

CHAPTER 1

An act to amend Section 218 of the Revenue and Taxation Code, relating to the homeowners' property tax exemption, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 18, 1972. Filed with Secretary of State January 18, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 218 of the Revenue and Taxation Code as amended by Chapter 1752 of the Statutes of 1971 is amended to read:

218. The homeowners' property tax exemption is the amount of the assessed value of the dwelling as specified in Section 1d of Article XIII of the Constitution. The exemption does not extend to property which is rented, vacant, under construction on the lien date, or which is a vacation or secondary home of the owner or owners, nor does it apply to property on which an owner receives the veteran's exemption, or to property for which an owner received an allowance for taxes, either in whole or in part, either directly or indirectly, for the property tax year from the state or any political subdivision thereof, except assistance received under the Senior Citizens Property Tax Assistance Law provided for in Part 10.5 (commencing with Section 19501) of Division 2 of this code. "Owner" includes a person purchasing the dwelling under a contract of sale or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy of a dwelling. As used in this section, "dwelling" shall include:

(a) A single-family dwelling occupied by an owner thereof as his principal place of residence on the lien date.

(b) A multiple-dwelling unit occupied by an owner thereof on the lien date as his principal place of residence. As used in this subdivision, "multiple-dwelling unit" does not include any unit containing more than two separate dwelling units.

(c) A condominium occupied by an owner thereof as his principal place of residence on the lien date.

(d) Premises occupied by the owner of shares or a membership interest in a cooperative housing corporation, as defined in Section 17265, as his principal place of residence on the lien date. Each exemption allowed pursuant to this subdivision shall be deducted from the total assessed valuation of the cooperative housing corporation. The exemption shall be taken into account in apportioning property taxes among owners of share or membership interests in the cooperative housing corporations so as to benefit those owners who qualify for the exemption.

"Dwelling" means a building, structure or other shelter constituting a place of abode, whether real property or personal property, and any land on which it may be situated. For purposes of this section a two-dwelling unit shall be considered as two separate

single-family dwellings.

The exemption provided for in Section 1d of Article XIII of the Constitution shall first be applied to the building, structure or other shelter and the excess, if any, shall be applied to any land on which it may be located.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Senate Bill No. 569 was enacted as Chapter 1752 of the Statutes of the 1971 Regular Session of the Legislature, and the measure amended the homeowners' property tax exemption and specifically declared that it is operative with respect to property taxes for the 1972-1973 fiscal year and fiscal years thereafter. However, due to the length of the 1971 Regular Session, the measure will not become effective until shortly after the 1972 lien date. Therefore, in order to remove all possible doubt as to the operative effect of the amendments to the homeowners' property tax exemption by Senate Bill No. 569, it is necessary that this act go into immediate effect. In this way, Section 218 of the Revenue and Taxation Code, as amended by Senate Bill No. 569, will become effective prior to March 1, 1971, and such section, as so amended, shall be operative for property taxes for the 1972-1973 fiscal year and fiscal years thereafter.

CHAPTER 2

An act to add Section 994 to, and to repeal Section 994, as added by Chapter 1665 of the Statutes of the 1971 Regular Session, of, the Revenue and Taxation Code, relating to property taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 25, 1972 Filed with
Secretary of State January 25, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 994 of the Revenue and Taxation Code, as added by Chapter 1665 of the Statutes of the 1971 Regular Session, is repealed.

SEC. 2. Section 994 is added to the Revenue and Taxation Code, to read:

994. Notwithstanding the provisions of Section 10758, all special construction equipment and special mobile equipment as defined in Sections 565, 570 and 575 of the Vehicle Code shall be subject to the provisions of this section.

(a) Any steel-wheeled or track-laying equipment shall not be subject to the license fees imposed pursuant to Part 5 (commencing with Section 10701) of Division 2 of this code, but shall be assessed

in the county where it has situs on the lien date.

(b) Rubber-tired equipment which must be moved or operated under permit shall be assessed in the county where it has situs on the lien date, but the assessee of such property shall be allowed to deduct from the amount of property tax the amount of any fee paid on such vehicle under Part 5 (commencing with Section 10701) of Division 2 of this code, if such fee is paid prior to the lien date for the calendar year in which the lien date occurs.

(c) Rubber-tired equipment that does not require a permit and which is licensed under Part 5 (commencing with Section 10701) of Division 2 of this code, shall not be otherwise assessed for purposes of property taxation.

SEC. 3. Section 1 of this act shall become operative on March 4, 1972. Section 2 of this act shall become operative on the lien date in 1972.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There has been a conflict of opinion as to whether special construction equipment and special mobile equipment referred to in this act is subject to the general property tax or to the Vehicle License Fee Law. In order that certainty concerning the taxation of such equipment be established at the earliest possible time it is necessary that this act go into immediate effect.

CHAPTER 3

An act to repeal Section 993 of, and to add Section 993 to, the Revenue and Taxation Code, and to repeal Section 2 of Chapter 1079 of the Statutes of the 1971 Regular Session of the Legislature, relating to property taxation, and declaring the urgency thereof, to take effect immediately.

SEC. 3. Section 2 of Chapter 1079 of the Statutes of the 1971

Regular Session of the Legislature is repealed.

SEC. 4. The provisions of Section 2 of this act are not intended by the Legislature to support a finding that they are either a change in, or declaratory of, existing law, as such law existed on the lien date in 1971.

SEC. 5. Sections 2 and 4 of this act shall become operative on the lien date in 1972. Sections 1 and 3 of this act shall become operative on March 4, 1972.

SEC. 6. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Assembly Bill No. 1986 was enacted as Chapter 1079 of the Statutes of the 1971 Regular Session of the Legislature. However, due to the extended duration of that session, the Legislature now finds that the provisions of the enactment will not become operative until after the lien date in 1972. In order that such provisions shall be operative on the lien date in 1972 and lien dates thereafter, it is necessary that this act shall go into immediate effect.

CHAPTER 4

An act to add Section 224 to, and to repeal Section 224, as amended by Chapter 1473 of the Statutes of the 1971 Regular Session, of, the Revenue and Taxation Code, relating to property taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 10, 1972. Filed with
Secretary of State February 10, 1972.]

For purposes of this section, "pets" mean and include any animals held for noncommercial purposes and not as an investment.

SEC. 3. The provisions of this act shall not be construed to

prohibit local governments from licensing pets.

SEC. 4. Section 1 of this act shall become operative on March 4, 1972. Sections 2 and 3 of this act shall be operative for taxes for the 1972-1973 fiscal year and thereafter.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to carry out the clear intent of Chapter 1473 of the Statutes of the 1971 Regular Session to provide exemption from property taxation of household pets for the 1972-1973 fiscal year, it is necessary that this act go into immediate effect.

CHAPTER 5

An act to add Section 54933.6 to the Government Code, relating to county service areas, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 11, 1972. Filed with
Secretary of State February 11, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 54933.6 is added to the Government Code, to read:

54933.6. Notwithstanding any other provision of this chapter, any establishment by a board of supervisors of a tax zone or tax zones within any county service area pursuant to Section 25210.8, the proceedings for which were completed on February 7, 1972, shall be effective for assessment and taxation purposes for the 1972-73 fiscal year if the statement and map or plat required by Sections 54900 and 54901 were filed with the State Board of Equalization on or before February 29, 1972.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Unless this act takes effect immediately, a board of supervisors which has established zones within any county service area with tax rates varying with the extent of benefit to each zone derived from services provided to the property within each zone pursuant to Section 25210.8 of the Government Code and otherwise qualified to levy taxes in the zones, except for a procedural filing defect, will not be able to levy taxes in the zones for the fiscal year to cover the cost of services being furnished the zones.

It is necessary for this act to take immediate effect in order to apply to the 1972 direct primary election.

 CHAPTER 7

An act to amend Sections 7071.6, 7071.9, and 7071.11 of the Business and Professions Code, and Section 3 of Chapter 669 of the Statutes of 1971, relating to contractors, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 29, 1972 Filed with
Secretary of State February 29, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 7071.6 of the Business and Professions Code, as amended by Chapter 669 of the Statutes of 1971, is amended to read:

7071.6. (a) Except as provided in Section 7071.8, the board shall require on or after July 1, 1969, and until and including March 3, 1972, as a condition precedent to the issuance, reinstatement, reactivation, or renewal of a license that the applicant file or have on file a contractor's bond in the sum of one thousand dollars (\$1,000), or in lieu thereof, a cash deposit in the sum of one thousand dollars (\$1,000).

(b) Except as provided in Section 7071.8, the board shall require on or after March 4, 1972, as a condition precedent to the issuance, reinstatement, reactivation, or renewal of a license, that the applicant file or have on file a contractor's bond in the sum of two

thousand five hundred dollars (\$2,500), or in lieu thereof, a cash deposit in the sum of two thousand five hundred dollars (\$2,500). No bond or cash deposit shall be required of a holder of an inactive license during the period his license is inactive.

SEC. 2. Section 7071.9 of the Business and Professions Code, as amended by Chapter 669 of the Statutes of 1971, is amended to read:

7071.9. (a) In addition to the contractor's bond or cash deposit required pursuant to Sections 7071.5 to 7071.8, inclusive, the board shall require on or after July 1, 1969 and until and including March 3, 1972, as a condition precedent to the issuance, reinstatement, reactivation or reissuance of a license and on or after July 1, 1971, as a condition precedent to the renewal of a license that the qualifying individual as referred to in Sections 7068 and 7068.1 when he is not himself either the proprietor, a general partner, joint licensee, or the responsible managing officer, shall file or have on file a qualifying individual's bond as provided in Section 7071.10 in the sum of one thousand dollars (\$1,000), or in lieu thereof, a cash deposit in the sum of one thousand dollars (\$1,000).

(b) In addition to the contractor's bond or cash deposit required pursuant to Sections 7071.5 to 7071.8, inclusive, the board shall require on or after March 4, 1972, as a condition precedent to the issuance, reinstatement, reactivation or reissuance of a license and on or after March 4, 1972, as a condition precedent to the renewal of a license that the qualifying individual as referred to in Sections 7068 and 7068.1 when he is not himself either the proprietor, a general partner, joint licensee, or the responsible managing officer, shall file or have on file a qualifying individual's bond as provided in Section 7071.10 in the sum of two thousand five hundred dollars (\$2,500), or in lieu thereof, a cash deposit in the sum of two thousand five hundred dollars (\$2,500). SEC. 3. Section 7071.11 of the Business and Professions Code is amended to read:

7071.11. Any person claiming against any bond or cash deposit required by this article may maintain an action at law against the licensee and the surety or the cash depository. A copy of the complaint shall be served by registered or certified mail upon the registrar by the clerk of the court at the time the action is commenced and the registrar shall maintain a record, available for public inspection, of all actions so commenced. The claim of any employee of the contractor for wages and fringe benefits shall be a preferred claim against any bond or cash deposit. If any bond or cash deposit which may be required is insufficient to pay all claims in full, the sum of the bond or cash deposit shall be distributed to all claimants in proportion to the amount of their respective claims with priority to claims for wages and fringe benefits. Any such action against a bond or cash deposit filed by an active licensee shall be brought within two years after the expiration of the license period

or periods for which a bond or cash deposit has been provided, or within two years of the date the license of such active licensee was inactivated by the board, whichever first occurs.

If the surety desires to make payment without awaiting court action, the amount of any bond filed in compliance with this chapter shall be reduced to the extent of any payment or payments made by the surety in good faith thereafter. The partial payment of any claims shall not be considered satisfaction of such claims and the claimants may institute appropriate legal action for payment of any unpaid balance in any other manner provided by law, and the registrar may continue suspension or revocation of any license involved until such time as said claims and any other claims arising out of an action against such bond or cash deposit are satisfied in full.

The aggregate liability of the surety for all claims of said persons shall, in no event, exceed the penal sum of said bond.

Upon failure of a licensee to maintain in full force and effect any bond or cash deposit required by this article the registrar shall issue an order suspending or revoking such license, which shall not be reinstated until a new bond or cash deposit has been filed.

Any judgment or admitted claim against any bond or cash deposit required by this article shall constitute grounds for disciplinary action against such licensee. Such license may not be reissued or reinstated while any judgment or admitted claim in excess of the amount of the bond or cash deposit remains unsatisfied. The board shall require the licensee to file a new bond in an amount as required pursuant to Section 7071.8 or to increase his cash deposit to such an amount.

Legal fees may not be charged against the bond or cash deposit by the board.

SEC. 4. Section 3 of Chapter 669 of the Statutes of 1971 is amended to read:

Sec. 3. Notwithstanding Sections 7071.6 and 7071.9 of the Business and Professions Code, and except as provided in Section 7071.8 of the Business and Professions Code, the Contractors' State License Board shall require that on or after March 4, 1972, the holder of a license file or have on file a contractor's bond in the sum of two thousand five hundred dollars (\$2,500) or, in lieu thereof, a cash deposit in the sum of two thousand five hundred dollars (\$2,500). No bond or cash deposit shall be required of the holder of an inactive license during the period his license is inactive.

SEC. 5. Sections 1, 2, 3, and 4 of this act shall be operative on and after March 4, 1972.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

A question arises under provisions of law, to be effective March 4, 1972, as to whether the holder of an inactive contractor's license is required to file a bond or cash deposit with the Contractor's State

License Board. In order to carry out the original legislative intent of these provisions, to resolve conflicting interpretations of the meaning of the law and to eliminate confusion as to the legal effect of the law, between January 1, 1972, and March 4, 1972, it is imperative that this act go into immediate effect.

CHAPTER 8

An act relating to age of majority, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 29, 1972 Filed with

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Section 1.5 of the Vehicle Code, all amendments to the Vehicle Code made by Chapter 1748 of the Statutes of 1971 shall become operative on March 4, 1972.

No civil liability of any person 18 years of age, but less than 21, arising out of his driving a motor vehicle upon a highway on and after March 4, 1972, shall be imposed by Section 17707 of the Vehicle Code upon any person, who, prior to March 4, 1972, signed and verified the application for such person 18 years of age, but less than 21, for a driver's license.

SEC. 2. This act shall become operative on March 4, 1972.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some confusion may exist with respect to the effective date and application of certain provisions of Chapter 1748 of the Statutes of 1971 which amend the Vehicle Code. In order to avoid any such confusion it is necessary to have this act take immediate effect.

CHAPTER 9

An act to amend Section 11203 of the Revenue and Taxation Code, relating to the Private Car Tax Law, to take effect immediately, tax levy.

[Approved by Governor February 29, 1972 Filed with
Secretary of State February 29, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 11203 of the Revenue and Taxation Code is amended to read:

11203. (a) "Private car" includes a passenger car, sleeping car, dining car, express car, refrigerator car, oil or tank car, horse or stock car, fruit car, or car designed for the carrying of a special commodity, operated upon the railroads in this state, which car is owned by any of the following:

(1) A sleeping car, dining car, drawing room or palace car company, refrigerator, oil, stock, or other car loaning, or other car company.

(2) By a person engaged in manufacturing, commerce, or other business.

(3) By any other person.

(b) "Private car" also includes any passenger train car, locomotive, or other equipment operated on the railroads in this state and owned, used, or leased by the National Railroad Passenger Corporation, created under the Rail Passenger Service Act of 1970 (Public Law 91-518, 91st Congress), or any successor in interest other than a railroad company.

(c) "Private car" does not include:

(1) Freight train or passenger train cars owned by railroad companies which are used or subject to use under the ordinary per diem agreement common to all railroads.

(2) Freight train or passenger cars handled under mileage or through line contract arrangements between railroad companies.

(3) Cars owned by or leased to any railroad company operating in this state, or by any railroad company operated as a part of the same railroad system as the company operating in this state, and used by the railroad company in the operation, maintenance, construction, or reconstruction of its property and assessed and taxed in this state as a part of the property of a railroad company operating in this state.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 10

An act to add Section 41.5 to Chapter 361 of the Statutes of 1971, relating to public school certificated employees and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 2, 1972. Filed with
Secretary of State March 2, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 41.5 is added to Chapter 361 of the Statutes of 1971, to read:

41.5. Section 40 of this act shall become operative on September 1, 1972.

SEC. 2. In the event that this act becomes effective after the 61st day following the final adjournment of the 1971 Regular Session of the Legislature, it shall be given retroactive effect to that day, and shall be construed as deferring for all purposes the need to comply with Article 5.5 (commencing with Section 13485) of Chapter 2 of Division 10 of the Education Code, until the date specified in Section 1 of this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Confusion has arisen in administrative construction of those provisions of Chapter 361 of the Statutes of 1971 relating to the evaluation and assessment of certificated employees of school districts. Those provisions, in the absence of this act, would become operative on the 61st day after the final adjournment of the 1971 Regular Session. Such construction indicates the possibility that the application of such provisions to the dismissal proceedings of certificated employees in progress on such operative date may be impractical, might be construed as interfering with such proceedings, and might precipitate otherwise unnecessary litigation prolonging otherwise valid administrative and judicial proceedings involving certificated employees. In order to avoid such possibilities, it is necessary that this act take effect immediately.

CHAPTER 11

An act to amend Section 75090.2 of the Government Code, relating to the Judges' Retirement System, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 2, 1972. Filed with
Secretary of State March 2, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 75090.2 of the Government Code as amended by Chapter 1049 of the Statutes of 1971 is amended to read:

75090.2. Any person who is a judge on the effective date of this section or December 1, 1971, may elect to come within the provisions of this article on or before April 1, 1972, provided he pays into the Judges' Retirement Fund a sum equal to the amount which would have been deducted from his salary under Section 75092 had he made the election within the applicable time limitation in Section 75090 as it read prior to the effective date of this section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Due to the length of the 1971 Regular Session, an amendment to Section 75090.2 of the Government Code did not become effective in time to benefit any member of the Judges' Retirement System. In order to assure that the benefits of this act do become available prior to April 1, 1972, this act must take effect immediately.

CHAPTER 12

An act to add Sections 25210.77e, 25210.77f, 25830, and 25831 to, and to repeal Sections 25210.77e, 25210.77f, 25830, and 25831, as added by Chapter 1014 of the Statutes of the 1971 Regular Session of, the Government Code, relating to counties, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 2, 1972. Filed with
Secretary of State March 2, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 25210.77e of the Government Code, as added by Chapter 1014 of the Statutes of the 1971 Regular Session, is repealed.

SEC. 2. Section 25210.77f of the Government Code, as added by Chapter 1014 of the Statutes of the 1971 Regular Session, is repealed.

SEC. 3. Section 25830 of the Government Code, as added by Chapter 1014 of the Statutes of the 1971 Regular Session, is repealed.

SEC. 4. Section 25831 of the Government Code, as added by Chapter 1014 of the Statutes of the 1971 Regular Session, is repealed.

SEC. 5. Section 25210.77e is added to the Government Code, to read:

25210.77e. On or before the first day of July of each calendar year, the board of supervisors of any county may, by resolution or ordinance, establish a schedule of fees to be imposed on land within a county service area, revenue from such fees to be used for the acquisition, operation and maintenance of county waste disposal sites and for financing waste collection, processing, reclamation, and disposal services, where such services are provided. In establishing the schedule of fees, the board of supervisors shall classify the land within the county service area based upon the various uses to which the land is put, the volume of waste occurring from the different land uses and any other factors that the board determines would reasonably relate the waste disposal fee to the land upon which it would be imposed.

The board shall set a reasonable fee for each category established and divide the land within the county service areas according to categories and ownership. The board shall impose the appropriate

fee upon each division of land and provide for the billing and collection of such fees. The fees may be established, billed and collected on a monthly or yearly basis.

SEC. 6. Section 25210.77f is added to the Government Code, to read:

25210.77f. Any fees authorized pursuant to Section 25210.77e which remain unpaid for a period of 60 or more days after the close of the period for which they were billed may be collected by the county as provided herein.

(a) Once a year the board of supervisors shall cause to be prepared a report of delinquent fees. Upon receipt of the report the board shall fix a time, date and place for hearing the reports and any objections or protests thereto.

(b) The board shall cause notice of the hearing to be mailed to the landowners listed on the report not less than 10 days prior to the date of the hearing.

(c) At the hearing the board shall hear any objections or protests of landowners liable to be assessed for delinquent fees. The board may make such revisions or corrections to the report as it deems just, after which, by resolution, the report shall be confirmed.

(d) The delinquent fees set forth in the report as confirmed shall constitute special assessments against the respective parcels of land and are a lien on the property for the amount of such delinquent fees. A certified copy of the confirmed report shall be filed with the county auditor for the amounts of the respective assessments against the respective parcels of land as they appear on the current assessment roll. The lien created attaches upon recordation, in the office of the county recorder of the county in which the property is situated, of a certified copy of the resolution of confirmation. The assessment may be collected at the same time and in the same manner as ordinary county ad valorem property taxes are collected and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for such taxes. All laws applicable to the levy, collection and enforcement of county ad valorem property taxes shall be applicable to such assessment.

SEC. 7. Section 25830 is added to the Government Code, to read:

25830. On or before the first day of July of each calendar year, the board of supervisors of any county may, by resolution or ordinance, establish a schedule of fees to be imposed on land within the unincorporated area of the county, revenue from such fees to be used for the acquisition, operation and maintenance of county waste disposal sites and for financing waste collection, processing, reclamation, and disposal services, where such services are provided. In establishing the schedule of fees, the board of supervisors shall classify the land within the unincorporated area of the county based upon the various uses to which the land is put, the volume of waste occurring from the different land uses and any other factors that the board determines would reasonably relate the waste disposal fee to the land upon which it would be imposed.

The board shall set a reasonable fee for each category established and divide the land within the unincorporated territory according to categories and ownership. The board shall impose the appropriate fee upon each division of land and provide for the billing and collection of such fees. The fees may be established, billed and collected on a monthly or yearly basis.

SEC. 8. Section 25831 is added to the Government Code, to read: 25831. Any fees authorized pursuant to Section 25830 which remain unpaid for a period of 60 or more days after the close of the period for which they were billed may be collected by the county as provided herein.

(a) Once a year the board of supervisors shall cause to be prepared a report of delinquent fees. Upon receipt of the report the board shall fix a time, date and place for hearing the reports and any objections or protests thereto.

(b) The board shall cause notice of the hearing to be mailed to the landowners listed on the report not less than 10 days prior to the date of the hearing.

(c) At the hearing the board shall hear any objections or protests of landowners liable to be assessed for delinquent fees. The board may make such revisions or corrections to the report as it deems just, after which, by resolution, the report shall be confirmed.

(d) The delinquent fees set forth in the report as confirmed shall constitute special assessments against the respective parcels of land and are a lien on the property for the amount of such delinquent fees. A certified copy of the confirmed report shall be filed with the county auditor for the amounts of the respective assessments against the respective parcels of land as they appear on the current assessment roll. The lien created attaches upon recordation, in the office of the county recorder of the county in which the property is situated, of a certified copy of the resolution of confirmation. The assessment may be collected at the same time and in the same manner as ordinary county ad valorem property taxes are collected and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for such taxes. All laws applicable to the levy, collection and enforcement of county ad valorem property taxes shall be applicable to such assessment.

The people of the State of California do enact as follows:

SECTION 1. Section 64007 of the Agricultural Code is amended to read:

64007. "Handler" means any person that, as owner, agent, or broker, purchases, or otherwise acquires from a producer, producer-handler, or another handler, possession or control of milk, skim milk, or cream, in the form of unprocessed milk, skim milk, or cream, or in any other unprocessed form, for the purpose of processing it.

SEC. 2. Section 64252 of the Agricultural Code, as amended by Chapter 1258 of the Statutes of 1971, is amended to read:

64252. Each handler in this state, including each producer-handler, shall pay a fee to the director of not to exceed one and eight-tenths cents (\$.018) per hundredweight on all milk, skim milk, and cream received, during the months of October and May in each fiscal year from a producer, producer-handler, or another handler and utilized in the plant of the receiving handler, or producer-handler, in the processing and manufacture of milk and milk products for any of the usages defined in Sections 61842, 61843, 61844, and 61845. Such hundredweight shall be computed by combining the total pounds of milk fat and skim milk so utilized, and

shall include plant loss of such milk fat and skim milk allocated to each class usage, together with all condensed products and dry solids-not-fat utilized in the handler's plant in the fortification by such handler of class 1 milk or milk products.

SEC. 3. Section 64273 of the Agricultural Code, as amended by Chapter 1258 of the Statutes of 1971, is amended to read:

64273. During such period, each producer and producer-handler shall pay a maximum fee, for each month of the year other than the months of May and October, of not to exceed one and one-tenth cents (\$0.011) per hundredweight of milk produced by him in the state, delivered by him to a handler and used as class 1 milk, including milk produced by a producer-handler and used by such handler as class 1 milk.

For the purpose of this section, the class 1 usage for each producer shall be the hundredweight whole milk equivalent computed by combining the class 1 milk fat usage and the class 1 skim milk usage allocated to all milk delivered by such producer to a handler or producer-handler. Such class 1 skim milk usage shall be computed by dividing the class 1 solids-not-fat usage by the monthly average solids-not-fat test of skim milk in the milk first received from the producer by handlers or producer-handlers. The collection of the fee to be paid by handlers, including producer-handlers, pursuant to Sections 64252 and 64274, is to be used for the handler portion of council assessments only, and shall not affect payments by producers, nor in any way change the method of producer payment for milk.

Such class 1 usage shall be computed by combining pounds of milk fat and skim milk so utilized as class 1, together with plant loss of such milk fat and skim milk allocated to class 1 usage, and all condensed products and dry solids-not-fat utilized in the handler's plant in the fortification by such handler of class 1 milk or milk products.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The provisions of Chapter 1258 of the Statutes of 1971, to become effective on the 61st day after the final adjournment of the 1971 Regular Session of the Legislature, require changes in the assessment

methods under the Dairy Council of California Law which will impose an undue burden on the Director of Agriculture and the milk industry. In order for the Director of Agriculture to implement the changes under this act which would prevent the imposition of such undue burden, it is necessary that this act become effective immediately.

Chapter 7.1 (commencing with Section 6750).

Chapter 8 (commencing with Section 6801).

Chapter 9 (commencing with Section 6901).

Chapter 9.5 (commencing with Section 6931).

Chapter 10 (commencing with Section 6950).

SEC. 4. Section 6902 of the Education Code is not affected by Chapter 1748 of the Statutes of 1971.

If that act were applied to the statutes relating to apportionments and allowances and the determination of residency for educational purposes, it would result in a substantial financial dislocation in the educational system of the state. In order to prevent such application, it is essential that this act take effect immediately.

The Director of General Services, with the approval of the Department of Mental Hygiene, is hereby authorized to convey to the County of Santa Clara, upon such terms and conditions and with such reservations and exceptions as, in his opinion, may be in the best interest of the state, an easement for all purposes in approximately 1.83 acres of the Agnews State Hospital property located at the southwesterly corner of such property and extending from Lafayette Road easterly along the northern boundary of the Montague Expressway for the purposes of widening of such expressway.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Montague Expressway Project, for which the easement authorized by this legislation is needed, is expected to be ready to go to bid prior to the adjournment of the 1972 Regular Session of the Legislature. In order that final plans can be prepared in time to meet the expected bid date it is necessary that this legislation go into immediate effect.

CHAPTER 23

An act to add Section 38109 to the Health and Safety Code, relating to mentally retarded persons, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 14, 1972 Filed with
Secretary of State March 14, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 38109 is added to the Health and Safety Code, to read:

38109. Before any person is examined by a regional center pursuant to Section 1370.1 of the Penal Code, the court ordering such medical examination shall transmit to the regional center a copy of the orders made pursuant to proceedings conducted under Sections 1368 and 1369 of the Penal Code. The purpose of the medical examination shall be to determine if mental retardation is the primary diagnosis.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 1817 of the Statutes of 1971 provides for referral to a regional center for the mentally retarded of a criminal defendant when there is reason to believe that his inability to understand the nature and purpose of the proceedings taken against him so as to be able to conduct, or assist in, his own defense in a rational manner is a result of mental retardation. Clarification of the procedures by which the order of referral to the regional center is made is essential prior to the effective date of Chapter 1817.

CHAPTER 24

An act to repeal Section 11253 of, and to add Section 11253 to, the Welfare and Institutions Code, relating to aid to families with dependent children, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 14, 1972 Filed with
Secretary of State March 14, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 11253 of the Welfare and Institutions Code, as amended by Chapter 578 of the 1971 Statutes, is repealed.

SEC. 2. Section 11253 is added to the Welfare and Institutions Code, to read:

11253. Aid may not be granted under the provisions of this chapter to or in behalf of any child over the age of 16 unless:

(a) He is less than 21 years of age and is regularly attending school or a training program, or if enrolled in an institution of higher education, attending regularly, achieving a passing grade and making progress according to standards set by the department, or

(b) He is physically or mentally disabled, or

(c) He is employed and contributing to the family, or applying his earnings to a plan approved by the county department for his further education or preparation for future employment, provided that his earnings set aside for education or training are placed in an irrevocable trust for such purposes, with the county and the parents designated as joint trustees.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 1748 of the Statutes of 1971 became operative March 4, 1972. In order to insure that the application of Chapter 1748 to the aid to families with dependent children program does not result in the termination of aid to thousands of full-time students who are making satisfactory progress in their studies, it is necessary that this act take effect immediately.

CHAPTER 25

An act making an appropriation in augmentation of Item 227 of the Budget Act of 1971, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 21, 1972. Filed with Secretary of State March 21, 1972.]

The people of the State of California do enact as follows:

SECTION 1. The sum of two million one hundred sixty-seven thousand eight hundred ninety-seven dollars (\$2,167,897) is hereby appropriated from the General Fund to the Department of Youth Authority in augmentation of and upon the same terms and conditions as the appropriation made by Item 227 of the Budget Act of 1971.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The funds appropriated in Item 227 of the Budget Act of 1971 are insufficient to last through the current fiscal year because of an increased workload of special probation supervision programs at the local level.

 CHAPTER 26

An act to amend Section 14 of Chapter 1307 of the Statutes of 1971, relating to documents, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 21, 1972. Filed with Secretary of State March 21, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 14 of Chapter 1307 of the Statutes of 1971, is amended to read:

Sec. 14. The provisions of this act shall become operative on the first day of the first calendar quarter succeeding the effective date of this act. However, the provisions of this act shall not apply to any lien or certificate recorded prior to the operative date of this act, nor shall they apply to the recording of a release of any such lien.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The intent of Chapter 1307, Statutes of 1971, was to impose a fee

upon the recording of any lien or certificate or for any release of such lien except a legally unenforceable lien, from and after the date upon which state agencies were authorized to include fees for the recording or release of such liens in the liability payable by the tax debtor. Under the operative language of Section 14 of Chapter 1307, Statutes of 1971, however, certain state agencies, including the Department of Human Resources Development, do not have authority to include fees for the recording or for the release of such liens in the liability payable by the tax debtor until April 1, 1972, the operative date of the chapter. Unless this act takes immediate effect, the liability for fees for the recording or release of such liens with respect to liens recorded prior to April 1, 1972 will be imposed upon the state agencies, rather than upon the tax debtor. Therefore, in order that the state agencies be relieved from an unintended liability for fees, it is necessary that this act take immediate effect.

It was also the intent of Chapter 1307, Statutes of 1971, to impose a fee upon the recording of agreements to reimburse a county for public aid granted by the county but only as to agreements recorded after the operative date of the act. Under the operative language of Section 14 of Chapter 1307, Statutes of 1971, however, the filing fee was inadvertently made to apply to agreements recorded prior to the operative date of the act. Counties are without budgeted funds to pay filing fees for agreements recorded prior to the effective date of the act. Therefore, in order that the counties be relieved from an unintended liability for fees, it is necessary that this act take immediate effect.

CHAPTER 27

An act to amend Sections 250.5 and 263 of, and to amend, repeal, and add Section 249 to, the Health and Safety Code, relating to physically handicapped children, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 21, 1972. Filed with
Secretary of State March 21, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 249 of the Health and Safety Code is amended to read:

249. The Department of Public Health shall establish and administer a program of services for physically defective or handicapped persons under the age of 21 years, in cooperation with the federal government through its appropriate agency or instrumentality, for the purpose of developing, extending and improving such services. The department shall receive and expend

all funds made available to it by the federal government, the state, its political subdivisions or from other sources, and it shall have power to supervise those services included in the state plan which are not directly administered by the state. The department shall cooperate with the medical, health, nursing and welfare groups and organizations concerned with the program, and any agency of the state charged with the administration of laws providing for vocational rehabilitation of physically handicapped children.

The reference to "the age of 21 years" in this section is unaffected by Section 1 of Chapter 1748 of the Statutes of 1971 or any other provision of that chapter.

This section shall remain in effect only until Reorganization Plan No. 1 of 1970 becomes operative and on such date is repealed.

SEC. 2. Section 249 is added to the Health and Safety Code, to read:

249. The Department of Health shall establish and administer a program of services for physically defective or handicapped persons under the age of 21 years, in cooperation with the federal government through its appropriate agency or instrumentality, for the purpose of developing, extending and improving such services. The department shall receive and expend all funds made available to it by the federal government, the state, its political subdivisions or from other sources, and it shall have power to supervise those services included in the state plan which are not directly administered by the state. The department shall cooperate with the medical, health, nursing and welfare groups and organizations concerned with the program, and any agency of the state charged with the administration of laws providing for vocational rehabilitation of physically handicapped children.

The reference to "the age of 21 years" in this section is unaffected by Section 1 of Chapter 1748 of the Statutes of 1971 or any other provision of that chapter.

This section shall become operative on the same date as Reorganization Plan No. 1 of 1970 becomes operative.

SEC. 3. Section 250.5 of the Health and Safety Code is amended to read:

250.5. "Handicapped child," as used in this article, means a physically defective or handicapped person under the age of 21 years who is in need of services. The director shall establish those conditions coming within a definition of "handicapped child" except as the Legislature may otherwise include in the definition. Phenylketonuria, hyaline membrane disease, cystic fibrosis, and hemophilia shall be among such conditions.

The reference to "the age of 21 years" in this section is unaffected by Section 1 of Chapter 1748 of the Statutes of 1971 or any other provision of that chapter.

SEC. 4. Section 263 of the Health and Safety Code is amended to read:

263. This article does not authorize any treatment service

without the written consent of a parent or guardian except as a person under 18 years is an emancipated minor.

SEC. 5. It is the intent of the Legislature, that, if Reorganization Plan No. 1 of 1970 becomes operative, Section 249 of the Health and Safety Code, as amended by Section 1 of this act, shall remain in effect only until Reorganization Plan No. 1 of 1970 becomes operative and on that date Section 249 of the Health and Safety Code, as added by Section 2 of this act, which includes the changes in Section 249 made by both Reorganization Plan No. 1 of 1970 and Section 1 of this act, shall become operative.

SEC. 6. It is the intention of the Legislature that to the extent permitted by federal law, eligibility of persons for services to physically handicapped children pursuant to Article 2 (commencing with Section 249) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code shall continue to age 21, but that, persons 18 years of age and over may consent to treatment service under Article 2. Notwithstanding any other provision of law, Sections 249, 250.5, and 263 of the Health and Safety Code, as amended by Sections 1, 2, and 3 of this act, respectively, shall not constitute a change in, but are declaratory of, the preexisting law.

SEC. 7. The sum of one million two hundred thousand dollars (\$1,200,000) is hereby appropriated from the General Fund to the State Department of Public Health for expenditure, in augmentation of Item No. 248(b) of the Budget Act of 1971, for services to physically handicapped children.

SEC. 8. Sections 1 to 6, inclusive, of this act shall become operative on March 4, 1972.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act will make available additional funds for the current fiscal year for services to physically handicapped children. Unless these funds are immediately made available services to needy physically handicapped children will have to be curtailed.

This act also eliminates the confusion regarding the eligibility of persons 18 years of age or over but under the age of 21 for services to handicapped children on and after March 4, 1972. Chapter 1748 of the Statutes of 1971, which lowers the legal age of majority to 18 for most purposes, will become operative on March 4, 1972. Section 1 of Chapter 1748 of the Statutes of 1971 could possibly be interpreted to eliminate services for physically handicapped children at age 18, although federal law provides that such persons are eligible for services to age 21. In order to eliminate the confusion regarding the eligibility of persons for services to physically handicapped children and to insure the continued availability of such services to persons who are 18 years of age or over but under the age of 21, it is imperative that this act take effect immediately.

CHAPTER 28

An act relating to optometry, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 21, 1972. Filed with Secretary of State March 21, 1972]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of law, the State Board of Optometry shall permit a person who meets all of the following requirements to take the examination for a certificate of registration as an optometrist:

- (a) Is over the age of 18 years.
- (b) Is of good moral character.
- (c) Is a graduate of an accredited university or school, located in this state, where the science of optometry is taught.
- (d) Has been licensed to practice optometry in another state and has practiced optometry in such state.
- (e) Is a member of the National Board of Optometry, or an equivalent board.
- (f) Pays the fee specified in subdivision (b) of Section 3152 of the Business and Professions Code.
- (g) Applies, to take the examination, within 30 days following the effective date of this act.

The provisions of this section shall be operative for two years from the effective date of this act and thereafter shall have no force or effect.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Highly qualified California residents will be otherwise unable to take an examination, to be given this year, for the certificate of registration as an optometrist unless this act becomes effective immediately.

CHAPTER 29

An act making an appropriation to the Board of Governors of the California Community Colleges, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 23, 1972. Filed with Secretary of State March 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. There is hereby appropriated from that portion of the unappropriated surplus of the State Construction Program Fund (Reserve Account) consisting of moneys derived from sources other than bond proceeds, the sum of one million four hundred seventy-six thousand one hundred dollars (\$1,476,100) to the Board of Governors of the California Community Colleges to be allocated by them, subject to the prior approval of the State Public Works Board, to the West Valley Joint Junior College District for site acquisition for its Mission Campus.

SEC. 2. The appropriation made by Item 301.9 of the Budget Act of 1971 shall revert to the Capital Outlay Fund for Public Higher Education.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit the West Valley Joint Junior College District to meet its commitments to its students and the public in view of the extreme scarcity of suitable college sites, particularly for serving the minority community, within the metropolitan Santa Clara County area; in view of the historically continuing increase in the number of students, in excess of 12 percent annually, in attendance in the district; and in view of the prolonged delay of the proceedings of purchasing this one available college site; it is essential that this act take effect immediately.

CHAPTER 30

An act to amend Sections 100032, 100042, 100124, 100131, and 100161 of, to add Sections 100081, 100093, and 100113 to, and to repeal Sections 100081, 100093, 100113, 100148, 100150, 100169.2, 100169.4, and 100171 of, and to repeal Article 7 (commencing with Section 100180) and Article 8 (commencing with Section 100200) of Chapter 5 of, and to repeal Chapter 7 (commencing with Section 100400) of, Part 12 of Division 10 of, the Public Utilities Code, and to amend Section 7252 of, and to repeal Section 7272.5 of, the Revenue and Taxation Code, relating to the Santa Clara County Transit District, and declaring the urgency thereof, to take effect immediately.

The people of the State of California do enact as follows:

SEC. 2. Section 100042 of the Public Utilities Code is amended to read:

100042. The ballot for the election shall contain such instructions as are required by law to be printed thereon and in addition thereto the following:

Shall the "Santa Clara County Transit District" be formed?	YES <input type="checkbox"/>
	NO <input type="checkbox"/>

SEC. 4. Section 100081 of the Public Utilities Code is repealed.

SEC. 5. Section 100081 is added to the Public Utilities Code, to read:

100081. The commission shall be composed of 25 members as follows:

Members of the commission shall serve a two-year term, and any vacancy on the commission shall be filled for the balance of the term by the authority who holds the appointment to that vacancy. Installations in county highways and city streets shall be subject to similar encroachment permits.

SEC. 20. Section 7252 of the Revenue and Taxation Code is amended to read:

CHAPTER 31

An act to amend the heading of Article 9 (commencing with Section 1081) of Chapter 3 of Division 4 of, to add Section 1081.5 to, and to repeal Sections 1081 and 1081.5 of, the Education Code, relating to school field trips and excursions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 23, 1972. Filed with Secretary of State March 23, 1972.]

(a) Conduct field trips or excursions in connection with courses of instruction or school-related social, educational, cultural, athletic, or school band activities to and from places in the state, any other state, the District of Columbia, or a foreign country for pupils enrolled in elementary or secondary schools. A field trip or excursion to and from a foreign country may be permitted to familiarize students with the language, history, geography, natural sciences, and other studies relative to the district's course of study for such pupils.

(b) Engage such instructors, supervisors, and other personnel as desire to contribute their services over and above the normal period for which they are employed by the district, if necessary, and provide equipment and supplies for such field trip or excursion.

(c) Transport by use of district equipment, contract to provide transportation, or arrange transportation by the use of other equipment, of pupils, instructors, supervisors or other personnel to and from places in the state, any other state, the District of Columbia, or a foreign country where such excursions and field trips are being conducted; provided that, when district equipment is used, the

governing board shall secure liability insurance, and if travel is to and from a foreign country, such liability insurance shall be secured from a carrier licensed to transact insurance business in such foreign country.

(d) Provide supervision of pupils involved in field trips or excursions by certificated employees of the district.

No pupil shall be prevented from making the field trip or excursion because of lack of sufficient funds. To this end, the governing board shall coordinate efforts of community service groups to supply funds for pupils in need of them.

No group shall be authorized to take a field trip or excursion authorized by this section if any pupil who is a member of such an identifiable group will be excluded from participation in the field trip or excursion because of lack of sufficient funds.

The attendance or participation of a pupil in a field trip or excursion authorized by this section shall be considered attendance for the purpose of crediting attendance for apportionments from the State School Fund in the fiscal year. Credited attendance resulting from such field trip or excursion shall be limited to the amount of attendance which would have accrued had the students not been engaged in the field trip or excursion, but shall not exceed 10 schooldays. The Superintendent of Public Instruction shall advise the Legislature of the total amount of attendance credits which resulted from all field trips or excursions during the 1972-1973 fiscal year and the 1973-1974 fiscal year.

All persons making the field trip or excursion shall be deemed to have waived all claims against the district or the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion. All adults taking out-of-state field trips or excursions and all parents or guardians of pupils taking out-of-state field trips or excursions shall sign a statement waiving such claims.

No transportation allowances shall be made by the Superintendent of Public Instruction for expenses incurred with respect to field trips or excursions which have an out-of-state destination. Any school district which transports pupils, teachers or other employees of the district in schoolbuses within the state and to destinations within the state, pursuant to the provisions of this section, shall report to the Superintendent of Public Instruction on forms prescribed by him the total mileage of schoolbuses used in connection with such educational excursions. In computing the allowance to such school district for regular transportation there shall be deducted therefrom an amount equal to the depreciation of schoolbuses used for such transportation in accordance with rules and regulations adopted by the Superintendent of Public Instruction.

SEC. 5. This act is an urgency statute necessary for the

immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit pupils to participate in field trips to foreign countries during the 1971-1972 school year, according to schedules which have been established, it is necessary that this act go into immediate effect.

CHAPTER 32

An act to amend Sections 13920, 14005.3, 14053, 14121, 14132 and 14145 of the Welfare and Institutions Code, relating to health care services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 23, 1972 Filed with
Secretary of State March 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 13920 of the Welfare and Institutions Code is amended to read:

13920. The purpose of this article is to provide out-of-home care to those recipients of public assistance for whom care in their own homes is impractical; however, the provisions of this article shall not duplicate intermediate care or other out-of-home facility services provided under the California Medical Assistance Program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of this code).

SEC. 2. Section 14005.3 of the Welfare and Institutions Code, as amended by Chapter 577 of the Statutes of 1971, is amended to read:

14005.3. A person in an intermediate care facility, a skilled nursing home, hospital, institution for tuberculosis, or for mental disease, or other medical facility, and who, if he left the facility, would be eligible for a cash grant under a chapter specified in Section 14005.1, is eligible for health care services under Section 14005, to the extent for which there is matching federal financial participation.

SEC. 8. The Director of Finance shall transfer from subdivision (c) of Item 256 of the Budget Act of 1971 (Chapter 266, Statutes of 1971) to Item 229 of such Budget Act, an amount sufficient to permit the Department of Health Care Services to fund the intermediate care program provisions of PL 92-223.

SEC. 9. Any claim for intermediate care services rendered on or after January 1, 1972, which claim is otherwise allowable and payable, shall be paid from the Health Care Deposit Fund. This section shall

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to comply with amendments to the Federal Social Security Act effective January 1, 1972, which brought intermediate care facility services under Title XIX of said act (Medicaid), to make such services available to the medically needy and continue the availability to public assistance recipients, and to enable the state to obtain federal financial participation in payment for such services, it is necessary that this act take effect immediately.

CHAPTER 33

An act relating to students in higher education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 23, 1972 Filed with
Secretary of State March 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Chapter 1748 of the Statutes of 1971, the term "minor" as used in Sections 23057 and 23755 of the Education Code shall be deemed to include persons under 21 years of age.

SEC. 2. This act shall cease to be operative on July 1, 1973.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Students at the University of California and the California State University and Colleges who are under the age of 21 and who are dependents of United States military personnel stationed in California were, prior to the enactment of Chapter 1748 of the Statutes of 1971, considered minors and were not subject to nonresident tuition and fees at the university.

In order that those students not be deprived of such resident status for the spring quarter which commences in March of 1972, it is necessary that this act take effect immediately.

CHAPTER 34

An act making an appropriation to the Judges' Retirement Fund, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 23, 1972. Filed with Secretary of State March 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. The sum of two hundred thousand dollars (\$200,000) is hereby appropriated from the General Fund to the Judges' Retirement Fund, for the payment of the benefits to retired judges.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The level of benefits of retired judges are based upon the compensation received by active judges and that compensation has been recently increased. Therefore, this act must take effect immediately, in order for funds to be available to pay the required increase in retirement benefits.

 CHAPTER 35

An act relating to state school building aid, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 28, 1972. Filed with Secretary of State March 28, 1972.]

The people of the State of California do enact as follows:

SECTION 1. (a) In the event a school district failed to include in its 1971-1972 budget, and the board of supervisors thereafter failed in the fiscal year 1971-1972 to levy a tax upon the property in the school district sufficient to raise for the district, the amount of money to be withheld by the State Controller during the fiscal year 1971-1972, as required by Sections 19436 and 19611 of the Education Code, and in the event the county auditor certifies that fact and the amount of such insufficiency to the State Controller, that officer shall reduce the total amount of the deductions from apportionments to be made to that district pursuant to Sections 19436 and 19611 of the Education Code for the 1971-1972 fiscal year by the amount of such insufficiency.

(b) For the fiscal year 1971-1972, the apportionments from the State School Fund for any district which is subject to subdivision (a) shall be increased by an amount equal to the total amount of deductions made pursuant to Sections 19436 and 19611 during the 1971-1972 fiscal year.

(c) For the fiscal year 1972–1973, the State Controller shall add to the amounts to be deducted under Sections 19436 and 19611 of the Education Code, the amount of any reductions in any such deduction effected during the fiscal year 1971–1972, pursuant to subdivision (a), plus an amount equal to 6 percent of such deductions.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

By reason of inadvertence, there was a failure of at least one school district to include in its 1971–1972 budget, and thereafter, a failure to levy a tax sufficient to provide, the full amount of the 1971–1972 annual repayments of apportionments made under the State School Building Aid Law of 1952. If this act were not to take effect immediately, the State Controller would be required by Sections 19436 and 19611 of the Education Code to deduct the total amount of the annual repayment for such district in equal amounts from the February through May installments of the apportionments to be made to the district from the State School Fund, which would seriously deplete the general fund of such district and would have its consequent effect upon the educational opportunities afforded to the children of the district.

CHAPTER 36

An act to amend Section 13658 of the Education Code, and to amend Section 1253.4 of, and to add Section 803.5 to, the Unemployment Insurance Code, relating to classified school employees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 28, 1972 Filed with
Secretary of State March 28, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 13658 of the Education Code, as added by Chapter 1622 of the Statutes of 1971, is amended to read:

13658. Every regularly employed classified school employee employed by any of the following: (a) governing board of a school district, (b) county board of education, (c) county superintendent of schools, or (d) personnel commission of a school district which has a merit system as provided in Article 5 (commencing with Section 13701) of Chapter 3 of Division 10 of the Education Code, shall be covered for unemployment insurance pursuant to Sections 135.3, 605.2, and 802 of the Unemployment Insurance Code.

As used in this section, "regularly employed classified school employee" includes all persons employed pursuant to Sections 872,

934, 949, 13581.2, 13581.5, 13599.7, and Sections 13581.1 and 13712 and any other similar provisions heretofore or hereafter enacted. Persons serving as substitute, short-term, part-time playground, full-time day student employed part-time where enrolled, apprentice, temporary professional expert, emergency, limited term, or provisional employees or volunteers are, unless otherwise eligible, excluded from the meaning of the term.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 5 (commencing with Section 13701) of this chapter.

SEC. 2. Section 803.5 is added to the Unemployment Insurance Code, to read:

803.5. For the employing units specified in Section 135.3, no obligation to the Unemployment Fund shall be owing under any financing method until after December 15, 1972, and employing units shall choose a method for financing unemployment insurance coverage during the month of July, 1972. Obligation to the Unemployment Fund shall be dependent upon the choice made by or on behalf of the employing unit. However, the employing units shall otherwise conform to the requirements of this division, particularly to those pertaining to records and timely reports.

SEC. 3. Section 1253.4 of the Unemployment Insurance Code, as added by Chapter 1622 of the Statutes of 1971, is amended to read:

1253.4. Notwithstanding any other provision of this division, unemployment compensation benefits, extended duration benefits, and federal-state extended benefits based on service performed in a classified service position that is included in covered employment pursuant to Section 605.2, shall not be payable to any individual with respect to any week if any day of the week is within any school vacation, summer or special school session, recess or holiday (hereinafter referred to as "recess period") and he is scheduled to return to work at the end of the recess period, except that if he is not returned to work at the end of the recess period or is laid off within 30 working days thereafter, the department may reconsider any determination denying benefits and may pay benefits to him for any week in the recess period if he is otherwise eligible in all respects except for the requirement of subdivision (b) of Section 1253 that he report for each week benefits are claimed.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

It is essential that the employing units be given an opportunity to delay payments into the Unemployment Fund and to make the election of financing unemployment insurance coverage in the most expeditious manner possible in order to facilitate the orderly administration of the program. For these reasons it is essential that this act take effect immediately.

CHAPTER 37

An act to amend Section 22830 of the Elections Code, relating to elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 28, 1972 Filed with
Secretary of State March 28, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 22830 of the Elections Code is amended to read:

22830. Not earlier than the 89th nor later than the 68th day before any municipal election to fill offices, the city clerk shall publish a notice of the election in the city pursuant to Section 6061 of the Government Code. The notice shall be headed "Notice of Election," and shall contain a statement of:

- (a) The time of the election;
- (b) The offices to be filled, specifying full term or short term, as the case may be.

If there is no newspaper of general circulation published and circulated in the city, the notice shall be typewritten and copies shall be posted conspicuously within the time prescribed in at least three public places in the city.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to have the provisions of this act operative at the time of the municipal elections scheduled for April 1972, it is essential that this act go into immediate effect.

CHAPTER 38

An act to repeal Sections 73, 75, and 76 of Chapter 1748 of the Statutes of 1971, relating to age of majority, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 28, 1972 Filed with
Secretary of State March 28, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 73 of Chapter 1748 of the Statutes of 1971 is repealed.

SEC. 2. Section 75 of Chapter 1748 of the Statutes of 1971 is repealed.

SEC. 3. Section 76 of Chapter 1748 of the Statutes of 1971 is repealed.

SEC. 4. The Legislature intends that any use of or reference to the words "age of majority," "age of minority," "adult," "minor," or words of similar intent in any instrument, order, transfer, or governmental communication whatsoever made in this state:

(a) Before the effective date of Chapter 1748 of the Statutes of 1971, shall make reference to persons older or younger than 21 years of age, and

(b) On or after the effective date of Chapter 1748 of the Statutes of 1971, shall make reference to persons older or younger than 18 years of age.

Nothing contained herein or in Chapter 1748 of the Statutes of 1971 shall prevent the amendment of any court order, will, trust, contract, transfer, or instrument to refer to the new 18-year-old age of majority where such court order, will, trust, contract, transfer, or instrument is:

(1) In existence on the effective date of Chapter 1748 of the Statutes of 1971; and

(2) Subject to amendment by law and where amendment is allowable or not prohibited by the terms thereof; and

(3) Otherwise subject to the laws of this state.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

It has come to the attention of the Legislature since passage of A.B. 2887 (now Chapter 1748 of the Statutes of 1971) that there were and are thousands of court orders outstanding in this state referring to "age of majority" or to the ages of 19, 20, or 21. It is now apparent that great confusion will be caused within the judicial system and among California citizens unless it is made clear that all outstanding court orders remain unamended and unaffected by Chapter 1748 of the Statutes of 1971 and to further make clear that these court orders may be amended to reflect the new age of majority where such amendment is proper in the discretion of the courts under California law or by the terms of the outstanding court orders. Likewise, it is thought prudent to expressly indicate the intention of the Legislature that any instrument outstanding on the effective date of the new law may be amended if otherwise permissible or not prohibited by the law or its own terms.

CHAPTER 39

An act to amend Section 25541.7 of the Education Code, relating to community colleges.

[Approved by Governor March 30, 1972. Filed with Secretary of State March 30, 1972.]

25541.7. (a) The increase in the maximum rate of tax authorized by Section 25541.5 shall remain in effect until the end of the seventh consecutive fiscal year following the date of the first election at which a bond issue for a community college was passed in any community college district in which such seventh consecutive fiscal year ends on June 30, 1975, and such first bond issue passed provided for the issuance of bonds at a rate of interest of 5 percent.

(b) The increase in the maximum rate of tax authorized by Section 25541.5 shall remain in effect until the end of the seventh consecutive fiscal year following the date of the first election at which a bond issue for a community college was passed in any community college district in which such seventh consecutive fiscal year ends on June 30, 1976.

(c) The increase in the maximum rate of tax authorized by Section 25541.5 shall remain in effect until the end of the seventh consecutive fiscal year following the date of the first election at which a bond issue for a community college was passed in any community college district in which such seventh consecutive fiscal year ends on June 30, 1978.

 CHAPTER 40

An act to amend Section 10122 of the Insurance Code, as added by Chapter 570 of the Statutes of 1971, and to amend and renumber Section 12532.9 of the Government Code, as added by Chapter 419 of the Statutes of 1971, relating to health insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 30, 1972. Filed with Secretary of State March 30, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 12532.9 of the Government Code, as added by Chapter 419 of the Statutes of 1971 is amended and renumbered, to read:

12532.8. Every health care service plan delivered or issued for

delivery in this state more than 120 days after the effective date of this section, which provides that coverage of a dependent child of a member shall terminate upon attainment of the limiting age for dependent children specified in the plan, shall also provide in substance that attainment of such limiting age shall not operate to terminate the coverage of such child while the child is and continues to be both (a) incapable of self-sustaining employment by reason of mental retardation or physical handicap and (b) chiefly dependent upon the member for support and maintenance, provided proof of such incapacity and dependency is furnished to the health care service plan by the member within 31 days of the child's attainment of the limiting age and subsequently as may be required by the plan but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

Group or individual hospital, medical or surgical service agreements currently approved by the Attorney General which are delivered or issued for delivery more than 120 days after the effective date of this section shall be automatically construed to be in compliance with this section and need not be refiled or reprinted. Such service agreements submitted to the Attorney General for approval on and after the effective date of this section shall contain provisions in compliance with this section.

SEC. 1.5. Section 10122 of the Insurance Code, as added by Chapter 570 of the Statutes of 1971, is amended to read:

10122. If a policy of group disability insurance issued or issued for delivery or amended in this state after the effective date of this section provides in any manner for coverage for an employee and one or more covered persons dependent upon such employee and provides for an extension of coverage for any period following a termination of employment of the employee, the policy shall provide that such extension of coverage shall apply to dependents upon the same terms and conditions precedent as applied to the covered employee, for the same period of time, subject to payment of premiums, if any, as required by the terms of the policy and subject to any applicable collective bargaining agreement.

All such group disability policies issued or issued for delivery or amended in this state after the effective date of this section shall be automatically construed to be in compliance with this section and need not be refiled or reprinted.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Legislation enacted at the 1971 Regular Session provides certain health insurance policies delivered or issued for delivery 120 days after the effective date of the 1971 legislation pursuant to certain provisions of the Insurance Code would be deemed in compliance with that legislation. This act extends the same provision to certain health policies written pursuant to provisions of the Government

Code. In order for these similar provisions to take effect at the same time, this act must go into immediate effect.

SEC. 3. The provisions of this act shall become operative March 4, 1972.

SEC. 3. The boundaries of every public body as heretofore established, defined, or recorded, or as heretofore actually shown on maps or plats used by the assessor, are hereby confirmed, validated, and declared legally established.

SEC. 4. All acts and proceedings heretofore taken by any public body or bodies under any law, or under color of any law, for the annexation or inclusion of territory into any such public body or for the annexation of any such public body to any other such public body or for the withdrawal or exclusion of territory from any such public body or for the consolidation, merger, or dissolution of any public bodies are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of any such public body and of any person, public officer, board, or agency heretofore done or taken upon the question of the annexation or inclusion or of the withdrawal or exclusion of such territory or the consolidation, merger or dissolution of such public bodies.

SEC. 5. All acts and proceedings heretofore taken by or on behalf of any public body under any law, or under color of any law, for the authorization, issuance, sale, or exchange of bonds of any such public body for any public purpose are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of such public body and of any person, public officer, board, or agency, heretofore done or taken upon the question of the authorization, issuance, sale, or exchange of such bonds.

All bonds of any public body heretofore issued shall be, in the form and manner in which issued and delivered, the legal, valid, and binding obligations of the public body. All bonds of any public body heretofore awarded and sold to a purchaser and hereafter issued and delivered in accordance with the contract of sale and other proceedings for the award and sale shall be the legal, valid, and binding obligations of the public body. All bonds of any public body heretofore authorized to be issued by ordinance, resolution, order, or

other action adopted or taken by or on behalf of the public body and hereafter issued and delivered in accordance with such authorization shall be the legal, valid, and binding obligations of the public body. All bonds of any public body heretofore authorized to be issued at an election and hereafter issued and delivered in accordance with such authorization shall be the legal, valid, and binding obligations of the public body. Whenever an election has heretofore been called for the purpose of submitting to the voters of any public body the question of issuing bonds for any public purpose, such bonds, if hereafter authorized by the required vote and in accordance with the proceedings heretofore taken, and issued and delivered in accordance with such authorization, shall be the legal, valid, and binding obligations of the public body.

SEC. 6. (a) The foregoing provisions of this act shall operate to supply such legislative authorization as may be necessary to validate any such acts and proceedings heretofore taken which the Legislature could have supplied or provided for in the law under which such acts or proceedings were taken.

(b) The foregoing provisions of this act shall be limited to the validation of acts and proceedings to the extent to which the same can be effectuated under the State and Federal Constitutions.

(c) The foregoing provisions of this act shall not operate to confirm, validate, or legalize any act, proceeding, or other matter the legality of which is being contested or inquired into in any legal proceeding now pending and undetermined or which may be pending and undetermined during the period of 30 days from and after the effective date of this act, and shall not operate to confirm, validate, or legalize any act, proceeding, or other matter which has heretofore been determined in any legal proceeding to be illegal, void, or ineffective.

(d) This act shall not operate to confirm, validate, or legalize a contract between any district and the United States.

SEC. 7. Any action or proceeding contesting the validity of any action or proceeding heretofore taken under any law, or under color of any law, for the formation, organization, or incorporation of any public body, or for any annexation thereto, exclusion therefrom, or other change of boundaries thereof, or for the consolidation, merger, or dissolution of any public bodies, or for the authorization, issuance, sale, or exchange of bonds thereof upon any ground involving an alleged defect or illegality not effectively validated by the prior provisions of this act and not otherwise barred by any statute of limitations or by laches must be commenced within six months of the effective date of this act; otherwise each and all of such matters shall be held to be valid and in every respect legal and incontestable. This section shall not extend the period in which any action may be brought beyond the period in which it would be barred by any presently existing valid statute of limitations.

SEC. 8. Nothing contained in this act shall be construed to render the creation of any city or district, or any change in the boundaries

of any city or district, effective for purposes of assessment or taxation unless the statement, together with the map or plat, required to be filed under Sections 54900 to 54904, inclusive, of the Government Code, is filed within the time and substantially in the manner required by such sections.

SEC. 9. As used in this act, the word "now" means the date this act takes effect; the word "heretofore" means any time prior to such effective date; and the word "hereafter" means any time subsequent to such effective date.

SEC. 10. This act may be cited as the First Validating Act of 1972.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The peace, health and safety of the citizens of the state require the orderly and unhampered functioning of public bodies and such functioning depends upon the validity of the organization, boundaries, and governing officers or boards of public bodies, and upon the validity of acts, proceedings, and bonds of public bodies, and it is therefore imperative and essential that such matters be validated so that during the period before this act would otherwise become effective:

(1) Citizens of the state can be afforded the protection of the police, fire, safety, sanitary, and other regulations and protections provided by public bodies;

(2) Public works and construction by public bodies can be commenced and continued without delay or restriction, to provide sewers, waterworks, schools, storm drains, flood control works, sanitary facilities, electric and other utility works, firehouses and facilities, police stations and facilities, streets, hospitals, and other works, structures, improvements, and facilities required for the public peace, health and safety, and immediately needed to provide for an increased population;

(3) Public bodies can issue and sell bonds heretofore authorized for the purpose of providing sewers, waterworks, schools, storm drains, flood control works, sanitary facilities, electric and other utility works, firehouses and facilities, police stations and facilities, streets, hospitals, and other works, structures, improvements, and facilities required for the public peace, health, and safety and immediately needed to provide for an increased population, which cannot now be sold because of defects in the organization or boundaries of some public body or in the authorization of such bonds, which defects will be cured by this act.

CHAPTER 42

An act to repeal Chapter 32 (commencing with Section 50001) of, and to add Chapter 32 (commencing with Section 50001) to, Division 17 of the Agricultural Code, and to repeal Chapter 536 of the Statutes of 1971, relating to vegetable standards, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 3, 1972 Filed with
Secretary of State April 3, 1972]

The people of the State of California do enact as follows:

SECTION 1. Chapter 32 (commencing with Section 50001) of Division 17 of the Agricultural Code is repealed.

SEC. 2. Chapter 536 of the Statutes of 1971 is repealed.

SEC. 3. Chapter 32 (commencing with Section 50001) is added to Division 17 of the Agricultural Code, to read:

CHAPTER 32. POTATOES

Article 1. Standard Generally

50001. Except as otherwise provided in this chapter, potatoes shall conform to the United States No. 2 grade or better, except potatoes which are less than 1½ inch minimum diameter shall be considered as not meeting United States No. 2 grade.

50002. The director may, upon petition of an industry committee that he finds has a substantial interest in the growing or handling of potatoes, establish, modify, or rescind by regulation standards of quality, grade, size, and maturity higher than United States No. 2 grade for potatoes destined for fresh market. In establishing such regulations, the director shall take into consideration the interests of potato producers as well as the acceptability of potatoes to be sold to the consumer.

The director, in establishing such regulations, may exclude areas of the state covered by a federal or state marketing order for potatoes from such additional requirements. However, in no case shall regulations so established be below the standards for a United States No. 2 grade potato.

50003. Potatoes for processing which fail to comply with maturity or size, or both maturity and size, requirements of this chapter or of maturity regulations of the director may be transported out of this state; provided that the potatoes are in bins or bulk loads of more than 100 pounds. Containers holding 100 pounds or less may be used; provided, however, that there shall be stenciled or imprinted upon each such container in three-inch letters the words "processing potatoes." No container of processing potatoes shall be transported out of the state bearing any false or misleading statement.

50004. Notwithstanding any provision of Section 43251, all

potatoes, in containers designed to hold 100 pounds or less of potatoes, destined for processing in this state that fail to meet United States No. 2 grade or quality, size, and maturity grades and standards established by regulations of the director shall bear upon their containers in a conspicuous manner and in plain sight the name of the person who authorized the packing of the potatoes or the name under which such packer is engaged in business, together with a sufficiently explicit address to permit ready location of such packer. Each container of such potatoes shall also have printed or stenciled on it in three-inch letters the full unabbreviated words "processing potatoes," and such potatoes shall only be used for processing purposes.

Article 2. Potatoes for Seed Purposes

50031. Potatoes for seed purposes, unless certified pursuant to Chapter 3 (commencing with Section 52651), Division 18, shall comply with all of the requirements of this division which relate to potatoes.

50032. Potatoes for use within this state for seed purposes, that fail to conform to the standards which are prescribed by Article 1 (commencing with Section 50001) of this chapter only by reason of serious damage which is due to greening and green ends, are as to such damage exempt from such standard if they are conspicuously marked and identified for seed purposes, or if they bear a notice which is accompanied by an order which directs the disposition of the potatoes for seed purposes only.

50033. The notice and order shall have the same force and effect as the warning notice and disposal order provided in Section 42881, and shall be subject to all the provisions of this division which relate to the warning notice and disposal order.

SEC. 4. Section 2 of this act shall become operative on the 61st day after the final adjournment of the 1971 Regular Session of the Legislature.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to meet the needs of the current marketing season for potatoes, it is necessary that the provisions of this act go into immediate effect.

CHAPTER 43

An act to amend Section 690.6 of the Code of Civil Procedure, relating to levies of execution, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 6, 1972. Filed with
Secretary of State April 6, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 690.6 of the Code of Civil Procedure, as amended by Chapter 1684 of the Statutes of 1971, is amended to read:

690.6. (a) Except as provided in Section 11489 of the Welfare and Institutions Code, all of the earnings of the debtor received for his personal services shall be exempt from levy of attachment without filing a claim for exemption as provided in Section 690.50.

(b) One-half or such greater portion as is allowed by statute of the United States, of the earnings of the debtor received for his personal services rendered at any time within 30 days next preceding the date of a withholding by the employer under Section 682.3, shall be exempt from execution without filing a claim for exemption as provided in Section 690.50.

(c) All earnings of the debtor received for his personal services rendered at any time within 30 days next preceding the date of a withholding by the employer under Section 682.3, if necessary for the use of the debtor's family residing in this state and supported in whole or in part by the debtor, unless the debts are:

(1) Incurred by the debtor, his wife, or his family for the common necessities of life.

(2) Incurred for personal services rendered by any employee or former employee of the debtor.

(d) The court shall determine the priority and division of payment among all of the creditors of a debtor who have levied an execution upon nonexempt earnings upon such basis as is just and equitable.

(e) Any creditor, upon motion, shall be entitled to a hearing in the court in which the action is pending or from which the writ issued for the purpose of determining the priority and division of payment among all the creditors of the debtor who have levied an execution upon nonexempt earnings pursuant to this section.

SEC. 2. This act is declaratory of existing law.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 1684 of the 1971 Statutes, in part, amends Section 690.6 of, and adds Section 682.3 to, the Code of Civil Procedure. Subdivision (b) of Section 682.3 states an exemption claimed pursuant to Sections 690.6 and 690.50 of the Code of Civil Procedure "shall extend to any

wages withheld whether or not withheld after the claim of exemption is filed." The purpose of this provision was to permit a judgment debtor's claim of exemption to apply to all withholding done by an employer over the 90-day period of his writ of execution, as provided for in subdivision (a) of Section 682.3.

Subdivision (c) of Section 690.6 was amended to exempt, under certain conditions, all earnings of personal services of a judgment debtor rendered at any time within 30 days next preceding the levy of execution. Read literally, and in conjunction with Sections 682.3 and 690.50, a claim of exemption for all such earnings under subdivision (c) of Section 690.6 would only apply to the 30 days next preceding the levy of execution, and would not apply to subsequent withholdings by an employer during the 90 days following the levy of execution. This would be inconsistent with the purpose of subdivision (b) of Section 682.3.

This act amends Section 690.6 to remove any uncertainty as to its meaning. In order to prevent such uncertainty it is necessary that this act take effect immediately.

CHAPTER 44

An act to add Section 6454.5 to the Revenue and Taxation Code, relating to sales and use taxes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 11, 1972. Filed with
Secretary of State April 11, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 6454.5 is added to the Revenue and Taxation Code, to read:

6454.5. Notwithstanding any other provision of law, any person licensed or certificated pursuant to the Vehicle Code as a vehicle manufacturer, dealer or dismantler may credit against any taxes due under this part, Part 1.5 (commencing with Section 7200), and Part 1.6 (commencing with Section 7251), of Division 2 for any quarterly period any amounts which have been returned during that period to retail customers as excess sales tax reimbursement as the result of the refund to such customers of the federal excise tax on manufacturers, producers or importers of motor vehicles sold during the period August 16, 1971, through December 10, 1971.

Any person claiming such credit shall file with the quarterly return on which the credit is claimed a written statement that the amount credited has been returned to the customers and shall retain evidence that the amount was so returned. Such person shall also retain proof (1) as to the amount of federal excise tax refunded to the customer by the manufacturer, (2) that the vehicle was sold to

the purchaser to whom the federal excise tax was refunded, and (3) that the federal excise tax was included in the measure of sales taxes reported and paid to the State Board of Equalization.

This section shall have no further force or effect after after June 30, 1973 and is repealed at such time.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect.

The facts constituting such necessity are:

Presently, automobile dealers are making refunds of sales tax to their customers receiving refunds of federal automobile excise taxes. The dealers are required to pay the sales tax refunds out of their own resources and then file a claim for reimbursement with the State Board of Equalization. This bill will permit automobile dealers to offset sales tax refunds now being made against current sales tax liability.

CHAPTER 45

An act making an appropriation in augmentation of Item 216 of the Budget Act of 1971, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 14, 1972. Filed with
Secretary of State April 14, 1972.]

The people of the State of California do enact as follows:

SECTION 1. The sum of two million sixty-three thousand two hundred twenty-one dollars (\$2,063,221) is hereby appropriated from the General Fund for the purposes of element A of Schedule (c) III of Item 216 of the Budget Act of 1971, in augmentation of such element.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Serious disruptions in state correctional facilities are occurring with increasing frequency. In order to properly cope with such disruptions and alleviate the grave consequences that attend upon such disruptions, it is vital to immediately improve upon the number of security personnel in state correctional facilities. It is therefore necessary that this act go into immediate effect.

CHAPTER 46

An act to amend Sections 21457, 21706, and 21959 of the Vehicle Code, relating to vehicles.

[Approved by Governor April 20, 1972 Filed with
Secretary of State April 20, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 21457 of the Vehicle Code is amended to read:

21457. Whenever a flashing red or yellow signal is used in an official traffic control device, it shall require obedience by vehicular traffic as follows:

(a) When a red lens is illuminated by rapid intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked, and if there is no limit line or crosswalk, the driver shall stop at the entrance to the intersecting roadway. The right to proceed shall be subject to the rules provided in Section 21802.

(b) When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past the signal only with caution.

SEC. 2. Section 21706 of the Vehicle Code is amended to read:

21706. No motor vehicle, except an authorized emergency vehicle, shall follow within 300 feet of any authorized emergency vehicle being operated under the provisions of Section 21055.

This section shall not apply to a police or traffic officer when serving as an escort within the purview of Section 21057.

SEC. 3. Section 21959 of the Vehicle Code is amended to read:

21959. It is unlawful for any person to ski or toboggan on or across any roadway in such a manner as to interfere with the movement of vehicles thereon. A person on skis proceeding on or across a highway at a pace no greater than a walk is not within the prohibition of this section and shall be considered to be a pedestrian with all the rights and duties thereof as prescribed in this code.

CHAPTER 47

An act to add Section 1906.1 to the Education Code, relating to school districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 20, 1972. Filed with
Secretary of State April 20, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 1906.1 is added to the Education Code, to read:

1906.1. When a school district is lapsed pursuant to the provisions of Article 1 (commencing with Section 2701) of Chapter 7 of this division and ordered by the county board of supervisors annexed to an adjoining district, authorized but unsold bonds of the annexing district may be issued by the board of supervisors in the name of the annexing district to the same extent as though the territory of the lapsed district had formed a part of the annexing district on the date the bonds were authorized. The proceeds derived from the sale of such bonds shall be used only for the purpose or purposes for which the bonds were voted and for the benefit of the entire territory of the district following the annexation. The territory so annexed shall assume its proportionate share of the bonded indebtedness resulting from the sale of such previously authorized but unsold bonds.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

A school district which has authorized but unsold bonds and as the result of lapsation and annexation of an adjoining school district is forced to assume the burdens of educating children of the annexed district cannot sell those bonds in an amount determined by including the assessed valuation of the annexed territory and that territory will not assume its share of the resulting indebtedness even though it will share equally in the benefits derived from the proceeds of the sale. In order that the bonds of school districts in this situation may be sold at the earliest possible time so as to provide required educational facilities, it is essential that this act take immediate effect.

CHAPTER 48

An act to add Section 40 to the Mojave Water Agency Law (Chapter 2146 of the Statutes of 1959), relating to the Mojave Water Agency, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 21, 1972. Filed with
Secretary of State April 21, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 40 is added to the Mojave Water Agency Law (Chapter 2146 of the Statutes of 1959), to read:

Sec. 40. (a) Whenever the board deems it necessary to form an improvement district of a portion of the agency for a purpose other than the incurring of bonded indebtedness, the board shall by resolution declare that it intends to form an improvement district of a portion of the agency which in its opinion will be benefited.

(b) The resolution of intention shall also state:

(1) The purpose for which the proposed improvement district is to be formed.

(2) The estimated expense of carrying out such purpose.

(3) That taxes for carrying out such purpose will be levied exclusively upon the taxable property, other than personal property, in the proposed improvement district.

(c) The resolution of intention shall also state that a map showing the exterior boundaries of the proposed improvement district, with relation to the territory immediately contiguous thereto, is on file with the secretary and is available for inspection by any person or persons interested. This map shall govern for all details as to the extent of the proposed improvement district.

(d) The resolution of intention shall also state:

(1) The time and place for a hearing by the board on the questions of the formation and extent of the proposed improvement district, the purpose for which it is to be formed, and the estimated expense of carrying out such purpose.

(2) That at such time and place any person interested, including all persons owning property in the agency or in the proposed improvement district, will be heard.

(e) Notice of the hearing shall be given by publishing a copy of the resolution of intention, pursuant to Section 6066 of the Government Code, prior to the time fixed for the hearing in a newspaper circulated in the agency, if there is a newspaper circulated in the agency. Such notice shall also be given by posting a copy of the resolution of intention in three public places within the proposed improvement district for at least two weeks before the time fixed for the hearing.

(f) At the time and place so fixed in the resolution of intention, or at any time or place to which the hearing is adjourned, the board shall proceed with the hearing. At the hearing any person interested,

including any person owning property in the agency or in the proposed improvement district, may appear and present any matters material to the questions set forth in the resolution of intention. If written protests are filed by the owners of one-half of the value of the property, other than personal property, within the proposed improvement district, as shown by the last equalized assessment roll of the county, further proceedings shall not be taken.

(g) At the conclusion of the hearing, the board shall by resolution determine whether it is necessary to form the improvement district. If so, the resolution shall also state:

(1) The purpose for which the proposed improvement district is to be formed.

(2) The estimated expense of carrying out such purpose.

(3) That the exterior boundaries of the portion of the agency which will be benefited are set forth on a map on file with the secretary, which map shall govern for all details as to the extent of the improvement district.

(4) That such portion of the agency set forth on the map shall thereupon constitute and be known as "Improvement District (A, B, C, or other letter designation) of the Mojave Water Agency."

(h) The determinations made in the resolution of formation shall be final and conclusive.

(i) After the formation of the improvement district pursuant to this section, all taxes levied for the carrying out of its purpose shall be levied exclusively upon the taxable property, other than personal property, in the improvement district.

(j) A copy of the resolution of formation shall be published pursuant to Section 6066 of the Government Code in a newspaper printed and published in the agency if there is a newspaper printed and published in the agency. A copy of the resolution shall also be posted in three public places within the proposed improvement district for at least two weeks.

The resolution of formation shall not be effective until the 31st day after completion of the publication and posting.

(k) If a petition signed by not less than 10 percent of the voters of the proposed improvement district requesting that an election be held on the formation thereof is presented to the board before the effective date of the resolution of formation, the board shall by resolution call a special election in the proposed improvement district for the purpose of submitting the question of the formation of the improvement district to the voters of the proposed improvement district.

(l) The board shall provide for holding the special election on the day fixed in the resolution calling the election and in accordance with the provisions of the Elections Code so far as they shall be applicable, except as otherwise provided in this act.

(m) Notice of the holding of the special election shall be given by publishing the resolution calling the election, pursuant to Section 6066 of the Government Code, prior to the date of the proposed

election in at least one newspaper printed and published in the Mojave Water Agency, if there is a newspaper printed and published in the agency. The resolution shall also be posted in three public places in the proposed improvement district not less than two weeks prior to the date of the proposed election. No other notice of the election need be given.

(n) The returns of the special election shall be made, the votes canvassed by the board within seven days following the election, and the results thereof ascertained and declared in accordance with the provisions of the Elections Code, so far as they may be applicable, except as otherwise provided in this act.

(o) The secretary, as soon as the result of the special election is declared, shall enter in the records of the board a statement of such results.

(p) If from the special election returns it appears that a majority of the votes cast at such election were in favor of the formation of the improvement district, the formation of the improvement district shall be complete.

(q) No irregularities or informalities in conducting the special election shall invalidate it, if the election has otherwise been fairly conducted.

(r) Any action or proceeding in which the validity of the formation of the improvement district or of any of the proceedings in relation thereto is contested, questioned, or denied shall be commenced within three months from the effective date of the resolution of formation, or if an election is held, within three months from the date of such election; otherwise the formation of the improvement district and all proceedings in relation thereto shall be held to be valid and in every respect legal and incontestable.

(s) The board may advance general funds of the agency to accomplish the purposes of an improvement district formed pursuant to this section.

(t) The board may, in the formation of the improvement district, provide that the agency shall be repaid for any advance of funds, with interest at a rate not to exceed the interest value of money to the agency, from the taxes levied exclusively upon the taxable property, other than personal property, in the improvement district.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to maintain the health, welfare, and safety of the residents, property owners, taxpayers and water users within the Mojave Water Agency, it is necessary to provide a vehicle by which the people in the area to be benefited may raise the funds necessary to conduct essential studies qualifying that community for grants under the Federal Water Pollution Control Act and the California Clean Water Bond Act for the purpose of constructing facilities within the agency adequate to treat the wastes generated in a particular area within the agency.

CHAPTER 49

An act to add Section 6.6 to the San Benito County Water Conservation and Flood Control District Act (Chapter 1598 of the Statutes of 1953), relating to the San Benito County Water Conservation and Flood Control District.

[Approved by Governor April 25, 1972. Filed with Secretary of State April 25, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 6.6 is added to the San Benito County Water Conservation and Flood Control District Act (Chapter 1598 of the Statutes of 1953), to read:

Sec. 6.6. The district, by resolution, may fix, on or before the first day of July in any calendar year, a water standby or availability charge within any zone of the district to which water is made available by the district through underground or by surface facilities, whether the water is actually used or not, except that such charge shall not apply to lands permanently dedicated exclusively to public transportation of persons or property. The standby charge shall not exceed ten dollars (\$10) per acre per year for each acre of land within any zone of the district or ten dollars (\$10) per year for any parcel of less than one acre. The resolution fixing a standby charge shall be adopted by the board only after adoption of a resolution setting forth the particular schedule or schedules of charges proposed to be established and after notice and hearing in the manner prescribed in the District Reorganization Act of 1965 (commencing with Section 56000 of the Government Code). The resolution fixing a standby charge may establish schedules varying the charges according to land uses, water uses, and degree of water availability. On or before the third Monday in July, the board shall furnish in writing to the board of supervisors and the county auditor of the county a description of each parcel of land, by official county assessor's parcel number, within the district upon which a charge is to be levied and collected for the current fiscal year, together with the amount of standby charge fixed by the district on each parcel of land. The board shall direct that, at the time and in the manner required by law for the levying of taxes for county purposes, the board of supervisors shall levy, in addition to any other tax it levies, a standby charge in the amounts for the respective parcels fixed by the board. All county officers charged with the duty of collecting taxes shall collect district standby charges with the regular tax payments to the county. Such charges shall be collected in the same form and manner as county taxes are collected and shall be paid to

the district. Such charges fixed by the district shall be a lien on all the property benefited thereby. Liens for such charges shall be of the same force and effect as other liens for taxes, and their collection may be enforced by the same means as provided for the enforcement of liens for state and county taxes.

CHAPTER 50

An act to amend Section 37150 of, and to add Chapter 7 (commencing with Section 37175) to Part 7 of Division 13 of, the Water Code, relating to water districts.

[Approved by Governor April 25, 1972. Filed with Secretary of State April 25, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 37150 of the Water Code is amended to read:

37150. Property sold to the district for delinquent assessments may be redeemed by the redemptioner within three years from the date of sale, or thereafter before a collector's deed of the property has been delivered, by payment in lawful money of the United States to the collector the sum of the following:

(a) The amount for which the property was sold, together with interest thereon at the rate of 9 percent per year from the date of sale, but not less than three-fourths of 1 percent for any portion of a month.

(b) The amount of assessments against the property, with the delinquent penalties thereon, assessed subsequent to sale, together with interest on such assessments as are delinquent and the penalties thereon at the rate of 9 percent per year from the date of delinquency, but not less than three-fourths of 1 percent for any portion of a month.

(c) The amount of the recorder's fees in recording the certificate of sale and the certificate of redemption.

(d) The costs of publication of notice as required by Section 36951.

As used in this section, the "redemptioner" is the person whose estate has been sold, or his successor in interest.

SEC. 2. Chapter 7 (commencing with Section 37175) is added to Part 7 of Division 13 of the Water Code, to read:

CHAPTER 7. OPTIONAL PROVISIONS FOR INSTALLMENT REDEMPTION

37175. This chapter provides an optional provision for the redemption, on an installment plan, of property sold to the district for delinquent assessments. The board may at any time, by resolution, elect to permit the redemption of property sold to the

district for delinquent assessments according to the provisions of this chapter. The board may at any time thereafter, by further resolution, terminate such election, but no such termination shall affect a redemption plan then in effect.

37176. As used in this chapter:

(a) "Redemption amount" means the total amount which would be necessary to redeem the property from sale for delinquent assessments at the time election is made to pay delinquent assessments in installments under this chapter.

(b) "Balance of the redemption amount" is the amount equal to the difference between the redemption amount and the total of the portions previously paid which portions were paid as a part of the redemption amount.

(c) "Redemptioner" is the person whose estate has been sold, or his successor in interest.

37177. During such time as the provisions of this chapter are effective in the district pursuant to a resolution adopted under authority of Section 37175, any person may elect to pay delinquent assessments in installments under this chapter at any time before a collector's deed of the property has been delivered, except that if payment of delinquent assessments has been started under this chapter and the amount required to be paid in any fiscal year is not paid as required by this chapter, payment in installments may not again be started with respect to the same delinquent assessments.

37178. During the time payments are made under this chapter, there shall not be:

(a) Delivery of a collector's deed.

(b) Any termination of the right of redemption.

37179. Election to pay delinquent assessments in installments is made by payment, in the same manner as a redemption, of 33⅓ percent, or more, of the redemption amount. All current assessments, with penalties thereon, due or coming due for the fiscal year in which this first payment is made shall be paid before the delinquency date of the last installment of current assessments, except that if the election to pay delinquent assessments in installments is made on or after the delinquency date of the last installment of current assessments for any fiscal year, the current assessments, with penalties thereon, shall be paid with or prior to the installment payment.

37180. In each succeeding fiscal year, the redemptioner shall pay all current assessments and penalties coming due in that fiscal year before the delinquency date of the last installment of current assessments.

37181. In each succeeding fiscal year, the redemptioner shall pay, before the delinquency date of the last installment of current assessments, the sum of the following:

(a) That amount which is computed to be not less than the difference between the amounts previously paid under the provisions of this chapter, excepting amounts paid as interest, and:

(1) $66\frac{2}{3}$ percent of the redemption amount when the payment is made during or prior to the first fiscal year following the year in which election was made to pay delinquent assessments in installments.

(2) 100 percent of the redemption amount when the payment is made during or prior to the second fiscal year following the year in which election was made to pay delinquent assessments in installments.

(b) Interest, computed at the rate of three-fourths of 1 percent per month accruing on the first day of each month following the preceding payment, on the balance of the redemption amount.

Payments under this section shall be computed and paid in the same manner as a redemption, and the receipts for such payment shall show that the payments are for the use of the real estate under this plan for payment of delinquent assessments in installments.

37182. If all payments are not made on or before the dates prescribed, a collector's deed of the property may be delivered and the right of redemption may be terminated in the same manner as if no election to pay delinquent assessments in installments had been made.

37183. Payments under this chapter are not a redemption or partial redemption and do not affect the district's interest in the real estate. The payments are compensation for the use of the real estate.

37184. If all payments under this chapter are made as prescribed and if redemption of the property is made before the delinquency date of the last installment of current assessments in the second fiscal year succeeding the fiscal year when the first payment was made, the amount necessary to redeem the property is the balance of the redemption amount with interest on such balance three-fourths of 1 percent accruing on the first day of each month following the last preceding payment to the date of redemption. When redemption is made under this section, no credit shall be allowed for amounts previously paid or credited.

37185. The redemption certificate for a redemption under this chapter shall show the following:

(a) The amounts used to arrive at the redemption amount at the time of an election to pay delinquent assessments in installments.

(b) The portions of the redemption amount and interest previously paid, including all credits allowed.

(c) The portion of the redemption amount and interest required to make the redemption.

37186. Excepting as provided in this chapter, the redemption shall be made in the manner provided by Chapter 6 (commencing with Section 37150) of this part.

(b) Determine what, if any, adjustment should be made in the terms of the lease.

The lease shall also provide for an initial capital outlay by the lessee of thirty thousand dollars (\$30,000) prior to January 1, 1976. Such capital outlay may be, or may have been, contributed before or after the effective date of the act adding this section.

CHAPTER 55

An act to amend Section 27257 of the Government Code, relating to recorder's indices.

SECTION 1. Section 27257 of the Government Code, as amended by Chapter 191, Statutes of 1971, is amended to read:

27257. Instead of those indices indicated in this division, the recorder may utilize either of the following systems of indexing:

(a) The recorder may keep two indices, labeled respectively: "General index of grantors" (names of grantors, defendants, and first parties, who would otherwise be indexed in any of the other indices

specified in this article) and "General index of grantees" (names of grantees, plaintiffs, and second parties, who would otherwise be indexed in any of the other indices specified in this article). Each page of the general index of grantors shall be divided into seven columns, labeled respectively: "Date filed," "Grantors and defendants," "Grantees and plaintiffs," "Title," "Document number," "Book," and "Page." Each page of the general index of grantees shall be divided into seven columns, labeled respectively: "Date filed," "Grantees and plaintiffs," "Grantors and defendants," "Title," "Document number," "Book," and "Page"; or

(b) The recorder may combine the general index of grantors and the general index of grantees into a single index which shall alphabetically combine the grantors and grantees as defined in subdivision (a). Each page of the "General grantor-grantee index" shall be divided into seven columns, labeled respectively: "Date filed," "Grantors-grantees," "Grantees-grantors," "Title," "Document number," "Book," and "Page." Where such a combined index is used, the names of the grantors shall be distinguished from the names of the grantees, as respectively defined in subdivision (a), by an easily recognizable mark or symbol.

Indexing as enumerated in subdivisions (a) and (b) above may be in lieu of indexing in any of the other indices, and shall impart notice in like manner and effect as the indexing would otherwise impart in the other indices provided for in this division. If the recorder keeps any other index, he shall not be required to index those names in the general index as enumerated in subdivisions (a) and (b) above. Nothing in this section shall prevent the recorder from indexing any names which also appear in any other of his indices.

Where the method of subdivision (a) or (b) is utilized, and in those counties where the recorder alphabetizes grantors' and grantees' names by mechanical methods, fewer columnar headings may be used in the indices, if adequate index reference to the location of each document in the permanent file, book, or film record is provided.

The alphabetical subdivisions in each of the general indices shall be so arranged, as nearly as possible, that the entries to be made in the indices will be equally apportioned. The alphabetical subdivisions shall be sufficient in number to facilitate reference.

The recorder may keep in the same volume any two or more of the indices enumerated in this article, and the several indices shall be kept distinct from each other and the volume distinctly marked on the outside so as to show all the indices kept in it, provided that nothing in this section shall prohibit the recorder from combining the general indices in one volume as enumerated in subdivision (b). The names of the parties in the first column in the several indices shall be arranged in alphabetical order.

All funds and property received by the city shall be used exclusively and directly for the prevention and extinguishment of fires; provided, that nothing herein shall prevent the sale of property not needed for such purposes for its fair market value if the funds derived from such sale are used solely for such purposes.

Member-supported public television stations serve a vital role in their telecasting areas. Many of these stations traditionally solicit financial support by means of annual auctions at which goods and services donated to the station are sold to members of the viewing audience. In order to enable stations to be licensed to sell donated beverages at auctions to be held in the spring of 1972, it is necessary that this act take effect immediately.

5. To store water in surface or underground reservoirs within or outside of the district for the common benefit of the district or of any zone or zones affected; to conserve and reclaim water for present and future use within the district; to appropriate and acquire water and water rights, and import water into the district and to conserve within or outside of the district, water for any purpose useful to the district; and to do any and every lawful act necessary to be done that sufficient water may be available for any present or future beneficial use or uses of the lands or inhabitants within the district, including but not limited to, the acquisition, storage and distribution of water for irrigation, domestic, fire protection, municipal, commercial, industrial, and all other beneficial uses; to distribute, sell, or otherwise dispose of, outside the district, any waters not needed for beneficial uses within the district; to commence, maintain, intervene in, defend or compromise, in the name of the district in behalf of the landowners therein, or otherwise, and to assume the costs and expenses of any action or proceeding involving or affecting the ownership or use of waters or water rights within or without the district, used or useful for any purpose of the district or of common benefit to any land situated therein, or involving the wasteful use of water therein; to commence, maintain, intervene in, defend and compromise and to assume the cost and expenses of any and all actions and proceedings now or hereafter begun; to prevent interference with or diminution of, or to declare rights in the natural flow of any stream or surface or subterranean supply of water used or useful for any purpose of the district or of common benefit to the lands within the district or to its inhabitants; to prevent unlawful exportation of water from said district; to prevent contamination, pollution or otherwise rendering unfit for beneficial use the surface or subsurface water used or useful in said district, and to commence, maintain and defend actions and proceedings to prevent any such interference with the aforesaid waters as may endanger or damage the inhabitants, lands, or use of water in, or flowing into, the district; provided, however, that said district shall not have power to intervene or take part in, or to pay the costs or expenses of, actions or controversies between the owners of lands or water rights which do not affect the interests of the district.

6. To control the flood and storm waters of said district and the flood and storm waters of streams that have their sources outside of said district, but which streams and the floodwaters thereof, flow into

said district, and to conserve such waters for beneficial and useful purposes of said district by spreading, storing, retaining and causing to percolate into the soil within or without said district, or to save or conserve in any manner all or any of such waters and protect from damage from such flood or storm waters the watercourses, watersheds, public highways, life and property in said district, and the watercourses outside of the district of streams flowing into the district.

7. To enter upon any land, to make surveys and locate the necessary works of improvement and the lines for channels, conduits, canals, pipelines, roadways and other rights-of-way; to acquire by purchase, lease, contract, condemnation, gift, devise, or other legal means all lands and water and water rights and other property necessary or convenient for the construction, use, supply, maintenance, repair and improvement of said works, including works constructed and being constructed by private owners, lands for reservoirs for storage of necessary water, and all necessary appurtenances, and also where necessary or convenient to said end, and for said purposes and uses, to acquire and to hold in the name of the state, the capital stock of any mutual water company or corporation, domestic or foreign, owning water or water rights, canals, waterworks, franchises, concessions, or rights, when the ownership of such stock is necessary to secure a water supply required by the district or any part thereof, upon the condition that when holding such stock, the district shall be entitled to all the rights, powers and privileges, and shall be subject to all the obligations and liabilities conferred or imposed by law upon other holders of such stock in the same company; to cooperate with, act in conjunction with, enter into and to do any acts necessary for the proper performance of any agreement with the State of California, or any of its engineers, officers, boards, commissions, departments, or agencies, or with the government of the United States, or any of its engineers, officers, boards, commissions, departments, or agencies, or with any state, city and county, city, county, district of any kind, public or private corporation, association, firm or individual, or any number of them, for the ownership, joint acquisition, leasing, disposition, use, management, construction, installation, extension, maintenance, repair, or operation of any rights, works, or other property of a kind which might lawfully be acquired or owned by the district or for the lawful performance of any power or purpose of said district provided for in this act including, but not limited to, the granting of the right to the use of any water or the right to store such water in any reservoir of the district or to carrying such water through any tunnel, canal, ditch or conduit of the district or for the delivery, sale, or exchange of any water right, water supply or water pumped, stored, appropriated or otherwise acquired or secured for the use of said district, or for controlling drainage waters, or flood or storm waters of streams in or running into said district, or for the protection of life or property therein, or for the purpose of

conserving any waters for the beneficial use within said district, or in any other works, uses, or purposes provided for in this act; and to adopt and carry out any definite plan or system for accomplishing, facilitating and/or financing all work which may lawfully be accomplished by the district and to enforce said plan or system by resolution or ordinance.

8. The district, or its agents in charge of such public use may enter upon such lands and make examinations, surveys, and maps thereof.

9. To prescribe, revise and collect fees and charges for facilities furnished or to be furnished to any new building, improvement or structure by the use of any flood control or storm drainage system constructed or to be constructed in a zone of the district, and whenever a drainage or flood control problem is referred to the district by the County of Santa Clara, or any incorporated city therein, to require the installation of drainage or flood control improvements necessary and/or convenient for needs of the zone, including but not limited to, residential, subdivision, commercial and industrial drainage and flood control needs, said county and cities being hereby authorized to refer all drainage and flood control problems, arising under the Subdivision Map Act or otherwise, to the district for solution. Revenues derived under this section shall be used for the acquisition, construction, reconstruction, maintenance and operation of the flood control or storm drainage facilities of the said zone, to reduce the principal or interest of any bonded indebtedness thereof, or to replace funds expended on behalf of said zone derived from the fund created under authority of Section 13, subdivision 1.

10. To incur indebtedness, and to issue bonds in the manner herein provided.

11. To cause taxes or assessments to be levied and collected for the purpose of paying any obligation of the district, and to carry out any of the purposes of this act, in the manner hereinafter provided.

14. To pay to any city, public agency, district, or educational institution recognized under Division 21 (commencing with Section 29001) of the Education Code, a portion of the cost of water imported by such city, public agency, district, or educational institution into, for use within, and of benefit to the Santa Clara County Flood Control and Water District.

16. To acquire, construct, maintain, operate and install landscaping or recreational facilities in connection with any dam, reservoir, or other works owned or controlled by the district.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Ground water supplies within the Santa Clara County Flood Control and Water District are critically endangered by excessive pumping by water users within the district. The importation of water into the district must be increased at the earliest possible time if sufficient water supplies are to be available to meet urgent needs for water within the district and the water table within the district is not to be drastically lowered. This act would encourage water users within the district to import water into the district and thereby help to protect ground water supplies within the district from excessive pumping. It is necessary, therefore, that this act go into immediate effect.

CHAPTER 69

Such alternative method shall only be applied upon authorization by the school board based upon individual employee application and shall be limited to no more than five days per school year for each employee.

CHAPTER 70

An act relating to the destruction of authorized state bonds.

Notwithstanding any other provision of law, the total amount of bonds authorized to be issued and sold by Chapter 407 of the Statutes of 1909 is hereby reduced from \$1,000,000 to \$853,000 and any of the bonds not heretofore sold may be destroyed at the discretion of the State Treasurer.

SEC. 2. Notwithstanding any other provision of law, the total amount of bonds authorized to be issued and sold by Chapter 602 of the Statutes of 1913 is hereby reduced from \$10,000,000 to \$9,450,000 and any of the bonds not heretofore sold may be destroyed at the discretion of the State Treasurer.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Unless this act takes effect immediately, a city which has annexed territory and otherwise qualifies to levy taxes in the territory except for a procedural filing defect will not be able to levy taxes in the annexed territory for 1972-1973 fiscal year to cover the cost of services being furnished the territory.

CHAPTER 72

An act to amend Section 20800 of the Education Code, relating to school district taxes.

[Approved by Governor May 12, 1972 Filed with
Secretary of State May 12, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 20800 of the Education Code is amended to read:

20800. The maximum rate of school district tax for any school year is hereby increased by such amount as will produce the amount of the proposed expenditures of the school district required or authorized pursuant to Article 4 (commencing with Section 5950) of Chapter 6 of Division 6 and Article 1 (commencing with Section 6500) of Chapter 7 of Division 6, as shown by the budget of the district for such school year, as finally adopted by the governing board of the district, less any unencumbered balances remaining at the end of the preceding school year derived from the revenue from the increase in the rate of tax provided by this section.

The increase provided by this section shall not exceed five cents (\$.05) per each one hundred dollars (\$100) of the assessed value of property within an elementary or high school district, and said increase shall be in addition to any other school district tax authorized by law to be levied.

In a high school district having one or more component elementary school districts, none of which elementary school districts has increased the maximum tax rate as herein authorized, the increase provided by this section shall not exceed ten cents (\$.10) per each one hundred dollars (\$100) of the assessed value of property within such high school district, and said increase shall be

in addition to any other school district tax authorized by law to be levied by such high school district.

In a unified school district the increase provided by this section shall not exceed ten cents (\$.10) per each one hundred dollars (\$100) of the assessed value of property within the district if the district maintains one or more elementary schools and high schools, and said increase shall be in addition to any other school district tax authorized by law to be levied.

If at the end of any school year there remains an unencumbered balance derived from the revenue of the increase in tax rate hereby provided, such balance shall be used exclusively in the following fiscal year for the expenditures of the school district during that fiscal year required or authorized by Article 4 (commencing with Section 5950) of Chapter 6 of Division 6 or Article 1 (commencing with Section 6500) of Chapter 7 of Division 6, provided, however, that a district may accumulate from year to year any unencumbered balance derived from the tax levied under this section so long as the accumulated money is ultimately expended for a purpose authorized by Article 4 (commencing with Section 5950) of Chapter 6 of Division 6 or Article 1 (commencing with Section 6500) of Chapter 7 of Division 6.

SEC. 2. All actions taken pursuant to Section 20800 of the Education Code, with respect to levy of a school district tax on behalf of any high school district for the 1971-1972 fiscal year for the purposes of Article 4 (commencing with Section 5950) of Chapter 6 of Division 6 of the Education Code or Article 1 (commencing with Section 6500) of Chapter 7 of Division 6 of the Education Code, or both, at a rate in excess of five cents (\$.05), but less than ten cents (\$.10), per each one hundred dollars (\$100) of the assessed value of property within the district, in order to meet budgeted expenditures for such purposes during the 1971-1972 fiscal year, are hereby ratified, validated, confirmed, and declared legally effective for all purposes.

CHAPTER 73

An act to amend Section 472 of, and to repeal and add Section 471.5 of, the Code of Civil Procedure, relating to pleading, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 15, 1972 Filed with
Secretary of State May 15, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 471.5 of the Code of Civil Procedure, as added by Chapter 244 of the Statutes of 1971, is repealed.

SEC. 2. Section 471.5 is added to the Code of Civil Procedure, to read:

471.5. (a) If the complaint is amended, a copy of the amendments shall be filed, or the court may, in its discretion, require the complaint as amended to be filed, and a copy of the amendments or amended complaint must be served upon the defendants affected thereby. The defendant shall answer the amendments, or the complaint as amended, within 30 days after service thereof, or such other time as the court may direct, and judgment by default may be entered upon failure to answer, as in other cases. For the purposes of this subdivision, "complaint" includes a cross-complaint, and "defendant" includes a person against whom a cross-complaint is filed.

(b) If the answer is amended, the adverse party has 10 days after service thereof, or such other time as the court may direct, in which to demur to the amended answer.

SEC. 3. Section 472 of the Code of Civil Procedure is amended to read:

472. Any pleading may be amended once by the party of course, and without costs, at any time before the answer or demurrer is filed, or entered in the docket, or after demurrer and before the trial of the issue of law thereon, by filing the same as amended and serving a copy on the adverse party; provided, that in justice courts when the pleading is oral, the amendment may be oral, the substance thereof being entered in the docket, and the time in which the adverse party must respond thereto shall be computed from the date of notice of such amendment.

SEC. 4. This act shall become operative on July 1, 1972, and applies to actions commenced on or after July 1, 1972.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 244 of the Statutes of 1971 added Section 471.5 to the Code of Civil Procedure. Section 471.5 is the same as former Section 432 of the Code of Civil Procedure, which was repealed by Chapter 244, except that the time to answer an amended complaint was increased from 10 to 30 days. No conforming amendment was made to Section 472 of the Code of Civil Procedure. Section 471.5 will become operative on July 1, 1972. Unless the inconsistency between Sections 471.5 and 472 is eliminated, confusion and uncertainty will exist. In order to avoid this confusion and uncertainty, it is necessary that this act become operative on the same date that Chapter 244 of the Statutes of 1971 becomes operative.

CHAPTER 74

An act relating to the repair, restoration, or replacement of public property damaged or destroyed by a natural disaster, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 15, 1972 Filed with
Secretary of State May 15, 1972]

The people of the State of California do enact as follows:

SECTION 1. "Natural disaster" as used in this act means a flood, storm, tidal wave, earthquake, or other similar public calamity resulting from natural causes.

SEC. 2. "Unusual circumstances" as used in this act, are unavoidable delays which result from the recurrence of a disaster, prolonged severe weather within a one-year period, or other conditions beyond the control of an applicant. Delays resulting from administrative procedures are not unusual circumstances which warrant extensions of time.

SEC. 3. The unexpended balance of the appropriation made by Section 1 of Chapter 52 of the Statutes of 1969 shall be available for expenditure by the Department of Finance for the purposes of the Emergency Flood Relief Law (Article 6 (commencing with Section 54150), Chapter 5, Part 1, Division 2, Title 5, Government Code) for damage or destruction to public real property, other than the repair, restoration, or replacement of streets, roads, and bridges damaged by a natural disaster which occurred between December 1, 1971, and June 30, 1972, declared by the governing body of the local agency affected, which declaration is acceptable to the Director of the Office of Emergency Services; provided, that the local agency has applied to the Department of Finance for an allocation of funds within 60 days after the disaster has occurred, or within 60 days of the effective date of this act, whichever is the longer period.

SEC. 4. The funds made available by Section 3 of this act may also be expended for the purposes described in Section 54155 of the Government Code.

SEC. 5. Allocations of funds under Section 3 of this act may be expended, if the local agency so elects, for the repair, restoration, or replacement of a public building to present-day standards; provided, that the square footage of such building is not increased thereby.

SEC. 6. Notwithstanding the provisions of Section 54157 of the Government Code, whenever the Department of Finance determines that a local agency to which funds available pursuant to Section 3 of this act are proposed to be allocated is financially unable to meet the matching requirements set forth in Section 54157 of the Government Code due to exhaustion of its financial resources because of disaster expenditures, the provisions of Section 54157 of the Government Code shall not apply, and the Department of

Finance may allocate funds available pursuant to Section 3 of this act to pay all of the cost of repairing, restoring, or replacing public buildings of such local agency or such portion of such cost as the department determines is necessary to accomplish the project, taking into consideration the financial ability of the local agency to meet the matching requirements of Section 54157 of the Government Code, less any money provided by the United States or any agency thereof for any portion of the cost of the project; provided, that the total amount of state funds allocated for any one project pursuant to this section shall not exceed the sum of two hundred thousand dollars (\$200,000).

SEC. 7. The money in the Street and Highway Disaster Fund under subdivision (b) of Section 186.95 of the Streets and Highways Code shall be available for expenditure for allocation by the State Allocation Board for the purposes of the Emergency Flood Relief Law, including the purposes provided for in Section 54160 of the Government Code, for the repair, restoration, or replacement of any local street, road, or bridge damaged or destroyed by a natural disaster occurring between December 1, 1971, and June 30, 1972, declared by the governing body of the local agency affected, which declaration is acceptable to the Director of the Office of Emergency Services; provided, that the local agency has applied to the State Allocation Board for an allocation of funds within 60 days after the disaster has occurred, or within 60 days of the effective date of this act, whichever is the longer period.

SEC. 8. Whenever the Department of Finance determines that a local agency which would otherwise be eligible for an allocation under the formula of Section 54157 of the Government Code is unable to finance the work due to exhaustion of its financial resources because of disaster expenditures, the State Allocation Board may allocate funds available pursuant to Section 7 of this act to pay such portion of the cost of repairing, restoring, or replacing the streets, roads and bridges of such local agency as the department has determined is necessary to accomplish such work; provided, that if the local agency is a county, the amount contributed by each local agency shall not be reduced to less than an amount of money equal to the amount allocated to such local agency for the 1969-70 fiscal year pursuant to Section 2110.5 of the Streets and Highways Code; and provided, further, that if the local agency is a county, the Department of Finance, in determining whether the county's financial resources are exhausted, shall ascertain whether the county has levied, during the then current year, the maximum property tax for highway purposes authorized by Section 1550 of the Streets and Highways Code in the road district in which the work is proposed, and if such tax is being levied at less than the maximum rate authorized by Section 1550, the amount to be allocated by the State Allocation Board under this section shall be reduced by an amount equivalent to the difference between the revenue derived from the property tax being levied for highway purposes in such road district

and the revenue which would have been derived from such tax at the maximum rate authorized by Section 1550. In determining if a county has levied sufficient taxes, amounts to be received from other taxes levied by that county and used for road purposes shall be included.

SEC. 9. The unexpended balance of the money transferred to the Street and Highway Disaster Fund pursuant to subdivision (a) of Section 17 of Chapter 52 of the Statutes of 1969 shall be available for expenditure for allocation by the State Allocation Board for the purposes of the Emergency Flood Relief Law, including the purposes provided for in Section 54160 of the Government Code, for the repair, restoration, or replacement of any local street, road, or bridge damaged or destroyed by a natural disaster occurring between December 1, 1971, and June 30, 1972, declared by the governing body of the local agency affected, which declaration is acceptable to the Director of the Office of Emergency Services; provided, that the local agency has applied to the State Allocation Board for an allocation of funds within 60 days after the disaster has occurred, or within 60 days of the effective date of this act, whichever is the longer period, unless the Director of the Office of Emergency Services extends this period because of unusual circumstances.

SEC. 10. The unexpended balance of the money transferred to the State Highway Fund pursuant to subdivision (b) of Section 17 of Chapter 52 of the Statutes of 1969 shall be available for expenditure, without regard to the provisions of Sections 188, 188.8, and 188.9 of the Streets and Highways Code, for the repair, replacement, or restoration of highways and bridges in the state highway system damaged or destroyed by a natural disaster occurring between December 1, 1971, and June 30, 1972, to present-day standards and to accommodate present traffic.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The enrollment of the Grossmont Community College District is growing at a rapid rate and additional facilities are needed at the earliest possible time in order to perform adequately the function of the district. Further, if the property required by the district cannot be purchased by a particular time a substantial increase in the price of the property will occur. It is therefore essential that this act take effect immediately.

SEC. 3. It is the intent of the Legislature, if this bill and Senate Bill 256 are both chaptered and amend Section 5549 of the Public Resources Code, and this bill is chaptered after Senate Bill No. 256, that the amendments to Section 5549 proposed by both bills be given effect and incorporated in Section 5549 in the form set forth in Section 1.5 of this act. Therefore, Section 1.5 of this act shall become operative only if this bill and Senate Bill No. 256 are both chaptered, both amend Section 5549, and Senate Bill No. 256 is chaptered before this bill, in which case Section 1 of this act shall not become operative.

CHAPTER 78

An act to add Sections 39297.6 and 39297.7 to, and to repeal Section 39077.3 of, the Health and Safety Code, relating to air pollution, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 19, 1972. Filed with
Secretary of State May 19, 1972.]

SECTION 1. Section 39077.3 of the Health and Safety Code is repealed.

SEC. 2. Section 39297.6 is added to the Health and Safety Code, to read:

39297.6. (a) With respect to wood waste from trees, vines, or bushes on property being developed for commercial or residential purposes, an air pollution control district may, upon the request of any person, authorize the disposal, by open outdoor fires, of such wood waste, on the property where it was grown, under the following conditions:

(1) That there has been a finding by a county health officer within such air pollution control district that it is more beneficial, in terms of the general public health of the persons within such district, to burn such waste on location, than to dispose of it by other means.

(2) That the district has developed criteria for such disposal, which shall include provisions to improve the combustibility of such waste to reduce its smoke level.

(3) That the board has approved the criteria developed pursuant to paragraph (2).

(4) That such authorization, if granted, shall be in the form of a permit issued by the district air pollution control officer, and such permit shall allow burning only on permissive burn days as

designated by the board pursuant to Section 39298. If the board does not designate days to be no burn or permissive burn days for the county, or portion of the county, in which burning pursuant to this section is to be permitted, the air pollution control district shall determine on which days such burning may take place.

(5) No such authorization shall be granted after July 1, 1975.

(b) The board shall conduct studies of alternative methods of disposing of wood waste from trees, vines, or bushes, other than by open outdoor fires.

(c) The Legislature hereby finds and declares that because sanitary landfill sites are very difficult to obtain, these valuable sites should be reserved for high priority waste such as garbage and low-volume rubbish, and that the disposal, by open outdoor fires, of high-volume wood waste will help prolong the life of such landfill sites. However, it is the intent of the Legislature that the disposal, by open outdoor fires, of such wood waste be reasonably regulated so as to not create a public nuisance nor significantly reduce the quality of the ambient air.

SEC. 3. Section 39297.7 is added to the Health and Safety Code, to read:

39297.7. Notwithstanding the provisions of Section 39296, any person actively constructing a replacement facility for an open wood waste burner may be permitted, until January 1, 1973, to burn on all days for the purpose of disposing of wood waste in such a burner.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit the disposal of great accumulations of wood waste from trees, vines, or bushes by open outdoor fires during the current burning season, it is necessary that the provisions of this act become effective immediately.

Secretary of State May 19, 1972.]

The people of the State of California do enact as follows:

SECTION 1. The governing board of any school district included within territory to which an areawide foundation program is applicable is hereby authorized to increase, for the 1972-1973 fiscal year only, the maximum rate of school district tax by such amount as will, when levied against each one hundred dollars (\$100) of the

assessed valuation of property within the district, produce an amount sufficient to recover any loss in revenues suffered and not recouped in the 1971-1972 fiscal year by that district and by any other district included in the areawide foundation program, where the loss in revenues was occasioned by an omission in that district to levy the proper areawide tax caused by an error in computation of the tax rate as required by Chapter 3.5 (commencing with Section 20910) of Division 16 of the Education Code.

The disposition of the proceeds realized from the increased tax rate shall be governed by Chapter 3.5 (commencing with Section 20910) of Division 16 of the Education Code, as though levied and collected in the 1971-1972 fiscal year.

This section shall remain in effect only until the 61st day after the final adjournment of the 1974 Regular Session of the Legislature, and as of that date is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety, within the meaning of Article IV of the Constitution, and shall go into immediate effect. The facts constituting such necessity are:

School districts are required to publish their budgets on or before August 15 of each year, and present their budgets to their county superintendents of schools for review and determination of the amount of money which must be provided by a school district tax. It is necessary that this act be adopted as an urgency statute in order to be effective in time to allow those districts which suffered a tax loss during the 1971-1972 fiscal year to recoup the loss in the 1972-1973 fiscal year.

CHAPTER 80

an equal share of the total vote to which such member public agency is entitled.

Said proceeds may be used for the purposes for which the bonds were authorized to be issued under Part 8 (commencing with Section 45100) of this division. Upon completion of an adopted project, or any unit thereof, any balance in said fund shall be used exclusively for the payment of principal of or interest on the bonds sold, or shall be deposited in the bond reserve fund or shall be used for the purchase at not more than par and cancellation of any such bonds.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

A water storage district is now proceeding with the planning, financing, and construction of a portion of its irrigation project to enable it to provide a supplemental water supply from the State Water Resources Development System for agricultural use within the district. In order to facilitate the financing of the project and to assure the orderly financing of such project and thereby to make provision of the water needed to preserve the health and safety of the citizens residing in the affected area, it is now necessary to amend the law with respect to the purchase and cancellation of outstanding bonded indebtedness of the district, and it is therefore essential that this act go into immediate effect.

Every person who entered service under this article between March 4, 1972, and the effective date of this legislation shall be deemed an officer or employee, as the case may be, from the time he entered such service until that date, notwithstanding the failure to enact this legislation prior to his entry into service.

It is the intent of the Legislature that the expenditure of such service charges as are authorized by this section shall be supplemental to and in augmentation of any current appropriations available for such purposes and shall not constitute an offset or diminution of any such appropriations. A sum equal to 4 percent of the wages paid by an operator to any blind person, as defined in Section 6905, or any disabled person, as defined in regulations issued by the department, shall be deducted from any service charge paid by the operator, to encourage operators to employ more blind and disabled workers and thereby set an example for industry and government.

There is hereby appropriated from the General Fund the sum of five hundred twenty-five thousand dollars (\$525,000) in augmentation of Item 254 (b) of the Budget Act of 1971 to be expended during the 1971-1972 fiscal year and used only for contractual service from other public agencies or accredited law schools in California, for support of the Department of Social Welfare's fair hearing functions, provided that the undisbursed balance of this appropriation as of June 30, 1972, shall be

reappropriated and be available for expenditure through December 31, 1972.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

[Approved by Governor May 23, 1972. Filed with
Secretary of State May 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 25502.3 is added to the Government Code, to read:

25502.3. In counties having a population of 168,500 or less, according to the 1960 federal census, the purchasing agent shall have the duty to engage independent contractors to perform services for the county and the offices thereof, with or without the furnishing of material, where the aggregate cost does not exceed two thousand dollars (\$2,000).

SEC. 2. Section 25502.4 is added to the Government Code, to read:

25502.4. In counties having a population of less than 900,000 but more than 168,500, the purchasing agent shall have the duty to engage independent contractors to perform services for the county and the offices thereof, with or without the furnishing of material, where the aggregate cost does not exceed six thousand five hundred dollars (\$6,500).

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 1310 of the Statutes of 1971 was effective on March 4, 1972, and inadvertently repealed the authority of purchasing agents to contract for certain services. In order to restore this authority with as little interruption as possible it is necessary that this act take effect immediately.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 1305 of the Statutes of 1971 will require a district maintaining a local district retirement system on July 1, 1972, to increase property taxes for the purpose of providing a greater retirement benefit to its employees than is presently provided, unless Sections 14694.8 and 14694.9 of the Education Code are modified.

A delay in the passage of this act would create a substantial economic hardship on local property taxpayers and on a district maintaining a local retirement system by the necessity of providing a benefit beyond the resources presently provided to the local taxing authority.

The fiscal planning of a district whose local district retirement system is being discontinued would be greatly impeded unless this act is given immediate effect.

16333. For the purpose of Section 16332, population shall be determined on the basis of the last official United States decennial census.

If between official United States censuses the agency board determines that the population of any county within the district has changed sufficiently to warrant adjustment in the number of trustees representing that county, the agency board may determine the number of trustees to represent that county on the basis of population estimates prepared by the State Department of Finance; provided, however, that changes in the number of trustees composing the agency board, if determined on the basis of population estimates, shall not be made more frequently than once each four years.

16335.1. At the time of appointing the trustees for each county pursuant to the provisions of Sections 16334 and 16335 the respective boards of supervisors may authorize and appoint an alternate for each regular trustee. The alternate trustee shall attend the meetings of the agency board and vote in the absence of the regular trustee. Alternates shall be selected from the list provided to each board of supervisors pursuant to Section 16334 and shall be qualified as provided in Section 16301. Alternates shall serve at the pleasure of the board of supervisors which has appointed them.

SEC. 11. Section 16336 of the Water Code, as added by Chapter 909 of the Statutes of 1971, is amended to read:

16336. Each trustee or alternate appointed by a board of supervisors shall be appointed by a resolution adopted by that board.

16338. Any vacancy in the agency board shall be filled for the unexpired term by appointment by the board of supervisors which originally made the appointment to the office in which the vacancy exists. If the board of supervisors request the selection committee to make new recommendations, such request shall be made as soon as possible after the vacancy occurs.

SEC. 13. Section 16340 of the Water Code, as added by Chapter 909 of the Statutes of 1971, is amended to read:

16340. Each trustee, before entering upon the duties of his office, shall take the oath of office as provided for in the Constitution and laws of this state. A copy of the oath shall be filed with the clerk of the agency and the Secretary of State; provided, however, that copies of the oath of office of the first agency board shall be filed with the County Clerk of Alameda, rather than the clerk of the agency.

The County Clerk of Alameda County shall preside at the organizational meeting of the first agency board until the trustees have selected a president and vice president, but he shall have no vote in the selection of the president or vice president.

SEC. 15. Chapter 9 (commencing with Section 16850) is added to Part 5 of Division 9 of the Water Code, to read:

CHAPTER 9. MERGER

16850. The agency, pursuant to any procedure which shall hereafter be prescribed by law, shall merge with or otherwise be included within any multifunctional regional organization which encompasses substantially the entire region, as defined in Section 16022, and which has been delegated substantially the same responsibilities as provided in this division.

SEC. 16. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act will clarify certain provisions of the legislation concerning the Bay Area Sewage Services Agency, and particularly those sections relating to the selection of the governing body of that agency. Uncertainty has arisen concerning the eligibility of the candidates for the office of trustee of the agency. It is necessary that this uncertainty be removed at the earliest possible time because the agency board selection committees for each county are required to meet on or before June 30, 1972, for the purpose of making the first recommendation for appointments to the board of the agency.

CHAPTER 94

An act to amend Sections 24212, 24354, and 39380 of the Health and Safety Code, relating to air pollution, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 23, 1972. Filed with Secretary of State May 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 24212 of the Health and Safety Code is amended to read:

24212. Upon the adoption by the board of supervisors of a resolution declaring that there is need for an air pollution control

district to function the air pollution control district in that county shall have power:

- (a) To have perpetual succession.
- (b) To sue and be sued in the name of the district in all actions and proceedings in all courts and tribunals of competent jurisdiction.
- (c) To adopt a seal and alter it at its pleasure.
- (d) To take by grant, purchase, gift, devise, or lease, hold, use, enjoy, and to lease or dispose of real or personal property of every kind within or without the district necessary to the full exercise of its powers.
- (e) To lease, sell or dispose of any property or any interest therein whenever in the judgment of the air pollution control board such property, or any interest therein, or part thereof, is no longer required for the purposes of the district, or may be leased for any purpose without interfering with the use of the same for the purposes of the district, and to pay any compensation received therefor into the general fund of the district.
- (f) To contract with other air pollution control districts for the performance of air pollution control functions, and to furnish equipment and supplies incident thereto, within such other air pollution control districts upon reasonable compensation to be paid by such other districts.

SEC. 2. Section 24354 of the Health and Safety Code is amended to read:

24354. The district shall have power:

- (a) To have perpetual succession.
- (b) To sue and be sued in the name of the district in all actions and proceedings in all courts and tribunals of competent jurisdiction.
- (c) To adopt a seal and alter it at its pleasure.
- (d) To take by grant, purchase, gift, devise, or lease, hold, use, enjoy, and to lease or dispose of real or personal property of every kind within or without the district necessary to the full exercise of its powers.
- (e) To lease, sell or dispose of any property or any interest therein whenever in the judgment of the board such property, or any interest therein, or part thereof, is no longer required for the purposes of the district, or may be leased for any purpose without interfering with the use of the same for the purposes of the district, and to pay any compensation received therefor into the general fund of the district.
- (f) To contract with other air pollution control districts for the performance of air pollution control functions, and to furnish equipment and supplies incident thereto, within such other air pollution control districts upon reasonable compensation to be paid by such other districts.

SEC. 3. Section 39380 of the Health and Safety Code is amended to read:

39380. The regional district shall have power:

- (a) To have perpetual succession.

(b) To sue and be sued in the name of the regional district in all actions and proceedings in all courts and tribunals of competent jurisdiction.

(c) To adopt a seal and alter it at its pleasure.

(d) To take by grant, purchase, gift, devise, or lease, hold, use, enjoy, and to lease or dispose of real or personal property of every kind within or without the regional district necessary to the full exercise of its powers.

(e) To lease, sell or dispose of any property or any interest therein whenever in the judgment of the regional board such property, or any interest therein, or part thereof, is no longer required for the purposes of the regional district, or may be leased for any purpose without interfering with the use of the same for the purposes of the regional district, and to pay any compensation received therefor into the general fund of the regional district.

(f) To contract with other air pollution control districts for the performance of air pollution control functions, and to furnish equipment and supplies incident thereto, within such other air pollution control districts upon reasonable compensation to be paid by such other districts.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

It is essential to permit air pollution control districts to contract with other air pollution control districts for the performance of air pollution control functions as soon as possible so that trained and experienced personnel may assist those districts which do not have sufficient trained and experienced personnel to perform the necessary air pollution control functions. Air pollution is a statewide problem and it is essential that air pollution control districts have the authority to contract with each other for the performance of air pollution control functions which are common to all districts. It is necessary, therefore, that this act take effect immediately.

CHAPTER 95

An act to amend Sections 20, 28, 64, 113, 114, and 220 of, and to repeal Section 18 of, the Embarcadero Municipal Improvement District Act (Chapter 81 of the Statutes of 1960, First Extraordinary Session), relating to the Embarcadero Municipal Improvement District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 25, 1972. Filed with
Secretary of State May 25, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 18 of the Embarcadero Municipal Improvement District Act (Chapter 81 of the Statutes of 1960, First Extraordinary Session) is repealed.

SEC. 2. Section 20 of the Embarcadero Municipal Improvement District Act (Chapter 81 of the Statutes of 1960, First Extraordinary Session) is amended to read:

Sec. 20. "Voter" means a registered elector residing within the boundaries of the district and otherwise qualified pursuant to law.

SEC. 3. Section 28 of the Embarcadero Municipal Improvement District Act (Chapter 81 of the Statutes of 1960, First Extraordinary Session) is amended to read:

Sec. 28. The directors shall be voters.

SEC. 4. Section 64 of the Embarcadero Municipal Improvement District Act (Chapter 81 of the Statutes of 1960, First Extraordinary Session) is amended to read:

Sec. 64. Each voter shall have one vote.

SEC. 5. Section 113 of the Embarcadero Municipal Improvement District Act (Chapter 81 of the Statutes of 1960, First Extraordinary Session) is amended to read:

Sec. 113. Bonds issued by the district under the provisions of this article shall be of such denomination as the board determines.

SEC. 6. Section 114 of the Embarcadero Municipal Improvement District Act (Chapter 81 of the Statutes of 1960, First Extraordinary Session) is amended to read:

Sec. 114. The bonds shall be payable in lawful money of the United States at the office of the treasurer or at such other place, depository, paying agent or fiscal agent within or without the State of California as may be designated by the board, and bear interest at a rate not exceeding seven percent (7%) per annum, payable semiannually in like lawful money, except the first year which may be for more or less than one year.

SEC. 7. Section 220 of the Embarcadero Municipal Improvement District Act (Chapter 81 of the Statutes of 1960, First Extraordinary Session) is amended to read:

Sec. 220. The purpose of this act is to form the Embarcadero Municipal Improvement District in order that the area benefited

may be provided with harbor and other improvements. Special facts and circumstances applicable to the general area within which the district lies and not generally, make the accomplishment of this purpose impossible under existing general laws and therefore special legislation is necessary. The special facts are as follows:

(a) It is proposed that a complete small craft harbor be developed providing 800 berths and all incidental facilities. There are no small craft harbor facilities nearer than the City of Santa Barbara, 16 miles away, and these facilities are inadequate to provide the services required for its surrounding area.

(b) There is need for small craft harbor facilities in the area and the public interest, economy and general welfare will be served by privately owned facilities of such nature being expedited, and such action will conserve moneys made available by the state for public small craft harbors.

(c) The area is without an adequate water supply, storage and distribution system for public and private purposes.

(d) The area has no facilities for the treatment and disposal of sewage and, in its development, will consequently contaminate the waters of the state.

(e) There is urgent need for the improvements which the district is empowered to construct under this act, but other municipal powers which could be exercised by a city are not required, and would result in more government than the area needs or wants.

(f) There are no existing general laws under which the area could be provided with the facilities it needs short of incorporation as a city. Therefore, the only way in which the particular needs of the area can be provided is by special act.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to assure that the registered voters residing within the Embarcadero Municipal Improvement District may exercise the right to choose directors of the district, a right which the Supreme Court of California has determined that they have, it is necessary that this act take effect immediately.

CHAPTER 96

SEC. 2. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

An officer upon receiving information of the recovery of any vehicle or plates, which have been previously reported as stolen, taken or driven in violation of Section 10851, or lost, shall immediately report the fact of the recovery to such department. This section shall not apply to any vehicle stored by a peace officer or employee designated in Section 22657 pursuant to Article 3 (commencing with Section 22850) of Chapter 10 of Division 11.

22705. If the vehicle is appraised at a value not exceeding two hundred dollars (\$200), the public agency which removed the vehicle shall:

(a) Within 48 hours after appraisal notify the Department of Justice in Sacramento of the removal of such vehicle.

(b) Prepare a certificate which shall describe the vehicle including the location of any license plates thereon, state the appraised value and that the vehicle will be junked or dismantled, and indicate that;

(1) Notice of intent to junk or dismantle the vehicle has been mailed to the registered and legal owners at the address of record with the department, or

(2) The owner has signed a release under penalty of perjury disclaiming any future interest, which release shall be included with the certificate.

In the event the owner has not signed a release and has not, within 15 days after official notification, reclaimed the vehicle such action shall constitute a waiver of interest and the vehicle may be disposed of.

(3) The vehicle is in such condition that vehicle identification numbers are not available to determine owners of record with the department, in which event the vehicle may be disposed of.

(c) Upon completion of the certificate, execute and deliver a bill of sale free of any lien for fees and penalties due and payable to the department together with a copy of the certificate to either the lienholder who shall endorse the bill of sale to a licensed automobile dismantler, or to the licensed automobile dismantler, or to the public agency for disposal, whichever has the vehicle in possession.

(f) Licensed dismantlers acquiring vehicles which are the subject of certificates prepared and forwarded pursuant to this section shall be excused from the reporting requirements of Section 11520, and any fees and penalties which would otherwise be due to the Department of Motor Vehicles are hereby waived, provided that a copy of the certificate forwarded to the Department of Motor Vehicles pursuant to this section is retained in the licensed dismantlers' business record.

(g) A local agency may authorize by contract or franchise the removal, disposal, or removal and disposal, of such vehicles by other than a licensed automobile dismantler if it has first requested bids for removal, disposal, or removal and disposal, of such vehicles. Such franchise or contract shall be issued to or executed with the lowest responsible bidder. The bill of sale shall then be executed and delivered pursuant to subdivision (c) with the franchisee or contractor.

SEC. 7. Section 22853 of the Vehicle Code is amended to read:

This system calls for the Department of Justice, rather than the Department of the California Highway Patrol, to receive and process information and reports regarding stolen vehicles registered under the Vehicle Code and other related information and reports. It is necessary that this act, which requires that such reports be made to and processed by the Department of Justice, rather than the Department of the California Highway Patrol, become operative as soon as the computerized automobile theft information system of the Department of Justice becomes operational. Thus, it is necessary that this act go into immediate effect.

CHAPTER 100

An act to amend Section 5470 of the Health and Safety Code, relating to sanitation.

[Approved by Governor May 30, 1972. Filed with
Secretary of State May 30, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 5470 of the Health and Safety Code is amended to read:

5470. The following words wherever used in this article shall be construed as defined in this section, unless from the context a different meaning is intended, or unless a different meaning is specifically defined and more particularly directed to the use of such words:

(a) Assessment Roll. "Assessment roll" refers to the assessment roll upon which general taxes of the entity are collected.

(b) Auditor. "Auditor" means the financial officer of the entity.

[Approved by Governor May 30, 1972. Filed with
Secretary of State May 30, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 38743 is added to the Government Code, to read:

38743. A city may fix, on or before the first day of July in each calendar year, an annual water service standby or immediate availability charge to be applied on an area or frontage or parcel basis, or a combination thereof, within the city to be charged to such areas to which water service is made available for any purpose by the city, whether the water service is actually used or not. The city council of a city which fixes such a charge may establish schedules varying such charge according to the land uses and the degree of availability or quantity of use of such water service to the affected lands, and may restrict such charge to lands lying within one or more zones or areas of benefits established within such city. The council may not, however, fix a monthly charge in excess of ten dollars (\$10) per acre, either on an area or frontage basis, or in excess of five dollars (\$5) for a parcel or frontage of less than an acre.

A city may collect the standby or availability charge by billing the charged lands on a monthly or fiscal year basis.

A city may collect the standby or availability charge as a part of the annual general county tax bill provided the city furnishes in writing to the board of supervisors and to the county auditor the description of each parcel for which a charge is to be billed together with the amount of the charge applicable to each parcel in sufficient time to meet the schedule established by the county for inclusion of such items on the county general tax bill. The parcel description may be the parcel number assigned by the county assessor to the parcel.

If the city collects standby charges through the county general tax bill, the amount of the standby charge and any applicable penalty shall be stated on the tax bill separately from all other taxes, if practicable.

SEC. 2. Section 38744 is added to the Government Code, to read:

38744. If any water standby charge authorized to be collected pursuant to Section 38743 remains unpaid on the first day of the month before the month in which the board of supervisors of the county in which the city is located is required by law to levy county general taxes, a 6-percent penalty shall accrue upon the amount unpaid. The amount of the unpaid standby charge, plus the penalty, shall constitute a lien upon the land for which the standby charge is unpaid and shall be collected in the same manner and at the same time as that applicable for the collection of unpaid or delinquent

county general taxes. The amount of tax attributable to unpaid water standby charges, and the penalty thereon, shall be stated on the county tax bill separately from all other taxes.

At least 15 days before the first day of the month in which the board of supervisors is required by law to levy county general taxes, the city council shall furnish in writing to the board of supervisors and to the county auditor, respectively, a description of each and every parcel of land within the city upon which a standby charge remains unpaid, together with the amount of the unpaid charge, plus the penalty on each parcel of land.

SEC. 3. Section 38745 is added to the Government Code, to read: 38745. Notwithstanding any other provision of law, the city council of a city may, by resolution, establish zones or areas of benefit within the city for purposes of restricting the imposition of the water service standby or immediate availability charges authorized in Section 38743 to lands within such zones according to the benefit such land derives from the immediate availability of water, whether such water is actually used or not.

Proceedings for establishment of such zones or areas of benefit by resolution of the city council shall be initiated, conducted and completed as follows:

(b) The city council shall publish notice of the hearing in a newspaper of general circulation published in the city or if there is no newspaper published in the city then it shall be published in a newspaper of general circulation which is circulated in the area. Publication shall be complete at least seven days prior to the date of the hearing.

The notice shall:

(2) State the time and place for the hearing.

(3) State that at the hearing the testimony of all interested persons or taxpayers for or against the establishment of the area, the extent of the area or the furnishing of specified types of extended services will be heard.

(c) At the hearing protests against the establishment of the area, the extent of the area or the furnishing of specified types of services within the area may be made orally or in writing by any interested

persons or taxpayers. Any protests pertaining to the regularity or sufficiency of the proceedings must be in writing and must clearly set forth the irregularities and defects to which objection is made. All written protests must be filed in the office of the city council on or before the time fixed for the hearing. The city council may waive any irregularities in the form or content of any written protest and at the hearing may correct minor defects in the proceedings.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Additional water development facilities are urgently needed in the Kings County Water District, and such facilities cannot be financed by the sale of bonds until the provisions limiting the right to vote in the district to landowners is repealed. In order, therefore, to provide urgently needed facilities for the protection of the public health in the Kings County Water District at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 114

An act to amend Section 20704 of the Education Code, relating to school district taxes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 2, 1972. Filed with
Secretary of State June 2, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 20704 of the Education Code is amended to read:

20704. The board of supervisors shall determine the rate of district tax necessary to be levied as follows:

(a) They shall divide the amount of taxes as required to be raised by the unequalized value of the secured roll of the last assessment roll of the district after due allowance for delinquencies. The rate shall be such as will produce the amount determined as necessary to be raised by taxation on the secured roll.

(b) Except in counties that distribute property taxes according to Chapter 3 (commencing with Section 4701) of Part 8 of Division 1 of the Revenue and Taxation Code, the allowance for delinquencies shall be fixed by determining for three consecutive years of the preceding four years the percentage that the combined amounts of taxes uncollected at the end of each year bear to the total amount of taxes levied for those years.

(c) In counties that distribute property taxes according to Chapter 3 (commencing with Section 4701) of Part 8 of Division 1 of the Revenue and Taxation Code, an allowance for subsequent additions, cancellations, and corrections affecting the tax roll shall be fixed by determining for three consecutive years of the preceding four years the percentage that the combined amounts of such items at the end of each year bear to the total amount of taxes levied for those years.

An allowance for delinquencies may be fixed for which the maximum limit is established by determining for three consecutive years of the preceding four years the percentage that the combined amounts of all county levied uncollected taxes at the end of each year bears to the amount of all county levied taxes for those years.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The determination of the percentage of delinquency with respect to collection of school district taxes is necessary in the completion of school district budgets. Under existing law, the percentage of delinquency is determined on the last three preceding years. Use of the percentage of three consecutive years of the preceding four years provides county auditors with greater flexibility to clear the books and make the calculations in time for school district budget publication dates. In order that the revision in the determination procedure can be utilized for the 1972-1973 fiscal year, it is necessary that this act take immediate effect.

CHAPTER 115

An act to amend Section 18612 of the Health and Safety Code, relating to mobilehome parks.

[Approved by Governor June 2, 1972. Filed with
Secretary of State June 2, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 18612 of the Health and Safety Code is amended to read:

18612. (a) Each mobilehome shall have access from the mobilehome lot to a driveway of not less than 25 feet in clear width. All driveways shall have clear and unobstructed access to a public thoroughfare, except that any driveway may have security gates if such security gates are not in violation of local requirements adopted pursuant to Section 18300.

(b) In mobilehome parks, or portions thereof, constructed prior to September 15, 1961, each mobilehome shall have access, from the mobilehome lot, to a driveway not less than 15 feet in width.

CHAPTER 116

An act relating to the boundaries of street lighting districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 2, 1972. Filed with
Secretary of State June 2, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding the provisions of Chapter 8 (commencing with Section 54900) of Part 1 of Division 2 of Title 5 of the Government Code, if the statement and map or plat of a street lighting district required by Sections 54900 to 54902, inclusive, of such code are filed with the assessor and the State Board of Equalization on or before March 1, 1972, the county tax officials shall levy and collect property taxes for such district for the 1972-1973 fiscal year.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

At least one street lighting district failed to file the necessary documents in a timely manner in order to have its property taxes collected for it by the county for the 1972-1973 fiscal year, which means that the district will be without funds to carry out its functions for such year. In order to remedy this situation for all street lighting districts similarly situated at the earliest possible time, it is necessary for this act to go into immediate effect.

CHAPTER 117

An act to amend Sections 14674 and 14695 of the Education Code, relating to school district retirement plans, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 2, 1972. Filed with
Secretary of State June 2, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 14674 of the Education Code is amended to read:

14674. The governing board of a district establishing the retirement plan, shall provide for the administration of the funds and the payment of retirement salaries by a "district retirement board" to be composed of not less than three nor more than seven members. The governing board of the district shall be represented upon the retirement board, and the teachers subject to the plan shall be represented by representatives chosen by the teachers by secret ballot. The county treasurer of the county in which the district establishing the plan is located, shall be ex officio a member of the district retirement board. The representatives of the governing board on the "district retirement board," if not members of the plan, shall be paid fifty dollars (\$50) per meeting not to exceed one meeting per month. The compensation shall be a charge against the district retirement fund. All members of the retirement board shall serve for such terms as may be specified by the governing board in establishing the plan. The district retirement board shall have such further powers and duties as may be prescribed by the governing board of the district.

SEC. 2. Section 14695 of the Education Code is amended to read:

14695. The balance of the assets delivered to the district pursuant to subdivision (c) of Section 14694, after the transfers, deposits and payments required by such section, or after establishment of reserves from which such deposits and payments shall be made, shall be allocated and distributed as follows:

(a) Sixty-five percent of such balance shall be distributed to the undistributed reserve of the general fund of the district to be reduced to cash as necessary and appropriated in any year by majority vote of the governing board. Until the balance of the assets has been reduced to cash, the governing board may invest and reinvest the assets in securities legal for the investment of funds of the State Teachers' Retirement System when in the judgment of the governing board any sale and reinvestment is advisable. Ten percent of this amount shall be used only for maintenance operation.

(b) Twenty percent of such balance shall be transferred to a special account in the undistributed reserve of the district's general fund to be reduced to cash as necessary in order to be used only for the purpose of reducing the tax collected pursuant to Section 14111 in order to provide the contributions required by Section 14100 to the Teacher's Retirement Fund. In the event that the special account is not wholly distributed for the purpose of making such contribution, the balance in the special account shall be released to the undistributed reserve. Until the balance of the assets has been reduced to cash, the governing board may invest and reinvest the assets in securities legal for the investment of funds of the State Teachers' Retirement System when in the judgment of the governing board any sale and reinvestment is advisable.

(c) Fifteen percent of such balance shall be held intact by the district in an annuity reserve fund from which shall be provided a supplementary annuity at time of retirement under any California public retirement system to or on behalf of those members of the local district retirement system who were on the active roll or members on the retired roll of such local district retirement system as of June 30, 1972, and those members added to the active and retired rolls between June 30, 1972, and any later date of discontinuance, and those probationary or permanent certificated employees of the district holding memberships in California public retirement systems other than the local district retirement system who are making contributions to such systems on June 30, 1972, or on any later date of discontinuance. The supplemental annuity may be paid in lump sum or in installments for the life of the person eligible, or his beneficiary, after his retirement.

No such participant in the annuity reserve fund shall have vested rights to the benefits of this annuity reserve fund until he has continued in active service for a period of five years from the date of discontinuance of the local district retirement system, except participants who have separated from service by reason of retirement, including deferred retirement, or death.

An account shall be opened in the name of each person eligible to participate in the benefits of the annuity reserve fund to which shall be credited his share of the annuity reserve fund. The individual participant's share of this fund shall bear the same ratio to the total of this fund as his annuity savings contributions, including interest earned, to the retirement system, to which he is making annuity contributions as of June 30, 1972, or any later date of discontinuance, or, if a retired member, the date of retirement prior to June 30, 1972, bears to the total annuity savings contributions, including interest earned, of all such participants in the retirement systems to which they are making contributions at the date of discontinuance, including total contributions to the local district retirement system previously made by living members on the retired roll. The fund shall include principal and interest in the account of any participant forfeited because said participant separated from service, except by

reason of retirement, including deferred retirement, or death, within five years from June 30, 1972, or other date of discontinuance. Such forfeiture shall be treated as earnings of the fund.

As of June 30 each year, the earnings of the preceding 12 months less administrative expense shall be credited to the accounts of the remaining participants in the annuity reserve fund on the ratio that the participant's individual account balance bears to the total balance of the annuity reserve fund. The cost of administering the fund shall be charged against the assets of the fund, as approved by the governing board of the school district.

If a participant separates from service prior to June 30, of any year, the earnings since the preceding June 30 shall remain in the fund. Any member whose accumulated contributions to the local retirement system exceed the amount required by law to be deposited by the member in the State Teachers' Retirement System's Annuity Fund upon discontinuance of the local system may deposit to his credit all or part of such excess amount in the annuity reserve fund.

The governing board of the school district which maintained the discontinued local district retirement system shall establish an annuity reserve fund board of not more than seven members, the majority of whom shall be composed of certificated employees who are participants in the annuity reserve fund. The certificated employees on the annuity reserve fund board shall be elected by participants in the annuity reserve fund. The annuity reserve fund board shall have the authority to make rules and regulations necessary for the management of the annuity reserve fund in accordance with modern business practice. The local district retirement board shall continue to function as the annuity reserve board pending its establishment.

Annuity reserve fund board shall invest the funds in securities which are legal for the investment of funds of the State Teachers' Retirement System and shall sell the securities and reinvest the proceeds in securities legal for the investment of funds of the State Teachers' Retirement System when in the judgment of the annuity reserve fund board any sale and reinvestment is advisable.

All securities and cash of the annuity reserve fund shall be held in a trust fund in the county treasury. The county treasurer, as one of his official duties, shall be a member ex officio of the annuity reserve fund board established to invest the assets of this fund.

Any funds raised for the support of the local district retirement system and not appropriated to any specific account shall be transferred to the annuity reserve fund. All payments from the district's annuity reserve fund shall be made in the same manner as payments from school district funds.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such a necessity are:

This act assures the maintenance of the morale and general welfare of the active membership of the local retirement system and of those members of the local retirement system planning to retire this year. A delay in the passage of this act would create an undue hardship on the employees of this district and would place them in a more disadvantageous position than other certificated employees in this state.

Giving this act immediate effect would alleviate anticipated problems caused by possible layoffs of certificated personnel resulting from budgetary problems arising during the ensuing fiscal year.

Assembly Bill 543 of the 1971 Regular Session (Chapter 1305 of the Statutes of 1971) specifies an effective date of July 1, 1972, for the merging of local retirement systems into the State Teachers' Retirement System. The immediate approval of this act will enable State Teachers' Retirement System to make the necessary preparation for such a merger.

The fiscal planning of a school district whose local district retirement system is being discontinued would be greatly impeded unless this act is given immediate effect.

CHAPTER 118

An act to add Section 395.5 to the Code of Civil Procedure, and to add Sections 128 and 129 to the Corporations Code, relating to codification of various provisions to be omitted from the California Constitution in its revision, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 5, 1972. Filed with
Secretary of State June 5, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 395.5 is added to the Code of Civil Procedure, to read:

395.5. A corporation or association may be sued in the county where the contract is made or is to be performed, or where the obligation or liability arises, or the breach occurs; or in the county where the principal place of business of such corporation is situated, subject to the power of the court to change the place of trial as in other cases.

SEC. 2. Section 128 is added to the Corporations Code, to read:

128. A corporation or association may be sued as provided in Section 395.5 of the Code of Civil Procedure.

SEC. 3. Section 129 is added to the Corporations Code, to read:

129. No corporation, association, or individual shall issue or put in circulation, as money, anything but the lawful money of the United States.

SEC. 4. This act shall become operative only if Senate Constitutional Amendment No. 6 of the 1972 Regular Session is adopted by the people, in which event it shall become operative at the same time as Senate Constitutional Amendment No. 6.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act codifies some of the provisions of the California Constitution which will be deleted if Senate Constitutional Amendment No. 6 of the 1972 Regular Session is adopted by the people on June 6, 1972. Since this act would not otherwise take effect on such date, it is necessary that this act take effect immediately in order to prevent a lapse in the law in the event that such constitutional amendment is adopted by the people.

CHAPTER 119

An act to amend Section 3002 of the Fish and Game Code, and to amend Section 6530 of the Penal Code, relating to sea mammals.

[Approved by Governor June 5, 1972. Filed with Secretary of State June 5, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 3002 of the Fish and Game Code is amended to read:

3002. It is unlawful to shoot at any game bird or mammal, except sea lions as provided in Section 4500 and seals as provided in Section 4500.5 from a powerboat, sailboat, motor vehicle, or airplane.

SEC. 2. Section 6530 of the Penal Code is amended to read:

6530. It is unlawful to import into this state for commercial purposes, to possess with intent to sell, or to sell within the state, the dead body, or any part or product thereof, of any alligator, crocodile, polar bear, leopard, ocelot, tiger, cheetah, jaguar, sable antelope, wolf (*Canus lupus*), zebra, whale, cobra, python, sea turtle, colobus monkey, kangaroo, vicuna, sea otter, free-roaming feral horse, dolphin or porpoise (*Delphinidae*), or Spanish lynx.

Any person who violates any provision of this section is guilty of a misdemeanor and shall be subject to a fine of not less than one thousand dollars (\$1,000) and not to exceed five thousand dollars (\$5,000) or imprisonment in the county jail for not to exceed six months, or both such fine and imprisonment, for each violation.

SEC. 3. This act shall not prohibit the sale or the possession with the intent to sell of any part or product of any dolphin or porpoise (*Delphinidae*) when the seller can demonstrate that such part or

product was imported into this state prior to the effective date of this act.

CHAPTER 120

An act to amend Sections 34270, 34271, 34272, and 34276 of the Health and Safety Code, relating to housing authorities.

[Approved by Governor June 5, 1972 Filed with
Secretary of State June 5, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 34270 of the Health and Safety Code is amended to read:

34270. When the governing body of a city adopts a resolution declaring the need for an authority, it shall promptly notify the mayor of the adoption. Upon receiving the notice and if his office is one filled by election by the people, the mayor, subject to the confirmation of a majority of the members of the governing body, shall appoint either five or seven persons as commissioners of the authority. The mayor may appoint two additional commissioners to increase the number of commissioners of an authority which is in existence and transacting business and exercising its powers on the effective date of the amendments to this section enacted at the 1972 Regular Session of the Legislature. If seven, rather than five, commissioners are appointed, the two additional commissioners shall be project tenants and one shall be a senior citizen over 62 years of age. If the office of the mayor is not elective, the city governing body shall make the appointments.

SEC. 2. Section 34271 of the Health and Safety Code is amended to read:

34271. When the governing body of a county adopts such a resolution it shall appoint either five or seven persons as commissioners of the authority. The governing body may appoint two additional commissioners to increase the number of commissioners of an authority which is in existence and transacting business and exercising its powers on the effective date of the amendments to this section enacted at the 1972 Regular Session of the Legislature. If seven, rather than five, commissioners are appointed, the two additional commissioners shall be project tenants and one shall be a senior citizen over 62 years of age.

SEC. 3. Section 34272 of the Health and Safety Code is amended to read:

34272. In the case of a commission of five persons, three of the commissioners first appointed shall be designated to serve for terms of one, two, and three years, respectively, from the date of their appointment, and two shall be designated to serve for terms of four

years from the date of their appointments. In the case of a commission of seven persons, four of the commissioners first appointed shall be designated to serve for terms of one, two, three, and four years, respectively, and three shall be designated to serve for terms of four years from the date of their appointments. If two commissioners are added to increase the number of commissioners of an authority which is in existence and transacting business and exercising its powers on the effective date of the amendments to this section enacted at the 1972 Regular Session of the Legislature, such commissioners shall serve for terms of four years from the date of their appointments. Their successors shall be appointed for a term of four years except that all vacancies shall be filled for the unexpired term. If a tenant commissioner ceases to be a tenant of the authority, he shall be disqualified as commissioner and another tenant shall be appointed to fill the unexpired term. No commissioner of an authority may be an officer or employee of the county or city for which the authority is created, but notwithstanding any other law, he may be a member, commissioner, or employee of any other agency or authority of, or created for, the community. Any appointment of a successor to a commissioner of a city housing authority shall be made by the mayor if his office is one filled by election by the people, subject to the confirmation of a majority of the members of the governing body. If the office of mayor is not elective the governing body of the city shall make the appointment. All appointments of commissioners of a county housing authority shall be made by the governing body of the county.

SEC. 4. Section 34276 of the Health and Safety Code is amended to read:

34276. In the case of a commission of five persons, three commissioners constitute a quorum of the authority for the purpose of conducting its business and exercising its powers and for all other purposes while in the case of a commission of seven persons, four commissioners constitute a quorum for such purposes. Action may be taken by the authority upon a vote of a majority of the commissioners empowered to vote, unless in any case the bylaws of the authority require a larger number.

CHAPTER 121

An act to add Section 24.1 to the Alameda County Flood Control and Water Conservation District Act (Chapter 1275 of the Statutes of 1949), relating to Alameda County Flood Control and Water Conservation District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 5, 1972. Filed with
Secretary of State June 5, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 24.1 is added to the Alameda County Flood Control and Water Conservation District Act (Chapter 1275 of the Statutes of 1949), to read:

Sec. 24.1. In addition to proceedings authorized under Sections 13, 14, 15, 16, 17, 18 and 24 of this act, whenever the board determines that it is in the public interest, it may borrow money to provide funds to pay the cost of any work or improvement in the district or in any zone or zones thereof by the issuance of revenue bonds pursuant to the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1, Division 2, Title 5 of the Government Code). If the work or improvement is determined by the board to be for a zone or zones comprising less than all of the district, the election at which the proposition to issue such revenue bonds is submitted shall be held only in such zone or zones. In the case of any conflict between the provisions of this act and the provisions of the Revenue Bond Law of 1941, the provisions of the Revenue Bond Law of 1941 shall control.

No proceeding shall be commenced or taken by the board under this section for the issuance of revenue bonds to pay the cost of any work or improvement in any zone in which a board of directors has been elected, until the board has first received the approval or concurrence of such zone board to the issuance of such revenue bonds. Revenue bonds shall not be considered in determining the limitation contained in the last paragraph of subparagraph 8 of Section 36 of this act nor in the application of Section 20 of this act.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

It is necessary for the Alameda County Flood Control and Water Conservation District to construct needed improvements to its water supply system in Zone No. 7 in order to provide sufficient capacity to supply water to that zone, which water the district, on behalf of the zone, is entitled to receive from the State Water Resources Development System. An election in 1970 to authorize general obligation bonds for the project was unsuccessful, and although the project will be self-supporting, the district's enabling act contains no

provision authorizing the district to issue revenue bonds on behalf of a zone of the district. Unless this act takes effect immediately, the district will not be able to issue revenue bonds for the zone within the time necessary to provide such improvements when needed.

CHAPTER 122

An act to repeal Section 8 of Chapter 1038 of the Statutes of 1970, relating to bonds.

[Approved by Governor June 5, 1972. Filed with
Secretary of State June 5, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 8 of Chapter 1038 of the Statutes of 1970 is repealed.

CHAPTER 123

An act to amend Section 6423 of the Education Code, relating to public schools.

[Approved by Governor June 7, 1972. Filed with
Secretary of State June 7, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 6423 of the Education Code, as amended by Chapter 868 of the Statutes of 1971, is amended to read:

6423. The governing board of any school district may provide programs for mentally gifted minors living in the district who are enrolled in kindergarten or grades 1 through 12 in the schools of the district and who may be expected to benefit from a program suited to their abilities. The governing board, subject to such terms and conditions as may be agreed upon, may contract with another school district for furnishing programs for such minors or may so contract for the education of such minors including the furnishing of such programs.

The county superintendent may, with the approval of the county board of education and the governing board of the school district, provide programs under the provisions of this article, and transportation therefor, for mentally gifted minors who reside in any school district. For such purposes the terms "school district" and "governing board of a school district," as used in this article, shall be deemed to include the county superintendent of schools.

"Programs," as used in this article, shall consist of a special day

class, or special services or activities which are provided each participating pupil for an amount of time each week which shall average a minimum of one class period per day. A program may qualify for one semester of pupil participation if it consists of special services or activities which are provided each participating pupil for 200 minutes per week for 17 weeks through two semesters (to be reported at the end of the second semester) or for 60 hours per semester during eight or more weeks of a given semester or for 120 minutes per day for 20 days during a summer session. The State Board of Education shall define a special day class and the special services or activities which may be provided.

Beginning July 1, 1970, any proposed program for mentally gifted minors shall receive prior approval of the Superintendent of Public Instruction before any apportionment is made under this article.

CHAPTER 124

An act to add Section 7030.5 to the Business and Professions Code, relating to contractors.

[Approved by Governor June 7, 1972. Filed with
Secretary of State June 7, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 7030.5 is added to the Business and Professions Code, to read:

7030.5. Every person licensed pursuant to this chapter shall include his license number in all construction contracts, subcontracts, calls for bid, and all forms of advertising as a contractor used by such person. As used in this section, "advertising" has the meaning given it in Section 7026.7.

SEC. 2. Section 1 of this act shall become operative on July 1, 1973.

CHAPTER 125

An act to amend Sections 7028 and 7028.1 of the Business and Professions Code, relating to licensing of contractors.

[Approved by Governor June 7, 1972. Filed with
Secretary of State June 7, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 7028 of the Business and Professions Code is amended to read:

7028. It is a misdemeanor for any person to engage in the business or act in the capacity of a contractor within this state without having a license therefor, unless such person is particularly exempted from the provisions of this chapter. If such a person has been previously convicted of the offense described in this section, the court shall impose a fine of not less than one hundred dollars (\$100) nor more than two thousand dollars (\$2,000), or imprisonment in the county jail for not less than 10 days nor more than six months, or both.

SEC. 2. Section 7028.1 of the Business and Professions Code is amended to read:

7028.1. Any person who shall accept or receive a completion certificate or other evidence that performance of a contract for a work of improvement, including but not limited to a home improvement, is complete or satisfactorily concluded, with knowledge that such document is false and that the performance is not substantially completed, and who shall utter, offer, or use such document in connection with the making or accepting of any assignment or negotiation of the right to receive any payment from the owner, under or in connection with such a contract, or for the purpose of obtaining or granting any credit or loan on the security of the right to receive any payment shall be guilty of a misdemeanor and subject to a fine of not less than five hundred dollars (\$500) nor more than five thousand dollars (\$5,000) or to imprisonment in the county jail for a term of not less than one month nor more than one year, or both.

CHAPTER 126

An act to amend Section 5090 of the Business and Professions Code, relating to accountants.

[Approved by Governor June 7, 1972. Filed with
Secretary of State June 7, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 5090 of the Business and Professions Code is amended to read:

5090. A candidate who fails an examination provided for herein shall have the right to any number of reexaminations at subsequent examinations held by the board. A candidate, except one who qualifies for admission to the examination under subdivision (d) of Section 5081.1, who passes an examination in two or more subjects or in the subject of accounting practice alone shall have the right to be reexamined in the remaining subject or subjects only, at subsequent examinations held by the board, and if he passes in the remaining

subject or subjects within a period of time specified in the rules of the board, he shall be considered to have passed the examination. A candidate who qualifies for admission to the examination under subdivision (d) of Section 5081.1 and who passes an examination in one or more subjects shall have the right to be reexamined in the remaining subject or subjects only, at subsequent examinations held by the board, and if he passes in the remaining subject or subjects within a period of five years, he shall be considered to have passed the examination.

The board may give credit to a candidate who has passed all or part of the examination in another state or territory, if the certified public accountant members of the board determines that the standards under which the examination was held are as high as the standards established for the examination in this chapter.

CHAPTER 127

An act to add Chapter 6 (commencing with Section 5800) to Division 5 of the Public Resources Code, relating to public lands.

[Approved by Governor June 7, 1972 Filed with
Secretary of State June 7, 1972]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6 (commencing with Section 5800) is added to Division 5 of the Public Resources Code, to read:

CHAPTER 6. WATERSHED LANDS

5800. As used in this chapter "public entity" means any county, city, or public district.

5801. Whenever any public entity acquires, or has acquired, land for the purpose of watershed protection, it shall not sell such land without complying with the provisions of this chapter. As used in this section, "land" does not include easements.

5802. Except as provided in Section 5803, all sales by a public entity of land described in Section 5801 shall first be approved by ordinance which shall state that it is subject to the provisions for referendum applicable to such public entity.

Any ordinance subject to referendum under this section shall be published after adoption as required by law for ordinances of the public entity generally, or, if there be no such requirement applicable to such ordinance, then once, pursuant to the provisions of Section 6040 to 6044, inclusive, of the Government Code, within 15 days after the adoption of such ordinance.

Any petition protesting the adoption of the ordinance shall be filed with the public entity within 30 days from the date of final passage

of the ordinance.

5803. 25210.4b. Notwithstanding the provisions of Section 25210.4, a county service area may be established in a county of the 46th class or a county of the 56th class to provide, as an extended service, an unlimited number of television translators and an unlimited number of television channels.

CHAPTER 129

An act to amend Sections 4437 and 4438 of the Public Resources Code, relating to forest products, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 7, 1972. Filed with Secretary of State June 7, 1972.]

SECTION 1. Section 4437 of the Public Resources Code is amended to read:

4437. Outside the exterior boundaries of cities every processor of forest products shall exercise due diligence in the disposal of flammable material incident to such processing, so that the material does not cause the inception or spread of uncontrolled fire.

Every person, copartnership, firm, corporation, or company that

operates a sawmill or plant engaged in the processing or converting of forest products into lumber, shook, ties, poles, posts, veneer, shakes, shingles, planed, or milled products, shall dispose of flammable material incident to such operation. If such flammable material is not to be used as fuel, or as a byproduct of the operation, it shall be disposed of by burning or by other alternative methods which effectively prevent the flammable material from constituting a fire hazard. Such disposal of waste flammable material shall be made in any of the ways which are prescribed in Section 4438, 4439, or 4440.

SEC. 2. Section 4438 of the Public Resources Code is amended to read:

4438. Waste flammable material incident to the processing of forest products may be disposed of by means of fire in an enclosed device effective in preventing the spread of sparks or fire, situated in an area cleared of grass, grain, brush, slash, litter, and snags for a distance of 100 feet surrounding the device or by landfill or other methods which meet applicable state and local fire safety and air and water quality standards. Such disposal shall be done in compliance with regulations established by the director in accordance with the provisions of Chapter 4.5 (commencing with Section 11371) of Part 1, Division 3, Title 2 of the Government Code for the purpose of eliminating the potential of fire or other safety hazards resulting from spontaneous combustion or other ignition sources.

A burning permit shall be obtained for the use of the device pursuant to Section 4423 and all other provisions of law.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The required burning of wastes from processing forest products yields serious amount of air pollution. To prevent such air pollution and potential hazard to the public health, alternative, less polluting, methods must be made available immediately for disposal of these wastes.

CHAPTER 130

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some fire protection districts have annexed additional territory but have failed to file the necessary documents in a timely fashion in order to have the county levy and collect the district's taxes on the annexed property for the 1972-1973 fiscal year. It is necessary to remedy this situation as soon as possible and, therefore, this act shall go into immediate effect.

CHAPTER 131

CHAPTER 132

An act to amend Section 3106 of the Education Code, relating to school district unification, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 12, 1972 Filed with
Secretary of State June 12, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 3106 of the Education Code is amended to read:

3106. An elementary school which has been included in a unified district because of a reorganization of districts under provisions of this chapter shall be maintained as an elementary school by the unified district unless discontinued as provided in this section. The governing board of the unified district may adopt a resolution or order to discontinue the elementary school at any regular or special meeting of the board and the order or resolution shall be in effect after 30 days unless within this period of time a petition is filed with the governing board requesting the continuance of the school signed by the parents or guardians of at least 10 or one-third, whichever number is the greater, of children of elementary school age, who are eligible to attend such school at the time of the petition. The signature of one parent is sufficient to represent all of the children of such parent. The parents or guardians eligible to sign such petitions shall be residents within the boundaries of the component school district which maintained the school prior to the establishment of the unified school district, and shall be qualified electors within such district at the time the petition is filed, and shall have children of elementary school age who attend or are eligible to attend such school. If a school is discontinued as herein provided, the governing board of the unified school district may maintain the building for community and civic center and other lawful purposes.

This section does not apply to any unified school district which has an average daily attendance of 15,000 or more or which was unified on or before July 1, 1963, or to a school which is five miles or less from another elementary school.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In several unified school districts there have been decreases in overall elementary student attendance at certain schools of component school districts that existed prior to the establishment of a unified school district. Since a number of these schools are no longer required to meet the educational needs of the community, it would be prudent to close some of these schools so that public money would not be wasted by keeping them open for another year. To authorize the mechanism of immediate closing of some of these schools, it is necessary that this act take immediate effect.

CHAPTER 133

(c) Sunburn which affects the flesh.

(d) Hail which results in one or more depressions over three-sixteenths of an inch in depth or which affects more than an aggregate surface area of one-half of an inch in diameter.

(g) Internal growth cracks, cavities, or gum spots if they cause the plum to be seriously malformed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV, of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to conform to the federal standards in time to meet the needs of the current marketing season of plums and prunes, it is necessary that the provisions of this act become effective immediately.

CHAPTER 134

An act making an appropriation for state park system development, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 12, 1972. Filed with
Secretary of State June 12, 1972.]

The people of the State of California do enact as follows:

SECTION 1. There is hereby appropriated from funds available for park acquisition in the Bagley Conservation Fund created pursuant to the provisions of subdivision (b) of Section 316 of Chapter 1 of the Statutes of 1971, First Extraordinary Session, to the Department of Parks and Recreation the sum of two hundred eighty thousand dollars (\$280,000), or so much thereof as may be necessary, for the construction of a building within the Old Town San Diego State Historic Park to house a collection of early California artifacts and a transportation museum.

A rare and substantial private collection of early California artifacts and a transportation museum, together with funds for its transfer, has been offered to the state as a donation upon condition that the state provide a suitable place for its public display. In order for the state to avail itself of the opportunity to acquire for the benefit of all the people of California this historically significant collection and transportation museum by gift, it is necessary for this act to take effect immediately.

An act to add Section 55507 to the Water Code, relating to county waterworks districts.

[Approved by Governor June 12, 1972. Filed with
Secretary of State June 12, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 55507 is added to the Water Code, to read:
55507. A district may fix a sewer service standby or immediate availability charge to be applied on a parcel basis within the district to be charged to such parcels to which sewer service is made available by the district, whether the sewer service is actually used or not. The district may establish schedules for such charge, and may restrict such charge to lands lying within one or more zones or areas of benefits established within such district. The district may not, however, fix a charge in excess of ten dollars (\$10) a year for a residential parcel. Commercial or other parcels shall be charged according to equivalent residential parcels, but shall not exceed ten dollars (\$10) per acre per year.

The district may collect the standby or availability charge by billing the charged lands on a fiscal year basis or by other means available.

The district may collect the standby or availability charge as a part of the annual general county tax bill provided the district furnishes in writing to the board of supervisors and to the county auditor the description of each parcel for which a charge is to be billed together with the amount of the charge applicable to each parcel in sufficient time to meet the schedule established by the county for inclusion of such items on the county general tax bill. The parcel description may be the parcel number assigned by the county assessor to the parcel. In such case, the standby or availability charge shall become a lien against the parcel of land to which it is charged in the same manner as the county general taxes. Penalties may be collected for late payment of the standby or availability charge or the amount thereof unpaid in the manner and at the same rates as that applicable for late payment or the amount thereof unpaid of county general taxes.

If the district collects standby charges through the county general tax bill, the amount of the standby charge and any applicable penalty shall be stated on the tax bill separately from all other taxes, if practicable.

CHAPTER 138

A district may prescribe reasonable rules and regulations to govern the use of the recreational facilities and may fix and assess reasonable charges for the use of the recreational facilities by members of the public. Revenues from such charges may be expended for the following purposes:

(b) To pay the interest on any bonded or other debt for the recreational facilities.

(c) To provide a sinking or other fund for the payment of the principal of any bonded or other debt for the recreational facilities as it becomes due.

(d) To provide a reasonable surplus for improvements, extensions, and enlargements of the recreational facilities.

This section shall be applicable only to districts located within Ventura County.

SEC. 2. The Legislature hereby finds and declares that facts and circumstances exist in Ventura County peculiar to that county which necessitates that county waterworks districts in that county be given the authority to construct, maintain, improve, and operate recreational facilities in connection with dams, reservoirs and other works owned or controlled by the district, including, but not limited to, the rapid growth and development of such districts and the proximity of such districts to large population centers. The Legislature finds and declares, therefore, that a general law cannot be made applicable to such districts.

(a) The issuance of said bonds shall be authorized by ordinance adopted by not less than four-fifths of all the members of the board following a public hearing with notice as provided in this subdivision at which time all interested parties shall be given the opportunity to be heard. Such ordinance shall take effect upon its publication. Notice of the public hearing shall be published once in a newspaper of general circulation in the district not less than 30 days prior to the date of the hearing. (b) The clerk shall publish said ordinance once in a newspaper of general circulation printed in the district.

(d) The proceeds of said bonds shall be placed in an account in the treasury of the district to be entitled "Revenue Construction Fund No. ____", and used exclusively for the objects and purposes mentioned in the ordinance.

(e) Proceedings for the issuance of said bonds shall be had, the board shall have such powers and duties, and the bondholders shall have such rights and remedies, all in substantial accordance with and with like legal effect as provided in Sections 54344 to 54346, inclusive, 54347, 54348, 54350, 54351, 54352, and in Articles 4 (commencing with Section 54400) to 11 (commencing with Section 54660), inclusive, of Chapter 6, Part 1, Division 2, Title 5 of the Government Code. As used therein the word "resolution" shall mean ordinance, the words "local agency" shall mean district, and the words "legislative body" shall mean board.

CHAPTER 140

An act to amend Sections 1173 and 1178 of the Streets and Highways Code, relating to county road divisions.

[Approved by Governor June 12, 1972. Filed with
Secretary of State June 12, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 1173 of the Streets and Highways Code is amended to read:

1173. When a special tax is petitioned for, the board shall immediately order an election within the division to determine whether such tax will be levied. The board may submit to the electors at such election the question whether the balance of the estimated cost of the proposed work will be raised by a special tax in one year or spread equally over 2, 3, 4, 5, 6, 7, 8, 9, or 10 successive years and whether the amount annually estimated to be needed for maintenance will be raised by the annual levy of a special tax for the period appropriate to the period indicated in the petition. The electorate at such an election shall consist of the registered voters residing within the boundaries of the division if there are 10 or more registered voters residing within the division at the time of ordering the election or if there are less than 10 registered voters within the boundaries of the division at the time of ordering the election the electorate shall consist of the legal owners of the land lying within the boundaries of such division as shown on the last equalized

assessment roll unless proof of transfer of legal title satisfactory to the board is submitted to the board at least 10 days prior to the date of election in which event the transferee shall be an elector in the place and stead of the transferor unless the transferor is the legal owner of other property within the boundaries of the division.

SEC. 2. Section 1178 of the Streets and Highways Code is amended to read:

1178. If the majority of the votes cast is for the tax, the board shall annually, at the time of levying the county taxes, levy a tax upon all the taxable land in the division sufficient to raise the amount voted for the current fiscal year, sufficient to meet estimated costs of maintenance for the current fiscal year, and sufficient to reimburse the county for any expenses recoverable under Section 1197. The board shall ascertain the rate of taxation by deducting 15 percent for anticipated delinquencies from the aggregate assessed value of the land in the division as it appears on that last equalized assessment roll of the county and then dividing the sum voted by the remainder of such aggregate assessed value.

CHAPTER 141

An act to amend Section 15 of the Los Angeles County Flood Control Act (Chapter 755 of the Statutes of 1915), relating to the Los Angeles County Flood Control District.

[Approved by Governor June 12, 1972 Filed with
Secretary of State June 12, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 15 of the Los Angeles County Flood Control Act (Chapter 755, Statutes of 1915) is amended to read:

Sec. 15. All contracts for any improvement or unit of work, except as hereinafter provided, estimated to cost in excess of ten thousand dollars (\$10,000), shall be let to the lowest responsible bidder in the manner hereinafter provided. The said board of supervisors of said district shall advertise by five or more insertions in a daily newspaper of general circulation, or by two or more insertions in a weekly newspaper of general circulation, printed and published in said district, inviting sealed proposals for the construction of the improvement or work. The said board shall require the successful bidder or bidders to file with the board good and sufficient bonds, to be approved by the board, conditioned upon the faithful performance of the contract and upon the payment of all claims for labor and material in connection therewith, such bonds to contain the terms and conditions set forth in Chapter 7 (commencing with Section 3247) of Title 15 of Part 4 of Division 3 of the Civil Code and to be subject to the provisions of that chapter,

and shall also have the right to reject any and all bids not suitable to the best interests of the district. In the event all proposals are rejected or no proposals are received pursuant to advertisement therefor, or the estimated cost of such work does not exceed the sum of ten thousand dollars (\$10,000), or the work consists of channel protection, dam protection, temporary work, maintenance work, or of emergency work when necessary in order to protect life and property from impending flood damage, the board of supervisors may, without advertising for bids therefor, have said work done by force account. Emergency work, found by the board of supervisors to be necessary in order to protect life and property from impending flood damage, may also be done by negotiated contract without advertising for bids therefor. It shall be the duty of the purchasing agent of Los Angeles County, and ex officio the purchasing agent of Los Angeles County Flood Control District, unless otherwise ordered by the board of supervisors, to purchase for the district all materials, supplies, equipment and other personal property necessary to carry out the purposes of this act, except emergency purchases, and to engage independent contractors to perform sundry services for the district, where the aggregate cost of such work, exclusive of materials to be furnished by the district, does not exceed ten thousand dollars (\$10,000). Said purchasing agent shall make all such purchases and contracts upon proper requisition therefor, signed by the chief engineer of the district. Any improvement for which bonds are voted under the provisions of this act, shall be made in conformity with the report, plans, specifications and map theretofore adopted, as above specified, unless the doing of any such work described in said report shall be prohibited by law, or be rendered contrary to the best interests of said district by some change of conditions in relation thereto, in which event said board of supervisors may, by vote of four-fifths of all the members thereof, order necessary changes made in such proposed work or improvements, and may cause new plans and specifications to be made and adopted therefor.

Any work or improvement provided for in this act may be located, constructed and maintained in, along or across any public road or highway in the County of Los Angeles, in such manner as to afford security for life and property, but the said board of supervisors of said district shall restore or cause to be restored such road or highway to its former state as near as may be, so as not to impair its usefulness.

The plans and specifications for any work proposed to be done, or improvements to be made, under this act, in any municipality in said district shall first be approved by the legislative body of such municipality before the commencement of such work or improvements, and before any contract shall be let therefor; provided, that in the event such legislative body shall refuse or neglect to approve the said plans and specifications for such work or improvement within 30 days after being requested by said board of supervisors so to do, then said board of supervisors shall omit the doing of such work or making of such improvements within such

municipality, and such omission shall not affect the validity of its proceedings under this act, and the funds which were to be expended for such proposed work or improvement in said municipality may be expended elsewhere by said board of supervisors for carrying out the purposes of this act.

CHAPTER 142

An act to amend Sections 74819 and 74820 of, to add Section 74824 to, and to repeal Section 74824 of, the Government Code, relating to the municipal court.

[Approved by Governor June 12, 1972. Filed with
Secretary of State June 12, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 74819 of the Government Code is amended to read:

74819. There shall be one marshal who shall receive the biweekly salary specified in range 38, step A, as set forth in the biweekly salary schedule contained in Section 74821.

Whenever the salary of the class of lieutenant in the service of San Joaquin County is adjusted, the salary of the marshal shall be adjusted by an amount equivalent to that of the class of lieutenant.

SEC. 2. Section 74820 of the Government Code is amended to read:

74820. The marshal may appoint:

- (a) Two deputy marshals.
- (b) One clerk-typist II.

SEC. 3. Section 74824 of the Government Code is repealed.

SEC. 4. Section 74824 is added to the Government Code, to read:

74824. Notwithstanding any other provisions of law, the provisions of the county ordinance relating to civil service and the rules of the civil service commission adopted pursuant thereto, shall be applicable to all employees, except the marshal, in the same manner and to the same extent as applicable generally to officers and employees of San Joaquin County.

Such employees shall be entitled to the same vacation, sick leave, leave of absence, and similar benefits, and may be appointed, promoted, demoted, terminated or transferred, or their status otherwise adjusted in the same manner and with the same effect as is or may be provided by the current salary ordinance of San Joaquin County, or the civil service ordinance of the county, for other employees of the county.

CHAPTER 143

An act to add Section 20980.5 to the Water Code, relating to irrigation districts.

[Approved by Governor June 12, 1972. Filed with Secretary of State June 12, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 20980.5 is added to the Water Code, to read: 20980.5. The Palmdale Irrigation District may change its name pursuant to this chapter to the Palmdale Water District.

SEC. 2. The Legislature finds and declares that the term "irrigation district" is no longer descriptive of the actual functions performed by the Palmdale Irrigation District and the proper functioning of the district may require that the name of the district be changed to the Palmdale Water District. The problem is not common to other districts governed under the Irrigation District Law. It is necessary, therefore, that the provisions of this act be made applicable only to the Palmdale Irrigation District.

CHAPTER 144

An act to add Section 23608 to the Water Code, relating to irrigation districts.

[Approved by Governor June 12, 1972. Filed with Secretary of State June 12, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 23608 is added to the Water Code, to read: 23608. Notwithstanding Section 23602, or any other provision of law to the contrary, in the Littlerock Creek Irrigation District the formation of an improvement district may be proposed by the board of the district. In such event no petition shall be required for the formation of the improvement district, but the board shall give notice of and hold a hearing on the proposal as nearly as practicable in accordance with the provisions of this chapter. If the board finds that it would be for the best interests of the district and the proposed improvement district to form the improvement district, it shall proceed with the formation of the improvement district as nearly as practicable in accordance with the provisions of this chapter, except that it shall not enter a final order forming the improvement district unless the formation of the improvement district as proposed by the board is approved by the voters of the proposed improvement district at an election held within the proposed improvement district at which a majority of the voters voting on the proposition approve

the formation of the improvement district as proposed by the board. Such election may be consolidated with any other election held within the district.

At the time of the hearing on the proposed improvement district, the board of directors may also determine that it is in the best interests of the district and of the improvement district that bonds be sold to finance the acquisition of any existing improvements within the improvement district and the construction of other improvements therein. An election shall then be called to submit to the voters the proposal of whether or not bonds in the amount determined by the board should be authorized, and the election shall be called and held pursuant to the provisions of Chapter 4 (commencing with Section 21925) of Part 4 of this division. In that event the bond election shall be consolidated with the election for the formation of the improvement district and the improvement district shall not be formed unless two-thirds of the votes cast are in favor of both the formation of the district and the issuance of the bonds.

SEC. 2. The provisions of this act are necessary because the existing procedures for the formation of improvement districts in irrigation districts preclude the establishment of improvement districts in the Littlerock Creek Irrigation District to provide vitally needed water service to certain areas of the district, as a high percentage of landowners within the district are not residents of the district. This problem is not common to all districts formed under the Irrigation District Law. It is therefore hereby declared that a general law cannot be made applicable and that the enactment of Section 23608 of the Water Code as a special law is necessary for the solution of problems existing in the Littlerock Creek Irrigation District.

CHAPTER 145

An act to amend Section 1115 of the Education Code, relating to school district elections.

[Approved by Governor June 13, 1972 Filed with
Secretary of State June 13, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 1115 of the Education Code is amended to read:

1115. The form of the ballot for governing board member elections shall state the date of the election, naming the district and the county or counties in which the district is located, and shall state clearly the number of offices to be filled and the number of candidates for whom the voter is entitled to vote. The names of the candidates shall be listed, one name to a line, with a square opposite

each name in which the voter may cast his vote for the candidate.

If the governing board member election is consolidated with any other election, the provisions of Article 3 (commencing with Section 1331) of Chapter 6 of this division shall apply to the form of ballot to be used.

CHAPTER 146

An act to amend Section 11457 of the Welfare and Institutions Code, relating to needy children.

[Approved by Governor June 13, 1972. Filed with
Secretary of State June 13, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 11457 of the Welfare and Institutions Code is amended to read:

11457. Fines, penalties or forfeitures imposed under Section 270d of the Penal Code shall be deposited in the general fund of the county treasury and shall not be taken into account in determining the amount of aid to be paid. Payment for child support made by or collected in any way from absent parents, will be taken into account in determining the amount of aid to be paid.

Money from absent parents for support of a needy child, when collected by or paid through any public officer or agency, shall be either transmitted to the needy family provided aid, to be used for the support of the needy child, or transmitted to the county department providing aid to be used for the support of the child. All absent parents' payments or collections available to the county department for support of the child shall be applied first to support for the calendar month following receipt by the county department, and any balance remaining shall either be applied against future needs or be treated as reimbursement for past support furnished from public assistance funds.

The balance of funds which are treated as reimbursement for past support are to be apportioned according to the sharing of aid; provided, however, that any amount which would otherwise be apportioned to the State of California shall be retained by the county to offset county costs of collection of support payments from absent parents and to offset costs of welfare fraud investigations.

SEC. 2. Section 11457 of the Welfare and Institutions Code is amended to read:

11457. Fines, penalties or forfeitures imposed under Section 270d of the Penal Code shall be deposited in the general fund of the county treasury and shall not be taken into account in determining the amount of aid to be paid. Payment for child support made by or collected in any way from absent parents, will be taken into account

in determining the amount of aid to be paid.

Money from absent parents for support of a needy child, when collected by or paid through any public officer or agency, shall be either transmitted to the needy family provided aid, to be used for the support of the needy child, or transmitted to the department to be used for the support of the child. All absent parents' payments or collections available to the department for support of the child shall be applied first to support for the calendar month following receipt by the department, and any balance remaining shall either be applied against future needs or be treated as reimbursement for past support furnished from public assistance funds.

SEC. 3. It is the intent of the Legislature, if this bill and Senate Bill No. 540 are both chaptered and amend Section 11457 of the Welfare and Institutions Code, and this bill is chaptered after Senate Bill No. 540, that Section 11457 of the Welfare and Institutions Code, as amended by Section 1 of this act, be further amended on the operative date of Senate Bill No. 540 in the form set forth in Section 2 of this act to incorporate the changes in Section 11457 proposed by Senate Bill No. 540. Therefore, if Senate Bill No. 540 is chaptered before this bill and amends Section 11457, Section 2 of this act shall become operative at the same time as Senate Bill No. 540 becomes operative.

CHAPTER 147

An act to amend Sections 62479, 62482, and 62487 of the Agricultural Code, relating to milk.

[Approved by Governor June 13, 1972. Filed with
Secretary of State June 13, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 62479 of the Agricultural Code is amended to read:

62479. In addition to any other matters which are required to be taken into consideration by the director, he shall, in determining minimum wholesale and minimum retail prices for fluid milk or fluid cream, or both, for any marketing area, take into consideration all of the following economic factors which are operative in such marketing area:

(a) The quantities of fluid milk or fluid cream, or both, which are distributed in such marketing area.

(b) The quantities of fluid milk or fluid cream, or both, which are normally required by consumers in such marketing area.

(c) The estimated purchasing power of consumers in such marketing area.

(d) The cost of fluid milk or fluid cream, or both, in such

marketing area to distributors and retail stores, which in all cases shall be, respectively, the prices paid by distributors to producers, and the minimum wholesale prices, including any quantity discounts, as established pursuant to this chapter.

(e) The reasonably necessary cost of handling fluid milk or fluid cream, or both, which is incurred by distributors, including all costs of hauling, processing, selling, and delivering and reasonable return on necessary capital investment, for each of the several methods of distribution which are used in such marketing area in accomplishing such hauling, processing, selling, and delivery, excluding costs which are not reasonably necessary to efficient operation, as such costs are determined by impartial cost surveys, or examination of the books and records, or both, of all, or such portion of the distributors in such marketing area as are reasonably determined by the director to be sufficiently representative to indicate the reasonably necessary costs of sufficient efficient distribution for such marketing area.

(f) The estimated amount of the available capacity for processing and distributing fluid milk or fluid cream, or both, of distributors in such marketing area and the estimated extent to which such available capacity is being used by such distributors.

(g) The reasonably necessary cost of handling fluid milk or fluid cream, or both, which is incurred by retail stores, as such costs are determined by impartial cost surveys, or examination of the books and records, or both, of such portion of the retail stores in such marketing area as are reasonably determined by the director to be sufficiently representative to indicate such costs of all reasonably efficient retail stores in such marketing area. In determining such costs which are incurred by retail stores which handle commodities in addition to fluid milk or fluid cream, or both, the director shall determine the cost of doing business for each such representative retail store and for such purpose shall consider all costs and expenses of doing business, including depreciation on inventory and equipment. In the absence of satisfactory evidence to the contrary, the cost of handling such fluid milk or fluid cream, or both, shall be presumed to be the same percentage as the cost of doing business of such representative retail stores in conducting their entire business.

SEC. 2. Section 62482 of the Agricultural Code is amended to read:

62482. Minimum wholesale price schedules for fluid milk, fluid cream, or both, which are established by the director, may provide for quantity discounts. Subject to the provisions of Section 62487, such discounts shall be no more than those which give full effect to cost differences in respect to single deliveries of varying quantities of fluid milk, fluid cream, or both, to wholesale customers.

SEC. 3. Section 62487 of the Agricultural Code is amended to read:

62487. The minimum wholesale and minimum retail prices shall be sufficient, but not more than reasonably sufficient, to cover costs, as such costs are described in Section 62479, for each of the several

methods of distribution, and reasonable return upon necessary capital investment, as shown to the director by the facts which are available to the director from the hearings, investigation, surveys, or examinations for such marketing area which are required in this chapter. The director shall declare such prices effective in the same manner as that which is prescribed in this chapter for declaring producer prices effective unless the director determines from credible evidence that any prices which are established as set forth in this article will not, or would not, conform to and effectuate the legislative declarations, purposes, and intent set forth in this chapter. If he so determines, he shall instead establish minimum wholesale prices, including particular quantity discounts as he shall determine, or minimum retail prices, which are higher or lower than those which are sufficient to cover the costs and reasonable return on capital investment, without limitations based upon the cost of individual distributors and retail stores which are described in subdivisions (e) and (g) of Section 62479, upon the condition that he shall determine in his judgment and shall find in writing with respect to such higher or lower minimum prices both:

(a) That such minimum prices will tend to maintain in the business of distributing fluid milk and fluid cream, or both, such reasonably efficient retail stores and distributors of fluid milk and fluid cream, or both, in such marketing area as the director finds are necessary to insure to consumers in such marketing area sufficient distribution facilities to supply the quantity of fluid milk or fluid cream, or both, required by such consumers without requiring such consumers to pay more for their supplies of such fluid milk or fluid cream, or both, than is necessary to maintain adequate and efficient distribution facilities in such marketing area.

(b) That such minimum prices will not tend to induce or authorize the development of unfair trade practices, unfair competition, conditions of monopoly or combinations in restraint of trade, and that such minimum prices will tend to encourage the orderly and efficient marketing of fluid milk or fluid cream, or both.

CHAPTER 148

An act to amend Sections 5896.5 and 5896.8 of the Streets and Highways Code, relating to the Improvement Act of 1911.

SEC. 2. Section 5896.8 of the Streets and Highways Code is amended to read:

5896.8. Upon presentation of the petition and certificate of sufficiency or upon a determination pursuant to subdivision (b) of Section 5896.5, the legislative body may adopt a resolution declaring its intention to order the conversion.

CHAPTER 149

(b) Acquire and maintain real or personal property needed for outdoor science education and conservation education programs and classes either within or without the boundaries of the school district either by purchase, rental, lease, gift, or other means in the same manner as if the property were within the boundaries of the school district.

supervisors or other personnel to or from places where such programs and classes are being conducted, whether within or without the district; provided, such transportation is within the state.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to give the authority to the governing board of a school district to conduct a nature program for summer school students to commence on June 16, 1972, to an area that offers more natural resource material and is more than 180 miles from the school or schools of the district, it is essential that this act take effect immediately.

In this connection the board shall consider, among other matters, whether:

270. (a) With respect to property as to which the college, cemetery, church, exhibition, orphanage, veterans' organization or welfare exemption was available but for which a timely application for exemption was not filed—

(1) Ninety percent of any tax or penalty or interest thereon shall be canceled or refunded provided an appropriate application for exemption is filed on or before the first day of March of the calendar year next succeeding the calendar year in which the exemption was not claimed by a timely application; or, if the application is filed thereafter,

(2) Eighty-five percent of any tax or penalty or interest thereon shall be canceled or refunded provided an appropriate application for exemption is filed and relief is not authorized under Section 214.01 or 271.

(b) Notwithstanding the provisions of subdivision (a), any tax or penalty or interest thereon exceeding two hundred fifty dollars (\$250) in total amount shall be canceled or refunded provided it is imposed upon property entitled to relief under subdivision (a) for which an appropriate claim for exemption has been filed.

(c) With respect to property as to which the welfare exemption or veterans' organization exemption was available, all provisions of Section 254.5, other than the specified dates for the filing of affidavits and other acts, are applicable to this section.

SEC. 8. Section 271 of the Revenue and Taxation Code, as added by Chapter 303 of the Statutes of 1971, is amended to read:

271. (a) Provided that an appropriate application for exemption is filed on or before the first day of March of the calendar year next succeeding the calendar year in which the property was acquired, any tax or penalty or interest thereon—

(1) Imposed upon property owned by any organization qualified for the college, cemetery, church, exhibition, orphanage, veterans' organization or welfare exemption which is acquired by such organization during a given calendar year, after the lien date but prior to the first day of the fiscal year commencing within that calendar year, when the property is of a kind which would have been qualified for the college, cemetery, church, exhibition, orphanage, veterans' organization or welfare exemption if it had been owned by such organization on the lien date, shall be canceled or refunded;

(2) Imposed upon property owned by any organization which

would have qualified for the college, cemetery, church, exhibition, orphanage, veterans' organization or welfare exemption had the organization been in existence on the lien date, which was acquired by it during that calendar year after the lien date in that year but prior to the commencement of such fiscal year, and of a kind that presently qualifies for such exemption and that would have so qualified for such fiscal year had it been owned by such organization on such lien date and had the organization been in existence on such lien date, shall be canceled or refunded;

(3) Imposed upon property acquired after the beginning of any fiscal year by an organization qualified for the college, cemetery, church, exhibition, orphanage, veterans' organization or welfare exemption and the property is of a kind which would have qualified for an exemption if it had been owned by such organization on the lien date, whether or not that organization was in existence on the lien date, shall be canceled or refunded in the proportion that the number of days for which the property was so qualified during the fiscal year bears to 365.

(b) Eighty-five percent of any tax or penalty or interest thereon imposed upon property which would be entitled to relief under the provisions of subdivision (a) or Section 214.01, except that an appropriate application for exemption was not filed within the time required by the applicable provision, shall be canceled or refunded provided that an appropriate application for exemption is filed after the last day on which relief could be granted under subdivision (a) or Section 214.01.

(c) Notwithstanding the provisions of subdivision (b), any tax or penalty or interest thereon exceeding two hundred fifty dollars (\$250) in total amount shall be canceled or refunded provided it is imposed upon property entitled to relief under subdivision (b) for which an appropriate claim for exemption has been filed.

(d) With respect to property acquired after the beginning of the fiscal year for which relief is sought, the provisions of subdivisions (b) and (c) shall apply only to that pro rata portion of any tax or penalty or interest thereon which would have been canceled or refunded had the property qualified for relief under paragraph 3 of subdivision (a).

SEC. 9. It has been stated that Section 1c of Article XIII of the Constitution of the State of California is not broad enough to serve to exempt buildings used for meetings and social gatherings of veterans' organizations. However, the Legislature finds that some of these organizations, such as the American Legion, are incorporated for purposes such as the following:

“. . . To uphold and defend the Constitution of the United States of America; to promote peace and good will among the peoples of the United States and all the nations of the earth; to preserve the memories and incidents of the two world wars and the other great hostilities fought to uphold democracy; to cement the ties and comradeship born of service; and to consecrate the efforts of its

members to mutual helpfulness and service to their country.”

It is established that “charity,” as used in Section 1c of Article XIII is not limited to the giving of alms to the poor. It has been defined in a number of cases as a gift to be applied consistently with existing laws, for the benefit of an indefinite number of persons—either by bringing their hearts under the influence of education or religion, by relieving their bodies from disease, suffering, or constraint, by assisting them to establish themselves in life, or by erecting or maintaining public buildings or works, or otherwise lessening the burdens of government.

Moreover, it is recognized that a charitable exemption may be granted to property of organizations providing such diverse services as civic theater performances and recreational opportunities for members of a boys’ club for 10 weeks each year.

In acting under Section 1c of Article XIII, the Legislature must necessarily construe the terms of the provision in order to determine the extent of its authority to act thereunder, and the Legislature finds it reasonable to exempt the property of organizations devoted to spreading patriotism and unity and to promoting respect for those who serve their country in the armed services in times of peril, and which bring the hearts of the youth of this state under the influence of education through their various programs (such as Boys State, Boy Scout sponsorship and oratorical contests dealing with the Constitution of the United States), and which lessen the burdens of government through their additional programs (such as veterans employment, Veterans Administration volunteer services in hospitals, and junior baseball).

The members of such an organization must necessarily have some accommodations in which to meet and correlate their activities, and the Legislature finds that such activities are incidental to, and reasonably necessary for, the accomplishment of the exempt activities of such organizations.

SEC. 10. The provisions of this act shall become operative on the lien date in 1973.

CHAPTER 153

An act to amend Section 13469.1 of the Education Code, relating to school employees.

[Approved by Governor June 21, 1972 Filed with Secretary of State June 21, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 13469.1 of the Education Code is amended to read:

13469.1. Governing boards of school districts shall provide by rules and regulations for industrial accident and illness leaves of absence for persons employed in a position requiring certification qualifications. The governing board of any district which is created or whose boundaries or status is changed by an action to organize or reorganize districts completed after the effective date of this section shall provide by rules and regulations for such leaves of absence on or before the date on which the organization or reorganization of the district becomes effective for all purposes as provided in Section 1704 of this code.

Such rules or regulations shall include the following provisions:

a. Allowable leave shall be for not less than 60 days during which the schools of the district are required to be in session or when the employee would otherwise have been performing work for the district in any one fiscal year for the same accident;

b. Allowable leave shall not be accumulated from year to year;

c. Industrial accident or illness leave shall commence on the first day of absence;

d. When a person employed in a position requiring certification qualifications is absent from his duties on account of an industrial accident or illness, he shall be paid such portion of the salary due him for any month in which the absence occurs as, when added to his temporary disability indemnity under Division 4 or Division 4.5 of the Labor Code, will result in a payment to him of not more than his full salary;

The phrase "full salary" as utilized in this subdivision shall be computed so that it shall not be less than the employee's "average weekly earnings" as that phrase is utilized in Section 4453 of the Labor Code. For purposes of this section, however, the maximum and minimum average weekly earnings set forth in Section 4453 of the Labor Code shall otherwise not be deemed applicable.

e. Industrial accident or illness leave shall be reduced by one day for each day of authorized absence regardless of a temporary disability indemnity award;

f. When an industrial accident or illness leave overlaps into the next fiscal year, the employee shall be entitled to only the amount of unused leave due him for the same illness or injury.

Upon termination of the industrial accident or illness leave, the employee shall be entitled to the benefits provided in Sections 13467, 13468 and 13469, and for the purposes of each of these sections, his absence shall be deemed to have commenced on the date of termination of the industrial accident or illness leave, provided that if the employee continues to receive temporary disability indemnity, he may elect to take as much of his accumulated sick leave which, when added to his temporary disability indemnity, will result in a payment to him of not more than his full salary.

The governing board may, by rule or regulation, provide for such additional leave of absence for industrial accident or illness as it deems appropriate.

During any paid leave of absence, the employee shall endorse to the district the temporary disability indemnity checks received on account of his industrial accident or illness. The district, in turn, shall issue the employee appropriate salary warrants for payment of the employee's salary and shall deduct normal retirement and other authorized contributions.

Any employee receiving benefits as a result of this section shall, during periods of injury or illness, remain within the State of California unless the governing board authorizes travel outside the state.

In the absence of rules and regulations adopted by the governing board pursuant to this section an employee shall be entitled to industrial accident or illness leave as provided in this section but without limitation as to the number of days of such leave.

SEC. 2. Section 13469.1 of the Education Code is amended to read:

13469.1. Governing boards of school districts shall provide by rules and regulations for industrial accident and illness leaves of absence for persons employed in a position requiring certification qualifications. The governing board of any district which is created or whose boundaries or status is changed by an action to organize or reorganize districts completed after the effective date of this section shall provide by rules and regulations for such leaves of absence on or before the date on which the organization or reorganization of the district becomes effective for all purposes as provided in Section 1704 of this code.

Such rules or regulations shall include the following provisions:

a. Allowable leave shall be for not less than 60 days during which the schools of the district are required to be in session or when the employee would otherwise have been performing work for the district in any one fiscal year for the same accident;

b. Allowable leave shall not be accumulated from year to year;

c. Industrial accident or illness leave shall commence on the first day of absence;

d. When a person employed in a position requiring certification qualifications is absent from his duties on account of an industrial accident or illness, he shall be paid such portion of the salary due him for any month in which the absence occurs as, when added to his temporary disability indemnity under Division 4 or Division 4.5 of the Labor Code, will result in a payment to him of not more than his full salary;

The phrase "full salary" as utilized in this subdivision shall be computed so that it shall not be less than the employee's "average weekly earnings" as that phrase is utilized in Section 4453 of the Labor Code. For purposes of this section, however, the maximum and minimum average weekly earnings set forth in Section 4453 of the Labor Code shall otherwise not be deemed applicable.

e. Industrial accident or illness leave shall be reduced by one day for each day of authorized absence regardless of a temporary disability indemnity award;

f. When an industrial accident or illness leave overlaps into the next fiscal year, the employee shall be entitled to only the amount of unused leave due him for the same illness or injury.

Upon termination of the industrial accident or illness leave, the employee shall be entitled to the benefits provided in Sections 13467, 13468 and 13469, and for the purposes of each of these sections, his absence shall be deemed to have commenced on the date of termination of the industrial accident or illness leave, provided that if the employee continues to receive temporary disability indemnity,

he may elect to take as much of his accumulated sick leave which, when added to his temporary disability indemnity, will result in a payment to him of not more than his full salary.

The governing board may, by rule or regulation, provide for such additional leave of absence for industrial accident or illness as it deems appropriate.

During any paid leave of absence, the employee may endorse to the district the temporary disability indemnity checks received on account of his industrial accident or illness. The district, in turn, shall issue the employee appropriate salary warrants for payment of the employee's salary and shall deduct normal retirement and other authorized contributions.

Any employee receiving benefits as a result of this section shall, during periods of injury or illness, remain within the State of California unless the governing board authorizes travel outside the state.

In the absence of rules and regulations adopted by the governing board pursuant to this section an employee shall be entitled to industrial accident or illness leave as provided in this section but without limitation as to the number of days of such leave.

SEC. 3. It is the intent of the Legislature, if amendments to Section 13469.1 of the Education Code proposed by both this bill and AB 926 are enacted, that both amendments be given effect and incorporated in Section 13469.1 in the form set forth in Section 2 of this act. Therefore, in the event both this bill and AB 926 are chaptered and amend Section 13469.1 and this bill is chaptered after AB 926, Section 2 of this act shall become operative at the same time that Section 13469.1 as amended by AB 926 becomes operative, and at that time, Section 13469.1 of the Education Code as amended by Section 1 of this act is repealed.

CHAPTER 154

An act to add Section 14672.9 to the Government Code, relating to the letting of state property.

(b) Determine what, if any, adjustment should be made in the terms of the lease.

Any lease executed pursuant to this section shall include a provision that such lease shall be canceled if permanent facilities are not constructed on the leased land within five years after the effective date of this section.

(c) The full name and address of the seller and of either the purchaser or the broker of the hay as obtained from the driver of the vehicle.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The beginning of the hay season is approaching, and with it the problem of hay thefts. Vehicles carrying hay are weighed and found to be overweight, necessitating the removal of the excess hay and reweighing of the vehicle before the weight can be certified. However, no records are presently required to be kept of the original

or excess weight, thus the excess hay is often lost or stolen. If legislation is not immediately enacted to require the recording of both the first and final weights and the names of the seller and of either the purchaser or the broker of the hay, large hay losses will result, to the detriment of the public. It is, therefore, necessary that this act go into immediate effect.

CHAPTER 156

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 22, 1972 Filed with
Secretary of State June 22, 1972]

I object to the following appropriations in Senate Bill No. 50.

Item 37—For support of Department of Commerce. I reduce this item from \$1,752,188 to \$1,692,188 by reducing paragraph (b) operating expenses and equipment from \$656,250 to \$621,250 and by eliminating paragraph (d) celebration of 150th anniversary of City of Sonoma

I am eliminating funds added for repair of a band shell and the addition of a new exhibit. These projects should be funded from other than state sources.

I am eliminating funds added for celebration of 150th anniversary of the City of Sonoma While it is important to acknowledge and celebrate our heritage, expenditure of state tax funds should be limited to events that are clearly of statewide significance

Item 43—For support of the State's cash match for Federal grants made by the Law Enforcement Assistance Administration I reduce this item from \$5,750,000 to \$4,500,000.

The estimated amount of Federal grants available has been reduced from \$60,000,000 to \$46,500,000, thereby reducing the amount required for state cash match

Item 45—For support of contribution to counties for providing legal assistance to indigents. I reduce this item from \$1,429,500 to \$775,000

The remaining amount reflects the traditional contribution to counties for legal assistance to indigents

Item 46.5—For tort liability claims that may arise from damage caused by structural deficiency of the State Capitol Building I eliminate this item

No liability or injury is anticipated in the State Capitol Building because of structural deficiencies

Item 67—For support of Public Utilities Commission I reduce this item from \$7,333,388 to \$6,913,273 by reducing paragraph (a) Personal Services from \$11,109,835 to \$10,781,960 and paragraph (b) Operating Expenses and Equipment from \$2,293,635 to \$2,201,395

I am reducing this item to a level of expenditure which provides for an augmentation to the Commission's original budget in the amount of \$97,310 for additional auditors. The amount appropriated will enable the Commission to meet its responsibilities.

Item 80—For support of Augmentations for Salary Increase—Civil Service and Related I reduce this item from \$46,688,000 to \$31,125,000 and reduce the proposed across-the-board salary increases specified therein for State officers and employees,

exclusive of personnel in the University of California and of the California State Colleges whose compensation or portion thereof is charged to the General Fund, from 7½% to 5% and for State officers and employees whose compensation, including staff benefits, or a portion thereof is payable from special funds, from 7½% to 5%.

This action reduces the appropriation to a salary increase of 5%. Together with the salary inequity funds I am approving in this bill, salary increases will amount to an average of 8.4%. Such increases will cover a substantial portion of existing salary inequities. Additional efforts to correct remaining inequities are planned for 1973-74.

Item 80 5—For support of Augmentations for Salary Increase—Increase in Statutory Salaries I reduce this item from \$177,000 to \$118,000 and reduce the proposed salary increase specified therein for state officers whose salaries are specified by statute and whose compensation is paid from either the General Fund or special funds, from 7½% to 5%.

This item is reduced to reflect the level of general salary increase granted to civil service and related positions.

Item 81—For support of Augmentation for Salary Increase—University of California. I reduce this item from \$33,274,000 to \$20,705,000 by reducing paragraph (a) For increases in compensation for faculty and faculty-related positions from \$22,188,000 to \$13,314,000, and I reduce the proposed across-the-board salary increase specified therein for these positions from 12½% to 7½%, and paragraph (b) For increases in compensation for non-faculty positions from \$11,086,000 to \$7,391,000, and I reduce the proposed across-the-board salary increase specified therein for these positions from 7½% to 5%.

This action provides the increases for University employees as I originally proposed. Both the academic and non-academic increase funds in this item, together with the inequity funds which I am approving in this budget, will cover a substantial portion of salary inequities.

Additional efforts to correct remaining salary inequities are planned for 1973-74.

Item 81 1—For support of Augmentation for Salary Increase—University of California—Inequity Funds I reduce this item from \$8,133,000 to \$6,100,000, by reducing paragraph (a) Faculty and faculty-related positions from \$4,438,000 to \$2,600,000 and paragraph (b) Nonfaculty positions from \$3,695,000 to \$3,500,000.

I am reducing this item to the amount I recommended in May. Together with other salary increase funds, the amounts made available will cover over half of existing salary inequities. Plans to meet remaining inequities are scheduled next year (1973-74).

I am approving this item as reduced, with the understanding that increase in compensation provided by increased salary ranges for positions established for the 1972-73 fiscal year shall not result in total annual salary increases, including staff benefits, of more than \$6,100,000.

Item 82—For support of Augmentation for Salary Increase—California State Universities and Colleges I reduce this item from \$35,445,000 to \$21,836,000 by reducing paragraph (a) For increases in compensation for instructional and instructional-related positions from \$26,918,000 to \$16,151,000, and I reduce the proposed across-the-board salary increase specified therein for these employees from 12½% to 7½% and paragraph (b) For increases in compensation for non-instructional positions from \$8,527,000 to \$5,685,000, and I reduce the proposed across-the-board salary increase specified therein for these positions from 7½% to 5%.

This action provides the increases for State University and College employees as originally requested. The academic and non-academic increase funds in this item, together with the inequity funds which I recommended, will cover a substantial portion of salary inequities. Additional efforts to correct remaining salary inequities are planned for 1973-74.

Item 82 1—For support of Augmentation for Salary Increase—California State Universities & Colleges—Inequity Funds I reduce this item from \$8,226,000 to \$5,600,000 by reducing paragraph (a) Instructional and instructional-related positions from \$5,384,000 to \$3,100,000 and paragraph (b) Non-instructional positions from \$2,842,000 to \$2,500,000.

I am reducing this item to the amount I recommended in May. Together with other

salary increase funds the amounts being provided will cover over half of existing salary inequities.

We plan to continue our efforts to correct remaining salary inequities next year (1973-74).

I am approving this item, as reduced, with the understanding that increase in compensation provided by increased salary ranges for positions established for the 1972-73 fiscal year shall not result in total annual salary increases, including staff benefits, of more than \$5,600,000.

Item 86—For claim of the Secretary of the State Board of Control. I reduce this item from \$156,695 to \$134,031 by reducing paragraph (k) Water Resources Revolving Fund from \$6,857 to \$2,193 and paragraph (1) Health Care Deposit Fund from \$19,864 to \$1,864.

The two claims involved in category (k) and the single claim under category (1) received a full hearing by the State Board of Control as provided for in their procedures. After its review, the Board declined to recommend approval. No new information has been presented that would suggest reversal of the Board's decision and therefore by this action, their decision is sustained.

Item 145—For support of State Personnel Board. I reduce this item from \$9,023,636 to \$8,123,636 by reducing paragraph (c) For implementation of Division 4 of the Unemployment Insurance Code from \$3,757,000 to \$2,857,000.

Item 194—For support of State Lands Division. I reduce this item from \$1,674,000 to \$1,568,000 by reducing paragraph (a) Personal Services from \$2,265,205 to \$2,186,058 and paragraph (b) Operating Expenses and Equipment from \$504,436 to \$477,583.

I am approving this item at the level originally proposed in the budget which provides sufficient resources for the Division to meet its responsibilities.

Item 206 1—For loan to the City of Avalon, Department of Navigation and Ocean Development. I eliminate this item.

This item is eliminated on the basis that the Department of Navigation and Ocean Development should retain the responsibility for approving loans based on economic and engineering feasibility.

Item 217—For expenditures by the Department of Water Resources for the State's share of flood control projects. I reduce this item from \$7,500,000 to \$4,000,000.

The legislative augmentation of \$3,500,000 should be provided by SB 993 (Lagomarsino) which contains a comprehensive proposal for state and local cost sharing for flood control.

Item 220—For support of Department of Corrections. I reduce this item from \$112,503,781 to \$112,003,781 by reducing paragraph (b) II Institutional Program \$91,229,830 to \$90,729,830.

I am also deleting the following language from Item 220 relating to the reductions made in the appropriation itself:

"Provided further, that of the amount appropriated in this item \$100,000 shall be used for the sole purpose of converting 300 positions from the classification correctional officer to the classification correctional program supervisor and that \$50,000 of this appropriation shall be used for the sole purpose of the development of a centralized recruiting program to aid in locating and employing better qualified personnel."

I am also reducing the \$450,000 for a centralized training program to \$100,000.

I am reducing the augmentation for training (\$350,000) pending funding of the Department under a grant by the California Council on Criminal Justice for a centralized training program in conjunction with the Youth Authority.

I am eliminating the augmentation for correctional program supervisor reclassifications (\$100,000) because it has not been demonstrated that expansion of the existing program will enhance existing rehabilitative efforts.

I am eliminating the augmentation for centralized recruiting (\$50,000) because the Personnel Board has funds in its existing program to meet the recruiting needs of the Department.

Item 220 2—For support of Department of Corrections, Inmate Welfare Fund. I eliminate this item.

I am eliminating this item because the method of providing recreational equipment and supplies is both adequate and satisfactory

Item 220 5—For support of the Department of Corrections. I eliminate this item.

I am eliminating this item because the existing inmate self help program is being accomplished through voluntary efforts at the present time and can be continued on this basis

Item 224—For support of Department of the Youth Authority I reduce this item from \$52,633,215 to \$52,428,215 by reducing paragraph (b) II Rehabilitative Services from \$50,004,679 to \$49,799,679

I am also deleting the following language from Item 224 relating to the reductions made in the appropriation itself

“Provided, that \$30,000 of the amount appropriated by this item shall be used for the sole purpose of development of a centralized recruiting program to aid in locating and employing better qualified personnel ”

I am also reducing the \$225,000 for a centralized training program to \$50,000.

I am eliminating the augmentation for centralized recruiting (\$30,000) because the State Personnel Board has funds in its existing program to meet the recruiting needs of the Department

I am reducing the augmentation for training (\$175,000) pending funding of the Department under a grant by the California Council on Criminal Justice for a centralized training program in conjunction with the Department of Corrections

Item 233—For transfer to the Health Care Deposit Fund to provide for Medical Assistance Program expenditures I reduce this item from \$664,517,365 to \$606,317,587 and eliminate the following language and schedule

“Provided, further, that of the amounts appropriated by this item, \$25,580,702 shall be expended, for the 1972-73 fiscal year only, in addition to all other amounts required by law, pursuant to the following schedule for relief of the counties for costs incurred in the implementation of Chapter 577 of the Statutes of 1971

I have eliminated \$25,580,702 and related language and schedule which were added to reduce the counties' share of costs under the Medi-Cal program. The present cost sharing as set forth in the statutes is equitable.

I am recommending the passage of AB 1282, by Assemblyman Arnett, which will provide some administrative relief to the counties through simplified billing procedures for reimbursement for Medi-Cal services rendered through county hospitals.

In addition I have reduced the funds for caseload expenditures in recognition of revised estimates by \$32,619,076.

Item 234—For support of Department of Human Resources Development I reduce this item from \$9,424,374 to \$8,163,874. A modification in Federal law has changed the state matching requirements. The original appropriation will be enough to match Federal money to properly fund the work incentive program under the new (9-1) sharing ratio.

Item 241—For support of Department of Mental Hygiene I reduce this item from \$6,910,096 to \$6,878,096 by reducing paragraph (b) Operating Expenses and Equipment from \$1,715,701 to \$1,683,701.

I have also deleted the following language from Item 241 which provides funds specifically for staff and related expenses of the Citizens' Advisory Council:

"Provided that, of this amount, \$32,000 shall be made available to the Citizens' Advisory Council solely for the purpose of providing independent staffing and expenses related thereof."

The Citizens' Advisory Council provides advice and assistance to the Director of Mental Hygiene. The Department can provide staff as needed to support the work of the Council.

Item 241.1—For support of Department of Mental Hygiene I eliminate this item. I have eliminated this item because the 1972-73 budget, as originally submitted, contains sufficient funds to maintain Mendocino State Hospital pending final disposition.

Item 246—For support of Department of Public Health I reduce this item from

\$12,197,502 to \$11,697,502 by reducing paragraph (b) Operating Expenses and Equipment from \$6,647,845 to \$6,147,845

I have eliminated additional funds for comprehensive health planning pending evaluation of efforts made to date by regional and local area comprehensive health planning agencies

Item 246 1—For support of Department of Public Health. I eliminate this item.

I am eliminating this augmentation of \$300,000 on the basis that \$600,000 remains available in 1972-73 for family planning from prior appropriations which will permit the orderly growth of this program while it is further evaluated.

Item 257 1—For Local Assistance, Department of Social Welfare—Unmet Shelter Needs. I reduce this item from \$3,000,000 to \$1,500,000

The 1971 Welfare Reform Act achieved a balance of various public assistance programs funded by the State and county governments. As a part of that balance it was agreed that the State would assume certain costs previously borne by counties, such as the costs of the Old Age Security and Aid to the Blind programs. It was also agreed that counties would assume full responsibility for some functions. Specifically, the Welfare Reform Act provided that counties provide special needs to AFDC welfare recipients in accordance with priorities determined at the county level. The reduction of Item 257 1 represents that portion which relates to the AFDC program. The remaining \$1,500,000 shall be allocated to the adult aid programs, which remain the fiscal responsibility of the State.

Item 261—For support of Department of Education. I reduce this item from \$6,172,638 to \$5,980,938 by reducing paragraph (a) Personal Services from \$15,156,501 to \$15,121,701 and paragraph (b) Operating Expenses and Equipment from \$8,711,545 to \$8,679,645, and eliminating paragraph (f)

I have reduced this item by eliminating the legislative augmentations in the amount of \$66,700 which were provided for additional staffing and related expenses. Consideration of proposed increases should be deferred until after the Superintendent of Public Instruction has completed the presently planned reorganization of the department. I have eliminated the \$125,000 legislative augmentation for the new careers program because there is insufficient information available to justify the proposed expansion of this relatively new program.

Item 264—For support of Special Schools, Department of Education. I reduce this item from \$9,963,325 to \$9,263,325 by eliminating paragraph (f)

I have reduced this item by eliminating the additional funds for a new school at Mendocino State Hospital because a study currently is being made of the existing facilities at Berkeley. The transfer from Berkeley to new facilities should consider all aspects of the program on a long range basis and should be based upon a plan recommended by the Superintendent of Public Instruction. The results of the study now being conducted may reveal other existing facilities or possible arrangements that would prove superior from a program viewpoint. I believe the matter must be thoroughly examined and alternatives considered in view of the significance of establishing new facilities.

Item 268.1—For support of transfer by the State Controller from the General Fund to the State Schools Fund for additional supplemental support. I reduce this item by \$8,000,000

I am reducing this item by \$8 million. The remaining \$24 million augmentation for supplemental support which I am approving is sufficient to fully fund the apportionment formulas in the item.

Item 269—For Public School Support, Department of Education. I eliminate this item.

I have eliminated this item because I am approving in Items 268 and 268 1 the expenditure of \$190 million appropriated by the Legislature for enhancement of education at the local level. The remaining \$73 million (\$65 million in Item 269 and \$8 million of Item 268 1) appropriated to local schools in this Act is not primarily directed toward the relief of low wealth school districts in accordance with the guidelines of the Serrano decision. There is ample time for the Legislature to enact a combination tax reform and school finance bill at this session and I have proposed one

such solution. The \$73 million will remain in surplus available to local schools at such time as the Legislature places on my desk a bill conforming to the general principles of the Serrano case. Should the Legislature adjourn this session without enacting such legislation, I am ordering that the Department of Finance clearly set forth in the budget documents an earmarked surplus of \$73 million as part of the money to be available for low wealth school districts whenever the Legislature completes work on comprehensive school tax financing reform.

Item 271—For support of Compensatory Education Program, Department of Education. I reduce this item from \$11,000,000 to \$10,518,000.

I have reduced this item by eliminating the unallocated funds for expansion of the Professional Development Centers. I have approved augmentations in the amount of \$60,000 for the project related to the University of California at Santa Cruz and \$100,000 for project LINKAGE related to the University of California at Los Angeles and \$108,000 for the project related to the Pasadena Unified School District, thereby funding all projects specified by the Legislature. The Professional Development Centers program has not had sufficient proven results to warrant expansion beyond that being authorized.

Item 272 1—For support of the Abstract Conceptually-Oriented Mathematics Program Act, Department of Education. I reduce this item from \$1,000,000 to \$500,000.

I have reduced this item because the funds remaining are sufficient to support demonstration programs which will permit a proper evaluation of this instructional method AB 1644 (Russell) now being considered by the Legislature will provide for a complete evaluation of this program.

Item 273—For support of Children's Centers, Department of Education. I reduce this item from \$21,892,700 to \$21,742,700 by reducing paragraph (a) Children's centers from \$28,522,988 to \$28,372,988.

I have reduced this item by eliminating funds for administrative costs related to establishment of centers at or near campuses of institutions of higher learning. The Department assured me at the time legislative authorization for such centers was enacted that there would be no additional state costs.

Item 273 1—For support of Department of Education. I eliminate this item.

Item 273 1 appropriates \$3,000,000 to the Department of Education for county child care and child care training programs. These funds were originally budgeted to the Department of Social Welfare. Item 273 1 is eliminated in the belief that the Department of Social Welfare is the appropriate agency to administer this program, particularly since the Department has long standing channels of communication and supervision established with county welfare departments. It would be necessary for Education to establish a parallel administrative structure if this program were transferred. In order to restore these funds to the child care program, I am requesting legislation to add the necessary appropriation.

Item 276—For support of Assistance to Public Libraries, Division of Libraries, Department of Education. I reduce this item from \$1,346,000 to \$800,000.

I have reduced this item to the current level of funding.

Item 277 1—For vocational education, Summer Work Program, Department of Education. I eliminate this item.

I have eliminated this program because it is essentially an employment program that can more properly and effectively be satisfied through existing manpower programs.

Item 280—For support of Project SHARE, Department of Education. I eliminate this item.

I have eliminated this item since it previously has been funded from the Miller-Unruh appropriation and it should continue to be financed from that resource. AB 612 (Vasconcellos) now before the Legislature can be used to direct Miller-Unruh funds for SHARE.

Item 283—For support of University of California. I reduce this item from \$357,636,442 to \$354,289,029.

The Regents of the University of California have provided for an appropriate and vigorous educational opportunity program from total funds available to the Regents,

therefore, it is not necessary to augment this program from the General Fund at this time

Despite the fact enrollments are failing to come up to budget levels, I nevertheless have not only maintained the same support for the University I proposed in January—which was predicated on higher projected enrollments—but I have retained legislative augmentations in the amount of \$1 7 million for research in mosquito control and university unemployment benefits The funds provided by the State to the University in 1972-73 are being increased by \$18 2 million over the current year's support level, plus \$27 million for salary increases

The Administration has allocated sufficient funds for the operation of the University The Legislature addressed the budget item by item The Regents have authority to redirect funds to specific needs and economies of operations together with prospective enrollment reductions which appear to be sufficient to meet specific needs.

Item 283.1—For support of University of California I eliminate this item.

I am opposed to the elimination of tuition It is a necessity for financing of higher education. The Regents of the University of California have themselves implemented a tuition program. It exists and it is increasing in importance at every major university in the United States

Item 283 2—For support of a Department of Demography, University of California, Berkeley campus I eliminate this item

This item is being eliminated at the request of the University

Item 283 3—For support of the Institute of Traffic and Transportation Engineering, University of California I reduce this item from \$551,362 to \$460,871 by reducing paragraph (b) from \$90,491 to \$0

The program at the UCLA Campus is being reduced at the request of the University

Item 290—For support of Hastings College of Law I reduce this item from \$1,586,826 to \$1,554,426 by reducing paragraph (b) Operating Expenses and Equipment from \$770,371 to \$737,971

An augmentation I am approving will provide state and federal funds for the National Defense Student Loan Program and thereby assist the financial aids effort

Item 290 1—For support of Hastings College of Law. I eliminate this item

The Coordinating Council for Higher Education has advised me that there is insufficient evidence to support the need for an additional law school in the State of California Therefore, I am eliminating this item for this year

Item 290 2—For support of Hastings College of Law I eliminate this item.

I am opposed to the elimination of tuition It exists and it is increasing in importance at every major university in the United States

Item 291—For support of Trustees of the California State Colleges and the California State Colleges I reduce this item from \$343,442,373 to \$342,870,597 by reducing paragraph (a) Personal Services from \$350,659,350 to \$350,192,340 and paragraph (b) Operating Expenses and Equipment from \$80,352,604 to \$80,347,838, and paragraph (c) Reimbursements from \$—87,569,581 to \$—87,669,581 I am also reducing the \$313,849 for the educational television station at San Diego to \$213,849

I reduce this item for the following reasons

San Diego Educational Television \$100,000

The \$213,849 which already has been budgeted for the station is adequate to reimburse its operations for instructional programs on the campus

Planning funds for Year-round Operation 50,000

Substantial amounts of funds have been spent in previous years at San Francisco State and the current budget already contains some funds for this purpose

State Health Benefits increase from \$12 to \$14 421,776

Funds for this purpose are to be provided from existing resources

Item 292—For support of Trustees of the California State Colleges and the California State Colleges I reduce this item from \$5,909,602 to \$4,733,922 by reducing

paragraph (a) from \$3,331,680 to \$2,156,000.

This action retains an augmentation of \$2,156,000 for Educational Opportunity Program grants, including 3,500 first year students at \$440 each and 2,800 second year students at \$220 per student.

The state-supported program for educationally disadvantaged students in the California State Colleges is thereby increased over 100% with the grant portion reflecting a five-fold increase by this action

Item 296—For support of community college extended opportunity programs, Board of Governors of the California Community Colleges I reduce this item from \$6,600,000 to \$4,850,000

This action will provide an increase of nearly 50% in this program over the current year

The emphasis of the Educational Opportunity Program at the Community Colleges is consistent with the Master Plan for Higher Education and will provide eligible students with the greatest opportunity for academic success.

Item 298—For support of scholarship awards, State Scholarship and Loan Commission I reduce this item from \$30,422,705 to \$29,447,194 by reducing paragraph (a) Competitive Scholarship Program from \$24,401,816 to \$23,426,305

The legislative augmentation is being reduced by \$975,511 because we have been informed by the State Scholarship and Loan Commission that actual scholarship need is now projected at \$962 per award winner.

Item 300.4—For capital outlay, Department of General Services, for working drawings for a state office building in San Jose I eliminate this item

Information provided by the Department of General Services shows that a state constructed building in San Jose cannot be economically justified at this time

Item 308 1—For capital outlay, University of California I eliminate this item

I am opposed to the elimination of tuition It is a necessity for financing higher education The Regents of the University of California have themselves implemented a tuition program The importance of tuition is increasing for every major university in the United States

Item 308 6—For capital outlay, University of California I reduce this item from \$8,500,000 to \$7,900,000 by reducing paragraph (a) from \$8,500,000 to \$7,900,000

The current appraisal by the Department of General Services indicates that the funds retained in this item will provide Sacramento County fair market value for the land, improvements, equipment and supplies to be transferred to the University of California

Item 318.2—For capital outlay, Department of Parks and Recreation I reduce this item from \$9,153,900 to \$7,053,900 by eliminating paragraphs (a-8) Refugio State Beach acquisition—\$1,900,000, and (b-1) San Diego Museum development—\$200,000

The Refugio acquisition is not included in departmental priority lists. Consequently there is no present program to justify the purchase of this property The San Diego Museum funding is contained in legislation I recently signed and is therefore not required in this act

Item 318 5—For capital outlay, Department of Fish and Game Salmon and Steelhead study I eliminate this item.

This study is not appropriately a capital outlay item and if needed, should be accomplished within the Department of Fish and Game support budget

Section 10 4—For reappropriation of funds for Children's Centers and family and child development. I eliminate this section and delete the following language

"Notwithstanding any other provisions of law, Item 274 (a) and Item 259 (b), Budget Act of 1971 are reappropriated for the same purposes to the Department of Education and Department of Social Welfare, respectively, and shall be available until June 30, 1973 "

I have eliminated this reappropriation of funds because the 1972-73 budget provides adequate funds for the program and it is more effective management to maintain the program on an annual funding basis

Section 10 7—For support of Department of Social Welfare I eliminate this section

and delete the following language

“The unexpended balance of funds appropriated to the Department of Social Welfare by Chapter 578, Statutes of 1971, Section 39.7(b), is hereby reappropriated to the Department of Education for the cost of child care services and child care training programs pursuant to the provisions of Sections 10811 and 10811 5, Welfare and Institutions Code, provided, that the Department of Finance may, by executive order, transfer funds in augmentation of the amount scheduled in subdivision (h) of Item 258 for purposes of meeting the state matching fund requirements for child care services provided for under Public Law 90-248 ”

Action on this section is taken in conjunction with my reduction to Item 273 1 County child care programs should continue to be under the jurisdiction of the Department of Social Welfare since that Department is presently equipped to maintain the day-to-day county supervision that is necessary Section 10.7 would have transferred the funds to the Department of Education Elimination of Sec 10.7 will ensure that unexpended child care funds will continue to be available in 1972-73 to Social Welfare for child care programs

Section 19.6—For early announcement of awards and grants by the Scholarship and Loan Commission I reduce the amounts reflected in this section by a total of \$1,750,899 by reducing the amount for scholarship awards, paragraph (a), from \$29,000,000 to \$27,850,862 and the amount for graduate fellowship awards, paragraph (b), from \$1,560,000 to \$958,239

I have reduced amounts in this section in conformity with action taken on Item 298 and also to maintain the graduate fellowship program funding at approximately \$1,000,000

With the above deletions and reductions, I hereby approve Senate Bill No 50

RONALD REAGAN, Governor

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the “Budget Act of 1972.”

SEC. 2. The following sums of money, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 1972-73 fiscal year beginning July 1, 1972, and ending June 30, 1973. All such appropriations, unless otherwise herein provided, shall be paid out of the General Fund in the State Treasury

Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purposes to the extent only of the amount herein appropriated, unless otherwise stated herein, or authorized pursuant to Section 11006 of the Government Code.

Appropriations for purposes not otherwise provided for herein which have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

tion, to be expended as hereinafter provided
 The funds appropriated by this item shall be apportioned and disbursed by the Superintendent of Public Instruction to eligible school districts to fund the operation of projects similar to those funded under Title I of the Elementary and Secondary Education Act of 1965, in order that comprehensive services of the type afforded under that federal statute will be available to additional pupils in need thereof.

Of the amount appropriated by this item an amount not to exceed one-fourth of one percent (0.0025%) thereof shall be allocated to the Department of Education for administrative purposes, and apportionments to school districts shall be made from the remainder thereof.

Entitlements shall be computed, and allocations and apportionments shall be made by the Superintendent of Public Instruction on the basis of projects for which applications shall be submitted by school districts, which projects shall have been approved by the Superintendent of Public Instruction on the basis of the adequacy of purposes and goals and compliance with other requirements which may be prescribed by the Superintendent of Public Instruction.

Upon approval of a project the amount of the entitlement of the district will be determined by the Superintendent of Public Instruction and certified to the State Controller for disbursement to the district.

The entitlement of each district shall be determined by the Superintendent of Public Instruction by application of the following factors and computations:

1. (a) An index of "potential impact of bilingual-bicultural pupils" determined by dividing the percent of pupils in the district with Spanish and Oriental surnames, as determined by the annual ethnic survey conducted by the Department of Education, by the statewide average percentage of such pupils for unified, elementary, or secondary districts, as appropriate.

(b) A ratio of the district's "index of family poverty," defined as the district's Elementary and Secondary Education Act, Title I entitlement, divided by its average daily attendance in grades 1 through 12, or any thereof maintained, divided in

turn by the state average index of family poverty for unified, elementary, or secondary districts, as appropriate.

(c) A ratio of the district's "index of pupil transiency," as computed from the relationship between the district's average daily attendance and its total annual enrollment, divided by the state average index of pupil transiency for unified, elementary, or secondary districts, as appropriate.

II. The district's total maximum apportionment under this chapter shall be determined by:

(a) Computing the product of (1) one-third the sum of the three factors specified in subdivision I (except that if the resulting figure is higher than 2, the resulting figure shall be deemed to be 2) and (2) the number of pupils receiving aid for dependent children support.

(b) Taking the sum of all of the computations made for all eligible school districts under subsection (a) of this subdivision and dividing the same into the amount appropriated by this item which is available for apportionment and allocation.

(c) Multiplying the amount computed pursuant to subsection (b) of this subdivision by the amount computed for each district under subsection (a) of this subdivision.

III. If the entitlement computed for any district under subdivision II is less than \$1,000, no apportionment shall be made to the district.

IV. Funds appropriated by this item and not required for purposes of the entitlements computed under subdivisions I, II, and III, shall be allocated by the Superintendent of Public Instruction to districts for which such entitlements and apportionments were made as supplementary additional allowances to insure that compensatory education programs are afforded to as many eligible pupils as possible and to stimulate the development, implementation, and evaluation of innovative programs.

GENERAL SECTIONS

SEC. 4. Notwithstanding any other provisions of this act, no appropriations made herein, or funds obtained from any other source, over \$10,000 may be expended by any state entity for any single expansion, improvement or addition to electronic data-processing activities, personnel, equipment, facilities or supplies during fiscal year 1972–73, or any expenditure budgeted for fiscal year 1973–74 for electronic data-processing activities, personnel, equipment, facilities or supplies unless the Department Director certifies (or in the case of a consolidated data center, the center director), and the Director of Finance determines and states in writing that the criteria and procedures set forth in the Supplementary Report of the Committee on Conference on the Budget Act of 1972 have been met and followed.

Notwithstanding any other provisions of this act, no appropriations made herein, or funds obtained from any other source, may be expended by any state entity pursuant to a contract for expansion, improvement or addition to electronic data-processing activities, personnel, equipment, facilities or supplies as defined in the Supplementary Report of the Committee on Conference on the Budget Act of 1972, during fiscal year 1972–73 or any expenditure budgeted for fiscal year 1973–74 for such activities in excess of \$10,000, unless the contract for the acquisition or rental of equipment, personal services,

or supplies as these terms are defined in the Supplementary Report of the Committee on Conference on the Budget Act of 1972 is competitively bid.

No expenditure of funds for data-processing activities shall be authorized until the director of the department requesting the expenditure and the Director of Finance certify that adequate safeguards have been developed following the criteria contained in the Supplementary Report of the Committee on Conference on the Budget Act of 1972 to insure the confidentiality of data.

The provisions of this section shall not apply to the University of California, the State Compensation Insurance Fund, or agencies provided for by Article VI of the Constitution or the Legislature.

Contracts awarded or entered into pursuant to this section shall be in the form of the model contract for lease and/or purchase of electronic data-processing systems and computers as outlined in Section 4960.1 of the State Administrative Manual revised new January, 1967, and no portion of such contract shall be excluded or stricken.

SEC. 4.5. Subject to the provisions of this act, any appropriation for expenditure under this act during the 1972-73 fiscal year, may, with the approval of the Department of Finance, be encumbered prior to July 1, 1972, by incurring obligations to be paid after June 30, 1972; and in addition any appropriation for expenditure provided by the Budget Act of 1973 during the 1973-74 fiscal year, may, with the approval of the Department of Finance, be encumbered prior to July 1, 1973, by incurring obligations to be paid after June 30, 1973.

SEC. 5. Because it is necessary to insure the availability of adequate equipment for physical facilities constructed for the operation of custodial, mental health, educational, administrative, military, and other agencies of the state government; because uncertainties as to completion dates make precise advance planning of equipment purchases impossible; and since delivery of some kinds of equipment cannot be made for six months or longer from the date of ordering; state agencies are therefore authorized to incur obligations, to be met during the 1973-74 fiscal year, for the purchase of equipment related to capital outlay projects for which the Legislature has appropriated construction funds; provided, that no obligation shall be incurred under the provisions of this section without the approval of the Department of Finance and the State Public Works Board. Purchase orders issued and contracts entered into under the provisions of this section shall not exceed a total of two million dollars (\$2,000,000) in estimated cost.

SEC. 7. Any acquisition of land or other real property included in any appropriation made herein for capital outlay except appropriations from the California Water Fund or the State Highway Account in the State Transportation Fund created by Chapter 1243, Statutes of 1971 or appropriations to the Board of Governors of the California Community Colleges for allocation to the community college districts shall be subject to the provisions of the Property Acquisition Law.

All property acquisitions, notwithstanding other exemptions of this section, shall be reported to the State Public Works Board.

SEC. 8. No money appropriated herein in any item for capital outlay may be expended by any state agency, including the University of California, the state colleges and the community colleges, except amounts for acquisition of land or other real property, amounts needed for equipment, minor projects and amounts appropriated specifically for preliminary surveys, studies and planning until the State Public Works Board and the Department of Finance have approved preliminary plans for the project to be financed from such item of appropriation for capital outlay with the exception that community college approvals by the Public Works Board will apply only to the allocation of state capital outlay funds appropriated heretofore and hereafter by the Legislature; including land acquisition and equipment funds; provided further, that unless excepted by the conditions of Section 20084 of the Education Code, the Public Works Board shall not approve for allocation any appropriated amounts for working drawings or construction where said working drawings or construction have been started by a community college prior to approval of the state-appropriated amounts by the Public Works Board, and all such amounts not approved by the board under this criterion shall be reverted to the unappropriated balance of the appropriate fund; provided further, no major project for which appropriation is made hereunder regarding which the Director of Finance or his authorized representative requests review of working plans shall be put out to bid until the working plans therefor have been approved by the Department of Finance; provided further, that no money appropriated herein may be spent for working drawings for any project as to which there has been made substantial change or changes from the preliminary plans as approved by the State Public Works Board and the Department of Finance unless there has first been obtained the approval of the Department of Finance to make such change or changes; provided further, that no more than one hundred dollars (\$100) of the money appropriated herein may be spent for any single unit of equipment until prior approval for purchase of such equipment shall have been given by the Department of Finance.

Nothing in this section shall be construed to limit or control the Department of Public Works in the expenditure of State Highway Account in the State Transportation Fund created by Chapter 1243, Statutes of 1971 money appropriated for capital outlay purposes.

The Department of Public Works shall report to the State Public Works Board the expenditures for capital outlay, except minor projects, from appropriations contained in this act.

SEC. 8.5. In making appropriations to state agencies which are eligible for federal assistance programs, it is the intent and understanding of the Legislature that applications made by such agencies for federal funds under any such programs shall be for the maximum amount allowable under federal law.

SEC. 9. Notwithstanding any other provision of law, the portion of each sum of money heretofore appropriated or allocated, hereby appropriated or hereafter allocated to the Regents of the University of California for capital outlay which remains after the purpose for which each said sum was appropriated or allocated has been accomplished, and which have been or hereafter are withdrawn from the State Treasury by the Regents of the University of California pursuant to the provisions of Section 23201 of the Education Code, together with increments, by way of interest or otherwise, on any such appropriation or allocations, shall be used and expended by the Regents of the University of California in executing and furthering the building and improvement program of the University of California; provided, that no such sums shall be allocated by the Regents of the University of California to projects for the purpose of augmenting those projects without prior approval of the State Public Works Board of the requested augmentation. Such sums shall be available for expenditure in payment of any encumbrances heretofore or hereafter incurred without regard to fiscal years; provided, however, that any unencumbered balances existing as of the date on which each such appropriation or allocation otherwise would lapse, shall then revert.

SEC. 10. SEC. 19.1. The unencumbered balance of the Department of Human Resources Development Contingent Fund, which at any time during the 1972-73 fiscal year exceeds \$1,000,000, is hereby appropriated for transfer to the General Fund; such transfer to be made from time to time by the State Controller.

SEC. 19.6. (a) Since the State Scholarship and Loan Commission must announce in the spring of 1973 those individuals to whom state scholarship awards will be granted for the following fall semester of 1973 and, since the Budget Act of 1973 may not be enacted in adequate time, the State Scholarship and Loan Commission is authorized to incur scholarship obligations for the maximum number of awards authorized by Section 31204 of the Education Code in a amount not to exceed \$29,000,000 during the 1972-73 fiscal year for awards to be in effect during the 1973-74 fiscal year.

The intent of this authorization is to prevent the occurrence of there being insufficient funds available to support state scholarships and graduate fellowships, or College Opportunity Grants, the recipients of which have already been notified of their award. It is necessary that the State Scholarship and Loan Commission announce awards in the spring of each year, often prior to the time the Budget Bill containing the appropriation for this purpose is enacted, in order that students receiving the scholarship awards may have sufficient time to plan for entering or returning to school the following fall.

SEC. 20. No money appropriated by this act shall be used to pay the salary of any authorized state position, which position was vacant continuously during the period between October 1, 1971, and July 1, 1972. SEC. 21.3. Since it is imperative for the Department of the California Highway Patrol to purchase special service automobiles in order to adequately patrol the highways of this state and since such automobiles can be purchased more effectively and economically on

an annual basis with relation to the model year, which so-called year bridges two fiscal years, the Department of the California Highway Patrol is authorized to incur automotive equipment purchase obligations in an amount not to exceed \$1,500,000 during the 1972-73 fiscal year for delivery beginning in the 1973-74 fiscal year, and the sum of \$1,500,000 is hereby appropriated from the Motor Vehicle Account in the State Transportation Fund created by Chapter 1243, Statutes of 1971 to the Department of the California Highway Patrol. This appropriation shall be available until July 1, 1973.

SEC. 21.6. Any appropriation contained in this act for salary increases or for increased salary ranges or rates includes money for catch-up in salaries as defined in the President's Phase II economic guidelines pertaining to pay increases and may be expended therefor.

SEC. 22. No purchase order for acquisition or replacement of motor vehicles shall be issued against any appropriation made herein until the Department of General Services has investigated and established the necessity therefor.

All passenger-type motor vehicles purchased from any appropriation made by this act for the use of state employees and officers, except constitutional officers, shall be of the light class, as defined by the State Board of Control, unless excepted by the Director of General Services on the basis of unusual requirements, such as use by the California Highway Patrol, which would justify the need for an automobile of a heavier class.

SEC. 23. All passenger-type motor vehicles purchased either from any appropriation made by this act or from any other appropriation available therefor for the use of the Department of Public Works, except for use of officers excepted in Section 22 of this act, shall be of the light class, as defined by the State Board of Control, unless excepted by the Director of General Services on the basis of unusual requirements which would justify the need for an automobile of a heavier class.

SEC. 24. None of the moneys appropriated by this act or for an expenditure which is supplemented from money appropriated by this act shall be used to purchase furnishings for any house or apartment of three or more rooms other than a dormitory which is rented to a state employee except for a superintendent of an institution, warden of a prison, or physicians. This provision shall not apply to the purchase of refrigerators, heaters, air-conditioning equipment,

stoves, linoleum, or equipment normally furnished in construction of the house as may be determined by the State Board of Control. Any such funds that are appropriated by this act for this purpose shall be held intact and be reverted to the fund from which they were appropriated. It is the intent of the Legislature that no money shall be appropriated henceforth for the purpose of house furnishings. Such furnishings are not to be provided by the state nor shall any money be paid from this appropriation for their replacement, repair or otherwise except in connection with the disposal of the same.

SEC. 25. No moneys appropriated by this act shall be used, either directly or by supplementing any other appropriation, to purchase rugs or carpets for any state office except for offices used by elective officers, the President of the University of California, a Chancellor of the University of California, the Chancellor of the California State Colleges, a president of a state college, department heads and for other facilities or areas under the control of the agencies financed by this act in accordance with standards issued by the Director of General Services, such standards to be formulated by the Director of General Services with the advice and counsel of the Department of Finance and the Legislative Analyst. The Director of General Services shall furnish a detailed report annually to the Joint Legislative Budget Committee of all rugs or carpets purchased for state facilities under this section.

Approval of the Director of General Services shall be obtained prior to procurement and installation of such materials. The Director of General Services may authorize the use of carpeting in other specialized facilities not meeting the established standards 30 days after notification in writing of the proposal with justification therefor to the Joint Legislative Budget Committee.

SEC. 26. Whenever herein an appropriation is made for support it shall include salaries and all other proper expenses, including repairs and equipment, incurred in connection with the institution, department, board, bureau, commission, officer, employee, or other agency, for which such appropriation is made.

Whenever herein an appropriation is made for capital outlay, it shall include acquisition of land or other real property, major construction, improvements, equipment, designs, working plans, specifications, repairs and equipment necessary in connection with a construction or improvement project.

Whenever herein any item of appropriation contains provisions for acquisition of land or other real property, it shall include all necessary expenses in connection with the acquisition of such property.

Whenever herein an appropriation is made in accordance with a schedule set forth after such appropriation, the expenditures from such item for each category or project included in the schedule shall be limited to the amount specified for such category or project, except as otherwise provided in this act. Each such schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any money,

and is not itself an item of appropriation.

As used in this act in reference to such schedules "category" or "project" means a class of expenditures such as, but not limited to:

(a) "Personal services" which shall include all expenditures for payment of officers and employees of the state; including salaries and wages, workmen's compensation, unemployment compensation benefits (if enacted into law), insurance premiums for workmen's compensation coverage, the state's contributions to the Public Employees' Retirement Fund, the Teachers' Retirement Fund, the University of California Retirement Fund to provide for that portion of retirement costs to be provided for Hastings College of Law in Item 290 of this Budget Act, the Old Age and Survivors' Insurance Revolving Fund, the State Employees' Contingency Reserve Fund, and the state's cost of a basic health benefits plan; but do not include compensation of independent contractors rendering personal services to the state under contract;

(b) "Operating expenses and equipment" which shall include all expenditures for purchase of materials, supplies, equipment, services (other than services of state officers and employees), and all other proper expenses;

(c) "Construct" or "construction" when used in connection with a capital outlay project shall include all such related things as fixtures, installed equipment, and auxiliary facilities;

(d) "Working drawings" are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of such drawings.

(e) "Minor projects" include construction, improvements, repairs and equipment projects not specifically set forth in the schedule.

For the purpose of further interpreting the meaning of the words, terms and phrases used in such schedules, reference is hereby made to those documents entitled, "State of California Governor's Budget for 1972-73 and State of California Budget Supplement for 1972-73," submitted by the Governor to the Legislature at the 1972 Regular Session, the uniform accounting system prescribed by the Department of General Services under the provisions of Section 13290 of the Government Code, and the appropriate portions thereof. The State Board of Control shall establish such interpretations as are necessary to carry out the provisions of this section and shall furnish the same to the State Controller and to every state agency to whom appropriations are made under this act.

SEC. 26.5. Whenever herein an appropriation is made for support or other expenses for an institution, department, board, bureau, commission, officer, employee, or other agency, there shall be charged to such appropriation from which salaries and wages are paid: workmen's compensation, the state's contribution to the Public

Employees' Retirement Fund as provided by Sections 20751 and 20752 of the Government Code, the state's contribution to the Teachers' Permanent Fund and the Retirement Annuity Fund as provided by Sections 14209 and 14210 of the Education Code, the state's contribution to the Old Age and Survivors' Insurance Revolving Fund as provided by Sections 20782 and 20783 of the Government Code, the state's contribution to the State Employees' Contingency Reserve Fund and the state's contribution for the cost of a basic health benefits plan as provided by Sections 22828 and 22829 of the Government Code.

As of the effective date of this act, the state's contributions as provided by Sections 22828 and 22829 of the Government Code for any month shall be charged to the same appropriations used for payment of salaries and wages from which the employee premium contributions for such month are deducted.

The appropriations made by Sections 20751, 20752, 20782, 20783, 22828, and 22829 of the Government Code, by Sections 14209 and 14210 of the Education Code, shall continue to be available for expenditure, and shall be charged for any expenditure which is not chargeable to an appropriation for support or other expenses as provided in this section. This transfer may be chargeable to such appropriation for a previous fiscal year if there are no funds available from that fiscal year.

The State Controller may transfer to the State Payroll Revolving Fund the contributions required by Sections 20751, 20752, 20782, 20783, 22828, and 22829 of the Government Code, and upon certification by the Board of Administration of the Public Employees' Retirement System in accordance with Sections 20754 and 20784 of the Government Code, may transfer from the State Payroll Revolving Fund to the Public Employees' Retirement Fund and the Old Age and Survivors' Insurance Revolving Fund the amounts of contributions so certified.

SEC. 27. The Department of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to whom an appropriation is made herein, authorize the augmentation of the amount available for expenditure for a category or project designated in any schedule for personal services or operating expenses and equipment set forth for such appropriation by transfer from any of the other designated categories or projects within the same schedule. The Department of Finance shall furnish the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee a report on all authorizations given pursuant to this section during the preceding month.

An augmentation of any amount available for expenditure for a category or project designated in any line of any schedule for personal services or operating expenses and equipment set forth for such appropriation by transfer from any of the other designated categories or projects within the same schedule shall not exceed, in the

aggregate, 20 percent of the amount so scheduled on that line.

SEC. 28. The Director of Finance may authorize the augmentation of the amount available for expenditure for any category in the schedule set forth for any appropriation in this act or any additional category in the amount of any funds which he estimates will be received by an officer, department, division, bureau, or other agency during the 1972-73 fiscal year from any other state agency, from any agency of local government or the federal government, from any appropriation made by the Legislature or from any other source which he determines has not been taken into consideration in said schedule, or is in excess of the amount so taken into consideration, except that the director may authorize expenditures for a new program not identified in the budget as such or for purposes which in his judgment constitute an increase in the level of services above that authorized by the Budget Act or other existing law not sooner than 30 days after notification in writing of the necessity therefor to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairman of said committee, or his designee, may in each instance determine.

The Director of Finance may also reduce any category whenever he determines that funds to be received will be less than the amount taken into consideration in the schedule.

SEC. 28.1. Since it is the intent of the Legislature in enacting this budget that no qualified student be denied admission to the California State Colleges or to the University of California because of a budget deficiency caused by unanticipated additional enrollments, the Director of Finance may, following the adoption of a resolution by the Trustees of the California State Colleges or the Regents of the University of California declaring an enrollment emergency, authorize the accelerated expenditure of amounts budgeted for the state colleges or the university, in the form of an agreement to seek a supplementary appropriation from the General Fund to the extent necessary to insure that all qualified students can be admitted, when he certifies that the systemwide enrollment of the California State Colleges or of the University of California exceeds by 2 percent or more the enrollment upon which the budget for the state colleges or the university was based; provided that no increased expenditure may exceed \$5 million in the aggregate or be authorized sooner than 30 days after notification in writing of the necessity therefor to the Chairman of the Joint Legislative Budget Committee and the chairman of committee in each house which considers appropriations, or not sooner than such lesser time as the chairman of such committee, or his designee, may in each instance determine. The provisions of this section shall apply only to undergraduate admissions of California residents.

SEC. 28.2. The Director of General Services may not initiate a lease agreement between the state and another entity, public or private, in which the state is lessee when the agreement is to be for

the lease of a building which will be for the occupancy of any agency or agencies of the state with a firm lease period of five years or longer and an annual rental in excess of \$5,000 or if the agreement contains an option for the purchase of the lease property, unless not less than 30 days prior to such authorization he notifies the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee or his designee in writing of his intention to initiate such an agreement, or not sooner than such lesser time as the chairman of said committee, or his designee, may in each instance determine.

SEC. 28.3. The Department of Social Welfare shall submit to the Department of Finance for its approval all assumptions underlying all estimates related to (1) average monthly caseloads for each of the categorical aid programs, (2) the average grant for each of the categorical aid programs, (3) the total estimated expenditures for each of the categorical programs, (4) savings or costs associated with all regulatory or statutory changes. Such approval of the Department of Finance must be secured prior to the utilization of any such estimates. A listing of all of the approved assumptions, as well as all supporting data provided by the Department of Social Welfare or developed independently by the Department of Finance, shall be made available to the Joint Legislative Budget Committee immediately following approval of the assumptions by the Department of Finance.

SEC. 28.5. Approvals by the Department of Finance to the creation of deficiencies pursuant to Section 11006 of the Government Code and approvals to expend at rates which, in the opinion of the Director of Finance, will require a deficiency appropriation shall be made in writing and filed with the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee within 10 days after approval stating the reasons for and amount of such authorization.

SEC. 28.6. The Director of Parks and Recreation may not advertise to award any concession contract or agreement which involves a total investment for any private party in excess of \$200,000 unless not less than 30 days prior to such advertising date, the Director of Finance notifies the Chairman of the Joint Legislative Budget Committee or his designee in writing of his intention to initiate advertising for such concession contract or agreement, or not sooner than such lesser time as the chairman of said committee or his designee, may in each instance determine; provided, that the notification shall include a finding by the Director of Parks and Recreation and the Director of Finance that the concession contract or agreement cannot reasonably be presented to the Legislature through the annual budgeting process.

SEC. 28.7. All appropriations for the support of the California State Colleges and the Trustees of the California State Colleges shall be subject to the provisions of Section 13320 of the Government Code and applicable budget act restrictions, with the following exception:

(a) The trustees may transfer, without the approval of the Department of Finance, excess salary savings funds from the salary savings reserve allotments for expenditure, provided they do not exceed 20 percent of salary savings. Excess salary savings funds are those funds projected to be in excess of the amount budgeted, provided that, the highest priority on the reallocation of any funds pursuant to this section shall be the maintenance of the Educational Opportunity Program at the 11,014 FTE level adopted by the trustees.

SEC. 29. Premiums for official bonds may be paid out of appropriations contained in this act, notwithstanding the period covered by such bonds.

SEC. 30. Whenever an expenditure is authorized from the Emergency Fund, from price increase funds, from the salary increase funds, or from a special fund pursuant to Section 11006 of the Government Code, in addition to an appropriation made by this act, such authorized expenditures may, for accounting purposes, be deemed to be an augmentation and increase of the appropriation made by this act.

SEC. 31. The appropriations under this act, unless otherwise provided, shall be subject to the provisions of Section 13320 of the Government Code requiring expenditures to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.

The fiscal year budget shall authorize in such manner as the Department of Finance shall prescribe all established positions whose continuance for the year is approved and all new positions. No new positions shall be established unless authorized by the Department of Finance on the basis of work program and organization.

The Director of Finance shall, within 10 days of authorizing any new position, notify the Chairman of the Joint Legislative Budget Committee and the chairman of the committee in each house which considers appropriations; provided, for the purposes of this section, a reclassification of a position shall not be deemed a new position, except where it is a reclassification of a vacant position.

Any new position authorized during the fiscal year pursuant to the provisions of this section shall be separately stated as such for the subsequent fiscal year budget for the agency in which the new position was created.

All positions created pursuant to this section during the fiscal year shall terminate at the end of the fiscal year unless specific authority for their continuance is granted by the Legislature.

Each fiscal year budget shall provide for a salary savings reserve to which shall be transferred on a document initiated by the agency and submitted to the Department of Finance the unencumbered balance remaining in each allotment for salaries and wages at the close of each quarter or other period of time covered by the allotment. The unencumbered balance remaining in each budget allotment for salaries and wages shall be computed by deducting from the amount of the allotment the expenditures and accrued obligations

for salaries and wages chargeable to such allotment for the period covered thereby. The amount in the salary savings reserve shall not be available for expenditure except upon transfer to allotments for salaries and wages approved by the Department of Finance. Such transfer shall be approved only after it has been demonstrated to the satisfaction of the Department of Finance that the allotment to be augmented is insufficient to meet necessary expenditures for salaries and wages.

No money in any salary savings reserve may be expended to pay increases in salary ranges established after July 1, 1971, unless the Department of Finance certifies to the State Personnel Board, or other salary-fixing authority, prior to the adoption of such increased salary range that funds will be made available to pay the increased salaries resulting therefrom. Provided, that the provisions of this paragraph shall not apply to salaries fixed by the State Personnel Board based on prevailing rates pursuant to Government Code Section 18853.

A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the State Controller that such expenditures comply with the provisions of this section.

Each agency, department, board, commission, and institution, for whose benefit and support appropriations are made in this act, shall certify to the Director of Finance that its expenditures have been made for the purposes stated in the budget, as implemented by the Budget Act, except as the purposes stated have been revised, in accordance with law, by the Department of Finance subsequent to the enactment of the Budget Act.

SEC. 32. The officers of the various departments, boards, commissions and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of such appropriations, except the consent of the Department of Finance be first obtained, and a certificate, in writing, duly signed by the director of said department, of the unavoidable necessity of such expenditure; and any indebtedness attempted to be created against the state in violation of the provisions of this section shall be absolutely null and void; and shall not be allowed by the State Controller nor paid out of any state appropriation. Any member of any such department, board, commission or institution, who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act, except by the consent of the Department of Finance and the certificate in this section provided to be first obtained, shall be liable on his official bond for the amount of such indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm or corporation to whom such indebtedness is owing.

The Department of Finance shall submit copies of certificates ap-

proved by it under this section to the Chairman of the Joint Legislative Budget Committee, and the chairman of the committee in each house which considers appropriations, quarterly, and shall indicate in the case of each certificate the code section or section of this act under which the department gave its consent to exceed the particular appropriation.

SEC. 32.5. No funds included in this act shall be expended for support of the Department of Commerce unless and until the Department of Commerce is placed within, and commences and continues operations as a part of, the Agriculture and Services Agency, as required by Section 14980 of the Government Code.

SEC. 32.6. No funds included in this act shall be expended for the support of any agency, board, bureau, commission, committee, council, department, division, office, or unit unless such body is operating in and reporting in the administrative structure to which it is assigned by statute, by a valid, effective, and operative reorganization plan of the Governor submitted to the Legislature, or by this act.

SEC. 32.8. As of June 30, 1972, the unencumbered balance of the revenues provided by Chapter 1326, Statutes of 1965, and appropriated by Section 32.7 of the Budget Act of 1967, shall be transferred to the unappropriated balance of the General Fund.

SEC. 33. If any item of appropriation in this act is vetoed, eliminated or reduced by the Governor under Section 10 of Article IV of the Constitution while approving portions of this act, such veto, elimination or reduction shall not affect the other portions of this act and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act and as if any reduced item of appropriation had not been reduced.

SEC. 34. If any section, subsection, sentence, clause, or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act, and each section, subsection, sentence, clause, and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared unconstitutional.

SEC. 35. This act, inasmuch as it provides for an appropriation for the usual current expenses of the state, shall, under the provisions of Section 8 of Article IV of the Constitution of the State of California, take effect immediately.

SEC. 36. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There exists an extreme shortage of physical facilities for the operation of the custodial, mental treatment, educational, administrative, military and other agencies of the state government, the present facilities being entirely inadequate due to great increases in population and added governmental responsibilities. The capital outlay ap-

propriations in this budget are all in continuation of an existing program to remedy the aforesaid shortage of facilities and to promote and sustain the economy of the state. If they are not available for expenditure on July 1, 1972, the existing program will be delayed. The expeditious correction of such condition and the efficient operation of the state's business requires the immediate availability of the new capital outlay appropriation and the uninterrupted availability of reappropriated capital outlay items contained in this measure. It is therefore necessary that this act go into immediate effect.

CHAPTER 157

An act to amend Section 25210.18 of, and to add Section 25210.18a to, the Government Code, relating to county service areas.

[Approved by Governor June 23, 1972. Filed with
Secretary of State June 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 25210.18 of the Government Code is amended to read:

25210.18. The hearing may be continued from time to time, but must be completed within 30 days. At the conclusion of the hearing the board shall find and determine the extent to which the services described in the resolution of intention are extended county services. After making the finding the board may abandon the proposed establishment of the county service area or may, after passing upon all protests, determine to establish the area. If the board abandons the proposed establishment of the county service area the county services found by the board to be extended county services shall not thereafter be provided to the area from general funds of the county. If the board determines to establish the area it shall by resolution so declare and finally determine and establish the boundaries of the county service area and designate the types of services to be performed therein and adopt a resolution either:

- (a) Declaring the area finally established without an election; or
- (b) Declaring the area established, subject to confirmation by the voters of the proposed area on the question of establishment of such area.

In establishing the boundaries of the area the board may alter the exterior boundaries of the area to include less territory than that described in the notice of the hearing but it may not include any territory not described in the notice of the hearing.

Land devoted primarily to agricultural or livestock uses and being used for the commercial production of agricultural or livestock products shall be excluded from a county service area if such land is contiguous to other land which is not included within the described

exterior boundaries of the county service area, if the board of supervisors finds that such land will not be benefited by any of the types of extended services proposed to be provided within the county service area. Such land may, however, be included in the county service area, if the owner requests its inclusion.

In designating the types of services to be performed in the county service area the board may eliminate one or more of the types of services specified in the resolution of intention to establish the area but may not include any types of services not specified in the resolution of intention.

Upon the adoption of a resolution establishing an area without an election, the area is established for all purposes, subject only to compliance with the requirements of Chapter 8 (commencing with Section 54900), Part 1, Division 2, Title 5 of the Government Code and subject to the provisions of Article 2.5 of this chapter.

SEC. 2. Section 25210.18a is added to the Government Code, to read:

25210.18a. Any resolution adopted pursuant to Section 25210.18 declaring a county service area established subject to confirmation by the voters upon the question thereof shall:

(a) Call, provide for and give notice of a special election upon such question;

(b) Fix a date of election; and

(c) Provide for the question to be submitted to the voters.

The election shall be held and conducted by the county and the ballots canvassed in accordance with the provisions of Article 1 (commencing with Section 3700) of Chapter 2, Division 4 of the Elections Code.

After canvass of returns of an election on the question of establishment of a county service area, the board of supervisors shall adopt a resolution either (i) confirming the prior declaration of establishment of the area and finally establishing the area, if a majority of the votes cast upon such question are in favor of establishment of the area; or (ii) determining the prior declaration of establishment defeated by failure to receive the required vote, in which case the county services found by the board to be extended county services shall not thereafter be provided to the area from general funds of the county.

Any resolution adopted pursuant to this section establishing a county service area shall not be subject to the provisions of Article 2.5 of this chapter.

Upon adoption pursuant to this section of a resolution finally establishing an area, the area is established for all purposes subject only to compliance with the requirements of Chapter 8 (commencing with Section 54900), Part 1, Division 2, Title 5 of the Government Code.

CHAPTER 158

An act to amend Section 6499 of, and add Section 6492.5 to, the Health and Safety Code, relating to sanitary districts.

[Approved by Governor June 23, 1972 Filed with
Secretary of State June 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 6492.5 is added to the Health and Safety Code, to read:

6492.5. The board may provide, by resolution, that the health officer of the county in which the district is situated shall be the health officer of the district. Upon the adoption of such resolution, it shall be presented to the board of supervisors and, if it is approved by the board of supervisors, such county health officer shall become the ex officio health officer of the district and it shall be his duty to give advice when requested by the board and to aid the district in doing any act necessary or proper to the complete exercise and effect of any of its powers, or for the purposes for which it is formed.

SEC. 2. Section 6499 of the Health and Safety Code is amended to read:

6499. Any county officer required to act as an officer of the district and perform services for the district by virtue of his office, or any county health officer who becomes the ex officio health officer of the district pursuant to Section 6492.5, shall be entitled to reimbursement from the district for the reasonable and actual expenses incurred by him while acting on behalf of the district, to be paid into the county treasury. The amount of such reimbursement shall not exceed the actual expense which he incurred.

CHAPTER 159

An act to amend Section 1618 of the Elections Code, relating to elections.

[Approved by Governor June 23, 1972 Filed with
Secretary of State June 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 1618 of the Elections Code is amended to read:

1618. The election board, not less than 30 days prior to an election, shall issue its order appointing the members of the several precinct boards and designating the polling places; provided, however, that the election board of a county may, by a single order, authorize the county clerk to appoint election officers and designate

polling places for each election to be conducted within the county during the year in which the order is made.

CHAPTER 160

An act relating to the public school system, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 23, 1972. Filed with
Secretary of State June 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. The uncertainty of the appropriation to the Department of Health, Education, and Welfare and attendant funding delays have resulted in a financial crisis for many school districts in the state which prepared their 1971-1972 fiscal year budgets in contemplation of the timely receipt of federal impact funds under Public Law 874 of the 81st Congress. The Legislature, by this act, intends to provide a procedure whereby these affected school districts can receive assistance in meeting their financial obligations for the remaining portion of the 1971-1972 fiscal year.

SEC. 2. During the 1971-1972 fiscal year only, the board of supervisors of each county or city and county may authorize the treasurer of the county or city and county to make a temporary transfer from the funds in his custody not immediately needed to pay claims against them to any school district in the county or city and county in which 4 percent or more of the revenues for its adopted total school budget for the 1971-1972 fiscal year were based on 1971-1972 budgeted entitlements under Public Law 874, the amount requested by the school district, subject to the provisions of Section 3 of this act. The county or city and county may establish a charge to pay all costs of any such transfer of funds. The costs may include, but are not limited to, all costs to the county or city and county of securing the funds to make such temporary transfers.

SEC. 3. The temporary transfer of funds made to eligible school districts, as described in Section 2 of this act, shall not exceed an amount equal to 50 percent of the school district's 1970-1971 fiscal year entitlement of Public Law 874 funds.

SEC. 4. School districts may repay such temporary transfer of funds without any interest to the county or city and county on or before May 1, 1973. Upon receipt of such 1971-1972 Public Law 874 funds, the school district shall immediately repay to the county or city and county the amount of the temporary transfer of funds made pursuant to Section 2 of this act.

If such temporary transfer of funds are not repaid by May 1, 1973, the county treasurer shall withhold from the May and June apportionments to such school districts an amount equal to the

temporary transfer of funds and charges made to the school district under Section 2 of this act.

SEC. 5. The provisions of this act shall be effective until June 30, 1973, and shall have no force or effect thereafter.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Due to the uncertainty of the appropriation measure for the Department of Health, Education, and Welfare, many school districts in this state which had adopted school budgets for the 1971-1972 fiscal year based upon expected availability of Public Law 874 of the 81st Congress entitlements are now faced with a serious financial crisis. In order to place these school districts in a cash position to meet their financial obligations for the remainder of the 1971-1972 fiscal year, it is necessary that this act take immediate effect.

CHAPTER 161

An act to add Section 19348.5 to the Agricultural Code, relating to animals.

[Approved by Governor June 23, 1972. Filed with
Secretary of State June 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 19348.5 is added to the Agricultural Code, to read:

19348.5. Every person who transports a live horse or horses to a slaughterhouse subject to licensing under this chapter shall provide such horse or horses with adequate food and water. A violation of this section shall constitute cruelty to an animal within the meaning of Section 597a of the Penal Code.

CHAPTER 162

An act to amend Section 11715 of the Insurance Code, as amended by Chapter 982 of the Statutes of 1971, relating to workmen's compensation insurer's bond.

[Approved by Governor June 23, 1972. Filed with Secretary of State June 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 11715 of the Insurance Code, as amended by Chapter 982 of the Statutes of 1971, is amended to read:

11715. Any workmen's compensation insurer may, in lieu of and subject to the same conditions as the bond required by Section 11690, and upon payment of the fee prescribed in this article, deposit with the commissioner cash or approved interest-bearing securities or approved preferred stocks readily convertible into cash, or investment certificates or share accounts issued by a savings and loan association doing business in this state and insured by the Federal Savings and Loan Insurance Corporation. Such deposit shall be made from time to time as demanded by the commissioner and may be made with the commissioner, State Treasurer, or a bank or trust company pursuant to the approval of the commissioner under such rules and regulations as he may deem necessary. Such deposit shall be maintained at an amount not less than twenty-five thousand dollars (\$25,000), nor less than the reserves required of such insurer to be maintained under any of the provisions of Article 1 (commencing with Section 11550), Chapter 1, Part 3, Division 2, relating to loss reserves on workmen's compensation business of the insurer in this state, nor less than the sum of the amounts specified in subdivision (a) of Section 11699.

CHAPTER 163

An act to amend Section 17052 of the Education Code, relating to school cafeteria funds.

[Approved by Governor June 23, 1972. Filed with Secretary of State June 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 17052 of the Education Code is amended to read:

17052. The cafeteria fund shall be used only for such expenditures as are necessary for the operation of school cafeterias. However, when the governing board deems it necessary, it may make expenditures from the cafeteria fund for the lease or purchase of

additional cafeteria equipment for the central food processing plant, and of vending machines and their installation and housing.

The governing board of any school district, or of two or more school districts governed by governing boards of identical personnel, having an average daily attendance of 400,000 or more as shown by the annual report of the county superintendent of schools for the preceding year, may also make expenditures from the cafeteria fund for the construction, alteration, or improvement of a central food processing plant, for the installation of additional cafeteria equipment for the central food processing plant, and for the lease or purchase of vehicles used primarily in connection with the central food processing plant.

CHAPTER 164

An act to amend Section 10601.5 of, and to add Section 10601.6 to, the Education Code, relating to pupil discipline.

[Approved by Governor June 23, 1972. Filed with
Secretary of State June 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 10601.5 of the Education Code is amended to read:

10601.5. The principal of a school may suspend, for good cause, any pupil from the school, subject to the provisions of Sections 10607 and 10607.5. The principal shall report the suspension of such a pupil to the governing board of the school district or to the district superintendent in accordance with the regulations of the governing board.

Any suspension pursuant to this section shall not exceed five schooldays.

SEC. 2. Section 10601.6 is added to the Education Code, to read:
10601.6. As used in Sections 10601 and 10601.5, "good cause" includes those offenses enumerated in Section 10602, but is not limited to those offenses.

CHAPTER 165

An act to add Sections 995 and 995.1 to the Revenue and Taxation Code, relating to property taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 23, 1972 Filed with
Secretary of State June 23, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 995 is added to the Revenue and Taxation Code, to read:

995. Storage media for computer programs shall be valued on the 1972 and 1973 lien dates as if there were no computer program on such media except basic operational programs. Otherwise, computer programs shall not be valued for purpose of property taxation.

As used in this section, storage media for computer programs may take the form of, but are not limited to, punched cards, tapes, discs or drums on which computer programs may be embodied or stored.

As used in this section, a computer program may be, but is not limited to a set of written instructions, magnetic imprints, required documentation or other process designed to enable the user to communicate with or operate a computer or other machinery.

SEC. 1.5. Section 995.1 is added to the Revenue and Taxation Code, to read:

995.1. Any storage media for computer programs subject to an escape assessment for any year prior to the 1974 lien date shall be valued as provided by Section 995.

SEC. 2. It is the intent of the Legislature that storage media, except basic operational programs, for computer programs shall be valued as if it had no computer program placed on it, except any basic operational programs. The Legislature recognizes that it is not in the public interest to value storage media for computer programs except as provided above. Basic operational programs, like law books or other standard reference books, have value which is measurable, but any other programs, like an attorney's brief, an engineer's calculations, or business records, would be highly speculative.

It is the intent of the Legislature that only those basic operational programs which are presently being assessed and taxed in the various counties continue to be assessed and taxed during the effective period of this act. The value of other computer programs is not now subject to property tax, was not intended to be subject to property tax and shall not be subject to property tax, either directly or indirectly or through the inclusion of the value of such computer programs in evaluating related storage media for computer programs. Taxation of these expressions of creativity would be detrimental to research and an expansion of business activity within the state.

SEC. 3. This act shall be operative with respect to property taxes

for the 1972-1973 and 1973-1974 fiscal years only.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that this act be operative with respect to property taxes for the 1972-1973 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 166

An act to amend Section 817 of the Education Code, relating to public school employees.

[Approved by Governor June 23, 1972. Filed with Secretary of State June 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 817 of the Education Code is amended to read:

817. The governing body of any school district may by rule or regulation provide for the payment of the costs of replacing or repairing property of an employee, such as eyeglasses, hearing aids, dentures, watches, articles of clothing necessarily worn or carried by the employee, or vehicles when any such property is damaged in the line of duty without fault of the employee or if such property is stolen from the employee by robbery or theft while the employee is in the line of duty. If the property is damaged beyond repair or stolen, the actual value of such property may be paid. The value of such property shall be determined as of the time of the damage thereto or the robbery or theft. Limits may be established for the payment for such damaged or stolen property.

In the event the employee is paid the costs of replacing or repairing such property, or the actual value of such property, the school district shall, to the extent of such payments, be subrogated to any right of the employee to recover compensation for such damaged or stolen property. The school district may file and prosecute an action to enforce its subrogation right in the small claims court if the amount of the claim is within that court's monetary jurisdiction or may enforce its subrogation right in any other court of competent jurisdiction.

CHAPTER 167

An act to amend Section 6512 of the Health and Safety Code, relating to sanitary districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 23, 1972 Filed with
Secretary of State June 23, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 6512 of the Health and Safety Code is amended to read:

6512. It may acquire, plan, construct, reconstruct, alter, enlarge, lay, renew, replace, maintain, and operate such garbage dump sites and garbage collection and disposal systems, sewers, drains, septic tanks, and sewerage collection, outfall, treatment works and other sanitary disposal systems, and storm water drains and storm water collection, outfall and disposal systems, and water reclamation and distribution systems, as in the judgment of the board shall be necessary and proper, and in the performance of these functions, either in or out of the district, it may join through joint powers agreements pursuant to the provisions of Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code, or through other means with any county or municipality or any other district or governmental agency.

Before any garbage dump shall be established the location shall first be approved by the county health officer, and in addition, if the location is within two miles of any city the consent of the governing body of the city shall first be secured.

If the district includes any part of a city, water district, or other local agency which provides water service to any territory in the district, the district shall not supply water service to such territory unless the district first obtains the consent of such city, water district, or other local agency. Such consent shall not be revoked if revocation will result in a decrease of the revenues available to pay the outstanding bonds of the district.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The provisions of the Sanitary District Act of 1923 do not expressly authorize a sanitary district to participate in a water management system through a joint powers agreement with other public entities. Unless the authority of a sanitary district to act in this regard is made clear, delay in the prevention and alleviation of water pollution may result.

CHAPTER 168

An act to add Section 21100.5 to the Vehicle Code, relating to vehicles.

[Approved by Governor June 23, 1972. Filed with Secretary of State June 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 21100.5 is added to the Vehicle Code, to read: 21100.5. Notwithstanding any other provisions of law, local authorities of any city which is on a natural island with an area in excess of 20,000 acres and which is within a county having a population in excess of 4,000,000, may, if they determine such rules and regulations to be necessary in view of the special traffic problems existing thereon, adopt rules and regulations by ordinance or resolution on the following matters:

(a) Regulating the size of vehicles used on streets under their jurisdiction.

(b) Regulating the number of vehicles permitted on streets under their jurisdiction.

(c) Prohibiting the operation, on streets under their jurisdiction, of designated classes of vehicles.

This section shall not apply to vehicles of utilities which are under the jurisdiction of the Public Utilities Commission while engaged in maintenance and construction type service work.

 CHAPTER 169

An act to add Chapter 1.6 (commencing with Section 235) to Part 5 of the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), relating to metropolitan water districts.

[Approved by Governor June 23, 1972. Filed with Secretary of State June 23, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1.6 (commencing with Section 235) is added to Part 5 of the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), to read.

CHAPTER 1.6. REVENUE BONDS

Sec. 235. The board may not proceed under this chapter until it has submitted to the qualified voters of such district at a special election to be consolidated with an election, at which all such qualified voters shall be authorized to vote, a proposition as to

whether the board shall be authorized to issue and sell revenue bonds under this chapter. If a majority of the voters of the district voting on the proposition at the election shall vote in favor of the proposition, the board may proceed to issue and sell revenue bonds as provided in this chapter. If the proposition fails to carry at such election, the proposition shall not again be voted upon until at least six months have elapsed since the date of the last election at which the proposition was submitted.

Sec. 236. The election procedures applicable to Article 2 (commencing with Section 210) of Chapter 1 shall apply to any election held pursuant to this chapter.

Sec. 237. Whenever the board, after authorization to proceed to issue and sell revenue bonds under this chapter has been granted, by ordinance adopted by a vote of two-thirds of the total vote of the board, determines that the interests of the district require the use of revenue bonds to finance the acquisition, construction or completion of any public improvement or works of the district, or the payment of funds for any part of the capital costs of any public improvement or works of any public entity or agency, including the state and the federal government, necessary for service to the district, or the incurring of any preliminary and incidental expenses, or any combination of such purposes, necessary or convenient to carry out the objects or purposes of the district, the cost of which will be too great to be paid out of the ordinary annual income and revenue of the district, the board may provide for the issuance and sale of revenue bonds for any or all of the above purposes, upon such terms and conditions as the board may deem necessary, convenient or desirable, and, in connection therewith, the board may pledge, place a charge upon, and assign all or any part of the revenues of the district and any other funds, including contributions from any source, which the district may legally apply to such purposes, excepting, however, any and all proceeds derived from the levy of taxes.

Sec. 238. The board shall fix the rate or rates at which water shall be sold pursuant to Chapter 2 (commencing with Section 130) of Part 4 which, with reasonable allowances for contingencies and error in the estimates, shall be at least sufficient, together with any other revenues not derived from the levy of taxes, to provide revenues to pay the following amounts in the order set forth:

(1) The necessary expenditures for operating and maintaining the properties, works, and facilities of the district, and also for such charges as may be payable by the district under a contract with this state for water which are classified as operation, maintenance, power, and replacement charges.

(2) The principal and interest of the revenue bonds as the same become due and payable, including any sinking fund payments for term bonds, if any.

(3) The deposits into any reserve funds that may be established to secure the revenue bonds.

(4) Any other obligations which are liens or encumbrances upon

the water revenues.

Sec. 239. Any excess of revenues collected over and above the amounts required to be used for specific purposes by Section 238 may be used for any lawful purpose of the district, including, without limitation, the payment of the principal and interest on any general obligation bonds of the district and the payment to the state of any other amounts payable under any contract between the state or a department thereof and the district.

Sec. 239.1. In the issuance and sale of revenue bonds pursuant to this chapter, the board is authorized to use any provisions of Article 3 (commencing with Section 220) of Chapter 1 of this part and of the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1, Division 2, Title 5 of the Government Code).

Sec. 239.2. No revenue bonds shall be issued under this chapter, except for refunding, unless the amount of equity of the district, as shown on its balance sheet as of the end of the last fiscal year prior to the issuance of such bonds, equals at least 100 percent of the aggregate amount of revenue bonds to be outstanding following the issuance of such bonds.

CHAPTER 170

An act to add Section 35016 to, and to repeal Sections 35157, 35321, and 35420 of, the Government Code, relating to annexation.

[Approved by Governor June 23, 1972 Filed with
Secretary of State June 23, 1972]

The people of the State of California do enact as follows:

A certified copy of the confirmed report shall be filed with the county auditor for the amounts of the respective assessments against the respective parcels of land as they appear on the current assessment roll. The lien created attaches upon recordation, in the office of the county recorder of the county in which the property is situated, of a certified copy of the resolution of confirmation. The assessment may be collected at the same time and in the same manner as ordinary county ad valorem property taxes are collected and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for such taxes. All laws applicable to the levy, collection and enforcement of county ad valorem property taxes shall be applicable to such assessment.

SEC. 2. Section 25831, as added to the Government Code by Chapter 12 of the Statutes of 1972, is amended to read:

A certified copy of the confirmed report shall be filed with the county auditor for the amounts of the respective assessments against the respective parcels of land as they appear on the current assessment roll. The lien created attaches upon recordation, in the office of the county recorder of the county in which the property is situated, of a certified copy of the resolution of confirmation. The assessment may be collected at the same time and in the same manner as ordinary county ad valorem property taxes are collected and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for such taxes. Unless the fees authorized by Chapter 12 are collected at the time and in the manner provided in this measure, it will be necessary for the counties to borrow funds to finance these services. In order that this essential service can be instituted as soon as possible and that fees to finance the service can be collected in the most expeditious manner it is necessary that this act go into effect immediately.

Secretary of State June 26, 1972.]

The people of the State of California do enact as follows:

(b) The person tested may, at his own expense, have a physician, registered nurse, licensed vocational nurse, duly licensed clinical laboratory technologist or clinical laboratory bioanalyst or any other person of his own choosing administer a test, in addition to any administered at the direction of a peace officer, for the purpose of determining the amount of alcohol in his blood at the time alleged as shown by chemical analysis of his blood, breath or urine. The failure or inability to obtain an additional test by a person shall not preclude the admissibility in evidence of the test taken at the direction of a peace officer.

(c) Upon the request of the person tested full information concerning the test taken at the direction of the peace officer shall be made available to him or his attorney.

(d) No physician, registered nurse, licensed vocational nurse, or duly licensed clinical laboratory technologist or clinical laboratory bioanalyst, or hospital, laboratory or clinic employing or utilizing the services of such physician, registered nurse, licensed vocational nurse, or duly licensed laboratory technologist or clinical laboratory bioanalyst, owning or leasing the premises on which such tests are performed, shall incur any civil or criminal liability as a result of the proper administering of a blood test when requested in writing by a peace officer to administer such a test.

(e) If the test given under Section 13353 is a chemical test of urine, the person tested shall be given such privacy in the taking of the urine specimen as will insure the accuracy of the specimen and, at the same time, maintain the dignity of the individual involved.

(f) The Department of the California Highway Patrol, in cooperation with the Department of Public Health or any other appropriate agency, shall adopt uniform standards for the withdrawal, handling, and preservation of blood samples prior to analysis.

This section shall remain in effect only until Reorganization Plan No. 1 of 1970 becomes operative and on such date is repealed.

13354. (a) Only a physician, registered nurse, licensed vocational nurse, or duly licensed clinical laboratory technologist or clinical laboratory bioanalyst acting at the request of a peace officer may withdraw blood for the purpose of determining the alcoholic content therein. The failure or inability to obtain an additional test by a person shall not preclude the admissibility in evidence of the test taken at the direction of a peace officer.

performed, shall incur any civil or criminal liability as a result of the proper administering of a blood test when requested in writing by a peace officer to administer such a test.

(e) If the test given under Section 13353 is a chemical test of urine, the person tested shall be given such privacy in the taking of the urine specimen as will insure the accuracy of the specimen and, at the same time, maintain the dignity of the individual involved.

(f) The Department of the California Highway Patrol, in cooperation with the Department of Health or any other appropriate agency, shall adopt uniform standards for the withdrawal, handling, and preservation of blood samples prior to analysis.

It is the intent of the Legislature that, if Reorganization Plan No. 1 of 1970 becomes operative, Section 13354 of the Vehicle Code, as amended by Section 1 of this act, shall remain in effect only until Reorganization Plan No. 1 of 1970 becomes operative and on that date Section 13354 of the Vehicle Code, as added by Section 2 of this act, which includes the changes in Section 13354 made by both Reorganization Plan No. 1 of 1970 and Section 1 of this act, shall become operative.

CHAPTER 189

An act to amend Sections 102001, 102002, 102050, 102051, 102052, 102100, 102180, 102205, and 102331 of, and to add Sections 102023 and 102052.5 to, the Public Utilities Code, relating to transit districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 27, 1972 Filed with
Secretary of State June 27, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 102001 of the Public Utilities Code is amended to read:

102001. The Legislature hereby finds and declares:

(a) It is necessary that a transit district be established to operate a single unified public transportation system in the Sacramento region in order to meet the present and future public transportation, and mass and rapid transit, needs of that region. The existing Sacramento Transit Authority, because of its limited legal and financial base, is unable to solve the transit problems of the Sacramento region and provide the needed comprehensive public transportation system.

(b) It is, therefore, necessary to provide a successor corporation to the authority, to wit: a transit district, and to provide for the

formation of such transit district appointed by and responsive to the cities and counties in the Sacramento region served by the district so that there will be sufficient governmental authority to solve the existing and future transportation problems of the Sacramento region and provide the needed comprehensive public transportation system.

(c) Because there is no general law under which such a district could be formed, the adoption of a special act enabling the creation of a special district is required.

SEC. 2. Section 102002 of the Public Utilities Code is amended to read:

102002. It is the intent of the Legislature that the formation of this district shall further the concept of regional rapid transit and transit districts, with the eventual goal of the creation of a network of rapid transit systems throughout the state which would be operated as a single coordinated statewide system to facilitate the expeditious movement of people between the major metropolitan centers of the state.

SEC. 3. Section 102023 is added to the Public Utilities Code, to read:

The first board of directors shall consist of seven members appointed within 30 days after the district is formed as provided in Section 102052. Four members of the first board of directors shall be appointed by the City Council of the City of Sacramento. Three members of the first board of directors shall be appointed by the Board of Supervisors of the County of Sacramento, unless, prior to the 30th day after the district is formed, the Board of Supervisors of Yolo County has adopted a resolution declaring there is a need for the district to operate, in which case, two members of the first board of directors shall be appointed by the Board of Supervisors of the County of Sacramento and one member of the first board of directors shall be appointed by the Board of Supervisors of Yolo County.

The number of the directors of the district shall be increased by the board, to a maximum number of 11, as may be necessary to provide that each city and county specifically named in Sections 102015 and 102016, which is receiving service from the district and is rendering tax or financial support to the district, shall have at least one appointment to the board.

The appointments to the board may be changed in the following manner. Not more often than every two years, the counties, for the unincorporated areas thereof, and the cities in which the district is providing service and in which the voters have authorized the district to operate and levy a tax within their boundaries or which are providing financial support to the district, may by agreement apportion the appointments to the board among them in the approximate ratio that the district provides transit service, as

If the cities and counties are unable to agree upon such apportionment of the appointments to the board, the Sacramento Regional Area Planning Commission, upon request of any two of the cities and counties stating that such an agreement cannot be reached, shall make such apportionment of appointments as nearly as practicable in the approximate ratio that the district provides transit service, as determined by the gross cost of such service without regard to income or revenues of the district, within the boundaries of the cities and counties. However, there shall be at least one appointment by each such city and county specifically named in Sections 102015 and 102016.

The tentative or proposed budget shall be in sufficient detail so as to permit a city council or board of supervisors to reasonably ascertain matters relating to the service provided within its jurisdiction, such as projected cost of service and projected revenues from taxes, fares,

and other sources. The tentative or proposed budget shall be submitted to each city council and board of supervisors not less than 60 days prior to its adoption by the district. It shall be submitted for review and comment. The board of directors may adopt the budget after its submission to the city councils and boards of supervisors, but shall consider any comments made by them on the budget.

Prior to the adoption of the budget, the board shall make an affirmative finding that the proposed level of service, reflected in the statement of proposed operation and level of service, to be rendered in any city or county in which the district will operate, is commensurate with the level of tax or financial support to be derived from each such city or county in which the district will provide service. In determining the level of service, the board shall consider user benefits and community benefits, in terms of one or more of the following factors: availability of service, patronage, population, and capital improvements.

The board shall adopt its budget at a public hearing held after the submission of its tentative or proposed budget. Notice of the time and place of the hearing shall be published pursuant to Section 6061 of the Government Code and shall be made not later than the 15th day prior to the date of the hearing.

Whenever the mortality experience under the certificates valued on the same mortality table is in excess of the expected mortality according to such table for a period of three consecutive years, the commissioner may require additional reserves when in his judgment deemed necessary on account of such certificates.

(d) Notwithstanding the provisions of subdivisions (a) and (b), any society, with the consent of the insurance supervisory official of the state of domicile of the society, and under such conditions, if any, which he may impose, may establish and maintain reserves on its certificates in excess of the reserves required thereunder, but the contractual rights of any insured member shall not be affected thereby.

816. No insurer shall pay any person given discretion as to

settlement of claims under any policy of insurance, or surety bond, whether in direct negotiation with the claimant or in supervision of the person negotiating, a compensation which in any way is contingent upon the amount of settlement of such claims, except as in this section otherwise expressly provided.

This section shall apply equally to a single claim, a number of specified claims, an aggregate of claims during a specified period of time or an aggregate of claims under any contract, agreement or arrangement.

This section shall not affect the interpretation or provisions of Section 815.

The word "person" as used in this section includes, but is not limited to: employees, agents, brokers, representatives, general agents, managing general agents, surplus line brokers, insureds, coinsureds, adjusters and independent contractors but does not include attorneys in fact or other exclusive managers of an insurer.

This section does not apply to:

(b) A producer, managing general agent, surplus line broker or general agent who is compensated by a contingent commission arrangement based wholly or partly on underwriting results, unless the arrangement guarantees an agreed return to the insurer which may exceed the underwriting profit actually earned by the insurer on business written through the producer, managing general agent, surplus line broker or general agent.

(c) Contracts of reinsurance between insurers.

(d) An arrangement, schedule of charges, agreement or contract, express or implied, for the adjustment of claims under which the compensation for the services of the person making the adjustment (exclusive of reimbursement for actual expenses) consistently increases, in reasonable brackets, as the amount paid in settlement of a claim increases.

An insurer which in any other jurisdiction is making payments which would be in violation of this section if made in respect to insurance business done in this state shall not be admitted to this state until it presents evidence satisfactory to the commissioner that it will not make such payments in this state and that it will within one year after admission to this state cease to make any such payments in any other jurisdiction and, within the same period, terminate any contract or arrangement under which such payments are to be paid. Failure to so cease such payments and to so terminate such contracts and arrangements within such period of one year shall constitute grounds for revocation of the insurer's certificate of authority.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Provisions of law providing for the establishment of forest practice rules regulating timber operations have been judicially determined to be unconstitutional and void. As a result, timber operators are presently not subject to any state forest practice rules on private lands and can cut any and all timber of any size without restriction. In view of this emergency, it is essential to the public welfare that legislation be enacted at the earliest possible opportunity to provide for the regulation of timber operations and it is, thus, necessary for this act to take effect immediately.

(c) To achieve the legislative intent expressed in subdivision (a),

The establishment of additional titles, positions, and pay rates and changes in compensation made pursuant to this subdivision shall be on an interim basis and shall expire 90 days after adjournment of the next regular session of the Legislature. The provisions of this section are directory only and are not intended to affect the application of Section 72150.

SECTION 1. Section 13085 of the Education Code, as amended by Chapter 1179 of the Statutes of 1971, is amended to read:

13085. A public school employer, or such representatives as it may designate who may, but need not be, subject to either certification requirements or requirements for classified employees as set forth in this code, shall meet and confer with representatives of certificated and classified employee organizations upon request with regard to all matters relating to employment conditions and employer-employee relations, and in addition, shall meet and confer with representatives of employee organizations representing certificated employees upon request with regard to procedures relating to the definition of educational objectives, the determination of the content of courses and curricula, the selection of textbooks, and other aspects of the instructional program to the extent such matters are within the discretion of the public school employer or governing board under the law.

In meeting and conferring, the scope of matters proposed by any certificated employee, certificated employee organization, or certificated employee council shall be limited to matters directly relating to certificated employees, unless such proposals have first been submitted to the appropriate classified employee organization or organizations, representing such employees in order to provide them with an opportunity to present their opinions with respect to such proposals to the public school employer. In meeting and conferring, the scope of matters proposed by any classified employee or classified employee organization shall be limited to matters directly relating to classified employees, unless such proposals have first been submitted to the appropriate certificated employee organization or organizations or the certificated employee council, as the case may be, representing such employees in order to provide them with an opportunity to present their opinions with respect to such proposals to the public school employer.

In the event that a disagreement arises as to whether or not any particular matter is directly related to classified employees, the public school employer shall resolve the disagreement.

The designation of representatives as provided herein shall not preclude an employee organization from meeting with, appearing before, or making proposals to the public school employer at a public meeting if the employee organization requests such a public meeting.

Notwithstanding the provisions of Sections 13082 and 13083, in the event there is more than one employee organization representing certificated employees, the public school employer shall meet and confer with the representatives of such employee organizations through a certificated employee council with regard to the matters

specified in this section, provided that nothing herein shall prohibit any employee from appearing in his own behalf in his employment relations with the public school employer.

Notwithstanding the provisions of Sections 13082 and 13083, and of subdivision (b) of Section 13081, in the event that there is in a county more than one employee organization representing certificated employees of either the county superintendent of schools or the county board of education or of both the county superintendent of schools and the county board of education, all such employee organizations shall be represented by a single certificated employee council and the county board of education shall be deemed, for the purposes of meeting and conferring pursuant to this chapter, the public school employer of all such employees and shall meet and confer with the representatives of such employee organizations through the single certificated employee council with regard to all matters specified in this section, provided that nothing herein shall prohibit any employee from appearing in his own behalf in his employment relations with the public school employer.

Secretary of State June 30, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 15 of the Crestline-Lake Arrowhead Water Agency Act (Chapter 40 of the Statutes of 1962, First Extraordinary Session) is amended to read:

Sec. 15. All powers, privileges and duties vested in or imposed upon the Crestline-Lake Arrowhead Water Agency incorporated hereunder shall be exercised and performed by and through the board of directors; provided, however, that the exercise of any and all executive, administrative and ministerial powers may be by said board of directors delegated and redelegated to any of the offices created hereby and by the board of directors acting hereunder.

The board of directors shall have all of the following powers:

(1) To fix the time and place or places at which its regular meetings shall be held and shall provide for the calling and holding of special meetings.

(2) To fix the location of the principal place of business of the agency and the location of all offices and departments maintained hereunder.

(3) To prescribe by ordinance a system of business administration and to create any and all necessary offices and to establish and reestablish the powers and duties and compensation of all officers and employees and to require and fix the amount of all official bonds necessary for the protection of the funds and property of the agency.

(4) To prescribe by ordinance a system of civil service.

(5) To delegate and redelegate by ordinance to officers of the agency power to employ clerical, legal and engineering assistants and labor, and under such conditions and restrictions as shall be fixed by the directors, power to bind the agency by contract.

(7) To prescribe methods for the construction of works and for the letting of contracts for the construction of works, structures or equipment, or the performance or furnishing of labor, materials, or supplies, necessary or convenient for carrying out any of the purposes of this act or for the acquisition or disposal of any real or personal property; provided, that all contracts for the construction of any improvement or unit of work, when the cost according to the estimate of the engineer will exceed five thousand dollars (\$5,000), shall be let to the lowest responsible bidder or bidders as provided in this section. The board shall first determine whether the contract

shall be let as a single unit for the whole of the work, or divided into severable convenient parts. The board shall advertise for bids by three (3) insertions in a daily newspaper of general circulation or by two (2) insertions in a weekly newspaper of general circulation printed and published in the agency, inviting sealed proposals for the construction or performance of the improvement or work. The call for bids shall state whether the work shall be performed in one unit or divided into parts. The work may be let under a single contract or several contracts, as stated in such call. The board shall require the successful bidders to file with the board good and sufficient bonds to be approved by the board conditioned upon the faithful performance of the contract and upon the payment of their claims for labor and material. The bonds shall comply with Chapter 3 (commencing with Section 4200) of Division 5 of Title 1 of the Government Code. The board may reject any and all bids. In the event all proposals are rejected or no proposals are received, or the estimated cost of the work does not exceed five thousand dollars (\$5,000), or the work consists of channel protection, maintenance work, or emergency work when necessary in order to protect life and property, the board may have the work done by force account without advertising for bids. The agency may purchase in the open market without advertising for bids, materials and supplies for use in any work, either under contract or by force account; provided, however, that materials and supplies for use in any new construction work or improvement, except work referred to in the preceding sentence, may not be purchased if the cost thereof exceeds five thousand dollars (\$5,000), without advertising for bids and awarding the contract therefor to the lowest responsible bidder.

(8) To fix the rates at which water should be sold, and to establish different rates for different classes or conditions of service; provided, that rates shall be uniform for like classes or conditions of service throughout the agency, but any special water rate fixed in accordance with terms and conditions of annexation fixed by the board under the provisions of Section 32 or 33 hereof, shall be deemed to be a rate for a different class or condition of service.

3. The applicant or licensee has outstanding an unpaid final court judgment rendered in connection with an activity licensed under the authority of this chapter.

4. The applicant or licensee does not hold a valid California driver's license.

5. The applicant or licensee was previously the holder of or was a partner in a partnership or was an officer, director, or stockholder involved in management of a corporation which was the holder of a license and certificate issued under this chapter, which license and certificate were revoked for cause and never reissued by the

department or which license and certificate were suspended for cause and the terms of suspension have not been fulfilled.

SEC. 6. It is the intent of the Legislature, if this bill and Senate Bill No. 743 are both chaptered and amend Section 11802 of the Vehicle Code, and this bill is chaptered after Senate Bill No. 743, that the amendments to Section 11802 proposed by both bills be given effect and incorporated in Section 11802 in the form set forth in Section 5 of this act. Therefore, Section 5 of this act shall become operative only if this bill and Senate Bill No. 743 are both chaptered, both amend Section 11802, and Senate Bill No. 743 is chaptered before this bill, in which case Section 4 of this act shall not become operative.

CHAPTER 216

An act to amend Section 2924.5 of the Civil Code, relating to mortgages and deeds of trust, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1972 Filed with
Secretary of State June 30, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 2924.5 of the Civil Code is amended to read:
2924.5. No clause in any deed of trust or mortgage on property containing four or fewer residential units or on which four or fewer residential units are to be constructed or in any obligation secured by any deed of trust or mortgage on property containing four or fewer residential units or on which four or fewer residential units are to be constructed that provides for the acceleration of the due date of the obligation upon the sale, conveyance, alienation, lease, succession, assignment or other transfer of the property subject to the deed of trust or mortgage shall be valid unless the clause is set forth, in its entirety in both the body of the deed of trust or mortgage and the promissory note or other document evidencing the secured obligation. This section shall apply to all such deeds of trust, mortgages, and obligations secured thereby executed on or after July 1, 1972.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

A question has arisen as to the meaning of Section 2924.5 of the Civil Code, as added by Chapter 429 of the 1971 statutes. In order that there be no confusion when Section 2924.5 becomes operative on July 1, 1972, it is necessary that the clarification made by this act take effect immediately.

CHAPTER 217

An act relating to duplication of property taxes to finance fire protection, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1972 Filed with
Secretary of State June 30, 1972]

The people of the State of California do enact as follows:

SECTION 1. It has come to the attention of the Legislature that some cities have failed to adopt a timely resolution to exempt property within the city from county taxes levied to finance fire protection, since the city tax rate provides for such protection, or having adopted such a resolution in a timely fashion, the city failed to file such resolution with the county within the time prescribed by law. County taxes levied to finance fire protection are, for the purposes of this act, defined as all costs relating to fire protection except for the costs of forest, range, and watershed fire protection within state responsibility areas as defined in Part 2 (commencing with Section 4101) of Division 4 of the Public Resources Code, for which the county is not reimbursed by the state. It has further come to the attention of the Legislature that existing laws for the remedy of such errors could result in costs to the cities which would be disproportionate to any relief afforded.

SEC. 2. If the legislative body of any city determines that the property within the city has been taxed twice for fire protection services in the manner described in Section 1 of this act, it shall, by resolution, make such a finding and request the board of supervisors of the county in which the city is located to refund to the city all such taxes which have been collected. The legislative body shall cause a certified copy of such resolution to be transmitted to the board of supervisors.

SEC. 3. Upon receipt of a certified copy of such a resolution, the board of supervisors shall ascertain the amount of taxes levied and collected by the county for fire protection services by the tax code areas within said city. The board of supervisors shall, by resolution, appropriate and pay to the city all of such tax moneys levied and collected. The county may elect to make such payment in two equal portions during the two fiscal years following the fiscal year in which said city resolution is received by the county, or it may make the entire payment in the fiscal year immediately following receipt of the resolution.

SEC. 4. If a county pays funds to a city as provided in Section 3 of this act, the county may impose for one or more fiscal years an additional tax on all property on which county taxes are levied to finance fire protection, as defined in Section 1, are imposed. Such additional tax shall be levied and collected in all respects as a county tax.

SEC. 5. This act shall only be operative as to taxes levied and collected on secured property within the city for the fiscal year 1971-1972 and on unsecured property within the city for the fiscal year 1972-1973. This act is an alternative to any other provisions of law providing for repayment of property taxes to finance fire protection.

SEC. 6. This act shall only apply to cities within counties of the 10th class.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Certain cities have failed to file with the board of supervisors the resolution required by Section 95643 of the Government Code, and as a result property taxes have been levied twice for fire protection services. Existing laws for the remedy of such errors could result in the costs to the cities of making refunds being a great portion of the funds to be reimbursed, and financial hardship can result to the cities and their taxpayers unless this act is given immediate effect. Therefore, it is necessary that this act take effect immediately.

CHAPTER 218

An act to amend Sections 71254 and 71540 of the Water Code, relating to municipal water districts.

[Approved by Governor June 30, 1972 Filed with
Secretary of State June 30, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 71254 of the Water Code is amended to read:
71254. Whenever a vacancy occurs in the office of director the remaining directors shall, within 60 days after the vacancy occurs appoint, by a majority vote of the remaining directors, a qualified person, who shall be a resident of, and otherwise qualified to be a director from, the division in which the vacancy occurred to hold office for the remainder of the unexpired term, or adopt a resolution by which a special election shall be called and held in the division affected, for the purpose of filling such vacancy. Such special election shall be conducted in the manner provided for in Section 71505. In the event there are more than two candidates at such special election, only a plurality will be required for election. The candidate elected at such special election shall fill the unexpired term of the vacating director.

SEC. 2. Section 71540 of the Water Code is amended to read:
71540. Whenever a sufficient change in the population occurs in a district after its organization which makes it desirable in the

opinion of the board to relocate the boundary or boundaries of any division or divisions, or whenever any territory is added to or excluded from the district, the board shall, by resolution, relocate the boundary lines of the division or divisions so as to equalize, as nearly as may be practicable, the population in the respective divisions. For this purpose, the board may relocate the boundary lines of the respective divisions without regard to the places of residence of the directors then in office.

CHAPTER 219

*An act to amend Section 112 of the Code of Civil Procedure,
relating to justice courts.*

[Approved by Governor June 30, 1972 Filed with
Secretary of State June 30, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 112 of the Code of Civil Procedure is amended to read:

112. Justice courts shall have original jurisdiction of civil cases and proceedings as follows:

(a) In all cases at law in which the demand, exclusive of interest, or the value of the property in controversy, amounts to one thousand dollars (\$1,000) or less, except cases at law which involve the title or possession of real estate or the legality of any tax, impost, assessment, toll or municipal fine, except such courts shall have jurisdiction in actions to enforce payment of delinquent unsecured personal property taxes if the legality of the tax is not contested by the defendant;

(b) In all proceedings in forcible entry, or forcible or unlawful detainer where the rental value is three hundred dollars (\$300) or less per month, and where the whole amount of damages claimed is one thousand dollars (\$1,000) or less, and in such proceedings any competent evidence may be given and any question properly involved therein may be determined;

(c) In all cases to enforce and foreclose liens on personal property where the amount of such liens is one thousand dollars (\$1,000) or less;

(d) To charge the interest of a debtor partner with payment of the unsatisfied amount of any judgment rendered by such court in the manner provided in Section 15028 of the Corporations Code, or any amendment thereof, and in such cases to appoint a receiver and to make any order or perform any act mentioned or authorized in said section; in proceedings under Section 689 of this code, or any amendment thereof, to determine title to personal property, seized in an action pending in, or upon execution issued by, such court; to

appoint receivers in the cases mentioned in Section 547a of this code, or any amendment thereof, and to make all orders and perform all acts mentioned in said sections in connection with such cases.

(e) In all actions under Section 720 for the recovery of an interest in personal property or to enforce the liability of the debtor of a judgment debtor, where the interest claimed adversely is of a value not exceeding one thousand dollars (\$1,000) or the debt denied does not exceed one thousand dollars (\$1,000).

CHAPTER 220

An act to authorize the transfer of lands, and declaring the urgency thereof, to take effect immediately.

SECTION 1. The Department of General Services, with the approval of the Military Department of the State of California, is hereby authorized to exchange the land known as the parking lot site of the armory located at 612 East Warren Avenue, Santa Ana for the land of the Santa Ana Unified School District known as the parking lot adjacent to and east of the armory and a portion of the Monroe Elementary School site adjacent to and west of the armory on such terms and conditions as the Director of General Services determines are in the best interests of the state, subject to the condition that the land received by the Military Department of the State of California has a value equal to or greater than the land for which it is exchanged.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Santa Ana Unified School District plans to rebuild an elementary school on the exchanged property and in order to conserve building funds, they plan to incorporate this project with another construction project within their district. In order to accomplish such incorporation, it is essential that this act take immediate effect.

CHAPTER 221

(9) If the secretary certifies in his certificate that the petition for annexation is insufficient, the petition may be amended by filing a supplemental petition or petitions within 10 days of the date of such certificate.

(7) If written protest is not made by the owners of one-half of the value of the property within the area proposed to be annexed, and if, at the conclusion of the hearing, the board finds and determines from the evidence presented at the hearing that the area proposed to be annexed to an improvement district will be benefited thereby, and that the improvement district to which the area proposed to be annexed will also be benefited thereby and will not be injured thereby, the board may, by resolution, approve such annexation.

The resolution shall describe the area annexed, which may be by reference to a map on file with the secretary, which map shall govern for all details as to the extent of the annexed area. The resolution shall also state the terms and conditions of annexation as theretofore determined by resolution of the board.

If at the election the majority of the voters voting upon the question approves the election of directors by divisions, then the board shall promptly by resolution divide the district into as many divisions as there are directors, which shall be as nearly equal in population as practicable, and it shall assign a number to each division.

(c) Thereafter, board members shall be elected by election divisions and each member elected shall be a resident of the election division from which he is elected. As used in this section, the term "by election divisions" shall mean the election of members of the district board by voters of the election division only. At the district general election next following the approval by the voters of the election of directors by divisions and each such election thereafter, vacancies on the board created by the expiration of the terms of members thereof shall be assigned to the respective district divisions and the vacancies filled therefrom. In all other respects the district general election shall be conducted in the manner provided in this part.

SEC. 3. Section 13841.9 is added to the Health and Safety Code, to read:

13841.9. If district directors are elected from election divisions as provided in Section 13841.7, the district board, following each federal decennial census and using the census as a basis, shall, by resolution, adjust the boundaries of the election divisions so that the divisions shall be as nearly equal in population as may be practicable.

(b) At the first election for directors following adjustment of the boundaries of election divisions, an election shall be held in the territory of a readjusted division having a number the same as that of an incumbent member whose term is due to expire. No election, however, shall be held in the territory of a readjusted division having a number the same as that of an incumbent member whose term is not due to expire. A readjusted division having a number the same as that of a member whose term is not due to expire shall continue to be represented by the incumbent member having the same number as the readjusted division.

SEC. 3. Section 13991.5 is added to the Education Code, to read:

13991.5. Those persons who on June 30, 1972, were receiving a

service retirement or disability retirement allowance or survivor benefit from the State Teachers' Retirement System who, at the time that benefit was computed, had it reduced by a portion of a social security benefit to which they were otherwise entitled shall have that reduction removed prospectively effective July 1, 1972.

SEC. 4. Article 15 (commencing with Section 14116) is added to Chapter 4 of Division 10 of the Education Code, to read:

Article 15. San Francisco Local System

14116. Notwithstanding any other provision of this code, the provisions of this article shall govern the matters included in this article.

14116.1. On July 1, 1972 and thereafter all persons who first enter employment in the San Francisco Unified School District and the San Francisco Community College District in positions requiring membership in State Teachers' Retirement System are members of State Teachers' Retirement System in accordance with Section 13941. These new members are excluded from coverage under the Old Age, Survivors, Disability and Health Insurance (Federal Social Security) Law for service performed as a member of State Teachers' Retirement System.

14116.2. Member and employer contributions for local service of a local system member shall be paid to the local system only for all service performed during the 1972-1973 school year.

14116.3. The accumulated Permanent Fund contributions related to San Francisco local service performed prior to July 1, 1972, shall be retained in the Teachers' Retirement Fund during the 1972-1973 fiscal year. Credited interest shall be applied to member accounts for the 1972-1973 fiscal year.

14116.4. Each credentialed member of the San Francisco City and County Employees' Retirement System on June 30, 1972, shall make an irrevocable election to be covered only by that system or to be covered only by the State Teachers' Retirement System for prior and future service performed in the San Francisco Unified School District or the San Francisco Community College District. This election shall be made no later than February 15, 1973, and shall be effective as of July 1, 1972.

This election shall be on a form and executed in such manner as the Superintendent of the San Francisco Unified School District and the Superintendent of the San Francisco Community College District shall specify.

Each district shall notify State Teachers' Retirement System of the individual's election with a copy thereof no later than March 1, 1973. Failure of a person to execute this election shall constitute an irrevocable election for coverage by the San Francisco City and County Employees' Retirement System.

14116.5. All persons on the San Francisco system retired rolls on June 30, 1972, shall remain on the local rolls. The State Teachers'

Retirement System will continue the subvention in Section 14120 to the local district for those persons, will apply the percentage update and annual improvement factor to payments being made by the State Teachers' Retirement System directly to the retirant, and will pay the two-thousand-dollar (\$2,000) retired death benefit upon their death. The retired death benefit will be reduced by the retired lump-sum death benefit payable by the San Francisco system.

The allowance that would have been payable had the member retired solely under the State Teachers' Retirement System, including the percentage update calculated under Sections 14332, 14333 and 14334, shall be taken into account in computing the amount of increase for the ten-dollar (\$10) a month per year of service minimum benefit.

14116.6. If a person dies, becomes disabled, or retires after June 30, 1972, and prior to the execution of an irrevocable election, the election of system coverage shall be made immediately and all benefits shall be paid in accordance with that election.

If a person has made the election to be covered only by the State Teachers' Retirement System and dies, becomes disabled or retires prior to July 1, 1973, benefits shall be paid as though the election had been executed on July 1, 1972.

14116.7. If a person has made an election to be covered only by the State Teachers' Retirement System and dies, becomes disabled or retires prior to July 1, 1973, the determination of a shortage or overage in his account shall be made immediately, and any shortage due to the State Teachers' Retirement System which is payable by the member shall be paid prior to the payment of any benefit.

14116.8. Contributions payable by the member shall be paid with credited interest thereon through June 30, 1972, plus 6 percent interest on the June 30, 1972, balance for period from July 1, 1972, to date of payment.

14116.9. Persons who select to be covered only by the State Teachers' Retirement System and already have credit for classified or other noncertificated service in the San Francisco local system shall not have that credit transferred to the State Teachers' Retirement System.

14116.95. The San Francisco City and County Employees' Retirement System shall provide concurrent retirement benefits for classified and other noncertificated service in the San Francisco system according to the provisions applicable to miscellaneous employees of the time of the concurrent retirement for:

(a) Members of that system who transfer to the State Teachers' Retirement System after June 30, 1972; and

(b) Persons who were members of both retirement systems on June 30, 1972; and

(c) Any person who could have qualified under (b) if he had not taken a refund from either but not both systems, provided he qualifies for and redeposits prior to retirement.

14116.10. Notwithstanding the provisions in Section 14211, a

member of the San Francisco local system may retire concurrently and receive credit for service performed in other states of the United States, its territories and possessions and the Dominion of Canada provided that person is eligible under Sections 13998, 13999, and 14000.

14116.11. If a person elects to be covered only by the State Teachers' Retirement System under Section 14116.4, there shall be deposited in the Teachers' Retirement Fund as of July 1, 1973:

(a) An amount equal to the contributions that would have been required had all service prior to July 1, 1972, been performed as a full-time member of State Teachers' Retirement System plus credited interest through June 30, 1972, plus 6-percent interest for the balance of the 1972-1973 fiscal year; plus

(b) An amount equal to 8 percent of the employee compensation as provided in Section 13832 for service performed during the 1972-1973 fiscal year, plus 6-percent interest; plus

(c) An amount equal to 3.2 percent of employee compensation as provided in Section 13832 as the employer's portion for service performed during the 1972-1973 fiscal year, plus 6-percent interest.

14116.12. If the accumulated contributions in the person's local fund account at the time of transfer to the State Teachers' Retirement System are not equal to those required in Section 14116.11, the difference between the amount in the account and the required amount is an unfunded liability and is the responsibility of the employer. The San Francisco City and County Employees' Retirement System shall, at the time of the transfer of assets, provide the additional amount of accumulated contributions required to put each individual account in balance if the shortage is due to the rate of contributions which had been required by that local system. Such amount shall be a charge against the employer's reserve in the San Francisco City and County Employees' Retirement System attributable to the San Francisco Unified School District and the San Francisco Community College District.

Any funds transferred by the local system in addition to the accumulated contributions already in the member's account shall be deposited as employer contributions in the Teachers' Retirement Fund, and shall not be credited to the member's account and shall not be refundable.

Those persons in the San Francisco local system who elected the option to reduce their contributions by the amount of the old age portion of the social security contribution and those who are members of that system under San Francisco City Charter Section 8.507 are liable for this portion of any shortage in their accumulated contributions due to the Teachers' Retirement Fund, plus credited interest through June 30, 1972, and plus regular interest thereafter. This applies also to those persons who elected to have the required retroactive social security payment paid from their account in the local system at the time such coverage was adopted.

14117. The San Francisco City and County Employees'

Retirement System shall provide for and assume total financial responsibility for the full Permanent Fund benefit earned through June 30, 1972, for those persons who elect to be covered only by the local system, as those benefits existed in subdivision (a) of Section 14240 on June 30, 1972. There shall be no reduction in local benefits because of this section.

14117.1. Adjustments to accounts caused by late discovery shall be made in accordance with Sections 14116.11 and 14116.12.

14117.2. Those persons who have taken a refund of their contributions and interest from the San Francisco local system prior to July 1, 1972, and who have Permanent Fund contributions on deposit in State Teachers' Retirement System for such service shall have the accumulated Permanent Fund contributions on deposit in State Teachers' Retirement System as of July 1, 1972, handled the same as the Permanent Fund contributions of all nonlocal members.

Upon discovery and notification to such persons, they shall:

- (a) Deposit the contributions required with regular interest; or,
- (b) Leave the Permanent Fund accumulated contributions on deposit and receive an actuarially reduced retirement allowance.

14118. The San Francisco Unified School District may continue the current annual report of member contributions and service for fiscal year 1972-73 for all nonlocal certificated members working in the San Francisco Unified School District. The 8-percent employee and 3.2-percent employer contributions for these nonlocal members shall be remitted monthly. If an annual report is submitted instead of a monthly report, it is due on July 31, 1973, and is delinquent on August 31, 1973. The provisions of Section 14056 shall apply.

14119. All costs of the selection, asset transfer, asset valuation, security registration, and the administrative costs in the implementation of Chapter 1305 of the Statutes of 1971 shall be borne by the employer reserve in the San Francisco City and County Employees' Retirement System related to the unified school district and the community college account.

14119.1. For the members of the San Francisco local system who select to be covered only by the State Teachers' Retirement System, the transfer of assets from the San Francisco local system to the State Teachers' Retirement System shall be in cash or in securities in kind. While a proportionate division of each holding shall not be required, the securities transferred to the State Teachers' Retirement System shall be divided between nonconvertible fixed income investments, equities, and securities convertible into equities in proportion to the book value of these security groupings to the total value of the San Francisco local system portfolio as of March 31, 1972. For this purpose, cash will be counted as equivalent to a security valued at market.

The value of securities in kind that are to be transferred shall be determined as follows: nonconvertible fixed income investments held in the portfolio on March 31, 1972, will be valued by discounting at the annualized earnings rate on the State Teachers' Retirement

System's nonconvertible fixed income portfolio as of June 30, 1973, computed in accordance with established State Teachers' Retirement System procedures, plus an allowance for accrued income. However, where the value for any specific security when computed in this manner would be above the value at which the security may be redeemed at the first date at which it is callable or refundable, then the applied rate shall be computed to the redemption price at the first date at which the security is redeemable or refundable, whichever is later, plus an allowance for accrued income. Nonconvertible fixed income securities purchased after March 31, 1972, equities and securities convertible into equities shall be valued at market plus accrued interest if any. All securities to be transferred shall be valued as of June 30, 1973.

Either the San Francisco City and County Employees' Retirement System or the Teachers' Retirement Board may reject specific securities and recommend alternative assets. Selection of securities to be transferred in kind shall not be made in a manner adverse to the Teachers' Retirement Fund. Should the respective parties be unable to reach agreement by August 15, 1973, the matter shall be submitted to arbitration by a third party, and his decision shall be binding upon both parties. In making his determination, the third party arbitrator shall be guided by the Constitution, other existing provisions of law, including this section, and the formal investment resolution of the Teachers' Retirement Board.

The arbitrator shall be mutually agreed upon. If agreement cannot be reached, the arbitrator shall be appointed by the Governor from a list of four names; two names each to be submitted independently by the San Francisco City and County Employees' Retirement System and the Teachers' Retirement Board.

14119.2. If a net realized loss occurs from the transfer of assets at less than their book values, that loss shall be a charge against the employer's reserve resident in the San Francisco City and County Employees' Retirement System attributable to the San Francisco Unified School District and the San Francisco Community College District.

14119.3. Residual employer funds shall remain in the San Francisco employer reserve in the local system, and shall be credited on a year-to-year basis as determined by the San Francisco City and County Employees' Retirement System to the employer's accounts in that reserve attributable to the San Francisco Unified School District and the San Francisco Community College District.

14119.4. The transfer of cash and securities in kind from the San Francisco City and County Employees' Retirement System to the Teachers' Retirement Fund shall be accomplished by that system delivering the cash and securities in kind at the office of the State Treasurer in Sacramento properly registered in the name of the State Teachers' Retirement System in accordance with the registration requirements of the State Teachers' Retirement System. This transfer shall be completed by September 1, 1973. Interest on

any cash transfer shall be at the rate of 6 percent per annum from July 1, 1973, to date of the transfer. Any cash income payments or payments in securities made to the San Francisco local system after June 30, 1973, which are on securities to be transferred to the Teachers' Retirement Fund and are properly allocable to the Teachers' Retirement Fund shall be transferred to the Teachers' Retirement Fund.

14119.5. In the event that a preponderance of the members of the San Francisco local system elect to be fully covered by that system so as to require a transfer of cash and securities in kind from the Teachers' Retirement Fund to the San Francisco local system, the State Teachers' Retirement System shall be bound by the conditions enumerated in Sections 14119.1, 14119.2 and 14119.4.

14119.6. The San Francisco City and County Employees' Retirement System shall submit a list of all members of the system as of June 30, 1972, who have credential service which would qualify for membership in State Teachers' Retirement System. The list shall be submitted to State Teachers' Retirement System no later than October 31, 1972.

14119.7. If any provision of this article or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this article which can be given effect without the invalid provision or application, and to this end the provisions of this article are severable.

SEC. 5. Article 29 (commencing with Section 14440) of Chapter 4 of Division 10 of the Education Code is repealed.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect.

The facts constituting such necessity are:

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There exists within the State of California the need to undertake extensive and comprehensive planning and construction of facilities for the collection, treatment, disposal and reclamation of sewage and waste water. In such instances, it is necessary to accomplish this in the most economical and expeditious manner. In some instances this necessitates the participation of local agencies in regional solutions. In order to provide these facilities, there is the necessity for the reorganization of certain improvement districts within California water districts and the sale of bonds by one or more improvement

districts and districts in the State of California at the earliest possible time. In order, therefore, to not delay undertaking such planning and construction thereby avoiding possible pollution to areas within the State of California, it is necessary that this act go into immediate effect.

CHAPTER 242

An act to amend Sections 38 and 38.1 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933), relating to the Orange County Water District.

[Approved by Governor June 30, 1972. Filed with
Secretary of State June 30, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 38 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 38. Any water-producing facility which is not producing ground water from a zone replenished by the Santa Ana River or its tributaries may be excluded by order of the board of directors from the payment of the replenishment assessment and from the levy of the basin equity assessment and the production requirements and limitations provided by this act after the filing of a verified petition by the owner of a water-producing facility.

The petition shall describe the land upon which the water-producing facility is located, a description of the water-producing facility, and the names and addresses of the owners of the water-producing facility, and shall set forth that such water-producing facility is not producing ground water from a zone replenished by the Santa Ana River or its tributaries. It shall be filed with the board of directors and accompanied by a deposit with the board of the sum of five hundred dollars (\$500) to meet expenses of advertising and costs incident to the proceedings, any unconsumed balance to be returned to the petitioner.

Upon the filing of the petition, the board of directors shall cause an investigation to be made by an engineer or engineers to determine whether the water-producing facility is or is not producing ground water from a zone replenished by the Santa Ana River or its tributaries. Upon completing such investigation and report two copies thereof shall be filed with the district, one copy of which shall be mailed to the petitioner. The cost and expense of such investigation and report shall be a charge against the deposit made by the petitioner.

Upon the filing of the report, the board of directors shall fix a time for holding a hearing regarding the petition and report, which time shall be not less than 25 days and not more than 75 days after the

filing of the report, and shall cause a notice of the filing thereof to be published in the district pursuant to Section 6066 of the Government Code. Such notice shall state the time and the place for the holding of such hearing. The district shall also mail to the petitioner a notice of such hearing, within 10 days after the first publication of the notice of the hearing. Any owner of a water-producing facility within the district may appear in person or by representative at said hearing either in behalf or in opposition to the granting of the request of said petition. If upon such hearing the board of directors determines that the petition complies with the provisions of this section, and determines and finds that such water-producing facility is not producing ground water from a zone replenished by the Santa Ana River or its tributaries, the board of directors shall make an order that such water-producing facility shall be excluded from the payment of the replenishment assessment and from the levy of the basin equity assessment and the production requirements and limitations as provided in this act. From the making of such order the water-producing facility so excluded shall no longer pay any replenishment assessment or basin equity assessment thereafter levied but such order of exclusion shall not invalidate in any manner any replenishment assessment or basin equity assessment theretofore levied.

The exclusion provisions provided in this section apply only to exclusion of water-producing facilities from the payment of the replenishment assessments or basin equity assessments authorized by this act, but do not in any manner exclude or limit the rights of the district to levy and collect a general assessment as provided in this act.

The finding and determination by said board is final and conclusive.

SEC. 2. Section 38.1 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 38.1. Any water-producing facility which is producing water within the exterior boundaries of the district may be exempted by order of the board of directors from the payment of the replenishment assessments and from the levy of the basin equity assessment and the production requirements and limitations provided for in this act upon the filing of a verified petition by the owner of the water-producing facility.

The petition shall be filed with the board of directors of the district and shall include a description of the land upon which the water-producing facility is located, a description of the water-producing facility, a statement of water quality analysis of the water produced by the water-producing facility, the names and addresses of the owners of the water-producing facility, and shall set forth the purpose or purposes for which any water produced from the water-producing facility will be used. The petition may include one or more water-producing facilities located in the same general area, provided each of such facilities are owned by the same owner.

Upon the filing of the petition, the secretary of the district shall cause an investigation to be made for the purpose of determining whether the water produced by the water-producing facility is suitable or unsuitable for domestic or agricultural purposes. Upon completion of the investigation, a report of the results thereof shall be filed with the board of directors. The secretary of the district shall thereupon fix a time for a hearing upon said petition and report, which time shall be not less than ten (10) days and not more than seventy-five (75) days after the filing of said report, and shall cause a notice of the filing thereof and time and place fixed for the holding of the hearing to be published one time, at least ten (10) days before the date fixed for such hearing, in a newspaper of general circulation printed and published within the district. A copy of such notice shall be mailed to the petitioner by first-class mail with postage prepaid not less than seven (7) days prior to the date of the hearing.

At the time of the hearing, the board of directors shall determine whether the water produced from the water-producing facility or facilities is suitable or unsuitable for domestic or agricultural purposes. If the board of directors finds and determines the water produced from such facility or facilities or any of them is unsuitable for domestic or agricultural purposes, and further finds and determines that the production of such unsuitable water will have no adverse effects on the ground water supplies of the district, the board of directors may make an order that water produced from the water-producing facility or facilities shall be exempted from the payment of the replenishment assessments and from the levy of the basin equity assessment and the production requirements and limitations as provided in this act.

Nothing contained in this section shall exclude the operator of any water-producing facility exempted from the payments of replenishment assessments from filing the water production statements provided for in Section 29.

The board of directors of district may from time to time require that the owner of any water-producing facility or facilities, which are exempted from the payment of replenishment assessments and basin equity assessments, provide additional water quality analyses of water being produced from any water-producing facility which has been exempted from the payment of replenishment assessments and from the levy of the basin equity assessment and the production requirements and limitations as provided in this act.

The district shall at all times have the right to enter upon the premises where such exempted water-producing facility or facilities are located for the purpose of obtaining samples of the water being produced.

If at any time it appears that the quality of water being produced from a water-producing facility which has been exempted from payment of replenishment assessments and from the levy of the basin equity assessment and the production requirements and limitations has become suitable for domestic or irrigation purposes,

the secretary of the district shall fix a time for a hearing to determine whether the water produced from the water-producing facility has become suitable for domestic or agricultural purposes. The secretary of the district shall cause a notice of the hearing to be published one time, at least ten (10) days before the date fixed for such hearing, in a newspaper of general circulation printed and published within the district. A copy of such notice shall be mailed to the owner of the water-producing facility by first-class mail with postage prepaid not less than seven (7) days prior to the date of the hearing.

If upon such hearing, the board of directors finds and determines that the quality of the water being produced from such water-producing facility has become suitable for domestic or irrigation purposes or that the production of water therefrom will have an adverse effect on the ground water supplies of the district, the board of directors shall make an order that the exemption of payment of replenishment assessments and from the levy of the basin equity assessment and the production requirements and limitations on water being produced from said water-producing facility shall be canceled. Notice of such cancellation of exemption shall be sent to the owner of the specified water-producing facility by first-class mail with postage prepaid. The effective date of the cancellation of exemption from the payment of replenishment assessments and from the levy of the basin equity assessment and the production requirements and limitations shall be ten (10) days after the date of mailing of the notice of cancellation.

(b) "Current expense of education" means the gross total expended (not reduced by estimated income or estimated federal and state apportionments) for the purposes classified in the final budget of a school district (except one which, during the preceding fiscal year, had less than 101 units of average daily attendance) submitted to and approved by the county superintendent of schools pursuant to Section 20607 of this code for administration, instruction (including salaries and other expense), health services, operation of plant, maintenance of plant, and fixed charges. "Current expense of education" shall not include those purposes classified as transportation of pupils, food service, community service, capital outlay, state school building loan repayment; and shall not include the amount expended pursuant to any lease agreement for plant and equipment or the amount expended from funds received from the federal government pursuant to the "Economic Opportunity Act of

1964" or any extension of such act of Congress or the amount expended by a community college from state or federal funds received by the community college for grants to community college students or for the employment of community college students.

Any amount so designated by the Superintendent of Public Instruction shall be deposited in the county treasury to the credit of the school district, but shall be unavailable for expenditure by the district pending the determination to be made by the Superintendent of Public Instruction on any application for exemption which may be submitted to the Superintendent of Public Instruction. In the event it appears to the governing board of a school district that the application of the preceding paragraphs of this section during a fiscal year results in serious hardship to the district, or in the payment of salaries of classroom teachers in excess of the salaries of classroom teachers paid by other districts of comparable type and functioning under comparable conditions, the board may, with the written approval of the county superintendent of schools having jurisdiction over the district apply to the Superintendent of Public Instruction in writing not later than September 15th of the succeeding fiscal year for exemption from the requirements of the preceding paragraphs of this section for the fiscal year on account of which the application is made. Upon receipt of such application, duly approved, the Superintendent of Public Instruction shall grant the district exemption for any amount that is less than one thousand dollars (\$1,000), and if the amount is one thousand dollars (\$1,000), or greater may grant the district exemption, to the extent deemed necessary by him, from such requirements for the fiscal year on account of which the application is made. If such exemption is granted the designated moneys shall be immediately available for expenditure by the school district governing board. If no application for exemption is made or exemption is denied, the Superintendent of Public Instruction shall

order the designated amount or amount not exempted to be added to the amounts to be expended for salaries of classroom teachers during the next fiscal year.

The Superintendent of Public Instruction shall enforce the requirements prescribed by this section, and may adopt necessary rules and regulations to that end. He may require the submission to him, during the school year, by school district governing boards and county superintendents of schools, of such reports and information as may be necessary to carry out the provisions of this section.

The people of the State of California do enact as follows:

SECTION 1. Section 18745.5 is added to the Business and Professions Code, to read:

SECTION 1. Section 24007 of the Vehicle Code is amended to read:

24007. (a) No dealer or person holding a retail seller's permit shall sell a new or used motor vehicle which is not in compliance with the provisions of this code and department regulations adopted pursuant to this code unless the vehicle is either (1) sold to another dealer, or (2) sold for the purpose of being wrecked or dismantled, or (3) sold exclusively for off-highway use.

(b) No person shall sell a new or used motor vehicle subject to the provisions of Chapter 4 (commencing with Section 39080) of Part 1 of Division 26 of the Health and Safety Code which is not in compliance with the provisions of Chapter 4 (commencing with Section 39080) of Part 1 of Division 26 of the Health and Safety Code and the rules and regulations of the State Air Resources Board, unless the vehicle is either (1) sold to a dealer, or (2) sold for the purpose of being wrecked or dismantled. A dealer shall, with each application for initial registration of a new motor vehicle or transfer of registration of a motor vehicle subject to Chapter 4 (commencing with Section 39080) of Part 1 of Division 26 of the Health and Safety Code, transmit to the Department of Motor Vehicles, a valid certificate of compliance from a licensed motor vehicle pollution control device installation and inspection station indicating that such vehicle is properly equipped with a certified device or devices which are in proper operating condition and which are in compliance with the provisions of Chapter 4 (commencing with Section 39080) of Part 1 of Division 26 of the Health and Safety Code.

Effective February 1, 1973, with respect to new vehicles having a gross vehicle weight of 6,001 pounds or less, a dealer may transmit,

in lieu of such certificate of compliance, a statement, in the form approved by the commissioner, signed by the dealer indicating that the dealer has made no carburetor or ignition adjustment or other alteration or modification of the vehicle's exhaust emission control device or system.

SEC. 2. Section 24007 of the Vehicle Code is amended to read:

24007. (a) No dealer or person holding a retail seller's permit shall sell a new or used vehicle which is not in compliance with the provisions of this code and department regulations adopted pursuant to this code unless the vehicle is either (1) sold to another dealer, or (2) sold for the purpose of being wrecked or dismantled, or (3) sold exclusively for off-highway use.

(b) No person shall sell a new or used motor vehicle subject to the provisions of Chapter 4 (commencing with Section 39080) of Part 1 of Division 26 of the Health and Safety Code which is not in compliance with the provisions of Chapter 4 (commencing with Section 39080) of Part 1 of Division 26 of the Health and Safety Code and the rules and regulations of the State Air Resources Board, unless the vehicle is either (1) sold to a dealer, or (2) sold for the purpose of being wrecked or dismantled. A dealer shall, with each application for initial registration of a new motor vehicle or transfer of registration of a motor vehicle subject to Chapter 4 (commencing with Section 39080) of Part 1 of Division 26 of the Health and Safety Code, transmit to the Department of Motor Vehicles, a valid certificate of compliance from a licensed motor vehicle pollution control device installation and inspection station indicating that such vehicle is properly equipped with a certified device or devices which are in proper operating condition and which are in compliance with the provisions of Chapter 4 (commencing with Section 39080) of Part 1 of Division 26 of the Health and Safety Code.

Effective February 1, 1973, with respect to new vehicles having a gross vehicle weight of 6,001 pounds or less, a dealer may transmit, in lieu of such certificate of compliance, a statement, in the form approved by the commissioner, signed by the dealer indicating that the dealer has made no carburetor or ignition adjustment or other alteration or modification of the vehicle's exhaust emission control device or system.

SEC. 3. It is the intent of the Legislature, if this bill and Senate Bill No. 149 are both chaptered and amend Section 24007 of the Vehicle Code, and this bill is chaptered after Senate Bill No. 149, that the amendments to Section 24007 proposed by both bills be given effect and incorporated in Section 24007 in the form set forth in Section 2 of this act. Therefore, Section 2 of this act shall become operative only if this bill and Senate Bill No. 149 are both chaptered, both amend Section 24007, and Senate Bill No. 149 is chaptered before this bill, in which case Section 1 of this act shall not become operative.

CHAPTER 269

An act relating to air transportation.

[Approved by Governor July 3, 1972. Filed with
Secretary of State July 3, 1972.]

The people of the State of California do enact as follows:

SECTION 1. That allocation of twenty thousand dollars (\$20,000) made from the Aeronautics Fund by the Department of Aeronautics to the City of Chowchilla and expended by the city for the purchase of real property in connection with the expansion of the city's airport is hereby ratified, validated, confirmed, and declared legally effective for all purposes.

SEC. 2. The Legislature finds and declares that Section 1 of this act is necessary since special facts and circumstances applicable to the City of Chowchilla, and not generally applicable, make the accomplishment of this purpose impossible by any general law. There exists a dispute as to the validity of an allocation made by the Department of Aeronautics to the City of Chowchilla from the Aeronautics Fund for airport expansion purposes based on a good faith expenditure of these funds. The Legislature further finds and declares that this is the only such acquisition of property involved, that the purpose of this act is impossible to accomplish by any general law, and that special legislation applicable only to the City of Chowchilla is therefore necessary.

CHAPTER 270

An act to amend Sections 3, 5, 5.5, 6.1, 6.2, 7, 11, 13, 14, 18, 18.5, 22, 27, and 31 of, to add Sections 3.2, 3.3, 5.6, 5.7, 12.1, 12.2, 12.3, 12.4, 12.5, 12.6, 12.7, 19, 19.1, 19.2, 19.3, and 19.4 to, and to repeal Sections 3.2, 19, 19.1, and 27.7 of, the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951), relating to the Contra Costa County Flood Control and Water Conservation District.

[Approved by Governor July 3, 1972. Filed with
Secretary of State July 3, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 3 of the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951) is amended to read:

Sec. 3. The board of supervisors of the district created by this act, by resolution thereof adopted from time to time, may establish zones or subzones within said district without reference to the boundaries

of other zones or subzones, setting forth in such resolutions descriptions thereof by metes and bounds and entitling each of such zones by a zone number, and institute zone or subzone projects for the specific benefit of such zones or subzones. Such zones shall, as far as practicable, include complete watersheds. Any subzone formed shall be entitled with a zone number and a letter of the alphabet.

Such zones or subzones may also be established in the manner prescribed in Section 11 of this act, independently of the institution of any project relating to such zone or subzone.

Alternately, such zones or subzones may be formed concurrently with and as a part of the proceeding for the installation of a project relating to such zones or subzones in the manner prescribed in Section 11 of this act.

If prior to taking final action to form any zone or subzone, the exterior boundaries of which will include any lands lying within the exterior boundaries of any chartered or incorporated city within the district, the board of supervisors receives the resolution or ordinance adopted by a majority of the members of the governing body of such city requesting exclusion of such city territory from the zone or subzone, the board shall exclude such territory.

SEC. 2. Section 3.2 of the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951) is repealed.

SEC. 3. Section 3.2 is added to the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951), to read:

Sec. 3.2. Any parcel, parcels, or tract of land may be annexed to a zone or subzone, and any parcel, parcels, or tract of land within any zone or subzone may be excluded where such annexation or exclusion is required due to land division or development affecting, or requiring the adjustment of existing zone or subzone boundaries. Proceedings for annexation or exclusion may be instituted by the board by resolution specifying its intention to annex or exclude such parcel, parcels, or tract of land, describing the proposed land to be annexed or excluded and specifying a time and place for public hearing on such resolution, which public hearing may be held at any place within the district, and directing the clerk to give notice of such public hearing, as hereinafter provided. In the alternative, such proceedings may be instituted by the filing with the board of a petition signed by 10 percent or more of the owners, as defined in Section 11, of the land to be annexed or excluded. The petition shall contain:

- (a) The name of the zone or subzone affected by the annexation or exclusion.
- (b) The reason for annexation or exclusion of the land.
- (c) A description of the land to be annexed or excluded.
- (d) The assent of the petitioners to the annexation or exclusion.
- (e) A request that the described land be annexed to or excluded from the zone or subzone.

When the petition has been filed with the board, the board shall fix a time and place for a hearing thereon, which public hearing may be held at any place within the district, and cause a notice of such hearing to be given as provided in Section 3.3. The notice shall state:

(a) The date the petition was filed.
(b) The location and boundaries of the land described in the petition.

(c) The prayer of the petition.

(d) The time and place fixed for hearing on the petition.

(e) That all persons interested in or affected by such change in the zone or subzone boundaries may appear and show cause why the change should not be made. At the hearing, the board shall hear all relevant evidence for or against the petition.

Failure to show cause by any person interested in or affected by the change is deemed to be his assent to any change the board may make in the zone or subzone boundaries.

At the conclusion of the hearing, if it deems the annexation or exclusion of all or part of the land to be for the best interests of the zone or subzone, the board may by resolution annex or exclude all or part of the land described in the petition and shall, in such resolution, describe the zone or subzone boundaries as changed. If no effective date for such annexation or exclusion is specified in the resolution, then the effective date shall be deemed to be the date of the resolution.

The exclusion of any land or territory from a zone or subzone does not release such land or territory from any debts or obligations for which it was liable at the time of the exclusion unless otherwise specified in the resolution of exclusion.

In the case of annexation, the board may require that the owners of annexed land shall pay a sum not to exceed the amount of the taxes or assessments which the owners or their predecessors in interest would have been required to pay if the annexed land had been included in the zone or subzone when it was formed.

SEC. 4. Section 3.3 is added to the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951), to read:

Sec. 3.3. Zones, subzones, or drainage areas may be dissolved in the following manner:

(a) (1) The board may adopt a resolution specifying its intention to dissolve a zone, subzone, or drainage area and fixing the time and place for a public hearing on the resolution, which public hearing may be held at any place within the district. The resolution shall name or describe the zone, subzone, or drainage area and notice of the hearing shall be given as hereinafter provided; or

(2) A petition signed by 10 percent or more of the landowners in the zone, subzone, or drainage area as defined in Section 11 hereof, may be addressed to and filed with the board. The petition may be filed in sections. Each section shall comply with all the requirements for a petition, except that it need not contain all the signatures

required for the petition. The petition shall:

- (i) State the name of the zone, subzone or drainage area.
- (ii) Request that the zone, subzone, or drainage area be dissolved pursuant to this act.
- (iii) Request that a time and place be fixed for a public hearing upon said petition.

Upon presentation and filing of the petition, the board shall fix a time and place for a public hearing thereon. Such public hearing may be held at any place within the district.

(b) If there is a newspaper of general circulation in the zone, subzone, or drainage area notice shall be given by publication in the newspaper once a week for two consecutive weeks prior to the hearing, the last publication of which must be at least seven days before the hearing. If there is no such newspaper, notice shall be given by posting notice of the hearing for a period of 14 days prior to the hearing in three public places in the zone, subzone, or drainage area. The notice of hearing shall state the following:

- (1) The name of the zone, subzone, or drainage area.
- (2) That a resolution has been passed by the board declaring its intention to dissolve the zone, subzone, or drainage area or that a petition has been filed with the board requesting dissolution of the zone, subzone, or drainage area.
- (3) That the resolution or petition may be inspected at the district's office.
- (4) The time and place for the public hearing on the said resolution or petition.

(5) That protests will be considered at the hearing.

(c) At the time and place fixed for the hearing or at any time to which the hearing may be continued, the board shall consider all written and oral objections to the dissolution of the zone, subzone, or drainage area. After the conclusion of the hearing, the board may by resolution dissolve the zone, subzone, or drainage area. If no effective date for the dissolution is specified in the resolution, the dissolution shall be deemed effective as of the date of the resolution. If the zone, subzone, or drainage area is not so dissolved, it shall be deemed to be continued in uninterrupted existence.

(d) The dissolution of a zone, subzone, or drainage area does not relieve the property in the zone, subzone, or drainage area from any debts, obligations, or liabilities for which it was liable at the time of the dissolution.

(e) A zone may not be dissolved pursuant to this section until one of the following conditions exists;

- (1) All debts, obligations, and liabilities are paid
- (2) There is sufficient cash in the county treasury standing to the credit of such zone to pay all debts, obligations, and liabilities in full as they become due.

(b) Upon dissolution of a zone, subzone, or drainage area the right, title, and interest to any property or funds owned or controlled by, or held for the zone, subzone, or drainage area, or for the benefit

of the zone, subzone, or drainage area, whether in the county treasury or in any other place or manner, shall vest absolutely in the district and may be used for any district purposes unless otherwise specified in the resolution of dissolution.

SEC. 5. Section 5 of the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951) is amended to read:

Sec. 5. The district is hereby declared to be a body corporate and politic and as such shall have, in addition to the other powers vested in it by this act, the following powers:

Any such other political subdivision may, by written agreement with the district, provide for the use, or joint use, of property or facilities in which any such other political subdivision has an interest, or for the use, or joint use, of property or facilities in which said district has an interest.

temporary services only, expert appraisers, consultants, attorneys, and technical advisers, and to do all acts necessary for the full exercise of all powers vested in said district or any of the officers thereof by this act.

13. To exercise the right of eminent domain, either within or without said district, and in the manner provided by law for the condemnation of private property for public use, to take any property necessary to carry out any of the objects or purposes of this act, including property required for recreational facilities, whether such property be already devoted to any public use by any district or other public corporation, or agency, or otherwise; provided, however, that the district in exercising such power shall in addition to the damage for the taking, injury, or destruction of property, also pay the cost of removal, reconstruction, or relocation of any structure, railways, mains, pipes, conduits, wires, cable, poles, of any public utility which is required to be moved to a new location; and notwithstanding any other provision of this act or any other law, no property shall be taken by eminent domain unless it is taken upon a finding by a court of competent jurisdiction that the taking is for a more necessary public use than that to which it has already been appropriated; and provided further, that no right shall exist in said district to take by proceedings in eminent domain any property, including water rights, appropriated to public use by any existing city and county or municipal utility district. The district shall also have and may exercise the right to condemn any existing works or improvements in said district or along streams flowing into said district now or hereafter used to control flood or storm waters, or to conserve such flood or storm waters or to protect any property in said district or along streams flowing into said district from damage from such flood or storm waters, and it is hereby declared that the use of the property, lands, rights-of-way, easements, or materials which may be condemned, taken or appropriated under the provision of this act is a public use subject to the regulation and control of the state in the manner prescribed by law; provided, however, that nothing in this act contained shall be deemed to authorize said district, or any person or persons to divert the waters of any river, creek, stream, irrigation system, canal or ditch, or the waters thereof or therein unless compensation therefor be first provided in the manner prescribed by law.

The power of eminent domain vested in the district shall include the power to condemn in the name of the district either the fee simple or any lesser estate, easement, or interest in any real property which the board of supervisors of the district by resolution shall determine is necessary for carrying out the purposes of this act. Such resolution shall be prima facie evidence that the taking of such fee simple or any lesser estate or easement or interest as the case may be, is necessary.

Whenever real property which is devoted to or held for some other public or quasi-public use is required by the district for any purpose

authorized by this act, the district may condemn real property adjacent thereto or in the immediate vicinity thereof to be exchanged for the real property so required by the district.

Nothing in this act contained shall be construed as in any way affecting the plenary power of any existing city and county or municipal utility district to provide for a water supply for such city and county or municipal utility district, or as affecting the absolute control of any properties of such city and county or municipal utility district necessary for such water supply and nothing herein contained shall be construed as vesting any power of control over such properties in such Contra Costa County Flood Control and Water Conservation District or in any officer thereof, or in any person referred to in this act.

14. To make contracts with the County of Contra Costa and cities and districts within the county, and to employ labor for the purpose of doing flood control work and for inspecting and passing upon the adequacy of drainage plans provided for each proposed new subdivision in the County of Contra Costa.

15. To construct, accept, maintain, repair, or otherwise improve structures or channels for any purpose, in whole or in part, related to the purposes and powers of the district, or perform any act necessary or incidental to the complete exercise and effect of any of its powers.

16. The district may provide, operate, maintain, and charge for public use of recreation facilities in connection with flood control works and improvements within the jurisdiction of the district.

17. In connection with flood control works and related improvements, the district may install and maintain appropriate landscaping and take other actions as necessary for the purpose of mitigation of environmental damage resulting from such works and improvements.

18. The district may cause to be designed and inserted in the specifications and contract for any flood control channel or storm drain planned to be constructed under this act as an open channel, provision for the construction in conjunction therewith of facilities for the covering or crossing over of any such portion, or a part of such portion, if, in the judgment of such governing body, such crossing or covering will not impair the usefulness of such flood control channel or storm drain and will not be otherwise adverse to the best interests of the district.

SEC. 6. Section 5.5 of the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951) is amended to read:

Sec. 5.5. The board, pursuant to Sections 5.1, 5.2, 5.3, and 5.4, may order the construction of all structures and appurtenances, channels, culverts, ditches and any work incident to the collection and control of storm waters in the whole or any portion of any of the streets, highways, or public places or in property or in rights-of-way owned by the district; provided, that said district shall first obtain the

consent to such assessment district work from the legislative body or other agency having jurisdiction of the territory within which any of the proposed work is to be done.

SEC. 7. Section 5.6 is added to the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951), to read:

Sec. 5.6. The district may make and enforce within its boundaries, including both unincorporated and incorporated territory, if any, all necessary and proper ordinances and regulations for:

(a) The protection, control and maintenance of natural and artificial watercourses, drainage structures, dams, reservoirs, levees, water distribution and conservation facilities and rights-of-way therefor or appurtenant thereto.

(b) All other flood control and water conservation purposes consistent with this act and not in conflict with the laws of this state.

SEC. 8. Section 5.7 is added to the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951), to read:

Sec. 5.7. Any violation of an ordinance or regulation of the district is a misdemeanor punishable by a fine not to exceed one hundred dollars (\$100), or imprisonment not to exceed 30 days, or by both such fine and imprisonment. Any such violation or threatened violation may also be enjoined by civil suit.

SEC. 9. Section 6.1 of the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951) is amended to read:

Sec. 6.1. As provided in this section, the board may appoint a commission consisting of five (5) members who shall be residents of the County of Contra Costa. The board may delegate any or all of its powers to the commission. The board may by resolution provide for compensation for services and payment of the actual necessary expenses incurred by said members in the performance of official duties under this act, payable from the funds of the district. Members of the commission shall serve four (4) year terms and may be replaced or reappointed by the board at the completion of their term. Terms shall be staggered so that not less than one nor more than two commissioners are to be regularly appointed in any one year. All vacancies shall be filled for the unexpired term of the commissioner whose office is vacant in the same manner as such commissioner received appointment, except that the board of supervisors shall allocate each office on the commission to a supervisorial district and appointments to any vacancy in such office shall be made by the supervisor then representing such supervisorial district.

When the board of supervisors has delegated any or all of its powers to the commission, the terms "board" and "board of supervisors" mean the commission. The commission may, by resolution, certified to by the chairman of the commission, take

action with reference to any and all matters which have been delegated to it by the Board of Supervisors of the County of Contra Costa.

SEC. 10. Section 6.2 of the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951) is amended to read:

Sec. 6.2. Upon the formation of each zone pursuant to the provisions of this act, the board of supervisors shall appoint a zone advisory board composed of five resident electors of, or owner of real property within, said zone. Said zone advisory board shall be consulted by the board of supervisors or the commissioners of the district in all matters affecting such zone.

The board may appoint drainage area advisory boards for each drainage area composed of resident electors of, or owners of real property within, each such drainage area.

SEC. 11. Section 7 of the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951) is amended to read:

Sec. 7. The county counsel, district attorney, county surveyor, county assessor, county tax collector, county clerk, county auditor, purchasing agent and county treasurer of the County of Contra Costa, and their successors in office, and all their assistants, deputies, clerks and employees, and all other officers of said Contra Costa County, their assistants, deputies, clerks and employees, shall be ex officio officers, assistants, deputies, clerks and employees, respectively, of the district, and shall respectively perform, unless otherwise provided by the board, the same various duties for the district as for said Contra Costa County, in order to carry out the provisions of this act.

All such officers, deputies, clerks and employees shall receive their actual necessary expenses in the performance of official duties under this act payable from the funds of the district. The board by resolution may make provision to fully compensate the county counsel for all costs of providing extraordinary legal services to the district. Officers, assistants, deputies, clerks and employees of the district may, without prejudice to their rights, be transferred to the service of the County of Contra Costa.

SEC. 12. Section 11 of the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951) is amended to read:

Sec. 11. The board may institute projects for single zones and joint projects for two or more zones, for the financing, constructing, maintaining, operating, extending, repairing or otherwise improving any work or improvement of common benefit to such zone or participating zones. For the purpose of acquiring authority to proceed with any such project, the board shall adopt a resolution specifying its intention to undertake such project, together with the engineering estimates of the cost of same to be borne by the particular zone and in the case of participating zones the

proportionate cost to be borne by each of the participating zones and fixing a time and place for public hearing of said resolution and which shall refer to a map or maps showing the general location and general construction of said project. Notice of such hearing shall be given for a period of not less than twenty (20) days. If there is a newspaper of general circulation published or circulated in the territory proposed to be formed into a zone, notice shall be given by publication pursuant to Section 6066 of the Government Code. If there is no newspaper published or circulated in the territory, then such publication shall be made in a newspaper of general circulation which the board determines most likely to give notice to residents of the territory. Publication shall be complete at least seven (7) days before said hearing. If the exterior boundaries of such a proposed zone will include lands lying within the exterior boundaries of any chartered or incorporated city within the district, the board of supervisors shall submit to the governing body of such cities, a copy of the resolution specifying its intention to form such a zone and undertake such project. Such resolution shall be forwarded to any affected city at least 20 days before the date set for the public hearing.

At the time and place fixed for the hearing, or at any time to which said hearing may be continued, the board shall consider all written and oral objections to the proposed project. Upon the conclusion of the hearing the board may abandon the proposed project or proceed with the same, unless prior to the conclusion of said hearing either (1) a written protest against the proposed project signed by a majority in number of the holders of title to real property, or assessable rights therein, or evidence of title thereto, representing one-half or more of the assessed valuation of the real property within such zone or within any of the participating zones for which said project was initiated, be filed with the board, in which event further proceedings relating to such project must be suspended for not less than six months following the date of the conclusion of said hearing, or said proceeding may be abandoned in the discretion of the board; or (2) a written petition for an election signed by at least 25 percent of the registered voters within such zone or within any of the participating zones for which the project was initiated, be filed with the board, in which event the board shall by resolution call a special election within such zone or zones for the purpose of determining whether the board shall proceed with such project. In such latter event, in all particulars not recited in such resolution, such special election shall be held as nearly as practicable in conformity with the general election laws of the state, and if a majority of the votes cast at such special election are against proceeding with such project further proceedings relating to such project must be suspended for not less than six months following the date of the election, or such proceeding may be abandoned in the discretion of the board.

In all matters in this section referred to, the last equalized assessment roll of the County of Contra Costa next preceding the

filing of the protest shall be prima facie evidence as to the ownership of real property, the names and number of the persons who are the holders of title or evidence of title, or assessable rights therein, and as to the assessed valuation of real property within the zone or within any of the participating zones for which the project was initiated.

Executors, administrators, special administrators, and guardians may sign the protest provided for in this act on behalf of the estate represented by them. If the property is assessed in the name of such representatives, that fact shall establish the right of such representatives to sign the protest; if assessed in the name of the decedent, minor or incompetent person, certified copies of the letters or such other evidence as may be satisfactory to the board must be produced.

Where real property appears to be owned in common or jointly or by a partnership, or where letters of representatives of decedents, minors or guardians are joint, only one of the owners or representatives or partners may sign the protest for all joint owners or representatives or partners; provided, the party claiming the right to protest for all produces the written consent of his coowners or representatives or partners so to do, duly acknowledged by the consenting coowners or representatives or partners in the manner that deeds of real property are required to be acknowledged to entitle such deeds to be recorded in the recorder's office of the county.

Where real property is assessed in the name of a trustee or trustees, such trustee or trustees shall be deemed to be the person entitled to sign the protest, and if assessed in the name of more than one trustee the right to sign the protest shall be determined in like manner as above provided with respect to coowners.

The protest of any public or quasi-public corporation, private corporation or unincorporated association, may be signed by any person authorized by the board of directors or trustees or other managing body thereof, which authorization shall be in writing; and a proxy executed by an officer or officers thereof, attested by its seal and duly acknowledged, shall constitute sufficient evidence of such authority, and shall be filed with the board.

The owner of any real property or interest therein, appearing upon the assessment roll, which has been assessed in the wrong name or to unknown owners, or which has passed from the owner appearing as such on the last equalized assessment roll, since the same was made, shall be entitled to sign the protest represented thereby, either by the production of a proxy from such former owner, or by furnishing evidence of his ownership by a conveyance duly acknowledged showing the title to be vested in the person claiming the right to sign the protest, accompanied by a certificate of a competent searcher of titles, certifying that a search of the official records of the county, since the date of the conveyance, discloses no conveyance or transfer out from the grantee or transferee named in the conveyance.

Where the real property has been contracted to be sold, the vendee shall be entitled to sign the protest, unless such real property is assessed in the name of the vendor, in which event the vendor shall be entitled to so do.

The board shall likewise be entitled to inquire and take evidence for the purpose of identifying any person claiming the right to sign the protest as being the person shown on the assessment roll or otherwise as entitled thereto. And, unless satisfactory evidence is furnished, the right to sign said protest may be denied.

SEC. 13. Section 12.1 is added to the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951), to read:

Sec. 12.1. The board shall also have power to prescribe, revise, and collect fees or charges for facilities furnished or to be furnished to any area, new building, improvement, or structure that will benefit from any flood control, storm drainage, water conservation or supply or sewerage system constructed or to be constructed in a zone of the district. Revenues derived under this section shall be used for the acquisition, construction, engineering reconstruction, maintenance, and operation of the flood control, storm drainage, water, or sewerage facilities of the zone, or to reduce the principal or interest of any bonded indebtedness thereof.

The board may also provide that any fees or charges collected pursuant to Section 12.2 of this act may be credited to or deducted from any fees or charges imposed under this section.

The collection of any fee, charge, or assessment to be levied under this Section or Section 12.2 of this act may be collected by the district notwithstanding any other provisions contained herein.

SEC. 14. Section 12.2 is added to the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951), to read:

Sec. 12.2. The board by resolution thereof adopted from time to time, may establish drainage areas within the district without reference to the boundaries of other zones or drainage areas, setting forth in such resolution descriptions thereof by metes and bounds and entitling each of such areas by an area designation or number, and institute drainage plans for the specific benefit of such areas.

If the exterior boundaries of such a proposed drainage area will include lands lying within the exterior boundaries of any city within the district, the board shall submit to the governing body of such city, a copy of the resolution specifying its intention to form such area and institute a drainage plan therefor. Such resolution shall be forwarded to any affected city at least 20 days before the date the board proposes to adopt the resolution establishing the drainage area. If prior to taking final action by resolution to form any area, the exterior boundaries of which will include any lands lying within the exterior boundaries of any city within the district, the board receives a resolution or ordinance adopted by a majority of the members of the governing body of such city requesting exclusion of such city

territory from the area, the board shall exclude such territory.

A drainage area may include all lands contributing to the drainage requirements of an area, excluding as necessary such lands as are already developed or those adequately served by existing local drainage facilities serving the area at the time of the adoption of a plan for additional drainage facilities from fees.

Whenever drainage facilities, conforming to the instituted drainage plan, are required in the development of any land within a drainage area and where, in the opinion of the board, it is necessary that other facilities be constructed which can be, or will be, used for the benefit of other property in the drainage area, and such drainage facilities are dedicated to the public, the board may contract with the developer and agree to reimburse, and may reimburse him, for all or any portion of such drainage facilities. Such contract shall provide that the board may collect a reasonable charge from any person, corporation, or agency using such facilities for the benefit of other property in the drainage area.

Fees may be collected pursuant to this section for payment of all or any portion of any such drainage facility costs if the costs, whether actual or estimated, are based upon findings by the board, that development of property within the planned drainage area will require construction of the facilities described in the drainage plan, and that fees are fairly apportioned within the local drainage area on the basis of benefits conferred on property within the area. The fee as to any property within the drainage area may be charged as a condition precedent to the development of such property, and no building permit therefor shall be issued until payment thereof, and such fee shall not exceed the pro rata share of the amount of the total actual or estimated costs of all such drainage facilities within the drainage area which would be assessable on such property if such costs were apportioned on a uniform fee schedule, excluding, however, such property within the area as, in the opinion of the board, is incapable of development from fees.

The fees collected by the district, pursuant to this section, shall be paid into a drainage facilities fund. A separate fund shall be established for each drainage area. Any money placed in such fund shall be expended solely for land acquisition, construction, engineering, repair, maintenance and operation or reimbursement for the same, in whole or in part, of local drainage facilities within the planned drainage area from which the fees comprising the fund were collected.

The term "developer," as used herein, shall include a subdivider, industrial developer, or any person, corporation, district, public or private agency, or group that may participate in the drainage facilities constructed pursuant to this section.

Any drainage facilities constructed in any drainage area may be installed by the developer at his sole cost and expense in accordance with plans and specifications prepared or approved by the district, by the district with its own funds, or by the district with funds

supplied by the developer, and the cost thereof may be collected and repaid, in whole or in part, in the manner provided for in this section.

SEC. 15. Section 12.3 is added to the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951), to read:

Sec. 12.3. Prior to the establishment of any benefit area pursuant to Section 12.1 or drainage area pursuant to Section 12.2 of this act, the board shall adopt a resolution specifying its intention to establish such benefit area or drainage area. Such resolution shall refer to a map or maps showing the general location of such area and be accompanied by a proposed ordinance prescribing whatever fees and charges, except ad valorem taxes and assessments to be imposed therein and fixing a time and place for public hearing of the resolution.

The notices required to be given for such hearing and the procedures to be followed at such hearing shall comply substantially with the requirements of Section 11 of this act.

The provisions of this section shall be exclusive in determining the proper procedure for the establishment of any special benefit area pursuant to Section 12.1 or drainage area, pursuant to Section 12.2, any other provision of law notwithstanding.

SEC. 16. Section 12.4 is added to the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951), to read:

Sec. 12.4. If in its resolution specifying its intention to establish a drainage area and resolution establishing such drainage area, the board states its intention to levy ad valorem taxes or assessments upon all property in the drainage area for the financing, constructing, maintaining, repairing, extending, or otherwise improving any work or improvement authorized by this act, the board may in any year levy, collect and expend such taxes and assessments in the manner provided by subdivisions 2 and 3 of Section 12 of this act.

SEC. 17. Section 12.5 is added to the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951), to read:

Sec. 12.5. Where the board proposes to establish a drainage area pursuant to Section 12.4 to levy ad valorem taxes or assessments and there are filed with the board within 20 days after publication of notice of its intention to proceed written protests against the proposed drainage area signed by the owners of more than 50 percent of the assessed value of land therein, the board shall abandon the proposed establishment of the area. Protests and persons qualified to enter and file protests shall comply substantially with the requirements of Section 11 of this act.

SEC. 18. Section 12.6 is added to the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951), to read:

Sec. 12.6. Any parcel, parcels or tract of land may be annexed to

a drainage area and any parcel, parcels, or tract of land within any drainage area may be excluded. Proceedings for annexation or exclusion may be instituted by the board by resolution specifying its intention to annex or exclude such parcel, parcels, or tract of land, describing the proposed land to be annexed or excluded and specifying a time and place for public hearing on said resolution, which public hearing may be held at any place within the district, and directing the clerk to give notice of such public hearing as hereinafter provided. In the alternative, such proceedings may be instituted by the filing with the board of a petition signed by ten percent (10%) or more of the owners, as defined in Section 11, of the land to be annexed or excluded. The petition shall contain:

- (a) The name of the drainage area affected by the annexation or exclusion.
- (b) The reason for annexation or exclusion of the land.
- (c) A description of the land to be annexed or excluded.
- (d) The assent of the petitioners to the annexation or exclusion.
- (e) A request that the described land be annexed to or excluded from the drainage area.

SEC. 19. Section 12.7 is added to the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951), to read:

Sec. 12.7. When the petition has been filed with the board, the board shall fix a time and place for a hearing thereon, which public hearing may be held at any place within the district, and cause a notice of such hearing to be given as provided in Section 3.3. The notice shall state:

- (a) The date the petition was filed.
- (b) The location and boundaries of the land described in the petition.
- (c) The prayer of the petition.
- (d) The time and place fixed for hearing on the petition.
- (e) That all persons interested in or affected by such change in the drainage area boundaries may appear and show cause why the change should not be made. At the hearing, the board shall hear all relevant evidence for or against the petition.
- (f) If it is the board's intention to levy ad valorem taxes or assessments upon the land.

Failure to show cause by any person interested in or affected by the change is deemed to be his assent to any change the board may make in the drainage area boundaries.

At the conclusion of the hearing, if it deems the annexation or exclusion of all or part of the land to be for the best interests of the drainage area, the board may by resolution annex or exclude all or part of the land described in the petition and shall, in such resolution, describe the drainage area boundaries as changed. If no effective date for such annexation or exclusion is specified in the resolution, then the effective date shall be deemed to be the date of the resolution.

The exclusion of any land or territory from a drainage area does not release such land or territory from any debts or obligations for which it was liable at the time of the exclusion unless otherwise specified in the resolution of exclusion.

In the case of annexation, the board may require that the owners of annexed land shall pay a sum not to exceed the amount of the taxes or assessments which the owners or their predecessors in interest would have been required to pay if the annexed land had been included in the drainage area when it was formed.

SEC. 20. Section 13 of the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951) is amended to read:

Sec. 13. (1) Whenever the board determines that a bonded indebtedness should be incurred to pay the cost of any work or improvement in any zone or zones, the board may by resolution, determine and declare the respective amounts of bonds necessary to be issued in each zone in order to raise the amount of money necessary for each work or improvement and the denomination and the maximum rate of interest of said bonds. The board shall cause a copy of the resolution, duly certified by the clerk, to be filed for record in the Office of the Recorder of Contra Costa County within five days after its issuance. From and after said filing of said copy of said resolution the board shall be deemed vested with the authority to proceed with the bond election.

(2) After the filing for record of the resolution specified in subdivision (1) of this section, the board may call a special bond election in said zone or participating zones at which shall be submitted to the qualified electors of said zone or participating zones the question whether or not bonds shall be issued in the amount or amounts determined in said resolution and for the purpose or purposes therein stated. Said bonds and the interest thereon shall be paid from revenue derived from annual taxes or assessments levied as provided in this act.

(3) Said board shall call such special bond election by ordinance and not otherwise and submit to the qualified electors of said zone or participating zones, the proposition of incurring a bonded debt in said zone or participating zones in the amount and for the purposes stated in said resolution and shall recite therein the objects and purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to give a brief, general description of such objects and purposes, and refer to the recorded copy of such resolution adopted by said board, and on file for particulars; and said ordinance shall also state the estimated cost of the proposed work and improvements, the amount of the principal of the indebtedness to be incurred therefor, and the maximum rate of interest to be paid on said indebtedness, and shall fix the date on which such special election shall be held, and the form and contents of the ballot to be used. The rate of interest to be paid on such indebtedness shall not exceed 7 percent (7%) per annum. For the purposes of said election,

said board shall in said ordinance establish special bond election precincts within the boundaries of each zone and participating zone and may form election precincts by consolidating the precincts established for general elections in said district to a number not exceeding six general precincts for each such special bond election precinct, and shall designate a polling place and appoint one inspector, one judge and one clerk for each of such special bond election precincts.

In all particulars not recited in said ordinance, such special bond election shall be held as nearly as practicable in conformity with the general election laws of the state.

Said board shall cause a map or maps to be prepared covering a general description of the work to be done, which said map shall show the location of the proposed works and improvements and shall cause the said map to be posted in a prominent place in the county courthouse for public inspection for at least thirty (30) days before the date fixed for such election.

Said ordinance calling for such special bond election shall, prior to the date set for such election, be published pursuant to Section 6062 of the Government Code in a newspaper of general circulation circulated in each zone and participating zone affected. The last publication of such ordinance must be at least fourteen (14) days before said election, and if there be no such newspaper, then such ordinance shall be posted in five public places designated by the board, in each zone and participating zone for at least thirty (30) days before the date fixed for such election. No other notice of such election need be given nor need polling place cards be issued.

Any defect or irregularity in the proceedings prior to the calling of such special bond election shall not affect the validity of the bonds authorized by said election. Where a project affects a single zone only, if at such election two-thirds ($\frac{2}{3}$) of the votes cast in said zone on the proposition of incurring a bonded indebtedness are in favor thereof, then bonds for such zone for the amount stated in such proceedings shall be issued and sold as in this act provided. Where the incurring of bonded indebtedness by participating zones is to be determined at such election, no bonds for any of such participating zones shall be issued or sold unless two-thirds ($\frac{2}{3}$) of the votes cast on the proposition in each such participating zone are in favor of incurring the bonded indebtedness to be undertaken by such zone.

SEC. 21. Section 14 of the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951) is amended to read:

Sec. 14. The board shall, subject to the provisions of this act, prescribe by resolution the form of said bonds, which must include a designation of the zone or participating zone affected, and of the interest coupons attached thereto. Said bonds shall be payable annually or semiannually at the discretion of the board each and every year on a day and date, and at a place to be fixed by said board, and designated in such bonds, together with the interest on all sums

unpaid on such date until the whole of said indebtedness shall have been paid.

The board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different times from those of any other series. The maturity of each series shall comply with this section. The board may fix a date, not more than two years from the date of issuance, for the earliest maturity of each issue or series of bonds. Beginning with the date of the earliest maturity of each issue or series, not less than one fortieth of the indebtedness of such issue or series shall be paid every year. The final maturity date shall not exceed 40 years from the time of incurring the indebtedness evidenced by each issue or series.

The bonds shall be issued in such denomination as the board may determine, except that no bonds shall be of a less denomination than one hundred dollars (\$100), nor of a greater denomination than one thousand dollars (\$1,000), and shall be payable on the days and at the place fixed in said bonds, and with interest at the rate specified in such bonds, which rate shall not be in excess of 7 percent (7%) per annum, and shall be made payable annually or semiannually, and said bonds shall be numbered consecutively and shall be signed by the chairman of the board, and countersigned by the auditor of said district, and the seal of said district shall be affixed thereto by the clerk of the board. Either or both such signatures may be printed, engraved or lithographed. The interest coupons of said bonds shall be numbered consecutively and signed by the said auditor by his printed, engraved or lithographed signature. In case any such officers whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such bonds and coupons, and signatures or countersignatures shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until the delivery of the bonds.

SEC. 22. Section 18 of the Contra Costa County Flood Control and Water Conservation District Act (Chapter 1617 of the Statutes of 1951) is amended to read:

Sec. 18. The provisions of law of this state, prescribing the time and manner of levying, assessing, equalizing and collecting county property taxes, including the sale of property for delinquency, and the redemption from such sale, and the duties of the several county officers with respect thereto, are, so far as they are applicable, and not in conflict with the specific provisions of this act, hereby adopted and made a part hereof. Such officers shall be liable upon their several official bonds for the faithful discharge of the duties imposed upon them by this act. All property exempt from taxation for county purposes under the provisions of the Revenue and Taxation Code of the State of California is exempt from taxation for the purposes of this act. Property used for free public libraries and free museums, property used exclusively for public schools, and such as may belong

The board may let such work by single contract for the whole thereof as a unit or it may divide such work into severable convenient parts by separate contracts, as stated in such call, according to the best interests of the district. Said election shall in all particulars be held as provided by law for holding a municipal election in said city and the cost thereof shall be a city charge. The city council shall cause the results of the election to be certified to the board of supervisors of the zone and if a majority of the votes cast on the proposition to withdraw such area from the zone are in favor thereof, thereupon the area lying within the exterior boundaries of such city shall no longer be a part of the zone; provided, however, that the withdrawal of the area lying within the exterior boundaries of such city from the zone shall not release the area so withdrawn from debts and obligations for or upon which it was liable or chargeable at the time such withdrawal was made.

corporation, upon such terms and conditions as the board sees fit, upon a finding by the board that the interest in land conveyed is in the public interest and will not substantially conflict or interfere with the use of such property by the district for the purpose for which it was acquired.

The board may by resolution vacate or abandon easements for flood control or drainage purposes whenever it determines that they are no longer required for public use.

[Approved by Governor July 6, 1972. Filed with Secretary of State July 6, 1972.]

Any such user of water from an alternate nontributary source who seeks the benefit of this Section 1005.1, shall file with the board, on or before December 31st of each calendar year, a statement of the amount of water from said source so applied to reasonable beneficial use pursuant to the provisions of this section during the next preceding water year (November 1st to October 31st), and such user cannot claim the benefit of this section for any water year for which such statement is not so filed.

“Ground water” for the purpose of this section and of Section 1005.2 means water beneath the surface of the ground, whether or not flowing through known and definite channels.

The provisions of this section apply only as to the cessation of, or reduction in, the extraction of ground water within that area in this state defined by the exterior boundaries of the Counties of San Luis Obispo, Santa Barbara, Ventura, Los Angeles, Orange, San Diego, Imperial, Riverside, and San Bernardino.

The term “nontributary source” as used in this section shall be deemed to include water imported from another watershed, or water conserved and saved in the watershed by a water conservation plan or works without which such water of the same watershed would have wasted, or would not have reached the underground source of supply of the owner relying upon this section.

Cessation of or reduction in the extraction of ground water, to permit the replenishment of such ground water by the use of water from an alternate nontributary source, is hereby declared to be a reasonable beneficial use of the ground water to the extent and in the amount that water from such alternate source is applied to beneficial use, not exceeding, however, the amount of such reduction. No lapse, reduction or loss of any right in ground water, shall occur under such conditions. Any such user of water from an

alternate source who seeks the benefit of this Section 1005.2 with respect to the use of such water occurring prior to the effective date of this section, shall file with the board, within ninety (90) days from said effective date, a statement of the amounts of reduction in the extraction of ground water as the result of water from said alternate source having been so applied to reasonable beneficial use prior to said effective date to permit the replenishment of such ground water and said amounts shall be segregated and shown for each water year (November 1st to October 31st) during which such use occurred prior to the effective date of this section. Any such user of water from an alternate source who seeks the benefit of this Section 1005.2 with respect to the use of such water occurring subsequent to the effective date of this section, shall file with the board, on or before December 31st of each calendar year, a statement of the amount of reduction in the extraction of ground water as the result of water from said alternate source having been so applied to reasonable beneficial use during the next preceding water year (November 1st to October 31st) to permit the replenishment of such ground water. Such user cannot claim the benefit of this section for any water year for which such statement is not so filed.

The provisions of this section apply only as to the cessation of, or reduction in, the extraction of ground water within that area in this state defined by the exterior boundaries of the Counties of San Luis Obispo, Santa Barbara, Ventura, Los Angeles, Orange, San Diego, Imperial, Riverside, and San Bernardino.

The term "nontributary source" as used in this section shall be deemed to include water imported from another watershed or water conserved and saved in the watershed by a water conservation plan or works without which such water of the same watershed would have wasted, or would not have reached the underground source of supply of the owner relying upon this section.

The election shall be forwarded to the office of the system within 30 days after signature and notarization.

SEC. 3. Section 14284 of the Education Code, as added by Chapter 1305, Statutes of 1971, is amended to read:

Any member who has qualified for service retirement under Section 14211 may elect, as provided in Section 14280, and without right of revocation or change after approval of the election by the retirement board, to receive the actuarial equivalent as of the date of his retirement, of the retirement allowance payable to him when and if he retires for service in a reduced retirement allowance according to the provisions of either option 2 or option 3 as stated in Section 14280. If such a member at the time of making the election has a living spouse who would qualify for an allowance under Section 14186, the election under this section shall be invalid and of no effect unless and until the consent of such spouse to it is filed with the system in Sacramento. If the death of such member occurs after the date upon which the election has been signed and notarized, then the election shall be in full force and effect. The election shall be

The amount of the allowance prior to optional modification shall be calculated on the basis of the member's age at death before retirement, or at retirement, as the case may be, but the reduction of such allowance under the option elected shall be based on the ages of such member and the person nominated by him under such option, at the effective date of such election.

CHAPTER 285

An act to add Section 71975 to the Water Code, relating to municipal water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 6, 1972. Filed with
Secretary of State July 6, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 71975 is added to the Water Code, to read:
71975. Notwithstanding any other provision of law, within the Rainbow Municipal Water District, if bonds have been authorized or issued pursuant to Chapter 4 (commencing with Section 71920) of this part, and thereafter, due to a change in conditions or circumstances, the board determines that the improvement, generally described in the resolution of intention No. 438, adopted October 27, 1969, pursuant to Section 71924, should be significantly modified, the board by resolution may so modify such improvement and may issue authorized but unissued bonds or, to the extent the rights of bondholders are not impaired, expend the proceeds of bonds issued for the purpose of paying the cost of the improvement as modified, without any further election or without taking proceedings pursuant to Chapter 4 (commencing with Section 71920) of this part, provided that such modification shall not change the purpose for which the sale of bonds was originally authorized, and only after notice and hearing in the same manner as provided in Article 2 (commencing with Section 71880) of Chapter 3 of this part and Article 6 (commencing with Section 53520) of Chapter 3, Part 1, Division 2, Title 5 of the Government Code, and provided that at the conclusion of the hearing the board, four-fifths of the members concurring, shall by resolution determine that the territory within the improvement district will be benefited by the improvement as modified. Notwithstanding the foregoing, the board, by resolution, may make minor modifications in the plans for the acquisition and construction of improvements and the determination made in such resolution shall be final and conclusive.

SEC. 2. The provisions of this act are necessary because of special

circumstances within the Rainbow Municipal Water District. The district had originally authorized bonds for the construction of a waste water treatment plant for the benefit of an improvement district, but subsequently it became highly advantageous for the district to join with the City of Oceanside in the construction of a trunk sewer to dispose of the improvement district's waste water through the City of Oceanside's treatment plant rather than construct a separate waste water treatment plant. It is necessary that the district have its funds available as soon as possible to pay its share of the cost of the interceptor sewer if the district is not to lose additional funds available for the project from other sources during the 1971-1972 fiscal year. If it is necessary to secure the approval of the voters of the improvement district before the bond funds may be used for the construction of the interceptor sewer, rather than the waste water treatment plant, these additional funds will be lost and the construction of urgently needed facilities for the protection of the public health of residents of the improvement district will be greatly delayed. This problem is not common to all districts formed under the Municipal Water District Law of 1911. It is therefore hereby declared that a general law cannot be made applicable and that the enactment of Section 71975 of the Water Code as a special law is necessary for the solution of problems existing in the Rainbow Municipal Water District.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The construction of certain waste water projects and works of improvement within the Rainbow Municipal Water District is urgently needed to protect the public health and safety of residents of the district. This act enables the construction of such projects and works of improvement to be undertaken with the minimum possible delay. In order, therefore, to permit such projects and works of improvement to be completed at the earliest possible time, it is necessary that this act go into immediate effect.

SECTION 1. Section 329 of the Probate Code is amended to read:

329. If none of the subscribing witnesses resides in the county, but the deposition of one of them can be taken elsewhere, the court may direct it to be taken, and may authorize a photographic copy of the will to be made and to be presented to such witness on his examination, who may be asked the same questions with respect to it and the handwriting of himself, the testator and the other witness, as would be pertinent and competent if the original will were present. If the subscribing witnesses are competent at the time of attesting the execution, their subsequent incompetency, from whatever cause, will not prevent the probate of the will, if it is otherwise satisfactorily proved. If the court is satisfied that the evidence of no subscribing witness can be procured after reasonable search or inquiry, the court may, if the will on its face conforms to all requirements of law, admit the will to probate (1) upon proof of the handwriting of the testator and of any one of the subscribing witnesses or (2) upon proof of the handwriting of the testator and receipt in evidence either of a writing at the end of the document offered as a will bearing the purported signatures of all subscribing witnesses, or an affidavit of a person with personal knowledge of the circumstances of execution, which writing or affidavit recites facts showing the due execution of the will. The evidence of one or more of the subscribing witnesses may be received by an affidavit to which there is attached a photographic copy of the will, in any uncontested will proceedings.

(1) Citizens of the state can be afforded the protection of the police, fire, safety, sanitary, and other regulations and protections provided by public bodies;

(2) Public works and construction by public bodies can be commenced and continued without delay or restriction, to provide sewers, waterworks, schools, storm drains, flood control works, sanitary facilities, electric and other utility works, firehouses and facilities, police stations and facilities, streets, hospitals, and other works, structures, improvements, and facilities required for the public peace, health and safety, and immediately needed to provide for an increased population;

relating to sewer maintenance districts.*

[Approved by Governor July 10, 1972. Filed with
Secretary of State July 10, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 4894 of the Health and Safety Code is amended to read:

4894. Pursuant to a resolution adopted by its board of supervisors, a county may lend any of its available funds to a county sewer maintenance district located wholly within the county for use by the district in emergency situations for the construction, reconstruction, and repair of sewer systems, for replacement of obsolete equipment, or to defray unusual maintenance costs within the district. Any such loan may be restricted for use in a temporary zone formed under the provisions of Section 4894.1 in a district. The loan shall not exceed 100 percent of the tax levy of the district or zone for the year in which the loan is made.

The board of supervisors in the resolution shall specify the date and manner in which the funds shall be repaid. The resolution may provide for the payment of interest on the loan and the loan shall be repaid at the times and in the manner specified in the resolution which time shall not in any event exceed 10 years.

Funds so loaned shall be deemed to have been appropriated by the district or temporary zone in a district for the purposes for which the loan was made. Any area of a district, or of a temporary zone in a district, which is included in a city by annexation or incorporation after a loan has been made shall continue to be taxed for the repayment of its proportionate part of the unpaid balance of the loan.

If a zone is formed to be responsible for the loan, the board of supervisors shall, in the first fiscal year in which a special tax may be levied in said zone, and in each succeeding year of the duration of the zone, levy a special tax upon the taxable property in the zone for the purpose of repaying the amount lent to the district by the county. When the loan has been repaid, the zone shall terminate.

The board may also borrow funds from another sewer maintenance district, and the board may lend available district funds to another sewer maintenance district, subject to the same terms and conditions as apply to loans of county funds.

CHAPTER 316

19310. The board of supervisors may from time to time transfer moneys to the district, for the benefit of the zone, from any available funds of the county. Any moneys so transferred shall bear interest at a rate to be fixed by the board and are hereby appropriated, and shall be used, for the payment of any currently payable expenses incurred by reason of the installation of the lights proposed for the zone, and for the cost of maintenance thereof prior to December 1st of the first fiscal year in which a special tax may be levied in and on behalf of the zone. All costs of maintenance of the lights, subsequent to that date, shall be budgeted and included in the general levy of taxes in and on behalf of the district as a whole.

The provisions of this section shall not be construed to prohibit support from the county general fund from being provided for duties and services performed pursuant to the sections and part enumerated above.

SEC. 1.5. Section 13658.5 is added to the Education Code, to read:

13658.5. The Director of the Department of Human Resources Development is the administrator of the system of unemployment insurance, as provided in Article 6 (commencing with Section 821) of Chapter 3 of Part 1 of Division 1 of the Unemployment Insurance Code.

SEC. 2. Section 20110 is added to the Education Code, to read:

20110. There is hereby established in the county schools service fund of each county the "classified service unemployment account." This account shall be excluded from limitations placed on budgetary reserves and shall function for the purpose of implementation of Section 13658 and Article 6 (commencing with Section 821) of Chapter 3 of Part 1 of Division 1 of the Unemployment Insurance Code.

The Superintendent of Public Instruction shall have authority to represent, or arrange with a county superintendent of schools or make designation thereof consistent with this section for the representation of school employers at hearings held under Part 1 (commencing with Section 100) of Division 1 of the Unemployment Insurance Code. The cost of services provided by the Superintendent of Public Instruction under this section and under Section 822 of the Unemployment Insurance Code shall be paid from the Classified School Employees Fund.

Each county superintendent of schools, unless notified by the administrator to the contrary, shall perform such duties and render such services as required to implement such program. Any district, combination of districts, county, combination of counties, or combination of counties and school districts, may be established by the administrator whereby one agency may administer the program for the purpose of consolidation for economy and employment of specialists. Any school employer which fails to pay the contributions, interest, charges or levies within the time required shall be liable for interest on moneys due at the rate of one-half percent (0.5%) per month. If, except as stated in Section 828 of the Unemployment Insurance Code with reference to Section 826 thereof, the school employer fails, without good and substantial cause, to pay any sums required within the time required a penalty of 10 percent of the amount noticed, billed or required shall be made by the administrator. The administrator may for good cause waive all or a portion of interest and penalty.

SEC. 2.5. Section 20806 of the Education Code is amended to read:

20806. For the purpose of providing funds for the payment by the district of all or part of the premiums, dues, or other charges for health and welfare benefits on active officers and employees and

The tax shall be in addition to any other district tax now or hereafter authorized by law, and shall not be considered in fixing maximum rates of tax for school district purposes.

The provisions of this section authorizing the payment of all or part of the premiums, dues, or other charges for health and welfare benefits for the retired officers and employees who at the time of retirement were enrolled in a health and welfare benefit plan, shall be limited in applicability to any school district, or of two or more school districts governed by governing boards of identical personnel, having an average daily attendance of 400,000 or more as shown by the annual report of the county superintendent of schools for the preceding year.

SEC. 3. Section 20806.5 is added to the Education Code, to read:

20806.5. For the purpose of implementing Section 13658, a school employer, while utilizing general fund moneys or moneys derived pursuant to Section 20806, may budget for such disbursements for prior, current, and future years, as the need may indicate, for administrative cost reimbursements, payments and reserves for individual employer's obligations pursuant to Section 821 of the Unemployment Insurance Code. Such moneys shall be held in a revolving account by a district, or county superintendent of schools or in such fund or account as may be designated by law or contract. When any such moneys are held by a county, they shall be excluded from limits placed on reserves.

SEC. 4. Section 20806.6 is added to the Education Code, to read:

20806.6. For each school year, the board of supervisors of each county shall cause to be levied a tax as set forth in Section 824 of the Unemployment Insurance Code.

SEC. 5. Section 802 of the Unemployment Insurance Code is amended to read:

802. (a) The State of California, or any instrumentality of this state or of this state and one or more other states, for which services are performed that do constitute employment under Section 605, 605.1, or 605.5 may, in lieu of the contributions required of employers, elect to finance its liability for unemployment compensation benefits, extended duration benefits, and federal-state extended benefits with respect to such services by any method of financing

coverage that is permitted under Section 803.

(b) Any election under Section 803 for financing coverage under this section shall take effect with respect to services performed from and after the first day of the calendar quarter in which the election is filed with the director, and shall continue in effect for not less than two full calendar years. Thereafter the election under Section 803 may be terminated as of January 1 of any calendar year only if the state or instrumentality, on or before the 31st day of January of that year, has filed with the director a written application for termination. The director may for good cause waive the requirement that a written application for termination shall be filed on or before the 31st day of January. In no event shall any method of financing coverage by an election under Section 803 be valid that would establish any different method of financing coverage for any calendar quarter where an election for coverage has also been made by the state or any instrumentality under any provision of Article 4 (commencing with Section 701) of this chapter.

(c) The director may require from the state and each instrumentality, including any agent thereof, such employment, financial, statistical, or other information and reports, properly verified, as may be deemed necessary by the director to carry out his duties under this division, which shall be filed with the director at the time and in the manner prescribed by him.

(d) The director may tabulate and publish information obtained pursuant to this section in statistical form and may divulge the name of the state or instrumentality.

(e) The state and each instrumentality, including any agent thereof, shall keep such work records as may be prescribed by the director for the proper administration of this division.

(f) Except as inconsistent with the provisions of this section, the provisions of this division and authorized regulations shall apply to any matter arising pursuant to this section.

SEC. 6. Section 803 of the Unemployment Insurance Code is amended to read:

803. (a) As used in this section "entity" means any employing unit that is authorized or required by any provision of Article 4 (commencing with Section 701) of this chapter or by Section 801 or 802 to elect a method of financing coverage permitted by this section.

(b) In lieu of the contributions required of employers, an entity may elect any one of the following:

(1) To pay into the Unemployment Fund in the State Treasury at the times and in the manner provided in subdivision (c) of this section, an amount equal to the additional cost to the Unemployment Fund of the benefits, including extended duration benefits and federal-state extended benefits, paid based on base period wages with respect to employment for the entity. Benefits otherwise payable irrespective of this section shall be charged to employers' accounts in accordance with other sections of this division, but the additional cost to the Unemployment Fund of the benefits paid based

on base period wages with respect to employment for an entity pursuant to this section shall be borne solely by the appropriate entity. If benefits are based on wages paid during a base period by two or more entities, the benefits shall be borne by each of the entities in the proportion that the total wages paid to the individual in employment by each entity during the base period bears to the total wages paid to the individual in employment by all entities during the base period. "Total wages paid" as used in this subdivision, include taxable wages as well as wages which would be taxable except for the limitation on taxable wages provided under Section 930. The director may by authorized regulations prescribe a method of providing a good and sufficient bond to guarantee payment of contributions under this subdivision.

(2) To pay into the Unemployment Fund the cost of benefits, including extended duration benefits and federal-state extended benefits, paid based on base period wages with respect to employment for the entity and charged to its account in the manner provided by Section 1026, pursuant to authorized regulations which shall prescribe the rate or amount, time, manner, and method of payment or advance payment or providing a good and sufficient bond to guarantee payment of contributions.

(3) Two or more entities that have elected a method of financing under this section may, pursuant to authorized regulations, file an application with the director for the establishment of a joint account for the purpose of determining the rate of contributions they shall pay into the Unemployment Fund to reimburse the fund for benefits paid with respect to employment for such entities. The members of the joint account may elect either to share the additional cost to the Unemployment Fund of the benefits, including extended duration benefits and federal-state extended benefits, paid based on base period wages with respect to employment for such members, or to share the cost of benefits, including extended duration benefits and federal-state extended benefits, paid based on the base period wages with respect to employment for such members and charged to the joint account in the manner provided by Section 1026. The director shall prescribe authorized regulations for the establishment, maintenance, and dissolution of joint accounts, and for the rate or amount, time, manner, and method of payment or advance payment or providing a good and sufficient bond to guarantee payment of contributions by the members of joint accounts, on an additional cost basis and on the alternative basis of the cost of benefits charged in the manner provided by Section 1026.

(c) Sections 1030, 1030.5, 1031, 1032, and 1032.5, and any provision of this division for the noncharging of benefits to the account of an employer, shall not apply to an election under subdivision (b) of this section.

(d) In making the payments prescribed by subdivision (b) of this section there shall be paid or credited to the Unemployment Fund, either in advance or by way of reimbursement, as may be

determined by the director, such sums as he estimates the Unemployment Fund will be entitled to receive from each entity for each calendar quarter, reduced or increased by any sum by which he finds that his estimates for any prior calendar quarter were greater or less than the amounts which should have been paid to the fund. Such estimates may be made upon the basis of such statistical sampling, or other method as may be determined by the director.

Upon making such determination, the director shall give notice of the determination, pursuant to Section 1140, to the entity. The director may cancel any contributions or portion thereof which he finds has been erroneously determined. The director shall charge to any special fund, which is responsible for the salary of any employee of an entity, the amount determined by the director for which the fund is liable pursuant to this section. The contributions due from the entity shall be paid from the liable special fund, the General Fund, or other liable fund to the Unemployment Fund by the Controller or other officer or person responsible for disbursements on behalf of the entity within 30 days of the date of mailing of the director's notice of determination to the entity. The director for good cause may extend for not to exceed 60 days the time for paying without penalty the amount determined and required to be paid. Contributions are due upon the date of mailing of the notice of determination and are delinquent if not paid on or before the 30th day following the date of mailing of such notice. Any entity which fails to pay the contributions required within the time required shall be liable for interest on the contributions at the rate of $\frac{1}{2}$ percent per month or fraction thereof from and after the date of delinquency until paid, and any entity which without good cause fails to pay any contributions required within the time required shall pay a penalty of 10 percent of the amount of such contributions. If the entity fails to pay the contributions required on or before the delinquency date, the director may assess the entity for the amount required by the notice of determination. The provisions of Article 8 (commencing with Section 1126) of Chapter 4 of Part 1 of this division with respect to the assessment of contributions, and the provisions of Chapter 7 (commencing with Section 1701) of Part 1 of this division with respect to the collection of contributions, shall apply to the assessments provided by this section. The provisions of Sections 1177 to 1184, inclusive, relating to refunds and overpayments, shall apply to amounts paid to the Unemployment Fund pursuant to this section.

(e) To the extent permitted by federal law, no contributions shall be due from any entity other than a nonprofit organization which has elected a method of financing under subdivision (b) and which has previously made contributions required of employers pursuant to an elective coverage agreement or under compulsory coverage until the additional cost of benefits paid and reimbursable by or the cost of benefits paid and reimbursable by the entity under this section together with the benefits charged and chargeable to the reserve account of the entity as a result of its prior election or compulsory

coverage exceed the contributions made by the entity and credited to its reserve account pursuant to its prior election or compulsory coverage.

(f) Except with respect to a political subdivision electing coverage pursuant to Section 710.2, the director may terminate the election of any entity for any method of financing under this section if the entity is delinquent in the payment of advances or reimbursements required by the director under this section. After any such termination the entity may again make an election pursuant to this section but only if it is not delinquent in the payment of contributions and not delinquent in the payment of advances or reimbursements required by the director under this section.

(g) Notwithstanding any other provision of this section, no entity shall be liable for that portion of any extended duration benefits or federal-state extended benefits which is reimbursed or reimbursable by the federal government to the State of California.

(h) After the termination of any election under this section, the entity shall remain liable for its proportionate share of the additional cost of benefits paid, or of the cost of benefits paid and charged to its account in the manner provided by Section 1026, which are based on wages paid for services during the period of the election. Such estimates may be made upon the basis of such statistical sampling, or other method as may be determined by the director.

Upon making such determination, the director shall mail notice of the determination to the employing unit.

The director may cancel any contributions or portion thereof which he finds have been erroneously determined. The contributions due from the employing units shall be paid, transferred or credited from the Classified School Employees Fund established in the State Treasury by Section 822 to the Unemployment Fund by the State Treasurer, State Controller, or other officer or person responsible for disbursements on behalf of the employing unit within 30 days of the date of mailing of the director's notice of determination to the employing unit.

Each employing unit shall send a copy of any and all notices, billings or correspondence not normally routed to the administrator regarding unemployment insurance for the classified school employees to the administrator and county superintendent of schools, or agent thereof with timely documentation of charges or determination. The provisions of Article 8 (commencing with Section 1126) of Chapter 4 of this part with respect to the assessment of contributions, and the provisions of Chapter 7 (commencing with Section 1701) of this part with respect to the collection of contributions, shall apply to the assessments provided by this article. The provisions of Sections 1177 to 1184, inclusive, relating to refunds and overpayments, shall apply to amounts paid to the Unemployment Fund pursuant to this section.

(d) Notwithstanding any other provision of this section, no employing unit shall be liable for that portion of any extended duration benefits or federal-state extended benefits which is reimbursed or reimbursable by the federal government to the State of California.

(e) The administrator shall adopt rules and regulations for the administration of this article in accordance with Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

821.3. As used in this article, "administrator" means the Director

of the Department of Human Resources Development.

821.5. The provisions of Article 3 (commencing with Section 1326) of Chapter 5 of this part relating to filing, determination, and payments of unemployment compensation benefit claims, and all other provisions of this part not inconsistent with this article, shall apply to all claims and matters arising under this article.

822. There is hereby established in the State Treasury the "Classified School Employees Fund". Moneys received from tax levies pursuant to Section 825, together with any charges, notices, fees, interest, penalties, assessments, or other revenue, shall be deposited in this fund. All money in the fund is hereby appropriated to the administrator without regard to fiscal year for carrying out the purposes of this article, for administrative costs, for making refunds, and for investment through the Surplus Money Investment Fund, with any interest or earnings credited to the Classified School Employees Fund. Funds to be used for administrative costs shall be budgeted and expended in accordance with existing state law. The administrator shall take all action necessary to administer the program. The Superintendent of Public Instruction is hereby authorized to obtain pertinent personnel records and data from any school employer and to act as an agent individually or collectively for school employers in matters pertaining to unemployment insurance.

823. For the purpose of providing funds for the payment of billings, notices, and other expenses of unemployment insurance for classified school employees pursuant to Sections 13658 and 20806.6 of the Education Code each county board of supervisors shall levy, at the same time and in the same manner as other taxes are levied, a tax or taxes as set forth below. The tax shall be in addition to any other taxes now or hereafter authorized by law, and shall not be considered in fixing maximum rates of taxes for school district purposes, or any other purpose. Moneys collected pursuant to this section shall be remitted by the school district or on the school district's behalf by the county auditor to the State Treasurer within 30 days of collection, and shall be deposited in the Classified School Employees Fund.

For 1972-1973 and 1973-1974 fiscal years each school employer employing classified school employees shall budget and remit on or before the last day of the calendar month following the close of each calendar quarter to the State Treasurer for deposit in the Classified School Employees Fund in the State Treasury one-half percent (0.5%) of total wages, including taxable wages as well as wages which would be taxable except for the limitation on taxable wages provided under Section 930, reported for calendar years 1972 and 1973, except that payments due for the first three quarters of 1972 shall not be owing until after December 15, 1972, but shall be paid within 30 days of receipt of tax moneys levied for this purpose.

For the 1974-1975 fiscal year, and for subsequent fiscal years, the schedule set forth in Section 824 shall apply for purposes of determining the amount of levy, if any, which shall be made. The provisions of this section shall be operative until the 61st day after the

824. On or before July 10, 1974, and each calendar year thereafter, the administrator shall notify the county board of supervisors and the county auditor of each county, of the cash balance in the Classified School Employees Fund as of May 31 of that year. If such balance as a multiple of the total amount of unemployment benefits charged to school employers during the preceding calendar year equals or exceeds the amount set forth on any line of column 1 and is less than the amount set forth in column 2 of that same line, each county board of supervisors shall levy a tax at the rate (per one hundred dollars (\$100) of assessed valuation) set forth on that line in column 3 below. Thus, the administrator shall divide the past year's disbursements into the unencumbered balance of the fund to establish a multiple and so inform each county auditor of the appropriate tax rate; except that such tax rate shall be modified by a factor provided pursuant to Section 17261 of the Education Code and Section 1819 of the Revenue and Taxation Code. The county auditor shall remit the proceeds of such tax to the State Treasurer within 30 days of collection to be deposited in the Classified School Employees Fund.

2	1.0	1.25	0.007
3	1.25	1.5	0.005
4	1.5	2.0	0.004
5	2.0	2.5	0.003
6	2.5	3.0	0.002
7	3.0, or more		0.001

825. For the purpose of providing funds for the payment by each school employer as defined in Section 135.3 of all or part of charges for unemployment insurance benefits, fees, notices, assessments, interest or penalties, on behalf of employees, pursuant to Section 13658 of the Education Code and for the expenses incurred by the school employer in administering such program, taxes may be levied and collected annually at the same time and in the same manner as other taxes are levied and collected. The tax shall be in addition to any other school employers' tax now or hereafter authorized by law, and shall not be considered in fixing maximum rates of taxes for school purposes.

826. Each school employer shall each fiscal year budget in addition to the provisions of Section 823 an amount which together with unencumbered balance shall be not less than that which is determined, but in no case less than fifteen dollars (\$15) per each covered classified employee, as follows:

Each employer in the categories specified below shall multiply the

fiscal year budget, for the total wages, including taxable wages as well as wages which would be taxable except for the limitation on taxable wages provided under Section 930, of covered classified employees by the percentage specified below for each category.

Cate- gory	Employers	Average daily attendance (ADA)	Multi- plier
a.	Any over; and such personnel commissions serving same	96,000	0.2%
b.	Any with between	48,000 and 96,000	0.25%
c.	Any with between	24,000 and 48,000	0.3%
d.	Any with between	12,000 and 24,000	0.5%
e.	Any with between	6,000 and 12,000	0.7%
f.	Any with between	3,000 and 6,000	0.8%
g.	County offices and personnel commissions except as stated in a. above, and school employers with under	3,000	1.0%

827. The Classified School Employees Fund in the State Treasury shall be partially reimbursed from the funds budgeted under Section 826 by virtue of "a local experience charge", as set forth in Section 828, which shall be made by the administrator, as the employer's responsibility for sharing in the reimbursement billing caused by the school employer's experience. Such reimbursement charge shall be placed as an information item on the governing board's agenda for the next following regular meeting.

828. Each school employer shall be responsible for a quarterly local experience charge as set forth below, together with such charges or penalties set by the administrator for administrative indiscretions including tardiness, error, as well as all costs for benefits and administration resulting from failure to properly cover an employee. Such reimbursement for charges shall be delinquent 30 days from the date of notice and if not paid within the time required the school employer shall pay a penalty of 10 percent of the unpaid amount plus interest at the rate of one-half of one percent (0.5%) per month. However, if funds are not available to pay local experience charges, when the budget requirements as set forth in Section 826 were adhered to, penalties shall be waived by the administrator for a period of not to exceed nine (9) months. The formula to be used for calculating the local experience charge to be levied against each school employer is as follows:

Local Experience Charge

Step (a) The amount of benefits paid during any quarter shall be divided by the number of employees on the school employer's quarterly Contribution Return and Report of Wages to the department for that quarter.

Step (b) The amount derived by step (a) shall be distributed in line 1, then 2 and then 3, in accordance with the following table.

That portion of step (a) which is equal to or exceeds column (a) and is not greater than column (b) shall be multiplied by the rate on the same line.

Line	Value derived in step (a) is to be distributed		Rate
	Column (a)	Column (b)	
1	\$0.00 up to \$40.00		10%
2	\$40.01 up to \$80.00		5%
3	\$80.01 and over		1%

Step (c) The values in step (b) shall be added.

Step (d) The sum derived in step (c) shall be multiplied by the number of employees on the school employer's last quarterly Contribution Return and Report of Wages.

829. The total amount derived in step (d) of Section 828 shall be the amount that the school employer, county superintendent of schools or empowered entity shall on behalf of the employers under such jurisdiction reimburse the Classified School Employees Fund in the State Treasury. However, this amount shall not exceed one and seven-tenths percent (1.7%) of the actual annual wages paid by a school employer in any calendar year as indicated in the four quarterly reports to the department.

830. For the purpose of financing unemployment insurance coverage for classified employees employed by the school employers under specially funded projects, the funding agency shall remit to each school employer two and seven-tenths percent (2.7%), plus the rate in effect under Section 976.5, of the taxable wages paid to such employees. The school employer or county auditor shall remit on or before the last day of the calendar month following the close of each calendar quarter to the State Treasurer for deposit in the Classified School Employees Fund in the State Treasury such an amount, whether or not received from the funding agency, for deposit. Such funds become the property of the fund and shall not be held exclusively for employees of specially funded projects.

831. Each school employer employing classified school employees pursuant to specially funded projects or contracts shall budget and remit on or before the last day of the calendar month following the close of each calendar quarter to the State Treasurer for deposit in the Classified School Employees Fund in the State Treasury, a surcharge of one percent (1%) of such employees' total wages for the 1972-1973 fiscal year and each fiscal year thereafter.

832. The administrator shall at least annually calculate experiences of school employers relative to usage of the Unemployment Fund by specially funded employees. Such calculations shall include individual tabulations on the experience of each school employer in relation to expenditures made on behalf of

specially funded project employees and the income to the Classified School Employees Fund from the wages paid such employees by such employer and all school employers' participation with special funds shall be listed and ranked by ratio of use and reported annually to the affected school employer and governing board thereof prior to the 15th day of October of each year.

The administrator shall develop experience relationships on all benefits paid to employees via the Classified School Employees Fund and on school employers' experience related to use and exposure. Data shall relate to numbers of employees and types of programs. A report by the administrator on the above shall be made each year to the Legislature prior to the 15th of February containing comments and recommendations on improvement to administration, enforcement and financing of the provisions relative thereto.

SEC. 9. The amendment to Section 20806 of the Education Code enacted by Section 2.5 of this act shall become operative on the 61st day after the final adjournment of the 1974 Regular Session of the Legislature. Any funds derived pursuant to the authority of that portion of that section deleted by the amendment made by this act shall, after that date, be deemed to have been derived pursuant to Section 825 of the Unemployment Insurance Code.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

For these reasons it is essential that this act take effect immediately.

[Approved by Governor July 10, 1972. Filed with Secretary of State July 10, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 4733.5 is added to the Health and Safety Code, to read:

4733.5. Where two or more county sanitation districts have joined in the purchase, ownership, use, construction, maintenance, or operation of a sewerage system, or sewage disposal or treatment plant, or refuse transfer or disposal system, or both, either within or without the districts, or have so joined for any combination of these purposes, as provided in Section 4742, and the districts hold their meetings jointly, and one or more of the directors serve as a director on more than one of such districts meeting jointly, the districts may, by joint resolution approved by each district, limit the compensation of such a director to compensation equal to not more than fifty dollars (\$50) for each jointly held meeting attended by him, not to exceed one hundred dollars (\$100) in any one month for attendance at jointly held meetings.

15002.1. The governing board of a school district, prior to acquiring any site on which it proposes to construct any school building as defined in Section 15452 shall have the site, or sites, under consideration investigated by competent personnel to ensure that the final site selection is determined by an evaluation of all factors affecting the public interest and is not limited to selection on the basis of raw land cost only. The investigation shall include such geological and soil engineering studies by competent personnel as are needed to provide an assessment of the nature of the site and potential for earthquake damage.

The geological and soil engineering studies of the site shall be of such a nature as will preclude siting of a school in any location where the geological characteristics are such that the construction effort required to make the site safe for occupancy is economically unfeasible. The evaluation shall also include location of the site with respect to population, transportation, water supply, waste disposal facilities, utilities, traffic hazards, surface drainage conditions, and other factors affecting the operating costs, as well as the initial costs, of the total project.

No school building shall be constructed or situated on the trace of an active geological fault. For purposes of this section, an active geological fault is defined as one along which surface rupture can be reasonably expected to occur within the life of the building.

Similar geological and soil engineering investigations shall be made as deemed necessary by the Department of General Services for the construction of any school building as defined in Section 15452 or, if the estimated cost exceeds ten thousand dollars (\$10,000), the reconstruction or alteration of or addition to any such school building

for work which alters structural elements. No such study need be made if the site or sites under consideration have been the subject of adequate prior study.

A copy of the report of each investigation conducted pursuant to this section shall be submitted to the Department of General Services and the Department of Education pursuant to Article 4 (commencing with Section 15451) of Chapter 2 of this division. The cost of geological and soil engineering studies and investigations conducted pursuant to this section may be treated as a capital expenditure.

If it is determined that a major district exists, any resolution ordering a reorganization subject to confirmation of the voters shall designate the major district, either by name or boundary description, and all minor districts, either by name or boundary descriptions.

SEC. 7. Section 56442 of the Government Code is amended to read:

56442. A "major district" means any single subject district which has voting power greater than the combined voting power of all other subject districts. A "minor district" means any subject district which is not a major district. No "major district" shall be deemed to exist: (i) where the territory of a single subject district overlaps the entire territory covered by the proposed reorganization, or, (ii) where the reorganization, as defined in subdivision (b) of Section 56068 affects only a single subject district. The voting power of the respective subject districts shall be determined as follows:

(a) The total number of votes authorized to be cast within each subject district shall be determined for the entire territory of such district, including all overlapping territory.

(b) If the election is to be called and held within any territory ordered annexed to or detached from a subject district, the voting power of such district shall be determined with respect only to the territory ordered annexed or detached and not the entire territory of such district.

[Approved by Governor July 13, 1972. Filed with Secretary of State July 13, 1972.]

TITLE 7.3. SOLID WASTE MANAGEMENT
AND RESOURCE RECOVERY

CHAPTER 1. GENERAL PROVISIONS

Article 1. Findings and Declarations

66700. This title shall be known and cited as the Nejedly-Z'berg-Dills Solid Waste Management and Resource Recovery Act of 1972.

66701. The Legislature finds and declares as follows:

(a) The increasing volume and variety of solid wastes being generated throughout the state, coupled with the often inadequate existing methods of managing such wastes, are creating conditions which threaten the public health, safety, and well-being by contributing to air, water, and land pollution, to the production of flies, rodents, and litter, to the waste of dwindling natural resources, and to the general deterioration of the environment.

(b) The foregoing situation arises from the interaction of a number of factors, including rapid population increase, decentralized urban growth, industrial expansion, agricultural changes, transportation improvements, and technological developments in the manufacturing, packaging, and marketing of consumer products, which collectively are placing planning, economic, and resource base limitations upon the availability of land for solid waste disposal.

(c) The traditional methods of solid waste management in this state directed largely to land disposal may not meet future requirements for eliminating environmental pollution and conserving natural resources.

(d) Methods of solid waste management emphasizing source reduction, recovery, conversion, and recycling of all solid wastes are essential to the long-range preservation of the health, safety, and well-being of the public, to the economic productivity and environmental quality of the state, and to the conservation of the state's remaining natural resources.

66702. The Legislature therefore declares that it is in the public interest to establish and maintain a comprehensive state solid waste management and resource recovery policy, the objective of which will be to manage solid wastes in this state so as to protect the public health, safety, and well-being, to preserve the environment, and to provide for the maximum reutilization and conversion to other uses of the resources contained therein.

State policy adopted by the board shall include the minimum standards for the protection of the public health submitted to the board pursuant to Section 4520 of the Health and Safety Code.

66771. Standards included in the state policy for solid waste management may include the location, design, operation, maintenance, and ultimate reuse of solid waste processing or disposal facilities, but shall not include aspects of solid waste handling or disposal which are solely of local concern and not determined by the board to be of statewide concern, such as, but not limited to, frequency of collections, means of collection and transportation, level of service, charges and fees, designation of territory served through franchises, contracts or governmental employees, and purely aesthetic considerations.

Each solid waste management plan shall be submitted for review and comments to the regional planning agency for the region recognized by the council on intergovernmental relations prior to submission to the board. Any county, with the agreement of a majority of the cities within the county which contain a majority of the population of the incorporated area of the county, may transfer the responsibility for the preparation of such solid waste management plan to the regional planning agency for the region recognized by the Council on

Intergovernmental Relations. Each plan shall be submitted to the board for approval as to its compliance with state policy by January 1, 1976. Each such plan shall include an analysis of the economic feasibility of the plan. Where appropriate such plans may include elements providing for subregional solid waste management covering more than one county or parts thereof. Such plans shall not supersede plans of any local jurisdiction unless there is agreement by all parties concerned.

66781. State offices, departments, and boards in carrying out activities involving solid waste disposal shall comply with solid waste management plans approved by the state board unless otherwise directed or authorized by statute, in which case they shall indicate to the board in writing their authority for not complying with such plans.

The board shall adopt by January 1, 1975, after review, notice, public hearings, and modification by the board as necessary, the State Solid Waste Resource Recovery Program which shall be submitted to the board by the council on July 1, 1974. The program shall include, but is not limited to, the following elements:

(a) Guidelines, criteria, procedures, and financial participation formulas for the initiation and maintenance of a major state-directed research and development program, jointly with public and private entities and individuals, to develop technologically and economically feasible systems for the collection, reduction, separation, recovery, conversion, and recycling of all solid wastes, and the environmentally safe disposal of nonusable residues. Such research and development program shall be so structured as to ensure maximum entitlement by the state and its contractees of all matching moneys available from any federal, state or private source, and the program may include among its basic objectives pure research, or the design, construction, and testing of pilot equipment and systems for the processing of solid wastes.

(b) Special studies and demonstration projects on the recovery of useful energy and resources from solid wastes, including but not limited to, the following:

(1) Methods of recovering resources and energy from solid wastes, recommended uses of such resources and energy for the

local, state, national, or international welfare, including identification of potential markets for such recovered resources, and the impact of the distribution of such resources on existing markets.

(2) Changes in current product characteristics, and production and packaging practices, which would reduce the amount of solid waste generated at its source.

(3) Methods of collection, reduction, separation, and containerization which will encourage the more efficient utilization of facilities, and contribute to more effective programs for the reuse of solid wastes.

(4) The use of state procurement to develop market demand for recovered resources, with special emphasis on maximum possible state use of recycled paper.

(5) Recommended incentives, including state grants, loans, and other assistance, and disincentives, to public agencies and private organizations and individuals, necessary to accelerate the reclamation and recycling of resources from solid wastes.

(6) The effects of existing public policies, including subsidies and economic incentives and disincentives, percentage depletion allowances, capital gains treatment, and other tax incentives and disincentives, upon the recycling and reuse of solid wastes, and the likely effects of the modification or elimination of such incentives and disincentives upon the reuse, recycling, and conservation of such resources.

(7) The advantages and disadvantages, and methods of imposing, disposal taxes on packaging, containers, vehicles, and other manufactured goods, which charges would reflect the cost of final disposal, the value of recoverable components of the item, and any social costs associated with the nonrecycling or uncontrolled disposal of such items.

(c) State pilot resources recovery projects, at the state institution or institutions where such projects are deemed most feasible. Each project shall be designed to provide for the maximum possible reuse and recycling of the solid wastes generated by the institution. Based upon the data developed during the projects, this element of the resource recovery program may be expanded or discontinued by the board.

Article 4. Other Powers and Duties

66791. The Legislature finds that local agencies, in order to effectively plan and purchase solid waste disposal facilities on a long-range basis, need financial assistance. The board shall study alternative methods of providing financial assistance to local agencies for such purposes, including, but not limited to, revenue bond financing, with the objective of developing self-supporting programs. The board shall report its findings and recommendations on such subject to the Legislature not later than July 1, 1974.

66792. The board shall file an annual report with the Legislature not later than the fifth calendar day of each regular session of the Legislature, stating the progress achieved under the programs established pursuant to this chapter and containing recommended additional administrative and legislative actions necessary to implement the policies and programs established by this chapter. The report submitted to the 1974 Regular Session shall include information on the financial impact of the state policy proposed to be adopted pursuant to Section 66770.

CHAPTER 344

An act to amend Section 2821 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor July 13, 1972. Filed with
Secretary of State July 13, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 2821 of the Revenue and Taxation Code is amended to read:

2821. Any person filing an affidavit of interest may apply to the tax collector to have any parcel separately valued on the current roll for the purpose of paying taxes. A county may, upon approval of the board of supervisors, require that the applicant notify the property owner.

The application shall be made during the current fiscal year, and shall set forth the fact that a duly executed and recorded deed, purchase contract, deed of trust, mortgage, or final decree of court describes the parcel sought to be separately valued. A county may, upon approval of the board of supervisors, prohibit such applications during the 10-day period preceding each tax installment delinquent date and during the 10-day period prior to June 30th of each year.

The application may request that the tax created by the assessment of personal property, or leasehold improvements, or possessory interests on the whole assessment be allowed to remain as a lien on the parcel sought to be separately valued.

If any lien not determined by the application of a tax rate on a valuation of property has been levied or placed on the whole assessment, the application may be accompanied by the certification

of the taxing agency or revenue district authorized by law to levy or place the lien, setting forth the specific amount of that portion of the lien levied or placed on the whole assessment which is to continue to be levied or placed on the parcel sought to be separately valued.

The board of supervisors may provide that a parcel with a lien against it and other property, pursuant to the Improvement Act of 1911, Division 7 (commencing with Section 5000) of the Streets and Highways Code, or the Improvement Bond Act of 1915, Division 10 (commencing with Section 8500) of the Streets and Highways Code, will not be separately valued unless a request has been made to the agency levying the bond lien for a division of land and bond. A copy of the requested division of land and bond shall accompany the request for separate property tax valuation.

Any separations of property pursuant to this section are for valuing property for tax purposes only, and are not intended to create a legal building site or to supersede requirements pursuant to zoning, building, lot split or subdivision ordinances.

The tax collector shall notify the planning commission of the jurisdiction in which the property is situated of all applications for separate valuation.

SEC. 2. It is the intent of this Legislature that an application for separate valuation, regardless of whether it is or is not approved, does not create a legal building site.

SEC. 2. The governing board of the Oroville Union High School District is hereby authorized to increase, for the 1972-1973 fiscal year only, the maximum rate of school district tax by such amount as will, when levied against each one hundred dollars (\$100) of assessed value of property in the district, produce an amount sufficient to recover any loss in revenues suffered and not recouped in the 1971-1972 fiscal year through an omission to levy the full amount of the increase in the maximum tax rate authorized under Section 20803 of the Education Code.

The tax authorized by this section shall not exceed fifteen cents (\$.15) on each one hundred dollars (\$100) of the assessed value of property in the district.

The provisions of this section shall be operative only for the 1972-1973 fiscal year and shall have no force or effect thereafter.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety, within the meaning of Article IV of the Constitution, and shall go into immediate effect. The facts constituting such necessity are:

A school district is required to publish its budget on or before August 15 of each year, and present the budget to the county superintendent of schools for review and determination of the amount of money which must be provided by a school district tax. It is necessary that this act be adopted as an urgency statute in order to be effective in time to allow the Oroville Union High School District to recoup in the 1972-1973 fiscal year any loss in revenues suffered during the 1971-1972 fiscal year.

The board shall notify the Department of Fish and Game of any application for a permit to appropriate water. The Department of Fish and Game shall recommend the amounts of water, if any, required for the preservation and enhancement of fish and wildlife resources and shall report its findings to the board.

CHAPTER 361

An act to amend Sections 13801, 13813, 14100, 14111 and 17668.5 of, and to add Article 13.5 (commencing with Section 14084) and Article 17 (commencing with Section 14130) to Chapter 4 of Division 10 of, the Education Code, relating to the State Teachers' Retirement System, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 13, 1972. Filed with Secretary of State July 13, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 13801 of the Education Code is amended to read:

13801. This chapter shall be known and may be cited as the State Teachers' Retirement Law and may be known and cited as the E. Richard Barnes Act.

SEC. 3. Section 13813 of the Education Code as added by Chapter 1305 of the Statutes of 1971 is amended to read:

13813. The revision of the State Teachers' Retirement Law, including this section, enacted at the 1971 and 1972 Regular Sessions of the Legislature, shall not be construed to affect the structure of the accounts and benefits of persons retired prior to July 1, 1972, or their beneficiaries, except as specifically provided.

SEC. 3.5. Article 13.5 (commencing with Section 14084) is added to Chapter 4 of Division 10 of the Education Code, to read:

Article 13.5. Transfer of Assets—Los Angeles Unified School District Retirement System and Los Angeles Community College District Retirement System

14084. This article details the provisions relating to the transfer of assets from the Los Angeles Unified School District Retirement System and the Los Angeles Community College District Retirement System to the State Teachers' Retirement System should the members of the above-named local systems elect to be wholly covered by the State Teachers' Retirement System, as well as the provisions of law covering the transfer of assets from the State Teacher's Retirement System to the above-named local systems should the members of the local systems elect to be wholly covered by the above-named local systems.

The purpose of the asset valuation method described in this article shall be to provide equality for each party.

The transfer of assets provided for in this article shall be in cash or in securities in kind. Without in any way limiting the definition of "securities" and so that it may be perfectly clear, this term shall include notes secured by mortgages or real estate mortgages.

14084.1. Sections 14085 through 14091 apply to the transfer of

assets as of June 30, 1972, as they relate to the Los Angeles Unified School District Retirement System.

14085. The total market value of the State Teachers' Retirement Funds' securities shall be established as of the close of business on June 30, 1972. The accrued income on the securities at June 30, 1972, cash on hand, the investment principal in course of collection and the members contributions receivable shall be added to the total market value of securities and, after deducting interest and principal collected in advance and retirement claims payable and filed, this amount shall be divided by the total of member contribution reserves plus reserves for retirement annuities, death annuities, and survivor benefits. The quotient thus obtained, computed to eight places past the decimal, shall be divided into the total of the cash, market values of the securities in kind which are to be transferred to the State Teachers' Retirement System to enable that system to discharge the obligations for member contribution reserves plus reserves for retirement annuities, death annuities and survivor benefits being assumed by that system for the Los Angeles Unified School District Retirement System in Section 14134.1, established as of the close of business on June 30, 1972, and any accrued income thereon, to provide the values of the Los Angeles Unified School District's assets for transfer. To ensure uniform calculation of the reserves for retirement annuities, death annuities and survivor benefits, the reserves for both systems shall be calculated by applying the appropriate State Teachers' Retirement System's 1943 and 1962 State Teachers' Mortality Tables, 4 percent interest attained-age annuity factors to the benefits payable as of June 30, 1972.

Accrued income properly computed shall include any delinquent interest at the face rate on any item which, while in default, is guaranteed or insured by an agency of the United States government.

Values established in accordance with the above procedures shall be obtained and approved by each board, who may obtain the assistance of other parties and may, if they so desire, agree to binding valuations by a mutually agreed-upon independent party.

Either the Los Angeles Unified School District or the Teachers' Retirement Board may reject specified securities for transfer and recommend alternative selections.

Selection of securities to be transferred in kind shall not be made in a manner adverse to the Teachers' Retirement Fund. While a proportionate division of each holding shall not be required, the State Teachers' Retirement System shall be entitled to a division of the city local system's securities distributed between nonconvertible fixed income investments, equities, and securities convertible into equities in proportion to the book value of these security groupings to the total value of the city local system's portfolio as of June 30, 1972. However, the Teachers' Retirement Board may reject any securities which do not qualify under its investment resolution as amended December 18, 1970.

Should the respective parties be unable to reach agreement on market value of assets by October 15, 1972, the matter shall be submitted to arbitration by an independent party who, in making his determination shall be guided by the State Constitution, existing law, the formal investment resolution of the Teachers' Retirement Board as amended December 18, 1970, and the provisions of this article, and his decision shall be binding upon both parties to the extent that it is legal under state law. The arbitrator shall be mutually agreed upon by the respective boards. If agreement cannot be reached, the market value shall be established by a panel of three arbitrators, one appointed by the Los Angeles Unified School District, one by the Teachers' Retirement Board and the third selected by mutual agreement of the first two. Decisions of the arbitration panel shall be binding upon the Los Angeles Unified School District and the State Teachers' Retirement System to the extent that it is legal under state law.

14086. To mitigate the possibility of conflicts arising because of changing market valuations over time, the transfer shall be effected as soon as possible. To this end, a partial transfer consisting of cash and securities in kind valued at market plus accrued income equivalent to 90 percent of the estimated value of the annuity savings (active member accumulated contributions) shown on the city system's records shall be made as soon after June 30, 1972, as possible with a subsequent adjustment in its valuation amount effected as soon as the aforementioned valuation quotient is computed. A decision as to which stocks shall be eligible for transfer must be agreed upon by both parties prior to the valuation date to avoid any possible inequity. For the total of the common and preferred stocks to be transferred, any change in the market value between the valuation date and the actual date of transfer shall bear a close relationship to the change in the Standard and Poor's Composite Stock Index of 500 Companies between the same dates.

14086.1. If the Los Angeles Unified School District Retirement System incurs a net realized loss from the transfer of assets at less than their book values, that loss shall be a charge against the residual funds remaining on deposit with the Los Angeles Unified School District.

14086.2. The transfer of cash and securities in kind from the Los Angeles Unified School District to the State Teachers' Retirement System shall be accomplished by that district delivering the cash and securities in kind at the office of the State Treasurer in Sacramento properly registered in the name of the State Teachers' Retirement System in accordance with the registration requirements of the State Teachers' Retirement System. This transfer shall be completed by June 30, 1973. Interest on the actual amount of any cash transfer shall be at the rate of 6 percent per annum from July 1, 1972, to date of the transfer. Any cash income payments or payments on securities received in the form of securities by the Los Angeles Unified School District after June 30, 1972, which are properly allocable to the

Teachers' Retirement Fund shall be paid to the Teachers' Retirement Fund.

14087. If the Los Angeles Unified School District's assets contributed are recorded in the State Teachers' Retirement System's accounts at a total amount different than the total member annuity savings (active member accumulated contributions) and present value of retired roll being financed from local system reserves transferred to the State Teachers' Retirement System, the difference shall be recorded in the State Teachers' Retirement System's account as a deferred item which is to be amortized over a 25-year period.

14088. All costs of the asset transfer, asset valuation, security registration, and the administrative costs in the implementation of Chapter 1305, Statutes 1971, as they relate to the local system, shall be a charge against the residual funds remaining on deposit with the Los Angeles Unified School District.

14089. The balance of assets remaining on deposit with the Los Angeles Unified School District after the transfers, deposits and payments required by this article or after establishment of reserves from which such deposits and payments shall be made, shall be held intact by the districts until the Legislature either prior thereto or thereafter expressly authorizes the expenditure or other disposition thereof.

14090. In the event that the members of the Los Angeles Unified School District Retirement System elect to be fully covered by their local system so as to require a transfer of cash and securities in kind from the Teachers' Retirement Fund to the Los Angeles Unified School District Retirement System, the State Teachers' Retirement System shall contribute cash or securities in kind. The quotient obtained under Section 14085 shall be divided into the total of the cash, market values of the securities in kind which are to be transferred, established as of the close of business June 30, 1972, and any accrued income thereon, to provide the valuation of the assets which are to be transferred to the local system. The actual cash contributed shall bear interest at the rate of 6 percent per annum from the date due until the date of transfer.

14091. If any provision of this article or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this article which can be given effect without the invalid provision or application, and to this end the provisions of this article are severable.

SEC. 4. Section 14100 of the Education Code as added by Chapter 1305 of the Statutes of 1971 is amended to read:

14100. The school districts and other employing agencies in the state shall contribute monthly to the Teachers' Retirement Fund the following percentages of the total of the salaries upon which members' contributions are based:

- (a) For fiscal year ending June 30, 1973 3.2%
- (b) For fiscal year ending June 30, 1974 4%
- (c) For fiscal year ending June 30, 1975 4.8%

- (d) For fiscal year ending June 30, 1976 5.6%
- (e) For fiscal year ending June 30, 1977 6.4%
- (f) For fiscal year ending June 30, 1978 7.2%
- (g) For all fiscal years after June 30, 1978 8%

In a local district only the salaries of those members who are not contributing to the local system shall be included in the preceding computations of total contributions by the district.

SEC. 5. Section 14111 of the Education Code as added by Chapter 1305, Statutes of 1971, is amended to read:

14111. District taxes may be levied and collected annually pursuant to this section by the respective districts at the same time and in the same manner as other district taxes are levied and collected. The tax shall be in addition to any other district tax now or hereafter authorized by law, and shall not be considered in fixing maximum rates of taxes for school district purposes.

Such tax is for the purpose of providing funds to make contributions to the Teachers' Retirement Fund required of school districts under Section 14100 and to local retirement systems, and the rate shall be such as necessary to raise the amount of difference between the estimated amount of contribution needed and the estimated amount of foundation support provided by Section 17668.5.

The tax rate provided by this section shall not exceed ten cents (\$0.10) per each one hundred dollars (\$100) of the assessed value of property in an elementary school district or five cents (\$0.05) per each one hundred dollars (\$100) of the assessed value of property within a high school district or community college district.

In a unified school district the tax rate provided by this section shall not exceed fifteen cents (\$0.15) per each one hundred dollars (\$100) of the assessed value of property within the district.

If at the end of any school year there remains an unencumbered balance derived from the revenue of the increase in tax rate provided by this section, such balance shall be used exclusively in the following school year for the expenditures of the school district during that year required by Section 14100.

SEC. 6. Article 17 (commencing with Section 14130) is added to Chapter 4 of Division 10 of the Education Code, to read:

Article 17. Los Angeles Unified School District Retirement System

14130. Chapter 1305 of the Statutes of 1971, modified the State Teachers' Retirement System for improving benefits for, and providing a source of financing from teachers and school districts which did not maintain a local retirement system. These changes make it impossible to continue the prior relationship of the Los Angeles and San Francisco systems to the State Teachers' Retirement System. To enable these local systems to separately determine their future course of action, Chapter 1305 of the Statutes

of 1971 makes no change in the local systems other than to terminate additional subventions after June 30, 1972.

The purpose of this article is to grant authority to the Los Angeles Unified School District to take any and all necessary steps to determine whether it wishes to merge with the State Teachers' Retirement System and thereby gain the advantage of the benefit improvements and financing structure of that system, or to continue to operate a separate system under a local benefit and financing program. This authority shall include the right to expend moneys out of the local system fund to cover the expenses of the investigation of the advantages of the merger and to consummate the merger if this course appears desirable, as well as to create and maintain reasonable contingency reserves to insure an orderly and adequate transition fully protecting the interests of the Los Angeles teachers.

14131. Notwithstanding any other provision of this code, the provisions of this article shall govern the matters included in this article.

14132. The modifications to the State Teachers' Retirement System retirement, disability and family allowances formulae contained in Chapter 1305 of the Statutes of 1971 shall not apply to the Los Angeles Unified School District Retirement System, hereinafter called the city local system.

14133. An election shall be held any time prior to July 1, 1972, to determine if the affected members of the city local system are to be covered only by that system or to be covered only by the State Teachers' Retirement System. The election shall be decided by a simple majority of those voting. The election shall be effective as of July 1, 1972.

The election shall be in such manner as specified by the governing board of the Los Angeles Unified School District and the results shall be transmitted to the State Teachers' Retirement System by that board no later than June 30, 1972. All costs of the election shall be borne by the employer reserve in the city local system.

14133.1. If the affected members of the city local system vote in an election held prior to July 1, 1972, to be covered only by the city local system, Sections 14133.2 through 14133.8 shall apply.

14133.2. Effective July 1, 1972, all members of the city local system are excluded from membership in the State Teachers' Retirement System except for nonlocal service. A person so excluded shall retain the right to receive a retirement allowance for nonlocal service which is creditable in the State Teachers' Retirement System unless he withdraws his contributions therefor as provided in Section 14070.

14133.3. All persons who first enter employment in the Los Angeles Unified School District on or after July 1, 1972, in positions which otherwise would be eligible for membership in the State Teachers' Retirement System are members of the city local system. The State Teachers' Retirement System shall not accept these persons into membership.

14133.4. Member and employer contributions for service performed in the Los Angeles Unified School District shall be paid to the city local system.

14133.5. All persons on the city local system retired rolls on June 30, 1972, shall remain on the local rolls. The State Teachers' Retirement System will continue the subvention in Section 14120 to the local district for those persons, will pay the retired update and annual improvement factor increase directly to the retirant and will pay the two-thousand-dollar (\$2,000) retired death benefit upon their death. Such retired death benefit will be reduced by the retired death benefit payable by the city local system.

14133.6. The city local system shall provide concurrent retirement benefits for service in the city local system as provided in Sections 13838, 13990 and 14211 as these sections read on July 1, 1972, for:

(a) Any person who was a member of both retirement systems on June 30, 1972; and

(b) Any person who could have qualified under (a) above if he had not taken a refund from either but not both systems; provided he qualifies for and redeposits prior to retirement in either system.

14133.7. Notwithstanding the provisions in Section 14211, a member of the city local system may retire concurrently and receive credit from the State Teachers' Retirement System for service performed in other states of the United States, its territories and possessions and the Dominion of Canada provided that the person is eligible under Sections 13998, 13999 and 14000, and the benefits attendant thereto.

14133.8. The city local system shall provide for and assume total financial responsibility for the full Permanent Fund benefit earned through June 30, 1972, as those benefits existed in subdivision (a) of Section 14240 on June 30, 1972.

The accumulated Permanent Fund contributions related to Los Angeles local service shall be transferred to the city local system as of July 1, 1972.

14134. If affected members of the city local system on June 30, 1972, vote in an election held prior to July 1, 1972, to be covered only by the State Teachers' Retirement System, Sections 14134.1 through 14139 shall apply.

14134.1. The subvention to the city local system shall be canceled and the retired rolls transferred to the State Teachers' Retirement System as of July 1, 1972, together with the present value of the annuity and other benefits being paid from the employer and employees' reserves in the city local system less the present value of the benefit being provided out of subventions.

14134.2. There shall be no reduction of any benefit being paid to an individual as a result of Section 14134.1.

14134.3. All service credited to the individual accounts in the city local system shall be transferred to the State Teachers' Retirement System on the same basis as credentialed service is credited in the

State Teachers' Retirement System.

14134.4. The Los Angeles Unified School District shall transfer to the Teachers' Retirement Fund as of July 1, 1972, the total contributions on deposit in the individual accounts of members of the city local system, and shall transfer not less than:

(a) An amount equal to the contributions that would have been required had all service prior to July 1, 1972, been performed as a nonlocal member of the State Teachers' Retirement System plus credited interest through June 30, 1972, plus 6 percent interest from July 1, 1972, to the actual date of transfer; plus

(b) An amount equal to 8 percent of the employee compensation as provided in Section 13832 for service performed from the date due in the system's office plus 6 percent interest.

14134.5. The Los Angeles Unified School District shall also deposit in the Teachers' Retirement Fund an amount equal to 3.2 percent of employee compensation as provided in Section 13832 as the employer's contribution for service performed from the date due in the system's office, plus 6 percent interest.

14134.6. If the accumulated contributions in the person's account at the time of transfer to the State Teachers' Retirement System are not equal to those required in Section 14134.4, the difference between the amount in the account and the required amount is an unfunded liability and is the responsibility of the employer. The Los Angeles Unified School District shall, at the time of the transfer of assets, provide the additional amount of accumulated contributions required to put each individual account in balance if the shortage is due to the rate of contributions which had been required by the city local system. Such amount shall be a charge against the residual funds remaining on deposit with the Los Angeles Unified School District. Clerical errors in assignment of rates or errors in rates due to incorrectly reported birth dates are the responsibility of the member.

14134.7. Any funds transferred by the governing board of the Los Angeles Unified School District in accordance with Section 14134.4 in addition to the accumulated contributions already in the member's account shall be deposited as employer contributions in the Teachers' Retirement Fund, and shall not be credited to the member's account and shall not be refundable.

14134.8. Persons who elected to retain the $\frac{1}{60}$ th formula when the $\frac{1}{60}$ th formula was adopted by the city local system are liable for the portion of contributions related to that election plus credited interest through June 30, 1972, and regular interest thereafter.

14134.9. Adjustments to accounts caused by late discovery shall be made in accordance with Sections 14134.4, 14134.5, 14134.6 and 14134.8.

14134.10. Those persons who took a refund of their contributions and interest from the city local system prior to July 1, 1972, and who have Permanent Fund contributions on deposit in the State Teachers' Retirement System for such service shall have the

accumulated Permanent Fund contributions on deposit in the State Teachers' Retirement System as of July 1, 1972, treated in the same manner as the Permanent Fund contributions of all nonlocal members.

Upon discovery and notification to such persons, they shall:

- (a) Redeposit the contributions required with regular interest; or
- (b) Leave the Permanent Fund accumulated contributions on deposit and receive an actuarially reduced retirement allowance.

14138. The Los Angeles Unified School District may continue the current annual report of member contributions and service for fiscal year 1972-1973 for all nonlocal certificated members working in the Los Angeles Unified School District. The 8-percent employee and 3.2-percent employer contributions for these nonlocal members shall be remitted monthly. If an annual report is submitted instead of a monthly report, it is due on July 31, 1973, and is delinquent on August 31, 1973. The provisions of Section 14056 shall apply.

14139. The city local system shall submit a list of all members of that system as of June 30, 1972, who have credentialed service which would qualify for membership in the State Teachers' Retirement System. The list shall be submitted to the State Teachers' Retirement System no later than August 31, 1972.

14140. If any provision of this article or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this article which can be given effect without the invalid provision or application, and to this end the provisions of this article are severable.

SEC. 7. Section 17668.5 of the Education Code as added by Chapter 1305, Statutes of 1971 is amended to read:

17668.5. Except for the areawide foundation programs the Superintendent of Public Instruction shall increase the various foundation programs for each school unit of average daily attendance by sixteen dollars (\$16) in the 1972-73 fiscal year and an additional four dollars (\$4) in each fiscal year thereafter to a maximum of forty dollars (\$40). The Superintendent of Public Instruction shall compute the increased foundation support pursuant to this section as though no areawide school support programs were in operation in the state. The Superintendent of Public Instruction may adjust the small school foundation programs at the elementary, high school and community college levels in accordance with this increase in the regular foundation program.

In addition the Superintendent of Public Instruction shall in making the computation prescribed in Sections 17702 and 17951 of the Education Code increase the computational tax in Sections 17702 and 17951 by:

- (a) Four cents (\$0.04) in the 1972-73 fiscal year and an additional one cent (\$0.01) in each fiscal year thereafter to a maximum of ten cents (\$0.10) in an elementary school district.
- (b) Two cents (\$0.02) in the 1972-73 fiscal year and an additional one-half cent (\$0.005) in each fiscal year thereafter to

a maximum of five cents (\$0.05) in a high school district.

(c) Eight-tenths of one cent (\$0.008) in the 1972-73 fiscal year and an additional two-tenths of one cent (\$0.002) in each fiscal year thereafter to a maximum of two cents (\$0.02) in a community college district.

Further, the Superintendent of Public Instruction shall identify to each school district the amount of increased foundation support granted under this section which shall be used as a limitation on the taxes that may be levied and collected annually under the provisions of Section 14111 of the Education Code.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect.

The facts constituting such necessity are: In order to permit the orderly implementation of Chapter 1305 of the Statutes of 1971 this act must take effect immediately.

CHAPTER 362

An act to add Section 6401.5 to the Labor Code, relating to employment safety.

[Approved by Governor July 13, 1972. Filed with
Secretary of State July 13, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 6401.5 is added to the Labor Code, to read:
6401.5. Every contractor on a construction project, including but not limited to any public works, shall maintain adequate emergency first aid treatment for his employees. However, a person who has engaged in the fitting and selling of hearing aids at an established place of business in this state for a period of 10 years on the effective date of this act or a person who has regularly served residents of this state from a permanent place of business located within 100 miles of the borders of this state, for the 10 years previous to the effective date of this act, shall be exempt from the provisions of paragraphs (1), (2), and (3) of subdivision (a) of Section 3353.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

CHAPTER 366

An act to amend Section 11525.2 of the Business and Professions Code, relating to subdivisions.

[Approved by Governor July 13, 1972. Filed with
Secretary of State July 13, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 11525.2 of the Business and Professions Code is amended to read:

11525.2. Whether by request of a county board of education or otherwise, a city or county may adopt an ordinance requiring any subdivider who develops or completes the development of one or more subdivisions in one or more school districts maintaining an elementary school to dedicate to the school district, or districts, within which such subdivisions are to be located, such land as the local governing body shall deem to be necessary for the purpose of constructing thereon such elementary schools as are necessary to assure the residents of the subdivision adequate public school

service. In no case shall the local governing body require the dedication of an amount of land which would make development of the remaining land held by the subdivider economically unfeasible or which would exceed the amount of land ordinarily allowed under the procedures of the State Allocation Board.

An ordinance adopted pursuant to this section shall not be applicable to a subdivider who has owned the land being subdivided for more than 10 years prior to the filing of the tentative maps in accordance with Article 4 (commencing with Section 11550) of this chapter. The requirement of dedication shall be imposed at the time of approval of the tentative map. If, within 30 days after the requirement of dedication is imposed by the city or county, the school district does not offer to enter into a binding commitment with the subdivider to accept the dedication, the requirement shall be automatically terminated. The required dedication may be made any time before, concurrently with, or up to 60 days after, the filing of the final map on any portion of the subdivision. The school district shall, in the event that it accepts the dedication, repay to the subdivider or his successors the original cost to the subdivider of the dedicated land, plus a sum equal to the total of the following amounts:

(a) The cost of any improvements to the dedicated land since acquisition by the subdivider.

(b) The taxes assessed against the dedicated land from the date of the school district's offer to enter into the binding commitment to accept the dedication.

(c) Any other costs incurred by the subdivider in maintenance of such dedicated land, including interest costs incurred on any loan covering such land.

If the land is not used by the school district, as a school site, within 10 years after dedication, the subdivider shall have the option to repurchase the property from the district for the amount paid therefor.

The school district to which the property is dedicated shall record a certificate with the county recorder in the county in which the property is located. The certificate shall contain the following information:

1. The name and address of the subdivider dedicating the property.

2. A legal description of the real property dedicated.

3. A statement that the subdivider dedicating the property has an option to repurchase the property if it is not used by the school district as a school site within 10 years after dedication.

4. Proof of the acceptance of the dedication by the school district and the date of the acceptance. The certificate shall be recorded not more than 10 days after the date of acceptance of the dedication. The subdivider shall have the right to compel the school district to record such certificate, but until such certificate is recorded, any rights acquired by any third party dealing in good faith with the school

district shall not be impaired or otherwise affected by the option right of the subdivider.

If any subdivider is aggrieved by, or fails to agree to the reasonableness of any requirement imposed pursuant to this section, he may bring a special proceeding in the superior court pursuant to Section 11525.

CHAPTER 367

An act to amend Section 34272 of the Health and Safety Code, relating to housing.

[Approved by Governor July 13, 1972. Filed with Secretary of State July 13, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 34272 of the Health and Safety Code is amended to read:

34272. Three of the commissioners first appointed shall be designated to serve for terms of one, two, and three years, respectively, from the date of their appointment, and two shall be designated to serve for terms of four years from the date of their appointments. Their successors shall be appointed for a term of four years except that all vacancies shall be filled for the unexpired term. Notwithstanding any other law, and subject to the conditions in this section, a commissioner may be an officer or employee of the county or city for which the authority is created, or he may be a member, commissioner, or employee of any other agency or authority of, or created for, the community. An officer or employee of a city or county in which an authority is established may serve as a commissioner only if such officer or employee does not exercise powers or duties in his office or employment that may conflict with the exercise of the independent judgment required to carry out the purposes of an authority. Any appointment of a successor to a commissioner of a city housing authority shall be made by the mayor if his office is one filled by election by the people, subject to the confirmation of a majority of the members of the governing body. If the office of mayor is not elective the governing body of the city shall make the appointment. All appointments of commissioners of a county housing authority shall be made by the governing body of the county.

SEC. 2. Section 34272 of the Health and Safety Code is amended to read:

34272. In the case of a commission of five persons, three of the commissioners first appointed shall be designated to serve for terms of one, two, and three years, respectively, from the date of their appointment, and two shall be designated to serve for terms of four

years from the date of their appointments. In the case of a commission of seven persons, four of the commissioners first appointed shall be designated to serve for terms of one, two, three, and four years, respectively, and three shall be designated to serve for terms of four years from the date of their appointments. If two commissioners are added to increase the number of commissioners of an authority which is in existence and transacting business and exercising its powers on the effective date of the amendments to this section enacted at the 1972 Regular Session of the Legislature, such commissioners shall serve for terms of four years from the date of their appointments. Their successors shall be appointed for a term of four years except that all vacancies shall be filled for the unexpired term. If a tenant commissioner ceases to be a tenant of the authority, he shall be disqualified as commissioner and another tenant shall be appointed to fill the unexpired term. Notwithstanding any other law, and subject to the conditions in this section, a commissioner may be an officer or employee of the county or city for which the authority is created, or he may be a member, commissioner, or employee of any other agency or authority of, or created for, the community. An officer or employee of a city or county in which an authority is established may serve as a commissioner only if such officer or employee does not exercise powers or duties in his office or employment that may conflict with the exercise of the independent judgment required to carry out the purposes of an authority. Any appointment of a successor to a commissioner of a city housing authority shall be made by the mayor if his office is one filled by election by the people, subject to the confirmation of a majority of the members of the governing body. If the office of mayor is not elective the governing body of the city shall make the appointment. All appointments of commissioners of a county housing authority shall be made by the governing body of the county.

SEC. 3. It is the intent of the Legislature, if this bill and Assembly Bill No. 419 are both chaptered and amend Section 34272 of the Health and Safety Code, and this bill is chaptered after Assembly Bill No. 419, that the amendments to Section 34272 proposed by both bills be given effect and incorporated in Section 34272 in the form set forth in Section 2 of this act. Therefore, Section 2 of this act shall become operative only if this bill and Assembly Bill No. 419 are both chaptered, both amend Section 34272, and Assembly Bill No. 419 is chaptered before this bill, in which case Section 1 of this act shall not become operative.

CHAPTER 368

An act to amend Sections 18730 and 18731 of the Government Code, relating to state civil service, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 13, 1972. Filed with Secretary of State July 13, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 18730 of the Government Code is amended to read:

18730. The board may establish a clerical pool in any locality where the demand for temporary clerical help warrants it. Such pool shall be established by the employment of sufficient clerical employees by the board to fill the needs of various appointing powers for temporary help from time to time.

SEC. 2. Section 18731 of the Government Code is amended to read:

18731. Upon a request from any appointing power for temporary help which can be filled from those employed by the board in the clerical pool, the board shall assign such persons as are needed.

Upon such assignment the appointing power may be charged pursuant to Section 11253 or Sections 11256 to 11263, inclusive, for the cost of the services.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The need for temporary help clerical personnel is increasing. In the past, this need has been met through alternative methods such as limited-term and permanent-intermittent appointments made by individual departments or, more recently, by contracting with private temporary help agencies to provide the service. Contracting for such service may be in conflict with constitutional requirements. Therefore, this legislation should be given immediate effect so that the necessity for such contractual arrangements may be minimized.

SEC. 4. (a) This act is limited to the correction of defects, irregularities and ministerial errors which the Legislature originally could have omitted from the statutory requirements of law under which the acts hereby confirmed, validated and declared legally effective were taken.

(b) This act is limited to the validation of acts and proceedings to the extent to which the same can be effectuated under the State and Federal Constitutions.

(c) This act shall not operate to confirm, validate, or legalize any act, proceeding or other matter the legality of which is being contested or inquired into in any legal proceeding, now pending and undetermined or which may be pending and undetermined during the period of 30 days from and after the effective date of this act, and shall not operate to confirm, validate, or legalize any act, proceeding or other matter which has heretofore been determined in any legal proceeding to be illegal, void or ineffective.

SEC. 5. If any provisions of this act or its application to any person or circumstances is held invalid, the remainder of the act and the application of its provisions to other persons or circumstances is not affected.

CHAPTER 370

The people of the State of California do enact as follows:

SECTION 1. Section 465 is added to the Public Utilities Code, to read:

465. (a) Except as provided in subdivision (b), whenever any labor of a custodial or janitorial nature is not performed by the employees of a public utility, such labor shall be let out under contract to the lowest responsible bidder with the provision that prevailing wages be a condition of any such contract.

(b) Nothing in this section shall prevent a public utility from employing a custodial or janitorial service for a period of 90 days or less without a contract meeting the requirements of subdivision (a) of this section.

CHAPTER 372

An act to amend Section 22358.3 of the Vehicle Code, relating to vehicles.

The declared prima facie limit shall be effective when appropriate signs giving notice thereof are erected upon the street.

After such filing the commission may change such boundaries in the manner provided by Section 66652 for San Francisco Bay Plan maps. Such change will become effective only if authorized by an affirmative vote of two-thirds of the commission's members and, where the change involves a reduction or elimination of a priority use area which has been so designated because of contemplated acquisition necessary to implement the priority use, upon a finding that there is no substantial probability that a public agency will be

Such changes shall be made by resolution of the commission adopted after public hearing on the proposed change, of which adequate descriptive notice shall be given. If the proposed change pertains to a policy or standard contained in the San Francisco Bay Plan, or defines a water-oriented use referred to in Section 66602 or 66605, the resolution adopting the change shall not be voted upon less than 90 days following notice of hearing on the proposed change and shall require the affirmative vote of two-thirds of the commission members. If the proposed change pertains only to a map or diagram contained in the San Francisco Bay Plan, the resolution adopting the change shall not be voted on less than 30 days following notice of hearing on the proposed change, except that changes proposed under Section 66611 shall not be voted on less than 90 days following such notice, and shall, except as provided by Section 66611, require the affirmative vote of the majority of the commission members.

The committee shall review all such conditions and make a recommendation to the governing board as to the compatibility of such conditions with the intent and purpose of the fund. Such filing shall be made prior to filing or taking action under Chapter 6.6 (commencing with Section 54773), Part 1, Division 2, Title 5. The State Lands Commission shall approve or disapprove all portions of the boundaries of the proposed city which are located upon such tidelands or submerged lands. Within 45 days after the filing of the boundary description and map with the State Lands Commission, such commission shall make a determination of the proper offshore or submerged lands boundaries. Such determination shall be final and conclusive. Failure of the commission to report within such time shall be deemed approval of the proposed offshore or submerged lands boundaries.

The costs incurred by the State Lands Commission in connection with making such determination shall be paid by the county in which the territory proposed to be incorporated is located if the incorporation does not occur, and otherwise by the newly incorporated city.

The State Lands Commission shall report its determination to the county in which the territory proposed to be incorporated is located, to such other person or persons, if any, as shall have filed such boundary description and map, and to the executive officer of the local agency formation commission of the county in which the territory is located. Thereafter, filings and action may be taken pursuant to Chapter 6.6 (commencing with Section 54773) of Part 1, Division 2, Title 5. Pursuant to such Chapter 6.6, the local agency formation commission may review and make determinations as to all portions of the boundaries of the proposed city, other than such offshore or submerged lands boundaries.

For purposes of this section, submerged lands include but are not limited to lands underlying navigable waters irrespective of whether or not such waters are subject to tidal influences.

CHAPTER 395

An act to amend Section 2 of Chapter 1423 of the Statutes of 1971, relating to financial support for the public schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 17, 1972. Filed with Secretary of State July 17, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 2 of Chapter 1423 of the Statutes of 1971 is amended to read:

Sec. 2. For purposes of determining eligibility for apportionments of funds appropriated in Item 270 of the Budget Act of 1971 (Chapter 266 of the Statutes of 1971), and more particularly, in determining the average daily attendance in school districts for which equalization aid was computed, the Superintendent of Public Instruction shall compute the same by considering solely individual school district wealth, disregarding the effects of the areawide school support mechanism, and as though no areawide school support programs were in operation anywhere in the state; except that school districts which receive equalization aid only because of the operation of the areawide school support mechanism shall likewise be eligible.

In the event that this act does not become effective in the 1971-72 fiscal year, the districts affected shall nevertheless be apportioned in the subsequent fiscal year the amount they should have received in the 1971-72 fiscal year under the provisions of this act. The Superintendent of Public Instruction shall compute the amount the affected districts should have received had they been included in sharing the funds from Item 270 of the Budget Act of 1971, as modified by this act, and the districts shall be apportioned that amount from the appropriation for the same purpose in the Budget Act of 1972; and in the event there is no similar appropriation in the Budget Act of 1972, the districts shall be apportioned that amount as a correction pursuant to Section 17414 of the Education Code.

SEC. 2. For purposes of determining eligibility for apportionments of funds appropriated in Item 268 of the Budget Act of 1972, and more particularly, in determining the average daily attendance in school districts for which equalization aid was computed, the Superintendent of Public Instruction shall compute the same by considering solely individual school district wealth, disregarding the effects of the areawide school support mechanism, and as though no areawide school support programs were in operation anywhere in the state.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Section 2 of Chapter 1423 of the Statutes of 1971 will, unless

amended, exclude certain school districts from the additional equalization aid for cost increases due to inflation prescribed by Item 270 of the Budget Act of 1971, which these school districts had budgeted for use during the 1971-1972 fiscal year. In order to prevent this unfortunate result, and to facilitate the orderly administration of the school finance system during the current fiscal year, it is necessary that this act take effect immediately.

Further, in order to equitably apportion additional equalization aid for cost increases due to inflation, appropriated by Item 268 of the Budget Act of 1972, it is necessary that this act take effect immediately.

CHAPTER 410

An act to amend Section 13143.6 of the Health and Safety Code, relating to fire safety, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 19, 1972. Filed with
Secretary of State July 19, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 13143.6 of the Health and Safety Code is amended to read:

13143.6. The State Fire Marshal, with the advice of the State Fire Advisory Board, shall prepare and adopt regulations establishing minimum standards for the prevention of fire and for the protection of life and property against fire in any building or structure used or intended for use as a home or institution for the housing of any person of any age when such person is referred to or placed within such home or institution for protective social care and supervision services by any governmental agency. Occupancies within the meaning of this section shall be those not otherwise specified in Sections 13113 and 13143 and shall include, but are not limited to those commonly referred to as "certified family care homes," "out-of-home placement facilities," and "halfway houses." Regulations adopted pursuant to this section shall establish minimum standards relating to the means of egress and the adequacy of exits, the installation and maintenance of fire extinguishing and fire alarm systems, the storage, handling, or use of combustible or flammable materials or substances, and the installation and maintenance of appliances, equipment, decorations, and furnishings that may present a fire, explosion, or panic hazard. Such minimum standards shall be predicated on the height, area, and fire-resistive qualities of the building or structure used or intended to be used.

Any building or structure within the scope of this section used or intended to be used for the housing of more than six nonambulatory persons shall have installed and maintained in proper operating condition an automatic sprinkler system approved by the State Fire Marshal. "Nonambulatory person," as used in this section shall include, but is not limited to, any profoundly or severely mentally retarded, totally deaf, or blind person.

The ambulatory or nonambulatory status of any mentally retarded person within the scope of this section shall be determined by the Director of Public Health.

Any building or structure within the scope of this section used or intended to be used for the housing of more than six ambulatory persons shall have installed or maintained in proper operating condition an automatic fire alarm system approved and listed by the State Fire Marshal which will respond to products of combustion other than heat.

In adopting regulations pursuant to this section, the State Fire Marshal shall give reasonable consideration to the continued use of existing buildings' housing occupancies established prior to the effective date of this section.

In preparing and adopting regulations pursuant to this section, the State Fire Marshal shall also secure the advice of the appropriate governmental agencies involved in the affected protective social care programs in order to provide compatibility and maintenance of operating programs in this state.

No governmental agency shall refer any person to, or cause their placement in, any home or institution subject to this section without first obtaining verification of conformance to the fire safety standards adopted by the State Fire Marshal pursuant to this section from the fire authority having jurisdiction pursuant to Sections 13145 and 13146.

When a building or structure within the scope of this section is used to house either ambulatory or nonambulatory persons, or both, and an automatic fire sprinkler system, approved by the State Fire Marshal, is installed, this section shall not be construed to also require the installation of an automatic fire alarm system.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

As Section 13143.6 of the Health and Safety Code now reads, if a building houses over six nonambulatory occupants, it must be equipped with a sprinkler system; if over six ambulatory occupants, it must be equipped with an automatic fire alarm system. If it houses both ambulatory and nonambulatory occupants it must be equipped with sprinklers and a fire alarm system.

These requirements place an unnecessarily heavy expense on the owners and operators of homes for the physically or mentally ill. The installation of either type of system is expensive, but necessary. The installation of both types of systems will make it financially unsound for persons to enter this business.

In order to eliminate as soon as possible the requirement that both types of systems be installed in any building or structure housing ambulatory as well as nonambulatory persons, it is necessary that this act take effect immediately.

The payments made by the nonpublic institution of higher education or nonpublic school that has entered into an agreement with the county superintendent of schools under this section shall be equal to the cost incurred by the county superintendent of schools in connection with the handling of, and the loss, destruction or damage to the audiovisual curriculum materials, including equipment and apparatus, by the nonpublic institution of higher education or the nonpublic school.

The audiovisual curriculum materials, including equipment and apparatus, shall be available for use by the nonpublic institution of higher education or the nonpublic school pursuant to this section only when such materials, including equipment and apparatus, are not needed by the public schools or the county superintendent of schools.

As used in this section, "nonpublic school" means a school that satisfies the requirements of Section 12154 and is exempt from taxation under Section 214 of the Revenue and Taxation Code.

A majority of the members of each city selection committee shall constitute a quorum.

The city selection committee shall meet at the call of the local agency formation commission chairman, or at the request of 60

At any meeting of a city selection committee, the executive officer of the commission shall determine whether a quorum of the selection committee is present and whether the vote requirements of this section have been complied with on any action taken by the committee. When the commission is considering a proposal for the annexation of territory to a city of which one of the members of the commission is an officer, the member is disqualified from participating in the proceedings of the commission with respect to the proposal and the alternate member shall serve and vote in his place for such purpose. All votes taken by the city selection committee for the purpose of filling vacancies on, or selecting alternates to, the commission shall be recorded by the executive officer of the commission.

When the mayor or the chairman or president of the city council is unable to attend a meeting of the city selection committee, he may designate a member of the city's elected governing body to serve in his place.

[Approved by Governor July 19, 1972. Filed with
Secretary of State July 19, 1972]

The people of the State of California do enact as follows:

SECTION 1. Section 7.8 of the Ventura County Flood Control Act (Chapter 44 of Statutes of 1944, Second Extraordinary Session) is repealed.

SEC. 2. Section 7.10 is added to the Ventura County Flood Control Act (Chapter 44 of Statutes of 1944, Second Extraordinary Session), to read:

SEC. 7.10. (a) A specific object and purpose of this act is to provide for the recreational use and beautification of lands and properties in connection with the carrying out of and as a part of the broader flood control and water conservation objects and purposes of this act, to the end that the scenic beauty and natural environment of such lands is enhanced, protected, and preserved. To carry out such specific object and purpose, the district shall have, in addition to the other powers vested in it by this act, the following powers:

(1) To acquire, construct, maintain, operate, and install recreational facilities or landscaping within the district or any zone of the district in connection with any dam, reservoir, flood control, or storm drainage facility or work of improvement, or other property owned or controlled by the district, or in connection with any flood control or water conservation project in which the district participates in the cost of construction, operation, or maintenance thereof or in the cost of land acquisition therefor.

(2) Upon a finding of the board of supervisors that the acquisition is necessary to the full exercise of its power under the provisions of paragraph (1) of this subdivision, to acquire, by grant, purchase, gift, devise, lease, construction, condemnation, or otherwise, and to hold, use, enhance, protect, preserve, manage, occupy, possess, and enjoy any lands or interests in lands contiguous to any property owned or controlled by the district, or contiguous to any flood control or water conservation project in which the district participates in the cost of construction, operation, or maintenance thereof or in the cost of land acquisition therefor, for recreational use or beautification purposes. It is hereby declared that the use of lands or interests in lands which may be condemned, taken, or appropriated under the provisions of this paragraph is a public use subject to the regulation and control of the state in the manner prescribed by law.

(3) Upon a finding of the board of supervisors that any of the

facilities or properties acquired or held by the district pursuant to the provisions of this section are no longer necessary to be retained for the uses and purposes thereof, or upon a finding by the board of supervisors that provision will be made for the continued recreational use or beautification of such facilities or property by others, to provide, by agreement with other public agencies or private persons or entities or otherwise, for the recreational use or beautification of such facilities or properties or for the leasing or disposal of such facilities or properties; provided, however, that no such agreement, lease, or disposal of any such facilities or property shall interfere or be inconsistent with any flood control or water conservation use or purpose of such facilities or properties or contiguous properties owned or controlled by the district.

(4) To exercise any of the powers vested in it by this act and to do all acts necessary for the full exercise of the powers vested in it by this section.

(b) Funds for exercise of the powers vested in the district by this section may be derived from ad valorem taxes or assessments levied pursuant to Section 12 of this act or fees and charges collected pursuant to Section 7.1 of this act. It is hereby declared that for the purposes of any tax or assessment levied under subdivision 2 of Section 12 of this act for recreational use or beautification purposes of special benefit to any zone of the district, the property so taxed or assessed is equally benefited. In regard to any flood control, water conservation, or storm drainage facility or work of improvement for which bonds are hereafter voted under the provisions of this act, the proceeds of such bonds may be used for recreational use or beautification purposes authorized by the provisions of this section. However, in connection with any flood control or water conservation project in which the district participates in whole or in part, in no event shall the district expend funds, regardless from what source or sources derived, for the acquisition, construction, or installation of any recreational facilities or landscaping or for the acquisition of lands or interests in lands for recreational use or beautification purposes, the total amount of which exceeds 10 percent of the costs of construction of such flood control or water conservation project.

(c) As used in this section, "recreation" means recreational activities associated with the out-of-doors, such as camping, picnicking, fishing, boating, sightseeing, hiking, and water contact sports and the associated facilities of campgrounds, riding and hiking trails, picnic areas, parking areas, boat launching ramps, view points, water supply and sanitary facilities, and such other facilities as may be necessary to make project land and water areas available for use by the public.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Because of the recent advent of federal and state legislation

concerned with environmental impact and the activities of persons and entities concerned with the enhancement, protection, and preservation of the scenic beauty and natural environment, the provisions of this act are urgently needed to permit the Ventura County Flood Control District to immediately insure minimum adverse effect of certain flood control projects on the existing and future environmental amenities in or contiguous to such flood control project areas and to enable the district to immediately proceed with or cause the orderly planning, designing, and installation of vital flood control improvements, including the major Santa Paula Creek flood control improvements, for the preservation of the public peace, health, and safety.

19683. Allocations under this article may be made in such amount as may be necessary, and in such manner as to distribute the available funds equitably among school districts, giving consideration to the needs of each district and the number of children within each district who are blind, partially seeing, aphasic, deaf, hard of hearing, mentally retarded, orthopedic or other health impaired, multihandicapped, speech handicapped, educationally handicapped, or enrolled in development centers for the handicapped.

In computing the number of such children there shall be included:

The county superintendent of schools shall notify the county board of supervisors of his intention to approve a school district's application for an allocation under this article before he approves the application.

[Approved by Governor July 21, 1972. Filed with Secretary of State July 21, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 10301 of the Education Code is amended to read:

10301. The Superintendent of Public Instruction shall establish and maintain a central clearinghouse-depository and duplication center for specialized textbooks, reference books, recordings, study materials, tangible apparatus, equipment and other similar items for the use of visually handicapped students enrolled in the public schools of California who may require their use as shall be determined by the State Board of Education.

The specialized textbooks, reference books, recordings, study materials, tangible apparatus, equipment and other similar items shall be available for use by visually handicapped students enrolled in the public community colleges, California State University and Colleges, and the University of California.

SEC. 3. Section 22522 of the Education Code is amended to read:

22522. It is further the intent of the Legislature that the following categories be established insofar as practicable in the following order for the purpose of enrollment planning and admission priority practice at the undergraduate resident student level for the

California State University and Colleges and the University of California:

- (1) Continuing undergraduate students in good standing.
- (2) California residents who have successfully completed the first two years of their baccalaureate program.
- (3) California residents entering at the freshman or sophomore levels.

It is further the intent of the Legislature that within each of the preceding enrollment categories, the following groups of applicants receive priority consideration in admissions practice in the following order:

- (a) Residents of California who are recently released veterans of the armed forces of the United States.
- (b) Transfers from California public community colleges.

It is further the intent of the Legislature that those veterans referred to in paragraph (a) who were enrolled in good standing at a campus of the University of California or at one of the California state universities or colleges prior to military service receive priority over other veterans recently released from military service.

- (4) Residents of other states and foreign countries.

The segments may, in implementing these enrollment plans and admissions priorities, consider the overall needs of students in maintaining a balanced program and a quality curriculum.

SEC. 4. Section 22523 of the Education Code is amended to read: 22523. The California State University and Colleges and the University of California shall keep a record of the applicants denied admission and develop and utilize an information collection system which will indicate the number of qualified applicants who could not be accommodated at their campus of first choice and were redirected to campuses of alternate choice and the number of qualified redirected applicants who declined an offer of admission to an alternate campus.

SEC. 5. Section 22524 of the Education Code is amended to read: 22524. The Trustees of the California State University and Colleges and the Regents of the University of California shall submit to the Legislature on the fifth calendar day of each regular session of the Legislature a report on the progress made on the implementation of the enrollment plans and admissions priorities system and on the establishment of the information system and the findings that are made available.

The Speaker of the Assembly shall have the status of a legislative interim committee on the subject of the California State University and Colleges and shall meet with the board and participate in its work to the extent that such participation is not incompatible with his position as a Member of the Legislature.

SEC. 7. Section 22603 of the Education Code is amended to read:

22603. If the trustees and the Regents of the University of California both consent, the Chancellor of the California State University and Colleges shall sit with the Regents of the University of California in an advisory capacity and the President of the University of California shall sit with the trustees in an advisory capacity.

On and after July 1, 1961, the Trustees of the California State University and Colleges shall have full power and responsibility in the construction and development of any state university or college campus, and any buildings or other facilities or improvements connected with the California State University and Colleges. Such powers shall be exercised by the Trustees of the California State University and Colleges notwithstanding the provisions of Chapter 2 (commencing at Section 14100) and Chapter 3 (commencing at Section 14250) of Part 5 of Division 3 of Title 2 of the Government Code, except that the powers shall be carried out pursuant to the procedures prescribed by these laws.

The Trustees of the California State University and Colleges may accept gifts of land, or gifts of options on land, may accept and expend gifts of money for the purchase of land or options on land and may enter into negotiations and contracts for the purchase of land for a future state college site in the vicinity of any of the areas specified in the recommendations contained in the Master Plan for Higher Education printed on page 42, paragraph 5, Senate Journal (Regular Session) for February 1, 1960, except that such gifts, expenditures, negotiations, and contracts shall not obligate the expenditure of any state funds for the purchase of such land or for

development on such land, unless the Legislature shall subsequently approve the obligation by appropriating the funds for that specific purpose.

Any such acceptance or acceptance and expenditure or negotiations and contract may be conditioned upon an automatic reversion back to the donor or automatic termination of the negotiations and contract if a new state university or college is not established at a specific site prior to a specific date designated by the trustees and the donor or the trustees and the person or corporation with whom the trustees are negotiating or contracting.

SEC. 9. Section 22605 of the Education Code is amended to read:

The doctoral degree may be awarded jointly with the University of California, as provided in Section 22552, or jointly with a private institution of higher education accredited by the Western Association of Schools and Colleges and provided the proposed doctoral program is approved by the Coordinating Council for Higher Education. Faculty research is authorized to the extent that it is consistent with the primary function of the state university and colleges and the facilities provided for that function.

SEC. 11. Section 22607 of the Education Code is amended to read:
22607. All state employees employed on June 30, 1961, in carrying out functions transferred to the Trustees of California State University and Colleges by this chapter, except persons employed by the Director of Education in the Division of State Colleges and Teacher Education of the Department of Education, are transferred to the California State University and Colleges.

Nonacademic employees so transferred shall retain their respective positions in the state service, together with the personnel benefits accumulated by them at the time of transfer, and shall retain such rights as may attach under the law to the positions which they held at the time of transfer. All academic and administrative positions filled by the trustees on and after July 1, 1961, shall be filled by appointment made solely at the discretion of the trustees. The trustees shall establish and adjust the salaries and classifications of all academic, nonacademic, and administrative positions and neither Section 18004 of the Government Code nor any other provision of law requiring approval by a state officer or agency for such salaries or classifications shall be applicable thereto. In establishing and adjusting such salaries, consideration shall be given to the maintenance of the state university and colleges in a competitive position in the recruitment and retention of qualified personnel in relation to other educational institutions, private industry or public jurisdictions which are employing personnel with similar duties and responsibilities. The establishment and adjustment of salaries for nonacademic employees shall be in accordance with the standards prescribed in Section 18850 of the Government Code. The trustees, however, shall make no adjustments which require expenditures in excess of existing appropriations available for the payment of salaries. The provisions of Chapter 9 (commencing at Section 24201) of Division 18 of this code relating to appeals from dismissal, demotion or suspension shall be applicable to academic employees.

Persons excluded from the transfer made by this section shall retain all the rights and privileges conferred upon civil service employees by law. Personnel of state agencies employed in state university and college work other than those transferred by this section and who are employed by the trustees prior to July 1, 1962, shall be provided with personnel rights and benefits at least equal to those accumulated by them as employees of such state agencies.

(d) Any person who willfully makes a false statement with respect to any mining claim on the affidavit of labor or improvements required by subdivision (a) or on the supplementary affidavit permitted by subdivision (c) shall be deemed guilty of a misdemeanor, and upon conviction shall be punished by a fine not exceeding one hundred dollars (\$100) or by imprisonment in the county jail not exceeding six months, or by both such fine and imprisonment.

SECTION 1. Article 1.5 (commencing with Section 14411) is added to Chapter 3 of Division 6 of the Business and Professions Code, to read:

Article 1.5. Trade Name Registration

14411. The filing of any fictitious business name statement by a person required to file such statement pursuant to Section 17910 shall establish a rebuttable presumption that the registrant has the exclusive right to use as a trade name the fictitious business name, as well as any confusingly similar trade name, in the county in which the statement is filed, if the registrant is the first to file such a statement containing the fictitious business name in that county, and is actually engaged in a trade or business utilizing such fictitious business name or a confusingly similar name in that county.

The rebuttable presumption created by this section shall be one affecting the burden of producing evidence.

14412. The rebuttable presumption created by Section 14411 shall be applicable until the fictitious business name statement is abandoned pursuant to Section 17922, or otherwise expires pursuant to Section 17920, and no new fictitious business name statement has been filed by the registrant, or in the case of any assignment or transfer no original fictitious business name statement has been filed by the assignee or transferee.

14413. For purposes of Section 14411 a fictitious business name statement filed after January 1, 1971, and deemed filed on July 1, 1971, under Section 8 of Chapter 618 of the 1970 Statutes shall be considered filed at the time a certificate was first filed under Chapter 2 (commencing with Section 2466) of Title 10 of Part 4 of Division 3 of the Civil Code, as it existed on the effective date of the filing, provided that the certificate had not expired prior to the filing under Chapter 5 (commencing with Section 17900) of Part 3 of Division 7 of the Business and Professions Code.

14414. Nothing in this chapter shall be construed to require or prohibit the filing in any county of any fictitious business name

statement if such filing is not required or prohibited by Section 17910.

14415. The filing of articles of incorporation pursuant to Section 308 of the Corporations Code, in the case of a domestic corporation, or the obtaining of a certificate of qualification pursuant to Corporations Code Sections 6403 and 6403.1, in the case of a foreign corporation, shall establish a rebuttable presumption that the corporation has the exclusive right to use as a trade name, in the state the corporate name set forth in such articles or certificate, as well as any confusingly similar trade name, if the corporation is the first to have filed such articles or obtained such certificate containing the corporate name, and is actually engaged in a trade or business utilizing such corporate name or a confusingly similar name.

If a foreign corporation continued to have authority to transact intrastate business pursuant to Section 6403.2 of the Corporations Code, the foreign corporation shall be considered to have obtained its certificate of qualification pursuant to law for the purposes of this section on the date it first qualified to transact intrastate business in this state.

The rebuttable presumption created by this section shall be one affecting the burden of producing evidence.

14416. If, as to the same or a confusingly similar trade name, in a county, there are both a corporation entitled to the rebuttable presumption created by Section 14415 and a registrant entitled to the benefit of the presumption created by Section 14411, whichever has filed the fictitious business name statement, filed the articles of incorporation, or obtained the certificate of qualification first in time, and is actually engaged in a trade or business utilizing such fictitious business name, such corporate name, or a confusingly similar name, shall be entitled to the presumption as against the other, that he has the exclusive right to use such fictitious business name, or such corporate name, or a confusingly similar name, as a trade name in the county where the registrant has filed his fictitious business name statement.

CHAPTER 439

An act to add Chapter 11 (commencing with Section 186) to Division 1 of the Probate Code, relating to bequests to minors.

[Approved by Governor July 21, 1972. Filed with Secretary of State July 21, 1972.]

The people of the State of California do enact as follows:

CHAPTER 11. BEQUESTS TO MINORS

186. A testator may bequeath securities, money, life or endowment policies, and annuity contracts, as such terms are defined or used in the California Uniform Gifts to Minors Act (Article 4 (commencing with Section 1154) of Chapter 3 of Title 4 of Part 4 of Division 2 of the Civil Code), to a person who is a minor as provided in this chapter.

186.1. If a testator provides in his will that a bequest shall be paid or delivered to a custodian subject to the California Uniform Gifts to Minors Act, then, all of the provisions of that act including, but not limited to, the provisions of such act as to definitions and the respective powers, rights and immunities therein contained, shall be applicable to such bequest, during the period prior to distribution of the property.

186.2. The bequest shall be to a designated adult person or a trust company qualified to do business in this state with the words, in substance "as custodian for (name of minor) under the California Uniform Gifts to Minors Act." Failure to name a qualified custodian shall not invalidate the bequest as a bequest permitted by this chapter. A variation in the wording of the bequest from the wording set forth in this section shall be disregarded if the testator's intent to make a bequest pursuant to this chapter appears from the will as a whole or the wording of the bequest.

186.3. Unless the will clearly requires otherwise, a bequest which does not comply with the provisions of Sections 186, 186.1 and 186.2, or a bequest to a person who becomes an adult prior to the order for distribution, shall be deemed to be a direct bequest to the person named as the minor for whom the property was to be held.

186.4. If a testator provides for such bequest to be paid or delivered as provided in this chapter, the executor or administrator of his estate, upon entry of an order for distribution, shall make distribution pursuant to the order of distribution by transferring the bequeathed property in the form and manner provided by the California Uniform Gifts to Minors Act.

186.5. The testator in his will may provide for successor or alternate custodians, and specify the standard of compensation of the custodian.

186.6. If a vacancy in the custodianship exists prior to full distribution of the bequest by the executor or administrator, a successor custodian shall be appointed for any undistributed property in the manner provided by the California Uniform Gifts to Minors Act.

186.7. Except as otherwise provided in the will or ordered by a court, each custodian designated in the will and the person for whom the property is to be held shall be deemed a legatee for the purpose of receiving notices which may be required or permitted to be sent to a legatee in the estate of the testator. Unless required by the will or ordered by the court a custodian shall not have a duty to

participate in the proceedings in the estate on behalf of the minor, and in no event shall he have a duty to so participate unless and until he has filed a written notice of acceptance of the office of custodian with the clerk of the court in which administration of the estate of the testator is pending.

186.8. Until distribution of the property pursuant to an order of distribution is completed, the court in which administration of the estate of the testator is pending shall have exclusive jurisdiction over all proceedings and matters concerning undistributed property, including, but not limited to, the appointment, declination, resignation, removal, bonding, compensation of, and delivery or transfer of the undistributed property to a custodian. After distribution of any property is completed, such court shall have no further jurisdiction over the property so distributed, and such property shall be held subject to the California Uniform Gifts to Minors Act in the same manner as if it had been a lifetime gift.

186.9. This chapter shall not be construed as providing an exclusive method for making bequests to or for the benefit of minors.

(2) Will not unnecessarily burden the public highways.

(3) Will not impair the ability of presently certificated cement carriers or permitted cement contract carriers to provide or to continue to provide adequate services as such, at the lowest possible reasonable rates.

No permit shall be issued unless it has been shown that applicant meets one of the following residence requirements: If an individual, applicant must have resided in the State of California for not less than 90 days next preceding the filing of the application. If a partnership, the partner having the largest percentage interest in the partnership must have resided in the State of California continuously for not less than 90 days next preceding the filing of the application. If a corporation, applicant must be a domestic corporation or must have qualified to transact business in the State of California as a foreign corporation at the time of filing the application.

If the commission finds that the applicant has established all of the foregoing, then a permit may be granted upon such limitations, terms and conditions as the commission prescribes; otherwise it shall refuse to issue the permit requested.

In determining whether or not a permit shall be granted the commission shall accept all evidence relevant to any of the foregoing requiring proof, including, but not limited to evidence offered by any shipper or receiver of the commodities proposed to be transported by such applicant and by previously certificated or authorized cement carriers or cement contract carriers authorized or permitted to offer a service competitive with that proposed by the applicant. If the applicant was operating in good faith as a cement contract carrier within one year prior to June 1, 1963, and continuously thereafter, the commission shall grant a permit to such applicant to operate as a cement contract carrier as to the counties to and within which it was actually transporting cement as a cement contract carrier in good faith within one year prior to June 1, 1963, and continuously thereafter, provided such cement contract carrier applies to the commission for such permit prior to December 31, 1963, and submits adequate proof of such prior operations. The delivery of one or more loads of cement either in bulk or in packages to a point in a particular county shall constitute adequate proof of such prior operations and shall entitle the applicant to authority to serve all points in said county from any and all points of origin.

SEC. 4. Section 5135 of the Public Utilities Code is amended to read:

5135. Except as provided in Section 5135.5, before a permit is hereafter issued the commission shall require the applicant to establish ability and reasonable financial responsibility to initiate the proposed operations. The commission shall require the applicant to establish his knowledge and ability to engage in business as a household goods carrier by examination. The examination may be written or oral, or in the form of a demonstration of skill or any combination of these, and any investigation of character, experience and any tests of technical knowledge and manual skill which the commission deems are appropriate may be employed. In any examination the qualification of the applicant shall be determined by an appraisal made by a member of the commission's staff. An applicant who has been determined to be unqualified may thereafter establish his qualifications through a subsequent examination; but no subsequent examination shall be taken prior to three (3) months from the date when such applicant was found to be unqualified. When the staff member shall determine that the applicant is not qualified, then the matter shall be set for hearing and the qualification of the applicant shall be determined by the commission on the basis of evidence of qualifications presented at such hearing, which evidence may include consideration of any written examination of the applicant. When the staff member shall determine that the applicant is qualified, a permit may issue without

hearing unless the commission shall consider a hearing desirable, in which event the application may be set for hearing by the commission.

An applicant may qualify in the following ways: (a) if an individual, he may qualify by personal examination or by examination of his responsible managing employee; (b) if a copartnership or corporation, or any other type of business organization, it may qualify by examination of the responsible managing officer or member of the personnel of such applicant firm. If the individual qualified by examination ceases to be connected with the permitholder, said permitholder shall notify the commission in writing within 30 days after such cessation. If notice is given the permit shall remain in force a reasonable length of time in order that another representative of applicant may be qualified before the Public Utilities Commission. If the permitholder fails to notify the commission of such cessation within a 30-day period, at the end of that period the permit shall be automatically suspended.

The commission may refuse to issue a permit if it shall be shown that an applicant or an officer, director, partner or associate thereof has committed any act constituting dishonesty or fraud; committed any act which, if committed by a permitholder would be grounds for a suspension or revocation of the permit; misrepresented any material fact on his application; or, committed a felony, or crime involving moral turpitude.

The commission shall issue a permit only to those applicants who it finds have demonstrated that they possess sufficient knowledge, ability, integrity and financial resources and responsibility to perform the service within the scope of their application.

No permit shall be issued unless it has been shown that applicant meets one of the following residence requirements: If an individual, applicant must have resided in the State of California for not less than 90 days next preceding the filing of the application. If a partnership, the partner having the largest percentage interest in the partnership must have resided in the State of California continuously for not less than 90 days next preceding the filing of the application. If a corporation, applicant must be a domestic corporation or must have qualified to transact business in the State of California as a foreign corporation at the time of filing the application.

The commission shall prescribe, amend, and repeal rules in accordance with law for the administration of this section.

This subdivision does not apply to bread which is sold on the premises upon which it is baked.

SEC. 2. This act shall become operative one year after its effective date.

CHAPTER 444

An act to amend Section 296.41 of the Probate Code, relating to simultaneous death.

[Approved by Governor July 21, 1972. Filed with
Secretary of State July 21, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 296.41 of the Probate Code is amended to read:

296.41. When it is claimed that, in accordance with the provisions of this chapter, any persons have died under circumstances where there is no sufficient evidence that they have died otherwise than simultaneously, the executor or administrator of any such person, or any other person interested in the estate of any such person, may file a petition, in the estate proceeding where he received his appointment, or in which he claims an interest, seeking to have it determined that such persons died under circumstances where there is no sufficient evidence that they died otherwise than simultaneously. CHAPTER 445

An act to amend Section 25413.7 of, and to add Section 25413.8 to, the Education Code, relating to community college governing boards, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 21, 1972. Filed with
Secretary of State July 21, 1972.]

The people of the State of California do enact as follows:

SECTION 1. Section 25413.7 of the Education Code is amended to read:

25413.7. (a) The members of the governing board of any district maintaining a community college, except a unified district having an average daily attendance of 100,000 or more as of October, 1971, shall call an election for the purpose of determining whether the members shall continue to serve also as members of the governing board of any unified school district having boundaries which are coterminous with the boundaries of the community college district. The election shall be held at the general election in accordance with the provisions of this code for conducting a regular election of governing board members. The ballots used in such election shall contain the words "Separate Community College Board—Yes" and "Separate Community College Board—No." Each elector voting at the election shall indicate the answer he desires to give in accordance with regular election procedures.

(b) If the proposition receives a majority "yes" vote, then those persons who serve as members of the governing boards of both a community college district and any such unified school district shall, on or before December 31, 1972, choose on which of the two boards they will continue to serve. Those persons who choose to serve as members of either the governing board of a community college district or the governing board of any such unified school district shall continue to serve also as members of the governing board from which they have chosen to withdraw until their successors on such boards are elected, or appointed after December 31, 1972, and have assumed office.

SEC. 2. Section 25413.8 is added to the Education Code, to read:

25413.8. (a) The members of the governing board of any unified district which has an average daily attendance of 100,000 or more as of October, 1971, and which maintains a community college shall call an election for the purpose of determining whether the members shall continue to serve also as members of the governing board of any unified school district having boundaries which are coterminous with the boundaries of the community college district. The election shall be held at the general election in accordance with the provisions of this code for conducting a regular election of governing board members. The ballots used in such election shall contain the words "Separate Community College Board—Yes" and "Separate

Community College Board—No.” The governing board of the district maintaining a community college shall prepare an impartial statement explaining the ballot measures and the expected results of continuing a common governing board or establishing two separate boards and such statement shall be distributed to the voters with the sample ballot and “pro” and “con” arguments, if any, as provided by law. Each elector voting at the election shall indicate the answer he desires to give in accordance with regular election procedures.

(b) If the proposition for a separate community college governing board receives a majority “yes” vote then those persons who serve as members of the governing boards of both a community college district and any such unified school district shall, on or before December 31, 1972, choose on which of the two boards they will continue to serve. Those persons who choose to serve as members of either the governing board of a community college district or the governing board of any such unified school district shall continue to serve also as members of the governing board from which they have chosen to withdraw until their successors on such boards are elected after December 31, 1972, and have assumed office. If the city charter of the city in which the unified school district is located in whole or in part governs the appointment, nomination, or election of members of the governing board of the unified school district, the new governing board of the community college district also shall be governed by such city charter so that the separate governing boards of both the unified and community college districts after December 31, 1972, shall be appointed or nominated and elected at the same elections, under the same conditions and for the same terms of office set forth in such city charter.

(c) The election of the members of the first community college governing board shall be conducted no later than the next election held for the nomination and election of governing board members of the unified district and under the same conditions and for the same terms of office pursuant to city charter except as set forth below. Prior to such elections, and only for those elections, the governing board of the unified district shall designate three positions on the new community college district governing board for which the initial term of office shall be four years and two positions for which the initial term of office shall be two years. Thereafter, all elections of the governing board members of the community college district shall be held under the same conditions, at the same times, and for the same terms as elections for the unified district governing board pursuant to city charter. The governing board of the unified district shall continue to govern the community college district until members of the new governing board of the community college district are elected and qualified to serve, at which time the governance of the community college district shall pass to the new governing board of the community college district.

(d) The governing board of the unified district may, if it deems such action appropriate, call two special elections within the

community college district prior to the dates set forth by law for the primary and general elections of members of the governing board of the unified district, for the purpose of permitting the people of the community college district to nominate and elect governing board members of the community college district at the earliest possible time after the November 7, 1972, election. If such special primary and general elections are called, the governing board of the unified district shall designate for such elections, and only for such elections, (1) three positions on the new community college district governing board for which the initial term of office shall be four years plus the necessary number of days to allow such term to end on the same date as the end of the term of a member of the unified district governing board whose term expires in December, 1977, and (2) two positions on the new community college district governing board for which the initial term of office shall be two years plus the necessary number of days to allow such term to end on the same date as the end of the term of a member of the unified district governing board whose term expires in December, 1975. Such elections shall be held, insofar as possible, under the same conditions as elections for the unified district governing board pursuant to a city charter. Thereafter, all elections of governing board members of the community college district shall be held under the same conditions, at the same times, and for the same terms as elections for the unified district governing board pursuant to a city charter. The governing board of the unified district shall continue to govern the community college district until members of the new governing board of the community college district are elected and qualified to serve, at which time the governance of the community college district shall pass to the new governing board of the community college district.

(e) Each member of the separate governing board of the community college district shall receive the same compensation as received by members of the separate governing board of the unified district under Section 1231, notwithstanding any requirements to the contrary contained in such section.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 917 of the Statutes of 1971 requires a governing board of any district maintaining a community college to call an election on November 7, 1972, to inquire whether or not the voters desire a separate governing board for the community college district. If the voters vote "yes," certain procedures are specified for the appointment and election of the new community college district governing board. These procedures are incomplete and inadequate for application to a community such as San Diego where school board members traditionally are nominated and elected in the fall of odd numbered years pursuant to the city charter. To bring Chapter 917 into line with the city charters, where applicable, and make other

desirable changes, it is necessary that this act take effect immediately.

CHAPTER 446

3771. (b) This section shall not apply to the creation or proposed creation of undivided interests in land if any one of the following conditions exist:

(1) The undivided interests are held or to be held by persons related one to the other by blood or marriage.

(2) The undivided interests are to be purchased and owned solely by persons who present evidence satisfactory to the Real Estate Commissioner that they are knowledgeable and experienced

investors who comprehend the nature and extent of the risks involved in the ownership of these interests. The Real Estate Commissioner shall grant an exemption from the provisions of this part if the undivided interests are to be purchased by no more than 10 persons, each of whom furnishes a signed statement to the commissioner that he (1) is fully informed concerning the real property to be acquired and his interest therein including the risks involved in ownership of undivided interests, and (2) is purchasing the interest or interests for his own account and with no present intention to resell or otherwise dispose of the interest for value, and (3) expressly waives protections afforded to a purchaser by the provisions of this part.

(3) The undivided interests are created as the result of a foreclosure sale.

(4) The undivided interests are created by a valid order or decree of a court.

(5) The offering and sale of the undivided interests have been expressly qualified by the issuance of a permit from the California Commissioner of Corporations pursuant to the Corporate Securities Act or from the California Real Estate Commissioner under the Real Estate Syndicate Act.

(6) The undivided interests to be sold or leased are in real property improved with a residential, commercial or industrial structure or structures, and the current assessed value of the land does not exceed the current assessed value of the structures thereon.

CHAPTER 450

8. When new evidence is discovered material to the defendant, and which he could not, with reasonable diligence, have discovered and produced at the trial. When a motion for a new trial is made upon the ground of newly discovered evidence, the defendant must produce at the hearing, in support thereof, the affidavits of the witnesses by whom such evidence is expected to be given, and if time is required by the defendant to procure such affidavits, the court may postpone the hearing of the motion for such length of time as, under all circumstances of the case, may seem reasonable.

9. When the right to a phonographic report has not been waived, and when it is not possible to have a phonographic report of the trial transcribed by a stenographic reporter as provided by law or by rule because of the death or disability of a reporter who participated as a stenographic reporter at the trial or because of the loss or destruction, in whole or in substantial part, of the notes of such reporter, the trial court or a judge, thereof, or the reviewing court shall have power to set aside and vacate the judgment, order or decree from which an appeal has been taken or is to be taken and to order a new trial of the action of proceeding.

The board may also provide for an assistant to any officer of the district, who, when appointed by the board, may perform any act that his principal may perform, when authorized so to do by the board.

SEC. 3. Section 5542.5 is added to the Public Resources Code, to read:

5542.5. (a) Notwithstanding any other provision of law to the contrary, and except as provided in subdivision (b), when property, whether owned in fee or lesser title interest, leased, or operated under a license, management agreement, or otherwise, is appropriated or otherwise acquired for public use as a regional park operated by a regional park district, there is a rebuttable presumption of its having been appropriated or otherwise acquired for the best and most necessary public use. The presumption established by this subdivision is a presumption affecting the burden of proof.

(b) When such property is sought to be acquired for city or county

road, street, or highway purposes, and such property was dedicated to or established for park or recreational purposes prior to the initiation of road, street, or highway route location studies, an action for declaratory relief may be brought by the district in the superior court to determine the question of which public use is the best and most necessary public use for such property. Such action for declaratory relief shall be filed and served within 120 days after publication by the city or county, as the case may be, in a newspaper of general circulation pursuant to Section 6061 of the Government Code, and delivery of a written notice to the district by the city or county that a proposed route or site or an adopted route includes such property. Such action for declaratory relief shall have preference over all other civil actions in the matter of setting the same for hearing or trial to the end that any such action shall be quickly heard and determined. If an action for declaratory relief is not filed and served within such 120-day period, the right to bring such action is waived and the provisions of subdivision (a) shall not apply. When a declaratory relief action with respect to such property being sought for city or county road, street, or highway purposes may not be brought pursuant to this section, the provisions of subdivision (a) shall not apply.
