The people of the State of California do enact as follows:

SECTION 1. Section 885.5 of the Education Code is amended to read:

885.5. In addition to all other amounts payable to the county school service fund on account of special education schools, programs, and classes maintained by the county superintendent of schools for the education of physically handicapped minors, mentally retarded minors, severely mentally retarded minors, and educationally handicapped minors, there shall be paid by the school districts in which such minors reside, an amount, per unit of average daily attendance of any such minors being educated by the county superintendent of schools in the current fiscal year, equal to the amount produced in the district in the current fiscal year by the applicable tax rates specified in Section 17702 per unit of the total average daily attendance of the district.

In lieu of the payments to the county school service fund for mentally retarded minors and severely mentally retarded minors provided for in this section, the county superintendent of schools, with the approval of the county board of education, may add an amount equal to the amount of such payments to the amount, if any, he certifies in accordance with the provisions of Sections 895.6 and 895.7.

SEC. 2. Section 895.11 of the Education Code is amended to read:

(b) Acquire water and water rights and do any act necessary to furnish sufficient water in the district for any beneficial use.

(c) Sell, dispose of, and distribute water and electric power for use within the district.

The powers granted to the Parker Dam Recreation and Park District by this section may be exercised by the district only if the authority to exercise such powers is approved by a majority of the votes cast on the proposition at a district election called and conducted in accordance with the provisions of this chapter.

SEC. 2. The provisions of this act are necessary because all lands within the Parker Dam Recreation and Park District are federally owned and are leased by the Bureau of Land Management to district residents and the district is the only local governmental agency available to provide water and power to such residents. This problem is not common to all recreation and park districts. It is therefore hereby declared that a general law cannot be made applicable and that the enactment of Section 5782.25 of the Public Resources Code as a special law is necessary for the solution of problems existing in the Parker Dam Recreation and Park District.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety, within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Annexation of a unified school district by a community college district places a severe strain on existing college facilities and necessitates interdistrict attendance agreements to accommodate the needs of the community college students within the newly enlarged district. In order to provide necessary funds to pay for costs of these agreements for the fiscal year 1972-73, it is necessary that this act have immediate effect.

Secretary of State July 28, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 19594 of the Education Code is amended to read:

19594. Whenever a conditional apportionment has, prior to the 61st day after the adjournment sine die of the 1972 Regular Session of the Legislature, been made to an applicant school district pursuant to this chapter and thereafter the county superintendent of schools of the county having jurisdiction over such district has certified to the board and the State Controller that at an election called, held and conducted in the district for that purpose, two-thirds of the qualified electors of the district voting thereat authorized the governing board of the applicant school district to accept, expend and repay an apportionment under the provisions of this chapter, and whenever thereafter said county superintendent of schools has certified to the board and the State Controller that the amount of bonds, if any, required by the board, as a condition to the apportionment becoming final, have been issued and sold and the proceeds thereof

made available for the purposes of the application and the board has certified to the State Controller that the apportionment to the applicant school district has become final, such final apportionment is hereby confirmed, ratified, and validated, and any expenditure of money from the State School Building Aid Fund according to the terms of such final apportionment is hereby confirmed, ratified, and validated.

CHAPTER 485

An act to amend Sections 21252.45 and 21252.6 of the Government Code, relating to the Public Employees' Retirement System.

[Approved by Governor July 28, 1972. Filed with
Secretary of State July 28, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 21252.45 of the Government Code is amended to read:

21252.45. The fraction or percentage of final compensation, for purposes of calculating the combined prior and current service pensions under Section 21252.1 or 21252.01 for a local safety member retiring after the effective date of his coverage under the federal system but prior to termination of such coverage for members in his employment shall be reduced by one-third as applied to that part of the member's final compensation which does not exceed four hundred dollars (\$400) per month.

This section shall not apply to any contracting agency nor to the employees of any contracting agency unless and until the agency elects to be subject to the provisions of this section by amendment to its contract made in the manner prescribed for approval of contracts, or in the case of contracts made after the date this section takes effect, by express provision in such contract making the contracting agency subject to the provisions of this section.

This section and Section 21252.1 or 21252.01, as the case may be, shall supersede Section 21252.5 with respect to all service to a contracting agency electing to be subject hereto; provided, however, that members in employment of such contracting agency on the effective date of the contract amendment subjecting the agency and its employees to this Section 21252.45 and Section 21252.1 may elect, in accordance with board rules, to continue subject to Section 21252.5, and the contracting agency shall be subject to Section 21252.5 rather than this section with respect to members who so elect. Such election shall cease to be effective if prior to the member's retirement his employer elects to be subject to Section 21252.01 or elects to terminate coverage of the federal system for persons in the member's employment.

SEC. 2. Section 21252.6 of the Government Code as amended by Chapter 1452 of the Statutes of 1971 is amended to read:

21252.6. The combined prior and current service pension for a law enforcement member, other than such member defined in Section 20017.7, subdivision (a) of Section 20017.75 or Section 20017.8 of this code, and a local safety member with respect to service to a contracting agency subject to this section, upon retirement after attaining age 55, is a pension derived from contributions of an employer sufficient, when added to that portion of the service retirement annuity which is derived from the accumulated normal contributions of the member at the date of his retirement, to equal one-fiftieth of his final compensation multiplied by the number of years of law enforcement, police, fire, or county peace officer service which is credited to him as a law enforcement member or a local safety member subject to this section at retirement. Notwithstanding the preceding sentence, this section shall apply to the current and prior service pension for any other law enforcement member based on service to which it would have applied had the member, on July 1, 1971, been in employment described in Section 20017.77 of this code.

In no event shall the total pension for all service under this section exceed an amount which, when added to the service retirement annuity related to such service, equals 75 percent of final compensation. If the pension relates to service to more than one employer and would otherwise exceed such maximum, the pension payable with respect to each employer shall be reduced in the same proportion as the allowance based on service to such employer bears to the total allowance computed as though there were no limit, so that the total of such pensions shall equal the maximum.

This section shall not apply to a person whose effective date of retirement is prior to the operative date of this section or to a person who retires after such operative date and following reinstatement from a retirement having an effective date prior to such operative date and before rendering during such reinstatement at least one year of service in which he is subject to this section.

The Legislature reserves, with respect to any member subject to this section, the right to provide for such adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier age of service retirement made possible by the benefits under this section.

The percentage of final compensation provided in this section shall be reduced by one-third as applied to that part of the member's final compensation which does not exceed four hundred dollars (\$400) per month for service after the effective date of coverage of a member under the federal system. This paragraph shall not apply to a member who retires after the date upon which coverage under the federal system of persons in his employment terminates. It shall not

apply to a local safety member employed by a contracting agency electing to be subject to this section after the effective date of the amendments to this section at the 1972 Regular Session unless such agency elects to be subject to this paragraph by amendment to its contract or by appropriate provision of a contract entered into after this provision is effective and as to any such member, the reduction in the percentage of final compensation shall apply to all local safety service to such agency, if any of such local safety service has been included in the federal system.

This section shall not apply to a contracting agency nor its employees unless and until the agency elects to be subject to it by amendment to its contract made in the manner prescribed for approval of contracts or in the case of a new contract, by express provision of the contract. The operative date of this section with respect to a local safety member shall be the effective date of the amendment to his employer's contract electing to be subject to this section.

Upon such election by a contracting agency subject to Section 21252.1, this section shall not apply to a local safety member then employed who entered such employment after attaining age 30, and Section 21252.1 shall continue to apply to such member unless and until he terminates such employment and more than 30 days thereafter enters employment otherwise subject to this section. Upon such later entry into employment, the member will be subject to this section with respect to all service as a local safety member rendered to any employer subject to this section.

This section shall not apply to a person who is a law enforcement member on its operative date and who entered law enforcement service after attaining age 30 unless such person elects in writing to be subject to this section and the election is filed in the office of the board within 30 calendar days following the operative date of this section.

CHAPTER 486

An act to amend Sections 300, 301, 501, 800, 816, and 819 of, and to add Section 809.5 to, the Corporations Code, relating to directors of corporations.

[Approved by Governor July 28, 1972. Filed with
Secretary of State July 28, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 300 of the Corporations Code is amended to read:

300. A corporation may be formed under this division for any lawful purposes by the execution of articles of incorporation by one

or more persons, and the filing of the articles in the manner provided in this chapter.

SEC. 2. Section 301 of the Corporations Code is amended to read:

301. Articles of incorporation shall set forth:

(a) The name of the corporation.

(b) The purposes for which it is formed, including a statement in a separate paragraph identifying the specific business in which the corporation is primarily to engage.

(c) The county in this state where the principal office for the transaction of the business of the corporation is located.

(d) The number of its directors and the name and address of each person appointed to act as a first director. The number so stated constitutes the authorized number of directors until changed by amendment of the articles or, unless the articles provide otherwise, by a bylaw duly adopted by the shareholders.

The minimum number of directors authorized shall be three; provided, however, that (1) before shares are issued, the minimum number shall be one, (2) if a corporation only has one shareholder, the minimum number shall be one, and (3) if a corporation has only two shareholders, the minimum number shall be two. However, the articles or, unless the articles provide otherwise, a bylaw duly adopted by the shareholders, may state that the number of directors shall be not less than a stated minimum (which in no case shall be less than five) nor more than a stated maximum (which in no case shall exceed such stated minimum by more than three); and in the event that the articles or bylaws permit such an indefinite number of directors, the exact number of directors shall be fixed, within the limits specified in the articles or bylaws, by a bylaw or amendment thereof duly adopted by the shareholders or by the board of directors. In the event the articles provide for an indefinite number of directors, unless the articles provide otherwise, such indefinite number may be changed, or a definite number fixed without provision for an indefinite number, by a bylaw duly adopted by the shareholders.

SEC. 3. Section 501 of the Corporations Code is amended to read:

501. The bylaws of a corporation may make provisions not in conflict with law or its articles for:

(a) The time, place, and manner of calling, conducting, and giving notice of shareholders' and directors' meetings. The bylaws may dispense with notice of all regular or annual meetings of shareholders except as required under Section 2201, or of all regular meetings of directors, or both.

(b) The method of publication of notices of meetings of the shareholders or directors when publication is required.

(c) The manner of execution, revocation, and use of proxies.

(d) The number, qualifications, duties, and compensation of directors; the time of their annual election; and the requirements of a quorum for a directors' meeting in accordance with Section 816.

The authorized number of directors may be changed by

amendment of the articles, or, unless the articles forbid, by a bylaw duly adopted by the shareholders, or, if the articles or bylaws permit an indefinite number of directors pursuant to Section 301, by a bylaw duly adopted by the directors; but the votes or written consents of shareholders holding more than 80 percent of the voting power are necessary to reduce the authorized number of directors below five.

(e) The appointment and authority of an executive committee and other committees of the board of directors.

(f) The appointment, duties, compensation, and tenure of office of officers other than directors.

(g) Special qualifications of persons who may be shareholders, and reasonable restrictions upon the right to transfer or hypothecate shares.

(h) The mode of determination of shareholders of record.

(i) The making of annual reports and financial statements to the shareholders or dispensing therewith.

(j) The issue of certificates for shares prior to full payment.

(k) Any other proper and lawful regulations.

SEC. 4. Section 800 of the Corporations Code is amended to read:

800. Subject to limitations of the articles and of this division as to action which shall be authorized or approved by the shareholders, all corporate powers shall be exercised by or under authority of, and the business and affairs of every corporation shall be controlled by, the board of directors.

SEC. 5. Section 809.5 is added to the Corporations Code, to read:

809.5. If a corporation has not issued shares and all the directors resign, die or become incompetent, or in the case of a nonstock corporation if a corporation has no members other than the directors and all the directors resign, die or become incompetent, the superior court of the county in which the principal office of the corporation is or was located may appoint directors of the corporation upon petition of a creditor of the corporation or of the personal representative of a deceased director or of the guardian or conservator of an incompetent director.

SEC. 6. Section 816 of the Corporations Code is amended to read:

816. A majority of the authorized number of directors constitutes a quorum of the board for the transaction of business unless the articles or bylaws provide that a different number, which in no case shall be less than one-third the authorized number of directors, nor less than two, constitutes a quorum, unless the authorized number of directors is one, in which case one director constitutes a quorum.

SEC. 7. Section 819 of the Corporations Code is amended to read:

819. (a) If a corporation has an even number of directors who are equally divided and cannot agree as to the management of its affairs, so that its business cannot longer be conducted to advantage or so that there is danger that its property and business will be impaired and lost, the superior court of the county where the principal office of the corporation is located may, notwithstanding any provisions of the articles or bylaws of the corporation and

whether or not an action is pending for an involuntary winding up or dissolution of the corporation, appoint a provisional director pursuant to this section.

Action for such appointment may be filed by any director or by the holders of not less than 33⅓ percent of the outstanding shares.

(b) The provisional director shall be an impartial person, who is neither a shareholder nor a creditor of the corporation, nor related by consanguinity or affinity within the third degree to any of the other directors of the corporation, or to any judge of the court by which he is appointed. The provisional director shall have all the rights and powers of a director, and shall be entitled to notice of the meetings of the board of directors and to vote at such meetings, until the deadlock in the board of directors is broken or until he is removed by order of the court or by vote or written consent of the holders of a majority of the voting shares. He shall be entitled to receive such compensation as may be agreed upon between him and the corporation, and in the absence of such agreement he shall be entitled to such compensation as shall be fixed by the court.

This section does not apply to corporations subject to the Banking Law, the Public Utilities Act, or the Savings and Loan Association Law.

CHAPTER 487

An act to amend Section 31724 of the Government Code, relating to the County Employees' Retirement Law of 1937.

[Approved by Governor July 28, 1972. Filed with
Secretary of State July 28, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 31724 of the Government Code is amended to read:

31724. If the proof received, including any medical examination, shows to the satisfaction of the board that the member is permanently incapacitated physically or mentally for the performance of his duties in the service, it shall forthwith retire him for disability, and his disability retirement allowance shall be effective as of the date such application is filed with the board, but not earlier than the day following the last day for which he received regular compensation. Notwithstanding any other provision of this article, the retirement of a member who has been granted or is entitled to sick leave shall not become effective until the expiration of such sick leave with compensation unless the member consents to his retirement at an earlier date.

When it has been demonstrated to the satisfaction of the board that the filing of the member's application was delayed by administrative

oversight or by inability to ascertain the permanency of the member's incapacity until after the date following the day for which the member last received regular compensation, such date will be deemed to be the date the application was filed.

CHAPTER 488

An act to amend Section 19955 of the Health and Safety Code, relating to public accommodations.

[Approved by Governor July 28, 1972. Filed with Secretary of State July 28, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 19955 of the Health and Safety Code is amended to read:

19955. (a) The purpose of this part is to insure that public accommodations or facilities constructed in this state with private funds adhere to the provisions of Chapter 7 (commencing with Section 4450) of Division 5 of Title 1 of the Government Code. For the purposes of this part "public accommodation or facilities" means a building, structure, facility, complex, or improved area which is used primarily by the general public as a place of gathering or amusement, and shall include auditoriums, hospitals, theaters, restaurants, hotels, motels, stadiums, and convention centers.

As used in this section, "hospitals" includes, but is not limited to, hospitals, nursing homes, and convalescent homes.

CHAPTER 489

An act to amend Section 6007 of the Business and Professions Code, relating to attorneys.

[Approved by Governor July 28, 1972. Filed with Secretary of State July 28, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 6007 of the Business and Professions Code is amended to read:

6007. (a) When a member requires involuntary treatment pursuant to the provisions of Article 6 (commencing with Section 5300) of Chapter 2 of Division 5 of, or Part 2 (commencing with Section 6250) of Division 6 of the Welfare and Institutions Code, or under an order pursuant to Section 3051, 3106.5 or 3152 of the Welfare and Institutions Code he has been placed in or returned to

inpatient status at the California Rehabilitation Center or its branches, or he has been determined insane and is confined for treatment pursuant to the provisions of the Penal Code, or on account of his mental condition a guardian or conservator, for his estate or person or both, has been appointed, the board of governors shall enroll the member as an inactive member.

The clerk of the appropriate court concerned in any such proceeding shall immediately transmit to the board a certified copy of any such determination, order, or adjudication for involuntary treatment or confinement or for the appointment of a guardian or conservator.

The clerk of the appropriate court concerned shall also transmit to the board a certified copy of any notice of certification for intensive treatment filed with the court pursuant to Article 4 (commencing with Section 5250) of Chapter 2 of Division 5 of the Welfare and Institutions Code.

The State Bar of California may procure a certified copy of any such determination, order, adjudication, appointment or notice when the clerk concerned has failed to transmit one or when the proceeding was had in a court other than a court of this state.

In the case of an enrollment pursuant to this subdivision (a) the board of governors shall terminate the enrollment when the member has had the fact of his restoration to capacity judicially determined, upon the member's release from inpatient status at the California Rehabilitation Center or its branches pursuant to Section 3053, 3109 or 3151 of the Welfare and Institutions Code, or upon the member's unconditional release from the medical facility pursuant to Section 5304 or 5305 of the Welfare and Institutions Code; and on payment of all fees required.

When a member is placed in, returned to, or released from inpatient status at the California Rehabilitation Center or its branches, or discharged from the narcotics treatment program, the Director of Corrections or his designee shall transmit to the board a certified notice attesting to such fact.

(b) In cases not provided for in subdivision (a), the board of governors shall enroll a member of the State Bar as an inactive member if, after notice and opportunity to be heard before the board or a committee, the board finds that the member, because of mental infirmity or illness, or because of addiction to intoxicants or drugs, is (1) unable or habitually fails to perform his duties or undertakings competently, or is (2) unable to practice law without danger to the interests of his clients and the public. No proceeding pursuant to this subdivision shall be instituted unless the board or a committee finds, after preliminary investigation, or during the course of a disciplinary proceeding, that probable cause exists therefor.

In the case of an enrollment pursuant to this subdivision (b) the board of governors shall terminate the enrollment upon proof that the facts found as to the member's disability no longer exist; and, on payment of all fees required.

(c) The pendency or determination of a proceeding or investigation provided for by this section shall not abate or terminate a disciplinary investigation or proceeding except as required by the facts and law in a particular case.

(d) No membership fees shall accrue against the member during the period he is enrolled as an inactive member pursuant to this section.

CHAPTER 490

[Approved by Governor July 28, 1972. Filed with
Secretary of State July 28, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 21100 of the Vehicle Code is amended to read:

21100. Local authorities may adopt rules and regulations by ordinance or resolution on the following matters:

(a) Regulating or prohibiting processions or assemblages on the highways.

(b) Licensing and regulating the operation of vehicles for hire and drivers of passenger vehicles for hire.

Any such ordinance shall, however, contain provisions requiring any such person who owns an electric cart to apply to the local authority for a permit and an identification sticker to so operate the cart, and requiring such person to affix such sticker to the cart in order to operate it on the sidewalk.

SEC. 3. Section 22500 of the Vehicle Code is amended to read:

22500. No person shall stop, park, or leave standing any vehicle whether attended or unattended, except when necessary to avoid conflict with other traffic or in compliance with the directions of a peace officer or official traffic control device, in any of the following places:

(a) Within an intersection except adjacent to curbs as may be permitted by local ordinance.

(b) On a crosswalk, except that a bus engaged as a common carrier or a taxicab may stop in an unmarked crosswalk to load or unload passengers when authorized by the legislative body of any city pursuant to ordinance.

(c) Between a safety zone and the adjacent right-hand curb or within the area between the zone and the curb as may be indicated by a sign or red paint on the curb, which sign or paint was erected or placed by local authorities pursuant to ordinance.

(d) Within 15 feet of the driveway entrance to any fire station. This paragraph shall not apply to any vehicle owned or operated by a fire department and clearly marked as a fire department vehicle.

(e) In front of a public or private driveway, except that a bus engaged as a common carrier, schoolbus, or a taxicab may stop to load or unload passengers when authorized by local authorities pursuant to ordinance.

In unincorporated territory, where the entrance of a private road or driveway is not delineated by an opening in a curb or by other curb construction, so much of the surface of the ground as is paved, surfaced, or otherwise plainly marked by vehicle use as a private road or driveway entrance, shall constitute a driveway.

(f) On a sidewalk, except electric carts when authorized by local ordinance, as specified in Section 21114.5.

(h) On the roadway side of any vehicle stopped, parked, or standing at the curb or edge of a highway.

(i) Alongside curb space authorized for the loading and unloading of passengers of a bus engaged as a common carrier in local transportation when indicated by a sign or red paint on such curb erected or painted by local authorities pursuant to ordinance.

(j) In a tube or tunnel, except vehicles of the authorities in charge, being used in the repair, maintenance, or inspection of the facility.

(k) Upon a bridge, except vehicles of the authorities in charge, being used in the repair, maintenance, or inspection of the facility, and except that a bus engaged as a common carrier in local transportation may stop to load or unload passengers upon a bridge where sidewalks are provided, when authorized by local authorities pursuant to ordinance, and except that local authorities pursuant to ordinance or the Department of Public Works pursuant to order, within their respective jurisdictions, may permit parking on bridges having sidewalks, and shoulders of sufficient width to permit parking without interfering with the normal movement of traffic on the roadway. Local authorities may by ordinance or resolution permit parking on such bridges on state highways in their respective jurisdictions if the ordinance or resolution is first approved in writing

by the Department of Public Works. Parking shall not be permitted unless there are signs in place as may be necessary to indicate the provisions of local ordinances or the order of the Department of Public Works.

SECTION 1. Section 25445.5 of the Education Code is amended to read:

25445.5. Every community college district formed under the provisions of this article shall be given the name selected for it by the governing board of the district and shall be designated as the "_____ (using the name of the district) Community College District." In the name by which the district is so designated the district and its governing board may sue and be sued and hold and convey property for the benefit of the district.

The governing board of a community college district may, by resolution, change the name of the district or of any of the community colleges maintained by the district; provided, however, that the name shall continue to contain the words "Community College District" or "Community College," as the case may be.

CHAPTER 492

An act to amend Section 66514 of the Government Code, and to amend Section 30792.2 of the Streets and Highways Code, relating to toll bridges.

[Approved by Governor July 28, 1972. Filed with Secretary of State July 28, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 66514 of the Government Code is amended to read:

66514. The construction of any transbay bridge in the region shall not be commenced without the approval of the commission. This section shall not apply to (a) modifications of existing bridges, except modifications which provide for the construction of

additional lanes of traffic on existing bridges or for the construction of rapid transit facilities on existing bridges, or (b) new bridges where, after 1965 but prior to November 23, 1970, the Legislature has provided funds for preliminary work leading to the issuance of revenue bonds under the provisions of the California Toll Bridge Authority Act for the construction thereof.

In the case of the widening of the San Mateo-Hayward Bridge trestle, if the commission has not, by January 1, 1974, disapproved the construction thereof, the construction may commence without the approval of the commission.

SEC. 2. Section 30792.2 of the Streets and Highways Code is amended to read:

30792.2. Upon completion of the studies and preliminary work provided for in Section 30792.1, the California Toll Bridge Authority shall, as promptly as feasible, issue revenue bonds to finance the construction of a new Dumbarton Bridge. Such bonds shall be secured by the revenues deposited in the San Francisco-Oakland Bay Bridge Toll Revenue Fund as provided by Chapter 1 (commencing with Section 30000) of this division and by Section 30794. Such issue of revenue bonds may, to the extent that the authority determines feasible, include funds in an amount sufficient to widen the San Mateo-Hayward Bridge trestle. Such financing shall be undertaken only to the extent that the authority, finds on the basis of the estimates of cost, that anticipated revenue available to it will be sufficient to meet its obligations with respect to the financing of the San Francisco-Oakland Rapid Transit Tube. Notwithstanding any other provision of law, revenue bonds sold for any purposes authorized by this section may be sold at an interest rate not exceeding 7 percent per annum.

As a part of the new Dumbarton Bridge, the department may include a new westerly approach connection to Route 101 at or near Marsh Road and a new westerly approach connection to Route 101 in the vicinity of Embarcadero Road. The authority may include in the revenue bond issue funds in an amount sufficient for such connections. The department shall not construct the connection to Route 101 at or near Marsh Road until its location has been approved by the City Council of Menlo Park and the San Francisco Bay Conservation and Development Commission, and shall not construct the connection to Route 101 in the vicinity of Embarcadero Road until its location has been approved by the City Councils of Menlo Park and Palo Alto, the Board of Supervisors of San Mateo County, and the San Francisco Bay Conservation and Development Commission.

Except for the construction of temporary transition lanes of less than 4,500 feet in length on the existing westerly approach to provide for a safe transition from four lanes to two lanes and of the new westerly approach connections to Route 101 at or near Marsh Road and to Route 101 in the vicinity of Embarcadero Road, the department shall not undertake any construction westerly of the

west abutment of the new Dumbarton Bridge until the precise location of the replacement of the existing westerly approach has been approved by the City Council of Menlo Park and the Board of Supervisors of San Mateo County.

The Legislature hereby declares that the construction of a new Dumbarton Bridge shall not be construed as legislative approval of any particular alignment for the ultimate construction of Route 84 as a freeway west of the bridge.

CHAPTER 493

An act to establish procedures for the assessment of open-space lands, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 28, 1972. Filed with
Secretary of State July 28, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of law to the contrary, the assessment procedures specified under Sections 423 and 423.5 of the Revenue and Taxation Code shall be effective with respect to land subject to taxation for the 1972-1973 fiscal year, if such land is subject to an instrument meeting the requirements of Section 422 of the Revenue and Taxation Code and such instrument is signed and recorded on or before May 25, 1972; provided, that prior to 5 o'clock p.m. on March 1, 1972, either the land which is subject to a contract was included in a proposal to establish an agricultural preserve submitted to the planning commission or planning department or the matter of accepting an open-space easement or scenic restriction had been referred to such commission or department.

SEC. 2. It is the intent of the Legislature that land assessed pursuant to the provisions of Section 1 of this act for the 1972-1973 fiscal year shall be included for purposes of computing subventions to local government for losses due to such assessment procedures for the 1972-1973 fiscal year.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some counties and cities have inadvertently failed to file the instruments reflecting the true status of property as being eligible for the assessment authorized by the Constitution for open-space lands, and in some cases negotiations to sign such instruments were not completed by the lien date in 1972. As a result, some individuals will be confronted with obligations which, if met, will substantially impair their ability to function effectively. This act will remedy the

situation by, in effect, removing the procedural bar to the proper valuation of such property for tax purposes. In so doing, the public policy of the state as expressed in the Constitution will be entirely fulfilled and the state as a whole will benefit.

CHAPTER 494

An act to amend Section 29 of Chapter 549, Statutes of 1955, relating to the Montalvo Municipal Improvement District.

[Approved by Governor July 28, 1972. Filed with Secretary of State July 28, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 29 of Chapter 549, Statutes of 1955, is amended to read:

Sec. 29. Each board member shall receive the compensation prescribed by Section 6489 of the Health and Safety Code for board members of sanitary districts; provided, however, that no provisions of such section which pertain to matters other than the compensation of board members shall be construed as applying to this district.

CHAPTER 495

An act to add Section 21702.2 to the Education Code, relating to school district bonds.

[Approved by Governor July 28, 1972. Filed with Secretary of State July 28, 1972.]

The people of the State of California do enact as follows:

Secretary of State July 28, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 5359.1 is added to the Public Resources Code, to read:

5359.1. The legislative body may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different times from those of any other series. The maturity of each series shall comply with this article.

SEC. 2. Section 5361 of the Public Resources Code is amended to read:

5361. The legislative body may fix a date, not more than two years from the date of issuance, for the earliest maturity of each issue or series of bonds. Beginning with the date of the earliest maturity of each issue or series, not less than one-fortieth of the indebtedness of such issue or series shall be paid every year; provided, however, the bonds of any issue or series may be made to mature and become payable in approximately equal total annual installments of interest and principal, during the term of the bonds computed from the first year in which any part of the principal shall mature to the date of final maturity, which annual installments may vary one from the other in amounts not exceeding in any year more than 5 percent of the total principal amount of the bonds of such issue or of the series thereof then proposed to be issued. The final maturity date shall not exceed 40 years from the time of incurring the indebtedness evidenced by each issue or series.

The bonds shall be payable at a place to be fixed by the legislative body and designated in the bonds, together with the interest on all sums unpaid on such date, interest to be paid semiannually, except that interest for the first year after the date of the bonds may be made payable at the end of said year, until the whole of the indebtedness shall have been paid. The principal and interest on the bonds shall be paid by the city treasurer in the manner provided by law for the payment of bonds of the city. Such bonds shall not be an

obligation of the municipality issuing them but shall be payable from the funds of the district as herein provided and neither the municipality nor any officer thereof shall be holden for payment otherwise of their principal and interest.

SEC. 3. Section 5363.1 is added to the Public Resources Code, to read:

5363.1. An action to determine the validity of bonds may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

SEC. 4. Section 5364 of the Public Resources Code is amended to read:

5364. The legislative body of the city shall, at the time of fixing the general tax levy, and in the manner for the general tax levy, levy and collect a tax each year upon the taxable land in the district sufficient to pay the interest on the bonds for that year, and such portion of the principal as is to become due before the time for making the next general tax levy; provided, however, that if the maturity of the indebtedness created by the issue of such bonds be made to begin more than one year after the date of issue, such tax shall be levied and collected, each year sufficient to pay the interest on the indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal on or before maturity. The tax shall be in addition to all other taxes levied for municipal purposes and when collected shall be paid into the treasury of the city and be used for the payment of the principal and interest on such bonds and for no other purpose.

The legislative body may provide, in the resolution or ordinance calling the election, that the tax to pay principal and interest on the bonds provided for in this section shall be levied and collected upon all taxable property in the district rather than on taxable land. If the proposition submitted pursuant to such resolution or ordinance is approved as provided in Section 5359, the tax shall be levied as provided in such ordinance or resolution.

[Approved by Governor July 28, 1972. Filed with Secretary of State July 28, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 19700.745 is added to the Education Code, to read:

19700.745. Notwithstanding any provisions of this article, any school district which has levied the entire twenty-cent (\$.20) tax rate per one hundred dollars (\$100) of assessed valuation permitted under Section 15518 and has declared the entire proceeds therefrom available as local matching funds for a particular project, but lacks sufficient matching funds for such project as required under this article, may file an application thereunder prior to January 1, 1973. Under such circumstances the board may increase the basic computed state matching ratio of assistance in such amount, which, when added to the sum of the entire proceeds of the twenty-cent (\$.20) tax rate and such other funds which in the opinion of the board is or can be made currently available for the project, including funds authorized by the electors from bonds or otherwise, would be necessary to construct minimum essential facilities for the project as determined by the board. Not more than thirty million dollars (\$30,000,000) available for the purposes of this article may be apportioned for increases in the basic computed state matching ratio pursuant to this section.

SEC. 2. Section 19700.746 is added to the Education Code, to read:

19700.746. Notwithstanding any provisions of this article, where less than thirty million dollars (\$30,000,000) has been apportioned or otherwise reserved by the board pursuant to Section 19700.745, the board shall apportion as grants the remainder thereof under this section for matching purposes pursuant to this article to districts which the board determines has the greatest need. Such apportionments under this section may be made only to those districts (1) which would not have been eligible to apply under Section 19700.745 if they had levied the entire twenty-cent (\$.20) tax rate specified therein, and (2) which have filed an application by January 1, 1973 and received an apportionment under this article from the board by February 28, 1973.

SEC. 3. Section 316 of Chapter 1 of the Statutes of 1971 (First Extraordinary Session) is amended to read:

Sec. 316. Notwithstanding any other provision of law to the

contrary, except for the special tax credit provided for in Section 17 of this act, the one-time nonrecurring revenue in the amount of one hundred fifty million dollars (\$150,000,000) produced by the enactment of withholding and quarterly estimates of state personal income taxes shall be used for the following purposes and shall be allocated in the following manner:

(a) Eighty million dollars (\$80,000,000) shall be allocated to the Capital Outlay Fund for Public Higher Education for the capital construction programs of the University of California, the California State Colleges, and the community colleges.

(b) Forty million dollars (\$40,000,000) shall be allocated to the Bagley Conservation Fund, which is hereby created, for beach, park, and land acquisition programs, including wildlife areas, and coastline planning and development of recreational facilities which do not require continuous funding and are of a one-time nonrecurring nature, including within this figure five million dollars (\$5,000,000) for miscellaneous capital outlay construction.

(c) Thirty million dollars (\$30,000,000) shall be allocated to the School Building Safety Fund, which is hereby created, for replacement and repair of local school district buildings for compliance with Field Act requirements. Moneys in this fund may be used for the purposes of Article 9 (commencing with Section 19700.51) of Chapter 10 of Division 14 of the Education Code.

It is the intent of the Legislature that the amounts specified in the above subdivisions shall be subject to continuous expenditure without regard to fiscal years on the basis of need when appropriated by the Legislature, but that no more than 33 $\frac{1}{3}$ percent of the total amount of one hundred fifty million dollars (\$150,000,000) be allocated in any one budget year.

The Department of Finance shall in the annual budget submitted to the Legislature recommend capital outlay program expenditures pursuant to the above subdivisions. Any funds appropriated by the Budget Act of 1971 contained in Chapter 266 of the Statutes of the 1971 Regular Session of the Legislature, such as Item 304.1, shall be allocated prior to the end of the 1971-1972 fiscal year.

SEC. 4. There is hereby appropriated from the School Building Safety Fund, the sum of thirty million dollars (\$30,000,000), for allocation by the State Allocation Board, subject to the approval of the State Public Works Board, for purposes of Article 9 (commencing with Section 19700.51) of Chapter 10 of Division 14 of the Education Code.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit the funds to which this act relates to be available for apportionment during the entire 1972-1973 fiscal year, and so facilitate its orderly administration, it is necessary that this act take effect immediately.

[Approved by Governor July 28, 1972. Filed with
Secretary of State July 28, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 69605 of the Government Code is amended to read:

69605. In the County of Tulare there shall be four judges of the superior court.

CHAPTER 516

An act to amend Section 3528 of the Government Code, relating to state employee relations.

[Approved by Governor July 28, 1972. Filed with
Secretary of State July 28, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 3528 of the Government Code as added by Chapter 254 of the Statutes of 1971 is amended to read:

3528. Employee organizations shall have the right to represent their members in their employment relations, including grievances, with the state. Employee organizations may establish reasonable restrictions regarding who may join and may make reasonable provisions for the dismissal of individuals from membership. Nothing in this section shall prohibit any employee from appearing in his own behalf or through his chosen representative in his employment relations and grievances with the state.

unincorporated territory and the corporate area on the basis of assessed valuation of the taxable property in such zone. Where the corporate area of more than one city is included in the zone and the proportionate representation between the unincorporated territory and the corporate area is such that each city will not have the right to representation by at least one representative, the representation of the corporate area shall be by representatives nominated jointly by the councils of such cities.

SEC. 2. Section 17.1 is added to the San Diego County Flood Control District Act (Chapter 55 of the Statutes of 1966, First Extraordinary Session), to read:

Sec. 17.1. The board by ordinance adopted from time to time may establish special drainage areas within the district without reference to the boundaries of other zones or subzones setting forth in each such ordinance a description of such special drainage areas by metes and bounds and entitling each such area by an area designation or number and institute specific drainage plans for the specific benefit of such areas. Before acquiring authority to proceed with the establishment of any special drainage area the exterior boundaries of which will include any land lying within the exterior boundary of any chartered or incorporated city not previously annexed to the district the board shall first obtain the concurrence of such city by a resolution or ordinance adopted by a majority of the city council of such city and shall proceed to annex such area to the district and to the zone or zones of the district most nearly contiguous thereto. Notwithstanding the provisions of paragraph 1 of Section 45 of this act such special drainage area may be annexed to the district and the zone without the necessity of annexing the entire incorporated territory of such city.

A special drainage area may include all lands contributing to the drainage requirements of an area excluding such lands as are already developed or those which are adequately served, in the opinion of the board, by existing local drainage facilities serving the area at the time of the adoption of the plan for additional special drainage area facilities.

Whenever drainage facilities conforming to the adopted drainage plan are required in the development of any land within the special drainage area and where, in the opinion of the board, it is necessary that facilities be constructed which can be or will be used for the benefit of other property in the drainage area and such drainage facilities are dedicated to the public, the board may contract with the developer and agree to reimburse and may reimburse him for all or any portion of such drainage facilities. Such contract shall provide that the board may collect a reasonable charge from any person, corporation or agency using such facilities for the benefit of other property in the special drainage area.

Fees may be collected pursuant to this section for payment of all or any portion of any such drainage facility cost if the costs, whether actual or estimated, are based upon findings by the board that

development of property within the planned special drainage area will require construction of the facilities described in the drainage plan and that the fees are fairly apportioned within the local drainage area on the basis of benefits conferred on the property within the area. The fee as to any property within the special drainage area may be charged and collected as a condition precedent to the development of such property, and no building permit therefor shall be issued until payment thereof, and such fee shall not exceed the pro rata share of the amount of the total actual or estimated costs of all such drainage facilities within the special drainage area which would be assessable on such property if such costs were apportioned on a uniform fee schedule, excluding, however, such property within the area as, in the opinion of the board, is incapable of development.

The fees collected by the district, pursuant to this section, shall be paid into a special drainage facilities fund. A separate fund shall be established for each special drainage area. Any money placed in such fund shall be expended solely for land acquisition, construction, engineering, repair, maintenance and operation or reimbursement for the same, in whole or in part, of local drainage facilities within the planned special drainage area from which the fees comprising the fund were collected.

The term "developer," as used herein, shall include a subdivider, industrial developer, or any person, corporation, the district, public or private agency, or group that may participate in the special drainage facilities constructed pursuant to this section.

Any drainage facilities constructed in any special drainage area may be installed by the developer at his sole cost and expense in accordance with plans and specifications prepared or approved by the district, by the district with its own funds, or by the district with funds supplied by the developer, and the cost thereof may be collected and repaid in whole or in part, in the manner provided for in this section.

SEC. 3. Section 17.2 is added to the San Diego County Flood Control District Act (Chapter 55 of the Statutes of 1966, First Extraordinary Session), to read:

Sec. 17.2. Prior to the establishment of any special drainage area pursuant to Section 17.1 of this act the board shall adopt a resolution specifying its intention to adopt an ordinance to establish such special drainage area. Such resolution shall refer to a map or maps showing the general location of such area and be accompanied by the proposed ordinance prescribing whatever fees and charges are to be imposed therein and fixing the time and place of a public hearing of the resolution of intention.

Such proposed ordinance shall refer to the area to be benefited by the works and facilities to be constructed within the special drainage area and shall contain a description of the boundaries of the area of benefit and the costs, whether actual or estimated, and the method of fee apportionment employed and upon adoption shall be filed with the Recorder of San Diego County. Such ordinance shall further

provide that such apportioned fees shall be applicable to all property within the area of benefit not specifically excluded therefrom and that they shall be payable as a condition precedent to the issuance of a building permit for such property or portions thereof.

Notice of the hearing hereinabove provided shall be given by publication pursuant to Section 6066 of the Government Code in a newspaper of general circulation published in the district and circulated in such special drainage area if there be such newspaper and if there be no such newspaper, then by posting such notice for two consecutive weeks prior to the hearing in five public places designated by the board, in such proposed special drainage area. Publication shall be completed in accordance with Section 6066 of the Government Code. Such notice must designate a public place in the County of San Diego where a copy or copies of the map or maps, the boundaries of such proposed special drainage area, the proposed specific drainage plan and the proposed ordinance may be seen by any interested person and such materials must be maintained for inspection in such public place so designated in the notice at least two weeks prior to the hearing. Also notice of the hearing shall be given by mailing a copy of the notice to each property owner within the proposed special drainage area as such owners are shown on the last equalized assessment roll.

SEC. 4. Section 17.3 is added to the San Diego County Flood Control District Act (Chapter 55 of the Statutes of 1966, First Extraordinary Session), to read:

Sec. 17.3. (a) At any hour not later than the hour set for hearing protests or objections to the proposed ordinance and establishment of the proposed special drainage area and adoption of the specific drainage plan, any owner of property within a proposed special drainage area may make written protest against the establishment of the special drainage area or against the plan or development of the same or against the proposed determination of benefit or apportionment of charges and fees. Such protests shall be in writing, shall contain a description of the property in which each signer thereof is interested sufficient to identify the same and if the signers are not shown in the last equalized county assessment roll as owners of such property shall contain or be accompanied by written evidence that such signers are the owners of such property. All such protests shall be delivered to the clerk and no other protest or objections shall be considered.

(b) At the time set for hearing protests the board shall proceed to hear and pass upon all protests as herein required and its decision shall be final and conclusive. The board may adjourn the hearings from time to time. Any such protest may be withdrawn by the owner making the same at any time prior to the conclusion of the protest hearing or any such adjournment thereof.

(c) If the board finds that the protest is made by the owners of more than one-half of the area of the property within a proposed special drainage area, and protests are not withdrawn so as to reduce

the same to less than a majority, no further proceedings as to such proposed special drainage area shall be taken for a period of six months from the date of the decision of the board on the hearing, unless the protests are overruled by an affirmative vote of four-fifths of the members of the board.

(d) If it shall be necessary, in order to find whether a majority protest exists, to determine whether any or all of the signers of written protests are "owners" of property within a proposed special drainage area, the board shall make such determination from the last equalized assessment roll, any written evidence submitted with a written protest and any other evidence received at the hearing. The board shall be under no duty to obtain or consider any other evidence as to ownership of property and its determination of ownership shall be final and conclusive.

(e) At the conclusion of the hearing as hereinabove provided, if no protests or objections in writing have been filed with the clerk up to the hour set for the hearing thereon or if protests have been found by the board to be insufficient, or have been overruled, the board shall determine and establish the boundaries of the proposed special drainage area and may thereupon adopt the proposed ordinance and cause its recordation on its effective date with the Recorder of the County of San Diego.

Subject to such limitation, the principal amount of the refunding bonds may be more than, less than or the same as the principal amount of the bonds to be refunded.

local agency), (ii) the principal of and any redemption premiums due on such refunded bonds at maturity or at said designated date or dates and (iii) the designated costs of issuance of the refunding bonds.

(i) If the local agency has met the test of subdivision (a) of Section 53558 the refunding bonds shall constitute indebtedness of the local agency issuing such bonds and shall be included in any computation of general obligation indebtedness of such local agency for purposes of any debt limitation applicable to bonds of such local agency under the principal act or for any other lawful purpose, but the bonds to be refunded shall no longer be considered outstanding in any computation of the general obligation indebtedness of such local agency;

(ii) If the local agency has met the test of subdivision (b) Section 53558 then such refunding bonds shall, until the date on which the refunding bonds are no longer outstanding, constitute a special obligation of the local agency issuing such bonds and shall not be included in any computation of general obligation indebtedness of such local agency for any purpose, and the bonds to be refunded shall be considered outstanding in any computation of the general obligation bonded indebtedness of such local agency; but from and after the date on which the refunded bonds are no longer outstanding the refunding bonds shall constitute indebtedness of the local agency issuing such bonds and shall be included in any computation of general obligation indebtedness.

SEC. 13. Section 53561 is added to the Government Code, to read:

53561. It is hereby declared that it is a public purpose for a local agency to issue refunding bonds for the purposes set forth in this article and to invest and reinvest the proceeds thereof, and any other funds legally available therefor, for the purposes set forth herein; provided, however, that it is the intent of this article, and this article shall be so construed, that in no single fiscal year shall a tax be levied or shall funds of a local agency other than those expressly permitted herein be used to pay the principal of and interest and redemption premium, if any, on both the refunding bonds and on the bonds to be refunded.

SEC. 14. Section 53562 is added to the Government Code, to read:

If one or more satisfactory bids are received pursuant to such notice, such bonds shall be awarded to the highest responsible bidder. If no bids are received or if the issuer determines that the bids received are not satisfactory as to price or responsibility of the bidders, the issuer may reject all bids received, if any, and either readvertise or sell such bonds at private sale.

53570. The following terms shall have the following meanings:

(a) The term "local agency" means public district, public corporation, authority, agency, board, commission, county, city and county, city, school district, or other public entity or any improvement district or zone thereof.

(b) The term "revenue bonds" means bonds, warrants, notes or other evidence of indebtedness of a local agency denominated revenue bonds under any law of this state and payable from funds other than the proceeds of ad valorem taxes or the proceeds of assessments levied upon property in the local agency.

53571. It is hereby declared that it is a public purpose for a local agency to issue bonds for the purpose of refunding any revenue bonds of the local agency, whether due or not due, or which have or which may hereinafter become payable at the option of such local agency, or by consent of the bondholders, or by any lawful means whether the indebtedness evidenced by such revenue bonds be now existing or may hereafter be created.

Any such refunding bonds may be outstanding at the same time as the revenue bonds to refund which such refunding bonds are issued (subject to any contractual limitations created in the proceedings for the issuance of such revenue bonds) and may be on a parity with or

subordinate to such revenue bonds.

Such refunding bonds may be issued under any applicable revenue bond law, including but not limited to, the Revenue Bond Law of 1941 (Chapter 6 of this Part), the Parking Law of 1949 (Part 2 of Division 18 of the Streets and Highways Code), the Parking District Law of 1951 (Part 4 of Division 18 of the Streets and Highways Code), and the Joint Exercise of Powers Act (Articles 1 and 2, Chapter 5, Division 7, Title 1), and shall be deemed issued for a valid public purpose and a proper bond purpose under such applicable revenue bond law.

53572. In connection with the issuance of bonds under any law permitting the issuance of refunding bonds, a local agency may declare the proceeds of such refunding bonds to be a revenue producing public facility, including an enterprise under the Revenue Bond Law of 1941, or may declare such proceeds to be part of such revenue producing public facility or enterprise or may otherwise declare such proceeds to be held, in whole or in part, and for such time as the local agency may deem advisable, in trust for the protection of holders of the bonds or of the refunding bonds.

53573. Before selling any bonds, any issuer shall advertise such bonds for sale at public sale and shall invite sealed bids therefor by publication of a notice once at least 10 days before the date of such public sale in a newspaper of general circulation circulated within the boundaries of each public body to be aided by the public project to be financed by the issuance of such bonds; provided that, if an issue of bonds is less than five hundred thousand dollars (\$500,000), an issuer is not required to advertise such bonds for public sale or accept bids thereon pursuant to this section. If one or more satisfactory bids are received pursuant to such notice, such bonds shall be awarded to the highest responsible bidder. If no bids are received or if the issuer determines that the bids received are not satisfactory as to price or responsibility of the bidders, the issuer may reject all bids received, if any, and either readvertise or sell such bonds at private sale.

SEC. 15.5. Section 54309.1 of the Government Code is amended to read:

54309.1. "Enterprise" includes, but is not limited to, all parts of the enterprise, all appurtenances to it, and:

(a) Lands, easements, rights in land, water rights, contract rights and franchises;

(b) Approaches, dams, reservoirs, trunk, connecting and other water mains, filtration works, pumping stations, water supply, storage and distribution facilities and equipment;

(c) Garbage trucks, equipment, dumps, garbage disposal plants and incinerators or other disposal facilities, including facilities to sort and prepare components of solid waste for sale;

(d) Sewage treatment plants, sewage disposal plants, intercepting and collecting sewers, outfall sewers, trunk, connecting and other sewer mains;

(e) The franchises or licenses to operate a ferry or ferry system,

all boats and vessels, all land and interest in land, all slips, wharves, piers, landing places, approaches and all facilities and equipment used in the maintenance and operation of a ferry or ferry system, or harbor including small boat harbors, marinas, aquatic playgrounds and similar recreational facilities;

(f) Ambulances, both inpatient and outpatient facilities, laboratories, pharmacies, surgical instruments and equipment of such nature as may be reasonably necessary for the treatment of patients; and

(g) All buildings, structures, improvements, equipment, ditches, canals, and facilities whatsoever appurtenant or relating to the enterprise.

SEC. 16. It is hereby declared it is the intent of the Legislature in enacting this act that all public bodies in the State of California be authorized to the fullest extent possible to issue refunding bonds whenever such issuance would result in a savings to the public body or the taxpayers thereof, and that to the extent permitted by the Constitution of the State of California, public bodies, including cities, counties and school districts, may issue refunding bonds in a principal amount in excess of the principal amount authorized at an election, so long as, in accordance with the provisions of this act, the total net interest cost to maturity on the refunding bonds plus the principal amount of the refunding bonds does not exceed the total net interest cost to maturity on the bonds to be refunded plus the principal amount of the bonds to be refunded.

SEC. 16.5. The Legislature finds and declares that the recycling of solid wastes is of singular statewide importance to the health and welfare of the people of California. It is therefor imperative that the local agencies of this state, in conjunction with private enterprise if necessary, be given the authority to acquire, develop, and operate solid waste recycling plants to prepare components of solid waste for sale through the use of revenue bonds as provided by Section 15.5 of this act.

SEC. 17. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Many local agencies throughout the state have outstanding bonds for which payment of principal and interest during the fiscal year 1972-73 and thereafter will be required to be made. It will be necessary for these local agencies to budget for the collection of taxes and revenues in fiscal year 1972-1973 of amounts sufficient to pay such principal and interest. In many cases, it would be possible to refund some or all of such outstanding bonds so as to effect substantial savings in the amounts needed to pay such principal and interest. Such savings would permit the lowering of property tax rates and charges for revenue-producing facilities within such local agencies. However, unless this act is passed as an urgency statute it will not be possible for such local agencies to refund such bonds and

effect such savings prior to the time when budgets must be prepared and tax rates and charges fixed for fiscal year 1972-1973. For this reason, it is necessary that this act take effect immediately.

CHAPTER 532

An act to amend Sections 5076.1 and 6041 of the Penal Code, and Sections 1711.5 and 3150 of the Welfare and Institutions Code, relating to corrections.

Other times and places of meeting may also be fixed by the Adult Authority. Each member of the Adult Authority shall receive his actual necessary traveling expenses incurred in the performance of his official duties. Where the Adult Authority performs its functions by meeting en banc in either public or executive sessions to decide matters of general policy, at least five members shall be present, and no such action shall be valid unless it is concurred in by a majority vote of those present.

The Adult Authority may meet and transact business in panels. Each Adult Authority panel shall consist of at least two members of the authority. Two members of the Adult Authority shall constitute a quorum for the transaction of business of a panel. No action shall be valid unless concurred in by a majority vote of the members present.

The Adult Authority may employ case-hearing representatives to whom it may assign appropriate duties, including that of hearing cases and making recommendations to the Adult Authority. Such recommendations shall be made in accordance with policies established by a majority of the total membership of the Adult Authority. Such policies may provide that the recommendations of a case-hearing representative or panel of case-hearing representatives shall be either final or subject to review by a panel of the members of the Adult Authority, except that no recommendation of a case-hearing representative or representatives for the granting or denial of a parole, cancellation or revocation of a parole, the determination or redetermination of a term of imprisonment, or the discharge from a commitment, shall become final until approved by a panel of members of the Adult Authority.

A recommendation by a case-hearing representative that a prisoner be granted or be denied parole shall be in writing.

SEC. 2. Section 6041 of the Penal Code is amended to read:

6041. Where the board performs its functions by meeting en banc in either public or executive sessions to decide matters of general policy, at least three members shall be present, and no such action shall be valid unless it is concurred in by a majority of those present.

Where the board performs its functions meeting en banc in either public or executive sessions to decide matters of general policy, at least five members shall be present and no such action shall be valid unless it is concurred in by a majority vote of those present.

Case hearing representatives may be employed to participate with the board in the hearing of cases and to whom authority may be delegated as provided below in this section.

The board may delegate its authority to hear, consider, and act upon cases to members or case hearing representatives, sitting either on a panel or as a referee. A panel may consist of two or more members, or a member and a case hearing representative, or two case hearing representatives. Two members of a panel shall constitute a quorum, and no action of the panel shall be valid unless concurred in by a majority vote of those present.

When delegating its authority, the board may, in its discretion, condition finality of the decision of the panel or referee to whom authority is delegated on concurrence of a member or members of the board. In determining whether, in any case, it shall delegate its authority and the extent of delegation, the board shall take into account the degree of complexity of the issues presented by the case.

The board shall adopt rules under which a person under the jurisdiction of the Youth Authority or other persons, as specified in the rules, may appeal any decision of a casehearing representative. The board shall consider and act upon the appeal in accordance with such rules.

Their successors shall hold office for terms of four years, each term to commence on the expiration date of the term of the predecessor. The Governor shall fill every vacancy for the balance of the unexpired term. Insofar as practicable, persons appointed to the authority shall have a broad background in law, sociology, law enforcement, medicine, or education, and shall have a deep interest in the rehabilitation of narcotic addicts.

(b) Each member of the authority shall devote such time to the duties of his office as required for performance of his duties and shall be entitled to an annual salary of nine thousand five hundred dollars (\$9,500) for attendance upon business of the authority. If this new position returns to the member compensation less than that of the position from which he was disabled, the board, in lieu of a disability retirement allowance, shall pay him the difference in such compensation until the compensation of the new position equals or exceeds the compensation (including later changes) of the former position but such amount shall not exceed the amount to which he would otherwise be entitled as a disability retirement allowance. Such payments in lieu of disability retirement allowance shall be considered as a charge against county advance reserve for current service.

If a new position cannot be arranged at the time of eligibility for disability retirement allowance, such disability retirement allowance to which the member is entitled under this article shall be paid until such time as a new position is available and accepted.

If a disability retirement allowance is paid and the member later accepts such a new position, the period while on disability retirement shall not be considered as breaking the continuity of service and his rate of contributions shall be based on the same age as it was at the date of disability. The member's accumulated contributions shall be the same as at the date his disability retirement began less the amount charged to his accumulated normal contributions.

Nothing in this section shall be construed to require a member to accept reassignment or transfer in lieu of a disability retirement allowance.

The provisions of this section become effective in any county only when the board of supervisors adopts an ordinance providing for their implementation by the board of retirement which may include application to persons retired for disability before such effective date.

The magistrate before whom the examination is had may, in his discretion, order the testimony and proceedings to be taken down in shorthand in all examinations herein mentioned, and for that purpose he may appoint a shorthand reporter. The deposition or testimony of the witness must be authenticated in the following form:

First—It must state the name of the witness, his place of residence, and his business or profession; except that if the witness is a peace officer, it shall state his name, and the address given in his testimony at the hearing.

Third—If a question put be objected to on either side and overruled, or the witness declines answering it, that fact, with the ground on which the question was overruled or the answer declined, must be stated.

Fourth—The deposition must be signed by the witness, or if he refuses to sign it, his reason for refusing must be stated in writing, as he gives it, except in cases where the deposition is taken down in shorthand, it need not be signed by the witness.

Fifth—The reporter shall, within 10 days after the close of such examination, if the defendant be held to answer the charge, transcribe his shorthand notes, making an original and one copy and as many additional copies thereof as there are defendants (other than fictitious defendants), regardless of the number of charges or fictitious defendants included in the same examination, and certify and deliver the original and all copies to the county clerk of the county in which the defendant was examined. The reporter shall, before receiving any compensation as such reporter, file with the auditor of the county his affidavit setting forth that said transcript has been delivered to the county clerk within the time herein provided for. The compensation of the reporter for any services rendered by

him as such reporter in any court of this state shall be reduced one-half if the provisions of this section as to the time of filing said transcript have not been complied with by him.

Sixth—In every case in which a transcript is delivered as provided in this section, the county clerk shall file the original of said transcript with the papers in the case, and shall deliver a copy of said transcript to the district attorney immediately upon his receipt thereof and shall deliver a copy of said transcript to each defendant (other than a fictitious defendant) at least five days before trial or upon earlier demand by him without cost to him; provided, however, that if any defendant be held to answer to two or more charges upon the same examination and thereafter the district attorney shall file separate informations upon said several charges, the delivery to each such defendant of one copy of the transcript of said examination shall be a compliance with this section as to all of said informations.

[Approved by Governor August 4, 1972. Filed with
Secretary of State August 4, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 917.1 of the Code of Civil Procedure is amended to read:

917.1. The perfecting of an appeal shall not stay enforcement of the judgment or order in the trial court if the judgment or order is for money or directs the payment of money, whether consisting of a special fund or not, and whether payable by the appellant or another party to the action, unless an undertaking is given on condition that if the judgment or order or any part of it is affirmed or the appeal is withdrawn or dismissed, the party ordered to pay shall pay the amount of the judgment or order, or the part of it as to which the judgment or order is affirmed, as entered after the receipt of the remittitur, together with any interest which may have accrued pending the appeal and entry of the remittitur, and costs which may be awarded against the appellant on appeal. Such undertaking shall be for double the amount of the judgment or order unless given by a corporate surety authorized to execute the same by Section 1056 in which event it shall be for one and one-half times the amount of the judgment or order. If the party ordered to pay does not make such payment within 30 days after the filing of the remittitur from the reviewing court and the trial court, on motion of the respondent judgment may be entered in his favor on the undertaking for such amount as is appropriate hereunder. However, the surety shall not be held liable for an amount in excess of the undertaking.

If the judgment or order appealed from be for an amount in excess of two thousand dollars (\$2,000) and the sureties do not state in their affidavits of justification accompanying the undertaking that they are each worth the amount specified in the undertaking, the stipulation may be that the judgment to be entered against the sureties shall be for such amounts only as in their affidavits they may state that they are severally worth, and judgment may be entered against the sureties by the court from which the appeal is taken, pursuant to the stipulations herein designated.

SEC. 2. Section 917.2 of the Code of Civil Procedure is amended to read:

917.2. The perfecting of an appeal shall not stay enforcement of the judgment or order of the trial court if the judgment or order appealed from directs the assignment or delivery of personal property, including documents, whether by the appellant or another party to the action, or the sale of personal property upon the

foreclosure of a mortgage, or other lien thereon, unless an undertaking in a sum and upon conditions fixed by the trial court, is given that the appellant or party ordered to assign or deliver the property will obey and satisfy the order of the reviewing court, and will not commit or suffer to be committed any damage to the property, and that if the judgment or order appealed from is affirmed, or the appeal is withdrawn or dismissed, the appellant shall pay the damage suffered to such property and the value of the use of such property for the period of the delay caused by the appeal. The appellant may cause the property to be placed in the custody of an officer designated by the court to abide the order of the reviewing court, and such fact shall be considered by the court in fixing the amount of the undertaking. If the judgment or order appealed from directs the sale of perishable property the trial court may order such property to be sold and the proceeds thereof to be deposited with the clerk of the trial court to abide the order of the reviewing court; such fact shall be considered by the court in fixing the amount of the undertaking.

SEC. 3. Section 917.5 of the Code of Civil Procedure is amended to read:

917.5. The perfecting of an appeal shall not stay enforcement of the judgment or order in the trial court if the judgment or order appealed from appoints a receiver, unless an undertaking in a sum fixed by the trial court is given on condition that if the judgment or order is affirmed or the appeal is withdrawn, or dismissed, the appellant will pay all damages which the respondent may sustain by reason of such stay in the enforcement of the judgment. However, the surety shall not be held liable for an amount in excess of the undertaking.

SEC. 4. Section 917.9 of the Code of Civil Procedure is amended to read:

917.9. The perfecting of an appeal shall not stay enforcement of the judgment or order in cases not provided for in Sections 917.1 through 917.8 if the trial court, in its discretion, requires an undertaking and such undertaking is not given. The undertaking shall be in the sum fixed by the court; it shall be conditioned upon the performance of the judgment or order appealed from if the same is affirmed or the appeal is withdrawn or dismissed, and it shall provide that if the judgment or order appealed from or any part of it is affirmed, or the appeal is withdrawn or dismissed, the appellant will pay all damages which the respondent may sustain by reason of such stay in the enforcement of the judgment. However, the surety shall not be held liable for an amount in excess of the undertaking.

For the purpose of this section, "damages" means reasonable compensation for the loss of use of the money or property.

fiduciary for the adverse claimant and that he has reason to believe such fiduciary is about to misappropriate the deposit or the property, and stating the facts on which such claim of fiduciary relationship and such belief are founded, the bank shall refuse payment of the deposit and shall refuse to deliver such property for a period of not more than three court days (including the day of delivery) from the date that the bank received the adverse claimant's affidavit, without liability on its part and without liability for the sufficiency or truth of the facts alleged in the affidavit.

(b) If at any time, either before, after, or in the absence of the filing of an affidavit by the adverse claimant, the adverse claimant procures and serves upon the bank at the office at which the deposit is carried or at which the property is held a restraining order, injunction, or other appropriate order against the bank from a court of competent jurisdiction in an action in which the adverse claimant and all persons in whose names such deposit stands or for whose account such property is held are parties, the bank shall comply with such order or injunction, without liability on its part.

(c) The provisions of this section shall be applicable even though the name of the person appearing on the bank's books to whose credit the deposit stands or for whose account the property is held is modified by a qualifying or descriptive term such as "agent", "trustee", or other word or phrase indicating that such person may not be the owner in his own right of the deposit or property.

CHAPTER 550

An act to amend Sections 537.5 and 539 of, and to add Sections 537, 537.1, 537.2, 537.3, 538, 538.1, 538.2, 538.3, 538.4, 538.5, 541, 542.1, 542.2, 542.3, 542.4, 542b, and 542c to, and to repeal Sections 537, 538, 541, and 542b of, the Code of Civil Procedure, and to add Sections 126.1, 15006.1, and 15501.1 to the Corporations Code, and to amend Section 7203 of the Government Code, relating to attachment in commercial actions.

[Approved by Governor August 4, 1972. Filed with
Secretary of State August 4, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 537 of the Code of Civil Procedure is repealed.

SEC. 2. Section 537 is added to the Code of Civil Procedure, to read:

537. The plaintiff, in an action specified in Section 537.1, at the time of issuing the summons, or at any time afterward, may have the property specified in Section 537.3 of a defendant specified in Section 537.2 attached in accordance with the procedure provided for in this chapter, as security for the satisfaction of any judgment that may be recovered, unless the defendant gives security to pay such judgment,

as provided for in this chapter.

SEC. 3. Section 537.1 is added to the Code of Civil Procedure, to read:

537.1. An action referred to in Section 537 is an action or actions by the same plaintiff in which the total sum claimed, exclusive of interest, attorneys' fees and costs, is five hundred dollars (\$500) or more and which is one or more of the following:

(a) An action against a defendant described in subdivision (a), (b) or (c) of Section 537.2 for a liquidated sum of money based upon

(1) Money loaned; or

(2) A negotiable instrument; or

(3) The sale or lease of, or a license to use, real or personal property (including, without limiting the generality of the foregoing, goods sold and delivered on open account); or

(4) Services rendered,

if the claim is not secured by any mortgage, deed of trust or security interest on real or personal property or, if originally so secured, such security has, without any act of the plaintiff, or the person to whom the security was given, become valueless. The fact that interest, attorneys' fees, costs or any combination thereof are claimed by the plaintiff in addition to the principal amount of the debt shall not make the claim unliquidated within the meaning of this section.

(b) An action against a defendant described in subdivision (d) of Section 537.2 for the recovery of money.

SEC. 4. Section 537.2 is added to the Code of Civil Procedure, to read:

537.2. The defendants referred to in Section 537 are:

(a) All corporations organized under the General Corporation Law or under Part 4 (commencing with Section 13400) of Division 3 of Title 1 of the Corporations Code, or organized under a law of any foreign state or jurisdiction authorizing the formation of business corporations.

(b) All partnerships organized under the Uniform Partnership Act (Chapter 1 (commencing with Section 15001) of Title 2 of the Corporations Code) or the Uniform Limited Partnership Act (Chapter 2 (commencing with Section 15501) of Title 2 of the Corporations Code) or a law of any foreign state or jurisdiction authorizing the formation of general or limited partnerships.

(c) Individuals engaged in a trade or business.

(d) Any person not residing in this state (including any foreign corporation not qualified to do business in this state under the provisions of Chapter 3 (commencing with Section 6403) of Part 11 of Division 1 of Title 1 of the Corporations Code, and any foreign partnership which has not filed a designation pursuant to Section 15700 of the Corporations Code), or who cannot after due diligence be found within this state, or who conceals himself to avoid service of summons.

SEC. 5. Section 537.3 is added to the Code of Civil Procedure, to read:

537.3. The property referred to in Section 537 is the following property not exempt from execution (without regard to whether a claim of exemption shall be filed):

(a) With respect to corporations and partnerships referred to in subdivisions (a) and (b) of Section 537.2, all corporate property and all partnership property.

(b) With respect to individuals referred to in subdivision (c) of Section 537.2 all of the following:

(1) Inventory.

(2) Accounts, contract rights, chattel paper, and general intangibles consisting of any right to payment of money (exclusive of those referred to in paragraph (3) of this subdivision), except any such individual claim with a principal balance of less than one hundred fifty dollars (\$150).

(3) Bank accounts and other deposit accounts, except the first one thousand dollars (\$1,000) balance in any single bank or branch bank (but, if the defendant has accounts in more than one bank or branch bank, the court, upon application of the plaintiff at the hearing provided for in Section 538.4, may direct that the writ be levied on balances of less than one thousand dollars (\$1,000) in a given bank or branch bank if an aggregate of one thousand dollars (\$1,000) in all such accounts remains free of the levy).

(4) Securities.

(5) Equipment.

(6) Real estate, including any leasehold estate with an unexpired term of one year or more.

The court, however, upon application of the defendant at the hearing provided for in Section 538.4 or at any time thereafter upon five days' notice to the plaintiff, shall exclude from the effect of the levy or release from the levy, as the case may be, any of the foregoing property which the court finds is necessary for the support of the defendant and his family after taking into consideration all of his other income and assets not subject to levy or not levied upon.

The terms used in this subdivision which are defined in the Commercial Code shall have the meanings therein specified.

(c) With respect to a defendant referred to in subdivision (d) of Section 537.2, all property of the defendant.

SEC. 6. Section 537.5 of the Code of Civil Procedure is amended to read:

537.5. In cases of attachment the clerk of the court with whom the complaint is filed, if requested by plaintiff in writing at the time of filing the complaint, shall not make public the fact of the filing of the complaint, or of the issuance of the attachment, until after the filing of the return of service of the notice and temporary restraining order or of the writ of attachment if issued without notice, except that if the return of service of the notice and temporary restraining order or of the writ of attachment is not made within 30 days after the filing of the complaint in the action, the clerk of the court with whom the complaint is filed shall make available to the public the

records and documents in such action. However, the clerk of such court shall make the entire file in the action available for inspection at any time to any party named in the complaint, or to his attorney.

The request by plaintiff that the fact of filing of a complaint or issuance of an attachment not be made public may take the form of a notation to that effect, made by rubber stamp or other suitable means, at the top of the first page of the complaint filed with the clerk.

SEC. 7. Section 538 of the Code of Civil Procedure is repealed.

SEC. 8. Section 538 is added to the Code of Civil Procedure, to read:

538. A plaintiff desiring the issuance of a writ of attachment shall file with the court an application supported by an affidavit or affidavits based upon the personal knowledge of the persons subscribing thereto and showing all the following:

(a) That the action is one in which the issuance of a writ of attachment is proper under the provisions of Sections 537 to 537.3, inclusive.

(b) That the indebtedness claimed in the complaint is justly due and presently owing to the plaintiff by the defendant, over and above all legal setoffs or cross-complaints, or, if the action is one against a defendant described only in subdivision (d) of Section 537.2, the amount claimed by the plaintiff against the defendant and that the plaintiff believes that he has a valid cause of action for an amount of money equal to that sum.

(c) That the attachment is not sought and the action is not prosecuted to hinder, delay or defraud any other creditor of the defendant.

(d) That the plaintiff has no information or belief that the defendant has filed any proceeding under the National Bankruptcy Act or has made a general assignment for the benefit of creditors, or, if any such proceeding has been terminated, that the claim of the plaintiff was not discharged in such proceeding.

SEC. 9. Section 538.1 is added to the Code of Civil Procedure, to read:

538.1. The court or a commissioner thereof, if satisfied that the affidavits submitted by the plaintiff pursuant to Section 538 have established a prima facie case and that the action is one in which an attachment is properly issuable under the provisions of this chapter, shall issue without any prior notice to the defendant a notice of hearing and temporary restraining order conforming to the provisions of Sections 538.2 and 538.3 for service upon the defendant.

Neither notice of the restraining order issued pursuant to this section nor service of a copy thereof upon any bank shall require any bank to observe the terms of the restraining order.

SEC. 10. Section 538.2 is added to the Code of Civil Procedure, to read:

538.2. The notice of hearing issued pursuant to Section 538.1 shall provide for a hearing on the question whether a writ of attachment

shall issue to be held seven business days (exclusive of Saturdays, Sundays and legal holidays) after the service of the notice upon the defendant or upon the first regular date law and motion matters are heard thereafter, whichever occurs later. The notice and temporary restraining order shall be served and return of service shall be made as provided in this code for the service of a summons and complaint. The notice shall be accompanied by a copy of the complaint and a copy of the affidavit or affidavits filed by the plaintiff under Section 538.

SEC. 11. Section 538.3 is added to the Code of Civil Procedure, to read:

538.3. The temporary restraining order issued pursuant to Section 538.1 shall prohibit prior to the hearing any transfer by the defendant of any of his property in this state subject to the levy of a writ of attachment, otherwise than in the ordinary course of business, and the issuance by the defendant of any checks in excess of an aggregate of one thousand dollars (\$1,000) against any of his bank accounts in this state to withdraw any sums subject to such levy, which would reduce the aggregate amount remaining on deposit to less than the amount of the plaintiff's claim, and the opening of any new bank accounts by the defendant. Without limiting the generality of the phrase "not in the ordinary course of business", the payment by the defendant of an antecedent debt shall not be considered in the ordinary course of business within the meaning of this section. Notwithstanding the foregoing, checks may be issued by the defendant for any of the following purposes:

(a) To cover any payrolls (including all fringe benefits and withholding taxes) falling due in the regular course after the service of the temporary restraining order and prior to the levy of a writ of attachment, but not exceeding the amount of three hundred dollars (\$300) per week for any individual employee.

(b) In payment for goods thereafter delivered to the defendant C.O.D. for use in his trade or business.

(c) In payment of taxes if penalties will accrue for any delay in payment.

(d) In payment of legal fees for the representation of the defendant in the action.

The temporary restraining order shall expire by its terms unless a writ of attachment is issued and levied within 30 days after the service of the order or if the defendant gives an undertaking as provided in Section 555 in the amount of plaintiff's claim as security for the payment of any judgment recovered by the plaintiff. The restraining order shall be vacated by the court upon ex parte application by the defendant if the court is satisfied that there is no danger that sufficient property of the defendant to secure the plaintiff's claim will not be available and subject to the levy of a writ of attachment, if one is directed to be issued at the hearing provided for in Section 538.4.

SEC. 12. Section 538.4 is added to the Code of Civil Procedure, to read:

538.4. The hearing shall be held before the court or a commissioner thereof on the day specified and shall take precedence over all other matters not of a similar nature pending on that day. If the defendant does not appear at the hearing, in person or by counsel, the court, without taking further evidence, shall direct the clerk to immediately issue a writ of attachment. Each party shall serve upon the other at least 24 hours before the hearing any affidavits intended to be introduced at the hearing, unless the court at the hearing for good cause shown permits the introduction of affidavits not previously served. Either party may also introduce oral evidence at the hearing and the defendant shall make available for oral examination at the hearing himself or an officer or agent of the defendant with knowledge of the transaction on which the complaint is based, unless the court for good cause shown excuses compliance with this requirement. Upon the basis of the evidence introduced at the hearing, the court shall determine whether the case is one in which an attachment is properly issuable and whether there is any reasonable probability that the defendant can establish a successful defense to the claim asserted by the plaintiff. If the court finds on the basis of a preponderance of the evidence that grounds for the issuance of an attachment exist and that the plaintiff has established the probable validity of his claim and the absence of any reasonable probability that a successful defense can be asserted by the defendant, the court shall direct the clerk to immediately issue a writ of attachment; otherwise, the court shall dissolve the temporary restraining order. The court may direct the order in which the writ shall be levied upon different assets of the defendant, if in the aggregate they exceed in value an amount clearly adequate to secure any judgment which may be recovered by the plaintiff.

SEC. 13. Section 538.5 is added to the Code of Civil Procedure, to read:

538.5. Notwithstanding the provisions of Sections 538 to 538.4, inclusive, the court shall, upon application by the plaintiff, direct the immediate issuance of a writ of attachment without any notice of hearing (or, under subdivision (c) below, without any hearing) if any one or more of the following conditions exist:

(a) A bulk sales notice has been recorded and published with respect to property of the defendant pursuant to the provisions of Division 6 (commencing with Section 6101) of the Commercial Code, such writ to be issued upon the filing of the application provided for in Section 538 but to be limited to the goods covered by the bulk sales notice; or an escrow has been opened pursuant to the provisions of Section 24074 of the Business and Professions Code with respect to the sale by the defendant of a liquor license, such writ to be issued upon the filing of the application provided for in Section 538 but to be limited to the attaching creditor's pro rata share of the proceeds of the sale in escrow.

(b) The plaintiff establishes to the satisfaction of the court that

there is a substantial danger that the defendant will transfer, other than in the ordinary course of business, remove or conceal the property sought to be attached, such writ to be issued upon the filing of the application provided for in Section 538.

(c) The notice and order issued pursuant to Section 538.1 cannot be served with the use of reasonable diligence upon the defendant within 10 days after its issuance and the court is satisfied that the defendant has departed from this state or conceals himself to avoid service of the notice, such writ to be issued after the expiration of such 10-day period.

(d) The defendant is one described in subdivision (d) of Section 537.2, such writ shall be issued upon the filing of the application provided for in Section 538. A writ of attachment (1) which is issued under this subdivision and levied upon property of a defendant described in subdivision (d) of Section 537.2 but who is not described in subdivision (a), (b) or (c) of Section 537.2, or (2) which is issued under this subdivision based upon a claim which is not described in subdivision (a) of Section 537.1, shall be released and discharged by the court upon motion of the defendant if the defendant files a general appearance in the action. If a writ of attachment is issued under this subdivision and levied upon property of a defendant who is described in subdivision (a), (b) or (c) of Section 537.2 based upon a claim described in subdivision (a) of Section 537.1, the defendant may at any time after such levy, upon seven business days' notice to the plaintiff, request a hearing pursuant to Section 538.4. At such hearing, unless the court makes the findings required by that section for the issuance of a writ of attachment, it shall release and discharge the writ.

SEC. 14. Section 539 of the Code of Civil Procedure is amended to read:

539. (a) Before issuing the notice and order pursuant to Section 538.1 or the writ pursuant to Section 538.5, the plaintiff must file with the clerk or judge a written undertaking with two or more sufficient sureties, to the effect that if the defendant recovers judgment, the plaintiff will pay all costs that may be awarded to the defendant and all damages which he may sustain by reason of the restraining order or the attachment, not exceeding the sum specified in the undertaking, and that if the restraining order or the attachment is discharged on the ground that the plaintiff was not entitled thereto under Sections 537 to 537.2, inclusive the plaintiff will pay all damages which the defendant may have sustained by reason of the restraining order or the attachment, not exceeding the sum specified in the undertaking. The sum specified in the undertaking shall be one-half ($\frac{1}{2}$) of the principal amount of the total indebtedness or damages claimed, excluding attorneys' fees. Nothing herein shall be construed to preclude the acceptance of an undertaking in which a larger sum is specified, if such undertaking be offered. The court on ex parte application of the plaintiff, may by written order, direct the issuance of the restraining order or the writ on the filing of an

undertaking in a lesser sum, if the court is satisfied that the defendant will be adequately protected thereby. The damages recoverable by the defendant pursuant to this section shall include all damages proximately caused by the service of the restraining order or the levy of the writ of attachment.

At any time after the issuing of the restraining order or the attachment, but not later than five days after actual notice of the levy of the writ of attachment, the defendant may except to the sufficiency of the sureties. If he fails to do so, he is deemed to have waived all objection to them. When excepted to, the plaintiff's sureties, within five days from service of written notice of exception, upon notice to the defendant of not less than two nor more than five days, must justify before the judge or clerk of the court in which the action is pending, in the same manner as upon bail on arrest; and upon failure to justify, or if others in their place fail to justify, at the time and place appointed, the writ of attachment must be vacated.

The court, at any time after issuance of the restraining order or the writ, on motion of the defendant, after notice to the plaintiff, or at the hearing pursuant to Section 538.4, may order the amount of the undertaking increased.

(b) The liability of any surety furnishing a bond pursuant to this section, if any, may be enforced on motion in the trial court without the necessity of an independent action. Notice of the motion shall be served on the persons whose liability is sought to be enforced at least 30 days prior to the time set for hearing of the motion. The notice shall state the amount of the claim and shall be supported by an affidavit or affidavits setting forth the facts on which the claim is based. Such notice and affidavit may be served in accordance with any procedure authorized by Chapter 5 (commencing with Section 1010), Title 14, Part 2. Judgment may be entered in accordance with the notice against the person or persons served therewith, unless such person or persons shall serve and file an affidavit or affidavits in opposition to the motion showing such facts as may be deemed by the judge hearing the motion sufficient to present a triable issue of fact. If such showing is made, the issues to be tried shall be specified by the court and trial thereof shall be set for the earliest date convenient to the court, allowing sufficient time for discovery. The surety shall not obtain a stay of the proceedings pending the determination of any third-party claims. Affidavits filed pursuant to this section shall conform to the requirements prescribed for affidavits filed pursuant to Section 437c.

SEC. 15. Section 541 of the Code of Civil Procedure is repealed.

SEC. 16. Section 541 is added to the Code of Civil Procedure, to read:

541. Securities, as defined in the Commercial Code, shall be levied upon as provided by Division 8 (commencing with Section 8101) of the Commercial Code.

SEC. 17. Section 542.1 is added to the Code of Civil Procedure, to read:

542.1. Notwithstanding the provisions of Section 542, a writ of attachment shall be levied upon any equipment (as defined in the Commercial Code), other than a motor vehicle or boat required to be registered, belonging to the defendant by the filing of a notice with the Secretary of State, which shall be signed by the sheriff, constable or marshal and shall contain the name of the plaintiff as lienor, the name of the defendant as debtor and shall indicate that the plaintiff has acquired an attachment lien in the equipment of the defendant. The form of such notice shall be prescribed by the Secretary of State and shall be filed and indexed by him in accordance with the provisions applicable to financing statements in Division 9 (commencing with Section 9101) of the Commercial Code.

SEC. 17.1. Section 542.2 is added to the Code of Civil Procedure, to read:

542.2. (a) The fee for filing and indexing each notice of attachment lien or notice affecting a notice of attachment lien in the office of the Secretary of State is three dollars (\$3).

(b) When a notice of attachment lien has been filed and the plaintiff, for whatever reason, no longer has an attachment lien in the equipment of the defendant, the sheriff, marshal or constable shall sign a notice to that effect for filing with the Secretary of State.

(c) A filed notice of attachment lien is effective for a period of five years from the date of filing. The effectiveness of the filed notice of attachment lien lapses on the expiration of such five-year period unless sooner terminated pursuant to subdivision (b) or unless a notice of continuation is filed pursuant to Section 542.4 prior to such lapse.

SEC. 17.2. Section 542.3 is added to the Code of Civil Procedure, to read:

542.3. Upon the request of any person, the Secretary of State shall issue his certificate showing whether there is on file, on the date and hour stated therein, any notice of attachment lien, naming a particular person, and if a notice is on file, giving the date and hour of filing of each notice and the name of the plaintiff-lienor. The fee for the certificate issued by the Secretary of State is two dollars (\$2). A combined certificate may be issued pursuant to Section 7203 of the Government Code. Upon request, the Secretary of State shall furnish a copy of any notice of attachment lien or notice affecting a notice of attachment lien for a fee of one dollar (\$1) per page.

SEC. 17.3. Section 542.4 is added to the Code of Civil Procedure, to read:

542.4. When more than four years and six months has elapsed after the filing of the notice of attachment lien and there is no final judgment in the action, the plaintiff may, upon notice to the defendant, apply to the court for an order directing the sheriff, marshal or constable to sign a notice of continuation of notice of attachment lien for filing with the Secretary of State if the lien is still in effect under Section 542c.

The court shall issue the order if it finds that the lien has been extended or the court concurrently extends the lien under Section 542c for a period beyond the expiration of the five years specified in Section 542.2. Upon issuance of the order, the sheriff, marshal or constable shall sign a notice of continuation of notice of attachment lien for filing with the Secretary of State prior to the lapse of the notice of attachment lien. Upon timely filing of the notice of continuation, the effectiveness of the original notice of attachment lien is continued for five years from the time when it would otherwise have lapsed, whereupon it shall lapse thereafter in the same manner as provided in subdivision (c) of Section 542.2.

SEC. 18. Section 542b of the Code of Civil Procedure is repealed.

SEC. 19. Section 542b is added to the Code of Civil Procedure, to read:

542b. The service upon the defendant of a notice and order pursuant to Section 538.2 creates a lien upon all of his personal property subject to the levy of a writ of attachment pursuant to this chapter and owned by him at the time of such service or the proceeds thereof. Such lien, however, shall not be valid as against a bona fide purchaser or encumbrancer for present value or a transferee in the ordinary course of business. Such lien shall terminate 30 days after the service of the notice and order upon the defendant; except with respect to property upon which a writ of attachment has been levied during that period and upon the filing by the defendant of a proceeding under the National Bankruptcy Act or the making by the defendant of a general assignment for the benefit of creditors, such lien shall terminate with respect to all property upon which a writ of attachment has not been levied prior to such event. The levy of a writ of attachment shall perfect the lien created by the service of the notice and order against a bona fide purchaser and a transferee in the ordinary course of business and the levy of a writ of attachment in those cases where it is not preceded by the service of a notice and order shall create a lien upon the property levied upon which is valid against all third persons.

SEC. 20. Section 542c is added to the Code of Civil Procedure, to read:

542c. An attachment of personal property shall, unless sooner released or discharged, cease to be of any force or effect and the property levied on shall be released from the operation of the attachment at the expiration of one year from the date of the levy of the writ unless a notice of readiness for trial is filed or a judgment is entered against the defendant in the action in which the attachment was issued within that period, in which case the attachment shall continue in effect until released or vacated after judgment as provided in this chapter. However, upon motion of the plaintiff, made not less than 10 nor more than 60 days before the expiration of such period of one year, and upon notice of not less than five days to the defendant, the court in which the action is pending may, by order filed prior to the expiration of the period, extend the

duration of the attachment for an additional period or periods as the court may direct, if the court is satisfied that the failure to file the notice of readiness is due to the dilatoriness of the defendant and was not caused by any action of the plaintiff. The attachment may be extended from time to time in the manner herein prescribed.

SEC. 21. Section 126.1 is added to the Corporations Code, to read:

126.1. Any corporation heretofore or hereafter formed under this division shall, as a condition of its existence as a corporation, be subject to the provisions of the Code of Civil Procedure authorizing the attachment of corporate property.

SEC. 22. Section 15006.1 is added to the Corporations Code, to read:

15006.1. Any partnership heretofore or hereafter formed under this chapter shall, as a condition of its existence as a partnership, be subject to the provisions of the Code of Civil Procedure authorizing the attachment of partnership property.

11476. In all cases in which the whereabouts of the parent is unknown, the county department shall refer the applicant to the district attorney at the time the application for assistance is signed.

In all cases in which the whereabouts of the absent parent is known, the county department, immediately upon receipt of the application for assistance, shall notify the absent parent of the filing of the application and of his responsibility to complete and return the written statement required by Section 11353. Such notification shall be by certified mail, return receipt requested, and an appropriate form and a stamped envelope shall be provided for its return. If the notice is not delivered within seven days, the county department shall cause prompt personal service to be made. If the written statement is not completed and returned within 15 days after service, the county department shall refer the matter to the district attorney for prosecution for violation of Section 11353.

When the county department has obtained sufficient information concerning the absent parent it shall immediately determine his ability to support his children, make contractual arrangements for his complying with his obligation to support, discuss his parental responsibilities, and explore the possibility of a reconciliation and the resumption of a parental relationship with his children. If the county department has not obtained a satisfactory support agreement with the absent parent within 30 days after the application for assistance is signed, the county department shall refer the case to the district attorney unless it has definitely determined that the parent is financially incapable of supporting the child. The department shall develop and furnish to the counties guidelines and forms for support agreements; such agreements shall provide every safeguard available under the law for effective enforcement of support and collection through enforcement of a legal judgment, including the imposition of liens upon real and personal property where appropriate. If the absent parent is residing out of the county and his whereabouts is known, the county department may arrange for the personal contacts and interviews with the absent parent to be conducted by the county department of the county where the parent is located. 1. The absent parent refuses to be interviewed, to provide necessary information, or to discuss his parental responsibilities.

2. The absent parent refuses to make a contribution in accordance with his financial ability.

3. There is reason to believe that the parent may flee or hide if contacted by the county department.

4. The absent parent's previous history indicates that although he is capable of a support contribution, efforts by the county department to obtain support would be fruitless.

5. Legal action is necessary to establish paternity.

6. The absent parent has entered into an agreement with the county department to support his child and has defaulted upon that agreement without showing good cause for such default.

7. The district attorney has requested that all cases involving parents absent from the home be referred to him immediately upon receipt of the application for assistance.

The county department shall cooperate with the district attorney and shall report to him all information contained in the case record which concerns the question of nonsupport and the suitability of prosecution as a method of obtaining support for the child in each case.

Upon referral, the district attorney shall immediately investigate the question of nonsupport and shall take all steps necessary to obtain support for the needy child. However, upon the advice of the county department that a child is being considered for adoption, the district attorney shall delay his investigation and other actions with respect to the case until advised that the adoption is no longer under consideration.

The granting of aid to the applicant shall not be delayed or contingent upon investigation by the district attorney.

In every case which has not been referred to the district attorney, it shall be the duty of the county department to contact the absent parent and to carry out the provisions of this section at the earliest possible date, and to refer the case to the district attorney at once in the event of a refusal to cooperate or an unexplained default as provided above. Upon referral, it shall be the duty of the district attorney to take all appropriate action, civil and criminal, to promptly and effectively enforce the obligation of parents to support their children.

SEC. 3. Section 11476 of the Welfare and Institutions Code as amended by Chapter 578 of the Statutes of 1971, is amended to read:

In all cases in which the whereabouts of the absent parent is known, the county department, immediately upon receipt of the application for assistance, shall notify the absent parent of the filing of the application and of his responsibility to complete and return the written statement required by Section 11353. Such notification shall

be by certified mail, return receipt requested, and an appropriate form and a stamped envelope shall be provided for its return. If the notice is not delivered within seven days, the county department shall cause prompt personal service to be made. If the written statement is not completed and returned within 15 days after service, the county department shall refer the matter to the district attorney for prosecution for violation of Section 11353.

When the county department has obtained sufficient information concerning the absent parent it shall immediately determine his ability to support his children, make contractual arrangements for his complying with his obligation to support, discuss his parental responsibilities, and explore the possibility of a reconciliation and the resumption of a parental relationship with his children. If the absent parent is residing out of the county and his whereabouts is known, the county department may arrange for the personal contacts and interviews with the absent parent to be conducted by the county department of the county where the parent is located. The department shall provide by regulation for a plan of cooperation between the respective counties, and it shall be the duty of each county upon receiving a request from another county to cooperate and assist promptly in contacting, interviewing, and obtaining support agreements where appropriate from absent parents located within its boundaries.

Anything in this section to the contrary notwithstanding, it shall be the duty of the county department to refer to the district attorney immediately any case in which one or more of the following factors appear:

2. The absent parent refuses to make a contribution in accordance with his financial ability.
3. There is reason to believe that the parent may flee or hide if contacted by the county department.
4. The absent parent's previous history indicates that although he is capable of a support contribution, efforts by the county department to obtain support would be fruitless.
5. Legal action is necessary to establish paternity.
6. The absent parent has entered into an agreement with the county department to support his child and has defaulted upon that

agreement without showing good cause for such default.

7. The district attorney has requested that all cases involving parents absent from the home be referred to him immediately upon receipt of the application for assistance.

The county department shall cooperate with the district attorney and shall report to him all information contained in the case record which concerns the question of nonsupport and the suitability of prosecution as a method of obtaining support for the child in each case.

Upon referral, the district attorney shall immediately investigate the question of nonsupport and shall take all steps necessary to obtain support for the needy child. However, upon the advice of the county department that a child is being considered for adoption, the district attorney shall delay his investigation and other actions with respect to the case until advised that the adoption is no longer under consideration.

The granting of aid to the applicant shall not be delayed or contingent upon investigation by the district attorney.

Where a court order has been obtained in the case by the district attorney, any contractual agreement for support between the county welfare department and the absent parent shall be deemed null and void to the extent that it is not consistent with the court order.

In every case which has not been referred to the district attorney, it shall be the duty of the county department to contact the absent parent and to carry out the provisions of this section at the earliest possible date, and to refer the case to the district attorney at once in the event of a refusal to cooperate or an unexplained default as provided above. Upon referral, it shall be the duty of the district attorney to take all appropriate action, civil and criminal, to promptly and effectively enforce the obligation of parents to support their children.

When publication is ordered, service of a copy of the citation in the manner provided for in subdivision (a) is equivalent to publication and deposit in the post office. Service is complete at the expiration of the time prescribed by the order for publication or when service is made as provided for in subdivision (a), whichever event shall first occur.

If one or both of the parents of such minor person be unknown or if the name of either or both of his parents be uncertain, then such fact shall be set forth in the affidavit and the court shall order the citation to be directed to either the father or the mother, or both, of the minor person, naming and otherwise describing the minor person, and to all persons claiming to be the father or mother of the minor person.

SEC. 3. Chapter 4 (commencing with Section 58950) is added to Division 2 of Title 6 of the Government Code, to read:

CHAPTER 4. DISTRICT INDEBTEDNESS

The hearing may be continued from time to time. Upon conclusion of the hearing, the

district board shall determine by resolution, whether or not the detached territory should be relieved and absolved of any future annual tax liability for the outstanding bonds of the district.

(d) If the district board determines that the detached territory should be relieved of annual tax liability, it shall cause a copy of its resolution to be filed pursuant to Section 54902 with the Board of Equalization and the county assessor of the county in which the territory is located. The detached territory shall be relieved and absolved of the annual tax liability for outstanding district bonds imposed by the local agency formation commission in the year next succeeding adoption of the resolution when assessments or taxes are to be levied for payment of the principal and interest on the bonds.

Nothing in this section shall be construed as in any way limiting the power of a bondholder to enforce his contractual rights and nothing in this section shall affect the ultimate liability of such detached territory for the bonded indebtedness of the district in case of default. This section is intended to provide a means of relieving territory detached from a district from annual assessments for the principal and interest on bonded indebtedness when such territory is no longer receiving the services for which such bonded indebtedness was incurred.

At the time of making the general tax levy after incurring each such indebtedness and annually thereafter until such indebtedness is paid or until there is a sum in the treasury set apart for that purpose sufficient to meet all payments of principal and interest on such indebtedness as they become due, a tax shall be levied and collected sufficient to pay the interest on such indebtedness and such part of the principal as will become due

before the proceeds of a tax levied at the next general tax levy will be available. The indebtedness authorized to be incurred by this section shall be in addition to, and the provisions of this section shall not apply to, any bonded indebtedness authorized by vote of the electors.

Such failure to provide identification, failure to provide, or failure to communicate for a period of six months shall be presumptive evidence of the intent to abandon. Such person shall be deemed and called a person abandoned by the parent or parents abandoning him. If in the opinion of the court the evidence indicates that such parent or parents have made only token efforts to support or communicate with the child, the court may declare the child abandoned by such parent or parents.

(d) Whose parent or parents are deprived of their civil rights due to the conviction of a felony, if the felony of which such parent or parents were convicted is of such nature as to prove the unfitness of such parent or parents to have the future custody and control of the child, or if any term of sentence of such parent or parents is of such length that the child will be deprived of a normal home for a period of years.

(e) Whose parent or parents have been declared by a court of competent jurisdiction to be mentally deficient or mentally ill, if the State Director of Mental Hygiene and the superintendent of the state hospital of which, if any, such parent or parents are inmates or patients certify that such parent or parents so declared to be mentally deficient or mentally ill will not be capable of supporting or controlling the child in a proper manner.

(f) Whose parent or parents are, and will remain incapable of supporting or controlling the child in a proper manner because of mental deficiency or mental illness, if there is testimony to this effect from two medical examiners certified under Section 6750 of the Welfare and Institutions Code. (c) A power exercisable only by will, other than a power in the grantor to appoint by will the income of the trust where the income is accumulated for such disposition by the grantor or may be so accumulated in the discretion of the grantor or a nonadverse party, or both, without the approval or consent of any adverse party.

(2) On termination of the trust, or in conjunction with a distribution of corpus which is augmented by such accumulated income, to the current income beneficiaries in shares which have been irrevocably specified in the trust instrument.

Accumulated income shall be considered so payable although it is provided that if any beneficiary does not survive a date of distribution which could reasonably have been expected to occur

within the beneficiary's lifetime, the share of the deceased beneficiary is to be paid to his appointees or to one or more designated alternate takers (other than the grantor or the grantor's estate) whose shares have been irrevocably specified. (1) The existence of a legal disability of any current income beneficiary; or

(2) The period during which any income beneficiary shall be under the age of 18 years,

"Disposition," as used herein, includes a release of such minor from custody without the filing of an accusatory pleading or the filing of

a petition under the provisions of this chapter, a determination of the issue of wardship by the juvenile court, or a determination by the juvenile court that such minor is not a fit subject to be dealt with under the provisions of this chapter.

This section shall not be construed to prohibit the Bureau of Criminal Identification and Investigation from transmitting fingerprints or photographs of a minor to a law enforcement agency for the purpose of obtaining identification of the minor or from requesting from such agency the history of the minor.

Such judge shall note in the minutes of the court whether the jail, juvenile hall, or lockup is a suitable place for confinement of minors.

The Department of the Youth Authority shall likewise conduct an annual inspection of each jail, juvenile hall, or lockup situated in this state which, during the preceding calendar year, was used for confinement for more than 24 hours of any minor.

If either such judge of the juvenile court or the department, after inspection of a jail, juvenile hall, or lockup, finds that it is not being operated and maintained as a suitable place for confinement of minors, the juvenile court or the department shall give notice of its finding to all persons having authority to confine such minors pursuant to this chapter and commencing 60 days thereafter such jail, juvenile hall, or lockup shall not be used for confinement of such minors until such time as the judge or department, as the case may be, finds, after reinspection of the jail, juvenile hall, or lockup, that the conditions which rendered the facility unsuitable have been remedied, and such facility is a suitable place for confinement of such minors.

The custodian of each jail, juvenile hall, and lockup shall make such reports as may be required by the department or the juvenile court to effectuate the purposes of this section.

SEC. 51. Section 529 of the Welfare and Institutions Code is amended to read:

than once a year, and may hold hearings. A judge of the juvenile court shall have the power to issue subpoenas requiring attendance and testimony of witnesses and production of papers at hearings of the commission.

A juvenile justice commission shall annually inspect any jail or lockup within the county which in the preceding calendar year was used for confinement of more than 24 hours of any minor. It shall report the results of such inspection together with its recommendations based thereon, in writing, to the juvenile court and to the Youth Authority.

631. (a) Whenever a minor is taken into custody by a peace officer or probation officer, except when such minor willfully misrepresents himself as 18 or more years of age, such minor shall be released within 48 hours after having been taken into custody, excluding nonjudicial days, unless within said period of time a petition to declare him a ward or dependent child has been filed pursuant to the provisions of this chapter or a criminal complaint against him has been filed in a court of competent jurisdiction.

(b) Whenever a minor who has been held in custody for more than six hours by the probation officer is subsequently released and no petition is filed, the probation officer shall prepare a written explanation of why the minor was held in custody for more than six hours. The written explanation shall be prepared within 72 hours after the minor is released from custody and filed in the record of the case. A copy of the written explanation shall be sent to the parents, guardian, or other person having care or custody of the minor.

SEC. 54. Section 631.1 of the Welfare and Institutions Code is amended to read:

631.1. When a minor willfully misrepresents himself to be 18 or more years of age when taken into custody by a peace officer or probation officer, and this misrepresentation effects a material delay in investigation which prevents the filing of a petition pursuant to the provisions of this chapter or the filing of a criminal complaint against him in a court of competent jurisdiction within 48 hours, such petition or complaint shall be filed within 48 hours from the time his true age is determined, excluding nonjudicial days. If, in such cases, the petition or complaint is not filed within the time prescribed by this section, the minor shall be immediately released from custody.

SEC. 54.5. Section 781 of the Welfare and Institutions Code is amended to read:

781. (a) In any case in which a petition has been filed with a juvenile court to commence proceedings to adjudge a person a dependent child or ward of the court, in any case in which a person is cited to appear before a probation officer or is taken before a probation officer pursuant to Section 626, or in any case in which a minor is taken before any officer of a law enforcement agency, the person or the county probation officer may, five years or more after

the jurisdiction of the juvenile court has terminated as to the person, or, in a case in which no petition is filed, five years or more after the person was cited to appear before a probation officer or was taken before a probation officer pursuant to Section 626 or was taken before any officer of a law enforcement agency, or, in any case, at any time after the person has reached the age of 18 years, petition the court for sealing of the records, including records of arrest, relating to the person's case, in the custody of the juvenile court and probation officer and any other agencies, including law enforcement agencies, and public officials as petitioner alleges, in his petition, to have custody of such records. The court shall notify the district attorney of the county and the county probation officer, if he is not the petitioner of the petition, and such district attorney or probation officer or any of their deputies or any other person having relevant evidence may testify at the hearing on the petition. If, after hearing, the court finds that since such termination of jurisdiction or action pursuant to Section 626, as the case may be, he has not been convicted of a felony or of any misdemeanor involving moral turpitude and that rehabilitation has been attained to the satisfaction of the court, it shall order sealed all records, papers, and exhibits in the person's case in the custody of the juvenile court, including the juvenile court record, minute book entries, and entries on dockets, and other records relating to the case in the custody of such other agencies and officials as are named in the order. Thereafter, the proceedings in such case shall be deemed never to have occurred, and the person may properly reply accordingly to any inquiry about the events, records of which are ordered sealed. The court shall send a copy of the order to each agency and official named therein, and each such agency and official shall seal records in its custody as directed by the order, shall advise the court of its compliance, and thereupon shall seal the copy of the court's order for sealing of records that it or he received. The person who is the subject of records sealed pursuant to this section may petition the superior court to permit inspection of the records by persons named in the petition, and the superior court may so order. Otherwise, except as provided in subdivision (b), such records shall not be open to inspection.

(b) In any action or proceeding based upon defamation, a court, upon a showing of good cause, may order any records sealed under this section to be opened and admitted into evidence. The records shall be confidential and shall be available for inspection only by the court, jury, parties, counsel for the parties, and any other person who is authorized by the court to inspect them. Upon the judgment in the action or proceeding becoming final, the court shall order the records sealed.

It is the intent of the Legislature that the expenditure of such service charges as are authorized by this section shall be supplemental to and in augmentation of any current appropriations available for such purposes and shall not constitute an offset or diminution of any such appropriations. A sum equal to 4 percent of the wages paid by an operator to any blind person, as

defined in Section 6905, or any disabled person, as defined in regulations issued by the department, shall be deducted from any service charge paid by the operator, to encourage operators to employ more blind and disabled workers and thereby set an example for industry and government.

There shall be no deduction from any service charge paid by an operator if the operator does not pay wages at least equal to the minimum wages required of employers pursuant to Chapter 1 (commencing with Section 1171) of Part 4 of Division 2 of the Labor Code.

(c) Select a location for each vending stand constructed or installed in any building subject to the approval of the person, governing board, or legislative body having the care, custody, and control of such building.

This means that any custodial property held by a custodian prior to the effective date of the amendment referred to above shall be administered as if the definition of "minor" referred to the age of 21 years. Any property transferred to a custodian to be held as custodial property on or after the effective date of the amendments referred to above shall be administered utilizing the new definition of "minor" as a person who has not attained the age of 18 years.

SEC. 64. In the event any other act or acts of the 1972 Regular Session of the Legislature has any effect on any section of any code affected by this act, the provisions of such act or acts, whether chaptered prior or subsequent to this act, shall prevail over the conflicting provisions of this act.

A judge who after the effective date of the 1972 amendments to this section leaves his office to accept any lucrative office under the United States within the purview of Section 28, Article IV, of the Constitution shall not be eligible for deferred retirement under this section. Failure to make such election shall be deemed an irrevocable election to withdraw his accumulated contributions. A judge who so elects to allow his accumulated contributions to remain in the fund shall, upon his application therefor to the State Controller after attaining age 65, be retired, and receive a retirement allowance based upon the judicial service with which he is credited, in the same manner as other judges, except that his retirement allowance is an annual amount equal to 5 percent of the compensation payable, at the time payments of the allowance fall due, to the judge holding the office which the retired judge last held prior to the discontinuance of his service as judge, multiplied by the number of years and fractions of

Notwithstanding any other provision of law, a safety member who receives credit for prior employment in public service, the principal duties of which consisted of active law enforcement or active fire suppression, shall have his pension or retirement allowance for such service calculated on the same basis as the calculation of the retirement allowance such member would receive as a safety member under Section 31664.

CHAPTER 584

An act to add Sections 5136.5 and 5136.6 to the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor August 8, 1972. Filed with Secretary of State August 8, 1972.]

payment under protest of the first installment under an installment plan of redemption pursuant to Article 2 (commencing with Section 4216) of Chapter 3 of Part 7 of this division, if the following requirements are satisfied:

(1) The first installment payment is made within six months of the delinquency of the taxes being paid by installments.

(2) If the balance of the unpaid tax liability remaining after the first installment payment has been made, plus penalties and interest thereon to the date of filing the actions, exceeds $66\frac{2}{3}$ percent of the full cash value of the property on which the taxes are a lien, as of the last equalized assessment roll, the taxpayer shall post a bond with the county tax collector in a sum equal to such excess or, in the alternative, pledge other property with the county tax collector in such amount as security. The requirement for a bond or additional security specified in this paragraph shall terminate when the balance of unpaid tax liability remaining after a subsequent installment payment, plus penalties and interest thereon to the date of such subsequent installment payment, no longer exceeds $66\frac{2}{3}$ percent of the full cash value of the property on which the taxes are a lien, as of the last equalized assessment roll. However, a new bond shall be posted or property pledged if, during the pendency of the action, the balance of unpaid tax liability, plus penalties and interest thereon, again exceeds $66\frac{2}{3}$ percent of such full cash value.

(b) The right to maintain an action under this section shall terminate if there is a default of any obligation by the owner in the installment plan of redemption on the property.

(c) If the owner does not recover the amount of taxes in dispute in an action brought under this section, he shall pay additional interest to the county or city equal to the difference between the interest he has paid under Article 2 (commencing with Section 4216) of Chapter 3 of Part 7 of this division and the amount of interest the county or city would have earned on the funds in the impound account on the entire amount of tax determined by the court to be due, if such amount had been paid in equal installments on the tax delinquency dates.

SEC. 2. Section 5136.6 is added to the Revenue and Taxation Code, to read:

5136.6. In all proceedings brought to recover taxes pursuant to Section 5138, whether or not such proceedings are brought by an installment taxpayer under an installment plan of redemption pursuant to Article 2 (commencing with Section 4216) of Chapter 3 of Part 7 of this division or pursuant to Section 5136.5, all courts wherein such actions are or hereafter may be pending shall give such actions precedence over all other civil actions therein, except actions to which special precedence is given by law, in the matter of setting same for hearing or trial, and in hearing the same, to the end that all such actions shall be quickly heard and determined.

SEC. 3. Notwithstanding the provisions of subdivision (a) of Section 5136.5 of the Revenue and Taxation Code, with respect to

property taxes delinquent on the effective date of this act, the provisions of such section and Section 5136.6 shall apply only if an installment plan of redemption pursuant to Article 2 (commencing with Section 4216) of Chapter 3 of Part 7 of Division 1 of such code existed on the effective date of this act, a timely application had been filed for a reduction of the assessment on which the taxes are being paid in installments, and an action to recover taxes paid under protest is commenced not later than six months after such effective date. This section is not intended to extend the time for filing an application for reduction of assessments pursuant to Sections 1607 and 1760 of such code.

4. The applicant or licensee does not hold a valid California driver's license.

9. The applicant or licensee has failed to pay over funds or property received in the course of employment to the dealer entitled thereto.

10. The applicant or licensee has knowingly purchased, sold or otherwise acquired or disposed of a stolen motor vehicle.

(c) Pending the satisfaction of the department that the applicant has met the requirements under this chapter, it may issue a temporary permit to any person applying for a vehicle salesman's license. The temporary permit shall permit the operation by the salesman for a period not to exceed 120 days while the department is completing its investigation and determination of all facts relative to the qualifications of the applicant to such a license. If the department determines to its satisfaction that the temporary permit was issued upon a fraudulent application, the department may cancel the temporary permit and such cancellation shall be effective immediately. If the department determines that the information in the application is correct, such temporary permit shall be invalid when the applicant's license has been issued or refused unless within five days of receipt of a notice of refusal and statement of issues the applicant demands a hearing pursuant to subdivision (b) of Section 11803. The filing of a demand for a hearing shall stay the effective date of the invalidation of the temporary permit pending a hearing and a determination of the issues. The notice of refusal shall be made effective not less than five days after its receipt by the applicant.

(d) The department may issue a probationary vehicle salesman's license upon any ground or grounds contained in subdivision (b) of this section subject to conditions to be observed in the exercise of the privilege granted either upon application for issuance of a license or upon application for renewal of a license. SEC. 2. Section 11802 of the Vehicle Code is amended to read:

11802. (a) The department shall issue a vehicle salesman's license when satisfied that the applicant has furnished the required information, and that he intends in good faith to act as a vehicle

salesman, and has paid the fees as required in Section 11809.

(b) The department may refuse to issue or may suspend or revoke a license, when satisfied that:

1. The information contained in the application is incorrect.
2. The applicant or licensee, based on the information contained in the application or by subsequent investigation, is not of good moral character.

The conviction of a crime, including a conviction after a plea of nolo contendere, involving moral turpitude shall be prima facie evidence that the applicant or licensee is not of good moral character.

3. The applicant or licensee has outstanding an unpaid final court judgment rendered in connection with an activity licensed under the authority of this chapter.

4. The applicant or licensee does not hold a valid California driver's license.

5. The applicant or licensee was previously the holder of or was a partner in a partnership or was an officer, director, or stockholder involved in management of a corporation which was the holder of a license and certificate issued under this chapter, which license and certificate were revoked for cause and never reissued by the department or which license and certificate were suspended for cause and the terms of suspension have not been fulfilled.

6. The applicant or licensee has violated any of the terms and provisions of Chapter 2b (commencing with Section 2981) of Title 14 of Part 4 of Division 3 of the Civil Code.

7. The applicant or licensee has committed any of those acts prohibited by Section 11806 of this article.

9. The applicant or licensee has failed to pay over funds or property received in the course of employment to the dealer entitled thereto.

10. The applicant or licensee has knowingly purchased, sold or otherwise acquired or disposed of a stolen motor vehicle.

(c) Pending the satisfaction of the department that the applicant has met the requirements under this chapter, it may issue a temporary permit to any person applying for a vehicle salesman's license. The temporary permit shall permit the operation by the salesman for a period not to exceed 120 days while the department is completing its investigation and determination of all facts relative to the qualifications of the applicant to such a license. If the department determines to its satisfaction that the temporary permit was issued upon a fraudulent application, the department may cancel the temporary permit and such cancellation shall be effective immediately. The department may also cancel such temporary permit when it has determined or has reasonable cause to believe that the application is incorrect or incomplete or the temporary

permit was issued in error and such cancellation shall be effective immediately. If however, the department determines that the information in the application is correct and complete, such temporary permit shall be invalid when the applicant's license has been issued or refused unless within five days of receipt of a notice of refusal and statement of issues the applicant demands a hearing pursuant to subdivision (b) of Section 11803. The filing of a demand for a hearing shall stay the effective date of the invalidation of the temporary permit pending a hearing and a determination of the issues. The notice of refusal shall be made effective not less than five days after its receipt by the applicant.

(d) The department may issue a probationary vehicle salesman's license upon any ground or grounds contained in subdivision (b) of this section subject to conditions to be observed in the exercise of the privilege granted either upon application for issuance of a license or upon application for renewal of a license. The conditions to be attached to the exercise of the privilege shall not appear on the face of the license but shall be such as may, in the judgment of the department, be in the public interest and suitable to the qualifications of the applicant as disclosed by the application and investigation by the department of the information contained therein.

SEC. 3. It is the intent of the Legislature, if this bill and Senate Bill No. 888 are both chaptered and amend Section 11802 of the Vehicle Code, and this bill is chaptered after Senate Bill No. 888, that the amendments to Section 11802 proposed by both bills be given effect and incorporated in Section 11802 in the form set forth in Section 2 of this act. Therefore, Section 2 of this act shall become operative only if this bill and Senate Bill No. 888 are both chaptered, both amend Section 11802, and Senate Bill No. 888 is chaptered before this bill, in which case Section 1 of this act shall not become operative.

The people of the State of California do enact as follows:

SECTION 1. Section 10238.1 of the Business and Professions Code is amended to read:

10238.1. (a) Every real property securities dealer shall file with the commissioner, annually, a report containing financial statements in accordance with generally accepted accounting principles, accompanied by an opinion thereon by a certified public accountant or a public accountant, based upon an audit of the dealer's business subject to this article which is not materially restricted in scope. The report shall include, but not be limited to the receipt and disposition of all funds handled in connection with transactions subject to this article. The report shall be filed with the commissioner within sixty (60) days after the close of the period of the report unless, for good cause shown, the commissioner, in writing, extends the time therefor. The report shall contain at least the following:

1. Total number of sales, as principal or agent, subject to this article during the period, and
2. Total dollar volume of such sales.

(b) The commissioner may, by rule or regulation adopted pursuant to Chapter 4.5 (commencing with Section 11371) of Part 1, Division 3, Title 2 of the Government Code, require such additional information as he deems necessary.

(c) In the event that a real property securities dealer fails to file a report pursuant to this section the commissioner may cause an audit to be made and shall charge and collect the cost of the audit from the dealer.

SEC. 2. Section 11025 of the Business and Professions Code as added by Chapter 1399 of the Statutes of 1971 is amended to read:

11025. In addition to the other grounds for denial of a public report as set forth in this chapter, the commissioner shall not issue

a public report on any land project within the purview of Section 11000.5, as modified by Section 11000.6, unless he makes a specific finding that:

(1) The total complex of existing or proposed improvements reflected in the subdivision offering (including storm sewers, sanitary sewers, water systems, roads, utilities, community facilities, recreational amenities) will be adequate to serve the projected population of the entire land project.

(2) The arrangements that have been made to assure completion, maintenance and financing of the total complex of existing or proposed improvements referred to in paragraph (1) are reasonable. In determining the reasonableness of such arrangements, the commissioner shall consider whether the probable continuing financial burden with respect to the financing of completion and maintenance of improvements within the subdivision bears a reasonable relationship to the value of the lots therein.

(3) The offsite and onsite measures, including the overall design of the entire land project, are adequate to prevent damage to property by reason of flooding, erosion and other natural occurrences which are usual or predictable for the area.

(4) The method of financing the purchase of individual parcels or lots, including the effect of balloon payments, is reasonable.

(5) The existing zoning, or any change in zoning that has been proposed to the local governing body, is compatible with the proposed use of the lots within the land project.

(6) The use, or zoning, of adjacent properties is compatible with the proposed land project.

This section shall not be applicable to subdivisions on which final public reports were issued prior to January 2, 1970.

SEC. 3. Section 11028 of the Business and Professions Code as added by Chapter 1399 of the Statutes of 1971 is amended to read:

11028. Any contract or agreement to purchase or lease a lot or parcel in a land project within the purview of Section 11000.5, as modified by Section 11000.6, may be rescinded by the purchaser without cause of any kind by sending or delivering written notice of rescission by midnight of the 14th calendar day following the day on which the purchaser or prospective purchaser has executed such contract or agreement. The subdivider shall clearly and conspicuously disclose, in accordance with regulations adopted by the commissioner, the right to rescind provided for in this section and shall provide, in accordance with regulations adopted by the commissioner, an adequate opportunity to exercise the right to rescission provided for herein within the time limit set forth above. Any certificate signed by the purchaser or lessee which sets forth a *brief description of the property sold or leased and a statement that the purchaser or lessee has not exercised the right of rescission as provided for in this section within the time limit above set forth* shall be conclusive evidence of its contents in favor of any third party acting in good faith and in reliance thereon. The remedy granted

under this section shall not be cumulative with any remedy granted and exercised under the Interstate Land Sales Full Disclosure Act (15 U.S.C., Sec. 1701, et seq.) or any other federal act pursuant to which the purchaser or party contracting with respect to a lot in a land project may have a right of rescission.

This section shall not be applicable to conveyances of or contracts for the purchase and sale of lots, which conveyances were made or which contracts were executed prior to November 10, 1969.

SEC. 4. Section 11029 of the Business and Professions Code as added by Chapter 1399 of the Statutes of 1971 is amended to read:

11029. Each subdivider of a land project or his successor in interest shall submit reports on or before the 10th day of each calendar quarter listing the names and addresses of all persons who had agreed to purchase a lot or parcel in the subdivision and who subsequently had withdrawn or attempted to withdraw from the agreement either by formal notification to the subdivider, by failure to make payments for a period of 90 days or more after the due date thereof, by claim of rescission or otherwise. The obligation to make such reports shall terminate on the earliest to occur of the following events:

(a) Thirteen months after execution of conveyances or contracts for the purchase and sale of 90 percent of the lots within the subdivision.

(b) Three years after the issuance of the public report with respect thereto.

The commissioner may, however, adopt reasonable regulations to carry out the provisions of this chapter, for extension of the obligation to make such reports where the requirements to do so would otherwise expire pursuant to subdivision (b) above.

This section shall not be applicable to conveyances of or contracts for the purchase and sale of lots, which conveyances were made or which contracts were executed prior to November 10, 1969.

SEC. 5. Section 1241.7 of the Code of Civil Procedure as amended by Chapter 1524 of the Statutes of 1971 is amended to read:

1241.7. (a) Except as provided in subdivision (b), notwithstanding any other provision of law to the contrary, the fact that property is appropriated for public use as a state, regional, county, or city park or recreation area, or wildlife or waterfowl management area as presently established by the Department of Fish and Game pursuant to Section 1525 of the Fish and Game Code, or historic site included in the National Register of Historic Places or state-registered landmarks, or as an ecological reserve as provided for in Article 4 (commencing with Section 1580) of Chapter 5 of Division 2 of the Fish and Game Code, establishes a rebuttable presumption of its having been appropriated for the best and most necessary public use. The presumption established by this section is a presumption affecting the burden of proof.

(b) When property appropriated for a public use as a state, regional, county, or city park or recreation area, or wildlife or

waterfowl management area as presently established by the Department of Fish and Game pursuant to Section 1525 of the Fish and Game Code, or historic site included in the National Register of Historic Places or state-registered landmarks, or as an ecological reserve as provided for in Article 4 (commencing with Section 1580) of Chapter 5 of Division 2 of the Fish and Game Code, is sought to be acquired for state highway purposes, or for public utility route or structure purposes, and such park or recreational area, or wildlife or waterfowl management area, or historic site, or ecological reserve was dedicated to or established for park or recreational purposes, or as a wildlife or waterfowl management area, or as an historic site included in the National Register of Historic Places or state-registered landmarks, or as an ecological reserve as provided for in Article 4 (commencing with Section 1580) of Chapter 5 of Division 2 of the Fish and Game Code, prior to the initiation of highway route location studies, or public utility route or structure location studies, an action for declaratory relief may be brought only by the public agency owning such park or recreational area, or wildlife or waterfowl management area, or historic site, or ecological reserve in the superior court to determine the question of which public use is the best and most necessary public use for such property. Such action for declaratory relief shall be filed and served within 120 days after publication by the California Highway Commission or the public utility in a newspaper of general circulation pursuant to Section 6061 of the Government Code, and delivery of a written notice to the public agency owning such park or recreational area, or wildlife or waterfowl management area, or historic site, or ecological reserve by the California Highway Commission or public utility that a proposed route or site or an adopted route or site includes park land or recreational area, or a wildlife or waterfowl management area, or an historic site, or an ecological reserve owned by that agency. In such declaratory relief action, the resolution of the California Highway Commission shall not be conclusive evidence of the matters set forth in Section 103 of the Streets and Highways Code. Such action for declaratory relief shall have preference over all other civil actions in the matter of setting the same for hearing or trial to the end that any such action shall be quickly heard and determined. If an action for declaratory relief is not filed and served within such 120-day period, the right to bring such action is waived and the provisions of subdivision (a) shall not apply. When a declaratory relief action, with respect to such property being sought for highway purposes, or for public utility route or structure purposes, may not be brought pursuant to this subdivision, the provisions of subdivision (a) of this section shall not apply.

The Director of Compensatory Education shall allocate the funds available for programs under Section 6481 proportionately by public school population among the areas designated by him. He shall then approve projects proposed to be undertaken by school districts within such areas at particular schools with the highest concentrations of low-income children and with the lowest records of academic achievement. Funds not fully utilized in one designated area may be reallocated to the other designated areas. Upon the request of a school district, the director of compensatory education may authorize funds to be used outside the designated areas to serve children from the designated areas.

The Speaker of the Assembly shall be an ex officio member, having equal rights and duties with the nonlegislative members.

The governing board may authorize payment of travel and other necessary expenses of participants in these activities pursuant to rules and regulations adopted by the governing board. These payments shall be a proper charge against district funds.

As used in this section, "cocurricular activities" means those activities and events which are designed to complement the academic program of the community college and which meet all the following criteria:

- (a) The activity or event is approved by the governing board.
- (b) Students of the community college are participating in the activity or event.
- (c) The activity or event is supported in part from nondistrict funds.
- (d) The activity or event is an extension of classroom instruction or related community college programs.

COMMISSION

The Fish and Game Commission, composed of five members, appointed by the Governor, subject to confirmation by the Senate, for a six-year term has been a constitutional body since 1940. It possesses such powers as are delegated to it by the Legislature. In general, the Legislature has granted the commission the power to regulate the taking or possession of birds (both resident and migratory), mammals (including deer, bear, elk, antelope, rabbits and squirrels), fish, amphibians (frogs) and reptiles, except for commercial purposes. These powers have been delegated for specific intervals by the Legislature. Other regulatory powers pertaining to less significant fish and game matters have been granted on an unrestricted basis. One of the major responsibilities of the commission is to hold public meetings to hear and consider the recommendations of interested citizens and groups before setting fish and game regulations.

As stipulated by the Fish and Game Code, general policies for conduct of the department are formulated by the Fish and Game Commission and the Director of the Department of Fish and Game is responsible to the commission for administration of the department in accordance with the policies thus established. Moreover, both the Wildlife Conservation Board and the Marine Research Committee indirectly set policies for the department since both agencies are empowered by the code to request and direct the department to take certain actions. Notwithstanding that the

department is subject by law to certain decisions of the commission, the Wildlife Conservation Board and the Marine Research Committee, the Director of the Department of Fish and Game is responsible to the Governor.

WILDLIFE BOARD

The Wildlife Conservation Board was established by the Wildlife Conservation Act of 1947. It consists of the President of the Fish and Game Commission, the Director of the Department of Fish and Game and the Director of Finance. Additionally, three Members of the Senate and three Members of the Assembly meet with the board and participate in its activities. The primary responsibilities of the board consist of selecting and authorizing the acquisition of land and property suitable for recreation purposes and the preservation, protection and restoration of wildlife. The board is empowered to authorize construction of facilities on property it has acquired, consistent with the purpose for which the property was purchased. The acquisition and construction program of the board is financed out of the Wildlife Restoration Fund for which, in 1955, the Legislature established a continuing annual appropriation of \$750,000 from the state's share of parimutuel revenues derived from wagers on horseracing.

MARINE RESEARCH COMMITTEE

The Marine Research Committee which was established by the Legislature in 1947, is made up of nine members, five representing commercial fish interests, at least one member representing organized sportsmen's groups and at least one representing organized labor. The membership is appointed by the Governor for four-year terms. The committee is empowered to employ personnel or contract for research in the development of commercial fisheries of the Pacific Ocean and financial support for the committee is derived from a special privilege tax on fish dealers and fish packers.

DEPARTMENT

The Department of Fish and Game is charged with the administration and enforcement of the Fish and Game Code. It is organized as a headquarters staff in Sacramento, five regional managers, each responsible for Fish and Game operations in his portion of the state, and the marine resources operations located at Terminal Island in Los Angeles County. General policies for the conduct of the department are formulated by the Fish and Game Commission and the director is responsible to the commission for administration of the department in accordance with such policies. The Director of the Department is the appointing power of all employees within the department and they are responsible to him

for the proper carrying out of the duties and responsibilities of their respective positions.

Support of the Department of Fish and Game comes from the Fish and Game Preservation Fund, which derives its revenue from the sale of hunting and fishing licenses, court fines and commercial fishing taxes. Generally speaking, one-half of the fines and forfeitures collected as a result of violations of the Fish and Game Code are deposited in the Fish and Game Preservation Fund and the other one-half goes to the county in which the offense was committed. The moneys going to the county must be deposited in the County Fish and Game Propagation Fund and expended for the propagation and conservation of fish or game within the county under the direction of the board of supervisors.

There are also grants of federal funds for fisheries projects under the so-called Dingell-Johnson Act and for wildlife projects under the so-called Pittman-Robertson Act, allocated to the states from taxes on sporting articles, in ratio to the number of licensed hunters and fishermen and the area involved.

LEGISLATIVE COMMITTEES ON FISH AND GAME

The Assembly Committee on Natural Resources and Conservation, and the Senate Committee on Natural Resources and Wildlife are empowered to investigate fish and game problems, hold hearings so that interested citizens may publicly express their views, make recommendations and introduce bills pertaining to fish and game for consideration by the Legislature as a whole.

These committees have no administrative powers, no power to establish regulations and no authority to require any state agency to perform any service or function. More specifically, they cannot direct the Fish and Game Commission to establish any regulations or set any season dates. Nor can they require the State Department of Fish and Game to perform any service other than to furnish the committees with data or information required in their deliberations.

Any remaining portion of such payment or deposit shall be returned to the tenant no later than two weeks after termination of his tenancy.

SEC. 5. The heading of Title 10a (commencing with Section 1650) of Part 3 of the Code of Civil Procedure is amended to read:

**TITLE 10a. REVISED UNIFORM RECIPROCAL
ENFORCEMENT OF SUPPORT ACT OF 1968**

SEC. 6. Section 28002 of the Corporations Code is amended to read:

28002. As used in this division:

(a) "Retirement system" means any employees' pension, profit-sharing, stock bonus or similar benefit plan which meets the requirements for qualification under Section 401 of the Federal Internal Revenue Code or any statute amendatory thereof or

supplementary thereto. A determination letter from the Internal Revenue Service stating that an employees' pension, profit-sharing, stock bonus or similar benefit plan meets the requirements for qualification under Section 401 of the Internal Revenue Code shall be conclusive evidence that such plan is a retirement system until the date such determination letter is revoked in writing by the Internal Revenue Service, regardless of whether such revocation is retroactive in effect. Insofar as applicable to any retirement system, the terms "trust," "trust agreement," and "trust instrument" include the formal plan or plan description excluding any summary thereof, the trust instrument or agreement, the policy of insurance or related contract, if any, and any written administrative rules, regulations and interpretations governing the operation of the retirement system.

(b) "Employer" means any person acting directly as an employer or indirectly in the interest of an employer in relation to a retirement system, and includes a group or association of employers acting for an employer in such capacity.

(c) "Employee" means any individual employed by an employer.

(d) "Participant" means any employee or former employee of an employer or any member of an employee organization who is or may become eligible to receive a benefit of any type from a retirement system, or whose beneficiaries may be eligible to receive any such benefit.

(e) "Beneficiary" means a person designated by a participant or by the terms of a retirement system who is or may become entitled to a benefit thereunder.

(f) "Fiduciary" means any person who exercises any power of control, or management with respect to the investment of any moneys or other property of a retirement system, or has authority or responsibility to do so. Fiduciary does not mean any person who has the power to appoint or remove a fiduciary provided that such person cannot exercise any direction or control over the fiduciary in the exercise of its functions. The commissioner may establish rules or regulations exempting any person as a fiduciary whose functions do not involve any significant risk that the moneys or other property of a retirement system will be applied for any purpose other than the exclusive benefit of the participants therein or the beneficiaries of such participants.

(g) "Party in interest" means any administrator, officer, trustee, custodian, counsel or employee of any retirement system, or a person providing services to any such system or an employer any of whose employees are covered by such a system or any person controlling, controlled by, or under common control with, such employer or officer or employee or agent of such employer, or such person, or a relative, partner, or joint venturer of any of the above-described persons.

(h) "Relative" means a spouse, ancestor, descendant, brother, sister, son-in-law, daughter-in-law, father-in-law, mother-in-law, brother-in-law or sister-in-law.

When a community college district, members of the governing board of which are also members of the governing board of a city school district with an average daily attendance of 400,000 or more in grades kindergarten through 12, serves a greater area than the city school district, the persons who serve as members on the governing board of the community college district shall not serve also as members of the city school district board. Those persons who serve as members of the governing boards of both the community college district and the city school district shall, on or before December 31, 1968, elect on which of the two boards they will continue to serve. Those persons who elect to serve as members of either the governing board of the community college district or the governing board of the city school district shall continue to serve also as members of the governing board from which they have elected to withdraw until their successors on such board are elected at the governing board election next following December 31, 1968, and have assumed office.

Prior to December 1, 1968, the governing board shall identify each position the wages or salary of which is paid in whole or in part from the funds of the community college district and shall so notify each incumbent. Each employee whose regular-position wages or salary is paid exclusively from the funds of either district as of June 30, 1969, shall be deemed on July 1, 1969, to be an employee of the district paying the wages or salary. before December 31, 1968, as to the district in which he will serve. Upon the effective date of the election, a classified employee in either district shall have the right, based upon his seniority in the position classification in which he is then serving, to transfer to a position in the same position classification in the other district and to displace a classified employee with lesser seniority in such class employed in the other district, under rules established by the personnel commission serving the city school district. Should such an employee fail to make such election he shall be deemed to have elected to serve the city school district. Such election shall become effective on July 1, 1969, unless the employee has prior to June 30, 1969, voluntarily accepted regular assignment to a regular position the wages or salary of which is paid on June 30, 1969, exclusively by one district, and he is the incumbent in such position on said date. After June 30, 1969, no such employee shall have tenure or classification as a permanent employee in other than the district in which he elects to serve.

If both the city school district and the community college district have adopted a merit system as provided in Article 5 (commencing with Section 13701) of Chapter 3, Division 10 of this code, and were served by a single personnel commission as provided in Section 13705, then a new personnel commission shall be appointed for the community college district effective January 1, 1969, or as soon thereafter as possible, under the procedures applicable to the original appointments to the personnel commission which has served both districts. Subsequent appointments shall be made in accordance with Section 13707.4. The new personnel commission shall be empowered to meet prior to July 1, 1969, for the purpose of appointing a personnel director, and may enter into a contract with the personnel commission which has served both districts for the necessary selection procedures. It may also take action on all other matters necessary for the orderly transition of responsibility between the two personnel commissions. The new personnel commission shall appoint a personnel director in the manner provided in Section 13717 within 90 days after the appointment of at least two of its members, but not before July 1, 1969. The personnel commission which had served both districts may continue to serve both districts pursuant to the terms of a contract which may be entered into by the personnel commissions of both school districts until such time as the newly appointed personnel commission determines that it can serve the community college district.

Except as otherwise provided in this section, the rights, benefits and burdens of regular classified employees of both the city school district and the community college district shall be fixed in accordance with the provisions of Sections 13584 and 13584.1. The personnel commission of the community college district shall initially adopt the rules of the personnel commission which had served both districts. The governing board of the community college district shall fix the compensation of classified employees in

accordance with Section 13601.5. The community college district shall maintain for a period of two years after June 30, 1969 at least the same benefits of salary, vacation, hospital-medical insurance, paid illness leave, and other paid leaves provided for classified employees on June 30, 1969.

A classified employee who has probationary status in either district on June 30, 1969, shall remain in probationary status, with accumulated seniority credit, until he completes his probationary period. A classified employee who has permanent status on June 30, 1969, shall have the rights and privileges listed below on and after the separation of the community college and city school boards of education:

(a) Seniority for all purposes for all creditable service, as provided by the rules of the appropriate personnel commission, in either district.

Nothing contained in this act shall be deemed to repeal any of the provisions of the Civil Rights Law or of any other law of this state relating to discrimination because of race, religious creed, color, national origin, ancestry, or sex.

Nothing contained in this act shall be deemed to repeal or affect the provisions of any ordinance relating to such discrimination in effect in any city, city and county, or county at the time this act becomes effective, insofar as proceedings theretofore commenced under such ordinance or ordinances remain pending and undetermined. The respective administrative bodies then vested with the power and authority to enforce such ordinance or ordinances shall continue to have such power and authority, with no ouster or impairment of jurisdiction, until such pending proceedings are completed, but in no event beyond one year after the effective date of this act.

3212.5. In the case of a member of a police department of a city or municipality, or a member of the State Highway Patrol, when any such member is employed upon a regular, full-time salary, and in the case of a sheriff or deputy sheriff, or an inspector or investigator in a district attorney's office of any county, employed upon a regular, full-time salary, the term "injury" as used in this division includes heart trouble and pneumonia which develops or manifests itself during a period while such member, sheriff, or deputy sheriff, inspector or investigator is in the service of the police department, the State Highway Patrol, the sheriff's office or the district attorney's office, as the case may be. The compensation which is awarded for such heart trouble or pneumonia shall include full hospital, surgical, medical treatment, disability indemnity, and death benefits as provided by the provisions of this division.

Such heart trouble or pneumonia so developing or manifesting itself shall be presumed to arise out of and in the course of the employment; provided, however, that the member of the police department, State Highway Patrol, the sheriff or deputy sheriff, or an inspector or investigator in a district attorney's office of any county shall have served five years or more in such capacity before the presumption shall arise as to the compensability of heart trouble

so developing or manifesting itself. This presumption is disputable and may be controverted by other evidence, but unless so controverted, the appeals board is bound to find in accordance with it.

[Approved by Governor August 9, 1972 Filed with Secretary of State August 9, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 6468 of the Streets and Highways Code is amended to read:

6468. In addition to the method of collecting unpaid assessments against publicly owned property in use in the performance of a public function, as provided in Section 5302.5, and in addition to the issuance of the certificate provided in Section 6467, the legislative body may elect to have bonds issued to represent assessments against such publicly owned property as authorized in Section 5302.6 and as authorized in this chapter.

Such bonds shall be substantially in the following form:

STREET IMPROVEMENT BOND

Series (designating it), in the City (or County)
of (naming it)

\$ _____

No. _____

This bond is issued under and by virtue of the provisions of Chapter 4.5 (commencing with Section 6468), Part 5, Division 7 of the Streets and Highways Code as a result of proceedings taken by the legislative body of _____ (under the provisions of the Improvement Act of 191____) (under the provisions of the Municipal Improvement Act of 1913) and is payable out of the redemption fund for the payment of bonds issued to represent the unpaid assessments against publicly owned property owned by the City (County) of _____ hereinafter designated.

This bond is issued to represent the cost of certain public improvements benefiting such public property, which property is more fully described as assessment number(s) _____ in an assessment issued by the street superintendent of said _____ and recorded in his office.

Said assessment was levied on the _____ day of _____ 19____, in an assessment district known and described as "_____"; notice thereof was recorded in the office of the County Recorder of the County of _____, on the _____ day of _____ 19____.

This bond is one of several bonds of like date, tenor and effect, but differing in amounts and maturities, issued by said city (or county) under said law for the purpose of providing means for paying for the work and improvements described in the resolution of intention in the assessment district proceedings hereinabove referred to, and to represent an unpaid assessment against publicly owned property. It is secured by the moneys in said redemption fund and by the unpaid amount of said assessment against said publicly owned property, and, including principal and interest is payable exclusively from said redemption fund and neither the (here insert city or county) nor any officer thereof is to be liable for payment otherwise.

The officer, officers, or board of the entity assessed whose duty it is to levy taxes, is obligated to include in the tax levy for each and every fiscal year of the period of the bonds of the series of which this bond is a part, an amount, in addition to moneys for all other purposes, sufficient to pay the interest falling due on all bonds outstanding of this series, plus the amount necessary to pay the principal of all bonds falling due each fiscal year of the life of this series of bonds. This levy shall be included each fiscal year during the life of this series of bonds, and until the principal and interest upon all bonds of this series shall be paid in full. The levy shall be in addition to any levy or levies made for all other purposes, and shall be made notwithstanding that the tax levy exceeds the maximum tax rate that may otherwise be imposed by law.

The Treasurer of the City (County) of _____ will on the second day of June 19____, solely out of said redemption fund, pay to the bearer the sum of _____ dollars (\$_____) with interest thereon from the _____ day of _____ 19____ at the rate of _____ percent per annum, all as herein specified and at the office of the treasurer of said city (county).

The interest is payable semiannually, to wit: on the second day of

December and June of each fiscal year after the date of this bond, upon presentation of the proper coupons therefor; provided, that the first of said coupons is for interest to the second day of December, 19____, and thereafter the interest coupons are for the semiannual interest. The term "fiscal year" is defined to mean the period from July 1st to and including June 30 of the year following throughout the life of this series of bonds, the first of which fiscal years shall commence the July 1st following the date of this bond. This bond will continue to bear interest after maturity at the rate above stated; provided, it is presented at maturity and payment thereof is refused upon the sole ground that there is not sufficient moneys in said redemption fund with which to pay same. If it is not presented at maturity, interest thereon will run until maturity.

In the event the officer or board whose duty it is to levy taxes to pay for said bonds fails to provide for a tax levy to pay and discharge the principal of the bonds and the interest thereon, the owner of this bond may compel the levy thereof in the manner hereinafter set forth by writ of mandate. The writ of mandate shall include the right to compel the levy of an amount sufficient to pay principal and interest on all bonds issued to represent the same assessment.

The owner of this bond may use mandamus or other appropriate remedy to compel the officer or board, whose duty it is to levy taxes for said obligated owner, to levy an amount in a given year equal to the amount necessary to pay principal and interest on the unpaid portion of this series of bonds and may continue to use mandamus or other remedy to cause a like amount of principal and interest to be levied each year until the whole of the assessment and this series of bonds and all interest thereon has been paid.

If the owner of this bond is successful in any action to compel the levy of the tax under this bond he shall be awarded reasonable attorneys' fees as fixed by the court, and costs, and said attorneys' fees and costs shall be included in the tax levied to pay the same.

This bond may be redeemed and paid in advance of maturity upon the second day of December or June in any year by giving notice in the manner provided for giving of notice for redemption of bonds under the provisions of the Improvement Bond Act of 1915, and by paying principal and accrued interest together with a premium equal to _____ percent of the principal.

In witness whereof, said _____ has caused this bond to be signed by its treasurer and by its clerk and has affixed thereto its corporate seal all on the _____ day of _____ 19____.

The bonds shall bear interest at a rate not in excess of 7 percent per annum from the 31st day after recording the assessment in the office of the superintendent of streets of the entity issuing the bonds, or from their date if the work was done under the Municipal Improvement Act of 1913, on all sums unpaid, until the whole of the principal sum and interest are paid.

Interest shall be payable semiannually by coupon, on the second day of December and June, respectively, of each fiscal year a principal payment accrues. The legislative body conducting the proceedings may elect in the resolution of intention to provide that the bonds issued to represent assessments against property in the use of the performance of a public function shall provide a prepayment premium not to exceed 5 percent of the principal amount of bond. In such case, the amount of the premium shall be inserted in the bonds described in Section 6468.

22586. Upon completion, the engineer shall file the report with the clerk for submission to the legislative body. The legislative body may approve the report, as filed, or it may modify the report in any particular and approve it as modified.

22587. After approval of the report, either as filed or as modified, the legislative body shall adopt a resolution of intention. The resolution shall:

(a) Declare the intention of the legislative body to order the formation of an assessment district and to levy and collect assessments pursuant to this part.

(b) Generally describe the improvements.

(c) Refer to the proposed assessment district by its distinctive designation and indicate the general location of the district.

(d) Refer to the report of the engineer, on file with the clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the district.

(e) Give notice of, and fix a time and place for, a hearing by the legislative body on the question of the formation of the assessment district and the levy of the proposed assessment.

A written protest shall state all grounds of objection. A protest by a property owner shall contain a description sufficient to identify the property owned by him.

22590. The legislative body shall hold the hearing at the time and place fixed in the resolution of intention and in any order continuing the hearing. All interested persons shall be afforded the opportunity to hear and be heard. The legislative body shall consider all oral statements and all written protests or communications made or filed by any interested persons.

The legislative body may, without further notice, order the exclusion of territory from the proposed district, but shall not order the inclusion of additional territory within the district except upon written request by a property owner for the inclusion of his property or upon the giving of mailed notice of hearing to property owners upon the question of the inclusion of their property in the district.

22592. Upon the conclusion of the hearing, the legislative body shall determine whether a majority protest exists. For that purpose, the extent of the territory of the proposed assessment district shall be adjusted in accordance with any orders excluding territory from or including additional territory within the district.

22593. Proceedings for the formation of the assessment district shall be abandoned if there is a majority protest unless, by a four-fifths vote of all members of the legislative body, the protest shall be overruled. A majority protest exists if, upon the conclusion of the hearing, written protests filed and not withdrawn represent property owners owning more than 50 percent of the area of assessable lands within the proposed district.

22594. If a majority protest has not been filed, or, if filed, has been overruled, the legislative body may adopt a resolution ordering the improvements and the formation of the assessment district and confirming the diagram and assessment, either as originally proposed by the legislative body or as changed by it. The adoption of the resolution shall constitute the levy of an assessment for the fiscal year referred to in the assessment.

Article 2. Changes of Organization for Assessment Districts

22605. The legislative body, either in a single proceeding or by separate proceedings, may order one or any combination of the following changes of organization:

(b) Combined with proceedings for the formation of an assessment district under this chapter. In such case, any of the several resolutions, reports, notices, or other instruments provided for in this part may be combined into single documents.

22607. Except as otherwise provided in this article, proceedings for a change of organization shall be initiated, conducted, and completed in substantial accordance with the procedure provided in Article 1 (commencing with Section 22585) of this chapter for the formation of an assessment district.

22608. In annexation proceedings, the resolutions, report, notices of hearing, and right of majority protest shall be limited to the territory proposed to be annexed. Notice of hearing on the proposed annexation shall be published, posted, and mailed. Mailed notice may be dispensed with as to all property owners who shall have filed a written request for the annexation of their property.

22609. In detachment proceedings, the resolutions, report, notices of hearing, and right of majority protest shall be limited to the territory proposed to be detached. The legislative body may dispense with:

(a) The resolution and report required by Sections 22585 and 22586 and may initiate proceedings by the adoption of the resolution of intention.

22641. Immediately after the adoption of any resolution confirming a diagram and assessment and by not later than the third Monday in August, the clerk shall file the diagram and assessment, or a certified copy thereof, with the county auditor.

Article 2. Collection of Assessments

22645. After the filing of the diagram and assessment, the county auditor shall enter on the county assessment roll opposite each lot or parcel of land the amount assessed thereupon, as shown in the assessment.

22646. The assessments shall be collected at the same time and in the same manner as county taxes are collected, and all laws providing for the collection and enforcement of county taxes shall apply to the collection and enforcement of the assessments.

22647. After collection by the county, the net amount of the assessments, after deduction of any compensation due the county for collection, shall be paid to the treasurer.

CHAPTER 5. FINANCIAL PROVISIONS

Upon receipt of moneys representing assessments collected by the county, the treasurer shall deposit the moneys in the treasury of the local agency to the credit of an improvement fund for the assessment district from which they were collected, and the moneys shall be expended only for the improvements authorized for such district.

22656. If there is a surplus or a deficit in the improvement fund of an assessment district at the end of any fiscal year, the surplus or deficit shall be carried forward to the next annual assessment to be levied within such district and applied as a credit or a debit, as the case may be, against such assessment.

22657. If there is a deficit in the improvement fund of an assessment district during any fiscal year, the legislative body, from any available and unencumbered funds of the local agency, may provide for:

All contributions shall be deposited in the improvement fund of the assessment district for which the contribution was provided.

22659. All contributions authorized prior to confirmation of an assessment shall be deducted from the total improvement costs to be assessed within the assessment district.

22660. The legislative body may by resolution determine that the estimated cost of specified proposed improvements, other than costs of maintenance and servicing, is greater than can be conveniently raised from a single annual assessment and order that such estimated

cost shall be raised by an assessment levied and collected in installments over a period not to exceed five fiscal years. The resolution shall generally describe the proposed improvements, set forth the estimated cost thereof, specify the number of annual installments and the fiscal years during which they are to be collected, and fix or determine the total amount of each annual installment.

22661. After adoption of a resolution providing for annual installment assessments, the engineer, in preparing reports required by Article 4 (commencing with Section 22565) of Chapter 1 of this part, shall include in the estimate and the assessment for each fiscal year specified in the resolution the total amount of the annual installment fixed or determined for such year.

22662. If a resolution providing for annual installment payments has been adopted, in the resolution or subsequent thereto, the legislative body may provide for:

(b) A temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements described in the resolution and direct that the advance be repaid from the annual installments levied and collected during the fiscal years designated in the resolution.

22663. Public property owned by any public agency and in use in the performance of a public function shall not be subject to assessment under this part unless the resolution of intention expressly provides that it shall be assessed. If the resolution provides that public property shall be assessed, the local agency conducting the proceedings shall be liable for payment of all amounts so assessed. Any such amounts shall be payable from the general fund of the local agency unless the resolution of intention designates some other fund. The county superintendent of schools shall report the average daily attendance for the schools and classes maintained by him and the average daily attendance for the county school tuition fund. If the average daily attendance in the regular day schools of a district for the period of time between July 1 and June 30 is greater or lesser than the average daily attendance in the regular day schools reported for the second period report, the appropriate increases and decreases in the several categories of attendance for which separate foundation programs are required to be computed shall be recomputed on the basis of the foundation program and assessed valuation of the district of the fiscal year in which such increases and decreases in average daily attendance were applicable and the appropriate increases and decreases in apportionments shall be added or withheld in the next succeeding fiscal year pursuant to Section 17414.

Each report shall be prepared in accordance with instructions on forms prescribed and furnished by the Superintendent of Public Instruction and average daily attendance shall be computed in the following manner:

(a) The average daily attendance in the regular elementary, junior high, and high schools maintained by the school districts shall be determined by dividing the total number of days of attendance in all full school months in each period, by the number of days such schools are actually taught in all full school months in each period.

If the average daily attendance in schools and classes maintained by school districts other than regular day schools and classes for the period of time between July 1 and June 30 is greater or lesser than the average daily attendance in such schools and classes reported for the second period report, the separate state support which is provided for attendance in such schools and classes shall be

recomputed on the basis of the fiscal year average daily attendance, and increases and decreases in apportionments shall be added or withheld in the next succeeding fiscal year pursuant to Section 17414.

(b) The average daily attendance in grades 13 and 14 of the regular day schools of each community college shall be determined pursuant to the provisions of Article 5.5 (commencing with Section 11475). For community colleges under the provisions of this paragraph, the "first period" shall be the summer session and the fall semester for semester system colleges, the summer and fall quarters for colleges on the three-quarter system, and the summer and fall quarters for colleges on the four-quarter system. The "second period" shall be the "academic year" which is the summer session plus the first and second semester for semester system colleges, the summer session plus the first and second quarters for three-quarter-system colleges, and the summer, fall, and winter quarters for four-quarter-system colleges.

The "academic year" for three- or four-quarter-system colleges is reported on the annual report and adjustments shall be made as set forth in the first paragraph of this section.

(c) The average daily attendance in summer school and outdoor science and conservation education classes maintained during the period between the last day the regular day schools are in session during the preceding year and the first day the regular day schools are in session during the current year shall be reported on both the first period and second period reports. Such average daily attendance shall be computed by dividing the days of attendance by 175. For community colleges, the hours of attendance shall be divided by 525 for all classes of less than four weeks duration. For summer sessions of four weeks or more, average daily attendance shall be computed as provided in Section 11475.

(d) The attendance for schools and classes maintained by the county superintendent of schools and for the county school tuition fund credited after the last full school month of the second period of the preceding year and prior to the end of each reporting period shall be reported on each report. The average daily attendance of the school, class, or fund shall be determined for the first period by dividing the days of attendance by 100 and for the second period, the days of attendance shall be divided by 175.

(e) The days of attendance in classes for adults continuation schools and classes, regional occupation centers and opportunity schools and classes maintained after the last full school month of the second period of the preceding year and prior to the end of each reporting period shall be reported on each report. The average daily attendance in such schools and classes shall be determined for the first period by dividing the days of attendance by 100; for the second period, the days of attendance shall be divided by 175 for kindergarten and grades 1 to 12, inclusive. In community colleges, the divisor for contact hours of adult classes is 300 for the first period and 525 for the second period.

CHAPTER 645

An act to add Article 9 (commencing with Section 1820) to Chapter 4 of Division 2 of the Business and Professions Code, relating to dentistry, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 9, 1972 Filed with
Secretary of State August 9, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Article 9 (commencing with Section 1820) is added to Chapter 4 of Division 2 of the Business and Professions Code, to read:

Article 9. Dental Auxiliaries

1820. The Legislature hereby finds and declares that the improved utilization of dental auxiliaries will help in making high-quality dental services more readily available to the people of this state.

The Legislature further finds and declares that career opportunities for dental auxiliaries are unduly limited. The educational backgrounds of persons in some categories of dental auxiliaries is in many cases not fully recognized by the tasks and functions they are allowed to perform. Furthermore, the vertical and lateral career mobility among categories of dental auxiliaries is limited because of the absence of a "career ladder."

The Legislature further finds and declares that adequate legal standards should exist to protect the public from dental auxiliaries not fully competent to perform assigned tasks and functions. A variety of training programs with different lengths, in different settings, and teaching different subjects for preparing the same categories of dental auxiliaries currently exist, and some types of dental auxiliaries are not legally regulated by licensure or certification.

It is the intent of the Legislature that an advisory committee be created to report to the Board of Dental Examiners and to the Legislature recommendations for training, utilizing, and regulating dental auxiliaries to provide optimum high-quality dental services to the citizens of California.

1821. There is hereby established an Advisory Committee on the Utilization and Education of Dental Auxiliaries which shall be advisory to the board in matters concerning the development, utilization, and education of dental auxiliaries.

1822. The committee shall consist of the following members who shall be appointed by the Governor and shall serve at his pleasure:

- (a) A member of the Board of Dental Examiners.
- (b) Two dentists licensed in California.

- (c) Two dental hygienists licensed in California.
- (d) One dental assistant.
- (e) One dental laboratory technician.
- (f) Two deans of dental schools in California.

The committee shall elect a chairman from among its members.

The Governor shall appoint the members of the committee no later than 30 days after the effective date of this article.

1823. The board may employ necessary staff to carry out the provisions of this article. The committee shall appoint three persons who are students in the dental health sciences to advise and assist the committee in its duties and functions under this article. Such student advisers shall not be members of the committee.

1824. Each member of the committee shall receive a per diem and expenses as provided in Section 103.

1825. The committee shall report to the board and to the Legislature on or before January 30, 1973, on all of the following:

(a) The current practice of dental auxiliaries, their numbers, the nature of the education they receive prior to their utilization, and the existing legal framework governing their activities.

(b) The recommended arrangement of categories of dental auxiliaries to provide maximum utilization of the skills of dentists and maximum availability of high-quality dental services to the people of California.

The committee shall recommend each proposed category of auxiliary dental health manpower in terms of the tasks, functions, and decisions to be performed, the level of knowledge and skill necessary to perform capably, the settings in which such categories of manpower may be utilized as well as the amount of supervision necessary, and the qualifications of the supervisor.

The committee shall also recommend a "career ladder" which will permit maximum vertical and horizontal career mobility for persons working in the proposed auxiliary dental health occupations. In defining a "career ladder," the committee shall recommend the amount of additional training necessary for advancing from one category to another.

(c) Any other recommendation the committee feels appropriate for utilizing dental auxiliaries to improve the quality and availability of dental service in California.

SEC. 2. There is hereby appropriated from the State Dentistry Fund the sum of twenty-eight thousand dollars (\$28,000) without regard to fiscal years for the support of the activities of the Advisory Committee on the Utilization and Education of Dental Auxiliaries.

SEC. 3. This act shall be effective until January 1, 1974, and after that date shall be of no force or effect.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for the Advisory Committee on the Utilization and

Education of Dental Auxiliaries to begin its work as soon as possible, it is necessary that this act be effective immediately.

An act to add Section 14670.2 to the Government Code, relating to the letting of state property, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 9, 1972. Filed with
Secretary of State August 9, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 14670.2 is added to the Government Code, to read:

14670.2. Notwithstanding Section 14670, the Director of General Services, with the consent of the Department of Mental Hygiene, may, in the best interests of the state, let to a public governmental agency, for the purpose of locating and conducting its trainable mentally retarded program, and for a period not to exceed 50 years, real property not exceeding 10 acres located within the grounds of the Napa State Hospital.

The lease authorized by this section shall be nonassignable and shall be subject to periodic review every five years. Such review shall be made by the Director of General Services, who shall:

(a) Assure the state the original purposes of the lease are being carried out;

(b) Determine what, if any, adjustment should be made in the terms of the lease.

The lease shall also provide for the establishment of a school building facility by the lessee prior to July 1, 1977. Such facility shall not be established until after the effective date of the act amending this section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Napa Unified School District has planned to commence a

program for the trainable mentally retarded by September of 1972 in facilities to be established on real property which is proposed to be leased from the state and which is located within the grounds of the Napa State Hospital. In order that such program may be implemented in September of 1972, it is necessary that this act, which authorizes such a lease, go into immediate effect.

CHAPTER 648

An act to amend Section 14005.6 of the Welfare and Institutions Code, relating to Medi-Cal, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 9, 1972. Filed with
Secretary of State August 9, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 14005.6 of the Welfare and Institutions Code as amended by Chapter 1685 of the Statutes of 1971 is amended to read:

14005.6. (a) When a person is not eligible for aid under any of the chapters set forth in Section 14005.1 or has an application pending for aid under any of said chapters, and meets all of the following conditions, he is eligible for health care benefits or services under Section 14005:

(1) He or his family meet the income and resource requirements for aid under Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of this code, except that the minimum basic standard of adequate care for a single person living alone shall be 75 percent of the standard for a two-person family under Section 11452;

(2) He resides within the state;

(3) He is a citizen of the United States, or has been legally present in the United States for a period of five years immediately preceding the date of application for Medi-Cal coverage, or who has applied for citizenship;

(4) He is 21 years of age or older, or has entered into a ceremonial marriage; and

(5) He is not receiving adequate financial contributions toward his support and cost of health care from a husband or wife or parent or adult child able to and responsible for support under the laws of this state.

(b) Any person who has a legal obligation under pertinent sections of the Civil Code to support a person who is eligible under this section to receive health care services, shall complete a statement containing such financial information as may be deemed reasonably necessary by the department for the county to determine his ability to support the applicant. Any such person who fails or

refuses to complete such statement, or who furnishes or reports false or misleading financial information, is guilty of a misdemeanor.

A responsible relative shall be required to pay towards the cost of health care services of a beneficiary under this chapter, the amount for which he would be liable under pertinent sections of the Civil Code.

The duty to support under this section shall be enforced by the county which determined the eligibility of the person to whom support is owed.

The failure of a responsible relative to comply with this section shall in no way affect the eligibility for health care services of the person for whom he is responsible.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Due to uncertainty in construing Welfare and Institutions Code Section 14005.6, many eligible persons have been denied benefits under the Medi-Cal program. To clarify the law in this regard, it is necessary that this act go into immediate effect.

CHAPTER 649

An act to amend Sections 682.3 and 690.50 of the Code of Civil Procedure, relating to judgment debtors, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 9, 1972. Filed with
Secretary of State August 9, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 682.3 of the Code of Civil Procedure is amended to read:

682.3. (a) Whenever the levy of execution is against the earnings of a judgment debtor, the employer served with the writ of execution shall withhold the amount specified in the writ from earnings then or thereafter due to the judgment debtor and not exempt under Section 690.6, and shall pay such amount, each time it is withheld, to the sheriff, constable or marshal who served the writ. If such person shall fail to pay each amount to the sheriff, constable or marshal, the judgment creditor may commence a proceeding against him for the amounts not paid. The execution shall terminate and the person served with the writ shall cease withholding sums thereunder when any one of the following events takes place:

(1) Such person receives a direction to release from the levying officer. Such release shall be issued by the levying officer in any of the following cases:

(a) Upon receipt of a written direction from the judgment creditor.

(b) Upon receipt of an order of the court in which the action is pending, or a certified copy of such order, discharging or recalling the execution or releasing the property. This subdivision shall apply only if no appeal is perfected and undertaking executed and filed as provided in Section 917.2 or a certificate to that effect has been issued by the clerk of the court.

(c) In all other cases provided by law.

(2) Such person has withheld the full amount specified in the writ of execution from the judgment debtor's earnings.

(3) The judgment debtor's employment is terminated by a resignation or dismissal at any time after service of the execution and he is not reinstated or reemployed within 90 days after such termination.

(4) A period of 90 days has passed since the time such person was served with the writ of execution.

(b) At any time after a levy on his earnings the judgment debtor may proceed to claim a full exemption of his earnings in accordance with the provisions of Sections 690.6 and 690.50. The exemption so claimed shall extend to any wages withheld pursuant to the levy of execution whether or not withheld after the claim of exemption is filed.

(c) Subject to the provisions of Section 690.50, the sheriff, constable or marshal who serves the writ of execution and receives the amounts withheld from the judgment debtor's earnings, shall account for and pay to the person entitled thereto, all sums collected under the writ, less his lawful fees and expenses at least once every 30 days, and make return on collection thereof to the court.

SEC. 2. Section 690.50 of the Code of Civil Procedure is amended to read:

690.50. (a) If the property mentioned in Sections 690.1 to 690.29, inclusive, shall be levied upon under writ of attachment or execution, the defendant or judgment debtor (herein referred to as "the debtor"), in order to avail himself of his exemption rights as to such property, shall within 10 days from the date such property was levied upon deliver to the levying officer an affidavit of himself or his agent, together with a copy thereof, alleging that the property levied upon, identifying it, is exempt, specifying the section or sections of this code on which he relies for his claim to exemption, and all facts necessary to support his claim, and also stating therein his address within this state for the purpose of permitting service by mail upon him of the counteraffidavit and any notice of the motion herein provided. For purposes of this section, if the property levied upon consists of the earnings of a judgment debtor, each date that earnings are withheld from the judgment debtor shall be deemed to be the date such earnings were levied upon. A judgment debtor shall have the right to file a separate claim of exemption each time that a withholding of earnings occurs, provided, that if a prior claim of

exemption has been adjudicated under the same levy, that each separate claim of exemption thereafter be supported by a statement under oath alleging the changed circumstances which support the new claim of exemption. If a claim of exemption be allowed, the judgment creditor shall have the right, at any time during the effective period of the claim of exemption, to move the court for consideration of the claim previously granted on the grounds of a material change of circumstances affecting the debtor's exemption rights. If the judgment creditor does make such a motion, he must support his motion by a statement under oath alleging the changed circumstances which support his motion for consideration.

(b) Forthwith upon receiving the affidavit of exemption, the levying officer shall serve upon the plaintiff or the person in whose favor the writ runs (herein referred to as "the creditor"), either personally or by mail, a copy of the affidavit of exemption, together with a writing, signed by the levying officer, stating that the claim to exemption has been received and that the officer will release the property unless he receives from the creditor a counteraffidavit within five days after service of such writing.

(c) If the creditor desires to contest the claim to exemption, he shall, within such period of five days, file with the levying officer a counteraffidavit alleging that the property is not exempt within the meaning of the section or sections of this code relied upon, or if the claim to exemption be based on Sections 690.2, 690.3, 690.4, 690.6, alleging that the value of the property claimed to be exempt is in excess of the value stated in the applicable section or sections, together with proof of service of a copy of such counteraffidavit upon the debtor.

(d) If no such counteraffidavit, with such proof of service, is so filed with the levying officer within the time allowed, the officer shall forthwith release the property.

(e) If such counteraffidavit, with such proof of service, is so filed, either the creditor or the debtor shall be entitled to a hearing in the court in which the action is pending or from which the writ issued for the purpose of determining the claim to exemption, the priority or division of payment between one or more creditors from nonexempt earnings under the provisions of Section 690.6 or the value of the property claimed to be exempt. Such hearing shall be granted by the court upon motion of either party made within five days after the counteraffidavit is filed with the levying officer, and such hearing must be had within 15 days from the date of the making of such motion unless continued by the court for good cause. The party making the motion for hearing shall give not less than five days' notice in writing of such hearing to the levying officer and to the other party, and specify therein that the hearing is for the purpose of determining the claim to exemption. The notice may be of motion or of hearing and upon the filing of the notice with the clerk of court, the motion is deemed made.

(f) If neither party makes such motion within the time allowed,

or if the levying officer shall not have been served with a copy of the notice of hearing within 10 days after the filing of the counteraffidavit, the levying officer shall forthwith release the property to the debtor.

(g) At any time while the proceedings are pending, upon motion of either party or upon its own motion, the court may (1) order the sale of any perishable property held by such officer and direct disposition of the proceeds of such sale, and (2) make such other orders as may be proper under the particular circumstances of the case. Any orders so made may be modified or vacated by the court or judge granting the same, or by the court in which the proceedings are pending, at any time during the pendency of the proceedings, upon such terms as may be just.

(h) The levying officer in all cases shall retain physical possession of the property levied upon if it is capable of physical possession, or in the case of property not capable of physical possession, the levy shall remain in full force and effect, pending the final determination of the claim to exemption. However, no sale under execution shall be had prior to such final determination unless an order of the court hearing the claim for exemption shall so provide.

(i) At such hearing, the party claiming the exemption shall have the burden of proof. The affidavits and counteraffidavits shall be filed by the levying officer with the court and shall constitute the pleadings, subject to the power of the court to permit an amendment in the interests of justice. The affidavit of exemption shall be deemed controverted by the counteraffidavit and both shall be received in evidence. Nothing herein shall be construed to deprive anyone of the right to a jury trial in any case where, by the Constitution, such right is given, but a jury trial may be waived in any such case in like manner as in the trial of an action. No findings shall be required in a proceeding under this section. When the hearing is before the court sitting without a jury, and no evidence other than the affidavit and counteraffidavit is offered, the court, if satisfied that sufficient facts are shown thereby, may make its determination thereon. Otherwise, it shall order the hearing continued for the production of other evidence, oral or documentary, or the filing of other affidavits and counteraffidavits. At the conclusion of the hearing, the court shall give judgment determining whether the claim to exemption shall be allowed or not, in whole or in part, and may give judgment determining the priority or division of payment between one or more creditors from nonexempt earnings under the provisions of Section 690.6, which judgment shall be determinative as to the right of the creditor to have the property taken and held by the officer or to subject the property to payment or other satisfaction of his judgment. In such judgment the court shall make all proper orders for the disposition of such property or the proceeds thereof.

(j) A copy of any judgment entered in the trial court shall be forthwith transmitted by the clerk to the levying officer in order to permit such officer to either release the property attached or to

continue to hold it to sell it, in accordance with the provisions of the writ previously delivered to him. Such officer, unless an appeal from the judgment is waived, or the judgment has otherwise become final, shall continue to hold such property under attachment or execution, continuing the sale of any property held under execution until such judgment becomes final. However, if a claim to exemption under Section 690.6 is allowed by such judgment, the debtor shall be entitled to a release of the earnings so exempted at the expiration of three days, unless otherwise ordered by the court, or unless the levying officer shall have been served with a copy of a notice of appeal from the judgment.

(k) When any documents required hereunder are served by mail, the provisions of this code relating to service by mail shall be applicable thereto.

(l) Whenever the time allowed for an act to be done hereunder is extended by the court, written notice thereof shall be given promptly to the opposing party, unless such notice be waived, and to the levying officer.

(m) An appeal lies from any judgment under this section. Such appeal to be taken in the manner provided for appeals in the court in which the proceeding is had.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to avoid uncertainty in the meaning of the law relating to the filing of claims for exemption of earnings of persons that are attached or levied upon, and possible lengthy litigation of the matter, it is necessary that this act become law at the earliest possible opportunity.

CHAPTER 652

SEC. 2. Section 23627 of the Elections Code is amended to read:

CHAPTER 653

An act to amend Section 1029.6 of the Code of Civil Procedure, relating to medical malpractice actions.

[Approved by Governor August 9, 1972. Filed with Secretary of State August 9, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 1029.6 of the Code of Civil Procedure is amended to read:

1029.6. (a) Whenever a complaint for damages for personal injuries is filed against a physician and surgeon, dentist, registered nurse, dispensing optician, optometrist, pharmacist, registered physical therapist, podiatrist, licensed psychologist, osteopath, chiropractor, clinical laboratory bioanalyst, clinical laboratory technologist, or veterinarian, duly licensed as such under the laws of

this state, or a licensed hospital as the employer of any such person, in an action for error, omission, or negligence in the performance of professional services, or performance of professional services without consent, any such defendant may, within six months after service of summons, move the court for an order, upon notice to plaintiff and all defendants having appeared in the action, and hearing, requiring the plaintiff to furnish a written undertaking, with at least two sufficient sureties, in a sum not to exceed five hundred dollars (\$500), or to deposit such sum or equivalent security approved by the court with the clerk of the court, as security for the costs of defense as provided in subdivision (d), which may be awarded against such plaintiff. Such motion shall be supported by affidavit showing that the claim against such defendant is frivolous. Any defendant having appeared in the action and within 30 days after receipt of notice may join with the moving party requesting an order under this section as to such additional defendant. The failure of any defendant to join with the moving party shall preclude each such defendant from subsequently requesting an order under this section.

At the hearing upon such motion, the court shall order the plaintiff to furnish such security if the defendant shows to the satisfaction of the court that: (i) the plaintiff would not suffer undue economic hardship in filing such written undertaking or making such deposit and (ii) there is no reasonable possibility that the plaintiff has a cause of action against each named defendant with respect to whom the plaintiff would otherwise be required to file such written undertaking or make such deposit.

A determination by the court that security either shall or shall not be furnished or shall be furnished as to one or more defendants and not as to others, shall not be deemed a determination of any one or more issues in the action or of the merits thereof. If the court, upon any such motion, makes a determination that a written undertaking or deposit be furnished by the plaintiff as to any one or more defendants, the action shall be dismissed as to such defendant or defendants, unless the security required by the court shall have been furnished within such reasonable time as may be fixed by the court.

(b) This section does not apply to a complaint in an action commenced in a small claims court.

(c) Whenever more than one such defendant is named, the undertaking or deposit shall be increased to the extent of not to exceed five hundred dollars (\$500) for each additional defendant in whose favor such undertaking or deposit is ordered, not to exceed the total of one thousand dollars (\$1,000).

(d) In any action requiring a written undertaking or deposit as provided in this section, upon the dismissal of the action or the award of judgment to the defendant, the court shall require the plaintiff to pay the defendant's court costs. Any sureties shall be liable for such costs in an amount not to exceed the sum of five hundred dollars (\$500) or the amount of the undertaking, whichever is lesser, for each defendant with respect to whom such sureties have executed

a written undertaking or the plaintiff has made a deposit. If the plaintiff prevails in the action against any defendant with respect to whom such security has been filed, such defendant shall pay the costs to plaintiff incurred in obtaining such written undertaking or deposit and defending the motion for dismissal authorized by this section.

(e) Whenever a complaint described in subdivision (a) requests an award of exemplary damages, any defendant against whom the damages are sought may move the court for an ex parte order requiring the plaintiff to file a corporate surety bond, approved by the court, or make a cash deposit in an amount fixed by the court. Upon the filing of the motion, the court shall require the plaintiff to file the bond or make the cash deposit. In no event shall the bond or cash deposit be less than two thousand five hundred dollars (\$2,500). The bond or cash deposit shall be conditioned upon payment by the plaintiff of all costs and reasonable attorney's fees incurred by the defendant in defending against the request for the award of exemplary damages, as determined by the court, if the plaintiff fails to recover any exemplary damages. The order requiring the bond or cash deposit shall require the bond to be filed or cash deposit to be made with the clerk of the court not later than 30 days after the order is served. If the bond is not filed or the cash deposit is not made within such period, upon the motion of the defendant, the court shall strike the portion of the complaint which requests the award of exemplary damages.

(f) Any defendant filing a motion under this section or joining with a moving party under this section is precluded from subsequently filing a motion for summary judgment.

(g) Any defendant filing a motion for summary judgment is precluded from subsequently filing a motion, or joining with a moving party, under this section.

CHAPTER 654

SECTION 1. Section 823 is added to the Education Code, to read: 823. It is the intent of the Legislature that certificated personnel serving in the public schools have a responsible understanding of the nature and range of physical, mental, and emotional disabilities of children and youth and of the major implications of such disabilities. In furtherance of this intent, county superintendents of schools are encouraged, in cooperation with school districts and colleges and

universities, to sponsor workshops or similar activities for certificated personnel to provide opportunities to gain or increase these understandings.

It is not the intent of the Legislature that this section be interpreted as a requirement for the issuance or the renewal of any credential.

Such jeopardy determinations and the amount of tax found to be due thereunder may be collected by the tax collector by any legal means, including, but not limited to, the procedures established pursuant to Chapter 3.3 (commencing with Section 2851), Chapter 4 (commencing with Section 2901), Chapter 5 (commencing with Section 3002), and Chapter 6 (commencing with Section 3101) of Part 5 of this division.

SEC. 38. Section 5765 of the Revenue and Taxation Code, as added by Chapter 1759 of the Statutes of the 1971 Regular Session, is amended to read:

5765. (a) The assessor may perform audits of the books and records of any owner of racehorses subject to the tax imposed by this part in the county to determine if the correct information has been reported and the proper amount of tax has been paid.

(b) In those cases wherein the board determines that an audit would have been required under Section 469 if the racehorses were subject to property taxation, rather than to the provisions of this part, the assessor shall perform such audits of the books and records of the owners of racehorses subject to the tax imposed by this part as the board by rules and regulations may prescribe.

SEC. 39. Section 5766 of the Revenue and Taxation Code, as added by Chapter 1759 of the Statutes of the 1971 Regular Session, is amended to read:

5766. The tax described in this part may be imposed at any time within five years after the tax would have otherwise become due and the penalties shall date from the time described in Section 5763.

SEC. 40. Section 5767 of the Revenue and Taxation Code, as added by Chapter 1759 of the Statutes of the 1971 Regular Session of the Legislature, is amended to read:

5767. If any person required by Section 5782 to file a report fails to file it by the time specified, the tax collector shall impose on the lawful amount of taxes due under this part, a penalty equal to 10 percent of the tax, and the penalties provided by Section 5763. If any

person required to file the report required by Section 5782 files any false or fraudulent report with an intent to defeat or evade any tax due under this part, the tax collector shall impose on the lawful amount of tax due under this part, a penalty equal to 25 percent of the tax, and the penalties provided by Section 5763.

SEC. 41. Section 5768 of the Revenue and Taxation Code, as added by Chapter 1759 of the Statutes of the 1971 Regular Session, is amended to read:

5768. Upon request of the assessor, an owner of racehorses of a type subject to the tax imposed by this part shall make available at his principal place of business, principal location or principal address in California or at any place mutually agreeable to the assessor and the owner, a true copy of business records relevant to the number and type of racehorses located in any county of the state during any taxable period and the number of days spent in each county during that period. Records referred to in this section shall be retained by the owner for a period of five years from the date any tax to which they relate becomes due.

SEC. 42. Section 5782 of the Revenue and Taxation Code is amended to read:

5782. On forms provided through the office of the assessor, the owner of a racehorse either in person, through his representative or by mail, shall report the tax due. The reports required by this section may be filed with the tax collector of the county in which the racehorse had its domicile. The reports shall be filed on or before 5:00 p.m. on the day the tax due becomes delinquent.

SEC. 43. Section 5801 of the Revenue and Taxation Code is amended to read:

5801. All proceeds derived from the tax, interest, and penalties imposed by this part shall be allocated by the auditor as promptly as is feasible in the following manner:

(a) If the domicile of the racehorse was located within a city and any school district, the proceeds from such racehorse shall be distributed one-third to the city, one-third to the school district, and one-third to the county.

(b) If the domicile of the racehorse was located outside of any city but was located within one or more school districts, the proceeds from such racehorse shall be distributed one-half to the school district or districts and one-half to the county.

(c) If the domicile of the racehorse was located in both an elementary school district and a high school district, the proceeds allocable to school districts shall be divided equally between the elementary and high school districts to the exclusion of all other school districts.

The details of the method of allocation shall be supplied by the county auditor, shall be approved by the board of supervisors and shall fairly carry out the purposes of this section.

SEC. 44. It is the intent of the Legislature that in changing the tax imposed by Part 12 of Division 1 of the Revenue and Taxation Code

from a fiscal to a calendar year reporting period that such tax will continue to be in lieu of all taxes according to value beginning with the fiscal year 1972-73.

SEC. 45. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Considerable uncertainty now exists among taxpayers and tax collectors concerning statutory deadlines for filing reports of tax due, for paying taxes, for allowing exemptions on delinquent filings, and for imposition of late filing and late payment penalties, with regard to the livestock head-day tax and the racehorse tax. Such confusion is causing undue prejudice to some taxpayers and is causing uncertainty among tax collectors concerning their administrative duties. This act makes clarifying technical changes in the administrative provisions of both tax laws. It also changes the taxable period of the racehorse tax from a fiscal to a calendar year in order to simplify reporting procedures for owners of racehorses. The efficient and fair administration of these taxes will be severely jeopardized unless such changes take effect immediately.

SEC. 5. Division 12.5 (commencing with Section 16700) is added to Part 3 of the Education Code, to read:

DIVISION 12.5. CHILD DEVELOPMENT ACT

CHAPTER 1. GENERAL PROVISIONS AND DEFINITIONS

16700. This division shall be known and may be cited as the Moretti-Lewis-Brown-Rodda Child Development Act.

16701. The purpose of this division is as follows:

(a) To provide as a concomitant part of the educational system an integrated plan for the care and development of children in the absence of their parents which places primary emphasis upon: 1) the preparation of preschool children for effective matriculation in the educational programs of their community when they reach school age, 2) the improved educational performance of children of school age with particular emphasis upon those children who require special assistance to attain their full potential.

(b) To provide parents with an opportunity to: 1) attain the capacity to provide support for their family through employment, 2) undertake educational activities which will assist them in providing an improved level of parental care and supervision of their children, 3) participate with the school system in assisting in provision of the full range of child development services contemplated by this division. It is the intent of the Legislature that any parent who enrolls his child in any day care program authorized by this division shall be afforded the fullest opportunity to participate with the agency providing services and that each agency providing such services shall make every attempt to involve parents of enrolled children in the care for their children in such programs.

16702. It is the intent of the Legislature that in providing child development programs the Superintendent of Public Instruction will give priority to children of families who qualify under federal regulations as former, current, or potential recipients of public assistance and other low-income and disadvantaged families. Federal reimbursement shall be claimed for any child receiving services under this division for whom federal funds are available.

16703. The Department of Education is hereby designated as the single state agency responsible for the promotion, development and provision of care of children in the absence of their parents during the workday or while engaged in other activities which require assistance of a third party or parties.

16704. The Superintendent of Public Instruction shall, pursuant to Section 204 of the Intergovernmental Cooperation Act of 1968, request such waivers of single state agency requirements as are necessary in order to utilize available federal funds for the purposes of this division.

16705. Until such waiver is granted by the federal government,

the single state agency authorized by federal law to provide any child care service provided for in this division shall have only such functions, duties and responsibilities conferred by this division upon the Department of Education and the Superintendent of Public Instruction with respect to such child development services as are required by federal law and regulation. In such event, such single state agency shall provide child development services under a purchase of service agreement with the Superintendent of Public Instruction from funds appropriated for such services. The Superintendent of Public Instruction shall provide the necessary documents required by the federal government pursuant to this section to support the state's claim for federal reimbursement and shall certify that the school district, or other organization providing the care, has available the accounting records and other supporting documents to justify the claim for reimbursement and that such records are available for audit by the State Controller and by any authorized federal agency.

16706. As used in this division, "parent" includes any person having legal custody of a child.

16707. The term "workday" is defined as that time the parent requires temporary care for a child for any of the following reasons:

(a) To undertake training in preparation for a job.

(b) To undertake or retain a job.

(c) To undertake other activities which are essential to maintaining or improving the social and economic function of the family, are beneficial to the community, or are required because of health problems in the family.

16708. For the purposes of this chapter, "cost" shall mean all program costs that are related to the operation of child development programs. "Cost" shall include the state contribution and the school district's portion of retirement costs, a pro rata share of the school district's overhead, and any other program-related cost.

16709. Child development facility means any facility providing child care services pursuant to this division and includes preschool and children center facilities and other types of facilities providing for the care of children for less than 24 hours a day.

16710. Child development services means child care services provided for any part of a workday provided by public or private agencies and includes, but is not limited to, the following:

(a) A preschool program for those children who can benefit from such service in preparing for matriculation in school.

(b) Day care for children of migrant families.

(c) A children's center program.

(d) A neighborhood family day care system operated by the school district or other authorized agency separately or in conjunction with the children's center program.

(e) Homemaker services to meet emergency conditions and to provide an additional parent educational resource.

(f) Social services as necessary to insure parent-child adjustments

to out-of-home child care and to assist in promotion and development of the neighborhood family day care system.

(g) Experimental projects in providing child care and adjunctive services.

(h) Health screening and health treatment to the extent provided by the Medi-Cal Act (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code).

CHAPTER 2. ADMINISTRATION

16720. The Department of Education shall develop and promote a full range of services as are essential to the creation of a child development program which will meet a wide variety of child needs. The range of services shall include as a minimum, all of the services listed in Section 16710.

Priority shall be given by the Department of Education to the employment of persons in child development programs with ethnic backgrounds which are similar to those of the child for whom child care services are provided.

16721. The Department of Education shall assist the State Department of Human Resources Development and the State Department of Social Welfare by offering training and job opportunities in local child development programs for recipients of public assistance and to those persons who qualify under federal regulations as former, current or potential recipients of public assistance.

16722. The Superintendent of Public Instruction shall be responsible for the formulation and promotion of a child development program in all communities of this state where the need therefor exists. Such program shall provide child development services at the minimum cost possible consistent with required quality of service and the specific needs of the particular child.

16724. The Superintendent of Public Instruction shall enter into contracts with the local school district or the county superintendent of schools to provide programs under this division or enter into contracts with voluntary, public or private agencies to provide for such programs. The Superintendent of Public Instruction may also contract with any public or private agency for the furnishing of property, facilities, personnel, supplies, equipment, and other necessary items. Fiscal responsibility of the state shall be limited to funds specifically appropriated by the Legislature.

16725. The Superintendent of Public Instruction shall adopt rules and regulations that provide for procedures and standards for the accreditation of neighborhood family day care homes. Neighborhood family day care homes may be accredited by the school district in which the home is located in accordance with the rules and regulations of the Superintendent of Public Instruction. Any neighborhood family day care home accredited by a school district shall be exempt from licensure required by the provisions of Chapter

1, (commencing with Section 16000) of Part 4 of Division 9 of the Welfare and Institutions Code.

16726. The Superintendent of Public Instruction shall be responsible for the formulation and conducting of public hearings essential to the establishment and promotion of all aspects of this division and shall be responsible for preparing any state plan required by federal law in order that this state may qualify for any federal funds available for the care of children.

16727. The Superintendent of Public Instruction shall provide the Director of Finance and the State Controller with a basic plan for the filing of claims and for reimbursement for the distribution of any federal funds which are received by this state for child development services. The Superintendent of Public Instruction and the State Controller shall establish the necessary plans to advance funds received from the federal government in order that the various school districts, county superintendents of schools or other authorized organizations will be able to provide the child development services described by this division.

16728. The Superintendent of Public Instruction shall adopt rules and regulations which shall include standards for determining eligibility and priority of service. Children who qualify for services pursuant to programs which are in whole or in part federally funded shall have first priority. Former, current or potential recipients shall be defined as those persons for whom federal reimbursement for care of children is allowed by any federal law or regulation relative to services to children or for child care or child development. The information necessary to establish eligibility of a child for federal reimbursement shall be completed as a part of intake procedures used in accepting a child for care or service.

In the event the superintendent is forced to curtail services, because of a lack of or limitation placed upon the availability of federal funds to carry out the purposes of this division, he shall reduce the scope of the program by giving priority for services to those persons who are engaged in a federal or state mandated education or training program.

The regulations formulated and promulgated pursuant to this section shall include the recommendations of the State Department of Public Health and the State Department of Health Care Services relative to health care screening and the provision of health care services. The Superintendent of Public Instruction shall seek the advice and assistance of these health authorities in situations where service under this chapter includes or requires care of ill or handicapped children.

This section shall remain in effect only until Reorganization Plan No. 1 of 1970 becomes operative and on such date is repealed.

16729. The Superintendent of Public Instruction shall establish a fee schedule for those families utilizing the services who do not qualify as recipients of public assistance as defined by federal law and regulations or who meet the maximum income permitted for an

employed recipient. The fee schedule so established shall be a rational extension in relation to the family income of those persons receiving free child care service and shall be in keeping with the principle of providing an incentive to the family to improve its capacity to provide for present and future family needs.

16730. The Department of Education may accept funds from the Regents of the University of California, the Trustees of the California State Colleges, the governing boards of community college districts and any private funds or resources authorized by a public or private profit or nonprofit agency as matching funding to maximize federal reimbursements.

16732. The Superintendent of Public Instruction shall establish reasonable and uniform standards not in conflict with the provisions of this division for child development programs established and maintained under the provisions of this division and no program shall be so established and maintained which does not comply with such standards.

The Superintendent of Public Instruction may establish such regulations as he deems advisable concerning conditions of service and hours of enrollment for children in the programs. In fixing the hours of child development services under this chapter, the superintendent shall assure that needed services will be provided for night shift or late-hour workers whenever the demand for such service exists.

16733. No standard, rule or regulation shall require medical examination or immunization for admission to a children's center of a child whose parent or guardian files a letter with the governing board of the school district stating that such medical examination or immunization is contrary to his or her religious beliefs, or provide for the exclusion of a child from the center because of parent or guardian having filed such a letter; provided, however, that whenever there is good cause to believe that a child is suffering from a recognized contagious or infectious disease, the child may be temporarily excluded from the center until the governing board of the school district is satisfied that any contagious or infectious disease does not exist.

16734. The State Board of Education shall prescribe minimum educational standards for child development programs under this division and it shall be the responsibility of the Department of Education to see that such standards are complied with in all programs established.

16735. The Governor shall appoint an advisory committee composed of one representative from the State Board of Public Health, one representative from the Department of Human Resources Development, one representative from the State Board of Education, one representative from the State Social Welfare Board, one representative of the Director of Education, one representative of the Director of Social Welfare, one representative of the Director of Public Health, and one representative of private education, one

representative of child welfare, one representative of private health care, one representative of a proprietary child care agency, one representative of a community action agency qualified under Title II of the Economic Opportunity Act of 1969, and five parents of children participating in the program appointed from names selected by a democratic process to assure representation of the parents of the children being served, and three persons representing professional or civic groups or public or nonprofit private agencies, organizations or groups concerned with child development programs.

The advisory committee shall assist the Department of Education in developing a state plan for child development programs pursuant to this division.

The advisory committee shall continually evaluate the effectiveness of such programs and shall report thereon at each regular session of the Legislature.

A "proprietary child care agency" is an organization or facility providing child care, which is operated for profit.

This section shall remain in effect only until Reorganization Plan No. 1 of 1970 becomes operative and on such date is repealed.

16736. The Superintendent of Public Instruction shall arrange for the employment of the community social service personnel deemed necessary to provide the home care recruitment activities, child placement services, and the parent counseling services for those parent-child adjustment problems which arise. Such personnel shall be assigned in relation to the need therefor.

The Superintendent of Public Instruction shall charge each public or private agency operating child care services under this division an amount not to exceed two cents (\$.02) per child care hours for costs incurred by the Department of Education, including the promotion and administration of child development services, the provision of social services personnel necessary, the functioning of neighborhood family day care, the preparation of accounts, records and reports required by the federal government, and other services which are of specific assistance to the operation of local child development services. The charge made pursuant to this section shall be considered a cost as defined by Section 16708. The hours of attendance of children enrolled in the preschool program shall be excluded.

CHAPTER 3. LOCAL PROGRAMS

16740. The governing board of any school district or a county superintendent of schools with the approval of the county board of education is authorized to establish and maintain child development programs upon the approval of, and subject to the regulations of the Superintendent of Public Instruction.

16741. The governing board of any school district or the county superintendent of schools may accommodate in a child development

facility maintained by it children residing in another district, upon such terms and under such conditions as may be agreed upon by the governing boards of both districts.

16743. The governing board of any school district or the county superintendent of schools may permit the use of and furnish maintenance for buildings, grounds, and equipment, and the use of existing administrative personnel for the purposes of this division.

16744. The employees of school districts or county superintendents of schools in preschool and other types of child development services under this division shall have the same rights and privileges as are granted to employees of the same agencies in children's centers.

16745. The governing board of any school district may adopt such reasonable rules and regulations governing the child development services or facilities maintained by it as are not in conflict with law or the standards and regulations established for child development services by the Superintendent of Public Instruction.

16746. Notwithstanding any other provisions of this division, a public or private agency or a school district or a county superintendent of schools operating child development facilities may enter into an agreement with the State Department of Human Resources Development which will provide an opportunity to participants in work incentive programs under Division 2 (commencing with Section 5000) of the Unemployment Insurance Code for training in child development facilities. Training pursuant to such agreement shall have the objective of preparation for a career in the field of child care.

16749. The governing board of any school district shall establish in the county treasury a fund to be known as the "child development fund" into which shall be paid all funds received by the district for, or from the operation of, child development services under this division. The costs incurred in the maintenance and operation of child development services shall be paid from the fund, with accounting to reflect specific funding sources, except any contributions authorized or required to be paid by the district on account of services of employees providing child development services to a retirement system shall be paid from the general fund of the district or from funds of the district derived from a special tax levied pursuant to Sections 14657 or 14758 of the Education Code or Section 20532 of the Government Code.

No other funds of a district derived from the receipt of district taxes or derived from moneys apportioned to the district for the support of schools thereof, except state moneys appropriated for the support of child development services, fees, and federal funds, may be expended for, or in connection with child development services.

16750. The governing board of any school district maintaining a children's center program may include in its budget the amount necessary to carry out its program pursuant to this chapter and the board of supervisors shall levy a school district tax necessary to raise

such amount. The tax shall be in addition to any other school district tax authorized by law to be levied.

CHAPTER 4. CHILDREN'S CENTERS QUALIFICATIONS

16760. The governing board of a school district shall employ in a children's center only such persons who hold permits issued by the Commission for Teacher Preparation and Licensing. Any person holding a teaching credential issued by the State Board of Education or commission is deemed to hold a regular children's center permit that will authorize supervision and instruction of children or supervision of a children's program. The filing with the county superintendent of schools of a regulation of a governing board or a public health agency requiring a physical examination of persons employed in centers shall be deemed to be the issuance of a valid permit except for persons employed in positions pertaining to the supervision and instruction of children or supervision of a program. Each person employed by the governing board of a school district for a position requiring a permit shall, not later than 95 days after the date fixed by the governing board of the district for the commencement of his service, file with the county superintendent of schools a valid permit issued on or before such date, authorizing him to serve in the position for which he was employed, and must, not later than 95 days after the renewal thereof, file the renewed permit in the same manner.

16761. Notwithstanding any other provision of law, a high school student or any other adult shall be selected by the governing board of a school district or a county superintendent of schools to serve as nonteaching personnel as provided in Section 16721 to perform noninstructional work. A career ladder shall be utilized in the employment and promotion of such noninstructional personnel. Each such person shall have had a health examination made within the 12-month period preceding the date of employment. Each person shall also submit duplicate personal identification cards upon which shall appear legible fingerprints and a personal description of the applicant.

16762. The same fee as that prescribed for a credential provided in Section 13182 shall be charged for either the issuance or renewal of each children's center permit authorizing service in the supervision and instruction of children in the children's centers or authorizing service as a supervisor in a program.

16763. Children's center permits issued to persons employed in positions pertaining to the supervision and instruction of children or supervision of a children's center program may consist of two types, regular and provisional. Requirements for each type of permit shall be prescribed by the Commission for Teacher Preparation and Licensing.

16764. Service under a provisional permit shall not be included in computing the service required as a prerequisite to attainment of,

or eligibility to, classification as a permanent employee of a children's center. Such persons employed on the effective date of Chapter 1717 of the Statutes of 1965 and who have been employed for three consecutive years prior to the effective date of this legislation shall be deemed to have met the requirements for a regular permit and shall not be subject to the requirements of a provisional permit.

16765. Each county or city and county board of education may issue temporary certificates for the purpose of authorizing salary payments to children's center employees whose children's center permit applications are being processed. The applicant for such a temporary certificate shall make a statement under oath that he has duly filed his application for a permit together with the required fee and that to the best of his knowledge no reason exists why he should not be issued a permit. Such certificate shall be valid for not more than 90 schooldays and only until the permit originally requested is either issued or denied by the State Superintendent of Public Instruction.

16766. Each person employed by a school district in a position requiring a children's center permit for the supervision and instruction of children, or for service as a physician, dentist, or nurse, or in the supervision of the children's center program, shall be deemed to be employed in a position requiring certification qualifications.

Each other person employed by a district in a children's center under the provisions of this division shall be deemed for all purposes, including retirement, to be a person employed by the school district in a position not requiring certification qualifications.

The provisions of Section 13525 or Section 13526 of the Education Code, as enacted by the Legislature at its 1959 Regular Session, shall not apply to employees in children's centers.

A district may lay off an employee required to have such a permit at any time during the school year for lack of work or lack of funds or may provide for his employment for not to exceed 90 days in any one school year on an intermittent basis which shall not be deemed probationary service. The order of layoff shall be determined by length of service. The employee who has served the shortest time shall be laid off first, except that no permanent employee shall be laid off ahead of a probationary employee. A permanent employee who has been laid off shall hold reinstatement rights for a period of 39 months from the date of layoff.

Service performed prior to the effective date of Chapter 2 of the Statutes of 1959 shall not be included in computing the service required as a prerequisite for attainment of, or eligibility to, classification as a permanent children's center employee.

A person who is employed by a district as a probationary employee in a position requiring a children's center permit for the supervision and instruction of children, or for service as a physician, dentist, or nurse, or in the supervision of the children's program and who has served in such a position for three complete consecutive school years

as defined in Sections 13328 and 13464 of the Education Code, immediately prior to the effective date of Chapter 2 of the Statutes of 1959 may be dismissed only in accordance with the provisions of Section 13444.

Other persons who are employed as probationary employees in positions requiring such permits on or after the effective date of Chapter 2 of the Statutes of 1959 may be dismissed in accordance with the provisions of Section 13443.

16767. Any city, county, or city and county charter provision to the contrary notwithstanding, each person employed by a school district on July 1, 1955, and each person employed by a school district on September 11, 1957, who was theretofore excluded, solely by reason of the provisions of the predecessor of Section 16626 in effect prior to July 1, 1955, or who was theretofore excluded solely by reason of the provisions of the predecessor of this section prior to September 11, 1957, from membership in any retirement system in which the district participates or to which it contributes for the purpose of providing retirement rights and benefits for employees of the district not employed in a status requisite for membership in the State Teachers' Retirement System, shall become a member of the retirement system from which he was excluded, on July 1, 1955, or on September 11, 1957, if theretofore excluded solely by reason of the provisions of the predecessor of this section in effect prior to that date. Every such member shall be entitled to credit for service in children's centers rendered prior to July 1, 1955, or prior to September 11, 1957, if therefore excluded, and before he became a member of the system, in the same manner as if he had not theretofore been excluded from membership in the retirement system, except that he shall not be required to make any contributions to the retirement system in respect to such service rendered prior to his membership, and all contributions necessary to provide benefits on account of such service shall be paid to the retirement system by the school district by which the member is employed. For the purpose of computing benefits for services rendered prior to July 1, 1955, as provided in this section, the average monthly salary earned by such employee in the fiscal year 1954-55 shall be used and for the purpose of computing benefits for service rendered between July 1, 1955, and September 11, 1957, for members receiving credit for service between those dates under the provisions of the predecessor of this section as amended by Chapter 1238 of the Statutes of 1957, the average monthly salary earned by such employees in the fiscal year 1956-57 shall be used.

Notwithstanding any other provisions of this section, for the purpose of computing benefits for any person retired on and after January 1, 1958, for services rendered prior to July 1, 1955, as provided in this section, and for the purpose of computing benefits for service rendered between July 1, 1955, and September 11, 1957, for members receiving credit for service between those dates under the provisions of this section, the "final compensation" of such person

shall be computed in the same manner as for other employees who are included in the same retirement system and in the same class of retirement system members and who are not affected by this section. The amendment to this section enacted at the 1963 session shall be applied to increase the allowances, payable subsequent to October 1, 1963, in respect to those members who retired on or after July 1, 1955.

Notwithstanding any other provision of this section no increased allowance shall be paid, as authorized by this section, to any person who has retired between July 1, 1955, and October 1, 1963, unless the person to whom the increase would otherwise be payable mails written application for the increase to the appropriate retirement system prior to April 1, 1964.

16768. Any person who is employed in a child care center on October 1, 1965, and who was brought into membership in a retirement system on October 1, 1963, notwithstanding his prior election pursuant to Section 16767 or the predecessor of such Section 16767 as it read prior to October 1, 1963, not to be a member of such system, shall have the same rights under such system with respect to his service in child care centers as he would have had under Section 16767 or the predecessor of such section had he elected thereunder to be a member of such system.

16769. Every employee of a children's center who before his employment in such center was employed by the district maintaining such center in a position entitling him to membership in, and who was a member of, the retirement system maintained by such district, and if such employee's contributions to such retirement system were returned to him when he was employed in the children's center, such employee shall have the right to elect, by written document filed with the Board of Administration, State Employees' Retirement System, at any time within 90 days after the date upon which the notice of the right to make such election is mailed by such system, either to the member's latest address on file in the office of such system, or to the office of the governing board of such district or districts, and prior to the date of retirement, to contribute to such system, subject to minimum payments fixed by the Board of Administration, and in one or more sums, or in not to exceed 60 monthly payments, an amount which, when added to his accumulated contributions, including interest, transferred as required in paragraph (1) of subdivision (b) of Section 14696, will make a total amount equal to the accumulated contributions, including interest, which would have been credited to him in such plan, if he had never had his contributions returned to him. Such employee shall pay to the State Employees' Retirement System interest on the unpaid balance of the amount payable to such system, beginning with the date of transfer, at the rate of interest currently used from time to time under the system. If such employee elects to make, and makes, such contributions and pays such interest, but not otherwise, he shall receive credit under such employees' system, as

state service, for all prior service rendered while he was not a member of such plan.

16770. The Commission for Teacher Preparation and Licensing shall establish standards for the issuance of the permits herein provided for. Such standards may be changed from time to time, but changes therein shall not affect then valid permits issued to persons.

CHAPTER 5. STATE SUPPORT

16780. The statewide average support from state funds per hour per child for the children's center program shall be fifty-two cents (\$0.52).

(a) For purposes of this article, the Superintendent of Public Instruction shall apportion state funds to the districts using fifty-two cents (\$0.52) per hour per child. If the fees collected by any district shall for any month be less or more than twenty cents (\$0.20) per hour per child, for those children for whom fees are collected, the amount of the apportionment shall be increased or decreased in an amount equal to the amount by which the fees collected are less or more, respectively, than twenty cents (\$0.20) per hour per child.

(b) For development centers for handicapped minors, the Superintendent of Public Instruction shall apportion state funds as provided in Section 16645.11.

(c) The amount apportioned to each school district shall be the district's cost, as defined in Section 16615.1, or the state-supported rate, whichever provides the lesser amount.

16781. The State Department of Education is hereby authorized to accept funds from the government of the United States and to apportion them to the governing board of such school districts or county superintendent of schools or other public or private agencies as conduct child development programs which are hereby authorized to accept such funds or funds from any other source for any of the purposes of this division and all such funds may be accepted subject to such conditions as will further the purposes of this division.

16782. Any money appropriated to be apportioned by the Department of Education, for the purposes of this division, to school districts or county superintendent of schools or other public or private agencies maintaining child development programs pursuant to this division and to the governing authorities of state institutions maintaining child development programs, shall be apportioned to such school districts, county and governing authorities solely in accordance with the provisions of this division.

State allocations or apportionments shall be paid to school districts or county superintendent of schools or other public or private agencies on a monthly basis by the Superintendent of Public Instruction.

16783. Children regularly enrolled in a children's center who are absent on account of illness or quarantine shall be considered to be

in regular attendance for the number of hours per day for which they are enrolled for the purpose of reporting attendance for state apportionments, whenever the school district certifies that such absence was on account of illness or quarantine and is verified by the district in such manner as the Superintendent of Public Instruction shall require. All attendance shall be recorded and reported in accordance with the requirements of the Superintendent of Public Instruction.

The state shall pay 67½ percent and the county shall pay 32½ percent of the additional aid furnished for such work or training-connected expenses after a deduction therefrom of any funds received from the United States government.

It is the intent of this section to make maximum use of federal funds that are available to provide training, work-related expenses, and allowances for child care services. Accordingly, each county shall

The information necessary to establish eligibility of a child for federal

reimbursement shall be completed as a part of intake procedures used in accepting a child for care or service.

In the event the superintendent is forced to curtail services, because of a lack of or limitation placed upon the availability of federal funds to carry out the purposes of this division, he shall reduce the scope of the program by giving priority for services to those persons who are engaged in a federal- or state-mandated education or training program.

The regulations formulated and promulgated pursuant to this section shall include the recommendations of the Department of Health relative to health care screening and the provision of health care services. The Superintendent of Public Instruction shall seek the advice and assistance of these health authorities in situations where service under this chapter includes or requires care of ill or handicapped children.

The advisory committee shall continually evaluate the effectiveness of such programs and shall report thereon at each regular session of the Legislature.

CHAPTER 706

An act to amend Sections 11526.1, 11535, 11540 and 11540.1 of, and to add Sections 11538.1, 11538.2 and 11538.3 to, the Business and Professions Code, relating to subdivisions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 10, 1972. Filed with
Secretary of State August 10, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 11526.1 of the Business and Professions Code is amended to read:

11526.1. No city or county shall approve a final subdivision map for any land project, as defined in Section 11000.5, unless:

(a) The city or county has adopted a specific plan covering the area proposed to be included within the land project.

(b) The city or county finds that the proposed land project, together with the provisions for its design and improvement, is consistent with the specific plan for the area.

This section shall apply to land projects for which tentative maps were approved on or after the effective date of Chapter 763, Statutes of the 1969 Regular Session.

SEC. 2. Section 11535 of the Business and Professions Code as amended by Chapter 1446 of the Statutes of 1971 is amended to read:

11535. (a) "Subdivision" refers to any real property, improved or unimproved, or portion thereof, shown on the latest equalized county assessment roll as a unit or as contiguous units, which is divided for the purpose of sale, lease, or financing, whether immediate or future, by any subdivider into five or more parcels; provided, that this chapter shall not apply to the financing or leasing of apartments, offices, stores, or similar space within an apartment building, industrial building, commercial building, or trailer park, nor shall this chapter apply to mineral, oil or gas leases. Property shall

be considered as contiguous units, even if it is separated by roads, streets, utility easements, or railroad rights-of-way.

(b) Subdivision does not include any parcel or parcels of land which is divided into four or less parcels. Any conveyance of land to a governmental agency, public entity or public utility shall not be considered a division of land for purposes of computing the number of parcels.

(c) Subdivision does not include the division of any real property improved or unimproved or a portion thereof shown on the latest equalized county assessment roll as a unit or as contiguous units, which is divided for the purpose of sale, lease, or financing, whether immediate or future, if any of the following conditions prevail:

(1) The whole parcel before division contains less than five acres, each parcel created by the division abuts upon a public street or highway and no dedications or improvements are required by the governing body.

(2) Any parcel or parcels divided into lots or parcels, each of a gross area of 20 acres or more, and each of which has an approved access to a maintained public street or highway.

(3) Any parcel or parcels of land having approved access to a public street or highway which comprises part of a tract of land zoned for industrial or commercial development, and which has the approval of the governing body as to street alignments and widths.

(4) Any parcel or parcels of land divided into lots or parcels, each of a gross area of forty (40) acres or more or each of which is a quarter-quarter section or larger, or such other amount, up to 60 acres, as may be specified by local ordinances.

(d) In any case provided in subdivisions (c) (1), (c) (2), and (c) (3) of this section, and in any case provided in subdivision (b) or subdivision (c) (4) of this section unless waived by local ordinance as provided in this section, a parcel map shall be submitted to the governing body or advisory agency (in the same manner as provided in this chapter for subdivisions) for approval as to area, improvement and design, flood and water drainage control, and as to all requirements of this section.

The approved parcel map showing each new parcel shall be filed with the recorder of the county in which the land is located prior to sale, lease, or financing of such parcels. Conveyances may be made of parcels shown on such map by number or other such designation.

In any case provided in subdivision (b) or subdivision (c) (4) of this section a local agency may, by ordinance, provide a procedure for waiving the requirement, imposed by this subdivision, that a parcel map be submitted to the governing body or advisory agency for approval. In the event that such a waiver provision is provided by local ordinance, the ordinance shall require a finding, by the governing body or advisory agency, that the proposed division of land complies with requirements as to area, improvement and design, flood and water drainage control, appropriate improved public roads, sanitary disposal facilities, water supply availability,

environmental protection, and other requirements of this chapter and local ordinances, which are applicable to division of land pursuant to subdivision (b) or subdivision (c) (4).

In any case provided in subdivision (b) or subdivision (c) of this section a local ordinance may require the submission and approval of a tentative map prior to the approval of a parcel map. When a tentative map is required, the parcel map shall be filed within one year after the approval of the tentative map. Upon application, an extension of the approval of the tentative map, not to exceed one year, may be granted by the governing body or advisory agency.

In any case where submission of a parcel map is waived by local ordinance pursuant to the provisions of this subdivision, submission and approval of a tentative map may continue to be required by local ordinance.

The governing body may require dedications or an offer of dedication by separate instrument for street opening or widening or easements. If dedications or offers of dedications are required, such dedications shall be completed prior to filing of the parcel map. An offer of dedication shall be in such terms as to be binding on the owner, his heirs, assigns or successors in interest, and shall continue until the governing body accepts or rejects such offer.

(e) Nothing contained in this chapter shall apply to land dedicated for cemetery purposes under the Health and Safety Code of the State of California.

(f) Nothing contained in this section shall in any way modify or affect any of the provisions of Section 11000 of this code.

SEC. 2. Section 11538.1 is added to the Business and Professions Code, to read:

11538.1. No city or county shall issue any permit or grant any approval necessary to develop any real property which has been divided, or which has resulted from a division, in violation of the provisions of this chapter or of the provisions of local ordinances enacted pursuant to this chapter if it finds that development of such real property is contrary to the public health or the public safety. The authority to deny such a permit or such approval shall apply whether the applicant therefor was the owner of the real property at the time of such violation or whether the applicant therefor is the current owner of the real property with, or without, actual or constructive knowledge of the violation at the time of the acquisition of his interest in such real property.

If a city or a county issues a permit or grants approval for the development of any such real property, it may impose such additional conditions as would have been applicable to the division of the property at the time the current owner of record acquired the property.

SEC. 3. Section 11538.2 is added to the Business and Professions Code, to read:

11538.2. Whenever a city or a county has knowledge that real property has been divided in violation of the provisions of this

chapter or of local ordinances enacted pursuant to this chapter it shall cause to be filed for record with the recorder of the county in which the real property is located, a notice of violation, describing the real property in detail, naming the owners thereof, and describing the violation. Such notice, when recorded, shall be deemed to be constructive notice of the violation to all successors in interest in such property.

SEC. 4. Section 11538.3 is added to the Business and Professions Code, to read:

11538.3. (a) Any person owning real property may request, and a city or a county shall determine, whether such real property complies with the provisions of this chapter and of local ordinances enacted pursuant thereto. Upon making such a determination the city or the county shall cause a certificate of compliance to be filed for record with the recorder of the county in which the real property is located. The certificate of compliance shall identify the real property and shall state that the division thereof complies with applicable provisions of this chapter and of local ordinances enacted pursuant thereto. The city or the county may impose a reasonable fee to cover the cost of issuing and recording the certificate of compliance.

(b) If a city or county determines that such real property does not comply with the provisions of the chapter or of local ordinances enacted pursuant thereto, it may, as a condition of granting a certificate of compliance, impose any of the conditions permitted under Section 11538.1. Such conditions may be fulfilled and implemented by the property owner who has applied for a certificate of compliance pursuant to this section or by a grantee of such property owner. If such conditions are not fulfilled or implemented by the applicant property owner or the grantee, the certificate of compliance shall have no force or effect upon any subsequent transfer of the property and any subsequent transferee or assignee shall make a new application for a certificate of compliance pursuant to this section, and the city or county may impose such conditions as would have been applicable at the time such assignee or transferee acquired the property.

(c) A certificate of compliance shall be issued for any real property which has been approved for development pursuant to Section 11538.1.

(d) A recorded final subdivision map or parcel map shall constitute a certificate of compliance with respect to the parcels of real property described therein.

SEC. 5. Section 11540 of the Business and Professions Code is amended to read:

11540. (a) Any deed of conveyance, sale or contract to sell real property which has been divided, or which has resulted from a division, in violation of the provisions of this chapter, or of the provisions of local ordinances enacted pursuant to this chapter, is voidable at the sole option of the grantee, buyer or person

contracting to purchase, his heirs, personal representative, or trustee in insolvency or bankruptcy within one year after the date of discovery of the violation of this chapter or of local ordinances enacted pursuant to the provisions of this chapter, but the deed of conveyance, sale or contract to sell is binding upon any successor in interest of the grantee, buyer or person contracting to purchase, other than those above enumerated, and upon the grantor, vendor, or person contracting to sell, or his assignee, heir or devisee.

(b) Any grantee, or his successor in interest, of real property which has been divided, or which has resulted from a division, in violation of the provisions of this chapter or of local ordinances enacted pursuant thereto, may, within one year of the date of discovery of such violation, bring an action in the superior court to recover any damages he has suffered by reason of such division of property. The action may be brought against the person who divided the property in violation of the provisions of this chapter or of local ordinances enacted pursuant thereto and against any successors in interest who have actual or constructive knowledge of such division of property.

The provisions of this section shall not apply to the conveyance of any parcel of real property identified in a certificate of compliance filed pursuant to Section 11538.3 or identified in a recorded final subdivision map or parcel map, from and after the date of recording.

The provisions of this section shall not limit or affect in any way the rights of a grantee or his successor in interest under any other provision of law.

SEC. 6. Section 11540.1 of the Business and Professions Code is amended to read:

11540.1. Nothing in this chapter prevents the governing body of any municipality or county from regulating the division of land which is not a subdivision, provided that such regulations are not more restrictive than the requirements for a subdivision. Whenever a local ordinance requires improvements for a division of land which is not a subdivision of five or more lots, such regulations shall be limited to the dedication of right-of-way, easements, and the construction of reasonable offsite and onsite improvements for the parcels being created. The validity of any conveyance, as defined in Section 1215 of the Civil Code, made with respect to any such land which has been divided, or which has resulted from a division, in violation of the provisions of this chapter or local ordinances enacted pursuant thereto shall not be affected except that any deed of conveyance, sale or contract to sell such land is voidable, and damages may be sought, to the extent and in the same manner provided in Section 11540.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 1446 of the Statutes of 1971 imposes new duties upon

subdividers who were previously exempted from the provisions of the Subdivision Map Act, including in some cases those making minor divisions of land. In order to permit local governments to waive map requirements in the cases where such requirements are considered unnecessary, this act must take effect immediately.

CHAPTER 707

An act to permit late applications for replacement funds for revenues formerly derived from the taxation of motion pictures, and making an appropriation therefor.

[Approved by Governor August 10, 1972 Filed with
Secretary of State August 10, 1972]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding the provisions of subdivision (d) of Section 16102 of the Government Code, any local taxing authority may apply for replacement revenues pursuant to such section for the 1971-1972 fiscal year on or before the 100th day following final adjournment of the 1972 Regular Session of the Legislature, and the Controller shall pay all such claims within 45 days after receipt of the application.

SEC. 2. There is hereby appropriated to the Controller from the State General Fund a sum sufficient to pay the subventions required by Section 1 of this act.

CHAPTER 708

[Approved by Governor August 10, 1972. Filed with
Secretary of State August 10, 1972.]

The people of the State of California do enact as follows:

682. Every city and county shall have power to grant franchises authorizing the exercise of any privilege in, along, across, under, through, over, and upon any state highway, or portion thereof, within its boundaries to the extent and in the manner that it shall have power to grant franchises authorizing the exercise of such privilege in, over, and upon city streets, or county highways, as the

SEC. 4. Section 688 of the Streets and Highways Code is amended to read:

688. In cases in which the approval of the department is not required, the city or county shall give notice to the department of any application for a franchise affecting a state highway at the time of the filing of such application by any applicant, so that the department may present to the legislative body of the city or county, as the case may be, any considerations by it deemed to be important. Such notice shall be given to the appropriate district engineer of the Division of Highways.

SEC. 5. Section 689 of the Streets and Highways Code is amended to read:

CHAPTER 709

An act to amend Sections 31468 and 31840.1 of, and to add Section 31557.1 to, the Government Code, and to amend Section 14000.2 of the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor August 10, 1972 Filed with
Secretary of State August 10, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 31468 of the Government Code is amended to read:

31468. (a) "District" means a district, formed under the laws of the state, located wholly or partially within the county other than a school district.

(b) "District" also includes any institution operated by two or more counties, in one of which there has been adopted an ordinance placing this chapter in operation.

(c) "District" also includes any organization or association authorized by Chapter 26, Statutes of 1935, as amended by Chapter 30, Statutes of 1941, or by Section 50024 of this code, which organization or association is maintained and supported entirely from funds derived from counties, and the board of any retirement system is authorized to receive the officers and employees of such organization or association into the retirement system managed by the board.

(d) "District" also includes, but is not limited to, any sanitary district formed under Part 1 (commencing at Section 6400), Division 6 of the Health and Safety Code.

(e) "District" also includes any city, public authority, public agency, and any other political subdivision or public corporation formed or created under the Constitution or laws of this state and located or having jurisdiction wholly or partially within the county.

(f) "District" also includes any nonprofit corporation or association conducting an agricultural fair for the county pursuant to a contract between the corporation or association and the board of supervisors under the authority of Section 25905 of the Government Code.

(g) "District" also includes the Regents of the University of California, but with respect only to employees who were employees of a county in a county hospital, who became university employees pursuant to an agreement for transfer to the regents of such hospital, and who under such agreement had the right and did elect to continue membership in the county's retirement system established

under this chapter.

SEC. 2. Section 31557.1 is added to the Government Code, to read:

31557.1. Officers and employees of a district as defined in subdivision (g) of Section 31468, become members on the date specified in the agreement between the regents and the board of supervisors relating to the transfer to the regents of the hospital in which they are employed. Notwithstanding Section 31564, if such agreement so provides, such employees shall cease to be members on the date of a referendum relating to coverage of such members under the Federal Old Age, Survivors, Disability, and Health Insurance Program in which less than a majority of such eligible employees voted in favor of such coverage.

SEC. 3. Section 31840.1 of the Government Code is amended to read:

31840.1. The provisions of this article extending rights to a member of a county retirement system established under this chapter or subjecting him to any limitation, by reason of his membership in the Public Employees' Retirement System, shall apply in like manner and under like conditions to said member by reason of his membership in any retirement system maintained by the Regents of the University of California, provided said member enters any retirement system maintained by said regents pursuant to an agreement made on or after January 1, 1965, between said regents and a county making provision for the operation by said regents of all or any part of the hospital facilities of that county or the transfer of title to such a hospital to the regents and for reciprocal university retirement system rights and limitations substantially comparable to those prescribed by this article.

SEC. 4. Section 14000.2 of the Welfare and Institutions Code is amended to read:

14000.2. During the time this chapter is effective and notwithstanding other provisions of the Welfare and Institutions Code and Health and Safety Code, the board of supervisors of each county may prescribe rules which authorize the county hospital to integrate its services with those of other hospitals into a system of community service which offers free choice of hospitals to those requiring hospital care. The intent of this section is to eliminate discrimination or segregation based on economic disability so that the county hospital and other hospitals in the community share in providing services to paying patients and to those who qualify for care in public medical care programs. In prescribing rules under which the county hospital may provide community hospital services described in this section, the board of supervisors shall provide a basis under which patients may be attended by their own personal physicians who are professionally qualified for staff membership in the county hospital.

Notwithstanding any other provisions of law or provisions contained in a county charter, the board of supervisors of any county

may transfer the maintenance, operation and management or ownership of the county hospital to the University of California or any other public agency or community nonprofit corporation empowered to operate a hospital facility upon a finding that the community services provided by the hospital could be more efficiently, effectively or economically provided by the transferee than the county. If such transfer be made to the University of California or to any other public agency empowered to operate a hospital facility the transfer of control or ownership may be made with or without the payment of a purchase price by the transferee and otherwise upon such terms and conditions as the parties may mutually agree, but if the transfer be to a community nonprofit corporation, the board of supervisors shall comply with all other provisions of law relating to the sale, lease, or transfer of public property by a county; and provided that in any event the transaction shall include such terms and conditions as the board of supervisors find necessary to insure that the transfer will constitute an ongoing material benefit to the county and its residents.

The intent of this section is to permit the implementation of programs for the consolidation of public hospital services in order to permit the more effective use of existing hospital facilities and retard the spiraling costs of medical care.

SEC. 5. Section 14000.2 is added to the Welfare and Institutions Code, to read:

14000.2. During the time this chapter is effective and notwithstanding other provisions of the Welfare and Institutions Code and Health and Safety Code, the board of supervisors of each county may prescribe rules which authorize the county hospital to integrate its services with those of other hospitals into a system of community service which offers free choice of hospitals to those requiring hospital care. The intent of this section is to eliminate discrimination or segregation based on economic disability so that the county hospital and other hospitals in the community share in providing services to paying patients and to those who qualify for care in public medical care programs. In prescribing rules under which the county hospital may provide community hospital services described in this section, the board of supervisors shall provide a basis under which patients may be attended by their own personal physicians who are professionally qualified for staff membership in the county hospital.

Notwithstanding any other provisions of law or provisions contained in a county charter, the board of supervisors of any county may transfer the maintenance, operation and management or ownership of the county hospital to the University of California or any other public agency or community nonprofit corporation empowered to operate a hospital facility upon a finding that the community services provided by the hospital could be more efficiently, effectively or economically provided by the transferee than the county. If such transfer be made to the University of

California or to any other public agency empowered to operate a hospital facility the transfer of control or ownership may be made with or without the payment of a purchase price by the transferee and otherwise upon such terms and conditions as the parties may mutually agree, but if the transfer be to a community nonprofit corporation, the board of supervisors shall comply with all other provisions of law relating to the sale, lease, or transfer of public property by a county; and provided that in any event the transaction shall include such terms and conditions as the board of supervisors find necessary to insure that the transfer will constitute an ongoing material benefit to the county and its residents.

The intent of this section is to permit the implementation of programs for the consolidation of public hospital services in order to permit the more effective use of existing hospital facilities and retard the spiraling costs of medical care.

SEC. 6. It is the intent of the Legislature, if this bill and Senate Bill No. 1425 are both chaptered and add Section 14000.2 to the Welfare and Institutions Code, and this bill is chaptered after Senate Bill No. 1425, that the added Section 14000.2 proposed by both bills be given effect and incorporated in Section 14000.2 in the form set forth in Section 5 of this act. Therefore, Section 5 of this act shall become operative only if this bill and Senate Bill No. 1425 are both chaptered, both add Section 14000.2, and Senate Bill No. 1425 is chaptered before this bill, in which case Section 4 of this act shall not become operative.

CHAPTER 711

An act to amend Sections 17535 and 17536 of the Business and Professions Code, relating to advertising.

[Approved by Governor August 10, 1972 Filed with
Secretary of State August 10, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 17535 of the Business and Professions Code is amended to read:

Article 1.5. Continuing Education

5026. The Legislature has determined it is in the public interest to require that certified public accountants and public accountants licensed under provisions of this chapter comply with continuing education requirements adopted by the board as a prerequisite to the renewal of public accountancy licenses on and after December 31, 1974.

In exercising its power under this section, the board shall establish standards which will assure reasonable currency of knowledge as a basis for a high standard of practice by certified public accountants and public accountants. The standards shall be established in a manner to assure that a variety of alternatives are available to licensees to comply with the continuing education requirements for renewal of licenses and taking cognizance of specialized areas of practice.

5028. The board shall, in accordance with the intent of this article, make exceptions from continuing education requirements for licensees not engaged in public practice, or for reasons of health, military service, or other good cause; provided, however, that if such licensee returns to the practice of public accounting he shall meet such continuing education requirements as the board may determine.

If the permit is renewed more than 30 days after its expiration, its holder, as a condition precedent to renewal, shall also pay the delinquency fee prescribed by this chapter. Renewal under this

section shall be effective on the date on which the application is filed, on the date on which the accrued renewal fees are paid, or on the date on which the delinquency fee, if any, is paid, whichever last occurs. If so renewed, the permit shall continue in effect through the date provided in Section 5070.5 which next occurs after the effective date of the renewal, when it shall expire if it is not again renewed.

The provisions of this chapter as amended by the Legislature at its 1961 Regular Session govern the renewal after January 1, 1962, and the fees payable therefor, of permits which expired before such amendments became operative, as well as permits which expire thereafter.

The revolving fund shall be reimbursed from service fees, connection charges, tax revenues or other moneys available to the district, and no sums shall be disbursed from the fund until an agreement with a term not exceeding five years has been made between the board of supervisors and the governing board of the district encompassing the method by, and the time within, which the district is to reimburse the fund. Such reimbursement from tax revenue shall not exceed in any one fiscal year an amount equal to one cent (\$.01) on the tax rate or twenty-five thousand dollars (\$25,000), whichever is less. 25210.77a. For any county service area located therein, a county may fix and collect charges for a particular extended service authorized pursuant to this article to pay, in whole or in part, for the cost thereof. The revenue obtained thereby may be in lieu of, or supplemental to revenue obtained by the levy of taxes. The charges

may vary by reason of the nature of the use or the month in which the service is rendered to correspond to the cost and the value of the service.

Any county which has fixed charges pursuant to this section may, by ordinance, provide a procedure for, and collect such charges, on the tax roll in the same manner and at the same time as its general ad valorem property taxes are collected as provided herein. Any such ordinance shall provide that:

(a) Once a year the board of supervisors shall cause to be prepared a written report which shall contain a description of each parcel of real property receiving the particular extended service and the amount of the charge for each parcel for such year computed in conformity with the procedure set forth in the ordinance authorizing collection of such charges on the tax roll. Such report shall be filed with the clerk of the board of supervisors.

(b) Upon the filing of such report, the clerk shall fix a time, date, and place for hearing thereon and for filing objections or protests thereto. The clerk shall publish notice of such hearing as provided in Section 6066, prior to the date set for hearing, in a newspaper of general circulation printed and published in the county.

(c) At the time, date and place stated in the notice, the board of supervisors shall hear and consider all objections or protests, if any, to the report and may continue the hearing from time to time. Upon conclusion of the hearing, the board of supervisors may adopt, revise, change, reduce, or modify any charge and shall make its determination upon each charge as described in the report and thereafter, by resolution, shall confirm the report.

(d) The charges set forth in the report, as confirmed, shall appear as a separate item on the tax bill. The charge may be collected at the same time and in the same manner as ordinary county ad valorem property taxes are collected and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for such taxes. All laws applicable to the levy, collection and enforcement of county ad valorem property taxes shall be applicable to such charge.

Except as otherwise provided in this section, the provisions of this chapter shall not apply to roadside stands, food establishments which are open to the outside air, or retail dairies or areas therein, in which there is displayed for sale only produce, shell eggs, or packaged foods, or any two or more of such products. The department shall adopt rules and regulations for such establishments as it determines are reasonably necessary for the protection of the public health and safety. Such rules and regulations shall require the issuance of permits by local health departments to such establishments which satisfy the requirements of such rules and regulations.

For these purposes the agency shall have the right of access through its authorized representatives to all properties within the agency.

SEC. 8. Section 4.7 of the Sutter County Water Agency Act (Chapter 2088 of the Statutes of 1959) is repealed.

SEC. 9. Section 4.7 is added to the Sutter County Water Agency Act (Chapter 2088 of the Statutes of 1959), to read:

Sec. 4.7. The agency shall have the power to construct its pipes, pipelines, canals, flumes, tunnels, conduits, or drainage or flood control facilities and improvements, along, under, or across any public road, street, alley, avenue, highway or sidewalk, levee, stream of water, watercourse, railway, canal, ditch, or flume which the route or location of such pipes, pipelines, canals, flumes, tunnels, conduits, or drainage and flood control facilities and improvements may lie parallel to, intersect, or cross; provided, such works are constructed in such manner as to afford security for life and property; and the agency shall restore at its own expense any such crossings and intersections to their former state as near as may be, or in a manner not to have impaired unnecessarily their usefulness. Every company, municipality, or district whose right-of-way is affected hereby shall unite with the agency in permitting the construction of such water distribution, drainage, or flood control facilities as herein provided and in granting the necessary rights-of-way therefor, subject to such reasonable conditions as such company, municipality, or district may impose.

SEC. 10. Section 13.1 of the Sutter County Water Agency Act (Chapter 2088 of the Statutes of 1959) is amended to read:

Sec. 13.1. The agency shall have no power to incur any bonded indebtedness except as expressly provided for in this act.

Sec. 14.15. The board shall have the power, in any year:

(1) To levy ad valorem taxes or assessments:

(a) To pay the general administrative costs and expenses, including maintenance and operation of established works, of the agency,

(b) To carry out any of the objects or purposes of this act of common benefit to the agency, and

(c) To provide a fund which may be used by the agency to pay the costs and expenses of constructing or extending any or all works established within or on behalf of any zone or participating zones within the agency; provided, that funds so used are replaced from funds derived from either of the following sources:

(i) Taxes or assessments levied pursuant to subdivisions (3) or (4) of this section within the zone or participating zones benefited by such construction in the year or years immediately following the use of the funds; or

(ii) Fees or charges collected under authority of Section 4.45.

(2) Taxes or assessments may be levied for purposes of subdivision (1) by either of the following methods:

(a) By a levy or assessment upon all property within the agency, including land, improvements thereon, and personal property; or

(b) By a levy or assessment upon all real property within the agency, including both land and improvements thereon.

(3) To levy taxes or assessments in any zone to pay the cost of carrying out any of the objects or purposes of this act performed or to be performed on behalf of the zone, including the constructing, maintaining, operating, extending, repairing or otherwise improving any or all works or improvements established or to be established within or on behalf of the zone, according to the benefits derived or to be derived by the zone, by either of the following methods:

(a) By a levy or assessment upon all property within a zone or participating zone, including land, improvements thereon, and personal property; or

(b) By a levy or assessment upon all real property within a zone or participating zone, including both land and improvements thereon. It is declared that for the purposes of any tax or assessment levied pursuant to this subdivision, the property so taxed or assessed within a given zone is equally benefited.

(4) To levy assessments upon any property in any zone, according to the provisions and procedures of the Improvement Act of 1911 (Division 7, commencing with Section 5000, Streets and Highways Code), the Improvement Bond Act of 1915 (Division 10, commencing with Section 8500, Streets and Highways Code), or the Municipal Improvement Act of 1913 (Division 12, commencing with Section 10000, Streets and Highways Code).

(5) To levy and collect a special tax or assessment upon the property in any zone within the agency for the purpose of raising

funds to make payments pursuant to any contract entered into with another governmental agency pursuant to Section 6.2 of this act when the contract requires the governmental agency to perform work in any specified zone or participating zones for its or their particular benefit and also requires the agency to pay such governmental agency a sum of money in consideration or subvention for the performance of the work. The tax or assessment levied pursuant to this subdivision shall be in addition to any other tax or assessment herein otherwise provided.

Taxes or assessments levied pursuant to this section shall be levied and collected together with, and not separately from, taxes for county purposes. The revenues derived from the agency taxes or assessments shall be paid into the county treasury to the credit of the agency or the respective zones thereof, as the case may be, and the board shall have the power to control and order the expenditure thereof for the purposes for which the tax or assessment was levied; provided, however, that no revenues, or portions thereof, derived in any of the several zones from taxes or assessments levied under the provisions of subdivision (3) of this section shall be expended for constructing, maintaining, operating, extending, repairing, or otherwise improving any works or improvements located in any zone other than the zone in which the work or improvement was or is to be done, except in the case of joint projects, or for projects authorized or established outside such zone, or zones, but for the benefit thereof. In cases of joint projects between two or more zones, such zones are, and shall be referred to as, participating zones.

The provisions of this section shall not apply to the financing, construction, acquisition, reconstruction, maintenance, operation, extending, repair, or other improvements to any work or improvement designed or intended primarily for the production, conservation, transmittal, distribution, and sale of ground and surface waters for the present or future beneficial use or uses of the lands or inhabitants within the agency or any zone thereof created for such purpose.

SEC. 12. Section 16.1 is added to the Sutter County Water Agency Act (Chapter 2088 of the Statutes of 1959), to read:

Sec. 16.1. The board of directors may issue and sell the agency or zone bonds authorized at not less than 95 percent par value, and the proceeds of the sale of such bonds shall be placed in the treasury of the county to the credit of the agency for the uses and purposes of the bonds; and the proper record of such transactions shall be placed upon the books of the county treasurer, and such funds shall be applied exclusively to the purposes and objects for which such bonds were issued, subject to the provisions in this act contained. Payments from these funds shall be made upon demands prepared, presented, allowed, and audited in the same manner as demands upon the funds of the county. The bonds shall be sold at a public sale to the highest bidder, after notice of such sale has been given by publication in the agency pursuant to Section 6061 of the Government Code at least

one week prior to such sale, and after such other notice as the board of directors may deem proper.

The manner of making, submitting, and opening bids and conducting such sale and the terms thereof shall be determined by the board of directors. The board is hereby given the right to reject any and all bids which in the judgment of the board are too low to be in the best interests of the agency.

SEC. 13. Section 26 of the Sutter County Water Agency Act (Chapter 2088 of the Statutes of 1959) is amended to read:

Sec. 26. The Legislature hereby finds that water problems in the County of Sutter require countywide water conservation, flood control, development of water resources, and the control of drainage, storm flood, and other waters; that all land within the county will be benefited thereby; that the solution of these problems lies within and is peculiar to the area to be included in the Sutter County Water Agency; that the county for many years has made investigations and engineering surveys of the county's water resources and drainage problems by private, public, and United States engineers; that county water districts, municipalities, irrigation districts, and reclamation districts now exist within portions of the county, have acquired property and works, developed a limited water supply, and have incurred indebtedness, but have been and are unable alone to economically develop an adequate water supply and control the floods of said county; that the rapid growth of population and urban development over widespread portions of the county have created drainage problems which cannot be economically resolved through existing districts; that to adequately and feasibly control the drainage, storm, flood, and other waters of the county it is necessary to have a political entity at least coextensive with the geographical limits of the entire county; and that the geography of the county is such that there are several drainage areas and noncontiguous watersheds therein. It is therefore hereby declared that a general law cannot be made applicable to said county, and that the enactment of this special law is necessary for the conservation, development, control, and use of said water for the public good and for the protection of life and property therein.

SEC. 14. Section 29 is added to the Sutter County Water Agency Act (Chapter 2088 of the Statutes of 1959), to read:

Sec. 29. The agency shall determine which projects or works of improvement shall be carried out and shall determine, as to each project or work of improvement, that it is either:

1. For the common benefit of the agency as a whole; or
2. For the common benefit of two or more zones hereinafter referred to as participating zones; or
3. For the benefit of a single zone.

SEC. 15. Section 30 is added to the Sutter County Water Agency Act (Chapter 2088 of the Statutes of 1959), to read:

Sec. 30. The agency may institute projects for single zones and joint projects for two or more zones, for the financing, constructing,

maintaining, operating, extending, repairing, or otherwise improving any work or improvement of common benefit to such zone or participating zones. All powers and duties of the agency may be exercised or performed on behalf of and within a zone of the agency. For the purpose of acquiring authority to proceed with any such project, the board of directors shall adopt a resolution setting forth the proposed boundaries and specifying its intention to undertake such project, together with the engineering estimates of the cost of same to be borne by the particular zones of participating zones and fixing a time and place for public hearing of the resolution and which shall refer to a map or maps showing the general location and general construction of such project. Notice of such hearing shall be given by publication once a week for two consecutive weeks prior to such hearing, the last publication of which notice must be at least seven days before such hearing, in a newspaper of general circulation designated by the board, circulated in such zone or each of such participating zones, if there be such newspaper, and if there be no such newspaper then by posting notice for two consecutive weeks prior to such hearing in five public places designated by the board, in such zone or in each of such participating zones. The notice must designate a public place in such zone or in each of the participating zones where a copy or copies of the map or maps of the joint project may be seen by any interested person. The map must be posted in each of the public places so designated in the notice at least two weeks prior to the hearing.

At the time and place fixed for the hearing, or at any time to which the hearing may be continued, the board shall consider all written or oral objections to the proposed project. Upon the conclusion of the hearing the board may abandon the proposed project, modify it, or proceed with the same, unless prior to the conclusion of the hearing written protests against the proposed project signed by a majority in number of the registered voters residing within such zone or participating zones be filed with the board, in which event further proceedings relating to such project shall be suspended for not less than six months following the date of the conclusion of the hearing, or the proceeding may be abandoned in the discretion of the board.

SEC. 16. Section 31 is added to the Sutter County Water Agency Act (Chapter 2088 of the Statutes of 1959), to read:

Sec. 31. Each year at the time the board fixes and levies taxes for agency purposes, it shall also fix the rates of zone taxes and shall levy the taxes upon the zone. The zone rate shall be such as will produce, after allowance of not to exceed 15 percent for delinquencies, the amount required to meet the expenditures incident to the project or works of improvement for which the zone is established and the cost of the maintenance thereof or both, during the current fiscal year. The tax in any one fiscal year shall not exceed an aggregate of twenty-five cents (\$.25) on each one hundred dollars (\$100) of assessed valuation of the taxable property in the zone for any and all zone projects or works of improvement unless the excess is

authorized at an election as provided in this section.

The taxes levied pursuant to this section shall be in addition to any other taxes or assessments provided by this act and shall be levied and collected at the same time and in the same manner as other agency taxes and assessments. All funds collected by reason of the tax shall be expended only on behalf of the zone and only for the purpose for which the zone was formed, as set forth in the notice of hearing on the proposal to establish the zone.

Whenever the board determines it is in the best interest of a zone to undertake a project or works of improvement which will require a rate of zone tax in excess of twenty-five cents (\$0.25) on each one hundred dollars (\$100) of assessed valuation of the taxable property in the zone, it may submit the proposition to the electors within the zone. The board shall, by resolution, call an election for the purpose of proposing the question to the voters of the zone as to whether or not the taxes in excess of twenty-five cents (\$0.25) for each one hundred dollars (\$100) of assessed valuation of the taxable property in the zone shall be proposed within the zone, prescribing the notice, time, place, and manner of conducting the election in conformity, as nearly as practicable, with the provisions of the Elections Code governing general elections. An election is invalid unless held within the zone and notice of the time, place, and purpose of the election has been given by publication in the district pursuant to Section 6066 of the Government Code and posted in not less than three public places in the zone. If a majority of the votes cast favor such tax rate, the board may thereafter tax not to exceed such new rate.

The taxes shall be levied and collected together with, and not separately from, taxes for county purposes, and the revenues derived from agency taxes or assessments shall be paid into the county treasury to the credit of the agency, or the respective zones thereof, and the board shall have the power to control and order the expenditure thereof for such purposes; provided, however, that no revenues, or portions thereof, derived in any of the several zones from the taxes or assessments levied under the provisions of this section shall be expended for constructing, maintaining, operating, extending, repairing, or otherwise improving any works or improvements located in any other zone, except in the case of joint projects, or for projects authorized or established outside such zone, or zones, but for the benefit thereof. In cases of joint projects between two or more zones, such zones will become, and shall be referred to as, participating zones.

SEC. 17. Section 32 is added to the Sutter County Water Agency Act (Chapter 2088 of the Statutes of 1959), to read:

Sec. 32. (1) Whenever the board determines that a bonded indebtedness should be incurred to pay the cost of any work or improvement in any zone or zones, the board may, by resolution, determine and declare the respective amounts of zone bonds in order to raise the amount of money necessary for each work or improvement and the denomination and rate of interest of the

bonds. The board shall cause a copy of the resolution, duly certified by the clerk, to be filed for record in the office of the Recorder of Sutter County within five days after its issuance. From and after the filing of the copy of such resolution the board shall be deemed vested with the authority to proceed with the zone bond election.

(2) After the filing for record of the resolution specified in subdivision (1) of this section, the board may call a special bond election in the zone or participating zones at which shall be submitted to the qualified electors of the zone or participating zones the question whether or not bonds shall be issued in the amount or amounts determined in the resolution and for the purpose or purposes therein stated. The bonds and the interest thereon shall be paid from revenue derived from annual taxes or assessments levied upon the property situated within the zone or participating zones, and all such property shall be and remain liable to be taxed or assessed for such payments as provided in this act.

(3) The board shall call such special zone bond election by ordinance and not otherwise and submit to the qualified electors of the zone or participating zones the proposition of incurring a bonded debt in the zone or participating zones in the amount and for the purposes stated in the resolution and shall recite therein the objects and purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to give a brief, general description of such objects and purposes, and refer to the recorded copy of such resolution adopted by the board, and on file for particulars; and the ordinances shall also state the estimated cost of the proposed work and improvements, the amount of the principal of the indebtedness to be incurred therefor, and the rate of interest to be paid on the indebtedness, and shall fix the date on which such special election shall be held, and the form and contents of the ballot to be used. The rate of interest to be paid on such indebtedness shall not exceed 7 percent per annum. For the purposes of the election, the board shall in the ordinance establish special zone bond election precincts within the boundaries of each zone and participating zone and may form election precincts by consolidating the precincts established for general elections in the district to a number not to exceed six general precincts for each such special zone bond election precinct, and shall designate a polling place and appoint one inspector, one judge, and one clerk for each of such special bond election precincts.

In all particulars not recited in the ordinance, such special bond election shall be held as nearly as practicable in conformity with the general election laws of the state.

The board shall cause a map or maps to be prepared covering a general description of the work to be done, which map shall show the location of the proposed works and improvements and shall cause the map to be posted in a prominent place in the county courthouse for public inspection for at least 30 days before the date fixed for such election.

The ordinance calling for such special zone bond election shall,

prior to the date set for such election, be published pursuant to Section 6062 of the Government Code in a newspaper of general circulation circulated in each zone and participating zone affected. The last publication of such ordinance must be at least 14 days before the election, and if there be no such newspaper, then such ordinance shall be posted in five public places designated by the board, in each zone and participating zone for at least 30 days before the date fixed for such election. No other notice of such election need be given nor need polling place cards be issued.

Any defect or irregularity in the proceedings prior to the calling of such special bond election shall not affect the validity of the bonds authorized by such election. If at such election a majority of the votes cast are in favor of incurring such bonded indebtedness, then bonds for such zone or participating zones for the amount stated in such proceedings shall be issued and sold as in this act provided.

SEC. 18. Section 33 is added to the Sutter County Water Agency Act (Chapter 2088 of the Statutes of 1959), to read:

Sec. 33. The board shall, subject to the provisions of this act, prescribe by resolution the form of the zone bonds, which must include a designation of the zone or participating zones affected, and of the interest coupons attached thereto. Zone bonds shall be payable annually or semiannually, at the discretion of the board, each and every year on a day and date, and at a place, to be fixed by the board and designated in such bonds, together with the interest on all sums unpaid on such date until the whole of the indebtedness shall have been paid.

The bonds shall be issued in such denominations as the board may determine, except that no bonds shall be of a lesser denomination than one hundred dollars (\$100), nor of a greater denomination than one thousand dollars (\$1,000), and shall be payable on the days and at the place fixed in the bonds, and with interest at the rate specified in such bonds, which rate shall not be in excess of 7 percent per annum, and shall be made payable annually or semiannually, and the bonds shall be numbered consecutively and shall be signed by the chairman of the board, and countersigned by the auditor of the agency, and the seal of the agency shall be affixed thereto by the clerk of the board. The interest coupons of the bonds shall be numbered consecutively and signed by the auditor by his engraved or lithographed signature. In case any such officer whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such bonds and coupons, and signatures or countersignatures, shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until the delivery of the bonds.

SEC. 19. Section 34 is added to the Sutter County Water Agency Act (Chapter 2088 of the Statutes of 1959), to read:

Sec. 34. The board may issue and sell the zone bonds of such zones authorized as provided in Section 16.1. The proceeds of the sale of such bonds shall be placed in the Treasury of the County of Sutter

to the credit of the agency and the respective participating zones thereof, for the uses and purposes of the zone or zones voting the bonds; and the proper record of such transactions shall be placed upon the books of the county treasurer, and the respective zone funds shall be applied exclusively to the purposes and objects mentioned in the ordinance calling such special zone bond election, subject to the provisions in this act contained. Payments from the zone funds shall be made upon demands prepared, presented, allowed, and audited in the same manner as demands upon the funds of the County of Sutter.

SEC. 20. Section 35 is added to the Sutter County Water Agency Act (Chapter 2088 of the Statutes of 1959), to read:

Sec. 35. Any zone bonds issued under the provisions of this act shall be a lien upon all property of the zone or zones of issuance. Zone bonds and the interest thereon shall be paid by revenue derived from an annual tax upon all property within the zone or participating zones and all property in the zone or participating zones shall be and remain liable to be taxed for such payments. No zone nor property therein shall be liable for the share of bonded indebtedness of any other zone, nor shall any moneys derived from taxation or assessment in any of the several zones be used in payment of principal or interest or otherwise of the share of bonded indebtedness chargeable to any other zone.

Zone bonds may be deposited and registered with the treasurer of the county, and it shall be an official duty of the treasurer to receive and register the bonds in the name of the holder and to keep a sufficient book of registry thereof setting forth a description of the bonds and the names and addresses of the respective holders, and to give each holder of such bonds so registered a receipt therefor, which receipts shall be personal to the respective holders and not transferable. Such bonds shall be returned to such holders thereof, or in case of death to the duly appointed personal representative of the holder's estate, upon the giving of receipt therefor, with or without return of the receipt given by the treasurer at the time of such deposit and registry. The treasurer, at the request of such holder, or such personal representative may detach and deliver to such holder or personal representative mature coupons from time to time, first taking receipts therefor.

SEC. 21. Section 36 is added to the Sutter County Water Agency Act (Chapter 2088 of the Statutes of 1959), to read:

Sec. 36. The board shall levy a tax each year upon all property in the zone or zones of issuance sufficient to pay the interest and such portion of the principal of zone bonds as is due or to become due before the time for making the next general tax levy. Such taxes shall be levied and collected in the respective zones of issuance together with and not separately from taxes for county purposes, and when collected shall be paid into the County Treasury of Sutter County to the credit of the zone of payment, and be used for the payment of the principal and interest on the bonds, and for no other purpose.

The principal and interest on the bonds shall be paid by the County Treasurer of Sutter County in the manner provided by law for the payment of principal and interest on bonds of the county.

SEC. 37. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The provisions of this act authorize the Sutter County Water Agency to control drainage water within the agency. Such waters constitute a danger to the health and safety of the residents of the agency, and such control is needed at the earliest possible time. It is necessary, therefore, that this act go into immediate effect.

CHAPTER 762

[Approved by Governor August 10, 1972. Filed with Secretary of State August 10, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 5506.5 is added to the Public Resources Code, to read:

5506.5. If the exterior boundaries of a proposed district are coterminous with the exterior boundaries of the County of Marin, proceedings for formation of such district may, in lieu of a petition, be initiated by resolution of the board of supervisors of such county.

The resolution may specify that the board of supervisors shall act, ex officio, as the governing body of the district. In such cases, the provisions of this article pertaining to the election of district directors shall not apply and all powers and authority of the district shall be vested in the board of supervisors of the county in its capacity as the governing body of the district.

SEC. 2. Section 5538.5 is added to the Public Resources Code, to read:

5538.5. If the Board of Supervisors of the County of Marin acts as the governing body of a district pursuant to Section 5506.5, officers and employees of the County of Marin shall act, ex officio, as officers and employees of the district and discharge the authority and responsibility specified in this article.

SEC. 3. Section 5545.6 is added to the Public Resources Code, to read:

5545.6. Any tax imposed under Section 5545 by a district formed pursuant to Section 5506.5 shall be used exclusively for the

SEC. 4. Section 5558 of the Public Resources Code is amended to read:

5558. The board shall superintend, control, and make available to all of the inhabitants of the district, subject to its rules and regulations, all public parks, playgrounds, beaches, parkways, scenic drives, boulevards, open spaces, and other facilities for public recreation belonging to the district or under its control.

It shall regulate, restrain, and control the kind of vehicles, and the time and conditions of travel or parking on such public parks, playgrounds, beaches, parkways, scenic drives, boulevards, open spaces, and other facilities for public recreation, and it shall employ a suitable police force and shall make all rules and regulations for the government and use of all the lands under its care.

It shall, in general, do all acts necessary to the proper execution of the powers and duties granted to, and imposed upon, the board by the provisions of this article, and to manage and control the business and affairs of the district.

Notwithstanding any other provision of this section, the board of any district organized pursuant to Sections 5506.5 and 5538.5 may designate and employ officers and employees of the county in which the district is located as the district police force required by this section.

SEC. 5. The Legislature hereby declares that there are unique problems involved in meeting the recreational needs of the people of the County of Marin, taking into consideration such factors as the county's topography, natural resources, population density, and the proximity of urban centers of large and expanding population to open space lands and other lands of high recreational value, and, therefore, a general law cannot be made applicable and the enactment of Sections 1 and 2 of this act as a special law is necessary.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that an election for the purpose of determining whether a regional park district shall be created and established in Marin County may be held concurrently with the general election to be held on November 7, 1972, it is necessary that this act go into effect immediately.

SEC. 2. Section 39090 of the Health and Safety Code is repealed.

SEC. 3. Section 39153.5 is added to the Health and Safety Code, to read:

39153.5. The provisions of subdivision (m) of Section 39052 and of Section 39152 shall not apply to motor vehicles under 6,001 pounds, manufacturer's maximum gross vehicle weight, if the manufacturer thereof advises the board in writing that the manufacturer does not intend to sell more than 1,000 motor vehicles in California in a given model year, and the manufacturer does not sell more than 1,000 motor vehicles of its make in such a year. Nothing herein shall be construed to prohibit the board from requiring testing by the applicable approval test procedure of up to 2 percent of the motor vehicles of such a manufacturer sold in California. This section shall not apply to 1976 and later model year motor vehicles.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act will apply to 1973 year model motor vehicles, for which production soon will begin. Therefore, it is necessary that this act take effect at the earliest possible time.

CHAPTER 764

An act to amend Section 451 of the Evidence Code, relating to judicial notice.

SEC. 2. The amendment of Section 451 of the Evidence Code made by Section 1 of this act does not constitute a change in, but is declaratory of, the preexisting law.

CHAPTER 765

An act to add Article 4.5 (commencing with Section 30760) to Chapter 2 of Division 17 of the Streets and Highways Code, relating to the Antioch Bridge, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 11, 1972 Filed with
Secretary of State August 11, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Article 4.5 (commencing with Section 30760) is added to Chapter 2 of Division 17 of the Streets and Highways Code, to read:

Article 4.5. Antioch Bridge

30760. As used in this article:

(a) "Existing bridge" means that bridge connecting the County of Contra Costa near Antioch with the County of Sacramento near Amelia Landing on Sherman Island, known as the Antioch Bridge, together with any existing or new or additional approaches thereto

necessary or desirable to connect the present Routes 4, 84, and 160, or any realignment thereof.

(b) "New bridge" or "new Antioch Bridge" means a new high-level fixed-span bridge across the San Joaquin River near Antioch to be located approximately parallel to and downstream from the existing bridge, together with an above-flood-level approach across Sherman Island and all other approaches thereto necessary or desirable to connect with the present Routes 4, 84, and 160, or any realignment thereof, and including necessary toll collection facilities. The new bridge shall include a lane of not less than eight feet in width for pedestrians and bicycles.

(c) "Authority" means the California Toll Bridge Authority.

(d) "Department" means the Department of Public Works of the State of California.

30761. The department is authorized to modify, improve, reconstruct, and remodel the existing bridge as is necessary to adequately handle anticipated traffic and permit the collection of tolls.

30762. The department shall design and, as soon as economically feasible, construct a new Antioch Bridge. The department shall explore sources of funding other than revenue bond issuance and, if possible, provide a toll-free facility. In this connection, the department shall seek federal funds for construction and shall comply with all federal requirements. If the department secures federal funds for the construction of the new bridge, the department, to the extent possible, shall use federal funds, prior to using state funds or revenue bond funds, to finance such construction.

30763. If the department determines that reimposition of tolls on the existing bridge will not jeopardize the possibility of obtaining federal funds to aid in financing the construction of the new bridge, the authority is authorized to reimpose tolls on the existing bridge. Revenues derived from such tolls shall be used solely for the following purposes:

(a) Modification, improvement, reconstruction, or remodeling of the existing bridge.

(b) To pay the costs of making studies and performing all preliminary work, including, but not limited to, surveys, plans, estimates of costs, right-of-way appraisals and acquisition, engineering studies, layouts, traffic studies, approach studies, consultant fees, and other preliminary expenses found by the department to be necessary preliminary to the issuance and sale of revenue bonds pursuant to the California Toll Bridge Authority Act (commencing with Section 30000) for the construction of the new Antioch Bridge. All revenues collected shall be deposited in the Antioch Bridge Toll Revenue Fund, which is hereby created, and shall be available for expenditure without regard to fiscal years.

(c) As security for the payment of revenue bonds issued to finance the construction of the new Antioch Bridge; provided, however, that the department may discontinue operation of the existing bridge

upon the opening of the new Antioch Bridge to traffic.

30764. For the purpose of obtaining funds to finance the construction of the new Antioch Bridge, the authority is authorized to issue revenue bonds. Except as herein otherwise provided, the provisions of the California Toll Bridge Authority Act (commencing with Section 30000) are hereby made applicable to such revenue bonds, and the authority and the department are authorized to do any and all things pursuant to law necessary to finance and to construct the new Antioch Bridge. The authority may insert in the bond indenture, or the resolution authorizing such bonds, such conditions as it deems necessary. The authority shall pledge the revenues of the new Antioch Bridge, from and after the date it is opened to traffic, as security for the payment of such bonds.

30765. As an alternative method of financing, the authority may issue revenue bonds to finance the construction of the new Antioch Bridge secured by a pledge of the revenues of the parallel Carquinez Bridges, the Benicia-Martinez Bridge, and the new Antioch Bridge. If the work is so financed, the authority shall include in the proceedings for the issuance of such bonds any and all provisions necessary or desirable to refinance, or otherwise provide for the payment of, any outstanding Carquinez Strait Bridges Toll Bridge Revenue Bonds or refunding bonds, and all revenues collected from the operation of the existing bridge and the new Antioch Bridge shall be paid into the same fund as revenues derived from the Carquinez Bridges and Benicia-Martinez Bridge and shall be available for expenditure for the same purposes as the revenues from those bridges.

30766. If the revenue bonds to finance the construction of the new Antioch Bridge are secured by a pledge of the revenues of the parallel Carquinez Bridges, the Benicia-Martinez Bridge, and the new Antioch Bridge, as authorized by Section 30765, all of these bridges may be operated as a single unit. The revenues of each of such bridges need not be accounted for separately, but may be allocated as security for all of the bonds issued, or to be issued, by the authority for these bridges.

30767. Should at any time it become necessary to operate a vehicle or passenger ferry as a substitute for the existing bridge when it is obstructed to traffic because of accident thereto or repair thereof, or is for any reason unable to fully accommodate traffic, any excess of revenue over expenses of operation of that ferry shall be deposited in the Antioch Bridge Toll Revenue Fund, or, if the alternative method of financing authorized by Section 30765 is used, in the same fund as revenues derived from the parallel Carquinez Bridges and the Benicia-Martinez Bridge are deposited in.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of the Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Antioch Bridge has been closed to vehicular traffic for 12

months during the past three years. The 46-year-old structure is extremely vulnerable to damage from marine traffic and to closure as a result of flooding of the approach highway. As a result, highway traffic can be, and has been, disrupted for extended periods of time, with the result that the livelihood of many citizens and the economy of their areas has been seriously damaged. In order that the Department of Public Works may commence work to modernize the present, and to construct new, bridge facilities at the earliest possible time, it is necessary that this act take effect immediately.

SEC. 7. Section 21295 of the Government Code is amended to read:

21295. Every member retired for disability for whom a different disability retirement allowance is not prescribed by any other provision of this article, including a member who is entitled to an industrial disability retirement allowance if the disability is industrial but who retires for nonindustrial disability, shall receive a disability retirement allowance which shall consist of:

The people of the State of California do enact as follows:

SECTION 1. Section 13990.10 is added to the Government Code, to read:

13990.10. (a) Upon receiving notice pursuant to Section 7531.5 of the Public Utilities Code of a railroad corporation's intent to abandon a line of railroad, the board shall promptly notify each city, county, transit district, statutorily created regional transportation planning agency, privately or publicly owned public utility furnishing gas, electric, or communication service, and council of governments of the area where the line of railroad proposed to be abandoned is located of such fact.

CHAPTER 775

An act to add Sections 1903.1 and 19662.1 to the Education Code, relating to the State School Building Aid Law of 1952, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 11, 1972. Filed with
Secretary of State August 11, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 1903.1 is added to the Education Code, to read:

1903.1. Notwithstanding any other provision of this code, for the purposes of applying the State School Building Aid Law of 1952 (Chapter 10 (commencing with Section 19551) of Division 14), the amount of outstanding bonded indebtedness, exclusive of interest, of the divided districts which is equal to the liability incurred by the acquiring district pursuant to Sections 1902 or 1905 shall be considered a liability of the acquiring district for purposes of computing bonding capacity of the district.

SEC. 2. Section 19662.1 is added to the Education Code, to read:

19662.1. Notwithstanding the provisions of Sections 19662 and 19663, in situations where an applicant district at the elementary grade level under this chapter is divided into three parts, each of which is included in a newly formed unified school district, each such part shall be excluded in determining the state loan repayment liability for any apportionment made to the original district subsequent to the date the unification is effective for purposes of Section 1703, provided:

(a) The assessed valuation of such part is less than 4 percent of the original district in the fiscal year immediately preceding the fiscal year the change is made effective for all purposes.

Successful unification elections in the Tustin Union High School District, Orange County, on June 6, 1972, will, pursuant to Section 1703 of the Education Code, become operative for limited purposes immediately. The districts must apply for state school building aid, and without the enactment of this act will be required to vote and

sell new bonds equal to ten percent of their assessed valuations. This language was inadvertently repealed in 1970 and should be reinstated to protect these districts and any future new unified districts from the necessity of heavy overbonding. To provide this protection, it is necessary that this act take immediate effect.

The people of the State of California do enact as follows:

SECTION 1. The Legislature intends, by this act, to establish procedures for the emergency evacuation and control of populated areas below dams. SEC. 2. Section 8589.5 is added to the Government Code, to read: 8589.5. (a) Inundation maps showing the areas of potential

flooding in the event of sudden or total failure of any dam, the partial or total failure of which the Office of Emergency Services determines, after consultation with the Department of Water Resources, would result in death or personal injury, shall be prepared and submitted as provided in this subdivision within six months after the effective date of this section, unless the time for submission of such maps is extended for reasonable cause by the Office of Emergency Services. The local governmental organization, utility, or other owner of any dam so designated shall submit to the Office of Emergency Services three such maps, which shall delineate potential flood zones that could result in the event of dam failure when the reservoir is at full capacity, at median storage level, and at normally low storage level. After submission of copies of such maps, the Office of Emergency Services shall review the maps, and shall return those maps which do not meet the requirements of this subdivision, together with recommendations relative to conforming to such provisions. Maps rejected by the Office of Emergency Services shall be revised to conform to such recommendations and resubmitted. The Office of Emergency Services shall keep on file those maps which conform to the provisions of this subdivision. Maps approved pursuant to this subdivision shall also be kept on file with the Department of Water Resources. The owner of a dam submitting copies of such maps to the Office of Emergency Services shall concurrently submit identical copies to the appropriate public safety agency of any city, county, or city and county likely to be affected.

(b) Based upon a review of inundation maps submitted pursuant to subdivision (a), the Office of Emergency Services shall designate areas within which death or personal injury would, in its determination, result from the partial or total failure of a dam. The appropriate public safety agencies of any city, county, or city and county, the territory of which includes such an area, shall adopt emergency procedures for the evacuation and control of populated areas below such dams. The Office of Emergency Services shall review such procedures to determine whether adequate public safety measures exist for the evacuation and control of populated areas below the dams, and shall make recommendations with regard to the adequacy of such procedures to the concerned public safety agency. In conducting such review the Office of Emergency Services shall consult with appropriate state and local agencies.

Emergency procedures specified in this subdivision shall conform to local needs, and may be required to include any of the following elements or any other appropriate element, in the discretion of the Office of Emergency Services: (1) delineation of area to be evacuated; (2) routes to be used; (3) traffic control measures; (4) shelters to be activated for the care of the evacuees; (5) methods for the movement of people without their own transportation; (6) identification of particular areas or facilities in the flood zones which will not require evacuation because of their location on high ground or similar circumstances; (7) identification and development of

SECTION 1. Section 2808.1 is added to the Streets and Highways Code, to read:

2808.1. None of the provisions of this division shall apply to proceedings heretofore or hereafter commenced for the construction or acquisition, or the construction and acquisition, of water improvements, including the acquisition of pipeline rights-of-way and easements necessary in connection with such improvement, when such proceedings have been recommended by the health officer of the City of Glendora as necessary as a health measure, if such recommendation is given in writing and spread upon the minutes of the City Council of the City of Glendora, and such necessity is found to exist by resolution adopted by the affirmative vote of four-fifths of the members thereof. None of the provisions of this division shall apply to proceedings heretofore or hereafter commenced for the construction or acquisition, or the construction and acquisition, of water improvements, including the acquisition of pipeline rights-of-way and easements necessary in connection with such improvement, when such proceedings have been recommended by the chief of the fire department of the City of Glendora, as necessary as a fire protection measure, if such recommendation is given in writing and spread upon the minutes of the City Council of the City of Glendora, and such necessity is found to exist by resolution adopted by the affirmative vote of four-fifths of the members thereof. The findings and determinations made by the City Council of the City of Glendora pursuant to this section shall be final and conclusive upon all persons in the absence of actual fraud.

This section shall remain in effect only until the 61st day after final adjournment of the 1977 Regular Session of the Legislature and as of that date is repealed.

SEC. 2. The Legislature further finds and declares that the water systems located in the foothills of Glendora are wholly inadequate to allow satisfactory fire protection and that the existence of this condition constitutes a threat to the public safety of the community. These problems are not, however, common to all areas of the state. It is, therefore, hereby declared that a general law cannot be made applicable and that the

enactment of this act as a special law is necessary to effectuate a solution to the fire protection problems which threaten the safety of the residents of the City of Glendora.

local governmental agencies so as to advantageously provide for the present and future needs of each county and its communities.

In addition to its other powers the local agency formation commission shall initiate and make studies of existing governmental agencies. Such studies shall include but shall not be limited to inventorying such agencies and determining their maximum service area and service capacities. In conducting such studies, the commission may ask for land use information, studies, and plans of cities, counties, and districts. Cities, counties, and districts shall comply with the request of the commission for such information and the commission shall make its studies available to cities, counties, and districts. In making these studies, the commission may cooperate with the county planning commissions.

In order to carry out its purposes and responsibilities for planning and shaping the logical and orderly development and coordination of local governmental agencies so as to advantageously provide for the present and future needs of the county and its communities, the local agency formation commission shall develop and determine the sphere of influence of each local governmental agency within the county. (g) The existence of social and economic interdependence and interaction between the area within the boundaries of a local governmental agency and the area which surrounds it and which could be considered within the agency's sphere of influence.

The commission shall periodically review and update the spheres of influence developed and determined by them.

The spheres of influence, after adoption, shall be used by the commission as a factor in making regular decisions on proposals over which it has jurisdiction. The commission may recommend governmental reorganizations to particular agencies in the county, using the spheres of influence as the basis for such recommendations. Such recommendations shall be made available, upon request, to other governmental agencies or to the public.

The commission, or the board of supervisors on behalf of the commission, is authorized to apply for or accept, or both, any financial assistance and grants-in-aid from public or private agencies or from the state or federal government or from a local government.

SEC. 3. Section 54796 of the Government Code is amended to read:

54796. Factors to be considered in the review of a proposal shall include but not be limited to:

No application to participate in the program shall be submitted by the governing board of the school district to this committee until an election has been held by all certificated employees of the school district and conducted by the district superintendent. A 60-percent majority of those voting shall be necessary to indicate support of the program. The pilot program shall commence on September 1, 1971, and shall terminate on August 31, 1974, and shall be implemented in accordance with the following schedule:

(a) 1971-1972, organization of the program, selection of master teachers, and payment of the extra stipend to selected master teachers.

The designated school districts shall be school districts which have certificated teaching staffs of not less than 100 nor more than 650, excluding those involved in adult education, who spend 80 percent of their teaching time in the classroom, and which have an average daily attendance of not less than 2,500 nor more than 10,000.

SEC. 2. Section 13246.7 is added to the Education Code, to read:

13246.7. A master teacher selection panel may adopt reasonable rules and regulations for the implementation of this article.

The master teacher selection panel shall appoint for each applicant for a master certificate, at least one, but not more than two certificated employees from a school district other than the participating school district and who spend at least four-fifths of their teaching time in a classroom, who shall inquire into the professional competence of the applicant. A third certificated employee may be appointed when a distinct difference of opinion exists between the evaluation of the two certificated employees. The appointed certificated employees may, if they are qualified, examine more than one applicant. The appointed certificated employees need not be residents of the county in which the participating school district is located. These appointed certificated employees shall be known as examiner teachers and shall be appointed by April 1 of the school year.

The examiner teachers shall sign affidavits stating that they have no specific knowledge of the applicant for certification as master teachers, either personally or professionally.

The examiner teachers shall make a written report on the applicant's professional competence to the master teacher selection panel not later than June 1st of the school year.

The examiner teachers shall talk with other teachers in the school where the applicant is employed, other teachers in the school district, the principal of the school where the applicant is employed, and other administrators, parents, and students who may have specific knowledge of the applicant's professional qualities. The examiner teacher shall also consider evidence of relative gains made by pupils taught by the applicant, as measured by standardized tests.

Upon a favorable recommendation by the examiner teachers, the master teacher selection panel, by majority vote of those present and voting, shall issue a certificate designating the applicant as a certificated master teacher.

The examiner teachers shall be reimbursed for necessary travel expenses incurred in connection with such inquiry. Examiner teachers shall be granted time off without loss of pay for not to exceed two schooldays during any school year for each applicant they

examine. The employing school district shall be reimbursed by the county superintendent of schools for the salary of substitute teachers hired for the examiner teachers from funds appropriated therefor by the Legislature.

A separate fund shall be established for receiving application fees and funds appropriated by the Legislature for administrative expenses, to be used for the payment of examiner teachers and other related expenses.

SEC. 6. Section 13248 of the Education Code is amended to read: 13248. Any school district which employs a certified master teacher shall pay the teacher an additional stipend of four thousand dollars (\$4,000) per school year over and above the regular salary which would otherwise be paid to the teacher. Payment of the additional stipend shall be made on a monthly basis to the teacher on a 10-month school year schedule.

From moneys appropriated therefor, the Superintendent of Public Instruction shall order reimbursements to be made from state school apportionment funds each fiscal year to each school district the total of additional stipends paid to certified master teachers in such fiscal year by the district; provided, that for the 1972-1973 fiscal year, the sum of two hundred thousand dollars (\$200,000) is appropriated for such reimbursements from the amount transferred to the State School Fund for expenditure pursuant to subdivision (f) of Section 17303.5. Any teacher who qualifies at any time during the school year shall be presumed to have been a master teacher for the entire year and shall be entitled to payment in the full stipend amount of four thousand dollars (\$4,000).

SEC. 7. Section 13314.3 is added to the Education Code, to read: 13314.3. (a) A permanent employee not qualified to render service as a classroom teacher, when advanced to an administrative or supervisory position, or assigned any special or other type of work, or given special classification or designation requiring certification qualifications, shall retain his permanent classification for the performance of the type of service for which he was qualified prior to such advancement, assignment, or special classification or designation.

(b) If an employee is authorized to render service in more than one type of position for which certification qualifications are required, either by virtue of his possession of one certification document authorizing service in two or more of such positions, or by virtue of his possession of separate certification documents authorizing service in two or more such positions, or any combination thereof, he shall, upon satisfying all other requirements prescribed by law, acquire permanent status as follows:

(1) If he is authorized to render service as a classroom teacher, he shall acquire permanent status as a classroom teacher.

(2) If he is not authorized to render service as a classroom teacher, he shall acquire permanent status below the administrative or supervisory level as a staff employee with multiple qualifications. His

right to serve in one or more of the positions for which he is qualified to serve shall be subject to the power of assignment of the school district governing board.

SEC. 8. Section 13314.5 of the Education Code is amended to read:

13314.5. A permanent employee, as specified in Section 13314.3, when advanced to an administrative or supervisory position requiring certification qualifications, or assigned any special or other type of work requiring certification qualifications, or given special classification or designation requiring certification qualifications, shall retain his permanent classification as specified in Section 13314.3.

If such a person is advanced to an administrative or supervisory position not requiring certification qualifications, is assigned any special or other type of work not requiring certification qualifications, or is given special classification or designation not requiring certification qualifications, his right to retain permanent classification shall be governed by the provisions of Article 4 (commencing with Section 13050) of Chapter 1 of this division.

SEC. 9. There is hereby appropriated from the General Fund in the State Treasury to the Director of Finance for each of the fiscal years 1971-1972 and 1972-1973 the sum of eight thousand four hundred dollars (\$8,400) to be allocated by him to school districts participating in the master teacher selection pilot program for the purpose of providing examiner teachers. Requests for such allocations shall be reviewed by the Department of Finance and are subject to the approval of that department.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Because of the limited time prescribed by law during which the Certified Master Teacher Law of 1970 is to be operative, and because a significant portion thereof has already elapsed, it is essential that this act, which prescribes more practicable criteria for the designation of participating districts and teachers, take effect immediately in order that the pilot program involved shall be operative for the maximum of the authorized time.

Further, in order to clarify the rights of permanent certificated employees at the earliest possible time in the 1972-1973 school year, it is necessary that this act take effect immediately.

An act to amend Section 656 of the Harbors and Navigation Code, relating to navigation, and making an appropriation therefor.

[Approved by Governor August 11, 1972 Filed with
Secretary of State August 11, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 656 of the Harbors and Navigation Code, as amended by Chapter 974 of the Statutes of 1971, is amended to read:

656. (a) It shall be the duty of the operator of a vessel involved in a collision, accident or other casualty, so far as he can do so without serious danger to his own vessel, crew, and passengers, to render to other persons affected by the collision, accident or other casualty such assistance as may be practicable and as may be necessary in order to save them from or minimize any danger caused by the collision, accident or other casualty, and also to give his name, address, and identification of his vessel in writing to any person injured and to the owner of any property damaged in the collision, accident or other casualty.

(b) Any person who complies with subdivision (a) or who gratuitously and in good faith renders assistance at the scene of a vessel collision, accident, or other casualty without objection by any person assisted shall not be held liable for any civil damages sought as a result of the rendering of assistance or for any act or omission in providing or arranging salvage, towage, medical treatment, or other assistance, where the assisting person has acted as an ordinary, reasonably prudent man would have acted under the same or similar circumstances.

The department shall furnish approved forms for the filing of such reports and shall prescribe by regulation the date by which the report is required to be submitted. In case the operator is unable to report by reason of circumstances beyond his control, the owner of the vessel shall file the report, if he has knowledge of the accident. SECTION 1. Section 6902.085 of the Education Code is amended to read:

No minor may be placed in a special education program for the mentally retarded unless a complete psychological examination by a credentialed school psychologist investigating such factors as developmental history, cultural background, and school achievement substantiates the retarded intellectual development

indicated by the individual test scores. This examination shall include estimates of adaptive behavior. Until adaptive behavior scales are normed and approved by the State Board of Education, such adaptability testing shall include, but is not limited to, a visit, with the consent of the parent or guardian, to the minor's home by the school psychologist or a person designated by the chief administrator of the district, upon the recommendation of the school psychologist, and interviews of members of the minor's family at their home. If the language spoken in the home is other than English, such interviews shall be conducted in the language of the home.

In the case of a minor whose primary home language is other than English, the psychological evaluation shall be conducted in the minor's primary home language. It shall be administered by a credentialed school psychologist fluent in the language of the minor. In the event such a person is not available, an interpreter qualified in the primary home language of the minor shall be provided to assure effective communication between the minor and the school psychologist administering the evaluation. The district shall provide the interpreter with in-service training in the application of evaluation techniques and procedures, such training to be given under the direction of a school psychologist according to guidelines established by the State Board of Education.

After a student has been screened and referred, written permission for the individual psychological evaluation shall be secured in a conference with a school official and the parent or guardian or his authorized representative. After the individual psychological evaluation is completed, the psychologist shall confer with the parent or guardian or his authorized representative regarding the recommendation to the admission committee. Following the admission committee meeting, a committee member shall meet with the parent or guardian or his authorized representative to discuss the committee conclusion and to obtain written permission for placement.

No minor shall be placed in a special education class for the mentally retarded without the written consent of the parent or guardian of the child after a complete explanation of the special education program. Permission documents for individual psychological evaluation, and placements, shall be written in English and in the language of the parent or guardian. Conferences and notices to inform the parent or guardian of the nature of the placement process, the committee conclusion, and the special education program shall be in the home language of the parent or guardian.

650.8. This article shall not be construed to authorize a registered professional forester to practice civil engineering as defined in Chapter 7 (commencing with Section 6700) of Division 3 of the Business and Professions Code or to practice land surveying as defined in Chapter 15 (commencing with Section 8700) of Division 3 of the Business and Professions Code.

652.5. Licenses and specialty certificates issued pursuant to this article shall expire on July 1 of each year.

652.6. Issuance of a license may be denied if sufficient evidence is received by the board of the commission or doing by the applicant of any act which, if committed or done by a licensee, would be grounds for the suspension or revocation of his license.

652.7. The board may upon its own motion, and shall upon the verified complaint in writing of any person, cause investigation to be made of the actions of any person licensed pursuant to this article, and may temporarily suspend or permanently revoke the license of any person who is guilty of or commits any one or more of the acts or omissions constituting cause for disciplinary action.

652.8. Any accusations against a registrant or a certificant shall be filed within two years after the act or omissions alleged as the ground for disciplinary action. The proceedings under this article shall be conducted in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code and the board shall have all the powers granted therein.

- (h) Every registered professional forester who desires to retain his registration on the books of the board shall, on or before the first day of July of each year, pay the renewal fee. In return for the payment of the renewal fee, a renewal certificate of registration shall be issued.

The amount of fees provided for herein shall be based on a determination by the board of the amount of revenues reasonably necessary to carry out the provisions of this article.

653.5. In case any person defaults in payment of the renewal fee, his registration may be revoked by the board on 60 days' notice in writing from the board, unless within this time the fee is paid, together with penalty, not exceeding the amount fixed by this article. The people of the State of California do enact as follows:

SECTION 1. Section 39052 of the Health and Safety Code is amended to read:

39052. The board shall:

(a) Conduct studies and evaluate the effects of air pollution upon human, plant, and animal life and the factors responsible for air pollution. The board may call upon the state department,

Department of Agriculture, the University of California, and such other state agencies it may deem necessary.

(b) Encourage a cooperative state effort in combating air pollution.

(f) Review rules and regulations of local or regional authorities filed with it pursuant to Sections 39314 and 39461 to assure that reasonable provision is made to control emissions from nonvehicular sources and to achieve the air quality standards established by the board. If the board finds, pursuant to Section 39054, that any rule or regulation of a local or regional authority submitted to it will not achieve applicable air quality standards, it may repeal such rule or regulation and promulgate a rule or regulation which it finds would achieve such standards. Such rule or regulation shall have the same force and effect as a rule or regulation adopted by the local or regional authority, and shall be enforced by the local or regional authority.

(k) Adopt test procedures specifying the manner in which new motor vehicles shall be approved based upon the emission standards contained in Article 2 (commencing with Section 39100) of Chapter

4 of this part. The board shall base its test procedures on driving patterns typical in the urban areas of California, and shall weight approval standards appropriately to reflect normal engine deposit accumulation. The board shall administer the test for new motor vehicles in accordance with such procedures. The board may revise any test procedures which it has adopted when the development and improvement of testing techniques and testing instruments warrants such revision in the judgment of the board. If the board revises such test procedures, it may establish revised emission standards for new motor vehicles which standards shall be applicable when such revised test procedures are used in testing vehicles. The revised standards may be expressed in terms and numerical values other than the terms and numerical values prescribed by, but shall not be less stringent than the standards prescribed by, Article 2 (commencing with Section 39100) of Chapter 4 of this part.

(l) Adopt regulations specifying the manner in which used motor vehicles shall be accredited based upon their emissions.

(m) Adopt, by regulation, emission standards and test procedures applicable to motor vehicles manufactured for sale in this state. Such regulations shall provide for the testing of vehicles on factory assembly lines or in such other manner as the board determines best suited to carry out the purposes of this part. (o) Adopt emission standards for motor vehicles which shall be applicable only to motor vehicles for which emission standards have not been specified in Article 2 (commencing with Section 39100) of Chapter 4 of this part.

(p) Adopt low emission standards for the purpose of carrying out Section 14808.1 of the Government Code and Section 6377 of the Revenue and Taxation Code for each model year motor vehicle beginning in 1970.

(q) The board shall adopt test procedures to establish that motor vehicles which have been modified or altered to use a fuel other than gasoline or diesel are in compliance with Section 39110 giving consideration to relative reactivity and air-fuel correction factor of the fuel being tested.

SEC. 2. Section 39054 of the Health and Safety Code is repealed.

SEC. 3. Section 39054 is added to the Health and Safety Code, to read:

39054. The board shall, before adopting, amending, or enforcing a coordinated basinwide air pollution control plan, a county program under such plan, or rules and regulations under such a plan or program, as provided in subdivision (f) of Section 39052, or Section 39274 or 39275, hold a public hearing, upon 30 days' written notice given to the basinwide air pollution coordinating council, if any, and the air pollution control districts affected. CHAPTER 810

An act to amend Sections 25101, 25110, 25111, 25120, 25212, 25232, 25300, 25503, 25608, and 29551 of the Corporations Code, relating to investments.

[Approved by Governor August 11, 1972. Filed with
Secretary of State August 11, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 25101 of the Corporations Code is amended to read:

25101. The following securities are exempted from the provisions of Section 25130:

(a) Any security issued by a person which is the issuer of any security registered under Section 12 of the Securities Exchange Act of 1934 and which has a class of equity securities held by 500 or more persons and has total assets exceeding one million dollars (\$1,000,000), or any security which is exempted from registration under Section 12 of that act by Section 12(g) (2) (G) of that act or which is issued by an investment company registered under the Investment Company Act of 1940; provided, however, that this exemption does not apply to such securities offered pursuant to a registration under the Securities Act of 1933 or pursuant to an exemption under Regulation A under that act if the aggregate offering price of the securities offered under such exemption exceeds fifty thousand dollars (\$50,000).

SEC. 1.5. Section 25110 of the Corporations Code is amended to read:

25110. It is unlawful for any person to offer or sell in this state any security in an issuer transaction (other than in a transaction subject to Section 25120), whether or not by or through underwriters, unless such sale has been qualified under Section 25111, 25112 or 25113 (and no order under Section 25140 or subdivision (a) of Section 25143 is in effect with respect to such qualification) or unless such security or transaction is exempted under Chapter 1 (commencing with Section 25100) of this part.

SEC. 2. Section 25111 of the Corporations Code is amended to read:

25111. (a) Any security for which a registration statement has been filed under the Securities Act of 1933 in connection with the same offering may be qualified by coordination under this section either in an issuer or nonissuer transaction.

(b) An application for qualification under this section shall contain the following information and be accompanied by the following documents, in addition to the information specified in Section 25160 and the consent to service of process required by Section 25165: (1) a copy of the registration statement under the Securities Act of 1933, together with all exhibits (other than exhibits incorporated by reference and those specified by rule of the commissioner, unless requested by the commissioner); (2) an undertaking to forward to the commissioner all future amendments to the registration statement under the Securities Act of 1933, other than an amendment which merely delays the effective date of the registration statement, promptly and in any event not later than the first business day after the day they are forwarded to or filed with the Securities and Exchange Commission, whichever first occurs; and (3) such other information as may be required to evidence compliance with any rules of the commissioner. Such application must be filed with the commissioner not later than the fifth business day following filing of the registration statement with the Securities and Exchange Commission, unless such time is extended by rule or order of the commissioner.

(c) Qualification of the sale of securities under this section automatically becomes effective (and the securities may be offered and sold in accordance with the terms of the application as amended) at the moment the federal registration statement becomes effective if all the following conditions are satisfied: (1) no stop order or order under subdivision (a) of Section 25143 is in effect under this law; (2) the application has been on file with the commissioner for at least 10 days; and (3) a statement of the maximum and minimum proposed offering prices and the maximum underwriting discounts and commissions has been on file for two business days or such shorter period as the commissioner permits by rule or order and the offering is made within those limitations. The applicant shall promptly notify the commissioner by telephone or telegram of the date and time when the federal registration statement became effective and the content of the price amendment, if any, and shall promptly file a posteffective amendment to the application containing the information and documents in the price amendment. "Price amendment" means the final federal amendment which includes a statement of the offering price, underwriting and selling discounts or commissions, amount of proceeds, interest, dividend or conversion rates, call prices and other matters related to the offering price. Upon failure to receive the required notification and posteffective amendment with respect to the price amendment, the commissioner may enter a stop order, without notice or hearing, retroactively denying effectiveness to the

application for qualification or suspending its effectiveness until compliance with this subdivision, if he promptly notifies the applicant by telephone or telegram (and promptly confirms by letter or telegram when he notifies by telephone) of the issuance of the order. If the applicant proves compliance with the requirements of this subdivision as to notice and posteffective amendment, the stop order is void as of the time of its entry. The commissioner may by rule or order waive either or both of the conditions specified in clauses (2) and (3) of this subdivision. If the federal registration statement becomes effective before all the conditions in this subdivision are satisfied and they are not waived, the application for qualification automatically becomes effective as soon as all the conditions are satisfied. If the applicant advises the commissioner of the date when the federal registration statement is expected to become effective, the commissioner shall promptly advise the applicant by telephone or telegram, at the applicant's expense, whether all the conditions are satisfied and whether he then contemplates the institution of a proceeding under Section 25140 or 25143; but this advice by the commissioner does not preclude the institution of such a proceeding at any time.

SEC. 2.5. Section 25120 of the Corporations Code is amended to read:

25120. It is unlawful for any person to offer or sell in this state any security in an issuer transaction in connection with any change in the rights, preferences, privileges, or restrictions of or on outstanding securities or in any exchange of securities by the issuer with its existing security holders exclusively or in any exchange in connection with any merger or consolidation or purchase of corporate assets in consideration wholly or in part of the issuance of securities, unless the security is qualified for sale under this chapter (and no order under Section 25140 or subdivision (a) of Section 25143 is in effect with respect to such qualification) or unless such security or transaction is exempted under Chapter 1 (commencing with Section 25100) of this part.

SEC. 3. Section 25212 of the Corporations Code is amended to read:

25212. The commissioner may, after appropriate notice and opportunity for hearing, by order censure, deny a certificate to, suspend for a period not exceeding 12 months or revoke the certificate of, any broker-dealer if he finds that such censure, denial, suspension, or revocation is in the public interest and that such broker-dealer, whether prior or subsequent to becoming such, or any partner, officer, director, or branch manager of such broker-dealer, whether prior or subsequent to becoming associated with such broker-dealer, or any person directly or indirectly controlling such broker-dealer, whether prior or subsequent to becoming such, or any agent employed by such broker-dealer while so employed:

(a) Has willfully made or caused to be made in any application for a certificate or in any report required to be filed with the

commissioner under this law, or in any proceeding before the commissioner, any statement which was at the time and in the light of the circumstances under which it was made false or misleading with respect to any material fact, or has willfully omitted to state in any such application or report any material fact which is required to be stated therein; or

(b) Has been either (1) convicted of or has pled nolo contendere to a felony or misdemeanor, or (2) held liable in a civil action by final judgment of a court based upon conduct showing moral turpitude, and the commissioner finds that any such felony, misdemeanor or civil action (i) involved the purchase or sale of any security, (ii) arose out of the conduct of the business of a broker-dealer or investment adviser, (iii) involved embezzlement, fraudulent conversion or misappropriation of property, funds or securities, or (iv) involved the violation of Section 1341, 1342 or 1343 of Title 18 of the United States Code; or

(c) Is permanently or temporarily enjoined by order, judgment, or decree of any court of competent jurisdiction from acting as an investment adviser, underwriter, or broker-dealer, or as an affiliated person or employee of any investment company, bank or insurance company, or from engaging in or continuing any conduct or practice in connection with any such activity or in connection with the purchase or sale of any security; or

(d) Is subject to any currently effective order of the Securities and Exchange Commission or the securities administrator of any other state denying registration to or revoking or suspending the registration of such person as a broker or dealer or investment adviser or is subject to any currently effective order of any national securities association or national securities exchange (as defined in the Securities Exchange Act of 1934) suspending or expelling such person from membership in such association or exchange; or

(e) Has willfully violated any provision of the Securities Act of 1933, the Securities Exchange Act of 1934, the Investment Advisers Act of 1940, the Investment Company Act of 1940, or Title 4 (commencing with Section 25000) of this code, including the Franchise Investment Law, Division 5 (commencing with Section 31000), or of any rule or regulation under any of such statutes; or

(f) Has willfully aided, abetted, counseled, commanded, induced, or procured the violation by any other person of any of the statutes or rules or regulations referred to in subdivision (e) above, or has failed reasonably to supervise, with a view to preventing violations of such statutes, rules and regulations, another person who commits such a violation, if such other person is subject to his supervision; for the purposes of this subdivision, no person shall be deemed to have failed reasonably to supervise any person if (1) there have been established procedures, and a system for applying such procedures, which would reasonably be expected to prevent and detect, insofar as practicable, any such violation by such other person, and (2) such person has reasonably discharged the duties and obligations

incumbent upon him by reason of such procedures and system without reasonable cause to believe that such procedures and system were not being complied with; or

(g) Is subject to any currently effective order of the commissioner entered pursuant to Section 25213 revoking or suspending the certificate of such person as an agent.

SEC. 4. Section 25232 of the Corporations Code is amended to read:

25232. The commissioner may, after appropriate notice and opportunity for hearing, by order censure, deny a certificate to, or suspend for a period not exceeding 12 months or revoke the certificate of, an investment adviser, if he finds that such censure, denial, suspension, or revocation is in the public interest and that such investment adviser, whether prior or subsequent to becoming such, or any partner, officer or director thereof or any person performing similar functions or any person directly or indirectly controlling such investment adviser, whether prior or subsequent to becoming such, or any employee of such investment adviser while so employed:

SECTION 1. Section 19060 is added to the Government Code, to read:

19060. When the Legislature, in the Budget Act, authorizes a specified number of positions in a specified class in a specified agency, the board shall approve the appointment of qualified persons to those positions, on the basis of the total responsibilities and productivity requirements of the job, without placing primary emphasis on the number of positions subordinate to the positions authorized.

[Approved by Governor August 11, 1972. Filed with
Secretary of State August 11, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 10608 of the Education Code is amended to read:

10608. If a pupil is expelled from school, the parent or guardian of the pupil may appeal to the county board of education which shall hold a hearing thereon and render its decision. The county board of education shall notify the governing board of the time and place of such hearing and either the governing board or its appointed designee may appear and present testimony at such hearing. The decision of the county board of education shall be final and binding upon the parent or guardian and the governing board expelling the pupil.

CHAPTER 832

An act to amend Sections 7.1, 7.3, 7.4, and 13 of, and to add Section 13.5 to, the Kern County Water Agency Act (Chapter 1003 of the Statutes of 1961), relating to the Kern County Water Agency, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 11, 1972. Filed with
Secretary of State August 11, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 7.1 of the Kern County Water Agency Act (Chapter 1003 of the Statutes of 1961) is amended to read as follows:

Sec. 7.1. The governing body of the agency shall be a board of seven directors, with one director being a voter of and nominated and elected from each of seven divisions established by ordinance of the agency. Following each decennial federal census, and using the census as a basis, the board shall adjust the boundaries of any or all of the divisions of the agency so that the divisions shall be as nearly equal in population as may be. In establishing the boundaries of the divisions, the board may give consideration to the following factors: (1) topography, (2) geography, (3) cohesiveness, contiguity, integrity, and compactness of territory, and (4) community of interest of the divisions. The boundaries of the divisions shall be adjusted by the board before the first day of November of the year following the year in which each decennial federal census is taken.

At any time between the decennial adjustments of district boundaries, the board may adjust the boundaries of the divisions on the basis of a census taken pursuant to Section 26203 of the Government Code, or on the basis of population estimates prepared by the State Department of Finance or the Kern County Planning Department or Kern County Planning Commission.

The term of office of any director who has been elected and whose term of office has not expired shall not be affected by any change in the boundaries of the division from which he was elected. At the first election following adjustment of the boundaries of any divisions, a director shall be elected for each division under the readjusted division plan that has the same division number as a division whose incumbent's term is due to expire. A change in the boundaries of a division shall not be made within 90 days prior to the final date of voter registration for an election of directors or between the direct primary election and the general election.

Each director shall be elected at the agency election and serve a term of four years. Each candidate for director at the agency election shall declare his candidacy and shall be nominated, election returns shall be canvassed, the election shall be held and conducted, the results shall be declared, and the certificates of election shall be issued, in the same manner as the declaration of candidacy, nomination, election, canvassing of returns, declaration of results, and issuing of certificates of election for county supervisors are made, declared, held and conducted, and issued, so far as consistent with the provisions of this act. Each of the seven candidates for director who receives the highest number of votes within his division at the agency election shall be elected, and shall take office at the same time provided by the Government Code for county officers.

All vacancies occurring in the office of director, including the failure of a person elected to qualify, shall be filled by appointment by the remaining directors of a person who is eligible to be elected for the vacancy.

SEC. 2. Section 7.3 of the Kern County Water Agency Act (Chapter 1003 of the Statutes of 1961) is amended to read:

Sec. 7.3. Unless previously approved by the board of supervisors, no tax or assessment shall be levied hereunder, no zone of benefit shall be created pursuant to Section 14.2 hereof, and no expenditure of funds unless previously approved in the form of a budget by the board of supervisors shall be made. The board of supervisors may, in connection with any of the foregoing, conduct public hearings. Such hearings shall be declared by a resolution specifying the purpose and the day, hour, and place where all interested persons may appear and be heard. This resolution shall be published in the agency pursuant to Section 6063 of the Government Code in a newspaper of general circulation in the agency. The hearing may be adjourned from time to time at the discretion of the board of supervisors and at its conclusion the board of supervisors shall declare its decision.

SEC. 3. Section 7.4 of the Kern County Water Agency Act

(Chapter 1003 of the Statutes of 1961) is amended to read:

Sec. 7.4. Each member of the board of directors shall be entitled to receive from the agency the sum of fifty dollars (\$50) for each meeting attended, not exceeding four meetings per month, plus actual, necessary, and reasonable traveling expenses. Each member of the board of supervisors, when acting pursuant to Section 7.3, shall be entitled to receive from the agency the sum of twenty-five dollars (\$25) for each meeting attended, plus actual, necessary, and reasonable traveling expenses.

SEC. 4. Section 13 of the Kern County Water Agency Act (Chapter 1003 of the Statutes of 1961) is amended to read as follows:

Sec. 13. The agency shall not incur any indebtedness or liability exceeding in any year the income and revenue provided for such year, and any indebtedness or liability incurred in violation of this section shall be absolutely void and unenforceable. This section shall have no application to debts and liabilities incurred pursuant to the provisions of this act authorizing the issuance of bonds, the levying of special assessments, or the execution of contracts with the United States or the state, or the issuance of negotiable promissory notes.

SEC. 5. Section 13.5 is added to the Kern County Water Agency Act (Chapter 1003 of the Statutes of 1961), to read:

Sec. 13.5. The agency may issue negotiable promissory notes to pay the cost of any work or improvement for the benefit of any member unit, as determined in any agreement between the agency and the member unit, or for the benefit of any improvement district or to refund any such notes. Such notes shall bear interest at a rate not exceeding 7 percent per annum, their maturity shall not be later than five years from the date thereof, and the total aggregate amount of such notes issued for each member unit or improvement district outstanding at any one time shall not exceed the lesser of either three million dollars (\$3,000,000) or 2 percent of the assessed valuation of the taxable property in the member unit or improvement district. All such notes shall be issued pursuant to a resolution of the board of directors of the agency which resolution shall, subject to the provisions hereof, prescribe the terms and conditions of such notes. Such notes and the interest thereon shall be payable from taxes or assessments levied on all taxable property within each improvement district or member unit for which such notes were issued or from revenues received from the member unit pursuant to any contract providing for the issuance of the notes. The board of directors is hereby authorized and directed to levy and collect taxes upon all property within the improvement district or member unit on whose behalf such notes are issued without limitation of rate or amount for the payment of the principal of and interest on such notes. Such taxes shall be in addition to any other taxes levied for all other agency purposes and shall be levied in the same manner and at the same time as all other agency taxes are levied and shall be used for no purpose other than payment of such principal and interest. No member unit or improvement district nor the property therein nor

other lands within the agency shall be liable for the notes issued for the benefit of any other member unit or improvement district, nor shall any moneys derived from taxation or assessments in any of the several member units or improvement districts be used to pay the principal or interest of notes issued for any other member unit or improvement district.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Kern County Water Agency proposes to construct a joint-use canal to transport water to various member units and to Kern County Water Agency Improvement District No. 4 in order to supply these areas with much needed water and alleviate a serious overdrafting of the underground basin. In order for the agency to be able to proceed with this project as rapidly as possible and prevent further unnecessary depletions of the underground water resources of the agency and protect the health and safety of its residents, the agency needs to be able to issue negotiable promissory notes to obtain financing for this project during the interim between the time bonds are authorized and the time they can be sold in an orderly and economical manner. It is necessary, therefore, that this act go into immediate effect.

CHAPTER 833

An act to amend Sections 621, 982, 1256.1, 1263, 1277, 1277.5, 1528.5, and 2629 of, and to add Sections 803.1, 803.2, and 1260.1 to, the Unemployment Insurance Code, relating to unemployment insurance.

[Approved by Governor August 11, 1972. Filed with
Secretary of State August 11, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 621 of the Unemployment Insurance Code is amended to read:

621. "Employee" means all of the following:

(a) Any officer of a corporation.
(b) Any individual who, under the usual common law rules applicable in determining the employer-employee relationship, has the status of an employee.

(c) (1) Any individual, other than an individual who is an employee under subdivision (a) or (b), who performs services for remuneration for any employing unit if the contract of service contemplates that substantially all of such services are to be performed personally by such individual either:

(A) As an agent-driver or commission-driver engaged in distributing meat products, vegetable products, fruit products, bakery products, beverages (other than milk), or laundry or drycleaning services, for his principal.

(B) As a traveling or city salesman, other than as an agent-driver or commission-driver, engaged upon a full-time basis in the solicitation on behalf of, and the transmission to, his principal (except for sideline sales activities on behalf of some other person) of orders from wholesalers, retailers, contractors, or operators of hotels, restaurants, or other similar establishments for merchandise for resale or supplies for use in their business operations.

(2) An individual shall not be included in the term "employee" under the provisions of this subdivision if such individual has a substantial investment in facilities used in connection with the performance of such services, other than in facilities for transportation, or if the services are in the nature of a single transaction not part of a continuing relationship with the employing unit for whom the services are performed.

(d) Any individual who is an employee pursuant to Section 601.5 or 680.

SEC. 2. Section 803.1 is added to the Unemployment Insurance Code, to read:

803.1. Notwithstanding any other provision of this article, if an entity acquires or succeeds to another entity in any manner, the method of reimbursement financing, in lieu of contributions required of employers, elected by the acquiring entity shall apply to all service performed in the employ of the acquiring entity. The acquiring entity shall be liable for the reimbursement of all benefits chargeable to the entity acquired under any method of reimbursement financing elected by the entity acquired, except that this provision shall not apply to the acquisition of, or succession to, less than a total entity if the remainder of the entity partially acquired or succeeded to remains in existence. "Entity" as used in this section means any entity as defined by subdivision (a) of Section 803.

SEC. 3. Section 803.2 is added to the Unemployment Insurance Code, to read:

803.2. Notwithstanding any other provision of this article, an entity which elected any method of reimbursement financing under Section 803 and which has acquired a previously accumulated favorable reserve account under Section 712 or subdivision (e) of Section 803 shall be liable for the reimbursement of benefits pursuant to such election for any benefits chargeable to the reserve account and based upon wages paid prior to such election, to the extent that such benefits exceed the previously accumulated favorable reserve account. "Entity" as used in this section means any entity as defined by subdivision (a) of Section 803.

SEC. 4. Section 982 of the Unemployment Insurance Code is amended to read:

982. (a) Except as provided in subdivision (b) of this section, no employer shall be eligible for a contribution rate of more or less than 2.7 percent for any rating period unless his reserve account has been subject to benefit charges during the period of 12 complete consecutive calendar quarters ending on the computation date for that rating period and he is qualified under Section 977 or 978.

(b) No new employer shall be eligible for a contribution rate of more or less than 2.7 percent unless his reserve account has been subject to benefit charges during the period of 12 complete consecutive calendar months ending on the computation date and he is qualified under Section 977 or 978.

(c) For the purposes of this section "new employer" means any of the following:

(1) An employer who first qualifies as an employer after the calendar year 1969, and whose account is continuously subject to benefit charges from the date of first chargeability, except that a successor employer under Section 1051 is not a new employer if such successor applies for or obtains the transfer of the reserve account or part thereof of a predecessor who is not a new employer.

(2) An employer whose entire reserve account has been transferred to a successor under Article 5 (commencing with Section 1051) of Chapter 4 of this part.

(3) An employer whose reserve account has been canceled pursuant to Section 1029.

(d) Section 905 applies to a new employer, except that for the purposes of this section "average base payroll" means:

(1) The payroll in the calendar year immediately preceding the computation date for a new employer with a payroll only in that calendar year.

(2) The quotient obtained by dividing by 2 the total amount of taxable wages paid by a new employer during the most recent period of two consecutive calendar years immediately preceding the computation date, for a new employer with a payroll only in each of, or only in the first of, such two consecutive calendar years.

SEC. 5. Section 1256.1 of the Unemployment Insurance Code is amended to read:

1256.1. (a) If the employment of an individual is terminated due to his absence from work for a period in excess of 24 hours because of his incarceration and he is convicted of the offense for which he was incarcerated or of any lesser included offense, he shall be deemed to have left his work voluntarily without good cause for the purposes of Section 1256. A plea or verdict of guilty, or a conviction following a plea of *nolo contendere*, is deemed to be a conviction within the meaning of this section irrespective of whether an order granting probation or other order is made suspending the imposition of the sentence or whether sentence is imposed but execution thereof is suspended.

(b) Notwithstanding any other provision of this division, any determination made prior to a conviction or other final disposition

of the criminal complaint or accusation by the court as to whether an individual who is terminated due to his absence from work because of incarceration voluntarily leaves without good cause may, if no appeal has been taken from the determination, for good cause be reconsidered by the department during the benefit year or extended duration period to which the determination relates. Notice of any reconsidered determination shall be given to the claimant and any employer or employing unit which received notice under Section 1328 or 1331, and the claimant or employer may appeal therefrom in the manner prescribed in Section 1328.

SEC. 6. Section 1260.1 is added to the Unemployment Insurance Code, to read:

1260.1. Notwithstanding any other provision of this division, benefits shall not be denied to any individual by reason of cancellation of wage credits or total reduction of his benefit rights for any cause other than discharge for misconduct connected with his work, fraud in connection with a claim for benefits, or receipt of disqualifying income. This section shall not be construed to authorize cancellation of wage credits or total reduction of benefit rights for any cause whatsoever, nor shall it limit or affect any other section that provides for cancellation of wage credits or total reduction of benefit rights for any cause permitted under this section.

SEC. 7. Section 1263 of the Unemployment Insurance Code is amended to read:

1263. (a) Any individual convicted under Section 2101 by any court of competent jurisdiction of willfully making a false statement or knowingly failing to disclose a material fact to obtain or increase any benefit or payment under this division shall forfeit any rights to benefits for the week in which the criminal complaint was filed and for the fifty-one (51) consecutive calendar weeks which immediately follow such week, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such individual to withdraw his plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty or dismissing the criminal complaint, but a forfeiture of benefits under this subdivision shall extend no later than the effective date of any such order under Section 1203.4 of the Penal Code, and, if the period of forfeiture has not previously expired, the forfeiture of benefits under this subdivision shall terminate as of the effective date of any such order.

(b) Any individual convicted under Section 2101 by any court of competent jurisdiction of willfully making a false statement or knowingly failing to disclose a material fact to obtain or increase any benefit or payment under this part, Part 3 (commencing with Section 3501), or Part 4 (commencing with Section 4001) shall, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such individual to withdraw his plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty or dismissing the criminal complaint, be ineligible to receive unemployment compensation or extended duration

benefits or federal-state extended benefits for the week in which the criminal complaint was filed, or any subsequent week, for which he is first otherwise in all respects eligible for unemployment compensation or extended duration benefits or federal-state extended benefits and for nine subsequent weeks for which he is otherwise in all respects eligible for unemployment compensation or extended duration benefits or federal-state extended benefits. No disqualification under this subdivision shall be applied to any week if all or any portion of the week is beyond the three-year period next succeeding the date of the filing of the criminal complaint.

(c) The department shall, effective upon the date of the filing of a criminal complaint against an individual prosecuted under Section 2101, suspend the payment of benefits to the individual.

(d) A plea or verdict of guilty, or a conviction following a plea of nolo contendere, is deemed to be a conviction within the meaning of this section irrespective of whether an order granting probation or other order is made suspending the imposition of the sentence or whether sentence is imposed but execution thereof is suspended.

(e) Notwithstanding the provisions of this section, an individual may during a period of forfeiture under subdivision (a) of this section meet the conditions to remove any disqualification that is imposed under Sections 1260 or 1261, or subdivision (b) of this section, but no week during the period of forfeiture shall be used to offset the amount of any overpayment.

SEC. 8. Section 1277 of the Unemployment Code is amended to read:

1277. Notwithstanding the provisions of Section 1281, if the base period of a new claim includes wages which were paid prior to the effective date of and not used in the computation of the award for a previous valid claim, the new claim shall not be valid unless, during the 52-week period immediately following the effective date of the previous valid claim, the individual was paid sufficient wages to meet the eligibility requirement of subdivision (a) of Section 1281 and had some work. For the purpose of this section only the term "wages" includes any and all compensation for personal services performed as an employee for the purpose of meeting the eligibility requirement under subdivision (a) of Section 1281. This section is not applicable to the computation of an award for disability benefits but the establishment of a valid claim for disability benefits shall not constitute a valid claim for unemployment compensation benefits unless the claimant was paid sufficient wages and performed some work to entitle the claimant to an award under this section.

SEC. 9. Section 1277.5 of the Unemployment Insurance Code is amended to read:

1277.5. In determining, under Section 1277, whether a new claim is valid, if the individual had some work during the 52-week period immediately following the effective date of the previous valid claim, then twice the amount which an individual was entitled to receive under Part 2 (commencing with Section 2601) of this division or

under Division 4 (commencing with Section 3201) of the Labor Code, or under any workmen's compensation law, employer's liability law, or disability insurance law of any other state or of the federal government, or under the maritime doctrine of maintenance and cure, during the 52-week period immediately following the effective date of the previous valid claim, shall be considered as wages paid to the individual during that 52-week period for purposes of meeting the eligibility requirements of subdivision (a) of Section 1281. The amounts so included shall not be considered wages for the purpose of computing the weekly benefit amount of the individual under Section 1280.

SEC. 10. Section 1528.5 of the Unemployment Insurance Code is amended to read:

1528.5. (a) Money credited to the account of this state in the Unemployment Trust Fund by the Secretary of the Treasury of the United States of America pursuant to Section 903 of the Social Security Act, as amended, may not be requisitioned from this state's account or used except for the payment of benefits and for the payment of expenses incurred for the administration of this part. Such money may be requisitioned pursuant to Section 1529 for the payment of benefits. Such money may also be requisitioned and used for the payment of expenses incurred for the administration of this part but only pursuant to a specific appropriation by the Legislature and only if the expenses are incurred and the money is requisitioned after the enactment of an appropriation law which:

(1) Specifies the purposes for which such money is appropriated and the amounts appropriated therefor.

(2) Limits the period within which such money may be obligated to a period ending not more than two years after the date of the enactment of the appropriation law.

(3) Limits the amount which may be obligated during a fiscal year to an amount which does not exceed the amount by which (i) the aggregate of the amounts credited to the account of this state pursuant to Section 903 of the Social Security Act, as amended, during the same fiscal year and the 24 preceding fiscal years, exceeds (ii) the aggregate of the amounts obligated for administration and paid out for benefits and charged against the amounts credited to the account of this state during such 25 fiscal years.

(b) Amounts credited to this state's account in the Unemployment Trust Fund under Section 903 of the Social Security Act which are obligated for administration or paid out for benefits shall be charged against equivalent amounts which were first credited and which are not already so charged, except that no amount obligated for administration during a fiscal year specified herein may be charged against any amount credited during such a fiscal year earlier than the 24th preceding such fiscal year.

(c) Money appropriated pursuant to this section for the payment of expenses of administration shall be requisitioned as needed for the payment of obligations incurred under such appropriation and, upon

requisition, shall be deposited in the Unemployment Administration Fund, but, until expended, shall remain a part of the Unemployment Fund. The director and the Controller shall maintain a separate record of the deposit, obligation, expenditure, and return of funds so deposited. Any money so deposited which either will not be obligated within the period specified by the appropriation law or remains unobligated at the end of the period, and any money which has been obligated within the period but will not be expended shall be returned promptly to the account of this state in the Unemployment Trust Fund.

SEC. 11. Section 2629 of the Unemployment Insurance Code is amended to read:

2629. (a) Except as provided in this section, an individual is not eligible for disability benefits under this part for any day of unemployment and disability for which he has received, or is entitled to receive "other benefits" in the form of cash payments.

(b) "Other benefits" as used in this section means:

(1) Temporary disability indemnity under a workmen's compensation law of this state or of any other state or of the federal government.

(2) Temporary disability benefits under any employer's liability law of this state or of any other state or of the federal government.

(3) Temporary disability benefits for work-connected injuries or illness under the maritime doctrine of maintenance and cure.

(c) If such "other benefits" are less than the amount an individual would otherwise receive as disability benefits under this part, he shall be entitled to receive, for such day, if otherwise eligible, disability benefits under this part reduced by the amount of such "other benefits." If after receipt of, or determination of entitlement to receive, such other benefits, a claim for disability benefits under this part is filed during the same continuous period of disability, because of a disability for which a claim for such other benefits was made, the maximum amount of disability benefits payable under this part during the disability benefit period thereby established shall be reduced by the amount of such "other benefits" which the claimant has received or has been determined to be entitled to receive.

SEC. 12. Section 2629 of the Unemployment Insurance Code is amended to read:

2629. (a) Except as provided in this section, an individual is not eligible for disability benefits under this part for any day of unemployment and disability for which he has received, or is entitled to receive "other benefits" in the form of cash payments.

(b) "Other benefits" as used in this section means:

(1) Temporary disability indemnity under a workmen's compensation law of this state or of any other state or of the federal government.

(2) Temporary disability benefits under any employer's liability law of this state or of any other state or of the federal government.

(3) Temporary disability benefits for work-connected injuries or

illness under the maritime doctrine of maintenance and cure.

(c) If, after receipt of, or determination of entitlement to receive, such other benefits, a claim for disability benefits under this part is filed during the same continuous period of disability, because of a disability for which a claim for such other benefits was made, the maximum amount of disability benefits payable under this part during the disability benefit period thereby established shall be reduced by the amount of such "other benefits" which the claimant has received or has been determined to be entitled to receive.

SEC. 13. It is the intent of the Legislature that if this bill and Assembly Bill No. 715 both amend Section 2629 of the Unemployment Insurance Code and are both chaptered, and this bill is chaptered last, that the amendments proposed by both bills to Section 2629 shall be given effect and incorporated in the form set forth in Section 12 of this act, and that Section 11 of this act shall not become operative. If Assembly Bill No. 715 is not chaptered, Section 12 of this act shall not become operative, and Section 11 of this act shall be operative.

SEC. 14. The provisions of Section 982 as amended by this act shall apply to rating periods beginning with the calendar year 1974 and the provisions of Section 982 as they existed prior to the effective date of the amendment enacted by this act shall remain applicable to rating periods prior to the calendar year 1974.

SEC. 15. No right or cause of action founded upon any provision of law amended by this act as the provision existed prior to such amendment shall be abolished or impaired by this act.

CHAPTER 834

An act to amend Section 4100.5 of the Government Code, relating to subletting and subcontracting.

[Approved by Governor August 11, 1972. Filed with Secretary of State August 11, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 4100.5 of the Government Code is amended to read:

CHAPTER 835

An act making an appropriation for the operation of the 39th District Agricultural Association, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 11, 1972. Filed with
Secretary of State August 11, 1972.]

The people of the State of California do enact as follows:

SECTION 1. There is hereby appropriated from the General Fund in the State Treasury to the Department of Agriculture, for the operational support of the 39th District Agricultural Association, the sum of fifty thousand dollars (\$50,000), which shall be allocated by it to the 39th District Agricultural Association in accordance with a schedule to be prescribed by the department to negate revenue deficiencies caused by inclement weather and public reaction to civil disorders.

No funds appropriated pursuant to this act shall be expended until a loan agreement has been entered into by the 39th District Agricultural Association and the Department of Finance providing for the repayment within 10 years from the effective date of this act to the General Fund of such funds together with any interest computed at a rate to be determined by the Department of Finance. Such repayment shall be made from the funds available for the support of the 39th District Agricultural Association, which are hereby appropriated without regard to fiscal year to the extent necessary for such repayment.

SEC. 2. The appropriation made by this act is not a "separate appropriation" under the provisions of Section 4442 of the Agricultural Code and shall not preclude the 39th District Agricultural Association from participating in the apportionment of any money appropriated for district agricultural association fairs.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to meet a cash flow problem created by a significant decrease in anticipated revenues during the 1972 fair which, if not remedied, endangers the existence of the 39th District Fair, it is essential that this act take effect immediately.

CHAPTER 836

An act to amend Section 3106 of the Education Code, as amended by Chapter 132 of the Statutes of 1972, and declaring the urgency thereof, to take effect immediately, relating to school district unification.

[Approved by Governor August 11, 1972 Filed with
Secretary of State August 11, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 3106 of the Education Code, as amended by Chapter 132 of the Statutes of 1972, is amended to read:

3106. (a) An elementary school which has been included in a unified district because of a reorganization of districts under provisions of this chapter shall be maintained as an elementary school by the unified district unless discontinued as provided in this section. The governing board of the unified district may adopt a resolution or order to discontinue the elementary school at any regular or special meeting of the board and the order or resolution shall be in effect after 30 days unless within this period of time a petition is filed with the governing board requesting the continuance of the school signed by the parents or guardians of at least 10 or one-third, whichever number is the greater, of children of elementary school age, who are eligible to attend such school at the time of the petition. The signature of one parent is sufficient to represent all of the children of such parent. The parents or guardians eligible to sign such petitions shall be residents within the boundaries of the component elementary school district which maintained the school prior to the establishment of the unified school district, and shall be qualified electors within such district at the time the petition is filed, and shall have children of elementary school age who attend or are eligible to attend such school. If a school is discontinued as herein provided, the governing board of the unified school district may maintain the building for community and civic center and other lawful purposes.

(b) Subdivision (a) of this section does not apply to any unified school district which has an average daily attendance of 15,000 or more or which was unified on or before July 1, 1963, or to a school which is five miles or less from another elementary school.

(c) Subdivision (b) shall not become applicable until July 1, 1973, with respect to any school district which was a party in an action or proceeding which was pending or in progress in a court of record in this state on June 12, 1972, and which placed in issue the powers and duties of the governing board of the school district under this section as this section read as amended by Chapter 1074 of the Statutes of 1963.

SEC. 1.2. The amendments to Section 3106 of the Education Code effected by this act shall be deemed to have been in effect and

operative on and after June 12, 1972, as though Chapter 132 of the Statutes of 1972 had not taken effect, for purposes of any action or proceeding which was pending or in progress in a court of record in this state on that date and which placed in issue the powers and duties of the governing board of a school district under Section 3106 of the Education Code, as that section read as amended by Chapter 1074 of the Statutes of 1963.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The enactment of Chapter 132 of the Statutes of 1972 has, because of circumstances of which the Legislature had not been apprised, given rise to inequitable results in the administration of several unified school districts, by excluding these districts from prescribed procedures relating to the continuation of specified schools following school district reorganizations. In order that these administrative difficulties may be ameliorated at the earliest possible time it is essential that this act take effect immediately.

CHAPTER 837

An act to amend Section 25505.8 of, and to add Chapter 1.6 (commencing with Section 22515) to Division 16.5 of, the Education Code, relating to community colleges.

[Approved by Governor August 11, 1972. Filed with
Secretary of State August 11, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 25505.8 of the Education Code is amended to read:

25505.8. A district may admit and shall charge a tuition fee to nonresident students. The district may exempt from all or parts of the fee nonresidents who (a) enroll for six units or less, (b) are both citizens and residents of a foreign country, or (c) are military personnel or the dependents of military personnel. Any exemptions shall be made with regards to all nonresidents described in (a), or (b), or (c) above, and shall not be made on an individual basis.

A district may, with the approval of the Board of Governors of the California Community Colleges contract with a state, the federal government, a foreign country, or an agency thereof, for payment of all or a part of a nonresident student's tuition fee.

The nonresident tuition fee shall be paid in two equal installments at the beginning of each semester, or three equal installments at the beginning of each quarter and shall be set by the Board of Governors of the California Community Colleges not later than January 1st of

each year. The fee shall represent the amount per student enrolled in community colleges in all the districts of the state, which is expended by all districts for the current costs of education as defined by the California School Accounting Manual for pupils enrolled in grades 13 and 14.

The Board of Governors of the California Community Colleges shall compute the amount per pupil enrolled in all districts of the state.

The amount per pupil enrolled shall be derived by dividing the current costs expended from funds from all sources during the preceding year by the average daily attendance during the same year in grades 13 and 14 of all districts maintaining community colleges in the state and subtracting therefrom the amount allowed as basic state aid from the State School Fund. The same fee shall be charged irrespective of the type of class in which the student is enrolled.

The Board of Governors of the California Community Colleges shall also adopt a per-unit tuition fee for nonresidents on less than a full-time basis by dividing the fee for full-time nonresidents by 30 (units). The same per-unit rate shall be charged all nonresident students attending any summer sessions maintained by the community college.

A district shall report annually to the Board of Governors of the California Community Colleges the number of nonresidents enrolled for six units or less, the number of nonresidents enrolled for more than six units, and the total amount of fees collected from each category.

The provisions of this section which require a mandatory fee for nonresidents shall not apply to any district in which during the school year 1962-63 more than 15 percent of the students enrolled were residents of another state; except that the provisions of this section shall apply to such districts beginning with the school year 1975-1976 and except that the provisions of this section which require annual reports to be filed with the Board of Governors of the California Community Colleges on the number of such students enrolled shall apply to such districts in the same manner as to any other district.

SEC. 2. Chapter 1.6 (commencing with Section 22515) is added to Division 16.5 of the Education Code, to read:

CHAPTER 1.6. INTERSTATE ATTENDANCE AGREEMENTS

22515. The Legislature recognizes that existing community colleges in California may benefit from larger and more heterogeneous enrollment in certain curricula and that additional enrollment may often be added with little or no increase in the total operational cost of a given curriculum. It also recognizes that California residents can be provided more complete and more useful curricula in many cases if the curricula is planned and offered on the

basis of the needs of an entire region.

The Legislature encourages California community college districts and the Board of Governors of the California Community Colleges to include the educational needs of, and facilities available in, territory adjacent to California in their planning and to make use of those needs and facilities to the extent possible in the conduct of community college education in California.

22516. The Board of Governors of the California Community Colleges is authorized to enter into an interstate attendance agreement with any statewide public agency of another state, which is responsible for public schools providing instruction in grades 13 and 14 and which is an agency of a state which is a party to the Western Interstate Compact for Higher Education, for the exchange of residents, on a one-for-one basis, for the purposes of instruction. The agreement shall contain such terms as the board of governors may adopt and which are consistent with the authority and responsibility of California community college districts and the community colleges they maintain. In no event shall such an agreement permit or require the entry of California residents into institutions in another state on terms substantially different from those governing the admission of residents of the other state to California community colleges. Such agreements shall contain the provision that no additional state funds shall be required to carry out the provisions of this chapter.

22517. The governing board of each California community college district is authorized to participate in an interstate attendance agreement entered into by the board of governors. The governing board of a California community college district elects to participate by adopting a resolution to that effect and filing that resolution with the board of governors. The participation may be limited in any manner which is consistent with terms of the interstate attendance agreement in which the district desires to participate.

22518. If the governing board of a California community college district elects to participate in an interstate attendance agreement, it may waive, as a condition to such participation, all or part of the nonresident tuition required by Section 25505.8 in accordance with the terms of that interstate attendance agreement. Such a waiver shall apply only to students attending a community college maintained by that district pursuant to the provisions of that interstate attendance agreement.

22519. The board of governors may adopt rules and regulations to implement the provisions of this article as these provisions apply to California community college districts or to the State of California. Such rules and regulations shall contain the provision that no additional state funds shall be required to carry out the provisions of this chapter. The board of governors shall file a report on the operation of this article on or before the fifth legislative day of the 1975 Regular Session.

CHAPTER 838

An act to amend Section 1208 of the Penal Code, relating to work furloughs.

[Approved by Governor August 11, 1972. Filed with Secretary of State August 11, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 1208 of the Penal Code is amended to read: 1208. (a) The provisions of this section, insofar as they relate to employment, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of employment conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to employment, in that county is feasible. The provisions of this section, insofar as they relate to education, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of education conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to education, in that county is feasible. In any such ordinance the board shall prescribe whether the sheriff, the probation officer, or the superintendent of a county industrial farm or industrial road camp in the county shall perform the functions of the work furlough administrator. The board of supervisors may also terminate the operativeness of this section, either with respect to employment or education in the county if it finds by ordinance that, because of changed circumstances, the operation of this section, either with respect to employment or education in that county is no longer feasible.

Notwithstanding any other provision of law, the board of supervisors may by ordinance designate a facility for confinement of prisoners classified for the work furlough program and designate the work furlough administrator as the custodian of the facility. The sheriff may transfer custody of such prisoners to the work furlough administrator to be confined in such facility for the period during which they are in the work furlough program.

(b) When a person is convicted of a misdemeanor and sentenced to the county jail, or is imprisoned therein for nonpayment of a fine, for contempt, or as a condition of probation for any criminal offense, or committed under the terms of Section 6404 or 6406 of the Welfare and Institutions Code as a habit-forming drug addict, the work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular employment, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure employment for himself, unless the court at the time of sentencing or committing has ordered that such person not be granted work furloughs. The work furlough administrator may, if he concludes that

such person is a fit subject therefor, direct that such person be permitted to continue in his regular educational program, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure education for himself, unless the court at the time of sentencing has ordered that such person not be granted work furloughs.

(c) If the work furlough administrator so directs that the prisoner be permitted to continue in his regular employment or educational program, the administrator shall arrange for a continuation of such employment or education, so far as possible without interruption. If the prisoner does not have regular employment or a regular educational program, and the administrator has authorized the prisoner to secure employment or education for himself, the prisoner may do so, and the administrator may assist him in doing so. Any employment or education so secured must be suitable for the prisoner. Such employment or educational program, if such educational program includes earnings by the prisoner, must be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in such area. In no event may any such employment or educational program involving earnings by the prisoner be permitted where there is a labor dispute in the establishment in which the prisoner is, or is to be, employed or educated.

(d) Whenever the prisoner is not employed or being educated and between the hours or periods of employment or education, he shall be confined in the facility designated by the board of supervisors for work furlough confinement unless the work furlough administrator directs otherwise. If the prisoner is injured during a period of employment or education, the work furlough administrator shall have the authority to release him from the facility for continued medical treatment by private physicians or at medical facilities at the expense of the employer, workman's compensation insurer, or the prisoner. Such release shall not be construed as assumption of liability by the county or work furlough administrator for medical treatment obtained.

The work furlough administrator may release any prisoner classified for the work furlough program for a period not to exceed 72 hours for medical, dental, or psychiatric care, and for family emergencies or pressing business which would result in severe hardship if the release were not granted.

(e) The earnings of the prisoner may be collected by the work furlough administrator, and it shall be the duty of the prisoner's employer to transmit such wages to the administrator at the latter's request. Earnings levied upon pursuant to writ of attachment or execution or in other lawful manner shall not be transmitted to the administrator. If the administrator has requested transmittal of earnings prior to levy, such request shall have priority. In a case in which the functions of the administrator are performed by a sheriff,

and such sheriff receives a writ of attachment or execution for the earnings of a prisoner subject to this section but has not yet requested transmittal of the prisoner's earnings pursuant to this section, he shall first levy on the earnings pursuant to the writ. When an employer or educator transmits such earnings to the administrator pursuant to this subdivision he shall have no liability to the prisoner for such earnings. From such earnings the administrator shall pay the prisoner's board and personal expenses, both inside and outside the jail, and shall deduct so much of the costs of administration of this section as is allocable to such prisoner, and, in an amount determined by the administrator, shall pay the support of the prisoner's dependents, if any. If sufficient funds are available after making the foregoing payments, the administrator may, with the consent of the prisoner, pay, in whole or in part, the preexisting debts of the prisoner. Any balance shall be retained until the prisoner's discharge and thereupon shall be paid to him.

(f) The prisoner shall be eligible for time credits pursuant to Sections 4018, 4019, and 4019.2.

(g) In the event the prisoner violates the conditions laid down for his conduct, custody, education, or employment, the work furlough administrator may order the balance of the prisoner's sentence to be spent in actual confinement.

(h) Willful failure of the prisoner to return to the place of confinement not later than the expiration of any period during which he is authorized to be away from the place of confinement pursuant to this section is punishable as provided in Section 4532 of the Penal Code.

(i) As used in this section, "education" includes vocational training, and "educator" includes a person or institution providing vocational training.

(j) This section shall be known and may be cited as the "Cobey Work Furlough Law."

It is essential that the funds appropriated by this act be made available for expenditure at the earliest possible date in order that the existing program will not be delayed. The expeditious correction of such shortage of facilities and the efficient operation of the state park system require the immediate availability of these funds and it is therefore necessary that this act go into immediate effect.

I am reducing the appropriation contained in Section 2 (b) of Assembly Bill No. 612 from \$500,000 to \$400,000.

The reduced appropriation reflects what I believe is an appropriate level of State support for Operation SHARE for 1973-74.

With the above reduction I approve Assembly Bill No. 612.

RONALD REAGAN, Governor

CHAPTER 852

An act to amend Sections 5832.5, 5834, 5835.5, and 5855 of, and to add Section 5832.7 to, the Streets and Highways Code, relating to maintenance districts.

[Approved by Governor August 14, 1972. Filed with Secretary of State August 14, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 5832.5 of the Streets and Highways Code is amended to read:

5832.5. The board of supervisors may temporarily transfer moneys to the maintenance district fund from other funds in which such moneys are not immediately needed. The money so transferred shall bear interest at a rate to be fixed by the board and shall be used for the purposes provided in this chapter and be retransferred from the maintenance district fund out of the first available receipts.

SEC. 2. Section 5832.7 is added to the Streets and Highways Code, to read:

5832.7. Any area of a maintenance district, or of a temporary zone formed pursuant to Section 5855 in a district, which is included in a city by annexation or incorporation after a loan has been made shall continue to be taxed for the repayment of its proportionate share of the unpaid balance of the loan.

SEC. 3. Section 5834 of the Streets and Highways Code is amended to read:

5834. All contracts shall be let to the lowest responsible bidder. The board shall advertise for two or more days in a newspaper of general circulation published in the county, inviting bids for furnishing labor, material or supplies before any contract is made therefor. The board may require such bonds as it may deem adequate from the successful bidder to secure the faithful performance of the contract and the payment of all claims for labor and materials, and may reject any and all bids. In an emergency, work found by a four-fifths vote of the board to be necessary to protect life or property from impending flood damage may be done by negotiated contract without advertising for bids therefor.

SEC. 4. Section 5835.5 of the Streets and Highways Code is amended to read:

5835.5. Pursuant to a resolution adopted by its board of supervisors, a county may lend any available county funds to a county maintenance district for the replacement of obsolete equipment, or to defray unusual maintenance costs. Any such loan may be restricted for use in a temporary zone formed under the provisions of Section 5855 in a district. The loan shall bear interest at a rate to be fixed by the board of supervisors, and shall be repaid in approximately equal installments over a period not to exceed 10 years. Any funds lent to the district, or zone, are appropriated for the

purposes for which the loan was made. Any area of a district, or of a temporary zone in a district, which is included in a city by annexation or incorporation after a loan has been made shall continue to be taxed for the repayment of its proportionate part of the unpaid balance of the loan.

If a zone is formed to be responsible for the loan, the board of supervisors shall, in the first fiscal year in which a special tax may be levied in said zone, and in each succeeding year of the duration of the zone, levy a special tax upon the taxable property in the zone for the purpose of repaying with interest the amount lent to the district by the county. When the loan has been repaid, the zone shall terminate.

In case of emergency the board may also borrow funds from another maintenance district and the board may lend available district funds to another maintenance district. Such loans shall be subject to the same terms and conditions as loans made from county funds.

SEC. 5. Section 5855 of the Streets and Highways Code is amended to read:

5855. Where the board of supervisors or legislative body has so declared in its resolution of intention to order the formation of a maintenance district or any annexation thereto, the board of supervisors or legislative body may, in its resolution ordering the formation of a maintenance district or any annexation thereto, order the district divided into tax assessment zones. Tax assessment zones may be formed at a time other than at the formation of the district or any annexation thereto if pursuant to the same procedure of resolution, notice, and hearing as are applicable under this chapter to the annexation of territory.

No district shall be divided into zones unless the board of supervisors or legislative body finds that a tax assessment zone requires special services or special facilities in addition to those provided generally by the maintenance district or the replacement of obsolete equipment, and that the tax levy is commensurate with the special benefits to be provided in the zone. The boundaries of tax assessment zones may be changed or a zone may be dissolved in the same manner that a zone may be formed in an existing district.

When a zone is formed for the purpose of the construction or installation of special facilities in addition to those provided generally by the district or to replace obsolete equipment, the board of supervisors or legislative body may provide at the time of formation for the automatic dissolution of the zone upon payment of all assessments attributable to the special facilities.

[Approved by Governor August 14, 1972. Filed with

The people of the State of California do enact as follows:

SECTION 1. Chapter 2 (commencing with Section 509) of Title 7 of Part 2 of the Code of Civil Procedure is repealed.

SEC. 2. Chapter 2 (commencing with Section 509) is added to Title 7 of Part 2 of the Code of Civil Procedure, to read:

CHAPTER 2. CLAIM AND DELIVERY OF PERSONAL PROPERTY

509. The plaintiff in an action to recover the possession of personal property may, at the time of issuance of summons, or at any time before trial, claim the delivery of such property to him as provided in this chapter.

510. (a) Where a delivery is claimed, the plaintiff, by verified complaint or by an affidavit or declaration under penalty of perjury made by plaintiff, or by someone on his behalf, filed with the court, shall show:

(1) That the plaintiff is the owner of the property claimed or is entitled to the possession thereof, and the source of such title or right; and if plaintiff's interest in such property is based upon a written instrument, a copy thereof shall be attached;

(2) That the property is wrongfully detained by the defendant, the means by which the defendant came into possession thereof, and the cause of such detention according to his best knowledge, information, and belief;

(3) A particular description of the property, a statement of its actual value, and a statement to his best knowledge, information, and belief concerning the location of the property and of the residence and business address, if any, of the defendant;

(4) That the property has not been taken for a tax, assessment, or fine, pursuant to a statute; or seized under an execution against the property of the plaintiff; or, if so seized, that it is by statute exempt from such seizure.

(b) The court shall, without delay, examine the complaint and affidavit or declaration, and if it is satisfied that they meet the requirements of subdivision (a), he shall issue an order directed to the defendant to show cause why the property should not be taken from the defendant and delivered to the plaintiff. Such order shall fix the date and time for the hearing thereon, which shall be no sooner than 10 days from the issuance thereof, and shall direct the time within which service thereof shall be made upon the defendant. Such order shall inform the defendant that he may file affidavits on his behalf with the court and may appear and present testimony on his behalf at the time of such hearing, or that he may, at or prior to such hearing, file with the court a written undertaking to stay the delivery of the property, in accordance with the provisions of Section 514, and that, if he fails to appear, plaintiff will apply to the court for a writ of possession. Such order shall fix the manner in which service thereof shall be made, which shall be by personal service, or in accordance with the provisions of Section 1011, or in such manner as the judge may determine to be reasonably calculated to afford notice thereof to the defendant under the circumstances appearing from the complaint and affidavit or declaration.

(c) Upon examination of the complaint and affidavit or declaration and such other evidence or testimony as the judge may, thereupon, require, a writ of possession may be issued prior to hearing, if probable cause appears that any of the following exist:

(1) The defendant gained possession of the property by theft, as defined by any section of Title 13 (commencing with Section 447) of Part 1 of the Penal Code;

(2) The property consists of one or more negotiable instruments or credit cards;

(3) By reason of specific, competent evidence shown, by testimony within the personal knowledge of an affiant or witness, the property is perishable, and will perish before any noticed hearing can be had, or is in immediate danger of destruction, serious harm,

concealment, or removal from this state, or of sale to an innocent purchaser; and that the holder of such property threatens to destroy, harm, conceal, remove it from the state, or sell it to an innocent purchaser.

Where a writ of possession has been issued prior to hearing under the provisions of this section, the defendant or other person from whom possession of such property has been taken may apply to the court for an order shortening the time for hearing on the order to show cause, and the court may, upon such application, shorten the time for such hearing, and direct that the matter shall be heard on not less than 48 hours' notice to the plaintiff.

(d) Under any of the circumstances described in subdivision (a), or in lieu of the immediate issuance of a writ of possession under any of the circumstances described in subdivision (c), the judge may, in addition to the issuance of an order to show cause, issue such temporary restraining orders, directed to the defendant, prohibiting such acts with respect to the property, as may appear to be necessary for the preservation of rights of the parties and the status of the property.

(e) Upon the hearing on the order to show cause, the court shall consider the showing made by the parties appearing, and shall make a preliminary determination, which party, with reasonable probability, is entitled to possession, use, and disposition of the property, pending final adjudication of the claims of the parties. If the court determines that the action is one in which a prejudgment writ of possession should issue, it shall direct the issuance of such writ.

511. (a) A writ of possession shall not issue to enter the private premises of any person for the purpose of seizure of property, unless the court shall determine from competent evidence that there is probable cause to believe that the property or some part thereof is located therein.

(b) A writ of possession shall not issue until plaintiff has filed with the court a written undertaking executed by two or more sufficient sureties, approved by the court, to the effect that they are bound to the defendant in double the value of the property, as determined by the court, for the return of the property to the defendant, if return thereof be ordered, and for the payment to him of any sum as may from any cause be recovered against the plaintiff.

512. (a) The writ of possession shall be directed to the sheriff, constable, or marshal, within whose jurisdiction the property is located. It shall describe the specific property to be seized, and shall specify the location or locations where, as determined by the court from all the evidence, there is probable cause to believe the property or some part thereof will be found. It shall direct the levying officer to seize the same if it is found, and to retain it in his custody. There shall be attached to such writ a copy of the written undertaking filed by the plaintiff, and such writ shall inform the defendant that he has the right to except to the sureties upon such undertaking or to file a written undertaking for the redelivery of such property, as

provided in Section 514.

(b) Upon probable cause shown by further affidavit or declaration by plaintiff or someone on his behalf, filed with the court, a writ of possession may be endorsed by the court, without further notice, to direct the levying officer to search for the property at another location or locations and to seize the same, if found.

513. The levying officer shall forthwith take the property, if it be in the possession of the defendant or his agent, and retain it in his custody, either by removing the property to a place of safekeeping or, upon good cause shown, by installing a keeper, provided that, when the property is used as a dwelling, such as a housetrailer, mobilehome, or boat, the same shall be taken by placing a keeper in charge of the property, at plaintiff's expense, for two days. At the expiration of such period, the officer shall remove its occupants and take the property into his immediate custody.

If the property or any part thereof is in a building or enclosure, the levying officer shall demand its delivery, announcing his identity, purpose, and the authority under which he acts. If it is not voluntarily delivered, he shall cause the building or enclosure to be broken open in such manner as he reasonably believes will cause the least damage to the building or enclosure, and take the property into his possession. He may call upon the power of the county to aid and protect him, but if he reasonably believes that entry and seizure of the property will involve a substantial risk of death or serious bodily harm to any person, he shall refrain from seizing the property, and shall forthwith make a return before the court from which the writ issued, setting forth the reasons for his belief that such risk exists. The court shall make such orders and decrees as may be appropriate.

The levying officer shall, without delay, serve upon the defendant a copy of the writ of possession and written undertaking, the complaint and affidavit or declaration, by delivering the same to him personally, if he can be found, or to his agent from whose possession the property is taken; or, if neither can be found, by leaving them at the usual place of abode of either with some person of suitable age and discretion; or, if neither have any known place of abode, by mailing them to their last known address.

514. At any time prior to the hearing of the order to show cause, or before the delivery of the property to the plaintiff, the defendant may require the return thereof upon filing with the court a written undertaking executed by two or more sufficient sureties, approved by the court, to the effect that they are bound in double value of the property, as stated in the verified complaint, affidavit, or declaration of the plaintiff, or as determined by the court for the delivery thereof to the plaintiff, if such delivery be ordered, and for the payment to him of such sum as may for any cause be recovered against the defendant. At the time of filing such undertaking, the defendant shall serve upon the plaintiff or his attorney, in the manner provided by Section 1011, a notice of filing of such undertaking, to which a copy of such undertaking shall be attached, and shall cause proof of

service thereof to be filed with the court. If such undertaking be filed prior to hearing of the order to show cause, proceedings thereunder shall terminate, unless exception is taken to such sureties. If, at the time of filing of such undertaking, the property shall be in the custody of the levying officer, such property shall be redelivered to the defendant five days after service of notice of filing such undertaking upon the plaintiff or his attorney.

515. The qualification of sureties under any written undertaking referred to in this chapter shall be such as are prescribed by this code, in respect to bail upon an order of civil arrest. Either party may, within two days after service of an undertaking or notice of filing an undertaking under the provisions of this chapter, give written notice to the court and the other party that he excepts to the sufficiency of the sureties. If he fails to do so, he is deemed to have waived all objections to them. When a party excepts, the other party's sureties shall justify on notice within not less than two, nor more than five, days, in like manner as upon bail on civil arrest. If the property be in the custody of the levying officer, he shall retain custody thereof until the justification is completed or waived or fails. If the sureties fail to justify, the levying officer shall proceed as if no such undertaking had been filed. If the sureties justify or the exception is waived, he shall deliver the property to the party filing such undertaking.

516. When the levying officer has taken property as provided in this chapter, he shall keep it in a secure place and deliver it to the party entitled thereto, upon receiving his fees for taking and his necessary expenses for keeping the same, after expiration of the time for filing of an undertaking for redelivery and for exception to the sureties upon any undertaking, unless the court shall by order stay such delivery.

517. In cases where the property taken is claimed by any person other than the defendant or his agent, the rules and proceedings applicable in cases of third party claims after levy under execution or attachment shall apply.

518. The levying officer shall return the writ of possession, with his proceedings thereon, to the court in which the action is pending, within 20 days after taking the property mentioned therein.

519. After the property has been delivered to a party or the value thereof secured by an undertaking as provided in this chapter, the court shall, by appropriate order, protect that party in the possession of such property until the final determination of the action.

520. In all proceedings brought to recover the possession of personal property, all courts, in which such actions are pending, shall, upon request of any party thereto, give such actions precedence over all other civil actions, except actions to which special precedence is otherwise given by law, in the matter of the setting of the same for hearing or trial, and in hearing or trial thereof, to the end that all such actions shall be quickly heard and determined.

521. This chapter shall be operative only until December 31, 1975,

and on and after that date shall have no force or effect.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Supreme Court of California, in *Blair v. Pitchess*, 5 Cal. 3rd 258, decided on July 1, 1971, held the California claim and delivery law unconstitutional, as violative of procedural due process.

As a result of that case, there is no statutory plan whereby owners of personal property, unjustly withheld by persons having possession thereof, can secure an order or follow a judicial procedure to recover immediate possession of such property. This act is necessary to provide such a remedy.

SEC. 4. The Legislature declares this act is for the purpose of giving persons claiming the legal right to possession of property the legal remedies necessary to do so, within the requirements of procedural due process as set forth in the decision of *Blair v. Pitchess*, and that this act will enable controversies to be decided within the judicial system, and prevent controversies arising which will disturb the peace and well-being of the people of the State of California.

CHAPTER 856

An act to amend Sections 1410, 1501, and 1510 of, and to add Section 1521 to, the Code of Civil Procedure, and to amend Section 231 of the Probate Code, relating to escheat.

[Approved by Governor August 14, 1972. Filed with
Secretary of State August 14, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 1410 of the Code of Civil Procedure is amended to read:

1410. The Attorney General shall, from time to time, commence actions on behalf of the state for the purpose of having it adjudged that title to unclaimed property to which the state has become entitled by escheat has vested in the state, and for the purpose of having it adjudged that property has been actually abandoned or that the owner thereof has died and there is no person entitled thereto and the same has escheated and vested in the state. Such actions shall be brought in the Superior Court for the County of Sacramento; except that if any real property covered by the petition is not situated in the County of Sacramento, an action respecting the real property shall be commenced in the superior court for the county in which such real property or any part thereof is situated. The Attorney General shall cause to be recorded in the office of the county recorder of the county in which the real property is situated, a notice

of the pendency of the petition containing the names of the parties, and the object of the action and a description of the property in the county affected thereby. From the time of filing such notice for record only, shall a purchaser or encumbrancer of the property affected thereby be deemed to have constructive notice of the pendency of the action, and only of the pendency against parties designated by their real names.

Such action shall be commenced by filing a petition. The provisions of Section 1420, relating to the facts to be set forth in the petition, joinder of parties and causes of action, and the provisions of Section 1423, relating to appearances and pleadings, shall be applicable to any proceeding had under this section.

Upon the filing of the petition, the court shall make an order requiring all persons interested in the property or estate to appear on a day not more than 90 days nor less than 60 days from the date of the order and show cause, if any they have, why title to the property should not vest in the State of California.

Service of process in such actions shall be made by delivery of a copy of the order, together with a copy of the petition, to each person who claims title to any property covered by the petition and who is known to the Attorney General or the Controller or who has theretofore filed in the office of the Controller a written request for such service of process, stating his name and address, including street number, or post-office box number, if any, and by publishing the order at least once a week for four consecutive weeks in a newspaper published in the county in which the action is filed, the last publication to be at least 10 days prior to the date set for the hearing.

Upon completion of the service of process, as provided in this section, the court shall have full and complete jurisdiction over the estate, the property, and the person of everyone having or claiming any interest in the property, and shall have full and complete jurisdiction to hear and determine the issues therein, and to render an appropriate judgment.

In addition to the foregoing publication of the order, a notice shall be given by publication, at least once a week for four successive weeks in a newspaper published in the county from which the property was forwarded to the State Treasury or is situated, of each estate and item of property from such county or situated in such county in excess of one thousand dollars (\$1,000). Such notice shall state that a petition has been filed and an order made as hereinbefore provided and shall list each estate and item in excess of one thousand dollars (\$1,000) and show the amount of the property, if money, or a description thereof, if other than money, and the name of the owner or claimant and his last known address. Any omission or defect in the giving of such additional notice shall not affect the jurisdiction of the court.

If it appears from the facts found or admitted that the state is entitled to the property or any part thereof mentioned in the petition, judgment shall be rendered that title to such property or

part thereof, as the case may be, has vested in the state by escheat.

No costs of suit shall be allowed against any party in any action or proceeding had under this section.

SEC. 2. Section 1501 of the Code of Civil Procedure is amended to read:

SEC. 3. Section 1510 of the Code of Civil Procedure is amended to read:

1510. Unless otherwise provided by statute of this state, intangible personal property escheats to this state under this chapter if the conditions for escheat stated in Sections 1513 through 1521 exist, and if:

(a) The last known address, as shown on the records of the holder, of the apparent owner is in this state.

(b) No address of the apparent owner appears on the records of the holder and:

(1) The last known address of the apparent owner is in this state; or

(d) The last known address, as shown on the records of the holder, of the apparent owner is in a foreign nation and the holder is (1) domiciled in this state or (2) a government or governmental subdivision or agency of this state.

SEC. 4. Section 1521 is added to the Code of Civil Procedure, to read:

1521. (a) Except as provided in subdivision (b), and subject to Section 1510, all employee benefit trust distributions and any income or other increment thereon escheats to the state if the owner has not, within seven years after it becomes payable or distributable, accepted such distribution, corresponded in writing concerning such distribution, or otherwise indicated an interest as evidenced by a memorandum or other record on file with the fiduciary of the trust or custodial fund or administrator of the plan under which such trust or fund is established. SEC. 5. Section 231 of the Probate Code is amended to read:

231. (a) If a decedent, whether or not he was domiciled in this state, leaves no one to take his estate or any portion thereof by testate succession, and no one other than a government or governmental subdivision or agency to take his estate or a portion thereof by intestate succession, under the laws of this state or of any other jurisdiction, the same escheats at the time of his death in accordance with this article.

(b) Property passing to the state under this article, whether held by the state or its officers, is subject to the same charges and trusts to which it would have been subject if it had passed by succession, and is also subject to the provisions of Title 10 (commencing with Section 1300) of Part 3 of the Code of Civil Procedure relating to escheated estates.

If, however, such plan has terminated and the trust or fund has been distributed to the beneficiaries thereof prior to distribution of such benefit from the estate, such benefit shall pass to the state and escheat to the state as provided herein.

SEC. 6. This act shall not become operative until January 1, 1973.

CHAPTER 857

An act to amend Sections 405.5 and 751 of, and to add Section 1815.2 to, the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor August 14, 1972. Filed with Secretary of State August 14, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 405.5 of the Revenue and Taxation Code is amended to read:

405.5. The assessor shall periodically appraise all property to substantiate his judgment of its full cash value or, when provided for by law, its restricted value for uniform assessment purposes.

SEC. 2. Section 751 of the Revenue and Taxation Code is amended to read:

751. The board shall value and assess all state assessed property as of 12:01 a.m. on the first day of March.

SEC. 3. Section 1815.2 is added to the Revenue and Taxation Code, to read:

1815.2. The term "total full cash value," as used in this article, shall mean that value, whether an actual market value or a restricted value, required by the Constitution or statutes to be determined for purposes of property taxation.

SEC. 4. The provisions of this act shall become operative on the lien date in 1973.

CHAPTER 858

An act to amend Section 3507.3 of the Government Code, and to amend Section 3505.1 as proposed to be added to the Government Code by Senate Bill No. 1440 of the 1972 Regular Session, relating to public employee organizations.

[Approved by Governor August 14, 1972. Filed with Secretary of State August 14, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 3507.3 of the Government Code is amended to read:

3507.3. Professional employees shall not be denied the right to be represented separately from nonprofessional employees by a professional employee organization consisting of such professional employees. In the event of a dispute on the appropriateness of a unit of representation for professional employees, upon request of any of the parties, the dispute shall be submitted to the Division of Conciliation of the Department of Industrial Relations for mediation

or for recommendation for resolving the dispute.

“Professional employees,” for the purposes of this section, means employees engaged in work requiring specialized knowledge and skills attained through completion of a recognized course of instruction, including, but not limited to, attorneys, physicians, registered nurses, engineers, architects, teachers, and the various types of physical, chemical, and biological scientists.

SEC. 2. Section 3505.1 as proposed to be added to the Government Code by Senate Bill No. 1440 of the 1972 Regular Session is amended to read:

3505.1. Professional employees shall not be denied the right to be represented separately from nonprofessional employees by a professional employee organization consisting of such professional employees. In the event of a dispute on the appropriateness of a unit of representation for professional employees, upon request of any of the parties, the dispute shall be submitted to the board for mediation or for recommendation for resolving the dispute.

SEC. 3. Section 2 of this act shall be operative only if Senate Bill No. 1440 of the 1972 Regular Session is enacted into law, in which case Section 1 of this act shall not be operative.

CHAPTER 859

An act to add Section 255.5 to the Health and Safety Code, relating to crippled children's services and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 14, 1972. Filed with
Secretary of State August 14, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 255.5 is added to the Health and Safety Code, to read:

255.5. The department and designated agencies shall not deny eligibility or aid under the crippled children's program because an otherwise eligible person is receiving treatment services under a teaching program at an accredited medical school facility, whether or not all or part of such treatment services are performed by the staff at such facility, provided that treatment services at such facility are under the general supervision of a crippled children services program panel physician.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In some areas there is reluctance to send children, otherwise qualified for crippled children's service grants, to places where

treatment services are under teaching programs at accredited medical school facilities. Treatment under such teaching programs is generally financially assisted from other sources in addition to crippled children's assistance and is in no way inferior in quality. Thus, such programs save money in the crippled children's service program making crippled children's services available to more persons for which there is immediate need.

CHAPTER 860

An act to amend Sections 24224 and 39402 of, and to add Section 24355.4 to, the Health and Safety Code, relating to air pollution.

Therefore, Section 4 of this act shall become operative only if this bill and Assembly Bill No. 2122 are both chaptered, both amend Section 24224, and Assembly Bill No. 2122 is chaptered before this bill, in which case Section 1 of this act shall not become operative.

SEC. 7. It is the intent of the Legislature, if this bill and Assembly Bill No. 2122 are both chaptered and amend Section 39402 of the Health and Safety Code, and this bill is chaptered after Assembly Bill

No. 2122, that the amendments to Section 39402 proposed by both bills be given effect and incorporated in Section 39402 in the form set forth in Section 5 of this act. Therefore, Section 5 of this act shall become operative only if this bill and Assembly Bill No. 2122 are both chaptered, both amend Section 39402, and Assembly Bill No. 2122 is chaptered before this bill, in which case Section 3 of this act shall not become operative.

No member shall receive compensation for attending more than four meetings of the agency during any calendar month. In addition, members shall

receive their actual and necessary expenses incurred in the discharge of their duties.

CHAPTER 863

An act to amend Sections 2711, 2801, 2801.1, 2803, and 2804 of, and to add Section 2805 to, the Unemployment Insurance Code, relating to unemployment disability insurance.

[Approved by Governor August 14, 1972. Filed with
Secretary of State August 14, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 2711 of the Unemployment Insurance Code is amended to read:

2711. Where an individual eligible for additional benefits during confinement in a hospital or nursing home has first given his written consent with respect to a particular claim, the additional benefits shall be paid directly to the hospital or nursing home in which he is confined in accordance with authorized regulations adopted by the director prescribing procedure governing such payments. Any additional benefits during such confinement in excess of the daily rate of charge for care, including special care or treatment by a hospital or nursing home, shall be paid to the disabled individual as otherwise provided in this division.

For the purposes of this part, "hospital" includes those institutions operated as hospitals but exempt from licensing by the State Department of Public Health under the provisions of subdivision (c) of Section 1415 of the Health and Safety Code.

For the purposes of this part, "nursing home" shall mean an extended care facility, as defined in subsection (j) of Section 1395x of Title 42 of the United States Code. "Nursing home" shall also mean any nursing home conducted by and for the adherents of any well-recognized church or religious denomination for the purpose of providing facilities for the care or treatment of the sick who depend

upon prayer or spiritual means for healing in the practice of the religion of such church or denomination.

SEC. 3. Section 2801.1 of the Unemployment Insurance Code is amended to read:

2801.1. Except as to individuals disqualified from receiving benefits under Section 2678, confinement in a hospital or in a nursing home pursuant to court order or physician's or health officer's certificate shall be equivalent to orders of the individual's physician as required by Section 2801.

CHAPTER 876

An act to amend Section 25505.8 of the Education Code, and to amend Section 22840 of the Education Code, as proposed by Assembly Bill No. 666, relating to community colleges.

[Approved by Governor August 14, 1972. Filed with Secretary of State August 14, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 22840 of the Education Code, as proposed by Assembly Bill No. 666, is amended to read:

22840. A student classified as a nonresident shall be required, except as otherwise provided in this chapter, to pay, in addition to other fees required by the institution, nonresident tuition.

SEC. 2. Section 25505.8 of the Education Code is amended to read:

25505.8. A district may admit and shall charge a tuition fee to nonresident students. The district may exempt from all or parts of the fee nonresidents who (a) enroll for six units or less, (b) are both citizens and residents of a foreign country, or (c) are military personnel or the dependents of military personnel. Any exemptions shall be made with regards to all nonresidents described in (a), or (b), or (c) above, and shall not be made on an individual basis.

A district may, without the approval of the Board of Governors of the California Community Colleges contract with a state, the federal government, a foreign country, or an agency thereof, for payment of all or a part of a nonresident student's tuition fee.

The nonresident tuition fee shall be paid in two equal installments at the beginning of each semester, or three equal installments at the beginning of each quarter and shall be set by the governing board of each community college district not later than January 1st of each year. The fee shall represent the amount per student enrolled in the district, which is expended by the district for the current costs of education as defined by the California School Accounting Manual for pupils enrolled in grades 13 and 14.

Each governing board shall compute the amount per pupil enrolled in the district.

The amount per pupil enrolled shall be derived by dividing the current costs expended from funds from all sources during the preceding year by the average daily attendance during the same year in grades 13 and 14 and subtracting therefrom the amount allowed as basic state aid from the State School Fund. The same fee shall be charged irrespective of the type of class in which the student is enrolled.

The governing board of each community college district shall also adopt a per-unit tuition fee for nonresidents on less than a full-time basis by dividing the fee for full-time nonresidents by 30 (units). The same per-unit rate shall be charged all nonresident students

attending any summer sessions maintained by the community college.

A district shall report annually to the Board of Governors of the California Community Colleges the number of nonresidents enrolled for six units or less, the number of nonresidents enrolled for more than six units, and the total amount of fees collected from each category.

The provisions of this section which require a mandatory fee for nonresidents shall not apply to any district in which during the school year 1962-63 more than 15 percent of the students enrolled were residents of another state; except that the provisions of this section shall apply to such districts beginning with the school year 1975-1976 and except that the provisions of this section which require annual reports to be filed with the Board of Governors of the California Community Colleges on the number of such students enrolled shall apply to such districts in the same manner as to any other district.

SEC. 3. Section 25505.8 of the Education Code is amended to read:

25505.8. A district may admit and shall charge a tuition fee to nonresident students. The district may exempt from all or parts of the fee nonresidents who (a) enroll for six units or less and (b) are both citizens and residents of a foreign country. Any exemptions shall be made with regards to all nonresidents described in (a) and (b), and shall not be made on an individual basis.

A district may, without the approval of the Board of Governors of the California Community Colleges contract with a state, the federal government, a foreign country, or an agency thereof, for payment of all or a part of a nonresident student's tuition fee.

The nonresident tuition fee shall be paid in two equal installments at the beginning of each semester, or three equal installments at the beginning of each quarter and shall be set by the governing board of each community college district not later than January 1st of each year. The fee shall represent the amount per student enrolled in the district, which is expended by the district for the current costs of education as defined by the California School Accounting Manual for pupils enrolled in grades 13 and 14.

Each governing board shall compute the amount per pupil enrolled in the district.

The amount per pupil enrolled shall be derived by dividing the current costs expended from funds from all sources during the preceding year by the average daily attendance during the same year in grades 13 and 14 and subtracting therefrom the amount allowed as basic state aid from the State School Fund. The same fee shall be charged irrespective of the type of class in which the student is enrolled.

The governing board of each community college district shall also adopt a per-unit tuition fee for nonresidents on less than a full-time basis by dividing the fee for full-time nonresidents by 30 (units). The same per-unit rate shall be charged all nonresident students

attending any summer sessions maintained by the community college.

A district shall report annually to the Board of Governors of the California Community Colleges the number of nonresidents enrolled for six units or less, the number of nonresidents enrolled for more than six units, and the total amount of fees collected from each category.

The provisions of this section which require a mandatory fee for nonresidents shall not apply to any district in which during the school year 1962-63 more than 15 percent of the students enrolled were residents of another state; except that the provisions of this section shall apply to such districts beginning with the school year 1975-1976 and except that the provisions of this section which require annual reports to be filed with the Board of Governors of the California Community Colleges on the number of such students enrolled shall apply to such districts in the same manner as to any other district.

SEC. 4. It is the intent of the Legislature, if this bill and Assembly Bill No. 666 are both chaptered and amend Section 25505.8 of the Education Code, and this bill is chaptered after Assembly Bill No. 666, that the amendments to Section 25505.8 proposed by both bills be given effect and incorporated in Section 25505.8 in the form set forth in Section 3 of this act. Therefore, Section 3 of this act shall become operative only if this bill and Assembly Bill No. 666 are both chaptered, both amend Section 25505.8, and Assembly Bill No. 666 is chaptered before this bill, in which case Section 2 of this act shall not become operative.

(d) "Hospital" as used in this section has the meaning ascribed to it in Section 1401 of the Health and Safety Code.

SEC. 2. Section 6374 is added to the Revenue and Taxation Code, to read:

CHAPTER 878

An act to add Sections 14092, 14093, 14094, 14094.1, 14094.2, 14095, 14096, and 14097 to, and to add Article 31 (commencing with Section 14451) to Chapter 4 of Division 10 of, and to repeal Section 14120 of, the Education Code, relating to the State Teachers' Retirement Fund, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 14, 1972. Filed with
Secretary of State August 14, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 14092 is added to the Education Code, to read:

14092. Sections 14092 through 14099 apply to the transfer of assets as of June 30, 1972, as they relate to the Los Angeles Community College District Retirement System.

SEC. 2. Section 14093 is added to the Education Code, to read:

14093. The total market value of the State Teachers' Retirement Fund's securities shall be established as of the close of business on June 30, 1972. The accrued income on the securities at June 30, 1972, cash on hand, the investment principal in course of collection and the members contributions receivable shall be added to the total market value of securities and, after deducting interest and principal collected in advance and retirement claims payable and filed, this amount shall be divided by the total of member contribution reserves plus reserves for retirement annuities, death annuities, and survivor benefits. The quotient thus obtained, computed to eight places past the decimal, shall be divided into the total of the cash, market values of the securities in kind which are to be transferred to the State Teachers' Retirement System to enable that system to discharge the obligations for member contribution reserves plus reserves for retirement annuities, death annuities and survivor benefits being assumed by that system for the Los Angeles Community College District Retirement System in Section 14455.1, established as of the close of business on June 30, 1972, and any accrued income thereon, to provide the values of the Los Angeles Community College District's assets for transfer. To ensure uniform calculation of the reserves for retirement annuities, death annuities and survivor benefits, the reserves for both systems shall be calculated by applying the appropriate State Teachers' Retirement System's 1943 and 1962 State Teachers' Mortality Tables, 4 percent

interest attained age annuity factors to the benefits payable as of June 30, 1972.

Accrued income properly computed shall include any delinquent interest at the face rate on any item which, while in default, is guaranteed or insured by an agency of the United States government.

Values established in accordance with the above procedures shall be obtained and approved by each board, who may obtain the assistance of other parties and may, if they so desire, agree to binding valuations by a mutually agreed-upon independent party.

Either the Los Angeles Community College District or the Teachers' Retirement Board may reject specified securities for transfer and recommend alternative selections.

Selection of securities to be transferred in kind shall not be made in a manner adverse to the Teachers' Retirement Fund. While a proportionate division of each holding shall not be required, the State Teachers' Retirement System shall be entitled to a division of the city local system's securities distributed between nonconvertible fixed income investments, equities, and securities convertible into equities in proportion to the book value of these security groupings to the total value of the city local system's portfolio as of June 30, 1972. However, the Teachers' Retirement Board may reject any securities which do not qualify under its investment resolution as amended December 18, 1970.

Should the respective parties be unable to reach agreement on market value of assets by October 15, 1972, the matter shall be submitted to arbitration by an independent party who, in making his determination, shall be guided by the State Constitution, existing law, the formal investment resolution of the Teachers' Retirement Board as amended December 18, 1970, and the provisions of this article, and his decision shall be binding upon both parties to the extent that it is legal under state law. The arbitrator shall be mutually agreed upon by the respective boards. If agreement cannot be reached, the market value shall be established by a panel of three arbitrators, one appointed by the Los Angeles Community College District, one by the Teachers' Retirement Board and the third selected by mutual agreement of the first two. Decisions of the arbitration panel shall be binding upon the Los Angeles Community College District and the State Teachers' Retirement System to the extent that it is legal under state law.

SEC. 3. Section 14094 is added to the Education Code, to read:

14094. To mitigate the possibility of conflicts arising because of changing market valuations over time, the transfer shall be effected as soon as possible. To this end, a partial transfer consisting of cash and securities in kind valued at market plus accrued income equivalent to 90 percent of the estimated value of the annuity savings (active member accumulated contributions) shown on the city system's records shall be made as soon after June 30, 1972, as possible with a subsequent adjustment in its valuation amount effected as

soon as the aforementioned valuation quotient is computed. A decision as to which stocks shall be eligible for transfer must be agreed upon by both parties prior to the valuation date to avoid any possible inequity. For the total of the common and preferred stocks to be transferred, any change in the market value between the valuation date and the actual date of transfer shall bear a close relationship to the change in the Standard and Poor's Composite Stock Index of 500 companies between the same dates.

SEC. 4. Section 14094.1 is added to the Education Code, to read:

14094.1. If the Los Angeles Community College District Retirement System incurs a net realized loss from the transfer of assets at less than their book values, that loss shall be a charge against the residual funds remaining on deposit with the Los Angeles Community College District.

SEC. 5. Section 14094.2 is added to the Education Code, to read:

14094.2. The transfer of cash and securities in kind from the Los Angeles Community College District to the State Teachers' Retirement System shall be accomplished by that district delivering the cash and securities in kind at the office of the State Treasurer in Sacramento properly registered in the name of the State Teachers' Retirement System in accordance with the registration requirements of the State Teachers' Retirement System. This transfer shall be completed by June 30, 1973. Interest on the actual amount of any cash transfer shall be at the rate of 6 percent per annum from July 1, 1972, to date of the transfer. Any cash income payments or payments on securities received in the form of securities by the Los Angeles Community College District after June 30, 1972, which are properly allocable to the Teachers' Retirement Fund shall be paid to the Teachers' Retirement Fund.

SEC. 6. Section 14095 is added to the Education Code, to read:

14095. If the Los Angeles Community College District's assets contributed are recorded in the State Teachers' Retirement System's accounts at a total amount different than the total member annuity savings (active member accumulated contributions) and the present value of retired roll being financed from local system reserves transferred to the State Teachers' Retirement System, the difference shall be recorded in the State Teachers' Retirement System's account as a deferred item which is to be amortized over a 25-year period.

SEC. 7. Section 14096 is added to the Education Code, to read:

14096. All costs of the asset transfer, asset valuation, security registration, and the administrative costs in the implementation of Chapter 1305, Statutes 1971, as they relate to the local system, shall be a charge against the residual funds remaining on deposit with the Los Angeles Community College District.

SEC. 8. Section 14097 is added to the Education Code, to read:

14097. The balance of assets remaining on deposit with the Los Angeles Community College District after the transfers, deposits and payments required by this article or after establishment of reserves from which such deposits and payments shall be made, shall be held

intact by the districts until the Legislature either prior thereto or thereafter expressly authorizes the expenditure or other disposition thereof.

SEC. 9. Section 14120 of the Education Code is repealed.

SEC. 10. Article 31 (commencing with Section 14451) is added to Chapter 4 of Division 10 of the Education Code, to read:

Article 31. Los Angeles Community College
District Retirement System

14451. Chapter 1305, Statutes 1971, modified the State Teachers' Retirement System for improving benefits for, and providing a source of financing from, teachers and school districts which did not maintain a local retirement system. These changes made it impossible to continue the prior relationship of the Los Angeles Community College District Retirement System to the State Teachers' Retirement System. To enable this local system to separately determine its future course of action, Chapter 1305, Statutes 1971, made no change in the local system other than to terminate additional subventions after June 30, 1972.

The Los Angeles Community College District may expend moneys out of the local system fund, to consummate the merger, and to create and maintain reasonable contingency reserves to insure an orderly and adequate transition fully protecting the interests of the Los Angeles Community College teachers.

14452. Notwithstanding any other provision in this code, the provisions of this article shall govern the matter contained therein.

14453. The modifications to the State Teachers' Retirement System retirement, disability and family allowances formulae contained in Chapter 1305 of the Statutes of 1971 shall not apply to the Los Angeles Community College District Retirement System, hereinafter referred to as the community college system.

14454. The members of the Los Angeles Community College District Retirement System in an election held prior to July 1, 1972, chose to be covered only by the State Teachers' Retirement System as of July 1, 1972.

Sections 14455.1 through 14661 shall apply to the merger of the Los Angeles Community College District Retirement System with the State Teachers' Retirement System.

14455.1. The subvention to the community college system shall be canceled and the retired rolls transferred to the State Teachers' Retirement System as of July 1, 1972, together with the present value of the annuity and other benefits being paid from the employer and employees' reserves in the community college system less the present value of the benefit being provided out of subventions.

14455.2. There shall be no reduction of any benefit being paid to an individual as a result of Section 14455.1.

14455.3. All service credited to the individual accounts in the community college system shall be transferred to the State Teachers'

Retirement System on the same basis as credentialed service is credited in the State Teachers' Retirement System.

14455.4. The Los Angeles Community College District shall transfer to the Teachers' Retirement Fund as of July 1, 1972:

(a) An amount equal to the contributions that would have been required had all service prior to July 1, 1972, been performed as a full-time member of the State Teachers' Retirement System plus credited interest through June 30, 1972; plus

(b) An amount equal to 8 percent of the employee compensation as provided in Section 13832 for service performed on and after July 1, 1972.

14455.5. The Los Angeles Community College District shall also deposit in the Teachers' Retirement Fund an amount equal to 3.2 percent of employee compensation as provided in Section 13832 as the employer's contribution for service performed July 1, 1972, through June 30, 1973.

14455.6. If the accumulated contributions in the person's account at the time of transfer to the State Teachers' Retirement System are not equal to those required in Section 14455.4, the difference between the amount in the account and the required amount is an unfunded liability and is the responsibility of the employer. The Los Angeles Community College District shall, at the time of the transfer of assets, provide the additional amount of accumulated contributions required to put each individual account in balance if the shortage is due to the rate of contributions which had been required by the community college system. Such amount shall be a charge against the residual funds remaining on deposit with the Los Angeles Community College District. Clerical errors in assignment of rates or errors in rates due to incorrectly reported birth dates are the responsibility of the member.

14455.7. Any funds transferred by the Board of Trustees of the Los Angeles Community College District in accordance with Section 14455.4 in addition to the accumulated contributions already in the member's account shall be deposited as employer contributions in the Teachers' Retirement Fund, and shall not be credited to the member's account and shall not be refundable.

14455.8. Persons who elected to retain the 1/70th formula when the 1/60th formula was adopted by the Los Angeles Unified School District Retirement System or the community college system are liable for the portion of contributions related to that election plus credited interest through June 30, 1972, and regular interest thereafter.

14455.9. Adjustments to accounts caused by late discovery shall be made in accordance with Sections 14455.4, 14455.5, 14455.6 and 14455.8.

14455.10. Those persons who took a refund of their contributions and interest from the Los Angeles Unified School District Retirement System or the community college system prior to July 1, 1972, and who have Permanent Fund contributions on deposit in the

State Teachers' Retirement System for such service shall have the accumulated Permanent Fund contributions on deposit in the State Teachers' Retirement System as of July 1, 1972, treated in the same manner as the Permanent Fund contributions of all nonlocal members. Upon discovery and notification to such persons, they shall:

- (a) Redeposit the contributions required with regular interest; or
- (b) Leave the Permanent Fund accumulated contributions on deposit and receive an actuarially reduced retirement allowance.

14456. The Los Angeles Community College District shall begin monthly reporting of member contributions and service with fiscal year 1972-73 for all certificated members working in the Los Angeles Community College District. The 8-percent employee and 3.2-percent employer contributions for these members shall be remitted monthly.

14457. The community college system shall submit a list of all members of that system as of June 30, 1972, who have credentialed service which would qualify for membership in the State Teachers' Retirement System. The list shall be submitted to the State Teachers' Retirement System no later than August 31, 1972.

SEC. 11. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 12. It is the intention of the Legislature that this act shall be applied retroactively to the 1972-1973 fiscal year and to this end, this act shall be operative on July 1, 1972.

SEC. 13. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect.

The facts constituting such necessity are: In order to permit the orderly implementation of Chapter 1305, of the Statutes of 1971, this act must take effect immediately.

(a) No person under the age of 21 years shall knowingly drive any motor vehicle carrying any alcoholic beverage, unless such person is accompanied by a parent or legal guardian or is employed by a licensee under the Alcoholic Beverage Control Act (Division 9, commencing with Section 23000, of the Business and Professions Code), and is driving the motor vehicle during regular hours and in the course of his employment.

(b) No passenger in any motor vehicle who is under the age of 21 years shall knowingly possess or have under his control any alcoholic beverage, unless such passenger is accompanied by a parent or legal guardian or is employed by a licensee under the Alcoholic Beverage Control Act (Division 9, commencing with Section 23000, of the Business and Professions Code), and such possession or control is during regular hours and in the course of his employment.

(c) If the vehicle used in any violation of subdivision (a) or (b) is registered to such person under the age of 21 years, the vehicle may be impounded at the owner's expense for not less than one day nor more than 30 days for each violation.

(d) Any such person under 21 years of age found guilty under this section shall also have his driver's license suspended for not less than 15 days nor more than 30 days.

SEC. 3. Section 21712 of the Vehicle Code is amended to read:

21712. (a) No person driving a motor vehicle shall knowingly permit any person to ride on any vehicle or upon any portion thereof not designed or intended for the use of passengers.

(b) No person shall ride on any vehicle or upon any portion thereof not designed or intended for the use of passengers.

(c) Subdivisions (a) and (b) shall not apply to any employee engaged in the necessary discharge of his duty or in the case of persons riding completely within or upon vehicle bodies in space intended for any load on the vehicle.

(d) No person shall drive a motor vehicle which is towing a trailer coach or camp trailer containing any passenger.

(e) No person shall knowingly drive a motor vehicle which is towing any person riding upon any bicycle, coaster, roller skates, sled, skis, or toy vehicle.

SEC. 4. It is the intent of the Legislature, if this bill and Assembly Bill No. 495 are both chaptered and amend Section 21712 of the Vehicle Code, and this bill is chaptered after Assembly Bill No. 495, that the amendments to Section 21712 proposed by both bills be given effect and incorporated in Section 21712 in the form set forth in Section 3 of this act. Therefore, Section 3 of this act shall become operative only if this bill and Assembly Bill No. 495 are both chaptered, both amend Section 21712, and Assembly Bill No. 495 is chaptered before this bill, in which case Section 1 of this act shall not become operative.

CHAPTER 882

An act to amend Section 11610.5 of the Business and Professions Code, relating to subdivisions.

[Approved by Governor August 14, 1972. Filed with Secretary of State August 14, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 11610.5 of the Business and Professions Code is amended to read:

11610.5. (a) No city or county shall approve either the tentative or the final map of any subdivision fronting upon the coastline or shoreline which subdivision does not provide or have available reasonable public access by fee or easement from public highways to land below the ordinary high-water mark on any ocean coastline or bay shoreline within or at a reasonable distance from the subdivision.

Any public access route or routes provided by the subdivider shall be expressly designated on the tentative or final subdivision map, and such map shall expressly designate the governmental entity to which such route or routes are dedicated.

A governmental entity must accept such dedication within three years of the approval of the final subdivision map, after which time, unless accepted, such dedication shall be deemed abandoned.

(b) Reasonable public access, as used in subdivision (a), shall be determined by the city or county in which the subdivision lies.

(c) In making the determination of what shall be reasonable public access, the city or county shall consider:

(1) That access may be by highway, foot trail, bike trail, horse trail, or any other means of travel.

(2) The size of the subdivision.

(3) The type of coastline or shoreline and the various appropriate recreational, educational, and scientific uses, including, but not limited to, diving, sunbathing, surfing, walking, swimming, fishing, beachcombing, taking of shellfish and scientific exploration.

(4) The likelihood of trespass on private property and reasonable means of avoiding such trespasses.

(d) Nothing in this section shall require a city or county to disapprove either a tentative or final subdivision map solely on the basis that the reasonable public access otherwise required by this section is not provided through or across the subdivision itself, if the city or county makes a finding that such reasonable public access is otherwise available within a reasonable distance from the subdivision.

Any such finding shall be set forth on the face of the tentative or

final subdivision map.

(e) The provisions of this section shall not apply to the final map of any subdivision the tentative map of which has been approved by a city or county prior to the effective date of this section.

(f) The provisions of this section shall not apply to the final or tentative map of any subdivision which is in compliance with the plan of any planned development or any planned community which has been approved by a city or county prior to December 31, 1968. The exclusion provided by this subdivision shall be in addition to the exclusion provided by subdivision (e).

(g) Nothing in this section shall be construed as requiring the subdivider to improve any access route or routes which are primarily for the benefit of nonresidents of the subdivision area.

(h) Any access route or routes provided by the subdivider pursuant to this section may be conveyed or transferred to any state or local agency by the governmental entity to which such route or routes have been dedicated, at any future time, by mutual consent of such governmental entity and the particular state or local agency. Such conveyance or transfer shall be recorded by the recipient state or local agency in the office of the county recorder of the county in which such route or routes are located.

CHAPTER 883

An act to amend Sections 4143 and 4211 of, and to add Section 4148 to, the Business and Professions Code, and to amend Section 7054.4 of the Health and Safety Code, relating to public health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 14, 1972. Filed with
Secretary of State August 14, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 4143 of the Business and Professions Code is amended to read:

4143. (a) It is unlawful for any person to have in his possession or under his control any hypodermic needle or hypodermic syringe.

(b) The provisions of this section do not apply to persons who have acquired possession and control of a hypodermic needle or hypodermic syringe in accordance with the provisions of this code authorizing and regulating the furnishing, possession and use of such needles and syringes.

Any used hypodermic needle or hypodermic syringe which is to be disposed of shall be destroyed in such a manner as to render such unit or units unfit for reuse in any manner. Such destruction may include, but is not limited to, grinding and disposal in sewerage systems where such disposal is authorized by the appropriate agency with

jurisdiction over such sewerage system.

SEC. 2. Section 4148 is added to the Business and Professions Code, to read:

4148. The provisions of Sections 4141 and 4147 shall not apply to the furnishing or obtaining of hypodermic syringes or hypodermic needles for uses which the board determines are industrial. Notwithstanding any other provision of law, a person may obtain hypodermic syringes or needles, without prescription or permit, for such industrial uses.

SEC. 3. Section 4211 of the Business and Professions Code is amended to read:

4211. "Dangerous drug" means any drug unsafe for self-medication, except preparations of drugs defined in subdivisions (e), (f), (h), and (i) hereof, designed for the purpose of feeding or treating animals (other than man) or poultry, and so labeled, and includes the following:

(a) Any hypnotic drug. "Hypnotic drug" includes acetylurea derivatives, barbituric acid derivatives, chloral, paraldehyde, sulfomethane derivatives, or any compounds or mixtures or preparations that may be used for producing hypnotic effects.

(b) Aminopyrine, or compounds or mixtures thereof.

(c) Amphetamine, desoxyephedrine, or compounds or mixtures thereof except preparations for use in the nose and unfit for internal use.

(d) Cinchophen, neocinchophen, or compounds or mixtures thereof.

(e) Diethyl-stilbestrol, or compounds or mixtures thereof.

(f) Ergot, cotton root, or their contained or derived active compounds or mixtures thereof.

(g) Oils of croton, rue, savin or tansy or their contained or derived compounds or mixtures thereof.

(h) Sulfanilamide or substituted sulfanilamides, or compounds or mixtures thereof, except preparations for topical application only containing not more than five percent (5%) strength.

(i) Thyroid and its contained or derived active compounds or mixtures thereof.

(j) Phenylhydantoin derivatives.

(k) Any drug or device which bears the legend: "Caution: federal law prohibits dispensing without prescription."

(l) Hypnotic drugs when combined and compounded with nonhypnotic drugs.

(m) Any narcotic antagonist drug which has been found by the federal government to have currently accepted medical use in treatment in the United States and to have no potential for abuse or abuse liability.

SEC. 4. Section 7054.4 of the Health and Safety Code is amended to read:

7054.4. Notwithstanding any other provision of law, recognizable anatomical parts, human tissues, anatomical human remains, or

infectious waste following conclusion of scientific use shall be disposed of by interment, incineration, or any other method determined by the state department to protect the public health and safety.

As used in this section, "infectious waste" means any material or article which has been, or may have been, exposed to contagious or infectious disease.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There is some question as to whether or not local authorities may authorize the destruction of hypodermic needles and syringes by grinding and disposal in the local sewerage system. This act will clear up any such question and will prevent many hypodermic syringes and needles from being used or reused in an unauthorized manner.

The limitation of disposal of anatomical parts, human tissues, or anatomical human remains to interment or incineration has created a hardship in some areas. The hardship created by such limitation, which needs immediate attention, will be cured by allowing other methods of disposal under standards adopted pursuant to this act which will protect the public health. There is also an urgent need for the protection of the public health to provide for a determination of the allowable methods of disposal of infectious waste.

The application of the provisions of Sections 4141 and 4147 of the Business and Professions Code has created an undue and unnecessary hardship on persons using hypodermic syringes for industrial purposes. This act would eliminate this hardship by allowing the furnishing and obtaining of hypodermic syringes and needles, for uses which the State Board of Pharmacy determines are industrial, without requirement of a permit from the board, recordation of such furnishing, or other restrictions on furnishing and obtaining of hypodermic syringes or needles.

In order to solve these questions and eliminate these hardships without delay it is imperative that this act take effect immediately.

There is some question as to the status of narcotic antagonist drugs which requires immediate clarification. Such drugs are used in testing to determine if a person has been using certain narcotics and should be available by prescription so that qualified persons may administer such tests.

CHAPTER 884

An act to amend Section 10652 of the Education Code and to amend Sections 890, 891, and 896.1 of, to add Sections 896.3 and 896.4 to, the Military and Veterans Code, relating to tuition.

[Approved by Governor August 15, 1972. Filed with
Secretary of State August 15, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 10652 of the Education Code is amended to read:

10652. No state-owned college, university, or other school shall charge any tuition, or incidental fees to any dependent receiving assistance under Article 2 (commencing with Section 890) of Chapter 4 of Division 4 of the California Military and Veterans Code or to any child of any veteran of the United States military service who has a service-connected disability, and whose annual income not including governmental compensation for such service-connected disability, does not exceed five thousand dollars (\$5,000). Nothing contained in this section shall prevent the Regents of the University of California from charging to and collecting from nonresident students an admission fee and rate of tuition nor shall anything in this section prevent the charging and collecting of fees required of nonresident students admitted to schools under the jurisdiction of the Department of Education or the Director of Education or to a state college under the jurisdiction of the Trustees of the California State Colleges.

This section shall not apply to a dependent of a veteran within the meaning of paragraph (4) of subdivision (a) of Section 890 of the Military and Veterans Code.

SEC. 2. Section 890 of the Military and Veterans Code is amended to read:

890. As used in this article:

(a) "Veterans" means (1) any person who served in the Army, Navy, or Marine Corps of the United States and was killed in action or died as a result of war service in the World War since April 6, 1917; (2) any member of the Army, Navy, Coast Guard or Marine Corps of the United States, or any of their auxiliaries who was killed in action in World War II on or after December 7, 1941, and prior to January 1, 1947, or who died at any time as a result of war service during such period; (3) any member of the armed forces of the United States who was killed in action during any period of hostilities in which the United States is engaged, or who died or was totally disabled at any time as a result of active service during any such period or during the induction period; or (4) any person who, at the time of entry into the armed forces of the United States was a resident of this state and was subsequently declared by the United States government to be missing in action, captured in the line of

duty by hostile forces, or forcibly detained or interned in the line of duty by a foreign government or power.

(b) "Dependent of a veteran" means the natural or adopted child of a veteran, or stepchild of a veteran as defined by the U.S. Veterans Administration for compensation purposes, the unmarried widow of a veteran, or the wife of a totally disabled veteran.

(c) "Induction period" means (1) the period beginning September 16, 1940, and ending December 6, 1941, and the period beginning January 1, 1947, and ending June 26, 1950, and (2) the period beginning on February 1, 1955, and ending on the day before the first day thereafter on which individuals (other than individuals liable for induction by reason of a prior deferment) are no longer liable for induction for training and service into the armed forces under the Universal Military Training and Service Act.

SEC. 3. Section 891 of the Military and Veterans Code is amended to read:

891. A dependent of a veteran applying for aid under the provisions of this article shall be over 14 or shall have entered the ninth grade, and shall be a native of or shall have lived in this state for five of the nine years immediately preceding the date upon which the application is filed. Any dependent of a veteran, except a dependent widow of a veteran, who has attained eligibility, pursuant to this article while under 21 years of age may continue to receive the benefits of this article until the needed training is completed or until he attains the age of 27 years, whichever first occurs, except that a dependent who has honorably served in the armed forces of the United States may be granted an extension of training through age 30.

A dependent widow of a veteran shall be limited to not more than 48 months or the equivalent thereof in part-time training.

This section shall not apply to the dependent of a veteran as defined in paragraph (4) of subdivision (a) of Section 890.

SEC. 4. Section 896.1 of the Military and Veterans Code is amended to read:

896.1. No dependent of a veteran, as defined in paragraph (1), (2) or (3) of subdivision (a) of Section 890, shall be eligible to receive the benefits of this article during the time that he is entitled to receive federal educational benefits under Chapter 35, Title 38, United States Code, as amended, or duplicate assistance from any other government source.

SEC. 5. Section 896.3 is added to the Military and Veterans Code, to read:

896.3. Upon application to the department by a dependent of a veteran as defined in paragraph (4) of subdivision (a) of Section 890, the department shall reimburse such person for the costs of tuition and fees incurred by such person at a public or private educational institution in the amount provided for in Section 895.

SEC. 6. Section 896.4 is added to the Military and Veterans Code, to read:

896.4. Any person who is reimbursed by the department for tuition and fees or on whose account the department has paid tuition and fees, shall not at the same time be eligible for any other allowances provided for in this article if, at such time, such person is also therefor entitled to receive educational assistance under Chapter 35, Title 38, United States Code, as amended, or duplicate assistance from any other government source.

CHAPTER 885

An act to add Section 11111 to the Penal Code, and to add Division 16.7 (commencing with Section 39000) to the Vehicle Code, relating to the licensing of bicycles, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 15, 1972. Filed with
Secretary of State August 15, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Division 16.7 (commencing with Section 39000) is added to the Vehicle Code, to read:

DIVISION 16.7. LICENSING OF BICYCLES

39000. (a) If a city or county has or adopts a bicycle licensing ordinance or resolution, no resident shall operate a bicycle on any street, road, highway, or other public property within the jurisdiction unless such bicycle is licensed in accordance with this division.

(b) Licenses and registration forms shall be approved by the Department of Justice.

39001. Each local authority which licenses bicycles shall provide for the licensing pursuant to this division and any rules and regulations adopted thereunder.

39002. If a city or county has or adopts a bicycle licensing ordinance or resolution, licenses shall be issued by the city or county in which the applicant resides. Cities and counties by ordinance or resolution may set license fees, and shall adopt regulations necessary to enforce this division.

Each licensing agency shall maintain records which shall include: license number; name of licensee, address of licensee; serial number of bicycle; make of bicycle; type of bicycle; and model of bicycle.

After December 31, 1973, no license may be issued for any bicycle not in conformance with Section 39005.

39003. Funds derived from bicycle license fees shall be retained by the licensing city or county and used to implement and improve bicycle registration and safety programs in its jurisdiction, except

that revenues which, prior to the effective date of this division, were used for other purposes may continue to be used for the same purposes.

39004. Each bicycle retailer shall supply to each purchaser a record of the following information: name of retailer, address of retailer, year and make of bicycle, serial number of bicycle, general description of bicycle, name of purchaser, and address of purchaser.

If a city or county has adopted a bicycle licensing ordinance or resolution, a copy of the record shall be forwarded to the appropriate licensing agency.

39005. After December 31, 1973, no bicycle retailer shall sell any new bicycle in this state unless such bicycle has permanently stamped or cast on its frame a serial number unique to the particular bicycle of each brand pursuant to the regulations adopted under this division.

39006. Bicycles with wheels which are at least 20 inches in diameter and with a frame size of at least 14 inches shall be subject to this division.

39007. The Department of Justice shall adopt regulations for the administration and implementation of this division. Such regulations shall be adopted after consultation with local authorities, bicycle manufacturers and retailers, and bicyclists' organizations.

39008. Any violation of this division shall be deemed an infraction.

SEC. 2. Section 11111 is added to the Penal Code, to read:

11111. The Department of Justice shall maintain records relative to stolen and lost bicycles in the Criminal Justice Information System. Such records shall be accessible to authorized law enforcement agencies through the California Law Enforcement Telecommunications System.

The department shall impose annual fees on cities and counties which have adopted bicycle licensing ordinances or resolutions in such amount as are necessary to finance the operation and maintenance of that portion of the Criminal Justice Information System devoted to the records relative to stolen and lost bicycles. The annual fee imposed by the department on a city or a county shall be paid by the city or county from the fees collected under its adopted bicycle licensing ordinance or resolution, and shall not exceed 20 cents (\$.20) per bicycle licensed under the ordinance or resolution.

SEC. 3. The Department of Justice shall conduct a comparative study to evaluate the following:

(a) The records of stolen and lost bicycles specified in Section 11111 of the Penal Code.

(b) The need to establish mandatory statewide registration and licensing with the related activities performed by: (1) the state; (2) local governments; (3) dealers; or (4) others.

(c) The need for a statewide automated registration file or alternatives thereto.

In carrying out the study, the Department of Justice shall seek the advice and assistance of local authorities, bicycle manufacturers and retailers, and bicyclists' organizations.

A progress study report shall be submitted to the Legislature by February 1, 1974.

SEC. 3.5. The Department of Justice is directed to make all necessary efforts to obtain federal and private funds for the purposes of carrying out its responsibilities under this act and is authorized, with the approval of the Department of Finance, to receive any grants or gifts for such purposes.

SEC. 4. There is hereby appropriated from the General Fund to the Department of Justice the sum of one hundred fifty thousand dollars (\$150,000), or so much thereof as may be necessary, to be expended for the purposes of this act.

Any amounts expended under this appropriation shall be reimbursed to the extent that federal and private grants are, or may become, available for carrying out the purposes of this act.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There are 1,100 bicycles stolen daily in California, at an annual cost to California families in excess of twenty million dollars (\$20,000,000). Further, the incidence of the theft of bicycles is increasing. In order to deter such theft by means of a comprehensive bicycle licensing plan at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 886

An act to amend Sections 888 and 1825 of, and to add Section 888.5 to, the Welfare and Institutions Code, relating to the Department of Youth Authority.

[Approved by Governor August 15, 1972. Filed with
Secretary of State August 15, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 888 of the Welfare and Institutions Code is amended to read:

888. Any county establishing such juvenile home, ranch, or camp under the provisions of this article may, by mutual agreement, accept children committed to such home, ranch, or camp by the juvenile court of another county in the state and the state shall reimburse the county maintaining the home, ranch, or camp to the amount of one-half of the cost of maintaining each child so committed. Payments received for the care of children from another

county by a county operating a facility shall not be considered as a subvention to the county operating the facility for the purposes of determining the amount of state reimbursement. Two or more counties may, by mutual agreement, establish such juvenile homes or camps, and the rights granted and duties imposed by this article shall devolve upon such counties acting jointly. The provisions of this article shall not apply to any juvenile hall.

SEC. 2. Section 888.5 is added to the Welfare and Institutions Code, to read:

888.5. Notwithstanding the provisions of Sections 887 and 888, when a county that has not established a juvenile home, ranch or camp uses funds obtained under Section 1825 to pay for a juvenile home, ranch or camp placement in another county, such other county shall not receive any state reimbursement pursuant to Sections 887 and 888 for such placements.

SEC. 3. Section 1825 of the Welfare and Institutions Code is amended to read:

1825. (a) No county shall be entitled to receive any state funds provided by this article until its application is approved and unless and until the minimum standards prescribed by the Department of the Youth Authority are complied with and then only on such terms as are set forth hereafter in this section.

(b) A commitment rate for each county and for the state as a whole shall be calculated by the Department of the Youth Authority by computing the ratio of new commitments to state and county population, expressed in a rate per 100,000 population, for each of the calendar years 1959 through 1963. The average of these rates for a county for the five-year period or the average of the last two years of the period, whichever is higher, shall be the base rate for that county, however, if the base rate is lower than 40 commitments per 100,000 population, the rate shall be established at 40, and if the rate is higher than 100, the rate shall be established at 100. The number of commitments shall be the total of the new commitments to the custody of the Director of the Youth Authority and the new criminal commitments to the custody of the Director of Corrections, as certified by the respective departments. The county and state population shall be that certified by the Department of Finance to the Controller as of July 1 of each year. Persons committed to the Department of Corrections and subsequently discharged under Section 1168 of the Penal Code and persons committed to the Department of Corrections or the Department of the Youth Authority for diagnostic study only pursuant to Section 1203.03 of the Penal Code or Section 704 or 1752.1 of the Welfare and Institutions Code, shall not be counted as having been committed for purposes of determining commitment rates under this subdivision or subdivision (c).

(c) An annual commitment rate shall be calculated at the end of each fiscal year for each participating county and for the state as a whole in a like manner to that described in subdivision (b) using the

population figure of the July 1 included in the year.

(d) The maximum amount that may be paid to a county pursuant to this article is determined by obtaining the interpolated dollar amount in the table in this subdivision for such county's base commitment rate and its percentage decrease, interpolated to the nearest one-tenth of 1 percent, in rate of commitment and multiplying the appropriate dollar amount by the "commitment reduction number." The "commitment reduction number" is obtained by subtracting (1) the most recent annual commitment number from (2) the product of the base commitment rate and population of the county for the same year employed in (1). The Director of the Youth Authority, with approval of the Director of Finance may annually adjust the dollar amounts in the ensuing table to reflect changes in cost to the state of maintaining persons committed to the custody of the Director of Corrections and the Director of the Youth Authority, and if such adjustments are made, the adjusted amounts shall be employed in making the computation prescribed by this subdivision.

(e) The state will reimburse the county upon presentation of a valid claim based on actual performance in reducing the commitment rate from its base rate. Whenever a claim made by a county, pursuant to this article, covering a prior fiscal year, is found to be in error, adjustment may be made on a current claim without the necessity of applying the adjustment to the allocation for the prior year.

(f) If the amount received by a county in reimbursement of its expenditures in a fiscal year is less than the maximum amount computed under subdivision (d), the difference may be used in the next two succeeding fiscal years and may be paid to the county in quarterly installments during such fiscal years upon preparation of valid claims for reimbursement of its quarterly expenses.

(g) In the event a participating county earns less than the sum paid in the previous year because of extremely unusual circumstances claimed by the county and verified by the Director of the Youth Authority with the approval of the Director of Finance, the Director of the Youth Authority may pay to the county a sum equal to the prior year's payment, provided, however, that in subsequent years the county will be paid only the amount earned.

(h) Funds obtained under this article shall not be used to support existing programs or develop or expand new programs in juvenile homes, ranches, or camps established under Article 15 (commencing with Section 880) of Chapter 2 of Part 1 of Division 2 of this code, except that funds obtained under this article may be used by a county that has not established a juvenile home, ranch or camp to pay for its juvenile home, ranch or camp placements in other counties.

(i) Counties where the average number of commitments in the base period as established by subdivision (b) is less than 30 may elect either to comply with the procedure set out above or, as an alternative, to receive from the state 90 percent of the salary of one full-time additional probation officer or, in the event there are fewer than 20 persons placed on probation annually otherwise eligible for commitment to state institutions, the county would be entitled to 90 percent of the salary of a half-time officer. In the event a county chooses the alternative proposal, it will be eligible for reimbursement only so long as the officer devotes all of his time in the performance of probation services to supervision of persons eligible for state commitment and persons participating in special supervision programs and (1) if its base rate is below the state average, it does not on an annual basis exceed the base state rate, or (2) if its base rate is above the state average, it does not in the year exceed by 5 percent its own base rate.

SEC. 4. Section 1825 of the Welfare and Institutions Code is amended to read:

1825. (a) No county shall be entitled to receive any state funds provided by this article until its application is approved and unless and until the minimum standards prescribed by the Department of the Youth Authority are complied with and then only on such terms as are set forth hereafter in this section.

(b) A commitment rate for each county and for the state as a whole shall be calculated by the Department of the Youth Authority by computing the ratio of new commitments to state and county population, expressed in a rate per 100,000 population, for each of the calendar years 1959 through 1963. The average of these rates for a county for the five-year period or the average of the last two years of the period, whichever is higher, shall be the base rate for that county, however, if the base rate for those counties not utilizing Section 1825.7 is lower than 40 commitments per 100,000 population, the rate shall be established at 40, and if the rate is higher than 100, the rate shall be established at 100. The number of commitments shall be the total of the new commitments to the custody of the Director of the Youth Authority and the new criminal commitments to the custody of the Director of Corrections, as certified by the respective departments. The county and state population shall be that certified by the Department of Finance to the Controller as of July 1 of each year. Persons committed to the Department of Corrections and subsequently discharged under Section 1168 of the Penal Code and persons committed to the Department of Corrections or the Department of the Youth Authority for diagnostic study only pursuant to Section 1203.03 of the Penal Code or Section 704 or 1752.1 of the Welfare and Institutions Code, shall not be counted as having been committed for purposes of determining commitment rates under this subdivision or subdivision (c).

(c) An annual commitment rate shall be calculated at the end of each fiscal year for each participating county and for the state as a whole in a like manner to that described in subdivision (b) using the population figure of the July 1 included in the year.

(d) The maximum amount that may be paid to a county pursuant to this article is determined by obtaining the interpolated dollar amount in the table in this subdivision for such county's base commitment rate and its percentage decrease, interpolated to the nearest one-tenth of 1 percent, in rate of commitment and multiplying the appropriate dollar amount by the "commitment reduction number." The "commitment reduction number" is obtained by subtracting (1) the most recent annual commitment number from (2) the product of the base commitment rate and population of the county for the same year employed in (1). The Director of the Youth Authority, with approval of the Director of Finance may annually adjust the dollar amounts in the ensuing table to reflect changes in cost to the state of maintaining persons committed to the custody of the Director of Corrections and the

Director of the Youth Authority, and if such adjustments are made, the adjusted amounts shall be employed in making the computation prescribed by this subdivision.

SEC. 5. Section 1825 of the Welfare and Institutions Code is amended to read:

1825. (a) No county shall be entitled to receive any state funds provided by this article until its application is approved and unless and until the minimum standards prescribed by the Department of the Youth Authority are complied with and then only on such terms as are set forth hereafter in this section.

The "commitment reduction number" is obtained by subtracting (1) the most recent annual commitment number from (2) the product of the base commitment rate and population of the county for the same year employed in (1). The Director of the Youth Authority, with approval of the Director of Finance may annually adjust the dollar amounts in the ensuing table, beginning with the 1973-1974 fiscal year, to reflect changes in the Consumer Price Index established by the U.S. Department of Labor and given a weighted average for California by the California Department of Industrial Relations. The first adjustments shall use the December 1971 index as the base. Payments per uncommitted case shall in any event not exceed the average annual per capita cost of maintaining wards in Youth Authority institutions.

(g) In the event a participating county earns less than the sum paid in the previous year because of extremely unusual circumstances claimed by the county and verified by the Director of the Youth Authority with the approval of the Director of Finance, the Director of the Youth Authority may pay to the county a sum equal to the prior year's payment, provided, however, that in subsequent years the county will be paid only the amount earned.

(h) Funds obtained under this article shall not be used to support existing programs or develop or expand new programs in juvenile homes, ranches, or camps established under Article 15 (commencing with Section 880) of Chapter 2 of Part 1 of Division 2 of this code, except that funds obtained under this article may be used by a county that has not established a juvenile home, ranch or camp to pay for its juvenile home, ranch or camp placements in other counties.

(i) Counties where the average number of commitments in the base period as established by subdivision (b) is less than 30 may elect either to comply with the procedure set out above or, as an alternative, to receive from the state 90 percent of the salary of one full-time additional probation officer or, in the event there are fewer than 20 persons placed on probation annually otherwise eligible for commitment to state institutions, the county would be entitled to 90 percent of the salary of a half-time officer. (j) As a supplement to earnings received by counties pursuant to subdivision (d), a sum of two million dollars (\$2,000,000) is hereby appropriated for the 1972-1973 fiscal year. This sum shall be distributed by the Director of the Youth Authority through the allocation to each participating county of an amount not to exceed 10 percent of the counties' earnings generated in the 1971-1972 fiscal year. This special allocation may be used, notwithstanding the provisions of Section 1821 or any other section of this article, for the diagnosis, control, or treatment of offenders or alleged offenders by local law enforcement agencies in the county, subject to standards, rules, and regulations established by the Director of the Youth Authority.

In addition, one hundred fifty thousand dollars (\$150,000) is hereby appropriated for the 1972-1973 fiscal year to reimburse each participating county for carrying out program evaluation studies specified by the Director of the Youth Authority. Each county participating in these studies shall be required to enter into a contractual agreement with the state. Such agreement shall specify the maximum amount each county shall be reimbursed.

No county shall share in any additional funds appropriated by this subdivision unless it enters into an agreement with the state to provide such evaluation or is granted an exemption by the Youth Authority.

The provisions of this subdivision shall be terminated on June 30, 1974.

(k) A review of this article shall be made by the Director of the Youth Authority and a report made to the 1974 Legislature by the fifth day of the 1974 Regular Legislative Session.

SEC. 6. Section 1825 of the Welfare and Institutions Code is amended to read:

1825. (a) No county shall be entitled to receive any state funds provided by this article until its application is approved and unless and until the minimum standards prescribed by the Department of the Youth Authority are complied with and then only on such terms as are set forth hereafter in this section.

(b) A commitment rate for each county and for the state as a whole shall be calculated by the Department of the Youth Authority by computing the ratio of new commitments to state and county population, expressed in a rate per 100,000 population, for each of the calendar years 1959 through 1963. The average of these rates for a county for the five-year period or the average of the last two years of the period, whichever is higher, shall be the base rate for that county, however, if the base rate for those counties not utilizing Section 1825.7 is lower than 40 commitments per 100,000 population, the rate shall be established at 40, and if the rate is higher than 100, the rate shall be established at 100. The number of commitments shall be the total of the new commitments to the custody of the Director of the Youth Authority and the new criminal commitments to the custody of the Director of Corrections, as certified by the respective departments. The county and state population shall be that certified by the Department of Finance to the Controller as of July 1 of each year. Persons committed to the Department of Corrections and subsequently discharged under Section 1168 of the Penal Code and persons committed to the Department of Corrections or the Department of the Youth Authority for diagnostic study only pursuant to Section 1203.03 of the Penal Code or Section 704 or 1752.1 of the Welfare and Institutions Code, shall not be counted as having been committed for purposes of determining commitment rates under this subdivision or subdivision (c).

(c) An annual commitment rate shall be calculated at the end of each fiscal year for each participating county and for the state as a whole in a like manner to that described in subdivision (b) using the population figure of the July 1 included in the year.

(d) The maximum amount that may be paid to a county pursuant to this article is determined by obtaining the interpolated dollar amount in the table in this subdivision for such county's base commitment rate and its percentage decrease, interpolated to the nearest one-tenth of 1 percent, in rate of commitment and

multiplying the appropriate dollar amount by the "commitment reduction number." The "commitment reduction number" is obtained by subtracting (1) the most recent annual commitment number from (2) the product of the base commitment rate and population of the county for the same year employed in (1). (f) If the amount received by a county in reimbursement of its expenditures in a fiscal year is less than the maximum amount computed under subdivision (d), the difference may be used in the next two succeeding fiscal years and may be paid to the county in quarterly installments during such fiscal years upon preparation of valid claims for reimbursement of its quarterly expenses.

(g) In the event a participating county earns less than the sum paid in the previous year because of extremely unusual circumstances claimed by the county and verified by the Director of the Youth Authority with the approval of the Director of Finance, the Director of the Youth Authority may pay to the county a sum equal to the prior year's payment, provided, however, that in subsequent years the county will be paid only the amount earned.

(h) Funds obtained under this article shall not be used to support existing programs or develop or expand new programs in juvenile homes, ranches, or camps established under Article 15 (commencing with Section 880) of Chapter 2 of Part 1 of Division 2 of this code, except that funds obtained under this article may be used by a county that has not established a juvenile home, ranch or camp to pay for its juvenile home, ranch or camp placements in other counties.

(i) Counties where the average number of commitments in the base period as established by subdivision (b) is less than 30 may elect either to comply with the procedure set out above or, as an alternative, to receive from the state 90 percent of the salary of one full-time additional probation officer or, in the event there are fewer than 20 persons placed on probation annually otherwise eligible for commitment to state institutions, the county would be entitled to 90 percent of the salary of a half-time officer. In the event a county chooses the alternative proposal, it will be eligible for reimbursement only so long as the officer devotes all of his time in the performance of probation services to supervision of persons eligible for state commitment and persons participating in special supervision programs and (1) if its base rate is below the state average, it does not on an annual basis exceed the base state rate, or (2) if its base rate is above the state average, it does not in the year exceed by 5 percent its own base rate.

(j) As a supplement to earnings received by counties pursuant to subdivision (d), a sum of two million dollars (\$2,000,000) is hereby appropriated for the 1972-1973 fiscal year. This sum shall be distributed by the Director of the Youth Authority through the

allocation to each participating county of an amount not to exceed 10 percent of the counties' earnings generated in the 1971-1972 fiscal year. This special allocation may be used, notwithstanding the provisions of Section 1821 or any other section of this article, for the diagnosis, control, or treatment of offenders or alleged offenders by local law enforcement agencies in the county, subject to standards, rules, and regulations established by the Director of the Youth Authority.

In addition, one hundred fifty thousand dollars (\$150,000) is hereby appropriated for the 1972-1973 fiscal year to reimburse each participating county for carrying out program evaluation studies specified by the Director of the Youth Authority. Each county participating in these studies shall be required to enter into a contractual agreement with the state. Such agreement shall specify the maximum amount each county shall be reimbursed.

No county shall share in any additional funds appropriated by this subdivision unless it enters into an agreement with the state to provide such evaluation or is granted an exemption by the Youth Authority.

The provisions of this subdivision shall be terminated on June 30, 1974.

(k) A review of this article shall be made by the Director of the Youth Authority and a report made to the 1974 Legislature by the fifth day of the 1974 Regular Legislative Session.

SEC. 7. It is the intent of the Legislature that if this bill and Senate Bill No. 549 or Assembly Bill No. 368, or both, are chaptered and amend Section 1825 of the Welfare and Institutions Code, and this bill is chaptered last, that amendments proposed by each of the bills which are chaptered be given effect as follows:

(a) If this bill and Senate Bill No. 549 are both chaptered and amend Section 1825 of the Welfare and Institutions Code, but Assembly Bill No. 368 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Senate Bill No. 549, the amendments proposed by both bills shall be given effect and incorporated in Section 1825 in the form set forth in Section 4 of this act. Therefore, if Senate Bill No. 549 is chaptered before this bill and both bills amend Section 1825, and Assembly Bill No. 368 is not chaptered or as chaptered does not amend that section, Section 4 of this act shall be operative and Sections 3, 5, and 6 of this act shall not become operative.

(b) If this bill and Assembly Bill No. 368 are both chaptered and amend Section 1825 of the Welfare and Institutions Code, but Senate Bill No. 549 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Assembly Bill No. 368, the amendments proposed by both bills shall be given effect and incorporated in Section 1825 in the form set forth in Section 5 of this act. Therefore, if Assembly Bill No. 368 is chaptered before this bill and both bills amend Section 1825, and Senate Bill No. 549 is not chaptered or as chaptered does not amend that section, Section 5

shall be operative and Sections 3, 4, and 6 of this act shall not become operative.

(c) If this bill and Senate Bill No. 549 and Assembly Bill No. 368 are all chaptered, and all three bills amend Section 1825 of the Welfare and Institutions Code, and this bill is chaptered after Senate Bill No. 549 and Assembly Bill No. 368, the amendments proposed by all three bills shall be given effect and incorporated in Section 1825 in the form set forth in Section 6 of this act. Therefore, if Senate Bill No. 549 and Assembly Bill No. 368 are both chaptered before this bill and all three bills amend Section 1825 of the Welfare and Institutions Code, Section 6 of this act shall be operative and Sections 3, 4 and 5 of this act shall not become operative.

(1) The engine is maintained in good operating condition.

597v. No person, peace officer, officer of a humane society, or officer of a pound or animal regulation department of a public agency shall kill any newborn dog or cat whose eyes have not yet opened by any other method than by the use of chloroform vapor or gas or by inoculation of barbiturates or by use of a high-altitude decompression chamber at a simulated altitude of 60,000 feet for a minimum of 30 minutes.

less than 40 seconds after the beginning of its cycle of operation, and the dogs or cats shall be left within the chamber for a minimum of 20 minutes.

SEC. 4. Section 597x is added to the Penal Code, to read:

597x. The County Sealer of Weights and Measures shall semiannually inspect all carbon monoxide and high altitude decompression chambers used to kill dogs or cats, or both, pursuant to Sections 597u and 597w.

SEC. 5. Section 597y is added to the Penal Code, to read:

597y. Any violation of Sections 597u, 597v or 597w shall be considered to be cruelly killing an animal within the meaning of Section 597.

SEC. 6. Section 597z is added to the Penal Code, to read:

597z. A humane officer appointed under Section 607f of the Civil Code may enter any facility utilizing a high-altitude decompression or carbon monoxide chamber for the purpose of inspecting the operation of such facility to determine whether there is compliance with Sections 597u, 597v, and 597w.

In any county having a population of more than 376,000 but less than 413,000, as determined by the 1970 federal census, the presiding judge of the superior court, upon his own motion, or upon application by either the Attorney General or district attorney setting forth the need for one additional grand jury and after a finding by the court upon such application, for good cause shown, that the existing grand jury is unable for any reason to inquire into matters which are subject to grand jury inquiry, may order and direct the drawing and impanelment at any time of one additional grand jury. Any such additional grand jury may serve for a period of one year from the date of impanelment, but may be discharged at any time within such period by order of the presiding judge.

Upon the impanelment of such additional grand jury and during the term of its existence, the original grand jury shall retain exclusive jurisdiction to inquire into all public offenses, and the additional grand jury shall have exclusive jurisdiction over all matters within grand jury jurisdiction under the law, except the inquiry into public offenses and the presentation of indictments.

Upon the discharge of such additional grand jury, the original grand jury shall regain entire jurisdiction over all matters of grand jury responsibility.

The provisions of this section shall remain in effect only until January 1, 1976, at which time this section is repealed.

CHAPTER 894

An act to add Section 9201.2 to the Corporations Code, relating to prepaid legal services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 15, 1972. Filed with
Secretary of State August 15, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 9201.2 is added to the Corporations Code, to read:

9201.2. (a) The attorneys furnishing professional services pursuant to such system or systems are acting in compliance with the Rules of Professional Conduct of the State Bar of California concerning such system or systems.

(b) Membership in the corporation and an opportunity to render professional services upon a uniform basis are available to all active members of the State Bar.

(c) Voting by proxy and cumulative voting are prohibited.

(d) A certificate is issued to the corporation by the State Bar of California, finding compliance with the requirements of subdivisions (a), (b) and (c).

Any such nonprofit corporation shall be subject to supervision by the State Bar of California and shall also be subject to Section 9505.

SEC. 1.5. It is the intent of the Legislature that nothing in this act shall be construed to prohibit the formation and conduct of any group, prepaid, or other legal service arrangement organized as an unincorporated association or pursuant to the General Nonprofit Corporation Law which arrangements need not comply with Section 1 of this act provided, however, that attorneys furnishing legal services thereunder are acting in compliance with the Rules of Professional Conduct of the State Bar of California concerning such arrangements.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

(a) There is a substantial immediate need among people in the State of California for assistance in the financial aspects of obtaining legal services which they want or which could be of significant benefit to them.

(b) There is substantial immediate need to educate the people of

the State of California to understand how the law is responsive to their needs, works to the general good and protects the rights of all.

(c) Existing mechanisms which purport to meet those needs have not done so and are unlikely to do so in the near future for a significant number of people and in a manner which is consistent with the best interest of the public.

(d) This act will provide a mechanism for meeting those needs and thus promote social welfare.

(e) In order to secure maximum implementation of the needed mechanism, to educate the public and to satisfy immediate demands for legal services it is necessary that this act go into effect at the earliest possible time.

CHAPTER 895

An act to amend Section 10489.2 of, and to add Section 10489.7 to, the Insurance Code, relating to life insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 15, 1972. Filed with
Secretary of State August 15, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 10489.2 of the Insurance Code is amended to read:

10489.2. Except as otherwise provided in Section 10489.7, the minimum standard for the valuation of all such policies and contracts shall be the commissioners reserve valuation method defined in Section 10489.3, 3½ percent interest except that the interest specified in subdivisions (c) and (d) of this section may be used for certain annuity and pure endowment contracts and 4 percent may be used for all policies issued and contracts entered into from January 1, 1970, through December 31, 1975, and the following tables:

(a) For all ordinary policies of life insurance issued on the standard basis, excluding any disability and accidental death benefits in such policies—the Commissioners 1941 Standard Ordinary Mortality Table for such policies issued prior to the operative date of subdivision (a) of Section 10163.5, and the Commissioners 1958 Standard Ordinary Mortality Table for such policies issued on or after such operative date; provided, however, that for any category of such policies issued on female risks modified net premiums and present values, referred to in Section 10489.3, may be calculated, at the option of the insurer, according to an age not more than three years younger than the actual age of the insured.

(b) For all industrial life insurance policies issued on the standard basis, excluding any disability and accidental death benefits in such policies—the 1941 Standard Industrial Mortality Table for such

policies issued prior to the operative date of subdivision (b) of Section 10163.5, and the Commissioners 1961 Standard Industrial Mortality Table for such policies issued on or after such operative date.

(c) For individual annuity and pure endowment contracts issued prior to the compliance date of Section 10489.7, excluding any disability and accidental death benefits in such policies—the 1937 Standard Annuity Mortality Table or, at the option of the company, the Annuity Mortality Table for 1949, Ultimate, or any modification of either of these tables approved by the commissioner. However, the minimum standard for such contracts issued from January 1, 1968, through December 31, 1968, with commencement of benefits deferred not more than one year from date of issue, may be, at the option of the company, 4 percent interest, and for contracts issued from January 1, 1969, through December 31, 1975, with commencement of benefits deferred not more than 10 years from date of issue and with premiums payable in one sum may be, at the option of the company, 5 percent interest.

(d) For group annuity and pure endowment contracts issued prior to the compliance date of Section 10489.7, excluding any disability and accidental death benefits in such policies—the Group Annuity Mortality Table for 1951, any modification of such table approved by the commissioner, or, at the option of the company, any of the tables or modifications of tables specified for individual annuity and pure endowment contracts. However, the minimum standard for group annuities purchased or to be purchased with considerations received on or after January 1, 1968, through December 31, 1968, may be, at the option of the company, 4 percent interest, and for group annuities purchased or to be purchased with considerations received from January 1, 1969, through December 31, 1975, may be, at the option of the company, 5 percent interest.

(e) For total and permanent disability benefits in or supplementary to ordinary policies or contracts—for policies or contracts issued on or after January 1, 1966, the tables of Period 2 disablement rates and the 1930 to 1950 termination rates of the 1952 Disability Study of the Society of Actuaries, with due regard to the type of benefit; for policies or contracts issued on or after January 1, 1961, and prior to January 1, 1966, either such tables or, at the option of the company, the Class (3) Disability Table (1926); and for policies issued prior to January 1, 1961, the Class (3) Disability Table (1926). Any such table shall, for active lives, be combined with a mortality table permitted for calculating the reserves for life insurance policies.

(f) For accidental death benefits in or supplementary to policies—for policies issued on or after January 1, 1966, the 1959 Accidental Death Benefits Table; for policies issued on or after January 1, 1961, and prior to January 1, 1966, either such table or, at the option of the company, the Inter-Company Double Indemnity Mortality Table; and for policies issued prior to January 1, 1961, the

Inter-Company Double Indemnity Mortality Table. Either table shall be combined with a mortality table permitted for calculating the reserves for life insurance policies.

(g) For group life insurance, life insurance issued on the substandard basis and other special benefits—such tables as may be approved by the commissioner.

SEC. 2. Section 10489.7 is added to the Insurance Code, to read:

10489.7. The minimum standard for the valuation of all individual annuity and pure endowment contracts issued on or after the compliance date of this section, and for all annuities and pure endowments purchased on or after such compliance date under group annuity and pure endowment contracts, shall be the commissioner's reserve valuation method defined in Section 10489.3, 3½ percent interest, except as provided in subdivision (c), and the following provisions:

(a) For individual annuity and pure endowment contracts, excluding any disability and accidental death benefits in such contracts, the individual annuity mortality table for 1971 or any modification of such table approved by the commissioner.

(b) For group annuity and pure endowment contracts, excluding any disability and accidental death benefits in such contracts, the group annuity mortality table for 1971 or any modification of such table approved by the commissioner.

(c) Interest rates not exceeding either of the following may be used for annuity and pure endowment contracts issued after the compliance date of this section, through December 31, 1985:

(1) Six percent for individual single-premium immediate annuity contracts, and group annuity and pure endowment contracts.

(2) Four percent for all other individual annuity and pure endowment contracts.

Any insurer may, prior to January 1, 1979, file with the commissioner a written notice that such insurer elects to comply with the provisions of this section on and after a date specified in the notice prior to January 1, 1979. On or after January 1, 1979, every insurer shall comply with the provisions of this section.

For the purposes of this section and Section 10489.2, the compliance date of this section (i) as to any insurer prior to January 1, 1979, shall be the date it elects to comply with this section specified in the written notice filed with the commissioner, (ii) and as to any insurer not electing to so comply with this section, January 1, 1979.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the constitution and shall go into immediate effect. The facts constituting such necessity are:

The existing 5-percent assumption rate applicable to single premium annuities and group annuities covered by this act is substantially less than the returns on new-money investments realized by insurers, and as a consequence such assumption rate places a substantial strain on the surplus available for allocation of

reserves by smaller life insurers, resulting in a practical requirement that such smaller life insurers raise premiums. If this act takes effect immediately, such premium increases will be avoided, and smaller companies will be permitted to compete with larger insurers.

CHAPTER 896

An act to add Section 904.6 to the Penal Code, relating to grand juries.

[Approved by Governor August 15, 1972. Filed with
Secretary of State August 15, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 904.6 is added to the Penal Code, to read:

904.6. (a) In any city and county, the presiding judge of the superior court may order and direct the impanelment, at any time, of one additional grand jury pursuant to this section.

(b) The presiding judge may select persons, at random from the list of trial jurors in civil and criminal cases and shall examine them to determine if they are competent to serve as grand jurors. The people of the State of California do enact as follows:

SECTION 1. Section 656.5 is added to the Welfare and Institutions Code, to read:

656.5. Any petition filed in juvenile court to commence proceedings pursuant to this chapter that is not verified may be dismissed without prejudice by such court.

CHAPTER 898

An act to amend Sections 3008, 3012, 3013, 3101, 3103, 3104, 3106, 3203, 3204, 3205, 3207, 3208, 3215, 3218, 3226, 3227, 3237, and 3356 of, and to add Section 3205.5 to, the Public Resources Code, relating to oil and gas.

[Approved by Governor August 15, 1972. Filed with
Secretary of State August 15, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 3008 of the Public Resources Code is amended to read:

3008. "Well" means any oil or gas well or well for the discovery of oil or gas, or any well on lands producing or reasonably presumed to contain oil or gas or any well drilled for the purpose of injecting fluids or gas for stimulating oil or gas recovery, repressuring or pressure maintenance of oil or gas reservoirs, or disposing of oilfield waste fluids or any well drilled within or adjacent to an oil or gas pool for the purpose of obtaining water to be used in production stimulation or repressuring operations.

SEC. 2. Section 3012 of the Public Resources Code is amended to read:

3012. The provisions of this division apply to any land or well situated within the boundaries of an incorporated city in which the drilling of oil wells is now or may hereafter be prohibited, until all wells therein have been abandoned as provided in this chapter.

SEC. 3. Section 3013 of the Public Resources Code is amended to read:

3013. This division shall be liberally construed to meet its purposes, and the director and the supervisor shall have all powers which may be necessary to carry out the purposes of this division.

SEC. 4. Section 3101 of the Public Resources Code is amended to read:

3101. The supervisor shall appoint one chief deputy and at least one district deputy for each of the districts provided for in this chapter, and shall prescribe their duties.

SEC. 5. Section 3103 of the Public Resources Code is amended to read:

3103. The chief deputy shall be a competent engineer or geologist, registered in the state, and experienced in the

development and production of oil and gas.

SEC. 6. Section 3104 of the Public Resources Code is amended to read:

3104. Each district deputy shall be a competent engineer or geologist, registered in the state, and experienced in the development and production of oil and gas. At the time any district deputy is appointed, notice of his appointment shall be transmitted in writing to the board of commissioners of the district for which the deputy is appointed.

SEC. 7. Section 3106 of the Public Resources Code is amended to read:

3106. The supervisor shall so supervise the drilling, operation, maintenance, and abandonment of wells as to prevent, as far as possible, damage to life, health, property, and natural resources; damage to underground oil and gas deposits from infiltrating water and other causes; loss of oil, gas, or reservoir energy, and damage to underground and surface waters suitable for irrigation or domestic purposes by the infiltration of, or the addition of, detrimental substances, by reason of the drilling, operation, maintenance, or abandonment of wells.

The supervisor shall also supervise the drilling, operation, maintenance, and abandonment of wells so as to permit the owners or operators of such wells to utilize all methods and practices known to the oil industry for the purpose of increasing the ultimate recovery of underground hydrocarbons and which, in the opinion of the supervisor, are suitable for such purpose in each proposed case. In order to further the elimination of waste by increasing the recovery of underground hydrocarbons it is hereby declared as a policy of this state that the grant in an oil and gas lease or contract to a lessee or operator of the right or power, in substance, to explore for and remove all hydrocarbons from any lands in the State of California, in the absence of an express provision to the contrary contained in such lease or contract, is deemed to allow the lessee or contractor or his successors or assigns, to do what a prudent operator using reasonable diligence would do, having in mind the best interests of the lessor, lessee and the state, in producing and removing hydrocarbons, including but not limited to the injection of air, gas, water or other fluids into the productive strata, the application of pressure heat or other means for the reduction of viscosity of the hydrocarbons, the supplying of additional motive force or creating of enlarged or new channels for the underground movement of hydrocarbons into production wells, when such methods or processes employed have been approved by the supervisor; provided, however, nothing contained in this section imposes a legal duty upon such lessee or contractor, his successors or assigns, to conduct such operations.

In order to best meet oil and gas needs in California, the supervisor shall administer this division so as to encourage the wise development of the oil and gas resources.

SEC. 13. Section 3203 of the Public Resources Code is amended to read:

3203. The owner or operator of any well shall, before commencing the work of drilling the well, file with the supervisor or the district deputy a written notice of intention to commence drilling. Drilling shall not commence until approval is given by the supervisor or the district deputy; if the supervisor or the district deputy fails to give the owner or operator written response to the notice within 10 working days, such failure shall be considered as an approval of the notice and the notice shall, for the purposes and intents of this chapter, be deemed a written report of the supervisor. If operations have not commenced within one year of receipt of the notice, the notice will be considered canceled. The notice shall contain the following:

(a) The location and elevation above sea level of the floor of the proposed derrick and drill rig.

(b) The number or other designation by which the well shall be known. Such number or designation shall be subject to the approval of the supervisor.

(c) The owner's or operator's estimate of the depths between which production will be attempted.

(d) Such other pertinent data as the supervisor may require on the printed forms to be supplied by the Division of Oil and Gas, or on forms acceptable to the supervisor.

After the completion of any well the provisions of this section shall also apply, as far as may be, to the deepening or re-drilling of the well, or any operation involving the plugging of the well, or any operations permanently altering in any manner the casing of the well. The number or designation by which any well heretofore drilled has been known, and the number or designation specified for any well in a notice filed as required by this section, shall not be changed without first obtaining a written consent of the supervisor.

SEC. 14. Section 3204 of the Public Resources Code is amended to read:

3204. Every person who engages in the drilling, re-drilling, or deepening, or in any operation involving plugging or permanently altering in any manner the casing of any well shall file with the supervisor an indemnity bond in the sum of five thousand dollars (\$5,000) for each well so drilled, re-drilled, deepened, plugged or permanently altered. The bond shall be filed with the supervisor at the time of the filing of the notice of intention to perform work on the well, provided for in Section 3203. The bond shall be executed by such person, as principal, and by an authorized surety company, as surety, conditioned that the principal named in the bond shall faithfully comply with all the provisions of this chapter, in drilling, re-drilling, or deepening any well or wells covered by the bond, and shall secure the state against all losses, charges, and expenses incurred by it to obtain such compliance by the principal named in the bond.

The condition of the bond shall be stated in substantially the following language:

“If said _____, the above bounden principal, shall well and truly comply with all the provisions of Division 3 of the Public Resources Code and shall obey all lawful orders of the State Oil and Gas Supervisor or his district deputy or deputies, subject to subsequent appeal as provided in this division, and shall pay all charges, costs, and expenses incurred by the supervisor or his district deputy or deputies in respect of such well or wells or the property or properties of said principal, or assessed against such well or wells or the property or properties of such principal, in pursuance of the provisions of said division, then this obligation shall be void; otherwise, it shall remain in full force and effect.”

SEC. 15. Section 3205 of the Public Resources Code is amended to read:

3205. Any person who engages in the drilling, redrilling, deepening, or in any operation involving plugging or permanently altering in any manner the casing of one or more wells at any time, may file with the supervisor one bond for twenty-five thousand dollars (\$25,000) to cover all his operations in drilling, redrilling, deepening, plugging, or permanently altering any of his wells in the state in lieu of a five-thousand-dollar (\$5,000) bond for each well drilled, redrilled, deepened, plugged, or permanently altered. The bond shall be executed by such person, as principal, and by an authorized surety company, as surety, and shall be in substantially the same language and upon the same conditions as provided in Section 3204, except as to the difference in the amount.

SEC. 16. Section 3205.5 is added to the Public Resources Code, to read:

3205.5. In lieu of the bond required by Sections 3204 and 3205, a person may with the written approval of the supervisor file a cash bond in the applicable amount, evidence of deposit in banks authorized to do business in this state and insured by the Federal Deposit Insurance Corporation, investment certificates or share accounts in the applicable amount issued by a savings and loan association doing business in this state and insured by the Federal Savings and Loan Insurance Corporation, or bonds issued by the United States or the State of California in the principal amounts of six thousand dollars (\$6,000) or thirty thousand dollars (\$30,000), whichever is applicable, with the State Treasurer, such bond or security filed in lieu thereof shall be subject to all conditions set forth in Sections 3204, 3205, 3206, 3207, and 3208.

SEC. 17. Section 3207 of the Public Resources Code is amended to read:

3207. Any twenty-five-thousand-dollar (\$25,000) bond issued in compliance with this chapter may, with the consent of the supervisor, be terminated and canceled and the surety be relieved of all obligations thereunder when all wells covered by such bond have been properly completed or abandoned. Should the person who has filed a twenty-five-thousand-dollar (\$25,000) bond properly

complete or abandon a portion of his wells covered by the bond, the bond may, with the consent of the supervisor, be terminated and canceled and the surety be relieved of all obligations thereunder upon the filing by such person of a five-thousand-dollar (\$5,000) bond for each well which he is still engaged in drilling, re-drilling, deepening, plugging, or permanently altering. Liability as to individual wells that have been drilled and abandoned or completed under a twenty-five-thousand-dollar (\$25,000) bond may also be terminated with the consent of the supervisor.

SEC. 18. Section 3208 of the Public Resources Code is amended to read:

3208. A well is properly completed, for the purposes of Sections 3206 and 3207, when it has been completed to production of oil or gas, and the person engaged in drilling, re-drilling, deepening, plugging, or permanently altering it has shown to the satisfaction of the supervisor that both the manner of drilling, re-drilling, deepening, plugging, or permanently altering the well and the manner of producing oil or gas therefrom are satisfactory. A well is properly abandoned when drilling, re-drilling, deepening, plugging, or permanently altering has ceased before completion to production of oil or gas, and the person drilling, re-drilling, deepening, plugging, or permanently altering it has shown to the satisfaction of the supervisor that all proper steps have been taken to shut off and exclude all water from oil-bearing or gas-bearing strata encountered in the well, and to protect underground or surface water suitable for irrigation or farm or domestic purposes from the infiltration or addition of any detrimental substance and to prevent subsequent damage to life, health, property, and other resources.

SEC. 19. Section 3215 of the Public Resources Code is amended to read:

3215. Upon the completion or abandonment of any well or upon the suspension of operations upon any well, true copies of the log, core record, and history in duplicate, and if made, true and reproducible copies of all electrical, physical, or chemical logs, tests, or surveys in duplicate and in such form as the supervisor may approve shall be filed with the district deputy within 60 days after such completion, suspension, or abandonment. Like copies shall be filed upon the completion of additional work in any well. Upon a showing of hardship, the supervisor may extend the time within which to comply with the provisions of this section for a period not to exceed 60 additional days.

SEC. 20. Section 3218 of the Public Resources Code is amended to read:

3218. The supervisor upon application of an owner or operator shall determine and designate what wells are prospect wells, and reports shall not be required from such prospect wells until six months after suspension of drilling operations. Upon a showing of hardship, the supervisor may extend the time within which to comply with the provisions of Section 3215 for a period not to exceed

six additional months.

SEC. 21. Section 3226 of the Public Resources Code is amended to read:

3226. Within 30 days after service of an order, pursuant to Sections 3224 and 3225, or 3237, or if there has been an appeal from the order to the board of district commissioners, within 30 days after service of the decision of the board, or if a review has been taken of the order of the board of district commissioners, within 10 days after affirmance of the order, the owner shall commence in good faith the work ordered and continue it until completion. If the work has not been commenced and continued to completion, the supervisor shall appoint necessary agents who shall enter the premises and perform the work. An accurate account of the expenditures shall be kept, and the amounts shall be paid from the Petroleum and Gas Fund upon the warrant of the State Controller. Any amount so expended shall constitute a lien against the property upon which the work is done.

SEC. 22. Section 3227 of the Public Resources Code is amended to read:

3227. The owner of any well producing or capable of producing oil or gas shall file with the district deputy, on or before the 10th day of each month, for the last preceding calendar month, a statement, in such form as the supervisor may designate, showing:

(a) The amount of oil and gas produced from each well during the period indicated, together with the gravity of the oil, the amount of water produced from each well, estimated in accordance with methods approved by the supervisor, and the number of days during which fluid was produced from each well.

(b) The number of wells drilling, producing, or idle, owned or operated by such person.

(c) What disposition was made of the gas produced from each well, including the names of persons, if any, to whom the gas was delivered, and such other information regarding the gas and the disposition thereof as the supervisor may require.

Upon request and satisfactory showing, a longer interval may be fixed by the supervisor for such reports in the case of any specific owner or operator.

(d) It is the duty of the supervisor to compile from such statements and to publish monthly statistics showing the amount of oil and gas produced in the state by oilfields and pools, together with the number of wells drilling, number of wells producing or idle, all separately stated as to oilfields and pools, with such other information as the supervisor deems proper.

(e) As used in this section, "pool" means an underground reservoir containing a common accumulation of crude petroleum oil or natural gas or both. Each zone of a general structure which is separated from any other zone in the structure is a separate pool.

(f) What disposition was made of the water produced from each well, including designations of injection or disposal wells and such other information regarding the water and the disposition thereof as

the supervisor may require.

SEC. 23. Section 3237 of the Public Resources Code is amended to read:

3237. The supervisor or his deputy may order the abandonment of any well that has been deserted whether or not any damage is occurring or threatened by reason of said well. Suspension of drilling operations and removal of drilling machinery is prima facie evidence of desertion after the elapse of six months unless a request for an extension of time for a period not to exceed an additional six months is theretofore filed. Removal of production equipment or facilities is prima facie evidence of desertion after the elapse of two years after April 1, 1973. At any time the supervisor may for good cause shown extend these periods. Such order may be appealed to the district oil and gas commissioners.

SEC. 24. Section 3356 of the Public Resources Code is amended to read:

3356. If a review is not taken within 10 days, or if taken, in case the decision of the district board is affirmed, the lien upon the property shall be enforced in the same manner as are other liens on real property, and shall first be enforced against the owner of the well, against the operator, against the personal property and fixtures used in the construction or operation thereof, and secondly against the mineral estate of the property, and then, if there is any deficiency, against the land upon which the work is done. Upon the request of the supervisor, the State Controller shall bring an action for the enforcement of the lien in the manner provided in Article 7 (commencing with Section 3400) of this chapter.

CHAPTER 1. GENERAL PROVISIONS

475. Notwithstanding any other provisions of this code, the provisions of this division shall govern the denial of licenses, certificates, registrations, or other means to engage in a business or profession regulated by this code, on the grounds of a lack of good moral character and the ground of knowingly making a false statement of fact required to be revealed in an application for such licenses, certificates, or registrations, and shall govern the suspension or revocation of such licenses, certificates, or registrations on the grounds of conviction of a crime.

476. Nothing in this division shall apply to the licensure of persons pursuant to Chapter 4 (commencing with Section 6000) of Division 3, or pursuant to Division 9 (commencing with Section 23000).

481. A person possesses good moral character unless he has done any of the following:

(a) He has done any act which, if done by a licentiate of the business or profession in question, would be grounds for suspension or revocation of his license. No act shall be grounds for denial, however, which does not have a substantial relationship to the functions and responsibilities of the licensed business or profession.

(b) He has done any act involving dishonesty, fraud, or deceit with the intent to substantially benefit himself or another, or substantially injure another.

482. Each board, when considering the denial of a license under Section 481, shall take into account all competent evidence of rehabilitation furnished by the applicant.

Unless written request for hearing is made within the 60-day period, the applicant's right to a hearing is deemed waived.
