STATUTES OF CALIFORNIA

1973–74

REGULAR SESSION

1974 CHAPTERS

CHAPTER 1

An act relating to school bond elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 10, 1974 Filed with Secretary of State January 10, 1974]

The people of the State of California do enact as follows:

SECTION 1. All school district bond elections held on January 8, 1974, which were ordered, called and conducted pursuant to statutes in effect prior to the enactment of legislation at the 1973–74 Regular Session of the Legislature pertaining to such elections, and all proceedings attendant upon all such elections, are hereby ratified, validated, and confirmed, and declared to be legally effective for all purposes.

SEC. 2. The Legislature finds and declares that if a school district bond election was held on January 8, 1974, and if that election was called and conducted in conformity with the laws of this state as they existed prior to amendments enacted by the Statutes of 1973, such action would not affect the substantial rights of any voter or taxpayer, and the election should therefore be validated.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to remove any possible doubt as to the validity of school bonds approved by the voters at a school bond election held on January 8, 1974, and to permit the sale of such bonds at the earliest possible time in order to permit the school district to conduct its financial affairs in an orderly manner, it is necessary that this act take effect immediately.

CHAPTER 2

An act relating to public schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 21, 1974 Filed with Secretary of State January 21, 1974]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding the provisions of Chapter 1146 of the Statutes of 1973, any election called in a school district prior to October 1, 1973, pursuant to statutes in effect prior to the enactment of legislation at the 1973–74 Regular Session pertaining to such elections, for the authorization of the acceptance of a state loan

pursuant to the State School Building Aid Law of 1952, which election was scheduled to be held prior to February 16, 1974, may be held as called and scheduled. Whether held before or after the effective date of this act, the election and all proceedings attendant thereon are hereby ratified, validated, and confirmed, and declared to be legally effective for all purposes.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some school districts called elections for the acceptance of state loans under the State School Building Aid Law of 1952 prior to the passage of Chapter 1146 of the Statutes of 1973. If compliance with the provisions of Chapter 1146, which became effective January 1, 1974, were required, it would result in the voiding of apportionments already made to some school districts. It is therefore necessary that this act go into immediate effect so that state schooling building aid apportionments and related proceedings can be finalized without undue delay.

CHAPTER 3

An act to amend Section 71080 of the Government Code, relating to judges and declaring the urgency thereof, to take effect immediately

[Approved by Governor January 27, 1974. Filed with Secretary of State January 27, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 71080 of the Government Code is amended to read:

71080. (a) After January 1, 1952, upon the establishment of a municipal or justice court, the judges of existing courts inferior to the superior court in any city, township, or judicial subdivision situated wholly or partly in the district or city and county for which a municipal or justice court is established shall, if eligible, become the judges of such municipal or justice court until the election or appointment and qualification of their successors. The time for election and qualification of their successors shall be that previously fixed for the election and qualification of their successors for the court and office superseded, had such courts not been superseded, but in no event shall any such election of successors be held within 10 months of succession to the office of the new court.

(b) If the number of eligible incumbent judges who have not filed a written statement with the county clerk disclaiming their desire to succeed to office exceeds the number of judicial offices provided by

law for such municipal or justice court, such incumbents shall not automatically succeed to judicial positions in the municipal or justice court, and the existing courts shall continue to function within the district until the first judge or judges of such municipal or justice court are elected by the qualified electors of the district at the first general state election held following the expiration of 90 days and qualify.

In any election for the first judge or judges of such municipal or justice court, only such incumbents may appear on the ballot and be elected, and the provisions of Article 1 (commencing with Section 25300) of Chapter 3 of Division 13 of the Elections Code shall not apply. If only one such incumbent is to be elected, the incumbent receiving the highest number of votes cast shall be declared elected. If two or more incumbents are to be elected, those incumbents equal in number to the number to be elected who receive the highest number of votes for the office shall be declared elected. The incumbents elected shall become the judges of such municipal or justice court until the election or appointment and qualification of their successors The time for election and qualification of their successors shall be that previously fixed for the election and qualification of their successors for the court and office superseded, had such courts not been superseded, but in no event shall any such election of successors be held within 10 months of succession to the office of the new court.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to clarify existing law regarding who may be elected as a first judge of a new municipal or justice court and the procedure for such an election, and in order to make this clarification before another such election is planned, it is necessary that this act go into immediate effect at the earliest possible time

CHAPTER 4

An act to amend Section 5664 of the Welfare and Institutions Code, relating to public social services, and declaring the urgency thereof, to take effect immediately.

[Passed over Governor's veto January 28, 1974 Filed with Secretary of State January 28, 1974]

The people of the State of California do enact as follows.

SECTION 1. Section 5664 of the Welfare and Institutions Code is amended to read:

5664. Each county Short-Doyle plan adopted for the 1973–74

fiscal year and each fiscal year thereafter for a county or counties in which a state hospital is scheduled to be closed shall contain a complete program, to be developed jointly by the State Department of Mental Hygiene and the county, for absorbing as many of the staff of such hospital into the local mental health programs as may be needed by the county. Such programs shall include a redefinition of occupational positions, if necessary, and a recognition by the counties of licensed psychiatric technicians for treatment of the mentally disordered, mentally retarded, drug abusers, and alcoholics.

After July 1, 1973, the Director of the Department of Health shall submit all plans for the closure of state hospitals as a report with its budget. Such report shall include:

5. A joint statement of the impact of such closure by the department and affected local treatment programs.

Such plans may be submitted to the Legislature until April 1 of each budget year Any plans submitted after that date shall not be considered until the fiscal year following that which is being considered.

Such a plan shall not be placed into effect unless the Legislature specifically approves such plan.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Premature closing of state hospitals would place an undue burden on local communities to an extent that they would be unable to provide for the health and safety of their citizens; therefore, it is essential that this act take immediate effect.

(a) Within two days after the effective date of this act, the author and first coauthor of such act and one member of the opposite house who voted with the majority on such act shall be appointed by the presiding officers of the respective houses to draft the argument for the adoption of such measure. If such act was not adopted unanimously by the house in which it was introduced, one member of that house, who voted against it, shall be appointed by the presiding officer of that house to write an argument against the measure. If there was no negative vote on the measure in the house in which it was introduced, the presiding officer of that house shall appoint some qualified person to draft an argument against the measure. No argument shall exceed 500 words. All such arguments shall be filed with the Secretary of State within five days after the date of appointment.

(b) Upon the effective date of this act, the Secretary of State shall request the Attorney General to prepare a ballot title for such measure submitted pursuant to this section and shall also request the Legislative Counsel to prepare an analysis of said measure in accordance with Section 3566 of the Elections Code. Said title and said analysis of such act shall be filed with the Secretary of State within 10 days after the effective date of this act The measure submitted pursuant to this section shall be designated on the ballots at the election by its ballot title.

(c) The submission of the arguments, rebuttal arguments, and press releases requesting arguments and rebuttal arguments for such constitutional amendment shall be in accordance with the applicable provisions of Division 4 (commencing with Section 3500) of the Elections Code, except that the times for the submission of arguments, rebuttal arguments, and press releases shall be the times provided as follows:

(1) One day for the Secretary of State to return arguments for rebuttal; and

(2) Three days for rebuttal arguments.

SEC. 8. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this

section nor shall there be any appropriation made by this act because duties, obligations, or responsibilities imposed on local governmental entities or school districts by this act are such that related costs are incurred as a part of their normal operating procedures.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This legislation will increase the funds available to qualified veterans to finance the purchase of a home, farm, or mobilehome. To insure that all qualified veterans will have funds available this act must go into effect immediately.

CHAPTER 8

An act to repeal and add Section 10751 of, the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

(b) Whenever such vehicle or component part comes into the custody of a peace officer it shall be destroyed, sold, or otherwise disposed of under the conditions as provided in an order by the court having jurisdiction. Nothing in this section shall, however, preclude the return of such vehicle or parts to the lawful owner thereof following presentation of satisfactory evidence of ownership and assignment of an identification number by the department This subdivision shall not apply with respect to such vehicle or component part used as evidence in any criminal action or proceeding.

production of material for recycling and remelting purposes for steel mills, foundries, smelters and refiners.

SEC. 3. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency, because the Legislature hereby determines and finds that there are no duties, obligations, or responsibilities imposed on local governmental agencies or school districts.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

CHAPTER 9

An act to amend Sections 31720.5 and 31724 of the Government Code, relating to the County Employees Retirement Law of 1937.

Notwithstanding any other provision of this article, the retirement of a member who has been granted or is entitled to sick leave shall not become effective until the expiration of such sick leave with compensation unless the member consents to his retirement at an earlier date.

When it has been demonstrated to the satisfaction of the board that the filing of the member's application was delayed by administrative oversight or by inability to ascertain the permanency of the member's incapacity until after the date following the day for which the member last received regular compensation, such date will be deemed to be the date the application was filed.

An act to amend Sections 14586 and 14622 of, to add Section 14622.5 to, and to repeal Section 14587 of, the Food and Agricultural Code, relating to fertilizing materials.

[Approved by Governor February 6, 1974 Filed with Secretary of State February 6, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 14586 of the Food and Agricultural Code is amended to read:

SEC. 5. Notwithstanding Section 2133 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 13

An act to add Chapter 11.5 (commencing with Section 19878) to Part 3 of Division 13 of the Health and Safety Code, relating to the Department of Housing and Community Development, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 7, 1974 Filed with Secretary of State February 7, 1974]

The people of the State of California do enact as follows:

SECTION 1. Chapter 11.5 (commencing with Section 19878) is added to Part 3 of Division 13 of the Health and Safety Code, to read:

CHAPTER 11.5. ENERGY EFFICIENCY OF NONRESIDENTIAL BUILDINGS

19878. (a) The Legislature hereby finds and declares, as follows:

(1) That the fuel and energy resources consumed by nonresidential buildings represent a substantial portion of the total energy usage of the state, and that technologies are presently

available to reduce such consumption and conserve these resources.

(2) That a variety of architectural techniques exist to achieve greater efficiencies in energy use and that the decision regarding the best technique should remain with the designers, builders, and contractors of nonresidential buildings.

(3) That the conservation of energy resources is of utmost importance to the people of the state and any design criteria developed for nonresidential building should be developed so as to meet the needs of energy conservation.

(b) It is, therefore, the intent of the Legislature that the Department of Housing and Community Development establish minimum energy conservation standards for new nonresidential buildings that allow for maximum efficiency in reducing heat loss or gain and allow sufficient design creativity.

19878.1. As used in this chapter:

(a) "Department" means the Department of Housing and Community Development.

(b) "Nonresidential building" means any building which is heated or cooled in its interior, and is of an occupancy type other than Type H, I, or J, as defined in the Uniform Building Code, 1973 edition, as adopted by the International Conference of Building Officials.

(c) "Energy conservation manual" means the manual developed by the department to aid designers, builders, and contractors of nonresidential buildings in meeting energy conservation standards.

19878.2. (a) The department shall develop energy conservation standards for new nonresidential buildings. Such standards shall be performance standards and shall be promulgated in terms of the energy consumption by nonresidential buildings per gross square foot of floor space, but may also include devices, systems, and techniques required to conserve energy. The standards shall require the most efficient use of energy consistent with economic and technological feasibility, and shall take into consideration the indirect costs of energy production as well as the direct costs of energy use.

(b) The energy conservation standards developed shall include, when applicable, but shall not be limited to, the following:

(1) A weight average "u" (i.e., overall coefficient of heat transmission as expressed in b.t.u. per hour per square foot of area per degree Fahrenheit of temperature difference) factor allowed per square foot of exposed skin of the structure.

(2) Practical ventilation requirements which account for structural population density and the period when a structure is not in use.

(3) The use of economizer cycles.

(4) Provisions which encourage the use of systems for heating only, cooling only, cooling with outside air, or cooling with a combination of outside air and refrigeration.

(5) The use of automatic time clocks for ventilation systems.

(c) The standards shall be sufficiently stringent to effect a

significant savings of energy resources by nonresidential buildings and shall be consistent with the latest and most effective technology.

19878.3. (a) The commission shall adopt the standards required by this chapter by no later than July 1, 1975, and such standards shall become effective on the 180th day after their adoption. The commission shall periodically review the standards and adopt such revisions as in its experience it deems necessary.

(b) To assist the commission in its adoption of the standards required by this chapter, the Department of Housing and Community Development shall, with the assistance of the advisory committee appointed pursuant to Section 19872, conduct the necessary studies and research.

19878.4. No later than 180 days after adoption of the standards required by this chapter, the department shall produce an energy conservation manual for use by designers, builders, and contractors of nonresidential buildings. The manual shall be furnished upon request at a price sufficient to cover the costs of printing, and shall be distributed at no cost to all affected local agencies. The manual shall contain but not be limited to the following:

(a) The standards for energy conservation established by the department.

(b) Forms, charts, tables, and other data to assist designers and builders in meeting the standards.

(c) Design suggestions for meeting or exceeding the standards.

(d) Any other information which the department finds will assist persons in conforming to the standards.

19878.5. (a) The advisory committee appointed pursuant to Section 19872 shall be continued in existence for purposes of this chapter and shall assist the department in the production of the energy conservation manual required by this chapter. The Director of Housing and Community Development shall appoint two additional mechanical engineers, two representatives of electrical or gas public utilities, and one insulation contractor to the committee for the purposes of this chapter.

(b) The members of the advisory committee, except the members who are public officers or employees, shall each receive seventy-five dollars ($75) for each meeting of the advisory committee attended pursuant to this chapter.

19878.6. (a) The provisions of this chapter, and the rules and regulations of the department adopted pursuant to this chapter, shall be enforced by the building department of every city, county, or city and county.

(b) No building permit for any nonresidential building shall be issued by a local building department unless a review by the building department of the plans for the proposed nonresidential building contains detailed energy system specifications and confirms that the building satisfies the minimum standards established pursuant to this chapter applicable to such nonresidential building.

(c) Where there is no such local building department the

Department of Housing and Community Development shall direct the Division of Codes and Standards to enforce the provisions of subdivision (a).

(d) If a local building department fails to enforce subdivision (a) or any other provision of this chapter or standard adopted pursuant to this chapter, the Department of Housing and Community Development may direct the Division of Codes and Standards to provide such enforcement after furnishing 10 days written notice to the local building department.

(e) A city, county, or city and county may by ordinance or resolution prescribe a schedule of fees sufficient to pay the costs incurred in the enforcement of this chapter and the standards adopted pursuant to this chapter. The Commission of Housing and Community Development may establish a schedule of fees sufficient to pay the costs incurred by such enforcement of this chapter as is undertaken by the Department of Housing and Community Development.

(f) By July 1, 1975, the department shall establish a continuing program of technical assistance to local building departments in the enforcement of this chapter. The program shall include the training of local officials in building technology and enforcement procedures related to energy conservation, and the development of complementary training programs conducted by local governments, educational institutions, and other public or private entities. The technical assistance program shall include the preparation and publication of forms and procedures for local building departments in performing the review of building plans and specifications required by subdivision (b). The department shall provide, on a contract basis, a review of building plans and specifications submitted by a local building department, and shall adopt a schedule of fees sufficient to repay the cost of such services.

19878.7. The provisions of this chapter shall apply only to new nonresidential buildings on which actual site preparation and construction have not commenced prior to the effective date of rules and regulations adopted pursuant to this chapter which are applicable to such buildings. Nothing in this chapter shall prohibit either of the following:

(a) The enforcement of state or local energy conservation or energy insulation standards, adopted prior to the effective date of rules and regulations adopted pursuant to this chapter, with regard to nonresidential buildings on which actual site preparation and construction have commenced prior to that date.

(b) The enforcement of local energy conservation or energy insulation standards, whenever adopted, with regard to nonresidential buildings on which actual site preparation and construction have not commenced prior to the effective date of rules and regulations adopted pursuant to this chapter; provided, that the department finds that such standards will require the diminution of energy consumption levels permitted by the rules and regulations

adopted pursuant to this chapter.

19878.8. If Assembly Bill No. 1575 of the 1973–74 Regular Session is enacted and establishes the State Energy Resources Conservation and Development Commission, on the effective date of such act all functions specified in this chapter shall be transferred to the State Energy Resources Conservation and Development Commission.

SEC. 2. The sum of three hundred thirty thousand dollars ($330,000) is hereby appropriated from the General Fund to the Department of Housing and Community Development for the purposes of Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code, as enacted by Section 1 of this act, for expenditure as follows:

(a) For the conduct of studies and research required by subdivision (b) of Section 19878.3 of the Health and Safety Code, the sum of one hundred thousand dollars ($100,000).

(b) For the development of standards pursuant to Section 19878.2, the production of an energy conservation manual pursuant to Section 19878.4, and for the compensation specified in subdivision (b) of Section 19878.5, of the Health and Safety Code, the sum of one hundred thirty thousand dollars ($130,000).

(c) For establishment of the technical assistance program pursuant to subdivision (f) of Section 19878.6 of the Health and Safety Code, the sum of one hundred thousand dollars ($100,000).

SEC. 3. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act, because the legislative body of each local governmental entity has the authority to regulate fees charged for the inspections required to be conducted by the act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The conservation of energy resources by the reduction of the substantial amounts of fuel consumed by commercial buildings is of utmost critical importance to the people of the State of California, and it is essential, therefore, that this act go into immediate effect.

CHAPTER 14

An act to add Section 232 to the Revenue and Taxation Code, relating to property taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 7, 1974 Filed with Secretary of State February 7, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 232 is added to the Revenue and Taxation Code, to read:

232. Seed potatoes of a grower, which are personal property, held on the lien date for subsequent planting in field form and planted during the assessment year by the grower shall be exempt from taxation. This section does not apply to plant nurseries.

SEC. 2. The property exempted from taxation by Section 1 of this act was not being assessed or taxed on January 1, 1973. Therefore, under the provisions of the third paragraph of Section 2229 of the Revenue and Taxation Code, there is no loss of revenue to local government and no state reimbursement is required.

SEC. 3. Section 1 of this act shall become operative on the first lien date following the effective date of this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the exemption in this act may be effective for the 1974–75 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 15

An act to add Section 4012 to the Fish and Game Code, relating to foxes.

SECTION 1. Section 4012 is added to the Fish and Game Code, to read:

4012. It is unlawful to take any cross fox, silver fox, or red fox for profitmaking purposes.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there by any appropriation made by this act because

the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 16

An act to amend Section 17303.5 of the Education Code, relating to financial support for the public schools, and declaring the urgency thereof, to take effect immediately.

This section shall only apply to the Ventura County Waterworks District No. 1. It is hereby declared to be necessary to enact this special law with respect to such district because of special facts and circumstances existing therein:

It has recently been discovered that due to the lowering of the water table, ranchers in the Fairview area of Ventura County are threatened with drought and a loss of crops. In order to expedite the importation of water into the area, the landowners in the area petitioned for annexation to Ventura County Waterworks District No. 1, for the formation of an improvement zone, and for authorization of bonded indebtedness in the amount of two hundred twenty thousand dollars ($220,000) Sixty-seven percent of the registered voters, along with 72 percent of the assessed valuation, approved such action, and the Board of Supervisors of Ventura County has approved. The Franchise Tax Board, whenever in its judgment good cause exists, may grant a reasonable extension of time for filing a claim or allow the late filing

of a claim but except as provided in subdivision (c), no filing shall be later than March 1 succeeding the fiscal year for which assistance is claimed.

(c) A claimant who, because of a medically certified incapacity, is prevented from filing a timely claim, shall be permitted to file a claim within six months after the end of his medical incapacity or three (3) years succeeding the end of fiscal year for which assistance is claimed, whichever date is earlier.

The people of the State of California do enact as follows:

SECTION 1. Section 417 of the Health and Safety Code is amended to read:

417. (a) Up to four regional dialysis centers with up to two in the northern and up to two in the southern part of the state, shall be established for the treatment of persons suffering from chronic uremia. Each such center shall be located in a metropolitan area and shall have an affiliation with a large hospital or medical school, but shall not be necessarily a physical part of such institution. These institutions, however, shall be able to provide a full range of medical, surgical and rehabilitation services. The state department shall only act as a granting agency for state funds which are appropriated for the establishment and the continuation of the four centers. The state department, upon the advice of the review committee which is provided for by Section 417.3, may contract with any such hospital or medical care institution for the administration and operation of one of the regional dialysis centers. It is not the intent of this section that any new hospital or medical school be established.

(b) Any moneys appropriated by Chapter 1416 of the Statutes of 1972 may be used either in existing dialysis and kidney transplantation programs for children or to establish new programs for such purposes. Any new or existing dialysis center funded pursuant to this subdivision shall provide for children the same center dialysis, home dialysis, and outpatient clinic services as are provided under Section 417.6. Any new center funded pursuant to this subdivision shall be designated as a pediatric renal failure center. Funds granted for aid to children under the provisions of this subdivision shall be based upon need as determined by the Renal Dialysis Review Committee established pursuant to Section 417.3 and an evaluation by the state department of a county's ability to fund their one-fourth share of a child's care under the Crippled Children's Services Program. Such funds shall only cover costs not recoverable from direct or third party payments. A pediatric renal failure center may use funds provided under this subdivision for payment of costs for kidney transplantation services at any hospital which is authorized to perform these services by the state department. For purposes of this subdivision, a child is any person 18 years of age or under.

SEC. 2. Section 417.3 of the Health and Safety Code is amended

to read:

417.3. The director shall appoint a review committee, upon nomination of the represented party, not to exceed nine members, at least four of whom shall be physicians, including at least one physician specializing in kidney transplantation and at least two physicians specializing in pediatric nephrology, one member to represent the University of California, one to represent a private organization or organizations concerned with kidney disease in California, one to represent the state department, and two members to represent the lay public. The chairman of the committee shall be appointed by the Governor. This committee shall establish standards for the expenditure of state funds which are provided for the establishment and support of regional dialysis and transplantation centers to assure the availability of specialized personnel, resources, and equipment necessary to enable such centers to function and care for patients with severe uremia. The director shall choose from a list provided by the review committee the institutions which qualify under the standards established to receive grants of state funds to establish and continue a regional dialysis center. The review committee shall also examine periodically the performance of established regional dialysis centers and recommend continuation grants to the director. The members of the review committee shall serve for a two-year period and may be reappointed. Not more than half the membership of the committee shall be changed during any one year. The committee shall serve without compensation, but shall receive their necessary travel expenses.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to provide for proper representation on the Renal Dialysis Review Committee established pursuant to Section 417.3 of the Health and Safety Code, and thereby secure the most efficient administration of the program authorized by Article 7.7 (commencing with Section 417) of Chapter 2 of Division 1 of the Health and Safety Code, it is necessary that this act go into immediate effect.

SECTION 1. Section 11011.1 of the Government Code is amended to read:

11011.1. (a) Land that has been declared surplus by the Legislature, pursuant to Section 11011, and is not needed by any state agency shall be offered to local governmental agencies at fair market value. Where such land is to be used for park and recreation purposes and operated by local agencies at no expense to the state, the Director of General Services with the approval of the State Public Works Board may, notwithstanding any provision in Section 11011, transfer the land to local governmental agencies at the fair market value of the land or at any lesser value of the land, if such transfer is in the public interest, under the following conditions:

(i) The local public agency has submitted a general development plan for the property which conforms to the agency's general plan pursuant to Article 5 (commencing with Section 65300) of Chapter 3 of Title 7, and which general development plan has been approved by the Director of Parks and Recreation.

(ii) The land must be developed according to plan within a time period determined by the state but not to exceed 10 years. The deed or other instrument of transfer shall provide that the land shall revert to the state if the land is not developed within the time period so determined by the state.

(iii) The deed or other instrument of transfer shall provide that the land would revert to the state if the use changed to a use not consistent with parks and recreation purposes during the period of 25 years following the sale.

Where such land is to be used for public purposes other than park and recreation purposes, operated by the local agency at no expense to the state, and the use and enjoyment of the public purpose contemplated will be of broad public benefit, and not a benefit basically of local interest enjoyed and used primarily by the residents of the area of tax jurisdiction of the local agency, the Director of General Services, with the approval of the State Public Works Board, may transfer the land to local government agencies at a sales price no less than 50 percent of fair market value. Any such transfer shall provide that if the land is not used for the contemplated purpose during the period of 25 years following the sale, the land shall revert to the state. The Director of General Services may provide additional terms and conditions as he determines to be in the best interest of the state.

(b) Where such land is to be used for open-space purposes, as defined herein, and operated by local agencies at no expense to the state, the Director of General Services with the approval of the State Public Works Board may transfer the land to local governmental agencies at fair market value of the land or at any lesser value of the land under the following conditions:

(i) The local public agency has submitted a plan for the use of the

property which conforms to the agency's general plan pursuant to Article 5 (commencing with Section 65300) of Chapter 3 of Title 7, and which plan has been approved by the Director of Parks and Recreation.

(ii) The land must be used according to plan within a time period determined by the state but not to exceed 10 years.

(iii) The deed or other instrument of transfer shall provide that the land would revert to the state if the use changed to a use not consistent with open-space purposes during the period of 25 years following the sale.

(iv) For the purpose of this subdivision, "open-space purpose" means the use of land for public recreation, enjoyment of scenic beauty, or conservation or use of natural resources.

CHAPTER 46

An act to amend Sections 2285 and 25863 of the Health and Safety Code, Section 3720 of the Labor Code, Sections 3423 and 4179 of the Public Resources Code, Section 4831 of the Revenue and Taxation Code, and Section 13305 of the Water Code, relating to liens.

[Approved by Governor February 28, 1974. Filed with Secretary of State February 28, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 2285 of the Health and Safety Code is amended to read.

2285. Notice of the lien, particularly identifying the property on which the nuisance was abated and the amount of such lien, and naming the owner of record of such property, shall be recorded by the district board in the office of the county recorder of the county in which the property is situated within one year after the first item of expenditure by the board or within 90 days after the completion of the work, whichever first occurs. Upon such recordation, such lien shall have the same force, effect and priority as if it had been a judgment lien imposed upon real property which was not exempt from execution, except that it shall attach only to the property described in such notice, and shall continue for 10 years from the time of the recording of such notice unless sooner released or otherwise discharged.

SEC. 2. Section 25863 of the Health and Safety Code is amended to read:

25863. (a) A lien in favor of the people of California shall be imposed upon any object, building, structure, or premises for the reasonable amount of expenses and costs incurred by the department in carrying out the provisions of Section 25862, 25862.1,

25862.3, or 25862.4 if the owner of the property or of any interest therein is the person responsible for the contamination, and to the extent of the interest of such person. Notice of lien or notice of intent to impose a lien shall be posted by the department upon any object, building, structure, or premises impounded or seized by the department and notice of lien or notice of intent to impose a lien shall be filed with the county recorder of the county in which they are located.

The lien shall not become effective until the notice of lien, particularly identifying the property, the interest subject to the lien and the name of the owner of record of such property, and the amount of such lien, is recorded in the office of the county recorder in the county where the property is located. Upon such recordation, the lien shall have the same force, effect and priority as if it had been a judgment lien imposed upon real property which was not exempt from execution, except that it shall attach only to the property described in such notice and impounded or seized by the department, and shall continue for 10 years from the time of the recording of such notice unless sooner released or otherwise discharged.

(b) The department may at any time release all or any portion of the property subject to a lien imposed pursuant to subdivision (a) from the lien or subordinate such lien to other liens and encumbrances if it determines that the amount owed is sufficiently secured by a lien on other property or that the release or subordination of such lien will not jeopardize the collection of such amount owed. A certificate by the department to the effect that any property has been released from such lien or that such lien has been subordinated to other liens and encumbrances shall be conclusive evidence that the property has been released or that the lien has been subordinated as provided in such certificate.

SEC. 3. Section 3720 of the Labor Code is amended to read:

3720. When the appeals board determines under Section 3715 that a claim has been filed with it against an employer who has not secured the payment of compensation as required by this division, the administrative director shall record in the office of the county recorder in the counties where such employer's property is located, a certificate prepared and furnished him by the appeals board showing the date on which such application was filed with the appeals board, the name and address of the employer against whom it was filed, and the fact that the employer has not secured the payment of compensation as required by this division. Upon such recordation, such certificate constitutes a valid lien in favor of the Director of Industrial Relations, and shall have the same force, effect and priority as a judgment lien and shall continue for 10 years from the time of the recording of such certificate unless sooner released or otherwise discharged. A copy of such a certificate shall be served upon the employer by the appeals board.

SEC. 4. Section 3423 of the Public Resources Code is amended to

read:

3423. The assessment and charges levied under this article are a lien upon all the property of every kind and nature belonging to the persons assessed. The assessments and charges levied upon oil or gas removed from any land in this state are a lien upon the land from which the oil or gas has been extracted. The lien shall attach on the first Monday in March of each year. The lien may be enforced and the charges collected by an action by the State Controller as provided by this article.

When an assessment shall have been levied, but shall not have been paid prior to the first Monday in February following such levy, if the certificate of delinquency is to be recorded as hereinafter provided, the Controller shall, within twenty-five (25) days thereafter, mail a notice to the owner of the land at his last known address as it appears in the office of the county assessor for the county in which the land is situate, or if no address appears in the office of the county assessor, then to the last address of the owner of the land as last shown on the records of the said county assessor. The notice shall contain a statement of the amount of the assessment, the date upon which the assessment was levied, the fact that the records of the Controller show the assessment to be unpaid, and shall declare that unless the assessment is paid before the first Monday in March following, the lien provided for in this section will attach.

When any person assessed shall be delinquent in the payment of the charges, interest or penalties as herein provided, the Controller may, on or before the 30th day of May next following the delinquency, record a certificate with the county recorder of the county in which the oil or gas was extracted, specifying the amount of the charges, interest and penalty due, the name and address of the assessee liable for the same, as it appears from his records, the name and address of the assessed owner of the land from which the oil or gas was extracted, together with its description, as it appears on the records of the county tax collector in which the property is located, that there has been compliance with all the provisions of law in relation to the computation and assessment of the charges. Upon recording such certificate the amount of the lien as above provided is determined and shall have the same force, effect and priority as a judgment lien, except that it shall attach only to the property described in such certificate, and shall continue for 10 years from the time of the recording of such certificate unless sooner released or otherwise discharged.

A warrant may be issued by the State Controller or his duly authorized representative for the collection of any charges, interest and penalty and for the enforcement of any lien directed to the sheriff or constable, and shall have the same effect as a writ of execution. It may and shall be levied and sale made pursuant to it in the same manner and with the same effect as a levy upon and sale of real property pursuant to a writ of execution.

Notwithstanding any provisions of law to the contrary, the owner

of said land may redeem from any execution sale within a period of three years upon payment of interest, penalties and charges as provided in the case of other sales of real property under execution.

The sheriff or constable shall receive, upon the completion of his services pursuant to a warrant, and the Controller is authorized to pay to him the same fees and commissions and expenses in connection with services pursuant to said warrant as are provided by law for similar services pursuant to a writ of execution; provided, that fees for publication in a newspaper shall be subject to approval by the Controller rather than by the court; said fees, commissions and expenses shall be an obligation of the person or persons liable for the payment of said charges and may be collected from such person or persons by virtue of the warrant or in any other manner provided in this article for the collection of such charges.

In the event that the lien of the charges, penalties or interest attaches to real property from which the oil or gas is extracted and more than one parcel of property is included within the lien, the Controller may release by certificate as hereinabove provided from the lien of said charges, interest, penalties and costs, upon payment by the owner of any parcel or parcels of property of his proportionate share of the assessment of the oil or gas extracted from all land included within said lien owned by him.

The Controller may at any time release all or any portion of the property subject to the lien from the lien or subordinate the lien to other liens if he determines that the charges are sufficiently secured by a lien on other property of the taxpayer or that the release or subordination of the lien will not endanger or jeopardize the collection of such charges. A certificate by the Controller to the effect that any property has been released from the lien herein provided for or that such lien has been subordinated to other liens shall be conclusive evidence that the property has been released or that the lien has been subordinated as provided in the certificate.

It is expressly provided that the remedies provided herein of the state shall be cumulative and that no action by the Controller shall be construed to be an election on the part of the state, or of any of its officers, to pursue any remedy hereunder to the exclusion of any other remedy for which provision is made in this article.

SEC. 5. Section 4179 of the Public Resources Code is amended to read:

4179. Notice of the lien, particularly identifying the property on which the nuisance was abated and the amount of such lien, and naming the owner of record of such property, shall be recorded by the State Forester in the office of the county recorder of the county in which the property is situated within one year after the first item of expenditures by the State Forester or within 90 days after the completion of the work, whichever first occurs. Upon such recordation of the notice of lien, the lien shall have the same force, effect, and priority as a judgment lien, except that it shall attach only to the property described in such notice, and shall continue for 10

years from the time recording of such notice unless sooner released or otherwise discharged.

SEC. 6. Section 4831 of the Revenue and Taxation Code is amended to read:

4831. When it can be ascertained from the roll or any papers in the assessor's office what was intended, or what should have been assessed, defects in description or form or clerical errors of the assessor on the roll or other errors of the assessor not involving the exercise of judgment as to value which result in the entry on the roll of assessed values other than those intended by the assessor may be corrected under this article at any time after the roll is delivered to the auditor by the clerk of the county board and prior to the expiration of four years after the making of the assessment which is being corrected.

In the event the correction has the effect of increasing the amount of taxes due on real property for the year or years in which such correction is made, such increased amount of taxes shall not create, impose or constitute a lien or charge on such real property if (a) such real property has been transferred or conveyed to a bona fide purchaser for value prior to the date of such correction and the showing thereof on the secured roll with the date of entry specified thereon, or (b) such real property is subject to a lien of a bona fide encumbrance for value created and attaching prior to the date of such correction and the showing thereof on the secured roll with the date of entry specified thereon. In such case, the assesssor or tax collector may record with the county recorder of any county a certificate which shall set forth in the name of the person who was the assessee in the year in which such correction was made and the amount or amounts of any such correction. From the date of the recording of such certificate, a lien shall be created and attach against any real property owned by such person in the county or counties in which any such certificate may have been recorded for the amount of such taxes, which lien shall have the force, effect and priority of a judgment lien, and shall continue for 10 years from the time of the recording of such certificate unless sooner released or otherwise discharged.

The tax collector, with the approval of the board of supervisors, may at any time, release all or any portion of real property subject to any lien created or attaching by the recording of such a certificate from such lien or subordinate such lien to other liens and encumbrances if he determines that the taxes are sufficiently secured by a lien on other property belonging to the person named in such a certificate or that the release or subordination will not endanger or jeopardize the collection of such taxes.

A written certification by the tax collector to the effect that real property subject to any lien imposed by the recording of the certificate as hereinbefore provided has been released from such lien or that such lien has been subordinated to other liens shall be conclusive evidence as to any bona fide purchaser, encumbrancer or

lessee that such lien has been released or has been subordinated as set forth in such written certification. Such written certification may be recorded with the county recorder of any county.

Taxes which do not create, impose or constitute a lien or charge on the property assessed may be transferred from the secured roll to the unsecured roll of the corresponding year by the county auditor on order of the board of supervisors with the written consent of the district attorney and shall be collected in the same manner as other delinquent taxes on the unsecured roll and shall be subject to delinquent penalties in the same manner as taxes transferred to the unsecured roll under Section 4986. The statute of limitations for the collection of such taxes shall commence to run from the date of transfer.

SEC. 7. Section 13305 of the Water Code is amended to read:

13305. (a) Upon determining that a condition of pollution or nuisance exists which has resulted from a nonoperating industrial or business location within its region, a regional board may cause notice of such condition to be posted upon the property in question. The notice shall state that such condition constitutes either a condition of pollution or nuisance which must be abated by correction of such condition, otherwise it will be corrected by the city, county, other public agency, or regional board at the property owner's expense. Such notice shall further state that all property owners having any objections to the proposed correction of such condition may attend a hearing to be held by the board at a time not less than 10 days from the posting of the notice.

(b) Notice of the hearing prescribed in this section shall be given in the county where the property is located pursuant to Section 6061 of the Government Code.

(c) In addition to posting and publication, notice as required in this section shall be mailed to the property owners as their names and addresses appear from the last equalized assessment roll.

(d) At the time stated in the notices, the board shall hear and consider all objections or protests, if any, to the proposed correction of the condition, and may continue the hearing from time to time.

(e) After final action is taken by the board on the disposition of any protests or objections, or in case no protests or objections are received, the board shall request the city, county, or other public agency in which the conditions of pollution or the nuisance exists to abate it. In the event that such city, county, or other public agency does not abate such condition within a reasonable time the board shall cause the condition to be abated. It may proceed by force account, contract or other agreement or any other method deemed most expedient by the board, and shall apply to the state board for the necessary funds.

(f) The owner of the property on which the condition exists, or is created, is liable for all reasonable costs incurred by the board or any city, county, or public agency in abating the condition. The amount of the cost for abating the condition upon the property in question

shall constitute a lien upon the property so posted upon the recordation of a notice of lien, particularly describing the property on which the condition was abated and the amount of such lien, and naming the owner of record of such property, in the office of the county recorder of the county in which the property is located. Upon such recordation, the lien shall have the same force, effect, and priority as if it had been a judgment lien imposed upon real property which was not exempt from execution, except that it shall attach only to the property so posted and described in such notice of lien, and shall continue for 10 years from the time of the recording of such notice unless sooner released or otherwise discharged. Such lien may be foreclosed by an action brought by the city, county, other public agency, or state board, on behalf of the regional board, for a money judgment. Money recovered by a judgment in favor of the state board shall be returned to the State Water Pollution Cleanup and Abatement Account.

(g) The city, county, other public agency, or state board on behalf of a regional board, may at any time release all or any portion of the property subject to a lien imposed pursuant to subdivision (f) from the lien or subordinate such lien to other liens and encumbrances if it determines that the amount owed is sufficiently secured by a lien on other property or that the release or subordination of such lien will not jeopardize the collection of such amount owed. A certificate by such board, city, county, or other public agency to the effect that any property has been released from such lien or that such lien has been subordinated to other liens and encumbrances shall be conclusive evidence that the property has been released or that the lien has been subordinated as provided in such certificate.

(h) As used in this section, the words "nonoperating" or "not in operation" means the business is not conducting routine operations usually associated with that kind of business.

SEC. 8. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act because this act consists of technical changes to statutes enacted prior to January 1, 1973.

SEC. 2. Section 690.8a is added to the Code of Civil Procedure, to read:

690.8a. All relocation benefits for displacement from a dwelling actually owned or rented by the debtor received from a public entity pursuant to Chapter 16 (commencing with Section 7260), Division 7, Title 1 of the Government Code or the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, shall, in addition to any other exemptions provided for by the law, be exempt from attachment or execution. Such benefits shall be exempt from attachment or execution without filing a claim of exemption, as provided in Section 690.50.

SEC. 3. Section 690.8 of the Code of Civil Procedure as added by Chapter 822 of the Statutes of 1972 is repealed.

SEC. 3.5. Section 7266 of the Government Code is repealed.

SEC. 3.8. Section 7266 is added to the Government Code, to read:

7266. (a) If a relocation appeals board has been established pursuant to Section 33417.5 of the Health and Safety Code, a city by ordinance may designate the board to hear appeals from all public entities, except those state agencies which have an appeal process, on the eligibility for, or the amount of, a payment authorized by this chapter.

(b) Any person aggrieved by a determination as to eligibility for, or the amount of, a payment authorized by this chapter may have the application reviewed by the public entity or by the relocation appeals board if authorized under subdivision (a). The review of a determination by a community redevelopment agency may only be made by a relocation appeals board established pursuant to Section

33417.5 of the Health and Safety Code.

SEC. 4. Section 7269 of the Government Code is amended to read:

7269. No payment received by any person under this chapter shall be considered as income for the purposes of the Personal Income Tax Law, Part 10 (commencing with Section 17001) of Division 2 of the Revenue and Taxation Code, or the Bank and Corporation Tax Law, Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code, nor shall such payments be considered as income or resources to any recipient of public assistance and such payments shall not be deducted from the amount of aid to which the recipient would otherwise be entitled under any other provisions of law.

SEC. 5. Section 7269.1 is added to the Government Code, to read:

7269.1. Where a recipient of relocation benefits payments under federal or state law is also a general assistance recipient under Part 5 (commencing with Section 17000) of Division 9 of the Welfare and Institutions Code and two or more rent schedules apply to the recipient, the highest shall prevail and any excess amount over lower rent schedule shall not be counted as income or resources for general assistance purposes under Part 5 (commencing with Section 17000) of Division 9 of the Welfare and Institutions Code.

SEC. 6. Section 17300 of the Welfare and Institutions Code is amended to read:

17300. All aid rendered by the county under this part shall be a charge against the spouse, parent, and adult child of the recipient thereof, and the county rendering aid shall be entitled to reimbursement therefor.

The board of supervisors of the county rendering aid shall determine if the spouse, parent, or adult child, or any of them, have financial ability to support or contribute to the support of the recipient and were pecuniarily able to support or contribute to the support of the recipient during the time aid was rendered. If in the opinion of the board of supervisors pecuniary ability existed when the aid was given, and exists when the matter comes before the board of supervisors, the board shall request the district attorney or other civil legal officer of the county granting aid to proceed against such responsible relative or relatives.

Upon such request, the district attorney or other civil legal officer shall maintain an action on behalf of the county granting aid against the relative or relatives to recover for the county the aid rendered and to secure an order requiring the payment of any sums which may become due in the future.

The board of supervisors shall, in the case of aid granted by institutional care, fix a reasonable charge therefor, which shall be the measure of reimbursement to the county, and the existence of the order fixing the charge shall constitute prima facie evidence of its reasonableness.

For the purposes of this article, property described in subdivisions

(g) and (h) of Section 17409 shall not be considered in determining the financial ability of a responsible relative to support or contribute to the support of the recipient.

SEC. 7. Section 17401 of the Welfare and Institutions Code is amended to read:

17401. No lien taken by a county pursuant to Section 17109 for care provided to a person in a county hospital shall be enforced against the home of that person (1) during his lifetime or that of his spouse, or (2) during the minority of his children if they reside in the home, or (3) during the lifetime of any dependent adult child who resides in the home and who is incapable of self-support because of mental or physical disability.

Any lien taken by a county for county hospital care shall be released immediately when the amount owing the county for that care is paid. The county shall render to a person to whom care has been provided in a county hospital a statement setting forth the charges upon which its claim for reimbursement is based. No interest or carrying charge shall be charged in connection with any debt incurred for county hospital care.

If a person against whose home a lien has been imposed for county hospital care desires to sell his home, the county shall release its lien against the original home and transfer it to the new home, provided that it finds that its security will not be impaired. If the person desires to borrow money for the purpose of making improvements to his home, using his home for security, the county shall subordinate its lien to the mortgage or other security interest given for the loan, if the county finds that its security will not be impaired.

If a person against whose home a lien has been imposed for county hospital care has the home acquired by a public entity for public use, the county shall release its lien against the original home and transfer it to any new home the person acquires.

No lien shall be taken pursuant to Section 17109 against the home of a person for care provided him in a county hospital, if he was confined to the county hospital as the result of a diagnosis of tuberculosis.

No lien shall be taken pursuant to this part against the home or other property of any relative, except for a parent of a minor or a spouse, liable for the support of a person confined in a county hospital or otherwise receiving aid under this part.

In no way do the authorizations and limitations expressed in this section enlarge upon the power of counties to take or impose liens under existing law. Nothing contained in this section shall be construed to permit a county to impose a lien for aid or other assistance granted under any public assistance program established by this code for which federal funds are received by this state, or under the aid to the potentially self-supporting blind program.

SEC. 8. Section 17409 of the Welfare and Institutions Code is amended to read:

17409. There shall be exempt from the transfers and grants

(f) Real or personal property of a recipient of public assistance, with respect to aid or county hospital care granted after May 21, 1963.

(g) For a period of six months from the date of receipt, the compensation received from a public entity which acquires for a public use a dwelling actually owned and occupied by the recipient. Such compensation shall be exempt in the amount, over and above all liens and encumbrances, provided by Section 1260 of the Civil Code

(h) Relocation benefits for displacement from a dwelling actually owned or rented by the debtor received from a public entity pursuant to Chapter 16 (commencing with Section 7260), Division 7, Title 1 of the Government Code and from the federal government under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended.

No county shall withhold emergency medical or hospital care from any person pending his giving security for reimbursement to the county for the care or hospitalization to be provided to him.

SEC. 9. There are no state-mandated local costs in this act that require reimbursing under Section 2231 of the Revenue and Taxation Code.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Many of those presently receiving relocation assistance benefits are enduring very serious financial difficulties and in order to provide prompt relief it is necessary for this act to take effect immediately.

CHAPTER 49

An act to amend Section 9360 of the Public Resources Code, and to amend Sections 756 and 759 of the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor March 4, 1974. Filed with Secretary of State March 4, 1974]

The people of the State of California do enact as follows.

SECTION 1. Section 9360 of the Public Resources Code is amended to read:

9360. The directors shall, on or before January 1 of the calendar year during which an assessment is to be levied for the first time, notify the State Board of Equalization as provided in Revenue and Taxation Code Sections 756 and 759 and, annually on or before August 1st, furnish the county auditor and the board of supervisors an estimate in writing of the amount of money necessary to be raised by assessment for the purposes of the district for the next ensuing fiscal year.

SEC. 2. Section 756 of the Revenue and Taxation Code is amended to read:

756. Immediately after the third Monday in August the board shall transmit to each county auditor a roll showing the assessments made by the board in the county and in each city and revenue district in the county; provided, however, that the roll need not show the assessments made by the board in a revenue district which did not levy a tax or assessment during the preceding year. Such roll is at all times, during office hours, open to the inspection of any person representing any taxing agency or revenue district, or any district described in Section 2131. If the roll does not show the assessments in a revenue district as herein provided and a notice of a proposed levy is furnished the board in writing, on or before January 1 preceding the fiscal year for which the levy is to be made, the board shall furnish an estimate of the total assessed value of state-assessed property in the district and shall transmit thereafter to the county auditor a statement of roll change showing the assessments made by the board in the district. The estimate shall be regarded as establishing the total assessed value of state-assessed property in the district for the purpose of determining the tax rate of the district.

SEC. 3. Section 759 of the Revenue and Taxation Code is amended to read:

759. In lieu of complying with the provisions of Section 756, the board may, upon receipt by July 1 of a written request from a county auditor who has the approval of the board of supervisors, transmit to the auditor immediately after the first Monday in August an estimate of the total assessed value of state-assessed property in the county and in each revenue district in the county. Such an estimate need not be made for a revenue district that did not levy a tax or assessment

during the preceding year unless the board receives on or before January 1 preceding the fiscal year for which the levy is to be made a notice in writing of a proposed levy, in which case the board shall furnish, as part of the original estimate or by way of a statement of changes, an estimate of the total assessed value of state-assessed property in the district.

The estimates shall be regarded as establishing the total assessed value of state-assessed property in the county and district for the purpose of determining the tax rate of such county and district, subject only to changes transmitted prior to August 15th. If there are no changes, the board shall at that time confirm its estimates. All information furnished pursuant to this section is at all times, during office hours, open to the inspection of any person representing any taxing agency or revenue district, or any district described in Section 2131.

[Approved by Governor March 4, 1974 Filed with Secretary of State March 4, 1974.]

SECTION 1. Section 17920.7 of the Health and Safety Code is amended to read:

17920.7. (a) The commission shall adopt, amend, repeal, and except as otherwise provided in this part, enforce rules and regulations for the provision of structural fire safety and fire-resistant exits in existing multiple-story structures let for human habitation including, and limited to, apartment houses, hotels, and motels wherein rooms used for sleeping are let above the ground floor. The rules and regulations shall provide adequate safety to the occupants and the general public, and shall impose the same requirements as are contained in subdivisions (d), (e), (f), (g), (h), (i), (k), and (*l*) of Section 1313 of Chapter 13 of the appendix of the Uniform Building Code, 1970 edition, as adopted by the International Conference of Building Officials.

The commission, after consultation with the State Fire Marshal, may adopt reasonable exceptions to subdivisions (e) and (g) of Section 1313 to permit the continued use of existing stairs and to subdivision (*l*) of Section 1313 to permit equivalent protection in lieu of occupancy separations. However, such exceptions shall not impair occupant safety and shall be consistent with the legislative intent of this section.

Interior stairs and vertical openings need not be enclosed in

two-story buildings.

(b) Notwithstanding the provisions of subdivision (a), any city, county, or city and county may adopt standards for structural fire safety and fire-resistant exits in structures subject to the provisions of this section, provided that such standards are substantially equivalent in fire safety to the standards adopted by the commission pursuant to subdivision (a). Each city, county, or city and county adopting such alternative standards shall submit a detailed statement, with supporting data, to the Director of Housing and Community Development demonstrating the equivalency of the alternate standards to the state standards. The Director of Housing and Community Development shall make a finding as to the equivalency of alternate local standards to state standards. It is the intention of the Legislature that this section and the rules and regulations adopted by the commission pursuant to this section shall not be more restrictive than the requirements for new construction contained in the Uniform Building Code, 1970 edition, as adopted by the International Conference of Building Officials.

CHAPTER 51

An act to amend Section 30756 of the Public Utilities Code, relating to transit districts, and declaring the urgency thereof, to take effect immediately.

30756. (a) In the event the board and the representatives of the employees do not agree to submit a dispute over the terms and conditions of a collective bargaining agreement to arbitration as provided in subdivision (d) of Section 30750, the State Conciliation Service may be notified by either party that a dispute exists and that there is no agreement to arbitrate.

(b) Following such notification, the State Conciliation Service shall determine whether or not the dispute may be resolved by the parties and, if not, the issues concerning which the dispute exists.

(c) Upon a determination that the dispute cannot be resolved by the parties, the service shall certify its findings to the Governor of the State of California.

(d) The Governor shall, within 10 days of receipt of certification, appoint a factfinding commission consisting of three persons.

(e) The commission shall immediately convene and inquire into and investigate the issues in the dispute.

The commission shall have authority to issue subpoenas for the attendance of witnesses and subpoenas duces tecum for the production of books, documents, and other records. The commission shall report to the Governor within 60 days of the date of its creation. However, the commission shall deliver a preliminary confidential report to the parties not later than the 51st day of the 60-day period, and the parties may submit comments on such report to the commission for its consideration not later than the 54th day of the 60-day period.

The commission shall, if either party so requests in its comments, include in its report an estimate of the cost of implementing any proposals or recommendations contained in the report.

(f) After notification to the State Conciliation Service by either party in accordance with subdivision (a), no change, except by mutual agreement, shall be made by the parties in the conditions out of which the dispute arose and service to the public shall continue to be provided (1) until the service determines that the dispute may be resolved by the parties, or (2) if the service determines that the dispute cannot be resolved by the parties, until 10 days after the commission has made its report to the Governor.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because duties, obligations, or responsibilities imposed on local governmental entities by this act are such that related costs are incurred as a part of their normal operating procedures.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Such notice shall indicate the determination of the agency, board, or commission whether the project will, or will not, have a significant effect on the environment and shall indicate whether an environmental impact report has been prepared pursuant to the provisions of this division.

(b) Whenever a state agency, board, or commission determines that a project is not subject to the provisions of this division pursuant to subdivision (b) of Section 21080 or pursuant to Section 21085 or 21172, and it approves or determines to carry out such project, it, or the person specified in subdivision (b) or (c) of Section 21065, may file notice of such determination with the Secretary of the Resources Agency. impact report has been prepared pursuant to the provisions of this division.

(b) Whenever a local agency determines that a project is not subject to the provisions of this division pursuant to subdivision (b) of Section 21080 or pursuant to Section 21085 or 21172, and it approves or determines to carry out such project, it, or the person specified in subdivision (b) or (c) of Section 21065, may file notice of such determination with the county clerk of the county, or counties, in which the project will be located. (a) An action or proceeding alleging that a public agency is carrying out or has approved a project which may have a significant effect on the environment without having determined whether the project may have a significant effect on the environment shall be commenced within 180 days of the public agency's decision to carry out or approve the project, or, if a project is undertaken without a formal decision by the public agency, within 180 days after commencement of the project.

(b) Any action or proceeding alleging that a public agency has improperly determined whether a project may have a significant effect on the environment shall be commenced within 30 days after the filing of the notice required by subdivision (a) of Section 21108 or subdivision (a) of Section 21152

(e) Any action or proceeding alleging that any other act or omission of a public agency does not comply with the provisions of this division shall be commenced within 30 days after the filing of the notice required by subdivision (a) of Section 21108 or subdivision (a) of Section 21152.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there by any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There is uncertainty regarding when certain actions or proceedings which allege that an act or omission of a public agency does not comply with the Environmental Quality Act of 1970 are required to be commenced. It is essential that this situation be clarified as soon as possible in the interest of protecting the rights of parties to such actions or proceedings and it is, thus, necessary that this act take immediate effect.

CHAPTER 57

An act to amend Sections 8822 and 9322 of the Elections Code, relating to elections and declaring the urgency thereof, to take effect immediately.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The reapportionment of Assembly districts for the 1974 direct primary election will result in major changes in the number of whole or partial Assembly districts to be contained within a county containing 20 or more Assembly districts. In order that a county clerk in such a county may comply with his statutory duty to compute, for the purposes of the 1974 direct primary ballots of the Democratic Party and Republican Party, the number of elected members to which the Democratic and Republican county central committees in his county are entitled, it is necessary that this act shall go into immediate effect.

CHAPTER 58

An act to add Section 21351.5 to the Vehicle Code, relating to traffic signs, and declaring the urgency thereof, to take effect immediately.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

One of the hazards confronting motorists at railroad crossings is reduced visibility due to fog occurring in the winter and spring. This act would enable action to be taken immediately facilitating the reduction of this serious hazard in the foggy period of 1974.

CHAPTER 59

SEC. 3. The sum of five thousand dollars ($5,000) is hereby appropriated from the General Fund to the Secretary of State for the purpose of carrying out the provisions of this act.

If a homeowners' exemption has been incorrectly allowed, an escape assessment as allowed by Section 531.2 in the amount of the exemption with interest as provided in Section 506 shall be made. If the exemption was incorrectly allowed because of erroneous or incorrect information submitted by the claimant with knowledge that such information was erroneous or incomplete or because the claimant failed to notify the assessor that the property was no longer eligible for the exemption, the penalty provided in Section 504 shall be added to the assessment.

SEC. 13. Section 2610.5 is added to the Revenue and Taxation Code, to read:

2610.5. On or before November 1 each year, the tax collector of every county shall mail a county tax bill or copy thereof to each assessee or fee owner of property on the secured roll. This requirement need not be met where the computation of taxes results in a zero amount. The failure to receive a tax bill does not relieve the fee owner from the liability to pay taxes owed.

SEC. 14. (a) The sum of one million five hundred thousand dollars ($1,500,000) is hereby appropriated from the General Fund to the State Controller for allocation and disbursement to local agencies to pay the supplemental claims submitted pursuant to the provision of this section to reimburse counties and cities for 1973–74 fiscal year property tax revenues lost by reason of the operation of this chapter.

Such supplemental claims shall contain a statement of 1973–1974 property tax revenues lost by reason of the operation of this chapter.

(c) On or before May 31, 1974, the Controller shall pay, from the funds appropriated from the General Fund pursuant to this section, to the auditor of each city or county that amount claimed on supplemental claims made under subdivision (b), in addition to the amounts required to be paid pursuant to Section 16120 of the Government Code. Upon the receipt of such payments, such auditors shall apportion the reimbursement proceeds to the county and cities in accordance with the claims made under subdivision (b).

(d) The Controller shall transfer one million five hundred thousand dollars ($1,500,000) from the Federal Revenue Sharing Fund to the State General Fund to make the allocations required by subdivision (a).

SEC. 15. No appropriation is made by this act and no obligation is created thereby under Section 2231 of the Revenue and Taxation Code for reimbursing local government for state-mandated costs under this act for the following reasons:

(a) The administrative costs involved in processing late claims for the homeowners' exemption for the 1973–74 fiscal year are minor in nature.

(b) The local costs involved in performing new duties for the fiscal years 1974–75 and thereafter, are more than offset by cost savings that will be realized under the permanent homeowners' exemption claim filing system instituted under this act.

SEC. 16. The provisions of this act shall become operative as follows:

(a) Sections 4, 5, 6, 7, 9, 10, 11, 14 and 15 shall take effect immediately.

(c) Sections 2, 3 and 13 shall be operative with respect to claims for the 1975–76 fiscal year and thereafter.

(d) Sections 8 and 12 shall be operative with respect to claims for the 1974–75 fiscal year and thereafter.

SEC. 17. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for the provisions of this act allowing homeowners to cure a procedural defect in obtaining the homeowners' exemption to apply to claims for the 1973–74 fiscal year, thereby complying with the intent and purpose of Section 1d of Article XIII of the Constitution, it is necessary that this act take effect immediately.

CHAPTER 61

An act to add Section 7354.5 to the Labor Code, relating to aerial passenger tramways, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 12, 1974 Filed with Secretary of State March 12, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 7354.5 is added to the Labor Code, to read:

7354.5. Notwithstanding any other provision of this chapter, in any case in which an insurer admitted to transact insurance in this state has inspected or caused to be inspected, by a qualified, licensed professional engineer who is registered in California pursuant to Chapter 7 (commencing with Section 6700) of Division 3 of the Business and Professions Code, any aerial passenger tramway used as a ski lift, the division may, if it finds such inspections were made according to the provisions of subdivisions (a) and (b) of Section 7344, accept such inspections in lieu of any other inspections for that year. Such private inspector shall, before commencing his duties therein, secure from the division a certificate of competency to make such inspections.

The division may determine the competency of any applicant for such certificate, either by examination or by other satisfactory proof of qualification.

The division may rescind at any time, upon good cause being shown therefor, and after hearing, if requested, any certificate of competency issued by it to a ski lift inspector. The inspection reports made to the division shall be in such form and content as the division may find necessary for acceptance as a proper inspection made by such private inspector

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Division of Industrial Safety will have to conduct at least two inspections of each aerial passenger tramway during 1974 if this bill is not in effect. Such tramways are often inspected by insurers in a manner sufficient to meet the requirements of this act. Therefore, in order to avoid duplication in inspections by the division and by insurers, it is necessary that this act take effect immediately.

CHAPTER 62

An act to amend Section 2393 of the Business and Professions Code, relating to medicine, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 12, 1974 Filed with Secretary of State March 12, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 2393 of the Business and Professions Code is amended to read:

2393. The use of any fictitious, false or assumed name, or any name other than his own, by the holder of any certificate, either alone or in conjunction with a partnership group, in any sign or advertisement in connection with his practice, or in any advertisement or announcement of his practice, or in any public announcement of his practice, except as hereinafter expressly permitted, constitutes unprofessional conduct within the meaning of this chapter. Holders of physicians' and surgeons' certificates and holders of certificates to practice podiatry issued under this chapter may practice, within the scope of their respective certificates, in partnerships or groups of physicians and surgeons or of podiatrists, respectively.

Any physician and surgeon or partnership or group of physicians and surgeons, or any podiatrist or partnership or group of podiatrists, engaging in practice under any name that would otherwise be a violation of this section may practice under such name if, and only if, such individual, partnership or group holds an outstanding unexpired, unsuspended, and unrevoked permit issued by the board under the provisions of this section.

The board shall issue written permits authorizing the holder to use a name specified in the permit in connection with his or their practice if, and only if, the board finds to its satisfaction that:

(a) The applicant or applicants are either duly licensed physicians and surgeons or podiatrists, as the case may be;

(b) The place or establishment, or the portion thereof, in which the applicant or applicants practice, is owned or leased by the applicant or applicants, and the practice conducted at such place or establishment, or portion thereof, is wholly owned and entirely controlled by the applicant or applicants provided, however, that where the applicant is working for a community clinic, as defined in subdivision (a) of Section 1203 of the Health and Safety Code, which contracts with or employs individual licensed physicians and surgeons to render medical care, this subdivision shall not apply.

(c) The name under which the applicant or applicants propose to operate contains at least one of the following designations: "medical group," "medical clinic," "podiatrists' group," "podiatry group," "podiatrists' clinic," or "podiatry clinic"; provided, however, that where the applicant is working for a community clinic, as defined in subdivision (a) of Section 1203 of the Health and Safety Code, and is subject to the name limitations of Title 17, California Administrative Code, Section 161, this subdivision shall not apply. In no case shall the name under which the applicant or applicants propose to operate contain the name or names of any of the physicians working for or employed by the community clinic.

(d) All licensed persons practicing at the location designated in the application hold valid and outstanding licenses and that no charges of unprofessional conduct are pending against any person practicing at such location.

Permits issued under this section by the Board of Medical Examiners shall expire and become invalid unless renewed at the times and in the manner provided in Article 15 for the renewal of certificates issued under this chapter. Permits issued under this section by the Board of Osteopathic Examiners shall expire on December 31st of each year, and may be renewed by the board on payment of the fee equal to the annual tax and registration fee payable by licentiates of the Board of Osteopathic Examiners.

Any permit issued under this section may be revoked or suspended at any time that the board finds that any one of the requirements for original issuance of a permit is no longer being fulfilled by the individual or group to whom the permit was issued. Proceedings for revocation or suspension shall be governed by the Administrative Procedure Act.

In the event charges of unprofessional conduct are filed against the holder of a permit issued under this section, or a partnership or a member of a group to whom a permit has been issued under this section, proceedings shall not be commenced for revocation or suspension of the permit until final determination of such charges of unprofessional conduct and unless such charges have resulted in revocation of license.

The amendments to this section enacted at the 1955 Regular Session of the Legislature shall not be applicable to establishments licensed under Chapter 1 of Division 2 of the Health and Safety Code.

SEC. 2. This act is an urgency statute necessary for the

immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There are several medical-free clinics which are being challenged on their use of the designation "clinic" and without such use they are unable to effectively inform those citizens who are in need of their services about the availability of the services which they offer. In order that these medical-free clinics may achieve their goals it is necessary that this act go into immediate effect.

CHAPTER 63

An act to amend the heading of Chapter 2.5 (commencing with Section 35525) of Part 5 of Division 13, of, to amend Section 33525 of, to amend Section 55668.5 as added by Assembly Bill No. 2748 of the 1973–74 Regular Session to, and to add Chapter 2.75 (commencing with Section 35540) to Part 5 of Division 13 of, the Water Code, relating to water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 12, 1974 Filed with Secretary of State March 12, 1974]

The people of the State of California do enact as follows:

SECTION 1. The heading of Chapter 2.5 (commencing with Section 35525) of Part 5 of Division 13 of the Water Code is amended to read:

CHAPTER 2.5. PROVISIONS PERTAINING ONLY TO THE KERN DELTA WATER DISTRICT AND THE CAWELO WATER DISTRICT

SEC. 2. Section 35525 of the Water Code is amended to read:

35525. The provisions of this chapter shall apply only to the Kern Delta Water District and the Cawelo Water District as member units of the Kern County Water Agency or to an improvement district formed within either the Kern Delta Water District or the Cawelo Water District pursuant to the provisions of this division.

SEC. 3. Chapter 2.75 (commencing with Section 35540) is added to Part 5 of Division 13 of the Water Code, to read:

CHAPTER 2.75. PROVISIONS PERTAINING ONLY TO LOST HILLS WATER DISTRICT

35540. The provisions of this chapter shall apply only to the Lost Hills Water District as a member unit of the Kern County Water

Agency.

35541. As an alternative to, and in addition to, the methods in this division provided for the apportionment of water, the district may adopt a plan of water allocation which may include a provision that the holders of title to lands within a designated area of the district, not at the time receiving delivery of water purchased by the district under long term contract with the Kern County Water Agency by means of district-provided facilities, shall have no right in the future to have allocated to them, as the holders of title to lands within such designated area, any part of the water which will thereafter be made available to the district under contracts between the district and the Kern County Water Agency in effect at the time of approval of such plan. Such a plan shall provide that the lands within such designated area of the district shall not thereafter be assessed by the district, or by the Board of Supervisors of the County of Kern on behalf of the district, for the purpose of providing funds to pay any part of the district's obligation to the Kern County Water Agency under contracts between the district and such agency in effect at the time of approval of such plan or for the purpose of providing funds to pay either the principal of bonds or interest on bonds of the district sold after approval of such plan, excepting, however, bonds sold for the purpose of providing funds to construct irrigation works wholly or partially for the benefit of such designated area.

No such plan shall affect the power of the Kern County Water Agency to levy a tax or assessment pursuant to Section 11652 or to levy assessments under the provisions of the Kern County Water Agency Act (Chapter 1003 of the Statutes of 1961, as amended) against all lands within the district nor shall any such plan constitute or be given effect as a limitation upon the power of any bondholder or other creditor of the district to enforce rights existing at the time of approval of such plan.

Such plan shall provide that for so long as the lands within such designated area receive no benefits from the district, they shall not be assessed for district purposes, except to the extent required to pay principal of bonds and interest on bonds of the district sold prior to approval of such plan.

Such plan may further provide that the holders of title to lands within the designated portion of the district shall have the right to purchase from the district, from time to time, as the same is available to the district, water which the district may acquire, other than under long term contract between the district and the Kern County Water Agency in effect at the time of approval of such plan, at a cost which shall not include in its computation any part of the district's obligation to pay for contract entitlement water under long term contract between the district and the Kern County Water Agency in effect at the time of the approval of such plan, but which shall include a pro rata share of the cost of district administration.

35542. A plan adopted or approved pursuant to the provisions of this chapter may be changed, supplemented, amended, or rescinded

in the manner herein provided for the adoption and approval of an original plan.

35543. Before adopting such a plan the board shall make or cause to be made a report setting forth the proposed plan.

35544. Before adopting such a plan the board shall pass a resolution of intention stating the following:

(a) The intention of the board to adopt a plan for distribution and use within the district of water available to the district under existing contract or contracts with the Kern County Water Agency under which plan such water will not be made available to a designated area within the district.

(b) A brief description of the plan proposed to be adopted.

(c) A description of the area within the district to which delivery of water would be curtailed under the proposed plan.

(d) That a copy of the plan and of a map showing the area within the district to which delivery of water would be curtailed under the proposed plan, which map shall govern for all details as to the extent of the area to which water deliveries will be curtailed, is on file with the secretary of the district and is available for inspection by any person or persons interested.

(e) The time and place of hearing by the board in regard to the proposed plan.

(f) That at such time and place any person interested, including all persons owning land within the district or in the area within the district to which delivery of water would be curtailed under the proposed plan, may appear and be heard and written protests, if any, will be considered.

(g) A statement of the substance of Sections 35546, 35547, 35548, 35549, and 35550.

35545. Notice of the hearing shall be given by publishing a copy of the resolution of intention provided for in Section 35544 in a newspaper of general circulation, published in Kern County, California, pursuant to Section 6066 of the Government Code, the first publication to be at least 14 days prior to the time fixed for hearing. Notice of the hearing shall also be given by posting certified copies of such resolution of intention in three public places within the area within the district to which delivery of water would be curtailed under the proposed plan for at least 14 days prior to the time fixed for hearing. Notice of the hearing shall also be given by mailing, by certified mail, a certified copy of such resolution of intention to each holder of title to lands within the area within the district to which delivery of water would be curtailed under the proposed plan as shown in the last equalized assessment book of the district, except, that, in the event an assessment for the district shall not have been made and levied for the year in which such hearing is to be held, the last equalized assessment roll for the County of Kern shall be used in place of the assessment book of the district. Such mailing shall be completed not less than 14 days prior to the hearing. No notice of such hearing, other than that required by this section,

need be given.

35546. At any time, not later than the hour set for hearing on such resolution of intention, any holder of title to land to which delivery of water would be curtailed under the proposed plan may make written protest. Such protest shall be in writing, shall contain a description of the property in which each signer has an interest sufficient to identify the same, and, if any signer is not shown on the last equalized assessment book of the district or, if used as the basis for the mailing of notice, the last equalized assessment roll of Kern County, such protest shall contain or be accompanied by written evidence that such signer is the owner of such property or of an interest therein. All such protests shall be delivered to the secretary of the district.

35547. At the time set for hearing protests, the board shall hear and pass upon all protests made as provided for in Section 35546, and its decision shall be final and conclusive. The board may adjourn the hearing from time to time, and any written protest may be withdrawn by the holder of title making the same in writing at any time prior to the conclusion of the hearing or any such adjournment thereof.

35548. If a written protest is made pursuant to Section 35546 against the proposed plan and the board finds that the protest represents more than one-half of the assessed value of the lands to which delivery of water would be curtailed under the proposed plan, and such protests are not withdrawn so as to reduce the same to less than a majority of such assessed value, the proceedings shall be terminated and no further proceedings may be taken with respect to such plan or any modification thereof for a period of one year from the time of the decision of the board on the hearing.

35549. If a written protest is made pursuant to Section 35546 against the proposed plan and the board finds that the protest represents less than one-half but more than 10 percent of the assessed value of the lands to which delivery of water would be curtailed under the proposed plan, and such protests are not withdrawn to reduce the same to less than 10 percent of such assessed value, the board may adopt such plan subject to approval thereof by the holders of title to the lands to which delivery of water would be curtailed under the proposed plan at a special election to be held for such purpose. Such election shall be called, noticed, held, conducted and the results thereof shall be canvassed in substantially the same manner as provided in this division for the calling, noticing, holding, conducting, and canvassing of general obligation bond elections.

35550. If no written protest is made pursuant to Section 35546 against the proposed plan or if a written protest is made pursuant to Section 35546 and the board finds that the protest represents less than 10 percent of the assessed value of the lands to which delivery of water would be curtailed under the proposed plan, then, at the conclusion of the hearing, the board may, by resolution, adopt and approve such plan.

35551. The last equalized assessment book of the district shall be used as a basis for determining the assessed value of lands to which delivery of water would be curtailed under the proposed plan, excepting, however, if no assessment for the district shall have been made and levied for the year in which the hearing is held, the last equalized assessment roll of the County of Kern shall be used for such purpose in place of the assessment book of the district.

35552. If a majority of the votes cast at an election held pursuant to the provisions of Section 35549 is in favor of the proposed plan, the board shall, within 30 days after canvass of the results of such election, by resolution reciting the fact of such election, the total number of votes cast thereat, the number of votes cast in favor of the plan and the number of votes cast opposed to the plan, approve the proposed plan. If a majority of the votes cast at such election is opposed to adoption of the proposed plan, the proceedings shall be terminated upon the canvass of the vote and no further proceedings may be taken with respect to such plan or any modification thereof for a period of one year from the date of the election.

35553 In the event the plan is approved, either according to the provisions of Section 35550 or Section 35552, a certified copy of the board's resolution approving the plan shall be recorded in the office of the County Recorder of the County of Kern following which recording such plan shall be effective for all purposes.

SEC. 4. The State of California and the people thereof are hereby declared to have a primary and supreme interest in securing to the inhabitants and holders of title to lands within the Cawelo Water District the greatest possible use, conservation and protection of ground water within the district and of waters of the Kern River to which certain holders of title to land within the district may be entitled, to the ends that rights of all holders of title to lands within the district will be recognized and protected through an equitable apportioning of the costs of the project of the district in accordance with benefits received therefrom, that costs of water utilization shall be equalized, and that a firm water supply shall be assured.

Investigation having shown conditions in the area comprising the district to be peculiar to the district, it is hereby declared that a general law cannot be applicable thereto, and the enactment of this special law is therefore necessary for the proper allocation of costs of the project, for the proper distribution and use of waters available to the district, for the protection of life and property therein, and for the public good.

SEC. 5. Section 55668.5 of the Water Code, as added by Assembly Bill No. 2748 of the 1973–74 Regular Session, is amended to read:

55668.5. Notwithstanding Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of the Revenue and Taxation code, or any other provisions of law to the contrary, the board may levy, without an election, a tax rate within a zone to pay the cost of interest and redemption charges on bonded indebtedness incurred prior to July 1, 1974, where a valid petition is presented pursuant to Section

55668.

This section shall only apply the Ventura County Waterworks District No. 1. It is hereby declared to be necessary to enact this special law with respect to such district because of special facts and circumstances existing therein:

It has recently been discovered that due to the lowering of the water table, ranchers in certain areas of Ventura County are threatened with drought and a loss of crops. In order to expedite the provision of water to the areas, the landowners in the areas petitioned for annexation to Ventura County Waterworks District No. 1, for the formation of improvement zones, and for authorization of bonded indebtedness. Registered voters and owners of land approved such actions, and the Board of Supervisors of Ventura County approves. In order to insure, however, that the bonds may be immediately sold without the requirement of an election, it is necessary to exempt the district from the provisions of Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of the Revenue and Taxation Code with respect to such bonded indebtedness. Thus, this special law is necessary in order to permit bonds to be sold and water to be provided to the affected areas in time to avoid severe crop losses in the area.

SEC. 6. Section 5 of this act shall become operative only if Assembly Bill No 2748 of the 1973–74 Regular Session is chaptered and becomes effective and shall become operative at the same time as Assembly Bill No. 2748.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Lost Hills Water District has entered into a long term contract for a water supply with the Kern County Water Agency which has, in turn, entered into a long term contract for a water supply with the State of California acting through the Department of Water Resources.

Lost Hills Water District has no source of water other than its contract with the Kern County Water Agency. The quantity of water available to Lost Hills Water District under such contract is inadequate to provide water for irrigation purposes to all the lands within Lost Hills Water District.

Lost Hills Water District has been advised that, without an adequate water supply for all land within the district, the district will be unable to secure financing for any new system of works. By adopting a plan of water allocation such as would be authorized by this act, the district can assure an adequate water supply to all other portions of the district and will then be able to secure financing for works designed to service such other portions of the district. Because of rapidly increasing contractual entitlements under its contract with the Kern County Water Agency and commensurate increase in its obligations to the Kern County Water Agency and because of the

long leadtime required in planning, designing, financing and constructing necessary works, it is necessary that this act go into immediate effect.

In order also to permit urgently needed water to be provided to Ventura County Waterworks District No. 1 in time for the irrigation season, it is necessary that bonds be issued immediately. In order to permit bonds to be issued by such district without further delay and to thereby provide water necessary to avoid severe crop losses to ranchers and farmers, it is necessary that this act go into immediate effect.

CHAPTER 64

An act to amend Sections 6501, 6502, 6504, 6505, 6506, 6507, and 6550 of, and to add Section 6505.1 to, the Streets and Highways Code, relating to improvement bonds, and declaring the urgency thereof, to take effect immediately

[Approved by Governor March 12, 1974 Filed with Secretary of State March 12, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 6501 of the Streets and Highways Code is amended to read:

6501. The treasurer shall mail a notice of sale to the owner of any property to be sold for nonpayment of either principal or interest upon any delinquent bond. The notice shall be sent by certified mail to the owner of the property as shown on the last equalized assessment roll and to any person whose name appears as an owner on the records of the county assessor's office which the county assessor will use to prepare the next assessor's roll. The notice shall be substantially in the following form:

"Notice of Sale of Property Delinquent for Nonpayment of Street Improvement Bond

You are hereby notified that Bond _____, Series _____, representing a lien against Parcel Number _____ (or the legal description of the property in said bond) located at _____, for an improvement in the City (or County) of _____, is delinquent. Unless the amount of the unpaid principal on said bond, together with interest, penalties, and recordation fee for filing notice of pendency, is paid to the city (or county) treasurer on or before six months after the mailing of this notice, the date of which being this _____ day of _____, 19__, or unless the bond is reinstated as provided by Section 6631, the undersigned will institute proceedings to foreclose the lien of said bond in the manner prescribed by law.

Such foreclosure will result in the sale of such property to satisfy the amount of the bond, interest, penalties, and costs."

SEC. 2. Section 6502 of the Streets and Highways Code is amended to read:

6502. No sale of property shall be made pursuant to this chapter unless the notices are sent pursuant to Sections 6501 and 6505. The failure of the property owner to receive or accept the notices shall not affect the validity of the sale or invalidate any subsequent act or proceeding.

SEC. 3. Section 6504 of the Streets and Highways Code is amended to read:

6504. The notice of sale shall be in substantially (filling in all blanks) the following form:

"Notice of Sale of Property Delinquent for Nonpayment of Bond No. _____, Series No. _____, Issued for the Improvement of _____

Default having been made in the payment of the following named coupons (here fill in date and amounts of the coupon or coupons which have not been paid) and the holder of said bond having demanded in writing that the Treasurer of the City (or County) of _____ proceed to advertise and sell the lot or parcel of land mentioned in said bond. Now, therefore, I give notice that I will on the _____ day of _____, 19__, at the hour of _____ o'clock __m., of said day, sell at public auction the lot or parcel of land mentioned in said bond, to wit: Parcel Number _____ (or the legal description of the property in said bond) located at _____, or so much thereof as may be necessary at (here state the place of sale, which shall be at the office of said treasurer or at some public place in said city (or county)) unless the amount due on said bond and the accrued interest thereon together with the costs set forth in the third paragraph of this notice are paid; and that I will so sell the same to the person who will take the least amount of said lot or parcel of land and pay the full amount of unpaid principal and interest on said bond, together with costs of publication and, if incurred, costs of obtaining an abstract of title or title search. The lot or parcel of land mentioned in said bond and to be sold, is more particularly described, to wit: (here set forth the description of the lot or parcel of land as contained in the bond). The amount due on said bond up to the date of this notice is as follows: Due on the principal thereof, _____ dollars ($_____); due on account of interest _____ dollars ($_____) (here set forth the interest calculated and compounded semiannually up to the date on which the notice is dated at the interest rate named in said bond upon the unpaid principal for the full period for which no interest has been paid) due on account of penalties _____ dollars ($_____). Total amount due on said bond (here set forth the total of the foregoing items).

In order to avoid this sale, payment of the total amount above

named will be required together with the additional interest accruing up to the date of payment and the following costs: (a) the cost of recording pendency of foreclosure as provided in Section 3121 of the Streets and Highways Code; (b) if incurred, costs of obtaining an abstract of title or title search; (c) treasurer's costs for mailing and posting notice of sale and issuance of certificate of sale as provided in Section 6505.1 of this code, except fee for issuance of certificate of sale; (d) reinstatement of bond by payment of amounts due, interest, penalties and costs, in the manner provided by law.

In the event of sale, such sale will include interest in addition to the above total amount due accruing up to date of sale and the costs provided in Section 6505.1 of the Streets and Highways Code. The _____ (here name newspaper) is designated as the newspaper in which this notice shall be published.

At least 15 days prior to the sale a copy of such notice shall be transmitted by the treasurer by certified mail to:

(a) The bondholder at his last known address.

(b) The property owner as shown by the last equalized roll for taxes and any persons whose name appears as owner on the records of the county assessor's office which the county will use to prepare the next assessor's roll.

SEC. 5. Section 6505.1 is added to the Streets and Highways Code, to read:

(e) Treasurer's fee for issuance of certificate of sale which is hereby fixed at seven dollars ($7)

SEC. 6. Section 6506 of the Streets and Highways Code is amended to read:

6506. Any affidavit of publication setting forth a copy of the publication and stating that the publication was made in the newspaper named on specified dates shall be filed with the treasurer and shall be primary evidence of the publication of the notice. The treasurer shall also file an affidavit of mailing stating that copies of the notice were mailed as set forth in Section 6505.

SEC. 7. Section 6507 of the Streets and Highways Code is amended to read:

6507. The treasurer shall collect the sum of seven dollars ($7) for the issuance of the certificate of sale, which sum shall belong to and be subject to the disposition of the city or county.

SEC. 8. Section 6550 of the Streets and Highways Code is amended to read:

The term "owner" as used herein is the name and address of the property owner as shown on the last equalized roll for taxes, and any person whose name appears as owner on the records of the county assessor's office, which the county will use to prepare the next assessor's roll. At the time of making such request, the purchaser or his assignee shall pay to the treasurer the following sums:

(i) For issuance of the notice and mailing the same by certified mail, the sum of three dollars ($3).

(ii) For search of the last equalized assessment roll to determine the name and address of the owner, as hereinabove defined, the sum of three dollars ($3).

(iii) For posting the notice as hereinafter provided, the fees provided by Sections 26725 and 26746 of the Government Code.

The notice shall state:

(a) That the property or a portion of it has been sold to satisfy the bond lien;

(b) The date of sale;

(c) The date, number and series of the bond;

(d) The amount then due, and

(e) The time when the right of redemption will expire, or when the purchaser will apply for a deed.

The treasurer shall immediately, upon such request being made and payment of the fees hereinbefore provided, send a copy of the notice addressed to the owner of the property purchased as shown on the last equalized roll for taxes, and any person whose name appears as owner on the records of the county assessor's office, which the county will use to prepare the next assessor's roll. Such notice shall be mailed at least 30 days before the expiration of the time for redemption, or 30 days before the purchaser applies for a deed. The treasurer also shall post a copy of such notice in a conspicuous place

upon the property. Such notice shall be posted at least 30 days before the expiration of the time for redemption.

SEC. 9. 1162. (a) Whenever a vacancy occurs, or whenever a resignation has been filed with the county superintendent of schools containing a deferred effective date, the school district governing board shall, within 30 days of the vacancy or the filing of the deferred resignation, either call an election or make a provisional appointment to fill the vacancy.

(b) When an election is called, it shall be held on the next established election date provided pursuant to Section 2504 of the Elections Code not less than 74 days after the occurrence of the vacancy or after the written resignation is filed with the county

superintendent of schools.

(c) If a provisional appointment is made within the 30-day period, the registered voters of the district may, within 30 days from the date of the appointment, petition for the conduct of a special election to fill the vacancy. A petition shall be deemed to bear a sufficient number of signatures if signed by at least the appropriate percentage of registered voters of the district who voted in the last regular election for governing board members, as follows:

(1) In districts in which less than 75,000 voters voted 5 percent of the number of such voters.

(2) In districts in which 75,000 or more, but less than 200,000, voters voted 3,750 plus 2½ percent of the number, over 75,000, of such voters.

(d) A provisional appointment made pursuant to subdivision (a) confers no powers or duties of a governing board member upon the appointee during the 30-day period following his appointment and within which a petition calling for a special election may be filed. If a petition is not filed within the 30-day period, the appointee shall thereafter have all the powers and perform all the duties of a governing board member.

(e) A person appointed to fill a vacancy shall hold office only until the next regularly scheduled election for district governing board members, whereupon an election shall be held to fill the vacancy for the remainder of the unexpired term. A person elected at an election to fill the vacancy shall hold office for the remainder of the term in which the vacancy occurs or will occur.

SEC. 3. Section 1163 of the Education Code is amended to read:

1163. (a) There shall be no special election or appointment to fill a vacancy on a governing board if the vacancy occurs within four months of the end of the term of that position and the incumbent is not reelected to fill the position.

(b) Section 1162 shall not apply to a vacancy on a governing board if the vacancy occurs during the period between four months and 74 days prior to a regularly scheduled governing board election and the position is not scheduled to be filled at such election. be held on the established election date nearest to the date on which they would be held in the absence of this election. If the election is held on a statewide election date it shall be consolidated with the statewide election. The procedural requirements prescribed for any such election shall be construed as if the provisions of this section were specifically set forth in the provisions relating to that election.

[Approved by Governor March 14, 1974 Filed with Secretary of State March 14, 1974]

The people of the State of California do enact as follows.

SECTION 1. Section 12151 of the Welfare and Institutions Code is amended to read:

12151. Persons who for the month of December 1973 were recipients of aid or who had applied for and met all the eligibility conditions for aid under Chapter 3 (commencing with Section 12000), 4 (commencing with Section 12500), or 6 (commencing with Section 13500), of this part shall be eligible for benefits under this chapter during the period that they continue to meet the more liberal of the eligibility requirements in effect in December 1973 or after January 1, 1974, provided that no person shall remain eligible under this section who would otherwise be ineligible to receive state supplemental payments by reason of the provisions of Section 212(a) (2) (C) or (D) of Public Law 93-66, or Section 1611(e) (1) (A), (2), or (3), 1611(f), or 1615(c) of Title XVI of the Social Security Act.

SEC. 2. Section 12200 of the Welfare and Institutions Code is amended to read:

12200. An aged, blind or disabled applicant or recipient shall be paid an amount of aid which when added to his federal benefit received under Part A of Title XVI of the Social Security Act and other nonexempt income and resources, equals the following:

(a) For a blind applicant or recipient, the sum of two hundred sixty-five dollars ($265) per month and for a married couple both qualifying for benefits under this chapter as blind, the sum of five hundred thirty dollars ($530) per month.

(b) For a married couple, both qualifying for benefits under this chapter, and one of whom is blind, the sum of five hundred dollars ($500) per month. This sum may be reduced to four hundred eighty-five dollars ($485) per month until June 30, 1974, or such time as the secretary can pay the higher amount, whichever is sooner.

(c) For an aged or disabled applicant or recipient, the sum of two hundred thirty-five dollars ($235) per month.

(d) For a married couple both qualifying for benefits under this chapter as aged or disabled, the sum of four hundred forty dollars ($440) per month.

This subdivision shall be operative only during such time that such in-kind support and maintenance, under federal law, is treated as providing the basis for a lower payment standard rather than being treated as the receipt of unearned income.

SEC. 3. Section 12300 of the Welfare and Institutions Code is amended to read:

12300. The purpose of this article is to provide a range of supportive services for those current, former or potential recipients of public assistance who can remain in their own homes or an abode of their own choosing when such services are provided.

(b) The provider agency shall agree to give preference to the training and employment of recipients of public assistance or other low-income persons who would qualify for public assistance in the absence of such employment.

(c) The cost of the purchase of such service will qualify, where possible, for the maximum federal reimbursement.

The provisions of this section shall not restrict the right of a chartered county from providing a civil service classification for in-home supportive service personnel.

SEC. 6. Section 12303.5 is added to the Welfare and Institutions Code, to read:

12303.5. Except as provided in Section 12304, no one individual recipient shall receive services under this article, the total cost of which exceeds three hundred fifty dollars ($350) in any one month.

SEC. 7. Section 12304 of the Welfare and Institutions Code is amended to read:

12304. (a) Any aged, blind, or disabled individual eligible for assistance under this chapter or Chapter 4 (commencing with Section 12500) who is severely impaired and in need of in-home supportive services, as determined by the county welfare department, shall be eligible to receive services under this article, the total cost of which does not exceed four hundred fifty dollars ($450) per month, plus adjustments reflecting cost-of-living changes subsequent to January 1, 1974, as determined under Section 12201.

(b) A severely impaired individual eligible for services under this article who is capable of handling his own financial and legal affairs shall be given the option of hiring and paying his own provider of in-home supportive services. For this purpose such individual shall be entitled to receive a monthly cash payment in advance not to exceed the maximum amount provided in subdivision (a) of this section, which is in addition to his grant, if any. A severely impaired individual who is not capable of handling his own financial and legal

affairs shall be entitled to receive such cash payment through his guardian, conservator or protective payee.

(c) In no event shall the total entitlement for services and advance cash payment under subdivisions (a) and (b) of this section exceed four hundred fifty dollars ($450) per month, as adjusted pursuant to subdivision (a) of this section.

(d) The county welfare department shall inform in writing any individual who is potentially eligible for services under this section of his right to such services.

(e) For purposes of this section, a "severely impaired" recipient is one who requires in-home supportive care of at least 20 hours per week to carry out the functions of daily living, including but not limited to, the following:

(1) Routine bodily functions, such as bowel and bladder care;

(2) Dressing;

(3) Preparation and consumption of food; or

12304.5. Any aged, blind, or disabled individual who would be eligible for assistance under this chapter or under Chapter 4 (commencing with Section 12500), except for his excess income, is eligible to receive a payment under this article to purchase in-home supportive services if his income is insufficient to provide for the cost of such care, and he is otherwise qualified under this article.

SEC. 9. Section 12351 of the Welfare and Institutions Code is amended to read:

The director may establish the amount an adult child shall be required to contribute toward the support of a parent in receipt of aid under this chapter which shall not exceed the amount specified by the Relatives' Contribution Scale. Regulations of the department shall prescribe the criteria, methods of investigation and test check procedures relating to the determination of the maximum amount any adult child may be held liable to contribute toward the support of a parent to the end that the required contribution does not impose an undue hardship upon the adult child and administrative time and effort are not expended on nonproductive investigative activities.

The filing constitutes registration under this chapter.

(b) Promptly upon registration the clerk of the court shall send, by any form of mail requiring a return receipt from the addressee only, to the obligor at the address given a notice of the registration with a copy of the registered support order and the post office address of the obligee. Proof shall be made to the satisfaction of the court that the obligor personally received the notice of registration. A return receipt signed by the obligor shall be satisfactory evidence of such personal receipt. He shall also docket the case and notify the prosecuting attorney of his action The prosecuting attorney shall proceed diligently to enforce the order.

SEC 9. Section 1699 is added to the Code of Civil Procedure, to read

1699. (a) Upon registration the registered foreign support order

shall be treated in the same manner as a support order issued by a court of this state. It has the same effect and is subject to the same procedures, defenses, and proceedings for reopening, vacating, or staying as a support order of this state and may be enforced and satisfied in like manner.

(b) The obligor has 20 days after the mailing of notice of the registration in which to petition the court to vacate the registration or for other relief. If he does not so petition the registered support order is confirmed.

(c) At the hearing to enforce the registered support order the obligor may present only matters that would be available to him as defenses in an action to enforce a support judgment. If he shows to the court that an appeal from the order is pending or will be taken or that a stay of execution has been granted the court shall stay enforcement of the order until the appeal is concluded, the time for appeal has expired, or the order is vacated, upon satisfactory proof that the obligor has furnished security for payment of the support ordered as required by the rendering state. If he shows to the court any ground upon which enforcement of a support order of this state may be stayed the court shall stay enforcement of the order of an appropriate period if the obligor furnishes the same security for payment of the support ordered that is required for a support order of this state.

SEC. 10. CHAPTER 92

An act to amend Sections 21364, 21365.5, and 21382 of the Government Code, relating to the Public Employees' Retirement System.

[Approved by Governor March 23, 1974 Filed with Secretary of State March 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 21364 of the Government Code is amended to read:

21364. The special death benefit consists of:

(a) An amount equal to and derived from the same source as the basic death benefit exclusive of the contributions from which the annuity provided under subdivision (c) of this section is paid; and

(b) An amount sufficient, when added to the amount provided under subdivision (a) of this section, to provide, when applied according to tables adopted by the board, a monthly death allowance, equal to one-half of his final compensation in the membership category applicable to him at the time of the injury or the onset of the disease causing death, payable to the surviving spouse to whom he was married prior to sustaining the injury or disease resulting in death, as long as such spouse lives or until her remarriage; or if there is no surviving spouse or if such spouse dies or remarries before all children of the deceased member attain age 18, to his children under 18 collectively until every child shall have died, married, or attained age 18; provided, that no child shall receive any part of the allowance after marrying or attaining age 18. During the lifetime of the surviving spouse or until such spouse remarries, an additional percentage of the death benefit allowed by this section, exclusive of the annuity under subdivision (c), shall be paid to such spouse of a member who is killed in the performance of his duty or who dies as a result of an accident or an injury caused by external violence or physical force, incurred in the performance of his duty, for each of his children during the lifetime of the child, or until the child marries or reaches the age of 18, as follows: for one child, twenty-five percent (25%); for two children, forty percent (40%); and for three or more children, fifty percent (50%); and

(c) An annuity which is the actuarial equivalent, assuming monthly payments for life to the surviving spouse, of the deceased's accumulated additional contributions at the date of his death, plus his accumulated contributions at that date based on compensation earned in any membership category other than the category applicable to him at the time of the injury or the onset of the disease causing death.

In the event the surviving spouse does not have custody of the member's children, the additional amount payable pursuant to this section shall be payable to the person having custody of the children

for each child during the lifetime of the child, or until the child marries or reaches the age of 18.

The computation for time prior to entering the membership category applicable to the deceased at the time of the injury or the onset of the disease causing death shall be based on the compensation earnable by him in the position first held by him in that category.

"Spouse" for purposes of this section means a wife or husband.

(d) On and after October 1, 1965, the provisions of this section shall apply to all contracting agencies and to the employees of all contracting agencies whether or not such agencies have previously elected to be subject to the provisions of this section.

Any child whose eligibility for an allowance pursuant to this section, commenced on or after October 1, 1965, shall lose that eligibility effective on the date of his adoption.

SEC. 2. Section 21365.5 of the Government Code is amended to read:

21365.5. Upon the death of a member who has attained the minimum age for voluntary service retirement applicable to him in his last employment preceding death, and who is credited with five or more years of state service and in circumstances in which the basic death benefit is payable other than solely that of membership in a county retirement system, or a retirement system maintained by the university, a monthly allowance equal to one-half of and derived from the same source as the unmodified retirement allowance which the member would have been entitled to receive if he had retired for service on the date of his death shall be payable:

(a) To the surviving wife of a male member as long as she lives or until her remarriage; or

(b) To a surviving husband of a female member as long as he lives or until remarriage; or

(c) To the children under age 18 collectively if there is no surviving spouse or if the surviving spouse dies or remarries before all children of the deceased member attain age 18, until every child dies or attains age 18; provided, that no child shall receive any allowance after marrying or attaining the age of 18.

Where a member does not have a surviving spouse nor any children under the age of 18 years at the time of death, no allowance shall be payable under this section.

No allowance shall be payable under this section if a special death benefit or a benefit under Section 21337 is payable.

The allowance provided by this section shall be paid in lieu of the basic death benefit but a person, or such person's guardian, qualifying for the allowance may elect before the first payment on account of it to receive such basic death benefit in lieu of the allowance.

Any person who is receiving the allowance under this section on October 1, 1959, shall have the right to elect, not later than ninety (90) days after the date upon which notice of such right is mailed to him by this system, to receive in lieu of further payments of the

allowance, a sum equal to the excess of the basic death benefit which was otherwise payable on account of the member's death over the sum of the monthly payments made prior to such election.

If the total of the payments made hereunder is less than the basic death benefit which was otherwise payable on account of the member's death, the amount of the basic death benefit less any payments made pursuant to this section shall be paid in a lump sum as follows:

(a) If the person last entitled to the allowance is the remarried spouse of such member, to such spouse;

(b) Otherwise, to the surviving children of the member, share and share alike, or if there are no such children, to the estate of the person last entitled to the allowance.

The board shall compute the amount by which benefits paid pursuant to this section exceed the benefits which would otherwise be payable and shall charge any such excess against the contributions of the state so that there shall be no increase in contributions of members by reason of benefits paid pursuant to this section. As used in this section, "a surviving wife" means a wife that was married to the member for at least one year prior to his death, a "surviving husband" means a husband that was married to the member for at least one year prior to the member's death, and "child" includes a posthumously born child of the member.

On and after the operative date of the amendment to this section at the 1971 Regular Session, this section shall apply to all contracting agencies and to the employees of such agencies with respect to deaths occurring after such operative date, whether or not such agencies have previously elected to be subject to this section.

SEC. 3. Section 21382 of the Government Code is amended to read:

21382. If the death benefit provided by Section 21361 is payable on account of a member's death which occurs under circumstances other than those described in subdivision (a) (5) of Section 21360, or if an allowance under Section 21365.5 is payable, (a) the surviving wife or surviving husband of the member, who has the care of unmarried children, including stepchildren, of the member who are under 18 years of age, or are incapacitated because of disability which began before and has continued without interruption after attainment of such age, or if there is no such spouse, then (b) the guardian of surviving unmarried children, including stepchildren, of the member who are under 18 years of age or so incapacitated, if any, or (c) the surviving wife or surviving husband of the member, who does not qualify under (a) of this subdivision, if any, or if no such children under (b) or such spouse under (c), then (d) each surviving parent of the member, shall be paid regardless of the benefit provided by Section 21361, and of the beneficiary designated by the member under that section, or regardless of the allowance provided under Section 21365.5, the following applicable survivor allowance, under the conditions stated and from contributions of the state:

(1) A widow or a widower who was married to such member prior to the occurrence of the injury or onset of the illness which resulted in death, and has the care of unmarried children, including stepchildren, of the deceased member under 18 years of age or so incapacitated, shall be paid three hundred sixty dollars ($360) if there is one such child, or four hundred thirty dollars ($430) per month if there are two or more such children. If there also are such children who are not in the care of the surviving spouse, the portion of the allowance payable under this paragraph, assuming that these children were in the care of the surviving spouse, which is in excess of one hundred eighty dollars ($180) per month, shall be divided equally among all such children and payments made to the spouse and other children, as the case may be.

(2) If there is no such surviving spouse, or if such surviving spouse dies or remarries, and if there are unmarried children, including stepchildren, of the deceased member under 18 years of age, or if there are such children not in the care of such spouse, such children shall be paid an allowance as follows:

(a) If there is only one such child, such child shall be paid one hundred eighty dollars ($180) per month;

(b) If there are two such children, such children shall be paid three hundred sixty dollars ($360) per month divided equally between them; and

(c) If there are three or more such children, such children shall be paid four hundred thirty dollars ($430) per month divided equally among them.

(3) A widow who has attained or attains the age of 62 years, or a widower who has attained or attains the age of 65 years, and, with respect to both widow and widower, who was married to such member prior to the occurrence of the injury or onset of the illness which resulted in death, and has not remarried subsequent to the member's death, shall be paid one hundred eighty dollars ($180) per month. No allowance shall be paid under this subdivision, while the surviving spouse is receiving an allowance under subdivision (1) of this section, or while an allowance is being paid under subdivision (2) (c) of this section. The allowance paid under this subdivision shall be seventy dollars ($70) per month while an allowance is being paid under subdivision (2) (b) of this section.

(4) If there is no surviving spouse, or surviving children who qualify for a survivor allowance, or if such surviving spouse dies or remarries, or if such children reach age 18 or die or marry prior thereto, each of the member's dependent mother and father who has attained or attains the age of 62 or 65 years respectively, and who received at least one-half of his support from the member at the time of the member's death, shall be paid one hundred eighty dollars ($180) per month.

"Stepchildren", for purposes of this section, shall include only stepchildren of the member living with him in a regular parent-child relationship at the time of his death.

The amendments to this section enacted at the 1971 Regular Session shall apply only to survivor allowances payable for time commencing on the operative date of such amendments.

SEC. 4. There are no state-mandated local costs in this act that require reimbursement under Section 2231 of the Revenue and Taxation Code because there are no duties, obligations or responsibilities imposed on local government by this act.

CHAPTER 93

7. "Sales tax" means a tax imposed with respect to the transfer for a consideration of ownership, possession or custody of tangible personal property or the rendering of services measured by the price of the tangible personal property transferred or services rendered and which is required by State or local law to be separately stated from the sales price by the seller, or which is customarily separately stated from the sales price, but does not include a tax imposed exclusively on the sale of a specifically identified commodity or article or class of commodities or articles.

8. "Use tax" means a nonrecurring tax, other than a sales tax, which (a) is imposed on or with respect to the exercise or enjoyment of any right or power over tangible personal property incident to the ownership, possession or custody of that property or the leasing of that property from another including any consumption, keeping, retention, or other use of tangible personal property and (b) is complementary to a sales tax.

Article III. Elements of Income Tax Laws.

Taxpayer Option, State and Local Taxes.

1. Any taxpayer subject to an income tax whose income is subject to apportionment and allocation for tax purposes pursuant to the laws of a party State or pursuant to the laws of subdivisions in two or more party States may elect to apportion and allocate his income in the manner provided by the laws of such State or by the laws of such States and subdivisions without reference to this compact, or may elect to apportion and allocate in accordance with Article IV. This election for any tax year may be made in all party States or subdivisions thereof or in any one or more of the party States or subdivisions thereof without reference to the election made in the others. For the purposes of this paragraph, taxes imposed by subdivisions shall be considered separately from State taxes and the apportionment and allocation also may be applied to the entire tax base. In no instance wherein Article IV is employed for all subdivisions of a State may the sum of all apportionments and allocations to subdivisions within a State be greater than the apportionment and allocation that would be assignable to that State if the apportionment or allocation were being made with respect to a State income tax.

Taxpayer Option, Short Form.

2. Each party State or any subdivision thereof which imposes an income tax shall provide by law that any taxpayer required to file a return, whose only activities within the taxing jurisdiction consist of sales and do not include owning or renting real estate or tangible personal property, and whose dollar volume of gross sales made during the tax year within the State or subdivision, as the case may be, is not in excess of $100,000 may elect to report and pay any tax due on the basis of a percentage of such volume, and shall adopt rates which shall produce a tax which reasonably approximates the tax otherwise due. The Multistate Tax Commission, not more than once in five years, may adjust the $100,000 figure in order to reflect such changes as may occur in the real value of the dollar, and such adjusted figure, upon adoption by the Commission, shall replace the $100,000 figure specifically provided herein. Each party State and subdivision thereof may make the same election available to taxpayers additional to those specified in this paragraph.

Coverage.

3. Nothing in this Article relates to the reporting or payment of any tax other than an income tax.

Article IV. Division of Income.

1. As used in this Article, unless the context otherwise requires:

(a) "Business income" means income arising from transactions and activity in the regular course of the taxpayer's trade or business and includes income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations.

(b) "Commercial domicile" means the principal place from which the trade or business of the taxpayer is directed or managed.

(c) "Compensation" means wages, salaries, commissions and any other form of remuneration paid to employees for personal services.

(d) "Financial organization" means any bank, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, credit union, cooperative bank, small loan company, sales finance company, investment company, or any type of insurance company.

(e) "Nonbusiness income" means all income other than business income.

(f) "Public utility" means any business entity (1) which owns or operates any plant, equipment, property, franchise, or license for the transmission of communications, transportation of goods or persons, except by pipe line, or the production, transmission, sale, delivery, or furnishing of electricity, water or steam; and (2) whose rates of charges for goods or services have been established or approved by

a Federal, State or local government or governmental agency.

(g) "Sales" means all gross receipts of the taxpayer not allocated under paragraphs of this Article.

(h) "State" means any State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any Territory or Possession of the United States, and any foreign country or political subdivision thereof.

(i) "This State" means the State in which the relevant tax return is filed or, in the case of application of this Article to the apportionment and allocation of income for local tax purposes, the subdivision or local taxing district in which the relevant tax return is filed.

2. Any taxpayer having income from business activity which is taxable both within and without this State, other than activity as a financial organization or public utility or the rendering of purely personal services by an individual, shall allocate and apportion his net income as provided in this Article. If a taxpayer has income from business activity as a public utility but derives the greater percentage of his income from activities subject to this Article, the taxpayer may elect to allocate and apportion his entire net income as provided in this Article.

3. For purposes of allocation and apportionment of income under this Article, a taxpayer is taxable in another State if (1) in that State he is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax, or (2) that State has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the State does or does not.

4. Rents and royalties from real or tangible personal property, capital gains, interest, dividends or patent or copyright royalties, to the extent that they constitute nonbusiness income, shall be allocated as provided in paragraphs 5 through 8 of this Article.

5. (a) Net rents and royalties from real property located in this State are allocable to this State.

(b) Net rents and royalties from tangible personal property are allocable to this State: (1) if and to the extent that the property is utilized in this State, or (2) in their entirety if the taxpayer's commercial domicile is in this State and the taxpayer is not organized under the laws of or taxable in the State in which the property is utilized.

(c) The extent of utilization of tangible personal property in a State is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the State during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal

property is utilized in the State in which the property was located at the time the rental or royalty payer obtained possession.

6. (a) Capital gains and losses from sales of real property located in this State are allocable to this State.

(b) Capital gains and losses from sales of tangible personal property are allocable to this State if (1) the property had a situs in this State at the time of the sale, or (2) the taxpayer's commercial domicile is in this State and the taxpayer is not taxable in the State in which the property had a situs.

(c) Capital gains and losses from sales of intangible personal property are allocable to this State if the taxpayer's commercial domicile is in this State.

7. Interest and dividends are allocable to this State if the taxpayer's commercial domicile is in this State.

8. (a) Patent and copyright royalties are allocable to this State: (1) if and to the extent that the patent or copyright is utilized by the payer in this State, or (2) if and to the extent that the patent or copyright is utilized by the payer in a State in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this State.

(b) A patent is utilized in a State to the extent that it is employed in production, fabrication, manufacturing, or other processing in the State or to the extent that a patented product is produced in the State. If the basis of receipts from patent royalties does not permit allocation to States or if the accounting procedures do not reflect States of utilization, the patent is utilized in the State in which the taxpayer's commercial domicile is located.

(c) A copyright is utilized in a State to the extent that printing or other publication originates in the State. If the basis of receipts from copyright royalties does not permit allocation to States or if the accounting procedures do not reflect States of utilization, the copyright is utilized in the State in which the taxpayer's commercial domicile is located.

9. All business income shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is three.

10. The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this State during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period.

11. Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at eight times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals.

12. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period

but the tax administrator may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

13. The payroll factor is a fraction, the numerator of which is the total amount paid in this State during the tax period by the taxpayer for compensation and the denominator of which is the total compensation paid everywhere during the tax period.

14. Compensation is paid in this State if:

(a) the individual's service is performed entirely within the State;

(b) the individual's service is performed both within and without the State, but the service performed without the State is incidental to the individual's service within the State; or

(c) some of the service is performed in the State and (1) the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the State, or (2) the base of operations or the place from which the service is directed or controlled is not in any State in which some part of the service is performed, but the individual's residence is in this State.

15. The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this State during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period.

16. Sales of tangible personal property are in this State if:

(a) the property is delivered or shipped to a purchaser, other than the United States Government, within this State regardless of the f.o.b. point or other conditions of the sale; or

(b) the property is shipped from an office, store, warehouse, factory, or other place of storage in this State and (1) the purchaser is the United States Government or (2) the taxpayer is not taxable in the State of the purchaser.

17. Sales, other than sales of tangible personal property, are in this State if:

(a) the income-producing activity is performed in this State; or

(b) the income-producing activity is performed both in and outside this State and a greater proportion of the income-producing activity is performed in this State than in any other State, based on costs of performance.

18. If the allocation and apportionment provisions of this Article do not fairly represent the extent of the taxpayer's business activity in this State, the taxpayer may petition for or the tax administrator may require, in respect to all or any part of the taxpayer's business activity, if reasonable:

(a) separate accounting;

(b) the exclusion of any one or more of the factors;

(c) the inclusion of one or more additional factors which will fairly represent the taxpayer's business activity in this State; or

(d) the employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

Article V. Elements of Sales and Use Tax Laws.

Tax Credit.

1. Each purchaser liable for a use tax on tangible personal property shall be entitled to full credit for the combined amount or amounts of legally imposed sales or use taxes paid by him with respect to the same property to another State and any subdivision thereof. The credit shall be applied first against the amount of any use tax due the State, and any unused portion of the credit shall then be applied against the amount of any use tax due a subdivision.

Exemption Certificates, Vendors May Rely.

2. Whenever a vendor receives and accepts in good faith from a purchaser a resale or other exemption certificate or other written evidence of exemption authorized by the appropriate State or subdivision taxing authority, the vendor shall be relieved of liability for a sales or use tax with respect to the transaction.

Article VI. The Commission.

Organization and Management.

1. (a) The Multistate Tax Commission is hereby established. It shall be composed of one "member" from each party State who shall be the head of the State agency charged with the administration of the types of taxes to which this compact applies. If there is more than one such agency the State shall provide by law for the selection of the Commission member from the heads of the relevant agencies. State law may provide that a member of the Commission be represented by an alternate but only if there is on file with the Commission written notification of the designation and identity of the alternate. The Attorney General of each party State or his designee, or other counsel if the laws of the party State specifically provide, shall be entitled to attend the meetings of the Commission, but shall not vote. Such Attorneys General, designees, or other counsel shall receive all notices of meetings required under paragraph 1 (e) of this Article.

(b) Each party State shall provide by law for the selection of representatives from its subdivisions affected by this compact to consult with the Commission member from that State.

(c) Each member shall be entitled to one vote. The Commission shall not act unless a majority of the members are present, and no action shall be binding unless approved by a majority of the total number of members.

(d) The Commission shall adopt an official seal to be used as it may provide.

(e) The Commission shall hold an annual meeting and such other

regular meetings as its bylaws may provide and such special meetings as its Executive Committee may determine. The Commission bylaws shall specify the dates of the annual and any other regular meetings, and shall provide for the giving of notice of annual, regular and special meetings. Notices of special meetings shall include the reasons therefor and an agenda of the items to be considered.

(f) The Commission shall elect annually, from among its members, a Chairman, a Vice Chairman and a Treasurer. The Commission shall appoint an Executive Director who shall serve at its pleasure, and it shall fix his duties and compensation. The Executive Director shall be Secretary of the Commission. The Commission shall make provision for the bonding of such of its officers and employees as it may deem appropriate.

(g) Irrespective of the civil service, personnel or other merit system laws of any party State, the Executive Director shall appoint or discharge such personnel as may be necessary for the performance of the functions of the Commission and shall fix their duties and compensation. The Commission bylaws shall provide for personnel policies and programs.

(h) The Commission may borrow, accept or contract for the services of personnel from any State, the United States, or any other governmental entity.

(i) The Commission may accept for any of its purposes and functions any and all donations and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any governmental entity, and may utilize and dispose of the same.

(j) The Commission may establish one or more offices for the transacting of its business.

(k) The Commission shall adopt bylaws for the conduct of its business. The Commission shall publish its bylaws in convenient form, and shall file a copy of the bylaws and any amendments thereto with the appropriate agency or officer in each of the party States.

(*l*) The Commission annually shall make to the Governor and legislature of each party State a report covering its activities for the preceding year. Any donation or grant accepted by the Commission or services borrowed shall be reported in the annual report of the Commission, and shall include the nature, amount and conditions, if any, of the donation, gift, grant or services borrowed and the identity of the donor or lender. The Commission may make additional reports as it may deem desirable.

Committees.

2. (a) To assist in the conduct of its business when the full Commission is not meeting, the Commission shall have an Executive Committee of seven members, including the Chairman, Vice Chairman, Treasurer and four other members elected annually by the Commission. The Executive Committee, subject to the

provisions of this compact and consistent with the policies of the Commission, shall function as provided in the bylaws of the Commission.

(b) The Commission may establish advisory and technical committees, membership on which may include private persons and public officials, in furthering any of its activities. Such committees may consider any matter of concern to the Commission, including problems of special interest to any party State and problems dealing with particular types of taxes.

(c) The Commission may establish such additional committees as its bylaws may provide.

Powers.

3. In addition to powers conferred elsewhere in this compact, the Commission shall have power to:

(a) Study State and local tax systems and particular types of State and local taxes.

(b) Develop and recommend proposals for an increase in uniformity or compatibility of State and local tax laws with a view toward encouraging the simplification and improvement of State and local tax law and administration.

(c) Compile and publish information as in its judgment would assist the party States in implementation of the compact and taxpayers in complying with State and local tax laws.

(d) Do all things necessary and incidental to the administration of its functions pursuant to this compact.

Finance.

4. (a) The Commission shall submit to the Governor or designated officer or officers of each party State a budget of its estimated expenditures for such period as may be required by the laws of that State for presentation to the legislature thereof.

(b) Each of the Commission's budgets of estimated expenditures shall contain specific recommendations of the amounts to be appropriated by each of the party States. The total amount of appropriations requested under any such budget shall be apportioned among the party States as follows: one-tenth in equal shares; and the remainder in proportion to the amount of revenue collected by each party State and its subdivisions from income taxes, capital stock taxes, gross receipts taxes, sales and use taxes. In determining such amounts, the Commission shall employ such available public sources of information as, in its judgment, present the most equitable and accurate comparisons among the party States. Each of the Commission's budgets of estimated expenditures and requests for appropriations shall indicate the sources used in obtaining information employed in applying the formula contained in this paragraph.

(c) The Commission shall not pledge the credit of any party State. The Commission may meet any of its obligations in whole or in part with funds available to it under paragraph 1 (i) of this Article: provided that the Commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the Commission makes use of funds available to it under paragraph 1 (i), the Commission shall not incur any obligation prior to the allotment of funds by the party States adequate to meet the same.

(d) The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Commission.

(e) The accounts of the Commission shall be open at any reasonable time for inspection by duly constituted officers of the party States and by any persons authorized by the Commission.

(f) Nothing contained in this Article shall be construed to prevent Commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the Commission.

Article VII. Uniform Regulations and Forms.

1. Whenever any two or more party States, or subdivisions of party States, have uniform or similar provisions of law relating to an income tax, capital stock tax, gross receipts tax, sales or use tax, the Commission may adopt uniform regulations for any phase of the administration of such law, including assertion of jurisdiction to tax, or prescribing uniform tax forms. The Commission may also act with respect to the provisions of Article IV of this compact.

2. Prior to the adoption of any regulation, the Commission shall:

(a) As provided in its bylaws, hold at least one public hearing on due notice to all affected party States and subdivisions thereof and to all taxpayers and other persons who have made timely request of the Commission for advance notice of its regulation-making proceedings.

(b) Afford all affected party States and subdivisions and interested persons an opportunity to submit relevant written data and views, which shall be considered fully by the Commission.

3. The Commission shall submit any regulations adopted by it to the appropriate officials of all party States and subdivisions to which they might apply. Each such State and subdivision shall consider any such regulation for adoption in accordance with its own laws and procedures.

Article VIII. Interstate Audits.

1. This Article shall be in force only in those party States that specifically provide therefor by statute.

2. Any party State or subdivision thereof desiring to make or participate in an audit of any accounts, books, papers, records or other documents may request the Commission to perform the audit on its behalf. In responding to the request, the Commission shall have access to and may examine, at any reasonable time, such accounts, books, papers, records, and other documents and any relevant property or stock of merchandise. The Commission may enter into agreements with party States or their subdivisions for assistance in performance of the audit. The Commission shall make charges, to be paid by the State or local government or governments for which it performs the service, for any audits performed by it in order to reimburse itself for the actual costs incurred in making the audit.

3. The Commission may require the attendance of any person within the State where it is conducting an audit or part thereof at a time and place fixed by it within such State for the purpose of giving testimony with respect to any account, book, paper, document, other record, property or stock of merchandise being examined in connection with the audit. If the person is not within the jurisdiction, he may be required to attend for such purpose at any time and place fixed by the Commission within the State of which he is a resident: provided that such State has adopted this Article.

4. The Commission may apply to any court having power to issue compulsory process for orders in aid of its powers and responsibilities pursuant to this Article and any and all such courts shall have jurisdiction to issue such orders. Failure of any person to obey any such order shall be punishable as contempt of the issuing court. If the party or subject matter on account of which the Commission seeks an order is within the jurisdiction of the court to which application is made, such application may be to a court in the State or subdivision on behalf of which the audit is being made or a court in the State in which the object of the order being sought is situated. The provisions of this paragraph apply only to courts in a State that has adopted this Article.

5. The Commission may decline to perform any audit requested if it finds that its available personnel or other resources are insufficient for the purpose or that, in the terms requested, the audit is impractical of satisfactory performance. If the Commission, on the basis of its experience, has reason to believe that an audit of a particular taxpayer, either at a particular time or on a particular schedule, would be of interest to a number of party States or their subdivisions, it may offer to make the audit or audits, the offer to be contingent on sufficient participation therein as determined by the Commission.

6. Information obtained by any audit pursuant to this Article shall be confidential and available only for tax purposes to party States,

their subdivisions or the United States. Availability of information shall be in accordance with the laws of the States or subdivisions on whose account the Commission performs the audit, and only through the appropriate agencies or officers of such States or subdivisions. Nothing in this Article shall be construed to require any taxpayer to keep records for any period not otherwise required by law.

7. Other arrangements made or authorized pursuant to law for cooperative audit by or on behalf of the party States or any of their subdivisions are not superseded or invalidated by this Article.

8. In no event shall the Commission make any charge against a taxpayer for an audit.

9. As used in this Article, "tax," in addition to the meaning ascribed to it in Article II, means any tax or license fee imposed in whole or in part for revenue purposes.

Article IX. Arbitration.

1. Whenever the Commission finds a need for settling disputes concerning apportionments and allocations by arbitration, it may adopt a regulation placing this Article in effect, notwithstanding the provisions of Article VII.

2. The Commission shall select and maintain an Arbitration Panel composed of officers and employees of State and local governments and private persons who shall be knowledgeable and experienced in matters of tax law and administration.

3. Whenever a taxpayer who has elected to employ Article IV, or whenever the laws of the party State or subdivision thereof are substantially identical with the relevant provisions of Article IV, the taxpayer, by written notice to the Commission and to each party State or subdivision thereof that would be affected, may secure arbitration of an apportionment or allocation, if he is dissatisfied with the final administrative determination of the tax agency of the State or subdivision with respect thereto on the ground that it would subject him to double or multiple taxation by two or more party States or subdivisions thereof. Each party State and subdivision thereof hereby consents to the arbitration as provided herein, and agrees to be bound thereby.

4. The Arbitration Board shall be composed of one person selected by the taxpayer, one by the agency or agencies involved, and one member of the Commission's Arbitration Panel. If the agencies involved are unable to agree on the person to be selected by them, such person shall be selected by lot from the total membership of the Arbitration Panel. The two persons selected for the Board in the manner provided by the foregoing provisions of this paragraph shall jointly select the third member of the Board. If they are unable to agree on the selection, the third member shall be selected by lot from among the total membership of the Arbitration Panel. No member of a Board selected by lot shall be qualified to serve if he is an officer or employee or is otherwise affiliated with any party to the

arbitration proceeding. Residence within the jurisdiction of a party to the arbitration proceeding shall not constitute affiliation within the meaning of this paragraph.

5. The Board may sit in any State or subdivision party to the proceeding, in the State of the taxpayer's incorporation, residence or domicile, in any State where the taxpayer does business, or in any place that it finds most appropriate for gaining access to evidence relevant to the matter before it.

6. The Board shall give due notice of the times and places of its hearings. The parties shall be entitled to be heard, to present evidence, and to examine and cross-examine witnesses. The Board shall act by majority vote.

7. The Board shall have power to administer oaths, take testimony, subpoena and require the attendance of witnesses and the production of accounts, books, papers, records, and other documents, and issue commissions to take testimony. Subpoenas may be signed by any member of the Board. In case of failure to obey a subpoena, and upon application by the Board, any judge of a court of competent jurisdiction of the State in which the Board is sitting or in which the person to whom the subpoena is directed may be found may make an order requiring compliance with the subpoena, and the court may punish failure to obey the order as a contempt. The provisions of this paragraph apply only in States that have adopted this Article.

8. Unless the parties otherwise agree the expenses and other costs of the arbitration shall be assessed and allocated among the parties by the Board in such manner as it may determine. The Commission shall fix a schedule of compensation for members of Arbitration Boards and of other allowable expenses and costs. No officer or employee of a State or local government who serves as a member of a Board shall be entitled to compensation therefor unless he is required on account of his service to forego the regular compensation attaching to his public employment, but any such Board member shall be entitled to expenses.

9. The Board shall determine the disputed apportionment or allocation and any matters necessary thereto. The determinations of the Board shall be final for purposes of making the apportionment or allocation, but for no other purpose.

10. The Board shall file with the Commission and with each tax agency represented in the proceeding: the determination of the Board; the Board's written statement of its reasons therefor; the record of the Board's proceedings; and any other documents required by the arbitration rules of the Commission to be filed.

11. The Commission shall publish the determinations of Boards together with the statements of the reasons therefor.

12. The Commission shall adopt and publish rules of procedure and practice and shall file a copy of such rules and of any amendment thereto with the appropriate agency or officer in each of the party States.

13. Nothing contained herein shall prevent at any time a written

compromise of any matter or matters in dispute, if otherwise lawful, by the parties to the arbitration proceedings.

Article X. Entry Into Force and Withdrawal.

1. This compact shall enter into force when enacted into law by any seven States. Thereafter, this compact shall become effective as to any other State upon its enactment thereof. The Commission shall arrange for notification of all party States whenever there is a new enactment of the compact.

2. Any party State may withdraw from this compact by enacting a statute repealing the same. No withdrawal shall affect any liability already incurred by or chargeable to a party State prior to the time of such withdrawal.

3. No proceeding commenced before an Arbitration Board prior to the withdrawal of a State and to which the withdrawing State or any subdivision thereof is a party shall be discontinued or terminated by the withdrawal, nor shall the Board thereby lose jurisdiction over any of the parties to the proceeding necessary to make a binding determination therein.

Article XI. Effect on Other Laws and Jurisdiction.

Nothing in this compact shall be construed to:

(a) Affect the power of any State or subdivision thereof to fix rates of taxation, except that a party State shall be obligated to implement Article III 2 of this compact.

(b) Apply to any tax or fixed fee imposed for the registration of a motor vehicle or any tax on motor fuel, other than a sales tax: provided that the definition of "tax" in Article VIII 9 may apply for the purposes of that Article and the Commission's powers of study and recommendation pursuant to Article VI 3 may apply.

(c) Withdraw or limit the jurisdiction of any State or local court or administrative officer or body with respect to any person, corporation or other entity or subject matter, except to the extent that such jurisdiction is expressly conferred by or pursuant to this compact upon another agency or body.

(d) Supersede or limit the jurisdiction of any court of the United States

Article XII. Construction and Severability.

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any State or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government,

agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any State participating therein, the compact shall remain in full force and effect as to the remaining party States and in full force and effect as to the State affected as to all severable matters.

Article 3. State Representation

38011. The Executive Officer of the Franchise Tax Board shall be the member of the Multistate Tax Commission to represent this state for the commission's fiscal year period beginning in even-numbered calendar years and the Secretary of the State Board of Equalization shall be such member for the commission's fiscal year period beginning in odd-numbered calendar years.

38012. The member of the Multistate Tax Commission representing this state may be represented at any time by an alternate designated by the member if there is on file with the commission written notification of the designation and identity of the alternate.

38013. The Attorney General, the Chairman of the Assembly Revenue and Taxation Committee, the Chairman of the Assembly Ways and Means Committee, the Chairman of the Senate Revenue and Taxation Committee, and the Chairman of the Senate Finance Committee of this state or their designees shall be entitled to attend the meetings of the Multistate Tax Commission.

38014. There shall be one representative from county government and one representative from city government to consult with the member of the Multistate Tax Commission. The county and city representatives shall be appointed by the Governor from candidates nominated from among the officials of county and city governments of this state. Candidates for the representative from county government shall be nominated by the County Supervisors Association and candidates for the representative from city government shall be nominated by the League of California Cities. The county and city representatives shall serve at the pleasure of the Governor.

Article 4. Interstate Audits

38021. Article VIII of the compact relating to interstate audits shall be in force in and with respect to this state.

SEC. 4. (a) This act shall be operative on January 1 following a 90-day period from the effective date of this act, but only if at that time the Multistate Tax Commission: (1) has not adopted any regulation placing in effect Article IX of the Multistate Tax Compact, or any part thereof, as set forth in Section 38006 of the Revenue and Taxation Code, and (2) has in effect published bylaws for the conduct of its business, copies of which are on file with the Secretary of State of California, and which provide that to be adopted all

matters voted upon must receive both a majority of the number of member states and a majority of the total population of all the member states according to the current United States Statistical Abstract.

(b) If on January 1 following a 90-day period after the effective date of this act the condition numbers (1) and (2) of paragraph (a) of this section have not been met, then this act shall be operative on the first day of the first calendar month thereafter when the conditions numbered (1) and (2) of paragraph (a) are met by the Multistate Tax Commission.

SEC. 5. This act is hereby repealed and shall have no further force or effect, and this state is withdrawn from the Multistate Tax Compact as set forth in Section 38006 of the Revenue and Taxation Code, on the 10th day after the occurrence of any of the following events after the operative date of this act:

(1) The Multistate Tax Commission adopts any regulation placing in effect Article IX of the Multistate Tax Compact, or any part thereof, as set forth in Section 38006 of the Revenue and Taxation Code, or

(2) The Multistate Tax Commission places in effect any bylaw or regulation or parliamentary ruling for the conduct of its business which permits any matter voted upon to be adopted other than by receiving a majority of the number of member states and a majority of the total population of all the member states according to the current United States Statistical Abstract, or

(3) The entry of a final judgment by any court of competent jurisdiction requiring the Multistate Tax Commission to place in effect Article IX of the Multistate Tax Compact as set forth in Section 38006 of the Revenue and Taxation Code, or requiring or approving any matter to be adopted by the Multistate Tax Commission by the employment of a different manner of voting than that set forth in subparagraph (2) of this section.

An act to amend Section 70054.4 of the Government Code, relating to courts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 26, 1974 Filed with Secretary of State March 26, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 70054.4 of the Government Code is amended to read:

CHAPTER 96

An act to add Chapter 1.6 (commencing with Section 920) to Division 2 of the Business and Professions Code, relating to healing arts.

[Approved by Governor March 26, 1974 Filed with Secretary of State March 26, 1974]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1.6 (commencing with Section 920) is added to Division 2 of the Business and Professions Code, to read:

CHAPTER 1.6. HEALING ARTS LICENTIATES INFORMATION

920. The Legislature finds that there is a need for information concerning the numbers, distribution and activity of physicians and surgeons licensed in California. Such data is necessary to adequately perform health manpower planning, and is particularly relevant to the development of public policies relating to the training and utilization of health manpower, and the availability and costs of health services. It is the intention of the Legislature that the reports developed pursuant to this chapter are designed to enhance health manpower planning generally, and that information collected from individual licensees be used in aggregate form only, and that information provided by and identifying individuals be kept confidential at all times.

(d) The number of licensees actively practicing or employed in states other than California;

(g) The number of active licensees by organization and setting of practice;

(h) The number of licensees and active licensees who graduated from California medical schools, and when, the number who graduated from medical schools in other states, and when, and the number who graduated from foreign medical schools, by country, and when;

(k) The number of new licensees each year, and the number of such individuals who were examined by the board, the number who

passed the national board examination, and the number who were licensed on the basis of reciprocity;

(*l*) The location of active licensees' place of business, by census tract.

(m) Such other information as the board may deem useful in achieving the purposes of this part.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental

entities and school districts which in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 98

An act to amend Section 27471 of the Government Code, relating to embalming fees.

[Approved by Governor March 26, 1974 Filed with Secretary of State March 26, 1974]

In any county where the coroner is paid a salary, the fee shall be paid into the county treasury, except that the board of supervisors may order that the fee be paid to the coroner if he is the only funeral director in the county.

The board of supervisors shall by ordinance establish the fee to be charged pursuant to this section.

SEC. 2. There are no state-mandated local costs in this act that require reimbursement under Section 2231 of the Revenue and Taxation Code because there are no duties, obligations or responsibilities imposed on local government by this act.

CHAPTER 100

An act to amend Sections 31304, 36402.1, and 36407 of, and to add Section 36407.1 to, the Water Code, and to amend Section 17.5 of the Mojave Water Agency Law (Sec. 8, Ch. 166, Stats. 1967), relating to water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 26, 1974 Filed with Secretary of State March 26, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 31304 of the Water Code is amended to read:

31304. The district, or the district on behalf of an improvement district thereof, may issue negotiable promissory notes which shall be payable from general taxes, revenues, and other available funds of the district or the improvement district, as the case may be, other than taxes levied for the payment of principal and interest on any bonded indebtedness of the district or an improvement district therein. The notes shall bear interest at a rate not exceeding 7 percent per annum and shall mature and be payable not later than five years from the date of issue. SEC. 8 Section 74223.2 of the Government Code is amended to read:

74223.2. Certain classes of positions prescribed in Article 22 (commencing with Section 74220) of Chapter 10, Title 8 of the

Government Code are deemed to be equivalent in job and salary level to position classifications included in the Salary Resolution of Monterey County. In order to maintain parity of compensation and employee benefits between attachés of the Salinas Municipal Court District and county employees having commensurate duties and responsibilities and to provide appropriate salary adjustments and employee benefits for related classes of court positions the provisions of this section shall govern salary adjustments and employee benefits for attachés of the Salinas Municipal Court District in Monterey County.

On the effective date of any amendment to said resolution adjusting the salary of a county employee classification listed in the table of positions set forth in this section, the salary of the equivalent court position listed opposite thereto shall be adjusted an equivalent number of ranges in the salary schedule to which such position is attached. In no event shall such salary adjustments exceed four range numbers of the salary range number that is provided for such position on the effective date of this section. If the level of compensation established by any such salary adjustment is not reflected in the salary range number provided for any court classification, the adjustment shall apply to each position in such classification on the effective date of the act fixing such salary range number.

Table of Positions

Court classification	County classification
Chief municipal court clerk	Chief municipal court clerk
Senior municipal court clerk	Senior municipal court clerk
Municipal court clerk	Municipal court clerk
Senior typist-clerk	Senior typist-clerk
Legal process clerk	Legal process clerk
Typist-clerk II	Typist-clerk II

Salary adjustments made pursuant to this section shall be effective only until the 61st day after the adjournment of the next succeeding regular session of the Legislature.

Attachés of the Salinas Municipal Court District shall be entitled to all employee benefits that are provided for or made applicable to the equivalent Monterey County employee classification, including anniversary dates and changes thereto, and step advancements.

SEC. 9. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there by any appropriation made by this act because this act is in accordance with the request of a local government entity or entities which desired legislative authority to act to carry out the program specified in this act.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The employees whose salaries and employment positions are affected by this act have reached an agreement with the Board of Supervisors of the County of Monterey. In order to avoid unnecessary delay, reduce inconvenience to those employees and citizens affected by the provisions of this act, and to avoid the risk of unnecessary and costly litigation, it is necessary that this act take effect at the earliest possible time.

CHAPTER 120

An act to amend Section 117g of the Code of Civil Procedure, relating to small claims courts.

[Approved by Governor April 1, 1974 Filed with Secretary of State April 1, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 117g of the Code of Civil Procedure is amended to read:

117g. No attorney at law or other person than the plaintiff and defendant shall take any part in the filing or the prosecution or defense of such litigation in the small claims court. A person as a trustee in bankruptcy or a holder of a conditional sales contract described in Section 117f may file or prosecute a claim in a small claims court in the same manner as any other claimant or plaintiff. The plaintiff and defendant shall have the right to offer evidence in their behalf by witnesses appearing at such hearing, or, with the permission of the court, at any other time. If the defendant fails to appear at the hearing, the court shall still require the plaintiff to present evidence to prove his claim. The presence of the plaintiff or defendant, whether individual or corporate, at the hearing shall not be required to permit the proof of the items of an account but such proof shall be in accordance with the provisions of Sections 1270 and 1271 of the Evidence Code. The judge or justice may also informally make any investigation of the controversy between the parties either in or out of court and give judgment and make such orders as to time of payment or otherwise as may, by him, be deemed to be right and just. The provisions of Section 579 of the Code of Civil Procedure are hereby made applicable to small claims court actions.

CHAPTER 121

[Approved by Governor April 1, 1974 Filed with Secretary of State April 1, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 71140.3 of the Government Code is amended to read:

71140.3. Notwithstanding any provisions of Section 71140 to the contrary, in the Counties of Humboldt, Stanislaus, San Mateo, Santa Clara, San Diego, Los Angeles, and Orange a person is eligible to be elected or appointed to the office of judge of a municipal court of a judicial district if he is a resident eligible to vote in the county in which the judicial district is situated for a period of at least 54 days prior to the date of his election or appointment.

CHAPTER 122

An act to add Chapter 17 (commencing with Section 7280) to Division 7 of Title 1 of the Government Code, relating to the employment of veterans, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 2, 1974. Filed with Secretary of State April 2, 1974.]

I am reducing the appropriation contained in Section 2 of Assembly Bill No. 276 from $5,000,000 to $1,000,000

The reduced appropriation of $1,000,000 should be adequate to demonstrate the effectiveness of the employment training program proposed by this bill

Additional funding can be made available in future budgets if there is a showing that this program promotes meaningful job training opportunities for California's Vietnam veterans.

With this reduction, I approve Assembly Bill No. 276.

RONALD REAGAN, *Governor*

The people of the State of California do enact as follows:

SECTION 1. Chapter 17 (commencing with Section 7280) is added to Division 7 of Title 1 of the Government Code, to read:

CHAPTER 17. EMPLOYMENT OF VETERANS

7280. This act shall be known and may be cited as the "Burton-Stull Vietnam Veterans Employment Act."

7280.1. The Legislature hereby finds and declares that the employment of veterans of the Vietnam conflict after their

separation from the armed forces is of prime public concern, and that to encourage employers in the private sector to hire such veterans, this chapter has been enacted.

7280.2. For the purposes of this chapter "veteran" means any person (1) who served in the active military, naval, or air service of the United States for a period not less than 90 consecutive days or was discharged from the service due to a service-connected disability within such 90-day period, any portion of which was on or after August 5, 1964, and prior to a future date to be established by Proclamation of the Governor, (2) who was honorably discharged from the military service, and (3) who was, at the time of his entry into active duty, a native of or a bona fide resident of this state, or who, if a minor at such time, entered active duty while in the State of California and had lived in this state for six months immediately preceding his entry into active duty.

7280.3. Each employer in private employment who hires an unemployed veteran of the Vietnam conflict at not less than the then-current federal minimum wage, or not less than the prevailing wage rate for the industry and occupation at that time, whichever is higher, shall be reimbursed by the state, pursuant to this chapter, in an amount equal to 50 percent of the cost to the employer for any salary or wages paid to such veteran. The maximum duration of the reimbursements to employers provided for by this section shall be 18 months for each veteran employed.

7280.4. Such payments for reimbursement pursuant to Section 7280.3 shall be made to an employer who hires such a veteran as soon as possible after the veteran commences work, or training therefor, as the case may be.

7280.6. The provisions of this chapter shall be administered by, and payments shall be disbursed through, the Division of Job Training, Development and Placement of the Department of Employment Development, in addition to any other functions or duties which are imposed upon it by law.

7280.8. The Director of the Department of Employment Development, or his designee, shall certify to employers such veterans as certified trainees under this chapter as he or his designee shall deem to be qualified for training in employment by such employer. The director or his designee, when certifying trainees to employees, shall make every effort to insure that at least 50 percent of the certified trainees reside in economically disadvantaged areas, as such term is defined in Section 9111 of the Unemployment Insurance Code.

7280.9. (a) For the purposes of this chapter, "certified trainee" means a person who both (1) meets the criteria of Section 7280.2 and (2) has entered into a written agreement called an "apprentice agreement" or a "trainee agreement" with a program sponsor to train under the provisions of such apprenticeship or training standards as are approved under Chapter 4 (commencing with Section 3070) of Division 3 of the Labor Code.

(b) Training standards shall be developed in accordance with Chapter 4 (commencing with Section 3070) of Division 3 of the Labor Code and Chapter 2 (commencing with Section 200) of Title 8 of the California Administrative Code.

7281. No veteran shall be certified under Section 7280.8 if any of the following occur:

(a) The director or his designee finds that the employer does not have a reasonable expectation of at least six months continuous full-time employment for each certified trainee certified to him.

(b) The director or his designee finds that there is reasonable cause to believe that the employer will demote, discharge, or lay off persons now employed by him and replace such persons with certified trainees.

(c) The employer is engaged in a labor dispute.

(d) The employment of certified trainees by the employer would constitute a breach of a collective bargaining agreement entered into by the employer.

(e) The director or his designee finds that there is no substantial likelihood that the employment offered by the employer to the certified trainee will result in either substantially permanent full-time employment or an upgrading of the certified trainee's job skills to a level at which reasonably permanent full-time employment may be expected to be available to him in the community.

(f) The director or his designee finds that, as to any person or class of persons or employer or class of employers to whom eligible veterans may otherwise be certified as certified trainees, such certification would result in any of the following:

(1) Employment involving any condition of wages, hours, conditions of employment, or safety prohibited by law or by a collective bargaining agreement entered into by the employer.

(2) A surplus of persons who will be unemployed as a result of such certification.

(3) The unlawful employment of minors or the violation of any laws relating to compulsory school attendance.

(4) Detriment to the health or welfare of any person.

(5) When it is found that the existing prevailing conditions in the area and industry would in any way be lowered or adversely affected.

(g) The employer is a party to any contract or agreement to receive federal reimbursement for training purposes.

The director may, pursuant to Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of this code, make all necessary and reasonable regulations to prevent any abuses of the reimbursement program established under this chapter and for the administration of this section and Section 7280.8, and may obtain the assistance of any public or private agencies in finding and encouraging suitable employers to offer employment pursuant to this chapter.

7281.2. No employer may receive any reimbursement for costs specified in this chapter if the veteran whom he hires as an employee

or trainee is a person whom the employer had previously employed, or a member of the employer's immediate family or related within the first degree.

7281.4. Such portion of the funds appropriated each year by the Legislature for the purposes of this chapter as the Director of the Department of Employment Development shall determine may be used for advertising and mailing costs to inform employers in the state of the provisions of this chapter and any other programs for unemployed Vietnam veterans.

SEC. 2. There is hereby appropriated from the General Fund to the Department of Employment Development for the purposes of Chapter 17 (commencing with Section 7280) of Division 7 of Title 1 of the Government Code, the sum of five million dollars ($5,000,000). The department may utilize up to 25 percent of such sum to administer the employer reimbursement program created thereunder, including services rendered by the Department of Industrial Relations related to this program.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act will provide needed training to assist Vietnam veterans to adjust to civilian life and to become more productive citizens. In order to make this training available at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 123

CHAPTER 124

An act to amend Section 11552 of the Business and Professions Code, relating to subdivisions.

[Approved by Governor April 2, 1974. Filed with Secretary of State April 2, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 11552 of the Business and Professions Code is amended to read:

11552. (a) If there is no advisory agency, the clerk of the governing body shall submit the tentative map to the governing body at its next regular meeting, which shall act thereon within 40 days thereafter.

If there is an advisory agency, it shall report, in writing, on the map or maps of any subdivision submitted to it within 50 days after the tentative map has been filed and the report shall approve, conditionally approve or disapprove the map or maps of the subdivision.

The governing body may authorize the advisory agency to report its action direct to the subdivider. If the governing body does not so authorize the advisory agency, the advisory agency shall make its report to the governing body, which body shall act upon the report within 10 days or at its next succeeding regular meeting after receipt of the report.

The governing body, when there is no advisory agency or the advisory agency is required by Section 11550.1 of the Business and Professions Code to submit the tentative map to the Office of Intergovernmental Management, may extend the time permitted for action on such map if it is required to allow consideration of the evaluation received from the Office of Intergovernmental Management, but such extension shall not exceed 15 days.

Any reports or recommendations on the map or maps of any subdivision submitted to the advisory agency or governing body shall be submitted in writing to the subdivider prior to final action on the map or maps by the advisory agency or governing body. Such required submission in writing shall be deemed complied with when such reports or recommendations are placed in the mail directed to the subdivider at his designated address and bearing the proper postage.

(b) If the subdivider is dissatisfied with any action of the advisory agency with respect to the tentative map, or the kinds, nature and extent of the improvements recommended by the advisory agency to be required, he may, within 15 days after such action, appeal to the governing body, unless an appeal board has been designated in which event such appeal must be to the appeal board, for a public hearing thereon. The governing body or appeal board as the case may be shall hear the appeal, upon notice to the subdivider and the

advisory agency, unless the subdivider consents to a continuance, within 15 days or at its next succeeding regular meeting. At the time fixed for the hearing the governing body or appeal board shall proceed to hear the testimony of the subdivider or any witnesses in his behalf and the testimony of the representatives of the advisory agency or any witnesses in its behalf. It may also hear the testimony of other competent persons respecting the character of the neighborhood in which the subdivision is to be located, the kinds, nature and extent of improvements, the quality or kinds of development to which the area is best adapted and any other phase of the matter with respect to which it may desire to inquire into.

Upon conclusion of the hearing the governing body or appeal board shall within seven days declare its findings based upon the testimony and documents produced before it. It may sustain, modify, reject or overrule any recommendations or rulings of the advisory agency and may make such findings as are not inconsistent with the provisions of this chapter or local ordinance adopted pursuant to this chapter.

If the subdivider or advisory agency is dissatisfied with any action of the appeal board with respect to the tentative map, or the kinds, nature and extent of the improvements required by the appeal board, either may, within 15 days after such action, appeal to the governing body. The governing body shall hear the appeal within 15 days or at its next succeeding regular meeting, unless the subdivider consents to a continuance, and shall give notice of such hearing to the subdivider, the appeal board and the advisory agency. The governing body shall hear the argument of the subdivider, the appeal board and the advisory agency or of their representatives based upon the testimony and the documents before the appeal board, and may receive documents from or hear the testimony of any competent person respecting the character of the neighborhood in which the subdivision is to be located, the kinds, nature and extent of improvements, the quality of kinds of development to which the area is best adapted and any other phase of the matter with respect to which it may desire to inquire into. Upon conclusion of the hearing the governing body shall, within seven days, declare its findings based upon the testimony and documents produced before it or before the appeal board. It may sustain, modify, reject or overrule any recommendations or rulings of the appeal board and may make such findings as are not inconsistent with the provisions of this chapter or local ordinance adopted pursuant to this chapter.

(c) Where local ordinance so provides, any interested person adversely affected by a decision of the advisory agency or appeal board may file a complaint with the governing body concerning any decision of the advisory agency or appeal board. Any such complaint shall be filed with the clerk of the legislative body within 15 days after the action of the advisory agency or appeal board which is the subject of the complaint. Upon the filing of the complaint the governing body may set the matter for hearing. Such hearing shall be held

within 30 days after the filing of the complaint. Such hearing may be a public hearing for which notice shall be given in the time and manner provided.

Upon conclusion of the hearing the governing body shall, within seven days, declare its findings based upon the testimony and documents produced before it or before the advisory board or the appeal board. It may sustain, modify, reject or overrule any recommendations or rulings of the advisory board or the appeal board and may make such findings as are not inconsistent with the provisions of this chapter or local ordinance adopted pursuant to this chapter.

SEC. 2. It is the intent of the Legislature, if this bill and Senate Bill No. 977 are both chaptered and become effective on or before January 1, 1975, both bills affect Section 11552 of the Business and Professions Code, and this bill is chaptered after Senate Bill No. 977, that Section 1 of this bill shall not become operative.

[Approved by Governor April 2, 1974 Filed with Secretary of State April 2, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 54791 of the Government Code is amended to read:

If the commission disapproves of the proposal, further proceedings shall terminate.

Upon the filing with the Secretary of State of any notice or other document which is authorized or required by law to be filed with him upon completion of any proceedings, said Secretary of State shall give written notice of such filing to the executive officer of each county within which any of the territory affected by such proceedings shall be located.

[Approved by Governor April 2, 1974 Filed with Secretary of State April 2, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 56003.1 of the Government Code is amended to read:

56003.1. Except as provided in this section, this division shall have no application to the incorporation of cities, the annexation or detachment of territory to or from cities, minor changes of city boundaries or the consolidation or disincorporation of cities or to the formation of districts (except when any such formation is a part of a reorganization) or to proceedings for any of the foregoing. An annexation to a city or a detachment from a city which is proposed as a part of a plan of reorganization may be conducted in accordance with the procedures for reorganization set forth in this division unless the affected city objects thereto. The incorporation of a new city, which is proposed as a part of a plan of reorganization, may also be conducted in accordance with the procedures for reorganization set forth in this division unless the board of supervisors objects thereto. The disincorporation of an existing city which is proposed as a part of a plan of reorganization may also be conducted in accordance with the procedures for reorganization set forth in this division unless the affected city objects thereto. In any commission order giving approval to any of the matters provided for in subdivision (a) of Section 56250, the commission may make any such approval conditional upon:

(a) The initiation, conduct or completion of proceedings for the incorporation of any city, the annexation or detachment of territory

to or from any city, the consolidation of any cities or the disincorporation of any city or for the formation of any district, and

(b) The approval or disapproval, with or without election, as may be provided by law, of any resolution or ordinance ordering the incorporation of any city, the annexation or detachment of territory to or from any city, the consolidation of any cities or the disincorporation of any city or the formation of a district.

CHAPTER 137

An act to amend Section 3 of Chapter 52 of the Statutes of 1941, relating to the Monterey Peninsula Airport District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 4, 1974. Filed with Secretary of State April 4, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 3 of Chapter 52 of the Statutes of 1941 is amended to read:

Sec. 3. Corporate Powers. Said Monterey Peninsula Airport District is hereby declared to be, and established as, a body corporate and politic, and, in addition to other powers herein granted, shall have and is hereby granted the following powers, namely:

1. To have perpetual succession.

2. To sue and be sued in the name of said district in all actions and proceedings in all courts and tribunals of competent jurisdiction.

3. To adopt a seal and alter it at pleasure.

4. To take by grant, purchase, gift, devise or lease, hold, use, enjoy, and to lease or dispose of, real or personal property of every kind within or without the district necessary to the full exercise of its power.

5. To acquire or contract to acquire lands, rights-of-way, easements, privileges and property of every kind, and construct, maintain and operate any and all works or improvements within or without the district necessary or proper to carry out any of the objects or purposes of this act, and to complete, extend, add to, repair, or otherwise improve, any works or improvements acquired by it as herein authorized.

6. To have and exercise the right of eminent domain, and in the manner provided by law for the condemnation of private property for public use, to take any property necessary to carry out any of the objects or purposes of this act, whether such property be already devoted to the same use by any district, or other public corporation or agency, or otherwise, and to condemn any existing works or improvements in said district now used for airport purposes.

7. To incur indebtedness, and to issue bonds in the manner herein provided.

7a. Borrowing Money From Federal Agencies, Etc. In addition to the powers given in the next preceding subsection, to borrow money from the United States of America, or any agency or department thereof, or from any person, or from any corporation organized under the laws of this state, or elsewhere, for the acquisition of lands and improvement thereof for airport district purposes authorized under this act, and to repay the same in annual installments over a period of not to exceed twenty (20) years, with interest 7 percent, payable semiannually; and without the necessity of an election, when authorized so to do by resolution of the board of directors of said district, and as evidences of such indebtedness, said district is hereby authorized to execute and deliver a note, or a series of notes or bonds, or other evidences of indebtedness, signed by the chairman of said board of directors, and the secretary thereof, which notes, bonds or other evidences of indebtedness, shall be negotiable instruments if so declared in said resolution providing for their issuance, and said notes, bonds or other evidences of indebtedness may have interest coupons attached to evidence interest payments, signed by the facsimile signature of the chairman

of said board. All applications for such loans shall specify the particular airport district work or project or projects for which the funds will be expended, and when received, the money shall be deposited in a special fund, and expended for those purposes only which are described and referred to in the application, or applications. If a surplus remains after the completion of said work, said surplus shall be applied to the payment of the note, notes, bonds, or other evidences of indebtedness executed, as aforesaid, for the loan, including interest coupons. The board of supervisors, on demand of the board of directors of the district, shall annually levy a tax upon the taxable property therein sufficient to pay the interest and installments of principal, as the same shall become due and payable, under any loan made pursuant to the authority of this section, and to create and maintain a reserve fund to assure the prompt payment thereof, as may be provided by resolution of said board of supervisors; provided, however, that the amount of taxes levied in any fiscal year, pursuant to the provisions of this subsection, shall pro tanto, reduce to the extent of such special taxes the authority of said board of directors to demand, and of the board of supervisors, during any such year, to levy taxes under Sections 19 and 23 of this act, but this proviso shall not be a limitation upon the power and duty to levy and collect taxes under this subsection.

Limitation on Amount Borrowed. Notwithstanding anything in this subsection to the contrary, the total amount which said district may borrow under the authority of any and all the provisions of this subsection is limited to and shall not exceed in the aggregate one million dollars ($1,000,000).

7b. Such Bonds as Legal Investments. Such bonds or notes, when declared negotiable instruments, as in subsection 7a hereinabove provided, shall be legal investments for all trust funds, and for the funds of all insurance companies, banks, both commercial and savings, trust companies, and for the State Department of Finance, and state school funds, and whenever any money or funds may by law, now in effect or hereafter enacted, be invested in bonds of cities, cities and counties, counties, or school districts, in the State of California, such money or funds may be invested in the said negotiable bonds or notes of said Monterey Peninsula Airport District; provided, however, no bank shall invest or loan more than 5 percentum of its assets on any one such bond or note issue.

8. Taxes. To cause taxes to be levied and collected for the purpose of paying any obligation of the district in the manner herein provided.

9. Exercise of Powers—Contracts. To make contracts, and to employ persons and labor, and to do all acts necessary for the full exercise of all powers vested in said district, or in any of the officers thereof, by this act.

10. Disposal of Property. To lease, sell or dispose of any property (or any interest therein) acquired in fee, or otherwise, whenever in the judgment of said board of directors said property, or any interest

therein or part thereof, is no longer required for the purposes of said district, or may be leased for any purpose without interfering with the use of the same for the purposes of said district, and to pay any compensation received therefor into the general fund of said district and use the same for the purposes of this act.

11. Operation and Concession Agreements. To make contracts for the operation, or operation maintenance, of any airport of said district, or for any concession thereupon necessary or convenient thereto.

12. Police Powers of District. To equip and maintain a police department; to adopt ordinances and resolutions and make regulations for the protection of the public peace, health, or safety, in or upon any airport of the district, or in or upon any approach thereto, owned or controlled by the district and to prescribe penalties for the violation thereof; provided, that the police powers of said district, hereby granted, shall be limited strictly to the provisions of this subsection.

Violation of any such ordinance, resolution or regulation shall constitute a misdemeanor.

13. General Powers. To possess and exercise all powers necessary or appropriate to a public airport district which are not prohibited by the Constitution, including all powers granted by, or which may be hereafter granted by, any general law of the state to any public airport district therein, and all powers incidental to, and necessary or convenient in connection with, the exercise of the powers generally or specifically granted to the district by the provisions of this act.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Monterey Peninsula Airport District, in conjunction with its tenant air carriers, is about to complete a major expansion of airport facilities that serve northern Monterey County, Santa Cruz County, and San Benito County. It is necessary for the district to borrow funds to finance a portion of the capital improvements, but no lending institution will make a loan carrying a 5 percent rate of interest. In order that this expansion not be further delayed, it is necessary that the district be empowered to obtain a loan immediately, and at a realistic interest rate.

CHAPTER 138

An act to amend Section 13926 of the Government Code, relating to merit awards.

[Approved by Governor April 4, 1974 Filed with Secretary of State April 4, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 13926 of the Government Code is amended to read:

13926. The State Board of Control may make awards to state employees who:

(a) Propose procedures or ideas which hereafter have been adopted and which will result in eliminating or reducing state expenditures or improving operations; provided, such proposals are placed in effect; or

(b) Perform special acts or special services in the public interest; or

(c) By their superior accomplishments, make exceptional contributions to the efficiency, economy or other improvement in the operations of the state government.

Awards for superior accomplishments shall be made in accordance with procedures and standards established by the State Personnel Board.

Any award made by the State Board of Control under the provisions of this section may be paid from the appropriation available to the state agency affected by the award.

The board may adopt rules and regulations to carry out the provisions of this section, and may appoint merit award boards made up of state officers, employees or citizens to consider employee proposals, special acts, special services, or superior accomplishments, and to make recommendations to the board as to the merits of the proposals, special acts, special services, or superior accomplishments, and whether or not the proposals, special acts, special services or superior accomplishments, justify an award.

Any award granted under the provisions of this section shall be limited to one thousand dollars ($1,000) unless a larger award is approved by concurrent resolution of the Legislature.

Any expenditures made or costs incurred heretofore or hereafter by the State Board of Control for the purposes of this section may be paid from funds available for the support of the State Board of Control.

CHAPTER 139

An act to amend Section 18551.1 of the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 4, 1974 Filed with Secretary of State April 4, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 18551.1 of the Revenue and Taxation Code is amended to read:

18551.1. (a) For purposes of this part, the amount withheld under Sections 18805 and 18806 during any calendar year shall be allowed to the recipient of the income as a credit against the tax imposed by this part as a credit for the taxable year with respect to which such amount was withheld.

(b) For purposes of Section 19053, any tax actually deducted and withheld during any calendar year under Sections 18805 and 18806 shall, in respect of the recipient of the income, be deemed to have been paid by him on the 15th day of the fourth month following the close of the taxable year with respect to which such tax is allowable as a credit under subdivision (a). For purposes of Sections 19053 and 19062, any amount paid as estimated income tax under Sections 18414, 18414.5, and 18415 for any taxable year shall be deemed to have been paid on the last day prescribed for filing the return under Section 18401 for such taxable year (determined without regard to any extension of time for filing such return).

(c) Notwithstanding subdivision (b), for purposes of Section 19053 with respect to any tax deducted and withheld under Sections 18805 and 18806—

(1) If a return for any period ending with or within a calendar year is filed before April 15 of the succeeding calendar year, such return shall be considered filed on April 15 of such succeeding calendar year; and

(2) If a tax with respect to an amount paid during any period ending with or within a calendar year is paid before April 15 of the succeeding calendar year, such tax shall be considered paid on April 15 of such succeeding calendar year.

(d) If any overpayment of income tax is, in accordance with Section 19051.1, claimed as a credit against estimated tax for the succeeding taxable year, such amount shall be considered as a payment of the income tax for the succeeding taxable year (whether or not claimed as a credit in the return of estimated tax for such succeeding taxable year), and no claim for credit or refund of such overpayment shall be allowed for the taxable year in which the overpayment arises.

SEC. 2. In order to properly match income with amounts withheld with respect to fiscal year taxpayers, it is necessary that the amendments to Section 18551.1 made by this act shall apply to taxable years ending after December 31, 1971. However, to relieve fiscal year taxpayers from filing amended returns for 1972 and 1973, and to reduce administrative burdens and costs, any adjustment required by this act with respect to credits for the 1972 fiscal year and the 1973 fiscal year shall be made on the 1974 fiscal year return.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

When California adopted a system of income tax withholding, the law provided that income tax withheld during a calendar year is allowable as a credit against the tax for the taxable year beginning in such calendar year. This law causes no problem with respect to taxpayers who file their return on a calendar year basis since the credit for the amount of tax withheld corresponds with their reporting period. For fiscal year taxpayers, however, they must wait until their succeeding fiscal year to claim a credit for withheld tax.

In order to permit fiscal year taxpayers to claim a credit consistent with the amendments made by this act on their 1974 fiscal year return, it is, therefore, necessary that the provisions of this act become effective immediately.

CHAPTER 140

An act to amend Sections 1225 and 5101 of, and to add Article 2.5 (commencing with Section 1226) to Chapter 1 of Part 2 of Division 2 of, the Water Code, relating to water rights, and making an appropriation therefor.

[Approved by Governor April 4, 1974 Filed with Secretary of State April 4, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 1225 of the Water Code is amended to read:

1225. Except as provided in Article 2.5 (commencing with Section 1226) of this chapter, no right to appropriate or use water subject to appropriation shall be initiated or acquired except upon compliance with the provisions of this division.

SEC. 2. Article 2.5 (commencing with Section 1226) is added to Chapter 1 of Part 2 of Division 2 of the Water Code, to read:

Article 2.5. Stockponds

1226. The Legislature finds and declares that it is necessary and beneficial to the state to clear up many heretofore uncertain conditions of water rights which are the result of a large number of dams and other water impoundment structures which have been constructed for livestock watering use, including domestic and recreational use which is incidental to livestock use; that these structures have been constructed, many at the urging of local, state and federal government, as a matter of practical necessity by the owners or users of the land on which they exist; that these structures have been built without clearly defined water rights as a result of the uncertainty of the state law and the lack of information by the owners as to proper procedures by which to obtain a water right; and that it is in the interest of the state to clarify the right to the water

impounded by these structures.

1226.1. The owner of any dam or other water impoundment structure constructed prior to January 1, 1969, the capacity of which is not in excess of 10 acre-feet on January 1, 1975, and concerning which water rights litigation between private parties was not a matter of record prior to January 1, 1974, is declared to have a valid water right with a priority as of the date of construction of the dam and to be eligible for such evidence of validity as the board may provide, for the use of such water for purposes as specified in Section 1226. All permits or licenses issued by the board prior to the effective date of this article shall have priority over any water right claimed pursuant to this article.

1226.2. Any person claiming a water right pursuant to this article who fails to file a claim of water right on or before December 31, 1977, shall have a water right priority as of the date of filing.

1226.3. Each claim for evidence of water right shall be accompanied by a fee which shall be in an amount determined by the board to cover the reasonable administrative costs of processing such claim. The board shall issue such evidence of the validity of the water right to the claimant as expeditiously as practicable.

1226.4. The board may, after notice and hearing, revoke any evidence of a water right granted pursuant to the provisions of this article upon a finding that the water has ceased to be used for the purposes specified in Section 1226.

SEC. 3. Section 5101 of the Water Code is amended to read:

5101. Each person who, after December 31, 1965, diverts water shall file with the board, prior to July 1 of the succeeding year, a statement of his diversion and use; provided, however, that no statement need be filed if the diversion is any of the following:

(a) From a spring which does not flow off the property on which it is located.

(b) Covered by an application, permit or license to appropriate water on file with the board.

(c) Included in a notice filed pursuant to Part 5 (commencing with Section 4999) of this division.

(d) Regulated by a watermaster appointed by the department.

(e) Reported by the department in its hydrologic data bulletins.

(f) Included in the consumptive use data for the delta lowlands published by the department in its hydrologic data bulletins.

(g) Included in annual reports filed with a court or the board by a watermaster appointed by a court or pursuant to statute to administer a final judgment determining rights to water, which reports identify the persons who have diverted water and give the general place of use and the quantity of water which has been diverted from each source.

(h) For use in compliance with the provisions of Article 2.5 (commencing with Section 1226) of Chapter 1 of Part 2 of this division.

CHAPTER 141

An act to amend Sections 12020 and 12029 of the Penal Code, relating to weapons, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 4, 1974 Filed with Secretary of State April 4, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 12020 of the Penal Code is amended to read:

12020. (a) Any person in this state who manufactures or causes to be manufactured, imports into the state, keeps for sale, or offers or exposes for sale, or who gives, lends, or possesses any instrument or weapon of the kind commonly known as a blackjack, slungshot, billy, nunchaku, sandclub, sandbag, sawed-off shotgun, or metal knuckles, or who carries concealed upon his person any explosive substance, other than fixed ammunition or who carries concealed upon his person any dirk or dagger, is guilty of a felony, and upon conviction shall be punishable by imprisonment in the county jail not exceeding one year or in a state prison for not less than one year nor more than five years.

(b) Subdivision (a) shall not apply to any of the following:

(1) The manufacture, possession, transportation or use, with blank cartridges, of sawed-off shotguns solely as props for motion picture film or television program production when such is authorized by the Department of Justice pursuant to Article 6 (commencing with Section 12095) of this chapter and is not in violation of federal law.

(2) The possession of a nunchaku on the premises of a school which holds a regulatory or business license and teaches the arts of self-defense.

(3) The manufacture of a nunchaku for sale to, or the sale of a nunchaku to, a school which holds a regulatory or business license and teaches the arts of self-defense.

(c) Any person in this state who manufactures or causes to be manufactured, imports into the state, keeps for sale, or offers or exposes for sale, or who gives, lends, or possesses any instrument, without handles, consisting of a metal plate having three or more radiating points with one or more sharp edges and designed in the shape of a polygon, trefoil, cross, star, diamond, or other geometric shape for use as a weapon for throwing is guilty of a felony, and upon conviction shall be punishable by imprisonment in the county jail not exceeding one year or in a state prison for not less than one year nor more than five years.

(d) (1) As used in this section a "sawed-off shotgun" means a shotgun having a barrel or barrels of less than 18 inches in length, or a rifle having a barrel or barrels of less than 16 inches in length, or any weapon made from a rifle or shotgun (whether by alteration, modification, or otherwise) if such weapon as modified has an overall

length of less than 26 inches.

(2) As used in this section, a "nunchaku" means an instrument consisting of two or more sticks, clubs, bars or rods to be used as handles, connected by a rope, cord, wire or chain, in the design of a weapon used in connection with the practice of a system of self-defense such as karate.

SEC. 1.5. Section 12029 of the Penal Code is amended to read:

12029. Except as provided in Section 12020, blackjacks, slungshots, billies, nunchakus, sandclubs, sandbags, metal knuckles, any instrument described in subdivision (c) of Section 12020, and sawed-off shotguns as defined in Section 12020 are nuisances. Such weapons shall be subject to confiscation and summary destruction whenever found within the state. Such weapons shall be destroyed in the same manner as other weapons described in Section 12028, except that upon the certification of a judge or of the district attorney that the ends of justice will be subserved thereby, such weapon shall be preserved until the necessity for its use ceases.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The current availability of substantial numbers of the weapons which would be specified as prohibited by this act constitutes an immediate danger of serious injury to members of the public which should be alleviated without undue delay in order to protect the public safety.

CHAPTER 142

An act to amend Sections 11380, 11409, and 11423 of, and to add Sections 11409.7 and 11424.5 to, the Government Code, relating to administrative regulations, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 4, 1974 Filed with Secretary of State April 4, 1974]

The people of the State of California do enact as follows:

02643 97265 698

SECTION 1. Section 11380 of the Government Code is amended to read:

11380. Every state agency shall:

(a) Transmit to the department for filing with the Secretary of State and with the Rules Committee of each house of the Legislature a certified copy of every regulation adopted by it except one which:

(1) Establishes or fixes rates, prices or tariffs.

(2) Relates to the use of public works, including streets and highways, under the jurisdiction of any state agency when the effect of such order is indicated to the public by means of signs or signals.

(3) Is directed to a specifically named person or to a group of persons and does not apply generally throughout the state.

(b) Transmit to the department for filing with the Secretary of State and with the Rules Committee of each house of the Legislature a certified copy of every order of repeal of a regulation required to be filed under subdivision (a) of this section.

(c) Deliver to the department at the time of transmittal for filing a regulation or order of repeal four duplicate copies of the regulation or order of repeal together with a citation of the authority pursuant to which it or any part thereof was adopted.

(d) Deliver to the department a copy of the notice of proposed action required by Section 11423.

SEC. 2. Section 11409 of the Government Code is amended to read:

11409. The department shall:

(a) Provide for the continuing compilation, codification and publication, with periodic supplements, of notices of proposed action pursuant to Section 11423, and all regulations required to be filed with the Secretary of State, or of appropriate references to any regulations the printing of which the department finds to be impractical, such as detailed schedules or forms otherwise available to the public, or which are of limited or particular application.

The publication of compiled regulations shall be known as the "California Administrative Code," and the periodic supplements thereto, including notices of proposed action, shall be known as the "California Administrative Register."

(b) Prescribe regulations for carrying out the provisions of Articles 2 and 3 of this chapter. Among other things the regulations shall provide for the manner and form in which regulations, notice of the repeal of regulations, compilations, and codifications shall be prepared, printed, and indexed, to the end that all regulations, compilations, and codifications shall be prepared and published in a uniform manner and at the earliest practicable date and that each regulation published shall be accompanied by a reference to the statutory authority pursuant to which it was enacted.

SEC. 3. Section 11409.7 is added to the Government Code, to read:

11409.7. The department shall supply to each standing committee of both houses of the Legislature, a copy of each issue of

the California Administrative Register, and any supplement thereto, published on or after the effective date of this section.

SEC. 4. Section 11423 of the Government Code is amended to read:

11423. At least 30 days prior to the adoption, amendment, or repeal of a regulation, notice of the proposed action shall be:

(a) Published in such newspaper of general circulation, trade or industry publication, as the state agency shall prescribe.

(b) Filed with the Rules Committee of each house of the Legislature.

(c) Mailed to every person who has filed a request for notice thereof with the state agency.

(d) In cases in which the state agency is within a state department, mailed or delivered to the director of such department.

(e) When appropriate in the judgment of the state agency, (1) mailed to any person or group of persons whom the agency believes to be interested in the proposed action and, (2) published in such additional form and manner as the state agency shall prescribe.

(f) Delivered to the Office of Administrative Hearings for publication in the next issue of the California Administrative Register as prepared by that office.

(g) Accompanied by a cost estimate prepared as prescribed by the Department of Finance.

Where the form or manner of notice is prescribed by statute in any particular case, in addition to filing and mailing notice as required herein, the notice shall be published, posted, mailed, filed or otherwise publicized as prescribed by that statute.

The failure to mail notice to any person as provided in this section shall not invalidate any action taken by a state agency pursuant to this article. The provisions of Article 5 of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to the publication of newspaper notices under this section.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

At the present time there is no single publication which sets forth all proposed actions with respect to administrative regulations of the various state agencies together with notice of hearings to be held concerning such proposed action. This bill provides for unified publication of such information and requires transmittal of the publication to the committees of the Legislature concerned with matters dealt with in such regulations. In order that this important information may be made readily available to the public and the Legislature at the earliest possible time, it is therefore necessary that this act take effect immediately.

CHAPTER 143

An act to amend Section 2181 of, and to repeal and add Section 2182 of, the Food and Agricultural Code, relating to county agricultural commissioners.

[Approved by Governor April 4, 1974. Filed with Secretary of State April 4, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 2181 of the Food and Agricultural Code is amended to read:

2181. Upon satisfactory evidence presented to the director that the commissioner of any county is guilty of neglect of duty, incompetence, or misconduct in office, the trial board which is selected, pursuant to this article, shall hold a hearing at such time and place as it shall specify.

SEC. 2. Section 2182 of the Food and Agricultural Code is repealed.

SEC. 3. Section 2182 is added to the Food and Agricultural Code, to read:

2182. The county agricultural commissioner's trial board shall be composed of the director, a person who has knowledge of, or experience in, agriculture, selected by the board of supervisors of the county of the charged commissioner, and a hearing officer from the Office of Administrative Hearings, who shall be chairman and a voting member of such board.

The department is responsible, under Section 11370.4 of the Government Code, for the cost of the services provided for by the Office of Administrative Hearings in carrying out the provisions of this section.

CHAPTER 144

An act relating to in-home supportive services, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 4, 1974. Filed with Secretary of State April 4, 1974]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding the provisions of Item 278 of Section 2 of the Budget Act of 1973 (Chapter 129, Statutes 1973), as amended by Chapter 1005 of the Statutes of 1973, the funds appropriated by such item shall be available for expenditure for the cost of the state share of costs incurred by counties for in-home supportive services

03184 97345 714

as provided by Sections 12300 et seq. of the Welfare and Institutions Code and the transfer of any unencumbered portion of Item 278 shall not exceed three million eight hundred thousand dollars ($3,800,000) and shall be transferred to Item 280 after June 1, 1974, rather than Item 276, of such act to augment the state's share of the nonfederal administrative costs of administering the payment of aid grants.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that any loss of federal funds does not curtail essential social service, educational and administrative programs and that local public and private agencies receive the level of support necessary to continue such essential programs, it is essential that this act take immediate effect.

CHAPTER 145

An act to amend Section 6952.5 of, and to add Sections 6880.19, 6880.195, 6952.6, and 19683.8 to, the Education Code, relating to special schools and classes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 4, 1974 Filed with Secretary of State April 4, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 6880.19 is added to the Education Code, to read:

6880.19. In addition to any other payments required by this chapter, where the education of handicapped pupils is provided in development center buildings or facilities owned by the school district or county superintendent of schools, the county or city and county of the pupil's residence shall pay to the school district or county superintendent of schools, for the pupil's use of the buildings and facilities and appurtenant equipment, an amount per unit of average daily attendance of such pupils during the school year prescribed by whichever of the following subdivisions is applicable:

(a) Thirty-five dollars ($35) if an elementary school district.

(b) Fifty-five dollars ($55) if a high school district.

(c) Forty-two dollars ($42) if a unified school district.

(d) Forty-four dollars ($44) if a county superintendent of schools.

The moneys so received by the school district shall be deposited to the credit of its bond interest and redemption fund or its building fund. The moneys so received by the county superintendent of schools shall be deposited to the credit of the county school service fund of the county for use in providing school buildings and facilities

for the use of the county superintendent of schools in establishing and maintaining development centers.

SEC. 2. Section 6880.195 is added to the Education Code, to read:

6880.195. Notwithstanding any other provisions of this chapter or of Article 3 (commencing with Section 19681) of Chapter 10 of Division 14, whenever the school district wherein the development center is located does not have adequate facilities to provide for the education of physically handicapped or mentally retarded pupils in development centers, such school district shall apply pursuant to Section 19683.8 for such funds as may be necessary to construct needed facilities for the education of such pupils. The applicant school district shall accept such funds as are disbursed pursuant to the application whether or not the funds constitute the maximum amount applied for, and shall repay such funds in accordance with the provisions of Article 3.

In addition to the payments required by Section 6880.19 when the district is providing education to any physically handicapped or mentally retarded pupils in a development center, facilities constructed pursuant to an application and apportionments under Section 19683.8, the county or city and county of the pupil's residence shall pay to the school district maintaining such facilities a pro rata share of the repayment required pursuant to Section 19683.8. The pro rata share shall be based upon the ratio in the previous fiscal year of units of average daily attendance of physically handicapped or mentally retarded pupils being educated in development centers from the county or city and county of residence to the total number of such units of average daily attendance. Payments so received by the school district maintaining the facilities shall be deposited in the general fund of the district to offset amounts withheld by the State Controller pursuant to Section 19683.8.

SEC. 3. Section 6952.5 of the Education Code is amended to read:

6952.5. In addition to any other payments required by this chapter, where the education of children described in Section 6950 or Section 6951 is provided in buildings or facilities owned by the school district or county superintendent of schools, the county or city and county of the pupil's residence shall pay to the school district or county superintendent of schools, for the pupil's use of the buildings and facilities and appurtenant equipment, an amount per unit of average daily attendance of such children during the school year prescribed by whichever of the following subdivisions is applicable:

(a) Thirty-five dollars ($35) if an elementary school district.

(b) Fifty-five dollars ($55) if a high school district.

(c) Forty-two dollars ($42) if a unified school district.

(d) Forty-four dollars ($44) if a county superintendent of schools.

The moneys so received by the school district shall be deposited to the credit of its bond interest and redemption fund or its building fund. The moneys so received by the county superintendent of schools shall be deposited to the credit of the county school service fund of the county for use in providing school buildings and facilities

4852 97395 724

for the use of the county superintendent of schools in educating mentally retarded pupils, physically handicapped pupils, and nonimmigrant children, as the case may be.

Except for mentally retarded pupils, physically handicapped pupils, and educationally handicapped pupils, no payment shall be made to a district under this section for children described in Section 6951 unless the district educates in kindergarten or grades 1 through 12, inclusive, at least 30 children described in Section 6951 in buildings or facilities owned by the district. No payment shall be made to a district under this section for children described in Section 6950 unless the district educates in kindergarten or grades 1 through 12, inclusive, at least 30 children described in Section 6950 in buildings or facilities owned by the district.

SEC. 4. Section 6952.6 is added to the Education Code, to read:

6952.6. Notwithstanding any other provisions of this chapter or of Article 3 (commencing with Section 19681) of Chapter 10 of Division 14, whenever the school district wherein the institution or family home is located does not have adequate special education facilities to provide for the education of physically handicapped or mentally retarded pupils, or educationally handicapped pupils described in Section 6951 if a program for such pupils is in operation, such school district shall apply pursuant to Section 19683.8 for such funds as may be necessary to construct needed facilities for the education of such pupils. The applicant school district shall accept such funds as are disbursed pursuant to the application whether or not the funds constitute the maximum amount applied for, and shall repay such funds in accordance with the provisions of Article 3.

In addition to the payments required by Section 6952.5, when the district is providing education to any physically handicapped, mentally retarded, or educationally handicapped children described in Section 6951 in facilities constructed pursuant to an application and apportionments under Section 19683.8, the county or city and county of the pupil's residence shall pay to the school district maintaining such facilities a pro rata share of the repayment required pursuant to Section 19683.8. The pro rata share shall be based upon the ratio in the previous fiscal year of units of average daily attendance of physically handicapped, mentally retarded, and educationally handicapped pupils subject to Section 6951 from the county or city and county of residence to the total number of such units of average daily attendance. Payments so received by the school district maintaining the facilities shall be deposited in the general fund of the district to offset amounts withheld by the State Controller pursuant to Section 19683.8.

SEC. 5. Section 19683.8 is added to the Education Code, to read:

19683.8. Notwithstanding any provisions of this article to the contrary, the board may make apportionments to school districts not otherwise eligible to receive apportionments under Article 1 (commencing with Section 19551) and Article 2 (commencing with Section 19651) of this chapter for the construction of special

education facilities and the purchase of essential furniture and equipment for the purpose of either or both (1) educating those physically handicapped, mentally retarded, and educationally handicapped pupils who regularly reside in an established, licensed children's institution or family home and are being educated pursuant to Section 6951, and (2) educating handicapped pupils in development centers for handicapped pupils pursuant to Chapter 8.7 (commencing with Section 6880) of Division 6.

Only 50 percent of any amounts allocated and disbursed to a district under this section shall be repaid by the district. Each disbursement shall be repaid in 20 equal annual installments, including interest as determined by the board, and shall be computed and withheld by the State Controller. The first computation of repayment of any disbursement shall be made in the fiscal year following such disbursement and shall during the next fiscal year be deducted in equal amounts from the February, March, April, and May installments of the apportionment made to the district from the State School Fund under Sections 17401 to 17417, inclusive, and Sections 17601 to 18460, inclusive, whichever are in effect.

SEC. 6. Notwithstanding subdivision (a) of Section 15356 of the Education Code, the governing board of Chaffey Community College District may enter into a contract to lease a building to be used exclusively for voluntary adult vocational education programs if the building would otherwise qualify for the exemptions under Section 15356 of the Education Code. Such lease shall be for a term of not more than three years, but may be made renewable at the option of the lessee. A building leased pursuant to this section shall be considered exempt from provisions of law that require school buildings to meet earthquake safety standards to the same extent as provided in Section 15356 of the Education Code. At the time of entering into such a lease, the governing board shall, by resolution, declare its intention to utilize for voluntary adult education programs, a leased building which was not constructed in accordance with legally prescribed earthquake safety standards for school buildings. There shall be posted near the entrance to such building a conspicuous notice stating that such building was not constructed in accordance with legally prescribed earthquake safety standards for school buildings.

SEC. 7. The state shall not be liable for injury to persons or damage to property resulting from the fact that a building leased pursuant to Section 6 of this act was not constructed in accordance with the earthquake safety standards prescribed pursuant to Article 4 (commencing with Section 15451) of Chapter 2 of Division 11 of the Education Code or any other provision of law.

SEC. 8. The Legislature finds and declares that a unique situation exists in the Chaffey Community College District in that the district, in an effort to locate a vocational education program in an area experiencing a high rate of unemployment, has leased a large

industrial-type building to enable the district to offer welding, sheet metal, auto body, power sewing, and related vocational courses to persons desirous of entering the work force. However, Section 15356 of the Education Code, as amended by Chapter 9 of the Statutes of 1973, prohibits a governing board from leasing buildings in order to qualify for the exemptions from the "Field Act." To alleviate the difficulty into which the district has been placed, as a result of the 1973 amendments to Section 15356, it is necessary to enact this special statute.

SEC. 9. It is the intention of the Legislature that the present concept of funding facilities for the education of nonimmigrant children and children residing in children's institutions, through reimbursement by the county or city and county of residence of such children, shall continue, and that this act represents a necessary extension of state participation in the funding of such facilities. Further, it is the intent of the Legislature to provide for the construction of needed facilities for development centers for handicapped pupils and to assist local entites in providing such facilities. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because financing authority is provided by Section 20453 of the Education Code.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessities are:

(a) Some school districts have an inordinate number of physically handicapped, mentally retarded, and educationally handicapped children in the district living in regularly established licensed children's institutions or family homes and otherwise lack adequate special education facilities. In order that the governing boards of such school districts may provide for adequate special education facilities at the earliest possible date, it is necessary that this act take effect immediately.

(b) In order that the governing board of Chaffey Community College may continue to lease an existing building which is used for vocational education courses without being subject to the Field Act requirements, it is necessary that this act take effect immediately.

CHAPTER 146

An act to amend Section 36.17 of the San Luis Obispo County Flood Control and Water Conservation District Act (Chapter 1294 of the Statutes of 1945), relating to the San Luis Obispo County Flood Control and Water Conservation District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 4, 1974 Filed with Secretary of State April 4, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 36.17 of the San Luis Obispo County Flood Control and Water Conservation District Act (Chapter 1294 of the Statutes of 1945) is amended to read:

Sec. 36.17. Notwithstanding any other provision of this act, the district may authorize, issue and sell revenue bonds pursuant to the provisions of the Revenue Bond Law of 1941 (Chapter 6 (commencing at Section 54300), Part 1, Division 2, Title 5 of the Government Code) to provide funds for the acquisition, construction, improving, or financing any one or more revenue-producing enterprises for the benefit of the district, or of any zone or zones thereof, for any one or more of the purposes for which the district has been formed. "Enterprise" as used in this section means a revenue-producing system, plant, works, or undertaking used for or useful in carrying out any one or more of the purposes of the district. In connection with the authorization, issue and sale of revenue bonds pursuant to this section and so long as any of these bonds remain outstanding, the district may exercise, in addition to the powers covered by this section, any or all of the powers of local agencies provided for in said Chapter 6 (commencing at Section 54300), Part 1, Division 2, Title 5 of the Government Code.

Any election to authorize the issuance of revenue bonds pursuant to this section shall be held in the district, if the enterprise benefits the entire district, or, if the enterprise is for the benefit of a particular zone or zones of the district, in the zone or zones benefited by the enterprise.

Except as set forth in this section, in the case of any conflict between the provisions of this act and the provisions of the Revenue Bond Law of 1941, the provisions of the Revenue Bond Law of 1941 shall control.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act will permit the use of revenue bonds to finance the construction of certain urgently needed water projects. In order to permit the construction of such projects at the earliest possible time, and in particular to permit an election to authorize the issue of such revenue bonds to be held during the 1974 general election, it is necessary that this act go into immediate effect.

CHAPTER 147

An act to amend, repeal, and add Section 3251 of the Civil Code, relating to payment bonds for public works, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 4, 1974 Filed with Secretary of State April 4, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 3251 of the Civil Code is amended to read:

3251. SEC. 3. The Legislature finds and declares that the exemption granted by this act is consistent with the intent of Section 2230 of the Revenue and Taxation Code as there will be no loss of revenue to local government as a result of this act and the exemption is therefore not of the type intended for reimbursement.

The Controller shall report the amount of such claims to the Legislature on or before the 15th day of November next following the operative date of this act or, if the Legislature is not then in session, on the first legislative day thereafter, in order that the Legislature may appropriate funds for the subventions required by Section 2229 of the Revenue and Taxation Code.

"Warning! There are two (or whatever number) candidates for this office with identical names."

The foregoing warning shall also be included, in boldface type and in a prominent manner, on any sample ballot, ballot pamphlet, or other mailing sent by the county clerk, prior to the election, to persons eligible to vote for this office.

SEC. 2. Section 10345 is added to the Elections Code, to read:

10345. SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that this act apply to the 1974 elections it is necessary that it take effect immediately. Substantial confusion may result if the 1974 elections are held without a provision for the contingency of two or more candidates with identical names running for the same office. Further, doubt has been raised as to whether a proposition may be submitted, at the June 4, 1974, direct primary election, pursuant to Section 4 of Article XXVI of the California Constitution, as proposed by Proposition No. 5 of that election. In order to remove any such doubt in time so that such propositions may be submitted at that election, it is necessary that this act take effect immediately.

(b) If a district of attendance does not charge a tuition for attendance of pupils from another district in its schools and classes, the average daily attendance for such attendance shall be credited to the district of attendance for purposes of determining state apportionments and the revenue limit pursuant to Section 20904 or

20905. In such case the district of attendance shall, prior to the budget hearing required by Section 20504, include as a part of the budget process a public hearing on the estimated costs to its taxpayers for the attendance of pupils from other districts. This public hearing shall include a statement concerning the estimated average daily attendance involved, the estimated cost to the district of such attendance, with such cost also expressed as an estimated tax rate equivalent. Notice of the hearing shall be posted in a public place and furnished to the news media at least five days prior to the date of the public hearing.

SEC. 8. Section 10813.3 is added to the Education Code, to read:

10813.3. The attendance for a physically handicapped or mentally retarded pupil residing in one district and attending in another district pursuant to a contract with the county superintendent of schools, as authorized in Sections 894 and 895, shall be credited to the district of attendance for purposes of state apportionment and revenue limit computations. Any tuition shall be paid by the contracting county superintendent of schools.

SEC. 9. Section 11501 of the Education Code is amended to read:

11501. The units of average daily attendance in classes for adults for a fiscal year maintained by a district, other than a community college district, shall be computed by dividing the total days of pupils' attendance in such classes during the fiscal year by 175. The units of average daily attendance in classes for adults for a fiscal year maintained by a community college district shall be computed as set forth in Section 11476.5.

SEC. 10. Section 20904 of the Education Code is amended to read:

20904. For the purposes of this section, the assessed valuation used in computing revenue limits and the maximum tax rate is defined as the total actual assessed valuation, including business inventory and homeowners exemption and exclusive of the assessed valuation increment used to allocate tax receipts to a redevelopment agency pursuant to Article 6 (commencing with Section 33670) of Chapter 6 Part 1 of Division 24 of the Health and Safety Code.

For the purposes of this section, the revenue limit computational tax rate is defined as the district's fiscal year tax rate exclusive of tax rates provided in Section 1905, 6880.16, 7456 for capital outlay purposes only, 11872 but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, 15517, 15518, 15708, 15709, 16633, 16635, 16645.9, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 20801, 20911, or 22101 of the Education Code and Section 5302.5 of the Streets and Highways Code.

In computing the sum of the tax rates pursuant to this section, Section 20808.5 shall be considered a rate upon the elementary district taxed and not on the high school district.

(a) For the 1973–74 fiscal year only, the county superintendent of schools shall compute for each school district in the county an amount equal to the sum of (1) the district's 1972–73 fiscal year revenue limit computational tax rate, multiplied by the actual

assessed valuation on the secured roll of the district for the 1972–73 fiscal year, and the district's 1971–72 fiscal year revenue limit computational tax rate, multiplied by the assessed valuation on the unsecured roll of the district for the 1972–73 fiscal year, (2) the amount of areawide aid received by the district for the 1972–73 fiscal year, (3) 32½ percent of the residual retirement reserve transferred under Chapter 117 of the Statutes of 1972, (4) the total amount of basic state aid, equalization aid, supplemental support, and inflation cost adjustment which the districts received pursuant to the provisions of this code and the Budget Act of 1972 as computed by the Superintendent of Public Instruction, and (5) the amount of income from the equalization offset tax pursuant to Section 17263.1.

(b) The amount computed in subdivision (a) shall be divided by the foundation program average daily attendance in the second principal apportionment and shall be the 1972–73 base revenue per unit of average daily attendance.

(c) The base revenue per unit of average daily attendance for each district shall be divided into the following amounts per unit of average daily attendance: for elementary districts, nine hundred dollars ($900); for high school districts, one thousand one hundred sixty-five dollars ($1,165); for unified districts, nine hundred eighty dollars ($980). If the result is greater than one it shall be deemed to be one.

(d) The quotient determined pursuant to subdivision (c) shall be multiplied by seventy dollars ($70) per unit of average daily attendance.

(e) The product determined pursuant to subdivision (d) shall be added to the base revenue per unit of average daily attendance determined pursuant to subdivision (b) and multiplied by the estimated foundation program unit of average daily attendance in the second principal apportionment of the districts for the 1973–74 fiscal year.

(f) The amount computed pursuant to subdivision (e) shall be compared with the total amount computed for the district pursuant to Article 2 (commencing with Section 17651), excluding Section 17668.5, Article 2.1 (commencing with Section 17671), and subdivision (a) of Section 17951. The larger of the two amounts shall be the revenue limit of the district for the 1973–74 fiscal year but in no case shall exceed 116 percent of the 1972–73 base revenue per unit of average daily attendance multiplied by the 1973–74 fiscal year estimated foundation program average daily attendance or the 1972–73 base revenue per unit of average daily attendance plus seventy dollars ($70) multiplied by the 1973–74 fiscal year estimated foundation program average daily attendance, whichever is higher. This revenue limit is exclusive of federal funds and state funds except those specified in subdivision (a).

In lieu of the revenue limit determined pursuant to the preceding paragraphs of subdivision (f) a district may request the county superintendent of schools to determine its revenue limit for the

1973–74 fiscal year using either, but not both, of the two following methods: (1) determine the base revenue per average daily attendance for the 1972–73 fiscal year by including the unused portion of a voted override in the revenue limit computational tax rate, use sixty-five dollars ($65) instead of seventy dollars ($70) as the computational amount in subdivision (d), use 115 percent instead of 116 percent as the computational limit in subdivision (f). For purposes of this paragraph, the unused portion of a voted override shall be determined as the difference between the total of the maximum tax rate approved by an election pursuant to Section 20803 added to the actual tax rates levied, in the same fiscal year during which the election was held, for all other purposes except pursuant to Sections 1905, 7456 for capital outlay only, 11872 but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, 15517, 15518, 15708, 15709, 16633, 16635, 16645.9, 19443, 19619, 19683.5, 19687, 19688, 19695, 20801, 20930, and 22101 of the Education Code, and Section 5302.5 of the Streets and Highways Code, and the actual tax levied for the 1972–73 fiscal year, including the areawide tax rate levied but exclusive of the tax rates levied pursuant to Sections 1905, 7456 for capital outlay only, 11872 but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, 15517, 15518, 15708, 15709, 16633, 16635, 16645.9, 19443, 19619, 19683.5, 19687, 19688, 19695, 20801, 20930, and 22101 of the Education Code, and Section 5302.5 of the Streets and Highways Code.

(2) Determine the base revenue per average daily attendance for the 1972–73 fiscal year by including an amount equal to the unrestricted balance used to balance income to expenditures in the 1972–73 fiscal year with such amount not to exceed 3 percent of the total expenditures plus tuition excluding debt service and transfers in the General Fund for the 1972–73 fiscal year, use sixty-five dollars ($65) instead of seventy dollars ($70) as the computational amount in subdivision (d), use 115 percent instead of 116 percent as the computational limit in subdivision (f). For purposes of this paragraph, the unrestricted balance shall be determined as the difference when the ending balance, less restricted amounts plus transfers of unrestricted amounts to other funds which remain as ending balances in other funds, is subtracted from the beginning balance, less restricted amounts in the 1972–73 General Fund.

Notwithstanding subdivision (f), if, due to changes in federal legislation or administrative policy, the entitlement under Public Law 81-874 is reduced or discontinued and is not replaced by other federal funding, and if a district experiencing such loss has a revenue limit less than the foundation program, it shall be allowed to increase the revenue limit by an amount equal to the difference between the Public Law 81-874 income per unit of foundation program average daily attendance of the 1972–73 fiscal year and the estimated Public Law 81-874 income per unit of foundation program average daily attendance of the 1973–74 fiscal year, if any, multiplied by the

estimated foundation program average daily attendance of the 1973–74 fiscal year. Such increased revenue limit shall not exceed the foundation program of the 1973–74 fiscal year.

(g) From the revenue limit ascertained from the comparison made pursuant to subdivision (f), there shall be subtracted the total amount of basic state aid and state equalization aid to be received by the district during the 1973–74 fiscal year, as adjusted by repayment of any advances authorized by Section 17401.5, the amount of areawide aid to be received for the 1973–74 fiscal year, as adjusted by repayment of any advances authorized by Section 17401.5, the amount of areawide aid to be received for the 1973–74 fiscal year, and the amount of income to be received from the equalization offset tax pursuant to Section 17263.1.

(h) The amount determined pursuant to subdivision (g) shall be (1) adjusted as provided in subdivision (d) of Section 10805 and (2) adjusted sufficiently to allow for the mandated increases for district contributions for the State Teachers' Retirement System as required by Section 14100. Such adjustment, together with any rate levied in the 1972–73 fiscal year pursuant to Section 14111, shall not exceed the revenue derived by the tax rate provided in Section 14111.

(i) The amount computed pursuant to subdivision (h) shall be the local revenue limit of the district for the 1973–74 fiscal year. From the local revenue limit, there shall be subtracted 32½ percent of the residual retirement reserve transferred under Chapter 117 of the Statutes of 1972.

(j) From the amount computed in subdivision (i), there shall be subtracted, (1) the amount of money collected or to be collected as taxes on property on the unsecured roll of the 1973–74 fiscal year, excluding the amounts collected through the levy of taxes provided in Section 1905, 7456 for capital outlay purposes only, 11872, 15517, 15518, 15708, 15709, 16633, 16635, 16645.9, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 19700.3, 20801, 20911, or 22101 of the Education Code and Section 5302.5 of the Streets and Highways Code and (2) the income from prior year taxes.

(k) The amount determined pursuant to subdivision (j) shall be divided by the amount of actual assessed valuation of the district on the secured roll after due allowance for delinquencies pursuant to Section 20704. The quotient multiplied by 100 shall be the tax rate on each one hundred dollars ($100) of such assessed valuation and shall be the maximum general purpose rate which may be levied in the district during the 1973–74 fiscal year, exclusive of taxes provided in Section 1905, 6880.16, 7456 for capital outlay purposes only, 11872, 15517, 15518, 15708, 15709, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 19700.3, 20801, 20911, or 22101 of the Education Code and Section 5302.5 of the Streets and Highways Code. The revenue limit in subdivision (f) notwithstanding, in no case for districts receiving state equalization aid, shall the tax rate be reduced below one dollar ($1) on the elementary level or eighty cents ($0.80) on the high school level or one dollar and eighty cents ($1.80) for a unified school

district, except that when the district has levied upon it an areawide tax, such areawide tax rate levied shall be considered first as part of the minimum tax rate limit.

SEC. 11. Section 20905 of the Education Code is amended to read:

20905. For the 1974–75 fiscal year and each fiscal year thereafter, (a) the maximum general purpose tax rate for each elementary, high, and unified school district in the county shall be computed pursuant to this section by the county superintendent of schools.

(b) The revenue limit per foundation program unit of average daily attendance for the district for the prior fiscal year shall be divided into the appropriate foundation program amount per unit of average daily attendance for the prior year. If the quotient is greater than one, it shall be deemed to be one.

(c) The foundation program amount per unit of average daily attendance used as the dividend in subdivision (b) shall be determined by the Superintendent of Public Instruction pursuant to this subdivision. For elementary school districts, it shall be the foundation program for districts which have an average daily attendance of 901 or more. For high school districts it shall be the foundation program for districts with an average daily attendance of 301 or more. For unified districts, it shall be the sum of (1) the foundation program of elementary districts which have an average daily attendance of 901 or more multiplied by the elementary foundation program units of average daily attendance of unified districts in the second principal apportionment, plus (2) the foundation program for high school districts with an average daily attendance of 301 or more multiplied by the high school foundation program units of average daily attendance of unified districts in the second principal apportionment divided by the sum of the elementary and high school units of average daily attendance of unified districts in the second principal apportionment.

(d) The inflation adjustment jointly determined by the Department of Education and the Department of Finance, which inflation index shall not, in any event, be less than 5 percent or more than 6 percent, shall be multiplied by the appropriate foundation program amount.

(e) The product determined pursuant to subdivision (d) shall be multiplied by the quotient determined pursuant to subdivision (b). The resultant amount shall constitute the revenue limit inflation adjustment of the district.

(f) The revenue limit inflation adjustment shall be added to the prior year revenue limit per foundation program unit of average daily attendance of the district and the sum multiplied by the estimated foundation program average daily attendance of the budget year. The product shall be the revenue limit of the district for the budget year.

(g) Any district which has a revenue limit computed pursuant to subdivision (f) which is equal to or less than the foundation program computed for the district pursuant to Article 2 (commencing with

Section 17651), excluding Section 17668.5, Article 2.1 (commencing with Section 17651), and subdivision (a) of Section 17951 as adjusted pursuant to subdivision (e) of Section 17301 may increase its revenue limit computed pursuant to subdivision (f) to the lesser of the foundation program level of the district or the prior year revenue limit increased by fifteen percent (15%).

For the 1974–75 and 1975–76 fiscal years only, notwithstanding subdivision (g) if, due to changes in federal legislation or administrative policy, the entitlement under Public Law 81-874 is reduced or discontinued and is not replaced by other federal funding, and if a district experiencing such loss has a revenue limit less than the foundation program, it shall be allowed to increase the revenue limit by an amount equal to the difference between the Public Law 81-874 income per foundation program average daily attendance of the prior year and the estimated Public Law 81-874 income per unit of foundation program average daily attendance of the budget year, if any, multiplied by the estimated foundation program average daily attendance of the budget year. Such increased revenue limit shall not exceed the foundation program of the budget year.

(h) From the amount computed pursuant to subdivision (f) or (g), there shall be subtracted the basic state aid and state equalization aid to be received for the budget year, areawide aid to be received for the budget year, and the amount of income to be received from the equalization offset tax pursuant to Section 17263.1.

(i) The amount determined pursuant to subdivision (h) shall be (1) adjusted as provided in subdivision (d) of Section 10805 and (2) adjusted sufficiently to allow for the mandated increases for district contributions for the State Teachers' Retirement System as required by Section 14100. Such adjustment, together with any rate levied in any prior year pursuant to Section 14111, shall not exceed the revenue derived by the tax rate provided in Section 14111. The adjusted amount shall be the local revenue limit of the district for the budget year.

(j) From the amount computed pursuant to subdivision (i), there shall be subtracted the amount of money collected or to be collected as taxes on property on the unsecured roll of the budget year, excluding the amounts collected through the levy of taxes provided in Section 1905, 6880.16, 7456 for capital outlay purposes only, 11872, 15517, 15518, 15708, 15709, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 19700.3, 20801, 20911, or 22101 of the Education Code and Section 5302.5 of the Streets and Highways Code.

(k) For the purposes of this subdivision, the assessed valuation used in computing the maximum tax rate is defined as the total actual assessed valuation, including business inventory and homeowners exemption and exclusive of the assessed valuation increment used to allocate tax receipts to a redevelopment agency pursuant to Article 6 (commencing with Section 33670) of Chapter 6 of Part 1 of Division 24 of the Health and Safety Code.

The amount determined pursuant to subdivision (j) shall be divided by the amount of actual assessed valuation of the district on the secured roll after due allowance for delinquencies, pursuant to Section 20704. The quotient multiplied by 100 shall be the tax rate on each one hundred dollars ($100) of such assessed valuation and shall be the maximum general purpose tax rate which may be levied in the district during the 1973–74 fiscal year, exclusive of taxes provided in Section 1905, 6880.16, 7456 for capital outlay purposes only, 11872, 15517, 15518, 15708, 15709, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 19700.3, 20801, 20911, or 22101. The revenue limit in subdivision (g) notwithstanding, in no case for districts receiving equalization aid, shall the tax rate be reduced below one dollar ($1) on the elementary level or eighty cents ($0.80) on the high school level or one dollar and eighty cents ($1.80) for a unified school district, except that when the district has levied upon it an areawide tax, such areawide tax rate levied shall be considered first as part of the minimum tax rate limit.

SEC. 12. In any case in which a school district governing board deems such action appropriate, the district may operate pursuant to the provisions of this act with respect to the remainder of the 1973–74 fiscal year. Any action by a school district governing board which was undertaken prior to the effective date of this act and during the 1973–74 fiscal year, and which was in accord with the changes in law effected by this act, is hereby ratified, validated, confirmed, and declared to be legally effective for all purposes as though this act had become effective July 1, 1973.

[Approved by Governor April 17, 1974. Filed with Secretary of State April 17, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 265 of the Health and Safety Code is amended to read:

265. Annually the board of supervisors of each county shall appropriate for services for handicapped children of the county, including diagnosis, treatment, and therapy services for physically handicapped children in public schools, exclusive of administrative costs, a sum of money not less than that represented by a rate of one-tenth of one mill ($0.0001) on each dollar of the assessed valuation of the taxable property in the county, except that whenever the department on or before May 1st of any year certifies to the board of supervisors a smaller amount needed for such

purposes in that county, the latter shall be the minimum amount appropriable for expenditure therefor in that county during the next succeeding fiscal year.

The state shall appropriate funds sufficient to bring each county program to twenty thousand dollars ($20,000) or four-tenths of one mill ($0.0004), whichever is greater, except if the county has appropriated less than one-tenth mill ($0.0001) as provided in this section.

Nothing in this section shall prevent a county board of supervisors from appropriating additional money for services to handicapped children, and the state shall be obligated to match such appropriations in a ratio of three dollars ($3) for one dollar ($1) of county money up to a maximum county appropriation of two-tenths of a mill ($0.0002) of assessed valuation upon a determination by the department that a need based on departmental priorities exists for such supplemental state and county funds. The department may, upon approval of the Director of Finance, approve a county appropriation in excess of two-tenths mill ($0.0002), upon the county's expression of intent to appropriate additional funds and the state's ability to match such appropriation in a ratio of three dollars ($3) for one dollar ($1) of county money within the current state appropriation for its program.

Expenditures for services shall represent a concurrent obligation against state and county funds according to the method of reimbursement specified in this section.

The state shall reimburse counties quarterly on a 3:1 matching basis for county expenditures, provided that the state quarterly payment shall not exceed by more than 10 percent the total state funds allocated quarterly to each county, except as provided in Section 266.

Expenditures made to reimburse counties for the state's share of the cost of such services shall be charged to the fiscal year in which the county issues its warrant in payment of such services. Expenditures made by the state on behalf of counties for the cost of such services shall be charged to the fiscal year in which the warrant is issued by the State Controller.

Federal grant funds allocated for the support of the crippled children's program shall be used for the purpose of state matching of county appropriations for services except for the cost of the administration of the program by the department and the Department of Benefit Payments.

State matching dollars for services for handicapped children shall not exceed the amount actually appropriated for the program.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some counties have already expended large percentages of their budget for crippled children services for the 1973–74 fiscal year in the

first months of the fiscal year. There are children residing in such counties who are in dire need of medical treatment to correct physical handicaps at the earliest possible moment. In order that this treatment be provided to these children at the most beneficial time, it is necessary that this act go into effect immediately.

(1) When an interest has been limited on any future contingency to persons who shall compose a certain class upon happening of a certain event without further limitation, notice shall be given to the persons in being who would constitute the class if such event had happened immediately before the commencement of the proceedings.

(2) When an interest has been limited to a living person, and the same interest, or a share therein, has been further limited upon the happening of a future event to the surviving spouse or to persons who are, or may be, the distributees, heirs, issue or other kindred of

Notwithstanding the provisions of Section 1215.1, notice shall be given to persons who would not otherwise be entitled to notice under such section, when a conflict of interest involving the subject matter of the trust proceeding exists between a person to whom notice is given and a person to whom notice need not be given under Section 1215.1.

1215.3. (a) The court, upon its own motion or on request of a person interested in the trust, at any stage of the proceeding may do either or both of the following:

(1) Require that additional notice be given pursuant to Section 1204, and prescribe the form and method of such notice,

(2) Appoint a guardian ad litem to represent the interest of a minor, incapacitated, unborn, or unascertained person, or a person whose identity and address are unknown, or a designated class of persons who are not ascertained or are not in being. When not precluded by a conflict of interest, a guardian ad litem may be appointed to represent several persons or interests.

(b) For the purposes of this section, a trustee is a person interested in the trust.

1215.4. Nothing in this article affects requirements for notice to a person who has requested special notice or filed notice of appearance pursuant to Article 1 (commencing with Section 1200) of this chapter, or pursuant to any other statute, or for notice to a particular person or entity, or for appointment of a guardian ad litem pursuant to Section 1120 or Section 1138.7, or for delivery or mailing of a copy of the petition pursuant to Section 1120. Without obtaining a court order therefor, the petitioner or other person required to give notice may cause notice to be given to any person interested in the trust.

(d) If any person who has filed a petition for a variance desires to commence or continue operation pending the decision of the hearing board, he may petition the hearing board for an interim variance. The hearing board shall consider such an application at a hearing, which may be held without compliance with the requirements of subdivisions (a), (b), and (c) of this section and Section 24295, except that notice shall be given to the air pollution

control officer. Good cause appearing therefor, which shall be stated in the order, the hearing board may grant an interim variance, which shall not extend beyond the date of the decision of the hearing board, or 90 days from the date of its issuance, whichever occurs first. (c) At least 30 days prior to the hearing, the hearing board shall make the petition for variance, including all proposed conditions or increments of progress, if any, available to the public for inspection. The hearing board may require that the petitioner submit proposed conditions or increments of progress as part of the petition. The hearing notice shall state that the petition, including proposed conditions or increments of progress, is available for public inspection, and set forth the place and times therefor.

(b) That, due to conditions beyond the reasonable control of the

petitioner, requiring compliance would result in either (1) an arbitrary or unreasonable taking of property, or (2) the practical closing and elimination of a lawful business.

(c) That such closing or taking would be without a corresponding benefit in reducing air contaminants.

SEC. 6. Section 24301 of the Health and Safety Code is amended to read:

24301. (a) The hearing board, in making any order permitting a variance, shall set a final compliance date, in no event to exceed one year from the date of issuance of the variance.

Any such schedule shall have a final compliance date.

(c) Upon petition of any interested person, the hearing board may review and for good cause, such as a change in the availability of materials, equipment, or adequate technology, modify a schedule of increments of progress after holding a hearing in accordance with Section 24298. Upon petition of any interested person, the hearing board may review and for good cause, such as a change in the availability of materials, equipment, or adequate technology, modify a final compliance date by holding a public hearing in accordance with Section 24295.

(d) For the purposes of this section and Section 24304, "increments of progress" means steps toward compliance which will be taken by the petitioner, including:

(1) The date of submittal of the source's final control plan to the appropriate air pollution control agency;

(2) The date by which contracts for emission control systems or process modifications will be awarded; or the date by which orders will be issued for the purchase of component parts to accomplish emission control or process modification;

(3) The date of initiation of onsite construction or installation of emission control equipment or process change;

(4) The date by which onsite construction or installation of emission control equipment or process modification is to be completed; and

(5) The date by which final compliance is to be achieved.

(e) "Increments of progress" shall include, where practicable, each increment of progress specified in subdivision (d) and shall include such additional increments of progress as may be necessary or appropriate to permit close and effective supervision of progress toward timely compliance.

SEC. 7. Section 24303 of the Health and Safety Code is repealed.

SEC. 8. Section 24303 is added to the Health and Safety Code, to read:

24303 Within 30 days of any order granting, modifying, or otherwise affecting a variance by the hearing board, either the air

If a person cannot be in compliance by such a date, he may apply for a variance prior to such date, in which case the application shall be considered pursuant to this article even though such rule or regulation is not presently effective.

(b) In lieu of the procedure described in subdivision (a), the rule or regulation may itself contain a schedule of increments of progress. In such event, only persons who cannot comply with that schedule shall submit a schedule or an application for a variance to the hearing board as required in subdivision (a). In the event that a person subsequently determines that he cannot meet the schedule published in the rule or regulation, he shall immediately submit a schedule or an application for variance and justification therefor to the hearing board for approval. The hearing board shall approve a schedule different from the published schedule, or a variance, or portions thereof, only if the applicant demonstrates a bona fide effort to meet the published schedule and shows that his failure to do so has been caused by circumstances beyond his control, if a schedule is different from the schedule published in the rule or regulation.

SEC. 10. Section 24357 of the Health and Safety Code is amended to read:

Thereafter, the terms of members of the hearing

board shall be three years.

(b) If a hearing board is appointed subsequent to January 1, 1974, two members shall be appointed for one year, two members shall be appointed for two years, and one member for three years. Thereafter, the terms of all members shall be three years.

SEC. 12. Section 24360.11 is added to the Health and Safety Code, to read:

24360.11. Unless and until the hearing board authorizes such operation, no person shall operate any article, machine, equipment, or any other contrivance which is the subject of a variance if such person fails to achieve any scheduled increment of progress established pursuant to Section 24365.10.

SEC. 13. Section 24365.1 of the Health and Safety Code is amended to read:

24365.1. (a) The owner or operator of any emission source, with respect to that source, or the air pollution control officer, may petition the hearing board for a variance. Upon receipt of a petition for a variance, except in the case of an emergency, as determined by the hearing board, the hearing board shall hold a hearing to determine under what conditions and to what extent a variance from the requirements established by Article 10 (commencing with Section 24360) of this chapter, Chapter 3.5 (commencing with Section 39077) of Part 1 of Division 26, or by rules, regulations, or orders of the board is necessary and will be permitted.

(c) The hearing board shall prepare a record of the witnesses and the testimony of each witness at the hearing. Such a record may be a tape recording. The record shall be retained by the hearing board while the variance is in effect, or for the period of one year, whichever is longer.

(d) If any person who has filed a petition for a variance desires to commence or continue operation pending the decision of the hearing board, he may petition the hearing board for an interim variance. The hearing board shall consider such an application at a hearing, which may be held without compliance with the requirements of subdivisions (a), (b), and (c) of this section and Section 24365.4, except that notice shall be given to the air pollution control officer. Good cause appearing therefor, which shall be stated in the order, the hearing board may grant an interim variance, which shall not extend beyond the date of the decision of the hearing board, or 90 days from the date of its issuance, whichever occurs first. (b) The hearing board shall also send notice of the hearing to at least one daily newspaper of general circulation in each of the counties within the district, and obtain publication in such newspaper, and to every person who requests such notice. Such notice shall be sent and published not less than 30 days prior to the hearing. The notice shall contain the time and place of the hearing and such other information as may be necessary to reasonably apprise the people within the district of the nature and purpose of the meeting.

(c) At least 30 days prior to the hearing, the hearing board shall make the petition for variance, including all proposed conditions or increments of progress, if any, available to the public for inspection. The hearing board may require that the petitioner submit proposed conditions or increments of progress as part of the application. If the petitioner fails to do so, the hearing board may itself propose conditions or increments of progress, or dismiss the petition. The hearing notice shall state that the petition, including proposed conditions or increments of progress, is available for public inspection, and set forth the place and times therefor.

(d) In the case of a variance or series of variances totaling not more than 90 days, the notice requirements of subdivisions (b) and (c) shall not apply. For such a variance or variances, notice shall be served as required in subdivision (a), and upon any person who requests notice of such variances, not less than 10 days before the hearing.

However, no variance shall be granted if the operation under the variance will result in a violation of Section 24360.

(b) No variance shall be granted unless the hearing board makes all of the following findings:

(1) That the petitioner for a variance is, or will be, in violation of a provision of Article 10 (commencing with Section 24360) of this chapter or of Chapter 3.5 (commencing with Section 39077) of Part 1 of Division 26, or of any rule, regulation, or order of the board.

or unreasonable taking of property or the practical closing and elimination of a lawful business.

(3) That such closing or taking would be without a corresponding benefit in reducing air contaminants.

SEC. 16. Section 24365.10 of the Health and Safety Code is amended to read:

24365.10. (a) The hearing board, in making any order permitting a variance, shall set a final compliance date, in no event to exceed one year from the date of issuance of the variance.

(b) Notwithstanding subdivision (a), a variance may be issued for a period exceeding one year if such variance includes a schedule of increments of progress which require compliance with applicable emission control limits by the conclusion of the schedule. Any such schedule shall have a final compliance date.

(c) Upon petition of any interested person, the hearing board may review and for good cause, such as a change in the availability of materials, equipment, or adequate technology, modify a schedule of increments of progress after holding a hearing in accordance with Section 24365.7. Upon petition of any interested person, the hearing board may review and for good cause, such as a change in the availability of materials, equipment, or adequate technology, modify a final compliance date by holding a public hearing in accordance with Section 24365.4.

The hearing board shall approve a schedule different from the published schedule, or a variance, or portions thereof, only if the applicant demonstrates a bona fide effort to meet the published schedule and shows that his failure to do so has been caused by circumstances beyond the applicant's control, if a schedule is different from the schedule published in the rule or regulation.

SEC. 3. The governing board of any school district which became unified during the 1973–74 fiscal year and which would otherwise not become effective for all purposes until July 1, 1974, may now and until that date exercise all powers necessary to: (1) meet and confer pursuant to Article 5 (commencing with Section 13080) of Chapter 1 of Division 10 of the Education Code with the certificated employee council; and (2) adopt a merit system and appoint a personnel commission pursuant to Chapter 3 (commencing with Section 13580) of Division 10 of the Education Code.

As used in this section, "now" means the date this act takes effect.

As used in this section "heretofore" means any time prior to the date this act takes effect.

SEC. 5. It is the intent of the Legislature, if this bill and Assembly Bill No. 2414 are both chaptered and become effective on or before January 1, 1975, both bills amend Section 1231 of the Education Code, and this bill is chaptered after Assembly Bill No. 2414, that Section 1231 of the Education Code, as amended by Section 1 of this act shall remain operative only until the operative date of Assembly Bill No. 2414, and that on the operative date of Assembly Bill No. 2414 Section 1231 of the Education Code as amended by Section 1 of this act be further amended in the form set forth in Section 2 of this act to incorporate the changes in Section 1231 proposed by Assembly Bill No. 2414. SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessities are:

(a) Section 1231 of the Education Code, as amended by Chapter 1051 of the Statutes of 1973, raises a question of application of that section to newly formed unified school districts. Unless resolved immediately, doubt concerning the authority to compensate members of governing boards of such school districts, and resultant hardship and probable litigation may result. This act will avoid the problem and bring certainty into law. Therefore, it is necessary that this act go into immediate effect.

(b) The governing boards of certain school districts which have, during the 1973–74 fiscal year, become unified but which will not become effective for all purposes until July 1, 1974, need, prior to that date and for proper administrative and transitional purposes, certain powers relating to personnel and employer-employee relations, which powers are granted by this act. In order that the needed powers may be exercised prior to July 1, 1974, it is necessary that this act take effect immediately.

(c) If a loan made by a licensee is in a principal amount of five thousand dollars ($5,000) or more, the fact that the transaction is in the form of a sale of accounts, chattel paper, contract rights, goods or instruments or a lease of goods or in the form of an advance on the purchase price of any of the foregoing shall not be deemed to affect the loan or the bona fides of the amount thereof or to indicate that the provisions of Section 22053 are used for the purpose of evading this division.

SEC. 5. This act shall be deemed declaratory of existing law and not amendatory thereof.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are as follows:

Many businesses in California urgently need loans or advances on the purchase price of their accounts receivable sold to factors. This act is necessary to clarify the law governing such loans and advances in order to avoid any interruption in or impairment of the activities of such businesses.

For the purpose of equalization, it is conclusively presumed that the average ratio of assessed value to full cash value in the county is not more than 115 percent of the latest preliminary or final ratio determined by the board pursuant to Article 1 (commencing with Section 1815) of Chapter 2 of this part.

The applicant for a reduction in an assessment on the local roll shall establish the full cash value of the property by independent evidence. The records of the assessor may be used as part of such evidence.

The county board shall make a determination of the full cash value of each parcel for which an application for equalization is made. After determining the full cash value of a parcel of property, the county board shall establish the assessed value of the property at the lower of:

An applicant may request the board to close to the public a portion of the hearing by filing a declaration under penalty of perjury that evidence is to be presented which relates to trade secrets the disclosure of which will be detrimental to the business interests of the owner of the trade secrets. If the board grants the request, only evidence relating to the trade secrets may be presented during the time the hearing is closed.

SEC. 10. Section 1605.5 of the Revenue and Taxation Code is amended and renumbered to read:

1611.5. Written findings of fact of the county board shall be made if requested in writing by a party up to or at the commencement of the hearing. However, the party requesting findings may abandon the request and waive findings at the conclusion of the hearing. If the requesting party abandons his request at this time the other party may orally or in writing renew the request thereby becoming responsible for any costs for the preparation of findings. A reasonable fee may be imposed by the county to cover the expense of preparing findings and conclusions, but shall not exceed ten dollars ($10) per parcel. The written findings of fact shall fairly disclose the board's determination of all material points raised by the party in his petition and at the hearing including a statement of the method or methods of valuation used in appraising the property.

At the hearing the final determinations by the board shall be supported by the weight of the evidence.

If written findings of fact have been requested, the board shall transmit such findings to the requesting party accompanied by a

notice that any request for a transcript of the proceedings must be made within 60 days following the date of the final determination of the board.

SEC. 11. Section 1605.6 of the Revenue and Taxation Code is amended and renumbered to read:

(b) In the case of a county of the first class, the application shall be filed between the third Monday in July and September 15. An application that is mailed and postmarked September 15 or earlier within such period shall be deemed to have been filed between the third Monday in July and September 15.

(c) In the case of a county of the second to ninth class, inclusive, the application shall be filed between July 2 and September 15. An application that is mailed and postmarked September 15 or earlier within such period shall be deemed to have been filed between July 2 and September 15.

The form shall provide appropriate space for the applicant to request written finding of facts as provided by Section 1611.5.

SEC. 14. Section 1608 of the Revenue and Taxation Code is amended and renumbered to read:

1607. Before the county board makes any reduction, it shall examine, on oath, the person affected or the agent making the application touching the value of the property. A reduction shall not be made unless the person or agent attends and answers all questions pertinent to the inquiry; provided, however, in the event there is

filed with the county board a written stipulation, signed by the assessor and county legal officer on behalf of the county and the person affected or the agent making the application, as to the full cash value and assessed value of the property which stipulation sets forth the facts upon which the reduction in value is premised, the county board may, at a hearing, (a) accept the stipulation, waive the appearance of the person affected or the agent and change the assessed value in accordance with Section 1610.8, or (b) reject the stipulation and set or reset the application for reduction for hearing.

SEC. 15. Section 1608.5 of the Revenue and Taxation Code is amended and renumbered to read:

1608. Notwithstanding the provisions of Section 1607, the county board may, in its discretion, waive the examination of the person or agent making the application, if the board and the assessor are satisfied that the issues raised by the application have been considered by the board in previous years or are fully presented in the application, and if the person or agent making the application requests such waiver in his application. The board (whether meeting as a board of equalization or as a board of supervisors) shall promptly act upon such request for waiver and shall give the applicant written notice of its decision thereon within 10 days after the filing of the application and request for waiver. If the board waives the examination of the person or agent making the application, it shall give such person or agent written notice of its decision on the merits of the application promptly after making such decision.

SEC. 16. Section 1608.7 of the Revenue and Taxation Code is amended and renumbered to read:

(1) Information stating the basis of such party's opinion of value.

(2) When the opinion of value is to be supported with evidence of comparable sales, information identifying the properties with sufficient certainty such as by assessor parcel number, street address or legal description of the property, the approximate date of sale, the applicable zoning, the price paid, and the terms of the sale, if known.

(3) When the opinion of value is to be supported with evidence based on an income study, information relating to income, expenses and the capitalization method.

(4) When the opinion of value is to be supported with evidence of replacement cost, information relating to date of construction, type of construction, replacement cost of construction, obsolescence, allowance for extraordinary use of machinery and equipment, and

depreciation allowances.

(b) Notwithstanding any limitation on assessed value contained in subdivision (a), if an applicant for a change of an assessment or the assessor has submitted the data required by subdivision (a) within the specified time, at least 10 days prior to the hearing the other party shall submit to the party who caused the exchange of information in writing the following data:

(1) Information stating the basis of such other party's opinion of value.

(2) When the opinion of value is to be supported with evidence of comparable sales, information identifying the properties with sufficient certainty such as by assessor parcel number, street address or legal description of the property, the approximate date of sale, the applicable zoning, the price paid, and the terms of the sale, if known.

(3) When the opinion of value is to be supported with evidence based on an income study, information relating to income, expenses and the capitalization method.

The person assigning a hearing date shall provide adequate notice to the parties of such date, so that the exchange of information permitted by this section can be made without requiring a continuance of the hearing.

Whenever information has been exchanged pursuant to this section the parties may not introduce evidence on matters not so exchanged unless the other party consents to such introduction. However, at the hearing, each party may introduce new material relating to the information received from the other party. If a party introduces new material at the hearing, the other party, upon his request, shall be granted a continuance for a reasonable period of time.

Nothing in this section shall be construed as an intent of the Legislature to change, alter or modify generally acceptable methods of using the sales approach, income approach, or replacement cost approach to determine full cash value.

The assessor may introduce new evidence of full cash value of a parcel of property at the hearing and may also introduce information obtained pursuant to Section 441. If the assessor proposes to introduce evidence to support a higher assessed value than he placed on the roll, he shall, at least 10 days prior to the hearing, inform the applicant of the higher assessed value and the evidence proposed to be introduced and he may

thereafter introduce such evidence at the hearing.

No subpoena to take depositions shall be issued nor shall depositions be considered for any purpose by the county board or the assessment appeals board.

SEC. 19. Section 1609.5 of the Revenue and Taxation Code is amended and renumbered to read:

(a) If a county board changes the full cash value on a parcel of real property to a value different from the assessor's finding of value (as reflected by the assessment on the roll or as recommended, proposed, or stipulated by the assessor), and, during the succeeding two assessment years, the assessor seeks to raise the value total as lowered by the board below the assessor's value, or to lower the total value as raised by the board above the assessor's value, the value of the property shall be rebuttably presumed to be the value set by the board. When seeking such a change in value, the assessor shall give written notice of the proposed full cash value and assessed value to the other party and the matter shall automatically be placed before the board, unless such other party files a written statement with the board that he does not want to contest the matter and in that event the matter will not be placed before the county board.

(c) A presumption created under this section shall cease to exist upon a subsequent change in zoning or permissive use of a parcel of real property, a change of assessed value due to an intercounty equalization order issued by the State Board of Equalization or a subsequent physical change in the property requiring a permit for land or improvements. If any of the conditions described in this subdivision occur, the matter shall not be automatically placed before the board.

(d) When any matter is placed before the board pursuant to this section, the clerk shall notify the parties affected of the time and place of hearing in the same manner as notice is given for application for changes of assessments. If the party affected or his agent does not appear or has not made timely request for continuance, the matter shall be heard by the board and the assessor shall present his evidence notwithstanding the failure of the party affected or his agent to appear or to request a continuance.

This section shall not apply to property under initial construction or development, nor to changes of value made pursuant to legislation enacted under the authorization of Section 2.8 of Article XIII of the Constitution of the State of California, nor to trade fixtures.

The state is authorized to pay 50 percent of the nonfederal capital costs of the recreation and fish and wildlife enhancement features of the project pursuant to Section 12847.

CHAPTER 184

An act to amend Sections 28745.2, 28745.4, and 28746.2 of the Public Utilities Code, relating to the San Francisco Bay Area Rapid Transit District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 25, 1974 Filed with Secretary of State April 25, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 28745.2 of the Public Utilities Code is amended to read:

28745.2. A resolution establishing the election districts shall be adopted by a majority of the members of the board and submitted to the Legislature not later than May 1, 1974.

The boundaries of the election districts shall be established by the board, unless the Legislature enacts a statute which becomes effective on or before May 20, 1974, that establishes and defines such boundaries. In establishing and defining the boundaries of the election districts, the Legislature shall take into consideration the factors specified in Sections 28745.4 and 28745.6. Upon the Legislature establishing and defining the boundaries of the election districts, the secretary shall file a certified copy of a map describing all nine election districts with the Secretary of State and with the county clerk of each county with territory within the boundaries of the district.

SEC. 2. Section 28745.4 of the Public Utilities Code is amended to read:

28745.4. The board, in dividing the district into election districts, shall establish and define the boundaries of the nine election districts within the territory of the district, and shall number the election districts from 1 to 9, inclusive. The boundaries of the election districts shall be defined so that the districts shall be as nearly equal in population as practicable, considering the factors specified in Section 28745.6.

SEC. 3. Section 28746.2 of the Public Utilities Code is amended to read:

28746.2. All cities, counties, and cities and counties within the district shall provide such information, services, and facilities as may be required in apportioning the district into the nine election districts.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the duties, obligations, or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the Legislature may have sufficient time by May 20, 1974, to establish, if it decides to do so, the boundaries for the nine election districts from which the board of directors of the San Francisco Bay Area Rapid Transit District are to be elected from if the proposition requiring that the board be elected is adopted by the district voters at a special election consolidated with the direct primary election to be held on June 4, 1974, it is necessary that this act take effect immediately.

CHAPTER 185

An act to add Section 11011.3 to the Government Code, relating to state lands.

[Approved by Governor April 25, 1974 Filed with Secretary of State April 25, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 11011.3 is added to the Government Code, to read:

11011.3. (a) Any public agency desiring to purchase surplus state real property, as set forth in Section 11011.1, shall give written notice to the Department of General Services of its intent to purchase such real property within 60 days after receipt of the Department of General Services' written notification of intent to sell the same.

(b) If the public agency desiring to purchase such property and the Department of General Services are unable to arrive at a mutually acceptable sales price for the property within 180 days from the date of receipt of notice from the public agency, upon request of the public agency the Director of the Department of General

Services shall hire an independent third party appraiser mutually acceptable to the agency and the department to appraise the property. If within 10 days after receipt of the appraisal the public agency and the department are unable to arrive at a mutually acceptable sales price, upon request of the agency final determination of the sales price shall be made by the State Public Works Board. The public agency shall bear all costs of the independent third party appraisal whether or not the agency elects to purchase the property. If the agency does purchase the property, the appraisal costs shall be added to the purchase price of the property. If the public agency does not purchase the property, it shall pay the appraisal costs, and the surplus real property may be disposed of in the normal manner.

(c) After arriving at a mutually agreeable sales price, the Department of General Services and the public agency will be allowed an additional 90 days to execute a sales or exchange agreement to purchase such property. In the event an agreement is not executed by the public agency within such 90-day period, the Department of General Services may offer such property for sale in the normal manner. Should 90 days prove insufficient for the public agency to finance purchase of the property, the Public Works Board for good cause may grant an extension of time to complete the purchase. The 90-day limitation shall be suspended when a bond election is to be held for the purpose of financing the purchase of such property. However, the bond election shall be called and held on the next eligible date and this suspension of the 90-day limitation shall only be extended to the 10th day following the date of the next bond election.

(d) For purposes of this section, written notice shall be deemed given upon proper posting and deposit in the United States mail.

Nothing in this section shall prohibit the state from continuing to negotiate with a public agency for the sale of surplus property pursuant to other provisions of this article.

CHAPTER 186

[Approved by Governor April 25, 1974 Filed with Secretary of State April 25, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 251 of the Revenue and Taxation Code is amended to read:

251. The board shall prescribe all procedures and forms required

to carry into effect the veterans', veterans' organization, church, cemetery, orphanage, college, exhibition, immature forest trees, welfare, homeowners', free public libraries, free museums and public schools property tax exemptions.

SEC. 2. Section 254 of the Revenue and Taxation Code is amended to read:

254. Any person claiming the church, cemetery, orphanage, college, exhibition, welfare, veterans' organization, homeowners', free public libraries, free museums or public schools property tax exemption shall make a return of the property to the assessor annually, the same as property is listed for taxation, and shall accompany it by an affidavit, giving any information required by the board. In respect to the public schools exemption, this requirement shall not apply to property owned by a school district.

Any person claiming the immature forest trees exemption shall meet the requirements mentioned above except that a filing once made shall continue in effect until such time as there is a change in the exterior boundary of the property originally claimed as exempt.

Any person claiming the homeowners' property tax exemption shall meet the requirements of the first paragraph of this section and shall state his name, the address of the property, that the property was owned by him and was occupied as his principal place of residence on the lien date, and such other information as the board may prescribe.

Any person claiming the classification of a vessel as a documented vessel eligible for assessment under Section 227 shall meet the requirements of the first paragraph of this section.

SEC. 2.5. Section 254 of the Revenue and Taxation Code is amended to read:

254. Any person claiming the church, cemetery, orphanage, college, exhibition, welfare, veterans' organization, free public libraries, free museums, or public schools property tax exemption shall make a return of the property to the assessor annually, the same as property is listed for taxation, and shall accompany it by an affidavit, giving any information required by the board.

Any person claiming the immature forest trees exemption shall meet the requirements mentioned above except that a filing once made shall continue in effect until such time as there is a change in the exterior boundary of the property originally claimed as exempt.

Any person claiming the classification of a vessel as a documented vessel eligible for assessment under Section 227 shall meet the requirements of the first paragraph of this section.

SEC. 3. Section 259.8 is added to the Revenue and Taxation Code, to read:

259.8. The affidavit for the free public libraries exemption shall indicate the extent to which the property is open to the public, whether or not any admission or user charge is made for the use of library books, periodicals or facilities and the extent (if any) to which sales or business activities are conducted on the premises.

SEC. 4. Section 259.9 is added to the Revenue and Taxation Code, to read:

259.9. The affidavit for the free museums exemption shall indicate whether or not any admission or user charge is made to those viewing the museum contents and the extent (if any) to which sales or business activities are conducted on the premises.

SEC. 5. Section 259.10 is added to the Revenue and Taxation Code, to read:

259.10. The affidavit for the public schools exemption shall show:

(a) The owner's name and the name of the school within the public school system that is using the property exclusively for public school purposes.

(b) The terms of the agreement by which the public school obtained the use of the property. When the agreement is in writing, a copy of the document shall accompany the affidavit.

SEC. 6. Section 270 of the Revenue and Taxation Code is amended to read:

270. (a) With respect to property as to which the college, cemetery, church, exhibition, orphanage, veterans' organization, welfare, free public libraries, free museums and public schools exemption was available but for which a timely application for exemption was not filed—

(1) Ninety percent of any tax or penalty or interest thereon shall be canceled or refunded provided an appropriate application for exemption is filed on or before the first day of March of the calendar year next succeeding the calendar year in which the exemption was not claimed by a timely application; or, if the application is filed thereafter,

(2) Eighty-five percent of any tax or penalty or interest thereon shall be canceled or refunded provided an appropriate application for exemption is filed and relief is not authorized under Section 214.01 or 271.

(b) Notwithstanding the provisions of subdivision (a), any tax or penalty or interest thereon exceeding two hundred fifty dollars ($250) in total amount shall be canceled or refunded provided it is imposed upon property entitled to relief under subdivision (a) for which an appropriate claim for exemption has been filed.

(c) With respect to property as to which the welfare exemption or veterans' organization exemption was available, all provisions of Section 254.5, other than the specified dates for the filing of affidavits and other acts, are applicable to this section.

SEC. 7. Section 456 of the Revenue and Taxation Code, as amended by Chapter 1190 of the Statutes of 1973, is amended to read:

456. If the assessor has not received from the owner of a tract of land a legal description or a description which geographically locates the property, he may require such a description from the owner or his agent, or, in case they cannot be found or are unknown, the person in possession. Such legal description may be by reference to the assessor's map and parcel number.

SEC. 8. The Legislature finds and declares that there will be negligible additional costs for local government in processing the forms specified under this act, and that any costs incurred will be offset by savings realized in more efficient administration of the exemptions involved through more accurate determination of those entitled to the exemption; and, therefore, there are no costs to local government requiring reimbursement under Section 2231 of the Revenue and Taxation Code.

SEC. 9. It is the intent of the Legislature, if this bill and Assembly Bill No. 198 are both chaptered and amend Section 254 of the Revenue and Taxation Code, and this bill is chaptered after Assembly Bill No. 198, that Section 254 of the Revenue and Taxation Code, as amended by Section 3 of Assembly Bill No. 198 be further amended on the operative date of this act in the form set forth in Section 2.5 of this act to incorporate the changes in Section 254 proposed by this bill. Therefore, Section 2.5 of this act shall become operative only if Assembly Bill No. 198 is chaptered before this bill and amends Section 254, and in such case Section 2.5 of this act shall become operative on the operative date of this act and Section 2 of this act shall not become operative.

CHAPTER 187

An act to amend Section 402.1 of, to add Section 1815.3 to, and to repeal Sections 1815.4, 1815.6, 1815.7, and 1815.8 of, the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor April 25, 1974 Filed with Secretary of State April 25, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 402.1 of the Revenue and Taxation Code is amended to read:

402.1. In the assessment of land, the assessor shall consider the effect upon value of any enforceable restrictions to which the use of the land may be subjected. Restrictions shall include but are not necessarily limited to zoning restrictions limiting the use of land and any recorded contractual provisions limiting the use of lands entered into with a governmental agency pursuant to state laws or applicable local ordinances. There shall be a rebuttable presumption that restrictions will not be removed or substantially modified in the predictable future and that they will substantially equate the value of the land to the value attributable to the legally permissible use or uses.

Grounds for rebutting the presumption may include but are not necessarily limited to the past history of like use restrictions in the jurisdiction in question and the similarity of sales prices for restricted

and unrestricted land. The possible expiration of a restriction at a time certain shall not be conclusive evidence of the future removal or modification of the restriction unless there is no opportunity or likelihood of the continuation or renewal of the restriction, or unless a necessary party to the restriction has indicated an intent to permit its expiration at that time.

In assessing land where the presumption is unrebutted, the assessor shall not consider sales of otherwise comparable land not similarly restricted as to use as indicative of value of land under restriction, unless the restrictions have a demonstrably minimal effect upon value.

In assessing land under an enforceable use restriction wherein the presumption of no predictable removal or substantial modification of the restriction has been rebutted, but where the restriction nevertheless retains some future life and has some effect on present value, the assessor may consider, in addition to all other legally permissible information, representative sales of comparable land not under restriction but upon which natural limitations have substantially the same effect as restrictions.

For the purposes of this section:

(a) "Comparable lands" are lands which are similar to the land being valued in respect to legally permissible uses and physical attributes.

(b) "Representative sales information" is information from sales of a sufficient number of comparable lands to give an accurate indication of the full cash value of the land being valued.

It is hereby declared that the purpose and intent of the Legislature in enacting this section is to provide for a method of determining whether a sufficient amount of representative sales information is available for land under use restriction in order to ensure the accurate assessment of such land. It is also hereby declared that the further purpose and intent of the Legislature in enacting this section and Section 1630 of the Revenue and Taxation Code is to avoid an assessment policy which, in the absence of special circumstances, considers uses for land which legally are not available to the owner and not contemplated by local government, and that these sections are necessary to implement the public policy of encouraging and maintaining effective land use planning. Nothing in this statute shall be construed as requiring the assessment of any land at less than as required by Section 401 of this code or as prohibiting the use of representative comparable sales information on land under similar restrictions when such information is available.

SEC. 2. Section 1815.3 is added to the Revenue and Taxation Code, to read:

1815.3. When valuing property other than "unitary property" as defined in Section 753.5, the board shall be subject to the same valuation considerations and methods applicable to assessors as provided by this code.

SEC. 3. Section 1815.4 of the Revenue and Taxation Code is repealed.

SEC. 4. Section 1815.6 of the Revenue and Taxation Code is repealed.

SEC. 5. Section 1815.7 of the Revenue and Taxation Code is repealed.

SEC. 6. Section 1815.8 of the Revenue and Taxation Code is repealed.

CHAPTER 188

An act to amend Section 868 of, and to add Section 828.5 to, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor April 25, 1974. Filed with Secretary of State April 25, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 828.5 is added to the Revenue and Taxation Code, to read:

828.5. When an assessee, after a request by the board, fails to file a property statement or files with the board a property statement or report on a form prescribed by the board with respect to state-assessed property and the statement fails to report any taxable tangible property information accurately, regardless of whether or not this information is available to the assessee, to the extent that such failures cause the board not to assess the property or to assess it at a lower valuation than it would have had the property information been reported accurately, the property shall on discovery be assessed as required by law. If the failure to report or the failure to report accurately is willful or fraudulent, the penalty provided in Section 892 shall be added to the additional assessment.

SEC. 2. Section 868 of the Revenue and Taxation Code is amended to read:

868. Property which is found to have escaped assessment may either be added to the roll for the fiscal year in which it is discovered or included with the assessments for the succeeding fiscal year. Such property shall be taxed at the rates applicable to assessments on the roll to which it is added.

CHAPTER 189

An act to add Section 6710 to the Government Code, relating to state holidays.

[Approved by Governor April 25, 1974. Filed with Secretary of State April 25, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 6710 is added to the Government Code, to read:

6710. The Governor shall proclaim March 7, to be known hereafter as "Arbor Day."

CHAPTER 190

An act to amend Sections 15516 and 15518 of the Education Code, relating to school buildings, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 25, 1974. Filed with Secretary of State April 25, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 15516 of the Education Code is amended to read:

15516. No school building examined and found to be unsafe for school use pursuant to Section 15503 and not repaired or reconstructed in accordance with the provisions of this article shall be used as a school building for elementary and secondary school or community college purposes after June 30, 1975, unless the governing board of the school district has requested and obtained from the State Allocation Board authority for use of such building for a specific period beyond such date. Prior to requesting such authority, the governing board shall adopt a resolution declaring the board's intention to utilize the building as a school building after June 30, 1975, pending its repair, reconstruction, or replacement. The State Allocation Board shall not authorize any school district to use such a building beyond June 30, 1975, unless it has first determined that the school district has already proceeded with a plan of repair, reconstruction or replacement in a timely manner and a contract has been let for, and work commenced on, the repair, reconstruction or replacement of such buildings. In no event shall the State Allocation Board authorize the use of such unsafe facilities for a period extending beyond the completion of the replacement facilities or beyond June 30, 1977, whichever occurs first.

SEC. 2. Section 15518 of the Education Code is amended to read:

15518. The governing board of a school district may undertake corrective measures relating to earthquake safety recommended to the governing board pursuant to Section 15503 in connection with any school building under the jurisdiction of the governing board without compliance with the procedures otherwise prescribed by Section 15505.

The maximum rate of tax of any school district for any school year

is hereby increased by such amount as will produce the amount necessary to have any school buildings examined as required by Section 15503 and to effect the corrective structural repairs, reconstruction or replacement relating to earthquake safety recommended pursuant to Section 15503, as shown by the budget of the district for such school year as finally adopted by the governing board of the district, less any unencumbered balances remaining at the end of the preceding school year derived from revenue from the increase in the rate of tax provided by this section. The funds provided by such increase in the tax rate may be used to provide for the housing of pupils temporarily displaced by the repair, reconstruction, or replacement of school buildings required in order to meet earthquake safety standards.

The increase provided by this section and Section 15517 shall not exceed a total increase of ten cents ($0.10) for each one hundred dollars ($100) of the assessed valuation of property within the district in each fiscal year, unless additional funds are specifically required by the district to match state funds provided pursuant to Article 9 (commencing with Section 19700.51) of Chapter 10, Division 14. If such additional funds are required by the district, the maximum increase in tax rate provided by this section may be increased by not to exceed an additional ten cents ($0.10) for each one hundred dollars ($100) of assessed valuation of property within the district in each fiscal year such additional funds are required pursuant to Article 9, prior to and including the 1973–74 fiscal year. Such additional tax money may be levied in the 1974–75 fiscal year only if the State Allocation Board has first approved an application of the district pursuant to Article 9. In no event shall any portion of the additional increased ten cent ($0.10) tax rate authorization contained herein be levied unless the district has first budgeted, for the purposes expressed in the first two paragraphs of this section, 80 percent of the proceeds of the original ten cent ($0.10) tax increase authorized by this section.

If at the end of any school year, there remains an unencumbered balance derived from the revenue of the increase in tax rate hereby provided, such balance may be accumulated until the date specified in this section for the termination of its effect and shall be used exclusively for expenditures of the school district for purposes of this section.

This section shall remain in effect only until July 1, 1975, and thereafter shall be of no force or effect. This section shall remain in effect until such date regardless of the repeal or expiration of Section 15517.

Notwithstanding the provisions of this section, the governing board shall comply with the provisions of Section 15505 whenever such compliance is necessary to continue the program of corrective structural repairs, reconstruction, or replacement required pursuant to the provisions of this article.

SEC. 3. This act is an urgency statute necessary for the

immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that school districts may contract for the orderly and efficient replacement or reconstruction of structurally inadequate school buildings without undue disruption of the educational program and dislocation of pupils, it is necessary that this bill take effect immediately.

CHAPTER 191

An act to amend Section 16476 of the Public Utilities Code, relating to public utility districts.

[Approved by Governor April 25, 1974 Filed with Secretary of State April 25, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 16476 of the Public Utilities Code is amended to read:

16476. Notwithstanding subdivision (b) of Section 16475, the Board of Directors of the Tahoe City Public Utility District, the Board of Directors of the North Tahoe Public Utility District, and the Board of Directors of the South Tahoe Public Utility District shall all have the authority, until July 1, 1979, to fix, for each fiscal year, such water standby or immediate availability charges at not to exceed twenty dollars ($20) per acre or any parcel of less than one acre; provided, that any funds derived from a charge in excess of the maximum amount authorized by subdivision (b) of Section 16475 shall only be used to pay for the acquisition of nonpublic domestic water supply systems.

This section, applicable only to the Tahoe City Public Utility District, the North Tahoe Public Utility District, and the South Tahoe Public Utility District, is necessary because of the unique and special water management problems of those areas of the Lake Tahoe Basin.

CHAPTER 192

An act making an appropriation for pest control research, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 25, 1974. Filed with Secretary of State April 25, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding the provisions of Section 6005 of the Food and Agricultural Code, the Director of Food and Agriculture, upon the recommendation of the Cotton Pest Control Board, may expend the sum of one hundred fifty-two thousand dollars ($152,000) from fees collected and paid into the Department of Agriculture Fund pursuant to Section 6005 of the Food and Agricultural Code, which is hereby appropriated from such fund in augmentation of the 1973–74 fiscal year support budget of the Department of Food and Agriculture, to supplement research by the University of California on the male confusion (environmental permeation) technique for pink bollworm control, and such expenditures need not be matched by revenues from any other source.

SEC. 2. The Department of Food and Agriculture shall report its findings to the Legislature on the effectiveness of the male confusion technique for pink bollworm control, no later than January 1, 1975.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The cotton industry of this state is threatened with imminent destruction due to the increased damage to cotton caused by the pink bollworm. At the present, adequate funds are not available to support research to control or eradicate this pest. In order to provide for funds to support research to control the pink bollworm as soon as possible, and, thus, save the cotton industry in this state, it is necessary that the provisions of this act become effective immediately.

CHAPTER 193

An act to repeal Sections 20803 and 20803.2 of, and to add Sections 20803, 20803.2, and 20803.4 to, the Education Code, relating to school financing and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 25, 1974 Filed with Secretary of State April 25, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 20803 of the Education Code is repealed.

SEC. 2. Section 20803 is added to the Education Code, to read:

20803. Effective September 4, 1973, and thereafter, the revenue limit per unit of average daily attendance for any community college district, as computed pursuant to law for any school year affected, may be increased and, having been increased, may be decreased, by an amount equal to or less than the amount of such increase, by a majority vote of the qualified electors of the district at an election

which may be ordered by the governing board of the community college district of its own motion and shall be ordered within 90 days after the filing with the governing board of a petition signed by not less than 10 percent of the registered voters of the district, requesting that an election be ordered, unless the petitioners request that the election be consolidated with the annual election for members of the governing board, or that the election be consolidated with the general election.

The governing board shall determine whether the increase or decrease shall remain in effect for a specified or unspecified period of time, unless the petition filed by the electors provides for a specified or unspecified period of time. If a specified period is provided for in the petition or determined upon by the governing board, such period shall be stated on the ballot.

Pursuant to the order of the governing board, the election shall be called, held, and conducted as nearly as is practicable in accordance with the provisions of Chapter 6 (commencing with Section 1301) of Division 4.

The specification of the election order shall contain the information provided in Section 1323 and shall be furnished by the governing board of the district for all revenue limit increase or decrease elections ordered by it.

The costs incurred by the county clerk or registrar of voters and the county superintendent of schools in connection with this section shall be paid out of the funds of the district.

Except as otherwise herein provided, the ballot used in the election shall contain substantially the words "Shall there be authorized an (increase, decrease) in the revenue limit per unit of average daily attendance in the amount of _____ dollars ($_____), such (increase, decrease) to be effective in the _____ Community College District for (the school year 19__-__ only; the school years 19__-__ through 19__-__; _____ school years commencing 19__-__), the revenues of which are to be used for _____?

"This (increase, decrease) would constitute an (increase, decrease) for the school year 19__-__ from approximately _____ dollars ($_____) to approximately _____ dollars ($_____) per unit of average daily attendance.

"The proposed (increase, decrease) of the revenue limit of $_____ per unit of average daily attendance will authorize an (increase, decrease) in the estimated maximum general purpose tax rate of the district in the first year 19__-__ from approximately $_____ [the approximate maximum general purpose tax rate which would be applicable in 19__-__ in the event this proposition is not approved, although the maximum general purpose tax rate of the district for 19__-__ was approximately $_____] to approximately $_____ for each one hundred dollars ($100) of assessed valuation of property." (The explanatory language set forth above in brackets may, at the option of the district governing board,

be eliminated or appropriately modified.) Opposite such words, in separate lines, the words "Yes" and "No" shall be printed, with a voting square opposite each such word. If, at any prior election held in the district after July 11, 1973, the revenue limit of the district had been increased for a specified period of time, and if the election is called for the purpose of continuing in effect the previously authorized increase in the revenue limit per unit of average daily attendance of the district, the ballot shall contain substantially the words "Shall the existing revenue limit increase of _____ dollars ($_____) per unit of average daily attendance be continued in the _____ Community College District for the school years 19__-__ through 19__-__, the revenues of which are to be used for _____?" Opposite such words in separate lines, the words "Yes" and "No" shall be printed with a voting square opposite each such word. Each voter shall stamp a cross in the voting square after the answer he desires to give.

Whenever the revenue limit per unit of average daily attendance of a district is increased for either a specified or unspecified period of time and during such period an election is called for the purpose of further increasing the revenue limit per unit of average daily attendance of the district, the ballot used in the election shall show only the authorized revenue limit increase per unit of average daily attendance of the district in effect at the time of the election and the proposed revenue limit increase per unit of average daily attendance.

If an election for a decrease in an increased revenue limit of a district is held in any year prior to or concurrently with the district election for governing board members, any decrease adopted at such election shall become effective on July 1 following the election. If an election for a decrease in a revenue limit of a district is held in any year after the date of the district election for governing board members, any decrease adopted at such election shall not become effective until July 1 of the next succeeding year.

SEC. 3. Section 20803.2 of the Education Code is repealed.

SEC. 4. Section 20803.2 is added to the Education Code, to read:

20803.2. Effective September 4, 1973, and thereafter, the revenue limit per unit of average daily attendance for any elementary, high school, and unified district, as computed pursuant to law for any school year affected, may be increased and, having been increased, may be decreased, by an amount equal to or less than the amount of such increase, by a majority vote of the qualified electors of the school district at an election which may be ordered by the governing board of the school district of its own motion and shall be ordered within 90 days after the filing with the governing board of a petition signed by not less than 10 percent of the registered voters of the district, requesting that an election be ordered, unless the petitioners request that the election be consolidated with the annual election for members of the governing board, or that the election be consolidated with the general election.

The governing board shall determine whether the increase or decrease shall remain in effect for a specified or unspecified period of time, unless the petition filed by the electors provides for a specified or unspecified period of time. If a specified period is provided for in the petition or determined upon by the governing board, such period shall be stated on the ballot.

Pursuant to the order of the governing board, the election shall be called, held, and conducted as nearly as is practicable in accordance with the provisions of Chapter 6 (commencing with Section 1301) of Division 4.

The specification of the election order shall contain the information provided in Section 1323 and shall be furnished by the governing board of the district for all revenue limit increase or decrease elections ordered by it.

The costs incurred by the county clerk or registrar of voters and the county superintendent of schools in connection with this section shall be paid out of the funds of the district.

Except as otherwise herein provided, the ballot used in the election shall contain substantially the words "Shall there be authorized an (increase, decrease) in the revenue limit per unit of average daily attendance in the amount of _____ dollars ($_____), such (increase, decrease) to be effective in the _____ School District for (the school year 19__-__ only; the school years 19__-__ through 19__-__; _____ school years commencing 19__-__), the revenues of which are to be used for _____?

"This (increase, decrease) would constitute an (increase, decrease) for the school year 19__-__ from approximately _____ dollars ($_____) to approximately _____ dollars ($_____) per unit of average daily attendance.

"The proposed (increase, decrease) of the revenue limit of $_____ per unit of average daily attendance will authorize an (increase, decrease) in the estimated maximum general purpose tax rate of the district in the first year 19__-__ from approximately $_____ [the approximate maximum general purpose tax rate which would be applicable in 19__-__ in the event this proposition is not approved, although the maximum general purpose tax rate of the district for 19__-__ was approximately $_____] to approximately $_____ for each one hundred dollars ($100) of assessed valuation of property." (The explanatory language set forth above in brackets may, at the option of the district governing board, be eliminated or appropriately modified.) Opposite such words, in separate lines, the words "Yes" and "No" shall be printed, with a voting square opposite each such word. If, at any prior election held in the district after July 11, 1973, the revenue limit of the district had been increased for a specified period of time, and if the election is called for the purpose of continuing in effect the previously authorized increase in the revenue limit per unit of average daily attendance of the district, the ballot shall contain substantially the words "Shall the existing revenue limit increase of _____ dollars

($_____) per unit of average daily attendance be continued in the _____ School District for the school years 19__-__ through 19__-__, the revenues of which are to be used for _____?" Opposite such words in separate lines, the words "Yes" and "No" shall be printed with a voting square opposite each such word. Each voter shall stamp a cross in the voting square after the answer he desires to give.

Whenever the revenue limit per unit of average daily attendance of a school district is increased for either a specified or unspecified period of time and during such period an election is called for the purpose of further increasing the revenue limit per unit of average daily attendance of the district, the ballot used in the election shall show only the authorized revenue limit increase per unit of average daily attendance of the district in effect at the time of the election and the proposed revenue limit increase per unit of average daily attendance.

If an election for a decrease in an increased revenue limit of a district is held in any year prior to or concurrently with the district election for governing board members, any decrease adopted at such election shall become effective on July 1 following the election. If an election for a decrease in a revenue limit of a district is held in any year after the date of the district election for governing board members, any decrease adopted at such election shall not become effective until July 1 of the next succeeding year.

SEC. 5. Section 20803.4 is added to the Education Code, to read:

20803.4. The repeal, by the act enacting this section, of Sections 20803 and 20803.2 shall not operate to invalidate the results of any election ordered, called or conducted prior to the effective date of this section, and the legal effectiveness of any ballot proposition used in any such election, which ballot proposition substantially complies with the wording authorized by such repealed sections, or with the purpose and intent of such repealed sections, is hereby ratified and confirmed to the full extent of the power of the Legislature to do so. Any school district or community college district election for an increase or decrease in the revenue limit of such district ordered by the governing board prior to the effective date of this section, in which the ballot proposition substantially complies with the wording authorized by Sections 20803 or 20803.2 of the Education Code, as added by the act enacting this section, or which substantially complies with the intent and purpose of these newly added sections, shall be as fully effective as they would be had these newly added Sections 20803 and 20803.2 become effective prior to the ordering of such elections.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Existing provisions of law relating to the ballot propositions to be used in school district and community college district elections for

increasing or decreasing the revenue limits per unit of average daily attendance of such districts require technical changes and clarifications which should be put into effect at the earliest possible time to permit school districts to undertake urgently needed steps to secure financial support for many important programs. For this reason it is essential that this act take effect immediately.

CHAPTER 194

An act to amend Section 454 of, and to add Sections 796, 10007, 12819, and 16477 to, the Public Utilities Code, relating to public utilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 30, 1974 Filed with Secretary of State April 30, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 454 of the Public Utilities Code is amended to read:

454. (a) No public utility shall raise any rate or so alter any classification, contract, practice, or rule as to result in any increase in any rate except upon a showing before the commission and a finding by the commission that such increase is justified. Whenever any electrical, gas, heat, telephone, water, or sewer system corporation files an application to increase any rate of charge, other than an increase reflecting and passing through to customers only increased costs to the corporation, for the services or commodities furnished by it, the corporation shall furnish to its customers affected by the proposed increase notice of its application to the commission for approval of such increase. The corporation may include such notice with the regular bill for charges transmitted to such customers within 45 days if the corporation operates on a 30-day billing cycle, or within 75 days if the corporation operates on a 60-day billing cycle. The notice shall state the amount of the proposed increase expressed in both dollar and percentage terms, a brief statement of the reasons the increase is required or sought, and the mailing address of the commission to which any customer inquiries relative to the proposed increase, including a request by the customer to receive notice of the date, time, and place of any hearing on the application, may be directed.

(b) The commission may establish such rules as it considers reasonable and proper for each class of public utility providing for the nature of the showing required to be made in support of proposed increases, the form and manner of the presentation of such showing, and the procedure to be followed in the consideration thereof. Rules applicable to common carriers may provide for the publication and filing of any proposed increase together with a

written showing in support thereof, giving notice of such filing and showing in support thereof to the public, affording an opportunity for protests thereto, and to the consideration of, and action on, such showing and any protests filed thereto by the commission, with or without hearing; provided that the proposed increase shall not become effective until it has been approved by the commission.

SEC. 2. Section 796 is added to the Public Utilities Code, to read:

796. (a) The commission shall disallow, for purposes of setting the rates to be charged by any electrical, gas, or heat corporation for the services or commodities furnished by it, all expenses for advertising which encourage increased consumption of such services or commodities.

(b) Notwithstanding subdivision (a), the commission may allow, for purposes of setting rates, expenses for advertising which encourages the more efficient operation of the electric, gas, or heating plant, or for advertising which encourages the more efficient use of electricity, gas, or heat or the conservation of energy or natural resources, or presents accurate information on the economical purchase, maintenance, or effective use of electrical or gas appliances and devices.

SEC. 3. Section 10007 is added to the Public Utilities Code, to read:

10007. (a) Every public utility furnishing light, heat, or power shall expend no funds for advertising when such advertising encourages increased consumption of such services or commodities.

(b) Nothing in this section shall prohibit a public utility furnishing light, heat, or power from expending funds for advertising which encourages the more efficient operation of the public utility or for advertising which encourages the more efficient use of light, heat, or power, the conservation of energy or natural resources, or presents accurate information on the economical purchase, maintenance, or use of any appliance or device using light, heat, or power.

SEC. 4. Section 12819 is added to the Public Utilities Code, to read:

12819. (a) Every district furnishing light, heat, or power shall expend no funds for advertising when such advertising encourages increased consumption of such services or commodities.

(b) Nothing in this section shall prohibit a district furnishing light, heat, or power from expending funds for advertising which encourages the more efficient operation of the facilities, works, or utilities of the district, or for advertising which encourages the more efficient use of light, heat, or power, the conservation of energy or natural resources, or presents accurate information on the economical purchase, maintenance, or use of any appliance or device using light, heat, or power.

SEC. 5. Section 16477 is added to the Public Utilities Code, to read:

16477. (a) Every district furnishing light, heat, or power shall expend no funds for advertising when such advertising encourages

increased consumption of such services or commodities.

(b) Nothing in this section shall prohibit a district furnishing light, heat, or power from expending funds for advertising which encourages the more efficient operation of the facilities, works, or utilities of the district, or for advertising which encourages the more efficient use of light, heat, or power, the conservation of energy or natural resources, or presents accurate information on the economical purchase, maintenance, or use of any appliance or device using light, heat, or power.

SEC. 6. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there by any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The present provisions of Section 454 of the Public Utilities Code may require some public utilities to postpone mailing their regular bill for charges to customers in order to include the required notice with the bill, causing unreasonable financial difficulties to the utilities thus affected. In order to quickly correct this situation, it is necessary that this act go into immediate effect.

approval of contracts, except that an election among the employees is not required, or by express provision of the contract if exercised at the time of approval of a contract.

SEC. 2. In accordance with Section 20740 of the Government Code, any agency electing to be subject to Section 20024.2 shall cease to be an employer for the purposes of Section 20024.2 upon the effective date of such election.

SEC. 4. It is the intent of the Legislature, if this bill and Senate Bill No. 1336 are both chaptered and become effective on or before January 1, 1975, and Senate Bill No. 1336 repeals Section 200 of the Civil Code, that Section 226.11 of the Civil Code proposed by this bill be given effect in the form set forth in Section 2 of this act. This section shall not be applicable to any highway when it would operate to prevent the state from receiving federal funds for highway purposes.

CHAPTER 201

An act to amend Section 7071.11 of the Business and Professions Code, and to add Section 96.5 to the Labor Code, relating to labor.

[Approved by Governor, May 2, 1974. Filed with Secretary of State May 2, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 7071.11 of the Business and Professions Code is amended to read:

7071.11. Any person claiming against any bond or cash deposit required by this article may maintain an action at law against the

licensee and the surety or the cash depository. A copy of the complaint shall be served by registered or certified mail upon the registrar by the clerk of the court at the time the action is commenced and the registrar shall maintain a record, available for public inspection, of all actions so commenced. The claim of any employee of the contractor for wages and fringe benefits shall be a preferred claim against any bond or cash deposit. If any bond or cash deposit which may be required is insufficient to pay all claims in full, the sum of the bond or cash deposit shall be distributed to all claimants in proportion to the amount of their respective claims with priority to claims for wages and fringe benefits. Any such action against a bond or cash deposit filed by an active licensee shall be brought within two years after the expiration of the license period or periods for which a bond or cash deposit has been provided, or within two years of the date the license of such active licensee was inactivated by the board, whichever first occurs.

If the surety desires to make payment without awaiting court action, the amount of any bond filed in compliance with this chapter shall be reduced to the extent of any payment or payments made by the surety in good faith thereafter. The partial payment of any claims shall not be considered satisfaction of such claims and the claimants may institute appropriate legal action for payment of any unpaid balance in any other manner provided by law, and the registrar may continue suspension or revocation of any license involved until such time as said claims and any other claims arising out of an action against such bond or cash deposit are satisfied in full.

The aggregate liability of the surety for all claims of said persons shall, in no event, exceed the penal sum of said bond.

Upon failure of a licensee to maintain in full force and effect any bond or cash deposit required by this article the registrar shall issue an order suspending or revoking such license, which shall not be reinstated until a new bond or cash deposit has been filed.

Any judgment or admitted claim against any bond or cash deposit required by this article shall constitute grounds for disciplinary action against such licensee. Such license may not be reissued or reinstated while any judgment or admitted claim in excess of the amount of the bond or cash deposit remains unsatisfied. The board shall require the licensee to file a new bond in an amount as required pursuant to Section 7071.8 or to increase his cash deposit to such an amount.

Legal fees may not be charged against the bond or cash deposit by the board.

In any case in which a claim is filed against a cash deposit held by the registrar by any employee or by an employee organization on behalf of an employee, concerning wages or fringe benefits based upon the employee's employment, claims for the nonpayment thereof shall be filed with the Labor Commissioner. The Labor Commissioner shall, pursuant to the authority vested in him by Section 96.5 of the Labor Code, conduct hearings to determine

whether or not such wages or fringe benefits should be made to the complainant. Upon a finding by the commissioner that such wages or fringe benefits should be paid to the complainant, he shall notify the registrar of such findings. The registrar shall not make payment from the cash deposit on the basis of findings by the commissioner for a period of 10 days following determination of the findings. If, within such period, the complainant or the contractor files written notice with the registrar and the commissioner of an intention to seek judicial review of the findings pursuant to Section 11523 of the Government Code, the registrar shall not make payment, if an action is actually filed, except as determined by the court. If, thereafter, no action is filed within 60 days following determination of findings by the commissioner, the registrar shall make payment from the cash deposit to the complainant.

SEC. 2. Section 96.5 is added to the Labor Code, to read:

96.5. The Labor Commissioner shall conduct such hearings as may be necessary for the purpose of Section 7071.11 of the Business and Professions Code. In any action to recover upon a cash deposit after a determination made under Section 7071.11, the Labor Commissioner shall certify in writing to the appropriate court that he has heard and determined the validity of claims and demands and that the sum specified therein is the amount found due and payable. The certificate of the commissioner shall be considered by the court but shall not, by itself, be sufficient evidence to support a judgment.

CHAPTER 202

An act to amend Sections 1318.4 and 1318.6 of the Penal Code, relating to pretrial release.

[Approved by Governor May 2, 1974 Filed with Secretary of State May 2, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 1318.4 of the Penal Code is amended to read:

1318.4. To be released on his own recognizance the defendant shall file with the clerk of the court in which the magistrate or judge is presiding an agreement in writing duly executed by him, in which he agrees that:

(a) He will appear at all times and places as ordered by the court or magistrate releasing him and as ordered by any court in which, or any magistrate before whom, the charge is subsequently pending.

(b) If he fails to so appear and is apprehended outside of the State of California, he waives extradition.

(c) Any court or magistrate of competent jurisdiction may revoke the order of release and either return him to custody or require that he give bail or other assurance of his appearance as elsewhere

provided by this chapter, upon a finding made in open court that he has failed to appear or has violated any condition of the order releasing him on his own recognizance, or that there has been a change of circumstances which increases the risk of failure to appear, or that additional facts have been presented which were not shown at the time of the original order releasing him on his own recognizance.

SEC. 2. Section 1318.6 of the Penal Code is amended to read:

1318.6. After a defendant has been released pursuant to this article, the court in which the charge is pending may require that the defendant either give bail in an amount specified by it or other security as elsewhere provided in this chapter upon a finding, made in open court that the defendant has failed to appear or has violated any condition of the order releasing him on his own recognizance, or that there has been a change of circumstances which increases the risk of failure to appear, or that additional facts have been presented which were not shown at the time of the original order releasing the defendant on his own recognizance. The court may order that the defendant be committed to actual custody unless he gives such bail or gives such other security.

CHAPTER 203

[Approved by Governor May 2, 1974 Filed with Secretary of State May 2, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 3901 of the Health and Safety Code is amended to read:

3901. No person shall supply or furnish to his employees for wiping rags, or sell or offer for sale for wiping rags, any soiled wearing apparel, underclothing, bedding, or parts of soiled or used underclothing, wearing apparel, bedclothes, bedding, or soiled rags or cloths unless they have been sanitized by methods prescribed by or acceptable to the State Department of Health.

SEC. 2. Section 3902 of the Health and Safety Code is amended to read:

3902 Every local health officer or registered sanitarian, upon proper demand and notice of his authority, may, during business hours, enter any place where wiping rags are used, are kept for sale, or offered for sale, and inspect the wiping rags. No person shall refuse to permit the inspection, or impede or obstruct the officer during the inspection.

SEC. 3. Section 3950 of the Health and Safety Code is amended

to read:

3950. On and after July 1, 1975, it shall be unlawful for any person to operate any business of laundering, sanitizing, or selling wiping rags unless, in addition to any other permit which may be required, he has a valid permit issued by the local health officer pursuant to an ordinance of the local governing body.

SEC. 4. Section 3951 of the Health and Safety Code is amended to read:

3951. A permit to operate any business of laundering, sanitizing, or selling wiping rags shall be issued by the local health officer if the applicant complies with the provisions of this chapter and any regulations adopted thereunder. The governing body of each city and county shall determine the amount of any fee for the issuance of a permit pursuant to provisions of this chapter for any business within the territory under its jurisdiction. The amount of such fee shall not exceed the amount necessary to defray the costs of administering this chapter. The permit for operation shall be posted in a conspicuous place in the business establishment for which the permit is issued. Any permit issued pursuant to this chapter may be suspended or revoked for any violation of any of the provisions of this chapter, the regulations adopted thereunder, or any condition of the permit required by the ordinance of the local governing body. Nothing in this chapter shall preempt local regulation of the business of laundering, sanitizing, or selling wiping rags, and any local governing body may adopt an ordinance containing requirements more restrictive than those contained in regulations adopted pursuant to this chapter.

The local health officer shall issue and serve upon the permit holder a notice setting forth in clear and concise language the act or omission upon which the violation is based, when the permit holder is charged with any violation and shall inform the permit holder of his rights to a hearing prior to suspension or revocation. At any time within the 15 days after service of such notice, the permit holder may request a hearing before the local health officer to show cause why his permit should not be suspended or revoked. A failure to request a hearing within 15 days shall be deemed a waiver of a right to such hearing.

(b) Not later than 30 days after service of notice of entry of judgment pursuant to Section 1710.30, proof of which has been made in the manner provided by Article 5 (commencing with Section 417.10) of Chapter 4 of Title 5 of Part 2, the judgment debtor, on written notice to the judgment creditor, may make a motion to vacate the judgment under this section.

1710.45. (a) Except as otherwise provided in this section, a writ of execution on a judgment entered pursuant to this chapter shall not issue until at least 30 days after the judgment creditor serves notice of entry of the judgment upon the judgment debtor, proof of which has been made in the manner provided by Article 5 (commencing with Section 417.10) of Chapter 4 of Title 5 of Part 2.

(a) A stay of enforcement of the sister state judgment is currently in effect in the sister state.

(b) No action to enforce a sister state judgment may be brought where a judgment based on such sister state judgment has previously been entered pursuant to this chapter.

1710.65. The entry of a judgment based on a sister state judgment pursuant to this chapter does not limit the right of the judgment creditor to bring an action based on the part of a judgment of a sister state which does not require the payment of money, nor does the bringing of such an action limit the right of the judgment creditor to obtain entry of judgment based on the sister state judgment pursuant to this chapter.

SEC. 4. Section 1713.1 of the Code of Civil Procedure is amended to read:

1713.1. As used in this chapter:

1713.3. Except as provided in Section 1713.4, a foreign judgment meeting the requirements of Section 1713.2 is conclusive between the parties to the extent that it grants or denies recovery of a sum of money. The foreign judgment is enforceable in the same manner as the judgment of a sister state which is entitled to full faith and credit, except that it may not be enforced pursuant to the provisions of Chapter 1 (commencing with Section 1710.10) of this title.

SEC. 6. Section 1915 of the Code of Civil Procedure is repealed.

CHAPTER 212

An act to amend Section 17127 of the Food and Agricultural Code, relating to animals.

[Approved by Governor May 2, 1974. Filed with Secretary of State May 2, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 17127 of the Food and Agricultural Code is amended to read:

17127. The board of supervisors of Shasta or Trinity County may, if it determines that all or any part of the county under its jurisdiction has ceased to be devoted chiefly to grazing, provide by ordinance that estray animals may thereafter be taken up on unenclosed property in the county or part of county under its jurisdiction. It is the intent and purpose of this section that the provisions of law which are generally applicable throughout the state shall be extended to all of the county when the conditions upon which the exceptions were based have ceased to exist.

CHAPTER 213

An act to amend Section 714 of the Code of Civil Procedure, relating to judgment debtors.

[Approved by Governor May 7, 1974. Filed with Secretary of State May 7, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 714 of the Code of Civil Procedure is amended to read:

714. When an execution against property of the judgment debtor, or of any one of several debtors in the same judgment, may properly be issued, whether or not such execution has been issued or returned, the judgment creditor is entitled to an order from a judge of the court, requiring such judgment debtor to appear and answer concerning his property before such judge, or a referee appointed by him, at a time and place specified in the order. However, a judgment debtor may not, pursuant to this section, be required to appear and answer more frequently than every four months. This section shall not be construed to restrict the rights granted by Section 715.

If the judgment debtor ordered to appear pursuant to this section fails to do so, and if such order has been served by a sheriff, constable, marshal, some person specially appointed by the court in the order, or a registered process server, the judge may, pursuant to a warrant, have such debtor brought before the court to answer for such failure to appear.

An order made pursuant to this section shall contain the following language in boldface type: "Failure to appear may subject the party served to arrest and punishment for contempt of court."

Any person who willfully makes an improper service of an order directed to a judgment debtor to appear and answer concerning his property which subsequently results in his arrest is guilty of a misdemeanor.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 214

An act to amend Section 717 of the Code of Civil Procedure, relating to judgment debtors.

[Approved by Governor May 7, 1974. Filed with Secretary of State May 7, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 717 of the Code of Civil Procedure is amended to read:

717. After the issuing or return of an execution against property of the judgment debtor, or of any one of the several debtors in the same judgment, and upon proof by affidavit or otherwise, to the satisfaction of the judge, that any person or corporation has property of such judgment debtor, or is indebted to him in an amount exceeding fifty dollars ($50), the judge may, by an order, require such person or corporation, or any officer or member thereof, to appear at a specified time and place before him, or a referee appointed by him, and answer concerning the same. The spouse of a judgment debtor) the extent provided by Sections 970 and 971 of the Evidence Code may not be required to so testify, if there has not been a waiver of such provisions in the action giving rise to the judgment.

If the person ordered to appear pursuant to this section fails to do so, and if the order requiring his appearance has been served by a sheriff, constable, marshal, some person specially appointed by the court in the order, or a registered process server, the judge may, pursuant to a warrant, have such person brought before the court to answer for such failure to appear.

An order made pursuant to this section shall contain the following language in boldface type: "Failure to appear may subject the party served to arrest and punishment for contempt of court."

Any person who willfully makes an improper service of an order made pursuant to this section which results in the arrest of the person ordered to appear is guilty of a misdemeanor.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 215

An act to amend Section 19700.62 of the Education Code, relating to school building contracts.

[Approved by Governor May 7, 1974 Filed with Secretary of State May 7, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 19700.62 of the Education Code is amended to read:

19700.62. Each school district which desires an apportionment shall submit through its governing board to the board an application therefor in such form and number of copies as the board shall prescribe. Each copy of the application shall be accompanied by a statement of the estimated cost of the project certified by an architect or structural engineer, and by layout plans showing the entire construction project for which the district desires an apportionment.

Estimates of costs for new construction or equipment appearing in an application shall conform to cost standards adopted by the board under Section 19571 of this chapter.

A school district shall not let any contract for new construction included in an application for a construction project which has been approved by the board if the cost exceeds the construction cost standards fixed by the board under Section 19571 for such new construction by more than 2 percent or except as otherwise provided in Section 19700.71. The amount, if any, by which the contract cost exceeds the construction cost standards fixed by the board shall be borne by the school district and shall not be included in the apportionment.

A school district may at any time amend or supplement its application.

Each construction project for which a district applies for an apportionment shall be applied for on a separate application and shall be considered separately by the board. If a district applies for more than one construction project, at the same time or at different times, the priority points of the district shall be recalculated after the approval of each separate construction project and before a subsequent construction project is approved.

The board shall require such changes in the plans which an applicant school district submits with its application as the board determines is necessary or desirable to reduce the cost of the project.

CHAPTER 216

An act to amend Sections 15352.6 and 19700.747 of, and to add Section 19560.1 to, the Education Code, relating to leasing of portable school buildings, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 7, 1974. Filed with Secretary of State May 7, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 15352.6 of the Education Code is amended to read:

15352.6. When the school enrollment of any school of a unified school district causes overcrowded schoolrooms and because of the rural location of the unified school district no other suitable quarters are available, the governing board of the school district may make arrangements for the location of the continuation education program of the school in temporary quarters which may be procured by rental of temporary buildings or permanent buildings for a temporary period.

A lease or rental entered into or renewed pursuant to this section, which does not extend beyond June 30, 1975, shall not be subject to the limitation on the permissible length of leases imposed by Section 15352.

SEC. 2. Section 19560.1 is added to the Education Code, to read:

19560.1. Notwithstanding any other provisions of this chapter, the board may make an apportionment to any school district for the cost of leasing portable classrooms during the period in which additional school facilities are being constructed by a previously approved project, provided:

(a) The district has received a final apportionment for the previously approved project and the construction of which has not yet been completed; and

(b) Estimates of average daily attendance used for justifying the previously approved project indicate either (1) an increase over the base period of projection of at least 15 percent, or (2) a substantial number of district classes being on triple session during the period of construction, as determined by the State Allocation Board; and

(c) The district is making maximum use of its existing facilities through the operation of one or more continuous school programs.

Any apportionment made to a school district pursuant to this section shall be added to the final apportionment for the previously approved project specified in subdivision (a), and the repayment thereof by the school district shall be made under the same terms and conditions as prescribed for the final apportionment.

SEC. 3. Section 19700.747 of the Education Code is amended to read:

19700.747. In the case of a school district which maintains only

or e school, or a high school district which has applied for an apportionment under this article for the rehabilitation or replacement of not more than one school, there may be included in apportionments made to eligible school districts under Section 19700.745 or 19700.746, amounts needed for the purpose of renting or leasing for up to two years temporary or portable school buildings, and necessary sites therefor, to house pupils temporarily displaced by the rehabilitation or replacement of unsafe school facilities if, in the judgment of the State Allocation Board, there are no other practical means of housing the pupils of the school during the period in which the reconstruction or replacement of unsafe school facilities is taking place, or if the nearest school to which pupils may be assigned during the period of construction is 10 or more miles in distance from the school being rehabilitated or replaced.

This section shall remain in effect only until January 1, 1976, and as of such date is repealed, unless a later-enacted statute, which is chaptered before that date, deletes or extends such date.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that school districts may be able to obtain apportionments from the State Allocation Board so that portable classrooms may be utilized, at the earliest possible date, it is essential that this act take immediate effect.

CHAPTER 217

An act to amend Sections 36101 and 36125 of, and to add Section 36109 to, the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 7, 1974. Filed with Secretary of State May 7, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 36101 of the Vehicle Code is amended to read:

36101. The following farm vehicles are exempt from registration, provided they have and display an identification plate as specified in Section 36125, and such vehicles shall not be deemed to be implements of husbandry and they shall be subject to all equipment and device requirements as if registered:

(a) A motor vehicle of such a size as to require a permit under Section 35780 owned and operated by a farmer, designed and used exclusively for carrying or returning empty from carrying, feed and seed products of farming and used on a highway between one part

of a farm to another part thereof, or from one farm to another farm.

(b) A vehicle equipped with a water tank owned by a farmer and used exclusively to service his own implements of husbandry.

SEC. 2. Section 36109 is added to the Vehicle Code, to read:

36109. "Farm trailers," as defined in Section 36010, having a gross weight of 6,000 pounds or less, are exempt from registration except that Section 36125 shall apply to such trailers.

SEC. 3. Section 36125 of the Vehicle Code is amended to read:

36125. Owners of cotton trailers, farm trailers as specified in Section 36109, vehicles which are farmer-owned and used as provided in subdivision (b) of Section 36101, or motor vehicles which are farmer-owned and operated and used as provided in subdivision (a) of Section 36101, which are exempt from registration, shall, prior to any movement of such vehicles upon a highway, make application to the Department of Motor Vehicles to obtain for display thereon special identification plates of the type provided for implements of husbandry, except that the service charge shall be five dollars ($5) for each vehicle and the photograph provisions are waived. Such plates shall be renewed between the inclusive dates of January 1 through February 4 every three years, commencing in 1972, by application and payment of the five-dollar ($5) service charge, except that the five-dollar ($5) service charge on original applications for such identification plates shall be decreased by one dollar ($1) for each subsequent year of the three-year cycle.

As used in this section, three years means three calendar years. Any part of the year of first application shall constitute a calendar year.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act, which relates to equipment requirements for certain farm vehicles, will have an effect on manufacturers of such vehicles. In order that such manufacturers know of these requirements at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 218

An act relating to school district governing boards, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 7, 1974. Filed with Secretary of State May 7, 1974.]

The people of the State of California do enact as follows:

SECTION 1. In some areas of the state city boards of education currently function as the governing board of both a city elementary school district, and also as the governing board of a city high school district, encompassing a larger territory and one or more additional elementary districts. Such districts are popularly referred to as common administration school districts.

There is pending before the courts of this state, litigation aimed at testing whether the existence of a single governing board for the common administrative school district violates the one-man-one-vote concept. Without in any sense prejudging such litigation, the Legislature, in adopting this act, intends to make a transition procedure available for use in the event of a court decision adverse to the continuation of such common board arrangements. In so doing, the Legislature is endeavoring to recognize the policy and practical administrative problems which will naturally arise as part of such transition.

SEC. 2. In the event, and only in the event, that in the current litigation involving the Board of Education of the City of Santa Barbara, it is finally determined that a board of education may no longer function as the governing body for both a city elementary school district and a city high school district, each city board of education which functions as the governing board for both a high school district and an elementary district shall undertake a study to determine if some form of reorganization is preferable to the establishment of separate governing boards for the existing elementary and high school districts. If the board so determines, then it shall submit such proposal to the county committee on school district organization for approval or disapproval. The county committee on school district organization shall either approve or disapprove the proposal within six weeks after its submission.

If the proposal is approved, it shall be submitted to the Superintendent of Public Instruction for approval or disapproval pursuant to Sections 3100, 3101, and 3102 of the Education Code. If the proposal is then approved by him, the county superintendent of schools having jurisdiction shall immediately call an election and submit such reorganization proposal to the voters affected thereby.

If the proposal is disapproved by the county committee on school district organization, an election shall be held pursuant to subdivision (b) of Section 5 of this act.

SEC. 3. The study authorized by Section 2 of this act shall be completed and submitted to the Superintendent of Public Instruction no later than six months after the court decision in the Santa Barbara litigation as described in Section 2 of this act becomes final, or within six months after the effective date of this act, whichever is later.

SEC. 4. If, within the period prescribed by Section 3 of this act, a city board of education submits a proposal for reorganization, the Superintendent of Public Instruction shall, within 30 days, either approve or disapprove the plan.

41569 9 12300 68

SEC. 5. Unless the final decision in the litigation referred to in Section 1 of this act provides otherwise, the county superintendent of schools having jurisdiction shall immediately call an election for the selection of a new governing board for the city elementary district if:

(a) The city board of education, within the six-month period prescribed by Section 3 of this act, fails to submit a reorganization plan, or

(b) The county committee on school district organization disapproves such plan, or

(c) The Superintendent of Public Instruction disapproved such plan, or

(d) The voters rejected such plan.

SEC. 6. In preparing a reorganization plan, a city board of education may seek advice and recommendations from the county superintendent of schools or such other agencies as the city board of education may deem appropriate. However, it shall not be necessary that the county superintendent of schools hold hearings on, or approve, any such plan.

SEC. 7. The cost of conducting an election on a plan of reorganization shall be borne by the city high school district affected, and the cost of conducting an election to select a new elementary school district governing board shall be borne by the elementary school district.

SEC. 8. For the purpose of transferring duties to a new governing board elected pursuant to Section 5 of this act, the elementary school district shall be treated as though it came into existence on the date of the canvass of the returns of said election; provided, however, that such governing board shall then have the duties specified in Section 1703 of the Education Code and shall assume operational duties and responsibilities on:

(1) The succeeding July 1 if such canvass takes place before January 1 in the school year, or

(2) The second succeeding July 1 if such canvass takes place on or after January 1 in the school year.

As nearly as practicable, the contractual relations with all employees of both districts shall be governed by the provisions of the Education Code which pertain to such relationships.

SEC. 9. In the event a new governing board is selected pursuant to Section 5 of this act, it shall be competent for the governing board of the high school district to contract with the new governing board of the elementary district to furnish administrative services to the elementary district. The cost of such services may be prorated between such districts on such basis as the governing boards deem appropriate. Such services may include the services of the district superintendent or other administrative personnel as may be agreed upon. In the event that the high school district superintendent functions, by contract, as the elementary district superintendent, it shall not be necessary for the elementary district to independently

41569 912315 71

appoint a superintendent.

SEC. 10. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be an appropriation made by this act because the duties, obligations or responsibilities imposed on local governmental entities or school districts by this act are minor in nature and will not cause any financial burden on local government.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

State statutes require that school district budgets be adopted by the first part of August of each year; school district tenure statutes call for policy decisions by March 15 in each year to determine which probationary teachers will be employed in the succeeding school year; the law requires the establishment of standards of performance before a teacher can be denied reemployment on grounds of incompetency; in turn, substantial time is usually required for the adoption of such standards. Unless reasonable transition procedures have been adopted by the Legislature, substantial risk of confusion may result from the rendition of a court decision imposing operational duties on a new school board before it has had a reasonable time to make and implement policy judgments. It is in the best interest of the state to allow voters in an area affected, the opportunity to review, without undue delay, any alternative which may advance the master plan of school district organization.

CHAPTER 219

An act to amend Section 668 of the Code of Civil Procedure and to amend Section 72050.7 of the Government Code, relating to court orders.

[Approved by Governor May 7, 1974. Filed with Secretary of State May 7, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 668 of the Code of Civil Procedure is amended to read:

668. The clerk of the superior court and the clerk of the municipal court must keep, with the records of the court, a book called the "judgment book," in which judgments must be entered. In justice courts judgments shall, within the time specified in this code, be entered in the docket.

SEC. 2. Section 72050.7 of the Government Code is amended to read:

72050.7. Notwithstanding any provisions of law to the contrary, in

those counties where it is required by court order or rule that the clerk of the municipal court place individual civil minute orders in the court's file of actions in chronological order, the clerk shall not be required to keep a minute book but shall be required to keep minutes. Nothing contained in this section shall eliminate the requirement for a judgment book where judgments and decrees are required to be entered.

CHAPTER 220

An act to add Section 27361.3 to the Government Code, relating to fees.

[Approved by Governor May 7, 1974. Filed with Secretary of State May 7, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 27361.3 is added to the Government Code, to read:

27361.3. Notwithstanding any contrary provision of the law, the fee for recording every release of lien executed by the state, or any municipality, county, city, district or other political subdivision shall be six dollars ($6) if the original lien was recorded without fee as provided by Section 27383 of the Government Code.

No fee shall be charged for recording a release of lien which was recorded in error by the state, or any municipality, county, city, district or other political subdivision if there is noted on the face of the release of lien a signed statement setting out the error.

SEC. 2. There are no state-mandated local costs in this act that require reimbursement under Section 2231 of the Revenue and Taxation Code because there are no duties, obligations or responsibilities imposed on local government by this act.

CHAPTER 221

An act to amend and repeal Section 10800 of the Fish and Game Code, relating to fish refuges.

[Approved by Governor May 7, 1974 Filed with Secretary of State May 7, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 10800 of the Fish and Game Code is amended to read:

10800. The waters of Soda Springs Lake, commonly known as

Kern Lake, of the Kern River constitutes a fish refuge.

This section shall remain in effect only until January 1, 1988, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends such date.

CHAPTER 222

An act to add Section 11713.3 to the Vehicle Code, relating to vehicle dealers.

[Approved by Governor May 7, 1974 Filed with Secretary of State May 7, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 11713.3 is added to the Vehicle Code, to read:

11713.3. If a purchaser of a vehicle pays to the dealer an amount for the licensing or transfer of title of the vehicle, which amount is in excess of the actual fees due for such licensing or transfer, or which amount is in excess of the amount which has been paid, prior to the sale, by the dealer to the state in order to avoid penalties that would have accrued because of late payment of such fees, the dealer shall return such excess amount to the purchaser, whether or not such purchaser requests the return of the excess amount.

SEC. 2. There are no state-mandated local costs in this act that require reimbursement under Section 2164.3 of the Revenue and Taxation Code.

CHAPTER 223

[Approved by Governor May 7, 1974 Filed with Secretary of State May 7, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 69955 of the Government Code is amended to read:

69955. (a) The reporting notes of both official and pro tempore court reporters are official records of the court. Such notes shall be kept by the reporter taking the notes in such place or places as may be designated by the court, or, upon order of the court, delivered to the clerk of the court.

(b) If the reporting notes of an official court reporter have not

been delivered to the clerk of the court, they shall be delivered by the reporter to the clerk of the court upon the reporter's retirement, resignation, dismissal, or in the case of any other absence for a period of more than 30 days. Upon the order of the court, the notes shall be returned to the reporter upon his return from such absence. In the event of the reporter's death, the notes shall be delivered to the clerk of the court by the reporter's personal representative.

(c) If the reporting notes of a pro tempore court reporter have not been delivered to the clerk of the court, they shall be delivered to the clerk of the court upon the termination of the reporter's appointment.

(d) No official or pro tempore court reporter may destroy the reporting notes taken by him, and no clerk of the court may destroy the reporting notes delivered to him until after five years from the taking of the notes and upon the order of the court.

(e) If reporting notes which have been delivered to the clerk of the court are to be transcribed, the court reporter who took the notes shall be given the first opportunity to make the transcription, unless he is unavailable for any reason or has been dismissed.

SEC. 2. Section 72195 of the Government Code is amended to read:

72195. Sections 69942 to 69955, inclusive, of this code and Section 273 of the Code of Civil Procedure are hereby made applicable to the qualifications, duties, official oath, certification of transcripts, fees, and notes of official reporters of municipal courts, except that the fee for reporting testimony and proceedings in contested cases, except for official reporters of municipal courts where a statute provides otherwise, is fifty-five dollars ($55) a day, or any fractional part thereof.

Exhibits shall be destroyed as provided under Sections 1418, 1418.5, and 1419 of the Penal Code. For the purposes of this section, "destroy" means destroy or dispose of for the purpose of destruction.

(b) The juvenile court record, any minute book entries, dockets, and judgment dockets shall not be destroyed.

(c) Every reproduction shall be deemed and considered an original. A transcript, exemplification, or certified copy of any reproduction shall be deemed and considered a transcript, exemplification, or certified copy of the original.

CHAPTER 224

An act to amend Sections 2362, 2363.5, 2364, 2365, and 2371 of the Education Code, relating to school districts.

[Approved by Governor May 7, 1974 Filed with Secretary of State May 7, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 2362 of the Education Code is amended to read:

2362. An action to transfer inhabited territory from an elementary, unified, or community college district to another elementary, unified, or community college district is initiated upon the filing with the county superintendent of schools of a petition for transfer signed by either:

(a) Twenty-five percent of the registered electors residing in the territory proposed to be transferred, or

(b) A majority of the members of the governing board of each school district affected by the proposed change.

A petition to be presented to electors for signature pursuant to subdivision (a) shall contain the proponent's statement of the reason or reasons for the proposed transfer.

This section shall not be applicable to any transfer to which the provisions of Section 2364.1 apply.

SEC. 2. Section 2363.5 of the Education Code is amended to read:

2363.5. Within 20 days after the filing of a petition under subdivision (b) of Section 2363, the county superintendent of schools shall transmit the petition to the governing board of the district to which the territory is to be transferred. Such governing board shall set a date for a hearing on the petition which shall be within 30 days of the receipt of the petition and the county superintendent shall notify the chief petitioner or petitioners of the time and place of the hearing. At the hearing the petitioners and any other interested persons shall be given an opportunity to present their views on the petition. The governing board then shall either approve or deny the petition. No transfer shall be made unless a majority of the members of the governing board sign a statement agreeing to the transfer. Upon completion of the hearing the governing board shall return the petition together with a notice of action of the governing board to the county superintendent of schools.

SEC. 3. Section 2364 of the Education Code is amended to read:

2364. The county superintendent of schools shall within 20 days after the filing of a petition under subdivision (a) or (b) of Section 2362 or subdivision (a) of Section 2363, examine it and, if he finds it to be sufficient and signed as required by law, transmit the petition to the county committee on school district organization.

If the petition is filed under subdivision (b) of Section 2363, accompanied by the statement agreeing to the transfer by the

governing board of the district to which the territory is to be transferred, it shall be transmitted to the county committee on school district organization.

Notwithstanding any provision of this article to the contrary, if the transfer involves a minor change in district boundaries, defined as a transfer of territory involving less than 5 percent of the territory of the district from which the transfer is being made, the petition may be transmitted directly to the county board of supervisors by the county superintendent of schools, without submission to the county committee on school district organization, provided that this submission may not occur more than once every five years.

SEC. 4. Section 2365 of the Education Code is amended to read:

2365. A petition transmitted to the county committee pursuant to this article shall be considered at the next regular meeting of the committee or at a special meeting called for the purpose.

The county committee shall prepare a report and recommendation. It shall report as to whether or not in the opinion of the committee the proposed transfer would adversely affect the school district organization of the county; whether it is compatible with any master plans approved by the State Board of Education; and how, in the judgment of the committee, the proposed transfer will affect racial or ethnic integration of the schools of the districts affected. The report shall also contain a statement of the committee's findings on the adequacy of the proponent's stated reason or reasons for the proposed transfer, as set forth in the petition pursuant to Section 2362.

The report may include other pertinent matter which the county committee desires to bring to the attention of the State Board of Education, board of supervisors, or county board of education, as the case may be.

SEC. 5. Section 2371 of the Education Code is amended to read:

2371. Notwithstanding any provisions of Section 2370 or other sections to the contrary:

(a) The governing board of the district to which the territory is to be transferred may file written opposition to the transfer with the county superintendent of schools prior to the hearing by the board of supervisors required to be held in accordance with Section 2369. If written opposition to the transfer of inhabited territory is so filed, the county superintendent of schools shall require an election to be held on the question. The election shall be held in the school district to which the territory is to be transferred.

(b) The governing board of the district from which the territory is to be transferred may file written opposition to the transfer with the county superintendent of schools prior to the hearing by the board of supervisors. If written opposition to the transfer of inhabited territory is so filed, the county superintendent of schools shall require an election to be held in the entire school district from which the territory will be taken.

SECTION 1. Section 4453 of the Labor Code, as amended by Chapter 1023 of the Statutes of 1973, is amended to read:

4453. In

computing average annual earnings for purposes of permanent partial disability indemnity, the average weekly earnings shall be taken at not less than thirty dollars ($30) nor more than one hundred five dollars ($105). Between these limits the average weekly earnings, except as provided in Sections 4456 to 4459, shall be arrived at as follows:

(a) Where the employment is for 30 or more hours a week and for five or more working days a week, the average weekly earnings shall be 100 percent of the number of working days a week times the daily earnings at the time of the injury.

(b) Where the employee is working for two or more employers at or about the time of the injury, the average weekly earnings shall be taken as 100 percent of the aggregate of such earnings from all employments computed in terms of one week; but the earnings from employments other than the employment in which the injury occurred shall not be taken at a higher rate than the hourly rate paid at the time of the injury.

(c) If the earnings are at an irregular rate, such as piecework, or on a commission basis, or are specified to be by week, month or other period, then the average weekly earnings mentioned in subdivision (a) above shall be taken as 100 percent of the actual weekly earnings averaged for such period of time, not exceeding one year, as may conveniently be taken to determine an average weekly rate of pay.

(d) Where the employment is for less than 30 hours per week, or where for any reason the foregoing methods of arriving at the average weekly earnings cannot reasonably and fairly be applied, the average weekly earnings shall be taken at 100 percent of the sum which reasonably represents the average weekly earning capacity of the injured employee at the time of his injury, due consideration being given to his actual earnings from all sources and employments.

SEC. 2. Section 4455 of the Labor Code is amended to read:

4455. If the injured employee is under 18 years of age, and his incapacity is permanent, his average weekly earnings shall be deemed, within the limits fixed in Section 4453, to be the weekly sum which under ordinary circumstances he would probably be able to earn at the age of 18 years, in the occupation in which he was employed at the time of the injury or in any occupation to which he would reasonably have been promoted if he had not been injured. If such probable earnings at the age of 18 years cannot reasonably be determined, his average weekly earnings shall be taken at one hundred five dollars ($105).

SEC. 3. Section 6180 of the Labor Code is amended to read:

6180. The committee shall be empowered to act and shall act for two calendar years following the effective date of this division, but not thereafter. On and after two years after the effective date of this division, this division shall be repealed and have no further force or effect, and the committee shall be abolished.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 1023 of the Statutes of 1973 revised the method of computation of permanent and temporary disability indemnity payments under the workmen's compensation law, and made corresponding revisions in the average weekly earnings figures. Such Chapter 1023 is to become operative April 1, 1974. The changes made by this act are necessary to complete the revision made by Chapter 1023 of the Statutes of 1973, and in order to do so they must become operative as soon as possible at the same time as Chapter 1023. Therefore, it is necessary that this act take effect immediately.

CHAPTER 227

The people of the State of California do enact as follows:

SECTION 1. Section 919 of the Evidence Code is amended to read:

919. (a) Evidence of a statement or other disclosure of privileged information is inadmissible against a holder of the privilege if:

(1) A person authorized to claim the privilege claimed it but nevertheless disclosure erroneously was required to be made; or

(2) The presiding officer did not exclude the privileged information as required by Section 916.

(b) If a person authorized to claim the privilege claimed it, whether in the same or a prior proceeding, but nevertheless disclosure erroneously was required by the presiding officer to be made, neither the failure to refuse to disclose nor the failure to seek review of the order of the presiding officer requiring disclosure indicates consent to the disclosure or constitutes a waiver and, under these circumstances, the disclosure is one made under coercion.

CHAPTER 228

An act to amend Section 6489 of the Health and Safety Code, to amend Section 21166 of the Water Code, and to amend Sections 12 and 15 of the Desert Water Agency Law (Chapter 1069 of the Statutes of 1961), relating to water and sanitation agencies.

SEC. 3. Section 12 of the Desert Water Agency Law (Chapter 1069 of the Statutes of 1961) is amended to read:

Sec. 12. The board of directors shall act only by ordinance, resolution, or motion. On all ordinances the roll shall be called and the ayes and noes recorded in the journal of the proceedings of the board of directors. Resolutions and orders may be adopted by voice vote, but on demand of any member the roll shall be called. No ordinance, motion, or resolution shall be passed or become effective without the affirmative vote of a majority of the members of the board. The enacting clause of all ordinances passed by the board shall be: "Be it ordained by the Board of Directors of the Desert Water Agency as follows:" The board of directors may enact any ordinance which adopts any code by reference following the procedures, definitions, and provisions of Article 2 (commencing with Section 50020) of Chapter 1, Part 1, Division 1, Title 5 of the Government Code so far as they may be applicable. SEC. 4. Section 15 of the Desert Water Agency Law (Chapter 1069 of the Statutes of 1961) is amended to read:

Sec. 15. The Desert Water Agency incorporated as herein provided, shall have the power:

1. To have perpetual succession;

2. To sue and be sued, except as otherwise provided herein or by law, in all actions and proceedings in all courts and tribunals of competent jurisdiction;

3. To adopt a seal and alter it at pleasure;

4. To take by grant, purchase, gift, devise, or lease, hold, use, enjoy, and to lease or dispose of real and personal property of every kind, within or without the Desert Water Agency;

5. 6. To construct, maintain, improve and operate public recreational facilities appurtenant to any water reservoir operated or contracted to be operated by the Desert Water Agency, and to provide by ordinance regulations binding upon all persons to govern the use of such facilities including regulations imposing reasonable charges for the use thereof. Violation of any such regulation shall be a misdemeanor.

7. To lease of and from any person, firm or public or private corporation, or public agency, with the privilege of purchasing or otherwise, all or any part of water storage, transportation or distribution facilities, existing waterworks or a waterworks system, and to carry on and conduct waterworks or a waterworks system; also to sell water under the control of the agency to cities, and to other public corporations and public agencies within the agency, and to the inhabitants of such cities and of other territory within the agency, and to persons, corporations, and other private agencies within the agency for use within said agency without any preference; also to sell water outside the boundaries of the agency to the extent that the lands and inhabitants so served are southerly and westerly of the Whitewater River and northerly of the township line between Township 4 South and Township 5 South, S.B.B. & M., and exclusive of that certain subdivision known as Palm Springs Outposts Estates situated in Section 21, Township 4 South, Range 5 East, S.B.B. & M. and it may, whenever the board shall find that there is a surplus of water above that which may be required by such consumers within

said agency, sell or otherwise dispose of such surplus water to any persons, firms, public or private corporations or public agencies or other consumers;

8. The agency may supply and deliver water to property not subject to agency taxes at special rates, terms, and conditions as are determined by the board for such service.

9. To have and exercise the right of eminent domain and in the manner provided by law for the condemnation of private property for public use, to take any property necessary to supply the agency or any portion thereof with water, whether such property be already devoted to the same use or otherwise, and may condemn any existing waterworks or system, or any portion thereof, or any waters or water rights owned by any person, firm or private corporation. In proceedings relative to the exercise of such right, the agency shall have all of the rights, powers and privileges of a city; provided, the agency in exercising such power, shall in addition to the damage for the taking, injury, or destruction of property, also pay the cost of removal, reconstruction, or relocation of any structure, railways, mains, pipes, conduits, wires, cables or poles of any public utility which is required to be removed to a new location. The agency shall not exercise the power of eminent domain with respect to property situated outside the boundaries of the agency unless it first obtains the consent of the board of supervisors of the county in which such property is located; provided, however, that the agency may exercise the right of eminent domain for the condemnation of property outside the boundaries of the agency for the acquisition of rights-of-way in any county in which territory of the agency is located or in any county adjacent to such county without obtaining the consent thereto of the board of supervisors thereof. When the agency proposes to exercise the power of eminent domain, under this section, for the condemnation of property outside the boundaries of the agency for the acquisition of rights-of-way in any county in which territory of the agency is located or in any county adjacent to such county, it shall give written notice, at least two weeks prior to condemning the property, to the board of supervisors of the county in which the property is located. Such written notice shall contain a description of the property to be condemned. The agency shall have the power to acquire by eminent domain with respect to property situated outside the boundaries of the agency other than the power to acquire by eminent domain any integrated water production, transmission and distribution facilities located partially within and without the boundaries of the agency, provided such integrated facilities are located southerly and westerly of the Whitewater River and northerly of the township line between Township 4 South and Township 5 South, S.B.B. & M., and exclusive of that certain subdivision known as Palm Springs Outposts Estates situated in Section 21, Township 4 South, Range 5 East, S.B.B. & M. The agency shall not have or exercise power of eminent domain as to any property belonging to a county water district which has more than

50,000 acres of land within its boundaries.

10. To issue bonds, borrow money and incur indebtedness as authorized by law or in this act provided; also to refund (by the issuance of the same obligations following the same procedure) or retire any indebtedness or lien that may exist against the agency or property thereof; also to issue warrants to pay the formation expenses of the agency, which warrants may bear interest at a rate not exceeding 6 percent per annum from the date of issue until funds are available to pay the warrants, and which formation expenses may include fees of attorneys and others employed to conduct the formation proceedings.

11. To issue negotiable promissory notes bearing interest at a rate not exceeding 7 percent per annum; provided, however, that said notes shall be payable from revenues and taxes legally derived pursuant to any maximum property tax rate procedure; and provided further that the maturity shall not be later than five years from the date thereof and that the total aggregate amount of such notes outstanding at any one time may be at least equal to seventy-five thousand dollars ($75,000) in the Desert Water Agency but shall not otherwise exceed the lesser of either one million five hundred thousand dollars ($1,500,000) or 3 percent of the assessed valuation of the taxable property in the Desert Water Agency, or, if said assessed valuation is not obtainable, 3 percent of the county auditor's estimate of the assessed valuation of the taxable property in the agency evidenced by his certificate. Promissory notes issued pursuant to Section 51 may be disregarded in computing the aggregate amount of notes that may be issued pursuant to this subdivision;

12. To cause taxes to be levied, in the manner hereinafter provided, for the purpose of paying any obligation of the agency, including its formation expenses and any warrants issued therefor;

13. To restrict the use of agency water during any emergency caused by drought, or other threatened or existing water shortage, and to prohibit the wastage of agency water or the use of agency water during such periods, for any purpose other than household uses or such other restricted uses as may be determined to be necessary by the agency; to prohibit the use of such water during such periods for specific uses which the agency may from time to time find to be nonessential;

14. To prescribe and define by ordinance, the restrictions, prohibitions and exclusions referred to in subdivision 13 hereof. Every ordinance relating to the matters referred to in this subdivision shall be in full force and effect forthwith upon adoption, but shall be published pursuant to Section 6061 of the Government Code in full in a newspaper of general circulation, printed, published and circulated in the agency within 10 days after adoption, or if there be no such newspaper it shall be posted within said time in three public places within the agency;

15. To make contracts, to employ labor, and do all acts necessary

for the full exercise of the foregoing powers;

16. In case of condemnation proceedings the board shall proceed in the name of the agency;

17. To provide by ordinance of its board of directors for the pensioning of officers or employees and the creation of a special fund for the purpose of paying such pensions, and the accumulation of contributions to said fund from the revenues of the agency, the wages of officers or employees, voluntary contributions, gifts, donations or any source of revenue not inconsistent with the general powers of the board, and to contract with any insurance corporation or any other insurance carrier for the maintenance of a service covering the pension of such officers or employees, and to provide in such ordinance for the terms and conditions under which such pensions shall be awarded, and for the time and extent of service of officers or employees before such pensions shall be available to them;

18. To acquire, control, distribute, store, spread, sink, treat, purify, reclaim, recapture, and salvage any water, including sewage and storm waters, for the beneficial use or uses and protection of the agency or its inhabitants or the owners of rights to water therein; provided, however, that all waters of the Whitewater River system are excluded from the provisions hereof, except such waters of said system as may be lawfully acquired by the Desert Water Agency; provided further that rights to any water made available by the Desert Water Agency are owned and controlled exclusively by the agency, and no person within or outside of the boundaries of the Desert Water Agency shall acquire any property or other right in such water, except as provided by contract with the agency, or pursuant to such rules and regulations as the agency may from time to time establish and enforce.

19. Subject to the limitations in subdivision 9 of this section, to join with one or more public agencies, private corporations or other persons for the purpose of carrying out any of the powers of the agency, and for that purpose to contract with such other public agencies or private corporations or persons for the purpose of financing such acquisitions, constructions and operations. Such contracts may provide for contributions to be made by each party thereto and for the division and apportionment of the expenses of such acquisitions and operations, and the division and apportionment of the benefits, the services and products therefrom, and may provide for any agency to effect such acquisitions and to carry on such operations, and shall provide in the powers and methods of procedure for such agency the method by which such agency may contract. Such contracts with other public agencies or private corporations or persons may contain such other and further covenants and agreements as may be necessary or convenient to accomplish the purposes thereof. The term "public agency," as used in this subdivision, shall be deemed to mean and include the United States of America or any department or agency thereof, the State of California or any department or agency thereof, a county, city,

public corporation, the Metropolitan Water District of Southern California, or other public district of this state. The term "private corporation," as used in this subdivision, shall be deemed to mean and include any private corporation organized under the laws of the United States of America or of this or any other state thereof. Contracts mentioned herein include those made with the United States, under the Federal Reclamation Act of June 17, 1902, and all acts amendatory thereof or supplementary thereto or any other act of Congress heretofore or hereafter enacted permitting cooperation. Any such contract with the United States of America or any department or agency thereof, or with any private corporation organized under the laws of the United States of America, by which the Desert Water Agency, or an improvement district thereof, incurs an indebtedness or liability exceeding in any year the income and revenue for such year shall not be executed without the assent of two-thirds of the qualified electors of the agency, or an improvement district thereof, voting at a special election to be held for that purpose, such election to be called and held, so far as practicable, in the same manner as bond elections for the agency. The exact form of such contract need not be available at the time of the special election, but the (1) purpose of the contract; (2) maximum amount of the indebtedness created thereby; (3) maximum term of repayment, and (4) maximum interest rate on such indebtedness shall be known and included in the proposition or measure submitted to the qualified electors of the agency, or an improvement district thereof, at such special election.

20. To commence, maintain, intervene in, defend and compromise, in the name of the agency, or as a class representative of the inhabitants, property owners, taxpayers, or water producers or water users within the agency, or otherwise, and to assume the costs and expenses of any and all actions and proceedings, now or hereafter begun, involving or affecting the ownership or use of water or water rights, used or useful for any purpose of the agency, or a common benefit to the lands within the agency or its inhabitants.

20.1. To commence, maintain, intervene in, defend and compromise, in the name of the agency, or as a class representative of the inhabitants, property owners, taxpayers, water producers or water users within the agency or otherwise, and to assume the costs and expenses of any and all actions or proceedings, now or hereafter begun, to prevent, control, or abate the pollution of water used or useful for any purpose of the agency, or a common benefit to lands within the agency, or to the inhabitants of the agency, or any watershed or basin overlain in whole or in part by the agency or which contributes to the water supply of the agency.

21. Distribute water to persons in exchange for ceasing or reducing ground water extractions and to fix the terms and conditions of any contract under which producers may agree voluntarily to use replenishment water from a nontributary source in lieu of ground water, and to such end an agency may become a

party to such contract and pay from the agency funds such portion of the cost of such replenishment waters as will encourage the purchase and use of such water in lieu of pumping so long as the persons or property within the agency are directly or indirectly benefited by the resulting replenishment.

22. To issue bonds under Section 28 of this act for the purpose of providing money required to be paid by this agency as all or part of the terms and conditions under which the corporate area of the Desert Water Agency may be annexed to and become a part of any metropolitan water district organized under the Metropolitan Water District Act. The amount of said bonds may include expenses of all proceedings for the authorization, issuance and sale of the bonds.

23. To issue revenue bonds for any purpose for which general obligation bonds may be issued, and for any purpose for which such bonds could be issued under the provisions of the Revenue Bond Law of 1941 or any other law which by its terms is applicable to this agency.

24. To use the Improvement Act of 1911, the Municipal Improvement Act of 1913, and the Improvement Bond Act of 1915 for the construction of any facilities authorized to be constructed under the provisions of this act. The powers and duties conferred by such improvement acts on the various boards, officers and agents of cities shall be exercised by the respective boards, officers and agents of the Desert Water Agency. In the application of such improvement acts to proceedings instituted by the Desert Water Agency, the terms used in such improvement acts shall have the following meanings:

(a) "City council", "council," or legislative body shall mean the Board of Directors of the Desert Water Agency.

(b) "Municipality" and "city" shall mean the Desert Water Agency.

No standard of the commission relating to water quality, however, shall be applicable to any water corporation which is required to comply with the regulations and standards of the State Department of Health pursuant to Chapter 7 (commencing with Section 4010) of Part 1 of Division 5 of the Health and Safety Code.

(c) Prescribe reasonable regulations for the examination and testing of such product, commodity, or service and for the measurement thereof.

(d) Establish reasonable rules, specifications, and standards to secure the accuracy of all meters and appliances for measurements.

8201. Any water company having a franchise to use the streets of a city, shall properly and adequately serve with water the inhabitants of the territory for the service of which it has such franchise.

As used in this section, to "properly and adequately serve with water" includes furnishing water of a quality meeting or exceeding standards established by the State Department of Health pursuant to Section 4026 of the Health and Safety Code.

CHAPTER 230

CHAPTER 23'

An act to amend Section 12505 of the Health and Safety Code, relating to fireworks, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 8, 1974 Filed with Secretary of State May 8, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 12505 of the Health and Safety Code is amended to read:

12505. "Dangerous fireworks" includes all of the following:

(a) Any fireworks which contain any of the following:

(6) Picrates or picric acid.

(7) Gallates or gallic acid.

(8) Chlorates, except those of alkali and alkaline earth metals.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Federal regulations relating to fireworks which will become effective in January of 1974 differ from current state law. In order to minimize enforcement problems, it is necessary that conforming changes in the state law take immediate effect.

CHAPTER 232

An act making an appropriation for the development of Antelope Reservoir for recreation, and in this connection to amend and supplement the Budget Act of 1973 (Chapter 129, Statutes of 1973) by adding Section 2.6A thereto, and declaring the urgency thereof, to take effect immediately.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The fact constituting such necessity are:

The present provisions of the Budget Act of 1973 do not make provision for the development of Antelope Reservoir. In order to provide campground facilities at the reservoir which will be greatly needed during the coming summer months, it is essential that the appropriation for such development is available at the earliest possible date. It is, thus, necessary that this act take immediate effect.

CHAPTER 233

An act to repeal Section 27004 of, and to add Sections 27004, 27005, 27006, 27007, 27008, 27217, and 27517.5 to, the Elections Code, relating to recall.

[Approved by Governor May 8, 1974 Filed with Secretary of State May 8, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 27004 of the Elections Code is repealed.

SEC. 2. Section 27004 is added to the Elections Code, to read:

Each signer shall add to his signature his place of residence, giving the street and number, if such exist. His election precinct shall also appear on the paper after his name. The number of signatures appended to each section shall be at the pleasure of the person soliciting signatures to the same. Any qualified elector of the state shall be competent to solicit such signatures within the county, or city and county, of which he is an elector. Each section of the petition shall bear the name of the county, or city and county, in which it is circulated, and only qualified electors of such county or city and county shall be competent to sign such section. Each section shall have attached thereto the affidavit of the person soliciting signatures to the same stating his qualifications and that all the signatures to the attached section were made in his presence and that to the best of his knowledge and belief each signature to the section is the genuine signature of the person whose name it purports to be; and no other affidavit thereto shall be required. The affidavit of any person soliciting signatures hereunder shall be verified free of charge by any officer authorized to administer an oath. Such petition so verified shall be prima facie evidence that the signatures thereto appended are genuine and that the persons signing the same are qualified electors. Unless and until it is otherwise proven upon official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of electors. Each section of the petition shall be filed with the clerk of the county or city and county in which it was circulated. Thirty days after a recall has been initiated, and every 30 days thereafter, the clerk shall determine from the records of registration what number of qualified voters have signed recall petitions. If necessary, the board of supervisors shall allow such clerk or registrar additional assistants for the purpose of examining such petition and provide for their compensation. The said clerk, upon the completion of each examination, shall forthwith attach to such petition his certificate, properly dated, showing the result of such examination, and submit said petition, except as to the signatures appended thereto, to the Secretary of State and file a copy of said certificate in his office.

SEC. 3. Section 27005 is added to the Elections Code, to read:

The standby charge shall not exceed five dollars ($5) per acre per year for each acre of land or parcel less than one acre within the agency boundaries. The amount of the unpaid standby charge shall constitute a lien on that land as of the same time and in the same manner as does the tax lien securing such annual taxes. All laws applicable to the levy, collection, and enforcement of municipal ad valorem taxes shall be applicable to such assessment, except that if any real property to which such lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes would become delinquent, then the lien which would otherwise be imposed by this section shall not attach to such real property and the delinquent and unpaid charges relating to such property shall be transferred to the unsecured roll for collection. At least 15 days before the first day of the month in which the board of supervisors of each affected county is required by law to levy the amount of taxes required for county purposes, the board shall furnish in writing to the board of supervisors and the county auditor of each affected county a description of each parcel of land within the agency upon which a standby charge remains unpaid, together with the amount of the unpaid standby charge on each such parcel of land.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

CHAPTER 244

An act to amend Section 15001 of the Health and Safety Code, relating to health facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 14, 1974 Filed with Secretary of State May 14, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 15001 of the Health and Safety Code is amended to read:

15001. "Hospital building," as used in this chapter, means and includes any building used, or designed to be used, for a hospital and shall include all health facilities of a type required to be licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 but shall not include any building which is not physically attached to a health facility and in which only outpatient services are provided.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such emergency are:

Chapter 1130 of the Statutes of 1972, providing for the regulation of the construction and alteration of hospital buildings for the purpose of assuring structural resistance to earthquakes, was intended to apply to health facilities providing medical care to persons admitted for a 24-hour stay or longer. Application of such standards to nonmedical community care facilities, such as family homes and day centers, would be unduly restrictive and would result in the reduction of facilities needed to maintain such program. Such facilities are greatly needed throughout the state to insure the availability of nonmedical care services for those requiring such services. In order to avert these problems before they result in serious harm to community care programs, it is necessary that this act go into immediate effect.

SECTION 1. Section 224 of the Civil Code is amended to read:

224. A child born before or during the marriage of its parents or within 300 days after the termination of such marriage by judicial decree cannot be adopted without the consent of its parents if living; however, if the father has been awarded custody by judicial decree, or has custody by agreement of the parents, and the mother for a period of one year fails to communicate with such child when able to do so, or the mother has been awarded custody by judicial decree or has custody by agreement of the parents, and the father for a period of one year shall willfully fail to pay for the care, support and

1. When such father or mother has been judicially deprived of the custody and control of such child (a) by order of the court declaring such child to be free from the custody and control of either or both of his parents pursuant to Chapter 4 (commencing with Section 232) of Title 2 of Part 3 of Division 1 of this code, or (b) by similar order of the court of another jurisdiction, pursuant to any law of that jurisdiction authorizing such order; or when such father or mother has, in a judicial proceeding in another jurisdiction, voluntarily surrendered his right to the custody and control of such child pursuant to any law of that jurisdiction provided for such surrender.

of them to have counsel present. The court may appoint counsel to represent the minor whether or not the minor is able to afford counsel. If any parent appears and is unable to afford counsel, the court shall appoint counsel to represent each parent who appears unless such representation is knowingly and intelligently waived The court may continue the proceeding for not to exceed 30 days, as necessary to make an appointment of counsel, or to enable counsel to acquaint himself with the case, or to determine whether the parents are unable to afford counsel at their own expense The court may appoint private counsel or the public defender to represent the minor or the parents.

When the court appoints private counsel to represent either the minor or the parents under the provisions of this section, such counsel shall receive a reasonable sum for compensation and expenses, the amount of which shall be determined by the court. Such amount shall be paid by the real parties in interest, other than the minor, in such proportions as the court deems just. SECTION 1. Section 675 of the Code of Civil Procedure is amended to read:

675. (a) Satisfaction of a judgment may be entered upon an execution returned satisfied, or upon an acknowledgment of satisfaction filed with the clerk or with the judge, if there be no clerk, which may recite payment of the judgment in full or the acceptance by the judgment creditor of any lesser sum in full satisfaction thereof, made in the manner of an acknowledgment of a conveyance of real property, by the judgment creditor or assignee of record, or by endorsement by judgment creditor or assignees of record on the face, or on the margin of the record of the judgment, or by the attorney, unless a revocation of his authority is filed. Whenever a judgment is satisfied in fact, otherwise than upon an execution, the party or attorney must give such acknowledgment, or make such endorsement, and, upon motion, the court may compel it, or may order the entry of satisfaction to be made without it.

In the superior court and in municipal courts such entry shall be made in the register of actions; in justice courts, in the docket in the justice court.

(b) Except in cases where demand has been made pursuant to subdivision (c), when an abstract of the judgment has been recorded with the recorder of any county, acknowledgment of satisfaction thereof by execution or other means shall be filed in the manner provided in subdivision (a) or delivered to the judgment debtor by the judgment creditor or assignee not later than 30 days after the judgment has been in fact paid in full. Such acknowledgment shall identify the county in which the abstract has been recorded and the book and page of the official records thereof, and contain a statement

that such acknowledgment will have to be recorded in such county in order to release the judgment lien. Such acknowledgment shall also show the full name of the judgment debtor being released and shall identify the judgment debtor as such. The judgment debtor's name shall appear on the acknowledgment as it appears on the abstract of judgment. Any such judgment creditor or assignee of record who fails without just cause to file or deliver such acknowledgment of satisfaction shall be liable to the judgment debtor or to the owner of the real property, as the case may be, or his grantees or heirs, for all damages which he or they may sustain by reason of such failure, and shall also forfeit to him or them the sum of one hundred dollars ($100).

(c) Any judgment creditor or assignee who, for a period of 15 days after actual receipt of a demand in writing for acknowledgment of satisfaction of judgment, which demand is made after the judgment has in fact been paid in full, refuses without just cause to execute, acknowledge and deliver such acknowledgment of satisfaction to the judgment debtor, or to the owner of the real property upon which the judgment has become a lien by reason of the recording of an abstract of a judgment in accordance with Section 674, is liable to the judgment debtor or to the owner of the real property, as the case may be, or his grantees or heirs, for all damages which he or they may sustain by reason of such refusal, and shall also forfeit to him or them the sum of one hundred dollars ($100).

(d) Whenever a certificate has been recorded with the recorder of any county by a state agency under Article 4 (commencing with Section 18881), Chapter 19, Part 10, Division 2 of, or Article 2 (commencing with Section 26161), Chapter 23, Part 11, Division 2 of, the Revenue and Taxation Code, or under Article 1 (commencing with Section 1701), Chapter 7, Part 1, Division 1 of the Unemployment Insurance Code, acknowledgment of satisfaction thereof by execution or other means shall be recorded by the state agency no later than 30 days after the delinquency evidenced by such certificate is satisfied.

CHAPTER 253

An act to add Section 432 to the Revenue and Taxation Code, relating to open-space lands, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 15, 1974. Filed with Secretary of State May 15, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 432 is added to the Revenue and Taxation Code, to read:

432. No land shall be valued pursuant to this article unless an enforceable restriction meeting the requirements of Section 422 is signed, accepted and recorded on or before the lien date for the fiscal year to which the valuation would apply. To assure counties and cities time to meet the requirement of this section, the land which is to be subject to a contract shall have been included in a proposal to establish an agricultural preserve submitted to the planning commission or planning department, or the matter of accepting an open-space easement or scenic restriction shall have been referred to such commission or department on or before December 15 preceding the lien date to which the contract, easement or restriction is to apply.

SEC. 2. Notwithstanding any other provision of law to the contrary, the assessment procedures specified under Sections 423 and 423.5 of the Revenue and Taxation Code shall be effective with respect to land subject to taxation for the 1974–1975 fiscal year, if such land is subject to an instrument meeting the requirements of Section 422 of the Revenue and Taxation Code and such instrument is signed and recorded on or before May 15, 1974; provided, that prior to 5 o'clock p.m. on March 1, 1974, either the land which is subject to a contract was included in a proposal to establish an agricultural preserve submitted to the planning commission or planning department or the matter of accepting an open-space easement or scenic restriction had been referred to such commission or department. This section does not apply to land valued pursuant to Section 423.7 of the Revenue and Taxation Code.

SEC. 3. Section 1 of this act shall apply with respect to assessments for the 1975–76 fiscal year and thereafter.

SEC. 4. It is the intent of the Legislature that land assessed pursuant to the provisions of Section 2 of this act for the 1974–1975 fiscal year shall be included for purposes of computing subventions to local government pursuant to Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2 of the Goverment Code for losses due to such assessment procedures for the 1974–1975 fiscal year. Such subventions to local government satisfy the requirements of Section 2229 of the Revenue and Taxation Code.

SEC 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some counties and cities have inadvertently failed to file the instruments reflecting the true status of property as being eligible for the assessment authorized by the Constitution for open-space lands, and in some cases negotiations to sign such instruments were not completed by the lien date in 1974. As a result, some individuals will be confronted with obligations which, if met, will substantially impair their ability to function effectively. This act will remedy the

situation by, in effect, removing the procedural bar to the proper valuation of such property for tax purposes. In so doing, the public policy of the state as expressed in the Constitution will be entirely fulfilled and the state as a whole will benefit. Further, for the 1975–76 fiscal year and fiscal years thereafter, this act will provide counties, cities and landowners the procedure to be followed to assure timely filing of the required instruments to reflect the true state of property for valuation purposes.

CHAPTER 254

An act to amend Sections 894 and 895 of the Education Code, relating to public schools.

[Approved by Governor May 15, 1974. Filed with Secretary of State May 15, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 894 of the Education Code is amended to read:

894. The county superintendent of schools shall, under the direction of the county board of education, establish and maintain programs for physically handicapped pupils who come within the provisions of Section 6801 or 6802, including orthopedic or other health-impaired, visually handicapped, aurally handicapped, or multihandicapped, and who reside in the county and in elementary or unified school districts which have an average daily attendance of less than 8,000 in the elementary schools of the districts or in unified or high school districts which have an average daily attendance of less than 8,000 in the high schools of the districts, whenever such districts have not provided nor entered into contract with other districts to provide such programs.

Such programs may be carried out in accordance with subdivisions (a), (c), (f), (g), and (h).

Such schools and classes shall be established at centrally located places, and the county superintendent of schools shall provide transportation to the pupils attending them. In an instance where it would be impractical because of the transportation distances existing to bring a sufficient number of physically handicapped pupils within the meaning of Section 6801 or 6802 together in one place to form a school or special class, the county superintendent of schools, upon the annual approval of the Superintendent of Public Instruction, may defer compliance with the provisions of this section for the year in question.

Any elementary or unified school district which has an average daily attendance of less than 8,000 in the elementary schools of the district and any unified or high school district which has an average daily attendance of less than 8,000 in the high schools of the district, with the approval of the county superintendent of schools, may establish and maintain programs for the physically handicapped who come within the provisions of Section 6801 or 6802

SEC. 2. Section 895 of the Education Code is amended to read

895. elementary schools of the district and who come within the provisions of Section 6902. The schools and classes shall be established at centrally located places, and the county superintendent of schools shall provide transportation to the pupils attending them.

Any elementary or unified school district which has an average daily attendance of less than 901 in elementary schools of the district, with the approval of the county superintendent of schools, may establish and maintain special training schools or classes for mentally retarded pupils who come within the provisions of Section 6902.

A county superintendent of schools may enter into an agreement by which a public school in a state adjacent to the county will provide the education required under this subdivision. Attendance resulting from such an agreement shall be reported by the county superintendent of schools to the Superintendent of Public Instruction who shall allow the county superintendent the same amount per unit of average daily attendance as set forth in Section 17656 or Section 17665 and in Section 18102.2. The school district in which a pupil being educated pursuant to such an agreement resides shall make the payments required by Section 885 5 Any costs of the agreement in excess of the computed allowances and the payments made by the school district shall be included in the amount to be raised by a county tax pursuant to Section 895.6.

(b) The county superintendent of schools may, with the approval of the county board of education, establish and maintain special training schools or classes for mentally retarded pupils who reside in the county and who come within the provisions of Section 6902 and contract with an elementary or unified school district with an average daily attendance of 901 or more in the elementary schools of the district, or with a high school district with an average daily attendance of less than 901, subject to such terms and conditions as may be agreed upon. The contract shall be approved by the county board of education and shall require the district to pay to the county school service fund of the county in which the district is located all costs of the education of the pupils which are in excess of the amounts apportioned from the State School Fund for the average daily attendance of such pupils.

Whenever a special training school or class is established under the provisions of this subdivision, the computations prescribed by Sections 17655.5 and 17664 shall not apply.

(c) The county superintendent of schools shall establish and maintain special training schools or classes for mentally retarded pupils who reside in the county and in elementary or unified school districts which have an average daily attendance of less than 8,000 in the elementary schools of the district and in unified or high school districts which have an average daily attendance of less than 8,000 in the high schools of the district and who come within the provisions of Section 6903 Such schools and classes shall be established at centrally located places, and the county superintendent of schools shall provide transportation to the pupils attending them. In an

instance where it would be impracticable because of the transportation distances existing to bring a sufficient number of mentally retarded pupils, within the meaning of Section 6903, together in one place to form a special training class, the county superintendent of schools upon the annual approval of the Superintendent of Public Instruction may defer compliance with the provisions of this section for the year in question.

Any elementary or unified school district which has an average daily attendance of less than 8,000 in elementary schools of the district and any unified or high school district which has an average daily attendance of less than 8,000 in high schools of the district, with the approval of the county superintendent of schools, may establish and maintain special training schools or classes for mentally retarded pupils who come within the provisions of Section 6903.

A county superintendent of schools, required to provide for the education in special training schools or classes of mentally retarded pupils residing in the district who come within the provisions of Section 6903, may with the approval of the Superintendent of Public Instruction enter into agreement with an elementary, unified or high school district for the latter to provide for the education of such mentally retarded pupils.

(d) The county superintendent of schools may, with the approval of the county board of education, establish and maintain special training schools or classes for mentally retarded pupils who reside in the county and who come within the provisions of Section 6903 and agree with an elementary or unified school district with an average daily attendance of 8,000 or more in the elementary schools of the district and in unified or high school districts with an average daily attendance of 8,000 or more in the high schools of the district for the education by the county superintendent of schools of such pupils residing in such districts. Whenever a special training school or class is established under the provisions of this subdivision, the foundation program prescribed in Section 17656 for an elementary district with an average daily attendance of 901 or more shall apply for elementary schools, and the foundation program prescribed in Section 17665 shall apply for high schools.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the duties, obligations, or responsibilities imposed on local governments by this act are minor in nature and will not cause any financial burden to local government.

An act to add Article 4 (commencing with Section 5050) to Chapter 1 of Division 5 of the Public Resources Code, relating to the state park system, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 21, 1974 Filed with Secretary of State May 21, 1974]

The people of the State of California do enact as follows:

SECTION 1. Article 4 (commencing with Section 5050) is added to Chapter 1 of Division 5 of the Public Resources Code, to read:

Article 4. Hostel Facilities

5050. This article shall be known and may be cited as the Collier-Keene State Hostel Facilities Act.

5051. The Legislature finds that a substantial number of Californians bicycle and walk for recreational enjoyment and that, given safer routes and more suitable accommodations, would choose such travel means to reach and enjoy scenic areas and recreation facilities throughout the state. The Legislature finds that it is in the public interest to provide means for bicyclists and hikers to reach safely, and utilize conveniently, units of the state park system. The Legislature specifically finds that the existing mix of motor vehicles and bicycles on the highways of the state creates hazards to motorists and cyclists alike, and demands immediate remedial action.

5052. As used in this article, unless the context clearly requires a different meaning:

(a) "Hostel facility" means a supervised overnight lodging or sleeping accommodation provided primarily for use by persons, including bicyclists and hikers, arriving at state park system units other than by motor vehicle. Hostel facilities shall include sleeping areas for individuals or groups, water, washrooms, sanitary facilities, and means by which the users of hostel facilities may prepare their own meals.

(b) "Recreational trail" means a pathway situated and constructed so as to provide safe and convenient means for persons, including bicyclists, hikers, and horsemen, to travel to and between state park system units other than by motor vehicle.

5053. The department may provide hostel facilities in any unit of the state park system where consistent with the general development plan for such unit, and may provide for hostel facilities in the general plan for any unit; provided, however, that no hostel facility may be provided in any unit classified as a state wilderness, natural preserve, or state reserve.

5054. The department may acquire land for, develop, and maintain recreational trails to and between units of the state park

system.

5055. The director shall adopt such rules and regulations as are necessary to administer the provisions of this article.

5056. The department shall prepare and submit to the Legislature not later than February 1, 1975, a preliminary plan for the development of hostel facilities in the state park system and for the establishment of recreational trails. In formulating the plan, the department shall specifically consider the matters specified in Section 27304, as they pertain to the purposes of this article, and shall, additionally, consider the recreational trail plans and programs of local agencies to the extent that such plans and programs may contribute to the purposes of this article. The department shall further consider, in formulating the plan, those facility operation procedures provided for in Article 1.5 (commencing with Section 5019.10) of this chapter. The Legislature may comment upon the submitted plan by concurrent resolution as an expression of legislative intent

SEC. 2. There is hereby appropriated from the Abandoned Vehicle Trust Fund in the State Treasury to the General Fund and from the General Fund to the Department of Parks and Recreation the sum of two million one hundred fifty thousand dollars ($2,150,000) for the puposes of Article 4 (commencing with Section 5050) of Chapter 1 of Division 5 of the Public Resources Code in accordance with the following schedule:

Schedule:

(a) Development of hostel facilities in units of the state park system in Butte, Del Norte, Fresno, Humboldt, Kern, Los Angeles, Marin, Mendocino, Monterey, Nevada, Orange, Placer, Plumas, San Diego, San Luis Obispo, San Francisco, San Mateo, Santa Barbara, Santa Cruz, Shasta, Sonoma, Tulare, and Ventura Counties, and for the establishment of recreational trails to and between such units $2,100,000
provided, that an amount equal to that expended for hostel facilities shall be repaid to the Abandoned Vehicle Trust Fund in the State Treasury from hostel facilities use fees

(b) Preparation of a plan for the statewide development of hostel facilities in units of the state park system and for the establishment of recreational trails $50,000
provided, that an amount equal to that expended for the planning of hostel facilities shall be repaid to the Abandoned Vehicle Trust Fund in the State Treasury from hostel facilities use fees.

SEC. 3 Acquisitions made pursuant to this act shall be subject to the provisions of the Property Acquisition Law (Part 11 (commencing with Section 15850) of Division 3 of Title 2 of the

Government Code).

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Restrictions in the availability of motor fuels are forcing an increasing number of Californians to turn to nonmotorized means of recreational travel. The impaction of state highways by bicyclists is creating hazardous highway conditions which can be remedied, in part, by the measures contemplated in this act, and it is, therefore, necessary that this act take immediate effect.

The U. S. Supreme Court Decision in Gagnon v. Expanding population has created the need for increased institutional bed capacity and security measures. These requirements pertain to both departments. In addition, the Department of the Youth Authority requires funding for a delinquency prevention program.

The failure of a trustee or mortgagee to comply with the provisions of this subdivision shall make him liable to the trustor or mortgagor, or the owner of the land, as the case may be, or his grantees or heirs, for all damages which he or they may sustain by reason of such failure, and shall also forfeit to him or them the sum of three hundred dollars

($300).

(b) When property described in subdivision (a) comes into the custody of a peace officer it shall become subject to the provision of Chapter 12 (commencing with Section 1407), Title 10 of Part 2, relating to the disposal of stolen or embezzled property. Property subject to this section shall be considered stolen or embezzled property for the purposes of that chapter, and prior to being disposed of, shall have an identification mark imbedded or engraved in, or permanently affixed to it.

12090. Any person who changes, alters, removes or obliterates the name of the maker, model, manufacturer's number, or other mark of identification, including any distinguishing number or mark assigned by the Department of Justice on any pistol, revolver, or any other firearm, without first having secured written permission from the department to make such change, alteration or removal shall be punished by imprisonment in the state prison for not less than one year nor more than five years.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which in the aggregate do not result in significant identifiable cost changes.

SEC. 2. Division 15 (commencing with Section 25000) is added to the Public Resources Code, to read:

DIVISION 15. ENERGY CONSERVATION AND DEVELOPMENT

CHAPTER 1. TITLE AND GENERAL PROVISIONS

25000. This division shall be known and may be cited as the Warren-Alquist State Energy Resources Conservation and Development Act.

25001. The Legislature hereby finds and declares that electrical energy is essential to the health, safety and welfare of the people of this state and to the state economy, and that it is the responsibility of state government to ensure that a reliable supply of electrical energy is maintained at a level consistent with the need for such energy for protection of public health and safety, for promotion of the general welfare, and for environmental quality protection.

25002. The Legislature further finds and declares that the present rapid rate of growth in demand for electric energy is in part due to wasteful, uneconomic, inefficient, and unnecessary uses of power and a continuation of this trend will result in serious depletion or irreversible commitment of energy, land and water resources, and potential threats to the state's environmental quality.

25003. The Legislature further finds and declares that in planning for future electrical generating and related transmission facilities state, regional, and local plans for land use, urban expansion, transportation systems, environmental protection, and economic

development should be considered.

25004. The Legislature further finds and declares that there is a pressing need to accelerate research and development into alternative sources of energy and into improved technology of design and siting of power facilities.

25005. The Legislature further finds and declares that prevention of delays and interruptions in the orderly provision of electrical energy, protection of environmental values, and conservation of energy resources require expanded authority and technical capability within state government.

25006. It is the policy of the state and the intent of the Legislature to establish and consolidate the state's responsibility for energy resources, for encouraging, developing, and coordinating research and development into energy supply and demand problems, and for regulating electrical generating and related transmission facilities.

25007. It is further the policy of the state and the intent of the Legislature to employ a range of measures to reduce wasteful, uneconomical, and unnecessary uses of energy, thereby reducing the rate of growth of energy consumption, prudently conserve energy resources, and assure statewide environmental, public safety, and land use goals.

duties of the commission, the commission may represent its interest or the interest of any county, city, state agency, or public district upon its request, and to that end may correspond, confer, and cooperate with the federal government, its departments or agencies.

25220. The commission may participate as a party, to the extent that it shall determine, in any proceeding before any federal or state agency having authority whatsoever to approve or disapprove any aspect of a proposed facility, receive notice from any applicant of all applications and pleadings filed subsequently by such applicants in any of such proceedings, and, by its request, receive copies of any of such subsequently filed applications and pleadings that it shall deem necessary.

25221. Upon request of the commission, the Attorney General shall represent the commission and the state in litigation concerning affairs of the commission, unless the Attorney General represents another state agency, in which case the commission shall be authorized to employ other counsel.

25222. The adviser shall insure that full and adequate participation by all interested groups and the public at large is secured in the planning, site and facility certification, energy conservation, and emergency allocation procedures provided in this division. The adviser shall insure that timely and complete notice of commission meetings and public hearings is disseminated to all interested groups and to the public at large. The adviser shall also advise such groups and the public as to effective ways of participating in the commission's proceedings. The adviser shall recommend to the commission additional measures to assure open consideration and public participation in energy planning, site and facility certification, energy conservation, and emergency allocation proceedings.

25223. The commission shall make available any information filed or submitted pursuant to this division under the provisions of the California Public Records Act, Chapter 3.5 (commencing with Section 6250) of Division 7, Title 1 of the Government Code.

25224. The commission and other state agencies shall, to the fullest extent possible, exchange records, reports, material, and other information relating to energy resources and conservation and power facilities siting, or any areas of mutual concern, to the end that unnecessary duplication of effort may be avoided.

CHAPTER 4. PLANNING AND FORECASTING

25300. Every electric utility in the state shall prepare and transmit to the commission within one year after the effective date of this division, and every two years thereafter, a report specifying 5-, 10-, and 20-year forecasts or assessments of loads and resources for its service area. The report shall set forth the facilities which, as determined by the electric utility, will be required to supply electric power during the forecast or assessment periods. The report shall be

in a form specified by the commission and shall include all of the following:

(a) A tabulation of estimated peak loads, resources, and reserve margins for each year during the 5- and 10-year forecast or assessment periods, and an estimate of peak load, resources, and reserve margins for the last year in the 20-year forecast or assessment period.

(b) A list of existing electric generating plants in service, with a description of planned and potential generating capacity at existing sites.

(c) A list of facilities which will be needed to serve additional electrical requirements identified in the forecasts or assessments, the general location of such facilities, and the anticipated types of fuel to be utilized in the proposed facilities.

(d) A description of additional system capacity which might be achieved through, among other things, improvements in (1) generating or transmission efficiency, (2) importation of power, (3) interstate or interregional pooling, and (4) other improvements in efficiencies of operation.

(e) An estimation of the availability and cost of fuel resources for the 5-, 10-, and 20-year forecast or assessment periods with a statement by the electric utility describing firm commitments for supplies of fuel required during the forecast or assessment periods.

(f) An annual load duration curve and a forecast of anticipated peak loads for each forecast or assessment period for the residential, commercial, industrial, and such other major demand sectors in the service area of the electric utility as the commission shall determine.

(g) A description of projected population growth, urban development, industrial expansion, and other growth factors influencing increased demand for electric energy and the bases for such projections.

25301. The commission shall establish and every electric utility shall utilize, for purposes of the report, a common methodology for preparing forecasts of future loads and resources. After applying the commission's established methodology to the mandatory elements of the report specified in Section 25300, any electric utility may transmit to the commission supplementary information and forecasts based upon an alternative methodology. If such alternate methodology is employed, the electric utility shall fully describe the data and other components of the methodology, and shall specify the reasons why the approach is considered more accurate than that established by the commission. The commission may waive the requirements of subdivision (d) or (g) of Section 25300 for any electric utility which the commission determines is not primarily engaged in the business of generating or selling electricity, when the commission determines that the collection and accumulation of any such information from such electric utilities is unnecessary for purposes of carrying out the provisions of this chapter.

25302. Upon receipt of a report required under Section 25300

from an electric utility, the commission shall forward copies thereof to the Legislature, the Public Utilities Commission, the Secretary of the Resources Agency, the Director of the Office of Planning and Research, and other concerned state and federal agencies. The report shall also be made available, at cost, to any person upon request. The commission shall also forward copies of the report to each city and county within the service area covered by the report, and shall request that the city and county review and comment on the report in relation to estimates of population growth and economic development, patterns of land use and open space, and and conservation and other appropriate elements of the adopted city or county general plan. A copy of the report shall be maintained on file for public inspection in each county.

25303. For a period of four months after the receipt of the reports required under Section 25300 the commission shall receive the comments of any person on the reports. Within such period, the Public Utilities Commission shall submit its independent evaluation and analysis of the reports to the commission.

25304. The commission shall review and evaluate the electric utilities' forecasts of loads and resources, and the comments of the Public Utilities Commission on such forecasts, in relation to the population growth estimates prepared by the Department of Finance, Population Research Unit, and in relation to statewide and regional land use, transportation, and economic development programs and forecasts. The commission shall also examine the implications of the forecast level of loads and resources on, among other things, all of the following:

(a) Critical environmental and other resources of the state, including air and water quality, coastal, natural, and other unique areas, and energy resources.

(b) Public health and safety, general welfare, and the state's economy.

(c) Capital requirements for new facilities and costs to consumers of electricity and other forms of energy.

(d) Other significant factors which relate to the provision of electrical energy in the amounts and in the manner proposed by the electric utilities.

The commission shall also consider reasonable alternative methods to those proposed by the electric utilities to meet forecasted electrical energy requirements.

25305. Within six months after receipt of the reports specified in Section 25300, the commission shall prepare and distribute a preliminary report, setting forth its findings and conclusions regarding the accuracy and acceptability of the electric utilities' forecasts. The report shall be based upon information and views presented in the comments received under Section 25303 and the commission's independent analysis, and shall contain all of the following:

(a) The commission's evaluation of the probable service area and

statewide, environmental, and economic impact and the health and safety aspect of constructing and operating the facilities proposed by the electric utilities and a description of the measures considered necessary by the commission to avoid or ameliorate any adverse impacts.

(b) Any proposed alternative methods for meeting the electrical energy requirements identified by the electric utilities.

(c) The anticipated 5- and 10-year level of demand for energy to be utilized as a basis for certification of facilities, and an anticipated 20-year level of demand for energy to be utilized as a basis for recommending energy conservation policies and actions.

(d) Identification, on a statewide and service area basis, of required electric facilities consistent with the anticipated level of demand, both before and after consideration of the possible impacts of recommended conservation measures.

(e) An analysis and evaluation of the means by which the projected annual rate of demand growth of electrical energy may be reduced, together with an estimate of the amount of such reduction to be obtained by each of the means analyzed and evaluated, including a statement of the impact of such reduction on the factors reviewed by the commission set forth in Section 25304 and subdivision (a) of this section.

25306. The commission shall distribute the report required under Section 25305 to the same persons, and under the same conditions, as prescribed in Section 25302.

25307. Within three months after distribution of the commission's preliminary report pursuant to Section 25305, the commission shall hold public hearings of which at least one shall be in the City of Sacramento to obtain the views and comments of the electric utilities, governmental agencies, private groups, and any other person on the commission's proposals and recommendations in the preliminary report.

25308. Within 12 months after receipt of the reports required in Section 25300, the commission shall include within its biennial report to the Governor and the Legislature, as specified in Section 25309, its final report on the accuracy and acceptability of the electric utilities' forecasts and on the commission's independent analyses and evaluations, as specified in Section 25305.

25309. Beginning January 1, 1977, and every two years thereafter, the commission shall transmit to the Governor and the Legislature a comprehensive report designed to identify emerging trends related to energy supply, demand, and conservation and public health and safety factors, to specify the level of statewide and service area electrical energy demand for each year in the forthcoming 5-, 10-, and 20-year periods, and to provide the basis for state policy and actions in relation thereto, including, but not limited to, approval of new sites for additional facilities. The report shall include, but not be limited to, all of the following:

(a) An overview, looking 20 years ahead, of statewide growth and

development as they relate to future requirements for energy, including patterns of urban metropolitan expansion, statewide and service area economic growth, shifts in transportation modes, modifications in building types and design, and other trends and factors which, as determined by the commission, will significantly affect energy consumption and need to be considered in formulating state energy policy and programs.

(b) The level of statewide and service area electrical energy demand for the forthcoming 5- and 10-year forecast or assessment period which, in the judgment of the commission, will reasonably balance requirements of state and service area growth and development, protection of public health and safety, preservation of environmental quality, maintenance of a sound economy, and, as may be provided by law, conservation of energy and resources. Such 5- and 10-year forecasts or assessments established by the commission shall serve as the basis for planning and certification of facilities proposed by electric utilities.

(c) The anticipated level of statewide and service area electrical energy demand for 20 years, which shall serve as the basis for recommendations by the commission to the Governor, the Legislature, and other appropriate public and private agencies in the following:

(1) Demand-reducing policies.

(2) Conservation of energy.

(3) Development of potential sources of energy.

(4) Other policies and actions designed to affect the rate of growth in demand for electrical energy.

(d) A list, including maps, of existing electrical power generating sites, indicating those where the commission has determined that expansion is feasible within the forthcoming 10-year period.

(e) A list, including maps, of possible areas appropriate for additional electrical generating sites, including the generating capacity to be installed at the sites and the type of fuel and other general characteristics of the facilities which, as determined by the commission, will be required to meet the 10-year level of electrical energy demand established by the commission as specified in subdivision (b) of this section.

(f) Based upon the commission's 20-year forecasts or assessment of growth trends in energy consumption and production, identification of potential adverse social, economic, or environmental impacts which might be imposed by continuation of the present trends, including, but not limited to, the costs of electricity and other forms of energy to consumers, significant increases in air, water, and other forms of pollution, threats to public health and safety, and loss of scenic and natural areas.

(g) Assessment of the energy resources available to the state, including among others, fossil fuels and nuclear, solar, and geothermal energy resources; assessment of the potential of, and examination of the availability of, commercially developable fuels,

01575 61 4280 62

including imported fuels, during the forthcoming 10- and 20-year periods; and recommendations regarding measures to be applied to conserve energy and fuels.

(h) An analysis and evaluation of the means by which the projected annual rate of demand growth of energy may be reduced, together with an estimate of the amount of such reduction to be obtained by each of the means analyzed and evaluated, including, but not limited to, a statement of the impact of such reduction on the factors reviewed by the commission set forth in Section 25304 and subdivision (a) of this section.

(i) The status of the commission's ongoing research and development program directed to energy supply, demand, and conservation and description of new projects which have been proposed for funding as specified in Chapter 7 (commencing with Section 25600) of this division.

(j) Description of the commission's adopted plan for emergency measures to be applied in the event of impending serious shortage of electrical and other forms of energy as provided in Chapter 8 (commencing with Section 25700) of this division.

(k) Recommendations to the Governor and the Legislature for administrative and legislative actions based on the results of commission studies and evaluations as specified in this section and in Chapter 5 (commencing with Section 25400).

(*l*) A list, including maps, of sites and potential multiple-facility sites which have been found to be acceptable by the commission pursuant to Sections 25516 and 25516.5, including the generating capacity to be installed at the site and the type of fuel and other general characteristics of the facilities at such sites.

CHAPTER 5. ENERGY RESOURCES CONSERVATION

25400. The commission shall conduct an ongoing assessment of the opportunities and constraints presented by all forms of energy. The commission shall encourage the balanced use of all sources of energy to meet the state's needs and shall seek to avoid possible undesirable consequences of reliance on a single source of energy.

25401. The commission shall continuously carry out studies, research projects, data collection, and other activities required to assess the nature, extent, and distribution of energy resources to meet the needs of the state, including but not limited to, fossil fuels and solar, nuclear, and geothermal energy resources. It shall also carry out studies, technical assessments, research projects, and data collection directed to reducing wasteful, inefficient, unnecessary, or uneconomic uses of energy, including, but not limited to, all of the following:

(a) Pricing of electricity and other forms of energy.

(b) Improved building design and insulation.

(c) Restriction of promotional activities designed to increase the use of electrical energy by consumers.

(d) Improved appliance efficiency.

(e) Advances in power generation and transmission technology.

(f) Comparisons in the efficiencies of alternative methods of energy utilization.

The commission shall survey pursuant to this section all forms of energy on which to base its recommendations to the Governor and Legislature for elimination of waste or increases in efficiency for sources or uses of energy. The commission shall transmit to the Governor and the Legislature, as part of the biennial report specified in Section 25309, recommendations for state policy and actions for the orderly development of all potential sources of energy to meet the state's needs, including, but not limited to, fossil fuels and solar, nuclear, and geothermal energy resources, and to reduce wasteful and inefficient uses of energy.

25402. Within 18 months after the effective date of this division, the commission shall, after one or more public hearings, do all of the following, in order to reduce the wasteful, uneconomic, inefficient, or unnecessary consumption of energy:

(a) Prescribe, by regulation, lighting, insulation, climate control systems, and other building design and construction standards which increase the efficient use of energy. Such standards shall be economically feasible in that the resultant savings in energy procurement costs shall be greater than the cost of the energy conserving requirements amortized over the economic life of the building. In prescribing standards for insulation, the commission shall take into consideration the standards developed pursuant to Chapter 11 (commencing with Section 19870) of Part 3, Division 13 of the Health and Safety Code, which standards shall only be operative until the date one year after the date that the commission adopts regulations for energy insulation for residential buildings pursuant to this subdivision. One year after the commission adopts the regulations pursuant to this subdivision, no city, county, city and county, or state agency shall issue any building permit unless the standards prescribed by the commission pursuant to this section are satisfied. Whenever the provisions of this subdivision and the provisions of Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code, as to adoption and enforcement of standards for "nonresidential buildings" as defined by Section 19878.1 of the Health and Safety Code, are in conflict, the commission shall be governed by the provisions of such chapter of the Health and Safety Code to the extent of such conflict.

(b) Recommend per unit energy requirement allotments based on square footage for various classes of buildings which would reduce the growth rate of electrical energy consumption and which are technically feasible and will provide adequate safeguards for public health, safety, and welfare. No city, county, city and county, or state agency shall issue any permit for the construction of any building unless the applicant certifies that consideration has been given to such energy requirement allotments, which certification shall

include a statement specifying the extent to which conformance with the relevant recommended allotment will be achieved.

(c) By regulation, prescribe standards for minimum levels of operating efficiency, based on a reasonable use pattern, for all appliances whose use, as determined by the commission, requires a significant amount of energy on a statewide basis. Such minimum levels of operating efficiency shall be based on feasible and attainable efficiencies or feasible improved efficiencies which will reduce the electrical energy consumption growth rate. One year after the date of the adoption of such standards, no new appliance may be sold or offered for sale in the state which is not certified by the manufacturer thereof to be in compliance with such standards. Such standards shall be drawn so that they do not result in any added total costs to the consumer over the designed life of the appliances concerned.

(d) Recommend minimum standards of efficiency for the operation of any new facility at a particular site which are technically and economically feasible. No site and related facility shall be certified pursuant to Chapter 6 (commencing with Section 25500) of this division, unless the applicant certifies that standards recommended by the commission have been considered, which certification shall include a statement specifying the extent to which conformance with the recommended standards will be achieved.

Whenever the provisions of this section and the provisions of Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code are in conflict, the commission shall be governed by the provisions of such chapter of the Health and Safety Code to the extent of such conflict.

25403. The commission shall submit to the Public Utilities Commission and to any publicly owned electric utility, recommendations designed to reduce wasteful, unnecessary, or uneconomic energy consumption resulting from practices including, but not limited to, differential rate structures, cost-of-service allocations, the disallowance of a business expense of advertising or promotional activities which encourage the use of electrical power, peakload pricing, and other pricing measures. The Public Utilities Commission or publicly owned electric utility shall review and consider such recommendations and shall, within six months after the date it receives them, as prescribed by this section, report to the Governor and the Legislature its actions and reasons therefor with respect to such recommendations.

25404. The commission shall cooperate with the Office of Planning and Research, the Resources Agency and other interested parties in developing procedures to ensure that mitigation measures to minimize wasteful, inefficient, and unnecessary consumption of energy are included in all environmental impact reports required on local projects as specified in Section 21151.

25405. A city, county, or city and county may by ordinance or resolution prescribe a schedule of fees sufficient to pay the costs incurred in the enforcement of standards adopted pursuant to this

chapter.

CHAPTER 6. POWER FACILITY AND SITE CERTIFICATION

25500. In accordance with the provisions of this division, the commission shall have the exclusive power to certify all sites and related facilities in the state, except for any site and related facility proposed to be located in the permit area, whether a new site and related facility or a change or addition to an existing facility. The issuance of a certificate by the commission shall be in lieu of any permit, certificate, or similar document required by any state, local or regional agency, or federal agency to the extent permitted by federal law, for such use of the site and related facilities, and shall supersede any applicable statute, ordinance, or regulation of any state, local, or regional agency, or federal agency to the extent permitted by federal law.

After the effective date of this division, no construction of any facility or modification of any existing facility shall be commenced without first obtaining certification for any such site and related facility by the commission, as prescribed in this division.

25500.5. The commission shall certify sufficient sites and related facilities which are required to provide a supply of electric power sufficient to accommodate the demand projected in the most recent forecast of statewide and service area electric power demands adopted pursuant to subdivision (b) of Section 25309.

25501. The provisions of this chapter do not apply to any site and related facility which meets either of the following requirements:

(a) For which the Public Utilities Commission has issued a certificate of public convenience and necessity before the effective date of this division.

(b) For which construction is planned to commence within three years from the effective date of this division.

25501.3. A proposed site and related facility shall be deemed to be one for which construction is planned to commence within three years from the effective date of this division within the meaning of subdivision (b) of Section 25501, if all of the following are satisfied:

(a) The planned operating date and the planned capacity are consistent with the forecast of electric loads either set forth in a report submitted under Sections 2 and 3 of General Order 131 of the Public Utilities Commission as of March 31, 1974, or otherwise disclosed in a report of a public agency as of March 31, 1974.

(b) The need to commence construction within three years from the effective date of this division is reasonably related to the planned operating date of such site and related facility.

(c) Substantial funds have been expended or committed for planning, site investigations, site acquisition, or equipment procurement for such site and related facility prior to the effective date of this division.

25501.5. The Legislature finds and declares that the following

proposed sites and facilities with the associated estimated generating capacities meet the requirements of subdivision (b) of Section 25501:

(h) Two geothermal powerplants, each having a generating capacity of 110 megawatts, presently planned to be constructed by the Northern California Power Agency and located in Sonoma County.

Nothing in this section shall be construed to indicate that the sites and facilities specified in this section are approved by the Legislature. The inclusion of any site and related facility in this

section means that the provisions of this chapter do not apply to any such site or facility, to the extent that Section 25501.7 or 25502.3 is made applicable, and that such site and related facility is subject to any and all other provisions of law.

25501.7. Any person proposing to construct a facility or a site to which Section 25501 applies may waive the exclusion of such site and related facility from the provisions of this chapter by submitting to the commission a notice to that effect on or after July 1, 1976, and any and all of the provisions of this chapter shall apply to the construction of such facility.

25502. Each person proposing to construct a thermal powerplant or electric transmission line on a site shall submit to the commission notice of intention to file an application for the certification of such site and related facility or facilities. The notice shall be an attempt primarily to determine the suitability of the proposed sites to accommodate the facilities and to determine the general conformity of the proposed sites and related facilities with standard of the commission and forecasts adopted pursuant to Sections 25216.3 and 25309. The notice shall be in the form prescribed by the commission and shall be supported by such information as the commission may require.

Any site and related facility once found to be acceptable pursuant to Section 25516 is, and shall continue to be, eligible for consideration in an application for certification without further proceedings required for a notice under this chapter.

25502.3. Except as provided in Section 25501.7, any person proposing to construct a facility excluded from the provisions of this chapter may waive such exclusion by submitting to the commission a notice of intention to file an application for certification, and any and all of the provisions of this chapter shall apply to the construction of such facility.

25502.5. The notice is not required to contain three alternative sites and related facilities for additional generating facilities on land owned by an electric utility before the effective date of this division at existing sites east of the town of Clay Station in Sacramento County, in the location commonly known as Diablo Canyon in San Luis Obispo County, and near the City of Pittsburg in Contra Costa County.

25503. Each notice of intention to file an application shall contain at least three alternative sites and related facilities, at least one of which shall not be located in whole or in part in the coastal zone. In addition, the alternative sites and related electrical facilities may be proposed from an inventory of sites which have previously been approved by the commission in a notice of intent or may be proposed from sites previously examined. If modification of an existing facility is proposed, the commission may require that alternative methods of providing the additional service or making the proposed modification be specified in the notice.

25504. The notice of intention shall include a statement by the

applicant describing the location of the proposed sites by section or sections, range and township, and county; a summary of the proposed design criteria of the facilities; the type or types of fuels to be used; the methods of construction and operation; the proposed location of facilities and structures on each site; a preliminary statement of the relative economic, technological, and environmental advantages and disadvantages of the alternative site and related facility proposals; a statement of need for the facility and information showing the compatibility of the proposals with the most recent biennial report issued pursuant to Section 25309; and any other information that an electric utility deems desirable to submit to the commission.

25504.5. An applicant may, in the notice, propose a site to be approved which will accommodate a potential maximum electric generating capacity in excess of the capacity being proposed for the initial approval of the commission. If such a proposal is made, the notice shall include, but not be limited to, in addition to the information specified in Section 25504, all of the following:

(a) The number, type, and energy source of electric generating units which the site is proposed ultimately to accommodate and the maximum generating capacity for each unit.

(b) The projected installation schedule for each unit.

(c) The impact at the site when fully developed, on the environment and public health and safety.

(d) The amount and sources of cooling water needed at the fully developed site.

(e) The location and specifications of auxiliary facilities planned for each state of development including, but not limited to, pipelines, waste storage facilities, fuel storage facilities, switchyards, coolant lines, coolant outfalls, and cooling ponds, lakes, or towers.

25505. Upon receipt of a notice, the commission shall cause a summary of the notice to be published in a newspaper of general circulation in each county in which the sites and related facilities, or any part thereof, designated in the notice are proposed to be located. The commission shall also transmit a copy of the notice to the Public Utilities Commission, for sites and related facilities requiring a certificate of public convenience and necessity, and to other federal, state, regional, and local agencies having an interest in matters pertinent to the proposed facilities at any of the alternative sites. A copy of the notice shall also be transmitted to the Attorney General.

25506. The commission shall request the appropriate local, regional, state, and federal agencies to make comments and recommendations regarding the design, operation, and location of the facilities designated in the notice, in relation to environmental quality, public health and safety, and other factors on which they may have expertise.

25506.5. The commission shall request the Public Utilities Commission, for sites and related facilities requiring a certificate of public convenience and necessity, to make comments and recommendations regarding the design, operation, and location of

the facilities designated in the notice in relation to the economic, financial, rate, system reliability, and service implications of the proposed facilities.

25507. If any alternative site and related facility proposed in the notice is proposed to be located, in whole or in part, within the coastal zone and if a permit for such a site and related facility is required to be obtained from the California Coastal Zone Conservation Commission, the commission shall transmit a copy of the notice to the California Coastal Zone Conservation Commission. The commission shall request that the California Coastal Zone Conservation Commission complete an analysis of any coastal zone site and related facility and forward preliminary findings of the acceptability of any such site and related facility prior to completion of the preliminary report required by Section 25510.

25508. The commission shall cooperate with, and render advice to, the California Coastal Zone Conservation Commission and any appropriate regional coastal zone conservation commission in studying applications for any site and related facility proposed to be located, in whole or in part, within the permit area, if requested by the California Coastal Zone Conservation Commission or a regional coastal zone conservation commission, and may invite the members of the California Coastal Zone Conservation Commission and regional coastal zone conservation commissions to participate in public hearings on the notice and on the application for site and related facility certification, in connection with matters of mutual concern, as interested parties in such proceedings.

25509. The commission shall conduct a public informational hearing or hearings in the county of the proposed sites and related facilities no earlier than 60 nor later than 90 days from receipt of a notice of intention to file an application. The place of such public informational hearing or hearings shall be as close as practicable to the proposed sites. Any person may participate to the extent deemed reasonable and relevant by the presiding member of the commission, in any such hearing. Such hearings on the original three sites and related facilities shall be concluded within 90 days of their commencement. Such hearings shall be conducted in order to accomplish all of the following purposes:

(a) To set forth the electrical demand basis for the proposed site and related facility.

(b) To provide knowledge and understanding of proposed facilities and sites.

(c) To obtain the views and comments of the public and concerned governmental agencies on the environmental, public health and safety, economic, social, and land use impacts of the facility at the proposed sites.

(d) To solicit information regarding reasonable alternative sources of the electric generating capacity or energy to be provided by alternative sites and related facilities, or combinations thereof, which will better carry out the policies and objectives of this division.

25510. Within 90 days after the conclusion of such hearing or hearings, the commission shall prepare and make public a preliminary report on the notice of intention to file an application. Such report shall contain the comments and recommendations of local authorities as to the construction of any thermal powerplant or electric transmission line on a particular site. The commission may include within the preliminary report any other alternatives proposed by the commission or presented to the commission at a public hearing prior to preparation of the preliminary report. The preliminary report shall be published and made available to the public and to interested local, regional, state, and federal agencies.

25511. The commission shall review the factors related to safety and reliability of the facilities at each of the alternative sites designated in the notice. In addition to other information requested of the applicant, the commission shall, in determining the appropriateness of sites and related facilities, require detailed information on proposed emergency systems and safety precautions, plans for transport, handling and storage of wastes and fuels, proposed methods to prevent illegal diversion of nuclear fuels, special design features to account for seismic and other potential hazards, proposed methods to control density of population in areas surrounding nuclear powerplants, and such other information as the commission may determine to be relevant to the reliability and safety of the facility at the proposed sites. The commission shall analyze the information provided by the applicant, supplementing it, where necessary, by onsite investigations and other studies. The commission shall determine the adequacy of measures proposed by the applicant to protect public health and safety, and shall include its findings in the preliminary report required by Section 25510.

25512. The preliminary report shall be based upon testimony presented during any hearing on the notice, the comments transmitted by the Public Utilities Commission and local, regional, state, and federal agencies and the public to the commission, and the independent studies conducted by the commission's staff. The preliminary report shall include findings and conclusions, within the limitation of the information required in Sections 25502, 25503, 25504, and 25511, with respect to all of the following:

(a) The degree to which each alternative site and related facility proposal designated in the notice or presented at a hearing and considered by the commission is in conformity with both of the following:

(1) The forecast of statewide and service area electric power demands adopted pursuant to Section 25309, except as provided in Section 25514.5.

(2) Applicable local, regional, state, and federal standards, ordinances, and laws.

(b) The relative merit of each alternative site and related facility proposal designated in the notice or presented at a public hearing and considered by the commission.

(c) The safety and reliability of the facility or facilities at each of the sites designated in the notice as determined by the commission pursuant to Section 25511.

25513. Within 30 days of the publication of the preliminary report, a copy of the report will be distributed to any person requesting the report prior to distribution. Any such person may respond in writing to the preliminary report. Such response shall be submitted to the commission no later than 60 days after distribution of the report.

25514. No later than 120 days after distribution of the preliminary report, a final report shall be prepared and distributed. The final report shall include, but not be limited to, all of the following:

(a) The findings and conclusions of the commission regarding the conformity of alternative sites and related facilities designated in the notice or presented at the informational hearing or hearings and reviewed by the commission with both of the following:

(1) The 10-year forecast of statewide and service area electric power demands adopted pursuant to subdivision (b) of Section 25309, except as provided in Section 25514.5.

(2) The provisions of any state law or local or regional ordinance or regulation, including any long-range land use plans or guidelines adopted by the state or by any local or regional planning agency, which would be applicable but for the exclusive authority of the commission to certify sites and related facilities; and the standards adopted by the commission pursuant to Section 25216.3.

(b) Any findings and comments submitted by the California Coastal Zone Conservation Commission or any regional coastal zone conservation commission regarding conformity of any siting alternative proposed in the coastal zone with policies, regulations, or guidelines established by the commission. Such findings and comments, however, shall not constitute approval of any permit required from any regional coastal zone conservation commission or California Coastal Zone Conservation Commission on appeal.

(c) The commission's findings on the acceptability of each alternative siting proposal designated in the notice or presented at the hearings and reviewed by the commission. In its findings on any alternative siting proposal, the commission may specify modification in the design, construction, location, or other conditions which will meet the standards, policies, and guidelines established by the commission.

(d) Any conditions, modifications, or criteria proposed for any site and related facility proposal resulting from the commission's evaluation pursuant to subdivision (c) of Section 25512.

25514.3. In specifying any modifications, conditions, or criteria pursuant to Section 25514, for sites and related facilities requiring a certificate of public convenience and necessity, the commission shall request the comments and recommendations of the Public Utilities Commission on the economic, financial, rate, system reliability, and service implications of such modifications, conditions, or criteria.

25514.5. In considering the acceptability of a site proposed to accommodate ultimately additional power-generating capacity, the commission, in determining, pursuant to Sections 25514 and 25512, the conformity of the facilities proposed in the notice with the 10-year forecast of statewide and service area electric power demands adopted pursuant to subdivision (b) of Section 25309, shall base its determination only on such initial facilities as are proposed for operation within the forthcoming 10-year period. Additional facilities projected to be operating at the site at a time beyond the forthcoming 10-year period shall not be considered in the determination of conformity with the electric power demand forecast.

25515. No later than 30 days after the final report is distributed, a hearing or hearings on the final report shall be commenced. Such hearings shall be concluded within 30 days of their commencement.

25516. The approval of the notice by the commission shall be based upon findings pursuant to Section 25514. The commission's decision shall be issued within 60 days after the conclusion of the hearings on the final report. The notice shall not be approved unless the commission finds at least two alternative site and related facility proposals considered in the commission's final report as acceptable. If the commission does not find at least two sites and related facilities acceptable, additional sites and related facilities may be proposed by the applicant which shall be considered in the same manner as those proposed in the original notice.

If the commission finds that a good faith effort has been made by the person submitting the notice to find an acceptable alternative site and related facility and that there is only one acceptable site and related facility among those submitted, the commission may approve the notice based on the one site and related facility. If a notice is approved based on one site and related facility, the commission may require a new notice to be filed to identify acceptable alternative sites and related facilities for the one site and related facility approved.

If the commission finds that additional electric generating capacity is needed to accommodate the electric power demand forecast pursuant to subdivision (b) of Section 25309 and, after the commission finds that a good faith effort was made by the person submitting the notice to propose an acceptable site and related facility, it fails to find any proposed site and related facility to be acceptable, the commission shall designate, at the request of and at the expense of the person submitting the notice, a feasible site and related facility for providing the needed electric generating capacity.

25516.5. On a notice which proposes an expanded ultimate electric generating capacity for a site, the commission may, based upon findings pursuant to Section 25514, either approve the notice only for the initial facility or facilities proposed for operation within the forthcoming 10-year period or may approve the notice for the

initial facility or facilities and find the site acceptable for additional generating capacity of the type tentatively proposed. The maximum allowable amount and type of such additional capacity shall be determined by the commission.

If a notice is approved which includes a finding that a particular site is suitable to accommodate a particular additional generating capacity, the site shall be designated a potential multiple-facility site. The commission may, in determining the acceptability of a potential multiple-facility site, specify conditions or criteria necessary to insure that future additional facilities will not exceed the limitations of the site.

25517. Except as provided in Sections 25501 and 25501.3, after the effective date of this division, no construction of any thermal powerplant or electric transmission line shall be commenced by any electric utility without first obtaining certification as prescribed in this division. Any onsite improvements not qualifying as construction may be required to be restored as determined by the commission as necessary to protect the environment, if certification is denied.

25518. Except as provided in subdivision (b) of Section 25501, the Public Utilities Commission shall issue no certificate of public convenience and necessity for a site or related electrical facilities unless the utility has obtained a certificate from the commission.

25518.5. Nothing in this division shall preclude the concurrent initiation of an application for a certificate of public convenience and necessity from the Public Utilities Commission subject to the condition specified in Section 25518.

25519. (a) In order to obtain certification for a site and related facility, an application for certification of such site and related facility shall be filed with the commission. Such application shall be in a form prescribed by the commission and shall be filed with the commission no later than 18 months before any construction is to commence. Such application shall be for a site and related facility which has been found to be acceptable by the commission pursuant to Section 25516, or for an additional facility at a site which has been designated a potential multiple-facility site pursuant to Section 25514.5 and found to be acceptable pursuant to Sections 25516 and 25516.5. An application for an additional facility at a potential multiple-facility site shall be subject to the conditions and review specified in Section 25520.5. An application may not be filed for a site and related facility, if there is no suitable alternative for the site and related facility which was previously found to be acceptable by the commission, unless the commission has approved the notice based on the one site as specified in Section 25516.

(b) The commission, upon its own motion or in response to the request of any party, may require the applicant to submit any information, document, or data, in addition to the attachments required by subdivision (i), which it determines is reasonably necessary to make any decision on the application.

(c) Upon receipt of the application, the commission shall

01575 614565 119

undertake studies and investigations necessary to comply with the environmental impact reporting procedures established pursuant to Section 21100. For purposes of preparation and approval of the environmental impact report on a proposed site and related facility, the commission shall be the lead agency as provided in Section 21165, except as to any site and related facility proposed to be located within the permit area if a permit from the California Coastal Zone Conservation Commission is required. Except as otherwise provided in Division 13 (commencing with Section 21000), the environmental impact report shall be completed within one year after receipt of the application.

(d) If the site and related facility specified in the application is proposed to be located in the coastal zone and a permit is required from the California Coastal Zone Conservation Commission, the commission shall transmit a copy of the application to the California Coastal Zone Conservation Commission for its review and comments.

(e) Upon receipt of an application, the commission shall forward the application to local governmental agencies having land use and related jurisdiction in the area of the proposed site and related facility. Such local agencies shall review the application and submit comments on, among other things, the design of facility, architectural and aesthetic features of the facility, access to highways, landscaping and grading, public use of lands in the area of the facility, and other appropriate aspects of the design, construction, or operation of the proposed site and related facility.

(f) Upon receipt of an application, the commission shall cause a summary of the application to be published in a newspaper of general circulation in the county in which the site and related facilities, or any part thereof, designated in the application, is proposed to be located. The commission shall transmit a copy of the application to each federal and state agency having jurisdiction or special interest in matters pertinent to the proposed site and related facilities, and to the Attorney General.

(g) The adviser shall require that adequate notice is given to the public and that the procedures specified by this division are complied with.

(h) For any proposed site and related facility requiring a certificate of public convenience and necessity, the commission shall transmit a copy of the application to the Public Utilities Commission and request the comments and recommendations of the Public Utilities Commission on the economic, financial, rate, system reliability, and service implications of the proposed site and related facility. In the event the commission requires modification of the proposed facility, the commission shall consult with the Public Utilities Commission regarding the economic, financial, rate, system reliability, and service implications of such modifications.

(i) The commission shall transmit a copy of the application to any governmental agency not specifically mentioned in this act, but

which it finds has any information or interest in the proposed site and related facilities, and shall invite the comments and recommendations of each such agency. The commission shall request any relevant laws, ordinances, or regulations which any such agency has promulgated or administered.

(j) An application for certification of any site and related facilities shall contain a listing of every federal agency from which any approval or authorization concerning the proposed site is required, specifying the approvals or authorizations obtained at the time of the application and the schedule for obtaining any approvals or authorizations pending.

25520. The application shall contain the following and such other information as the commission by regulation may require:

(a) A detailed description of the design, construction, and operation of the proposed facility.

(b) Safety and reliability information, including, in addition to documentation previously provided pursuant to Section 25511, planned provisions for emergency operations and shutdowns.

(c) Available site information, including maps and descriptions of present and proposed development and, as appropriate, geological, aesthetic, ecological, seismic, water supply, population and load center data, and justification for the particular site proposed.

(d) Such other information relating to the design, operation, and siting of the facility as the commission may specify.

(e) A statement of need providing information showing compatibility of the proposed facility with the most recent biennial report issued by the commission pursuant to Section 25309.

(f) A description of the facility, the cost of the facility, the fuel to be used, the source of fuel, fuel cost, plant service life and capacity factor, and generating cost per kilowatt hour.

(g) A description of any electric transmission lines including the estimated cost of the proposed electric transmission line; a map in suitable scale of the proposed routing showing details of the rights-of-way in the vicinity of settled areas, parks, recreational areas, and scenic areas, and existing transmission lines within one mile of the proposed route; and justification for the route and a preliminary description of the effect of the proposed electric transmission line on the environment, ecology, and scenic, historic and recreational values.

25520.5. (a) In reviewing an application for an additional facility at a potential multiple-facility site, the commission shall undertake a reconsideration of its prior determinations in the final report on the notice for the site issued pursuant to Section 25514, based on current conditions and other reasonable and feasible alternatives to the proposed facility.

(b) Within 180 days of the filing of the application for an additional facility at a potential multiple-facility site and after adequate public hearings, the commission shall issue its decision on the acceptability of the proposed facility based on the

reconsideration specified in subdivision (a) of this section. A negative determination shall be the final decision of the commission on the application and subject to judicial review pursuant to Section 25531. An affirmative determination shall not be a final decision of the commission on the application.

(c) The decision of the commission on an application for an additional facility at a potential multiple-facility site receiving a favorable determination pursuant to subdivision (b) of this section shall be issued within 24 months after the filing of the application or at such later time as is mutually agreed upon by the commission and the applicant.

25521. No earlier than 90 nor later than 240 days after the date of the filing of an application, the commission shall commence a public hearing or hearings thereon in Sacramento, San Francisco, Los Angeles, or San Diego, whichever city is nearest the proposed site. Additionally, the commission may hold a hearing or hearings in the county in which the proposed site and related facilities are to be located.

25522. Except as provided in subdivision (c) of Section 25520.5, within 18 months of the filing of an application for certification or at such later time as is mutually agreed by the commission and the applicant, the commission shall issue a written decision as to such application.

25523. The commission shall prepare a written decision after a public hearing or hearings on an application, which shall include all of the following:

(a) Specific provisions relating to the manner in which the proposed facility is to be designed, sited, and operated in order to protect environmental quality and assure public health and safety.

(b) Findings regarding the conformity of the proposed site and related facilities with standards adopted by the commission pursuant to Section 25216.3 and subdivision (d) of Section 25402, with public safety standards and the applicable air and water quality standards, and with other relevant local, regional, state, and federal standards, ordinances, or laws. If the commission finds that there is noncompliance with any state, local, or regional ordinance or regulation in the application, it shall consult and meet with the state, local, or regional governmental agency concerned to attempt to correct or eliminate the noncompliance. If the noncompliance cannot be corrected or eliminated, the commission shall inform the state, local, or regional governmental agency if it makes the findings required by Section 25525.

(c) Provision for restoring the site as necessary to protect the environment, if the commission denies approval of the application.

(d) Findings regarding the conformity of the proposed facility with the 10-year forecast of statewide and service area electric power demands adopted pursuant to subdivision (b) of Section 25309.

25524. The commission shall not certify any facility contained in the application, unless its findings with respect to subdivision (d) of

Section 25523 are in the affirmative.

25524.5. The commission shall not certify any facility which adds generating capacity to a potential multiple-facility site in excess of the maximum allowable capacity established by the commission pursuant to Section 25516.5, unless the commission finds that exceeding the maximum allowable capacity will not increase adverse environmental impacts or create technological, seismic, or other difficulties beyond those already found acceptable in the commission's findings on the notice for that site pursuant to Sections 25516 and 25516.5.

25525. The commission shall not certify any facility contained in the application when it finds, pursuant to subdivision (b) of Section 25523, that the facility does not conform with any applicable state, local, or regional standards, ordinances, or laws, unless the commission determines that such facility is required for public convenience and necessity and that there are not more prudent and feasible means of achieving such public convenience and necessity. In no event shall the commission make any finding in conflict with applicable federal law or regulation. The basis for such findings shall be reduced to writing and submitted as part of the record pursuant to Section 25523.

25526. The commission may certify any facility contained in the application which is proposed to be located, in whole or in part, within the permit area unless a permit from the California Coastal Zone Conservation Commission is required, in which case such permit shall be obtained before the certificate may be granted. Approval of a permit by any regional coastal zone conservation commission, or the California Coastal Zone Conservation Commission on appeal, shall not affect the authority of the commission to deny certification for any facility contained in the application, as provided in this division.

25527. The following areas of the state shall not be approved as a site for a facility, unless the commission finds that such use is not inconsistent with the primary uses of such lands and that there will be no substantial adverse environmental effects and the approval of any public agency having ownership or control of such lands is obtained:

(a) State, regional, county and city parks; wilderness, scenic or natural reserves; areas for wildlife protection, recreation, historic preservation; or natural preservation areas in existence on the effective date of this division.

(b) Estuaries in an essentially natural and undeveloped state.

In considering applications for certification, the commission shall give the greatest consideration to the need for protecting areas of critical environmental concern, including, but not limited to, unique and irreplaceable scientific, scenic, and educational wildlife habitats; unique historical, archaeological, and cultural sites; lands of hazardous concern; and areas under consideration by the state or the United States for wilderness, or wildlife and game reserves.

25528. (a) The commission shall require, as a condition of certification of any site and related facility, that the applicant acquire, by grant or contract, the right to prohibit development of privately owned lands in the area of the proposed site which will result in population densities in excess of the maximum population densities which the commission determines, as to the factors considered by the commission pursuant to Section 25511, are necessary to protect public health and safety. The power of condemnation is hereby granted to the applicant to acquire such development rights and the requirement of the commission that any such rights be acquired is a conclusive finding of the public necessity of such condemnation; provided, however, that nothing in this division grants or extends a right of condemnation to any person or applicant who has not otherwise been granted such right under any other provision of law prior to the effective date of this division.

(b) In the case of an application for a nuclear facility, the area and population density necessary to insure the public's health and safety designated by the commission shall be that as determined from time to time by the United States Atomic Energy Commission, if the commission finds that such determination is sufficiently definitive for valid land use planning requirements.

(c) The commission shall waive the requirements of the acquisition of development rights by an applicant to the extent that the commission finds that existing governmental land use restrictions are of a type necessary and sufficient to guarantee the maintenance of population levels and land use development over the lifetime of the facility which will insure the public health and safety requirements set pursuant to this section.

(d) No change in governmental land use restrictions in such areas designated in subdivision (c) of this section by any government agency shall be effective until approved by the commission. Such approval shall certify that the change in land use restrictions is not in conflict with requirements provided for by this section.

(e) It is not the intent of the Legislature by the enactment of this section to take private property for public use without payment of just compensation in violation of the United States Constitution or the Constitution of California.

25529. When a facility is proposed to be located in the coastal zone or any other area with recreational, scenic, or historic value, the commission shall require, as a condition of certification of any facility contained in the application, that an area be established for public use, as determined by the commission. Lands within such area shall be acquired and maintained by the applicant and shall be available for public access and use, subject to restrictions required for security and public safety. The applicant may dedicate such public use zone to any local agency agreeing to operate or maintain it for the benefit of the public. If no local agency agrees to operate or maintain the public use zone for the benefit of the public, the applicant may dedicate such zone to the state. The commission shall also require

that any facility to be located along the coast or shoreline of any major body of water be set back from the shoreline to permit reasonable public use and to protect scenic and aesthetic values.

25530. The commission may order a reconsideration of all or part of a decision or order on its own motion or on petition of any party. Any such petition shall be filed within 30 days after adoption by the commission of a decision or order. The commission shall not order a reconsideration on its own motion more than 30 days after it has adopted a decision or order. The commission shall order or deny reconsideration on a petition therefor within 30 days after the petition is filed.

A decision or order may be reconsidered by the commission on the basis of all pertinent portions of the record together with such argument as the commission may permit, or the commission may hold a further hearing, after notice to all interested persons. A decision or order of the commission on reconsideration shall have the same force and effect as an original order or decision.

25531. (a) The decisions of the commission on any application of any electric utility for certification of a site and related facility shall be subject to judicial review in the same manner as the decisions of the Public Utilities Commission on the application for a Certificate of Public Convenience and Necessity for the same site and related facility.

(b) No new or additional evidence may be introduced upon review and the cause shall be heard on the record of the commission as certified to by it. The review shall not be extended further than to determine whether the commission has regularly pursued its authority, including a determination of whether the order or decision under review violates any right of the petitioner under the United States Constitution or the California Constitution. The findings and conclusions of the commission on questions of fact shall be final and shall not be subject to review, except as provided in this article. Such questions of fact shall include ultimate facts and the findings and conclusions of the commission. A report prepared by, or an approval of, the commission pursuant to Section 25510, 25514, 25516, or 25516.5, or subdivision (b) of Section 25520.5, shall not constitute a decision of the commission subject to judicial review.

(c) Subject to the right of judicial review of decisions of the commission, no court in this state shall have jurisdiction to hear or determine any case or controversy concerning any matter which was, or could have been, determined in a proceeding before the commission, or to stop or delay the construction or operation of any thermal powerplant except to enforce compliance with the provisions of a decision of the commission.

25532. The commission shall establish a monitoring system to assure that any facility certified under this division is constructed and is operating in compliance with air and water quality, public health and safety, and other applicable regulations, guidelines, and conditions adopted or established by the commission or specified in

the written decision on the application. In designing and operating the monitoring system, the commission shall seek the cooperation and assistance of the State Air Resources Board, the State Water Resources Control Board, the Department of Health, and other state, regional, and local agencies which have an interest in environmental control.

25534. The commission may after hearings amend the conditions of, or revoke the certification for, any facility for any of the following reasons:

(a) For any material false statement set forth in the application, presented in proceedings of the commission, or included in supplemental documentation provided by the applicant.

(b) For other than insignificant failure to comply with the terms or conditions of approval of the application as specified by the commission in its written decision.

(c) For violation of any provision of this division or any regulation or order issued by the commission under this division.

25535. Such cost as the applicant incurs to comply with the decision of the commission shall be allowed for ratemaking purposes.

25536. Pending completion of the statewide and service area forecasts of electric power demand specified in Section 25309, the commission shall utilize as an interim forecast for purposes of determining the acceptability of alternative site and related facility proposals as provided in subdivision (a) of Section 25514 and subdivision (d) of Section 25523, the 10-year forecast of loads and resources prepared by the Public Utilities Commission from reports required or submitted as of March 31, 1974, under Sections 2 and 3 of General Order 131 of the Public Utilities Commission. On the first June 1st and the second June 1st following the effective date of this division, the commission shall commence public hearings, at least one of which shall be in the City of Sacramento. Any person may participate in any such hearings. The hearing shall be conducted to secure the views and comments of the public, the electric utilities, other state and federal agencies, and city and county governments regarding revision of the interim forecasts based on the considerations specified in Section 25304 and on updated information regarding forecast loads and resources submitted by any electric utility. Such hearings shall be concluded within 30 days from the date of their commencement. Within 60 days of the conclusion of the hearings specified in this section, the commission shall issue a final report specifying the revisions, if any, to the interim forecast. The report shall be based upon the information and views presented at the public hearings and the commission's independent analysis.

25537. Upon approval of an application, the commission shall forward to the Atomic Energy Commission, the Environmental Protection Agency, and to other appropriate federal agencies, the results of its studies including the environmental impact report on the facility, the written decision on the facility contained in the application, and the commission's determination of facility safety and

reliability as provided in Section 25511.

25538. Upon receiving the commission's request for review under subdivision (e) of Section 25519 and Section 25506, the local agency may request a fee from the commission to reimburse the local agency for the actual and added costs of such review by the local agency. The commission shall reimburse the local agency for such added costs that shall be actually incurred by the local agency in complying with the commission's request. The commission may request a fee from the person proposing the project or may devote a special fund in its budget for the reimbursement of costs incurred by local agencies.

25539. In reviewing notices and applications for certification of modifications of existing facilities, the commission shall adopt rules and regulations as necessary to insure that relevant duties pursuant to this division are carried out.

25540. If a person proposes to construct a geothermal powerplant and related facility or facilities on a site, the commission shall not require three alternative sites and related facilities to be proposed in the notice. In considering the proposed construction of a geothermal powerplant and related facilities on a site, the commission shall issue its findings on the notice as specified in Section 25516 within nine months from the date of filing of such notice, and shall issue its final and decision on the application as specified in Section 25523 within nine months from the date of filing of the application for certification, or at such later time as is mutually agreed by the commission and the applicant or person submitting the notice.

25541. The commission may exempt from the provisions of this chapter thermal powerplants with a generating capacity of up to 100 megawatts and modifications to existing generating facilities which do not add capacity in excess of 100 megawatts, if the commission finds both of the following:

(a) No substantial adverse impact on the environment or energy resources will result from the construction or operation of the proposed facility or from the modifications.

(b) Generating capacity will not be added which is substantially in excess of the forecast of electrical energy demands adopted pursuant to subdivision (b) of Section 25309.

25542. In the case of any site and related facility or facilities for which the provisions of this division do not apply, the exclusive power given to the commission pursuant to Section 25500 to certify sites and related facilities shall not be in effect.

CHAPTER 7. RESEARCH AND DEVELOPMENT

25600. The commission shall develop and coordinate a program of research and development in energy supply, consumption, and conservation and the technology of siting facilities and shall give priority to those forms of research and development which are of particular importance to the state, including, but not limited to, all

of the following:

(a) Methods of energy conservation specified in Chapter 5 (commencing with Section 25400).

(b) Increased energy use efficiencies of existing thermal electric and hydroelectric powerplants and increased energy efficiencies in designs of thermal electric and hydroelectric powerplants.

(c) Exploration and accelerated development of alternative sources of energy, including geothermal and solar energy resources.

(d) Improved methods of construction, design, and operation of facilities to protect against seismic hazards.

(e) Improved methods of energy demand forecasting.

25601. The commission shall carry out technical assessment studies on all forms of energy and energy related problems, in order to influence federal research and development priorities and to be informed on future energy options and their impacts, including, in addition to those problems specified in Section 25600, but not limited to, the following:

(a) Advanced nuclear powerplant concepts, fusion, and fuel cells.

(b) Total energy concepts.

(c) New technology related to coastal and offshore siting of facilities.

(d) Expanded use of wastewater as cooling water and other advances in powerplant cooling.

(e) Improved methods of power transmission to permit interstate and interregional transfer and exchange of bulk electric power.

(f) Measures to reduce wasteful and inefficient uses of energy.

(g) Shifts in transportation modes and changes in transportation technology in relation to implications for energy consumption.

(h) Methods of recycling, extraction, processing, fabricating, handling, or disposing of materials, especially materials which require large commitments of energy.

(i) Expanded recycling of materials and its effect on energy consumption.

(j) Implications of government subsidies and taxation and ratesetting policies.

(k) Utilization of waste heat.

(*l*) Use of hydrogen as an energy form.

(m) Use of agricultural products, municipal wastes, and organic refuse as an energy source.

Such assessments may also be conducted in order to determine which energy systems among competing technologies are most compatible with standards established pursuant to this division.

25602. For research purposes, the commission shall, in cooperation with other state agencies, participate in the design, construction, and operation of energy conserving buildings using data developed pursuant to Section 25401, in order to demonstrate the economic and technical feasibility of such designs.

25603. Beginning with, and for, the 1976–77 fiscal year, the commission shall submit to the Governor for inclusion in the state

budget an integrated program of proposed research and development and technical assessment projects set forth on an item-by-item basis including the priority items established in Sections 25600, 25601, and 25602. The commission shall describe for each item the objectives and anticipated end product of each project, funding and staff requirements, timing and other information which is necessary to describe the projects adequately. As part of each submission, the commission shall describe the progress of its programs.

25604. For purposes of carrying out the provisions of this chapter, the commission may contract with any person for materials and services that cannot be performed by its staff or other state agencies, and may apply for federal grants or any other funding.

CHAPTER 8. ENERGY SHORTAGE CONTINGENCY PLANNING

25700. The commission shall, in accordance with the provisions of this chapter, develop contingency plans to deal with possible shortages of electrical energy or fuel supplies to protect public health, safety, and welfare.

25701. (a) Within six months after the effective date of this division, each electric utility, gas utility, and fuel wholesaler or manufacturer in the state shall prepare and submit to the commission a proposed emergency load curtailment plan or emergency energy supply distribution plan setting forth proposals for identifying priority loads or users in the event of a sudden and serious shortage of fuels or interruption in the generation of electricity.

(b) The commission shall encourage electric utilities to cooperate in joint preparation of an emergency load curtailment plan or emergency energy distribution plan. If such a cooperative plan is developed between two or more electric utilities, such utilities may submit such joint plans to the commission in place of individual plans required by subdivision (a) of this section.

(c) The commission shall collect from all relevant governmental agencies, including, but not limited to, the Public Utilities Commission and the Office of Emergency Services, any existing contingency plans for dealing with sudden energy shortages or information related thereto.

25702. The commission shall, after one or more public hearings, review the emergency load curtailment program plans or emergency energy supply distribution plans submitted pursuant to Section 25701, and, within one year after the effective date of this division, the commission shall approve and recommend to the Governor and the Legislature plans for emergency load curtailment and energy supply distribution in the event of a sudden energy shortage. Such plans shall be based upon the plans presented by the electric utilities, gas utilities, and fuel wholesalers or manufacturers,

information provided by other governmental agencies, independent analysis and study by the commission and information provided at the hearing or hearings. Such plans shall provide for the provision of essential services, the protection of public health, safety, and welfare, and the maintenance of a sound basic state economy. Provision shall be made in such plans to eliminate wasteful, uneconomic, and unnecessary uses of energy in times of shortages and to differentiate curtailment of energy consumption by users on the basis of ability to accommodate such curtailments. Such plans shall also specify the authority of and recommend the appropriate actions of state and local governmental agencies in dealing with energy shortages.

25703. Within four months after the date of certification of any new facility, the commission shall review and revise the recommended plans based on additional new capacity attributed to any such facility. The commission shall, after one or more public hearings, review the plans at least every five years from the approval of the initial plan as specified in Section 25702.

25704. The commission shall carry out studies to determine if potential serious shortages of electrical, natural gas, or other sources of energy are likely to occur and shall make recommendations to the Governor and the Legislature concerning administrative and legislative actions required to avert possible energy supply emergencies or serious fuel shortages, including, but not limited to, energy conservation and energy development measures, to grant authority to specific governmental agencies or officers to take actions in the event of a sudden energy shortage, and to clarify and coordinate existing responsibilities for energy emergency actions.

25705. If the commission determines that all reasonable conservation, allocation, and service restriction measures will not alleviate an energy supply emergency, and upon a declaration by the Governor or by an act of the Legislature that a threat to public health, safety, and welfare exists and requires immediate action, the commission may authorize the construction and use of generating facilities not to exceed 250 megawatts net electrical generating capacity per unit under such terms and conditions as specified by the commission to protect the public interest.

Within 60 days after the authorization of construction and use of such generating facilities, the commission shall issue a report detailing the full nature, extent, and estimated duration of the emergency situation and making recommendations to the Governor and the Legislature for further energy conservation and energy supply measures to alleviate the emergency situation as alternatives to use of such generating facilities.

The commission shall include, among the recommendations specified in Section 25704, suggestions for modifying the maximum size limit for generating facilities specified in this section.

CHAPTER 9. STATE ENERGY RESOURCES CONSERVATION AND DEVELOPMENT SPECIAL ACCOUNT

25800. There is in the General Fund in the State Treasury the State Energy Resources Conservation and Development Special Account. On and after the effective date of this division, each electric utility shall add a surcharge of one-tenth of a mill ($0.0001) per kilowatt-hour to the cost of electric power sold to consumers in the state; provided, however, that after January 1, 1976, the State Board of Equalization shall establish a surcharge rate in accordance with the following schedule which shall be sufficient to provide the revenue necessary to fund expenditures from the account appropriated by the Legislature in the Budget Act for the 1975–76 fiscal year and each fiscal year thereafter; and provided, further, that such increases shall become effective on September 1 of the year in which the State Board of Equalization establishes that an increase or decrease in accordance with the following schedule is necessary to produce sufficient revenues to fund the appropriations contained in the Budget Act:

Schedule.

One-tenth of a mill ($0.0001).
Eleven hundredths of a mill ($0.00011).
Twelve hundredths of a mill ($0.00012).
Thirteen hundredths of a mill ($0.00013).
Fourteen hundredths of a mill ($0.00014).
Fifteen hundredths of a mill ($0.00015).
Sixteen hundredths of a mill ($0.00016).
Seventeen hundredths of a mill ($0.00017).
Eighteen hundredths of a mill ($0.00018).
Nineteen hundredths of a mill ($0.00019).
Two-tenths of a mill ($0.0002).

The State Board of Equalization shall notify every electric utility of the rate established pursuant to this section, and every electric utility shall report all surcharges in the manner and on the forms as prescribed by the State Board of Equalization.

25801. Every electric utility shall make quarterly payments, commencing on April 1, 1975, to the State Board of Equalization of all surcharges applicable under the provisions of Section 25800.

25802. Each person who submits to the commission a notice of intent for any proposed generating facility shall accompany the notice with a fee of one cent ($0.01) per kilowatt of net electric capacity of the proposed generation facility. Such fee shall only be paid on one of the alternate proposed facility sites which has the highest electrical designed capacity. In no event shall such fee be less than one thousand dollars ($1,000) nor more than twenty-five thousand dollars ($25,000).

For any other facility, the notice shall be accompanied by a fee of five thousand dollars ($5,000). Such fee shall only be paid on one of the alternate proposed facility sites.

25803. All funds received by the State Board of Equalization pursuant to Sections 25800 and 25801, and the funds received by the commission pursuant to Section 25802, shall be remitted to the State Treasurer for deposit in the account. All funds in the account shall be expended for purposes of carrying out the provisions of this division, when appropriated by the Legislature in the Budget Act.

CHAPTER 10. ENFORCEMENT AND JUDICIAL REVIEW

25900. Except as provided in Section 25531, whenever the commission finds that any provision of this division is violated or a violation is threatening to take place which constitutes an emergency requiring immediate action to protect the public health, welfare, or safety, the Attorney General, upon request of the commission, shall petition a court to enjoin such violation. The court shall have jurisdiction to grant such prohibitory or mandatory injunctive relief as may be warranted by way of temporary restraining order, preliminary injunction, and permanent injunction.

25901. (a) Within 30 days after the commission issues its determination on any matter specified in this division, except as provided in Section 25531, any aggrieved person may file with the superior court a petition for a writ of mandate for review thereof. Failure to file such an action shall not preclude a person from challenging the reasonableness and validity of a decision in any judicial proceedings brought to enforce such decision for other civil remedies.

(b) The evidence before the court shall consist of the record before the commission, and any other relevant facts which, in the judgment of the court, should be considered in determining the validity of any decision of the commission.

(c) Except as otherwise provided herein, the provisions of subdivisions (e) and (f) of Section 1094.5 of the Code of Civil Procedure shall govern proceedings pursuant to this section.

25902. Any evaluations in the reports required by Sections 25309 and 25536 and any findings and determinations on the notice of intent pursuant to Chapter 6 (commencing with Section 25500) of this division shall not be construed as a final evaluation, finding, or determination by the commission and a court action may not be brought to review any such evaluation, finding, or determination.

25903. If any provision of subdivision (a) of Section 25531, with respect to judicial review of the decision on certification of a site and related facility, is held invalid, judicial review of such decisions shall be conducted in the superior court subject to the conditions of subdivision (b) of Section 25531. The superior court shall grant priority in setting such matters for review, and the appeals from any such review shall be given preference in hearings in the Supreme

Court and courts of appeal.

SEC. 3. Chapter 11 (commencing with Section 19870) of Part 3 of Division 13 of the Health and Safety Code is repealed.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act for the following reasons:

(a) The duties, obligations or responsibilities imposed on local governmental entities as consumers of electric power in the form of the special surcharge are minor in nature and will not cause any financial burden on local government.

(b) Self-financing authority is provided in the form of rate increases by Section 12809 of the Public Utilities Code.

(c) The Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities which in the aggregate, do not result in significant identifiable cost changes.

SEC. 5. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 6. The Legislature hereby declares that the enactment of Chapter 9 (commencing with Section 25800) of Division 15 of the Public Resources Code by this act does not preempt the field of taxation upon the use of electrical energy and shall not affect the validity of any such tax imposed by a chartered city.

SEC. 7. This act shall become operative on January 7, 1975; except that Section 3 of this act shall not become operative until the date one year after the date the State Energy Resources Conservation and Development Commission adopts regulations for energy insulation for residential buildings pursuant to subdivision (a) of Section 25402 of the Public Resources Code.

CHAPTER 277

An act to amend Section 1277.5 of the Unemployment Insurance Code, relating to unemployment insurance.

[Approved by Governor May 28, 1974 Filed with Secretary of State May 28, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 1277.5 of the Unemployment Insurance Code is amended to read:

1277.5. In determining, under Section 1277, whether a new claim

is valid, if the individual had some work during the 52-week period immediately following the effective date of the previous valid claim, then twice the amount which an individual was entitled to receive under Part 2 (commencing with Section 2601) of this division or under Division 4 (commencing with Section 3201) of the Labor Code, or under any workmen's compensation law, employer's liability law, or disability insurance law of any other state or of the federal government, during the 52-week period immediately following the effective date of the previous valid claim, shall be considered as wages paid to the individual during that 52-week period for purposes of meeting the eligibility requirements of subdivision (a) of Section 1281. The amounts so included shall not be considered wages for the purpose of computing the weekly benefit amount of the individual under Section 1280 or the maximum amount payable to the individual under Section 1281.

CHAPTER 278

An act to amend Sections 2290.1 and 2290.7 of the Civil Code, relating to management of institutional funds.

[Approved by Governor May 28, 1974 Filed with Secretary of State May 28, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 2290.1 of the Civil Code is amended to read:

2290.1. In this chapter:

(1) "Institution" means a private incorporated or unincorporated organization organized and operated exclusively for educational purposes and accredited by the Association of Western Colleges and Universities to the extent that it holds funds exclusively for any of such purposes.

(2) "Institutional fund" means a fund held by an institution for its exclusive use, benefit, or purposes, but does not include (i) a fund held for an institution by a trustee that is not an institution or (ii) a fund in which a beneficiary that is not an institution has an interest, other than possible rights that could arise upon violation or failure of the purposes of the fund.

(3) "Endowment fund" means an institutional fund, or any part thereof, not wholly expendable by the institution on a current basis under the terms of the applicable gift instrument.

(4) "Governing board" means the body responsible for the management of an institution or of an institutional fund.

(5) "Historic dollar value" means the aggregate fair value in dollars of (i) an endowment fund at the time it became an endowment fund, (ii) each subsequent donation to the fund at the time it is made, and (iii) each accumulation made pursuant to a

direction in the applicable gift instrument at the time the accumulation is added to the fund.

(6) "Gift instrument" means a will, deed, grant, conveyance, agreement, memorandum, writing, or other governing document (including the terms of any institutional solicitations from which an institutional fund resulted) under which property is transferred to or held by an institution as an institutional fund.

SEC. 2. Section 2290.7 of the Civil Code is amended to read:

2290.7. (a) With the written consent of the donor, the governing board may release, in whole or in part, a restriction imposed by the applicable gift instrument on the use or investment of an institutional fund.

(b) If written consent of the donor cannot be obtained by reason of his death, disability, unavailability, or impossibility of identification, the governing board may apply in the name of the institution to the superior court of the county in which the principal activities of the institution are conducted, or other court of competent jurisdiction for release of a restriction imposed by the applicable gift instrument on the use or investment of an institutional fund. No court shall have jurisdiction to modify any use of an institutional fund under this chapter unless the Attorney General is a party to the proceedings. If the court finds that the restriction is obsolete, or impracticable, it may by order release the restriction in whole or in part. A release under this subdivision may not change an endowment fund to a fund that is not an endowment fund.

(c) A release under this section may not allow a fund to be used for purposes other than the educational, religious, charitable, or other eleemosynary purposes of the institution affected.

(d) This section does not limit the application of the doctrine of cy pres.

CHAPTER 279

An act to amend Section 25505.9 of the Education Code, relating to community colleges, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 28, 1974 Filed with Secretary of State May 28, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 25505.9 of the Education Code is amended to read:

25505.9. The governing board of a necessary small community college district, as defined in Section 17666.3, which has constructed and is operating student dormitories financed under provisions of the

Community College Revenue Bond Act of 1961 (Article 2 (commencing with Section 25545) of Chapter 5 of this division) or with district funds may elect to be exempted from the provisions of Section 25505.8 until January 1, 1980, provided that such governing board shall charge a nonresident tuition fee equal to the statewide average current expenditure for education in the preceding fiscal year. The same per unit rate shall be charged all nonresident students attending any summer sessions maintained by the community college district.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that certain necessary small community college districts may elect to exempt nonresident students from the general nonresident tuition fee if student dormitories financed with certain specified funds are being constructed or operated, on or before the commencement of the 1974–75 school year, it is essential that this act take immediate effect.

CHAPTER 280

An act to amend Sections 20065 and 20067 of the Education Code, relating to community colleges.

[Approved by Governor May 28, 1974 Filed with Secretary of State May 28, 1974]

The people of the State of California do enact as follows:

20065. On or before November 1, 1967, the governing board of each community college district shall prepare and submit to the chancellor a plan for capital construction for community college purposes of the district for the 10-year period commencing with that date. After January 1, 1975, the plan shall reflect capital construction for community college purposes of the district for the five-year period commencing with the next proposed year of funding. The plan shall be subject to continuing review by the governing board and each year shall be extended one year, and there shall be submitted to the chancellor, on or before the first day of November in each succeeding year, a report outlining the required modifications or changes, if any, in the plan.

SEC. 2. Section 20067 of the Education Code is amended to read:

20067. The chancellor shall, on or before March 1, 1968, review, and evaluate the plan for capital construction submitted by the governing board of each community college district in terms of the

A similar review and evaluation of continuing five-year plans for capital construction submitted by the governing board of each district maintaining a community college shall be made on or before each succeeding first day of December. The chancellor shall, promptly after such approval, notify the governing board of each community college district of the approved form and content of the district's plan for capital construction.

CHAPTER 281

An act to amend Section 1013 of the Code of Civil Procedure, relating to service by mail.

[Approved by Governor May 28, 1974 Filed with Secretary of State May 28, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 1013 of the Code of Civil Procedure is amended to read:

SEC. 2. Section 1013 of the Code of Civil Procedure is amended to read:

1013. (a) In case of service by mail, the notice or other paper must be deposited in a post office, mailbox, sub-post office, substation, or mail chute, or other like facility regularly maintained by the United States Postal Service, in a sealed envelope, with postage paid, addressed to the person on whom it is to be served, at

his office address as last given by him on any document which he has filed in the cause and served on the party making service by mail; otherwise at his place of residence. The service is complete at the time of the deposit, but if, within a given number of days after such service, a right may be exercised, or an act is to be done by the adverse party, the time within which such right may be exercised or act be done, is extended five days if the place of address is within the State of California, 10 days if the place of address is outside the State of California but within the United States, and 20 days if the place of address is outside the United States, but such extension shall not apply to extend the time for filing notice of intention to move for new trial, notice of intention to move to vacate judgment pursuant to Section 663a of this code or notice of appeal.

SEC. 3. It is the intent of the Legislature, if this bill and Senate Bill No. 1694 are both chaptered and become effective on or before January 1, 1975, both bills amend Section 1013 of the Code of Civil Procedure, and this bill is chaptered after Senate Bill No. 1694, that Section 1013 of the Code of Civil Procedure, as amended by Section 1 of Senate Bill No. 1694, be further amended on the effective date of this act in the form set forth in Section 2 of this act to incorporate the changes in Section 1013 proposed by this bill. Therefore, if this bill and Senate Bill No. 1694 are both chaptered and become effective on or before January 1, 1975, and Senate Bill No. 1694 is chaptered before this bill and amends Section 1013, Section 2 of this act shall become operative on the effective date of this act and Section 1 of this act shall not become operative.

CHAPTER 282

An act to amend Sections 1013 and 1013a of the Code of Civil Procedure, relating to civil procedure, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 28, 1974 Filed with Secretary of State May 28, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 1013 of the Code of Civil Procedure is amended to read:

1013. (a) In case of service by mail, the notice or other paper must be deposited in the United States post office, or a mailbox, sub-post office, substation or mail chute, or other like facility regularly maintained by the government of the United States, in a

sealed envelope, with postage paid, addressed to the person on whom it is to be served, at his office address as last given by him on any document which he has filed in the cause and served on the party making service by mail; otherwise at his place of residence. The service is complete at the time of the deposit, but if, within a given number of days after such service, a right may be exercised, or an act is to be done by the adverse party, the time within which such right may be exercised or act be done, is extended two days, together with one day additional for every full 100 miles distance between the place of deposit and the place of address, if served by different post offices, but such extension shall not exceed 30 days in all nor shall it apply to extend the time for filing notice of intention to move for new trial, notice of intention to move to vacate judgment pursuant to Section 663a of this code or notice of appeal.

(b) The copy of the notice or other paper served by mail pursuant to this chapter shall bear a notation of the date and place of mailing or be accompanied by an unsigned copy of the affidavit or certificate of mailing. The provisions of this subdivision are directory.

SEC. 2. Section 1013 of the Code of Civil Procedure is amended to read:

1013. (a) In case of service by mail, the notice or other paper must be deposited in a post office, mailbox, sub-post office, substation, or mail chute, or other like facility regularly maintained by the United States Postal Service, in a sealed envelope, with postage paid, addressed to the person on whom it is to be served, at his office address as last given by him on any document which he has filed in the cause and served on the party making service by mail; otherwise at his place of residence. The service is complete at the time of the deposit, but if, within a given number of days after such service, a right may be exercised, or an act is to be done by the adverse party, the time within which such right may be exercised or act be done, is extended five days if the place of address is within the State of California, 10 days if the place of address is outside the State of California but within the United States, and 20 days if the place of address is outside the United States, but such extension shall not apply to extend the time for filing notice of intention to move for new trial, notice of intention to move to vacate judgment pursuant to Section 663a of this code or notice of appeal.

(b) The copy of the notice or other paper served by mail pursuant to this chapter shall bear a notation of the date and place of mailing or be accompanied by an unsigned copy of the affidavit or certificate of mailing. The provisions of this subdivision are directory.

SEC. 3. Section 1013a of the Code of Civil Procedure is amended to read:

showing that he is a resident of or employed in the county where the mailing occurs, that he is over the age of 18 years and not a party to the cause, and showing the date and place of deposit in the mail, the name and address of the person served as shown on the envelope, and also showing that the envelope was sealed and deposited in the mail with the postage thereon fully prepaid.

(2) A certificate affixed to the original, or to a true copy, of the document served and filed in the cause, showing the name and business address of the person making the service, showing that he is an active member of the State Bar of California and is not a party to the cause, and showing the date and place of deposit in the mail, the name and address of the person served as shown on the envelope, and also showing that the envelope was sealed and deposited in the mail with the postage thereon fully prepaid.

(3) In case of service by the clerk of a court of record, a certificate by said clerk affixed to the original, or to a true copy of the document served and filed in the cause, showing the name of the clerk and the name of the court of which he is the clerk, and that he is not a party to the cause, and showing the date and place of deposit in the mail, the name and address of the person served as shown on the envelope, and also showing that the envelope was sealed and deposited in the mail with the postage thereon fully prepaid.

SEC. 4. It is the intent of the Legislature, if this bill and Senate Bill No. 1680 are both chaptered and become effective on or before January 1, 1975, both bills amend Section 1013 of the Code of Civil Procedure, and this bill is chaptered after Senate Bill No. 1680, that Section 1013 of the Code of Civil Procedure, as amended by Section 1 of this act shall remain operative only until the operative date of Senate Bill No. 1680, and that on the operative date of Senate Bill No. 1680 Section 1013 of the Code of Civil Procedure as amended by Section 1 of this act be further amended in the form set forth in Section 2 of this act to incorporate the changes in Section 1013 proposed by Senate Bill No. 1680. Therefore, Section 2 of this act shall become operative only if Senate Bill No. 1680 is chaptered before this bill and amends Section 1013, and in such case Section 2 of this act shall become operative on the operative date of Senate Bill No. 1680.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 302 of the Statutes of 1973 amended Section 1013a of the Code of Civil Procedure by adding the last paragraph thereof, relating to placing a notation of the date and place of mailing on every copy of a paper served or accompanying the copy by an unsigned copy of the affidavit or certificate of mailing. Questions have arisen concerning both the applicability of such requirements in proceedings other than civil actions and the effect of noncompliance with such requirements, including the question whether noncompliance invalidates the notice. Provisions for service

by mail or giving notice by mail affect many proceedings of a civil nature. Unless the law is clarified, confusion and uncertainty will exist. To avoid this confusion and uncertainty, it is necessary that this act be effective immediately.

CHAPTER 283

An act relating to county service and conservation areas, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 28, 1974 Filed with Secretary of State May 28, 1974]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Sections 54902 and 54903 of the Government Code, any formation of a county service area which is completed on January 30, 1974, and any consolidation of resource conservation districts which are completed prior to February 26, 1974, shall be effective for assessment and taxation purposes for the 1974–75 fiscal year if the filing requirements of Section 54902 are completed on or before March 1, 1974.

SEC. 2. Notwithstanding Sections 54902 and 54903 of the Government Code, any reorganization of a county service area which is completed on May 15, 1974, shall be effective for assessment and taxation purposes for the 1974–75 fiscal year if the filing requirements of Section 54902 are completed on or before June 15, 1974.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for proper and orderly taxation, and to allow such resource conservation and county service areas to assess property taxes for the 1974–75 fiscal year, it is essential that this act take effect immediately.

CHAPTER 284

An act to amend Sections 4831 and 4836.5 of the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor May 28, 1974 Filed with Secretary of State May 28, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 4831 of the Revenue and Taxation Code is amended to read:

4831. (a) When it can be ascertained from an inspection of the property, the records of the assessee, or from the roll or any papers in the assessor's office what was intended, or what should have been assessed, defects in description or form or clerical errors of the assessor on the roll or other errors of the assessor not involving the exercise of judgment as to value which result in the entry on the roll of assessed values other than those intended by the assessor, or which result in the assessment of nonexistent improvements or personal property, may be corrected under this article at any time after the roll is delivered to the auditor and prior to the expiration of four years after the making of the assessment which is being corrected.

(b) This section shall also be applicable in the case of the assessment of improvements or personal property which are subsequently determined not to have existed on the lien date, notwithstanding the fact that some improvements or personal property were in existence and were assessed relative to a particular parcel or account.

(c) Taxes which do not create, impose or constitute a lien or charge on the property assessed may be transferred from the secured roll to the unsecured roll of the corresponding year by the county auditor on order of the board of supervisors with the written consent of the district attorney and shall be collected in the same manner as other delinquent taxes on the unsecured roll and shall be subject to delinquent penalties in the same manner as taxes transferred to the unsecured roll under Section 4986. The statute of limitations for the collection of such taxes shall commence to run from the date of transfer.

(d) Any liens created pursuant to this section prior to the effective date of Chapter 1190 of the Statutes of 1973 (January 1, 1974), shall have the force, effect and priority of a judgment lien, and shall continue for 10 years from the time of recording of the certificate authorized under this section unless sooner released or otherwise discharged.

SEC. 2. Section 4836.5 of the Revenue and Taxation Code is amended to read:

4836.5. In the event any correction authorized under this article has the effect of increasing the assessment, the board of supervisors shall apply a tax rate to such increase at whatever tax rate was in

existence in the year in which the error was made. All increased amounts of taxes shall be entered on the roll prepared or being prepared for the current assessment year and shall thereafter be treated and collected like other taxes on said roll; provided, however, that if the correction affects taxes on the secured roll for any year and subsequent to the entry of the original assessment but prior to the date of such correction the real property on which such taxes constitute a lien has been transferred or conveyed to a bona fide purchaser for value or becomes subject to a bona fide encumbrance for value, such increased amount of taxes shall not create, impose or constitute a lien on such real property but shall be collected as follows:

(a) The assessor or tax collector may record with the county recorder of any county a certificate which shall set forth the name of the person who was the assessee in the year for which such correction was made and the amount or amounts of any such correction. From the date of the recording of such certificate, a lien shall be created and attach against any real property owned by such person in the county or counties in which any such certificate may have been recorded for the amount of such taxes, which lien shall have the force, effect and priority of a judgment lien, and shall continue for 10 years from the time of the recording of such certificate unless sooner released or discharged.

(b) Where, in the opinion of the assessor, there is no real property sufficient to secure such taxes they shall be entered on the unsecured roll in the name of the assessee at the time the error was made.

The entry on the unsecured roll shall be followed with "Correction to account or Parcel Number _____ for the 19__-19__ assessment year pursuant to Section(s) _____ of the Revenue and Taxation Code." The foregoing entry may be made on a document separate from the roll if reference is made on the roll to the document wherein the entry is made.

SEC. 3. It is the intent of the Legislature, by amending Section 4831 of the Revenue and Taxation Code in Section 1 of this act, to supersede the amendment of Section 4831 made by Chapter 46 of the Statutes of 1974, and, together with the amendment of Section 4836.5 of the Revenue and Taxation Code in Section 2 of this act, to give effect to Chapters 842 and 1190 of the Statutes of 1973 and Chapter 46 of the Statutes of 1974, taken as a whole.

16750. The governing board of any school district maintaining a children's center program may include in its budget the amount necessary to carry out its program pursuant to this chapter and the board of supervisors shall levy a school district tax necessary to raise such amount. As used in this section, "purchase" includes the acquisition of property under a lease-purchase agreement.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that school districts may at the earliest possible time, take necessary steps to plan, budget, and levy a tax for urgently needed children's center facilities, it is necessary that this act, authorizing the use of tax revenues for such facilities, take effect immediately

If this is not established, a cease and desist order shall be issued to prevent any new service connection by such person until such time that the standards or requirements are met.

If a reasonable plan is established, but is not being complied with, the department shall request that the court review the person's actions. If the court determines that the plan is not being complied with, a cease and desist order shall be issued as described above.

An action brought pursuant to this section shall take special precedence over all other civil matters on the calendar of the court except those matters to which equal precedence on the calendar is granted by law.

CHAPTER 290

An act to add Chapter 7.5 (commencing with Section 8680) to Division 1 of Title 2 of, and to repeal Article 6 (commencing with Section 54150) of Chapter 5 of Part 1 of Division 2 of Title 5 of, the Government Code, and to repeal Sections 186.9, 186.95, and 186.96 of the Streets and Highways Code, relating to natural disaster assistance, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 31, 1974 Filed with Secretary of State May 31, 1974]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7.5 (commencing with Section 8680) is added to Division 1 of Title 2 of the Government Code, to read:

CHAPTER 7.5. NATURAL DISASTER ASSISTANCE ACT

Article 1. General Provisions and Definitions

8680. This chapter shall be known and may be cited as the Natural Disaster Assistance Act.

8680.1. Unless the provision or context otherwise requires, the definitions contained in this article govern the construction of this chapter.

8680.2. "Local agency" means any city, city and county, county, or special district.

8680.3. "Natural disaster" means a fire, flood, storm, tidal wave, earthquake, or other similar public calamity resulting from natural causes.

8680.4. "Project" means the repair or restoration, or both, other than normal maintenance, or the replacement of, public real property of a local agency, including but not limited to, buildings, levees, flood control works, channels, irrigation works, city streets, county roads, bridges, and other public works, except those facilities used solely for recreation purposes, that are damaged or destroyed by a natural disaster. Except as provided in Section 8686.3, the completion of all or part of a project prior to application for funds pursuant to this chapter shall not disqualify such project or any part thereof.

8680.5. "Project application" means the written application made by a local agency to the director for state financial assistance, which shall include: (a) in the case of a public facilities project, all damage to public real property which resulted from a natural disaster within the total jurisdiction of the local agency making application; or (b) in the case of a street and highway project, all damage to streets and highways which resulted from a natural disaster within the total jurisdiction of the local agency making

application.

8380.6. (a) "Street and highway project" means a project for the repair or restoration, or both, or the replacement of streets, roads, or bridges of a city or county.

(b) "Public facilities project" means any project, other than a street and highway project. District roads and similar access facilities not eligible for gas tax apportionments shall be considered "public facilities."

8680.7. "Director" means the Director of the Office of Emergency Services.

8680.8. "State agency" means the Department of Transportation, the Department of Water Resources, the Department of General Services, the Department of Health, the Department of Finance, or other state agency or office. The Department of Transportation's area of responsibility concerns streets, roads, bridge and mass transit repairs. The Department of Water Resources' area of responsibility concerns dams, levees, flood control works, channels, irrigation works, and other similar projects. The Department of General Services' area of responsibility concerns buildings, sewer, water systems, and district road and access facility construction, alteration, repair and improvement thereof, and all other projects. The director shall assign applications to the appropriate agencies for investigation.

8680.9. "Local emergency" means a condition of extreme peril to persons or property declared as such by the governing body of the local agency affected, which declaration is acceptable to the Director of the Office of Emergency Services.

Article 2. Administration

8382. The director shall administer this chapter. The director may delegate any power or duty vested in him under this chapter to a state agency or to any other officer or employee of the Office of Emergency Services.

8382.2. To the extent that funds are allocated therefor, a state agency, when requested by the director, shall render services and perform duties within its area of responsibility when considered necessary to carry out the purposes of this chapter.

8382.6. The project proposal executed between a local agency and the director pursuant to Section 8685.6 shall contain a provision under which the local agency agrees to hold the state harmless from damages due to the work for which funds are allocated.

8682.8. When certified by the director, claims of local agencies for payment shall be presented to the State Controller for payment out of funds made available therefor.

Article 3. Allocations to State Agencies

8683. Whenever funds are available for purposes of this chapter, the director, shall make allocations therefrom in such amounts as he

determines to be necessary to state agencies for expenditure for making the investigations, estimates, and reports required by this chapter. Such allocations may also be made to provide for preliminary investigations, estimates, and reports, or to reimburse the state agencies for expenditures made in anticipation of actual applications by local agencies. Allocations may also be made for the purpose of making such investigations, estimates, and reports as may be necessary to enable local agencies to obtain federal aid for natural disaster relief purposes, regardless of whether or not such aid is available for projects that are eligible for state allocations pursuant to this chapter. The director may make allocations to any state agency or office from such funds, or other funds available therefor, in such amounts as are necessary to administer the provisions of this chapter.

Article 4. Allocations to Local Agencies

8685. From any money appropriated for that purpose, and subject to the conditions specified in this article, the Department of Finance shall allocate funds to meet the cost of any one or more projects as defined in Section 8680.4.

8685.2. An allocation may be made to a local agency for a project when within 10 days after the actual occurrence of a natural disaster the local agency has declared a local emergency and such declaration is acceptable to the director and, if the Legislature has appropriated money for allocation for purposes of this chapter.

8685.4. A local agency shall make application to the director for state financial assistance within 60 days after the date of the declaration of a local emergency; provided, that the director may extend the time for such filing only under unusual circumstances. No financial aid shall be provided until a state agency, upon the request of the director, has first investigated and reported upon the proposed work, has estimated the cost of the work, and has filed its report thereon with the director within 60 days from the date the local agency made application, unless the director extends the time because of unusual circumstances. The estimate of cost of the work may include expenditures made by the local agency for such work prior to the making of such estimate. If the reporting state agency fails to report its findings within the 60-day period, and time is not extended by the director, the director may complete the investigation and recover a proportionate amount allocated to the state agency for the balance of the investigation. "Unusual circumstances," as used above, are unavoidable delays which result from recurrence of a disaster, prolonged severe weather within a one-year period, or other conditions beyond the control of the applicant. Delays resulting from administrative procedures are not unusual circumstances which warrant extensions of time.

8685.6. No money shall be allocated for a project until the local agency has indicated in writing its acceptance of the project proposal

and the cost-sharing related thereto in such form as the director prescribes. The project proposal shall provide for the performance of the work by the local agency, or by the state agency in whose area of responsibility such work falls, if the local agency and such state agency determine that the work should be performed by the state agency. The project proposal shall also provide for the methods of handling the funds allocated and the matching funds provided by the local agency. It shall also contain such other provisions as are deemed necessary to assure completion of the work included in the project and the proper expenditure of funds as provided herein.

8685.7. Any work performed by a state agency at the request of a local agency shall be agreed upon in writing and be subject to the State Contract Act. Work performed by a local agency shall be subject to the law governing the performance of such work by the local agency. Neither the state nor any officer or employee thereof shall have any responsibility in connection with any work performed by a local agency.

8685.8. Under procedures to be prescribed by the director, a local agency may receive an advance of funds to initiate a project. Such advances shall be limited to not more than 75 percent of the estimated state's share of the project, as determined pursuant to Section 8686.

8686. Funds under this chapter shall be made available for projects as follows:

(a) As to street and highway projects, the director shall determine the respective amounts which the state and the local agency shall contribute, using the following criteria as a guide:

(1) The state shall make no allocation as to that portion of the damage equal to 3 percent or less of the total amount apportioned by the state to the local agency from the Highway Users Tax Fund during the fiscal year prior to the disaster declaration. The state shall make no allocation for any project application resulting in a state share of less than five hundred dollars ($500). If the state share amounts to five hundred dollars ($500) or more, and the project otherwise qualifies for financial assistance, the allocation shall be made notwithstanding the amount of administrative costs necessary to process the project application.

(2) As to damage exceeding 3 percent but not exceeding 50 percent of such amount apportioned, the state shall allocate 60 percent of the cost.

(3) As to damage exceeding 50 percent but not exceeding 150 percent of such amount apportioned, the state shall allocate 80 percent of the cost.

(4) As to damage over 150 percent of such amount apportioned, the state shall allocate 95 percent of the cost.

(b) As to public facilities projects, the director shall determine the respective amounts which the state and the local agency shall contribute, using the following criteria as a guide:

(1) The state shall make no allocation as to that portion of the

damage equal to one-half of 1 percent or less of the revenue, exclusive of funds received from any federal or state agency, of the local agency during the fiscal year prior to the disaster declaration as determined by the director. The state shall make no allocation for any project application resulting in a state share of less than five hundred dollars ($500). If the state share amounts to five hundred dollars ($500) or more, and the project otherwise qualifies for financial assistance, the allocation shall be made notwithstanding the amount of administrative costs necessary to process the project application.

(2) As to damage exceeding one-half of 1 percent but not exceeding 50 percent of such revenue, the state shall allocate 60 percent of the cost.

(3) As to damage exceeding 50 percent but not exceeding 150 percent of such revenue, the state shall allocate 80 percent of the cost.

(4) As to damage over 150 percent of such revenue, the state shall allocate 95 percent of the cost.

(c) Expenditures incurred by a local agency prior to the effective date of the allocation for work otherwise eligible shall be considered in determining the rate of contribution between the state and the local agency under the above criteria.

8686.2. When the United States or any agency thereof is to provide funds for any portion of the cost of a project, the amount so provided shall be deducted from the cost of the project in determining the amount to be allocated by the state and the amount to be contributed by the local agency under Section 8686. It shall not be required that the funds to be provided from federal sources shall be paid into the State Treasury, but the director shall, if state funds are available, authorize the work to be commenced when the director has received assurance, adequate in his opinion, that the federal matching funds will be made available for expenditure for the work, or for payment to the state for performance thereof.

8686.3. Local agencies shall undertake to recover maximum federal participation in funding street and highway projects and public facility projects. State contributions for such projects as determined by Section 8686 will be reduced by an amount equal to the amount local agencies would have recovered from federal sources if they had applied for such funding and had programmed their work to conform to federal requirements. When a local agency applies for federal funds, the director shall inform the agency of available state funds.

8686.4. Whenever the local agency and the director determine for public facility projects that the general public and state interest will be better served by replacing a damaged or destroyed facility with a facility that will more adequately serve the present and future public needs than would be accomplished merely by repairing or restoring the damaged or destroyed facility, the director shall authorize such replacement, including, in the case of a public

building, an increase in the square footage of the building replaced, but the cost of the betterment of the facility, to the extent that it exceeds the cost of repairing or restoring the damaged or destroyed facility, shall be borne and contributed by the local agency, and such excess cost shall be excluded in determining the amount to be allocated by the state. The state contribution shall not exceed the net cost of restoring each such facility on the basis of the design of such facility as it existed immediately prior to the disaster in conformity with current codes, specifications, and standards.

8686.6. Money allocated to a local agency for a street and highway project may, when recommended by the Department of Transportation, be used for the purpose of repairing, restoring, or replacing local streets, roads, or bridges to present-day standards and to accommodate present traffic.

8686.8. If the director determines that a local agency is financially unable to meet the matching requirements set forth in Section 8686, or unable to provide funds for replacement of a facility pursuant to Section 8686.4, the director may, if such loan would not result in a violation of Section 40 of Article XIII of the California Constitution and out of any state money made available for purposes of this chapter, lend funds, for the completion of a project or projects. The local agency shall be required by the director to make its contribution by means of deferred payments. Such deferred payments shall be made in such amounts and at such times as may be provided by the agreement executed in connection with the application, but in any event providing full repayment within 10 years, and shall include a charge to be fixed by the director in an amount estimated by him to equal the revenue which the state would have derived by investing the total amounts loaned at the interest rate prevailing for legal state investments as of the date of the loan.

8687. Deferred payments made by a local agency pursuant to Section 8686.8 shall be made by the agency:

(a) Out of the current revenues of the local agency.

(b) If the current revenues of a city, county, or city and county, prove insufficient to enable the agency to meet such payments, the director may order the State Controller to withhold from the local agency funds which the local agency would be entitled to under the Alcoholic Beverage Control Law and Cigarette Tax Law, or, as to street and highway projects, from the Motor Vehicle License Fee Fund to the extent necessary to meet the deficiency.

Such sums shall be credited to the funds in the State Treasury from which the loans were made.

8687.2. Notwithstanding the provisions of Section 8686, whenever the director determines that a local agency to which funds are proposed to be allocated for a public facilities project is financially unable to meet the matching requirements set forth in Section 8686 due to exhaustion of its financial resources because of disaster expenditures, the provisions of Section 8686 shall not apply, and the

director may allocate funds to pay all of the cost of the project or such portion of such cost as the director determines is necessary to accomplish the project, taking into consideration the financial ability of the local agency to meet the matching requirements of Section 8686, less any money provided by the United States or any agency thereof for any portion of the cost of the project.

8687.4. Whenever the director determines that a local agency which would otherwise be eligible for funds under the formula of Section 8686 is unable to finance a street and highway project due to exhaustion of its financial resources because of disaster expenditures, the director may allocate funds to pay such portion of the cost of the project as the director determines is necessary to accomplish the projects.

8687.6. If the local agency, under Section 8687.4, is a county, the amount contributed by such county shall not be reduced to less than an amount of money equal to the amount allocated to such county for the fiscal year prior to the disaster declaration pursuant to Section 2110.5 of the Streets and Highways Code.

8687.8. If the local agency, under Section 8687.4, is a county, the director, in determining whether the county's financial resources are exhausted, shall ascertain whether the county has levied, during the then current year (the year of the disaster), the maximum property tax for highway purposes authorized by Section 1550 of the Streets and Highways Code in the road district in which the work is proposed, and if such tax is being levied at less than the maximum rate authorized by Section 1550, the amount to be allocated by the director under this section shall be reduced by an amount equivalent to the difference between the revenue derived from the property tax being levied for highway purposes in such road district and the revenue which would have been derived from such tax at the maximum rate authorized by Section 1550. In determining if a county has levied sufficient taxes, amounts to be received from other taxes levied by that county and used for road purposes shall be included.

Article 5. Funds

8690. As used in this article:

(a) "Fund" means the Natural Disaster Assistance Fund created by Section 8690.2.

(b) "Public Facilities Account" means the special account established in the fund pursuant to subdivision (a) of Section 8690.4.

(c) "Street and Highway Account" means the special account established in the fund pursuant to subdivision (b) of Section 8690.4.

8690.2. The Natural Disaster Assistance Fund is hereby created as a special fund in the State Treasury. The fund is the successor to the funds appropriated by Section 4 of Chapter 624 of the Statutes of 1973 and to the Street and Highway Disaster Fund, which funds are hereby abolished, effective the 61st day after final adjournment of

the 1973–74 Regular Session of the Legislature. All of the assets, liabilities, and surpluses of the two abolished funds shall, on order of the State Controller and as of the effective date of their abolition, be transferred to and become assets, liabilities and surpluses of the Natural Disaster Assistance Fund except that all assets, liabilities and surplus of the portion of the Street and Highway Disaster Fund relating to state highways shall be transferred to the State Highway Fund. The existing appropriations from either of such funds shall continue to be available for allocation, encumbrance and expenditure in the same manner and for the same purposes and periods from the Natural Disaster Assistance Fund. Any reference in any law or regulation to the Street and Highway Disaster Fund shall be deemed to refer to the Street and Highway Account of the Natural Disaster Assistance Fund.

Any moneys received by the director or any state agency after the effective date of this section which, by law, would otherwise be required to be deposited in either of such funds, shall on order of the State Controller, be deposited in the State Treasury in the Natural Disaster Assistance Fund except that all funds which would be subject to subdivision (2) of Section 186.95 of the Streets and Highways Code shall be deposited in the Street and Highway Account of the Natural Disaster Assistance Fund.

8690.4. The State Controller shall establish the following two special accounts in the Natural Disaster Assistance Fund:

CHAPTER 11. THE OFFICE OF CHILD ABUSE PREVENTION

Article 1. General

18950. The Legislature finds and declares that child abuse is a growing concern in this state, and that current methods of coping with child abuse problems are resulting in family breakups that are both expensive and nonproductive to the state. It is the intent of the Legislature to provide for the establishment of one or more pilot projects to provide for the detection and correction of the abuse or maltreatment of children who are unable to protect themselves.

In this regard, the welfare of children of this state requires the establishment of pilot projects for the prevention of child abuse.

It is the intent of the Legislature in enacting this chapter to establish three pilot project child abuse centers, one in the north of the state serving Alameda, Contra Costa, Marin, San Francisco, San Mateo, and Santa Clara Counties; one in the central portion of the state located in Fresno County or Kern County; and one in the south of the state located in Los Angeles County. The projects established under this chapter are intended to act as coordinating bodies that offer guidelines and stimulation for services that provide for the prevention, identification, management and treatment to abused children and their parents.

To that extent, should any provisions of this chapter prevent such federal funding for these three pilot projects, such provisions of this chapter shall be rendered inoperative.

18956. The office shall report to the Legislature and Governor on the progress of the pilot projects within one year after the effective date of this chapter.

18957. SEC. 32. Section 283 of the Revenue and Taxation Code is amended to read:

283. Should the audit precribed by this article indicate that a claim of exemption pursuant to subdivision (o), (p), (q) or (r) of Section 3, Article XIII of the Constitution has been improperly denied, the assessor shall be notified. SEC. 35. Section 401 of the Revenue and Taxation Code is amended to read:

401. Every assessor shall assess all property subject to general property taxation at 25 percent of its full value.

SEC. 37. Section 422 of the Revenue and Taxation Code is amended to read:

422. For the purposes of this article and within the meaning of Section 8 of Article XIII of the State Constitution, open-space land is "enforceably restricted" if it is subject to any of the following:

(a) A contract;

(b) An agreement;

(c) A scenic restriction;

(d) An open-space easement; or

(e) A wildlife habitat contract.

For the purposes of this article no restriction upon the use of land other than those enumerated in this section shall enforceably restrict open-space land.

SEC. 37.5. Section 423 of the Revenue and Taxation Code is amended to read:

423. Except as provided in Section 423.7, when valuing enforceably restricted open-space land, other than land used for the production of timber for commercial purposes, the board for purposes of surveys required by Section 1815 of this code and the county assessor shall not consider sales data on lands, whether or not enforceably restricted, but shall value such lands by the capitalization of income method in the following manner:

(a) The annual income to be capitalized shall be determined as follows:

(1) Where sufficient rental information is available the income shall be the fair rent which can be imputed to the land being valued based upon rent actually received for the land by the owner and upon typical rentals received in the area for similar land in similar use, where the owner pays the property tax. When the land being valued is actually encumbered by a lease, any cash rent or its equivalent considered in determining the fair rent of the land shall be the amount for which the land would be expected to rent were the rental payment to be renegotiated in the light of current conditions including applicable provisions under which the land is enforceably restricted.

(2) Where sufficient rental information is not available, the income shall be that which the land being valued reasonably can be expected to yield under prudent management and subject to applicable provisions under which the land is enforceably restricted. There shall be a rebuttable presumption that "prudent management" does not include use of the land for a recreational use, as defined in subdivision (n) of Section 51201 of the Government Code, unless the land is actually devoted to such use.

For the purposes of this section income shall be determined in accordance with rules and regulations issued by the board and with this section and shall be the difference between revenue and expenditures. Revenue shall be the amount of money or money's

worth, including any cash rent or its equivalent, which the land can be expected to yield to an owner-operator annually on the average from any use of the land permitted under the terms by which the land is enforceably restricted including, but not limited to, that from the production of salt and from typical crops grown in the area during a typical rotation period, not to exceed six years including the tax year and the next succeeding five years. When the land is planted to fruit-bearing or nut-bearing trees, vines, bushes or perennial plants, the revenue shall not be less than the land would be expected to yield to an owner-operator from other typical crops grown in the area during a typical rotation period, not to exceed six years including the tax year and the next succeeding five years. Proceeds from the sale of the land being valued shall not be included in the revenue from the land.

Expenditures shall be any outlay or average annual allocation of money or money's worth that can be fairly charged against the revenue expected to be received during the period used in computing such revenue. Those expenditures to be charged against revenue shall be only those which are ordinary and necessary in the production and maintenance of the revenue for that period. Expenditures shall not include depletion charges, debt retirement, interest on funds invested in the land, interest on funds invested in trees and vines valued as land as provided by Section 429, property taxes, corporation income taxes, or corporation franchise taxes based on income. When the income used is from operating the land being valued or from operating comparable land, amounts shall be excluded from the income to provide a fair return on capital investment in operating assets other than the land, to amortize depreciable property, and to fairly compensate the owner-operator for his operating and managing services.

Where the land being valued is not capable of producing income or is not used to produce income or where sufficient information is not available by which income can be determined as provided in this subdivision, the board and the assessor shall impute to the land a reasonable amount to be capitalized as income.

(b) The capitalization rate to be used in valuing land pursuant to this article shall not be derived from sales data and shall be the sum of the following components:

(1) An interest component to be determined by the board and announced no later than September 1 of the year preceding the assessment year and which was the yield rate for long-term United States government bonds, as most recently published by the Federal Reserve Board, rounded to the nearest one-quarter (¼) percent.

(2) A risk component which shall be a percentage determined on the basis of the location and characteristics of the land, the crops to be grown thereon and the provisions of any lease or rental agreement to which the land is subject; and

(3) A component for property taxes which shall be a percentage equal to the estimated total tax rate applicable to the land for the

assessment year times the assessment ratio.

(4) A component for amortization of any investment in perennials over their estimated economic life when the total income from land and perennials other than timber exceeds the yield from other typical crops grown in the area.

(c) The value of the land shall be the quotient of the income determined as provided in subdivision (a) divided by the capitalization rate determined as provided in subdivision (b).

(d) The ratio prescribed in Section 401 shall be applied to the value of the land determined in subdivision (c) to obtain its assessed value.

SEC. 37.6. Section 423.5 of the Revenue and Taxation Code is amended to read:

423.5. When valuing open-space land which is enforceably restricted and used for the production of timber for commercial purposes, the board, for purposes of surveys required by Section 1815, and the county assessor shall not consider sales data on lands, whether or not enforceably restricted, but shall determine the value of such timberland to be the present worth of the income which the future harvest of timber crops from the land and the income from other allowed compatible uses can reasonably be expected to yield under prudent management. The value of timberland pursuant to this section shall be determined in accordance with rules and regulations issued by the board. In determining the value of timberland pursuant to this section, the board and the county assessor shall use the capitalization rate derived pursuant to subdivision (b) of Section 423. The ratio prescribed in Section 401 shall be applied to the value of the land determined in accordance with this section to obtain its assessed value.

For the purposes of this section, the income of each acre of land shall be presumed to be no less than two dollars ($2), and the present worth of this income shall not be reduced by the value of any exempt timber on the land.

There shall be a rebuttable presumption that "prudent management" does not include use of the land for recreational use, as defined in subdivision (n) of Section 51201 of the Government Code, unless the land is actually devoted to such use.

SEC. 37.7. Section 426 of the Revenue and Taxation Code is amended to read:

426. Notwithstanding any provision of Section 423 to the contrary:

(a) If land is enforceably restricted, the board, for purposes of surveys required by Section 1815 and the county assessor, shall value such land as provided in subdivision (b) under any of the following conditions:

(1) Where the owner of land subject to contract or agreement has served notice of nonrenewal as provided in Section 51245 of the Government Code;

(2) Where the county or city has served notice of nonrenewal of

any contract or agreement and the owner has failed to protest the nonrenewal as provided in Section 51245 of the Government Code;

(3) Where less than 10 years remain to the expiration of a scenic restriction and the owner has given notice of nonrenewal or has failed to take or offer to take any action or exercise any option available to him under its provisions or otherwise to extend the term of the scenic restriction;

(4) Where less than 10 years remain to the expiration of an open-space easement and the owner has failed to make and maintain an offer in writing to grant an extension of the term of the easement as provided in Section 51060 of the Government Code; or

(5) Where less than six years remain to the expiration of the period for which the land is enforceably restricted.

(b) Where any of the conditions in subdivision (a) apply, the board or assessor in each year until the termination of the period for which the land is enforceably restricted shall:

(1) Determine the full cash value of the land as if it were not enforceably restricted;

(2) Determine the value of the land by capitalization of income as provided in Section 423 and without regard to the existence of any of the conditions in subdivision (a);

(3) Subtract the value determined in subdivision (b) (2) by capitalization of income from the full cash value determined in subdivision (b) (1);

(4) Using the rate announced by the board pursuant to subdivision (b) (1) of Section 423, discount the amount obtained in subdivision (b) (3) of this section for the number of years remaining until the termination of the period for which the land is enforceably restricted;

(5) Determine the value of the land by adding the value determined by capitalization of income as provided in subdivision (b) (2) and the value obtained in subdivision (b) (4); and

(6) Apply the ratio prescribed in Section 401 to the value of the land determined in subdivision (b) (5) to obtain its assessed value.

SEC. 37.8. Section 429 of the Revenue and Taxation Code is amended to read:

429. Notwithstanding the provisions of Section 105(b) of this code, in valuing land enforceably restricted pursuant to this article, fruit-bearing or nut-bearing trees and vines on the land and not exempt from taxation shall be valued as land. Any income shall include that which can be expected to be derived from such trees and vines and no other value shall be given such trees and vines for the purpose of assessment.

SEC. 37.9. Section 431 of the Revenue and Taxation Code is amended to read:

431. There shall be a rebuttable presumption that the present use of open-space land which is enforceably restricted and devoted to agricultural use is its highest and best agricultural use.

SEC. 38. Section 443.1 of the Revenue and Taxation Code is

amended to read:

443.1. If the property statement is timely filed in duplicate with a request that the assessor mark on the duplicate statement opposite each category of property reported on the statement, the full value of such category of property as determined by the assessor, the assessor shall perform such service and shall return the duplicate to the person filing it no later than July 15 of the year in which it was filed.

SEC. 39. Section 469 of the Revenue and Taxation Code is amended to read:

469. In any case in which locally assessable business tangible personal property owned, claimed, possessed or controlled by a taxpayer engaged in a profession, trade, or business has a full value of fifty thousand dollars ($50,000) or more, the assessor shall audit the books and records of such profession, trade, or business before October 6, 1971, and at least once each four years thereafter. If the board determines the value of property pursuant to Chapter 2 (commencing with Section 1815) of Part 3 of this division, such determination may be deemed an audit by the assessor for purposes of this section.

Equalization of the property by a county board of equalization or assessment appeals board pursuant to Chapter 1 (commencing with Section 1601) or Chapter 1.5 (commencing with Section 1750) of Part 3 of this division shall not preclude a subsequent audit and shall not preclude the assessor from levying an escape assessment in appropriate instances, but shall preclude an escape assessment being levied on that portion of any such assessment which was the subject of any such equalization hearing.

SEC. 39.5. Section 532.5 of the Revenue and Taxation Code is repealed.

SEC. 40. Section 619 of the Revenue and Taxation Code is amended to read:

619. The assessor shall, upon or prior to completion of the local roll, either:

(a) Inform each assessee of real property on the local secured roll whose property's full value has increased of the assessed value of that property as it shall appear on the completed local roll; or

(b) Inform each assessee of real property on the local secured roll, or each assessee on the local secured roll and each assessee on the unsecured roll, of the assessed value of his real property or of both his real and his personal property as it shall appear on the completed local roll.

The information given by the assessor to the assessee pursuant to subdivision (a) or (b) shall include a notification of hearings by the county board of equalization, which shall include the period during which assessment protests will be accepted and the place where they may be filed. The information shall also include an explanation of the stipulation procedure set forth in Section 1608 and the manner in which the assessee may request use of this procedure.

The information shall also include the assessment ratio for the county as provided in Section 401 and the full value of the property.

The information shall be furnished by the assessor to the assessee by regular United States mail directed to him at his latest address known to the assessor.

Neither the failure of the assessee to receive the information nor the failure of the assessor to so inform the assessee shall in any way affect the validity of any assessment or the validity of any taxes levied pursuant thereto.

SEC. 41. Section 619.2 of the Revenue and Taxation Code is amended to read:

619.2. Where the personal property on the secured roll of a person not required to file a property statement pursuant to Section 441 is assessed in excess of two hundred fifty dollars ($250), excluding household furnishings and personal effects, the assessor, on or before July 15, may notify the assessee of the full value, the assessed value of such property, and the ratio used in the manner prescribed by Sections 619 and 619.1.

If the assessee does not receive notice of the assessment pursuant to this section, the assessee may pay taxes based upon such assessment under protest and obtain equalization of the assessment in the same manner as set forth in Section 620.

SEC. 42. Section 620 of the Revenue and Taxation Code is amended to read:

620. If the assessor does not send a notice pursuant to Section 619 or Section 621 to an assessee whose property was not on the prior year's secured roll, or to an assessee of real property on the local secured roll whose property's full value has increased, then such assessee may pay taxes under protest. If payments are made in installments, the protest need not be repeated with the second installment. Protests shall be made by filing with the tax collector, together with the payment of the taxes or their first installment, a petition for assessment reduction on the form prescribed by the county board, which form the collector is to forward to the clerk of the county board with the notation that taxes were paid under protest pursuant to this section. The county board may, after receipt of the petition for assessment reduction from the tax collector, hold a public hearing at the next regular board meeting, notice of time and place of which shall be sent to the person paying the tax under protest at the address stated in the protest or if no such address is stated, then to the address of the assessee according to the last equalized assessment roll. If the taxes are so paid and the assessee has not previously applied for a reduction of the assessment, the county board at its next annual meeting as an equalization board shall thereupon equalize such assessment in the manner prescribed by Article 1 (commencing with Section 1601) of Chapter 1 of Part 3 of this division.

The tax rate fixed for property on the roll on which the property so equalized appears at the time of its original assessment shall be

0870 617525 500

applied to the amount of the equalized assessment, determined in accordance with the preceding paragraph. In the event that the resulting figure is less than the tax theretofore computed, the taxpayer shall be liable for tax only for the lesser amount, and the difference shall be canceled. If the taxpayer has already paid the tax previously computed, such difference shall be refunded to him pursuant to Chapter 5 (commencing with Section 5096) of Part 9 of this division, as an erroneously collected tax.

If any taxes are paid under protest pursuant to this section, the taxing agency to which the taxes are paid may, in accordance with Section 26906.1 of the Government Code, impound such taxes until the final disposition of the claim or action respecting the protest. No such impounding is required.

SEC. 43. Section 753.5 of the Revenue and Taxation Code is amended to read:

If the board roll has been transmitted to the local auditors, the board shall, at least 30 days prior to transmitting a statement of assessment of escaped property or roll correction, inform each assessee whose property's full value has increased as a result of an escape assessment or roll correction of the assessed value of that property as it shall appear on the corrected roll.

The information given to the assessee pursuant to this section shall also include a notification of hearings by the board, including the period during which petitions for reassessment will be accepted, and the place where they may be filed.

Neither the failure of the assessee to receive this information nor the failure of the board to so inform the assessee shall in any way affect the validity of any assessment or the validity of any taxes levied pursuant thereto.

SEC. 44. Section 762 of the Revenue and Taxation Code is amended to read:

762. To a roll delivered by the board under the provisions of Section 760 or 761, the secretary of the board shall affix an affidavit, subscribed by him, as follows:

SEC. 45. Section 866 of the Revenue and Taxation Code is amended to read:

866. 1610.8. After giving notice as prescribed by its rules, the county board shall equalize the assessment of property on the local roll by determining the full value of an individual property and by reducing or increasing an individual assessment as provided in this section.

For the purpose of equalization, it is conclusively presumed that the average ratio of assessed value to full value in the county is not more than 115 percent of the latest preliminary or final ratio determined by the board pursuant to Article 1 (commencing with Section 1815) of Chapter 2 of this part.

The applicant for a reduction in an assessment on the local roll shall establish the full value of the property by independent evidence. The records of the assessor may be used as part of such evidence.

The county board shall make a determination of the full value of each parcel for which an application for equalization is made. After determining the full value of a parcel of property, the county board shall establish the assessed value of the property at the lower of.

(a) An amount equal to the property's full value, as determined by the county board, multiplied by the ratio established under

Section 401.

(b) An amount equal to the property's full value, as determined by the county board, multiplied by 115 percent of the board's preliminary or final ratio for the county.

(c) An amount equal to the property's full value, as determined by the county board, multiplied by the ratio of assessed to full value of all property in the county, established without reference to the board's ratio for the county.

SEC. 49. Section 1607 of the Revenue and Taxation Code is amended and renumbered to read:

1603. (a) A reduction in an assessment on the local roll shall not be made unless the party affected or his agent makes and files with the county board a verified, written application showing the facts claimed to require the reduction and the applicant's opinion of the full value of the property.

(b) In the case of a county of the first class, the application shall be filed between the third Monday in July and September 15. An application that is mailed and postmarked September 15 or earlier within such period shall be deemed to have been filed between the third Monday in July and September 15.

(c) In the case of a county of the second to ninth class, inclusive, the application shall be filed between July 2 and September 15. An application that is mailed and postmarked September 15 or earlier within such period shall be deemed to have been filed between July 2 and September 15.

(e) In the form provided for making application pursuant to this section, there shall be a notice that written findings of facts of the local equalization hearing will be available upon written request at the requester's expense and, if not so requested, the right to such written findings is waived. The form shall provide appropriate space for the applicant to request written finding of facts as provided by Section 1611.5.

SEC. 50. Section 1608 of the Revenue and Taxation Code is amended and renumbered to read:

1607. Before the county board makes any reduction, it shall examine, on oath, the person affected or the agent making the application touching the value of the property. A reduction shall not be made unless the person or agent attends and answers all questions pertinent to the inquiry; provided, however, in the event there is filed with the county board a written stipulation, signed by the assessor and county legal officer on behalf of the county and the person affected or the agent making the application, as to the full value and assessed value of the property which stipulation sets forth the facts upon which the reduction in value is premised, the county board may, at a hearing, (a) accept the stipulation, waive the

appearance of the person affected or the agent and change the assessed value in accordance with Section 1610.8, or (b) reject the stipulation and set or reset the application for reduction for hearing.

SEC. 51. Section 1616 of the Revenue and Taxation Code is amended and renumbered to read:

1610. (a) If a county board changes the full value on a parcel of real property to a value different from the assessor's finding of value (as reflected by the assessment on the roll or as recommended, proposed, or stipulated by the assessor), and, during the succeeding two assessment years, the assessor seeks to raise the value total as lowered by the board below the assessor's value, or to lower the total value as raised by the board above the assessor's value, the value of the property shall be rebuttably presumed to be the value set by the board. When seeking such a change in value, the assessor shall give written notice of the proposed full value and assessed value to the other party and the matter shall automatically be placed before the board, unless such other party files a written statement with the board that he does not want to contest the matter and in that event the matter will not be placed before the county board.

(b) If, in such succeeding two assessment years, the board changes the value previously set by the board on that parcel to a value different from the assessor's finding of value as recommended, proposed, or stipulated by the assessor for that year, the previously set value shall be deemed rebutted and the new value set by the board shall be rebuttably presumed to be the value of that parcel during the succeeding two assessment years.

(c) A presumption created under this section shall cease to exist upon a subsequent change in zoning or permissive use of a parcel of real property, a change of assessed value due to an intercounty equalization order issued by the State Board of Equalization or a subsequent physical change in the property requiring a permit for land or improvements. If any of the conditions described in this subdivision occur, the matter shall not be automatically placed before the board.

(d) When any matter is placed before the board pursuant to this section, the clerk shall notify the parties affected of the time and place of hearing in the same manner as notice is given for application for changes of assessments. If the party affected or his agent does not appear or has not made timely request for continuance, the matter shall be heard by the board and the assessor shall present his evidence notwithstanding the failure of the party affected or his agent to appear or to request a continuance.

This section shall not apply to property under initial construction or development, nor to changes of value made pursuant to legislation enacted under the authorization of Section 15 of Article XIII of the Constitution of the State of California, nor to trade fixtures.

SEC. 53. Section 1716.1 of the Revenue and Taxation Code is amended to read:

1716.1. The Board of Equalization may establish an appraisal commission in any county if the information obtained by the board under Section 1815 shows that the ratio of assessed value to full value of 50 percent of the sample properties deviates from the county's average ratio for the year by more than 20 percent. Commencing with the 1968–1969 assessment year, the cost of the appraisal commission shall be a charge upon the county.

SEC. 54. Section 1815 of the Revenue and Taxation Code is amended to read:

1815. To enable the board to perform its duties under this article and Sections 18 and 19 of Article XIII of the State Constitution, the board shall make a survey, not less often than triennially, in each county to determine the total full value of all locally assessable property as of the lien date for the roll which is current when the survey is commenced. As a basis for this determination, the board shall ascertain the full value of a sample of locally assessable property sufficient in size and dispersion to insure an adequate representation therein of the several classes of property throughout the county. The board shall for such purposes have access by its duly authorized representatives to all records, public or otherwise, of any county assessor.

SEC. 54.5. Section 1815.2 of the Revenue and Taxation Code is amended to read:

As used in this article, the phrase "locally assessable property" means all property required by Section 601 to be assessed by the county assessor, except baled cotton and personal property which is classified by law for the purpose of assessment or taxation at a different percentage of its full value than is applicable to real property.

SEC. 54.8. Section 1815.6 of the Revenue and Taxation Code is amended to read:

1815.6. For the purposes of Sections 402.1, 1815.7, and 1815.8:

1816. After commencement of a survey in any county pursuant to Section 1815, the board at monthly intervals shall deliver or mail notice to the assessor of the county that appraisals completed during the preceding monthly period are available for examination and discussion with the board's appraisers. The notice shall identify the properties appraised and state the appraised values thereof. The board shall also mail to the assessee of the property a notice of the full value of the property as appraised by the board. The notice shall be addressed to the assessee as his name and address appear on the roll.

SEC. 56. Section 1817 of the Revenue and Taxation Code is amended to read:

1817. The board shall annually estimate any change that may have occurred in the total full value of locally assessable property between the lien date of the roll for which the last survey was made pursuant to Section 1815 and the lien date of the current roll. The board shall use as the basis for such estimate data on school enrollment, retail sales, wages, or other factors reasonably indicative of change or lack of change in the total full value of the property. The relationship between the total assessed value of the property on the current local roll and the total full value of locally assessable property so estimated shall be computed for each county of the state by the third Monday in July of each year. The board shall transmit promptly to each county assessor and county superintendent of schools, and to the Superintendent of Public Instruction a statement of its preliminary determination of this relationship. The board shall make this preliminary determination public.

SEC. 57. Section 1818 of the Revenue and Taxation Code is amended to read:

1818. The board shall each year prepare tabulations showing for each county the ratio of assessed to full value of all locally assessable property. The tabulations shall show, in such a way as to prevent identification of individual parcels, the ratio of assessed to full value of each parcel of such property in the sample of any survey in the county made in the last year pursuant to Section 1815. The tabulations shall also show the derivation of the total full value of the locally assessable property on the current roll from the total full value of the locally assessable property on the roll of a prior year pursuant to Section 1817. All such tabulations shall be open for inspection by all persons interested.

After making any adjustment it deems appropriate, but not later than August 23rd, the board shall make available for public inspection all such tabulations and shall publish the ratio of assessed to full value of all locally assessable property for each county and for the state. "Tabulations" do not include appraisal data relating to individual properties.

(b) On or before May 15 of the following calendar year, the board shall publish a corrected ratio of assessed value to full value of all locally assessable property for each county and for the state.

This corrected ratio shall reflect changes in the total assessed value on the roll for the current fiscal year made by the assessor, auditor, county board of supervisors, and county board of equalization.

This corrected ratio shall be used to calculate a corrected factor pursuant to Education Code Section 17261, and such corrected factor shall be certified to the Superintendent of Public Instruction on or before May 20. The superintendent shall use this factor in computing or recomputing the amount of school aid to which each school district in the state is entitled.

The corrections needed in the amount of state aid to school districts as a result of the recomputations shall be made in the apportionment not later than the following fiscal year.

The corrected ratio shall not be used for the purposes of Section 1605.

In computing the ratio of assessed value to the full value for any county, pursuant to Section 1817 and subdivision (a) of this section, the board shall not consider in any way the reduction of assessed value as a result of equalization for the previous assessment year.

SEC. 58.5. Section 1821 of the Revenue and Taxation Code is amended to read:

1821. Equalization by the board of the valuation of taxable property in counties for the purposes of taxation shall be by raising or lowering the value of locally assessable property entered upon the secured roll by the assessor of the county in accordance with Section 18, Article XIII of the State Constitution.

If the assessment objected to is one made outside the regular period for such assessments, the application for review shall be filed with the board

within two weeks from the date the tax bill is mailed to the assessee.

Every application shall show the facts claimed to require action of the board, and a copy thereof shall be filed with the assessor whose assessment is questioned. [Approved by Governor May 31, 1974 Filed with Secretary of State May 31, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 753 of the Revenue and Taxation Code is amended to read:

753. Annually, on or before August 7, the board shall assess all state-assessed property.

SEC. 2. Section 753.5 of the Revenue and Taxation Code is amended to read:

753.5. The board shall, upon or prior to completion of the roll, inform every assessee of the total assessed value of his unitary property and shall annually, on or before July 31, transmit preliminary notices of allocated assessed values to each assessee. "Unitary property" means property valued as a unit.

If the board roll has been transmitted to the local auditors, the board shall, at least 30 days prior to transmitting a statement of assessment of escaped property or roll correction, inform each assessee whose property's full cash value has increased as a result of an escape assessment or roll correction of the assessed value of that property as it shall appear on the corrected roll.

The unit value information given to the assessee pursuant to this section shall also include a notification of hearings by the board, including the period during which petitions for reassessment will be accepted, and the place where they may be filed.

Neither the failure of the assessee to receive this information nor the failure of the board to so inform the assessee shall in any way affect the validity of any assessment or the validity of any taxes levied pursuant thereto.

SEC. 2.5. Section 753.5 of the Revenue and Taxation Code is amended to read:

753.5. The board shall, upon or prior to completion of the roll, inform every assessee of the total assessed value of his unitary property and shall annually, on July 31, transmit preliminary notices of allocated assessed values to each assessee. "Unitary property" means property valued as a unit.

If the board roll has been transmitted to the local auditors, the board shall, at least 30 days prior to transmitting a statement of assessment of escaped property or roll correction, inform each assessee whose property's full cash value has increased as a result of an escape assessment or roll correction of the assessed value of that property as it shall appear on the corrected roll.

The information given to the assessee pursuant to this section shall also include a notification of hearings by the board, including the period during which petitions for reassessment will be accepted, and the place where they may be filed.

Neither the failure of the assessee to receive this information nor the failure of the board to so inform the assessee shall in any way affect the validity of any assessment or the validity of any taxes levied pursuant thereto.

SEC. 3. Section 754 of the Revenue and Taxation Code is amended to read:

754. Between August 7 and August 12, the assessments made by the board shall be open for inspection by all persons interested.

SEC. 4. Section 755 of the Revenue and Taxation Code is amended to read:

755. On or before August 12, the owner or assessee of any state-assessed property may file a petition for reassessment with the board. On or before August 19, the owner or assessee of any such property shall be heard by the board on his petition.

In the case of a notice of change to the board roll given pursuant to Section 753.5, the owner or assessee of any state-assessed property shall be heard by the board on a petition for reassessment prior to transmission to the local auditor of the board's statement of assessment of escaped property or roll correction if the owner or assessee files a written request for such hearing within 10 days of the mailing of the notice required in Section 753.5.

SEC. 5. Section 756 of the Revenue and Taxation Code is amended to read:

756. On or before August 19 the board shall transmit to each county auditor a roll showing the assessments made by the board in the county and in each city and revenue district in the county; provided, however, that the roll need not show the assessments made by the board in a revenue district which did not levy a tax or

assessment during the preceding year. Such roll is at all times, during office hours, open to the inspection of any person representing any taxing agency or revenue district, or any district described in Section 2131. If the roll does not show the assessments in a revenue district as herein provided and a notice of a proposed levy is furnished the board in writing, on or before January 1 preceding the fiscal year for which the levy is to be made, the board shall furnish an estimate of the total assessed value of state-assessed property in the district and shall transmit thereafter to the county auditor a statement of roll change showing the assessments made by the board in the district. The estimate shall be regarded as establishing the total assessed value of state-assessed property in the district for the purpose of determining the tax rate of the district.

SEC. 6. Section 759 of the Revenue and Taxation Code, as amended by Chapter 49 of the Statutes of 1974, is amended to read:

759. In lieu of complying with the provisions of Section 756, the board may, upon receipt by July 1 of a written request from a county auditor who has the approval of the board of supervisors, transmit to the auditor, on or before August 7 an estimate of the total assessed value of state-assessed property in the county and in each revenue district in the county. Such an estimate need not be made for a revenue district that did not levy a tax or assessment during the preceding year unless the board receives on or before January 1 preceding the fiscal year for which the levy is to be made a notice in writing of a proposed levy, in which case the board shall furnish, as part of the original estimate or by way of a statement of changes, an estimate of the total assessed value of state-assessed property in the district.

The estimates shall be regarded as establishing the total assessed value of state-assessed property in the county and district for the purpose of determining the tax rate of such county and district, subject only to changes transmitted prior to August 15th. If there are no changes, the board shall at that time confirm its estimates. All information furnished pursuant to this section is at all times, during office hours, open to the inspection of any person representing any taxing agency or revenue district, or any district described in Section 2131.

SEC. 6.5. Section 763 is added to the Revenue and Taxation Code, to read:

763. Whenever a person is required or allowed to do or perform any act on or before a date specified in this chapter and that day is a Saturday, Sunday or holiday, he shall have until the next following business day to do or perform such act.

SEC. 7. Section 2052 of the Revenue and Taxation Code is amended to read:

2052. The local roll as delivered to the auditor pursuant to Section 1753 or 617, including any changes made by the county board during the month of July, together with the board roll as transmitted to the auditor pursuant to Section 756 or the confirmed or changed

estimate transmitted pursuant to Section 759, shall become the last equalized roll on August 20, and such rolls together shall continue to be the last equalized roll, except as otherwise provided in this chapter, (a) for the purpose of computing any debt limit for the issuance of bonds of any public entity that is based on a percentage of assessed valuation as shown on the last equalized assessment roll and (b) for all other purposes, until the assessment roll for the following year becomes the last equalized roll in accordance with the provisions of this section.

SEC. 8. It is the intent of the Legislature, if this bill and Assembly Bill No. 870 are both chaptered and become effective January 1, 1975, both bills amend Section 753.5 of the Revenue and Taxation Code, and this bill is chaptered after Assembly Bill No. 870, that the amendments to Section 753.5 proposed by both bills be given effect and incorporated in Section 753.5 in the form set forth in Section 2.5 of this act. Therefore, Section 2.5 of this act shall become operative only if this bill and Assembly Bill No. 870 are both chaptered and become effective January 1, 1975, both amend Section 753.5, and this bill is chaptered after Assembly Bill No. 870, in which case Section 2 of this act shall not become operative.

CHAPTER 313

An act to add Section 10805.5 to the Education Code, relating to interdistrict attendance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 31, 1974 Filed with Secretary of State May 31, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 10805.5 is added to the Education Code, to read:

10805.5. Attendance credited to a school district pursuant to Section 11501.1 shall not be included in the computation of the reduction of the revenue limit of the district prescribed by the first paragraph of subdivision (d) of Section 10805.

SEC. 2. Section 10805.5 of the Education Code, as added by Section 1 of this act, shall become operative only if Assembly Bill No. 2726 of the 1973–74 Regular Session of the Legislature is enacted and amends Section 10805 of the Education Code.

If Assembly Bill No. 2726 is enacted before this bill, Section 10805.5 shall become operative on the effective date of this bill.

If Assembly Bill No. 2726 is enacted after this bill, Section 10805.5 shall become operative upon the effective date of Assembly Bill No. 2726.

SEC. 3. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit this act to be operative for the entire 1974–75 school year, and at the same time as other amendments to the law relating to interdistrict attendance, so as to facilitate the orderly administration of the interdistrict attendance program, it is necessary that this act take effect immediately.

CHAPTER 314

An act to amend Section 8589.5 of the Government Code, relating to dam safety, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 31, 1974. Filed with Secretary of State May 31, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 8589.5 of the Government Code is amended to read:

8589.5. (a) Inundation maps showing the areas of potential flooding in the event of sudden or total failure of any dam, the partial or total failure of which the Office of Emergency Services determines, after consultation with the Department of Water Resources, would result in death or personal injury, shall be prepared and submitted as provided in this subdivision within six months after the effective date of this section, unless the time for submission of such maps is extended for reasonable cause by the Office of Emergency Services. The local governmental organization, utility, or other owner of any dam so designated shall submit to the Office of Emergency Services one such map which shall delineate potential flood zones that could result in the event of dam failure when the reservoir is at full capacity or if the local governmental organization, utility, or other owner of any dam shall determine it to be desirable he shall submit three such maps, which shall delineate potential flood zones that could result in the event of dam failure when the reservoir is at full capacity, at median-storage level, and at normally low-storage level. After submission of copies of such map or maps, the Office of Emergency Services shall review the map or maps, and shall return that map or maps which do not meet the requirements of this subdivision, together with recommendations relative to conforming to such provisions. Maps rejected by the Office of Emergency Services shall be revised to conform to such recommendations and resubmitted. The Office of Emergency Services shall keep on file those maps which conform to the provisions of this subdivision. Maps approved pursuant to this

subdivision shall also be kept on file with the Department of Water Resources. The owner of a dam shall submit final copies of such maps to the Office of Emergency Services which shall immediately submit identical copies to the appropriate public safety agency of any city, county, or city and county likely to be affected.

(b) Based upon a review of inundation maps submitted pursuant to subdivision (a) or based upon information gained by an onsite inspection and consultation with the affected local jurisdiction when the requirement for an inundation map is waived pursuant to subdivision (d), the Office of Emergency Services shall designate areas within which death or personal injury would, in its determination, result from the partial or total failure of a dam. The appropriate public safety agencies of any city, county, or city and county, the territory of which includes such an area, shall adopt emergency procedures for the evacuation and control of populated areas below such dams. The Office of Emergency Services shall review such procedures to determine whether adequate public safety measures exist for the evacuation and control of populated areas below the dams, and shall make recommendations with regard to the adequacy of such procedures to the concerned public safety agency. In conducting such review the Office of Emergency Services shall consult with appropriate state and local agencies.

Emergency procedures specified in this subdivision shall conform to local needs, and may be required to include any of the following elements or any other appropriate element, in the discretion of the Office of Emergency Services: (1) delineation of area to be evacuated; (2) routes to be used; (3) traffic control measures; (4) shelters to be activated for the care of the evacuees; (5) methods for the movement of people without their own transportation; (6) identification of particular areas or facilities in the flood zones which will not require evacuation because of their location on high ground or similar circumstances; (7) identification and development of special procedures for the evacuation and care of people from unique institutions; (8) procedures for the perimeter and interior security of the area, including such things as passes, identification requirements, and antilooting patrols; (9) procedures for the lifting of the evacuation and reentry of the area; and (10) details of which organizations are responsible for these functions and the material and personnel resources required. It is the intent of the Legislature to encourage each agency that prepares such emergency procedures to establish a procedure for their review every two years.

(c) "Dam," as used in this section, has the same meaning as specified in Sections 6002, 6003, and 6004 of the Water Code.

(d) Under certain exceptional conditions as follows, the Office of Emergency Services may waive the requirement for an inundation map:

(1) Where the effects of potential inundation in terms of death or personal injury as determined through onsite inspection by the Office of Emergency Services in consultation with the affected local

jurisdictions, can be ascertained without an inundation map; and

(2) Where adequate evacuation procedures can be developed without benefit of an inundation map.

(e) If development should occur in any exempted area after a waiver has been granted, the local jurisdiction shall notify the Office of Emergency Services of such development. All waivers shall be reevaluated every two years by the Office of Emergency Services.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Present law (Section 8589.5 of the Government Code) requires that specified dam owners file inundation maps with the Office of Emergency Services.

This act permits, under certain circumstances, the Office of Emergency Services to waive the requirements of an inundation map.

Thus, because of the enormous burden placed on specified dam owners to file inundation maps in certain cases where such filing is not necessary to protect the public from loss of life or injury, it is necessary that this act take effect immediately.

CHAPTER 315

An act to add Section 31011 to the Government Code, relating to counties.

[Approved by Governor May 31, 1974. Filed with Secretary of State May 31, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 31011 is added to the Government Code, to read:

31011. Every county employee shall have the right to inspect and review any official record relating to his or her performance as an employee or to a grievance concerning the employee which is kept or maintained by the county; provided, however, that the board of supervisors of any county may exempt letters of reference from the provisions of this section.

The contents of such records shall be made available to the employee for inspection and review at reasonable intervals during the regular business hours of the county.

The county shall provide an opportunity for the employee to respond in writing, or personal interview, to any information about which he or she disagrees. Such response shall become a permanent part of the employee's personnel record. The employee shall be responsible for providing the written responses to be included as part

of the employee's permanent personnel record.

This section does not apply to the records of an employee relating to the investigation of a possible criminal offense.

SEC. 2. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

CHAPTER 316

An act to amend Section 6060 of the Business and Professions Code, relating to the practice of law, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 31, 1974 Filed with Secretary of State May 31, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 6060 of the Business and Professions Code is amended to read:

6060. To be certified to the Supreme Court for admission and a license to practice law, a person who does not comply with Section 6062 shall:

(a) Be of the age of at least 18 years.

(b) Be of good moral character.

(c) Before beginning the study of law, have either:

(1) Completed at least two years of college work, which college work shall be not less than one-half of the collegiate work acceptable for a bachelor's degree granted upon the basis of a four-year period of study by a college or university approved by the examining committee; or

(2) Have attained in apparent intellectual ability the equivalent of at least two years of the college work hereinabove defined. Such equivalent with respect to a person applying for admission to a law school accredited by the examining committee shall be determined by the dean or faculty thereof and with respect to all other persons shall be determined by the examining committee. The determination by the examining committee may be made after a personal interview with the person or the examining committee may require him to pass a written examination. Such examination may be given by the examining committee, or, if the examining committee so elects, the examination may be given under its supervision by such members of the faculty of a college as the examining committee may

select or by the Department of Education of this state; provided, however, that any person who receives an adverse determination by the committee without an examination or fails an examination given directly by the committee shall, upon demand made within 30 days after receiving notice thereof, have the right to be reexamined either by such faculty members or department as the committee may decide. In the event that the examination is given by the Department of Education, a fee for such examination shall be charged by the department, which fee shall not exceed fifteen dollars ($15).

The requirements of paragraph (2) of this subdivision shall not apply to a person who had reached the age of 25 years prior to commencing the study of law and who commenced such study and registered with the examining committee as provided in subdivision (d) of this section prior to January 1, 1955.

(d) Have registered with the examining committee as a law student within three months after beginning the study of law. The examining committee, upon good cause being shown, may permit a later registration.

(e) Have either:

(1) Graduated from a law school accredited by the examining committee requiring substantially the full time of its students for three years.

(2) Graduated from a law school accredited by the examining committee requiring a part only of its students' time for four years.

(3) Studied law diligently and in good faith for at least four years, which study shall be:

(i) In a law school that is authorized to confer professional degrees and requires classroom attendance of its students for a minimum of 270 hours a year; or

(ii) In a law office in this state and under the personal supervision of a member of the State Bar of California who is, and for at least five years last past continuously has been, engaged in the active practice of law; or

(iii) In the chambers and under the personal supervision of a judge of a court of record of this state; or

(iv) By instruction in law from a correspondence law school requiring 864 hours of preparation and study per year for four years.

(v) By any combination of the methods referred to in paragraph (3) of this subdivision.

It shall be the duty of the attorney or judge referred to under (ii) and (iii) of paragraph (3) of this subdivision to render such periodic reports to the examining committee as the committee may require.

(4) Commence the study of law and registered as a law student as provided in subdivision (d) of this section prior to January 1, 1954, and completed four years of law study, diligently and in good faith.

(f) Have passed a final bar examination given by the examining committee.

(g) After completion of his first year of law study, have passed a

first-year law student's examination given by the examining committee. This requirement shall not apply to a student who satisfactorily completes the first-year course of instruction in a law school accredited by the examining committee and who either (1) commenced the study of law and registered with the examining committee as provided in subdivision (d) of this section prior to January 1, 1954, or (2) had completed at least two years of college work as defined in this section prior to matriculating in such accredited law school, nor shall this requirement apply to an applicant who has passed the bar examination of a sister state or of a country wherein the common law of England constitutes the basis of jurisprudence. An applicant who is required to take such first-year examination shall not receive credit for his first year of law study until he has passed such examination; nor shall he receive credit for any law study subsequent to the first year, and before he shall have passed such examination, unless for good cause in a particular case the committee decides that credit should be given for such subsequent study or for some part thereof.

The examination which the students in their first year of law studies are required to take shall be given twice a year at reasonable intervals.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Questions have arisen concerning the validity of the minimum age requirement for eligibility to take the college equivalency examination as a prerequisite to the study of law. In order to resolve these questions, and to permit applicants desiring to take the college equivalency examination to do so at the earliest possible moment, it is necessary that this act take effect immediately.

CHAPTER 317

An act to add Chapter 3.5 (commencing with Section 55530) to Part 2 of Division 2 of Title 5 of the Government Code, relating to school crossing guard maintenance districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 31, 1974. Filed with Secretary of State May 31, 1974]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.5 (commencing with Section 55530) is added to Part 2 of Division 2 of Title 5 of the Government Code, to read:

CHAPTER 3.5. CROSSING GUARD MAINTENANCE DISTRICTS

Article 1. General

55530. This chapter shall be known and cited as the Crossing Guard Maintenance District Act of 1974.

55531. "Clerk" means the clerk of the legislative body of a local agency.

55532. "Local agency" means a city, a county or a city and county.

55533. "Maintenance" means the performance of all acts and the doing of the things necessary to carry out the purposes of this chapter including the employment of persons to act as guards at pedestrian crossings.

55534. "Crossing guard maintenance district" or "district" means any district created pursuant to the provisions of this chapter to pay the assessments for providing crossing guards as provided in this chapter.

55535. The purpose of this chapter is to provide a means whereby any local agency may form districts within which land and improvements may be assessed to pay the costs and expenses of providing pedestrian crossing guards at street intersections in order to insure the safety of schoolchildren who use such intersections.

Article 2. Formation of District

55540. Proceedings for the formation of a crossing guard maintenance district may be initiated by petition signed by two-thirds of the registered voters in the proposed district or by resolution of intention by the legislative body of the local agency which has jurisdiction over the territory proposed to be included in the district. The sufficiency of such petition shall be determined by reference to the county voter registration rolls at the time at which the petition is presented to the legislative body of the local agency.

The petition or resolution shall contain a general description of the exterior boundaries of the proposed district and shall identify the street intersections at which crossing guards are desired.

A petition submitted pursuant to this section shall be filed with the clerk, who shall determine its sufficiency. If it is signed by the requisite number of qualified signers, the clerk shall certify to that effect and shall present the petition and the certificate to the legislative body.

The legislative body shall thereupon order the preparation of the preliminary report as provided in Section 55541 and shall adopt a resolution of intention to form the district as provided in Section 55543.

55541. Before the legislative body adopts a resolution of intention to form a district, the appropriate officer of the local agency, as designated by the legislative body, shall make and file with the clerk

a preliminary report which shall contain the following information:

(a) A general description of the area proposed to be included in the district; and

(b) An estimate of the cost of providing crossing guards at appropriate street intersections within such district.

55542. After the filing of the report, the clerk shall present it to the legislative body for consideration. The legislative body may approve, amend, alter, modify or correct the report. When the report has been approved by the legislative body, it shall fix a time and place for hearing protests against the proposed formation of the district or to the report and shall adopt a resolution declaring its intention to form the district. The report shall thereafter be open to inspection in the office of the clerk until the public hearing.

55543. If the legislative body determines that the public safety and welfare requires the formation of a district, it may adopt a resolution declaring its intention to form a district pursuant to the provisions of this chapter. The resolution of intention, in addition to making the foregoing determination, shall also contain:

(a) A general description of the exterior boundaries of the proposed district;

(b) An estimate of the cost of providing crossing guards within the proposed district;

(c) A statement that an annual assessment may be levied to pay the costs and expenses of providing such crossing guards;

(d) A statement of the annual assessment limit on each one hundred dollars ($100) of assessed value of taxable land and improvements within the district and that amounts so assessed shall be levied and collected at the same time and in the same manner as general taxes of the local agency are collected;

(e) The day, hour and place for the hearing by the legislative body of protests against the formation of the proposed district, and a statement that any owner of property liable to be assessed for the maintenance may make written protest against the formation of the proposed district by filing such protest with the clerk at any time not later than the hour so fixed for the hearing. The time for the hearing shall be not less than 15 nor more than 60 days from the date of the adoption of the resolution of the legislative body.

55544. The proposed district may be described in the resolution of intention by stating the exterior boundaries thereof or by referring to the description provided for in the preliminary report.

55545. The legislative body in its discretion may, in the resolution of intention or at any subsequent time, order that a portion of the costs and expenses of the maintenance shall be paid out of the treasury of the local agency from such funds as the legislative body may designate.

55546. The resolution of intention shall be published pursuant to Section 6061 of this code at least 15 days before the date set for the hearing of protests.

55547. A copy of the resolution shall be mailed at least 10 days

before the date of the hearing of protests, postage prepaid, by the clerk to each property owner within the district as shown on the latest equalized assessment roll.

55548. At any time prior to the time set for hearing protests against the formation of the proposed district, any property owner liable to be assessed for maintenance may make and file with the clerk a written protest stating his objection to the proposed district.

55549. The protest shall contain a description of the property sufficient to identify it and shall be delivered to the clerk. Only protests made at the time and in the manner required in this chapter shall be considered. The clerk shall endorse on every such protest the date of its receipt by him and shall at the time appointed for the hearing present all protests to the legislative body. Any protest may be withdrawn by the person making it, in writing, at any time prior to the conclusion of the hearing or any adjournment thereof.

55550. At the hearing all protests shall be heard and considered. If the legislative body finds that more than one-half of the owners of property within the proposed district who also own more than one-half of the assessed value of the land and improvements included within the proposed district and subject to assessment have filed written protests which are not withdrawn prior to the conclusion of the hearing or any adjournment thereof, the legislative body shall, in its discretion, either terminate all further proceedings or submit the question of the formation of the district to a vote within the territory of the proposed district. If the proceeding is terminated, no subsequent proceedings under this chapter for the formation of the same or substantially the same district shall be commenced within six months thereafter. If the legislative body finds that the protests filed are less than a majority in number and assessed value, it may continue with the hearing.

55551. At the hearing the legislative body may order changes in the proposed boundaries of the district by the elimination of any portion thereof which will not, in its opinion, be benefited by the provision of crossing guards.

If the legislative body proposes a change in the boundaries to include additional land in the district, the legislative body shall adopt a resolution briefly describing the change proposed to be made and giving notice of the time and place when and where any interested person may protest such change. The time of such hearing of protests shall be not less than 15 nor more than 60 days from the date of the adoption of the resolution proposing a change in the boundaries. The clerk shall mail, postage prepaid, a copy of a notice of intention to make a change in the boundaries to each property owner within the area proposed to be added as shown on the latest equalized assessment roll. The notice shall be mailed at least 10 days before the date of the hearing of protests and shall describe the proposed change and specify the time for hearing protests. The notice shall also be published in the same manner as provided in Section 55545.

55552. If the boundaries are changed, protests made by owners of

03129 618445 612

land or improvements excluded by the change shall not be counted in computing whether there is a majority protest, but protests made by owners of the remaining assessable land and improvements in the district, including assessable land or improvements added by a change in the boundaries, and filed with the clerk not later than the time set for hearing objections to the proposed change, shall be included in computing whether there is a majority protest.

55553. Except in the case of a majority protest, the legislative body may sustain or deny any or all protests and its determination is final and conclusive. The determination shall be entered upon the minutes. If the protests are denied or if no protests are filed, the legislative body shall immediately acquire jurisdiction to form the district and to proceed further in accordance with the provisions of this chapter. In the event that there is a majority protest against a change of boundaries to include additional territory, as provided in Section 55551, no change of boundaries shall be ordered by the legislative body.

55554. If the legislative body decides to proceed, it shall by ordinance fix and establish the boundaries of the district, declare that the district is formed pursuant to this chapter, order the maintenance to be performed and provide that the cost and expense of doing the maintenance shall be paid by annual assessments upon the land and improvements within the district. The ordinance forming the district shall be final and conclusive.

55555. Any protests not made at the time and in the manner required by this chapter are deemed waived voluntarily. The validity of proceedings taken under this chapter shall not be attacked subsequent to the hearing upon any ground not stated in a protest filed pursuant to this chapter. Any property owner is estopped to attack the proceedings upon any ground not stated in a protest filed by the owner pursuant to this chapter. The validity of the formation of a district formed pursuant to this chapter shall not be contested in any action or proceeding unless the action or proceeding is commenced within 30 days after the date of the ordinance forming the district. Any appeal from a final judgment in such an action or proceeding must be perfected within 30 days after the entry of the judgment. Any defect, error, or informality in the petition, the clerk's certificate, the publication, posting, or mailing of notices, or failure of the property owner to receive notice shall not invalidate any proceedings pursuant to this chapter.

55556. Any election held pursuant to the provisions of this article shall be called, held and conducted, as nearly as practicable, in accordance with the procedures for calling, holding and conducting elections in general law cities.

Article 3. Administration

55558. The legislative body shall have complete charge, supervision and control of all districts established pursuant to the

provisions of this chapter. The legislative body may enter into such contracts and may employ such personnel as may be required.

The costs and expenses of maintaining crossing guards shall be paid for from the funds of the district or out of any fund which may be provided or advanced by the legislative body for expenditure for such purposes. The payments so advanced shall be reimbursed from district funds when moneys are available.

55559. The legislative body shall levy an annual ad valorem special assessment on all taxable land and improvements within the district to pay the costs of maintaining crossing guards. The annual assessments shall be levied and collected at the same time and in the same manner and with the same interest and penalties as general taxes of the local agency are collected.

55560. Any land or improvements belonging to the state or to any county, city, city and county, district or other public agency, being used for the performance of a public function and lying within the district is not subject to assessment unless the consent of the governing body of the agency owning such land or improvements is filed with the legislative body. If consent is filed, the land and improvements are subject to assessment in the same manner as other land and improvements within the district.

55561. The proceeds of the annual special assessments shall be paid to the treasurer of the local agency, who shall place the proceeds in a special fund to the credit of the district and payment shall be made out of the special fund only for the purposes provided for in this chapter for the district.

If a district is organized in any year too late for the levy of a special assessment in that year or in the next ensuing year, the legislative body is hereby authorized to transfer funds out of the general fund of the local agency to the special fund of the district to be used for the payment of the expenses of the district until such time as special assessment receipts are available therefor. The legislative body shall include in the levy of the special assessment for the district for the first fiscal year in which the assessment may be levied a sum sufficient to repay the local agency the amount so transferred for the portion or portions of the preceding fiscal year for which no levy of assessment was made for that purpose. The amount so transferred shall be repaid into the general fund of the local agency from the district fund out of the first available receipts from the special assessment levied.

55562. If for any reason there shall be a deficiency in the funds derived from the annual special assessments levied for the district, the legislative body may meet the deficiency by an appropriation out of the general fund or may advance such sums, to be repaid out of the proceeds of the annual special assessment for the next or ensuing years, as deemed appropriate by the legislative body.

55563. Any unexpended balance remaining in the special fund for the district after the payment of the costs and expenses for which the assessment was levied shall be credited to the fund to be raised

for the next ensuing period of maintenance for the district.

55564. The provisions of Section 2263.2 of the Revenue and Taxation Code shall not apply to any ad valorem special assessment levied pursuant to this chapter.

Article 4. Annexations, Detachments, and Dissolution

55565. Annually, prior to the beginning of each fiscal year, the legislative body shall review the boundaries of each district and shall determine if all areas within such district will be benefited by continued inclusion within the district. The legislative body shall also determine if any areas outside the district are being benefited by the services provided by the district. If the legislative body determines that territory is no longer benefited by inclusion within the district or that territory outside of the district is receiving benefit from the services provided by the district, whether because of changes in school district boundaries or for other reasons, it shall adopt a resolution stating this fact and describing the affected territory. The resolution shall state that it is the intention of the legislative body to annex such territory to the district or to detach it from the district, as the case may be.

55566. The legislative body shall hold a hearing on any resolution adopted pursuant to Section 55565 and shall direct the clerk to give notice of the time, place and purpose of such hearing by mailing written notice to each property owner within the boundaries of the territory described in the resolution whose name and address appears on the latest equalized assessment roll.

55567. The legislative body shall direct the clerk to publish a notice, at least 15 days prior to the date of the hearing, as provided in Section 6061 of this code. The notice shall state the time and place of the hearing and shall contain a description of the territory proposed to be annexed or detached.

55568. At the time fixed for the hearing the legislative body shall hear and pass upon the proposal.

(1) In the event that a proposal is for the annexation of territory to a district, the legislative body shall provide for the same actions and proceedings as provided in Article 2 (commencing with Section 55540) except that such actions and proceedings shall be limited to the area proposed to be annexed.

(2) In the event that a proposal is for the detachment of territory from a district, the legislative body, at the conclusion of its hearing, shall determine if that portion of the district sought to be detached will be benefited by remaining within the district. If the legislative body finds that such territory will not be benefited, it shall, by ordinance, order the territory detached. The detachment shall become effective beginning with the fiscal year next preceding the enactment of the detachment ordinance.

55569. In the event that a proposed detachment of territory from a district would reduce the area of the district by more than 25

percent of the original size of the district, the hearing on detachment shall also consider if the district should be continued in existence or should be dissolved. In such a case the legislative body shall provide mailed notice of the hearing to all property owners within the district. In addition, at the conclusion of such a hearing, the legislative body may determine, by resolution, either to dissolve the district, to continue the district in existence, or to submit the question of the district's continued existence to a vote. In the event that an election is held, it shall be called, held and conducted, as nearly as practical, in accordance with the provisions of Article 2 (commencing with Section 55540) which provide for an election on the formation of a district.

55570. Any district formed pursuant to this chapter shall be automatically dissolved at the conclusion of the 10th year after its formation.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

(d) Seventy-five percent of the funds payable under this section shall be apportioned among the several counties monthly in the respective proportions that the number of fee-paid and exempt vehicles registered, as calculated by the Department of Motor Vehicles pursuant to Section 4004.5 of the Vehicle Code, in each county bears to the total number of fee-paid and exempt vehicles registered in the state during the 12 calendar months covered by the 12 verified statements of registrations last filed with the State Controller, as herein provided, prior to the making of such apportionment.

For purposes of apportionment under this subdivision, the Department of Motor Vehicles shall, as soon as possible after the last day of each calendar month, furnish to the State Controller a verified statement showing the number of fee-paid and exempt vehicles registered in each county and in the state during the preceding calendar month.

(e) Of the remaining moneys payable there shall be paid to each eligible county an amount monthly computed, as follows: The number of miles of maintained county road in each county shall be multiplied by forty-two dollars ($42); from the resultant amount there shall be deducted the amount received by each county under subdivision (d) and the remainder, if any, shall be paid to each county.

If such total is one million five hundred thousand dollars ($1,500,000) or more, each fiscal year the Controller shall compute percentages for the apportionment of one million five hundred thousand dollars ($1,500,000) to the several counties in the state for

The percentage each county is to be apportioned during such fiscal year shall be derived by adding its reimbursable snow removal expenditures for the three preceding fiscal years as to which the Controller has received snow removal expenditure reports pursuant to Section 2152, and dividing the sum by the total amount of reimbursable snow removal expenditures by all counties in the state during said fiscal years.

On or before the first day of March of each year, the Controller shall notify each county of the amount apportioned to it pursuant to this section for expenditure for snow removal on county roads during the following fiscal year.

An act to amend Section 14321 of the Welfare and Institutions Code, relating to medical care pilot programs, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 11, 1974 Filed with Secretary of State June 11, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 14321 of the Welfare and Institutions Code is amended to read:

14321. In providing benefits under this chapter through prepaid health plans, the department may contract with one or more carriers whereby the carrier provides a program underwriting the risk involved. For the purpose of establishing a prepaid health plan any carrier as defined in Section 14261 shall be deemed capable of providing, arranging, paying or reimbursing the cost of the health care services as defined in Section 14053.

In providing benefits under this chapter the department may contract with carriers or other organizations to establish pilot programs, each of which may be set up to exist for a period of time, not to exceed four years, which shall be sufficient to demonstrate the value or lack thereof of such a program, as determined by the director, in delivering health care services in an efficient or effective manner. Such programs shall demonstrate different methods of providing health care services and shall emphasize methods of utilization, review and preventive care, and shall provide incentives for using the most economical level of care. Such programs may provide benefits on the basis of class of recipient, class of benefit, geographical area, or any other reasonable classification. In entering into contracts under this subdivision the department may provide that the extent of benefit coverage may be limited to a fixed number of days, or amount, or duration of services. The contract may provide that the carrier or other organization shall continue to administer benefits provided beyond the applicable limitation. Any contracts entered into pursuant to this chapter shall not interfere or conflict with pilot programs established pursuant to this section.

The director shall submit to the Legislature a written progress report regarding any action taken under the above provisions of this section no later than the fifth legislative day of each general session.

In addition the director shall establish a pilot program to compare patient treatment profiles and prior authorization as controls of overutilization. It is the intent of the Legislature that the most cost-effective system shall be established on a statewide basis. The director shall report to the Legislature the results of this project within six months of its initiation, and shall submit a final report to the Legislature within three months of its completion. Nothing contained in this paragraph shall be construed to prevent the Department of Health from contracting with carriers for the establishment of prepaid health plans in the same area as the pilot program.

SEC. 2. Under Section 14321 of the Welfare and Institutions Code, the Director of the Department of Health is required to establish a pilot program to compare patient treatment profiles and prior authorization as controls of overutilization. The Legislature finds that further data on the most cost-effective system is needed and may be secured by continuing such pilot project for an additional year in one or more representative geographical areas of the state,

such as the area of Fresno County, that have demonstrated ability and willingness to participate. Such pilot program established under Section 14321 of the Welfare and Institutions Code shall continue in Fresno County and such other areas as determined by the Director of the Department of Health in carrying out the purpose of this section. The Director of the Department of Health shall report to the Legislature the results of the continuation of this project.

SEC. 3. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the pilot project concerning controls on overutilization of medical benefits may be continued as provided in this act, it is necessary that this act take immediate effect.

SEC. 4. This act shall remain in effect only until April 30, 1975, and as of such date is repealed, unless a later enacted statute, which is chaptered before April 30, 1974, deletes or extends such date.

CHAPTER 331

An act to add Chapter 5 (commencing with Section 1980) to Title 5 of Part 4 of Division 3, and to repeal Section 1862, of the Civil Code, and to amend Section 1174 of the Code of Civil Procedure, relating to abandoned personal property.

[Approved by Governor June 11, 1974 Filed with Secretary of State June 11, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 1862 of the Civil Code is repealed.

SEC. 2. Chapter 5 (commencing with Section 1980) is added to Title 5 of Part 4 of Division 3 of the Civil Code, to read:

CHAPTER 5. DISPOSITION OF PERSONAL PROPERTY REMAINING ON PREMISES AT TERMINATION OF TENANCY

1980. As used in this chapter:

(a) "Landlord" means any operator, keeper, lessor, or sublessor of any furnished or unfurnished premises for hire, or his agent or successor in interest.

(b) "Owner" means any person other than the landlord who has any right, title, or interest in personal property.

(c) "Premises" includes any common areas associated therewith.

(d) "Reasonable belief" means the actual knowledge or belief a prudent person would have without making an investigation (including any investigation of public records) except that, where the landlord has specific information indicating that such an

investigation would more probably than not reveal pertinent information and the cost of such an investigation would be reasonable in relation to the probable value of the personal property involved, "reasonable belief" includes the actual knowledge or belief a prudent person would have if such an investigation were made.

(e) "Tenant" includes any paying guest, lessee, or sublessee of any premises for hire.

1981. (a) This chapter provides an optional procedure for the disposition of personal property which remains on the premises after a tenancy has terminated and the premises have been vacated by the tenant.

(b) This chapter does not apply where Section 1862.5, 2080.8, 2080.9, or 2081 to 2081.6, inclusive, applies. This chapter does not apply to property which exists for the purpose of providing utility services and is owned by a public utility, whether or not such property is actually in operation to provide such utility services.

(c) If the requirements of this chapter are not satisfied, nothing in this chapter affects the rights and liabilities of the landlord, former tenant, or any other person.

1982. (a) Personal property which the landlord reasonably believes to have been lost shall be disposed of pursuant to Article 1 (commencing with Section 2080) of Chapter 4 of Title 6. The landlord is not liable to the owner of the property if he complies with this subdivision.

(b) If the appropriate police or sheriff's department refuses to accept property pursuant to subdivision (a), the landlord may dispose of the property pursuant to this chapter.

1983. (a) Where personal property remains on the premises after a tenancy has terminated and the premises have been vacated by the tenant, the landlord shall give written notice to such tenant and to any other person the landlord reasonably believes to be the owner of the property.

(b) The notice shall describe the property in a manner reasonably adequate to permit the owner of the property to identify it. The notice may describe all or a portion of the property, but the limitation of liability provided by Section 1989 does not protect the landlord from any liability arising from the disposition of property not described in the notice except that a trunk, valise, box, or other container which is locked, fastened, or tied in a manner which deters immediate access to its contents may be described as such without describing its contents. The notice shall advise the person to be notified that reasonable costs of storage may be charged before the property is returned, where the property may be claimed, and the date before which the claim must be made. The date specified in the notice shall be a date not less than 15 days after the notice is personally delivered or, if mailed, not less than 18 days after the notice is deposited in the mail.

(c) The notice shall be personally delivered to the person to be notified or sent by first-class mail, postage prepaid, to the person to

be notified at his last known address and, if there is reason to believe that the notice sent to that address will not be received by that person, also to such other address, if any, known to the landlord where such person may reasonably be expected to receive the notice. If the notice is sent by mail to the former tenant, one copy shall be sent to the premises vacated by such tenant.

1984. (a) A notice given to the former tenant which is in substantially the following form satisfies the requirements of Section 1983:

Notice of Right to Reclaim Abandoned Property

To: _____
(Name of former tenant)

_____
(Address of former tenant)

When you vacated the premises at _____

(address where property may be claimed)

Unless you pay the reasonable cost of storage for all the above-described property, and take possession of the property which you claim, not later than _____ (insert date not less than 15 days after notice is personally delivered or, if mailed, not less than 18 days after notice is deposited in the mail) this property may be disposed of pursuant to Civil Code Section 1988.

(Insert here the statement required by subdivision (b) of this section)

Dated:_____

(b) The notice set forth in subdivision (a) shall also contain one of the following statements:

(1) "If you fail to reclaim the property, it will be sold at a public sale after notice of the sale has been given by publication. You have the right to bid on the property at this sale. After the property is sold and the cost of storage, advertising, and sale is deducted, the remaining money will be paid over to the county. You may claim the

remaining money at any time within one year after the county receives the money."

(2) "Because this property is believed to be worth less than $100, it may be kept, sold, or destroyed without further notice if you fail to reclaim it within the time indicated above."

1985. A notice which is in substantially the following form given to a person (other than the former tenant) the landlord reasonably believes to be the owner of personal property satisfies the requirements of Section 1983:

Notice of Right to Reclaim Abandoned Property

To: _____
(Name)

_____
(Address)

When _____ vacated the premises at
(name of former tenant)

_____,
(address of premises, including room or apartment number, if any)

the following personal property remained:

If you own any of this property, you may claim it at _____. Unless you pay the reasonable
(address where property may be claimed)

cost of storage and take possession of the property to which you are entitled not later than _____ (insert date not less than 15 days after notice is personally delivered or, if mailed, not less than 18 days after notice is deposited in the mail) this property may be disposed of pursuant to Civil Code Section 1988.

Dated:_____

1986. The personal property described in the notice shall either be left on the vacated premises or be stored by the landlord in a place of safekeeping until the landlord either releases the property pursuant to Section 1987 or disposes of the property pursuant to Section 1988. The landlord shall exercise reasonable care in storing the property, but he is not liable to the tenant or any other owner for any loss not caused by his deliberate or negligent act.

1987. (a) The personal property described in the notice shall be released by the landlord to the former tenant or, at the landlord's option, to any person reasonably believed by the landlord to be its

owner if such tenant or other person pays the reasonable cost of storage and takes possession of the property not later than the date specified in the notice for taking possession.

(b) Where personal property is not released pursuant to subdivision (a) and the notice stated that the personal property would be sold at a public sale, the landlord shall release the personal property to the former tenant if he claims it prior to the time it is sold and pays the reasonable cost of storage, advertising, and sale incurred prior to the time the property is withdrawn from sale.

1988. (a) If the personal property described in the notice is not released pursuant to Section 1987, it shall be sold at public sale by competitive bidding. However, if the landlord reasonably believes that the total resale value of the property not released is less than one hundred dollars ($100), he may retain such property for his own use or dispose of it in any manner he chooses. Nothing in this section shall be construed to preclude the landlord or tenant from bidding on the property at the public sale.

(b) Notice of the time and place of the public sale shall be given by publication pursuant to Section 6066 of the Government Code in a newspaper of general circulation published in the county where the sale is to be held. The last publication shall be not less than five days before the sale is to be held. The notice of the sale shall not be published before the last of the dates specified for taking possession of the property in any notice given pursuant to Section 1983. The notice of the sale shall describe the property to be sold in a manner reasonably adequate to permit the owner of the property to identify it. The notice may describe all or a portion of the property, but the limitation of liability provided by Section 1989 does not protect the landlord from any liability arising from the disposition of property not described in the notice, except that a trunk, valise, box, or other container which is locked, fastened, or tied in a manner which deters immediate access to its contents may be described as such without describing its contents.

(c) After deduction of the costs of storage, advertising, and sale, any balance of the proceeds of the sale which is not claimed by the former tenant or an owner other than such tenant shall be paid into the treasury of the county in which the sale took place not later than 30 days after the date of sale. The former tenant or other owner may claim the balance within one year from the date of payment to the county by making application to the county treasurer or other official designated by the county. If the county pays the balance or any part thereof to a claimant, neither the county nor any officer or employee thereof is liable to any other claimant as to the amount paid.

1989. (a) Notwithstanding subdivision (c) of Section 1981, where the landlord releases to the former tenant property which remains on the premises after a tenancy is terminated, the landlord is not liable with respect to that property to any person.

(b) Where the landlord releases property pursuant to Section 1987 to a person (other than the former tenant) reasonably believed by the landlord to be the owner of the property, the landlord is not

liable with respect to that property to:

(1) Any person to whom notice was given pursuant to Section 1983; or

(2) Any person to whom notice was not given pursuant to Section 1983 unless such person proves that, prior to releasing the property, the landlord believed or reasonably should have believed that such person had an interest in the property and also that the landlord knew or should have known upon reasonable investigation the address of such person.

(c) Where property is disposed of pursuant to Section 1988, the landlord is not liable with respect to that property to:

(1) Any person to whom notice was given pursuant to Section 1983; or

(2) Any person to whom notice was not given pursuant to Section 1983 unless such person proves that, prior to disposing of the property pursuant to Section 1988, the landlord believed or reasonably should have believed that such person had an interest in the property and also that the landlord knew or should have known upon reasonable investigation the address of such person.

1990. (a) Costs of storage which may be required to be paid under this chapter shall be assessed in the following manner:

(1) Where a former tenant claims property pursuant to Section 1987, he may be required to pay the reasonable costs of storage for all the personal property remaining on the premises at the termination of the tenancy which are unpaid at the time the claim is made.

(2) Where an owner other than the former tenant claims property pursuant to Section 1987, he may be required to pay the reasonable costs of storage for only the property in which he claims an interest.

(b) In determining the costs to be assessed under subdivision (a), the landlord shall not charge more than one person for the same costs.

(c) If the landlord stores the personal property on the premises, the cost of storage shall be the fair rental value of the space reasonably required for such storage for the term of the storage.

1991. Where a notice of belief of abandonment is given to a lessee pursuant to Section 1951.3, the notice to the former tenant given pursuant to Section 1983 may, but need not, be given at the same time as the notice of belief of abandonment even though the tenancy is not terminated until the end of the period specified in the notice of belief of abandonment. If the notices are so given, the notices may, but need not, be combined in one notice that contains all the information required by the sections under which the notices are given.

SEC. 3. Section 1174 of the Code of Civil Procedure is amended to read:

1174. (a) If upon the trial, the verdict of the jury, or, if the case be tried without a jury, the findings of the court be in favor of the plaintiff and against the defendant, judgment shall be entered for the restitution of the premises; and if the proceedings be for an unlawful

detainer after neglect, or failure to perform the conditions or covenants of the lease or agreement under which the property is held, or after default in the payment of rent, the judgment shall also declare the forfeiture of such lease or agreement if the notice required by Section 1161 of the code states the election of the landlord to declare the forfeiture thereof, but if such notice does not so state such election, the lease or agreement shall not be forfeited.

(b) The jury or the court, if the proceedings be tried without a jury, shall also assess the damages occasioned to the plaintiff by any forcible entry, or by any forcible or unlawful detainer, alleged in the complaint and proved on the trial, and find the amount of any rent due, if the alleged unlawful detainer be after default in the payment of rent. If the defendant is found guilty of forcible entry, or forcible or unlawful detainer, and malice is shown, the plaintiff may be awarded either damages and rent found due or punitive damages in an amount which does not exceed three times the amount of damages and rent found due. The trier of fact shall determine whether damages and rent found due or punitive damages shall be awarded, and judgment shall be entered accordingly.

(c) When the proceeding is for an unlawful detainer after default in the payment of rent, and the lease or agreement under which the rent is payable has not by its terms expired, and the notice required by Section 1161 has not stated the election of the landlord to declare the forfeiture thereof, the court may, and, if the lease or agreement is in writing, is for a term of more than one year, and does not contain a forfeiture clause, shall order that execution upon the judgment shall not be issued until the expiration of five days after the entry of the judgment, within which time the tenant, or any subtenant, or any mortgagee of the term, or any other party interested in its continuance, may pay into the court, for the landlord, the amount found due as rent, with interest thereon, and the amount of the damages found by the jury or the court for the unlawful detainer, and the costs of the proceedings, and thereupon the judgment shall be satisfied and the tenant be restored to his estate.

But if payment as here provided be not made within five days, the judgment may be enforced for its full amount, and for the possession of the premises. In all other cases the judgment may be enforced immediately.

(d) A plaintiff, having obtained a writ of restitution of the premises pursuant to an action for unlawful detainer, shall be entitled to have the premises restored to him by officers charged with the enforcement of such writs. Promptly upon payment of reasonable costs of service, the enforcing officer shall serve or post a copy of the writ in the same manner as upon levy of writ of attachment pursuant to subdivision 1 of Section 542. In addition, where the copy is posted on the property, another copy of the writ shall thereafter be mailed to the defendant at his business or residence address last known to the plaintiff or his attorney or, if no such address is known, at the premises. The writ of restitution of the premises shall include a statement that personal property remaining

on the premises at the time of its restitution to the landlord will be sold or otherwise disposed of in accordance with Section 1174 of the Code of Civil Procedure unless the tenant or the owner pays the landlord the reasonable cost of storage and takes possession of the personal property not later than 15 days after the time the premises are restored to the landlord. If the tenant does not vacate the premises within five days from the date of service, or, if the copy of the writ is posted, within five days from the date of mailing of the additional notice, the enforcing officer shall remove the tenant from the premises and place the plaintiff in possession thereof. It shall be the duty of the party delivering the writ to the officer for execution to furnish the information required by the officer to comply with this section.

(e) Personal property remaining on the premises which the landlord reasonably believes to have been lost shall be disposed of pursuant to Article 1 (commencing with Section 2080) of Chapter 4 of Title 6 of Part 4 of Division 3 of the Civil Code. The landlord is not liable to the owner of any property which he disposes of in this manner. If the appropriate police or sheriff's department refuses to accept such property, it shall be deemed not to have been lost for the purposes of this subdivision.

(f) The landlord shall give notice pursuant to Section 1983 of the Civil Code to any person (other than the tenant) reasonably believed by the landlord to be the owner of personal property remaining on the premises.

(g) The landlord shall store the personal property in a place of safekeeping until it is either released pursuant to subdivision (h) or disposed of pursuant to subdivision (i).

(h) The landlord shall release the personal property to the tenant or, at the landlord's option, to a person reasonably believed by the landlord to be its owner if such tenant or other person pays the costs of storage as provided in Section 1990 of the Civil Code and claims the property not later than the date specified in the writ of restitution before which the tenant must make his claim or the date specified in the notice before which a person other than the tenant must make his claim.

(i) Personal property not released pursuant to subdivision (h) shall be disposed of pursuant to Section 1988 of the Civil Code.

(j) Where the landlord releases personal property to the tenant pursuant to subdivision (h), the landlord is not liable with respect to that property to any person.

(k) Where the landlord releases personal property pursuant to subdivision (h) to a person (other than the tenant) reasonably believed by the landlord to be its owner, the landlord is not liable with respect to that property to:

(1) The tenant or to any person to whom notice was given pursuant to subdivision (f); or

(2) Any other person, unless such person proves that, prior to releasing the property, the landlord believed or reasonably should have believed that such person had an interest in the property and

also that the landlord knew or should have known upon reasonable investigation the address of such person.

(*l*) Where personal property is disposed of pursuant to Section 1988 of the Civil Code, the landlord is not liable with respect to that property to:

(1) The tenant or to any person to whom notice was given pursuant to subdivision (f); or

(2) Any other person, unless such person proves that, prior to disposing of the property pursuant to Section 1988 of the Civil Code, the landlord believed or reasonably should have believed that such person had an interest in the property and also that the landlord knew or should have known upon reasonable investigation the address of such person.

(m) For the purposes of subdivisions (e), (f), (h), (k), and (*l*), the terms "owner," "premises," and "reasonable belief" have the same meaning as provided in Section 1980 of the Civil Code.

CHAPTER 332

An act to add Section 1951.3 to the Civil Code, and to add Section 415.47 to the Code of Civil Procedure, relating to abandonment of leased real property.

[Approved by Governor June 11, 1974. Filed with Secretary of State June 11, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 1951.3 is added to the Civil Code, to read:

1951.3. (a) Real property shall be deemed abandoned by the lessee, within the meaning of Section 1951.2, and the lease shall terminate if the lessor gives written notice of his belief of abandonment as provided in this section and the lessee fails to give the lessor written notice, prior to the date of termination specified in the lessor's notice, stating that he does not intend to abandon the real property and stating an address at which the lessee may be served by certified mail in any action for unlawful detainer of the real property.

(b) The lessor may give a notice of belief of abandonment to the lessee pursuant to this section only where the rent on the property has been due and unpaid for at least 14 consecutive days and the lessor reasonably believes that the lessee has abandoned the property. The date of termination of the lease shall be specified in the lessor's notice and shall be not less than 15 days after the notice is served personally or, if mailed, not less than 18 days after the notice is deposited in the mail.

(c) The lessor's notice of belief of abandonment shall be personally delivered to the lessee or sent by first-class mail, postage

prepaid, to the lessee at his last known address and, if there is reason to believe that the notice sent to that address will not be received by the lessee, also to such other address, if any, known to the lessor where the lessee may reasonably be expected to receive the notice.

(d) The notice of belief of abandonment shall be in substantially the following form:

Notice of Belief of Abandonment

To: _____
(Name of lessee/tenant)

_____
(Address of lessee/tenant)

This notice is given pursuant to Section 1951.3 of the Civil Code concerning the real property leased by you at _____ (state location of the property by address or other sufficient description). The rent on this property has been due and unpaid for 14 consecutive days and the lessor/landlord believes that you have abandoned the property.

The real property will be deemed abandoned within the meaning of Section 1951.2 of the Civil Code and your lease will terminate on _____ (here insert a date not less than 15 days after this notice is served personally or, if mailed, not less than 18 days after this notice is deposited in the mail) unless before such date the undersigned receives at the address indicated below a written notice from you stating both of the following:

(1) Your intent not to abandon the real property.

(2) An address at which you may be served by certified mail in any action for unlawful detainer of the real property.

You are required to pay the rent due and unpaid on this real property as required by the lease, and your failure to do so can lead to a court proceeding against you.

Dated:_____

_____
(Signature of lessor/landlord)

_____
(Type or print name of lessor/landlord)

_____
(Address to which lessee/tenant is to send notice)

(e) The real property shall not be deemed to be abandoned pursuant to this section if the lessee proves any of the following:

(1) At the time the notice of belief of abandonment was given, the rent was not due and unpaid for 14 consecutive days.

(2) At the time the notice of belief of abandonment was given, it was not reasonable for the lessor to believe that the lessee had abandoned the real property. The fact that the lessor knew that the lessee left personal property on the real property does not, of itself, justify a finding that the lessor did not reasonably believe that the

lessee had abandoned the real property.

(3) Prior to the date specified in the lessor's notice, the lessee gave written notice to the lessor stating his intent not to abandon the real property and stating an address at which he may be served by certified mail in any action for unlawful detainer of the real property.

(4) During the period commencing 14 days before the time the notice of belief of abandonment was given and ending on the date the lease would have terminated pursuant to the notice, the lessee paid to the lessor all or a portion of the rent due and unpaid on the real property.

(f) Nothing in this section precludes the lessor or the lessee from otherwise proving that the real property has been abandoned by the lessee within the meaning of Section 1951.2.

(g) Nothing in this section precludes the lessor from serving a notice requiring the lessee to pay rent or quit as provided in Sections 1161 and 1162 of the Code of Civil Procedure at any time permitted by those sections, or affects the time and manner of giving any other notice required or permitted by law. The giving of the notice provided by this section does not satisfy the requirements of Sections 1161 and 1162 of the Code of Civil Procedure.

SEC. 2. Section 415.47 is added to the Code of Civil Procedure, to read:

415.47. (a) Where the lessee has given the lessor written notice of the lessee's intent not to abandon leased real property as provided in Section 1951.3 of the Civil Code, the summons in an action for unlawful detainer of the real property may be served on the lessee by certified mail, postage prepaid, addressed to the lessee at the address stated in the lessee's notice of intent not to abandon if such summons is deposited in the mail within 60 days from the date the lessee's notice of intent not to abandon is received by the lessor. Service in this manner is deemed completed on the 10th day after such mailing.

(b) Where the lessee has given the lessor written notice of the lessee's intent not to abandon leased real property as provided in Section 1951.3 of the Civil Code, but failed to include in such notice an address at which the lessee may be served by certified mail in any action for unlawful detainer of the real property, the summons in an action for unlawful detainer of the real property may be served on the lessee by certified mail, postage prepaid, addressed to the lessee at (1) the same address or addresses to which the lessor's notice of belief of abandonment was addressed if that notice was given by mail or (2) the address of the real property if the lessor's notice of belief of abandonment was personally served on the lessee. Service may not be made pursuant to this subdivision unless the summons is deposited in the mail within 60 days from the date the lessee's notice of intent not to abandon is received by the lessor. Service in the manner authorized by this subdivision is deemed completed on the 10th day after such mailing.

(c) This section provides an alternative method of service on the lessee and does not preclude service in any other manner authorized by this chapter.

CHAPTER 333

An act to amend Section 14904 of, and to repeal Section 13557 of, the Vehicle Code, relating to drivers' licenses.

[Approved by Governor June 11, 1974 Filed with Secretary of State June 11, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 13557 of the Vehicle Code is repealed.

SEC. 2. Section 14904 of the Vehicle Code is amended to read:

14904. (a) Notwithstanding any other provision of this code, before a driver's license may be issued, reissued, or returned to the licensee after a mandatory suspension or a mandatory revocation of a person's driving privilege ordered by the department has been terminated or reinstated there shall, in addition to any other fees required by this code, be paid the department a fee of five dollars ($5).

(b) This section shall not apply to any suspension or revocation that is set aside by the department or a court.

CHAPTER 334

An act to amend Section 11212 of the Welfare and Institutions Code, relating to welfare, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 11, 1974. Filed with Secretary of State June 11, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 11212 of the Welfare and Institutions Code is amended to read:

11212. The state, through the county welfare department, shall reimburse the foster parent or foster parents for the cost of the burial plot and funeral expenses incurred for any child who, at the time of death, is receiving foster care, as defined in Section 11251, to the extent that the foster parent or foster parents are not otherwise reimbursed for costs incurred for such purposes, or, at the request of the foster parent or foster parents, the state, through the county welfare department, shall pay the burial costs and funeral expenses directly to the funeral home and the burial plot owner. The foster parent, or the funeral home and burial plot provider, shall file a claim

03052 619475 746

for reimbursement of costs with the county welfare department at the time and in the manner specified by the department. The county welfare department shall pay an amount not exceeding six hundred fifty dollars ($650) for such claim out of state funds appropriated for such purposes.

SEC. 2. This act shall apply retroactively to January 1, 1974, to the extent that it may legally do so.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Since some foster parents are unable to advance moneys and others have incurred debts for the burial plot and funeral expenses of a foster child, it is necessary that this act which authorizes state vendor payments for such costs take immediate effect.

CHAPTER 335

An act to amend Sections 73822, 73823, and 73824 of the Government Code, relating to courts.

[Approved by Governor June 11, 1974. Filed with Secretary of State June 11, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 73822 of the Government Code is amended to read:

73822. (a) Whenever reference to a numbered salary range is made in any section of this article, the schedule found in the effective salary and position allocation resolution of the County of Stanislaus, shall apply.

(b) Except as otherwise provided in this article, each new officer or employee shall for the first six full calendar months of continuous service receive a salary at the monthly rate specified for step 1 of the applicable range; on the first day of the next calendar month thereafter, his salary may increase to the rate of step 2; after one, two and three additional years of continuous service, his salary may increase to the rates for steps 3, 4 and 5 respectively. Such increases shall be granted only with the approval of the officer's or employee's appointing authority.

(c) Notwithstanding any other provisions of law, until January 1, 1977, the salary of any officer or employee may, upon approval by the board of supervisors, be increased or decreased in order to provide compensation that is comparable to that of county employees of similar qualifications and experience, holding equal or comparable positions in the Stanislaus County classified service, as the comparability is determined by the board. When the salaries of

03061 619505 752

incumbent officers and employees are increased to provide compensation that is comparable to that of county employees holding comparable positions, such officers and employees may, with the approval of their appointing authority, retain the same salary step in the salary range made applicable to their position as they occupied under the superseded salary range. For the purpose of determining eligibility for subsequent annual increments, however, the officer's and employee's anniversary date for step advancement shall not change.

(d) When any officer or employee in the service of the court is appointed or promoted to another office or position in such service which is compensated at a higher salary range he shall receive step 1 of such salary range if step 1 is at least 5 percent higher than the salary received in the office or position relinquished; but if not, he shall receive initially that step of the salary range pertaining to such office or position which will provide not less than a 5-percent increase in his compensation. For the purpose of determining eligibility for subsequent annual increments, the officer's or employee's anniversary date for step advancement will be changed to the first day of the next calendar month following the date of promotion unless the promotion is effective on the first regular working day of the month.

(e) When any officer or employee in the service of the court is demoted to another office or position he shall receive compensation at the highest step of the salary range applicable to the position to which he is demoted which provides a salary not higher than that previously received by such person, except that if such demotion is due to disciplinary action, the appointing authority may specify any step rate of such salary range which provides compensation not higher than that last previously received by such person. For the purpose of determining eligibility for subsequent annual increments, the officer's or employee's anniversary date for step advancement will be changed to the first day of the next calendar month following the date of demotion unless the demotion is effective on the first regular working day of the month.

SEC. 2. Section 73823 of the Government Code is amended to read:

73823. There shall be one clerk appointed by a majority of the judges of the court. The clerk shall be on range 45B and he may appoint, with the approval of a majority of the judges of the court:

(a) One assistant clerk on range 41B.
(b) Three municipal court clerks on range 38B.
(c) One legal clerk on range 35D.
(d) Two account clerks III on range 34D.
(e) One clerk III on range 33D.
(f) Eight clerks II on range 30D.

SEC. 3. Section 73824 of the Government Code is amended to read:

73824. There shall be one marshal who shall be on range 42C and the marshal may appoint:

(a) Two deputy marshals on range 40A
(b) One clerk II on range 30D
(c) Two deputy marshals who shall be custodians at the fee allowed by law for keeping property.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, no appropriation is made by this act nor shall any reimbursement be made for any costs which may be incurred by local agencies or school districts pursuant to the act, because this act is in accordance with the request of a local agency which desired legislative authority to carry out the program specified in this act.

CHAPTER 336

An act to add Section 1203.5 to the Education Code, relating to school district governing boards, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 11, 1974 Filed with Secretary of State June 11, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.5 is added to the Education Code, to read:

1203.5. Proceedings pursuant to Section 1203 may be conducted in conjunction with proceedings under Article 2 (commencing with Section 1111) of Chapter 4 of this division, including proceedings by the county committee on school district organization to establish trustee areas or to increase the number of members of the governing board of the school district from five to seven members, or both. In the event that the number of members of the governing board of the school district is so increased from five to seven members, the terms of office of the board members who take office at the expiration of the terms of office of the board members appointed by the county superintendent of schools shall be determined by lot. The terms of office of the majority of members of the board shall expire on June 30th of the second succeeding odd-numbered year, and the terms of the other members shall expire on June 30th of the first succeeding odd-numbered year. All subsequent members shall serve for four-year terms.

SEC. 2. All proceedings and all action taken by the San Joaquin County Committee on School District Organization, the County Superintendent of Schools of San Joaquin County, the Board of Supervisors of the County of San Joaquin, and all other governmental officers and agencies, in connection with the appointment and election of successor governing boards of the Stockton Unified School District pursuant to statutory law, following the abolition of the governing board of the district as constituted pursuant to former

provisions of the Charter of the City of Stockton, are hereby ratified, validated and confirmed and declared to be legally effective for all purposes. The actions of any and all of such officers and agencies and of the members of the first successor Governing Board of the Stockton Unified School District constituted and elected pursuant to the statutory law, in fixing the terms of office of the members of such governing board by lot, are hereby ratified, validated and confirmed and declared to be legally effective for all purposes as though Section 1203.5 of the Education Code, as enacted by Section 1 of this act had been in effect and operative at the time any and all such actions were taken.

The people of the State of California do enact as follows:

SECTION 1. Section 15451 of the Education Code is amended to read as follows:

The Department of General Services under the police power of the state shall supervise the design and construction of any school building or, if the estimated cost exceeds ten thousand dollars ($10,000), the reconstruction or alteration of or addition to any school building, to ensure that plans and specifications comply with the rules and regulations adopted pursuant to this article and building regulations published in the State Building Standards Code, and to ensure that the work of construction has been performed in accordance with the approved plans and specifications, for the protection of life and property. Nothing in this section shall be construed to allow a school district to perform work with its own forces in excess of the limitations set forth in Sections 15951 and 15957.

SEC. 2. Any school district which in the 1973–74 fiscal year levied a nineteen and seven-tenths cent ($0.197) tax rate per one hundred dollars ($100) of assessed valuation pursuant to Section 15518 of the Education Code and which district otherwise complies with the provisions of Section 19700.745 of the Education Code, shall be deemed in total compliance with the provisions of Section 19700.745 of the Education Code for purposes of authorizing an increase in the basic state matching ratio of assistance for the repair, reconstruction, or replacement of certain school buildings.

[Approved by Governor June 28, 1974 Filed with Secretary of State June 28, 1974]

The people of the State of California do enact as follows:

SECTION 1. Article 8.5 (commencing with Section 11609) is added to Chapter 2 of Part 2 of Division 4 of the Business and Professions Code, to read·

Article 8.5. Dedication of Public Access Routes

11606. It is the intent of the Legislature, by the provisions of this article to implement Section 2 of Article XV of the California Constitution insofar as this article is applicable to navigable waters.

11607. The Legislature finds and declares that:

(a) The public natural resources of this state are limited in quantity and that the population of this state has grown at a rapid rate and will continue to do so, thus increasing the need for utilization of public natural resources. The increase in population has also increased demand for private property adjacent to public natural resources through real estate subdivision developments which resulted in diminishing public access to public natural resources.

(b) It is essential to the health and well-being of all citizens of this state that public access to public natural resources be increased.

11608. It is the policy of the state and intent of the Legislature to increase public access to public natural resources.

11609. (a) No city or county shall approve either the tentative or the final map of any subdivision fronting upon the coastline or any bay shoreline if such proposed subdivision does not provide or have available reasonable public access by fee or easement from a public highway to land below the ordinary high water mark on such coastline or shoreline within or at a reasonable distance from the subdivision.

(b) This section shall not apply to the final map of any subdivision the tentative map of which was approved by a city or county prior to November 23, 1970, nor to the final or tentative map of any subdivision which is in compliance with the plan of any planned development or any planned community which has been approved by a city or county prior to December 31, 1968.

11609.1. (a) No city or county shall approve either the tentative or the final map of any subdivision fronting upon any lake or reservoir which is owned in part or entirely by any public agency, including the state, if such proposed subdivision does not provide or have available reasonable public access by fee or easement from a public highway to any water to such lake or reservoir within or at a reasonable distance from the subdivision.

(b) This section shall not apply to the final map of any subdivision the tentative map of which was approved by a city or county prior to November 23, 1970.

11609.2. No city or county shall issue any permit or grant any approval necessary to develop any real property which is excluded from regulation under this chapter as a subdivision pursuant to paragraph 4 of subdivision (c) of Section 11535 because such property is in excess of forty (40) acres and was created as such a parcel after December 31, 1969, when such property fronts on the coastline, a bay shoreline, or any lake or reservoir which is owned in part or entirely by any public agency, including the state, unless it finds that reasonable public access has been provided or is available

from a public highway to land below the ordinary high water mark on any ocean coastline or bay shoreline or to any water of any such lake or reservoir, either across or at a reasonable distance from such real property.

11609.3. (a) No city or county shall approve either the tentative map or the final map of any subdivision fronting upon a public waterway river or stream if such proposed subdivision does not provide or have available reasonable public access by fee or easement from a public highway to that portion of the bank of the river or stream bordering or lying within the proposed subdivision, or does not provide for a dedication of a public easement along a portion of the bank of the river or stream bordering or lying within the proposed subdivision.

(b) As used in this article, "public waterway river or stream" means those waterways, rivers and streams defined in Sections 100 through 106 of the Harbors and Navigation Code, any stream declared to be a public highway for fishing pursuant to Sections 25660 to 25662, inclusive, of the Government Code, the rivers listed in Section 1505 of the Fish and Game Code as spawning areas, and all waterways, rivers and streams downstream from any state or federal salmon or steelhead fish hatchery.

(c) The provisions of subdivision (a) shall not apply to the site of electric power generating facilities, nor to industrial subdivisions.

11609.4. Any dedication made by the subdivider or owner, as the case may be, pursuant to this article shall be expressly designated on the tentative or final subdivision map or, with respect to dedications made pursuant to Section 11609.2, on a separately recorded map, and such map shall in all cases expressly designate the governmental entity to which such route or routes are dedicated. Such governmental entity must accept such dedication within four years of the approval of the final subdivision map or of the issuance of a permit or granting of approval specified in Section 11609.2, at which time, unless accepted, such dedication shall be deemed abandoned.

11609.5. (a) Reasonable public access, as used in this article, shall be determined by the city or county in which the property lies. In making such determination, the city or county shall consider:

(1) That access may be by highway, foot trail, bike trail, horse trail, or any other means of travel.

(2) The size of the subdivision or property divided.

(3) The type of shoreline or riverbank and the various appropriate recreational, educational, and scientific uses, including but not limited to walking, swimming, diving, boating, fishing, sunbathing, surfing, water skiing, beachcombing, taking of shellfish, scientific exploration and collection, and teaching.

(4) The likelihood of trespass on private property and reasonable means of avoiding such trespasses

(b) The extent, width and character of the public easement along a riverbank required by Section 11609.3 shall be reasonably defined to achieve reasonable public use of the public waterway river or stream consistent with public safety. The reasonableness and extent

Disbursements may be made to any person, association, corporation, insurer, or other entity responsible for providing the benefit coverage, except that the state shall make no contribution to the State Employees' Contingency Reserve Fund, for other than administrative expense, with respect to such employee and said fund shall not be available to any extent or for any purpose other than payment of costs of administration with respect to such employee or the plan, policy, contract, service agreement or arrangement in which he is enrolled under this article.

CHAPTER 375

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1974. Filed with Secretary of State June 30, 1974]

I object to the following appropriations contained in Senate Bill No 1525

Item 17—For support of Supreme Court of California, Courts of Appeal, Judicial Council of California, Commission on Judicial Qualifications I reduce this item from $12,409,806 to $12,209,500

I am eliminating from this item $200,306 which included eight new positions and operating expenses for the Supreme and Appellate Courts pending receipt and review of the final report of the National Center for State Courts regarding organization,

operations and staffing of the courts

Item 33—For support of Office of Emergency Services I reduce this item from $1,980,843 to $1,735,130 by reducing paragraph (c) for purchase of fire trucks from $491,425 to $245,712

I am reducing the legislative augmentation which provided for the purchase of 10 additional fire trucks The budget submitted to the Legislature in January provides for the purchase of five fire trucks in accordance with the annual replacement program The legislative augmentation provided for the purchase of 10 additional fire trucks, which I believe is an undesirable acceleration in the replacement program Therefore, I am reducing this item to eliminate five of the 10 additional fire trucks provided by the Legislature

Item 37—For support of The Department of Justice I reduce this item from $36,923,678 to $35,907,453 by reducing paragraph (a) Personal Services from $31,620,004 to $30,955,774 and paragraph (b) Operating Expenses and Equipment from $10,193,733 to $9,841,738

I am reducing this item to its budgeted level by eliminating the augmentations provided by the Legislature for antitrust and consumer protection activities in the amount of $1,016,225

Sufficient funds were budgeted for the Department of Justice to meet its responsibilities in these areas

Item 40—For support of The Commission on Peace Officers Standards and Training I reduce this item from $1,864,439 to $1,657,510 by reducing paragraph (a) Personal Services from $1,395,872 to $1,228,943 and paragraph (b) Operating Expenses and Equipment from $619,755 to $579,755

I am eliminating $206,929 from this item $81,827 was added for the Penal Code Section 832 Program which has been established and existing staff is capable of maintaining the program $115,102 for added staff in the Education and Training Division is not needed because existing vacant positions can be utilized without the necessity of adding new positions $10,000 was added for the feasibility study of computerizing the present record system The use of local assistance funds to study the feasibility of possibly mechanizing records would reduce the funds available for reimbursement of local agencies and would be detrimental to the objectives of the program

Item 46—For support of Assistance to Counties for Public Defenders I reduce this item from $1,500,000 to $775,000 by reducing local assistance from $1,500,000 to $775,000

I am reducing this item to the budgeted amount of $775,000, which will provide for the traditional level of support to counties for legal assistance to indigents The enactment of SB 90 and federal revenue sharing have provided a much greater level of assistance to counties than that which existed at the time this program was begun

Item 57—For support of State Board of Equalization I reduce this item from $32,891,260 to $32,743,110 by reducing paragraph (a) Personal Services from $34,677,339 to $34,542,657 and paragraph (b) Operating Expenses and Equipment from $8,595,347 to $8,581,879

I am eliminating from this item $148,150 which was added by the Legislature to increase the Board's intercounty equalization program There remains in this item sufficient funds for the board to meet its responsibilities

Item 62—For support of Heritage Preservation Commission I reduce this item from $10,800 to $800

I am reducing this item by $10,000 to the level originally submitted since the records maintenance schedule and manual is properly a function of local government and, as such, should be funded at the local level

Item 62 1—For support of Heritage Preservation Commission, Earl Warren Oral History Project I eliminate this item

I am eliminating this item because the University of California did not consider it to be of sufficient priority to be included in its 1974–75 Budget request

Item 70—For support of Public Utilities Commission I reduce this item from $8,907,541 to $8,823,998 by reducing paragraph (a) Personal Services from $13,500,091

to $13,429,738 and paragraph (b) Operating Expenses and Equipment from $2,757,696 to $2,746,506

I am eliminating the funds added for four additional financial examiner positions to conduct biennial audits of the 49 major California utilities The budget, as submitted, contains sufficient funds to provide an adequate audit of the utilities Further, I am eliminating the language related to the examiner positions which was added to amplify the duties of the added financial examiner positions

Item 74—For support of California Arts Commission I reduce this item from $2,090,000 to $1,000,000 by reducing paragraph (a) Personal Services from $164,352 to $149,352 and paragraph (b) Operating Expenses and Equipment from $225,648 to $150,648, and (c) grants for programs and projects supporting the arts from $2 million to $1 million

I am reducing this item to the amount proposed in the budget I submitted in January It will be adequate for the state to continue to stimulate interest and innovation in the arts.

Item 82—For providing open space reimbursement to local taxing authorities I reduce this item from $20,000,000 to $16,000,000 I am also deleting the following language relating to the reduction of $4,000,000 I made in the appropriation itself

"Provided, that of the amount appropriated by this item, the sum of $4,000,000 shall not be expended unless Assembly Bill No 2853 of the 1973–74 Regular Session is chaptered."

I am reducing this item to the amount required to carry out the program under current law

Item 90 1—For support of Augmentation for salary increase and employee benefits—Civil Service and related—Salary Compaction Relief Funds I eliminate this item.

Salary compaction at the upper executive, management and professional levels cannot be dealt with effectively until legislation is implemented to realign the salaries of statutory officers Such legislation should contain the required funds

Item 91 1—For support of Augmentation for salary increase and employee benefits—Civil Service and related—Salary Compaction Relief Funds I eliminate this item

Salary compaction at the upper executive, management and professional levels cannot be dealt with effectively until legislation is implemented to realign the salaries of statutory officers Such legislation should contain the required funds

Item 92 1—For support of Augmentation for salary increase and employee benefits—Civil Service and related—Salary Compaction Relief Funds I eliminate this item

Salary compaction at the upper executive, management and professional levels cannot be dealt with effectively until legislation is implemented to realign the salaries of statutory officers. Such legislation should contain the required funds

Item 111—For support of Department of Food and Agriculture I reduce this item from $17,052,247 to $17,044,447 by reducing paragraph (b) Operating Expenses and Equipment from $8,438,909 to $8,431,109

I am reducing this item because the Fairs and Exposition Study report prepared in August 1973 has not demonstrated that it will be of material assistance to the management of the fairs Further, no evidence has been provided to warrant expenditure of state funds to update a report completed so recently

Item 118 1—For support of loan to 1A District Agricultural Association (Cow Palace) I eliminate this item

I have eliminated the loan provisions because this fair is receiving, through Item 118, funds to accomplish essential repairs The proposed work can be deferred until operating revenues become available

Item 122—For support of Department of Commerce I reduce this item from $922,005 to $822,005 by reducing paragraph (b) Operating Expenses and Equipment from $558,345 to $458,345

I am eliminating the augmentation of $100,000 provided by the Legislature for an

expansion of tourism activities within the Department of Commerce and removing the restrictive language related to the augmentation According to the department, there are sufficient funds to conduct an adequate statewide tourism program

Item 123 2—For support of Division of Consumer Services I reduce this item from $580,038 to -0- by reducing paragraph (a) Personal Services from $857,983 to $317,751 and paragraph (b) Operating Expenses and Equipment from $167,977 to $128,171

This augmentation establishes a new policy that consumer service activities be partially funded from the General Fund

The Item is being reduced because the Division of Consumer Services serves special fund constituent boards, bureaus, and commissions of the department and should be supported by special fund assessments rather than by the General Fund The funds provided from the special fund sources are sufficient to carry out the program responsibilities

Item 127—For support of Bureau of Automotive Repair, Department of Consumer Affairs I reduce this item from $1,728,529 to $1,671,877 by reducing paragraph (a) Personal Services from $1,677,902 to $1,637,715 and paragraph (b) Operating Expenses and Equipment from $1,339,270 to $1,322,805

I am reducing this item to the level originally proposed in the budget since there are sufficient resources for the bureau to meet its responsibilities.

Item 166 1—For support of Department of General Services I eliminate this item

I am eliminating this item for maintenance of tree and plant growth in Capitol Park I am asking the Director of General Services to develop a plan addressing the planting, pruning, trimming, and surgical needs in Capitol Park for evaluation during development of the 1975–76 budget

Item 178—For support of The Department of Industrial Relations I reduce this item from $30,187,217 to $29,531,686 by reducing paragraph (a) Personal Services from $28,194,403 to $27,655,737 and paragraph (b) Operating Expenses and Equipment from $8,973,131 to $8,856,266

I am reducing this item to a level that I am assured is adequate for handling the workload of the department's various divisions I am also eliminating language authorizing additional Fair Employment Practices Commission field offices because staffing for these offices is included in the reduction

Item 178 1—For support of Uninsured Employers Fund I eliminate this item

I am eliminating this appropriation from the General Fund for transfer to the Uninsured Employers Fund Legislation establishing the latter fund was enacted with the anticipation that the Uninsured Employers Fund would be self-supporting The Department of Industrial Relations is sponsoring legislation which will make possible the original concept of a totally self-supporting activity

Item 181—For support of State Personnel Board I reduce this item from $13,920,196 to $10,420,196 by reducing paragraph (b) Operating Expenses and Equipment from $9,088,733 to $5,588,733

I am eliminating from this item $3,500,000 which was added by the Legislature to increase the board's Career Opportunities Development Program Although there has been a reduction in the amount of federal funds available to this program for 1974–75, there exists a sufficient backlog of unfilled job slots in the program to enable the board to meet its responsibilities

Item 185—For support of Public Employees' Retirement System I reduce this item from $6,247,378 to $6,193,345 by reducing paragraph (a) Personal Services from $4,730,384 to $4,684,161 and paragraph (b) Operating Expenses and Equipment from $2,319,823 to $2,312,013

I am reducing this item by the $54,033 which was added by the Legislature to provide increased services to Public Employees' Retirement System members There remains in this item sufficient funds to enable the system to meet its responsibilities

Item 191—For support of Veterans' Home of California I reduce this item from $5,455,730 to $5,365,986 by reducing paragraph (a) Personal Services from $8,467,310 to $8,377,566

I am reducing the amount of the augmentation made to this item by the Legislature from $199,744 to $110,000 The change will provide a staff increase at the Veterans'

Home of 13 new positions of higher level skills which will provide better treatment for patients than the 29 "aid and worker" positions added by the Legislature This action results from a recent study at the Veterans' Home by the Department of Finance

I am requesting the Director of Veterans Affairs to determine the proper job classification of the 13 new positions

Item 199—For support of Department of Housing and Community Development I reduce this item from $2,751,046 to $2,207,036 by reducing paragraph (a) Personal Services from $2,779,688 to $2,740,532 and paragraph (b) Operating Expenses and Equipment from $1,207,902 to $703,048

I am eliminating the $500,000 provided to continue the Low-Income Home Management Training Program pending the completion of a statutorily required evaluation report from the department The evaluation will include the program's accomplishments and recommendations concerning state participation

I have also eliminated $44,010 of the augmentation for the Division of Research and Assistance since the reduction in workload resulting from the termination of several projects requires that the staff support be correspondingly reduced

Item 200 1—For support of Department of Insurance I eliminate this item

This $10,000 augmentation by the Legislature to allow the Insurance Commissioner to facilitate consumer comparisons of disability insurance policies is unnecessary The cost of this project is expected to be minimal and can be absorbed within existing resources.

Item 225—For support of Department of Motor Vehicles I reduce this item from $82,169,270 to $80,134,991 by reducing paragraph (a) Personal Services from $71,467,873 to $71,044,245 and paragraph (b) Operating Expenses and Equipment from $23,830,687 to $22,220,036

I am eliminating the $67,405 augmentation in the Division of Compliance, which would have provided for four additional positions, because the budget I submitted in January contains sufficient resources to staff this function

I have also eliminated the $1,000,000 augmentation for reflectorized license plates The legislation authorizing this program required that it not be implemented "unless bids are received from at least two independent, responsible bidders " The Department of Motor Vehicles has not received the required bids and I have no reason to believe this situation will change during the 1974–75 fiscal year

I have also eliminated the funds budgeted for the implementation of year-round vehicle registration It has now become apparent that January 1, 1976, will be the earliest date that the transition can be accomplished

I have also eliminated the $60,000 augmentation for the post-licensing control program The Department of Motor Vehicles believes the federal government will continue to fund the project

Item 225 1—For support of Department of Motor Vehicles I eliminate this item

I have eliminated this item because the proposed study of an integrated vehicle registration-inspection program should be funded by the Motor Vehicle Account, State Transportation Fund, rather than the General Fund

Item 239—For reimbursement of mandates related to Resources Agency programs under provisions of Chapter 1165, Statutes of 1973 I eliminate this item

I am eliminating this item because the reimbursement of property tax revenues for wildlife habitat land under provisions of Chapter 1165, Statutes of 1973, should be financed by a special fund appropriately related to this program rather than by the General Fund

Item 245 1—For the purposes of Chapter 1154, Statutes of 1973, to be allocated by the Department of Finance as loans to the State Air Resources Board I reduce this item from $5,589,000 to $2,600,000

I am reducing this item to a level that the departments responsible for administering Chapter 1154, Statutes of 1973, have agreed is sufficient to support the program during 1974–75

Item 250—For support of Department of Conservation I reduce this item from $58,814,025 to $58,790,025 by reducing paragraph (d) Minor Capital Outlay from

$400,872 to $376,872

I am reducing this item because it is not proper for the State to build a bridge that is totally a local responsibility

Item 261 5—For support of Department of Fish and Game. I eliminate this item

I am eliminating this item because the preparation of plans for the protection of estuarine and wetlands should continue to be funded from the Fish and Game Preservation Fund, as they are now, rather than from the General Fund

Item 269—For grants for construction and development of small craft launching facilities—Department of Navigation and Ocean Development I reduce this item from $5,922,000 to $2,922,000 by eliminating paragraph (p) Candlestick Marina—$3,000,000

I am reducing this item by the amount provided for the Department of Navigation and Ocean Development's share of the Candlestick Park Marina This project is eliminated because the major acquisition program for the marina is still being completed Substantial master planning for the new area should be completed before any development program is undertaken In addition, this project would not appear to qualify as a grant under Section 72 5 of the Harbors and Navigation Code which provides funding for launching facilities

Item 273—For support of Department of Parks and Recreation I reduce this item from $29,632,294 to $29,592,294 by reducing paragraph (b) Operating Expenses and Equipment from $10,440,059 to $10,400,059

I am eliminating funds in the amount of $40,000 which were added for a feasibility study for takeover of operation at Lake Berryessa This project, as it has developed and is currently being operated, would appear to be appropriately a concession-type operation under county control

Item 290—For support of Department of Health I reduce this item from $30,893,234 to $30,624,491 by reducing paragraph (a) Personal Services from $86,010,128 to $85,780,385 and paragraph (b) Operating Expenses and Equipment from $61,717,026 to $61,678,026

I am deleting the legislative augmentations of $101,943 for regional offices for local mental health programs and $66,800 for regional center staffing because sufficient funds were initially budgeted to meet the needs of these programs I am also deleting $100,000 added for state administration of a fluoride program There is no evidence that current resources are inadequate to meet the state's responsibility

Item 293—For support of Assistance to Local Agencies in the Establishment and Operation of Mental Health Services I reduce this item from $200,140,719 to $192,740,719 by eliminating sub-item (c) and related language

I have eliminated sub-item (c) because this section, together with the funds reappropriated by Section 10 10, would have increased the total state funding of local mental health services above the budgeted level This reduction together with the reappropriation of Section 10.10, will provide the proper level of state support.

I have also eliminated the language related to sub-item (c)

Item 293 2—For assistance to local agencies in the establishment and operation of mental health services I eliminate this item

I am eliminating this item because the amount requested in the budget for local assistance for mental health funds this year is sufficient to meet anticipated costs for the mental health programs

In some respects this program represents a fiscal anomaly While local mental health officials are pressing annually for additional funding, actual experience indicates that from 10 to 20 million dollars in state funds has not been expended in each of the last three fiscal years

The mechanism for distribution of state funds may be a contributing factor in this inability to fully utilize state resources Accordingly, I am directing that a state-local task force be established to examine the process and recommend such changes as may be necessary to facilitate local mental health program funding

Item 296—For local assistance for narcotics and drug abuse program, Department of Health I reduce this item from $7,755,748 to $5,255,748 by reducing paragraph (a) Local Assistance from $14,556,167 to $12,056,167

I have reduced this appropriation to the amount proposed in the initial budget which, with available federal funds, is sufficient to meet anticipated caseload and costs for the narcotics and drug abuse program

Item 297—For local assistance for the developmental disabilities program, Department of Health I reduce this item from $188,093,821 to $182,093,821 by reducing paragraph (c) regional Center operations, from $41,391,858 to $35,391,858

I have reduced this item because the amount proposed in the original budget for regional center operations is sufficient to meet anticipated caseload and costs for the program

Item 298 1—For transfer to the Health Care Deposit Fund to provide for Medical Assistance Programs fiscal intermediary services I reduce this item from $20,698,800 to $17,371,200 by eliminating sub-item (b) Medi-Cal Management System, two-county prototype project

I have eliminated $3,327,600 to initiate a new two-county prototype project The objectives of the project, already completed in two counties, have been achieved Differences between the two systems were relatively small, if any Therefore, operation of a new prototype project, or continuation of the old one, could only result in additional and unnecessary expenditures

Item 299—For support of Department of Health-Special Social Services Program I reduce this item from $29,342,500 to $29,148,750 by eliminating sub-item (1) Assistance to counties without public adoption agencies

I am eliminating the augmentation of $193,750 to the counties without public adoption agencies because I have already redirected the basic adoptions staff to assist these counties in developing programs to meet their adoption requirements My augmented 1974-75 budget provides additional funds for this purpose

Item 300—For support of Department of Health-Health Financing Systems I reduce this item from $42,127,655 to $37,127,655 by reducing paragraph (e) Child Health Disability Program from $9,362,000 to $4,362,000

I am reducing the augmentation to the Child Health Disability Screening program by $5,000,000, thus leaving the original amount of $4,362,000 for the first year of the program This will be sufficient for its initial stages

Item 300 1—For support of Department of Health-Decompression Chamber I eliminate this item

I have eliminated this item because it would be an inappropriate expenditure of state funds The responsibility for this item rests with local entities

Item 301 2—For support of Department of Employment Development I reduce this item from $250,000 to $200,000

I have reduced this item to $200,000, the amount required to administer Chapter 122, Statutes of 1974, which authorized employment programs for Vietnam veterans By thus providing for administrative funding, the full $1 million for programs is made available

Item 313 1—For support of Department of Corrections I eliminate this item

I am eliminating the augmentation for establishing additional state-operated community residential centers because there are currently four state-supported and one federally-supported centers in operation There is no evidence that expansion of the current program is needed

Item 313 2—For support of Department of Corrections I eliminate this item

I am eliminating this augmentation for contracting with private agencies for services to inmates and parolees because there is $100,000 budgeted for this purpose There is no evidence, based upon the prior year's experience, to support the need for additional services

Item 313 3—For support of Department of Corrections I eliminate this item

I have eliminated this item because a reduction of the parole caseload can be achieved by administrative action that does not require an additional appropriation

Item 317 1—For support of Department of Youth Authority I eliminate this item

I am eliminating this augmentation of $600,000 for establishing state-operated residential programs With the declining parole caseload and utilization of private

community residential facilities, establishing state-operated residential facilities is not necessary

Item 317 2—For support of Department of the Youth Authority I eliminate this item

I am eliminating this augmentation of $400,000 for contracting with private agencies to provide services to wards and parolees in community-based programs Last year, the budget provided $100,000 for this purpose and a similar amount is available for 1974–75 Until the effectiveness of this approach can be better evaluated, I am unwilling to expand the program

Item 317 4—For support of the Department of the Youth Authority I reduce this item from $400,000 to $200,000

I am reducing this appropriation to $200,000, an amount sufficient to permit the operation of one pilot project The results will be closely monitored to evaluate the effectiveness of this community-based approach to delinquency prevention

Item 328—For support of Department of Education I reduce this item from $9,665,906 to $9,592,906 by reducing paragraph (a) Personal Services from $18,818,874 to $18,623,766 and paragraph (b) Operating Expenses and Equipment from $14,037,717 to $13,957,764, and paragraph (g) Federal grants, from –$19,010,281 to –$18,808,220

I am reducing this item for the following reasons

Performance study –$23,000

The Department of Education originally estimated that this two-year study to determine why some schools' students scored exceptionally high or low on achievement tests would cost $100,000 in total Funds of $146,800 were provided for 1973–74 and 1974–75, therefore, further augmentation is not needed

Administration for Early Childhood Education –$50,000

The budget provides three additional professional positions which will meet this program's projected workload increases

Manpower Development and Training Act of 1962

Federal funding has been reduced by $202,061, requiring a corresponding decrease in personal services, operating expenses and equipment

Item 328 1—For support of the Department of Education for state operations matching requirements for the Federal Manpower Development and Training Act I reduce this item from $80,000 to $60,000

This reduction will not prevent the state from meeting 1974–75 federal grant matching requirements for the Manpower Development and Training Act The additional funds are unnecessary

Item 328 2—For support of Joint Committee on Educational Goals and Evaluation, State Department of Education I eliminate this item

I am eliminating this item for the Joint Committee on Educational Goals and Evaluation because publication and dissemination costs, for which the legislative augmentation was intended, can be funded through Federal Title V This has been done for previous Joint Committee reports

Item 331 1—For support of Mentally Gifted Minors Program, Department of Education I eliminate this item

In 1974–75, this program is estimated to receive a 10 4 percent increase in state apportionments over 1973–74 The increase will fund the program at three percent of statewide enrollment, as established by law Since there is some question about the equity of present distribution to districts, because some certify more than three percent of their enrollment as mentally gifted, I am working with the Legislature in an effort to correct these problems

Item 335—For support of Bilingual programs, Department of Education I reduce this item from $8,000,000 to $4,000,000

I am reducing this item because I oppose any expansion of the bilingual programs

established by Chapter 1258, Statutes of 1972, until these programs, first operational in 1973–74, can be evaluated to determine their effectiveness

Item 335 1—For support of the Bilingual Teacher Development Program, Department of Education I eliminate this item

I have eliminated this item because existing grant award systems provide sufficient funds for the program.

Item 338—For support of Compensatory Education Programs, Department of Education I reduce this item from $4,363,000 to $3,187,000 by reducing paragraph (b) Research and Teacher Education Program from $568,000 to $142,000, and by eliminating paragraph (c) Professional development centers (750,000)

The Professional Development Center and the Research and Teacher Education programs were designed as models to be adopted and funded by districts after testing After several years of experimentation, both have proved too expensive to accomplish this goal Therefore, I am eliminating all funds for the Professional Development Center program, the more costly of the two I am retaining $142,000 for three months' support of the RATE program in order to allow sufficient time for the Legislature and the administration to further review the program and take appropriate action

Item 338 1—For support of grants to local districts for programs for educationally disadvantaged youth, Department of Education I eliminate this item

I oppose any augmentation or expansion of the Educationally Disadvantaged Youth program, which was established in 1973–74, until district use of these funds is clearly determined and an evaluation of their effectiveness is made

Since there is some question regarding the equity of the present statutory distribution of funds to districts for the EDY program, I will work with the Legislature in an effort to correct any inequities

Item 338 3—For support of Project SHARE, Department of Education I eliminate this item.

This item was added by the Free Conference Committee without testimony and without referral to the appropriate committees of either the Senate or Assembly Further, it would provide state funding of the Operation SHARE Pilot Project beyond its intended June 30, 1974, termination date under current law The pilot project has had ample time to demonstrate its desirability to local school districts If they wish to implement or continue this program, they should now assume its funding

Item 339 1—For support of the special elementary school reading instruction programs I reduce this item from $17,605,425 to $15,349,625

I am reducing the amount payable for the Special Elementary School Reading Instruction Program by $2,255,800 This is an unwarranted duplication and overlap of program services with the Early Childhood Education Program, which is expanding by $15,000,000 in 1974–75

Item 341 1—For support of the State Preschool Program, Department of Education, an augmentation to existing appropriation I eliminate this item

I have eliminated this augmentation for an additional cost of living allowance to the preschool program because sufficient augmented funds have been provided in Section 10 4 to maintain this program until the report required by Chapter 1005, Statutes of 1973, is received and further policy decisions formulated.

Item 341 2—For support of Children's Centers, Department of Education, an augmentation to Item 341 (a) I eliminate this item

I have eliminated this augmentation because it is based upon the continuation of a "one-time bonus" granted to the Children's Centers program during fiscal year 1973–74 The funds provided in Item 341 (a) meet all of our commitments to this program and insure that the program will continue to be implemented in an orderly fashion In addition, various school districts under the provisions of SB 90 have the authority to utilize a permissive tax override if they desire to continue the program level established as a result of the one-time bonus

Item 341 3—For support of Department of Education for Child Care Services. I eliminate this item

I have eliminated this augmentation which sets up a contingency amount for possible use in funding county child care centers because it was added by Free Conference

Committee without testimony and without referral to the appropriate committees of either the Senate or Assembly The funds provided in Item 341 (a) and the carryover funds contained in Sections 10 4 and 10 6 meet all of our commitments to this program

Item 349—For support of University of California. I reduce this item from $465,710,851 to $461,497,701.

I am reducing this item for the following reasons:

Instructional use of computers . . . . . –$906,000

The budget as originally submitted maintained the 1973–74 level of instructional support These monies are appropriated without regard to specific use If the University finds that the need for instructional computing is of a high priority, it may reallocate its budget to satisfy that need

Instructional equipment . . . . . –$1,000,000

My rationale for this reduction is identical to that used for instructional use of computers.

Libraries, reference-circulation staff . . –$974,150

The budget as originally submitted provided for increased workload in this area associated with the anticipated enrollment growth at the University

Administration and services, personnel staff . . . . . –$300,000

I feel that current staff, if properly organized to reflect University priority needs in the personnel area, is sufficient.

Administration and services, affirmative action . . . . . –$833,000

The budget, as originally submitted, continued the 1973–74 appropriation of $250,000 for affirmative action. This, in addition to the possibility of the University reallocating other existing resources to reflect priority needs, is sufficient

Administration and services, management data processing . . . . . –$200,000

The budget, as submitted, included a substantial augmentation for administrative EDP systems The University should fund the physical plant management information system from within this augmentation

Item 349.4—For support of University of California (research capabilities) I eliminate this item

I am eliminating this item because the University can and should perform the functions proposed within the current level of state support for organized and departmental research

Item 349 5—For support of University of California (Media Community Film Project). I eliminate this item

I am eliminating this item at the request of the University and on the basis that it was added by the Free Conference Committee without testimony and without referral to the appropriate committees of either the Senate or the Assembly

Further, I object to the item on the basis that it would be an improper use of state funds. The program could be financed by the allocation of non-state, University funds or by the use of a nominal fee for program participants

Item 352—For support of Augmentation for Salary Increase and Employee Benefits —University of California I reduce this item from $24,479,900 to $24,139,900

The $340,000 included to eliminate red circle rates for certain nonfaculty personnel is deleted at the request of the University of California

Item 352 1—For support of Augmentation for Salary Increase and Employee Benefits—University of California I eliminate this item

I am eliminating this item because Item 94 1 includes funds to improve benefits for active and retired nonfaculty members of the University of California Retirement System Benefit improvement for retired non-faculty members should be considered and funded as a part of the benefit program to be implemented under Item 94 1

Item 354—For support of University of California (Charles R. Drew Postgraduate Medical School) I reduce this item from $1,680,000 to $1,200,000

Until the state level of financial responsibility for this program is more clearly identified, I am reluctant to increase the level of its support by the state Accordingly, I am reducing this item because the budget, as submitted, contained sufficient funds to carry out the program of the Charles Drew Postgraduate Medical School

Item 358—For support of Hastings College of Law I reduce this item from $2,567,766 to $2,549,916 by reducing paragraph (b) Operating Expenses and Equipment from $1,632,470 to $1,614,620.

The budget as originally submitted continues the 1973–74 level of support for LEOP grants

Item 359—For support of Trustees of the California State University and Colleges and the California State University and Colleges I reduce this item from $441,083,497 to $438,003,019 by reducing paragraph (a) Personal Services from $436,775,538 to $436,193,861 and paragraph (b) Operating Expenses and Equipment from $98,113,600 to $97,785,231 and paragraph (d) Other reimbursements from −$61,448,786 to −$63,619,218.

1 Affirmative Action . . . . . −$519,955
