[Approved by Governor August 15, 1972. Filed with Secretary of State August 15, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 22850.1 is added to the Government Code, to read:

Generally local agencies contracting with the States Public Employees' Retirement System may elect to continue local health insurance plans or to take Meyers-Geddes coverage. While the election to take Meyers-Geddes coverage may be terminated during that coverage no other local health insurance plan can be maintained. The City and County of San Francisco, however, is required by law to continue Meyers-Geddes coverage of employees of the San Francisco Port Authority which thus precludes other local agencies from electing to continue their local health insurance plans when contracting into the Public Employees' Retirement System. [Approved by Governor August 15, 1972. Filed with Secretary of State August 15, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1.67 (commencing with Section 5096.71) is added to Division 5 of the Public Resources Code, to read:

CHAPTER 1.67. STATE BEACH, PARK, RECREATIONAL,
AND HISTORICAL FACILITIES BOND ACT OF 1974

5096.71. This chapter may be cited as the State Beach, Park, Recreational, and Historical Facilities Bond Act of 1974 or as the Z'berg-Collier Park Bond Act.

5096.72. The Legislature of the State of California hereby finds and declares that:

(a) It is the responsibility of this state to provide and to encourage the provision of outdoor recreation opportunities for the citizens of California;

(b) When there is proper planning and development, open-space lands contribute not only to a healthy physical and moral environment, but also contribute to the economic betterment of the state, and, therefore, it is in the public interest for the state to acquire areas for recreation, conservation, and preservation and to aid local governments of the state in acquiring and developing such areas as will contribute to the realization of the policy declared in this chapter.

5096.73. The Legislature further finds and declares that:

(a) The present public outdoor recreation areas and facilities in the state are inadequate to accommodate the demands made on them at the present time and will become critically inadequate as time progresses.

(b) Land values are increasing at a steady rate and any delay by the state in securing additional lands for park and recreation purposes will result not only in the loss of suitable lands for recreation purposes, but also will reduce the economic ability of the state to acquire such lands.

(c) At a special election consolidated with the 1974 direct primary election, the people of the State of California will vote upon a proposition authorizing a state bond issue in the amount of two hundred fifty million dollars (\$250,000,000) to provide the moneys for the acquisition and development of lands needed for recreation purposes.

(d) It is desirable for the people of this state to have prior notice of the proposed disposition and allocation of the proceeds of this bond issue.

5096.74. Bonds in the total amount of two hundred fifty million dollars (\$250,000,000), or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed hereinafter, and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. Said bonds shall, when sold, be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California are hereby pledged for the punctual payment of both principal and interest on said bonds as said principal and interest become due and payable.

5096.75. There shall be collected each year and in the same manner and at the same time as other state revenue is collected such sum in addition to the ordinary revenues of the state as shall be required to pay the principal and interest on said bonds maturing in said year, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue to do and perform each and every act which shall be necessary to collect such additional sum.

5096.76. There is hereby appropriated from the General Fund in the State Treasury for the purpose of this act, such an amount as will equal the following:

(a) Such sum annually as will be necessary to pay the principal and interest on bonds issued and sold pursuant to the provisions of this chapter, as said principal and interest become due and payable.

(b) Such sum as is necessary to carry out the provisions of Section 5096.77, which sum is appropriated without regard to fiscal years.

5096.77. For the purposes of carrying out the provisions of this chapter the Director of Finance may by executive order authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds which have been authorized to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the State Beach, Park, Recreational, and Historical Facilities Fund of 1974 which fund is hereby created. Any moneys made available under this section shall be returned to the General Fund from moneys received from the sale of bonds sold for the purpose of carrying out the provisions of this chapter.

5096.78. The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the State Beach, Park, Recreational, and

Historical Facilities Fund of 1974. The money in the fund may be expended only for the purposes specified in this chapter and only pursuant to appropriation by the Legislature in the manner hereinafter prescribed.

5096.79. All proposed appropriations for the program contemplated by this chapter shall be included in a section in the Budget Bill for each fiscal year for consideration by the Legislature, and shall bear the caption "State Beach, Park, Recreational, and Historical Facilities Bond Act of 1974 Program." The section shall contain separate items for each project for which an appropriation is made.

Such appropriations shall be subject to all limitations contained in the Budget Bill and to all fiscal procedures prescribed by law with respect to the expenditure of state funds. The section shall contain proposed appropriations only for the program contemplated by this chapter, and no funds derived from the bonds authorized by this chapter may be expended pursuant to an appropriation not contained in that section of the Budget Act.

5096.80. The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3, Division 4, Title 2 of the Government Code) and all of the provisions of that law are applicable to the bonds and to this chapter, and are hereby incorporated in this chapter as though set forth in full herein.

5096.81. The State Park and Recreation Finance Committee is hereby created. The committee consists of the Governor, the State Controller, the Director of Finance, the State Treasurer, and the Secretary of the Resources Agency. For the purposes of this chapter the State Park and Recreation Finance Committee shall be "the committee" as that term is used in the State General Obligation Bond Law. The Secretary of the Resources Agency is hereby designated as the board for the purposes of this chapter and for the purposes of the State General Obligation Bond Law.

5096.83. All money deposited in the State Beach, Park, Recreational, and Historical Facilities Fund of 1974 which is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

5096.84. As used in this chapter and for the purposes of this chapter as used in the State General Obligation Bond Law, the following words shall have the following meanings:

(a) "State grant" or "state grant moneys" means moneys received by the state from the sale of bonds authorized by this chapter which are available for grants to counties for acquisition and development of real property for park and recreation purposes.

5096.85. Except as otherwise provided herein, all money deposited in the State Beach, Park, Recreational, and Historical Facilities Fund of 1974 shall be available for appropriation as set forth

in Section 5096.79 for the purposes set forth below in amounts not to exceed the following except as may be provided hereafter:

- (a) For grants to counties, cities, or cities and counties for the acquisition, development, or acquisition and development, of real property for park, recreation area, beach, and historical purposes including state administrative costs \$90,000,000
- (b) For development of real property, including costs for planning and interpretation \$45,000,000
- (c) For development of historical resources for the state park system, including costs for planning and interpretation..... \$15,000,000
- (d) For the acquisition, development, or acquisition and development, of real property for wildlife management in accordance with the provisions of the Wildlife Conservation Law of 1947 (Chapter 4 (commencing with Section 1300), Division 2, Fish and Game Code) and in accordance with a master plan drafted as an element of the State Environmental Goals and Policy Report, including costs for planning and interpretation..... \$10,000,000
- (e) For the acquisition of real property for the state park system, including public beaches, recreation units, historical units and costs of planning and interpretation, of which not less than fifteen million dollars (\$15,000,000) shall be expended for acquisition of privately owned lands inside the boundaries of existing units and for additions to existing units \$90,000,000

It is the intent of the Legislature that funds expended pursuant to subdivisions (a) and (e) of this section may be used for the acquisition of open-space lands, development rights, and scenic easements in connection with the state park system or, in the case of counties, cities, or cities and counties, in connection with park and beach purposes. For the purpose of acquiring such open-space lands or scenic easements the state and counties, cities, or cities and counties may exercise the power of eminent domain.

5096.86. The ninety million dollars (\$90,000,000) authorized by Section 5096.85 for grants shall be allocated to the counties, such allocation to be based upon the estimated population of the counties on July 1, 1980, as projected by the Department of Finance.

Each county's apportionment will be in the same ratio as the county's population is to the state's total population; provided, however, that each county shall be entitled to receive an allocation of not less than two hundred thousand dollars (\$200,000); and provided, further, that any grant made to a city, district, or regional

public agency shall be subtracted from the total otherwise allocable under the provisions of this chapter to the county or counties in which the city, district, or regional public agency is located. Advance grants may be made for development projects. However, 10 percent of the grant funds shall be withheld until the project is audited by the state.

Each county shall consult with all cities and districts within the county which are authorized to provide park and recreation services and shall develop and submit to the state a priority plan for expenditure of the county's allocation, including expenditures for city and district projects, by June 30, 1975. The priority plan for expenditure of the total county allocation shall be approved by at least 50 percent of the cities and districts representing 50 percent of the population of the cities and districts within the county, and by the county board of supervisors. Failure to submit an approved priority plan by June 30, 1975, shall result in a 10-percent annual reduction in the total county allocation until the priority plan is submitted. Any funds not allocated to a county shall remain in the bond fund and shall be expended under the same conditions as set forth in Section 5096.87 in 1980. By June 30, 1977, if agreement on the priority plan for expenditure has not been submitted to the state, the board of supervisors shall petition the Secretary of the Resources Agency to distribute to high-priority projects the county's total allocation.

Applications for individual projects appearing on the priority plan for expenditure may be submitted directly to the state by the individual jurisdictions. Any application for a project not appearing on the approved priority plan for expenditure shall obtain the approval of the county board of supervisors.

5096.87. On July 1, 1980, the Secretary of the Resources Agency shall cause to be totaled the unencumbered balances remaining in the State Beach, Park, Recreational, and Historical Facilities Fund of 1974. A program shall be submitted in the budget for the 1981-1982 fiscal year to appropriate this balance. This program shall consist of projects deemed to be of highest priority from among the purposes expressed in subdivisions (a) to (e), inclusive, of Section 5096.85 and shall not be subject to the maximum amounts allocated to those purposes in Section 5096.85.

5096.88. Projects involving state funds only, pursuant to subdivisions (b), (c), and (e) of Section 5096.85, shall originate by legislative resolution, resolutions, or resolutions of the State Park and Recreation Commission directing studies of the projects included therein or upon initiative of the Secretary of the Resources Agency directing a study of the projects included therein.

The costs of these project studies shall be borne by the State Beach, Park, Recreational, and Historical Facilities Fund of 1974.

Allocations for the purposes of subdivision (d) of Section 5096.85 that are authorized by the Legislature and approved by the Governor shall be made from the State Beach, Park, Recreational,

and Historical Facilities Fund of 1974 and shall be expended in accordance with the provisions of the Wildlife Conservation Law of 1947 (Chapter 4 (commencing with Section 1300), Division 2, Fish and Game Code) and in accordance with a master plan drafted as an element of the State Environmental Goals and Policy Report prepared pursuant to Section 65041 of the Government Code. Local and state projects pursuant to subdivisions (a), (b), (c), and (e) of Section 5096.85 shall be in accord with the California Outdoor Recreation Resources Plan.

5096.89. An application for a state grant pursuant to subdivision (a) of Section 5096.85 shall be submitted to the Secretary of the Resources Agency. The application for the state grant shall be accompanied by an adopted plan showing park and recreation lands and facilities, existing and proposed, sufficient to enable the state to determine the needs of the general public for recreation lands and facilities in the applicant's jurisdiction and the quality and quantity thereof. The project for which funds are being requested shall appear on the applicant's plan. The applicant shall state that the project is compatible with the land use plans of those jurisdictions immediately surrounding the project. Where the project land or facilities are located outside the political boundaries of the applicant, such project lands or facilities shall appear on the adopted plan of the jurisdiction in which the project is located. Prior to the approval of any project, the applying jurisdiction's park stewardship history will be reviewed for protecting existing park and recreation and open-space resources and operating and maintaining areas to acceptable standards. The Secretary of the Resources Agency, in cooperation with the Office of Planning and Research, shall review the material submitted by the county or counties for completeness and conformity with the State Environmental Goals and Policy Report. All applications shall contain an environmental impact statement in compliance with the Environmental Quality Act of 1970 (commencing with Section 21000 of the Public Resources Code).

Upon completion of the review by the Secretary of the Resources Agency, approved projects shall be forwarded to the Governor for inclusion in the Budget Bill.

5096.90. Projects proposed pursuant to subdivisions (b), (c), (d), and (e) of Section 5096.85 shall be submitted to the office of the Secretary of the Resources Agency for review. The Director of Parks and Recreation shall provide the Secretary of the Resources Agency with a statement concerning each project originated pursuant to subdivisions (b), (c), and (e) of Section 5096.85, which statement shall include the priority of the project in regard to the following needs:

- (a) Deficiencies in preserving history.
- (b) Deficiencies in preserving scenery and landscapes.
- (c) Deficiencies in providing recreation.

5096.91. The Secretary of the Resources Agency, after completing his review, shall forward those projects recommended by

the appropriate board or commission together with his comments thereon to the Governor for inclusion in the Budget Bill.

In submitting the list of projects recommended for inclusion in the annual budget, the secretary shall organize the projects on a priority basis within each of the purposes as set forth in subdivisions (b), (c), (d), and (e) of Section 5096.85. This priority ranking shall take into account and be based upon the needs specified in Section 5096.90.

In addition, the statement setting forth the priorities shall include the relationship of each separate project on the priority list to a proposed time schedule for the acquisition and development expenditures associated with the accomplishment of the projects contained in such list. All projects proposed in the Governor's Budget of each fiscal year shall be contained in the Budget Bill as provided in Section 5096.79.

5096.92. Projects authorized for the purposes set forth in subdivisions (b), (c), and (e) of Section 5096.85 shall be subject to augmentation as provided in Section 16352 of the Government Code. The unexpended balance in any appropriation heretofore or hereafter made payable from the State Beach, Park, Recreational, and Historical Facilities Fund of 1974 which the Director of Finance, with the approval of the State Public Works Board, determines not to be required for expenditure pursuant to the appropriation may be transferred on order of the Director of Finance to and in augmentation of the appropriation made in Section 16352 of the Government Code.

5096.93. The Director of Parks and Recreation may make agreements with respect to any land acquired pursuant to subdivision (e) of Section 5096.85 of this chapter for continued tenancy of the seller of the property for a period of time and under such conditions as mutually agreed upon by the state and the seller so long as the seller promises to pay such taxes on his interest in property as shall become due, owing or unpaid on the interest created by such agreement and so long as the seller conducts his operations on the land according to specifications issued by the Director of Parks and Recreation to protect the property for the public use for which it was acquired. A copy of such agreement shall be filed with the county clerk in the county in which the property lies. Such arrangement shall be compatible with the operation of the area by the state, as determined by the Director of Parks and Recreation.

5096.94. Notwithstanding any other provisions of law, for the purposes of this chapter acquisition may include gifts, purchases, leases, easements, eminent domain, the transfer of property for other property of like value, purchases of development rights, and other interests unless the Legislature shall hereafter otherwise provide. Acquisition for the state park system by purchase or by eminent domain shall be under the Property Acquisition Law (commencing with Section 15850 of the Government Code), notwithstanding any other provisions of law.

5096.95. All grants, gifts, devises or bequests to the state, conditional or unconditional, for park, conservation, recreation or other purposes for which land may be acquired and developed pursuant to this chapter, may be accepted and received on behalf of the state by the appropriate department head with the approval of the Director of Finance. Such grants shall be available, when appropriated by the Legislature, for expenditure for the purposes provided for in Section 5096.85 of this chapter.

5096.96. There shall be an agreement or contract between the Department of Parks and Recreation and the applicant in the case of a state grant project which shall contain therein the provisions that the property so acquired shall be used by the grantee only for the purpose for which the state grant funds were requested and that no other use of the area shall be permitted except by specific act of the Legislature.

5096.97. Lands acquired by the state shall consist predominantly of open or natural lands, including lands under water capable of being utilized for multiple recreation purposes, and lands necessary for historic preservation. No funds derived from the bonds authorized by this section shall be expended for the construction of any reservoir designated as a part of the "State Water Facilities," as defined in subdivision (d) of Section 12934 of the Water Code, but such funds may be expended for the acquisition and development of beaches, parks, recreational facilities and historical monuments at or in the vicinity of any such reservoir.

SEC. 2. Section 1 of this act shall become operative July 1, 1974, if the people at the special election provided for by Section 3 of this act adopt the State Beach, Park, Recreational, and Historical Facilities Bond Act of 1974, as set forth in Section 1 of this act. Sections 2 to 9, inclusive, of this act provide for the calling of an election and contain provisions relating to and necessary for the submission of the State Beach, Park, Recreational, and Historical Facilities Bond Act of 1974 to the people, and for returning, canvassing, and proclaiming the votes thereon, and shall take effect immediately.

SEC. 3. A special election is hereby called to be held throughout the state on the fourth day of June, 1974. The special election shall be consolidated with the direct primary election to be held on that date. The consolidated election shall be held and conducted in all respects as if there were only one election and only one form of ballot shall be used. Except as otherwise provided in this act, all of the provisions of law relating to the submission of measures proposed by the Legislature shall apply to the measure submitted pursuant to this act. A ballot pamphlet shall be prepared, compiled, and distributed relating to the State Beach, Park, Recreational, and Historical Facilities Bond Act of 1974, set forth in Section 1 of this act. The Secretary of State shall distribute the ballot pamphlets to the county clerks not later than 45 days before the election, and the county clerks shall commence to mail those pamphlets to the voters not less

than 15 days before the election. The distribution of ballot pamphlets in all respects shall be conducted in accordance with the provisions of Section 3573 of the Elections Code.

SEC. 4. At the special election called by this act there shall be submitted to the electors Section 1 of this act, which shall appear as Proposition 1 at such election. All provisions of this act shall control the submission of Section 1 of this act to, and the holding of, the special election called by this act.

SEC. 5. Upon the effective date of this section, arguments for and against the measure hereby ordered submitted to the electors shall be prepared in time, form and manner as provided in Article 1.8 (commencing with Section 3527) of Chapter 1 of Division 4 of the Elections Code.

SEC. 6. The special election provided for in this act shall be proclaimed, held, and conducted, the ballots shall be prepared, marked, collected, counted, and canvassed, and the results shall be ascertained and the returns thereof made in all respects in accordance with the provisions of the Constitution applicable thereto and the law governing direct primary elections insofar as provisions thereof are applicable to the election provided for in this act; provided, however, that the Governor need not issue his election proclamation until 30 days before the election.

SEC. 7. Notwithstanding any other provision of law, all ballots of said election shall have printed thereon and in a square thereof, the words: "For the State Beach, Park, Recreational, and Historical Facilities Bond Act of 1974," and the same square under said words the following in eight-point type: "This act provides for a bond issue of two hundred fifty million dollars (\$250,000,000) to be used to meet the recreational requirements of the people of the State of California by acquiring and developing lands for recreational purposes." In the square immediately below the square containing such words, there shall be printed on said ballot the words, "Against the State Beach, Park, Recreational, and Historical Facilities Bond Act of 1974," and in the same square immediately below said words, in eight-point type shall be printed "This act provides for a bond issue of two hundred fifty million dollars (\$250,000,000) to be used to meet the recreational requirements of the people of the State of California by acquiring and developing lands for recreational purposes." Opposite the words "For the State Beach, Park, Recreational, and Historical Facilities Bond Act of 1974," and "Against the State Beach, Park, Recreational, and Historical Facilities Bond Act of 1974," there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words, "For the State Beach, Park, Recreational, and Historical Facilities Bond Act of 1974," and those voting against the said act shall do so by placing a cross opposite the words "Against the State Beach, Park, Recreational, and Historical Facilities Bond Act of 1974." Provided, that where the voting of said election is done by means of voting

The Governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said election.

SEC. 8. The votes cast for or against the State Beach, Park, Recreational, and Historical Facilities Bond Act of 1974 shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appears that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrevocable until the principal and interest of the liabilities herein created shall be paid and discharged, and the Governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

[Approved by Governor August 15, 1972. Filed with
Secretary of State August 15, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 1 of Chapter 137 of the Statutes of 1966, First Extraordinary Session, is amended to read:

Section 1. The sum of four million dollars (\$4,000,000) is hereby appropriated for loans pursuant to this act from the Water Pollution Control Fund, from money deposited therein. The sum of two

million dollars (\$2,000,000) shall be allocated from the money deposited therein for the fiscal year 1967-1968 and the sum of two million dollars (\$2,000,000) shall be allocated from such fund from money deposited therein for the fiscal year 1968-1969 pursuant to Section 12.2 of Chapter 138, Statutes of 1964, First Extraordinary Session, to the State Water Quality Control Board for expenditure, without regard to fiscal years, for loans to the North Tahoe Public Utility District, the Tahoe City Public Utility District, and the Truckee Sanitary District of such amounts as the board determines is necessary, together with other funds available for such purpose, to permit each district to construct necessary sewage and storm drainage facilities to prevent and control water pollution in the area served by said districts.

Notwithstanding any other provision of this act, or the provisions of any existing loan contracts entered into pursuant to this act, that portion of the funds loaned to the North Tahoe Public Utility District, the Tahoe City Public Utility District, or the Truckee Sanitary District pursuant to this act equal to the amount of such funds, as determined by the State Water Resources Control Board, which would have been received in the form of a state grant under the Clean Water Bond Law of 1970 need not be repaid to the state by the North Tahoe Public Utility District, the Tahoe City Public Utility District, or the Truckee Sanitary District, and such portion of the funds loaned to the North Tahoe Public Utility District, the Tahoe City Public Utility District, or the Truckee Sanitary District pursuant to this act shall be considered for all purposes a grant to the North Tahoe Public Utility District, the Tahoe City Public Utility District, or the Truckee Sanitary District for necessary sewage and storm drainage facilities to prevent and control water pollution in the area served by such districts; provided, however, that in the event of federal reimbursement of local funds used for construction of necessary sewage and storm drainage facilities, the portion of the funds which need not be repaid by the affected district and which shall be considered a grant shall not exceed the amount, as determined by the State Water Resources Control Board, which the state is required to agree to contribute to qualify for such federal reimbursement. Any federal funds received pursuant to any applicable federal act by the North Tahoe Public Utility District, the Tahoe City Public Utility District, or the Truckee Sanitary District as a reimbursement for construction funds loaned to the district pursuant to this act shall be deposited in the State Water Quality Control Fund and credited to the amount owed by the district to the state under the loan contract entered into pursuant to this act.

SEC. 2. Section 3 of Chapter 1679 of the Statutes of 1967 is amended to read:

Sec. 3. The sum of one million eight hundred thousand dollars (\$1,800,000) deposited in the State Water Quality Control Fund during the 1967-1968 fiscal year pursuant to Section 12.4 of Chapter 138, Statutes of 1964, First Extraordinary Session, is hereby

appropriated and shall be paid by the State Controller to the State Water Resources Control Board for expenditure in making the loan to the South Tahoe Public Utility District pursuant to the provisions of Chapter 47, Statutes of 1966, First Extraordinary Session, in lieu of the expenditure of the money appropriated from the General Fund by Chapter 47, or to reimburse the General Fund for expenditures made therefrom in making such loan, or both. The State Water Resources Control Board succeeds to all powers and duties of the State Allocation Board under Chapter 47, Statutes of 1966, First Extraordinary Session, in relation to such loan.

In no event shall more than one million eight hundred thousand dollars (\$1,800,000) be available for loan to the South Tahoe Public Utility District for the purpose authorized by Chapter 47, Statutes of 1966, First Extraordinary Session, and all money received by the state in repayment of the loan by the district shall be deposited in the State Water Quality Control Fund rather than in the General Fund.

Notwithstanding any other provision of this act, or the provisions of any existing loan contract entered into pursuant to this act, that portion of the funds loaned to the South Tahoe Public Utility District for the purpose authorized by Chapter 47, Statutes of 1966, First Extraordinary Session, equal to the amount of such funds, as determined by the State Water Resources Control Board, which would have been received in the form of a state grant under the Clean Water Bond Law of 1970 need not be repaid to the state by the South Tahoe Public Utility District, and such portion of the funds loaned to the South Tahoe Public Utility District pursuant to this act shall be considered for all purposes a grant to the South Tahoe Public Utility District for the extension of facilities for the transportation of treated effluent of the South Lake Tahoe Basin from the summit of Luther Pass to Diamond Valley in Alpine County, provided, however, that in the event of federal reimbursement of local funds used for construction of necessary sewage facilities, the portion of such funds which need not be repaid by the district and which shall be considered a grant shall not exceed the amount, as determined by the State Water Resources Control Board, which the state is required to agree to contribute to qualify for such federal reimbursement. Any federal funds received pursuant to any applicable federal act by the South Tahoe Public Utility District as a reimbursement for construction funds loaned to the district pursuant to this act shall be deposited in the State Water Quality Control Fund and credited to the amount owed by the district to the state under the loan contract entered into pursuant to this act.

Notwithstanding the provisions of Article 3 (commencing with Section 13125) of Chapter 5 of Division 7 of the Water Code, or any other provision of law, the Tahoe City Public Utility District may enter into a contract with the State Water Resources Control Board during the 1969-1970 fiscal year for a construction loan under

Chapter 5 (commencing with Section 13100) of Division 7 of the Water Code in an amount not to exceed two million dollars (\$2,000,000) and shall not be required to hold any election on the proposition of whether or not the district shall enter into such contract.

Notwithstanding any other provision of this act, or the provisions of any existing loan contract entered into pursuant to Section 13412 of the Water Code, that portion of the funds loaned to the Tahoe City Public Utility District pursuant to this act and the provisions of Chapter 6 (commencing with Section 13400) of Division 7 of the Water Code equal to the amount of such funds, as determined by the State Water Resources Control Board, which would have been received in the form of a state grant under the Clean Water Bond Law of 1970 need not be repaid to the state by the Tahoe City Public Utility District, and such portion of the funds loaned to the Tahoe City Public Utility District pursuant to this act and the provisions of Chapter 6 (commencing with Section 13400) of Division 7 of the Water Code shall be considered for all purposes a grant to the Tahoe City Public Utility District for the construction of necessary sewage facilities; provided, however, that in the event of federal reimbursement of local funds used for construction of necessary sewage facilities, the portion of such funds which need not be repaid by the district and which shall be considered a grant shall not exceed the amount, as determined by the State Water Resources Control Board, which the state is required to agree to contribute to qualify for such federal reimbursement. Any federal funds received pursuant to any applicable federal act by the Tahoe City Public Utility District as a reimbursement for construction funds loaned to the district pursuant to this act shall be deposited in the State Water Quality Control Fund and credited to the amount owed by the district to the state under the loan contract entered into pursuant to this act.

SEC. 4. Section 3 of Chapter 1356 of the Statutes of 1969 is amended to read:

Sec. 3. The sum of five hundred thousand dollars (\$500,000) is hereby appropriated from the State Water Quality Control Fund, from money deposited therein pursuant to Section 12.2 of Chapter 138, Statutes of 1964, First Extraordinary Session, to the State Water Resources Control Board for expenditure, without regard to fiscal years, for a loan to the North Tahoe Public Utility District of such amounts as the board determines is necessary, together with other funds available for such purpose, to permit such district to construct necessary sewage and storm drainage facilities to prevent and control water pollution in the north Lake Tahoe area served by such district. The provisions of Sections 13125 and 13126 of the Water Code shall not apply to any loan made pursuant to this section.

Notwithstanding any other provision of this act, or the provisions of any existing loan contract entered into pursuant to this act, that portion of the funds loaned to the North Tahoe Public Utility District

pursuant to this act equal to the amount of such funds, as determined by the State Water Resources Control Board, which would have been received in the form of a state grant under the Clean Water Bond Law of 1970 need not be repaid to the state by the North Tahoe Public Utility District, and such portion of the funds loaned to the North Tahoe Public Utility District pursuant to this act shall be considered for all purposes a grant to the North Tahoe Public Utility District for necessary sewage and storm drainage facilities to prevent and control water pollution in the north Lake Tahoe area served by such district; provided, however, that in the event of federal reimbursement of local funds used for construction of necessary sewage and storm drainage facilities, the portion of such funds which need not be repaid by the district and which shall be considered a grant shall not exceed the amount, as determined by the State Water Resources Control Board, which the state is required to agree to contribute to qualify for such federal reimbursement. Any federal funds received pursuant to any applicable federal act by the North Tahoe Public Utility District as a reimbursement for construction funds loaned to the district pursuant to this act shall be deposited in the State Water Quality Control Fund and credited to the amount owed by the district to the state under the loan contract entered into pursuant to this act.

SEC. 5. Section 2 of Chapter 920 of the Statutes of 1970 is amended to read:

Sec. 2. The sum of two million dollars (\$2,000,000) is hereby appropriated from the State Water Quality Control Fund, from money deposited therein pursuant to Section 1 of this act, to the State Water Resources Control Board for expenditure for a loan to the Tahoe City Public Utility District of two million dollars (\$2,000,000), together with other funds available for such purpose, to permit such district to construct necessary sewage and storm drainage facilities to prevent and control water pollution in the north Lake Tahoe area served by such district. The provisions of Sections 13416 and 13417 of the Water Code shall not apply to any loan made pursuant to this section.

Notwithstanding any other provision of this act, or the provisions of any existing loan contract entered into pursuant to this act, that portion of the funds loaned to the Tahoe City Public Utility District pursuant to this act equal to the amount of such funds, as determined by the State Water Resources Control Board, which would have been received in the form of a state grant under the Clean Water Bond Law of 1970 need not be repaid to the state by the Tahoe City Public Utility District, and such portion of the funds loaned to the Tahoe City Public Utility District pursuant to this act shall be considered for all purposes a grant to the Tahoe City Public Utility District for necessary sewage and storm drainage facilities to prevent and control water pollution in the north Lake Tahoe area served by such district; provided, however, that in the event of federal reimbursement of local funds used for construction of necessary

sewage and storm drainage facilities, the portion of such funds which need not be repaid by the district and which shall be considered a grant shall not exceed the amount, as determined by the State Water Resources Control Board, which the state is required to agree to contribute to qualify for such federal reimbursement. Any federal funds received pursuant to any applicable federal act by the Tahoe City Public Utility District as a reimbursement for construction funds loaned to the district pursuant to this act shall be deposited in the State Water Quality Control Fund and credited to the amount owed by the district to the state under the loan contract entered into pursuant to this act.

SEC. 6. Notwithstanding the provisions of any existing agreements entered into pursuant to Section 13412 of the Water Code, Chapters 47 and 137 of the Statutes of 1966, First Extraordinary Session, Chapter 1356 of the Statutes of 1969, and Chapter 920 of the Statutes of 1970, such agreements shall be amended to reflect the changes made by this act as if the provisions of this act had been in effect at the time of the execution of the agreements.

It is hereby declared necessary that a portion of the funds loaned pursuant to Chapter 6 (commencing with Section 13400) of Division 7 of the Water Code, Chapters 47 and 137 of the Statutes of 1966, First Extraordinary Session, Chapter 1356 of the Statutes of 1969, and Chapter 920 of the Statutes of 1970 to the South Tahoe Public Utility District, the North Tahoe Public Utility District, the Tahoe City Public Utility District, and the Truckee Sanitary District for necessary sewage and storm drainage facilities to prevent and control water pollution in the Lake Tahoe area served by such districts be made grants to such districts because of the urgent need for such facilities by such districts to correct a serious water pollution problem of concern to the entire state and the inability of such districts to raise the necessary funds to repay the amount of such loans.

SEC. 8. The Legislature hereby declares that the provisions of this act are not intended to create a precedent with respect to repayment of any funds loaned by the state but are justified only because of special circumstances existing within the Lake Tahoe Basin. State law has mandated that all waste within the Lake Tahoe watershed be transported outside the Lake Tahoe watershed in order to preserve the high quality of the waters of Lake Tahoe and to preserve the clarity and beauty of the waters of Lake Tahoe for the benefit of all the people of California.

SEC. 9. The provisions of this act, applicable only to the watershed of Lake Tahoe, are necessary to meet the unique problems of water quality control presented by the population growth and development of the area in relation to Lake Tahoe's geographic location and the necessity to export any waste produced in the area out of the Lake Tahoe Basin.

(b) Two hundred fifty-three thousand dollars (\$253,000) to be transferred by the Director of Finance upon certification of the Human Relations Agency and the California Commission on Aging that the "in-kind" contribution of a private, state or local governmental agency is not sufficient to secure adequate federal funds for the purpose of implementing Public Law 92-258. Where local nutritional projects may be eligible for funding under federal programs for serving older citizens; and where such projects are to be operated by and serve the needs of minority, Indian, and limited English-speaking eligible individuals; and where needed local matching funds are unavailable, state funds shall be made available to local governmental jurisdictions or voluntary organizations up to and not to exceed 10 percent of total project costs, or a maximum of fifty thousand dollars (\$50,000) whichever is the lesser sum, for each local project approved.

Secretary of State August 15, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 901 of the Business and Professions Code is amended to read:

901. There is established in the Department of Consumer Affairs, to be transferred to the Department of Health whenever the healing arts licensing agencies are transferred to the Department of Health in accordance with the Governor's Reorganization Plan No. 1 of 1970, a Council on Continuing Education for the Health Occupations, consisting of the director or his designee, who shall serve as chairman of the council, and six additional members, appointed by the director, as follows:

- (a) One administrator of a licensed hospital.
- (b) Two registered nurses.
- (c) Two licensed vocational nurses.
- (d) One public member.

The council shall be appointed and begin its meetings by July 1, 1972.

At its first meeting, the council shall determine by lot the terms of office of its appointed members, as follows: Two members shall serve for a term ending June 30, 1974, two for a term ending June 30, 1975, and two for a term ending June 30, 1976. Thereafter, the terms of appointed members will be for a period of four (4) years, ending on June 30.

No person shall be appointed for a third consecutive term of office, but a member appointed for less than two years remaining in a term may, after completion of the partial term, be appointed for two consecutive additional terms of office.

SEC. 2. Section 903 of the Business and Professions Code is amended to read:

903. The Council on Continuing Education for the Health Occupations, by regulation, shall establish standards for the continuing education in each of the fields covered by this chapter which will assure reasonable currency of knowledge as a basis for safe practice by licensees in each such field. The standards shall be established in a manner to assure that a variety of alternatives is available to licensees to comply with the continuing education requirements for renewal of licenses and taking cognizance of specialized areas of practice. Such alternatives include, but are not limited to, academic studies, in-service education, institutes, seminars, lectures, conferences, workshops, extension studies, and home study programs. The council shall establish continuing

education standards and define alternatives for meeting such standards in the occupations subject to this chapter by January 1, 1975, which shall be effective for the succeeding two-year period, and shall renew their standards, with whatever amendments are necessary to insure reasonable currency of knowledge for licensees in the occupations covered by this chapter, every two years thereafter. The council may organize committees from its membership to formulate proposed standards in each occupational field, and shall, in addition, invite and consider recommendations from each of the affected licensing agencies or boards, from organizations representing nurses, and from persons working in the fields covered by this chapter, concerning continuing education standards and alternatives for meeting such standards. In developing standards for continuing education, the council shall conduct public hearings at which recommendations may be submitted, and shall survey and evaluate existing continuing education programs, including in-service training programs, and shall grant recognition to such existing programs whenever possible. No later than the effective date of standards adopted pursuant to this section, each of the affected licensing agencies and boards shall notify each of its licensees of the standards. The occupations subject to this chapter are those of licensed vocational nurse and registered nurse.

SEC. 3. Section 2811 of the Business and Professions Code is amended to read:

2811. (a) Each person holding a regular renewable license under this chapter shall apply for a renewal of his license and pay the biennial renewal fee required by this chapter each two years on or before the last day of the month following the month in which his birthday occurs, beginning with the second birthday following the date on which the license was issued, whereupon the board shall renew the license.

Each such license not renewed in accordance with this section shall expire but may within a period of eight years thereafter be reinstated upon payment of the biennial renewal fee and penalty fee required by this chapter and upon submission of such proof of the applicant's qualifications as may be required by the board, except that during such eight-year period no examination shall be required as a condition for the reinstatement of any such expired license which has lapsed solely by reason of nonpayment of the renewal fee. After the expiration of such eight-year period the board may require as a condition of reinstatement that the applicant pass such examination as it deems necessary to determine his present fitness to resume the practice of professional nursing.

(b) After January 1, 1977, the board shall require, as a condition to the renewal of such license granted pursuant to the provisions of this chapter, that the holder thereof submit proof satisfactory to the board that, during the preceding two-year period, he has informed himself of developments in the registered nurse field occurring since the issuance of his certificate, or the last renewal thereof, whichever

last occurred, either by pursuing an approved course or courses of continuing education in the registered nurse field or by other means deemed equivalent by the board. In lieu of submitting such proof, the license holder, if he so desires, may take and successfully complete an examination given by the board designed to test his knowledge of developments occurring in the registered nurse field since the issuance of his license, or the last renewal thereof, whichever last occurred.

Whenever a license has lapsed because of failure to comply with this subdivision, the board shall notify the licensee of all courses, examinations, and other equivalent means which in the opinion of the board would bring the licensee into compliance with this subdivision if completed. Such license may be reinstated, without time limit, upon proof satisfactory to the board that the licensee has informed himself of current developments in the registered nurse field since the issuance of his certificate, or the last renewal thereof, whichever last occurred, either by the successful completion of a refresher course or by other means deemed equivalent by the board, including any means specified in the notice to the licensee, and by payment of fees as provided in Section 2815.

(c) The board shall accept as evidence of current knowledge, meeting the requirements of subdivision (b) of this section, but shall not necessarily be limited thereto, the successful completion of a course or courses of continuing education in the registered nurse field which has been approved for this purpose by the department under standards established by the Council on Continuing Education for the Health Occupations, and as provided for in Chapter 1.5 (commencing with Section 900) of this division.

(d) The board may, by regulation, provide for temporary exemption from the provisions of subdivision (b) of this section in the case of licensees serving in overseas military service, and in other special circumstances wherein compliance would, in the board's opinion, constitute an unreasonable hardship for the licensees.

(e) This section shall not apply to licensees during the first two years immediately following their graduation from nursing school.

SEC. 4. Section 2892.5 of the Business and Professions Code is amended to read:

2892.5. (a) After January 1, 1977, the board shall require, as a condition to the renewal of each license granted pursuant to the provisions of this chapter, that the holder thereof submit proof satisfactory to the board that, during the preceding two-year period, he has informed himself of developments in the vocational nurse field occurring since the issuance of his certificate, or the last renewal thereof, whichever last occurred, either by pursuing an approved course or courses of continuing education in the vocational nurse field or by other means deemed equivalent by the board. In lieu of submitting such proof, the license holder, if he so desires, may take and successfully complete an examination given by the board, designed to test his knowledge of developments occurring in the

vocational nurse field since the issuance of his license, or the last renewal thereof, whichever last occurred.

Whenever a license has lapsed because of failure to comply with this section, the board shall notify the licensee of all courses, examinations, and other means which in the opinion of the board would bring the licensee into compliance with this subdivision if completed. Such license may be reinstated, without time limit, upon proof satisfactory to the board that the licensee has informed himself of current developments in the vocational nurse field since the issuance of his certificate, or the last renewal thereof, whichever last occurred, either by the successful completion of a refresher course or by other means deemed equivalent by the board, including any means specified in the notice to the licensee, and upon payment of fees as provided in Section 2895.

(b) The board shall accept as evidence of current knowledge, meeting the requirements of this section, but shall not necessarily be limited thereto, the successful completion of a course or courses of continuing education in the vocational nurse field which has been approved for this purpose by the department under standards established by the Council on Continuing Education for the Health Occupations as provided for in Chapter 1.5 (commencing with Section 900) of this division.

(c) The board may, by regulation, provide for temporary exemption from the provisions of subdivision (a) of this section in the case of licensees serving in overseas military service, and in other special circumstances wherein compliance would, in the board's opinion, constitute an unreasonable hardship for the licensees.

(d) This section shall not apply to licensees during the first two years immediately following their graduation from vocational nursing school.

(e) The state board shall, at the time of the adoption, determine the date upon which state-adopted instructional materials shall be available for use by district boards.

(f) The state board may adopt instructional materials without designating a grade or subject and the state board may designate more than one grade or subject whenever the state board determines that a single subject designation or a single grade designation would not promote the maximum efficiency of pupil learning.

9401. In adopting the biennial list of instructional material the state board may do any one or more of the following:

(a) Retain any instructional materials from the previous biennial list, and make any adjustment in prices based on information provided pursuant to Section 9423.

(b) Delete from the previous biennial list any material which it determines is obsolete pursuant to Section 9800, or which received no order from any district board during the previous biennial period.

(c) Add instructional materials not previously submitted for adoption, or materials previously submitted which have been revised to comply with any recommendations of the state board.

9402. Before final adoption of any instructional materials not currently listed, the state board shall make any textbooks proposed for adoption available for public inspection for 30 days at display centers designated by county superintendents of schools. There shall be at least five display centers in Los Angeles County, three each in Orange County and San Diego County, and two each in Alameda County and Santa Clara County.

9403. The state board shall give the commission a public hearing before making any adoption of instructional materials for use in the elementary schools of the state.

9404. The commission shall:

(a) Recommend curriculum frameworks to the state board.

(b) Develop criteria for evaluating instructional materials submitted for adoption so that the materials adopted shall adequately cover the subjects in the indicated grade or grades and which comply with the provisions of Article 3 (commencing with Section 9240) of Chapter 1 of this division. Such criteria shall be public information and shall be provided in written or printed form to any person requesting such information.

(c) Study and evaluate all instructional materials submitted for adoption.

(d) Recommend to the state board instructional materials which it approves for adoption.

9405. The commission may, in order to fulfill its duties pursuant to Section 9404, appoint task forces or committees of subject matter experts to assist and advise them. Each task force or committee appointed by the commission shall include classroom teachers as defined in Section 321 and representatives of the various ethnic groups and of the various types of school districts. Accurate records of the advice and recommendations of each task force or committee member shall be maintained by the commission, and made available to the state board at its request.

Article 2. Duties of Publishers and Manufacturers

9420. All publishers and manufacturers submitting instructional materials for adoption by the state board shall comply with the provisions of Chapter 1 (commencing with Section 9200) of this division.

9421. Publishers and manufacturers submitting instructional materials for adoption shall provide sample copies of such materials in quantities to be determined by the state board.

9422. Publishers and manufacturers shall, at a time designated by the commission, submit the following information:

(a) Detailed specifications of the physical characteristics of such material. Such specifications shall be complied with by the publisher or manufacturer if the material is adopted and purchased in completed form by the state board or any district board. If the material is adopted under a lease contract, the Department of General Services shall follow comparable specifications in manufacturing the material. Changes in specifications may be made when approved by the state board and the publisher or manufacturer.

(b) A price schedule for the sale of completed materials to the state, including all costs of transportation pursuant to subdivision (a) of Section 9261, a statement of the cost to the State of California of purchasing a single unit of each item of instructional material, and any discounts for quantity purchases and any discounts for payment within any specified period of time.

(c) A price schedule for the lease and/or purchase by the state of films, dies, and other materials to be used by the state to manufacture such materials.

(d) A price schedule of royalty costs to be paid to the publisher or manufacturer whenever the state manufactures and distributes to school districts any such materials.

9423. Publishers and manufacturers may submit revisions to price schedules submitted pursuant to Section 9422 for any materials being considered for relisting pursuant to subdivision (a) of Section 9401.

9424. Publishers and manufacturers shall make available for purchase by any governing board any diagnostic, criterion-referenced, or other tests that they may develop.

9425. At the request of any district board and with the approval of the county superintendent of schools, publishers and manufacturers or other qualified persons or organizations shall provide in-service training in the use of instructional materials produced by them. The in-service training shall be provided on terms agreed to by the publisher or manufacturer or other qualified person or organization and may be paid for by the district board. If the publisher or manufacturer or other qualified person or organization does not provide the in-service training at no cost to the district board, and the district board does not agree to pay for the in-service training, no penalties shall be imposed upon the publisher or manufacturer or other qualified person or organization.

9426. Publishers and manufacturers shall, in accordance with rules and regulations adopted by the state board, develop plans to improve the quality and reliability of instructional materials through learner verification. Governing boards shall be encouraged to permit publishers and manufacturers to have limited access to classrooms for necessary testing and observation. Publishers and manufacturers shall provide copies of test results and evaluations made as part of learner verification at the request of any governing board.

Article 3. State Instructional Materials Fund

9440. There is hereby created the State Instructional Materials Fund, effective July 1, 1973. The fund shall be a means of annually funding the acquisition of instructional materials as required by the Constitution of the State of California. All money in the fund is continuously appropriated to the State Department of Education without regard to fiscal years for carrying out the purposes of this division.

9441. The fund shall be administered by the State Department of Education under policies established by the state board. It is the intent of the Legislature that the fund shall provide for flexibility of instructional materials. The fund shall consist of a credit for each district board, with which instructional materials adopted by the state board may be ordered and from which there shall be made to each district board a cash allotment in an amount determined by the state board for use in purchasing instructional materials from any source, or for the purchase of tests or in-service training pursuant to Sections 9424 and 9425.

9442. The state board shall annually apportion to each elementary school district a credit based on a dollar allotment per pupil for obtaining state-adopted instructional materials. The state board may encumber part of the fund for the purpose of obtaining basic instructional materials systems in subsequent fiscal years. The

state board may expend an amount not to exceed 10 percent of the cost of each textbook printed by the Department of General Services, for the purpose of warehousing and shipping such textbooks. All remaining unencumbered moneys in the fund shall be apportioned to each elementary school district on the basis of a monetary allotment per pupil.

9443. District boards ordering instructional materials from lists adopted by the state board shall have deducted from their credit a unit cost based on the information provided by publishers or manufacturers pursuant to subdivision (b) of Section 9422. In the event that the state board arranges for the manufacture of such instructional materials at a lower actual cost the savings shall be passed on to ordering districts in the form of an additional credit.

9444. The fiscal yearend unexpended balance of any cash allotment or credit of any district board shall be separately encumbered for the district board and shall be separately carried over into the subsequent fiscal year for their respective uses by the district board.

9445. The State Controller shall during each fiscal year, commencing with fiscal year 1973-1974, transfer from the General Fund of the state to the State Instructional Materials Fund, an amount of seven dollars (\$7) per pupil in average daily attendance in the elementary schools during the preceding fiscal year, as certified by the Superintendent of Public Instruction, except that this amount shall be adjusted annually in conformance with the Consumer Price Index, all items, of the Bureau of Labor Statistics of the United States Department of Labor, measured for the calendar year next preceding the fiscal year to which it applies.

9446. This article shall become operative on July 1, 1973. This article shall remain in effect only until June 30, 1977, and as of that date is repealed.

Article 4. Local Ordering Procedures

9460. It is the intent of the Legislature in adopting this article that district boards order instructional materials which meet the needs of pupils in their district, and which relate to their courses of study as adopted pursuant to Division 7 (commencing with Section 7500).

9461. District boards shall determine the necessary quantities and distribution pattern of instructional materials to pupils. No minimum order or ratio of materials shall be required, except that each district board shall provide sufficient quantities of state-adopted textbooks and instructional materials to meet the needs of their pupils and the requirements of Section 7.5 of Article IX of the California Constitution.

9462. District boards shall provide for substantial teacher involvement and shall promote the involvement of parents and other members of the community in selecting instructional materials.

9463. District boards shall order state-adopted textbooks and

instructional materials on forms prescribed by the Department of Education. Such forms shall include, or be accompanied by, information concerning the grade or grades and subject or subjects for which each instructional material is intended, and the unit cost of such material, as computed pursuant to Section 9443, which will be deducted from the credit of the district when ordered. District boards may order instructional materials from lists adopted by the state board without regard to the subject or grade designated by the state board and may use such instructional materials in any manner which will promote the maximum efficiency of pupil learning.

9464. All district orders for state-adopted instructional materials shall be forwarded as directed by the Superintendent of Public Instruction for procurement of such materials in the most economical and timely manner pursuant to Article 5 (commencing with Section 9480) of this chapter. However, in cases where the district does not qualify as a city school district and is an elementary district with fewer than 901 average daily attendance or a unified district with fewer than 1,501 average daily attendance, the county superintendent of schools shall approve the orders for instructional materials by such districts before forwarding as directed by the Superintendent of Public Instruction. All district orders for instructional materials not adopted by the state shall be placed directly with the publisher or manufacturer at any of its offices in the State of California or at any publishers' or manufacturers' depository in the State of California.

9465. After any instructional material, including any state-adopted textbook, has been placed in use by a district board, it shall be retained in use by the district for a period of not less than two years nor more than five years after the date of its first use. However, the Superintendent of Public Instruction may exempt materials from this requirement whenever the district board demonstrates that the continued use of the material will contribute to the maximum efficiency of pupil learning.

Article 5. State Procurement of Instructional Materials

9480. The state board shall cause to be acquired and distributed any instructional materials ordered by district boards pursuant to Article 4 (commencing with Section 9460) of this chapter.

9481. The state board may acquire instructional materials included in any list adopted by the board for use in the elementary schools, by any one or more of the following means determined by the board to be in the best interests of the state:

(a) Purchase them directly from the publisher or manufacturer at any of its offices in the State of California or from any publishers' or manufacturers' depository in the State of California.

(b) Compile them, or cause them to be compiled and manufacture them.

(c) Lease films, dies, maps, engravings, or copyright or patented

matter for use in manufacturing them.

(d) Contract for, or lease copyrights for use in compiling, printing, or publishing them.

(e) Provide for either the payment of royalties or for the leasing of films or both, or for making the whole or any part of the material and do any or all things that may be necessary for the purpose of procuring materials for use in the elementary schools.

(f) Arrange for the printing of textbooks by the Department of General Services.

(g) Produce or contract for the production of textbooks in braille, large print, recordings or other media for the use of handicapped minors, including the visually handicapped.

For the purposes of acquiring the various parts of any instructional materials system adopted pursuant to Section 9400, the state board may use any one or combination of the foregoing means in order to acquire all or any part of the instructional materials system.

9482. Each contract executed for the procurement of instructional materials shall include the right of the state to transcribe and reproduce the material in braille, large print, recordings or other media for the use of handicapped minors, including the visually handicapped, unable to use the book in conventional print and form. Such right shall include those corrections, revisions and other modifications as may be necessary.

9483. Each contract executed pursuant to Section 9482 shall specify that the royalty, if required, for such materials shall be that specified in the contract for the regular materials designed for nonhandicapped pupils. Any contract for the purchase of instructional materials shall establish a royalty, if required, for permission to transcribe or reproduce in braille, large print, recordings or other media for use of handicapped minors, including the visually handicapped.

9484. The cost of instructional materials acquired in any manner pursuant to Section 9481 shall be paid out of the State Instructional Materials Fund.

9485. The state board, in order to procure textbooks, shall:

(a) Obtain from the Department of General Services an estimate of the number of copies of each textbook which must be printed by the Department of General Services in order to obtain each textbook at a unit cost lower than that specified in the price schedule submitted by the publisher or manufacturer pursuant to subdivision (b) of Section 9422.

(b) Arrange with the Department of General Services for the printing of all textbooks the total statewide quantity of which ordered by all district boards equals or exceeds the estimates of the Department of General Services provided for in subdivision (a).

9485.5. All textbooks not printed pursuant to subdivision (b) of Section 9485 and all other instructional materials shall be obtained by the state board pursuant to Section 9481.

9486. Subject to the approval of the state board or a

representative of the state board appointed to supervise the work, the Department of General Services shall have supervision of all the mechanical work connected with the printing of such textbooks as may be compiled and adopted. The Department of General Services, after printing and binding the books, shall deliver them to the Superintendent of Public Instruction.

9487. The Department of General Services shall receive payment on the approval of the items of cost by the state board or its duly authorized agent.

9488. The amount fixed for royalty and costs of films or copyright or patented matter in favor of any company, or individual, shall be presented by the Superintendent of Public Instruction to the state board for its approval. Claims shall be paid quarterly, in the same manner as other claims upon the State Treasury.

9489. The Department of General Services shall furnish one copy of a cost-finding report showing items of work and the materials and the exact cost of each item for each of the lot of books, to the state board.

9490. On receiving a copy of the cost-finding report and the estimated cost of the publishing of any book, the state board shall determine and fix the cost price of the books. The cost price shall be determined by adding: (a) the cost of manufacture, and (b) the contract price to be paid as royalty or for the use of films, maps, engravings, or copyrighted or patented matter.

9491. The cost price shall be deemed to be the whole cost of producing the material at Sacramento.

9492. The Department of General Services shall on the first day of each month furnish to the state board a detailed statement showing the name and number of books published by it during the preceding month, and the number in course of publication.

9493. The Superintendent of Public Instruction shall arrange for the warehousing and shipping of all instructional materials printed by the Department of General Services in the most economical and timely manner. All other state-adopted instructional materials shall be warehoused and shipped pursuant to subdivision (f) of Section 9261.

9494. The Superintendent of Public Instruction shall arrange for the redistribution of surplus instructional materials to districts reporting insufficient quantities of such materials.

Article 6. Other Uses of Elementary Instructional Materials

9500. The following individuals or organizations may order instructional materials from lists adopted by the state board:

(a) The head of any state institution offering instruction in the elementary grades, or giving instruction in the teaching of elementary subjects.

(b) Governing boards or private schools.

(c) Individuals or dealers for use only in California.

Such materials shall be purchased at the unit cost determined pursuant to Section 9443.

9501. The Superintendent of Public Instruction shall keep an accurate account of the amount of money received from the sale of instructional materials and report to the Controller in accordance with provisions of Chapter 1 (commencing with Section 16300) of Part 2 of Division 4 of Title 2 of the Government Code. The amount of money collected therefor shall be paid into the Treasury to the credit of the State Instructional Materials Fund.

9502. The state board shall make available copies of adopted textbooks in large print for pupils enrolled in the elementary schools whose visual acuity is 20/70 or less or who have other visual impairment making the use of such textbooks necessary. The state board shall make available adopted textbooks in braille characters for pupils enrolled in elementary schools whose corrected visual acuity is 20/200 or less.

9503. The Superintendent of Public Instruction shall establish and maintain a central clearinghouse-depository and duplication center for specialized textbooks, reference books, recordings, study materials, tangible apparatus, equipment and other similar items for the use of visually handicapped students enrolled in the public schools of California who may require their use as shall be determined by the state board.

Such instructional materials in specialized media shall be available to other handicapped minors enrolled in the public schools of California who are unable to benefit from the use of conventional print copies of textbooks, reference books, and other study materials in a manner determined by the state board.

The specialized textbooks, reference books, recordings, study materials, tangible apparatus, equipment and other similar items shall be available for use by visually handicapped students enrolled in the public community colleges, California State University and Colleges, and the University of California.

9504. The Superintendent of Public Instruction shall loan to pupils entitled to attend the public schools of California, but in attendance at a school other than a public school under the provisions of Section 12154, the items specified in Section 9503, without cost to the pupils or to the nonpublic school which they attend.

9505. The Superintendent of Public Instruction shall lend to pupils entitled to attend the public elementary schools of the district, but in attendance at a school other than a public school under the provisions of Section 12154, instructional materials adopted by the state board for use in the public elementary schools. No charge shall be made to any pupil for the use of such adopted materials.

Materials shall be loaned pursuant to this section only after, and to the same extent that, materials are made available to students in attendance in public elementary schools. However, no cash allotment may be made to any nonpublic school.

Materials shall be loaned for the use of nonpublic elementary school students after the nonpublic school student certifies to the State Superintendent of Public Instruction that such materials are desired and will be used in a nonpublic elementary school by the nonpublic elementary school student.

CHAPTER 3. HIGH SCHOOL TEXTBOOKS

Article 1. Adoption and Purchase

9600. The district board of each district maintaining one or more high schools shall adopt textbooks for use in the high schools under its control. Only textbooks of those publishers who comply with the requirements of Article 3 (commencing with Section 9240) and Article 4 (commencing with Section 9260) of Chapter 1 of this division may be adopted by the district board.

9601. The state board shall designate the kinds of books which shall be classified as textbooks for the purposes of this chapter. Instructional materials not classified as textbooks may be purchased by district boards without reference to the provisions of this chapter, except that all instructional materials shall be purchased directly from the publisher or manufacturer at any of its offices in the State of California or from any publishers' or manufacturers' depository in the State of California.

9602. The textbooks adopted shall be put into use in the district not later than the school year next following their adoption.

9603. After any textbook has been adopted by the district board and placed in use, it shall be retained in use for a period of not less than three years after the date of its adoption, as shown by the official records of the district board.

9604. The clerk, secretary, or other person named by the district board for the purpose shall purchase textbooks on order of the district board of the high school district and shall examine the books when received. If they are found to be correct and in accordance with the order, a warrant shall be drawn for the proper amount, including the cost of transporting the textbooks, against any fund of the high school district available for the purpose and remitted to the publisher within 30 days after receipt of the books.

Article 2. Furnishing Textbooks to Pupils

9620. The district board of each high school district may fix a charge not to exceed the cost of the books to the high school district for books furnished pupils in classes for adults. In lieu of fixing such charge, the board may lend books to such pupils and require the making of deposits by the pupils, the amount of deposit made by a pupil to be refunded to him upon the return by him of the books lent him in good condition, reasonable wear and tear excepted.

9621. The district board of each high school district shall purchase

textbooks and may purchase supplementary books for the use of pupils enrolled in the high schools of the district. The textbooks and supplementary books shall at all times remain the property of the district, and shall be supplied to the pupils for use without charge.

9622. The district board of each high school district shall make all necessary provisions and arrangements to place the books purchased within easy reach and accessible for the use of all the pupils in the schools under its control.

9623. The district board of a high school district may at the end of any school term sell textbooks and supplementary books owned by the district to pupils of the district at prices which shall not exceed the actual value of the textbooks and supplementary books. The district board shall not require pupils of the district to purchase textbooks or supplementary books offered for sale by the board.

The proceeds of the sales shall be placed in the county treasury to the credit of the general fund of the school district.

9624. The district board of a high school district may purchase textbooks for the use of students residing in the district but attending a public high school in an adjoining state which does not furnish textbooks free of charge. Such textbooks shall remain the property of the district in which the students reside and shall be issued to such students at the discretion of the district board of that district.

Article 3. Disposal of Old Textbooks

9640. The district board of a district maintaining one or more high schools may provide for the disposition of high school textbooks that have been declared obsolete by the district board, in the manner provided in Section 9820, except that the manner of disposal stipulated in Section 9820 shall not preclude the district board from selling high school textbooks pursuant to Section 9623 nor from selling on the secondhand market high school textbooks that are in fit condition to use, and may provide for the disposition of high school textbooks that have been determined by the board to be unusable for educational purposes in the manner provided in Section 9840.

CHAPTER 4. OBSOLETE INSTRUCTIONAL MATERIALS

Article 1. Determination of Obsolescence

9800. For the purposes of this chapter, governing boards shall adopt rules, regulations and procedures for prescribing standards for determining when instructional materials adopted by them and either loaned by them or in their possession are obsolete, and if such materials are usable or unusable for educational purposes.

Article 2. Donation or Sale

9820. The state board, any district board which employs a

superintendent of schools, and other school districts with the approval of the county superintendent of schools, may dispose of surplus or undistributed obsolete instructional materials in its possession which are usable for educational purposes in any of the following ways:

(a) By donation to any governing board, county free library or other state institution.

(b) By donation to any public agency or institution of any other state, territory or possession of the United States, or the government of any country which formerly was a territory or possession of the United States.

(c) By donation to any nonprofit charitable organization.

(d) By donation to children or adults in the State of California, other states, or foreign countries for the purpose of increasing the general literacy of the people.

(e) By sale for a nominal price for use within the State of California to any organization which agrees to use such materials solely for educational purposes.

9821. Any organization, agency or institution receiving obsolete instructional materials under the provisions of this article must certify to the governing board that it agrees to use the materials for educational purposes and agrees to make no charge of any kind to the persons to whom the organization gives or lends such materials.

9822. In order to ship the obsolete instructional materials to recipients named in Section 9820, governing boards may utilize funds from the State Instructional Materials Fund, in any instance in which the board determines that the cost of shipping will be lower than the estimated cost of storing or otherwise disposing of the obsolete instructional materials involved.

9823. The state board shall pay the publisher or manufacturer the royalties agreed to pursuant to subdivision (e) of Section 9481 for any instructional material that the state board designates as obsolete, but which it provides to district boards that have previously ordered that instructional material.

Article 3. Destruction

9840. The state board, any district board which employs a superintendent of schools, and other school districts with the approval of the county superintendent of schools may dispose of unusable surplus or undistributed obsolete instructional materials, or such materials which are usable but cannot be distributed pursuant to Section 9820 in any of the following ways:

(a) Mutilated as not to be salable as instructional materials and sold for scrap or for use in the manufacture of paper pulp or other substances at the highest price that can be obtained.

(b) Destroyed by any economical means, provided that no instructional material shall be destroyed until 30 days after the governing board has given notice to all persons who have filed a request for such notice.

Article 4. Disposition of Proceeds From Sale

9860. Any money received by the state board from sale of obsolete instructional materials pursuant to the provisions of this chapter shall be deposited in the State Instructional Materials Fund.

Such materials shall be designed to assist the teacher in presenting instruction on drug education and to meet the needs of pupils at their respective grade levels. Such material shall be accurate, objective, and current.

10001. The State Department of Education shall establish an information center of current drug education materials which may be used by school districts and teachers for instruction on drug education. The information center shall include, but not be limited to, all the following: current state and federal drug laws; samples of effective courses of study, curriculum guides, teaching materials, reference materials, reports of current and school district policies related to drug education.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect.

The Curriculum Commission is required to recommend textbooks to the State Board of Education for adoption. The commission must recommend textbooks in the areas of science, music, and health in October. In order that the provisions of this act relating to the adoption and selection of other instructional materials may be utilized in connection with these subject areas at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 930

An act to amend Sections 5779, 5780, 5782, 5787, 5792, 8574, 8575, 12822, 12823, 12826, 12827, 12842, and 12848 of, to add Sections 5779.2, 5779.3, 5780.1, 5780.2, 12821, 12831, 12832, 12833, and 12848.5 to, and to repeal Sections 5779.1 and 12821 of, the Education Code, relating to testing programs, and making an appropriation therefor.

[Approved by Governor August 15, 1972 Filed with
Secretary of State August 15, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 5779 of the Education Code is amended to read:

5779. The State Board of Education shall require that uniform tests be administered to each pupil not later than his third month of attendance in the first grade. The first grade entry level test shall obtain a composite estimate for each pupil of skills related to learning and memory, attention, visual perception, and auditory comprehension. The answer sheets shall be transmitted to the Department of Education for scoring. If no published test is deemed suitable, the State Board of Education may combine parts of available tests or develop a new test.

The State Board of Education shall also require that uniform tests in reading be administered annually to pupils in grades 2 and 3. Such tests shall be recommended by the Department of Education and shall be submitted to the State Board of Education for approval and adoption. Any test so adopted shall be in national use and nationwide norms shall have been developed for such test. The tests which have been approved and adopted by the board shall be printed or purchased and distributed to the various school districts in the state by the Department of Education.

The State Board of Education shall determine the form in which the answer sheets for the first grade entry level test shall be transmitted to the Department of Education for scoring, and the form in which the results of the uniform tests in reading for grades 2 and 3 shall be reported to the Department of Education.

The State Board of Education shall analyze the progress achieved by third grade pupils using the first grade entry level test results as a basis for identifying comparable pupils receiving various kinds of reading instruction.

The State Board of Education shall adopt rules and regulations governing the time, place, and methods for administration of the testing program under this article.

Pupils who have been determined to be mentally retarded, as defined in this code, shall be exempted from the testing requirement imposed by this chapter.

Pupils who have been determined to be educationally

handicapped, as defined in this code, shall be subject to the testing requirement imposed by this chapter, except such pupils shall be tested separately from regular pupils and the test scores or results with respect to such pupils shall be submitted separately. The Department of Education shall annually prepare a comparative analysis of the scores or results of tests administered to educationally handicapped pupils and regular pupils. The Department of Education shall annually report to the Legislature the scores or results of the tests administered to educationally handicapped pupils.

The tests administered pursuant to this article shall be employed to determine each school district's quota of specialist reading teachers, as required by Article 4 (commencing with Section 5781) of this chapter.

Commencing with tests administered in the 1972-1973 school year, school districts shall submit answer sheets and test score information on a per-school basis.

SEC. 2. Section 5779.1 of the Education Code is repealed.

SEC. 3. Section 5779.2 is added to the Education Code, to read:

5779.2. Scores for individual pupils on the first grade entry level test shall not be used by school districts or teachers for individual diagnosis or placement or as a basis for any other decisions which would affect the pupil's elementary school experience. Scores from this test shall not in any manner be included on the pupil's cumulative school record.

The State Board of Education shall determine which, if any, of the scores attained by pupils on the tests administered in grades 2 and 3 may be recorded on the pupil's cumulative school record.

SEC. 4. Section 5779.3 is added to the Education Code, to read:

5779.3. The State Board of Education shall direct each school district to report annually its methods used to assess pupil performance in reading during grades 1, 2, and 3. The Department of Education shall assist the school districts to improve their local programs of assessing pupil performance in reading.

SEC. 5. Section 5780 of the Education Code is amended to read:

5780. Commencing with the school year 1966-67, and in each year thereafter, a standardized reading achievement test, which shall be adopted by the State Board of Education and distributed to the various school districts, shall be administered to all third-grade pupils.

The scores of those pupils who have participated in a remedial program shall be maintained and treated separately.

From a study of the results of these tests in districts which conduct a basic reading program pursuant to this chapter, and the test results in districts which do not conduct such a program, the Superintendent of Public Instruction shall evaluate basic reading programs, and he shall report his findings annually to the State Board of Education.

The State Board of Education shall report its findings regarding the implementation of, and experience under, basic reading

programs, together with any recommendations for any adjustments in the program, to the Legislature at each regular session. This report and the report required pursuant to Section 12848 may be consolidated into a single annual report.

SEC. 6. Section 5780.1 is added to the Education Code, to read:

5780.1. Except for the first-grade entry level test required by Section 5779, the State Board of Education may replace the grade specification for the administration of specific tests pursuant to this article with a specification of age or time elapsed since the pupil entered school where such a specification is more consistent with patterns of school organization.

The Department of Education shall submit a report to the Joint Legislative Budget Committee explaining the reasons for replacing the grade specification. The report shall be submitted at least six months prior to any such change.

SEC. 7. Section 5780.2 is added to the Education Code, to read:

An act to amend Section 14105 of, to add Section 14105 to, and to repeal Section 14105 of, the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor August 15, 1972. Filed with
Secretary of State August 15, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 14105 of the Welfare and Institutions Code as amended by Chapter 577 of the Statutes of 1971 is amended to read:

14105. The director shall prescribe the policies to be followed in the administration of this chapter, may limit the rates of payment for health care services, and shall adopt such rules and regulations as are necessary for carrying out, not inconsistent with, the provisions thereof.

Such policies and regulations shall include rates for payment for services not rendered under a contract pursuant to Section 14104. Standards for costs shall be based on payments of the reasonable cost for such services. Amounts paid for services provided to Medi-Cal beneficiaries shall be audited by the department in the manner and form prescribed by the department. The department shall maintain adequate controls to insure responsibility and accountability for the expenditure of federal and state funds. Cost reports and other data submitted by providers to a state agency for the purpose of determining reasonable costs for services or establishing rates of

payment shall be considered true and correct unless audited or reviewed within eighteen (18) months after July 1, 1969, the close of the period covered by the report, or after the date of submission of the original or amended report by the provider, whichever is later.

Nothing in this section shall be construed to limit the correction of cost reports or rates of payment when inaccuracies are determined to be the result of intent to defraud, or when a delay in the completion of an audit or review is the result of willful acts by the provider or inability to reach agreement on the terms of final settlement.

Insofar as practical, consistent with the efficient and economical administration of this part, the department shall afford recipients of public assistance free choice of arrangements under which they shall receive health care benefits.

If, in the judgment of the director, the actions taken by the director under Section 14120(c) will not be sufficient to operate the Medi-Cal program within the limits of appropriated funds, he may limit the scope and kinds of health care services, except for minimum coverage as defined in Section 14056, available to persons who are not eligible under Sections 14005.1, 14005.2 and 14005.3. When and if necessary, such action shall be taken by the director with the advice of the Health Care Commission and in ways consistent with the requirements of the Federal Social Security Act. This paragraph shall not be operative until July 1, 1972.

This section shall remain in effect only until Reorganization Plan No. 1 of 1970 becomes operative and on such date is repealed.

Such policies and regulations shall include rates for payment for services not rendered under a contract pursuant to Section 14104. Standards for costs shall be based on payments of the reasonable cost for such services. Amounts paid for services provided to Medi-Cal beneficiaries shall be audited by the department in the manner and form prescribed by the department. The department shall maintain adequate controls to insure responsibility and accountability for the expenditure of federal and state funds. Cost reports and other data submitted by providers to a state agency for the purpose of determining reasonable costs for services or establishing rates of payment shall be considered true and correct unless audited or reviewed within eighteen (18) months after July 1, 1969, the close of the period covered by the report, or after the date of submission of the original or amended report by the provider, whichever is later.

Nothing in this section shall be construed to limit the correction of cost reports or rates of payment when inaccuracies are

determined to be the result of intent to defraud, or when a delay in the completion of an audit or review is the result of willful acts by the provider or inability to reach agreement on the terms of final settlement.

Insofar as practical, consistent with the efficient and economical administration of this part, the department shall afford recipients of public assistance free choice of arrangements under which they shall receive health care benefits.

If, in the judgment of the director, the actions taken by the director under Section 14120(c) will not be sufficient to operate the Medi-Cal program within the limits of appropriated funds, he may limit the scope and kinds of health care services, except for minimum coverage as defined in Section 14056, available to persons who are not eligible under Sections 14005.1, 14005.2 and 14005.3. When and if necessary, such action shall be taken by the director with the advice of the Advisory Health Council and in ways consistent with the requirements of the Federal Social Security Act. This paragraph shall not be operative until July 1, 1972.

This section shall become operative on the same date as Reorganization Plan No. 1 becomes operative.

SEC. 3. It is the intent of the Legislature, that, if Reorganization Plan No. 1 of 1970 becomes operative, Section 14105 of the Welfare and Institutions Code, as amended by Section 1 of this act, shall remain in effect only until Reorganization Plan No. 1 of 1970 becomes operative and on that date Section 14105 of the Welfare and Institutions Code, as added by Section 2 of this act, which includes the changes in Section 14105 made by both Reorganization Plan No. 1 of 1970 and Section 1 of this act, shall become operative.

CHAPTER 935

An act to add Section 11610.8 to the Business and Professions Code, relating to real property.

[Approved by Governor August 15, 1972. Filed with
Secretary of State August 15, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 11610.8 is added to the Business and Professions Code, to read:

11610.8. No city or county shall issue any permit or grant any approval necessary to develop any real property which is excluded from regulation under this chapter as a subdivision pursuant to paragraph 4 of subdivision (c) of Section 11535 because such property is in excess of forty (40) acres and was created as such a parcel after December 31, 1969, when such property fronts on the coastline or a shoreline, unless it finds that reasonable public access

has been provided from public highways to land below the ordinary high-water mark or any ocean coastline or bay shoreline or any water of a lake or reservoir upon which the real property fronts.

“Reasonable public access” as used in this section shall be determined by the city or county in which the real property lies. In making such determination the city or county shall use the same criteria as those set forth in subdivisions (c) and (d) of Section 11610.5 and subdivisions (c) and (d) of Section 11610.7.

CHAPTER 936

An act to add Chapter 3.6 (commencing with Section 751.50) to Title 10 of Part 2 of the Code of Civil Procedure, relating to earth movements disasters.

[Approved by Governor August 15, 1972. Filed with
Secretary of State August 15, 1972.]

The people of the State of California do enact as follows:

SECTION 1. (a) This act is enacted as an exercise of the police power of the state, for the purpose of serving the general welfare of the people of California by:

(1) Making fully available for continued use and new development the entire area owned by each entity, whether public or private, which purpose can only be accomplished by reestablishing with certainty the present location of land boundaries.

(2) Facilitating the sale, mortgage or lease of land parcels in the state.

(3) Confirming and establishing the exact areas available for public use in streets, highways, flood control channels, public utility and other public ways.

(4) Minimizing the loss of area by property owners whose boundaries have been disturbed by earth movements such as but not limited to slides, subsidence, lateral or vertical displacements or similar disasters caused by man or by earthquakes or other acts of God, by equitably reestablishing property lines or by allocating to adjacent owners areas of land released by the narrowing or relocating the lines of public streets, highways or other public ways, with the consent of the city, county or state, as the case may be, under whose jurisdiction such streets, highways or ways are vested, given for the promotion of the general welfare.

(5) By declaring lots or parcels of land made substandard in size according to existing zoning laws as a result of compaction or other earth movement, of legal size according to such laws where no equitable adjustment of boundaries can be reasonably made.

(6) Correcting existing public records by recording the results of judicial proceedings, including official maps which reflect the land

boundaries reestablished subsequent to the disasters described in paragraph (4).

(7) Permitting these ends to be accomplished in a single action in rem, brought with respect to a reasonably large land area affected by the disaster, rather than in numerous actions affecting single or a small number of parcels of land.

(b) The Legislature finds that the attainment of each of the objectives enumerated in this section will significantly promote the general welfare of all the people in the state.

SEC. 2. Chapter 3.6 (commencing with Section 751.50) is added to Title 10 of Part 2 of the Code of Civil Procedure, to read:

CHAPTER 3.6. CULLEN EARTHQUAKE ACT

751.50. If the boundaries of land owned either by public or by private entities have been disturbed by earth movements such as, but not limited to, slides, subsidence, lateral or vertical displacements or similar disasters caused by man, or by earthquake or other acts of God, so that such lands are in a location different from that at which they were located prior to the disaster, an action in rem may be brought to equitably reestablish boundaries and to quiet title to land within the boundaries so reestablished.

751.51. (a) An action authorized by this chapter may be commenced by:

(1) A county in which lands were affected by a disaster described in Section 751.50 with or without the joinder of a city or cities included in the county and within the area so affected.

(2) A city, if the disaster has affected land in the city.

(3) Any other entity or person owning or having an interest in or lien upon land affected by the disaster if granted permission by the court to bring the action, and if the county in which the land is located is made a party to the action.

(b) In an action authorized by this chapter every entity in actual and peaceable possession of, or having an estate or interest in or lien upon any of the land affected by the action, whose possession or evidence of estate or interest is either recorded or known to the plaintiffs, the city, if the land is within a city, the county in which the land is located, and the State of California must be designated in the complaint of the action, and given notice in the manner required by this chapter.

(c) All unknown entities, including owners, lien or interest claimants, heirs, devisees, legatees or assigns, may be described in the caption and complaint as "all entities claiming any interest in or lien upon, the real property herein described or any part of it."

751.52. An entity which is a permissive plaintiff under this chapter, may bring a separate action with respect to separate portions of the disaster area of sufficient size to equitably reestablish boundaries without harm to other areas of the common disaster, its decision regarding the desirability of the separate action, and

regarding the area to be dealt with in each action to be approved by the court.

751.53. The complaint shall substantially include:

(a) A statement of the facts which make the provisions of this chapter applicable.

(b) A description of the exterior boundaries of the real property area sought to be affected by the action.

(c) A specification of the estate, title, interest or claim owned, and in the actual possession of the plaintiff or plaintiffs in described parts of the entire real property sought to be affected by the action.

(d) A specification of the estate, title, interest or claim, so far as they are known to the plaintiffs or either of them, and so far as they are capable of being discovered by reasonably diligent search by the plaintiff or plaintiffs, in each separate part of the entire real property sought to be affected by the action.

(e) A specification of the street areas sought to be vacated or offered by the plaintiff, or plaintiffs, to be vacated in whole or in part for judicial equitable allocation to landowners for the mitigation of the losses inflicted upon the landowners by the particular disaster or disasters to which this act is applicable.

(6) A proposed replatting of the entire real property sought to be affected by the action, embodying the land boundaries as fixed by the disaster, except as these boundaries have been equitably and judicially readjusted, or as liberalized by judicially directed use of the vacated lands.

751.54. Summons, publication of notice, posting and related matters and procedures shall be governed by the provisions of Sections 751.05 through 751.10, inclusive, of the Code of Civil Procedure.

751.55. Upon the completion of the service, publication and posting of the summons, as may be required by this chapter, the court has complete jurisdiction over the parties plaintiff or plaintiffs and the entire real property described in the complaint as intended to be affected by the action, and over every entity having or claiming an estate, right, title or interest in or to, or lien upon, all or any part of the property, and shall be considered to have obtained the possession and control of the property for the purposes of the action with complete jurisdiction to render the judgment provided for in this chapter.

751.56. (a) An answer to the complaint must be served within 90 days after the first publication of the notice, or such further time not exceeding 30 days, as the court for good cause may grant.

(b) An answer must:

(1) Specifically set out the particulars in which the claimant's estate, right, title, or interest in or to, or lien upon all or any part of the property is different from, or greater than, the interest of the claimant as it is described in the complaint.

(2) Be confined to rights based on events occurring at the time of, or since the time of the disaster.

(c) To whatever extent, if at all, the answering party has rights against anyone whatsoever, based upon facts or events which occurred before the disaster, the claims shall remain unaffected by the action brought under this chapter and shall be assertable subsequent to the conclusion of the action at any time and in any manner permitted by law, notwithstanding the judgment granted in this action, recognizing however the finality of this judgment as to the consequences, with respect to land boundaries as applicable to land in the disaster area.

751.57. A party to an action authorized by this chapter may file a notice of the pendency of the action in the form and at the place and with the effects specified by law.

751.58. The vacating of streets, highways, or other public ways within or abutting the area affected by the disaster, in whole or in part, by the voluntary action of the governmental agency under whose jurisdiction the streets, highways, or ways are vested, for the purpose of making it possible for the court to mitigate the hardships suffered by entities because of the change in land boundaries caused by the disaster can be accomplished by the affected governmental agency expressing the offer in the proceedings followed by the court's acceptance thereof in an action authorized by this chapter, without complying with any other formalities of law.

751.59. In an action of the type authorized by this chapter, judgment shall not be given by default, but the court must require proof of the facts alleged in the complaint and other pleadings.

751.60. The judgment shall:

(a) Determine the land boundaries of each parcel of land located within the entire area of real property sought to be affected by the action, whether owned publicly or privately, as fixed by the disaster, except as these boundaries have been judicially and equitably readjusted and as liberalized by judicial equitable allocation of lands voluntarily vacated by a city, county or the state under this act.

(b) Determine the entity or entities having estates, rights, titles, interests and claims in and to each parcel, whether legal or equitable, present or future, vested or contingent, or whether they consist of mortgages or liens of any description.

(c) Approve and direct the proper filing of an official map covering the entire area of real property sought to be affected by the action, as a substitute for the plat maps previously filed, but rendered inaccurate by the disaster.

751.61. In reaching the conclusions called for by Section 751.60, the court shall give effect to the changes in land boundaries caused by the disaster, mitigated, however, so far as can equitably be done by adjustment of land boundaries and by allocating to contiguous lots parts of the land released by a city, county or the state by its voluntary vacation of areas formerly constituting public ways, which vacatings of streets shall be approved by the judgment.

751.62. The judgment shall be conclusive with respect to land boundaries upon every entity who at the commencement of the

action had or claimed an estate, right, title or interest in or to or lien upon a part of the entire area of real property described in the complaint as intended to be affected by the action, and upon every entity claiming under any such person by title subsequent to the commencement of the action.

751.63. A certified copy of the judgment shall be recorded, at the expense of the plaintiff or plaintiffs in the action, in the office of the recorder of the county in which the affected land is situated and shall constitute constructive notice of the findings therein and of the official plat or plats referred to therein, which findings and plats shall supersede and control all prior plats, maps and documents to the extent inconsistent therewith.

751.64. The remedies provided for by this chapter are cumulative and in addition to any other remedy provided by law for quieting or establishing title to real property or the boundaries of it.

751.65. This chapter may be cited as the Cullen Earthquake Act.

CHAPTER 937

An act to amend Section 2274 of the Civil Code and Section 1122 of the Probate Code, relating to trustee's compensation.

[Approved by Governor August 16, 1972. Filed with
Secretary of State August 16, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 2274 of the Civil Code is amended to read:
2274. If the declaration of trust contains provisions for a trustee's compensation, the trustee shall be entitled to be compensated in accordance therewith. Upon proper showing, the court may fix or allow greater compensation than could be allowed under the provisions of the trust (1) where the duties of the trustee are substantially greater than those contemplated at the creation of the trust, or (2) where the compensation in accordance with the provisions in the trust would be inequitable or unreasonably low, or (3) in other extraordinary circumstances calling for equitable relief. If a declaration of trust does not specify the trustee's compensation, the trustee shall be entitled to such compensation as may be reasonable under the circumstances. Unless the declaration of trust provides or the trustees agree otherwise, if there are two or more trustees, the compensation shall be apportioned among the trustees according to the services rendered by them respectively. The superior court shall have jurisdiction to determine any compensation provided by this section in an action, brought by the trustee, to which all interested persons are made parties.

SEC. 2. Section 1122 of the Probate Code is amended to read:
1122. If the will contains provisions for a trustee's compensation,

the trustee shall be entitled to be compensated in accordance therewith. Upon proper showing, the court may in the decree of distribution or thereafter fix or allow greater compensation than could be allowed under the provisions of the will (1) where the duties of the trustee are substantially greater than those contemplated by the testator at the time of the signing of the will, or (2) where the compensation in accordance with the provisions in the will would be inequitable or unreasonably low, or (3) in other extraordinary circumstances calling for equitable relief. If the will does not specify a trustee's compensation, the trustee shall be entitled to such compensation as may be reasonable under the circumstances and the court may, in the decree of distribution or thereafter, determine such reasonable compensation and, in its discretion, fix or allow a periodic compensation for the trustee or trustees, to continue as long as it may deem proper. Unless the will provides or the trustees agree otherwise, if there are two or more trustees, the compensation shall be apportioned among the trustees according to the services rendered by them respectively. On settlement of each account the court shall allow the testamentary trustee his proper expenses and compensation for services as provided herein.

CHAPTER 938

An act to add Section 128 to, and to repeal Section 128, as added by Chapter 1363 of the Statutes of 1971, of, the Business and Professions Code, relating to businesses and professions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 15, 1972 Filed with

The people of the State of California do enact as follows:

SECTION 1. Section 128 of the Business and Professions Code, as added by Chapter 1363 of the Statutes of 1971, is repealed.

SEC. 2. Section 128 is added to the Business and Professions Code, to read:

128. (a) Notwithstanding any other provision of law, if at the end of the 1971-1972 fiscal year, or any fiscal year thereafter, an agency within the Department of Consumer Affairs, except the agencies referred to in subdivision (b), has unencumbered funds in an amount which equals or is more than the agency's operating budget for the next two fiscal years, such agency shall reduce license or other fees, whether such license or other fees be fixed by statute or may be determined by the agency within limits fixed by statute, during the following fiscal year in an amount which will reduce any surplus funds of the agency to an amount less than the agency's operating

budget for the next two fiscal years.

(b) Notwithstanding any other provision of law, if at the end of the 1973–1974 fiscal year, or any fiscal year thereafter, the California State Board of Architectural Examiners, the Board of Behavioral Science Examiners, the Board of Examiners in Veterinary Medicine, the Certified Shorthand Reporters Board, the Board of Medical Examiners of the State of California, the Board of Vocational Nurse and Psychiatric Technician Examiners of the State of California, the Bureau of Collection and Investigative Services, or the State Board of Dry Cleaners; has unencumbered funds in an amount which equals or is more than the agency's operating budget for the next two fiscal years, such agency shall reduce license or other fees, whether such license or other fees be fixed by statute or may be determined by the agency within limits fixed by statute, during the following fiscal year in an amount which will reduce any surplus funds of the agency to an amount less than the agency's operating budget for the next two fiscal years.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The present requirement of a pro rata reduction of all fees of agencies within the Department of Consumer Affairs with prescribed unencumbered funds will create severe administrative problems, produce inequitable results, and in some instances fail to accomplish the intended objective. To avoid these consequences, it is necessary that this act become effective immediately.

CHAPTER 952

An act to amend Section 11580.2 of the Insurance Code, relating to uninsured motorist insurance.

[Approved by Governor August 16, 1972 Filed with
Secretary of State August 16, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 11580.2 of the Insurance Code is amended to read:

11580.2. (a) (1) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the financial responsibility requirements specified in Section 16059 of the Vehicle Code insuring the insured, his heirs or his legal representative for all sums within such limits which he or they, as the case may be, shall be legally

entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor vehicle. The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing, in the form specified in paragraph (2), delete the provision covering damage caused by an uninsured motor vehicle (1) completely, or (2) with respect to a natural person or persons designated by name when operating a motor vehicle. Either of such deletions by any named insured shall be binding upon every insured to whom such policy or endorsement provisions apply while such policy is in force, and shall continue to be so binding with respect to any continuation, renewal, or replacement of such policy by the named insured, or with respect to reinstatement of such policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles.

(2) The agreement specified in paragraph (1) shall be in the following form:

“The California Insurance Code requires an insurer to provide uninsured motorists coverage in each bodily injury liability insurance policy it issues covering liability arising out of the ownership, maintenance, or use of a motor vehicle. Such section also permits the insurer and the applicant to delete such coverage completely or with respect to one or more natural persons designated by name when operating a motor vehicle. Uninsured motorists coverage insures the insured, his heirs, or legal representatives for all sums within the financial responsibility limits which such person or persons are legally entitled to recover as damages for bodily injury, including any resulting sickness, disease, or death, to him from the owner or operator of an uninsured motor vehicle not owned or operated by the insured.”

Such agreement may contain additional statements not in derogation of or conflict with the foregoing. The execution of such agreement shall relieve the insurer of liability under this section while such agreement remains in effect.

(b) As used in (a) above, “bodily injury” includes sickness or disease, including death, resulting therefrom; the term “named insured” means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in (a) above; as used in (a) above the term “insured” means the named insured and the spouse of the named insured and relatives of either while residents of the same household while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; the term “insured motor vehicle” means the motor vehicle described in the underlying

insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his permission or consent, express or implied, and any other automobile not owned by the named insured or any resident of the same household while being operated by the named insured or his spouse if a resident of the same household, but the term "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. The term "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is such applicable insurance or bond but the company writing the same denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(1) The bodily injury has arisen out of physical contact of such automobile with the insured or with an automobile which the insured is occupying.

(2) The insured or someone on his behalf shall have reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated territory then either to the sheriff of the county where the accident occurred or the local headquarters of the California Highway Patrol, and have filed with the insurer within 30 days thereafter a statement under oath that the insured or his legal representative has or the insured's heirs have a cause of action arising out of such accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof. The term "uninsured motor vehicle" shall not include an automobile owned by the named insured or any resident of the same household or self-insured within the meaning of the safety responsibility law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such government or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawlertreads or while located for use as a residence or premises and not as a vehicle, or a farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads.

The term "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a

policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of such accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of such person against the insolvent insurer.

(c) The insurance coverage provided for in this section does not apply:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from an automobile other than the described automobile if the owner thereof has insurance similar to that provided in this section.

(3) To bodily injury of the insured with respect to which the insured or his representative shall, without the written consent of the insurer, make any settlement with or prosecute to judgment any action against any person who may be legally liable therefor.

(4) In any instance where it would inure directly or indirectly to the benefit of any workmen's compensation carrier or to any person qualified as a self-insurer under any workmen's compensation law, or directly to the benefit of the United States, or any state or any political subdivision thereof.

(5) To establish an exemption as provided in subdivisions (a), (b), and (c) of Section 16057 of the Vehicle Code.

(6) To bodily injury of the insured while occupying a motor vehicle owned by an insured, unless the occupied vehicle is an insured motor vehicle.

(7) To bodily injury of the insured when struck by a vehicle owned by an insured.

(d) Subject to paragraph (c) (2), the policy or endorsement may provide that if the insured has insurance available to him under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher of the applicable limits of the respective coverages, and such damages shall be prorated between the applicable coverages as the limits of each coverage bears to the total of such limits.

(e) The policy or endorsement added thereto may provide that if the insured has valid and collectible automobile medical payment insurance available to him, the damages which he shall be entitled to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under such automobile medical payment insurance. This subdivision shall become operative on January 1, 1971.

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled

to recover damages, and if so entitled, the amount thereof, shall be made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. An award or a judgment confirming an award shall not be conclusive on any party in any action or proceeding between (i) the insured, his insurer, his legal representative, or his heirs and (ii) the uninsured motorist to recover damages arising out of the accident upon which the award is based. If the insured has or may have rights to benefits, other than nonoccupational disability benefits, under any workmen's compensation law, the arbitrator shall not proceed with the arbitration until the insured's physical condition is stationary and ratable. In those cases in which the insured claims a permanent disability, such claims shall, unless good cause be shown, be adjudicated by award or settled by compromise and release before the arbitration may proceed. Any demand or petition for arbitration shall contain a declaration, under penalty of perjury, stating whether (i) the insured has a workmen's compensation claim; (ii) such claim has proceeded to findings and award or settlement on all issues reasonably contemplated to be determined in that claim; and (iii) if not, what reasons amounting to good cause are grounds for the arbitration to proceed immediately. The provisions of Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to such determinations, and all rights, remedies, obligations, liabilities and procedures set forth in such Article 3 shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(1) Whenever in such Article 3, reference is made to the court in which the action is pending, or provision is made for application to the court or obtaining leave of court or approval by the court, the court which shall have jurisdiction for the purposes of this section shall be the superior court of the State of California, in and for any county which is a proper county for the filing of a suit for bodily injury arising out of the accident, against the uninsured motorist, or any county specified in the policy or an endorsement added thereto as a proper county for arbitration or action thereon.

(2) Any such proper court to which application is first made by either the insured or the insurer under the provisions of said Article 3 for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications under said Article 3 with respect to the same accident, subject, however, to the right of such court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to the provisions of Section 2016 of the Code of Civil Procedure may be taken without leave of court, except that leave of court, granted with or without notice and for good cause

shown, must be obtained if the notice of the taking of the deposition is served by either party within 20 days after the accident.

(4) The provisions of subparagraph (a) (4) of Section 2019 of the Code of Civil Procedure shall not be applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in subparagraph (b) (2) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under the provisions of Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section shall be construed to limit the rights of any party to discovery in any action pending or which may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom such claim was paid against any person causing such injury or death to the extent that payment was made. Such action may be brought within three years from the date that payment was made hereunder.

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver or rights to which he may be entitled under any other insurance coverage applicable; nor shall payment under this section to such insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him under any workmen's compensation law, exclusive of nonoccupational disability benefits.

(2) By the amounts paid or due to be paid under any valid and collectible automobile medical payment insurance available to the insured. This paragraph shall remain in effect until December 31, 1970, and shall have no force or effect after that date.

(3) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part.

(i) No cause of action shall accrue to the insured under any policy or endorsement provision issued pursuant to this section unless within one year from the date of the accident:

(1) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction, or

(2) Agreement as to the amount due under the policy has been

concluded, or

(3) The insured has formally instituted arbitration proceedings.

(j) Notwithstanding the provisions of subdivisions (b) and (i), in the event the accident occurs in any other state or foreign jurisdiction to which coverage is extended under the policy and the insurer of the tortfeasor becomes insolvent, any action authorized pursuant to the provisions of this section may be maintained within three months of the insolvency of the tortfeasor's insurer, but in no event later than the pertinent period of limitation of the jurisdiction in which the accident occurred.

[Approved by Governor August 16, 1972 Filed with
Secretary of State August 16, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 1001 of the Fish and Game Code is amended to read:

1001. Nothing in this code or any other law shall prohibit the department from taking, for scientific or propagation purposes, fish, amphibia, reptiles, mammals, birds, and the nests and eggs thereof, or any other form of plant or animal life.

SEC. 2. Section 1002 of the Fish and Game Code is amended to read:

1002. The department may issue permits, subject to such restrictions and regulations as the commission deems desirable, to take or possess, in any part of the state, for scientific, educational or propagation purposes, mammals, birds and the nests and eggs thereof, fish, amphibia, reptiles, or any other form of plant or animal life.

The fee for such permits is five dollars (\$5) per year, except that a permit without fee may be issued: (a) authorizing only the banding of birds and the exhibition of live or dead wildlife specimens by public zoological gardens, scientific or educational institutions; (b) to students regularly enrolled in commercial fishing classes in a school operating under the jurisdiction of the State Board of Education or in such classes in a community college and to faculty members of such schools or a community college when conducting regularly enrolled classes in commercial fishing. Any permit issued under this subdivision shall apply only when such students are under the direct supervision of the instructor approved by the school or community college to teach such class. All fish taken shall be taken in accordance with state law except that the provisions of Sections 7850 and 7880 to 7890, inclusive, shall not apply to persons or equipment operating under the provisions of this subdivision. All fish taken under authority of a permit issued under this subdivision may be sold only to a person licensed pursuant to Section 8040 or donated to a charitable institution. All funds received from the sale of such fish must be used solely for the support of the commercial fishing classes.

A special student permit may be issued pursuant to this section, on the payment of an annual fee of one dollar (\$1), to any student in a school of collegiate level who is required by an instructor in wildlife

research in such school to collect specimens used in laboratory work in the school under supervision and in connection with a course in wildlife research or in the conduct of wildlife investigations and studies on behalf of the public.

The license year for permits issued pursuant to this section is the calendar year or any part thereof. It is not necessary for the possessor of such a permit to have a sport fishing or hunting license to pursue the scientific collecting of any fish, reptile, aquatic animal or plant, bird, or mammal in this state.

Nothing in this section authorizes any act which violates Section 597 of the Penal Code.

Such a permit does not authorize the taking of fish or mammals from the ocean waters of this state which are within the boundaries of any city if the city has filed with the department an objection to such taking.

SEC. 3. Section 1003 of the Fish and Game Code is amended to read:

1003. Mammals, birds, and the nest and eggs thereof, fish and eggs thereof, reptiles, mollusks, crustaceans, or any other form of plant or animal life taken under the provisions of such a scientific or propagation permit may be shipped or transported anywhere within or without the state if prior written approval is obtained from the department and each such shipment is accompanied by the name, address, and permit number of the person holding the scientific or propagation permit.

SEC. 5. Section 2000 of the Fish and Game Code is amended to read:

Possession of a bird, mammal, fish, or reptile in or on the fields, forests, or waters of this state, or while returning therefrom with fishing or hunting equipment, is prima facie evidence the possessor took the bird, mammal, fish, or reptile.

SEC. 6. Section 2001 of the Fish and Game Code is amended to read:

2001. Unless otherwise provided, it is unlawful to possess birds, mammals, fish, reptiles, or amphibia except during the open season where taken and for 10 days thereafter; and not more than one daily

bag limit thereof may be possessed during the period after the close of the open season.

(b) If this bill and Senate Bill No. 61 are both chaptered and amend Section 39476 of the Health and Safety Code, but Assembly Bill No. 1084 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Senate Bill No. 61, the amendments proposed by both bills shall be given effect and incorporated in Section 39476 in the form set forth in Section 29 of this act. Therefore, if Senate Bill No. 61 is chaptered before this bill and both bills amend Section 39476, and Assembly Bill No. 1084 is not chaptered or as chaptered does not amend that section, Section 29 shall be operative and Sections 21, 28, and 30 of this act shall not become operative.

(c) If this bill and Assembly Bill No. 1084 and Senate Bill No. 61 are all chaptered, and all three bills amend Section 39476 of the Health and Safety Code, and this bill is chaptered after Assembly Bill No. 1084 and Senate Bill No. 61, the amendments proposed by all three bills shall be given effect and incorporated in Section 39476 in the form set forth in Section 30 of this act. Therefore, if Assembly Bill No. 1084 and Senate Bill No. 61 are both chaptered before this bill and all three bills amend Section 39476 of the Health and Safety Code, Section 30 of this act shall be operative and Sections 21, 28, and 29 of this act shall not become operative.

Such exemption shall be applied only to those classes which the governing board and personnel commission, where applicable, specifically find to be a subject to fluctuations in daily working hours not susceptible to administrative control, such as security patrol and recreation classes, but shall not include food-service and transportation classes.

Nothing in this section shall be construed to exempt persons employed in a short workweek from receiving holiday, overtime in excess of 40 hours per week, and other benefit entitlement provided for classified employees of the district.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 5 (commencing with Section 13701) of this chapter.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

CHAPTER 980

An act to amend Section 190 of, and to add Section 190.5 to, the Streets and Highways Code, relating to grade separation projects.

[Approved by Governor August 16, 1972. Filed with Secretary of State August 16, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 190 of the Streets and Highways Code is amended to read:

190. In each annual budget report prepared by the commission and the department under Section 143.1, commencing with the 1972-1973 fiscal year, the sum of ten million dollars (\$10,000,000) shall

be set aside for allocations to grade separation projects, including the elimination of existing or proposed grade crossings, the elimination of grade crossings by removal or relocation of streets or railroad tracks, and the alteration or reconstruction of existing grade separations, of separations of grade districts, cities, cities and counties, and counties on county roads or city streets as provided in Sections 189 to 191, inclusive. An allocation shall be made of one-half of the estimated cost, after deducting therefrom any contribution to be made by the railroad corporations involved, towards any project which qualifies therefor under the provisions of those sections, except that in no event shall allocations be made to projects for the alteration or reconstruction of grade separations unless the affected railroad or railroads have agreed, or have been required by decision of the Public Utilities Commission, to contribute not less than 10 percent of the cost of such alteration or reconstruction project. In no event shall an allocation for a project effecting the elimination of grade crossings by removal or relocation of streets or railroad tracks be in excess of the estimated allocation that would otherwise be made for the construction of grade separation facilities on the existing alignment of the street and railroad tracks. An allocation shall be made only when the affected local agency or agencies furnish evidence to the department that all necessary orders of the Public Utilities Commission have been obtained, that all necessary agreements with affected railroad or railroads have been executed, that sufficient funds from the local agency or agencies are available and that all other matters prerequisite to awarding the construction contract within a period of six months have been or can be taken care of within that time. Funds of a local agency shall be deemed available for purposes of this section to the extent of the amount of any general obligation bonds authorized but unsold if all proceedings prior to the issuance and sale of the bonds have been validly taken and if the bonds may be validly issued and sold by the local agency at any time, even though at the time of allocation under this section the bonds have not been issued or sold. Where such bond proceedings have been taken, if the bonds are not issued and sold within six months after the time of such allocation, the commission may order the allocation canceled, and shall thereupon revert the amount thereof to the fund set aside by this section, for reallocation to another eligible project. In any event, regardless of the method proposed by the local agency for the financing of its share of the project cost, if after an allocation has been made, the construction contract has not been awarded within one year, the commission may order the allocation canceled and the funds allocated shall revert to the fund set aside by this section. In financing its share of the project cost, the local agency may use any funds available to it. Notwithstanding any other provision of law, when the local agency uses funds derived from the TOPICS Program, pursuant to Chapter 6 (commencing with Section 2300) of Division 3 of the Streets and Highways Code in financing its share of the project cost, the allocation to be made

pursuant to this section shall be computed as though such local agency contribution was derived from nonfederal sources and shall be computed as though the railroad had made its contribution pursuant to state law rather than pursuant to federal law.

The department and the commission may make allocations from a succeeding fiscal year's sum set aside for purposes of this section on and after January 1st preceding the beginning of such fiscal year. Engineering, right-of-way acquired for the project and utility relocation costs expended by a local agency or agencies prior to an allocation of funds for a project shall be included in the total cost thereof, even though expended prior to an allocation of state funds.

The first five million dollars (\$5,000,000) of the fund set aside by this section each fiscal year shall be available for allocation and expenditure without regard to fiscal year.

The department and the commission shall revert as of October 1st of each fiscal year any unallocated amount of the balance of the annual sum of ten million dollars (\$10,000,000) set aside by this section for that fiscal year. Any other funds that may be set aside for the purposes of this section shall be allocated prior to the allocation of the above ten million dollars (\$10,000,000) and shall be available for allocation and expenditure without regard to fiscal years.

A local agency that furnishes evidence to the department that it has complied with all requirements for an allocation pursuant to this section may, if it has sufficient funds available for that purpose, proceed with the advertising for bids and the construction without prejudice to its right to receive an allocation if an allocation becomes available for that local agency before the termination of the priority list established for the year during which the construction commenced.

Such project may be constructed by the local agency or agencies concerned, or, by agreement between the local agency or agencies and the department, the department may acquire the necessary rights-of-way in the name of the local agency or agencies, execute agreements with railroad corporations, present necessary applications to the Public Utilities Commission and perform all other acts to complete the project. Construction work by the department shall be subject to the State Contract Act. Agreements between the department and local agencies are authorized relative to the handling and accounting of funds, including the making of advancements thereof so as to permit prompt payment for the work accomplished, and relative to any other phase of the work.

In the event the actual cost is less than that estimated, the allocation shall be reduced accordingly. If, after completion of the project, the actual cost exceeds that estimated, the allocation may be increased proportionately by the department and the commission. If more projects comply with the requirements hereof than can be financed from the fund set aside by this section, allocations shall be made only to those highest on the priority list submitted by the Public Utilities Commission, except for those allocations made for

projects which exceed the estimated costs. Allocations to specific projects by the department shall remain available until expended. As used in this section, "local agency" includes a separation of grade district, as well as a city, city and county, or county.

SEC. 2. Section 190.5 is added to the Streets and Highways Code, to read:

190.5. Clark Street Extension, which is part of the adopted freeway route for Route 68 in the County of Monterey, is hereby declared to be a county road within the meaning of Sections 189 and 190, and is eligible for allocation of funds for grade separation pursuant to Section 190.

Although Clark Street Extension is located on the adopted freeway route for Route 68, the City of Salinas and the County of Monterey will finance in part the construction of a grade separation at the Clark Street Extension over the Southern Pacific Transportation Company's railroad tracks. In order that Clark Street Extension be constructed with a grade separation, it is necessary that Clark Street Extension be eligible for a grade separation allocation as soon as possible.

SEC. 3. Section 190 of the Streets and High Code is amended to read:

190. In each annual budget report prepared by the commission and the department under Section 143.1, commencing with the 1972-1973 fiscal year, the sum of ten million dollars (\$10,000,000) shall be set aside for allocations to grade separation projects, including the elimination of existing or proposed grade crossings, the elimination of grade crossings by removal or relocation of streets or railroad tracks, and the alteration or reconstruction of existing grade separations, of separations of grade districts, cities, cities and counties, and counties on county roads or city streets as provided in Sections 189 to 191, inclusive.

An allocation shall be made of two-thirds of the estimated cost, after deducting therefrom any contribution to be made by the railroad corporations involved, towards any project which qualifies therefor under the provisions of those sections, except that in no event shall allocations be made to projects for the alteration or reconstruction of grade separations unless the affected railroad or railroads have agreed, or have been required by decision of the Public Utilities Commission, to contribute not less than 10 percent of the cost of such alteration or reconstruction project. In no event shall an allocation for a project effecting the elimination of grade crossings by removal or relocation of streets or railroad tracks be in excess of the estimated allocation that would otherwise be made for the construction of grade separation facilities on the existing alignment of the street and railroad tracks.

An allocation shall be made only when the affected local agency or agencies furnish evidence to the department that all necessary orders of the Public Utilities Commission have been obtained, that all necessary agreements with affected railroad or railroads have

been executed, that sufficient funds from the local agency or agencies are available and that all other matters prerequisite to awarding the construction contract within a period of six months have been or can be taken care of within that time.

To the extent funds are available, where the local agency has signed a construction contract for a project for which an allocation has been made, the department shall transfer the allocation to the local agency within 15 days of receiving written notification of such signing.

Funds of a local agency shall be deemed available for purposes of this section to the extent of the amount of any general obligation bonds authorized but unsold if all proceedings prior to the issuance and sale of the bonds have been validly taken and if the bonds may be validly issued and sold by the local agency at any time, even though at the time of allocation under this section the bonds have not been issued or sold. Where such bond proceedings have been taken, if the bonds are not issued and sold within six months after the time of such allocation, the commission may order the allocation canceled, and shall thereupon revert the amount thereof to the fund set aside by this section, for reallocation to another eligible project.

In any event, regardless of the method proposed by the local agency for the financing of its share of the project cost, if after an allocation has been made, the construction contract has not been awarded within one year, the commission may order the allocation canceled and the funds allocated shall revert to the fund set aside by this section.

In financing its share of the project cost, the local agency may use any funds available to it. Notwithstanding any other provision of law, when the local agency uses funds derived from the TOPICS Program, pursuant to Chapter 6 (commencing with Section 2300) of Division 3 in financing its share of the project cost, the allocation to be made pursuant to this section shall be computed as though such local agency contribution was derived from nonfederal sources and shall be computed as though the railroad had made its contribution pursuant to state law rather than pursuant to federal law.

The department and the commission may make allocations from a succeeding fiscal year's sum set aside for purposes of this section on and after January 1st preceding the beginning of such fiscal year. Engineering, right-of-way acquired for the project and utility relocation costs expended by a local agency or agencies prior to an allocation of funds for a project shall be included in the total cost thereof, even though expended prior to an allocation of state funds.

The first five million dollars (\$5,000,000) of the fund set aside by this section each fiscal year shall be available for allocation and expenditure without regard to fiscal year.

The department and the commission shall revert as of October 1st of each fiscal year any unallocated amount of the balance of the annual sum of ten million dollars (\$10,000,000) set aside by this section for that fiscal year. Any other funds that may be set aside for

the purposes of this section shall be allocated prior to the allocation of the above ten million dollars (\$10,000,000) and shall be available for allocation and expenditure without regard to fiscal years.

A local agency that furnishes evidence to the department that it has complied with all requirements for an allocation pursuant to this section may, if it has sufficient funds available for that purpose, proceed with the advertising for bids and the construction without prejudice to its right to receive an allocation if an allocation becomes available for that local agency before the termination of the priority list established for the year during which the construction commenced.

Such project may be constructed by the local agency or agencies concerned, or, by agreement between the local agency or agencies and the department, the department may acquire the necessary rights-of-way in the name of the local agency or agencies, execute agreements with railroad corporations, present necessary applications to the Public Utilities Commission and perform all other acts to complete the project. Construction work by the department shall be subject to the State Contract Act. Agreements between the department and local agencies are authorized relative to the handling and accounting of funds, including the making of advancements thereof so as to permit prompt payment for the work accomplished, and relative to any other phase of the work.

In the event the actual cost is less than that estimated, the allocation shall be reduced accordingly. If, after completion of the project, the actual cost exceeds that estimated, the allocation may be increased proportionately by the department and the commission. If more projects comply with the requirements hereof than can be financed from the fund set aside by this section, allocations shall be made only to those highest on the priority list submitted by the Public Utilities Commission, except for those allocations made for projects which exceed the estimated costs. Allocations to specific projects by the department shall remain available until expended. As used in this section, "local agency" includes a separation of grade district, as well as a city, city and county, or county.

SEC. 4. It is the intent of the Legislature, if this bill and Senate Bill No. 544 are both chaptered and amend Section 190 of the Streets and Highways Code, and this bill is chaptered after Senate Bill No. 544, that the amendments to Section 190 proposed by both bills be given effect and incorporated in Section 190 in the form set forth in Section 3 of this act. Therefore, Section 3 of this act shall become operative only if this bill and Senate Bill No. 544 are both chaptered, both amend Section 190, and Senate Bill No. 544 is chaptered before this bill, in which case Section 1 of this act shall not become operative.

CHAPTER 983

An act to amend Sections 10500, 10503, 10504, 10521, and 10528 of, and to repeal Section 10520 of, the Government Code, relating to the Joint Legislative Audit Committee.

[Approved by Governor August 16, 1972. Filed with
Secretary of State August 16, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 10500 of the Government Code is amended to read:

10500. The Legislature finds that auditing is now conducted by various state agencies and recognizes the needs of the executive branch of the state government for periodic and special audits of the revenues and expenditures of any state agency, and the accounting and fiscal reporting systems established in state agencies, as a means of insuring the proper and lawful expenditure of state funds. The Legislature, also, recognizes the necessity of an independent audit, in addition to the audit conducted within the executive branch of state government, for the use of both the executive and legislative branches of the state government in establishing a sound fiscal and administrative policy for the government of the state.

Therefore, it is the desire of this Legislature that the internal auditing be coordinated in the executive branch of the government in the interest of economy and efficiency. It is also the desire of the

Legislature to create the office of the Auditor General, whose primary duties shall be to examine and report annually upon the financial statements prepared by the executive branch of the state and to perform such other related assignments, including performance audits, as may be requested by the Legislature. The authority of the office under the direction of the Joint Legislative Audit Committee is confined to examining and reporting and is in no way to interfere with adequate internal audit to be conducted by the executive branch of the government.

SEC. 1.5. Section 10503 of the Government Code is amended to read:

10503. The committee is authorized to make rules governing its own proceedings and to create subcommittees from its membership and assign to such subcommittees any study, inquiry, investigation, or hearing which the committee itself has authority to undertake or hold. The provisions of Rule 36 of the Joint Rules of the Senate and Assembly relating to investigating committees shall apply to the committee and it shall have such powers, duties and responsibilities as the Joint Rules of the Senate and Assembly shall from time to time prescribe, and all the powers conferred upon committees by Section 11, Article IV, of the Constitution.

Notwithstanding any other provision of law to the contrary, the committee shall establish priorities and assign all work to be done by the Auditor General.

SEC. 2. Section 10504 of the Government Code, as amended by Chapter 438 of the Statutes of 1971, is amended to read:

10504. The committee shall have authority to appoint an Auditor General, deputies and staff, who shall serve at the pleasure of the committee. The committee shall fix the salary of the Auditor General. The funds for the support of the committee shall be provided from the Contingent Funds of the Assembly and Senate in the same manner that such funds are made available to other joint committees of the Legislature.

SEC. 3. Section 10520 of the Government Code is repealed.

SEC. 4. Section 10521 of the Government Code is amended to read:

10521. The Auditor General, prior to his appointment, shall possess the following minimum qualifications:

(a) He shall be in possession of a valid certificate issued by the State Board of Accountancy to practice as a certified public accountant or a public accountant, and

(b) The combination of education and experience which in the opinion of the committee is necessary.

SEC. 5. Section 10528 of the Government Code is amended to read:

10528. The Auditor General, with the approval of the Joint Legislative Audit Committee, shall examine and report annually upon the financial statements prepared by the executive branch of the state to the end that the Legislature will be informed as to the

adequacy of such financial statements in compliance with generally accepted accounting principles applied on a basis consistent with that of the preceding fiscal year. In making such examination, he is authorized to make such audit examination of accounts and records, accounting procedures and internal auditing performance as the Joint Legislative Audit Committee may determine and specifically designate to be necessary to disclose all material facts necessary to proper reporting to the Legislature in accordance with the statement of purposes set forth in Section 10500. He shall make such special audits and investigations, including performance audits, of any state agency whether created by the Constitution or otherwise, as requested by the Legislature or any committee of the Legislature.

This section shall remain in effect only until the 61st day after the final adjournment of the 1975 Regular Session of the Legislature, and as of that date is repealed.

CHAPTER 986

An act to repeal and add and repeal Section 8045.6 of the Fish and Game Code, relating to abalone, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 16, 1972. Filed with

This section shall remain in effect only until July 1, 1976, and as of that date is repealed.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

CHAPTER 987

An act to add Chapter 4.8 (commencing with Section 31295) to Division 22 of the Education Code, relating to the occupational education and training grant program, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 16, 1972. Filed with
Secretary of State August 16, 1972]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4.8 (commencing with Section 31295) is added to Division 22 of the Education Code, to read:

CHAPTER 4.8. OCCUPATIONAL EDUCATION AND TRAINING GRANT PROGRAM

31295. The Legislature hereby finds that there are students who have the aptitude and desire to train for specific occupations, vocations or technical careers, but do not have financial resources to enter public or private training programs and that a greater supply of competent, technically trained, skilled manpower in critical occupations is a public purpose of great importance; and, further, that the establishment of a pilot program pursuant to this chapter is a desirable, necessary, and economical method of aiding such students and strengthening the economic base of the state.

31295.1. There is hereby created a state competitive occupational education and training grant program, with grants to be provided by the state and administered by the State Scholarship and Loan Commission.

Occupational education and training grants shall be awarded without regard to race, creed, national origin or ancestry, or sex.

31295.2. As used in this chapter, "commission" means the State Scholarship and Loan Commission.

31295.3. To be eligible for an occupational education and training grant under this chapter, an applicant shall meet all of the following requirements:

(a) Be a resident of the State of California, as defined in subdivision (a) of Section 31203.

(b) Be a citizen of the United States or have been admitted to permanent residence.

(c) Have not attained his 30th birthday. This age limitation does not apply in the case of renewed grants. Although grants may be given within this limitation, it is the intent of the Legislature that the major effort of the program be directed to applicants who have recently completed high school.

(d) Demonstrate occupational achievement or aptitude and financial need. In determining occupational achievement or aptitude, the commission may use acceptable testing procedures to the extent these are available. In determining financial need of an applicant, the commission shall expect each student to make a self-help contribution toward occupational or technical training costs and the financial status of his parents shall be taken into consideration.

(e) Use his grant for occupational or technical training in California in institutions either accredited by the Western Association of Schools and Colleges or by a national accrediting association recognized by the U.S. Office of Education. As used in this section, "occupational or technical training" shall mean that phase of education coming after the completion of a secondary school

program and leading toward recognized occupational goals approved by the commission.

(f) Have applied for a state occupational education and training grant and have met the criteria established by the commission for eligibility for such grant.

(g) Have complied with all of the rules and regulations adopted by the commission for the award, regulation, and administration of state occupational education and training grants adopted pursuant to this chapter.

31295.4. The occupational education and training grant program shall be a pilot demonstration program. The commission shall adopt rules and regulations necessary or appropriate to effectuate the provisions of this chapter.

The commission may use criteria it deems appropriate in selecting students with occupational talents to receive occupational education grants.

The commission shall seek the aid and advice of a committee of nine members appointed by the commission and composed of individuals who shall be representatives of both proprietary and public institutions and who shall be knowledgeable in the area of occupational and technical education and training. At least a majority of the members of the committee shall be actively working or otherwise involved in the area of occupational and technical education and training.

31295.5. There shall be available 500 new grants in each of the fiscal years of 1973-74, 1974-75, 1975-76 and 1976-77 and the recipients of such grants shall be eligible for renewal of their grants until they have completed their occupational or technical training in conformance with terms prescribed by the commission. In no case shall such grants exceed two calendar years, nor be awarded for a course of training of less than six weeks duration.

A grant shall be deemed vacated if the recipient does not begin the course of training within six months after the grant is awarded.

31295.6. Grants awarded under this chapter shall be for institutional fees, charges, and other costs in the nature of tuition, not to exceed two thousand dollars (\$2,000) for the calendar year, plus up to five hundred dollars (\$500) for training-related costs, such as special clothing, local transportation, required tools, equipment, supplies and books, according to the student's financial need. In determining the amount of grants and training-related costs, the commission shall take into account other state and federal programs available to the applicant.

31295.7. Grants shall be awarded in areas of manpower need as determined by the commission after consultation with appropriate state and federal agencies.

31295.8. Prior to awarding grants under this chapter, the commission shall adopt procedures for evaluation of the occupational education and training grant program. In determining these procedures, the commission shall consider the advisability of limiting

either the number of occupational programs or the number of geographic areas or both to facilitate evaluation.

31295.9. Nothing in this chapter shall be interpreted to require any institution to admit an award winner into such institution, or to continue him once he is admitted.

31296. The commission shall submit to the Legislature on the fifth legislative day of the 1974 Regular Session, and on the fifth legislative day of each regular session thereafter until the program under this chapter is completed, an evaluation of the operation of the occupational education and training grant program.

31296.2. Notwithstanding any other provision of law, the occupational education and training grant program and all powers, duties, and responsibilities of the commission in relation to it shall terminate on January 1, 1978, provided, however, that the commission shall continue to administer the program until the normal expiration of grants awarded hereunder.

SEC. 2. There is hereby appropriated from the General Fund in the State Treasury the sum of fifty thousand dollars (\$50,000) to the Scholarship and Loan Commission for purposes of administering the occupational education and training grant program prescribed in Chapter 4.8 (commencing with Section 31295) of Division 22 of the Education Code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act establishes an occupational education and training grant pilot program with grants to be available in the 1973-74 fiscal year and for the three fiscal years thereafter. A substantial period of time is required prior to the 1973-74 fiscal year for administrative preparation for the making of such grants for that fiscal year. The great uncertainty with respect to when ordinary statutes enacted at the 1972 Regular Session of the Legislature will become effective raises the strong possibility that this vital program could be severely jeopardized by insufficient preparation time if it were embodied in an ordinary statute. Thus, in order to ensure that sufficient time may be available for the preparation necessary for the proper implementation of the grant program established by this act, it is necessary that this act take effect immediately.

CHAPTER 988

An act to amend Sections 2355 and 2356 of the Civil Code, and to amend Sections 1751 and 1754 of, to add Sections 1751.5, 1754.5, and 1755.5 to, and to add Chapter 2.5 (commencing with Section 1776) to Division 5 of, the Probate Code, relating to present and former

United States government personnel, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 16, 1972 Filed with
Secretary of State August 16, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 2355 of the Civil Code is amended to read:
2355. An agency is terminated, as to every person having notice thereof, by:

1. The expiration of its term;
2. The extinction of its subject;
3. The death of the agent;
4. His renunciation of the agency;
5. The incapacity of the agency to act as such; or

6. The divorce, dissolution, annulment, or adjudication of the nullity of marriage of, or the judicial or legal separation of, principal and attorney in fact, or commencement by the attorney in fact of an action for such relief, in the case of a power of attorney, if the attorney in fact was the spouse of the principal, and the principal has become an absentee as defined in Section 1751.5 of the Probate Code, unless the power of attorney expressly provides otherwise in writing.

SEC. 2. Section 2356 of the Civil Code is amended to read:

2356. (a) Unless the power of an agent is coupled with an interest in the subject of the agency, it is terminated by: (1) its revocation by the principal; (2) his death; or, (3) his incapacity to contract.

(b) However, any bona fide transaction entered into with such agent by any person acting without actual knowledge of such revocation, death, or incapacity shall be binding upon the principal, his heirs, devisees, legatees, and other successors in interest.

Under this subdivision, in the case of an agent of a principal who is an absentee as defined in Section 1751.5 of the Probate Code, while the absentee continues in his missing status, and until receipt by the parties of notice from the secretary of the department or head of the agency concerned, or his delegate, of the termination of such missing status by the making of a finding of the death of the absentee, the parties shall be deemed to be without actual knowledge of any such revocation, death, or incapacity of the principal.

(c) Nothing in this section shall affect the provisions of Section 1216.

SEC. 3. Section 1751 of the Probate Code is amended to read:

1751. Upon petition as provided in this chapter, the superior court, if satisfied by sufficient evidence of the need therefor, shall appoint a conservator of the person and property or person or property of any adult person who by reason of advanced age, illness, injury, mental weakness, intemperance, addiction to drugs or other disability, or other cause is unable properly to care for himself or for his property, or who for said causes or for any other cause is likely

to be deceived or imposed upon by artful or designing persons, or for whom a guardian could be appointed under Division 4 of this code, or who voluntarily requests the same and to the satisfaction of the court establishes good cause therefor, or who is an absentee as defined in Section 1751.5. The court, in its discretion, may appoint one or more conservators.

SEC. 4. Section 1751.5 is added to the Probate Code, to read:

1751.5. For the purposes of this chapter:

(a) "Absentee" means either of the following:

(1) A member of a uniform service covered by United States Code, Title 37, Chapter 10, who is determined thereunder by the secretary concerned or his delegate to be in missing status, as missing status is defined therein.

(2) An employee of the United States government or an agency thereof covered by United State Code, Title 5, Chapter 55, Subchapter VII, who is determined thereunder by the head of the department or agency concerned or his delegate to be in missing status as missing status is defined therein.

(b) "Secretary concerned" has the same meaning as defined in United States Code, Title 37, Section 101.

SEC. 5. Section 1754 of the Probate Code is amended to read:

1754. Any person or any relative or friend of any person, other than a creditor of the proposed conservatee, may file a verified petition alleging that the appointment of a conservator is required. The petition shall set forth, so far as they are known to the petitioner, the names and residences of the spouse, if any, and of the relatives of the proposed conservatee within the second degree. Upon the filing of the petition, the clerk shall set the petition for hearing by the court. Notice of the nature of the proceedings and of the time and place of the hearing on the petition shall be mailed by the petitioner to the spouse, if any, and to each of such relatives, and if the proposed conservatee is an "absentee" as defined in Section 1751.5, to the secretary concerned or to the head of the United States department or agency concerned, as the case may be, at least 15 days before such hearing date.

If the petition is filed by a person other than the proposed conservatee, the clerk shall issue a citation directed to the proposed conservatee setting forth the time and place of the hearing. The citation, and a copy of the petition, shall be served upon the proposed conservatee in the same manner provided for in Section 415.10 or 415.30 of the Code of Civil Procedure or in such manner as may be authorized by the court, at least 10 days before the time of the hearing. No such citation shall, however, be required if the proposed conservatee is an "absentee" as defined in Section 1751.5.

The proposed conservatee, if he is the petitioner, or if he is in the state at date of service and, if able to attend, shall be produced at the hearing, and, if not able to attend by reason of physical or other inability, such inability shall be established by the affidavit or certificate of a duly licensed medical practitioner, or if he is an

“absentee” as defined in Section 1751.5, by a certificate complying with Section 1283 of the Evidence Code, showing the determination of the secretary of the military department or the head of the department or agency concerned or his delegate, as the case may be, that the “absentee” is in missing status.

Whenever a notice to any officer or agency of this state or of the United States would be required upon a petition for the appointment of a guardian of an alleged incompetent person a like notice shall be given of a petition under this chapter. Any officer or agency of this state or of the United States, or the authorized delegate thereof, or any relative or friend of the proposed conservatee, or the proposed conservatee himself, may appear and oppose the petition.

SEC. 6. Section 1754.5 is added to the Probate Code, to read:

1754.5. If the proposed conservatee is an “absentee” as defined in Section 1751.5, the notice to the United States or its department, agency, or officer, required in Section 1754 or required in any other law, shall include the last known military rank or grade and the social security account number of the proposed conservatee, shall be accompanied by a complete copy of the petition and shall be delivered only by a method which would be sufficient for service of a summons in a civil action. The court shall not appoint the spouse of the absentee as conservator of the absentee unless the spouse alleges in the verified petition for the appointment of the conservator, and the court finds, that the spouse has not commenced any action or proceeding for judicial or legal separation, divorce, annulment, or adjudication of nullity, or dissolution of their marriage. An official written report or record complying with Section 1283 of the Evidence Code that a proposed conservatee is an absentee as defined in Section 1751.5 shall be received as evidence of such fact and the court shall not determine the status of the proposed conservatee inconsistent with the status determined as shown by such written report or record.

SEC. 7. Section 1755.5 is added to the Probate Code, to read:

1755.5. In the case of the conservatorship of an “absentee” as defined in Section 1751.5, the petition to terminate the conservatorship may also be filed by any party who is eligible under Section 1754 to oppose or be made a party to the petition for conservatorship. If the petition alleges and the court finds that the “absentee” has returned to the controllable jurisdiction of the military department or civilian department or agency concerned, or is deceased, as determined under 37 United States Code, Section 556 or 5 United States Code, Section 5566, as the case may be, the court shall order the conservatorship terminated. An official written report or record of such military department or civilian department or agency that the “absentee” has returned to such controllable jurisdiction or is deceased shall be received as evidence of such fact.

Termination does not preclude institution of new proceedings for appointment of a conservator for the person, estate, or person and estate of such former “absentee” for any other appropriate cause

specified in Section 1751.

SEC. 8. Chapter 2.5 (commencing with Section 1776) is added to Division 5 of the Probate Code, to read:

CHAPTER 2.5. PERSONAL PROPERTY OF ABSENTEES

1776. As used in this chapter:

(a) "Absentee" and "secretary concerned" shall have the same meaning as defined in Section 1751.5.

(b) "Eligible spouse" shall mean the spouse of an absentee, which spouse has not commenced any action or proceeding for judicial or legal separation, divorce, annulment, adjudication of nullity, or dissolution of the marriage of such spouse and the absentee.

(c) "Family of an absentee" shall mean an eligible spouse, if any, or if no eligible spouse, the child or children of an absentee, equally, or if no child or children, the parent or parents of an absentee, equally, and the conservator or guardian of the estate of any person bearing such relationship to the absentee.

1777. If the court finds that it will be in the best interest of an absentee, the court may set aside to the family of an absentee personal property of the absentee situated in California in which the absentee's interest therein does not exceed five thousand dollars (\$5,000), for the purpose of managing, controlling, encumbering, selling, or conveying, or otherwise engaging in any transaction with respect to such property.

1778. A verified petition showing that this chapter is applicable together with a prayer that not exceeding five thousand dollars (\$5,000) of the personal property of the absentee be set aside as provided in this chapter may be filed by any person in whose favor the estate of the absentee may be set aside or by any person to whom the absentee has issued a general power of attorney while serving in the armed forces of the United States or while an employee of any agency or department of the United States, which power of attorney was valid and effective at the time issued, whether or not the same has expired or terminated. Such verified petition shall include in its caption the last known military rank or grade and the social security account number of the absentee and shall contain a specific description and estimate of the value of all of the absentee's property, wherever situated (including all sums due the absentee from the United States), a designation of the property to be set aside, and facts establishing that setting aside such property is necessary and in the best interest of the absentee. If such property is to be set aside for the benefit of the spouse of the absentee, the verified petition shall allege, and the court shall find, that the spouse is an eligible spouse as defined in Section 1776. The petition shall set forth, so far as known to the petitioner, the names and residences of all persons comprising the family of the absentee, as defined in Section 1776, and shall contain an allegation whether a guardian or conservator of the estate of any member of the family of the absentee

has been appointed. There shall be attached to the petition a certificate complying with Section 1283 of the Evidence Code, showing the determination of the secretary of the military department or the head of the department or agency concerned or his delegate, as the case may be, that the absentee is in missing status. Such certificate shall be received as evidence of such fact and the court shall not determine the status of the absentee inconsistent with the status shown in such certificate.

1779. Upon filing of the petition, the court shall set the petition for hearing by the court. Notice of the nature of the proceedings and of the time and place of the hearing thereon, together with a copy thereof, shall be mailed by the petitioner to all persons comprising the family of the absentee, as defined in Section 1776, and shall be delivered by the same method specified in Section 1754.5 to the secretary concerned or to the head of the United States department or agency concerned, as the case may be, at least 15 days before such hearing date. Whenever a notice to any officer or agency of this state or of the United States would be required upon a petition for the appointment of a guardian of an alleged incompetent person, a like notice shall be given of the petition under this chapter. Any officer or agency of this state or the United States or the authorized delegate thereof, or any relative or friend of the absentee, may appear and oppose the petition.

1780. If, upon the hearing of the petition, the court finds that the allegations of the petition are true and correct, the court may set aside to the family of the absentee, in the order specified, personal property of the absentee situated in California (excluding any sums due the absentee from the United States) in which the absentee's interest therein does not exceed five thousand dollars (\$5,000). No bond shall be required of any person to whom property of the absentee has been set aside by the court pursuant to this chapter.

1781. If the court finds that the value of all of the absentee's property, wherever situated, exceeds five thousand dollars (\$5,000) or that the absentee owns or has any interest in real property, wherever situated, such finding shall not deprive the court of jurisdiction to set aside to the family of the absentee personal property of the absentee situated in California in which the absentee's interest therein does not exceed five thousand dollars (\$5,000) and the court shall set aside such personal property to the family of the absentee, in the order specified, if the court finds that all of the other provisions of this chapter have been complied with.

1782. For the purposes of this chapter, any property or interest therein or lien thereon which the absentee holds as joint tenant shall be included in determining the estate of the absentee and its value and may be set aside to the family of the absentee as specified herein; provided, however, that such joint tenancy interest may only be set aside to a member of the absentee's family who was a joint tenant with the absentee in such property.

1783. Within six months after the absentee has returned to the

controllable jurisdiction of the military department or civilian agency or department concerned, or within six months after the determination of death of the absentee by the secretary concerned or the head of the department or agency concerned or his delegate, as the case may be, the former absentee or the personal representative of the deceased absentee may, by motion in the same proceeding, require the person or persons to whom the property of the absentee was set aside to account for the property and the proceeds thereof, if any. The time of return to the controllable jurisdiction of the military department or civilian department or agency concerned or the determination of the time of death of the absentee, shall be determined in the manner provided in Section 1755.5. This section does not in any manner derogate the finality and conclusiveness of any order, judgment, or decree previously entered in the proceeding.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

A substantial number of citizens of this state, and others who own or possess property in this state, who have or will enter the military service, or other U.S. government service, have performed or may hereafter perform, such service in an area of hostilities in which the United States is, and has been, engaged. In the course of such service, many of such persons are now, or may hereafter be, in a missing status, as defined in U.S. Code Title 37, Chapter 10 or Title 5, Chapter 55, Subchapter VII; that is, declared by authority of those statutes to be missing; missing in action; interned in a foreign country; captured, beleaguered, or besieged by a hostile force; or detained in a foreign country against their will. With particular reference to persons in missing status by reason of hostilities in southeast Asia: more of them are from California and more of their spouses and families live in California than any other state. The number of them from California, and the number of their spouses and families who live in California, are each larger in proportion to the respective total number than the population of California is as a proportion of the total population of the United States.

Such missing status is causing immediate prejudice to the estates of such missing persons, and difficulty and hardship to their families by their inability to consummate transactions, such as to sell property, withdraw funds, cash checks, transfer securities and the like, upon which the families are dependent. The provisions and amendments hereby enacted must be effective immediately and without delay in order to avoid such immediate prejudice, hardship, and difficulty.

For these reasons this act is declared to be an emergency measure necessary for the immediate preservation of the public peace, health and safety and shall go into immediate effect.

SEC. 10. This act shall be known as the P.O.W.-M.I.A. Family Relief Act of 1972.

CHAPTER 989

An act relating to law enforcement, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 16, 1972. Filed with Secretary of State August 16, 1972]

The people of the State of California do enact as follows:

SECTION 1. There is hereby appropriated from the General Fund the sum of seventy-six thousand five hundred dollars (\$76,500) to the Regents of the University of California to be expended to provide police foot patrol in Isla Vista in that county by the University of California Police Department.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

A portion of the present source of funding for police foot patrol in Isla Vista, near the University of California at Santa Barbara, will terminate on July 1, 1972. The remaining source of funds for such purpose will terminate in December 1972. In order that the funds appropriated by this act will become available as soon as possible, it is necessary that this act take effect immediately.

SEC. 3. Nothing in this act shall be construed to extend the law enforcement responsibility of the University of California to the Isla Vista area beyond voluntary participation in financing and providing such services as expressly provided in this act.

CHAPTER 990

An act to add Chapter 11 (commencing with Section 190) to Division 1 of the Probate Code, and to repeal Sections 13409 and 15209 of, and add Sections 13409 and 15209 to, the Revenue and Taxation Code, relating to disclaimers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 16, 1972 Filed with Secretary of State August 16, 1972]

The people of the State of California do enact as follows:

SECTION 1. Chapter 11 (commencing with Section 190) is added to Division 1 of the Probate Code, to read:

CHAPTER 11. DISCLAIMER OF TESTAMENTARY
AND OTHER INTERESTS

190. As used in this chapter, unless otherwise clearly required by the context:

(a) "Beneficiary" means and includes any person entitled, but for his disclaimer, to take an interest (1) by intestate succession, (2) by devise, (3) by legacy or bequest, (4) by succession to a disclaimed interest, (5) by virtue of an election to take against a will, (6) as beneficiary of a testamentary trust, (7) pursuant to the exercise or nonexercise of a power of appointment, (8) as donee of any power of appointment, or (9) as beneficiary of an inter vivos gift, whether outright or in trust;

(b) "Interest" means and includes the whole of any property, real or personal, legal or equitable, or any fractional part, share or particular portion or specific assets thereof, or any estate in any such property, or power to appoint, consume, apply or expend property, or any other right, power, privilege or immunity relating thereto;

(c) "Disclaimer" means a written instrument which declines, refuses, renounces or disclaims any interest which would otherwise be succeeded to by a beneficiary;

(d) "Disclaimant" means a person who executes a disclaimer on his own behalf or on behalf of another.

190.1. A beneficiary may disclaim any interest, in whole or in part, by filing a disclaimer as provided in this chapter. The disclaimer shall (i) identify the decedent or donor, (ii) describe the property or part thereof or interest therein disclaimed, (iii) declare the disclaimer and the extent thereof, and (iv) be signed by the disclaimant.

190.2. A disclaimer on behalf of an infant, incompetent, conservatee or decedent shall be made by the guardian of the estate of the infant, the guardian of the estate of the incompetent, the conservator of the estate of the conservatee, or the personal representative of the decedent.

190.3. A disclaimer to be effective shall be filed within a reasonable time after the person able to disclaim acquires knowledge of the interest.

(a) Except as otherwise provided in subsection (c), a disclaimer shall be conclusively presumed to have been filed within a reasonable time if filed as follows:

(1) In case of interests created by will, within nine months after the death of the person creating the interest. Interests resulting from the exercise or nonexercise of a testamentary power of appointment shall be deemed created by the donee of the power for purposes of this chapter.

(2) In case of interests arising from intestate succession, within

nine months after the death of the person dying intestate.

(3) In case of interests created by inter vivos trusts, within nine months after the interest becomes indefeasibly fixed. Interests resulting from the exercise or nonexercise of a nontestamentary power of appointment shall be deemed created by the donee of the power for purposes of this chapter.

(4) In other cases, within nine months after the first knowledge of the interest is obtained by a person able to disclaim.

(b) If the disclaimer is not filed within the time set forth in subsection (a), the disclaimant shall have the burden to establish the disclaimer was filed within a reasonable time after he acquired knowledge of the interest.

(c) A disclaimer shall be conclusively presumed not to have been filed within a reasonable time after the person able to disclaim acquired knowledge of the interest if:

(1) An interest in the property which is in whole or in part sought to be disclaimed has been acquired by a purchaser or encumbrancer for value subsequent to or concurrently with the creation of the interest sought to be disclaimed and prior to such disclaimer, and

(2) One year has elapsed from the death of the person dying intestate or creating by will the interest sought to be disclaimed, or from the date of the transfer by inter vivos gift, whether outright or in trust.

190.4. The disclaimer shall be filed as follows:

(a) In case of interests created by will or arising from intestate succession, with the superior court in the county in which the estate of the decedent is administered; if there is no administration, with the superior court in the county in which administration would be proper.

(b) In case of interests created by an inter vivos trust, with the trustee then acting.

(c) In other cases, with the person creating the interest.

Disclaimers made pursuant to this chapter which affect real property or obligations secured by real property shall be acknowledged and proved, and may be certified and recorded, in like manner and with like effect as grants of real property, and all statutory provisions relating to the recordation or nonrecordation of conveyances of real property and to the effect thereof shall apply to such disclaimers with like effect, without regard to the date when the disclaimer was filed, if at all, pursuant to subdivisions (a) through (c) of this section. Failure to so file a disclaimer which is recorded pursuant to this section shall not affect the validity of any transaction with respect to such real property or obligation secured thereby, and the general laws of this state on recording and its effect shall govern any such transaction.

190.5. A disclaimer, when effective, shall be binding upon the beneficiary and all persons claiming by, through or under him. A person who, under this chapter, could file a disclaimer, may instead file a written waiver of a right to disclaim and such waiver, when

filed, shall be binding upon the beneficiary and all persons claiming by, through or under him.

190.6. Unless otherwise provided in the will, inter vivos trust, exercise of the power of appointment, or other written instrument creating or finally determining, an interest, the interest disclaimed and any future interest which is to take effect in possession or enjoyment at or after the termination of the interest disclaimed, shall descend, go, be distributed or continued to be held as if the beneficiary disclaiming had predeceased the person creating the interest. In every case, the disclaimer shall relate back for all purposes to the date of the creation of the interest.

190.7. A disclaimer may not be made after the beneficiary has accepted the interest to be disclaimed. An acceptance does not preclude a beneficiary from thereafter disclaiming all or part of any interest to which he became entitled because another person disclaimed an interest and of which interest the beneficiary or person able to disclaim on his behalf had no knowledge. For the purposes of this chapter, if a disclaimer has not theretofore been filed, a beneficiary has accepted an interest if he, or someone acting on his behalf, (1) makes a voluntary assignment or transfer of, or contract to assign or transfer, the interest or part thereof, or (2) executes a written waiver of the right to disclaim the interest, or (3) sells or otherwise disposes of the interest or any part thereof pursuant to judicial process.

190.8. The right to disclaim shall exist irrespective of any limitation imposed on the interest of a beneficiary in the nature of an expressed or implied spendthrift provision or similar restriction.

190.9. Any interest created prior to the effective date of this chapter which has not been accepted, may be disclaimed after the effective date of this chapter in the manner provided herein; provided, however, that no interest which has arisen prior to the effective date of this chapter in any person other than the beneficiary, shall be destroyed or diminished by any action of the disclaimant taken pursuant to this chapter.

190.10. This chapter shall not limit or abridge the presently existing rights of any person to assign, convey, release or disclaim any property or interest therein.

SEC. 2. Section 13409 of the Revenue and Taxation Code is repealed.

SEC. 3. Section 13409 is added to the Revenue and Taxation Code, to read:

13409. Transfers of any interest in real or personal property and all rights and powers relating to the same which have been duly disclaimed pursuant to the provisions of Chapter 11 (commencing with Section 190) of Division 1 of the Probate Code or in any other valid manner, shall be subject to the inheritance tax only if, and to the same extent and in the same manner as, the same would have been subject to such tax if such interest, rights and powers had been originally created in favor of and transferred to the same persons and

in the same shares in which they are effectively distributed or otherwise disposed of, after giving full effect to such disclaimers pursuant to the governing instrument, if any, and Chapter 11 (commencing with Section 190) of Division 1 of the Probate Code and all other applicable law.

SEC. 4. Section 15209 of the Revenue and Taxation Code is repealed.

SEC. 5. Section 15209 is added to the Revenue and Taxation Code, to read:

15209. A disclaimer of an interest in real or personal property or of rights or powers relating to the same pursuant to the provisions of Chapter 11 (commencing with Section 190) of Division 1 of the Probate Code, or in any valid manner, shall not be deemed to constitute a gift by the person so disclaiming for purposes of the gift tax imposed by Section 15201.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There is a question in the application of state law in the area of disclaimers, which is not in conformity with federal law in relation to the taxation of disclaimers. The immediate effectiveness of this act will establish conformity, and will allow estate planning to proceed without confusion and possible litigation. In order to avoid this confusion and possible litigation and to reestablish certainty in the law, it is necessary that this act go into immediate effect.

calendar week. If a governing board establishes a workday of less than eight hours but seven hours or more and a workweek of less than 40 hours but 35 hours or more for all of its classified positions or for certain classes of classified positions, all time worked in excess of the established workday and workweek shall be deemed to be overtime. The foregoing provisions do not apply to classified positions for which a workday of fewer than seven hours and a workweek of fewer than 35 hours has been established, nor to positions for which a workday of eight hours and a workweek of 40 hours has been established, but in which positions employees are temporarily assigned to work fewer than eight hours per day or 40 hours per week when such reduction in hours is necessary to avoid layoffs for lack of work or lack of funds and the consent of the majority of affected employees to such reduction in hours has been first obtained.

For the purpose of computing the number of hours worked, time during which an employee is excused from work because of holidays, sick leave, vacation, compensating time off, or other paid leave of absence shall be considered as time worked by the employee.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 5 (commencing with Section 13701) of this chapter.

SEC. 2. Section 13590.5 is added to the Education Code, to read:

13590.5. Notwithstanding the provisions of Section 13590.1, the workweek shall consist of not more than five consecutive working days for any employee having an average workday of four hours or more during the workweek. Such an employee shall be compensated for any work required to be performed on the sixth or seventh day following the commencement of the workweek at a rate equal to $1\frac{1}{2}$ times the regular rate of pay of the employee designated and authorized to perform the work.

An employee having an average workday of less than four hours during a workweek shall, for any work required to be performed on the seventh day following the commencement of his workweek, be compensated for at a rate equal to $1\frac{1}{2}$ times the regular rate of pay of the employee designated and authorized to perform the work.

Positions and employees excluded from overtime compensation pursuant to Section 13590.4 shall likewise be excluded from the provisions of this section.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 5 (commencing with Section 13701) of this chapter.

SEC. 3. Section 13590.6 is added to the Education Code, to read:

13590.6. Notwithstanding the provisions of Section 13590.5, a governing board of a district may establish a 10-hour-per-day, 40-hour, four-consecutive-day workweek for all, or certain classes of its employees, or for employees within a class when, by reason of the work location and duties actually performed by such employees, their services are not required for a workweek of five consecutive

days, provided the establishment of such a workweek has the concurrence of the concerned employee, class of employees, or classes of employees as ascertained through the employee organization representing a majority of the concerned employees or class, or classes, of employees, as determined by the payroll deduction authorizations for dues in classified employee organizations on file with the district on the last day of the month next preceding the date the board action was taken.

Where a board has previously established the workweek of not less than 35 hours, it may require the established workweek to be performed in four consecutive days by any class or classes of employees or by employees within a class, when by reason of the work location and duties actually performed by such employees their services are not required for a workweek of five consecutive days, with the concurrence of employee personnel as provided herein.

When a four-day workweek is established, the overtime rate shall be paid for all hours worked in excess of the required workday, which shall not exceed 10 hours. Work performed on the fifth, sixth and seventh days shall be compensated for at a rate equal to 1½ times the regular rate of pay of the employee designated and authorized to perform the work.

An employee working an average workday of five hours or less during a workweek shall, for any work required to be performed on the sixth or seventh day following the commencement of his workweek, be compensated for at a rate equal to 1½ times the regular rate of pay of the employee designated and authorized to perform the work.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 5 (commencing with Section 13701) of this chapter.

CHAPTER 994

An act to amend Section 6426 of the Education Code, relating to mentally gifted minors, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 16, 1972. Filed with
Secretary of State August 16, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 6426 of the Education Code, as amended by Chapter 868 of the Statutes of 1971, is amended to read:

6426. The Superintendent of Public Instruction, if he approves, shall apportion to each applicant school district or county superintendent of schools an amount equal to the following:

Fiscal year	Amount per pupil participating in program for one school year
1972-1973.....	\$70
1973-1974.....	80
1974-1975.....	90
1975-1976 and fiscal years thereafter.....	100

The amount per pupil participating for one semester is one-half of the amount prescribed above for one year's participation.

The Superintendent of Public Instruction, if he approves, shall also apportion to each applicant school district or county superintendent of schools an amount equal to fifty dollars (\$50) for each pupil identified as a mentally gifted minor.

Apportionments made during a fiscal year pursuant to this section shall not be made on account of more than 3 percent of the units of average daily attendance of pupils during the preceding fiscal year credited to all kindergartens and grades 1 through 12 in all of the schools and classes maintained by school districts and county superintendents of schools.

Each applicant school district or county superintendent of schools shall report to the Superintendent of Public Instruction as a part of the annual financial report the total income, including the amount apportioned for special programs and services for mentally gifted pupils during the year, the total number of such pupils participating in special programs or services, and the amount per special program or service expended for them. If the Superintendent of Public Instruction finds that the amount of state funds allocated are in excess of the expenditures, such excess shall be withheld pursuant to the provisions of Section 17414.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit the revised allowances prescribed by this act to be operative for the 1972-1973 fiscal year, and so effectuate the intent of the Legislature, it is necessary that this act take effect immediately.

CHAPTER 995

An act to add Section 228 to the Revenue and Taxation Code, relating to property tax exemption.

[Approved by Governor August 16, 1972. Filed with
Secretary of State August 16, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 228 is added to the Revenue and Taxation Code, to read:

228. (a) A vessel with a market value of four hundred dollars (\$400) or less shall be free from taxation. This section shall only apply to vessels used or held for noncommercial purposes and shall not apply to lifeboats or other vessels used in conjunction with operations of vessels with a market value of more than four hundred dollars (\$400). This section shall not apply to any vessel on which an exemption is claimed under Section 210 and shall not apply to more than one vessel owned, claimed, possessed, or controlled by an assessee on the lien date.

(b) For purposes of this section, "vessel" includes every description of watercraft used or capable of being used as a means of transportation on water, except vessels described in paragraphs (1) and (2) of subdivision (c) of Section 651 of the Harbors and Navigation Code.

(c) For purposes of this section, "vessel" includes all equipment, including mode of power, and furnishings that are normally required aboard the vessel during the accomplishment of the functions for which the vessel is being utilized.

SEC. 2. The provisions of this act shall become operative on the lien date in 1973.

CHAPTER 996

An act to amend Section 25001.3 of the Government Code, relating to supervisorial districts.

[Approved by Governor August 16, 1972. Filed with Secretary of State August 16, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 25001.3 of the Government Code is amended to read:

25001.3. At any time between the decennial adjustments of district boundaries, the board may cause a census of the county to be taken as provided in Section 26203, and may adjust the boundaries of the supervisorial districts on the basis of that census, or on the basis of population estimates prepared by the State Department of Finance or the county planning department or planning commission, pursuant to Section 25001. In the event any such census or report for Alameda County prior to December 1, 1976, shows that the population of the districts in such county is not as nearly equal as may be, the board shall, prior to December 31, 1976, adjust the boundaries of the districts pursuant to Section 25001.

SEC. 2. Section 1 of this act is necessary since special facts and circumstances applicable to supervisorial districts in Alameda

County in the decade 1970–1980, and not generally applicable, make the accomplishment of this purpose impossible by any general law. Special legislation applicable to Alameda County only is therefore necessary in such decade. The special facts, resulting in the expectation of unique and rapid shifts in population in Alameda County, are as follows:

(1) The southward or suburban migration from the core city area, which has been caused by the construction of a new network of freeways, will become exaggerated when the Bay Area Rapid Transit district opens service to the south county.

(2) There is a distinct lack of land for new construction in the north county area, hence a dramatic population shift as can be found in the Oakland-Emeryville area, where Emeryville was forced to fill a section of the bay in order to find more land for housing development.

(3) There is a steadily increasing concentration of institutional facilities such as schools, dormitories, convalescent homes, homes for the aged in the north county area.

(4) Much north county housing has been removed for public projects such as expansion of hospital facilities in the core city area, rapid transit right-of-way acquisition, and freeway acquisition.

(5) The trend toward off-campus housing of students has forced a speedup in the migration of families from the university or north county area to the south county area. As a result, one or two persons will replace a family of five which moves to the suburbs. As the population continues to shift southward at an ever increasing pace, new industry tends to develop. Therefore, it is expected that the accelerated migration will continue as more jobs become available in the south areas where the families with children are settling.

(6) South county supervisors not only will be representing a disproportionate number of persons as this migration continues, but will have a continued larger area of land to represent. This situation will be underscored by the demand for more open-space land, all of which now lies in the south county area.

CHAPTER 997

An act to add Sections 31621.11 and 31639.26 to the Government Code, relating to the County Employees Retirement Law of 1937.

[Approved by Governor August 16, 1972. Filed with Secretary of State August 16, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 31621.11 is added to the Government Code, to read:

31621.11. Instead of the normal rates of contribution required by

Section 31621, 31621.1, or 31621.2 the board may, upon actuarial advice, establish a single rate of contributions applicable to all members. However, this rate shall be such as to provide the average annuity described in Section 31621, 31621.1, or 31621.2 and it shall not supersede any smaller rate for any person who is a member on the date this section is made operative in any county.

SEC. 2. Section 31639.26 is added to the Government Code, to read:

31639.26. Instead of the normal rates of contribution required by Section 31639.25 the board may, upon actuarial advice, establish a single rate of contributions applicable to all members. However, this rate shall be such as to provide the average annuity described in Section 31639.25 and it shall not supersede any smaller rate for any person who is a member on the date this section is made operative in any county.

CHAPTER 998

An act to amend Section 3500 of the Government Code, relating to public employer-employee relations.

[Approved by Governor August 16, 1972. Filed with Secretary of State August 16, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 3500 of the Government Code is amended to read:

3500. It is the purpose of this chapter to promote full communication between public employers and their employees by providing a reasonable method of resolving disputes regarding wages, hours, and other terms and conditions of employment between public employers and public employee organizations. It is also the purpose of this chapter to promote the improvement of personnel management and employer-employee relations within the various public agencies in the State of California by providing a uniform basis for recognizing the right of public employees to join organizations of their own choice and be represented by such organizations in their employment relationships with public agencies. Nothing contained herein shall be deemed to supersede the provisions of existing state law and the charters, ordinances, and rules of local public agencies which establish and regulate a merit or civil service system or which provide for other methods of administering employer-employee relations nor is it intended that this chapter be binding upon those public agencies which provide procedures for the administration of employer-employee relations in accordance with the provisions of this chapter. This chapter is intended, instead, to strengthen merit, civil service and other

methods of administering employer-employee relations through the establishment of uniform and orderly methods of communication between employees and the public agencies by which they are employed.

SEC. 2. The provisions of this act shall not become operative if Senate Bill No. 1440 of the 1972 Regular Session of the Legislature is enacted and becomes effective.

CHAPTER 999

The people of the State of California do enact as follows:

SECTION 1. Section 12002.1 of the Financial Code is amended to read:

12002.1. A prorater is a person who, for compensation, engages in whole or in part in the business of receiving money or evidences thereof for the purpose of distributing the money or evidences thereof among creditors in payment or partial payment of the obligations of the debtor.

SEC. 2. Section 12314 of the Financial Code is amended to read:

Recurring obligations shall be defined for the purpose of this section as follows: current rent payments, current utility payments, current telephone bills, current alimony payments, current monthly insurance premium payments, and payments made on obligations which are secured by a first mortgage or first deed of trust on real property.

(a) Notwithstanding the provisions of Section 12315, upon compliance with the provisions of Sections 12315.1, and 12320, an origination fee of a sum not to exceed fifty dollars (\$50) may be charged;

(b) A fee not to exceed four dollars (\$4) per disbursement on recurring obligations, consisting of current rent payments or obligations which are secured by a first mortgage or first trust deed on real property, may be charged.

(c) A fee not to exceed one dollar (\$1) on other recurring

The notification shall include a notice as to the proposed monthly payment to be made to the creditor. Every contract between a prorater and a debtor shall list every debt to be prorated with the creditor's name, and disclose the total of all such debts.

SEC. 5. Section 12331 of the Financial Code is repealed.

SEC. 6. Section 12331 is added to the Financial Code, to read:

12331. Secretary of State August 16, 1972]

The people of the State of California do enact as follows:

The transfer application shall be accompanied by a description of the

The licensee and intended transferee shall also enter into an agreement, which agreement shall be deposited with the escrow holder, directing the escrow holder, after the requirements for transfer as provided in Section 24049 are satisfied, to pay out of the purchase price or consideration, the claims of the bona fide creditors of the licensee who file their claims with the escrow holder before the escrow holder is notified by the department of its approval of the transfer of the license or if the purchase price or consideration is not sufficient to pay the claims in full, to distribute the consideration as follows:

First, to the payment of claims for wages, salaries, or fringe benefits of employees of the seller or transferor earned or accruing prior to the sale, transfer, or opening of an escrow for the sale thereof;

Second, to the payment of claims of secured creditors to the extent of the proceeds which arise from the sale of the security;

Third, to the United States for claims based on income or withholding taxes; and thereafter for claims based on any tax other than taxes specified in Section 24049;

Fourth, to the payment of claims on mechanics' liens;

Fifth, to the payment of escrow fees and the payment of claims for prevailing brokerage fees for services rendered and claims for reasonable attorney's fees for services rendered;

Sixth, to the payment of claims for goods sold and delivered to the transferor for resale at his licensed premises and the payment of claims for services rendered, performed, or supplied in connection with the operation of the licensed business.

Seventh, to the payment of all other claims. The payment of these claims if sufficient assets are not available for the payment of the claim in full shall be paid pro rata.

If the transferor licensee disputes any claim, the escrow holder shall notify the claimant, and the amount or pro rata amount thereof shall be retained by the escrow holder for a period of 25 days, and if not attached shall be paid to the transferor licensee. The agreement shall also provide that the escrow holder shall make the payment or distribution within a reasonable time after the completion of the transfer of the license.

SEC. 2. Section 24074 of the Business and Professions Code is amended to read:

24074. Before the filing of such a transfer application with the department, if the intended transfer of the business or license involves a purchase price or consideration, the licensee and the intended transferee shall establish an escrow with some person, corporation, or association not a party to the transfer acting as escrow holder, and the intended transferee shall deposit with the escrow holder the full amount of the purchase price or consideration. The transfer application shall be accompanied by a description of the entire consideration. Such description shall include a designation of

cash, checks, promissory notes, and tangible and intangible property, and the amount of each thereof. The licensee and intended transferee shall also enter into an agreement, which agreement shall be deposited with the escrow holder, directing the escrow holder, after the requirements for transfer as provided in Section 24049 are satisfied, to pay out of the purchase price or consideration, the claims of the bona fide creditors of the licensee who file their claims with the escrow holder before the escrow holder is notified by the department of its approval of the transfer of the license or if the purchase price or consideration is not sufficient to pay the claims in full, to distribute the consideration as follows:

First, to the payment of claims for wages, salaries, or fringe benefits of employees of the seller or transferor earned or accruing prior to the sale, transfer, or opening of an escrow for the sale thereof;

Sixth, to the payment of claims for goods sold and delivered to the transferor for resale at his licensed premises and the payment of claims for services rendered, performed, or supplied in connection with the operation of the licensed business.

Seventh, to the payment of all other claims. The payment of these claims if sufficient assets are not available for the payment of the claim in full shall be paid pro rata.

If the transferor licensee disputes any claim he shall present to the escrow holder a statement under oath giving the reason for the dispute. The escrow holder shall promptly mail a copy of the statement of dispute to the claimant, and shall retain the claimant's share of the escrow fund for a period of 30 days from the date of mailing of said statement of dispute. If the claimant, within said period, shall file suit on his claim against the transferor licensee, verifying the complaint, and either cause a writ of attachment to be levied on the escrow holder or furnish the latter with a certified copy of the complaint, then the escrow holder shall retain the claimant's share of the escrow fund until the dispute is adjudicated or settled. If claimant fails to take such action, then his share of the escrow fund shall be distributed to other claimants in accordance with this section, or if they are fully satisfied, to the transferor licensee.

Such term shall include all such remuneration paid on and after January 1, 1970.

(c) "State base period" means the period of the last four complete consecutive calendar quarters, and any subsequent complete and partial calendar month or months, immediately preceding the effective date of a new claim for unemployment compensation benefits by a state employee.

(d) "Base period" means the base period defined by Section 1275.

SEC. 4. Section 1474 of the Unemployment Insurance Code is amended to read:

1474. State wages shall be included as wages for the purposes of this part in the base period of a state employee.

SEC. 5. Section 1475 of the Unemployment Insurance Code is amended and renumbered to read:

1476. (a) In lieu of the contributions required of employers, the State of California shall pay into the Unemployment Fund in the State Treasury at the times and in the manner provided in subdivision (b), an amount equal to the additional cost to the Unemployment Fund of the benefits (including extended duration benefits and federal-state extended benefits) paid based on base period state wages with respect to employment of state employees. Benefits otherwise payable, irrespective of this chapter, shall be charged to employers' reserve accounts in accordance with other sections of this part and shall be the liability of governmental entities or nonprofit organizations pursuant to Section 803, but the additional cost to the Unemployment Fund of the benefits paid based on base period state wages pursuant to this chapter shall be borne solely by the State of California.

(b) In making the payments prescribed by subdivision (a), there shall be paid or credited to the Unemployment Fund, either in advance or by way of reimbursement, as may be determined by the director, such sums as he estimates the Unemployment Fund will be entitled to receive from the State of California for each calendar quarter, reduced or increased by any sum by which he finds that his estimates for any prior calendar quarter were greater or less than the amounts which should have been paid to the fund. Such estimates may be made upon the basis of statistical sampling, or other method as may be determined by the director.

Upon making such determination, the director shall certify to the State Controller or other responsible disbursing officer the amount determined with respect to the State of California. The State Controller or other responsible disbursing officer shall pay to the Unemployment Fund the contributions due from the State of California. The director shall charge to any special fund not funded by any budget act or other state appropriation, which is responsible for the salary of any employee, the amount of additional cost to the Unemployment Fund of the benefits paid with respect to that state employee.

(c) The director may require from each employing unit subject to this chapter employment, wage, financial, statistical, or other information and reports, properly verified, as may be deemed necessary by the director to carry out his duties under this chapter, which shall be filed with the director at the time and in the manner prescribed by him. Each employing unit subject to this chapter shall promptly supply the director, upon his request, with a copy of the written notice specified by subdivision (a) of Section 1473.

(d) The director may tabulate and publish information obtained pursuant to this chapter in statistical form and may divulge the name of the employing unit.

(e) Each employing unit shall keep such work records as may be prescribed by the director for the proper administration of this chapter.

(f) Notwithstanding any other provision of this section, the State of California shall not be liable for that portion of any extended duration benefits or federal-state extended benefits which is reimbursed or reimbursable by the federal government to the State of California.

SEC. 6. Section 1475 is added to the Unemployment Insurance Code, to read:

1475. If the inclusion of state wages and wages in employment paid during the base period of a state employee does not result in a claim for a maximum benefit amount and a maximum weekly benefit amount under this part, the claim shall be recomputed on the basis of state wages paid to or owing but unpaid to the state employee during his state base period and wages in employment paid to him during that portion of his base period that is included in his state base period. He shall be entitled to an award for his claim for the higher

of the benefit amounts so computed.

SEC. 7. Section 1476 of the Unemployment Insurance Code is amended and renumbered to read:

1477. (a) Sections 1472 and 1475 and subdivision (a) of Section 1473 shall not apply with respect to service included in "employment" pursuant to Section 605.1 or 710.5, nor shall such provisions apply to any new claim for benefits filed with an effective date beginning on or after January 1, 1972, which includes in the base period or state base period any state wages paid with respect to such service.

(b) Subdivision (b) of Section 1473 shall not apply to service performed by any employee who has not been employed full time for the previous six consecutive months by the Regents of the University of California or the Trustees of the California State University and Colleges, and whose service is included in "employment" pursuant to Section 605.1 or 710.5.

(c) Notwithstanding any other provision of this division, this chapter shall not apply to service excluded from "employment" by Section 634.5, unless an election has been made pursuant to Section 710.5 to include such service in "employment."

SEC. 8. The provisions of Section 1474 of the Unemployment Insurance Code as amended by this act shall be operative only with respect to payments made on and after March 4, 1972.

SEC. 9. It is the intent of the Legislature that this act shall take immediate effect regardless of whether Chapter 1815 of the Statutes of 1971 becomes effective pursuant to Section 5 of such Chapter 1815.

SEC. 10. It is the intent of the Legislature that this bill shall be given effect and shall be operative except as provided by this section. It is the intent of the Legislature that if both this bill and Assembly Bill No. 1140 are chaptered, and this bill and Assembly Bill No. 1140 amend Section 1473 of the Unemployment Insurance Code, and this bill amends and rennumbers Section 1475 of the Unemployment Insurance Code and Assembly Bill No. 1140 repeals and adds Section 1475 of the Unemployment Insurance Code, that the provisions of both bills be given effect as follows:

(a) If this bill is chaptered after Assembly Bill No. 1140 is chaptered, the changes in Sections 1473 and 1475 of the Unemployment Insurance Code made by both bills shall be given effect and incorporated in Sections 1473 and 1476 of such code in the form set forth in Sections 3 and 5, respectively, of this bill.

(b) If this bill is chaptered before Assembly Bill No. 1140 is chaptered, the changes made in Sections 1473 and 1475 of the Unemployment Insurance Code by Sections 3 and 5, respectively, of this bill shall become inoperative upon the effective date of Assembly Bill No. 1140.

SEC. 11. There is hereby appropriated from the General Fund to the Department of Human Resources Development the sum of one hundred twenty-five thousand dollars (\$125,000) for the purposes of this act.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Layoffs in state institutions of higher education are imminent. The lack of unemployment benefits for state higher education employees is detrimental to morale, causes a deterioration in the quality and quantity of services, and is a deterrent to the recruitment of qualified candidates for employment. Unless there is prompt adjustment of this serious inequity this area of public service will suffer serious and irreparable harm.

CHAPTER 1004

An act to amend Section 1825 of the Welfare and Institutions Code, relating to the Department of the Youth Authority, and making an appropriation therefor.

[Approved by Governor August 17, 1972. Filed with
Secretary of State August 17, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 1825 of the Welfare and Institutions Code is amended to read:

1825. (a) No county shall be entitled to receive any state funds provided by this article until its application is approved and unless and until the minimum standards prescribed by the Department of the Youth Authority are complied with and then only on such terms as are set forth hereafter in this section.

(b) A commitment rate for each county and for the state as a whole shall be calculated by the Department of the Youth Authority by computing the ratio of new commitments to state and county population, expressed in a rate per 100,000 population, for each of the calendar years 1959 through 1963. The average of these rates for a county for the five-year period or the average of the last two years of the period, whichever is higher, shall be the base rate for that county, however, if the base rate is lower than 40 commitments per 100,000 population, the rate shall be established at 40, and if the rate is higher than 100, the rate shall be established at 100. The number of commitments shall be the total of the new commitments to the custody of the Director of the Youth Authority and the new criminal commitments to the custody of the Director of Corrections, as certified by the respective departments. The county and state population shall be that certified by the Department of Finance to the Controller as of July 1 of each year. Persons committed to the Department of Corrections and subsequently discharged under Section 1168 of the Penal Code and persons committed to the

Department of Corrections or the Department of the Youth Authority for diagnostic study only pursuant to Section 1203.03 of the Penal Code or Section 704 or 1752.1 of the Welfare and Institutions Code, shall not be counted as having been committed for purposes of determining commitment rates under this subdivision or subdivision (c).

(c) An annual commitment rate shall be calculated at the end of each fiscal year for each participating county and for the state as a whole in a like manner to that described in subdivision (b) using the population figure of the July 1 included in the year.

(d) The maximum amount that may be paid to a county pursuant to this article is determined by obtaining the interpolated dollar amount in the table in this subdivision for such county's base commitment rate and its percentage decrease, interpolated to the nearest one-tenth of 1 percent, in rate of commitment and multiplying the appropriate dollar amount by the "commitment reduction number." The "commitment reduction number" is obtained by subtracting (1) the most recent annual commitment number from (2) the product of the base commitment rate and population of the county for the same year employed in (1). The Director of the Youth Authority, with the approval of the Director of Finance may annually adjust the dollar amounts in the ensuing table, beginning with the 1973-1974 fiscal year, to reflect changes in the Consumer Price Index established by the U.S. Department of Labor and given a weighted average for California by the California Department of Industrial Relations. The first adjustment shall use the December 1971 index as the base. Payments per uncommitted case shall in any event not exceed the average annual per capita cost of maintaining wards in Youth Authority institutions.

(e) The state will reimburse the county upon presentation of a valid claim based on actual performance in reducing the commitment rate from its base rate. Whenever a claim made by a county, pursuant to this article, covering a prior fiscal year, is found to be in error, adjustment may be made on a current claim without the necessity of applying the adjustment to the allocation for the prior year.

(f) If the amount received by a county in reimbursement of its expenditures in a fiscal year is less than the maximum amount computed under subdivision (d), the difference may be used in the next two succeeding fiscal years and may be paid to the county in quarterly installments during such fiscal years upon preparation of valid claims for reimbursement of its quarterly expenses.

(g) In the event a participating county earns less than the sum paid in the previous year because of extremely unusual circumstances claimed by the county and verified by the Director of the Youth Authority with the approval of the Director of Finance, the Director of the Youth Authority may pay to the county a sum equal to the prior year's payment, provided, however, that in subsequent years the county will be paid only the amount earned.

(h) Funds obtained under this article shall not be used to support existing programs or develop or expand new programs in juvenile homes, ranches, or camps established under Article 15 (commencing with Section 880) of Chapter 2 of Part 1 of Division 2 of this code.

(i) Counties where the average number of commitments in the base period as established by subdivision (b) is less than 30 may elect either to comply with the procedure set out above or, as an alternative, to receive from the state 90 percent of the salary of one full-time additional probation officer or, in the event there are fewer than 20 persons placed on probation annually otherwise eligible for commitment to state institutions, the county would be entitled to 90 percent of the salary of a half-time officer. In the event a county

chooses the alternative proposal, it will be eligible for reimbursement only so long as the officer devotes all of his time in the performance of probation services to supervision of persons eligible for state commitment and persons participating in special supervision programs and (1) if its base rate is below the state average, it does not on an annual basis exceed the base state rate, or (2) if its base rate is above the state average, it does not in the year exceed by 5 percent its own base rate.

(j) As a supplement to earnings received by counties pursuant to subdivision (d), a sum of two million dollars (\$2,000,000) is hereby appropriated for the 1972-1973 fiscal year. This sum shall be distributed by the Director of the Youth Authority through the allocation to each participating county of an amount not to exceed 10 percent of the counties' earnings generated in the 1971-1972 fiscal year. This special allocation may be used, notwithstanding the provisions of Section 1821 or any other section of this article, for the diagnosis, control, or treatment of offenders or alleged offenders by local law enforcement agencies in the county, subject to standards, rules, and regulations established by the Director of the Youth Authority.

In addition, one hundred fifty thousand dollars (\$150,000) is hereby appropriated for the 1972-1973 fiscal year to reimburse each participating county for carrying out program evaluation studies specified by the Director of the Youth Authority. Each county participating in these studies shall be required to enter into a contractual agreement with the state. Such agreement shall specify the maximum amount each county shall be reimbursed.

No county shall share in any additional funds appropriated by this subdivision unless it enters into an agreement with the state to provide such evaluation or is granted an exemption by the Youth Authority.

The provisions of this subdivision shall be terminated on June 30, 1974.

(k) A review of this article shall be made by the Director of the Youth Authority and a report made to the 1974 Legislature by the fifth day of the 1974 Regular Legislative Session.

SEC. 2. Section 1825 of the Welfare and Institutions Code is amended to read:

1825. (a) No county shall be entitled to receive any state funds provided by this article until its application is approved and unless and until the minimum standards prescribed by the Department of the Youth Authority are complied with and then only on such terms as are set forth hereafter in this section.

(b) A commitment rate for each county and for the state as a whole shall be calculated by the Department of the Youth Authority by computing the ratio of new commitments to state and county population, expressed in a rate per 100,000 population, for each of the calendar years 1959 through 1963. The average of these rates for a county for the five-year period or the average of the last two years

of the period, whichever is higher, shall be the base rate for that county, however, if the base rate is lower than 40 commitments per 100,000 population, the rate shall be established at 40, and if the rate is higher than 100, the rate shall be established at 100. The number of commitments shall be the total of the new commitments to the custody of the Director of the Youth Authority and the new criminal commitments to the custody of the Director of Corrections, as certified by the respective departments. The county and state population shall be that certified by the Department of Finance to the Controller as of July 1 of each year. Persons committed to the Department of Corrections and subsequently discharged under Section 1168 of the Penal Code and persons committed to the Department of Corrections or the Department of the Youth Authority for diagnostic study only pursuant to Section 1203.03 of the Penal Code or Section 704 or 1752.1 of the Welfare and Institutions Code, shall not be counted as having been committed for purposes of determining commitment rates under this subdivision or subdivision (c).

(c) An annual commitment rate shall be calculated at the end of each fiscal year for each participating county and for the state as a whole in a like manner to that described in subdivision (b) using the population figure of the July 1 included in the year.

(d) The maximum amount that may be paid to a county pursuant to this article is determined by obtaining the interpolated dollar amount in the table in this subdivision for such county's base commitment rate and its percentage decrease, interpolated to the nearest one-tenth of 1 percent, in rate of commitment and multiplying the appropriate dollar amount by the "commitment reduction number." The number of commitments shall be the total of the new commitments to the custody of the Director of the Youth Authority and the new criminal commitments to the custody of the Director of Corrections, as certified by the respective departments. The county and state population shall be that certified by the Department of Finance to the Controller as of July 1 of each year. Persons committed to the Department of Corrections and subsequently discharged under Section 1168 of the Penal Code and persons committed to the Department of Corrections or the Department of the Youth Authority for diagnostic study only pursuant to Section 1203.03 of the Penal Code or Section 704 or 1752.1 of the Welfare and Institutions Code, shall not be counted as having been committed for purposes of determining commitment rates under this subdivision or subdivision (c).

(c) An annual commitment rate shall be calculated at the end of each fiscal year for each participating county and for the state as a whole in a like manner to that described in subdivision (b) using the population figure of the July 1 included in the year.

(d) The maximum amount that may be paid to a county pursuant to this article is determined by obtaining the interpolated dollar amount in the table in this subdivision for such county's base commitment rate and its percentage decrease, interpolated to the nearest one-tenth of 1 percent, in rate of commitment and multiplying the appropriate dollar amount by the "commitment reduction number." The "commitment reduction number" is obtained by subtracting (1) the most recent annual commitment number from (2) the product of the base commitment rate and population of the county for the same year employed in (1). The Director of the Youth Authority with approval of the Director of Finance may annually adjust the dollar amounts in the ensuing table,

beginning with the 1973-1974 fiscal year, to reflect changes in the Consumer Price Index established by the U.S. Department of Labor and given a weighted average for California by the California Department of Industrial Relations. The first adjustment shall use the December 1971 index as the base. Payments per uncommitted case shall in any event not exceed the average annual per capita cost of maintaining wards in Youth Authority institutions.

(e) The state will reimburse the county upon presentation of a valid claim based on actual performance in reducing the commitment rate from its base rate. Whenever a claim made by a county, pursuant to this article, covering a prior fiscal year, is found to be in error, adjustment may be made on a current claim without

the necessity of applying the adjustment to the allocation for the prior year.

(f) If the amount received by a county in reimbursement of its expenditures in a fiscal year is less than the maximum amount computed under subdivision (d), the difference may be used in the next two succeeding fiscal years and may be paid to the county in quarterly installments during such fiscal years upon preparation of valid claims for reimbursement of its quarterly expenses.

(g) In the event a participating county earns less than the sum paid in the previous year because of extremely unusual circumstances claimed by the county and verified by the Director of the Youth Authority with the approval of the Director of Finance, the Director of the Youth Authority may pay to the county a sum equal to the prior year's payment, provided, however, that in subsequent years the county will be paid only the amount earned.

(h) Funds obtained under this article shall not be used to support existing programs or develop or expand new programs in juvenile homes, ranches, or camps established under Article 15 (commencing with Section 880) of Chapter 2 of Part 1 of Division 2 of this code.

(i) Counties where the average number of commitments in the base period as established by subdivision (b) is less than 30 may elect either to comply with the procedure set out above or, as an alternative, to receive from the state 90 percent of the salary of one full-time additional probation officer or, in the event there are fewer than 20 persons placed on probation annually otherwise eligible for commitment to state institutions, the county would be entitled to 90 percent of the salary of a half-time officer. In the event a county chooses the alternative proposal, it will be eligible for reimbursement only so long as the officer devotes all of his time in the performance of probation services to supervision of persons eligible for state commitment and persons participating in special supervision programs and (1) if its base rate is below the state average, it does not on an annual basis exceed the base state rate, or (2) if its base rate is above the state average, it does not in the year exceed by 5 percent its own base rate.

(j) As a supplement to earnings received by counties pursuant to subdivision (d), a sum of two million dollars (\$2,000,000) is hereby appropriated for the 1972-1973 fiscal year. This sum shall be distributed by the Director of the Youth Authority through the allocation to each participating county of an amount not to exceed 10 percent of the counties' earnings generated in the 1971-1972 fiscal year. This special allocation may be used, notwithstanding the provisions of Section 1821 or any other section of this article, for the diagnosis, control, or treatment of offenders or alleged offenders by local law enforcement agencies in the county, subject to standards, rules, and regulations established by the Director of the Youth Authority.

In addition, one hundred fifty thousand dollars (\$150,000) is hereby appropriated for the 1972-1973 fiscal year to reimburse each

participating county for carrying out program evaluation studies specified by the Director of the Youth Authority. Each county participating in these studies shall be required to enter into a contractual agreement with the state. Such agreement shall specify the maximum amount each county shall be reimbursed.

No county shall share in any additional funds appropriated by this subdivision unless it enters into an agreement with the state to provide such evaluation or is granted an exemption by the Youth Authority.

The provisions of this subdivision shall be terminated on June 30, 1974.

(k) A review of this article shall be made by the Director of the Youth Authority and a report made to the 1974 Legislature by the fifth day of the 1974 Regular Legislative Session.

SEC. 4. Section 1825 of the Welfare and Institutions Code is amended to read:

1825. (a) No county shall be entitled to receive any state funds provided by this article until its application is approved and unless and until the minimum standards prescribed by the Department of the Youth Authority are complied with and then only on such terms as are set forth hereafter in this section.

(b) A commitment rate for each county and for the state as a whole shall be calculated by the Department of the Youth Authority by computing the ratio of new commitments to state and county population, expressed in a rate per 100,000 population, for each of the calendar years 1959 through 1963. The average of these rates for a county for the five-year period or the average of the last two years of the period, whichever is higher, shall be the base rate for that county, however, if the base rate for those counties not utilizing Section 1825.7 is lower than 40 commitments per 100,000 population, the rate shall be established at 40, and if the rate is higher than 100, the rate shall be established at 100. The number of commitments shall be the total of the new commitments to the custody of the Director of the Youth Authority and the new criminal commitments to the custody of the Director of Corrections, as certified by the respective departments. The county and state population shall be that certified by the Department of Finance to the Controller as of July 1 of each year. Persons committed to the Department of Corrections and subsequently discharged under Section 1168 of the Penal Code and persons committed to the Department of Corrections or the Department of the Youth Authority for diagnostic study only pursuant to Section 1203.03 of the Penal Code or Section 704 or 1752.1 of the Welfare and Institutions Code, shall not be counted as having been committed for purposes of determining commitment rates under this subdivision or subdivision (c).

(c) An annual commitment rate shall be calculated at the end of each fiscal year for each participating county and for the state as a whole in a like manner to that described in subdivision (b) using the population figure of the July 1 included in the year.

(d) The maximum amount that may be paid to a county pursuant to this article is determined by obtaining the interpolated dollar amount in the table in this subdivision for such county's base commitment rate and its percentage decrease, interpolated to the nearest one-tenth of 1 percent, in rate of commitment and multiplying the appropriate dollar amount by the "commitment reduction number." The "commitment reduction number" is obtained by subtracting (1) the most recent annual commitment number from (2) the product of the base commitment rate and population of the county for the same year employed in (1). The Director of the Youth Authority, with approval of the Director of Finance may annually adjust the dollar amounts in the ensuing table, beginning with the 1973-1974 fiscal year, to reflect changes in the Consumer Price Index established by the U.S. Department of Labor and given a weighted average for California by the California Department of Industrial Relations. The first adjustment shall use the December 1971 index as the base. Payments per uncommitted case shall in any event not exceed the average annual per capita cost of maintaining wards in Youth Authority institutions.

SEC. 5. It is the intent of the Legislature that if this bill and Senate Bill No. 160 or Senate Bill No. 549, or both, are chaptered and amend Section 1825 of the Welfare and Institutions Code, and this bill is chaptered last, that amendments proposed by each of the bills which are chaptered be given effect as follows:

(a) If this bill and Senate Bill No. 160 are both chaptered and amend Section 1825 of the Welfare and Institutions Code, but Senate Bill No. 549 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Senate Bill No. 160, the amendments proposed by both bills shall be given effect and incorporated in Section 1825 in the form set forth in Section 2 of this act. Therefore, if Senate Bill No. 160 is chaptered before this bill and both bills amend Section 1825, and Senate Bill No. 549 is not chaptered or as chaptered does not amend that section, Section 2 of this act shall be operative and Sections 1, 3 and 4 of this act shall not become operative.

(b) If this bill and Senate Bill No. 549 are both chaptered and amend Section 1825 of the Welfare and Institutions Code, but Senate Bill No. 160 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Senate Bill No. 549, the

Therefore, if Senate Bill No. 160 and Senate Bill No. 549 are both chaptered before this bill and all three bills amend Section 1825 of the Welfare and Institutions Code, Section 4 of this act shall be operative and Sections 1, 2 and 3 of this act shall not become operative.

CHAPTER 1005

An act to add Article 6 (commencing with Section 53100) to Chapter 1 of Part 1 of Division 2 of Title 5 of the Government Code, relating to local emergency telephone systems, and making an appropriation therefor.

[Approved by Governor August 17, 1972. Filed with
Secretary of State August 17, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Article 6 (commencing with Section 53100) is added to Chapter 1 of Part 1 of Division 2 of Title 5 of the Government Code, to read:

Article 6. Local Emergency Telephone Systems

53100. The Legislature hereby finds and declares that it is in the public interest to shorten the time required for a citizen to request and receive emergency aid. There currently exist thousands of different emergency phone numbers throughout the state, and present telephone exchange boundaries and central office service areas do not necessarily correspond to public safety and political boundaries. Provision of a single, primary three-digit emergency number through which emergency services can be quickly and efficiently obtained would provide a significant contribution to law enforcement and other public service efforts by making it less difficult to quickly notify public safety personnel. Such a simplified means of procuring emergency services will result in the saving of

life, a reduction in the destruction of property, quicker apprehension of criminals, and ultimately the saving of money. The Legislature further finds and declares that the establishment of a uniform, statewide emergency number is a matter of statewide concern and interest to all inhabitants and citizens of this state. It is the purpose of this act to establish the number "911" as the primary emergency telephone number for use in this state and to encourage units of local government and combinations of such units to develop and improve emergency communication procedures and facilities in such a manner as to be able to quickly respond to any person calling the telephone number "911" seeking police, fire, medical, rescue, and other emergency services.

53101. "Public agency," as used in this article, means the state, and any city, county, city and county, municipal corporation, public district, or public authority located in whole or in part within this state which provides or has authority to provide firefighting, police, ambulance, medical, or other emergency services.

53102. "Public safety agency," as used in this article, means a functional division of a public agency which provides firefighting, police, medical, or other emergency services.

53103. "Direct dispatch method," as used in this article, means a telephone service providing for the dispatch of an appropriate emergency service unit upon receipt of a telephone request for such services and a decision as to the proper action to be taken.

53104. "Relay method," as used in this article, means a telephone service whereby pertinent information is noted by the recipient of a telephone request for emergency services, and is relayed to appropriate public safety agencies or other providers of emergency services for dispatch of an emergency service unit.

53105. "Transfer method," as used in this article, means a telephone service which receives telephone requests for emergency services and directly transfers such requests to an appropriate public safety agency or other provider of emergency services.

53106. "Referral method," as used in this article, means a telephone service which, upon the receipt of a telephone request for emergency services, provides the requesting party with the telephone number of the appropriate public safety agency or other provider of emergency services.

53107. "Basic system," as used in this article, means a telephone service which automatically connects a person dialing the digits "911" to an established public safety answering point through normal telephone service facilities.

53108. "Sophisticated system," as used in this article, means a basic system with the additional capability of automatic identification of the caller's number, holding the incoming call, reconnection on the same telephone line, clearing a telephone line, or automatic call routing or combinations of such capabilities.

53108.5. "Communications Division," as used in this article, means the Communications Division of the Department of General

Services.

53109. Every local public agency within its respective jurisdiction shall establish and have in operation by December 31, 1982, a basic or sophisticated system as specified in this article.

The establishment of such systems shall be centralized to the extent feasible. Nothing in this article shall be construed to prohibit or discourage in any way the formation of multijurisdictional or regional systems, and any system established pursuant to this article may include the territory of more than one public agency or may include a segment of the territory of a public agency.

53110. Every system shall include police, firefighting, and emergency medical and ambulance services, and may include other emergency services, in the discretion of the affected local public agency, such as poison control services, suicide prevention services, and civil defense services. The system may incorporate private ambulance service. In those areas in which a public safety agency of the state provides such emergency services, the system shall include such public safety agencies.

53111. The digits "911" shall be the primary emergency telephone number within the system, but a public agency or public safety agency may maintain a separate secondary backup number, and shall maintain a separate number for nonemergency telephone calls.

53112. All systems shall be designed to meet the specific requirements of each community and public agency served by the system. Every system, whether basic or sophisticated, shall be designed to have the capability of utilizing at least three of the methods specified in Sections 53103 to 53106, inclusive, in response to emergency calls. The Legislature finds and declares that the most critical aspect of the design of any system is the procedure established for handling a telephone request for emergency services.

In addition, to maximize efficiency and utilization of the system, all pay telephones within each system shall, by December 31, 1982, enable a caller to dial "911" for emergency services without the necessity of inserting a coin.

53113. The Legislature finds that, because of overlapping jurisdiction of public agencies, public safety agencies, and telephone service areas, a general overview or plan should be developed prior to the establishment of any system. In order to insure that proper preparation and implementation of such systems is accomplished by all public agencies by January 1, 1982, the Communications Division, with the advice and assistance of the Attorney General, shall secure compliance by public agencies as provided in this article.

53114. The Communications Division, with the advice and assistance of the Attorney General, shall coordinate the implementation of systems established pursuant to the provisions of this article. The Communications Division, with the advice and assistance of the Attorney General, shall assist local public agencies and local public safety agencies in obtaining financial help to

establish emergency telephone service, and shall aid such agencies in the formulation of concepts, methods, and procedures which will improve the operation of systems required by this article and which will increase cooperation between public safety agencies.

53114.1. To accomplish the responsibilities specified in this article, the Communications Division is directed to consult at regular intervals with the State Fire Marshal, the State Department of Public Health, the Governor's Office of Traffic Safety, the Office of Emergency Services, the California Council on Criminal Justice, the public utilities in this state providing telephone service, the Associated Public Safety Communications Officers, the Bureau of Emergency Medical Service, the California Highway Patrol, and the State Division of Forestry. Such agencies shall provide all necessary assistance and consultation to the Communications Division to enable it to perform its duties specified in this article.

53114.2. Technical and operational standards for the development of the local agency systems shall be established and reviewed by the Communications Division on or before December 31, 1973, after consultation with all agencies specified in Section 53114.1.

53115. (a) On or before January 31, 1975, all public agencies shall submit tentative plans for the establishment of a system required by this article to the public utility or utilities providing public telephone service within the respective jurisdiction of each public agency. A copy of each such plan shall be filed with the Communications Division.

(b) On or before January 31, 1977, all public agencies shall submit final plans for the establishment of the system to such utilities, and shall make arrangements with such utilities for the implementation of the planned emergency telephone system no later than December 31, 1982. A copy of the plan required by this subdivision shall be filed with the Communications Division.

(c) If any public agency has implemented or is a part of a system required by this article on a deadline specified in subdivision (a) or (b), such public agency shall submit in lieu of the tentative or final plan a report describing the system and stating its operational date.

(d) Plans filed pursuant to subdivisions (a) and (b) shall conform to minimum standards established pursuant to Section 53114.2.

53116. The Attorney General may, in behalf of the Communications Division or on his own initiative, commence judicial proceedings to enforce compliance by any public agency or public utility providing telephone service with the provisions of this article.

53117. (a) On or before February 16, 1975, and again on or before February 16, 1977, the Communications Division shall report to the Legislature the progress in the implementation of systems required by this article. Such reports shall contain his recommendations for additional legislation.

(b) In December of 1973 and in December of 1974 the

Communications Division, with the advice and assistance of the Attorney General, shall submit recommendations to the Department of Finance and to the Governor specifying amounts necessary to further implement the organization of telephone systems specified in this article during the succeeding fiscal year. The report specified in this subdivision shall contain, in addition, an estimate of the fiscal impact to local public agencies which will be caused by implementation of the provisions of this article.

53118. The Legislature declares that a major purpose in enacting this article is to eliminate instances in which a responding emergency service refuses to render aid to the requester because the requester is outside of the jurisdictional boundaries of the emergency service. Therefore, in implementing systems pursuant to this article, all public agencies in a single system shall annually enter into a joint powers agreement or any other form of written cooperative agreement which is applicable when need arises on a day-to-day basis. In addition, such agreements shall be entered into between public agencies and public safety agencies which are part of different systems but whose jurisdictional boundaries are contiguous. The agreements shall provide that, once an emergency unit is dispatched in response to a request through the system, such unit shall render its services to the requesting party without regard to whether the unit is operating outside its normal jurisdictional boundaries.

53119. Copies of the annual agreement required by Section 53118 shall be filed with the Attorney General and the Communications Division. Commencing with the year 1983, all such agreements shall be so filed prior to the 31st day of January. The Attorney General shall commence judicial proceedings to enforce compliance with the provisions of this section and Section 53118, where a public agency or public safety agency has failed to timely enter into such agreement or file copies thereof.

53120. During the 1975 Regular Session, the Legislature, after reviewing all reports required by this article to be submitted on or before February 16, 1975, will enact legislation providing such subvention as it deems adequate to enable local public agencies to implement systems required by the provisions of this article. If the Legislature fails to enact such legislation during the 1975 Regular Session, then the provisions of this article shall become and remain inoperative until such legislation is enacted. The dates specified for the submission of any plan or report, the implementation of a system, or the performance of any other duty, required by the provisions of this article to be performed after 1975 shall be respectively postponed by the number of years elapsing between 1975 and the year in which the Legislature enacts such subvention legislation. It is the intent of the Legislature that, if legislation providing necessary subvention to local public agencies to carry out the requirements of this article is enacted after the 1975 Regular Session of the Legislature, then the time schedules specified in this article shall be advanced by the number of years required for the Legislature to

subsequently enact such legislation; the days and months specified for the submission of any plan or report, the implementation of a system, or the performance of any other duty shall, however, remain the same despite the change in year.

SEC. 2. There is hereby appropriated to the Department of General Services from the General Fund the sum of thirty-five thousand dollars (\$35,000) for the 1972-73 fiscal year to carry out the purposes of this act.

Allegations that parental custody would be detrimental to the child, other than a statement of that ultimate fact, shall not appear in the pleadings. The court may, in its discretion, exclude the public from the hearing on this issue.

Upon such cancellation of election the member's rate of annuity fund contributions shall be determined retroactively as it would have been had the election not been made; any payments made under the election shall be refunded to the member after deducting any retirement annuity fund contributions due because of the adjustment in his rate.

In the event of cancellation of the election the member may at any time prior to the date of his retirement or payment of disability allowance, whichever occurs first, again elect to redeposit contributions previously withdrawn or refunded, in accordance with

Section 14080 and all the laws, rules and regulations pertaining thereto.

- (a) Previously retired from this system and subsequently reinstates as a member; or
- (b) Previously received a disability allowance from this system and subsequently receives a service retirement under subdivision (a) of Section 14240.

If three or more years of credited service are performed after the last reentry, he shall receive the greater of his previous allowance recomputed on the basis of age, determined by deducting from his age at his subsequent retirement the time during which he was retired or the allowance he was receiving immediately prior to

reentry, plus an amount based on service performed after his last reentry computed in accordance with Section 13838 and Section 14240.

If three or more years of credited service are performed after his last reentry, he shall receive a retirement allowance calculated under the provisions of Section 13838 and subdivision (a) of Section 14240.

14303. If less than three years of credited service are performed after discontinuance of the disability allowance, he shall receive a retirement allowance which is the lesser of the service retirement allowance computed under subdivision (a) of Section 14240 based on actual and projected service and salary or the disability allowance he was receiving immediately prior to discontinuance of that allowance, exclusive of increments added for children. He may not elect to pay for or receive credit for service with which he was not credited on the effective date of the disability allowance.

If three or more years of credited service are performed after discontinuance of the disability allowance, he shall receive a retirement allowance computed under subdivision (a) of Section 14240 based on actual and projected service and salary. The above provisions shall apply to warrants drawn and canceled by the Controller pursuant to Section 17070 of the Government Code, except that upon notice of cancellation, the proceeds revert to and become a part of the Teachers' Retirement Fund, and shall be applied to meet the liabilities of the Teachers' Retirement Fund.

The board may at any time, after reversion of proceeds as provided above to the Teachers' Retirement Fund and upon receipt of proper information satisfactory to it, return from the Teachers' Retirement Fund an amount equal to such proceeds to the credit of the legal claimant.

SEC. 61. Section 14405 is added to the Education Code, to read:

14405. Whenever a refund cannot be made under the provisions of Section 14072, or a benefit cannot be paid because the member cannot be found, the accumulated contributions credited to his account shall be transferred to the Teachers' Retirement Fund.

If a person whose accumulated contributions were transferred to the Teachers' Retirement Fund returns to a position requiring membership, the system shall return such contributions to his account with interest that would have been credited to his account had the funds not been transferred.

A district may lay off an employee required to have such a permit at any time during the school year for lack of work or lack of funds or may provide for his employment for not to exceed 90 days in any one school year on an intermittent basis which shall not be deemed probationary service. The order of layoff shall be determined by length of service. The employee who has served the shortest time shall be laid off first, except that no permanent employee shall be laid off ahead of a probationary employee. A permanent employee who has been laid off shall hold reinstatement rights for a period of 39 months from the date of layoff.

Service performed prior to the effective date of this section shall

not be included in computing the service required as a prerequisite for attainment of, or eligibility to, classification as a permanent children's center employee.

CHAPTER 1011

An act to amend Sections 12007, 12082, 12101, and 12105.1 of, and to add Section 12101.5 to, the Health and Safety Code, relating to the control of explosives.

[Approved by Governor August 17, 1972. Filed with
Secretary of State August 17, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 12007 of the Health and Safety Code is amended to read:

12007. For the purposes of this part, the term "issuing authority" shall mean either the sheriff of a county, or the chief or other head of a municipal police department of any city or city and county, or the chief of a fire department or fire protection agency, and their authorized representatives, provided that, in the event the designated issuing authority is the chief of a fire department or fire protection agency, such fire department or fire protection agency is organized with regularly paid, full-time personnel. The governing body of any county, city, or city and county shall designate one of the above as the issuing authority within its jurisdiction and shall notify the State Fire Marshal of the person so designated.

SEC. 2. Section 12082 of the Health and Safety Code is amended to read:

12082. No explosives shall be sold, furnished, or given away to any person under 21 years of age, whether such person is acting for himself or for another person, nor shall any such person be eligible to obtain any permit to receive explosives governed by the provisions of this part.

The reference to "under 21 years of age" in this section is unaffected by Section 1 of Chapter 1748 of the Statutes of 1971 or any other provision of that chapter.

SEC. 3. Section 12101 of the Health and Safety Code is amended to read:

12101. (a) No person shall do any one of the following without first having made application for and received a permit in accordance with the provisions of this section:

- (1) Manufacture explosives.
- (2) Sell, furnish, or give away explosives.
- (3) Receive, store, or possess explosives.
- (4) Transport explosives.
- (5) Use explosives.
- (6) Operate a terminal for handling explosives.
- (7) Park or leave standing any vehicle carrying explosives, except

when parked or left standing in or at a safe stopping place designated as such by the Department of the California Highway Patrol under the provisions of Division 14 (commencing with Section 31600) of the Vehicle Code.

(b) Application for a permit shall be made to the appropriate issuing authority in accordance with the provisions of Section 12103. In any area wherein the governing body acting pursuant to Section 12007 designates a second issuing authority to serve within the area, the issuing authority to whom application for a permit is made shall notify the other issuing authority within the area of any application made before such permit shall be issued.

(c) A permit shall be obtained from the issuing authority having the responsibility in the area where the activity, as specified in subdivision (a) of this section, is to be conducted.

If the person holding a valid permit for the use or storage of explosives desires to purchase or receive explosives in a jurisdiction other than that of intended use or storage, such person shall first present such permit to the issuing authority in the jurisdiction of purchase or receipt for endorsement. Such issuing authority may include any reasonable restrictions or conditions which he finds necessary for the prevention of fire and explosion, the preservation of life, safety, or the control and security of explosives within his jurisdiction. If, for any reason, such issuing authority refuses to endorse the permit previously issued in the area of intended use or storage, such authority shall immediately notify both the issuing authority who issued the permit and the State Bureau of Criminal Identification and Investigation in Sacramento of the fact of such refusal and the reasons for such refusal.

Every person who sells, gives away, delivers, or otherwise disposes of explosives to another person shall first satisfy himself that the person receiving the explosives has a permit valid for that purpose. When the permit to receive explosives indicates that the intended storage or use of the explosives is other than in that area in which the permittee receives the explosives, the person who sells, gives away, delivers, or otherwise disposes of the explosives shall insure that the permit has been properly endorsed by a local issuing authority and, further, shall immediately send a copy of the record of sale to the issuing authority who originally issued the permit in the area of intended storage or use. The issuing authority in the area in which

the explosives are received or sold shall not have the authority to issue a permit for the possession, use, or storage of explosives in an area not within his jurisdiction.

(d) In the event any person desires to receive explosives for use in an area outside of this state, a permit to receive such explosives shall be obtained from the State Fire Marshal.

(e) A permit may include any restrictions or conditions which the issuing authority finds necessary for the prevention of fire and explosion, the preservation of life, safety, or the control and security of explosives.

(f) A permit shall remain valid only until such time as the act or acts authorized by the permit are performed, but in no event shall the permit remain valid for a period longer than one year from the date of issuance of the permit.

(g) Any valid permit which authorizes the performance of any act shall not constitute authorization for the performance of any act not stipulated in the permit.

SEC. 4. Section 12101.5 is added to the Health and Safety Code, to read:

12101.5. This chapter does not apply to any possession or use by a person licensed as a pyrotechnic operator—special effects first class of 20 pounds or less of smokeless powder, or one pound or less of black sporting powder, if all of the following requirements are satisfied:

(a) All such powder is for use in the pursuit of the lawful business of such licensee and not for resale, and, in the case of black sporting powder, there shall be no gift, delivery or other disposition to another person who is not licensed as a pyrotechnic operator—special effects first class. Any such licensee may sell, give, deliver, or otherwise dispose of any smokeless or black sporting powder to another such licensee.

(b) The storage, use and handling of such smokeless and black powder conforms to rules, regulations, or ordinances of authorities having jurisdiction for fire prevention and suppression in the area of such storage, use, and handling of such explosives.

SEC. 5. Section 12105.1 of the Health and Safety Code is amended to read:

12105.1. Except in a case in which the issuing authority determines that the explosives are necessary because of an emergency involving a danger to persons or property, no permit shall normally be issued until one week has elapsed after application is made. If the applicant gives evidence that he has previously been issued an explosives permit pursuant to this part and if the legitimacy of the purpose for which the current application is made is clearly apparent to the issuing authority, the issuing authority may in his discretion issue a permit before one week has elapsed. If no affirmative action is taken on the application within 14 days after the application is made, the issuing authority shall explain the cause for such delay to the applicant.

[Approved by Governor August 17, 1972. Filed with
Secretary of State August 17, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 1473 of the Unemployment Insurance Code is amended to read:

1473. As used in this chapter:

(a) "State employee" means an individual who has been employed full time for the previous six consecutive months by the Regents of the University of California or the Trustees of the California State University and Colleges and who (1) receives a written notice of permanent layoff, or a written notice of layoff of more than 120 days in duration, with an effective date on or after March 1, 1971, or (2) terminates his employment or has terminated his employment on or after March 1, 1971, within 30 days after receiving a written notice from his appointing power that he is subject to such layoff, due to a reduction in staff arising from reductions in any budget act, or any other source of funds, other than by scheduled termination. However, nothing in this subdivision shall permit a state employee to receive unemployment compensation benefits if he would be ineligible for or disqualified to receive such benefits under Article 1 (commencing with Section 1251) of Chapter 5 of this part.

(b) "State wages" means all remuneration payable to a state employee for personal services performed as a state employee prior to (1) the effective date of such notice of layoff or (2) 30 days after such employee is notified in writing by his appointing power, as described in subdivision (a), including the reasonable cash value of all remuneration payable in any medium other than cash. Such term shall only include all such remuneration paid on and after January 1, 1970, for new claims filed with an effective date on or before December 31, 1971.

(c) "Base period" means the base period defined by Section 1275.

SEC. 2. Section 1473 of the Unemployment Insurance Code is amended to read:

1473. As used in this chapter:

(a) "State employee" means an individual who has been employed full time for the previous six consecutive months by the Regents of the University of California or the Trustees of the California State University and Colleges and who (1) receives a

written notice of permanent layoff, or a written notice of layoff of more than 120 days in duration, with an effective date on or after March 1, 1971, or (2) terminates his employment or has terminated his employment on or after March 1, 1971, within 30 days after receiving a written notice from his appointing power that he is subject to such layoff, due to a reduction in staff arising from reductions in any budget act, or any other source of funds, other than by scheduled termination. However, nothing in this subdivision shall permit a state employee to receive unemployment compensation benefits if he would be ineligible for or disqualified to receive such benefits under Article 1 (commencing with Section 1251) of Chapter 5 of this part.

(b) "State wages" means all remuneration payable to a state employee for personal services performed as a state employee prior to (1) the effective date of such notice of layoff or (2) 30 days after such employee is notified in writing by his appointing power, as described in subdivision (a), including the reasonable cash value of all remuneration payable in any medium other than cash. Such term shall include all such remuneration paid on and after January 1, 1970.

(c) "State base period" means the period of the last four complete consecutive calendar quarters, and any subsequent complete and partial calendar month or months, immediately preceding the effective date of a new claim for unemployment compensation benefits by a state employee.

(d) "Base period" means the base period defined by Section 1275.

SEC. 3. Section 1475 of the Unemployment Insurance Code is repealed.

SEC. 4. Section 1475 is added to the Unemployment Insurance Code, to read:

1475. (a) In lieu of the contributions required of employers, the State of California shall pay into the Unemployment Fund in the State Treasury at the times and in the manner provided in subdivision (b), an amount equal to the additional cost to the Unemployment Fund of the benefits (including extended duration benefits and federal-state extended benefits) paid based on base period state wages with respect to employment of state employees. Benefits otherwise payable, irrespective of this chapter, shall be charged to employers' reserve accounts in accordance with other sections of this part, and shall be the liability of governmental entities or nonprofit organizations pursuant to Section 803, but the additional cost to the Unemployment Fund of the benefits paid based on base period state wages pursuant to this chapter shall be borne solely by the State of California.

(b) In making the payments prescribed by subdivision (a), there shall be paid or credited to the Unemployment Fund, either in advance or by way of reimbursement, as may be determined by the director, such sums as he estimates the Unemployment Fund will be entitled to receive from the State of California for each calendar quarter, reduced or increased by any sum by which he finds that his

estimates for any prior calendar quarter were greater or less than the amounts which should have been paid to the fund. Such estimates may be made upon the basis of statistical sampling, or such other method as may be determined by the director.

Upon making such determination, the director shall certify to the State Controller or other responsible disbursing officer the amount determined with respect to the State of California. The State Controller or other responsible disbursing officer shall pay to the Unemployment Fund the contributions due from the State of California. The director shall charge to any special fund not funded by any budget act or other state appropriation, which is responsible for the salary of any employee, the amount of additional cost to the Unemployment Fund of the benefits paid with respect to that state employee.

(c) The director may require from each employing unit subject to this chapter employment, wage, financial, statistical, or other information and reports, properly verified, as may be deemed necessary by the director to carry out his duties under this chapter, which shall be filed with the director at the time and in the manner prescribed by him. Each employing unit subject to this chapter shall promptly supply the director, upon his request, with a copy of the written notice specified by subdivision (a) of Section 1473.

(d) The director may tabulate and publish information obtained pursuant to this chapter in statistical form and may divulge the name of the employing unit.

(e) Each employing unit shall keep such work records as may be prescribed by the director for the proper administration of this chapter.

(f) Notwithstanding any other provision of this section, the State of California shall not be liable for that portion of any extended duration benefits or federal-state extended benefits which is reimbursed or reimbursable by the federal government to the State of California.

SEC. 5. Section 1475 of the Unemployment Insurance Code is amended and renumbered to read:

1476. (a) In lieu of the contributions required of employers, the State of California shall pay into the Unemployment Fund in the State Treasury at the times and in the manner provided in subdivision (b), an amount equal to the additional cost to the Unemployment Fund of the benefits (including extended duration benefits and federal-state extended benefits) paid based on base period state wages with respect to employment of state employees. Benefits otherwise payable, irrespective of this chapter, shall be charged to employers' reserve accounts in accordance with other sections of this part and shall be the liability of governmental entities or nonprofit organizations pursuant to Section 803, but the additional cost to the Unemployment Fund of the benefits paid based on base period state wages pursuant to this chapter shall be borne solely by the State of California.

(b) In making the payments prescribed by subdivision (a), there shall be paid or credited to the Unemployment Fund, either in advance or by way of reimbursement, as may be determined by the director, such sums as he estimates the Unemployment Fund will be entitled to receive from the State of California for each calendar quarter, reduced or increased by any sum by which he finds that his estimates for any prior calendar quarter were greater or less than the amounts which should have been paid to the fund. Such estimates may be made upon the basis of statistical sampling, or other method as may be determined by the director.

Upon making such determination, the director shall certify to the State Controller or other responsible disbursing officer the amount determined with respect to the State of California. The State Controller or other responsible disbursing officer shall pay to the Unemployment Fund the contributions due from the State of California. The director shall charge to any special fund not funded by any budget act or other state appropriation, which is responsible for the salary of any employee, the amount of additional cost to the Unemployment Fund of the benefits paid with respect to that state employee.

(c) The director may require from each employing unit subject to this chapter employment, wage, financial, statistical, or other information and reports, properly verified, as may be deemed necessary by the director to carry out his duties under this chapter, which shall be filed with the director at the time and in the manner prescribed by him. Each employing unit subject to this chapter shall promptly supply the director, upon his request, with a copy of the written notice specified by subdivision (a) of Section 1473.

(d) The director may tabulate and publish information obtained pursuant to this chapter in statistical form and may divulge the name of the employing unit.

(e) Each employing unit shall keep such work records as may be prescribed by the director for the proper administration of this chapter.

(f) Notwithstanding any other provision of this section, the State of California shall not be liable for that portion of any extended duration benefits or federal-state extended benefits which is reimbursed or reimbursable by the federal government to the State of California.

SEC. 6. Section 5 of Chapter 1815 of the Statutes of 1971 is repealed.

SEC. 7. It is the intent of the Legislature that this bill shall be given effect and shall be operative except as provided by this section and Section 8. It is the intent of the Legislature that if both this bill and Assembly Bill No. 221 are chaptered, and this bill and Assembly Bill No. 221 amend Section 1473 of the Unemployment Insurance Code, and this bill repeals and adds Section 1475 of the Unemployment Insurance Code and Assembly Bill No. 221 amends and renumbers Section 1475 of the Unemployment Insurance Code,

that the provisions of both bills be given effect as follows:

(a) If this bill is chaptered after Assembly Bill No. 221 is chaptered, the amendment to Section 1473 of the Unemployment Insurance Code made by Section 1 of this bill and the repeal and addition of Section 1475 of the Unemployment Insurance Code made by Sections 3 and 4 of this bill shall not take effect, and the changes made by both bills shall be given effect and incorporated in Sections 1473 and 1476 of the Unemployment Insurance Code in the form set forth in Sections 2 and 5 of this bill.

(b) If this bill is chaptered before Assembly Bill No. 221 is chaptered, the changes made in Sections 1473 and 1475 of the Unemployment Insurance Code by Sections 1, 3, and 4 of this bill shall become inoperative upon the effective date of Assembly Bill No. 221 and the changes made in Sections 1473 and 1475 of the Unemployment Insurance Code by Sections 2 and 5 of this bill shall not take effect.

SEC. 8. It is the intent of the Legislature that if Assembly Bill No. 221 is not chaptered, the changes made in Sections 1473 and 1475 of the Unemployment Insurance Code by Sections 2 and 5 of this bill shall not take effect.

SEC. 9. There is appropriated from the General Fund to the Director of the Department of Human Resources Development the sum of one hundred ninety-one thousand dollars (\$191,000) to be used to pay the benefits provided by Chapter 1815 of the Statutes of 1971 which are charged to any special fund funded by any budget act or other state appropriation.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Layoffs in state institutions of higher education are imminent. The lack of unemployment benefits for state higher education employees is detrimental to morale, causes a deterioration in the quality and quantity of services, and is a deterrent to the recruitment of qualified candidates for employment. Unless there is prompt adjustment of this serious inequity, and sufficient moneys to fund such adjustment, this area of public service will suffer serious and irreparable harm.

CHAPTER 1013

An act to amend Section 13413 of the Education Code, as added by Chapter 361 of the Statutes of 1971, relating to certificated employees.

[Approved by Governor August 17, 1972. Filed with Secretary of State August 17, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 13413 of the Education Code, as added by Chapter 361 of the Statutes of 1971, is amended to read:

13413. In the event a hearing is requested by the employee, the hearing shall be commenced within 60 days from the date of the employee's demand for a hearing. The hearing shall be conducted and a decision made in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the Commission on Professional Competence shall have all the power granted to an agency therein, except that the right of discovery of the parties shall not be limited to those matters set forth in Section 11507.6 of the Government Code but shall include the rights and duties of any party in a civil action brought in a superior court. In all cases, discovery shall be completed prior to one week before the date set for hearing.

No witness shall be permitted to testify at the hearing except upon oath or affirmation. No testimony shall be given or evidence introduced relating to matters which occurred more than four years prior to the date of the filing of the notice. Evidence of records regularly kept by the governing board concerning the employee may be introduced, but no decision relating to the dismissal or suspension of any employee shall be made based on charges or evidence of any nature relating to matters occurring more than four years prior to the filing of the notice.

In those causes specified in subdivisions (b), (f), (h), (i), (j), and (k) of Section 13403, the hearing shall be conducted by a hearing officer whose decision shall be binding on the board. In the event the employee is charged with any of the causes specified in subdivisions (a), (c), (d), (e), and (g) of Section 13403, the hearing shall be conducted by a Commission on Professional Competence. One member of the panel shall be selected by the employee, one member shall be selected by the governing board, and one member shall be a hearing officer of the State Office of Administrative Procedure who shall be chairman and a voting member of the competency panel and shall be responsible for assuring that the legal rights of the employee are protected at the hearing. If either the governing board or the employee for any reason fails to select a commission member at least seven days prior to the date of the hearing, such failure shall constitute a waiver of the right to selection, and the county board of education or its specific designee shall immediately make the selection. When the county board of education is also the governing board of the school district, the selection shall be made by the Superintendent of Public Instruction, who shall be reimbursed by the school district for all costs incident to the selection.

The member selected by the governing board and the member selected by the employee shall have at least five years' experience in the specific educational function of the accused as set forth in Section 13055.

In those instances where the employee has been charged with any of the causes specified in subdivisions (a), (c), (d), (e), and (g) of

Section 13403, the decision shall be made, by a majority vote, by the Commission on Professional Competence which shall prepare a written decision containing findings of fact, determinations of issues and a disposition either:

- (a) That the employee should be dismissed.
- (b) That the employee should not be dismissed.

In those instances where the employee has been charged with any of the causes specified in subdivisions (a), (c), (d), (e), and (g) of Section 13403, the decision of the Commission on Professional Competence shall be deemed to be the final decision of the governing board.

The board may adopt from time to time such rules and procedures not inconsistent with provisions of this section, as may be necessary to effectuate this section.

The governing board and the employee shall have the right to be represented by counsel.

If the governing board orders the dismissal of the employee, the governing board and the employee shall share equally the expenses of the hearing, including the cost of the hearing officer. The employee and the governing board shall pay their own attorney fees.

If the governing board orders that the employee not be dismissed, the governing board shall pay all expenses of the hearing, including the cost of the hearing officer, and reasonable attorney fees incurred by the employee.

CHAPTER 1014

An act to amend Section 583 of the Code of Civil Procedure, relating to dismissal of actions.

[Approved by Governor August 17, 1972 Filed with
Secretary of State August 17, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 583 of the Code of Civil Procedure is amended to read:

583. (a) The court, in its discretion, may dismiss an action for want of prosecution pursuant to this subdivision if it is not brought to trial within two years after it was filed. The procedure for obtaining such dismissal shall be in accordance with rules adopted by the Judicial Council.

(b) Any action heretofore or hereafter commenced shall be dismissed by the court in which the same shall have been commenced or to which it may be transferred on motion of the defendant, after due notice to plaintiff or by the court upon its own motion, unless such action is brought to trial within five years after the plaintiff has filed his action, except where the parties have filed

a stipulation in writing that the time may be extended.

(c) When in any action after judgment, a motion for a new trial has been made and a new trial granted, such action shall be dismissed on motion of defendant after due notice to plaintiff, or by the court of its own motion, if no appeal has been taken, unless such action is brought to trial within three years after the entry of the order granting a new trial, except when the parties have filed a stipulation in writing that the time may be extended. When in an action after judgment, an appeal has been taken and judgment reversed with cause remanded for a new trial (or when an appeal has been taken from an order granting a new trial and such order is affirmed on appeal), the action must be dismissed by the trial court, on motion of defendant after due notice to plaintiff, or of its own motion, unless brought to trial within three years from the date upon which remittitur is filed by the clerk of the trial court. Nothing in this subdivision shall require the dismissal of an action prior to the expiration of the five-year period prescribed by subdivision (b).

(d) When in any action a trial has commenced but no judgment has been entered therein because of a mistrial or because a jury is unable to reach a decision, such action shall be dismissed on the motion of defendant after due notice to plaintiff or by the court of its own motion, unless such action is again brought to trial within three years after entry of an order by the court declaring the mistrial or disagreement by the jury, except where the parties have filed a stipulation in writing that the time may be extended.

(e) For the purposes of this section, "action" includes an action commenced by cross-complaint.

(f) The time during which the defendant was not amenable to the process of the court and the time during which the jurisdiction of the court to try the action is suspended shall not be included in computing the time period specified in any subdivision of this section.

CHAPTER 1015

An act to amend Section 16200.5 of the Welfare and Institutions Code, relating to licensing and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 17, 1972. Filed with
Secretary of State August 17, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 16200.5 of the Welfare and Institutions Code as amended by Chapter 1626 of the Statute of 1971 is amended to read:

16200.5. Notwithstanding any other provision of law any health

facility or institution licensed by the Department of Public Health or the Department of Mental Hygiene may, upon application, be licensed under the provisions of this chapter, provided the applicant complies with the provisions of this chapter and the rules and regulations promulgated by the department pursuant to the provisions of this chapter as these rules and regulations apply to facilities for the care of persons aged 16 and above licensed and in operation on the effective dates of such rules and regulations, except that the facilities licensed pursuant to this section shall comply with all such rules and regulations on or before July 1, 1973.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for the time extension on licensing to go into effect before the present deadline is past, the act must go into effect immediately.

CHAPTER 1016

An act to add Chapter 8 (commencing with Section 39280) to Part 1 of Division 26 the Health and Safety Code, relating to air pollution, and making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 17, 1972. Filed with
Secretary of State August 17, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 8 (commencing with Section 39280) is added to Part 1 of Division 26 of the Health and Safety Code, to read:

CHAPTER 8. AIR POLLUTION CONTROL SUBVENTION PROGRAM

39280. As used in this chapter, "dollars budgeted" means moneys derived from revenue sources within a district or districts for use in the district's or districts' air pollution control programs.

39281. The board shall administer, pursuant to this chapter, such funds as may be appropriated to it for the purposes of this chapter.

39282. The board may subvene up to one dollar (\$1) for every dollar budgeted for use by any of the following:

(a) A county or regional air pollution control district whose boundaries include an entire air basin.

(b) A unified district formed pursuant to Article 7 (commencing with Section 24330) of Chapter 2 of Division 20 whose boundaries include an entire air basin.

(c) County districts, including any unified districts, whose boundaries together include an entire air basin and who are parties

to one joint powers or other enforceable agreement which provides for all of the following:

(1) Uniform rules and regulations among all districts, excluding administrative rules and regulations.

(2) At least four meetings per year of the Basinwide Air Pollution Control Coordinating Council formed under Section 39272, or an equivalent procedure for basinwide consideration of policy matters.

(3) Suitable sharing of qualified air pollution personnel and equipment.

Subventions under this section shall not exceed twenty-three cents (\$0.23) per capita. A subventor made pursuant to Section 39283 shall preclude subvention under this section.

39283. In air basins where funds are not subvented pursuant to Section 39281, the board may subvene up to two dollars (\$2) for every three dollars (\$3) budgeted by an air pollution control district. Subventions under this section shall not exceed eighteen and four-tenths cents (\$0.184) per capita.

39284. In air basins having a population of less than 98,000, the board may subvene more than the specified amount allowed under Section 39282, if the subventor does not exceed forty-five thousand dollars (\$45,000) per air basin and each air pollution control district affected adopts a budget equal to or exceeding twenty-three cents (\$0.23) per capita.

39285. The per capita limits in Sections 39282 and 39283 and the forty-five thousand dollar (\$45,000) limit in Section 39284 may be increased by the board to reflect the effects of inflation on the moneys needed to carry out air pollution control programs. No increase shall be made without the prior written approval of the Director of Finance.

39286. No moneys shall be subvented pursuant to this chapter unless the air pollution control district or districts affected are actively and effectively engaged in the reduction of air contaminants pursuant to the coordinated basinwide air pollution control plan and related county programs approved by the board pursuant to Sections 39274 and 39275. When the board finds, pursuant to a resolution from the board of directors of an air pollution control district, or upon completion of proceedings conducted by the board pursuant to Section 39054, 39274, or 39275, that an air pollution control district is not so engaged in the reduction of air contaminants, the subvention which would have been allocated to such district pursuant to Section 39282 or 39283, plus such additional sum as may be necessary, if moneys are available from appropriations for the purposes of this chapter, shall be allocated to the board itself to carry out the approved plan or program. If the board acts under this section pursuant to a resolution of the board of directors of an air pollution control district, it may do so without proceeding under Section 39054, 39274, or 39275.

39287. The subvention otherwise due an air pollution control district may be reduced by the board up to an amount equal to the

funds which are granted to the district by the federal government. In so reducing a subvention, the board shall take into account all the following factors:

- (a) The purpose for which the federal funds were granted.
- (b) The needs of the district in relationship to the needs of other districts.
- (c) Any special and worthy programs conducted by the district not required by the plan or program approved by the board pursuant to Sections 39274 and 39275.
- (d) The severity of air pollution within the district.
- (e) Any other factors which the board reasonably determines should be considered.

39288. The board may review, as it deems necessary, the programs and expenditures by each air pollution control district receiving a subvention under this chapter to ascertain that the funds budgeted from nonstate sources are in fact being expended substantially in accordance with the budget on which the subvention was based. If the board finds that such funds are not being so expended, the board may do any of the following:

- (a) Cease any further payments under the subvention.
- (b) Withhold future subventions.
- (c) Bring an action against the district, or the counties or cities supporting the district, to recover the subvention paid that fiscal year.
- (d) Assume the powers of the district without further proceedings under other provisions of this part.

39288.5. The board may allocate to itself sufficient moneys to administer the subvention program under this chapter and to conduct reviews authorized by Section 39288.

39289. Any moneys not otherwise subvened or allocated by the board pursuant to this chapter may be used for supplemental subventions upon application up to a one-to-one matching basis or, in the board's discretion, for any other purpose related to the control of air contaminants from nonvehicular sources. Matching supplemental subventions having unusual merit shall be given preference over expenditures for other purposes. In making supplemental subventions, the board may consider federal grants received by the applicant and by other air pollution control districts.

39290. The board shall adopt such regulations as may be necessary or advisable to carry out the purposes and provisions of this chapter.

39291. Any moneys appropriated to the board for expenditure under this chapter not allocated during the fiscal year shall revert to the General Fund.

SEC. 2. There is hereby appropriated for the fiscal year 1972-1973, from the General Fund to the State Air Resources Board, the sum of four million six hundred thousand dollars (\$4,600,000) for the purposes of carrying out the provisions of Chapter 8 (commencing with Section 39280) of Part 1 of Division 26 of the

Health and Safety Code.

SEC. 3. There is hereby appropriated for the fiscal year 1972-1973, from the General Fund to the State Air Resources Board, the sum of two million four hundred thousand dollars (\$2,400,000) for the State Air Resources Board's nonvehicular programs. This appropriation shall be reduced by the amount of any appropriation made from the General Fund in the Budget Act for fiscal year 1972-1973 for the State Air Resources Board's nonvehicular programs. Any appropriation in such Budget Act to the State Air Resources Board from the Motor Vehicle Account in the State Transportation Fund, shall be reduced by the amount by which the appropriation for the State Air Resources Board's nonvehicular programs is increased by this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Air pollution is widespread and affects the health of many people. Effective air pollution control has not been developed in some counties, in part due to lack of funds. This act will provide the lacking funds and should bring about, without further delay, effective air pollution control programs throughout the state.

CHAPTER 1017

An act to amend Section 13715 of the Education Code, relating to school classified employees.

[Approved by Governor August 17, 1972. Filed with Secretary of State August 17, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 13715 of the Education Code is amended to read:

13715. The rules of the commission and copies of this article (commencing with Section 13701) shall be printed and made available to each school, office, and permanent worksite where employees report and shall be distributed to school libraries for loan to employees.

Within one year of when a district adopts the merit system, the commission shall adopt rules and regulation pursuant to Section 13713, shall give to each new regular employee a handbook which summarizes the basic rules and working conditions for classified employees and provides information regarding access to copies of the complete rules and the merit system.

CHAPTER 1018

An act to add Section 19956.5 to the Health and Safety Code, relating to curbs and sidewalks.

[Approved by Governor August 17, 1972 Filed with
Secretary of State August 17, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 19956.5 is added to the Health and Safety Code, to read:

19956.5. Any curb or sidewalk intended for public use that is constructed in this state with private funds shall conform to the provisions of Chapter 7 (commencing with Section 4450) of Division 5 of Title 1 of the Government Code.

This section shall apply, but not be limited in application, to any curb or sidewalk which after construction with private funds will be turned over to a city or county for public use, in order to provide full and easy access to, and use of, such curb or sidewalk by the physically handicapped.

CHAPTER 1019

An act to amend Section 14104.3 of the Welfare and Institutions Code, relating to health care services.

[Approved by Governor August 17, 1972 Filed with
Secretary of State August 17, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 14104.3 of the Welfare and Institutions Code as added by Chapter 577 of the Statutes of 1971, is amended to read:

14104.3. (a) The department may, to the extent feasible, enter into nonexclusive contracts providing arrangements under which funds available for health care under this chapter shall be administered and disbursed to providers of health care or to their designated agents in consideration for services rendered and supplies furnished by them in accordance with the provisions of the applicable contract and any schedule of charges or formula for determining payments established pursuant to such contract. Such contract shall provide that the carrier:

1. Will take such action as may be necessary to assure that payment for services to hospitals and other facilities and professional services shall be predicated on the basis of reimbursement for reasonable cost based on standards, determined by the director with the advice of the Health Care Commission. The formula for such payments shall be determined in accordance with regulations

establishing the methods to be used and the items to be included. In prescribing such regulations, the department shall consider, among other things, the principles generally applied by state organizations representing such hospitals or other facilities or by established prepayment organizations which have developed such principles, in determining the method or methods to be used in arriving at the payment formula.

2. Will take such action as may be necessary to assure that where payment under this chapter is on a charge basis, such charge will be reasonable and not higher than the charge applicable for a comparable service and under comparable circumstances to the policyholders and subscribers of the carrier.

3. Bills for service under this chapter shall be reviewed and payment or rejection made within 30 days from receipt of evidence establishing validity of the bill for payment in the office of the paying agency. If it is determined by the paying agency that additional evidence of validity is required, such evidence shall be requested within 30 days from the date the bill is received in the office of the paying agency. In any event, notice shall be given in 60 days from the date the bill is received concerning the status of the bill submitted if such bill is held for peer review in the office of the paying agency beyond 30 days.

(b) Contracts awarded under this section shall be awarded on a bid basis, and before entering into any such contract, the director shall publish notice soliciting bids.

The director, at least once each year, shall report to the Joint Legislative Budget Committee actions taken by him in the awarding of contracts under this section, including, but not limited to, the number and types of bids submitted, the basis on which contracts were awarded, and, if a contract is awarded to other than the lowest bidder, the reason for such action.

CHAPTER 1020

An act to authorize participation by the Department of the Youth Authority and the Department of Corrections in a cooperative experimental correctional program, and making an appropriation to the Department of Corrections for security equipment in state correctional facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 17, 1972. Filed with
Secretary of State August 17, 1972.]

The people of the State of California do enact as follows:

SECTION 1. It is the purpose and intention of the Legislature, in enacting this act, to improve the correctional and rehabilitative process. The Legislature finds that, at present, the correctional functions are fragmented between echelons of government and between units of government on the same level. To this end, the demonstration of a correctional systems approach would be of great value. The County of Ventura has expressed its interest in conducting such a demonstration effort in cooperation with the Department of Corrections and the Department of the Youth Authority, as well as federal government and local jurisdictions within the county.

SEC. 2. The Department of the Youth Authority and the Department of Corrections shall contract with the County of Ventura and with such other political subdivisions within such county as may desire to participate, and with the federal government, if it desires to participate, for the mutual provision of custodial, diagnostic, rehabilitative, probation, parole, and any other services required to participate in a cooperative experimental correctional program, described as the Ventura County Unified Correctional System Demonstration Project.

SEC. 3. Where care is provided under a contractual agreement provided for in this act, the state may reimburse other governmental units for services to California prisoners from funds appropriated for the support of such prisoners.

SEC. 4. Use may be made of the 90-day diagnostic referral of juveniles program, as conducted by the Youth Authority under Section 704 of the Welfare and Institutions Code, for juvenile participants in the experimental project provided for in this act, without charge to the using agency.

SEC. 5. (a) The funds for the project provided for in this act shall be obtained from the California Council on Criminal Justice or such other funding agency as shall be appropriate.

(b) The term of such project shall be two years. However, nothing in this act shall preclude the Department of the Youth Authority, the Department of Corrections, or other entities engaged in the project from continuing the relationship and system created under this act as an operational program, if necessary operating funds are obtained therefor.

(c) Reports on the progress of the demonstration project shall be made to the Secretary of the Human Relations Agency not later than one year after the effective date of this act, with a supplemental report not later than the 20th month after such effective date. A final report shall be submitted within three months after the termination of the project. The reports shall be compiled and submitted by the contracting parties, jointly, or, in the event of the failure thereof, by the Department of Corrections.

SEC. 6. The sum of three hundred seventy-four thousand seven hundred seventy-five dollars (\$374,775) is hereby appropriated from the General Fund to the Department of Corrections for the purchase

and installation of security equipment in state correctional facilities.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the programs authorized by this act be implemented at the earliest possible date, thus alleviating the dangerously overcrowded conditions in many correctional facilities, and in order that the purchase of the security equipment so authorized be made at the earliest possible date, thus alleviating disturbances in correctional institutions, it is necessary that this act go into immediate effect.

CHAPTER 1021

An act to amend Section 739 of the Welfare and Institutions Code, relating to minors.

[Approved by Governor August 17, 1972. Filed with
Secretary of State August 17, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 739 of the Welfare and Institutions Code is amended to read:

739. (a) Whenever any person is taken into temporary custody under the provisions of Article 6 (commencing with Section 625) of this chapter and is in need of medical, surgical, dental, or other remedial care, the probation officer may, upon the recommendation of the attending physician, or, in the case of dental care the attending dentist, or if there be no attending dentist then on the recommendation of the attending physician, authorize the performance of such medical, surgical, dental, or other remedial care. The probation officer shall notify the parent, guardian, or person standing in loco parentis of the person, if any, of the care found to be needed before such care is provided, and if the parent, guardian, or person standing in loco parentis objects, such care shall be given only upon order of the court in the exercise of its discretion.

(b) Whenever it appears to the juvenile court that any person concerning whom a petition has been filed with the court is in need of medical, surgical, dental, or other remedial care, and that there is no parent, guardian, or person standing in loco parentis capable of authorizing or willing to authorize such remedial care or treatment for such person, the court, upon the written recommendation of a qualified physician and after due notice to the parent, guardian, or person standing in loco parentis, if any, may make an order authorizing the performance of the necessary medical, surgical, dental, or other remedial care for such person.

(c) Whenever a ward or dependent child of the juvenile court is placed by order of the court within the care and custody or under the supervision of the probation officer of the county in which the ward or dependent child resides and it appears to the court that there is no parent, guardian, or person standing in loco parentis capable of authorizing or willing to authorize medical, surgical, dental, or other remedial care or treatment for the ward or dependent child, the court may, after due notice to the parent, guardian, or person standing in loco parentis, if any, order that the probation officer may authorize such medical, surgical, dental, or other remedial care for the ward or dependent child, by licensed practitioners, as may from time to time appear necessary.

(d) Whenever it appears that a minor otherwise within the provisions of subdivision (a), (b), or (c) requires immediate emergency medical, surgical, dental, or other remedial care, or whenever the probation officer cannot, with reasonable diligence, locate and notify the parent, guardian, or person standing in loco parentis of the need of the minor for such care, the court, upon the written recommendation of a duly licensed physician, may make an order authorizing, or the probation officer, upon the written recommendation of a duly licensed physician, may authorize, the performance of such care as is reasonably necessary under the circumstances, without notice to the parent, guardian, or person standing in loco parentis.

(e) In any case in which the court orders the performance of any medical, surgical, dental, or other remedial care pursuant to this section, the court may also make an order authorizing the release of information concerning such care to probation officers, parole officers, or any other qualified individuals or agencies caring for or acting in the interest and welfare of the minor under order, commitment, or approval of the court.

(f) Nothing in this section shall be construed as limiting the right of a parent, guardian, or person standing in loco parentis, who has not been deprived of the custody or control of the minor by order of the court, in providing any medical, surgical, dental, or other remedial treatment recognized or permitted under the laws of this state.

(g) The mother of any person described in this section may authorize the performance of medical, surgical, dental, or other remedial care provided for in this section notwithstanding the fact that she is unmarried and under the age of 21 years.

CHAPTER 1022

An act to add Section 11008.8 to the Welfare and Institutions Code, relating to public social services, and declaring the urgency thereof, to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 11008.8 is added to the Welfare and Institutions Code, to read:

11008.8. It is the intent of the Legislature that any reduction in the state and county costs of public assistance payments to recipients of aid under Chapters 3 (commencing with Section 12000), 4 (commencing with Section 12500), 5 (commencing with Section 13000) and 6 (commencing with Section 13500) of Part 3 of this division, which result from increased social security benefits voted by Congress shall be applied to increasing the monthly grants to all recipients of aid under these chapters.

Notwithstanding any other provision of law, on and after October 1, 1972, the maximum or average grants contained in Sections 12150, 12151, 12650, 12651, 13100, 13101, and 13700 and the need standard of recipients contained in departmental regulations on July 1, 1972, that were established pursuant to such sections shall be increased in the amount of twelve dollars (\$12). Such increases shall be reflected in the grants that are payable on October 1, 1972. Such increases shall not replace, but are in addition to any other grant, including any cost-of-living adjustment or any grant for special needs for which recipients affected by this section are or may become eligible.

Each county shall pay to the state each month beginning October 1, 1972, an amount equivalent to 25 percent of the increases in social security benefits received in October 1972 by all recipients of aid to the needy disabled in the county.

There is hereby appropriated from the General Fund to every county an amount sufficient to pay the total nonfederal costs of the increase in aid grants provided in this section.

SEC. 2. The county shall estimate the social security increases for the month of October and such estimated increase shall be taken into consideration in determining eligibility for and the amount of the October 1, 1972, grant for recipients of aid under Chapter 3 (commencing with Section 12000), Chapter 4 (commencing with Section 12500), Chapter 5 (commencing with Section 13000) and Chapter 6 (commencing with Section 13500) of Part 3 of Division 9 of the Welfare and Institutions Code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the social security benefits granted by the federal government in October may result in the increased benefits for the adult categorical aid programs as provided in this act, it is necessary that this act take immediate effect.

CHAPTER 1023

An act to add Sections 11655.10 and 11655.11 to the Health and Safety Code, relating to narcotics, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 17, 1972 Filed with
Secretary of State August 17, 1972]

I am reducing the appropriation contained in Section 3 of Assembly Bill No. 262 from \$5,020,000 to \$20,000 by deleting the \$5,000,000 appropriation contained in Section 3 (a) of the bill

The reduced appropriation will be sufficient to provide start-up costs to develop the appropriate administrative controls for new and expanded methadone maintenance programs

Additional funding will be earmarked for this program when SB 714, a comprehensive drug abuse prevention plan, is finally passed. It is my expectation that with the additional funding provided in SB 714 and the administrative mechanism provided for by AB 262, the program set up by this bill will be able to operate to its fullest potential

With the above reduction, I approve Assembly Bill No. 262.

RONALD REAGAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 11655.10 is added to the Health and Safety Code, to read:

11655.10. (a) The Department of Mental Hygiene, after the approval of a methadone maintenance program pursuant to Section 11655.7 by the Research Advisory Panel, shall ascertain such program's need for financial support and may, upon a determination that support is needed, disburse available funds to such program, which was approved on or after the effective date of this section, on a two-year basis. Funds shall be made available for such programs in the same ratio as for approved Short-Doyle programs as provided by Part 2 (commencing with Section 5600) of Division 5 of the Welfare and Institutions Code; however, if the county contracts with a private person or agency or nonprofit corporation for the providing of drug program services, the state's share of the cost of the drug program of the county approved in the county Short-Doyle plan shall be 85 percent, the county's share shall be 5 percent, and the share of the private person or agency or nonprofit corporation shall be 10 percent.

(b) The Department of Mental Hygiene may disburse up to one-half of the available funds to support methadone maintenance programs which received their approval before the effective date of this section. Such funds may be used only to support the treatment of new patients participating in such programs.

(c) As used in this section, "need" means the inability to finance a given program at the treatment level approved pursuant to Section 11655.7 from available sources of funds.

(d) Funds shall be disbursed pursuant to this section only if the prospective recipient of such funds has made all reasonable efforts

to secure the necessary funding from alternative sources.

SEC. 2. Section 11655.11 is added to the Health and Safety Code, to read:

11655.11. The Director of Mental Hygiene shall submit a program budget annually to the Department of Finance, including not only expenditures proposed to be made under this article relating to methadone, but also expenditures proposed to be made under any related program or by any other state agency, designed to provide similar services or services incidental to the functions of the provisions of this article relating to methadone.

Any state agency desiring to establish a methadone maintenance program shall apply to the Department of Mental Hygiene for funds to administer such program.

SEC. 3. There is hereby appropriated from the General Fund the sum of five million twenty thousand dollars (\$5,020,000) to the Director of Finance for allocation to the Department of Mental Hygiene and the Research Advisory Panel for expenditure for the purposes of methadone maintenance programs in accordance with the following schedule:

- (a) To the Department of Mental Hygiene to carry out the purposes of Section 11655.10 of the Health and Safety Code, as added by this act..... \$5,000,000
- (b) To the Department of Mental Hygiene for costs of administration..... 12,000
- (c) To the Research Advisory Panel for costs of administration 8,000

SEC. 3.5. The Department of Mental Hygiene shall expend not more than five hundred thousand dollars (\$500,000) in paying for private methadone maintenance programs contracted directly by the state and approved by the Research Advisory Panel. This section shall not become operative if either Senate Bill No. 714 or Assembly Bill No. 400 of the 1972 Regular Session is enacted into law.

SEC. 4. It is the intention of the Legislature that this bill and Senate Bill No. 714 both be given effect, and that if Senate Bill No. 714 is chaptered after this bill, any reference to the Research Advisory Panel in Section 3 of this act shall be deemed to mean the Department of Mental Hygiene.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The urgent need for funds to finance methadone programs to combat narcotic addiction requires that this act go into effect immediately.

CHAPTER 1024

An act appropriating funds for increases in compensation for nonacademic, and noninstructional and noninstructional-related employees of public higher educational institutions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 17, 1972. Filed with Secretary of State August 17, 1972]

I am reducing the appropriation contained in Section 1 of Senate Bill No. 178 from \$2,530,000 to \$1,385,000 by reducing Schedule (a) from \$1,330,000 to \$350,000, and Schedule (b) from \$1,200,000 to \$1,035,000.

The reduced appropriation contained in this bill will insure salary parity between nonacademic classes at the University and the State Colleges and comparable civil service classes. Additional funds are not required to achieve salary parity for the affected nonacademic classes

With the above reduction, I approve Senate Bill No. 178

RONALD REAGAN, Governor

The people of the State of California do enact as follows:

SECTION 1. There is hereby appropriated from the General Fund the sum of two million five hundred thirty thousand dollars (\$2,530,000) for salary increases for nonacademic, and noninstructional and noninstructional-related employees in, respectively, the University of California and the California State University and Colleges, other than personnel in academic classifications in the University of California and instructional and instructional-related positions in the California State University and Colleges, to be allocated by the Department of Finance to the Regents of the University of California and the Trustees of the California State University and Colleges, respectively, in augmentation of their respective appropriations for support or for other purposes, in such amounts as will defray the cost, including staff benefits, of increases in compensation provided for in any increased salary range or rate, including staff benefits, established on or after July 1, 1972, by the Regents of the University of California and the Trustees of the California State University and Colleges, in accordance with the following schedule:

Schedule:

(a) For increases in compensation for nonacademic positions established by the Regents of the University of California	\$1,330,000
(b) For increases in compensation for administrative, noninstructional, and noninstructional-related positions established by the Trustees of the California State University and Colleges	1,200,000
	<hr/>
Total of schedule.....	\$2,530,000

Before any increased salary range or rate established for any position for the 1972-1973 fiscal year shall become effective, a certification shall be obtained from the Director of Finance that sufficient money either is available in funds authorized for the Regents of the University of California or the Trustees of the California State University and Colleges or may be made available from the appropriation in this section, to meet the cost of such increases.

SEC. 2. The increases provided for by Section 1 shall become operative on July 1, 1972, or such time thereafter as federal law or regulations permit.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Compensation for nonacademic, and noninstructional and noninstructional-related employees of, respectively, the University of California and the California State University and Colleges, has fallen substantially behind compensation for comparable work in private employment. Unless there is a prompt adjustment of state salaries for such employees, the University of California and the California State University and Colleges will suffer serious and irreparable harm. It is, therefore, necessary that this legislation be given immediate effect.

CHAPTER 1025

An act making an appropriation to the Department of the Youth Authority, relating to state employees.

[Approved by Governor August 17, 1972. Filed with Secretary of State August 17, 1972.]

I am reducing the appropriation contained in Senate Bill No. 1345 from \$175,000 to \$50,000.

The reduced appropriation for training contained in this bill and SB 1344 will be sufficient, when added to other budgeted and anticipated funds, to provide two weeks of pre-service training for all correctional officers, group supervisors and youth counselors hired by the Departments of Corrections and the Youth Authority in this fiscal year. This pre-service training, to be offered for the first time on a regular basis, is expected to result in a substantial improvement in the knowledge and skills of these beginning correctional workers.

With the above reduction, I approve Senate Bill No. 1345.

RONALD REAGAN, Governor

The people of the State of California do enact as follows:

SECTION 1. There is hereby appropriated from the General Fund to the Department of the Youth Authority the sum of one hundred seventy-five thousand dollars (\$175,000), to be expended for the development of a training program, in conjunction with Regional Criminal Justice Training Centers to the extent feasible.

CHAPTER 1026

An act making an appropriation to the Department of Corrections, relating to correctional officers.

[Approved by Governor August 17, 1972. Filed with Secretary of State August 17, 1972]

I am reducing the appropriation contained in Section 1 of Senate Bill No. 1344 from \$450,000 to \$150,000, by reducing Section 1 (2) from \$350,000 to \$50,000.

The reduced appropriation for training contained in this bill and SB 1345 will be sufficient, when added to other budgeted and anticipated funds, to provide two weeks of pre-service training for all correctional officers, group supervisors and youth counselors hired by the Departments of Corrections and the Youth Authority in this fiscal year. This pre-service training, to be offered for the first time on a regular basis, is expected to result in a substantial improvement in the knowledge and skills of these beginning correctional workers.

With the above reduction, I approve Senate Bill No. 1344.

RONALD REAGAN, Governor

The people of the State of California do enact as follows:

SECTION 1. There is hereby appropriated to the Department of Corrections from the General Fund the sum of four hundred fifty thousand dollars (\$450,000), to be allocated as follows:

(1) One hundred thousand dollars (\$100,000) for the conversion of 300 positions from the classification correctional officer to the classification correctional program supervisor; provided, however, that the State Personnel Board shall provide that the correctional program supervisors shall be selected through open, nonpromotional examinations, with career credits provided for correctional experience.

(2) Three hundred fifty thousand dollars (\$350,000) for the development of a training program, in conjunction with regional criminal justice training centers, to the extent feasible.

SEC. 2. In providing for the allocation of one hundred thousand dollars (\$100,000) for correctional program supervisor reclassifications, the Legislature finds that it has been demonstrated, to the extent that such demonstrations may realistically be expected under any circumstances, that expansion of the existing program will improve staff-inmate relationships, reduce tensions in the state prisons, enable the Department of Corrections to recruit and employ more highly qualified and competent personnel, improve counseling and program supervision services, and, in general, enhance existing rehabilitative efforts.

CHAPTER 1027

The personnel commission shall make the determination of the specific period of eligibility for reemployment on a class-by-class basis.

Employees who take voluntary demotions or voluntary reductions in assigned time in lieu of layoff shall be, at the option of the employee, returned to a position in their former class or to positions with increased assigned time as vacancies become available, and without limitation of time, but if there is a valid reemployment list they shall be ranked on that list in accordance with their proper seniority.

CHAPTER 1035

An act to amend Sections 20605 and 21252.6 of, and to add Sections 20750.426 and 22013.3 to, the Government Code, relating to the Public Employees' Retirement System.

[Approved by Governor August 17, 1972. Filed with Secretary of State August 17, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 20605 of the Government Code, as amended by Chapter 96 of the Statutes of 1971, is amended to read:

20605. For each law enforcement member and each local safety member subject to Section 21252.6 of this code, effective on the operative date of this section, or the later date of entrance into this system as such a member, the normal rate of contribution shall be 7 percent of compensation paid on and after such operative date.

The normal rate of contribution as established under this section for a member whose service is included in the federal system shall be reduced by one-third as applied to compensation not exceeding four hundred dollars (\$400). The reduction in contribution under this paragraph shall not apply to compensation for services of a member after the date upon which coverage under the federal system of members in his employment is terminated.

The operative date of this section with respect to a local safety member shall be the date upon which he becomes subject to Section 21252.6.

SEC. 1.5. Section 20750.426 is added to the Government Code, to read:

20750.426. An employer's contribution to the retirement fund in respect to law enforcement members provided by any and all other provisions of this chapter is increased by a sum equal to 1.30 percent of the compensation paid such members.

SEC. 2. Section 21252.6 of the Government Code, as amended by Chapter 1452 of the Statutes of 1971, is amended to read:

21252.6. The combined prior and current service pension for a law enforcement member, other than such member defined in Section 20017.7, subdivision (a) of Section 20017.75 or Section 20017.8 of this code, and a local safety member with respect to service to a contracting agency subject to this section, upon retirement after attaining age 55, is a pension derived from contributions of an employer sufficient, when added to that portion of the service retirement annuity which is derived from the accumulated normal contributions of the member at the date of his retirement, to equal one-fiftieth of his final compensation multiplied by the number of years of law enforcement, police, fire, or county peace officer service which is credited to him as a law enforcement member or a local safety member subject to this section at retirement. Notwithstanding the preceding sentence, this section shall apply to the current and

prior service pension for any other law enforcement member based on service to which it would have applied had the member, on July 1, 1971, been in employment described in Section 20017.77 of this code.

In no event shall the total pension for all service under this section exceed an amount which, when added to the service retirement annuity related to such service, equals 75 percent of final compensation. If the pension relates to service to more than one employer and would otherwise exceed such maximum, the pension payable with respect to each employer shall be reduced in the same proportion as the allowance based on service to such employer bears to the total allowance computed as though there were no limit, so that the total of such pensions shall equal the maximum.

This section shall not apply to a person whose effective date of retirement is prior to the operative date of this section or to a person who retires after such operative date and following reinstatement from a retirement having an effective date prior to such operative date and before rendering during such reinstatement at least one year of service in which he is subject to this section.

The Legislature reserves, with respect to any member subject to this section, the right to provide for such adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier age of service retirement made possible by the benefits under this section. The percentage of final compensation provided in this section shall be reduced by one-third as applied to that part of the member's final compensation which does not exceed four hundred dollars (\$400) per month for service after the effective date of coverage of a member under the federal system. The reduction in percentage of final compensation under this paragraph shall not apply to any service of a member retiring after the termination of coverage under the federal system of members in his employment.

This section shall not apply to a contracting agency nor its employees unless and until the agency elects to be subject to it by amendment to its contract made in the manner prescribed for approval of contracts or in the case of a new contract, by express provision of the contract. The operative date of this section with respect to a local safety member shall be the effective date of the amendment to his employer's contract electing to be subject to this section.

Upon such election by a contracting agency subject to Section 21252.1, this section shall not apply to a local safety member then employed who entered such employment after attaining age 30, and Section 21252.1 shall continue to apply to such member unless and until he terminates such employment and more than 30 days thereafter enters employment otherwise subject to this section. Upon such later entry into employment, the member will be subject to this section with respect to all service as a local safety member

rendered to any employer subject to this section.

This section shall not apply to a person who is a law enforcement member on its operative date and who entered law enforcement service after attaining age 30 unless such person elects in writing to be subject to this section and the election is filed in the office of the board within 30 calendar days following the operative date of this section.

SEC. 3. Section 22013.3 is added to the Government Code, to read:

22013.3. "Policeman" as used in this part also includes persons employed in positions set forth in Section 20017.77; provided, such designation is not contrary to any definition, ruling or regulation relating to the term "policeman" issued by the federal agency for the purposes of Section 218(d) (5) (A) of the Social Security Act.

SEC. 4. This act shall not become operative until such time as a ruling or regulation authorizing the inclusion of persons employed in positions set forth in Section 20017.77 within the definition of "policeman" is issued by the federal agency for purposes of Section 218(d) (5) (A) of the Social Security Act.

18747.3. The commission or the executive officer or any other employee duly authorized by the commission shall have the power to order the promoter to withhold 10 percent of the total purse payable to a contestant if the manager of the contestant does not present an itemized statement of expenses, incurred in connection with the contest, at the time the promoter is to pay the purse. CHAPTER 1052

An act relating to Indian education, and making an appropriation therefor.

[Approved by Governor August 17, 1972. Filed with Secretary of State August 17, 1972]

I am reducing the appropriation contained in Section 9 of Senate Bill No. 1258 from \$1,500,000 to \$500,000 by reducing the appropriation for the 1972-73 fiscal year from \$500,000 to \$100,000, by reducing the appropriation for the 1973-74 fiscal year from \$500,000 to \$400,000, and deleting the appropriation for the 1974-75 fiscal year.

The reduced appropriation for 1972-73 reflects the fact the program will be in effect

for only a part of the current fiscal year. The reduced appropriation for 1973-74 appears to be a proper level of support for the first full year of operation. The appropriation for 1974-75 has been deleted because I believe that this program should be subject to the full budgetary review process.

With the above reduction, I approve Senate Bill No. 1258

RONALD REAGAN, Governor

The people of the State of California do enact as follows:

SECTION 1. It is the intent and purpose of the Legislature that the Indian program provided for by this act shall be directed to improve the educational accomplishments of Indian students in the rural educational systems in California.

Not more than 10 Indian pilot projects in the rural public schools designed to develop and test educational models which increase competence in reading and mathematics shall be undertaken.

It is the intent of the Legislature to establish a three-year pilot project in Indian education. Such instructional projects shall be provided in prekindergarten to grade 4.

The Legislature recognizes the importance of Indian parent-community involvement in the planning, implementing, and evaluation of such Indian programs.

SEC. 2. As used in this act:

(b) "Superintendent" means the Superintendent of Public Instruction.

SEC. 3. From the funds appropriated therefor by the Legislature to the Department of Education for the purposes of this act, the superintendent, with the approval of the board shall administer this act and make apportionments to school districts to meet the total approved expense of the school districts incurred in establishing Indian education programs.

SEC. 4. The governing board of any rural school district receiving equalization aid, having a school in which there is a concentration of 10 percent or more of Indian students, and which maintains prekindergarten through grade 4 or kindergarten through grade 4, may apply to the superintendent for a project in Indian education.

The governing boards of two or more such school districts may jointly apply for a project in Indian education.

The application shall be made on forms provided by the superintendent, and in accordance with the rules and regulations adopted by the board.

The dates for making application shall be established by the superintendent.

SEC. 5. Upon approval by the board of an application under this

chapter, the superintendent shall certify the amount to be apportioned to the applicant school district.

SEC. 6. Each school district receiving funds provided by this act shall establish a districtwide Indian advisory committee for Indian education.

At each school participating, an Indian parent advisory group shall be established to increase communication and understanding between members of a community and the school officials. Each committee shall provide advice and suggestions on all parts of the program.

SEC. 7. The superintendent shall submit an annual report to the Legislature, and upon completion of the pilot programs, a final report concerning the implementation and evaluation of the Indian education programs. The reports shall include the achievement of the students, costs of each program detailed in terms of design, implementation, and continuing operating expense. They shall also include recommendations concerning improvement, retention, extension, or other aspects of the programs.

SEC. 9. There is hereby appropriated from the General Fund in the State Treasury to the Department of Education the sum of one million five hundred thousand dollars (\$1,500,000) for the purposes of this act, to be apportioned according to the following schedule:

For the 1972-1973 fiscal year	\$500,000
For the 1973-1974 fiscal year	500,000
For the 1974-1975 fiscal year	500,000

2924f. As used in this section and Sections 2924g and 2924h "property" means real property or a leasehold estate therein.

Before any sale of property can be made under the power of sale contained in any deed of trust or mortgage notice of the sale thereof must be given by posting a written notice of the time and place of sale, and describing the property to be sold, at least 20 days before the date of sale in one public place in the city where the property is to be sold, if the property is to be sold in a city, or, if not, then in one public place in the judicial district in which the property is to be sold, and publishing a copy thereof once a week for the same period, in some newspaper of general circulation published in the city in which the property or some part thereof is situated, if any part thereof is situated in a city, if not, then in some newspaper of general circulation published in the judicial district in which the property or some part thereof is situated, or in case no newspaper of general circulation is published in the city or judicial district, as the case may be, in some newspaper of general circulation published in the county in which the property or some part thereof is situated. A copy of such notice of sale shall also be posted in some conspicuous place on the property to be sold at least 20 days before date of sale. In addition to any other description of the property, the notice shall describe the property by giving its street address, if any, or other common designation, if any; but if a legal description of the property is given, the validity of the notice shall not be affected by the fact that the

street address or other common designation recited is erroneous or that the street address or other common designation is omitted. When the property consists of several known lots or parcels they shall be sold separately unless the deed of trust or mortgage provides otherwise; or when a portion of such property is claimed by a third person, and he requires it to be sold separately, such portion may be thus sold. The trustor, if present at the sale, may also, unless the deed of trust or mortgage otherwise provides, direct the order in which property shall be sold, when such property consists of such several known lots or parcels which may be sold to advantage separately, and the trustee shall follow such direction. After sufficient property has been sold to satisfy the indebtedness no more can be sold.

If the property under power of sale is in two or more counties the public auction sale of all of the property under the power of sale may take place in any one of the counties where the property or a portion thereof is located.

There may be a postponement of the sale proceedings at any time prior to the completion of the sale thereof at the discretion of the trustee, or if the beneficiary instructs the trustee to postpone the sale proceedings. The notice of each postponement shall be given by public declaration by the trustee at the time and place last appointed for sale. Such public declaration of the postponement shall also set forth the new date, time, and place of sale, which place of sale shall be the same place as originally fixed by the trustee for the sale. No other notice of postponement need be given.

SEC. 5. Section 2924h is added to the Civil Code, to read:

2924h. (a) Each and every bid made by a bidder at a trustee's sale under a power of sale contained in a deed of trust or mortgage shall be deemed to be an irrevocable offer by that bidder to purchase the property being sold by the trustee under such power of sale for the amount of the bid. Any second or subsequent bid by the same bidder or any other bidder for a higher amount shall be a cancellation of the prior bid.

(b) At the trustee's sale the trustee shall have the right (1) to require every bidder to show evidence of his ability to deposit with the trustee the full amount of his final bid in cash, or the equivalent of cash in a form satisfactory to the trustee, prior to and as a condition to the recognizing of such bid, and to conditionally accept and hold these amounts for the duration of the sale, and (2) to require the last and highest bidder to deposit, if not deposited previously, the full

amount of his final bid in cash, or the equivalent of cash in a form satisfactory to the trustee, immediately prior to the completion of the sale, the completion of the sale being so announced by the fall of the hammer or in other customary manner. The present beneficiary of the deed of trust under foreclosure shall have the right to offset his bid(s) only to the extent of the total amount due him including the trustee's fees and expenses.

(c) If the trustee has not required the last and highest bidder to deposit the cash or equivalent in the manner set forth in paragraph two of subdivision (b), the trustee shall complete the sale. If the last and highest bidder then fails to deliver to the trustee, when demanded, the amount of his final bid in cash, or the equivalent of cash in a form satisfactory to the trustee, such bidder shall be liable to the trustee for all damages which the trustee may sustain by the refusal to deliver to the trustee the amount of the final bid, including any court costs and reasonable attorneys' fees.

If the last and highest bidder willfully fails to deliver to the trustee the amount of his final bid in cash, or the equivalent of cash, in a form satisfactory to the trustee, such bidder shall be guilty of a misdemeanor punishable by a fine of not more than two thousand five hundred dollars (\$2,500).

(d) Any postponement or discontinuance of the sale proceedings shall be a cancellation of the last bid.

(e) In the event that this section conflicts with any other statutory provision of the law, then this section shall prevail.

SEC. 6. Section 692 of the Civil Code of Procedure is amended to read:

692. Before the sale of property on execution, notice thereof must be given as follows:

1. In case of perishable property: by posting written notice of the time and place of sale in three public places in the city where the property is to be sold, if the property is to be sold in a city, or, if not, then in three public places in the judicial district in which the property is to be sold, for such time as may be reasonable, considering the character and condition of the property.

2. In case of other personal property: by posting a similar notice in three public places in the city where the property is to be sold, if the property is to be sold in a city, or, if not, then in three public places in the judicial district in which the property is to be sold, for not less than 10 days and also, not less than 10 days prior to the sale, by mailing a notice of the time and place of the sale to the judgment debtor at his business or residence address last known to the judgment creditor or his attorney or delivering such notice to the judgment debtor. It shall be the duty of the party delivering an execution to an officer for levy to furnish the information required by such levying officer to comply with the provisions of this subdivision.

3. In case of real property or a leasehold estate therein: by posting a similar notice particularly describing the property at least 20 days

before the date of sale, in one public place in the city where the property is to be sold, if the property is to be sold in a city, or, if not, then in one public place in the judicial district in which the property is to be sold and publishing a copy thereof once a week for the same period, in some newspaper of general circulation published in the city in which the property or the real property in which such a leasehold estate was demised or some part thereof is situated, if any part thereof is situated in a city, if not, then in some newspaper of general circulation published in the judicial district in which the property or some part thereof is situated, or, in case no newspaper of general circulation is published in the city or judicial district, as the case may be, in some newspaper of general circulation published in the county in which the property or some part thereof is situated and at least 20 days before the date of sale by mailing by certified mail a notice of the time and place of sale to the judgment debtor at his business or residence address last known to the judgment creditor or his attorney or delivering such notice to the judgment debtor. It shall be the duty of the party delivering an execution to an officer for levy to furnish the information required by the levying officer to comply with the provisions of this subdivision. Where real property is to be sold under execution upon a judgment a copy of said notice shall be posted in some conspicuous place on the property to be sold, at least 20 days before date of sale, and where a leasehold estate in real property is to be sold under execution upon a judgment a copy of said notice shall be posted in some conspicuous place on the real property in which such a leasehold estate was demised, at least 20 days before date of sale. In addition to particularly describing the property, the notice shall describe the property by giving its street address, if any, or other common designation, if any; but, if a legal description of the property is given, the validity of the notice shall not be affected by the fact that the street address or other common designation recited is erroneous or that the street address or other common designation is omitted. The term newspaper of general circulation as used herein is as defined in Article 1 (commencing with Section 6000) of Chapter 1, Division 7, Title 1 of the Government Code. The term "judgment debtor" does not include a trustor or mortgagor.

4. When the judgment under which the property is to be sold is made payable in a specified kind of money or currency, the several notices required by this section must state the kind of money or currency in which bids may be made at such sale, which must be the same as that specified in the judgment.

SEC. 7. Section 694 of the Civil Code of Procedure is amended to read:

694. All sales of property under execution must be held in the county where said property or some part thereof is situated, and must be made at auction, to the highest bidder, between the hours of 9 in the morning and 5 in the afternoon. After sufficient property has been sold to satisfy the execution, no more can be sold. Neither the officer holding the execution nor his deputy can become a

purchaser or be interested in any purchase, at such sale. When the sale is under execution and is of personal property, capable of manual delivery, it must be within view of those who attend the sale, and be sold in such parcels as are likely to bring the highest price; and when the sale is under execution and is of real property, consisting of several known lots or parcels, they must be sold separately; or when a portion of said real property is claimed by a third person, and he requires it to be sold separately, such portion can be thus sold. The judgment debtor, if present at the sale, may also direct the order in which property, real or personal, shall be sold, when such property consists of several known lots or parcels, or of articles which can be sold to advantage separately and the sheriff must follow such direction.

Whenever a request in writing signed by the debtor and creditor for a postponement of the sale to an agreed date and hour, is given to the officer conducting the sale under execution, such officer shall thereupon by public declaration postpone the sale to the day and hour so fixed in such request to be held at the place originally fixed by the officer for the sale. In case of postponements, notice of each thereof must be given by public declaration by the officer at the time and place last appointed for the sale. No other notice of postponed sale need be given.

The people of the State of California do enact as follows:

SECTION 1. Division 14 (commencing with Section 30000) is added to the Financial Code, to read:

DIVISION 14. SECURITIES DEPOSITORIES

CHAPTER 1. APPLICATION OF THIS DIVISION

30000. This division is known and may be cited as the "Securities Depository Law."

30001. Unless the context otherwise requires, the definitions set

forth in this chapter govern the construction of this division.

30002. "Commissioner" means the Commissioner of Corporations.

30003. "Person" means, in addition to the singular, persons, group of persons, cooperative, association, company, firm, partnership, corporation, or other legal entity.

30004. "Securities depository" means any person or group of persons who acts as the custodian of securities in accordance with a system for the central handling of securities whereby all securities of a particular class or series of any issues deposited within the system are treated as fungible and may be transferred or pledged by bookkeeping entries effected by that person without physical delivery of such securities.

30005. This division does not apply to:

(a) A securities depository which is operated by a corporation, all of the capital stock (other than directors' qualifying shares, if any) of which is held by or for a national securities exchange or association registered under a statute of the United States such as the Securities Exchange Act of 1934, or by a corporation all of the capital stock (other than directors' qualifying shares, if any) of which is held by or for such a wholly owned subsidiary of a registered national securities exchange.

(b) A securities depository which is registered with the Securities and Exchange Commission pursuant to any provision of federal law or which is regulated by the Comptroller of the Currency, the Federal Reserve Board, or the Federal Deposit Insurance Corporation pursuant to any provision of federal law, or which is regulated by the Superintendent of Banks pursuant to the laws of this state.

30006. The commissioner may establish such rules and regulations as are reasonable or necessary to carry out the purposes and provisions of this division. The commissioner may, by rule, exempt from any or all of the provisions of this division any securities depository which the commissioner determines is subject to adequate regulatory supervision by an agency, office, or commission of the federal government or by any agency, office, or commission, other than the commissioner, of the State of California.

CHAPTER 2. LICENSE

30200. It shall be unlawful for any person to operate a securities depository within this state, or to solicit holders of securities within this state to place their securities into a securities depository located within this state or outside this state, except by means of a corporation licensed by the commissioner as a securities depository.

30201. A securities depository shall only be operated by a corporation:

(a) At least 90 percent of the capital stock of which is held by or for one or more persons (other than individuals), each of whom, (i)

is subject to supervision or regulation pursuant to the provisions of federal or state banking laws or state insurance laws, or (ii) is a broker or dealer or investment company registered under the Securities Exchange Act of 1934 or the Investment Company Act of 1940, or (iii) is a national securities exchange or association registered under the Securities Exchange Act of 1934, and none of whom, other than a national securities exchange or association, holds in excess of 20 percent of the capital stock of such corporation; and

(b) Any remaining capital stock of which is held by individuals who have purchased such capital stock at or prior to the time of their taking office as directors of such corporation and who have purchased only so much of such capital stock as may be necessary to permit them to qualify as such directors.

30202. The commissioner shall charge and collect the following fees:

(a) For filing an application for a securities depository license, two thousand five hundred dollars (\$2,500).

(b) For holding a hearing in connection with the application, as set forth under Section 30205, the actual costs experienced in each particular instance.

(c) For continuing a license as a securities depository in effect, a fee of two thousand five hundred dollars (\$2,500) per annum, payable biennially on the 15th day of December of each odd-numbered calendar year. If a license is issued during an even-numbered calendar year, the securities depository shall pay to the commissioner, within 60 days after the issuance of its license, an additional annual fee of two thousand five hundred dollars (\$2,500).

30203. All money received by the commissioner shall be paid by him into the State Treasury to the credit of the General Fund.

30204. An application for a securities depository license shall be signed and verified by an authorized officer of the applicant, and shall set forth in such form as the commissioner may prescribe:

(a) The names and addresses of the incorporators, directors, and officers, with a statement of their character, experience, and general fitness to operate a securities depository.

(b) A showing that the proposed method of operation of such securities depository will be adequate for the protection of investors.

(c) The names of every person who holds or is to hold capital stock in the securities depository corporation together with a statement of the percentage interest attributable to each. The commissioner may require disclosure of such additional information as may be necessary to determine the individuals controlling such corporation.

(d) The addresses at which facilities of the applicant will be located and a description of each such facility and the functions there performed, and a description of any other business or operations which will be conducted on such premises.

(e) By way of exhibits, a copy of the articles of incorporation and a copy of the bylaws of the applicant.

(f) By way of exhibits, financial statements of the applicant, which

shall include at least a balance sheet and profit and loss statement certified by an independent public accountant or certified public accountant, and if such certified statements are prepared as of a date more than 60 days prior to the filing of the application, a balance sheet and profit and loss statement, which need not be certified, prepared as of a date within such 60-day period, together with profit and loss statements covering at least three years of its operations, or such lesser period as the applicant may have operated, to the date of such certified balance sheet.

(g) Such additional information as the commissioner may by rule prescribe.

30205. Upon the receipt of a proper and complete application for license, and all required fees, the commissioner shall immediately examine and investigate all facts connected with the proposed licensee, including but not limited to its stockholders, directors, officers and managers, and its proposed safeguards with respect to custody, handling, recordkeeping, insurance, and auditing of securities on deposit. The commissioner may or may not require the applicant to submit to an appropriate hearing. At such hearing any interested person may show cause either in favor of, or opposed to, the application.

30206. The commissioner may refuse to issue any license being applied for, and shall refuse to issue any license being applied for if upon his examination and investigation, and after appropriate hearing, he finds any of the following:

(a) That the incorporators, directors, officers, or stockholders lack the character, experience, or general fitness to engage in such a business.

(b) That the proposed licensee's program of safeguards with respect to custody, handling, recordkeeping, insurance, and auditing of securities on deposit is inadequate for the protection of investors.

(c) That the requirements with respect to ownership of capital stock of Section 30201 are not met.

(d) That the applicant is, or is in danger of becoming, insolvent.

30207. No licensee, or any other person, shall solicit deposits of securities or otherwise conduct the business of a licensee, by means of any statement or representation which is false, misleading, or deceptive, or which omits to state material information, or which infers that such licensee has been sponsored, recommended or approved or that his abilities or qualifications have in any respect been passed upon by the commissioner. The commissioner may order a licensee or other person to desist from any conduct which he shall find to be a violation of this section.

30208. A securities depository license is not transferable or assignable. Further, no license may be acquired, either in whole or in part, through stock purchase or other devices without the consent of the commissioner.

30209. Any person who operates a securities depository, or solicits holders of securities within this state to place securities in a securities

depository, either directly as principal or indirectly as agent, employee, manager, fiduciary representative, or in any other capacity, unless such securities depository has applied for and received the license required by this division, is guilty of a misdemeanor punishable by imprisonment in a county jail for not less than three months and not exceeding 12 months, or by a fine of not less than two hundred fifty dollars (\$250) and not exceeding one thousand dollars (\$1,000), or by both such fine and imprisonment.

30210. Every person subject to this division shall keep and use in its business, books, accounts, and records which will properly enable the commissioner to determine whether the operation of a securities depository by such person complies with the provisions of this division and with all rules and regulations made by the commissioner under this division.

30211. The business, accounts and records of every person licensed under this division are subject to inspection and examination by the commissioner at any time without prior notice.

30212. The actual cost of every inspection and examination shall be paid to the commissioner by the person examined and the commissioner may maintain an action for the recovery of such costs in any court of competent jurisdiction.

30213. (a) Every person subject to this division shall submit to the commissioner, at such person's own expense, financial statements prepared in accordance with generally accepted accounting principles covering the calendar year or, if such person has an established fiscal year, then for such fiscal year, within 105 days after the close of the calendar year or fiscal year. Such financial statements shall be covered by a report or certificate of an independent certified public accountant or independent public accountant. In addition financial statements, which may be unaudited, as of the end of the calendar month next preceding the date of submission of the audited financial statements shall also be filed concurrently with such audited financial statements. All audits referred to in this section shall be by independent certified public accountants or independent public accountants acceptable to the commissioner. The audits shall be conducted in accordance with generally accepted auditing standards. The audited financial statements shall include at least an audited balance sheet showing the person's net worth and a statement of income and expenses for the year ended on the balance sheet date. The commissioner may by rule prescribe the matters to be covered in the report or certification of the auditor.

(b) Within such period as the commissioner shall prescribe, which shall not be less than 10 days, a person subject to this division shall submit to the commissioner, at such person's own expense, a report containing such information regarding its financial condition, operations, or the ownership of its outstanding securities as the commissioner may require.

30214. If any person subject to this division fails to make any

report required by law or by the commissioner, the commissioner shall immediately cause the books, records, papers, and affairs of said person to be thoroughly examined. The commissioner may, in carrying out his responsibilities under this section, employ an independent public accountant or certified public accountant the cost of whose services shall be borne by such person in accordance with Section 30212.

30215. If the commissioner, as a result of any examination or from any report made to him, shall find that any person subject to this division is in an insolvent condition, or is operating a securities depository in such an unsafe or injurious manner as to render further operations hazardous to the public or to depositors the commissioner may forthwith, by an order addressed to and served by registered mail on such person, direct discontinuance of the operation of a securities depository within the State of California or direct discontinuance of the solicitation of security holders within the State of California by such securities depository, or otherwise limit the conduct of the business of such depository as may be necessary for the safety of security holders. The order shall remain in effect until set aside by the commissioner in whole or in part.

30216. Whenever in the opinion of the commissioner any person required by this division to be licensed is engaged in operating a securities depository or in soliciting securities holders within this state to place securities in a securities depository, without a license from the commissioner, the commissioner may order said person to desist and to refrain from engaging in such business. If, after such an order is made, a request for a hearing is filed in writing and the hearing is not held within 60 days thereafter, the order is rescinded.

30217. The commissioner may from time to time make, amend, and rescind such rules, forms, and orders as are necessary to carry out the provisions of this law, including rules defining any terms, whether or not used in this law, insofar as the definitions are not inconsistent with the provisions of this law. For the purposes of rules and forms, the commissioner may classify persons and matters within his jurisdiction and may prescribe different requirements for different classes. The commissioner may in his discretion waive any requirement of any rule or form in situations where in his opinion such requirement is not necessary in the public interest or for the protection of investors. All rules of the commissioner other than those relating solely to the internal administration of the Department of Corporations shall be made, amended, or rescinded in accordance with the provisions of Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

CHAPTER 3. REVOCATION OF LICENSE

30600. A security depository license remains in effect until surrendered, revoked or suspended.

30601. If the commissioner has reason to believe that a licensed securities depository has violated its articles of incorporation, or any law or rule binding upon it, he shall, by written order addressed to the agent direct the discontinuance of such violation.

30602. If any licensed securities depository fails to make any report required by law or by the commissioner within 10 days from the day designated for the making of the report, or within any extension of time granted by the commissioner, or has failed to pay any fee or charge payable under this division within 10 days after notice by the commissioner that such fee is due and unpaid, such failure shall constitute grounds for the suspension or revocation of the license held by such securities depository or for the issuance of an order by the commissioner under the provisions of Section 30215.

30603. If it appears to the commissioner that any licensed securities depository located within this state is conducting business in an unsafe or injurious manner, he shall, by written order addressed to the securities depository direct the discontinuance of such unsafe or injurious practices, or if the licensed securities depository is one which is located outside this state but is soliciting holders of securities in California to place their securities in such securities depository, the commissioner shall direct such securities depository to discontinue all such solicitations until all such unsafe and unsound practices have been corrected.

30604. An order issued pursuant to Section 30601 or 30603 shall require the licensed securities depository to show cause before the commissioner, at a time fixed by the commissioner, why the order should not be observed. If upon the hearing, it appears to the commissioner that the licensed securities depository is conducting business in an unsafe or injurious manner or is violating its articles of incorporation or any law of this state, or any rule binding upon it, the commissioner shall make the order of discontinuance final and the licensed securities depository shall immediately discontinue the practices named in the order.

30605. The licensed securities depository has 10 days after an order is made final in which to commence action to restrain enforcement of such order, and unless such action is commenced, and the enforcement of such order is enjoined within 10 days by the court in which the suit is brought, the licensed securities depository shall comply with the order.

30606. (a) If a securities depository fails to comply with a final order and has not secured a court order restraining the enforcement of such final order, the commissioner may revoke the license of such securities depository or he may institute proceedings under subdivision (b) to enforce such final order.

(b) Whenever it appears to the commissioner that any person has engaged or is about to engage in any act or practice constituting a violation of any provision of this law or any rule or order hereunder, he may in his discretion bring an action in the superior court to enjoin the acts or practices or to enforce compliance with this law or

any rule or order hereunder. Upon a proper showing, a permanent or preliminary injunction, restraining order, or writ of mandate shall be granted and a receiver or conservator may be appointed for the defendant or the defendant's assets. The court shall not require the commissioner to post a bond.

30607. The commissioner may commence and prosecute actions and proceedings to enjoin violations of this division or violations of orders or decisions of the commissioner rendered pursuant to this division, and for the enforcement of any and all civil penalties provided for by this division.

30608. The commissioner may, after notice and a reasonable opportunity to be heard, suspend, revoke, or decline to renew any license if he finds that:

(a) The licensee has violated any provision of this division or any rule or order made by the commissioner under and within the authority of this division.

(b) Any fact or condition exists which, if it had existed at the time of the original application for such license, reasonably would have warranted the commissioner in refusing originally to issue such license.

CHAPTER 4. HEARINGS

30700. The commissioner, and all persons designated by him, may administer oaths, take the testimony of witnesses, and issue subpoenas requiring the attendance of witnesses and the production of books, documents, and other things under their control, at any examination, investigation, or hearing in any part of the state.

30701. All of the provisions of Chapter 2 (commencing with Section 1985), Title 3, Part 4 of the Code of Civil Procedure relating to the means of production of evidence out of court are applicable to any examination, investigation, or hearing under this division.

30702. The authority to make or conduct any examination, investigation, or hearing, including the authority to administer oaths and to subpoena witnesses, and to take their testimony may be delegated by the commissioner to any deputy, investigator, or auditor appointed by him for that purpose. The appointment shall be made by an instrument in writing, signed by the commissioner. Upon any examination, investigation, or hearing, the instrument shall be produced by the deputy, investigator, or auditor at any time upon demand.

30703. All hearings provided for in this division shall be conducted in accordance with the provisions of Chapter 5 (commencing with Section 11500), Part 1, Division 3, Title 2, of the Government Code, and the commissioner has all the powers granted therein, except that a hearing held in accordance with Section 30604 may be presided over by a hearing officer qualified under Section 11502 of the Government Code, or by any deputy designated by the commissioner.

30704. Every order, decision, license or other official act of the commissioner is subject to review, in accordance with law.

Any savings bank, commercial bank, or trust company which deposits or arranges for the deposit of such securities in such a securities depository shall maintain records which at all times show the ownership of the securities so deposited. If the physician or administrative officer responsible for a patient deems the release of such records contrary to the best interest of the patient, he shall notify the patient within five days. In the event that the disclosure of the patient's records to the patient himself would

not serve his best interests, the physician or administrative officer in question shall render formal notice of his decision to the superior court of the county in which the patient resides.

SEC. 4. It is the intent of the Legislature, that, if Reorganization Plan No. 1 of 1970 becomes operative, Section 5328 of the Welfare and Institutions Code, as amended by Section 1 of this act, shall remain in effect only until Reorganization Plan No. 1 of 1970 becomes operative and on that date Section 5328 of the Welfare and Institutions Code, as added by Section 2 of this act, which includes the changes in Section 5328 made by both Reorganization Plan No. 1 of 1970 and Section 1 of this act, shall become operative.

The exception provided for in the preceding sentence with respect to applications filed prior to January 1, 1970, except for transfers executed before November 30, 1970 or after July 1, 1971, shall not apply to transferees of the

applications of the original applicants.

Voluntary area health planning agencies may extend, until July 1, 1972, the date upon which applicants, qualifying under the exception in this section, shall commence construction, if the voluntary area health planning agencies declare that good cause has been shown why such extension should be granted, provided that an applicant applying for such extension had, prior to January 1, 1970, received approval of a health planning association in the county wherein the applicant is located. Applicants receiving extension of the construction commencement date shall have on file with the State Department of Public Health a notarized affidavit from the building department having jurisdiction indicating that substantial progress on the approved project was attained by January 1, 1974, and have on file with the county recorder and State Department of Public Health a valid notice of construction completion indicating January 1, 1975, as the completion date; except that the State Department of Public Health shall extend each of the foregoing dates by no more than a total of one year in the case of projects where good cause has been shown why such extension should be granted.

(a) Submission to the appropriate state agency of a written agreement executed between the applicant and a licensed general contractor to construct and complete the facility within a designated time schedule in accordance with final architectural plans and specifications approved by such agency.

(b) Obtaining such initial permits or approval for commencing work on the project as is customarily issued for projects of the scope of applicant by the governmental agency having jurisdiction over the construction.

(c) Completion of construction work on the project to such a degree as to justify and require a progress payment by the applicant to the general contractor under terms of the construction agreement.

Sec. 15. Within 90 days of the effective date of this act, the Health Planning Council shall adopt guidelines pursuant to Section 437.7 of the Health and Safety Code. By July 1, 1970, all voluntary area health planning agencies shall adopt guidelines pursuant to Section 437.7 of such code. This act shall not apply to applicants who have filed applications for licenses, prior to January 1, 1970, which meet all requirements and regulations of the appropriate state agency existing at the time of application, including at least preliminary submission of plans, but only if such applicants commence construction of their projects prior to July 1, 1971, and have on file with the State Department of Public Health a notarized affidavit from the building department having jurisdiction indicating that substantial progress on the approved project was attained by January 1, 1973, and have on file with the county recorder and State Department of Public Health a valid notice of construction completion indicating January 1, 1974, as the completion date; except that the State Department of Public Health shall extend the foregoing dates by no more than a total of one year in the case of projects where good cause has been shown why such extension should be granted. Except for those transfers executed before November 30, 1970, or after July 1, 1971, the exception provided for in the preceding sentence shall not apply to transferees of the applications of such applicants.

Voluntary area health planning agencies may extend, until July 1, 1972, the date upon which applicants, qualifying under the exception in this section, shall commence construction, if the voluntary area health planning agencies declare that good cause has been shown why such extension should be granted, provided that an applicant applying for such extension had, prior to January 1, 1970, received approval of a health planning association in the county wherein the applicant is located. Applicants receiving extensions of the construction commencement date shall have on file with the State Department of Public Health a notarized affidavit from the building department having jurisdiction indicating that substantial progress on the approved project was attained by January 1, 1974, and have on file with the county recorder and State Department of Public Health a valid notice of construction completion indicating January 1, 1975, as the completion date; except that the State Department of Public Health shall extend each of the foregoing dates by no more than a total of one year in the case of projects where good cause has been shown why such extension should be granted.

For purposes of this section, "substantial progress" is defined and evidenced as follows:

(a) For structures of three or fewer stories, completion of the foundations and footings; the structural frame; the mechanical, electrical, and plumbing rough-in; the rough flooring; the exterior walls and windows; and the finished roof.

(b) For structures of more than three stories, a contractor's schedule of work shall be filed with the State Department of Public

Health by January 1, 1973. Every three months thereafter, until completion, evidence shall be submitted to the department that construction is progressing on that schedule.

For purposes of this section, construction of a project is deemed commenced on the date the applicant was so notified by the Department of Public Health, if so notified, or on the date the applicant has completed not less than all of the following:

(a) Submission to the appropriate state agency of a written agreement executed between the applicant and a licensed general contractor to construct and complete the project within a designated time schedule in accordance with final architectural plans and specifications approved by such agency.

(b) Obtaining such initial permits or approval for commencing work on the project as is customarily issued for projects of the scope of applicant by the governmental agency having jurisdiction over the construction.

(c) Completion of construction work on the project to such a degree as to justify and require a progress payment by the applicant to the general contractor under terms of the construction agreement.

SEC. 9. It is the intent of the Legislature by Sections 7 and 8 of this act to clarify the meaning of the term "commence construction," as used in Section 15 of Chapter 1451 of the Statutes of 1969.

Any applicant who, on July 1, 1971, had commenced construction of his project, as that term is defined in Section 15 of Chapter 1451 of the Statutes of 1969, as amended by this act, and who meets all other requirements for the exception from approval of such project by any health planning agency provided for in Section 15 may, where necessary, reapply to the State Department of Public Health for exception pursuant to Section 15.

SEC. 10. It is the intent of the Legislature, that, if Reorganization Plan No. 1 of 1970 becomes operative, Section 1415 of the Health and Safety Code, as amended by Section 1 of this act, shall remain in effect only until Reorganization Plan No. 1 of 1970 becomes operative and on that date Section 1415 of the Health and Safety Code, as added by Section 2 of this act, which includes the changes in Section 1415 made by both Reorganization Plan No. 1 of 1970 and Section 1 of this act, shall become operative.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The definition of the term "commence construction," as well as appropriate criteria for construction progress, as they apply to certain hospital applicants under Chapter 1451 of the Statutes of 1969, must be properly defined immediately, so that persons and organizations who have received Department of Public Health approval to proceed with their hospital projects can do so without undue hardship to health care consumers or to the applicants themselves.

In order that the amendments to Section 1031 of the Government Code made by Chapter 1748 of the Statutes of 1971, which require a high school education or its equivalent of all peace officers, will not adversely affect the retention or promotion of peace officers already employed but not meeting such educational requirements on the effective date of such legislation, it is necessary that Section 1 of this act take immediate effect. Section 16114 of the Government Code is amended to read:

16114. On or before October 31, 1972, and on or before the last day of October of each year thereafter, the assessor shall report the open-space adjustment for each school district located in the county to the Controller and to the Superintendent of Public Instruction. The open-space adjustment shall be calculated by determining the difference between:

(a) The adjusted assessed value of all land in the district in the base year, excluding the assessed value of the right to extract oil, gas or other hydrocarbons, which shall be the last assessment year prior to the application of Section 423 or 423.5 of the Revenue and Taxation Code to any land within the district, and

(b) The assessed value of all land within the district, excluding the assessed value of the right to extract oil, gas or other hydrocarbons, for the current assessment year.

For the purposes of subdivision (a), "adjusted assessed value" shall be computed by multiplying the actual assessed value of land in the district in the base year, excluding the assessed value of the right to extract oil, gas or other hydrocarbons, by the percentage which the gross assessed value of all land in the state on the local roll outside of municipalities without deductions for any exemptions for the current assessment year is of the gross assessed value of all land on the local roll outside municipalities without deductions for any exemptions in the base year. The Controller shall announce the factors to be used by the assessors on or before October 15th of each year.

If the value of land within the district for the current assessment year is greater than the adjusted assessed value of the base year, there shall be no reimbursement.

SEC. 1.3. Section 16117 of the Government Code is amended to read:

16117. The other provisions of this chapter notwithstanding, no city, county, or city and county shall receive more money by reason of the funds provided for in the open-space provisions of this chapter than such governmental entity might have received had no property in the entity been assessed pursuant to Sections 423 and 423.5 of the Revenue and Taxation Code. This determination shall be made by:

(a) Multiplying the last unrestricted assessed value, excluding the assessed value of the right to extract oil, gas or other hydrocarbons, of each parcel now subject to assessment under Sections 423 or 423.5 of the Revenue and Taxation Code by the percentages which the current gross assessed value of all land on the local roll outside municipalities without deduction for exemption in the state is of the gross assessed value of all land on the local roll outside municipalities

without deduction for exemption in the state for the last year in which the parcel was not so restricted;

(b) Subtracting the current assessed value, excluding the assessed value of the right to extract oil, gas or other hydrocarbons, for the parcel from the figure derived pursuant to subdivision (a);

(c) Calculating the total of all differences determined pursuant to subdivision (b) for land under control of, or, in the case of cities, within the boundaries of, the entity in question; and

(d) Multiplying the total derived under subdivision (c) by the tax rate for the current year of the entity in question.

The determinations required by this section shall be made by the Secretary of the Resources Agency.

SEC. 1.4. Section 16119 is added to the Government Code, to read:

16119. In addition to the report required by Section 16109, the Secretary of the Resources Agency shall require from local government agencies such other information relative to lands valued pursuant to the provisions of Article 28 of the California Constitution as is necessary for the proper administration of the provisions of Sections 16107 through 16119 and for periodic review of the policies established therein.

(b) In the case of a head of household or a married individual, a credit of fifty dollars (\$50). A husband and wife shall receive but one credit for personal exemption of fifty dollars (\$50). If the husband and wife make separate returns, the credit may be taken by either or divided between them. If one spouse was a resident for the entire taxable year and the other spouse was a nonresident for all or any portion of the taxable year, the personal exemption shall be divided equally and the portion deductible by the nonresident shall be determined under Section 17055. (2) Who is a child of the taxpayer and who (A) has not attained the age of 19 at the close of the calendar year in which the taxable year of the taxpayer begins, or (B) is a student.

(3) No exemption shall be allowed under this subdivision for any dependent who has made a joint return with his spouse under Section 18402 for the taxable year beginning in the calendar year in which the taxable year of the taxpayer begins.

(4) For purposes of paragraph (2), the term "child" means an individual who (within the meaning of Section 17056) is a son, stepson, daughter or stepdaughter of the taxpayer.

(5) For purposes of subparagraph (B) of paragraph (2) of this subdivision and Section 17059, the term "student" means an individual who during each of five calendar months during the calendar year in which the taxable year of the taxpayer begins—

(A) Is a full-time student at an educational institution; or

(B) Is pursuing a full-time course of institutional on-farm training under the supervision of an accredited agent of an educational institution or of a state or political subdivision of a state.

For purposes of this paragraph, the term "educational institution" means only an educational institution which normally maintains a regular faculty and curriculum and normally has a regularly organized body of students in attendance at the place where its educational activities are carried on.

(d) A credit for personal exemption of eight dollars (\$8) for the taxpayer if he is blind at the close of his taxable year.

(e) A credit for personal exemption of eight dollars (\$8) for the spouse of the taxpayer if a separate return is made by the taxpayer, and if the spouse is blind and, for the calendar year in which the taxable year of the taxpayer begins, has no gross income and is not the dependent of another taxpayer.

(f) For the purposes of this section, an individual is blind only if either: his central visual acuity does not exceed 20/200 in the better eye with correcting lenses, or his visual acuity is greater than 20/200 but is accompanied by a limitation in the fields of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees.

SEC. 1.6. Section 17064.6 is added to the Revenue and Taxation Code, to read:

17064.6. For the purposes of this chapter, the term "net business loss" means adjusted gross income (as defined in Section 17072) less the deductions allowed by Section 17252 (relating to expenses for production of income).

SEC. 2. Section 17064 of the Revenue and Taxation Code is amended to read:

17064. (a) For purposes of Section 17063, the excess investment interest for any taxable year is the amount by which the investment interest expense for the taxable year exceeds the sum of—

(A) The net investment income for the taxable year, and

(B) The amount (if any) by which the deductions allowable under Sections 17202, 17203, paragraph (1) or (2) of subdivision (a) of Section 17204, and Section 17252 attributable to property of the taxpayer subject to a net lease exceeds the gross rental income produced by such property for the taxable year.

(1) The term "net investment income" means the excess of investment income over investment expenses,

(2) The term "investment income" means—

(A) The gross income from interest, dividends, rents, and royalties,

(B) The net short-term capital gains attributable to the disposition of property held for investment, and

(C) Amounts treated under Sections 18211 and 18212 as gain from the sale or exchange of property which is neither a capital asset nor property described in Section 18181 or Section 18182, but only to the extent such income, gain, and amounts are not derived from the conduct of a trade or business.

(3) The term "investment expenses" means the deductions allowable under Section 17202, paragraphs (1) or (2) of subdivision (a) of Section 17204, Sections 17207 to 17211.7, inclusive, Sections 17217 to 17221, inclusive, Section 17252, or Section 17681 of this part, directly connected with the production of investment income. For purposes of this paragraph, the deduction allowable under Sections 17208 to 17211.7, inclusive, with respect to any property may be treated as the amount which would have been allowable had the taxpayer depreciated the property under the straight-line method for each taxable year of its useful life for which the taxpayer has held the property, and the deduction allowable under Section 17681 of this part with respect to any property may be treated as the amount which would have been allowable had the taxpayer determined the deduction under Section 17681 of this part without regard to Sections 17686 and 17687 for each taxable year for which the taxpayer has held the property.

(4) The term "investment interest expense" means interest paid or accrued on indebtedness incurred or continued to purchase or carry property held for investment. For purposes of the preceding sentence, interest paid or accrued on indebtedness incurred or continued in the construction of property to be used in a trade or business shall not be treated as an investment interest expense.

(c) For purposes of this section property which is subject to a net lease entered into after October 9, 1969, shall be treated as property held for investment, and not as property used in a trade or business.

(d) (1) For purposes of this chapter, property shall be considered to be subject to a net lease for a taxable year if—

(A) For such taxable year the sum of the deductions of the lessor with respect to such property which are allowable solely by reason of Section 17202 (other than rents and reimbursed amounts with respect to such property) is less than 15 percent of the rental income

produced by such property, or

(B) The lessor is either guaranteed a specified return or is guaranteed in whole or in part against loss of income.

(2) If a parcel of real property of the taxpayer is leased under two or more leases, subparagraph (A) of paragraph (1) of this subdivision shall, at the election of the taxpayer, be applied by treating all leased portions of such property as subject to a single lease.

(3) At the election of the taxpayer, subparagraph (A) of paragraph (1) of this subdivision shall not apply with respect to real property of the taxpayer which has been in use for more than five years.

(4) An election under paragraph (2) or (3) shall be made at such time and in such manner as the Franchise Tax Board prescribes by regulations.

SEC. 3. Section 17202 of the Revenue and Taxation Code is amended to read:

17202. (a) There shall be allowed as a deduction all the ordinary and necessary expenses paid or incurred during the taxable year in carrying on any trade or business, including—

(1) A reasonable allowance for salaries or other compensation for personal services actually rendered;

(2) Traveling expenses (including amounts expended for meals and lodging other than amounts which are lavish or extravagant under the circumstances) while away from home in the pursuit of a trade or business; and

(3) Rentals or other payments required to be made as a condition to the continued use or possession, for purposes of the trade or business, of property to which the taxpayer has not taken or is not taking title or in which he has no equity.

For purposes of the preceding sentence, the place of residence of a Member of Congress (including any delegate and resident commissioner) within the state, congressional district, territory, or possession which he represents in Congress shall be considered his home, but amounts expended by such members within each taxable year for living expenses shall not be deductible for income tax purposes in excess of three thousand dollars (\$3,000).

(b) No deduction shall be allowed under subdivision (a) for any contribution or gift which would be allowable as a deduction under Sections 17214, 17215, 17216, and 17216.2 were it not for the percentage limitations, the dollar limitations, or the requirements as to the time of payment, set forth in such sections.

(c) (1) No deduction shall be allowed under subdivision (a) for any payment made, directly or indirectly, to an official or employee of any government, or of any agency or instrumentality of any government, if the payment constitutes an illegal bribe or kickback or, if the payment is to an official or employee of a foreign government, the payment would be unlawful under the laws of the United States if such laws were applicable to such payment and to such official or employee. The burden of proof in respect of the issue,

for the purposes of this paragraph, as to whether a payment constitutes an illegal bribe or kickback (or would be unlawful under the laws of the United States) shall be upon the Franchise Tax Board to the same extent as it bears the burden of proof when the issue relates to fraud.

(2) No deduction shall be allowed under subdivision (a) for any payment (other than a payment described in paragraph (1)) made, directly or indirectly, to any person, if the payment constitutes an illegal bribe, illegal kickback, or other illegal payment under any law of the United States, or under any law of a state (but only if such state law is generally enforced), which subjects the payor to a criminal penalty or the loss of license or privilege to engage in a trade or business. For purposes of this paragraph, a kickback includes a payment in consideration of the referral of a client, patient, or customer. The burden of proof in respect of the issue, for purposes of this paragraph, as to whether a payment constitutes an illegal bribe, illegal kickback, or other illegal payment shall be upon the Franchise Tax Board to the same extent as it bears the burden of proof when the issue relates to fraud. However, a deduction shall not be disallowed under this paragraph, if, with respect to a payment described herein, the taxpayer in a court of competent jurisdiction is acquitted of making an illegal bribe, kickback or payment.

(3) No deduction shall be allowed under subdivision (a) for any kickback, rebate, or bribe made by any provider of services, supplier, physician, or other person who furnishes items or services for which payment is or may be made under the Social Security Act, or in whole or in part out of federal funds under a state plan approved under such act, if such kickback, rebate, or bribe is made in connection with the furnishing of such items or services or the making or receipt of such payments. For purposes of this paragraph, a kickback includes a payment in consideration of the referral of a client, patient, or customer.

(d) No deduction shall be allowed under subdivision (a) for any fine or similar penalty paid to a government for the violation of any law.

(e) If in a criminal proceeding a taxpayer is convicted of a violation of the antitrust laws, or his plea of guilty or nolo contendere to an indictment or information charging such a violation is entered or accepted in such a proceeding, no deduction shall be allowed under subdivision (a) for two-thirds of any amount paid or incurred—

(1) On any judgment for damages entered against the taxpayer under Section 4 of the act entitled "An act to supplement existing laws against unlawful restraints and monopolies, and for other purposes," approved October 15, 1914 (commonly known as the Clayton Act), on account of such violation or any related violation of the antitrust laws which occurred prior to the date of the final judgment of such conviction, or

(2) In settlement of any action brought under such Section 4 on

account of such violation or related violation.

The preceding sentence shall not apply with respect to any conviction or plea before January 1, 1971, or to any conviction or plea on or after such date in a new trial following an appeal of a conviction before such date.

(f) For special rule relating to expenses in connection with subdividing real property for sale, see Sections 18197 to 18199, inclusive.

SEC. 4. Section 17203 of the Revenue and Taxation Code is amended to read:

17203. (a) There shall be allowed as a deduction all interest paid or accrued within the taxable year on indebtedness. However, no deduction shall be allowed to the extent that it is connected with income not taxable under this part. The proper apportionment and allocation of the deduction with respect to taxable and nontaxable income shall be determined under rules and regulations prescribed by the Franchise Tax Board.

(b) (1) If personal property or educational services are purchased under a contract—

(A) Which provides that payment of part or all of the purchase price is to be made in installments; and

(B) In which carrying charges are separately stated but the interest charge cannot be ascertained;

then the payments made during the taxable year under the contract shall be treated for purposes of this section as if they included interest equal to 6 percent of the average unpaid balance under the contract during the taxable year. For purposes of the preceding sentence, the average unpaid balance is the sum of the unpaid balance outstanding on the first day of each month beginning during the taxable year, divided by 12.

For purposes of this paragraph, the term "educational services" means any service (including lodging) which is purchased from an educational institution (as defined in subdivision (c) of Section 17150) and which is provided for a student of such institution.

(2) In the case of any contract to which paragraph (1) applies, the amount treated as interest for any taxable year shall not exceed the aggregate carrying charges which are properly attributable to such taxable year.

(c) The amendments made in subdivision (b) shall apply to payments made during taxable years beginning after December 31, 1963.

(d) (1) The amount of investment interest (as defined in subparagraph (D) of paragraph (3)) otherwise allowable as a deduction under this part shall be limited, in the following order, to—

(A) Twenty-five thousand dollars (\$25,000) (twelve thousand five hundred dollars (\$12,500), in the case of a separate return by a married individual), plus

(B) The amount of the net investment income (as defined in

subparagraph (A) of paragraph (3), plus the amount (if any) by which the deductions allowable under this section (determined without regard to this subdivision) and Section 17202 paragraph (1) or (2) of subdivision (a) of Section 17204, or Section 17252 attributable to property of the taxpayer subject to a net lease exceeds the rental income produced by such property for the taxable year, plus

(C) An amount equal to the amount by which the total amount of capital gains recognized exceeds the total amount of capital losses recognized for the taxable year, plus

(D) One-half of the amount by which investment interest exceeds the sum of the amounts described in subparagraphs (A), (B), and (C).

In the case of a trust, the twenty-five-thousand-dollar (\$25,000) amount specified in subparagraph (A) and in subparagraph (A) of paragraph (2), shall be zero. In determining the amount described in subparagraph (C), only gains and losses attributable to the disposition of property held for investment shall be taken into account.

(2) (A) The amount of disallowed investment interest for any taxable year shall be treated as investment interest paid or accrued in the succeeding taxable year. The amount of the interest so treated which is allowable as a deduction by reason of the first sentence of this paragraph for any taxable year shall not exceed one-half of the amount by which—

(i) The net investment income for such taxable year plus twenty-five thousand dollars (\$25,000), exceeds

(ii) The investment interest paid or accrued during such taxable year (determined without regard to this paragraph) or twenty-five thousand dollars (\$25,000), whichever is greater.

(B) If—

(i) An amount of disallowed investment treated under subparagraph (A) as investment interest paid or accrued in the taxable year is not allowable as a deduction for such taxable year by reason of the second sentence of subparagraph (A), and

(ii) The taxpayer is not required to recognize a portion of capital gains by reason of Section 18162.5 (whether or not the taxpayer recognizes such gains), the amount of such disallowed investment interest shall be reduced by an amount equal to the amount not recognizable under Section 18162.5.

(3) For purposes of this subdivision—

(A) The term “net investment income” means the excess of investment income over investment expenses.

(B) The term “investment income” means—

(i) The gross income from interest, dividends, rents, and royalties,

(ii) The capital gain attributable to the disposition of property held for investment and held for not more than one year, and

(iii) Any amount treated under Sections 18211 and 18212 to

18218, inclusive as gain from the sale or exchange of property which is neither a capital asset nor property described in Sections 18181 and 18182

but only to the extent such income, gain, and amounts are not derived from the conduct of a trade or business.

(C) The term "investment expenses" means the deductions allowable under Section 17202, paragraph (1) or (2) of subdivision (a) of Section 17204, Sections 17207, 17208 to 17211.7, inclusive, 17217 to 17221, inclusive, 17252, or 17681 directly connected with the production of investment income. For purposes of this subparagraph, the deduction allowable under Sections 17208 to 17211.5, inclusive, with respect to any property may be treated as the amount which would have been allowable had the taxpayer depreciated the property under the straight-line method for each taxable year of its useful life for which the taxpayer has held the property, and the deduction allowable under Section 17681 with respect to any property may be treated as the amount which would have been allowable had the taxpayer determined the deduction under Section 17681 without regard to Sections 17683 to 17688, inclusive, for each taxable year for which the taxpayer has held the property.

(D) The term "investment interest" means interest paid or accrued on indebtedness incurred or continued to purchase or carry property held for investment.

(E) The term "disallowed investment interest" means with respect to any taxable year, the amount not allowable as a deduction solely by reason of the limitations in paragraph (1) and subparagraph (A) of paragraph (2).

(4) (A) For purposes of this subdivision, property subject to a lease shall be treated as property held for investment, and not as property used in a trade or business, for a taxable year, if—

(i) For such taxable year the sum of the deductions of the lessor with respect to such property which are allowable solely by reason of Section 17202 (other than rents and reimbursed amounts with respect to such property) is less than 15 percent of the rental income produced by such property, or

(ii) The lessor is either guaranteed a specified return or is guaranteed in whole or in part against loss of income.

(B) In the case of a partnership, each partner shall, under regulations prescribed by the Franchise Tax Board, take into account separately his distributive share of the partnership's investment interest and the other items of income and expense taken into account under this subdivision.

(C) For purposes of this subdivision, interest paid or accrued on indebtedness incurred or continued in the construction of property to be used in a trade or business shall not be treated as investment interest.

(5) The amount equal to the amount of investment interest which is allowable as a deduction by reason of subparagraph (C) of paragraph (1) of this subdivision shall be treated as gain from the sale

or other disposition of property which is neither a capital asset nor property described in Sections 18181 and 18182.

(6) This subdivision shall not apply with respect to investment interest, investment income, and investment expenses attributable to a specific item of property, if the indebtedness with respect to such property—

(A) Is for a specified term, and

(B) Was incurred before December 17, 1969, or is incurred after December 16, 1969, pursuant to a written contract or commitment which, on such date and at all times thereafter prior to the incurring of such indebtedness, is binding on the taxpayer.

(e) The amendments made in subdivision (d) by the First Extraordinary Session of the 1971 Legislature and the Regular Session of the 1972 Legislature shall apply to taxable years beginning after December 31, 1971.

(7) For purposes of subparagraph (A) of paragraph (4)—

(A) If a parcel of real property of the taxpayer is leased under two or more leases, clause (i) of subparagraph (A) of paragraph (4) shall, at the election of the taxpayer, be applied by treating all leased portions of such property as subject to a single lease; and

(B) At the election of the taxpayer, clause (i) of subparagraph (A) of paragraph (4) shall not apply with respect to real property of the taxpayer which has been in use for more than five years.

An election under subparagraph (A) or (B) shall be made at such time and in such manner as the Franchise Tax Board prescribes by regulations.

SEC. 4.5. Section 17206.5 of the Revenue and Taxation Code is amended to read:

17206.5. Notwithstanding the provisions of subdivision (a) of Section 17206, any loss

(a) Attributable to a disaster which occurs during the period after the close of the taxable year and on or before the last day of the sixth calendar month beginning after the close of the taxable year, and

(b) Occurring in an area subsequently determined by the President of the United States to warrant assistance by the federal government under the Disaster Relief Act of 1970, at the election of the taxpayer, may be deducted for the taxable year immediately preceding the taxable year in which the disaster occurred. Such deduction shall not be in excess of so much of the loss as would have been deductible in the taxable year in which the casualty occurred. If an election is made under this section, the casualty resulting in the loss will be deemed to have occurred in the taxable year for which the deduction is claimed.

SEC. 5. Section 17771 of the Revenue and Taxation Code is amended to read:

17771. (a) For purposes of this article, the term “undistributed net income” for any taxable year means the amount by which the distributable net income of the trust for such taxable year exceeds the sum of—

(1) The amounts for such taxable year specified in paragraphs (1) and (2) of subdivision (a) of Section 17761, and

(2) The amount of taxes imposed on the trust attributable to such distributable net income.

(b) For purposes of this article, the term "accumulation distribution" for any taxable year of the trust means the amount by which the amounts specified in paragraph (2) of subdivision (a) of Section 17761 for such taxable year, exceed distributable net income for such year reduced (but not below zero) by the amounts specified in paragraph (1) of subdivision (a) of Section 17761.

(c) For purposes of this article, the term "taxes imposed on the trust" means the amount of the taxes which are imposed for any taxable year of the trust under this part (without regard to this article) and which, under regulations prescribed by the Franchise Tax Board, are properly allocable to the undistributed portions of the distributable net income and gains in excess of losses from sales or exchanges of capital assets. The amount determined in the preceding sentence shall be reduced by any amount of such taxes deemed distributed under Sections 17773, 17774, or subdivisions (d) and (e) of Section 17777, to any beneficiary.

(d) For purposes of this article, the term "preceding taxable year" does not include any taxable year of the trust—

(1) Which precedes by more than five years the taxable year of the trust in which an accumulation distribution is made, if it is made in a taxable year beginning before January 1, 1974,

(2) Which begins before January 1, 1969, in the case of an accumulation distribution made during a taxable year beginning after December 31, 1973, or

(3) Which begins before January 1, 1969, in the case of a capital gain distribution made during a taxable year beginning after December 31, 1968. In the case of a preceding taxable year with respect to which a trust qualifies (without regard to this article) under the provisions of Article 2, for purposes of the application of this article to such trust for such taxable year, such trust shall, in accordance with regulations prescribed by the Franchise Tax Board, be treated as a trust to which Article 3 applies.

(e) For purposes of this article, the term "undistributed capital gain" means, for any taxable year of the trust beginning after December 31, 1968, the amount by which—

(1) Gains in excess of losses from the sale or exchange of capital assets, to the extent that such gains are allocated to corpus and are not (A) paid, credited, or required to be distributed to any beneficiary during such taxable year, or (B) paid, permanently set aside, or used for the purposes specified in Section 17734, exceed

(2) The amount of taxes imposed on the trust attributable to such gains. For purposes of paragraph (1) the deduction under Section 18151 (relating to deduction for excess of capital gains over capital losses) shall not be taken into account.

(f) For purposes of this article, the term "capital gain

distribution” for any taxable year of the trust means, to the extent of undistributed capital gain, that portion of—

(1) The excess of the amounts specified in paragraph (2) of subdivision (a) of Section 17761 for such taxable year over distributable net income for such year reduced (but not below zero) by the amounts specified in paragraph (1) of subdivision (a) of Section 17761, over

(2) The undistributed net income of the trust for all preceding taxable years.

SEC. 6. Section 17778 of the Revenue and Taxation Code is amended to read:

17778. (a) Except as otherwise provided in this section, the amendments made to this chapter at the 1971 First Extraordinary Session of the Legislature shall apply to taxable years beginning after December 31, 1970.

(b) (1) Amounts paid, credited, or required to be distributed by a trust on or before the last day of a taxable year of the trust beginning before January 1, 1974, shall not be deemed to be accumulation distributions to the extent that such amounts were accumulated by a trust in taxable years of such trust beginning before January 1, 1969, and would have been excepted from the definition of an accumulation distribution by reason of subdivision (b) of Section 17771, as in effect on December 31, 1968, if they had been distributed on the last day of the last taxable year of the trust beginning before January 1, 1969.

(2) For taxable years of a trust beginning before January 1, 1970, the first sentence of Section 17772 (as amended at the 1971 First Extraordinary Session of the Legislature) shall not apply, and the amount of the accumulation distribution of the trust for such taxable years shall be deemed to be an amount within the meaning of paragraph (2) of subdivision (a) of Section 17761 distributed on the last day of each of the preceding taxable years to the extent that such amount exceeds the total of any undistributed net income for any taxable years intervening between the taxable year with respect of which the accumulation distribution is determined and such preceding taxable year.

(3) In the case of a trust which was in existence on December 31, 1969, Section 17777, as amended at the 1971 First Extraordinary Session of the Legislature, shall not apply to capital gain distributions made to a beneficiary before January 1, 1973. If the beneficiary receives capital gain distributions from more than one such trust before January 1, 1973, the preceding sentence shall apply to capital gain distributions from only one of such trusts, such one to be designated by the taxpayer in accordance with regulations prescribed by the Franchise Tax Board.

SEC. 7. Section 17854 of the Revenue and Taxation Code is amended to read:

17854. (a) The taxable income of a partnership shall be computed in the same manner as in the case of an individual except

that—

(1) The items described in Section 17852 shall be separately stated; and

(2) The following deductions shall not be allowed to the partnership:

(A) The standard deduction provided in Section 17171;

(B) The deduction for taxes provided in Section 17204(a) with respect to taxes, described in Section 18006, paid to another state;

(C) The deduction for charitable contributions provided in Sections 17214 to 17216, inclusive;

(D) The deduction for political contributions provided in Section 17234; and

(E) The additional itemized deductions for individuals provided in Article 7 of Chapter 3.¹

(b) Any election affecting the computation of taxable income derived from a partnership shall be made by the partnership except that the election under Section 17689.5 (relating to deduction and recapture of certain mining exploration expenditures), under subdivision (d) of Section 17064 (relating to definition of net lease), or under Section 17203 (relating to limitation on interest on investment indebtedness), shall be made by each partner separately.

SEC. 8. Section 18414.5 of the Revenue and Taxation Code is amended to read:

18414.5. For taxable years beginning on and after January 1, 1972, and ending on or before November 30, 1973, every resident individual shall make a declaration of estimated tax if—

(a) Gross income can reasonably be expected to include income other than wages (as defined in Section 18807) amounting to one thousand dollars (\$1,000) or more in the case of a return filed by a single person or a joint return filed by a married couple, or five hundred dollars (\$500) or more in the case of a separate return filed by a married person, and

(b) The tax computed under Section 17041 or 17048 upon the estimated income for the taxable year, minus the sum of any credits against the tax provided by this part, is—

(1) One hundred dollars (\$100) or more in the case of a return by a single person or a joint return filed by a married couple, or

(2) Fifty dollars (\$50) or more in the case of a separate return filed by a married person.

(c) If on or before January 31 (or March 1, in the case of an individual referred to in paragraph (2) of subdivision (b) of Section 18435, relating to income from farming or fishing) of the succeeding taxable year the taxpayer files a return, for the taxable year for which the declaration is required, and pays in full the amount computed on the return as payable, then, under regulations prescribed by the Franchise Tax Board—

(1) If the declaration is not required to be filed during the taxable year, but is required to be filed on or before January 15, such return shall be considered as such declaration; and

(2) If the tax shown on the return (reduced by the sum of the credits against tax provided by subdivision (b) of this section) is greater than the estimated tax shown in a declaration previously made, or in the last amendment thereof, such return shall be considered as the amendment of the declaration.

In the application of this subdivision, in the case of a taxable year beginning on any date other than January 1, there shall be substituted, for the 15th or last day of the months specified in this subdivision, the 15th or last day of the months which correspond thereto.

SEC. 9. Section 18643 of the Revenue and Taxation Code is repealed.

SEC. 10. Section 18643 is added to the Revenue and Taxation Code, to read:

18643. (a) A jeopardy assessment is immediately due and payable, and proceedings for collection may be commenced at once.

(b) The collection of the whole or any amount of a jeopardy assessment may be stayed, at any time before the assessment becomes final, by filing with the Franchise Tax Board: (1) a bond in an amount equal to the amount (together with interest thereon to the date of payment) as to which the stay is desired, conditioned upon the payment of the amount, the collection of which is stayed by the bond, upon notice and demand by the Franchise Tax Board after the assessment becomes final; or (2) other security in such amount as the Franchise Tax Board may deem necessary, not exceeding double the amount (together with interest thereon to the date of payment) as to which the stay is desired.

(c) Upon the filing of the bond or other security the collection of so much of the amount assessed as is covered by the bond or other security shall be stayed. The taxpayer shall have the right to waive such stay at any time in respect of the whole or any part of the amount covered by the bond or other security, and if as a result of such waiver any part of the amount covered by the bond or other security is paid, then the bond or other security shall, at the request of the taxpayer, be proportionately reduced. If any portion of the jeopardy assessment is abated, the bond or other security shall, at the request of the taxpayer, be proportionately reduced.

(d) The Franchise Tax Board may, prior to the time the assessment becomes final, stay collection of the whole or any amount of a jeopardy assessment if it finds that jeopardy does not exist.

(e) Where collection of the whole or any amount of a jeopardy assessment has been stayed under this section, the period of limitation on any action to collect shall be tolled during the time of such stay.

SEC. 11. Section 18644 of the Revenue and Taxation Code is repealed.

SEC. 12. Section 18644 is added to the Revenue and Taxation Code, to read:

18644. Within 60 days after the mailing or issuance of each

jeopardy assessment the taxpayer may file with the Franchise Tax Board a written petition for reassessment, specifying in the petition the grounds upon which it is based. If no petition for reassessment is filed, the jeopardy assessment becomes final upon expiration of the 60-day period. The filing of a petition for reassessment shall not operate to stay collection. Collection may be stayed only as provided in Section 18643.

SEC. 13. Section 18645 of the Revenue and Taxation Code is amended to read:

18645. If a petition for reassessment is filed, the Franchise Tax Board shall reconsider the jeopardy assessment and, if the taxpayer has so requested in his petition, the Franchise Tax Board shall grant him or his authorized representative an oral hearing. The Franchise Tax Board's action upon the petition for reassessment is final upon the expiration of 30 days from the date when it mails notice of its action to the taxpayer, unless within that 30-day period the taxpayer appeals in writing from the action of the Franchise Tax Board to the board.

SEC. 14. Section 18682 of the Revenue and Taxation Code is repealed.

SEC. 15. Section 18683 of the Revenue and Taxation Code is amended to read:

18683. If any taxpayer fails or refuses to furnish any information requested in writing by the Franchise Tax Board or fails or refuses to make and file a return required by this part upon notice and demand by the Franchise Tax Board, the Franchise Tax Board may add a penalty of 25 percent of the amount of tax determined pursuant to Section 18648 or of any deficiency tax assessed by the Franchise Tax Board concerning the assessment of which the information or return was required.

SEC. 15.5. Section 19409 is added to the Revenue and Taxation Code, to read:

19409. Any person or employer who, with or without intent to evade, fails to withhold, pursuant to Sections 18805 or 18806, or pay over any tax withheld, shall be guilty of a misdemeanor, and, upon conviction be fined an amount not to exceed one thousand dollars (\$1,000) or imprisoned for not more than one year, or both, at the discretion of the court.

SEC. 16. Section 24343 of the Revenue and Taxation Code is amended to read:

24343. (a) There shall be allowed as a deduction all the ordinary and necessary expenses paid or incurred during the income year in carrying on any trade or business, including—

(1) A reasonable allowance for salaries or other compensation for personal services actually rendered; and

(2) Rentals or other payments required to be made as a condition to the continued use or possession, for purposes of the trade or business, of property to which the taxpayer has not taken or is not taking title or in which it has no equity.

(3) Traveling expenses (including amounts expended for meals and lodging other than amounts which are lavish or extravagant under the circumstances) while away from home in the pursuit of a trade or business.

(b) (1) No deduction shall be allowed under subdivision (a) for any payment made, directly or indirectly, to an official or employee of any government, or of any agency or instrumentality of any government, if the payment constitutes an illegal bribe or kickback or, if the payment is to an official or employee of a foreign government, the payment would be unlawful under the laws of the United States if such laws were applicable to such payment and to such official or employee. The burden of proof in respect of the issue, for the purposes of this paragraph, as to whether a payment constitutes an illegal bribe or kickback (or would be unlawful under the laws of the United States) shall be upon the Franchise Tax Board to the same extent as it bears the burden of proof when the issue relates to fraud.

(2) No deduction shall be allowed under subdivision (a) for any payment (other than a payment described in paragraph (1)) made, directly or indirectly, to any person, if the payment constitutes an illegal bribe, illegal kickback, or other illegal payment under any law of the United States, or under any law of a state (but only if such state law is generally enforced), which subjects the payor to a criminal penalty or the loss of license or privilege to engage in a trade or business. For purposes of this paragraph, a kickback includes a payment in consideration of the referral of a client, patient, or customer. The burden of proof in respect of the issue, for purposes of this paragraph, as to whether a payment constitutes an illegal bribe, illegal kickback, or other illegal payment shall be upon the Franchise Tax Board to the same extent as it bears the burden of proof when the issue relates to fraud. However, a deduction shall not be disallowed under this paragraph, if, with respect to a payment described herein, the taxpayer in a court of competent jurisdiction is acquitted of making an illegal bribe, kickback or payment.

(3) No deduction shall be allowed under subdivision (a) for any kickback, rebate, or bribe made by any provider of services, supplier, physician, or other person who furnishes items or services for which payment is or may be made under the Social Security Act, or in whole or in part out of federal funds under a state plan approved under such act, if such kickback, rebate, or bribe is made in connection with the furnishing of such items or services or the making or receipt of such payments. For purposes of this paragraph, a kickback includes a payment in consideration of the referral of a client, patient, or customer.

(c) No deduction shall be allowed under subdivision (a) for any contribution or gift which would be allowable as a deduction under Sections 24357, 24358, and 24359 were it not for the percentage limitations, or the requirements as to the time of payment, set forth in such sections.

(d) For purposes of this part, whenever the amount of capital contributions evidenced by a share of stock issued pursuant to Section 303(c) of the Federal National Mortgage Association Charter Act (12 U.S.C., Section 1718) exceeds the fair market value of the stock as of the issue date of such stock, the initial holder of the stock shall treat the excess as ordinary and necessary expenses paid or incurred during the income year in carrying on a trade or business.

(e) No deduction shall be allowed under subdivision (a) for any fine or similar penalty paid to a government for the violation of any law.

(f) If in a criminal proceeding a taxpayer is convicted of a violation of the antitrust laws, or its plea of guilty or nolo contendere to an indictment or information charging such a violation is entered or accepted in such a proceeding, no deduction shall be allowed under subdivision (a) for two-thirds of any amount paid or incurred—

(1) On any judgment for damages entered against the taxpayer under Section 4 of the act entitled "An act to supplement existing laws against unlawful restraints and monopolies, and for other purposes," approved October 15, 1914 (commonly known as the Clayton Act), on account of such violation or any related violation of the antitrust laws which occurred prior to the date of the final judgment of such conviction, or

SEC. 19. Section 25761a is added to the Revenue and Taxation Code, to read:

25761a. (1) A jeopardy assessment is immediately due and payable, and proceedings for collection may be commenced at once.

(2) The collection of the whole or any amount of a jeopardy assessment may be stayed, at any time before the assessment becomes final, by filing with the Franchise Tax Board: (1) a bond in an amount equal to the amount (together with interest thereon to the date of payment) as to which the stay is desired, conditioned upon the payment of the amount, the collection of which is stayed by the bond, upon notice and demand by the Franchise Tax Board, after the assessment becomes final; or, (2) other security in such

amount as the Franchise Tax Board may deem necessary, not exceeding double the amount (together with interest thereon to date of payment) as to which the stay is desired.

The taxpayer shall have the right to waive such stay at any time in respect of the whole or any part of the amount covered by the bond or other security, and if as a result of such waiver any part of the amount covered by the bond or other security is paid, then the bond or other security shall, at the request of the taxpayer, be proportionately reduced. If any portion of the jeopardy assessment is abated, the bond or other security shall, at the request of the taxpayer, be proportionately reduced.

(5) Where collection of the whole or any amount of a jeopardy assessment has been stayed under this section, the period of limitation on any action to collect shall be tolled during the time of such stay.

(6) Within 60 days after the mailing or issuance of each jeopardy assessment the taxpayer may file with the Franchise Tax Board a written petition for reassessment, specifying in the petition the grounds upon which it is based. If no petition for reassessment is filed the jeopardy assessment becomes final upon expiration of the 60-day period. The filing of a petition for reassessment shall not operate to stay collection. Collection may be stayed only as provided in paragraphs (2), (3), and (4) of this section.

(7) If a petition for reassessment is filed, the Franchise Tax Board shall reconsider the jeopardy assessment and, if the taxpayer has so requested in his petition, shall grant the taxpayer or his authorized representative an oral hearing. The Franchise Tax Board's action upon the petition for reassessment is final upon the expiration of 30 days from the date when it mails notice of its action to the taxpayer, unless within that 30-day period the taxpayer appeals in writing from the action of the Franchise Tax Board to the board.

(8) The taxpayer may appeal to the board from the Franchise Tax Board's action on the petition for reassessment, the appeal to be made in the manner prescribed by Section 25667. The provisions of Article 1 of Chapter 20 relating to an appeal from the action of the Franchise Tax Board on a protest against an additional tax proposed to be assessed shall be applicable to the appeal.

The people of the State of California do enact as follows:

SECTION 1. Section 20814.5 of the Education Code, as added by Chapter 1 of the Statutes of the 1971 First Extraordinary Session of the Legislature, is amended to read:

20814.5. For the purpose of preserving open-space lands, school districts are authorized to levy a "revenue factor adjustment" tax, which shall be such amount as will produce the amount of revenue which would be produced if the tax rate specified in Section 16148 of the Government Code had been applied to the open-space adjustment determined pursuant to Section 16149 of such code, less the difference between the amount of basic aid, equalization aid, and

supplemental support computed for the district and the amount of basic aid, equalization aid, and supplemental support which would have been computed for the district if the assessed valuation had been equivalent to the adjusted assessed valuation determined pursuant to Section 16149; provided, however, that such "revenue factor adjustment" tax shall not exceed three cents (\$.03) for each one hundred dollars (\$100) of assessed valuation.

SEC. 2. Section 16101 of the Government Code, as amended by Chapter 2 of the Statutes of the 1971 First Extraordinary Session of the Legislature, is amended to read:

16101. It is the purpose of this chapter to provide replacement revenues to local government by reason of the repeal or reduction of the property tax on the following classes of property affected by the following provisions of the Revenue and Taxation Code: (1) business inventories under Section 219; (2) motion pictures under Section 988; (3) livestock under Section 5523; and (4) wine and brandy under Section 992.

SEC. 3. Chapter 3 (commencing with Section 16140) is added to Part 1 of Division 4 of Title 2 of the Government Code, to read:

CHAPTER 3. OPEN-SPACE SUBVENTIONS

16140. There is hereby continuously appropriated to the Controller from the State General Fund a sum sufficient to make the payments required by this chapter.

16141. It is the purpose of this chapter to provide replacement revenues to local government by reason of the reduction of the property tax on open-space lands assessed under Sections 423 and 423.5 of the Revenue and Taxation Code.

SEC. 4. Section 16107 of the Government Code, as amended by Chapter 2 of the Statutes of the 1971 First Extraordinary Session of the Legislature, is amended and renumbered to read:

16142. The Secretary of the Resources Agency shall direct the Controller to pay annually out of the funds appropriated by Section 16140, to each eligible county, city, or city and county the following amounts for each acre of land within its regulatory jurisdiction that is assessed pursuant to Section 423 or 423.5 of the Revenue and Taxation Code:

(a) Three dollars (\$3) for prime agricultural land as defined in Section 51201 of this code which is:

- (1) Within an incorporated city,
- (2) Within three miles of the boundaries of an incorporated city with 1,500 or more registered voters, or
- (3) Within one mile of the boundaries of an incorporated city with less than 1,500 registered voters.

(b) One dollar and fifty cents (\$1.50) for all other prime agricultural land,

(c) Fifty cents (\$.50) for all land, other than prime agricultural land, which is devoted to open-space uses of statewide significance

defined in Section 16143.

SEC. 5. Section 16108 of the Government Code, as amended by Chapter 2 of the Statutes of the 1971 First Extraordinary Session of the Legislature, is amended and renumbered to read:

16143. Land shall be deemed to be devoted to open-space uses of statewide significance if it:

(a) Could be developed as prime agricultural land, or

(b) Is open-space land as defined in Section 65560 which constitutes a resource whose preservation is of more than local importance for ecological, economic, educational, or other purposes. The Secretary of the Resources Agency shall be the final judge of whether the land is in fact devoted to open-space use of statewide significance.

SEC. 6. Section 16109 of the Government Code, as amended by Chapter 2 of the Statutes of the 1971 First Extraordinary Session of the Legislature, is amended and renumbered to read:

16144. On or before October 31, 1972, and annually thereafter, the governing body of each county, city, or city and county shall submit a report to the Secretary of the Resources Agency itemizing the number of acres of land under its regulatory jurisdiction which it believes to be qualified for state payments pursuant to the various categories enumerated in Section 16142, together with such supporting documentation as the secretary by regulation may require. The secretary, after reviewing the report and determining the eligibility of the local government to receive payment and the actual amount to which it is entitled, shall certify that amount to the Controller for payment, and the Controller shall make such payment by December 31, 1972, and annually thereafter.

The secretary may make such supplemental reports to the Controller as it deems necessary throughout the year to give effect to new or additional information received from local governing bodies, correct errors, and dispose of contested or conditional situations. Upon receiving such reports, the Controller shall pay any amount certified therein, and may withhold and deduct any certified overpayment from the amount that would otherwise be paid to the local government in the next succeeding year.

SEC. 7. Section 16110 of the Government Code, as added by Chapter 1 of the Statutes of the 1971 First Extraordinary Session of the Legislature, is amended and renumbered to read:

16145. Funds received by local governments pursuant to the provisions of this chapter may be used for county, city, or city and county purposes, as the case may be, or may, but need not necessarily, be used for purposes of general interest and benefit to the state. The use of such funds shall include administration, supervision, and enforcement of any open-space program under which a local government receives such funds. Such funds may also include an allocation of all or part of them to any special district or school district existing within boundaries of a local government in which land is assessed pursuant to Section 423 or 423.5 of the Revenue

and Taxation Code, and which has thereby suffered a reduction in its assessed valuation, when the local governing body determines:

(a) That the loss of assessed value is substantial and will have an adverse effect upon programs of public importance carried on by the district.

(b) The benefits flowing from the restrictions on the use of land within the district do not accrue solely or primarily to landowners or residents within the districts.

(c) That the taxes collected by the district are not devoted to expenditures primarily of benefit to land or landowners within the district.

Any special district or school district may make application for an allocation of such funds from the local government in the form and with such supporting evidence as the governing board of the local government may require. Such governing board may also adopt such uniform standards as it believes necessary to determine the amount and method of payment of such assistance, and may provide for such payments to be reduced annually, according to a schedule, so as to cease financial assistance over a specified period of years. However, nothing herein shall be construed as requiring the governing board of the local government to make any allocation to any special district, or school district, and the governing board of such local government shall be the sole judge of the entitlement of any special district or school district to any allocation, and to the amount of such allocation if granted.

SEC. 8. Section 16111 of the Government Code, as amended by Chapter 2 of the Statutes of the 1971 First Extraordinary Session of the Legislature, is amended and renumbered to read:

16146. The Secretary of the Resources Agency may determine, after notice and hearing, that a local government is ineligible to receive state payments pursuant to this article by reason of its failure to comply with the provision of Article 10.5 (commencing with Section 65560) of Chapter 3 of Title 7 of this code, or with the provisions of any program which establishes an enforceable restriction upon which the assessment of land within its jurisdiction pursuant to Section 423 or 423.5 of the Revenue and Taxation Code is based. This section shall not be construed to require the disqualification of any land from assessment pursuant to Section 423 or 423.5 of the Revenue and Taxation Code as a consequence of any determination of ineligibility by the secretary.

SEC. 9. Section 16112 of the Government Code, as amended by Chapter 2 of the Statutes of the 1971 First Extraordinary Session of the Legislature, is amended and renumbered to read:

16147. The Secretary of the Resources Agency may request the Attorney General to bring any action in court necessary to enforce any enforceable restriction as defined in Section 422 of the Revenue and Taxation Code, upon land for which the secretary has certified payment of state funds to the local governing body during the current or any preceding fiscal year. Such action may include, but is

not limited to, an action to enforce the contract by specific performance or injunction.

SEC. 10. Section 161.3 of the Government Code, as added by Chapter 1 of the Statutes of the 1971 First Extraordinary Session of the Legislature, is amended and renumbered to read:

16148. The Superintendent of Public Instruction shall determine the amount by which the school district tax rate for general fund purposes for each school district in which land assessed pursuant to Section 423 or 423.5 of the Revenue and Taxation Code is situated exceeds:

- (a) Two dollars (\$2) for each elementary district.
- (b) One dollar and ten cents (\$1.10) for each high school district.
- (c) Three dollars and ten cents (\$3.10) for each unified district maintaining grades kindergarten through 12.
- (d) Three dollars and thirty-five cents (\$3.35) for each unified district maintaining grades kindergarten through 14.
- (e) Twenty-five cents (\$0.25) for each community college district.

The Superintendent of Public Instruction shall then determine the product of such amount multiplied by the open-space adjustment determined pursuant to Section 16149.

SEC. 11. Section 16114 of the Government Code, as amended by Chapter 2 of the Statutes of the 1971 First Extraordinary Session of the Legislature, is amended and renumbered to read:

16149. On or before October 31, 1972, and on or before the last day of October of each year thereafter, the assessor shall report the open-space adjustment for each school district located in the county to the Controller and to the Superintendent of Public Instruction. The open-space adjustment shall be calculated by determining the difference between:

- (a) The adjusted assessed value of all land in the district in the base year, which shall be the last assessment year prior to the application of Section 423 or 423.5 of the Revenue and Taxation Code to any land within the district, and
- (b) The assessed value of all land within the district for the current assessment year.

For the purposes of subdivision (a), "adjusted assessed value" shall be computed by multiplying the actual assessed value of land in the district in the base year by the percentage which the gross assessed value of all land in the state on the local roll outside of municipalities without deductions for any exemptions for the current assessment year is of the gross assessed value of all land on the local roll outside municipalities without deductions for any exemptions in the base year. The Controller shall announce the factors to be used by the assessors on or before October 15th of each year.

For purposes of determining the "actual assessed value of land" in the district in the base year, any assessor who had announced that he was using an assessment ratio of less than 25 percent in the base year pursuant to Section 401 of the Revenue and Taxation Code shall adjust the actual assessed value of the land in the district in the base

year to the assessed value which would have been on the roll had the assessor announced a 25-percent assessment ratio. If no announced ratio exists for the base year, the base year ratio shall be the ratio announced for the 1967–1968 fiscal year.

If the value of land within the district for the current assessment year is greater than the adjusted assessed value of the base year, there shall be no reimbursement.

SEC. 12. Section 16115 of the Government Code, as amended by Chapter 2 of the Statutes of the 1971 First Extraordinary Session of the Legislature, is amended and renumbered to read:

16150. A basic aid school district shall not receive any assistance under the provisions of this article if its actual assessed value per pupil is greater than the product of the base year (as defined in subdivision (a) of Section 16149) assessed value per pupil times the percentage which the estimated or actual current expense of education per pupil in the state for the current year is of the current expense of education per pupil in the state for the base year.

SEC. 13. Section 16116 of the Government Code, as added by Chapter 1 of the Statutes of the 1971 First Extraordinary Session of the Legislature, is amended and renumbered to read:

16151. The Superintendent of Public Instruction shall apportion and allow to each eligible school district the amount derived pursuant to Section 16148 as part of the second principal apportionment.

SEC. 14. Section 16117 of the Government Code, as amended by Chapter 2 of the Statutes of the 1971 First Extraordinary Session of the Legislature, is amended and renumbered to read:

16152. The other provisions of this chapter notwithstanding, no city, county, or city and county shall receive more money by reason of the funds provided for in the open-space provisions of this chapter than such governmental entity might have received had no property in the entity been assessed pursuant to Sections 423 and 423.5 of the Revenue and Taxation Code. This determination shall be made by:

(a) Multiplying the last unrestricted assessed value of each parcel now subject to assessment under Sections 423 or 423.5 of the Revenue and Taxation Code by the percentages which the current gross assessed value of all land on the local roll outside municipalities without deduction for exemption in the state is of the gross assessed value of all land on the local roll outside municipalities without deduction for exemption in the state for the last year in which the parcel was not so restricted;

(b) Subtracting the current assessed value for the parcel from the figure derived pursuant to subdivision (a);

(c) Calculating the total of all differences determined pursuant to subdivision (b) for land under control of, or, in the case of cities, within the boundaries of, the entity in question; and

(d) Multiplying the total derived under subdivision (c) by the tax rate for the current year of the entity in question.

The determinations required by this section shall be made by the

Secretary of the Resources Agency, and he shall base his computations on "the last unrestricted assessed value," as used in subdivision (a), by factoring the assessed values in any county in which the assessor had announced that he was using an assessment ratio of less than 25 percent in any year to the value which would have been on the roll had such assessor announced a 25-percent assessment ratio. If no announced ratio exists for such year, the ratio for such year shall be the ratio announced for the 1967-1968 fiscal year.

SEC. 15. Section 16118 of the Government Code, as added by Chapter 1 of the Statutes of the 1971 First Extraordinary Session of the Legislature, is amended and renumbered to read:

16153. Notwithstanding any other provision of this chapter, state disbursements under this chapter by reason of property assessed pursuant to Sections 423 and 423.5 of the Revenue and Taxation Code shall not exceed thirteen million dollars (\$13,000,000) in the 1972-1973 fiscal year, fifteen million dollars (\$15,000,000) in the 1973-1974 fiscal year, and seventeen million dollars (\$17,000,000) in the 1974-1975 fiscal year. In the 1975-1976 fiscal year, state disbursements shall not exceed 115 percent of the state disbursements in the 1974-1975 fiscal year. The amounts provided for in this section may be exceeded by any amounts deposited in the State General Fund under Sections 51061 and 51283.

If claims by local governmental agencies exceed the limitation of this section, reductions in state disbursements shall be made on a pro rata per acre basis, first on funds allocated on nonprime lands, and second on funds to local governments on prime lands, and third to school district disbursements.

The Secretary of the Resources Agency shall report to the Legislature on the impact of the expiration of the fiscal limitations in this section. A final report shall be submitted to the Legislature by April 1, 1973, in order that the Legislature can evaluate its fiscal commitment to this program for future years.

SEC. 16. Section 65570 of the Government Code, as amended by Chapter 2 of the Statutes of the 1971 First Extraordinary Session of the Legislature, is amended to read:

65570. (a) The State Office of Planning and Research shall prepare an inventory of present and potential prime agricultural land resources in California, together with estimates of the amounts of such land that should be preserved during the following decade in order to carry out the purposes of Section 51220 of this code. Such inventory shall also include, but is not limited to, the various types and uses of prime agricultural land, the identification of critical uses or specific areas of statewide importance, and estimates of the amounts of prime or potentially prime land within each city or county that may require preservation.

(b) The Secretary of the Resources Agency may establish, after notice and hearing, rules and regulations, and require reports from local officials and may employ, borrow, or contract for such staff or

other forms of assistance as are reasonably necessary to carry out the provisions of Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2 of this code. In carrying out his duties under those sections, it is the intention of the Legislature that the secretary shall consult with the Director of the Department of Agriculture and the Director of the State Office of Planning and Research.

CAPITAL OUTLAY

Item	Amount

CHAPTER 1087

*An act to amend Section 1777.5 of the Labor Code,
relating to apprentices.*

[Approved by Governor August 18, 1972 Filed with
Secretary of State August 18, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 1777.5 of the Labor Code is amended to read:

1777.5. Nothing in this chapter shall prevent the employment of properly indentured apprentices upon public works.

Every such apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade at which he is employed, and shall be employed only at the work of the craft or trade to which he is indentured.

Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards and written apprentice agreements under Chapter 4 (commencing at Section 3070), Division 3, of the Labor Code, are eligible to be employed on public works. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which he is training.

When the contractor to whom the contract is awarded by the state or any political subdivision, or any subcontractor under him, in performing any of the work under the contract or subcontract, employs workmen in any apprenticeable craft or trade, the contractor and subcontractor shall apply to the joint apprenticeship committee administering the apprenticeship standards of the craft or trade in the area of the site of the public work for a certificate approving the contractor or subcontractor under the apprenticeship standards for the employment and training of apprentices in the area of the site of the public work. Contractors or subcontractors shall not be required to submit individual applications for approval to local joint apprenticeship committees provided they are already covered by the local apprenticeship standards. The ratio of apprentices to journeymen who shall be employed in the craft or trade on the public work shall be the ratio stipulated in the apprenticeship standards under which the joint apprenticeship committee operates, but in no case shall the ratio be less than one apprentice for each five journeymen, except as otherwise provided in this section.

The contractor or subcontractor, if he is covered by this section, shall, or if he has been previously approved in such craft or trade, upon the issuance of the approval certificate, employ the number of apprentices or the ratio of apprentices to journeymen stipulated in the apprenticeship standards. Upon proper showing by the contractor that he employs apprentices in such craft or trade in the state on all of his contracts on an annual average of not less than one apprentice to each eight journeymen, the Division of Apprenticeship

Standards shall grant a certificate exempting the contractor from the 1-to-5 ratio as set forth in this section. Prime contracts involving less than thirty thousand dollars (\$30,000) or 45 working days shall be exempt from the provisions of this section.

“Apprenticeable craft or trade,” as used in this section, shall mean a craft or trade determined as an apprenticeable occupation in accordance with rules and regulations prescribed by the Apprenticeship Council. The joint apprenticeship committee shall have the discretion to grant a certificate exempting a contractor from the 1-to-5 ratio set forth in this section when it finds that any one of the following conditions is met:

(a) In the event unemployment for the previous three-month period in such area exceeds an average of 15 percent, or

(b) In the event the number of apprentices in training in such area exceeds a ratio of 1 to 5, or

(c) If there is a showing that the apprenticeable craft or trade is replacing at least one-thirtieth of its journeymen annually through apprenticeship training, either (1) on a statewide basis, or (2) on a local basis.

(d) If assignment of an apprentice to any work performed under a public works contract would create a condition which would jeopardize his life or the life, safety, or property of fellow employees or the public at large or if the specific task to which the apprentice is to be assigned is of such a nature that training cannot be provided by a journeyman.

When such exemptions are granted to an organization which represents contractors in a specific trade from the 1-to-5 ratio on a local or statewide basis the member contractors will not be required to submit individual applications for approval to local joint apprenticeship committees, provided they are already covered by the local apprenticeship standards.

A contractor to whom the contract is awarded, or any subcontractor under him, who, in performing any of the work under the contract, employs journeymen or apprentices in any apprenticeable craft or trade and who is not contributing to a fund or funds to administer and conduct the apprenticeship program in any such craft or trade in the area of the site of the public work, to which fund or funds other contractors in the area of the site of the public work are contributing, shall contribute to the fund or funds in each craft or trade in which he employs journeymen or apprentices on the public work in the same amount or upon the same basis and in the same manner as the other contractors do, but where the trust fund administrators are unable to accept such funds, contractors not signatory to the trust agreement shall pay a like amount to the California Apprenticeship Council. The contractor or subcontractor may add the amount of such contributions in computing his bid for the contract. The Division of Labor Law Enforcement is authorized to enforce the payment of such contributions to the fund or funds as set forth in Section 227.

The body awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. Such stipulations shall fix the responsibility of compliance with this section for all apprenticeable occupations with the prime contractor.

In the event a contractor willfully fails to comply with this section, such contractor shall be denied the right to bid on a public works contract for a period of six months from the date the determination is made.

The interpretation and enforcement of this section shall be in accordance with the rules and procedures prescribed by the Apprenticeship Council.

All decisions of the joint apprenticeship committee under this section are subject to the provisions of Section 3081.

CHAPTER 1088

[Approved by Governor August 18, 1972. Filed with
Secretary of State August 18, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 13844.2 of the Education Code as added by Chapter 1305 of the Statutes of 1971 is amended to read:

13844.2. "Other public systems" means the old age, survivors, disability and health insurance program provided by the Federal Social Security Act, the federal civil service retirement program, federal military disability, railroad retirement, a workman's compensation program, federal railroad retirement or any other public retirement system including any disability programs financed from public funds.

SEC. 3. Section 14023 of the Education Code as amended by Chapter 407 of the Statutes of 1971 is amended to read:

14023. Any person to whom service performed outside of the state after January 1, 1914, is credited and any person who has claimed exemption from the provisions of the system or its predecessor or who is excluded from the system because of being a member of another retirement system while serving in a position requiring membership in this system or its predecessor, and who later becomes subject to its provisions may pay, in addition to the sum due under Section 14022 for each year of credited service performed prior to July 1, 1944, either outside the state or while exempt or while a member of any other system, regular interest on the amount which would have been contributed had he been a member of the system when the service was performed. Regular interest shall begin to accrue on the first day of July next following the end of the school year in which the service was performed.

SEC. 4. Section 14025 of the Education Code as amended by Chapter 407 of the Statutes of 1971 is amended to read:

14025. Every member who is not credited with the full amount of contributions to the Permanent Fund required of him by Section 14022, shall pay to the system such additional amount as is necessary to bring the contributions credited to him up to the full amount of contributions to the Permanent Fund required of him by Section 14022.

SEC. 5. Section 14041 of the Education Code as amended by Chapter 407 of the Statutes of 1971 is amended to read:

14041. If any member of the system required to pay contributions under Section 14040, does not pay such contributions while performing such service, the contributions may be paid by him directly to the system in a single payment before retirement or in monthly installments as provided by the board. Contributions paid under this section shall be paid for service performed after July 1, 1944, with regular interest accruing from the date of the member's

discharge or release from military service to the date of payment. Failure to pay such contributions constitutes a break in service.

SEC. 6. Section 14042 of the Education Code is repealed.

SEC. 7. Section 14185 of the Education Code as amended by Chapter 1305 of the Statutes of 1971 is amended to read:

14185. Upon receipt of proof of the death of a retirant there shall be paid to the designated beneficiary the sum of two thousand dollars (\$2,000).

From the death benefit provided in this section, there shall be deducted an amount equal to that portion of the benefit payable on account of death by a local system or by the Public Employees' Retirement System or the University of California Retirement System. The deduction shall be made regardless of whether such benefit is payable before or after retirement under such local or state system, independently of any optional election made by the person at the time of his retirement under which he received a reduced retirement allowance and a benefit was provided at his death.

SEC. 8. Section 14186 of the Education Code as amended by Chapter 1305 of the Statutes of 1971 is amended to read:

14186. If a member at the time of death which occurs after June 30, 1972, has one or more years of credited service, and, if there has been a break in the member's employment of more than one year, one-half year of credited service having been performed after the end of the last such break, and on account of whose death the benefit provided by Section 14180 is payable or a retirant who was receiving a disability allowance which commenced to accrue after June 30, 1972:

(a) The surviving spouse of the member, who has the care of children or if there is no such spouse, then

(b) The guardian of surviving children if any, or if none, then

(c) The surviving wife or surviving dependent husband of the member, who does not qualify under subdivision (a) of this section, or if none, then

(d) Each surviving dependent parent of the member shall be paid, regardless of the beneficiary designated by the member under Section 14180, the following applicable family allowance under the conditions stated:

(1) A surviving spouse having the care of children shall receive an annual amount, payable in monthly installments, of 40 percent of the highest annual salary earned by the member during any one of the last three school years of service, plus 10 percent of such salary for each such child, up to a maximum of 90 percent of such salary.

(2) The guardian of each child, on whose account there is no benefit payable under paragraph (1) shall receive an annual amount payable in monthly installments, of 10 percent of the highest annual salary earned by the member during any one of the last three school years of service up to a maximum of 50 percent of such salary.

If there are more than five children, the benefits payable under paragraphs (1) and (2) on account of children shall be allocated to

all children on a share-and-share-alike basis.

(3) If there are no benefits being paid under paragraphs (1) or (2) the unremarried widow or dependent widower, age 60 or over shall receive a monthly payment equal to the amount which would have been payable to such widow or widower based on projected service and projected earned salary, if the member continued service to age 60 and at that time elected option number 3, the benefit payable under this paragraph shall be increased by application of the benefit improvement factor for time which elapses between the date the member would have reached age 60 and the date benefits commence to accrue under this paragraph. For the calculation of the benefit, it shall be considered that the member died on the June 30 following the actual date of death and the spouse reached age 60 on the June 30 prior to attainment of that age, but the benefit shall not begin to accrue until the spouse attains age 60.

(4) If there is no widow, dependent widower or children entitled to benefits under paragraph (2), the dependent parent, age 60, or upon attainment of that age, shall receive a benefit based on projected service and projected earned salary equal to the amount which would have been paid if the member had retired at age 60 and elected option number 3. If there are two parents who qualify under this paragraph the total benefit will be computed on the assumption that the youngest parent is the beneficiary, and the total shall be divided equally for so long as there are two such qualifying parents. Otherwise, the total amount shall be payable to the one who qualifies.

Benefits payable under this section are in lieu of the death benefit payable under paragraph (2) of subdivision (b) of Section 14180, irrespective of the beneficiary designated to receive that benefit, except that a widow, dependent widower or collective dependent parents may elect, prior to the receipt of the first payment under paragraph (3) or (4), to receive the accumulated contributions in a lump sum provided there are no children on account of whom benefits are payable under paragraph (1) or (2) of this section, subject to a deduction for any benefit previously paid.

In the event of the death of a person who is receiving benefits under this section, or on whose account a benefit is payable, or the spouse remarries, or children are no longer qualified, the benefit payable to or on account of that person shall be terminated on the last day of the month preceding that in which such event occurs.

In the event of termination of a benefit payable, or the right to benefits under this section prior to the date such payments total the amount payable under paragraph (2) of subdivision (b) of Section 14180 the balance shall be paid in a lump sum to: (a) the surviving widower; (b) all surviving children, irrespective of age, on a share-and-share-alike basis, if payments were made under paragraph (1) or (2); (c) the remarried spouse, if there are no benefits to be paid under paragraph (2) or (4); (d) the surviving dependent parent(s); or (e) the estate of the last person who was entitled to the

family benefit. A stepchild or adopted child acquired subsequent to eligibility for family benefits shall not be entitled to any benefit and shall be excluded in the calculation of benefits under this section.

SEC. 9. Section 14213 of the Education Code as amended by Chapter 1305 of the Statutes of 1971 is amended to read:

14213. A member may qualify for a disability allowance if he has five or more years of credited service, the last five of which have been served in this state, and has not attained age 60.

14214. The board may authorize payment of a disability allowance to any member who is qualified upon application by the member, his guardian or conservator, or his employer, if such application is made:

(a) While the member is employed in a position requiring membership in this system and is receiving compensation because of such employment, or

(b) While he is serving in the active military service of the United States, or in any other service stated in Section 13994 provided that time in such service will qualify for credit as service under this system, or

(c) While he is physically or mentally incapacitated for performance of his duty and such incapacity has been continuous from the last day for which compensation was paid to him, or

(d) While he is on a leave of absence without compensation, granted for reason other than serving in services included in subdivision (b) of this section or mental or physical incapacity for performance of his duty, and within 18 months after the last day of employment for which compensation was paid, or

(e) When he is retired concurrently under the Public Employees' Retirement System as a state member thereof, or under a retirement system of the University of California, or

(f) Within four months after the termination of the member's employment in a position requiring membership in this system provided, first, that such application was not made under the provisions of subdivision (b) or (c), and, second, that such application was not made more than 18 months after the last day for which compensation was paid to him.

On receipt of an application for disability retirement the board may order a medical examination of a member to determine whether he is incapacitated for further service. If the applicant for disability retirement refuses to submit to the medical examination required by the board his application for disability retirement shall be canceled.

SEC. 11. Section 14214.5 of the Education Code as amended by Chapter 1004 of the Statutes of 1971 is amended to read:

14214.5. The disability allowance shall accrue and become payable as provided in Section 14390.

Chapter 1305 of the Statutes of 1971 is amended to read:

14215. If, prior to attaining the age of 55 years, a person who is entitled to receive a retirement allowance because of his retirement for disability prior to July 1, 1972, engages in a gainful occupation the board shall reduce the portion of his monthly retirement allowance which is not provided by his accumulated contributions, to an amount, which when added to the compensation earned monthly by him, does not exceed the amount of the compensation which would be earnable by a person holding the same or an equal position as or to that which he held at the time of his retirement, and in the same salary step or rating, or if no such position then exists such compensation earnable immediately prior to its abolition.

If his earnings are further altered, the board shall further alter such portion of his retirement allowance to the lower of the following amounts:

(a) The amount of such portion of his retirement allowance as it would be if not reduced under this section.

(b) An amount which, when added to the compensation earned by him, equals the amount of the compensation which would be earnable by a person holding the same or an equal position as or to that which he held at the time of his retirement, and in the same salary step or rating, or if no such position then exists, such compensation earnable immediately prior to its abolition.

For purposes of this section the retirement allowance subject to adjustment is the unmodified allowance irrespective of the option elected.

When he attains the age of 55 years, his retirement allowance shall be made equal to the amount it would be if not reduced under this section, and may not again be modified under this section. The provisions of Section 14220.5 do not apply to those persons affected by this section.

SEC. 13. Section 14220.5 of the Education Code as added by Chapter 1305 of the Statutes of 1971 is amended to read:

14220.5. If a person who begins to receive a disability allowance after June 30, 1972, is employed, or is self-employed in any capacity, the monthly benefit for disability shall be reduced by fifty cents (\$0.50) for each dollar earned.

SEC. 14. Section 14220.7 of the Education Code as added by Chapter 1305 of the Statutes of 1971 is amended to read:

14220.7. When a person who is retired for disability after June 30, 1972, reaches age 60, or at such later date when there are no eligible children, his disability allowance shall be terminated and thereafter he shall receive the allowance payable for service retirement at that age, calculated on the projected earned salary and projected service. The allowance payable under this section, excluding tax-sheltered and annuity deposits, shall not be greater than the terminated disability allowance.

SEC. 15. Section 14224 of the Education Code as added by Chapter 1305 of the Statutes of 1971 is amended to read:

14224. If a retirant who did not elect an option dies prior to the date the total allowance, paid or payable, equals the accumulated contributions, and there are no further benefits due, except for the death benefit provided under Section 14185, the difference between the accumulated contributions and the total of such allowances shall be paid the person who will receive the benefit payable under Section 14185. If the retirant elected an option, and if the retirant and beneficiary both die before a sum equivalent to such contributions is paid, such difference shall be paid to the estate of the person last receiving or entitled to receive the allowance. This section does not apply to retirements which became effective prior to July 1, 1972.

SEC. 16. Section 14240 of the Education Code as amended by Chapter 1305 of the Statutes of 1971 is amended to read:

14240. Upon retirement for service which became effective after June 30, 1972, a member shall receive a retirement allowance which shall consist of:

(a) An annual allowance payable in monthly installments, upon retirement at age 60 or over, equal to 2 percent of the final compensation for each year of credited service. If the retirement is effective at less than age 60 this allowance shall be reduced by one-half of 1 percent for each full month, or fraction of a month which will elapse until the member would have reached age 60, and

(b) An annuity which shall be the actuarial equivalent of the accumulated annuity deposits standing to the credit of his account at the time of his retirement, and

(c) A "tax-sheltered annuity" which shall be the actuarial equivalent of the accumulated tax-sheltered contributions standing to the credit of his account at the time of his retirement.

SEC. 17. Section 14243 of the Education Code as added by Chapter 1305 of the Statutes of 1971 is amended to read:

14243. The minimum unmodified allowance, exclusive of annuities from the Annuity Deposit Fund or tax-sheltered annuities payable for service retirement, shall not be less than ten dollars (\$10) per month multiplied by the years of credited service. This guaranteed amount shall be reduced by the amount of an unmodified allowance payable from a local system based on service credited by this system. If the retirement is effective at less than age 60 this allowance shall be reduced by one-half of 1 percent for each full month or fraction of a month which will elapse until the member would have reached age 60.

SEC. 18. Section 14260 of the Education Code as amended by Chapter 1305 of the Statutes of 1971 is amended to read:

14260. Upon qualification for disability, a member shall receive a disability allowance which shall consist of an annual allowance, payable in monthly installments, equal to 50 percent of the highest annual salary earned in any one of the three school years immediately preceding retirement, increased by 10 percent of such salary for each child to a maximum of four such children. A stepchild or adopted child acquired subsequent to eligibility for disability

benefits shall not be entitled to any benefit and shall be excluded in the calculation of benefits under this section.

SEC. 19. Section 14284 of the Education Code as added by Chapter 1305 of the Statutes of 1971 is amended to read:

14284. Any member who has qualified for service retirement under Section 14211 may elect, as provided in Section 14280, and without right of revocation or change after approval of the election by the retirement board, to receive the actuarial equivalent as of the date of his retirement, of the retirement allowance payable to him when and if he retires for service in a reduced retirement allowance according to the provisions of either option 2 or option 3 as stated in Section 14280. If such a member at the time of making the election has a living spouse who would qualify for an allowance under Section 14186, the election under this section shall be invalid and of no effect unless and until the consent of such spouse to it is filed with the system in Sacramento. If the death of such member occurs within 30 days after the date upon which the election is received by the system in Sacramento, then the election shall be void and of no effect and he shall be considered as an active member at the time of death.

Upon such member's death at least 30 days after the date upon which the election is received by the system in Sacramento, and prior to the effective date of his retirement, the person who was nominated by him under the option he elected and who survives him, shall receive an allowance calculated under such option, upon the assumption that such member retired for service on the date of his death and died immediately thereafter. The payment of such allowance to such person shall be in lieu of both the death benefit provided by subdivisions (a) and (b) of Section 14070 or paragraphs (1) and (2) of subdivision (b) of Section 14180, except that if the beneficiary dies before all contributions are paid such difference shall be paid to the estate of the person last receiving or entitled to receive the allowance, and the family benefit provided by Section 14186, and no death or family benefit shall be paid on account of such death to any person or beneficiary, regardless of whether the person nominated under the option elected, survives the member except for the accumulated annuity deposit contributions and accumulated tax-sheltered contributions, and the amount provided by paragraph (5) of subdivision (b) of Section 14180, which amounts shall be paid the designated beneficiary.

If such member subsequently retires, he shall receive, regardless of whether the person nominated by him under the option elected is then living, a reduced allowance according to the provisions of Section 14280 and the option elected, and he shall be subject to Section 14281.

The amount of the allowance prior to optional modification shall be calculated on the basis of the member's age at death before retirement, or at retirement, as the case may be, but the reduction of such allowance under the option elected shall be based on the ages of such member and the person nominated by him under such

option, at the effective date of such election.

SEC. 19.5. Section 14284 of the Education Code, as added by Chapter 1305 of the Statutes of 1971, is amended to read:

14284. Any member who has qualified for service retirement under Section 14211 may elect, as provided in Section 14280, and without right of revocation or change after approval of the election by the retirement board, to receive the actuarial equivalent as of the date of his retirement, of the retirement allowance payable to him when and if he retires for service in a reduced retirement allowance according to the provisions of either option 2 or option 3 as stated in Section 14280. If such a member at the time of making the election has a living spouse who would qualify for an allowance under Section 14186, the election under this section shall be invalid and of no effect unless and until the consent of such spouse to it is filed with the system in Sacramento. If the death of such member occurs after the date upon which the election has been signed and notarized, then the election shall be in full force and effect. The election shall be forwarded to the office of the system within 30 days after signature and notarization.

Upon such member's death, prior to the effective date of his retirement, the person who was nominated by him under the option he elected and who survives him, shall receive an allowance calculated under such option, upon the assumption that such member retired for service on the date of his death and died immediately thereafter. The payment of such allowance to such person shall be in lieu of both the death benefit provided by subdivisions (a) and (b) of Section 14070 or paragraphs (1) and (2) of subdivision (b) of Section 14180, except that if the beneficiary dies before all contributions are paid such difference shall be paid to the estate of the person last receiving or entitled to receive the allowance, and the family benefit provided by Section 14186, and no death or family benefit shall be paid on account of such death to any person or beneficiary, regardless of whether the person nominated under the option elected, survives the member except for the accumulated annuity deposit contributions and accumulated tax-sheltered contributions, and the amount provided by paragraph (5) of subdivision (b) of Section 14180, which amounts shall be paid the designated beneficiary.

If such member subsequently retires, he shall receive, regardless of whether the person nominated by him under the option elected is then living, a reduced allowance according to the provisions of Section 14280 and the option elected.

The amount of the allowance prior to optional modification shall be calculated on the basis of the member's age at death before retirement, or at retirement, as the case may be, but the reduction of such allowance under the option elected shall be based on the ages of such member and the person nominated by him under such option, at the effective date of such election.

(c) Family benefits begin to accrue on the first day of the month in which the death of the member occurs.

(d) Option benefits begin to accrue on the first day of the month in which the retirant died.

No deductions may be made for the payment of such premiums, dues or other charges under any such policy or plan, unless the active and retired persons enrolled under such policy or plan, total not less than 1,000 in number.

SEC. 25. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit the orderly implementation of the provisions of Chapter 1305 of the Statutes of 1971, this act must take effect immediately.

SEC. 26. This act shall become operative on July 1, 1972.

SEC. 27. It is the intent of the Legislature, if this bill and Assembly Bill No. 460 are both chaptered and amend Section 14284 of the Education Code, and this bill is chaptered after Assembly Bill No. 460, that the amendments to Section 14284 proposed by both bills be given effect and incorporated in Section 14284 in the form set forth in Section 19.5 of this act. Therefore, if Assembly Bill No. 460 is chaptered before this bill and amends Section 14284, Section 19 of this act shall not become operative.

CHAPTER 1090

An act to amend Section 1300 of the Penal Code, relating to bail.

[Approved by Governor August 18, 1972. Filed with
Secretary of State August 18, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 1300 of the Penal Code is amended to read:

1300. (a) At any time before the forfeiture of their undertaking, or deposit by a third person, the bail or the depositor may surrender the defendant in their exoneration, or he may surrender himself, to the officer to whose custody he was committed at the time of giving bail, in the following manner:

(1) A certified copy of the undertaking of the bail, or a certified copy of the certificate of deposit where a deposit is made, must be delivered to the officer who must detain the defendant in his custody thereon as upon a commitment, and by a certificate in writing acknowledge the surrender.

(2) The bail or depositor, upon surrendering the defendant, shall make reasonable effort to give notice to the defendant's last attorney of record, if any, of such surrender.

(3) The officer to whom the defendant is surrendered shall, within 48 hours of the surrender, bring the defendant before the court in which the defendant is next to appear on the case for which he has been surrendered. The court shall advise the defendant of his right to move the court for an order permitting the withdrawal of any previous waiver of time and shall advise him of the authority of the court, as provided in subdivision (b), to order return of the premium paid by the defendant or other person, or any part of it.

(4) Upon the undertaking, or certificate of deposit, and the certificate of the officer, the court in which the action or appeal is pending may, upon notice of five days to the district attorney of the county, with a copy of the undertaking, or certificate of deposit, and the certificate of the officer, order that the bail or deposit be exonerated. However, if the defendant is released on his own recognizance or on another bond before the issuance of such an

order, the court shall order that the bail or deposit be exonerated without prejudice to the court's authority under subdivision (b). On filing the order and papers used on the application, they are exonerated accordingly.

(b) Notwithstanding subdivision (a), if the court determines that good cause does not exist for the surrender of a defendant who has not failed to appear or has not violated any order of the court, it may, in its discretion, order the bail or the depositor to return to the defendant or other person who has paid the premium or any part of it, all of the money so paid or any part of it.

CHAPTER 1091

An act to amend Section 1208 of the Penal Code, relating to work furlough.

[Approved by Governor August 18, 1972 Filed with
Secretary of State August 18, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 1208 of the Penal Code is amended to read:
1208. (a) The provisions of this section, insofar as they relate to employment, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of employment conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to employment, in that county is feasible. The provisions of this section, insofar as they relate to education, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of education conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to education, in that county is feasible. In any such ordinance the board shall prescribe whether the sheriff, the probation officer, or the superintendent of a county industrial farm or industrial road camp in the county shall perform the functions of the work furlough administrator. The board of supervisors may also terminate the operativeness of this section, either with respect to employment or education in the county if it finds by ordinance that, because of changed circumstances, the operation of this section, either with respect to employment or education in that county is no longer feasible.

(b) When a person is convicted of a misdemeanor and sentenced to the county jail, or is imprisoned therein for nonpayment of a fine, for contempt, or as a condition of probation for any criminal offense, or committed under the terms of Section 6404 or 6406 of the Welfare and Institutions Code as a habit-forming drug addict, the work furlough administrator may, if he concludes that such person is a fit

subject therefor, direct that such person be permitted to continue in his regular employment, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure employment for himself, unless the court at the time of sentencing or committing has ordered that such person not be granted work furloughs. The work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular educational program, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure education for himself, unless the court at the time of sentencing has ordered that such person not be granted work furloughs.

(c) If the work furlough administrator so directs that the prisoner be permitted to continue in his regular employment or educational program, the administrator shall arrange for a continuation of such employment or education, so far as possible without interruption. If the prisoner does not have regular employment or a regular educational program, and the administrator has authorized the prisoner to secure employment or education for himself, the prisoner may do so, and the administrator may assist him in doing so. Any employment or education so secured must be suitable for the prisoner. Such employment or educational program, if such educational program includes earnings by the prisoner, must be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in such area. In no event may any such employment or educational program involving earnings by the prisoner be permitted where there is a labor dispute in the establishment in which the prisoner is, or is to be, employed or educated.

(d) Whenever the prisoner is not employed or being educated and between the hours or periods of employment or education, he shall be confined in the facility designated by the board of supervisors for work furlough confinement unless the work furlough administrator directs otherwise. If the prisoner is injured during a period of employment or education, the work furlough administrator shall have the authority to release him from the facility for continued medical treatment by private physicians or at medical facilities at the expense of the employer, workman's compensation insurer, or the prisoner. Such release shall not be construed as assumption of liability by the county or work furlough administrator for medical treatment obtained.

The work furlough administrator may release any prisoner classified for the work furlough program for a period not to exceed 72 hours for medical, dental or psychiatric care, and for family emergencies or pressing business which would result in severe hardship if the release were not granted.

(e) The earnings of the prisoner may be collected by the work furlough administrator, and it shall be the duty of the prisoner's

employer to transmit such wages to the administrator at the latter's request. Earnings levied upon pursuant to writ of attachment or execution or in other lawful manner shall not be transmitted to the administrator. If the administrator has requested transmittal of earnings prior to levy, such request shall have priority. In a case in which the functions of the administrator are performed by a sheriff, and such sheriff receives a writ of attachment or execution for the earnings of a prisoner subject to this section but has not yet requested transmittal of the prisoner's earnings pursuant to this section, he shall first levy on the earnings pursuant to the writ. When an employer or educator transmits such earnings to the administrator pursuant to this subdivision he shall have no liability to the prisoner for such earnings. From such earnings the administrator shall pay the prisoner's board and personal expenses, both inside and outside the jail, and shall deduct so much of the costs of administration of this section as is allocable to such prisoner, and, in an amount determined by the administrator, shall pay the support of the prisoner's dependents, if any. If sufficient funds are available after making the foregoing payments, the administrator may, with the consent of the prisoner, pay, in whole or in part, the preexisting debts of the prisoner. Any balance shall be retained until the prisoner's discharge and thereupon shall be paid to him.

(f) The prisoner shall be eligible for time credits pursuant to Sections 4018, 4019, and 4019.2.

(g) In the event the prisoner violates the conditions laid down for his conduct, custody, education, or employment, the work furlough administrator may order the balance of the prisoner's sentence to be spent in actual confinement.

(h) Willful failure of the prisoner to return to the place of confinement not later than the expiration of any period during which he is authorized to be away from the place of confinement pursuant to this section is punishable as provided in Section 4532 of the Penal Code.

(i) As used in this section, "education" includes vocational and educational training and counseling; and psychological, drug abuse, alcoholic and other rehabilitative counseling; "educator" includes a person or institution providing such training or counseling.

(j) This section shall be known and may be cited as the "Cobey Work Furlough Law."

CHAPTER 1092

An act to amend Sections 2106 and 2106.5 of, to add Sections 100.13 and 149.2 to, and to add Chapter 8 (commencing with Section 2370) to Division 3 of, the Streets and Highways Code, relating to transportation.

[Approved by Governor August 22, 1972 Filed with
Secretary of State August 22, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 100.13 is added to the Streets and Highways Code, to read:

100.13. In each annual budget report prepared by the commission and the department under Section 143.1, an amount of not less than three hundred sixty thousand dollars (\$360,000) shall be set aside for the construction of bicycle facilities to be used in conjunction with the state highway system.

SEC. 2. Section 149.2 is added to the Streets and Highways Code, to read:

149.2. Prior to March 1 of each year, the department shall prepare and submit an annual report to the Legislature summarizing programs it has undertaken for the development of bicycle lanes and exclusive busways. Such report shall also summarize the existing directives received by the department from the Federal Highway Administration concerning the availability of federal funds for such programs, together with an estimate of the fiscal impact of such federal participation in the programs.

SEC. 3. Section 2106 of the Streets and Highways Code is amended to read:

2106. A sum equal to the net revenue derived from one and four one-hundredths cent (\$.0104) per gallon tax under the Motor Vehicle Fuel License Tax Law shall be apportioned monthly from the Highway Users Tax Fund among counties and cities for use exclusively for county road and city street purposes, as provided in this section.

The amounts available under this section shall be apportioned, as follows:

(a) Four hundred dollars (\$400) per month shall be apportioned to each city and city and county and eight hundred dollars (\$800) per month shall be apportioned to each county and city and county.

(b) Thirty thousand dollars (\$30,000) per month shall be transferred to the Bicycle Lane Account in the State Transportation Fund.

(c) The balance shall be apportioned, as follows:

(1) A base sum shall be computed for each county by using the same proportions of fee-paid and exempt vehicles as are established for purposes of apportionment of funds under subdivision (d) of Section 2104.

(2) For each county the percentage of the total assessed valuation of tangible property subject to local tax levies within the county which is represented by the assessed valuation of tangible property outside the incorporated cities of the county shall be applied to its base sum, and the resulting amount shall be apportioned to the county. The assessed valuation of taxable tangible property for purposes of this computation shall be that most recently used for

countywide tax levies as reported to the State Controller by the State Board of Equalization. In the event an incorporation or annexation is legally completed following the base sum computation, the new city's assessed valuation shall be deducted from the county's assessed valuation, the estimate of which shall be provided by the State Board of Equalization.

(3) The difference between the base sum for each county and the amount apportioned to the county shall be apportioned to the cities of that county in the proportion that the population of each city bears to the total population of all cities in the county. Populations used for determining expenditure of moneys under Section 2107 are to be used for purposes of this section.

No apportionment shall be made to any city or county which does not have a select system established in accordance with the provisions of Section 186.3. If all or a portion of the select system of a city or county shall by a change in the physical limits of such city or county be included within the boundaries of another city or county, such portion shall be considered to be a part of the select system of such other city or county. Any amounts which would otherwise have been apportioned to a city which does not so qualify for an apportionment shall be reapportioned to the remaining cities in the county in which such city is located or, if there are no eligible cities in the county, to the county. Any amounts which would otherwise have been apportioned to a county which does not so qualify for an apportionment shall be reapportioned to the eligible cities in such county or, if there are no eligible cities in the county, to other counties and cities pursuant to this section.

SEC. 4. Section 2106.5 of the Streets and Highways Code is amended to read:

2106.5. (a) Each county and any of its incorporated cities may enter into an agreement regarding the base sum established by paragraph (1) of subdivision (c) of Section 2106, providing for expenditure of the amounts apportioned to the county and apportioned for expenditure within the cities participating in the agreement upon selected roads and streets within the county and the cities participating in the agreement included in the select system of county roads and city streets for such county and cities established as provided in Section 186.3.

(b) Any of the incorporated cities within a county may enter into an agreement among themselves regarding the amount apportioned to them pursuant to paragraph (3) of subdivision (c) of Section 2106 for expenditure upon selected streets included in the select system of city streets, established as provided in Section 186.3, within the cities participating in the agreement.

(c) Any such agreement shall be filed with the Controller. After verification of the agreement by the Controller, the Controller shall make disposition of the apportionments to the parties participating in the agreement in accordance with terms of the agreement.

SEC. 5. Chapter 8 (commencing with Section 2370) is added to Division 3 of the Streets and Highways Code, to read:

CHAPTER 8. BICYCLE LANES

2370. It is the intent of the Legislature in enacting this chapter to provide a continuing source of state funding to aid cities and counties in obtaining funds from federal sources for the construction of, and the acquisition of rights-of-way for, bicycle lanes, where the separation of bicycle traffic from motor vehicle traffic would increase the traffic capacity or safety of a highway.

2371. The Bicycle Lane Account is hereby created in the State Transportation Fund. The money in the Bicycle Lane Account is continuously appropriated to the department for carrying out the purposes of this chapter.

2372. To the extent funds are available, the department shall allocate from the Bicycle Lane Account funds for the following purposes and in accordance with the following priorities:

(a) To the department such sums as are necessary to administer this chapter.

(b) To cities and counties for each eligible bicycle lane project, as determined by the department, an amount equal to one-half of the estimated amount required as local contribution in order to obtain available federal funds for the construction of, including the acquisition of necessary rights of-way for, such project. The amount allocated pursuant to this subdivision shall be increased if an increase is necessary to reduce the city or county contribution to the project to one-third of the estimated cost of the project.

(c) To the cities and counties for each nonfederally funded eligible bicycle lane project, as determined by the department, an amount equal to two-thirds of the estimated cost of construction of, including the acquisition of necessary rights-of-way for, the project.

2373. (a) The maximum amount the department may allocate to an applicant city or county with an eligible project during any particular fiscal year shall be an amount equal to the amount available for allocation during that fiscal year times the ratio of the applicant's population to the total population of all the cities and counties with eligible projects. For purposes of this subdivision, the population of a county shall be the population of its unincorporated area.

(b) Funds in excess of the amount determined pursuant to subdivision (a) may be allocated by the department to a city or county with an eligible project, if funds are available after the requests of all cities and counties with eligible projects are met.

2374. If funds are insufficient to completely finance any eligible project, such a project shall be deemed an eligible project for allocations in subsequent fiscal years.

2375. The department shall adopt necessary rules and regulations to implement the provisions of this chapter. Such rules and regulations shall contain provisions for establishing priorities in the event that the amount of funding needed for eligible projects

exceeds the amount of available funds. In preparing such rules and regulations and in administering this chapter, the department shall periodically confer with the Director of Parks and Recreation and with the committee established pursuant to Section 2315.

SEC. 6. Section 2106 of the Streets and Highways Code is amended to read:

2106. A sum equal to the net revenue derived from one and four one-hundredths cent (\$0.0104) per gallon tax under the Motor Vehicle Fuel License Tax Law shall be apportioned monthly from the Highway Users Tax Fund among counties and cities for use exclusively for county road and city street purposes, as provided in this section.

The amounts available under this section shall be apportioned, as follows:

(a) Four hundred dollars (\$400) per month shall be apportioned to each city and city and county and eight hundred dollars (\$800) per month shall be apportioned to each county and city and county.

(b) Thirty thousand dollars (\$30,000) per month shall be transferred to the Bicycle Lane Account in the State Transportation Fund.

(c) The balance shall be apportioned, as follows:

(1) A base sum shall be computed for each county by using the same proportions of fee-paid and exempt vehicles as are established for purposes of apportionment of funds under subdivision (d) of Section 2104.

(2) For each county the percentage of the total assessed valuation of tangible property subject to local tax levies within the county which is represented by the assessed valuation of tangible property outside the incorporated cities of the county shall be applied to its base sum, and the resulting amount shall be apportioned to the county. The assessed valuation of taxable tangible property for purposes of this computation shall be that most recently used for countywide tax levies as reported to the State Controller by the State Board of Equalization. In the event an incorporation or annexation is legally completed following the base sum computation, the new city's assessed valuation shall be deducted from the county's assessed valuation, the estimate of which may be provided by the State Board of Equalization.

(3) The difference between the base sum for each county and the amount apportioned to the county shall be apportioned to the cities of that county in the proportion that the population of each city bears to the total population of all cities in the county. Populations used for determining expenditure of moneys under Section 2107 are to be used for purposes of this section.

No apportionment shall be made to any city or county which does not have a select system established in accordance with the provisions of Section 186.3. If all or a portion of the select system of a city or county shall by a change in the physical limits of such city or county be included within the boundaries of another city or

county, such portion shall be considered to be a part of the select system of such other city or county. Any amounts which would otherwise have been apportioned to a city which does not so qualify for an apportionment shall be reapportioned to the remaining cities in the county in which such city is located or, if there are no eligible cities in the county, to the county. Any amounts which would otherwise have been apportioned to a county which does not so qualify for an apportionment shall be reapportioned to the eligible cities in such county or, if there are no eligible cities in the county, to other counties and cities pursuant to this section.

SEC. 7. It is the intent of the Legislature, if this bill and Assembly Bill No. 945 are both chaptered and amend Section 2106 of the Streets and Highways Code, and this bill is chaptered after Assembly Bill No. 945, that the amendments to Section 2106 proposed by both bills be given effect and incorporated in Section 2106 in the form set forth in Section 6 of this act. Therefore, Section 6 of this act shall become operative only if this bill and Assembly Bill No. 945 are both chaptered, both amend Section 2106, and Assembly Bill No. 945 is chaptered before this bill, in which case Section 3 of this act shall not become operative.

Seven of the 11 members shall be elected to the community board at elections to be called by the board of directors. The elections shall be held and conducted in the community at times, in the manner and in accordance with procedures and regulations established by the board of directors. The community board may remove and replace the presiding officer with another member of the board at any time that it may wish to so do. The community board shall adopt rules and regulations for the conduct of its meetings and affairs.

Article 5. Findings and Purpose

SEC. 40. It is found and declared that the community is characterized and blighted by:

(a) The existence of buildings and structures in parts of the area used or intended to be used for living, commercial, and industrial purposes which are unfit or unsafe to occupy for such purposes and are conducive to ill health and transmission of disease because of the combination of the following factors:

(1) Defective design and character of physical construction.

(2) Faulty interior arrangement and exterior spacing.

(3) Inadequate provision for ventilation, light, sanitation, open spaces, and recreation facilities.

(4) Age, obsolescence, deterioration, and dilapidation.

(b) An economic imbalance between the ability of present tenants to pay rent commensurate with the value of the property rented which results in a perpetuation of the foregoing conditions.

(c) The existence of substantial areas which because of their low elevation are subject to being submerged by sea water, stream floodwaters and surface ground waters.

(d) Inadequate and inefficient vehicular traffic patterns.

(e) The existence of substantial areas presently or heretofore devoted to use for garbage disposal purposes.

(f) Lack of storm drainage facilities adequate to receive and carry off surface ground and storm waters, or to meet future needs of the community.

(g) Lack of sanitary sewer and sewage treatment facilities adequate to receive and carry off sanitary sewage from existing establishments and to handle future needs of the community.

(h) Lack of a water distribution system capable of satisfying the present and future needs of the community.

(i) Insufficient power, electrical, gas and communication system to handle present and future needs of the community.

(j) Insufficient safe and sanitary low-cost housing facilities.

(k) Lack of cultural facilities and entertainment facilities.

(l) Lack of any passenger bus or other transit systems.

(m) Inadequate number of job or work opportunities for residents of the community.

SEC. 41. It is further found and declared that there is a great and pressing demand for more housing, for more commercial and industrial establishments to provide jobs for residents, and for the correlation of the community with other areas of the city and county, by streets and public places, and without governmental help the community cannot be developed on a planned, coordinated and productive basis, and such lack of governmental help will preclude the proper development of the community and inhibit its use to the detriment of the people of the community, the city, the county and the state, all of which results in a compelling economic need for the corporation to function with the powers enumerated in this act.

SEC. 42. It is further found and declared that the private assembly of land in the community for development is so difficult and costly that it is uneconomic and as a practical matter impossible for private persons and owners to undertake because of lack of legal power and excessive costs. The community requires replanning and land assembly for reclamation and development in the interest of the general welfare because of scattered ownership. The remedying of these conditions requires the public acquisition, at fair prices of adequate areas, the clearance of such areas through demolition of existing obsolete, inadequate, unsafe and insanitary buildings, and the development and redevelopment of the community under proper supervision, with appropriate planning and continuing land use and construction policies.

SEC. 43. It is further found and declared that the existence of the conditions set forth above in Section 42 presents difficulties and handicaps which are beyond remedy and control solely by private interests and the regulatory processes in the exercise of the police power under present laws.

SEC. 44. It is further found that the territory within the community constitutes a single comprehensive land unit the nature of which is such that no part thereof can be properly and practicably planned and developed without preparing and developing plans and improvements on a communitywide basis, for example, a communitywide flood control and drainage system, sanitary sewer system, street system, communication system, street lighting system, water system, power system, reclamation plan, and other major communitywide improvements, works and facilities.

SEC. 45. It is further found that the proper planning and development and redevelopment of the community requires a public developer with full authority to plan and undertake the implementation of a plan for the development and redevelopment of the entire community, and with full authority to avail itself of federal assistance in the accomplishment of such objective; that existing legislation is inadequate for such purpose and the accomplishment of such objective; and that special legislation is necessary for such purpose.

SEC. 46. It is further found that special legislation is necessary in order to create a local entity which will meet the definition of a State Land Development Agency under Title VII of the Housing and Urban Development Act of 1970, with authority to act as developer in carrying out, with required community participation, one or more development programs for the community which will qualify for federal financial assistance, loans, grants, guarantees or commitments under such act, and with authority to issue bonds, the income from which is not exempt from state and federal taxation.

SEC. 47. The purpose of this act is to provide a public body which will qualify as a State Land Development Agency under Title VII of the Housing and Urban Development Act of 1970, which is authorized to prepare a plan or plans for the community and to acquire and develop land in the community in pursuance of such plan or plans in cooperation with the community board, so as to enable public authorities, local residents and private interests to cooperate in the development of the community in such a manner as will:

(1) Encourage the orderly development of a well-planned, diversified and economically sound community as an integral part of the city, relying to the maximum extent on private enterprise.

(2) Strengthen the capacity of the city to deal with the local problems of the community.

(3) Preserve and enhance both the natural and urban enrichment of the community and of the city.

(4) Increase for all persons, particularly members of minority groups, the available choices of locations for living and working, thereby providing a more just economic and social environment.

(5) Encourage the fullest utilization of the economic potential of the community.

(6) Assist in the efficient production of a steady supply of residential, commercial and industrial building sites at reasonable cost.

(7) Increase the capability of all segments of the home-building industry, including both small and large producers to utilize improved technology in producing the large volume of well-designed, inexpensive housing needed to accommodate population growth in the community and the city.

(8) Help create neighborhoods in the community designed for easier access between the places where people live and the places where they work and find recreation.

(9) Encourage desirable innovation in meeting domestic problems of the community whether physical, economic or social.

(10) Provide for the creation of a substantial number of jobs, both through development of the community and through the location of business enterprise within the community.

Article 6. Powers of Corporation

(f) Off-street motor vehicle parking lots, structures and facilities.

(g) Reclamation of public and private lands by levees, bulkheads, breakwaters, fills, embankments, basins, drains, canals, excavations, services, pipes, watergates, pumping plants and all works or structures useful therefor.

Upon completion of all or any of such facilities, the corporation may convey to the city, subject to city's consent and acceptance, all or any of the facilities so completed, and upon such conveyance the city shall own the same, and may maintain and operate them.

Facilities under subdivision (e) of this section shall be acquired or constructed pursuant to agreement with the regulated public utility providing service to the community in the manner provided in Sections 10109 to 10111, inclusive, of the Streets and Highways Code. Facilities under subdivision (2) of this section may be conveyed by the corporation, if it so elects, to the city or to any other public body authorized to maintain and operate such facilities, if the city or other public body consents to such transfer and accepts the same.

SEC. 54. The corporation may provide for the assembly, planning, development, replanning, redesign, clearance,

reconstruction or rehabilitation, or any combination of these, of all or any part of the community, and the provision of such residential, commercial, industrial, public or other spaces and such public facilities and structures as may be appropriate or necessary in the interest of the general welfare, including recreational and other facilities incidental or appurtenant to them. The corporation may also provide for the replanning or redesigning or original development of undeveloped areas.

SEC. 55. The corporation may take, acquire, hold, use and dispose of property of every kind within the community necessary, expedient, or advantageous to the full exercise and economic enjoyment of its purposes and powers.

SEC. 56. The corporation has and may exercise, within the boundaries of the community, the right of eminent domain in the manner provided by law for the condemnation of private property for public use by the state or any political subdivision or district thereof. The community board shall consult with the board of directors and with the city planning commission in preparing any such plan. The community board shall approve any plan by resolution.

SEC. 81. Any plan shall conform to the general plan of the city and to all applicable city laws.

SEC. 82. The establishment of such controls is a public purpose under the provisions of this act.

SEC. 85. Upon approval of a plan or plans, the community board shall submit the plan or plans to the board of directors. Upon receipt of a plan adopted by the community board, the board or directors shall immediately submit such plan to the city planning commission

for its recommendation for or against approval of the plan. Within 30 days after the plan has been submitted to it for consideration, the city planning commission shall make and file its report and recommendation with the board of directors. If the city planning commission does not report upon the plan within 30 days after its submission by the board of directors, the city planning commission shall be deemed to have waived its report and recommendation concerning the plan and the board of directors may thereafter approve and adopt the plan proposed by the community board.

SEC. 86. Before the approval and adoption of any plan by the board of directors, the board of directors shall conduct a public hearing on it.

SEC. 87. Notice of the hearing shall be published in a newspaper of general circulation, printed and published in the city, pursuant to Section 6066 of the Government Code. Copies of the notices shall be mailed, postage prepaid, to the last-known owner of each parcel of land in the community, at his last-known address, as shown on the last equalized assessment roll of the county or as known to the secretary, and to the address of any resident of the community who requests such notice and files his name and address with the City Clerk of the City of San Jose. The failure to give or receive any notice required by this section shall not be a ground for invalidating any action taken at the hearing or any continuation thereof, including, but not limited to, the adoption and approval of a plan, or any change or amendment thereto.

SEC. 88. The hearing shall be held at the time and place set forth in the notice. The board of directors shall hear and consider all competent and relevant testimony submitted by any person interested. Any person interested and objecting to the plan may file a written protest with the secretary at any time prior to the time fixed for the hearing, and the board of directors shall consider all written and oral protests.

SEC. 89. The board of directors' decision on the protests shall be final and conclusive.

members. The resolution shall set forth the findings and determinations of the board of directors which shall be conclusive in the absence of fraud.

SEC. 93. At any time, either concurrently with or after the approval of the plan, the board of directors may make changes therein, after notice of intention to do so, given by publication in the same newspaper in which the original notice of hearing was published, pursuant to Section 6061 of the Government Code; provided, however, that any changes in the plan made by the board of directors shall be made by resolution adopted by two-thirds of its members. Copies of such notice shall be mailed to the city planning commission and to the community board and to those to whom notice is required to be mailed pursuant to Section 87. The notice shall specify a time and place for hearing objections to the proposed changes, which shall not be less than 10 days after the publication and mailing of the notice.

SEC. 94. Written objections to any proposed change may be filed with the secretary by any interested person, or by the city planning commission, or the community board at any time prior to the hour set for hearing them.

SEC. 95. The board of directors shall hear and pass upon objections to proposed changes at the time appointed or at any time to which the hearing may be adjourned. This decision shall be final. Any changes described in the notice may be ordered by the board, by resolution, at the conclusion of the hearing, after ruling on any protests and objections.

SEC. 96. After the adoption of a plan by the board of directors, all applicants for building permits in the community for a period of two years thereafter shall be advised by the building department of the city that the site for which a building permit is sought for the construction of buildings or for other improvements is within a plan area.

SEC. 97. No action attacking or otherwise questioning the validity of the corporation and its organization or any plan or the adoption or approval of such plan or any of the findings or determinations of the board of directors in connection with such plan shall be brought prior to the adoption of the resolution approving the plan nor at any time after the elapse of 30 days from and after the date of adoption of the resolution approving the plan. No action attacking or otherwise questioning the validity of any changes in the plan shall be brought after the elapse of 60 days from and after the date of adoption of the resolution ordering such changes.

SEC. 98. At any time before the expiration of such 60-day period, an action may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure to determine the validity of bonds and the plan to be financed or refinanced, in whole or in part, by the bonds or to determine the validity of any plan not financed by bonds, including without limiting the generality of the foregoing, the legality and validity of all

proceedings theretofore taken for or in any way connected with the establishment of the corporation, its authority to transact business and exercise its powers, and the adoption of or making changes in the plan, also including the legality and validity of all proceedings theretofore taken and proposed to be taken for the authorization, issuance, sale and delivery of the bonds and for the payment of the principal and interest thereof.

SEC. 99. After a plan shall have been approved and adopted pursuant to the provisions of this article, the board of directors may do all things legally within its power to implement the same; provided, however, that the board of directors shall not undertake any of the following, unless and until the community board has been informed of the proposed undertaking and has submitted its recommendations to the board of directors as provided in this section:

The community board shall have 30 days after receipt of notice of the proposed action within which to review and submit its recommendations to the board of directors. If the community board fails to submit its recommendations with the board of directors within the 30 days, the community board shall have been deemed to have waived its right to make recommendations on the proposed action.

The board of directors may overrule any recommendations made by the community board pursuant to this section by two-thirds vote of its members.

The combined prior and current service pensions for patrol members and local safety members, other than local safety members to whom Section 21252.01, 21252.5, or 21252.6 applies, upon retirement at or after age 55 is a pension derived from contributions of the employer which, when added to that portion of the service retirement annuity that is derived from the accumulated normal contributions of the member, shall equal a percentage of his final compensation, multiplied by the number of years of patrol, fire, police, or county peace officer service, such percentage to be $2\frac{1}{2}$ or, if less, the percentage obtained by division of 50 percent by the difference between age 55 and the member's age at his birthday nearest to the date of his first entry into any service to which this section, Section 21252.10, or 21252.2 of this part prior to the repeal of such sections at the 1972 Regular Session applied, whether or not such service is credited at retirement, increased, as to service following an absence from employment to which any such section applies, by the number of completed years of such absence. Any member entering such service at or after age 55 shall be deemed, for purposes of this section, to have entered such service at age 54.

The amendment to this section at the 1968 Regular Session shall apply only to such members retiring on and after the effective date of the amendment. Current and prior service pensions of such members retired prior to the effective date shall be continued in accordance with the provisions of this part (commencing with Section 20000) as they existed on the day preceding the effective date.

This section shall not apply to any local safety member in the employ of an employer not subject to this section on the effective date of the amendment to this section at the 1971 Regular Session of the Legislature.

SEC. 49. Section 21252.6 of the Government Code, as amended by Chapter 1452, Statutes of 1971, is amended to read:

21252.6. The combined prior and current service pension for a state safety member, and a local safety member with respect to service to a contracting agency subject to this section, upon retirement after attaining age 55, is a pension derived from contributions of an employer sufficient, when added to that portion of the service retirement annuity which is derived from the accumulated normal contributions of the member at the date of his retirement, to equal one-fiftieth of his final compensation multiplied by the number of years of state safety, police, fire, or county peace officer service which is credited to him as a state safety member or

a local safety member subject to this section at retirement. Notwithstanding the preceding sentence, this section shall apply to the current and prior service pension for any other state safety member based on service to which it would have applied had the member, on July 1, 1971, been in employment described in Section 20017.77 of this code.

In no event shall the total pension for all service under this section exceed an amount which, when added to the service retirement annuity related to such service, equals 75 percent of final compensation. If the pension relates to service to more than one employer and would otherwise exceed such maximum, the pension payable with respect to each employer shall be reduced in the same proportion as the allowance based on service to such employer bears to the total allowance computed as though there were no limit, so that the total of such pensions shall equal the maximum.

This section shall not apply to a person whose effective date of retirement is prior to the operative date of this section or to a person who retires after such operative date and following reinstatement from a retirement having an effective date prior to such operative date and before rendering during such reinstatement at least one year of service in which he is subject to this section.

The Legislature reserves, with respect to any member subject to this section, the right to provide for such adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier age of service retirement made possible by the benefits under this section.

The percentage of final compensation provided in this section shall be reduced by one-third as applied to that part of the member's final compensation which does not exceed four hundred dollars (\$400) per month for service after the effective date of coverage of a member under the federal system. This paragraph shall not apply to a member who retires after the date upon which coverage under the federal system of persons in his employment terminates.

This section shall not apply to a contracting agency nor its employees unless and until the agency elects to be subject to it by amendment to its contract made in the manner prescribed for approval of contracts or in the case of a new contract, by express provision of the contract. The operative date of this section with respect to a local safety member shall be the effective date of the amendment to his employer's contract electing to be subject to this section.

Upon such election by a contracting agency subject to Section 21252.1, this section shall not apply to a local safety member then employed who entered such employment after attaining age 30, and Section 21252.1 shall continue to apply to such member unless and until he terminates such employment and more than 30 days thereafter enters employment otherwise subject to this section.

Upon such later entry into employment, the member will be subject to this section with respect to all service as a local safety member rendered to any employer subject to this section.

SEC. 50. Section 21252.7 is added to the Government Code, to read:

21252.7. The combined current and prior service pensions, disability retirement allowance or continued allowance with respect to a retired member whose effective date of retirement was prior to the operative date of this section, and who was a forestry, warden or law enforcement member on the day preceding such operative date, is his current service pension, prior service pension, or combined prior and current service pension, disability retirement allowance or continued allowance as it was under the provisions of this part as they read and applied to him on the day preceding the operative date of this section, subject to adjustment under Article 1.5 (commencing with Section 21220) of Chapter 9 of this part.

SEC. 51. Section 21252.8 is added to the Government Code, to read:

21252.8. The combined current and prior service pensions of a state safety member who on the day preceding the operative date of this section was a forestry member not subject to Section 21252.3 shall be determined in accordance with the provisions of this part as they read and applied to him on the day preceding such operative date and such member shall not become subject to Section 21252.6 unless he thereafter accepts appointment to a position in another state department in which he is a state safety member, and in such event he shall be subject to Section 21252.6 with respect to all of his state safety service.

SEC. 52. Section 21252.9 of the Government Code is repealed.

SEC. 53. Section 21252.9 is added to the Government Code, to read:

21252.9. The combined current and prior service pensions for a state safety member who on the day preceding the operative date of this section was a law enforcement member not subject to Section 21252.6, shall be determined in accordance with the provisions of this part as they read and applied to him on the day preceding such operative date rather than Section 21252.6 if under such provisions he is entitled to a retirement allowance exceeding 2 percent of final compensation per year of his law enforcement service, unless he elects in writing to be subject to Section 21252.6 and the election is filed in the office of the board within 30 calendar days following the operative date of this section. Any such member who does not so elect and thereafter accepts appointment to a position in another state department in which he is a state safety member shall become subject, upon such acceptance, to Section 21252.6 with respect to all of his state safety service.

state safety member who on the day preceding the operative date of this section was a warden member shall be determined in accordance with the provisions of this part as they read and applied to him on the day preceding such operative date if on such preceding day he was either: (a) in compensated employment in which he was a warden member, or (b) on leave of absence from such employment and who either: (1) has attained age 55, or (2), if on such date he was subject to Section 21252.2, he entered warden service after attaining age 35, unless he elects in writing to be subject to Section 21252.6 and the election is filed in the office of the board within 30 calendar days following the operative date of this section.

Any such member who thereafter accepts an appointment to a position in another state department in which he is a state safety member shall become subject to Section 21252.6 with respect to all of his state safety service.

SEC. 55. Section 21263.1 of the Government Code, as amended by Chapter 249, Statutes of 1971, is amended to read:

21263.1. Upon the death of a state safety member after the effective date of this section and after the effective date of his retirement for service or for disability, including such members heretofore and hereafter retired, one-half his retirement allowance as it was at his death, excluding any portion of said allowance which is based on service other than state safety service or which was derived from accumulated additional contributions of the member, shall be continued throughout life or until remarriage, to his surviving wife. If there be no surviving wife entitled to an allowance hereunder, or if she die or remarry before every child of such deceased member attains the age of 18 years, then the allowance which the surviving wife would have received had she lived and not remarried shall be paid to his child or children under said age, collectively, to continue until every such child dies or attains said age; provided, that no child shall receive any allowance after marrying or attaining the age of 18 years. Should said member leave no surviving wife and no children under the age of 18 years, but leave a parent or parents dependent upon him for support, the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving wife otherwise would have received, during such dependency. No allowance, however, shall be paid under this section to a surviving wife unless she was married to the member at least one year prior to his retirement. If at the effective date of said retirement, said member has no wife, children or dependent parents, who would so qualify and if said member elects as provided in Section 21330 to have the actuarial equivalent of his retirement allowance applied to a lesser retirement allowance, in accordance with an optional settlement, no allowance shall be paid under this section.

The effective date of this section with respect to a member who becomes subject to it after its enactment by reason of reclassification of his membership from miscellaneous to state safety member is the

effective date of the amendment to this part accomplishing such reclassification. The effective date of this section with respect to a member who prior to the effective date of the amendment to this section at the 1972 Regular Session was a law enforcement, forestry, or warden member is the date upon which he became subject as such member to this section or another section of this part providing a similar allowance.

The second and third members of the board shall be members of the association, other than safety members, elected by such members within 30 days after the retirement system becomes operative in a manner determined by the board of supervisors. The fourth, fifth, sixth and ninth members shall be qualified electors of the county who are not connected with the county government in any capacity, except one may be a supervisor, and shall be appointed

If there is no such candidate there shall be no alternate member. The same fee shall be charged irrespective of the type of class in which the student is enrolled.

The Board of Governors of the California Community Colleges shall also adopt a per-unit tuition fee for nonresidents on less than a full-time basis by dividing the fee for full-time nonresidents by 30 (units). The same per-unit rate shall be charged all nonresident students attending any summer sessions maintained by the community college. The rate charged shall be the rate established for the fiscal year in which the summer session ends.

A district shall report annually to the Board of Governors of the California Community Colleges the number of nonresidents enrolled for six units or less, the number of nonresidents enrolled for more than six units, and the total amount of fees collected from each category.

Any exemptions shall be made with regards to all nonresidents described in (a) and (b), and shall not be made on an individual basis.

A district may, with the approval of the Board of Governors of the California Community Colleges contract with a state, the federal government, a foreign country, or an agency thereof, for payment of all or a part of a nonresident student's tuition fee.

The nonresident tuition fee shall be paid in two equal installments at the beginning of each semester, or three equal installments at the beginning of each quarter and shall be set by the governing board of each community college district not later than January 1st of each year. The fee shall represent the amount per student enrolled in the district, which is expended by the district for the current costs of education as defined by the California Accounting Manual for students enrolled in grades 13 and 14.

Each governing board shall compute the amount per student enrolled in the district.

The amount per student enrolled shall be derived by dividing the current costs expended from funds from all sources during the preceding year by the average daily attendance during the same year in grades 13 and 14 and subtracting therefrom the amount allowed as basic state aid from the State School Fund. The same fee shall be charged irrespective of the type of class in which the student is enrolled.

The governing board of each community college district shall also adopt a per-unit tuition fee for nonresidents on less than a full-time basis by dividing the fee for full-time nonresidents by 30 (units). The same per-unit rate shall be charged all nonresident students attending any summer sessions maintained by the community college. The rate charged shall be the rate established for the fiscal year in which the summer session ends.

A district shall report annually to the Board of Governors of the California Community Colleges the number of nonresidents enrolled for six units or less, the number of nonresidents enrolled for more than six units, and the total amount of fees collected from each category.

The provisions of this section which require a mandatory fee for nonresidents shall not apply to any district in which during the school year 1962-63 more than 15 percent of the students enrolled were residents of another state; except that the provisions of this section shall apply to such districts beginning with the school year 1975-1976 and except that the provisions of this section which require annual reports to be filed with the Board of Governors of the California Community Colleges on the number of such students enrolled shall apply to such districts in the same manner as to any other district.

There shall be available for the fiscal year 1973–1974 and for each fiscal year thereafter such scholarships in an amount equal to 3.5 percent of the number of California high school graduates of the previous year, plus such scholarships for all state scholarship winners who meet all standards for renewal of their awards prescribed by the Education Code and by regulations of the State Scholarship and Loan Commission.

It is the policy of the Legislature that any funds for scholarships for California college students received from the federal government shall be considered as supplemental and additional to the California state scholarship program.

(b) Of the scholarships, other than renewal scholarships for state scholarship winners, authorized by subdivision (a), one-third of the total number available for a fiscal year shall be available for the fiscal year for allocation pro rata to each senatorial and Assembly district.

No award shall be canceled because of change of residence of an award winner within the state.

Each competitive scholarship is for the period of one academic year and the award shall be for three hundred dollars (\$300) to not to exceed two thousand two hundred dollars (\$2,200) in one hundred dollar (\$100) amounts at the college the award winner will attend, as required by applicant's financial need, as determined by the State Scholarship and Loan Commission, but in no event in excess of an amount equal to the tuition or necessary fees, or both tuition and fees, for the academic year, including summer terms or quarters of the institution at which the scholarship is used.

No competitive scholarship awarded to an applicant under this section for the period of one academic year shall exceed the total amount of two thousand two hundred dollars (\$2,200); except that the State Scholarship and Loan Commission may, for students who accelerate college attendance, increase the amount of award for one academic year proportional to the period of additional attendance resulting from attendance at a summer term or quarter. In the aggregate, the total amount a student would receive in a four-year period may not be increased as a result of accelerating his progress to a degree by attending summer terms or quarters. The State Scholarship and Loan Commission may provide by appropriate rules and regulations for such reports, accounting, and statements from the award winner and college or university of attendance pertaining to the use or application of the award as it may deem proper. A competitive scholarship may be renewed annually without an additional competitive examination until the award winner has received four annual awards or until he has been graduated from such an institution in an undergraduate course, whichever is the earlier, provided that at or prior to such renewal the State Scholarship and Loan Commission shall reassess the financial needs of such award winner and establish the amount of the award within the limits prescribed by this section. The scholarship shall remain in effect only during the period that the award winner achieves satisfactory academic progress and is regularly enrolled as a full-time student in an institution of collegiate grade, as described in Section 31206.

No award shall exceed two thousand dollars (\$2,000) for a year except awards given for attendance during the 1973-1974 fiscal year and thereafter.

No competitive scholarship awarded to an applicant under this section for the period of one academic year shall exceed the total amount of two thousand two hundred dollars (\$2,200); except that the State Scholarship and Loan Commission may, for students who accelerate college attendance, increase the amount of award for one academic year proportional to the period of additional attendance resulting from attendance at a summer term, session, or quarter. In the aggregate, the total amount a student would receive in a four-year period may not be increased as a result of accelerating his progress to a degree by attending summer terms, sessions, or

quarters. The State Scholarship and Loan Commission may provide by appropriate rules and regulations for such reports, accounting, and statements from the award winner and college or university of attendance pertaining to the use or application of the award as it may deem proper. A competitive scholarship may be renewed annually without an additional competitive examination until the award winner has received four annual awards or until he has been graduated from such an institution in an undergraduate course, whichever is the earlier, provided that at or prior to such renewal the State Scholarship and Loan Commission shall reassess the financial needs of such award winner and establish the amount of the award within the limits prescribed by this section. The scholarship shall remain in effect only during the period that the award winner achieves satisfactory academic progress and is regularly enrolled as a full-time student in an institution of collegiate grade, as described in Section 31206.

No award shall exceed two thousand dollars (\$2,000) for a year except awards given for attendance during the 1973-1974 fiscal year and thereafter.

Notwithstanding Section 26052 or any other provision of law, as used in this section, the term "food" includes, but is not limited to, meat. The term "food" does not, however, include any alcoholic beverage.

Any spice, flavoring, or coloring, except any spice, flavoring, or coloring sold as such, may be designated as spice, flavoring, or coloring without naming each.

Exemptions may be established by the department, when compliance with any requirement of this subdivision is impractical or results in deception or unfair competition.

In adopting any regulations relating to this subdivision, the department shall take into consideration the current regulations established by the Secretary of Health, Education, and Welfare under authority contained in the federal law.

This subdivision does not apply to bread which is sold on the premises upon which it is baked.

SEC. 3. It is the intent of the Legislature, if this bill and Assembly Bill No. 1074 are both chaptered and amend Section 26559 of the Health and Safety Code, and this bill is chaptered after Assembly Bill

No. 1074, that Section 26559 of the Health and Safety Code, as amended by Section 1 of Assembly Bill No. 1074 be further amended on the operative date of this act in the form set forth in Section 2 of this act to incorporate the changes in Section 26559 proposed by this bill. Therefore, Section 2 of this act shall become operative only if Assembly Bill No. 1074 is chaptered before this bill and amends Section 26559, and in such case Section 2 of this act shall become operative on the operative date of this act and Section 1 of this act shall not become operative.

SEC. 4. This act shall become operative on July 8, 1974.

CHAPTER 1113

An act to add Article 1.3 (commencing with Section 17510) to Chapter 1 of Part 3 of Division 7 of the Business and Professions Code, relating to charitable solicitations.

[Approved by Governor August 23, 1972 Filed with
Secretary of State August 23, 1972]

The people of the State of California do enact as follows:

SECTION 1. Article 1.3 (commencing with Section 17510) is added to Chapter 1 of Part 3 of Division 7 of the Business and Professions Code, to read:

Article 1.3. Charitable Solicitations

17510. (a) The Legislature finds that there exists in the area of sales solicitations for charitable purposes a condition which has worked fraud, deceit and imposition upon the people of the state which existing legal remedies are inadequate to correct. Many sales solicitations for charitable purposes have involved situations where funds are solicited from the citizens of this state for charitable purposes, but an insignificant amount, if any, of the money solicited and collected actually is received by any charity. The charitable solicitation industry has a significant impact upon the well-being of the people of this state. The provisions of this article relating to sale solicitations for charitable purposes are, therefore, necessary for the public welfare.

(b) The Legislature declares that the purpose of this article is to safeguard the public against fraud, deceit and imposition, and to foster and encourage fair sales solicitations for charitable purposes, wherein the buyer from whom the money is being solicited will know what portion of the money will actually be utilized for charitable purposes. This article will promote legitimate sales solicitation for charitable purposes and restrict harmful solicitation methods, thus the people of this state will not be misled into donating

to solicitors a substantial amount of money which may not in fact be used for charitable purposes.

17510.1. As used in this article, "sale" shall include a gift made with the hope or expectation of monetary compensation.

17510.2. As used in this article, "sales solicitation for charitable purposes" means the sale of, offer to sell, or attempt to sell any advertisement, advertising space, book, card, chance, coupon device, magazine subscription, membership, merchandise, ticket of admission or any other thing or service in connection with which:

(a) Any appeal is made for charitable purposes; or

(b) The name of any charity, philanthropic or charitable organization is used or referred to in any such appeal as an inducement for making any such sale; or

(c) Any statement is made to the effect that the whole or any part of the proceeds from such sale will go to or be used for any charitable purpose or organization.

The sale, offer or attempt to sell, shall include the making or disseminating or causing to be made or disseminated before the public in this state, in any newspaper or other publication, or any advertising device, or by public outcry or proclamation, or in any other manner or means whatsoever any such solicitation.

17510.3. Prior to any sales solicitation for charitable purposes, the seller shall exhibit to the prospective purchaser a card entitled "Sale for Charitable Purposes Card." The card shall be signed and dated under penalty of perjury by an individual who is either a principal or officer of the soliciting organization. The card shall give the name and address of the soliciting organization or the person who signed the card and the name and address of the individual who is doing the actual soliciting. The card shall also include, in at least 10-point type, the following information:

(a) The name and address of each organization or fund on behalf of which all or any part of the money collected will be utilized for charitable purposes;

(b) If there is no organization or fund, the manner in which the money collected will be utilized for charitable purposes;

(c) The amount, stated as a percentage of the total purchase price, that will be given to the organization or fund;

(d) If there is no organization or fund, the amount, stated as a percentage of the total purchase price, that will be used for charitable purposes;

(e) The non-tax-exempt status of the organization or fund, if the organization or fund for which the money or funds are being solicited does not have a charitable tax exemption under both federal and state law;

(f) The percentage of the total purchase price which may be deducted as a charitable contribution under both federal and state law. If no portion is so deductible the card shall state that "This contribution is not tax deductible."

17510.4. If the initial solicitation is made by radio, television,

letter, telephone, or any other means not involving direct personal contact with the person solicited, this solicitation shall clearly disclose the information required by Section 17510.3. If the sale is subsequently consummated the sale for charitable purposes card shall be mailed to or otherwise delivered to the buyer with the item or items purchased.

17510.5. The provisions of this article shall apply to any organization which at the time of the sales solicitation does not have charitable tax-exempt status under federal and state laws and to any person acting for, on behalf of, or as employee or agent of such organization.

17510.6. Any organization which at the time of the sales solicitation for charitable purposes has charitable tax-exempt status under federal and state laws shall not be subject to the provisions of this article.

17510.7. Compliance with any city or county ordinance which provides for disclosure of information relating to solicitations for charitable purposes substantially similar to and no less than the disclosure requirements of this article shall be deemed to satisfy the requirements of this article.

CHAPTER 1114

An act to amend Section 1305 of the Penal Code, relating to bail.

[Approved by Governor August 23, 1972. Filed with
Secretary of State August 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 1305 of the Penal Code is amended to read:

1305. (a) If, without sufficient excuse, the defendant neglects to appear for arraignment or for trial or judgment, or upon any other occasion when his presence in court is lawfully required, or to surrender himself in execution of the judgment, the court must direct the fact to be entered upon its minutes and the undertaking of bail, or the money deposited instead of bail, as the case may be, must thereupon be declared forfeited, and, if the amount of the forfeiture exceeds fifty dollars (\$50), the clerk of the court shall, promptly upon entering the fact of such failure to appear in the minutes, mail notice of the forfeiture to the surety on the bond or depositor of money instead of a bond, and shall execute an affidavit of such mailing and place it in the court's file in the case. If the surety is an authorized corporate surety insurer, and if the bond has plainly printed or stamped thereon the address of its principal office in California, such notice shall be mailed to such surety at such address, and mailing to the bail agent or solicitor who posted the bond shall not constitute compliance with this section; the clerk shall at the

same time send a copy of such notice to the bail agent or solicitor who posted the bond. If the clerk fails to mail such notice within 30 days after such entry, the surety or depositor shall be released from all obligations under the bond.

But if at any time within 180 days after such entry in the minutes or, if mailing of notice of forfeiture is required, within 180 days after mailing such notice of forfeiture, the defendant and his bail appear, and satisfactorily excuse the defendant's neglect or show to the satisfaction of the court that the absence of the defendant was not with the connivance of the bail, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just, and may order the bail reinstated and the defendant released again on the same bond. If at any time within 180 days after such entry in the minutes or mailing as the case may be, the bail should surrender the defendant to the court or to custody, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just.

If within 180 days after such entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is dead or is otherwise permanently unable to appear in court due to illness, insanity, or detention by civil or military authorities, and that the absence of the defendant was not with the connivance of the bail, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just. If within 180 days after such entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is temporarily disabled by reason of illness, insanity, or detention by civil or military authorities and is therefore unable to appear in court at any time during the remainder of such 180 days, and that the absence of the defendant has not been with the connivance of the bail, then the period of time during which the disability continues shall not be deemed part of such 180 days. Upon a finding by the court that a reasonable period of time is necessary in order to return the defendant to court upon the termination of the disability, then such period of time, as fixed by the court, shall not be deemed part of such 180 days.

Unless waived by the district attorney or other prosecuting attorney, no order discharging the forfeiture of the undertaking or deposit shall be made without opportunity for hearing and the filing of a notice of motion for such order setting forth the basis for relief, with proof of service upon the district attorney or other prosecuting attorney at least 10 days prior to the time set for hearing of the motion and otherwise in compliance with the provisions of Section 1010 of the Code of Civil Procedure. Such notice may be given by the surety insurer, its bail agent, the surety, or depositor of money, any of whom may give such notice and appear either in person or by attorney. Such notice of motion must be filed within 180 days after such entry in the minutes or mailing as the case may be, and must be heard and determined within 30 days after the expiration of such

180 days, unless the court for good cause shown, shall extend the time for hearing and determination.

(b) If, without sufficient excuse, the defendant neglects to appear for arraignment, trial, judgment, or upon any other occasion when his presence in court is lawfully required, or to surrender himself in execution of the judgment, but the court has reason to believe that sufficient excuse may exist for his neglect to appear or surrender himself, the court may continue the case for such period as it deems reasonable to enable the defendant to appear without ordering a forfeiture of bail or issuing a bench warrant.

CHAPTER 1115

An act to add Sections 25428.1 and 25428.2 to the Education Code, relating to community colleges.

[Approved by Governor August 23, 1972. Filed with
Secretary of State August 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 25428.1 is added to the Education Code, to read:

25428.1. (a) The governing board of any district maintaining a community college may establish an account for each cocurricular activity with designations such as "the music account," "the journalism account," or "the drama account." All income derived from each designated cocurricular activity shall be deposited in the account for expenditures for the operation of the cocurricular activity maintaining the account, in accordance with the rules and regulations of the governing board.

(b) The governing board may designate an employee or employees of the district as the custodian of the account or accounts and such person or persons shall be responsible for the payment into the account or accounts of all moneys received for or to be paid into the account or accounts, and for all expenditures therefrom, subject to the rules and regulations of the governing board.

(c) As used in this section, "cocurricular activities" has the same meaning as defined in Section 25428, as added by Chapter 1509 of the Statutes of 1971.

SEC. 2. Section 25428.2 is added to the Education Code, to read:

25428.2. The governing board of a school district maintaining a community college may impose a fee on a participating student for the additional expenses incurred when physical education courses are required to use nondistrict facilities.

CHAPTER 1116

An act to add Article 1 (commencing with Section 23401) to Chapter 3 of Division 17 of the Education Code, relating to the University of California, and making an appropriation therefor.

[Approved by Governor August 25, 1972. Filed with Secretary of State August 25, 1972.]

I am deleting the \$9,360,000 appropriation contained in Section 2 of Senate Bill No. 665

I have been concerned for some time about the growing need for family practitioners in California. This measure, which is intended to provide for the training and development of more family practitioners, unfortunately does not contain the necessary guidelines to assure proper allocation of the \$9,360,000 contained in the bill. Without proper assurance that the money proposed for this program will provide adequate training, I cannot support this expenditure of state funds.

I have, therefore, deleted the \$9,360,000 appropriation contained in SB 665.

With the above deletion, I approve Senate Bill No. 665.

RONALD REAGAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Article 1 (commencing with Section 23401) is added to Chapter 3 of Division 17 of the Education Code, to read:

Article 1. Family Practice Residency for Physicians

23401. The Legislature hereby finds and declares that physicians engaged in family practice are in very short supply. Medical education has increasingly stressed specialization without sufficient concern for the long-range impact on the delivery of health services in the community.

The Legislature further finds that the shortage of family practitioners must be corrected by placing higher priority in University of California medical schools on the attraction of medical students to family practice. To accomplish this goal, each school must organize a strong department of family practice with adequate budget. Such departments must also have the fiscal capacity to increase the number of approved family practice residencies in community hospitals for medical graduates who elect to specialize in family practice. Rural community hospitals should be encouraged to develop these residencies with the support of medical schools in order to improve the supply of physicians in rural parts of the state.

23402. The Regents of the University of California shall establish a Department of Family Practice at each medical campus of the University of California. The chairman of each department of family practice shall have specialty certification from the American Board of Family Practice which requires broad clinical experience in the field of family practice.

23403. Each program of family practice shall:

- (a) Be designed to advance the field of family practice.
- (b) Educate all medical students in family practice, and attract

students to it as a career.

(c) Include teaching, and development of medical services for families, as a basis for teaching in family practice.

(d) Provide students an opportunity to study family practice in various situations through preceptorships, summer programs, seminars, or other means.

(e) Develop residency and other training programs for family practice in public and private community hospitals, including those in nonmetropolitan areas of the state.

23404. Each department shall have faculty positions devoted to teaching and program development for attracting medical students to family practice by exposing them to various practice settings through preceptorships, summer programs, seminars, and other related programs.

23405. Each department shall develop family practice residencies in community hospitals with emphasis on decentralization to rural parts of the state.

23406. The Regents of the University of California shall take steps to expand the number of residencies in family practice statewide in the 1972-1973, 1973-1974, 1974-1975, 1975-1976, and 1976-1977 fiscal years.

23407. This article shall become operative only if its provisions become applicable to the University of California upon the adoption of a resolution by the Regents of the University of California making the provisions of this article so applicable.

SEC. 2. There is hereby appropriated from the General Fund in the State Treasury the sum of nine million three hundred sixty thousand dollars (\$9,360,000) to the Regents of the University of California, to be expended during the 1972-1973, 1973-1974, 1974-1975, 1975-1976, and 1976-1977 fiscal years for the purpose of Article 1 (commencing with Section 23401) of Chapter 3 of Division 17 of the Education Code, in accordance with the following schedule:

(a) 1972-1973 fiscal year.

(1) One million two hundred fifty thousand dollars (\$1,250,000) for administration of the Department of Family Practice on the medical campuses of the University of California.

(2) One million six hundred eighty thousand dollars (\$1,680,000), to be expended in connection with residencies in family practice in the state during the 1972-1973 fiscal year.

(b) 1973-1974, 1974-1975, 1975-1976, and 1976-1977 fiscal years:

(1) One million two hundred fifty thousand dollars (\$1,250,000) for administration of the Department of Family Practice on the medical campuses of the University of California.

(2) Five million one hundred eighty thousand dollars (\$5,180,000), to be expended in connection with residencies in family practice in the state.

CHAPTER 1117

*An act to amend Section 395 of the Code of Civil Procedure,
relating to civil actions.*

[Approved by Governor August 25, 1972 Filed with
Secretary of State August 25, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 395 of the Code of Civil Procedure as amended by Chapter 1640, Statutes 1971 is amended to read:

395. (a) Except as otherwise provided by law and subject to the power of the court to transfer actions or proceedings as provided in this title, the county in which the defendants or some of them reside at the commencement of the action is the proper county for the trial of the action. If the action is for injury to person or personal property or for death from wrongful act or negligence, either the county where the injury occurs or the injury causing death occurs or the county in which the defendants, or some of them reside at the commencement of the action, shall be a proper county for the trial of the action. In a proceeding for dissolution of marriage, the county in which the petitioner has been a resident for three months next preceding the commencement of the proceeding is the proper county for the trial of the proceeding. Subject to the provisions of subdivision (b), when a defendant has contracted to perform an obligation in a particular county, either the county where such obligation is to be performed or in which the contract in fact was entered into or the county in which the defendant or any such defendant resides at the commencement of the action shall be a proper county for the trial of an action founded on such obligation, and the county in which such obligation is incurred shall be deemed to be the county in which it is to be performed unless there is a special contract in writing to the contrary. If none of the defendants reside in the state or if residing in the state and the county in which they reside is unknown to the plaintiff, the action may be tried in any county which the plaintiff may designate in his complaint, and, if the defendant is about to depart from the state, such action may be tried in any county where either of the parties reside or service is made. If any person is improperly joined as a defendant or has been made a defendant solely for the purpose of having the action tried in the county or judicial district where he resides, his residence shall not be considered in determining the proper place for the trial of the action.

In a proceeding to determine a parental relationship pursuant to Section 231 of the Civil Code, or to enforce an obligation of support pursuant to Section 196a of the Civil Code, the county in which the child or the defendant resides at the commencement of the action is a proper county for the trial of the action.

(b) Subject to the power of the court to transfer actions or proceedings as provided in this title, in an action founded upon an

obligation of the defendant for goods, services, loans or extensions of credit intended primarily for personal, family or household use, other than an obligation described in Section 1812.10 or Section 2984.4 of the Civil Code, the county in which the defendant in fact signed the contract, the county in which the defendant resided at the time the contract was signed, or the county in which the defendant resides at the commencement of the action is the proper county for the trial thereof.

(c) If within any such county there is a municipal or justice court having jurisdiction of the subject matter established in the judicial district in which the defendant or any defendant resides, in which the injury to person or personal property or the injury causing death occurs, or, in the cases mentioned in subdivision (a), in which the obligation was contracted to be performed or, in cases mentioned in subdivision (b), in which the defendant in fact signed the contract, in which the defendant resided at the time the contract was signed, or in which the defendant resides at the commencement of the action, then such court is the proper court for the trial of such action. Otherwise, any municipal or justice court in such county having jurisdiction of the subject matter is a proper court for the trial thereof.

SEC. 2. Section 395 of the Code of Civil Procedure is amended to read:

395. (a) Except as otherwise provided by law and subject to the power of the court to transfer actions or proceedings as provided in this title, the county in which the defendants or some of them reside at the commencement of the action is the proper county for the trial of the action. If the action is for injury to person or personal property or for death from wrongful act or negligence, either the county where the injury occurs or the injury causing death occurs or the county in which the defendants, or some of them reside at the commencement of the action, shall be a proper county for the trial of the action. In a proceeding for dissolution of marriage, the county in which the petitioner has been a resident for three months next preceding the commencement of the proceeding is the proper county for the trial of the proceeding. Subject to the provisions of subdivision (b), when a defendant has contracted to perform an obligation in a particular county, either the county where such obligation is to be performed or in which the contract in fact was entered into or the county in which the defendant or any such defendant resides at the commencement of the action shall be a proper county for the trial of an action founded on such obligation, and the county in which such obligation is incurred shall be deemed to be the county in which it is to be performed unless there is a special contract in writing to the contrary. If none of the defendants reside in the state or if residing in the state and the county in which they reside is unknown to the plaintiff, the action may be tried in any county which the plaintiff may designate in his complaint, and, if the defendant is about to depart from the state, such action may be tried

in any county where either of the parties reside or service is made. If any person is improperly joined as a defendant or has been made a defendant solely for the purpose of having the action tried in the county or judicial district where he resides, his residence shall not be considered in determining the proper place for the trial of the action.

In a proceeding to determine a parental relationship pursuant to Section 231 of the Civil Code, or to enforce an obligation of support pursuant to Section 196a of the Civil Code, the county in which the child or the defendant resides at the commencement of the action is a proper county for the trial of the action.

(b) Subject to the power of the court to transfer actions or proceedings as provided in this title, in an action founded upon an obligation of the defendant for goods, services, loans or extensions of credit intended primarily for personal, family or household use, other than an obligation described in Section 1812.10 or Section 2984.4 of the Civil Code, the county in which the defendant in fact signed the contract, the county in which the defendant resided at the time the contract was entered into, or the county in which the defendant resides at the commencement of the action is the proper county for the trial thereof.

(c) If within any such county there is a municipal or justice court having jurisdiction of the subject matter established in the judicial district in which the defendant or any defendant resides, in which the injury to person or personal property or the injury causing death occurs, or, in the cases mentioned in subdivision (a), in which the obligation was contracted to be performed or, in cases mentioned in subdivision (b), in which the defendant in fact signed the contract, in which the defendant resided at the time the contract was entered into, or in which the defendant resides at the commencement of the action, then such court is the proper court for the trial of such action. Otherwise, any municipal or justice court in such county having jurisdiction of the subject matter is a proper court for the trial thereof.

(d) Any provision of an obligation described in subdivision (b) or (c) waiving the provisions of those subdivisions is void and unenforceable.

SEC. 3. It is the intent of the Legislature, if this bill and Senate Bill No. 267 are both chaptered and amend Section 395 of the Code of Civil Procedure, and this bill is chaptered after Senate Bill No. 267, that the amendments to Section 395 proposed by both bills be given effect and incorporated in Section 395 in the form set forth in Section 2 of this act. Therefore, Section 2 of this act shall become operative only if this bill and Senate Bill No. 267 are both chaptered, both amend Section 395, and Senate Bill No. 267 is chaptered before this bill, in which case Section 1 of this act shall not become operative.

CHAPTER 1118

An act to amend Section 4700 of the Civil Code, to amend Sections 395, 1681, and 1769 of the Code of Civil Procedure, and to amend Section 11476 of the Welfare and Institutions Code, relating to family law.

[Approved by Governor August 25, 1972. Filed with Secretary of State August 25, 1972.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and cited as the Family Responsibility Act of 1972.

SEC. 2. Section 4700 of the Civil Code, as amended by Chapter 1210 of the Statutes of 1971, is amended to read:

4700. (a) In any proceeding where there is at issue the support of a minor child, the court may order either or both parents to pay any amount necessary for the support, maintenance, and education of the child. Upon a showing of good cause, the court may order the parent or parents required to make such payment of support to give reasonable security therefor. All payments of support shall be made by those persons owing such amounts prior to the payment of any debts owing to creditors. Any order for child support may be modified or revoked as the court may deem necessary, except as to any amount that may have accrued prior to the date of the filing of the notice of motion or order to show cause to modify or revoke. The order of modification or revocation may be made retroactive to the date of the filing of the notice of motion or order to show cause to modify or revoke, or to any date subsequent thereto. The order of modification or revocation may include an award of attorney fees and court costs to the prevailing party.

(b) When a court orders a person to make specified payments for support of a child during the child's minority, or until such child is married or otherwise emancipated, the liability of such person terminates upon the happening of such contingency. If the custodial parent or other person having physical custody of the child, to whom payments are to be made, fails to notify the person ordered to make such payments, or the attorney of record of such person, of the happening of such contingency, and continues to accept support payments, such person must refund any and all moneys received which accrued after the happening of such contingency, except that such overpayments must first be applied to any and all support payments which are then in default. The court may, in the original order for support, order the custodial parent or other person to whom payments are to be made to notify the person ordered to make such payments, or his attorney of record, of the happening of such contingency.

(c) In the event obligations for support of a child are discharged in bankruptcy, the court may make all proper orders for the support,

maintenance and education of such child, as the court may deem just.

SEC. 3. Section 395 of the Code of Civil Procedure, as amended by Chapter 1640 of the Statutes of 1971, is amended to read:

395. (a) Except as otherwise provided by law and subject to the power of the court to transfer actions or proceedings as provided in this title, the county in which the defendants or some of them reside at the commencement of the action is the proper county for the trial of the action. If the action is for injury to person or personal property or for death from wrongful act or negligence, either the county where the injury occurs or the injury causing death occurs or the county in which the defendants, or some of them reside at the commencement of the action, shall be a proper county for the trial of the action. In a proceeding for dissolution of marriage, the county in which the petitioner has been a resident for three months next preceding the commencement of the proceeding is the proper county for the trial of the proceeding. In a proceeding to determine parental relation under Section 231 of the Civil Code or to enforce an obligation of support under Section 196a of the Civil Code, the county in which the child resides is the proper county for the trial of the action. Subject to the provisions of subdivision (b), when a defendant has contracted to perform an obligation in a particular county, either the county where such obligation is to be performed or in which the contract in fact was entered into or the county in which the defendant or any such defendant resides at the commencement of the action shall be a proper county for the trial of an action founded on such obligation, and the county in which such obligation is incurred shall be deemed to be the county in which it is to be performed unless there is a special contract in writing to the contrary. If none of the defendants reside in the state or if residing in the state and the county in which they reside is unknown to the plaintiff, the action may be tried in any county which the plaintiff may designate in his complaint, and, if the defendant is about to depart from the state, such action may be tried in any county where either of the parties reside or service is made. If any person is improperly joined as a defendant or has been made a defendant solely for the purpose of having the action tried in the county or judicial district where he resides, his residence shall not be considered in determining the proper place for the trial of the action.

(b) Subject to the power of the court to transfer actions or proceedings as provided in this title, in an action founded upon an obligation of the defendant for goods, services, loans or extensions of credit intended primarily for personal, family or household use, other than an obligation described in Section 1812.10 or Section 2984.4 of the Civil Code, the county in which the defendant in fact signed the contract, the county in which the defendant resided at the time the contract was signed, or the county in which the defendant resides at the commencement of the action is the proper county for the trial thereof.

(c) If within any such county there is a municipal or justice court

having jurisdiction of the subject matter established in the judicial district in which the defendant or any defendant resides, in which the injury to person or personal property or the injury causing death occurs, or, in the cases mentioned in subdivision (a), in which the obligation was contracted to be performed, or, in cases mentioned in subdivision (b), in which the defendant in fact signed the contract, in which the defendant resided at the time the contract was signed, or in which the defendant resides at the commencement of the action, then such court is the proper court for the trial of such action. Otherwise, any municipal or justice court in such county having jurisdiction of the subject matter is a proper court for the trial thereof.

SEC. 3.5. Section 395 of the Code of Civil Procedure is amended to read:

395. (a) Except as otherwise provided by law and subject to the power of the court to transfer actions or proceedings as provided in this title, the county in which the defendants or some of them reside at the commencement of the action is the proper county for the trial of the action. If the action is for injury to person or personal property or for death from wrongful act or negligence, either the county where the injury occurs or the injury causing death occurs or the county in which the defendants, or some of them reside at the commencement of the action, shall be a proper county for the trial of the action. In a proceeding for dissolution of marriage, the county in which the petitioner has been a resident for three months next preceding the commencement of the proceeding is the proper county for the trial of the proceeding. In a proceeding to determine parental relation under Section 231 of the Civil Code or to enforce an obligation of support under Section 196a of the Civil Code, the county in which the child resides is the proper county for the trial of the action. Subject to the provisions of subdivision (b), when a defendant has contracted to perform an obligation in a particular county, either the county where such obligation is to be performed or in which the contract in fact was entered into or the county in which the defendant or any such defendant resides at the commencement of the action shall be a proper county for the trial of an action founded on such obligation, and the county in which such obligation is incurred shall be deemed to be the county in which it is to be performed unless there is a special contract in writing to the contrary. If none of the defendants reside in the state or if residing in the state and the county in which they reside is unknown to the plaintiff, the action may be tried in any county which the plaintiff may designate in his complaint, and, if the defendant is about to depart from the state, such action may be tried in any county where either of the parties reside or service is made. If any person is improperly joined as a defendant or has been made a defendant solely for the purpose of having the action tried in the county or judicial district where he resides, his residence shall not be considered in determining the proper place for the trial of the action.

(b) Subject to the power of the court to transfer actions or proceedings as provided in this title, in an action founded upon an obligation of the defendant for goods, services, loans or extensions of credit intended primarily for personal, family or household use, other than an obligation described in Section 1812.10 or Section 2984.4 of the Civil Code, the county in which the defendant in fact signed the contract, the county in which the defendant resided at the time the contract was entered into, or the county in which the defendant resides at the commencement of the action is the proper county for the trial thereof.

(c) If within any such county there is a municipal or justice court having jurisdiction of the subject matter established in the judicial district in which the defendant or any defendant resides, in which the injury to person or personal property or the injury causing death occurs, or, in the cases mentioned in subdivision (a), in which the obligation was contracted to be performed or, in cases mentioned in subdivision (b), in which the defendant in fact signed the contract, in which the defendant resided at the time the contract was entered into, or in which the defendant resides at the commencement of the action, then such court is the proper court for the trial of such action. Otherwise, any municipal or justice court in such county having jurisdiction of the subject matter is a proper court for the trial thereof.

(d) Any provision of an obligation described in subdivision (b) or (c) waiving the provisions of those subdivisions is void and unenforceable.

SEC. 4. Section 1681 of the Code of Civil Procedure is amended to read:

1681. (a) The prosecuting attorney on his own initiative shall use all means at his disposal to locate the obligor or his property, and if because of inaccuracies in the petition or otherwise the court cannot obtain jurisdiction, the prosecuting attorney shall inform the court of what he has done and request the court to continue the case pending receipt of more accurate information or an amended complaint from the initiating court.

(b) If the obligor or his property is not found in the county, and the prosecuting attorney discovers that the obligor or his property may be found in another county of this state or in another state, he shall so inform the court. Thereupon the clerk of the court shall forward the documents received from the court in the initiating state to a court in the other county or to a court in the other state or to the information agency or other proper official of the other state with a request that the documents be forwarded to the proper court. All powers and duties provided by this title apply to the recipient of the documents so forwarded. If the clerk of a court of this state forwards documents to another court, he shall forthwith notify the initiating court.

(c) If the prosecuting attorney has no information as to the location of the obligor or his property, he shall so inform the initiating court.

(d) When the plaintiff removes his residence from the county from which the original support order issued to a new county within the state, the plaintiff may initiate a support judgment enforcement action in the court of the new county of residence. The clerk of the court of the new county of residence shall request from the court where the original support order issued, and the court which originally issued the support order shall provide, all documents necessary for the prosecution and enforcement of the support obligation for the purpose of enforcing the defendant's support obligation. The court and prosecuting attorney of the new county of residence shall have the same powers and duties as the court and prosecuting official of the county in which the support order issued originally.

SEC. 5. Section 1769 of the Code of Civil Procedure is amended to read:

1769. (a) At or after hearing, the court may make such orders in respect to the conduct of the spouses and the subject matter of the controversy as the court deems necessary to preserve the marriage or to implement the reconciliation of the spouses, but in no event shall such orders be effective for more than 30 days from the hearing of the petition, unless the parties mutually consent to a continuation of such time.

(b) Any reconciliation agreement between the parties may be reduced to writing and, with the consent of the parties, a court order may be made requiring the parties to comply fully therewith.

(c) During the pendency of any proceeding under this chapter, the superior court may order the husband or wife, or father or mother, as the case may be, to pay any amount that is necessary for the support and maintenance of the wife or husband and for the support, maintenance, and education of the children, as the case may be. In determining the amount, the superior court may take into consideration the recommendations of a financial referee when such referee is available to the court. An order made pursuant to this subdivision shall not prejudice the rights of the parties or children with respect to any subsequent order which may be made. Any such order may be modified or revoked at any time except as to any amount that may have accrued prior to the date of filing of the notice of motion or order to show cause to modify or revoke.

SEC. 6. Section 11476 of the Welfare and Institutions Code, as amended by Chapter 578 of the Statutes of 1971, is amended to read:

11476. In all cases in which the whereabouts of the parent is unknown, the county department shall refer the applicant to the district attorney at the time the application for assistance is signed.

In all cases in which the whereabouts of the absent parent is known, the county department, immediately upon receipt of the application for assistance, shall notify the absent parent of the filing of the application and of his responsibility to complete and return the written statement required by Section 11353. Such notification shall

be by registered mail, return receipt requested, and an appropriate form and a stamped envelope shall be provided for its return. If the notice is not delivered within seven days, the county department shall cause prompt personal service to be made. If the written statement is not completed and returned within 15 days after service, the county department shall refer the matter to the district attorney for prosecution for violation of Section 11353.

When the county department has obtained sufficient information concerning the absent parent it shall immediately determine his ability to support his children, make contractual arrangements for his complying with his obligation to support, discuss his parental responsibilities, and explore the possibility of a reconciliation and the resumption of a parental relationship with his children. If the county department has not obtained a satisfactory support agreement with the absent parent within 30 days after the application for assistance is signed, the county department shall refer the case to the district attorney unless it has definitely determined that the parent is financially incapable of supporting the child. The department shall develop and furnish to the counties guidelines and forms for support agreements; such agreements shall provide every safeguard available under the law for effective enforcement of support and collection through enforcement of a legal judgment, including the imposition of liens upon real and personal property where appropriate. If the absent parent is residing out of the county and his whereabouts is known, the county department may arrange for the personal contacts and interviews with the absent parent to be conducted by the county department of the county where the parent is located. The department shall provide by regulation for a plan of cooperation between the respective counties, and it shall be the duty of each county upon receiving a request from another county to cooperate and assist promptly in contacting, interviewing, and obtaining support agreements where appropriate from absent parents located within its boundaries.

Anything in this section to the contrary notwithstanding, it shall be the duty of the county department to refer to the district attorney immediately any case in which one or more of the following factors appear:

1. The absent parent refuses to be interviewed, to provide necessary information, or to discuss his parental responsibilities.
2. The absent parent refuses to make a contribution in accordance with his financial ability.
3. There is reason to believe that the parent may flee or hide if contacted by the county department.
4. The absent parent's previous history indicates that although he is capable of a support contribution, efforts by the county department to obtain support would be fruitless.
5. Legal action is necessary to establish paternity.
6. The absent parent has entered into an agreement with the county department to support his child and has defaulted upon that

agreement without showing good cause for such default.

7. The district attorney has requested that all cases involving parents absent from the home be referred to him immediately upon receipt of the application for assistance.

The county department shall cooperate with the district attorney and shall report to him all information contained in the case record which concerns the question of nonsupport and the suitability of prosecution as a method of obtaining support for the child in each case.

Upon referral, the district attorney shall immediately investigate the question of nonsupport and shall take all steps necessary to obtain support for the needy child. However, upon the advice of the county department that a child is being considered for adoption, the district attorney shall delay his investigation and other actions with respect to the case until advised that the adoption is no longer under consideration.

The granting of aid to the applicant shall not be delayed or contingent upon investigation by the district attorney.

Where a court order has been obtained in the case by the district attorney, any contractual agreement for support between the county welfare department and the absent parent shall be deemed null and void to the extent that it is not consistent with the court order.

In every case which has not been referred to the district attorney, it shall be the duty of the county department to contact the absent parent and to carry out the provisions of this section at the earliest possible date, and to refer the case to the district attorney at once in the event of a refusal to cooperate or an unexplained default as provided above. Upon referral, it shall be the duty of the district attorney to take all appropriate action, civil and criminal, to promptly and effectively enforce the obligation of parents to support their children.

SEC. 8. Section 11476 of the Welfare and Institutions Code, as amended by Chapter 578 of the Statutes of 1971, is amended to read:

11476. In all cases in which the whereabouts of the parent is unknown, the department shall refer the applicant to the district attorney at the time the application for assistance is signed.

In all cases in which the whereabouts of the absent parent is known, the department, immediately upon receipt of the application for assistance, shall notify the absent parent of the filing of the application and of his responsibility to complete and return the written statement required by Section 11353. Such notification shall be by registered mail, return receipt requested, and an appropriate form and a stamped envelope shall be provided for its return. If the notice is not delivered within seven days, the department shall cause prompt personal service to be made. If the written statement is not completed and returned within 15 days after service, the department shall refer the matter to the district attorney for prosecution for violation of Section 11353.

When the department has obtained sufficient information

concerning the absent parent it shall immediately determine his ability to support his children, make contractual arrangements for his complying with his obligation to support, discuss his parental responsibilities, and explore the possibility of a reconciliation and the resumption of a parental relationship with his children. Where a court order has been obtained in the case by the district attorney, any contractual agreement for support between the department and the absent parent shall be deemed null and void to the extent that it is not consistent with the court order.

In every case which has not been referred to the district attorney, it shall be the duty of the department to contact the absent parent and to carry out the provisions of this section at the earliest possible date, and to refer the case to the district attorney at once in the event of a refusal to cooperate or an unexplained default as provided above. Upon referral, it shall be the duty of the district attorney to take all appropriate action, civil and criminal, to promptly and effectively enforce the obligation of parents to support their children.

SEC. 11. It is the intent of the Legislature that if this bill and Senate Bill No. 540 or Assembly Bill No. 802, or both, are chaptered and amend Section 11476 of the Welfare and Institutions Code, and this bill is chaptered last, that amendments proposed by each of the bills which are chaptered be given effect as follows:

(a) If this bill and Senate Bill No. 540 are both chaptered and amend Section 11476 of the Welfare and Institutions Code, but Assembly Bill No. 802 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Senate Bill No. 540, that Section 11476 of the Welfare and Institutions Code as amended by Section 7 of this act shall become operative until the operative date of Senate Bill No. 540 and, on such date, Section 11476 of the Welfare and Institutions Code, as amended by Section 7 of this act, be further amended in the form set forth in Section 8 of this act to incorporate changes in Section 11476 proposed by Senate Bill No.

540. Therefore, if Senate Bill No. 540 is chaptered before this bill and amends Section 11476 and Assembly Bill No. 802 is not chaptered or as chaptered does not amend that section, Section 8 of this act shall become operative on the operative date of Senate Bill No. 540 and Sections 9 and 10 of this act shall not become operative.

(b) If this bill and Assembly Bill No. 802 are both chaptered and amend Section 11476 of the Welfare and Institutions Code, but Senate Bill No. 540 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Assembly Bill No. 802, the amendments proposed by both bills shall be given effect and incorporated in Section 11476 in the form set forth in Section 9 of this act. Therefore, if Assembly Bill No. 802 is chaptered before this bill and both bills amend Section 11476, and Senate Bill No. 540 is not chaptered or as chaptered does not amend that section, Section 9 shall be operative and Sections 7, 8, and 10 of this act shall not become operative.

(c) If this bill and Senate Bill No. 540 and Assembly Bill No. 802 are all chaptered, and all three bills amend Section 11476 of the Welfare and Institutions Code, and this bill is chaptered after Senate Bill No. 540 and Assembly Bill No. 802, that Section 11476 of the Welfare and Institutions Code, as amended by Section 9 of this act, shall become operative until the operative date of Senate Bill No. 540 and on such date Section 11476 of the Welfare and Institutions Code, as amended by Section 9 of this act, shall be further amended in the form set forth in Section 10 of this act to incorporate changes in Section 11476 proposed by all three bills. Therefore, if Senate Bill No. 540 and Assembly Bill No. 802 are both chaptered before this bill and all three bills amend Section 11476 of the Welfare and Institutions Code, Section 10 of this act shall become operative on the operative date of Senate Bill No. 540 and Sections 7 and 8 of this act shall not become operative.

SEC. 12. It is the intent of the Legislature, if this bill and Senate Bill No. 267 are both chaptered and amend Section 395 of the Code of Civil Procedure, and this bill is chaptered after Senate Bill No. 267, that the amendments to Section 395 proposed by both bills be given effect and incorporated in Section 395 in the form set forth in Section 3.5 of this act. Therefore, Section 3.5 of this act shall become operative only if this bill and Senate Bill No. 267 are both chaptered, both amend Section 395, and Senate Bill No. 267 is chaptered before this bill, in which case Section 3 of this act shall not become operative.

CHAPTER 1119

An act to amend Sections 117 and 395 of the Code of Civil Procedure, relating to venue.

[Approved by Governor August 25, 1972. Filed with
Secretary of State August 25, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 117 of the Code of Civil Procedure as amended by Chapter 572 of the Statutes of 1971 is amended to read:

117. All judges of the justice court, except as otherwise provided in this section, and judges of the municipal court shall exercise the jurisdiction conferred by this chapter, and while sitting in the exercise of said jurisdiction shall be known and referred to as the small claims court; provided, that the jurisdiction of such court, when sitting as a small claims court, shall be confined to cases for the recovery of money only where the amount claimed does not exceed five hundred dollars (\$500), except that a municipal court judge sitting as a small claims court shall also have jurisdiction in proceedings in unlawful detainer after default in rent for residential property where the term of tenancy is not greater than month to month, and where the whole amount claimed is five hundred dollars (\$500) or less.

Such courts shall have jurisdiction in actions to enforce payment of delinquent unsecured personal property taxes if the legality of the tax is not contested by the defendant.

Venue in such actions shall be the same as for civil actions filed in justice or municipal court.

SEC. 2. Section 395 of the Code of Civil Procedure is amended to read:

395. (a) Except as otherwise provided by law and subject to the power of the court to transfer actions or proceedings as provided in this title, the county in which the defendants or some of them reside at the commencement of the action is the proper county for the trial of the action. If the action is for injury to person or personal property or for death from wrongful act or negligence, either the county where the injury occurs or the injury causing death occurs or the county in which the defendants, or some of them reside at the commencement of the action, shall be a proper county for the trial of the action. In a proceeding for dissolution of marriage, the county in which the petitioner has been a resident for three months next preceding the commencement of the proceeding is the proper county for the trial of the proceeding. Subject to the provisions of subdivision (b), when a defendant has contracted to perform an obligation in a particular county, either the county where such obligation is to be performed or in which the contract in fact was entered into or the county in which the defendant or any such defendant resides at the commencement of the action shall be a proper county for the trial of an action founded on such obligation, and the county in which such obligation is incurred shall be deemed to be the county in which it is to be performed unless there is a special contract in writing to the contrary. If none of the defendants reside in the state or if residing in the state and the county in which they reside is unknown to the plaintiff, the action may be tried in any county which the plaintiff may designate in his complaint, and, if the

defendant is about to depart from the state, such action may be tried in any county where either of the parties reside or service is made. If any person is improperly joined as a defendant or has been made a defendant solely for the purpose of having the action tried in the county or judicial district where he resides, his residence shall not be considered in determining the proper place for the trial of the action.

(b) Subject to the power of the court to transfer actions or proceedings as provided in this title, in an action founded upon an obligation of the defendant for goods, services, loans or extensions of credit intended primarily for personal, family or household use, other than an obligation described in Section 1812.10 or Section 2984.4 of the Civil Code, the county in which the defendant in fact signed the contract, the county in which the defendant resided at the time the contract was entered into, or the county in which the defendant resides at the commencement of the action is the proper county for the trial thereof.

(c) If within any such county there is a municipal or justice court having jurisdiction of the subject matter established in the judicial district in which the defendant or any defendant resides, in which the injury to person or personal property or the injury causing death occurs, or, in the cases mentioned in subdivision (a), in which the obligation was contracted to be performed or, in cases mentioned in subdivision (b), in which the defendant in fact signed the contract, in which the defendant resided at the time the contract was entered into, or in which the defendant resides at the commencement of the action, then such court is the proper court for the trial of such action. Otherwise, any municipal or justice court in such county having jurisdiction of the subject matter is a proper court for the trial thereof.

(d) Any provision of an obligation described in subdivision (b) or (c) waiving the provisions of those subdivisions is void and unenforceable.

SEC. 3. Section 395 of the Code of Civil Procedure is amended to read:

395. (a) Except as otherwise provided by law and subject to the power of the court to transfer actions or proceedings as provided in this title, the county in which the defendants or some of them reside at the commencement of the action is the proper county for the trial of the action. If the action is for injury to person or personal property or for death from wrongful act or negligence, either the county where the injury occurs or the injury causing death occurs or the county in which the defendants, or some of them reside at the commencement of the action, shall be a proper county for the trial of the action. In a proceeding for dissolution of marriage, the county in which the petitioner has been a resident for three months next preceding the commencement of the proceeding is the proper county for the trial of the proceeding. In a proceeding to determine parental relation under Section 231 of the Civil Code or to enforce an obligation of support under Section 196a of the Civil Code, the

county in which the child resides is the proper county for the trial of the action. Subject to the provisions of subdivision (b), when a defendant has contracted to perform an obligation in a particular county, either the county where such obligation is to be performed or in which the contract in fact was entered into or the county in which the defendant or any such defendant resides at the commencement of the action shall be a proper county for the trial of an action founded on such obligation, and the county in which such obligation is incurred shall be deemed to be the county in which it is to be performed unless there is a special contract in writing to the contrary. If none of the defendants reside in the state or if residing in the state and the county in which they reside is unknown to the plaintiff, the action may be tried in any county which the plaintiff may designate in his complaint, and, if the defendant is about to depart from the state, such action may be tried in any county where either of the parties reside or service is made. If any person is improperly joined as a defendant or has been made a defendant solely for the purpose of having the action tried in the county or judicial district where he resides, his residence shall not be considered in determining the proper place for the trial of the action.

(b) Subject to the power of the court to transfer actions or proceedings as provided in this title, in an action founded upon an obligation of the defendant for goods, services, loans or extensions of credit intended primarily for personal, family or household use, other than an obligation described in Section 1812.10 or Section 2984.4 of the Civil Code, the county in which the defendant in fact signed the contract, the county in which the defendant resided at the time the contract was entered into, or the county in which the defendant resides at the commencement of the action is the proper county for the trial thereof.

(c) If within any such county there is a municipal or justice court having jurisdiction of the subject matter established in the judicial district in which the defendant or any defendant resides, in which the injury to person or personal property or the injury causing death occurs, or, in the cases mentioned in subdivision (a), in which the obligation was contracted to be performed or, in cases mentioned in subdivision (b), in which the defendant in fact signed the contract, in which the defendant resided at the time the contract was entered into, or in which the defendant resides at the commencement of the action, then such court is the proper court for the trial of such action. Otherwise, any municipal or justice court in such county having jurisdiction of the subject matter is a proper court for the trial thereof.

(d) Any provision of an obligation described in subdivision (b) or (c) waiving the provisions of those subdivisions is void and unenforceable.

SEC. 4. It is the intent of the Legislature, if this bill and Senate Bill No. 184 are both chaptered and amend Section 395 of the Code of Civil Procedure, and this bill is chaptered after Senate Bill No. 184,

that the amendments to Section 395 proposed by both bills be given effect and incorporated in Section 395 in the form set forth in Section 3 of this act. Therefore, Section 3 of this act shall become operative only if this bill and Senate Bill No. 184 are both chaptered, both amend Section 395, and Senate Bill No. 184 is chaptered before this bill, in which case Section 2 of this act shall not become operative.

The admission committee shall have the services or presence of other pupil personnel workers, educational specialists, school nurses, social workers, or physicians as the committee may require and request. The commission shall also send a copy of such order to each employer registering his name with the commission for such purpose, but failure to mail such order or notice thereof to any employer affected thereby shall not relieve the employer from the duty of complying with the order. A finding by the commission that there has been the publication as herein provided is conclusive.

SEC. 8. Section 1185 of the Labor Code is amended to read:

1185. The orders of the commission fixing minimum wages for all employees, and maximum hours and standard conditions of labor for women and minors, when promulgated in accordance with the provisions of this chapter, shall be valid and operative and such orders are hereby expressly exempted from the provisions of Article 4 (commencing with Section 11420) of Chapter 4.5 of Part 1 of Division 3 of Title 2 of the Government Code.

Unpaid minimum wages or unpaid overtime wages recovered by the division under the provisions of this section which for any reason

cannot be delivered within six months from date of collection to the employee for whom such wages were collected shall be deposited into the Special Deposit Fund in the State Treasury.

The consent of any employee to the bringing of any such action shall constitute a waiver on the part of the employee of his or her cause of action under Section 1194 unless such action is dismissed without prejudice by the department or the division.

SEC. 13. Section 1194 of the Labor Code is amended to read:

1194. SEC. 15. Section 1195 of the Labor Code is amended to read:

1195. Any person may register with the Division of Industrial Welfare a complaint that the wage paid to an employee for whom a minimum wage has been fixed by the commission is less than that rate. The division shall investigate the matter and take all proceedings necessary to enforce the payment of a wage not less than the minimum wage.

SEC. 16. Section 1195.5 of the Labor Code is amended to read:

SECTION 1. Section 31652 of the Government Code as amended by Chapter 504 of the Statutes of 1971 is amended to read:

31652. (a) Any member may redeposit in the retirement fund, prior to filing an application for retirement, by lump sum payment or by installment payments over a period of one year or for a longer time upon approval of the board, an amount equal to all of the accumulated normal contributions which he has withdrawn, plus regular interest thereon from the date of reentrance into the retirement system, and his membership is the same as if unbroken by such termination. Except as provided in this section his rate of contribution shall be based on age at the nearest birthday at time of reentrance into the system. If he does not redeposit all of the accumulated normal contributions previously withdrawn he shall be considered as a new member without credit for any previous service.

“Regular interest” as used in this section shall mean that amount

of interest which would have been credited to the account of the member on the amount to be deposited at the interest rates established for the system if the contributions required by this section had been on deposit from the date of reentrance into the retirement system until the amount required to be deposited has been paid.

(b) Any member who left county service on or before December 31, 1971, and thereafter again became a member of the county system which he left and (1) who did not withdraw his accumulated normal contributions, or (2) who elected to leave his accumulated normal contributions on deposit pursuant to Article 9 (commencing with Section 31700), or (3) who redeposited or redeposits withdrawn accumulated normal contributions plus interest as authorized in Section 31652, shall be eligible for all benefits granted a member entering a reciprocal retirement system under Article 15 (commencing with Section 31830), including the benefits granted to members who left their accumulated contributions on deposit or who redeposited their accumulated contributions pursuant to Section 31831.1.

(c) Any member who left county service on or after January 1, 1972, and who within 90 days thereafter again became a member of the county system which he left and (1) who did not withdraw his accumulated normal contributions, or (2) who elected to leave his accumulated normal contributions on deposit pursuant to Article 9 (commencing with Section 31700), or (3) who redeposits or redeposited his withdrawn accumulated normal contributions plus interest as authorized by Section 31652 within 180 days after leaving county service, shall be eligible for all benefits granted a member entering a reciprocal retirement system under Article 15 (commencing with Section 31830), except that Section 31831.1 shall not apply to such members.

(d) This section shall not apply to members who are retired or who are not in service of an employer making him a member of this system.

SEC. 2. Section 31652.2 of the Government Code is repealed.

31672. Any member who has reached the age of 70 years or any member who has completed 10 years of service and who has reached the age of 55, or any member who has completed 30 years of service regardless of age, may be retired upon filing with the board a written application, setting forth the date upon which he desires his retirement to become effective which shall be not more than 60 days after the date of filing the application. The age of 55 in the preceding sentence may be reduced to age 50 in any county by resolution of the board of supervisors.

Such homes shall be a permitted use in all residential zones, including, but not limited to, residential zones for single-family dwellings. Nothing in this paragraph shall be construed to prohibit any city or county from requiring a conditional use permit in order to maintain any home pursuant to the provisions of this paragraph; provided that no conditions shall be imposed on such homes which are more restrictive than those imposed on other similar dwellings in the same zones unless such additional conditions are necessary to protect the health and safety of the residents.

CHAPTER 1130

An act to add Division 12.5 (commencing with Section 15000) to the Health and Safety Code, relating to hospitals, and making an appropriation therefor.

[Approved by Governor November 21, 1972. Filled with Secretary of State November 21, 1972.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) California is situated on the rim of the great Circum-Pacific seismic belt and it is inevitable that strong seismic disturbances along this belt will cause extensive property damage and endanger the lives of all people who enter or are near buildings which may collapse or be seriously damaged by such seismic disturbances.

(b) It is reasonable to expect that any building located anywhere within California will be subjected to the forces generated by a strong earthquake at least once during its life.

(c) Following the 1933 Long Beach earthquake, the Legislature enacted the so-called "Field Act" (Sections 15451 to 15466, inclusive, Education Code) as an urgency measure, which established reasonable minimum standards and procedures for the design and construction of new public school buildings. The durability during subsequent earthquakes of school buildings designed and constructed under the provisions of those statutes, when compared with the durability during the same earthquakes of other buildings not designed and constructed pursuant to the "Field Act," has repeatedly illustrated the prudence of such legislation.

(d) The San Fernando Valley earthquake of February 9, 1971, although moderate in terms of total energy release, resulted in such total collapse or damage as made many hospital buildings inoperable.

Some of these damaged or destroyed hospital buildings were relatively new structures, designed and constructed to meet the standards as prescribed by most local jurisdictions throughout the State of California.

SEC. 2. It is the intent of the Legislature that hospitals, which house patients having less than the capacity of normally healthy persons to protect themselves, and which must be completely functional to perform all necessary services to the public after a disaster, shall be designed and constructed to resist, insofar as practicable, the forces generated by earthquakes, gravity, and winds. In order to accomplish this purpose the Legislature intends to establish proper building standards for earthquake resistance based upon current knowledge, and intends that procedures for the design and construction of hospitals be subjected to independent review. It is further the intent of the Legislature that Division 12.5 (commencing with Section 15000) of the Health and Safety Code shall be administered by the State Department of Public Health, which shall contract for enforcement of such provisions with the Department of General Services which now successfully enforces the provisions of the "Field Act."

SEC. 3. Division 12.5 (commencing with Section 15000) is added to the Health and Safety Code, to read:

DIVISION 12.5. BUILDINGS USED BY THE PUBLIC

CHAPTER 1. HOSPITALS

15000. It is the intent of the Legislature that the Department of General Services shall analyze the structural systems and details, as set forth in the working drawings and specifications, and observe the construction of hospital projects and report the findings of such analysis to the state department. It is further the intent of the Legislature to preempt from local jurisdictions the enforcement of building regulations adopted pursuant to this chapter including the plan checking. It is further the intent of the Legislature that where local jurisdictions have more restrictive standards for the enforcement of building regulations and construction supervision, such standards shall be enforced by the state.

15001. "Hospital building," as used in this chapter, means and includes any building used, or designed to be used, for a hospital and shall include all of the following:

(a) All hospitals of a type required to be licensed pursuant to Chapter 2 (commencing with Section 1400) of Division 2 and facilities of a type required to be licensed pursuant to Chapter 1 (commencing with Section 7000) of Division 7 of the Welfare and Institutions Code.

(b) Institutions conducted, maintained, or operated by this state or any state department, authority, district, bureau, commission, or officer or by the Regents of the University of California, or by a board of supervisors of a county under the provisions of Chapter 2.5 (commencing with Section 1440) of Division 2, which, except for the exemption provided by Section 1415, would be encompassed by the terms of subdivision (a).

15002. "Construction or alteration," as used in this chapter, includes any construction, reconstruction, or alteration of, or addition to, any hospital building.

15003. "Architect," as used in this chapter, means a person who is certified and holds a valid license under Chapter 3 (commencing with Section 5500) of Division 3 of the Business and Professions Code.

15004. "Structural engineer," as used in this chapter, means a person who is validly certified to use the title structural engineer under Chapter 7 (commencing with Section 6700) of Division 3 of the Business and Professions Code.

15005. "Engineering geologist," as used in this chapter, means a person who is validly certified under Chapter 12.5 (commencing with Section 7800) of Division 3 of the Business and Professions Code.

15006. The state department, through its contract with the Department of General Services, shall observe the construction of, or addition to, any hospital building or, if the work alters structural elements, the reconstruction or alteration of any hospital building, as it deems necessary to comply with the provisions of this chapter for the protection of life and property.

15007. The state department, through its contract with the Department of General Services, shall pass upon and approve or reject all plans for the construction or the alteration of any hospital building, independently reviewing the design and geological data to assure compliance with requirements of this chapter. Geological data shall be reviewed by an engineering geologist and structural design data shall be reviewed by a structural engineer. The governing board of each hospital or other hospital governing authority, before adopting any plans for such hospital building, shall submit the plans to the state department for approval and shall pay the fees prescribed in this chapter.

15008. In each case, the application for approval of the plans shall be accompanied by the plans and full, complete, and accurate specifications, and structural design computations, and the specified fee, which shall comply with requirements prescribed by the state department.

15009. Plans submitted pursuant to this chapter for work which affects structural elements shall contain an assessment of the nature of the site and potential for earthquake damage, based upon geologic and engineering investigations by competent personnel of the causes of earthquake damage. One-story Type V construction of 4,000 square feet or less shall be exempt from the provisions of this section.

15010. The engineering investigation shall be correlated with the

geologic evaluation made pursuant to Section 15009.

15011. The application shall be accompanied by a filing fee in an amount which the state department determines will cover the costs of administering this chapter. Such fee shall be based on a uniform percentage of the estimated construction cost, and shall not exceed 0.7 percent of the estimated construction cost.

The minimum fee in any case shall be one hundred dollars (\$100). If the actual construction cost exceeds the estimated construction cost by more than 5 percent, a further fee shall be paid to the state department, based on the above schedule and computed on the amount by which the actual cost exceeds the amount of the estimated cost.

15012. All fees shall be paid into the State Treasury and credited to the Hospital Building Account, which is hereby created in the Architecture Public Building Fund, and are continuously appropriated without regard to fiscal years for the use of the state department, subject to approval of the Department of Finance, in carrying out the provisions of this chapter. Adjustments in the amounts of the fees, as determined by the state department and approved by the Department of Finance, shall be made within the limits set in Section 15011 in order to maintain a reasonable working balance in the account.

15013. All plans and specifications shall be prepared under the responsible charge of an architect or a structural engineer, or both. A structural engineer shall prepare the structural design and shall sign plans and specifications related thereto. Administration of the work of construction shall be under the responsible charge of such architect and structural engineer, except that where plans and specifications for alterations or repairs do not affect architectural or structural conditions, such plans and specifications may be prepared and work of construction may be administered by a professional engineer duly qualified to perform such services and holding a valid certificate under Chapter 7 (commencing with Section 6700) of Division 3 of the Business and Professions Code for performance of services in that branch of engineering in which said plans, specifications, and estimates and work of construction are applicable.

15014. Before letting any contract for any construction or alteration of any hospital building, the written approval of the plans as to safety of design and construction, by the state department, through its contract with the Department of General Services, shall be first had and obtained.

15015. No contract for the construction or alteration of any hospital building, made or executed on or after the effective date of this chapter by the governing board or authority of any hospital or other similar public board, body, or officer otherwise vested with authority to make or execute such a contract, is valid, and no money shall be paid for any work done under such a contract or for any labor or materials furnished in constructing or altering any such building, (1) unless the plans and specifications comply with the provisions of

this chapter and the requirements prescribed by the state department, and (2) the approval thereof in writing has first been had and obtained from the state department, through its contract with the Department of General Services, and (3) the hospital building is to be accessible to, and usable by, the physically handicapped, and (4) the plans and specifications comply with the fire and panic safety requirements of the State Fire Marshal.

15016. The state department, through its contract with the Department of General Services, shall make such inspection of the hospital buildings and of the work of construction or alteration as in its judgment is necessary or proper for the enforcement of this chapter and the protection of the safety of the public. The hospital governing board or authority shall provide for and require competent, adequate, and continuous inspection during construction or alteration by an inspector satisfactory to the architect or structural engineer, or both, and the state department. The inspector shall act under the direction of the architect or structural engineer, or both, and be responsible to the board or authority. Notwithstanding any other provision of this section, where alterations or repairs are to be conducted under the supervision of a professional engineer pursuant to Section 15013, the inspector need only be satisfactory to the state department and to the professional engineer, and the inspector shall act under the direction of the professional engineer. In approving any inspector, the state department shall consult with the Department of General Services.

15017. From time to time, as the work of construction or alteration progresses and whenever the Department of General Services requires, the architect or structural engineer, or both, in charge of construction or registered engineer in charge of other work, the inspector on the work, and the contractor shall each make to the Department of General Services a report, duly verified by him, upon a form prescribed by the state department, in consultation with the Department of General Services, showing, of his own personal knowledge, that the work during the period covered by the report has been performed and materials used and installed are in accordance with the approved plans and specifications, setting forth such detailed statements of fact as are required by the Department of General Services.

The term "personal knowledge," as used in this section and as applied to the architect or registered engineer, or both, means personal knowledge which is the result of such general administration of construction as is required and accepted of, and for, such persons in the construction of buildings. Such persons shall, however, use reasonable diligence to obtain the information required.

The term "personal knowledge," as applied to the inspector, means the actual personal knowledge of the inspector obtained by his personal, continuous observation of the work of construction at the construction site in all stages of progress.

15018. Upon written request to the state department by the governing board or authority of any hospital, the state department through contract with the Department of General Services shall make, or cause to be made, an examination and report on the structural condition of any hospital building subject to the payment by the governing board or authority of the actual expenses incurred by the state department.

15019. The state department may call upon the Department of General Services to make a periodic review of hospital operation to assure that the hospital is adequately prepared to resist damage caused by earthquake tremor. The review shall include, but not be limited to, evaluations of the structural safety of elevators, standby equipment and emergency procedures, and procedures and facilities for storage of dangerous gases, liquids, and solids. The governing board or authority of the hospital shall reimburse the state department for actual expenses incurred in making such review. The state department shall contract with the Department of General Services for such services.

15020. The state department, with the advice of the Department of General Services, shall from time to time make such rules and regulations as it deems necessary, proper, or suitable to effectually carry out the provisions of this chapter.

15021. There is in the state department a Building Safety Board which shall advise and act as a board of appeals with regard to seismic structural safety of hospitals. The Director of Public Health, with the advice of the Department of General Services, shall appoint the members of the Building Safety Board, which shall advise and act as a board of appeals in all matters affecting seismic structural safety in the administration and enforcement of this chapter. The board shall consist of 11 members appointed by the Director of Public Health and six ex officio members who are: the Director of Public Health, the State Architect, the State Fire Marshal, the State Geologist, the Chief of the Bureau of Health Facilities Planning and Construction in the state department and the Chief Structural Engineer of the Schoolhouse Section of the Office of Architecture and Construction in the Department of General Services. Of the appointive members, two shall be structural engineers, two shall be architects, one shall be an engineering geologist, one shall be a soils engineer, one shall be a seismologist, one shall be a mechanical engineer, one shall be an electrical engineer, and one shall be a hospital administrator. The appointive members shall serve at the pleasure of the director. He may also appoint as many other ex officio members as he may desire. Ex officio members are not entitled to vote. Board members, qualified by close connection with hospital design and construction and highly knowledgeable in their respective fields with particular reference to seismic safety, shall be appointed from nominees recommended by the governing bodies of the Structural Engineers Association of California; the California Council, American Institute of Architects; the Earthquake Engineering Research Institute; the

Association of Engineering Geologists; the Consulting Engineers Association of California; the California Hospital Association. Board members shall be residents of California.

15022. The Building Safety Board shall convene upon request of the chairman thereof. He may convene a meeting of the board whenever it may be necessary, in his judgment, for the board to meet. The board shall adopt such rules of procedure as are necessary to enable it to perform its duties. The chairman of the board shall, in his discretion, or upon instructions from the board, designate subcommittees to study and report back to the board upon any technical subject or matter for which an independent review or further study is desired. Members of the board shall be reimbursed from the Hospital Building Account in the Architecture Public Building Fund for their reasonable actual expenses in attending meetings conducted to carry out the provisions of this chapter, but shall receive no compensation for their services.

15023. Any person who violates any provision of this chapter is guilty of a misdemeanor.

CHAPTER 1131

An act to amend Sections 1158a and 1213.5 of, and to add Section 969d to, the Penal Code, relating to sentencing.

[Approved by Governor November 21, 1972. Filed with Secretary of State November 21, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 969d is added to the Penal Code, to read:

969d. Whenever a defendant uses a firearm to commit one of the offenses recited in Section 12022.5, the fact that the defendant used a firearm may be charged in the accusatory pleading. This charge, if made, shall be added to and be a part of the count or each of the counts of the accusatory pleading which charged the offense. That portion of any count which charges that the defendant used a firearm shall be sufficient if it can be understood therefrom that at the time of his commission of the offense set forth in the count the defendant used a firearm. The nature of the firearm must be set forth. If the defendant pleads not guilty to the offense charged in any count which alleges that the defendant used a firearm, the question whether or not he used the firearm as alleged must be tried by the court or jury which tries the issue upon the plea of not guilty. If the defendant pleads guilty to the offense charged, the question whether or not he used a firearm as alleged must be determined by the court before pronouncing judgment.

SEC. 1.5. Section 969d is added to the Penal Code, to read:

969d. Whenever a defendant uses or is armed with a firearm,

explosive device, or bomb to commit one of the offenses recited in Section 12022.5, the fact that the defendant used or was armed with a firearm, explosive device, or bomb may be charged in the accusatory pleading. This charge, if made, shall be added to and be a part of the count or each of the counts of the accusatory pleading which charged the offense. That portion of any count which charges that the defendant used or was armed with a firearm, explosive device, or bomb shall be sufficient if it can be understood therefrom that at the time of his commission of the offense set forth in the count the defendant used or was armed with a firearm, explosive device, or bomb. The nature of the firearm, explosive device, or bomb must be set forth. If the defendant pleads not guilty to the offense charged in any count which alleges that the defendant used or was armed with a firearm, explosive device, or bomb, the question whether or not he used or was armed with the firearm, explosive device, or bomb as alleged must be tried by the court or jury which tries the issue upon the plea of not guilty. If the defendant pleads guilty to the offense charged, the question whether or not he used or was armed with a firearm, explosive device, or bomb as alleged shall be determined by the court before pronouncing judgment.

SEC. 2. Section 1158a of the Penal Code is amended to read:

1158a. (a) Whenever the fact that a defendant was armed with a weapon either at the time of his commission of the offense or at the time of his arrest, or both, is charged in accordance with section 969c of this code, in any count of the indictment or information to which the defendant has entered a plea of not guilty, the jury, if they find a verdict of guilty of the offense with which the defendant is charged, or of any offense included therein, must also find whether or not the defendant was armed as charged in the count to which the plea of not guilty was entered. The verdict of the jury upon a charge of being armed may be: "We find the charge of being armed contained in the _____ count true," or "We find the charge of being armed contained in the _____ count not true," as they find that the defendant was or was not armed as charged in any particular count of the indictment or information. A separate verdict upon the charge of being armed must be returned for each count which alleges that the defendant was armed.

(b) Whenever the fact that a defendant used a firearm is charged in accordance with Section 969d in any count of the indictment or information to which the defendant has entered a plea of not guilty, the jury if they find a verdict of guilty of the offense with which the defendant is charged must also find whether or not the defendant used a firearm as charged in the count to which the plea of not guilty was entered. A verdict of the jury upon a charge of using a firearm may be: "We find the charge of using a firearm contained in the _____ count true," or "We find the charge of using a firearm contained in the _____ count not true," as they find that the defendant used or did not use a firearm as charged in any particular count of the indictment or information. A separate verdict upon the

charge of using a firearm shall be returned for each count which alleges that defendant used a firearm.

SEC. 2.5. Section 1158a of the Penal Code is amended to read:

1158a. (a) Whenever the fact that a defendant was armed with a weapon either at the time of his commission of the offense or at the time of his arrest, or both, is charged in accordance with Section 969c of this code, in any count of the indictment or information to which the defendant has entered a plea of not guilty, the jury, if they find a verdict of guilty of the offense with which the defendant is charged, or of any offense included therein, must also find whether or not the defendant was armed as charged in the count to which the plea of not guilty was entered. The verdict of the jury upon a charge of being armed may be: "We find the charge of being armed contained in the _____ count true," or "We find the charge of being armed contained in the _____ count not true," as they find that the defendant was or was not armed as charged in any particular count of the indictment or information. A separate verdict upon the charge of being armed must be returned for each count which alleges that the defendant was armed.

(b) Whenever the fact that a defendant used or was armed with a firearm, explosive device, or bomb is charged in accordance with Section 969d in any count of the indictment or information to which the defendant has entered a plea of not guilty, the jury if they find a verdict of guilty of the offense with which the defendant is charged must also find whether or not the defendant used or was armed with a firearm, explosive device, or bomb as charged in the count to which the plea of not guilty was entered. A verdict of the jury upon a charge of being armed may be: "We find the charge of using or being armed with a firearm, explosive device, or bomb contained in the _____ count true," or "We find the charge of using or being armed with a firearm, explosive device, or bomb contained in the _____ count not true," as they find that the defendant used or was armed or did not use or was not armed with a firearm, explosive device, or bomb as charged in any particular count of the indictment or information. A separate verdict upon the charge of using or being armed with a firearm, explosive device, or bomb shall be returned for each count which alleges that defendant used or was armed with a firearm, explosive device, or bomb.

Local governments, to be eligible for these funds, shall provide matching funds in an amount of not less than 25 percent of the total expense of the off-highway vehicle facility.

(b) The remainder of the special fee funds, Motor Vehicle Fuel Account transfer revenues, and all unexpended service fees, and all use fee funds, contained in the Off-Highway Vehicle Fund, shall be used by the Department of Parks and Recreation for purposes of funding recreational areas for the use of such vehicles and trails for the use of such vehicles.

In promulgating such rules and regulations, the department shall adopt the latest standards as set forth in American Society for Testing and Materials D-439, except that vapor pressure specifications shall not be more than the maximum specified by any California state law.

Each applicant shall state the name and address of the applicant, the brand name, and shall certify that the brake fluid to be sold under such brand name conforms to the specifications established by the department for brake fluids. Upon receipt of the application and upon finding that such brake fluid conforms to such specifications, the department shall issue to the applicant a permit authorizing the wholesale and retail sale and distribution of the brake fluid in this state during the permit year specified in the permit and, unless such permit shall be renewed by application to the department on or before the last day of said permit year, authorizing the sale at retail only by any retail dealer during the next succeeding permit year of such quantities of the brake fluid as were actually within this state and purchased by and in possession of such retail dealer during the preceding permit year. Each applicant shall pay a fee of one hundred dollars (\$100) with each application. A permit may be renewed by application to the department accompanied by a renewal fee of fifty dollars (\$50) on or before December 31st, immediately preceding the permit year for which the permit is issued. CHAPTER 1135

An act to amend Sections 17262, 27155, and 27156 of the Education Code, to amend Sections 401, 423, and 2131 of the Revenue and Taxation Code, to amend and renumber Section 273 of the Revenue and Taxation Code, as added by Chapter 1583 of the Statutes of the 1971 Regular Session of the Legislature, and to amend Sections 2106 and 5829 of the Streets and Highways Code, relating to property taxation.

[Approved by Governor November 21, 1972. Filed with Secretary of State November 21, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 17262 of the Education Code is amended to read:

17262. Any state department, board, or agency which allocates funds to any school district on the basis of the assessed valuation of property within the district, or which makes any computation on this basis for school building fund repayment purposes, shall average the factor certified for the current year under Section 17261 for the local roll of the county in which the district is located with the factors so certified for the two immediately preceding years; provided, that, in the event that an assessment ratio announced by a county assessor for the 1970-71 tax year is less than 25 percent, the factor for such county for such year shall be multiplied by a fraction in which the announced ratio is the numerator and 25 percent is the denominator, before averaging the factor of that county for 1970-71 with the 1971-72 and 1972-73 factors. The department, board, or agency shall then modify that part of the valuation of the district shown on the local roll by application of this three-year-average factor carried to three decimal places. If a district is located in more than one county, this modification shall be made by applying the average factor appropriate for the assessed value of the property upon the local roll of each county within which the district is located.

SEC. 2. Section 27155 of the Education Code is amended to read:

27155. The board of trustees, common council, or other legislative body of any city or the board of trustees of any library district may on or before January 1st of any year, notify the board of supervisors that the city or library district no longer desires to be a part of the county free library system. Thereafter the city or library district shall cease to participate in the benefits of the county free library, and the property situated in the city or library district shall not be liable to taxes for county free library purposes.

SEC. 3. Section 27156 of the Education Code is amended to read:

27156. If the notice is given after January 1st of any year, the property situated in the city or library district shall be liable to taxes for county free library purposes during the immediately succeeding year, and the notice shall not be effective until the next succeeding

year, and library service shall be rendered in the city or library district during the year for which taxes are levied for library purposes in the city or library district.

SEC. 4. Section 273 of the Revenue and Taxation Code, as added by Chapter 1583 of the Statutes of the 1971 Regular Session of the Legislature, is amended and renumbered to read:

275. If a claimant for the homeowners' property tax exemption fails to file the required affidavit within the time specified in Section 255, but files such claim on or before the 15th day of June of such year, 80 percent of the homeowner's exemption may be granted by the board of supervisors if proof satisfactory to the board of supervisors establishes that the failure to timely file the required affidavit was due to reasonable cause and not due to willful neglect.

SEC. 5. Section 401 of the Revenue and Taxation Code is amended to read:

401. Every assessor shall assess all property subject to general property taxation at 25 percent of its full cash value.

SEC. 6. Section 423 of the Revenue and Taxation Code, as amended by Chapter 1633 of the Statutes of 1971, is amended to read:

423. When valuing open-space land subject to an enforceable restriction, other than land used for the production of timber for commercial purposes, the board for purposes of surveys required by Section 1815 of this code and the county assessor shall not consider sales data on lands, whether or not subject to an enforceable restriction, but shall value such lands by the capitalization of income method in the following manner:

(a) The annual income to be capitalized shall be determined as follows:

(1) Where sufficient rental information is available the income shall be the fair rent which can be imputed to the land being valued based upon rent actually received for the land by the owner and upon typical rentals received in the area for similar land in similar use, where the owner pays the property tax. When the land being valued is actually encumbered by a lease, any cash rent or its equivalent considered in determining the fair rent of the land shall be the amount for which the land would be expected to rent were the rental payment to be renegotiated in the light of current conditions including applicable enforceable restrictions.

(2) Where sufficient rental information is not available, the income shall be that which the land being valued reasonably can be expected to yield under prudent management and subject to applicable enforceable restrictions. There shall be a rebuttable presumption that "prudent management" does not include use of the land for a recreational use, as defined in subdivision (n) of Section 51201 of the Government Code, unless the land is actually devoted to such use.

For the purposes of this section income shall be determined in accordance with rules and regulations issued by the board and with this section and shall be the difference between revenue and

expenditures. Revenue shall be the amount of money or money's worth, including any cash rent or its equivalent, which the land can be expected to yield to an owner-operator annually on the average from any use of the land permitted under the terms of the enforceable restriction including, but not limited to, that from the production of salt and from typical crops grown in the area during a typical rotation period, not to exceed six years including the tax year and the next succeeding five years. When the land is planted to fruit-bearing or nut-bearing trees, vines, bushes or perennial plants, the revenue shall not be less than the land would be expected to yield to an owner-operator from other typical crops grown in the area during a typical rotation period, not to exceed six years including the tax year and the next succeeding five years. Proceeds from the sale of the land being valued shall not be included in the revenue from the land.

Expenditures shall be any outlay or average annual allocation of money or money's worth that can be fairly charged against the revenue expected to be received during the period used in computing such revenue. Those expenditures to be charged against revenue shall be only those which are ordinary and necessary in the production and maintenance of the revenue for that period. Expenditures shall not include depletion charges, debt retirement, interest on funds invested in the land, interest on funds invested in trees and vines valued as land as provided by Section 429, property taxes, corporation income taxes, or corporation franchise taxes based on income. When the income used is from operating the land being valued or from operating comparable land, amounts shall be excluded from the income to provide a fair return on capital investment in operating assets other than the land, to amortize depreciable property, and to fairly compensate the owner-operator for his operating and managing services.

Where the land being valued is not capable of producing income or is not used to produce income or where sufficient information is not available by which income can be determined as provided in this subdivision, the board and the assessor shall impute to the land a reasonable amount to be capitalized as income.

(b) The capitalization rate to be used in valuing land pursuant to this article shall not be derived from sales data and shall be the sum of the following components:

(i) An interest component to be determined by the board and announced no later than September 1 of the year preceding the assessment year and which was the yield rate for long-term United States government bonds, as most recently published by the Federal Reserve Board, rounded to the nearest one-quarter ($\frac{1}{4}$) percent.

(2) A risk component which shall be a percentage determined on the basis of the location and characteristics of the land, the crops to be grown thereon and the provisions of any lease or rental agreement to which the land is subject; and

(3) A component for property taxes which shall be a percentage

equal to the estimated total tax rate applicable to the land for the assessment year times the assessment ratio.

(4) A component for amortization of any investment in perennials over their estimated economic life when the total income from land and perennials other than timber exceeds the yield from other typical crops grown in the area.

(c) The value of the land shall be the quotient of the income determined as provided in subdivision (a) divided by the capitalization rate determined as provided in subdivision (b).

(d) The ratio prescribed in Section 401 shall be applied to the value of the land determined in subdivision (c) to obtain its assessed value.

SEC. 7. Section 2131 of the Revenue and Taxation Code is amended to read:

2131. (a) Notwithstanding any provision of law to the contrary, the board of supervisors of any county in which a portion of the territory of a district described in this section is located may, by adoption of a resolution on or before the first day of January of any year, require such district to cause the levy of any district tax or assessment in accordance with the provisions of this part. If the board of supervisors has adopted such a resolution, the board of directors of the district shall, on or before the last day of January following adoption of the board of supervisors' resolution, adopt a resolution, or the board of directors may, without such action by the board of supervisors, adopt such a resolution on or before the last day of January of any year, to cause the levy of any district tax or assessment in accordance with the provisions of this part, if:

(1) The territory within the boundaries of the district is situated in more than one county; and

(2) The portion of the district tax or assessment levied on locally assessable property is imposed according to the value of such property as it appears on the local rolls in the respective counties in which the district is situated.

(b) As used in this part, "district" means an agency of the state, formed pursuant to general law or special act, for the local performance of governmental or proprietary functions within limited boundaries. "District" shall exclude the following:

(1) The state.

(2) A county.

(3) A city.

(4) A special assessment district.

(5) An improvement district.

(6) A county service area.

(7) A metropolitan water district.

(c) As used in this part, "board of directors" means the legislative body or governing board of a district.

(d) A resolution adopted pursuant to this section shall remain in effect for at least one year but may be rendered ineffective at any time thereafter by a resolution so stating adopted on or before the

last day of January of the year in which the levy of the district's tax or assessment shall no longer be imposed in accordance with the provisions of this part.

SEC. 8. Section 2106 of the Streets and Highways Code is amended to read:

2106. A sum equal to the net revenue derived from one and four one-hundredths cent (\$.0104) per gallon tax under the Motor Vehicle Fuel License Tax Law shall be apportioned monthly from the Highway Users Tax Fund among counties and cities for use exclusively for county road and city street purposes, as provided in this section.

The amounts available under this section shall be apportioned, as follows:

(a) Four hundred dollars (\$400) per month shall be apportioned to each city and city and county and eight hundred dollars (\$800) per month shall be apportioned to each county and city and county.

(b) The balance shall be apportioned, as follows:

(1) A base sum shall be computed for each county by using the same proportions of fee-paid and exempt vehicles as are established for purposes of apportionment of funds under subdivision (d) of Section 2104.

(2) For each county the percentage of the total assessed valuation of tangible property subject to local tax levies within the county which is represented by the assessed valuation of tangible property outside the incorporated cities of the county shall be applied to its base sum, and the resulting amount shall be apportioned to the county. The assessed valuation of taxable tangible property for purposes of this computation shall be that most recently used for countywide tax levies as reported to the State Controller by the State Board of Equalization. In the event an incorporation or annexation is legally completed following the base sum computation, the new city's assessed valuation shall be deducted from the county's assessed valuation, the estimate of which may be provided by the State Board of Equalization.

(3) The difference between the base sum for each county and the amount apportioned to the county shall be apportioned to the cities of that county in the proportion that the population of each city bears to the total population of all cities in the county. Populations used for determining expenditure of moneys under Section 2107 are to be used for purposes of this section.

No apportionment shall be made to any city or county which does not have a select system established in accordance with the provisions of Section 186.3. If all or a portion of the select system of a city or county shall by a change in the physical limits of such city or county be included within the boundaries of another city or county, such portion shall be considered to be a part of the select system of such other city or county. Any amounts which would otherwise have been apportioned to a city which does not so qualify for an apportionment shall be reapportioned to the remaining cities

in the county in which such city is located or, if there are no eligible cities in the county, to the county. Any amounts which would otherwise have been apportioned to a county which does not so qualify for an apportionment shall be reapportioned to the eligible cities in such county or, if there are no eligible cities in the county, to other counties and cities pursuant to this section.

SEC. 9. Section 5829 of the Streets and Highways Code is amended to read:

5829. Upon adoption of the resolution ordering the formation of the maintenance district or the annexation of territory to an existing maintenance district, the legislative body adopting the resolution shall comply with the requirements of Chapter 8 (commencing with Section 54900) of Part 1 of Division 2 of Title 5 of the Government Code. Thereafter, the property included within such district shall be segregated on the assessment roll under the designation contained in the resolution.

SEC. 10. Section 2106 of the Streets and Highways Code is amended to read:

2106. A sum equal to the net revenue derived from one and four one-hundredths cent (\$0.0104) per gallon tax under the Motor Vehicle Fuel License Tax Law shall be apportioned monthly from the Highway Users Tax Fund among counties and cities for use exclusively for county road and city street purposes, as provided in this section.

The amounts available under this section shall be apportioned, as follows:

(a) Four hundred dollars (\$400) per month shall be apportioned to each city and city and county and eight hundred dollars (\$800) per month shall be apportioned to each county and city and county.

(b) Thirty thousand dollars (\$30,000) per month shall be transferred to the Bicycle Lane Account in the State Transportation Fund.

(c) The balance shall be apportioned, as follows:

(1) A base sum shall be computed for each county by using the same proportions of fee-paid and exempt vehicles as are established for purposes of apportionment of funds under subdivision (d) of Section 2104.

(2) For each county the percentage of the total assessed valuation of tangible property subject to local tax levies within the county which is represented by the assessed valuation of tangible property outside the incorporated cities of the county shall be applied to its base sum, and the resulting amount shall be apportioned to the county. The assessed valuation of taxable tangible property for purposes of this computation shall be that most recently used for countywide tax levies as reported to the State Controller by the State Board of Equalization. In the event an incorporation or annexation is legally completed following the base sum computation, the new city's assessed valuation shall be deducted from the county's assessed valuation, the estimate of which may be provided by the State Board of Equalization.

(3) The difference between the base sum for each county and the amount apportioned to the county shall be apportioned to the cities of that county in the proportion that the population of each city bears to the total population of all cities in the county. Populations used for determining expenditure of moneys under Section 2107 are to be used for purposes of this section.

No apportionment shall be made to any city or county which does not have a select system established in accordance with the provisions of Section 186.3. If all or a portion of the select system of a city or county shall by a change in the physical limits of such city or county be included within the boundaries of another city or county, such portion shall be considered to be a part of the select system of such other city or county. Any amounts which would otherwise have been apportioned to a city which does not so qualify for an apportionment shall be reapportioned to the remaining cities in the county in which such city is located or, if there are no eligible cities in the county, to the county. Any amounts which would otherwise have been apportioned to a county which does not so qualify for an apportionment shall be reapportioned to the eligible cities in such county or, if there are no eligible cities in the county, to other counties and cities pursuant to this section.

SEC. 11. It is the intent of the Legislature, if this bill and Senate Bill No. 36 are both chaptered and amend Section 2106 of the Streets and Highways Code, and this bill is chaptered after Senate Bill No. 36, that the amendments to Section 2106 proposed by both bills be given effect and incorporated in Section 2106 in the form set forth in Section 10 of this act. Therefore, Section 10 of this act shall become operative only if this bill and Senate Bill No. 36 are both chaptered, both amend Section 2106, and Senate Bill No. 36 is chaptered before this bill, in which case Section 8 of this act shall not become operative.

CHAPTER 1136

An act to add Chapter 11 (commencing with Section 19870) to Part 3 of Division 13 of the Health and Safety Code, relating to energy insulation, and making an appropriation therefor.

[Approved by Governor November 22, 1972. Filed with
Secretary of State November 22, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 11 (commencing with Section 19870) is added to Part 3 of Division 13 of the Health and Safety Code, to read:

CHAPTER 11. ENERGY INSULATION REGULATION

19870. As used in this chapter, "energy insulation" means the protection from heat loss or heat gain to conserve the fuel resources used to heat or cool residential and commercial buildings.

19871. By January 1, 1974, the Commission of Housing and Community Development shall adopt such rules and regulations establishing minimum standards of energy insulation for new hotels, motels, apartment houses, homes, and other residential dwellings as the commission determines are reasonably necessary to conserve fuel resources. The rules and regulations adopted by the commission shall meet or exceed the standards which are required by the Federal Housing Administration in "Minimum Property Standards for One and Two Living Units" which are in effect at the time the commission adopts such rules and regulations. However, the commission shall develop rules and regulations independent of such standards for hotels, motels, and apartment houses which are more than three stories in height.

19872. The Director of Housing and Community Development shall appoint an advisory committee to assist the commission in the establishment of energy insulation regulations. The advisory committee shall consist of two architects in private practice, two scientists having professional and technical experience in the field of energy conservation or use, one general building contractor, as defined in Section 7057 of the Business and Professions Code, two specialty contractors classified in Chapter 8 (commencing with Section 700) of Title 16 of the California Administrative Code, three representatives from a city, county, or city and county, the Secretary of the Human Relations Agency, the State Architect, and the Secretary of the Resources Agency. Members of the advisory committee shall serve without compensation, but each member shall be reimbursed for his necessary traveling and other expenses incurred in the performance of his duties.

19873. The provisions of this chapter and the rules and regulations adopted by the commission pursuant to this chapter shall apply in all parts of the state, including, but not limited to, charter cities.

19874. Any state agency, city, county, or city and county may adopt standards of energy insulation for new buildings which are stricter than those established under this chapter by the commission, except that any such changes or modification shall be adopted in accordance with the requirements prescribed in Sections 17958.5 and 17958.7.

19875. The provisions of this chapter and the rules and regulations adopted pursuant to this chapter shall be enforced within its jurisdiction by the building department of every city, county, or city and county. No certificate of occupancy or similar certification that a newly constructed hotel, motel, apartment house, home, or other residential dwelling is habitable shall be issued by such a

building department unless the structure at least satisfies the minimum energy insulation standards established pursuant to this chapter.

19876. The provisions of this chapter shall apply only to new hotels, motels, apartment houses, homes, and other residential dwellings on which actual site preparation and construction has not commenced prior to the effective date of rules and regulations adopted pursuant to this chapter. Nothing in this chapter shall prohibit the enforcement of existing energy insulation standards, adopted prior to the effective date of this chapter, as to new hotels, motels, apartment houses, homes, and other residential dwellings on which actual site preparation and construction has commenced prior to the effective date of rules and regulations adopted pursuant to this chapter.

19877. All rules and regulations adopted by the commission under the authority of this chapter shall be adopted pursuant to Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

CHAPTER 1144

An act to add Section 1420.1 to the Labor Code, and to repeal Section 2072 of the Unemployment Insurance Code, relating to discrimination in employment.

[Approved by Governor November 24, 1972. Filed with Secretary of State November 24, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 1420.1 is added to the Labor Code, to read:
 1420.1. (a) It is an unlawful employment practice for an employer to refuse to hire or employ, or to discharge, dismiss, reduce, suspend, or demote, any individual between the ages of 40 and 64 solely on the ground of age, except in cases where the law compels or provides for such action. This section shall not be construed to make unlawful the rejection or termination of employment where the individual applicant or employee failed to meet bona fide requirements for the job or position sought or held, or to affect bona fide retirement or pension programs; nor shall this section preclude such physical and medical examinations of applicants and employees as an employer may make or have made to determine fitness for the job or position sought or held.

Promotions within the existing staff, hiring or promotion on the basis of experience and training, rehiring on the basis of seniority and prior service with the employer, or hiring under an established recruiting program from high schools, colleges, universities, and trade schools shall not, in and of themselves, constitute a violation of this section.

(b) This section shall not limit the right of an employer, employment agency, or labor union to select or refer the better qualified person from among all applicants for a job. The burden of proving a violation of this section shall be upon the person or persons claiming that the violation occurred.

(c) The age limitations of the apprenticeship programs in which the state participates shall not be deemed to violate this section.

SEC. 2. Section 2072 of the Unemployment Insurance Code is repealed.

CHAPTER 1145

The people of the State of California do enact as follows:

SECTION 1. Section 6721 of the Education Code is amended to read:

6721. The county superintendent of schools, with the approval of the county board of education, may establish and operate a technical, agricultural, and natural resource conservation school, or schools, for the purposes described in Section 6720.

SEC. 2. Section 6722 of the Education Code is repealed.

SEC. 3. Section 6723 of the Education Code is repealed.

SEC. 4. Section 6724 of the Education Code is repealed.

SEC. 5. Section 6727 of the Education Code is amended to read:

6727. Schools established pursuant to this article may be operated on a full-time placement care basis and facilities may be provided for children in attendance to live at such schools if such arrangements are deemed appropriate. The county superintendent of schools maintaining such schools may provide necessary transportation to the pupils in attendance, if full-time placement care is not deemed in the best interest of the pupil.

SEC. 6. Section 6728 of the Education Code is amended to read:

6728. The county board of education maintaining one or more schools established pursuant to this article shall appoint a board of

admissions to these schools consisting of a representative of the welfare department, a representative of the juvenile probation department, two school district administrators, one member of the lay public, and designated members of the staff of the county superintendent of schools. The president of the county board of education and the county superintendent of schools shall be ex officio members of the board of admissions. The board of admissions may enlist the assistance of any other qualified persons for consultation, evaluation of the needs of students, and advice regarding the admission program. The chairman of the board of admissions shall be appointed by the county superintendent of schools.

If two or more counties agree to operate such a school jointly each county shall select its own board of admissions as otherwise provided in this section. Any reference in this article to the board of admissions is to the board established by the county in which the child is resident if the school is jointly operated by two or more counties.

SEC. 7. Section 6731 of the Education Code is amended to read:

6731. Subject to the provisions of Section 6729, the county board of education maintaining a school established pursuant to this article shall admit to the school only minors from the age of 13 to 18 years, inclusive, who are qualified for technical or prevocational training by satisfactory completion of the eighth grade and a reasonable exhibition of aptitude, who are residents of the county having jurisdiction over the school. Such students may be considered for the school by the board of admissions upon the recommendation of the county superintendent of schools or the chief administrative officer of the school last attended by the minor. Students who are not residents of the county having jurisdiction over the school may be admitted to the school if approved by the board of admissions, provided that the county of residence shall pay by agreement to the governing board of the school all actual expenses of operation and instruction, including building and grounds, minus state and federal apportionments, not received from contracts with the parents or guardians of the minor, or from the minor's school district of residence.

No minor shall be admitted to a technical, agricultural and natural resource conservation school without the written approval of his parent or guardian, or retained in such school following withdrawal of approval by his parent or guardian.

Juvenile court judges are hereby empowered to refer from their courts to the board of admissions of the county for study as to qualifications for admittance as a student, any minor brought before them who in their opinion can properly qualify for admission. Upon determination of the board of admissions that such minor is otherwise qualified for admission, if the juvenile court judge enters an order waiving jurisdiction of such minor for the purpose of allowing the minor to attend such technical, agricultural or natural resource conservation school, subject to consent by the minor's parent or guardian as provided in this section, the minor shall be

admitted to the school.

SEC. 8. Section 6735 of the Education Code is amended to read:

6735. A student at a technical, agricultural, and natural resource conservation school may be assigned part time to a vocational course in a place of employment. Such courses may be developed through the cooperation of the county officials, the board of admission, school personnel, local employers and local labor organizations. Local representatives of the Department of Employment, the Department of Industrial Relations and the Division of Apprenticeship Standards, shall cooperate in the development of such courses.

Such vocational training shall be offered subject to the provisions of Article 2 (commencing with Section 1290) of Chapter 2 of Part 4, Division 2 of the Labor Code.

6738. The cost of securing sites or constructing and equipping buildings and the cost of housing and equipment in technical, agricultural, and natural resource conservation schools, including but not restricted to, the necessary dormitories, dining halls, and other living quarters for pupils and employees of the school shall be a charge against the funds of the county maintaining the school. Such buildings shall be deemed "school buildings" within the meaning of Section 21701.

SEC. 10. Section 6739 of the Education Code is amended to read:

6739. For purposes of schools established pursuant to this article the county board of education may direct the county superintendent of schools to call an election and submit to the voters of the county the question of whether the board of supervisors shall levy and collect the amount of money required to be raised by a countywide tax for the maintenance of the schools. Upon approval of a majority of the voters of the county, the county superintendent of schools, with the approval of the county board of education, shall certify to the county auditor and the county board of supervisors, on or before July 15th of each year, the amount of money required to be raised by a countywide tax for the maintenance of the schools. The board of supervisors shall levy and collect the required amount in the same manner as other county taxes are levied or collected. The tax shall not exceed five cents (\$.05) per each hundred dollars (\$100) of assessed valuation for the purposes of Section 6738 and this section. The amount received from this tax shall be deposited in the county school service fund.

The governing board may employ such certificated and noncertificated employees as are necessary in the judgment of the board for the proper conduct of the school. The expenses of lodging and boarding pupils, where applicable, residing within the buildings of a technical, agricultural, and natural resource conservation school shall be paid from the sums received from contracts with the child's parents or guardians, from the funds of the county within which the school is located, and from the funds of the county of residence of the student.

SEC. 11. Section 6740 of the Education Code is amended to read: 6740. The school attendance of such students shall be credited to the county school service fund of the county superintendent of schools providing the education for the students; and State School Fund apportionments on account of such attendance shall be made to the fund in the amount, per unit of average daily attendance, as would be computed for the foundation program of a high school under Section 17665.

CHAPTER 1146

An act to add Section 10501 to the Unemployment Insurance Code, relating to human resources development.

[Approved by Governor November 27, 1972. Filed with Secretary of State November 27, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 10501 is added to the Unemployment Insurance Code, to read:

10501. Notwithstanding any other provisions of this code, handicapped clients of the Department of Rehabilitation shall not be barred as participants in manpower programs, including but not limited to, retraining programs, work incentive programs, job training and placement programs, career opportunity development programs, and vocational educational programs, because of their mental or physical disability when certified by the Department of Rehabilitation as being potentially employable.

CHAPTER 1147

An act to amend Section 16601.5 of, to add Sections 16602.5, 16602.6, and 16711 to, to add Chapter 6.1 (commencing with Section 6445) to Division 6 of, and to add Article 1.5 (commencing with Section 16820) to Chapter 1 of Division 13 of, the Education Code, and to amend the heading of Chapter 2.5 (commencing with Section 16150) of Part 4 of Division 9 of, to amend Section 16150 of, and to add Sections 16151.5 and 16153.5 to, the Welfare and Institutions Code, relating to early childhood education, and making an appropriation therefor.

[Approved by Governor November 27, 1972. Filed with Secretary of State November 27, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.1 (commencing with Section 6445) is added to Division 6 of the Education Code, to read:

CHAPTER 6.1. EARLY CHILDHOOD EDUCATION

6445. For the purposes of this chapter, "early childhood education programs" are defined as all educational programs, except those for exceptional children as defined in Section 6870, offered in the public school system, including in-class and out-of-class activities, for children age 3 years and 9 months, to the completion of grade 3 or its equivalent, under a local school-by-school comprehensive master plan approved by the State Board of Education which is designed to assure:

(a) A comprehensive restructuring of primary education in California kindergarten through third grade to more fully meet the unique needs, talents, interests and abilities of each child.

(b) That early educational programs that are or may be made available to children who are 3 years and 9 months of age be coordinated with the restructuring of primary education in California in order to take advantage of the capacity for learning of children at this age level.

(c) The cooperation and participation of parents in the educational program to the end that the total community is involved in the development of the program.

(d) The pupils participating will develop an increased competency in the skills necessary to the successful achievement in later school subjects such as reading, language, and mathematics.

(e) Maximum use is made of existing state and federal funds in the implementation of coordinated early childhood education programs.

6445.01. As used in this chapter, "parent participation" means the parents taking an active part in the initial planning of early childhood education programs and the implementation, evaluation, and modification of the programs.

Parent participation shall be included in a manner which:

(a) Involves parents in the formal education of their children directly in the classroom and through the decisionmaking process of the California public school system.

(b) Maximizes the opportunity for teachers and parents to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous permanent process.

(c) Recognizes that the continuity between the early childhood education program and the home is essential.

6445.1. The Legislature hereby finds and declares that a comprehensive program of early childhood education is needed to restructure public education in California. The Legislature, therefore, declares its intent to require that the State Board of Education develop a comprehensive program for children ages 3 years and 9 months to the completion of grade 3, or its equivalent. The objectives of this plan will include assurance that each child will

have an individualized program to permit the development of his maximum potential and that all pupils who have completed the third grade of the state's educational system will have achieved a level of competence in the basic skills of reading, language, and mathematics sufficient to continued success in their educational experiences. The system will be based on the development of local school-by-school master plans for early childhood education developed and submitted by local school districts which shall include a phase-in program based on an increase in the number of schools in the state participating each year until maximum participation is achieved.

6445.2. Beginning with the 1972-1973 fiscal year each school district maintaining kindergarten, and grades 1 to 3, inclusive, or any one or more such class or grade, may develop and submit to the Department of Education for approval a master plan for early childhood education. In developing a master plan, the governing board of the school district shall seek direct community, parent, and teacher involvement in all phases of the planning and development of the plan prior to approval.

Application shall be made in accordance with rules and regulations adopted by the State Board of Education.

6445.3. The governing boards of any school districts maintaining any such class or grade may, with the approval of the Department of Education, develop and submit for approval a joint master plan for early childhood education.

6445.4. A master plan for early childhood education shall include a comprehensive statement setting forth the district's educational program for early childhood education on a school-by-school basis. The State Board of Education shall establish standards and criteria to be used in the evaluation of plans submitted by school districts. Such standards and criteria for review and approval of plans by the State Board of Education shall include, but need not be limited to provision for:

- (a) Assessment of educational needs.
- (b) A program of restructuring of kindergarten through third grade.
- (c) Opportunities for educational programs for pupils three years and nine months of age including children's center, day care, preschool, and child care services.
- (d) Defined and measurable program objectives.
- (e) A local program designed to systematically phase into the program all the schools of the district in no more than five years.
- (f) Coordination of all district resources with the objectives of the local plan.
- (g) Program of evaluation of pupils' health needs.
- (h) Emphasis on an individualized diagnostic approach to instruction.
- (i) Direct parental involvement in the classroom program and program evaluation.
- (j) Programs for comprehensive parent education.

(k) Staff development and inservice training.

(l) Transportation of pupils participating in the program.

(m) Evaluation of the program by the governing board of the school district with the assistance of the administrators, teachers, and parents.

No plan shall be approved by the State Board of Education unless it determines that the plan was developed with the active cooperation of parents, community, and teachers in all stages of planning, approval, and implementation of the plan.

The State Board of Education shall not approve a plan which provides for the initiation of classes for pupils who have attained the age of 3 years and 9 months unless it also contains provisions for restructuring kindergarten and grades 1 through 3.

No district shall initiate classes for pupils of age 3 years and 9 months or over under a master plan for early childhood education until that district has demonstrated to the satisfaction of the State Board of Education that its program for restructuring kindergarten through grade 3, or its equivalent, is completed and successful and no child shall be admitted to such class until it is established that that child will benefit from such instruction. In no event shall such classes be initiated prior to the 1975-1976 fiscal year.

6445.5. School districts with master plans for early childhood education approved pursuant to Section 6445.4 shall be eligible for allowances authorized under Sections 6445.12, 6445.13, and 16821. Such allowances shall be apportioned to the extent that funds are available on a priority basis in accordance with a schedule established by the State Board of Education.

6445.6. In apportioning allowances in accordance with Section 6445.5 for early childhood education, the Department of Education shall give highest priority to (1) those districts which have the largest number of pupils determined to have educational need, and (2) those districts with the lowest measure of assessed valuation per pupil and making the most significant property tax effort.

The State Board of Education shall adopt regulations setting forth criteria for the determination of educational need which shall be based on low levels of pupil achievement and such factors as low levels of family income.

6445.7. Districts receiving allowances pursuant to this chapter shall provide that a minimum of 50 percent of the amount allowed to the district in any one year shall be designated for schools with the largest number of pupils with educational need identified pursuant to Section 6445.6 until such time as allowances are authorized for all schools.

6445.8. The State Board of Education may further provide that, upon its determination, that a district has not met the objectives of its approved plan, allowances shall not be increased in accordance with the phase-in schedule of the district's approved plan. The board shall provide for an annual review of the success of each local district in meeting the objectives of its approved plan for early childhood

education. The board shall adopt rules and regulations governing the termination of allowances to districts which are unsuccessful in meeting the objectives of their approved plan.

6445.9. The State Board of Education shall adopt pupil performance objectives in reading and mathematics for use in district early childhood education programs not later than the 1975-1976 school year. The board is authorized to take all actions necessary to effect the development, testing, validation, adoption and implementation of such objectives.

6445.10. (a) Each district receiving allowances pursuant to Section 6445.12 or Section 6445.13, or both, or implementing a master plan for early childhood education approved by the State Board of Education pursuant to Section 6445.4, shall submit to the Department of Education a report of its early childhood education program. Such report shall be submitted in a form and manner and at such times, but not less than annually, as prescribed by the State Board of Education. The report shall include, but not be limited to, factors relating to:

- (1) Fiscal expenditures.
- (2) Degree and success of program implementation.
- (3) Quantitative estimate of pupil progress.

(b) The Department of Education shall derive a composite score for each school which shall be obtained from each of the three factors listed in paragraphs (1), (2), and (3) of subdivision (a). In determining such score, the Department of Education shall, for the first year of participation by the school, assign a weight of 20 percent for factor (1), 70 percent for factor (2), 10 percent for factor (3). For the second year of participation by the school, the factors shall be assigned a weight of 10 percent for factor (1), 50 percent for factor (2), 40 percent for factor (3). For the third and each subsequent year of participation, only factors (2) and (3) shall be considered and shall receive equal weighting.

6445.11. The Department of Education shall compute an index of student attainment for each participating school, using factors which have been shown to be predictive of school success. The obtained score for each school shall be weighted by the degree this score meets or exceeds the predicted school achievement level. Obtained scores falling below the predicted level of attainment shall be treated as a zero score. The Department of Education shall inform each participating district of the relative performance of their participating schools. Such data shall regularly be analyzed and evaluated and submitted to the Legislature in the form of an annual report not later than the fifth legislative day of each regular session of the Legislature.

6445.12. From the funds appropriated therefor by the Legislature for the purposes of this chapter, the Superintendent of Public Instruction shall allow school districts with approved master plans for the education of children pursuant to such plans:

- (a) Five hundred dollars (\$500) per pupil in average daily

attendance in the district in each class maintained for pupils who have attained the age of 3 years and 9 months.

(b) One hundred thirty dollars (\$130) per pupil in average daily attendance in each kindergarten class.

(c) One hundred thirty dollars (\$130) per pupil in average daily attendance in grades 1 to 3, inclusive.

6445.13. In addition to the allowances provided for in Section 6445.12, the Superintendent of Public Instruction shall provide grants for pupils determined by him to have demonstrated educational need, in accordance with Section 6445.6, as follows:

(a) One hundred dollars (\$100) per pupil in average daily attendance in each class for pupils who have attained the age of 3 years and 9 months.

(b) Sixty-five dollars (\$65) per pupil in average daily attendance in each kindergarten class.

(c) Sixty-five dollars (\$65) per pupil in average daily attendance in grades 1 to 3, inclusive.

6445.14. In computing allowances authorized pursuant to Section 6445.12 the Superintendent of Public Instruction shall reduce such allowances by the amount per pupil apportioned pursuant to Article 5 (commencing with Section 5789) of Division 6.

6445.15. Allowances under this chapter shall be made by the Superintendent of Public Instruction from funds appropriated therefor by the Legislature. The allowances shall be made as early as practicable in the fiscal year and upon order of the Superintendent of Public Instruction the State Controller shall draw his warrants upon the money appropriated, in favor of the eligible districts in the amounts ordered.

6445.16. The Department of Education shall continuously monitor and review to assure that all funds appropriated to school districts under this chapter are expended for the purposes intended.

6445.17. Allowances shall not be granted under this chapter to a district unless the fiscal effort of the district with respect to early childhood education for any fiscal year of participation under this chapter was not less than the fiscal effort for that purpose for the fiscal year preceding the district's participation under this chapter.

6445.18. Allowances shall not be granted to a district unless the fiscal effort of that district with respect to each child participating in the early childhood education program for any fiscal year of participation under this chapter is no less than the fiscal effort of the district per elementary child not participating in the early childhood education program. The Department of Education shall annually review individual district expenditures to assure the comparability of local support based on rules and regulations adopted by the State Board of Education which take into account growth in district enrollment and increases in district costs.

6445.19. The State Board of Education shall have the power to adopt and promulgate all rules and regulations necessary to the effective administration of this chapter, including, but not

necessarily limited to, those specifically required to be adopted by particular provisions of this chapter.

6445.20. The governing board of the school district, in its application for approval of a master plan, may request waiver of the provisions of any section or sections of this code if such waiver is necessary to establish and operate an early childhood education program. The need for waiver shall be explained and justified in the application. The Superintendent of Public Instruction, with approval of the State Board of Education, may grant, in whole, or in part, any such request when, in the opinion of the Superintendent of Public Instruction, failure to grant such request would hinder the implementation and maintenance of the district's program.

6445.21. A school district in its application for approval of a master plan for early childhood education may include how children's center services, as provided for in Section 16603, are to be coordinated with the program.

6446. The governing board of any school district which has had a master plan for early childhood education approved by the Department of Education shall establish and maintain such number of classes for pupils who have attained the age of 3 years and 9 months, as are necessary to implement such approved master plan for children living in the district that are eligible for admission pursuant to Section 6446.1 but are not eligible for admission pursuant to Section 5254 and whose parents or guardians present them for admission.

6446.1. (a) A child may be admitted to a class established pursuant to Section 6446 during the first school month of the term if he is of the age prescribed. For good cause the governing board of a school district may permit a child of the proper age to be admitted to the class after the first school month of the school year.

The child shall be three years and nine months of age on or before September 1 of the current school year.

(b) As an alternative to admitting all children 3 years and 9 months of age on or before September 1 at the beginning of each school year pursuant to subdivision (a), school districts may, as a part of their respective master plans approved under Section 6445.4, authorize the admission of all children on an individual basis at the time that each respective child reaches 4 years of age.

(c) The State Board of Education shall adopt rules for the approval of state aid based upon late enrollment in any school year. For the purpose of this section, late enrollment shall be considered any enrollment after the first month of the school year.

6446.2. The State Board of Education shall establish minimum standards authorizing service of instructional personnel in classes established pursuant to Section 6446.

6446.3. The minimum schoolday for classes established pursuant to Section 6446 is 180 minutes inclusive of recesses.

6446.4. The computation of average daily attendance in classes established pursuant to Section 6446 for the purpose of determining

allowances under Sections 6445.12 and 6445.13, shall be as prescribed in Section 11301. Sections 10951 to 10955, inclusive, and Sections 11001, 11002, 11007 and 11301.6 shall apply.

6446.5. So much of the moneys appropriated for allowances pursuant to Section 6445.13, as is needed, shall be for the purpose of providing state funds to be matched with available federal funds to provide public services for those pupils eligible to receive such services. Federal reimbursement shall be obtained by the Department of Social Welfare for services to children of those families, designated by the State Department of Education, eligible for federal financial participation. The State Department of Social Welfare and the State Department of Education shall enter into a contract wherein the Department of Education agrees to provide educational services for such pupils wherein the Department of Social Welfare agrees to pay to the Department of Education all costs of services to participants.

6446.6. Nothing in this chapter shall be construed to sanction, perpetuate, or promote the racial and ethnic segregation of pupils in public schools.

SEC. 2. Section 16601.5 of the Education Code is amended to read:

16601.5. The facilities used for any children's center established pursuant to this chapter shall first be used for children of families meeting the conditions of Section 16603.1 and may then be made available for children eligible for any children's center, preschool or group child care program, authorized by the laws of this state, and any early childhood education program conducted under Chapter 6.1 (commencing with Section 6445) of Division 6.

The Department of Education shall develop guidelines and procedures for allocating funds appropriated for compensatory preschool educational programs as defined in Section 16151 of the Welfare and Institutions Code to augment preschool, children's center, and group child care programs, and early childhood education programs conducted under Chapter 6.1 (commencing with Section 6445) of Division 6.

SEC. 3. Section 16602.5 is added to the Education Code, to read:

16602.5. A school district in its application for approval of a master plan for early childhood education pursuant to Chapter 6.1 (commencing with Section 6445) of Division 6 shall include children's centers' services as provided for in this chapter.

SEC. 4. Section 16602.6 is added to the Education Code, to read:

16602.6. The term "elementary school" contained in Section 425 of Title 20 of the United States Code (the National Defense Education Act of 1958, P.L. 85-864 as amended) shall include early childhood education programs and preschool classes, including preschool classes in children's centers, for the purpose of the cancellation provisions of the Loans to Students in Institutions of Higher Learning.

SEC. 4.5. Section 16711 is added to the Education Code, to read:

16711. The term "elementary school" contained in Section 425 of Title 20 of the United States Code (the National Defense Education Act of 1958, P.L. 85-864, as amended) shall include early childhood education programs and preschool classes, including preschool classes in children's centers, for the purpose of the cancellation provisions of the Loans to Students in Institutions of Higher Learning.

SEC. 5. Article 1.5 (commencing with Section 16820) is added to Chapter 1 of Division 13 of the Education Code, to read:

Article 1.5. Transportation for Early
Primary Pupils

16820. Notwithstanding any other provision of law, the governing board of any school district may provide, beginning in the 1975-1976 fiscal year, for the transportation to and from public school of pupils who have attained the age of 3 years and 9 months and are enrolled in classes established pursuant to Section 6446, whenever in the judgment of the board, such transportation is advisable and good reasons exist therefor. A governing board may allow for the transportation of parents of pupils enrolled in such classes for the purpose of accompanying their children to and from the attendance center offering such early primary classes.

Districts shall receive state reimbursements for the transportation of such pupils pursuant to Article 10 (commencing with Section 18051) of Chapter 3 of Division 14 of the Education Code.

SEC. 6. The heading of Chapter 2.5 (commencing with Section 16150) of Part 4 of Division 9 of the Welfare and Institutions Code is amended to read:

CHAPTER 2.5. PRESCHOOL, CHILDREN'S CENTER, GROUP CHILD
CARE, AND EARLY CHILDHOOD EDUCATION PROGRAMS

SEC. 7. Section 16150 of the Welfare and Institutions Code is amended to read:

16150. The Legislature finds and declares that preschool programs with a strong educational component are of great value to all children in preparing them for success in school, and constitute an essential component of public social services as defined in Section 16151. The Legislature further finds that such programs are often not available to many children who, because of the low income of their families, parents in training, or minimal employment, are deprived of adequate care and this valuable educational experience. Therefore, it is the intention of the Legislature in enacting this chapter to provide equal educational opportunity to children of low-income or disadvantaged families through appropriate arrangements for preschool, children's center, group child care, and early childhood education programs of an educational value to be developed in accordance with a contractual agreement between the

State Department of Social Welfare and the State Department of Education. The Legislature believes that the introduction of young children to an atmosphere of learning will improve their performance and increase their motivation and productivity when they enter school. In order to achieve this end, all programs established under this chapter shall be centered upon a defined educational program developed, conducted, and administered with the maximum feasible participation of the families served by the program.

SEC. 8. Section 16151.5 is added to the Welfare and Institutions Code, to read:

16151.5. The State Department of Social Welfare shall enter into a contract with the State Department of Education to provide for a statewide system of social services for children educated under an early childhood education master plan pursuant to Chapter 6.1 (commencing with Section 6445) of Division 6 of the Education Code, to be established by school districts for children and families who meet the requirement for services under Education Code Section 6446.5.

SEC. 9. Section 16153.5 is added to the Welfare and Institutions Code, to read:

16153.5. Notwithstanding any other provision of this code, the State Department of Social Welfare shall not provide any per capita reimbursement pursuant to Section 16151.5 on account of any local school district program established pursuant to this chapter which does not meet the educational standards established by the State Board of Education.

(b) The State Board of Education shall not authorize any school district to implement an approved program of classes for pupils 3 years, 9 months of age beginning in the 1975-1976 fiscal year or in any year thereafter unless authorized by an act, other than a Budget Act, appropriating funds to support such programs.

SEC. 12. Sections 2, 3, 4, 7, 8, and 9 of this act shall become operative only if Assembly Bill No. 99 of the 1972 Regular Session of the Legislature is not enacted.

[Approved by Governor November 27, 1972. Filed with Secretary of State November 27, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 1229 of the Health and Safety Code is amended to read:

1229. Each application for a license under this chapter shall be accompanied by a fee determined by the director by regulation based on the number of patients served and in an amount to cover the costs of administering this chapter.

Each license issued under this chapter shall expire 12 months from the date of its issuance. Application for renewal of license accompanied by the necessary fee shall be filed with the department not less than 10 days prior to the expiration date each year. Failure to make a timely renewal shall result in expiration of the license.

SEC. 2. Chapter 2 (commencing with Section 1400) of Division 2 of the Health and Safety Code is repealed.

SEC. 3. Chapter 2 (commencing with Section 1250) is added to Division 2 of the Health and Safety Code, to read:

CHAPTER 2. FACILITIES

Article 1. Definitions

1250. As used in this chapter:

(a) "Facility" means any hospital, institution, boarding home or other place for the care of persons, homefinding agencies, and establishments and institutions, for the reception and care of the mentally disordered persons, mentally retarded persons and other incompetent persons.

(b) "Hospital" means any institution, place, building, or agency which maintains and operates organized facilities for one or more persons for the diagnosis, care, and treatment of human illness, including convalescence and including care during and after pregnancy, or which maintains and operates organized facilities for any such purpose, and to which persons may be admitted for

overnight stay or longer. "Hospital" includes sanatorium, nursing home, and maternity home.

(c) "Institutions, boarding homes, and other places for the care of persons" are facilities which provide nonmedical board, room and care, or board and care or room and care.

(d) "Homefinding agencies" mean persons engaged in finding homes for children under 16 years of age, or placing such children in any home or other place either for temporary or permanent care or adoption.

(e) "Establishments and institutions for mentally disordered persons, and other incompetent persons" include every hospital, sanitarium, boarding home, or other place receiving or caring for any of the persons enumerated in this subdivision.

Article 2. Administration and Regulation

1270. The state department, after consultation with the advisory board and receipt of the recommendations of the advisory board in respect thereto, shall make and promulgate, and may thereafter modify, amend, or rescind, reasonable rules and regulations to carry out the purposes of this chapter. The department shall classify hospitals and prescribe minimum standards of safety and sanitation in the physical plant, of diagnostic, therapeutic and laboratory facilities and equipment for each class of hospitals.

1271. (a) The department's regulations shall take into account the types of facilities described in subdivision (c) of Section 1250 provided for the care of persons aged 16 and above and residents to be accommodated to insure maximum flexibility in safety, staffing, and reporting standards, based upon the individual facility and the age, physical and mental capabilities and needs of its residents.

(b) The department shall, prior to proposing the addition, amendment or repeal of any rules and regulations concerning such facilities, confer with concerned licensees, residents of licensed facilities, representatives of licensees, and of residents of licensed facilities and community service organizations.

1272. The State Department of Health may delegate to local health departments, the staffs and inspectoral services of which have the written approval of the State Department of Health, the authority to verify compliance with this chapter, investigate unlicensed facilities, inspect licensed facilities, consult with licensees, require licensees to comply with statutory provisions and the rules and regulations of the state department, and to recommend disciplinary action by the state department against licensees. In exercising the authority so delegated, the local health department shall conform to the requirements of this chapter and to the rules and regulations as interpreted by the state department.

1273. On or before the first day of January of any calendar year, the board of supervisors of any county with a population in excess of 6,000,000 persons may elect to have the county health department

during the next succeeding fiscal year, commencing on July 1st of such calendar year, verify compliance with this chapter, investigate unlicensed facilities, consult with licensees, require licensees to comply with statutory provisions and the rules and regulations of the state department, recommend disciplinary action by the state department against licensees, and recommend to the district attorney the prosecution of any action for the violation of any provision of this chapter in such county.

The election shall be made by the adoption by the board of supervisors of an ordinance which recites that, pursuant to this section, the board of supervisors has elected to have the county health department perform facility inspection and enforcement functions in such county during the next succeeding fiscal year. Immediately, upon the adoption of the ordinance, a certified copy of the ordinance shall be transmitted to the state department.

In exercising the authority which is vested in it pursuant to this section and the election of the board of supervisors, the county health department shall conform to the requirements of this chapter and to the rules and regulations as interpreted by the state department. It shall, however, have the power to recommend directly to the district attorney the prosecution of any action for the violation of any provision of this chapter.

During any fiscal year in which the board of supervisors of the county has elected to have the county health department perform facility inspection and enforcement functions in such county, the costs of the performance of such inspection and enforcement functions by the county health department shall be paid by the state. Such expenditures shall not, however, exceed amounts appropriated by the Legislature for the purpose of such inspection and enforcement.

Each health department performing such inspection and enforcement functions shall at such times and in such manner as required by the State Director of Health, present to the director a proposed annual budget for the reasonable cost, including necessary overhead, of such inspection and enforcement functions to be conducted hereunder by the county health department. Such budget shall be examined by the director and, to the extent found by him to be reasonable for efficient inspection service, and after concurrence by the Department of Finance, shall be approved in writing. Nothing in this section shall prevent a county health department from providing more than the minimum inspectional services as prescribed in Section 1272 providing that the cost of such additional service shall be borne by the county health department.

During any period with regard to which federal law requires state inspection of facilities, other than as provided in this section, as a condition for the receipt of federal aid for medical care, the provisions of this section shall not be operative.

1274. Notwithstanding the provisions of Section 1312, with the exception of subdivision (c) thereof, the state department shall

prescribe, promulgate and enforce minimum standards of safety and sanitation in the physical plant, and of diagnostic, therapeutic and laboratory facilities for public medical institutions, other than federal medical institutions, University of California hospitals, and clinics, and other than institutions for mental disease, and all of such public medical institutions shall be subject to the provisions of this chapter.

This section shall be operative only during such times as the Federal Social Security Act and the rules of the Department of Health, Education and Welfare promulgated thereunder require that such standards shall be established and maintained in order for this state to receive reimbursement from the federal government for public assistance payments made to or in behalf of patients in public medical institutions.

Article 3. Advisory Board

1290. An advisory board shall be appointed on the operative date of this section to assist, advise and make recommendations to the director and the state department in the establishment of rules and regulations necessary to insure the proper administration and enforcement of the provisions of this chapter and for those purposes to serve as consultants to the director.

The board shall consist of the director, who shall serve as chairman ex officio, and 10 members, four of whom shall be superintendents or administrators of hospitals with at least five years of experience as such in hospitals having a capacity of 100 beds or more, two of whom shall be administrators or operators of nursing homes with at least five years of experience in the operation of such homes, and four of whom shall be representatives of the general public, appointed by the Governor to hold office for four-year terms and until the appointment and qualification of their successors. One or more of the appointed members shall be a doctor of medicine who is licensed in California. Terms of the members of the advisory board shall expire in the following order: hospital representatives, one on October 15, 1973, one on October 15, 1975, and two on October 15, 1976; nursing home representatives, one on October 15, 1973, and one on October 15, 1974; and the remaining member of the board on October 15, 1973. The initial terms of the consumer representatives shall expire one on October 15, 1974, two on October 15, 1975, and one on October 15, 1976. At the time of making the appointments the Governor shall designate the term for which each member of the board is appointed. Vacancies shall be filled by appointment for the unexpired term.

1291. Members of the advisory board shall serve without compensation but shall receive their actual and necessary expenses incurred in the performance of the duties of their office.

1292. The advisory board shall meet with the director at least twice each year and at such other times during the year as may be determined from time to time by the director.

Article 4. Application of Chapter

1310. No person shall establish, conduct or maintain in this state any facility without first obtaining a license therefor as provided in this chapter and no political subdivision of the state, or other governmental agency within the state shall establish, conduct or maintain in this state any hospital without first obtaining a license therefor as provided in this chapter.

No person shall receive or care for persons not related to him by blood or affinity within the second degree without first obtaining a license therefor as provided in this chapter.

1311. The use of the name or title "hospital" by any person or persons to identify or represent a facility for the diagnosis, care, and treatment of human illness other than a facility subject to or specifically exempted from the licensure provisions of this chapter is prohibited. Notwithstanding the provisions of subdivision (b) of Section 1250 or any other provisions of the laws of this state, the name or title "hospital" shall not be used by any sanitarium, nursing home, convalescent home, or maternity home unless preceded by some qualifying descriptive word such as convalescent, geriatric, rehabilitation, or nursing.

1312. The provisions of this chapter do not apply to any of the following institutions:

(a) Any hospital conducted, maintained or operated by the United States government or a duly authorized agency thereof.

(b) Any hospital conducted, maintained or operated by this state or any state department, authority, bureau, commission, or officer, nor to any hospital conducted, maintained or operated by the Regents of the University of California, the autonomous character of said Regents of the University of California having been established by the provisions of Article IX, Section 9, of the Constitution of the state. However, a local hospital district or city is not a state agency or a state department, authority, bureau, commission, or officer within the meaning of this subdivision, and this subdivision does not exempt a hospital conducted, maintained, or operated by a local hospital district or city from the provisions of this chapter.

(c) Any facility conducted by and for the adherents of any well recognized church or religious denomination for the purpose of providing facilities for the care or treatment of the sick who depend upon prayer or spiritual means for healing in the practice of the religion of such church or denomination.

(d) Hotels or other similar places that furnish only board and room, or either, to their guests.

(e) Any school dormitory or similar facility described in subdivision (c) of Section 1250 for the care of persons aged 16 and above determined by the department.

(f) Any house or institution supplying board and room only, or room only, or board only, provided that no resident thereof requires any element of care as determined by the department.

(g) Any similar facility described in subdivision (c) of Section 1250 for the care of persons aged 16 and above determined by the department.

1313. The provisions of Section 1310 shall not apply to the receiving and care of a child or children under 16 years of age by a relative, nor to such receiving and care of children from only one family by a close friend of the parent or guardian with the consent of the parent or guardian, when such receiving and care is without compensation and occurs only occasionally and irregularly, or, if regularly given, is for an average of three hours or less, on days when the care is provided.

1314. The provisions of this chapter shall not prevent local authorities of any county, city, or city and county, within the reasonable exercise of the police power, from adopting rules and regulations, by ordinance or resolution, prescribing standards of sanitation, health and hygiene for institutions, boarding homes, and other places for the reception or care of persons or for facilities for the reception and care of mentally disordered or incompetent persons, not in conflict with the provisions of this chapter or the rules and regulations and minimum standards adopted by the department hereunder, and requiring a local health permit to maintain or conduct any such boarding home or institution within such county, city, or city and county.

The provisions of this section shall not apply to general acute hospitals.

1315. The provisions of this chapter shall not prevent a licensed maternity home or hospital from releasing or surrendering the custody of a child under 16 years of age to any person, association or corporation designated in a written authorization signed by its parent, or, if there is no parent, by the person having legal custody of the child.

On the release of a child to any person other than a parent or relative by blood or marriage, the hospital or maternity home shall report within 48 hours to the department, on forms supplied by that agency, the name and address of the person, organization or corporation into whose custody the child was released.

Article 5. Licensing

1330. Any person, political subdivision of the state or governmental agency desiring a license under the provisions of this chapter shall file with the state department a verified application on a form prescribed, prepared and furnished by the department, containing:

- (a) The name of the applicant, and if an individual, whether the applicant has attained the age of 18 years.
- (b) The type of institution to be operated.
- (c) The location thereof.
- (d) The name of the person in charge thereof.

(e) Such other information as may be required by the state department for the proper administration and enforcement of this chapter.

(f) Evidence satisfactory to the state department that the applicant is of reputable and responsible character. If applicant is a firm, association, organization, partnership, business trust, corporation, or company, like evidence shall be submitted as to the members thereof, and the person in charge of the institution for which application for license is made. If the applicant is a political subdivision of the state or other governmental agency, like evidence shall be submitted as to the person in charge of the institution for which application for license is made.

(g) Evidence satisfactory to the state department of the ability of the applicant to comply with the provisions of this chapter and of rules and regulations promulgated under this chapter by the state department.

1331. In addition to the requirements of Section 1330, any person, political subdivision of the state or governmental agency desiring a license as a hospital or any person desiring a license as a facility for the mentally disordered or incompetent under the provisions of this chapter which shall cover a new facility or additional bed capacity or the conversion of existing bed capacity to a different license category, except outpatient and emergency services, shall file with the state department a verified statement on a form prescribed, prepared, and furnished by the department containing:

(a) The date applicant filed its complete application for new or additional bed capacity or conversion of an existing bed capacity with the voluntary area health planning agency or voluntary local health planning agency approved pursuant to Section 437.7.

(b) The date or dates the voluntary area health planning agency or voluntary local health planning agency held a public hearing or hearings on the proposal, and evidence that the applicant participated in the hearing in accordance with established procedures of such group.

(c) The date the voluntary area health planning agency or the consumer members of a voluntary area health planning agency acting as an appeals body or the Health Planning Council made a final and favorable decision concerning the new or additional bed capacity or conversion of facilities and a statement that the time for appeal has expired, or in the case of a modified approval, that the modifications have been made, or

(d) That the time allowed for decision has passed and no decision has been made or that the voluntary area health planning agency failed to act upon a lack of recommendation by the voluntary local health planning agency within the time allowed, or

(e) That more than 12 months have expired since a decision has been reached by the voluntary area health planning agency.

1332. The department may review, but shall not approve, any construction plans or issue any license for a hospital or a facility for

the mentally disordered or incompetent under this chapter which shall cover new or additional bed capacity or the conversion of an existing bed capacity to a different license category, except outpatient and emergency services, until the applicant has complied with the provisions of Section 1331.

1333. The state department may deny any license application made under provisions of this chapter for failure to meet any of the requirements set forth in Section 1330 on any of the grounds for suspension or revocation set forth in Section 1370.

1334. Each application for a license under this chapter, except applications by local hospital districts, cities, or counties, shall be accompanied by a fee determined annually by the director by regulation and in an amount sufficient to cover the cost to the State General Fund of administering this chapter. Separate fees shall be established for categories or classifications of facilities in an amount commensurate with their respective share of the cost of administering this chapter. The annual fee for any category or classification of facilities shall not be increased by more than 10 percent over the annual amount of fee charged for the prior fiscal year.

1335. Each license issued under this chapter shall expire 12 months from the date of its issuance. Application for renewal of license accompanied by the necessary fee shall be filed with the state department not less than 10 days prior to the expiration each year. Failure to make a timely renewal shall result in expiration of the license.

1336. The department may grant certificates without payment of fees to private homes for family care of not more than six patients on leave of absence from state hospitals provided, however, that such homes shall be regulated by standards established by the department for the care of such patients.

The department may dispense with any requirements of this chapter in an established licensed home to receive not more than three mentally disordered or incompetent persons.

Licenses may be issued without payment of a fee to family homes which do not have the capacity to receive or care for more than six mentally disordered or incompetent persons.

1338. Any county may apply for, and the department may issue to any county department designated by the county making the application, a license to perform the homefinding and placement functions, other than adoption, specified in subdivision (d) of Section 1250.

1339. Upon the filing of the application for license provided for and full compliance with the provisions of this chapter and the rules and regulations promulgated under this chapter by the state department, the department shall issue to the applicant the license applied for.

1340. Every facility for which a license has been issued shall be periodically inspected by a duly authorized representative of the

state department. Reports of each such inspection shall be prepared by the representative conducting it upon forms prepared and furnished by the department filed with the department.

1341. The director shall require as a condition precedent to the issuance, or the renewal, of any license for a nursing and convalescent home or for any facility described in subdivision (c) of Section 1250 for the care of persons aged 16 and above, if the operator of the nursing and convalescent home or any facility described in subdivision (c) of Section 1250 for the care of persons aged 16 and above handles or will handle any money of patients within such home, that the applicant for the license or the renewal of the license file or have on file with the director a bond issued by a surety company admitted to do business in this state in a sum to be fixed by the director based upon the magnitude of the operations of the applicant, but which sum shall not be less than one thousand dollars (\$1,000), running to the State of California and conditioned upon his faithful and honest handling of the money of patients within the home.

Every person injured as a result of any improper or unlawful handling of the money of a patient of a nursing and convalescent home or any facility described in subdivision (c) of Section 1250 for the care of persons aged 16 and above may bring an action in a proper court on the bond required to be posted by the operator pursuant to this section for the amount of damage he suffered as a result thereof to the extent covered by the bond.

Whenever the director determines that the amount of any bond which is filed with him pursuant to this section is insufficient to adequately protect the money of patients which is being handled by the operator of a nursing and convalescent home or any facility described in subdivision (c) of Section 1250 for the care of persons aged 16 and above, or whenever the amount of any such bond is impaired by any recovery against the bond, the director may require the operator to file with the director an additional bond in such amount as the director determines is necessary to adequately protect the money of patients which is being handled by the operator of such home.

The failure of the operator of any licensed nursing and convalescent home or any facility described in subdivision (c) of Section 1250 for the care of persons aged 16 and above to maintain on file with the director a bond in the amount prescribed by the director pursuant to this section is a ground for the revocation of the license of such home.

The provisions of this section shall not apply if the operator of the nursing and convalescent home or any facility described in subdivision (c) of Section 1250 for the care of persons aged 16 and above handles less than twenty-five dollars (\$25) per patient and less than five hundred dollars (\$500) for all patients in the home in any month.

1342. The director may grant a partial or total variance from the

bonding requirements of Section 1341 for any facility described in subdivision (c) of Section 1250 for the care of persons aged 16 and above if he finds that compliance with them is so onerous that an institution or boarding home will cease to operate, and if he also finds that money of the persons received or cared for in the institution or boarding home has been, or will be, deposited in a bank in this state or in a trust company authorized to transact a trust business in this state or a savings and loan association in this state, upon condition that such money may not be withdrawn except on authorization of the guardian or conservator of such person.

1342.5. Dental services as defined in the Dental Practice Act may be provided patients in hospitals licensed under this chapter. Such services shall be provided by persons licensed by the State of California under Section 1611 of the Business and Professions Code. However, this section shall not limit or restrict the right of a licensed physician and surgeon to perform any acts authorized under the Medical Practice Act.

1343. The rules of the hospital may include provisions for use of the hospital facilities by duly licensed podiatrists subject to rules and regulations governing such use established by the medical staff or the podiatric staff of the hospital. Such staff comprised of physicians and surgeons, podiatrists, or any combination thereof, may regulate the admission, conduct, suspension, or termination, of the podiatrists while using the facilities of the hospital. No classification of hospitals by the state department pursuant to Section 1270, nor any other classification of hospitals based on quality of service or otherwise, by any person, body, or governmental agency of this state or any subdivision thereof shall be effected by a hospital's provision for use of its facilities by duly licensed podiatrists, nor shall any such classification be effected by the subjection of the podiatrists to the rules and regulations of a staff comprising podiatrists, physicians and surgeons, or any combination thereof, which govern the podiatrists' use of hospital facilities. No classification of hospitals by any governmental agency of this state or any subdivision thereof pursuant to present law or law passed hereinafter for the purposes of ascertaining eligibility for compensation, reimbursement, or other benefit for treatment of patients shall be effected by a hospital's provision for use of its facilities by duly licensed podiatrists, nor shall any such classification be effected by the subjection of the podiatrists to the rules and regulations of a staff comprising podiatrists, physicians and surgeons, or any combination thereof, which govern the podiatrists' use of hospital facilities.

1344. No act or omission of any rescue team established by any hospital licensed under this chapter, or operated by the federal or state government, a county, or by the Regents of the University of California, done or omitted while attempting to resuscitate any person who is in immediate danger of loss of life shall impose any liability upon the hospital, the officers, members of the staff, nurses, or employees of the hospital, including, but not limited to the

members of the rescue team, or upon the federal or state government or a county, if good faith is exercised.

“Rescue team,” as used in this section, means a special group of physicians and surgeons, nurses, and employees of a hospital who have been trained in cardiopulmonary resuscitation and have been designated by the hospital to attempt, in cases of emergency, to resuscitate persons who are in immediate danger of loss of life.

This section shall not relieve a hospital of any duty otherwise imposed by law upon the hospital for the designation and training of members of a rescue team or for the provision or maintenance of equipment to be used by a rescue team.

1345. Emergency services and care shall be provided to any person requesting such services or care, or for whom such services or care is requested, for any condition in which the person is in danger of loss of life, or serious injury or illness, at any hospital licensed under this chapter that maintains and operates an emergency department to provide emergency services to the public when such hospital has appropriate facilities and qualified personnel available to provide such services or care.

Neither the hospital, its employees, nor any physician, dentist, or podiatrist shall be held liable in any action arising out of a refusal to render emergency services or care if reasonable care is exercised in determining the condition of the person, or in determining the appropriateness of the facilities, the qualifications and availability of personnel to render such services.

The person, if able, or the person responsible for and accompanying such person, shall execute an agreement to pay the charges for such services or care.

1346. Each person who operates and lives in, or who is employed in, a facility licensed by the department described in subdivision (c) of Section 1250 shall have on file with the facility a certificate from a physician showing that during the preceding year he has submitted to an X-ray of the lungs, or an approved intradermal tuberculin test, which, if positive, was followed by an X-ray of the lungs, and has been found free from active tuberculosis. The provisions of this section shall not apply to any boarding home, institution or other facility, for the reception and care of persons, operated by and for the adherents of a bona fide church, sect, or denomination, who rely upon prayer in the practice of religion for their protection and health; provided that such institution, boarding home or other facility for the reception and care of persons limits its admission to members of the particular faith of those operating the facility.

1347. Before issuing a license to any person to operate a facility described in subdivision (c) of Section 1250 for children under 16 years of age, the department shall secure from the Federal Bureau of Investigation or State Bureau of Criminal Identification and Investigation a full criminal record to determine whether the applicant or his spouse has ever been convicted of a crime other than a minor traffic violation. If it is found that the applicant, or his spouse

living in the same location, has been so convicted, the application shall be denied, unless otherwise provided pursuant to the following paragraph.

After review of the record, the director may exempt any applicant for a license from the provisions of this section, if the record reveals no conviction of a felony involving intentional bodily harm or a sex offense, and if the director or person in charge of the county or city inspection service believes the applicant to be of such good character as to justify issuance of a license.

1348. The department shall require, as a condition to the issuance or retention of a license or permit, that any contracts made by a facility described in subdivision (c) of Section 1250, under which payment is made in advance for care of the person aged 16 and above for a period of one year or more, shall be in writing and in a form approved by the department, prior to its use by the institution, home, or place.

1348.5. Upon the death of a person in a facility described in subdivision (c) of Section 1250 or change in the administrative personnel of any such home, the holder of the license shall, within 48 hours, give written notice thereof to the department.

Article 6. Offenses Against Chapter

1350. Any person who violates any of the provisions of this chapter or who willfully or repeatedly violates any rule or regulation promulgated under this chapter is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed five hundred dollars (\$500) or by imprisonment in the county jail for a period not to exceed 180 days or by both such fine and imprisonment.

1351. The director may bring an action to enjoin the violation or threatened violation of Section 1310 in the superior court in and for the county in which the violation occurred or is about to occur. Any proceeding under the provisions of this section shall conform to the requirements of Chapter 3 of Title 7 of Part 2 of the Code of Civil Procedure, except that the director shall not be required to allege facts necessary to show or tending to show lack of adequate remedy at law or to show or tending to show irreparable damage or loss.

The director may bring an action to enjoin the violation, threatened violation, or continued violation by any nursing and convalescent home of the provisions of this chapter, including the operation of such a home without a license, or of any of the regulations promulgated under this chapter for nursing and convalescent homes, in a case where such violations threaten the health or safety of patients in the home in the superior court located in the county in which the violation occurred or is about to occur. Any proceeding under the provisions of this section shall conform to the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that the director shall not be required to allege facts necessary to show or

In case of conflict between the provisions of this chapter and the provisions of said Chapter 5, the latter provisions shall prevail.

1372. The withdrawal of an application for a license after it has been filed with the state department shall not, unless the state department consents in writing to such withdrawal, deprive the state department of its authority to institute or continue a proceeding against the applicant for the denial of the license upon any ground provided by law or to enter an order denying the license upon any such ground.

The suspension, expiration, or forfeiture by operation of law of a license issued by the state department, or its suspension, forfeiture, or cancellation by order of the state department or by order of a court of law, or its surrender without the written consent of the state department, shall not deprive the state department of its authority to institute or continue a disciplinary proceeding against the licensee upon any ground provided by law or to enter an order suspending or revoking the license or otherwise taking disciplinary action against the licensee on any such ground.

1373. Any license revoked pursuant to this chapter may be reinstated pursuant to the provisions of Section 11522 of the Government Code.

Failure of the organization or person to meet the licensing requirements of Chapter 2 (commencing with Section 1400) of Division 2 of the Health and Safety Code or the reserve requirements of Section 16304 shall constitute cause for suspension or revocation of the certificate of authority.

The person or organization whose certificate of authority is suspended or revoked shall have right of appeal to the department.

The proceedings shall be conducted in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code, and the department shall have all of the powers granted therein.

[Approved by Governor November 27, 1972 Filed with
Secretary of State November 27, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 3212.4 is added to the Labor Code, to read:
3212.4. In the case of a member of a University of California fire department located at a campus or other facility administered by the Regents of University of California, when any such member is employed by such a department upon a regular, full-time salary, on a nonprobationary basis, the term "injury" as used in this division includes heart trouble, hernia, or pneumonia which develops or manifests itself during a period while such member is in the service of such a University of California fire department. The compensation which is awarded for such heart trouble, hernia, or pneumonia shall include full hospital, surgical, medical treatment, disability

indemnity, and death benefits as provided by the provisions of this division.

Such heart trouble, hernia, or pneumonia so developing or manifesting itself shall be presumed to arise out of and in the course of the employment. This presumption is disputable and may be controverted by other evidence, but unless so controverted, the appeals board is bound to find in accordance with it.

Such heart trouble, hernia, or pneumonia so developing or manifesting itself in such cases shall in no case be attributed to any disease existing prior to such development or manifestation.

The term "member" as used herein shall exclude those employees of a University of California fire department whose principal duties are those of a telephone operator, clerk, stenographer, machinist, mechanic, or otherwise, and whose functions do not clearly fall within the scope of active firefighting and prevention service.

SEC. 2. Section 4804.1 is added to the Labor Code, to read:

4804.1. Whenever any member of a University of California fire department specified in Section 3212.4 falling within the active "firefighting and prevention service" class is disabled by injury arising out of and in the course of his duties, he shall become entitled, regardless of his period of service with a University of California fire department, to leave of absence while so disabled without loss of salary, in lieu of disability payments under this chapter, for a period of not exceeding one year. This section shall apply only to members of a University of California fire department whose principal duties consist of active firefighting and prevention service and shall not apply to persons employed in a University of California fire department whose principal duties are those of telephone operator, clerk, stenographer, machinist, mechanic, or otherwise clearly not falling within the scope of active firefighting and prevention service, even though such person is subject to occasional call or is occasionally called upon to perform duties within the scope of active firefighting and prevention service.

SEC. 3. Section 4804.2 is added to the Labor Code, to read:

4804.2. It shall be the duty of the appeals board to determine in the case of members of a University of California fire department specified in Section 4804.1, upon request of the Regents of the University of California, whether or not the disability referred to in Section 4804.1 arose out of and in the course of duty. The appeals board shall, also in any disputed case, determine when such disability ceases.

SEC. 4. Section 4804.3 is added to the Labor Code, to read:

4804.3. Any such member of a University of California fire department specified in Section 4804.1, so disabled is entitled from the date of injury and regardless of retirement under the Public Employees' Retirement System, or other retirement system, to the medical, surgical, and hospital benefits prescribed by this division as part of the compensation for persons injured in the course of and arising out of their employment, at the expense of the Regents of the

University of California, and such expense shall be charged upon the fund out of which the compensation of the member is paid.

SEC. 5. Section 4804.4 is added to the Labor Code, to read:

4804.4. Whenever such disability of such member of a University of California fire department, specified in Section 4804.1, continues for a period beyond one year, such member shall thereafter be subject, as to disability indemnity, to the provisions of this division other than Section 4804.1, which refers to temporary disability only, during the remainder of the disability, except that such compensation shall be paid out of funds available for the support of the Regents of the University of California, and the leave of absence shall continue.

SEC. 6. Section 4804.5 is added to the Labor Code, to read:

4804.5. No disability indemnity shall be paid to said member of a University of California fire department, specified in Section 4804.1, as temporary disability concurrently with wages or salary payments.

allow such debt in an amount not in excess of the part charged off within the taxable year, as a deduction.

(b) For purposes of subdivision (a), the basis for determining the amount of the deduction for any bad debt shall be the adjusted basis provided in Section 18041 for determining the loss from the sale or other disposition of property.

(c) In lieu of any deduction under subdivision (a), there shall be allowed (in the discretion of the Franchise Tax Board) a deduction for a reasonable addition to a reserve for bad debts.

(d) (1) (A) Subdivisions (a) and (c) shall not apply to any nonbusiness debt; and

(B) Where any nonbusiness debt becomes worthless within the taxable year, the loss resulting therefrom shall be considered a loss from the sale or exchange, during the taxable year, of a capital asset held for not more than one year.

(2) For purposes of paragraph (1), the term "nonbusiness debt" means a debt other than—

(A) A debt created or acquired (as the case may be) in connection with a trade or business of the taxpayer; or

(B) A debt the loss from the worthlessness of which is incurred in the taxpayer's trade or business.

(e) This section shall not apply to a debt which is evidenced by a security as defined in subparagraph (C) of paragraph (2) of subdivision (g) of Section 17206.

(f) A payment by the taxpayer in discharge of part or all of his obligation as a guarantor, endorser, or indemnitor of a noncorporate obligation the proceeds of which were used in the trade or business of the borrower shall be treated as a debt becoming worthless within such taxable year for purposes of this section (except that subdivision (d) shall not apply), but only if the obligation of the borrower to the person to whom such payment was made was worthless (without regard to such guaranty, endorsement, or indemnity) at the time of such payment.

(g) (1) In the case of a taxpayer who is a dealer in property, in lieu of any deduction under subdivision (a), there shall be allowed (in the discretion of the Franchise Tax Board) for any taxable year beginning on and after January 1, 1967, a deduction—

(B) For the amount of any reduction in the suspense account required by clause (i) of subparagraph (B) of paragraph (4).

(B) At the close of each taxable year the suspense account shall be—

(i) Reduced by the excess of the suspense account at the beginning of the year over the reserve described in subparagraph (A) of paragraph (1) (after making the addition for such year provided in such paragraph), or

(ii) Increased (but not to an amount greater than the initial balance of the suspense account) by the excess of the reserve described in subparagraph (A) of paragraph (1) (after making the addition for such year provided in such paragraph) over the suspense account at the beginning of such year.

(C) Subparagraphs (A) and (B) shall not apply in the case of the taxpayer who maintained for his last taxable year beginning before January 1, 1967, a reserve for bad debts under subdivision (c) which included debt obligations described in subparagraph (A) of paragraph (1).

(5) If the taxpayer establishes a reserve under paragraph (1) of subdivision (g) of this section for a taxable year beginning on and after January 1, 1967, and ending before December 1, 1968, the establishment of such reserve shall not be considered as a change in method of accounting for purposes of subdivision (e) of Section 17561.

(1) The amount of gain which would not be recognized under paragraph (2) or (3) of subdivision (a) of Section 18162.5, if the property contributed had been sold by the taxpayer at its fair market value (determined at the time of such contribution), and

(2) In the case of a charitable contribution—

(A) Of tangible personal property, if the use by the donee is unrelated to the purpose or function constituting the basis for its exemption under Section 23701 (or, in the case of a governmental unit, to any purpose or function described in Section 17214), or

(B) To or for the use of a private foundation (as defined in Section 509(a) of the Internal Revenue Code), other than a private foundation described in Section 170(b)(1)(E) of that code,

_____ the amount of gain which would have been recognized under paragraph (2) or (3) of subdivision (a) of Section 18162.5 if the property contributed had been sold by the taxpayer at its fair market value (determined at the time of such contribution).

For purposes of applying this subdivision (other than in the case of gain to which Section 18211 applies), property which is property used in the trade or business (as defined in Section 18182) shall be treated as a capital asset.

(b) For purposes of subdivision (a), in the case of a charitable contribution of less than the taxpayer's entire interest in the property contributed, the taxpayer's adjusted basis in such property shall be allocated between the interest contributed and any interest not contributed in accordance with regulations prescribed by the Franchise Tax Board.

SEC. 4. Section 17402 of the Revenue and Taxation Code is amended to read:

17402. (a) In the case of property distributed in complete liquidation of a corporation, other than a collapsible corporation to which Section 17411 applies if—

(1) The liquidation is made in pursuance of a plan of liquidation adopted on or after December 31, 1950; and

(2) The distribution is in complete cancellation or redemption of all the stock, and the transfer of all the property under the liquidation occurs within some one calendar month following the year 1950, then in the case of each qualified electing shareholder (as defined in subdivision (c)) gain upon the shares owned by him at the time of the adoption of the plan of liquidation shall be recognized only to the extent provided in subdivision (e).

(b) For purposes of this section, the term "excluded corporation" means a corporation which at any time between January 1, 1956, and the date of the adoption of the plan of liquidation, both dates inclusive, was the owner of stock possessing 50 percent or more of the total combined voting power of all classes of stock entitled to vote on the adoption of such plan.

(c) For purposes of this section, the term "qualified electing shareholder" means a shareholder (other than an excluded corporation) of any class of stock (whether or not entitled to vote on the adoption of the plan of liquidation) who is a shareholder at the time of the adoption of such plan, and whose written election to have the benefits of subdivision (a) has been made and filed in accordance with subdivision (d), but in the case of a shareholder other than a corporation, only if written elections have been so filed by shareholders (other than corporations) who at the time of the adoption of the plan of liquidation are owners of stock possessing at least 80 percent of the total combined voting power (exclusive of voting power possessed by stock owned by corporations) of all classes of stock entitled to vote on the adoption of such plan of liquidation.

(d) The written elections referred to in subdivision (c) must be made and filed in such manner as to be not in contravention of

regulations prescribed by the Franchise Tax Board. The filing must be within 30 days after the date of the adoption of the plan of liquidation or within one month after the effective date of this amended section whichever is later and may be made by the liquidating corporation or by its stockholders.

(e) In the case of a qualified electing shareholder—

(1) There shall be recognized and treated as a dividend, so much of the gain as is not in excess of his ratable share of the earnings and profits of the corporation accumulated after February 28, 1913, such earnings and profits to be determined as of the close of the month in which the transfer in liquidation occurred under paragraph (2) of subdivision (a), but without diminution by reason of distribution made during such month; but by including in the computation thereof all amounts accrued up to the date on which the transfer of all the property under the liquidation is completed; and

(2) There shall be recognized, and treated as a capital gain, so much of the remainder of the gain as is not in excess of the amount by which the value of that portion of the assets received by him which consists of money, or of stock or securities acquired by the corporation after August 15, 1950, exceeds his ratable share of such earnings and profits.

SEC. 5. Section 17411 of the Revenue and Taxation Code is amended to read:

17411. Gain from—

(a) The sale or exchange of stock of a collapsible corporation;

(b) A distribution in partial or complete liquidation of a collapsible corporation, which distribution is treated under this part as in part or full payment in exchange for stock; and

(c) A distribution made by a collapsible corporation which, under paragraph (1) of subdivision (c) of Section 17323, is treated, to the extent it exceeds the basis of the stock, in the same manner as a gain from the sale or exchange of property, to the extent that it would be considered (but for the provisions of this article) as gain from the sale or exchange of a capital asset shall, except as provided in this article, be considered as gain from the sale or exchange of property which is not a capital asset.

SEC. 6. Section 17503 of the Revenue and Taxation Code is amended to read:

17503. (a) Except as provided in subdivision (b), the amount actually distributed or made available to any distributee by any employees' trust described in Section 17501 which is exempt from tax under Section 17631 shall be taxable to him, in the year in which so distributed or made available, under Sections 17101 to 17112.7, inclusive (relating to annuities). The amount actually distributed or made available to any distributee shall not include net unrealized appreciation in securities of the employer corporation attributable to the amount contributed by the employee. Such net unrealized appreciation and the resulting adjustments to basis of such securities shall be determined in accordance with regulations prescribed by

the Franchise Tax Board.

(b) In the case of an employees' trust described in Section 17501, which is exempt from tax under Section 17631, if the total distributions payable with respect to any employee are paid to the distributee within one taxable year of the distributee on account of the employee's death or other separation from the service, or on account of the death of the employee after his separation from the service, the amount of such distribution, to the extent exceeding the amount contributed by the employee (determined by applying Section 17106), which employee contributions shall be reduced by any amount theretofore distributed to him which were not includable in gross income, shall be considered a gain from the sale or exchange of a capital asset held for more than five years.

Where such total distributions include securities of the employer corporation, there shall be excluded from such excess the net unrealized appreciation attributable to that part of the total distributions which consists of the securities of the employer corporation so distributed. The amount of such net unrealized appreciation and the resulting adjustments to basis of the securities of the employer corporation so distributed shall be determined in accordance with regulations prescribed by the Franchise Tax Board.

This subdivision shall not apply to distributions paid to any distributee to the extent such distributions are attributable to contributions made on behalf of the employee while he was an employee within the meaning of subdivision (a) of Section 17502.2.

(c) For purposes of this section—

(1) The term "securities" means only shares of stock and bonds or debentures issued by a corporation with interest coupons or in registered form.

(2) The term "securities of the employer corporation" includes securities of a parent or subsidiary corporation (as defined in subdivisions (e) and (f) of Section 17535) of the employer corporation.

(3) The term "total distributions payable" means the balance to the credit of an employee which becomes payable to a distributee on account of the employee's death or other separation from the service, or on account of his death after separation from the service.

(d) The first sentence of subdivision (b) shall apply to a distribution paid after December 31, 1969 only to the extent that it does not exceed the sum of—

(1) The benefits accrued by the employee on behalf of whom it is paid during plan years beginning before January 1, 1970, and

(2) The portion of the benefits accrued by such employee during plan years beginning after December 31, 1969, which the distributee establishes does not consist of the employee's allocable share of employer contributions to the trust by which such distribution is paid.

The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this subdivision.

SEC. 7. Section 17511 of the Revenue and Taxation Code is amended to read:

17511. Except as provided in subdivision (a), if an annuity contract is purchased by an employer for an employee under a plan which meets the requirements of Section 17515 (whether or not the employer deducts the amounts paid for the contract under such section), the employee shall include in his gross income the amounts received under such contract for the year received as provided in Sections 17101 to 17112.7, inclusive (relating to annuities).

(a) If—

(1) An annuity contract is purchased by an employer for an employee under a plan described in the first paragraph;

(2) Such plan requires that refunds of contributions with respect to annuity contracts purchased under such plan be used to reduce subsequent premiums on the contracts under the plan; and

(3) The total amounts payable by reason of an employee's death or other separation from the service, or by reason of the death of an employee after the employee's separation from the service, are paid to the payee within one taxable year of the payee,

then the amount of such payments, to the extent exceeding the amount contributed by the employee, which employee contributions shall be reduced by any amounts theretofore paid to him which were not includable in gross income, shall be considered a gain from the sale or exchange of a capital asset held for more than five years. This subdivision shall not apply to amounts paid to any payee to the extent such amounts are attributable to contributions made on behalf of the employee while he was an employee within the meaning of subdivision (a) of Section 17502.2.

(b) For purposes of subdivision (a), the term "total amounts" means the balance to the credit of an employee which becomes payable to the payee by reason of the employee's death or other separation from the service, or by reason of his death after separation from the service.

(c) Subdivision (a) shall apply to a payment paid after December 31, 1969, only to the extent it does not exceed the sum of—

(1) The benefits accrued by the employee on behalf of whom it is paid during plan years beginning before January 1, 1970, and

(2) The portion of the benefits accrued by such employee during plan years beginning after December 31, 1969, which the payee establishes does not consist of the employee's allocable share of employer contributions under the plan under which the annuity contract is purchased.

The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this subdivision.

(d) For purposes of this section, the term "employee" includes an individual who is an employee within the meaning of subdivision (a) of Section 17502.2, and the employer of such individual is the person treated as his employer under subdivision (d) of Section 17502.2.

SEC. 8. Section 17673 of the Revenue and Taxation Code is

amended to read:

17673. (a) Each participant in the common trust fund in computing its taxable income shall include, whether or not distributed and whether or not distributable—

(1) As part of its capital gains or losses, its proportionate share of the net capital gains or losses of the common trust fund;

(2) Its proportionate share of the ordinary taxable income or the ordinary net loss of the common trust fund, computed as provided in Section 17674.

(b) The appropriate or proportionate share of any participant in any income of a common trust fund which would not be taxable by this state or which this state would be prohibited from taxing by the Constitution of this state or of the United States if received directly by the participants shall not be taxable to the recipients of such income.

SEC. 9. Section 17711 of the Revenue and Taxation Code is amended to read:

17711. If the taxpayer so elects upon his return for a taxable year, the cutting of timber (for sale or for use in the taxpayer's trade or business) during such year by the taxpayer who owns, or has a contract right to cut, such timber (providing he has owned such timber or has held such contract right for a period of more than one year prior to the beginning of such year) shall be considered as a sale or exchange of such timber cut during such year. In case such election has been made, gain or loss to the taxpayer shall be recognized in an amount equal to the difference between the adjusted basis for depletion of such timber in the hands of the taxpayer and the fair market value of such timber. Such fair market value shall be the fair market value as of the first day of the taxable year in which such timber is cut, and shall thereafter be considered as the cost of such cut timber to the taxpayer for all purposes for which such cost is a necessary factor. If a taxpayer makes an election under this section such election shall apply with respect to all timber which is owned by the taxpayer or which the taxpayer has a contract right to cut and shall be binding upon the taxpayer for the taxable year for which the election is made and for all subsequent years, unless the Franchise Tax Board, on showing of undue hardship, permits the taxpayer to revoke his election; such revocation, however, shall preclude any further elections under this section except with the consent of the Franchise Tax Board. For purposes of this section and Section 17712, the term "timber" includes evergreen trees which are more than six years old at the time severed from the roots and are sold for ornamental purposes.

SEC. 10. Section 17712 of the Revenue and Taxation Code is amended to read:

17712. In the case of the disposal of timber held for more than one year before such disposal, by the owner thereof under any form or type of contract by virtue of which such owner retains an economic interest in such timber, the difference between the amount realized

from the disposal of such timber and the adjusted depletion basis thereof, shall be considered as though it were a gain or loss, as the case may be, on the sale of such timber. In determining the gross income, the adjusted gross income, or the taxable income of the lessee, the deductions allowable with respect to rents and royalties shall be determined without regard to the provisions of this section. The date of disposal of such timber shall be deemed to be the date such timber is cut, but if payment is made to the owner under the contract before such timber is cut the owner may elect to treat the date of such payment as the date of disposal of such timber. For purposes of this section, the term "owner" means any person who owns an interest in such timber, including a sublessor and a holder of a contract to cut timber.

SEC. 11. Section 17734 of the Revenue and Taxation Code is amended to read:

17734. (a) In the case of an estate or trust (other than a trust meeting the specifications of Article 2) there shall be allowed as a deduction in computing its taxable income (in lieu of the deductions allowed by Sections 17214 and 17303, relating to deduction for charitable, etc., contributions and gifts) any amount of the gross income, without limitation, which pursuant to the terms of the governing instrument is, during the taxable year, paid for a purpose specified in Sections 17214 and 17303. If a charitable contribution is paid after the close of such taxable year and on or before the last day of the year following the close of such taxable year, then the trustee or administrator may elect to treat such contribution as paid during such taxable year. The election shall be made at such time and in such manner as the Franchise Tax Board by regulations prescribes.

(b) In the case of an estate, and in the case of a trust (other than a trust meeting the specifications of Article 2 (commencing with Section 17751) of this chapter) required by the terms of its governing instrument to set aside amounts which was—

(1) Created on or before December 31, 1970, if—

(A) An irrevocable remainder interest is transferred to or for the use of an organization described in Section 17214, or

(B) The grantor is at all times after December 31, 1970, under a mental disability to change the terms of the trust; or

(2) Established by a will executed on or before December 31, 1970, if—

(A) The testator dies before October 9, 1972, without having republished the will after December 31, 1970, by codicil or otherwise,

(B) The testator at no time after December 31, 1970, had the right to change the portions of the will which pertain to the trust, or

(C) The will is not republished by codicil or otherwise before October 9, 1972, and the testator is on such date and at all times thereafter under a mental disability to republish the will by codicil or otherwise,

there shall also be allowed as a deduction in computing its taxable income any amount of the gross income, without limitation, which pursuant to the terms of the governing instrument is, during the taxable year, permanently set aside for a purpose specified in Section 17214, or is to be used exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals, or for the establishment, acquisition, maintenance, or operation of a public cemetery not operated for profit. In the case of a trust, the preceding sentence shall apply only to gross income earned with respect to amounts transferred to the trust before December 31, 1970, or transferred under a will to which paragraph (2) applies.

(c) In the case of a pooled income fund (as defined in subdivision (e)), there shall also be allowed as a deduction in computing its taxable income any amount of the gross income attributable to gain from the sale of a capital asset held for more than one year, without limitation, which pursuant to the terms of the governing instrument is, during the taxable year, permanently set aside for a purpose specified in Section 17214.

(d) To the extent that the amount otherwise allowable as a deduction under this subdivision consists of gain from the sale or exchange of capital assets held for more than one year, proper adjustment shall be made to take into account any gain not recognized to the estate or trust under Section 18162.5 (relating to recognized capital gains and losses). In the case of a trust, the deduction allowed by this subdivision shall be subject to Section 17811 (relating to unrelated business income) and Sections 17812 to 17818, inclusive (relating to prohibited transactions).

(e) For purposes of subdivision (c), a pooled income fund is a trust—

(1) To which each donor transfers property, contributing an irrevocable remainder interest in such property to or for the use of an organization described in subparagraph (A) of paragraph (1) of subdivision (b) of Section 23707 (other than clauses (vii), (viii), (ix) or (x)), and retaining an income interest for the life of one or more beneficiaries (living at the time of such transfer),

(2) In which the property transferred by each donor is commingled with property transferred by other donors who have made or make similar transfers,

(3) Which cannot have investments in securities which are exempt from taxes imposed by this part,

(4) Which includes only amounts received from transfers which meet the requirements of this subdivision,

(5) Which is maintained by the organization to which the remainder interest is contributed and of which no donor or beneficiary of an income interest is a trustee, and

(6) From which each beneficiary of an income interest receives income, for each year for which he is entitled to receive the income interest referred to in paragraph (1), determined by the

rate of return earned by the trust for such year. For purposes of determining the amount of any charitable contribution allowable by reason of a transfer of property to a pooled fund, the value of the income interest shall be determined on the basis of the highest rate of return earned by the fund for any of the three taxable years immediately preceding the taxable year of the fund in which the transfer is made. In the case of funds in existence less than three taxable years preceding the taxable year of the fund in which a transfer is made, the rate of return shall be deemed to be 6 percent per annum, except that the Franchise Tax Board may prescribe a different rate of return.

(f) In the case of a private foundation which is not exempt from taxation under Section 23701d for the taxable year, the provisions of this section shall not apply and the provisions of Section 17214 shall apply.

SEC. 12. Section 17737 of the Revenue and Taxation Code is amended to read:

17737. If on the termination of an estate or trust, the estate or trust has—

(a) A capital loss carryover under Section 18152, or

(b) For the last taxable year of the estate or trust deductions (other than the deduction allowed under subdivision (d) of Section 17734) in excess of gross income for such year, then such carryover or such excess shall be allowed as a deduction, in accordance with regulations prescribed by the Franchise Tax Board, to the beneficiaries succeeding to the property of the estate or trust.

SEC. 13. Section 17852 of the Revenue and Taxation Code is amended to read:

17852. In determining his income tax, each partner shall take into account separately his distributive share of the partnership's—

(a) Gains and losses from sales or exchanges of capital assets;

(b) Gains and losses from sales or exchanges of property described in Section 18181 and 18182 (relating to certain property used in a trade or business and involuntary conversions);

(c) Charitable contributions (as defined in Section 17214);

(d) Political contributions (as defined in Section 17234);

(e) Taxes, described in Section 18006, paid to another state on such income;

(f) Other items of income, gain, loss, deduction, or credit, to the extent provided by regulations prescribed by the Franchise Tax Board; and

(g) Taxable income or loss, exclusive of items requiring separate computation under other subdivisions of this section.

SEC. 14. Section 18151 of the Revenue and Taxation Code is repealed.

SEC. 15. Section 18152 of the Revenue and Taxation Code is amended to read:

18152. (a) Losses from sales or exchanges of capital assets shall be allowed only to the extent of the gains from such sales or exchanges,

plus (if such losses exceed such gains) whichever of the following is smallest:

(1) The taxable income for the taxable year, or

(2) One thousand dollars (\$1,000).

(b) In the case of a husband or wife who files a separate return, the amount specified in paragraph (2) of subdivision (a) shall be five hundred dollars (\$500) in lieu of one thousand dollars (\$1,000).

(c) For purposes of subdivision (a), taxable income shall be computed without regard to gains or losses from sales or exchanges of capital assets. If the taxpayer elects to pay the optional tax imposed by Section 17048, "taxable income" as used in this section shall read as "adjusted gross income".

(d) If a taxpayer has a net capital loss for any taxable year the excess of such net capital loss shall be a capital loss in the succeeding taxable year.

(e) In the case of a net capital loss which a taxpayer is entitled to carry over from any taxable year beginning before January 1, 1972—

(1) If the net short-term capital loss (as defined prior to the repeal of Section 18162 by the 1972 session of the Legislature) exceeded the net long-term capital gain (as defined prior to the repeal of Section 18162 by the 1972 session of the Legislature), the excess shall be carried over at 100 percent.

(2) If the net long-term capital loss (as defined prior to the repeal of Section 18162 by the 1972 session of the Legislature) exceeded the net short-term capital gain (as defined prior to the repeal of Section 18162 by the 1972 session of the Legislature), the excess shall be carried over at 50 percent.

SEC. 16. Section 18162 of the Revenue and Taxation Code is repealed.

SEC. 17. Section 18172 of the Revenue and Taxation Code is amended to read:

18172. (a) In the case of a person acquiring property from a decedent or to whom property passed from a decedent (within the meaning of Section 18045), if—

(1) The basis of such property in the hands of such person is determined under Section 18044, and

(2) Such property is sold or otherwise disposed of by such person within five years after the decedent's death, then such person shall be considered to have held such property for more than one year but not more than five years.

(b) This section shall apply with respect to decedent's dying after December 31, 1970.

SEC. 18. Section 18181 of the Revenue and Taxation Code is amended to read:

18181. (a) If, during the taxable year, the recognized gains upon sales or exchanges of property used in the trade or business, plus the recognized gains from the compulsory or involuntary conversion (as a result of destruction in whole or in part, theft or seizure, or an exercise of the power of requisition or condemnation or the threat

or imminence thereof) of property used in the trade or business and capital assets into other property or money, exceed the recognized losses from the sales, exchanges, and conversions, such gains and losses shall be considered as gains and losses from sales or exchanges of capital assets. If such gains do not exceed such losses, such gains and losses shall not be considered as gains and losses from sales or exchanges of capital assets.

(b) In determining, for purposes of this section, whether gains exceed losses, the gains described therein shall be included only if and to the extent taken into account in computing gross income and the losses described therein shall be included only if and to the extent taken into account in computing taxable income, except that subdivision (a) of Section 18152 and Section 18162.5 shall not apply.

(c) For purposes of this section, losses (including losses not compensated for by insurance or otherwise) upon the destruction, in whole or in part, theft or seizure, or requisition or condemnation of (1) property used in the trade or business or (2) capital assets shall be considered losses from a compulsory or involuntary conversion.

In the case of any involuntary conversion (subject to the provisions of this section but for this sentence) arising from fire, storm, shipwreck, or other casualty, or from theft, of any property used in the trade or business or of any capital asset, this section shall not apply to such conversion (whether resulting in gain or loss) if during the taxable year the recognized losses from such conversions exceed the recognized gains from such conversions.

SEC. 19. Section 18182 of the Revenue and Taxation Code is amended to read:

18182. (a) For the purposes of this section and Section 18181, the term "property used in the trade or business" means property used in the trade or business, of a character which is subject to the allowance for depreciation provided in Sections 17208 to 17211.7, inclusive, and real property used in the trade or business, which is not:

(1) Property of a kind which would properly be includable in the inventory of the taxpayer if on hand at the close of the taxable year,

(2) Property held by the taxpayer primarily for sale to customers in the ordinary course of his trade or business, or

(3) A copyright, a literary, musical or artistic composition, a letter or memorandum, or similar property, held by a taxpayer described in subdivision (c) of Section 18161.

(b) Such term also includes timber with respect to which Sections 17711 and 17712 are applicable. Such term also includes cattle and horses, regardless of age, held by the taxpayer for draft, breeding, dairy, or sporting purposes, and held by him for 24 months or more from the date of acquisition, and other livestock, regardless of age, held by the taxpayer for draft, breeding, dairy, or sporting purposes, and held by him for 12 months or more from the date of acquisition. It does not include poultry.

(c) In the case of an unharvested crop on land used in the trade

or business and held for more than one year, if the crop and the land are sold or exchanged (or compulsorily or involuntarily converted as described in Section 18181) at the same time and to the same person, the crop shall be considered as "property used in the trade or business."

SEC. 20. Section 18183 of the Revenue and Taxation Code is amended to read:

18183. For the purpose of this part, in the case of bonds, debentures, notes, or certificates or other evidences of indebtedness, which are capital assets in the hands of the taxpayer, and which are issued by any corporation, or by any government or political subdivision thereof—

(a) Amounts received by the holder on retirement of such bonds or other evidences of indebtedness shall be considered as amounts received in exchange therefor (except that in the case of bonds or other evidences of indebtedness issued before January 1, 1955, this subdivision shall apply only to those issued with interest coupons or in registered form, or to those in such form on December 31, 1954).

(b) (1) Except as provided in paragraph (3), on the sale or exchange of bonds or other evidences of indebtedness issued by a corporation after May 27, 1969 held by the taxpayer more than one year, any gain realized shall (except as provided in the following sentence) be considered gain from the sale or exchange of a capital asset. If at the time of original issue there was an intention to call the bond or other evidence of indebtedness before maturity, any gain realized on the sale or exchange thereof which does not exceed an amount equal to the original issue discount (as defined in Section 18184) reduced by the portion of original issue discount previously includable in the gross income of any holder (as provided in paragraph (2) of subdivision (c)) shall be considered as gain from the sale or exchange of property which is not a capital asset.

(2) Except as provided in paragraph (3), on the sale or exchange of bonds or other evidences of indebtedness issued by a government or political subdivision thereof after December 31, 1954, or by a corporation after December 31, 1954, and on or before May 27, 1969, held by the taxpayer more than one year, any gain realized which does not exceed—

(A) An amount equal to the original issue discount (as defined in Section 18184), or

(B) If at the time of original issue there was no intention to call the bond or other evidence of indebtedness before maturity, an amount which bears the same ratio to the original issue discount (as defined in Section 18184) as the number of complete months that the bond or other evidence of indebtedness was held by the taxpayer bears to the number of complete months from the date of original issue to the date of maturity,

shall be considered as gain from the sale or exchange of property which is not a capital asset. Gain in excess of such amount shall be considered gain from the sale or exchange of a capital asset.

(3) This subdivision shall not apply to—

(A) Obligations the interest on which is not includable in gross income under Section 17137 (relating to certain governmental obligations); or

(B) Any holder who has purchased the bond or other evidence of indebtedness at a premium.

(4) In the case of obligations with respect to which the taxpayer has made an election provided by Section 17581 (relating to accounting rules for certain obligations issued at a discount), this section shall not require the inclusion of any amount previously includable in gross income.

(c) (1) There shall be included in the gross income of the holder of any bond or other evidence of indebtedness issued by a corporation after May 27, 1969, the ratable monthly portion of original issue discount multiplied by the number of complete months (plus any fractional part of a month determined in accordance with the last sentence of this paragraph) such holder held such bond or other evidence of indebtedness during the taxable year. Except as provided in paragraph (2), the ratable monthly portion of original issue discount shall equal the original issue discount (as defined in Section 18184) divided by the number of complete months from the date of original issue to the stated maturity date of such bond or other evidence of indebtedness. For purposes of this section, a complete month commences with the date of original issue and the corresponding day of each succeeding calendar month (or the last day of a calendar month in which there is no corresponding day); and, in any case where a bond or other evidence of indebtedness is acquired on any other day, the ratable monthly portion of original issue discount for the complete month in which such acquisition occurs shall be allocated between the transferor and the transferee in accordance with the number of days in such complete month each held the bond or other evidence of indebtedness.

(2) For purposes of this subdivision, the ratable monthly portion of original issue discount shall not include an amount, determined at the time of any purchase after the original issue of such bond or other evidence of indebtedness, equal to the excess of—

(A) The cost of such bond or other evidence of indebtedness incurred by such holder, over

(B) The issue price of such bond or other evidence of indebtedness increased by the portion of original discount previously includable in the gross income of any holder (computed without regard to this paragraph),

divided by the number of complete months (plus any fractional part of a month commencing with the date of purchase) from the date of such purchase to the stated maturity date of such bond or other evidence of indebtedness.

(3) For purposes of paragraph (2), the term “purchase” means any acquisition of a bond or other evidence of indebtedness, but only if the basis of the bond or other evidence of indebtedness is not

SEC. 21. Section 18187 of the Revenue and Taxation Code is amended to read:

18187. If a gain or loss from a short sale is considered as gain or loss from the sale or exchange of a capital asset under Section 18186 and if on the date of such short sale substantially identical property has been held by the taxpayer for not more than one year (determined without regard to the effect, under subdivision (b) of this section, of such short sale on the holding period), or if substantially identical property is acquired by the taxpayer after such short sale and on or before the date of the closing thereof—

(a) Any gain on the closing of such short sale shall be considered as a gain on the sale or exchange of a capital asset held for not more than one year (notwithstanding the period of time any property used to close such short sale has been held); and

(b) The holding period of such substantially identical property shall be considered to begin (notwithstanding Sections 18163 through 18170, relating to the holding period of property) on the date of the closing of the short sale, or on the date of a sale, gift, or other disposition of such property, whichever date occurs first. This subdivision shall apply to such substantially identical property in the order of the dates of the acquisition of such property, but only to so much of such property as does not exceed the quantity sold short.

For purposes of this section, the acquisition of an option to sell property at a fixed price shall be considered as a short sale, and the exercise or failure to exercise such option shall be considered as a closing of such short sale.

SEC. 22. Section 18189 of the Revenue and Taxation Code is amended to read:

18189. If on the date of such short sale substantially identical property has been held by the taxpayer for more than one year, any loss on the closing of such short sale shall be considered as a loss on the sale or exchange of a capital asset held for more than one year (notwithstanding the period of time any property used to close such short sale has been held, and notwithstanding Section 18191).

SEC. 23. Section 18190 of the Revenue and Taxation Code is amended to read:

18190. (a) Subdivision (a) of Section 18187 or Section 18189 shall not apply to the gain or loss, respectively, on any quantity of property used to close such short sale which is in excess of the quantity of the

substantially identical property referred to in the applicable subdivision.

(b) For purposes of Sections 18187 and 18189—

(1) The term “property” includes only stocks and securities (including stocks and securities dealt with on a “when issued” basis), and commodity futures, which are capital assets in the hands of the taxpayer;

(2) In the case of futures transactions in any commodity on or subject to the rules of a board of trade or commodity exchange, a commodity future requiring delivery in one calendar month shall not be considered as property substantially identical to another commodity future requiring delivery in a different calendar month; and

(3) In the case of a short sale of property by an individual the term “taxpayer,” in the application of this section and Sections 18187 and 18189, shall be read as “taxpayer or his spouse”; but an individual who is legally separated from the taxpayer under a decree of divorce or of separate maintenance shall not be considered as the spouse of the taxpayer.

(c) Where the taxpayer enters into two commodity futures transactions on the same day, one requiring delivery by him in one market and the other requiring delivery to him of the same (or substantially identical) commodity in the same calendar month in a different market, and the taxpayer subsequently closes both such transactions on the same day, Sections 18187 and 18189 shall have no application to so much of the commodity involved in either such transaction as does not exceed in quantity the commodity involved in the other.

(d) (1) In the case of a taxpayer who is a dealer in securities (within the meaning of Section 18196)—

(A) If, on the date of a short sale of stock, substantially identical property which is a capital asset in the hands of the taxpayer has been held for not more than one year, and

(B) If such short sale is closed more than 20 days after the date on which it was made, subdivision (b) of Section 18187 shall apply in respect of the holding period of such substantially identical property.

(2) For purposes of paragraph (1)—

(A) The last sentence of Section 18187 applies; and

(B) The term “stock” means any share or certificate of stock in a corporation, any bond or other evidence of indebtedness which is convertible into any such share or certificate, or any evidence of an interest in, or right to subscribe to or purchase, any of the foregoing.

18191. (a) Gain or loss attributable to the sale or exchange of, or loss attributable to failure to exercise, a privilege or option to buy or sell property shall be considered gain or loss from the sale or exchange of property which has the same character as the property

to which the option or privilege relates has in the hands of the taxpayer (or would have in the hands of the taxpayer if acquired by him).

(b) For purposes of subdivision (a), if loss is attributable to failure to exercise a privilege or option, the privilege or option shall be deemed to have been sold or exchanged on the day it expired.

(c) (1) In the case of gain on lapse of an option granted by the taxpayer as part of a straddle, the gain shall be deemed to be gain from the sale or exchange of a capital asset held for not more than one year on the day that the option expired.

(2) This subdivision shall not apply to any person who holds securities for sale to customers in the ordinary course of his trade or business.

(3) For purposes of this subdivision—

(A) The term “straddle” means a simultaneously granted combination of an option to buy, and an option to sell, the same quantity of a security at the same price during the same period of time.

(B) The term “security” has the meaning assigned to such term by subdivision (c) of Section 18196.

(d) This section shall not apply to—

(1) A privilege or option which constitutes property described in subdivision (a) of Section 18161;

(2) In the case of gain attributable to the sale or exchange of a privilege or option, any income derived in connection with such privilege or option which, without regard to this section, is treated as other than gain from the sale or exchange of a capital asset;

(3) A loss attributable to failure to exercise an option described in Section 18188; or

(4) Gain attributable to the sale or exchange of a privilege or option acquired by the taxpayer before March 1, 1959, if in the hands of the taxpayer such privilege or option is a capital asset.

SEC. 25. Section 18192 of the Revenue and Taxation Code is amended to read:

18192. A transfer (other than by gift, inheritance, or devise) of property consisting of all substantial rights to a patent, or an undivided interest therein which includes a part of all such rights, by any holder shall be considered the sale or exchange of a capital asset, regardless of whether or not payments in consideration of such transfer are—

(a) Payable periodically over a period generally coterminous with the transferee's use of the patent; or

(b) Contingent on the productivity, use, or disposition of the property transferred.

SEC. 25.5. Section 18202 of the Revenue and Taxation Code is repealed.

(3) The term “base period year” means any of the four taxable years immediately preceding the computation year.

(4) The term “joint return” means the return of a husband and wife made under Section 18402.

SEC. 26.5. Section 18244 of the Revenue and Taxation Code is amended to read:

18244. (a) This article shall apply to the taxable year only if the taxpayer chooses to have the benefits of this article for such taxable year. Such choice may be made or changed at any time before the expiration of the period prescribed for making a claim for credit or refund of the tax imposed by this part for the taxable year.

(b) If the taxpayer chooses the benefits of this article for the taxable year, the following provisions shall not apply to him for such year:

(2) Except as otherwise provided in this article, the order and manner in which items of income or limitations on tax shall be taken into account in computing the tax imposed by this part on the income of any eligible individual to whom Section 18241 applies for any computation year shall be determined under regulations prescribed by the Franchise Tax Board.

(f) In the case of any computation year or base period year which is a short taxable year, this article shall be applied in the manner provided in regulations prescribed by the Franchise Tax Board.

SEC. 27. This act shall apply to taxable years beginning after December 31, 1971.

Every computation made pursuant to this section shall be made only with reference to death resulting from an original injury sustained after this section as amended during the 1971 Regular Session of the Legislature becomes effective; provided, however, that all rights presently existing under this section shall be continued in force.

The board may conduct, and may request the Department of

Consumer Affairs to assist the board in, such further investigation as may appear warranted under the circumstances.

If the board, or the board and the Department of Consumer Affairs if the latter has assisted in the investigation, determines that the fuel or fuel additive is not substantially as effective as it is claimed to be in the advertisement or advertisements for it, then the board shall report the findings to the Attorney General for whatever action under the Business and Professions Code or other law he finds appropriate.

SEC. 2. The sum of twenty-one thousand dollars (\$21,000) is appropriated from the Motor Vehicle Account in the State Transportation Fund for expenditure by the State Air Resources Board during the 1972-1973 fiscal year for the purpose of carrying out the provisions of this act.

[Approved by Governor December 5, 1972. Filed with Secretary of State December 5, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.5 (commencing with Section 21060) is added to Division 13 of the Public Resources Code, to read:

CHAPTER 2.5. DEFINITIONS

21060. Unless the context otherwise requires, the definitions in this chapter govern the construction of this division.

21060.5. "Environment" means the physical conditions which exist within the area which will be affected by a proposed project, including land, air, water, minerals, flora, fauna, noise, objects of historic or aesthetic significance.

21061. "Environmental impact report" means a detailed statement setting forth the matters specified in Section 21100. It includes any comments on an environmental impact report which are obtained pursuant to Section 21104 or 21153, or which are required to be obtained pursuant to this division.

An environmental impact report is an informational document which, when its preparation is required by this division, shall be considered by every public agency prior to its approval or disapproval of a project. The purpose of an environmental impact report is to provide public agencies with detailed information about the effect which a proposed project is likely to have on the environment; to list ways in which any adverse effects of such a project might be minimized; and to suggest alternatives to such a project.

21062. "Local agency" means any public agency other than a state agency, board, or commission. For purposes of this division a redevelopment agency is a local agency, and not a state agency, board or commission.

21063. "Public agency" includes any state agency, board, or commission, any county, city and county, city, regional agency, public district, redevelopment agency, or other political subdivision.

21065. "Project" means the following:

- (a) Activities directly undertaken by any public agency.
- (b) Activities undertaken by a person which are supported in whole or in part through contracts, grants, subsidies, loans, or other forms of assistance from one or more public agencies.
- (c) Activities involving the issuance to a person of a lease, permit, license, certificate, or other entitlement for use by one or more

public agencies.

21066. "Person" includes any person, firm, association, organization, partnership, business, trust, corporation, company, district, county, city and county, city, town, the state, and any of the agencies and political subdivisions of such entities.

21067. "Lead agency" means the public agency which has the principal responsibility for carrying out or approving a project which may have a significant effect upon the environment.

SEC. 2.3. Chapter 2.6 (commencing with Section 21080) is added to Division 13 of the Public Resources Code, to read:

CHAPTER 2.6. GENERAL

21080. (a) Except as otherwise provided in this division, this division shall apply to discretionary projects proposed to be carried out or approved by public agencies, including, but not limited to, the enactment and amendment of zoning ordinances, the issuance of zoning variances, the issuance of conditional use permits and the approval of tentative subdivision maps (except where such a project is exempt from the preparation of an environmental impact report pursuant to Section 21166).

(b) This division shall not apply to ministerial projects proposed to be carried out or approved by public agencies.

21082. All public agencies shall adopt by ordinance, resolution, rule or regulation, objectives, criteria and procedures for the evaluation of projects and the preparation of environmental impact reports pursuant to this division. The objectives, criteria and procedures shall be consistent with the provisions of this division and with the guidelines adopted by the Secretary of the Resources Agency pursuant to Section 21083. Such objectives, criteria and procedures shall be adopted by each public agency no later than 60 days after the Secretary of the Resources Agency has adopted guidelines pursuant to Section 21083.

21083. The Office of Planning and Research shall prepare and develop proposed guidelines for the implementation of this division by public agencies. Such guidelines shall include objectives and criteria for the orderly evaluation of projects and the preparation of environmental impact reports in a manner consistent with this division.

Such guidelines shall specifically include criteria for public agencies to follow in determining whether or not a proposed project may have a "significant effect on the environment". Such criteria shall require a finding of "significant effect on the environment" if any of the following conditions exist:

(a) A proposed project has the potential to degrade the quality of the environment, curtail the range of the environment, or to achieve short-term, to the disadvantage of long-term, environmental goals;

(b) The possible effects of a project are individually limited but cumulatively considerable;

(c) The environmental effects of a project will cause substantial adverse effects on human beings, either directly or indirectly.

Such guidelines shall also include procedures for determining the lead agency pursuant to the provisions of Section 21165.

The Office of Planning and Research shall develop and prepare such proposed guidelines as soon as possible and shall transmit them immediately to the Secretary of the Resources Agency. No later than 60 days after the effective date of this section the Secretary of the Resources Agency shall certify and adopt such guidelines pursuant to Chapter 4.5 (commencing with Section 11371) of Part 1, Division 3, Title 2, of the Government Code, which shall become effective upon the filing thereof, provided that such guidelines shall not be adopted without compliance with Sections 11423, 11424 and 11425 of the Government Code.

21083.5. The guidelines prepared and adopted pursuant to Section 21083 may provide that when an environmental impact statement has been, or will be, prepared for the same project pursuant to the requirements of the National Environmental Policy Act of 1969 and implementing regulations thereto, all or any part of such statement may be submitted in lieu of all or any part of an environmental impact report required by this division, provided that such statement, or the part thereof so used, shall comply with the requirements of this division and the guidelines adopted pursuant thereto.

21084. The guidelines prepared and adopted pursuant to Section 21083 shall include a list of classes of projects which have been determined not to have a significant effect on the environment and which shall be exempt from the provisions of this division. In adopting the guidelines, the Secretary of the Resources Agency shall make a finding that the list or classification of projects referred to in this section do not have a significant effect on the environment.

21085. All classes of projects designated pursuant to Section 21084, together with emergency repairs to public service facilities necessary to maintain service, shall be exempt from the provisions of this division.

21086. A public agency may, at any time, request the addition or deletion of a class of projects, to the list designated pursuant to Section 21084. Such a request shall be made in writing to the Office of Planning and Research and shall include information supporting the public agency's position that such class of projects does, or does not, have a significant effect on the environment.

The Office of Planning and Research shall review each such request and, as soon as possible, shall submit its recommendation to the Secretary of the Resources Agency. Following the receipt of such recommendation, the Secretary of the Resources Agency may add or delete the class of projects to the list of classes of projects designated pursuant to Section 21084 which are exempt from the requirements of this division.

The addition or deletion of a class of projects, as provided in this

section, to the list specified in Section 21084 shall constitute an amendment to the guidelines adopted pursuant to Section 21083 and shall be adopted in the manner prescribed in Sections 21083, 21084, and 21087.

21087. The Office of Planning and Research shall periodically review the guidelines adopted pursuant to Section 21083 and shall recommend proposed changes or amendments to the Secretary of the Resources Agency. Changes or amendments to the guidelines shall be adopted by the Secretary of the Resources Agency in the same manner as provided in Section 21083 for the adoption of the original guidelines.

21088. The Secretary of the Resources Agency shall provide for the timely distribution to all public agencies of the guidelines and any amendments or changes thereto. In addition, the Secretary of the Resources Agency may provide for publication of a bulletin to provide public notice of the guidelines, or any amendments or changes thereto, and of the completion of environmental impact reports prepared in compliance with this division.

21089. A public agency may charge and collect a reasonable fee from any person proposing a project subject to the provisions of this division in order to recover the estimated costs incurred by the public agency in preparing an environmental impact report for such project.

21090. For all purposes of this division all public and private activities or undertakings pursuant to or in furtherance of a redevelopment plan shall be deemed a single project.

SEC. 2.5. Section 21100 of the Public Resources Code is amended to read:

21100. All state agencies, boards, and commissions shall prepare, or cause to be prepared by contract, and certify the completion of an environmental impact report on any project they propose to carry out or approve which may have a significant effect on the environment. Such a report shall include a detailed statement setting forth the following:

- (a) The environmental impact of the proposed action.
- (b) Any adverse environmental effects which cannot be avoided if the proposal is implemented.

Coordination of such action

shall be determined under the standards specified in Section 404.1.

404.7. Notwithstanding any other provision of law, the Judicial Council shall provide by rule the practice and procedure for coordination of civil actions in convenient courts, including provision for giving notice and presenting evidence.

CHAPTER 1170

An act to add Part 9 (commencing with Section 37500) to Division 24 of the Health and Safety Code, relating to housing, declaring the urgency thereof, to take effect immediately.

[Approved by Governor December 7, 1972. Filed with Secretary of State December 7, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Part 9 (commencing with Section 37500) is added to Division 24 of the Health and Safety Code, to read:

PART 9. LOW-INCOME HOME MANAGEMENT TRAINING

CHAPTER 1. LEGISLATIVE FINDINGS

37500. The Legislature finds that a limited supply of low-rent public housing units exist in this state to serve the housing needs of low-income families.

37501. The Legislature further finds and declares that housing is frequently denied low-income families because of their performance in home management and maintenance.

37502. The Legislature further finds and declares that the solution to the low-rent housing problem in the state must come from the efforts of both the private and the public sector, and that legislative proposals which can promote a joint effort by these sectors are in the best interests of the people of the state.

37503. The Legislature further finds and declares that existing federal programs providing low-rent housing in private accommodations and home ownership opportunities for low-income families can contribute greatly toward individual self-sufficiency and greater public acceptance of low-income housing.

37504. It is therefore the policy of the Legislature of the State of California to encourage local housing authorities to provide adequate training to low-income families in home management and maintenance. Supplemental financial assistance will be made available to housing authorities or other appropriate qualifying organizations for use in training low-income families and providing them with the necessary qualifications to live meaningful lives as renters or owners of low-income private accommodations.

CHAPTER 2. CALIFORNIA LOW-INCOME HOME MANAGEMENT TRAINING PROGRAM

37510. There is hereby established the California Low-Income Home Management Training Program to be administered by the Director of Housing and Community Development pursuant to the provisions of this part.

37511. The Director of Housing and Community Development shall adopt such reasonable regulations concerning the California Low-Income Home Management Training Program as are necessary to reasonably implement the provisions of this part.

37512. The Director of Housing and Community Development, in the administration of the provisions of this part, shall consult with an advisory committee which he shall appoint and which shall serve until completion of the program. The committee shall consist of nine members. Of these, three members shall be appointed from, and be representative of, the following areas: one from the real estate industry, one from the savings and loan industry, and one from local government; two members shall be appointed from the public at large; and four members shall possess the following qualifications: one shall be experienced in the administration of low-income public housing programs, one shall be experienced in home economics, one shall be a person of low income residing in a public housing project, and one shall be a teacher of the social sciences at the college or university level.

37513. The Director of Housing and Community Development is authorized to make grants to any duly established housing authority or nonprofit organization or developer of housing under the provisions of any federal program intended to increase the supply of housing for families of low income, for families whose incomes for continued occupancy in public housing do not exceed the income limits of local housing authorities for the applicant community. These grants shall be made to assist in the establishment of a home management training program by the authority, nonprofit organization, or developer. To qualify for such a grant, an applicant shall submit to the director an application showing a comprehensive plan for the training and qualification of low-income families.

37514. The Department of Housing and Community Development shall implement this program as a pilot study, limited to housing authorities and other nonprofit organizations, and as part of the study shall select applicants from at least four major urban centers, as determined by the department, to determine the desirability of training for housing low-income families. The department shall make a final report of its findings and recommendations to the Legislature not later than March 15, 1974.

37515. It is the intent of the Legislature that the provisions of Section 204 of Public Law 90-577 shall be utilized to the extent necessary to accomplish the maximum acquisition and utilization of federal funds available for programs under this part in the most direct and efficient manner.

37516. This part shall be operative notwithstanding the provisions of Section 37111.

37517. The existence of the advisory committee established pursuant to Section 37512 shall terminate June 30, 1973.

37518. This part shall terminate on June 30, 1974.

SEC. 2. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act will substantially reenact the statutory provisions relating to low-income home management training which terminated June 30, 1972, thereby continuing the low-income home management training program until June 30, 1974. In order that the program may continue without serious disruption, it is imperative that this act take effect immediately.

CHAPTER 1171

An act to amend Section 23010 of the Government Code, and to amend Section 5544.1 of, and to add Section 5544.3 to, the Public Resources Code, relating to regional park districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor December 7, 1972. Filed with Secretary of State December 7, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 23010 of the Government Code is amended to read:

23010. Pursuant to a resolution adopted by its board of supervisors, a county may lend any of its available funds to any community services district, county waterworks district, mosquito abatement district, pest abatement district, fire protection district, flood control and water conservation district, park, recreation and parkway district, recreation, park and parkway district, or regional park district located wholly within the county, if its funds are or when available will be in the custody of the county or any officer of the county, in order to enable the district to perform its functions and meet its obligations. The loan shall not exceed 85 percent of the district's anticipated revenue for the fiscal year in which it is made or for the next ensuing fiscal year, and shall be repaid out of such revenue prior to the payment of any other obligation of the district.

SEC. 2. Section 5544.1 of the Public Resources Code is amended to read:

5544.1. Notwithstanding any other provisions of this article, the board may borrow money by issuance of promissory notes or other evidences of indebtedness in an amount or of a value not exceeding in the aggregate at any one time the sum of two hundred thousand dollars (\$200,000) or 5 percent of the assessed valuation of the real and personal property situated in the district, whichever is the lesser amount, to be used for any revenue-producing purpose for which the district is authorized to expend funds.

Indebtedness incurred pursuant to this section shall be repaid in

approximately equal annual installments during a period not to exceed five years from June 30th of the fiscal year in which it is incurred and shall bear interest at a rate not exceeding six percent (6%) per annum payable annually or semiannually or in part annually and in part semiannually.

Each such indebtedness shall be authorized by a resolution of the board unanimously adopted, and shall be evidenced by a promissory note or contract signed by the president of the board and attested by the secretary.

The indebtedness authorized to be incurred by this section shall be in addition to, and the provisions of this section shall not apply to, any bonded indebtedness authorized by vote of the electors.

Nothing herein shall be construed so as to limit or restrict the authority of the district to issue promissory notes or deeds of trust in the acquisition of real property or the exercise of its right of eminent domain subject to the limitations set forth in Section 5568 of this code.

Nothing herein shall limit the authority of the district to borrow pursuant to Section 5544.3.

SEC. 3. Section 5544.3 is added to the Public Resources Code, to read:

5544.3. The district may, pursuant to Section 5544, borrow not to exceed one hundred thousand dollars (\$100,000) to cover operating expenses between the time of formation of the district and the first receipt of revenue under Section 5545.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

New regional park districts were formed at the November 7, 1972, general election in Santa Clara, Marin, and Monterey Counties. Tax revenues will not begin to flow to these districts until the fiscal year 1973-74. It is in the public interest that these districts begin operations immediately upon their formation and, since they must be able to borrow money for operating expenses until they receive tax dollars, it is necessary that this act take effect immediately.

CHAPTER 1172

An act to add Section 418.3 to the Streets and Highways Code, relating to state highways.

[Approved by Governor December 8, 1972 Filed with
Secretary of State December 8, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 418.3 is added to the Streets and Highways Code, to read:

418.3. The department is requested to award, during the 1972-1973 and the 1973-1974 fiscal years, two major construction contracts for the construction of that part of that portion of Route 118, also known as the Simi Valley-San Fernando Valley Freeway, which has not already been completed, and the commission is requested to grant high priority for construction on other uncompleted portions of the route so that the department may award other major construction contracts so that construction may proceed without delay on the route until it is completed, unless precluded therefrom by any conditions beyond the department's control.

CHAPTER 1174

An act relating to planning and zoning and declaring the urgency thereof, to take effect immediately.

[Approved by Governor December 8, 1972. Filed with
Secretary of State December 8, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of law, any city incorporated after July 1, 1971, but before December 1, 1972, in a county of the second class as designated pursuant to Section 28020 of the Government Code, shall not be subject to the provisions of Sections 65302, 65563, 65860, or 65910 of the Government Code until two years from the effective date of incorporation of such city.

SEC. 2. This act is an urgency statute necessary for immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Postponement of the required date of adoption of general and open-space plans by newly incorporated cities must become effective immediately so as to allow such cities sufficient time to properly and thoroughly prepare such plans without impairing the validity of zoning ordinances necessary for orderly and reasoned urban development.

CHAPTER 1175

An act making an appropriation for the development of Rincon Point.

[Approved by Governor December 8, 1972. Filed with Secretary of State December 8, 1972.]

The people of the State of California do enact as follows:

SECTION 1. There is hereby appropriated from the Bagley Conservation Fund, notwithstanding the provisions of Section 316, Chapter 1, Statutes of 1971, First Extraordinary Session, and subject to the approval of the State Public Works Board, to the Department of Parks and Recreation the sum of forty thousand dollars (\$40,000) for the development of Rincon Point.

CHAPTER 1176

An act to add Section 6360 to the Revenue and Taxation Code, relating to sales and use tax, to take effect immediately, tax levy.

[Approved by Governor December 8, 1972. Filed with Secretary of State December 8, 1972.]

6360. Any organization formed and operated for charitable

purposes and qualifying for the welfare exemption from property taxation under Section 214 is a consumer of, and shall not be considered a retailer within the provisions of this part with respect to bracelets designed to commemorate American prisoners of war, which it distributes, whether or not a contribution is made to such organization, where the profits are used solely and exclusively in furtherance of the purposes of such organization.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of this act shall become operative on the first day of the first calendar quarter commencing more than 60 days after the effective date of this act.

CHAPTER 1177

An act to add Section 16784 to the Education Code, and to amend Section 11451.5 of, to add Section 10813 to, and to add Chapter 4.5 (commencing with Section 10825) to Part 2 of Division 9 of, the Welfare and Institutions Code, relating to public social services, making an appropriation therefor, and declaring the urgency thereof.

[Approved by Governor December 8, 1972 Filed with
Secretary of State December 8, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 16784 is added to the Education Code, to read:

16784. Each county shall, as a minimum, maintain the level of expenditure for child care services provided by the county during the 1970-1971 fiscal year. Funds provided pursuant to this division are to be utilized to expand child development services to children by supplementing, and not supplanting, the county share of expenditures for child care services provided by county funds during the 1970-1971 fiscal year.

SEC. 2. Section 10813 is added to the Welfare and Institutions Code, to read:

10813. Each county shall, under the direction of the State Superintendent of Public Instruction and to the extent of funds appropriated by the Legislature for purposes of this section, provide child care services for former, current, and potential recipients of public assistance who certify that if provided such services they will accept or maintain employment or training and who further certify that without such services they would be unable to accept or maintain employment or training. The county is authorized to charge a fee, pursuant to the schedule established by the Superintendent of Public Instruction consistent with Section 16729 of

the Education Code.

The county may, with the approval of the Superintendent of Public Instruction and consistent with the provisions of Division 12.5 (commencing with Section 16700) of the Education Code, contract with other public or private agencies to provide child care services pursuant to this section. Any existing contracts with other public or private entities negotiated by a county prior to December 1, 1972, pursuant to the authority of Chapter 578 of the Statutes of 1971 shall not require such approval. The county expenditure for services under this section shall be in addition to the county share of expenditure for child care services during the 1970-1971 fiscal year.

This section will remain in effect until July 1, 1974, and on and after said date shall be of no force or effect.

SEC. 3. Chapter 4.5 (commencing with Section 10825) is added to Part 2 of Division 9 of the Welfare and Institutions Code, to read:

CHAPTER 4.5. AID PAYMENTS

10825. Notwithstanding any other provision of law relating to the method of payment of aid under this part, a county may develop a payment system which, to the extent feasible, spreads the issuance of public assistance warrants evenly over the month. Such a payment system shall not be instituted until approved by the department.

10826. Upon election by a county to utilize the aid payment method provided by this chapter, the county shall submit for approval of the department a plan which includes provisions for assuring that

(a) Each recipient of aid will be assigned a date or dates within the month as the date or dates on which he will be paid in subsequent months;

(b) Each warrant will be placed in the mail in order to be delivered on the assigned payment date and that in the event there is no mail delivery on the assigned payment date, the warrant will be placed in the mail in time to be delivered to the payee on the last mail delivery date prior to the payment date; and

(c) Upon changing payment dates for any recipient, the recipient will receive a pro rata payment on the old payment date in payment of the aid to which such recipient is entitled prior to the new payment date.

SEC. 4. Section 11451.5 of the Welfare and Institutions Code, as amended by Chapter 670 of the Statutes of the 1972 Regular Session of the Legislature, is amended to read:

11451.5. The purpose of this section is to provide the department with the necessary support and authority to implement provisions of the work incentive program as established pursuant to Division 2 (commencing with Section 5000) of the Unemployment Insurance Code. The cost of work or training-related expenses and child care expenses shall be paid from special funds appropriated by the Legislature for the purpose. The state shall pay 67½ percent and the

county shall pay 32½ percent of the additional aid furnished for such work or training-connected expenses and child care expenses after a deduction therefrom of any funds received from the United States government.

It is the intent of this section to make maximum use of federal funds that are available to provide training, work-related expenses, and allowances for child care services. Accordingly, each county shall be required to pay such expenses under that plan which provides the greatest financial participation by the United States government.

Day care services shall be provided pursuant to Division 12.5 (commencing with Section 16700) of Part 3 of the Education Code in order to permit persons qualified for aid under this chapter to participate in the work incentive program authorized by Division 2 (commencing with Section 5000) of the Unemployment Insurance Code. No allowance for day care of children shall be included in the grant authorized by Section 11450; except that during such times that the Superintendent of Public Instruction advises the welfare director of the county that he is unable to provide child care for each child eligible for services under Division 12.5 (commencing with Section 16700) of the Education Code, allowances for such care shall be provided either from income or grant allowances or from the work incentive program, whichever is applicable.

SEC. 5. There is hereby appropriated the balance of the sum of three million dollars (\$3,000,000) appropriated to the Department of Social Welfare by subdivision (b) of Section 39.7 of Chapter 578 of the Statutes of 1971, to the Health and Welfare Agency to be expended without regard to fiscal years through a contract with the Department of Education for the purposes of Section 10813 of the Welfare and Institutions Code and Division 12.5 (commencing with Section 16700) of the Education Code. These funds shall constitute the state share which shall be 67½ percent of the nonfederal costs of child care services required pursuant to Section 10813 of the Welfare and Institutions Code. The county shall provide 32½ percent of the nonfederal funds for child care services provided pursuant to Section 10813 of the Welfare and Institutions Code.

SEC. 6. The provisions of Sections 1, 2, 4, and 5 of this act shall only become operative if Assembly Bill No. 2089 of the 1972 Regular Session of the Legislature is enacted into law.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This legislation is necessary to authorize continuation of essential child care services and allow for a smooth, effective transition to the comprehensive child development services envisioned by Chapter 670 of the 1972 Statutes. It is necessary that this act take effect immediately to prevent the termination of ongoing programs providing vital child care services to children and their parents.

CHAPTER 1178

An act to amend Section 73 of the Streets and Highways Code, relating to state highways.

[Approved by Governor December 8, 1972. Filed with Secretary of State December 8, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 73 of the Streets and Highways Code is amended to read:

73. The commission shall relinquish to any county or city any portion of any state highway within such county or city which has been deleted from the state highway system by legislative enactment, and such relinquishment shall become effective upon the first day of the next calendar or fiscal year, whichever first occurs after the effective date of such legislative enactment. It may likewise relinquish any portion of any state highway which has been superseded by relocation. Whenever the department and the county or city concerned have entered into an agreement providing therefor, or the legislative body of such county or city has adopted a resolution consenting thereto, the commission may relinquish, to any such county or city, any frontage or service road or outer highway, within the territorial limits of such county or city, which has a right-of-way of at least 40 feet in width and which has been constructed as a part of a state highway or freeway project, but does not constitute a part of the main traveled roadway thereof.

Relinquishment shall be by resolution. A certified copy of such resolution shall be filed with the board of supervisors or the city clerk, as the case may be; a certified copy of such resolution shall also be recorded in the office of the recorder of the county where such land is located, and upon such recordation, all right, title, and interest of the state in and to such portion of any state highway shall vest in the county or city, as the case may be, and such highway or portion thereof shall thereupon constitute a county road or city street, as the case may be.

The vesting of all right, title, and interest of the state in and to such portions of any state highways heretofore relinquished by the commission, in the county or city to which it was relinquished, is hereby confirmed.

Prior to relinquishing any portion of a state highway to a county or a city, except where required by legislative enactment, the department shall give 90 days' notice in writing of intention to relinquish to the board of supervisors, or the city council, as the case may be. Where the resolution of relinquishment contains a recital as to the giving of the notice, adoption of the resolution of relinquishment shall be conclusive evidence that the notice has been given.

The commission shall not relinquish to any county or city any

portion of any state highway which has been superseded by relocation until the department has placed the highway, as defined in Section 23, in a state of good repair. This requirement shall not obligate the department for widening, new construction, or major reconstruction, except as the commission may direct. A state of good repair requires maintenance, as defined in Section 27, including litter removal, weed control, and tree and shrub trimming to the time of relinquishment.

Within the 90-day period, the board of supervisors or the city council may protest in writing to the commission stating the reasons therefor, including, but not limited to, objections that the highway is not in a state of good repair, or is not needed for public use and should be abandoned by the commission. In the event that the commission does not comply with the requests of the protesting body, it may proceed with the relinquishment only after a public hearing given to the protesting body on 10 days written notice.

CHAPTER 1179

An act to add Section 16080.5 to the Vehicle Code, relating to financial responsibility, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor December 8, 1972. Filed with
Secretary of State December 8, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 16080.5 is added to the Vehicle Code, to read: 16080.5. (a) Any proceeding or order of the department pursuant to subdivision (c) of Section 16053, or Section 16080, 16100, or 16484, relating to the suspension of the drivers' license or driving privilege of any person, or the registration card or license plates for any vehicle owned by any person, shall be stayed by the receipt by the department of a request from such person for a hearing. Upon the receipt of any such request, the department shall refund any security deposited by such person.

(b) The provisions of subdivision (a) shall remain in effect as provided in this subdivision pending a decision by the United States Supreme Court regarding the constitutionality of the procedures of the department relating to the suspension of drivers' licenses and driving privileges. If the United States Supreme Court decides that the department's procedures approved by the federal court in the case of *Rivas v. Cozens* (1971), 327 F. Supp. 867, and in use prior to the decision of the California State Supreme Court in the case of *Rios v. Cozens* (1972), 7 Cal. 3d 792, afforded due process and were constitutional, the department shall resume proceedings and the issuance of suspension orders pursuant to subdivision (c) of Section

16053, and Sections 16080, 16100, and 16484 30 days thereafter or as soon thereafter as feasible, as reasonably determined by the department, and subdivision (a) of this section shall no longer have any force or effect. If the department's procedures in use prior to the case of *Rios v. Cozens* are found by the court not to afford due process and hearings are required to provide for calling of witnesses or the taking of oral testimony, the provisions of subdivision (a) shall remain operative until amended or repealed by the Legislature.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Department of Motor Vehicles is required to issue orders of suspension of drivers' licenses or driving privileges, and registration cards and license plates, pursuant to subdivision (c) of Section 16053 of, and Sections 16080, 16100, and 16484 of, the Vehicle Code, in the administration of Chapters 1 (commencing with Section 16000), 2 (commencing with Section 16250), and 3 (commencing with Section 16430) of Division 7 of the Vehicle Code.

A three-judge United States district court in the case of *Rivas v. Cozens* (1971), 327 F. Supp. 867, determined that the existing procedures of the Department of Motor Vehicles in the administration of such provisions were sufficient to afford due process to the persons affected.

However, the California State Supreme Court thereafter rendered a contrary opinion in the case of *Rios v. Cozens*, (1972), 7 Cal. 3d 792, which opinion requires the Department of Motor Vehicles to provide an opportunity for an extensive hearing to an uninsured motorist prior to suspending his driving privilege under the applicable statutes.

The Department of Motor Vehicles does not now have sufficient funds budgeted to conduct full scale or extensive hearings on the issues to be determined by the Department of Motor Vehicles nor adequate trained personnel to conduct such hearings.

The cases of *Rivas v. Cozens* and *Rios v. Cozens* are currently on appeal and pending before the United States Supreme Court to resolve the conflicts between the cases.

Pending the decision of the United States Supreme Court, the Department of Motor Vehicles is placed in a difficult and untenable position in administering existing provisions of law because of these circumstances. Thus, it is necessary that this act, which is intended to specify what course of action should be taken by the Department of Motor Vehicles until such decision is rendered, go into immediate effect.

CHAPTER 1180

An act to amend Sections 14978, 14981, and 15670 of the Elections Code, relating to elections.

[Approved by Governor December 8, 1972. Filed with Secretary of State December 8, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 14978 of the Elections Code is amended to read:

14978. When a machine or device has been approved by the commission, it shall not be changed or modified until the commission has been notified in writing and determined that the change or modification does not impair its accuracy and efficiency sufficient to require a reexamination and reapproval pursuant to this article. The commission may adopt rules and regulations governing the procedures to be followed in making its determination as to whether the change or modification impairs accuracy or efficiency.

SEC. 2. Section 14981 of the Elections Code is amended to read:

14981. The commission shall review voting systems periodically to determine if they are defective, obsolete, or otherwise unacceptable. The commission has the right to withdraw its approval previously granted under this article of any voting machine or vote tabulating device should the machine or device prove defective or otherwise unacceptable after use in any election.

SEC. 3. Section 15670 of the Elections Code is amended to read:

15670. No ballot, ballot card, marking device, sorting machine, counting machine, or other mechanical device may be used pursuant to this chapter unless it is of a type approved by the commission. It shall not be changed or modified until the commission has been notified in writing and determined that the change or modification does not impair its accuracy and efficiency sufficient to require a reexamination and reapproval pursuant to this article. The commission may adopt rules and regulations governing the procedures to be followed in making its determination as to whether the change or modification impairs accuracy or efficiency.

CHAPTER 1181

An act to amend Section 23754.4 of the Education Code, relating to education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor December 8, 1972. Filed with Secretary of State December 8, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 23754.4 of the Education Code is amended to read:

23754.4. Notwithstanding any provision in this chapter to the contrary, the trustees may defer the collection of tuition charged to nonresident students who are citizens and residents of a foreign country as follows:

(a) The amount which may be deferred may not exceed the excess in the amount of tuition required which is in excess of an annual rate of six hundred dollars (\$600) per academic year.

(b) No payment may be deferred beyond a date 30 days prior to the end of the academic term for which it is due, and payment of the deferred amount shall be a condition to the student's completion of that academic term, provided that payment due for the fall term of 1972 may be collected in installments during the 1972-1973 college year pursuant to such provisions as the chancellor may prescribe.

(c) In order to qualify for the deferment authorized by this section, a student must have been enrolled in the California State Colleges during the fall term of the 1970-1971 college year or have been accepted for admission on or before November 24, 1970, to a state college for a subsequent term during the 1970-1971 college year, and must remain in continuous attendance as a full-time student making normal progress toward a degree objective, and must not have been awarded a baccalaureate degree or graduate degree from the California State Colleges subsequent to the fall term of the 1970-1971 college year.

This section shall remain in effect until June 30, 1974, and shall have no force or effect after this date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

As a consequence of delays engendered by court actions, the operative payment date of the uniform rate of tuition for the fall term of 1972 for foreign students identified in Section 23754.4 has been delayed until December 1, 1972. As a result of uncertainties caused by these delays, it appears that a number of such foreign students will be unable to pay the full amount of the increase when it is due. By operation of other statutes, a failure to pay the full amount will result, at the least, in a reduction of the students' course unit load for the fall term, 1972, with a corresponding reduction in course credit earned. This result can be avoided only if the authority provided by this act is effective immediately.

CHAPTER 1182

An act to add Section 4457 to the Government Code, relating to public buildings.

[Approved by Governor December 8, 1972. Filed with Secretary of State December 8, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 4457 is added to the Government Code, to read:

4457. Any portable buildings leased or owned by a school district which are not used by the physically handicapped and which are otherwise subject to this chapter may be excepted therefrom upon application to and approval by, the Department of Rehabilitation.

SECTION 1. Section 19161 of the Business and Professions Code is amended to read:

19161. One year after adoption of regulations by the bureau, but not later than April 1, 1975, all upholstered furniture sold or offered for sale by a manufacturer or wholesaler for use in this state, including any upholstered furniture sold to or offered for sale for use in a hotel, motel, or other place of public accommodation in this state, shall be fire retardant and shall be labeled in a manner specified by the bureau. An act to add Section 24053.8 to the Education Code, relating to the California State University and Colleges.

SECTION 1. Section 24053.8 is added to the Education Code, to read:

24053.8. Notwithstanding any other provision of law, obligations may be incurred for the summer quarter operation in the California State University and Colleges at campuses on year-round operations, subsequent to enactment of a Budget Act and prior to July 1, payable from the appropriations contained in such Budget Act for such purposes. Such funds are appropriated in compliance with Sections 5320 to 5325, inclusive, of the Streets and Highways Code, requiring a legislative appropriation as prerequisite to an obligation to pay improvement assessments.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The present condition of High Street in the City of Santa Cruz, upon which there abuts property of the University of California, and its extremely heavy traffic load constitute an immediate threat to public safety. In order that the road improvements can be completed and alleviate the hazards at the earliest possible time, it is necessary that this act take immediate effect.

SECTION 1. Section 18102.11 of the Education Code, as added by Chapter 1543 of the Statutes of 1970, is repealed.

SEC. 2. Section 18102.11 of the Education Code, as added by Chapter 1562 of the Statutes of 1970, is repealed.

SEC. 4. Section 18102.11 is added to the Education Code, to read:
18102.11. In lieu of the allowances provided under Sections 18102

to 18102.9, inclusive, for mentally retarded minors and severely mentally retarded minors, with respect to such pupils reevaluated and reexamined and determined to have the mental capacity for regular school enrollment, but in addition to allowances provided for foundation program support, the Superintendent of Public Instruction shall grant, from the moneys allocated by subdivision (c) of Section 17303.5, an allowance to school districts and county superintendents of schools providing supplemental education programs to facilitate the return to the regular school program of mentally retarded minors and severely mentally retarded minors who have been in special day classes, but who, upon being reevaluated or reexamined, are determined to have the mental capacity for regular school enrollment.

The allowance shall be an amount equal to the allowance computed pursuant to Section 18102.2, and Section 18102.8, if applicable. The allowance shall be granted for not more than the two next succeeding fiscal years, following the retesting under the direction of the Department of Education.

The allowance shall be granted for each of the two next succeeding fiscal years, following the reevaluation or reexamination.

Commencing with the 1972-1973 fiscal year, the Superintendent of Public Instruction shall not allow to all school districts and county superintendents of schools authorized to conduct supplemental programs more than a total of six million two hundred thousand dollars (\$6,200,000) per fiscal year for the total state support for such programs.

Whenever a school district or county superintendent of schools or the Superintendent of Public Instruction determines that an eligible student has made satisfactory academic progress so that he may be integrated into the regular school program, the district shall be ineligible for further support for such student pursuant to this article and the district's apportionment shall be likewise reduced.

The State Board of Education shall adopt rules and regulations for the operation of programs conducted pursuant to this section. Such rules and regulations shall include, but are not limited to, criteria for program approval, specifications for individual pupil objectives, and provisions for program evaluation.

It is the intent of the Legislature that the assistance provided through the supplemental education authorized to facilitate the return to the regular school program of those mentally retarded minors affected by Chapter 78 of the Statutes of 1971 will have been achieved by July 1, 1974, and therefore this section shall remain operative only until July 1, 1974, and as of that date is repealed.

SEC. 5. Section 18102.12 of the Education Code, as added by Chapter 1543 of the Statutes of 1970, is repealed.

SEC. 8. Section 18102.12 is added to the Education Code, to read: 18102.12. Beginning with the 1970-1971 fiscal year, for each special educational program for which an allowance is provided under Section 18102.11, each school district and each county superintendent of schools maintaining such program shall report annually to the Superintendent of Public Instruction, on forms he shall provide, all expenditures and income related to each such program. The Superintendent of Public Instruction shall conduct a fiscal and program audit of a representative sampling of districts conducting such programs during the 1973-1974 fiscal year.

If the Superintendent of Public Instruction, in consultation with the Director of Special Education, determines that the current expense of operating a special program does not equal or exceed the total of basic state aid and state equalization aid provided for support of the regular foundation program per unit of average daily attendance and the allowance provided under Section 18102.11, and any amount of local tax funds contributed toward the support of the foundation programs for each pupil in average daily attendance in the special program, then the amount of such deficiency shall be withheld from state apportionments to the school district or the county superintendent of schools, as the case may be, in the succeeding fiscal year in accordance with the procedure prescribed in Section 17414.

This section shall be operative only until July 1, 1974, and as of that date is repealed.

SEC. 9. All actions by the Department of Education, the State Board of Education, school districts, and county superintendent of schools taken pursuant to Sections 18102.11 and 18102.12 of the Education Code between June 30, 1972 and the effective date of this act, are hereby ratified, validated, confirmed, and declared legally effective for all purposes.

Under existing law, various acts separately create city selection committees for purposes of appointing city representatives to various boards, commissions and agencies. Although the city selection committees created in each of these several acts perform the same function, each act differs somewhat in its provisions governing the operation of city selection committees. This lack of uniformity has produced uncertainty.

In addition, the provisions of the California Coastal Zone Conservation Act of 1972 which requires the appointment of city representatives to regional coastal zone conservation commissions by city selection committees have produced uncertainty because the act does not specify in what manner such committees are to be organized. This uncertainty is particularly apparent in one county in which only one city is incorporated.

In order to provide certainty and uniformity to the city selection committee process, it is necessary that this act take effect immediately.

SECTION 1. Section 442.6 of the Health and Safety Code is amended to read:

442.6. To promote economy, avoid duplication of effort, and make use of available expertise, the commission, in carrying out the duties of the new state functions delegated to it by the Legislature

pursuant to this part, shall, when such agreements will aid the commission in carrying out its duties under this part, contract to the extent feasible with private persons and nongovernmental and governmental organizations and agencies which are experienced in the collection and evaluation of information regarding hospital accounting and cost-reporting procedures, the efficiency of various health care delivery systems, and other related fields of knowledge pertaining to the hospitals subject to the provisions of this part.

To assure that information to be collected is relevant to the planning and evaluation of health services in general, the commission may request a review by the state department pursuant to Part 1.5 (commencing with Section 437) of Division 1, relating to health planning of the data items under Section 441.18. In the event the data sets are deemed deficient or irrelevant with respect to planning and evaluation, the state department may provide alternatives which may be reconciled with the commission's determinations.

The provisions of this section shall not be construed to limit the authority granted the commission under Section 441.9.

No person, organization, or agency which enters a contract pursuant to the provisions of this section shall, without the prior written approval of the commission, release or publish any information made available to it in its performance under such a contract, nor shall such person, organization, or agency use or employ any information obtained by it in connection with such participation for any purpose or purposes other than carrying out its duties and obligations under such contract unless permission to use the information for such purpose or purposes is specifically included in the contract of participation and approved by a majority of commission members. The prohibitions of this paragraph do not, however, apply to information which has been received or developed by a contracting person, organization, or agency in performing services or functions separate and distinct from those carried out under contract with the commission.

CHAPTER 6.5. HAZARDOUS WASTE CONTROL

Article 1. Findings and Declarations

25100. The Legislature finds that increasing quantities of hazardous wastes are being generated in the state and that without adequate safeguards for handling and disposal, such wastes can create conditions which threaten the public health and safety and create hazards to wildlife.

25101. The Legislature therefore declares that in order to prevent such hazardous conditions it is in the public interest to establish regulations and to maintain a program to provide for the safe handling and disposal of hazardous wastes.

Article 2. Definitions

25110. Unless the context indicates otherwise the definitions in this article govern the construction of this chapter.

25111. "Department" means the State Department of Public Health.

25112. "Director" means the Director of Public Health.

25113. "Disposal" means to abandon, deposit, intern or otherwise discard waste as a final action after their use has been achieved or a use is no longer intended.

25114. "Disposal site" means the location where any final deposition of solid waste occurs.

25115. "Extremely hazardous waste" means any hazardous waste or mixture of hazardous wastes which, if human exposure should occur, may likely result in death, disabling personal injury or illness during, or as a proximate result of, any disposal of such waste or mixture of wastes because of its quantity, concentration, or chemical characteristics.

25116. "Handling" means the transport, transfer from one place to another, or packaging of hazardous and extremely hazardous waste.

25117. "Hazardous waste" means any waste material or mixture of wastes which is toxic, corrosive, flammable, an irritant, a strong sensitizer, which generates pressure through decomposition, heat or other means, if such a waste or mixture of wastes may cause substantial personal injury, serious illness or harm to wildlife, during, or as a proximate result of any disposal of such wastes or mixture of wastes. The terms "toxic," "corrosive," "flammable," "irritant," and "strong sensitizer" shall be given the same meaning as in the California Hazardous Substances Act (Chapter 13 (commencing with Section 28740) of Division 21).

or any department or agency thereof.

25119. "Processing" means to treat, detoxify, neutralize, incinerate, biodegrade, or otherwise process a hazardous waste to remove its harmful properties or characteristics for disposal in accordance with regulations established by the department in conjunction with any other agency authorized to regulate or control hazardous waste.

25120. "Processing facility" means any facility or location where any final treatment, incineration, processing or deposition of hazardous waste occurs.

25121. "Recycle" means to process, alter, or otherwise treat a hazardous waste for subsequent use.

Article 3. Hazardous Waste Technical Advisory Committee

25130. The department shall establish a hazardous waste technical advisory committee to provide consultation to the department concerning matters covered by the chapter. The committee shall advise the department on the development of standards, rules, and regulations for hazardous waste management, and shall supply recommendations concerning methods by which existing hazardous waste management practices and the laws regulating them may be supplemented and improved and their administration financed.

25131. The committee shall consist of seven members appointed by the director who shall be knowledgeable in hazardous waste management. The members shall insofar as possible represent the interests of the public, local and regional government, agriculture, manufacturing industry, local health departments, and the waste management industry.

25132. At least two members of the committee shall represent the interests of the public and shall have no financial interest in any of the recommendations or studies of the committee. Such financial interest shall include, but not be limited to, service as a consultant to any person specializing in waste disposal, as a tenant or landlord of property used for waste disposal, or as an attorney of a party with a direct financial interest in hazardous waste disposal.

25133. Members of the hazardous waste technical advisory committee shall serve without compensation, but shall be entitled to per diem and reimbursement for travel expenses incurred as a result of official committee business.

Article 4. Listings

25140. The department shall prepare, adopt and may revise when appropriate, a listing of the wastes which are determined to be hazardous, and a listing of the wastes which are determined to be

extremely hazardous. When identifying such wastes the department shall consider, but not be limited to, the immediate or persistent toxic effects to man and wildlife and the resistance to natural degradation or detoxification of the wastes.

Article 5. Standards

25150. The department shall adopt, and may revise when appropriate, minimum standards and regulations for the handling, processing, and disposal of hazardous and extremely hazardous wastes to protect against hazards to the public health, to domestic livestock, and to wildlife. Before adoption of such standards and regulations the department shall consult with all agencies of interested local governments and secure technical assistance from the Department of Agriculture, the Department of the California Highway Patrol, the Department of Fish and Game, the Department of Industrial Relations, Division of Industrial Safety, the State Air Resources Board, the State Water Resources Control Board and the State Fire Marshal.

25151. The department may adopt varying standards for different areas of the state depending on population density, climate, geology and other factors relevant to hazardous waste processing and disposal.

25152. Before adopting or revising minimum standards and regulations for the handling, processing, and disposal of hazardous and extremely hazardous wastes, the department shall hold at least one public hearing in Sacramento, or in a city within the area of the state to be affected by the proposed regulations. The department shall adopt the proposed regulations after making changes or additions that are appropriate in view of the evidence and testimony presented at the public hearing or hearings.

25153. Any person who is producing a waste material which he may reasonably consider to be an extremely hazardous waste, and which he does not intend to recycle for reuse and intends to dispose of as waste, shall notify the department of his intent to dispose of such waste material.

25154. After the effective date of the regulations adopted by the department pursuant to this article, it shall be unlawful for any person to dispose of any hazardous or extremely hazardous waste except as provided for in such regulations.

25155. After January 1, 1974, no extremely hazardous waste as listed by the department pursuant to Section 25140, may be disposed of without prior processing to remove its harmful properties or as specified by the regulations of the department for the handling and disposal of the particular extremely hazardous waste.

Article 6. Transportation

25160. After January 1, 1974, the person producing a hazardous waste listed by the department pursuant to Section 25140 shall provide the driver of any truck, a crew member of any train, or the captain of any vessel carrying such hazardous wastes with a list setting forth the hazardous wastes carried, the amount of such waste, the general chemical and mineral composition of such waste listed by probable maximum and minimum percentages, and the origin and destination of any such waste carried. Such list, when appropriate, may include information on antidotes, first aid, or safety measures to be taken in case of accidental contact with the particular hazardous waste being carried. The person carrying, or handling the hazardous waste shall have the list in his possession while carrying or handling the hazardous waste and shall release the list to a person responsible for disposal of the hazardous waste at the time of delivery. Such list shall be shown upon demand to any department official, officer of the California Highway Patrol, or any local public officer as designated by the director.

25161. The department shall adopt and enforce all rules and regulations, including the form and content of the list, necessary and appropriate to accomplish the purposes of Section 25160.

25162. Documents required by other agencies of the state or the federal government which describe the character and amount of hazardous wastes being carried shall satisfy the requirement of Section 25160.

Article 7. Other Provisions

25170. The department in performing its duties under this chapter shall:

(a) Establish procedures for evaluation and coordination of research and development regarding methods of hazardous waste handling and disposal and may conduct appropriate studies relating to hazardous wastes.

(c) Render technical assistance to state and local agencies in the planning and operation of hazardous waste programs.

(d) Provide for appropriate surveillance of hazardous waste processing and disposal practices in the state.

25171. No provision of this chapter shall be construed to require disposal of hazardous waste at the site of production, provided, that the transportation of such waste conforms to all applicable regulations.

25172. No provision of this chapter shall limit the authority of any state or local agency in the enforcement or administration of any provision of law which it is specifically permitted or required to

enforce and administer.

25173. The department shall establish procedures to insure that trade secrets used by a person regarding methods of hazardous waste handling and disposal are utilized by the director, the department, or any authorized representative of the department only in connection with the responsibilities of the department pursuant to this chapter and that such trade secrets are not otherwise disseminated by the director, the department, or any authorized representative of the department without the consent of the person. "Trade secrets," as used in this section, may include, but are not limited to, any formula, plan, pattern, process, tool, mechanism, compound, procedure, production data, or compilation of information which is not patented, which is known only to certain individuals within a commercial concern who are using it to fabricate, produce, or compound an article of trade or a service having commercial value, and which gives its user an opportunity to obtain a business advantage over competitors who do not know or use it.

25174. Beginning January 1, 1974, each operator of any site at which hazardous wastes are disposed shall pay a fee to the director for each list or other document which such operator receives pursuant to Article 6 (commencing with Section 25160). The director shall establish a schedule of the fees to be paid to the director by such operator for each disposal of hazardous waste listed in such a list or document, which shall provide revenues which shall not exceed the amount necessary, but shall be sufficient, to cover all costs incurred in the administration of this chapter. Such fees shall be deposited each month in the Hazardous Waste Control Account in the General Fund.

Article 8. Enforcement

25180. The minimum standards and regulations adopted by the department pursuant to Section 25150 shall be enforced by the department or any local health officer or any local public officer as designated by the director.

25181. Whenever, in the judgment of the department, any person has engaged in or is about to engage in any acts or practices which constitute or will constitute a violation of any provision of this chapter, or any rule, regulation, or order issued thereunder, and at the request of the department, the district attorney of the county in which such acts or practices occur or will occur or the Attorney General may make application to the superior court for an order enjoining such acts or practices, or for an order directing compliance, and upon a showing by the department that such person has engaged in or is about to engage in any such acts or practices, a permanent or temporary injunction, restraining order, or other order may be granted.

25182. Every civil action brought under the provisions of this

chapter at the request of the department shall be brought by the district attorney or Attorney General in the name of the people of the State of California and any such actions relating to the same processing or disposal of hazardous wastes may be joined or consolidated.

25183. Any civil action brought pursuant to this chapter shall be brought in the county in which the processing or disposal of hazardous waste is made or proposed to be made.

25184. In any civil action brought pursuant to this chapter in which a temporary restraining order, preliminary injunction, or permanent injunction is sought, it shall not be necessary to allege or prove at any stage of the proceeding that irreparable damage will occur should the temporary restraining order, preliminary injunction, or permanent injunction not be issued; or that the remedy at law is inadequate, and the temporary restraining order, preliminary injunction, or permanent injunction shall issue without such allegations and without such proof.

25185. The director or any duly authorized representative of the department may at any reasonable hour of the day, enter a factory, plant, construction site, waste disposal site, establishment or any environment where hazardous wastes are stored, handled, processed or disposed of, in order to carry out the purposes of this chapter.

SEC. 2. This act shall become operative on July 1, 1973.

16144. On or before October 31, 1972, and annually thereafter, the governing body of each county, city, or city and county shall submit a report to the Secretary of the Resources Agency itemizing the number of acres of land under its regulatory jurisdiction which it believes to be qualified for state payments pursuant to the various categories enumerated in Section 16142, together with such supporting documentation as the secretary by regulation may require. The secretary, after reviewing the report and determining the eligibility of the local government to receive payment and the actual amount to which it is entitled, shall certify that amount to the Controller for payment, and the Controller shall make such payment at the same time payments are made to school districts pursuant to Section 16151.

The secretary may make such supplemental reports to the Controller as it deems necessary throughout the year to give effect to new or additional information received from local governing bodies, correct errors, and dispose of contested or conditional situations. Upon receiving such reports, the Controller shall pay any amount certified therein, and may withhold and deduct any certified overpayment from the amount that would otherwise be paid to the local government in the next succeeding year.

SEC. 2. Section 16149 of the Government Code is amended to read:

16149. On or before October 31, 1972, and on or before the last day of October of each year thereafter, the assessor shall report the open-space adjustment for each school district located in the county to the Controller and to the Superintendent of Public Instruction. The open-space adjustment shall be calculated by determining the difference between:

(a) The adjusted assessed value of all land in the district in the base year, excluding the assessed value of the right to extract oil, gas or other hydrocarbons, which shall be the last assessment year prior to the application of Section 423 or 423.5 of the Revenue and Taxation Code to any land within the district, and

(b) The assessed value of all land within the district, excluding the assessed value of the right to extract oil, gas or other hydrocarbons, for the current assessment year.

For the purposes of subdivision (a), "adjusted assessed value" shall be computed by multiplying the actual assessed value of land in the district in the base year, excluding the assessed value of the right to

extract oil, gas or other hydrocarbons, by the percentage which the gross assessed value of all land in the state on the local roll outside of municipalities without deductions for any exemptions for the current assessment year is of the gross assessed value of all land on the local roll outside municipalities without deductions for any exemptions in the base year. The Controller shall announce the factors to be used by the assessors on or before October 15th of each year.

For purposes of determining the "actual assessed value of land" in the district in the base year, any assessor who had announced that he was using an assessment ratio of less than 25 percent in the base year pursuant to Section 401 of the Revenue and Taxation Code shall adjust the actual assessed value of the land in the district in the base year to the assessed value which would have been on the roll had the assessor announced a 25-percent assessment ratio. If no announced ratio exists for the base year, the base year ratio shall be the ratio announced for the 1967-1968 fiscal year.

If the value of land within the district for the current assessment year is greater than the adjusted assessed value of the base year, there shall be no reimbursement.

SEC. 2.5. Section 16150 of the Government Code is amended to read:

16150. Notwithstanding any other provision of this chapter, no school district shall receive more than the following amount for each acre of land within the district assessed pursuant to Sections 423 and 423.5 of the Revenue and Taxation Code:

(a) For basic aid districts: one dollar (\$1) for community college districts; three dollars (\$3) for high school districts; and three dollars and fifty cents (\$3.50) for elementary school districts.

(b) For equalization aid districts: one and one-half times the amount specified for basic aid districts.

(c) For supplemental aid districts: two times the amount specified for basic aid districts.

(d) Unified districts shall receive no more than the combined amounts indicated in subdivisions (a) through (c) above for their elementary and high school components.

In addition, a basic aid school district shall not receive any assistance under the provisions of this article if its actual assessed value per pupil is greater than the product of the base year (as defined in subdivision (a) of Section 16149) assessed value per pupil times the percentage which the estimated or actual current expense of education per pupil in the state for the current year is of the current expense of education per pupil in the state for the base year.

SEC. 3. Section 16152 of the Government Code is amended to read:

16152. The other provisions of this chapter notwithstanding, no city, county, or city and county shall receive more money by reason of the funds provided for in the open-space provisions of this chapter than such governmental entity might have received had no property

in the entity been assessed pursuant to Sections 423 and 423.5 of the Revenue and Taxation Code. This determination shall be made by:

(a) Multiplying the last unrestricted assessed value, excluding the assessed value of the right to extract oil, gas or other hydrocarbons, of each parcel now subject to assessment under Sections 423 or 423.5 of the Revenue and Taxation Code by the percentages which the current gross assessed value of all land on the local roll outside municipalities without deduction for exemption in the state is of the gross assessed value of all land on the local roll outside municipalities without deduction for exemption in the state for the last year in which the parcel was not so restricted;

(b) Subtracting the current assessed value, excluding the assessed value of the right to extract oil, gas or other hydrocarbons, for the parcel from the figure derived pursuant to subdivision (a);

(c) Calculating the total of all differences determined pursuant to subdivision (b) for land under control of, or, in the case of cities, within the boundaries of, the entity in question; and

(d) Multiplying the total derived under subdivision (c) by the tax rate for the current year of the entity in question.

The determinations required by this section shall be made by the Secretary of the Resources Agency, and he shall base his computations on "the last unrestricted assessed value," as used in subdivision (a), by factoring the assessed values in any county in which the assessor had announced that he was using an assessment ratio of less than 25 percent in any year to the value which would have been on the roll had such assessor announced a 25-percent assessment ratio. If no announced ratio exists for such year, the ratio for such year shall be the ratio announced for the 1967-1968 fiscal year.

SEC. 3.5. Section 16153 of the Government Code is amended to read:

16153. Notwithstanding any other provision of this chapter, state disbursements under this chapter by reason of property assessed pursuant to Sections 423 and 423.5 of the Revenue and Taxation Code shall not exceed thirteen million dollars (\$13,000,000) in the 1972-1973 fiscal year, fifteen million dollars (\$15,000,000) in the 1973-1974 fiscal year, and seventeen million dollars (\$17,000,000) in the 1974-1975 fiscal year. In the 1975-1976 fiscal year, state disbursements shall not exceed 115 percent of the state disbursements in the 1974-1975 fiscal year. The amounts provided for in this section may be exceeded by any amounts deposited in the State General Fund under Sections 51061 and 51283.

If claims by local governmental agencies exceed the limitation of this section, reductions in state disbursements shall be made on a pro rata per acre basis, first on funds allocated on nonprime lands, and second on funds to local governments on prime lands, and third to school district disbursements. Counties in which the limitation of Section 16152 is controlling shall be entitled to receive any payments due on their prime acreage according to Section 16142, subject to the

proration occurring on other prime lands, and subject to the overall limit of Section 16152, before any nonprime land receives payment.

The Secretary of the Resources Agency shall report to the Legislature on the impact of the expiration of the fiscal limitations in this section. A final report shall be submitted to the Legislature by April 1, 1973, in order that the Legislature can evaluate its fiscal commitment to this program for future years.

SEC. 4. Section 17036 is added to the Revenue and Taxation Code, to read:

17036. Unless expressly otherwise provided in this part, any notice may be given by first class mail postage prepaid.

SEC. 5. Section 17054.5 of the Revenue and Taxation Code is amended to read:

17054.5. (a) In the case of an individual computing his tax under Section 17041 or 17048, there shall be allowed as a credit against the tax imposed eight dollars (\$8) for each person (other than a dependent, as defined in Section 17056, or a relative of the taxpayer) maintained as a member of the taxpayer's household for a period of not less than six months, if during such period such individual is—

(1) A member of the taxpayer's household under a written agreement between the taxpayer and an organization described in subdivision (b), (c) or (d) of Section 17214 to implement a program of the organization to provide educational opportunities for pupils or students in private homes, and

(2) A full-time pupil or student in the 12th or any lower grade at an educational institution (as defined in paragraph (5) of subdivision (c) of Section 17054) located in the United States.

(b) (1) For purposes of computing the period in subdivision (a), if 15 or more days of a calendar month fall within such period such month shall be considered as a full calendar month.

(2) Subdivision (a) shall not apply if the taxpayer receives any money or other property as compensation or reimbursement for maintaining the individual in his household during the period described in subdivision (a).

(c) For purposes of subdivision (a), the term "relative of the taxpayer" means an individual who, with respect to the taxpayer, bears any of the relationships described in subdivisions (a) to (h), inclusive, of Section 17056.

(d) No deduction shall be allowed under Section 17214 for any amount paid by a taxpayer to maintain an individual as a member of his household under a program described in paragraph (1) of subdivision (a).

SEC. 6. Section 17203 of the Revenue and Taxation Code is amended to read:

17203. (a) There shall be allowed as a deduction all interest paid or accrued within the taxable year on indebtedness. However, no deduction shall be allowed to the extent that it is connected with income not taxable under this part. The proper apportionment and allocation of the deduction with respect to taxable and nontaxable

income shall be determined under rules and regulations prescribed by the Franchise Tax Board.

(b) (1) If personal property or educational services are purchased under a contract—

(A) Which provides that payment of part or all of the purchase price is to be made in installments; and

(B) In which carrying charges are separately stated but the interest charge cannot be ascertained;

then the payments made during the taxable year under the contract shall be treated for purposes of this section as if they included interest equal to 6 percent of the average unpaid balance under the contract during the taxable year. For purposes of the preceding sentence, the average unpaid balance is the sum of the unpaid balance outstanding on the first day of each month beginning during the taxable year, divided by 12.

For purposes of this paragraph, the term “educational services” means any service (including lodging) which is purchased from an educational institution (as defined in subdivision (c) of Section 17150) and which is provided for a student of such institution.

(2) In the case of any contract to which paragraph (1) applies, the amount treated as interest for any taxable year shall not exceed the aggregate carrying charges which are properly attributable to such taxable year.

(c) The amendments made in subdivision (b) shall apply to payments made during taxable years beginning after December 31, 1963.

(d) (1) The amount of investment interest (as defined in subparagraph (D) of paragraph (3)) otherwise allowable as a deduction under this part shall be limited, in the following order, to—

(A) Twenty-five thousand dollars (\$25,000) (twelve thousand five hundred dollars (\$12,500), in the case of a separate return by a married individual), plus

(B) The amount of the net investment income (as defined in subparagraph (A) of paragraph (3), plus the amount (if any) by which the deductions allowable under this section (determined without regard to this subdivision) and Section 17202 paragraph (1) or (2) of subdivision (a) of Section 17204, or Section 17252 attributable to property of the taxpayer subject to a net lease exceeds the rental income produced by such property for the taxable year, plus

(C) An amount equal to the amount by which the total amount of capital gains recognized exceeds the total amount of capital losses recognized for the taxable year, plus

(D) One-half of the amount by which investment interest exceeds the sum of the amounts described in subparagraphs (A), (B), and (C).

In the case of a trust, the twenty-five-thousand-dollar (\$25,000) amount specified in subparagraph (A) and in subparagraph (A) of

paragraph (2), shall be zero. In determining the amount described in subparagraph (C), only gains and losses attributable to the disposition of property held for investment shall be taken into account.

(2) (A) The amount of disallowed investment interest for any taxable year shall be treated as investment interest paid or accrued in the succeeding taxable year. The amount of the interest so treated which is allowable as a deduction by reason of the first sentence of this paragraph for any taxable year shall not exceed one-half of the amount by which—

(i) The net investment income for such taxable year plus twenty-five thousand dollars (\$25,000), exceeds

(ii) The investment interest paid or accrued during such taxable year (determined without regard to this paragraph) or twenty-five thousand dollars (\$25,000), whichever is greater.

(B) If—

(i) An amount of disallowed investment treated under subparagraph (A) as investment interest paid or accrued in the taxable year is not allowable as a deduction for such taxable year by reason of the second sentence of subparagraph (A), and

(ii) The taxpayer is not required to recognize a portion of capital gains by reason of Section 18162.5 (whether or not the taxpayer recognizes such gains), the amount of such disallowed investment interest shall be reduced by an amount equal to the amount not recognizable under Section 18162.5.

(3) For purposes of this subdivision—

(A) The term “net investment income” means the excess of investment income over investment expenses.

(B) The term “investment income” means—

(i) The gross income from interest, dividends, rents, and royalties,

(ii) The capital gain attributable to the disposition of property held for investment and held for not more than one year, and

(iii) Any amount treated under Sections 18211 and 18212 to 18218, inclusive as gain from the sale or exchange of property which is neither a capital asset nor property described in Sections 18181 and 18182

but only to the extent such income, gain, and amounts are not derived from the conduct of a trade or business.

(C) The term “investment expenses” means the deductions allowable under Section 17202, paragraph (1) or (2) of subdivision (a) of Section 17204, Sections 17207, 17208 to 17211.7, inclusive, 17217 to 17221, inclusive, 17252, or 17681 directly connected with the production of investment income. For purposes of this subparagraph, the deduction allowable under Sections 17208 to 17211.5, inclusive, with respect to any property may be treated as the amount which would have been allowable had the taxpayer depreciated the property under the straight-line method for each taxable year of its useful life for which the taxpayer has held the property, and the

deduction allowable under Section 17681 with respect to any property may be treated as the amount which would have been allowable had the taxpayer determined the deduction under Section 17681 without regard to Sections 17683 to 17688, inclusive, for each taxable year for which the taxpayer has held the property.

(D) The term "investment interest" means interest paid or accrued on indebtedness incurred or continued to purchase or carry property held for investment.

(E) The term "disallowed investment interest" means with respect to any taxable year, the amount not allowable as a deduction solely by reason of the limitations in paragraph (1) and subparagraph (A) of paragraph (2).

(4) (A) For purposes of this subdivision, property subject to a lease shall be treated as property held for investment, and not as property used in a trade or business, for a taxable year, if—

(i) For such taxable year the sum of the deductions of the lessor with respect to such property which are allowable solely by reason of Section 17202 (other than rents and reimbursed amounts with respect to such property) is less than 15 percent of the rental income produced by such property, or

(ii) The lessor is either guaranteed a specified return or is guaranteed in whole or in part against loss of income.

(B) In the case of a partnership, each partner shall, under regulations prescribed by the Franchise Tax Board, take into account separately his distributive share of the partnership's investment interest and the other items of income and expense taken into account under this subdivision.

(C) For purposes of this subdivision, interest paid or accrued on indebtedness incurred or continued in the construction of property to be used in a trade or business shall not be treated as investment interest.

(5) The amount equal to the amount of investment interest which is allowable as a deduction by reason of subparagraph (C) of paragraph (1) of this subdivision shall be treated as gain from the sale or other disposition of property which is neither a capital asset nor property described in Sections 18181 and 18182.

(6) This subdivision shall not apply with respect to investment interest, investment income, and investment expenses attributable to a specific item of property, if the indebtedness with respect to such property—

(A) Is for a specified term, and

(B) Was incurred before December 17, 1969, or is incurred after December 16, 1969, pursuant to a written contract or commitment which, on such date and at all times thereafter prior to the incurring of such indebtedness, is binding on the taxpayer.

(7) For purposes of subparagraph (A) of paragraph (4)—

(A) If a parcel of real property of the taxpayer is leased under two or more leases, clause (i) of subparagraph (A) of paragraph (4) shall, at the election of the taxpayer, be applied by treating all

leased portions of such property as subject to a single lease; and

(B) At the election of the taxpayer, clause (i) of subparagraph (A) of paragraph (4) shall not apply with respect to real property of the taxpayer which has been in use for more than five years. An election under subparagraph (A) or (B) shall be made at such time and in such manner as the Franchise Tax Board prescribes by regulations.

(e) The amendments made in subdivision (d) by the First Extraordinary Session of the 1971 Legislature and the Regular Session of the 1972 Legislature shall apply to taxable years beginning after December 31, 1971.

SEC. 7. Section 17206.5 of the Revenue and Taxation Code is repealed.

SEC. 8. Section 17206.5 is added to the Revenue and Taxation Code, to read:

17206.5. Notwithstanding the provisions of subdivision (a) of Section 17206, any loss attributable to a disaster accruing in an area subsequently determined by the President of the United States to warrant assistance by the federal government under the Disaster Relief Act of 1970 may, at the election of the taxpayer, be deducted for the taxable year immediately preceding the taxable year in which the disaster occurred. Such deduction shall not be in excess of so much of the loss as would have been deductible in the taxable year in which the casualty occurred, based on facts existing at the date the taxpayer claims the loss. If an election is made under this section, the casualty resulting in the loss will be deemed to have occurred in the taxable year for which the deduction is claimed.

SEC. 9. Section 17226 of the Revenue and Taxation Code is amended to read:

17226. (a) Every taxpayer at his election, shall be entitled to a deduction with respect to the amortization of the amortizable basis of any certified pollution control facility (as defined in subdivision (d)), based on a period of 60 months. Such amortization deduction shall be an amount with respect to each month of such period within the taxable year, equal to the amortizable basis of the pollution control facility at the end of such month divided by the number of months (including the month for which the deduction is computed) remaining in the period. Such amortizable basis at the end of the month shall be computed without regard to the amortization deduction for such month. The amortization deduction provided by this section with respect to any month shall be in lieu of the depreciation deduction with respect to such pollution control facility for such month provided by Section 17208. The 60-month period shall begin, as to any pollution control facility, at the election of the taxpayer, with the month following the month in which such facility was completed or acquired, or with the succeeding taxable year.

(b) The election of the taxpayer to take the amortization deduction and to begin the 60-month period with the month following the month in which the facility is completed or acquired,

or with the taxable year succeeding the taxable year in which such facility is completed or acquired, shall be made by filing with the Franchise Tax Board in such manner, in such form, and within such time, as the Franchise Tax Board may by regulations prescribe, a statement of such election.

(c) A taxpayer which has elected under subdivision (b) to take the amortization deduction provided in subdivision (a) may, at any time after making such election, discontinue the amortization deduction with respect to the remainder of the amortization period, such discontinuance to begin as of the beginning of any month specified by the taxpayer in a notice in writing filed with the Franchise Tax Board before the beginning of such month. The depreciation deduction provided under Section 17208 shall be allowed, beginning with the first month as to which the amortization deduction does not apply, and the taxpayer shall not be entitled to any further amortization deduction under this section with respect to such pollution control facility.

(d) For purposes of this section—

(1) The term “certified pollution control facility” means a new identifiable treatment facility which is used, in connection with a plant or other property in operation before January 1, 1971, to abate or control water or atmospheric pollution or contamination by removing, altering, disposing, or storing of pollutants, contaminants, wastes, or heat and which the State Department of Health has certified as having been constructed, reconstructed, erected, or acquired in conformity with the state program or requirements for abatement or control of water or atmospheric pollution or contamination.

(2) For purposes of paragraph (1), the term “new identifiable treatment facility” includes only tangible property (not including a building and its structural components, other than a building which is exclusively a treatment facility) which is of a character subject to the allowance for depreciation provided in Section 17208, which is identifiable as a treatment facility, and which—

(A) Is property—

(i) The construction, reconstruction, or erection of which is completed by the taxpayer after December 31, 1970, or

(ii) Acquired after December 31, 1970, if the original use of the property commences with the taxpayer and commences after such date, and

(B) Is placed in service by the taxpayer before January 1, 1975. In applying this section in the case of property described in clause (i) of subparagraph (A), there shall be taken into account only that portion of the basis which is properly attributable to construction, reconstruction, or erection after December 31, 1970.

(e) The State Department of Health shall not certify any property to the extent it appears that by reason of profits derived through the recovery of wastes or otherwise in the operation of such property, its costs will be recovered over its actual useful life.

(f) (1) For purposes of this section, the term "amortizable basis" means that portion of the adjusted basis (for determining gain) of a certified pollution control facility which may be amortized under this section.

(2) (A) If a certified pollution control facility has a useful life (determined as of the first day of the first month for which a deduction is allowable under this section) in excess of 15 years, the amortizable basis of such facility shall be equal to an amount which bears the same ratio to the portion of the adjusted basis of such facility, which would be eligible for amortization but for the application of this subparagraph, as 15 bears to the number of years of useful life of such facility.

(B) The amortizable basis of a certified pollution control facility with respect to which an election under this section is in effect shall not be increased, for purposes of this section, for additions or improvements after the amortization period has begun.

(g) The depreciation deduction provided by Section 17208 shall, despite the provisions of subdivision (a), be allowed with respect to the portion of the adjusted basis which is not the amortizable basis.

(h) In the case of property held by one person for life with remainder to another person, the deduction under this section shall be computed as if the life tenant were the absolute owner of the property and shall be allowable to the life tenant.

(i) For special rule with respect to certain gain derived from the disposition of property the adjusted basis of which is determined with regard to this section, see Section 18211.

SEC. 10. Section 18683 of the Revenue and Taxation Code is amended to read:

18683. If any taxpayer fails or refuses to furnish any information requested in writing by the Franchise Tax Board or fails or refuses to make and file a return required by this part upon notice and demand by the Franchise Tax Board, then, unless the failure is due to reasonable cause and not willful neglect, the Franchise Tax Board may add a penalty of 25 percent of the amount of tax determined pursuant to Section 18648 or of any deficiency tax assessed by the Franchise Tax Board concerning the assessment of which the information or return was required.

SEC. 12. Section 19526 of the Revenue and Taxation Code is amended to read:

19526. Notwithstanding the definition of income set forth in Section 19501.5, no assistance shall be allowed for property taxes accrued and paid if the gross household income from all sources for the periods set forth in Section 19501.5 is twenty thousand dollars (\$20,000) or more; provided, however, that in the case of a person whose principal trade or business is farming, such amount is thirty thousand dollars (\$30,000) or more.

SEC. 13. Section 19531 of the Revenue and Taxation Code is amended to read:

19531. Each claimant applying for assistance under Article 2

(commencing with Section 19521) of this part shall file a claim under penalty of perjury with the Franchise Tax Board on a form supplied by such board. The claim shall contain:

(a) Evidence acceptable to the Franchise Tax Board that the claimant was a resident of California and 62 years of age or older on or before the first day of January preceding the end of the fiscal year for which the claim is filed.

(b) A statement showing the household income for the period set forth in Section 19501.5.

(c) A statement describing the property on which the claim is based and showing at least the assessed value of the homestead; the size and nature of the homestead; together with the tax bill. No interest shall be allowed on any payment made to any claimant pursuant to this part.

If a claimant submits a statement containing the essential data set forth in this section under penalty of perjury within the period set forth in Section 19532, the Franchise Tax Board shall compute the amount of assistance and authorize payment. The amount of any assistance otherwise payable under this part may be applied by the Franchise Tax Board against any liability due from the claimant under any law administered by the Franchise Tax Board.

SEC. 14. Section 23059 is added to the Revenue and Taxation Code, to read:

23059. Unless expressly otherwise provided in this part, any notice may be given by first-class mail postage prepaid.

SEC. 15. Section 23186 of the Revenue and Taxation Code is amended to read:

23186. (a) The rate of tax on banks and financial corporations shall be a percentage equal to the percentage of the total amount of net income, allocable to this state, of every corporation taxable under Section 23151, or subdivision (b) of Section 23151.1 other than public utilities as defined in the Public Utilities Act, for the next preceding calendar year or fiscal years ended during such calendar year, required to be paid to this state as franchise taxes according to or measured by such net income, and required to be paid to this state or its political subdivisions by such corporations as personal property taxes during the preceding calendar year or fiscal years ended in such calendar year; provided, however, that said rate of tax shall not exceed 11 percent. The percentage of the net income of every corporation taxable under Section 23151, or subdivision (b) of Section 23151.1 other than public utilities as defined in the Public Utilities Act, required to be paid to this state or its political subdivisions in personal property taxes shall be determined by ascertaining the ratio which the total amount of such personal property taxes, less 7 percent thereof, bears to the total amount of net income of such corporations allocable to California, increased by the amount of such personal property taxes; provided, however, that if any such corporation sustains a net loss allocable to California the personal property taxes required to be paid by such corporation to

this state or its political subdivisions during the preceding calendar year or fiscal years ended during such calendar year shall be considered for the purpose of determining such ratio only to the extent which such personal property taxes exceed such net loss allocable to California.

(b) For calendar or fiscal years ending after December 31, 1971 the 11 percent provided in the first sentence of subdivision (a) shall be 11.6 percent and the 7 percent provided in the second sentence shall be 7.6 percent.

SEC. 16. Section 23301 is amended to read:

23301. Except for the purpose of amending the articles of incorporation to set forth a new name, the corporate powers, rights and privileges of a domestic taxpayer shall be suspended, and the exercise of the corporate powers, rights and privileges of a foreign taxpayer in this state shall be forfeited if any of the following conditions occur:

(a) If any tax, penalty or interest, or any portion thereof, which is due and payable either at the time the return is required to be filed, or on or before the 15th day of the ninth month following the close of the income year, is not paid on or before 6 o'clock p.m. on the last day of the 12th month after the close of the income year; or

(b) If any tax, penalty or interest, or any portion thereof, other than jeopardy or fraud assessments, due and payable upon notice and demand from the Franchise Tax Board, is not paid on or before 6 o'clock p.m. on the last day of the 11th month following the due date of said tax; or

SEC. 17. Section 23332.5 of the Revenue and Taxation Code is amended to read:

23332.5. If a financial corporation ceases doing business dissolves or withdraws from the state during any taxable year beginning after December 31, 1972, the tax for the taxable year during which cessation of doing business, dissolution or withdrawal occurs shall be computed as prescribed by subdivision (b) or (c) of Section 23183. In determining the amount of such tax, a financial corporation will be allowed an offset against the amounts paid during the final taxable year to this state as personal property taxes, or as license fees or excise taxes as described in subdivisions (a) to (d), inclusive, of Section 23184. However, after the allowance of such offsets, the tax on a financial corporation shall not be less than 7.6 percent of its net income for the final taxable year nor less than the minimum tax provided in Section 23184.

SEC. 18. Section 23402 of the Revenue and Taxation Code is amended to read:

When the income of a taxpayer subject to the tax imposed under this part is derived from or attributable to sources both within and without the state, the tax imposed by this chapter shall be measured by the tax preference income derived from or attributable to sources within this state in the manner prescribed in Chapter 17 (commencing with Section 25101) of this part.

SEC. 19. Section 2357~~1~~ of the Revenue and Taxation Code is amended to read:

23571. (a) Except for the purpose of amending the articles of incorporation to set forth a new name, the corporate powers, rights and privileges of a domestic taxpayer shall be suspended and shall not be exercised for any purpose or in any manner in this state:

(1) If any tax, penalty or interest, or any portion thereof, which is due and payable either at the time the return is required to be filed, or on or before the 15th day of the ninth month following the close of the income year, is not paid on or before 6 o'clock p.m. of the last day of the 12th month after the close of the income year; or

(2) If any tax, penalty or interest, or any portion thereof, other than jeopardy or fraud assessments, due and payable upon notice and demand from the Franchise Tax Board, is not paid on or before 6 o'clock p.m. on the last day of the 11th month following the due date of said tax; or

(b) Any taxpayer which has been suspended under subdivision (a), may be revived in the manner provided for by Sections 23305 and 23305a.

SEC. 20. Section 23701~~1~~ of the Revenue and Taxation Code is amended to read:

23701r. Corporations organized and operated to support or defeat a political candidate or candidates or to support or recall an elective public officer or officers which are supported solely by contributions and no part of the income of which inures to the benefit of any individual other than through the political support or opposition.

SEC. 21. Section 23732 of the Revenue and Taxation Code is amended to read:

23732. (a) (1) Except as otherwise provided in this subdivision, the term "unrelated business taxable income" means the gross income derived by any organization from any unrelated trade or business (as defined in Section 23734) regularly carried on by it, less the deductions allowed by this article which are directly connected with the carrying on of such trade or business, both computed with the modifications provided in subdivision (b).

(2) (A) In the case of an organization described in Section 23701g or 23701i, the term "unrelated business taxable income" means the gross income (excluding any exempt function income), less the deductions allowed by this article which are directly connected with the production of the gross income (excluding function income), both computed with the modifications provided in paragraphs (9), (10), and (11) of subdivision (b).

(B) For purposes of subparagraph (A), the term "exempt function income" means the gross income from dues, fees, charges, or similar amounts paid by members of the organization as consideration for providing such members or their dependents or guests goods, facilities, or services in furtherance of the purposes constituting the basis for the exemption of the organization to which

such income is paid. Such term also means all income (other than an amount equal to the gross income derived from any unrelated trade or business regularly carried on by such organization computed as if the organization were subject to paragraph (1)), which is set aside—

(i) For a purpose specified in subdivision (d) of Section 17214, or

(ii) In the case of an organization described in Section 23701i, to provide for the payment of life, sick, accident, or other benefits, including reasonable costs of administration directly connected with a purpose described in clause (i) or (ii).

If during the taxable year, an amount which is attributable to income so set aside is used for a purpose other than that described in clause (i) or (ii), such amount shall be included, under subparagraph (A), in unrelated business taxable income for the taxable year.

(C) If property used directly in the performance of the exempt function of an organization described in Section 23701g or 23701i is sold by such organization, and within a period beginning one year before the date of such sale, and ending three years after such date, other property is purchased and used by such organization directly in the performance of its exempt function, gain (if any) from such sale shall be recognized only to the extent that such organization's sales price of the old property exceeds the organization's cost of purchasing the other property. For purposes of this subparagraph, the destruction in whole or in part, theft, seizure, requisition, or condemnation of property, shall be treated as the sale of such property and rules similar to the rules provided by Sections 18092, 18093, 18095, and 18100 shall apply.

(3) If a corporation exempt under Section 23701h—

(A) Pays any amount of its net income for a taxable year to an organization (parent) exempt from taxation under Section 23701 or 17631 (or in case of an organization located outside the state the exemption may be under Section 501(a) of the Internal Revenue Code) or which would pay such amount but for the fact that the expenses of collecting its income exceeded its income, and

(B) Such corporation and such organization file a consolidated federal return for the year and furnish a copy of the consolidated return with its return, such corporation shall be treated, for the purposes of the tax imposed by Section 23731, as being organized and operated for the same purposes as such organization in addition to the purposes described in Section 23701h.

(b) The modifications referred to in subdivision (a) are the following:

(1) There shall be excluded all dividends, interest, and annuities, and all deductions directly connected with such income.

(2) There shall be excluded all royalties (including overriding royalties) whether measured by production or by gross or taxable income from the property, and all deductions directly connected with such income.

(3) In the case of rents—

(A) Except as provided in subparagraph (B), there shall be excluded—

(i) All rents from real property, and

(ii) All rents from personal property leased with such real property, if the rents attributable to such personal property are an incidental amount of the total rents received or accrued under the lease, determined at the time the personal property is placed in service.

(B) Subparagraph (A) shall not apply—

(i) If more than 50 percent of the total rent received or accrued under the lease is attributable to personal property described in subparagraph (A) (ii), or

(ii) If the determination of the amount of such rent depends in whole or in part on the income or profits derived by any person from the property leased (other than an amount based on a fixed percentage or percentages of receipts or sales).

(C) There shall be excluded all deductions directly connected with rents excluded under subparagraph (A).

(4) Notwithstanding paragraph (1), (2), (3), or (5), in case of debt-financed property (as defined in Section 23735) there shall be included, as an item of gross income derived from an unrelated trade or business, the amount ascertained under paragraph (1) of subdivision (a) of Section 23735, and there shall be allowed, as a deduction, the amount ascertained under paragraph (2) of subdivision (a) of Section 23735.

(5) There shall be excluded all gains or losses from the sale, exchange or other disposition of property other than—

(A) Stock in trade or other property of a kind which would properly be includable in inventory if on hand at the close of the taxable year, or

(B) Property held primarily for sale to customers in the ordinary course of the trade or business.

This paragraph shall not apply with respect to the cutting of timber which is considered, on the application of Section 17711, as a sale or exchange of such timber.

(6) There shall be excluded all income derived from research for (A) the United States, or any of its agencies or instrumentalities, or (B) any state or political subdivision thereof; and there shall be excluded all deductions directly connected with such income.

(7) In the case of a college, university, or hospital, there shall be excluded all income derived from research performed for any person, and all deductions directly connected with such income.

(8) In the case of an organization operated primarily for purposes of carrying on fundamental research the results of which are freely available to the general public, there shall be excluded all income derived from research performed for any person, and all deductions directly connected with such income.

(9) In the case of any organization (other than a trust) subject to tax under Section 23731, the deduction allowed by Section 24357

(relating to charitable, etc., contributions and gifts) shall be allowed (whether or not directly connected with the carrying on of the trade or business), but shall not exceed 5 percent of the unrelated business taxable income computed without the benefit of this paragraph.

(10) In the case of any trust subject to taxation under Section 23731 or subdivision (a) of Section 17651, the deduction allowed by Sections 17214 and 17215 (relating to charitable, etc., contributions and gifts) shall be allowed (whether or not directly connected with the carrying on of the trade or business) and for such purpose a distribution made by the trust to a beneficiary described in Section 17214 shall be considered a gift or contribution. The deduction allowed by this paragraph shall be allowed with the limitations prescribed in Section 17215 determined with reference to the unrelated business taxable income computed without the benefit of this paragraph (in lieu of with reference to adjusted gross income).

(11) There shall also be allowed a specific deduction of one thousand dollars (\$1,000). In the case of a diocese, province of a religious order, or a convention or association of churches, there shall be allowed, with respect to each parish, individual church, district, or other local unit, a specific deduction equal to the lower of—

(A) One thousand dollars (\$1,000), or

(B) The gross income derived from any unrelated trade or business regularly carried on by such local unit.

(12) In the case of an organization which is described in Section 23701a, there shall be excluded all income used to establish, maintain, or operate a retirement home, hospital, or other similar facility for the exclusive use and benefit of the aged and infirm members of such an organization, which is derived from agricultural pursuits conducted on ground contiguous to the retirement home, hospital, or similar facility and further provided that such income does not provide more than 75 percent of the cost of maintaining and operating the retirement home, hospital, or similar facility; and there shall be excluded all deductions directly connected with such income.

(13) Notwithstanding paragraph (1), (2), or (3), amounts of interest, annuities, royalties, and rents derived from any organization (in this paragraph called the controlled organization) of which the organization deriving such amounts (in this paragraph called the controlling organization) has control (as defined in Section 24564) shall be included as an item of gross income (whether or not the activity from which such amounts are derived represents a trade or business or is regularly carried on) in an amount which bears the same ratio as—

(A) (i) In the case of a controlled organization which is not exempt from taxation under Section 23701 or 17631, the excess of the amount of taxable income of the controlled organization over the amount of such organization's taxable income which if derived directly by the controlling organization would not be unrelated business taxable income, or

(ii) In the case of a controlled organization which is exempt from taxation under Section 23701 or 17631, the amount of unrelated business taxable income of the controlled organization, bears to

(B) The taxable income of the controlled organization (determined in the case of a controlled organization to which subparagraph (A) (ii) applies as if it were not an organization exempt from taxation under Section 23701 or 17631), but not less than the amount determined in clause (i) or (ii), as the case may be, of subparagraph (A),

both amounts computed without regard to amounts paid directly or indirectly to the controlling organization. There shall be allowed all deductions directly connected with amounts included in gross income under the preceding sentence.

SEC. 22. Section 24372 of the Revenue and Taxation Code is amended to read:

24372. (a) Every taxpayer at its election, shall be entitled to a deduction with respect to the amortization of the amortizable basis of any certified pollution control facility (as defined in subdivision (d)), based on a period of 60 months. Such amortization deduction shall be an amount, with respect to each month of such period within the income year, equal to the amortizable basis of the pollution control facility at the end of such month divided by the number of months (including the month for which the deduction is computed) remaining in the period. Such amortizable basis at the end of the month shall be computed without regard to the amortization deduction for such month. The amortization deduction provided by this section with respect to any month shall be in lieu of the depreciation deduction with respect to such pollution control facility for such month provided by Section 24349. The 60-month period shall begin, as to any pollution control facility, at the election of the taxpayer, with the month following the month in which such facility was completed or acquired, or with the succeeding income year.

(b) The election of the taxpayer to take the amortization deduction and to begin the 60-month period with the month following the month in which the facility is completed or acquired, or with the income year succeeding the income year in which such facility is completed or acquired, shall be made by filing with the Franchise Tax Board in such manner, in such form, and within such time, as the Franchise Tax Board may by regulations prescribe, a statement of such election.

(c) A taxpayer which has elected under subdivision (b) to take the amortization deduction provided in subdivision (a) may at any time after making such election, discontinue the amortization deduction with respect to the remainder of the amortization period, such discontinuance to begin as of the beginning of any month specified by the taxpayer in a notice in writing filed with the Franchise Tax Board before the beginning of such month. The depreciation deduction provided under Section 24349 shall be

allowed, beginning with the first month as to which the amortization deduction does not apply, and the taxpayer shall not be entitled to any further amortization deduction under this section with respect to such pollution control facility.

(d) For purposes of this section—

(1) The term “certified pollution control facility” means a new identifiable treatment facility which is used, in connection with a plant or other property in operation before January 1, 1971, to abate or control water or atmospheric pollution or contamination by removing, altering, disposing, or storing of pollutants, contaminants, wastes, or heat and which the State Department of Health has certified as having been constructed, reconstructed, erected, or acquired in conformity with the state program or requirements for abatement or control of water or atmospheric pollution or contamination.

(2) For purposes of paragraph (1), the term “new identifiable treatment facility” includes only tangible property (not including a building and its structural components, other than a building which is exclusively a treatment facility) which is of a character subject to the allowance for depreciation provided in Section 24349 which is identifiable as a treatment facility, and which—

(A) Is property—

(i) The construction, reconstruction, or erection of which is completed by the taxpayer after December 31, 1970, or

(ii) Acquired after December 31, 1970, if the original use of the property commences with the taxpayer and commences after such date, and

(B) Is placed in service by the taxpayer before January 1, 1975. In applying this section in the case of property described in clause (i) of subparagraph (A), there shall be taken into account only that portion of the basis which is properly attributable to construction, reconstruction, or erection after December 31, 1970.

(e) The State Department of Health shall not certify any property to the extent it appears that by reason of profits derived through the recovery of wastes or otherwise in the operation of such property, its costs will be recovered over its actual useful life.

(f) (1) For purposes of this section, the term “amortizable basis” means that portion of the adjusted basis (for determining gain) of a certified pollution control facility which may be amortized under this section.

(2) (A) If a certified pollution control facility has a useful life (determined as of the first day of the first month for which a deduction is allowable under this section) in excess of 15 years, the amortizable basis of such facility shall be equal to an amount which bears the same ratio to the portion of the adjusted basis of such facility, which would be eligible for amortization but for the application of this subparagraph, as 15 bears to the number of years of useful life of such facility.

(B) The amortizable basis of a certified pollution control facility

with respect to which an election under this section is in effect shall not be increased, for purposes of this section, for additions or improvements after the amortization period has begun.

(g) The depreciation deduction provided by Section 24349 shall, despite the provisions of subdivision (a), be allowed with respect to the portion of the adjusted basis which is not the amortizable basis.

(h) In the case of property held by one person for life with remainder to another person, the deduction under this section shall be computed as if the life tenant were the absolute owner of the property and shall be allowable to the life tenant.

SEC. 23. Section 24378 of the Revenue and Taxation Code is amended to read:

24378. (a) Amounts paid or incurred during the income year on account of a transfer, sale, or other disposition of a franchise, trademark, or trade name which are contingent on the productivity, use, or disposition of the franchise, trademark, or trade name transferred shall be allowed as a deduction.

(b) Any payment not described in subdivision (a) which is made in discharge of a principal sum agreed upon in the transfer agreement shall be allowed as a deduction—

(1) In the case of a single payment made in discharge of such principal sum, ratably over the income years in the period beginning with the income year in which the payment is made and ending with the ninth succeeding income year or ending with the last income year beginning in the period of the transfer agreement, whichever period is shorter;

(2) In the case of a payment which is one of a series of approximately equal payments made in discharge of such principal sum, which are payable over—

(A) The period of the transfer agreement, or

(B) A period of more than 10 income years, whether ending before or after the end of the period of the transfer agreement, in the income year in which the payment is made; and

(3) In the case of any other payment, in the income year or years specified in regulations prescribed by the Franchise Tax Board, consistently with the preceding provisions of this paragraph.

(c) This section shall not apply to the transfer of a franchise to engage in professional football, basketball, baseball, or other professional sport.

SEC. 24. Section 24438 of the Revenue and Taxation Code is amended to read:

24438. (a) No deduction shall be allowed for any interest paid or incurred by a taxpayer during the income year with respect to its corporate acquisition indebtedness to the extent that such interest exceeds—

(1) Five million dollars (\$5,000,000), reduced by

(2) The amount of interest paid or incurred by such corporation during such year on obligations (A) issued after December 31, 1967, to provide consideration for an acquisition described in paragraph

(1) of subdivision (b), but (B) which are not corporate acquisition indebtedness.

(b) For purposes of this section, the term "corporate acquisition indebtedness" means any obligation evidenced by a bond, debenture, note, or certificate or other evidence of indebtedness issued after October 9, 1969, by a corporation (hereinafter in this section referred to as "issuing corporation") if—

(1) Such obligation is issued to provide consideration for the acquisition of—

(A) Stock in another corporation (hereinafter in this section referred to as "acquired corporation"), or

(B) Assets of another corporation (hereinafter in this section referred to as "acquired corporation") pursuant to a plan under which at least two-thirds (in value) of all the assets (excluding money) used in trades and businesses carried on by such corporation are acquired,

(2) Such obligation is either—

(A) Subordinated to the claims of trade creditors of the issuing corporation generally, or

(B) Expressly subordinated in right of payment to the payment of any substantial amount of unsecured indebtedness, whether outstanding or subsequently issued, of the issuing corporation,

(3) The bond or other evidence of indebtedness is either—

(A) Convertible directly or indirectly into stock of the issuing corporation, or

(B) Part of an investment unit or other arrangement which includes, in addition to such bond or other evidence of indebtedness, an option to acquire, directly or indirectly, stock in the issuing corporation, and

(4) As of a day determined under paragraph (1) of subdivision (c) either—

(A) The ratio of debt to equity (as defined in paragraph (2) of subdivision (c)) of the issuing corporation exceeds 2 to 1, or

(B) The projected earnings (as defined in paragraph (3) of subdivision (c)), do not exceed three times the annual interest to be paid or incurred (determined under paragraph (4) of subdivision (c)).

(c) For purposes of paragraph (4) of subdivision (b)—

(1) Determinations are to be made as of the last day of any income year of the issuing corporation in which it issues any obligation to provide consideration for an acquisition described in paragraph (1) of subdivision (b) of stock in, or assets of, the acquired corporation.

(2) The term "ratio of debt to equity" means the ratio which the total indebtedness of the issuing corporation bears to the sum of its money and all its other assets (in an amount equal to their adjusted basis for determining gain) less such total indebtedness.

(3) (A) The term "projected earnings" means the "average annual earnings" (as defined in subparagraph (B)) of—

(i) The issuing corporation only, if clause (ii) does not apply, or

(ii) Both the issuing corporation and the acquired corporation, in any case where the issuing corporation has acquired control (as defined in Section 24564), or has acquired substantially all of the properties of the acquired corporation.

(B) The average annual earnings referred to in subparagraph (A) is, for any corporation, the amount of its earnings and profits for any three-year period ending with the last day of an income year of the issuing corporation described in paragraph (1), computed without reduction for—

(i) Interest paid or incurred,
(ii) Depreciation or amortization allowed under this part,
(iii) Liability for tax under this part, and
(iv) Distributions to which subdivision (a) of Section 24453 applies (other than such distributions from the acquired to the issuing corporation), and reduced to an annual average for such three-year period pursuant to regulations prescribed by the Franchise Tax Board. Such regulations shall include rules for cases where any corporation was not in existence for all of such three-year period or such period includes only a portion of an income year of any corporation.

(4) The term “annual interest to be paid or incurred” means—

(A) If subparagraph (B) does not apply, the annual interest to be paid or incurred by the issuing corporation only, determined by reference to its total indebtedness outstanding, or

(B) If projected earnings are determined under clause (ii) of subparagraph (A) of paragraph (3), the annual interest to be paid or incurred by both the issuing corporation and the acquired corporation, determined by reference to their combined total indebtedness outstanding.

(5) With respect to any corporation which is a bank or is primarily engaged in a lending or finance business—

(A) In determining under paragraph (2) the ratio of debt to equity of such corporation (or of the affiliated group of which such corporation is a member), the total indebtedness of such corporation (and the assets of such corporation) shall be reduced by an amount equal to the total indebtedness owed to such corporation which arises out of the banking business of such corporation, or out of the lending or finance business of such corporation, as the case may be;

(B) In determining under paragraph (4) the annual interest to be paid or incurred by such corporation (or by the issuing and acquired corporations referred to in subparagraph (B) of paragraph (4) or by the affiliated group of which such corporation is a member) the amount of such interest (determined without regard to this paragraph) shall be reduced by an amount which bears the same ratio to the amount of such interest as the amount of the reduction for the income year under subparagraph (A) bears to the total indebtedness of such corporation; and

(C) In determining under subparagraph (B) of paragraph (3),

the average annual earnings, the amount of the earnings and profits for the three-year period shall be reduced by the sum of the reductions under subparagraph (B) for such period.

For purposes of this paragraph, the term "lending or finance business" means a business of making loans or purchasing or discounting accounts receivable, notes, or installment obligations.

(d) In applying this section—

(1) The deduction of interest on any obligation shall not be disallowed under subdivision (a) before the first income year of the issuing corporation as of the last day of which the application of either subparagraph (A) or subparagraph (B) of paragraph (4) of subdivision (b) results in such obligation being corporate acquisition indebtedness.

(2) Except as provided in paragraphs (3), (4), and (5), if an obligation is determined to be corporate acquisition indebtedness as of the last day of any income year of the issuing corporation, it shall be corporate acquisition indebtedness for such income year and all subsequent income years.

(3) If an obligation is determined to be corporate acquisition indebtedness as of the close of an income year of the issuing corporation in which clause (i) of subparagraph (A) of paragraph (3) of subdivision (c) applied, but would not be corporate acquisition indebtedness if the determination were made as of the close of the first income year of such corporation thereafter in which clause (ii) of subparagraph (A) of paragraph (3) of subdivision (c) could apply, such obligation shall be considered not to be corporate acquisition indebtedness for such later income year and all income years thereafter.

(4) If an obligation which has been determined to be corporate acquisition indebtedness for any income year would not be such indebtedness for each of any three consecutive income years thereafter if paragraph (4) of subdivision (b) were applied as of the close of each of such three years, then such obligation shall not be corporate acquisition indebtedness for all income years after such three consecutive income years.

(5) In the case of obligations issued to provide consideration for the acquisition of stock in another corporation, such obligations shall be corporate acquisition indebtedness for an income year only if the issuing corporation owns 5 percent or more of the total combined voting power of all classes of stock entitled to vote of such other corporation.

(e) An acquisition of stock of a corporation of which the issuing corporation is in control (as defined in Section 24564) in a transaction in which gain or loss is not recognized shall be deemed an acquisition described in paragraph (1) of subdivision (b) only if immediately before such transaction (1) the acquired corporation was in existence, and (2) the issuing corporation was not in control (as defined in Section 24564) of such corporation.

(f) For purposes of this section, the term "corporate acquisition

indebtedness" does not include any indebtedness issued to any person to provide consideration for the acquisition of stock in, or assets of, any foreign corporation substantially all of the income of which, for the three-year period ending with the date of such acquisition or for such part of such period as the foreign corporation was in existence, is from sources without the United States.

(g) In any case in which the issuing corporation is a member of an affiliated group, the application of this section shall be determined, pursuant to regulations prescribed by the Franchise Tax Board, by treating all of the members of the affiliated group in the aggregate as the issuing corporation, except that the ratio of debt to equity of, projected earnings of, and annual interest to be paid or incurred by any corporation (other than the issuing corporation determined without regard to this subdivision) shall be included in the determinations required under subparagraphs (A) and (B) of paragraph (4) of subdivision (b) as of any day only if such corporation is a member of the affiliated group on such day, and, in determining projected earnings of such corporation under paragraph (3) of subdivision (c), there shall be taken into account only the earnings and profits of such corporation for the period during which it was a member of the affiliated group. For purposes of this section, the term "affiliated group" has the meaning assigned to such term by Section 1504 of the Internal Revenue Code except that all corporations other than the acquired corporation shall be treated as includable corporations and the acquired corporation shall not be treated as an includable corporation.

(h) For purposes of this section—

(1) Any extension, renewal, or refinancing of an obligation evidencing a preexisting indebtedness shall not be deemed to be the issuance of a new obligation.

(2) Any obligation which is corporate acquisition indebtedness of the issuing corporation is also corporate acquisition indebtedness of any corporation which becomes liable for such obligation as guarantor, endorser, or indemnitor or which assumes liability for such obligation in any transaction.

(i) No inference shall be drawn from any provision in this section that any instrument designated as a bond, debenture, note, or certificate or other evidence of indebtedness by its issuer represents an obligation or indebtedness of such issuer in applying any other provision of this part.

(j) The provisions of this section shall apply to the determination of the allowability of the deduction of interest paid or incurred with respect to indebtedness incurred after December 31, 1970.

SEC. 25. Section 24837.5 of the Revenue and Taxation Code is amended to read:

24837.5. (a) (1) At the election of the taxpayer, expenditures paid or incurred during the income year for the purpose of ascertaining the existence, location, extent, or quality of any deposit of ore or other mineral, and paid or incurred before the beginning

of the development stage of the mine, shall be allowed as a deduction in computing net income. This subdivision shall apply only with respect to the amount of such expenditures which, but for this subdivision, would not be allowable as a deduction for the income year. This subdivision shall not apply to expenditures for the acquisition or improvement of property of a character which is subject to the allowance for depreciation provided in Sections 24349 to 24354.2, inclusive, but allowances for depreciation shall be considered, for purposes of this subdivision, as expenditures paid or incurred. In no case shall this subdivision apply with respect to amounts paid or incurred for the purpose of ascertaining the existence, location, extent, or quality of any deposit of oil or gas or of any mineral with respect to which a deduction for percentage depletion is not allowable under Section 24832 or 24833.

(2) (A) Any election under this subdivision shall be made in such manner as the Franchise Tax Board may by regulations prescribe.

(B) The election provided by paragraph (1) for the income year may be made at any time before the expiration of the period prescribed for making a claim for credit or refund of the tax imposed by this part for the income year. Such an election for the income year shall apply to all expenditures described in paragraph (1) paid or incurred by the taxpayer during the income year or during any subsequent income year.

(C) The statutory period for the assessment of any deficiency for any income year, to the extent such deficiency is attributable to an election or revocation of an election under this subdivision, shall not expire before the last day of the three-year period beginning on the day after the date on which such election or revocation of election is made; and such deficiency may be assessed at any time before the expiration of such three-year period, notwithstanding any law or rule of law which would otherwise prevent such assessment.

(b) (1) If, in any income year, any mine with respect to which expenditures were deducted pursuant to subdivision (a) reaches the producing stage, then—

(A) If the taxpayer so elects with respect to all such mines reaching the producing stage during the income year, it shall include in gross income for the income year an amount equal to the adjusted exploration expenditures with respect to such mines, and the amount so included in income shall be treated for purposes of this part as expenditures which (i) are paid or incurred on the respective dates on which the mines reach the producing state, and (ii) are properly chargeable to capital account.

(B) If subparagraph (A) does not apply with respect to any such mine, then the deduction for depletion under Section 24831 with respect to the property shall be disallowed until the amount of depletion which would be allowable but for this subparagraph equals the amount of the adjusted exploration expenditures with respect to such mine.

(2) (A) Any election under this subdivision shall be made in such

manner as the Franchise Tax Board may by regulations prescribe.

(B) The election provided by paragraph (1) for any income year may be made or changed not later than the time prescribed by law for filing the return (including extensions thereof) for such income year.

(c) If an election has been made under subdivision (a) with respect to expenditures relating to a mining property and the taxpayer receives or accrues a bonus or a royalty with respect to such property, then the deduction for depletion under Section 24831 with respect to the bonus or royalty shall be disallowed until the amount of depletion which would be allowable but for this subdivision equals the amount of the adjusted exploration expenditures with respect to the property to which the bonus or royalty relates.

(d) (1) Except as otherwise provided in this subdivision if mining property is disposed of the lower of—

(A) The adjusted exploration expenditures with respect to such property, or

(B) The excess of—

(i) The amount realized (in the case of a sale, exchange, or involuntary conversion), or the fair market value (in the case of any other disposition), over

(ii) The adjusted basis of such property,

shall be treated as gain from the sale or exchange of property. Such gain shall be recognized notwithstanding any other provision of this part.

(2) For purposes of paragraph (1)—

(A) In the case of the disposition of a portion of a mining property (other than an undivided interest), the entire amount of the adjusted exploration expenditures with respect to such property shall be treated as attributable to such portion to the extent of the amount of the gain to which paragraph (1) applies.

(B) In the case of the disposition of an undivided interest in a mining property (or a portion thereof), a proportionate part of the adjusted exploration expenditures with respect to such property shall be treated as attributable to such undivided interest to the extent of the amount of the gain to which paragraph (1) applies. This paragraph shall not apply to any expenditure to the extent the taxpayer establishes to the satisfaction of the Franchise Tax Board that such expenditure relates neither to the portion (or interest therein) disposed of nor to any mine, in the property held by the taxpayer before the disposition which has reached the producing stage.

(3) This subdivision shall apply notwithstanding any other provisions of this part.

(e) (1) The basis of any property shall not be reduced by the amount of any depletion which would be allowable but for the application of this section.

(2) The Franchise Tax Board shall prescribe such regulation as it may deem necessary to provide for adjustments to the basis of

property to reflect gain recognized under paragraph (1) of subdivision (d).

(f) For purposes of this section—

(1) The term “adjusted exploration expenditures” means, with respect to any property or mine—

(A) The amount of the expenditures allowed for the income year and all preceding income years as deductions under subdivision (a) to the taxpayer or any other person which are properly chargeable to such property or mine and which (but for the election under subdivision (a)) would be reflected in the adjusted basis of such property or mine, reduced by

(B) For the income year and for each preceding income year, the amount (if any) by which (i) the amount which would have been allowable for percentage depletion under Section 24832 or 24833 but for the deduction of such expenditures, exceeds (ii) the amount allowable for depletion under Section 24831

CHAPTER 1252

An act to amend Section 1208 of the Penal Code, relating to prisoners.

[Approved by Governor December 13, 1972. Filed with Secretary of State December 13, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 1208 of the Penal Code is amended to read: 1208. (a) The provisions of this section, insofar as they relate to employment, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of employment conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to employment, in that county is feasible. The provisions of this section, insofar as they relate to education, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of education conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to education, in that county is feasible. In any such ordinance the board shall prescribe whether the sheriff, the probation officer, or the superintendent of a county industrial farm or industrial road camp in the county shall perform the functions of the work furlough administrator. The board of supervisors may also terminate the operativeness of this section, either with respect to employment or education in the county if it finds by ordinance that, because of changed circumstances, the operation of this section, either with respect to employment or education in that county is no longer feasible.

Notwithstanding any other provision of law, the board of supervisors may by ordinance designate a facility for confinement of prisoners classified for the work furlough program and designate the work furlough administrator as the custodian of the facility. The sheriff may transfer custody of such prisoners to the work furlough administrator to be confined in such facility for the period during which they are in the work furlough program.

(b) When a person is convicted of a misdemeanor and sentenced to the county jail, or is imprisoned therein for nonpayment of a fine, for contempt, or as a condition of probation for any criminal offense, or committed under the terms of Section 6404 or 6406 of the Welfare and Institutions Code as a habit-forming drug addict, the work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular employment, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure employment for himself, unless the court at the time of sentencing or committing has ordered that such person not be granted work furloughs. The work furlough administrator may, if he concludes that

such person is a fit subject therefor, direct that such person be permitted to continue in his regular educational program, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure education for himself, unless the court at the time of sentencing has ordered that such person not be granted work furloughs.

(c) If the work furlough administrator so directs that the prisoner be permitted to continue in his regular employment or educational program, the administrator shall arrange for a continuation of such employment or education, so far as possible without interruption. If the prisoner does not have regular employment or a regular educational program, and the administrator has authorized the prisoner to secure employment or education for himself, the prisoner may do so, and the administrator may assist him in doing so. Any employment or education so secured must be suitable for the prisoner. Such employment or educational program, if such educational program includes earnings by the prisoner, must be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in such area. In no event may any such employment or educational program involving earnings by the prisoner be permitted where there is a labor dispute in the establishment in which the prisoner is, or is to be, employed or educated.

(d) Whenever the prisoner is not employed or being educated and between the hours or periods of employment or education, he shall be confined in the facility designated by the board of supervisors for work furlough confinement unless the work furlough administrator directs otherwise. If the prisoner is injured during a period of employment or education, the work furlough administrator shall have the authority to release him from the facility for continued medical treatment by private physicians or at medical facilities at the expense of the employer, workman's compensation insurer, or the prisoner. Such release shall not be construed as assumption of liability by the county or work furlough administrator for medical treatment obtained.

The work furlough administrator may release any prisoner classified for the work furlough program for a period not to exceed 72 hours for medical, dental, or psychiatric care, and for family emergencies or pressing business which would result in severe hardship if the release were not granted.

(e) The earnings of the prisoner may be collected by the work furlough administrator, and it shall be the duty of the prisoner's employer to transmit such wages to the administrator at the latter's request. Earnings levied upon pursuant to writ of attachment or execution or in other lawful manner shall not be transmitted to the administrator. If the administrator has requested transmittal of earnings prior to levy, such request shall have priority. In a case in which the functions of the administrator are performed by a sheriff,

and such sheriff receives a writ of attachment or execution for the earnings of a prisoner subject to this section but has not yet requested transmittal of the prisoner's earnings pursuant to this section, he shall first levy on the earnings pursuant to the writ. When an employer or educator transmits such earnings to the administrator pursuant to this subdivision he shall have no liability to the prisoner for such earnings. From such earnings the administrator shall pay the prisoner's board and personal expenses, both inside and outside the jail, and shall deduct so much of the costs of administration of this section as is allocable to such prisoner, and, in an amount determined by the administrator, shall pay the support of the prisoner's dependents, if any. If sufficient funds are available after making the foregoing payments, the administrator may, with the consent of the prisoner, pay, in whole or in part, the preexisting debts of the prisoner. Any balance shall be retained until the prisoner's discharge and thereupon shall be paid to him.

(f) The prisoner shall be eligible for time credits pursuant to Sections 4018, 4019, and 4019.2.

(g) In the event the prisoner violates the conditions laid down for his conduct, custody, education, or employment, the work furlough administrator may order the balance of the prisoner's sentence to be spent in actual confinement.

(h) Willful failure of the prisoner to return to the place of confinement not later than the expiration of any period during which he is authorized to be away from the place of confinement pursuant to this section is punishable as provided in Section 4532 of the Penal Code.

(i) As used in this section, "education" includes vocational and educational training and counseling; and psychological, drug abuse, alcoholic and other rehabilitative counseling; "educator" includes a person or institution providing such training or counseling.

(j) This section shall be known and may be cited as the "Cobey Work Furlough Law."

CHAPTER 1. GENERAL

Article 1. Legislative Intent

14000. The Legislature hereby finds and declares as follows:

(a) Continued growth in transport demand resulting from population growth, concentration of population in urban areas, and increasing mobility requirements indicate a need for innovative, as well as improved, systems to accommodate increased demand.

(b) The diversity of conditions in California is such as to require a variety of solutions to transportation problems within various areas of the state. Differences in population levels and densities, living patterns, social conditions, topography, climate, environmental circumstances, and other factors should be recognized in determining appropriate solutions to transportation problems in the various areas. Particular attention must be given to differences among the metropolitan, the less urbanized, and the more rural areas of the state. In some cases, future demands, particularly in urban corridors, may prove to be beyond the practical capabilities of a highway solution; while in other cases, environmental conditions may rule out a highway solution. In still other cases, heavy reliance upon highway transportation may prove to be satisfactory for the foreseeable future. Clearly, the appropriate mix of transportation modes throughout California to provide economical and efficient transportation service consistent with desires for mobility, will vary markedly from time to time and from area to area within the state.

In all cases, regional and local expressions of transportation goals, objectives, and policies which reflect the unique characteristics and aspirations of various areas of the state shall be recognized in transportation planning tempered, however, by consideration of statewide interests.

(c) A goal of the state is to provide adequate, safe, and efficient transportation facilities and services for the movement of people and goods at reasonable cost. The provision of adequate transportation services for persons not now adequately served by any transportation mode, particularly the disadvantaged, the elderly, the handicapped, and the young, should be an integral element of the planning process. Stimulation of the provision of transportation not only for speed and efficiency of travel, but also for convenience and enjoyment in shopping, school, cultural, and business pursuits, leisure time travel, and pedestrian travel, is also a state aim. It is the desire of the state to provide a transportation system that

significantly reduces hazards to human life, pollution of the atmosphere, generation of noise, disruption of community organization, and adverse impacts on the natural environment. The desirability of utilizing corridors for multimodal transportation, where possible to improve efficiency and economy in land use, is recognized. The coastal zone should be provided with optimal transportation services consistent with local and regional goals and plans, with the objective of conserving the coastal resource.

(d) The responsibilities for decisionmaking for California's transportation systems are highly fragmented. This has hampered effective integration of transportation planning and intermodal coordination. A comprehensive multimodal transportation planning process should be established which involves all levels of government and the private sector in a cooperative process to develop coordinated transportation plans.

(e) Accelerating change and increasing transportation problems require that California take timely action to maintain viable transportation systems. As long lead times are necessary to develop transportation systems, the planning and development of transportation in California should be coordinated by a Department of Transportation. A multimodal transportation department in state government is in keeping with the necessities of contemporary problems and the thrust of federal involvement. However, there is no intent to diminish or preempt the existing authorities and responsibilities of regional, local, and district transportation agencies in their handling of transportation matters which are local or regional in nature.

(f) The stimulation, continuance, and improvement of statewide, regional, and local transportation planning and development are a matter of state concern, and the state should, for this reason, provide a portion of the financial resources and assistance necessary to aid in preparing transportation plans, developing effective transportation decisionmaking processes, and carrying out implementation programs.

14000.5. The Legislature further finds and declares that the role of the state in transportation shall be to:

(a) Encourage and stimulate the development of urban mass transportation and interregional high-speed transportation where found appropriate as a means of carrying out the policy of providing balanced transportation in the state.

(b) Implement and maintain a state highway system which supports the goals and priorities determined through the transportation planning process, which is in conformity with comprehensive statewide and regional transportation plans, and which is compatible with statewide and regional socioeconomic and environmental goals, priorities and available resources.

(c) Assist in the development of an air transportation system that is consistent with the needs and desires of the public, and in which airports are compatible in location with, and provide services

meeting, statewide and regional goals and objectives.

(d) Encourage research and development of technological innovation in all modes of transportation in cooperation with public agencies and the private sector.

Article 2. Administration

14001. There is in the Business and Transportation Agency a Department of Transportation.

Any reference in any law or regulation to the Department of Public Works shall be deemed to refer to the Department of Transportation.

14002. The department is under the control of an executive officer known as the Director of Transportation.

14002.5. As used in this part, unless the context otherwise requires:

(a) "Department" means the Department of Transportation.

(b) "Director" means the Director of Transportation.

(c) "Secretary" means the Secretary of the Business and Transportation Agency.

(d) "Board" means the State Transportation Board.

14003. The director is appointed by the Governor, subject to confirmation by the Senate, and holds office at the pleasure of the Governor. The annual salary of the director is provided for by Chapter 6 (commencing with Section 11550), Part 1 of this division.

14004. Before entering upon the duties of his office, the director shall execute an official bond to the state in the penal sum of twenty-five thousand dollars (\$25,000) conditioned upon the faithful performance of his duties.

The deputy director is appointed by the Governor, upon recommendation of the director, and shall serve at the pleasure of the director. The annual salary shall be fixed by the director in accordance with law. The deputy director shall have such duties as may be assigned to him by the director and he shall be responsible to the director for the performance of those duties.

14007. For the purpose of administration, the director shall organize the department with the approval of the Governor and the secretary in the manner that they deem necessary properly to segregate and conduct the work of the department.

The work of the department shall be divided into at least six divisions, known as the Division of Highways, Division of Aeronautics, Division of Mass Transportation, Division of Transportation Planning, Division of Administrative Services, and

the Legal Division.

With the approval of the Governor and the secretary, the director may create, change, or abolish such other divisions and subdivisions as may be necessary.

Any reference in any law or regulation to the Division of Bay Toll Crossings shall be deemed to refer to the department.

14008. The department succeeds to and is vested with all the duties, powers, purposes, responsibilities, and jurisdiction vested in the Department of Aeronautics, the Department of Public Works, and the Office of Transportation Planning and Research, with the exceptions of those functions and duties reserved to the board in Section 13990.6 on July 1, 1973.

14008.5. The department may use unexpended balances of funds available for use by the Department of Aeronautics, the Department of Public Works, and the Office of Transportation Planning and Research in connection with the functions of those organizations that are transferred to or vested in the department. Such funds shall be used by the department only for the purposes for which they were originally appropriated or otherwise made available or otherwise designated by law.

14009. All officers and employees of the Department of Aeronautics, the Department of Public Works, and the Office of Transportation Planning and Research who, on July 1, 1973, are serving in the state civil service, and engaged in the performance of a function transferred to or vested in the department, shall be transferred to the department. The status, positions, and rights of such persons shall not be affected by the transfer, and shall be retained by them as officers and employees of the department pursuant to the State Civil Service Act, except as to positions exempt from civil service in the Department of Aeronautics, the Department of Public Works, and the Office of Transportation Planning and Research.

14010. The department shall have the possession and control of all licenses, permits, leases, agreements, contracts, orders, claims, judgments, records, papers, equipment, supplies, bonds, moneys, funds, appropriations, buildings, land and other property, real or personal, held for the benefit, use, or obligation of the Department of Aeronautics, the Department of Public Works, and the Office of Transportation Planning and Research in connection with the functions of those organizations that are transferred to or vested in the department.

14010.5. The Governor, in the case of the Office of Transportation Planning and Research, shall make the final determination as to the proper division of personnel, property, and funds between the board and department for purposes of Sections 13993, 13993.1, 13993.2, 14008.5, 14009, and 14010.

14011. The department may expend money appropriated for the administration of the laws the enforcement of which is committed to the department. The department may expend such money for the

use, support, or maintenance of any appropriate state agency within the department.

Such expenditures by the department shall be made in accordance with law in carrying on the work for which the appropriations were made.

14012. The director may sell or lease excess right-of-way parcels to municipalities or other local agencies for public purposes, and may accept as all or part of the consideration for such sale or lease any substantial benefits the state will derive from the municipality or other local agency's undertaking maintenance or landscaping costs which would otherwise be the obligation of the state.

14013. The director may lease nonoperating right-of-way areas to municipalities or other local agencies for public purposes, and may contribute toward the cost of developing local parks and other recreational facilities on such areas. The director may accept as all or part of the consideration for such lease or for such state contribution any substantial benefits the state will derive from the municipality or other local agency's undertaking maintenance or landscaping costs which would otherwise be the obligation of the state. Such leases shall contain a provision that whenever the leased land is needed for state highway operating purposes the lease shall terminate. The department is authorized to classify portions of state highway right-of-way as nonoperating.

14014. The director may authorize the refund of moneys received or collected by the department in payment of fees, licenses, permits, tools, or for rentals, property or services, wherein the license, permit, rental, property or service cannot lawfully be issued, furnished, or transferred to the person making the payment, or in cases where the payment in whole or in part represents overpayment or payment in duplicate.

Article 3. Activities

14030. The powers and duties of the department shall include, but not be limited to, the following activities:

(a) Coordinating and developing, in cooperation with local and regional entities, comprehensive balanced transportation planning and policy for the movement of people and goods within the state.

(b) Coordinating and assisting, upon request of, the various public and private transportation entities in strengthening their development and operation of balanced integrated mass transportation, highway, aviation, maritime, railroad, and other transportation facilities and services in support of statewide and regional goals.

(c) Developing, in cooperation with local and regional transportation entities, the full potential of all resources and opportunities which are now, and may become, available to the state and to regional and local agencies for meeting California's transportation needs, as provided by statute, tempered by

consideration of other relevant factors, including social, environmental, and community planning.

(d) Planning, designing, constructing, operating, and maintaining those transportation systems which the Legislature has made, or may make, the responsibility of the department; provided, that the department is not authorized to assume the functions of project planning, designing, constructing, operating, or maintaining transit, aviation, or maritime facilities without express prior approval of the Legislature.

(e) Coordinating and developing transportation research projects of statewide interest.

(f) Exercising such other functions, powers, and duties as are or may be provided for by law.

Article 4. California Transportation Plan

The department shall prepare, subject to Section 13991, the California Transportation Plan directed at the achievement of a coordinated and balanced transportation system for the state, including, but not limited to, mass transportation, highway, aviation, maritime, and railroad facilities and services, whether public or private, that is consistent with the state's social, economic, and environmental needs and goals.

14040.2. The California Transportation Plan shall include regional transportation plans as prepared by regional transportation planning agencies pursuant to Chapter 2.5 (commencing with Section 65080) of Title 7. The narratives of the regional transportation plans may be summarized in the California Transportation Plan in the interest of readability and brevity. The California Transportation Plan may include alternative recommendations for resolving issues of statewide interregional interest, including resource allocation where differences exist between regional transportation plans or where, within a regional transportation plan, a matter of statewide interregional interest has been omitted. Additionally, the department may make recommendations to promote consistency among regional transportation plans to the end that the California Transportation Plan will provide total system integration continuity and balance, and achieve equity on a statewide basis.

14040.4. The California Transportation Plan shall be submitted by the director to the board. The board shall hold public hearings on the plan, and shall solicit the views of the general public and of the various public and private entities affected. Legislature has received, and approved or modified, the recommendations specified in subdivision (a) of Section 14042 by an act containing the approved or modified recommendations, which act shall constitute a legislative declaration of statewide transportation goals, objectives, and policies. The board shall adopt the California Transportation Plan only upon a finding that the plan is compatible with the declaration.

14040.7. After the adoption of the plan in accordance with Section 14040.6, but prior to the board's annual review of the department's budget, the director shall submit to the board annually, during the next succeeding two years, a proposed updating of the California Transportation Plan which includes the annual updated regional transportation plans required by Section 65080, along with a multiyear planning program. Thereafter, the proposed updating shall be submitted biennially. The board shall hold public hearings and adopt an updated California Transportation Plan in the same manner as required for the original plan. However, the board shall not adopt the updated plan unless it finds that the updated plan is compatible with the currently effective legislative declaration of statewide transportation goals, objectives, and policies.

CHAPTER 1254

An act to amend Sections 11784 and 11785 of the Government Code, relating to electronic data processing, making an appropriation therefor and declaring the urgency thereof, to take effect immediately.

[Approved by Governor December 15, 1972. Filed with Secretary of State December 15, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 11784 of the Government Code is amended to read:

11784. Any contract entered into by the Department of Finance, any state agency, or any consolidated data center, concerning data-processing systems design, programming, documentation, conversion, training, and other aspects of data-processing operations shall require that contract personnel shall be physically on the premises of the consolidated data center or state entity in the conduct of systems design, programming, documentation, and training and such contract shall also contain a provision requiring the contractor and all of his staff working under such contract to maintain all information obtained as a result of such contract as confidential and to not divulge such information to any other person or entity. Where contracts are entered into pursuant to this section, as a condition of such contract, provision shall be made that state personnel are to be working directly with such contract personnel to assure continuation of all projects for which the contract is let after a contractor has fulfilled his contractual obligations. Full documentation of all programs shall reside both in the data center and the state entity for which the program was written.

The provisions of this section shall not apply to the University of California, the State Compensation Insurance Fund, or agencies provided for by Article VI of the Constitution, the Legislative Counsel Bureau, or the Legislature.

SEC. 2. Section 11785 of the Government Code is amended to read:

11785. Notwithstanding the provisions of Section 4 of the Budget Act of 1972 (Chapter 156, Statutes 1972) or any other provisions of law, contracts for lease of electronic data-processing equipment shall be in the form of the model contract for lease of electronic data-processing systems and components, as outlined in Section 4960.1 of the State Administrative Manual (new 1/67, revised 11/69) and shall include provisions for liquidated damages and standards of

performance. No portion of such contract shall be excluded or stricken except that modifications may be made, with the express approval of the Director of Finance, to those specific terms and conditions which:

(1) Impose unreasonable risks to the vendor or are contrary to commonly accepted practices relative to the contracting for such equipment in the following area:

(a) Vendor shall not be precluded from proposing limitations on liabilities, disclaimers on warranties, and protection from patent infringement.

(2) Are forbidden by federal law, mandate, or injunction, or are otherwise contrary to existing federal agreements.

(3) Act to alter the methods and procedures normally used by a vendor in charging for his equipment in the following areas:

(a) Vendor shall not be required to supply goods and services priced in a manner which has not been successfully imposed upon him by any state or federal entity.

(b) Vendors shall not be required to internally rewire or change internal machine construction in order to meet contract statements.

(c) Terminology definitions shall be consistent with those in use by the General Services Administration of the federal government.

Any modification to the model contract proposed in accordance with this section shall be reviewed, prior to its approval by the Director of Finance, by a joint legislative-executive review committee composed of representatives from the Legislative Analyst, the contracting agency, the Department of General Services, the Department of Finance, and the Auditor General.

The Director of Finance shall take into consideration such recommendations as the review committee makes in determining whether or not to approve the proposed modification.

Authority to make modification pursuant to this section shall apply only to procurements for the MICR System of the State Treasurer and the Warrant SMP System of the State Controller and shall terminate February 15, 1973.

It is the intent of the Legislature to consider modifications to the model contract which impose conditions inconsistent with current practices in the electronic data-processing industry. Identification of such conditions by vendors shall be taken into consideration in the formulation of legislation which will relieve these difficulties in order that firms not be unreasonably precluded through the use of inappropriate contract statements from doing business with the State of California.

SEC. 3. An approved revision to the model contract for lease of EDP systems and components, new 1/67 revised 11/69, shall be developed by the Department of Finance no later than February 15, 1973. The 11/69 version of the model contract for lease of EDP systems and components shall be the basis for this effort and its revision may include, but not be limited to, changes which resolve the following contractual areas of difficulty:

(1) Limitations of liability, disclaimers of warranty, and patent protection.

(2) Requirements which are forbidden by federal law, mandate, injunction, or are otherwise contrary to existing federal EDP agreements.

(3) Requirements which would make vendors internally rewire their hardware to meet contract statements.

(4) Requirements which force a vendor to alter his corporatwide pricing structure for goods and services into a form not offered by the vendor to any other state or federal government entity.

(5) Inconsistency in terminology definitions.

Implementation of any new contract provisions shall be subject to the enactment of appropriate legislation.

SEC. 3.5. The Business and Services Consolidated Data Center shall be named the Stephen P. Teale Consolidated Data Center.

SEC. 4. The sum of one million dollars (\$1,000,000) is hereby appropriated from the General Fund in augmentation of and upon the same terms and conditions, as modified by Section 2 of this act, as the appropriation made by Item 61.1 of the Budget Act of 1972 (Chapter 156, Statutes 1972).

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Senate Bill No. 1503 of the 1972 Regular Session (Ch. 787, Stats. 1972) created four consolidated data centers for the operation of electronic data processing by the state. In order to meet the time schedules for site preparation necessary to implement S.B. 1503, it is necessary for this act to take effect immediately.

11940. The Legislature hereby finds and declares that it is essential to the health and welfare of the people of this state that action be taken by state government to effectively and economically utilize federal and state funds for narcotic and drug abuse

prevention, care, treatment and rehabilitation services. To achieve this, it is necessary that:

(b) Responsibility and authority for planning programs and activities for prevention, care, treatment, and rehabilitation of narcotic addicts be concentrated in one agency. It is hereby declared to be the intent of the Legislature to assign responsibility and grant authority for planning narcotic and drug abuse prevention, care, treatment, and rehabilitation programs to a state agency whose functions shall be subject to periodic review by the Legislature and appropriate federal agencies.

11941. There is in the Health and Welfare Agency the State Office of Narcotics and Drug Abuse. This office shall be under the control of an executive officer known as the director. The director shall be appointed by, and hold office at the pleasure of, the Governor.

(f) Establish goals and priorities for all state agencies providing narcotic and drug abuse services. All state governmental units operating drug programs or administering or subventing state or federal funds for drug programs shall annually set their program priorities and allocate funds in coordination with the State Office of

Narcotics and Drug Abuse.

(g) Identify, in conjunction and cooperation with the Department of Finance, all funds made available to the state by the federal government, the state, public agencies, and other sources which can be used in the prevention, care, treatment, and rehabilitation of narcotics and drug abuse.

(h) In the same manner and subject to the same conditions as other state agencies, develop and submit annually to the Department of Finance a program budget for the statewide narcotics and drug abuse program, including not only expenditures proposed to be made under this division, but also expenditures proposed to be made under any related program or by any other state agency, incidental to the prevention, control, and treatment of narcotics and drug abuse. CHAPTER 2.5. SPECIAL PROCEEDINGS IN NARCOTICS AND DRUG ABUSE CASES

1000. (a) This chapter shall apply whenever a case is before any court upon an accusatory pleading for violation of Section 11500, 11530, 11555, 11556, 11910, or 11990 of the Health and Safety Code and it appears to the district attorney that all of the following apply to the defendant:

(1) The defendant has no prior conviction for any offense involving narcotics or restricted dangerous drugs.

(2) The offense charged did not involve a crime of violence or threatened violence.

(3) There is no evidence of a violation relating to narcotics or

restricted dangerous drugs other than a violation of the sections listed in this subdivision.

(4) The defendant has no record of probation or parole violations.

(b) The district attorney shall review his file to determine whether or not paragraphs (1) to (4), inclusive, of subdivision (a) are applicable to the defendant.

1000.1. (a) If the district attorney determines that this chapter may be applicable to the defendant, he shall advise the defendant or his attorney of such determination. If the defendant consents and waives his right to a speedy trial the district attorney shall refer the case to the probation department. The probation department shall make an investigation and take into consideration the defendant's age, employment and service records, educational background, community and family ties, prior narcotics or drug use, treatment history, if any, demonstrable motivation and other mitigating factors in determining whether the defendant is a person who would be benefited by education, treatment, or rehabilitation. The probation department shall also determine which community programs the defendant would benefit from and which of those programs would accept the defendant. The probation department shall report its findings and recommendation to the court.

(b) No statement, or any information procured therefrom, made by the defendant to any probation officer which relates to the specific offense with which the defendant is charged, which is made during the course of any investigation conducted pursuant to subdivision (a), and prior to the reporting of the probation department's findings and recommendations to the court, shall be admissible in any action or proceeding brought subsequent to the investigation, with respect to the specific offense with which the defendant is charged.

1000.2. The court shall hold a hearing and, after consideration of the probation department's report and any other information considered by the court to be relevant to its decision, shall determine if the defendant consents to further proceedings under this chapter and waives his right to a speedy trial and if the defendant should be diverted and referred for education, treatment, or rehabilitation. The defendant's case shall not be diverted unless the district attorney concurs with the court's determination that the defendant be so referred though such concurrence is not necessary with respect to the program to which the defendant is referred. If the court does not deem the defendant a person who would be benefited by diversion, or if the district attorney or the defendant do not consent to participate, the proceedings shall continue as in any other case.

The period during which the further criminal proceedings against the defendant may be diverted shall be for no less than six months nor longer than two years. Progress reports shall be filed by the probation department with the court not less than every six months. If the defendant is arrested and convicted of any criminal offense during the period of diversion, the case for which he has been

diverted shall be referred to the court for arraignment and disposition as if he had not been diverted and the case is a regular criminal matter. If the defendant has performed successfully in the education or treatment program, at the end of the period of diversion, the charges shall be dismissed.

1000.3. Any record filed with the Bureau of Criminal Identification and Investigation shall indicate the disposition in those cases diverted pursuant to this chapter.

1000.4. This chapter shall remain in effect until January 1, 1975, and on such date is repealed.

3154. A person released in an outpatient status from the California Rehabilitation Center may, with the approval of the Department of Corrections and the Narcotic Addict Evaluation Authority, voluntarily participate in a methadone maintenance project approved under Section 4351.

Participation in a methadone maintenance project shall not be construed to break the abstention from the use of narcotics for the purpose of Section 3200.

The director shall define "satisfactory adherence" and shall ensure that patients not satisfactorily adhering to their programs shall not be provided take-home dosage.

4352. In addition to the duties authorized by other provisions, the department shall be responsible for approving methadone programs established by the county mental health program, pursuant to Division 5 (commencing with Section 5000).

It is, therefore, the intent of the Legislature that each methadone program shall have a strong rehabilitative element, including, but not limited to, individual and group therapy, counseling, vocational guidance, and job and education counseling. The Legislature declares the ultimate goal of all methadone programs shall be to aid the patient in altering his life style and eventually to eliminate all dependency on drugs.

The department may participate in such a system developed and operated at the federal level, if there is one, if in the discretion of the department it satisfactorily prevents multiple program participation and is

budgetarily feasible. The information obtained in the course of instituting the system shall be subject to the confidentiality and disclosure provisions contained in Article 7 (commencing with Section 5325) of Chapter 2 of Part 1 of Division 5.

13382. Waste discharge requirements shall be adopted to control the disposal of pollutants into wells.

13383. The state board or regional boards may require dischargers of pollutants to navigable waters or to public treatment systems to establish and maintain records, make reports, install, use and maintain monitoring equipment or methods, including, where appropriate, biological monitoring methods, sample effluent as prescribed, and provide other information as may be reasonably required. The state board or regional boards may inspect the facilities of any discharger of pollutants pursuant to the procedure set forth in subdivision (c) of Section 13267.

13384. The state board or the regional boards shall ensure that the public, and that any other state, the waters of which may be affected by any discharge of pollutants to navigable waters within this state, shall receive notice of each application for requirements or report of waste discharge and are provided an opportunity for public hearing before adoption of such requirements.

13385. Any person who discharges pollutants, except as permitted by waste discharge requirements, or who violates any cease and desist order, prohibition, waste discharge requirement, effluent limitation, water quality related effluent limitation, national standard of performance, pretreatment or toxicity standard or who refuses to comply with the requirements adopted pursuant to Section 13382 shall be subject to a civil penalty not to exceed ten thousand dollars (\$10,000) for each day in which such discharge, violation, or refusal occurs. Funds collected shall be paid to the State Water Pollution Cleanup and Abatement Account.

13386. (a) The Attorney General, upon request of a regional

board or the state board, shall petition the superior court to impose, assess and recover the suras provided in Section 13385.

(b) Upon the violation of the terms of any cease and desist order, prohibition, waste discharge requirement, effluent limitation, water quality related effluent limitation, national standard of performance, pretreatment or toxicity standard, the requirements of Section 13383, or upon the failure of any discharger into a public treatment system to comply with any cost or charge adopted by any public agency under Section 204(b) of the Federal Water Pollution Control Act, as amended, the Attorney General, upon the request of the state board or regional board shall petition the appropriate court for the issuance of a preliminary or permanent injunction, or both, as may be appropriate, restraining such person or persons from continuing the violation. The provisions of subdivisions (b) and (c) of Section 13331 shall be applicable to proceedings under this subdivision.

(c) With respect to violation of waste discharge requirements or cease and desist orders, remedies under Section 13385 are in lieu of civil monetary remedies provided for in Section 13350.

13387. (a) Any person who willfully or negligently discharges pollutants except as allowed by waste discharge requirements or who willfully or negligently violates any effluent standard, water quality related effluent standard, national standard of performance, toxicity or pretreatment standard, or who refuses to comply with the requirements adopted pursuant to Section 13382, or who violates any cease and desist order, prohibition, or waste discharge requirement shall be punished by a fine of not more than twenty-five thousand dollars (\$25,000) nor less than two thousand five hundred dollars (\$2,500) for each day in which such violation occurs, or by imprisonment for not more than one year in the county jail, or by both. If the conviction is for a violation committed after a first conviction of such person under this section, punishment shall be by a fine of not more than fifty thousand dollars (\$50,000) for each day in which such violation occurs, or by imprisonment for not more than two years in the county jail, or both. Funds collected shall be paid to the State Water Pollution Cleanup and Abatement Account.

(b) Any person who knowingly makes any false statement, representation, record, report, plan or other document filed with a regional board or the state board, or who falsifies, tampers with, or knowingly renders inaccurate any monitoring device or method required under this division shall be punished by a fine of not more than ten thousand dollars (\$10,000), or by imprisonment in a county jail for not more than six months, or by both.

13388. Notwithstanding any other provision of this division or Section 175, no person shall be a member of the state board or a regional board if he receives or has received during the previous two years a significant portion of his income directly or indirectly from any person subject to waste discharge requirements or applicants for waste discharge requirements pursuant to this chapter. This section shall become operative on March 1, 1973.

13389. Neither the state board nor the regional boards shall be required to comply with the provisions of Chapter 3 (commencing with Section 21100) of Division 13 of the Public Resources Code prior to the adoption of any waste discharge requirement, except requirements for new sources as defined in the Federal Water Pollution Control Act or acts amendatory thereof or supplementary thereto.

SEC. 2. Section 13976 of the Water Code is amended to read:

13976. (a) The moneys in the fund shall be used for the purposes set forth in this section.

(b) The board is authorized to enter into contracts with municipalities having authority to construct, operate and maintain treatment works, for grants to such municipalities to aid in the construction of eligible projects, and for reclamation of water.

Grants may be made pursuant to this section to reimburse municipalities for construction for which contracts were let subsequent to July 1, 1970, and before the first sale of bonds authorized to be issued by this chapter.

Any contract pursuant to this section may include such provisions as may be agreed upon by the parties thereto, and any such contract concerning an eligible project shall include, in substance, the following provisions:

- (1) An estimate of the reasonable cost of the eligible project;
- (2) An agreement by the board to pay to the municipality, during the progress of construction or following completion of construction as may be agreed upon by the parties, an amount which equals at least 12½ percent of the eligible project cost determined pursuant to federal and state laws, and regulations;
- (3) An agreement by the municipality, (i) to proceed expeditiously with, and complete, the eligible project, (ii) to commence operation of the treatment works on completion thereof, and to properly operate and maintain such works in accordance with applicable provisions of law, (iii) to apply for and make reasonable efforts to secure federal assistance for the eligible project, (iv) to secure the approval of the board before applying for federal assistance in order to maximize the amounts of such assistance received or to be received for all eligible projects in the state, and (v) to provide for payment of the municipality's share of the cost of the eligible project.

(c) The board may make direct grants to any municipality or by contract or otherwise undertake plans, surveys, research, development and studies necessary, convenient or desirable to the effectuation of the purposes and powers of the board pursuant to this division and to prepare recommendations with regard thereto, including the preparation of comprehensive statewide or areawide studies and reports on the collection, treatment and disposal of waste under a comprehensive cooperative plan.

The aggregate amount of moneys which may be advanced or granted to or committed to municipalities for the purpose of

planning, research and development, whether by the board or under the direction of the board or in the form of direct grants to municipalities for such purpose, shall not exceed in the aggregate such amount as may be fixed from time to time by the committee.

(d) The board may from time to time with the approval of the committee transfer moneys in the fund to the State Water Quality Control Fund to be available for loans to public agencies pursuant to Chapter 6 (commencing with Section 13400) of this division.

(e) Not more than one-half of 1 percent of the moneys deposited in the fund may be expended by the board for costs incurred in administering the provisions of this chapter.

(f) As much of the moneys in the fund as is necessary shall be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code.

(g) The board may with the approval of the committee transfer not more than ten million dollars (\$10,000,000) from the fund to a special reserve fund as additional security for the payment of the principal of and the interest on revenue bonds sold by the state as provided by law to provide funds to municipalities for needed sewage facilities. Such money shall be used for such purpose only after all other securities provided by law have been exhausted. Any money not used for such purpose shall, after retirement of the revenue bonds, be returned to the fund and be available for other purposes provided for in this section.

(h) The board may adopt rules and regulations governing the making and enforcing of contracts pursuant to this section.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Federal Water Pollution Control Act as amended in 1972 requires the state to have certain powers in order to continue to regulate waste discharges to navigable waters of the United States. The powers contained in this act will allow the State Water Resources Control Board and the regional water quality control boards to comply with federal requirements and continue to regulate waste discharges.

CHAPTER 1257

An act to add Division 27 (commencing with Section 39600) to the Health and Safety Code, relating to pollution control.

[Approved by Governor December 19, 1972. Filed with Secretary of State December 19, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Division 27 (commencing with Section 39600) is added to the Health and Safety Code, to read:

DIVISION 27. CALIFORNIA POLLUTION CONTROL
FINANCING AUTHORITY ACT

CHAPTER 1. CALIFORNIA POLLUTION CONTROL FINANCING
AUTHORITY

Article 1. General Provisions and Definitions

39600. This division may be cited as the California Pollution Control Financing Authority Act.

39601. The Legislature hereby finds that it is necessary and essential that the state, in cooperation with the federal government, use all practical means and measures to control and eliminate pollution hazards to the environment. The Legislature further finds and determines that industry within this state utilizes processes and facilities which have significant environmental impact. These processes and facilities shall be modified and supplemented to meet the quality standards established and to be established for the control of environmental pollution. Industry needs and requires new methods to finance the capital outlays required for the devices, equipment and facilities utilized in pollution control if they are to rapidly comply with the quality standards established by the state and federal governments, and the alternate method of financing provided in this division is in the public interest and serves a public purpose and will promote the health, welfare, and safety of the citizens of the State of California.

39602. It is the purpose of this division to carry out and make effective the findings of the Legislature and to that end to provide industry within the state with an alternative method of financing in providing, enlarging, and establishing pollution control facilities and all other related facilities which are intended to control pollution of the environment and which are needed to accomplish the purposes of this division, all to the mutual benefit of the people of the state and to protect their health and welfare.

39603. As used in this chapter, unless the context otherwise requires:

(a) "Authority" means the California Pollution Control Financing Authority established pursuant to Section 39604 and any board, commission, department, or officer succeeding to the functions thereof or to whom the powers conferred upon the authority by this division shall be given by law.

(b) "Cost" as applied to a project or portion thereof financed under the provisions of this division embraced all or any part of the cost of construction and acquisition of all lands, structures, real or personal property, rights, rights-of-way, franchises, easements, and interests acquired or used for a project, the cost of demolishing or

removing any buildings or structures on land so acquired, including the cost of acquiring any lands to which such buildings or structures may be moved, the cost of all machinery and equipment, financing charges, interest prior to, during and for a period after completion of such construction as determined by the authority, provisions for working capital, reserves for principal and interest and for extensions, enlargements, additions, replacements, renovations and improvements, the cost of architectural, engineering, financial and legal services, plans, specifications, estimates, administrative expenses and other expenses necessary or incident to determining the feasibility of constructing any project or incident to the construction or acquisition or financing of any project.

(c) "Participating party" means any person, company, corporation, partnership, firm, or other entity or group of entities engaged in operations within this state which requires financing pursuant to the terms of this division to aid and assist in the control or elimination of pollution of the environment of the state.

(d) "Pollution" means an alteration of quality of the environment of the state and shall be determined by the various standards prescribed from time to time by this state or the federal government or any agency, department, or political subdivision of this state or the federal government and may include, but is not limited to, earth, air, or water pollution, pollution caused by solid waste disposal, thermal pollution, radiation contamination, or noise pollution.

(e) "Project" and "pollution control facility," respectively, means any land, building, improvement thereto, work, property or structure, real or personal, providing or designed to provide for the control, reduction, abatement, elimination, or prevention of pollution, including, but not limited to, hydrostatic control facilities, dust collectors, smoke bags, settling ponds, filtration plants, sewage disposal facilities, garbage disposal facilities, recycling facilities, dumps, filling grounds, chlorination ponds, treatment works, and all other structures or facilities now or hereafter developed or useful in the control of pollution of any type or character, including any structure, equipment, or other facilities for the purpose of reducing, treating, neutralizing, or cooling the temperature of any liquid, gaseous, or solid waste substance or discharge resulting from the process of manufacture, industry, or commerce, or from the development, processing, or recovery of any natural resource or the generation of electricity, steam heat, or manufactured gas, together with the recovery, treatment, neutralizing, stabilizing, or cooling equipment, facilities, plants, or structures necessary to reduce, control, or eliminate pollution, and any and all facilities which may hereafter be developed through science, study, and investigation to aid and assist in the control of pollution or the removal or treatment of any substance which might otherwise cause or contribute to such pollution.

(f) "Revenues" means all rents, receipts, purchase payments and all other income or receipts derived by the authority from the sale,

lease, or other disposition of pollution control facilities and any income or revenue derived from the investment of any money in any fund or account of the authority.

(g) "Public agency" means any state agency, board, or commission, any county, city and county, city, regional agency, public district, or other political subdivision.

Article 2. Organization of Authority and General Powers and Duties Thereof

39604. There is in the state government the California Pollution Control Financing Authority. The authority constitutes a public instrumentality and the exercise by the authority of the powers conferred by this division shall be deemed and held to be the performance of an essential public function. The authority shall consist of five members: the Director of Finance, the Chairman of the State Water Resources Control Board, the Chairman of the State Air Resources Board, the State Treasurer, and the State Controller.

The Director of Finance, the Chairman of the State Water Resources Control Board, and the Chairman of the State Air Resources Board may each designate a deputy or clerk in his agency to act for him and represent him at all meetings of the authority.

The first meeting of the authority shall be convened by the Director of Finance.

39605. All members of the authority shall serve thereon without compensation as members of the authority.

39606. The provisions of this division shall be administered by the authority which shall have and is hereby vested with all powers reasonably necessary to carry out the powers and responsibilities expressly granted or imposed upon it under this division.

39607. The authority shall maintain an office in the City of Sacramento.

39608. The authority may employ an executive secretary and such other persons as are necessary to enable it properly to perform the duties imposed upon it by this division.

39609. The authority shall, in accordance with the provisions of Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code, adopt all necessary rules and regulations to carry out the provisions of this division. The authority may call upon any board or department of the state government for aid and assistance in the preparation of plans and specifications and in the development of technology necessary to effectively control pollution.

39610. (a) The Attorney General shall be the legal counsel for the authority, but with the approval of the Attorney General, the authority may employ such legal counsel as in its judgment is necessary or advisable to enable it to carry out the duties and functions imposed upon it by this division, including the employment of such bond counsel as may be deemed advisable in

connection with the issuance and sale of bonds.

(b) The State Treasurer shall be the treasurer for the authority. 39611. The authority is authorized and empowered:

(a) To adopt an official seal.

(b) To sue and be sued in its own name.

(c) To determine the location and character of any project to be financed under the provisions of this division, subject to the certification under Section 39615, to lend financial assistance to any participating party, to construct, reconstruct, renovate, replace, lease, as lessor or lessee, and regulate the same, and to enter into contracts for the sale of any pollution control facilities, including installment sales or sales under conditional sales contracts.

(d) To issue bonds, notes, bond anticipation notes, and other obligations of the authority for any of its corporate purposes, and to fund or refund the same, all as provided in this division.

(e) To fix fees and charges for pollution control facilities, and to revise from time to time such fees and charges, and to collect rates, rents, fees and charges for the use of and for any facilities or services furnished, or to be furnished, by a project or any part thereof and to contract with any person, partnership, association, corporation, or public agency with respect thereto, and to fix the terms and conditions upon which any pollution control facilities may be sold or disposed of, whether upon installment sales contracts or otherwise.

(f) To employ and fix the compensation of bond counsel, financial consultants and advisers as may be necessary in its judgment in connection with the issuance and sale of any bonds, notes, bond anticipation notes, or other obligations of the authority; to contract for engineering, architectural, accounting, or other services of appropriate state agencies as may be necessary in the judgment of the authority for the successful development of any project; and to pay the reasonable costs of consulting engineers, architects, accountants, and construction experts employed by any participating party if, in the judgment of the authority, such services are necessary to the successful development of any project, and provided such services are not obtainable from any state agency.

(g) To do all things generally necessary or convenient to carry out the purposes of this division.

39612. All expenses incurred in carrying out the provisions of this division shall be payable solely from funds provided under the authority of this division and no liability or obligation shall be imposed upon the State of California and, except as provided in Section 39626, none shall be incurred by the authority beyond the extent to which moneys shall have been provided under the provisions of this division. Under no circumstances shall the authority create any debt, liability, or obligation on the part of the State of California payable from any source whatsoever other than the moneys provided under the provisions of this division.

39613. (a) All projects shall be constructed or completed subject to the rules and regulations of the authority.

(b) The authority is authorized to acquire, by deed, purchase, lease, contract, gift, devise, or otherwise, any real or personal property, structures, rights, rights-of-way, franchises, easements, and other interests in lands located within this state necessary or convenient for the construction or operation of a project, upon such terms and conditions as it deems advisable, and to lease, sell, or dispose of the same in such manner as may be necessary or desirable to carry out the objects and purposes of this division. Nothing in this division shall authorize the authority to exercise the power of eminent domain.

39614. When the principal of and interest on bonds of the authority issued to finance the cost of a particular project for a participating party, including any refunding bonds issued to refund and refinance such bonds, shall have been fully paid and retired or when adequate provision shall have been made for the payment and retirement of the same, and all other conditions of the resolution, indenture, or agreement authorizing and securing the same shall have been satisfied and the lien of such resolution, indenture, or agreement shall have been released in accordance with the provisions thereof, the authority is authorized, upon such terms and conditions as may be prescribed by the authority, to execute such deeds and conveyances as are necessary or required to convey title to such project to such participating party.

39615. No project shall be eligible for financing under this division unless the appropriate state control agency certifies that there is reasonable assurance that:

(a) The project is necessary to further compliance with applicable federal and state standards.

(b) The project is consistent with an approved regional, basin, or state plan for environmental protection.

For the purposes of this section, the state control agency shall be the State Water Resources Control Board, State Air Resources Board, or the Resources Agency for a project not affecting the air or water or any agency subsequently empowered to control pollution. The authority shall reimburse the control agencies for their reasonable and necessary expenses in making the certification.

In addition to the foregoing, no project for water pollution control is eligible for financing under this division unless the authority finds that local public financing cannot reasonably be obtained.

Projects shall be eligible for financing in the order in which requests for financing are received by the authority. In the event that requests are received regarding projects which would be eligible for financing except for the limitations on new debt in Section 39620, such requests shall be considered in accordance with rules and regulations of the authority at such time as new indebtedness has been authorized pursuant to Section 39620.5. Such rules and regulations shall give priority to projects which will achieve the maximum conservation and reuse of resources and to projects for the pretreatment of industrial waste prior to discharge into a

sewerage system operated by a public agency. No project, construction of which was completed prior to the effective date of this section, may be financed by the authority under this division, provided, however, that additions and improvements to such a project which are commenced on or after the effective date of this section may be financed by the authority.

39616. Notwithstanding Section 13634 of the Water Code, the supervisors and operators of every waste water treatment plant of a participating party receiving financial assistance under this division shall possess a certificate of appropriate grade in accordance with the regulations adopted by the State Water Resources Control Board pursuant to Chapter 9 (commencing with Section 13625) of Division 7 of the Water Code.

This section shall become operative only if Assembly Bill No. 1691 of the 1972 Regular Session is enacted into law.

Article 3. Bonds and Notes

39620. The authority is authorized to incur indebtedness and to issue securities of any kind or class, and to renew the same, provided that all such indebtedness, howsoever evidenced, shall be payable solely from revenues of the authority and the proceeds of its bonds, as hereinafter defined, shall not exceed the sum of two hundred million dollars (\$200,000,000) of new debt, except as provided in this article. "New debt" shall not include indebtedness incurred to replenish or refund existing debts except to the extent that such indebtedness exceeds the amount of such debts.

39620.5. (a) At such times as the authority desires to issue bonds, as defined in Section 39620, in excess of the amount provided in Section 39620, it shall adopt a resolution specifying the total amount of such bonds proposed to be issued. The amount specified in any such resolution shall not exceed two hundred million dollars (\$200,000,000) of new debt.

Upon adoption of the resolution, the authority shall immediately cause copies thereof to be transmitted to the Senate Rules Committee and to the Speaker of the Assembly.

(b) Upon receipt of such a resolution, the Senate Rules Committee and the Speaker of the Assembly shall refer the resolution to a standing committee of their respective houses for study and a report. Such a report shall be made no later than the 50th calendar day of continuous session of the Legislature after the date on which the resolution was transmitted to each house of the Legislature.

(c) A resolution of either house of the Legislature, disapproving of the issuance of the bonds as proposed in the resolution of the authority may be made by floor motion within 10 calendar days following the submission of the report provided for in subdivision (b). Such a resolution shall be voted on without referral to committee.

If either house shall adopt such a resolution of disapproval, the authority shall not issue the bonds as proposed in its resolution. If neither house has adopted a resolution of disapproval within 10 calendar days as provided in this subdivision, the authority shall be authorized to issue the bonds as specified in its resolution.

(d) If the authority, pursuant to this section, submits to the Legislature a resolution proposing the issuance of bonds and the Legislature adjourns sine die before 60 continuous calendar days have elapsed, the authority shall not issue the proposed bonds. The authority may submit the same resolution, or a new resolution, proposing the issuance of bonds to the Legislature when it next convenes.

39621. (a) The authority is authorized from time to time to issue its negotiable bonds, notes, debentures, or other securities (hereinafter collectively called "bonds") for any corporate purpose. Such bonds may be authorized, without limiting the generality of the foregoing, to finance a single project for a single participating party, a series of projects for a single participating party, a single project for several participating parties, or several projects for several participating parties. In anticipation of the sale of such bonds as authorized by Section 39620, or as may be authorized pursuant to Section 39620.5, the authority may issue negotiable bond anticipation notes and may renew the same from time to time. Such bond anticipation notes may be paid from the proceeds of sale of the bonds of the authority in anticipation of which they were issued. Notes and agreements relating thereto and bond anticipation notes, hereinafter collectively called notes, and the resolution or resolutions authorizing the same may contain any provisions, conditions or limitations which a bond, agreement relating thereto, and bond resolution of the authority may contain; except that such note or renewal thereof shall mature at such time not exceeding two years from the date of issue of the original note.

(b) Except as may otherwise be expressly provided by the authority, every issue of its bonds, notes, or other obligations shall be general obligations of the authority payable from any revenues or moneys of the authority available therefor and not otherwise pledged, subject only to any agreements with the holders of particular bonds, notes, or other obligations pledging any particular revenues or moneys and subject to any agreements with any participating party. Notwithstanding that such bonds, notes, or other obligations may be payable from a special fund, they shall be and be deemed to be for all purposes negotiable instruments, subject only to the provisions of such bonds, notes or other obligations for registration.

(c) Subject to the limitations in Sections 39620 and 39620.5, the bonds may be issued as serial bonds or as term bonds, or the authority, in its discretion, may issue bonds of both types. The bonds shall be authorized by resolution of the authority and shall bear such date or dates, mature at such time or times, not exceeding 50 years

from their respective dates, bear interest at such rate or rates, be payable at such time or times, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in lawful money of the United States of America at such place or places, and be subject to such terms of redemption, as such resolution or resolutions may provide. The bonds or notes shall be sold by the State Treasurer within 60 days of receipt of a certified copy of the authority's resolution authorizing the sale of the bonds; provided, that the authority, at its discretion, may adopt a resolution extending such 60-day period. Such sales may be at public or private sale, and for such price or prices and on such terms and conditions, as the authority shall determine after giving due consideration to the recommendations of any participating party to be assisted from the proceeds of such bonds or notes. Pending preparation of the definitive bonds, the State Treasurer may issue interim receipts, certificates, or temporary bonds which shall be exchanged for such definitive bonds. The State Treasurer may sell any bonds, notes, or other evidence of indebtedness at a price below the par value thereof; provided, however, that the discount on any security so sold shall not exceed 6 percent of the par value thereof.

(d) Any resolution or resolutions authorizing any bonds or any issue of bonds may contain provisions, which shall be a part of the contract with the holders of the bonds to be authorized, as to:

(1) Pledging the full faith and credit of the authority or pledging all or any part of the revenues of any project or any revenue-producing contract or contracts made by the authority with any individual, partnership, corporation, or association or other body, public or private, or other moneys of the authority, to secure the payment of the bonds or of any particular issue of bonds, subject to such agreements with bondholders as may then exist.

(2) The rentals, fees, purchase payments, and other charges to be charged, and the amounts to be raised in each year thereby, and the use and disposition of the revenues.

(3) The setting aside of reserves or sinking funds, and the regulation and disposition thereof.

(4) Limitations on the right of the authority or its agent to restrict and regulate the use of the project or projects to be financed out of the proceeds of the bonds or any particular issue of bonds.

(5) Limitations on the purpose to which the proceeds of sale of any issue of bonds then or thereafter to be issued may be applied and pledging such proceeds to secure the payment of the bonds or any issue of the bonds.

(6) Limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding bonds.

(7) The procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given.

(8) Limitations on expenditures for operating, administrative or other expenses of the authority.

(9) Defining the acts or omissions to act which shall constitute a default in the duties of the authority to holders of its obligations and providing the rights and remedies of such holders in the event of a default.

(10) The mortgaging of any project and the site thereof for the purpose of securing the bondholders.

(11) The mortgaging of land, improvements, or other assets owned by a participating party for the purpose of securing the bondholders.

(e) Neither the members of the authority nor any person executing the bonds or notes shall be liable personally on the bonds or notes or be subject to any personal liability or accountability by reason of the issuance thereof.

(f) The authority shall have power out of any funds available therefor to purchase its bonds or notes. The authority may hold, pledge, cancel, or resell such bonds, subject to and in accordance with agreements with bondholders.

39622. In the discretion of the authority, any bonds issued under the provisions of this division may be secured by a trust agreement by and between the authority and a corporate trustee or trustees, which may be any trust company or bank having the powers of a trust company within or without the state. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the revenues to be received or proceeds of any contract or contracts pledged and may convey or mortgage the project or projects, or any portion thereof, to be financed out of the proceeds of such bonds. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including particularly such provisions as have hereinabove been specifically authorized to be included in any resolution or resolutions of the authority authorizing bonds thereof. Any bank or trust company doing business under the laws of this state which may act as depositary of the proceeds of bonds or of revenues or other moneys may furnish such indemnifying bonds or pledge such securities as may be required by the authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee or trustees, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of a project.

39623. Bonds issued under the provisions of this division shall not

be deemed to constitute a debt or liability of the state or of any political subdivision thereof, other than the authority, or a pledge of the faith and credit of the state or of any such political subdivision, other than the authority, but shall be payable solely from the funds herein provided therefor. All such bonds shall contain on the face thereof a statement to the following effect:

“Neither the faith and credit nor the taxing power of the State of California is pledged to the payment of the principal of or interest on this bond.”

The issuance of bonds under the provisions of this division shall not directly or indirectly or contingently obligate the state or any political subdivision thereof to levy or to pledge any form of taxation whatever therefor or to make any appropriation for their payment. Nothing in this section contained shall prevent nor be construed to prevent the authority from pledging its full faith and credit to the payment of bonds or issue of bonds authorized pursuant to this division.

39624. (a) The authority is hereby authorized to provide for the issuance of bonds of the authority for the purpose of refunding any bonds, notes, or other securities of the authority then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the earliest or subsequent date of redemption, purchase, or maturity of such bonds, and, if deemed advisable by the authority, for the additional purpose of paying all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project or any portion thereof.

(b) The proceeds of any such bonds issued for the purpose of refunding outstanding bonds, notes, or other securities may, in the discretion of the authority, be applied to the purchase or retirement at maturity or redemption of such outstanding bonds either on their earliest or any subsequent redemption date or upon the purchase or retirement at the maturity thereof and may, pending such application, be placed in escrow to be applied to such purchase or retirement at maturity or redemption on such date as may be determined by the authority.

(c) Pending such use, any such escrowed proceeds may be invested and reinvested by the State Treasurer in obligations of, or guaranteed by, the United States of America, or in certificates of deposit or time deposits secured by obligations of, or guaranteed by, the United States of America, maturing at such time or times as shall be appropriate to assure the prompt payment, as to principal, interest and redemption premium, if any, of the outstanding bonds to be so refunded. The interest, income, and profits, if any, earned or realized on any such investment may also be applied to the payment of the outstanding bonds to be so refunded. After the terms of the escrow have been fully satisfied and carried out, any balance

of such proceeds and interest, income, and profits, if any, earned or realized on the investments thereof may be returned to the authority for use by it in any lawful manner.

(d) The portion of the proceeds of any such bonds issued for the additional purpose of paying all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project may be invested and reinvested by the State Treasurer in obligations of, or guaranteed by, the United States of America, or in certificates of deposit or time deposits secured by obligations of, or guaranteed by, the United States of America, maturing not later than the time or times when such proceeds will be needed for the purpose of paying all or any part of such cost. The interest, income and profits, if any, earned or realized on such investment may be applied to the payment of all or any part of such cost or may be used by the authority in any lawful manner.

(e) All such bonds shall be subject to the provisions of this division in the same manner and to the same extent as other bonds issued pursuant to this division.

39625. If, in the opinion of the State Treasurer, any bonds issued by the authority under the provisions of this division are adequately secured and the revenues and other funds applicable to the payments of the bonds are, or upon the acquisition, construction, or improvement of the project for which such bonds were or are to be issued, will be sufficient to pay the principal of and interest on such bonds, then the State Treasurer shall certify that such bonds are legal investments for all trust funds, the funds of all insurance companies, banks, both commercial and savings, trust companies, savings and loan associations, and investment companies, for executors, administrators, trustees, and other fiduciaries, for state school funds, and for any funds which may be invested in county, municipal, or school district bonds, and that such bonds are securities which may properly and legally be deposited with, and received by, any state or municipal officer or any agency or political subdivision of the state for any purpose for which the deposit of bonds or obligations of the state is now, or may hereafter be, authorized by law, including deposits to secure public funds.

39626. No liability shall be incurred by the authority beyond the extent to which moneys have been provided under this division; except that for the purposes of meeting the necessary expenses of initial organization and operation until such date as the authority derives revenues or proceeds from bonds or notes as provided under this division, the authority may borrow money as needed for such expenses from the State Water Quality Control Fund, the General Fund in the State Treasury, and the California Environmental Protection Program Fund, or from any of such funds. Such borrowed moneys shall be repaid with interest within a reasonable time after the authority receives revenues or proceeds from bonds or notes as provided under this division.

Article 4. Construction and Leases of Facilities

39630. The authority may contract with any participating party for the construction of a project by such participating party. All such contracts for the construction of a project by a participating party shall provide that the participating party shall be responsible for the architectural and engineering design and for the construction and completion thereof subject to such standards for architectural and engineering design as may be established by the appropriate control agency specified in Section 39615, and subject to such supervision as the authority deems necessary. The authority may agree to pay the cost of such project constructed by any participating party and to advance such costs from time to time in installments or otherwise as required by the contract for the construction thereof. Title to all such projects shall be vested in the authority subject to the terms of any lease thereof to the participating party or the rights of a participating party under any contract for the purchase of such project including the payment of the purchase price under installment sales contracts.

39631. The authority may, as lessor or lessee, enter into leases and agreements with any participating party relating to the acquisition, construction, and installation of any project, including real property, buildings, equipment, and pollution control facilities of any kind or character. The terms and conditions of such leases may be as mutually agreed upon. Any such lease may provide the means or methods by which title shall vest in a participating party upon the termination of the lease and shall contain such other terms and conditions as the authority may determine. The authority is authorized to fix, revise, charge, and collect rates, rents, fees, and charges for each project. Such rates, rents, fees, and charges shall be fixed and adjusted in respect of the aggregate of rates, rents, fees, and charges from all projects so as to provide funds sufficient with other revenues and moneys available therefor, if any, to do all of the following:

(a) Pay the principal of and the interest on outstanding bonds, notes, or other evidences of indebtedness of the authority issued in respect of such project as the same shall become due and payable.

(b) Create and maintain reserves required or provided for in any resolution authorizing, or trust agreement securing, such bonds, notes, or other evidences of indebtedness. A sufficient amount of the revenues derived from a project may be set aside at such regular intervals as may be provided in such resolution or trust agreement in a sinking or other similar fund which is hereby pledged to, and charged with, the payment of the principal of and interest on such bonds, notes, or other evidences of indebtedness as the same shall become due, and the redemption price or the purchase price of bonds, notes, or other evidences of indebtedness retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the rates, rents, fees, and

charges and other revenues or other moneys so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement nor any other agreement nor any lease by which a pledge is created need be filed or recorded except in the records of the authority. The use and disposition of moneys to the credit of such sinking or other similar fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking or other similar fund may be a fund for all bonds, notes, or other evidences of indebtedness of the authority issued to finance projects of a particular participating party without distinction or priority of one over another; provided, that the authority in any such resolution or trust agreement may provide that such sinking or other similar fund shall be the fund for a particular project or projects and for the bonds issued to finance a particular project or projects and may, additionally, permit and provide for the issuance of bonds having a subordinate lien in respect of the security herein authorized to other bonds, notes, or other evidences of indebtedness of the authority, and, in such case, the authority may create separate sinking or other similar funds in respect of such subordinate lien bonds, notes, or other evidences of indebtedness.

(c) Pay operating and administrative costs of the authority.

39632. The authority may enter into contracts of sale with any participating party covering any project financed by the authority. The purchase price pursuant to such contract of sale shall be sufficient to provide funds for all the purposes provided in Section 39361 and may be paid in installments, together with interest on the unpaid balance, or otherwise, as may be mutually agreed and set forth in such contract of sale. All payments received by the authority under any installment sales or conditional sales contract shall be applied by the authority substantially in the same manner as hereinabove provided in Section 39631 in the case of lease payments or rental charges received by the authority.

39633. All moneys received pursuant to the provisions of this division, whether as proceeds from the sale of bonds, notes, or other evidences of indebtedness or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this division. Any bank or trust company with which such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as the resolution authorizing the bonds of any issue or the trust agreement securing such bonds may provide.

39634. Any holder of bonds, notes, or other obligations issued under the provisions of this division or any of the coupons

appertaining thereto, and the trustee or trustees under any trust agreement, except to the extent the rights herein given may be restricted by any resolution authorizing the issuance of, or any such trust agreement securing, such bonds, notes, or other obligations, may, either at law or in equity, by suit, action, mandamus, or other proceedings, protect and enforce any and all rights under the laws of the state or granted hereunder or under such resolution or trust agreement, and may enforce and compel the performance of all duties required by this division or by such resolution or trust agreement to be performed by the authority or by any officer, employee, or agent thereof, including the fixing, charging, and collecting of the rates, rents, fees, and charges herein authorized and required by the provisions of such resolution or trust agreement to be fixed, established, and collected.

39635. The exercise of the powers granted by this division shall be in all respects for the benefit of the people of this state, for their health and welfare, and protection of the state's environment. Any bonds, notes, or other obligations issued under the provisions of this division, their transfer and the income therefrom, shall at all times be free from taxation of every kind by the state and by municipalities and other political subdivisions of the state. Provided, however, that the preceding sentence shall not apply with respect to any bonds, notes or other obligations, or the income therefrom, for any period during which such bonds, notes or other obligations are held by (a) any participating party, (b) persons, organizations, trades, or businesses (whether or not incorporated, organized in this state, or affiliated with such participating party) owned or controlled, directly or indirectly, by such participating party, or (c) persons, organizations, trades or businesses (whether or not incorporated, organized in this state, or affiliated with such participating party) which own or control, directly or indirectly, such participating party.

CHAPTER 2. SUPPLEMENTAL PROVISIONS

39640. This division, being necessary for the welfare of the state and its inhabitants, shall be liberally construed to effect the purposes hereof.

39641. This division shall be deemed to provide a complete, additional and alternative method for the doing of the things authorized thereby, and shall be regarded as supplemental and additional to powers conferred by other laws; provided, that the issuance of bonds and refunding bonds under the provisions of this division need not comply with the requirements of any other law applicable to the issuance of bonds; and provided, that in the construction and acquisition of a project pursuant hereto the authority need not comply with the requirements of any other law applicable to the construction or acquisition of public works except as specifically provided in this division. Pollution control facilities and projects as defined in subdivision (e) of Section 39603 may be

acquired, constructed, completed, repaired, altered, improved, or extended, and bonds may be issued for any such purposes under this division notwithstanding that any other law may provide for such acquisition, construction, completion, repair, alteration, improvement, or extension of like pollution control facilities or for the issuance of bonds for like purposes and without regard to the requirements, restrictions, limitations or other provisions contained in any other law.

39642. The State of California does hereby pledge to and agree with the holders of any obligations issued under this division, and with those parties who may enter into contracts with the authority pursuant to the provisions of this division, that the state will not limit or alter the rights hereby vested in the authority until such obligations, together with the interest thereon, are fully met and discharged and such contracts are fully performed on the part of the authority, provided nothing herein contained shall preclude such limitation or alteration if and when adequate provision shall be made by law for the protection of the holders of such obligations of the authority or those entering into such contracts with the authority. The authority as agent for the state is authorized to include this pledge and undertaking for the state in such obligations or contracts.

39643. To the extent that the provisions of this division, with respect to the financing of pollution control facilities, are inconsistent with the provisions of any general statute or special act or parts thereof, with respect to the financing of pollution control facilities, the provisions of this division shall be deemed controlling.

CHAPTER 1258

An act to add Chapter 5.7 (commencing with Section 5761) to Division 6 of the Education Code, relating to bilingual education, making an appropriation therefor and declaring the urgency thereof, to take effect immediately.

[Approved by Governor December 20, 1972. Filed with
Secretary of State December 20, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 5.7 (commencing with Section 5761) is added to Division 6 of the Education Code, to read:

CHAPTER 5.7. THE BILINGUAL EDUCATION ACT OF 1972

5761. The Legislature finds that there are large numbers of children in this state who come from families where the primary language is other than English. To determine more exactly the need in this area, an annual census is necessary. The inability to speak, read

and comprehend English presents a formidable obstacle to classroom learning and participation which can be removed only by instruction and training in the pupils' dominant language. In many of the public schools an inordinately high percentage of pupils are unable to speak the English language. The Legislature further recognizes that high quality bilingual programs in the public schools would allow the acquisition by students of educational concepts and skills needed to improve the development of human resources in this state. The Legislature finds and declares that a primary goal of such programs is, as effectively and efficiently as possible, to develop in each child fluency in English so that he may then be enrolled in the regular program in which English is the language of instruction.

The Legislature further recognizes that to achieve its intent and purpose it will be necessary to provide means and incentives to train and employ bilingual education teachers and paraprofessional personnel, and to stimulate the hiring of such personnel. It is the intent of the Legislature that public institutions of higher learning shall train bilingual personnel to meet the needs of school districts.

It is the purpose of this chapter to allow public schools of the State of California which choose to participate to establish bilingual education programs. The primary goals of such programs shall be to develop competence in two languages for all participating pupils, to provide positive reinforcement of the self-image of participating children, and to develop intergroup and intercultural awareness among pupils, parents and the staff in participating school districts. Insofar as the individual pupil is concerned, pupil participation is voluntary on the part of the parent. It is the intent of the Legislature to provide supplemental financial assistance to help school districts to meet most of the special costs of phasing-in bilingual education programs.

5761.1. The State Board of Education shall adopt all rules and regulations necessary for the effective administration of this chapter.

5761.2. (a) "Bilingual education" is the use of two languages, one of which is English, as a means of instruction in any subject or course. It is a means of instruction in which concepts and information are introduced in the dominant language of the student and reinforced in the second language. It recognizes that teaching of language skills is most meaningful and effective when presented in the context of an appreciation of cultural differences and similarities.

(b) "Children of limited-English-speaking ability" are defined as children who speak a language other than English in their home environment and who are less capable of performing school work in English than in their primary language.

(c) A "non-English-speaking child" is a child who communicates in his or her home language only. Such child is unable to conduct basic conversations in English or take advantage from classroom instruction in English.

(d) "Primary language" is a language other than English which is the language which the child first learned or the language which is

spoken in the child's home environment.

(e) "Bilingual teacher" means a teacher fluent in both English and the primary language of the limited-English-speaking pupils in a bilingual program. Such a teacher need not be certificated to teach in both languages, and may be exempted from other certification requirements as set out in Section 5764.

(f) "Bilingual aide" means an aide fluent in both English and the primary language of the limited-English-speaking pupils in a bilingual program.

(g) "Board" means the State Board of Education.

(h) "Superintendent" means the Superintendent of Public Instruction.

(i) "Project" means an organized undertaking in bilingual education which includes, but is not limited to (1) a description of the undertaking, (2) a listing of the goals and objectives to be achieved, (3) a statement of the teaching methods to be used, and (4) a statement of the methods to be used in evaluating the success of the project.

5761.3. Each school district shall ascertain, not later than the first day of March of each year, under regulations prescribed by the State Board of Education, the number of children of limited-English-speaking ability within their school system, and shall classify them according to their primary language. Those children who are non-English-speaking shall be counted separately. The results of this census shall be reported to the Department of Education by the first day of April of each year.

5761.4. Each non-English-speaking child shall receive special assistance from the school district which he attends. This instructional assistance shall be provided in any manner approved by the local board of education. This section shall not be construed to require participation by any school district in the bilingual program established by this chapter.

5761.5. Each participating school district shall prepare a determination of what actually exists, in terms of educational achievement levels in a given school district and the subsequent need for a bilingual program. This determination is a "need assessment." The need assessment shall be verified by a school district advisory committee composed of parents of potential participants in the bilingual program.

5761.6. Each school district which wishes to participate shall write a project on forms provided by the Department of Education, with the following components: (a) identified goals for bilingual education as determined by the local need assessment, (b) the identification of objectives for the attainment of these goals (the objectives to be stated in measurable terms), (c) a description of how the student is to demonstrate the knowledge or skill to be achieved, (d) the level of performance which will be accepted, (e) a management plan to organize, coordinate and monitor with distinctly outlined plans that will ensure success in the bilingual

program; (f) teacher and aide preservice training which will identify and improve knowledge levels of each teacher and aide in teaching methodology, and bilingual philosophy and education (g) an in-service training program for teachers and aides that is linked with an institution of higher education, which shall include the establishment of a liaison with a nearby institution of higher education and the solicitation of help from such institution in order to continually upgrade the bilingual educational program, (h) a parent-teacher communications plan (i) a plan for the gradual assumption of the costs of the bilingual program by the district.

5761.7. Each participating school district shall have an articulated sequential program of instruction in bilingual education, designed to develop competence in English and in the primary language of the limited-English-speaking participants. Such sequential program shall include criteria, developed with the assistance of the Department of Education, for the placement and removal of pupils in a bilingual program.

5761.8. At the beginning of each school year, the district shall evaluate each child to be placed in a bilingual program. His strengths and weaknesses in English and in the second language of instruction shall be assessed. At least annually there shall be submitted to the Department of Education an evaluation of the children's progress, including, but not limited to, reading comprehension and speaking skills, in English and the second language of instruction. Such evaluation shall be prepared in the form and manner prescribed by the Department of Education.

5761.9. In bilingual classes established pursuant to this chapter, there shall be an approximate balance between the number of children whose primary language is other than English, and children proficient in English. Not more than two-thirds of the children enrolled in any such class shall be limited-English-speaking children.

Instruction shall be conducted in both English and in the primary language of the limited-English-speaking children.

5762. All bilingual programs which involve special state funding shall be approved by the State Board of Education and selection shall be made on a priority basis in accordance with criteria established by the Department of Education. The application shall be made on forms provided by the superintendent, in accordance with the rules and regulations adopted by the board. The dates for making application shall be established by the superintendent.

The governing boards of two or more school districts may jointly apply for a project in bilingual education.

5763. Each school district receiving state or federal funds for bilingual education shall establish a districtwide advisory committee in which parents (not employed by the district) of participating students shall constitute more than a simple majority, or shall designate for this purpose an existing districtwide advisory structure in which such parents constitute more than a simple majority. A parent advisory group in which parents of participating students

shall constitute a simple majority shall be established, or designated from an existing parent group, at each school having a bilingual program.

The Department of Education shall develop guidelines for the process of selection of advisory group members.

5764. All teachers teaching classes funded by this chapter shall be bilingual teachers as defined in subdivision (e) of Section 5761.2.

In recognition of the shortage of qualified bilingual teachers, a district may, after diligent search and recruitment in California with the assistance of the Department of Education, request from the Superintendent of Public Instruction (a) waiver of certification requirements of such teachers, or (b) authorization to utilize for two years only, a monolingual teacher and a bilingual aide or aides for classes funded under this chapter.

5764.5. The Department of Education shall administer the provisions of this chapter. The responsibilities of the Department of Education in administering this chapter shall include, but are not limited to, the following:

(a) To review proposals from school districts made in accordance with this chapter; and to recommend acceptable projects for approval by the board;

(b) To encourage experimentation and innovation in the field of bilingual education at the school, district and state levels;

(c) To foster the maximum practicable involvement of parents of children enrolled in bilingual classes;

(d) To make recommendations to districts in the areas of in-service training for teachers and teacher aides, curriculum, testing and testing mechanisms, and the development of materials for bilingual education classes;

(e) To develop and recommend to the Commission for Teacher Preparation and Licensing standards for the certification of teaching personnel for bilingual classes;

(f) To develop an annual evaluation of bilingual programs within the state for submission to the Legislature and to the Governor.

SEC. 2. There is hereby appropriated from the General Fund in the State Treasury the sum of five million dollars (\$5,000,000) to the Department of Education, for programs established pursuant to the Bilingual Education Act of 1972 (Chapter 5.7 (commencing with Section 5761) of Division 6 of the Education Code) to be apportioned according to the following schedule:

- (a) For the 1972-1973 fiscal year \$1,000,000
- (b) For the 1973-1974 fiscal year 4,000,000

Funds appropriated for purposes of this act but not expended shall be carried over to the next fiscal year but new costs in the 1973-1974 fiscal year shall not exceed four million dollars (\$4,000,000). Financing of such programs provided by the state is intended to encourage and facilitate the phasing-in of such bilingual education programs so they may eventually be maintained by the school district as a part of the regular instruction program.

After the third year of program operation, the Superintendent of Public Instruction shall review the progress toward district assumption of the costs of the bilingual program. Not more than two hundred thousand dollars (\$200,000) may be used by the Department of Education for the administration of the Bilingual Education Act of 1972, and the remainder shall be available for allocation to school districts, with the approval of the Department of Education, for the following purposes only:

- (1) The employment of bilingual teacher aides;
- (2) The purchase of special bilingual teaching materials;
- (3) The costs of special in-service training and staff development with preference given to teachers and teacher aides employed as part of the bilingual program;
- (4) Reasonable expenses (which may include transportation, child care, meals, and training) of parent advisory groups on bilingual education, at the school and district level;
- (5) The purchase of special equipment to be used exclusively in the bilingual programs.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit the programs authorized by this act to begin operation as early in the 1972-1973 fiscal year as possible, and so facilitate the orderly administration of such programs, it is necessary that this act take effect immediately.

CHAPTER 1259

An act to add Chapter 1.4 (commencing with Section 5093.50) to Division 5 of the Public Resources Code, relating to wild and scenic rivers.

[Approved by Governor December 20, 1972. Filed with
Secretary of State December 20, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1.4 (commencing with Section 5093.50) is added to Division 5 of the Public Resources Code, to read:

CHAPTER 1.4. CALIFORNIA WILD AND SCENIC RIVERS ACT

5093.50. It is the policy of the State of California that certain rivers which possess extraordinary scenic, recreational, fishery or wildlife values, shall be preserved in their free-flowing state, together with their immediate environments, for the benefit and enjoyment of the people of the state. The Legislature declares that

such use of these rivers is the highest and most beneficial use and is a reasonable and beneficial use of water within the meaning of Section 3 of Article XIV of the State Constitution. It is the purpose of this chapter to create a California Wild and Scenic Rivers System to be administered in accordance with the provisions of this chapter.

5093.51. This chapter shall be known as the California Wild and Scenic Rivers Act.

5093.52. As used in this chapter:

(a) "Secretary" means the Secretary of the Resources Agency.

(b) "Resources Agency" means the Secretary of the Resources Agency and such constituent units of the Resources Agency as the secretary deems necessary to accomplish the purposes of this chapter.

(c) "River" means the water, bed, and shoreline of rivers, streams, channels, lakes, bays, estuaries, marshes, wetlands and lagoons.

(d) "Free-flowing" means existing or flowing in a natural condition without artificial impoundment, diversion or other modification of the waterway. The presence of low dams, diversion works, and other minor structures shall not automatically bar any river's inclusion within the system; provided, however, that this subdivision shall not be construed to authorize or encourage future construction of such structures on any component of the system.

(e) "System" means the California Wild and Scenic Rivers System.

5093.53. Those rivers or segments of rivers designated for inclusion in the system shall be classified by the secretary as one of the following:

(a) Wild rivers, which are those rivers or segments of rivers that are free of impoundments and generally inaccessible except by trail, with watersheds or shorelines essentially primitive and waters unpolluted.

(b) Scenic rivers, which are those rivers or segments of rivers that are free of impoundments, with shorelines or watersheds still largely primitive and shorelines largely undeveloped, but accessible in places by roads.

(c) Recreational rivers, which are those rivers or segments of rivers that are readily accessible by road or railroad, that may have some development along their shorelines, and that may have undergone some impoundment or diversion in the past.

5093.54. The following rivers are designated as components of the system:

(a) Klamath River. The main stem from 100 yards below Iron Gate Dam to the Pacific Ocean; the Scott River from the mouth of Shackleford Creek west of Fort Jones to the river mouth near Hamburg; the Salmon River from Cecilville Bridge to the river mouth near Somesbar; the North Fork of the Salmon River from the intersection of the river with the south boundary of the Marble Mountain Wilderness Area to the river mouth; Wooley Creek, from the western boundary of the Marble Mountain Wilderness Area to its

confluence with the Salmon River.

(b) Trinity River. The main stem from 100 yards below Lewiston Dam to the river mouth at Weitchpec; the North Fork of the Trinity from the intersection of the river with the southern boundary of the Salmon-Trinity Primitive Area downstream to the river mouth at Helena; New River from the intersection of the river with the southern boundary of the Salmon-Trinity Primitive Area downstream to the river mouth near Burnt Ranch; South Fork of the Trinity from the junction of the river with State Highway 36 to the river mouth near Salver.

(c) Smith River and all its tributaries, from the Oregon-California state boundary to the Pacific Ocean.

(d) Eel River. The main stem from 100 yards below Van Arsdale Dam to the Pacific Ocean; the South Fork of the Eel from the mouth of Section Four Creek near Branscomb to the river mouth below Weott; Middle Fork of the Eel from the intersection of the river with the southern boundary of the Middle Eel-Yolla Bolly Wilderness Area to the river mouth at Dos Rios; North Fork of the Eel from the Old Gilman Ranch downstream to the river mouth near Ramsey; Van Duzen River from Dinsmores Bridge downstream to the river mouth near Fortuna. It is the intent of the Legislature, with respect to the Eel River and its tributaries, that after an initial period of 12 years following the effective date of this chapter, the Department of Water Resources shall report to the Legislature as to the need for water supply and flood control projects on the Eel River and its tributaries, and the Legislature shall hold public hearings to determine whether legislation should be enacted to delete all or any segment of the river from the system.

(e) American River. The North Fork from its source to the Iowa Hill Bridge; the Lower American from Nimbus Dam to its junction with the Sacramento River.

(f) Other rivers which qualify for inclusion in the system may be recommended to the Legislature by the secretary.

5093.55. Except as provided in subdivision (d) of Section 5093.54, no dam, reservoir, or other water impoundment facility, other than temporary flood storage facilities permitted pursuant to Section 5093.57, shall be constructed on or directly affecting any river designated in Section 5093.54 after the effective date of this chapter; nor shall any water diversion facility be constructed on any such river unless and until the secretary determines that such facility is needed to supply domestic water to the residents of the county or counties through which the river flows, and unless and until the secretary determines that facility will not adversely affect its free-flowing condition or natural character.

5093.56. Except for geologic, hydrologic, economic, or any other technical studies deemed necessary or desirable by the Department of Water Resources in order to determine the feasibility of alternate sites for dams on the Eel River and its tributaries, which studies are hereby authorized, no department or agency of the state shall assist

or cooperate, whether by loan, grant, license, or otherwise, with any department or agency of the federal, state, or local government, in the planning or construction of any project that could have an adverse effect on the free-flowing, natural condition of the rivers included in the system.

5093.57. Nothing in this chapter shall be construed to prohibit any measures for flood protection, structural or nonstructural, necessary for the protection of lives and property along the Eel River as described in subdivision (d) of Section 5093.54, except for dams, reservoirs, or other water impoundment structures; provided, however, that such measures for flood protection may include facilities for temporary flood storage or flood storage basins on tributaries of the Eel River.

5093.58. The secretary shall do all of the following:

(a) Determine which of the classes described in Section 5093.53 best fit each segment of the rivers included in the system.

(b) Prepare a management plan to administer the rivers and their adjacent land areas in accordance with such classification.

(c) Submit such management plan to the Legislature for its approval.

5093.59. The secretary shall develop the management plan in close cooperation with the counties through which the rivers flow and their political subdivisions. Prior to adoption of any management plan, the secretary shall, after notice, hold a public hearing in each county through which the rivers flow and shall submit the plan to each county for its review as to the portion of the plan affecting the county.

5093.60. The secretary shall be responsible for the administration of the system. Each component of the system shall be administered so as to protect and enhance the values for which it was included in the system, without unreasonably limiting lumbering, grazing, and other resource uses, where the extent and nature of such uses do not conflict with public use and enjoyment of these values.

5093.61. All departments and agencies of the state and all local governmental agencies shall exercise their powers in a manner consistent with the provisions of this chapter. The Resources Agency shall cooperate with the appropriate water quality control agencies for the purpose of eliminating or diminishing the pollution of waters of the rivers included in the system.

5093.62. Nothing in this chapter shall affect the jurisdiction or responsibility or the state with regard to fish and wildlife. Hunting and fishing may be permitted on lands and waters administered as parts of the system under applicable state or federal laws and regulations.

5093.63. Nothing in this chapter shall be construed to permit or require the reservation, use, or taking of private property for scenic, fishery, wildlife, or recreation purposes, for inclusion in the system or for other public use, without just compensation.

5093.64. If any provision of this chapter or the application thereof

to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

CHAPTER 1260

An act to repeal Chapter 2.5 (commencing with Section 17065) of Part 10 of Division 2 of, and to add Chapter 2.5 (commencing with Section 17065) to Part 10 of Division 2 of, the Revenue and Taxation Code, relating to tax credits under the Personal Income Tax Law, to take effect immediately, tax levy.

[Approved by Governor December 21, 1972. Filed with Secretary of State December 21, 1972.]

The people of the State of California do enact as follows:

SECTION 1. It is the purpose of this act to afford parents and guardians of children in grades kindergarten through 12 some state income tax relief when they, in exercising their right of educational choice for their children, relieve the state's taxpayers of the public costs of educating such children.

SEC. 2. (a) The Legislature finds that approximately 5,000,000 children attend grades kindergarten through 12 in California and that 392,442 of these youngsters attend nonpublic schools.

(b) Under Sections 17751 and 17801 of the Education Code, the minimum amount the state may provide for the support of these children in public schools is one hundred twenty-five dollars (\$125) for each unit of average daily attendance, and the average combined state and local expenditure for each unit of average daily attendance for the 1972-73 fiscal year will exceed nine hundred dollars (\$900). Moreover, recent judicial decisions, such as *Serrano v. Priest* (1971), 5 Cal. 3d 584, may place additional burdens on taxpayers for the support of the public schools in amounts which are presently not subject to calculation.

(c) Private support of nonpublic school students currently saves state and local taxpayers approximately three hundred fifty million dollars (\$350,000,000) annually.

(d) Rising costs of education in nonpublic schools have forced many parents to withdraw their youngsters from private schools and to enroll them in public schools at public expense. During the past six years, some 65 nonpublic schools have closed. Nonpublic school enrollment has dropped by 60,000 students. During the 1972-73 fiscal year, the resultant increase in enrollment in public schools will require an expenditure of fifty-five million dollars (\$55,000,000). The Legislature believes that it is in the best interest of the taxpayers of the state and school districts for nonpublic elementary and

secondary schools to continue their operation since their closing imposes immediate burdens upon the state and public school districts to support the cost of education of children enrolled in such nonpublic schools in the public schools and would threaten the quality of education offered to children enrolled by their parents in the public schools.

(e) The problem of parental inability to afford desired nonpublic schooling is particularly acute in low-income urban centers where a majority of nonpublic schools are clustered.

(f) The Legislature believes that the public interest is best served through competition and diversity in educational opportunity offered by public and nonpublic schools; nonpublic schools complying with state standards as required by law fulfill a public purpose by serving the general welfare of the people of the state.

(g) Therefore, the Legislature declares that it serves the general welfare of the people of the state to grant some income tax relief to parents and guardians of youngsters enrolled in nonpublic elementary and secondary schools to defray part of the cost of such children's secular education.

SEC. 3. Chapter 2.5 (commencing with Section 17065) of Part 10 of Division 2 of the Revenue and Taxation Code is repealed.

SEC. 4. Chapter 2.5 (commencing with Section 17065) is added to Part 10 of Division 2 of the Revenue and Taxation Code, to read:

(b) "Education cost" means tuition and classroom instruction fees payable during the regular academic year when Sections 12154 and 12154.5 of the Education Code are applicable. There is excluded from "education cost" any amounts paid to an individual with respect to the education of a dependent under the provisions of Chapter 8.2 (commencing with Section 6870) of Division 6 of the Education Code.

(b) The credit allowed by subdivision (a), as it applies to each

dependent, shall not exceed the amount of education cost paid to a nonpublic school during the taxable year or the amount set forth in this subdivision, whichever is less.

If adjusted gross income is:	The maximum tax credit is:

15,000 but less than 16,000	100
16,000 but less than 17,000	75
17,000 but less than 18,000	50
18,000 but less than 19,000	25
19,000 and over	0

(c) If the husband and wife file separate returns, their combined adjusted gross income shall be taken into account in computing the amount of the credit pursuant to the schedule in subdivision (b).

17067. No credit shall be allowed under this chapter unless the return is accompanied by a receipt or receipts for each student signed by an official of such student's nonpublic school of enrollment showing the following information:

(a) The name and location of the nonpublic school in which the student is enrolled.

(b) The date or dates of payment and the amount paid for education costs.

(c) The grade or grades in which the student is enrolled during the period for which payment was made.

(d) The name of the student and the name of the individual paying the education costs.

SEC. 5. In repealing Chapter 2.5 (commencing with Section 17065) of Part 10 of Division 2 of the Revenue and Taxation Code by Section 3 of this act, the Legislature specifically directs attention to Section 17029 of such code, the provisions of which apply to such repeal.

SEC. 6. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 7. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of Section 4 of this act shall apply in the computation of taxes for taxable years beginning after December 31, 1972.

[Approved by Governor December 21, 1972. Filed with
Secretary of State December 21, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 62707 of the Agricultural Code is amended to read:

62707. The formulation committee shall make recommendations to the director for inclusion in the pooling plan, and the director shall include in the pooling plan, the following:

(a) The establishment of one or more pools throughout the state.

(b) The base period to be used in determining the production and class 1 usage bases of each producer directly affected by the pooling plan. Such base period shall, at the producers option, be his fluid milk production and usage in the pool area during the calendar year 1967 on an average daily basis or his production and usage in the pool area during the last six months of 1966 on an average daily basis.

As to a producer south and east of San Geronio Pass, his production base may at his option, be four times his production in the months of December, 1966, and January and February, 1967.

If a producer, during any such base period, had a valid contract with a distributor, or as a member of a cooperative association had an allocation, which provided that the distributor or cooperative association was required to accept a larger amount of fluid milk from such producer than the producer actually produced during such period, on proof satisfactory to the director of such contract or allocation, the producer may, at his option, have the amount specified in the contract or allocation established as his production base.

(c) The establishment of a class 1 usage for each producer, which shall be the amount of his production of fluid milk accounted for as class 1, and any fluid milk sold for use as class 1 to a United States military installation but which was not accounted for as class 1.

(d) The allocation to each producer within any pool of a pool quota, which, initially, shall be 110 percent of that producer's class 1 usage, as determined in subdivision (c) of this section.

(e) The determination of new class 1 usage and the allocation of pool quota based thereon in a manner consistent with effectuating the purposes of this chapter.

All producers who have not reached the equalization point shall share in such allocation of pool quota on the basis of a formula which shall give substantial weight to each producer's production base, but which at the same time shall allocate a larger percentage to hardship cases and low class 1 usage producers.

Such allocations shall be made on the basis of each individual producer, with each cooperative association considered as a single producer. The cooperative associations of producers shall reassign any new quota to their own members subject to the provisions of Section 62710.

No allocation shall be made to any producer for any new pool quota in excess of the equalization point as expressed in subdivision (c) of Section 62712.

Annually, within not more than four months after August 31 of each year, the pool quota shall be adjusted by each component to reflect any such additional pool quota. It is intended that such increase shall generally reflect the increased class 1 usage which developed during the preceding year, adjusted for the director's estimate of class 1 requirements for the succeeding year, allocated in the manner specified in the pool plan. There shall be no downward adjustment of pool quota below the quota initially established pursuant to this chapter.

(f) The establishment of production bases and pool quotas for new fluid milk producers who wish to enter the pooling plan after the effective date of the plan. The recommendations of the committee shall be reasonably equitable to both such new producers and to participating producers and consistent with effectuating the purposes of this chapter.

(g) The transfer of production bases and pool quotas from one fluid milk producer to another under conditions so designed as to prevent abuses in such transfers and to avoid the development of excessive values for such bases and quotas.

(h) Any and all other matters necessary and desirable to effectuate the provisions of this chapter.

The recommendations of the formulation committee and the pooling plan may provide exceptions from the plan's general application for individual cases of hardship.

SEC. 2. Section 62707.5 of the Agricultural Code is amended to read:

62707.5. If a portion of the pool quota of any producer is transferred, it shall carry with it the same quantity of production base, except that if the pool quota exceeds the production base, the pool quota shall carry with it a percentage of production base equal to the percentage of pool quota which is so transferred. In either case, the producer making a partial transfer of his pool quota shall lose a percentage of his production base equal to the percentage of his pool quota which is so transferred. If a producer transfers his entire production base to one person, his entire pool quota shall also be transferred to the recipient of the production base. If a producer transfers his entire pool quota, his entire production base shall also be transferred to the recipients of the pool quota in a percentage equal to the percentage of pool quota received by each.

All transfers of production base and pool quota shall be recorded by the director in a manner consistent with the purposes of this chapter. Permanent records shall be maintained by the director of all transactions in either production base or pool quota.

Any person who purchases or otherwise acquires a producer's business or a portion of a producer's business prior to the operative date of the pooling plan shall succeed to that same proportion of the producer's production base and pool quota.

SEC. 3. Section 62714 of the Agricultural Code is amended to read:

62714. After the director has established pools, each distributor shall report to the director the total receipts from the producers that are shipping to the distributor and the class 1, class 2, class 3, and class 4 usage of the distributor and any other information determined by the director as necessary to carry out the operation of the pool.

Article 9. Adulteration

15041. A commercial feed is adulterated in the following cases:

- (a) It bears or contains any poisonous, deleterious, or nonnutritive substance in amounts which are specified as being unsafe by the director by regulations.

- (c) Its composition differs from, or quality falls below, that which it is purported or is represented to possess by its labeling.

15052. A person is not entitled to a license unless he has a permanent place of business.

15053. Each application for a license shall be accompanied by a fee of twenty-five dollars (\$25) for each plant for each fiscal year or portion of a fiscal year beginning July 1st.

The tax rate established by this section is the maximum tax rate. The director may reduce this rate from time to time whenever he finds that the administration of this chapter may be accomplished from revenue derived from a lower tonnage tax rate.

15062. Every person subject to payment of the inspection tonnage tax shall make reports and payments in the manner prescribed by the director by regulation.

Article 12. Violations

15071. (a) Any violation of any provision of this chapter, or the regulations adopted pursuant to it, is a misdemeanor which is punishable by a fine of not more than two hundred fifty dollars (\$250) for the first violation and not less than five hundred dollars (\$500) for each subsequent violation.

(b) The director may, after hearing, refuse to issue or renew, or

may suspend or revoke a license for any violation of this chapter or any regulation which is adopted pursuant thereto. Proceedings under this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1, Division 3, Title 2, of the Government Code. After the loss of a license, the person so deprived has the right to appeal this action to the director.

15072. It is unlawful for any person to manufacture or distribute in this state any commercial feed without complying with the provisions of this chapter and the regulations which are adopted pursuant to it.

15073. The director may seize and hold any lot of commercial feed which he has reasonable cause to believe is in violation of the provisions of this chapter or the regulations adopted pursuant to it.

15074. If the director seizes any lot of commercial feed, he shall immediately issue to the person that has control of such feed a hold order or notice. He may affix to the lot or package of such feed a warning tag which states that the lot is so held.

15075. Any lot of commercial feed for which a hold order or notice is issued shall be held by the person having control of such feed and shall not be disturbed or moved except under the specific directions of the director, pending final disposition pursuant to this chapter. This does not prevent the person having control of the feed from inspecting any feed so seized, nor from taking therefrom, in the presence of a person designated by the director, a reasonable sample for evidence.

15076. Any lot of commercial feed which is seized and held pursuant to this chapter, unless previously analyzed by the director, shall be sampled and promptly analyzed within a reasonable period of time, as set by the director by regulation, after the seizure for the purpose of determining if such commercial feed is, in fact, in violation of the provisions of this chapter or the regulations adopted pursuant to it. The person having control of the feed shall be immediately notified by the director as to whether or not the sample was found to be in violation. If the results of analysis are not made known to the person having control of the feed within the period of time specified by the director by regulation, the lot of commercial feed being held shall be immediately released and the hold order or tag removed.

15077. Upon demand of the person having control of the seized feed at or prior to the time of the sampling by the director, the sample which is drawn shall be divided into two approximately equal parts, one part of which shall be sealed and left with the person in control of the feed and one part taken for analysis by the director.

15078. If the seized and held lot, as determined by the director's analysis, is not in violation, the director shall immediately release the seized and held lot and remove the hold order or tag.

15079. If the seized and held lot is found to be in violation, the director shall either:

- (a) Continue to hold the lot until such time as the requirements

of this chapter have been complied with, at which time the lot shall be released.

(b) Issue orders for the disposal of the lot in a manner specified by the director.

15080. The person having control of a seized or held lot found to be in violation may appeal the result of analysis to the director in writing within five days of receiving the notice of violation. Upon receipt of such appeal, the director shall take a further sample of the lot in question for analysis. The cost of sampling and analysis shall be at the expense of the person that requests the appeal sample. The findings from the appeal analysis are conclusive.

Article 13. Procedure for Prosecution

15091. In addition to the remedies provided in this chapter, the department may bring an action in superior court and such court shall have jurisdiction upon hearing and for cause shown, to grant a temporary or permanent injunction restraining any person from violating any provision of this chapter or the rules and regulations promulgated under this chapter. Any proceeding under the provisions of this section shall conform to the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure. The department shall not, however, be required to allege facts necessary to show or tending to show lack of adequate remedy at law or to show or tending to show irreparable damage or loss. The court may require such acts or course of conduct as necessary to effectuate the purpose of this chapter.

15092. Nothing in this chapter requires the director to report for prosecution or to institute injunction proceedings for any minor violation of this chapter whenever he believes that the public interest shall be adequately served by a suitable written notice of warning, and compliance with such notice.

SEC. 3. This act shall become operative on January 1, 1973.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

CHAPTER 1284

An act relating to the repair, restoration, or replacement of public property damaged or destroyed by a natural disaster and to amend Section 5 of Chapter 74 of the Statutes of 1972, making an appropriation therefor and declaring the urgency thereof, to take effect immediately.

[Approved by Governor December 21, 1972. Filed with Secretary of State December 21, 1972.]

The people of the State of California do enact as follows:

SECTION 1. "Natural disaster" as used in this act means a flood, storm, tidal wave, earthquake, or other similar public calamity resulting from natural causes.

SEC. 2. "Unusual circumstances" as used in this act, are unavoidable delays which result from the recurrence of a disaster, prolonged severe weather within a one-year period, or other conditions beyond the control of an applicant. Delays resulting from administrative procedures are not unusual circumstances which warrant extensions of time.

SEC. 3. The unexpended balance of the appropriation made by Section 1 of Chapter 52 of the Statutes of 1969 shall be available for

expenditure by the Department of Finance for the purposes of the Emergency Flood Relief Law (Article 6 (commencing with Section 54150), Chapter 5, Part 1, Division 2, Title 5, Government Code) for damage or destruction to public real property, other than the repair, restoration, or replacement of streets, roads, and bridges damaged by a natural disaster which occurred between September 1, 1972, and June 30, 1973, declared by the governing body of the local agency affected, which declaration is acceptable to the Director of the Office of Emergency Services; provided, that the local agency has applied to the Department of Finance for an allocation of funds within 60 days after the disaster has occurred, or within 60 days of the effective date of this act, whichever is the longer period.

SEC. 4. The funds made available by Section 3 of this act may also be expended for the purposes described in Section 54155 of the Government Code.

SEC. 5. Allocations of funds under Section 3 of this act may be expended, if the local agency so elects, for the repair, restoration, or replacement of a public building to present-day standards; provided, that the square footage of such building is not increased thereby except as necessary to meet present-day standards.

SEC. 6. Notwithstanding the provisions of Section 54157 of the Government Code, whenever the Department of Finance determines that a local agency to which funds available pursuant to Section 3 of this act are proposed to be allocated is financially unable to meet the matching requirements set forth in Section 54157 of the Government Code due to exhaustion of its financial resources because of disaster expenditures, the provisions of Section 54157 of the Government Code shall not apply, and the Department of Finance may allocate funds available pursuant to Section 3 of this act to pay all of the cost of repairing, restoring, or replacing public buildings of such local agency or such portion of such cost as the department determines is necessary to accomplish the project, taking into consideration the financial ability of the local agency to meet the matching requirements of Section 54157 of the Government Code, less any money provided by the United States or any agency thereof for any portion of the cost of the project; provided, that the total amount of state funds allocated for any one project pursuant to this section shall not exceed the sum of two hundred thousand dollars (\$200,000).

SEC. 7. The money in the Street and Highway Disaster Fund under subdivision (b) of Section 186.95 of the Streets and Highways Code shall be available for expenditure for allocation by the State Allocation Board for the purposes of the Emergency Flood Relief Law, including the purposes provided for in Section 54160 of the Government Code, for the repair, restoration, or replacement of any local street, road, or bridge damaged or destroyed by a natural disaster occurring between September 1, 1972, and June 30, 1973, declared by the governing body of the local agency affected, which declaration is acceptable to the Director of the Office of Emergency

Services; provided, that the local agency has applied to the State Allocation Board for an allocation of funds within 60 days after the disaster has occurred, or within 60 days of the effective date of this act, whichever is the longer period.

SEC. 8. Whenever the Department of Finance determines that a local agency which would otherwise be eligible for an allocation under the formula of Section 54157 of the Government Code is unable to finance the work due to exhaustion of its financial resources because of disaster expenditures, the State Allocation Board may allocate funds available pursuant to Section 7 of this act to pay such portion of the cost of repairing, restoring, or replacing the streets, roads and bridges of such local agency as the department has determined is necessary to accomplish such work; provided, that if the local agency is a county, the amount contributed by each local agency shall not be reduced to less than an amount of money equal to the amount allocated to such local agency for the 1969-70 fiscal year pursuant to Section 2110.5 of the Streets and Highways Code; and provided, further, that if the local agency is a county, the Department of Finance, in determining whether the county's financial resources are exhausted, shall ascertain whether the county has levied, during the then current year, the maximum property tax for highway purposes authorized by Section 1550 of the Streets and Highways Code in the road district in which the work is proposed, and if such tax is being levied at less than the maximum rate authorized by Section 1550, the amount to be allocated by the State Allocation Board under this section shall be reduced by an amount equivalent to the difference between the revenue derived from the property tax being levied for highway purposes in such road district and the revenue which would have been derived from such tax at the maximum rate authorized by Section 1550. In determining if a county has levied sufficient taxes, amounts to be received from other taxes levied by that county and used for road purposes shall be included.

SEC. 9. Article 5. Licensed Clinical Social Workers Corporations

9070. A licensed clinical social workers corporation is a corporation which is registered with the Board of Behavioral Science Examiners and has a currently effective certificate of registration from the board pursuant to the Moscone-Knox Professional Corporation Act, as contained in Part 4 (commencing with Section 13400) of Division 3 of Title 1 of the Corporations Code, and this article. Subject to all applicable statutes, rules and regulations, such licensed clinical social workers corporation is entitled to practice clinical social work. With respect to a licensed clinical social workers

corporation, the governmental agency referred to in the Moscone-Knox Professional Corporation Act is the Board of Behavioral Science Examiners.

9071. An applicant for registration as a licensed clinical social workers corporation shall supply to the board all necessary and pertinent documents and information requested by the board concerning the applicant's plan of operation. The board may provide forms of application. If the board finds that the corporation is duly organized and existing pursuant to the General Corporation Law, that, except as provided in Section 13403 of the Corporations Code, each officer, director, shareholder and each employee who will render professional services is a licensed person as defined in the Moscone-Knox Professional Corporation Act, and that from the application it appears that the affairs of the corporation will be conducted in compliance with law and the rules and regulations of the board, the board shall upon payment of the registration fee in such amount as it may determine issue a certificate of registration. The application shall be signed and verified by an officer of the corporation.

9072. Each licensed clinical social workers corporation shall file with the board annually and at such other times as the board may require a report containing such information pertaining to qualification and compliance with the statutes, rules and regulations of the board as the board may determine. The fee for filing such a report shall be fixed by the board. All reports shall be signed and verified by an officer of the corporation.

9073. Notwithstanding Section 9040, the name of a licensed clinical social workers corporation and any name or names under which it may be rendering professional services shall contain and be restricted to the name or the last name of one or more of the present, prospective, or former shareholders and shall include the words "licensed clinical social workers corporation" or wording or abbreviations denoting corporate existence.

9074. Except as provided in Section 13403 of the Corporations Code, each director, shareholder, and officer of a licensed clinical social workers corporation shall be a licensed person as defined in the Moscone-Knox Professional Corporation Act.

9075. The income of a licensed clinical social workers corporation attributable to professional services rendered while a shareholder is a disqualified person (as defined in the Moscone-Knox Professional Corporation Act) shall not in any manner accrue to the benefit of such shareholder or his shares in the licensed clinical social workers corporation.

9076. A licensed clinical social workers corporation shall not do or fail to do any act the doing of which or the failure to do which would constitute unprofessional conduct under any statute, rule or regulation now or hereafter in effect. In the conduct of its practice, it shall observe and be bound by such statutes, rules and regulations to the same extent as a person holding a license under Section 9041

of this code. The board shall have the same powers of suspension, revocation and discipline against a licensed clinical social workers corporation as are now or hereafter authorized by Section 9051 of this code, or by any other similar statute against individual licensees, provided, however, that proceedings against a licensed clinical social workers corporation shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein.

9077. The board may formulate and enforce rules and regulations to carry out the purposes and objectives of this article, including rules and regulations requiring (a) that the articles of incorporation or bylaws of a licensed clinical social workers corporation shall include a provision whereby the capital stock of such corporation owned by a disqualified person (as defined in the Moscone-Knox Professional Corporation Act), or a deceased person, shall be sold to the corporation or to the remaining shareholders of such corporation within such time as such rules and regulations may provide, and (b) that a licensed clinical social workers corporation as a condition of obtaining a certificate pursuant to the Moscone-Knox Professional Corporation Act and this article shall provide adequate security by insurance or otherwise for claims against it by its patients arising out of the rendering of professional services.

SEC. 6. Section 1014 of the Evidence Code is amended to read:

1014. Subject to Section 912 and except as otherwise provided in this article, the patient, whether or not a party, has a privilege to refuse to disclose, and to prevent another from disclosing, a confidential communication between patient and psychotherapist if the privilege is claimed by:

- (a) The holder of the privilege;
- (b) A person who is authorized to claim the privilege by the holder of the privilege; or
- (c) The person who was the psychotherapist at the time of the confidential communication, but such person may not claim the privilege if there is no holder of the privilege in existence or if he is otherwise instructed by a person authorized to permit disclosure.

Except as otherwise provided in this section, revenues received by the trustees from any of the hereinabove motor vehicle parking facilities, as well as from all parking facilities existing on the effective

Moneys in the State College Parking Revenue Fund may be invested by the State Treasurer, upon approval of the trustees, in those eligible securities listed in Section 16430 of the Government Code. All interest or other earnings received pursuant to such investments shall be collected by the State Treasurer, and shall be deposited in the State Treasury to the credit of the State College Parking Revenue Fund.

For the purposes of this chapter, "private byroads" are roads opened, laid out, or altered for the purpose of providing access to parcels of land of more than 100 acres which have been cut off by a change in the course of a navigable stream. Except as provided in this chapter, private byroads may be opened, laid out, or altered for the necessity of one or more residents or landowners of any road district in the same manner, and using the same procedure, as specified for the opening, laying out, or altering of public roads as

1052. The petitioner shall accompany the petition with a good and sufficient bond, approved by the board of supervisors, in double the amount of the probable cost of the proceedings, including the market value for land taken and any severance damage resulting from such taking, and shall be conditioned that the bondsmen will pay all costs of the proceedings, including any compensation which may be awarded to any landowner.

The bond shall be further conditioned that the bondsmen will pay to the person over whose land the private byroad is sought to be opened or altered, his necessary costs and disbursements in contesting the opening or alteration of the private byroad, in case the petition is not granted or the private byroad is finally not opened or altered.

In lieu of a bond, the petitioner may deposit with the clerk of the board of supervisors a sum of money in an amount to be fixed by the board, together with an agreement that the money may be used by the board to pay the expenses of the proceedings, including all the costs and disbursements required by this section in the event a bond is given.

1053. The board of supervisors may, by resolution, order the private byroad to be opened, laid out, or altered. The clerk shall cause such order to be recorded in the office of the county recorder within five days, naming the owner of the dominant tenement as "grantee" and the owner of the servient tenement as "grantor."

1054. The person for whose benefit the private byroad is required shall pay the landowner the market value for land taken and any severance damage resulting from such taking and shall build and maintain the private byroad.

CHAPTER 1294

An act to amend Sections 8 and 10.1 of, and to add Sections 10.4 and 10.5 to, the San Mateo County Flood Control District Act (Chapter 2108 of the Statutes of 1959), relating to the San Mateo County Flood Control District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor December 22, 1972. Filed with Secretary of State December 22, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 8 of the San Mateo County Flood Control District Act (Chapter 2108 of the Statutes of 1959) is amended to read:

Sec. 8. The board of supervisors of said district shall have power, in any year:

1. To levy taxes or assessments in each or any of the zones of the district to pay the cost and expenses of administering, engineering, constructing, maintaining, operating, extending, repairing or otherwise improving any or all works or improvements established or to be established within or on behalf of said zone or zones, according to the benefits derived or to be derived by said respective zones, by either of the following methods:

(a) By a levy or assessment upon all property within a zone or participating zone, including land, improvements thereon, and personal property;

(b) By a levy or assessment upon all real property within a zone or participating zone, including both land and improvements thereon.

It is declared that for the purposes of any tax or assessment levied under this subdivision, the property so taxed or assessed within a given zone is equally benefited.

2. To levy taxes or assessments by either method authorized by subdivision 1 of this section in each or any, of said zones, according to the special benefits derived or to be derived by the specific properties therein, to pay the cost and expenses of carrying out any of the objects or purposes of this act of special benefit to such zone or zones, including the constructing, administering, engineering, maintaining, operating, extending, repairing, or otherwise improving any or all works of improvement established or to be established within or on behalf of said zone or zones.

3. To levy taxes or assessments within a zone within which one or more subzones are established pursuant to Section 10.1 of this act in the manner provided by, and subject to the limitations of, that section.

4. Said taxes or assessments shall be levied and collected together with, and not separately from, taxes for county purposes, and the revenues derived from said taxes shall be paid into the county

treasury to the credit of said district, and said board of supervisors shall have the power to control and order the expenditure thereof for said purposes; provided, however, that no revenues, or portions thereof, derived in any of the several zones from the taxes or assessments levied under the provisions of subdivision 1 of this section shall be expended for administering, engineering, constructing, maintaining, operating, extending, repairing, or otherwise improving any works or improvements located in any other zone except as provided in Section 11 hereof; and provided, further, however, that the aggregate taxes or assessments levied in any zone or subzone established under this act for any fiscal year shall not exceed forty cents (\$.40) on each one hundred dollars (\$100) of assessed valuation of the taxable property in such zone or subzone, exclusive of any tax levied to meet the bonded indebtedness of any such zone or subzone and the interest thereon. The maximum rate of forty cents (\$.40) set forth herein supersedes any maximum tax or assessment rate previously fixed by the board in a resolution establishing any zone or subzone pursuant to Section 10 hereof, and may be levied within any zone or subzone irrespective of any such maximum tax or assessment rate so fixed.

SEC. 2. Section 10.1 of the San Mateo County Flood Control District Act (Chapter 2108 of the Statutes of 1959) is amended to read:

Sec. 10.1. The board shall, by resolution, at the time of the institution of a project pursuant to Section 10.3 of this act, order the formation of any subzone within such a zone where, in the opinion of the board the contemplated improvements authorized by this act and the operation and maintenance thereof will be of special benefit to any such subzone, and are not of equal benefit to the entire zone within which any such subzone is proposed to be established. Notice of the intention to form any such subzone or subzones within a zone shall be given in the resolution specifying the board's intention to undertake a project. Any such subzone may be formed within the zone without regard to the boundaries of any natural drainage basin and the board may form as many subzones within a zone as may, in the opinion of the board, be necessary. At the time of the formation of any such subzone the board shall determine, after engineering studies for such purpose, the percentage (%) of benefit from the improvements proposed to be made within the zone and from the operation and maintenance thereof, to inure to the property in any such subzone. In the event that any bonded indebtedness is thereafter incurred within a zone established pursuant to Section 10 of this act which contains one or more such subzones, the property within each such subzone shall be taxed to pay that percentage (%) of the principal and interest of such bonded indebtedness determined to be the percentage (%) of benefit to the property within such subzone, by the board in the manner above mentioned. In the event that any tax or assessment for improvements, operation, maintenance or any other purpose is thereafter levied within a zone

established pursuant to Section 10 of this act which contains one or more such subzones, the property within each such subzone shall be taxed or assessed to pay that percentage of the improvement costs, and of the operation, maintenance or other cost thereof, determined to be the percentage of benefit to the property within such subzone by reason of such improvements.

If, at any time after the formation of a subzone pursuant to the provisions of this act, the board deems it necessary and desirable to do so, it may review the validity of the engineering studies relating to the formation of the subzone and, if appropriate, make a new determination as to the percentage of benefit accruing to the property within a given subzone from the improvements involved. Each succeeding determination of percentage of benefit shall supersede any and all prior determinations. Prior to making such a new determination of percentage of benefit, the board shall adopt a resolution specifying its intention to so redetermine and fixing a time and place for public hearing on the resolution. Notice of such hearing shall be given by publication once a week for two consecutive weeks prior to the hearing, the last publication of which must be at least seven days before the hearing, in a newspaper of general circulation designated by the board, circulated in the subzone or subzones affected by the proposed redetermination, and if there be no such newspaper then by posting notice for two consecutive weeks prior to the hearing in five public places designated by the board, in the subzone or subzones.

At the time and place fixed for the hearing, or at any time to which the hearing may be continued, the board shall consider all written or oral objections to the proposed redetermination of percentage of benefit. Upon conclusion of the hearing, the board may, by resolution, make a new determination as to the percentage of benefit accruing to the property within the given subzone from the improvements involved, or may choose not to do so.

In the event that one or more subzones have been established within a zone pursuant to this section, any proposition for the incurring of a bonded indebtedness within a zone, or for increasing the maximum tax rate within the zone or subzone, shall indicate the fact that such subzone or subzones have been established in such manner as the board may deem appropriate.

The procedure for the levy and collection of taxes within each such subzone for the purpose herein provided in this section shall be the same as the procedure for the levy and collection of taxes within a zone established pursuant to Section 10 of this act.

SEC. 3. Section 10.4 is added to the San Mateo County Flood Control District Act (Chapter 2108 of the Statutes of 1959), to read:

Sec. 10.4. A project instituted pursuant to the provisions of Section 10.3 of this act may later be modified or abandoned by resolution of the board. For the purpose of acquiring authority to modify or abandon any such project, the board shall adopt a resolution specifying its intention to so modify or abandon such

project and fixing a time and place for public hearing of the resolution. Notice of such hearing shall be given by publication once a week for two consecutive weeks prior to the hearing, the last publication of which must be at least seven days before the hearing, in a newspaper of general circulation designated by the board, circulated in the zone or zones for which the project was originally instituted, and if there be no such newspaper then by posting notice for two consecutive weeks prior to the hearing in five public places designated by the board, in the zone or zones.

At the time and place fixed for the hearing, or at any time to which the hearing may be continued, the board shall consider all written or oral objections to the proposed modification or abandonment. Upon the conclusion of the hearing the board may, by resolution, modify or abandon the project or may choose not to do so.

SEC. 4. Section 10.5 is added to the San Mateo County Flood Control District Act (Chapter 2108 of the Statutes of 1959), to read:

Sec. 10.5. Upon a finding by the board that any zone or subzone formed pursuant to the provisions of Section 10 or Section 10.1 of this act has served the function for which it was created and that the continued existence of the zone or subzone is not necessary or desirable, the board may, by resolution, dissolve the zone or subzone.

For the purpose of acquiring authority to dissolve any such zone or subzone, the board shall adopt a resolution specifying its intention to dissolve such zone or subzone and fixing a time and place for public hearing of the resolution. Notice of such hearing shall be given by publication once a week for two consecutive weeks prior to the hearing, the last publication of which must be at least seven days before the hearing, in a newspaper of general circulation designated by the board, circulated in the zone or subzone sought to be dissolved, and if there be no such newspaper then by posting notice for two consecutive weeks prior to the hearing in five public places designated by the board in the zone or subzone.

At the time and place fixed for the hearing, or at any time to which the hearing may be continued, the board shall consider all written or oral objections to the proposed dissolution. Upon the conclusion of the hearing the board may, by resolution, dissolve the zone or subzone or may choose not to do so.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The San Mateo County Flood Control District is facing an emergency situation due to the exceptional amount of rainfall now being experienced. In order to enable the district to exercise the powers granted by this act at the earliest possible time in order to meet this emergency situation, it is necessary that this act go into immediate effect.
