public utility shall not be considered a division of land for purposes of computing the number of parcels.

(c) Subdivision does not include the division of any real property improved or unimproved or a portion thereof shown on the latest adopted county tax roll as a unit or as contiguous units, which is divided for the purpose of sale, lease, or financing, whether immediate or future, if any of the following conditions prevail:

(1) The whole parcel before division contains less than five acres, each parcel created by the division abuts upon a public street or highway and no dedications or improvements are required by the governing body.

(2) Any parcel or parcels divided into lots or parcels, each of a gross area of 20 acres or more, and each of which has an approved access to a maintained public street or highway.

(3) Any parcel or parcels of land having approved access to a public street or highway which comprises part of a tract of land zoned for industrial or commercial development, and which has the approval of the governing body as to street alignments and widths.

(4) Any parcel or parcels of land divided into lots or parcels, each of a gross area of forty (40) acres or more or each of which is a quarter-quarter section or larger, or such other amount, up to 60 acres, as may be specified by local ordinances.

(d) In any case provided in subdivisions (c)(1), (c)(2), and (c)(3), and in the case of subdivision (b) when requested by local ordinance, a tentative map shall be submitted to the governing body or advisory agency (in the same manner as

provided in this chapter for subdivisions) for approval as to area, lot design, flood and water drainage control and as to all requirements of this section. Within one year after approval of the tentative map, a parcel map showing each new parcel or parcels may be filed with the recorder of the county concerned. This map shall be filed prior to sale, lease, or financing of such parcels. Conveyances may be made of parcels shown on such map by number or other such designation. Upon application an extension of the approval of the tentative map, not to exceed one year, may be granted by the governing body or advisory agency.

The governing body may require dedications or an offer of dedication by separate instrument for street opening or widening or easements. If dedications or offers of dedications are required, such dedications shall be completed prior to filing of the parcel map. An offer of dedication shall be in such terms as to be binding on the owner, his heirs, assigns or successors in interest, and shall continue until the governing body accepts or rejects such offer.

In the case of subdivision (c) (3), and in the case of subdivision (b) when local ordinance provides, the governing body may require the improvement of public or private streets, highways, ways, or easements as may be necessary for local traffic, drainage and sanitary needs.

(e) Nothing contained in this chapter shall apply to land dedicated for cemetery purposes under the Health and Safety Code of the State of California.

(f) Nothing contained in this section shall in any way modify or affect any of the provisions of Section 11000 of this code.

74977. For the purposes of this chapter, the term "enterprise," as used in the Revenue Bond Law of 1941, shall be limited to and shall include only those works or property authorized to be acquired, constructed, improved or financed by a water conservation district pursuant to this division or any other applicable provision of law.

13404. Upon the filing of written charges, duly signed and verified by the person filing them, with the governing board of the school district, or upon a written statement of charges formulated by the governing board, charging that there exists cause for the dismissal of a permanent employee of the district, the governing board may, upon majority vote, except as provided in this article if it deems the action necessary, give notice to the permanent employee of its intention to dismiss him

at the expiration of 30 days from the date of service of the notice, unless the employee demands a hearing as provided in this article.

Any written statement of charges of unprofessional conduct or incompetency shall specify instances of behavior and the acts or omissions constituting the charge so that the teacher will be able to prepare his defense. It shall, where applicable, state the statutes and rules which the teacher is alleged to have violated, but it shall also set forth the facts relevant to each occasion of alleged unprofessional conduct or incompetency.

SEC. 3. Section 13404.5 of the Education Code is amended to read:

13404.5. No report on the fitness of a teacher in a dismissal proceeding shall be received from a statewide professional organization by a governing board unless the teacher shall have been given, prior to the preparation of the report in its final form, the opportunity to submit in writing his or her comments on the report and unless a copy of the report in final form is given to the teacher investigated at least 10 days prior to its submission to the board.

A copy of the charges filed, together with a copy of the provisions of this article, shall be attached to the notice.

SEC. 5. Section 13406 of the Education Code is amended to read:

13406. If the employee does not demand a hearing by filing a written request for hearing with the governing board, he may be dismissed at the expiration of the 30-day period.

SEC. 6. Section 13407 of the Education Code is amended to read:

The written notice shall include the evaluation made pursuant to Article 5 5 (commencing with Section 13485) of this chapter. "Unprofessional conduct" and

“incompetency” as used in this section means, and refers only to, the unprofessional conduct and incompetency particularly specified as a cause for dismissal in Section 13403 and does not include any other cause for dismissal specified in that section.

SEC. 7. Section 13408 of the Education Code is amended to read:

13408. Upon the filing of written charges, duly signed and verified by the person filing them with the governing board of a school district, or upon a written statement of charges formulated by the governing board, charging a permanent employee of the district with immoral conduct, conviction of a felony or of any crime involving moral turpitude, with incompetency due to mental disability, with willful refusal to perform regular assignments without reasonable cause, as prescribed by reasonable rules and regulations of the employing school district, with violation of Section 9031, with knowing membership by the employee in the Communist Party or with violation of any provision in Sections 12952 to 12958, inclusive, the governing board may, if it deems such action necessary, immediately suspend the employee from his duties and give notice to him of his suspension, and that 30 days after service of the notice, he will be dismissed, unless he demands a hearing.

If the permanent employee is suspended upon charges of knowing membership by the employee in the Communist Party or for any violation of Section 9031, 12952, 12953, 12954, 12957, or 12958, he may within 10 days after service upon him of notice of such suspension file with the governing board a verified denial, in writing, of the charges. In such event the permanent employee who demands a hearing within the 30-day period shall continue to be paid his regular salary during the period of suspension and until the entry of the decision of the Commission on Professional Competence, if and during such time as he furnishes to the school district a suitable bond, or other security acceptable to the governing board, as a guarantee that the employee will repay to the school district the amount of salary so paid to him during the period of suspension in case the decision of the Commission on Professional Competence is that he shall be dismissed. If it is determined that the employee may not be dismissed, the school district shall reimburse the employee for the cost of the bond.

SEC. 8. Section 13409 of the Education Code is amended to read:

13409. Whenever any certificated employee of a school district is charged with the commission of any sex offense as defined in Section 12912 by complaint, information or indictment filed in a court of competent jurisdiction, the governing board of the school district shall immediately place the employee upon compulsory leave of absence for a period of time extending for not more than 10 days after the date of the entry of the judgment in the proceedings. The governing board of the school district may extend the compulsory leave of absence of the employee beyond such period by giving notice

to the employee within 10 days after the entry of judgment in the proceedings that the employee will be dismissed at the expiration of 30 days from the date of service of the notice, unless the employee demands a hearing as provided in this article.

Any employee placed upon compulsory leave of absence pursuant to this section shall continue to be paid his regular salary during the period of his compulsory leave of absence if and during such time as he furnishes to the school district a suitable bond, or other security acceptable to the governing board, as a guarantee that the employee will repay to the school district the amount of salary so paid to him during the period of the compulsory leave of absence in case the employee is convicted of such charges, or fails or refuses to return to service following an acquittal of the offense or dismissal of the charges. If the employee is acquitted of the offense, or the charges against him are dismissed, the school district shall reimburse the employee for the cost of the bond upon his return to service in the school district.

If the employee does not elect to furnish bond, or other security acceptable to the governing board of the district, and if the employee is acquitted of the offense, or the charges against him are dismissed, the school district shall pay to the employee his full compensation for the period of the compulsory leave of absence upon his return to service in the school district.

Whenever any certificated employee of a school district is charged with the commission of any narcotics offense as defined in Section 12912.5, or a violation of subdivision 1 of Section 261 of the Penal Code, Sections 11530 to 11532, inclusive, 11540, or 11910 to 11915, inclusive, insofar as such sections relate to subdivision (c) of Section 11901, of the Health and Safety Code, by complaint, information, or indictment filed in a court of competent jurisdiction, the governing board of the school district may immediately place the employee upon compulsory leave in accordance with the procedure in this section.

If the employee does not demand a hearing within the 30-day period, he may be dismissed upon the expiration of 30 days after service of the notice.

SEC. 10. Section 13412 of the Education Code is amended to read:

13412. When any employee who has been served with notice of the governing board's intention to dismiss him demands a hearing, the governing board shall have the option either (a)

to rescind its action, or (b) schedule a hearing on the matter.

SEC. 11. Section 13413 of the Education Code is repealed.

SEC. 12. Section 13413 is added to the Education Code, to read:

13413. In the event a hearing is requested by the employee, the hearing shall be commenced within 60 days from the date of the employee's demand for a hearing. The hearing shall be conducted and a decision made in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the Commission on Professional Competence shall have all the power granted to an agency therein.

In those causes specified in subdivisions (b), (f), (h), (i), (j), and (k) of Section 13403, the hearing shall be conducted by a hearing officer whose decision shall be binding on the board. In the event the employee is charged with any of the causes specified in subdivisions (a), (c), (d), (e), and (g) of Section 13403, the hearing shall be conducted by a Commission on Professional Competence. One member of the panel shall be selected by the employee, one member shall be selected by the governing board, and one member shall be a hearing officer of the State Office of Administrative Procedure who shall be chairman and a voting member of the competency panel and shall be responsible for assuring that the legal rights of the employee are protected at the hearing. If either the governing board or the employee for any reason fails to select a commission member at least seven days prior to the date of the hearing, such failure shall constitute a waiver of the right to selection, and the county board of education or its specific designee shall immediately make the selection. When the county board of education is also the governing board of the school district, the selection shall be made by the Superintendent of Public Instruction, who shall be reimbursed by the school district for all costs incident to the selection.

The member selected by the governing board and the member selected by the employee shall have at least five years' experience in the specific educational function of the accused as set forth in Section 13055.

In those instances where the employee has been charged with any of the causes specified in subdivisions (a), (c), (d), (e), and (g) of Section 13403, the decision shall be made, by a majority vote, by the Commission on Professional Competence

which shall prepare a written decision containing findings of fact, determinations of issues and a disposition either:

- (a) That the employee should be dismissed.
- (b) That the employee should not be dismissed.

In those instances where the employee has been charged with any of the causes specified in subdivisions (a), (c), (d), (e), and (g) of Section 13403, the decision of the Commission on Professional Competence shall be deemed to be the final decision of the governing board.

The board may adopt from time to time such rules and procedures not inconsistent with provisions of this section, as may be necessary to effectuate this section.

The governing board and the employee shall have the right to be represented by counsel.

If the governing board orders the dismissal of the employee, the governing board and the employee shall share equally the expenses of the hearing, including the cost of the hearing officer. The employee and the governing board shall pay their own attorney fees.

If the governing board orders that the employee not be dismissed, the governing board shall pay all expenses of the hearing, including the cost of the hearing officer, and reasonable attorney fees incurred by the employee.

After cancellation the seller is entitled to receive back from you, at your address, any goods previously delivered by him to you, providing he has returned any payments and goods or other property received from you, to the extent indicated above. If the seller does not call for his goods at your address within 20 days after you give notice of cancellation, you may keep them as your own.

1689.10. (a) Except as provided in Sections 1689.6 to 1689.11, inclusive, within 10 days after a home solicitation contract or offer has been canceled, the seller must tender to the buyer any payments made by the buyer and any note or other evidence of indebtedness.

(b) If the downpayment includes goods traded in, the goods must be tendered in substantially as good condition as when received. If the seller fails to tender the goods as provided by this section, the buyer may elect to recover an amount equal to the trade-in allowance stated in the agreement.

(c) The seller may retain as a cancellation fee 5 percent of the cash price but not exceeding fifteen dollars (\$15) or the amount of the cash downpayment, whichever is less. If the seller fails to comply with an obligation imposed by this section, or if the buyer avoids the sale on any ground independent of his right to cancel provided by subdivision (a) of Section 1689.6, the seller is not entitled to retain a cancellation fee.

(d) Until the seller has complied with the obligations imposed by Sections 1689.7 to 1689.11, inclusive, the buyer may retain possession of goods delivered to him by the seller and has a lien on the goods for any recovery to which he is entitled.

If the seller fails to demand possession of goods within 20 days after cancellation, the goods become the property of the buyer without obligation to pay for them.

(b) The buyer has a duty to take reasonable care of the goods in his possession both prior to cancellation and during the 20-day period following. During the 20-day period after cancellation, except for the buyer's duty of care, the goods are at the seller's risk.

(c) If the seller has performed any services pursuant to a home solicitation contract or offer prior to its cancellation, the seller is entitled to no compensation except the cancellation fee provided in this section. If the seller's services result in the alteration of property of the buyer, the seller shall restore the property to substantially as good condition as it was at the time the services were rendered.

(d) The protection and regulation of any area adjacent to any natural or artificial watercourse which is an area designated by the board of supervisors as subject to inundation or erosion by reason of overflow of flood or storm water.

Violation of any of the provisions of a district ordinance enacted pursuant to this section may be abated as a public

nuisance, and the board of supervisors may by ordinance establish a procedure for abatement of such a nuisance and assess the cost of such abatement to the violator. If the violator maintains the nuisance upon real property in which he has an interest, the assessment shall be a charge upon such real property. The assessment may be collected at the same time and in the same manner as ordinary district taxes are collected, and shall be subject to the same penalties and the same procedure for sale in case of delinquency as provided for ordinary district taxes. SEC. 33. Section 14260 of the Education Code is amended to read:

14260. Upon retirement for disability, a member shall receive a retirement allowance which shall consist of:

(a) A retirement salary derived from the Permanent Fund, payable monthly equal to the retirement salary calculated under subdivision (a) of Section 14240 if the member has attained the age of 60 years at the effective date of his re-

tirement; or if the member has not attained such age, a retirement salary payable monthly equal to ninety percent (90%) of an amount which bears the same ratio to fifty dollars (\$50) as the number of years of service credited, not to exceed thirty (30) years, bears to 30 years, and

(b) A disability annuity, derived from the Retirement Annuity Fund, computed pursuant to Section 14262, and

(c) An annuity which shall be the actuarial equivalent of the accumulated annuity deposits standing to the credit of his individual account at the time of his retirement, and

(d) A tax-sheltered annuity which shall be the actuarial equivalent of the accumulated tax-sheltered contributions standing to the credit of his individual account at the time of his retirement.

Such retirement allowance, prior to modification under options in Section 14280, and exclusive of the annuities referred to in subdivisions (c) and (d) of this section, shall be at least an amount, by increase in the annuity under the Retirement Annuity Fund, which, when added to the retirement allowance, prior to optional modification, the person is entitled to receive from a local system, shall equal the retirement allowance, prior to option modification, to which the person would be entitled under this system if he were not entitled to any allowance from a local system, minus one-half the retirement annuity on account of service rendered after June 30, 1944, to which the person would be so entitled, but for which he did not make annuity contributions. However, no amount shall be paid under this section to any retired person who has the right to receive a retirement allowance from a local system upon his subsequent attainment of a minimum age after the retired person attains that minimum age unless he affirmatively exercises his right to receive the retirement allowance from the local system, and if such a retired person does so exercise his right, only if some amount is then payable under this paragraph.

SEC. 34. Section 14263 of the Education Code is amended to read:

14263. In no event shall the disability annuities under Section 14262 be more than sufficient to make the disability retirement allowance, exclusive of any annuities provided by accumulated annuity deposits and accumulated tax-sheltered contributions, exceed the service retirement allowance, exclusive of any annuities purchased by accumulated annuity deposits and accumulated tax-sheltered contributions receivable by the member should he continue until retirement at age 60.

SEC. 35. Section 14264 of the Education Code is amended to read:

14264. In no event shall the retirement allowance for disability, exclusive of any annuity provided by accumulated annuity deposits and accumulated tax-sheltered contributions, be less than the amount of the service retirement allowance, exclusive of any annuity purchased by accumulated annuity

deposits and accumulated tax-sheltered contributions, which the retiring member would have received if he had retired for service instead of disability.

SEC. 36. Section 14332 of the Education Code is amended to read:

14332. The increase is an amount derived by applying the percentage set forth in the following table opposite the period during which the retirement was effective, to so much of the allowance which otherwise would be payable for such time, excluding any annuity provided by accumulated annuity deposits or accumulated tax-sheltered contributions and prior to any modification under an option, which does not exceed three hundred dollars (\$300):

SEC. 37. Section 14334 of the Education Code is amended to read:

14334. If the allowance payable on July 1, 1967, is due a beneficiary, the percentages shall be applied to so much of the monthly allowance payable on that date, excluding annuities from the Annuity Deposit Fund or from tax-sheltered contributions, which does not exceed three hundred dollars (\$300) and shall be based on the effective date of the member's retirement if the allowance is payable under Section 14280, or the date of the member's death if payable under Section 14193 or 14284.

SEC. 38. Section 14441 of the Education Code is amended to read:

14441. Subject to minimum payments and time limits fixed by the board, the member may make the deposit of the amount in one or more sums.

If the deposit is not made within 30 days after the election to deposit is received in the office of the system in Sacramento, California, the member shall also pay regular interest on the unpaid portion of the amount at the same rate.

SEC. 39. Section 14447 of the Education Code is amended to read:

14447. If a retirant ceases to be entitled to benefits from a local system, on account of which service was excluded in the

calculation of his annuity, but who continues to be retired under this system, he is entitled to an annuity on account of such service. Such annuity shall be effective on the first day of the month in which he notifies the board at its office in Sacramento, if within 90 days after the effective date the retirant deposits in the Retirement Annuity Fund an amount equal to the contributions which he would have been required to make to the fund during service performed after June 30, 1944, if he had not then been a member of the local system, less the portion of the annuity which would have been payable prior to said date, and an amount equal to that which was not paid to the local district under Section 14122 or 14131 with regular interest on the balance of the contributions remaining, after deducting the portion as it would have been paid from month to month, from the first of the year next following the date on which such contribution would have been payable to the date the deposit is made at the current rate of regular interest. The annuity shall be calculated with respect to all such service on the basis of the effective date of retirement of such person.

SEC. 40. Section 14448 of the Education Code is amended to read:

14448. If deposit of such contributions and regular interest is not made as provided in Section 14447, the annuity shall be calculated in the same manner, but including only such service performed prior to July 1, 1944, and the minimum retirement allowance applicable to such member shall be the minimum allowance calculated as if the deposit were made, and then reduced by the amount of the annuity equaling the actuarial equivalent of such deposit.

SEC. 41. Section 14449 of the Education Code is amended to read:

14449. If a person, after retirement, becomes entitled to a benefit from a local retirement system, based on service which was included in the calculation of his annuity, the annuity shall be recalculated as of the effective date of the person's retirement, excluding such service, and the reduced retirement allowance shall be effective on the day the benefit under the local system began to accrue. Annuity contributions made on account of such service, plus credited interest and less the annuity paid to him on account of the contributions, shall be paid to him.

The people of the State of California do enact as follows:

SECTION 1. Section 771 of the Insurance Code is amended to read:

771. Section 770 shall not prevent:

(a) The exercise by any person engaged in such business of his right to approve or disapprove, for reasonable cause, as determined by appropriate regulatory authority, of the insurer selected to underwrite the insurance, nor of his right to furnish such insurance or to renew any insurance required by the contract of sale or trust deed or other loan agreement if the borrower or purchaser shall have failed to furnish the insurance or renewal thereof within such reasonable time or form as may be specified in the sale or loan agreement. The lender shall not refuse to accept insurance provided by an acceptable insurer on the ground that such insurance provides more coverage than is required in the sale or loan agreement, unless the additional coverage consists of automobile, life or disability insurance.

The Savings and Loan Commissioner, the Superintendent of Banks, and the Corporations Commissioner, in conjunction with the Insurance Commissioner, shall issue appropriate regulations defining "reasonable cause."

(b) Any lender from recommending to any borrower or prospective borrower the placing of insurance with a specified insurer or through a specified insurance agent or broker as

On and after July 1, 1972, such recommendation clearly setting forth the name and the mailing address of the recommended insurer or insurance agent or broker, shall be in writing.

If an insurance policy procured by the borrower or purchaser is subsequently substituted for that then in force, the lender may impose a reasonable service charge as determined by the Insurance Commissioner for the transaction, the payment of which charge by the agent or broker is not a violation of any other provision of this code. No service charges shall be imposed for normal insurance changes made during the term of the policy.

(d) "Inspection bureau" means the fire insurance rating organization designated by the industry placement facility with the approval of the commissioner to make inspections to determine the condition of the properties for which basic property insurance is sought and to perform such other duties as may be authorized by the industry placement facility.

Each such insurer, as a condition of its authority to transact such kinds of insurance in this state, shall participate in such industry placement facility program in accordance with rules to be established by a governing committee consisting of nine insurers elected annually in the manner to be provided in the program. The governing committee shall, in addition, have as nonvoting members one representative of insurance agents, one representative of insurance brokers, one representative of surplus line brokers, and one representative of the public, each to be appointed by the Governor. The governing committee may establish separate classifications of written premiums for the purpose of equitable distribution but

The program may also provide, with the approval of the commissioner, for assessment of all members in amounts sufficient to operate the facility, and may establish maximum limits of liability to be placed through the program, reasonable underwriting standards for determining insurability of a risk, and commission to be paid to the licensed producer designated by the applicant.

SEC. 3. Chapter 10 (commencing with Section 10101) is added to Part 1 of Division 2 of the Insurance Code, to read:

CHAPTER 10. CRIME INSURANCE POOL

10101. This chapter is known and may be cited as the "California Crime Insurance Act of 1971." The purposes of this chapter are to do all of the following:

(a) To assure stability in the crime insurance market for property located in the State of California.

(b) To assure the availability of crime insurance as defined by this chapter.

(c) To encourage maximum use in obtaining crime insurance in the normal insurance market provided by insurers and licensed surplus line brokers.

(d) To provide for equitable distribution among insurers of responsibility for insuring qualified property for which crime insurance cannot be obtained through the normal insurance market by the establishment of a crime insurance pool.

10102. Unless the provision or context otherwise requires, the following definitions shall govern the construction of this chapter:

(a) "Association" means the California FAIR Plan Association, as defined in Section 10091.

(b) "Commissioner" means the Insurance Commissioner of this state.

(c) "Governing Committee" means the Governing Committee of the California FAIR Plan Association, as constituted under Section 10094.

(d) "Crime insurance" means insurance against direct loss to real or tangible personal property in those geographic areas designated by the commissioner, by the perils of burglary, robbery, theft, larceny, and similar crimes, and such other insurance coverage as may be added with respect to such property by the industry placement facility with the approval of the commissioner or by the commissioner, but shall not include insurance on automobiles or losses from embezzlement.

(e) "Inspection Bureau" means the organization or organizations designated by the association, with the approval of the commissioner, to make inspections to determine the condition of the properties for which crime insurance is sought and to perform such other duties as may be authorized by the association.

(f) "Crime premiums written" means gross direct premiums charged with respect to property in this state on all

policies of basic property insurance, crime insurance, and the basic property and crime insurance components of multiperil and inland marine policies, less return premiums, dividends paid or credited to policyholders, or the unused or unabsorbed portions of premium deposits.

(g) "Insurer" means any person who undertakes to indemnify another against loss, damage, or liability arising from a contingent or unknown event, and shall include reciprocals and interinsurance exchanges.

10103. (a) Any person having an insurable interest in real or tangible personal property who, after diligent effort, has been unable to obtain crime insurance, at pool rates or less, through normal channels from an insurer or a licensed surplus line broker, may be entitled, upon application to the association, to an inspection of the property by representatives of the inspection bureau.

(b) The manner and scope of the inspection, and the form of the inspection report, shall be prescribed by the association with the approval of the commissioner. The inspection shall include, but need not be limited to, pertinent structural and occupancy features as well as the general condition of the building and surrounding structures. A representative photograph of the property may be taken as part of the inspection.

(c) Whenever an inspection is made, one copy of the completed inspection report shall be filed with the association, and one copy of the completed inspection report shall be sent to the applicant upon request.

10104. Within 30 days after the effective date of this chapter, with the approval of the commissioner, the association shall establish a Crime Insurance Pool to formulate and administer a program for the equitable apportionment among such insurers of crime insurance which may be afforded persons having an interest in real or tangible personal property who, after diligent effort are unable to procure crime insurance through normal channels from an insurer or a surplus line broker. Each such insurer, as a condition of its authority to transact insurance in this state, shall participate in such Crime Insurance Pool in accordance with rules to be established by the governing committee of the California FAIR Plan Association. The governing committee may establish separate classifications of written crime insurance premiums for the purpose of equitable distribution. The program may also provide, with the approval of the commissioner, for the assessment of all members in amounts sufficient to operate the Crime Insurance Pool, and may establish maximum limits of liability to be placed, reasonable underwriting standards for determining the insurability of the risk, deductible provisions, co-insurance provisions, and commissions to be paid to the licensed producers designated by the applicant.

10104.1. (a) Within 30 days following the effective date of this chapter, for the purposes of writing crime insurance, the association shall submit to the commissioner for his review a

plan of operation, consistent with the provisions of this chapter, for all insurers licensed to write and engaged in writing in this state, on a direct basis, crime insurance or any component thereof in multiperil policies. Every such insurer shall be a member of the Crime Insurance Pool and shall remain a member as a condition of its authority to transact insurance in this state.

(b) The plan shall authorize the association to assume and cede reinsurance on risks written by insurers in conformity with the program.

(c) Under the plan, each insurer shall participate in the writings, expenses, profits, and losses of the Crime Insurance Pool in the proportion that its crime premiums written during the second preceding calendar year bear to the aggregate crime premiums written by all insurers in the program, excluding that portion of the crime premiums written attributable to the operation of the association.

(d) The plan shall provide for administration by the governing committee, under rules to be adopted by it with the approval of the commissioner. Voting on administrative questions of the association and Crime Insurance Pool shall be weighed in accordance with each insurer's crime premiums written during the second preceding calendar year as disclosed in the reports filed by the insurer with the commissioner.

(e) The plan shall be subject to the approval of the commissioner, and shall go into effect upon the written approval of the commissioner. The commissioner may, at any time, withdraw his approval or he may at any time after he has given his approval revoke such approval if he feels it is necessary to carry out the purposes of the chapter. The withdrawal or revocation of such approval shall not affect the validity of any policies executed prior to the date of such withdrawal. If the commissioner disapproves or withdraws or revokes his approval to all or any part of the plan of operation, the association shall, within 30 days, submit for review an appropriately revised plan or part thereof, and, if the association fails to do so, or if the revised plan so filed is unacceptable, the commissioner shall promulgate such a plan of operation or part thereof as he may deem necessary to carry out the purposes of this chapter.

(f) The association may, on its own initiative, or at the request of the commissioner, amend the plan of operation, subject to approval by the commissioner, who shall have supervision of the Crime Insurance Pool of the association. The commissioner or any person designated by him, shall have the power of visitation of and examination into the operation and free access to all the books, records, files, papers, and documents that relate to operation of the Crime Insurance Pool and association, and may summon, qualify, and examine as witnesses all persons having knowledge of such operations including officers, agents, or employees thereof.

(g) The commissioner may terminate the plan for the writing of crime insurance at any time after he has certified to the Secretary of Housing and Urban Development of the United States, in writing, that crime insurance cannot be offered in the State of California at an "affordable rate" as defined by Section 1203(a)(1) of the National Housing Act, as amended (12 U.S.C. 1749 bbb-2).

10104.2. (a) Within 30 days after the effective date of this section, and annually thereafter, the State of California is authorized to enter into an excess loss agreement with the Crime Insurance Pool, wherein the Crime Insurance Pool shall be reimbursed by the State of California up to and including the sum of five hundred thousand dollars (\$500,000).

(b) The commissioner is authorized to take such action as may be necessary in order to reimburse the Crime Insurance Pool for losses, due to claims for losses covered by crime insurance, and expenses, which are in excess of losses and expenses assumed by the Crime Insurance Pool in accordance with the excess loss agreement entered into under subdivision (a) of this section.

(c) Such reimbursement, if necessary, shall be made available within 60 days following the close of the fiscal year of the Crime Insurance Pool, and annually thereafter, pursuant to agreement, in consideration of Crime Insurance Pool providing for the availability of crime insurance as defined by this chapter.

(d) The level of losses to be retained by the Crime Insurance Pool for purposes of this chapter is established at that level of aggregate net losses which will produce a combined ratio of losses incurred to premiums earned and expenses incurred to premiums written of 105 percent, accumulated experience from the fiscal year of the Crime Insurance Pool, as determined by the association.

(e) All losses, expenses, and reserves used by the Crime Insurance Pool in such loss and expense ratio calculation shall be certified by the facility and shall be subject to review by the commissioner.

10104.3. (a) Any applicant or affected insurer shall have the right of appeal from any act or decision of the Crime Insurance Pool or the association to the governing committee. A decision of the governing committee may be appealed to the commissioner within 30 days after such decision. Upon such appeal, the commissioner may make any order to implement the purposes of the chapter and the plan.

(b) All orders or decisions of the commissioner made pursuant to this chapter shall be subject to judicial review.

10104.4. There shall be no liability on the part of, and no cause of action of any nature shall arise against, the insurers, the Crime Insurance Pool, the association, the governing committee, their agents or employees, or the commissioner or his authorized representative, with respect to any inspections required to be undertaken by this chapter, or for any acts or

omissions in connection therewith, or for any statements made in any reports and communications concerning the insurability of the property, or in the findings required by the provisions of this chapter, or at the hearings conducted in connection therewith. The reports and communications of the inspection bureau, the Crime Insurance Pool, the association, and the records of the governing committee shall be considered public documents.

10104.5. Participation in the Crime Insurance Pool and performance of any act required by this chapter is a condition of the right to continue to hold a certificate of authority to transact insurance business in this state. All insurers, on and after the effective date of this chapter, by continuing to hold a certificate of authority to transact insurance business shall be deemed to have consented to the responsibilities imposed by this chapter.

10105. In addition to any powers conferred upon him by this or any other law, the commissioner is authorized to do all things necessary to enable the state and any insurer participating in any program approved by the commissioner to participate fully in any federal program of reinsurance which may be enacted for purposes similar to the purposes of this chapter.

10106. The commissioner may require such reports from insurers concerning risks insured under any program approved pursuant to this chapter as he shall deem necessary to effect the purposes of this chapter.

SEC. 4. There is hereby appropriated from the General Fund the sum of five hundred thousand dollars (\$500,000) for the purpose of carrying out the provisions of this act.

SEC. 5. This is an urgency statute necessary for the immediate preservation of the public peace, health and safety within the meaning of Article IV of the Constitution, and shall go into immediate effect. The facts constituting such necessity are:

Immediate legislation is necessary to insure the availability of crime insurance to members of the public in the State of California, where heretofore such insurance had been unavailable. The United States of America, by Public Law 91-609, enacted in the 91st Congress and approved December 31, 1970, imposes a time deadline of August 1, 1971, wherein the several states must provide for crime insurance at an affordable rate, or the federal government will go into the business of writing such crime insurance in the several states absent such action.

If any such insurer, organization, or person refuses to pay such costs and expenses promptly when due, the commissioner may refuse to issue its certificate of authority, certificate of exemption or license, as the case may be, and may revoke any existing certificate of authority, certificate of exemption or license.

For the purposes of this act, such Members of the Legislature shall constitute a joint interim legislative committee on the subject of this act and shall have the powers and duties imposed upon such committees by the Joint Rules of the Senate and Assembly.

CHAPTER 421

An act to amend Section 986.1 of the Military and Veterans Code, relating to the Veterans' Farm and Home Purchase Act of 1943.

[Approved by Governor July 30, 1971 Filed with
Secretary of State July 30, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 986.1 of the Military and Veterans Code is amended to read:

986.1. (a) If a veteran dies after filing his application for a farm or a home, and his application setting forth his eligibility and qualifications is subsequently approved, his widow may, in the discretion of the department, succeed to his rights under the application, and may be entitled to the rights, privileges, and benefits under this article that would have been his, but for his death. The contract of purchase which the department otherwise would have made with such veteran may be made with his widow.

(b) If a man was a member of the armed forces on active military duty, entered active duty while in the State of California and lived in this state for six months immediately preceding his entry into active duty and was killed in line of duty while on active duty, he shall be considered to be a "veteran" for the purposes of this article, and his unremarried widow may file an application, may be entitled to the same rights, privileges and benefits and may contract with the department as provided in the case of a widow under the provisions of subdivision (a) of this section.

(c) If a member of the armed forces entered active military duty while in the State of California, and lived in this state for six months immediately preceding his entry into active duty, and is being held as a prisoner of war or has been designated by the armed forces as missing in action, he shall be considered to be a "veteran" for the purposes of this article, and his wife may file an application, may be entitled to the same rights, privileges, and benefits, and may contract with the department as provided in the case of a widow under the provisions of subdivision (a) of this section.

CHAPTER 422

An act to add Section 6201.5 to the Public Utilities Code, relating to public utility franchises by local government.

[Approved by Governor July 30, 1971 Filed with
Secretary of State July 30, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 6201.5 is added to the Public Utilities Code, to read:

6201.5. As used in this chapter, municipality includes counties, but no county shall grant a franchise pursuant to this chapter in any incorporated area.

CHAPTER 423

An act relating to the apportionment of state school funds to the Marysville Joint Unified School District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 30, 1971 Filed with
Secretary of State July 30, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Due to an error by the Department of Education in the computation of apportionments, and the disbursement thereof, during the 1967-1968 fiscal year and the 1969-

1970 fiscal year, the Marysville Joint Unified School District received an apportionment overpayment of two hundred sixty-three thousand three hundred seventy-eight dollars (\$263,378). This overpayment was not discovered until March 1970.

The Superintendent of Public Instruction, pursuant to Section 17414 of the Education Code, proposes to withhold this entire amount from the 1970-1971 fiscal year apportionments to the district. Such a withholding will require a drastic reduction in the general educational program of the district, causing irreparable damage to the pupils' welfare.

The Legislature finds that the unique circumstances in the Marysville Joint Unified School District require immediate and special legislation and that a general statute cannot be made applicable to these circumstances within the meaning of Section 16 of Article IV of the California Constitution. The provision for repayment of the apportionment overpayment made by Section 2 of this act is made in view of the unique circumstances in the Marysville Joint Unified School District, and is made for that purpose only. It is not the intention of the Legislature to establish a precedent with respect to the repayment procedure made by this act, but rather to assist in a situation involving unique circumstances when appropriate justification for such assistance has been found.

SEC. 2 (a) Notwithstanding the provisions of Section 17414 of the Education Code, the Superintendent of Public Instruction shall, during the 1971-1972, 1972-1973, 1973-1974, 1974-1975, and 1975-1976 fiscal years, withhold from the apportionments to be made to the Marysville Joint Unified School District from the State School Fund in each of those years an amount equal to one-fifth of the amount specified in Section 1 of this act, together with amounts representing interest at a rate based on the most current investment rate of the Pooled Money Investment Account as of the effective date of this act. No amounts shall be withheld in the fiscal year 1970-1971 on account of the apportionment overpayment, and the Superintendent of Public Instruction shall correct the computed allowances and apportionments for the district to offset amounts withheld in the 1970-1971 fiscal year prior to the effective date of this act.

(b) If the Legislature, at the 1971 Regular Session, enacts legislation which increases the amount of money available per unit of average daily attendance in the state, the Superintendent of Public Instruction shall withhold from the apportionments to be made to the Marysville Joint Unified School District from the State School Fund, in any fiscal year, the amount of such increase which would have been apportioned to the district until the total amount specified in Section 1 of this act, together with amounts representing interest at a rate based on the most current investment rate of the Pooled Money Investment Account as of the effective date of this act, is recouped by the state. The Superintendent of Public Instruction shall withhold the amount prescribed by this subdivision only

if such amount is greater than the amount which would be withheld pursuant to subdivision (a).

(c) The withholding prescribed by subdivisions (a) and (b) shall be directed to the end that the entire amount of the apportionment overpayment specified in Section 1 of this act, plus interest, shall have been recouped by the state by the end of the 1975-1976 fiscal year. In no event shall an amount greater than the amount specified in Section 1 of this act, plus interest, be withheld from apportionments made to the district.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the withholding of funds by the Superintendent of Public Instruction can be prepared for and established on the five-year basis prescribed by this act at the earliest possible time, in order to permit allowances and apportionments to the Marysville Joint Unified School District for the 1970-1971 fiscal year to be corrected before the expiration of that year, and to aid the district in averting a financial crisis which directly involves the entire area of the district, it is necessary that this act take immediate effect.

CHAPTER 424

An act to repeal Section 9606.2 of the Revenue and Taxation Code, and to repeal Section 2 of Chapter 1267 of the Statutes of the 1970 Regular Session of the Legislature, relating to the Motor Vehicle Transportation License Tax Law, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 30, 1971. Filed with
Secretary of State July 30, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Section 9606.2 of the Revenue and Taxation Code is repealed.

SEC. 2. Section 2 of Chapter 1267 of the Statutes of the 1970 Regular Session of the Legislature is repealed.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

By the repeal of Section 9606.2 of the Revenue and Taxation Code by Section 1 of this act, the Legislature has obviated the need for the study required by Section 2 of Chapter 1267 of the Statutes of the 1970 Regular Session. In order to make clear at the earliest possible time that such study, among

the many already assigned to the State Board of Equalization, is no longer required, it is necessary that this act take effect immediately.

CHAPTER 425

An act to amend Section 155.1 of the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 30, 1971 Filed with
Secretary of State July 30, 1971]

The people of the State of California do enact as follows:

SECTION 1. Section 155.1 of the Revenue and Taxation Code is amended to read:

155.1. Notwithstanding any provision of law to the contrary, the board of supervisors may, in any year, by ordinance, provide that every person who at 12:01 a. m. on the immediately preceding March 1 was the owner of, or had in his possession, or under his control, any taxable property, or who acquired such property after such date and is liable for the taxes thereon for the fiscal year commencing the immediately following July 1, which property was thereafter damaged or destroyed, without his fault, by a major misfortune or calamity, in an area or region subsequently proclaimed by the Governor to be in a state of disaster, if such property was damaged or destroyed by the major misfortune or calamity which caused the Governor to proclaim the area or region to be in a state of disaster, may, within the time specified in the ordinance, apply for reassessment of such property by delivering to the assessor a written application showing the condition and value, if any, of the property immediately after the damage or destruction, which damage must be shown therein to be in excess of one thousand dollars (\$1,000). The application shall be executed under penalty of perjury, or if executed outside the State of California, verified by affidavit.

Upon receiving a proper application, the assessor shall reassess the property according to its full cash value immediately after the damage or destruction. The assessor shall notify the applicant in writing of the amount of the proposed reassessment. The notice shall state that the applicant may appeal the proposed reassessment to the local board of equalization within 14 days of the date of mailing the notice. If an appeal is requested within the 14-day period, the board shall hear and decide the matter as if the proposed reassessment had been entered on the roll as an assessment made outside the regular assessment period. The decision of the board regarding the damaged value of the property shall be final, provided that a decision of the local board of equalization regarding any reassessment made pursuant to this section shall create no pre-

sumption as regards the value of the affected property subsequent to the date of the damage.

If the damaged full cash value of the property as determined above is not at least one thousand dollars (\$1,000) less than the full cash value shown on the assessment roll for the year in question, no adjustment shall be made to said roll and no taxes shall be canceled or refunded. Those reassessed values resulting from reductions in full cash value of at least one thousand dollars (\$1,000), as determined above, shall be forwarded to the auditor by the assessor or the clerk of the board, as the case may be. The auditor shall enter the reassessed values on the roll. After being entered on the roll, said reassessed values shall not be subject to review except by a court of competent jurisdiction.

If no such application is made and the county assessor determines that the full cash value of such property for the assessment year is reduced from the full cash value of such property for the immediately preceding assessment year by more than one thousand dollars (\$1,000) due to the damage or destruction caused by the major misfortune or calamity, the assessor shall notify the property owner that the property will be reassessed. The assessor shall assess the property, or reassess it if it has already been assessed, according to the condition and value immediately after the damage or destruction, and the assessor, if he reassesses the property, shall transmit to the local board of equalization a description of the property so reassessed, the name of the person making the application in connection with the property, if any, or the name of the property owner notified of the reassessment, and the value of the property as so reassessed. Upon such notice as it may find to be proper, the local board of equalization shall equalize any such assessment or reassessment.

As used in this section, "damage" includes property which has diminished in value as a result of restricted access to the property where such diminution in value was caused by the major misfortune or calamity.

The tax rate fixed for property on the roll on which the property so reassessed appeared at the time of its original assessment shall be applied to the amount of the reassessment determined in accordance with this section. In the event that the resulting figure is less than the tax theretofore computed, the tax shall be determined as follows:

(a) With respect to property on the secured roll a prorated portion of the tax due on the property as originally assessed at the rate established for property on the secured roll for the current fiscal year, such proration to be determined on the basis of the number of months in the year during which the property was in an undamaged condition plus a proration of the tax due on the property as reassessed in its damaged or destroyed condition at the rate established for property on the secured roll for such fiscal year, such proration to be determined on the basis of the number of months in the year in

which the property was in a damaged condition, including the month in which the damage was incurred.

(b) With respect to property on the unsecured roll, he shall be liable for a prorated portion of the tax computed on the original assessment of the property and a prorated portion of the tax computed on the reassessment of the property as determined in the preceding paragraph.

Any tax paid in excess of the total tax due shall be refunded to the taxpayer pursuant to Chapter 5 (commencing with Section 5096) of Part 9 of this division, as an erroneously collected tax or by order of the board of supervisors without the necessity of a claim being filed pursuant to Chapter 5.

This section applies to all counties, whether operating under a charter or under the general laws of this state.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

As a result of the Los Angeles earthquake of February 9, 1971, thousands of parcels of property are being reassessed by the Los Angeles County Assessor upon his own motion. Before any property owner can receive a refund, however, he must file a verified claim for the exact amount to which he is entitled. Unless this requirement is waived immediately, thousands of persons will suffer needless delay and complication in receiving the amounts which are legitimately due them.

CHAPTER 426

An act to add Section 11153.7 to, and to repeal Section 11153 of, the Welfare and Institutions Code, relating to public social services, and making an appropriation therefor.

[Approved by Governor July 31, 1971. Filed with Secretary of State July 31, 1971.]

I am reducing the appropriation contained in Senate Bill No. 132 from \$10,896,024 to \$9,971,274 by deleting paragraph (1) (i) Residential care review by the Department of Health Care Services and (1) (ii) Review of nursing homes and intermediate care facilities.

The appropriation contained in paragraph (1) has been deleted because it would jeopardize the operation of the medical social team function currently being conducted in the Department of Health Care Services.

With the above reduction, I have approved Senate Bill 132.

RONALD REAGAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 11153 of the Welfare and Institutions Code is repealed.

Any mortgage or note secured by a deed of trust not exceeding a market value of twenty thousand dollars (\$20,000) that is obtained by the applicant or recipient, or in combination with his spouse, through the sale of such real property which was producing income shall be deemed real property when the income from the same is used to meet the needs of the recipient.

SEC. 3. Sections 1 and 2 of this act shall have no force and effect if its provisions are not in conformity with federal law as determined in accordance with Section 11003 of the Welfare and Institutions Code.

SEC. 4. There is hereby appropriated: (a) ten million eight hundred ninety-six thousand twenty-four dollars (\$10,896,024), for public social services, payable as follows:

(2) To the Department of Social Welfare, payable from the funds appropriated in Item 254 of the Budget Act of 1971----- 9,791,274

(b) The appropriation for transfer to the Health Care Deposit Fund of funds by Item 229 of the Budget Act of 1971, shall not be subject to the limitation of \$13,300,000 on the amount to be expended from the General Fund for fiscal intermediaries.

CHAPTER 427

An act to codify Chapter 1027 of the Statutes of 1947 by adding Chapter 7 (commencing with Section 23581) to Division 17 of the Education Code, and repealing Chapter 1027 of the Statutes of 1947, relating to the University of California.

[Approved by Governor August 2, 1971. Filed with Secretary of State August 2, 1971.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1027 of the Statutes of 1947 is repealed.

SEC. 2. Chapter 7 (commencing with Section 23581) is added to Division 17 of the Education Code, to read:
