The budget I presented to the Legislature continued the 1973–74 funding of $250,000, which provides for an Affirmative Action program on every campus. In addition to this amount, the 1974–75 budget included funding for a system-wide Affirmative Action program coordinator This level of funding is sufficient to operate an effective program

2. Associated Clinics . . . . . −$114,491

This project was not contained in the proposed Budget on the basis that sufficient funds are available within the existing CSUC budget to fund it, if it has a high enough priority

3 New Administrative Charges . . . . . −$260,000

All state budgets were based on the premise that new administrative charges would be absorbed or that administrative changes would be implemented to reduce costs Funding CSUC for this purpose would be contrary to that statewide policy

4 M & S Fee Adjustment . . . . . −$2,186,032

The M & S fees were increased according to a traditional agreement that there should be periodic adjustments to insure that the General Fund is not subsidizing the M & S fee expenditure program The General Fund is still subsidizing the M & S fee to some extent even after considering the fee increase To support the legislative action regarding the M & S fee would result in an even greater amount of General Fund subsidy and upset long-standing policy

Item 359 1—For support of California State University and Colleges to reduce student-faculty ratio and provide funds to avoid any layoffs or dismissals due to a downturn in FTE students. I eliminate this item.

I eliminated this item because it was added by Free Conference Committee without testimony and without referral to the appropriate committees of either the Senate or Assembly The 1974–75 budget contains sufficient funds to support the California State University and Colleges Sufficient flexibility to avoid layoffs or dismissals of faculty has been provided in Section 28 9 of this act

Item 364—For support of the Educational Opportunity Program, Trustees of the California State University and Colleges I reduce this item from $5,727,176 to $5,556,628 by reducing paragraph (a) Educational Opportunity Program Student Grants from $3,903,324 to $3,732,776

I have reduced this item by $170,548 because the increase in federal financial aid programs due to the basic educational occupational grants will make additional funds

available to insure that the grant levels to EOP students will reflect full adjustments for cost of living.

Item 366—For support, Board of Governors of the California Community Colleges I reduce this item from $1,238,690 to $1,218,690 by reducing paragraph (a) Personal Services from $1,830,040 to $1,810,040

The workload of this unit does not justify the addition of one architecturally related position ($20,000) Capabilities already exist to meet the systemwide planning objectives

Item 367—For support of Extended Opportunity Programs and Services of the Community Colleges. I reduce this item from $6,639,000 to $6,170,500

I have reduced this item $468,500 because the increase in federal financial aid programs due to the basic educational opportunity grants will make additional funds available to insure that the grant level to EOP students will reflect full adjustments for cost of living

Item 375 1—For capital outlay, Department of General Services I reduce this item from $7,975,000 to $6,475,000 by eliminating paragraph (c) Preliminary plans, working drawings, new state office building, Sacramento—$1,500,000

It is premature to proceed with this project until the reevaluation of the master plan has been completed

Item 377—For capital outlay, Department of Motor Vehicles I reduce this item from $4,102,300 to $3,682,300 by eliminating paragraph (h) Site acquisition and working drawings—Simi Valley-Thousand Oaks Field Office—$420,000

This project is not of the highest priority and can be deferred until more critical projects are funded

Item 381 1—For land acquisition, Department of Parks and Recreation I eliminate this item.

I am eliminating this item, which provides for the acquisition of a new recreation area at Gold Run, because the General Fund should not be used in view of the resources available in either the Off-Highway Vehicle Fund or in the 1974 Park Bond program A bill is currently before the Legislature to provide for this acquisition proposal.

Item 381 3—For acquisition of 116 349 acres of beach property, including Fort Funston in the City and County of San Francisco, Department of Parks and Recreation I eliminate this item.

I am eliminating this item because the property already is in public ownership and is reported to be under consideration for inclusion in the Golden Gate National Recreation area.

Item 383 1—For capital outlay, Department of Parks and Recreation for recreational development and improvements at Wharf J-3 and Warm Water Cove, San Francisco I eliminate this item

I have eliminated this item because these proposed improvements should be financed from the local share of the 1974 Park Bond program

Item 389 1—For capital outlay, to the Department of Education for grants to public educational television stations for the purpose of establishing a microwave television link between San Francisco and Sacramento I eliminate this item

I am eliminating this item because it was added by the Free Conference Committee without testimony and without referral to the appropriate committees of either the Senate or Assembly There has been inadequate study and discussion of this precedent-setting proposed state policy change to make state grants to public educational television stations

Item 390—For capital outlay, University of California I reduce this item from $10,514,000 to $10,120,000 by eliminating paragraphs (g) Working drawings. Construction, Relocation of Vegetable Crops Headquarters—$336,000 and (h) Equip Fourth College—$58,000

Working drawings, construction, relocation of vegetable crops headquarters, Davis Campus $336,000

I am eliminating this subitem because this project is necessitated by the planned expansion of the Davis Medical School The Health Science Bond Act or the Highway Fund would be the appropriate source of funds rather than the Capital Outlay Fund for Public Higher Education

Equip Fourth College, San Diego Campus $58,000

I am eliminating this project on the basis that the support budget for the university, Item 349, contains sufficient equipment funds to accommodate an increase in university enrollments.

Item 394—For capital outlay, University of California I reduce this item from $15,513,000 to $15,393,000 by eliminating paragraph (12 5) Third College Academic Unit 2—$120,000

I am eliminating this project because it is not of sufficient high priority in the building program as specified by the University of California Regents.

Item 395—For capital outlay, Trustees of the California State University and Colleges I reduce this item from $23,719,000 to $23,284,000 by eliminating paragraph (4) State University, Humboldt· Land Acquisition, Redwood Manor—$435,000

I am eliminating this item because it is not considered to be of high priority in view of the greater system-wide need for general classroom and laboratory space

Item 399—For capital outlay, Board of Governors of the California Community Colleges I reduce this item from $45,587,618 to $44,585,250 by reducing the appropriations contained in the paragraphs listed below in the following amounts

(71)	Construct social science and language arts building	($51,300)
(73)	Construct classroom and laboratory building	($13,000)
(76)	Construct classroom counseling and administration building	($136,800)
(78)	Construct vocational-technical building	($135,400)
(84)	Working drawings and construct administration remodeling Phase II	($32,300)
(87)	Working drawings, construct, and equip remodeling of old library, engineering, industrial arts building	($34,800)
(96)	Working drawings, construct, and equip science building	($64,700)
(98)	Working drawings and construct science building addition	($23,100)
(100)	Working drawings, construct, and equip automotive addition	($31,200)
(108)	Working drawings, construct, and equip social science bldg...	($187,100)
(117)	Working drawings and construct student personnel services building	($1,945)
(121)	Working drawings and construct remodeling and air conditioning of science building "E"	($57,100)
(122)	Working drawings and construct remodeling and air conditioning of science building "D"	($11,900)
(126)	Working drawings, construct, and equip Phillips Hall addition and alterations	($7,000)
(145)	Construct drama and music facilities	($135,100)
(151)	Construct dining facility	($78,000)
(153)	Working drawings and construct maintenance and warehouse building	($1,623)

I am reducing these projects on the basis that they do not conform to the classroom utilization standard of 53 hours per week as adopted in ACR 151 of May 1970, and confirmed in the Legislative Counsel's opinion number 5104, dated May 20, 1974 Uncertainties regarding future enrollments, also make it unwise to expand capacity space at this time

Item 409—For capital outlay, University of California I reduce this item from $74,401,000 to $74,352,000 by eliminating paragraph (11 3) Working drawings, Com-

munity Clinics—$49,000.

I am eliminating paragraph 11 3 because insufficient information is available to justify inclusion of this project.

Item 410 7—For Capital outlay, Department of Parks and Recreation I eliminate this item

I am eliminating this item, which provides for the acquisition of beach area adjacent to Channel Island Harbor in Ventura County, because the area does not meet the criteria of statewide interest established for state-sponsored projects under the 1974 Park Bond program Other areas of high statewide interest in Ventura County have been recommended by the State Park and Recreation Commission The Channel Island Harbor beach project might better be considered as a local project under the grant program established by the park bond legislation

Item 411 1—For grants to counties, cities, or cities and counties, pursuant to subdivision (a) of Section 5096 85 of the Public Resources Code, Department of Parks and Recreation. I eliminate this item

I am eliminating this item because the provisions of the State Beach, Park, Recreational, and Historical Facilities Bond Act of 1974 have not been fulfilled Section 5096.89 of the Public Resources Code defines a series of procedural steps that must be complied with prior to inclusion of a proposal in the budget act

Sec. 10 5—For reappropriation of unexpended child development funds to replace potential loss of Federal matching funds I eliminate this section and delete the following language:

"Notwithstanding any other provisions of law, $2,400,000 of the unexpended balances of child development funds appropriated to replace potential loss of Federal matching funds authorized by Chapter 1191, Statutes of 1973 (AB 1244) are hereby appropriated for expenditure in 1974–75 to replace loss of Federal matching funds in 1974–75 as authorized by Chapter 1191, Statutes of 1973 for 1973–74 "

I have eliminated this reappropriation based upon pending federal legislation which would eliminate the potential loss of federal matching funds for child development programs Current federal law precludes any change before January 1, 1975, and, if new federal legislation is not enacted, appropriate state legislation to deal with this potential problem could be acted upon in the 1975 legislative session

Sec 10 7—For capital outlay I eliminate this section

Because I have vetoed Item 390 (g) which relates to the relocation of the vegetable crops headquarters at Davis, I am eliminating this section because there will be insufficient funds to accomplish this project I believe the total funding should be from the Health Science Bond Fund or the State Highway Fund

Sec 11 9—For reappropriation of unexpended 1973–74 Educationally Disadvantaged Youth Program funds I eliminate this section

I oppose any augmentation or expansion, including reappropriation of unexpended 1973–74 funds, for the Educationally Disadvantaged Youth programs, established in 1973–74 District use of these funds must first be more clearly determined and an evaluation conducted of the programs' effectiveness

With the above deletions and reductions, I hereby approve Senate Bill No 1525

RONALD REAGAN, Governor

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the "Budget Act of 1974."

SEC. 2. All such appropriations, unless otherwise herein provided, shall be paid out of the General Fund in the State Treasury.

Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purposes to the extent only of the amount herein appropriated, unless otherwise stated herein, or authorized pursuant to Section 11006 of the Government Code.

Appropriations for purposes not otherwise provided for herein which have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

GENERAL SECTIONS

SEC. 4. Notwithstanding any other provisions of this act, no appropriations made herein, or funds obtained from any other source, over $10,000 may be expended by any state entity for any single expansion, improvement or addition to electronic data-processing activities, personnel, equipment, facilities or supplies during fiscal year 1974–75, or any expenditure budgeted for fiscal year 1975–76 for electronic data-processing activities, personnel, equipment, facilities or supplies unless the department director certifies (or in the case of a consolidated data center, the center director), and the Director of Finance determines and states in writing that the criteria and procedures set forth in the Supplementary Report of the Committee on Conference on the Budget Act of 1977 have been met and followed.

Notwithstanding any other provisions of this act, no appropriations made herein, or funds obtained from any other source, may be expended by any state entity pursuant to a contract for expansion, improvement or addition to electronic data-processing activities,

personnel, equipment, facilities or supplies as defined in the Supplementary Report of the Committee on Conference on the Budget Act of 1974, during fiscal year 1974–75 or any expenditure budgeted for fiscal year 1975–76 for such activities in excess of $10,000, unless the contract for the acquisition or rental of equipment, personal services, or supplies as these terms are defined in the Supplementary Report of the Committee on Conference on the Budget Act of 1974 is competitively bid.

No expenditure of funds for data-processing activities shall be authorized until the director of the department requesting the expenditure and the Director of Finance certify that adequate safeguards have been developed following the criteria contained in the Supplementary Report of the Committee on Conference on the Budget Act of 1974 to insure the confidentiality of data.

The provisions of this section shall not apply to the University of California, the State Compensation Insurance Fund, or agencies provided for by Article VI of the Constitution or the Legislature.

Contracts awarded or entered into pursuant to this section for lease of electronic data-processing equipment shall be in the form of the Model Contract for Lease of Electronic Data Processing Systems and Components as outlined in Management Memo 73-13, dated May 16, 1973, for inclusion in the State Administrative Manual as Section 4960.2 (revised May 16, 1973), and no portion of such contract shall be excluded or stricken.

No funds appropriated in this act may be encumbered or expended for the purchase of electronic data-processing equipment, as defined in the Supplemental Report of the Committee on Conference on the Budget Act of 1974, until a new model contract has been developed and approved for such purchases, provided that any such proposed new model contract for electronic data-processing equipment purchases shall be submitted to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee 30 days prior to approval and adoption of any such new model contract.

No expenditures or encumbrances shall be made from funds appropriated in this act or from any other source for the lease, lease-purchase or purchase of electronic data-processing equipment unless two bidders bidding on mainframes manufactured by different companies have been determined to be qualified for contract award in accordance with this section.

SEC. 4.1. Notwithstanding any provisions of law to the contrary, no funds appropriated in this act nor from any other sources shall be expended, encumbered or transferred to fund planning, staffing or implementation of any phase of the Revenue Consolidated Data Center or the Human Relations Consolidated Data Center (Health and Welfare Consolidated Data Center).

SEC. 5. Because it is necessary to insure the availability of adequate equipment for physical facilities constructed for the

operation of custodial, mental health, educational, administrative, military, and other agencies of the state government, because uncertainties as to completion dates make precise advance planning of equipment purchases impossible; and since delivery of some kinds of equipment cannot be made for six months or longer from the date of ordering; state agencies are therefore authorized to incur obligations, to be met during the 1975–76 fiscal year, for the purchase of equipment related to capital outlay projects for which the Legislature has appropriated construction funds; provided, that no obligation shall be incurred under the provisions of this section without the approval of the Department of Finance and the State Public Works Board. Purchase orders issued and contracts entered into under the provisions of this section shall not exceed a total of two million dollars ($2,000,000) in estimated cost.

SEC. 7. Any acquisition of land or other real property included in any appropriation made herein except appropriations from the California Water Fund or the State Highway Account, State Transportation Fund or appropriations to the Board of Governors of the California Community Colleges for allocation to the community college districts shall be subject to the provisions of the Property Acquisition Law.

All property acquisitions, notwithstanding other exemptions of this section, shall be reported to the State Public Works Board.

SEC. 8. No money appropriated herein in any item for capital outlay may be expended by any state agency, including the University of California, the California State University and Colleges and the community colleges, except amounts for acquisition of land or other real property, amounts needed for equipment, minor projects and amounts appropriated specifically for preliminary surveys, studies and planning until the State Public Works Board and the Department of Finance have approved preliminary plans for the project to be financed from such item of appropriation for capital outlay with the exception that community college approvals by the Public Works Board will apply only to the allocation of state capital outlay funds appropriated heretofore and hereafter by the Legislature; including land acquisition and equipment funds; provided further, that unless excepted by the conditions of Section 20084 of the Education Code, the Public Works Board shall not approve for allocation any appropriated amounts for working drawings or construction where said working drawings or construction have been started by a community college prior to approval of the state-appropriated amounts by the Public Works Board, and all such amounts not approved by the board under this criterion shall be reverted to the unappropriated balance of the appropriate fund; provided further, no major project for which appropriation is made hereunder regarding which the Director of Finance or his authorized representative requests review of working plans shall be put out to bid until the working plans therefor have been approved by the Department of Finance; provided further,

that no money appropriated herein may be spent for working drawings for any project as to which there has been made substantial change or changes from the preliminary plans as approved by the State Public Works Board and the Department of Finance unless there has first been obtained the approval of the Department of Finance to make such change or changes; provided further, that no more than one thousand dollars ($1,000) of the money appropriated herein may be spent for any single unit of equipment until prior approval for purchase of such equipment shall have been given by the Department of Finance.

Nothing in this section shall be construed to limit or control the Department of Transportation in the expenditure of State Highway Account, State Transportation Fund money appropriated for capital outlay purposes.

The Department of Transportation shall report to the State Public Works Board the expenditures for capital outlay, except minor projects, from appropriations contained in this act.

SEC. 8.5. In making appropriations to state agencies which are eligible for federal assistance programs, it is the intent and understanding of the Legislature that applications made by such agencies for federal funds under any such programs shall be for the maximum amount allowable under federal law.

SEC. 9. Notwithstanding any other provision of law, the portion of each sum of money heretofore appropriated or allocated, hereby appropriated or hereafter allocated to the Regents of the University of California for capital outlay which remains after the purpose for which each said sum was appropriated or allocated has been accomplished, and which have been or hereafter are withdrawn from the State Treasury by the Regents of the University of California pursuant to the provisions of Section 23201 of the Education Code, together with increments, by way of interest or otherwise, on any such appropriation or allocations, shall be used and expended by the Regents of the University of California in executing and furthering the building and improvement program of the University of California; provided, that no such sums shall be allocated by the Regents of the University of California to projects for the purpose of augmenting those projects without prior approval of the State Public Works Board of the requested augmentation. Such sums shall be available for expenditure in payment of any encumbrances heretofore or hereafter incurred without regard to fiscal years; provided, however, that any unencumbered balances existing as of the date on which each such appropriation or allocation otherwise would lapse, shall then revert.

SEC. 10. SEC. 10.1. As of June 30, 1974, the unexpended balance of the appropriation made by Item 90, Budget Act of 1973, shall revert to the unappropriated balance of the General Fund.

As of July 1, 1974, the amount reverted as of June 30, 1974, for Item 90, Budget Act of 1973, is reappropriated and shall be available until June 30, 1975, and may be expended on written authorization of the Department of Finance issued on or before said date, for emergencies, within the meaning of said item, occurring during the 1973–74 fiscal year.

SEC. 10.2. As of June 30, 1974, $340,200 from the appropriation made by Chapter 1112, Statutes of 1973 shall revert to the unappropriated surplus of the General Fund.

SEC. 10.3. Notwithstanding any other provisions of law, the unexpended balance of the appropriation made by Item 35(b), Budget Act of 1973, for the purchase of replacement radio system and radio system engineering, is hereby reappropriated to the Office of Emergency Services, and shall be available for expenditure until June 30, 1975.

SEC. 10.4. Notwithstanding any other provisions of law, the unexpended balances of the appropriations made by Chapter 1325 of the Statutes of 1971, Item 309(c) of the Budget Act of 1973, Item 309.5(b) of the Budget Act of 1973, and Item 309.6(a) of the Budget Act of 1973 as added by Section 5 of Chapter 1005 of the Statutes of 1973 (AB 451) are hereby reappropriated for allocation by executive order by the Director of Finance to the Department of Education for the following purposes:

(a) $2,007,000 of the unexpended balances to augment the appropriation made by Item 309.6(b) of the Budget Act of 1973, as added by Section 5 of Chapter 1005, Statutes of 1973, for the state preschool program in 1974–75 to maintain the 1973–74 program level.

(b) The remaining unexpended balances not to exceed $1,188,314 to augment Item 341(a) of this act to provide a state and federal fund hourly reimbursement up to $1.05 per child hour for child care provided by the various counties under Chapter 1177, Statutes of 1972 (AB 282).

The reappropriated unexpended balances will be available for expenditure through June 30, 1975.

The Legislature recognizes that child care programs established and maintained pursuant to Chapter 1177, Statutes of 1972, have made valuable contributions towards insuring that public assistance recipients have been able to accept and maintain employment or related training. It is, therefore, the intent of the Legislature that the transfer of the administrative authority of these child care programs from the county governments to the Department of Education shall be made in an orderly fashion. To insure such a transfer, it is further

the Legislature's intent that the Department of Education shall insure that the following provisions are met:

(a) All programs initiated or maintained pursuant to Chapter 1177, Statutes of 1972, shall receive funding, provided that the programs meet the federal and state rules and regulations affecting such programs, at a level at least equal to that reported by each respective county welfare department for each respective program to the Department of Education for fiscal year 1973–74, and provided that total state allocations to each county shall not exceed that county's 1973–74 allocation under Chapter 1177 plus each county's 1973–74 maintenance of effort level.

(b) That counties shall comply with Education Code Section 16784 which requires counties to maintain their 1970–71 level of effort for child care services provided by county funds, and that those county funds shall be used to exceed the $1.05 an hour maximum state and federal reimbursement rate as established by Education Code Section 16780, for child care programs.

SEC. 28.4. No funds appropriated by this act shall be encumbered or expended for the purpose of funding any increased local governmental costs arising from the issuance of an executive order subject to the provisions of Section 2231 of the Revenue and Taxation Code, unless notification in writing of the necessity therefor is given at least 30 days before such encumbrance or expenditure is made to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee or such lesser time as the chairman of said committee, or his designee, may in each instance determine.

SEC. 28.5. Approvals by the Department of Finance to the creation of deficiencies pursuant to Section 11006 of the Government Code and approvals to expend at rates which, in the opinion of the Director of Finance, will require a deficiency appropriation shall be made in writing and filed with the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee. Such notices shall state the reason for and amount of such authorization and shall be filed prior to approval whenever possible and in no case shall they be filed more than 10 days after approval.

SEC. 28.6. Any project funded from the Health Sciences Hospital Reserve Fund, of less than $100,000, shall be reported to the Chairman of the Joint Legislative Budget Committee by December 1 of each fiscal year. For purposes of this section the definition of a project does not include equipment projects. SEC. 28.8. Notwithstanding any provisions of law to the contrary, including Sections 27 and 28 of this act, no funds allocated by this act or derived from any other source may be used to fund the center for the study and reduction of violence at the Neuropsychiatric Institute or any similar research program at any state entity, without prior approval of the Legislature.

SEC. 28.9. Since it is the intent of the Legislature in enacting this budget that no qualified student be denied admission to the California State University and Colleges or to the University of California because of a budget deficiency caused by unanticipated additional enrollments, the Director of Finance may, following the adoption of a resolution by the Trustees of the California State University and Colleges or the Regents of the University of California declaring an enrollment emergency, authorize the accelerated expenditure of amounts budgeted for the state colleges or the university, in the form of an agreement to seek a supplementary appropriation from the General Fund to the extent necessary to insure that all qualified students can be admitted when he certifies that the systemwide enrollment of the California State University and Colleges or of the University of California exceeds by 2 percent or more the enrollment upon which the budget for the state

university and colleges or the university was based; provided, that no increased expenditure may exceed $5 million in the aggregate or be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairman of committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairman of such committee, or his designee, may in each instance determine.

In the event that the systemwide enrollment of the California State University and Colleges or University of California is under the budgeted enrollment by more than 2 percent, such excess shall be unallotted by the Director of Finance. Unallocated funds may be reallocated to preclude layoffs only after the Director of Finance has approved such action and should not be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairman of committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairman of such committee, or his designee, may in each instance determine.

SEC. 28.10. All appropriations for the support of the California State University and Colleges shall be subject to the provisions of Section 13320 of the Government Code and applicable Budget Act restrictions with the following exceptions:

(a) The trustees may transfer excess salary saving funds from the salary savings reserve allotments to expenditure allotments provided such transfers do not exceed 20 percent of salary saving. Excess salary savings funds are those in excess of the amount budgeted.

(b) The trustees may approve transfer of funds between one or more of the programs for which funds are appropriated for the support of the California State University and Colleges.

Any transfer of funds made under the above exceptions shall be reported to the Department of Finance and Joint Legislative Budget Committee within 30 days after the end of each quarter in which such transfer was approved.

SEC. 29. Premiums for official bonds may be paid out of appropriations contained in this act, notwithstanding the period covered by such bonds.

SEC. 30. Whenever an expenditure is authorized from the Emergency Fund, from price increase funds, from the salary increase funds, or from a special fund pursuant to Section 11006 of the Government Code, in addition to an appropriation made by this act, such authorized expenditures may, for accounting purposes, be deemed to be an augmentation and increase of the appropriation made by this act.

SEC 31. The appropriations under this act, unless otherwise provided, shall be subject to the provisions of Section 13320 of the Government Code requiring expenditures to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.

The fiscal year budget shall authorize in such manner as the Department of Finance shall prescribe all established positions whose continuance for the year is approved and all new positions. No new positions shall be established unless authorized by the Department of Finance on the basis of work program and organization.

The Director of Finance, or his authorized designee, shall notify the Chairman of the Joint Legislative Budget Committee and the chairmen of the committees in each house which consider appropriations within 30 days of authorizing any position not authorized for that fiscal year by the Legislature or any reclassification to a position with a minimum step of $1,000 or more per month. He shall also report all transfers to blanket authorizations and the establishment of any permanent position out of a blanket authorization.

All positions administratively established pursuant to this section during the 1974–75 fiscal year shall terminate on June 30, 1975, except that those positions which have been (a) included in the 1975–76 Governor's Budget as proposed new positions, or (b) approved by the Department of Finance and reported to the Legislature after the 1975–76 Governor's Budget submission to the Legislature, may be reestablished by the Department of Finance during the 1975–76 fiscal year, provided such positions are shown in the 1976–77 proposed Governor's Budget submitted to the Legislature, or in subsequent Department of Finance letters to the Legislature, and provided, such positions do not result in establishment of positions deleted by the Legislature through the 1975–76 budget process.

Each fiscal year budget shall provide for a salary savings reserve to which shall be transferred on a document initiated by the agency and submitted to the Department of Finance the unencumbered balance remaining in each allotment for salaries and wages at the close of each quarter or other period of time covered by the allotment. The unencumbered balance remaining in each budget allotment for salaries and wages shall be computed by deducting from the amount of the allotment the expenditures and accrued obligations for salaries and wages chargeable to such allotment for the period covered thereby. The amount in the salary savings reserve shall not be available for expenditure except upon transfer to allotments for salaries and wages approved by the Department of Finance. Such transfer shall be approved only after it has been demonstrated to the satisfaction of the Department of Finance that the allotment to be augmented is insufficient to meet necessary expenditures for salaries and wages.

No money in any salary savings reserve may be expended to pay increases in salary ranges established after July 1, 1973, unless the Department of Finance certifies to the State Personnel Board, or other salary-fixing authority, prior to the adoption of such increased salary range that funds will be made available to pay the increased salaries resulting therefrom. Provided, that the provisions of this

paragraph shall not apply to salaries fixed by the State Personnel Board based on prevailing rates pursuant to Government Code Section 18853.

A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the State Controller that such expenditures comply with the provisions of this section.

Each agency, department, board, commission, and institution, for whose benefit and support appropriations are made in this act, shall certify to the Director of Finance that its expenditures have been made for the purposes stated in the budget, as implemented by the Budget Act, except as the purposes stated have been revised, in accordance with law, by the Department of Finance subsequent to the enactment of the Budget Act.

SEC. 31.1. All positions which were administratively established during the 1973–74 fiscal year shall terminate on June 30, 1974, and may not be reestablished during the 1974–75 fiscal year, except that those positions which have been (a) included in the 1974–75 Governor's Budget as proposed new positions, or (b) approved by the Department of Finance and reported to the Legislature after the 1974–75 Governor's Budget submission to the Legislature, may be reestablished by the Department of Finance during the 1974–75 fiscal year, provided such positions are shown in the 1975–76 proposed Governor's Budget submitted to the Legislature, or in subsequent Department of Finance letters to the Legislature, and provided, such positions do not result in establishment of positions deleted by the Legislature through the 1974–75 budget process.

SEC. 32. The officers of the various departments, boards, commissions and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of such appropriations, except the consent of the Department of Finance be first obtained, and a certificate, in writing, duly signed by the director of said department, of the unavoidable necessity of such expenditure; and any indebtedness attempted to be created against the state in violation of the provisions of this section shall be absolutely null and void; and shall not be allowed by the State Controller nor paid out of any state appropriation. Any member of any such department, board, commission or institution, who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act, except by the consent of the Department of Finance and the certificate in this section provided to be first obtained, shall be liable on his official bond for the amount of such indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm or corporation to whom such indebtedness is owing.

The Department of Finance shall submit copies of certificates approved by it under this section to the Chairman of the Joint

Legislative Budget Committee, and the chairman of the committee in each house which considers appropriations, quarterly, and shall indicate in the case of each certificate the code section or section of this act under which the department gave its consent to exceed the particular appropriation.

SEC. 32.5. Notwithstanding the provisions of any appropriation of state funds made in the Welfare and Institutions Code for the Aid to Families with Dependent Children Programs or the Aid to the Potentially Self-Supporting Blind Program, expenditures of state funds for those programs for the fiscal year ending June 30, 1975, shall not exceed, in the aggregate, the sum of four hundred eleven million one hundred six thousand four hundred dollars ($411,106,400).

The Department of Benefit Payments, subject to the limit placed on aggregate expenditures by this section, may transfer funds between categorical aid programs.

The Department of Benefit Payments shall administer the public assistance programs so that the counties will bear no more than the amount of welfare costs that they would be obligated to bear under the applicable provisions of the Welfare and Institutions Code, without the expenditure limitations set forth herein, and so that the amount authorized to be expended under this section shall fully cover the state's share of aid payments and for services under such programs for the 1974–75 fiscal year.

The limitations on amounts imposed by this section shall apply to any amounts which are determined by the Director of Finance to be necessary to meet increases in cost arising out of approvals made by the Department of Finance pursuant to the provisions contained in Item 307, provided the Legislature is notified pursuant to the provisions of Section 28 of the Budget Act of 1974.

Provided further, that the Director of Finance is authorized to approve expenditures in those amounts made necessary by changes in either caseload or payments, or any change in rule or regulation adopted during the current fiscal year which are in excess of Budget Bill estimates for 1974–75.

Further provided, that any increase related to changes in a rule or regulation shall be limited to the minimum amount needed to reimburse counties for increased costs due to such changes when such regulation changes have been approved in advance by the Department of Finance.

If the Director of Finance determines during the third quarter that the estimate of expenditures will exceed the authorized expenditure in this section, he shall so report to the Legislature prior to the end of the third quarter. At such time as a report is made, the amount of the limitation shall be increased by the amount of such excess unless and until otherwise provided by law.

SEC 32.6. No funds included in this act shall be expended for the support of any agency, board, bureau, commission, committee, council, department, division, office, or unit unless such body is operating in and reporting in the administrative structure to which

it is assigned by statute, by a valid, effective, and operative reorganization plan of the Governor submitted to the Legislature, or by this act.

SEC. 32.9. No expenditure for park furnishings shall be made from any appropriation contained in this act for use by the Department of Parks and Recreation unless the department has made reasonable efforts to acquire such furnishings on a consolidated procurement basis. The department shall provide reasonable demonstration of such consolidated procurement to the Public Works Board and the Office of Procurement of the Department of General Services before the board and office authorize an expenditure or approve procurement.

SEC. 33. If any item of appropriation in this act is vetoed, eliminated or reduced by the Governor under Section 10 of Article IV of the Constitution while approving portions of this act, such veto, elimination or reduction shall not affect the other portions of this act and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act and as if any reduced item of appropriation had not been reduced.

SEC. 34. If any section, subsection, sentence, clause, or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act, and each section, subsection, sentence, clause, and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared unconstitutional.

SEC. 35. This act, inasmuch as it provides for an appropriation for the usual current expenses of the state, shall, under the provisions of Section 8 of Article IV of the Constitution of the State of California, take effect immediately.

SEC. 36. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There exists an extreme shortage of physical facilities for the operation of the custodial, mental treatment, education, administrative, military and other agencies of the state government, the present facilities being entirely inadequate due to great increases in population and added governmental responsibilities. The capital outlay appropriations in this budget are all in continuation of an existing program to remedy the aforesaid shortage of facilities and to promote and sustain the economy of the state. If they are not available for expenditure on July 1, 1974, the existing program will be delayed. The expeditious correction of such condition and the

efficient operation of the state's business requires the immediate availability of the new capital outlay appropriation and the uninterrupted availability of reappropriated capital outlay items cor tained in this measure It is therefore necessary that this act go into immediate effect

County Flood Control Act (Chapter 73 of the Statutes of 1939), relating to flood control, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 5, 1974. Filed with Secretary of State July 5, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 25210.4d is added to the Government Code, to read:

25210.4d. In any county which exceeds 20,000 square miles in area, a county service area, in addition to all other types of service which it is empowered to provide, may provide flood or inundation protection services; and any such county service area formed prior to the effective date of this section may provide such services without taking proceedings for the extension of authorized services pursuant to Article 3 (commencing with Section 25210.30) of this chapter. As used in this section, "flood or inundation protection services" shall include, but shall not be limited to, the acquisition, purchase, construction, repair, and maintenance of dams and of all land, easements, structures, facilities, and equipment necessary or convenient therefor when the same are intended to protect persons or property from flooding or inundation which might occur in the event of the failure of an existing privately owned dam.

No indebtedness may be incurred by a county service area for the purposes of this section except in accordance with the provisions of Article 10 (commencing with Section 25211.1) of this chapter.

Any county service area utilizing the provisions of this section to provide flood or inundation protection services and which establishes a zone of benefit therefor, may not provide water service within such zone of benefit.

SEC. 2. Section 25211.7a is added to the Government Code, to read:

25211.7a. In considering what area will be benefited by the provision of flood or inundation services, as authorized pursuant to Section 25210.4d, the board may determine that the acquisition or construction of a dam intended to protect persons or property from flooding or inundation in the event of the failure of an existing dam will benefit exclusively the area benefited by such existing dam and by the water impounded by such existing dam.

A resolution determining the area of benefit pursuant to this section, if adopted by a four-fifths vote of the board of supervisors, shall be conclusive evidence of the following:

(a) The proceedings taken in connection with such determination have been properly and legally conducted.

(b) The property included within the boundaries of such area will be benefited by the proposed work.

SEC. 3. Section 3.1 of the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939) is amended to read:

Sec. 3.1. The board of supervisors is authorized and empowered at any time and from time to time, to create within any of the zones described in Sections 1.01 to 1.6, inclusive, of this act, special zones for the purpose of constructing any project authorized by this act and which, in the opinion of the board, will be of special benefit only to the area within the special zones.

Before creating any special zone under the provisions of this section, the board of supervisors shall hold a public hearing on the proposal. Notice of the hearing shall be published in a newspaper of general circulation within the special zone, if there be one, otherwise, notice of the meeting shall be posted in at least seven places within the proposed special zone. Such notice shall describe the boundaries of the proposed special zone and contain a general statement of the nature of the work proposed to be done. At the hearing, any interested person may appear and protest the creation of the zone or the performance of any proposed work therein.

In determining the areas which will be specially benefited by the construction of the proposed work, the board of supervisors may consider any and all types of benefits which may accrue by reason of such construction. For the purpose of this section, proposed work which, if constructed, will provide protection against the failure of a dam impounding the waters of a lake or reservoir may be determined by the board of supervisors to benefit exclusively those properties benefited by such lake or reservoir. Such work may be determined to benefit only such properties even though the work is not contiguous to the lake or reservoir; and the construction of such work to provide flood control protection in the event of the failure of such a dam hereby is expressly declared to be one of the powers of the district.

A resolution forming a special zone pursuant to this section, if adopted by a four-fifths vote of the board of supervisors, shall be conclusive evidence of the following:

(a) The proceedings taken in connection with the formation of such special zone have been properly and legally conducted

(b) The property included within the boundaries of such special zone will be benefited by the proposed work.

Notwithstanding any other provision of law, no indebtedness may be incurred for the benefit of any special zone for any project which, if constructed, will provide protection against the failure of a dam impounding the waters of a lake or reservoir, unless and until the proposal to incur such indebtedness is submitted to the voters of the special zone and more than two-thirds of the votes cast in such election are in favor of incurring the indebtedness.

Any action to attack, contest, review, set aside, void or annul the formation of a special zone or the inclusion of property therein shall

be commenced within 30 days after the filing of the statement of the creation of such zone pursuant to Chapter 8 (commencing with Section 54900), Part 1, Division 2, Title 5 of the Government Code.

All of the provisions of this act relating to zones are applicable to special zones formed under this section; and all of the powers and duties conferred or imposed by this act with respect to zones, including the powers and duties to collect taxes or assessments and to incur indebtedness and to issue and sell bonds, shall apply with like respect to special zones.

SEC. 4. Section 13 of the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939) is amended to read:

Sec. 13. The board of supervisors shall prescribe the form of the bonds to be issued by the district and of the interest coupons to be attached thereto. The board shall fix the date of the bonds and may, in its discretion, divide the aggregate principal amount of any authorized issue into two or more series and fix different dates for each separate series. In the event any authorized issue is divided into two or more series, the bonds of each series may be made payable at such time or times as may be fixed by the board, separate and distinct from the time or times of payment of bonds of any other series of the same issue; provided, that no bond shall run more than forty (40) years from its date, that the earliest maturity of each issue or series, as the case may be, shall not be more than two years from the date of the bonds of said issue or series.

The bonds shall be issued in denominations of one thousand dollars ($1,000), or multiples of one thousand dollars ($1,000), as the board of supervisors may determine, and shall be payable on the date and at the place or places stated in such bonds and with interest at the rate specified in such bonds, payable semiannually except that interest for the first year may be made payable at the end of said year. Said bonds shall be signed by the chairman of the board of supervisors (or such other member of the board of supervisors as the board of supervisors shall by resolution designate) and countersigned by the auditor of the county, and the seal of said district shall be affixed thereto. The coupons of said bonds shall be numbered consecutively and signed by the auditor of said county The signature on all coupons and one signature on the bonds may be by printed, lithographed, or engraved facsimile signature. In case any of such officers whose signatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signature shall nevertheless be valid for all purposes the same as if such person had remained in office until delivery of the bonds.

The board of supervisors may provide that all or any part of the bonds issued may be called and redeemed prior to maturity, at the option of the board, upon payment of such premiums, if any, as said board in the resolution providing for the issuance thereof may determine In the event any bond is redeemable prior to its maturity, a statement substantially to that effect shall be contained in the bond.

SEC. 5 It is the intent of the Legislature, to authorize in

accordance with the provisions of this act, the construction by a county service area or the San Bernardino County Flood Control District of a second dam to protect the public health and safety in the event of the failure of an existing privately owned dam impounding the waters of a lake or reservoir, and it is not the intent to affect in any way existing rights with respect to such private dam and the waters of the lake or reservoir impounded by such private dam.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Substantial questions have been raised as to the safety of a dam located within the San Bernardino County Flood Control District and, in order that a flood control facility may be constructed which will protect against the failure of such dam, it is essential that this act go into immediate effect.

A report by the administrator on the above shall be made each year to the Legislature prior to the 15th of December containing comments and recommendations on improvement to administration, enforcement and financing of the provisions relative thereto.

SEC. 11.5. Section 5003 of the Unemployment Insurance Code, as amended by Chapter 155 of the Statutes of 1974, is amended to read:

4003. (a) The provisions and definitions of terms in the "Federal-State Extended Unemployment Compensation Act of 1970" apply to this part. "Federal-state extended benefits" means benefits payable under this part.

(b) Effective with respect to compensation for weeks of unemployment beginning before August 1, 1974, and beginning after December 31, 1973, the determination of whether there has been a state "on" or "off" indicator beginning or ending any extended benefit period shall be made as provided in subsection (e) of Section 203 of the Federal-State Extended Unemployment Compensation Act of 1970, as amended by HR 14833 of the 93rd Congress as if subparagraph (A) of paragraph (1) of such subsection (e) did not exist.

SEC. 12. The amendment of Section 823 of, and the repeal of Section 831 of the Unemployment Insurance Code by this act shall apply on and after July 1, 1974.

SEC. 13. It is the intent of the Legislature in amending Section 823 of the Unemployment Insurance Code as proposed in this act to continue the unemployment compensation program for classified school employees in districts where such program was implemented prior to July 1, 1974. Therefore, no additional tax rate is authorized

for school districts for the purpose of funding this program because sufficient funds for this purpose are included in the revenue base of such districts and will continue to be included in the revenue limit of such districts pursuant to Sections 20904 and 20905 of the Education Code for subsequent fiscal years.

SEC. 14. The provisions of step (a) of Section 828 of the Unemployment Insurance Code as amended by this act are merely a clarification of the original intention of the Legislature and are not a substantive change, and are in conformity with the existing administrative interpretation of the law.

SEC. 14.5. The amendment to Section 4003 of the Unemployment Insurance Code, as set forth in Section 11.5 of this act, shall be operative only if and when H.R. 14833 of the 93rd Congress, or some other bill of the 93rd Congress, is enacted to extend until July 31, 1974, the time during which the 120 percent trigger for the "on" or "off" indicators is removed for purposes of obtaining the federal share of benefits under the Federal-State Extended Unemployment Compensation Act of 1970. If no such bill is enacted at the 93rd Congress, Section 11.5 of this act shall not become operative.

SEC. 15. There are no state-mandated local costs in this act that require reimbursement under Section 2231 of the Revenue and Taxation Code because there are no duties, obligations or responsibilities imposed on local governments by this act.

SEC. 16. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the local agency taxing provisions of this act may be effective during the 1974–75 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 383

An act to add Section 19700.748 to the Education Code, relating to state school building aid, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 5, 1974 Filed with Secretary of State July 5, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 19700.748 is added to the Education Code, to read:

19700.748. Notwithstanding any provisions of this article or Section 19700 745 thereof to the contrary, any school district which lacks sufficient matching funds for a particular project or projects, as

required under this article, may file an application and the board may approve a project or projects conditioned upon the district levying, in the 1974–75 fiscal year, the entire twenty-cent ($0.20) tax rate per one hundred dollars ($100) of assessed valuation permitted under Section 15518 and applying the proceeds of such levy as local matching funds for such project or projects.

Under such circumstances, provided such applicant district was not eligible to receive a grant under the provisions of Section 19700.746, the board may increase the basic computed state matching ratio of assistance in such amount, which, when added to the sum of the entire proceeds of the twenty-cent ($0.20) tax rate and such other funds which in the opinion of the board are or can be made currently available for the project or projects, would be necessary to construct minimum essential facilities for the project or projects as determined by the board. Not more than twelve million dollars ($12,000,000) of the proceeds of the sale of bonds authorized by Section 19700.51, may be apportioned pursuant to this section and in augmentation of the forty-five million dollars ($45,000,000) made available under Section 19700.745.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that school districts may contract for the orderly and efficient replacement or reconstruction of structurally inadequate school buildings without undue disruption of the education program and dislocation of pupils, it is necessary that this act take effect immediately.

(b) Hear and consider, within the limitations and in accordance with the procedure hereinafter provided, an appeal presented by an applicant for, or holder of, a license as a new car dealer, manufacturer, manufacturer branch, distributor, distributor branch, or representative when any such applicant or licensee submits such an appeal provided for in this chapter from a decision arising out of the department.

(c) Consider any matter concerning the activities or practices of any person applying for or holding a license as a new car dealer, manufacturer, manufacturer branch, distributor, distributor branch, or representative pursuant to Chapter 4 (commencing with Section 11700) of Division 5 submitted by any person; and, after such consideration, the board may do any one or any combination of the following:

(3) Order the department to exercise any and all authority or power that the department may have with respect to the issuance, renewal, refusal to renew, suspension or revocation of the license of any new car dealer, manufacturer, manufacturer branch, distributor, distributor branch, or representative as such license is required under Chapter 4 (commencing with Section 11700) of Division 5.

(d) Hear and consider, within the limitations and in accordance with the procedure hereinafter provided, a protest presented by a franchisee pursuant to Section 3060, 3062, 3064, or 3065.

3060. Notwithstanding the terms of any franchise, no franchisor shall terminate or refuse to continue any existing franchise unless:

(a) The franchisee and the board have received written notice from the franchisor as follows:

(1) Sixty days before the effective date thereof setting forth the specific grounds for termination or refusal to continue.

(2) Fifteen days before the effective date thereof setting forth the specific grounds with respect to any of the following:

(i) Transfer of any ownership or interest in the franchise without the consent of the franchisor, which consent shall not be unreasonably withheld.

(ii) Misrepresentation by the franchisee in applying for the franchise.

The franchisee may file a protest with the board within 30 days after receiving a 60-day notice, or within 10 days after receiving a 15-day notice. When such a protest is filed, the board shall advise the franchisor that a timely protest has been filed, that a hearing is required pursuant to Section 3066, and that the franchisor may not terminate or refuse to continue until the board makes its findings.

(c) The franchisor has received the written consent of the franchisee, or the appropriate period for filing a protest has elapsed.

The franchisor shall not modify or replace a franchise with a succeeding franchise if such modification or replacement would substantially affect the franchisee's sales or service obligations or investment, unless the franchisor shall have first given the board and each affected franchisee notice thereof at least 60 days in advance of such modification or replacement. Within 30 days of receipt of such notice, a franchisee may file a protest with the board and such modification or replacement shall not become effective until there is a finding by the board that there is good cause for such modification or replacement. Within 15 days of receiving such notice or within 15 days after the end of any appeal procedure provided by the franchisor, any franchisee receiving such notice may file with the board a protest to the establishing or relocating of the proposed additional dealership. When such a protest is filed, the board shall inform the franchisor that a timely protest has been filed, that a hearing is required pursuant to Section 3066, and that the

franchisor shall not establish or relocate the proposed dealership until the board has determined that there is good cause for not permitting such additional dealership. In the event of multiple protests, hearings shall be consolidated to expedite the disposition of the issue.

SEC. 6. Section 3066 of the Vehicle Code, as added by Statutes of 1973, Chapter 996, is amended to read:

3066. (a) Upon receiving a notice of protest pursuant to Section 3060, 3062, 3064, or 3065, the board shall fix a time, which shall be within 60 days of such order, and place of hearing and send by registered mail a copy of the order to the franchisor, the protesting franchisee, and all individuals and groups which have requested notification by the board of protests and decisions of the board. The board, or a hearing officer designated by the board, shall hear and consider the oral and documented evidence introduced by the parties and other interested individuals and groups, and the board shall make its decision solely on the record so made. (b) In any hearing on a protest filed pursuant to Section 3060 or 3062, the franchisor shall have the burden of proof to establish that there is good cause to modify, replace, terminate, or refuse to continue a franchise. The franchisee shall have the burden of proof to establish there is good cause not to enter into a franchise establishing or relocating an additional motor vehicle dealership.

(c) In any hearing on a protest filed pursuant to Section 3064 or 3065, the franchisee shall have the burden to establish that the schedule of compensation or the warranty reimbursement schedule is not reasonable.

SEC. 7. Section 3067 of the Vehicle Code, as added by Statutes of 1973, Chapter 996, is amended to read:

3067. The decision of the board shall be in writing and shall contain findings of fact and a determination of the issues presented. If the board fails to act within 30 days after such hearing, within 30 days after the board receives a proposed decision where the case is heard before a hearing officer alone, or within such period as may be necessitated by Section 11517 of the Government Code or as may be mutually agreed upon by the parties, then the proposed action shall be deemed to be approved. Copies of the decision shall be delivered to the parties personally or sent to them by registered mail, as well as to all individuals and groups, which have requested notification by the board of protests and decisions by the board. The decision shall be final upon its delivery or mailing and no reconsideration or rehearing shall be permitted.

11713.2. It shall be unlawful and a violation of this code for any manufacturer, manufacturer branch, distributor, or distributor branch licensed under this code:

(a) To refuse or fail to deliver in reasonable quantities and within

a reasonable time after receipt of an order from a dealer having a franchise for the retail sale of any new vehicle sold or distributed by the manufacturer or distributor, any new vehicle or parts or accessories to new vehicles as are covered by such franchise, if such vehicle, parts or accessories are publicly advertised as being available for delivery or actually being delivered. This subdivision is not violated, however, if such failure is caused by acts or causes beyond the control of the manufacturer, manufacturer branch, distributor, or distributor branch.

(b) To prevent or require or attempt to prevent or require, by contract or otherwise any change in the capital structure of a dealership or the means by or through which the dealer finances the operation of the dealership, provided that the dealer at all times meets any reasonable capital standards agreed to by the dealer and the manufacturer or distributor, and also provided that no change in capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor.

(c) To prevent or require, or attempt to prevent or require, a dealer to change the executive management of a dealership, other than the principal dealership operator or operators if the franchise was granted the dealer in reliance upon the personal qualifications of such person or persons.

(d) To prevent or require, or attempt to prevent or require, by contract or otherwise, any dealer, or any officer, partner, or stockholder of any dealership, the sale or transfer of any part of the interest of any of them to any other person or persons. No dealer, officer, partner, or stockholder shall, however, have the right to sell, transfer, or assign the franchise, or any right thereunder, without the consent of the manufacturer or distributor except that such consent shall not be unreasonably withheld.

(e) To prevent, or attempt to prevent a dealer from receiving fair and reasonable compensation for the value of the franchised business. There shall be no transfer or assignment of the dealer's franchise without the consent of the manufacturer or distributor, which consent shall not be unreasonably withheld.

(f) To obtain money, goods, service, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and such other person, other than for compensation for services rendered, unless such benefit is promptly accounted for, and transmitted to, the dealer.

(g) To require a dealer to prospectively assent to a release, assignment, novation, waiver, or estoppel which would relieve any person from liability to be imposed by this article or to require any controversy between a dealer and a manufacturer, distributor, or representative, to be referred to any person other than the board, if such referral would be binding on the dealer. This subdivision shall not, however, prohibit arbitration before an independent arbitrator.

(h) To increase prices of motor vehicles which the dealer had ordered for private retail consumers prior to the dealer's receipt of the written official price increase notification. A sales contract signed by a private retail consumer shall constitute evidence of each such order. In the event of manufacturer price reductions, the amount of any such reduction received by a dealer shall be passed on to the private retail consumer by the dealer if the retail price was negotiated on the basis of the previous higher price to the dealer. Price reductions shall apply to all vehicles in the dealer's inventory which were subject to the price reduction. Price differences applicable to new model or series motor vehicles at the time of the introduction of new models or series shall not be considered a price increase or price decrease. Price changes caused by either (1) the addition to a motor vehicle of required or optional equipment pursuant to state or federal law, or (2) revaluation of the United States dollar in the case of foreign-make vehicles, shall not be subject to the provisions of this subdivision.

(i) To fail to pay to a dealer, within a reasonable time following receipt of a valid claim by a dealer thereof, any payment agreed to be made by the manufacturer or distributor to the dealer by reason of the fact that a new vehicle of a prior year model is in such dealer's inventory at the time of introduction of new model vehicles. A manufacturer or distributor shall not authorize or enable any new model or series passenger vehicle or station wagon to be delivered by dealers at retail more than 30 days prior to the eligibility date of such model change allowance payment for prior year model vehicles.

(j) To deny the widow or heirs designated by a deceased owner of a dealership, the opportunity to participate in the ownership of such dealership or successor dealership under a valid franchise for a reasonable time after the death of such owner.

(k) To offer any refunds or other types of inducements to any person for the purchase of new motor vehicles of a certain line-make to be sold to the state or any political subdivision thereof without making the same offer to all other dealers in the same line-make within the relevant market area.

(*l*) To modify, replace, enter into, relocate, terminate or refuse to renew a franchise in violation of Article 4 (commencing with Section 3060) of Chapter 6 of Division 2.

(m) To employ a person as a representative who has not been licensed pursuant to Article 3 (commencing with Section 11900) of Chapter 4 of Division 5.

(n) To deny any dealer the right of free association with any other dealer for any lawful purpose.

(o) To compete with a dealer in the same line make operating under an agreement or franchise from a manufacturer or distributor in the relevant market area. A manufacturer or distributor shall not, however, be deemed to be competing when operating a dealership either temporarily for a reasonable period, or in a bona fide retail operation which is for sale to any qualified independent person at a

fair and reasonable price, or in a bona fide relationship in which an independent person has made a significant investment subject to loss in the dealership and can reasonably expect to acquire full ownership of such dealership on reasonable terms and conditions A distributor shall not be deemed to be competing when a wholly owned subsidiary corporation of such distributor sells motor vehicles at retail, if, for at least three years prior to January 1, 1973, such subsidiary corporation has been a wholly owned subsidiary of such distributor and engaged in the sale of vehicles at retail.

(p) To unfairly discriminate among its franchisees with respect to warranty reimbursement or authority granted its franchisees to make warranty adjustments with retail customers.

(q) To sell vehicles to persons not licensed under this chapter for resale.

price, if the property involved is sold, or is (ii) 90 percent or more of the appraised value of the property securing the loan. Nothing contained in this section shall preclude establishment of such an account on terms mutually agreeable to the parties to the loan, if, prior to the execution of the loan or sale agreement, the seller or lender has furnished to the purchaser or borrower a statement in writing, which may be set forth in the loan application, to the effect that the establishment of such an account shall not be required as a condition to the execution of the loan or sale agreement, and further, stating whether or not interest will be paid on the funds in such an account.

An impound, trust, or other type of account for the payment of taxes, insurance premiums or other purposes relating to property established in violation of this subdivision is voidable, at the option of the purchaser or borrower, at any time, but shall not otherwise affect the validity of the loan or sale.

(b) Every mortgagee of real property, beneficiary under a deed of trust on real property or vendor on a real property sale contract upon the written request of the mortgagor, trustor or vendee shall furnish to the mortgagor, trustor or vendee for each calendar year within 60 days after the end of such year an itemized accounting of moneys received for interest and principal repayment and received and held in or disbursed from an impound or trust account, if any, for payment of taxes on the property, insurance premiums or other purposes relating to the property subject to the mortgage, deed of trust or real property sale contract. (1) Fifty cents ($0.50) per statement when requested in advance on a monthly basis for one or more years.

(2) One dollar ($1) per statement when requested for only one month.

(3) Five dollars ($5) if requested for a single cumulative statement giving all the information described above back to the last statement rendered.

If the mortgagee, beneficiary or vendor transmits to the mortgagor, trustor or vendee a monthly statement or passbook showing moneys received for interest and principal repayment and received and held in and disbursed from an impound or trust account, if any, the mortgagee, beneficiary or vendor shall be deemed to have complied with this section.

No increase in the monthly rate of payment of a mortgagor, trustor or vendee on a real property sale contract for impound or trust accounts shall be effective until after the mortgagee, beneficiary or vendor has furnished the mortgagor, trustor or vendee with an itemized accounting of the moneys presently held by it in the accounts, and a statement of the new monthly rate of payment, and

an explanation of the factors necessitating the increase.

The provisions of this section shall be in addition to the obligations of the parties as stated by Section 2943 of this code.

Every person who willfully or repeatedly violates this subdivision shall be subject to punishment by a fine of not less than twenty-five dollars ($25) nor more than one hundred dollars ($100).

(c) As used in this section, "single-family, owner-occupied dwelling" means a dwelling which will be owned and occupied by a signatory to the mortgage or deed of trust secured by such dwelling within 90 days of the execution of such mortgage or deed of trust.

CHAPTER 391

An act to amend Sections 11547, 11548, and 11549 of the Business and Professions Code, relating to subdivision maps

[Approved by Governor July 8, 1974 Filed with Secretary of State July 8, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 11547 of the Business and Professions Code is amended to read:

11547. A local ordinance may require the payment of a fee as a condition of approval of a final subdivision map or as a condition of issuing a building permit for purposes of defraying the actual or estimated cost of constructing bridges or major thoroughfares.

Such local ordinance may require payment of fees pursuant to this section if:

(1) The ordinance refers to the circulation element of the general plan and, in the case of bridges, to flood control provisions thereof which identify streams for which bridge crossings are required on general plan or local roads and in the case of major thoroughfares to the provisions of such circulation element which identify those major thoroughfares whose primary purpose is to carry through traffic and

provide a network connecting to the state highway system; provided, such circulation element and flood control provisions have been adopted by the local agency 30 days prior to the filing of a subdivision map or application for a building permit.

(2) The ordinance provides that there will be a public hearing held by the governing body for each area benefited. Notice shall be given pursuant to Section 65905 of the Government Code. In addition to the requirements of Section 65905 of the Government Code, such notice shall contain preliminary information related to the boundaries of the area of benefit, estimated cost and the method of fee apportionment. The area of benefit may include land or improvements in addition to the land or improvements which are the subject of the subdivision map or building permit application considered at such proceedings.

(3) The ordinance provides that at such public hearing, the boundaries of the area of benefit, the costs, whether actual or estimated, and a fair method of fee apportionment are established. The method of fee apportionment, in the case of major thoroughfares, shall not provide for higher fees on land which abuts the proposed improvement except where the abutting property is provided direct usable access to the major thoroughfare. A description of the boundaries of the area of benefit, the costs, whether actual or estimated, and the method of fee apportionment established at the hearing shall be recorded by the governing body conducting the hearing with the recorder of the county in which the area of benefit is located. Such apportioned fees shall be applicable to all property within the area of benefit and shall be payable as a condition of approval of a final subdivision map or as a condition of issuing a building permit for such property or portions thereof. Where the area of benefit includes lands not subject to the payment of fees pursuant to this section, the governing agency shall make provision for payment of the share of improvement costs apportioned to such lands from other sources.

(4) The ordinance provides that payment of fees shall not be required unless the planned bridge facility or major thoroughfares are in addition to, or a reconstruction of, any existing bridge facilities or major thoroughfares serving the area at the time of the adoption of the boundaries of the area of benefit.

(5) The ordinance provides that if, within the time when protests may be filed under the provisions of such ordinance, there is a written protest, filed with the clerk of the legislative body, by the owners of more than one-half of the area of the property to be benefited by the improvement, and sufficient protests are not withdrawn so as to reduce the area represented to less than one-half of that to be benefited, then the proposed proceedings shall be abandoned, and the legislative body shall not, for one year from the filing of that written protest, commence or carry on any proceedings for the same improvement or acquisition under the provisions of this section

Nothing in this section shall preclude the processing and recordation of subdivision maps in accordance with other provisions of this chapter if proceedings are abandoned

Any protests may be withdrawn by the owner making the same, in writing, at any time prior to the conclusion of a public hearing held pursuant to the ordinance.

If any majority protest is directed against only a portion of the improvement then all further proceedings under the provisions of this section to construct that portion of the improvement so protested against shall be barred for a period of one year, but the legislative body shall not be barred from commencing new proceedings not including any part of the improvement or acquisition so protested against. Nothing in this section shall prohibit the legislative body, within such one-year period, from commencing and carrying on new proceedings for the construction of a portion of the improvement so protested against if it finds, by the affirmative vote of four-fifths of its members, that the owners of a majority of the property within the area of benefit are in favor of going forward with such portion of the improvement or acquisition.

Fees paid pursuant to an ordinance adopted pursuant to this section shall be deposited in a planned bridge facility or major thoroughfare fund. A separate fund shall be established for each planned bridge facility or major thoroughfare project. Moneys in such funds shall be expended solely for the construction or reimbursement for construction of the improvement serving the area to be benefited and from which the fees comprising the fund were collected, or to reimburse the county or city for the cost of constructing the improvement.

An ordinance adopted pursuant to this section may provide for the acceptance of considerations in lieu of the payment of fees.

A county or city imposing fees pursuant to this section may advance money from its general fund or road fund to pay the cost of constructing the improvements and may reimburse the general fund or road fund for such advances from planned bridge facility or major thoroughfares funds established to finance the construction of such improvements.

A county or city imposing fees pursuant to this section may incur an indebtedness for the construction of bridge facilities or major thoroughfares provided that the sole security for repayment of such indebtedness shall be moneys in planned bridge facility or major thoroughfares funds

The term "construction" as used in this section includes design, acquisition of right-of-way, administration of construction contracts and actual construction.

SEC. 2. Section 11547 of the Business and Professions Code is amended to read·

11547. A local ordinance may require the payment of a fee as a condition of approval of a final subdivision map or as a condition of issuing a building permit for purposes of defraying the actual or

estimated cost of constructing bridges over waterways, railways, roadways, and canyons, or constructing major thoroughfares.

Such local ordinance may require payment of fees pursuant to this section if:

(1) The ordinance refers to the circulation element of the general plan and, in the case of bridges, to the transportation or flood control provisions thereof which identify railways, roadways, streams, or canyons for which bridge crossings are required on general plan or local roads, and in the case of major thoroughfares, to the provisions of such circulation element which identify those major thoroughfares whose primary purpose is to carry through traffic and provide a network connecting to the state highway system; provided, such circulation element, transportation or flood control provisions have been adopted by the local agency 30 days prior to the filing of a subdivision map or application for a building permit.

(2) The ordinance provides that there will be a public hearing held by the governing body for each area benefited. Notice shall be given pursuant to Section 65905 of the Government Code. In addition to the requirements of Section 65905 of the Government Code, such notice shall contain preliminary information related to the boundaries of the area of benefit, estimated cost and the method of fee apportionment. The area of benefit may include land or improvements in addition to the land or improvements which are the subject of the subdivision map or building permit application considered at such proceedings.

(3) The ordinance provides that at such public hearing, the boundaries of the area of benefit, the costs, whether actual or estimated, and a fair method of fee apportionment are established. The method of fee apportionment, in the case of major thoroughfares, shall not provide for higher fees on land which abuts the proposed improvement except where the abutting property is provided direct usable access to the major thoroughfare A description of the boundaries of the area of benefit, the costs, whether actual or estimated, and the method of fee apportionment established at the hearing shall be recorded by the governing body conducting the hearing with the recorder of the county in which the area of benefit is located. Such apportioned fees shall be applicable to all property within the area of benefit and shall be payable as a condition of approval of a final subdivision map or as a condition of issuing a building permit for such property or portions thereof Where the area of benefit includes lands not subject to the payment of fees pursuant to this section, the governing agency shall make provision for payment of the share of improvement costs apportioned to such lands from other sources.

(4) The ordinance provides that payment of fees shall not be required unless the planned bridge facility or major thoroughfares are in addition to, or a reconstruction of, any existing bridge facilities or major thoroughfares serving the area at the time of the adoption of the boundaries of the area of benefit.

(5) The ordinance provides that if, within the time when protests may be filed under the provisions of such ordinance, there is a written protest, filed with the clerk of the legislative body, by the owners of more than one-half of the area of the property to be benefited by the improvement, and sufficient protests are not withdrawn so as to reduce the area represented to less than one-half of that to be benefited, then the proposed proceedings shall be abandoned, and the legislative body shall not, for one year from the filing of that written protest, commence or carry on any proceedings for the same improvement or acquisition under the provisions of this section.

Nothing in this section shall preclude the processing and recordation of subdivision maps in accordance with other provisions of this chapter if proceedings are abandoned.

Any protests may be withdrawn by the owner making the same, in writing, at any time prior to the conclusion of a public hearing held pursuant to the ordinance.

If any majority protest is directed against only a portion of the improvement then all further proceedings under the provisions of this section to construct that portion of the improvement so protested against shall be barred for a period of one year, but the legislative body shall not be barred from commencing new proceedings not including any part of the improvement or acquisition so protested against. Nothing in this section shall prohibit the legislative body, within such one-year period, from commencing and carrying on new proceedings for the construction of a portion of the improvement so protested against if it finds, by the affirmative vote of four-fifths of its members, that the owners of a majority of the property within the area of benefit are in favor of going forward with such portion of the improvement or acquisition.

Fees paid pursuant to an ordinance adopted pursuant to this section shall be deposited in a planned bridge facility or major thoroughfare fund. A fund shall be established for each planned bridge facility project and each planned major thoroughfare project. If the benefit area is one in which more than one bridge is required to be constructed, a fund may be so established covering all of the bridge projects in the benefit area. Money in such funds shall be expended solely for the construction or reimbursement for construction of the improvement serving the area to be benefited and from which the fees comprising the fund were collected, or to reimburse the county or city for the cost of constructing the improvement.

An ordinance adopted pursuant to this section may provide for the acceptance of considerations in lieu of the payment of fees.

A county or city imposing fees pursuant to this section may advance money from its general fund or road fund to pay the cost of constructing the improvements and may reimburse the general fund or road fund for such advances from planned bridge facility or major thoroughfares funds established to finance the construction of such improvements.

A county or city imposing fees pursuant to this section may incur an indebtedness for the construction of bridge facilities or major thoroughfares; provided that the sole security for repayment of such indebtedness shall be moneys in planned bridge facility or major thoroughfares funds.

The term "construction" as used in this section includes design, acquisition of right-of-way, administration of construction contracts and actual construction.

SEC. 3. Section 11548 of the Business and Professions Code is amended to read:

11548. Whenever, pursuant to a local ordinance a subdivider or land developer is required to pay a fee for the construction of a bridge or improvement of an major thoroughfare as a condition precedent to the acceptance of a final map or as a condition of issuing a building permit and the facility is dedicated to the public, the governing body may contract with the subdivider or land developer for the construction of the bridge or improvement of a major thoroughfare, and reimburse the subdivider or land developer for the cost of constructing the facility.

SEC. 4. Section 11549 of the Business and Professions Code is amended to read:

The charge collected shall be paid to the county, city or subdivider constructing the bridge or major thoroughfare pursuant to Sections 11547 and 11548, and any city or county having jurisdiction over any property which, in the opinion of the legislative body, is benefited by the construction of the bridge or major thoroughfare may enter into a reimbursement agreement with the subdivider.

SEC. 5. It is the intent of the Legislature, if this bill and Senate Bill No. 1747 are both chaptered and become effective January 1, 1975, both bills amend Section 11547 of the Business and Professions Code, and this bill is chaptered after Senate Bill No. 1747, that the amendments to Section 11547 proposed by both bills be given effect and incorporated in Section 11547 in the form set forth in Section 2 of this act. 6900. The minimum amount specified for the statutory net worth of each association shall be five percent of the aggregate amount of its outstanding investment certificates and withdrawable shares.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Presently there is no requirement under federal law or regulation applied to federally chartered savings and loan associations similar to the requirement imposed upon state charter associations by subsection (b) of Section 6900 of the Financial Code. State savings and loan associations are therefore placed at a competitive disadvantage until this requirement is repealed.

CHAPTER 406

An act to appropriate funds to Shasta County, relating to state-mandated program reimbursements, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 8, 1974 Filed with Secretary of State July 8, 1974]

The people of the State of California do enact as follows:

SECTION 1. The sum of sixty thousand dollars ($60,000) is appropriated from the General Fund to the State Controller for payment to Shasta County as a state block grant to reimburse Shasta County for the full annual costs of the program mandated by Chapter 1093 of the Statutes of 1973 notwithstanding the provisions of Section 2231 of the Revenue and Taxation Code, and it is further provided that disbursement of the funds herein shall not diminish payment by the state pursuant to Sections 68206 and 75101 of the Government Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the provisions of this chapter take effect without causing undue delay in reimbursing Shasta County pursuant to Section 2231 of the Revenue and Taxation Code, this act must go into effect immediately.

CHAPTER 407

An act to amend Sections 6880 and 6880.6 of, to amend and repeal Section 6880.2 of, and to add Sections 6880.1, 6880.5, 6880.7, 6880.17, and 6880.25 to, the Education Code, relating to development centers for handicapped pupils, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 8, 1974. Filed with Secretary of State July 8, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 6880 of the Education Code is amended to read:

6880. The purpose of the Legislature in enacting this chapter is to recognize that each severely mentally retarded or physically handicapped pupil eligible for enrollment in development centers, as defined in this chapter, is entitled to an appropriate program in the public schools of this state. Such centers have successfully demonstrated that there is a need for programs to provide for pupils from an earlier age; that such centers can prevent the breakup of families; and that such centers reduce the need for institutional placement.

It is the further intent of the Legislature that during the period between July 1, 1974, and September 1, 1978, there be an orderly phase-in of pupils identified as being eligible for the program, so that by September 1, 1978, all eligible pupils shall be served.

SEC. 1.5. Section 6880.1 is added to the Education Code, to read:

6880.1. This chapter shall be known and may be cited as the Alan Short Development Centers for the Handicapped Act of 1974.

SEC. 2. Section 6880.2 of the Education Code is amended to read:

6880.2. The governing body of any school district or a county superintendent of schools with the approval of the county board of education is authorized to establish and maintain, upon the approval of the Superintendent of Public Instruction, one or more development centers for physically handicapped and mentally retarded pupils between 3 years and 21 years of age residing in, and in the custody of persons residing in, the district or county. The governing body or county superintendent shall determine the hours, days, and months during which the development center is to be maintained.

The establishment and maintenance of any development center for physically handicapped and mentally retarded pupils by the county superintendent of schools shall be undertaken subject to the prior approval of the county board of education, upon the application of one or more school districts under his jurisdiction, and such establishment and maintenance shall be upon such terms and conditions as may be provided for in a written contract between the county superintendent of schools and the governing body of any school district.

Pupils who are otherwise eligible for development center placement as determined by the Superintendent of Public Instruction, and who are between 18 months and 3 years of age, may be enrolled in experimental programs conducted by a school district or county superintendent of schools maintaining a development center. Experimental programs for such pupils shall be approved in advance by the Superintendent of Public Instruction and shall be conducted in accordance with rules and regulations established by the State Board of Education.

This section shall remain in effect only until September 1, 1978, and as of such date is repealed, unless a later enacted statute, which is chaptered before September 1, 1978, deletes or extends such date.

SEC. 3. Section 6880.5 is added to the Education Code, to read:

6880.5. (a) The governing board or county superintendent shall annually certify to the Superintendent of Public Instruction that each child enrolled in a development center for handicapped pupils has been found to be eligible for such program by the local admissions and evaluation committee pursuant to eligibility requirements established by the State Board of Education.

(b) The governing board or county superintendent of schools maintaining a center shall annually report to the Superintendent of Public Instruction the number of pupils identified as eligible for center programs in the jurisdiction and the number of pupils enrolled in such programs.

SEC. 4. Section 6880.6 of the Education Code is amended to read:

6880.6. The State Board of Education shall establish and the

Superintendent of Public Instruction shall enforce reasonable and uniform standards for development centers for handicapped pupils, and shall establish standards for the admission of a child. The board may change the standards whenever it deems it advisable. However, in no case shall the State Board of Education adopt any rule or regulation which precludes enrolling or maintaining of a pupil in a development center on the basis of any means test. Eligibility for enrollment shall be based on the physical and mental handicapping conditions of each pupil.

SEC. 5. Section 6880.7 is added to the Education Code, to read:

6880.7. With the consent of the parent or guardian, each eligible handicapped pupil, between 3 years and 21 years of age residing in the district, shall be enrolled by the district in either a center maintained by the district or a center maintained pursuant to a contract for the district. If a parent or guardian seeks to enroll his child in a center and enrollment is denied, or if a parent or guardian disagrees with the proposed enrollment of a child in a center, provision shall be made for a fair hearing, including prior notice and an opportunity to be heard, on the issue of whether or not the child shall be enrolled.

The State Board of Education shall adopt rules and regulations relating to the conduct of such hearings.

The hearing may be before the board itself or before a panel composed of persons designated by the board and the parent or guardian.

Each governing board shall adopt rules and regulations relating to the conduct of such hearings.

SEC. 6. Section 6880.17 is added to the Education Code, to read:

6880.17. (a) State support, in accordance with the formula specified in Sections 6880.14 and 6880.48, shall be provided during the 1975–76 fiscal year for the number of pupils enrolled in centers on the effective date of this section for whom no state support was provided.

(b) The tax rate for the support of a school district or county superintendent of schools is reduced for the 1975–76 fiscal year by the amount sufficient to reduce the local tax revenues of the entity by the amount which the entity will receive pursuant to subdivision (a).

SEC. 7 Section 6880.25 is added to the Education Code, to read:

6880.25. The county superintendent of schools shall establish and maintain development centers for handicapped pupils who reside in the county and in elementary or unified school districts which have an average daily attendance of less than 8,000 in the elementary schools of the districts or in unified or high school districts which have an average daily attendance of less than 8,000 in the high schools of the districts, whenever such districts have not entered into a contract with other counties or districts to provide such programs.

Any elementary or unified school district which has an average daily attendance of more than 8,000 in the elementary schools of the district and any unified or high school district which has an average daily attendance of more than 8,000 in the high schools of the district

4 1782 62 2 625 303

shall establish and maintain development centers for the handicapped.

The county superintendent of schools may establish development centers for handicapped pupils who reside in any district within the county with the approval of the county board of education and the agreement of the governing board of the school district.

Any elementary or unified school district which has an average daily attendance of less than 8,000 in the elementary schools of the district and any unified or high school district which has an average daily attendance of less than 8,000 in the high schools of the district, with the approval of the county superintendent of schools, may establish and maintain programs for such pupils.

The county superintendent of schools required to provide development centers for handicapped pupils may, with the approval of the Superintendent of Public Instruction, enter into agreements with an elementary, unified or high school district for the latter to provide for the education of such handicapped pupils.

Pupils who are otherwise eligible for development center placement as determined by the Superintendent of Public Instruction, and who are between 18 months and 3 years of age, may be enrolled in experimental programs conducted by a school district or county superintendent of schools maintaining a development center. Experimental programs for such pupils shall be approved in advance by the Superintendent of Public Instruction and shall be conducted in accordance with rules and regulations established by the State Board of Education.

This section shall become operative on September 1, 1978.

SEC. 8. The Department of Finance, with the participation of the Department of Education and State Department of Health, shall prepare a study which:

(a) Identifies where pupils eligible for development centers for handicapped pupils services now reside.

(b) Recommends specific criteria for the admission of pupils to development centers for handicapped pupils.

(c) Identifies existing facilities in those locations that can be utilized as development centers.

(d) Recommends minimum standards of facilities to be used to house development centers for handicapped pupils.

(e) Identifies the number and location of new facilities which will be needed.

(f) Identifies current and potential funding sources which may be used for the support of development centers for handicapped pupils and for the construction of facilities to house centers. However, in no case shall parent fees, tuition, or other pupil related charges be considered as possible funding sources.

(g) Reviews and evaluates program direction and makes recommendations for expanding and improving services.

(h) Recommends minimum services, both educational and medical, which shall be available in development centers for handicapped pupils.

The departments shall submit the study to the Governor and the Legislature by March 1, 1975.

SEC. 9. It is the intent of the Legislature that the present system of local support for development center programs through taxes levied under Section 6880.16 of the Education Code shall continue, and that this act represents a clarification and necessary extension of the provisions relating to the establishment and operation of development centers for handicapped pupils, as enacted by Chapter 1093 of the Statutes of 1972, and will be funded by the combined federal, state, and local system of support therein provided for. No obligation is created by this act under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by them in carrying on any program or performing any service required to be carried on or performed by them by this act. The ratio between state and local support for development center programs shall be determined in accordance with rules and regulations established by the State Board of Education.

SEC. 10. There is hereby appropriated from the General Fund in the State Treasury to the Department of Finance, the sum of thirty thousand dollars ($30,000) for the 1974–75 fiscal year for the purpose of carrying out the provisions of Section 7 of this act.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit much-needed development centers for handicapped pupils to be made available at the earliest possible time, and to provide information to the Governor and the Legislature regarding such programs as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 408

An act to add Section 1907.5 to the Education Code, relating to school districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 8, 1974. Filed with Secretary of State July 8, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 1907.5 is added to the Education Code, to read:

1907.5. Any unsold bonds of an elementary, high school, unified, or community college district which is included as a whole in a new

school district and authorized at an election held either prior or subsequent to the date upon which the action to form the new district pursuant to Section 1704 was completed, if issued by the board of supervisors in the names of the old districts, shall be considered a liability of the new district for purposes of computing the bonding capacity of the new district when applying the State School Building Aid Law of 1952 (Chapter 10 (commencing with Section 19551) of Division 14).

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to make final, without undue delay, apportionments of state school building aid to reorganized school districts which have sold bonds authorized by component school districts, it is necessary that this act take effect immediately.

CHAPTER 409

An act to add and repeal Section 11475.6 of the Education Code, relating to the Cabrillo Community College District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 8, 1974 Filed with Secretary of State July 8, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 11475.6 is added to the Education Code, to read:

11475.6. For the experimental 4-1-4 academic calendar year program operated in the Cabrillo Community College District, the units of average daily attendance for graded classes shall be based upon active enrollment on regular census dates as provided for in Section 11476.5 occurring during the two 16-week terms with application of the usual factors and procedures prescribed in Section 11475. No state apportionment shall be calculated for enrollment or attendance during the one-month intersession in the Cabrillo Community College District. The computation of average daily attendance for the summer sessions at Cabrillo Community College District shall be in accordance with Section 11478. In the event the 4-1-4 academic year does not comply with the requirement of 175 days instruction for an academic year as prescribed by Section 17551, such requirement may be waived during the experimental period, provided that the governing board of the Cabrillo Community College District and the Board of Governors of the California Community Colleges cooperate in determining how the district can comply with Section 17551. These exceptions to the computation of

units of average daily attendance shall apply only to the Cabrillo Community College District for the 1974–75 and 1975–76 fiscal years.

This section shall only be operative until July 1, 1976, and as of such date is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for the experimental 4-1-4 academic year program to operate efficiently in the Cabrillo Community College District for the 1974–75 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 410

An act to amend Section 832 of the Penal Code, relating to peace officers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 8, 1974 Filed with Secretary of State July 8, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 832 of the Penal Code is amended to read:

832. (a) Every person described in this chapter as a peace officer, shall receive a course of training in the exercise of his powers to arrest and a course of training in the carrying and use of firearms. The course of training in the carrying and use of firearms shall not be required of any peace officer whose employing agency prohibits the use of firearms. Such courses shall meet the minimum standards prescribed by the Commission on Peace Officer Standards and Training.

(b) (1) Every such peace officer described in this chapter shall, by July 1, 1974, or within 12 months following the date that he was first employed by any employing agency to exercise the powers of a peace officer, whichever period is greater, have satisfactorily completed the course of training in the carrying and use of firearms described in subdivision (a).

(2) Every such peace officer described in this chapter, except a peace officer described by subdivision (*l*) of Section 830.3, shall, by July 1, 1974, or within 12 months following the date that he was first employed by any employing agency to exercise the powers of a peace officer, whichever period is greater, have satisfactorily completed the course of training in the exercise of his powers to arrest described in subdivision (a).

(3) Every peace officer described by subdivision (*l*) of Section 830.3 shall, by January 1, 1975, or within 12 months following the date

that he was first employed by any employing agency to exercise the powers of a peace officer, whichever period is greater, have satisfactorily completed the course of training as described in subdivision (a)

(c) Persons described in this chapter as peace officers who have not so satisfactorily completed the courses described in subdivision (a) by the dates specified in subdivision (b), shall not have the powers of a peace officer until they satisfactorily complete such courses.

(d) Any peace officer who on the effective date of this section possesses or is qualified to possess the basic certificate as awarded by the Commission on Peace Officer Standards and Training shall be exempted from the provisions of this section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Section 832 of the Penal Code currently provides that certain peace officers who do not complete the required course or courses on powers to arrest or carrying and use of firearms before July 1, 1974, shall not then have peace officer powers until such courses are completed. Because it is not feasible to administer the course on arrest powers to all fire department members with peace officer power before the specified date, it is in the best interest of the public safety to extend the deadline six months so that such persons do not lose their peace officer status during the interim period. For these reasons it is necessary that this act take effect before July 1, 1974, as an urgency statute.

CHAPTER 411

An act to amend Section 1825 of the Welfare and Institutions Code, relating to law enforcement, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 8, 1974. Filed with Secretary of State July 8, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 1825 of the Welfare and Institutions Code is amended to read:

1825. (a) No county shall be entitled to receive any state funds provided by this article until its application is approved and unless and until the minimum standards prescribed by the Department of the Youth Authority are complied with and then only on such terms as are set forth hereafter in this section

(b) A commitment rate for each county and for the state as a

whole shall be calculated by the Department of the Youth Authority by computing the ratio of new commitments to state and county population, expressed in a rate per 100,000 population, for each of the calendar years 1959 through 1963. The average of these rates for a county for the five-year period or the average of the last two years of the period, whichever is higher, shall be the base rate for that county, however, if the base rate is lower than 40 commitments per 100,000 population, the rate shall be established at 40, and if the rate is higher than 100, the rate shall be established at 100. The number of commitments shall be the total of the new commitments to the custody of the Director of the Youth Authority and the new criminal commitments to the custody of the Director of Corrections, as certified by the respective departments The county and state population shall be that certified by the Department of Finance to the Controller as of July 1 of each year. Persons committed to the Department of Corrections and subsequently discharged under Section 1168 of the Penal Code and persons committed to the Department of Corrections or the Department of the Youth Authority for diagnostic study only pursuant to Section 1203.03 of the Penal Code or Section 704 or 1752.1 of the Welfare and Institutions Code, shall not be counted as having been committed for purposes of determining commitment rates under this subdivision or subdivision (c)

(c) An annual commitment rate shall be calculated at the end of each fiscal year for each participating county and for the state as a whole in a like manner to that described in subdivision (b) using the population figure of the July 1 included in the year.

(d) The maximum amount that may be paid to a county pursuant to this article is determined by obtaining the interpolated dollar amount in the table in this subdivision for such county's base commitment rate and its percentage decrease, interpolated to the nearest one-tenth of 1 percent, in rate of commitment and multiplying the appropriate dollar amount by the "commitment reduction number." The "commitment reduction number" is obtained by subtracting (1) the most recent annual commitment number from (2) the product of the base commitment rate and population of the county for the same year employed in (1). The Director of the Youth Authority, with approval of the Director of Finance may annually adjust the dollar amounts in the ensuing table, beginning with the 1973–1974 fiscal year, to reflect changes in the Consumer Price Index established by the U.S. Department of Labor and given a weighted average for California by the California Department of Industrial Relations. The first adjustment shall use the December 1971 index as the base. Payments per uncommitted case shall in any event not exceed the average annual per capita cost of maintaining wards in Department of the Youth Authority institutions.

(e) The state will reimburse the county upon presentation of a valid claim based on actual performance in reducing the commitment rate from its base rate. Whenever a claim made by a county, pursuant to this article, covering a prior fiscal year, is found to be in error, adjustment may be made on a current claim without the necessity of applying the adjustment to the allocation for the prior year

(f) If the amount received by a county in reimbursement of its expenditures in a fiscal year is less than the maximum amount computed under subdivision (d), the difference may be used in the next two succeeding fiscal years and may be paid to the county in quarterly installments during such fiscal years upon preparation of valid claims for reimbursement of its quarterly expenses.

(g) In the event a participating county earns less than the sum paid in the previous year because of extremely unusual circumstances claimed by the county and verified by the Director of the Youth Authority with the approval of the Director of Finance, the Director of the Youth Authority may pay to the county a sum equal to the prior year's payment, provided, however, that in subsequent years the county will be paid only the amount earned.

(h) Funds obtained under this article shall not be used to support existing programs or develop or expand new programs in juvenile homes, ranches, or camps established under Article 15 (commencing with Section 880) of Chapter 2 of Part 1 of Division 2 of this code, except that funds obtained under this article may be used by a county that has not established a juvenile home, ranch or camp to pay for its juvenile home, ranch or camp placements in other counties.

(i) Counties where the average number of commitments in the base period as established by subdivision (b) is less than 30 may elect either to comply with the procedure set out above or, as an alternative, to receive from the state 90 percent of the salary of one full-time additional probation officer or, in the event there are fewer than 20 persons placed on probation annually otherwise eligible for commitment to state institutions, the county would be entitled to 90 percent of the salary of a half-time officer. In the event a county chooses the alternative proposal, it will be eligible for reimbursement only so long as the officer devotes all of his time in the performance of probation services to supervision of persons eligible for state commitment and persons participating in special supervision programs and (1) if its base rate is below the state average, it does not on an annual basis exceed the base state rate, or (2) if its base rate is above the state average, it does not in the year exceed by 5 percent its own base rate.

(j) As a supplement to earnings received by counties pursuant to subdivision (d), the Director of the Youth Authority may allocate from any moneys made available, to each participating county, an amount not to exceed 10 percent of the county's earnings generated in the 1972–73 fiscal year. This special allocation may be used, notwithstanding the provisions of Section 1821 or any other section of the article, for the diagnosis, control, or treatment of offenders or alleged offenders by local law enforcement agencies in the county, subject to standards, rules, and regulations established by the Director of the Youth Authority.

A sum of two million dollars ($2,000,000) is hereby appropriated to the Department of the Youth Authority for the 1974–75 fiscal year to carry out the provisions of this act.

In addition, one hundred seventy-four thousand dollars ($174,000) is hereby appropriated to the Director of the Youth Authority. One hundred forty-five thousand dollars ($145,000) of the total appropriation shall be used to (a) reimburse each participating county for carrying out program evaluation studies specified by the Department of the Youth Authority and twenty-nine thousand

dollars ($29,000) to be used to (b) defray the cost to the Department of the Youth Authority for processing the county evaluations to prepare a report to the 1975–76 Legislature on the effectiveness of state aid to probation services.

Each county participating in these studies shall be required to enter into a contractual agreement with the state. Such agreement shall specify the maximum amount each county shall be reimbursed.

No county shall share in any additional funds appropriated by this subdivision unless it enters into an agreement with the state to provide such evaluation or is granted an exemption by the Department of the Youth Authority.

The provisions of this subdivision shall be terminated on June 30, 1975.

(k) A review of this article shall be made by the Director of the Youth Authority and a report made to the 1975–76 Legislature by January 9, 1976.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that this act may become effective prior to the termination date of specific appropriations and provisions relating to specific county probation subsidy programs and studies it is necessary that this act take immediate effect.

the term of the loan.

(2) The maximum repayment period for residential rehabilitation loans shall be 20 years or three-fourths of the economic life of the property, whichever is less.

(3) The maximum amount loaned for rehabilitation for each dwelling unit and for each commercial unit which is, or is part of, a "residence" within the meaning of that term as defined in this part, shall be seventeen thousand five hundred dollars ($17,500).

(4) No more than 20 percent of any loan for residential rehabilitation shall be used for residential rehabilitation which is not required under the local agency's rehabilitation standards except that in the case of owner-occupied one-to-four-dwelling unit properties, up to 40 percent of the loan for residential rehabilitation may be used for residential rehabilitation not required under the local agency's rehabilitation standards.

(5) Loans shall not be made for the purpose of refinancing the outstanding indebtedness of the participating party with respect to property which is subject to residential rehabilitation, unless the cost, including any amount previously expended for residential rehabilitation of that property by a participating party within a residential rehabilitation area or a redevelopment area established at the time of such expenditure, of meeting the rehabilitation standards is at least 20 percent of the principal amount of the loan.

(e) A requirement that a plan for public improvements necessary to successful rehabilitation of the residential rehabilitation area be developed, with citizen participation, for each residential rehabilitation area and that the plan for public improvements be adopted by the local agency prior to the financing of residential rehabilitation in any residential rehabilitation area, together with a commitment that, subject to budgetary and fiscal limitations, such plan will be carried out by the local agency.

SEC. 4. Section 37922.2 is added to the Health and Safety Code, to read:

37922.2. If anticipated rent increases or other increases in housing costs will result in dislocation of residential rehabilitation area residents or will result in residents paying a disproportionately large percentage of their incomes for housing, the local agency shall make efforts to prevent displacement of residents as a result of the operation of the residential rehabilitation program in residential rehabilitation areas. Such efforts shall include, but need not be limited to, utilization of federal, state, or local funding programs which may be available for rent subsidies. In allocating funds which may become available through federal revenue sharing, the local agency shall give consideration to measures which will assist in preventing displacement of such residents.

SEC. 5. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any city, county, or city and county for any costs that may be incurred by it in carrying on any program

or peforming any service required to be carried on or performed by it by this act.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Funds for the federally assisted code enforcement program have been impounded, and it is essential for the continuance of housing rehabilitation programs throughout the state that authority to finance such vital programs be granted to every city and county in the state and to the redevelopment agencies and housing authorities therein. Additionally, to help assure success of housing rehabilitation programs authorized by Part 13 (commencing with Section 37910) of Division 24 of the Health and Safety Code, it is necessary that procedures be established which permit residents of areas designated for such rehabilitation programs to determine for themselves by means of citizen participation the desirability of certain aspects of such a program. In order that current programs not be interrupted and so that new such programs may be initiated without delay, it is necessary that this act go into immediate effect.

CHAPTER 420

An act to amend Section 12403 of, to add Section 830.5a to, and to repeal Section 12403.2 of, the Penal Code, relating to tear gas weapons, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 10, 1974. Filed with Secretary of State July 10, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 830.5a is added to the Penal Code, to read:

830.5a. (a) Any agent of the law enforcement liaison unit of the Department of Corrections is a peace officer. The authority of any such peace officer shall extend only (1) to the investigation and apprehension of parole violators; (2) to the investigation and apprehension of any inmate or ward who has escaped from a state institution; (3) to any violation of a penal provision which arises and is discovered in the course of his performance of his employment duties; (4) to the transportation of such persons; (5) to the coordination of such activities with other criminal justice agencies; and (6) as provided in Section 8597 or 8598 of the Government Code, or when acting pursuant to Section 8617 of the Government Code.

(b) Any peace officer under this section shall have the same status of a peace officer provided for in subdivision (a) or (b) of Section 830.2 for the purpose of obtaining any group insurance benefits

available to such peace officers.

(c) Any peace officer under this section shall have the full powers and duties of a peace officer as provided by Section 830.1 when acting pursuant to Section 8617 of the Government Code.

SEC. 2. Section 12403 of the Penal Code is amended to read:

12403. Nothing in this chapter shall prohibit any person who is a sheriff; undersheriff; deputy sheriff; policeman; reserve or auxiliary deputy sheriff or policeman; marshal; deputy marshal; constable; deputy constable; member of the California Highway Patrol; member of the California State Police Division; chiefs, assistant chiefs, or special agents of the investigative bureaus of the Department of Justice; investigator who is regularly employed and paid as such in the office of the Attorney General and is designated by the Attorney General; investigator who is regularly employed and paid as such in the office of a district attorney and is designated by the district attorney; deputy of the Department of Fish and Game; hospital administrator or police officer of the Department of Health; warden, superintendent, supervisor, agent of the law enforcement liaison unit, or guard of the Department of Corrections; enforcement officers of the Department of Alcoholic Beverage Control described in subdivision (c) of Section 830.3; any superintendent, assistant superintendent, supervisor, or employee having custody of wards, of each institution of the Department of the Youth Authority; any employee of the Department of the Youth Authority who is a peace officer pursuant to Section 830.5 and is assigned to the department's missing ward unit; or any transportation officer of the Department of the Youth Authority, from purchasing, possessing, or transporting any tear gas weapon for official use in the discharge of their duties, if such weapon has been certified as acceptable under Article 5 (commencing with Section 12450) of this chapter and if such person has satisfactorily completed a course of instruction approved by the Commission on Peace Officers Standards and Training in the use of tear gas.

SEC. 3. Section 12403.2 of the Penal Code is repealed.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Because of defective drafting, similar 1973 legislation had to be vetoed by the Governor. As a result of the assaultive behavior of escapees and missing parolees when apprehended, the specified personnel of the Departments of Corrections and Youth Authority need the authority to possess tear gas weapons at the earliest date. This act is necessary to minimize injury to the arrestee, agents and the personnel of the missing parolee unit.

CHAPTER 421

An act to amend Section 37922 of the Health and Safety Code, relating to residential rehabilitation and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 10, 1974 Filed with Secretary of State July 10, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 37922 of the Health and Safety Code is amended to read:

37922. Prior to the issuance of any bonds or bond anticipation notes of the local agency for residential rehabilitation, the local agency shall by ordinance or resolution adopt a comprehensive residential rehabilitation financing program which shall include, but is not limited to, the following items:

(a) Criteria for selection of residential rehabilitation areas by the local agency which shall include findings by the local agency that.

(1) There are a substantial number of deteriorating structures in the area which do not conform to community standards for decent, safe, sanitary housing.

(2) Financial assistance from the local agency for residential rehabilitation is necessary to arrest the deterioration of the area.

(3) Financing of residential rehabilitation in the area is economically feasible.

However, these findings are not required when the residential rehabilitation area is a redevelopment project area that the provisions of the Community Redevelopment Law (Part 1 (commencing with Section 33000)) apply to.

(b) Procedures for selection of residential rehabilitation areas by the local agency which shall include:

(1) Provisions for citizen participation in selection of residential rehabilitation areas.

(2) Provisions for a public hearing by the governing body of the local agency prior to selection of any particular residential rehabilitation area by the local agency.

(c) A commitment that, subject to budgeting and fiscal limitations of the local agency, rehabilitation standards will be enforced in 95 percent of the residences in each residential rehabilitation area.

(d) Guidelines for financing residential rehabilitation which shall be subject to the following limitations:

(1) Outstanding loans on the property to be rehabilitated, including the amount of the loans for rehabilitation, shall not exceed 80 percent of the anticipated after-rehabilitation value of the property to be rehabilitated, except that the local agency may authorize loans of up to 95 percent of the anticipated after-rehabilitation value of the property if such loans are made for the purpose of rehabilitating the property for residential purposes,

there is demonstrated need for such higher limit, and there is a high probability that the value of the property will not be impaired during the term of the loan.

(2) The maximum repayment period for residential rehabilitation loans shall be 20 years or three-fourths of the economic life of the property, whichever is less. However, with regard to loans made by a redevelopment agency for rehabilitation within a redevelopment project area from the proceeds of any bonds or bond anticipation notes issued on or after the effective date of the amendments to this section enacted by the Statutes of 1974, the maximum repayment period shall be 30 years or three-fourths of the economic life of the property, whichever is less.

(3) The maximum amount loaned for rehabilitation for each dwelling unit and for each commercial unit which is, or is part of, a "residence" within the meaning of that term as defined in this part, shall be seventeen thousand five hundred dollars ($17,500). However, with regard to loans made by a redevelopment agency for rehabilitation within a redevelopment project area from the proceeds of any bonds or bond anticipation notes issued on or after the effective date of the amendments to this section enacted by the Statutes of 1974, the maximum amount loaned per dwelling unit shall be thirty thousand dollars ($30,000).

(4) No more than 20 percent of any loan for residential rehabilitation shall be used for residential rehabilitation which is not required under the local agency's rehabilitation standards except that in the case of owner-occupied one-to-four-dwelling unit properties, up to 40 percent of the loan for residential rehabilitation may be used for residential rehabilitation not required under the local agency's rehabilitation standards.

(5) Loans shall not be made for the purpose of refinancing the outstanding indebtedness of the participating party with respect to property which is subject to residential rehabilitation, unless the cost of meeting the rehabilitation standards is at least 20 percent of the principal amount of the loan.

(e) A requirement that a plan for public improvements necessary to successful rehabilitation of the residential rehabilitation area be developed, with citizen participation, for each residential rehabilitation area and that the plan for public improvements be adopted by the local agency prior to the financing of residential rehabilitation in any residential rehabilitation area, together with a commitment that, subject to budgetary and fiscal limitations, such plan will be carried out by the local agency.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There are presently redevelopment projects in California whose funding has halted and which cannot take advantage of this act to finance residential rehabilitation unless the act takes effect immediately.

CHAPTER 422

An act to add Section 25825.1 to the Water Code, relating to irrigation districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 10, 1974. Filed with Secretary of State July 10, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 25825.1 is added to the Water Code, to read:

25825.1. Within the Madera Irrigation District only, any person having an interest in any land within the district may file with the secretary, in lieu of the petition authorized by Section 25825, a verified petition alleging as to such land all of the following:

(a) It is served by a municipal water supply.

(b) It is entitled to a special rate of assessment.

The procedure for any such petition shall be in accordance with this article.

A city whose area or any portion thereof is located within the boundaries of the Madera Irrigation District may petition the district to establish a special rate for the land in such city area on the basis that such area is served by a municipal water supply and is not susceptible of irrigation and therefore not benefited in a sufficient manner to justify assessment at the regular rate. The procedure for any such petition shall be in accordance with this article.

After the conclusion of the hearing as provided in Section 25831, if the board finds that any of the land described in any petition is served by a municipal water supply and is not and will not be benefited to the same extent as other lands by the operations of the district or in a manner that would justify its assessment at the regular rate of assessment, the board may adjust the rate of assessment on the land in an order entered in full upon its minutes.

SEC. 2. The provisions of this act are necessary because many of the residents of the Madera Irrigation District reside within urban areas and are served by a municipal water supply. Such areas of the district are not and will not be benefited by the operations of the district in a manner that would justify their assessment at the regular rate of assessment. This problem is not common to all districts formed under the Irrigation District Law. It is therefore hereby declared that a general law cannot be made applicable and that the enactment of this act as a special law is necessary for the solution of problems existing in the Madera Irrigation District.

SEC. 3. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation pursuant to Section 6066 of the Government Code, which notice shall state all of the following:

Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to correct the present disparity in assessments which permits urban areas included within the Madera Irrigation District which receive no irrigation benefits from the district to be assessed at the full rate at the earliest possible time, and to permit the provisions of this act to be applicable to assessments levied during the current year, it is necessary that this act go into immediate effect.

CHAPTER 423

An act to amend Sections 7137 and 7138 of the Business and Professions Code, and to amend Section 4113 of the Government Code, relating to contractors.

[Approved by Governor July 11, 1974 Filed with Secretary of State July 11, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 7137 of the Business and Professions Code is amended to read:

7137. The amount of the fees prescribed by this chapter is that fixed by the following schedule provided that the board may adjust such fees so that the total of such fees shall not produce a total estimated revenue which is in excess of the estimated total cost, including the cost specified in Section 7136, to the board for the administration of this chapter:

(a) The application fee for an original license in a single classification is fifty dollars ($50) but the board may increase the fee to not more than one hundred dollars ($100).

The application fee for each additional classification applied for in connection with an original license is twenty dollars ($20) but the board may increase the fee to not more than forty dollars ($40).

(b) After failure of an examination, the fee for reexamination of an applicant who has applied for an original license, additional classification, or a change of responsible managing officer or responsible managing employee, is twenty dollars ($20) but the board may increase the fee to not more than forty dollars ($40).

(c) The renewal fee for an active license is fifty dollars ($50), but the board may increase the fee to not more than one hundred dollars ($100).

the board may increase the fee to not more than thirty dollars ($30).

(d) The delinquency fee is an amount equal to fifty percent (50%) of the renewal fee.

(e) The initial license fee is an amount equal to the renewal fee in effect on the last regular renewal date before the date on which the license is issued, except that, if the license will expire less than one year after its issuance, then the initial license fee is an amount equal to fifty percent (50%) of the renewal fee in effect on the last regular renewal date before the date on which the license is issued. The board may, by appropriate regulation, provide for the waiver or refund of the initial license fee where the license is issued less than 45 days before the date on which it will expire.

(f) The application fee for each additional classification pursuant to the provisions of Section 7059 is twenty dollars ($20) but the board may increase the fee to not more than forty dollars ($40).

(g) The application fee to replace a responsible managing officer or employee pursuant to the provisions of Section 7068.2 is twenty dollars ($20) but the board may increase the fee to not more than forty dollars ($40).

(h) Each registration fee for a home improvement salesman is twenty-five dollars ($25) but the board may increase the fee to not more than fifty dollars ($50).

(i) The renewal fee for a home improvement salesman registration is twenty-five dollars ($25) but the board may increase the fee to not more than fifty dollars ($50).

SEC. 2. Section 7138 of the Business and Professions Code is amended to read:

An application, reapplication, or reexamination fee paid in connection with an application for an original license, an application for an additional classification, or an application to replace a responsible managing officer or employee as provided in subdivisions (a), (b), (f), (g) and (h) of Section 7137 shall accrete to the Contractors' License Fund as an earned fee, and notwithstanding any other provision of law shall not thereafter be refunded, when:

(a) The application is accepted for filing.

(b) The applicant or the examinee for the applicant, after having failed the qualifying examination for an original license, additional classification or change of responsible managing officer or responsible managing employee, is granted permission to take a reexamination.

SEC. 3. Section 4113 of the Government Code is amended to read:

4113. As used in this chapter, the word "subcontractor" shall mean a contractor, within the meaning of the provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, who contracts directly with the prime contractor.

"Prime contractor" shall mean the contractor who contracts directly with the awarding authority.

CHAPTER 424

An act to add Section 13111.3 to the Health and Safety Code, relating to fire protection, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1974. Filed with Secretary of State July 11, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 13111.3 is added to the Health and Safety Code, to read:

13111.3. The State Department of Health shall establish and administer a program which will make loans available to private nonprofit children's institutions from such funds as may be appropriated by the Legislature to pay the cost of the installation of automatic sprinkler systems or detectors responding to invisible products of combustion other than heat approved by the State Fire Marshal. Any loan pursuant to this section shall bear interest at a rate of 5 percent per annum and shall not be for a term exceeding 30 years.

The State Department of Health shall adopt and enforce such regulations as may be necessary for the administration of the loan program which he is required by this section to establish and administer.

SEC. 2. On the effective date of this act, the sum of two million two hundred thousand dollars ($2,200,000) shall be transferred from the unexpended balance of the appropriation made by Item 262 of the Budget Act of 1973 to the State Department of Health for expenditure, without regard to fiscal years, pursuant to Section 13111.3 of the Health and Safety Code for loans to private nonprofit children's institutions.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The costs of automatic sprinkler systems and detectors responding to invisible products of combustion other than heat are rising rapidly. It is, therefore, imperative, if the program contemplated by this act is to be accomplished with the money appropriated by this act, that this act take effect immediately.

[Approved by Governor July 11, 1974 Filed with Secretary of State July 11, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 231 of the Revenue and Taxation Code is amended to read:

231. (a) Property which is owned by a nonprofit corporation and leased to, and used exclusively by, government for its interest and benefit shall be exempt from taxation within the meaning of "charitable purposes" in Section 1c of Article XIII of the Constitution of California if:

(2) All of the provisions of Section 254.5 relating to owners are complied with, commencing during calendar year 1969.

(3) All of the provisions of Section 214.01 are complied with by March 15, 1970.

(b) As used in this section "property" means:

"Uniquely of a governmental character" means the property, except hospitals, is not intended to produce income or revenue in the form of rents or admission, user or service fees, or charges.

(c) As used in this section "property" does not include any possessory interest of any person or organization not exempt from taxation.

(d) As used in this section "nonprofit corporation" means a community chest, fund, foundation or corporation, not conducted for profit and no part of the net earnings of which inures to the benefit of any private shareholder or individual and such nonprofit corporation is organized and operated for the sole purpose of leasing property to government and to lessen the burden of government and, in fact, only leases property to government. Such nonprofit corporation shall qualify as an exempt organization under Section 23701(f) of this code or Section 501(c)(4) of the Internal Revenue Code of 1954. This subdivision is not intended to enlarge the "welfare exemption" to apply to organizations qualified under Section 501(c)(4) of the Internal Revenue Code of 1954 but not otherwise qualified for the "welfare exemption" under this section. Nonprofit corporations meeting the tests of this subdivision are deemed to be organized and operated for charitable purposes.

SEC. 3. The Legislature finds that prior to January 1, 1973, state law authorized hospitals to be exempt from property taxation and that this act is necessitated as a result of a local agency voluntarily selecting a financing method which caused the hospital property to be subject to property tax and that such action should not result in a fiscal burden on the state. Therefore, notwithstanding Section 2229 of the Revenue and Taxation Code, no obligation is created by reason of Section 1 or 2 of this act for the reimbursement of local agencies for any loss of property tax revenues.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some leased hospitals have inadvertently been excluded from the provisions of Section 231 of the Revenue and Taxation Code and otherwise qualified organizations have failed to file the required affidavit in support of the welfare exemption which is applicable to their property and, as a consequence, are now confronted with obligations which, if met, will substantially injure their ability to function effectively. This act will remedy the situation by, in effect, removing the procedural bar to the application of the exemption to such property. In doing so, it will fulfill the public policy of the state expressed through such exemption and thereby benefit the people generally.

CHAPTER 453

An act to amend Sections 27491 and 27491.4 of the Government Code, and to add Sections 218, 462, and 10253 to the Health and Safety Code, relating to deaths, and making an appropriation therefor.

[Approved by Governor July 11, 1974 Filed with Secretary of State July 11, 1974]

Inquiry in this section does not include those investigative functions usually performed by other law enforcement agencies.

In any case in which the coroner conducts an inquiry pursuant to this section, he shall personally sign the certificate of death.

SEC. 2. Section 27491 of the Government Code is amended to read:

27491. It shall be the duty of the coroner to inquire into and determine the circumstances, manner, and cause of all violent, sudden or unusual deaths; unattended deaths; deaths wherein the deceased has not been attended by a physician in the 20 days before death; deaths related to or following known or suspected self-induced or criminal abortion; known or suspected homicide, suicide, or accidental poisoning; deaths known or suspected as resulting in whole or in part from or related to accident or injury either old or recent, deaths due to drowning, fire, hanging, gunshot, stabbing, cutting, exposure, starvation, acute alcoholism, drug addiction, strangulation, aspiration, or where the suspected cause of death is sudden infant death syndrome, death in whole or in part occasioned by criminal means; deaths associated with a known or alleged rape or crime against nature; deaths in prison or while under sentence; deaths known or suspected as due to contagious disease and constituting a public hazard; deaths from occupational diseases or occupational hazards; deaths under such circumstances as to afford a reasonable ground to suspect that the death was caused by the criminal act of another, or any deaths reported by physicians or other persons having knowledge of death for inquiry by coroner. Inquiry in this section does not include those investigative functions usually performed by other law enforcement agencies.

In any case in which the coroner conducts an inquiry pursuant to this section, the coroner or a deputy shall personally sign the certificate of death.

SEC. 3. Section 27491 of the Government Code is amended to read:

27491. It shall be the duty of the coroner to inquire into and

determine the circumstances, manner, and cause of all violent, sudden or unusual deaths; unattended deaths; deaths wherein the deceased has not been attended by a physician in the 20 days before death; deaths related to or following known or suspected self-induced or criminal abortion; known or suspected homicide, suicide, or accidental poisoning; deaths known or suspected as resulting in whole or in part from or related to accident or injury either old or recent; deaths due to drowning, fire, hanging, gunshot, stabbing, cutting, exposure, starvation, acute alcoholism, drug addiction, strangulation, aspiration, or where the suspected cause of death is sudden infant death syndrome; death in whole or in part occasioned by criminal means; deaths associated with a known or alleged rape or crime against nature; deaths in prison or while under sentence; deaths known or suspected as due to contagious disease and constituting a public hazard; deaths from occupational diseases or occupational hazards; deaths under such circumstances as to afford a reasonable ground to suspect that the death was caused by the criminal act of another, or any deaths reported by physicians or other persons having knowledge of death for inquiry by coroner. Inquiry in this section does not include those investigative functions usually performed by other law enforcement agencies.

In any case in which the coroner conducts an inquiry pursuant to this section, the coroner or a deputy shall personally sign the certificate of death.

The coroner shall have discretion to determine the extent of inquiry to be made into any death falling within the provisions of this section, and if inquiry determines that the physician of record has sufficient knowledge to reasonably state the cause of a death occurring under natural circumstances, the coroner may authorize that physician to sign the certificate of death.

SEC. 4. Section 27491 of the Government Code is amended to read:

27491 It shall be the duty of the coroner to inquire into and determine the circumstances, manner, and cause of all violent, sudden or unusual deaths; unattended deaths; deaths wherein the deceased has not been attended by a physician in the 20 days before death; deaths related to or following known or suspected self-induced or criminal abortion; known or suspected homicide, suicide, or accidental poisoning; deaths known or suspected as resulting in whole or in part from or related to accident or injury either old or recent; deaths due to drowning, fire, hanging, gunshot, stabbing, cutting, exposure, starvation, acute alcoholism, drug addiction, strangulation, aspiration, or where the suspected cause of death is sudden infant death syndrome; death in whole or in part occasioned by criminal means; deaths associated with a known or alleged rape or crime against nature, deaths in prison or while under sentence; deaths known or suspected as due to contagious disease and constituting a public hazard; deaths from occupational diseases or occupational hazards; deaths under such circumstances as to

afford a reasonable ground to suspect that the death was caused by the criminal act of another, or any deaths reported by physicians or other persons having knowledge of death for inquiry by coroner. Inquiry in this section does not include those investigative functions usually performed by other law enforcement agencies.

In any case in which the coroner conducts an inquiry pursuant to this section, the coroner or a deputy shall personally sign the certificate of death.

The coroner shall have discretion to determine the extent of inquiry to be made into any death falling within the provisions of this section, and if inquiry determines that the physician of record has sufficient knowledge to reasonably state the cause of a death occurring under natural circumstances, the coroner may authorize that physician to sign the certificate of death.

SEC. 5. Section 27491.4 of the Government Code is amended to read:

27491.4. For purposes of inquiry the coroner shall, within 24 hours or as soon as feasible thereafter, where the suspected cause of death is sudden infant death syndrome unless the infant's physician of record certifies sudden infant death syndrome as the cause of death and a parent objects to an autopsy, and, in all other cases, the coroner may, in his discretion, take possession of the body, which shall include the authority to exhume such body, order it removed to a convenient place, and make or cause to be made a post mortem examination or autopsy thereon, and make or cause to be made an analysis of the stomach, stomach contents, blood, organs, fluids, or tissues of the body. The detailed medical findings resulting from an inspection of the body or autopsy by an examining physician shall be either reduced to writing or permanently preserved on recording discs or other similar recording media, shall include all positive and negative findings pertinent to establishing the cause of death in accordance with medicolegal practice and this, along with the written opinions and conclusions of the examining physician, shall be included in the coroner's record of the death. He shall have the right to retain only such tissues of the body removed at the time of the autopsy as may, in his opinion, be necessary or advisable to the inquiry into the case, or for the verification of his findings. No person may be present during the performance of a coroner's autopsy without the express consent of the coroner.

SEC. 6. Section 218 is added to the Health and Safety Code, to read:

218. The state department shall keep each county health officer advised of the most current knowledge relating to the nature and causes of sudden infant death syndrome. Annually, on or before April 1 of each year, the state department shall submit a report to the Legislature specifying the number of autopsies and post mortem examinations performed pursuant to Section 27491.4 of the Government Code during the prior year, where the suspected cause of death was sudden infant death syndrome. Such report shall also

specify the number of such cases in which the cause of death was determined by the coroner to be sudden infant death syndrome.

SEC. 7. Section 462 is added to the Health and Safety Code, to read:

462. Upon being informed by the coroner pursuant to Section 10253 of any case in which sudden infant death syndrome is the provisional cause of death, the county health officer or his designated agent, after consultation with the infant's physician of record, shall immediately contact the person or persons who had custody and control of the infant and explain to such persons the nature and causes of sudden infant death syndrome to the extent that current knowledge permits.

The county health officer shall perform the duties required by this section throughout the county, including such portion of the county which is within any city.

SEC. 8. Section 10253 is added to the Health and Safety Code, to read:

10253. In any case involving an infant under the age of one year where the gross autopsy results in a provisional diagnosis of sudden infant death syndrome, the coroner shall, within 24 hours of the gross autopsy, notify the county health officer.

SEC. 9. (a) The sum of seventeen thousand five hundred fifty dollars ($17,550) is hereby appropriated from the General Fund to the State Controller for payments to local agencies pursuant to Section 2231 of the Revenue and Taxation Code to reimburse them for costs incurred pursuant to this act. This appropriation shall be available until June 30, 1976.

Each local agency desiring reimbursement for such costs shall submit to the State Controller, within 45 days after January 1, 1975, a claim for reimbursement based upon its estimate of the units of work to be performed during the 1974–75 fiscal year and a reasonable amount for nonrecurring administrative and other exceptional expenses for said fiscal year. For the 1975–76 fiscal year, each local agency shall submit its claim to the State Controller by October 31 and shall include a certification of the actual number of units of work performed during the 1974–75 fiscal year and an estimate of the number of units of work to be performed during the 1975–76 fiscal year.

Computation of amounts claimed for units of work shall be on the basis of a unit cost in the amount of thirteen dollars ($13) per contact with the custodian of a sudden infant death syndrome victim, which shall be the unit of work. The State Controller shall pay each claimant as reimbursement for units of work an amount determined by multiplying such unit cost of work by the number of units of work estimated or certified as having been performed by the claimant. Any payment, adjustment, or audit of claims by the State Controller shall be on the basis of units of work, rounded to the nearest whole unit, and at the unit costs specified herein rather than actual costs.

The State Controller may reduce any claim which he determines

is excessive or unreasonable and may audit the records of any local agency to verify the actual units of work performed. The State Controller shall make any adjustments necessary to correct for underpayments or overpayments which occurred in the 1974–75 fiscal year. Claims for reimbursement shall be prepared in the form, and payments made at the time, specified by the State Controller. No claim or amendment to a claim shall be accepted by the State Controller after the time prescribed herein for filing of claims. In the event that the amount appropriated for reimbursement purposes pursuant to this act is not sufficient to pay all claims filed timely, the State Controller shall pay such claims on a pro rata basis and notify the Director of Finance of the deficiency.

SEC. 10. It is the intent of the Legislature that if this bill and Senate Bill No. 1733 or Senate Bill No. 2233, or both, are chaptered and become effective on or before January 1, 1975, each of the bills amend Section 27491 of the Government Code, and this bill is chaptered last, that amendments proposed by each of the bills which are chaptered be given effect as follows:

(1) If this bill and Senate Bill No. 1733 are both chaptered and become effective on or before January 1, 1975, both bills amend Section 27491 of the Government Code, but Senate Bill No. 2233 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Senate Bill No. 1733, the amendments proposed by both bills shall be given effect and incorporated in Section 27491 in the form set forth in Section 2 of this act. Therefore, if this bill and Senate Bill No. 1733 are both chaptered and become effective on or before January 1, 1975, both bills amend Section 27491, this bill is chaptered after Senate Bill No. 1733, and Senate Bill No. 2233 is not chaptered or as chaptered does not amend that section, Section 2 of this act shall be operative and Sections 1, 3 and 4 of this act shall not become operative.

(2) If this bill and Senate Bill No. 2233 are both chaptered and become effective on or before January 1, 1975, both bills amend Section 27491 of the Government Code, but Senate Bill No. 1733 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Senate Bill No. 2233, the amendments proposed by both bills shall be given effect and incorporated in Section 27491 in the form set forth in Section 3 of this act. Therefore, if this bill and Senate Bill No 2233 are both chaptered and become effective on or before January 1, 1975, both bills amend Section 27491, this bill is chaptered after Senate Bill No. 2233, and Senate Bill No. 1733 is not chaptered or as chaptered does not amend that section, Section 3 shall be operative and Sections 1, 2 and 4 of this act shall not become operative.

(3) If this bill and Senate Bill No. 1733 and Senate Bill No 2233 are all chaptered and become effective on or before January 1, 1975, all three bills amend Section 27491 of the Government Code, and this bill is chaptered after Senate Bill No. 1733 and Senate Bill No. 2233, the amendments proposed by all three bills shall be given effect and

incorporated in Section 27491 in the form set forth in Section 4 of this act. Therefore, if this bill and Senate Bill No. 1733 and Senate Bill No. 2233 are all chaptered and become effective on or before January 1, 1975, all three bills amend Section 27491 of the Government Code, and this bill is chaptered after Senate Bill No. 1733 and Senate Bill No. 2233, Section 4 of this act shall be operative and Sections 1, 2 and 3 of this act shall not become operative.

The people of the State of California do enact as follows:

SECTION 1. Section 6555 of the Elections Code is amended to read:

6555. (a) Notwithstanding any other provision of this article, a candidate may submit a petition containing signatures of registered voters in lieu of a filing fee as follows:

(1) For the office of California State Assembly, 1,500 signatures.

(2) For the office of California State Senate and the United States House of Representatives, 3,000 signatures.

(3) For candidates running for statewide office, 10,000 signatures.

(4) For all other offices for which a filing fee is required, if the number of registered voters in the district in which he seeks nomination is 2,000 or more, a candidate may submit a petition containing four signatures of registered voters for each dollar of the filing fee, or 10 percent of the total of registered voters in the district in which he seeks nomination, whichever is less.

(5) For all other offices for which a filing fee is required, if the number of registered voters in the district in which he seeks nomination is less than 2,000, a candidate may submit a petition containing four signatures of registered voters for each dollar of the filing fee, or 20 percent of the total of registered voters in the district in which he seeks nomination, whichever is less.

(6) Notwithstanding any other provision of this section, a candidate seeking the nomination of a qualified party with whom he is registered, the registered voters of which who were eligible to vote at the last statewide election constituted less than 5 percent of all registered voters eligible to vote at the last statewide election, may submit a petition containing signatures of 10 percent of the registered voters of that party in the district in which he seeks

nomination, or 150 signatures, whichever is less.

(b) Each clerk shall furnish to each candidate, upon request, and without charge therefore, forms for securing signatures. Such forms shall be made available commencing 30 days before the first day for circulating nomination papers. The substitution of signatures for fees shall be subject to the following provisions:

(1) Any voter registered as affiliated with the same political party as a candidate for whom he is eligible to vote may sign the petition of that candidate, and any registered voter may sign the petition of a candidate, other than a candidate seeking the nomination of his party, for whom he is eligible to vote regardless of political party.

(2) No voter shall at the time of signing a petition have his name signed to any other petition for any other candidate for the same office, or, in case there are more than one place to be filled in the same office, signed to more petitions for candidates for that office than there are places to be filled.

(3) A candidate may submit the appropriate number of signatures to cover all or any pro rata portion of the filing fee.

(4) Upon receipt of signatures, the clerk shall issue nomination papers provisionally, subject to checking the validity of the signatures against the affidavits of registration on file in his office. In the event that upon checking, the number of valid signatures falls below the number required, the clerk shall notify the candidate of the fact and shall accept any necessary signatures at any time prior to the close of the period for circulating nomination papers.

(5) Each candidate may submit a greater number of signatures to allow for subsequent losses due to invalidity of some signatures. The clerk shall not be required to determine the validity of a greater number of signatures than that required by this section.

SEC. 2. Section 18603 of the Elections Code is amended to read:

18603. No name written upon a ballot in any state, county, city, city and county, or district election shall be counted for an office or nomination unless a declaration has been filed pursuant to Sections 18601 and 18602 declaring a write-in candidacy for that particular person for that particular office or nomination.

SEC. 3. Section 16100.6 is added to the Government Code, to read:

16100.6. Out of the amount appropriated to the Controller by Section 16100, the Controller shall pay each year to each local government on claims submitted 45 days after the effective date of the addition of this section to the code and on September 1 of each year thereafter the actual increased cost to such local government caused by the provisions of Section 6555 of the Elections Code. The Controller may reduce any claim which appears to be excessive or unreasonable and shall adjust the payment for the current fiscal year for any underpayment or overpayment in a prior fiscal year. The Controller may audit the records of any local public agency to verify actual cost.

SEC. 4. This act is not intended to decrease the number of

signatures required for a candidate's nomination papers, and any such signatures shall be in addition to, and different from, the signatures filed in lieu of a filing fee.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to comply with current judicial decisions invalidating certain filing fee requirements, it is necessary that this act take effect immediately.

CHAPTER 455

An act to amend Sections 24362.3 and 39261 of, to add Section 24360.10 to, and to repeal Article 10.5 (commencing with Section 24361) of Chapter 2.5 of Division 20 of, the Health and Safety Code, relating to air pollution, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1974 Filed with Secretary of State July 11, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 24360.10 is added to the Health and Safety Code, to read:

24360.10. Every person who violates any provision of this article, or any order, rule, or regulation of the board, is guilty of a misdemeanor. Every day during any portion of which such violation occurs constitutes a separate offense.

SEC. 2. Article 10.5 (commencing with Section 24361) of Chapter 2.5 of Division 20 of the Health and Safety Code is repealed.

SEC. 3. Section 24362.3 of the Health and Safety Code is amended to read:

24362.3. Whenever the board finds that the air in the district is so polluted as to cause discomfort or property damage at intervals to a substantial number of inhabitants of the district, the board may make and enforce such general orders, rules, and regulations as will reduce the amount of air contaminants released within the district; but no order, rule, or regulation of the board shall specify the design of equipment, type of construction, or particular method to be used in reducing the release of air contaminants from railroad locomotives.

SEC. 4. Section 39261 of the Health and Safety Code is amended to read:

39261. Any person who intentionally or negligently violates Section 24242, 24243, 24360, 39077, 39077.1, or 39430, or any rule or regulation of any air pollution control district or the State Air

Resources Board issued pursuant to this part, prohibiting or limiting the discharge of air contaminants into the air, shall be liable for a civil penalty not to exceed five hundred dollars ($500) for each day in which such violation occurs.

SEC. 5. In enacting this act, the Legislature hereby determines and finds that any duties, obligations, or responsibilities imposed on local government are minor in nature and do not result in a significant new program for local government, or a significant increase in level of service of an existing mandated program, and no additional economic burden or cost is intended to be imposed hereby. Therefore, and solely as a result of this finding and determination, no appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the Bay Area Air Pollution Control District may have, as early as possible, an effective deterrent against those persons who intentionally or negligently violate rules and regulations of the district adopted to reduce air pollution within the district, it is necessary that this act take effect immediately.

CHAPTER 456

An act to add and repeal Section 997 to the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1974 Filed with Secretary of State July 11, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 997 is added to the Revenue and Taxation Code, to read:

997. (a) The cash value of records of persons engaged in a business or profession for purposes of this division is the cash value only of the tangible material upon which, or in which, such records are recorded, maintained or stored. Such cash value shall be determined without inclusion of or consideration of the intangible value of the information or data so recorded, maintained or stored, nor the intangible right to utilize such information or data.

(b) As used in this section "records" includes all written documents and photographic reproductions thereof, recorded data, research notes, calculations, and indices maintained or utilized by

persons engaged in a business or profession.

(c) Nothing in this section shall prohibit a determination of full cash value for (1) books, (2) old newspapers on microfilm, (3) computer programs and storage media for such programs taxable pursuant to Section 995, (4) records which are held for sale in the ordinary course of business, or (5) records which are purchased from a person who held such records in an inventory of goods for sale in the ordinary course of business. Records sold only when a business is sold shall not be considered as "held for sale in the ordinary course of business."

(d) Nothing in this section shall prohibit the consideration of research and development, engineering or similar costs in the valuation of tangible property, other than records.

SEC. 2. (a) The State Board of Equalization shall compute the reduction in assessed values of local agencies assessing property of a type classified in Section 1 of this act which would have occurred if Section 1 had been in effect with respect to assessments for the 1973–74 fiscal year and shall certify such amounts to the Controller and Director of Finance on or before September 30, 1974.

(b) County auditors of counties which assessed property of a type classified in Section 1 of this act for the 1973–74 fiscal year shall on or before October 31st of each fiscal year report to the Controller the property tax rate which would have applied to the type of property classified by Section 1 of this act.

(c) The Controller shall multiply the reduction in assessed value for each agency as certified pursuant to subdivision (a) by the tax rate reported for each agency pursuant to subdivision (b) and shall report the total amount of such claims to the Legislature annually on or before November 15th or, if the Legislature is not then in session, on the first legislative day thereafter, in order that the Legislature may appropriate funds for subventions for the loss of revenue resulting from the classification of property by Section 1 of this act.

SEC. 3. Section 1 of this act shall be operative with respect to assessments for the 1974–75 fiscal year to the 1978–79 fiscal year, inclusive, and as of such date is repealed, unless a later enacted statute, which is chaptered before March 1, 1979, deletes or extends such date.

SEC. 4. The Legislative Analyst shall report to the Legislature on or before October 15, 1977, on the economic effect of this act, including the type of records which have been classified pursuant to this act.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the classification of property in this act may be effective for the 1974–75 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 457

An act to amend Sections 227 and 2274 of, and to add Section 2209 to, of the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor July 11, 1974 Filed with Secretary of State July 11, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 227 of the Revenue and Taxation Code is amended to read:

227. A documented vessel, as defined in Section 130, shall be assessed at 1 percent of its full cash value only if the vessel is engaged or employed exclusively:

(a) In the taking and possession of fish or other living resource of the sea for commercial purposes; or

(b) In instruction or research studies as an oceanographic research vessel.

SEC. 2. Section 2209 is added to the Revenue and Taxation Code, to read:

2209. "Executive regulations" means all mandates having the force of law which directly impose new costs on local agencies by requiring or mandating new programs or increased levels of service of an existing program and which are promulgated by the executive branch of state government. However, this shall not include mandates issued by the State Water Resources Control Board or regional water quality control boards pursuant to the Porter-Cologne Water Quality Control Act.

It is the intent of the Legislature in enacting this section that the State Water Resources Control Board and regional water quality control boards will not adopt enforcement orders against publicly owned dischargers which mandate major waste water treatment facility construction costs unless federal financial assistance and state financial assistance pursuant to the Clean Water Bond Act of 1970 and 1974, is simultaneously made available.

"Major" means either a new treatment facility or an addition to an existing facility, the cost of which is in excess of 20 percent of the cost of replacing the facility.

SEC. 3. Section 2274 of the Revenue and Taxation Code, as added by Chapter 358 of the Statutes of 1973, is amended to read:

2274. (a) In the event of an emergency which constitutes a danger to the public health, safety or welfare, or of a general disaster, which requires a local agency to incur additional costs which cannot be met under the maximum property tax rates provided by this chapter (commencing with Section 2201), a local agency may levy, or have levied on its behalf, an additional rate which will produce 1 percent of the amount produced by its maximum property tax rate. Such a rate shall be authorized by a two-thirds vote of the governing

body and shall be levied for one year only.

In the event that the property tax rate has been set when an additional rate is authorized pursuant to this subdivision, such additional rate may be levied in the next following fiscal year.

(b) If the additional rate authorized by subdivision (a) is not sufficient to meet the costs incurred as a result of the emergency or general disaster, a local agency may, by resolution, request the Controller to authorize an additional amount of ad valorem property taxation in excess of that authorized pursuant to subdivision (a).

The local agency shall, upon request of the Controller, provide the Controller with such facts and evidence as will enable him to authorize an additional amount pursuant to the provisions of this subdivision.

Upon receipt of the resolution requesting the authorization of an additional amount, the Controller shall hold a public hearing within the jurisdiction of the local agency or as near thereto as is practicable. At the conclusion of the hearing he shall authorize an additional amount if he makes the following findings: (1) An emergency or general disaster does exist the costs of which cannot be met under the agency's maximum property tax rate and under the additional tax rate provided in subdivision (a). (2) Such costs are the responsibility of the local agency and cannot be met from revenue sources other than the property tax. (3) Such costs are not within the immediate control of the local agency but are due rather to general economic, environmental, or social conditions, or any of them, or acts of God. Environmental conditions shall include orders of the State Water Resources Control Board or regional water quality control boards. (4) The emergency or general disaster endangers public health, safety or welfare.

The additional amount authorized pursuant to this subdivision may be raised during a single fiscal year or, at the discretion of the local agency, a portion of such amount may be raised in each of several fiscal years.

In any fiscal year a local agency may levy, or have levied on its behalf, a rate in addition to the maximum property tax rate established pursuant to this chapter which will be sufficient to produce the amount authorized pursuant to this subdivision, or the portion thereof which the local agency has determined will be raised in such fiscal year.

SEC. 4. It is the purpose of Section 1 of this act to conform Section 227 of the Revenue and Taxation Code to the meaning given such section by the California Supreme Court in Haman v. County of Humboldt (1973), 8 Cal. 3d 922.

An act to amend Sections 15005.5 and 15005.6 of, and to add Section 15005.7 to, the Education Code, relating to school sites, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1974 Filed with Secretary of State July 11, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 15005.5 of the Education Code is amended to read:

15005.5. Notwithstanding the provisions of Section 15005, immediately after receiving notice of a proposed acquisition of property which is within two miles, measured by air line, of that point on an airport boundary which is nearest the site, the Department of Education shall notify the Department of Aeronautics, in writing, of the proposed acquisition. The Department of Aeronautics shall make an investigation and report to the Department of Education within 25 days after receipt of the notice. As part of such investigation the Department of Aeronautics shall give notice thereof to the owner and operator of such airport who shall be afforded the opportunity to comment upon the proposed school site.

Notwithstanding the provisions of Section 15005, if the report of the State Department of Education required by that section does not favor the acquisition of the property for a school site, or an addition to a present school site, the governing body shall not acquire title to the property until 30 days after the department's report is received and until the department's report has been read at a public hearing duly called after 10 days' notice by publication in a newspaper of general circulation within the school district, or if there is no such newspaper, then in a newspaper of general circulation within the county in which the property is located.

SEC. 2. Section 15005.6 of the Education Code is amended to read:

15005.6. If, with respect to a proposed site located within two miles of an operative airport runway, the report of the Department of Education submitted to a school district governing board under Section 15005 or Section 15005.5 does not favor the acquisition of the site on the sole or partial basis of the unfavorable recommendation of the Department of Aeronautics, no state agency or officer shall grant, apportion, or allow to such school district for expenditure in connection with that site, any state funds otherwise made available under any state law whatever for school site acquisition or school building construction, or for expansion of existing sites and buildings, and no funds of the school district or of the county in which the district lies shall be expended for such purposes; provided that the provisions of this section shall not be applicable to sites acquired

prior to January 1, 1966, nor to any additions or extensions to such sites.

If the recommendation of the Department of Aeronautics is unfavorable, such recommendation shall not be overruled without the express approval of the Department of Education and the State Allocation Board.

SEC. 3. Section 15005.7 is added to the Education Code, to read:

15005.7. No action undertaken by the Department of Education or by any other state agency or by any political subdivision pursuant to this chapter, or in compliance with this chapter, shall be construed to affect any rights arising under the provisions of Section 14 of Article I of the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into effect immediately. The facts constituting such necessity are:

In order to prevent the further encroachment of residential developments upon established airports, to develop compatible land use near airports in an orderly and logical fashion, and to establish controls upon the siting of new schools near airports at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 459

An act to add Section 27263.5 to the Education Code, and to add Section 13909.5 to the Health and Safety Code, relating to use of federal funds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1974 Filed with Secretary of State July 11, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 27263.5 is added to the Education Code, to read:

27263.5. The county board of supervisors of any county may in its discretion allocate and appropriate any funds received by the county under the State and Local Fiscal Assistance Act of 1972 (Public Law 92-512) for the purpose of establishing, maintaining, and purchasing property for the county free library.

SEC. 2. Section 13909.5 is added to the Health and Safety Code, to read:

13909.5. The county board of supervisors of any county may in its discretion allocate and appropriate any funds received by the county under the State and Local Fiscal Assistance Act of 1972 (Public Law 92-512) o the district for expenditure for any purpose for which the district is authorized to expend funds.

02607 626265 743

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Despite the fact that libraries and fire protection are considered "priority expenditures" under the State and Local Fiscal Assistance Act of 1972 (Public Law 92-512), funds received under that act are considered general funds, which cannot be spent for the support of the county free library and fire protection districts except for limited purposes. Unless this bill goes into effect immediately, it will be necessary to restrict funds which otherwise would be available for libraries and fire protection, creating needless hardship.

CHAPTER 460

An act to amend Sections 981.2 and 981.3 of the Military and Veterans Code, relating to veterans benefits, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1974 Filed with Secretary of State July 11, 1974]

For purposes of this section the term "full-time attendance" shall be defined in the same manner as it is defined by the educational institution attended by the student. For purposes of this section, "educational institution" shall be defined as any school or college of the collegiate level accredited by the Western Association of Schools and Colleges, including a community college, and shall include a vocational school or any other school approved by the State Department of Education for the purpose of receipt by a student of educational benefits afforded by the Veterans Administration.

SEC. 2. Section 981.3 of the Military and Veterans Code is amended to read:

981.3. The amount expended on account of any one veteran under the provisions of this article shall not exceed one thousand two hundred dollars ($1,200). Eligibility for benefits conferred under this article shall not be granted if either the student has not exhausted his

rights to educational benefits afforded by the Veterans Administration, or four years have elapsed from termination of educational benefits afforded by the Veterans Administration.

SEC. 3. The Department of Veterans Affairs shall make an annual report, no later than January 31, to the chairman of both the Assembly and the Senate fiscal committee for the purpose of including in the Budget Act of the coming fiscal year an appropriation for the purposes of this act. Such report shall include the number of veteran participants and the cost for the previous school year, the estimated cost for the coming school year and any other information which the committees may require.

SEC. 4. There is hereby appropriated to the Department of Veterans Affairs from the General Fund the sum of two million five hundred thousand dollars ($2,500,000) for expenditure for the purposes of this act during the period from September 15, 1974, to September 14, 1975.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

A great number of veterans returning from Vietnam will be eligible to receive California veterans' benefits. The returning veterans are in immediate need of these increased benefits. To insure the need is adequately met, this act must go into immediate effect.

SECTION 1. Section 11200 of the Government Code is amended to read:

11200. The Governor, upon recommendation of the director of the following state departments, may appoint not to exceed two chief deputies for the Directors of the Departments of Finance, Transportation, Benefit Payments, and General Services, and not to exceed one chief deputy for the Directors of the Departments of Employment Development, Food and Agriculture, Insurance, Motor Vehicles, Consumer Affairs, Water Resources, and Parks and Recreation.

The deputies provided for in this section shall be in addition to those authorized by any other law.

SEC. 2. There is hereby appropriated from the General Fund to the Department of Parks and Recreation the sum of forty thousand dollars ($40,000) for the purposes of this act.

CHAPTER 462

An act to add Section 21351.3 to the Vehicle Code, relating to traffic signs.

An act to amend Section 2205 of the Revenue and Taxation Code, relating to property tax limitations, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1974 Filed with Secretary of State July 11, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 2205 of the Revenue and Taxation Code is amended to read:

2205. "Costs mandated by the courts" means any increased costs incurred by a local agency in order to comply with a final court order issued after January 1, 1973 or with a final court order issued prior to July 1, 1972, if the costs incurred by a local agency as a result thereof are not incurred until after June 30, 1973. "Costs mandated by the courts" do not include (i) costs incurred as a result of a judgment in an eminent domain or condemnation proceeding, or (ii) costs incurred in order to comply with a final court order mandating the specific performance, or awarding damages as a result of nonperformance, of any contract or agreement entered into after

January 1, 1973.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

CHAPTER 465

An act to add Section 2800.5 to, to add Article 3.5 (commencing with Section 2855) to Chapter 8 of Division 3 of, and to repeal Sections 2853, 2854, and 2855 of, the Health and Safety Code, relating to mosquitoes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1974. Filed with Secretary of State July 11, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 2853 of the Health and Safety Code is repealed.

SEC. 2. Section 2854 of the Health and Safety Code is repealed.

SEC. 3. Section 2855 of the Health and Safety Code is repealed.

SEC. 4 Section 2800.5 is added to the Health and Safety Code, to read:

2800.5. As used in this chapter, "nuisance" means any breeding place for mosquitoes upon any land which exists by reason of any use made of the land on which it is found or of any artificial change in its natural condition. The presence of mosquito larvae or pupae in any place shall constitute prima facie evidence that such place is a breeding place for mosquitoes.

SEC. 5. Article 3.5 (commencing with Section 2855) is added to Chapter 8 of Division 3 of the Health and Safety Code, to read:

Article 3.5. District Powers

2855. The district board may:

(a) Purchase supplies and other personal property.

(b) Employ necessary labor.

(c) Acquire by purchase, condemnation, or otherwise, in the name of the district, any lands, rights-of-way, easements, or other real property necessary for the district.

(d) Sell or lease any lands, rights-of-way, easements, material, or other property, real or personal, acquired by the district.

(e) Make contracts to indemnify or compensate any owner of land or other property for any injury or damage caused by the exercise of the powers conferred by this chapter or of powers incident thereto.

(f) Sue and be sued.

(g) Enter upon any property in the district for the purpose of inspection and control work, and for the same purposes may enter upon property adjacent to the district which is or is susceptible of being a breeding place from which infestation may spread into the district.

(h) Do everything necessary to carry out the powers conferred by this chapter and carry out the objects of the formation of the district.

02862 626420 774

2855.3. Every sale of real property made pursuant to subdivision (d) of Section 2855 shall be made at such place within the district as the district board shall specify, and such real property shall be sold to the highest bidder at public auction, after notice of sale is published once a week for two successive weeks in a newspaper of general circulation published in the district or county. If a newspaper of general circulation is not printed and published within such district or county, public notice of the sale shall be given for at least two weeks by notices posted in three public places in the district.

2855.7. The district board may borrow money in any fiscal year, which shall not exceed the anticipated revenue of that fiscal year and which shall be repaid in the same fiscal year. Such money shall be borrowed upon such other terms as the board shall fix; provided, that interest shall not exceed 6 percent, computed annually or semiannually.

The district board may also issue warrants payable upon a future date in the same fiscal year as issued, which shall be evidentiary of the obligation to repay the money so borrowed and interest thereon, and for that purpose such warrant may bear such interest as is fixed by the terms of the agreement to repay.

2856. Any nuisance may be abated in any action or proceeding by any remedy provided by this article or any other law.

2857. Whenever a nuisance exists upon any property either in the district or in territory not in the district but so situated with respect to the district that mosquitoes from such territory migrate into, or otherwise encroach upon, the district, the district board may notify in writing the owner or party in possession, or the agent of either, of the existence of the nuisance. The contents of the written notice shall conform to the requirements of Section 2858.

2858. The notice required by Section 2857 shall include all of the following:

(a) State the finding of the district that a public nuisance exists on the property and the location of such nuisance on such property.

(b) Direct the owner or party in possession to abate the nuisance within a specified time by destroying the mosquitoes which are present.

(c) Direct the owner or party in possession to perform, within a specified time, any work necessary to prevent the recurrence of breeding or prolification in the places specified in the notice.

(d) Inform the owner or party in possession that failure to comply with the requirements of subdivision (b) of this section shall subject the owner or party in possession to civil penalties of not more than five hundred dollars ($500) per day for each day the nuisance continues after the time specified for the abatement of the nuisance in the notice.

(e) Inform the owner or party in possession that before complying with the requirements of the notice, the owner or party in possession may appear at a hearing before the district board at a time and place stated in the notice.

02862 626445 779

Such notice shall be served upon the owner of record, and the person having charge or possession, if other than the owner of record, of the property upon which the nuisance exists, and may be served by any person authorized by the district board in the same manner as a summons in a civil action.

2860. If the property is owned by a person who is not a resident of the district, and is not in charge or possession of any person, and there is no tenant or agent of the owner upon whom service can be made, who can after diligent search be found; or if the owner of record of the property cannot after diligent search be found, the notice may be served by posting a copy in a conspicuous place upon the property for a period of 10 days, and by mailing a copy to the owner of record addressed to his address as given on the last completed assessment roll of the county in which the property is situated, or, in the absence of an address on the roll, to his last known address.

2861. Before complying with the requirements of the notice, the owner or party in possession may appear at a hearing before the board at a time and place fixed by the board and stated in the notice. At the hearing the district board shall determine whether the initial finding as set forth in the notice is correct and shall permit the owner or party in possession to present testimony in his behalf. If, after hearing all the facts, the board makes a determination that a nuisance exists on the property, the board shall order compliance with the requirements of the notice or with alternate instructions issued by the board.

Any failure to comply with any such order of the board issued pursuant to this section shall subject the owner or party in possession, if other than the owner of record, to civil penalties of not to exceed five hundred dollars ($500) per day for each day such order is not complied with.

2861.5. Any judicial review of administrative procedure provided for in this chapter shall be pursuant to Section 1094.5 of the Code of Civil Procedure.

2861.7. Any recurrence of the nuisance within 30 days of the time specified for abatement of the nuisance may be deemed to be a continuation of the original nuisance.

2862. If the nuisance is not abated within the time specified in the notice or an order following the hearing, the district board may abate the nuisance by destroying the mosquitoes, or the evidence of any such mosquitoes, and by taking appropriate measures to prevent the recurrence of further breeding.

2863. When any nuisance is found to exist on any property subject to the control of any state or local agency, the district shall notify the state or local agency of the existence of the nuisance. The provisions of Sections 2858, 2860, 2861, 2861.5, and 2862, shall govern the contents of the notice and the manner of serving it, the right of the state or local agency to a hearing before the board, the hearing before the board, and the power of the district to abate the nuisance

if it is not abated by the state or local agency. If the state or local agency determines that the order to prevent recurrence of the breeding specified in the notice to abate the nuisance is excessive or inappropriate for the intended use of the land, or if the state or local agency determines that a nuisance, as specified in Section 2800.5, does not exist, such agency may appeal the decision of the board to the Director of Health within 10 days subsequent to the hearing. The director shall decide the matters on appeal and convey his decision to the agency and district within 30 days of the receipt of the appeal. The decision of the director shall be final and conclusive If the control of the nuisance is performed by the district, the cost for such control is a charge against, and shall be paid from, the maintenance fund or from other funds for the support of the state or local agency.

Any state or local agency and a district may enter into contractual agreements to provide control of nuisances. The authority which is granted by this paragraph is in addition to any other authority which a state or local agency and a district may have to enter into contractual agreements for such purpose.

As used in this section, the term "state agency" has the meaning prescribed by Section 11000 of the Government Code and the term "local agency" means a city, county, city and county, district, or other public corporation.

2864. Upon the failure of the property owner to pay the cost of the district abatement when due, then the cost of abatement of a nuisance upon each parcel of land constitutes a special assessment against that parcel. After the assessment is made and confirmed, it is a lien on the parcel.

2864.7. After confirmation of the report, a copy may be given to the county assessor and tax collector, who, upon receipt of such report, shall add the amount of the assessment to the next regular tax bill levied against the parcel for district purposes.

2865. If the county assessor and the tax collector assess property and collect taxes for the district, a certified copy of the report shall be filed with the county auditor on or before August 10th. The descriptions of the parcels reported shall be those used for the same parcels on the county assessor's map books for the current year.

2865.5. The county auditor shall enter each assessment on the county tax roll opposite the parcel of land.

2866. The amount of the assessment shall be collected at the same time and in the same manner as ordinary county taxes are collected, and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for ordinary county taxes. All laws applicable to the levy, collection and enforcement of county taxes shall be applicable to such special assessment, except that if any real property to which such cost of abatement relates has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes would become delinquent, then such cost of abatement shall not

result in a lien against such real property but instead shall be transferred to the unsecured roll for collection.

2867. The lien provisions of this article do not apply to the property of any county, city, district, or other public corporation. However, the governing body of the county, city, district, or other public corporation shall repay to a district the amount expended by the district upon any of its property under this article upon presentation by the district board of a verified claim or bill.

2868. Any amounts collected by a county on account of an assessment authorized by this article, other than the amounts requested to be paid into the county general fund pursuant to Section 29304 of the Government Code, shall be paid to the district.

SEC. 5. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this act nor shall there be an appropriation made by this act because the duties, obligations, or responsibilities imposed by local government by this act are minor in nature and will not cause any financial burden on local government

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chemicals are rapidly becoming ineffective to control mosquitoes and it is therefore necessary for districts to increase the amount of work necessary to reduce or eliminate the sources or breeding grounds of mosquitoes. In order that such work may be accomplished without delay for the protection of public health and safety, it is imperative that this act become effective immediately.

CHAPTER 466

An act to amend Section 1752.8 of the Welfare and Institutions Code, relating to Youth Authority, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1974. Filed with Secretary of State July 11, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 1752.8 of the Welfare and Institutions Code is amended to read:

1752.8. The Director of the Youth Authority may deposit any funds of wards committed to the authority in his possession in trust with the Treasurer pursuant to Section 16305.3 of the Government Code or in trust in bank or savings and loan accounts bearing interest at rates up to the maximum permitted by law, and for the purpose of deposit only may mingle the funds of any ward with the funds of other wards.

02886 626525 795

Such funds together with the interest paid thereon may be paid over to the ward upon his request, and shall be paid over to the ward upon his discharge from the Youth Authority.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

At the present time there is no statutory authority for the Director of the Youth Authority to deposit the funds of 18-, 19- or 20-year-old Youth Authority wards in interest-bearing accounts. Therefore, these wards are being denied the opportunity to benefit financially from their resources. This act is necessary to relieve such condition by enabling the Director of the Youth Authority to deposit and invest ward funds in interest-bearing bank accounts.

CHAPTER 467

An act to add Section 16485 to the Public Utilities Code, relating to public utility districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1974. Filed with Secretary of State July 11, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 16485 is added to the Public Utilities Code, to read:

16485. (a) A public utility district which acquires, constructs, owns, operates, controls or uses works for supplying its inhabitants with electricity, may fix and collect charges in the manner provided in Article 3 (commencing with Section 16461) and Article 8 (commencing with Section 16641), Chapter 4, Division 7 of the Public Utilities Code, for an electricity standby or immediate availability charge on all lands within its boundaries to which electricity is made available for any purpose by the district, whether the electricity is actually used or not.

(b) The board of directors of the districts which fixes such a charge may exempt certain classes of users from such a charge and may establish schedules varying the charges in different months and in different localities within a public utility district depending upon factors such as the uses to which the electricity is put, the cost of transmitting the electricity to the user, the degree of availability or quantity of use of such electricity. The board may not, however, fix an annual charge in excess of twenty dollars ($20) per acre or in excess of ten dollars ($10) for a parcel of less than one acre.

(c) Any funds derived from the charges levied pursuant to this

section may be used by the district for all purposes which a public utility district is authorized to expend funds insofar as these purposes relate to the acquisition, construction, operation, control, or use of works for supplying its inhabitants with electricity.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that urgently required funds for capital and operational expenditures may become available to public utility districts, it is necessary for this act to take effect immediately.

CHAPTER 468

An act relating to local government, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately

[Approved by Governor July 11, 1974 Filed with Secretary of State July 11, 1974]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding the provisions of Sections 54902 and 54903 of the Government Code, any formation of a county service area which is completed on January 15, 1974, shall be effective for assessment and taxation purposes for the 1974–75 fiscal year if the required statement and map or plat are filed on or before February 28, 1974.

Notwithstanding the provisions of Sections 35561.4, 54902 and 54903 of the Government Code, the exclusion of territory from a city pursuant to the procedures specified in Article 2 (commencing with Section 35550) of Chapter 2, Part 2, Division 2, Title 4 of the Government Code, shall be effective for assessment and taxation purposes for the 1974–75 fiscal year and thereafter if the documents required by Sections 34080 and 35561.4 of the Government Code, and the statement and map or plat required by Section 54900 of such code are filed on or before February 1, 1974.

SEC. 3. Any local agency electing to file documents pursuant to the provisions of Section 1 of this act shall reimburse any local government for the costs incurred by such local government by reason of the provisions of this act.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because this act is in accordance with the request of a local government entity or entities which desired legislative authority to act to carry out the program specified in this act and such entities are required to

02952 626590 808

reimburse any other affected local agencies for their costs in performing any required acts.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to continue uninterrupted services of refuse and garbage collection in the Truckee Basin and, in order for the detachment of a small parcel of uninhabited territory from the City of San Bernardino to be effective for tax and assessment purposes for the 1974–75 fiscal year, it is necessary for this act to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 2504 of the Elections code, as amended by Chapter 68, of the Statutes of 1974, is amended to read:

2504. Three regular election dates shall be established each even-numbered year and two election dates established in each odd-numbered year as follows:

(1) One on the first Tuesday after the first Monday in March of both the even- and odd-numbered years.

(2) One on the first Tuesday after the first Monday in June in each even-numbered year.

(3) One on the first Tuesday after the first Monday in November of both the even- and odd-numbered years.

Elections held in June and November in each even-numbered year shall be statewide elections, and these dates shall be considered statewide election dates. Notwithstanding any other provision of law, all state, county, municipal, district, and school district elections shall be held on the established election date nearest to the date on which they would be held in the absence of this election. If the election is held on a statewide election date it shall be consolidated with the statewide election. The procedural requirements prescribed for any such election shall be construed as if the provisions of this section were specifically set forth in the provisions relating to that election.

This section shall not apply to any election called by the Governor, elections held in chartered cities in which the charter provisions are inconsistent with the provisions of this section, school governing

board elections consolidated pursuant to Section 1111.6 of the Education Code, school district governing board elections initiated by petition pursuant to Section 1162 of the Education Code, or county, municipal, district, and school district initiative, referendum, recall elections, or elections held pursuant to Section 22032 of the Elections Code.

SEC. 2. Section 4051a is added to the Elections Code, to read:

4051a. Each separate section shall have attached an affidavit made by a voter of the city which shall state according to the best information and belief of the affiant, the following:

(a) That each signature appearing on each section of the petition is the genuine signature of the person whose name it purports to be; and

(b) That each signer of the petition or section thereof, was, at the time of placing such signature on the petition, a registered qualified voter of the city; and

(c) That the affiant personally observed each signer placing thereon his signature, the date thereof and his residence address, by street and number, or, if no street or number exists, then a designation of such place of residence which will enable its location to be easily ascertained.

SEC. 3. Section 4051.2 of the Elections Code is amended to read:

4051.2. (a) After the petition has been filed, as herein provided, the clerk shall examine the same to determine.

(1) Whether each signature appearing thereon is the genuine signature of the person whose name the same purports to be; and

(2) Whether, as of the date of the filing of the petition, based upon an examination of the records of voters registration, that each person who placed his signature on said petition was, in fact, a registered qualified voter of the city as of the date of such filing; and

(3) Whether each signature bears, in immediate proximity thereto, a date, a street address and a precinct name or number as hereinabove described.

(b) If any signature appearing on the petition is undated or bears a date which is prior or subsequent to the time during which signatures may be placed upon such petition, or appears to be a duplicate signature, the clerk shall disregard such signature. If any signature does not bear in close proximity thereto, a residence address and precinct designation as hereinabove defined, such signature shall be disregarded. If it appears that a date and address following any signature was placed there by a person other than the signer, such signature shall be disregarded.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to provide for a method of voting which tends to achieve optimum voter participation at local, special, and consolidated elections in local entities having no more than 300 registered voters

residing therein, it is essential that this act take effect immediately.

CHAPTER 470

An act to amend Sections 20020, 20021.5, and 20102.1 of the Government Code, relating to the Public Employees' Retirement System, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1974. Filed with Secretary of State July 11, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 20020 of the Government Code is amended to read:

20020. "Local policeman" means any officer or employee of a police department of a contracting agency, except one whose principal duties are those of a telephone operator, clerk, stenographer, machinist, mechanic, or otherwise and whose functions do not clearly fall within the scope of active law enforcement service even though such an employee is subject to occasional call, or is occasionally called upon, to perform duties within the scope of active law enforcement service, but not excepting persons employed and qualifying as patrolmen or equal or higher rank irrespective of the duties to which they are assigned.

"Local policeman" does not include persons employed to perform identification or communication duties, other than males in such employment on the effective date of the amendments to this section at the 1972 Regular Session who elect within 90 days thereafter to be local safety members. A contracting agency may elect at any time prior to April 1, 1975, by amendment to its contract to include as "local policeman" all persons who were employed to perform identification or communication duties on August 4, 1972, and who elect within 60 days of the effective date of such contract amendment to be local safety members. Such election shall apply to the person's past as well as future service in the employment held on the effective date but shall not apply to service following any subsequent acceptance of appointment to a position other than that held on such effective date. This paragraph shall not apply to persons employed and qualified as patrolmen or equal or higher rank.

SEC. 2. Section 20021.5 of the Government Code is amended to read:

20021.5. "County peace officer" means the sheriff and any officer or employee of a sheriff's office of a contracting agency, except one whose principal duties are those of a telephone operator, clerk, stenographer, machinist, mechanic, or otherwise, and whose functions do not clearly come within the scope of active law

enforcement service even when such an employee is subject to occasional call, or is occasionally called upon, to perform duties within the scope of active law enforcement service, but not excepting persons employed and qualifying as deputy sheriffs or equal or higher rank irrespective of the duties to which they are assigned. Any other provision in this part of the Government Code to the contrary notwithstanding, "county peace officers" shall also include and mean any inspector, investigator, detective, or person with a comparable title, in any district attorney's office of a contracting agency whose principal duties are to investigate crime and criminal cases and who receives compensation for such service.

"County peace officer" does not include persons employed to perform identification or communication duties other than males in such employment on the effective date of the amendments to this section at the 1972 Regular Session who elect within 90 days thereafter to be local safety members. A contracting agency may elect at any time prior to April 1, 1975, by amendment to its contract to include as "county peace officer" all persons who were employed to perform identification or communication duties on August 4, 1972, and who elect within 60 days of the effective date of such contract amendment to be local safety members. Such election shall apply to the person's past as well as future service in the employment held on the effective date but shall not apply to service following any subsequent acceptance of appointment to a position other than that held on such effective date. This paragraph shall not apply to persons employed and qualified as deputy sheriffs or equal or higher rank.

SEC. 3. Section 20102.1 of the Government Code is amended to read:

20102.1. Notwithstanding any other provision of this part, any member of the system who has retired shall be entitled to vote and be elected to the board under paragraphs (1) through (4) of subdivision (d) of Section 20100 for terms beginning on or before January 16, 1975, and under paragraphs (1) and (5) of subdivision (d) for terms beginning after January 16, 1975, in the same manner as he was entitled to vote and be elected to office at the date of his retirement. Ballots shall be distributed to such retired persons and canvassed as provided for in Section 20102. Any person elected to the board under paragraphs (2), (3) and (4) of subdivision (d) of Section 20100 to a term beginning after January 16, 1975, prior to his retirement shall be entitled to hold such office until the end of his term.

SEC. 4. Sections 1 and 2 of this act shall become operative on the first of the month following the month in which it is effective.

SEC. 5. Section 3 of this act shall become operative on January 1, 1975.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

All employees in local law enforcement agencies employed to perform identification and communication duties were not extended equal retirement benefits under Chapter 560 of the Statutes of 1972 which became effective on August 4, 1972. It is essential to the morale of these public employees and the effective performance of local law enforcement functions that the status of the employees be clarified immediately.

CHAPTER 471

An act to add Sections 31452.6 and 31452.65 to the Government Code, relating to the County Employees Retirement Law of 1937.

[Approved by Governor July 11, 1974 Filed with Secretary of State July 11, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 31452 6 is added to the Government Code, to read:

31452.6. The board shall comply with and give effect to a revocable written authorization signed by a retired member or beneficiary of a retired member entitled to a retirement allowance or benefit under this chapter, authorizing the treasurer to forward a member's retirement allowance warrant or a beneficiary's benefit warrant to a specified banking institution for deposit to the member's or beneficiary's specified account. A power of attorney, on a form prescribed by the board, shall be filed with the treasurer and a copy with the banking institution and thereafter on the first day of July of each year, if required by the board, a new power of attorney shall be executed and filed.

This section shall not be operative in any county until such time as the board of supervisors shall, by resolution, make the provision of this section applicable in such county.

SEC. 2. Section 31452.65 is added to the Government Code, to read:

31452 65. Upon receipt of proof, satisfactory to the board, that a warrant drawn in payment of a retirement allowance or in payment of any other account due from the retirement system has been lost or destroyed, the treasurer upon request of the board of retirement shall as provided by Section 31590 issue a duplicate warrant bearing the same date as the original in payment of the same amount, without requiring a bond from the payee, and the treasurer shall pay the duplicate in lieu of the original warrant and any losses heretofore or hereinafter incurred by reason of the issuance of duplicate warrants shall be a charge against the account from which the payment is derived.

This section shall not be operative in any county until such time

as the board of supervisors shall, by resolution, make the provisions of this section applicable in such county.

CHAPTER 472

An act to amend Section 35541.7 of the Health and Safety Code, relating to housing.

[Approved by Governor July 11, 1974 Filed with Secretary of State July 11, 1974]

The people of the State of California do enact as follows.

SECTION 1. Section 35541.7 of the Health and Safety Code is amended to read:

35541.7. The County of San Mateo need not demolish the temporary housing project located in its jurisdiction commonly known as the "Midway Village" until January 1, 1976.

The Legislature finds and declares that Midway Village, located in the County of San Mateo has been rehabilitated and the dwellings are reasonably safe and sanitary places in which to live.

The Legislature further finds and declares that the provisions of this section are intended to aid in relieving a present critical shortage of low-rental housing in the County of San Mateo for members of low-income military families, and any current removal of Midway Village would place an extreme hardship on these people due to the resultant relocation from these temporary housing projects.

The Legislature further finds that the Housing Authority of the County of San Mateo has made diligent efforts to secure replacement housing through the United States Department of Housing and Urban Development (HUD) for the tenants of Midway Village, and because of a nationwide moratorium on federally assisted housing programs, the financing of replacement housing has not been possible until now. The Housing Authority of the County of San Mateo has now received authority to proceed with construction of replacement housing from HUD. An extension of the time for demolition of the temporary housing is necessary to allow a minimum hardship in relocating families into the replacement dwelling units

This section shall not be construed to relieve any governmental agency of any existing duty under present housing programs.

CHAPTER 473

An act to amend Section 77.5 of the Streets and Highways Code, relating to highway realty.

[Approved by Governor July 11, 1974. Filed with Secretary of State July 11, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 77.5 of the Streets and Highways Code is amended to read:

77.5. Notwithstanding any other provision of law, the Governor of the State of California is authorized to accept any retrocession of legislative jurisdiction offered by the United States of America over real property upon which an easement for a right-of-way or any other interest for highway purposes has been granted by the federal government to the State of California.

The execution and delivery of acceptance of retrocession of legislative jurisdiction by the Governor of California shall be recorded in the office of the county recorder where the land is located and in the office of the State Lands Commission. The State Lands Commission shall maintain a permanent public record of such acceptances as part of the index relating to jurisdiction of the United States of lands in the State of California required by Section 127 of the Government Code.

CHAPTER 474

An act to amend Sections 32110.1, 32110.2, and 32110.4 of, to add Section 32110.45 to, and to repeal and add Section 32110.3 of, the Education Code, relating to continuous school programs, and declaring the urgency thereof, to take effect immediately.

Publication of notice pursuant to this section shall be once each week for three successive weeks. Three publications in a newspaper regularly published once a week or oftener, with at least five days intervening between the respective publication dates not counting such publication dates, are sufficient.

SEC. 2. Section 32110.2 of the Education Code is amended to read:

32110.2. If after notice of intention to establish and operate a continuous school program in such a manner as to require any pupil to enroll in a continuous school program has been given, a petition signed by 25 percent of the electors of the district may be presented to the county superintendent of schools requesting that the school district not establish such a program. Such petition shall be presented no later than December 10th of the year in which the notice is given.

The county superintendent of schools shall examine the petition and, if he finds it to be sufficient and signed as required by law, order a ballot proposition, as provided by Section 32110.4, to be placed upon the ballot of the appropriate election as provided in Section 32110 3.

The governing board of the school district may request that an election be called and conducted irrespective of whether or not a petition is presented.

SEC. 3. Section 32110.3 of the Education Code is repealed

SEC. 4. Section 32110.3 is added to the Education Code, to read:

32110.3. (b) If a majority of those voting for the ballot proposition, as provided by subdivision (a), at the election vote "yes" then the school district shall be permitted to commence the continuous school program so designated on the ballot and to continue operating any such program in the district until all such programs are terminated.

(c) If a majority of those voting for the ballot proposition, as provided by subdivision (a), at the election vote "no" then the school district shall not be permitted to commence the continuous school

program so designated on the ballot.

SEC. 6. Section 32110.45 is added to the Education Code, to read:

32110.45. If a continuous school program operated in such a manner as to require any pupil to enroll in the program is terminated by the governing board or prohibited pursuant to subdivision (c) of Section 32110.4, the governing board shall not determine to operate one or more schools of the district on a continuous school program in such a manner as to require any pupil to enroll in a continuous school program for at least two years following termination or election.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit this act to become operative in time to be complied with during the 1974–75 school year for programs to begin in the 1975–76 school year, it is necessary that this act take effect immediately.

CHAPTER 475

[Approved by Governor July 11, 1974. Filed with Secretary of State July 11, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 16 (commencing with Section 19961) is added to Division 14 of the Education Code, to read:

03236 627180 854

CHAPTER 16. STATE SCHOOL BUILDING AID AND EARTHQUAKE RECONSTRUCTION AND REPLACEMENT BOND LAW OF 1974

19961. This act may be cited as the State School Building Aid and Earthquake Reconstruction and Replacement Bond Law of 1974.

19961.1. The State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code) is adopted for the purpose of the issuance, sale and repayment of, and otherwise providing with respect to, the bonds authorized to be issued by this chapter, and the provisions of that law are included in this chapter as though set out in full in this chapter. All references in this chapter to "herein" shall be deemed to refer both to this chapter and such law.

19961.2. As used in this chapter, and for the purposes of this chapter as used in the State General Obligation Bond Law, the following words shall have the following meanings:

(a) "Committee" means the State School Building Finance Committee created by Section 19510.

(b) "Board" means the State Allocation Board.

(c) "Fund" means the State School Building Aid Fund.

19961.3. For the purpose of creating a fund to provide aid to school districts of the state in accordance with the provisions of the State School Building Aid Law of 1952, and of all acts amendatory thereof and supplementary thereto, and to provide funds to repay any money advanced or loaned to the State School Building Aid Fund under any act of the Legislature, together with interest provided for in that act, and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code the committee shall be and is hereby authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the aggregate amount of one hundred fifty million dollars ($150,000,000) in the manner provided herein, but not in excess thereof.

19961.4. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the state, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be transferred to the General Fund in the State Treasury, all of the money in the fund, not in excess of the principal of and interest on the said bonds then due and payable,

03236 627195 857

except as herein provided for the prior redemption of said bonds, and, in the event such money so returned on said dates of maturity is less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the General Fund in the State Treasury out of the fund as soon thereafter as it shall become available

19961.5. All money deposited in the fund under Section 19611 of this code and pursuant to the provisions of Part 2 (commencing with Section 16300) of Division 4 of Title 2 of the Government Code, shall be available only for transfer to the General Fund, as provided in Section 19961.4. When transferred to the General Fund such money shall be applied as a reimbursement to the General Fund on account of principal and interest due and payable or paid from the General Fund on the earliest issue of school building bonds for which the General Fund has not been fully reimbursed by such transfer of funds.

19961.6. There is hereby appropriated from the General Fund in the State Treasury for the purpose of this chapter, such an amount as will equal the following:

(a) Such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this chapter, as said principal and interest become due and payable

(b) Such sum as is necessary to carry out the provisions of Section 19961.7, which sum is appropriated without regard to fiscal years.

19961 7. For the purposes of carrying out the provisions of this chapter the Director of Finance may by executive order authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds which the committee has by resolution authorized to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund to be allocated by the board in accordance with this chapter. Any moneys made available under this section to the board shall be returned by the board to the General Fund from moneys received from the sale of bonds sold for the purpose of carrying out this chapter.

19961.8. Upon request of the board, supported by a statement of the apportionments made and to be made under Sections 19551 to 19689, inclusive, and Article 9 (commencing with Section 19700.51) of Chapter 10, the committee shall determine whether or not it is necessary or desirable to issue any bonds authorized under this chapter in order to make such apportionments, and, if so, the amount of bonds then to be issued and sold. Fifty million dollars ($50,000,000) shall be available for apportionment on December 5, 1974, and five million dollars ($5,000,000) shall become available for apportionment on the fifth day of each month thereafter until a total of one hundred fifty million dollars ($150,000,000) has become available for apportionment. Successive issues of bonds may be authorized and sold to make such apportionments progressively, and it shall not be

necessary that all of the bonds herein authorized to be issued shall be sold at any one time.

19961.9. In computing the net interest cost under Section 16754 of the Government Code, interest shall be computed from the date of the bonds or the last preceding interest payment date, whichever is latest, to the respective maturity dates of the bonds then offered for sale at the coupon rate or rates specified in the bid, such computation to be made on a 360-day-year basis.

19961.10. The committee may authorize the State Treasurer to sell all or any part of the bonds herein authorized at such time or times as may be fixed by the State Treasurer.

19961.11. All proceeds from the sale of the bonds herein authorized deposited in the fund, as provided in Section 16757 of the Government Code, except those derived from premium and accrued interest, shall be available for the purpose herein provided, but shall not be available for transfer to the General Fund pursuant to Section 19961.4 to pay principal and interest on bonds.

19961.12. With respect to the proceeds of bonds authorized by this chapter, all the provisions of Sections 19551 to 19689, inclusive, shall apply except:

(a) Any reference in Sections 19551 to 19689, inclusive, to "Section 16.5, Article XVI of the Constitution of this state" shall be deemed a reference to this chapter

(b) Any reference in Sections 19551 to 19689, inclusive, to "Section 19704" shall be deemed a reference to Section 19961.4.

19961.13. Out of the first money realized from the sale of bonds under this act, there shall be repaid any moneys advanced or loaned to the State School Building Aid Fund under any act of the Legislature, together with interest provided for in that act.

19961.14. Notwithstanding any provisions in this chapter to the contrary, of the moneys made available by this chapter, not to exceed the sum of fifty million dollars ($50,000,000) or such amount thereof that the board may determine necessary therefor, shall be available under the provisions of Article 9 (commencing with Section 19700.51) of Chapter 10 for the purpose of rehabilitating, reconstructing, or replacing school facilities which are unsafe by virtue of not being in compliance with Article 5 (commencing with Section 15501) of Chapter 2 of Division 11 or for the purpose of repairing actual damage to school facilities caused by an earthquake after March 1, 1974, and for which there are no other state or federal funds available for such restoration. These funds shall be made available to eligible school districts when the fiscal and other requirements prescribed by Article 9 (commencing with Section 19700.51) of Chapter 10 are complied with.

SEC. 2. Section 1 of this act shall take effect upon the adoption by the people of the State School Building Aid and Earthquake Reconstruction and Replacement Bond Law of 1974, as set forth in Section 1 of this act. Sections 2 to 6 of this act contain provisions relating to and necessary for the submission of the State School

SEC. 4. All ballots at said election shall have printed thereon in boldface type and in a square thereof, the words: "The State School Building Aid and Earthquake Reconstruction and Replacement Bond Law of 1974," and in the same square under said words the following in eight-point type: "Provides for a bond issue of one hundred fifty million dollars ($150,000,000) to provide capital outlay for construction or improvement of public schools." Opposite the words "The State School Building Aid and Earthquake Reconstruction and Replacement Bond Law of 1974. Provides for a bond issue of one hundred fifty million dollars ($150,000,000) to provide capital outlay for construction or improvement of public schools," there shall be left spaces marked "Yes" and "No" in which the voters may place an "X" in the manner required by law to indicate whether they vote for or against said act Provided, that where the voting of said election is done by means of voting machines used pursuant to law in such manner as to carry out the intent of this section, such use of such voting machines and the expression of the voters' choice by means thereof, shall be deemed to comply with the provisions of this section. The Governor shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said election.

SEC. 5. The votes cast for or against the State School Building Aid and Earthquake Reconstruction and Replacement Bond Law of 1974 shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appears that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the Governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

The people of the State of California do enact as follows:

SECTION 1. Section 15835 is added to the Education Code, to read:

The people of the State of California do enact as follows:

SECTION 1. Section 65302.4 is added to the Government Code, to read:

Notwithstanding any other provision of law, every city incorporated after September 1, 1973, and before December 31, 1973, shall adopt a general plan, including all the mandatory elements thereof, no later than June 30, 1975. Each such city shall adopt and submit to the Secretary of the Resources Agency an interim open-space plan by August 31, 1974, and shall prepare and adopt an open-space zoning ordinance consistent with the open-space plan by June 30, 1975. Each such city's zoning ordinances shall be consistent with the general plan of such city by December 31, 1975. The planning agency of each such city shall make its initial report to the Council on Intergovernmental Relations pursuant to Sections 34217 and 65307 on or before October 1, 1975; and each such city shall not suffer any detriment, disability, or penalty by reason of failure to take the actions provided in this section prior to the times set forth herein.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within

the meaning of Article IV of the Constitution and shall go into effect immediately. The facts constituting such necessity are.

The provisions of law prescribing dates certain by which specified actions relating to planning and zoning must be taken by local agencies, provide no exceptions for newly incorporated cities. The date of their incorporation renders such prescribed dates impossible to meet or to meet in an orderly manner consistent with the intent of such laws, thereby subjecting such newly incorporated cities to potential loss of revenues, potential litigation, or other detriments. It is, therefore, necessary that this act take effect immediately.

CHAPTER 494

An act to amend Section 2100 of the Education Code, relating to community colleges and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1974. Filed with Secretary of State July 11, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 2100 of the Education Code is amended to read:

2100. An agreement to the annexation of a high school or unified district, or any portion of such district or districts, to a contiguous community college district may include, as a term or condition for such annexation, the collection of a sum of money upon annexation, from within the area of the annexed district or portion of a district, for capital outlay purposes; and such condition shall be considered an inherent part of the annexation agreement and shall not be construed as a separate proposition. For purposes of raising this sum, the maximum tax rate for community college purposes within any district or portion of any district which has been annexed to a contiguous community college district pursuant to Chapter 3 (commencing with Section 2091) of Division 5 is hereby increased by such amount as will produce within 10 fiscal years the sum included in any annexation agreement between the two districts. Any funds collected from such an increase shall be deposited to the credit of the community college district for expenditure for purposes authorized by law.

In addition to the words to be contained on the ballot pursuant to Section 2098, the ballot used in the election shall contain a statement that the maximum tax rate within the annexed districts or portions of districts will be increased by a specified amount as will produce the sum included in the annexation agreement.

The increase provided by this section shall not exceed twenty cents ($0.20) for each one hundred dollars ($100) of the assessed value of the property within the high school or unified district, or portion thereof, and the increase shall be in addition to any other school district tax authorized by law to be levied.

The increase provided by this section shall remain in effect until the 10th consecutive fiscal year following the effective date of the annexation, or until such time as the sums agreed to in the annexation agreement referred to herein have been collected by the community college district, from within the annexed school district, or portion thereof, whichever period occurs first.

This section shall not apply whenever Section 2099 applies.

SEC. 2. Notwithstanding any other provision of law, if the territory of the Garden Grove Unified School District is annexed to the Coast Community College District, a tax shall be levied and

collected within the territory of the Garden Grove Unified School District for the support of the Coast Community College District. Such tax shall be levied at the rate of up to twenty cents ($0.20) per one hundred dollars ($100) of assessed valuation for the five fiscal years following the annexation. Such tax shall not be included in the computation of any revenue limit. The proceeds of such tax shall be used to finance tuition transfer and assure the continuance of quality education during the transition period.

SEC. 3. The Legislature has determined that losses, if any, which may arise in school district tax revenues attributable to the homeowners' property tax exemption from any tax rate established for any school district to include the rate authorized by Section 2100 of the Education Code as amended by this act, or Section 2 of this act, to the extent that such tax rate will exceed the maximum rate which would otherwise be applicable to the district, are difficult to ascertain and should, consequently, be separately computed and reimbursed by the state pursuant to statutes and appropriations to be enacted in the event it is determined that any such tax revenue losses have been sustained by any school district.

The provisions of Chapter 1 (commencing with Section 16100) and Chapter 1.5 (commencing with Section 16110) of Part 1 of Division 4 of Title 2 of the Government Code and any other provisions of law which appropriate funds for, and provide for disbursements to, city and county officers to reimburse school districts for the tax revenue loss attributable to the homeowners' property tax exemption shall be inoperative with respect to any such loss arising in connection with that portion of any school district tax rate which exceeds the maximum tax rate which would otherwise be applicable to a school district because of the provisions of this act.

SEC. 4. This act shall not become operative unless the territory of the Garden Grove Unified School District is annexed to the Coast Community College District pursuant to a vote of the people as prescribed by the Education Code.

SEC. 5. The Legislature finds and declares that in order to carry out its policy that populated areas be included in a community college district, it is necessary to make special provisions for tax rates in the case of the territory of the Garden Grove Unified School District, because of a unique situation in that district. Therefore, a general law within the meaning of Section 16 of Article IV of the California Constitution cannot be made applicable

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect The facts constituting such necessity are:

In order that the electors of the affected territory may consider the effect of the proposed annexation against the background of the tax rate adjustments permitted by this act, it is necessary that this act take effect immediately

(d) Three dollars and forty-four cents ($3.44) multiplied by the total average daily attendance credited to all elementary, high, and unified school districts and to all county superintendents of schools in the state during the preceding school year for allowances to county school service funds pursuant to subdivision (b) of Section 18352.

(e) Two dollars and seventy-three cents ($2.73) multiplied by the average daily attendance during the preceding fiscal year credited to all elementary, high, and unified school districts and to all county superintendents of schools in the state for allowances to school districts for the purposes of Section 6426.

(f) One hundred sixty-one dollars and seventeen cents ($161.17) multiplied by the average daily attendance during the preceding fiscal year credited to all elementary, high, and unified school districts and to all county superintendents of schools in the state during the preceding school year for basic aid, equalization aid, allowances for adults, and allowances to the county school tuition funds to be apportioned on account of average daily attendance. SEC. 4. Sections 17301 and 17303.5 of the Education Code, as amended by Sections 2 and 3, respectively, of this act, shall become operative on July 1, 1975.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The pilot program for the special education of severely mentally retarded pupils between the ages of three and five years initiated pursuant to Chapter 1668 of the Statutes of 1971 and continued pursuant to Chapter 29 of the Statutes of 1973 shall cease to be operative on June 30, 1974, long before the effective date of ordinary statutes enacted by the Legislature in 1974. The results of the pilot program indicate that special education programs for such pupils of such ages are effective. This act would authorize such programs on a statewide basis. Therefore, in order that sufficient time may be

available for the proper administrative preparation for commencing at the beginning of the 1974–75 school year the vital special educational programs authorized by this act and in order to provide continuity for the special educational programs conducted by school districts under the terminating pilot program, it is necessary that this act take effect immediately.

CHAPTER 496

An act to add and repeal Section 2279 of the Revenue and Taxation Code, relating to property tax rate limitations, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 11, 1974. Filed with Secretary of State July 11, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 2279 is added to the Revenue and Taxation Code, to read:

2279 (a) A local agency may levy, or have levied on its behalf, an additional rate for the 1974–75 fiscal year to obtain that portion of the costs of purchasing electrical power in the 1974–75 fiscal year to energize street and highway lights in operating condition in the 1973–74 fiscal year not obtained by the maximum rate authorized by Article 4 (commencing with Section 2260) or by any section of this article.

(b) The additional rate authorized by this section is for the purpose of continuing the 1973–74 level of service. This section shall not apply to the costs of installing or maintaining street lights, to charges made for the recovery of street light installation costs, or to the cost of purchasing electric power to energize street or highway lighting not in service in the 1973–74 fiscal year.

(d) Any property tax levied by, or on behalf of, a local agency pursuant to this section shall be reported to the Controller at the same time and in the same manner as specified in Section 2325.

(e) This section shall remain in effect only until June 30, 1975, and as of such date is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the provision of this act may be applicable with respect to the establishment of maximum property tax rates for the

1974–75 fiscal year it is necessary that this act take effect immediately.

CHAPTER 497

An act to amend Sections 1501, 1521, and 1523 of, and to add Section 1513 to, the Health and Safety Code, relating to community care facilities, and making an appropriation therefor.

[Approved by Governor July 11, 1974 Filed with Secretary of State July 11, 1974]

I am deleting the $1,400,000 appropriation contained in Section 5 of Senate Bill No 457

Sufficient funds are already included in the Budget Act of 1974 to fund licensing operations currently budgeted as fee supported

With this deletion, I approve Senate Bill No 457

RONALD REAGAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 1501 of the Health and Safety Code is amended to read:

1501. (a) The Legislature hereby finds and declares that there is an urgent need to establish a coordinated and comprehensive statewide service system of quality community care for mentally ill, developmentally and physically disabled, and children and adults who require care or services by a facility or organization issued a license or special permit pursuant to this chapter.

(b) Therefore, the Legislature declares it is the intent of the state to develop policies and programs designed to: (1) insure a level of care and services in the community which is equal to or better than that provided by the state hospitals; (2) assure that all people who require them are provided with the appropriate range of social rehabilitative, habilitative and treatment services, including residential and nonresidential programs tailored to their needs; (3) protect the legal and human rights of a person in or receiving services from a community care facility; (4) insure continuity of care between the medical-health elements and the supportive care-rehabilitation elements of California's health systems; (5) insure that facilities providing community care are adequate, safe and sanitary; (6) assure that rehabilitative and treatment services are provided at a reasonable cost; (7) assure that state payments for community care services are based on a flexible rate schedule varying according to type and cost of care and services provided; (8) encourage the utilization of personnel from state hospitals and the development of training programs to improve the quality of staff in community care facilities; and (9) insure the quality of community care facilities by evaluating the care and services provided and

furnishing incentives to upgrade their quality.

SEC. 2. Section 1513 is added to the Health and Safety Code, to read:

1513. No license or permit issued pursuant to the provisions of this chapter shall have any property value for sale or exchange purposes and no person, including any owner, agent, or broker, shall sell or exchange any license or permit for any commercial purpose.

SEC. 2.5. Section 1521 of the Health and Safety Code is amended to read:

1521. Any person desiring a license for a community care facility under the provisions of this chapter which is required by other code provisions or rules or regulations of the state department pursuant to other code provisions to have a medical director, organized medical staff, or resident medical staff or to provide professional nursing services by a registered nurse or supervision of nursing services by a licensed registered nurse, a graduate nurse, a licensed vocational nurse, or a certified psychiatric technician shall comply with the health planning requirements contained in Part 1.5 (commencing with Section 437) of Division 1.

All other community care facilities shall be exempt from the health planning requirements contained in Part 1.5 (commencing with Section 437) of Division 1.

SEC 3. Section 1523 of the Health and Safety Code is amended to read:

1523. The director shall annually prescribe fees for the issuance of licenses and special permits. Each application for a license or special permit submitted to the state department pursuant to this chapter shall be accompanied by a portion of such fee, which shall be determined by the director in an amount not exceeding 25 percent of the total fee required for the issuance of the license or special permit requested. The balance of the fee for the license or special permit shall be paid to the state department at the time the license or special permit is issued. In the event the department declines to issue a license or special permit, the applicant shall not be required to remit the balance of the fee, but the portion of the fee submitted with the application shall be retained by the state department and shall not be refunded to the applicant. To the degree possible, the fees required by this section shall be established to produce sufficient revenue to recover the costs of licensure or special permit approval less reimbursements from federal or other sources. The director shall adopt by regulation procedures for reduction or waiver of the payments of fees for a license or special permit for community care facilities in any category of licensure when the director determines that imposition of the fees which would otherwise be required by this chapter would cause undue financial hardship, or reduce the availability of sufficient facilities for placement of the persons involved, with respect to a substantial number of community care facilities within such category of licensure.

Residential facilities and day care centers which are family homes licensed to provide care for six or fewer persons, exclusive of members of the household, shall not be required to pay any fee for application for, or issuance of, a license or special permit pursuant to this chapter.

No local jurisdiction shall impose any business license, fee, or tax for the privilege of operating a facility licensed under this chapter which serves six or fewer persons.

The director shall make an annual assessment of the effect that the imposition of fees has on the availability of facilities to meet the needs of each community, and shall include a report of that assessment in the annual report to the Legislature.

SEC. 4. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local agencies which, in the aggregate, do not result in significant identifiable cost changes.

SEC. 5. In the adoption of this act, the Legislature recognizes that certain costs of recruitment and licensure of community care facilities result in a reduction of costs which would otherwise be borne by the State of California. Such facilities have proven their value in the effectuation of local mental health programs as well as providing a means whereby a parent with minor children has been able to remain self-supporting because of the availability of child care close to home.

The sum of one million four hundred thousand dollars ($1,400,000) is hereby appropriated from the General Fund to the State Department of Health for expenditure, without regard to fiscal years, to cover those costs incurred and not recovered through fees which have been reduced or waived pursuant to Section 1523 of the Health and Safety Code, as amended by this act.

CHAPTER 498

An act to add Chapter 7.8 (commencing with Section 21140) to Division 8 of the Business and Professions Code, relating to franchise agreements, and declaring the urgency thereof, to take effect immediately

[Approved by Governor July 11, 1974 Filed with Secretary of State July 11, 1974]

The people of the State of California do enact as follows.

SECTION 1. Chapter 7.8 (commencing with Section 21140) is added to Division 8 of the Business and Professions Code, to read:

CHAPTER 7.8. FRANCHISE DEALERS FAIR PRACTICES

21140. As used in this chapter:

(a) A "franchise" is any contractual or written agreement between a petroleum corporation or distributor and a gasoline dealer under which the gasoline dealer is granted the right to use a trademark, trade name, service mark, or other identifying symbol or name owned by the corporation or distributor, or any agreement between a petroleum corporation or distributor and a gasoline dealer under which the gasoline dealer is granted the right to occupy premises owned, leased, or controlled by the corporation or distributor, for the purposes of engaging in the retail sale of petroleum and other products of the corporation and distributor.

(b) A "franchisee" is any person who, pursuant to a franchise, receives gasoline or diesel fuel from the franchisor and who sells such products at retail.

(c) A "franchisor" is any person or corporation which refines, processes, or distributes gasoline or diesel fuel.

21140.1. Notwithstanding the terms of any franchise, a retail gasoline station owned or operated by a franchisee shall not be precluded from purchasing gasoline or diesel fuel from any available source if the franchisor is unable or refuses to supply the franchisee with such products.

Failure to deliver contracted, agreed upon, or requested quantities of gasoline or diesel fuel within 72 hours of such specified contract time, agreement, or request shall constitute an inability or refusal to supply a franchisee. Requests for deliveries of gasoline or diesel fuel may be telephoned to the franchisor, except that when the franchisee intends to seek gasoline or diesel fuel from another supplier pursuant to Section 21140.1 should the franchisor be unable or refuse to supply him, a request for gasoline or diesel fuel must be made in writing to a franchisor at least 48 hours before desired delivery.

Nondelivery of gasoline or diesel fuel, by the franchisor due to accident, fire, theft or other similar acts shall not constitute an inability or refusal to supply the franchisee.

If the franchisee sells gasoline supplied from a source other than the franchisor, the franchisee shall prominently post a sign disclosing this fact to the public on each pump dispensing gasoline or diesel fuel purchased from other than the franchisor. The sign shall not be smaller then 8" x 10" with letters not less than three inches in height.

This provision shall not be construed to permit a franchisee to purchase more gasoline or diesel fuel than may be allowed by any federal statute or regulation.

21140.2. From the effective date of this section it shall be illegal for any franchisor by any action to require a franchisee to purchase

only those tires, batteries, and other automotive accessories sold by the franchisor. A franchised retail gasoline dealer may sell any tires, batteries, and other automotive accessories as may be available to him for retail sale.

21140.3. The franchisor's executive officer, representative or agent of the franchisor who negotiates any contract in violation of this chapter or who otherwise coerces a franchisee in violation of this chapter shall be subject to a civil penalty of up to fifty thousand dollars ($50,000) for each offense.

Such penalty shall be assessed and recovered in a civil action brought by the Attorney General or by any district attorney, county counsel, or city attorney in any court of competent jurisdiction. If brought by a district attorney or county counsel, the entire amount of the penalty shall be paid to the treasurer of the county in which the judgment was entered. If brought by the Attorney General, one-half of the penalty shall be paid to the treasurer of the county where the action was brought and one-half shall be paid to the State Treasurer. If brought by a city attorney, one-half of the penalty shall be paid to the treasurer of the county and one-half to the city.

21140.4. Any person who is injured in his business or property by reason of a violation of this chapter may sue therefor in any court having jurisdiction in the county where the defendant resides or is found, or any agent resides or is found, or where service may be obtained, without respect to the amount in controversy, and to recover three times the damages sustained by him, and shall be awarded attorneys' fees together with the costs of the suit. Any action brought pursuant to this section shall be commenced within four years after the cause of action accrued.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to furnish the maximum quantity of gasoline available to the public and to prevent increased closings of gasoline dealers because of a lack of supplies at the earliest time, it is necessary that this act take immediate effect.

The written notice shall describe the transit service or system which the district proposes to establish and shall state the time within which the district proposes to establish such service or system.

103301. The district shall not establish the proposed service or system, or maintain and operate the service or system until it has completed the purchase of any existing system or any part thereof.

each one hundred dollars ($100), and use as a basis the value of property transmitted to the board by the county auditor, which rate of taxation shall be sufficient to raise the amount previously fixed by the board.

103329. The board shall, immediately after fixing the rate or rates of taxes, transmit to the county auditor a statement of the rate of taxes fixed by the board.

103330. The district's taxes so levied shall be collected at the same time and in the same manner as county taxes. When collected, the net amount, ascertained as provided in this article, shall be paid to the treasurer of the district under the general requirements and penalties provided by law for the settlement of other taxes.

103331. Whenever any real property has been sold for taxes and has been redeemed, the money paid for redemption shall be apportioned and paid to the district by the county treasurer in the proportion which the tax due to the district bears to the total tax for which the property was sold.

103332. All taxes levied under this article are a lien on the property on which they are levied. The enforcement of the collection of such taxes shall be in the same manner and by the same means provided by law for the enforcement of liens for county taxes, all the provisions of law relating to the enforcement of the latter being made a part of this article so far as applicable.

103333. In lieu of, or in addition to, any taxes which may be levied by the district pursuant to this article, any city council within the district or the board of supervisors may enter into agreement with the district to make annual contributions to the district from its general funds or from any other source of funds legally available to it for such purpose.

Article 9. Taxation for Bond Redemption Purposes

103340. The district may levy and collect, or cause to be collected, property taxes, for bond redemption purposes.

103341. (a) Except as otherwise provided in subdivision (b), if from any cause the revenues of the district are, or are expected to be, inadequate in any year to pay the principal of, interest on, or sinking fund payments for bonds of the district as they become due, or to establish or maintain any reserve fund therefor, the board shall levy for district purposes and collect upon all property in the district taxable for county purposes a tax sufficient, together with revenues already collected and available therefor, to pay the interest on the bonds as they will become due and such part of the principal thereof, including any sinking fund installments required by any of the district's agreements with its bondholders, that will become due before the proceeds of a tax levied at the next general tax levy will be available for such purpose, and sufficient to provide or to restore such reserve fund to the amount required by any of the district's agreements with its bondholders.

(b) If the ordinance calling the election on the issuance of bonds provides that all or any portion of the retail transaction and use tax authorized under Article 10 (commencing with Section 103350) be levied and used to the extent required to pay principal of and interest on the bonds, the board, in order to provide for any sinking fund payments required therefor and to create or maintain any reserve fund required therefor, shall estimate the revenues of the district which are expected to be available for such purposes and the amount to be raised by such a tax as is required to be levied and used for such purposes in order to provide for the payment of all such obligations when due. The board may, in its regular annual budget, or in a special budget which may be prepared at any time, show the amounts needed for such purposes, estimate the revenue available therefor, and thereafter fix the rates of and levy and collect, or provide for the collection of, such a tax as will provide, together with other revenues available therefor, at least all sums necessary for such purposes insofar as such levies do not exceed the maximum rates of such a tax stated in the ordinance calling the bond election.

If from any cause the revenues of the district are, or are expected to be, inadequate to pay the principal of and interest on the bonds and sinking fund payments as they become due, and establish or maintain any reserve fund required therefor, and if the proceeds of such tax levied at the maximum rates authorized, together with such revenues, are still estimated to be insufficient for such purposes, the board shall levy and collect upon all property in the district taxable for county purposes a tax at least sufficient, with the revenues already collected and available therefor, together with the anticipated proceeds of the special tax, to pay the interest on the bonds that will become due and such part of the principal thereof, including any sinking fund payments, that will become due before the proceeds of a tax levied at the time of the next general tax levy will be available for such purposes, and sufficient to provide or to restore such reserve fund to the amount required by any of the district's agreements with its bondholders.

103342. The board shall avail itself of the assessments made by the assessor of the county and of the assessments made by the State Board of Equalization for the county, and shall take such assessments as the basis for district property taxation and have its property taxes collected by the tax collector of the county.

103343. The county auditor shall, on or before the third Monday in August of each year, transmit to the board a statement in writing showing the total value of all property within the district, ascertained from the assessments referred to in Section 103326.

103344. The board shall, on or before the first day of September, fix the rate of taxes, designating the number of cents upon each one hundred dollars ($1.00), and use as a basis the value of property transmitted to the board by the county auditor, which rate of taxation shall be sufficient to raise the amount previously fixed by the board.

103345. The board shall, immediately after fixing the rate of taxes, transmit to the county controller a statement of the rate of taxes fixed by the board.

103346. The district's taxes so levied shall be collected at the same time and in the same manner as county taxes. When collected, the net amount, ascertained as provided in this article, shall be paid to the treasurer of the district under the general requirements and penalties provided by law for the settlement of other taxes.

103347. Whenever any real property has been sold for taxes and has been redeemed, the money paid for redemption shall be apportioned and paid to the district by the county controller pursuant to provisions of the Revenue and Taxation Code.

103348. All taxes levied under this article are a lien on the property on which they are levied. The enforcement of the collection of such taxes shall be in the same manner and by the same means provided by law for the enforcement of liens for county taxes, all the provisions of law relating to the enforcement of the latter being made a part of this article so far as applicable.

Article 10. Retail Transaction and Use Tax

103350. A retail transactions and use tax ordinance may be adopted by the board in accordance with the provisions of Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code.

103351. Any transactions and use tax ordinance adopted shall be operative on the first day of the first calendar quarter commencing not less than 180 days after adoption of the ordinance.

103352. The district may contract with the State Board of Equalization for its services in the preparation necessary to administer a transaction and use tax ordinance. The costs to be covered by the contract are to be for services of the types described in Section 7272.5 of the Revenue and Taxation Code for preparatory work up to the date of the adoption of the ordinance. Any disputes as to the amount of the costs shall be resolved in the same manner as provided in that section.

103353. Prior to the operative date of the transaction and use tax ordinance, the district shall contract with the State Board of Equalization to perform all functions incident to the administration and operation of the ordinance.

103354. If the district shall not have contracted with the State Board of Equalization prior to the operative date of its transaction and use tax ordinance, it shall nevertheless so contract, and, in such case, the operative date shall be the first day of the first calendar quarter following the execution of the contract.

103355. Repeal of the transactions and use tax ordinance shall not be operative earlier than the first day of the first calendar quarter following the adoption of the ordinance of repeal.

103356. Whenever a bond election is held to authorize a bonded

indebtedness pursuant to Section 103500, the ordinance calling the election may include a statement that the transaction and use taxes, or a stated portion thereof, shall be levied, or continued to be levied, and used to the extent required to pay the principal of, and interest on, the bonds as they become due, to provide any sinking fund payments required therefor, and to create or maintain any reserve fund required therefor.

A vote in favor of the issuance of the bonds shall authorize the use of such taxes for such purposes. The transactions and use tax ordinance shall not be repealed until all bonds payable from the revenues derived from such taxes have been fully paid or provision has been made for their payment in full.

Article 11. Investments

103390. Subject to any agreement or covenant between the district and the holders of any of its obligations limiting or restricting classes of investments, the district may invest any surplus money in its treasury, including money in any sinking fund, reserve fund, or other fund created or established for the benefit of holders of any outstanding obligations of the district, in any of the following:

(a) Its own bonds.

(b) Treasury notes, certificates of indebtedness, bills, bonds of the United States, or any other evidence of indebtedness secured by the full faith and credit of the United States.

(c) Obligations issued pursuant to the Federal Home Loan Bank Act or the National Housing Act.

(d) Treasury notes or bonds of this state, or of any public corporation, municipal corporation, public district, or political subdivision within this state which are legal as security for the deposit of public funds.

(e) In any investment in which county funds may be placed pursuant to the general laws of the state.

103391. Such investment may be made by direct purchase of any issue of such bonds, treasury notes, or obligations, or part thereof, at the original sale or by the subsequent purchase of the bonds, treasury notes, or obligations.

103392. Any bonds, treasury notes, or obligations purchased and held as investments by the district may, from time to time, be sold and the proceeds reinvested in bonds, treasury notes, or obligations as provided in this article.

103393. Sales of any bonds, treasury notes, or obligations purchased and held by the district shall, from time to time, be made in season so that the proceeds may be applied to the purposes for which the money with which the bonds, treasury notes, or obligations were originally purchased was placed in the treasury of the district.

CHAPTER 6. PERSONNEL

Article 1. Employee Relations

103400. Employees shall have the right to self-organization, to form, join, or assist labor organizations, to bargain collectively through representatives of their own choosing, and to engage in other concerted activities for the purpose of collective bargaining or other mutual aid or protection.

103401. Any question which may arise with respect to whether a majority of employees in an appropriate unit desire to be represented by a labor organization shall be submitted to the Director of Industrial Relations. In resolving such questions of representation, including the determination of the appropriate unit or units, petitions, and the conduct of hearings and elections, the director shall apply the relevant federal law and administrative practice developed under the Labor Management Relations Act, 1947, as amended, and, for this purpose, shall adopt appropriate rules and regulations.

The State Conciliation Service shall administer such rules and regulations and shall provide for a prompt public hearing and secret ballot election to determine the question of representation and shall certify the results to the parties.

Any certification of a labor organization to represent or act for the employees in any collective bargaining unit shall not be subject to challenge on the grounds that a new substantial question of representation within such collective bargaining unit exists until the lapse of one year from the date of certification or the expiration of any collective bargaining agreement, whichever is later, except that no collective bargaining agreement shall be considered to be a bar to representation proceedings for a period of more than two years.

103402. Whenever a majority of the employees employed by the district in a unit appropriate for collective bargaining indicate a desire to be represented by a labor organization and upon determining, as provided in Section 103401, that the labor organization represents at least a majority of the employees in the appropriate unit, the board and the accredited representative of employees shall bargain in good faith and make all reasonable efforts to reach agreement on the terms of a written contract governing wages, hours, pensions, and working conditions.

103403. No contract or agreement shall be made with any labor organization, association, or group where such organization, association, or group denies membership on the grounds of race, creed, or color; provided, that such organization may preclude from membership any individual who advocates the overthrow of the government by force or violence.

103404. If, after a reasonable period of time, representatives of the district and the accredited representatives of the employees fail to reach agreement on the terms of a written contract governing

wages, hours, pensions, and working conditions or the interpretation or application of the terms of an existing contract, either party may request mediation services of the State Conciliation Service.

103405. If, after a reasonable period of time, representatives of the district and the accredited representatives of the employees fail to reach agreement either on the terms of a written contract governing wages, hours, pensions, and working conditions or the interpretation or application of the terms of an existing contract, upon the agreement of both the district and the representatives of the employees, the dispute may be submitted to an arbitration board.

The arbitration board shall be composed of two representatives of the district and two representatives of the labor organization, and they shall endeavor to agree upon the selection of a fifth member. If they are unable to agree, the names of five persons experienced in labor arbitration shall be obtained from the State Conciliation Service. The labor organization and the district shall, alternately, strike a name from the list so supplied, and the name remaining after the labor organization and the district have stricken four names, shall be designated as the fifth arbitrator and chairman of the board of arbitration. The labor organization and the district shall determine by lot who shall first strike a name from the list. The decision of a majority of the arbitration board shall be final and binding upon the parties thereto.

Each party shall be responsible for the expense of the presentation of its case. All other expenses of arbitration shall be borne equally by the parties and the expenses may include the making of a verbatim record of the proceedings and transcript of that record.

103406. In the event the district and the representatives of the employees do not agree to submit any dispute to arbitration as provided in Section 103405, the State Conciliation Service may be notified by either party that a dispute exists and there is no agreement to arbitrate.

Following such notification, the State Conciliation Service shall determine whether or not the dispute may be resolved by the parties and, if not, the issues concerning which the dispute exists. Upon such determination, the service shall certify its findings to the Governor of the State of California. The Governor shall, within 10 days of receipt of certification, appoint a factfinding commission consisting of three persons.

The commission shall immediately convene and inquire into and investigate the issues in the dispute.The commission shall have authority to issue subpoenas for the attendance of witnesses and subpoenas duces tecum for the production of books, documents, and other records. Subpoenas shall be served and enforced in accordance with Chapter 2 (commencing with Section 1985), Title 3, Part 4 of the Code of Civil Procedure. The commission shall report to the Governor within 30 days of the date of its creation.

After the creation of such a commission, and for 30 days after such commission has made its report to the Governor, no change, except

02901 629395 1153

by mutual agreement, shall be made by the parties to the controversy in the conditions out of which the dispute arose, and service to the public shall be provided.

103407. In the event an exclusive collective bargaining representative is selected pursuant to Section 103401, the provisions of Chapter 10 (commencing with Section 3500), Division 4, Title 1 of the Government Code are not applicable to the district.

Article 2. Rights of Employees of Existing Facilities

103420. Whenever the district acquires existing facilities from a publicly or privately owned utility, either in proceedings by eminent domain or otherwise, to the extent necessary for operation of facilities, all of the employees of such utility whose duties pertain to the facilities acquired who have been employed by such utility for at least 75 days shall be appointed to comparable positions in the district without examination. These employees shall be given sick leave, seniority, and vacation credits in accordance with the records of the acquired public utility. No employee of any acquired public utility shall suffer any worsening of wages, seniority, pension, vacation, or other benefits by reason of the acquisition.

The provisions of this section shall apply only to those officers or supervisory employees of the acquired utility as shall be designated by the board.

103421. Whenever the district acquires existing facilities from a publicly or privately owned utility, either in proceedings in eminent domain or otherwise, that has a pension plan in operation, members and beneficiaries of such pension plan shall continue to have the rights, privileges, benefits, obligations and status with respect to such established system. The outstanding obligations and liabilities of such public utility by reason of such pension plan shall be considered and taken into account and allowance made therefor in the purchase price of such public utility. The persons entitled to pension benefits as provided for in this section and the benefits which are provided shall be specified in the agreement or order by which any public utility is acquired by the district.

Article 3. Pension Plan

103440. The adoption, terms, and conditions of a pension plan covering employees of the district in a bargaining unit represented by a labor organization shall be pursuant to a collective bargaining agreement between such organization and the district.

103441. The board may contract with the Board of Administration of the Public Employees' Retirement System and enter all, or any portion, of its employees under such system; provided, that no employees of the district in a bargaining unit which is represented by a labor organization shall be included in such contract except as authorized by a collective bargaining agreement.

02901 629415 1157

103442. All persons receiving pension benefits from an acquired public utility, and all persons entitled to pension benefits under any pension plan of such acquired public utility, may become members or receive pensions under a pension plan established by the district by mutual agreement of such persons and the district. Such agreement may provide for the waiver of all rights, privileges, benefits, and status with respect to the pension plan of such acquired public utility.

Article 4. Other Benefits

103450. The district shall take such steps as may be necessary to obtain coverage for the district and its employees under Subchapter II of the Federal Social Security Act, as amended, and the related provisions of the Federal Contributions Act, as amended.

103451. The district shall take such steps as may be necessary to obtain coverage for the district and its employees under the workmen's compensation, unemployment compensation, and disability and unemployment insurance laws of the State of California.

CHAPTER 7. BONDS AND OTHER EVIDENCES OF INDEBTEDNESS

Article 1. Authorization and Issuance of General Obligation Bonds

103500. Whenever the board deems it necessary for the district to incur a bonded indebtedness for the acquisition, construction, or repair of any or all improvements, works, property or facilities, authorized by this part or necessary or convenient for the carrying out of the powers of the district, or for any other purpose authorized by this part, it shall, by ordinance, adopted by a vote of two-thirds of all members of the board, so declare and call an election to be held in the district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of the district; provided the total amount of bonds issued and outstanding pursuant to this article shall not exceed 15 percent of the assessed value of the taxable property of the district as shown by the last equalized assessment roll of the county. The ordinance shall state:

(a) The purposes for which the proposed debt is to be incurred, which may include all costs and estimated costs incidental to or connected with the accomplishment of such purposes, including, without limitation, engineering, inspection, legal, fiscal agents, financial consultant and other fees, bond and other reserve funds, working capital, bond interest estimated to accrue during the construction period and for a period not to exceed three years thereafter, and expenses of all proceedings for the authorization, issuance, and sale of the bonds.

02901 629435 1161

(b) The estimated cost of accomplishing such purposes.

(c) The amount of the principal of the indebtedness.

(d) The maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 50 years from the date thereof or the date of each series thereof.

(e) The maximum rate of interest to be paid, which shall not exceed 7 percent per annum.

(f) The proposition to be submitted to the voters, which may include one or more purposes.

(g) The date of the election.

(h) The manner of holding the election and the procedure for voting for or against the measure.

(i) The ordinance may also contain, a statement that the transaction and use tax imposed pursuant to Article 10 (commencing with Section 103350) of Chapter 5, or a stated portion thereof, shall be levied, or continued to be levied, and used to the extent required to pay the principal of, and interest on, the bonds as they become due, to provide for any sinking fund payments required therefor, or to create or maintain any reserve fund required therefor.

(j) The ordinance may also contain any other matters authorized by this part or any other law.

103501. Notice of the holding of such election shall be given by publishing, pursuant to Section 6066 of the Government Code, the ordinance calling for election in at least one newspaper published in such district. No other notice of such election need be given. Except as otherwise provided in the ordinance, the election shall be conducted as other district elections.

103502. If any proposition is defeated by the electors, the board shall not call another election on a substantially similar proposition to be held within six months after the prior election. If a petition requesting submission of such a proposition, signed by 15 percent of the district electors, as shown by the votes cast for all candidates for Governor within the district at the last gubernatorial election, is filed with the board, it may call an election before the expiration of six months.

103503. If 60 percent of the electors voting on the proposition vote for it, then the board may, by resolution, at such time or times as it deems proper, issue bonds of the district for the whole or any part of the amount of the indebtedness so authorized and may from time to time, by resolution, provide for the issuance of such amounts as the necessity thereof may appear, until the full amount of such bonds authorized shall have been issued. The full amount of bonds may be divided into two or more series and different dates of payment fixed for the bonds of each series. A bond need not mature on an anniversary of its date. The maximum term the bonds of any series shall run before maturity shall not exceed 50 years from the date of each series respectively. In such resolution or resolutions, the board shall prescribe the form of the bonds (including, without limitation, registered bonds and coupon bonds) and the form of any

coupons to be attached thereto, the registration, conversion, and exchange privileges, if any, pertaining thereto, and fix the time when the whole or any part of the principal shall become due and payable.

103504. The bonds shall bear interest at a rate or rates not exceeding 7 percent per annum, payable semiannually, except that the first interest payable on the bonds, or any series thereof, may be for any period not exceeding one year as determined by the board. In the resolution or resolutions providing for the issuance of such bonds, the board may also provide for call and redemption of such bonds prior to maturity at such times and prices and upon such other terms as it may specify, provided that no bond shall be subject to call or redemption prior to maturity unless it contains a recital to that effect or unless a statement to that effect is printed thereon. The denomination or denominations of the bonds shall be stated in the resolution providing for their issuance, but shall not be less than five thousand dollars ($5,000). The principal of, and interest on, such bonds shall be payable in lawful money of the United States at the office of the treasurer of the district. The bonds, or such series thereof, shall be dated and numbered consecutively and shall be signed by the chairman of the board and the treasurer. All such signatures, countersignatures, and seal may be printed, lithographed, or mechanically reproduced, except that one of such signatures or countersignatures on the bonds shall be manually affixed. If any officer whose signature or countersignature appears on bonds or coupons ceases to be such officer before the delivery of the bonds, his signature is as effective as if he had remained in office.

103505. The bonds may be sold as the board determines by resolution, but for not less than par. Before selling the bonds, or any part thereof, the board shall give notice inviting sealed bids in such manner as it may prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders, the board may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

103506. The delivery of any bonds shall be at the office of the district treasurer, and the purchase price may be received in cash or cashier check.

103507. All accrued interest and premiums received on the sale of bonds shall be placed in the fund to be used for the payment of principal of, and interest on, the bonds and the remainder of the proceeds of the bonds shall be placed in the treasury to the credit of the proper improvement fund and applied exclusively to the purposes for which the debt was incurred (which purposes shall be in conformity with an approved general transit plan or element thereof then in effect); provided, however, that when such purposes have been accomplished, any moneys remaining in such improvement fund (a) shall be transferred to the fund to be used for the payment of principal of, and interest on, the bonds, or (b) shall

be placed in a fund to be used for the purchase of outstanding bonds of the district from time to time in the open market at such prices and in such manner, either at public or private sale or otherwise, as the board may determine. Bonds so purchased shall be canceled immediately.

103508. After the expiration of three years after a bond election, the board may determine, by ordinance adopted by a vote of two-thirds of all the members of the board, that any or all of the bonds authorized at the election remaining unsold shall not be issued or sold. When the ordinance takes effect, the authorization to issue those bonds shall become void.

103509. Whenever the board deems that the expenditure of money for the purposes for which the bonds were authorized by the voters is impractical or unwise, it may, by ordinance adopted by a vote of two-thirds of all members of the board, so declare and call an election to be held in the district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of such bonds for some other purposes or, in the case where bonds have been sold, the proposition to use the proceeds for some other purposes. The procedure, so far as applicable, shall be the same as when a bond proposition is originally submitted.

103510. The board may provide for the issuance, sale, or exchange of refunding bonds to redeem or retire any bonds issued by the district upon the terms, at the times and in the manner which it determines. Refunding bonds may be issued in a principal amount sufficient to pay all, or any part of, the principal of such outstanding bonds, the interest thereon and the premiums, if any, due upon call and redemption thereof prior to maturity, and all expenses of such refunding. The provisions of this article for the issuance and sale of bonds apply to the issuance and sale of such refunding bonds; except that (a) no election need be called or held for the purpose of authorizing the issuance of refunding bonds, and (b) when refunding bonds are to be exchanged for outstanding bonds the method of exchange shall be as determined by the board.

103511. The provisions of Article 4 (commencing with Section 53500), Chapter 3, Part 1, Division 2, Title 5 of the Government Code are applicable to the district.

103512. Any bonds which shall be issued under the provisions of this article shall be legal investment for all trust funds; for the funds of insurance companies, banks—both commercial and savings—and trust companies; and for state school funds; and whenever any money or funds may, by any law now or hereafter enacted, be invested in bonds of cities, cities and counties, counties, school districts, or other districts within the State of California, such money or funds may be invested in the bonds issued under this part, and whenever bonds of cities, cities and counties, counties, school districts, or other districts within this state may, by any law now or hereafter enacted, be used as security for the performance of any act or the deposit of any public moneys, the bonds issued under this part

may be so used. The provisions of this article shall be in addition to all other laws relating to legal investments and shall be controlling as the latest expression of the Legislature with respect thereto.

103513. If bonds are authorized that contain a provision for special taxes under subdivision (i) of Section 103500, the board may enter into such covenants as may be deemed proper to provide for issuance of additional parity bonds, the priority and pledge of special taxes and such other covenants as are customary or desirable in the issuance of any bonds payable out of special funds or necessary, convenient, or desirable to secure the bonds or tending to make them more marketable, subject to the provisions of the ordinance calling the bond election.

Article 2. Revenue Bonds

103530. The district may issue bonds, payable from revenue of any facility or enterprise to be acquired or constructed by the district, in the manner provided by the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300), Part 1, Division 2, Title 5 of the Government Code) all of the provisions of which are applicable to the district.

103531. The district is a local agency within the meaning of the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300), Part 1, Division 2, Title 5 of the Government Code). The term "enterprise" as used in the Revenue Bond Law of 1941 shall, for all purposes of this part, include the system or any or all transit facilities and all additions, extensions, and improvements thereto authorized to be acquired, constructed, or completed by the district. The district may issue revenue bonds under the Revenue Bond Law of 1941 for any one or more transit facilities authorized to be acquired, constructed, or completed by the district or, in the alternative, may issue revenue bonds under the Revenue Bond Law of 1941 for the acquisition, construction, and completion of any one of such transit facilities. Nothing in this article shall prevent the district from availing itself of, or making use of, any procedure provided in this part for the issuance of bonds of any type or character for any of the transit facilities authorized hereunder, and all proceedings may be carried on simultaneously or, in the alternative, as the board may determine.

Article 3. Equipment Trust Certificates

103550. The district shall have power to purchase transit equipment such as cars, trolley buses and motorbuses, or rolling equipment, and may execute agreements, leases, and equipment trust certificates in the forms customarily used by private corporations engaged in the transit business appropriate to effect such purchase and leasing of transit equipment, and may dispose of such equipment trust certificates upon such terms and conditions as

02901 629515 1177

the board may deem appropriate. Payment for such equipment, or rentals therefor, may be made in installments, and the deferred installments may be evidenced by equipment trust certificates payable from any source or sources of funds specified in such certificates that are or will be legally available to the district; and title to such equipment shall not rest in the district until the equipment trust certificates are paid.

103551. The agreement to purchase or lease may direct the vendor or lessor to sell and assign or lease the rolling equipment to a bank or trust company duly authorized to transact business in the State of California as trustee, for the benefit and security of the equipment trust certificates and may direct such trustee to deliver the rolling equipment to one or more designated officers of the district and may authorize the district to simultaneously therewith execute and deliver an installment purchase agreement or a lease of the equipment to the district.

103552. The agreements and leases shall be duly acknowledged before a person authorized by law to take acknowledgments of deeds and in the form required for acknowledgment of deeds, and such agreements, leases, and equipment trust certificates shall be authorized by resolution of the district and shall contain such covenants, conditions, and provisions which may be deemed necessary or appropriate to insure the payment of the equipment trust certificates from legally available source or sources of funds specified in such certificates.

103553. The covenants, conditions, and provisions of the agreements, leases, and equipment trust certificates shall not conflict with any of the provisions of any trust agreement securing the payment of bonds, notes, or certificates of the district.

103554. An executed copy of each such agreement and lease shall be filed in the office of the Secretary of State, who shall be entitled to receive one dollar ($1) for each such copy filed with him and which filing shall constitute notice to any subsequent judgment creditor or any subsequent purchaser. Each vehicle so purchased or leased shall have the name of the owner or lessor plainly marked on both sides thereof followed by the appropriate words "Owner and Lessor" or "Owner and Vendor," as the case may be.

Article 4. Improvement Acts and Special Benefit Districts

103570. The Improvement Act of 1911, the Municipal Improvement Act of 1913, and the Improvement Bond Act of 1915 are applicable to the district.

103571. The provisions of Chapter 1 (commencing with Section 99000) of Part 11 of this division are applicable to the district.

Article 5. Temporary Borrowing

103580. Such notes shall not be issued in any amount in excess of the aggregate amount of bonds which the district has been authorized to issue, less the amount of any bonds of such authorized issue previously sold, and also less the amount of other bond anticipation notes therefor issued and then outstanding. An act to amend Section 4011 of the Penal Code, relating to prisoners.

[Approved by Governor August 14, 1974 Filed with Secretary of State August 15, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 4011 of the Penal Code is amended to read:

4011. (a) When it is made to appear to a judge of the superior court by affidavit of the sheriff or district attorney and oral testimony that a prisoner confined in any city or county jail requires medical or surgical treatment necessitating hospitalization, which treatment cannot be furnished or supplied at such city or county jail, the court in its discretion may order the removal of such person or persons from such city or county jail to the county hospital in such county; provided, if there is no county hospital in such county, then to any hospital designated by such court; and it shall be the duty of the sheriff to maintain the necessary guards, who may be private security guards, for the safekeeping of such prisoner, the expense of which shall be a charge against the county.

(b) The cost of such medical services and such hospital care and treatment shall be charged against the county subject to subdivisions (c) and (d), in the case of a prisoner in or taken from the county jail, or against the city in the case of a prisoner in or taken from the city jail, and the city or county may recover the same by appropriate action from the person so served or cared for, or any person or agency responsible for his care and maintenance. If the prisoner is in the county jail under contract with a city or under some other arrangement with the city to keep the city prisoner in the county jail, then the city shall be charged, subject to subdivisions (c) and (d), for the prisoner's care and maintenance with the same right of recovery against any responsible person or any other agency.

(c) When such prisoner is poor and indigent the cost of such medical services and such hospital care and treatment shall, in the case of persons removed from the city jail be paid out of the general fund of such city, and in the case of persons removed from the county jail to a hospital other than a county hospital, such cost shall be paid out of the general fund of such county or city and county. In the case of city jail prisoners removed to the county hospital, the cost of such hospital care and treatment to be paid by the city to the county, shall be the rate per day fixed by the board of supervisors of such county. Such board of supervisors may, but need not, fix different rates for different classes of patients, or for different wards, and any and all such rates may be changed by such board of supervisors at any time, but shall at all times approximate as nearly as may be, the average actual cost to the county of such hospital care and treatment either in such wards or for such classes of patients or otherwise.

(d) In the event such prisoner is financially able to pay for his care, support and maintenance, the medical superintendent of such hospital other than a county hospital may, with the approval of such judge of the superior court, enter into a special agreement with such person, or with his relatives or friends, for his care, support, maintenance, and other hospital expenses.

Any prisoner may decline such care or treatment and provide other care and treatment for himself at his own expense.

CHAPTER 506

An act relating to hospital districts, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 16, 1974 Filed with Secretary of State August 16, 1974]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Section 2504 of the Elections Code, the board of directors of the Kingsburg Hospital District may call an election not later than the 20th day of August, 1974.

SEC. 2. At such election the board of directors shall submit to the electors the following question:

"Shall an increase in the maximum tax rate from twenty cents ($0.20) for each one hundred dollars ($100) to forty cents ($0.40) for each one hundred dollars ($100) of assessed valuation of all taxable property within the district, such increased maximum to be in effect in the Kingsburg Hospital District for the fiscal years 1974–75 to 1979–80, inclusive, the revenues of which are to be used to operate and maintain the existing general hospital of the district, be authorized?"

SEC. 3. The election provided for in this act shall be proclaimed, held, conducted, the ballots shall be prepared, marked, collected, counted, and canvassed and the results shall be ascertained and the returns thereof made in all respects, as nearly as may be practicable, in accordance with the provisions of the Local Hospital District Law relating to an election for the purpose of determining whether a higher maximum tax rate shall be established.

SEC. 4. All the acts of the Board of Directors of the Kingsburg Hospital District heretofore taken to call such an election on the 20th day of August 1974 are hereby validated.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Financial considerations make it imperative that the Kingsburg

Hospital District hold a tax rate increase election sooner than the next general election.

CHAPTER 507

An act relating to property tax rate limitations, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 20, 1974 Filed with Secretary of State August 20, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding the provisions of subdivision (a) of Section 2286 of the Revenue and Taxation Code, the maximum property tax rate for a general law city for which the formation election was held prior to August 31, 1973, but the formation of such general law city was completed after that date shall be one dollar ($1) until changed in the manner provided in subdivision (b) of Section 2286 of the Revenue and Taxation Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into effect immediately. The facts constituting such necessity are:

The present provisions of law inadvertently preclude a city which was in the process of formation on the effective date of Section 2286 from levying any property tax without first calling a special election to approve a maximum tax rate. Such provision, unless corrected, will result in unneccessary costs and loss of revenues, thereby impairing a new city's ability to raise revenues to provide essential services. It is, therefore, necessary that this act take effect immediately.

CHAPTER 508

An act to add Chapter 8 (commencing with Section 40300) to, and to repeal Article 7 (commencing with Section 40210) of Chapter 6 of, Part 4 of Division 10 of the Public Utilities Code, and to amend Section 7252 of, and to add Section 7272.3 to, the Revenue and Taxation Code, relating to the Orange County Transit District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 20, 1974. Filed with Secretary of State August 20, 1974]

The people of the State of California do enact as follows:

SECTION 1. Article 7 (commencing with Section 40210) of Chapter 6 of Part 4 of Division 10 of the Public Utilities Code is repealed.

SEC. 2. Chapter 8 (commencing with Section 40300) is added to Part 4 of Division 10 of the Public Utilities Code, to read:

CHAPTER 8. TAXATION

Article 1. Property Taxation

40300. The district may levy and collect, or cause to be collected, taxes for any lawful purpose subject to a maximum limit of five cents ($0.05) per one hundred dollars ($100) of assessed valuation within the district exclusive of any tax levied to meet the bonded indebtedness of the district and the interest thereon.

40301. If, in the opinion of the board, the transit operation revenues will not be sufficient for any and all lawful purposes, the board shall levy a tax for such purpose or purposes and fix the amount of money necessary to be raised therefor by taxation.

40302. The board shall, as part of the general tax levy as set forth in Section 40300 levy and collect annually until the district's bonds are paid, or until there is a sum in the treasury of the district set apart for that purpose to meet all sums coming due for principal and interest on the bonds as they become due, a tax sufficient to pay the annual interest on the bonds, and such part of the principal thereof, as becomes due before the proceeds of a tax levied at the next general tax levy will be available. If the maturity of the indebtedness created by the issue of bonds begins more than one year after the date of the issuance thereof, the tax shall be levied and collected annually at the time and in the manner stated above, in an amount sufficient to pay the interest on the indebtedness as it falls due and to constitute a sinking fund for the payment of the principal on or before maturity.

40303. The board may provide for the assessment, levy, and collection of taxes by the district, including the sale of property to the district for delinquent taxes, with penalties, interest, and cost.

40304. The board shall avail itself of the assessments made by the assessor of the county and of the assessments made by the State Board of Equalization for the county, and shall take such assessments as the basis for district taxation and have its taxes collected by the tax collector of the county.

40305. In such case, the county auditor shall, on or before the third Monday in August of each year, transmit to the board a statement, in writing, showing the total value of all property within the district, ascertained from the assessments referred to in Section 40304 as equalized.

40306. The board shall, on or before the first day of September, fix the rate of taxes, designating the number of cents upon each one hundred dollars ($100) using as a basis the value of property

transmitted to the board by the county auditor, which rate of taxation shall be sufficient to raise the amount previously fixed by the board. These acts by the board shall constitute a valid assessment of the property and a valid levy of the taxes so fixed, but the rate of taxation shall not exceed the limit imposed by this article.

40307. The board shall immediately, after fixing the rate of taxes as provided in Section 40306, transmit to the county auditor of the county a statement of the rate of taxes fixed by the board.

40308 The district's taxes so levied shall be collected at the same time and in the same manner as county taxes. When collected, the net amount, ascertained as provided in this article, shall be paid to the treasurer of the district under the general requirements and penalties provided by law for the settlement of other taxes.

40309. Whenever any real property has been sold for taxes and has been redeemed, the money paid for redemption shall be apportioned and paid to the district by the county treasurer in the proportion which the tax due to the district bears to the total tax for which the property was sold.

40310. All taxes levied under this article are a lien on the property on which they are levied. The enforcement of the collection of such taxes shall be in the same manner and by the same means provided by law for the enforcement of liens for county taxes, all the provisions of law relating to the enforcement of the latter being made a part of this article so far as applicable

Article 2. Transactions and Use Taxes and Revenue Bonds

40330. Transactions and use taxes (to be designated in the ballot proposition set forth in Section 40334 as a "sales tax") may be imposed by the board in accordance with the provisions of Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code, except that the rate shall be as set forth in Section 40335.

40331. Any transactions and use taxes ordinance adopted pursuant to this article shall be operative on the first day of the first calendar quarter commencing more than 120 days after the approval of such ordinance by the electors as provided in this article

Prior to the operative date of the ordinance, the district shall contract with the State Board of Equalization to perform all functions incident to the administration and operation of the ordinance.

40332 (a) The revenues from the taxes imposed pursuant to this article may be used for any lawful purpose of the district.

(b) During the first three years the taxes are imposed pursuant to this article, 25 percent of the revenues generated from such taxes shall be allocated by the district to Orange County and the cities therein in the proportion that the population of the county or city, as the case may be, bears to the total population of the district. For purposes of this subdivision, the population of the county shall be the

population of the unincorporated territory of the county.

(c) The revenues allocated pursuant to subdivision (b) shall be used by the county and the cities to finance public transit services, which shall be coordinated with the public transit services operated by the district. The county or any city may also use the revenues to finance public transit services operated by the district.

(d) At the end of four years, as measured from the initial imposition of the taxes pursuant to this article, any of the revenues allocated pursuant to subdivision (b) which has not been expended for public transit services shall revert to the district.

40333. The taxes authorized by this article shall not be imposed unless the board shall have authorized it by ordinance adopted by a vote of two-thirds of all members of the board and such ordinance shall be approved by a majority of the votes cast by the qualified electors of the district voting on the proposition at an election called for that purpose. The board, in the ordinance, shall state the nature of the tax to be imposed, shall provide the tax rate or rates or the maximum tax rate or rates, and shall specify the purposes for which the revenue derived from the tax will be used.

40334. The actual wording of the proposition on any short form of ballot card, label, or other device, regardless of the system of voting used, shall read as follows:

TRANSIT Authorizes the Orange County Transit District to impose a _____ percent sales tax for transit purposes.	Yes	
	No	

The proposition shall set forth the actual percent of the transaction and use taxes upon which the electors are voting.

The sample ballot to be mailed to the voters, under Section 10012 of the Elections Code, shall be the full proposition as set forth in the ordinance adopted pursuant to Section 40333.

40335. The board is authorized to impose a maximum tax rate of 1 percent under this article and the board may state the maximum tax rate in terms of not to exceed 1 percent, or any lesser percentage thereof. The district shall not levy the tax at a rate other than 1, ¾, ½, or ¼ percent, unless specifically authorized by the Legislature. The board, in the ordinance, may provide for limitations upon the time when the tax shall be in effect, or the board may provide that the tax shall be in effect until repealed. Any tax rate or maximum tax rate adopted pursuant to this article, unless otherwise prohibited, may be increased when authorized by the board by ordinance adopted in the manner and by the vote stated in Section 40333 and approved by a majority of the votes cast by the qualified electors of the district voting at an election called for that purpose.

40336. The district is hereby authorized to issue revenue bonds, payable, in whole or in part, from revenues made available under this article. Such revenues are hereby declared to be revenues of the enterprise for all purposes of the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300), Part 1, Division 2, Title 5 of the Government Code), and the restrictions therein provided against the securing of bonds by the taxing power or the proceeds of taxation shall not apply. The district shall be deemed a "local agency" and the planning, acquiring, constructing, operating, or maintaining of the district's transit facilities, or any part thereof, shall be deemed an "enterprise" within the meaning of the Revenue Bond Law of 1941. The provisions of such law not inconsistent with any of the provisions of this article are hereby made applicable to the district, except that no election shall be required for the issuance of bonds under such law which are secured, in whole or in part, by the revenues of the tax imposed pursuant to this article. The resolution or indenture authorizing the issuance of any revenue bonds secured, in whole or in part, by the revenues of the tax imposed pursuant to this article shall provide that use of such revenues by the district to redeem such bonds shall be continued in effect until such bonds are fully paid or provision has been made for their payment in full.

The district may borrow money in anticipation of the revenues made available under this article and may, from time to time, issue negotiable notes for that purpose.

CHAPTER 510

An act to amend Section 54431 of, and to add Sections 54432, 54433, 54434, and 54435 to, the Food and Agricultural Code, relating to marketing of agricultural products.

[Approved by Governor August 20, 1974 Filed with Secretary of State August 20, 1974]

The people of the State of California do enact as follows

SECTION 1. Section 54431 of the Food and Agricultural Code is amended to read:

54431. It is an unfair trade practice, and unlawful, for any processor, handler, distributor, or agent of any such person, or for any other person to do any of the following:

(a) Interfere with, restrain, coerce, or boycott producers in the exercise of the rights which are guaranteed pursuant to Section 54402.

(b) Discriminate against any producer with respect to price or other terms of purchase of any raw agricultural commodity, by reason of the producer's membership in, or contract with, any cooperative bargaining association.

(c) Pay or loan money, or give any other thing of value, to a producer as an inducement or reward for refusing to, or ceasing to, belong to a cooperative bargaining association.

(d) Maliciously or knowingly give false reports about the finances, management, or activities of a cooperative bargaining association

(e) Refuse to negotiate or bargain for price, terms of sale, compensation for commodities produced under contract, and other contract provisions relative to any commodity which a cooperative bargaining association represents. This subdivision only applies to a cooperative association which meets all of the following:

(1) That under the articles of incorporation or bylaws of the cooperative bargaining association, the association is producer owned and controlled exclusively by producers.

(2) The cooperative bargaining association has enforceable contracts with its members

(3) The cooperative bargaining association has financial resources and management reasonably sufficient to accomplish the purpose for which it was organized.

(4) The cooperative bargaining association represents, through its own members, a sufficient number of producers or a sufficient quantity of any particular commodity, or both, to make it an effective agent for producers in bargaining with handlers.

(5) One of the functions of the cooperative bargaining association is acting as principal or agent for its producer members to negotiate or bargain with handlers for prices, terms of sale, compensation for commodities produced under contract and other terms of contracts with respect to the production, sale, and marketing of their commodity

SEC. 2. Section 54432 is added to the Food and Agricultural Code, to read:

54432. The provisions of subdivision (e) of Section 54431 only apply to any processor, handler, distributor, or agent of any such person, who refuses to negotiate or bargain, as specified by such provisions, with a cooperative bargaining association which represents producers with whom such a processor, handler, distributor, or agent of any such person, has had a prior course of dealing.

For purposes of this section, "prior course of dealing" means that the processor, handler, distributor, or agent of any such person has purchased in any two of the immediate preceding five years a commodity from a producer which a cooperative bargaining association represents

SEC. 3. Section 54433 is added to the Food and Agricultural Code, to read.

54433 It is an unfair trade practice, and unlawful, for any cooperative bargaining association to which subdivision (e) of Section 54431 applies to refuse to negotiate or bargain with any processor, handler, distributor, or agent of any such person, for price, terms of sale, compensation for commodities produced under contract, and other contract provisions relative to any commodity which the cooperative bargaining association represents.

SEC. 4. Section 54434 is added to the Food and Agricultural Code, to read.

54434. The provisions of subdivision (e) of Section 54431 shall not apply to cooperative associations in respect to business done with its own membership.

SEC. 5. Section 54435 is added to the Food and Agricultural Code, to read.

54435 Nothing in subdivision (e) of Section 54431 shall require

any processor, handler, distributor, or agent of any such person, to negotiate over any specific period of time, or to agree upon price, terms of sale, compensation for commodities produced under contract, and other contract provisions relative to any commodity which any such cooperative bargaining association represents.

SEC. 6. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

Such order shall operate as an assignment and shall be binding upon any existing or future employer of the defaulting parent upon whom a copy of such order is served. The Judicial Council shall prescribe forms for such orders. The employer may deduct the sum of one dollar ($1) for each payment made pursuant to such order. Any such order may be modified or revoked at any time by the court. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court. The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of enforcing the child support obligation.

(b) Notwithstanding the provisions of subdivision (a), in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, upon both a petition by the person to whom support has been ordered to have been paid and a finding by the court that the parent so ordered is in arrears in payment in a sum equal to the amount of two months of such payments within the 24-month period immediately preceding submission of such petition, the court shall order the defaulting parent to assign either to the person to whom support has been ordered to have been paid or to a county officer designated by the court to receive such payment, that portion of the salary or wages of the parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. made to a county officer designated by the court, the parent to whom support has been ordered to be paid shall notify the court and such county officer, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after any such change. If the employer or county officer is unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address, the employee or county officer shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

For purposes of this subdivision, arrearages in payment shall be computed on the basis of the payments owed and unpaid on the date that the defaulting parent has been given notice pursuant to law of the application for the order of assignment, and the fact that the defaulting parent may have subsequently paid such arrearages shall not relieve the court of its duty under this subdivision to order the assignment.

Upon a petition by the defaulting parent, the court shall terminate such order of assignment entered pursuant to this subdivision if (1) there has been 18 continuous and uninterrupted months of full payment under the wage assignment or (2) the employer or county officer has been unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address.

(a) In any proceeding where the court has ordered a parent to pay any amount for the support, maintenance, or education of a minor child, the court may issue an earnings withholding order under Section 723.030 of the Code of Civil Procedure to require the employer of such parent to withhold and pay to the county clerk, probation officer, or other officer of the court or county officer designated by the court to receive such payment, that portion of the earnings of such parent as will be sufficient to pay the amount ordered by the court for the support, maintenance and education of the minor child. The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of enforcing the child support obligation.

(b) Notwithstanding the provisions of subdivision (a), in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, upon both a petition by the person to whom support has been ordered to have been paid and a finding by the court that the parent so ordered is in arrears in payment in a sum equal to the amount of two months of such payments within the 24-month period immediately preceding submission of such petition, the court shall order the defaulting parent to assign either to the person to whom support has been ordered to have been paid or to a county officer designated by the court to receive such payment, that portion of the salary or wages of the parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. Such an order shall operate as an assignment and shall be binding upon any existing or future employer of the defaulting parent upon whom a copy of such order is served. The Judicial Council shall prescribe forms for such orders. The employer may deduct the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

The parent to whom support has been ordered to be paid shall notify the court and the employer of the parent ordered to pay support, by any form of mail requiring a return receipt, of any change of address within a reasonable period of time after any such change. In instances in which payments have been ordered to be made to a county officer designated by the court, the parent to whom support has been ordered to be paid shall notify the court and such county officer, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after any such change. If the employer or county officer is unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address,

the employee or county officer shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

For purposes of this subdivision, arrearages in payment shall be computed on the basis of the payments owed and unpaid on the date that the defaulting parent has been given notice pursuant to law of the application for the order of assignment, and the fact that the defaulting parent may have subsequently paid such arrearages shall not relieve the court of its duty under this subdivision to order the assignment.

Upon a petition by the defaulting parent, the court shall terminate such order of assignment entered pursuant to this subdivision if (1) there has been 18 continuous and uninterrupted months of full payment under the wage assignment or (2) the employer or county officer has been unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address.

(c) No employer shall use any assignment authorized by this section as grounds for the dismissal of such employee.

(d) As used in this section "employer" includes any public entity as defined in Section 811.2 of the Government Code.

(e) On declaration or affidavit of the parent to whom support has been ordered to be paid to the court that: (1) the parent ordered to make support payments is in default in such payment in the amount specified in subdivision (b), and (2) the whereabouts of such defaulting parent or the identity of his employer are unknown to the parent to whom support has been ordered to be paid, the district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent parent and the name and address of the absent parent's last known employer. The court shall then order the parent obligated to make support payments to show cause why an order for assignment pursuant to subdivision (b) should not issue. The county may charge a reasonable fee not to exceed two dollars and fifty cents ($2.50) for the services of the district attorney under this subdivision.

(f) Nothing in this section shall limit the authority of the district attorney to utilize any and all civil and criminal remedies to enforce child support obligations regardless of whether or not the custodial parent receives welfare moneys.

CHAPTER 515

An act to amend Section 25210.9 of the Government Code, relating to garbage service fees.

[Approved by Governor August 20, 1974 Filed with Secretary of State August 20, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 25210.9 of the Government Code is amended to read.

25210.9. Any water, sewer, or garbage service fees which remain unpaid for a period of 60 or more days after the date upon which they were billed may be collected thereafter by the county as provided herein.

(a) Once a year the board of supervisors shall cause to be prepared a report of delinquent fees. The board shall fix a time, date and place for hearing the report and any objections or protests thereto.

(b) The board shall cause notice of the hearing to be mailed to the landowners listed on the report not less than 10 days prior to the date of the hearing

(c) At the hearing the board shall hear any objections or protests of landowners liable to be assessed for delinquent fees. The board may make such revisions or corrections to the report as it deems just, after which, by resolution, the report shall be confirmed.

(d) The delinquent fees set forth in the report as confirmed shall constitute special assessments against the respective parcels of land and are a lien on the property for the amount of such delinquent fees. A certified copy of the confirmed report shall be filed with the county auditor for the amounts of the respective assessments against the respective parcels of land as they appear on the current assessment roll. The lien created attaches upon recordation, in the office of the county recorder of the county in which the property is situated, of a certified copy of the resolution of confirmation. The assessment may be collected at the same time and in the same manner as ordinary county ad valorem property taxes are collected and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for such taxes. All laws applicable to the levy, collection and enforcement of county ad valorem property taxes shall be applicable to such assessment, except that if any real property to which such lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes would become delinquent, then the lien which would otherwise be imposed by this section shall not attach to such real property and the delinquency fees, as confirmed, relating to such property shall be transferred to the unsecured roll for collection

This remedy is in addition to all other means available for collection.

(e) If the person who appears as the owner of the respective parcels of land on the current assessment roll is different from the person to whom the bills for water, sewer or garbage service fees were sent, the provisions of this section shall apply only if

The landowner may submit an engineered alternative to the setback for approval by the board.

20. To do all acts necessary to participate in all programs authorized by the federal government whereby federal funds are granted to the district or any of its residents for purposes of health, education, welfare, public works, or community improvement, including, without limitation thereto, contracting and cooperating with the federal government, the state or its agencies, other local public agencies, and private persons and corporations, and to make any expenditure of district funds required for such participation.

SEC. 2. Section 12 of the San Diego County Flood Control

District Act (Chapter 55 of the Statutes of 1966, First Extraordinary Session) is amended to read:

Sec. 12. In each of the zones the board shall appoint a commission as follows: one representative of all the resource conservation districts situated entirely or partially within the zone; one representative of all the water agencies situated entirely or partially within the zone; three or more representatives of the unincorporated territory of the zone, the precise number to be determined as hereinafter specified, and one additional representative appointed by the board if such appointment is necessary to make the total number of representatives an uneven number.

As used in this section the term "water agencies" means any person operating a dam having an impounding capacity of 2,500 acre-feet or more, and any public agency representing the owners of, or controlling, water rights that in the determination of the board would or could be affected by zone or district projects.

The board shall appoint the representative of the resource conservation districts from a list of one or more nominees proposed by all of such districts acting in concert.

The board shall appoint the representative of the water agencies from a list of one or more nominees proposed by all of such agencies acting in concert.

Representatives of the unincorporated area shall be not less than three in number and shall be nominated and appointed by the board. The number of representatives authorized for the unincorporated territory shall be determined according to the following table, provided, however, where the application of such table results in the appointment of less than three representatives for the unincorporated territory the board shall appoint additional representatives so that the number of representatives for the unincorporated territory shall be at least three:

Zone	One representative for*	One additional representative for*
1	30, or less	each additional full 30
2	100, or less	each additional full 100
3	40, or less	each additional full 40
4	20, or less	each additional full 20
5	10, or less	each additional full 10

* The numbers in the center and right columns represent millions of dollars of assessed valuation

Upon annexation to the district, any corporate area of any city which is within or partially within any zone shall have the right to representation on the zone commission for said zone and the number of representatives shall be determined and they shall be appointed and serve in like manner as representatives of the unincorporated territory, except that they shall be nominated by the city council

If the position of representative of the resource conservation districts or of the water agencies is or becomes vacant for any reason, the clerk of the board shall give to each of said districts or agencies, as the case may be, 30 days notice of the time and place at which will be held a meeting for the purpose of nominating a representative of its own choosing. If the position of representative of any city or of the unincorporated territory is or becomes vacant for any reason the board shall appoint the representative nominated by the city council or by the board of supervisors, as the case may be, only, and such position shall remain vacant unless and until such nomination and appointment is made.

In all zones representatives shall serve four-year terms, except that the initial appointment of one-half the representatives, as determined by lot, shall be for a two-year term, only, so that the terms of the representatives will be staggered. Any representative appointed by the board for the purpose of making the total number of representatives an uneven number shall be appointed only for a two-year term. Zone representatives may be reappointed by the board to serve additional terms

Each zone representative shall receive such sum as may be fixed by the board for each meeting of the zone commission attended by him, not exceeding two meetings in any calendar month. The board by resolution may provide for the reimbursement from funds of the district of actual and necessary expenses incurred by such representatives in the performance of official duties under this act.

Notwithstanding any other provision of this section, in no event shall the total number of commissioners for any zone exceed the following nine persons: one resource conservation district representative; one water agency representative; and seven representatives of the unincorporated territory of the zone and the corporate area of any city within the zone which may have been annexed to the district. Where the corporate area of a city is included in the zone, the representation shall be apportioned between the unincorporated territory and the corporate area on the basis of assessed valuation of the taxable property in such zone. Where the corporate area of more than one city is included in the zone and the proportionate representation between the unincorporated territory and the corporate area is such that each city will not have the right to representation by at least one representative, the representation of the corporate area shall be by representatives nominated jointly by the councils of such cities.

The people of the State of California do enact as follows:

SECTION 1. Section 54774 of the Government Code is amended to read:

54774. Among the purposes of a local agency formation commission are the discouragement of urban sprawl and the encouragement of the orderly formation and development of local governmental agencies based upon local conditions and circumstances. One of the objects of the local agency formation commission is to make studies and to obtain and furnish information which will contribute to the logical and reasonable development of local governments in each county and to shape the development of local governmental agencies so as to advantageously provide for the present and future needs of each county and its communities

In addition to its other powers the local agency formation commission shall initiate and make studies of existing governmental agencies. Such studies shall include but shall not be limited to inventorying such agencies and determining their maximum service area and service capacities. In conducting such studies, the commission may ask for land-use information, studies, and plans of cities, counties, and districts. Cities, counties, and districts shall comply with the request of the commission for such information and the commission shall make its studies available to cities, counties, and districts. In making these studies, the commission may cooperate with the county planning commissions.

In order to carry out its purposes and responsibilities for planning and shaping the logical and orderly development and coordination of local governmental agencies so as to advantageously provide for the present and future needs of the county and its communities, the local agency formation commission shall develop and determine the sphere of influence of each local governmental agency within the county. As used in this section "sphere of influence" means a plan for the probable ultimate physical boundaries and service area of a local governmental agency. Among the factors considered in determining the sphere of influence of each local governmental agency the commission shall consider:

(a) The maximum possible service area of the agency based upon present and possible service capabilities of the agency.

(b) The range of services the agency is providing or could provide.

(c) The projected future population growth of the area.

(d) The type of development occurring or planned for the area, including, but not limited to, residential, commercial, and industrial development.

(h) The existence of agricultural preserves in the area which could be considered within an agency's sphere of influence and the effect on maintaining the physical and economic integrity of such preserves in the event that such preserves are within a sphere of influence of a local governmental agency.

The commission shall periodically review and update the spheres of influence developed and determined by them.

The spheres of influence, after adoption, shall be used by the commission as a factor in making regular decisions on proposals over which it has jurisdiction. The commission may recommend governmental reorganizations to particular agencies in the county, using the spheres of influence as the basis for such recommendations. Such recommendations shall be made available, upon request, to other governmental agencies or to the public.

The commission, or the board of supervisors on behalf of the commission, is authorized to apply for or accept, or both, any financial assistance and grants-in-aid from public or private agencies or from the state or federal government or from a local government.

SEC. 2. Section 54774.5 is added to the Government Code, to read:

30637. The district shall not exercise control over any transit facilities now or hereafter owned and operated wholly or partly within, or without, the district by any city or public agency, unless by consent of such city or public agency and upon such terms as are mutually agreed upon between the board and such city or public agency.

The district shall not establish, construct, complete, acquire, operate, extend, or reroute (all of the foregoing being hereinafter referred to by the word "establish" in all forms thereof), directly or indirectly, either itself or by lease or contract with any other person or otherwise, any rapid transit service or system in such manner or form as will or may, either then or at any time in the future, divert, lessen, or compete for the patronage or revenues of the existing system of a publicly or privately owned public utility without the consent of the public utility, if the existing system has been in operation since at least August 1, 1974.

The maintenance and operation, but not the extension or rerouting, of any existing system acquired by the district from a publicly or privately owned public utility shall not be deemed to be the establishment of a rapid transit service or system within the meaning of this section.

No substantial change in any route determined in a revised final report for such phase following the procedure required by Section 30844 may be made without holding further hearings pursuant to notice given in such manner as the district may determine, if the proposed change in the system is objected to by any city or county affected thereby.

CHAPTER 535

An act relating to State Center Community College District, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 27, 1974 Filed with Secretary of State August 27, 1974]

The people of the State of California do enact as follows:

SECTION 1. State Center Community College District became operative on July 1, 1964, following recommendation of the augmented Fresno County Committee on School District Organization and subsequent approval by the voters. The new district acquired certain assets from the Fresno Unified School District and the Reedley School District which carried with them pro rata bond redemption obligations and equity payment obligations representing the cost of property and facilities acquired from the other school districts. Annual equity payments were to be made from the proceeds of an override tax rate as provided for in Section 3301.5 of the Education Code. The district formation agreement limited the annual tax rate to five cents ($0.05) rather than the ten cents ($0.10) permitted by law. It was assumed that increases in assessed valuation over a 10-year period would be adequate to liquidate the equity obligation through annual levy of the five-cent ($0.05) tax. Revenues from the five-cent ($0.05) tax rate have been less than originally anticipated and are insufficient to liquidate the equity obligation within the 10-year period during which the tax has been levied.

The district is now in its 10th year of levying the five-cent ($0.05) tax for equity payment. There will remain, at the close of this fiscal year, a balance of approximately $280,000 of unpaid equity which could be liquidated through levy of a tax rate of slightly under three cents ($0.03) In the absence of legal authority to levy such a tax, it will be necessary that the district make the payment out of general operating revenue.

SEC. 2. The State Center Community College District is hereby authorized to have levied and collected for the 1974–75 fiscal year, a tax not to exceed three cents ($0.03) per each one hundred dollars ($100) assessed valuation of taxable property within the district. The

revenue from such tax shall be applied exclusively to the retirement of debt arising from the district's acquisition of the property and facilities of other school districts in connection with the formation of State Center Community College District. In the event the revenue from the tax authorized by this section exceeds that which is needed for the purposes stated herein, the excess shall be deposited to the credit of the special reserve fund of the community college district.

SEC. 3. Because of the unique financial situation of the State Center Community College District, as described in Section 1 of this act, the Legislature has determined that a general law with respect thereto cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for the special one-time tax rate increase provided for in this act to be put into effect during the 1974–75 fiscal year, it is necessary for this act to go into effect immediately.

CHAPTER 536

An act to amend Sections 1 and 2 of Chapter 1672 of the Statutes of 1967, relating to recreation and fish and wildlife enhancement associated with state water projects.

CHAPTER 537

315.1. Notwithstanding Section 263.3, the state scenic highway system shall also include that portion of Route 15 from Route 194 to Route 91.

SEC. 3. Section 331 of the Streets and Highways Code is repealed.

SEC. 4. Section 371 of the Streets and Highways Code is amended to read:

371. Route 71 is from Route 210 to Route 91 via Pomona.

SEC. 5. Section 379 of the Streets and Highways Code is amended to read:

379. Route 79 is from:

(a) Route 8 near Descanso to Route 78.

(b) Route 78 to Route 15 near Temecula.

(c) Route 15 near Temecula to Route 74 near Hemet.

(d) Route 74 near Hemet to Route 10 near Beaumont.

SEC. 6. Section 379.1 is added to the Streets and Highways Code, to read:

379.1. Notwithstanding Section 253.5, the California freeway and expressway system shall also include that portion of Route 79 from Route 371 near Aguanga to Route 15 near Temecula.

494.1. Notwithstanding Section 253.1, the California freeway and expressway system shall also include Route 194 in its entirety.

SEC. 9. Section 494.2 is added to the Streets and Highways Code, to read:

494.2. Notwithstanding Section 263.8, the state scenic highway system shall also include that portion of Route 194 from Route 74 near Romoland to Route 74 near Perris.

SEC. 10. Section 607.1 is added to the Streets and Highways Code, to read:

607.1. Route 371 is from Route 79 near Aguanga to Route 74 east of Anza.

SEC. 11. Section 607.2 is added to the Streets and Highways Code, to read:

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The federal government has designated Interstate 15 on a route different from State Route 15. Because of the similarity of numbers and the fact that the routes are parallel, this has resulted in confusion to the public and in the preparation of documents. This act will renumber State Route 15 and eliminate the confusion.

CHAPTER 538

An act to amend Sections 2535, 2536, 2537, 2539, and 2540 of, and to add Sections 2542, 2543, 2544, 2545, and 2546 to, the Fish and Game Code, relating to hunting and fishing guides.

The people of the State of California do enact as follows:

SECTION 1. Section 2535 of the Fish and Game Code is amended to read:

2535. As used in this chapter, "guide" means any person who is engaged in the business of packing or guiding, or who for compensation assists another person in hunting or fishing or to locate, take, photograph, or view any bird, mammal, fish, amphibian, or reptile, and includes any person who transports other persons or their equipment or both to hunting or fishing areas, irrespective of whether or not the latter persons determine the destination or course of travel, or both.

SEC. 2. Section 2536 of the Fish and Game Code is amended to read:

2536. It is unlawful for any person to be engaged in the business of guiding or packing, or to act as a guide for any consideration or compensation whatever, without first having secured a revocable guide license from the department. An employee of a licensee who acts as a guide or packer only in connection with his employment need not have a guide license. Each licensee shall be responsible for all acts or omissions of his employees when acting within the scope of their employment. A guide license is not required for guiding or transporting persons aboard a boat operating under the authority of a fishing party boat license issued pursuant to Section 7920.

SEC. 3. Section 2537 of the Fish and Game Code is amended to read:

2537. Any person who desires a license as a guide shall make application for such license on a form to be prescribed and furnished on request by the department. The application shall show all of the following:

(b) The area or areas of the state in which he proposes to operate.

(c) The type or types of guiding or packing in which he proposes to engage.

A guide license shall be valid for the fiscal year in which issued or, if issued after the beginning of a fiscal year, for the remainder thereof.

SEC 6. Section 2542 is added to the Fish and Game Code, to read:

2542. Each applicant for a guide license shall submit proof of possessing a surety bond in the amount of not less than one thousand dollars ($1,000) which shall insure faithful performance of such guide and his agents or employees in fulfilling their responsibilities to their clients. SEC. 7. Section 2543 is added to the Fish and Game Code, to read:

It shall be unlawful for any licensed guide to fail to maintain any required records, or to refuse to allow the examination of such records upon the request of a department representative

SEC 10. Section 2546 is added to the Fish and Game Code, to read

2546. The department may refuse to issue a guide license to an

applicant who, in the opinion of the department, previously has failed to fulfill his responsibilities to a client or has jeopardized the safety and welfare of a client, or upon a showing that the applicant, or any employee or assistant of the applicant while operating under the applicant's direction or control, has violated any provision of this code or any regulation adopted pursuant thereto, or has knowingly permitted a client to violate any provision of this code or any regulation adopted pursuant thereto. An applicant who has been refused a license may request a hearing before the commission, and the commission shall determine whether or not a license shall be issued to the applicant.

SEC. 11. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities which in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 539

An act to add Section 53706 to the Government Code, relating to use of federal funds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 27, 1974 Filed with Secretary of State August 27, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 53706 is added to the Government Code, to read:

53706. "Priority expenditures" for which the State and Local Fiscal Assistance Act of 1972 (Public Law 92-512) funds may be spent for the purposes authorized by the act by a local agency are priority expenditures serving the general interest of the citizens of the city or the county in which they are spent whether the expenditure is made by the city, the county, or by any other local governmental agency authorized to perform those purposes within the city or the county receiving the funds. The funds for the construction, removal, relocation or replacement of any facility designed to provide water, water treatment or sewer services may be allocated and appropriated for such priority expenditures by the city or county receiving them for expenditure by the agency itself or by the local governmental agency which performs the service wholly or partially within the boundaries of the city or the county making the allocation for such purposes.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Under the State and Local Fiscal Assistance Act of 1972 (Public Law 92-512) the funds received by counties and cities may be used only for specified "priority expenditures", and, particularly in California, many of the services eligible for assignment of funds under the State and Local Fiscal Assistance Act are performed by special districts or other local governmental agencies. The Public Law 92-512 funds are considered to be general funds of the county which cannot be spent for the support of other local agencies without statutory authority. Unless this bill goes into effect immediately, funds to support priority expenditures for local governmental units within the county will be restricted, causing inequities and unnecessary hardship in the distribution of Public Law 92-512 funds.

CHAPTER 540

An act to add Section 29503 to the Food and Agricultural Code, relating to honey.

[Approved by Governor August 27, 1974 Filed with Secretary of State August 27, 1974]

SECTION 1. Section 29503 is added to the Food and Agricultural Code, to read:

29503. When honey is prepared for, and is shipped directly to, any foreign country, the containers of honey shall not be required to meet the unit of net weight standards required by the provisions of this article.

66783.1. Until a solid waste management plan of a county has been approved by the board pursuant to Section 66780, any new solid waste transfer station or disposal sites approved by a city or county after the enactment of this section shall not commence operations in a city or county without a finding by the board, at a public meeting that the protection of the public health, or public need and necessity, require the immediate implementation of the sites

Any site is exempt from this requirement if there is an environmental impact report notice of completion filed with the state or if a use permit or approval has been issued for the site by the city or county prior to the date of enactment of this section.

SEC. 2. Section 66784 is added to the Government Code, to read:

66784. No person shall establish sites for solid waste disposal, transfer station, waste processing, or resource recovery not in conformance with the county solid waste management plan approved by the board. Nonprofit private resources recovery or recycling sites for neighborhood or community type activities approved by a local governmental entity are exempt from this requirement. If the board or any local governmental entity determines that a proposed site in a city or county is not in conformance with the solid waste management plan of that county, the board may, after public hearing, require conformance to the plan, or approve an amendment to the plan. Any amendment to a county solid waste management plan shall be subject to the requirements of Section 66780. No person shall establish or operate, or permit the establishment or operation of, a site which the board has determined is not in conformance with the plan. At the request of the board or any local governmental entity, the Attorney General shall bring an action to enforce the provisions of this article.

CHAPTER 542

An act to add Section 5006.4 to the Public Resources Code, relating to the state park system, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 27, 1974 Filed with Secretary of State August 27, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 5006.4 is added to the Public Resources Code, to read:

The tax shall be in addition to any other school district tax or county tax authorized by law to be levied.

Funds derived from such tax may be expended in addition to state funds, and shall not operate to affect the operation of the formula for apportioning state funds provided for in Section 6880.14.

Any tax funds raised pursuant to this section may be used to purchase land or buildings, to make alterations or additions to existing buildings, and to purchase furniture, apparatus or equipment for a center.

6880.20. The governing board shall establish in the county treasury a fund to be known as the "development center for handicapped pupils fund" into which shall be paid all funds received by the district for, or from the operation of, centers established under this chapter. The costs incurred in the maintenance and operation of centers shall be paid from the fund, except that any contributions, other than those described in Section 6880.22, authorized or required to be paid by the district on account of services of employees of a center to a retirement system shall be paid from the general fund of the district or from funds of the district derived from a special tax levied pursuant to Section 14657 or 14758 of the Education Code or Section 20532 of the Government Code.

SEC. 19. Section 17507 of the Education Code is amended to read:

17507. The Superintendent of Public Instruction, in computing apportionments and allowances from the State School Fund for the second principal apportionment, shall determine the following for the regular day classes of the elementary schools maintained by each school district:

(a) For grades 1 to 3, inclusive, he shall determine the number of classes, the number of pupils enrolled in each class, the total enrollment in all such classes, the average number of pupils enrolled per class, and the total of the numbers of pupils which are in excess of thirty (30) in each class.

For those districts which do not have any classes with an enrollment in excess of 32 and whose average size for all the classes is 30.0 or less, there shall be no excess declared. For those districts which have one or more classes in excess of an enrollment of 32 or whose average size for all the classes is more than 30, the excess shall be the total of the number of pupils which are in excess of 30 in each class having an enrollment of more than 30.

(b) For grades 4 to 8, inclusive, he shall determine the total number of pupils enrolled, the number of full-time equivalent classroom teachers, and the average number of pupils per each full-time equivalent classroom teacher. He shall also determine the excess if any, of pupils enrolled in such grades in the following manner:

(1) Determine the number of pupils by which the average number of pupils per each full-time equivalent classroom teacher for the current fiscal year exceeds the greater of the average number of pupils per each full-time equivalent classroom teacher in all the appropriate districts of the state, as determined by the Superintendent of Public Instruction, for October 30, 1964, or the average number of pupils per each full-time equivalent classroom teacher which existed in the district on either October 30, 1964 or March 30, 1964, as selected by the governing board.

(2) Multiply the number determined in (1) above by the number of full-time equivalent classroom teachers of the current fiscal year.

(3) Reduce the number determined in (2) above by the remainder which results from dividing such number by the average number of pupils per each full-time equivalent teacher for October 30, 1964, as determined by the Superintendent of Public Instruction in (1) above.

(c) He shall compute the product obtained by multiplying the excess number of pupils, if any, under the provisions of subdivision (a) of this section by ninety-seven hundredths (0.97), and shall multiply the product so obtained by the ratio of statewide change in average daily attendance to district change in average daily attendance. Change in average daily attendance shall be determined by dividing average daily attendance in grades 1, 2 and 3 reported for purposes of the first principal apportionment of the current year by that reported for purposes of the first principal apportionment of the preceding year.

(d) If the school district reports that it has maintained, during the current fiscal year, any classes in which there were enrolled pupils in excess of thirty (30) per class pursuant to subdivision (a) of this section, and there is no excess number of pupils computed pursuant to subdivision (b) of this section, he shall decrease the average daily attendance reported under the provisions of Section 17601.1 by the product determined under subdivision (c) of this section.

(e) If the school district reports that it has maintained, during the current fiscal year, no classes in which there were enrolled pupils in excess of thirty (30) per class determined pursuant to subdivision (a) of this section, and there is an excess number of pupils computed pursuant to subdivision (b) of this section, he shall make the following computation:

He shall compute the product obtained by multiplying the excess number of pupils computed pursuant to subdivision (b) of this section by ninety-seven hundredths (0.97) and shall multiply the product so obtained by the ratio of statewide change in average daily attendance to the district change in average daily attendance. He shall decrease the average daily attendance reported under the provisions of Section 17601.1 by the resulting product.

(f) If the school district reports that it has maintained, during the current fiscal year, any classes in which there were enrolled pupils in excess of thirty (30) per class determined pursuant to subdivision (a) of this section, and there is an excess number of pupils computed pursuant to subdivision (b) of this section, he shall make the following computation:

He shall add to the product determined under subdivision (c) of this section, the product determined under subdivision (e) of this section and decrease the average daily attendance reported under the provisions of Section 17601.1 by this total amount.

The governing board of each school district maintaining elementary schools shall report for the fiscal year 1964–65 and each

year thereafter the information required for the determination to be made by the Superintendent of Public Instruction under the provisions of this section in accordance with instructions provided on forms furnished and prescribed by the Superintendent of Public Instruction. Such information shall be reported by the school district together with, and at the same time as, the reports required to be filed for the second principal apportionment of the State School Fund. The forms on which the data and information is reported shall include a certification by each school district superintendent or chief administrative officer that the data is correct and accurate for the period covered, according to his best information and belief.

For purposes of this section, a "full-time equivalent classroom teacher" means an employee of an elementary, high school, or unified school district, employed in a position requiring certification qualifications and whose duties require him to teach pupils in the elementary schools of that district in regular day classes for the full time for which he is employed during the regular schoolday. In reporting the total number of full-time equivalent classroom teachers, there shall be included, in addition to those employees defined above, the full-time equivalent of all fractional time for which employees in positions requiring certification qualifications are required to devote to teaching pupils in the elementary schools of the district in regular day classes during the regular schoolday.

For purposes of this section, the number of pupils enrolled in each class means the average of the active enrollment in that class on the last teaching day of each school month which ends prior to April 15th of each school year.

The provisions of this section are not applicable to school districts with less than 101 units of average daily attendance for the current fiscal year.

Although no decreases in average daily attendance shall be made for the fiscal year 1964–65, reports are required to be filed under the provisions of this section, and the Superintendent of Public Instruction shall notify each school district the amount of the decrease in state allowances which would have been effected had such decrease in average daily attendance been applied.

The Superintendent of Public Instruction shall adopt rules and regulations which he may deem necessary for the effective administration of this section. Such rules and regulations may specify that no decrease in average daily attendance reported under the provisions of Section 17601.1 shall be made for a school district on account of large classes due to instructional television or team teaching, which may necessarily involve class sizes at periods during the day larger than the standard set forth in this section.

SEC. 20. Section 20934 of the Education Code is amended to read:

20934. For the purposes of this section, the unused portion of a voted override shall be determined as the difference between the total of the maximum tax rate approved by an election pursuant to Section 20803 added to the actual tax rates levied, in the same fiscal

year during which the election was held, for all other purposes except pursuant to Sections 1905, 15517, 15518, 16750, 19443, 19619, 20755, 20801, 22101, and 25541.5 of the Education Code and Section 5302.5 of the Streets and Highways Code and the actual tax levied for the 1972–73 fiscal year, exclusive of the tax rates levied pursuant to Sections 1905, 15517, 15518, 16750, 19443, 19619, 20755, 20801, 22101, and 25541.5 of the Education Code and Section 5302.5 of the Streets and Highways Code.

For the purposes of this section, the assessed valuation used in computing revenue limits and the maximum tax rate is defined as the total actual assessed valuation, including business inventory and homeowners exemption and exclusive of the assessed valuation increment used to allocate tax receipts to a redevelopment agency pursuant to Article 6 (commencing with Section 33670) of Chapter 6 of Part 1 of Division 24 of the Health and Safety Code.

(a) For the 1973–74 fiscal year only, the county superintendent of schools shall compute for each community college district in the county an amount equal to the sum of (1) the district's 1972–73 fiscal year tax rate plus the unlevied portion of any voted override and any special tax rate authorized as part of a district formation agreement, but exclusive of taxes provided in Section 1905, 15517, 15518, 16750, 19443, 19619, 20755, 20801, 22101, or 25541.5 of the Education Code and Section 5302.5 of the Streets and Highways Code, multiplied by the assessed valuation on the secured roll of the district for the 1972–73 fiscal year, and the district's 1971–72 fiscal year tax rate, plus the unlevied portion of any voted override, but exclusive of taxes provided in Section 1905, 15517, 15518, 16633, 19443, 19619, 20755, 20801, 22101, or 25541.5 of the Education Code and Section 5302.5 of the Streets and Highways Code, multiplied by the assessed valuation on the unsecured roll of the district for the 1972–73 fiscal year, (2) 32½ percent of the residual retirement reserve transferred under Chapter 117 of the Statutes of 1972, (3) the total amount of basic state aid, equalization aid, and inflation cost adjustment which the districts received pursuant to the provisions of this code and the Budget Act of 1972 as computed by the Superintendent of Public Instruction, and (4) the amount of income from the equalization offset tax pursuant to Section 17263.1.

To the base revenue determined in this subdivision shall be added an amount of unrestricted balances used to fund expenditures; such amount shall be the average of the unrestricted balances used to fund expenditures during 1971–72 and 1972–73, but shall not exceed an amount equal to the proceeds of a tax at the rate of five cents ($0.05) on each one hundred dollars ($100) of the assessed valuation of the district.

For purposes of this section, the unrestricted balance shall be determined as the difference between the ending balance, less restricted amounts, plus transfers of unrestricted amounts to other funds which remain as ending balances in other funds, and the beginning balance, less restricted amounts, in the general fund for

the 1972–73 fiscal year.

(b) The amount computed in subdivision (a) shall be divided by the foundation program average daily attendance in the second principal apportionment and shall be the 1972–73 base revenue per unit of average daily attendance.

(c) The 1972–73 fiscal year base revenue per unit of average daily attendance for each community college district shall be divided into one thousand one hundred sixty-five dollars ($1,165). If the result is greater than one it shall be deemed to be one.

(d) The quotient determined pursuant to subdivision (c) shall be multiplied by eighty-eight dollars ($88) per unit of average daily attendance.

(e) The product determined pursuant to subdivision (d) shall be added to the base revenue per unit of average daily attendance determined pursuant to subdivision (b) and multiplied by the estimated foundation program units of average daily attendance of the second principal apportionment of the community college district for the 1973–74 fiscal year. Average daily attendance for purposes of this subdivision shall include adult and other-than-adult resident students, but shall exclude the average daily attendance of nonresident students, nondistrict residents, and residents of other districts.

(f) The amount computed pursuant to subdivision (e) shall be compared with the sum of the amounts computed for the district pursuant to Sections 17666.2 and 17951. The larger of the amounts shall be the revenue limit of the district for the 1973–74 fiscal year but shall not exceed 115 percent of the 1972–73 base revenue per unit of average daily attendance multiplied by the 1973–74 estimated foundation program average daily attendance, excluding residents of other districts and nonresident students. If the 115 percent does not provide an increase amounting to at least eighty-eight dollars ($88) above the 1972–73 base revenue per unit of average daily attendance, then the revenue limit shall be the amount which will provide an increase equal to eighty-eight dollars ($88) above the 1972–73 base revenue per unit of average daily attendance.

Notwithstanding subdivision (f), if, due to changes in federal legislation or administrative policy, the entitlement under Public Law 81-874 is reduced or discontinued and is not replaced by other federal funding, and if a district experiencing such loss has a revenue limit less than the foundation program, it shall be allowed to increase the revenue limit by an amount equal to the difference between the Public Law 81-874 income per foundation program average daily attendance of the 1972–73 fiscal year and the estimated Public Law 81-874 income per foundation program average daily attendance of the 1973–74 fiscal year, if any, multiplied by the estimated foundation program average daily attendance of the 1973–74 fiscal year. Such increased revenue limit shall not exceed the foundation program of the 1973–74 fiscal year.

(g) From the revenue limit ascertained from the comparison

made pursuant to subdivision (f), there shall be subtracted the total amount of state basic aid and state equalization aid to be received by the district during the 1973–74 fiscal year, as adjusted by repayment of any advances made pursuant to Section 14701.5 and the amount of income to be received from the equalization offset tax pursuant to Section 17263.1.

(h) The amount determined pursuant to subdivision (g) shall be adjusted sufficiently to allow for the mandated increases for district contributions for the State Teachers' Retirement System as required by Section 14100. Such adjustment, together with any rate levied in 1972–73 pursuant to Section 14111, shall not exceed the revenue derived by the tax rate provided in Section 14111.

(i) The amount computed pursuant to subdivision (h) shall be the local revenue limit of the district for the 1973–74 fiscal year. From the local revenue limit, there shall be subtracted 32½ percent of the residual retirement reserve transferred under Chapter 117 of the Statutes of 1972.

(j) From the amount computed in subdivision (i), there shall be subtracted, (1) the amount of money collected or to be collected as taxes on property on the unsecured roll of the 1973–74 fiscal year, excluding the amounts collected through the levy of taxes provided in Sections 1905, 15517, 15518, 16750, 19443, 19619, 20755, 20801, 22101, and 25541.5 of the Education Code and Section 5302.5 of the Streets and Highways Code, and (2) the income from prior years taxes.

(k) The amount determined pursuant to subdivision (j) shall be divided by the amount of actual assessed valuation of the district on the secured roll after due allowance for delinquencies pursuant to Section 20704. The quotient multiplied by 100 shall be the tax rate on each one hundred dollars ($100) of such assessed valuation and shall be the maximum general purpose rate which may be levied in the district during the 1973–74 fiscal year, exclusive of taxes provided in Section 1905, 15517, 15518, 16750, 19443, 19619, 20755, 20801, 22101, or 25541.5 of the Education Code and Section 5302.5 of the Streets and Highways Code. The revenue limit in subdivision (f) notwithstanding, in no case for districts receiving equalization aid, shall the tax rate be reduced below thirty-five cents ($0.35).

SEC. 21. Section 20935 of the Education Code is amended to read:

20935. (a) For the 1974–75 fiscal year and each fiscal year thereafter, the maximum general purpose tax rate shall be computed pursuant to this section by the county superintendent of schools for each community college district in the county.

(b) The foundation program for 1974–75 fiscal years and subsequent fiscal years is as prescribed in Sections 17666.2 and 17951.

(c) The revenue limit per foundation program unit of average daily attendance for the district for the prior fiscal year shall be divided into the appropriate inflated foundation program amount per unit of average daily attendance for the prior year. If the quotient is greater than 1, it shall be deemed to be 1.

(d) The foundation program per unit of average daily attendance

for the prior year used as the dividend in subdivision (c) shall be as specified pursuant to Section 17666.2 for the appropriate fiscal year.

(e) For the fiscal years 1974–75, 1975–76, 1976–77, and fiscal years thereafter, the increase in the foundation program amount per unit of average daily attendance for the budget year compared with the preceding year shall be determined for each district in accordance with Section 17666.2.

(f) The amount determined pursuant to subdivision (e) shall be multiplied by the quotient determined pursuant to subdivision (c). The resultant amount shall constitute the revenue limit inflation adjustment of the district.

(g) The revenue limit inflation adjustment for a district shall be added to the prior year revenue limit per foundation program unit of average daily attendance of the district. The sum shall be multiplied by the estimated foundation program units of average daily attendance of the budget year. The product shall be the revenue limit of the district for the budget year.

The average daily attendance for purposes of this subdivision shall include adults and other-than-adults resident students, but shall exclude residents of other districts, nondistrict residents, and nonresident students.

(h) Any district which has a revenue limit computed pursuant to subdivision (g) which is less than the foundation program computed for the budget year may increase its revenue limit computed pursuant to subdivision (g) to the lesser of the foundation program level of the district or the prior year revenue limit increased by 15 percent.

Notwithstanding the preceding paragraph if, due to changes in federal legislation or administrative policy, the entitlement under Public Law 81-874 is reduced or discontinued and is not replaced by other federal funding, and if a district experiencing such loss has a revenue limit less than the budget year foundation program, it shall be allowed to increase the revenue limit for fiscal years 1973–74, 1974–75, and 1975–76, by an amount equal to the difference between the Public Law 81-874 income per foundation program average daily attendance of the prior year and the estimated Public Law 81-874 income per foundation program average daily attendance of the budget year, if any, multiplied by the estimated foundation program average daily attendance of the budget year. Such increased revenue limit shall not exceed the foundation program of the budget year.

(i) From the amount computed pursuant to subdivision (g) or (h), there shall be subtracted the basic and equalization aid to be received for the budget year and the amount of income to be received from the equalization offset tax pursuant to Section 17263.1.

(j) The amount determined pursuant to subdivision (i) shall be adjusted sufficiently to allow for the mandated increases for district contributions for the State Teachers' Retirement System as required by Section 14100. Such adjustment, together with any rate levied in any prior year pursuant to Section 14111, shall not exceed the

revenue derived by the tax rate provided in Section 14111. The adjusted amount shall be the local revenue limit of the district for the budget year.

(k) From the amount computed pursuant to subdivision (j), there shall be subtracted the amount of money collected or to be collected as taxes on property on the unsecured roll of the budget year, excluding the amounts collected through the levy of taxes provided in Section 1905, 15517, 15518, 16750, 19443, 19619, 20755, 20801, 22101, or 25541.5 of the Education Code and Section 5302.5 of the Streets and Highways Code.

(*l*) For the purposes of this subdivision, the assessed valuation used in computing the maximum tax rate is defined as the total actual assessed valuation, including business inventory and homeowners exemption and exclusive of the assessed valuation increment used to allocate tax receipts to a redevelopment agency pursuant to Article 6 (commencing with Section 33670) of Chapter 6 of Part 1 of Division 24 of the Health and Safety Code.

The amount determined pursuant to subdivision (k) shall be divided by the amount of actual assessed valuation of the district on the secured roll after due allowance for delinquencies, pursuant to Section 20704. The quotient multiplied by 100 shall be the tax rate on each one hundred dollars ($100) of such assessed valuation and shall be the maximum general purpose rate which may be levied in the district during the 1973–74 fiscal year, exclusive of taxes provided in Section 1905, 15517, 15518, 16750, 19443, 19619, 20755, 20801, 22101, or 25541.5 of the Education Code and Section 5302.5 of the Streets and Highways Code. The revenue limit in subdivision (h) notwithstanding, in no case for districts receiving equalization aid, shall the tax rate be reduced below thirty-five cents ($0.35).

The location of the point of historical interest shall be designated by a sign indicating "Point of Historical Interest" with an appropriate direction, which sign shall be erected and maintained by the Department of Transportation, as to state highways, or the county authorities or city authorities, as to streets or highways under their jurisdictions. A local historical group or organization may raise a marker or plaque at a registered point of historical interest. Nothing herein shall require the signing of such points where parking is not available or where such signing would cause a traffic safety hazard or would interfere with the normal flow of traffic.

SEC. 134. Section 5023 of the Public Resources Code is amended to read:

(b) It shall be the duty of the county authorities, in charge of county highways, and all city authorities, with respect to streets and highways under their respective jurisdictions, to keep in repair or cause to be kept in repair all objects or markers adjacent to a public highway which have been erected to mark registered historical places and to keep such markers and monuments free from all vegetation which may obscure them from view.

(c) It shall be the duty of the department to keep in repair or cause to be kept in repair all objects, markers and monuments designating any registered historical places in respect to which no obligation in respect thereto is imposed on other governmental agencies by this section, and the department shall keep such markers and monuments free from all vegetation which may obscure them from view.

SEC. 135. Section 30854 of the Public Utilities Code is amended to read:

30854. No taxes authorized by this article shall be levied unless

the board shall have authorized the same by ordinance adopted by a vote of two-thirds of all members of the board and such ordinance shall be approved by a majority of the votes cast by the qualified electors of the district voting on the proposition at an election called for that purpose. The board, in such ordinance, shall state the nature of the tax to be imposed, shall provide the tax rate or rates or the maximum tax rate or rates, and shall specify that the revenue derived from the tax will be used for the purposes set forth in Section 30852. The board is authorized to levy a maximum tax rate of ½ percent under this article and the board may state the maximum tax rate in terms of not to exceed ½ percent, or any lesser percentage thereof, notwithstanding Section 37021 of the Revenue and Taxation Code. The district shall not levy the tax at a rate other than ½ or ¼ percent, unless specifically authorized by the Legislature.

SEC. 136. Section 99209 of the Public Utilities Code is amended to read:

99209. "Municipal operator" means a city or county, including any nonprofit corporation or other legal entity wholly owned or controlled by the city or county, which operates a public transportation system, or which on July 1, 1972, financially supported, in whole or in part, a privately owned public transportation system, and which is not included, in whole or in part, within an existing transit district.

SEC. 137. Section 118.6 of the Streets and Highways Code is amended to read:

118.6. The department shall, to the greatest extent possible, offer to sell or exchange excess real property within one year from the date that it is determined by the department to be excess.

"Excess real property," for the purposes of this section, means all land and improvements situated outside of calculated highway right-of-way lines not needed or used for highway or other public purposes, including, but not limited to, those leased to public agencies pursuant to Section 104.15, and available for sale or exchange.

The department shall adopt rules and regulations to determine which real property outside of calculated right-of-way lines is no longer needed or used for highway or other public purposes, and which is available for sale or exchange. The department is authorized to lease all real property not presently needed or used for highway purposes pending the sale or exchange of such property.

Excess real property which consists of lands of notable environmental value, such as, but not limited to, lands of extraordinary scenic beauty, lands fronting on waterway, lakes, and marshes, lands within the boundaries of parks, recreational areas, wildlife preserves or refuges, and lands providing wildlife habitat shall first be offered for sale or exchange to public agencies operating parks and recreational areas as follows:

(a) To any park or recreation department of any city within which the land may be situated.

(b) To any park or recreation department of the county within which the land is situated.

(c) To any regional park authority having jurisdiction within the area in which the land is situated.

(d) To the State Resources Agency or any agency which may succeed to its powers.

The public agency desiring to purchase such land for park or recreation use shall notify the department within 60 days of its intent to purchase the land after receipt of the department's notification of intent to sell the land. If the public agency desiring to purchase the land and the department are unable to arrive at a mutually satisfactory sales price for the land during the 60-day period, the land may be disposed of in the normal manner.

The failure of the department to first offer excess real property which consists of lands of notable environmental value to public agencies operating parks and recreational areas shall not affect the validity of any conveyance of such excess real property to any person or entity unaware of the failure of the department to do so; however, this shall in no way be construed as releasing the department from its responsibility in offering such property to such public agencies first.

The department shall submit a report to the Legislature not later than January 30, 1974, and biennially thereafter, as to the program and procedures developed and progress made in disposing of excess real property.

SEC. 138. Section 2117.5 of the Streets and Highways Code is repealed.

SEC. 139. The heading of Chapter 8 (commencing with Section 2400) of Division 3 of the Streets and Highways Code, as added by Chapter 1153 of the Statutes of 1973, is amended and renumbered to read:

CHAPTER 10. GRADE SEPARATION PROJECTS

SEC. 140. Section 2400 of the Streets and Highways Code, as added by Chapter 1153 of the Statutes of 1973, is amended and renumbered to read:

2450. For purposes of this chapter:

(a) "Grade separation" means the structure which actually separates the vehicular roadway from the railroad tracks.

(b) "Project" means the grade separation and all approaches, ramps, connections, drainage, and other construction required to make the grade separation operable and to effect the separation of grades. Such grade separation project may include provision for separation of nonmotorized traffic from the vehicular roadway and the railroad tracks. On any project where there is only one set of railroad tracks in existence, the project shall be built so as to provide for expansion to two sets of tracks when the Director of Transportation determines that the project is on an existing or

potential major railroad passenger corridor. Such project may consist of:

(1) The alteration or reconstruction of existing grade separations.

(2) The construction of new grade separations to eliminate existing or proposed grade crossings.

(3) The removal or relocation of highways or railroad tracks to eliminate existing grade crossings.

(c) "Highway" means city street, a county highway, or a state highway which is not a freeway as defined in Section 257.

(d) "Railroad" means a railroad corporation.

SEC. 141. Section 2401 of the Streets and Highways Code, as added by Chapter 1153 of the Statutes of 1973, is amended and renumbered to read:

2451. For purposes of this chapter, "local agency" includes city, county, and any other public entity which provides rail passenger transportation services.

SEC. 142. Section 2402 of the Streets and Highways Code, as added by Chapter 1153 of the Statutes of 1973, is amended and renumbered to read:

2452. Prior to July 1 of each year, commencing with 1974, the Public Utilities Commission shall establish a list, in order of priority, of projects which the commission determines to be most urgently in need of separation or alteration. Such priority list shall be determined on the basis of criteria established by the Public Utilities Commission. Where a project involves the relocation of railroad tracks or highways and the closure of grade crossings, the Public Utilities Commission shall indicate on the priority list which of the grade crossings eliminated would have been considered urgently in need of a grade separation.

SEC. 143. Section 2403 of the Streets and Highways Code, as added by Chapter 1153 of the Statutes of 1973, is amended and renumbered to read:

2453. From the funds set aside pursuant to Section 190, as well as from any other funds that may be set aside for purposes of this chapter, the California Highway Commission shall make allocations for projects contained in the latest priority list established pursuant to Section 2452. Such allocations shall be made for preconstruction costs and construction costs; provided, that where allocations are made to a local agency, the requirements of Sections 2456 and 2457 shall first be met.

SEC. 144. Sections 2404 of the Streets and Highways Code, as added by Chapter 1153 of the Statutes of 1973, is amended and renumbered to read:

2454. Allocations made pursuant to Section 2453 shall be made on the basis of the following:

(a) An allocation of 80 percent of the estimated cost of the project shall be made.

(b) An allocation of 50 percent of the estimated cost of the project shall be made for a proposed crossing.

(c) No allocation shall be made in excess of 50 percent of the estimated cost of the project unless the grade crossing to be eliminated has been in existence for at least 10 years prior to the date of allocation.

(d) On projects which eliminate an existing crossing, no allocation shall be made unless the railroad agrees to contribute 10 percent of the cost of the project.

(e) Where a project does not include a grade separation, but eliminates existing grade crossing or crossings, the allocation shall not exceed the estimated allocation that would have been made for the grade separation which is no longer needed because of the elimination of the grade crossing by the project and which are indicated on the priority list to be urgently in need of grade separation.

(f) Where the project includes the separation of a highway and a railroad passenger service operated by a city or county, the operating agency shall contribute 20 percent of the cost of the project. The priority listing for such projects shall be in accordance with criteria established for such railroad passenger service by the Public Utilities Commission.

Notwithstanding any of the above provisions of this section or any other provision of law, when the state or local agency uses funds derived from federal sources in financing its share of project costs, the railroad contribution, where required by federal law or regulation, shall be computed pursuant to federal law. However, the allocation made pursuant to this chapter shall be computed as though such matching contribution was derived from nonfederal sources and shall be computed as though the railroad had made its contribution pursuant to state law rather than pursuant to federal law. Provided however, that where the contribution of the railroad is computed according to federal law or regulation because of the use of federal funds in the allocation for a project, the allocation shall be increased by the amount the share of the railroad is reduced below 10 percent of the estimated cost of the project.

SEC. 145. Section 2405 of the Streets and Highways Code, as added by Chapter 1153 of the Statutes of 1973, is amended and renumbered to read:

2455. After an allocation is made to a local agency by the commission, the local agency and the department shall enter into an agreement concerning the handling and accounting of funds, including procedures to permit prompt payment for the work accomplished, and relative to any other phase of the work. The procedures providing for prompt payment of work accomplished shall be drawn in such a manner as to avoid the necessity for the local agency to utilize funds in an amount greater than the local agency's share of the project costs. Such agreement may establish procedures for the programming of the work of the project in order to assure optimum cash flow utilization of funds made available by the Legislature for purposes of this chapter.

SEC. 146. Section 2406 of the Streets and Highways Code, as added by Chapter 1153 of the Statutes of 1973, is amended and renumbered to read:

2456. An allocation for construction costs, including preconstruction costs if not already allocated, shall be made only to a local agency that furnishes evidence satisfactory to the department that all necessary orders of the Public Utilities Commission have been executed, that sufficient local funds will be made available as the work of the project progresses, that all necessary agreements with affected railroad or railroads have been executed, that, if required, all environmental impact reports have been prepared and approvals obtained, and that all other matters prerequisite to the award of the construction contract can be accomplished within one year after the allocation. Local funds shall be deemed available to the amount of any general obligation bonds authorized but unsold if it is determined that such bonds may be issued and sold by the local agency at any time.

SEC. 147. Section 2407 of the Streets and Highways Code, as added by Chapter 1153 of the Statutes of 1973, is amended and renumbered to read:

2457. Preconstruction costs (engineering, right-of-way, preparation of environmental impact reports, and utility relocation) expended by a local agency prior to any allocation shall be included in the total cost of the project even though expended prior to an allocation. Allocations shall be made for preconstruction costs to a local agency that submits evidence satisfactory to the department that the local agency will be able to meet the requirements for an allocation for construction costs, and that preconstruction costs will exceed the local share of the cost of the project. A local agency may also proceed with the advertising for bids and the construction of a project without prejudice to its right to receive an allocation if an allocation is, in fact, made for such project within the same fiscal year that the construction contract was awarded.

SEC. 148. Section 2408 of the Streets and Highways Code, as added by Chapter 1153 of the Statutes of 1973, is amended and renumbered to read:

2458. Except as provided in this section, allocations shall remain available until expended. If a construction contract has not been awarded within one year after an allocation for construction costs, the commission may order the allocation canceled and such funds shall revert to the fund set aside for purposes of this chapter. All or any part of an allocation for preconstruction costs may be canceled and such funds shall revert to the fund set aside for purposes of this chapter upon a finding that insufficient progress is being made to complete the project. Where an allocation is canceled pursuant to this section, the local agency shall reimburse the fund set aside for purposes of this chapter the portion of the allocation which is not reverted as set forth in this section. The department shall determine, with the local agency, as to the time of repayment.

SEC. 149. Section 2409 of the Streets and Highways Code, as added by Chapter 1153 of the Statutes of 1973, is amended and renumbered to read:

2459. If the actual cost of the project is less than estimated, the allocations made for such project shall be reduced accordingly and the excess shall revert to the fund set aside for the purposes of this chapter. If the actual and necessary cost of the project exceeds the estimate, the allocations made for such project shall be augmented proportionately by a supplemental allocation. An allocation, however, need not be made for a supplemental allocation, unless the commission is satisfied that funds would have been allocated for the project had the actual costs been used in determining its ranking on the priority list.

SEC. 150. Section 2410 of the Streets and Highways Code, as added by Chapter 1153 of the Statutes of 1973, is amended and renumbered to read:

2460. If more projects comply with the requirements of this chapter than can be financed from funds set aside for purposes of this chapter, allocations shall be made to those projects highest on the priority list established pursuant to Section 2452. The commission may make allocations for any project when it determines, at the time of allocation, that sufficient funds are available for all projects which are higher on the priority list and which are, or are reasonably expected to become, eligible during the fiscal year.

SEC. 151. Section 2411 of the Streets and Highways Code, as added by Chapter 1153 of the Statutes of 1973, is amended and renumbered to read:

2461. Allocations for specific projects on the state highway system only shall be deemed expenditures within the county in which the project is situated for the purpose of compliance by the department and the commission with Sections 188, 188.8, and 188.9.

SEC. 152. Section 2413 of the Streets and Highways Code is amended to read:

2413. (a). The department may allocate to the counties and the cities federal funds received for approved bridge reconstruction or replacement projects on county roads or city streets in accordance with procedures promulgated by the director in cooperation with the counties and the cities and approved by the commission.

(b) Expenditures of funds apportioned under the Special Bridge Replacement Program, as well as funds used to match federal funds, shall be exempt from the provisions of Sections 188, 188.8, and 188.9.

(c) The cities and the counties may use any funds available to them to match funds made available to them under this chapter, if the use of funds for such matching purposes is not prohibited by federal law. "Match," as used in this chapter, means to provide for the payment of the cost of any project to the extent that such cost is not to be reimbursed from federal funds.

and county roads, as may be necessary or desirable to control or direct traffic, or to facilitate traffic flow, to or from state highways.

SEC. 174. Section 21352 of the Vehicle Code is amended to read:

21352. The Department of Transportation may erect stop signs at any entrance to any state highway and whenever the department determines that it is necessary for the public safety and the orderly and efficient use of the highways by the public, the department may erect and maintain, or cause to be erected and maintained, on any state highway any semaphore or traffic control signaling device or any official traffic control device regulating or prohibiting the turning of vehicles upon the highway, allocating or restricting the use of specified lanes or portions of the highway by moving vehicular traffic, establishing crosswalks at or between intersections or restricting use of the right-of-way by the public for other than highway purposes.

SEC. 175. Section 21353 of the Vehicle Code is amended to read:

21353. No local authority, except by permission of the Department of Transportation, shall erect or maintain any stop sign, semaphore or other traffic control signaling device in such manner as to require the traffic on any state highway to stop before entering or crossing any intersecting highway or any railroad grade crossing.

SEC. 176. Section 21356 of the Vehicle Code is amended to read:

21356. The Department of Transportation or local authorities with respect to highways under their respective jurisdictions, may erect yield right-of-way signs at the entrances to intersections or highways but such yield right-of-way signs shall not be erected upon the approaches to more than one of the intersecting streets and shall not be erected at locations where the entering speed may safely exceed 15 miles per hour.

Yield right-of-way signs shall be located at or near the entrance to the intersection or highway where motorists are required to yield the right-of-way.

SEC. 177. Section 21359 of the Vehicle Code is amended to read:

21359. Whenever the Department of Transportation or a local authority as authorized by this code determines and declares a speed limit different from the limit otherwise applicable under Sections 22349 and 22352, appropriate speed restriction signs shall be erected and maintained at the outside entrance of the highway or portion thereof upon which the special speed limit is applicable. The special speed limit is not effective until appropriate signs have been erected.

SEC. 178. Section 21361 of the Vehicle Code is amended to read:

21361. (a) When the outermost boundaries of two or more intersections are confined within a distance of 200 feet, the Department of Transportation in respect to state highways, and a local authority with respect to highways under its jurisdiction, shall have the power to designate a single intersection by the installation and operation of traffic signals which may be supplemented by signs or markings. When so designated, the single intersection shall be the legal intersection for the purposes of traffic movement and

regulation.

(b) Whenever a single intersection has been designated by the Department of Transportation or by local authorities as set forth in subdivision (a), the department or such authorities may designate marked crosswalks at certain locations within the intersection or contiguous thereto, and when the marked crosswalks are established, they shall constitute the only crosswalks at the intersection. The department or the local authorities shall erect signs prohibiting pedestrian crossing at locations which, except for the provisions of this section, would constitute unmarked crosswalks.

SEC. 179. Section 21364 of the Vehicle Code is amended to read:

21364. The Department of Transportation may authorize an owner of land adjacent to a state highway to erect and maintain signs to indicate the existence of those places where livestock regularly and frequently cross a state highway, and any sign so erected and maintained shall be an official sign. The department shall prescribe the size, shape and character of the signs, which shall be uniform.

SEC. 180. Section 21365 of the Vehicle Code is amended to read:

21365. The Department of Transportation, with respect to state highways in open range country, and the board of supervisors of each county, with respect to county highways under its jurisdiction, may place and maintain appropriate signs indicating that the territory traversed is open livestock range and warning against the danger of livestock on the highway.

SEC. 181. Section 21370 of the Vehicle Code is amended to read:

21370. The Department of Transportation, or its duly authorized representatives with the approval of the department, while engaged in the construction of a state highway upon new alignment may restrict the use of and regulate the movement of traffic upon any highway intersecting the project at or near the place of intersection whenever such work interferes with or endangers the safe movement of traffic through the work.

SEC. 182. Section 21372 of the Vehicle Code is amended to read:

21372. The Department of Transportation and local authorities shall, with respect to highways under their respective jurisdictions, establish and promulgate warrants to be used as guidelines for the placement of traffic control devices near schools for the purpose of protecting students going to and from school. Such devices may include flashing signals. Such warrants shall be based upon, but need not be limited to, the following items: pedestrian volumes, vehicle volumes, width of the roadway, physical terrain, speed of vehicle traffic, horizontal and vertical alignment of the roadway, the distance to existing traffic control devices, proximity to the school, and the degree of urban or rural environment of the area.

SEC. 183. Section 21400 of the Vehicle Code is amended to read:

21400. The Department of Transportation shall, after consultation with local agencies, adopt rules and regulations prescribing uniform standards and specifications for all official traffic control devices placed pursuant to the provisions of this code,

including, but not limited to, stop signs, yield right-of-way signs, speed restriction signs, railroad warning approach signs, street name signs, lines and markings on the roadway, and stock crossing signs placed pursuant to Section 21364.

The Department of Transportation shall determine and publicize the specifications for uniform types of warning signs, lights, and devices to be placed upon a highway by any person engaged in performing work which interferes with or endangers the safe movement of traffic upon such highway.

Only those signs, lights, and devices as are provided for in this section shall be placed upon a highway to warn traffic of work which is being performed on such highway.

SEC. 184. Section 21401 of the Vehicle Code is amended to read:

21401. Only those official traffic control devices that conform to the uniform standards and specifications promulgated by the Department of Transportation shall be placed upon a street or highway.

SEC. 185. Section 21459 of the Vehicle Code is amended to read:

21459. (a) The Department of Transportation in respect to state highways and a local authority with respect to highways under its jurisdiction, is authorized to place and maintain upon highways distinctive roadway markings as described and with the effect set forth in Section 21460.

(b) The distinctive roadway markings shall be employed to designate any portion of a highway where the volume of traffic or the vertical or other curvature of the roadway renders it hazardous to drive on the left side of the marking or to indicate no driving to the left as provided in Section 21460, and shall not be employed for any other purpose.

(c) Any pavement marking other than as described in this section placed by the Department of Transportation or any local authority shall not be effective to indicate no driving over or to the left of the marking.

SEC. 186. Section 21460 of the Vehicle Code is amended to read:

21460. (a) When double parallel solid lines are in place, no person driving a vehicle shall drive to the left thereof, except as permitted in this section.

(b) When the double parallel lines, one of which is broken, are in place, no person driving a vehicle shall drive to the left thereof, except that the driver on that side of the roadway in which the broken line is in place may cross over the double line or drive to the left thereof when overtaking or passing other vehicles.

(c) Either of the markings as specified in subdivision (a) or (b) shall not prevent a driver from turning to the left across any such marking at any intersection or into or out of a driveway, or making a U-turn under the rules governing such movement, and either of the markings shall be disregarded when authorized signs have been erected designating offcenter traffic lanes as permitted under Section 21657.

(d) Raised pavement markers may be used to simulate painted lines described in this section when such markers are placed in accordance with standards established by the Department of Transportation.

SEC. 187. Section 21460.5 of the Vehicle Code is amended to read:

21460.5. (a) The Department of Transportation and local authorities in their respective jurisdictions may designate a two-way left-turn lane on a highway. A two-way left-turn lane is a lane near the center of the highway set aside for use by vehicles making left turns in both directions from or into the highway.

(b) Two-way left-turn lanes shall be designated by distinctive roadway markings consisting of parallel dashed double yellow lines on each side of the lane. The Department of Transportation may determine and prescribe standards and specifications governing length, width, and positioning of the distinctive pavement markings in accordance with the procedures set forth in the Administrative Procedure Act (commencing with Section 11370 of the Government Code). Pavement markings designating a two-way left-turn lane shall conform to such standards and specifications.

(c) A vehicle shall not be driven in a designated two-way left-turn lane except when preparing for or making a left turn from or into a highway. A left turn shall not be made from any other lane where a two-way left-turn lane has been designated.

(d) This section shall not prohibit driving across a two-way left-turn lane.

SEC. 188. Section 21467 of the Vehicle Code is amended to read:

21467. Every prohibited sign, signal, device, or light is a public nuisance, and the Department of Transportation, members of the California Highway Patrol, and local authorities are hereby authorized and empowered without notice to remove the same, or cause the same to be removed, or the Director of Transportation, the commissioner, or local authorities may bring an action as provided by law to abate such nuisance.

SEC. 189. Section 21654 of the Vehicle Code is amended to read:

21654. (a) Notwithstanding the prima facie speed limits, any vehicle proceeding upon a highway at a speed less than the normal speed of traffic moving in the same direction at such time shall be driven in the right-hand lane for traffic or as close as practicable to the right-hand edge or curb, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway.

(b) If a vehicle is being driven at a speed less than the normal speed of traffic moving in the same direction at such time, and is not being driven in the right-hand lane for traffic or as close as practicable to the right-hand edge or curb, it shall constitute prima facie evidence that the driver is operating the vehicle in violation of subdivision (a) of this section.

(c) The Department of Transportation, with respect to state

highways, and local authorities, with respect to highways under their jurisdiction, may place and maintain upon highways official signs directing slow-moving traffic to use the right-hand traffic lane except when overtaking and passing another vehicle or preparing for a left turn.

SEC. 190. Section 21655 of the Vehicle Code is amended to read:

21655. (a) Whenever the Department of Transportation or local authorities with respect to highways under their respective jurisdictions determines upon the basis of an engineering and traffic investigation that the designation of a specific lane or lanes for the travel of vehicles required to travel at reduced speeds would facilitate the safe and orderly movement of traffic, the department or local authority may designate specific lane or lanes for the travel of vehicles which are subject to the provisions of Section 22406 and shall erect signs at reasonable intervals giving notice thereof.

(b) Any vehicle subject to the provisions of Section 22406 shall be driven in the lane or lanes designated pursuant to subdivision (a) whenever signs have been erected giving notice of such designation. When specific lane or lanes have not been so designated, any such vehicle shall be driven in the right-hand lane for traffic or as close as practicable to the right edge or curb. When overtaking and passing another vehicle proceeding in the same direction, such drivers shall use either the designated lane, the lane to the immediate left of the right-hand lane, or the right-hand lane for traffic as permitted under the provisions of this code.

This subdivision shall not apply to a driver who is preparing for a left- or right-hand turn or who is in the process of entering into or exiting from a highway or to a driver who must necessarily drive in a lane other than the right-hand lane to continue on his intended route.

SEC. 191. Section 21655.5 of the Vehicle Code is amended to read:

21655.5. The Department of Transportation may, by regulation, or in cooperation with any other public agency, authorize or permit exclusive or preferential use of freeway lanes for high-occupancy vehicles.

Such exclusive or preferential use of freeway lanes shall be based upon competent traffic engineering and surveys and estimates developed or supported by the continuing comprehensive transportation planning processes of the urbanized area involved. Such lanes shall be subject to such geometric design standards, scheduling, reservations, restrictions, and conditions as the department deems necessary or desirable to increase the effectiveness of the highway system for the safe and efficient movement of people and goods, to assure adequate protection for the safety of operation of all motor vehicle traffic, and to protect the adequacy of the facilities to meet traffic needs.

To the extent they are available, the Department of Transportation may apply for and use federal-aid funds appropriated

for the design, construction, and use of such exclusive or preferential freeway lanes.

It is the intent of the Legislature in enacting this section to stimulate and encourage the development of ways and means of relieving traffic congestion on the California freeways during those periods of the day when the freeways are most heavily traveled and, at the same time, to encourage individual citizens to pool their vehicular resources and thereby to lessen emission of air pollutants. The Department of Transportation shall keep the Legislature informed of any progress in achieving such intent by submitting annual progress reports on or before December 31 of each year beginning in 1971, and by submitting a final report on or before December 31, 1975, outlining the projects which it has undertaken, its findings, and its recommendations.

SEC. 192. Section 21960 of the Vehicle Code is amended to read:

21960. (a) The Department of Transportation and local authorities may, by order, ordinance, or resolution, with respect to freeways or designated portions thereof under their respective jurisdictions, to which all rights of access have been acquired, prohibit or restrict the use of the freeways or any portion thereof by pedestrians, bicycles or other nonmotorized traffic or by any person operating a motor-driven cycle. Notwithstanding any provisions of any order, ordinance, or resolution to the contrary, the driver or passengers of a disabled vehicle stopped on a freeway may walk to the nearest exit, in either direction, on that side of the freeway upon which the vehicle is disabled, from which telephone or motor vehicle repair services are available.

(b) Such prohibitory regulation shall be effective when appropriate signs giving notice thereof are erected upon any freeway and the approaches thereto.

(c) No ordinance or resolution of local authorities shall apply to any state highway until the proposed ordinance or resolution has been presented to, and approved in writing by, the Department of Transportation.

SEC. 193. Section 22101 of the Vehicle Code is amended to read:

22101. (a) The Department of Transportation or local authorities in respect to highways under their respective jurisdictions, may cause official traffic control devices to be placed or erected within or adjacent to intersections to regulate or prohibit turning movements at such intersections.

(b) When turning movements are required at an intersection notice of such requirement shall be given by erection of a sign, unless an additional clearly marked traffic lane is provided for the approach to the turning movement, in which event notice as applicable to such additional traffic lane shall be given by any official traffic control device.

(c) When right- or left-hand turns are prohibited at an intersection notice of such prohibition shall be given by erection of a sign.

(d) When official traffic control devices are placed as required in subdivisions (b) or (c), it shall be unlawful for any driver of a vehicle to disobey the directions of such official traffic control devices.

SEC. 194. Section 22354 of the Vehicle Code is amended to read:

22354. Whenever the Department of Transportation determines upon the basis of an engineering and traffic survey that the limit of 65 miles per hour is more than reasonable or safe upon any portion of a state highway where the limit of 65 miles is applicable, the department may determine and declare a prima facie speed limit of 60, 55, 50, 45, 40, 35, 30 or 25 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared prima facie speed limit shall be effective when appropriate signs giving notice thereof are erected upon the highway.

SEC. 195. Section 22356 of the Vehicle Code is amended to read:

22356. Whenever the Department of Transportation, after consultation with the Department of the California Highway Patrol, determines upon the basis of an engineering and traffic survey on existing freeway segments, or upon the basis of appropriate design standards and projected traffic volumes in the case of newly constructed freeway segments, that a speed greater than 65 miles per hour would facilitate the orderly movement of vehicular traffic and would be reasonable and safe upon any state highway or portion thereof which is a freeway with full control of access and without crossings at grade otherwise subject to a maximum speed limit of 65 miles per hour, the Secretary of the Business and Transportation Agency may declare a higher maximum speed of 70 miles per hour, and shall cause appropriate signs to be erected giving notice thereof.

No person shall drive a vehicle upon such highway at a speed greater than 70 miles per hour.

SEC. 196. Section 22363 of the Vehicle Code is amended to read:

22363. Notwithstanding any speed limit that may be in effect upon the highway, the Department of Transportation in respect to state highways, or a local authority with respect to highways under its jurisdiction, may determine and declare a prima facie speed limit of 40, 35, 30, or 25 miles per hour, whichever is found most appropriate and is reasonable and safe based on the prevailing snow or ice conditions upon such highway or any portion thereof. Signs may be placed and removed as snow or ice conditions vary.

SEC. 197. Section 22364 of the Vehicle Code is amended to read:

22364. Whenever the Department of Transportation determines upon the basis of an engineering and traffic survey that the safe and orderly movement of traffic upon any state highway will be facilitated by the establishment of different speed limits for the various lanes of traffic, the department may place signs upon the state highway, or any portion thereof, which signs shall designate the speed limits for each of the lanes of traffic.

SEC. 198. Section 22400 of the Vehicle Code is amended to read:

22400. (a) No person shall drive upon a highway at such a slow

speed as to impede or block the normal and reasonable movement of traffic, except when reduced speed is necessary for safe operation or because upon a grade or in compliance with law.

(b) Whenever the Department of Transportation determines on the basis of an engineering and traffic survey that slow speeds on any part of a state highway consistently impede the normal and reasonable movement of traffic, the department may determine and declare a minimum speed limit below which no person shall drive a vehicle, except when necessary for safe operation or in compliance with law, when appropriate signs giving notice thereof are erected along the part of the highway for which a minimum speed limit is established.

Subdivision (b) of this section shall apply only to vehicles subject to registration.

SEC. 199. Section 22402 of the Vehicle Code is amended to read:

22402. The Department of Transportation may, in the manner provided in Section 22404 determine the maximum speed, not less than five miles per hour, which can be maintained with safety to any bridge, elevated structure, tube, or tunnel on a state highway. Said department may also make a determination with reference to any other highway upon receiving a request therefor from the board of supervisors or road commissioner of the county, the governing body of the local authority having jurisdiction over the bridge, elevated structure, tube, or tunnel.

SEC. 200. Section 22403 of the Vehicle Code is amended to read:

22403. Any local authority may, in the manner provided in Section 22404, determine the maximum speed, not less than five miles per hour, which can be maintained with safety to any bridge, elevated structure, tube, or tunnel under its jurisdiction, or may request the Department of Transportation to make such determination.

SEC. 201. Section 22404 of the Vehicle Code is amended to read:

22404. The Department of Transportation or local authority making a determination of the maximum safe speed upon a bridge, elevated structure, tube, or tunnel shall first make an engineering investigation and shall hold a public hearing.

Notice of the time and place of the public hearing shall be posted upon the bridge, elevated structure, tube, or tunnel at least five days before the date fixed for the hearing. Upon the basis of the investigation and all evidence presented at the hearing, the department or local authority shall determine by order in writing the maximum speed which can be maintained with safety to the bridge, elevated structure, tube or tunnel. Thereupon, the authority having jurisdiction over the bridge, elevated structure, tube, or tunnel shall erect and maintain suitable signs specifying the maximum speed so determined at a distance of not more than 500 feet from each end of the bridge, elevated structure, tube, tunnel, or any approach thereto.

SEC. 202. Section 22405 of the Vehicle Code is amended to read:

22405. (a) No person shall drive a vehicle on any bridge, elevated structure, tube, or tunnel constituting a part of a highway, at a speed which is greater than the maximum speed which can be maintained with safety to such structure.

(b) Upon the trial of any person charged with a violation of this section with respect to a sign erected under Section 22404, proof of the determination of the maximum speed by the Department of Transportation or local authority and the erection and maintenance of the speed signs shall constitute prima facie evidence of the maximum speed which can be maintained with safety to the bridge, elevated structure, tube, or tunnel.

SEC. 203. Section 22500 of the Vehicle Code is amended to read:

22500. No person shall stop, park, or leave standing any vehicle whether attended or unattended, except when necessary to avoid conflict with other traffic or in compliance with the directions of a peace officer or official traffic control device, in any of the following places:

(a) Within an intersection except adjacent to curbs as may be permitted by local ordinance.

(b) On a crosswalk, except that a bus engaged as a common carrier or a taxicab may stop in an unmarked crosswalk to load or unload passengers when authorized by the legislative body of any city pursuant to ordinance.

(c) Between a safety zone and the adjacent right-hand curb or within the area between the zone and the curb as may be indicated by a sign or red paint on the curb, which sign or paint was erected or placed by local authorities pursuant to ordinance.

(d) Within 15 feet of the driveway entrance to any fire station. This paragraph shall not apply to any vehicle owned or operated by a fire department and clearly marked as a fire department vehicle.

(e) In front of a public or private driveway, except that a bus engaged as a common carrier, schoolbus, or a taxicab may stop to load or unload passengers when authorized by local authorities pursuant to ordinance.

In unincorporated territory, where the entrance of a private road or driveway is not delineated by an opening in a curb or by other curb construction, so much of the surface of the ground as is paved, surfaced, or otherwise plainly marked by vehicle use as a private road or driveway entrance, shall constitute a driveway.

(f) On a sidewalk, except electric carts when authorized by local ordinance, as specified in Section 21114.5.

(g) Alongside or opposite any street or highway excavation or obstruction when such stopping, standing, or parking would obstruct traffic.

(h) On the roadway side of any vehicle stopped, parked, or standing at the curb or edge of a highway.

(i) Alongside curb space authorized for the loading and unloading of passengers of a bus engaged as a common carrier in local transportation when indicated by a sign or red paint on such curb

erected or painted by local authorities pursuant to ordinance.

(j) In a tube or tunnel, except vehicles of the authorities in charge, being used in the repair, maintenance, or inspection of the facility.

(k) Upon a bridge, except vehicles of the authorities in charge, being used in the repair, maintenance, or inspection of the facility, and except that a bus engaged as a common carrier in local transportation may stop to load or unload passengers upon a bridge where sidewalks are provided, when authorized by local authorities pursuant to ordinance, and except that local authorities pursuant to ordinance or the Department of Transportation pursuant to order, within their respective jurisdictions, may permit parking on bridges having sidewalks, and shoulders of sufficient width to permit parking without interfering with the normal movement of traffic on the roadway. Local authorities may by ordinance or resolution permit parking on such bridges on state highways in their respective jurisdictions if the ordinance or resolution is first approved in writing by the Department of Transportation. Parking shall not be permitted unless there are signs in place as may be necessary to indicate the provisions of local ordinances or the order of the Department of Transportation.

SEC. 204. Section 22501 of the Vehicle Code is amended to read:

22501. No ordinance enacted by local authorities pursuant to subdivisions (e) and (k) of Section 22500 shall become effective as to any state highway without prior submission to and approval by the Department of Transportation in the same manner as required by Section 21104. Nothing contained in this section and Section 22500 shall be construed as authorizing local authorities to enact legislation which is contrary to the provisions of Sections 22512 and 25301.

SEC. 205. Section 22503 of the Vehicle Code is amended to read:

22503. Local authorities may by ordinance permit angle parking on any roadway, or left-hand parking upon one-way roadways of divided highways, except that no ordinance is effective with respect to any state highway until the proposed ordinance has been submitted to and approved in writing by the Department of Transportation.

SEC. 206. Section 22504 of the Vehicle Code is amended to read:

22504. (a) Upon any highway in unincorporated areas no person shall stop, park, or leave standing any vehicle, whether attended or unattended, upon the roadway when it is practicable to stop, park, or leave the vehicle off such portion of the highway, but in every event an unobstructed width of the highway opposite a standing vehicle shall be left for the free passage of other vehicles and a clear view of the stopped vehicle shall be available from a distance of 200 feet in each direction upon the highway. This section shall not apply upon a highway where the roadway is bounded by adjacent curbs.

(b) This section shall not apply to the driver of any vehicle which is disabled in such a manner and to such extent that it is impossible to avoid stopping and temporarily leaving the disabled vehicle on the roadway.

(c) When, in the judgment of the governing board of a school district, it is necessary for the safety of pupils being transported to and from schools to authorize a schoolbus stop at a place where there is not a clear view of the stop from a distance of 200 feet in each direction along the highway, such stop may be authorized by and with the approval of the California Highway Patrol. The Department of Transportation, in respect to state highways, and local authorities, in respect to highways under their jurisdiction, shall place sufficient signs along the highway to give adequate notice to motorists that they are approaching such bus stops.

SEC. 207. Section 22506 of the Vehicle Code is amended to read:

22506. Local authorities may by ordinance or resolution prohibit or restrict the parking of vehicles on a state highway, in their respective jurisdictions, if the ordinance or resolution is first submitted to and approved in writing by the Department of Transportation, except that where maintenance of any state highway is delegated by the Department of Transportation to a city, the department may also delegate to the city the powers conferred on the department.

SEC. 208. Section 22508 of the Vehicle Code is amended to read:

22508. Local authorities shall not establish parking meter zones or fix the rate of fees for such zones except by ordinance. An ordinance establishing a parking meter zone shall describe the area which would be included within the zone.

Local authorities may by ordinance cause streets and highways to be marked with white lines designating parking spaces and require vehicles to park within the parking spaces.

No ordinance adopted by any local authority pursuant to this section with respect to any state highway shall become effective until the proposed ordinance has been submitted to and approved in writing by the Department of Transportation. The proposed ordinance shall be submitted to the department only by action of the local legislative body and the proposed ordinance shall be submitted in complete draft form.

Any ordinance adopted pursuant to this section establishing a parking meter zone or fixing rates of fees for such a zone shall be subject to local referendum processes in the same manner as if such ordinance dealt with a matter of purely local concern.

SEC. 209. Section 22510 of the Vehicle Code is amended to read:

22510. Where any highway has been cleared of snow by snowplows, and the width of the highway is restricted by reason of snow conditions, the Department of Transportation, in respect to state highways, and local authorities, in respect to highways under their jurisdiction, may place and maintain signs indicating those areas within which parking is prohibited on either or both sides of the highways. No person shall stop, park, or leave standing any vehicle within the areas marked by signs, whether attended or unattended, except when necessary to avoid conflict with other traffic or in compliance with the directions of a traffic or peace

officer.

SEC. 210. Section 22512 of the Vehicle Code is amended to read:

22512. Except as otherwise indicated in subdivision (b), none of the following provisions shall apply to the driver or owner of any service vehicle owned or operated by or for or operated under contract with a utility or public utility, whether privately, municipally, or publicly owned, used in the construction, operation, removal, or repair of utility or public utility property or facilities, when the vehicle is stopped, standing, or parked at the site of work involving the construction, operation, removal, or repair of such utility or public utility property or facilities upon, in, over, under, or adjacent to a highway, or of a vehicle, whether privately, municipally, or publicly owned, engaged in authorized work on the highway and warning devices are displayed:

(a) Sections 21112, 21707, 21708, 24605, 25253, 25300, 27700, 27907, and 41102.

(b) This chapter, except Sections 22507, 22509, 22511, 22515, and 22517.

(c) Chapter 10 (commencing with Section 22650).

SEC. 211. Section 22651 of the Vehicle Code is amended to read:

22651. Any member of the California Highway Patrol or any regularly employed and salaried deputy of the sheriff's office of a county in which a vehicle is located or any regularly employed and salaried officer of a police department in a city in which a vehicle is located, or any regularly employed and salaried officer of the University of California Police Department on or about a campus or in or about other grounds or properties owned, operated, controlled or administered by the Regents of the University of California on or in which a vehicle is located, or any regularly employed and salaried officer of a California state university and college police department on or about a campus or in or about other grounds or properties owned, operated, controlled or administered by the Trustees of the California State University and Colleges on or in which a vehicle is located, may remove a vehicle from a highway under the following circumstances:

(a) When any vehicle is left unattended upon any bridge, viaduct or causeway or in any tube or tunnel where the vehicle constitutes an obstruction to traffic.

(b) When any vehicle is left standing upon a highway in such a position as to obstruct the normal movement of traffic or in such a condition as to create a hazard to other traffic upon the highway.

(c) When any vehicle is found upon a highway and report has previously been made that the vehicle has been stolen or complaint has been filed and a warrant thereon issued charging that the vehicle has been embezzled.

(d) When any vehicle is illegally parked so as to block the entrance to a private driveway and it is impractical to move such vehicle from in front of the driveway to another point on the highway.

(e) When any vehicle is illegally parked so as to prevent access by firefighting equipment to a fire hydrant and it is impracticable to move such vehicle from in front of the fire hydrant to another point on the highway.

(f) When any vehicle, except any highway maintenance or construction equipment, is left unattended for more than four hours upon the right-of-way of any freeway which has full control of access and no crossings at grade.

The agreement shall not permit the applicant to transport such excess weight loads on highways for distances exceeding 75 miles. All contributions received by the Department of Transportation shall be used for the construction, improvement, or maintenance of the highway designated in the permission to operate overweight loads. (i) To the extent that the application of this section to highways which are a part of the National System of Interstate and Defense Highways (as referred to in subdivision (a) of Section 108 of the Federal-Aid Highway Act of 1956) would cause this state to be deprived of any federal funds for highway purposes, this section to such extent shall not be applicable to highways which are a part of such system.

SEC. 263. Section 35791 of the Vehicle Code is amended to read:

35791. The Department of Transportation and any local authority may, with respect to such highways as may be agreed upon under their respective jurisdictions which traverse any area within the boundaries of the local authority, contract for the issuance by either authority of a single permit authorizing the operation or movement of a vehicle or a combination of vehicles or special mobile equipment in the same manner as if each authority had issued separate permits pursuant to Section 35780.

(b) Whenever any fee or penalty subject to refund under Section 42231 after application therefor or Section 10901 of the Revenue and Taxation Code has been paid into the State Treasury to the credit, in whole or in part, of the Motor Vehicle License Fee Account in the Transportation Tax Fund (hereafter referred to in this section as the Motor Vehicle License Fee Account), or to the credit, in whole or in part, of the Motor Vehicle Account in the Transportation Tax Fund (hereafter referred to in this section as the Motor Vehicle Account), the department shall prepare a claim setting forth the facts pertaining to the fee or penalty sought to be refunded, and the Controller shall draw his warrant upon the account or accounts to which the fee or penalty was credited. In lieu of filing claims for refund against both the Motor Vehicle Account and the Motor Vehicle License Fee Account when an amount has been determined to be due from both accounts, the director may file a single claim with the State Controller, drawn against the Motor Vehicle Account covering the amount of both refunds, and the Controller shall thereupon draw his warrant on the Motor Vehicle Account. At least quarterly, the director shall certify to the State Controller the amounts paid from the Motor Vehicle Account which are properly chargeable to the Motor Vehicle License Fee Account supported by such detail as the Controller may require. Upon order of the State Controller, the amounts so required shall be transferred from the Motor Vehicle License Fee Account to the credit of the Motor Vehicle Account.

Regularly employed peace officers of the department may, when authorized by the director, expend such sums as authorized for the purchase of counterfeit, false, forged, or fictitious certificates of ownership, registration card, certificate, license or special plate or permit, or driver's license provided for by this code as evidence, or for expenditures related to the procurement of such evidence, or for expenditures made to investigate other violations of laws administered by the department. When approved by the director,

the identity of a peace officer who submits a claim need not be disclosed if the disclosure might materially prejudice the investigation.

The sums so expended shall be repaid to the peace officer making the expenditure upon claims approved by the director. The claims, when approved, shall be paid out of funds appropriated or made available by law for the support of the department.

(c) The moneys deposited to the credit of the Motor Vehicle Account in the State Transportation Fund which are appropriated in the Budget Act or any other appropriation act for the support of or expenditure by the Department of the California Highway Patrol shall be expended by the department in carrying out the provisions of this code and in enforcing any other laws relating to vehicles or the use of highways. At the close of each fiscal year the moneys so drawn must be accounted for and substantiated by vouchers and itemized statements submitted to and audited by the State Controller.

(d) All moneys deposited to the credit of the Motor Vehicle Account in the State Transportation Fund in excess of the amount the State Controller determines is necessary to meet appropriations therefrom shall be transferred, on order of the Controller, to the credit of the State Highway Account in the State Transportation Fund. If the amount retained to the credit of the Motor Vehicle Account in the State Transportation Fund pursuant to this subdivision should prove to be insufficient to pay costs incurred against an appropriation from such account, the Controller shall redetermine the matter and may, after giving at least 15 days prior notice to the Department of Transportation, transfer back, from time to time, sufficient amounts from the State Highway Account in the State Transportation Fund to the Motor Vehicle Account as are necessary to pay such appropriations.

SEC. 270. Section 42272 of the Vehicle Code is amended to read:

42272. Section 11006 of the Government Code does not apply to the Motor Vehicle Account in the Transportation Tax Fund and Motor Vehicle Account in the State Transportation Fund.

42275. Notwithstanding any other provision in this chapter, the State Controller may at any time after the 20th day of January of each calendar year transfer in advance moneys not needed for immediate use from the Motor Vehicle Account in the Transportation Tax Fund to the State Highway Fund for the purpose of leveling, as nearly as possible, the monthly cash received in a fiscal year by the State Highway Account in the State Transportation Fund, thereby providing the opportunity for more efficient use by the California Highway Commission of moneys appropriated for state highway

purposes, such transfers shall be made at times and in amounts mutually agreed to by the State Controller and the Director of Transportation. However, if necessary, the Controller may, after at least 15 days' prior notice, transfer back to the Motor Vehicle Account in the Transportation Tax Fund amounts transferred to the State Highway Account in the State Transportation Fund under this section to pay costs incurred against other appropriations from the Motor Vehicle Account.

In determining such rates, the governing board shall ascertain and consider the applicable wage rates established by collective bargaining agreements and such rates as may have been predetermined for federal public works, within the locality and in the nearest labor market area. Where such rates do not constitute the rates actually prevailing in the locality, the governing board shall obtain and consider further data from the labor organizations and employers or employer associations concerned, including the recognized collective bargaining representatives for the particular craft, classification or type of work involved. The rate fixed for each craft, classification or type of work shall not be less than the prevailing rate paid in such craft, classification or type of work.

The foregoing provisions of this section shall

operate to supply such legislative authorization as may be necessary to validate any such acts and proceedings heretofore taken which the Legislature could have supplied or provided for in this article. The foregoing provisions of this section shall be limited to the validation of acts and proceedings to the extent to which the same can be effectuated under the California and United States Constitutions. The foregoing provisions of this section shall not operate to confirm, ratify, validate, or legalize any act, proceeding, or other matter the legality of which is being contested or inquired into in any legal proceeding now pending and undetermined or which may be pending and undetermined during the period of 30 days from and after the effective date of this section, and shall not operate to confirm, ratify, validate, or legalize any act, proceeding, or other matter which has heretofore been determined in any legal proceeding to be illegal, void, or ineffective.

(b) Notwithstanding any other provisions of law to the contrary, continuing contracts executed under the provisions of this section may be negotiated annually within the contract period when economic factors indicate such negotiation is necessary to maintain an equitable pricing structure. Such renegotiation shall be subject to

the approval of both contracting parties. Any adjustment in the original contract shall be limited to a rate not more than 7 percent annually above the rate set pursuant to the existing contract.

SECTION 1. Section 15 of the Ventura County Flood Control Act (Chapter 44 of the Statutes of 1944, Second Extraordinary Session) is amended to read:

Sec. 15. (1) Whenever the board of supervisors shall determine that a bonded indebtedness should be incurred to pay the cost of any work of improvement in any zone, the said board may by resolution, passed by a four-fifths vote of the board, determine and declare the amount of bonds in order to raise the amount of money necessary for such work of improvement and the maximum rate of interest of said bonds. Such cost of any work of improvement may include the cost of any financial assistance required of the Ventura County Flood Control District by any unit of the federal government as a condition to the installation by such unit of the federal government of any channel improvement within the Ventura County Flood Control District. Such cost may also include any nonreimbursable cost to the Ventura County Flood Control District of installing any channel improvement within the Ventura County Flood Control District for which federal or state financial assistance is authorized by the federal or state government. Said work of improvement may be described by reference to the report filed pursuant to Section 10 hereof and no other description shall be necessary. Said board shall cause a copy of said resolution, duly certified by the clerk, to be filed for record in the office of the Recorder of Ventura County within five (5) days after its issuance. From and after said filing the said board shall be deemed vested with the authority to proceed with said bond election.

(2) After the filing for record of the resolution specified in subdivision (1) of this section, the said board of supervisors may call a special election in said zone at which shall be submitted to the qualified electors of said zone the question whether or not bonds shall be issued in the amount determined in said resolution and for the purposes therein stated. Said bonds and the interest thereon shall be paid from revenue derived from annual taxes or assessments levied upon the property taxable by said district situated within the zone, and all such taxable property shall be and remain liable to be taxed for such payments as provided in this act.

(3) Said board of supervisors shall call such special election by ordinance and not otherwise and submit to the qualified electors of said zone the proposition of incurring a bonded debt in said zone in the amount and for the purposes stated in said resolution and shall recite therein the purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to describe such purposes, by reference to the resolution adopted by said board of supervisors, and on file for particulars; and said ordinances shall also state the estimated cost of the proposed work of improvement, the amount of the principal of the indebtedness to be incurred therefor, and the maximum rate of interest to be paid on said indebtedness, and shall fix the date on which such special election shall be held, and the form and contents of the ballot to be used. The rate of interest to be paid on such indebtedness shall not exceed seven percent (7%) per annum. For the purposes of said election, said board of supervisors shall in said ordinance establish election precincts within

the boundaries of the said zone and may form election precincts by consolidating the precincts established for general election precincts in said district to a number not exceeding six general election precincts for each such bond election precinct, and shall designate a polling place and appoint one inspector, one judge and one clerk for each of such precincts. As an alternative said ordinance may provide for the consolidation of said election with a statewide or other election in accordance with the provisions of the Elections Code governing consolidated elections.

In all particulars not recited in said ordinance, such election shall be held as nearly as practicable in conformity with the general election laws of the state.

Said board of supervisors shall cause a map or maps to be prepared covering general description of the work to be done, which said map shall show the location of the proposed works and improvements and shall cause the said map to be posted in a prominent place in the county courthouse for public inspection for at least thirty (30) days before the date fixed for such election.

Said ordinance calling for such election shall, prior to the date set for such election, be published pursuant to Section 6062 of the Government Code in a newspaper of general circulation circulated in said zone; the last publication of such ordinance must be at least fourteen (14) days before said election, and if there be no such newspaper, then such ordinance shall be posted in five public places in said zone for at least thirty (30) days before the date fixed for such election. No other notice of such election need be given.

Any defect or irregularity in the proceedings prior to the calling of such election shall not affect the validity of the bonds. If at such election two-thirds (⅔) of the votes cast are in favor of incurring such bonded indebtedness, then bonds of said district zone for the amount stated in such proceedings may be issued and sold as in this act provided.

SEC. 2. Section 15.1 is added to the Ventura County Flood Control Act (Chapter 44 of the Statutes of 1944, Second Extraordinary Session), to read:

Sec. 15.1. Authorized but unissued bonds in the amount of twenty-five million dollars ($25,000,000) of Zone III of the Ventura County Flood Control District approved at an election within such zone on May 16, 1967, and any other authorized but unissued bonds for any zone of the Ventura County Flood Control District heretofore or hereafter authorized at an election within such zone, may be issued as to interest rates and maturities, in accordance with the provisions of, and subject only to, the limitations contained in Section 16 of this act as now or hereafter amended, any provisions or limitations to the contrary in the authorizations of such bonds notwithstanding.

SEC. 3. Section 16 of the Ventura County Flood Control Act (Chapter 44 of the Statutes of 1944, Second Extraordinary Session) is amended to read:

Sec. 16. If the issuance of the bonds is authorized at said election, the said board of supervisors may thereafter adopt a resolution or resolutions providing for the issuance of all or any part of the bonds authorized at said election. Said resolution shall prescribe the form of the bonds and of the interest coupons attached thereto, and shall fix the times of the maturities of the bonds. The board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different times from those of any other series. The board may provide for call and redemption of all or any part of any issue or series of bonds before maturity at prices determined by the board. No bond shall be subject to call or redemption prior to maturity unless it contains a recital to that effect.

Bonds of any issue or series may mature as serial maturities, or as a single term issue, as the board shall determine; provided, however, that in the case of a term issue mandatory sinking fund payments may be made so as to retire the term bonds by call in annual installments, over the life of the bonds. Bonds of any issue or series, whether issued in serial fashion or as term bonds, shall have a final installment date no longer than 40 years after the date of issue.

Notwithstanding any provision of this section, the board may fix a date, not more than 10 years from the date of issuance for the earliest maturity of each issue or series of bonds, and defer until such date the payment of the first installment of principal of each issue or series of bonds or defer the first installment of annual sinking fund payments.

The bonds may be issued in such denomination or denominations as the board of supervisors may prescribe, and each bond shall be payable on the day and at the place fixed in said bonds, and with interest at the rate specified in such bond, which rate shall not be in excess of seven percent (7%) per annum, and shall be payable annually or semiannually. Said bonds shall be signed by the chairman of the board of supervisors, and countersigned by the auditor of said Ventura County, and the seal of said district shall be affixed thereto. The interest coupons of said bonds shall be numbered consecutively and signed by the Auditor of Ventura County by his engraved or lithographed signature. In case any such officer whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signatures or countersignatures shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until the delivery of the bonds.

SEC. 4. The provisions of Section 1 of this act amending Section 15 of the Ventura County Flood Control Act to the effect that the cost of any work of improvement for which bonds may be authorized may include the cost of Ventura County Flood Control District financial assistance on federal channel improvements and the nonreimbursable cost to the district of installing improvements for which federal or state financial assistance is authorized are intended

Notwithstanding the giving of notice pursuant to Section 6180.1, a client of the attorney, the State Bar or an interested person or entity may make application to the superior court for the county where the attorney maintains or most recently has maintained his principal office for the practice of law or where he resides, for assumption by the court of jurisdiction over the law practice to the extent provided in this article.

6180.3. The application shall be verified, shall state facts showing probable cause to believe that notice of cessation is required pursuant to Section 6180, and shall state the following:

(a) The occurrence of one or more of the events stated in Section 6180;

(b) Probable cause to believe that supervision of the court is warranted because the attorney has left an unfinished client matter for which no other active member of the State Bar has, with the consent of the client, agreed to assume responsibility; and

(c) Probable cause to believe that the interests of one or more other interested persons or entities will be prejudiced if the

proceeding herein provided is not maintained.

6180.4. The application shall be set for hearing and an order to show cause shall be issued, directing the attorney, or his personal representative, or, if none, the person having custody and control of the files and records, to show cause why the court should not assume jurisdiction over the law practice as provided in this article. A copy of the application and order to show cause shall be served upon the person to whom it is directed by personal delivery or, as an alternate method of service, by certified or registered mail, return receipt requested, addressed to the attorney at the latest address shown on the official membership records of the State Bar or to the personal representative at the latest address shown in the probate proceeding. If the attorney has a guardian or conservator, copies shall also be served upon such fiduciary in similar manner. The court may prescribe additional or alternative methods of service of the application and order to show cause, and may prescribe methods of notifying and serving notices and process upon other persons and entities in cases not specifically provided for herein.

6180.5. If the court finds that (a) one or more of the events stated in Section 6180 has occurred, (b) that supervision of the courts is warranted because the affected attorney has left an unfinished client matter for which no other active member of the State Bar has with consent of the client agreed to assume responsibility, and (c) that the interest of one or more other interested persons or entities will be prejudiced if the proceeding herein provided is not maintained, it may make an order assuming jurisdiction over the attorney's practice pursuant to this article. If the person to whom the order to show cause is directed does not appear the court may make its order upon the verified application or such proof as it may require. Thereupon the court shall appoint one or more active members of the State Bar to act under its direction and may order such appointed attorneys to do one or more of the following:

(1) Examine the files and records of the law practice, and obtain information as to any pending matters which may require attention;

(2) Notify persons and entities who appear to be clients of the attorney of the occurrence of the event or events stated in Section 6180 and inform them that it may be to their best interest to obtain other legal counsel;

(3) Apply for extensions of time pending employment of such other counsel by the client;

(4) With the consent of the client, file notices, motions and pleadings on behalf of the client where jurisdictional time limits are involved and other legal counsel has not yet been obtained;

(5) Give notice to appropriate persons and entities who may be affected, other than clients, of the occurrence of such event or events;

(6) Arrange for the surrender or delivery of clients' papers or property; and

(7) Do such other acts as the court may direct to carry out the

purposes of this article.

The court shall have jurisdiction over the files and records and law practice of the affected attorney for the limited purposes of this section, and may make all orders necessary or appropriate to exercise this jurisdiction.

6180.6. Nothing in this article shall authorize the court or an attorney appointed by it pursuant to this article to approve or disapprove of the employment of legal counsel, fix terms of legal employment, fix the compensation which may have been earned by the affected attorney, or supervise or in any way to undertake to conduct such law practice except to the limited extent provided by paragraphs (3) and (4) of Section 6180.5.

6180.7. Unless court approval is first obtained, neither the attorney appointed pursuant to this article nor his corporation nor any partners or associates of such attorney shall accept employment as an attorney by any client of the affected attorney on any matter pending at the time of such appointment. Action taken pursuant to paragraphs (3) and (4) of Section 6180.5 shall not be deemed such employment.

6180.8. Upon a finding by the court that it is more likely than not that the application will be granted and that delay in making the orders described in Section 6180.5 will result in substantial injury to clients, or to others, the court, without notice or upon such notice as it shall prescribe, may make interim orders containing such provisions as the court deems appropriate under the circumstances. Such order shall be served in the manner provided in Section 6180.4, and if the application and order to show cause have not yet been served, they shall be served at the time of serving the order made pursuant to this section.

6180.9. If there is a pending proceeding in probate, guardianship, or conservatorship relating to the affected attorney, the court having jurisdiction pursuant to this article may inquire into acts done by the legal representative of the attorney concerning the law practice. Upon reasonable notice to the legal representative, the court may determine that the acts of the legal representative relating to such law practice shall be subject to its orders pursuant to this article.

6180.10. Persons examining the files and records of the law practice of the affected attorney pursuant to this article shall observe the lawyer-client privilege and shall make disclosure only to the extent necessary to carry out the purposes of this article. Such disclosure is a disclosure which is reasonably necessary for the accomplishment of the purpose for which the affected attorney was consulted. The appointment of such member of the State Bar shall not affect the lawyer-client privilege which privilege shall apply to communications by or to the appointed lawyers to the same extent as it would have applied to communications by or to the affected attorney.

6180.11. Except for willful acts or omissions, no person or entity shall incur any liability by reason of the institution or maintenance

03688 633295 788

of the proceeding. No person shall incur any liability for any act done or omitted to be done pursuant to order of the court under this article. No person or entity shall be liable for failure to apply for court jurisdiction under this article. Nothing herein shall affect any obligation otherwise existing between the affected attorney and any other person or entity.

6180.12. A member of the State Bar appointed pursuant to Section 6180.5 shall serve without compensation but shall be entitled to reimbursement for necessary expenses incurred in the performance of his duties under this article. The court shall determine the amount of such expenses and that amount shall be paid by the State Bar for which the State Bar shall be entitled to reimbursement from the affected attorney or his estate.

6180.13. An order made pursuant to this article is nonappealable, and shall not be stayed by petition for a writ except as ordered by the superior court or the appellate court.

6180.14. As used in this article, "attorney" means a member or former member of the State Bar; "law practice" means (a) a law practice conducted by an individual; (b) a law practice conducted by a partnership, if Section 6180 applies as to all partners; and (c) a law practice conducted by law corporation, if Section 6180 applies as to all shareholders of such corporation. This article does not apply to legal services rendered as an employee, or under a contract which does not create the relationship of lawyer and client.

(5) Conduct constituting gross negligence.

(b) The director may also refuse to validate, or may invalidate temporarily or permanently, the registration of a service dealer if the applicant or registrant, as the case may be, lacks good moral character as defined by Section 9831.

SEC. 2. Section 9853 is added to the Business and Professions Code, to read:

A plea or verdict of guilty or a conviction following a plea of nolo contendere made to a charge of a felony or of any offense involving moral turpitude is deemed to be a conviction within the meaning of this article. The director may order the registration temporarily or permanently invalidated, or may decline to issue a registration, when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment.

CHAPTER 591

An act to amend Sections 27459 and 27460 of the Vehicle Code, relating to vehicle equipment.

[Approved by Governor August 30, 1974. Filed with Secretary of State August 30, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 27459 of the Vehicle Code is amended to read:

27459. No person shall operate any motor vehicle, trailer or

semitrailer upon any portion of a highway without tire chains when such portion of the highway is signed for the requirement of such chains. In any case where a passenger vehicle or motortruck having an unladen weight of 6,000 pounds or less may be required by the Department of Transportation or local authorities to be equipped with tire chains such chains shall be placed on at least two drive wheels or, the department or local authorities may provide, in the alternative, that the vehicle may be equipped with snow-tread tires on at least two drive wheels when the weather and surface conditions at the time are such that the stopping, tractive, and cornering abilities of the tires are adequate. The snow-tread tires shall be of a type and design manufactured for use on ice and snow as a replacement for tire chains and shall be in good condition.

SEC. 2. Section 27460 of the Vehicle Code is amended to read:

The snow-tread tires shall meet the requirements specified in Section 27459 of this code, and such vehicle shall not, when so operated, tow another vehicle except as may be necessary to move a disabled vehicle from the roadway.

No person shall use such tires on four-wheel drive vehicles in place of tire chains whenever weather and roadway conditions at the time are such that the stopping, tractive and cornering abilities of the tires are not adequate or whenever the Department of Transportation or local authorities, in their respective jurisdictions, place signs prohibiting their operation unless equipped with tire chains.

CHAPTER 592

An act to amend Sections 2031 and 2034 of the Code of Civil Procedure, relating to discovery in civil cases.

[Approved by Governor August 30, 1974 Filed with Secretary of State August 30, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 2031 of the Code of Civil Procedure is amended to read:

2031. (a) Any party may serve on any other party a request (1) to produce and permit the inspection and copying or photographing, by or on behalf of the party making the request, of any designated documents, papers, books, accounts, letters, photographs, objects or

tangible things, not privileged, which are relevant to the subject matter of the action, or are reasonably calculated to discover admissible evidence relating to any matters within the scope of the examination permitted by subdivision (b) of Section 2016 of this code and which are in the possession, custody, or control of the party upon whom the request is served; or (2) to permit entry upon designated land or other property in the possession or control of the party upon whom the request is served for the purpose of inspecting, measuring, surveying, photographing or sampling the property or any designated object or operation thereon within the scope of the examination permitted by subdivision (b) of Section 2016 of this code. The request shall specify the time, place, and manner of making the inspection and taking the copies and photographs and may prescribe such terms and conditions as are just.

(b) The request may, without leave of court, be served upon the plaintiff after commencement of the action and upon any other party with or after service of the summons and complaint upon that party, except that if service of such request is made by plaintiff within 10 days after service of summons or appearance, leave of court granted with or without notice must first be obtained. The request shall set forth the items to be inspected whether by individual item or by category and describe each item to be inspected whether by individual item or by category and describe each item and category with reasonable particularity. The request shall specify a reasonable time, place and manner of making the inspection and performing the related acts. The party upon whom the request is served shall serve a written response within 20 days after the service of the request. The court may for good cause shown by affidavit allow a shorter or longer time. The response shall state, with respect to each item or category, that inspection and related activities will be permitted as requested, unless the request is objected to, in which event the reasons for objection shall be stated. If objection is made to part of an item or category, the part shall be specified. The party submitting the request may move for an order for compliance under subdivision (a) of Section 2034 with respect to any objection to or failure to respond to the request or any part thereof, or to any failure to permit inspection as requested.

(c) Service upon a party of any request, response, notice, motion or order provided for by this section may be made upon any party or his attorney in the manner provided in Chapter 5, Title 14, Part 2 (commencing at Section 1010) of this code.

SEC. 2. Section 2034 of the Code of Civil Procedure is amended to read:

2034. (a) If a party or other deponent refuses or fails to answer any question propounded upon examination during the taking of a deposition, or refuses or fails to produce at a deposition any books, documents or other things under his control pursuant to a subpoena duces tecum, the examination shall be completed on other matters or adjourned, as the proponent of the question may prefer. Such

proponent, on notice to all persons affected thereby, may move the court in which the action is pending (if the deponent is a party or otherwise subject to the jurisdiction of such court), or if such court does not have jurisdiction over the deponent, to the superior court of the county in which the deposition is taken for an order compelling an answer or if good cause is shown, the production of such book, document, or other thing. Such motion may also be made, without further notice, if the proponent notifies the refusing party or other deponent at the time of such refusal or failure that the proponent will apply to the court for an order pursuant to this subdivision of this section, at a specified time not less than 10 nor more than 30 days from the date of such refusal or failure, in which event the officer before whom the deposition is taken shall direct the refusing or failing party or other deponent to attend a session of said court at said time. Not less than five days prior to the hearing on any such motion, the proponent must lodge with the court the original transcript of such deposition. Upon the refusal or failure of a party to answer any interrogatory submitted under Section 2030 of this code, the proponent of the question may on like notice make like application for such an order. Upon the refusal or failure of a party to admit or deny the genuineness of any documents or the truth of any matters of fact, after having been served with a request under Section 2033 of this code, the party serving such request may on like notice make like application for an order requiring further answers to such request or, in the alternative, for an order that the genuineness of said documents or the truth of said matters of fact be deemed admitted for the purpose of the action. Upon the refusal or failure of a party to permit inspection or entry after having been served with a request under Section 2031 of this code, the party serving such request may on like notice and upon a showing of good cause make application for an order to compel compliance with the request. If the motion is granted and if the court finds that the refusal or failure was without substantial justification the court may require the refusing or failing party or deponent and the party or attorney advising the refusal or failure or either of them to pay the examining party the amount of the reasonable expenses incurred in obtaining the order, including reasonable attorney's fees. If the motion is denied and if the court finds that the motion was made without substantial justification, the court may require the examining party or the attorney advising the motion or both of them to pay to the refusing or failing party or witness the amount of the reasonable expenses incurred in opposing the motion including reasonable attorney's fees.

(b) (1) The court may punish as a contempt (i) the refusal of any person to obey a subpoena issued by that court to attend a deposition or to be sworn as a witness, or (ii) the refusal of any person to attend a session of court (either personally or by his attorney) after having been directed to attend in the manner provided in subdivision (a) of this section, or (iii) the refusal of any person to obey any order

made by the court under subdivision (a) of this section.

(2) If any party or person for whose immediate benefit the action or proceeding is prosecuted or defended, or an officer, director, superintendent, member, agent, employee or managing agent of any such party or person refuses to obey an order made under subdivision (a) of this section, or if any party or an officer or managing agent of a party refuses to obey an order made under Sections 2019, 2031 or 2032 of this code, the court may make such orders in regard to the refusal as are just, and among others the following:

(i) An order that the matters regarding which the questions were asked, or the character or description of the thing or land, or the contents of the paper, or the physical or mental or blood condition of the person sought to be examined, or any other designated facts shall be taken to be established for the purposes of the action in accordance with the claim of the party obtaining the order;

(ii) An order refusing to allow the disobedient party to support or oppose designated claims or defenses, or prohibiting him from introducing in evidence designated documents or things or items of testimony, or from introducing evidence of the physical or mental or blood condition of the person sought to be examined;

(iii) An order striking out pleadings or parts thereof, or staying further proceedings until the order is obeyed, or dismissing the action or proceeding or any part thereof, or rendering a judgment by default against the disobedient party;

(iv) An order requiring the disobedient party or the attorney advising such disobedience to pay to the party obtaining an order under this section the reasonable expenses incurred in obtaining the order, including reasonable attorney's fees;

(v) In lieu of any of the foregoing orders or in addition thereto, an order directing the arrest of any party or agent of a party for disobeying any of such orders except an order to submit to a physical or mental or blood examination;

(vi) Where a party has failed to comply with an order under subdivision (a) of Section 2032 of this code requiring him to produce another for examination, such orders as are listed in (i), (ii), and (iii) of this subdivision of this section, unless the party failing to comply shows that he is unable to produce such person for examination.

(c) If a party, after being served with a request under Section 2033 of this code to admit the genuineness of any documents or the truth of any matters of fact, serves a sworn denial thereof and if the party requesting the admissions thereafter proves the genuineness of any such document or the truth of any such matter of fact, he may apply to the court in the same action for an order requiring the other party to pay him the reasonable expenses incurred in making such proof, including reasonable attorney's fees. If the court finds that there were no good reasons for the denial and that the admissions sought were of substantial importance, the order shall be made.

(d) If a party or a person for whose immediate benefit the action

or proceeding is prosecuted or defended or anyone who at the time the deposition is set is an officer, director, or managing agent of any such party or person willfully fails to appear before the officer who is to take his deposition, after said party or his attorney has been served with a proper notice in accordance with the provisions of subdivision (a) (4) of Section 2019 of this code, or if a party or an officer or managing agent of a party willfully fails to serve and file answers to interrogatories submitted under Section 2030 of this code, after proper service of such interrogatories, the court on motion and notice may strike out all or any part of any pleading of that party, or dismiss the action or proceeding or any part thereof, or enter a judgment by default against that party, or impose such other penalties of a lesser nature as the court may deem just, and may order that party or his attorney to pay to the moving party the reasonable expenses in making such motion, including reasonable attorney's fees.

SEC. 3. Section 2034 of the Code of Civil Procedure is amended to read:

2034. (a) If a party or other deponent refuses or fails to answer any question propounded upon examination during the taking of a deposition, or refuses or fails to produce at a deposition any books, documents or other things under his control pursuant to a subpoena duces tecum, the examination shall be completed on other matters or adjourned, as the proponent of the question may prefer. Such proponent, on notice to all persons affected thereby, may move the court in which the action is pending (if the deponent is a party or otherwise subject to the jurisdiction of such court), or if such court does not have jurisdiction over the deponent, to the superior court of the county in which the deposition is taken for an order compelling an answer or if good cause is shown, the production of such book, document, or other thing. Such motion may also be made, without further notice, if the proponent notifies the refusing party or other deponent at the time of such refusal or failure that the proponent will apply to the court for an order pursuant to this subdivision of this section, at a specified time not less than 10 nor more than 30 days from the date of such refusal or failure, in which event the officer before whom the deposition is taken shall direct the refusing or failing party or other deponent to attend a session of said court at said time. Not less than five days prior to the hearing on any such motion, the proponent must lodge with the court the original transcript of such deposition. Upon the refusal or failure of a party to answer any interrogatory submitted under Section 2030 of this code, the proponent of the question may on like notice make like application for such an order. Upon the refusal or failure of a party to admit or deny the genuineness of any documents or the truth of any matters of fact, after having been served with a request under Section 2033 of this code, the party serving such request may on like notice make like application for an order requiring further answers to such request or, in the alternative, for an order that the

genuineness of said documents or the truth of said matters of fact be deemed admitted for the purpose of the action. Upon the refusal or failure of a party to permit inspection or entry after having been served with a request under Section 2031 of this code, the party serving such request may on like notice and upon a showing of good cause make application for an order to compel compliance with the request. If the motion is granted and if the court finds that the refusal or failure was without substantial justification the court may require the refusing or failing party or deponent and the party or attorney advising the refusal or failure or either of them to pay the examining party the amount of the reasonable expenses incurred in obtaining the order, including reasonable attorney's fees. If the motion is denied and if the court finds that the motion was made without substantial justification, the court may require the examining party or the attorney advising the motion or both of them to pay to the refusing or failing party or witness the amount of the reasonable expenses incurred in opposing the motion including reasonable attorney's fees.

(b) (1) The court may punish as a contempt (i) the refusal of any person to obey a subpoena issued by that court to attend a deposition or to be sworn as a witness, or (ii) the refusal of any person to attend a session of court (either personally or by his attorney) after having been directed to attend in the manner provided in subdivision (a) of this section, or (iii) the refusal of any person to obey any order made by the court under subdivision (a) of this section.

(2) If any party or person for whose immediate benefit the action or proceeding is prosecuted or defended, or an officer, director, superintendent, member, agent, employee or managing agent of any such party or person refuses to obey an order made under subdivision (a) of this section, or if any party or an officer or managing agent of a party refuses to obey an order made under Sections 2019, 2031 or 2032 of this code, the court may make such orders in regard to the refusal as are just, and among others the following:

(i) An order that the matters regarding which the questions were asked, or the character or description of the thing or land, or the contents of the paper, or the physical or mental or blood condition of the person sought to be examined, or any other designated facts shall be taken to be established for the purposes of the action in accordance with the claim of the party obtaining the order;

(ii) An order refusing to allow the disobedient party to support or oppose designated claims or defenses, or prohibiting him from introducing in evidence designated documents or things or items of testimony, or from introducing evidence of the physical or mental or blood condition of the person sought to be examined;

(iii) An order striking out pleadings or parts thereof, or staying further proceedings until the order is obeyed, or dismissing the action or proceeding or any part thereof, or rendering a judgment by default against the disobedient party;

(iv) An order requiring the disobedient party or the attorney advising such disobedience to pay to the party obtaining an order under this section the reasonable expenses incurred in obtaining the order, including reasonable attorney's fees;

(v) In lieu of any of the foregoing orders or in addition thereto, an order directing the arrest of any party or agent of a party for disobeying any of such orders except an order to submit to a physical or mental or blood examination;

(vi) Where a party has failed to comply with an order under subdivision (a) of Section 2032 of this code requiring him to produce another for examination, such orders as are listed in (i), (ii), and (iii) of this subdivision of this section, unless the party failing to comply shows that he is unable to produce such person for examination.

(c) If a party, after being served with a request under Section 2033 of this code to admit the genuineness of any documents or the truth of any matters of fact, serves a sworn denial thereof and if the party requesting the admissions thereafter proves the genuineness of any such document or the truth of any such matter of fact, he may apply to the court in the same action for an order requiring the other party to pay him the reasonable expenses incurred in making such proof, including reasonable attorney's fees. If the court finds that there were no good reasons for the denial and that the admissions sought were of substantial importance, the order shall be made.

(d) If a party or a person for whose immediate benefit the action or proceeding is prosecuted or defended or anyone who at the time the deposition is set is an officer, director, or managing agent of any such party or person willfully fails to appear before the officer who is to take his deposition, after said party or his attorney has been served with a proper notice in accordance with the provisions of subdivision (a) (4) of Section 2019 of this code, or if a party or an officer or managing agent of a party willfully fails to serve answers to interrogatories submitted under Section 2030 of this code, after proper service of such interrogatories, the court on motion and notice may strike out all or any part of any pleading of that party, or dismiss the action or proceeding or any part thereof, or enter a judgment by default against that party, or impose such other penalties of a lesser nature as the court may deem just, and may order that party or his attorney to pay to the moving party the reasonable expenses in making such motion, including reasonable attorney's fees.

SEC. 4. It is the intent of the Legislature, if this bill and Senate Bill No. 1392 are both chaptered and become effective January 1, 1975, both bills amend Section 2034 of the Code of Civil Procedure, and this bill is chaptered after Senate Bill No. 1392, that the amendments to Section 2034 proposed by both bills be given effect and incorporated in Section 2034 in the form set forth in Section 3 of this act. Therefore, Section 3 of this act shall become operative only if this bill and Senate Bill No. 1392 are both chaptered and become effective January 1, 1975, both amend Section 2034, and

Senate Bill No. 1392 is chaptered before this bill, in which case Section 2 of this act shall not become operative.

CHAPTER 593

[Approved by Governor August 30, 1974 Filed with Secretary of State August 30, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 40307 of the Vehicle Code is amended to read:

40307. When an arresting officer attempts to take a person arrested for a misdemeanor or infraction of this code before a magistrate and the magistrate or person authorized to act for him is not available, the arresting officer shall take the person arrested, without unnecessary delay, before:

Whenever a person is taken into custody pursuant to subdivision (a) of Section 40302 and is arrested for a misdemeanor or infraction of this code pertaining to the operation of a motor vehicle, the officer in charge of the most accessible county or city jail or other place of detention within the county may detain the person arrested for a reasonable period of time, not to exceed two hours, in order to verify his identity.

CHAPTER 594

An act to amend Sections 1734 and 1735 of the Insurance Code, relating to insurance production agencies.

[Approved by Governor August 30, 1974. Filed with Secretary of State August 30, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 1734 of the Insurance Code is amended to read:

1734. This section applies to any person licensed, whether under a permanent license, restricted license, temporary license, or certificate of convenience, to act in any of the capacities specified in Section 1733. If fiduciary funds, as defined in Section 1733 and held for one or more principals, are maintained in accordance with subdivision (b) hereof, such funds for other principals may be held and remitted in accordance with subdivision (a) hereof. Otherwise each such person who does not make immediate remittance of all funds received as premium to the insurer entitled thereto must elect and follow with respect to such funds, one of the following methods:

(a) Remit premiums, less commissions, and return premiums received or held by him to the insurer or the person entitled thereto within fifteen (15) days after the receipt thereof, or

(b) Maintain such fiduciary funds on California business at all times in a trustee bank account or depository in California separate from any other account or depository, in an amount at least equal to the premiums and return premiums, net of commissions, received by him and unpaid to the persons entitled thereto or, at their direction or pursuant to written contract, for the account of such persons. However, such person may commingle with such fiduciary funds in such account or depository such additional funds as he may deem prudent for the purpose of advancing premiums, establishing reserves for the paying of return commissions or for such contingencies as may arise in his business of receiving and transmitting premium or return premium funds.

SEC. 2. Section 1735 of the Insurance Code is amended to read:

1735. CHAPTER 595

An act to amend Sections 8635, 8638, 8641, 8642, and 8643 of the Government Code, relating to local government.

[Approved by Governor August 30, 1974 Filed with Secretary of State August 30, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 8635 of the Government Code is amended to read:

8635. The Legislature recognizes that if this state or nation were attacked by an enemy of the United States, many areas in California might be subjected to the effects of an enemy attack and some or all of these areas could be severely damaged. During such attacks and in the reconstruction period following such attacks, law and order must be preserved and so far as possible government services must be continued or restored. This can best be done by civil government. To help to preserve law and order and to continue or restore local services, it is essential that the local units of government continue to function.

In enacting this article the Legislature finds and declares that the preservation of local government in the event of enemy attack or in the event of a state of emergency or a local emergency is a matter of statewide concern. The interdependence of political subdivisions requires that, for their mutual preservation and for the protection of all the citizens of the State of California, all political subdivisions have the power to take the minimum precautions set forth in this article. The purpose of this article is to furnish a means by which the continued functioning of political subdivisions will be assured. Should any part of this article be in conflict with or inconsistent with any other part of this chapter, the provisions of this article shall control.

Nothing in this article shall prevent a city or county existing under

a charter from amending said charter to provide for the preservation and continuation of its government in the event of a state of war emergency.

SEC. 2. Section 8638 of the Government Code is amended to read:

8638. To provide for the continuance of the legislative and executive departments of the political subdivision during a state of war emergency or a state of emergency or a local emergency the governing body thereof shall have the power to appoint the following standby officers:

(a) Three for each member of the governing body.

(b) Three for the chief executive, if he is not a member of the governing body.

In case a standby office becomes vacant because of removal, death, resignation, or other cause, the governing body shall have the power to appoint another person to fill said office.

Standby officers shall be designated Nos. 1, 2, and 3 as the case may be.

SEC. 3. Section 8641 of the Government Code is amended to read:

8641. Each standby officer shall have the following duties:

(a) To inform himself of the duties of the office for which he stands by. Officers and employees of the political subdivision shall assist him and each political subdivision shall provide each standby officer with a copy of this article.

(b) To keep informed of the business and affairs of the political subdivision to the extent necessary to enable him to fill his post competently. For this purpose the political subdivision may arrange information meetings and require attendance.

(c) To immediately report himself ready for duty in the event of a state of war emergency or in the event of a state of emergency or a local emergency at the place and in the method previously designated by the political subdivision.

(d) To fill the post for which he has been appointed when the regular officer is unavailable during a state of war emergency. Standby officers Nos. 2 and 3 shall substitute in succession for standby officer No. 1 in the same way that said standby officer is substituted in place of the regular officer. He shall serve until the regular officer becomes available or until the election or appointment of a new regular officer.

SEC. 4. Section 8642 of the Government Code is amended to read:

8642. Whenever a state of war emergency a state of emergency or a local emergency exists the governing body of the political subdivision shall meet as soon as possible. The place of meeting need not be within the political subdivision. The meeting may be called by the chief executive of the political subdivision or by a majority of the members of the governing body. Should there be only one member of the governing body, he may call and hold said meeting

and perform acts necessary to reconstitute the governing body.

SEC. 5. Section 8643 of the Government Code is amended to read:

8643. During a state of war emergency a state of emergency or a local emergency the governing body shall:

(a) Ascertain the damage to the political subdivision and its personnel and property. For this purpose it shall have the power to issue subpoenas to compel the attendance of witnesses and the production of records.

(b) Proceed to reconstitute itself by filling vacancies until there are sufficient officers to form the largest quorum required by the law applicable to that political subdivision. Should only one member of the governing body or only one standby officer be available, that one shall have power to reconstitute the governing body.

(c) Proceed to reconstitute the political subdivision by appointment of qualified persons to fill vacancies.

(d) Proceed to perform its functions in the preservation of law and order and in the furnishing of local services.

CHAPTER 596

An act to amend Section 29121 of the Food and Agriculture Code, relating to apiaries.

[Approved by Governor August 30, 1974 Filed with Secretary of State August 30, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 29121 of the Food and Agriculture Code, as amended by Chapter 261 of the Statutes of 1974, is amended to read:

29121. (a) It is unlawful for any person that has relocated any colony of bees within the state from any apiary in which disease has been found within the preceding 60 days to fail to send a notice within five days of such relocation to the commissioner of the county in which the movement originated, and a second notice to the commissioner of the county of destination if the bees are moved from one county to another. The notice shall include a statement of all of the following:

(1) The number of colonies of bees moved.

(2) The number of colonies of bees left at the point of origin.

(3) The location of the point of origin and the point of destination.

(4) The name and address of the apiary operator.

(b) Each beekeeper who desires notice of any pesticide application shall report to the commissioner of the county in which his apiaries are located, on a form approved by the commissioner, of each location of apiaries for which notification is sought. Such report shall be mailed within the 72-hour period before locating or

relocating the apiaries. If the beekeeper fails to submit such written report before locating or relocating his apiaries, he shall not be entitled to notification until receipt and processing of the written report is made by the commissioner. Such report shall be a condition to the recovery of damages for any injury to such apiary by reason of any pest control operation.

(c) The commissioner shall not be required to give notice to pesticide users until such written report by the beekeeper has been received and processed by him.

SEC. 2. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act.

CHAPTER 597

An act making an appropriation for state employees' salaries, to take effect immediately.

[Approved by Governor August 30, 1974 Filed with Secretary of State August 30, 1974]

The people of the State of California do enact as follows:

SECTION 1. The Legislature declares its desire that each employee of the state receive a salary increase for the month of September 1974, in the amount that would have been paid to such employee pursuant to salary increases authorized between July 1, 1973, and April 30, 1974, which could not be paid by reason of the action of the Federal Cost of Living Council. The Legislature further declares that a similar adjustment for employees who retired or left state service during that period is merited and that it is the intent of the Legislature to make provision for such an adjustment when and if such action is legally possible.

SEC. 2. There is hereby reappropriated to the Department of Finance for allocation to various agencies, from each item of the Budget Act of 1973 which was available for payment of salaries and wages but remains unexpended by reason of the Federal Cost of Living Council's restriction on salary increases, such money as is necessary to increase the salary of each state employee for the month of September 1974, in an amount equal to the difference between the salary which the employee received for services performed during the period from July 1, 1973, to April 30, 1974, and that which he would have received but for the action of the Federal Cost of Living Council. The Department of Finance shall allocate from the appropriate items to the Salary Increase Fund or to other state officers, departments, boards, bureaus, commissions, and other state

agencies as may be necessary to carry out the purpose of this act, the funds necessary to provide the increases contemplated by this act, (a) as established by the State Personnel Board or other salary-fixing authority, or (b) as fixed by statute as implemented by the Budget Act of 1973.

SEC. 3. As used in this act "state employee" means every officer and employee of the state including officers and employees of the Legislature whose salaries are determined by the Legislature, and officers and employees of the University of California and the California State University and Colleges, who is employed by the state during the month of September 1974.

SEC. 4. This act provides funds for an increase in salaries for services in the month of September 1974 and is not a retroactive payment for services rendered between July 1, 1973, and June 30, 1974. The amount of the increase is established on the basis of the Cost of Living Council restrictions for the purpose of restricting the increase to the amount of funds set aside for salary purposes.

SEC. 5. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 598

An act to add Section 11479 to the Health and Safety Code, relating to controlled substances.

[Approved by Governor September 5, 1974 Filed with Secretary of State September 5, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 11479 is added to the Health and Safety Code, to read:

11479. Notwithstanding the provision of Sections 11474 and 11474.5, at any time after receipt by a publicly operated criminalistic laboratory of a suspected controlled substance for analysis, the person in charge of the laboratory may without a court order destroy that amount of the suspected controlled substance which exceeds 10 pounds in gross weight. Destruction shall not take place pursuant to this section until all of the following requirements are satisfied:

(a) A random sampling of the suspected controlled substance has been taken.

(b) The analysis of the random sampling has been completed.

(c) Photographs have been taken of the suspected controlled substance to be destroyed.

(d) The chief has approved a written request of the publicly operated criminalistic laboratory for the destruction of the suspected controlled substance. Such request shall specify the the total weight

of the suspected controlled substance, the total weight of such substance to be destroyed, and the total weight of such substance not to be destroyed.

(e) Not less than 30 days prior to the destruction of the suspected controlled substance, written notice shall be given to the defendant's attorney of record or, if the defendant has no attorney of record, to the defendant, stating the information contained in the request submitted to the chief pursuant to subdivision (d) and the date proposed for destruction of the suspected controlled substance, stating that destruction of such suspected controlled substance has been approved by the chief, and stating that any request to have samples taken from the whole mass of the suspected controlled substance must be done prior to the date proposed for such destruction.

CHAPTER 599

An act to amend Sections 20903, 20904, and 20905 of the Education Code, relating to school district tax rate, and making an appropriation therefor.

[Approved by Governor September 5, 1974 Filed with Secretary of State September 5, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 20903 of the Education Code is amended to read:

20903. Commencing on July 1, 1973, the maximum school district tax rate of any school district maintaining kindergarten and any of grades 1 to 12, inclusive, shall be the rate computed pursuant to this article. In addition, each such district may levy a tax as authorized in Section 1905, 6880.16, 11872, 15517, 15518, 15708, 15709, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 19700.3, 20801, 20911, or 22101 of the Education Code, Section 7456 of the Education Code for the purposes prescribed in Section 7453 of the Education Code, but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, and Section 5302.5 of the Streets and Highways Code. Any other provision of law fixing the maximum school district tax rate for any such district or authorizing the levy and collection of taxes for any other purpose is hereby superseded and declared inoperative as to such districts.

SEC. 2. Section 20904 of the Education Code is amended to read:

20904. For the purposes of this section, the assessed valuation used in computing revenue limits and the maximum tax rate is defined as the total actual assessed valuation, including business inventory and homeowners exemption and exclusive of the assessed valuation increment used to allocate tax receipts to a redevelopment

agency pursuant to Article 6 (commencing with Section 33670) of Chapter 6 of Part 1 of Division 24 of the Health and Safety Code.

For the purposes of this section, the revenue limit computational tax rate is defined as the district's fiscal year tax rate exclusive of tax rates provided in Section 1905, 6880.16, 11872 but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, 15517, 15518, 15708, 15709, 16633, 16635, 16645.9, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 20801, 20911, or 22101 of the Education Code, Section 7456 of the Education Code for the purposes prescribed in Section 7453 of the Education Code, but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, and Section 5302.5 of the Streets and Highways Code.

In computing the sum of the tax rates pursuant to this section, Section 20808.5 shall be considered a rate upon the elementary district taxed and not on the high school district.

(a) For the 1973–74 fiscal year only, the county superintendent of schools shall compute for each school district in the county an amount equal to the sum of (1) the district's 1972–73 fiscal year revenue limit computational tax rate, multiplied by the actual assessed valuation on the secured roll of the district for the 1972–73 fiscal year, and the district's 1971–72 fiscal year revenue limit computational tax rate, multiplied by the assessed valuation on the unsecured roll of the district for the 1972–73 fiscal year, (2) the amount of areawide aid received by the district for the 1972–73 fiscal year, (3) 32½ percent of the residual retirement reserve transferred under Chapter 117 of the Statutes of 1972, (4) the total amount of basic state aid, equalization aid, supplemental support, and inflation cost adjustment which the districts received pursuant to the provisions of this code and the Budget Act of 1972 as computed by the Superintendent of Public Instruction, and (5) the amount of income from the equalization offset tax pursuant to Section 17263.1.

(b) The amount computed in subdivision (a) shall be divided by the foundation program average daily attendance in the second principal apportionment and shall be the 1972–73 base revenue per unit of average daily attendance.

(c) The base revenue per unit of average daily attendance for each district shall be divided into the following amounts per unit of average daily attendance: for elementary districts, nine hundred dollars ($900); for high school districts, one thousand one hundred sixty-five dollars ($1,165); for unified districts, nine hundred eighty dollars ($980). If the result is greater than one it shall be deemed to be one.

(d) The quotient determined pursuant to subdivision (c) shall be multiplied by seventy dollars ($70) per unit of average daily attendance.

(e) The product determined pursuant to subdivision (d) shall be added to the base revenue per unit of average daily attendance determined pursuant to subdivision (b) and multiplied by the estimated foundation program unit of average daily attendance in

the second principal apportionment of the districts for the 1973–74 fiscal year.

(f) The amount computed pursuant to subdivision (e) shall be compared with the total amount computed for the district pursuant to Article 2 (commencing with Section 17651), excluding Section 17668.5, Article 2.1 (commencing with Section 17671), and subdivision (a) of Section 17951. The larger of the two amounts shall be the revenue limit of the district for the 1973–74 fiscal year but in no case shall exceed 116 percent of the 1972–73 base revenue per unit of average daily attendance multiplied by the 1973–74 fiscal year estimated foundation program average daily attendance or the 1972–73 base revenue per unit of average daily attendance plus seventy dollars ($70) multiplied by the 1973–74 fiscal year estimated foundation program average daily attendance, whichever is higher. This revenue limit is exclusive of federal funds and state funds except those specified in subdivision (a).

In lieu of the revenue limit determined pursuant to the preceding paragraphs of subdivision (f) a district may request the county superintendent of schools to determine its revenue limit for the 1973–74 fiscal year using either, but not both, of the two following methods: (1) determine the base revenue per average daily attendance for the 1972–73 fiscal year by including the unused portion of a voted override in the revenue limit computational tax rate, use sixty-five dollars ($65) instead of seventy dollars ($70) as the computational amount in subdivision (d), use 115 percent instead of 116 percent as the computational limit in subdivision (f). For purposes of this paragraph, the unused portion of a voted override shall be determined as the difference between the total of the maximum tax rate approved by an election pursuant to Section 20803 added to the actual tax rates levied, in the same fiscal year during which the election was held, for all other purposes except pursuant to Sections 1905, 11872 but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, 15517, 15518, 15708, 15709, 16633, 16635, 16645.9, 19443, 19619, 19683.5, 19687, 19688, 19695, 20801, 20930, and 22101 of the Education Code, Section 7456 of the Education Code for the purposes prescribed in Section 7453 of the Education Code, but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, and Section 5302.5 of the Streets and Highways Code, and the actual tax levied for the 1972–73 fiscal year, including the areawide tax rate levied but exclusive of the tax rates levied pursuant to Sections 1905, 11872 but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, 15517, 15518, 15708, 15709, 16633, 16635, 16645.9, 19443, 19619, 19683.5, 19687, 19688, 19695, 20801, 20930, and 22101 of the Education Code, Section 7456 of the Education Code for the purposes prescribed in Section 7453 of the Education Code, but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, and Section 5302.5 of the Streets and Highways Code.

(2) Determine the base revenue per average daily attendance for the 1972–73 fiscal year by including an amount equal to the unrestricted balance used to balance income to expenditures in the 1972–73 fiscal year with such amount not to exceed 3 percent of the total expenditures plus tuition excluding debt service and transfers in the General Fund for the 1972–73 fiscal year, use sixty-five dollars ($65) instead of seventy dollars ($70) as the computational amount in subdivision (d), use 115 percent instead of 116 percent as the computational limit in subdivision (f). For purposes of this paragraph, the unrestricted balance shall be determined as the difference when the ending balance, less restricted amounts plus transfers of unrestricted amounts to other funds which remain as ending balances in other funds, is subtracted from the beginning balance, less restricted amounts in the 1972–73 General Fund.

Notwithstanding subdivision (f), if, due to changes in federal legislation or administrative policy, the entitlement under Public Law 81-874 is reduced or discontinued and is not replaced by other federal funding, and if a district experiencing such loss has a revenue limit less than the foundation program, it shall be allowed to increase the revenue limit by an amount equal to the difference between the Public Law 81-874 income per unit of foundation program average daily attendance of the 1972–73 fiscal year and the estimated Public Law 81-874 income per unit of foundation program average daily attendance of the 1973–74 fiscal year, if any, multiplied by the estimated foundation program average daily attendance of the 1973–74 fiscal year. Such increased revenue limit shall not exceed the foundation program of the 1973–74 fiscal year.

(g) From the revenue limit ascertained from the comparison made pursuant to subdivision (f), there shall be subtracted the total amount of basic state aid and state equalization aid to be received by the district during the 1973–74 fiscal year, as adjusted by repayment of any advances authorized by Section 17401.5, the amount of areawide aid to be received for the 1973–74 fiscal year, and the amount of income to be received from the equalization offset tax pursuant to Section 17263.1.

(h) The amount determined pursuant to subdivision (g) shall be adjusted sufficiently to allow for the mandated increases for district contributions for the State Teachers' Retirement System as required by Section 14100. Such adjustment, together with any rate levied in the 1972–73 fiscal year pursuant to Section 14111, shall not exceed the revenue derived by the tax rate provided in Section 14111.

(i) The amount computed pursuant to subdivision (h) shall be the local revenue limit of the district for the 1973–74 fiscal year. From the local revenue limit, there shall be subtracted 32½ percent of the residual retirement reserve transferred under Chapter 117 of the Statutes of 1972.

(j) From the amount computed in subdivision (i), there shall be subtracted, (1) the amount of money collected or to be collected as taxes on property on the unsecured roll of the 1973–74 fiscal year,

excluding the amounts collected through the levy of taxes provided in Section 1905, 11872, 15517, 15518, 15708, 15709, 16633, 16635, 16645.9, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 19700.3, 20801, 20911, or 22101 of the Education Code, Section 7456 of the Education Code for the purposes prescribed in Section 7453, but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, and Section 5302.5 of the Streets and Highways Code and (2) the income from prior year taxes.

(k) The amount determined pursuant to subdivision (j) shall be divided by the amount of actual assessed valuation of the district on the secured roll after due allowance for delinquencies pursuant to Section 20704. The quotient multiplied by 100 shall be the tax rate on each one hundred dollars ($100) of such assessed valuation and shall be the maximum general purpose rate which may be levied in the district during the 1973–74 fiscal year, exclusive of taxes provided in Section 1905, 6880.16, 11872, 15517, 15518, 15708, 15709, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 19700.3, 20801, 20911, or 22101 of the Education Code, Section 7456 of the Education Code for the purposes prescribed in Section 7453, but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, and Section 5302.5 of the Streets and Highways Code. The revenue limit in subdivision (f) notwithstanding, in no case for districts receiving state equalization aid, shall the tax rate be reduced below one dollar ($1) on the elementary level or eighty cents ($0.80) on the high school level or one dollar and eighty cents ($1.80) for a unified school district, except that when the district has levied upon it an areawide tax, such areawide tax rate levied shall be considered first as part of the minimum tax rate limit.

SEC. 3. Section 20904 of the Education Code is amended to read:

20904. For the purposes of this section, the assessed valuation used in computing revenue limits and the maximum tax rate is defined as the total actual assessed valuation, including business inventory and homeowners exemption and exclusive of the assessed valuation increment used to allocate tax receipts to a redevelopment agency pursuant to Article 6 (commencing with Section 33670) of Chapter 6 of Part 1 of Division 24 of the Health and Safety Code.

For the purposes of this section, the revenue limit computational tax rate is defined as the district's fiscal year tax rate exclusive of tax rates provided in Section 1905, 6880.16, 11872 but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, 15517, 15518, 15708, 15709, 16633, 16635, 16645.9, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 20801, 20911, or 22101 of the Education Code, Section 7456 of the Education Code for the purposes prescribed in Section 7453 of the Education Code, but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, and Section 5302.5 of the Streets and Highways Code.

In computing the sum of the tax rates pursuant to this section, Section 20808.5 shall be considered a rate upon the elementary district taxed and not on the high school district.

(a) For the 1973–74 fiscal year only, the county superintendent of schools shall compute for each school district in the county an amount equal to the sum of (1) the district's 1972–73 fiscal year revenue limit computational tax rate, multiplied by the actual assessed valuation on the secured roll of the district for the 1972–73 fiscal year, and the district's 1971–72 fiscal year revenue limit computational tax rate, multiplied by the assessed valuation on the unsecured roll of the district for the 1972–73 fiscal year, (2) the amount of areawide aid received by the district for the 1972–73 fiscal year, (3) 32½ percent of the residual retirement reserve transferred under Chapter 117 of the Statutes of 1972, (4) the total amount of basic state aid, equalization aid, supplemental support, and inflation cost adjustment which the districts received pursuant to the provisions of this code and the Budget Act of 1972 as computed by the Superintendent of Public Instruction, and (5) the amount of income from the equalization offset tax pursuant to Section 17263.1.

(b) The amount computed in subdivision (a) shall be divided by the foundation program average daily attendance in the second principal apportionment and shall be the 1972–73 base revenue per unit of average daily attendance.

(c) The base revenue per unit of average daily attendance for each district shall be divided into the following amounts per unit of average daily attendance: for elementary districts, nine hundred dollars ($900); for high school districts, one thousand one hundred sixty-five dollars ($1,165); for unified districts, nine hundred eighty dollars ($980). If the result is greater than one it shall be deemed to be one.

(d) The quotient determined pursuant to subdivision (c) shall be multiplied by seventy dollars ($70) per unit of average daily attendance.

(e) The product determined pursuant to subdivision (d) shall be added to the base revenue per unit of average daily attendance determined pursuant to subdivision (b) and multiplied by the estimated foundation program unit of average daily attendance in the second principal apportionment of the districts for the 1973–74 fiscal year.

(f) The amount computed pursuant to subdivision (e) shall be compared with the total amount computed for the district pursuant to Article 2 (commencing with Section 17651), excluding Section 17668.5, Article 2.1 (commencing with Section 17671), and subdivision (a) of Section 17951. The larger of the two amounts shall be the revenue limit of the district for the 1973–74 fiscal year but in no case shall exceed 116 percent of the 1972–73 base revenue per unit of average daily attendance multiplied by the 1973–74 fiscal year estimated foundation program average daily attendance or the 1972–73 base revenue per unit of average daily attendance plus seventy dollars ($70) multiplied by the 1973–74 fiscal year estimated foundation program average daily attendance, whichever is higher. This revenue limit is exclusive of federal funds and state funds except

those specified in subdivision (a).

In lieu of the revenue limit determined pursuant to the preceding paragraphs of subdivision (f) a district may request the county superintendent of schools to determine its revenue limit for the 1973–74 fiscal year using either, but not both, of the two following methods: (1) determine the base revenue per average daily attendance for the 1972–73 fiscal year by including the unused portion of a voted override in the revenue limit computational tax rate, use sixty-five dollars ($65) instead of seventy dollars ($70) as the computational amount in subdivision (d), use 115 percent instead of 116 percent as the computational limit in subdivision (f). For purposes of this paragraph, the unused portion of a voted override shall be determined as the difference between the total of the maximum tax rate approved by an election pursuant to Section 20803 added to the actual tax rates levied, in the same fiscal year during which the election was held, for all other purposes except pursuant to Sections 1905, 11872 but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, 15517, 15518, 15708, 15709, 16633, 16635, 16645.9, 19443, 19619, 19683.5, 19687, 19688, 19695, 20801, 20930, and 22101 of the Education Code, Section 7456 of the Education Code for the purposes prescribed in Section 7453 of the Education Code, but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, and Section 5302.5 of the Streets and Highways Code, and the actual tax levied for the 1972–73 fiscal year, including the areawide tax rate levied but exclusive of the tax rates levied pursuant to Sections 1905, 11872 but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, 15517, 15518, 15708, 15709, 16633, 16635, 16645.9, 19443, 19619, 19683.5, 19687, 19688, 19695, 20801, 20930, and 22101 of the Education Code, Section 7456 of the Education Code for the purposes prescribed in Section 7453 of the Education Code, but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, and Section 5302.5 of the Streets and Highways Code.

(2) Determine the base revenue per average daily attendance for the 1972–73 fiscal year by including an amount equal to the unrestricted balance used to balance income to expenditures in the 1972–73 fiscal year with such amount not to exceed 3 percent of the total expenditures plus tuition excluding debt service and transfers in the General Fund for the 1972–73 fiscal year, use sixty-five dollars ($65) instead of seventy dollars ($70) as the computational amount in subdivision (d), use 115 percent instead of 116 percent as the computational limit in subdivision (f). For purposes of this paragraph, the unrestricted balance shall be determined as the difference when the ending balance, less restricted amounts plus transfers of unrestricted amounts to other funds which remain as ending balances in other funds, is subtracted from the beginning balance, less restricted amounts in the 1972–73 General Fund.

Notwithstanding subdivision (f), if, due to changes in federal

legislation or administrative policy, the entitlement under Public Law 81-874 is reduced or discontinued and is not replaced by other federal funding, and if a district experiencing such loss has a revenue limit less than the foundation program, it shall be allowed to increase the revenue limit by an amount equal to the difference between the Public Law 81-874 income per unit of foundation program average daily attendance of the 1972–73 fiscal year and the estimated Public Law 81-874 income per unit of foundation program average daily attendance of the 1973–74 fiscal year, if any, multiplied by the estimated foundation program average daily attendance of the 1973–74 fiscal year. Such increased revenue limit shall not exceed the foundation program of the 1973–74 fiscal year.

(g) From the revenue limit ascertained from the comparison made pursuant to subdivision (f), there shall be subtracted the total amount of basic state aid and state equalization aid to be received by the district during the 1973–74 fiscal year, as adjusted by repayment of any advances authorized by Section 17401.5, the amount of areawide aid to be received for the 1973–74 fiscal year, and the amount of income to be received from the equalization offset tax pursuant to Section 17263.1.

(h) The amount determined pursuant to subdivision (g) shall be (1) adjusted as provided in subdivision (d) of Section 10805 and (2) adjusted sufficiently to allow for the mandated increases for district contributions for the State Teachers' Retirement System as required by Section 14100. Such adjustment, together with any rate levied in the 1972–73 fiscal year pursuant to Section 14111, shall not exceed the revenue derived by the tax rate provided in Section 14111.

(i) The amount computed pursuant to subdivision (h) shall be the local revenue limit of the district for the 1973–74 fiscal year. From the local revenue limit, there shall be subtracted 32½ percent of the residual retirement reserve transferred under Chapter 117 of the Statutes of 1972.

(j) From the amount computed in subdivision (i), there shall be subtracted, (1) the amount of money collected or to be collected as taxes on property on the unsecured roll of the 1973–74 fiscal year, excluding the amounts collected through the levy of taxes provided in Section 1905, 11872, 15517, 15518, 15708, 15709, 16633, 16635, 16645.9, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 19700.3, 20801, 20911, or 22101 of the Education Code, Section 7456 of the Education Code for the purposes prescribed in Section 7453, but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, and Section 5302.5 of the Streets and Highways Code and (2) the income from prior year taxes.

(k) The amount determined pursuant to subdivision (j) shall be divided by the amount of actual assessed valuation of the district on the secured roll after due allowance for delinquencies pursuant to Section 20704. The quotient multiplied by 100 shall be the tax rate on each one hundred dollars ($100) of such assessed valuation and shall be the maximum general purpose rate which may be levied in the

district during the 1973–74 fiscal year, exclusive of taxes provided in Section 1905, 6880.16, 11872, 15517, 15518, 15708, 15709, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 19700.3, 20801, 20911, or 22101 of the Education Code, Section 7456 of the Education Code for the purposes prescribed in Section 7453, but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, and Section 5302.5 of the Streets and Highways Code. The revenue limit in subdivision (f) notwithstanding, in no case for districts receiving state equalization aid, shall the tax rate be reduced below one dollar ($1) on the elementary level or eighty cents ($0.80) on the high school level or one dollar and eighty cents ($1.80) for a unified school district, except that when the district has levied upon it an areawide tax, such areawide tax rate levied shall be considered first as part of the minimum tax rate limit.

SEC. 4. Section 20905 of the Education Code is amended to read:

20905. For the 1974–75 fiscal year and each fiscal year thereafter, (a) the maximum general purpose tax rate for each elementary, high, and unified school district in the county shall be computed pursuant to this section by the county superintendent of schools.

(b) The revenue limit per foundation program unit of average daily attendance for the district for the prior fiscal year shall be divided into the appropriate foundation program amount per unit of average daily attendance for the prior year. If the quotient is greater than one, it shall be deemed to be one.

(c) The foundation program amount per unit of average daily attendance used as the dividend in subdivision (b) shall be determined by the Superintendent of Public Instruction pursuant to this subdivision. For elementary school districts, it shall be the foundation program for districts which have an average daily attendance of 901 or more. For high school districts it shall be the foundation program for districts with an average daily attendance of 301 or more. For unified districts, it shall be the sum of (1) the foundation program of elementary districts which have an average daily attendance of 901 or more multiplied by the elementary foundation program units of average daily attendance of unified districts in the second principal apportionment, plus (2) the foundation program for high school districts with an average daily attendance of 301 or more multiplied by the high school foundation program units of average daily attendance of unified districts in the second principal apportionment divided by the sum of the elementary and high school units of average daily attendance of unified districts in the second principal apportionment.

(d) The inflation adjustment jointly determined by the Department of Education and the Department of Finance, which inflation index shall not, in any event, be less than 5 percent or more than 6 percent, shall be multiplied by the appropriate foundation program amount.

(e) The product determined pursuant to subdivision (d) shall be multiplied by the quotient determined pursuant to subdivision (b).

The resultant amount shall constitute the revenue limit inflation adjustment of the district.

(f) The revenue limit inflation adjustment shall be added to the prior year revenue limit per foundation program unit of average daily attendance of the district and the sum multiplied by the estimated foundation program average daily attendance of the budget year. The product shall be the revenue limit of the district for the budget year.

(g) Any district which has a revenue limit computed pursuant to subdivision (f) which is equal to or less than the foundation program computed for the district pursuant to Article 2 (commencing with Section 17651), excluding Section 17668.5, Article 2.1 (commencing with Section 17651), and subdivision (a) of Section 17951 as adjusted pursuant to subdivision (e) of Section 17301 may increase its revenue limit computed pursuant to subdivision (f) to the lesser of the foundation program level of the district or the prior year revenue limit increased by fifteen percent (15%).

For the 1974–75 and 1975–76 fiscal years only, notwithstanding subdivision (g) if, due to changes in federal legislation or administrative policy, the entitlement under Public Law 81-874 is reduced or discontinued and is not replaced by other federal funding, and if a district experiencing such loss has a revenue limit less than the foundation program, it shall be allowed to increase the revenue limit by an amount equal to the difference between the Public Law 81-874 income per foundation program average daily attendance of the prior year and the estimated Public Law 81-874 income per unit of foundation program average daily attendance of the budget year, if any, multiplied by the estimated foundation program average daily attendance of the budget year. Such increased revenue limit shall not exceed the foundation program of the budget year.

(h) From the amount computed pursuant to subdivision (f) or (g), there shall be subtracted the basic state aid and state equalization aid to be received for the budget year, areawide aid to be received for the budget year, and the amount of income to be received from the equalization offset tax pursuant to Section 17263.1.

(i) The amount determined pursuant to subdivision (h) shall be adjusted sufficiently to allow for the mandated increases for district contributions for the State Teachers' Retirement System as required by Section 14100. Such adjustment, together with any rate levied in any prior year pursuant to Section 14111, shall not exceed the revenue derived by the tax rate provided in Section 14111. The adjusted amount shall be the local revenue limit of the district for the budget year.

(j) From the amount computed pursuant to subdivision (i), there shall be subtracted, (1) the amount of money collected or to be collected as taxes on property on the unsecured roll of the budget year, excluding the amounts collected through the levy of taxes provided in Section 1905, 6880.16, 11872, 15517, 15518, 15708, 15709,

16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 19700.3, 20801, 20911, or 22101 of the Education Code, Section 7456 of the Education Code for the purposes prescribed in Section 7453, but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, and Section 5302.5 of the Streets and Highways Code, and (2) the income from the prior year's taxes.

(k) For the purposes of this subdivision, the assessed valuation used in computing the maximum tax rate is defined as the total actual assessed valuation, including business inventory and homeowners exemption and exclusive of the assessed valuation increment used to allocate tax receipts to a redevelopment agency pursuant to Article 6 (commencing with Section 33670) of Chapter 6 of Part 1 of Division 24 of the Health and Safety Code.

The amount determined pursuant to subdivision (j) shall be divided by the amount of actual assessed valuation of the district on the secured roll after due allowance for delinquencies, pursuant to Section 20704. The quotient multiplied by 100 shall be the tax rate on each one hundred dollars ($100) of such assessed valuation and shall be the maximum general purpose tax rate which may be levied in the district during the 1973–74 fiscal year, exclusive of taxes provided in Section 1905, 6880.16, 11872, 15517, 15518, 15708, 15709, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 19700.3, 20801, 20911, or 22101 of the Education Code, Section 7456 of the Education Code for the purposes prescribed in Section 7453 of the Education Code, but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, and Section 5302.5 of the Streets and Highways Code. The revenue limit in subdivision (g) notwithstanding, in no case for districts receiving equalization aid, shall the tax rate be reduced below one dollar ($1) on the elementary level or eighty cents ($0.80) on the high school level or one dollar and eighty cents ($1.80) for a unified school district, except that when the district has levied upon it an areawide tax, such areawide tax rate levied shall be considered first as part of the minimum tax rate limit.

SEC. 5. Section 20905 of the Education Code is amended to read:

20905. For the 1974–75 fiscal year and each fiscal year thereafter, (a) the maximum general purpose tax rate for each elementary, high, and unified school district in the county shall be computed pursuant to this section by the county superintendent of schools.

(b) The revenue limit per foundation program unit of average daily attendance for the district for the prior fiscal year shall be divided into the appropriate foundation program amount per unit of average daily attendance for the prior year. If the quotient is greater than one, it shall be deemed to be one.

(c) The foundation program amount per unit of average daily attendance used as the dividend in subdivision (b) shall be determined by the Superintendent of Public Instruction pursuant to this subdivision. For elementary school districts, it shall be the foundation program for districts which have an average daily attendance of 901 or more. For high school districts it shall be the

foundation program for districts with an average daily attendance of 301 or more. For unified districts, it shall be the sum of (1) the foundation program of elementary districts which have an average daily attendance of 901 or more multiplied by the elementary foundation program units of average daily attendance of unified districts in the second principal apportionment, plus (2) the foundation program for high school districts with an average daily attendance of 301 or more multiplied by the high school foundation program units of average daily attendance of unified districts in the second principal apportionment divided by the sum of the elementary and high school units of average daily attendance of unified districts in the second principal apportionment.

(d) The inflation adjustment jointly determined by the Department of Education and the Department of Finance, which inflation index shall not, in any event, be less than 5 percent or more than 6 percent, shall be multiplied by the appropriate foundation program amount.

(e) The product determined pursuant to subdivision (d) shall be multiplied by the quotient determined pursuant to subdivision (b). The resultant amount shall constitute the revenue limit inflation adjustment of the district.

(f) The revenue limit inflation adjustment shall be added to the prior year revenue limit per foundation program unit of average daily attendance of the district and the sum multiplied by the estimated foundation program average daily attendance of the budget year. The product shall be the revenue limit of the district for the budget year.

(g) Any district which has a revenue limit computed pursuant to subdivision (f) which is equal to or less than the foundation program computed for the district pursuant to Article 2 (commencing with Section 17651), excluding Section 17668.5, Article 2.1 (commencing with Section 17651), and subdivision (a) of Section 17951 as adjusted pursuant to subdivision (e) of Section 17301 may increase its revenue limit computed pursuant to subdivision (f) to the lesser of the foundation program level of the district or the prior year revenue limit increased by fifteen percent (15%).

For the 1974–75 and 1975–76 fiscal years only, notwithstanding subdivision (g) if, due to changes in federal legislation or administrative policy, the entitlement under Public Law 81-874 is reduced or discontinued and is not replaced by other federal funding, and if a district experiencing such loss has a revenue limit less than the foundation program, it shall be allowed to increase the revenue limit by an amount equal to the difference between the Public Law 81-874 income per foundation program average daily attendance of the prior year and the estimated Public Law 81-874 income per unit of foundation program average daily attendance of the budget year, if any, multiplied by the estimated foundation program average daily attendance of the budget year. Such increased revenue limit shall not exceed the foundation program of

the budget year.

(h) From the amount computed pursuant to subdivision (f) or (g), there shall be subtracted the basic state aid and state equalization aid to be received for the budget year, areawide aid to be received for the budget year, and the amount of income to be received from the equalization offset tax pursuant to Section 17263.1.

(i) The amount determined pursuant to subdivision (h) shall be (1) adjusted as provided in subdivision (d) of Section 10805 and (2) adjusted sufficiently to allow for the mandated increases for district contributions for the State Teachers' Retirement System as required by Section 14100. Such adjustment, together with any rate levied in any prior year pursuant to Section 14111, shall not exceed the revenue derived by the tax rate provided in Section 14111. The adjusted amount shall be the local revenue limit of the district for the budget year.

(j) From the amount computed pursuant to subdivision (i), there shall be subtracted the amount of money collected or to be collected as taxes on property on the unsecured roll of the budget year, excluding the amounts collected through the levy of taxes provided in Section 1905, 6880.16, 11872, 15517, 15518, 15708, 15709, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 19700.3, 20801, 20911, or 22101 of the Education Code, Section 7456 of the Education Code for the purposes prescribed in Section 7453, but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, and Section 5302.5 of the Streets and Highways Code, and (2) the income from the prior year's taxes.

(k) For the purposes of this subdivision, the assessed valuation used in computing the maximum tax rate is defined as the total actual assessed valuation, including business inventory and homeowners exemption and exclusive of the assessed valuation increment used to allocate tax receipts to a redevelopment agency pursuant to Article 6 (commencing with Section 33670) of Chapter 6 of Part 1 of Division 24 of the Health and Safety Code.

The amount determined pursuant to subdivision (j) shall be divided by the amount of actual assessed valuation of the district on the secured roll after due allowance for delinquencies, pursuant to Section 20704. The quotient multiplied by 100 shall be the tax rate on each one hundred dollars ($100) of such assessed valuation and shall be the maximum general purpose tax rate which may be levied in the district during the 1973–74 fiscal year, exclusive of taxes provided in Section 1905, 6880.16, 11872, 15517, 15518, 15708, 15709, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 19700.3, 20801, 20911, or 22101 of the Education Code, Section 7456 of the Education Code for the purposes prescribed in Section 7453 of the Education Code, but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, and Section 5302.5 of the Streets and Highways Code. The revenue limit in subdivision (g) notwithstanding, in no case for districts receiving equalization aid, shall the tax rate be reduced below one dollar ($1) on the elementary level or eighty

cents ($0.80) on the high school level or one dollar and eighty cents ($1.80) for a unified school district, except that when the district has levied upon it an areawide tax, such areawide tax rate levied shall be considered first as part of the minimum tax rate limit.

SEC. 6. It is the intent of the Legislature, if this bill and Assembly Bill No. 2726 are both chaptered and become effective on or before January 1, 1975, both bills amend Sections 20904 and 20905 of the Education Code, and this bill is chaptered after Assembly Bill No. 2726, that Sections 20904 and 20905 of the Education Code, as amended by Sections 10 and 11, respectively of Assembly Bill No. 2726, be further amended on the effective date of this act in the form set forth in Sections 3 and 5 of this act to incorporate the changes in Sections 20904 and 20905 proposed by this bill. Therefore, if this bill and Assembly Bill No. 2726 are both chaptered and become effective on or before January 1, 1975, and Assembly Bill No. 2726 is chaptered before this bill and amends Sections 20904 and 20905, Sections 3 and 5 of this act shall become operative on the effective date of this act and Sections 2 and 4 of this act shall not become operative.

The people of the State of California do enact as follows:

SECTION 1. Section 630 of the Probate Code is amended to read:

630. When a decedent leaves no real property, nor interest therein nor lien thereon, in this state, and the total value of the decedent's property in this state, excluding any motor vehicle of which the decedent is the owner or legal owner, over and above any amounts due to the decedent for services in the armed forces of the United States, and over and above the amount of salary not exceeding three thousand dollars ($3,000), including compensation for unused vacation, owing to decedent for services from any employment, does not exceed ten thousand dollars ($10,000), the surviving spouse, the children, lawful issue of deceased children, the parent, the brother or sister of the decedent, the lawful issue of a deceased brother or sister, or the conservator of the property of any person bearing such relationship to the decedent, or the guardian of the estate of any minor or insane or incompetent person bearing such relationship to the decedent, if such person has a right to succeed to the property of the decedent, or is the sole beneficiary under the last will and testament of the decedent, may, without procuring letters of administration, or awaiting the probate of the will, collect any money due the decedent, receive the property of the decedent, and

have any evidences of interest, indebtedness or right transferred to him upon furnishing the person, representative, corporation, officer or body owing the money, having custody of such property or acting as registrar or transfer agent of such evidences of interest, indebtedness or right, with an affidavit showing the right of the affiant or affiants to receive such money or property, or to have such evidences transferred.

SEC. 2. Section 640 of the Probate Code is amended to read:

CHAPTER 603

An act to amend Sections 9000, 9001, 9250.1, 9256, 9257, 9259, 9262, 9263, 9267, 9272.5, and 9402 of the Public Resources Code, relating to resource conservation.

[Approved by Governor September 5, 1974. Filed with Secretary of State September 5, 1974]

SECTION 1. Section 9000 of the Public Resources Code is amended to read:

The giving of notice shall be deemed complete at the time of the deposit of the notice in the United States Post Office, or a mailbox, sub-post office, substation or mail chute or other facility regularly maintained or provided by the United States Postal Service without extension of time for any reason. In lieu of mailing, a notice may be served personally by delivering to the person to be served and service shall be deemed complete at the time of such delivery. Personal service to a corporation may be made by delivery of a notice to any person designated in the Code of Civil Procedure to be served for the corporation with summons and complaint in a civil action.

SEC. 15. Section 32456 is added to the Revenue and Taxation Code, to read:

32456. A certificate by the board or an employee of the board stating that a notice required by this part was given by mailing or personal service shall be prima facie evidence in any administrative or judicial proceeding of the fact and regularity of the mailing or personal service in accordance with any requirement of this part for the giving of a notice. Unless otherwise specifically required, any notice provided by this part to be mailed or served may be given either by mailing or by personal service in the manner provided for giving notice of a deficiency determination.

SEC. 16. The provisions of this act relating to the method of giving notices pursuant to the various provisions of state tax laws are not intended as changes in existing law but are merely a clarification thereof. It is the intention of the Legislature that the method of mailing notices under the tax laws shall be similar to relevant parts of Section 1013 of the Code of Civil Procedure but proof of service of notices for the purposes of tax administration has never required and does not require an affidavit of service as prescribed by Section 1013(a) of the Code of Civil Procedure. Sections 1010 through 1012 and 1013(a) through 1020 of the Code of Civil Procedure were never intended to apply to the giving of notice under the tax laws. The cross-references to Section 1013 in the tax laws are removed by this act in order to make this intention clear and to remove any confusion which may have been caused by these cross-references.

Unless such redeposit is made, the member shall not receive credit for the service. Under such circumstances, any weighmaster or deputy weighmaster who certifies the weight of a load which exceeds by more than 2,300 pounds the prescribed load limit shall be subject to punishment under Section 12732.

SEC. 2. Section 12762.1 of the Business and Professions Code is amended to read:

12762.1. When the scale is located at the site where the vehicle is loaded and the vehicle is weighed before entering a highway, the gross weight of any vehicle whose prescribed load limit is 76,800 pounds shall not be permitted to exceed by more than 2,300 pounds

the prescribed load limit for the vehicle or combination of vehicles as a unit of equipment. Under such circumstances, any weighmaster or deputy weighmaster who certifies the weight of a load which exceeds by more than 2,300 pounds the prescribed load limit shall be subject to punishment under Section 12765.

CHAPTER 616

An act to amend Section 7548 of the Business and Professions Code, relating to surety bonds.

CHAPTER 617

An act to amend Section 10.1 of the San Mateo County Flood Control District Act (Chapter 2108 of the Statutes of 1959), relating to the San Mateo County Flood Control District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 5, 1974. Filed with Secretary of State September 5, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 10.1 of the San Mateo County Flood Control District Act (Chapter 2108 of the Statutes of 1959) is amended to read:

Sec. 10.1. The board shall, by resolution, at the time of the institution of a project pursuant to Section 10.3 of this act, order the formation of any subzone within such a zone where, in the opinion of the board the contemplated improvements authorized by this act and the operation and maintenance thereof will be of special benefit to any such subzone, and are not of equal benefit to the entire zone within which any such subzone is proposed to be established. Notice of the intention to form any such subzone or subzones within a zone shall be given in the resolution specifying the board's intention to undertake a project. Any such subzone may be formed within the zone without regard to the boundaries of any natural drainage basin and the board may form as many subzones within a zone as may, in the opinion of the board, be necessary. At the time of the formation of any such subzone the board shall determine, after engineering studies for such purpose, the percentage (%) of benefit from the improvements proposed to be made within the zone and from the operation and maintenance thereof, to inure to the property in any such subzone. In the event that any bonded indebtedness is thereafter incurred within a zone established pursuant to Section 10 of this act which contains one or more such subzones, the property within each such subzone shall be taxed to pay that percentage (%) of the principal and interest of such bonded indebtedness determined to be the percentage (%) of benefit to the property within such subzone, by the board in the manner above mentioned. In the event that any tax or assessment for improvements, operation, maintenance or any other purpose is thereafter levied within a zone established pursuant to Section 10 of this act which contains one or more such subzones, the property within each such subzone shall be taxed or assessed to pay that percentage of the improvement costs, and of the operation, maintenance or other cost thereof, determined to be the percentage of benefit to the property within such subzone by reason of such improvements.

If, at any time after the formation of a subzone pursuant to the provisions of this act, the board deems it necessary and desirable to do so, it may review the validity of the engineering studies relating to the formation of the subzone and, if appropriate, alter the boundaries of the subzone or make a new determination as to the percentage of benefit accruing to the property within a given subzone from the improvements involved. Each succeeding alteration of boundaries or determination of percentage of benefit shall supersede any and all prior determinations. Prior to any alteration of the boundaries of a subzone or making such a new

determination of percentage of benefit, the board shall adopt a resolution specifying its intention to do so and shall fix a time and place for public hearing on the resolution. Notice of such hearing shall be given by publication once a week for two consecutive weeks prior to the hearing, the last publication of which must be at least seven days before the hearing, in a newspaper of general circulation designated by the board, circulated in the subzone or subzones affected, and if there be no such newspaper then by posting notice for two consecutive weeks prior to the hearing in five public places designated by the board, in the subzone or subzones.

At the time and place fixed for the hearing, or at any time to which the hearing may be continued, the board shall consider all written or oral objections to the proposed alteration of boundaries or redetermination of percentage of benefit. Upon conclusion of the hearing, the board may, by resolution, alter the subzone boundaries or make a new determination as to the percentage of benefit accruing to the property within the given subzone from the improvements involved, or may choose not to do so.

In the event that one or more subzones have been established within a zone pursuant to this section, any proposition for the incurring of a bonded indebtedness within a zone, or for increasing the maximum tax rate within the zone or subzone, shall indicate the fact that such subzone or subzones have been established in such manner as the board may deem appropriate.

The procedure for the levy and collection of taxes within each such subzone for the purpose herein provided in this section shall be the same as the procedure for the levy and collection of taxes within a zone established pursuant to Section 10 of this act.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The San Mateo County Flood Control District is undertaking a project within certain subzones of the district. Alteration of the boundaries of those subzones is necessary to equitably apportion the costs of that project, and authority for such alterations is necessary as soon as possible so that the project may proceed before further damage is done to the property within the district. It is necessary therefor that this act go into immediate effect.

CHAPTER 618

An act to add Section 3076.5 to the Labor Code, relating to apprenticeship standards for veterans, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 5, 1974. Filed with Secretary of State September 5, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 3076.5 is added to the Labor Code, to read:

3076.5. A local joint apprenticeship committee may provide in its selection procedures for an additional 10 points credit in the selection of veteran applicants for apprenticeship.

"Veteran," as used in this section, means a veteran who has served in the armed forces of this country for at least 181 consecutive days since January 31, 1955, and who has been discharged or released under conditions other than dishonorable, but does not include any person who served only in auxiliary or reserve components of the armed forces whose services therein did not exempt him from the operation of the Selective Training and Service Act of 1940 (54 Stat. 885).

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Although veterans preferences for apprenticeship positions do exist in conjunction with certain contracts involving the federal government, and veterans are also given special consideration for jobs in the civil service of the State of California, there exists no statutory provision for such veterans preference to be considered by local joint apprenticeship committees. Because at least two program sponsors have been approved where the practice is to give 10 percentage points to applicants for apprenticeship who are veterans of the Vietnam War, and because those programs may be jeopardized, and because they are in the public interest, it is necessary that this act go into effect immediately.

CHAPTER 619

An act to amend Section 2003 of the Fish and Game Code, relating to fish and game.

[Approved by Governor September 5, 1974. Filed with Secretary of State September 5, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 2003 of the Fish and Game Code is amended to read:

2003. (a) It is unlawful to offer any prize or other inducement as a reward for the taking of any game birds, mammals, fish, reptiles, or amphibia, excepting trout and excepting black bass pursuant to a permit issued under subdivision (b).

(b) The department, if it finds there would be no detriment to the resource, may, subject to such regulations as the commission shall

prescribe, issue to any person a permit authorizing such person to offer a prize or other inducement as a reward for the taking of black bass. The application for any such permit shall be accompanied by a fee in such amount as shall be determined by the department as necessary to cover the reasonable administrative costs incurred by the department in issuing such permit.

(c) This section does not prohibit any person or nonprofit corporation from giving awards of not to exceed two hundred dollars ($200) in value for each recipient, and does not apply to any person or nonprofit organization conducting what are generally known as frog-jumping contests or fish contests conducted in waters of the Pacific Ocean.

CHAPTER 620

An act to amend Section 911.8 of the Government Code, relating to claims against public entities.

[Approved by Governor September 5, 1974 Filed with Secretary of State September 5, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 911.8 of the Government Code is amended to read:

911.8. (a) Written notice of the board's action upon the application shall be given in the manner prescribed by Section 915.4.

(b) If the application is denied, the notice shall include a warning in substantially the following form:

"WARNING

"If you wish to file a court action on this matter, you must first petition the appropriate court for an order relieving you from the provisions of Government Code Section 945.4 (claims presentation requirement). See Government Code Section 946.6. Such petition must be filed with the court within six (6) months from the date your application for leave to present a late claim was denied.

"You may seek the advice of an attorney of your choice in connection with this matter. If you desire to consult an attorney, you should do so immediately."

CHAPTER 621

An act to add Section 25955.3 to the Health and Safety Code, relating to abortion and sterilization.

[Approved by Governor September 5, 1974. Filed with Secretary of State September 5, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 25955.3 is added to the Health and Safety Code, to read:

25955.3. The refusal of any person to submit to an abortion or surgical sterilization or to give consent therefor shall not be grounds for loss of any privileges or immunities to which such person would otherwise be entitled, nor shall submission to an abortion or surgical sterilization or the granting of consent therefor be a condition precedent to the receipt of any public benefits. The decision of any person to submit to an abortion or surgical sterilization or to give consent therefor shall not be grounds for loss of any privileges or immunities to which such person would otherwise be entitled, nor shall the refusal to submit to an abortion or surgical sterilization or to give consent therefor be a condition precedent to the receipt of any public benefits.

CHAPTER 622

An act to add Section 13928 to the Government Code, relating to the State Board of Control.

[Approved by Governor September 5, 1974. Filed with Secretary of State September 5, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 13928 is added to the Government Code, to read:

13928. The board shall take any and all necessary steps to ensure that all claims which have been approved by the board, and for which there exists no legally available appropriation, are submitted for legislative approval on a quarterly basis during each calendar year.

CHAPTER 623

[Approved by Governor September 5, 1974. Filed with Secretary of State September 5, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 23701 of the Education Code is amended to read:

23701. It is the intent of the Legislature, while maintaining the maximum utilization of funds provided for the support of public higher education, to provide increased access to higher education for all residents of this state, to permit maximum use of existing facilities and academic resources of the California State University and Colleges campuses, to provide for the orderly growth and expansion of the state's system of higher education, and to allow for effective long-range planning to meet the needs of our institutions of higher education while maintaining the quality of that education.

Thus, it is the intent of the Legislature to establish year-round operations at the California State University and Colleges where practical.

SEC. 2. Section 23705 of the Education Code is repealed.

SEC. 3. Section 23705 is added to the Education Code, to read:

23705. The trustees shall maintain year-round operations at the following campuses: California Polytechnic State University, San Luis Obispo, California State Polytechnic University, Pomona, California State University, Los Angeles, and California State University, Hayward.

Any campus of the California State University and Colleges, other than those specified in Section 23705, which has a full-time equivalent academic year enrollment of 10,000 or greater shall operate on a year-round basis within two years of the effective date of an appropriation by the Legislature of sufficient planning money to effectuate an orderly transition of campus operations to the year-round basis.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Section 23705 of the Education Code requires prescribed campuses of the California State University and Colleges to operate on a year-round basis by June 1, 1976. However, due to insufficient state funding for planning of the transition from existing operations to year-round operations, it has become economically impossible to

meet the statutory deadline. It is, therefore, necessary that this act take effect immediately.

CHAPTER 624

An act relating to public schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 5, 1974. Filed with Secretary of State September 5, 1974.]

The people of the State of California do enact as follows:

SECTION 1. If any application fee for certification as a master teacher has been held by an officer or employee of a school district, such application fee may be returned to the applicant, together with interest from the date of application at the rate of 5 percent per year. The return of such fees, with interest, is a proper charge against the general fund of the school district.

SEC. 2. This act is an urgency statute necessary for the preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 1428 of the Statutes of 1972 (effective March 7, 1973) substantially revised the statutes relating to certified master teachers by abolishing the previously established master teacher pilot program and establishing a statewide program, but made no provision with respect to the application of the revised statutes to the one school district which participated in the pilot program. On the effective date of that chapter, reports of examiner teachers relating to five applicants were pending before the selection panel of the pilot program district; however, that chapter made no provision for the disposition of these applications. In order that the application fees of those applicants may be returned, and to prevent them from suffering any monetary harm because of the fact that such applications were held for a substantial period of time, it is necessary that this act take effect immediately.

CHAPTER 626

An act to add Section 334 to the Penal Code, relating to gaming.

[Approved by Governor September 5, 1974 Filed with Secretary of State September 5, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 334 is added to the Penal Code, to read:

334. (a) Every person who owns or operates any concession, and who fraudulently obtains money from another by means of any hidden mechanical device or obstruction with intent to diminish the chance of any patron to win a prize, or by any other fraudulent means, shall be punished as in the case of theft of property of like value.

(b) Any person who manufactures or sells any mechanical device or obstruction for a concession which he knows or reasonably should know will be fraudulently used to diminish the chance of any patron to win a prize is guilty of a misdemeanor.

(c) Any person who owns or operates any game, at a fair or carnival of a type known as razzle-dazzle is guilty of a misdemeanor.

As used in this subdivision, "razzle-dazzle" means a series of games of skill or chance in which the player pays money or other valuable consideration in return for each opportunity to make successive attempts to obtain points by the use of dice, darts, marbles or other implements, and where such points are accumulated in successive games by the player toward a total number of points, determined by the operator, which is required for the player to win a prize or other valuable consideration.

(d) As used in this section, "concession" means any game or

concession open to the public and operated for profit in which the patron pays a fee for participating and may receive a prize upon a later happening.

(e) Nothing in this section shall be construed to prohibit or preempt more restrictive regulation of any concession at a fair or carnival by any local governmental entity.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 627

An act to amend Sections 4830, 4848 and 4905 of the Business and Professions Code, relating to veterinary medicine.

SECTION 1. Section 4830 of the Business and Professions Code is amended to read:

The examination shall consist of a written examination and a practical examination which may be given at the same time or at different times as determined by the board. The written examination may be waived by the board in any case in which it determines that the applicant has taken an examination for license in another state substantially equivalent in scope and subject matter to the written examination last given in California before such determination is made, and has achieved a score on the out-of-state examination at least equal to the score required to pass such California written examination. Nothing in this chapter shall preclude the board from permitting a person who has completed a portion of his educational program, as determined by the board, in a veterinary college, recognized by the board under Section 4846, to take the examination or any part thereof prior to satisfying the requirements for application for a license established by Section 4846.

No license shall be issued to anyone who has not demonstrated his competency by examination.

(b) The initial license fee is an amount equal to the renewal fee in effect on the last regular renewal date before the date on which the license is issued, except that, if the license is issued less than one year before the date on which it will expire, then the fee is an amount equal to fifty percent (50%) of the renewal fee in effect on the last regular renewal date before the date on which the license is issued. The board may, by appropriate regulation, provide for the waiver or refund of the initial license fee where the license is issued less than 45 days before the date on which it will expire.

(c) The renewal fee shall be fixed by the board for each biennial renewal period in such amount as it determines is reasonably necessary to provide sufficient funds to carry out the purpose of this chapter, but not to exceed sixty-five dollars ($65).

[Approved by Governor September 5, 1974 Filed with Secretary of State September 5, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 3051 of the Welfare and Institutions Code is amended to read:

3051. Upon conviction of a defendant for any crime in any superior court, or following revocation of probation previously granted, whether or not sentence has been imposed, if it appears to the judge that the defendant may be addicted or by reason of repeated use of narcotics may be in imminent danger of becoming addicted to narcotics he shall adjourn the proceedings or suspend the imposition or execution of the sentence and order the district attorney to file a petition for commitment of the defendant to the Director of Corrections for confinement in the narcotic detention, treatment and rehabilitation facility unless, in the opinion of the judge, the defendant's record and probation report indicate such a pattern of criminality that he does not constitute a fit subject for commitment under this section.

Upon the filing of such a petition, the court shall order the defendant to be examined by two physicians; provided, that the examination may be waived by a defendant if the defendant has been examined in accordance with Section 1203.03 of the Penal Code and such examination encompassed whether defendant is addicted or is in imminent danger of addiction, and if the defendant is represented by counsel and competent to understand the effect of such waiver. At least one day before the time of the examination as fixed by the court order, a copy of the petition and order for examination shall be personally delivered to the defendant. A written report of the examination by the physicians shall be delivered to the court, and if the report is to the effect that the person is not addicted nor in imminent danger of addiction, it shall so certify and return the defendant to the department of the superior court which directed the filing of the petition for such further proceedings on the criminal charges as the judge of such department deems warranted. If the report is to the effect that the defendant is addicted or is by reason of the repeated use of narcotics in imminent danger of addiction, further proceedings shall be conducted in compliance with Sections 3104, 3105, 3106, and 3107.

If, after a hearing, the judge finds that the defendant is a narcotic addict, or is by reason of the repeated use of narcotics in imminent danger of becoming addicted to narcotics, he shall make an order committing such person to the custody of the Director of Corrections for confinement in the facility until such time as he is discharged

pursuant to Article 5 of this chapter, except as this chapter permits earlier discharge. In any case to which Section 3052 applies, the judge may request the district attorney to investigate the facts relevant to the advisability of commitment pursuant to this section. In unusual cases, wherein the interest of justice would best be served, the judge may, with the concurrence of the district attorney and defendant, order commitment notwithstanding Section 3052. If, upon the hearing, the judge shall find that the defendant is not a narcotic addict and is not in imminent danger of becoming addicted to narcotics, he shall so certify and return the defendant to the department of the superior court which directed the filing of the petition for such further proceedings on the criminal charges as the judge of such department deems warranted.

If a person committed pursuant to this section is dissatisfied with the order of commitment he may within 10 days after the making of such order file a written demand for a jury trial in compliance with Section 3108.

SEC. 2. Section 3051 of the Welfare and Institutions Code is amended to read:

3051. Upon conviction of a defendant for any crime in any superior court, or following revocation of probation previously granted, whether or not sentence has been imposed, if it appears to the judge that the defendant may be addicted or by reason of repeated use of narcotics may be in imminent danger of becoming addicted to narcotics he shall adjourn the proceedings or suspend the imposition or execution of the sentence and order the district attorney to file a petition for commitment of the defendant to the Director of Corrections for confinement in the narcotic detention, treatment and rehabilitation facility or order pursuant to Section 3052.5 unless, in the opinion of the judge, the defendant's record and probation report indicate such a pattern of criminality that he does not constitute a fit subject for commitment under this section.

Upon the filing of such a petition, the court shall order the defendant to be examined by two physicians; provided, that the examination may be waived by a defendant if the defendant has been examined in accordance with Section 1203.03 of the Penal Code and such examination encompassed whether defendant is addicted or is in imminent danger of addiction, and if the defendant is represented by counsel and competent to understand the effect of such waiver. At least one day before the time of the examination as fixed by the court order, a copy of the petition and order for examination shall be personally delivered to the defendant. A written report of the examination by the physicians shall be delivered to the court, and if the report is to the effect that the person is not addicted nor in imminent danger of addiction, it shall so certify and return the defendant to the department of the superior court which directed the filing of the petition for such further proceedings on the criminal charges as the judge of such department deems warranted. If the report is to the effect that the defendant is addicted or is by reason

of the repeated use of narcotics in imminent danger of addiction, further proceedings shall be conducted in compliance with Sections 3104, 3105, 3106, and 3107.

If, after a hearing, the judge finds that the defendant is a narcotic addict, or is by reason of the repeated use of narcotics in imminent danger of becoming addicted to narcotics, he shall make an order pursuant to Section 3052.5 or an order committing such person to the custody of the Director of Corrections for confinement in the facility until such time as he is discharged pursuant to Article 5 (commencing with Section 3200) of this chapter, except as this chapter permits earlier discharge. In any case to which Section 3052 applies, the judge may request the district attorney to investigate the facts relevant to the advisability of commitment pursuant to this section. In unusual cases, wherein the interest of justice would best be served, the judge may, with the concurrence of the district attorney and defendant, order commitment notwithstanding Section 3052. If, upon the hearing, the judge shall find that the defendant is not a narcotic addict and is not in imminent danger of becoming addicted to narcotics, he shall so certify and return the defendant to the department of the superior court which directed the filing of the petition for such further proceedings on the criminal charges as the judge of such department deems warranted.

If a person committed pursuant to this section is dissatisfied with the order of commitment he may within 10 days after the making of such order file a written demand for a jury trial in compliance with Section 3108.

SEC. 3. It is the intent of the Legislature, if this bill and Assembly Bill No. 1223 are both chaptered and become effective January 1, 1975, both bills amend Section 3051 of the Welfare and Institutions Code, and this bill is chaptered after Assembly Bill No. 1223, that the amendments to Section 3051 proposed by both bills be given effect and incorporated in Section 3051 in the form set forth in Section 2 of this act. Therefore, Section 2 of this act shall become operative only if this bill and Assembly Bill No. 1223 are both chaptered and become effective January 1, 1975, both amend Section 3051, and this bill is chaptered after Assembly Bill No. 1223, in which case Section 1 of this act shall not become operative.

(e) The clerk of the agency shall give notice of the hearing by mailing a copy of such notice to all landowners owning land within the territory proposed to be annexed or detached, and by publishing notice thereof in at least two successive issues, not more than 30 nor less than 10 days prior to the hearing, in a newspaper of general circulation published in the agency.

(f) A majority protest shall be deemed to exist, and the proposed annexation or detachment shall be abandoned, if the agency shall find that written protests filed and not withdrawn prior to the conclusion of the hearing represent more than 50 percent of the assessed value of the land and improvements within the territory proposed to be annexed or detached.

(g) At the hearing, all interested persons shall be given the opportunity to present evidence and testimony for or against the proposed annexation or detachment. Any person who shall have filed a written protest may withdraw the written protest at any time prior to the conclusion of the hearing.

If a majority protest shall not have been filed, the board, not later than 30 days after the conclusion of the hearing, shall adopt a resolution making one of the following determinations:

(1) Disapproving the proposed annexation or detachment.

(2) Approving the proposed annexation or detachment.

(3) Approving the annexation or detachment, but excluding any lands which the board finds will not be benefited by such annexation or detachment.

Council members shall receive such sum as is fixed by the board, up to a maximum of twenty-five dollars ($25), for each meeting of the council attended by the member, not exceeding two meetings per month, plus actual, necessary and reasonable traveling expenses. The compensation set for the various advisory councils need not be the same, but in no event may it exceed the maximum provided for in this section.

[Approved by Governor September 5, 1974. Filed with Secretary of State September 5, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 42.1 of the Drainage District Act of 1903 (Chapter 238 of the Statutes of 1903) is amended to read:

Sec. 42.1. Under the provisions of this section the rate of the drainage district tax, as determined in Sec. 42, may be based on the assessed value of land only, excluding improvements.

Such an alteration of district tax basis may be proposed by a resolution, adopted by a four-fifths vote of the entire board of directors of the district calling the hereinafter described special election. Such an alteration may also be proposed by a petition presented to the board of directors of such district, signed by at least 10 percent of the qualified voters in such district, which petition shall request the board of directors to call a special election for the purpose of submitting to those qualified to vote in the district as provided by Sections 7 and 7.5 of the act, the question whether the district tax, shall be levied upon the assessed value of the land in such district exclusive of the assessed value of the improvements thereon as shown on the county tax roll of the county or counties wherein such district is located.

The secretary of the board of directors shall, upon presentation of such petition, determine that the persons signatory thereto comprise at least 10 percent of all persons qualified as electors, and the board of directors, in the event such petition qualifies hereunder, shall call a special election and cause a notice of special election to be posted in three public places in each election precinct in such district, and also to be published in some newspaper of general circulation published in the district, or in the event no such newspaper is published in the district, then in the county wherein the board of directors regularly meets, for at least three successive weeks before such election. Such notice shall specify the time of holding the election, the polling places as established by the board of directors, the hours the polls are to remain open, and a concise statement of the issue to be voted upon. Such election shall be held not more than six weeks after the secretary of the board of directors qualifies the petition.

The ballots cast at such election shall contain the words: "Shall the district tax be levied upon the land of the district exclusive of improvements thereon?," or words equivalent thereto, but no particular form of ballot shall be required. Voting procedure, qualification of voters, and number of votes each shall be entitled to cast shall be governed by the provisions of Sections 7 and 7.5. When the vote is canvassed by the board of directors and entered of record,

if a majority of the votes cast shall favor changing the basis of the district tax levy, the board shall thereupon pass a resolution declaring the result of the election and directing the secretary to forward a copy of such resolution, certified by him, to the board of supervisors of the county or counties wherein such district is located. The board of supervisors of each such county shall thereafter levy the tax for such district only upon the assessed value of the land of the district exclusive of the improvements thereon, as shown on the tax roll of the county or counties wherein such district is located.

The district may change the drainage district tax base, back to land and improvements, by the same proceedings as herein provided.

Nothing herein is intended to impair any lien against its property or the contractual obligation of any district which has an existing bonded indebtedness at the time an alteration of district tax basis is proposed. In addition to any other rights he may have, if any bondholder at any time has reasonable cause to believe a district which has altered its tax basis will be unable to meet its obligations to pay bond principal or interest, as called for in the bond contract, then the bondholder may make written demand upon the board of supervisors of each county wherein the district is located to change the district tax base back to land and improvements. If the district has failed to make any principal or interest payment in timely fashion or if tax delinquencies in the district exceed 10 percent in any year, then the board of supervisors shall forthwith order the district tax base changed back to land and improvements. If the district has not failed to make such payments and if tax delinquencies do not exceed 10 percent in any year, then the board of supervisors may order the district tax base changed back to land and improvements. Any bondholder dissatisfied with the decision of the board of supervisors may petition the superior court of any county in which the district is located for a declaratory judgment determining whether the alteration of tax basis has impaired the district's obligation under the bond contract. If the court finds an impairment has occurred, the board of supervisors shall forthwith order the district tax base changed back to land and improvements.

CHAPTER 668

An act to amend Section 1094.5 of the Code of Civil Procedure, relating to writs of mandate.

[Approved by Governor September 5, 1974. Filed with Secretary of State September 5, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 1094.5 of the Code of Civil Procedure is amended to read:

1094.5. (a) Where the writ is issued for the purpose of inquiring into the validity of any final administrative order or decision made as the result of a proceeding in which by law a hearing is required to be given, evidence is required to be taken and discretion in the determination of facts is vested in the inferior tribunal, corporation, board or officer, the case shall be heard by the court sitting without a jury. All or part of the record of the proceedings before the inferior tribunal, corporation, board or officer may be filed with the petition, may be filed with respondent's points and authorities or may be ordered to be filed by the court. If the expense of preparing all or any part of the record has been borne by the prevailing party, such expense shall be taxable as costs.

(b) The inquiry in such a case shall extend to the questions whether the respondent has proceeded without, or in excess of jurisdiction; whether there was a fair trial; and whether there was any prejudicial abuse of discretion. Abuse of discretion is established if the respondent has not proceeded in the manner required by law, the order or decision is not supported by the findings, or the findings are not supported by the evidence.

(c) Where it is claimed that the findings are not supported by the evidence, in cases in which the court is authorized by law to exercise its independent judgment on the evidence, abuse of discretion is established if the court determines that the findings are not supported by the weight of the evidence; and in all other cases abuse of discretion is established if the court determines that the findings are not supported by substantial evidence in the light of the whole record.

(d) Where the court finds that there is relevant evidence which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before respondent, it may enter judgment as provided in subdivision (e) of this section remanding the case to be reconsidered in the light of such evidence; or, in cases in which the court is authorized by law to exercise its independent judgment on the evidence, the court may admit such evidence at the hearing on the writ without remanding the case.

(e) The court shall enter judgment either commanding respondent to set aside the order or decision, or denying the writ. Where the judgment commands that the order or decision be set aside, it may order the reconsideration of the case in the light of the court's opinion and judgment and may order respondent to take such further action as is specially enjoined upon it by law but the judgment shall not limit or control in any way the discretion legally vested in the respondent.

(f) The court in which proceedings under this section are instituted may stay the operation of the administrative order or decision pending the judgment of the court, or until the filing of a

notice of appeal from the judgment or until the expiration of the time for filing such notice whichever occurs first; provided that no such stay shall be imposed or continued if the court is satisfied that it is against the public interest; provided that the application for the stay shall be accompanied by proof of service of a copy of the application on the respondent. Service shall be made in the manner provided by Title 5 (commencing with Section 405) of Part 2 or Chapter 5 (commencing with Section 1010) of Title 14 of Part 2. If an appeal is taken from a denial of the writ, the order or decision of the agency shall not be stayed except upon the order of the court to which such appeal is taken; provided that, in cases where a stay is in effect at the time of filing the notice of appeal, such stay shall be continued by operation of law for a period of twenty (20) days from the filing of such notice. If an appeal is taken from the granting of the writ, the order or decision of the agency is stayed pending the determination of the appeal unless the court to which such appeal is taken shall otherwise order. Where any final administrative order or decision is the subject of proceedings under this section, if the petition shall have been filed while the penalty imposed is in full force and effect the determination shall not be considered to have become moot in cases where the penalty imposed by the administrative agency has been completed or complied with during the pendency of such proceedings.

CHAPTER 669

An act to amend Section 1191 of the Military and Veterans Code, relating to veterans' memorial districts, and declaring the urgency thereof, to take effect immediately.

and outdoor park and recreation facilities including swimming pools, picnic areas and playgrounds, unless such projects have been approved by a majority of the voters at either the general district election or at a special election called for that purpose. The question of whether the district shall provide and maintain indoor and outdoor park and recreation facilities may be submitted to the electors of the district by the board on its own motion and shall be submitted by the board upon petition signed by 8 percent of the registered electors of the district, at either the general district election or at a special election called for that purpose. If submitted at a special election the election shall be called, conducted, governed, and regulated in the same manner as the general district election.

All plans for indoor and outdoor park and recreation facilities, including swimming pools, picnic areas and playgrounds, shall be approved initially by the board of supervisors.

(b) Purchase, receive by donation, condemn, lease, or acquire real or personal property necessary or convenient for the construction or maintenance of such halls, buildings, meetingplaces and facilities and improve, preserve, manage and control the same.

(c) Purchase, construct, lease, build, furnish, or repair such halls, buildings, meetingplaces and facilities upon sites owned or leased by the district or made available to the district; and provide custodians, employees, attendants, and supplies for the proper maintenance, care and management thereof.

(f) Sell or lease any district property; provided, that any sale or lease shall be to the highest responsible bidder as determined by the board, except as provided in Section 1191.3. The board shall, prior to any sale, make a call for bids and advertise such call pursuant to Section 6062 of the Government Code in a newspaper of general circulation in the district, inviting sealed bids for the sale or lease of the property. The board may either accept the highest responsible bid or reject all bids. The board may require the successful bidder to file with the board good and sufficient undertaking to be approved by the board to insure faithful performance of the contract of sale or lease. No sales or lease shall be transacted, however, if a petition has been filed with the board requesting them not to enter into the sales or leasing of the property. Such petition shall:

(1) Have affixed thereto, as petitioners, the signatures, indicating place of residence and place of signing, of the electors of the district in a number equal to at least ten percent (10%) of the votes cast in the district at the last preceding general election held in the state.

(2) Should the petition be found to meet the requirements of (1) above, as determined by the records of the county clerk or registrar of voters for the county or counties in which said district lies, the board shall not convey the property or shall submit to the electors of the district to be voted upon at the next primary or general election, or at a special election called for the purpose to ratify or reject the action of the district to sell or lease the property.

(g) Sell or lease any district property to any political subdivision in which the district lies, or any portion thereof, to be used for the purpose of roads, streets or highways, or for the improvements thereof, without regard to the highest responsible bidder but otherwise meeting the requirements in paragraphs (1) and (2) of subdivision (f) above.

(h) Adopt, from time to time, reasonable rules and regulations for the use of such halls, buildings, meetingplaces and facilities by veterans or by organizations thereof, and to allow such halls, buildings, meetingplaces and facilities to be used for lawful purposes consistent with the objects hereof by persons or organizations other than veterans either free of charge or for stated compensation to aid in defraying the cost of maintenance thereof, but only when such use will not unduly interfere with the reasonable use of the facilities by veterans' associations.

(i) Enter into a joint powers agreement for recreational services within the boundaries of the district.

In conformance with the provisions of this section, a district may provide recreational facilities or services at any location within the district boundaries irrespective of the location of district-owned facilities. A district may not increase its tax levy for the purpose of providing recreational services for persons other than veterans, unless such increase is first approved by the majority vote of the electors of the district who vote upon the proposal.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

SECTION 1. The Legislature hereby finds and declares that California has one of the most extensive networks of private institutions for postsecondary education in the nation; that they are governed by Division 21 of the Education Code which requires the licensing of institutions ranging from colleges and universities with a full complement of educational offerings to proprietary schools and institutes offering limited curricula; that programs authorized under Title X of the Higher Education Act of 1965 as amended by the Education Amendments of 1972 (P.L. 92-318) contain authorizations for substantial expenditures of funds for occupational education, some of which may be allocated to both nonprofit and proprietary institutions of postsecondary education; that insufficient information is currently available concerning private unaccredited institutions of postsecondary education to permit the prudent allocation of such funds as are appropriated by the Congress; and that the acquisition of such information will be essential prior to the development of a well-articulated state plan for occupational education by the statewide postsecondary education planning commission.

SEC. 2. The California Postsecondary Education Commission is authorized and requested to provide for the organization and coordination of a comprehensive study of Division 21 of the Education Code, such study to include consideration of, but not necessarily be limited to, the following subjects:

SEC. 3. The California Postsecondary Education Commission is requested to submit the study together with its findings and recommendations, prepared pursuant to Section 2 of this act, to the Legislature on or before January 1, 1976. Prior to conducting the study, the commission shall submit its study design to the Superintendent of Public Instruction and to the Council for Private Postsecondary Educational Institutions for review and comment.
