The peace, health and safety of the citizens of the state require the orderly and unhampered functioning of public bodies and such functioning depends upon the validity of the organization, boundaries, and governing officers or boards of public bodies, and upon the validity of acts, proceedings, and bonds of public bodies, and it is therefore imperative and essential that such matters be validated so that during the period before this act would otherwise become effective:

(1) Citizens of the state can be afforded the protection of the police, fire, safety, sanitary, and other regulations and protections provided by public bodies;

(2) Public works and construction by public bodies can be commenced and continued without delay or restriction, to provide sewers, waterworks, schools, storm drains, flood control works, sanitary facilities, electric and other utility works, firehouses and facilities, police stations and facilities, streets, hospitals, and other works, structures, improvements, and facilities required for the public peace, health and safety, and immediately needed to provide for an increased population;

14800. Any voter unable to go to the polls because of illness or disability resulting in his confinement in a hospital, sanatorium, nursing home, or place of residence, or any voter unable because of a physical handicap to go to his polling place or because of such handicap is unable to vote at his polling place due to existing architectural barriers at his polling place denying him physical access to the polling place, voting booth, or voting apparatus or machinery, may request in a written state- statement, signed by him, that the clerk send him an absent voter ballot. The clerk shall deliver the ballot, at the office of the clerk, to any authorized representative of

the voter possessing a written statement from the voter's physician or practitioner or a written statement signed by an official of the hospital, sanatorium, or nursing home stating that the voter is a patient in a hospital, sanatorium or nursing home, and that the voter will be confined therein on election day.

In the event the voter is confined in his place of residence on election day, such confinement must have occurred because of conditions arising after the closing day for absent voter ballot applications. Such voter may request in a written statement signed by him, that the clerk send him an absent voter ballot. The clerk shall deliver the ballot at the office of the clerk to any authorized representative of the voter possessing a written statement from the voter's physician or practitioner stating that the voter will be confined at his place of residence on election day.

After marking his ballot the voter shall place it in the identification envelope. He shall then fill out and sign the declaration on the envelope on or before election day and return it to the office of the clerk.

Upon receipt of the envelope the clerk shall compare the voter's signature on the identification envelope with that appearing on his duplicate affidavit of registration and, if they compare, shall deposit the envelope in a safe place in his office to be kept by him until the time prescribed for counting such ballot. Thereafter, the clerk shall count these ballots and add them to the totals for absent voter ballots.

A request for a ballot under this section shall be made, and the ballot delivered to the voter and returned to the clerk no later than the time the polls close on election day.

The procedure authorized by this section shall be subject to all other provisions of this code relating to absent voting insofar as those provisions are not inconsistent with the provisions of this section.

SEC. 2. Section 14801 of the Election Code is amended to read:

14801. Any voter unable to go to the polls because of conditions arising after the closing date for absent voter ballot applications, which will result in his absence from the precinct on election day, may apply at the office of the county clerk for an absent voter ballot. Any voter unable to go to the polls because of a physical handicap arising after the closing date for absent voter ballot applications, or, any voter unable because of a physical handicap to vote at his polling place due to architectural barriers at his polling place arising after the closing date for absent voter ballot applications thereby denying such handicapped person physical access to the polling place, voting booth, or voting apparatus or machinery, may apply for an absent voter ballot at the office of the county clerk. Upon receipt of an affidavit signed by the voter, on a form provided by the clerk, and attesting to the fact that the voter will be compelled to be absent from his precinct on election day because of such conditions arising after the closing date for absent voter ballot applications, the clerk shall provide the voter with an absent voter ballot. The ballot may be voted in the clerk's office or voted outside the clerk's office and

returned to the clerk or any precinct board in the county on or before the close of the polls on the day of election.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

SEC. 3. Section 65402 of the Government Code is amended to read:

65402. (a) If a general plan or part thereof has been adopted, no real property shall be acquired by dedication or otherwise for street, square, park or other public purposes, and no real property shall be disposed of, no street shall be vacated or abandoned, and no public building or structure shall be constructed or authorized, if the adopted general plan or part thereof applies thereto, until the location, purpose and extent of such acquisition or disposition, such street vacation or abandonment, or such public building or structure have been submitted to and reported upon by the planning agency as to conformity with said adopted general plan or part thereof. The planning agency shall render its report as to conformity with said adopted general plan or part thereof within forty (40) days after the matter was submitted to it, or such longer period of time as may be designated by the legislative body.

If the legislative body so provides, by ordinance or resolution, the provisions of this subdivision shall not apply to: (1) the disposition of the remainder of a larger parcel which was acquired and used in part for street purposes; (2) acquisitions, dispositions, or abandonments for street widening; or (3) alignment projects, provided such dispositions for street purposes, acquisitions, dispositions, or abandonments for street widening, or alignment projects are of a minor nature.

(b) A county shall not acquire real property for any of the purposes specified in paragraph (a), nor dispose of any real property, nor construct or authorize a public building or structure, in another county or within the corporate limits of a city, if such city or other county has adopted a general plan or part thereof and such general plan or part thereof is applicable thereto, and a city shall not acquire real property for any of the purposes specified in paragraph (a), nor dispose of any real property, nor construct or authorize a public building or structure, in another city or in unincorporated territory, if such other city or the county in which such unincorporated territory is situated has adopted a general plan or part thereof and such general plan or part thereof is applicable thereto, until the location, purpose and extent of such acquisition, disposition, or such public building or structure have been submitted to and reported upon by the planning agency having jurisdiction, as to conformity with said adopted general plan or part thereof. Failure of the planning agency to report within forty (40) days after the matter has been submitted to it shall be conclusively deemed a finding that the proposed acquisition, disposition, or public building or structure is in conformity with said adopted general plan or part thereof. The provisions of this paragraph (b) shall not apply to acquisition or abandonment for street widening or alignment projects of a minor nature if the legislative body having the real property within its boundaries so provides by ordinance or resolution.

(c) A local agency shall not acquire real property for any of the

purposes specified in paragraph (a) nor dispose of any real property, nor construct or authorize a public building or structure, in any county or city, if such county or city has adopted a general plan or part thereof and such general plan or part thereof is applicable thereto, until the location, purpose and extent of such acquisition, disposition, or such public building or structure have been submitted to and reported upon by the planning agency having jurisdiction, as to conformity with said adopted general plan or part thereof. Failure of the planning agency to report within forty (40) days after the matter has been submitted to it shall be conclusively deemed a finding that the proposed acquisition, disposition, or public building or structure is in conformity with said adopted general plan or part thereof. If the planning agency disapproves the location, purpose or extent of such acquisition, disposition, or the public building or structure, the disapproval may be overruled by the local agency.

Local agency as used in this paragraph (c) means an agency of the state for the local performance of governmental or proprietary functions within limited boundaries. Local agency does not include the state, or county, or a city.

SEC. 4. It is the intent of the Legislature, if this bill and Senate Bill No. 977 are both chaptered and become effective on or before January 1, 1975, this bill adds Section 11526.3 to the Business and Professions Code, and Senate Bill 977 adds Division 2 (commencing with Section 66410) to Title 7 of the Government Code, and this bill is chaptered after Senate Bill No. 977, that Section 11526.3 as proposed to be added to the Business and Professions Code, by Section 1 of this bill shall not become operative, and Section 66474.7 as proposed to be added to the Government Code by Section 2 of this act shall become operative. Therefore, Section 2 of this act shall become operative only if this bill and Senate Bill No. 977 are both chaptered and become effective on or before January 1, 1975, this bill adds Section 11526.3 to the Business and Professions Code and Senate Bill 977 adds Division 2 (commencing with Section 66410) to Title 7 of the Government Code, and this bill is chaptered after Senate Bill No. 977, in which case Section 2 of this act shall become operative on the effective date of this act and Section 1 of this act shall not become operative.

CHAPTER 701

An act to repeal Section 1336 of the Code of Civil Procedure, to amend Section 1027 of, and to repeal Section 1026 of the Probate Code, relating to nonresident alien inheritance.

[Filed with Governor September 6, 1974 Filed with Secretary of State September 6, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 1336 of the Code of Civil Procedure is repealed.

SEC. 2. Section 1026 of the Probate Code is repealed.

SEC. 3. Section 1027 of the Probate Code is amended to read:

1027. Executors or administrators, public or otherwise, must apply for distribution of an estate at the time of filing a final account. Notice of such application must be given in the manner provided in Section 1200 of the Probate Code. If the court, at the time set for the hearing of the final account, or such time thereafter to which the matter may be continued, does not distribute the entire balance of the estate remaining for distribution to known heirs, devisees or legatees entitled to succeed thereto, it must distribute to the State of California that portion of such estate not distributed to such known heirs, devisees or legatees. Insofar as practical, any real property or tangible personal property shall be converted to money prior to transmittal to the state.

Whenever it appears that the estate or any portion thereof is to be distributed to the State of California because there are no known heirs or that the estate or any portion thereof is to be distributed to heirs, devisees or legatees whose whereabouts are unknown, the executor or administrator must serve the State Controller, personally or by mail, with a copy of the petition for distribution, together with notice of the hearing thereon, specifying the date of such hearing, and a copy of the latest account filed with the court, at least 30 days prior to the date of such hearing.

If the court distributes the estate or any portion thereof to the State of California, and the distributing clause contains words otherwise creating a trust in favor of certain unknown or unidentified persons as a class, such distribution shall vest in the State of California both legal and equitable title to the property so distributed; saving, however, the right of claimants to appear and claim the estate or any portion thereof, as in this section provided.

Upon the rendition of a decree of distribution, any money distributed to the State of California shall forthwith be delivered to the State Treasurer by the executor or administrator, and all other personal property so distributed shall forthwith be delivered to the State Controller for deposit in the State Treasury.

A certified copy of the decree of distribution and of any court orders amending the same must be delivered to the State Controller by the executor or administrator at the time of making any remittance in connection with an estate.

No deposit of property in an estate shall be made in the county treasury by any executor or administrator, public or otherwise, if the estate has previously been distributed to the State of California pursuant to this section, but such estate shall be transmitted forthwith to the State Treasurer or State Controller as provided in this section.

The property so distributed shall be held by the State Treasurer for a period of five years from the date of the decree making such

distribution, within which time any person may claim the estate or any part thereof in the manner provided by Title 10 (commencing with Section 1300) of Part 3 of the Code of Civil Procedure.

Any person who does not appear and claim, as herein required, shall be forever barred, and such property, or so much thereof as is not claimed, shall vest absolutely in the state.

CHAPTER 702

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, no appropriation is made by this act nor shall any reimbursement be made for any costs that may be incurred by any local governmental entity pursuant to the act, because the affected local governmental entity has requested the Legislature to revise state law in accordance with the provisions of this act in order to carry on any program or service required by the act.

CHAPTER 703

An act to amend Section 25825 of the Government Code, relating to sewer construction and maintenance.

The board of supervisors may acquire, construct, reconstruct, alter, enlarge, lay, renew, replace, maintain, and operate within or without the county sewers, drains, septic tanks, sewerage collection and treatment works and other sanitary disposal systems; and storm water drains and storm water collection and disposal systems, provided, however, that the full costs thereof shall be borne by the properties benefited except to the extent that such costs may be borne by eligible county federal revenue sharing funds.

The board may make and enforce all necessary and proper regulations for the use of sewerage collection, treatment and disposal facilities not in conflict with the Constitution and the laws of the state. The board may collect compensation from private or public parties for the connection to and use of sewerage collection, treatment and disposal facilities. It is the intent of the Legislature that the state shall share only in costs for work done in accordance with Letter Supplement No. 1 to such Design Memorandum No. 3.

SEC. 2. Section 12662.1 is added to the Water Code, to read:

12662.1. The department shall have authority and is hereby authorized to enter into an agreement with the local agency pursuant to Section 12585.4. Notwithstanding the provisions of Sections 12585.2 and 12585.3 the local agency may receive credit against its share of the costs of lands, easements, and rights-of-way required for the project which were acquired by the local agency after July 1, 1967.

CHAPTER 705

An act to amend Sections 74692, 74693, and 74693.1 of the Government Code, relating to municipal courts.

(e) One typist-clerk, grade I, who shall receive a biweekly salary at the rate specified in range 24 of the salary schedule.

(f) One account clerk, grade II, who shall receive a biweekly salary at the rate specified in range 33 of the salary schedule.

CHAPTER 706

An act to amend Section 1254 of the Code of Civil Procedure, relating to condemnation, and making an appropriation therefor.

[Approved by Governor September 6, 1974 Filed with Secretary of State September 6, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 1254 of the Code of Civil Procedure is amended to read:

1254. (a) In any case in which the plaintiff is not in possession of the property sought to be condemned, the plaintiff may, at any time after trial and judgment entered or pending an appeal from the judgment and after payment into court for the defendant of the full amount of the judgment and such further sum as may be required by the court as a fund to pay any further damages and costs that may be recovered in the proceeding, apply ex parte for an order authorizing it to take possession of and to use the property sought to be condemned.

(b) If in the judgment the court determined that the plaintiff is entitled to acquire the property by eminent domain and if the court determines that the plaintiff has made the required payment into court, the court shall by order authorize the plaintiff to take possession of and use the property during the pendency of and until the final conclusion of the litigation, and shall, if necessary, stay all actions and proceedings against the plaintiff on account thereof. The order shall state the date after which the plaintiff is authorized to take possession of the property which date, unless the plaintiff requests a later date, shall be 10 days after the date of the order.

(c) At least 10 days prior to the time possession is taken, the

plaintiff shall serve upon the defendants and their attorneys, either personally or by mail, a copy of the order of the court authorizing it to take possession of the property. A single service upon or mailing to those at the same address is sufficient.

(d) At any time after the court has made an order authorizing the plaintiff to take possession pursuant to this section, the court may, upon motion of any party to the eminent domain proceeding, order an increase or a decrease in the amount that the plaintiff is required to pay into court as a further sum pursuant to this section.

(e) The plaintiff shall not be held to have abandoned or waived the right to appeal from the judgment by paying into court the amount of the judgment and such further sum as may be required by the court and taking possession of the property pursuant to this section.

(f) The defendant, who is entitled to the money paid into court for him upon any judgment, shall be entitled to demand and receive the full amount of the judgment at any time thereafter upon obtaining an order therefor from the court. The court, or a judge thereof, upon application by such defendant, shall order and direct that the money so paid into court for him be delivered to him upon his filing a satisfaction of the judgment, or upon his filing a receipt therefor, and an abandonment of all defenses to the action or proceeding, except as to the amount of damages that he may be entitled to in the event that a new trial is granted. A payment to a defendant, as aforesaid, shall be held to be an abandonment by such defendant of all defenses interposed by him, excepting his claim for greater compensation.

(g) Any amount withdrawn by any party in excess of the amount to which he is entitled as finally determined in the eminent domain proceeding shall be paid without interest to the party entitled thereto, and the court in which the eminent domain proceeding is pending shall enter judgment therefor against such party.

(h) The payment of the money into court, as hereinbefore provided for, shall not discharge the plaintiff from liability to keep the said fund full and without diminution; but such money shall be and remain, as to all accidents, defalcations, or other contingencies (as between the parties to the proceeding), at the risk of the plaintiff, and shall so remain until the amount of the compensation or damages is finally settled by judicial determination, and until the court awards the money, or such part thereof as shall be determined upon, to the defendant, and until he is authorized or required by rule of court to take it. If, for any reason, the money shall at any time be lost, or otherwise abstracted or withdrawn, through no fault of the defendant, the court shall require the plaintiff to make and keep the sum good at all times until the litigation is finally brought to an end, and until paid over or made payable to the defendant by order of court, as above provided. The court shall order the money to be deposited in the State Treasury, unless the plaintiff requests the court to order deposit in the county treasury, in which case the court

shall order deposit in the county treasury. If the court orders deposit in the State Treasury, it shall be the duty of the State Treasurer to receive all such moneys, duly receipt for, and to safely keep the same in the Condemnation Deposits Fund, which fund is hereby created in the State Treasury and for such duty he shall be liable to the plaintiff upon his official bond. Money in the Condemnation Deposits Fund shall be invested under the provisions of Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code.

(i) The State Controller shall apportion as of June 30th and December 31st of each year the interest earned or increment derived and deposited in the fund during the six calendar months ending with such dates. There shall be apportioned and paid to each plaintiff having a deposit in the fund during the six-month period for which an apportionment is made, an amount directly proportionate to the total deposits in the fund and the length of time such deposits remained therein. The State Treasurer shall pay out the money deposited by a plaintiff in such manner and at such times as the court or a judge thereof may, by order or decree, direct.

(j) In all cases where a new trial has been granted upon the application of the defendant, and he has failed upon such trial to obtain greater compensation than was allowed him upon the first trial, the costs of such new trial shall be taxed against him.

CHAPTER 707

An act to add Section 5096.1 to the Revenue and Taxation Code, relating to tax refunds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 6, 1974 Filed with Secretary of State September 6, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 5096.1 is added to the Revenue and Taxation Code, to read:

5096.1. Except as hereinafter provided, taxes collected on behalf of a special district from a taxpayer whose property has been annexed to a city but was not detached from the special district due to error or inadvertence shall be deemed to have been erroneously collected for purposes of Section 5096 if the governing board of the special district makes a finding by resolution that detachment proceedings were not commenced due to excusable neglect. If the special district is a fire protection district the governing body of the annexing city may make the finding by resolution that detachment proceedings were not commenced following annexation due to excusable neglect. For purposes of determining the amount of the

refund the property shall be deemed to have been detached from the special district on the date annexation proceedings were completed.

This section shall not apply to taxes which would be collectible under authority of Government Code Section 56492 even though the annexed property had been detached from the special district.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Because of the failure of special districts or cities to detach territory from special districts upon annexation of the territory to a city, taxpayers have erroneously paid property taxes to two public agencies. In order that such taxes may be refunded at the earliest possible date it is essential that this act take immediate effect.

CHAPTER 708

If such report is not made within said 30-day period, the commissioners or the board of supervisors may proceed with the contemplated action notwithstanding the failure to file such report.

3. The aggregate of all ad valorem taxes or assessments levied under this act for any one fiscal year shall not exceed one dollar ($1) on each one hundred dollars ($100) of assessed valuation of the taxable property in said zones exclusive of any tax levied to meet the bonded indebtedness of any of said zones and the interest thereon, and exclusive of any tax levied pursuant to subdivision 1 of this Section 12.

4. Said taxes or assessments shall be levied and collected together with, and not separately from taxes for county purposes, and the revenues derived from said district taxes or assessments shall be paid into the county treasury to the credit of said district, or the respective zones thereof, and the board shall have the power to control and order the expenditure thereof for said purposes; provided, however, that no revenues, or portions thereof, derived in any zone from the taxes or assessments levied under the provisions of subdivision 2 or 3 of this section shall be expended for constructing, maintaining, operating, extending, repairing or otherwise improving any works or improvements located in any other zone, except in the case of joint projects, or for projects authorized or established outside such zone, or zones, but for the benefit thereof. Notwithstanding Title 5, Division 2, Part 1, Chapter 8 of the Government Code, the Marin County Flood Control and Water Conservation District is validly created for the purposes of assessment and taxation. The creation of any zone in the Marin County Flood Control and Water Conservation District shall not be effective for purposes of assessment or taxation for the fiscal year 1953–1954 and shall not be effective for such purposes for any fiscal year thereafter unless the statement and map or plat required by Title 5, Division 2, Part 1, Chapter 8 of the Government Code are filed with the county assessor and the State Board of Equalization on or before the 1st of February of the year in which the assessments or taxes are to be levied. Until such time as the creation of any zone shall be effective for purposes of assessment or taxation, any tax or assessment levied by the board shall be levied at a uniform rate on all property in the Marin County Flood Control and Water Conservation District.

SEC. 11. Section 19.5 of the Marin County Flood Control and Water Conservation District Act (Chapter 666 of the Statutes of 1953) is repealed.

SEC. 12. Section 22 of the Marin County Flood Control and Water Conservation District Act (Chapter 666 of the Statutes of 1953) is amended to read:

Sec. 22. Any improvement or unit of work when the cost thereof

according to the estimate of the engineer, will exceed five thousand dollars ($5,000), shall be done by contract let to the lowest responsible bidder or bidders in the manner hereinafter provided. The board shall first determine whether such contract shall be let as a single unit for the whole of the work, or shall be divided into severable convenient parts, or both, according to the best interests of the district. The board shall make call for bids and advertise such call pursuant to Section 6066 of the Government Code in said district inviting sealed proposals for the construction of performance of the improvement or work before any contract is made therefor. Such call for bids shall state whether such work is to be performed as a unit for the whole thereof or shall be divided into separate convenient specific parts, or both, as stated in the call. The board may let such work by single contract for the whole thereof as a unit or it may divide such work into severable convenient parts by separate contracts, as stated in such call, according to the best interests of the district. The board shall require the successful bidder or bidders to file with the board good and sufficient bonds to be approved by the board conditioned upon the faithful performance of the contract and upon the payment of their claims for labor and material in connection therewith, such bonds to contain the terms and conditions set forth in Chapter 3 of Division 5 of Title 1 of the Government Code and to be subject to the provisions of that chapter. The board shall also have the right to reject any and all bids. In the event no proposals are received pursuant to advertisement therefor, or the estimated cost of such work does not exceed the sum of five thousand dollars ($5,000), or the work consists of channel protection, or maintenance, or emergency work when necessary in order to protect life and property from impending flood damage, the board of supervisors may, without advertising for bids therefor, have said work done by day labor, under the direction of the board, by contract, or by a combination of the two. The district shall have the power to acquire in the open market without advertising for bids therefor, materials, equipment and supplies for use in any work or for any other purpose; provided, however, that materials and supplies for use in any new construction work or improvement, except work referred to in the preceding sentence, may not be purchased if the cost thereof exceeds five thousand dollars ($5,000), without advertising for bids and awarding the contract therefor to the lowest responsible bidder.

CHAPTER 714

An act to amend Sections 16370, 16371, 16373, 16374, 16375, 16376, 16379, 16381, 16480, 16482, and 16484 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 6, 1974. Filed with Secretary of State September 6, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 16370 of the Vehicle Code is amended to read:

16370. The department shall suspend the privilege of any person to operate a motor vehicle upon receiving a copy of a judgment, and a certificate of facts relative to the judgment, on a form provided by the department, indicating that the person has failed for a period of 30 days to satisfy a judgment rendered against him, except that such suspension shall not be made under this section when security was deposited under Section 16020 to provide for satisfaction of a judgment arising from the same cause of action and the amount of the judgment does not exceed the deposit by more than two hundred dollars ($200) and such deposit has not been refunded.

SEC. 2. Section 16371 of the Vehicle Code is amended to read:

16371. The suspension shall remain in effect, and no license shall be issued to the judgment debtor until the judgment is satisfied in full or to the extent provided in this chapter and until the judgment debtor gives proof of ability to respond in damages as provided in Chapter 3 (commencing with Section 16430), subject to the exemption stated in Section 16375.

SEC. 3. Section 16373 of the Vehicle Code is amended to read:

16373. The clerk of a court, or the judge of a court which has no clerk, shall forward to the department a certified copy of any judgment or a certified copy of the docket entries in an action resulting in a judgment for damages, and a certificate of facts relative to such judgment, on a form provided by the department, the rendering and nonpayment of which judgment requires the department to suspend the driver's license of the judgment debtor. The document shall be forwarded immediately upon the expiration of 30 days after the judgment has become final and when the judgment has not been stayed or satisfied within the amounts specified in this chapter as shown by the records of the court.

SEC. 4. Section 16374 of the Vehicle Code is amended to read:

16374. Whenever after a judgment is satisfied and proof of ability to respond in damages is given, another judgment is rendered against the same person for any accident occurring prior to the date of the giving of such proof and the person fails to satisfy the latter judgment within the amounts specified in this chapter within 15 days after the latter judgment became final, then the department shall again suspend the driver's license of the judgment debtor and shall not issue to him any driver's license while the latter judgment remains unsatisfied and subsisting within the amounts specified in this chapter.

SEC. 5. Section 16375 of the Vehicle Code is amended to read:

16375. Any person whose driver's license has been suspended, or is about to be suspended or shall become subject to suspension under

this chapter, may relieve himself from the effect of the judgment by filing with the department an affidavit stating that at the time of the accident upon which the judgment has been rendered he was insured, that the insurer is liable to pay such judgment, and the reason, if known, why the insurance company has not paid the judgment. He shall also file the original policy of insurance or a certified copy thereof, if available, and such other documents as the department may require to show that the loss, injury, or damage for which the judgment was rendered, was covered by the policy of insurance.

If the department is satisfied from such papers that the insurer was authorized to issue the policy of insurance in this state at the time of issuing the policy and that such insurer is liable to pay such judgment, at least to the extent and for the amounts provided in this chapter, the department shall not suspend the license, or if already suspended, shall reinstate it.

SEC. 6. Section 16376 of the Vehicle Code is amended to read:

16376. If the person against whom judgment is rendered is a nonresident and the person fails within the prescribed time to satisfy the judgment in full or to the extent specified in this chapter, all privileges of operating a motor vehicle in this state given to the person under this code shall be suspended while the judgment remains in effect and unsatisfied and until the nonresident gives proof of his ability to respond in damages in the manner and to the extent provided in Chapter 3 (commencing with Section 16430) for accidents occurring after the date of the giving of proof.

The department shall forward a certified copy of the judgment of a court of record or a certified copy of the docket of a court not of record to the appropriate officer in charge of the licensing of drivers in the state of which the person is a resident.

SEC. 7. Section 16379 of the Vehicle Code is amended to read:

16379. The department shall not suspend a license and shall restore any suspended license following nonpayment of a final judgment when the judgment debtor gives proof of financial responsibility for future damages and when the trial court in which the judgment was rendered orders the payment of the judgment in installments and while the payment of any installment payment is not in default. Whenever the trial court orders the payment of a judgment in installments as provided in this section, it shall forward a certified copy of the order to the department, together with a certified copy of judgment or certified copy of the docket entries in an action resulting in a judgment for damages and a certificate of facts relative to the judgment on a form provided by the department.

SEC. 8. Section 16381 of the Vehicle Code is amended to read:

16381. In the event that it is made to appear to the court that the judgment debtor has failed to pay any installment as permitted by the order of the court, the court shall give notice of the default to the department and the department shall forthwith suspend the driving privilege of the judgment debtor until the judgment is satisfied as

provided in this chapter.

SEC. 9. Section 16480 of the Vehicle Code is amended to read:

16480. (a) The department shall upon request, or may at its own discretion, cancel any bond or any certificate of insurance, or the department shall direct the return to the person entitled thereto of any money or securities deposited pursuant to this code as proof of ability to respond in damages, or the department shall waive the requirement of filing proof of ability to respond in damages in any of the following events:

(1) When the person is no longer required to maintain such proof under the provisions of this code.

(2) At any time after three years from the date such proof was required.

(3) Upon the death of the person on whose behalf such proof was filed.

(4) The permanent incapacity of such person to operate a motor vehicle if such person surrenders for cancellation his driver's license to the department.

(b) The department shall not release proof filed by the bond of individual sureties as set forth in Section 16434, or if given in the manner prescribed by Section 16435, if any action for damages upon a liability referred to in this code is then pending or if any judgment upon any such liability is outstanding and unsatisfied. An affidavit of the applicant of the nonexistence of such facts shall be prima facie evidence thereof.

SEC. 10. Section 16482 of the Vehicle Code is amended to read:

16482. (a) Any person whose privilege to operate a motor vehicle has been suspended because of failure to satisfy a judgment and the judgment has been outstanding for a period of three years or more, may be relieved of the penalties therein provided and the privilege of the person to operate a motor vehicle may be restored in the event the person files with the department and thereafter maintains proof of ability to respond in damages notwithstanding that the judgment which gave rise to the order of suspension has not been paid or fully satisfied.

(b) Any person who has filed proof of ability to respond in damages as hereinbefore required for three years, or who has been eligibile to file such proof for three years, may be relieved of the requirement of filing proof as provided in paragraph (2) of subdivision (a) of Section 16480.

SEC. 11. Section 16484 of the Vehicle Code is amended to read:

16484. Except when a nonresident minor's certificate or minor's license is canceled as required by Sections 12504 and 17704, respectively, whenever any evidence of proof of ability to respond in damages filed by any person under the provisions of this code no longer fulfills the purpose for which required, the department shall require other evidence of ability to respond in damages as required by Article 1 (commencing with Section 16430) and shall suspend the privilege of the person to operate a motor vehicle upon a highway.

The suspension shall remain in effect until adequate proof of ability to respond in damages is filed with the department by the person.

Such permit shall be valid only during the period of time such person is a resident in the summer or recreational camp. Determination by the person in charge of the summer or recreational camp shall be sufficient proof of the mentally retarded person's status as a resident and the period of time of residency in the summer or recreational camp.

All persons while using such permit shall be accompanied by an adult person except where a representative of the summer or recreational camp certifies this requirement is unnecessary in a particular case.

[Approved by Governor September 6, 1974 Filed with Secretary of State September 6, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 7090 of the Business and Professions Code is amended to read:

7090. The registrar may upon his own motion and shall upon the verified complaint in writing of any person, investigate the actions of any contractor or home improvement salesman within the state and may temporarily suspend or permanently revoke any license or registration if the holder, while a licensee or registrant or applicant hereunder, is guilty of or commits any one or more of the acts or omissions constituting causes for disciplinary action.

The registrar may proceed to take disciplinary action as in this article provided against a person licensed or registered under the provisions of this chapter even though the grounds or cause for such disciplinary action arose upon projects or while the licensee or registrant was acting in a capacity or under circumstances or facts which, under the provisions of Sections 7044, 7045, 7046, and 7048, would otherwise exempt him or his operations from the provisions of this chapter.

Notwithstanding any provision of this chapter, if the registrar finds that any contractor licensed or registered under the provisions of this chapter has willfully and deliberately violated any state or local law relating to the issuance of building permits, the registrar shall suspend or revoke the contractor's license.

For the purpose of this section, there shall be a rebuttable presumption affecting the burden of proof that construction performed without a permit is a willful and deliberate violation.

CHAPTER 718

The board may establish standards for equivalent means of meeting the requirements of this subdivision. Such standards shall insure that the performance of services authorized by Section 9047 by persons complying with such standards shall be done in a manner which protects the health and welfare of the persons receiving such services.

(e) Has not committed any of the offenses set forth in Section 9028.

CHAPTER 719

An act to add Sections 39083.3 and 39090 to the Health and Safety Code, relating to air pollution, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 6, 1974 Filed with Secretary of State September 6, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 39083.3 is added to the Health and Safety Code, to read:

39083.3. No limited-production vehicle, as defined in Section 39090, shall be required to meet emissions standards of the board that are more stringent than standards adopted by the board for 1974 model year motor vehicles. Such vehicles shall meet the standards adopted by the board for 1974 model year motor vehicles or the standards adopted by the Environmental Protection Agency for 1975 model year motor vehicles, whichever are more stringent.

SEC. 2. Section 39090 is added to the Health and Safety Code, to read:

39090. As used in this chapter, "limited-production vehicle" means a new 1975-model year motor vehicle having a manufacturer's gross vehicle weight rating of under 6,001 pounds that is manufactured or sold in this state in quantities of less than 210 units annually.

SEC. 3. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Production of 1975 model year motor vehicles has commenced. In order that the emission standards for limited-production vehicles, as defined in Section 39090 of the Health and Safety Code, as proposed by this act be in effect as early as possible in the 1975 model year, it is necessary that this act take effect immediately.

CHAPTER 720

An act to amend Sections 6463, 8650, 22556, 22557, and 22588 of the Streets and Highways Code, relating to public improvements, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 6, 1974 Filed with Secretary of State September 6, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 6463 of the Streets and Highways Code is amended to read:

6463. The interest shall be payable semiannually, by coupon, on the second days of January and July, respectively, of each year after the date of the bonds. The bonds shall bear the date of the 31st day after the date of recordation of the warrant, whether or not such date falls on a Sunday or holiday. The first interest coupon shall be for interest from the date of the bonds and shall be payable to the holder thereof on the January 2nd next succeeding the September 1st or the July 2nd next succeeding the March 1st, as the case may be, next following the date of the bond. The rate of interest shall not exceed 8 percent per annum on all sums unpaid.

SEC. 2. Section 8650 of the Streets and Highways Code is amended to read:

8650. Except as the legislative body shall provide otherwise under Section 8650.1, the bonds shall be issued in series and an even annual proportion of the aggregate principal sum thereof shall be payable on the second day of July every year succeeding the first 10 months after their date, until the whole is paid. The bonds shall bear interest at a rate not in excess of 8 percent per annum from the 31st day after recording the assessment, or from their date if the work was done under the Municipal Improvement Act of 1913, on all sums unpaid, until the whole of the principal sum and interest are paid.

Interest shall be payable semiannually by coupon, on the second day of January and July, respectively, of each year. The first payment of interest shall not become due until six months before the maturity of the first series of bonds.

SEC. 3. Section 22556 of the Streets and Highways Code is

amended to read:

22556. Mailed notice shall be sent by first-class mail and deposited, postage prepaid, in the United States mails and shall be deemed given when so deposited. Mailed notice to property owners when required by this division shall be given by mailing to those persons whose names and addresses appear on the last equalized county assessment roll or the State Board of Equalization assessment roll, as the case may be.

SEC. 4. Section 22557 of the Streets and Highways Code is amended to read:

22557. Mailed notices of hearings for the formation of an assessment district or for the annexation of territory to an existing district shall be given to property owners within the proposed assessment district or within the territory proposed to be annexed to an existing district, as the case may be, under any of the following circumstances only:

(a) Whenever with respect to the particular parcel, the total estimated assessment levy exceeds the sum of one hundred dollars ($100).

(b) Whenever the property owner is a nonresident of the assessment district or the proposed assessment district. For purposes of this subdivision, a nonresident is a property owner whose address, as it appears on the last equalized county assessment roll or the State Board of Equalization assessment roll, as the case may be, is not located within the assessment district or the proposed assessment district.

(c) Whenever the property owner is a public utility subject to the jurisdiction of, and regulated by, the Public Utilities Commission.

(d) Whenever the property owner has filed a written request for such notice with the city clerk of the jurisdiction within which the affected territory is located. Any request for notice filed pursuant to this subdivision shall be valid for one year from the date on which it is filed unless a renewal request is filed. Renewal requests for notice shall be filed within 90 days after January 1 of each year. Any request for notice, or renewal request, shall contain a description of the property owned by the person filing the request. Such description may be in general terms but shall be sufficiently detailed to readily identify such property.

Mailed notice of those hearings shall be given at least 10 days prior to the date of hearing specified therein.

SEC. 5. Section 22588 of the Streets and Highways Code is amended to read:

22588. The clerk shall give notice of hearing by causing the resolution of intention to be published, posted, and mailed as provided in Section 22556.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Inasmuch as there is a great need for financing of badly needed public improvements, and in order that the increase in the maximum interest rate on improvement bonds authorized by this act may, as soon as possible, facilitate such financing, make these bonds more competitive on the market with other types of financing, and do away with the large discount of bond prices which is presently occurring, it is necessary for this act to take effect immediately.

CHAPTER 721

An act to amend Sections 53531, 53532, and 53541 of the Government Code, Sections 13917.5 and 33645 of the Health and Safety Code, and Sections 71800, 71810, and 71811 of the Water Code, relating to local agency indebtedness, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 6, 1974 Filed with Secretary of State September 6, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 53531 of the Government Code is amended to read:

53531. Any provision of law specifying the maximum interest rate on bonds to the contrary notwithstanding, bonds may bear interest at a coupon rate or rates as determined by the legislative body in its discretion but not to exceed 8 percent per year payable as permitted by law, unless some higher rate is permitted by law.

SEC. 2. Section 53532 of the Government Code is amended to read:

53532. The provisions of Section 53531 shall apply only to coupon rates and shall not affect the power of a local agency to sell bonds at a discount below par if permitted by law. Any provision of law permitting bonds to be sold at a discount but specifying a maximum interest yield on bonds sold at a discount to the contrary notwithstanding, the bonds may be sold at a price yielding to the purchaser an effective interest rate of not to exceed 8 percent per year, payable as permitted by law, according to standard tables of bond values.

SEC. 3. Section 53541 of the Government Code is amended to read:

53541. Any provision of law requiring an election to the contrary notwithstanding, the legislative body without a vote of the electors may issue bonds of the local agency, zone or improvement district if:

(a) The principal amount of such bonds does not exceed the then unissued balance of the principal amount of bonds of the same type authorized at an election heretofore held in the local agency, or in

such zone or improvement district;

(b) The bonds are issued for the same purpose as that for which said unissued bonds were authorized; and

(c) The bonds are issued in accordance with the laws governing the issuance of bonds of the local agency, except for the requirement of a bond election.

Bonds issued pursuant to this section may bear interest at a rate or rates not to exceed 8 percent per year. When bonds are issued pursuant to this section, unissued bonds as referred to in subdivisions (a) and (b) of this section in a principal amount at least equal to the principal amount of bonds issued pursuant to this section, shall be canceled by order of the legislative body and shall not be issued.

SEC. 4. Section 13917.5 of the Health and Safety Code is amended to read:

13917.5. The district may acquire all necessary and proper lands and facilities, or any portion thereof, or equipment, by means of a plan to borrow money or by purchase on contract. The amount of indebtedness to be incurred shall not exceed an amount equal to three times the actual tax income for the fiscal year preceding the year in which the indebtedness is incurred, and all such indebtedness which is incurred on or after the effective date of this act shall be repaid in approximately equal annual installments during a period not to exceed 10 years from the date on which it is incurred and shall bear interest at a rate not exceeding 8 percent per annum payable annually or semiannually or in part annually and in part semiannually. Each such indebtedness shall be authorized by a resolution adopted by the affirmative votes of at least four-fifths of the members of the district board if the board has five members or more, and by the affirmative votes of at least two-thirds of the members if the board has less than five members, and shall be evidenced by a promissory note or contract signed by at least four-fifths of the members of the district board, if the board has five members or more, or signed by at least two-thirds of the members if the board has less than five members. At the time of making the general tax levy after incurring each such indebtedness and annually thereafter until such indebtedness is paid or until there is a sum in the treasury set apart for that purpose sufficient to meet all payments of principal and interest on such indebedness as they become due, a tax shall be levied and collected sufficient to pay the interest on such indebtedness and such part of the principal as will become due before the proceeds of a tax levied at the next general tax levy will be available. The indebtedness authorized to be incurred by this section shall be in addition to, and the provisions of this section shall not apply to, any bonded indebtedness authorized by vote of the electors.

SEC. 5. Section 33645 of the Health and Safety Code is amended to read:

33645 The agency may authorize bonds by resolution. The resolution, trust indenture, or mortgage may provide for:

(a) The issuance of the bonds in one or more series.

(b) The date the bonds shall bear.

(c) The maturity dates of the bonds.

(d) The rate or maximum rate of interest on the indebtedness, which shall not exceed 8 percent, and need not be recited if such rate does not exceed 4½ percent. Such interest shall be payable semiannually, except that interest for the first year after the date of the bonds may be made payable at the end of such year.

(e) The denomination of the bonds.

(f) Their form, either coupon or registered.

(g) The conversion or registration privileges carried by the bonds.

(h) The rank or priority of the bonds.

(i) The manner of their execution.

(j) The medium of payment.

(k) The place of payment.

(*l*) The terms of redemption with or without premium to which the bonds are subject.

SEC. 6. Section 71800 of the Water Code is amended to read:

71800. A district may issue warrants to pay the formation expenses of the district. The warrants may bear interest at a rate not exceeding 8 percent per year from the date of issue until funds are available to pay the warrants.

SEC. 7. Section 71810 of the Water Code is amended to read:

71810. A district may issue negotiable promissory notes pursuant to Sections 71811 and 71812. Such promissory notes shall bear interest at a rate not exceeding 8 percent per year. They shall be payable from revenues and taxes levied for purposes of the district other than the payment of principal and interest on any bonded debt of the district or of an improvement district therein.

SEC. 8. Section 71811 of the Water Code is amended to read:

71811. A district may issue negotiable promissory notes pursuant to this section to acquire funds for any district purposes. The maturity of such promissory notes shall not be later than five years from the date thereof. The total aggregate amount of such notes outstanding at any one time may be at least equal to seventy-five thousand dollars ($75,000) in any district but shall not exceed the lesser of either two million five hundred thousand dollars ($2,500,000) or 3 percent of the assessed valuation of the taxable property in the district, or, if the assessed valuation is not obtainable, 3 percent of the county auditor's estimate of the assessed valuation of the taxable property in the district evidenced by his certificate. Promissory notes issued pursuant to Section 71812 may be disregarded in computing the aggregate amount of notes that may be issued pursuant to this section.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The small demand for local agency bonds makes it exceedingly

difficult to sell such bonds at the present rates of interest. It is therefore, imperative that this act which would increase the maximum permissible rate of interest on such bonds take effect immediately.

CHAPTER 722

An act to amend Section 11251 of the Education Code, relating to public schools and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 6, 1974. Filed with Secretary of State September 6, 1974.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that police, fire, corrections, and other criminal justice system occupation programs have been offered by community colleges for approximately 15 years, and such programs have continually received state aid in the past. The Legislature further finds that these programs have in the past been conducted by the community colleges under restricted enrollment conditions at the request of local law enforcement, corrections, fire and other criminal justice system agencies.

SEC. 2. Section 11251 of the Education Code is amended to read:

11251. (a) In computing the average daily attendance of a school district, there shall be included only the attendance of pupils while engaged in educational activities required of such pupils and under the immediate supervision and control of an employee of the district who possessed a valid certification document, registered as required by law, authorizing him to render service in the capacity and during the period in which he served. For purposes of computing the average daily attendance of a community college district, attendance shall also include student attendance and participation in approved coordinated instruction systems programs of instruction using television, computer-assisted instruction, automated audio-visual systems, programmed learning materials, and other similar teaching techniques, under the coordination and evaluation of an employee who possessed an appropriate certification document, but not requiring the immediate supervision of such employee. Approved coordinated instruction systems programs of instruction are those recommended by the governing board of the district maintaining the community college and approved by the Board of Governors of the California Community Colleges. One student contact hour is to be counted for each unit of coordinated instruction systems credit in which a student is enrolled during any census period. The state aid apportionment made by the board of governors shall not be greater than one-half the current costs of conducting approved coordinated

instruction systems programs of instruction. Coordinated instruction systems programs of instruction shall be conducted by employees of the district who possess valid credentials or certification documents, who shall determine the need for immediate supervision of the programs of instruction. Such employees shall evaluate individual student progress and assign appropriate grades for students enrolled in classes taught by the coordinated instruction systems programs of instruction.

(b) For the purpose of work experience education programs in the secondary schools meeting the standards of the California State Plan for Vocational Education, "immediate supervision" of off-campus work training stations means pupil participation in on-the-job training as outlined under a training agreement, coordinated by the school district under a state-approved plan, wherein the employer and certificated school personnel share the responsibility for on-the-job supervision. The pupil-teacher ratio in any such work experience program shall not exceed 125 students per full-time equivalent certificated coordinator. A pupil enrolled in such work experience program shall not be credited with more than one day of attendance in any calendar day, and shall be a full-time student enrolled in regular classes meeting the requirements set forth in Section 11052 or 11055.

(c) For purposes of computing the average daily attendance of a community college district, attendance shall also include student attendance and participation in in-service training courses in the areas of police, fire, corrections, and other criminal justice system occupations that conform to all apportionment attendance and course of study requirements otherwise imposed by law; provided that such courses are fully open to the enrollment and participation of the public pursuant to subdivision (2) of Section 5753; and provided further, that prerequisites for such courses shall not be established or construed so as to prevent academically qualified persons not employed by agencies in the criminal justice system from enrolling in and attending such courses.

(d) In the event that certain in-service training courses are restricted to employees of police, fire, corrections, and other criminal justice agencies, attendance for such restricted courses shall not be reported for purposes either of state apportionments or district revenue limits computed pursuant to Sections 20935 and 20937. Notwithstanding the provisions of Section 5753, a community college district which restricts enrollment in such in-service training courses may contract with any public agency to provide compensation for the cost of conducting such courses.

(e) Positive records of student admissions and daily attendance in all in-service training courses in the areas of police, fire, corrections, and other criminal justice system occupations, as described in subdivision (c), shall be maintained by each district and shall be separately reported annually to the Chancellor's Office of the California Community Colleges.

SEC. 3. The Legislature hereby ratifies, validates, and confirms and declares to be legally effective for all purposes all past apportionments of state aid to community colleges for in-service training courses offered in the areas of police, fire, corrections, and other criminal justice system occupations. However, nothing in this section shall preclude errors of calculating and reporting attendance from being adjusted pursuant to Section 17414 of the Education Code.

SEC. 4. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency or school district for any costs that may be incurred by it in carrying on any program or in performing any service required to be carried on or performed by this act because duties, obligations, or responsibilities imposed on local governmental entities or school districts by this act are such that related costs are incurred as a part of their normal operating procedures.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

A serious question has arisen as to whether attendance in police and fire in-service training courses, classes, and programs in community college districts qualify for state funding in the 1974–75 fiscal year. In order to clarify the law in this area, to prevent the serious curtailment of community college programs that would result if community colleges were required to return state school funds for such courses in criminal justice system occupations offered by colleges in prior years, and to permit training programs mandated by the Legislature to continue that are designed to protect the public peace, at the earliest possible time, it is necessary that this act take effect immediately.

SEC. 2. Nothing in this act shall be construed as an endorsement by the Legislature of any proposal of the Department of Transportation for any freeway connection between the Golden Gate Bridge and any freeway.

An act to amend Section 4303 of the Civil Code, relating to premarital blood tests.

[Approved by Governor September 18, 1974. Filed with Secretary of State September 18, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 4303 of the Civil Code is amended to read:

Certificates provided by the armed forces of the United States will be accepted for military personnel provided such certificates are

signed by a medical officer commissioned in such armed forces and provided the certificates state the examinations and serological tests for syphilis were performed not more than 30 days prior to the issuance of the marriage license.

Certificate forms provided by other states not having comparable laws will be accepted for persons who have been examined by a physician and surgeon licensed in that state and who have received serological tests for syphilis performed by the official state public health laboratory in that state if the certificate states that such examination and tests were performed not more than 30 days prior to issuance of the marriage license.

660. (a) If the minor is detained the clerk of the juvenile court shall cause the notice and copy of the petition to be served on all persons required to receive such notice and copy of the petition, either personally or by certified mail with request for return receipt, as soon as possible after filing of the petition and at least five days prior to the time set for hearing, unless such hearing is set less than five days from the filing of the petition, in which case, such notice and copy of the petition must be served at least 24 hours prior to the time set for hearing.

In the instance of failure to appear after notice by certified or first-class mail, the court shall direct that the notice and copy of the petition is to be personally served on all persons required to receive such notice and

copy of the petition. Personal service of the notice and copy of the petition outside of the county at least 10 days before the time set for hearing is equivalent to such service by certified or first-class mail. Service may be waived by any person by a voluntary appearance entered in the minutes of the court or by a written waiver of service filed with the clerk of the court at or prior to the hearing.

(c) For purposes of this section, except in a case in which a minor is alleged to be a person described in Section 600, service on the minor's attorney shall constitute service on the minor's parent or guardian.

SEC. 2. Section 51941 of the Government Code is amended to read:

51941. Upon reorganization every special district within the county or exercising all or any part of its jurisdiction or powers within the county except as may be otherwise provided in the charter, is deemed dissolved. The functions of all such dissolved districts shall be assumed by the city-county government, except as may be otherwise provided in the charter. The provisions of Section 51942, 51943, 51944, and 51945 shall be applicable to the merger of every such special district merged with the city-county pursuant to this charter.

SEC. 3. Section 35017 is added to the Government Code, to read:

35017. to the charter, to any city which is not merged and consolidated into the city and county shall be governed by the provisions of this chapter as though the territory in the rural areas or zones was unincorporated territory.

The provisions of this section shall apply only in a city and county whose charter expressly permits annexations by cities not merged and consolidated of territory in rural areas or zones, as established pursuant to the charter, as though territory in such rural areas or zones were unincorporated territory.

SEC. 4. The Legislature finds and declares that the amendments to Section 51941 of the Government Code made by this act is declaratory of existing law.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the cities in Sacramento County and the County of Sacramento may proceed with their reorganization plans this statute must be given immediate effect.

CHAPTER 728

An act to amend Section 2416 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 2416 of the Vehicle Code is amended to read:

2416. (a) The Commissioner of the California Highway Patrol may issue authorized emergency vehicle permits only for the following vehicles, and then only upon a finding in each case that the vehicle is used in responding to emergency calls for fire or law enforcement or for the immediate preservation of life or property or for the apprehension of law violators:

(1) Any vehicle maintained in whole or in part by the state, a county or a city and privately owned and operated by a constable, deputy constable, or person who is a member of, and who receives salary from, and is regularly employed by, a police department or sheriff's department, provided the state, county or city does not furnish to such person a publicly owned authorized emergency vehicle.

(2) An emergency repair vehicle of a utility or public utility.

(3) Firefighting equipment designed and operated exclusively as such.

(4) Any vehicle operated by the chief, assistant chief, or one other

(6) Any vehicle operated by the chief of any fire department established on any base of the armed forces of the United States.

(8) Vehicles used for law enforcement work by persons designated by the Board of Supervisors of Kern County to protect Kern County parks from damage and preserve the peace therein pursuant to Section 5380 of the Public Resources Code. Such authorized emergency equipment shall be used only for stopping vehicles for suspected traffic violations or for allowing the movement of the authorized emergency vehicle through traffic during an emergency.

(b) Privately owned ambulances may be operated as emergency vehicles only under a license issued in accordance with the provisions of Chapter 2.5 (commencing with Section 2500) of this division.

SEC. 2. The provisions of this act are necessary because the topographical and population distribution features of Kern County present unique problems with respect to the county parks in Kern County. It is therefore hereby declared that a general law cannot be made applicable and that the enactment of this act as a special law is necessary for the solution of the unique problems facing county parks in Kern County.

(b) If the answer of the partnership is not received within 30 days of the date such notice was transmitted or if the answer is not satisfactory, and if the enforcement of the rights of the aggrieved persons by private civil action, by class action or otherwise, would be so burdensome or expensive as to be impractical, the Attorney General may institute, maintain or intervene in such suits, actions or proceedings of any type in any court of competent jurisdiction or before any administrative agency for such relief by way of injunction, the dissolution of entities, the appointment of receivers, or any other temporary, preliminary, provisional or final remedies as may be appropriate to protect the rights of limited partners or to undo the consequences of failure to comply with the requirements of subdivision (a) or (b) of Section 15510 or the certificate of limited partnership. Such higher rates shall be payable by the county in the same manner and from the same funds as other salary demands against the county. SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

CHAPTER 731

CHAPTER 732

An act to amend Sections 2030, 2033, and 2034 of the Code of Civil Procedure, relating to procedure.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 2030 of the Code of Civil Procedure is amended to read:

2030. (a) Any party may serve upon any other party written interrogatories to be answered by the party served or, if the party served is a public or private corporation or a partnership or association, or body politic, by any officer or agent, who shall furnish such information as is available to the party. Interrogatories may be served upon any other party at any time after service of the summons or the appearance of such other party and without leave of court except that, if service of interrogatories is made by the plaintiff

within 10 days after such service of summons or appearance, leave of court granted with or without notice must first be obtained. The interrogatories shall be answered separately and fully in writing under oath. The answers shall be signed by the person making them; and the party upon whom the interrogatories have been served shall serve the answers on the party submitting the interrogatories within 30 days after the service of the interrogatories, unless the court, on motion and notice and for good cause shown, enlarges or shortens the time. For good cause and without notice, the court may enlarge the time not to exceed 15 days. Said answers shall respond to the written interrogatories; or, if any interrogatory be deemed objectionable, the objections thereto may be stated by the party addressed in lieu of response. If the party who has submitted the interrogatories deems that further response is required, he may move the court for an order requiring further response. Such motion must be upon notice given within 30 days from date of service of the answers or objections unless the court, on motion and notice, and for good cause shown, enlarges the time. Otherwise, the party submitting the interrogatories shall be deemed to have waived the right to compel answer pursuant to this section. Copies of all interrogatories and of all answers thereto shall be served upon all other parties to the action who have appeared; but the court on motion with or without notice may waive this requirement if the court determines that enforcement thereof would be unduly expensive, oppressive or burdensome. At any time prior to final judgment and upon written request, the party originating interrogatories or responses thereto shall provide within 30 days of such request a copy thereof to any other party for any reason not previously served.

(b) Each party propounding or responding to written interrogatories shall file a copy of the first page and such succeeding pages thereof as are necessary to show the identity of such propounding or responding parties, the set number and the identity of each party directed to answer, shall file therewith the original of an affidavit of service, and shall deliver at that time the originals of such documents to the clerk, or if there be no clerk, to the judge, to be kept by him in the same manner as exhibits or depositions introduced in the trial of a civil action or proceeding.

(c) Interrogatories may relate to any matters which can be inquired into under subdivision (b) of Section 2016 of this code, and the answers may be used to the same extent as provided in subdivision (d) of Section 2016 of this code for the use of the deposition of a party. Interrogatories may be served after a deposition has been taken, and a deposition may be sought after interrogatories have been answered, but the court, on motion of the deponent or the party interrogated, may make such protective order as justice may require. The number of interrogatories or of sets of interrogatories to be served is not limited except as above provided and except as justice requires to protect the party from annoyance, expense, embarrassment or oppression. The provisions of subdivision

(b) of Section 2019 of this code are applicable for the protection of the party from whom answers to interrogatories are sought under this section.

(d) When in order to answer an interrogatory it is necessary to make a compilation, abstract, audit or summary of the business records of a party, and such a compilation, abstract, audit or summary does not exist, or if it does exist, it is not in the possession or under control of such party, it shall be a sufficient answer to such interrogatory to so state and to specify the records from which the answer may be derived or ascertained and to afford to the party by whom the interrogatory was proposed reasonable opportunity to examine, audit or inspect such records and to make copies thereof or compilations, abstracts or summaries therefrom.

(e) Service of interrogatories and responses under this section may be made upon any party or his attorney in the manner provided in Chapter 5, Title 14, Part 2 (commencing at Section 1010) of this code.

SEC. 2. Section 2033 of the Code of Civil Procedure is amended to read:

2033. (a) After service of summons or the appearance of a party, any other party who has appeared in the action may serve upon such party who has been served or who has appeared a written request for the admission by the latter of the genuineness of any relevant documents described in the request or of the truth of any relevant matters of fact set forth in the request. If a plaintiff desires to serve a request within 10 days after such service of summons or appearance, leave of court, granted with or without notice, must be obtained. Copies of the documents shall be served with the request unless copies have already been furnished, and upon request the originals shall be made available for inspection. Each of the matters of which an admission is requested shall be deemed admitted unless, within a period designated in the request, not less than 20 days after service thereof or within such shorter or longer time as the court may allow on motion and notice, the party to whom the request is directed serves upon the party requesting the admission either (1) a sworn statement denying specifically the matters of which an admission is requested or setting forth in detail the reasons why he cannot truthfully admit or deny those matters or (2) written objections on the ground that some or all of the requested admissions are privileged or irrelevant or that the request is otherwise improper in whole or in part, together with a notice of hearing the objections at the earliest practicable time. For good cause and without notice, the court may enlarge the time not to exceed 15 days. If written objections to a part of the request are made, the remainder of the request shall be answered within the period designated in the request. A denial shall fairly meet the substance of the requested admission, and when good faith requires that a party deny only a part or a qualification of a matter of which an admission is requested, he shall specify so much of it as is true and deny only the remainder If

the party who has submitted the requests for admissions deems that further response is required, he may move the court for an order requiring further response. Such motion must be upon notice given within 30 days from date of service of the responses unless the court, on motion and notice, and for good cause shown, enlarges the time. Otherwise, the party submitting the requests for admissions shall be deemed to have waived the right to compel further responses pursuant to this section. Copies of all requests for admissions and of all responses thereto shall be served upon all other parties to the action who have appeared; but the court on motion with or without notice may waive this requirement if the court determines that enforcement thereof would be unduly expensive, oppressive or burdensome. At any time prior to final judgment and upon written request, the party originating requests for admissions or responses thereto shall provide within 30 days of such written request a copy thereof to any other party for any reason not previously served.

(b) Each party propounding or responding to requests for admissions shall file a copy of the first page and such succeeding pages thereof as are necessary to show the identity of such propounding or responding party, the set number and the identity of each party directed to answer, shall file therewith the original of an affidavit of service, and shall deliver at that time the originals of such documents to the clerk, or if there be no clerk, to the judge, to be kept by him in the same manner as exhibits or depositions introduced in the trial of a civil action or proceeding.

(c) The number of requests for admissions or of sets of requests for admissions to be served is not limited except as justice requires to protect the party from annoyance, expense, embarrassment or oppression. The provisions of subdivision (b) of Section 2019 are applicable for the protection of the party from whom the admissions are requested under this section.

(d) Any admission made by a party pursuant to such request is for the purpose of the pending action only and neither constitutes an admission by him for any other purpose nor may be used against him in any other action.

(e) Service upon a party of any request for admission or response under this section may be made upon any party or his attorney in the manner provided in Chapter 5, Title 14, Part 2 (commencing at Section 1010) of this code.

SEC. 3. Section 2034 of the Code of Civil Procedure is amended to read:

2034. (a) If a party or other deponent refuses to answer any question propounded upon examination during the taking of a deposition, or refuses to produce at a deposition any books, documents or other things under his control pursuant to a subpoena duces tecum, the examination shall be completed on other matters or adjourned, as the proponent of the question may prefer. Such proponent, on notice to all persons affected thereby, may move the court in which the action is pending (if the deponent is a party or

otherwise subject to the jurisdiction of such court), or if such court does not have jurisdiction over the deponent, to the superior court of the county in which the deposition is taken for an order compelling an answer or if good cause is shown, the production of such book, document, or other thing. Such motion may also be made, without further notice, if the proponent notifies the refusing party or other deponent at the time of such refusal that the proponent will apply to the court for an order pursuant to this subdivision of this section, at a specified time not less than 10 nor more than 30 days from the date of such refusal, in which event the officer before whom the deposition is taken shall direct the refusing party or other deponent to attend a session of said court at said time. Not less than five days prior to the hearing on any such motion, the proponent must lodge with the court the original transcript of such deposition. Upon the refusal of a party to answer any interrogatory submitted under Section 2030 of this code, the proponent of the question may on like notice make like application for such an order. Upon the refusal of a party to admit or deny the genuineness of any documents or the truth of any matters of fact, after having been served with a request under Section 2033 of this code, the party serving such request may on like notice make like application for an order requiring further answers to such request or, in the alternative, for an order that the genuineness of said documents or the truth of said matters of fact be deemed admitted for the purpose of the action. If the motion is granted and if the court finds that the refusal was without substantial justification the court may require the refusing party or deponent and the party or attorney advising the refusal or either of them to pay to the examining party the amount of the reasonable expenses incurred in obtaining the order, including reasonable attorney's fees. If the motion is denied and if the court finds that the motion was made without substantial justification, the court may require the examining party or the attorney advising the motion or both of them to pay to the refusing party or witness the amount of the reasonable expenses incurred in opposing the motion including reasonable attorney's fees.

(b) (1) The court may punish as a contempt (i) the refusal of any person to obey a subpoena issued by that court to attend a deposition or to be sworn as a witness, or (ii) the refusal of any person to attend a session of court (either personally or by his attorney) after having been directed to attend in the manner provided in subdivision (a) of this section, or (iii) the refusal of any person to obey any order made by the court under subdivision (a) of this section.

(2) If any party or person for whose immediate benefit the action or proceeding is prosecuted or defended, or an officer, director, superintendent, member, agent, employee or managing agent of any such party or person refuses to obey an order made under subdivision (a) of this section, or if any party or an officer or managing agent of a party refuses to obey an order made under Sections 2019, 2031 or 2032 of this code, the court may make such

orders in regard to the refusal as are just, and among others the following:

(i) An order that the matters regarding which the questions were asked, or the character or description of the thing or land, or the contents of the paper, or the physical or mental or blood condition of the person sought to be examined, or any other designated facts shall be taken to be established for the purposes of the action in accordance with the claim of the party obtaining the order:

(ii) An order refusing to allow the disobedient party to support or oppose designated claims or defenses, or prohibiting him from introducing in evidence designated documents or things or items of testimony, or from introducing evidence of the physical or mental or blood condition of the person sought to be examined;

(iii) An order striking out pleadings or parts thereof, or staying further proceedings until the order is obeyed, or dismissing the action or proceeding or any part thereof, or rendering a judgment by default against the disobedient party;

(iv) An order requiring the disobedient party or the attorney advising such disobedience to pay to the party obtaining an order under this section the reasonable expenses incurred in obtaining the order, including reasonable attorney's fees;

(v) In lieu of any of the foregoing orders or in addition thereto, an order directing the arrest of any party or agent of a party for disobeying any of such orders except an order to submit to a physical or mental or blood examination;

(vi) Where a party has failed to comply with an order under subdivision (a) of Section 2032 of this code requiring him to produce another for examination, such orders as are listed in (i), (ii), and (iii) of this subdivision of this section, unless the party failing to comply shows that he is unable to produce such person for examination.

(c) If a party, after being served with a request under Section 2033 of this code to admit the genuineness of any documents or the truth of any matters of fact, serves a sworn denial thereof and if the party requesting the admissions thereafter proves the genuineness of any such document or the truth of any such matter of fact, he may apply to the court in the same action for an order requiring the other party to pay him the reasonable expenses incurred in making such proof, including reasonable attorney's fees. If the court finds that there were no good reasons for the denial and that the admissions sought were of substantial importance, the order shall be made.

(d) If a party or a person for whose immediate benefit the action or proceeding is prosecuted or defended or anyone who at the time the deposition is set is an officer, director, or managing agent of any such party or person willfully fails to appear before the officer who is to take his deposition, after said party or his attorney has been served with a proper notice in accordance with the provisions of subdivision (a) (4) of Section 2019 of this code, or if a party or an officer or managing agent of a party willfully fails to serve answers to interrogatories submitted under Section 2030 of this code, after

proper service of such interrogatories, the court on motion and notice may strike out all or any part of any pleading of that party, or dismiss the action or proceeding or any part thereof, or enter a judgment by default against that party, or impose such other penalties of a lesser nature as the court may deem just, and may order that party or his attorney to pay to the moving party the reasonable expenses in making such motion, including reasonable attorney's fees.

SEC. 4. Section 2034 of the Code of Civil Procedure is amended to read:

2034. (a) If a party or other deponent refuses or fails to answer any question propounded upon examination during the taking of a deposition, or refuses or fails to produce at a deposition any books, documents or other things under his control pursuant to a subpoena duces tecum, the examination shall be completed on other matters or adjourned, as the proponent of the question may prefer. Such proponent, on notice to all persons affected thereby, may move the court in which the action is pending (if the deponent is a party or otherwise subject to the jurisdiction of such court), or if such court does not have jurisdiction over the deponent, to the superior court of the county in which the deposition is taken for an order compelling an answer or if good cause is shown, the production of such book, document, or other thing. Such motion may also be made, without further notice, if the proponent notifies the refusing party or other deponent at the time of such refusal or failure that the proponent will apply to the court for an order pursuant to this subdivision of this section, at a specified time not less than 10 nor more than 30 days from the date of such refusal or failure, in which event the officer before whom the deposition is taken shall direct the refusing or failing party or other deponent to attend a session of said court at said time. Not less than five days prior to the hearing on any such motion, the proponent must lodge with the court the original transcript of such deposition. Upon the refusal or failure of a party to answer any interrogatory submitted under Section 2030 of this code, the proponent of the question may on like notice make like application for such an order. Upon the refusal or failure of a party to admit or deny the genuineness of any documents or the truth of any matters of fact, after having been served with a request under Section 2033 of this code, the party serving such request may on like notice make like application for an order requiring further answers to such request or, in the alternative, for an order that the genuineness of said documents or the truth of said matters of fact be deemed admitted for the purpose of the action. Upon the refusal or failure of a party to permit inspection or entry after having been served with a request under Section 2031 of this code, the party serving such request may on like notice and upon a showing of good cause make application for an order to compel compliance with the request. If the motion is granted and if the court finds that the refusal or failure was without substantial justification the court may require

the refusing or failing party or deponent and the party or attorney advising the refusal or failure or either of them to pay the examining party the amount of the reasonable expenses incurred in obtaining the order, including reasonable attorney's fees. If the motion is denied and if the court finds that the motion was made without substantial justification, the court may require the examining party or the attorney advising the motion or both of them to pay to the refusing or failing party or witness the amount of the reasonable expenses incurred in opposing the motion including reasonable attorney's fees.

(b) (1) The court may punish as a contempt (i) the refusal of any person to obey a subpoena issued by that court to attend a deposition or to be sworn as a witness, or (ii) the refusal of any person to attend a session of court (either personally or by his attorney) after having been directed to attend in the manner provided in subdivision (a) of this section, or (iii) the refusal of any person to obey any order made by the court under subdivision (a) of this section.

(2) If any party or person for whose immediate benefit the action or proceeding is prosecuted or defended, or an officer, director, superintendent, member, agent, employee or managing agent of any such party or person refuses to obey on order made under subdivision (a) of this section, or if any party or an officer or managing agent of a party refuses to obey an order made under Sections 2019, 2031 or 2032 of this code, the court may make such orders in regard to the refusal as are just, and among others the following:

(i) An order that the matters regarding which the questions were asked, or the character or description of the thing or land, or the contents of the paper, or the physical or mental or blood condition of the person sought to be examined, or any other designated facts shall be taken to be established for the purposes of the action in accordance with the claim of the party obtaining the order;

(ii) An order refusing to allow the disobedient party to support or oppose designated claims or defenses, or prohibiting him from introducing in evidence designated documents or things or items of testimony, or from introducing evidence of the physical or mental or blood condition of the person sought to be examined;

(iii) An order striking out pleadings or parts thereof, or staying further proceedings until the order is obeyed, or dismissing the action or proceeding or any part thereof, or rendering a judgment by default against the disobedient party;

(iv) An order requiring the disobedient party or the attorney advising such disobedience to pay to the party obtaining an order under this section the reasonable expenses incurred in obtaining the order, including reasonable attorney's fees;

(v) In lieu of any of the foregoing orders or in addition thereto, an order directing the arrest of any party or agent of a party for disobeying any of such orders except an order to submit to a physical or mental or blood examination;

(vi) Where a party has failed to comply with an order under subdivision (a) of Section 2032 of this code requiring him to produce another for examination, such orders as are listed in (i), (ii), and (iii) of this subdivision of this section, unless the party failing to comply shows that he is unable to produce such person for examination.

(c) If a party, after being served with a request under Section 2033 of this code to admit the genuineness of any documents or the truth of any matters of fact, serves a sworn denial thereof and if the party requesting the admissions thereafter proves the genuineness of any such document or the truth of any such matter of fact, he may apply to the court in the same action for an order requiring the other party to pay him the reasonable expenses incurred in making such proof, including reasonable attorney's fees. If the court finds that there were no good reasons for the denial and that the admissions sought were of substantial importance, the order shall be made.

(d) If a party or a person for whose immediate benefit the action or proceeding is prosecuted or defended or anyone who at the time the deposition is set is an officer, director, or managing agent of any such party or person willfully fails to appear before the officer who is to take his deposition, after said party or his attorney has been served with a proper notice in accordance with the provisions of subdivision (a) (4) of Section 2019 of this code, or if a party or an officer or managing agent of a party willfully fails to serve answers to interrogatories submitted under Section 2030 of this code, after proper service of such interrogatories, the court on motion and notice may strike out all or any part of any pleading of that party, or dismiss the action or proceeding or any part thereof, or enter a judgment by default against that party, or impose such other penalties of a lesser nature as the court may deem just, and may order that party or his attorney to pay to the moving party the reasonable expenses in making such motion, including reasonable attorney's fees.

SEC. 5. It is the intent of the Legislature, if this bill and Assembly Bill No. 3770 are both chaptered and become effective January 1, 1975, both bills amend Section 2034 of the Code of Civil Procedure, and this bill is chaptered after Assembly Bill No. 3770, that the amendments to Section 2034 proposed by both bills be given effect and incorporated in Section 2034 in the form set forth in Section 4 of this act. Therefore, Section 4 of this act shall become operative only if this bill and Assembly Bill No. 3770 are both chaptered and become effective January 1, 1975, both amend Section 2034, and Assembly Bill No. 3770 is chaptered before this bill, in which case Section 3 of this act shall not become operative.

CHAPTER 733

An act to amend Sections 70025 and 70026 of, and to add Sections 68514 and 74140 to, the Government Code, relating to courts.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 68514 is added to the Government Code, to read:

Such records shall be inspected and audited by the Judicial Council.

(b) The Judicial Council shall submit an annual report to the board of supervisors of any such county and to the Legislature summarizing the information contained in the records.

(c) Each such annual report shall include the following information relative to the official court reporters of the county:

(1) The quantity and types of transcripts prepared by the official reporters and official reporters pro tempore during the reporting period;

(2) The fees charged and the fees collected for such transcripts;

(3) Expenses incurred by the reporters in connection with the preparation of such transcripts;

(4) The amount of time the reporters have spent in attendance upon the courts for the purpose of reporting proceedings, and the compensation received for this purpose; and

(5) Such other information as the Judicial Council may required.

SEC. 1.5. Section 70025 of the Government Code is amended to read:

70025. In a county having a population of more than 300,000 and less than 310,000 as determined by the 1960 federal census, each regular official reporter of the superior court shall receive a biweekly salary of six hundred thirty-five dollars and twenty cents ($635.20). Each official reporter pro tempore of the superior court shall receive compensation at the rate of sixty-four dollars ($64) per day, for reporting in shorthand all proceedings in the superior court as required by law or the order of the superior court.

SEC. 2. Section 70026 of the Government Code is amended to read:

70026. In a county mentioned in Section 70025, an additional fee of sixteen dollars and fifty cents ($16.50) shall be paid to the county clerk by each party, or jointly by parties appearing jointly, whenever a filing fee is required to be paid by Section 26821, 26822, 26823, 26826

or 26827, and no other fee for reporting service, except for transcripts, shall be charged any party. Such additional fee shall be taxed as costs in favor of any party paying it and who is entitled to recover his costs. Such fee shall not be subject to the provisions of Section 6103, unless the fund to which said fee would accrue is the same fund as the source thereof.

SEC. 3. Section 74140 is added to the Government Code, to read:

74140. In each municipal court district, each regular official reporter of the municipal court shall receive a biweekly salary of six hundred thirty-five dollars and twenty cents ($635.20). SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act, because this act is in accordance with the request of a local government entity or entities which desired legislative authority to act to carry out the program specified in this act.

CHAPTER 734

An act to amend Sections 25601.1, 25851.1, and 26501.1 of the Education Code, relating to special schools.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 25601.1 of the Education Code is amended to read:

25601.1. On or before July 15, the superintendent of each California School for the Deaf shall report in writing to the governing board of each school district of residence the name of each pupil and the number of days attended by each pupil during the fiscal year. For each such pupil in attendance at a California School for the Deaf, under the provisions of this chapter, the school district of residence shall annually pay to the Department of Education an amount determined by (1) dividing the income credited to the general fund of the school district from the levy of the district tax rate, exclusive of taxes levied under Sections 1822.2, 1825, 16633, 16635, 16645.9, 19443, 19619, 20801, and 22101, by the average daily attendance of the school district, and (2) multiplying the quotient obtained by the ratio that the number of days the pupil attended the school for the deaf bears to the number of days the school for the deaf was in session.

For determining the school district responsible under the

provisions of this section for making the payment when the pupil resides in other than a unified school district, pupils 15 years of age or older as of September 1 of each fiscal year shall be considered a resident of the high school district, and pupils 14 years of age or under as of September 1 shall be considered a resident of the elementary district.

The payment shall be made by the Controller withholding from the second principal apportionment of the fiscal year following the year of attendance the amount due on account of the attendance of pupils of the district at the California Schools for the Deaf as reported to the Controller by the Superintendent of Public Instruction, except that in no case shall the apportionment to a district be reduced below the amount prescribed by Section 6 of Article IX of the Constitution. The Controller shall transfer the amount withheld to, or in augmentation of, the appropriate Department of Education support appropriation for the support and maintenance of the appropriate school for the deaf.

SEC. 2. Section 25851.1 of the Education Code is amended to read:

25851.1. On or before July 15, the Superintendent of the California School for the Blind shall report in writing to the governing board of each school district of residence the name of each pupil and the number of days attended by each pupil during the fiscal year. For each such pupil in attendance at the California School for the Blind, under the provisions of this chapter, the school district of residence shall annually pay to the Department of Education an amount determined by (1) dividing the income credited to the general fund of the school district from the levy of the district tax rate, exclusive of taxes levied under Sections 1822.2, 1825, 16633, 16635, 16645.9, 19443, 19619, 20801, and 22101, by the average daily attendance of the school district, and (2) multiplying the quotient obtained by the ratio that the number of days the pupil attended the school for the blind bears to the number of days the school for the blind was in session.

For determining the school district responsible under the provisions of this section for making the payment when the pupil resides in other than a unified school district, pupils 15 years of age or older as of September 1 of each fiscal year shall be considered a resident of the high school district, and pupils 14 years of age or under as of September 1 shall be considered a resident of the elementary district.

The payment shall be made by the Controller withholding from the second principal apportionment of the fiscal year following the year of attendance the amount due on account of the attendance of pupils of the district at the California School for the Blind as reported to the Controller by the Superintendent of Public Instruction, except that in no case shall the apportionment to a district be reduced below the amount prescribed by Section 6 of Article IX of the Constitution. The Controller shall transfer the amount withheld to, or in

augmentation of, the appropriate Department of Education support appropriation for the support and maintenance of the school for the blind.

SEC. 3. Section 26501.1 of the Education Code is amended to read:

26501.1. On or before July 15 of each year, the superintendent of each California Diagnostic School for Neurologically Handicapped Children shall report in writing to the governing board of each school district of residence the name of each pupil and the number of days attended by each pupil during the fiscal year. For each such pupil in attendance at a California Diagnostic School for Neurologically Handicapped Children, under the provisions of this chapter, the school district of residence shall annually pay to the Department of Education an amount determined by (1) dividing the income credited to the general fund of the school district from the levy of the district tax rate, exclusive of taxes levied under Sections 1822.2, 1825, 16633, 16635, 16645.9, 19443, 19619, 20801, and 22101, by the average daily attendance of the school district, and (2) multiplying the quotient obtained by the ratio that the number of days the pupil attended the school for the neurologically handicapped bears to the number of days the school for the neurologically handicapped was in session.

For determining the school district responsible under the provisions of this section for making the payment when the pupil resides in other than a unified school district, pupils 15 years of age or older as of September 1 of each fiscal year shall be considered a resident of the high school district, and pupils 14 years of age or under as of September 1 shall be considered a resident of the elementary district.

The payment shall be made by the Controller withholding from the second principal apportionment of the fiscal year following the year of attendance the amount due on account of the attendance of pupils of the district at the California Diagnostic Schools for Neurologically Handicapped Children as reported to the Controller by the Superintendent of Public Instruction, except that in no case shall the apportionment to a district be reduced below the amount prescribed by Section 6 of Article IX of the Constitution. The Controller shall transfer the amount withheld to, or in augmentation of, the appropriate Department of Education support appropriation for the support and maintenance of the appropriate school for the neurologically handicapped.

CHAPTER 735

An act to repeal and add Section 6309 of, and to add Sections 6309.2, 6309.4, and 6309.6 to, the Harbors and Navigation Code, relating to harbors and ports.

[Approved by Governor September 18, 1974. Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 6309 of the Harbors and Navigation Code is repealed.

SEC. 2. Section 6309 is added to the Harbors and Navigation Code, to read:

6309. Except as otherwise provided in Section 660, the board may pass all necessary ordinances for the regulation of the district with respect to the parking of vehicles, the speed and operation of vehicles and vessels, berthing assignments, fire safety ashore and afloat, prohibiting the pumping of raw sewage or waste into port waters, and littering.

SEC. 3. Section 6309.2 is added to the Harbors and Navigation Code, to read:

6309.2. Before any ordinance may be adopted, the ordinance shall be published in its entirety on three separate occasions in a newspaper of general circulation published within the district, or if none, in any newspaper of general circulation published in the county in which the district, or a part thereof, is located, together with a notice of the date on which the board will meet for the purpose of adopting the ordinance. The first such publication shall occur at least 20 days prior to the date of such meeting, and the second and third such publications shall occur at seven-day intervals. The general public shall be allowed to appear at the meeting and be heard on the proposed ordinance. The ordinance shall become effective as provided in Section 3751 of the Elections Code, unless another effective date is set forth by the board.

SEC. 4. Section 6309.4 is added to the Harbors and Navigation Code, to read:

6309.4. Every person who violates any of the provisions of a district ordinance adopted pursuant to Sections 6309 and and 6309.2 is guilty of an infraction and shall be subject to a fine of not to exceed fifty dollars ($50).

SEC. 5. Section 6309.6 is added to the Harbors and Navigation Code, to read:

6309.6. The district's manager, harbormaster or wharfinger, or any duly authorized representative of one of these persons, shall have the power to issue citations for violation of district ordinances in the manner provided by Chapter 5C (commencing with Section 853.6) of Title 3 of Part 2 of the Penal Code.

SEC. 6. Notwithstanding Section 2231 of the Revenue and

Taxation Code, there shall be no reimbursement pursuant to that section, nor shall there be any appropriation made by this act, because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 736

An act to amend Section 14791 of, to add Sections 14791 and 53064.5 to, and to repeal Sections 14791 and 53064.5 of, the Government Code, relating to state and local agency bidding requirements.

[Approved by Governor September 18, 1974. Filed with Secretary of State September 18, 1974.]

The people of the State of California do enact as follows:

SECTION. 1. Section 14791 of the Government Code is amended to read:

14791. The bid requirements prescribed in this article are not applicable to purchases or contracts for the purchase of the following:

(a) Fluid milk and fluid cream, the price of which is established in accordance with Chapter 17 of Division 6 of the Food and Agricultural Code.

products will meet the standards prescribed for similar commercially packed canned products under federal law.

(c) Such agricultural surpluses as may be available to the state or its agencies by any governmental agency.

This section shall become operative on July 1, 1975.

SEC 3. Section 53064.5 is added to the Government Code, to read:

53064.5. Notwithstanding any other provision of the law, a local agency may purchase or contract to purchase gasoline, diesel fuel, and other petroleum products used in or for motor vehicles without respect to bid requirements. "Local agency" shall include any city, county, city and county, or district. This section shall remain in effect only until July 1, 1975, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1975, deletes or extends such date.

SEC. 4. CHAPTER 737

An act to amend Section 535.5 of the Welfare and Institutions Code, relating to delinquency prevention.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 535.5 of the Welfare and Institutions Code is amended to read:

535.5. The board of supervisors may by ordinance provide for the establishment, support, and maintenance of a delinquency prevention commission, composed of not fewer than seven citizens, to coordinate on a countywide basis the work of those governmental and nongovernmental organizations engaged in activities designed to prevent juvenile delinquency. If the board so elects, it may designate the juvenile justice commission, or any other committee or council appointed pursuant to Section 535 or 536 of this code, to serve in such capacity.

The commission may receive funds from governmental and nongovernmental sources to hire an executive secretary and necessary staff and to defray needed administrative expenses. The board of supervisors may direct any county department to provide necessary staff service to the commission. The commission may

4 1572 63 12 270 622

expend its funds on specific projects designed to accomplish its objectives.

Members of the delinquency prevention commission shall be appointed by the board of supervisors to serve a term of four years, and they shall be reimbursed for their actual and necessary expenses incurred in the performance of their duties. Upon a vacancy occurring in the membership in the commission and upon the expiration in the term of office of any member, a successor shall be appointed by the board of supervisors. When a vacancy occurs for any reason other than the expiration of a term of office, the appointee to fill such vacancy shall hold office for the unexpired term of his predecessor.

The board of supervisors may appoint initial members to any delinquency prevention commission created after the effective date of the amendment made to this section at the 1973–74 Regular Session of the Legislature to hold office for the following terms: one-half of the membership of an even-numbered commission for a term of two years and one-half plus one of the membership of an odd-numbered commission for a term of two years. The remaining initial members and the term of office of each successor appointed to fill a vacancy occurring on the expiration of a term thereafter shall be four years.

For a delinquency prevention commission existing on the effective date of the amendment made to this section at the 1973–74 Regular Session of the Legislature the board of supervisors may at any time upon the expiration of all the members' terms of office appoint members to hold office for the following terms: one-half of the membership of an even-numbered commission for a term of two years and one-half plus one of the membership of an odd-numbered commission for a term of two years. The remaining members and the term of office of each successor appointed to fill a vacancy occurring on the expiration of a term thereafter shall be four years.

Notwithstanding the preceding provisions of this section, the board of supervisors may appoint one or more persons under 18 years of age to membership on a delinquency prevention commission. CHAPTER 741

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 99267 of the Public Utilities Code is amended to read:

99267. (a) At least 75 percent of funds received under this article shall be used for capital expenditures. Such capital expenditures shall consist of acquisition of land and other real property, current acquisition or replacement of transportation vehicles, or conveyances, and acquisition, construction, enlargement, or repair of property and facilities incidental to or necessary or convenient in connection with the foregoing, depreciation, and payment of principal and interest on its bonded indebtedness, equipment trust certificates, or other indebtedness, including any amounts in the accomplishment of a defeasance under any outstanding revenue bond indenture.

(b) The amount of federal and other state funds granted or approved for capital expenditures on a matching basis by the operator, the local contributions designated pursuant to subdivision (c), and the allocations made pursuant to Section 99234 for the area served by the operator in any fiscal year may be applied by the operator to satisfy the requirement of subdivision (a).

(c) Any local entity contributing money to an operator, during the 1973–74 fiscal year or any subsequent fiscal year, may designate what portion of its annual contribution, but not to exceed one-half thereof, may be applied to satisfy the requirement specified in subdivision (a), whether or not such portion is to be expended for capital expenditures.

(d) When unique and unusual circumstances arise whereby funds are available for capital expenditures but not for other more urgent costs, an operator may file an application with the secretary for a temporary waiver which, if granted, shall authorize funds otherwise restricted for capital expenditures to be used for other more urgent purposes. To approve such a request, the secretary shall determine that financing the noncapital expenditures by other means, such as fare increases or curtailment of services, will adversely affect public transportation service for the area.

SEC. 1.5. Section 99267 of the Public Utilities Code is amended to read:

99267. (a) At least 15 percent of funds received under this article shall be used by an operator for capital expenditures. If, on January 1, 1975, the operator is a city and county with a population of 700,000

or more, it shall use at least 75 percent of such funds for capital expenditures.

(b) Such capital expenditures shall consist of acquisition of land and other real property, current acquisition or replacement of transportation vehicles, or conveyances, and acquisition, construction, enlargement, or repair of property and facilities incidental to or necessary or convenient in connection with the foregoing, depreciation, and payment of principal and interest on its bonded indebtedness, equipment trust certificates, or other indebtedness, including any amounts in the accomplishment of a defeasance under any outstanding revenue bond indenture.

(c) The requirement specified in subdivision (a) shall not apply to an operator in each fiscal year that it receives financial assistance from local sources, exclusive of fares, in an amount equal to or greater than the amount it would have been required to expend pursuant to subdivision (a).

SEC. 2. Section 99268 of the Public Utilities Code is amended to read:

99268. The expenditure of the funds received under this article by an operator may in no year exceed 50 percent of the amount required to meet operating, maintenance, and capital and debt service requirements of the system after deduction therefrom of approved federal grants estimated to be received. Notwithstanding the 50-percent limitation, the amount budgeted for capital requirements in any year or other period up to five years, less the amount of federal and other state funds granted or approved therefor, may be allocated and expended for capital improvements to a grade-separated mass transit system, if construction of such facilities has been found to be not inconsistent with the regional transportation plan of the transportation planning agency. Within such five-year period, the transportation planning agency may order the amount of the allocation in any year to be set aside and accumulated for accomplishment of the particular project.

SEC. 3. Section 99268.5 is added to the Public Utilities Code, to read:

99268.5. The limitations of Sections 99267 and 99268 shall not apply to funds allocated for the operation of a public transportation system by an operator during the operator's first five fiscal years of operation, or to funds allocated for the extension of public transportation services as a result of territorial annexation or pursuant to the provisions of Section 99288 for the first five fiscal years of extension of such services, and which operation or extension of service began after June 30, 1972.

SEC. 3. It is the intent of the Legislature, if this bill and Senate Bill No. 1963 are both chaptered and become effective January 1, 1975, both bills amend Section 99267 of the Public Utilities Code, and this bill is chaptered after Senate Bill No. 1963, that the amendments to Section 99267 proposed by both bills be given effect and incorporated in Section 99267 in the form set forth in Section 1.5 of

this act. Therefore, Section 1.5 of this act shall become operative only if this bill and Senate Bill No. 1963 are both chaptered and become effective January 1, 1975, both amend Section 99267, and this bill is chaptered after Senate Bill No. 1963, in which case Section 1 of this act shall not become operative.

202.7. Personal property owned or used by student governments of the University of California or by nonprofit corporations operating student book stores of colleges affiliated with the University of California is, for purposes of this section, deemed property belonging to this state and shall be exempt from taxation.

SEC. 2. The Legislature finds and declares that the exemption granted by this act is a clarification of existing law. Therefore, notwithstanding Section 2229 of the Revenue and Taxation Code, no obligation is created by reason of Section 1 of this act for the reimbursement of local agencies for any loss of property tax revenues.

CHAPTER 760

An act to add Section 22522 to the Vehicle Code, relating to vehicles

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

SECTION 1. Section 22522 is added to the Vehicle Code, to read:

22522. No person shall park a vehicle within three feet of any sidewalk access ramp constructed adjacent to a crosswalk so as to be accessible to and usable by the physically handicapped.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because

the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities which, in the aggregate, do not result in significant, identifiable cost changes.

CHAPTER 761

An act to amend Sections 12772, 12841, 12898, 13211, and 13623 of, and to add Section 12337.5 to, the Public Utilities Code, relating to municipal utility districts.

SEC. 2. Section 12772 of the Public Utilities Code is amended to read:

12772. Whenever the board by resolution determines that any record, map, book, or paper in the possession of the district or any officer or employee thereof is of no further value to the district, the board may authorize its sale, destruction, or other disposition. Nothing in this section shall prevent the board from establishing procedures whereby categories of original records, maps, books, or papers designated by the board as having further value may be destroyed without further approval by the board if all of the following conditions are complied with:

(a) The records, maps, books, or papers are photographed, microphotographed, or reproduced on film of a type approved for permanent photographic records by the National Bureau of Standards.

(b) The device used to reproduce such records, maps, books, or papers on film is one which accurately and legibly reproduces the

original thereof in all details.

(c) The photographs, microphotographs, or other reproductions on film are made as accessible for public reference as were the records, maps, books, or papers.

(d) A true copy of archival quality of such film reproductions shall be kept in a safe and separate place for security purposes.

No page of any records, maps, books, or papers shall be destroyed pursuant to such procedures if any such page cannot be reproduced on film with full legibility. Every such unreproducible page shall be permanently preserved in a manner that will afford easy reference.

SEC. 3. Section 12841 of the Public Utilities Code as amended to read:

12841. A district may borrow money and incur indebtedness, and may issue bonds or other evidences of indebtedness. No indebtedness shall be incurred exceeding the ordinary annual income and revenue of the district without the approval of two-thirds of the voters voting on the proposition to incur such indebtedness except as follows:

(a) A further vote of the voters is not required for any indebtedness heretofore or hereafter incurred within the purposes and not exceeding the available amount of any previously authorized bond issue, and as to such indebtedness the proceeds of any of the bonds unexpended in the treasury of the district, or the par value of any of the bonds which are unsold shall be deemed a part of the ordinary annual income and revenue of the district.

(b) Any district operating a utility under rules requiring applicants for extensions to advance the expenses of such extensions and facilities for serving additional territory may enter into agreements to refund to the applicants in a subsequent year the whole or any part of the expenses so advanced, and the refunds may be paid out of the revenues of subsequent years.

SEC. 4. Section 12898 of the Public Utilities Code is amended to read:

12898. In such case the county auditor shall, on or before August 15th of each year, transmit to the board a statement in writing showing the total value of all property within the district, ascertained from the assessments referred to in Section 12897 as equalized.

SEC. 5. Section 13211 of the Public Utilities Code is amended to read:

13211. The votes of two-thirds of all the voters voting on the proposition at the election are required to authorize the issuance of bonds under this chapter.

SEC. 6. Section 13623 of the Public Utilities Code is amended to read:

13623. The favorable vote of two-thirds of all the voters within the special district voting on the proposition is required to authorize the issuance of the bonds.

SEC. 7. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this

section nor shall there be any appropriation made by this act because the duties, obligations, or responsibilities imposed on local agencies by this act are incurred as part of their normal operating procedures.

CHAPTER 762

An act to amend Section 23605 of the Elections Code, relating to recall.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SEC. 3. The amendment of Section 12640.02 of the Insurance Code by this act does not constitute a change in, but is declaratory of, the existing law, and is intended to clarify and restate the law governing the issuance of mortgage guaranty insurance.

CHAPTER 764

SEC. 3.5. Section 3104 of the Public Resources Code is amended to read:

3104. Each district deputy shall be a competent engineer or geologist, registered in the state, and experienced in the development and production of oil and gas. At the time any district deputy is appointed, notice of his appointment shall be transmitted in writing to the director.

SEC. 4. Article 3 (commencing with Section 3150) of Chapter 1 of Division 3 of the Public Resources Code is repealed.

SEC. 4.5. Section 3200 of the Public Resources Code is amended to read:

3200. Every owner or operator of any well shall designate an agent, giving his post office address, who resides in this state, upon

whom may be served all orders, notices, and processes of the supervisor or any court of law. Every person so appointing an agent shall, within five days after the termination of any such agency, notify the supervisor, in writing, of such termination, and unless operations are discontinued, shall appoint a new agent.

SEC. 5. Section 3214 of the Public Resources Code is amended to read:

3214. The log shall be kept in the local office of the owner or operator, and, together with the tour reports of the owner or operator, shall be subject, during business hours, to the inspection of the supervisor, the district deputy, or the director, except in the case of a prospect well.

SEC. 6. Section 3225 of the Public Resources Code is amended to read:

3225. Whenever the supervisor or a district deputy, makes or gives any written direction concerning any operations, and the operator, owner, or representative of either, serves written notice, either personally or by mail, addressed to the supervisor, or to the district deputy at his office in the district, requesting that a definite order be made upon such subject, the supervisor or the district deputy shall, within five days after receipt of the notice, deliver a final written order on the subject matter in such manner and form that an appeal therefrom may be taken at once to the director.

Within 30 days after service of an order, pursuant to Sections 3224 and 3225, or Section 3237, or if there has been an appeal from the order to the director, within 30 days after service of the decision of the director, or if a review has been taken of the order of the director, within 10 days after affirmance of the order, the owner shall commence in good faith the work ordered and continue it until completion. If the work has not been commenced and continued to completion, the supervisor shall appoint necessary agents who shall enter the premises and perform the work. An accurate account of the expenditures shall be kept, and the amounts shall be paid from the Petroleum and Gas Fund upon the warrant of the State Controller. Any amount so expended shall constitute a lien against the property upon which the work is done.

Notwithstanding any other provisions of Section 3224, 3225, or 3237, if the supervisor determines that an emergency exists, he may order or undertake such actions as he deems necessary to protect life, health, property, or natural resources.

SEC. 8. Section 3234 of the Public Resources Code is amended to read:

3234. The records of any operator, when filed with the district deputy, as provided in this chapter, shall be open to inspection to those authorized in writing by such operators, to the state officers, and to the director. Such records shall in no case other than those expressly provided in this chapter, be available as evidence in court proceedings. No officer or employee or the director shall be allowed to give testimony as to the contents of such records, except at such court proceedings as are provided in this chapter for the review of a decision of the supervisor or the director, or in any proceeding initiated for the enforcement of an order of the supervisor, or for the enforcement of a lien created by this chapter, or for the collection of an assessment levied pursuant to this chapter, or in criminal proceedings arising out of such records or the statements upon which they are based.

A copy of any document, order, requisition, or decision made, executed, or issued by the supervisor or the district deputy, when certified by the supervisor or the district deputy to be a true copy of the original, shall be received in evidence in any proceeding herein provided, in like manner and with the same effect as the original.

The records of any operator who is defunct or no longer in business in California and which relate to an abandoned or deserted well shall be open to inspection or for copying by anyone after the supervisor determines that the conditions specified are met.

The records of any operator filed for a completed or producing well that has been transferred by sale, lease, or otherwise shall be available to the new owner or lessee for his inspection or copying and shall also be available for inspection or copying by others upon the written authorization of such new owner or lessee.

A copy of the order shall be delivered to the complainant, or if more than one, to each complainant, and, if the supervisor orders the damage repaired, a copy of the order shall be delivered to each of the owners, operators, or agents having in charge the well or wells upon which the work is to be done.

The order shall contain a statement of the conditions sought to be

remedied or repaired and a statement of the work required by the supervisor to repair the condition. Service shall be made by mailing copies to such persons at the post office address given.

SEC. 10. Section 3237 of the Public Resources Code is amended to read:

3237. The supervisor or his deputy may order the abandonment of any well that has been deserted whether or not any damage is occurring or threatened by reason of such well. Suspension of drilling operations and removal of drilling machinery is prima facie evidence of desertion after the elapse of six months unless a request for an extension of time for a period not to exceed an additional six months is theretofore filed. Removal of production equipment or facilities is prima facie evidence of desertion after the elapse of two years after April 1, 1973. At any time, the supervisor may, for good cause shown, extend these periods. Such order may be appealed to the director.

SEC. 11. Section 3310 of the Public Resources Code is amended to read:

3310. When the decision of the supervisor that there is an unreasonable waste of gas occurring or threatened has become final, a certified copy thereof shall be filed with the director. The director, unless the order is complied with voluntarily, shall have proceedings instituted in the name of the people of the State of California to enjoin the unreasonable waste of gas.

Such proceedings shall be instituted in the superior court of the county in which is situated the property, or any part thereof, where the wastage is occurring or is threatened. Any number of defendants may be joined in the same proceeding, although their properties and interests may be severally owned and their actual or threatened unreasonable wastage of gas may be separate and distinct, if the actual or threatened unreasonable waste by all of the defendants is in, or with reference to, the same producing or prospective oil or gas field.

SEC. 12. Section 3311 of the Public Resources Code is amended to read:

3311. In such suits a restraining order shall not be issued ex parte, and a temporary or permanent injunction issued in such proceedings shall not be refused or dissolved or stayed pending appeal upon the giving of any bond or undertaking or otherwise, but otherwise the procedure, including the procedure on appeal, shall be conformable with the provisions of Chapter III of Title VII of Part 2 of the Code of Civil Procedure.

In such proceedings the findings of the supervisor, unless set aside or modified by the director, or if so modified then except to the extent so modified, shall constitute prima facie evidence of the unreasonable wastage of gas therein found to be occurring or threatened.

SEC. 13. Section 3332 of the Public Resources Code is amended to read:

3332. Within 30 days after the written notice of the entry of a final

order of the supervisor, or within such further time as the supervisor may grant for good cause shown, but in no event shall such time be extended more than 60 days from the written notice of entry of such final order, any person affected thereby may file with the supervisor an application for a rehearing in respect to any matter determined by such order, setting forth the particulars in which such order is considered to be objectionable. The supervisor shall grant or deny any such application in whole or in part within 30 days from the date of the filing thereof, and failure to act thereon within such period shall constitute a denial of such application. In the event that a rehearing is granted, notice to such effect shall be given to all persons affected by such order, advising them of the date of such rehearing and of their right to appear and be heard thereon. The date set for any such rehearing shall be not less than 30 days nor more than 60 days from the date the application for rehearing is granted, unless, upon good cause shown, the time is extended by the supervisor, but in no event shall such time be extended more than 90 days from the date such application for rehearing is granted. The supervisor may enter an amended order or a new order after the rehearing as may be required under the circumstances. The provision of Article 6 (commencing with Section 3350) of Chapter 1 of Division 3 relating to appeals and review shall not apply to this article.

SEC. 14. Section 3350 of the Public Resources Code is amended to read:

3350. The lessor, lessee, or any operator or any well owner, or the owner of any rig, derrick, or other operating structure, or his local agent, shall within five days from the date of the service of any order from the supervisor or a district deputy, other than the order contemplated by Section 3308, either comply with the order or file with the supervisor or the district deputy a written statement that the order is not acceptable, and that appeal from the order is taken to the director under the provisions of this chapter.

Any lessor, lessee, or operator affected by an order made pursuant to Section 3308 may, within five days from the posting of the copy of the order, file with the supervisor a written appeal therefrom to the director under the provisions of this chapter.

Any such appeal shall operate as a stay of any order issued under or pursuant to the provisions of this chapter.

SEC. 15. Section 3351 of the Public Resources Code is amended to read:

3351. Immediately upon filing of a notice of appeal, the director shall call for a public hearing upon the appeal.

The hearing upon the appeal before the director shall be de novo and at such place in the district as the director may designate.

SEC. 16. Section 3352 of the Public Resources Code is amended to read:

3352. Within 10 days from the taking of the appeal, five days' notice in writing shall be given to the appellant of the time and place of the hearing. For good cause, the director may postpone the

hearing, on the application of the appellant, the supervisor, or the district deputy, for not exceeding five days.

SEC. 17. Section 3353 of the Public Resources Code is amended to read:

3353. The director, after hearing, shall affirm, set aside, or modify the order from which the appeal is taken.

Within 10 days after hearing the evidence, the director shall make a written decision with respect to the order appealed from. The decision of the director shall forthwith be filed with the supervisor and upon such filing shall be final. In case the order is affirmed or modified, the director shall retain jurisdiction until such time as the work ordered to be done by the order is finally completed.

The written decision shall be served upon the owner or his agent and shall supersede the previous order of the supervisor. In case no written decision is made by the director within 30 days after the date of notice of hearing as provided in Section 3352, the order of the supervisor shall be effective and subject only to review by writ of certiorari from the superior court as provided in this article.

SEC. 18. Section 3354 of the Public Resources Code is amended to read:

3354. The decision of the director may be reviewed by writ of certiorari from the superior court of the county in which the district is situated, if taken within 10 days after the service of the decision upon the owner, operator, or agent of the owner or operator, as provided in Section 3353, or within 10 days after the decision by the director upon a petition by the supervisor. The writ shall be made returnable not later than 10 days after its issuance, and it shall direct the director to certify the record in the cause to the court. On the return day, the cause shall be heard by the court, unless for good cause it is continued, but no continuance shall be permitted for a longer period than 30 days.

SEC. 10. Section 3355 of the Public Resources Code is amended to read:

3355. No new or additional evidence shall be introduced in the court, but the cause shall be heard upon the record of the director. The review shall not be extended further than to determine whether or not:

(a) The director acted without or in excess of his jurisdiction.

(b) The order, decision, or award was procured by fraud.

(c) The order, decision, rule, or regulation is unreasonable.

(d) The order, decision, regulation, or award is clearly unsupported by the evidence.

SEC. 20. Section 3356 of the Public Resources Code is amended to read:

3356. If a review is not taken within 10 days, or if taken, in case the decision of the director is affirmed, the lien upon the property shall be enforced in the same manner as are other liens on real property, and shall be enforced against the owner or operator of the well, first, against the personal property and fixtures used in the

construction or operation thereof, secondly, against the mineral estate of the property, and, thirdly, if there is any deficiency, against the land upon which the work is done. Upon the request of the supervisor, the State Controller shall bring an action for the enforcement of the lien in the manner provided in Article 7 (commencing with Section 3400) of this chapter.

SEC. 21. Section 3357 of the Public Utilities Code is amended to read:

3357. In any proceeding before the director, and in any proceeding instituted by the supervisor for the purpose of enforcing or carrying out the provisions of this division, or for the purpose of holding an investigation to ascertain the condition of any well or wells complained of, or which in the opinion of the supervisor may reasonably be presumed to be improperly located, drilled, operated, maintained, or conducted, the supervisor and the director shall have the power to administer oaths and may apply to a judge of the superior court of the county in which the proceeding or investigation is pending for a subpoena for witnesses to attend the proceeding or investigation. Upon the application of the supervisor or the director, the judge of the superior court shall issue a subpoena directing the witness to attend the proceeding or investigation, and such person shall be required to produce, when directed, all records, surveys, documents, books, or accounts in his custody or under his control; except that no person shall be required to attend upon such proceeding unless he resides within the same county or within 100 miles of the place of attendance. The supervisor or the director may in such case cause the depositions of witnesses residing within or without the state to be taken in the manner prescribed by law for like depositions in civil actions in superior courts of this state, and may, upon application to a judge of the superior court of the county within which the proceeding or investigation is pending, obtain a subpoena compelling the attendance of witnesses and the production of records, surveys, documents, books, or accounts at such places as the judge may designate within the limits prescribed in this section.

SEC. 22. Section 3359 of the Public Resources Code is amended to read:

3359. In case of the failure or neglect on the part of any person to comply with any order of the supervisor or the director, or any subpoena, or upon the refusal of any witness to testify to any matter regarding which he may lawfully be interrogated, or upon refusal or neglect to appear and attend at any proceeding or hearing on the day specified, after having received a written notice of not less than 10 days prior to such proceeding or hearing, or upon his failure, refusal, or neglect to produce books, papers, or documents as demanded in the order or subpoena upon such day, such failure, refusal, or neglect shall constitute a misdemeanor. Each day's further failure, refusal, or neglect is a separate and distinct offense.

The district attorney of the county in which the proceeding, hearing, or investigation is to be held, shall prosecute any person

guilty of violating this section by continuous prosecution until the person appears or attends or produces such books, papers, or documents, or complies with the subpoena or order of the supervisor or the director.

(b) This section shall not be construed to do any of the following:

(1) Modify or establish prices or fees or modify or affect in any manner any other provisions of this division.

(d) Before any new or revised written advertising or solicitation, or any form of evidence of coverage, is adopted by a health care service plan under the Knox-Mills Health Plan Act (commencing

with Section 12530 of the Government Code) for distribution to members pursuant to subdivision (c), the proposed new or revised advertising or solicitation or evidence of coverage shall be submitted to the Attorney General who shall, within 30 days, prohibit its use if he determines that the advertising or solicitation or evidence of coverage as proposed is untrue or misleading or deceptive as determined pursuant to the definitions contained in Section 12531 of the Government Code. The Attorney General shall notify the plan or its representatives of such determination.

(e) Any labor organization, bona fide employee group or bona fide employee association, contracting for a health care service plan under this section, shall not derive any profit from such plan.

Nothing contained in this section shall be construed as authorizing a provider of medical assistance, including a prepaid health plan, under the Medi-Cal Act or the Waxman-Duffy Prepaid Health Plan Act to advertise in violation of any of the provisions of such acts and regulations developed thereto.

SECTION 1. Section 7555 of the Public Utilities Code is amended to read:

7555. No railroad corporation may use any street, alley, or highway, or any of the land, whether covered by water or otherwise, owned by any city or county, unless the right to do so is granted by a vote of the governing body of the city or county. If any railroad corporation operating within a city or county applies to the governing body of the city or county for a franchise or permit to cross any such street, alley, or highway, with main, branch, side, switching, or spur trackage, the governing body of the city or county, within a reasonable time, shall hold a public hearing upon the application after reasonable notice to the applicant and to the public and shall thereafter grant the franchise or permit applied for upon reasonable terms and conditions unless such governing body reasonably finds that the grant of the franchise or permit would be detrimental to the public interest of the city or county. Nothing in this section imposes any duty upon or limits the authority of, any city organized and existing pursuant to a freeholder's charter, or any officer thereof.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that

section, nor shall there be any appropriation made by this act because the duties, obligations, or responsibilities imposed on local governmental entities by this act are such that related costs are incurred as a part of their normal operating duties.

A certificate of compliance issued for such vehicle shall, for a period of one year from date of issue, constitute proof of compliance with any regulations adopted pursuant to

Section 27157 provided that no required pollution control device has been disconnected, modified, or altered or has been adjusted by other than a licensed installer in a licensed motor vehicle pollution control device installation and inspection station subsequent to the issuance of the certificate of compliance. CHAPTER 772

An act to amend Section 1016 of the Fish and Game Code, and to amend Sections 3781, 3783, and 3784 of the Public Resources Code, relating to oil, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 1974. Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 1016 of the Fish and Game Code is amended to read:

1016. (a) Whenever the department determines that an oil sump, as defined by Section 3780 of the Public Resources Code, is hazardous to wildlife, but does not constitute an immediate and grave danger to wildlife, the department shall forthwith notify the State Oil and Gas Supervisor of such condition in order that he may take action pursuant to Section 3783 of the Public Resources Code to have such condition cleaned up or abated. The department in making such notification shall specify the hazardous conditions.

(b) Whenever the department determines that an oil sump, as defined by Section 3780 of the Public Resources Code, constitutes an immediate and grave danger to wildlife, the department shall forthwith notify the State Oil and Gas Supervisor of such condition in order that he may take action pursuant to Section 3784 of the Public Resources Code to have such condition cleaned up or abated. The department, in making such notification, shall specify the immediate and grave danger.

(c) The commission shall promulgate such rules and regulations as are necessary to implement the provisions of this section, including a reasonable definition of the term "hazardous" for the purposes of this section. It is the intent of the Legislature that the department adopt, as a part of such rules and regulations, a definition of the term "wildlife," as herein employed, which will provide for reasonable exclusions consistent with effectuating the wildlife protection purposes of this section.

(d) The department shall submit a report to the Legislature of its actions taken pursuant to this section on or before March 1st of each year, commencing with March 1, 1975.

(e) No provision of this section shall be construed as a limitation on the authority or responsibilities of the department with respect to the enforcement or administration of any provision of state law which it is authorized or required to enforce or administer.

SEC. 2. Section 3781 of the Public Resources Code is amended to read:

3781. The Legislature hereby finds and declares that it is essential in order to protect the wildlife resources of California that all hazardous exposed oil sumps in this state be either screened or eliminated.

SEC. 3. Section 3783 of the Public Resources Code is amended to read:

3783. Whenever the supervisor receives notification from the Department of Fish and Game pursuant to subdivision (a) of Section 1016 of the Fish and Game Code that an oil sump is hazardous to wildlife, he shall forthwith give written notice of such hazardous condition to the owner, lessee, operator, or person responsible for the existence of the condition and set forth the hazardous conditions as specified by the Department of Fish and Game. The owner, lessee, operator, or person responsible shall, within 30 days from the date of

such notification, or such longer period as may be mutually agreed upon by the supervisor, the Department of Fish and Game, and the owner, lessee, operator, or person responsible, clean up or abate the condition to the satisfaction of the supervisor and the Department of Fish and Game. If the owner, lessee, operator, or person responsible does not clean up or abate the condition to the satisfaction of the supervisor and the Department of Fish and Game within the required period of time, the supervisor shall forthwith order the closure of the oil and gas production operation maintaining the oil sump.

SEC. 4. Section 3784 of the Public Resources Code is amended to read:

3784. Whenever the supervisor receives notification from the Department of Fish and Game pursuant to subdivision (b) of Section 1016 of the Fish and Game Code that an oil sump constitutes an immediate and grave danger to wildlife, he shall forthwith give written notice of such immediately dangerous condition to the owner, lessee, operator, or person responsible for the existence of the condition and set forth the immediately dangerous condition as specified by the Department of Fish and Game. The owner, lessee, operator, or person responsible shall, within 10 days from the date of such notification, or such longer period as may be mutually agreed upon pursuant to Section 3784.5 by the supervisor, the Department of Fish and Game, and the owner, lessee, operator, or person responsible, clean up or abate the condition to the satisfaction of the supervisor and the Department of Fish and Game. If the owner, lessee, operator, or person responsible does not clean up or abate the condition to the satisfaction of the supervisor and the Department of Fish and Game within the required period of time, the supervisor shall forthwith order the closure of the oil and gas production operation maintaining the oil sump.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

No definition of the term "hazardous" has been promulgated for the administration of the laws relating to oil sumps hazardous to wildlife, and there is great confusion concerning the meaning of such term. In order, therefore, to clarify the meaning of such term and to thereby protect wildlife at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 773

An act to amend Sections 149 and 149.1 of, and to add Section 149.3 to, the Streets and Highways Code, and to amend Sections 291 and 21655.5 of the Vehicle Code, relating to exclusive highway lanes.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 149 of the Streets and Highways Code is amended to read:

149. The department may construct exclusive or preferential lanes for buses only or for buses and other high-occupancy vehicles, and may authorize or permit such exclusive or preferential use of designated lanes on existing highways that are part of the State Highway System. Prior to constructing such lanes, the department shall conduct competent engineering estimates of the effect of such lanes on safety, congestion, and highway capacity.

To the extent they are available, the department may apply for and use federal aid funds appropriated for the design, construction, and use of such exclusive or preferential lanes, but may also use other State Highway Account funds, including other federal aid funds, for those purposes where proper and desirable.

This section shall be known and may be cited as the Carrell Act.

SEC. 2. Section 149.1 of the Streets and Highways Code is amended to read:

149.1. The Department of Transportation shall prepare a report by December 31, 1975, on the programs which it conducted, its findings and its recommendations for the restricted use of lanes in accordance with Section 149 of this code and Section 21655.5 of the Vehicle Code.

SEC. 3. Section 149.3 is added to the Streets and Highways Code, to read:

149.3. The department may undertake the construction of exclusive or preferential lane facilities pursuant to a cooperative agreement with any public or private agency that provides mass transit services. Such cooperative agreement shall establish such geometric design standards, scheduling, reservations, restrictions, and conditions as the department deems necessary or desirable. Provision may also be made for electrification or use of other power sources under such terms and conditions as the department deems necessary to accomplish the objectives of this section. Additionally, any such agreement shall provide for the payment of compensation where required by other provisions of law or where otherwise deemed appropriate.

SEC. 4. Section 291 of the Vehicle Code is amended to read:

291. Any reference in this code to the Department of Public Works shall be deemed to refer to the Department of

Transportation, which is part of the Business and Transportation Agency as provided by Section 13975 of the Government Code.

SEC. 5. Section 21655.5 of the Vehicle Code is amended to read:

21655.5. The Department of Transportation and local authorities, with respect to highways under their respective jurisdictions, may authorize or permit exclusive or preferential use of highway lanes for high-occupancy vehicles. Prior to establishing such lanes, competent engineering estimates shall be made of the effect of such lanes on safety, congestion, and highway capacity.

The Department of Transportation and local authorities, with respect to highways under their respective jurisdictions, shall place and maintain, or cause to be placed and maintained, signs and other official traffic control devices to designate such exclusive or preferential lanes and to advise motorist of the hours of high-occupancy vehicle usage and the applicable vehicle occupancy levels. No person shall drive a vehicle upon such lanes except in conformity with the instructions imparted by such signs and other official traffic control devices.

It is the intent of the Legislature in amending this section to stimulate and encourage the development of ways and means of relieving traffic congestion on California highways and, at the same time, to encourage individual citizens to pool their vehicular resources and thereby conserve fuel and lessen emission of air pollutants.

CHAPTER 774

An act to amend Sections 11761, 11762, 11763, 11764, and 11765 of the Food and Agricultural Code, relating to pesticides, and declaring the urgency thereof, to take effect immediately.

SEC. 5. Section 11765 of the Food and Agricultural Code is amended to read:

11765. The failure to file a verified report of loss is evidence that no loss, nonperformance, or damage occurred.

License for any establishment or registration of any biologic may be denied, suspended, or revoked by the director for failure to meet the requirements of this chapter or for the violation of any provision of this chapter, or of any rule or regulation adopted by the director under this chapter. The proceedings shall be conducted in accordance with Chapter 5 (commencing with Section 11500), Part 1, Division 3, Title 2 of the Government Code.

9262. The biologics prepared prior to July 1, 1975, in laboratories licensed pursuant to Chapter 4 (commencing with Section 1600) of Division 2 of the Health and Safety Code, which have an expiration date of July 1, 1975, or later, are not subject to the provisions of this chapter.

Article 8. Exemptions

9272. The provisions of this chapter shall not apply (1) to facilities primarily engaged in the collection, preparation, testing, processing, storage, or distribution of human blood or blood products, provided such facility is licensed pursuant to Section 1601 or 1602 of the Health and Safety Code and any biologic as defined in Section 9203 produced by such facility is sold or distributed only to an establishment licensed by this chapter or (2) to clinical laboratories licensed pursuant to Chapter 3 (commencing with Section 1200) of Division 2 of the Business and Professions Code whose only biologics are autogenous bacterins prepared at the request of licensed veterinarians.

SEC. 2. Section 1600.1 of the Health and Safety Code is amended to read:

1600.1. "Biologics" includes the following products which are offered for sale or distribution for the prevention or treatment of disease, except biologics which are registered pursuant to Chapter 1.5 (commencing with Section 9201), Part 1, Division 5 of the Food and Agricultural Code:

(a) Human whole blood.

(b) Human whole blood derivatives specified by regulations.

(c) Serum, vaccine, live vaccine, killed vaccine, tissue vaccine, autogenous vaccine, live virus, killed virus, live bacterial culture, killed bacterial culture, bacterin, hormone, tissue extract, gland extract, gland preparation, insulin, and similar products made from human or animal tissues or micro-organisms.

The amendments to this section enacted at the 1973–74 Regular Session of the Legislature shall become operative on July 1, 1975.

SEC. 3. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act.

CHAPTER 777

An act to amend Section 14983 of the Elections Code, relating to elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 14983 of the Elections Code is amended to read:

14983. The county clerk in any county using voting machines or vote tabulating devices approved by the commission shall inspect the machines or devices at least once every two years to determine whether they are tabulating votes accurately. The inspection shall be made in accordance with regulations adopted and promulgated by the commission.

If the county clerk finds that the machines or devices are tabulating votes accurately, in accordance with the regulations of the commission, he shall certify that fact to the commission.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Existing provisions of law have resulted in the creation of a very short period of time within which county clerks may comply with the mandate to inspect voting machines and vote tabulating devices. Often these provisions have necessitated field inspections by the commission, thereby creating unnecessary duplication of effort. In order that this situation may be corrected in time for the 1974 general election, it is necessary that this act go into immediate effect.

CHAPTER 778

An act to amend Section 62491 of the Food and Agricultural Code, relating to milk.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 62491 of the Food and Agricultural Code is amended to read:

62491. The director may suspend the minimum wholesale prices, or the minimum retail prices, or both, which are in effect in any marketing area, subject to the following requirements:

(a) The suspension shall not be effective until the director determines that the minimum prices suspended do not conform to and effectuate the legislative declarations, purposes and intent set forth in this chapter.

(b) Prior to making any determination provided for in subdivision (a) the director shall hold one or more public hearings in the marketing area which is affected, upon the subject of the proposed suspension. Any such hearing shall be held in the manner prescribed in this article prior to the establishment by the director of minimum prices.

(c) The director, upon making the determination provided for in subdivision (a), may suspend all minimum wholesale and minimum retail prices then in effect in the entire marketing area, or he may limit such suspension as follows:

(1) The suspension may be confined to a zone or zones within a marketing area.

(2) The suspension, within the area affected, may be limited to minimum wholesale prices, or to minimum retail prices, or to particular minimum wholesale prices or minimum retail prices.

(d) The suspension may be made effective for such period as is determined by the director except that the director shall, within each successive 90-day period following the effective date of the suspension, review all applicable economic factors operative in the marketing area affected for the purpose of determining the necessity for a continuation of the suspension. There shall be no limitation on the length of the period of any such suspension or on the number of successive times for which such suspension may be ordered or continued. The period of such suspension, or any series of successive or continued suspensions, shall not be deemed to be a termination of the minimum retail or minimum wholesale prices, or both minimum retail and minimum wholesale prices, affected thereby, and shall not be deemed to affect minimum prices to be paid by distributors to producers established pursuant to any stabilization and marketing plan adopted or which may thereafter be adopted under the provisions of this chapter. The periodic review referred to

in this subdivision may include a public hearing conducted in the manner prescribed in this article for such hearings.

(e) At any time within a period of six months following the effective date of the suspension the director may reinstate, in the marketing area, without prior public hearing, the minimum prices theretofore suspended. Different minimum prices may be again established in the marketing area only after public hearing or hearings, conducted in the manner prescribed in this article for such hearings.

(f) Any suspension of minimum prices under this section shall be effective only as to fluid milk or fluid cream, or both, sold within the geographic area affected by the suspension. Any fluid milk or fluid cream, or both, purchased, or otherwise acquired, within, or from sources within, such geographic area, during the effective period of the suspension, for resale elsewhere, shall be subject to the minimum wholesale prices and the minimum retail prices established by the director for the area of ultimate sale of such fluid milk or fluid cream or both.

(g) This section does not apply to unfair practices. The provisions of Chapter 1 (commencing with Section 61301) of this part, and of Article 9 (commencing with Section 62041) of this chapter, shall remain in effect at all times as to transactions occurring or originating in any geographic area in which minimum prices are suspended under this section.

(h) Any suspension of minimum prices under this section shall not suspend application of any of the provisions of this chapter as to any fluid milk sold, or contracted to be sold, by a distributor or retail store during any period prior to suspension by the director of the minimum prices applicable to such fluid milk.

This section does not apply to stabilization and marketing plans nor to pooling plans. Any such stabilization and marketing plan may be amended or terminated only as provided in Article 19 (commencing with Section 62381) of this chapter. Any such pooling plan may be amended or terminated only as provided in Chapter 3 (commencing with Section 62700) of this part.

CHAPTER 779

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. The County of Kern may sell a portion of lands acquired for Kern Desert Regional Park pursuant to a grant under the Cameron-Unruh Beach, Park, Recreational, and Historical Facilities Bond Act of 1964, and Item 370(b) of the Budget Act of 1968, to the United States Postal Service. The sale of such lands shall be subject to the approval of the Secretary of the Resources Agency.

SEC. 2. The proceeds of the sale authorized in Section 1 of this act shall be used by the County of Kern for the sole purpose of development of Kern Desert Regional Park.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

A portion of lands acquired by the County of Kern pursuant to the Cameron-Unruh Beach, Park, Recreational, and Historical Facilities Bond Act of 1964 for Kern Desert Regional Park is urgently needed by the United States Postal Service as a United States Post Office site in Ridgecrest, and the County of Kern is not authorized under the provisions of the bond act to execute a deed of such lands to the United States Postal Service until such time as permitted by specific act of the Legislature. It is, thus, necessary that this act take immediate effect.

CHAPTER 780

An act to add Section 10248.3 to the Business and Professions Code, relating to real estate loans.

The people of the State of California do enact as follows:

An act to add Chapter 11 (commencing with Section 2500) to Division 3 of the Streets and Highways Code, relating to rural highway public transportation.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Chapter 11 (commencing with Section 2500) is added to Division 3 of the Streets and Highways Code, to read:

CHAPTER 11. FEDERAL AID FOR RURAL HIGHWAY PUBLIC TRANSPORTATION

2500. This chapter may be cited as the Rural Highway Public Transportation Act.

2501. The Federal Aid Highway Act of 1973 has authorized appropriations for expenditure for public mass transportation on highways in rural areas in order to enhance access of rural area populations to employment, health care, retail centers, education, and public services. The purpose of this chapter is to implement such program in this state. The boards of supervisors, city councils, and the department are authorized to do all things necessary and proper in their respective jurisdictions to secure the federal funds for use on rural highway public mass transportation projects in accordance with the intent of the federal act and of this chapter.

2503. As used in this chapter, "rural areas" means areas as defined in Section 101 of Title 23 of the United States Code.

2505. The department shall establish operating procedures and take such other appropriate actions to comply with the provisions of this chapter and with all applicable laws, rules, and regulations.

2506. All applications for federal funds for rural public mass transportation projects under Section 147 of the Federal Aid Highway Act of 1973 (Public Law 93-87) shall be made through the department.

CHAPTER 782

An act to add Section 14310.5 to the Government Code, relating to public contracts.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 14310.5 is added to the Government Code, to read:

removed, or otherwise prevented from bidding on, or completing a federal, state, or local government project because of a violation of law or a safety regulation, and if so to explain the circumstances.

A bid may be rejected on the basis of a bidder, any officer of such bidder, or any employee of such bidder who has a proprietary interest in such bidder, having been disqualified, removed, or otherwise prevented from bidding on, or completing a federal, state, or local project because of a violation of law or a safety regulation.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

CHAPTER 783

An act to add Section 4055.2 to the Labor Code, relating to workmen's compensation.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 4055.2 is added to the Labor Code, to read:

SECTION 1. Section 14117 of the Welfare and Institutions Code is amended to read:

14117. (a) As used in this section, "director" means the Director of Benefit Payments.

(b) When benefits are provided or will be provided to a beneficiary under this chapter because of an injury for which another

person is civilly liable, the director shall have a right to recover from such person the reasonable value of the benefits so provided. The Attorney General, or counsel for the fiscal intermediary under the California Medical Assistance Program with the permission of the Attorney General, or a county through its civil legal adviser, may, to enforce such right, institute and prosecute legal proceedings against the third person who is liable for the injury in the appropriate court, either in the name of the director or in the name of the injured person, his guardian, personal representative, estate, or survivors. In enforcing such right the director may commence and prosecute actions, file liens, or intervene in court proceedings all in the same manner, with the same rights and authority as to notice, settlement and other matters, and to the same extent provided in Chapter 5 (commencing with Section 3850), Part 1, Division 4 of the Labor Code for an employer or workmen's compensation insurer where payments have been made or a liability incurred by an employer or an insurer under the workmen's compensation laws. In the event that the injured party beneficiary, his guardian, personal representative, estate or survivors or any of them brings an action for damages against the third person who is liable for the injury, notice of institution of legal proceedings, notice of settlement and all other notices required under Chapter 5 (commencing with Section 3850), Part 1, Division 4 of the Labor Code shall be given to the director in Sacramento except in cases where the director specifies that notice shall be given to the Attorney General. All such notices shall be given by the attorney employed to bring the action for damages, or by the injured party beneficiary, his guardian, personal representative, estate or survivors, if no attorney is employed.

(c) The director may (1) compromise, or settle and execute a release of, any such claim, or (2) waive any such claim, in whole or in part, for the convenience of the director, or if the director determines that collection would result in undue hardship upon the person who suffered the injury.

(d) No action taken in behalf of the director pursuant to this section or any judgment rendered in such action shall be a bar to any action upon the claim or cause of action of the injured person, his guardian, personal representative, estate, dependents, or survivors against the third person who is liable for the injury, or shall operate to deny to the injured person the recovery for that portion of his damage not covered hereunder. If a legal proceeding is instituted by the director pursuant to this section written notice shall be given within 30 days to the beneficiary, his guardian, personal representative, estate or survivors or any of them who shall have the right to intervene in the proceeding as where an employer institutes a legal action under Chapter 5 (commencing with Section 3850), Part 1, Division 4 of the Labor Code and shall otherwise have the rights of an employee under Chapter 5 (commencing with Section 3850), Part 1, Division 4 of the Labor Code. All such notices shall advise the party notified of his right to obtain a private attorney of

his choice and the director's right to recover the reasonable value of the benefits so provided. Where an action is brought by the director it shall be commenced within the period prescribed in Section 338 of the Code of Civil Procedure.

CHAPTER 785

An act to add Section 69904 to the Government Code, relating to courts.

[Approved by Governor September 18, 1974. Filed with Secretary of State September 18, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 69904 is added to the Government Code, to read:

69904. (a) In a county of the third class, as determined by the 1970 federal census, a majority of the judges of the superior court may establish, with the approval of the board of supervisors, such additional titles and pay rates as are required and may appoint and employ, with the approval of the board of supervisors, such commissioners, officers, assistants and other employees as are deemed necessary for the performance of the duties and exercise of the power conferred by law upon the court and its members. Titles and rates of compensation of all such commissioners, officers, assistants and other employees may be adjusted from time to time by joint action and approval of the board of supervisors and a majority of the judges of the court.

(b) All personnel appointed by the judges pursuant to this or any other section shall be exempt from civil service and shall be attachés of the court. They shall serve at the pleasure of a majority of the judges of the court and may at any time be removed by the majority of the judges in their discretion. In addition to the benefits authorized under Article 1 (commencing with Section 53200) of Chapter 2 of Title 5 and Sections 69902 and 69902.5 and in accordance with personnel regulations adopted by a majority of the judges, such personnel shall be entitled to step advancement, vacation, sick leave, holiday benefits, other leaves of absence, and other benefits, including participation in the county's tuition refund and suggestion award programs, at levels no less than those authorized for employees in the classified service of the county. In the event such regulations allow credit for sick leave benefits or other benefits accumulated by any such appointee while employed in county civil service, no such credit shall be allowed if such appointee elected to receive any payment, including any partial payment, for any of such benefits upon separation from county civil service. Any person terminating employment with county civil service and immediately

accepting appointment with the court may, if provided by the rules of the Civil Service Commission, return to such civil service within two years of such appointment, provided such return shall not entitle any such employee to any additional rights by reason of his employment with the court, other than those to which he would have been entitled if he had remained in county civil service during such period of employment with the court.

(c) Juvenile court referees in their first year of service shall receive a salary equal to 75 percent of the salary of a judge of the superior court, and in their second year of such service they shall receive a salary equal to 80 percent of the salary of a judge of the superior court; thereafter they shall receive a salary equal to 85 percent of the salary of a judge of the superior court. Each juvenile court referee who has served as such referee prior to the effective date of this act shall be entitled to credit for such time of service in the computation of his salary as prescribed in this section. Nothing in this section shall operate to reduce the compensation which any such referee was entitled on the day prior to the effective date of this section

(d) With the approval of the judges of the court and the board of supervisors, each juvenile court referee and each legal research assistant appointed pursuant to law, may be reimbursed for any payment he makes for his annual State Bar of California membership fee.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act, because this act is in accordance with the request of a local government entity or entities which desired legislative authority to act to carry out the programs specified in this act.

CHAPTER 786

An act to amend Section 99401 of the Public Utilities Code, relating to transportation.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 99401 of the Public Utilities Code is amended to read:

99401. (a) The transportation planning agency shall adopt rules and regulations delineating procedures for the submission of claims under Section 99234 and subdivision (a) of Section 99400 and stating criteria by which they will be analyzed and evaluated. Such rules and regulations shall provide for orderly and periodic distributions of

moneys.

(b) The criteria applicable to analyzing and evaluating claims for nonmotorized transportation facilities shall be the general design criteria for such facilities established pursuant to Section 156.4 of the Streets and Highways Code.

(c) To the extent necessary to perform its duties under this article, the transportation planning agency shall have full access to the books, records, and accounts of the claimant cities and counties.

CHAPTER 787

An act to amend Section 2373 of the Streets and Highways Code, relating to bicycle lanes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 2373 of the Streets and Highways Code is amended to read:

2373. (a) The maximum amount the department may allocate to an applicant city or county with an eligible project during any particular fiscal year shall be an amount equal to 10 percent of the amount available for allocation during that fiscal year

(b) Funds in excess of the amount determined pursuant to subdivision (a) may be allocated by the department to a city or county with an eligible project, if funds are available after the requests of all cities and counties with eligible projects are met.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The amounts being requested for allocation from the Bicycle Lane Account in the State Transportation Fund greatly exceed the amount available for allocation. As a result, allocations to applicant cities and counties, being governed by the population formula contained in the existing law, are rarely sufficient to finance the state's share of the project and, in some cases, are not equal to the administrative cost of processing applications. Inasmuch as this act would enable the department to begin making meaningful allocations in accordance with a more realistic system of priorities, it is necessary that this act take effect immediately.

CHAPTER 788

An act to amend Sections 12463.1, 29532, and 29536 of, and to add Section 65080.1 to the Government Code, relating to transportation planning.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 12463.1 of the Government Code is amended to read:

12463.1. The Controller shall appoint an advisory committee consisting of seven local governmental officers to assist him in developing complete and adequate records.

Whenever, in the opinion of the advisory committee and the Controller, the public welfare demands that the reports of the financial transactions of a district other than a school district be published, the Controller shall notify the district that reports of its financial transactions are required to be furnished to him pursuant to Article 9 (commencing with Section 53890), Chapter 4, Part 1, Division 2 of Title 5. A public entity, agency, board, transportation planning agency designated by the Secretary of the Business and Transportation Agency pursuant to Section 29532, or commission provided for by a joint powers agreement pursuant to Chapter 5 (commencing with Section 6500), Division 7, Title 1 or a redevelopment agency as provided for by Division 24 (commencing with Section 33000) of the Health and Safety Code, if it has issued bonds the principal and interest of which are payable from taxes allocated to and paid into a special fund of the agency under authority of Section 33641 of the Health and Safety Code, and a nonprofit corporation as defined herein, shall be deemed a district within the meaning of this section. The Controller shall compile and publish such reports pursuant to Section 12463.

For purposes of this section, "nonprofit corporation" shall mean any nonprofit corporation (1) formed in accordance with the provisions of a joint powers agreement to carry out functions specified in such agreement; or, (2) that issued bonds, the interest on which is exempt from federal income taxes, for purpose of constructing a building, stadium, or other facility which is subject to a lease or agreement with a local public entity; or, (3) wholly owned by a public agency.

SEC. 2. Section 29532 of the Government Code is amended to read:

29532. Out of the funds appropriated pursuant to Section 29531, the county auditor shall pay to public transportation entities such amounts as are allocated by the transportation planning agencies designated by the Secretary of the Business and Transportation Agency as follows:

(a) For a county included within the jurisdiction of a statutorily created regional transportation planning agency, such agency.

(b) For a county which is not included within the jurisdiction of a statutorily created regional transportation agency but for which there is a council of governments, and an election has not been made pursuant to Section 29536, such council. For a county which is not included within the jurisdiction of a statutorily created regional transportation agency but for which there is a council of governments for which an election has been made under the provisions of Section 29536 to form a local transportation commission, such local transportation commission authorized in Section 29535.

(c) For a county not within the jurisdiction of a statutorily created regional transportation planning agency or a council of governments, the local transportation commission authorized in Section 29535.

SEC. 3. Section 29536 of the Government Code is amended to read:

29536. (a) In a county not included within the jurisdiction of a statutorily created regional transportation agency and with a population over six million according to the last federal decennial census, the claims of an applicant shall, pursuant to the provisions of subdivision (b) of Section 29532, be presented to the council of governments. The county may elect, with the concurrence of a majority of the cities which include at least 50 percent of the incorporated population within the county, to form a local transportation commission pursuant to this subdivision. If a local transportation commission is formed, the applications for funds shall be submitted to both the local transportation commission for review and approval and the council of governments for review and comment on conformity with an adopted regional plan, which shall have 60 days after the receipt of applications to notify the local transportation commission and the county auditor of an objection to an application on the basis of nonconformity to an adopted and published regional plan. If neither the local transportation commission nor the county auditor receive notice of such objection, the approval of the council of governments shall be conclusively presumed. If the local transportation commission approves, applications for funds to which the council of governments has so objected shall be paid by the county auditor, unless within 30 days after such approval the council of governments has filed an appeal with the Secretary of the Business and Transportation Agency and provided notice of such appeal to the local transportation commission and the county auditor. The secretary shall render his decision on the appeal within 30 days after he receives it, and the decision of the secretary regarding whether the application is in accord with the adopted regional plan shall be final. The secretary shall transmit copies of his decision to the council of governments, the local transportation commission, and the county auditor.

If a local transportation commission is formed, the board of

supervisors shall be notified by the applicant at the time a claim is filed under Article 4 (commencing with Section 99260), Chapter 4, Part 11, Division 10 of the Public Utilities Code.

(b) Except in a county with a population over six million according to the last federal decennial census, a county that is not included within the jurisdiction of a statutorily created regional transportation agency but for which there is a council of governments may, pursuant to this subdivision, elect, with the concurrence of a majority of the cities which include at least 50 percent of the incorporated population within the county, to form a local transportation commission pursuant to Section 29535. Applications for funds may be allocated by the local transportation commission only if the council of governments has not objected to such application. For such counties with a population of 500,000 or more, as determined under Section 28020 of the Government Code, as now or hereafter amended, but excluding counties with more than 4,500 miles of maintained county roads, the members appointed by the mayor's select committee of the county from a city for which a transit service is provided and the members appointed by a transit district and the member representing other transit operators shall have no vote in the approval of the claims filed under Article 8 (commencing with Section 99400), Chapter 4, Part 11, Division 10 of the Public Utilities Code. For such counties with a population of less than 500,000, as determined under Section 28020 of the Government Code, as now and hereafter amended, and for counties with a population of 500,000 or more, as determined under Section 28020 of the Government Code, as now or hereafter amended, and with more than 4,500 miles of maintained county roads, the members appointed by the mayor's select committee of the county from a city for which all of the proportion of the total revenues placed by the county in the local transportation fund that the city's population bears to the total of the county population is used to pay approved claims filed under Article 4 (commencing with Section 99260), Chapter 4, Part 11, Division 10 of the Public Utilities Code, and the members appointed by a transit district, and the member representing other transit operators shall have no vote in the approval of the claims filed under Article 8 (commencing with Section 99400), Chapter 4, Part 11, Division 10 of the Public Utilities Code.

Applications for funds shall be submitted to both the local transportation commission and the council of governments, which shall have 60 days after the receipt of applications to notify the local transportation commission and the county auditor of any objection. If neither the local transportation commission nor the county auditor receive notice of objection, the approval of the council of governments shall be presumed. Applications for funds to which the council of governments has objected shall not be paid by the county auditor until the objection has been removed.

SEC. 4. Section 65080.1 is added to the Government Code, to read:

65080.1. Once preparation of a regional transportation plan has been commenced by or on behalf of a designated transportation planning agency, the secretary shall not designate a new transportation planning agency pursuant to Section 29532 for all or any part of the geographic area served by the originally designated agency unless he first determines that such redesignation will not impede the ultimate completion of the State Transportation Plan and such redesignation will not result in the loss to California of any substantial amounts of federal funds.

SEC. 5. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

CHAPTER 789

An act to amend Sections 74702, 74702.5, 74703, 74704, 74705, 74708, and 74711 of the Government Code, relating to courts.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 74702 of the Government Code is amended to read:

CHAPTER 791

An act to add Sections 31012, 31013, and 71599 to, and to add Chapter 6 (commencing with Section 72060) to Part 8 of Division 20 of, the Water Code, relating to water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 31012 is added to the Water Code, to read:

31012. If, on or after the effective date of this section, substantially all of a district water system is acquired by another public agency by any method other than a vote of the electorate of that district so authorizing, the following provisions shall apply:

(a) All funds derived from the operation of the former district system shall be separately accounted for and used exclusively for the

purposes of maintenance, operation, betterments, and bond debt service of the acquired system.

(b) No funds derived from the former district system shall be used for any other such purpose until all debt of that former system has been paid in full or until a majority vote of the electorate of the area served by that former system has authorized such other expenditures.

SEC. 2. Section 31013 is added to the Water Code, to read:

31013. Notwithstanding any other provision of law, the Mammoth County Water District may operate a propane gas distribution service for residents of the district and may do any act necessary to furnish sufficient propane gas to residents of the district.

The provisions of this section are necessary because of the great need for propane gas service within the area of the Mammoth County Water District. There is no other local governmental entity willing to provide such service to the people of the district. This problem is not common to all districts formed under this division. It is therefore hereby declared that a general law cannot be made applicable and that the enactment of this section as a special law is necessary for the solution of problems existing in the Mammoth County Water District.

SEC. 3. Section 71599 is added to the Water Code, to read:

71599. If, on or after the effective date of this section, substantially all of a district water system is acquired by another public agency by any method other than a vote of the electorate of that district so authorizing, the following provisions shall apply:

(a) All funds derived from the operation of the former district system shall be separately accounted for and used exclusively for the purposes of maintenance, operation, betterments, and bond debt service of the acquired system.

(b) No funds derived from the former district system shall be used for any other such purpose until all debt of that former system has been paid in full or until a majority vote of the electorate of the area served by that former system has authorized such other expenditures.

SEC. 4. Chapter 6 (commencing with Section 72060) is added to Part 8 of Division 20 of the Water Code, to read:

CHAPTER 6. ISSUANCE OF BONDS AND PAYMENT OF DEBT SERVICE BY THE POMONA VALLEY MUNICIPAL WATER DISTRICT

Article 1. General Provisions

72060. The provisions of this chapter apply only to the Pomona Valley Municipal Water District.

72061. Notwithstanding any other provisions of law, within the Pomona Valley Municipal Water District, bonds may be issued by such district and the debt service thereon paid in and for the purpose and in the manner provided in this chapter. Except as provided

otherwise in this chapter, such bonds shall be issued and the debt service thereon paid in and for the purpose and in the manner otherwise provided by this division.

Article 2. Bond Election, Issuance, and Sale

72062. Whenever the board deems it necessary for the district to incur a bonded indebtedness for the acquisition, construction, completion, or repair of any or all improvements, works, or property mentioned in this division, the board shall, by resolution, so declare and call an election to be held in the district for the purpose of submitting to the voters thereof the proposition of incurring indebtedness by the issuance of the bonds of the district pursuant to the provisions of this chapter.

72063. The resolution calling the bond election shall state all of the following:

(a) The purpose for which the proposed debt is to be incurred, which may include expenses of all proceedings for the authorization, issuance, and sale of bonds.

(b) The amount of debt to be incurred by each improvement district and by the district.

(c) The full amount of the authorized bonds may be divided into two or more series and different dates fixed for the bonds of each series. The maximum term, which the bonds of any series shall run before maturity shall not exceed forty years from the date of the series.

(d) The bonds shall bear interest at a rate or rates not to exceed 8 percent per year, payable semiannually, except that interest for the first year may be payable at the end of that year.

(e) The measure to be submitted to the voters, which measure shall state that the bonds are to be issued and paid for in the manner set forth in this chapter and in the resolution calling the bond election.

(f) The principal of, or interest on, the bonded debt shall be paid from taxes levied and collected in the entire district as provided in Part 9 (commencing with Section 72090) of this division, except to the extent revenues of the district, or revenues raised by the alternative methods provided by this chapter in the improvement districts established pursuant to Article 3 (commencing with Section 72065) of this chapter are sufficient to pay the amount of such principal and interest that will become due before the proceeds of a tax levied at the next general tax levy will be available.

(g) The date upon which an election shall be held for the purpose of authorizing the bonded indebtedness to be incurred.

(h) The designation of precincts and the location of polling places.

72064. If, from the bond election returns, it appears that more than one-half of the votes cast in such election were in favor of, and assented to, the incurring of the indebtedness, the board may, by resolution, at such time or times as it deems proper, issue bonds of

the district for the whole or any part of the amount of the indebtedness so authorized, and may from time to time provide for the issuance of such amounts as the necessity therefor may appear, until the full amount of such bonds authorized has been issued.

72064.1. Except as provided otherwise herein, such election, issuance, and sale of bonds shall be governed by the provisions of this division.

Article 3. Improvement Districts

72065. 72070.9. Interest and penalties for delinquency in remittance of any tax collected by a service supplier and not remitted to the board shall be assessed as follows:

(a) Any service supplier who fails to remit any tax imposed by this article within 30 days after receipt of written notice from the board of such failure shall pay a penalty of 10 percent of the amount of the tax.

(b) If the board determines that the nonpayment of any remittance due under this article is due to fraud, a penalty of 25 percent of the amount of the tax shall be added thereto in addition to the penalty stated in subdivision (a).

(c) In addition to the penalties imposed in this section, any service supplier who fails to remit any tax imposed by this part, shall pay interest at the rate of one percent per month, or fraction thereof, on the amount of the tax exclusive of penalties, from the date on which the remittance first became delinquent until paid.

72070.10. Failure by a service user to pay any tax imposed by this article shall result in the following interest and penalties on the service user:

(a) Any service user who fails to pay any tax imposed by this article within 90 days of the date of receipt of notice of the amount of tax due from the service supplier shall pay a penalty of 10 percent of the amount of the unpaid tax.

(b) In addition to the penalty imposed in this section, any service user who fails to pay any tax imposed by this article, shall pay interest at the rate of 6 percent per annum, exclusive of penalties, from the date on which the remittance first became delinquent until paid, and a collection charge of five dollars ($5) for each delinquent account.

(c) The penalties, interest, and collection charges imposed by this section shall not be billed or collected by the service supplier, but shall be determined and collected by the board.

72070.11. Any tax required to be paid by a service user under the provisions of this article shall be deemed a debt owed by the service user to the district. Any tax collected from a service user which has not been remitted to the board shall be deemed a debt owed to the district by the person required to collect and remit such tax. Nothing in this article shall impose any obligation upon a service supplier to take any legal action to enforce the collection of the utility users tax

imposed by this article. Amounts uncollected by a service supplier shall be referred to the board for collection.

72070.12. The board shall enforce the provisions of this article and may prescribe, adopt and enforce rules and regulations relating to the administration and enforcement of this article. The board shall not prescribe, adopt or enforce any rule or regulation which has the effect, directly or indirectly, of altering the terms and conditions of service of a service supplier serving the general public. Rules and regulations prescribed and adopted by the board shall not be inconsistent with procedures established from time to time by a service supplier serving the general public for the purpose of billing, collecting and accounting for charges in the conduct of its business.

72070.13. Whenever the amount of any tax has been overpaid or paid more than once or had been erroneously or illegally collected or received by the board, it may be refunded, provided that a claim therefor in writing is filed with the board within two years of the date of payment.

72070.14. Notwithstanding the provisions of section 72070.13, a service supplier may claim a refund or take as credit against taxes collected and remitted the amount overpaid, paid more than once, or erroneously or illegally collected or received when it is established in a manner prescribed by the board that the service user from whom the tax has been collected did not owe the tax; provided, however, that neither a refund nor a credit shall be allowed unless the amount of the tax so collected has either been refunded to the service user or credited to charges subsequently payable by the service user to the person required to collect and remit.

72071. The board may advance general funds of the district to accomplish the purposes of an improvement district performed pursuant to this chapter.

72072. The board may repay the district for any advance of funds from the proceeds of the sale of bonds authorized for the purposes of the improvement district or from the taxes levied exclusively upon the taxable property in the improvement district, with interest at a rate not to exceed the interest value of money to the district.

72073. The board annually shall cause to be prepared a written report stating the reasons for and conclusions of the board upon the following, together with any additional information deemed by the board to be relevant to such conclusions:

(a) The amount of the total debt service payable by the district for the following fiscal year on any bonded indebtedness incurred pursuant to this chapter.

(b) The amount of such total debt service and maintenance and operation costs proposed to be paid by each of the improvement districts established under the provisions of this chapter, in accordance with the estimated benefits to be received by the landowners, water users, and inhabitants of each such improvement district.

(c) The projected retail water sales within each such

improvement district for the following fiscal year, stated by volume and anticipated revenue.

Such report shall be mailed at least 20 days before the hearing provided for in Section 72074 to (1) each retail water purveyor with a service area wholly or partly within the district, and (2) any other interested party having made written request therefor at least 20 days before such hearing.

72074. Annually, prior to approving the annual budget for the district, the board of directors shall hold a public hearing for the purpose of considering the report made pursuant to this article, and to determine the amount of debt service and maintenance and operation costs to be paid by each of the improvement districts established hereby and the method of payment of such amount by each such improvement district.

72075. Notice of the hearing to be held pursuant to Section 72074 shall be given by publishing a copy, pursuant to Section 6066 of the Government Code, at least 15 days prior to the time fixed for the hearing in a newspaper of general circulation within the district, if there is a newspaper of such circulation within the district. Such notice also shall be given by posting a copy in three public places within each of the improvement districts established under this chapter for at least two weeks before the time fixed for the hearing.

The notice of such hearing shall state the following:

(a) The time and place for the hearing by the board.

(b) The amount of such debt service and maintenance and operation costs proposed to be paid by each improvement district established by this chapter.

(c) That an ad valorem tax will be levied in each improvement district in an amount sufficient to pay the bond debt service and maintenance and operation costs required for the following fiscal year by each improvement district, to the extent that alternative methods of payment are not available for such purpose under the provisions of this chapter.

(d) That at such time and place any person interested will be heard on the questions of such amount of debt service and maintenance and operation costs and the availability of such alternative methods of payment.

72076. At the conclusion of the hearing, the board shall, by resolution, determine the following:

(a) The amount of the total debt service on any bond indebtedness incurred pursuant to this chapter and the amount of the maintenance and operation costs to be paid by each improvement district established hereunder, in accordance with the estimated benefits to be received by the landowners, water users, and inhabitants of each such improvement district.

(b) The method of payment of such debt service and maintenance and operation costs by each such improvement district.

72077. The amount of such debt service and maintenance and operation costs to be paid by each improvement district established

under this chapter shall be paid by an ad valorem tax, to the extent that such payment is not paid by one or more of the following alternative methods:

(a) Payment of funds to the district from water revenues or other income of the retail water purveyors within each such improvement district pursuant to a contract therefor, which shall constitute a lien upon such revenues and income. Notwithstanding the foregoing, such payment shall not be used unless and until a declaration of such majority of purveyors, stating their intention to use a specified amount of water service revenues or other income as such an alternative method of payment is filed with the board and there is shown to the satisfaction of the board that the financial condition of such purveyor reasonably will assure such payment. Such payment shall be made to the district on or before the date on which it would have received funds if it levied an ad valorem tax in lieu of such alternative method of payment.

If any such purveyor fails to make any or all of such payment, the amount of such delinquency, plus a penalty of 8 percent per annum, shall be paid by such defaulting purveyor through appropriate proceedings brought by the district.

(d) Collection of the utility tax pursuant to Sections 72070.1 to 72070.14, inclusive.

(c) Water standby or availability charges in any such improvement district fixed pursuant to Article 2 (commencing with Section 71630) of Chapter 2 of Part 5 of this division.

(d) Water revenues of the district derived from sales of water within each such improvement district pursuant to Article 1 (commencing with Section 71610) of Chapter 2 of Part 5 of this division.

The board shall not use any of such alternative methods of payment if a written protest against such use is filed with the board, prior to the conclusion of the hearing held pursuant to this chapter, by the retail water purveyors within each such improvement district providing the majority of retail water service within such improvement district by volume and number of services.

Notwithstanding the foregoing, if such a written protest is filed, the board may nonetheless use any such alternative means of payment, other than that specified in subdivision (a), upon the affirmative vote of four directors.

SEC. 5. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Facts and circumstances exist in the Pomona Valley Municipal Water District in Los Angeles County, peculiar to that district, which necessitate the special provisions and procedures provided by this act for permitting the creation of a districtwide bond debt for water facilities, while allowing the creation of improvement districts with local options as to the method of servicing such bond debt and paying maintenance and operation costs of such facilities; namely, because of the extreme rapid population growth occurring in some areas of the district without ground water supplies, the general deterioration of quality and quantity of local supplies, the urgent need for increased selective use and protection of local water supplies, the increasing threat to local water supplies through the presence of nitrates, and the extreme diversity of development, water sources, water needs, and types of water purveyors, among other urgent water-related problems. It is necessary, therefore, that this act go into immediate effect.

Any certificated person who is a citizen or subject of any country other than the United States, and who is employed in any capacity in any of the public schools of the state shall, before entering upon the discharge of his duties, subscribe to an oath to support the institutions and policies of the United States during the period of his sojourn within the state. Upon the violation of any of the terms of the oath or affirmation, the commission or the Board of Governors of the California Community Colleges, as the case may be, shall suspend or revoke the credential which has been issued.

CHAPTER 804

An act to amend Section 6103.4 of the Government Code and to add Sections 13609, 13610, 13611, and 13612 of the Water Code, relating to grant application processing fees, making an appropriation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 1974. Filed with Secretary of State September 18, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 6103.4 of the Government Code is amended to read:

6103.4. Section 6103 does not apply to any fee or charge for official services required by Part 5 (commencing with Section 4999) of Division 2, or subdivision (d) of Section 13260, or Section 13609, of the Water Code.

SEC. 2. Section 13609 is added to the Water Code, to read:

13609. Each applicant for a grant under this chapter for a project to be funded by the federal fiscal 1973–74 allotment and all federal allotments thereafter shall pay to the state board a reasonable grant processing fee not to exceed one-half of 1 percent of total eligible project costs according to a fee schedule established by the state

board.

SEC. 3. Section 13610 is added to the Water Code, to read:

13610. The fee authorized by Section 13609 shall be an eligible project cost for grants from the State Clean Water Fund. Section 13609 shall not apply unless the fee is an eligible project cost of the grant obtained under the Federal Water Pollution Control Act.

SEC. 4. Section 13611 is added to the Water Code, to read:

13611. Fees collected under the provisions of Section 13609 shall be deposited in the State Clean Water Grants Administration Revolving Fund, which fund is hereby created.

SEC. 5. Section 13612 is added to the Water Code, to read:

13612. The Department of Finance in conjunction with the state board shall, from time to time, review the status of the State Clean Water Grants Administration Revolving Fund to determine whether the amount of money therein is adequate to carry out the provisions of this chapter. If the Department of Finance determines that there are excess amounts in the fund, it shall notify the State Controller who shall effect the necessary transfer to the General Fund.

The expenditures from the State Clean Water Grants Administration Revolving Fund shall be subject to annual appropriation in the Budget Act, except that for the 1974–75 fiscal year such expenditures as are determined necessary by the state board subject to approval of the Department of Finance and Section 28 of the Budget Act of 1974 may be made.

SEC. 6. There is hereby appropriated from the General Fund for the purposes of Chapter 8 (commencing with Section 13600) of Division 7 of the Water Code, to be allocated by the Department of Finance as loans to the State Clean Water Grants Administration Revolving Fund, an amount not to exceed the sum of one million five hundred thousand dollars ($1,500,000), provided that, any loan made pursuant to this authorization shall be repaid from the State Clean Water Grants Administration Revolving Fund upon such terms and conditions as may be prescribed by the Department of Finance.

No other appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

It is possible to accelerate the Clean Water Grant Program in California to fund, construct and place in operation water pollution control projects two years sooner than is now the case. Staff limitations imposed by the availability of funds for the processing of applications for such projects have seriously restricted the state's ability to implement an accelerated grant administration program. It is essential that additional funds be provided for grant

administration to accelerate the program thereby avoiding increased construction costs attributable to inflation and facilitating achievement of statewide clean water goals.

The superior court may also authorize the commissioners to perform the duties of a juvenile court referee appointed pursuant to Section 553 of the Welfare and Institutions Code. Any commissioner authorized to perform the duties set forth above shall receive a salary equal to 75 percent of the salary of a judge of the superior court. The salary shall be automatically increased periodically at the time and in the manner specified by Section 68203. Each commissioner shall also be allowed actual traveling expenses pursuant to Section 70148.

CHAPTER 806

203.3. Notwithstanding Section 203.1, the municipal courts in a county of the first class shall use the same jury panel as that

summoned for use in the superior court. Persons so selected for jury duty in the municipal courts need not be residents of the municipal court district in which they are summoned to serve.

SEC. 2. Section 204 of the Code of Civil Procedure is amended to read:

204. (a) Except as otherwise provided in this section, during January in each year, the superior court of each county shall make an order designating the estimated number of trial jurors that will, in the opinion of the court, be required for the transaction of the business of the courts authorized to use the superior court jury panel, and the trial of causes therein, during the ensuing year. Immediately after such order is made, the board of supervisors shall select, pursuant to Sections 205 and 206, a list of men and women to serve as trial jurors in the superior court of the county during the ensuing year, or until a new list of jurors is provided. In counties having a population of 80,000 inhabitants or over, such selection shall be made by a majority of the judges of the superior court.

(b) In counties having a population of 300,000 inhabitants or over, other than a county of the first class, a majority of the judges of the superior court shall, in January and July of each year or in the December or June immediately preceding, make the order designating the number of trial jurors and the selections and listings of men and women suitable and competent to serve as trial jurors.

SEC. 3. Section 206 of the Code of Civil Procedure is amended to read:

206. (a) The names for the trial jury list shall be selected from the different wards or judicial districts of the respective counties in proportion to the number of inhabitants therein, as nearly as the same can be estimated by the persons making the lists. The trial jury list shall be kept separate and distinct from the grand jury list.

(b) In a county of the first class all trial jurors shall be selected annually on a countywide basis. A person is exempt from liability to act as a juror in any court which is more than 20 miles from his residence if, when summoned as a juror, he makes and transmits his affidavit to the jury commissioner, stating that he lives more than 20 miles from the court for which he is summoned and the address of his residence. If the affidavit is sufficient in substance, it shall be received as an excuse for nonattendance in person at the court to which the affiant was summoned.

(c) In a county of the first class a person is exempt from liability to act as a juror in any court within 20 miles from his residence if, when summoned as a juror, he makes and transmits his affidavit to the jury commissioner, setting forth particular facts showing that undue hardship would result from his service as a juror because there is no adequate means of transportation between his residence and the court for which he is summoned. If the affidavit is sufficient in substance, it shall be received as an excuse for nonattendance in person at the court to which the affiant was summoned.

CHAPTER 807

An act to amend Sections 185.5, 186.3, 194, 2101, 2106, 2108, and 2150 of, and to add Section 199 to, the Streets and Highways Code, relating to transportation funds.

[Approved by Governor September 18, 1974. Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 185.5. of the Streets and Highways Code is amended to read:

185.5. The director shall pay from the State Highway Account in the State Transportation Fund that portion of the administrative expenses of the department that he determines, in consultation with the commission, to have resulted from the functions of the department for purposes specified in Section 2101.

Such submittals shall be reviewed and approved or modified by the department and shall constitute the select system upon which funds may thereafter be expended.

(c) All select systems and their modifications or revisions heretofore approved by the commission shall be effective upon the date of such approval.

(d) Notwithstanding subdivision (a), funds received pursuant to Sections 2106 and 2107 and expended for the acquisition of

rights-of-way for, and the construction of, city streets shall be considered expenditures on the select system of the city, if the city legislative body finds that 90 percent or more of either its select system or its entire system of city streets has been constructed. For purposes of this subdivision, the select system of city streets shall include all city streets which meet, or substantially meet, all three criteria set forth in subdivision (b) of Section 186.4. In the event that the total mileage of streets in the city has increased by more than 10 percent since the findings were made by the city legislative body, it shall reevaluate its findings.

(e) Notwithstanding subdivision (a), funds apportioned pursuant to Section 2106 may be expended or allocated for the purposes specified in subdivisions (c) and (d) of Section 2101 by a county or city included within an area in which the voters thereof have approved a proposition pursuant to Section 4 of Article XXVI of the California Constitution.

SEC. 2. Section 194 of the Streets and Highways Code is amended to read:

194. In each annual budget report prepared by the commission and the department under Section 143.1, the commission shall allocate to the Transportation Planning and Research Account a sum equal to the pro rata share of the comprehensive transportation planning duties attributable to highway and to exclusive public mass transit guideway planning and research, as determined by the Secretary of the Business and Transportation Agency in consultation with the commission.

SEC. 3. Section 199 is added to the Streets and Highways Code, to read:

199. Upon the approval of a proposition by the voters of an area pursuant to Section 4 of Article XXVI of the California Constitution, the entity, including, but not limited to, a transit district, responsible for construction of an exclusive mass transit guideway project in that area may submit the project to the department for inclusion in its resource allocation recommendations. If the project is located within an area under the jurisdiction of a statutorily created regional transportation agency, the project shall be approved by the agency prior to being submitted to the department.

The department shall submit its resource allocation recommendations for that project for the comment and review of the transportation planning agency designated in Section 29532 of the Government Code for the area, except that in the case of a project located within an area under the jurisdiction of a statutorily created regional transportation agency, the project shall be approved by the agency. In addition all projects shall be submitted by the department to the State Transportation Board for their approval as being in conformance with the regional transportation plan for that area and California Transportation Plan, before the department presents its budget recommendations to the commission for funding the project from the State Highway Account under such terms and conditions as

the commission and board deem appropriate and subject to the percentage limitation of Section 200.

If, at any time during the resource allocation decision process, the department or commission is unable to achieve an agreement with the entity concerning a transit project, the entity, the department, or the commission may request the Secretary of Business and Transportation Agency to convene and chair a committee composed of an equal number of members of the board and commission to resolve the disagreement.

The funds set aside pursuant to this section shall be deemed expenditures on the state highway system for purposes of Sections 188, 188.8, and 188.9 and shall be separately identified in the budget report submitted to the Legislature pursuant to Sections 143.1 and 143.2.

SEC. 4. Section 2101 of the Streets and Highways Code is amended to read:

2101. All moneys in the Highway Users Tax Account in the Transportation Tax Fund and hereafter received in the account are appropriated for all of the following:

(a) The research, planning, construction, improvement, maintenance, and operation of public streets and highways (and their related public facilities for nonmotorized traffic), including the mitigation of their environmental effects, the payment for property taken or damaged for such purposes, and the administrative costs necessarily incurred in the foregoing purposes.

(b) The research and planning for exclusive public mass transit guideways (and their related fixed facilities), the payment for property taken or damaged for such purposes, and the administrative costs necessarily incurred in the foregoing purposes.

(c) The construction and improvement of exclusive public mass transit guideways (and their related fixed facilities), including the mitigation of their environmental effects, the payment for property taken or damaged for such purposes, the administrative costs necessarily incurred in the foregoing purposes, and the maintenance of the structures and the immediate right-of-way for the public mass transit guideways, but excluding the maintenance and operating costs for mass transit power systems and mass transit passenger facilities, vehicles, equipment, and services, in any area where the voters thereof have approved a proposition pursuant to Section 4 of Article XXVI of the California Constitution.

(d) The payment of principal and interest on voter-approved bonds issued for the purposes specified in subdivision (c).

SEC. 5. Section 2106 of the Streets and Highways Code is amended to read:

2106. A sum equal to the net revenue derived from one and four one-hundredths cent ($0.0104) per gallon tax under the Motor Vehicle Fuel License Tax Law shall be apportioned monthly from the Highway Users Tax Account in the Transportation Tax Fund among counties and cities as provided in this section.

The amounts available under this section shall be apportioned, as follows:

(a) Four hundred dollars ($400) per month shall be apportioned to each city and city and county and eight hundred dollars ($800) per month shall be apportioned to each county and city and county.

(b) Thirty thousand dollars ($30,000) per month shall be transferred to the Bicycle Lane Account in the State Transportation Fund.

(c) The balance shall be apportioned, as follows:

(1) A base sum shall be computed for each county by using the same proportions of fee-paid and exempt vehicles as are established for purposes of apportionment of funds under subdivision (d) of Section 2104.

(2) For each county the percentage of the total assessed valuation of tangible property subject to local tax levies within the county which is represented by the assessed valuation of tangible property outside the incorporated cities of the county shall be applied to its base sum, and the resulting amount shall be apportioned to the county. The assessed valuation of taxable tangible property for purposes of this computation shall be that most recently used for countywide tax levies as reported to the State Controller by the State Board of Equalization. In the event an incorporation or annexation is legally completed following the base sum computation, the new city's assessed valuation shall be deducted from the county's assessed valuation, the estimate of which may be provided by the State Board of Equalization.

(3) The difference between the base sum for each county and the amount apportioned to the county shall be apportioned to the cities of that county in the proportion that the population of each city bears to the total population of all cities in the county. Populations used for determining expenditure of moneys under Section 2107 are to be used for purposes of this section.

No apportionment shall be made to any city or county which does not have a select system established in accordance with the provisions of Section 186.3. If all or a portion of the select system of a city or county shall by a change in the physical limits of such city or county be included within the boundaries of another city or county, such portion shall be considered to be a part of the select system of such other city or county. Any amounts which would otherwise have been apportioned to a city which does not so qualify for an apportionment shall be reapportioned to the remaining cities in the county in which such city is located or, if there are no eligible cities in the county, to the county. Any amounts which would otherwise have been apportioned to a county which does not so qualify for an apportionment shall be reapportioned to the eligible cities in such county or, if there are no eligible cities in the county, to other counties and cities pursuant to this section.

SEC. 6. Section 2108 of the Streets and Highways Code is amended to read:

2108. The balance of the money in the Highway Users Tax Account in the Transportation Tax Fund, after making the apportionments provided in Sections 2104 to 2107.7, inclusive, shall be transferred to the State Highway Account in the State Transportation Fund for expenditure on state highways and for exclusive public mass transit guideway purposes.

SEC. 7. Section 2150 of the Streets and Highways Code is amended to read:

2150. All amounts paid to each county, out of the Highway Users Tax Fund shall be deposited in its road fund. The board may deposit in said fund any other money available for roads. All money received by a county from the Highway Users Tax Fund and all money deposited by a county in its road fund shall be expended by the county exclusively for county roads for the purposes specified in Section 2101 or for other public street and highway purposes as provided by law.

The amounts paid to a county for snow removal on county roads and for heavy rainfall and storm damage on county roads, pursuant to Section 2110, shall be kept in separate accounts in its road fund and shall be used solely for the purpose for which apportioned.

SEC. 8. All elections held prior to August 1, 1974, in which a proposition was submitted to authorize the use of motor vehicle tax revenues for exclusive public mass transit guideway purposes, pursuant to Section 4 of Article XXVI of the California Constitution, as adopted at the June 4, 1974, direct primary election, are hereby confirmed, validated, and declared legally effective. This validation shall include all acts and proceedings of the governing board of any public body and of any person, public officer, board, or agency previously done or taken upon such proposition submitted to the voters. This section shall grant such legislative authorization as may be necessary to validate any such acts and proceedings previous taken which the Legislature could have granted in the law under which such acts or proceedings were taken.

CHAPTER 808

An act to amend Sections 17538, 17538.3, and 17538.5 of the Business and Professions Code, relating to mail order business.

[Approved by Governor September 18, 1974. Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 17538 of the Business and Professions Code is amended to read:

17538. It is unlawful in the sale or offering for sale of consumer goods or services for any person conducting a mail order or catalog

business in this state or advertising a California mailing address to accept money through the mails from a consumer for consumer goods or services ordered by mail or telephone and then permit six weeks, unless otherwise stated in the advertisement, to elapse without doing any one of the following things:

(a) Delivering or mailing the consumer goods or services ordered.

(b) Making a full refund.

(c) Sending the consumer a letter or notice advising him of the duration of an expected delay or the substitution of consumer goods or services of equivalent or superior quality, and offering to send him a refund within one week if he so requests. If the vendor proposes to substitute consumer goods or services, he shall describe it in detail, indicating how it differs from the consumer goods or services ordered.

(d) Sending the consumer substituted consumer goods or services of equivalent or superior quality, if the consumer is extended the opportunity to return the substituted goods or services and the seller promises to refund to the consumer the cost of returning such goods or services together with any portion of the purchase price previously paid by the consumer. A notice to the consumer stating the right to obtain a refund and the cost of returning the substituted consumer goods or services shall accompany the sending of such goods or services to the consumer.

For purposes of subdivisions (c) and (d), consumer goods or services may not be considered of "equivalent or superior quality" if they are not substantially similar to the goods or services ordered, or not fit for the usual purposes for which such consumer goods or services are used, or if the seller normally offers the substituted consumer goods or services at a price lower than the price of the consumer goods or services ordered.

(e) When a consumer makes an initial application for an open-end credit plan, as defined in the Federal Consumer Credit Protection Act (15 U.S.C. 1682), at the same time the consumer goods or services are ordered, and such goods or services are to be purchased on credit, the person conducting the mail order business shall have seven weeks, rather than six weeks, to perform the actions specified in this section.

(f) As used in this section and Section 17538.3:

(1) "Goods" means tangible chattels bought for use primarily for personal, family, or household purposes, including certificates or coupons exchangeable for such goods, and including goods which, at the time of the sale or subsequently, are to be so affixed to real property as to become a part of such real property, whether or not severable therefrom.

(2) "Person" means an individual, partnership, corporation, association, or other group, however organized.

(3) "Consumer" means an individual who seeks or acquires, by purchase or lease, any goods or services for personal, family, or household purposes.

42340 64 5 195 553

(4) "Services" means work, labor, and services for other than a commercial or business use, including services furnished in connection with the sale or repair of goods.

SEC. 2. Section 17538.3 of the Business and Professions Code is amended to read:

17538.3. The provisions of Section 17538 do not apply to any of the following:

(a) To consumer goods or services ordered pursuant to an open-end credit plan as defined in the Federal Consumer Credit Protection Act or any other credit plan pursuant to which the consumer's account was opened prior to the mail order in question, and under which the creditor may permit the consumer to make purchases from time to time from the creditor or by use of a credit card.

(b) To instances in which all advertising for consumer goods or services contains a notice as to each item or services offered, which, in the case of printed advertising, shall be in a type size at least as large as that indicating the price, that a delay may be expected of a specified period. In such cases, one of the events described in Section 17538 must occur no later than one week after expiration of the period specified in the advertisement.

(c) To consumer goods or services, such as quarterly magazines, which by their nature are not ready for use or consumption until a future date and for that reason cannot be stocked at the time of order.

(d) To installments other than the first of consumer goods, such as magazine subscriptions, ordered for serial delivery.

(e) To any delay in delivery of consumer goods or services caused by the United States Post Office, an act of God, or a labor strike by the seller's employees.

SEC. 3. Section 17538.5 of the Business and Professions Code is amended to read:

17538.5. It is unlawful in the sale or offering for sale of consumer goods or services for any person conducting a mail order or catalog business in this state and utilizing a post office box address to fail to disclose the legal name under which business is done and the complete street address from which business is actually conducted in all advertising and promotional materials, including order blanks and forms.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 809

An act to amend Section 5544.2 of the Public Resources Code, relating to regional park districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 5544.2 of the Public Resources Code is amended to read:

5544.2. A district may acquire all necessary and proper lands and facilities, or any portion thereof, by means of a plan to borrow money or by purchase on contract. The amount of indebtedness to be incurred shall not exceed an amount equal to the anticipated tax income for the next two-year period derived pursuant to Sections 5545 and 5545.5. All such indebtedness which is incurred on or after July 1, 1968, shall be repaid in approximately equal annual installments during a period not to exceed 10 years from the date on which it is incurred and shall bear interest at a rate not exceeding 6½ percent per annum payable annually or semiannually or in part annually and in part semiannually. Each such indebtedness shall be authorized by a resolution adopted by the affirmative votes of at least four-fifths of the members of the district board and shall be evidenced by a promissory note or contract signed by at least four-fifths of the members of the district board. At the time of making the general tax levy after incurring each such indebtedness and annually thereafter until such indebtedness is paid or until there is a sum in the treasury set apart for that purpose sufficient to meet all payments of principal and interest on such indebtedness as they become due, a portion of the taxes levied and collected pursuant to Sections 5545 and 5545.5 shall be levied and collected and set aside sufficient to pay the interest on such indebtedness and such part of the principal as will become due before the proceeds of a tax levied at the next general tax levy will be available. The indebtedness authorized to be incurred by this section shall be in addition to, and the provisions of this section shall not apply to, any bonded indebtedness authorized by vote of the electors.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Inasmuch as the East Bay Regional Park District has prepared and adopted the master plan and levied the additional tax specified in subdivision (b) of Section 5545.5, and in order for the district to utilize immediately the borrowing powers conferred by this act for the acquisition and development of new park lands, it is necessary for this act to take effect immediately.

CHAPTER 810

An act to add Sections 1442 and 1442.5 to the Health and Safety Code, relating to health care to indigents.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature recognizes the importance of the health care provided by counties to indigent residents through county hospitals and health care facilities. It is the purpose and intent of the Legislature by this act to insure that the duty of counties to provide health care to indigents is properly and continuously fulfilled.

SEC. 2. Section 1442 is added to the Health and Safety Code, to read:

1442. The board of supervisors in each county, prior to closing a county hospital or other county medical facility, eliminating any area of service in a county hospital or other county medical facility or reducing the level of services provided to indigents as of January 1, 1975, or prior to leasing, selling, or in any way transferring the management of a county hospital or other county medical facility, shall file with the State Department of Health and the appropriate areawide voluntary health planning agency the following:

(a) A description of the county's existing facilities and services, the board's proposal for changing those facilities or services, including a plan for providing the eliminated services or facilities through alternative means.

(b) A copy of any contracts, agreements, or arrangements with any facility or individual to provide services to indigent people.

These documents shall be filed by the county at least 60 days prior to the effective date of such plan for providing the eliminated services or facilities, or any such contracts, agreements or arrangements.

The Department of Health shall file annually with the Legislature a report of all such closings of facilities and reductions or elimination of services.

SEC. 3. Section 1442.5 is added to the Health and Safety Code, to read:

1442.5. Prior to closing a county facility, eliminating or reducing the level of services provided, or prior to the leasing, selling, or transfer of management, the board shall provide public notice, including notice posted at the entrance to all county health care facilities, of public hearings to be held by the board prior to their decision to proceed. Such notice shall be posted not less than 90 days prior to such public hearings.

The board shall make findings based on these hearings that their proposed action will not have a detrimental impact on the health

care needs of the indigents of the county. Such findings shall be included as part of the official public hearing record.

Notwithstanding the board's closing of a county facility, the elimination of or reduction in the level of services provided, or the leasing, selling, or transfer of management of a county facility subsequent to January 1, 1975, the county shall provide for the fulfillment of its duty to provide care to all indigent people, either directly through county facilities or indirectly through alternative means.

(a) Where this duty is fulfilled by a contractual arrangement with a private facility or individual, the facility or individual shall assume the county's full obligation to provide care to those who cannot afford it, and make their services available to Medi-Cal and Medicare recipients.

(b) Where this duty is fulfilled by alternative means, the facility or individual providing services shall be in compliance with Sections 441.18 and 1277.

(c) Whether this duty is fulfilled directly by the county or through alternative means, the availability of services, and the quality of the treatment received by people who cannot afford to pay for their health care shall be the same as that available to nonindigent people receiving health care services in private facilities in that county.

(d) The board shall designate an agency to provide: a 24-hour information service which can give eligible people immediate information as to the available services and access to them and an agency to receive and respond to complaints from people eligible for services under this chapter. The designated agency may be the agency which operates the facility. This subdivision shall apply only in instances in which there is a closing of a county facility, an elimination or reduction in the level of services provided, or the leasing, selling, or transfer of such a county facility.

(e) The board shall arrange for all facilities or individuals contracting to provide services to indigent people to be listed in the local telephone directory under county listings, and shall specify therein that such facilities or individuals fulfill the obligations of county facilities.

The provisions of Section 25371 of the Government Code do not relieve the county of the obligation to comply with the provisions of this section.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because duties, obligations, or responsibilities imposed on local governmental entities by this act are such that related costs are incurred as a part of their normal operating procedures.

CHAPTER 811

An act to amend Section 6827 of the Public Resources Code, relating to oil and gas leases, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 6827 of the Public Resources Code is amended to read:

6827. Leases for the extraction and removal of oil and gas deposits may be made by the commission to the highest qualified bidder, or joint bidders, as provided in this chapter. Such a lease shall include all oil and gas deposits in the leased land and be for a term of 20 years and for so long thereafter as gas or oil is produced in paying quantities from the leased land, or lessee shall be diligently conducting production, drilling, deepening, repairing, redrilling or other necessary lease or well maintenance operations on the leased land. Any lease heretofore issued under this chapter for a term of 20 years, or any renewal or extension thereof, may at any time or times prior to its expiration be extended upon such terms and conditions and for such period of time as the commission deems for the best interests of the state or as the Legislature may provide; provided further, that upon the lessee's timely application therefor the commission may issue a new lease in exchange for any lease issued for a term of 20 years, or any renewal or extension thereof; such new lease shall be issued at the same royalty and upon the same terms and conditions as the lease for which it is exchanged, unless the commission and the lessee shall otherwise agree, except that the term of such exchange lease shall be for a term of five years and for so long thereafter as oil or gas is produced in paying quantities, or lessee shall be conducting production, drilling, deepening, repairing, redrilling or other necessary lease or well maintenance operations on the leased land.

When state lands, including tide and submerged lands, are offered for lease by the commission, the commission shall specify a sliding scale royalty on oil commencing at not less than 16⅔ percent up to a maximum percentage specified in the invitation to bid to be paid on the average production of oil per well per day under such lease, and a royalty of not less than 16⅔ percent as specified in the invitation to bid on dry gas, natural gasoline, and other products extracted and saved from the gas produced under such lease, except gas used for lease use or reinjection into the leased lands. Such royalties shall be paid in kind or as a percentage of the current market price at the well of, and of any premium or bonus paid on, the production removed or sold from the leased land, subject to an allowance for oil treatment and dehydration of not to exceed five

cents ($0.05) per barrel for royalty oil, and an annual rental payable in advance of not less than one dollar ($1) for each acre of land subject to the lease at the rental date. Unless the commission decides to reject all bids pursuant to Section 6836, the lease of the parcel or tract which is the subject of the bid shall be awarded to the qualified bidder who undertakes to pay the highest cash bonus in addition to satisfying all other provisions of the lease.

As alternatives to the procedure set forth in the preceding paragraph, the commission, if it so provides in the invitation to bid, may: (1) specify a sliding scale royalty on oil commencing at 16⅔ percent up to a maximum percentage specified in the invitation to bid, to be paid on the average production of oil per well per day under such lease, and a royalty of not less than 16⅔ percent as specified in the invitation to bid on dry gas, natural gasoline, and other products extracted and saved from the gas produced under such lease, except gas used for lease use or reinjection into the leased lands, and award the lease of the parcel or tract which is the subject of the bid to the qualified bidder who bids the highest factor to be applied to the scale of oil royalties specified in the offer to bid, in addition to satisfying all other provisions of the lease, unless the commission decides to reject all bids pursuant to Section 6836; or (2) specify that bidding shall be on the basis of a flat rate of royalty and award the lease of the parcel or tract which is the subject of the bid to the qualified bidder who undertakes to pay the highest flat rate of royalty, but not less than 16⅔ percent, on oil, to be paid on the production of oil under such lease, and a royalty of not less than 16⅔ percent as specified in the invitation to bid on dry gas, natural gasoline, and other products extracted and saved from the gas produced under such lease, except gas used for lease use or reinjection into the leased lands, unless the commission decides to reject all bids pursuant to Section 6836; or (3) specify, with respect to a proposed lease for the extraction of gas, that bidding shall be on the basis of a flat rate of royalty, and award the lease of the parcel or tract which is the subject of the bid to the qualified bidder who undertakes to pay the highest flat rate of royalty, but not less than 16⅔ percent, on dry gas, natural gasoline, and other products extracted and saved from the gas produced under such lease, except gas used for lease use or reinjection into the leased lands, unless the commission decides to reject all bids pursuant to Section 6836. Under such alternatives, the royalties shall be paid in kind or as a percentage of the current market price at the well of the production removed or sold from the leased lands, subject to an allowance for oil treatment and dehydration of not to exceed five cents ($0.05) per barrel for royalty oil, and an annual rental payable in advance of not less than one dollar ($1) for each acre of the land subject to the lease at the rental date.

If, at any time or from time to time, before or after the expiration of the primary term of such lease, the leased lands cease to produce oil or gas, the lease shall, nevertheless, continue in full force and

effect if within six months after the cessation of production, or such longer period of time as the commission may authorize, lessee shall commence and thereafter prosecute with reasonable diligence drilling, deepening, repairing, redrilling or other operations for the purpose of restoring production of oil or gas from the leased lands.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There is an urgent need to develop new sources of energy to offset the increasing shortages of oil and gas within the State of California. The state possesses natural gas resources that can be developed in a timely manner to help meet this need. It is necessary that the state develop these resources consistent with sound environmental, economic, and resources management practices in order to maximize the total public benefit. In view of these facts, it is essential that this act take effect immediately.

CHAPTER 812

The people of the State of California do enact as follows:

SECTION 1. Section 12001 of the Health and Safety Code is amended to read:

SEC. 2. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

CHAPTER 827

An act to amend Section 6757.5 of the Revenue and Taxation Code, and to amend Sections 1703 and 1703.5 of the Unemployment Insurance Code, relating to liens.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 6757.5 of the Revenue and Taxation Code is amended to read:

6757.5. Within the time allowed in Section 6757, the board may also file a certificate of state tax lien with the Secretary of State pursuant to Chapter 14.5 (commencing with Section 7220) of Division 7 of Title 1 of the Government Code. From the time of the filing of the certificate with the Secretary of State, the amount required to be paid, together with interest and penalty, constitutes a lien upon all personal property in the state owned by the person or afterwards acquired by him until the certificate of state tax lien lapses. A lien imposed by this section shall not be valid as against a purchaser for value without actual knowledge of the lien.

SEC. 2. Section 1703 of the Unemployment Insurance Code is amended to read:

1703. (a) If an employing unit is delinquent in a payment of any contributions, penalties or interest provided for in this division, the director may, not later than three years after the payment became delinquent, or within 10 years after the last entry of a judgment under Section 1815, file for record in the office of any county recorder a certificate specifying the amount of contributions, interest and penalties due, the cost of recording a release required by any provision of law, the name and address as it appears on the records of the department of the employing unit liable for the same, and the fact that the department has complied with all provisions of this division in the determination of the amount required to be paid. From the time of the filing for record, the amount required to be paid, together with interest, penalty, and the cost of recording the

01433 646185 680

release, constitutes a lien upon all the property in the county owned by the person or acquired by him before the lien expires. The lien has the force, effect, and priority of a judgment lien and shall continue for 10 years from the time of the filing of the certificate unless sooner released or otherwise discharged. The lien may, within 10 years from the date of the filing of the certificate or within 10 years from the date of the last extension of the lien, be extended by filing for record a new certificate in the office of the county recorder of any county and from the time of such filing the lien shall be extended to all the property in such county for 10 years unless sooner released or otherwise discharged. A lien imposed by this section shall not be valid insofar as personal property is concerned as against a purchaser for value without actual knowledge of the lien.

(b) In the case of releases for which fees are required pursuant to any provision of law, the department shall be billed quarterly or, at the option of the department, at more frequent intervals. All billings shall refer to the department certificate number of the recorded releases.

SEC. 3. Section 1703.5 of the Unemployment Insurance Code is amended to read:

1703.5. Within the time specified in Section 1703, the director may also file a certificate of state tax lien with the Secretary of State pursuant to Chapter 14.5 (commencing with Section 7220) of Division 7 of Title 1 of the Government Code. From the time of the filing of the certificate with the Secretary of State, the amount required to be paid, together with interest and penalty, constitutes a lien upon all personal property in the state owned by the person or afterwards acquired by him until the certificate of state tax lien lapses. A lien imposed by this section shall not be valid as against a purchaser for value without actual knowledge of the lien.

SEC. 4. There are no costs in this act that require reimbursement under Section 2231 of the Revenue and Taxation Code because the provisions of this act will not result in any increased expenditures by local agencies.

CHAPTER 828

An act to amend Section 1 of Chapter 1942 of the Statutes of 1961, relating to the replenishment of ground waters in the Alameda County Water District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 1 of Chapter 1942 of the Statutes of 1961 is amended to read:

Section 1. The following definitions apply to the words used in this act:

(a) "District" means the Alameda County Water District (organized pursuant to the County Water District Law, commencing with Section 30000 of the Water Code).

(b) "Water year" means the period commencing on July 1st of one calendar year and ending on June 30th of the calendar year immediately following.

(c) "Ground water" means the water beneath the surface of the ground, whether or not flowing through known and definite channels.

(d) "Nonsaline water" means water, the salinity of which does not exceed the tolerance generally accepted within the district for salinity of water used for domestic or agricultural purposes therein.

(e) "Production" or "producing" means the extraction or extracting of ground water, by pumping or any other method from shafts, tunnels, wells, excavations, or other sources of ground water for domestic, municipal, irrigation, industrial, or other beneficial use, except that such terms shall not mean or include the extraction or extracting of ground water incidentally produced with oil in the production of oil or gas, nor the extraction or extracting of ground water incidentally produced in a bona fide mining operation or construction of a tunnel or railroad, highway, aqueduct, pipeline, or other useful purpose unless the ground water so extracted shall be used or sold by the producer for domestic, municipal, irrigation, industrial, or other beneficial purpose, nor the extraction or extracting of ground water used in the production and processing of sand and gravel or other industrial processes to the extent that such water is returned to the ground water basin. The return of such water to the groundwater basin shall be accomplished by the quarry operator or industrial user in a privately owned facility specifically for such purpose. The quarry operator or industrial user shall be responsible for metering the quantity of such return water after it has been clarified to a turbidity of not greater than 100 Jackson candle units and for proof that the quality of the water so returned has not been otherwise degraded.

(f) "Water-producing facility" means any device or method, mechanical or otherwise, for the production of ground water from the ground water supplies within the district.

(g) "Owner" means the person or persons owning any water-producing facility or any interest therein other than a lien to secure the payment of a debt or other obligation.

(h) "Operator" means the person or persons operating a water-producing facility; the owner thereof shall be conclusively presumed to be such operator unless satisfactory showing be made to the board of directors of the district that such water-producing facility actually is operated by some other person or persons.

(i) "Producer" means any operator producing ground water.

(j) "Annual overdraft" means the amount, as determined by the board of directors of the district, by which the quantity of ground water removed by any natural or artificial means from the ground water supplies within the district during the water year exceeds the quantity of nonsaline water replaced therein by the replenishment of such ground water supplies in such water year by any natural or artificial means other than replenishment under the provisions of this act.

(k) "Accumulated overdraft" as used in this act means the amount of water necessary to be replaced in the intake area of the ground water basin within said district to prevent the landward movement of ocean water into the fresh ground water body, as determined by the board of directors from time to time.

(*l*) "Existing agency" means any public corporation, agency, district, or political subdivision, now or hereafter created, which has any of the powers granted the Alameda County Water District by this act.

(m) "Agricultural water" means water first used on lands in the production of plants, crops, or livestock for market.

(n) "Recreational water" means water first used on municipally owned and operated lands for parks or recreational purposes.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The public peace, health and safety require that the Alameda County Water District be permitted at the earliest possible time to compute replenishment assessments on ground water used in the production and processing of sand and gravel in such manner as to exempt water used or produced incidental thereto and thus to protect quarry operations from unfair and unreasonable assessment. It is necessary, therefore, that this act go into immediate effect.

SEC. 3. Chapter 3.5 (commencing with Section 72028) is added to Part 8 of Division 20 of the Water Code, to read:

CHAPTER 3.5. APPORTIONMENT OF EXTRAORDINARY COSTS OF WATER DELIVERY

72028. Whenever the board determines that it is necessary to equitably apportion any extraordinary costs of water delivery, including, but not limited to, filtration costs, to the benefited improvement districts within the district, the board shall, by

resolution, declare its intent to impose the proportional share of such costs on the improvement districts within the district.

72028.1. The resolution of intention shall include the nature of the extraordinary costs of water delivery, the amount of the cost which is to be borne by each benefited improvement district, and the calling of a combined election within all of the improvement districts affected on a date to be fixed for the purpose of submitting to the voters thereof the proposition of imposing additional debt on the improvement district.

72028.3. If the majority of the registered voters in all of the combined improvement districts in which the election is held voting on the proposition vote to impose the additional debt on the improvement districts, it shall be imposed; otherwise it shall not.

72028.4. When additional debt is imposed on improvement districts pursuant to this chapter, the board shall take action at the time and in the manner required by law to require the board of supervisors to levy, in addition to any other tax it levies, a tax upon the property within the affected improvement districts at a rate or rates fixed by the board.

SEC. 4. Section 72090 of the Water Code is amended to read:

72090. A district may cause taxes to be levied, in the manner provided in this part, for the purpose of paying any obligation of the district, including its formation expenses and any warrants issued therefor. The amount of this levy shall not exceed the amounts permitted by any maximum property tax rate limitation in the Revenue and Taxation Code, provided, however, that if no tax was levied by the district for either the 1971–1972 of the 1972–1973 fiscal year, and the district incurred expenses in such years, which expenses were paid from revenues other than taxes, then the maximum levy shall not exceed fifty cents ($0.50) per one hundred dollars ($100) of assessed valuation per year.

SEC. 6. The State of California and the people thereof are hereby

01829 646345 712

declared to have a primary and supreme interest in securing to the inhabitants and holders of title to lands within the Rag Gulch Water District and the Kern-Tulare Water District the greatest possible use, conservation and protection of ground water within the district and of waters of the Kern River to which certain holders of title to land within the districts may be entitled, to the ends that rights of all holders of title to lands within the districts will be recognized and protected through an equitable apportioning of the costs of the project of the districts in accordance with benefits received therefrom, that costs of water utilization shall be equalized, and that a firm water supply shall be assured.

Investigation having shown conditions in the area comprising the districts to be peculiar to the districts, it is hereby declared that a general law cannot be applicable thereto, and the enactment of this special law by the amendment of Section 35525 of the Water Code made by this act, is therefore necessary for the proper allocation of costs of the project for the proper distribution and use of waters available to the districts, for the protection of life and property therein, and for the public good.

CHAPTER 831

(f) The director or his designee finds that, as to any person or class of persons or employer or class of employers to whom eligible veterans may otherwise be certified as certified trainees, such certification would result in any of the following:

(2) A surplus of persons who will be unemployed as a result of such certification.

(3) The unlawful employment of minors or the violation of any laws relating to compulsory school attendance.

SEC 5. Section 7281.2 of the Government Code is amended to read:

In any contract to which a public agency as defined in Section 4401 is a party, the public agency shall assume the responsibility, between the parties to the contract, for the timely removal, relocation, or protection of existing main or trunkline utility facilities located on the site of any construction project that is a subject of the contract, if such utilities are not identified by the public agency in the plans and specifications made a part of the invitation for bids. The contract documents shall include provisions to compensate the contractor for the costs of locating, repairing damage not due to the failure of the contractor to exercise reasonable care, and removing or relocating such utility facilities not indicated in the plans and specifications with reasonable accuracy, and for equipment on the project necessarily idled during such work. The contract documents shall include provisions that the contractor shall

not be assessed liquidated damages for delay in completion of the project, when such delay was caused by the failure of the public agency or the owner of the utility to provide for removal or relocation of such utility facilities.

Nothing herein shall be deemed to require the public agency to indicate the presence of existing service laterals or appurtenances whenever the presence of such utilities on the site of the construction project can be inferred from the presence of other visible facilities, such as buildings, meter and junction boxes, on or adjacent to the site of the construction; provided, however, nothing herein shall relieve the public agency from identifying main or trunklines in the plans and specifications.

Nothing herein shall preclude the public agency from pursuing any appropriate remedy against the utility for delays which are the responsibility of the utility.

Nothing herein shall be construed to relieve the utility from any obligation as required either by law or by contract to pay the cost of removal or relocation of existing utility facilities.

If the contractor while performing the contract discovers utility facilities not identified by the public agency in the contract plans or specifications, he shall immediately notify the public agency and utility in writing.

The public utility, where they are the owner, shall have the sole discretion to perform repairs or relocation work or permit the contractor to do such repairs or relocation work at a reasonable price.

CHAPTER 857

An act to amend Section 402.1 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 402.1 of the Revenue and Taxation Code is amended to read:

402.1. In the assessment of land, the assessor shall consider the effect upon value of any enforceable restrictions to which the use of the land may be subjected. Such restrictions shall include, but are not limited to: (a) zoning; (b) recorded contracts with governmental agencies other than those provided for in Section 422; (c) permit

authority of, and permits issued by, governmental agencies exercising land use powers concurrently with local governments, including the California coastal commissions, the San Francisco Bay Conservation and Development Commission, and the Tahoe Regional Planning Agency; (d) environmental constraints applied to the use of land pursuant to provisions of statutes.

There shall be a rebuttable presumption that restrictions will not be removed or substantially modified in the predictable future and that they will substantially equate the value of the land to the value attributable to the legally permissible use or uses.

Grounds for rebutting the presumption may include but are not necessarily limited to the past history of like use restrictions in the jurisdiction in question and the similarity of sales prices for restricted and unrestricted land. The possible expiration of a restriction at a time certain shall not be conclusive evidence of the future removal or modification of the restriction unless there is no opportunity or likelihood of the continuation or renewal of the restriction, or unless a necessary party to the restriction has indicated an intent to permit its expiration at that time.

In assessing land where the presumption is unrebutted, the assessor shall not consider sales of otherwise comparable land not similarly restricted as to use as indicative of value of land under restriction, unless the restrictions have a demonstrably minimal effect upon value.

In assessing land under an enforceable use restriction wherein the presumption of no predictable removal or substantial modification of the restriction has been rebutted, but where the restriction nevertheless retains some future life and has some effect on present value, the assessor may consider, in addition to all other legally permissible information, representative sales of comparable land not under restriction but upon which natural limitations have substantially the same effect as restrictions.

For the purposes of this section:

(a) "Comparable lands" are lands which are similar to the land being valued in respect to legally permissible uses and physical attributes.

(b) "Representative sales information" is information from sales of a sufficient number of comparable lands to give an accurate indication of the full cash value of the land being valued.

It is hereby declared that the purpose and intent of the Legislature in enacting this section is to provide for a method of determining whether a sufficient amount of representative sales information is available for land under use restriction in order to ensure the accurate assessment of such land. It is also hereby declared that the further purpose and intent of the Legislature in enacting this section and Section 1630 of the Revenue and Taxation Code is to avoid an assessment policy which, in the absence of special circumstances, considers uses for land which legally are not available to the owner and not contemplated by government, and that these sections are

necessary to implement the public policy of encouraging and maintaining effective land use planning. Nothing in this statute shall be construed as requiring the assessment of any land at less than as required by Section 401 of this code or as prohibiting the use of representative comparable sales information on land under similar restrictions when such information is available.

SEC. 2. It is the intent of the Legislature in enacting this act to clarify the status of recently enacted legislation with respect to Section 402.1 of the Revenue and Taxation Code and not to make a substantive change in such section.

CHAPTER 858

The officers may prepare a photographic reproduction of any or all of the campaign statements filed with them in lieu of preserving such statements. The photographic reproduction shall be preserved for the same period required for preserving campaign statements and shall thereafter be destroyed.

(c) The campaign statements may be reproduced on film at a time designated by the officer with whom they are filed, provided that a copy of all campaign statements shall be available for public inspection during the reproduction process. Whenever campaign statements required to be filed by this chapter are not sufficiently legible to reproduce a readable photographic record, the officer may require the person filing the statement to substitute a legible original

04127 647530 879

statement.

(d) The officer preparing a photographic reproduction of campaign statements shall return the campaign statement to the candidate, committee, or officeholder after the officer has made a copy to be used in the photographic reproduction or after the officer has made the photographic reproduction, if a self-addressed stamped envelope is provided for such purpose. If the officer does not return the campaign statement at the time prescribed, he shall destroy the statement.

(e) A system of microphotography may be used as a photographic reproduction process, provided that all film used in the microphotography process complies with the minimum standards of quality approved by the United States Bureau of Standards. A true copy of the microfilm shall be provided to facilitate public inspection and duplication for sale to the public in the office of the officer performing the reproduction process. Another true copy of such film shall be kept in a safe place for security purposes.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for this act to apply to campaign statements filed in connection with the November 1974 general election, it is necessary that this act go into immediate effect at the earliest possible time.

(c) Acting as principal for his own account, knowingly to sell any commodity or commodity contract to or purchase any commodity or commodity contract from a client for whom he is acting as commodity adviser, commodity option issuer, or commodity broker or, acting as broker or dealer for a person other than such client, knowingly to effect any sale or purchase of any commodity or commodity contract for the account of such client in a manner otherwise than as permitted by the rules of the commodity exchange on which the transaction is performed or, in the case of a transaction not on a commodity exchange, in a manner otherwise than as permitted by rule of the commissioner.

(d) To engage in any act, practice, or course of business which is

fraudulent, deceptive, or manipulative or to make any fictitious quotation. The commissioner shall, for the purpose of this subdivision, by rule define and prescribe means reasonably designed to prevent such acts, practices, and courses of business as are fraudulent, deceptive or manipulative and such quotations as are fictitious.

All records referred to in this section are subject at any time and from time to time to such reasonable periodic, special, or other examinations by the commissioner, within or without this state, as the commissioner deems necessary or appropriate in the public interest or for the protection of investors. For the purpose of avoiding unnecessary duplications of examinations and reports, the commissioner, insofar as he deems it practicable in administering this section, may cooperate with any federal or state agency regulating or concerned with commodity trading, or any commodity exchange.

Such rules may require the segregation of customer's funds or customer's assets, a minimum capital, a minimum ratio between net capital and aggregate indebtedness, the maintenance of reserves for obligations (contingent or otherwise) to customers, the maintenance of a fidelity bond, the hedging and covering of such obligations and a surety bond in an amount not exceeding ten thousand dollars ($10,000), conditioned upon compliance by such person with the provisions of this division and the rules and orders issued under this division, or any such requirements. Such bond, unless previously canceled, shall apply to the entire period that such person's license or registration is in effect. Any appropriate deposit of cash or securities shall be accepted in lieu of any such bond. Every bond shall provide that no suit may be maintained to enforce any liability thereon unless brought within two years after the contract of sale or other act upon which such suit is based, and shall also provide that the liability of the surety on such bond to all persons aggrieved shall, in no event, exceed in the aggregate the amount thereof. Every such bond shall also contain a provision authorizing the surety thereon to cancel it upon 30 days' written notice to the licensee and to the commissioner; provided, however, that such cancellation shall not affect any liability incurred or accrued prior to the effective date of such cancellation.

A licensed commodity exchange shall, prior to any amendment, adoption or deletion of any such provisions, give prior written notice to the commissioner, who may by order prohibit, suspend or postpone the effectiveness of any such change. If, within 90 days after such an order has been made, a request for hearing is filed in writing by the commodity exchange, a hearing shall be held in accordance with the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of

Division 3 of Title 2 of the Government Code, and the commissioner shall have all of the powers granted thereunder; unless such hearing is commenced within 15 business days after the request is made (or the commodity exchange consents to a later date) such order is rescinded.

(b) The commissioner may in writing request a licensed commodity exchange to adopt, amend, rescind or suspend a provision as provided in subdivision (a) hereof; if such action is not taken by such commodity exchange within 30 days after receipt by it of such written request, the commissioner may, after due notice and hearing, by order direct such action to be taken by the exchange.

(c) The commissioner may require a commodity exchange licensed under this division to adopt and maintain such rules and regulations as are necessary to protect the public against the conflict of interest involved in a member of an exchange executing transactions for himself and for members of the public. The commissioner may require members who solicit business from the public to periodically report their own transactions to the commissioner.

(d) The commissioner may by rule or order exempt coin and bullion dealers from any provision of this section.

SEC. 21. Section 29537.2 of the Corporations Code is amended to read:

29537.2. A commodity adviser, commodity exchange, commodity option issuer, commodity broker or commodity salesman subject to the provisions of this division shall not effect any transaction in, or induce or attempt to induce the purchase or sale of, any commodity or commodity contract in this state in contravention of such rules as the commissioner may prescribe designed to promote just and equitable principles of trade, to provide safeguards against unreasonable profits or unreasonable rates of commission or other charges, and in general to protect investors and the public interest, and to remove impediments to and perfect the mechanism of a free and open market.

SEC. 22. Section 29538 of the Corporations Code is amended to read:

29538. The commissioner may, after appropriate notice and opportunity for hearing, by order censure, deny a certificate or registration to, or suspend for a period not exceeding 12 months or revoke the certificate or registration of, a commodity adviser, commodity exchange, commodity option issuer, commodity broker or commodity salesman, if he finds that such censure, denial, suspension, or revocation is in the public interest and that such commodity adviser, commodity exchange, commodity option issuer, commodity broker or commodity salesman, whether prior or subsequent to becoming such, or any partner, officer or director thereof or any person performing similar functions or any person directly or indirectly controlling such commodity adviser, commodity exchange, commodity option issuer, floor broker,

commodity solicitor or commodity salesman, whether prior or subsequent to becoming such, or any employee of such commodity adviser, commodity exchange, commodity option issuer, floor broker, commodity solicitor or commodity salesman, while so employed:

(a) Has willfully made or caused to be made in any application for a certificate or any report filed with the commissioner under this division, or in any proceeding before the commissioner, any statement which was at the time and in the light of the circumstances under which it was made false or misleading with respect to any material fact, or has willfully omitted to state in any such application or report any material fact which is required to be stated therein; or

(b) Has (1) been convicted of or has plead nolo contendere to any felony or misdemeanor, or (2) has been held liable in a civil action by final judgment of a court based upon conduct showing moral turpitude, and the commissioner finds that any such felony, misdemeanor or civil action (i) involved the purchase or sale of any commodity or security, (ii) arose out of the conduct of the business of a broker-dealer, commodity adviser, commodity exchange, commodity broker, commodity option issuer, or investment adviser, (iii) involved embezzlement, fraudulent conversion, or misappropriation of property, funds or securities, or (iv) involved the violation of Section 1341, 1342 or 1343 of Title 18 of the United States Code, or (v) involved an act of fraud or dishonesty; or

(c) Is permanently or temporarily enjoined by order, judgment, or decree of any court of competent jurisdiction from acting as a commodity adviser, an investment adviser, an underwriter, a commodity broker, commodity exchange, commodity option issuer, commodity salesman or broker-dealer or as an affiliated person or employee of an investment company, bank, or insurance company, or from engaging in or continuing any conduct or practice in connection with any such activity, or in connection with the purchase or sale of any security, commodity or commodity contract; or

(d) Is subject to any currently effective order of the Securities and Exchange Commission, the Commodity Exchange Authority or any other state revoking or suspending his registration as a commodity adviser, commodity exchange, commodity option issuer, commodity broker, commodity salesman, investment adviser or as a broker or dealer or is subject to any currently effective order of any national securities association, board of trade designated as a "contract market" pursuant to the Commodity Exchange Act or national securities exchange (as defined in the Securities Exchange Act of 1934) suspending or expelling him from membership in such association or exchange; or

(e) Has willfully violated any provision of the Commodity Exchange Act, Securities Act of 1933, the Securities Exchange Act of 1934, the Investment Advisers Act of 1940, the Investment Company Act of 1940, or Title 4 (commencing with Section 25000) of this code,

(f) Has aided, abetted, counseled, commanded, induced, or procured the violation by any other person of any statute or rule or regulation referred to in subdivision (e); or

(g) Has willfully violated any provision of this division or rule or regulation promulgated under this division.

SEC. 23. Section 29538.1 of the Corporations Code is amended to read:

29538.1. The commissioner may, after appropriate notice and opportunity for hearing, by order censure, or suspend for a period not exceeding 12 months or bar from any position of employment, management or control of any commodity adviser, commodity exchange, commodity option issuer, commodity broker, any partner, officer, director, employee of, or person performing similar functions for, a commodity adviser, commodity exchange, commodity option issuer, or commodity broker, if he finds that such censure, suspension or bar is in the public interest and that such partner, officer, director, employee or person performing similar functions has committed any act or omission enumerated in subdivision (a), (e) or (f) of Section 29538 or has been convicted of any offense or held liable in any civil action specified in subdivision (b) of Section 29538 or is enjoined from any act, conduct or practice specified in subdivision (c) of Section 29538 or is subject to any order specified in subdivision (c) of Section 29538.

SEC. 24. Section 29538.3 of the Corporations Code is amended to read:

29538.3. (a) A disciplinary action taken by a licensed commodity exchange against a commodity broker or commodity salesman is subject to review by the commissioner at any time within 12 months after notice of such action is filed with the commissioner. In the event the commissioner determines to reconsider the penalty imposed by the exchange, or in the event the respondent in such proceeding files an appeal with the commissioner within 90 days after he receives notice of such decision, the matter shall be heard after due notice, the hearing to commence not later than 30 days after the receipt by the commissioner of any request for hearing filed by respondent within the aforesaid period. If a hearing in such matter is held under the provisions of this section, the decision of the commissioner shall be substituted for that of the commodity exchange. The commissioner may at any time within 12 months after receipt of notice of a disciplinary action taken by a licensed commodity exchange stay the effectiveness of any penalty imposed by such exchange.

(b) Nothing contained in this section or in Sections 29538 or 29538.1 shall authorize multiple or successive administrative penalties for the same offense; provided, however, that a modification of penalty under the provisions of subdivision (a) of this section shall not be deemed to result in the infliction of multiple or successive administrative penalties for the same offense.

SEC. 25. Section 29540 of the Corporations Code is amended to read:

29540. Any person whose certificate as a commodity adviser, commodity exchange, commodity option issuer, commodity broker or commodity salesman has been suspended or revoked shall immediately surrender such certificate to the commissioner.

SEC. 26. Section 29541 of the Corporations Code is amended to read:

29541. (a) Surrender of a certificate as a commodity adviser, commodity exchange, commodity option issuer, commodity broker or commodity salesman becomes effective 30 days after receipt of an application to surrender such certificate or within such shorter period of time as the commissioner may determine, unless a revocation or suspension proceeding is pending when the application is filed or a proceeding to revoke or suspend or to impose conditions upon the surrender is instituted within 30 days after the application is filed. If such a proceeding is pending or instituted, surrender becomes effective at such times and upon such conditions as the commissioner by order determines.

(b) If the commissioner finds that any commodity adviser, commodity exchange, commodity option issuer, commodity broker or commodity salesman is no longer in existence, or has ceased to do business as a commodity adviser, commodity exchange, commodity option issuer, commodity broker or commodity salesman, or is subject to an adjudication of mental incompetence or to the control of a committee or conservator or guardian, or cannot be located after reasonable search, the commissioner may by order summarily revoke the certificate or registration of such commodity adviser, commodity exchange, commodity option issuer, commodity broker or commodity salesman.

(c) The commissioner may summarily suspend or revoke the certificate of a commodity adviser, commodity exchange, commodity option issuer, commodity broker or commodity salesman if he (1) fails to pay any fee required by Section 29551 or imposed pursuant to Section 29552 within 10 days after notice by the commissioner that such fee is due and unpaid, or (2) fails to file any report required under Section 29535 within 10 days after notice by the commissioner that such report is due, or (3) fails to maintain any bond required by Section 29537.

(d) The commissioner may by rule establish procedures for the withdrawal of registration with a commodity exchange by a commodity broker, specifying the manner of supervision of such withdrawal by the commodity exchange and the commissioner, on a basis consistent with the provisions of subdivision (a) of this section.

SEC. 26.5. Section 29545 of the Corporations Code is amended to read:

29545. (a) No person shall offer or sell a commodity option contract or any guarantee thereof in this state other than pursuant to and in conformity with the terms and conditions of a permit, then

in effect, granted by the commissioner to the issuer of such commodity option contract pursuant to an application filed under the terms of this section, unless the issuer of such commodity option contract, or the transaction, has been exempted from the provisions of this section, either conditionally or otherwise, by rule of the commissioner hereunder.

(b) An application for permit pursuant to this section shall be filed by the issuer of the commodity option contracts proposed to be sold and shall contain such information, in such form and detail, and shall be verified in such manner, as the commissioner may by rule or order reasonably prescribe.

(c) The commissioner may deny an application for, or suspend or revoke, a permit pursuant to this section, if he finds:

(1) That the premiums upon all options to be outstanding at any one time will exceed a portion or multiple of the net worth of the issuer as the commissioner may determine by rule or order to be appropriate for the reasonable safety of investors.

(2) That the options to be outstanding at any one time will not be so diversified with respect to the underlying commodities or commodities contracts, or so limited in number, that the ability of the issuer, or of the guarantor or underwriter of the commodity option contracts, to meet the obligations on the outstanding contracts may be impaired by the developments in the market for a single commodity or that the number of options outstanding against a particular market may threaten the normal operation thereof.

(3) That the options are not either (i) guaranteed or underwritten by an exchange on which the underlying commodities futures contracts are traded (or an affiliate of such exchange) or (ii) that appropriate arrangements have not been made through reserves and segregated funds or commodity contracts so as to reasonably assure full performance of the issuer's obligations.

(4) That the issuer, or the guarantor or underwriter, will not follow practices with respect to the hedging or covering or liquidation of its obligations such as will provide for the reasonable safety of investors and provide against violations of the Bucket Shop Law, Division 4 (commencing with Section 29104) of Title 4 of this code.

(5) That the issuer or guarantor is not operating in compliance with the provisions of this division or is engaged in practices which are unsafe and which threaten its ability to meet its obligations.

(6) That the terms of the commodity option contract or of the guaranty thereof are not fair, just and equitable, or that the manner and method by which such contracts are to be offered and sold does not provide for fair, reasonable and timely disclosures to, or are such as will work a fraud upon, prospective purchasers.

(d) The commissioner may impose as a condition to the issuance of, or amendment to, a permit, such conditions as he deems reasonable and necessary for the protection of investors and to fulfill the purposes of this division. Such conditions may be imposed by rule

or by order, if he finds that such action is necessary and appropriate for the protection of investors.

(e) A commodity option issuer shall promptly notify the commissioner in writing, by an application to amend its permit, of any material change, or proposed change, in the information contained in its application, as originally filed or as amended, other than with respect to any financial statements contained therein. The application shall be in such form as the commissioner may prescribe.

(f) Every permit issued pursuant to this section is effective for 12 months from its effective date, unless the commissioner by rule or order specifies a different period, except during the time an order under subdivision (f) or (g) of this section is in effect.

(g) Except as hereinafter provided, no order denying an application for permit or order suspending or revoking a permit shall be entered under subdivision (c) hereof without appropriate prior notice to the applicant and hearing in accordance with the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, in connection with which the commissioner shall have all of the powers granted therein. If the commissioner fails to act upon an application within 20 business days after receipt of all information required to be furnished therein and applicant requests in writing a hearing thereon, such hearing shall be held upon notice within 15 business days after the receipt of such request, unless the applicant consents to a later date.

(h) The commissioner may by order summarily suspend a permit issued pursuant to this section if in his opinion the commodity option issuer is operating in violation of this division or in an unsafe or dangerous manner. Upon the issuance of such an order, the commissioner shall promptly notify the commodity option issuer of the entry of such order and of the reasons therefor and that upon receipt of a written request the matter will be set down for hearing to commence within 15 business days after such receipt unless the commodity option issuer consents to a later date. If no hearing is requested and none is ordered by the commissioner, the order will remain in effect until it is modified or vacated by the commissioner. If a hearing is requested or ordered, the commissioner, after notice and hearing in accordance with subdivision (g) of this section, may modify or vacate the order or extend it until final determination.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 34302.1 of the Government Code is amended to read:

34302.1. No petition seeking the incorporation of a city may be circulated or filed with the board of supervisors, and neither the board nor the clerk of the board shall accept any such petition for filing until the approval of the local agency formation commission is first obtained pursuant to Chapter 6.6 (commencing with Section 54773), Part 1, Division 2, Title 5.

SEC. 2. Section 34302.5 of the Government Code is amended to read:

34302.5. Before circulating a petition seeking the incorporation of a city, the proponents shall file a notice of intention to so do with the board of supervisors. The notice shall contain the names and addresses of and be signed by not less than 25 nor more than 50 registered voters residing in the area to be incorporated or not less than 25 nor more than 50 qualified owners as proponents intending to circulate the petition, the specific boundaries of the territory proposed to be incorporated, and shall designate the name and address of the person to act as chairman of the proponents for the purpose of receiving notices, process and other communications regarding such incorporation.

Notice of receipt of the notice of intention to circulate shall be given by the clerk of the board of supervisors to the legislative bodies of all cities whose territorial limits lie within three miles of any of the territory proposed to be incorporated into a city. Such notice shall be given by mail addressed to the legislative bodies of the cities entitled thereto and shall in general terms indicate the area proposed to be incorporated.

Not more than two such notices affecting areas of the same territory shall be filed within a period of one year.

SEC. 3. Section 34303 of the Government Code is amended to read:

34303. Proceedings are initiated by filing with the board of supervisors at a regular meeting a petition signed by either at least 25 percent of the registered voters residing in the area to be incorporated, as calculated upon the number of qualified electors at the last general state election, or at least 25 percent of the qualified owner(s), representing at least 25 percent of the assessed value of the land included in the proposed city limits, as such value is shown on the last equalized assessment roll of the county. Where there is more than one qualified owner with respect to a parcel, the signature of any one qualified owner(s) shall be sufficient to include the entire assessed value of the parcel. The petition shall, opposite the signer's name show his address if he is a registered voter residing in the area to be incorporated, or, if he is a qualified owner, identify the property owned by the signer by setting forth the street address of the property or the legal description as shown on the most recent tax bill, or other information sufficient to identify the property.

The signatures on any petition filed pursuant to this section shall be obtained within a period of 120 days following the date on which the notice of intention to circulate a petition was filed. The board of supervisors may grant additional successive periods of 30 days each in which a petition may be circulated and signatures obtained.

SEC. 4. Section 34305 of the Government Code is amended to read:

34305. There shall be attached to the petition the affidavit of at least three registered voters residing in the area to be incorporated or at least three qualified owners stating that the signatures to the petition are genuine.

SEC. 5. Section 34306 of the Government Code is amended to read:

34306. The board shall cause its clerk to ascertain whether the petition is signed by the requisite number of registered voters or qualified owners and whether it correctly describes the boundaries of the proposed city. The clerk shall report his findings to the board within 30 days.

In certifying the sufficiency of a petition signed by registered voters, the clerk shall compare the name of each person signing the petition with the voter's register in the office of the county clerk or registrar of voters.

04206 648565 1015

Except to the extent that proof to the contrary has been submitted to him, the clerk in ascertaining whether the petition is signed by the requisite number of qualified owners shall assume that the assessees whose names appear on the last equalized assessment roll of the county are qualified owners as herein defined. Proof of qualification as a qualified owner, including the officer acting for and on behalf of a corporate owner, shall be in writing and, except for copies of instruments of title, shall be verified. The findings of the clerk shall be conclusive in the absence of fraud.

SEC. 6. Section 34307 of the Government Code is amended to read:

34307. If the report shows that the petition is not signed by the requisite number of registered voters or qualified owners or that the boundaries are inaccurately described, the board is without jurisdiction to proceed further.

SEC. 7. Section 34307.1 of the Government Code is amended to read:

34307.1. If the report shows that the petition is not signed by the requisite number of registered voters or qualified owners no further action may be taken under the proposal for incorporation, and no other notice of intention to circulate a petition for incorporation of any of the same territory shall be filed for a period of two years from the date of filing of the notice of intention.

SEC. 8. Section 34308 of the Government Code is amended to read:

34308. If the report shows that the petition is signed by the requisite number of registered voters or qualified owners and accurately describes the boundaries of the proposed city, the board shall direct its clerk to accept the amount of money fixed by the board to defray the costs of the publication of the notice of hearing on the petition and the notice of election. The board shall fix the time within which the money shall be deposited with the clerk, and upon a showing of due cause therefor may extend such time. If the amount of money so deposited is less than the actual cost of publication, the petitioners shall deposit with the clerk an additional amount equal to the difference between the actual cost of publication and the amount first deposited. Immediately upon ascertaining the actual cost of publication the clerk shall notify the petitioners if such an additional amount is required and, if so, the petitioners shall deposit such amount with the clerk within five days after the completion of the publication.

If the amount first deposited exceeds the actual cost of publication, the clerk shall, upon the request of the petitioners, return to the petitioners the amount of such excess.

SEC. 9. Section 35122 of the Government Code is amended to read:

35122. Upon final determination of the boundaries of the territory proposed to be annexed, the city legislative body shall call a special election without delay and submit to the electors residing

in the territory the question whether it shall be annexed to and incorporated within the city. Such election shall be held on the next established election date not less than 74 days after the termination of the hearings on the proposed annexation.

"Next established election date," as used in this section, shall mean any of the election dates specified in Section 2504 of the Elections Code, and, in the case of each charter city in this state, shall also mean any date upon which the charter city holds a general election for city councilmen.

If it finds that the value of the territory proposed to be annexed equals one-half, or more, of that within the city, as shown by the last equalized assessment rolls, or that the number of qualified electors of the territory equals one-half, or more, of the number of qualified electors within the city, as shown by the county registration of voters, then the city legislative body shall also call a special election and submit to the electors residing in the city the same question at the same time as that submitted to the electors residing within the territory proposed to be annexed.

The city legislative body, as an alternative to the foregoing, may by its resolution thereupon terminate the proceedings without the necessity of calling such election. If proceedings are terminated hereunder, no further proceedings shall be taken for the annexation pursuant to this article of any of such territory by the city for one year.

CHAPTER 867

An act to amend Section 54790 of the Government Code, relating to local agency formation commissions, and declaring the urgency thereof, to take effect immediately.

(3) The annexation of territory to local agencies, (other than local agencies the annexation of territory to which is required to be made pursuant to the provisions of Division 1 (commencing with Section 56000) of Title 6 of this code); provided that a commission shall not

impose any conditions which would directly regulate land use or subdivision requirements. Nothing in this subsection, however, shall be construed as prohibiting a commission from requiring, as a condition to annexation, that a city prezone the territory to be annexed; provided that the commission shall not specify how or in what manner the territory shall be prezoned.

(5) The disincorporation of a city.

(g) To waive the restrictions of Section 34312 and of subdivision (1) of Section 35002.3, and Sections 35158 and 35326 if it finds that the application of the restrictions would be detrimental to the orderly development of the community and that the area that would be enclosed by the annexation or incorporation is so located that it cannot reasonably be annexed to another city or incorporated as a new city.

(h) To waive the application of Section 25210.90 if it finds the application would deprive an area of a service needed to insure the health, safety or welfare of the area's residents and if it finds that such waiver would not effect the ability of a city to provide any service; provided, however, that within 60 days of the inclusion of the territory within the city, the governing body may adopt a resolution nullifying the waiver.

If the county, its successors or assigns, or any person, firm or public or private corporation claiming under it, has filled any tide or submerged lands and such lands are taken by the state for highway purposes, the state shall reimburse the county, its successors or assigns, or any person, firm or public or private corporation claiming under it, for expenditures incurred in filling such lands.

(f) The provisions of this section shall not be construed to prevent the County of Santa Cruz from conveying to the City of Capitola prior to January 1, 1985, the tidelands and submerged lands referred to in this section, subject to the trusts and conditions and for the uses and purposes expressed herein; provided, that the board of supervisors has found and determined that such a conveyance would be in the public interest; and provided, that notification of such conveyance be given to, and acknowledged by, the State Lands Commission prior to the effective date of such conveyance.

The State Lands Commission shall notify the Chief Clerk of the Assembly and the Secretary of the Senate within 30 days of the occurrence of such failure or refusal and of actions taken as a result thereof.

SEC. 10. Section 10 is added to Chapter 687 of the Statutes of 1935, to read:

Sec. 10. The State Lands Commission shall, from time to time, institute a formal inquiry to determine that the terms and conditions of this act, and amendments thereto, have been complied with, and that all other applicable provisions of law concerning these specific granted lands are being complied with in good faith.

SEC. 11. Section 11 is added to Chapter 687 of the Statutes of

1935, to read:

Sec. 11. The State Lands Commission shall, on or before December 31st of each year, report to the Chief Clerk of the Assembly and to the Secretary of the Senate, the full details of any transaction or condition reported to the commission pursuant to this act which it deems in probable conflict with the requirements of this act, or with any other provision of law.

SEC. 14. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of the city for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act.

CHAPTER 885

An act to amend Section 1752.15 of the Welfare and Institutions Code, relating to the California Youth Authority, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 1752.15 of the Welfare and Institutions Code is amended to read:

1752.15. The director may enter into contracts, with the approval of the Director of Finance, with any county of this state upon request of the board of supervisors thereof, wherein the Department of the Youth Authority agrees to furnish temporary emergency detention facilities and necessary services incident thereto, for persons under the age of 18 years who are in the custody of the county probation officer pursuant to provisions of Chapter 2 (commencing with Section 500) of Part 1 of Division 2. Facilities of the department may be used only on a temporary basis when existing county juvenile facilities are exhausted arising from an extraordinary number of arrests incident to a mass disturbance or from other incidents. They may not be used for the detention of a person described in Section 600. The county shall reimburse the state for the cost of such services, such cost to be determined by the director. The department shall present to the county, not more than once a month, a claim for the amount due the state under this section which the county shall process and pay pursuant to the provisions of Chapter 4 (commencing with Section 29700) of Division 3 of Title 3 of the Government Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The approximately 400-bed Los Angeles County juvenile facility in Sylmar was destroyed in the February, 1971 earthquake and has not been rebuilt due to delays in obtaining federal funding under the National Disaster Act. Los Angeles County has since 1971 experienced a severe overcrowding of its juvenile facilities as a result thereof.

Relying on the present language of Section 1752.15 which was substantially enacted in 1970 and reenacted in 1973, the department and the County of Los Angeles entered into contracts for the detention of Los Angeles County juveniles in department facilities in the Los Angeles area. However, the present statutory authorization is limited to predisposition cases, while authority is also needed for postdisposition cases.

Therefore, in order to provide the necessary authority for Los Angeles County to continue to provide juvenile detention facilities and services on a temporary basis by contract for department facilities it is necessary that this act take effect immediately.

SEC. 3. This act shall be operative only until April 1, 1975 and on that date is repealed.

CHAPTER 886

The people of the State of California do enact as follows:

SECTION 1. Section 20934.6 is added to the Education Code, to read:

20934.6. Notwithstanding Section 20934.5, any voted increase in the maximum tax rate, to be effective commencing with the 1973–74 fiscal year, which does have a termination date and whose sole purpose was the providing of construction funds shall not be subject to Section 20934.5, but shall, for each of the applicable fiscal years, be added to the maximum general purpose tax rate otherwise required to be levied.

SEC. 2. This act shall become operative on July 1, 1974.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that contractual commitments and construction projects approved by the electors may be permitted to proceed without curtailment of the funding of the regular operating budget and programs of certain community college districts, it is necessary that this act take effect by no later than July 1, 1974.

CHAPTER 887

An act to add Section 831 to the Penal Code, relating to custodial officers.

The people of the State of California do enact as follows:

SECTION 1. Section 831 is added to the Penal Code, to read:

(e) This section shall not be construed to confer any authority upon any custodial officer except while on duty.

(f) A custodial officer may use reasonable force in establishing and maintaining custody of persons delivered to him by a law enforcement officer; to make arrests for misdemeanors and felonies within the local detention facility pursuant to a duly issued warrant; to release without further criminal process persons arrested for intoxication; and to release misdemeanants on citation to appear in lieu of or after booking.

SEC. 2. Section 2363 of the Business and Professions Code is amended to read:

2363. The suspension or revocation by another state of a license or certificate to practice medicine issued by that state to a person also holding a certificate under Chapter 5 (commencing with Section 2000) of Division 2, shall constitute grounds for suspension or revocation of such certificate in this state.

SEC. 3. Section 2384 of the Business and Professions Code is amended to read:

The board may order the license suspended or revoked, or may decline to issue a license, when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information or indictment.

conclusive evidence of such unprofessional conduct; a plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this section; the board may order the license suspended or revoked, or may decline to issue a license, when the time for appeal has elapsed or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information or indictment.

SEC. 5. Section 2391.5 of the Business and Professions Code is amended to read:

2391.5. A violation of any federal statute, or rule or regulation or any of the statutes or rules or regulations of this state regulating narcotics, dangerous drugs, or controlled substances, constitutes unprofessional conduct within the meaning of this chapter.

SEC. 6. Section 2399.5 of the Business and Professional Code is amended to read:

The report of such persons shall be made available to the certificate holder and may be received as direct evidence in a proceeding conducted pursuant to Section 2417.

SEC. 8. Section 2417 of the Business and Professions Code is amended to read:

2417. If a certificate holder becomes mentally ill to such an extent as to affect his ability to conduct with safety the practice authorized by such certificate the board may take action by any one of the following methods:

(a) Suspending judgment.

(b) Placing him upon probation.

(c) Suspending his right to practice for a period not exceeding one year.

(d) Revoking his certificate.

(e) Taking such other action in relation to the certificate as the board in its discretion deems proper.

The board shall not restore such certificate to good standing until it shall receive competent evidence of the absence or control of the

condition which caused its action and until it is satisfied that with due regard to the public interest the person's right to practice may be safely reinstated.

Before reinstating such a person, the board may require the person to pass an oral or written examination, or both, to determine his present fitness to resume his practice.

CHAPTER 889

An act to add Section 1319 to the Health and Safety Code, relating to health facilities.

[Approved by Governor September 18, 1974 Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 1319 is added to the Health and Safety Code, to read:

1319. The rules of a health facility may include provisions that require every member of the medical staff to have professional liability insurance as a condition to being on the medical staff of the health facility.

CHAPTER 890

An act to amend Section 35541 of, and to add Section 35541.9 to, the Health and Safety Code, relating to housing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 1974. Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 35541 of the Health and Safety Code is amended to read:

35541. Except as otherwise provided in Sections 35541.5, 35541.6, 35541.7, 35541.8, and 35541.9, dwelling structures in any such temporary housing project shall not be disposed of for use as housing, but such dwelling structures shall be demolished and shall be demolished not later than one year after the 61st day after final adjournment of the 1971 Regular Session of the Legislature.

SEC. 2. Section 35541.9 is added to the Health and Safety Code, to read:

35541.9. The housing authority of the City of Pleasanton need not demolish the temporary housing project in its jurisdiction commonly known as "Komandorski Village" until January 1, 1977.

The Legislature finds and declares that Komandorski Village, located in Pleasanton Township, Alameda County, has been maintained as reasonably safe and sanitary places in which to live.

The Legislature further finds and declares that the provisions of this section are intended to aid in relieving a critical shortage of low-rental housing in the eastern portion of Alameda County for members of low-income families and low-income military families, and that removal of Komandorski Village before said date would place an extreme hardship on these people.

This section shall not be construed to relieve any governmental agency of any existing duty under the present housing program.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

(1) Extreme hardship would be placed upon low-income military and civilian families by demolition before other low-rent housing facilities are available.

(2) The very recent termination of program reservations by the United States Department of Housing and Urban Development.

(3) Lack of low-income housing available in the Pleasanton-Dublin-San Ramon and Livermore areas.

(4) The United States Navy is relying on 85 units of housing at Komandorski Village for active duty personnel transferred to the bay area.

(5) The trend of private housing to become even more expensive, putting additional burdens on low-income families in need of safe, decent and healthy housing in the area.

(6) Increased demand for housing during this freeze has increased price of all housing in the area.

(7) Inability to relocate present tenants in the foreseeable future.

CHAPTER 891

An act to amend Section 438.4 of the Health and Safety Code, relating to health planning, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 1974. Filed with Secretary of State September 18, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 438.4 of the Health and Safety Code is amended to read:

438.4. The voluntary area health planning agency, acting upon an application originally or reviewing a recommendation of a voluntary local health planning agency or the consumer members of a voluntary area health planning agency acting as an appeals body, and the Advisory Health Council shall make one of the following decisions:

(a) Approve the application in its entirety;

(b) Deny the application in its entirety;

(c) Approve the application subject to modification by the applicant, as recommended by the body involved.

A decision shall become final when all rights to appeal have been exhausted. Approval shall terminate 12 months after the date of such approval unless:

(1) The applicant has commenced construction or conversion to a different license category and is diligently pursuing the same to completion as determined by the voluntary area health planning agency;

(2) The approval is extended by the voluntary area health planning agency for an additional period of up to 12 months upon the showing of good cause for the extension; or

(3) The voluntary area health planning agency, prior to the termination of an extension of approval granted under (2) and after consideration of recommendations and comments made by the state department, extends approval for an additional period of up to 12 months. The voluntary area health planning agency shall make a written record of its decision granting or denying an extension which shall be available to the public.

If the Advisory Health Council finds that the voluntary area health planning agency has dissolved, it may grant any extension which the voluntary health planning agency could have granted under (2) or (3), upon a showing by the applicant of good cause for the extension.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The minimum time required to secure and complete comprehensive state health planning approval, site acquisition,

zoning, plans, specifications, seismic safety approval, voter appproval where applicable, financing, and related matters necessary to commence construction of a new hospital can easily exceed 24 months. Under such circumstances, the delay engendered by the necessity of repeating the comprehensive state health planning approval process will needlessly cause substantial extra cost and expenses. In order to eliminate burdensome and unnecessary costs and expenses, and to meet the need for new hospital facilities necessary to protect the public health at the lowest possible cost to the taxpayer, it is necessary that this act take effect immediately.

CHAPTER 892

An act to add Section 7514.2 to the Business and Professions Code, relating to private patrols.

[Approved by Governor September 19, 1974 Filed with Secretary of State September 19, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 7514.2 is added to the Business and Professions Code, to read:

7514.2. A city, county, or city and county may regulate the uniforms worn by uniformed employees of a private patrol operator and vehicles used by a private patrol operator to make the uniforms and vehicles clearly distinguishable from the uniforms worn by, and the vehicles used by, local regular law enforcement officers.

CHAPTER 893

An act to amend Sections 270, 270d, 270f, and 270g of the Penal Code, relating to support of minor children.

[Approved by Governor September 19, 1974 Filed with Secretary of State September 19, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 270 of the Penal Code is amended to read:

270. If a parent of a minor child willfully omits, without lawful excuse, to furnish necessary clothing, food, shelter or medical attendance, or other remedial care for his or her child, he or she is guilty of a misdemeanor punishable by a fine not exceeding one thousand dollars ($1,000), or by imprisonment in the county jail not exceeding one year, or by both such fine and imprisonment. If a court of competent jurisdiction has made a final adjudication in either a

civil or a criminal action that a person is the parent of a minor child and the person has notice of such adjudication and he or she then willfully omits, without lawful excuse, to furnish necessary clothing, food, shelter, medical attendance or other remedial care for his or her child, this conduct is punishable by imprisonment in the county jail not exceeding one year or in a state prison not exceeding one year and one day, or by a fine not exceeding one thousand dollars ($1,000), or by both such fine and imprisonment. This statute shall not be construed so as to relieve such parent from the criminal liability defined herein for such omission merely because the other parent of such child is legally entitled to the custody of such child nor because the other parent of such child or any other person or organization voluntarily or involuntarily furnishes such necessary food, clothing, shelter or medical attendance or other remedial care for such child or undertakes to do so.

Proof of abandonment or desertion of a child by such parent, or the omission by such parent to furnish necessary food, clothing, shelter or medical attendance or other remedial care for his or her child is prima facie evidence that such abandonment or desertion or omission to furnish necessary food, clothing, shelter or medical attendance or other remedial care is willful and without lawful excuse.

The court, in determining the ability of the parent to support his or her child, shall consider all income, including social insurance benefits and gifts.

The provisions of this section are applicable whether the parents of such child are or were ever married or divorced, and regardless of any decree made in any divorce action relative to alimony or to the support of the child. A child conceived but not yet born is to be deemed an existing person insofar as this section is concerned.

The husband of a woman who bears a child as a result of artificial insemination shall be considered the father of that child for the purpose of this section, if he consented in writing to the artificial insemination.

SEC. 2. Section 270d of the Penal Code is amended to read:

270d. In any case where there is a conviction and sentence under the provisions of either Section 270 or Section 270a, should a fine be imposed, such fine shall be directed by the court to be paid in whole or in part to the spouse of the defendant or guardian or custodian of the child or children of such defendant, except as follows:

If the children are receiving public assistance, all fines, penalties or forfeitures imposed and all funds collected from the defendant shall be paid to the county department. Money so paid shall be applied first to support for the calendar month following its receipt by the county department and any balance remaining shall be applied to future needs, or be treated as reimbursement for past support furnished from public assistance funds.

SEC. 3. Section 270f of the Penal Code is amended to read:

270f. Where, under the provisions of this chapter, a report is filed

by a parent of a child with the district attorney averring:

(1) That the other parent has failed to provide necessary support and

(2) That neither the child in need of assistance nor another on his behalf is receiving public assistance, the district attorney shall immediately investigate the verity of such report and determine the defaulting parent's location and financial ability to provide the needed support, and upon a finding that the report is true shall immediately take all steps necessary to obtain support for the child in need of assistance.

SEC. 4. Section 270g of the Penal Code is amended to read:

270g. A review of each report filed with the district attorney under Section 270f shall be made at 90-day intervals unless the support payments have been legally terminated, the parties involved are permanently located beyond county jurisdiction, or the defaulting parent is complying with the provisions of this chapter.

SEC. 5. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may be enacted that serve to cause both increased and decreased costs to local governmental entities which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 894

An act to amend Sections 6855, 6886, 6912, 6949.1 and 6949.2 of, and to add Section 6920.1 to, the Business and Professions Code, relating to collection agencies.

[Approved by Governor September 19, 1974. Filed with Secretary of State September 19, 1974.]

(a) Be at least 18 years of age.

(b) Be of good moral character.

(c) Have been a registered employee under this chapter and actively engaged in the collection agency business within this state for at least one year during the five years next preceding the date on which his application is filed.

SEC. 3. Section 6912 of the Business and Professions Code is amended to read:

6912. A licensee desiring to make any change of the business name shown in the license shall file a written application therefor with the chief.

If the chief approves the application, the license shall be forwarded to the chief, together with the duplicate license fee and a rider or endorsement to the bond reflecting the change of name of the licensee. The chief shall then enter the change in his records, retain and file the returned license, and issue to the licensee a duplicate license the form and content of which shall be determined by the director in accordance with Section 164.

The chief shall approve the application unless the change of name would be prohibited under the provisions of Section 6875.

SEC. 4. Section 6920.1 is added to the Business and Professions Code, to read:

6920.1. A licensee desiring to remove his place of business from the address on record with the bureau shall file a written application therefor with the chief. The chief shall approve the application unless the change of address requested would result in the location of two licensees using identical or substantially similar names in such proximity that confusion of the public would result.

If the chief approves the application, the licensee shall, at the time he moves his place of business, forward to the chief a rider or endorsement to the bond reflecting the change of address of the licensee.

SEC. 5. Section 6949.1 of the Business and Professions Code is amended to read:

6949.1. The lapsing or suspension of a license by operation of law or by order or decision of the director or a court of law, or the voluntary surrender of a license by a licensee shall not deprive the director of jurisdiction to proceed with any investigation of or action or disciplinary proceeding against such license or to render a decision suspending or revoking such license.

As used in this section "license" includes qualification certificate and registration and "licensee" includes qualification certificate holder and registrant.

SEC. 6. Section 6949.2 of the Business and Professions Code is amended to read:

6949.2. Any person whose application has been denied pursuant

to the provisions of Section 6886.1, 6894.7, or 6906, or who is disqualified from being in charge of a licensed office or agency pursuant to the provisions of Section 6923, or whose license, qualification, certificate, provisional qualification certificate, or registration is suspended or revoked pursuant to the provisions of Section 6930, or who has been disqualified from employment with a collection agency licensee pursuant to the provisions of this chapter, may file with the director a petition for reinstatement or review setting forth the grounds upon which the petitioner claims fitness to engage in the collection agency business. No such petition may be filed for a period of two years after the effective date of a decision of denial, revocation, or disqualification. The director shall determine the fitness of the petitioner to engage in the collection agency business. He may grant the petition without a hearing or may grant or deny the petition after a hearing conducted under the Administrative Procedure Act, Chapter 5 (commencing with Section 11500), Part 1, Division 3, Title 2 of the Government Code. If the petition is denied, such denial shall be without prejudice and petitioner may file a new petition at any subsequent time but not sooner than one year from the date of denial. If the petition is granted, the petitioner shall, as a condition precedent to reinstatement, pay a fee in the amount of the original license fee required by this chapter.

The director shall notify the petitioner within 60 days of the receipt of the petition whether the petition will be set for hearing or granted without a hearing. If the petition will be heard it shall be filed and the hearing shall be set within 60 days of the notice.

CHAPTER 895

An act to amend Section 2985.81 of the Civil Code, relating to vehicle dealers.

[Approved by Governor September 19, 1974 Filed with Secretary of State September 19, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 2985.81 of the Civil Code is amended to read:

2985.81. No agreement in connection with the bailment or leasing of a motor vehicle which provides for the inclusion of title to or a lien upon any personal or real property, other than the motor vehicle which is the subject matter of the leasing contract, or accessories therefor, or special and auxiliary equipment used in connection therewith, as security for the payment of the contract obligations, shall be enforceable. This section does not apply to a cash security deposit, advance payment of rent, or other cash prepayment. This section shall apply to such contracts executed on

or after the effective date of this section.

SEC. 2. This act is declaratory of existing law and is intended to clarify and restate existing law.

CHAPTER 896

An act to amend Sections 231 and 753.5 of the Revenue and Taxation Code, relating to property taxation.

(1) All of the provisions of Section 214 are complied with, except subdivision (6). For purposes of subdivision (6) of Section 214, irrevocable dedication to charitable purpose shall be deemed to exist if the lease provides that the property shall be transferred in fee to the entity of government leasing the same upon the sooner of either the liquidation, dissolution or abandonment of the owner or at the time the last rental payment is made under the provisions of the lease.

(2) All of the provisions of Section 254.5 relating to owners are complied with, commencing during calendar year 1969.

The information given to the assessee pursuant to this section shall also include a notification of hearings by the board, including the period during which petitions for reassessment will be accepted, and the place where they may be filed.

Neither the failure of the assessee to receive this information nor the failure of the board to so inform the assessee shall in any way affect the validity of any assessment or the validity of any taxes levied pursuant thereto.

SEC. 3. This act shall become operative only if Assembly Constitutional Amendment No. 32 of the 1973–74 Regular Session of the Legislature is adopted by the electorate.

CHAPTER 897

CHAPTER 8. NATIVE SPECIES CONSERVATION AND ENHANCEMENT

Article 1. Short Title

Article 2. Findings and Declarations

1755. The Legislature finds and declares all of the following:

(a) That it is the policy of this state:

(1) To maintain sufficient populations of all species of wildlife and the habitat necessary to insure their continued existence at the highest levels possible to insure the policies stated in paragraphs (2),

(3), and (4).

(2) To provide for the beneficial use and enjoyment of wildlife by all citizens of the state.

(3) To perpetuate all species of wildlife for their intrinsic and ecological values, as well as for their direct benefits to man.

(4) To provide for aesthetic, educational, and nonappropriative uses of the various wildlife species.

(b) That the conservation and enhancement of wildlife species which are not the object of hunting is in the general public interest and it is appropriate that the cost of programs to achieve such conservation and enhancement, including the biological research necessary thereto, and the diffusion of the information resulting therefrom to the public, be borne to the extent necessary by general public funds.

1756. The policy set forth in this chapter is in the public interest regardless of the economic value or lack of such value of wildlife.

Article 3. Native Species Conservation and Enhancement Account

1760. The department shall maintain within the Fish and Game Preservation Fund a Native Species Conservation and Enhancement Account, which is hereby created, to permit separate accountability for the receipt and expenditure of moneys derived through donation from persons or organizations for the support of nongame species conservation and enhancement programs.

1762. The department shall provide each person or organization making a contribution of five dollars ($5) or more for the support of nongame species conservation and enhancement programs a suitably prepared certificate, decal, medallion, or other object of public appreciation signifying the interest of such person or organization in the conservation and enhancement of native wildlife species. The commission shall approve the form, nature, and content of any certificate, decal, medallion or other object proposed for use by the department pursuant to this section.

1763. The department may take all appropriate measures to encourage donations by individuals, organizations, and public agencies to the Native Species Conservation and Enhancement Account, including, but not limited to, public information concerning the status of native wildlife species threatened by the activities of man. The cost to the department to carry out the provisions of this section may be charged to the Native Species Conservation and Enhancement Account.

SEC. 2. It is the intent of the Legislature that:

(a) Appropriations from the Native Species Conservation and Enhancement Account for nongame species conservation and enhancement programs shall be in addition to other appropriations from the Fish and Game Preservation Fund for the same purposes.

(b) Other appropriations from the Fish and Game Preservation Fund for nongame species conservation and enhancement programs shall not be hereafter reduced as a result of the appropriation of Native Species Conservation and Enhancement Account moneys for the same purposes.

CHAPTER 899

An act to amend Section 4107 of the Government Code, relating to subcontractors.

[Approved by Governor September 19, 1974 Filed with Secretary of State September 19, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 4107 of the Government Code is amended to read:

4107. No prime contractor whose bid is accepted shall:

(a) Substitute any person as subcontractor in place of the subcontractor listed in the original bid, except that the awarding authority, or its duly authorized officer, may, except as otherwise provided in Section 4107.5, consent to the substitution of another person as a subcontractor:

(1) When the subcontractor listed in the bid after having had a reasonable opportunity to do so fails or refuses to execute a written contract, when such written contract, based upon the general terms, conditions, plans and specifications for the project involved or the terms of such subcontractor's written bid, is presented to him by the prime contractor,

(2) When the listed subcontractor becomes bankrupt or insolvent, or,

(6) When the listed subcontractor is not licensed pursuant to the Contractors License Law, or

(7) When the awarding authority, or its duly authorized officer, determines that the work performed by the listed subcontractor is substantially unsatisfactory and not in substantial accordance with the plans and specifications, or that the subcontractor is substantially delaying or disrupting the progress of the work.

Prior to approval of the prime contractor's request for such substitution the awarding authority, or its duly authorized officer, shall give notice in writing to the listed subcontractor of the prime contractor's request to substitute and of the reasons for such request. Such notice shall be served by certified or registered mail to the last known address of such subcontractor. The listed subcontractor who has been so notified shall have five working days within which to submit written objections to the substitution to the awarding authority. Failure to file such written objections shall constitute the listed subcontractor's consent to the substitution.

If written objections are filed, the awarding authority shall give notice in writing of at least five working days to the listed subcontractor of a hearing by the awarding authority on the prime contractor's request for substitution.

(b) Permit any such subcontract to be voluntarily assigned or transferred or allow it to be performed by anyone other than the original subcontractor listed in the original bid, without the consent of the awarding authority, or its duly authorized officer,.

(c) Other than in the performance of "change orders" causing changes or deviations from the original contract, sublet or subcontract any portion of the work in excess of one-half of 1 percent of the prime contractor's total bid as to which his original bid did not designate a subcontractor.

CHAPTER 902

An act to add Chapter 6 (commencing with Section 775) to Division 3 of the Harbors and Navigation Code, relating to vessels, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 19, 1974. Filed with Secretary of State September 19, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6 (commencing with Section 775) is added to Division 3 of the Harbors and Navigation Code, to read:

CHAPTER 6. MARINE SANITATION

775. The Legislature hereby finds and declares that the regulation of sewage discharges from vessels requires the adoption of uniform standards and procedures by the state.

It is the intent of the Legislature that prior to federal preemption under the Federal Water Pollution Control Act, political subdivisions shall retain the right to prohibit the discharge of sewage into waters within their jurisdiction.

The Legislature also finds that California vessel owners should not be subject to any local or state restrictions as to the type of marine sanitation devices installed on their vessels.

The Legislature also finds and declares that for proper utilization of retention-type marine sanitation devices installed in conformance with the Federal Water Pollution Control Act, adequate onshore pumpout facilities are essential.

775.5. As used in this chapter, unless the context clearly requires a different meaning:

(a) "Department" means the Department of Navigation and Ocean Development.

(b) "Marine terminal" means any private or public shoreside installation, including marinas and ocean terminals, providing mooring, docking, berthing, and other facilities for the use of vessels, including vessels engaged in interstate and foreign commerce, except that, for the purposes of this chapter, "marine terminal" does not include boat launching ramps or facilities for the temporary mooring of vessels for less than one day or dockage adjacent to and serving private residences in areas where pumpout facilities are available or such other facilities as may be designated by the State Water Resources Control Board with the advice and consent of the Department of Navigation and Ocean Development.

(c) "Marine sanitation device" means any equipment on board a vessel which is designed to receive, retain, treat, or discharge sewage, and any process to treat such sewage.

777. Marine pumpout facilities for the transfer and disposal of sewage from vessel sewage retention devices and onshore toilets shall be operated and maintained in a manner that will prevent the discharge of any such sewage to the waters of the state.

Notwithstanding the provisions of this chapter or any other provision of law, nothing in this chapter shall be construed to in any way preclude or restrict a city, city and county, county, or other regional or local governmental agency, from enacting local rules and regulations, by ordinance or otherwise, with respect to the discharge of sewage from vessels.

783. Nothing in this chapter precludes the regulation of houseboats, as defined in Section 13901 of the Water Code, under other provisions of law by the state board, any regional board, or any local agency.

784. Nothing in this chapter is intended to affect the operation of

the provisions of Section 4425 of the Health and Safety Code. The state board and any regional board may also regulate nonsewage discharges excepting vessel washdown water, liquid galley, shower, or bath waste, or water discharges necessary for the propulsion or stability of a vessel.

Such agreement may provide for the acquisition of mobile classrooms by a district and the rental, lease, or transfer of mobile classrooms to the county superintendent of schools.

The Legislature finds that in the year 1973 the State Board of Equalization adopted a 25 percent assessment ratio for state-assessed property which is identical to the ratio which is required for local assessments by Section 401 of the Revenue and Taxation Code, and that it is the intention of the Legislature that the assessment ratios to be used for all property subject to local property taxation must remain identical. There is therefore no occasion for

which to provide for future changes in Sections 7202 and 7203 of the Revenue and Taxation Code that are conditioned solely upon the use of a higher assessment ratio for state-assessed property.

SEC. 8. It is the intent of the Legislature, if this bill and Assembly Bill No. 3563 are both chaptered and become effective January 1, 1974, both bills amend Section 2287 of the Revenue and Taxation Code and this bill is chaptered after Assembly Bill No. 3563, that the amendments to Section 2287 proposed by both bills be given effect and incorporated in Section 2287 in the form set forth in Section 2.3 of this act. Therefore, Section 2.3 of this act shall become operative only if this bill and Assembly Bill No. 3563 are both chaptered and become effective January 1, 1974, both amend Section 2287, and this bill is chaptered after Assembly Bill No. 3563, in which case Section 2 of this act shall not become operative.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the provisions of this act may be applicable to state assessment and equalization proceedings for the 1974–75 fiscal year, it is necessary that this act take effect immediately.

SEC. 11. Article 2 (commencing with Section 2951) is added to Chapter 4 of Part 5 of Division 1 of the Revenue and Taxation Code, to read:

Article 2. Seizure and Sale

2953. Property shall not be seized or sold in satisfaction of taxes on unsecured property until after the date such taxes become delinquent, unless the tax collector first determines that seizure prior to that date is necessary because there is a great probability that the taxes will not be collectible after the delinquency date due to the financial condition of the taxpayer or other suitable reason, and prior to the seizure files a written declaration under penalty of perjury with the clerk of the board of supervisors setting forth the grounds and necessity for such seizure.

The tax collector shall deliver a copy of the declaration to the assessee at the time of seizure.

2953.1. Notwithstanding the provisions of Section 2953, any property which is assessed on the unsecured roll and is advertised for sale pursuant to Sections 6101 to 6107, inclusive, of the Uniform Commercial Code, or which is advertised to be sold at public auction, or which has been seized for prior year's delinquent taxes may be seized by the tax collector prior to delinquency without filing a declaration with the clerk of the board of supervisors.

2954. (a) An assessee may challenge a seizure of property made pursuant to Section 2953 by petitioning for a writ of prohibition or writ of mandate in the superior court alleging:

(1) That there are no grounds for the seizure;

(2) That the declaration of the tax collector is untrue or inaccurate; and

(3) That there are and will be sufficient funds to pay the taxes prior to the date such taxes become delinquent.

(b) As a condition of maintaining the special proceedings for a writ, the assessee shall file with the tax collector a bond sufficient to pay the taxes and all fees and charges actually incurred by the tax collector as a result of the seizure, or deposit cash in lieu of the bond, and shall furnish proof of said bond or cash deposit with the court. Upon the filing of the bond or cash deposit, the tax collector shall release the property to the assessee.

2955. If the assessee prevails in the special proceeding for a writ under Section 2954, he shall be entitled to recover from the county all costs, including attorney's fees, incurred by virtue of the seizure

and subsequent actions, and the tax collector shall bear the costs of seizure and any fees and expenses of keeping the seized property. In addition, the assessee shall have his bond exonerated or his cash deposit returned. If, however, subsequent to the date the taxes in question become delinquent, the taxes are not paid in full and it becomes necessary for the tax collector to seize property of the assessee in payment of such taxes or to commence an action against the assessee for recovery of such taxes, in addition to all taxes and delinquent penalties, the assessee shall reimburse the county for all costs incurred at the time of the original seizure and all other costs charged to the tax collector or the county as a result of the original seizure and any subsequent actions.

2956. In all special proceedings for a writ brought under this article, all courts in which such proceedings are pending shall, upon the request of any party thereto, give such proceedings precedence over all other civil actions and proceedings, except actions and proceedings to which special precedence is otherwise given by law, in the matter of the setting of them for hearing or trial and in their hearing or trial, to the end that all such proceedings shall be quickly heard and determined.

SEC. 12. Section 3006 is added to the Revenue and Taxation Code, to read:

3006. (a) The tax collector may commence an action for recovery of taxes on property on the unsecured roll prior to the date such taxes become delinquent if, in his opinion, it is necessary to do so in order to insure payment of such taxes because of the financial condition of the assessee or for other appropriate reasons. The tax collector shall file a declaration under penalty of perjury, as part of the complaint, setting forth the grounds and necessity for such action prior to the delinquency date. The tax collector shall also be entitled, upon application, to an ex parte writ of attachment of so much of the assessee's property as is necessary to satisfy the taxes on the basis of his declaration.

(b) An assessee named in an action under subdivision (a) may file with the court a bond or cash in lieu thereof sufficient to pay the taxes alleged due in the complaint and petition the court to release the attached property.

(c) If the court determines that the action and writ of attachment prior to the delinquency date are unnecessary, the court shall require the county to pay all costs of suit, including attorney's fees, incurred by the assessee, and the assessee shall be entitled to have his bond exonerated or his cash deposit returned. The court may, in its discretion, require payment of the taxes in question as a condition of exonerating the bond or releasing the cash deposit. In that case, however, the assessee shall be entitled to interest from the county at the rate of 7 percent per annum from the date the taxes are paid until the date such taxes would have become delinquent.

(d) In any case where an action by the tax collector under this section is dismissed and the assessee is not required by the court to

pay the taxes as a condition of such dismissal and subsequent to the delinquency date such taxes remain unpaid, the county shall be entitled to recover, in addition to the taxes and all penalties and costs accruing thereon, all costs ordered by the court to be paid by the county to the assessee in the first action and all costs incurred by the county in any subsequent actions of the county in collecting the taxes.

(e) In all actions and proceedings brought under this section, all courts in which such actions and proceedings are pending shall, upon the request of any party thereto, give such actions and proceedings precedence over all other civil actions and proceedings, except actions and proceedings to which special precedence is otherwise given by law, in the matter of setting them for hearing or trial, and in their hearing or trial, to the end that all such actions and proceedings shall be quickly heard and determined.

Such policies and protocols shall be subject to any guidelines for standardized procedures which the Board of Medical Examiners and the Board of Nursing Education and Nurse Registration may jointly promulgate; and if promulgated shall be administered by the Board of Nursing Education and Nurse Registration.

Nothing in this section shall be construed to require approval of standardized procedures by the Board of Medical Examiners or the Board of Nursing Education and Nurse Registration.

Every such contract shall provide that at the end of five years from the date of its execution and every three years thereafter there shall be such readjustment of the contract, upon the demand of either party thereto, either upward or downward as to rates, as the board of directors of the district may find to be just and reasonable in order to effectuate such equitable apportionment of such capital costs and operating expense.

Such water and water service is to be furnished by the district at charges not less than such corporations or agencies would pay in general taxes to the district and the water rate of the district applicable to the classification of water delivered to such plants if such plants were located within the

district, and in the case of a public agency within the district, if such plants were located within such agency. No contract shall be entered into pursuant to this subdivision to provide, sell, and deliver water and water service for use within the service area of any agency which has a contract with the State of California for a water supply under the State Water Resources Development System without the prior written consent of such agency and the Director of Water Resources of the State of California.

The Legislature also finds that consumers seeking fair and adequate health care insurance for themselves and their

families, at a price they can afford, are faced with considerable difficulty in making an optimum choice among the great number of health care insurance policies and health plans available. Confusing claims, obscure language, and inconspicuous policy details often result in uninformed and inappropriate choices by the consumer, a situation which is detrimental to the health and well-being of the consumer and his family.

In recognition that it is in the best interests of consumers individually and the public welfare generally that potential purchasers of health care insurance be thoroughly informed as to the benefits, limitations, exclusions, and full costs associated with health insurance policies and health plans, the Legislature hereby declares that the availability of this information on a standard, readily comparable form would facilitate the best choice of such policies and plans commensurate with the respective incomes of citizens and their families.

SEC. 2. Section 12537.1 is added to the Government Code, to read:

12537.1. (a) As used in Sections 12537.1 to 12537.5, inclusive:

SEC. 5. Chapter 7 (commencing with Section 10600) is added to Part 2 of Division 2 of the Insurance Code, to read:

CHAPTER 7. DISABILITY INSURANCE DISCLOSURE

(b) "Exception" means any provision in a policy whereby coverage for a specified hazard or condition is entirely eliminated.

limitation. Further, where the definition of the term "nursing home" in the policy omits care in any "health facility" defined pursuant to subdivision (c) or (d) of Section 1250 of the Health and Safety Code, the omitted coverage shall constitute a limitation.

10602.1. Nothing in this chapter shall prevent an insurer which makes contracts with hospitals from distinguishing between contracting hospitals and noncontracting hospitals.

10603. On or before April 1, 1975, the commissioner shall promulgate a standard supplemental disclosure form for all disability insurance policies. Upon the appropriate disclosure form as prescribed by the commissioner, each insurer shall provide, in easily understood language and in a uniform, clearly organized manner, as prescribed and required by the commissioner, such summary information about each such policy offered by such insurer as the commissioner finds is necessary to provide for full and fair disclosure of the provisions of their policies.

10604. The disclosure form shall include the following information, in concise and specific terms, relative to the disability insurance policy:

Where the individual members of the group are offered a choice of policies, separate disclosure forms shall be supplied for each policy available.

10606. Effective January 1, 1976, where the commissioner finds it necessary in the interest of full and fair disclosure, all advertising and other consumer information, including brochures, disseminated by insurers for the purpose of influencing persons to purchase health insurance shall contain such supplemental disclosure information as the commissioner may require.

10608. The commissioner shall, from time to time as conditions warrant, after notice and public hearing, promulgate such reasonable rules and regulations, and amendments and additions thereto, as are necessary to administer this chapter.

SEC. 6. Section 790.025 is added to the Insurance Code, to read:

790.025. Beginning on or before January 1, 1976, each insurer shall file with the commissioner copies of all printed advertising which the insurer proposes to disseminate in the state.

SEC. 7. Section 10291.5 of the Insurance Code is amended to read:

10291.5. (a) The purpose of this section is both (1) to prevent, in respect to disability insurance, fraud, unfair trade practices, and insurance economically unsound to the insured, and (2) to assure that the language of all insurance policies can be readily understood and interpreted.

(b) The commissioner shall not approve any disability policy for issuance or delivery in this state:

(1) If he finds that it contains any provision, or has any label, description of its contents, title, heading, backing, or other indication of its provisions which is unintelligible, uncertain, ambiguous, or abstruse, or likely to mislead a person to whom the policy is offered, delivered, or issued.

(2) If it contains any provision for payment at a rate, or in an amount (other than the product of rate times the periods for which payments are promised) for loss caused by particular event or events (as distinguished from character of physical injury or illness of the insured) more than triple the lowest rate, or amount, promised in the policy for the same loss caused by any other event or events (loss caused by sickness, loss caused by accident, and different degrees of disability each being considered, for the purpose of this paragraph, a different loss); or if it contains any provision for payment for any confining loss of time at a rate more than six times the least rate payable for any partial loss of time or more than twice the least rate payable for any nonconfining total loss of time; or if it contains any

provision for payment for any nonconfining total loss of time at a rate more than three times the least rate payable for any partial loss of time.

(3) If it contains any provision for payment for disability caused by particular event or events (as distinguished from character of physical injury or illness of the insured) payable for a term more than twice the least term of payment provided by the policy for the same degree of disability caused by any other event or events; or if it contains any benefit for total nonconfining disability payable for lifetime or for more than 12 months and any benefit for partial disability, unless such benefit for partial disability is payable for at least three months; or if it contains any benefit for total confining disability payable for lifetime or for more than 12 months, unless it also contains benefit for total nonconfining disability caused by the same event or events payable for at least three months, and, if it also contains any benefit for partial disability, unless such benefit for partial disability is payable for at least three months. The provisions of this paragraph shall apply separately to accident benefits and to sickness benefits.

(4) If it contains provision or provisions which would have the effect, upon any termination of the policy, of reducing or ending such liability as the insurer would have, but for such termination, for loss of time resulting from accident occurring while the policy is in force or for loss of time commencing while the policy is in force and resulting from sickness contracted while the policy is in force or for other losses resulting from accident occurring or sickness contracted while the policy is in force, and also contains provision or provisions reserving to the insurer the right to cancel or refuse to renew the policy, unless it also contains other provision or provisions the effect of which is that termination of the policy as the result of the exercise by the insurer of any such right shall not reduce or end such liability in respect to the hereinafter specified losses as the insurer would have had under the policy, including its other limitations, conditions, reductions and restrictions, had the policy not been so terminated.

The specified losses referred to in the preceding paragraph are:

(i) Loss of time which commences while the policy is in force and results from sickness contracted while the policy is in force,

(ii) Loss of time which commences within 20 days following and results from accident occurring while the policy is in force,

(iii) Losses which result from accident occurring or sickness contracted while the policy is in force and arise out of the care or treatment of illness or injury and which occur within 90 days from such termination of the policy or during a period of continuous compensable loss or losses which period commences prior to the end of such 90 days, and

(iv) Losses other than those specified in clause (i), (ii), or (iii) of this paragraph which result from accident occurring or sickness contracted while the policy is in force and which losses occur within 90 days following such accident or the contraction of such sickness.

(5) If by any caption, label, title or description of contents the policy states, implies, or infers without reasonable qualification that it provides loss of time indemnity for lifetime, or for any period of more than two years, if such loss of time indemnity is made payable only when house confined or only under special contingencies not applicable to other total loss of time indemnity.

(6) If it contains any benefit for total confining disability payable only upon condition that the confinement be of an abnormally restricted nature unless the caption of the part containing any such benefit is accurately descriptive of the nature of the confinement required and unless, if the policy has a description of contents, label, or title, at least one of them contain reference to such nature of the confinement required.

(7) If, irrespective of the premium charged therefor, any benefit of the policy is, or the benefits of the policy as a whole are, not sufficient to be of real economic value to the insured.

In determining whether benefits are of real economic value to the insured, the commissioner shall not differentiate between insureds of the same or similar economic or occupational classes and shall give due consideration to the following:

(i) The right of insurers to exercise sound underwriting judgment in the selection and amounts of risks.

(ii) Amount of benefit, length of time of benefit, nature or extent of benefit, or any combination of such factors.

(iii) The relative value in purchasing power of the benefit or benefits.

(iv) Differences in insurance issued on an industrial or other special basis.

To be of real economic value, it shall not be necessary that any benefit or benefits cover the full amount of any loss which might be suffered by reason of the occurrence of any hazard or event insured against.

(8) If it substitutes a specified indemnity upon the occurrence of accidental death for any benefit of the policy, other than a specified indemnity for dismemberment, which would accrue prior to the time of such death or if it contains provision which has the effect other than at the election of the insured exercisable within not less than twenty (20) days in the case of benefits specifically limited to the loss by removal of one or more fingers or one or more toes or within not less than 90 days in all other cases:

(i) Of substituting, upon the occurrence of the loss of both hands, both feet, one hand and one foot, the sight of both eyes or the sight of one eye and the loss of one hand or one foot, some specified indemnity for any or all benefits under the policy unless the indemnity so specified is equal to or greater than the total of the benefit or benefits for which such specified indemnity is substituted and which, assuming in all cases that the insured would continue to live, could possibly accrue within four years from the date of such dismemberment under all other provisions of the policy applicable

to the particular event or events (as distinguished from character of physical injury or illness) causing the dismemberment; or

(ii) Of substituting, upon the occurrence of any other dismemberment some specified indemnity for any or all benefits under the policy unless the indemnity so specified is equal to or greater than one-fourth of the total of the benefit or benefits for which such specified indemnity is substituted and which, assuming in all cases that the insured would continue to live, could possibly accrue within four years from the date of such dismemberment under all other provisions of the policy applicable to the particular event or events (as distinguished from character of physical injury or illness) causing the dismemberment; or

(iii) Of substituting a specified indemnity upon the occurrence of any dismemberment for any benefit of the policy which would accrue prior to the time of dismemberment.

As used in this section, loss of a hand shall be severance at or above the wrist joint, loss of a foot shall be severance at or above the ankle joint, loss of an eye shall be the irrecoverable loss of the entire sight thereof, loss of a finger shall mean at least one entire phalanx thereof and loss of a toe the entire toe.

(9) If it contains provision, other than as provided in Section 10370, reducing any original benefit more than 50 percent on account of age of the insured.

(10) If the insuring clause or clauses contain no reference to the exceptions, limitations and reductions (if any) or no specific reference to, or brief statement of, each abnormally restrictive exception, limitation or reduction.

(11) If it contains benefit or benefits for loss or losses from specified diseases only unless:

(i) All of the diseases so specified in each provision granting such benefits fall within some general classification based upon:

(A) The part or system of the human body principally subject to all such diseases,

(B) The similarity in nature or cause of such diseases,

(C) In case of diseases of an unusually serious nature and protracted course of treatment, the common characteristics of all such diseases with respect to severity of affliction and cost of treatment, and

(ii) The policy is entitled and each provision granting such benefits is separately captioned in clearly understandable words so as to accurately describe the classification of diseases covered and expressly point out, when such is the case, that not all diseases of such classification are covered.

(12) If it does not contain provision for a grace period of at least the number of days specified below for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force; provided, that the grace period to be included in the policy shall be not less than seven days for policies providing for weekly payment of premium, not less than

10 days for policies providing for monthly payment of premium and not less than 31 days for all other policies.

(13) If it fails to conform in any respect with any law of this state.

(c) The commissioner may, from time to time as conditions warrant, after notice and hearing, promulgate such reasonable rules and regulations, and amendments and additions thereto, as are necessary or convenient, to establish, in advance of the submission of policies, the standard or standards conforming to the provisions of subdivision (b) of this section, by which he shall disapprove or withdraw approval of any disability policy.

In promulgating any such rule or regulation the commissioner shall give consideration to the criteria herein established and to the desirability of approving for use in policies in this state uniform provisions, nationwide or otherwise, and is hereby granted the authority to consult with insurance authorities of any other state and their representatives individually or by way of convention or committee, to seek agreement upon such provisions.

Any such rule or regulation shall be promulgated in accordance with the procedure provided in Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

(d) The commissioner may withdraw approval of filing of any policy or other document or matter required to be approved by him, or filed with him, by the provisions of this chapter when he would be authorized to disapprove or refuse filing of the same if originally submitted at the time of such action of withdrawal.

Any such withdrawal shall be in writing and shall specify reasons. An insurer adversely affected by any such withdrawal may, within a period of 30 days following mailing or delivery of the writing containing such withdrawal, by written request secure a hearing to determine whether such withdrawal should be annulled, modified or confirmed. Unless, at any time, it be mutually agreed to the contrary, hearing shall be granted and commenced within a period of 30 days following filing of the request and shall proceed with reasonable dispatch to determination. Unless the commissioner in writing in such withdrawal, or subsequent thereto, grants an extension, any such withdrawal shall, in the absence of any such request, be effective, prospectively and not retroactively, on the 91st day following the mailing or delivery of such withdrawal, and, if request for such hearing be filed, on the 91st day following mailing or delivery of written notice of the commissioner's determination.

(e) No proceeding under this section shall be subject to the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(f) Except as provided in subdivision (i) of this section, any action taken by the commissioner under this section shall be subject to review by the courts of this state and proceedings on review shall be in accordance with the provisions of the Code of Civil Procedure.

Notwithstanding any other provision of law to the contrary,

petition for any such review may be filed at any time before the effective date of the action taken by the commissioner. No action of the commissioner shall become effective before the expiration of 20 days after written notice and a copy thereof are mailed or delivered to the person adversely affected, and any action so submitted for review shall not become effective for a further period of 15 days after the filing of the petition in court. The court may stay the effectiveness thereof for a longer period.

(g) This section shall be liberally construed to effectuate the purpose and intentions herein stated; but shall not be construed to grant the commissioner power to fix or regulate rates for disability insurance or prescribe a standard form of disability policy, except that the commissioner shall prescribe a standard supplementary disclosure form for presentation with all disability insurance policies, pursuant to Section 10603.

(h) This section shall be effective on and after July 1, 1950, as to all policies thereafter submitted and on and after January 1, 1951, the commissioner may withdraw approval pursuant to subdivision (d) of any policy thereafter issued or delivered in this state irrespective of when its form may have been submitted or approved, and prior to such dates the provisions of law in effect on January 1, 1949, shall apply to such policies.

(i) Any such policy issued by an insurer to an insured on a form approved by the commissioner, and in accordance with the conditions, if any, contained in the approval, at a time when such approval is outstanding shall, as between the insurer and the insured, or any person claiming under the policy, be conclusively presumed to comply with and conform to the provisions of this section.

(j) The provisions of this section do not apply to accident policies including those providing hospitalization benefits on account of sickness, which are issued through newspapers or other publications of general circulation to their subscribers, readers, carrier boys, newspaper vendors or district men.

They may also be taken by officers or employees of the California Department of Food and Agriculture or by federal, or county officers or employees when acting in their official capacities pursuant to the provisions of the Food and Agricultural Code pertaining to pests, or pursuant to the provisions of Article 6 (commencing with Section 6021) of Chapter 9 of Part 1 of Division 4 of the Food and Agricultural Code. [Approved by Governor September 19, 1974. Filed with Secretary of State September 19, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 1100 of the Insurance Code is amended to read:

In this state, all investments and deposits of the assets of an insurer, all purchases on behalf of an insurer, and all sales made of the property and effects of an insurer shall be made in its own name, or in that of a corporation authorized to act as a trustee under the laws of this state, or in the name of a nominee of such a corporation in accordance with any law of this state permitting such a trustee to make use of nominees, or in the name of a nominee approved by the commissioner.

SEC. 2. Section 1101 of the Insurance Code is amended to read:

1101. (a) An admitted insurer's officers, directors, trustees and any persons who have authority in the management of the insurer's funds, shall not, unless otherwise provided in this code:

(3) Directly or indirectly purchase, or be interested in the purchase of, any of the assets of the insurer.

(b) This section shall not apply to:

(1) The purchase or exchange of stock of an admitted insurer by an admitted insurer or between admitted insurers nor to any merger, consolidation or corporate reorganization of such insurers, and shall not apply as to such purchase, merger, exchange, consolidation or reorganization, nor to the officers, directors, trustees or any persons having authority in the management of such insurers funds in respect to any such transaction and no such transaction shall be either void or voidable, if:

(i) The transaction is just and reasonable as to the insurers involved at the time it is authorized or approved and if no such officer, director, trustee or other person having authority in the management of such insurers funds receives any money or other valuable thing, other than his usual compensation for his regular duties, for negotiating, procuring, recommending or aiding in such transaction, and, either

(ii) Any interest in such transaction on the part of any officers, directors, trustees, or persons who have authority in the management of any such insurer's funds is disclosed or known to its board of directors or committee, authorizing, approving or ratifying the transaction, and noted in the minutes thereof, and the board or committee authorizes, approves or ratifies the transaction in good faith by a vote sufficient for the purpose without counting the vote or votes of any interested officers, directors, trustees, or persons who have authority in the management of the funds of any such insurer, or

(iii) The fact of such interest is disclosed or known to the shareholders in the case of a stock insurance company, or in the case of a mutual insurer to the policyholders, and they approve or ratify the transaction in good faith by a vote or written consent of a majority of the shares or policyholders, as the case may be, entitled to vote, unless the consent or vote of more than a majority is otherwise required, in which event the vote or written consent shall be that so otherwise required.

Any such officer, director, trustee, or other person who has such interest may be counted in determining the presence of a quorum at any meeting which authorizes, approves or ratifies such transaction.

(F) Evidence that its governing board has specifically authorized the filing of the application.

(G) Such other information, opinions, or matters as the commissioner may require.

The commissioner may issue such certificate of exemption if he finds, with or without a hearing, that the transaction is fair, just and equitable and not hazardous to policyholders, stockholders or creditors. The commissioner may impose such conditions, including but not limited to disclosure of the circumstances and terms of the transaction either before or after its consummation either publicly or to such persons and entities as he may designate and the approval of the transaction by such persons or entities as he may designate. He may also require that a report of the transaction be filed with him subsequent to its consummation in such form and containing such information as he may prescribe.

The certificate of exemption issued pursuant to paragraph (3) of subdivision (b) shall only exempt the transaction from the prohibitions of this section and shall not affect the rights or remedies of any persons under any other law.

The commissioner shall not issue a certificate of exemption under paragraph (3) of subdivision (b) in respect to any transaction consummated prior to the effective date of the amendment made to this section at the 1967 Regular Session.

(c) Whenever it appears to the commissioner that any insurer, or any director, officer, employee, or agent thereof, has committed or is about to commit a violation of this section, the commissioner may apply to the superior court for the county in which the principal office of the insurer is located, or if such insurer has no such office in this state, then to the Superior Court for the County of Los Angeles, or for the City and County of San Francisco, for an order

enjoining such insurer, or such director, officer, employee, or agent thereof, from violating or continuing to violate this section, and for such other equitable relief as the nature of the case and the interests of the insurer's policyholders, creditors, and shareholders or the public may require.

(2) The application for any such permit or the request for any such approval sets forth under oath the complete details concerning all such transactions with any such officers, directors, trustees or other persons; and

(3) Where the commissioner in his permit or approval specifically finds that the consummation of such transaction will not be unfair, unjust or inequitable to such insurer or to any of its stockholders or policyholders.

(f) Any transaction between an insurer and a person having authority in the management of the insurer's funds (except officers, directors, and trustees), if such insurer is subject to registration and reporting under the Insurance Holding Company System Regulatory Act (Article 4.7 (commencing with Section 1215) of Chapter 2 of this part), or subject to substantially similar registration and reporting requirements under the laws of its domicile.

SEC. 4. Section 1215.4 of the Insurance Code is amended to read:

1215.4. (a) Every insurer which is authorized to do business in this state and which is a member of an insurance holding company system shall register with the commissioner, except a foreign insurer subject to disclosure requirements and standards adopted by statute or regulation in the jurisdiction of its domicile which are substantially similar to those contained in this section. Such exemption from registration for such foreign insurers shall not apply to any commercially domiciled insurer within this state, as provided in Section 1215.13. Any insurer which is subject to registration under this section shall register within 60 days after the effective date of this

article or 15 days after it becomes subject to registration, whichever is later, unless the commissioner for good cause shown extends the time for registration, and then within such extended time. The commissioner may require a holding company system which is not subject to registration under this section to furnish a copy of the registration statement or other information filed by such insurance company with the insurance regulatory authority of domiciliary jurisdiction.

(b) Every insurer subject to registration shall file a registration statement on a form provided by the commissioner, which shall contain current information about the following:

(1) The capital structure, general financial condition, ownership, and management of the insurer and any person controlling such insurer;

(2) The following agreements in force, relationships subsisting, and transactions currently outstanding between such insurer and its affiliates:

(v) All management and service contracts and all cost-sharing arrangements, other than cost-allocation arrangements based upon generally accepted accounting principles;

(vi) Reinsurance agreements covering all or substantially all of one or more lines of insurance of the ceding company.

(3) Other matters as may be included in registration forms adopted by the National Association of Insurance Commissioners, to the extent required by the commissioner.

(c) No information need be disclosed on the registration statement filed pursuant to subdivision (b) of this section if such information is not material for the purposes of this article.

(1) Unless the commissioner by rule, regulation, or order provides otherwise, sales, purchases, exchanges, loans or extensions of credit, or investments made within the immediately preceding 12 months involving, in the net aggregate, one-half of 1 percent or less of an insurer's admitted assets, or 5 percent or less of an insurer's surplus as to policyholders, determined by whichever is greater, as of the 31st day of December next preceding, shall not be deemed material for purposes of this section.

(2) Unless the commissioner by rule, regulation, or order provides otherwise, sales, purchases, exchanges, loans or extensions of credit, or investments made within the immediately preceding 12 months involving in the net aggregate more than either 5 percent of the

insurer's admitted assets or 25 percent of the insurer's surplus as to policyholders, determined by whichever is the lesser, as of the 31st day of December next preceding shall be deemed material transactions of an extraordinary type.

(d) Each registered insurer shall keep current the information required to be disclosed in its registration statement by reporting all material changes or additions on amendment forms provided by the commissioner within 15 days after the end of the month in which it learns of each such change or addition. However, subject to this subdivision, each registered insurer shall so report all dividends and other distributions to shareholders promptly upon the declaration thereof. Material transactions which are of the extraordinary type, as defined in paragraph (2) of subdivision (c), shall not be consummated without prior approval of the commissioner.

(e) The commissioner shall terminate the registration of any insurer which demonstrates that it no longer is a member of an insurance holding company system.

(f) The commissioner may require or allow two or more affiliated insurers subject to registration hereunder to file a consolidated registration statement or consolidated reports amending their consolidated registration statement or their individual registration statements.

(g) The commissioner may allow any insurer which is authorized to do business in this state and which is part of an insurance holding company system to register on behalf of any affiliated insurer which is required to register under subdivision (a) of this section and to file all information and material required to be filed under this article.

(h) The provisions of this section shall not apply to any insurer, information, or transaction if and to the extent that the commissioner by rule, regulation, or order shall exempt the same from the provisions of this section as not comprehended within the purposes of this section.

(i) Any person may file with the commissioner a disclaimer of affiliation with any authorized insurer or such a disclaimer may be filed by such insurer or any member of an insurance holding company system. The disclaimer shall fully disclose all material relationships and bases for affiliation between such person and such insurer, as well as the basis for disclaiming such affiliation. After a disclaimer has been filed, the insurer shall be relieved of any duty to register or report under this section which may arise out of the insurer's relationship with such person unless and until the commissioner disallows such a disclaimer. The commissioner shall disallow such a disclaimer only after furnishing all parties in interest with notice and opportunity to be heard and after making specific findings of fact to support such disallowance.

(j) The failure to file a registration statement or any amendment thereto required by this section within the time specified for such filing shall be a violation of this article.

An act to amend Sections 12804 and 12805 of the Vehicle Code, relating to drivers' licenses.

[Approved by Governor September 19, 1974 Filed with Secretary of State September 19, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 12804 of the Vehicle Code is amended to read:

12804. (a) The examination shall include a test of the applicant's knowledge and understanding of the provisions of this code governing the operation of vehicles upon the highways, the ability to read and understand simple English used in highway traffic and directional signs, his understanding of traffic signs and signals and the applicant shall be required to give an actual demonstration of his ability to exercise ordinary and reasonable control in operating a motor vehicle by driving the same under the supervision of an examining officer and submit to an examination appropriate to the type of motor vehicle or combination of vehicles he desires a license to drive, except that the department may waive the driving test part of the examination of an applicant who holds a valid license issued by another state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico. The examination shall also include a test of the hearing and eyesight of the applicant and such other matters as may be necessary to determine the applicant's mental and physical fitness to operate a motor vehicle upon the highways and whether any ground exists for refusal of a license under this code. The examination for a class 1 or class 2 license under subdivision (b) of this section shall also include a report of a medical examination of the applicant given not more than two years prior to the date of the application by a physician licensed to practice medicine. The report shall be on a form approved by the department or by the Federal Highway Administration of the United States Department of Transportation. In establishing the requirements consideration may be given to the standards presently required of motor carrier drivers by the Federal Highway Administration of the United States Department of Transportation. Any physical defect of the applicant which in the opinion of the department is compensated to insure safe driving ability shall not prevent the issuance of a license to the applicant.

(b) In accordance with the following classifications any applicant for a driver's license shall be required to submit to an examination appropriate to the type of motor vehicle or combination of vehicles he desires a license to drive:

(1) Class 1. Any combination of vehicles and includes the operation of all vehicles under class 2 and class 3.

(2) Class 2. Any bus, any "farm labor truck," any single vehicle

with three or more axles, any such vehicles towing another vehicle weighing less than 6,000 pounds gross, and all vehicles covered under class 3.

(3) Class 3. A three-axle housecar, any two-axle vehicle, and any such housecar or vehicle towing another vehicle weighing less than 6,000 pounds gross, except a bus, two-wheel motorcycle, or "farm labor truck."

(4) Class 4. Any two-wheel motorcycle. Authority to operate vehicles included in a class 4 license may be granted by endorsement on a class 1, 2 or 3 license upon completion of appropriate examination.

(c) Class 1 and class 2 drivers' licenses shall be valid for operating class 1 or class 2 vehicles only when a medical certificate approved by the department or the Federal Highway Administration of the United States Department of Transportation is in the licensee's immediate possession which has been issued within two years of the date of the operation of such vehicle, otherwise the license shall be valid only for operating class 3 vehicles and class 4 vehicles if so endorsed. A person holding a valid class 1 or class 2 driver's license on May 3, 1972, may operate class 1 or class 2 vehicles without a medical certificate until such time as the license expires.

(d) The department may accept a certificate of driving experience in lieu of a driving test on class 1 or 2 applications when such certificate is issued by an employer of the applicant provided the applicant has first qualified for a class 3 license and also met the other examination requirements for the license for which he is applying. Such certificate may be submitted as evidence of the applicant's experience or training in the operation of the types of equipment covered by the license for which he is applying.

(e) The department may accept a certificate of competence in lieu of a driving test on class 4 applications when such certificate is issued by a law enforcement agency for its officers who operate class 4 vehicles in their duties provided the applicant has also met the other examination requirements for the license for which he is applying.

SEC. 2. Section 12805 of the Vehicle Code is amended to read:

12805. The department shall not issue or renew a driver's license to any person:

(a) Who is not of legal age to receive such license.

(b) Who, because of excessive and continuous use of alcoholic liquors, is incapable of safely operating a motor vehicle, or who is addicted to the use of, or is an habitual user of, any drug to a degree that the person is rendered incapable of safely operating a motor vehicle.

(c) Who is insane or feebleminded or an idiot or an imbecile.

(d) Who has a disorder characterized by lapses of consciousness.

(e) Who is unable as shown by examination to understand traffic signs or signals or who does not have a reasonable knowledge of the provisions of this code governing the operations of vehicles upon the highways.

(f) When it appears by examination or other evidence that such person is unable to operate a motor vehicle upon a highway safely because of physical or mental defect or lack of skill.

(g) Who is unable to read and understand simple English used in highway traffic and directional signs. The provisions of this subdivision shall not apply to any person holding an operator's or chauffeur's license issued by this state and valid on September 11, 1957.

(h) Who holds a valid driver's license issued by a foreign jurisdiction unless he surrenders that license to the department.

(i) Who has ever held, or is the holder of a license to drive issued by another state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico, and such license has been suspended by reason, in whole or in part, of a conviction of a traffic violation until the suspension period has terminated, except as provided in subdivision (b) of Section 12806.

(j) Who has ever held, or is the holder of a license to drive issued by another state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico, and such license has been revoked by reason, in whole or in part, of a conviction of a traffic violation until the revocation has been terminated or after the expiration of one year from the date the license was revoked, whichever occurs first, except as provided in subdivision (b) of Section 12806.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

CHAPTER 949

An act to amend Sections 13581.2 and 13581.5 of, and to repeal Section 13581.5 of, the Education Code, relating to school district employees.

[Approved by Governor September 19, 1974. Filed with Secretary of State September 19, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 13581.2 of the Education Code is amended to read:

13581.2. (a) Positions not requiring certification qualifications created by a governing board of a school district under the Manpower Development and Training Act of 1962, the Economic Opportunity Act of 1964, the Elementary and Secondary Education Act of 1965, or Section 11300 or Section 13650 of the Welfare and Institutions Code, any future federal or state legislative enactment, or any other special funding, and which are not a part of the regular school program shall, nevertheless, be a part of the classified service as established by Section 13581 or Section 13712 of the Education Code.

Persons employed in such positions shall be classified employees and shall enjoy all of the rights, burdens and benefits accorded other classified employees. Their selection and retention shall be made on the same basis as that of persons selected for positions a part of the regular school program.

(b) Notwithstanding the provisions of subdivision (a) if specially funded positions are restricted to employment of persons in low-income groups, from designated impoverished areas and other criteria which restricts the privilege of all citizens to compete for employment in such positions, all such positions shall, in addition to the regular class title, be classified as "restricted." Their selection and retention shall be made on the same basis as that of persons selected and retained in positions a part of the regular school program, except that persons employed in such restricted positions as defined in Section 13599.3 shall not be subject to examination procedures as prescribed in Section 13723.05. Persons employed in positions properly classified as "restricted" shall be classified employees for all purposes except:

(1) They shall not be accorded employment permanency under Section 13583 or Section 13739 of the Education Code, whichever is applicable.

(2) They shall not acquire seniority credits for the purposes of

Sections 13737 and 13746 of the Education Code or, in a district not having the merit (civil service) system, for the purposes of layoff for lack of work or lack of funds as may be established by rule of the governing board.

(3) The provisions of Sections 13727 and 13728 shall not apply to "restricted" employees.

(4) They shall not be eligible for promotion into the regular classified service until they have complied with the provisions of subdivision (c).

(c) At any time, after completion of six months of satisfactory service, a person serving in a "restricted" position shall be given the opportunity to take such qualifying examinations as are required for all other persons serving in the same class in the regular classified service. If such person satisfactorily completes the qualifying examination, regardless of final numerical listing on an eligibility list, he shall be accorded full rights, benefits and burdens of any other classified employee serving in the regular classified service. His service in the regular classified service shall be counted from the original date of employment in the "restricted" position and shall continue even though he continues to serve in a "restricted" position.

(d) This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 5 (commencing with Section 13701) of this chapter.

(e) It is the intent of the Legislature in enacting this section to clearly set forth that positions normally a part of the classified service are included therein regardless of the source of income to sustain such positions and to effectively implement specially funded programs intended to provide job opportunities for untrained and impoverished persons but to do so in a manner that will not be disruptive nor detrimental to the normal employment procedures relating to classified school service.

SEC. 2. Section 13581.5 of the Education Code is amended to read:

13581.5. If the governing board of any school district establishes positions in the categories described below and restricts initial appointments of new employees to persons in low-income groups or residing in specifically designated areas of the community, then such positions shall, in addition to the regular class title, be classified as "restricted." The positions shall be part of the classified service and persons so employed shall be classified employees for all purposes except that they shall not acquire permanent status or seniority credit and shall not be eligible for promotion into the regular classified service until they have complied with the provisions of subdivision (c) of Section 13581.2.

The categories of positions for which the governing board may establish restrictions under this section are:

(a) The position of instructional aide, as defined in Section 13599.3.

(b) Any other position involving personal contacts with pupils or parents, that is established to assist school-staff personnel responsible for school-community relations; educational support services for such areas as counseling, library, or health; or the correction or prevention of behavioral problems.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 5 (commencing with Section 13701) of this chapter.

This section shall remain in effect only until January 31, 1979, and as of that date is repealed.

8961.1. Notwithstanding the provisions of Section 8961, any cemetery maintained by a district may be used for the burial within the ground of any deceased nonresident of the district if the decedent is a member of the family, as defined in Section 8961, of a resident or taxpayer of the district or of a decedent already buried in a cemetery maintained by the district or a member of the family of a former resident or taxpayer who purchased burial rights while he was a resident or taxpayer of the district and if the district requires the payment of a nonresident fee established pursuant to Section 8894.

Where private facilities are not available within a radius of 15 miles of decedent's residence, a decedent not otherwise eligible for burial within a cemetery of the district may be interred therein and the district shall charge a nonresident fee established pursuant to Section 8894. The foregoing requirement as to charges shall not be applicable to the burial of indigents at public expense who may be interred at such rates as may be fixed by the trustees of the cemetery district.

19650. It is the intent of the Legislature in enacting this article to further carry out the purposes of this chapter by relieving blind vending stand operators from the distress of poverty brought about by illness or old age.

19651. From commissions collected in those facilities in which

there are no blind vending stand operators licensed by the Department of Rehabilitation, the Department of Rehabilitation may contribute to an annuity plan for blind vending stand operators licensed by the Department of Rehabilitation pursuant to Section 19630 of this chapter or pursuant to Section 107a of Title 20 of the United States Codes.

[Approved by Governor September 19, 1974 Filed with Secretary of State September 19, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 238 of the Public Utilities Code is amended to read:

238. (a) "Vessel" includes every species of watercraft, by whatsoever power operated, which is owned, controlled, operated or managed for public use in the transportation of persons or property, except rowboats, sailing boats, and barges under 20 tons dead weight carrying capacity.

(b) Nothing in this code except those provisions relating to the regulation of rates shall apply to the transportation by a water carrier of commodities in bulk when the cargo space of the vessel in which such commodities are transported is being used for the carrying of not more than three such commodities. This subsection shall apply only in the case of commodities, in bulk which are loaded and carried without wrappers or containers and received and delivered by the carrier without transportation mark or count. For the purposes of this subsection two or more vessels while navigated as a unit shall be considered to be a single vessel.

(c) Nothing in this code except those provisions relating to the regulation of rates shall apply to the transportation by water of liquid cargoes in bulk in tank vessels designed for use exclusively in such service.

SEC. 2. Section 1007 of the Public Utilities Code is amended to read:

Every applicant for such a certificate shall file in the office of the commission application and evidence in the form required by the commission. The commission may, with or without hearing, issue the certificate as prayed for, or refuse to issue it, or issue it for the partial exercise only of the privilege sought, or issue it for operation between certain points only, and may attach to the exercise of the rights granted by the certificate such terms and conditions as, in its judgment, the public convenience and necessity require.

The commission shall issue such certificate authorizing such service without further proceedings.

SEC. 3. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 953

An act to amend Sections 54309 and 54310 of, and to add Section 54307.2 to, the Government Code, relating to energy conservation and development.

TITLE 4. INTERSTATE COMPACT ON THE PLACEMENT OF CHILDREN

264. The Interstate Compact on Placement of Children as set forth in Section 265 is hereby adopted and entered into with all other jurisdictions joining therein.

265. The provisions of the interstate compact referred to in Section 264 are as follows:

INTERSTATE COMPACT ON THE PLACEMENT OF CHILDREN

Article 1. Purpose and Policy

It is the purpose and policy of the party states to cooperate with each other in the interstate placement of children to the end that:

(a) Each child requiring placement shall receive the maximum

opportunity to be placed in a suitable environment and with persons or institutions having appropriate qualifications and facilities to provide a necessary and desirable degree and type of care.

(b) The appropriate authorities in a state where a child is to be placed may have full opportunity to ascertain the circumstances of the proposed placement, thereby promoting full compliance with applicable requirements for the protection of the child.

(c) The proper authorities of the state from which the placement is made may obtain the most complete information on the basis on which to evaluate a projected placement before it is made.

(d) Appropriate jurisdictional arrangements for the care of children will be promoted.

Article 2. Definitions

As used in this compact:

(a) "Child" means a person who, by reason of minority, is legally subject to parental, guardianship or similar control.

(b) "Sending agency" means a party state, officer or employee thereof; a subdivision of a party state, or officer or employee thereof; a court of a party state; a person, corporation, association, charitable agency or other entity which sends, brings, or causes to be sent or brought any child to another party state.

(c) "Receiving state" means the state to which a child is sent, brought, or caused to be sent or brought, whether by public authorities or private persons or agencies, and whether for placement with state or local public authorities or for placement with private agencies or persons.

(d) "Placement" means the arrangement for the care of a child in a family free or boarding home or in a child-caring agency or institution but does not include any institution caring for the mentally ill, mentally defective or epileptic or any institution primarily educational in character, and any hospital or other medical facility.

Article 3. Conditions for Placement

(a) No sending agency shall send, bring, or cause to be sent or brought into any other party state any child for placement in foster care or as a preliminary to a possible adoption unless the sending agency shall comply with each and every requirement set forth in this article and with the applicable laws of the receiving state governing the placement of children therein.

(b) Prior to sending, bringing or causing any child to be sent or brought into a receiving state for placement in foster care or as a preliminary to a possible adoption, the sending agency shall furnish the appropriate public authorities in the receiving state written notice of the intention to send, bring, or place the child in the receiving state. The notice shall contain:

(1) The name, date and place of birth of the child.

(2) The identity and address or addresses of the parents or legal guardian.

(3) The name and address of the person, agency or institution to or with which the sending agency proposes to send, bring, or place the child.

(4) A full statement of the reasons for such proposed action and evidence of the authority pursuant to which the placement is proposed to be made.

(c) Any public officer or agency in a receiving state which is in receipt of a notice pursuant to paragraph (b) of this article may request of the sending agency, or any other appropriate officer or agency of or in the sending agency's state, and shall be entitled to receive therefrom, such supporting or additional information as it may deem necessary under the circumstances to carry out the purpose and policy of this compact.

(d) The child shall not be sent, brought, or caused to be sent or brought into the receiving state until the appropriate public authorities in the receiving state shall notify the sending agency, in writing, to the effect that the proposed placement does not appear to be contrary to the interests of the child.

Article 4. Penalty for Illegal Placement

The sending, bringing, or causing to be sent or brought into any receiving state of a child in violation of the terms of this compact shall constitute a violation of the laws respecting the placement of children of both the state in which the sending agency is located or from which it sends or brings the child and of the receiving state. Such violation may be punished or subjected to penalty in either jurisdiction in accordance with its laws. In addition to liability for any such punishment or penalty, any such violation shall constitute full and sufficient grounds for the suspension or revocation of any license, permit, or other legal authorization held by the sending agency which empowers or allows it to place, or care for children.

Article 5. Retention of Jurisdiction

(a) The sending agency shall retain jurisdiction over the child sufficient to determine all matters in relation to the custody, supervision, care, treatment and disposition of the child which it would have had if the child had remained in the sending agency's state, until the child is adopted, reaches majority, becomes self-supporting or is discharged with the concurrence of the appropriate authority in the receiving state. Such jurisdiction shall also include the power to effect or cause the return of the child or its transfer to another location and custody pursuant to law. The sending agency shall continue to have financial responsibility for support and maintenance of the child during the period of the

placement. Nothing contained herein shall defeat a claim of jurisdiction by a receiving state sufficient to deal with an act of delinquency or crime committed therein.

(b) When the sending agency is a public agency, it may enter into an agreement with an authorized public or private agency in the receiving state providing for the performance of one or more services in respect of such case by the latter as agent for the sending agency.

(c) Nothing in this compact shall be construed to prevent a private charitable agency authorized to place children in the receiving state from performing services or acting as agent in that state for a private charitable agency of the sending state; nor to prevent the agency in the receiving state from discharging financial responsibility for the support and maintenance of a child who has been placed on behalf of the sending agency without relieving the responsibility set forth in paragraph (a) hereof.

Article 6. Institutional Care of Delinquent Children

A child adjudicated delinquent may be placed in an institution in another party jurisdiction pursuant to this compact but no such placement shall be made unless the child is given a court hearing on notice to the parent or guardian with opportunity to be heard, prior to his being sent to such other party jurisdiction for institutional care and the court finds that:

1. Equivalent facilities for the child are not available in the sending agency's jurisdiction, and

2. Institutional care in the other jurisdiction is in the best interest of the child and will not produce undue hardship.

Article 7. Compact Administrator

The executive head of each jurisdiction party to this compact shall designate an officer who shall be general coordinator of activities under this compact in his jurisdiction and who, acting jointly with like officers of other party jurisdictions, shall have power to promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

Article 8. Limitations

This compact shall not apply to:

(a) The sending or bringing of a child into a receiving state by his parent, stepparent, grandparent, adult brother or sister, adult uncle or aunt, or his guardian and leaving the child with any such relative or nonagency guardian in the receiving state.

(b) Any placement, sending or bringing of a child into a receiving state pursuant to any other interstate compact to which both the state from which the child is sent or brought and the receiving state

are party, or to any other agreement between said states which has the force of law.

Article 9. Enactment and Withdrawal

This compact shall be open to joinder by any state, territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and, with the consent of Congress, the government of Canada or any province thereof. It shall become effective with respect to any such jurisdiction when such jurisdiction has enacted the same into law. Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until two years after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the Governor of each other party jurisdiction. Withdrawal of a party state shall not affect the rights, duties and obligations under this compact of any sending agency therein with respect to a placement made prior to the effective date of withdrawal.

Article 10. Construction and Severability

The provisions of this compact shall be liberally construed to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

266. Financial responsibility for any child placed pursuant to the provisions of the Interstate Compact on the Placement of Children shall be determined in accordance with the provisions of Article 5 thereof in the first instance. However, in the event of partial or complete default of performance thereunder, the provisions of other state laws also may be invoked.

267. The "appropriate public authorities" as used in Article 3 of the Interstate Compact on the Placement of Children shall, with reference to this state, mean the State Department of Health and such department shall receive and act with reference to notices required by said Article 3.

268. As used in paragraph (a) of Article 5 of the Interstate Compact on the Placement of Children, the phrase "appropriate authority in the receiving state" with reference to this state shall mean the State Department of Health.

269. The officers and agencies of this state and its subdivisions having authority to place children are hereby empowered to enter into agreements with appropriate officers or agencies of or in other party states pursuant to paragraph (b) of Article 5 of the Interstate Compact on the Placement of Children. Any such agreement which contains a financial commitment or imposes a financial obligation on this state or subdivision or agency thereof shall not be binding unless it has the approval in writing of the Controller in the case of the state and of the chief local fiscal officer in the case of a subdivision of the state.

270. Any requirements for visitation, inspection or supervision of children, homes, institutions or other agencies in another party state which may apply under the law of this state shall be deemed to be met if performed pursuant to an agreement entered into by appropriate officers or agencies of this state or a subdivision thereof as contemplated by paragraph (b) of Article 5 of the Interstate Compact on the Placement of Children.

271. No provision of law restricting out-of-state placement of children for adoption shall apply to placements made pursuant to the Interstate Compact on the Placement of Children.

272. Any court having jurisdiction to place delinquent children may place such a child in an institution in another state pursuant to Article 6 of the Interstate Compact on the Placement of Children and shall retain jurisdiction as provided in Article 5 thereof.

273. As used in Article 7 of the Interstate Compact on the Placement of Children, the term "executive head" means the Governor. The Governor shall appoint a compact administrator in accordance with the terms of said Article 7.

274. Approval of an interstate placement of a child for adoption shall not be granted by the compact administrator if the placement is in violation of either Section 224q of this code or Section 273 of the Penal Code.

If such authority is requested in the petition for appointment, notice of the hearing of such petition shall be given for the period and in the manner applicable to the petition for appointment. If such authority is requested by separate petition, the clerk shall set the petition for hearing by the court and give notice thereof for the period and in the manner required by Section 1200, and at least 10 days before the date set for the hearing of such petition by the court, the petitioner shall cause notice of the hearing thereof to be mailed to all legatees and devisees and to all known heirs of the decedent, and to all persons who have requested notice as provided in Section 1202. Any person interested in the estate may appear and object to the granting of authority to administer the estate under this article by filing a written statement setting forth his objections. Unless the court shall determine that the objecting party has shown good cause why such authority should not be granted, the court shall grant such authority and the letters testamentary or of administration shall be endorsed

to the effect that such letters are issued pursuant to this article. The provisions of this article shall not apply to special administrators.

591.2. Upon obtaining authority to administer the estate under this article, the executor or administrator shall proceed to administer the estate in the same manner as provided in this code with respect to executors or administrators who have not been granted such authority. However, he shall not be required to obtain judicial authorization, approval, confirmation, or instructions, which shall be known and referred to in this article as "court supervision", with respect to any actions during the course of the administration of the estate, except that he shall be required to obtain court supervision, in the manner provided in this code, for any of the following actions:

(i) Determining third party claims to real and personal property if the decedent died in possession of, or holding title to, such property, or determining decedent's claim to real or personal property title to or possession of which is held by another.

Nevertheless, the executor or administrator may obtain court supervision as provided in this code of any action taken by him during the administration of the estate. All publications of notice required by this code shall continue to be given except, when no hearing is required because the executor or administrator does not seek court supervision of an action or proposed action, no publication of the notice of hearing shall be required.

591.3. Prior to the consummation of any of the actions described in this section without court supervision, the executor or administrator to whom authority has been granted to act without court supervision shall advise the persons affected by the proposed action of his intention to take such action. The advice, known and referred to in this article as "advice of proposed action," shall be given to the devisees and legatees whose interest in the estate is affected by the proposed action; to the heirs of the decedent in intestate estates; to the State of California if any portion of the estate is to escheat to it; and to persons who have filed a request for special

notice pursuant to Section 1202.

591.4. The advice of proposed action shall be delivered personally or sent by first-class mail, or sent by airmail to any person residing 500 or more miles from the business address of the executor or administrator, to each person described in Section 591.3 at his last known address. The advice of proposed action shall state the name and mailing address of the executor or administrator and the action proposed to be taken, with a reasonably specific description of such action, and the date on or after which the proposed action is to be taken. Such date shall not be less than 15 days after the personal delivery, or mailing, of the advice. The failure of the executor or administrator to comply with the provisions of this section shall not affect the validity of the action so taken or the title to any property conveyed or transferred to bona fide purchasers and to third persons dealing in good faith with him who changed their position in reliance on the action, conveyance or transfer without notice of the failure of the executor or administrator to comply with such provisions. The receipt of such advice shall not prejudice the right of any person interested in the estate to have the court later review the action taken.

591.5. Any person described in Section 591.3 who objects to the taking of any proposed action described in Section 591.3 without court supervision, may apply to the court having jurisdiction over the proceeding for an order restraining the executor or administrator from taking the proposed action without court supervision, which order the court shall grant without requiring notice to the executor or administrator and without cause being shown therefor. Such order may be served by the person so objecting upon the executor or administrator in the same manner provided for in Section 415.10 or

415.30 of the Code of Civil Procedure or in such manner as may be authorized by the court. If the executor or administrator has notice of the issuance of the restraining order he shall, if he desires to consummate such action, submit it to the court for approval following the provisions of this code dealing with the court supervision of such action and may consummate such action under such order as may be entered by the court. The failure of the executor or administrator to comply with such restraining order and the consummation of the action by the executor or administrator in violation of such order shall not affect the validity of the action so taken, or the title to any property conveyed or transferred to bona fide purchasers and to third persons dealing in good faith with him who changed their position in reliance on the action, conveyance or transfer without actual notice of the failure of the executor or administrator to comply with such order. No person dealing with the executor or administrator shall have any duty to inquire or investigate whether or not a restraining order has been issued.

591.6. Unless restricted by the will, an executor or administrator who has been granted authority to administer the estate without court supervision shall have all of the following powers, in addition to any other powers granted by this code, which powers can be exercised in the manner provided in this article:

(f) To vote a security, in person or by general or limited proxy.

(g) To sell or exercise stock subscription or conversion rights.

(h) To hold a security in the name of a nominee or in other form without disclosure of the estate, so that title to the security may pass by delivery, but the executor or administrator is liable for any act of the nominee in connection with the security so held.

(i) To insure the assets of the estate against damage or loss, and the executor or administrator against liability with respect to third persons.

(j) To allow, pay, reject, contest and compromise any claim by or against the estate by compromise; to release, in whole or in part, any claim belonging to the estate to the extent that the claim is uncollectible; to institute, compromise and defend actions and proceedings.

(k) To pay taxes, assessments, and other expenses incurred in the collection, care and administration of the estate.

(*l*) To continue the operation of the decedent's business to such extent as he shall deem to be for the best interest of the estate and those interested therein.

(m) To pay a reasonable family allowance for a period not to exceed 12 months.

591.7. Any person interested in the estate who objects to the continued administration of the estate under this article may file a petition setting forth the basis for the revocation of the authority of the executor or administrator to continue the administration of the estate under this article. Upon the filing of such petition the clerk shall set the petition for hearing by the court and the petitioner shall cause notice thereof to be served on the executor or administrator in the same manner provided in Sections 415.10 or 415.30 of the Code of Civil Procedure or in such manner as may be authorized by the court. If the court shall determine that good cause has been shown, it shall revoke the authority of the executor or administrator to continue the administration of the estate under this article. Upon the revocation of authority to proceed under this article, new letters testamentary or letters of administration shall be issued without the endorsement to which reference is made in Section 591.1.

SEC. 3. Section 1004 is added to the Probate Code, to read:

1004. When the time for filing or presenting claims has expired and all uncontested claims have been paid or are sufficiently secured by mortgage, or otherwise, but the estate is not in a condition to be finally closed and distributed, the executor or administrator to whom authority has been granted to administer the estate without court supervision, in accordance with Article 2 (commencing with Section 591) of Chapter 8 of Division 3, may petition the court for authority to distribute a portion of the estate to the person or persons entitled thereto. Such petition need not include an accounting, provided that when the petition seeks authority to distribute to a trustee the petition shall include an accounting unless the trustee consents to the distribution without an accounting. The total amount of the property distributed under this section shall not exceed 50 percent of the net value of the estate. The clerk shall set the petition for hearing by the court and give notice thereof for the period and in the manner required by Section 1200, but the court may order the notice to be given for a shorter period or dispensed with. If the court shall determine that all of the allegations of the petition are true, that the estate is but little indebted, that all inheritance taxes payable have been paid, or that the State Controller, an inheritance tax attorney or an assistant inheritance tax attorney has, in writing, consented to the distribution, that the property to be distributed does not exceed 50 percent of the net value of the estate, and that the distribution may be made without loss or injury to the estate or any person interested therein, the court shall make an order authorizing the

executor or administrator to distribute the property to the person or persons entitled thereto. For purposes of this section "net value of the estate" means the excess of the value of the assets of the estate reflected by all inventories and appraisements on file with the court over the total amount of all creditors' claims filed or presented and liens and encumbrances recorded or known to the executor or administrator not reflected in any creditors' claims filed or presented, excluding death tax liens occasioned by the decedent's death.

SEC. 4. Section 785 of the Probate Code is amended to read:

785. Upon the hearing the court must examine into the necessity for the sale, or the advantage, benefit and interest of the estate in having the sale made, and the efforts of the executor or administrator to expose the property to the market, and must examine the return and witnesses in relation to the sale; and if it appears to the court that good reason existed for the sale, that the sale was legally made and fairly conducted, and complied with the requirements of the previous section, that the sum bid is not disproportionate to the value, and it does not appear that a sum exceeding such bid at least 10 percent on the first ten thousand dollars ($10,000) bid and 5 percent on the amount of the bid in excess of ten thousand dollars ($10,000), exclusive of the expenses of a new sale, may be obtained, the court shall make an order confirming the sale and directing conveyances to be executed; otherwise it shall vacate the sale and direct another to be had, of which notice must be given and the sale in all respects conducted as if no previous sale had taken place. But if a written offer in an amount at least 10 percent more on the first ten thousand dollars ($10,000) bid and 5 percent more on the amount of the bid in excess of ten thousand dollars ($10,000) is made to the court by a responsible person, and the offer complies with all provisions of the law, the court shall accept such higher offer, confirm the sale to such person and fix a reasonable compensation for the services to the estate of the agent, if any, producing the successful bidder, or, in its discretion, order a new sale. If more than one written offer in an amount at least 10 percent more on the first ten thousand dollars ($10,000) bid and 5 percent more on the amount of the bid in excess of ten thousand dollars ($10,000) is made to the court by responsible persons, and if any such increased bid complies with all the provisions of the law, the court shall accept such highest increased bid, confirm the sale to the person making such increased bid, and fix a reasonable compensation for the services to the estate of the agent, if any, producing the successful bidder or, in its discretion, order a new sale. The compensation of the agent producing the successful bidder shall not exceed one-half of the difference between the amount of the bid in the original return and the amount of the successful bid, but such limitation shall not apply to any compensation of the agent holding the contract with the executor or administrator.

For the purposes of this section the amount of a bid shall be

determined by the court without regard to any commission on the amount of such bid to which an agent may be entitled by virtue of a contract with the executor or administrator. It shall be determined without regard to any condition of the bid that a certain amount thereof be paid to an agent by the executor or administrator, but notwithstanding that a bid contains such a condition, only such compensation to an agent as is proper under the preceding provisions of this section shall be allowed, and acceptance of the bid by the court binds the bidder though the compensation so allowed is less than the compensation to which the agent would be entitled had the condition been observed.

Higher offers and bids are subject to the provisions of Section 785.1.

SEC. 5. This act shall apply to the estate of (1) any person dying on or after July 1, 1975, and (2) to the estate of any person dying before July 1, 1975, if no person has been granted letters before such date to be estate executor or administrator. In the case of such an estate of a person dying before July 1, 1975, the court in its discretion may decline to apply Article 2 (commencing with Section 591) of Chapter 8 of Division 3, or Section 1004 of the Probate Code, if it determines that granting an application for administration pursuant to Article 2 or Section 1004 would not be in the best interests of the estate and those interested therein.

SEC. 6. This act shall become operative July 1, 1975.

CHAPTER 962

An act to add Section 13515 to the Penal Code, relating to law enforcement.

[Approved by Governor September 20, 1974. Filed with Secretary of State September 20, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 13515 is added to the Penal Code, to read:

13515. (a) The Legislature finds and declares that relations between the police and the other citizens of this state could be improved by reducing those misunderstandings that occur because of lack of citizen knowledge of police procedures, and lack of police knowledge of the social conventions and attitudes of particular communities. The Legislature further finds that this goal can be pursued by the publication of a guidebook for police and other citizens that, while not attempting to formally interpret law or police regulations, does attempt to establish proprieties of speech and conduct suitable for the situations in which misunderstandings most frequently arise.

(b) The commission shall prepare a draft of a guidebook for police and citizens, which have as its purposes the following:

(1) To express in clear and nontechnical language the respective obligations of police and citizens in those situations in which they most frequently encounter each other.

(2) To ameliorate relations between police and citizens by establishing mutual understanding of the needs for commonly used police procedures and the appropriate citizen responses, and by better informing the police of the social conventions of the various social groups in this state.

A preliminary draft guidebook shall be submitted in both English and Spanish to the Legislature, the Governor, and the Department of Justice within six months after the effective date of this section, and a final draft shall be submitted within nine months after the effective date of this section.

The requirements of this subdivision shall apply only if the commission obtains sufficient funds to accomplish the purposes thereof from a federal grant or from any other source other than the General Fund or the Peace Officers' Training Fund.

CHAPTER 963

An act to add Article 6 (commencing with Section 11140) to Chapter 1 of Title 1 of Part 4 of the Penal Code, relating to criminal records.

[Approved by Governor September 20, 1974. Filed with Secretary of State September 20, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Article 6 (commencing with Section 11140) is added to Chapter 1 of Title 1 of Part 4 of the Penal Code, to read:

Article 6. Unlawful Furnishing of Master Record Sheet

11140. As used in this article:

(a) "Record" means the master record sheet, or a copy thereof, maintained under a person's name by the Department of Justice, and commonly known as an "arrest record," "criminal record sheet," or "rap sheet." "Record" does not include any other records or files of the Department of Justice.

(b) "A person authorized by law to receive a record" means any person or public agency authorized by a court, statute, or decisional law to receive a record.

11141. Any employee of the Department of Justice who knowingly furnishes a record or information obtained from a record to a person who is not authorized by law to receive the record or information is guilty of a misdemeanor.

11142. Any person authorized by law to receive a record or information obtained from a record who knowingly furnishes the

record or information to a person who is not authorized by law to receive the record or information is guilty of a misdemeanor.

11143. Any person, except those specifically referred to in Section 1070 of the Evidence Code, who, knowing he is not authorized by law to receive a record or information obtained from a record, knowingly buys, receives, or possesses the record or information is guilty of a misdemeanor.

11144. (a) It is not a violation of this article to disseminate statistical or research information obtained from a record, provided that the identity of the subject of the record is not disclosed.

(b) It is not a violation of this article to disseminate information obtained from a record for the purpose of assisting in the apprehension of a person wanted in connection with the commission of a crime.

(c) It is not a violation of this article to include information obtained from a record in (1) a transcript or record of a judicial or administrative proceeding or (2) any other public record when the inclusion of the information in the public record is authorized by a court, statute, or decisional law.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

CHAPTER 964

An act to add Section 12532.1 to the Government Code, and to add Sections 10123.1, 10123.2, and 11512.7 to the Insurance Code, relating to health insurance.

Every health care service plan shall communicate the availability of such coverage to all subscriber

SEC. 2. Section 10123.1 is added to the Insurance Code, to read:

10123.1. On and after the effective date of this section, every policy of disability insurance which covers hospital, medical, or surgical expenses on a group basis shall offer coverage to physically handicapped individual members of the group under the same terms and conditions as are normally offered to individual members of the group without physical handicap. The availability of such coverage shall be communicated to group policyholders and to prospective group policyholders during negotiations. Group policies shall not be required to cover hospital, medical, or surgical expenses arising as a direct result of an individual member's physical handicap.

SEC. 3. Section 10123.2 is added to the Insurance Code, to read:

10123.2. On and after the effective date of this section, every self-insured employee welfare benefit plan which provides coverage for hospital, medical, or surgical expenses shall offer coverage to physically handicapped persons for such expenses incurred, under such terms and conditions as are normally provided by the self-insured welfare benefit plan and a member without physical handicap. Every self-insured welfare benefit plan shall communicate the availability of such coverage to all members and prospective members. The self-insured welfare benefit plan shall not be required to cover hospital, medical, or surgical expenses arising as a direct result of a physically disabled person's handicap.

Every nonprofit hospital service plan, including those issuing group hospital service contracts, shall communicate the availability of such coverage to all group contract holders, and to all prospective group contract holders with whom they are negotiating. The nonprofit hospital service plan shall not be required to offer coverage for medical, hospital, or surgical expenses arising as a direct result of a physically disabled person's handicap.

CHAPTER 965

An act to amend Section 1777.5 of the Labor Code, relating to apprenticeship standards.

[Approved by Governor September 20, 1974. Filed with Secretary of State September 20, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 1777.5 of the Labor Code is amended to read:

1777.5. Nothing in this chapter shall prevent the employment of properly indentured apprentices upon public works.

Every such apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade at which he is employed, and shall be employed only at the work of the craft or trade to which he is indentured.

Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards and written apprentice agreements under Chapter 4 (commencing at Section 3070), Division 3, of the Labor Code, are eligible to be employed on public works. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which he is training.

When the contractor to whom the contract is awarded by the state or any political subdivision, or any subcontractor under him, in performing any of the work under the contract or subcontract, employs workmen in any apprenticeable craft or trade, the contractor and subcontractor shall apply to the joint apprenticeship committee administering the apprenticeship standards of the craft or trade in the area of the site of the public work for a certificate approving the contractor or subcontractor under the apprenticeship standards for the employment and training of apprentices in the area of the site of the public work. Contractors or subcontractors shall not be required to submit individual applications for approval to local joint apprenticeship committees provided they are already covered by the local apprenticeship standards. The ratio of apprentices to journeymen who shall be employed in the craft or trade on the public work may be the ratio stipulated in the apprenticeship standards under which the joint apprenticeship committee operates, but in no case shall the ratio be less than one apprentice for each five journeymen, except as otherwise provided in this section.

The contractor or subcontractor, if he is covered by this section, shall, upon the issuance of the approval certificate, or if he has been previously approved in such craft or trade, shall, employ the number of apprentices or the ratio of apprentices to journeymen stipulated in the apprenticeship standards. Upon proper showing by the contractor that he employs apprentices in such craft or trade in the state on all of his contracts on an annual average of not less than one apprentice to each eight journeymen, the Division of Apprenticeship

Standards shall grant a certificate exempting the contractor from the 1-to-5 ratio as set forth in this section. This section shall not apply to prime contracts involving less than thirty thousand dollars ($30,000) or 20 working days or to contracts of subcontractors not bidding for work through a general or prime contractor, involving less than two thousand dollars ($2,000) or fewer than five working days.

"Apprenticeable craft or trade," as used in this section, shall mean a craft or trade determined as an apprenticeable occupation in accordance with rules and regulations prescribed by the Apprenticeship Council. The joint apprenticeship committee shall have the discretion to grant a certificate exempting a contractor from the 1-to-5 ratio set forth in this section when it finds that any one of the following conditions is met:

(a) In the event unemployment for the previous three-month period in such area exceeds an average of 15 percent, or

(b) In the event the number of apprentices in training in such area exceeds a ratio of 1 to 5, or

(c) If there is a showing that the apprenticeable craft or trade is replacing at least one-thirtieth of its journeymen annually through apprenticeship training, either (1) on a statewide basis, or (2) on a local basis.

(d) If assignment of an apprentice to any work performed under a public works contract would create a condition which would jeopardize his life or the life, safety, or property of fellow employees or the public at large or if the specific task to which the apprentice is to be assigned is of such a nature that training cannot be provided by a journeyman.

When such exemptions are granted to an organization which represents contractors in a specific trade from the 1-to-5 ratio on a local or statewide basis the member contractors will not be required to submit individual applications for approval to local joint apprenticeship committees, provided they are already covered by the local apprenticeship standards.

A contractor to whom the contract is awarded, or any subcontractor under him, who, in performing any of the work under the contract, employs journeymen or apprentices in any apprenticeable craft or trade and who is not contributing to a fund or funds to administer and conduct the apprenticeship program in any such craft or trade in the area of the site of the public work, to which fund or funds other contractors in the area of the site of the public work are contributing, shall contribute to the fund or funds in each craft or trade in which he employs journeymen or apprentices on the public work in the same amount or upon the same basis and in the same manner as the other contractors do, but where the trust fund administrators are unable to accept such funds, contractors not signatory to the trust agreement shall pay a like amount to the California Apprenticeship Council. The contractor or subcontractor may add the amount of such contributions in computing his bid for the contract. The Division of Labor Law

Enforcement is authorized to enforce the payment of such contributions to the fund or funds as set forth in Section 227.

The body awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. Such stipulations shall fix the responsibility of compliance with this section for all apprenticeable occupations with the prime contractor.

In the event a contractor willfully fails to comply with this section, such contractor shall be denied the right to bid on a public works contract for a period of six months from the date the determination is made.

The interpretation and enforcement of this section shall be in accordance with the rules and procedures prescribed by the Apprenticeship Council.

All decisions of the joint apprenticeship committee under this section are subject to the provisions of Section 3081.

CHAPTER 966

(g) Any person engaged as a part-time gardener in connection with a private dwelling; provided, the number of hours devoted to such work for any individual does not regularly exceed 44 hours per month. This exclusion is operative only as to his employment by the owner or occupant of such a private dwelling, and does not deprive any such part-time gardener from recourse under this division against any other person employing him for injuries occurring in the course of and arising out of the employment.

(h) Any person performing voluntary service as a ski patrolman who receives no compensation for such services other than meals or lodging or the use of ski tow or ski lift facilities.

(i) Any person, other than a regular employee, participating in sports or athletics who receives no compensation for such participation other than the use of athletic equipment, uniforms, transportation, travel, meals, lodgings, or other expenses incidental thereto.

SEC. 2. Section 3369 is added to the Labor Code, to read:

3369. The inclusion of any person or groups of persons within the coverage of this division shall not cause any such person or group of persons to be within the coverage of any other statute unless any other such statute expressly so provides.

21201.5. (a) No person shall sell or offer for sale a pedal, reflex reflector, or reflectorized tire for use on a bicycle unless it is of a type approved by the department.

(b) No person shall sell or offer for sale a new bicycle or pedal for use on a bicycle that is not equipped with a white or yellow reflector on each pedal, which is maintained so as to be visible from the front and rear of the bicycle during darkness from a distance of 200 feet.

(c) No person shall sell or offer for sale a new bicycle unless it is equipped with reflex reflectors as follows:

(1) A white reflector on the front;

(2) A red reflector on the rear; and

(3) A white or yellow reflector on each side forward of the center of the bicycle and a white or red reflector on each side to the rear of the center of the bicycle. Bicycles which are equipped with reflectorized tires on the front and rear need not be equipped with side reflex reflectors.

(d) Area reflectorizing material meeting the requirements of Section 25500 may be used on a bicycle.

(e) No person shall operate a bicycle upon any highway unless it is equipped with reflex reflectors or reflectorized tires pursuant to the provisions of subdivision (c). Such reflectorized tires or reflectors on the front, sides, or rear of a bicycle shall be maintained so as to be visible from a distance of 500 feet when directly in front of lawful lower beams on a motor vehicle and shall be of a type approved by the department.

SEC. 4. Division 16.7 (commencing with Section 39000) of the Vehicle Code is repealed.

SEC. 5. Division 16.7 (commencing with Section 39000) is added to the Vehicle Code, to read:

DIVISION 16.7. LICENSING OF BICYCLES

39000. "Bicycle," for the purposes of this division, means any device upon which a person may ride, which is propelled by human power through a system of belts, chains, or gears and which has wheels at least 20 inches in diameter and a frame size of at least 14 inches.

39001. The department shall procure and distribute bicycle license indicia to all cities and counties which have or adopt a bicycle licensing ordinance or resolution. Cities and counties shall issue the indicia distributed by the department to owners of any new bicycle which is first sold on or after the effective date of this division. The department shall charge and collect a fee, not to exceed the cost of procuring and distributing the license indicia, for each bicycle license indicia issued. All fees collected pursuant to this section shall be deposited in the State Bicycle License Fund which is hereby created. There is hereby continuously appropriated from such fund such amounts, as determined by the Director of Finance, as are needed by the department to defray costs to procure and distribute the bicycle license indicia.

The director shall design the bicycle license indicia and shall establish procedures for the distribution of such indicia to cities and counties. Such indicia shall be adhesive, durable, flexible, and of a size to permit it to be affixed to the bicycle frame. Each indicia shall bear a unique license number and shall be permanently assigned to a bicycle.

Bicycle licenses shall be renewed uniformly throughout the state at periods, not to exceed five years, to be designated by the director. Renewal of a bicycle license shall be indicated by a supplementary adhesive device affixed on or near the indicia.

39002. (a) If a city or county has or adopts a bicycle licensing ordinance or resolution, no resident shall operate any bicycle, first sold as a new bicycle in California on or after the effective date of this division, on any street, road, highway, or other public property within the jurisdiction of such city or county, unless such bicycle is licensed in accordance with this division.

(b) Any bicycle not subject to the provisions of this division may be additionally regulated or licensed pursuant to local ordinance or may be licensed upon request of the owner.

39003. If a city or county has or adopts a bicycle licensing ordinance or resolution, indicia obtained from the department shall be issued to the owner by the city or county or other licensing agency designated by it.

39004. Each licensing agency, by ordinance or resolution, may adopt rules and regulations for the collection of license fees. The fee charged by the licensing agency shall not exceed two dollars ($2) per year. Revenues from license fees shall be retained by the licensing city or county and shall be used for the support of such bicycle ordinance or resolution, or may be used to reimburse retailers for services rendered. In addition, fees collected shall be used to improve bicycle safety programs and establish bicycle facilities, including bicycle paths and lanes, within the limits of the jurisdiction, except that other bicycle license fee revenues which, prior to the effective date of this division, were used for other purposes may continue to be used for the same purposes for a period not exceeding one year from the effective date of this division.

39005. Cities and counties having a bicycle licensing ordinance or resolution shall maintain records of each bicycle registered. Such records shall include but not be limited to the license number, the serial number of the bicycle, the make, type, and model of the bicycle, and the name and address of the licensee.

Records shall be maintained by the licensing agency during the period of validity of the license or upon notification that the bicycle no longer is to be operated.

39006. Each bicycle retailer shall supply to each purchaser a record of the following information: name of retailer, address of retailer, year and make of bicycle, and serial number of bicycle.

39007. After December 31, 1974, no bicycle retailer shall sell any new bicycle in this state unless such bicycle has permanently stamped or cast on its frame a serial number unique to the particular bicycle of each manufacturer. Serial numbers shall be stamped or cast in the head of the frame, either side of the seat down post tube, or the bottom sprocket bracket.

39008. (a) Whenever the owner of a bicycle licensed pursuant to an ordinance or resolution of a city or county sells or otherwise disposes of a bicycle, he shall within 10 days notify the licensing agency of such disposition.

(b) Any person who purchases or otherwise acquires possession of a bicycle shall within 10 days of taking possession apply for the

transfer of license to his name. Cities and counties may establish rules and regulations to govern and enforce the provisions of this section.

39009. Whenever the owner of a bicycle licensed pursuant to an ordinance or resolution of a city or county changes his address, he shall within 10 days notify the appropriate licensing agency of the old and new address.

39010. (a) Any city or county which has a bicycle licensing ordinance or resolution in effect on the effective date of this division, may only continue under such ordinance or resolution for a period not exceeding one year from the effective date of this division.

(b) Bicycle licenses which have been issued pursuant to an ordinance or resolution of a city or county which is in effect on the effective date of this division shall remain valid until their assigned expiration dates, but in no case for a period exceeding five years from the effective date of this division.

39011. No fine imposed for any violation of an ordinance or resolution, which is adopted pursuant to this division, shall exceed five dollars ($5).

SEC. 6. Division 16.8 (commencing with Section 39100) of the Vehicle Code is repealed.

SEC. 7. The Commissioner of the California Highway Patrol may adopt and promulgate all necessary rules and regulations, and approve types of bicycle equipment, in order to implement the provisions of Sections 2 and 3 of this act prior to the operative date thereof.

SEC. 8. The sum of fifty thousand dollars ($50,000) is hereby appropriated to the Department of Motor Vehicles from the Motor Vehicle Account in the State Transportation Fund for expenditure for the purposes of this act, including, but not limited to the initial costs incurred by the department in procuring and distributing the bicycle license indicia. The Motor Vehicle Account shall be reimbursed during fiscal year 1974–75 for such amount from revenues first derived from the fees collected and deposited in the State Bicycle License Fund pursuant to the provisions of Section 39001 of the Vehicle Code.

SEC. 9. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act to cover local costs because self-financing authority is provided in this act to cover such costs.

SEC. 10. Sections 2 and 3 of this act shall become operative January 1, 1975.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution, and shall go into immediate effect. The facts constituting such necessity are:

The number of bicycle thefts has sharply decreased due to the recent emphasis placed on bicycle licensing by local cities and counties.

Based on recent experience a comprehensive statewide bicycle licensing and registration system would have operational expenditures costing California taxpayers more than the total of the value of bicycles stolen and recovered and is therefore unwarranted and not needed.

Nearly 98 percent of California's population is subject to a bicycle licensing ordinance or resolution available under local agency programs which are not state mandated programs.

In order that local governments be allotted sufficient time to extend their bicycle ordinances or resolutions and prepare for implementation of a bicycle licensing system under statewide coordination, it is necessary that this act go into immediate effect.

CHAPTER 972

An act to amend Section 35100 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 20, 1974 Filed with Secretary of State September 20, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 35100 of the Vehicle Code is amended to read:

35100. (a) The total outside width of any vehicle or the load thereon shall not exceed 96 inches, except as otherwise provided in this chapter.

(b) Notwithstanding the provisions of subdivision (a), the total outside width of any load on a vehicle may exceed a width of 96 inches but shall not exceed a width of 100 inches, except as otherwise provided in this chapter.

(c) The amendments to this section enacted at the 1973–74 Regular Session of the Legislature increasing the permissible width of loads from 96 to 100 inches shall have no application to highways which are a part of the national system of interstate and defense highways (as referred to in Section 108 of the Federal Aid Highway Act of 1956) when such application would prevent this state from receiving any federal funds for highway purposes, and in such event the provisions of law applicable to the maximum permissible width of any such load in effect on December 31, 1974, shall remain applicable to such load.

CHAPTER 973

An act to amend Section 8046 of the Fish and Game Code, relating to commercial fishing.

The money shall be deposited in the Fish and Game Preservation Fund for use by the Marine Research Committee pursuant to Sections 729 and 730.

The committee shall pay the department for accounting and other services rendered to the committee by the department. The fiscal year cost of such services shall not be in excess of 2 percent of the money so collected each fiscal year under this section.

26861. A fee of ten dollars ($10) may be charged for performing a marriage ceremony pursuant to Section 4205.1 of the Civil Code, which shall be paid into the county treasury.

CHAPTER 975

An act relating to planning.

[Approved by Governor September 20, 1974 Filed with Secretary of State September 20, 1974]

The people of the State of California do enact as follows:

SECTION 1. In order to improve its capability to effectively carry out the functions specified in Section 65101 of the Government Code, the legislative body of the County of Sacramento may, by ordinance, establish two planning commissions. One commission may concern itself with preparation, maintenance and amendment of the general plan, preparation and maintenance of neighborhood, specific and area plans, review of environmental impact reports, capital improvement programming and other matters related to long-range planning and development policy. The second commission may concern itself with administration of zoning, and other matters related to short-range planning and programming.

In establishing two planning commissions as provided herein, the legislative body of the county shall adopt procedures to ensure effective coordination between the two commissions and any area planning commissions or planning advisory councils established within its jurisdiction.

SEC. 2. Section 1 of this act shall remain in effect only until January 1, 1979, and as of such date is repealed.

CHAPTER 976

[Approved by Governor September 20, 1974 Filed with Secretary of State September 20, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 10753 of the Education Code is amended to read:

10753. (a) When grades are given for any course of instruction taught in the public schools, the grade given to each pupil shall be the grade determined by the teacher of the course and the determination of the pupil's grade by the teacher, in the absence of mistake, fraud, bad faith, or incompetency, shall be final.

(b) No grade of a pupil participating in a physical education class, however, may be adversely affected due to the fact that the pupil does not wear standardized physical education apparel where the failure to wear such apparel arises from circumstances beyond the control of the pupil.

CHAPTER 977

An act to amend Section 15809 of the Education Code, relating to school property, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1974 Filed with Secretary of State September 20, 1974]

The people of the State of California do enact as follows:

SECTION 1. Each year school districts are called upon to expend enormous sums of money to replace or repair school property which has been damaged or destroyed by vandalism. Often, the educational programs of public schools are disrupted due to such losses of property. School districts seldom have the funds to employ round-the-clock watchmen to protect school property. It is the intent of the Legislature, in enacting this measure, to enable school districts to obtain such services for relatively low cost.

SEC. 2. Section 15809 of the Education Code is amended to read:

15809. (a) The governing board of any school district may construct, lease, or purchase buildings for housing employees of the district, and may equip and maintain the buildings. The employees of the district may pay rent for the use of the buildings, or the rental value of the buildings used by them may be taken into account in fixing their compensation.

(b) The governing board of a school district may provide on school property a mobilehome site, including all necessary appurtenances and fixtures and payment of the cost of utilities, insurance, and necessary services, for the purpose of housing a person or persons employed by the district as a watchman or caretaker of school property on a 24-hour basis..

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that school districts may take the steps authorized by this act to protect school property during the 1974–75 school year, it is necessary that this act take effect immediately.

CHAPTER 978

An act to add Section 50903 to, and to add Chapter 2.5 (commencing with Section 52400) to Part 8 of Division 15 of, the Water Code, relating to reclamation districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1974 Filed with Secretary of State September 20, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 50903 is added to the Water Code, to read:

50903. A district of less than 100 acres and situated adjacent to the Stockton Ship Channel may acquire, construct, operate, maintain, repair, and improve lands, works, and facilities for the collection, treatment, and disposal of sewage and waste; herein called sanitation, and perform all matters germane thereto; provided, that no district may exercise any of the powers conferred by this section unless a petition approving the exercise of such powers is signed by a majority of the voters within the district and submitted to the district. In such event, it shall cause to be prepared and approved a plan therefor and prepare an estimate of the costs thereof, and may modify, change, or adopt a new, supplemental, or additional plan and estimate. The plan and estimate may include properties, works, and facilities already existing, or in the course of acquisition or construction, and payments therefor may be made to the landowner owning same, or to his legal representative. Such plan shall be reported and may be financed in the same manner as a plan for reclamation of district lands pursuant to this division.

Because of the recreational uses being made of the smaller islands in the vicinity of the improved Stockton Ship Channel, in order to protect the quality of the water, the Legislature finds and declares that it is necessary that reclamation districts of less than 100 acres and situated adjacent to the Stockton Ship Channel be able to exercise sanitation powers. Such circumstances are not generally applicable to reclamation districts. It is therefore declared that a general law cannot be made applicable and that the enactment of this section as special legislation applicable only to such districts is necessary.

SEC. 2. Chapter 2.5 (commencing with Section 52400) is added to Part 8 of Division 15 of the Water Code, to read:

CHAPTER 2.5. REVENUE BONDS

52400. As an alternate to any other method of financing available to it, a district may, by resolution or indenture, create a special indebtedness evidenced by revenue bonds to finance the costs of carrying out a plan for any works, singly or as a whole.

52401. The proceedings for the issuance of revenue bonds shall be had, the district shall have the powers and duties, and the

bondholders shall have the rights and remedies, all in substantial accordance with and with like legal effect as provided in the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300), Part 1, Division 2, Title 5 of the Government Code); provided, however, that when such proceedings are requested by the affirmative action of a majority or more of the voters in the district, no election shall be had, nor shall such action be subject to referendum.

52402. A district may, by resolution or indenture, prescribe and revise charges for the services of its properties, works, and facilities, singly or as a whole, or for the providing of such properties, works, or facilities, or for their availability, including minimum and standby charges.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The lands within certain reclamation districts are in need of immediate reclamation and sanitation to avoid and prevent further overflow by water, and to effectuate the purposes of such districts and to protect the lands therein, it is necessary that the provisions of this act go into immediate effect.

CHAPTER 979

An act to amend Sections 11554 and 11604 of, and to add Section 11560.5 to, the Elections Code, relating to elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1974 Filed with Secretary of State September 20, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 11554 of the Elections Code is amended to read:

11554. Copies of each campaign statement shall be filed as follows:

(a) Campaign statements of candidates and persons holding statewide office, of committees supporting such candidates, of state central committees of political parties, and of committees supporting or opposing statewide measures—one original and one copy with the Secretary of State, two copies with the Registrar-Recorder of Los Angeles County, and two copies with Registrar of the City and County of San Francisco.

(b) (1) Campaign statements for candidates and persons holding office of superior court judge, Member of the State Legislature, and member of the Board of Equalization—one original and one copy

with the Secretary of State, and two copies with the clerk of the largest county by population which in whole or in part is included in the election district which the officeholder represents or in which the candidates seeks nomination or election, and two copies with the clerk of the county in which the candidate resides. No more than two copies of each such statement need be filed with the clerk of any one county.

(2) Campaign statements for committees supporting candidates and persons holding offices listed in paragraph (1)—one original and one copy with the Secretary of State, two copies with the clerk of the largest county by population which in whole or in part is included in the election district which the officeholder represents or in which the candidate or any of the or candidates seek nomination or election, and two copies with the clerk of the county in which the committee is domiciled, provided that a committee not domiciled in California shall file two copies with the Registrar-Recorder of Los Angeles County instead of its county of domicile. No more than two copies of each such statement need be filed with the clerk of any one county. For purposes of this act, the domicile of a committee is the address of the committee listed on the campaign statement.

(c) Campaign statements of candidates and persons holding any elective office not mentioned above which is voted upon in more than one county, of committees supporting such candidates, and of committees supporting or opposing measures to be voted upon in more than one county but not statewide—one original and one copy with the clerk of the county having the largest population, and two copies with the clerk of each additional county wholly or partially included in the election district in which the candidate seeks nomination or election or in which the measure is voted upon.

(d) Campaign statements of candidates and persons holding office not mentioned above, or committees supporting such candidates, and of committees supporting or opposing measures to be voted upon in not more than one county—one original and one copy with the county clerk and, if the candidates or measures are to be voted upon within a single city, two copies with the clerk of that city.

(e) Campaign statements of the county central committees of political parties—one original and one copy with the Secretary of State and two copies with the county clerk.

SEC. 2. Section 11560.5 is added to the Elections Code, to read:

11560.5. Notwithstanding the provisions of Section 11550, a candidate for county central committee shall file a campaign statement within 38 days following the election and shall not be required to file any additional campaign statement, unless he has received contributions for that election in which case he shall observe the requirements of Section 11550.

This section is not applicable to a committee supporting or opposing one or more candidates for county central committee, and each such committee shall observe the requirements of Section 11550.

SEC. 3. Section 11604 of the Elections Code is amended to read:

11604. (a) If any person files an original campaign statement after any deadline imposed by this chapter he shall, in addition to any other penalties or remedies established by this chapter, be liable in the amount of ten dollars ($10) per day after the deadline until the statement is filed, to the officer with whom the statement is required to be filed. Liability need not be enforced by the filing officer if on an impartial basis he determines that the late filing was not willful and that enforcement of the liability will not further the purposes of the act, except that no liability shall be waived if a campaign statement is not filed within five days after the filing officer has sent specific notice of the filing requirement.

(b) If any person files a copy of a campaign statement after any deadline imposed by this chapter, he shall, in addition to any other penalties or remedies established by this chapter, be liable in the amount of ten dollars ($10) per day, starting five days after the filing officer has sent specific notice of the filing requirement and until the statement is filed.

(c) The officer shall deposit any funds received under this section into the general fund of the state, county, or city of which he is an officer. No liability under this section shall exceed the cumulative total amount of receipts stated in the late campaign statement, or fifty dollars ($50), whichever is greater.

SEC. 4. The Legislature finds and declares that the amendments to Section 11604 of the Elections Code contained in this act which make the imposition of the fine by filing officers discretionary rather than mandatory are declaratory of the legislative intent in enacting Chapter 1186 of the Statutes of 1973. The Legislature further finds and declares that it is necessary to impose a fine for late filing of copies after reasonable notice is given to the late filer because Section 11604 hitherto imposed no fine for the filing of late copies and some sanction is necessary to encourage prompt filings of copies.

SEC. 5. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for this act to apply to campaign statements filed in connection with the November 1974 general election, it is necessary that this act go into immediate effect at the earliest possible time.

CHAPTER 980

An act to amend Sections 17014 and 18001 of the Revenue and Taxation Code, and to amend Sections 316 and 316.2 of Chapter 1 of the Statutes of 1971 (First Extraordinary Session), relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 20, 1974 Filed with Secretary of State September 20, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 17014 of the Revenue and Taxation Code is amended to read:

17014. (a) "Resident" includes:

(1) Every individual who is in this state for other than a temporary or transitory purpose.

(2) Every individual domiciled in this state who is outside the state for a temporary or transitory purpose.

(b) Any individual (and spouse) who is domiciled in this state shall be considered outside this state for a temporary or transitory purpose while such individual:

(1) Holds an elective office of the government of the United States, or

(2) Is employed on the staff of an elective officer in the legislative branch of the government of the United States as described in paragraph (1), or

(3) Holds an appointive office in the executive branch of the government of the United States (other than the armed forces of the United States or career appointees in the United States Foreign Service) if the appointment to such office was by the President of the United States and subject to confirmation by the Senate of the United States and whose tenure of office is at the pleasure of the President of the United States.

(c) Any individual who is a resident of this state continues to be a resident even though temporarily absent from the state.

SEC. 2. Section 18001 of the Revenue and Taxation Code is amended to read:

18001. Subject to the following conditions, residents shall be allowed a credit against the taxes imposed by this part for net income taxes imposed by and paid to another state on income taxable under this part:

(a) The credit shall be allowed only for taxes paid to the other state on income derived from sources within that state which is taxable under its laws irrespective of the residence or domicile of the recipient.

This subdivision shall not apply to residents to whom subdivision (b) of Section 17014 applies.

(b) The credit shall not be allowed if the other state allows residents of this state a credit against the taxes imposed by that state

for taxes paid or payable under this part.

(c) The credit shall not exceed such proportion of the tax payable under this part as the income subject to tax in the other state and also taxable under this part bears to the taxpayer's entire income upon which the tax is imposed by this part.

(d) No credit shall be allowed under this section for any tax imposed by Section 17062.

SEC. 3. Section 316 of Chapter 1 of the Statutes of 1971 (First Extraordinary Session) is amended to read:

Sec. 316. Notwithstanding any other provision of law to the contrary, except for the special tax credit provided for in Section 17 of this act, the one-time nonrecurring revenue in the amount of one hundred fifty million dollars ($150,000,000) produced by the enactment of withholding and quarterly estimates of state personal income taxes shall be used for the following purposes and shall be allocated in the following manner:

(a) Eighty million dollars ($80,000,000) shall be allocated to the Capital Outlay Fund for Public Higher Education for the capital construction programs of the University of California, the California State Colleges, and the community colleges.

(b) Forty million dollars ($40,000,000) shall be allocated to the Bagley Conservation Fund, which is hereby created, for beach, park, and land acquisition programs, including wildlife areas, and coastline planning and development of recreational facilities which do not require continuous funding and are of a one-time nonrecurring nature, including within this figure five million dollars ($5,000,000) for miscellaneous capital outlay construction.

(c) Thirty million dollars ($30,000,000) shall be allocated to the School Building Safety Fund, which is hereby created, for replacement and repair of local school district buildings for compliance with Field Act requirements. Moneys in this fund may be used for the purposes of Article 9 (commencing with Section 19700.51) of Chapter 10 of Division 14 of the Education Code.

It is the intent of the Legislature that the amounts specified in the above subdivisions shall be subject to continuous expenditure without regard to fiscal years on the basis of need when appropriated by the Legislature.

The Department of Finance shall in the annual budget submitted to the Legislature recommend capital outlay program expenditures pursuant to the above subdivisions. Any funds appropriated by the Budget Act of 1971 contained in Chapter 266 of the Statutes of the 1971 Regular Session of the Legislature, such as Item 304.1, shall be allocated prior to the end of the 1971–1972 fiscal year.

SEC. 4. Section 316.2 of Chapter 1 of the Statutes of 1971 (First Extraordinary Session) is amended to read:

Sec. 316.2. (a) On or before December 1, 1974, the Legislative Analyst shall determine and certify to the State Board of Equalization whether or not, based on his estimates, a total amount of one hundred fifty million dollars ($150,000,000) has been

appropriated for the capital outlay projects specified in this act for the total four-year fiscal period of fiscal years 1971–1972, 1972–1973, 1973–1974, and 1974–1975 from the General Fund in excess of the amount which would have normally been committed to capital outlay from the General Fund during such fiscal years.

(b) For the purposes of this section, the amount which would have normally been committed to capital outlay from the General Fund and the Capital Outlay Fund for Public Higher Education during such fiscal years shall be deemed to be a total of seventy-five million dollars ($75,000,000) for the 1971–1972 to 1974–1975 fiscal years, inclusive.

(c) If the Legislative Analyst certifies to the State Board of Equalization that the amount specified in subdivision (a) has been appropriated for the purposes specified in this act, Sections 7.5 and 8 of this act shall not become operative.

SEC. 5. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect; and Section 1 of this act shall be applied in the computation of taxes for taxable years beginning after December 31, 1973.

CHAPTER 981

An act to amend Section 20456 of the Education Code, relating to county superintendents of schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 20456 of the Education Code is amended to read:

20456. (a) The county superintendent shall have a maximum tax rate available for the operation, maintenance and housing of the county office and for any ongoing program, not included in any previous section of this article.

(b) For fiscally independent county superintendent offices, the maximum allowable tax rate shall be the rate levied for these purposes in 1971–72 or 1972–73, whichever is higher, minus that portion of the rate levied for capital outlay and juvenile hall purposes. This maximum rate may be exceeded in the amount and under the terms specified in Section 2266 of the Revenue and Taxation Code.

(c) For county superintendent offices which become fiscally independent on or after July 1, 1974, the maximum allowable tax rate shall be that rate which was levied or could have been levied in the preceding fiscal year pursuant to subdivision (d) of this section. This

maximum rate may be exceeded in the amount and under the terms specified in Section 2266 of the Revenue and Taxation Code.

(d) For fiscally nonindependent county superintendent offices, the maximum allowable tax rate shall be computed by determining the amount of expenditures for the county superintendent of schools' office, exclusive of capital outlay expenditures and expenditures for juvenile hall purposes, in 1971–72 and 1972–73 which were funded from property tax revenues attributable to the county general fund. The amount for each year shall be converted to a tax rate equivalent for that year by dividing each amount by the assessed value of the county in that year and multiplying the quotient by 100; the higher of the two resulting tax rate equivalents shall be the maximum allowable tax rate. This maximum rate may be exceeded in the manner and under the terms specified in Section 2266 of the Revenue and Taxation Code.

(e) The maximum allowable tax rate described in this section is not intended to prohibit a county from augmenting the budget of the county superintendent of schools offices from general county funds. If the budget of the county superintendent of schools, as set by the county, does not require the full amount of the maximum allowable rate, the difference between the maximum rate and the actual rate required shall not be levied and shall not be available for any other county purpose.

(f) The maximum allowable tax rates described in this section may be increased by a majority vote of those voting on a proposition relating to such increase. Such a proposition may be voted on only in conjunction with a general countywide election.

In order to permit this act to be operative at the beginning of the 1974–75 fiscal year, and so facilitate the orderly administration of this act, it is necessary that this act take effect immediately.

There shall be no liability on the part of, and no cause of action shall arise against, any insurer or authorized representative, or its licensed investigative sources, for any statements made by them in a written notice required to be given pursuant to this section. If the insurer fails to comply with the provisions of this section, the insured may apply to the commissioner for a certificate of the facts or information desired. Any such request shall be made in accordance with Article 3 (commencing with Section 12950) of Chapter 2 of Division 3, and the commissioner shall exercise any power conferred upon him by that article as may be necessary to ensure compliance with this section.

SEC. 5. Section 660 of the Insurance Code is amended to read:

(2) Any other four-wheel motor vehicle with a load capacity of 1,500 pounds or less which is not used in the occupation, profession, or business of the insured; provided, however, that this chapter shall not apply (i) to any policy issued under an automobile assigned risk plan, or (ii) to any policy insuring more than four automobiles, or (iii) to any policy covering garage, automobile sales agency, repair shop, service station, or public parking place operation hazards; or

(d) "Automobile collision coverage" includes all coverage of loss or damage to an automobile insured under the policy resulting from collision or upset.

(e) "Renewal" or "to renew" means to continue coverage for an

additional policy period upon expiration of the current policy period of a policy. Any policy with a policy period or term of six months or less, whether or not made continuous for successive terms upon the payment of additional premiums, shall for the purpose of this chapter be considered as if written for a policy period or term of six months. Any policy written for a term longer than one year, or any policy with no fixed expiration date, shall for the purpose of this chapter, be considered as if written for successive policy periods or terms of one year.

(f) "Nonpayment of premium" means failure of the named insured to discharge when due any of his obligations in connection with the payment of premiums on a policy, or any installment of such premium, whether the premium is payable directly to the insurer or its agent or indirectly under any premium finance plan or extension of credit.

SEC. 6. Section 663 of the Insurance Code is repealed.

SEC. 7. Section 663 is added to the Insurance Code, to read:

663. An insurer shall offer renewal of a policy, contingent upon payment of premium as stated in the offer, to an insured unless the insurer mails or delivers to the named insured, at the address shown in the policy, at least 20 days advance notice of nonrenewal. Such notice shall contain or be accompanied by a statement that upon written request by the named insured, made not later than one month following the expiration of the policy period, or delivered to the insurer, the insurer will notify the insured in writing, within 20 days of his request, the reason or reasons for such nonrenewal. Notwithstanding the failure of an insurer to comply with this section, the policy shall terminate on the effective date of any other replacement or succeeding automobile insurance policy procured by the insured, or his agent or broker, with respect to any automobile designated in both policies. The insurer shall not be required to notify the named insured, or any other insured, of nonrenewal of the policy if the insurer has mailed or delivered a notice of expiration or cancellation, on or prior to the 20th day preceding expiration of the policy period.

SEC. 8. Section 668.5 of the Insurance Code is amended to read:

insurer to the named insured not later than the 59th day following its effective date and at least 10 days prior to the effective date of cancellation.

SEC. 9. The provisions of this act shall apply only to those policies of automobile insurance specified in this act which are issued, amended, or renewed on or after the effective date of this act.

[Approved by Governor September 23, 1974. Filed with Secretary of State September 23, 1974]

SEC. 5. Section 14258 is added to the Welfare and Institutions Code, to read:

14258. "Service area" means a geographical area designated by the department within which a prepaid health plan shall provide health care services and within which the Medi-Cal beneficiaries eligible for enrollment in the prepaid health plan reside.

14262. In providing benefits under this chapter through prepaid health plans, the department may contract with one or more carriers whereby the carrier provides a program underwriting the risk involved. For the purpose of establishing a prepaid health plan, any carrier as defined in Section 14261 shall be deemed capable of providing, arranging, paying, or reimbursing the cost of health care services as defined in Section 14053.

SEC. 9. Section 14263 is added to the Welfare and Institutions Code, to read:

14263. "Marketing" means any presentation conducted by or on behalf of a prepaid health plan where information regarding the services offered by a prepaid health plan is disseminated in order to persuade Medi-Cal beneficiaries to enroll or accept any application for enrollment in the prepaid health plan. Marketing shall also include any similar presentation made to any individual or

organization to procure the endorsement of the prepaid health plan.

SEC. 12. Article 3 (commencing with Section 14300) is added to Chapter 8 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 3. Administration

14300. The department, or the Health Care Commission upon request of the department, shall conduct a public hearing at least 30 days prior to the execution of an initial contract with a prepaid health plan and within 60 days prior to the renewal of a prepaid health plan contract to hear and receive evidence on the ability of the prepaid health plan to fulfill its responsibilities under the contract. The hearing shall be conducted in the county within which the prepaid health plan is located, or in the case of a prepaid health plan situated in more than one county, in the county where the largest number of Medi-Cal beneficiaries are enrolled in the plan.

Notice of the time, date, and place of the hearing shall be mailed to the following:

(a) The prepaid health plan applying for the contract or contract renewal.

(b) Medi-Cal beneficiaries enrolled in the prepaid health plan subject to the hearing.

(c) Any interested party who requests notification of public hearings conducted pursuant to this section.

The department shall make a finding of fact as to the ability of the prepaid health plan to comply with its previous and proposed contract obligations.

No contract shall be renewed unless the department makes a finding based upon the evidence presented at the public hearing that the prepaid health plan has fully complied with its contract obligations.

14301. The department shall determine, by actuarial methods, a prospective per capita rate of payment for services provided under this chapter for Medi-Cal beneficiaries enrolled in a prepaid health plan. The rate of payment shall be determined annually and shall not

exceed the amount which the department estimates (with appropriate adjustments to assure actuarial equivalence) would be payable for services covered under the prepaid health plan contract if such services were to be furnished by other than a prepaid health plan. The per capita amounts determined shall be based on sound actuarial data and be recognized to vary among the categories of aid to families with dependent children, aid to the totally disabled, aid to the blind, old age security, or other categories as may be determined eligible or by the director. The director shall adopt all necessary rules and regulations providing for the payment of services rendered under this program on the basis of a total monthly payment for each enrolled recipient. The contract shall provide the specific sums which the state shall pay the prepaid health plan each month for each beneficiary enrolled in the prepaid health plan.

14302. Except as provided in Section 14310, the duration of initial contracts entered into pursuant to this chapter shall be for a maximum of one year and of renewed contracts for a maximum of two years, except that the one-year maximum shall not apply to any contractor where that contractor has another prepaid health plan in a different geographical area of the state.

14303. No contract between the department and the prepaid health plan shall be amended without the public hearing as required in Section 14300 if such amendments make any of the following changes in the contract:

(a) Reduction in the scope or availability of services.

(b) Enlargement of the service area.

(c) Increase in the maximum enrollment permitted under the contract.

14304. The director shall terminate a contract with a prepaid health plan if he finds that the standards prescribed in this chapter, the regulations, or the contract are not being complied with, that claims accrued or to accrue have nor or will not be recompensed, or for other good cause shown. The director shall give reasonable notice of his intention to terminate the contract to the prepaid health plan, to Medi-Cal beneficiaries enrolled in the plan, and others who may be directly interested, including such other persons and organizations as the director may deem necessary. The notice shall state the effective date of, and the reason for, the termination.

14304.5. The prepaid health plan shall provide directly or through subcontractors, not less than the basic scope of health care benefits as defined in Section 14256. The director shall establish the scope and duration of such services and may require other services listed in Section 14053 be provided on a risk or nonrisk basis. The director shall encourage the prepaid health plan to provide all of the services enumerated in Section 14053 on a prepaid basis.

Subject to prior approval by the director, any additional services other than those listed in Section 14053 may be provided at reasonable cost to Medi-Cal enrollees, provided the enrollees are notified of services for which they will be charged and the amount

of the charge prior to rendering such services.

14305. The department may limit the scope of health care benefits provided by a prepaid health plan under this chapter to exclude the care of illness or injury which results from or is greatly aggravated by, a catastrophic occurrence, including, but not limited to, an act of war, declared or undeclared, and which occurs subsequent to enrollment in the prepaid health plan.

14306. Contracts entered into pursuant to this chapter shall be awarded on a nonbid basis.

14307. In the consideration of proposals for contracts with prepaid health plans under this chapter, the department shall for comparative purposes, deduct from the total cost proposed by the prepaid health plan the amount of tax which the prepaid health plan would be required to pay under Part 7 (commencing with Section 12001) of Division 2 of the Revenue and Taxation Code computed on the basis of the net rate of tax, after deductions, which would have applied to such carrier for the preceding calendar year, had the amount of anticipated premium under the proposed contract been added to its taxable premiums for such year.

14308. Each prepaid health plan shall furnish to the director such information and reports as the director may find necessary in performing his functions under this chapter. Such information and reports shall include, but shall not be limited to, statistical information regarding utilization of services, age and sex, specific mortality and morbidity rates, services supplied, manpower resources and costs of health care and administration, compiled from a basic data system, as the department may require. The department shall annually conduct a survey of beneficiaries to determine their satisfaction with the services provided by the prepaid health plan. The prepaid health plan and the department shall maintain such records and afford access thereto, to verify the information and reports which may be required under this section.

14309. The Health Care Commission shall provide for a continuing study of the quality of care and services resulting from the operation of this chapter and for surveys and reports on prepaid health plans. With respect to such plans contracted for under this chapter, the commission may contract with professional organizations for studies and reports of the experience of such plans as to the standards of care available to eligible persons, gross and net costs, administrative costs, benefits, utilization of benefits, the portion of actual personal expenditures of eligible persons for health care which are being met by prepaid benefits, and the methods of evaluating and improving the quality of, and controlling the costs of, health care provided under such contracts; provided, however, that this section shall not be construed to require any plan to provide accounting data or statistical data not required in the normal operation of the plan.

14310. In providing benefits under this chapter, the department may contract with carriers or other organizations to establish pilot

programs, each of which may be set up to exist for a period of time, not to exceed four years, which shall be sufficient to demonstrate the value or lack thereof of such a program, as determined by the director, in delivering health care services in an efficient or effective manner. Such programs shall demonstrate different methods of providing health care services and shall emphasize methods of utilization, review and preventive care, and shall provide incentives for using the most economical level of care. Such programs may provide benefits on the basis of class of recipient, class of benefit, geographical area, or any other reasonable classification. In entering into contracts under this subdivision, the department may provide that the extent of benefit coverage may be limited to a fixed number of days, or amount, or duration of services. The contract may provide that the carrier or other organization shall continue to administer benefits provided beyond the applicable limitation. Any contracts entered pursuant to this chapter shall not interfere with or conflict with pilot programs established pursuant to this section.

The director shall submit to the Legislature a written progress report regarding any actions taken pursuant to this section no later than the fifth legislative day of each year.

In addition, the director shall establish a pilot program to compare patient treatment profiles and prior authorization as controls of overutilization. It is the intent of the Legislature that the most cost-effective system shall be established on a statewide basis. The director shall report to the Legislature the results of this project within six months of its initiation, and shall submit a final report to the Legislature within three months of its completion. Nothing contained in this paragraph shall be construed to prevent the Department of Health from contracting with carriers for the establishment of prepaid health plans in the same area as pilot programs.

14311. Prepaid health plans and pilot programs established pursuant to Section 14310, the services they provide and the persons receiving such services shall not be subject to the limitations on services set forth in Section 14132, or the provisions of subdivision (c), (d), (e), and (f) of Section 14120, or the fifth paragraph of Section 14105.

14312. The director shall, with the advice of the Health Care Commission, adopt all necessary rules and regulations to carry out the provisions of this chapter. In adopting such rules and regulations, the director shall be guided by the needs of eligible persons as well as prevailing practices in the delivery of health care.

14313. The department shall submit an annual report prior to January 31 of each year to the Legislature on (a) the contracts entered into pursuant to this chapter, including the physician-patient ratio used, customer satisfaction and dissatisfaction, the experience with regard to quality, utilization, and cost of for-profit as compared with not-for-profit prepaid health plans, and (b) violations of the provisions of Sections 14407 and 14409

and action taken by the department pursuant to such section.

SEC. 13. Article 4 (commencing with Section 14400) is added to Chapter 8 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 4. Enrollment and Disenrollment

14400. Every prepaid health plan shall have an open enrollment period at least once every year. During the open enrollment period the plan shall accept up to the limit of its capacity or the limit of its contract, without restrictions, except restrictions which may be required by the director, individuals who are eligible to enroll in such plans. Eligible enrollees shall be accepted in the order in which they apply for enrollment.

14401. No Medi-Cal beneficiary shall be enrolled in a prepaid health plan prior to the time a contract under this chapter is signed by the department and such prepaid health plan is approved by the appropriate state agencies.

14402. The prepaid health plan shall enroll only those Medi-Cal beneficiaries who reside within the contract service area. The department shall prescribe a standard application form that is readily understandable to enrollees. A beneficiary shall be enrolled in the prepaid health plan when the beneficiary voluntarily signs the enrollment application agreeing to utilize the health services provided by the prepaid plan and his eligibility is verified by validation of the application by the department.

14403. No Medi-Cal beneficiary shall be enrolled in more than one prepaid health plan at any time.

14404. In order to enable Medi-Cal beneficiaries to fully use the system of their choice, the director shall make available to Medi-Cal beneficiaries information prepared by the department summarizing the benefits and restrictions to beneficiaries enrolled in prepaid health plans as opposed to the fee-for-service system. The department shall prescribe the format for providing the information required pursuant to this section.

14405. The director shall make available such information as is necessary in order to enable Medi-Cal beneficiaries to exercise an informed choice among the various prepaid health plans which have been contracted for under this chapter. For this purpose each prepaid health plan shall provide written information to the director for distribution to all prospective enrollees in the service area. Such information shall include the following:

(a) A description of all services and benefits provided by the prepaid health plan.

(b) The location of facilities where benefits and services are provided.

(c) The hours and days when services are available at each of the facilities.

(d) The names and addresses of each physician providing medical

services to enrollees of the prepaid health plan and a description of each physician's specialty, if any.

(e) The names and addresses of each hospital providing medical services to the enrollees.

(f) Names and addresses of each pharmacy providing pharmaceutical services to the enrollees.

(g) Public and emergency transportation arrangements offered by the prepaid health plan.

(h) Any other information as the department may require.

14406. (a) Within seven days after the effective date of enrollment, the prepaid health plan shall provide in writing the following information to a new enrollee:

(1) An appropriate document authorizing the services or benefits to which that person is entitled under the plan.

(2) A description of all services and benefits provided by the plan.

(3) An explanation of the procedure for obtaining these services and benefits, including the address and telephone number of each physician, dentist, optometrist, hospital, pharmacy, and other facilities where the basic scope of health care benefits may be obtained. In addition, the explanation shall state the hours and days which each of these facilities are open and the services and benefits available.

(4) The location, telephone number, and procedure for securing 24-hour emergency care and an explanation of out-of-area emergency coverage.

(5) Information setting forth the term of enrollment in the prepaid health plan including the causes for which an enrollee shall lose eligibility.

(6) The procedure for processing and resolving any grievance by enrollees. Such information shall include the name, address, and telephone number of the person responsible for resolving grievances or initiating a grievance procedure.

(7) The procedure by which enrollees may request disenrollment.

(8) Any other information essential to the use of the prepaid health plan as may be required by the department.

(b) The information made available under this section shall be revised and distributed annually to each enrollee and whenever there are changes in the services provided or the location where they may be obtained. Such information shall be provided at least 14 days prior to such a change.

14407. Except as provided in subdivision (d) of Section 14460, enrollment in a prepaid health plan shall be voluntary and a prepaid health plan shall not use false advertising or false statements to induce enrollment. No solicitation of enrollees shall include the granting or offering of any monetary or other valuable consideration for enrollment.

14408. Notwithstanding the provisions of Section 14118, and except as otherwise prohibited by law, a prepaid health plan which has entered into a contract with the department pursuant to this

chapter may make the benefits known to potential enrollees by methods approved by the department.

No prepaid health plan or marketing organization shall engage in marketing activities prior to written approval by the department. All marketing materials and procedures shall be approved by the department prior to being used by a prepaid health plan or marketing organization. The prepaid health plan shall be responsible for all presentations by their official representatives and for their ethical and professional conduct. All printed or illustrated material prepared by the prepaid health plan for dissemination to enrollees or to prospective enrollees shall be submitted to the department prior to such dissemination. The department shall acknowledge receipt of the printed or illustrated material within five days, and shall approve or disapprove such material for dissemination within 60 days after the date of notification that the material has been received. Where the department notifies the prepaid health plan of its disapproval, the prepaid health plan shall have the right to meet and confer with the director or his designee and demonstrate the purpose and reasonable basis for the distribution of such material to enrollees and potential enrollees.

14409. (a) No prepaid health plan, marketing representative, or marketing organization shall in any manner misrepresent themselves, the plans they represent or the Medi-Cal program. Violations of this section shall include, but are not limited to:

(1) Claims that marketing representatives are employees or representatives of the state, county, or anyone other than the prepaid health plan or the marketing organization by whom they are reimbursed.

(2) Claims that the prepaid health plan is recommended or endorsed by any state or county agency, except where the prepaid health plan is operated by a county agency, or any other organization which has not certified its endorsement in writing to the prepaid health plan, or that the state or county recommends that a Medi-Cal beneficiary enroll in a prepaid health plan.

(3) Claims that a Medi-Cal beneficiary will lose his benefits under the Medi-Cal program if he or she does not enroll in a prepaid health plan.

(b) Violations of any provisions of this section or Section 14407 or regulations adopted by the department pursuant to such sections shall result in one or more of the following:

(1) Revocation of one or more permitted methods of marketing.

(2) Refusal of the department to accept new enrollments for a period specified by the department.

(3) Forfeiture by the plan of all or part of the capitation payments for persons enrolled, and who subsequently request disenrollment, as a result of such violations.

(4) Termination of the contract as provided in Section 14304.

14410. No prepaid health plan or marketing representative shall adopt or utilize any procedure to identify prospective enrollees with

medical or psychiatric problems in order to exclude them from enrollment in the prepaid health plan, other than medical conditions specifically excluded from coverage by the contract.

14411. No prepaid health plan or marketing organization shall solicit prospective enrollees on state or county premises for benefits or services available pursuant to this chapter.

14412. (a) The enrollment of a Medi-Cal beneficiary in the prepaid health plan shall not be terminated except for loss of eligibility or for good cause, as determined by the department.

(b) Enrollment may be terminated at the request of the Medi-Cal beneficiary subject to approval by the department. Approval shall be mandatory under the following circumstances:

(1) The beneficiary was enrolled in violation of this article or regulations promulgated by the department pursuant to this article.

(2) The end of one-year period of the contract of enrollment.

(3) Request for disenrollment pursuant to subdivision (d) of Section 14460.

14413. Requests of enrollees for termination of enrollment shall be made to an authorized representative of the prepaid health plan or to the department. All applications for termination of enrollment shall be processed within 45 days. A Medi-Cal beneficiary who has requested termination of enrollment shall be notified of the decision within five days of the date of the decision by the department. If the beneficiary's request for termination is granted, he or she shall be notified by the department of the decision and shall be issued a temporary Medi-Cal card until such time as a monthly Medi-Cal card may be issued.

SEC. 14. Article 5 (commencing with Section 14450) is added to Chapter 8 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 5. Standards for Prepaid Health Plans

14450. No contract between the department and a prepaid health plan shall be approved or renewed unless the providers and the facilities of the prepaid health plan meet the Medi-Cal program standards for participation as established by the director. In addition, a prepaid health plan shall meet the following requirements:

(a) Laboratory services shall be provided only in laboratories which are approved by the department, except such laboratories which are exempt from such approval under Section 1241 of the Business and Professions Code, and which participate in a performance testing program approved by the department, or meet the conditions of participation under Title 18 of the Social Security Act.

(b) All institutions including, but not limited to, clinics, hospitals, and skilled nursing facilities, shall be licensed by the department, if such licensure is required by law. When appropriate, all medical personnel of the prepaid health plan shall be licensed by their

respective licensing boards.

(c) The prepaid health plan shall demonstrate to the department that it has adequate financial resources, physical facilities, administrative abilities, and soundness of program design, to carry out its contractual obligations. For the purpose of this section, "adequate financial resources," as determined by the department, shall not be less than the minimum tangible net equity required of health care service plans pursuant to Section 12539 of the Government Code.

(d) The prepaid health plan shall provide not fewer than five physicians who represent the following specialities of medicine: pediatrics, internal medicine, general surgery, and obstetrics-gynecology; provided, however, the department may determine that in given communities that it is not feasible or medically appropriate to provide all of these specialities. Such determination shall be specifically stated in the contract between the prepaid health plan and the department.

(e) The prepaid health plan shall not enroll more than 1,600 persons per full-time equivalent primary care physician and 1,200 persons per full-time equivalent physician. Such ratios may be adjusted by the department as appropriate to the medical needs of the Medi-Cal population proposed to be served by the plan or if appropriate utilization is made of allied health manpower. Such adjustment shall be specifically stated in the contract between the prepaid health plan and the department.

Each contract entered into by the department shall include identification of all primary care physicians, and all other physicians by their speciality designation. The prepaid health plan shall provide to the department the numbers, qualifications, and responsibilities of all personnel providing health care services.

No enrollment shall be permitted on the basis of part-time primary care physicians except for medical care foundations, or hospital or health care service plans which have an enrollment of 25,000 or more, 50 percent of which are non-Medi-Cal recipients, and who have a board of directors upon which at least one-third of its members are consumers.

(f) The prepaid health plan shall furnish services in such a manner as to provide continuity of care and, when services are furnished by different providers, referral of patients to such services at such times as may be medically appropriate.

(g) A primary care physician shall be made available to each enrollee to supervise and coordinate the delivery of health care to the enrollee. If the enrollee becomes dissatisfied with his chosen primary care physician, the enrollee shall be able to choose another primary care physician.

(h) All services shall be readily available at reasonable times to all enrollees. To the maximum extent feasible, the prepaid health plan shall make all services readily accessible to all enrollees by decentralizing the services to be provided or by providing

transportation to the prepaid health plan facilities if adequate public transportation is not available.

(i) The prepaid health plan shall employ allied health personnel for furnishing of services to the extent that it is reasonable and consistent with good medical practice.

(j) A prepaid health plan servicing a substantial patient population of a particular racial or ethnic group, or whose primary language is other than English, shall, to the extent feasible, employ staff of that respective racial, ethnic, or linguistic group in sufficient numbers in the prepaid health plan to service the enrollees at all times.

(k) The prepaid health plan shall have the organizational and administrative capacity to provide services under the provisions of this chapter. The prepaid health plan shall demonstrate to the department that medical decisions are rendered by qualified medical personnel, unhindered by fiscal or administrative management.

(*l*) Each prepaid health plan shall establish a grievance procedure under which enrollees may submit their grievances. Such procedure shall be approved by the department prior to the approval of the contract. The department shall establish standards for such procedures to insure adequate consideration and rectification of enrollee grievances. A prepaid health plan shall make a finding of fact in the case of each grievance processed, a copy of which shall be transmitted to the enrollee. If the enrollee has an unresolved grievance, the fair hearing provided in Chapter 7 (commencing with Section 10950) of Part 2 of this division shall be available to resolve all grievances regarding care and administration by the prepaid health plan. The findings and recommendations of the department, based on the decision of the hearing officer, shall be binding upon the prepaid health plan.

14451. Each prepaid health plan shall make all reasonable efforts to achieve, by the third contract year, an enrollment of not more than 50 percent Medi-Cal beneficiaries.

14452. All subcontracts shall be entered into pursuant to regulations established by the department. All subcontracts shall be in writing, a copy of which shall be transmitted to the department for approval prior to its taking effect.

Each subcontract submitted by the department for approval shall contain the amount of compensation or other consideration which the subcontractor will receive under the terms of the subcontract with the prepaid health plan; provided, however, that these provisions shall not apply to a provider who is employed or salaried by the prepaid health plan. All subcontracts to provide health care benefits, including emergency services, shall include specification of the time and days reserved for services to be provided to enrollees and specification of the service to be provided. All subcontracts for inpatient services shall include specification of the number of beds to be available for enrollees. When the prepaid health plan contracts

to provide any of the basic scope of health care benefits through subcontractors, the subcontractors shall meet all of the qualifications required under Section 14450 as appropriate for the services which the subcontractors are required to perform.

14452.3. Each prepaid health plan shall provide the services of an optometrist and ophthalmologist when the prepaid health plan contract requires the provision of vision care services.

Vision care services shall be provided so that an enrollee may be seen initially by either a physician or an optometrist.

14452.4. Where the prepaid health plan agrees to provide dental services such services shall be provided in a manner that does not require the enrollees to receive prior screening or authorization.

14453. When the prepaid health plan compensates a physician on a fee-for-service basis, the prepaid health plan shall consider the customary charge for similar services made by the physician, as well as the prevailing charge for similar services in the community.

14454. The prepaid health plan shall be liable for all in-area and out-of-area emergency services which are required by the contract and rendered by a nonprepaid health plan provider. Payment for such services shall include treatment of emergency conditions and shall continue until such time as the enrollee may be transferred to any provider of the prepaid health plan.

14455. The prepaid health plan shall maintain a complete medical record for each enrollee including records of treatment rendered by a subcontractor. After July 1, 1975, the prepaid health plan shall maintain a standard medical record for each enrollee and shall maintain a complete unit medical record for each enrollee.

14456. The department shall conduct periodically, but not less than every six months, an onsite review of the level and quality of care, the necessity of the services rendered, and the appropriateness of the services provided by the prepaid health plan. The department shall also review the procedures for regulating utilizations, peer review mechanisms, and other internal procedures for assuring quality of care, and grievances relating to medical care and their disposition. Such review shall be conducted by a panel of qualified experts in reviewing the quality of health services provided, whose members shall include physicians and other health care providers.

The review shall be based on criteria and procedures established by the department and data supplied to the department by the prepaid health plan as required in Section 14308.

The department shall be authorized to contract with professional organizations to perform the periodic review required by this section. The department, or its designee, shall make a finding of fact with respect to the ability of the prepaid health plan to provide quality health care services, effectiveness of peer review, and utilization control mechanisms, and the overall performance of the prepaid health plan in providing health care benefits to its enrollees.

14457. In addition to the review required by Section 14456, the department shall conduct periodic onsite visits by departmental

representatives to include observation of the general operation of the prepaid health plan, the condition of the facilities for delivering health care, the availability of emergency services, the degree of satisfaction of the enrollees, and the administrative aspects of the operation of the prepaid health plan.

14458. The prepaid health plan shall establish procedures for continuously reviewing the quality of care, performance of medical personnel, the utilization of services and facilities, and costs. Information derived from such review shall be made available to the department and the Health Care Commission.

14459. The prepaid health plan shall maintain financial records and shall have an annual audit performed by an independent certified public accountant. All certified financial statements shall be filed with the department as soon as practical after the end of the prepaid health plan's fiscal year and in any event, within a period not to exceed 120 days thereafter. For good cause, the department may grant an exception to the time which annual financial statements are to be submitted to the department.

14460. The department shall have authority to amend a prepaid health plan contract in accordance with the terms of a merger or other reorganization of two or more prepaid health plans provided the following conditions are met:

(a) The resulting organization assures the continued and accessible delivery of health care services to enrollees.

(b) The plans concerned have satisfactorily demonstrated the fiscal and administrative soundness of the newly proposed organization.

(c) The merger or reorganization shall not substantially impair or destroy the opportunity for competition in the proposed service area.

(d) The enrollees of the plans concerned are informed of the impending merger or reorganization, as well as any resulting changes in the service area or delivery of health care services and such other information required by subdivision (a) of Section 14406 at least 30 days in advance of the merger or reorganization and are given the option of disenrolling without cause for a period of 60 days following the effective date of the merger or reorganization.

(e) When a prepaid health plan contract is amended to permit a merger or reorganization, a public hearing shall be held as required by Section 14300.

(f) The plans meet such other requirements as deemed necessary by the department in order to carry out the purpose of this chapter.

SEC. 14.5. Section 14452.3 is added to the Welfare and Institutions Code, to read:

14452.3. Each prepaid health plan shall provide the services of an optometrist and ophthalmologist, and may provide the services of a registered dispensing optician, when the prepaid health plan contract requires the provision of vision care services.

Vision care services shall be provided so that an enrollee may be

seen initially by either a physician or an optometrist and so that an enrollee may have the fitting, adjusting and dispensing of the prescribed lenses and spectacle frames performed by or under the supervision of an ophthalmologist or an optometrist or, if such services are provided, by a registered dispensing optician.

1600.9. "Carrier of viral hepatitis" means a person under treatment by a physician who has contracted viral hepatitis which has been confirmed by voluntary laboratory tests or who exhibits symptoms which lead a physician to render a diagnostic opinion that the person has contracted viral hepatitis.

CHAPTER 986

An act to amend Sections 68097, 68097.1, 68097.2, 68097.5, 68097.6, 68097.7, 68097.9, and 68097.10 of the Government Code, relating to court proceedings.

For the purposes of this section and Sections 68097.1 through 68097.10, the term "member of the California Highway Patrol" shall include those persons employed as vehicle inspection specialists by the California Highway Patrol.

The attendance of a fireman, member of the California Highway Patrol, sheriff, deputy sheriff, marshal, deputy marshal or city policeman may be required pursuant to this section only in accordance with the provisions of Section 1989 of the Code of Civil Procedure.

As used in this section and in Sections 68097.2 and 68097.5, "tribunal" means any person or body before whom or which attendance of witnesses may be required by subpoena, including an arbitrator in arbitration proceedings.

The party at whose request such subpoena is issued shall reimburse the public entity in an amount equal to the actual cost incurred by the public entity as a result of such fireman or officer's required attendance pursuant to such subpoena. The amount of forty-five dollars ($45) shall be deposited with the clerk of the court or with the tribunal prior to the issuance of a subpoena pursuant to this section.

If the actual cost incurred by the public entity should later prove to be less than the amount deposited, the excess of the amount deposited shall be refunded.

If a court continues a proceeding on its own motion, no additional deposit may be required prior to the issuance of a subpoena or the making of an order directing such officer to appear on the date to which the proceeding is continued.

SEC. 4. Section 68097.5 of the Government Code is amended to read:

68097.5. No fireman, member of the California Highway Patrol, sheriff, deputy sheriff, marshal, deputy marshal or city policeman shall be ordered to return by the court for subsequent proceedings beyond the day stated in the subpoena referred to in Sections 68097.1, 68097.2, 68097.3 and 68097.4, or the day upon which such witness appeared pursuant to the provisions of Section 68097.9, unless the party at whose request such subpoena was issued or the party at whose request the witness is ordered to return, shall first deposit with the clerk of the court or with the tribunal the same sum required to be deposited for the issuance of a subpoena in the first instance.

SEC. 5. Section 68097.6 of the Government Code is amended to read:

68097.6. The provisions of Sections 68097.1, 68097.2, 68097.3, 68097.4 and 68097.5 of this code shall be applicable to subpoenas issued for the taking of depositions of firemen, members of the California Highway Patrol, sheriffs, deputy sheriffs, marshals, deputy marshals, or city policemen pursuant to Section 2019 of the Code of Civil Procedure.

SEC. 6. Section 68097.7 of the Government Code is amended to read:

68097.7. sheriff, marshal, deputy marshal or city policeman who asks or receives any such payment except as provided in Sections 68097.2 and 68097.4 is likewise guilty of a misdemeanor.

68097.10. Whenever a fireman, member of the California Highway Patrol, sheriff, deputy sheriff, marshal, deputy marshal or city policeman appears as a witness pursuant to Section 68097.1 and reimbursement is not made as provided for in Section 68097.2, then the California Highway Patrol, or the public entity employing the fireman, sheriff, deputy sheriff, marshal, deputy marshal or city policeman shall have standing to bring an action in order to recover such funds.

SEC. 9. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be an appropriation made by this act because during any legislative session a variety of changes in laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities which in the aggregate do not result in significant identifiable cost changes.

[Approved by Governor September 23, 1974. Filed with Secretary of State September 23, 1974.]

The Superintendent of Public Instruction may approve the application for recognition of such courses for a period of one year and shall grant subsequent approvals for periods of three years when an institution is found by the Department of Education to meet the following criteria:

(1) The courses, curriculum, and instruction are consistent in quality, content, and length with similar courses in public schools or other private schools, or both, in the state, with recognized accepted standards; or that the course, curriculum, and instruction meet recognized accepted standards for reaching the professed or claimed objective for that particular course.

"Any questions or problems concerning this school which have not been satisfactorily answered or resolved by the institution should be directed to the Director of Education, Department of Education, Sacramento, California, 95814."

In addition, such written contracts or agreements shall specify, on the same page of the contract or agreement in which the student's signature is required, the total financial obligation that the student will incur upon enrollment in the institution in numbers or letters, or both, which are of larger print than the rest of the contract or agreement.

Upon completion of training, the institution may award a "diploma," as defined in Section 29002, to the student indicating the training and attendance completed.

Except as otherwise provided for in this code, no course of education or training leading to an educational, technological, professional or vocational objective shall be offered, and no diploma or honorary degree shall be issued or conferred, by any person, firm, association, partnership, corporation, or other entity which has not been approved by the Superintendent of Public Instruction. Application for such approval shall be made in writing on application forms provided by the Department of Education. Pending final approval of new or added courses of instruction, the Superintendent of Public Instruction may issue a temporary approval upon submission of the complete application. A temporary approval shall be for a period of one year, subject to prior termination or conversion to annual approval basis by the Superintendent of Public Instruction. Any extension of a temporary approval on an annual basis shall require an annual fee. Courses offered for adults by any parochial or

denominational school, or persons, firms, associations, partnerships, or corporations that have met the requirements of other sections of this division, or are offered solely for avocational or recreational purposes, will not be required to be approved under this section.

The Superintendent of Public Instruction may approve the application for recognition of such courses for a period of one year and shall grant subsequent approvals on an annual basis when an institution is found by the Department of Education to meet the following criteria:

In addition, such written contracts or agreements shall specify, on the same page of the contract or agreement in which the student's signature is required, the total financial obligation that the student will incur upon enrollment in the institution in numbers or letters, or both, which are of larger print than the rest of the contract or agreement.

The provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code shall be applicable to any determination of the Superintendent of Public Instruction made pursuant to this section.

SEC. 2. Section 29026 of the Education Code is amended to read:

29026. No person, either on his own behalf or as the representative of any privately conducted correspondence school or of any private person, firm, association, partnership, or corporation whatever, shall, by personal contact, in California, solicit the sale of or solicit and sell any correspondence course of study beyond high school, of high school level, or below high school level, for a remuneration or other consideration to be provided for such course, unless he holds a valid permit to engage in such activity issued by the State Board of Education. The State Board of Education may delegate its authority to issue this permit to the State Superintendent of Public Instruction.

The State Board of Education, or the State Superintendent of Public Instruction, if such authority has been delegated by the State Board of Education, shall promptly cause to be prepared, and shall, pursuant to this section, issue appropriate permits authorizing the holder to engage in the solicitation of sales and the selling of such courses of study.

No person shall be issued a permit except upon the submission of satisfactory evidence of good moral character.

A permit shall be valid for the calendar year in which it is issued

unless sooner revoked or suspended by the State Board of Education for fraud or misrepresentation in connection with the solicitation for the sale or the sale of any course of study, or for the existence of any condition in respect to the permittee or the school he represents which, if in existence at the time the permit was issued would have been ground for denial of the permit.

The application for a permit shall be made by the person who proposes to engage in the activities of soliciting or selling in those cases where such activities are to be conducted in the person's own behalf. Where the person for whom the issuance of a permit is sought is to engage in the activities as a representative, the application shall be made by the correspondence school or other person, firm, association, partnership, or corporation for and on behalf of the person to serve as its representative. Applications shall be submitted on forms to be furnished by the Department of Education. The original application shall be accompanied by an application fee of twenty dollars ($20), renewal applications when renewed on a continuous basis and applications for additional sales permits shall be accompanied by an application fee of fifteen dollars ($15). Fees required by this section are hereby appropriated in augmentation of the appropriation for support of the Department of Education current at the date of issuance of the State Controller's receipt thereof as may be designated by the Department of Education prior to their deposit in the State Treasury and shall be nonrefundable irrespective of whether or not a permit is subsequently issued.

The application shall be accompanied by a bond executed by good and sufficient sureties making provision for full indemnification of any person for any material loss suffered as a result of any fraud or misrepresentation used in connection with the solicitation for the sale or the sale of any course of study. The term of the bond shall extend over the period of the permit. The bond may be supplied by the correspondence school or other person, firm, association, partnership, or corporation, or by the person for whom issuance of the permit is sought, and may extend to cover either an individual such person or to provide blanket coverage for all persons to be engaged as representatives of a correspondence school or other person, firm, association, partnership or corporation in the solicitation for sale or the sale of correspondence courses of study in California. Any bond shall provide for liability in the penal sum of one thousand dollars ($1,000) for each representative to whom coverage is extended by its terms. Neither the principal nor surety on a bond may terminate the coverage of the bond except upon giving 30 days' prior written notice to the State Board of Education.

The permittee shall carry the permit with him for identification purposes when engaged in the solicitation of sales and the selling of correspondence courses of study.

Any contract for or in connection with a course of study with a correspondence school, or representative thereof, shall be voidable at the option of the purchaser if the representative of any person

selling or administering such course of study, or the representative of such firm, association, partnership or corporation was not the holder of a permit as required by this section at the time that such representative negotiated the contract for or sold such course.

In any written contract or agreement for a course of study with a correspondence school there shall be included on the first page of such agreement or contract in 14-point boldface print or larger, the following statement:

"Any questions or problems concerning this school which have not been satisfactorily answered or resolved by the school should be directed to the Director of Education, Department of Education, Sacramento, California, 95814."

In addition, such written contracts or agreements shall specify, on the same page of the contract or agreement in which the student's signature is required, the total financial obligation that the student will incur upon enrollment in the correspondence school in numbers or letters, or both, which are of larger print than the rest of the contract or agreement.

The judgment rendered in any action maintained for any material loss suffered as a result of any fraud or misrepresentation used in connection with the solicitation for the sale or the sale of any course of study shall, if the plaintiff is the prevailing party, include court costs including a reasonable attorney's fee fixed by the court.

The provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code shall be applicable to any determination of the State Board of Education made pursuant to this section.

The issuance of a permit pursuant to this section shall not be interpreted as, and it shall be unlawful for any individual holding any such permit to expressly or impliedly represent by any means whatever that the Superintendent of Public Instruction, the State Board of Education, or the State Department of Education has made, any evaluation, recognition, accreditation or endorsement of any correspondence course of study being offered for sale by the individual.

It shall be unlawful for any individual holding a permit under this section and for any salesman, agent, or representative of such individual to expressly or impliedly represent by any means whatever that the issuance of the permit constitutes an assurance by the Superintendent of Public Instruction, the State Board of Education, or the State Department of Education that any correspondence course of study being offered for sale by the individual will provide and require of the student a course of education or training necessary to reach a professional, educational, or vocational objective, or will result in membership in any union or similar organization, or will result in employment or personal earnings for the student.

The issuance of a permit under this section, and the possession thereof, by an individual, shall be evidence only that the surety bond

prescribed by this section has been issued with respect to the possessor and that he has submitted satisfactory evidence of good moral character.

SEC. 2.5. Section 29026 of the Education Code is amended to read:

29026. The application for a permit shall be made by the person who proposes to engage in the activities of soliciting or selling in those cases where such activities are to be conducted in the person's own behalf. Where the person for whom the issuance of a permit is sought is to engage in the activities as a representative, the application shall be made by the correspondence school or other person, firm, association, partnership, or corporation for and on behalf of the person to serve as its representative. Applications shall be submitted on forms to be furnished by the Department of Education. The original application, renewal applications when renewed on a continuous basis, and applications for additional sales permits shall be accompanied by an application fee in an amount established pursuant to subdivision (e) of Section 29027. Any bond shall provide for liability in the penal sum of one thousand dollars ($1,000) for each representative to whom coverage is extended by its terms. Neither the principal nor surety on a bond may terminate the coverage of the bond except upon giving 30 days' prior written notice to the State Board of Education.

The permittee shall carry the permit with him for identification purposes when engaged in the solicitation of sales and the selling of correspondence courses of study.

Any contract for or in connection with a course of study with a correspondence school, or representative thereof, shall be voidable at the option of the purchaser if the representative of any person selling or administering such course of study, or the representative of such firm, association, partnership or corporation was not the holder of a permit as required by this section at the time that such representative negotiated the contract for or sold such course.

In any written contract or agreement for a course of study with a correspondence school there shall be included on the first page of such agreement or contract in 14-point boldface print or larger, the following statement:

"Any questions or problems concerning this school which have not been satisfactorily answered or resolved by the school should be directed to the Director of Education, Department of Education, Sacramento, California, 95814."

In addition, such written contracts or agreements shall specify, on the same page of the contract or agreement in which the student's signature is required, the total financial obligation that the student will incur upon enrollment in the correspondence school in numbers or letters, or both, which are of larger print than the rest of the contract or agreement.

The judgment rendered in any action maintained for any material loss suffered as a result of any fraud or misrepresentation used in connection with the solicitation for the sale or the sale of any course of study shall, if the plaintiff is the prevailing party, include court costs including a reasonable attorney's fee fixed by the court.

The provisions of Chapter 5 (commencing with Section 11500) of

Part 1 of Division 3 of Title 2 of the Government Code shall be applicable to any determination of the State Board of Education made pursuant to this section.

The issuance of a permit pursuant to this section shall not be interpreted as, and it shall be unlawful for any individual holding any such permit to expressly or impliedly represent by any means whatever that the Superintendent of Public Instruction, the State Board of Education, or the Department of Education has made, any evaluation, recognition, accreditation or endorsement of any correspondence course of study being offered for sale by the individual.

It shall be unlawful for any individual holding a permit under this section and for any salesman, agent or representative of such individual to expressly or impliedly represent by any means whatever that the issuance of the permit constitutes an assurance by the Superintendent of Public Instruction, the State Board of Education, or the State Department of Education that any correspondence course of study being offered for sale by the individual will provide and require of the student a course of education or training necessary to reach a professional, educational, or vocational objective, or will result in membership in any union or similar organization or will result in employment or personal earnings for the student.

The issuance of a permit under this section, and the possession thereof, by an individual, shall be evidence only that the surety bond prescribed by this section has been issued with respect to the possessor and that he has submitted satisfactory evidence of good moral character.

SEC. 3.7. It is the intent of the Legislature, if this bill and Assembly Bill No. 2917 are both chaptered and become effective on or before January 1, 1975, both bills amend Sections 29025 and 29026 of the Education Code, and this bill is chaptered after Assembly Bill No. 2917, that Sections 29025 and 29026 of the Education Code, as amended by Sections 3 and 4 of Assembly Bill No. 2917, be further amended on the effective date of this act in the form set forth in Sections 1.5 and 2.5 of this act to incorporate the changes in Sections 1 and 2 proposed by this bill. Therefore, if this bill and Assembly Bill No. 2917 are both chaptered and become effective on or before January 1, 1975, and Assembly Bill No. 2917 is chaptered before this bill and amends Sections 29025 and 29026, Sections 1.5 and 2.5 of this act shall become operative on the effective date of this act and Sections 1 and 2 of this act shall not become operative.

CHAPTER 988

An act to amend Sections 626, 626.2, 626.4, 626.6, and 626.8 OF the Penal Code, relating to schools.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 626 of the Penal Code, as amended by Chapter 431 of the Statutes of 1972, is amended to read:

626. (a) As used in this chapter:

(1) "State university" means the University of California, and includes any affiliated institution thereof and any campus or facility owned, operated, or controlled by the Regents of the University of California.

(2) "State college" means any California state university or college, and includes any campus or facility owned, operated, or controlled by the Trustees of the California State University and Colleges.

(3) "Community college" means any school established pursuant to Chapter 3 (commencing with Section 25500) of Division 18.5 of the Education Code.

(4) "School" means any elementary school, junior high school, four-year high school, senior high school, adult school or any branch thereof, opportunity school, continuation high school, regional occupational center, evening high school, or technical school.

(5) "Chief administrative officer" means:

(i) The president of a state university or college, Chancellor of the California State University and Colleges, or the officer designated by the Regents of the University of California or pursuant to authority granted by the Regents of the University of California to administer and be the officer in charge of a campus or other facility owned, operated, or controlled by the Regents of the University of

California, or the superintendent of a community college district or a school district maintaining a community college.

(ii) For a school: the principal of the school; or a person who possesses a standard supervision credential or a standard administrative credential and who is designated by the principal; or a person who carries out the same functions as a person who possesses such a credential and who is designated by the principal.

(b) For the purpose of determining the penalty to be imposed pursuant to this chapter, the court may consider a written report from the Bureau of Criminal Identification and Investigation containing information from its records showing prior convictions; and the communication is prima facie evidence of such convictions, if the defendant admits them, regardless of whether or not the complaint commencing the proceedings has alleged prior convictions.

SEC. 2. Section 626.2 of the Penal Code is amended to read:

626.2. Every student or employee who, after a hearing, has been suspended or dismissed from a community college, state college, state university, or school for disrupting the orderly operation of the campus or facility of such institution, and as a condition of such suspension or dismissal has been denied access to the campus or facility, or both, of the institution for the period of the suspension or in the case of dismissal for a period not to exceed one year; who has been served by registered or certified mail, at the last address given by such person, with a written notice of such suspension or dismissal and condition; and who willfully and knowingly enters upon the campus or facility of the institution to which he has been denied access, without the express written permission of the chief administrative officer of the campus or facility, is guilty of a misdemeanor and shall be punished as follows:

(1) Upon a first conviction, by a fine of not exceeding five hundred dollars ($500), by imprisonment in the county jail for a period of not more than six months, or by both such fine and imprisonment.

(2) If the defendant has been previously convicted once of a violation of any offense defined in this chapter or Section 415.5, by imprisonment in the county jail for a period of not less than 10 days or more than six months, or by both such imprisonment and a fine of not exceeding five hundred dollars ($500), and he shall not be released on probation, parole, or any other basis until he has served not less than 10 days.

(3) If the defendant has been previously convicted two or more times of a violation of any offense defined in this chapter or Section 415.5, by imprisonment in the county jail for a period of not less than 90 days or more than six months, or by both such imprisonment and a fine of not exceeding five hundred dollars ($500), and he shall not be released on probation, parole, or any other basis until he has served not less than 90 days.

Knowledge shall be presumed if notice has been given as

prescribed in this section. The presumption established by this section is a presumption affecting the burden of proof.

SEC. 3. Section 626.4 of the Penal Code is amended to read:

626.4. (a) The chief administrative officer of a campus or other facility of a community college, state college, state university, or school, or an officer or employee designated by him to maintain order on such campus or facility, may notify a person that consent to remain on the campus or other facility under the control of the chief administrative officer has been withdrawn whenever there is reasonable cause to believe that such person has willfully disrupted the orderly operation of such campus or facility.

(b) Whenever consent is withdrawn by any authorized officer or employee other than the chief administrative officer, such officer or employee shall as soon as is reasonably possible submit a written report to the chief administrative officer. Such report shall contain all of the following:

(1) The description of the person from whom consent was withdrawn, including, if available, the person's name, address, and phone number.

(2) A statement of the facts giving rise to the withdrawal of consent.

If the chief administrative officer or, in his absence, a person designated by him for this purpose, upon reviewing the report, finds that there was reasonable cause to believe that such person has willfully disrupted the orderly operation of the campus or facility, he may enter written confirmation upon the report of the action taken by the officer or employee. If the chief administrative officer or, in his absence, the person designated by him, does not confirm the action of the officer or employee within 24 hours after the time that consent was withdrawn, the action of the officer or employee shall be deemed void and of no force or effect, except that any arrest made during such period shall not for this reason be deemed not to have been made for probable cause.

(c) Consent shall be reinstated by the chief administrative officer whenever he has reason to believe that the presence of the person from whom consent was withdrawn will not constitute a substantial and material threat to the orderly operation of the campus or facility. In no case shall consent be withdrawn for longer than 14 days from the date upon which consent was initially withdrawn. The person from whom consent has been withdrawn may submit a written request for a hearing on the withdrawal within the two-week period. Such written request shall state the address to which notice of hearing is to be sent. The chief administrative officer shall grant such a hearing not later than seven days from the date of receipt of such request and shall immediately mail a written notice of the time, place, and date of such hearing to such person.

(d) Any person who has been notified by the chief administrative officer of a campus or other facility of a community college, state college, state university, or school, or by an officer or employee

designated by the chief administrative officer to maintain order on such campus or facility, that consent to remain on the campus or facility has been withdrawn pursuant to subdivision (a); who has not had such consent reinstated; and who willfully and knowingly enters or remains upon such campus or facility during the period for which consent has been withdrawn is guilty of a misdemeanor. This subdivision does not apply to any person who enters or remains on such campus or facility for the sole purpose of applying to the chief administrative officer for the reinstatement of consent or for the sole purpose of attending a hearing on the withdrawal.

(e) This section shall not affect the power of the duly constituted authorities of a community college, state college, state university, or school, to suspend, dismiss, or expel any student or employee at such university, college, or school.

(f) Any person convicted under this section shall be punished as follows:

(1) Upon a first conviction, by a fine of not exceeding five hundred dollars ($500), by imprisonment in the county jail for a period of not more than six months, or by both such fine and imprisonment.

(2) If the defendant has been previously convicted once of a violation of any offense defined in this chapter or Section 415.5, by imprisonment in the county jail for a period of not less than 10 days or more than six months, or by both such imprisonment and a fine of not exceeding five hundred dollars ($500), and he shall not be released on probation, parole, or any other basis until he has served not less than 10 days.

(3) If the defendant has been previously convicted two or more times of a violation of any offense defined in this chapter or Section 415.5, by imprisonment in the county jail for a period of not less than 90 days or more than six months, or by both such imprisonment and a fine of not exceeding five hundred dollars ($500), and he shall not be released on probation, parole, or any other basis until he has served not less than 90 days.

(g) This section shall not affect the rights of representatives of employee organizations to enter, or remain upon, school grounds while actually engaged in activities related to representation, as provided for in Article 5 (commencing with Section 13080) of Chapter 1, Division 10, Part 2, of the Education Code.

SEC. 4. Section 626.6 of the Penal Code is amended to read:

626.6. In any case in which a person who is not a student or officer or employee of a community college, state college, state university, or school, and who is not required by his employment to be on the campus or any other facility owned, operated or controlled by the governing board of any such community college, state college, state university, or school, enters such campus or facility, and it reasonably appears to the chief administrative officer of such campus or facility or to an officer or employee designated by him to maintain order on such campus or facility that such person is committing any act likely

PART 19. ENERGY RESOURCES SURCHARGE LAW

CHAPTER 1. GENERAL PROVISIONS AND DEFINITIONS

40001. This part is known and may be cited as the "Energy Resources Surcharge Law."

40002. Except where the context otherwise requires, the definitions given in this chapter govern the construction of this part.

40003. "Surcharge" means a tax levied by this state.

40004. "Person" includes any individual, firm, cooperative organization, fraternal organization, corporation, estate, trust, business trust, receiver, trustee, syndicate, this state, any county, city and county, municipality, district, public agency or subdivision of this state or any other group or combination acting as a unit.

40005. "Board" means the State Board of Equalization.

40006. "In this state" means within the exterior limits of the State of California and includes all territory within those limits owned by or ceded to the United States of America.

40007. "Sale" or "purchase" mean the furnishing or receiving of electrical energy for a consideration. "Sale" does not include the charging of batteries when the consideration therefor is not computed upon the kilowatt-hours of electrical energy furnished.

40008. "Consumption" means the utilization or employment of electrical energy. The term does not include the receiving of electrical energy by an electric utility for resale.

40009. "Consumer" means any person receiving for consumption electrical energy furnished by an electric utility and includes a person receiving electrical energy for redistribution for the use of his tenants.

40010. "Electric utility" means any person engaged in producing, generating, transmitting, furnishing, distributing or delivering electrical energy for sale without regard to whether the person is subject to regulation or is regulated by the Public Utilities Commission. The term does not include a person who generates electrical energy or redistributes electrical energy solely for his own use or for the use of his tenants and not for sale to others.

When the board determines that it is necessary for the efficient administration of this part, the board may regard any person not primarily engaged in the business of selling electrical energy who purchases electrical energy for distribution to others as a consumer and not as an electric utility.

CHAPTER 2. THE SURCHARGE

Article 1. Imposition of Surcharge

40016. A surcharge is hereby imposed on the consumption in this state of electrical energy purchased from an electric utility on and after January 1, 1975, at the rate of one-tenth mill ($0.0001) per kilowatt-hour, or at such other rate as may be fixed pursuant to Article 2 (commencing with Section 40031) of this chapter.

40018. Every person consuming electrical energy in this state purchased from an electric utility is liable for the surcharge. His liability is not extinguished until the surcharge has been paid to this state, except that payment to an electric utility registered under this part is sufficient to relieve the consumer from further liability for the surcharge.

40019. Every electric utility making sales of electrical energy to consumers in this state shall collect the surcharge from each consumer, other than a consumer that is an electric utility, at the time it collects its billings from the consumer for the electrical energy sold; provided, the duty to collect the surcharge from a consumer shall commence with the beginning of the first regular billing period applicable to that person which starts on or after the operative date of this part.

40020. The surcharge required to be collected by the electric utility from the consumer shall be added to the charges to the consumer for the electrical energy sold. The amount of the surcharge may be stated separately. If the electric utility does not separately state the amount of the surcharge, the electric utility shall print on the billing a notice to the effect that the charges include energy resources surcharge computed at (applicable rate) mill per kilowatt hour. Until January 1, 1976, such notice need not appear on the billing itself provided that the electric utility notifies each of its customers, no later than at the time it renders a bill for the first regular billing period applicable to that person which starts on or after the operative date of this part, that electrical energy charges shall include energy resources surcharge computed at (applicable rate) mill per kilowatt-hour. If the Board of Equalization fixes a new rate in 1975, the electric utility shall notify its customers of the new rate at or prior to the time a billing is rendered to the customer subject to the new rate if the electric utility does not separately state the amount of the surcharge or print on the billing notice that the surcharge is included in the charges.

40021. The surcharge required to be collected by the electric utility, and any amount unreturned to the consumer which is not a surcharge but was collected from the consumer as representing a surcharge, constitutes debts owed by the electric utility to this state.

40022. Any amounts collected by an electric utility from a consumer on account of the purchase of electrical energy the consumption of which is subject to the surcharge shall be applied

proportionately between the liability of the consumer on account of the purchase of the electrical energy and the liability of the consumer for the surcharge.

40023. An electric utility is relieved from liability to collect the surcharge insofar as the base upon which the surcharge is imposed is represented by accounts which have been found to be worthless and charged off in accordance with generally accepted accounting principles. If the electric utility has previously paid the amount of the surcharge it may, under regulations prescribed by the board, take as a deduction on its return the amount found to be worthless and charged off. If any such accounts are thereafter collected in whole or in part the surcharge so collected shall be paid with the first return filed after such collection.

The board may by regulation promulgate such other rules with respect to uncollected or worthless accounts as it shall deem necessary to the fair and efficient administration of this part.

40024. Notwithstanding any other provision of law to the contrary, persons subject to the jurisdiction of the Public Utility Commission need not obtain any authorization from the commission to comply with the provisions of this part.

Article 2. Adjustment of Surcharge Rate

40031. Following approval of the Budget Act each year, beginning with the Budget Act for the 1975–76 fiscal year, the board shall determine, on the basis of expenditures authorized in the Budget Act to be made from the State Energy Resources Conservation and Development Account in the General Fund, the unappropriated balance in that account, and its estimate of kilowatt-hours to which the surcharge will apply, a surcharge rate that it estimates will produce sufficient revenues to fund the expenditures authorized.

40032. The board shall make its determination of such surcharge rate each year no later than August 1st and shall fix the new rate which shall be effective as provided in Section 40034. The rate shall be fixed within the limits of the following schedule.

Schedule

Zero to two-tenths of a mill ($0.0002) graduated in hundredths of a mill increments.

A rate fixed by the board shall continue for successive periods unless changed.

40033. Immediately upon making its determination and fixing the surcharge rate the board shall each year no later than August 1st publish in its minutes the new rate, and it shall notify by mail every electric utility registered with it of the new rate.

40034. The new rate fixed by the board pursuant to Section 40032 shall apply with respect to billing periods beginning on or after

September 1 of the year in which the new rate is fixed.

Article 3. Registration

40035. Every electric utility selling electrical energy for consumption in this state shall register with the board upon a form prescribed by the board and shall set forth the name under which the utility transacts or intends to transact business and such other information as the board may require.

CHAPTER 3. SPECIAL PROVISIONS AND EXEMPTIONS

40041. The consumption of electrical energy which this state is prohibited from taxing under the Constitution of the United States or under the Constitution of this state is exempt from the surcharge.

40041.5. In any instances where an exemption is claimed by reason of the provisions of Section 40041, an electric utility or a consumer may request the board to issue a ruling as to the validity of the exemption, accompanying the request with a statement showing the facts and basis for the claim. The board shall issue its ruling within 30 days of receipt of the request. Pending issuance of the ruling, the electric utility shall not be obligated to collect the surcharge from the claimant.

40043. The consumption by an electric utility of purchased electrical energy that is used directly, lost by dissipation or unaccounted for in accordance with generally accepted accounting principles by the electric utility in the process of generation, transmission and distribution of electrical energy is exempt from the surcharge.

40044. When an electric utility purchases electrical energy and pools in its system the energy with electrical energy generated by it, the consumption of electrical energy in this state from the pool by the utility during any quarter shall be deemed to be a consumption of energy generated by it to the extent that the kilowatt-hours of the electrical energy generated by it during the quarter exceeds the kilowatt-hours consumed by the electric utility.

40045. For the purpose of the proper administration of this part it shall be presumed that electrical energy sold by an electric utility in this state to other than an electric utility is consumed by the purchaser in this state until the contrary is established.

40046. The amount of kilowatt-hours of electrical energy determined by or stated on a billing of an electric utility in accordance with its business practices and accounting records to have been sold to a consumer during any calendar quarter or billing period of the electric utility shall be presumed to be correct. The presumption may be rebutted by evidence which establishes that the amount of kilowatt-hours was other than such amount.

CHAPTER 4. DETERMINATION OF SURCHARGE

Article 1 Due and Payable Dates

40051. The surcharges imposed by this part and the amounts thereof required to be collected by electric utilities are due quarterly on or before the last day of the month next succeeding each calendar quarter.

40052. Amounts due under Section 40051 for which a billing for the electrical energy is issued by an electric utility to the consumer prior to the close of a calendar quarter are payable when due.

40053. Any amounts of the surcharge required to be paid or collected that are not billed in the ordinary course of the billings by an electric utility may be determined by the board against the utility or the consumer, or both, in accordance with the provisions of Article 3 (commencing with Section 40071) or 4 (commencing with Section 40081) of this chapter.

Article 2. Returns and Payments

40061. On or before the last day of the month following each calendar quarter a return for the preceding quarterly period shall be filed with the board in such form as the board may prescribe.

A return shall be filed by every electric utility, and by every person purchasing electrical energy the consumption of which is subject to the surcharge and who has not paid the surcharge billed and required to be collected by an electric utility. The return shall be signed by the person required to file the return or by his duly authorized agent.

40062. The return filed by an electric utility shall show the number of kilowatt-hours of electrical energy sold to consumers in this state for which billing was first made during that quarter that are due and required to be collected for all such billings. The return shall further show the number of kilowatt-hours of electrical energy purchased by the electric utility during the calendar quarter and the number of kilowatt-hours of electrical energy generated by such electric utility during such period. Such return shall also set forth the number of kilowatt-hours consumed during such period by the electric utility for its own use and consumption and such other information as the board deems necessary for the proper administration of this part.

40063. The board may prescribe the contents of returns of consumers subject to the surcharge. It may require the filing of returns by consumers in addition to those required by Section 40061 in circumstances where it finds that consumers' liabilities are not being included in the return of an electric utility or it determines that consumer returns are necessary for the efficient administration of this part. Consumers' returns shall cover such periods as the board may prescribe.

40064. The person required to file the return shall deliver the return together with a remittance of the amount of the surcharge payable to the office of the board.

40065. The board for good cause may extend not to exceed one month the time for making any return or paying any amount required to be paid under this part. The extension may be granted at any time provided a request therefor is filed with the board within or prior to the period for which the extension may be granted.

Article 3. Deficiency Determinations

40071. If the board is not satisfied with return or returns of the surcharge or the amount of surcharge required to be paid to the state by any person, it may compute and determine the amount required to be paid upon the basis of the facts contained in the return or returns or upon the basis of any information within its possession or that may come into its possession. One or more deficiency determinations may be made of the amount payable for one or for more than one period.

40072. The amount of the determination, exclusive of penalties, shall bear interest at the rate of one-half of 1 percent per month, or fraction thereof, from the last day of the month following the quarterly period for which the amount or any portion thereof should have been returned until the date of payment.

40073. In making a determination the board may offset overpayments for a period or periods, together with interest on the overpayments, against underpayments for another period or periods, against penalties, and against the interest on the underpayments.

40074. If any part of the deficiency for which a deficiency determination is made is due to negligence or intentional disregard of this part or authorized rules and regulations, a penalty of 10 percent of the amount of the determination shall be added thereto.

40075. If any part of the deficiency for which a deficiency determination is made is due to fraud or an intent to evade this part or authorized rules and regulations, a penalty of 25 percent of the amount of the determination shall be added thereto.

40076. The board shall give to the electric utility or person consuming electrical energy written notice of its determination. The notice shall be placed in a sealed envelope with postage paid addressed to the electric utility or person consuming electrical energy at his address as it appears in the records of the board. The giving of notice shall be deemed complete at the time of the deposit of the notice in the United States Post Office, or a mailbox, sub-post office, substation or mail chute or other facility regularly maintained or provided by the United States Postal Service, without extension of time for any reason. In lieu of mailing a notice may be served personally by delivering to the person to be served and service shall be deemed complete at the time of such delivery. Personal service to a corporation may be made by delivery of a notice to any person

designated in the Code of Civil Procedure to be served for the corporation with summons and complaint in a civil action.

40077. Except in the case of fraud, intent to evade this part or authorized rules and regulations, or failure to make a return every notice of a deficiency determination shall be mailed within three years after the last day of the calendar month following the quarterly period for which the amount is proposed to be determined or within three years after the return is filed, whichever period expires the later. In the case of failure to make a return, every notice of determination shall be mailed within eight years after the last day of the calendar month following the quarterly period for which the amount is proposed to be determined.

40078. In the case of a deficiency arising under this part during the lifetime of a decedent, a notice of deficiency determination shall be mailed within four months after written request therefor, in the form required by the board, by the fiduciary of the estate or trust or by any other person liable for the surcharge or any portion thereof.

Article 4. Determinations If No Return Made

40081. If any person fails to make a return, the board shall make an estimate of the amount of the kilowatt-hours sold for consumption by the person, or, as the case may be, of the amount of kilowatt-hours purchased by the person, the consumption of which in this state is subject to the surcharge. The estimate shall be made for the period or periods in respect to which the person failed to make a return and shall be based upon any information which is in the board's possession or may come in its possession. Upon the basis of this estimate the board shall compute and determine the amount required to be paid to the state, adding to the sum thus arrived at a penalty equal to 10 percent thereof. One or more determinations may be made for one or for more than one period.

40082. In making a determination the board may offset overpayments for a period or periods, together with interest on the overpayments, against underpayments for another period or periods, against penalties, and against the interest on the underpayments.

40083. The amount of the determination, exclusive of penalties, shall bear interest at the rate of one-half of 1 percent per month, or fraction thereof, from the last day of the month following the quarterly period for which the amount or any portion thereof should have been returned until the date of payment.

40084. If the failure of any person to file a return is due to fraud or an intent to evade this part or rules and regulations, a penalty of 25 percent of the amount required to be paid by the person, exclusive of penalties, shall be added thereto in addition to the 10 percent penalty provided in Section 40081.

40085. Promptly after making its determination the board shall give to the person written notice of the estimate, determination, and penalty, the notice to be served personally or by mail in the manner

prescribed for service of notice of a deficiency determination.

Article 5. Redeterminations

40091. Any person against whom a determination is made under Article 3 (commencing with Section 40071) or 4 (commencing with Section 40081) of this chapter may petition for a redetermination within 30 days after service upon the person of notice thereof. If a petition for redetermination is not filed within the 30-day period, the determination becomes final at the expiration of the period.

40092. Every petition for redetermination shall be in writing and shall state the specific grounds upon which the petition is founded. The petition may be amended to state additional grounds at any time prior to the date on which the board issues its order or decision upon the petition for redetermination.

40093. If a petition for redetermination is filed within the 30-day period, the board shall reconsider the determination and, if the person has so requested in his petition, shall grant the person an oral hearing and shall give him 10 days' notice of the time and place of the hearing. The board may continue the hearing from time to time as may be necessary.

40094. The board may decrease or increase the amount of the determination before it becomes final, but the amount may be increased only if a claim for the increase is asserted by the board at or before the hearing. Unless the penalty imposed by Section 40075 or Section 40084 applies to the amount of the determination as originally made or as increased, the claim for increase must be asserted within eight years after the last day of the calendar month following the quarterly period for which the increase is asserted.

40095. The order or decision of the board upon a petition for redetermination becomes final 30 days after service upon the petitioner of notice thereof.

40096. All determinations made by the board under Article 3 (commencing with Section 40071) or 4 (commencing with Section 40081) of this chapter are due and payable at the time they become final. If they are not paid when due and payable, a penalty of 10 percent of the amount of the determination, exclusive of interest and penalties, shall be added thereto.

40097. Any notice required by this article shall be served personally or by mail in the manner prescribed for service of notice of a deficiency determination.

Article 6. Interest and Penalties

40101. Any person who fails to pay any surcharge to the state or any amount of surcharge required to be collected and paid to the state, except amounts of determinations made by the board under Article 3 (commencing with Section 40071) or 4 (commencing with Section 40081) of this chapter, within the time required shall pay a

penalty of 10 percent of the surcharge or amount of the surcharge, in addition to the surcharge or amount of surcharge, plus interest at the rate of one-half of 1 percent per month, or fraction thereof, from the date on which the surcharge or the amount of surcharge required to be collected became due and payable to the state until the date of payment.

40102. If the board finds that a person's failure to make a timely return or payment is due to reasonable cause and circumstances beyond the person's control, and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the person may be relieved of the penalty provided by Sections 40081 and 40101.

Any person seeking to be relieved of the penalty shall file with the board a statement under penalty of perjury setting forth the facts upon which he bases his claim for relief.

CHAPTER 5. OVERPAYMENTS AND REFUNDS

Article 1. Claim for Refund

40111. If the board determines that any amount, penalty, or interest has been paid more than once or has been erroneously or illegally collected or computed, the board shall set forth that fact in the records of the board and shall certify to the State Board of Control the amount collected in excess of the amount legally due and the person from whom it was collected or by whom paid. If approved by the State Board of Control the excess amount collected or paid shall be credited by the board on any amounts then due and payable from the person from whom the excess amount was collected or by whom it was paid under this part, and the balance shall be refunded to the person, or his successors, administrators, or executors.

In the case, however, of a determination by the board that an amount not exceeding one thousand dollars ($1,000) was not required to be paid under this part, the board without obtaining approval of the State Board of Control may credit the amount on any amounts then due and payable under this part from the person by whom the amount was paid and may refund the balance to the person or his successors, administrators, or executors.

Any overpayment of the surcharge by a consumer to the state shall be credited or refunded by the state to the consumer.

40112. No refund shall be approved by the board after three years from the last day of the month following the close of the quarterly period for which the overpayment was made, or, with respect to determinations made under Article 3 (commencing with Section 40071) or 4 (commencing with Section 40081) of Chapter 4 of this part, after six months from the date the determinations become final, or after six months from the date of overpayment, whichever period expires the later, unless a claim therefor is filed with the board within such period. No credit shall be approved by the board after the

0 2077 25 5 435 617

expiration of such period unless a claim for credit is filed with the board within such period.

40113. Every claim shall be in writing and shall state the specific grounds upon which the claim is founded.

40114. Failure to file a claim within the time prescribed in this article constitutes a waiver of any demand against the state on account of overpayment.

40115. Within 30 days after disallowing any claim in whole or in part the board shall give notice of its action to the claimant in the manner prescribed for service of notice of a deficiency determination.

40116. Interest shall be paid upon any overpayment of any amount of surcharge at the rate of one-half of 1 percent per month from the last day of the calendar month following the quarterly period for which the overpayment was made; but no refund or credit shall be made of any interest imposed upon the person making the overpayment with respect to the amount being refunded or credited.

The interest shall be paid:

(a) In the case of a refund, to the last day of the calendar month following the date upon which the person making the overpayment, if he has not already filed a claim, is notified by the board that a claim may be filed or the date upon which the claim is approved by the board, whichever date is the earlier.

(b) In the case of a credit, to the same date as that to which interest is computed on the surcharge or amount against which the credit is applied.

40117. If the board determines that any overpayment has been made intentionally or by reason of carelessness, it shall not allow any interest thereon.

Article 2. Cancellations

40121. If any amount in excess of one thousand dollars ($1,000) has been illegally determined either by the person filing the return or by the board, the board shall set forth that fact in its records and certify to the State Board of Control the amount determined to be in excess of the amount legally due and the person against whom the determination was made. If the State Board of Control approves, it shall authorize the cancellation of the amount upon the records of the board. If an amount not exceeding one thousand dollars ($1,000) has been illegally determined either by the person filing a return or by the board, the board without certifying this fact to the State Board of Control shall authorize the cancellation of the amount upon the records of the board.

Article 3. Suit for Refund

40125. No injunction, or writ of mandate, judgment of declaratory relief, or other legal or equitable process shall issue in any suit, action, or proceeding in any court against the state or against any officer of the state to prevent or enjoin the collection under this part of any surcharge, or any amount of surcharge required to be collected.

40126. No suit or proceeding shall be maintained in any court for the recovery of any amount alleged to have been erroneously or illegally determined or collected unless a claim for refund or credit has been duly filed pursuant to Article 1 of this chapter.

40127. Within 90 days after the mailing of the notice of the board's action upon a claim filed pursuant to Article 1 (commencing with Section 40111) of this chapter, the claimant may bring an action against the board on the grounds set forth in the claim in a court of competent jurisdiction in any city or city and county of this state in which the Attorney General has an office for the recovery of the whole or any part of the amount with respect to which the claim has been disallowed.

40128. If the board fails to mail notice of action on a claim within six months after the claim is filed, the claimant may, prior to the mailing of notice by the board of its action on the claim, consider the claim disallowed and bring an action against the board on the grounds set forth in the claim for the recovery of the whole or any part of the amount claimed as an overpayment.

40129. If judgment is rendered for the plaintiff, the amount of the judgment shall first be credited on any surcharge due and payable from the plaintiff. The balance of the judgment shall be refunded to the plaintiff.

40130. In any judgment, interest shall be allowed at the rate of 6 percent per annum upon the amount found to have been illegally collected from the date of payment of the amount to the date of allowance of credit on account of the judgment or to a date preceding the date of the refund warrant by not more than 30 days, the date to be determined by the board.

40131. A judgment shall not be rendered in favor of the plaintiff in any action brought against the board to recover any amount paid when the action is brought by or in the name of an assignee of the person paying the amount or by any person other than the person who paid the amount.

CHAPTER 6. COLLECTION OF SURCHARGE

Article 1. Suit for Surcharge

40141. At any time within 10 years after any surcharge or any amount of surcharge required to be collected becomes due and payable, and at any time after any amount determined under

Articles 3 (commencing with Section 40071), 4 (commencing with Section 40081), and 5 (commencing with Section 40091) of Chapter 4 of this part becomes due and payable, the board may bring an action in the courts of this state, of any other state, or of the United States in the name of the people of California to collect the amount delinquent together with penalties.

40142. The Attorney General shall prosecute the action, and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proof, trials, and appeals are applicable to the proceedings.

40143. In the action a writ of attachment may issue, and no bond or affidavit previous to the issuing of the attachment is required.

40144. In the action a certificate by the board showing the delinquency shall be prima facie evidence of the determination of the surcharge or the amount of surcharge, of the delinquency of the amounts set forth, and of the compliance by the board with all the provisions of this part in relation to the computation and determination of the amounts.

40145. In any action brought under this part process may be served according to the Code of Civil Procedure and the Civil Code of this state.

Article 2. Notice to Withhold

40151. If any person is delinquent in the payment of the amount required to be paid by him or in the event a determination has been made against him which remains unpaid, the board may, not later than five years after the payment became delinquent, give notice thereof personally or by registered mail to all persons, including any officer or department of the state or any political subdivision or agency of the state, having in their possession or under their control any credits or other personal property belonging to the delinquent, or person against whom a determination has been made which remains unpaid, or owing any debts to the delinquent or such person. In the case of any state officer, department or agency, the notice shall be given to such officer, department or agency prior to the time it presents the claim of the delinquent to the State Controller.

40152. After receiving the notice the person so notified shall neither transfer nor make any other disposition of the credits, other personal property, or debts in their possession or under their control at the time they receive the notice until the board consents to a transfer or disposition or until 60 days elapse after the receipt of the notice, whichever period expires the earlier.

40153. All persons so notified shall forthwith after receipt of the notice advise the board of all such credits, other personal property, or debts in their possession, under their control, or owing by them. If such notice seeks to prevent the transfer or other disposition of a deposit in a bank or other credits or personal property in the possession or under the control of a bank, the notice to be effective

shall state the amount, interest and penalty due from the person and shall be delivered or mailed to the branch or office of such bank at which such deposit is carried or at which such credits or personal property is held. Notwithstanding any other provision, with respect to a deposit in a bank or other credits or personal property in the possession or under the control of a bank, the notice shall only be effective with respect to an amount not in excess of two times the amount, interest and penalty due from the person.

40154. If, during the effective period of the notice to withhold, any person so notified makes any transfer or disposition of the property or debts required to be withheld hereunder, to the extent of the value of the property or the amount of the debts thus transferred or paid he shall be liable to the state for any indebtedness due under this part from the person with respect to whose obligation the notice was given if solely by reason of such transfer or disposition the state is unable to recover the indebtedness of the person with respect to whose obligation the notice was given.

Article 3. Warrant for Collection

40161. At any time within five years after any person is delinquent in the payment of any amount required to be paid under this part the board or its authorized representative may issue a warrant for the collection of any amount required to be paid to the state under this part. The warrant shall be directed to any sheriff, marshal or constable and shall have the same effect as a writ of execution. The warrant shall be levied and sale made pursuant to it in the same manner and with the same effect as a levy and a sale pursuant to a writ of execution.

40162. The board shall pay the sheriff, marshal or constable, upon the completion of his services pursuant to a warrant, the same fees, commissions, and expenses for his services as are provided by law for similar services pursuant to a writ of execution. The board, and not the court, shall approve the fees for publication in a newspaper.

40163. The fees, commissions, and expenses are the obligation of the person required to pay any amount under this part and may be collected from him by virtue of the warrant or in any other manner provided in this part for the collection of the surcharge.

CHAPTER 7. ADMINISTRATION

Article 1. Regulations, Records and Reports

40171. The board shall enforce the provisions of this part and may prescribe, adopt, and enforce rules and regulations relating to the administration and enforcement of this part. The board may prescribe the extent to which any ruling or regulation shall be applied without retroactive effect.

40172. Every electric utility engaged in generating, purchasing,

transmitting, distributing, consuming or selling electrical energy in this state shall keep such records pertaining thereto in such form as the board may prescribe by rule or regulation.

40173. Every electric utility shall keep and maintain such records of meter readings and other records as may be necessary for the accurate determination of the kilowatt-hours of electrical energy generated, purchased, consumed or sold by it in this state.

40174. The board or its authorized representative may make such examination of the records, meters and equipment of any person generating, transmitting, distributing, consuming, purchasing or selling electrical energy and such other investigations as it may deem necessary in carrying out the provisions of this part.

40175. In addition to any other reports or returns required under this part, the board may by rule or otherwise require additional, supplemental or other reports from electric utilities, consumers, and any other person generating, purchasing, transmitting, distributing or consuming electrical energy, including verification of the information to be given on and the times for filing of such reports. For the purpose of carrying out its duties under Article 2 (commencing with Section 40031) of Chapter 2 of this part, the board may require such reports of estimates of future availability, generation, sales and consumption of electrical energy from such electric utilities and other persons as it may deem necessary. The board shall have full access to records of the Public Utilities Commission, and any political subdivision or public agency of this state that regulates, operates or owns an electric utility, which pertain to the generation, transmission, distribution, sale, purchase or consumption of electrical energy in this state.

Article 2. Disposition of Proceeds

40181. All amounts required to be paid to the state under this part shall be paid to the board in the form of remittances payable to State Board of Equalization of the State of California. The board shall transmit the payments to the State Treasurer to be deposited in the State Treasury to the credit of the Energy Resources Surcharge Fund, which fund is hereby created.

40182. All money deposited in the Energy Resources Surcharge Fund under this part shall upon order of the State Controller be drawn therefrom and transferred in the following manner:

(a) To pay the refunds authorized by this part.

(b) To the State Board of Equalization for the fiscal year 1974–1975 the sum of twenty-five thousand dollars ($25,000) for administration of this part.

(c) The balance shall be transferred to the State Energy Resources Conservation and Development Special Account in the General Fund.

Article 3. Violations

40186. Any person who fails or refuses to file a return or report required to be made or who fails or refuses to furnish a supplemental report or other data required by the board, or who renders a false or fraudulent report is guilty of a misdemeanor and may be fined not exceeding five hundred dollars ($500) for each offense.

Article 4. Notices

40191. A certificate by the board or an employee of the board stating that a notice required by this part was given by mailing or personal service shall be prima facie evidence in any administrative or judicial proceeding of the fact and regularity of the mailing of personal service in accordance with any requirement of this part for the giving of notice. Unless otherwise specifically required, any notice required by this part to be mailed or served may be given by mailing or personal service in the manner provided for giving notice of a deficiency determination.

SEC. 5. The enactment of Part 19 (commencing with Section 40001) of Division 2 of the Revenue and Taxation Code shall not preempt the field of taxation upon the use of electrical energy and shall not affect the validity of any such tax imposed by a chartered city.

SEC. 6. Notwithstanding Section 2231 of the Revenue and Taxation Code, and for the reasons stated in Section 4 of Chapter 276 of the Statutes of 1974, there shall be no reimbursement arising out of the enactment of Part 19 of Division 2 of the Revenue and Taxation Code or of the rules and regulations that are adopted pursuant thereto for the administration thereof by the State Board of Equalization.

SEC. 7. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 8. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect, however, Sections 1, 2 and 3 of this act shall become operative on January 7, 1975.

CHAPTER 992

An act to add Chapter 9.5 (commencing with Section 15300) to Part 3 of Division 9 of the Welfare and Institutions Code, relating to supportive care organizations.

[Approved by Governor September 23, 1974. Filed with Secretary of State September 23, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 9.5 (commencing with Section 15300) is added to Part 3 of Division 9 of the Welfare and Institutions Code, to read:

CHAPTER 9.5. SUPPORTIVE CARE ORGANIZATIONS

Article 1. General Provisions

15300. The Legislature finds that:

(a) Elderly persons, like any other persons, prefer to remain in their own homes rather than in dependent living situations, including long-term care facilities.

(b) Many elderly persons, with a minimal to moderate amount of supportive services, mainly nonmedical in character, could maintain themselves at home; others, with slightly more support and perhaps day care supervision, could remain in independent living situations or homes of relatives or friends. Yet it is just this nonmedical, nontechnical level of supportive services that is largely unavailable to the vast majority of old persons.

(c) Most elderly persons living on fixed incomes cannot afford private help or the cost of home health or homemaker agencies; elderly low-income public assistance recipients can receive such care only in limited circumstances under welfare cash grant attendant care or homemaker programs.

(d) Supportive personal and social care in many cases enables the elderly to maintain a state of health that decreases or postpones the need for health care.

(e) Reducing or postponing the need for health care is not only beneficial to the elderly individual's general welfare but also results in economic savings both to the individual, his or her family, and the people of California in cases where the elderly person is also a recipient of public assistance or potentially in need of public funds through cash grants, Medi-Cal, or use of state or county facilities.

(f) Titles XVIII and XIX of the Social Security Act are largely concerned with crisis or short-term care; there are no adequate programs, public or private, which financially assist the elderly person to maintain his independence, health and mobility at home.

15301. The purpose of this chapter is to use on an experimental pilot project basis, two model supportive care projects supervised by the Office on Aging.

Article 2. Definitions

15325. Unless the context otherwise requires, the definitions in this section govern the construction of this chapter.

(a) "Project" means a model supportive services project supervised by the Office on Aging.

(b) "Office" means the Office on Aging.
(c) "Elderly persons" means persons aged 60 and over.

Article 3. Scope of Services

15350. The projects shall specifically delineate the scope and nature of services to be offered to participants. Services shall include:
(a) Assistance with shopping.
(b) Assistance with meal preparation.
(c) Assistance with laundry.
(d) Assistance with home upkeep and management.
(e) Help with personal care and dressing.
(f) Transportation to any offered services not available at the participant's home.
(g) Counseling and information and referral services on financial, relocation, legal and other matters.
(h) Geriatric diagnostic health clinics at specified and limited places and times.
(i) A coordinating service for emergency and crisis intervention.
(j) Limited medical services, plus emergency medicine.
(k) Physical therapy (planned functional restitution).
(*l*) Social services.
(m) A hot meal per day.
(n) Social activities.

15351. Projects may offer day care centers providing necessary meals, personal care and therapeutic activities.

15352. Supportive care organization services shall be made available as needed. "Need" determinations shall be made jointly by the participants and project's staff. Any disagreements shall be appealable.

Article 4. Eligibility and Enrollment

15375. Projects shall establish eligibility criteria in order that a mix is obtained which will include both short-term and long-term participants who will make maximum use of the projects' resources. Priorities must be explained in full prior to contracting with the office and may be modified by the project, with office approval.

15376. Participants shall be charged on a sliding-fee scale basis which is reasonably related to ability to pay. An effort shall be made by the projects to give priority to low-income elderly persons. The office shall develop guidelines regarding the fees for service. The office shall make every effort to obtain necessary waivers for use of Medicare and Medicaid funds for services offered by the projects. The purposes of obtaining such waivers is to provide for the type of care specified in Sections 15350 and 15351, in addition to and not in lieu of any existing benefits currently available under the Medicare and Medicaid programs.

15377. No copayment charges shall be imposed upon Medi-Cal enrollees.

02157 255590 648

Article 5. Administration

15400. The supportive care organization shall make a concerted effort to employ persons over the age of 40 when such qualified personnel are available.

15405. A participant grievance procedure must be established by the project through which an aggrieved participant may submit his complaint to the project which will hear and take action on the complaint.

15406. If the participant is not satisfied with the project's disposition of his grievance, he may appeal the project's decision to the office. The office shall make a written determination within 30 days. Findings and recommendations of the office shall be binding upon the project.

Such lease shall be made in accordance with procedures, terms, and conditions to be prescribed by the commission. Such terms and conditions shall include all of the following:

(a) Provisions requiring the local agency to develop and maintain such portion of the remainder as a park.

(b) Provisions that whenever such portion of the remainder is needed for state highway purposes, the lease shall terminate.

(c) Provisions that whenever such portion of the remainder ceases to be used for park purposes, the lease shall terminate.

CHAPTER 994

An act to add Section 17262 to, and to repeal Section 17262 of, the Revenue and Taxation Code, relating to personal income tax deductions, to take effect immediately, tax levy.

[Approved by Governor September 23, 1974. Filed with Secretary of State September 23, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 17262 of the Revenue and Taxation Code is repealed.

SEC. 2. Section 17262 is added to the Revenue and Taxation Code, to read:

17262. (a) In the case of an individual who maintains a household which includes as a member one or more qualifying individuals (as defined in paragraph (1) of subdivision (b)), there shall be allowed as a deduction the employment-related expenses (as defined in paragraph (2) of subdivision (b)) paid by him during the taxable year.

(b) For purposes of this section—

(1) The term "qualifying individual" means—

(A) A dependent of the taxpayer who is under the age of 13 with respect to whom the taxpayer is entitled to a credit under subdivision (c) of Section 17054,

(B) A dependent of the taxpayer who is physically or mentally incapable of caring for himself;

(C) A nondependent child of the taxpayer who is under 13 years of age who has gross income of less than seven hundred fifty dollars ($750) in the calendar year; or

(D) The spouse of the taxpayer, if he is physically or mentally incapable of caring for himself.

(2) The term "employment-related expenses" means amounts paid for the necessary direct care of a qualifying individual, either as a babysitter in the case of minors or for similar direct care in the case of an adult, but only if such expenses are incurred to enable the taxpayer to be gainfully employed.

(3) An individual shall be treated as maintaining a household for any period only if over half of the cost of maintaining the household during such period is furnished by such individual (or if such individual is married during such period, is furnished by such individual and his spouse).

(c) (1) A deduction shall be allowed under subdivision (a) for employment-related expenses incurred during any month only to the extent such expenses do not exceed four hundred dollars ($400).

(2) (A) Except as provided in subparagraph (B), a deduction shall be allowed under subdivision (a) for employment-related expenses only if they are incurred for services in the taxpayer's household.

(B) Employment-related expenses which are incurred for services outside the taxpayer's household shall be taken into account only if incurred for the care of a qualifying individual described in subparagraph (A) or (C) of paragraph (1) of subdivision (b) and only to the extent such expenses incurred during any month do not exceed—

(i) One hundred fifty dollars ($150), in the case of one such individual,

(ii) Two hundred twenty-five dollars ($225), in the case of two such individuals, and

(iii) Two hundred seventy-five dollars ($275), in the case of three or more such individuals

(d) If the adjusted gross income of the taxpayer exceeds twelve thousand dollars ($12,000) for the taxable year during which the expenses are incurred, the amount of the deduction shall be reduced by fifty cents ($0.50) for each one dollar ($1) of such income above twelve thousand dollars ($12,000). For purposes of the preceding sentence, if the taxpayer is married during any period of the taxable year, there shall be taken into account the combined adjusted gross income of the taxpayer and his spouse for such period.

(e) For purposes of this section—

(1) If the taxpayer is married at the close of the taxable year, the deduction provided by subdivision (a) shall be allowed only if the taxpayer and his spouse file a joint return for the taxable year.

(2) If the taxpayer is married for any period during the taxable year, there shall be taken into account employment-related expenses incurred during any month of such period only if—

(A) Both spouses are gainfully employed on a substantially full-time basis, or

(B) The spouse is a qualifying individual described in subparagraph (D) of paragraph (1) of subdivision (b).

(3) No deduction shall be allowed under subdivision (a) for any amount paid by the taxpayer to an individual bearing a relationship to the taxpayer described in subdivisions (a) to (h), inclusive, of Section 17056 (relating to definition of dependent) or to a dependent described in subdivision (i) of such section.

(4) In the case of employment-related expenses incurred during any taxable year solely with respect to a qualifying individual (other than an individual who is also described in subparagraph (A) or (C) of paragraph (1) of subdivision (b)), the amount of such expenses which may be taken into account for purposes of this section shall (before the application of subdivision (c)) be reduced—

(A) If such individual is described in subparagraph (B) of paragraph (1) of subdivision (b), by the amount by which the sum of—

(i) Such individual's adjusted gross income for such taxable year, and

(ii) The disability payments received by such individual during such year, exceeds seven hundred fifty dollars ($750), or

(B) In the case of a qualifying individual described in subparagraph (D) of paragraph (1) of subdivision (b), by the amount of disability payments received by such individual during the taxable year.

For purposes of this paragraph, the term "disability payment" means a payment (other than a gift) which is made on account of the physical or mental condition of an individual and which is not included in gross income.

(f) For the purpose of paragraph (2) of subdivision (b), the term "employment-related expenses" does not include educational

expenses incurred for kindergarten or any higher level but may include educational expenses for nursery school, preschool or day care.

(g) The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the intent of this section.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of this act shall be applied in the computation of taxes for taxable years beginning after December 31, 1974.

CHAPTER 995

An act to amend Sections 4450, 4451, and 4452 of the Government Code, and to amend Section 19955.5 of the Health and Safety Code, relating to physically handicapped.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 4450 of the Government Code is amended to read:

4450. It is the purpose of this chapter to insure that all buildings, structures, sidewalks, curbs, and related facilities, constructed in this state by the use of state, county, or municipal funds, or the funds of any political subdivision of the state shall be accessible to and usable by, the physically handicapped. The State Architect shall adopt by regulation standards for making buildings, structures, and related facilities accessible to and usable by the physically handicapped. The regulations shall impose the same requirements for buildings and structures as are contained in pertinent provisions of the latest edition of the Uniform Building Code, as adopted by the International Conference of Building Officials, and shall contain such additional requirements relating to sidewalks, curbs, and other related facilities as the State Architect determines are necessary to assure access and usability for the physically handicapped. In developing and revising such additional requirements, the State Architect shall consult with the State Department of Rehabilitation, the League of California Cities, the County Supervisors Association of California, and at least one private organization representing and comprised of physically handicapped persons.

SEC. 2. Section 4451 of the Government Code is amended to read:

4451. Except as otherwise provided in this section, this chapter shall be limited in its application to all buildings and facilities stated in Section 4450 intended for use by the public, which have any

reasonable availability to, or usage by, physically handicapped persons, including all facilities used for education and instruction including the University of California, the California State Colleges, and the various junior college districts, which are constructed in whole or in part by the use of state, county, or municipal funds, or the funds of any political subdivision of the state.

Buildings, structures, and facilities, occupied 50 percent or more, which are leased, rented, contracted, sublet or hired for periods in excess of two years by any municipal, county, or state division of government, or special district shall be made accessible to and usable by the physically handicapped. Exceptions to this paragraph may be made upon application to, and approval by, the Department of Rehabilitation.

Except as otherwise provided by law, buildings, structures, sidewalks, curbs, and related facilities subject to the provisions of this chapter or Part 5.5 (commencing with Section 19955) of Division 13 of the Health and Safety Code shall conform to the regulations adopted pursuant to Section 4450 which are in effect on the date a building permit is issued therefor. With respect to such buildings, structures, sidewalks, curbs, and related facilities for which a building permit is not required, regulations adopted pursuant to Section 4450 which are in effect at the time construction is commenced shall be applicable.

All buildings, structures, and related facilities which are required to conform to the American Standards Association Specifications A117.1-1961 prior to the effective date of the regulations adopted by the State Architect shall continue to conform to the American Standards Association Specifications A117.1-1961.

This chapter shall apply to temporary or emergency construction as well as permanent buildings.

Administrative authorities as designated under Section 4453 may grant exceptions from the literal requirements of the standards or permit the use of other methods or materials, but only when it is clearly evident that equivalent facilitation and protection are thereby secured.

SEC. 3. Section 4452 of the Government Code is amended to read:

4452. It is the intent of the Legislature that the standards adopted by the State Architect pursuant to Section 4450 shall be used as minimum standards to insure that buildings, structures and related facilities covered by this chapter are accessible to, and functional for, the physically handicapped to, through, and within their doors, without loss of function, space, or facility where the general public is concerned.

Any unauthorized deviation from the standards shall be rectified by full compliance within 90 days after discovery of the deviation.

SEC. 4. Section 19955.5 of the Health and Safety Code is amended to read:

19955.5. All passenger vehicle service stations, shopping centers,

offices of physicians and surgeons, and office buildings constructed in this state with private funds shall adhere to the provisions of Chapter 7 (commencing with Section 4450) of Division 5 of Title 1 of the Government Code. As used in this section, "office building" means a structure wherein commercial activity or service is performed or a profession is practiced, or wherein any combination thereof is performed or practiced in all or the majority of such building or structure.

In multistoried buildings, floors or levels above and below the first floor or ground level are exempt from the requirements of this section if a ramp or elevator is not available to provide public access to such floors or levels.

When sanitary facilities are made available for the public, clients, or employees in such stations, centers, or buildings, they shall be made available for the physically handicapped.

Any new requirements imposed by the amendments to this section by Chapter 931 of the Statutes of 1973 shall only apply to such stations, centers, or office buildings constructed on or after September 30, 1973. Any other new requirements imposed by amendments to this section enacted by the Legislature at its 1973–74 Regular Session shall only apply to such offices or office buildings constructed on or after the effective date of the amendments.

SEC. 5. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act, because the duties, obligations, and responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden on local government.

CHAPTER 996

An act to amend Section 1231 of, and to repeal Section 25413.3 of, the Education Code, relating to school districts.

[Approved by Governor September 23, 1974. Filed with Secretary of State September 23, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 1231 of the Education Code is amended to read:

1231. (a) In any school district in which the average daily attendance for the school year 1963–1964 exceeded 400,000, each member of the city board of education or the governing board of the district may receive as compensation for his services the sum of one hundred dollars ($100) for each meeting of the board actually attended, not to exceed one thousand dollars ($1,000) per month. In any school district in which the average daily attendance exceeds

60,000, and which is not located in a city and county, or in any school district in which the average daily attendance exceeded 60,000 in the 1963–64 school year and was less than 60,000 in the 1972–73 school year or any subsequent school year, and which is not located in a city and county, the governing board may prescribe, as compensation for the services of each member of the board, the sum of seventy-five dollars ($75) for each meeting of the board actually attended, not to exceed seven hundred fifty dollars ($750) in any month. In any school district in which the average daily attendance for the school year 1972–73 was less than 60,000, except a district which also comes within the terms of the preceding sentence, but more than 25,000, each member of the city board of education or the governing board of the district may receive as compensation for his services not to exceed forty dollars ($40) for each meeting of the board actually attended, not to exceed three hundred dollars ($300) in any month. In any school district in which the average daily attendance for the school year 1972–1973 was 25,000 or less but more than 10,000, each member of the city board of education or the governing board of the district may receive as compensation for his services not to exceed thirty dollars ($30) for each meeting of the board actually attended, but not to exceed two hundred dollars ($200) in any month. In any school district in which the average daily attendance for the school year 1972–1973 was 10,000 or less but more than 1,000, each member of the city board of education or the governing board of the district may receive as compensation for his services not to exceed twenty dollars ($20) for each meeting of the board actually attended, not to exceed one hundred twenty dollars ($120) in any month. In any school district in which the average daily attendance for the 1972–1973 school year was 1,000 or less but more than 150, each member of the city board of education or the governing board of the district may receive as compensation for his services not to exceed ten dollars ($10) for each meeting of the board actually attended, but not to exceed sixty dollars ($60) in any month.

(b) A member may be paid for any meeting when absent if the board by resolution duly adopted and spread upon its minutes finds that at the time of the meeting he is performing services outside the meeting for the school district or districts. The compensation shall be a charge against the funds of the school district. If the city board of education or the governing board of the district is the governing board of more than one school district the compensation shall be charged against and paid by the respective school districts in the same proportion as the salary of the city superintendent of schools is charged against them. Compensation shall be reduced by an amount equal to any salary or compensation paid to the members of the city board of education from any funds of the city.

(c) As used in this section, "school district" includes community college districts.

SEC. 2. Section 1231 of the Education Code is amended to read:

1231. (a) In any school district in which the average daily

attendance for the school year 1963–1964 exceeded 400,000, each member of the city board of education or the governing board of the district may receive as compensation for his services the sum of one hundred dollars ($100) for each meeting of the board actually attended, not to exceed one thousand dollars ($1,000) per month. In any school district in which the average daily attendance exceeds 60,000, and which is not located in a city and county, or in any school district in which the average daily attendance exceeded 60,000 in the 1963–64 school year and was less than 60,000 in the 1972–73 school year or any subsequent school year, and which is not located in a city and county, the governing board may prescribe, as compensation for the services of each member of the board, the sum of seventy-five dollars ($75) for each meeting of the board actually attended, not to exceed seven hundred fifty dollars ($750) in any month. In any school district in which the average daily attendance for the school year 1972–1973 was less than 60,000, except a district which also comes within the terms of the preceding sentence, but more than 25,000, each member of the city board of education or the governing board of the district may receive as compensation for his services not to exceed forty dollars ($40) for each meeting of the board actually attended, not to exceed three hundred dollars ($300) in any month. In any school district in which the average daily attendance for the school year 1972–1973 was 25,000 or less but more than 10,000, each member of the city board of education or the governing board of the district may receive as compensation for his services not to exceed thirty dollars ($30) for each meeting of the board actually attended, but not to exceed two hundred dollars ($200) in any month. In any school district in which the average daily attendance for the school year 1972–1973 was 10,000 or less but more than 1,000, each member of the city board of education or the governing board of the district may receive as compensation for his services not to exceed twenty dollars ($20) for each meeting of the board actually attended, not to exceed one hundred twenty dollars ($120) in any month. In any school district in which the average daily attendance for the 1972–1973 school year was 1,000 or less but more than 150, each member of the city board of education or the governing board of the district may receive as compensation for his services not to exceed ten dollars ($10) for each meeting of the board actually attended, but not to exceed sixty dollars ($60) in any month.

(b) The compensation of members of the governing board of a school district newly organized or reorganized after June 30, 1973, shall be governed by subdivision (a). For such purposes the total average daily attendance in all of the schools of the district in the school year in which the organization or reorganization became effective pursuant to Section 1703 shall be deemed to be the average daily attendance in the district for the school year 1972–73.

(c) A member may be paid for any meeting when absent if the board by resolution duly adopted and spread upon its minutes finds that at the time of the meeting he is performing services outside the

meeting for the school district or districts. The compensation shall be a charge against the funds of the school district. If the city board of education or the governing board of the district is the governing board of more than one school district the compensation shall be charged against and paid by the respective school districts in the same proportion as the salary of the city superintendent of schools is charged against them. Compensation shall be reduced by an amount equal to any salary or compensation paid to the members of the city board of education from any funds of the city.

(d) As used in this section, "school district" includes community college districts.

SEC. 3. Section 25413.3 of the Education Code is repealed.

SEC. 4. It is the intent of the Legislature, if this bill and Assembly Bill No. 2695 are both chaptered and become effective on or before January 1, 1975, both bills amend Section 1231 of the Education Code, and this bill is chaptered after Assembly Bill No. 2695, that Section 1231 of the Education Code, as amended by Section 1 of Assembly Bill No. 2695 be further amended on the effective date of this act in the form set forth in Section 2 of this act to incorporate the changes in Section 1 proposed by this bill. Therefore, if this bill and Assembly Bill No. 2695 are both chaptered and become effective on or before January 1, 1975, and Assembly Bill No. 2695 is chaptered before this bill and amends Section 1231, Section 2 of this act shall become operative on the effective date of this act and Section 1 of this act shall not become operative.

CHAPTER 997

An act to amend Sections 1105, 1201, 2107, 5116, 9102, 9104, 9105, 9106, 9109, 9110, 9112, 9203, 9204, 9205, 9206, 9301, 9302, 9303, 9304, 9305, 9306, 9307, 9308, 9309, 9311, 9312, 9318, 9401, 9402, 9403, 9404, 9407, 9501, 9502, 9504, and 9506 of, to amend and renumber Section 9401.5 of, to add Sections 9103, 9114, 9408, 9505, and 9508 to, to add Division 11 (commencing with Section 11101) to, and to repeal Sections 9103, 9408, and 9505 of, the Commercial Code, relating to secured transactions.

[Approved by Governor September 23, 1974. Filed with Secretary of State September 23, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 1105 of the Commercial Code is amended to read:

1105. (1) Except as provided hereafter in this section, when a transaction bears a reasonable relation to this state and also to another state or nation the parties may agree that the law either of this state or of such other state or nation shall govern their rights and

duties. Failing such agreement this code applies to transactions bearing an appropriate relation to this state.

(2) Where one of the following provisions of this code specifies the applicable law, that provision governs and a contrary agreement is effective only to the extent permitted by the law (including the conflict of laws rules) so specified:

Rights of creditors against sold goods. Section 2402.

Applicability of the division on bank deposits and collections. Section 4102.

Bulk transfers subject to the division on bulk transfers. Section 6102.

Applicability of the division on investment securities. Section 8106.

Perfection provisions of the division on secured transactions. Section 9103.

SEC. 2. Section 1201 of the Commercial Code is amended to read:

1201. Subject to additional definitions contained in the subsequent divisions of this code which are applicable to specific divisions or chapters thereof, and unless the context otherwise requires, in this code:

(1) "Action" in the sense of a judicial proceeding includes recoupment, counterclaim, setoff, suit in equity and any other proceedings in which rights are determined.

(2) "Aggrieved party" means a party entitled to resort to a remedy.

(3) "Agreement" means the bargain of the parties in fact as found in their language or by implication from other circumstances including course of dealing or usage of trade or course of performance as provided in this code (Sections 1205 and 2208). Whether an agreement has legal consequences is determined by the provisions of this code, if applicable; otherwise by the law of contracts (Section 1103). (Compare "contract.")

(4) "Bank" means any person engaged in the business of banking.

(5) "Bearer" means the person in possession of an instrument, document of title, or security payable to bearer or indorsed in blank.

(6) "Bill of lading" means a document evidencing the receipt of goods for shipment issued by a person engaged in the business of transporting or forwarding goods, and which, by its terms, evidences the intention of the issuer that the person entitled under the document (Section 7403(4)) has the right to receive, hold and dispose of the document and the goods it covers. Designation of a document by the issuer as a "bill of lading" is conclusive evidence of such intention. "Bill of lading" includes an airbill. "Airbill" means a document serving for air transportation as a bill of lading does for marine or rail transportation, and includes an air consignment note or air waybill.

(7) "Branch" includes a separately incorporated foreign branch of a bank.

(8) "Burden of establishing" a fact means the burden of persuading the triers of fact that the existence of the fact is more

probable than its nonexistence.

(9) "Buyer in ordinary course of business" means a person who in good faith and without knowledge that the sale to him is in violation of the ownership rights or security interest of a third party in the goods buys in ordinary course from a person in the business of selling goods of that kind but does not include a pawnbroker. All persons who sell minerals or the like (including oil and gas) at wellhead or mineralhead shall be deemed to be persons in the business of selling goods of that kind. "Buying" may be for cash or by exchange of other property or on secured or unsecured credit and includes receiving goods or documents of title under a preexisting contract for sale but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

(10) "Conspicuous." A term or clause is conspicuous when it is so written that a reasonable person against whom it is to operate ought to have noticed it. A printed heading in capitals (as: NONNEGOTIABLE BILL OF LADING) is conspicuous. Language in the body of a form is "conspicuous" if it is in larger or other contrasting type or color. But in a telegram any stated term is "conspicuous." Whether a term or clause is "conspicuous" or not is for decision by the court.

(11) "Contract" means the total legal obligation which results from the parties' agreement as affected by this code and any other applicable rules of law. (Compare "agreement.")

(12) "Creditor" includes a general creditor, a secured creditor, a lien creditor and any representative of creditors, including an assignee for the benefit of creditors, a trustee in bankruptcy, a receiver in equity and an executor or administrator of an insolvent debtor's or assignor's estate.

(13) "Defendant" includes a person in the position of defendant in a cross-action or counterclaim.

(14) "Delivery" with respect to instruments, documents of title, chattel paper or securities means voluntary transfer of possession.

(15) "Document of title" includes bill of lading, dock warrant, dock receipt, warehouse receipt, gin ticket, compress receipt, and also any other document which in the regular course of business or financing is treated as adequately evidencing that the person entitled under the document (Section 7403(4)) has the right to receive, hold and dispose of the document and the goods it covers. To be a document of title a document must purport to be issued by a bailee and purport to cover goods in the bailee's possession which are either identified or are fungible portions of an identified mass.

(16) "Fault" means wrongful act, omission or breach.

(17) "Fungible" with respect to goods or securities means goods or securites of which any unit is, by nature or usage of trade, the equivalent of any other like unit. Goods which are not fungible shall be deemed fungible for the purposes of this code to the extent that under a particular agreement or document unlike units are treated as equivalents.

(18) "Genuine" means free of forgery or counterfeiting.

(19) "Good faith" means honesty in fact in the conduct or transaction concerned.

(20) "Holder" means a person who is in possession of a document of title or an instrument or an investment security drawn, issued or indorsed to him or to his order or to bearer or in blank.

(21) To "honor" is to pay or to accept and pay, or where a credit so engages to purchase or discount a draft complying with the terms of the credit.

(22) "Insolvency proceedings" includes any assignment for the benefit of creditors or other proceedings intended to liquidate or rehabilitate the estate of the person involved.

(23) A person is "insolvent" who either has ceased to pay his debts in the ordinary course of business or cannot pay his debts as they become due or is insolvent within the meaning of the federal bankruptcy law.

(24) "Money" means a medium of exchange authorized or adopted by a domestic or foreign government as a part of its currency.

(25) A person has "notice" of a fact when

(a) He has actual knowledge of it; or

(b) He has received a notice or notification of it; or

(c) From all the facts and circumstances known to him at the time in question he has reason to know that it exists.

A person "knows" or has "knowledge" of a fact when he has actual knowledge of it. "Discover" or "learn" or a word or phrase of similar import refers to knowledge rather than to reason to know. The time and circumstances under which a notice or notification may cease to be effective are not determined by this code.

(26) A person "notifies" or "gives" a notice or notification to another by taking such steps as may be reasonably required to inform the other in ordinary course whether or not such other actually comes to know of it. A person "receives" a notice or notification when

(a) It comes to his attention; or

(b) It is duly delivered at the place of business through which the contract was made or at any other place held out by him as the place for receipt of such communications.

(27) Notice, knowledge or a notice or notification received by an organization is effective for a particular transaction from the time when it is brought to the attention of the individual conducting that transaction, and in any event from the time when it would have been brought to his attention if the organization had exercised due diligence. An organization exercises due diligence if it maintains reasonable routines for communicating significant information to the person conducting the transaction and there is reasonable compliance with the routines. Due diligence does not require an individual acting for the organization to communicate information unless such communication is part of his regular duties or unless he

has reason to know of the transaction and that the transaction would be materially affected by the information.

(28) "Organization" includes a corporation, government or governmental subdivision or agency, business trust, estate, trust, partnership or association, two or more persons having a joint or common interest, or any other legal or commercial entity.

(29) "Party," as distinct from "third party," means a person who has engaged in a transaction or made an agreement within this division.

(30) "Person" includes an individual or an organization. (See Section 1102.)

(32) "Purchase" includes taking by sale, discount, negotiation, mortgage, pledge, lien, issue or reissue, gift or any other voluntary transaction creating an interest in property.

(33) "Purchaser" means a person who takes by purchase.

(34) "Remedy" means any remedial right to which an aggrieved party is entitled with or without resort to a tribunal.

(35) "Representative" includes an agent, an officer of a corporation or association, and a trustee, executor or administrator of an estate, or any other person empowered to act for another.

(36) "Rights" includes remedies.

(37) "Security interest" means an interest in personal property or fixtures which secures payment or performance of an obligation. The retention or reservation of title by a seller of goods notwithstanding shipment or delivery to the buyer (Section 2401) is limited in effect to a reservation of a "security interest." The term also includes any interest of a buyer of accounts or chattel paper which is subject to Division 9. The special property interest of a buyer of goods on identification of such goods to a contract for sale under Section 2501 is not a "security interest," but a buyer may also acquire a "security interest" by complying with Division 9. Unless a lease or consignment is intended as security, reservation of title thereunder is not a "security interest" but a consignment is in any event subject to the provisions on consignment sales (Section 2326). Whether a lease is intended as security is to be determined by the facts of each case; however, (a) the inclusion of an option to purchase does not of itself make the lease one intended for security, and (b) an agreement that upon compliance with the terms of the lease the lessee shall become or has the option to become the owner of the property for no additional consideration or for a nominal consideration does make the lease one intended for security.

(38) "Send" in connection with any writing or notice means to deposit in the mail or deliver for transmission by any other usual means of communication with postage or cost of transmission provided for and properly addressed and in the case of an instrument to an address specified thereon or otherwise agreed, or if there be none to any address reasonable under the circumstances. The receipt of any writing or notice within the time at which it would have arrived if properly sent has the effect of a proper sending. When a

writing or notice is required to be sent by registered or certified mail, proof of mailing is sufficient, and proof of receipt by the addressee is not required unless the words "with return receipt requested" are also used.

(39) "Signed" includes any symbol executed or adopted by a party with present intention to authenticate a writing.

(40) "Surety" includes guarantor.

(41) "Telegram" includes a message transmitted by radio, teletype, cable, any mechanical method of transmission, or the like.

(42) "Term" means that portion of an agreement which relates to a particular matter.

(43) "Unauthorized" signature or indorsement means one made without actual, implied or apparent authority and includes a forgery.

(44) "Value." Except as otherwise provided with respect to negotiable instruments and bank collections (Sections 3303, 4208 and 4209) a person gives "value" for rights if he acquires them

(a) In return for a binding commitment to extend credit or for the extension of immediately available credit whether or not drawn upon and whether or not a chargeback is provided for in the event of difficulties in collection; or

(b) As security for or in total or partial satisfaction of a preexisting claim; or

(c) By accepting delivery pursuant to a preexisting contract for purchase; or

(d) Generally, in return for any consideration sufficient to support a simple contract.

(45) "Warehouse receipt" means a document evidencing the receipt of goods for storage issued by a warehouseman (Section 7102), and which, by its terms, evidences the intention of the issuer that the person entitled under the document (Section 7403(4)) has the right to receive, hold and dispose of the document and the goods it covers. Designation of a document by the issuer as a "warehouse receipt" is conclusive evidence of such intention.

(46) "Written" or "writing" includes printing, typewriting or any other intentional reduction to tangible form.

SEC. 3. Section 2107 of the Commercial Code is amended to read:

2107. (1) A contract for the sale of minerals or the like (including oil and gas) or a structure or its materials to be removed from realty is a contract for the sale of goods within this division if they are to be severed by the seller but until severance a purported present sale thereof which is not effective as a transfer of an interest in land is effective only as a contract to sell.

(2) A contract for the sale apart from the land of growing crops or other things attached to realty and capable of severance without material harm thereto but not described in subdivision (1) or of timber to be cut is a contract for the sale of goods within this division whether the subject matter is to be severed by the buyer or by the seller even though it forms part of the realty at the time of contracting, and the parties can by identification effect a present sale

before severance.

(3) The provisions of this section are subject to any third party rights provided by the law relating to realty records, and the contract for sale may be executed and recorded in the same manner as a document transferring an interest in land and shall then constitute notice to third parties of the buyer's rights under the contract for sale.

SEC. 4. Section 5116 of the Commercial Code is amended to read:

5116. (1) The right to draw under a credit can be transferred or assigned only when the credit is expressly designated as transferable or assignable.

(2) Even though the credit specifically states that it is nontransferable or nonassignable the beneficiary may before performance of the conditions of the credit assign his right to proceeds. Such an assignment is an assignment of an account under Division 9 on secured transactions and is governed by that division except that

(a) The assignment is ineffective until the letter of credit or advice of credit is delivered to the assignee which delivery constitutes perfection of the security interest under Division 9; and

(b) The issuer may honor drafts or demands for payment drawn under the credit until it receives a notification of the assignment signed by the beneficiary which reasonably identifies the credit involved in the assignment and contains a request to pay the assignee; and

(c) After what reasonably appears to be such a notification has been received the issuer may without dishonor refuse to accept or pay even to a person otherwise entitled to honor until the letter of credit or advice of credit is exhibited to the issuer.

(3) Except where the beneficiary has effectively assigned his right to draw or his right to proceeds, nothing in this section limits his right to transfer or negotiate drafts or demands drawn under the credit.

SEC. 5. Section 6107 of the Commercial Code is amended to read:

6107. (1) The notice to creditors (Section 6105) shall state:

(a) That a bulk transfer is about to be made; and

(b) The names and business addresses of the transferor and, except in the case of a sale at auction, the transferee, and all other business names and addresses used by the transferor within three years last past so far as known to the transferee; and

(c) The location and general description of the property to be transferred; and

(d) The place, and the date on or after which, the bulk transfer is to be consummated.

(2) The notice shall be

(a) Recorded in the office of the county recorder in the county or counties in which the property to be transferred is located at least 10 days before the bulk transfer is to be consummated or the sale by auction is to be commenced; and

(b) Published at least once in a newspaper of general circulation

published in the judicial district in which the property is located, if there is one, and if there is none, then in a newspaper of general circulation in the county embracing such judicial district, at least 10 days before the bulk transfer is to be consummated or the sale by auction is to be commenced; and

(c) Personally delivered or sent by registered or certified mail at least 10 days before the bulk transfer is to be consummated or the sale by auction is to be commenced to the county tax collector in the county or counties in which the property to be transferred is located.

SEC. 6. Section 9102 of the Commercial Code is amended to read:

9102. (1) Except as otherwise provided in Section 9104 on excluded transactions, this division applies

(a) To any transaction (regardless of its form) which is intended to create a security interest in personal property including goods, documents, instruments, general intangibles, chattel paper or accounts; and also

(b) To any sale of accounts or chattel paper; and also

(c) To any transaction (regardless of its form) which is intended to create a security interest in goods which are or later become "fixtures" under the law of this state, but as against third parties having or acquiring an interest in or a lien on the real property, the rights and duties of the parties to the secured transactions are governed by the law of this state relating to real property and fixtures.

(2) This division applies to security interests created by contract including pledge, assignment, chattel mortgage, chattel trust, trust deed, inventory lien, equipment trust, conditional sale, trust receipt, other lien or title retention contract and lease or consignment intended as security. This division does not apply to statutory liens except as provided in Section 9310.

(3) The application of this division to a security interest in a secured obligation is not affected by the fact that the obligation is itself secured by a transaction or interest to which this division does not apply.

(4) Notwithstanding anything to the contrary in this division, no nonpossessory security interest, other than a purchase money security interest, may be given or taken in or to the inventory of a retail merchant held for sale, except in or to inventory consisting of durable goods having a unit retail value of at least five hundred dollars ($500) or motor vehicles, house trailers, trailers, semitrailers, farm and construction machinery and repair parts thereof, or aircraft. A cooperative association organized pursuant to Chapter 1 (commencing with Section 54001), Division 20 of the Food and Agricultural Code (Agricultural Cooperative Associations) or Part 3 (commencing with Section 13200), Division 3, Title 1 of the Corporations Code (Fish Marketing Act) is not to be deemed a merchant within the meaning of this subdivision. The phrase "purchase money security interest" as used in this subdivision does not extend to any after-acquired property other than the initial

property sold by a secured party or taken by a lender as security as provided in Section 9107. This subdivision does not apply to the inventory of a person whose sales for resale exceeded 75 percent in dollar volume of his total sales of all goods during the 12 months preceding the attachment of the security interest.

SEC. 7. Section 9103 of the Commercial Code is repealed.

SEC. 8. Section 9103 is added to the Commercial Code, to read:

9103. (1) (a) This subdivision applies to documents and instruments and to goods other than those covered by a certificate of title described in subdivision (2), mobile goods described in subdivision (3), and minerals described in subdivision (5), except that as to goods which are or later become fixtures under the law of this state, the application of this subdivision is limited by the provisions of subdivision (1) (c) of Section 9102.

(b) Except as otherwise provided in this subdivision, perfection and the effect of perfection or nonperfection of a security interest in collateral are governed by the law of the jurisdiction where the collateral is when the last event occurs on which is based the assertion that the security interest is perfected or unperfected.

(c) If the parties to a transaction creating a purchase money security interest in goods in one jurisdiction understand at the time that the security interest attaches that the goods will be kept in another jurisdiction, then the law of the other jurisdiction governs the perfection and the effect of perfection or nonperfection of the security interest from the time it attaches until 30 days after the debtor receives possession of the goods and thereafter if the goods are taken to the other jurisdiction before the end of the 30-day period.

(d) When collateral is brought into and kept in this state while subject to a security interest perfected under the law of the jurisdiction from which the collateral was removed, the security interest remains perfected, but if action is required by Chapter 3 of this division to perfect the security interest,

(i) If the action is not taken before the expiration of the period of perfection in the other jurisdiction or the end of four months after the collateral is brought into this state, whichever period first expires, the security interest becomes unperfected at the end of that period and is thereafter deemed to have been unperfected as against a person who became a purchaser after removal;

(ii) If the action is taken before the expiration of the period specified in subparagraph (i), the security interest continues perfected thereafter;

(iii) For the purpose of priority over a buyer of consumer goods (subdivision (2) of Section 9307), the period of the effectiveness of a filing in the jurisdiction from which the collateral is removed is governed by the rules with respect to perfection in subparagraphs (i) and (ii).

(2) (a) This subdivision applies to goods covered by a certificate of title issued under a statute of this state or of another jurisdiction

under the law of which indication of a security interest on the certificate is required as a condition of perfection whether such certificate is designated a "certificate of title," "certificate of ownership," or otherwise.

(b) Except as otherwise provided in this subdivision, perfection and the effect of perfection or nonperfection of the security interest are governed by the law (including the conflict of laws rules) of the jurisdiction issuing the certificate until four months after the goods are removed from that jurisdiction and thereafter until the goods are registered in another jurisdiction, but in any event not beyond surrender of the certificate. After the expiration of that period, the goods are not covered by the certificate of title within the meaning of this section.

(c) Except with respect to the rights of a buyer described in the next paragraph, a security interest, perfected in another jurisdiction otherwise than by notation on a certificate of title, in goods brought into this state and thereafter covered by a certificate of title issued by this state is subject to the rules stated in paragraph (d) of subdivision (1).

(d) If goods are brought into this state while a security interest therein is perfected in any manner under the law of the jurisdiction from which the goods are removed and a certificate of title is issued by this state and the certificate does not show that the goods are subject to the security interest or that they may be subject to security interests not shown on the certificate, the security interest is subordinate to the rights of a buyer of the goods who is not in the business of selling goods of that kind to the extent that he gives value and receives delivery of the goods after issuance of the certificate and without knowledge of the security interest.

(3) (a) This subdivision applies to accounts (other than an account described in subdivision (5) on minerals) and general intangibles and to goods which are mobile and which are of a type normally used in more than one jurisdiction, such as motor vehicles, trailers, rolling stock, airplanes, shipping containers, roadbuilding and construction machinery and commercial harvesting machinery and the like, if the goods are equipment or are inventory leased or held for lease by the debtor to others, and are not covered by a certificate of title described in subdivision (2).

(b) The law (including the conflict of laws rules) of the jurisdiction in which the debtor is located governs the perfection and the effect of perfection or nonperfection of the security interest.

(c) If, however, the debtor is located in a jurisdiction which is not a part of the United States, and which does not provide for perfection of the security interest by filing or recording in that jurisdiction, the law of the jurisdiction in the United States in which the debtor has its major executive office in the United States governs the perfection and the effect of perfection or nonperfection of the security interest through filing. In the alternative, if the debtor is located in a jurisdiction which is not a part of the United States or Canada and

the collateral is accounts or general intangibles for money due or to become due, the security interest may be perfected by notification to the account debtor. As used in this paragraph, "United States" includes its territories and possessions and the Commonwealth of Puerto Rico.

(d) A debtor shall be deemed located at his place of business if he has one, at his chief executive office if he has more than one place of business, otherwise at his residence. If, however, the debtor is a foreign air carrier under the Federal Aviation Act of 1958, as amended, it shall be deemed located at the designated office of the agent upon whom service of process may be made on behalf of the foreign air carrier.

(e) A security interest perfected under the law of the jurisdiction of the location of the debtor is perfected until the expiration of four months after a change of the debtor's location to another jurisdiction, or until perfection would have ceased by the law of the first jurisdiction, whichever period first expires. Unless perfected in the new jurisdiction before the end of that period, it becomes unperfected thereafter and is deemed to have been unperfected as against a person who became a purchaser after the change.

(4) The rules stated for goods in subdivision (1) apply to a possessory security interest in chattel paper. The rules stated for accounts in subdivision (3) apply to a nonpossessory security interest in chattel paper, but the security interest may not be perfected by notification to the account debtor.

(5) Perfection and the effect of perfection or nonperfection of a security interest which is created by a debtor who has an interest in minerals or the like (including oil and gas) before extraction and which attaches thereto as extracted, or which attaches to an account resulting from the sale thereof at the wellhead or minehead are governed by the law (including the conflict of laws rules) of the jurisdiction wherein the wellhead or minehead is located.

SEC. 9. Section 9104 of the Commercial Code is amended to read:

9104. This division does not apply

(a) To a security interest subject to any statute of the United States to the extent that such statute governs the rights of parties to and third parties affected by transactions in particular types of property; or

(c) To a lien given by statute or other rule of law for services or materials except as provided in Section 9310 on priority of such liens; or

(d) To a transfer of a claim for wages, salary or other compensation of an employee; or

(e) To a transfer, including creation of a security interest, by a government or governmental subdivision or agency; or

(f) To a sale of accounts or chattel paper as part of a sale of the business out of which they arose, or an assignments of accounts or chattel paper which is for the purpose of collection only, or a transfer of a right to payment under a contract to an assignee who is also to

do the performance under the contract or a transfer of a single account to an assignee in whole or partial satisfaction of a preexisting indebtedness; or

(g) To any loan made by an insurance company pursuant to the provisions of a policy or contract issued by it and upon the sole security of such policy or contract; or

(h) To a right represented by a judgment (other than a judgment taken in a right to payment which was collateral); or

(i) To any right of setoff; or

(j) To the creation or transfer of an interest in or lien on real estate, including a lease or rents thereunder and to any interest of a lessor and lessee in any such lease or rents; or

(k) To a transfer in whole or in part of any claim arising out of tort.

(*l*) To any security interest created by the assignment of the benefits of any public construction contract under the Improvement Act of 1911 (Division 7 (commencing with Section 5000), Streets and Highways Code).

SEC. 10. Section 9105 of the Commercial Code is amended to read:

9105. (1) In this division unless the context otherwise requires:

(a) "Account debtor" means the person who is obligated on an account, chattel paper or general intangible;

(b) "Chattel paper" means a writing or writings which evidence both a monetary obligation and a security interest in or a lease of specific goods, but a charter or other contract involving the use or hire of a vessel is not chattel paper. When a transaction is evidenced both by such a security agreement or a lease and by an instrument or a series of instruments, the group of writings taken together constitutes chattel paper;

(c) "Collateral" means the property subject to a security interest, and includes accounts and chattel paper which have been sold;

(d) "Debtor" means the person who owes payment or other performance of the obligation secured, whether or not he owns or has rights in the collateral, and includes the seller of accounts or chattel paper. Where the debtor and the owner of the collateral are not the same person, the term "debtor" means the owner of the collateral in any provision of the division dealing with the collateral, the obligor in any provision dealing with the obligation, and may include both where the context so requires;

(e) "Deposit account" means a demand, time, savings, passbook or like account maintained with a bank, savings and loan association, credit union or like organization, other than an account evidenced by a negotiable certificate of deposit;

(f) "Document" means document of title as defined in the general definitions of Division 1 (Section 1201), and a receipt of the kind described in subdivision (2) of Section 7201;

(g) "Encumbrance" includes real estate mortgages and other liens on real estate and all other rights in real estate that are not ownership interests;

(h) "Goods" includes all things which are movable at the time the security interest attaches or which are fixtures (other than goods incorporated into a structure in the manner of lumber, bricks, tile, cement, glass, metalwork and the like unless the structure remains personal property under applicable law), but does not include money, documents, instruments, accounts, chattel paper, general intangibles or minerals or the like (including oil and gas) before extraction. "Goods" also includes standing timber which is to be cut and removed under a conveyance or contract for sale, the unborn young of animals, and growing crops;

(i) "Instrument" means a negotiable instrument (defined in Section 3104), or a security (defined in Section 8102) or any other writing which evidences a right to the payment of money and is not itself a security agreement or lease and is of a type which is in ordinary course of business transferred by delivery with any necessary indorsement or assignment;

(j) "Mortgage" means a consensual interest created by a real estate mortgage, a trust deed on real estate, or the like;

(k) An advance is made "pursuant to commitment" if the secured party has bound himself to make it, whether or not a subsequent event of default or other event not within his control has relieved or may relieve him from his obligation;

(*l*) "Security agreement" means an agreement which creates or provides for a security interest;

(m) "Secured party" means a lender, seller or other person in whose favor there is a security interest, including a person to whom accounts or chattel paper have been sold. When the holders of obligations issued under an indenture of trust, equipment trust agreement or the like are represented by a trustee or other person, the representative is the secured party.

(n) "Transmitting utility" means any person primarily engaged in the railroad, street railway or trolley bus business, the electric or electronics communications transmission business, the transmission of goods by pipeline, or the transmission or the production and transmission of electricity, steam, gas or water, or the provision of sewer service.

(o) "New value" includes new advances or loans made, or new obligations incurred, or the release of a valid and existing security interest, or the release of a claim to proceeds; but "new value" shall not be construed to include extension or renewals of existing obligations of the debtor, nor obligations substituted for such existing obligations.

9106. "Account" means any right to payment for goods sold or leased or for services rendered which is not evidenced by an instrument or chattel paper, whether or not it has been earned by performance. "General intangibles" means any personal property (including things in action) other than goods, accounts, chattel paper, documents, instruments, and money. All rights to payment earned or unearned under a charter or other contract involving the use or hire of a vessel and all rights incident to the charter or contract are accounts.

SEC. 12. Section 9109 of the Commercial Code is amended to read:

9109. Goods are

(1) "Consumer goods" if they are used or bought for use primarily for personal, family or household purposes;

(2) "Equipment" if they are used or bought for use primarily in business (including farming or a profession) or by a debtor who is a nonprofit organization or a governmental subdivision or agency or if the goods are not included in the definitions of inventory, farm products or consumer goods;

(3) "Farm products" if they are crops or livestock or supplies used or produced in farming operations or if they are products of crops or livestock in their unmanufactured states (such as ginned cotton, wool clip, maple syrup, milk and eggs), and if they are in the possession of a debtor engaged in raising, fattening, grazing or other farming operations. If goods are farm products they are neither equipment nor inventory;

(4) "Inventory" if they are held by a person who holds them for sale or lease or to be furnished under contracts of service or if he has so leased or furnished them, or if they are raw materials, work in process or materials used or consumed in a business. Inventory of a

person is not to be classified as his equipment.

SEC. 13. Section 9110 of the Commercial Code is amended to read:

9110. For the purposes of this division any description of personal property or real estate is sufficient whether or not it is specific if it reasonably identifies what is described. Personal property may be referred to by general kind or class if the property can be reasonably identified as falling within such kind or class or if it can be so identified when it is acquired by the debtor.

SEC. 14. Section 9112 of the Commercial Code is amended to read:

9112. Unless otherwise agreed, when a secured party knows that collateral is owned by a person who is not the debtor, the owner of the collateral is entitled to receive from the secured party any surplus under Section 9502(2) or under Section 9504(1), and is not liable for the debt or for any deficiency after resale, and he has the same right as the debtor

(a) To receive statements under Section 9208;

(b) To receive notice of and to object to a secured party's proposal to retain the collateral in satisfaction of the indebtedness under Section 9505;

(c) To redeem the collateral under Section 9506;

(d) To obtain injunctive or other relief under Section 9507(1); and

(e) To recover losses caused to him under Section 9208(2).

SEC. 15. Section 9114 is added to the Commercial Code, to read:

9114. (1) A person who delivers goods under a consignment which is not a security interest and who would be required to file under this division by paragraph (3) (c) of Section 2326 has priority over a secured party who is or becomes a creditor of the consignee and who would have a perfected security interest in the goods if they were the property of the consignee, and also has priority with respect to identifiable cash proceeds received on or before delivery of the goods to a buyer, if

(a) The consignor complies with the filing provision of the division on sales with respect to consignments (paragraph (3) (c) of Section 2326) before the consignee receives possession of the goods; and

(b) The consignor gives notification in writing to the holder of the security interest if the holder has filed a financing statement covering the same types of goods before the date of the filing made by the consignor; and

(c) The holder of the security interest receives the notification within five years before the consignee receives possession of the goods; and

(d) The notification states that the consignor expects to deliver goods on consignment to the consignee describing the goods by item or type.

(2) In the case of a consignment which is not a security interest and in which the requirements of the preceding subdivision have not

been met, a person who delivers goods to another is subordinate to a person who would have a perfected security interest in the goods if they were the property of the debtor.

SEC. 16. Section 9203 of the Commercial Code is amended to read:

9203. (1) Subject to the provisions of Section 4208 on the security interest of a collecting bank and Section 9113 on a security interest arising under the division on sales, a security interest is not enforceable against the debtor or third parties with respect to the collateral and does not attach unless

(a) The collateral is in the possession of the secured party pursuant to agreement, or the debtor has signed a security agreement which contains a description of the collateral and in addition, when the security interest covers crops growing or to be grown or timber to be cut, a description of the land concerned; and

(b) Value has been given; and

(c) The debtor has rights in the collateral.

(2) A security interest attaches when it becomes enforceable against the debtor with respect to the collateral. Attachment occurs as soon as all of the events specified in subdivision (1) have taken place unless explicit agreement postpones the time of attaching.

(3) Unless otherwise agreed a security agreement gives the secured party the rights to proceeds provided by Section 9306.

(4) A transaction, although subject to this division, is also subject to the Retail Installment Sales Act, Title 2 (commencing at Section 1801) of Part 4, Division 3 of the Civil Code; the Automobile Sales Finance Act, Chapter 2b (commencing at Section 2981) of Title 14, Part 4, Division 3 of the Civil Code; the Industrial Loan Law, Division 7 (commencing at Section 18000) of the Financial Code; the Pawnbroker Law, Division 8 (commencing at Section 21000) of the Financial Code; the Personal Property Brokers Law, Division 9 (commencing at Section 22000) of the Financial Code; and the California Small Loan Law, Division 10 (commencing at Section 24000) of the Financial Code, and in the case of conflict between the provisions of this division and any such statute, the provisions of such statute control. Failure to comply with any applicable statute has only the effect which is specified therein.

SEC. 17. Section 9204 of the Commercial Code is amended to read:

9204. (1) Except as provided in subdivision (2) a security agreement may provide that any or all obligations covered by the security agreement are to be secured by afteracquired collateral.

(2) No security interest attaches under an afteracquired property clause to consumer goods other than accessions (Section 9314) when given as additional security unless the debtor acquires rights in them within 10 days after the secured party gives value.

(3) Obligations covered by a security agreement may include future advances or other value whether or not the advances or value are given pursuant to commitment (subdivision (1) of Section 9105).

SEC. 18. Section 9205 of the Commercial Code is amended to read:

9205. A security interest is not invalid or fraudulent against creditors by reason of liberty in the debtor to use, commingle or dispose of all or part of the collateral (including returned or repossessed goods) or to collect or compromise accounts or chattel paper, or to accept the return of goods or make repossessions, or to use, commingle or dispose of proceeds, or by reason of the failure of the secured party to require the debtor to account for proceeds or replace collateral. This section does not relax the requirements of possession where perfection of a security interest depends upon possession of the collateral by the secured party or by a bailee.

SEC. 19. Section 9206 of the Commercial Code is amended to read:

9206. (1) Subject to any statute or decision which establishes a different rule for buyers or lessees of consumer goods, an agreement by a buyer or lessee that he will not assert against an assignee any claim or defense which he may have against the seller or lessor is enforceable by an assignee who takes his assignment for value, in good faith and without notice of a claim or defense, except as to defenses of a type which may be asserted against a holder in due course of a negotiable instrument under the division on commercial paper (Division 3). A buyer who as part of one transaction signs both a negotiable instrument and a security agreement makes such an agreement.

(2) When a seller retains a purchase money security interest in goods the division on sales (Division 2) governs the sale and any disclaimer, limitation or modification of the seller's warranties.

SEC. 20. Section 9301 of the Commercial Code is amended to read:

9301. (1) Except as otherwise provided in subdivision (2), an unperfected security interest is subordinate to the rights of

(a) Persons entitled to priority under Section 9312;

(b) A person who becomes a lien creditor before the security interest is perfected;

(c) In the case of goods, instruments, documents, and chattel paper, a person who is not a secured party and who is a transferee in bulk or other buyer not in ordinary course of business to the extent that he gives value and receives delivery of the collateral without knowledge of the security interest and before it is perfected;

(d) In the case of accounts and general intangibles, a person who is not a secured party and who is a transferee to the extent that he gives value without knowledge of the security interest and before it is perfected.

(2) If the secured party files with respect to a purchase money security interest before or within 10 days after the debtor receives possession of the collateral, he takes priority over the rights of a transferee in bulk or of a lien creditor which arise between the time the security interest attaches and the time of filing.

(3) A "lien creditor" means a creditor who has acquired a lien on the property involved by attachment, levy or the like and includes an assignee for benefit of creditors from the time of assignment, and a trustee in bankruptcy from the date of the filing of the petition or a receiver in equity from the time of appointment.

(4) A person who becomes a lien creditor while a security interest is perfected takes subject to the security interest only to the extent that it secures advances made before he becomes a lien creditor or within 45 days thereafter or made without knowledge of the lien or pursuant to a commitment entered into without knowledge of the lien.

SEC. 21. Section 9302 of the Commercial Code is amended to read:

9302. (1) A financing statement must be filed to perfect all security interests except the following:

(a) A security interest in collateral in possession of the secured party under Section 9305;

(b) A security interest temporarily perfected in instruments or documents without delivery under Section 9304 or in proceeds for a 10-day period under Section 9306;

(c) A security interest created by an assignment of a beneficial interest in a trust or a decedent's estate;

(d) A purchase money security interest in consumer goods; but filing is required for a motor vehicle or boat required to be registered;

(f) A security interest of a collecting bank (Section 4208) or arising under the division on sales (see Section 9113) or covered in subdivision (3) of this section;

(g) An assignment for the benefit of all the creditors of the transferor, and subsequent transfers by the assignee thereunder;

(h) A security interest in a deposit account. Such a security interest is perfected:

(1) As to a deposit account maintained with the secured party when the security agreement is executed;

(2) As to a deposit account not described in subparagraph (1) when notice thereof is given in writing to the organization with whom the deposit account is maintained.

(i) A security interest in or claim in or under any policy of insurance including unearned premiums. Such interest shall be perfected when notice thereof is given in writing to the insurer.

(2) If a secured party assigns a perfected security interest, no filing under this division is required in order to continue the perfected status of the security interest against creditors of and transferees from the original debtor.

(3) The filing of a financing statement otherwise required by this division is not necessary or effective to perfect a security interest in property subject to

(a) A statute or treaty of the United States which provides for a national or international registration or a national or international

certificate of title or which specifies a place of filing different from that specified in this division for filing of the security interest; or

(b) The provisions of the Vehicle Code which require registration of a vehicle or boat; but during any period in which collateral is inventory held by a person who is in the business of selling such vehicles or boats, or both, as the case may be, the filing provisions of this division (Chapter 4) apply to a security interest in that collateral created by him as debtor; or

(c) A certificate of title statute of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection (subdivision (2) of Section 9103).

(4) Compliance with a statute or treaty described in subdivision (3) is equivalent to the filing of a financing statement under this division and a security interest in property subject to the statute or treaty can be perfected only by compliance therewith except as provided in Section 9103 on multiple state transactions. Duration and renewal of perfection of a security interest perfected by compliance with the statute or treaty are governed by the provisions of the statute or treaty; in other respects the security interest is subject to this division.

SEC. 22. Section 9303 of the Commercial Code is amended to read:

9303. (1) A security interest is perfected when it has attached and when all of the applicable steps required for perfection have been taken. Such steps are specified in Sections 9302, 9304, 9305 and 9306. If such steps are taken before the security interest attaches, it is perfected at the time when it attaches.

(2) If a security interest is originally perfected in any way permitted under this division and is subsequently perfected in some other way under this division, without an intermediate period when it was unperfected, the security interest shall be deemed to be perfected continuously for the purposes of this division.

SEC. 23. Section 9304 of the Commercial Code is amended to read:

9304. (1) A security interest in chattel paper or negotiable documents may be perfected by filing. A security interest in money or instruments (other than instruments which constitute part of chattel paper) can be perfected only by the secured party's taking possession, except as provided in subdivisions (4) and (5) of this section and subdivisions (2) and (3) of Section 9306 on proceeds.

(2) During the period that goods are in the possession of the issuer of a negotiable document therefor, a security interest in the goods is perfected by perfecting a security interest in the document, and any security interest in the goods otherwise perfected during such period is subject thereto.

(3) A security interest in goods in the possession of a bailee other than one who has issued a negotiable document therefor is perfected by issuance of a document in the name of the secured party or by the

bailee's receipt of notification of the secured party's interest or by filing as to the goods.

(4) A security interest in instruments or negotiable documents is perfected without filing or the taking of possession for a period of 21 days from the time it attaches to the extent that it arises for new value given under a written security agreement.

(5) A security interest remains perfected for a period of 21 days without filing where a secured party having a perfected security interest in an instrument, a negotiable document or goods in possession of a bailee other than one who has issued a negotiable document therefor

(a) Makes available to the debtor the goods or documents representing the goods for the purpose of ultimate sale or exchange or for the purpose of loading, unloading, storing, shipping, transshipping, manufacturing, processing or otherwise dealing with them in a manner preliminary to their sale or exchange, but priority between conflicting security interests in the goods is subject to subdivision (3) of Section 9312; or

(b) Delivers the instrument to the debtor for the purpose of ultimate sale or exchange or of presentation, collection, renewal or registration of transfer.

(6) After the 21-day period in subdivisions (4) and (5) perfection depends upon compliance with applicable provisions of this division.

SEC. 24. Section 9305 of the Commercial Code is amended to read:

9305. A security interest in letters of credit and advices of credit (paragraph (2) (a) of Section 5116), goods, instruments, money, negotiable documents or chattel paper may be perfected by the secured party's taking possession of the collateral. If such collateral other than goods covered by a negotiable document is held by a bailee, the secured party is deemed to have possession from the time the bailee receives notification of the secured party's interest. A security interest is perfected by possession from the time possession is taken without relation back and continues only so long as possession is retained, unless otherwise specified in this division. The security interest may be otherwise perfected as provided in this division before or after the period of possession by the secured party.

SEC. 25. Section 9306 of the Commercial Code is amended to read:

9306. (1) "Proceeds" includes whatever is received upon the sale, exchange, collection or other disposition of collateral or proceeds. Insurance payable by reason of loss or damage to the collateral is proceeds, except to the extent that it is payable to a person other than a party to the security agreement. Money, checks, deposit accounts, and the like are "cash proceeds." All other proceeds are "noncash proceeds."

(2) Except where this division otherwise provides, a security interest continues in collateral notwithstanding sale, exchange or other disposition thereof unless the disposition was authorized by the

secured party in the security agreement or otherwise, and also continues in any identifiable proceeds including collections received by the debtor.

(3) The security interest in proceeds is a continuously perfected security interest if the interest in the original collateral was perfected but it ceases to be a perfected security interest and becomes unperfected 10 days after receipt of the proceeds by the debtor unless

(a) A filed financing statement covers the original collateral and the proceeds are collateral in which a security interest may be perfected by filing in the office or offices where the financing statement has been filed and, if the proceeds are acquired with cash proceeds, the description of collateral in the financing statement indicates the types of property constituting the proceeds; or

(b) A filed financing statement covers the original collateral and the proceeds are identifiable cash proceeds; or

(c) The security interest in the proceeds is perfected before the expiration of the 10-day period.

Except as provided in this section, a security interest in proceeds can be perfected only by the methods or under the circumstances permitted in this division for original collateral of the same type.

(4) In the event of insolvency proceedings instituted by or against a debtor, a secured party with a perfected security interest in proceeds has a perfected security interest only in the following proceeds

(a) In identifiable noncash proceeds and in a separate deposit account containing only proceeds;

(b) In identifiable cash proceeds in the form of money which is neither commingled with other money nor deposited in a deposit account prior to the insolvency proceedings;

(c) In identifiable cash proceeds in the form of checks and the like which are not deposited in a deposit account prior to the insolvency proceedings; and

(d) In all cash and deposit accounts of the debtor in which proceeds have been commingled with other funds, but the perfected security interest under this paragraph (d) is

(i) Subject to any right of setoff; and

(ii) Limited to an amount not greater than the amount of any cash proceeds received by the debtor within 10 days before the institution of the insolvency proceedings less the sum of (I) the payments to the secured party on account of cash proceeds received by the debtor during such period and (II) the cash proceeds received by the debtor during such period to which the secured party is entitled under paragraphs (a) through (c) of this subdivision (4).

(5) If a sale of goods results in an account or chattel paper which is transferred by the seller to a secured party, and if the goods are returned to or are repossessed by the seller or the secured party, the following rules determine priorities:

(a) If the goods were collateral at the time of sale, for an

indebtedness of the seller which is still unpaid, the original security interest attaches again to the goods and continues as a perfected security interest if it was perfected at the time when the goods were sold. If the security interest was originally perfected by a filing which is still effective, nothing further is required to continue the perfected status; in any other case, the secured party must take possession of the returned or repossessed goods or must file.

(b) An unpaid transferee of the chattel paper has a security interest in the goods against the transferor. Such security interest is prior to a security interest asserted under paragraph (a) to the extent that the transferee of the chattel paper was entitled to priority under Section 9308.

(c) An unpaid transferee of the account has a security interest in the goods against the transferor. Such security interest is subordinate to a security interest asserted under paragraph (a).

(d) A security interest of an unpaid transferee asserted under paragraph (b) or (c) must be perfected for protection against creditors of the transferor and purchasers of the returned or repossessed goods.

SEC. 26. Section 9307 of the Commercial Code is amended to read:

9307. (1) A buyer in ordinary course of business (subdivision (9) of Section 1201) takes free of a security interest created by his seller even though the security interest is perfected and even though the buyer knows of its existence.

(3) A buyer other than a buyer in ordinary course of business (subdivision (1) of this section) takes free of a security interest to the extent that it secures future advances made after the secured party acquires knowledge of the purchase, unless made pursuant to a commitment entered into without knowledge of the purchase.

SEC. 27. Section 9308 of the Commercial Code is amended to read:

9308. A purchaser of chattel paper or an instrument who gives new value and takes possession of it in the ordinary course of his business has priority over a security interest in the chattel paper or instrument

(a) Which is perfected under Section 9304 (permissive filing and temporary perfection) or under Section 9306 (perfection as to proceeds) if he acts without knowledge that the specific paper or instrument is subject to a security interest; or

(b) Which is claimed merely as proceeds of inventory subject to a security interest (Section 9306) even though he knows that the specific paper or instrument is subject to the security interest.

SEC. 28. Section 9309 of the Commerical Code is amended to read:

9309. Nothing in this division limits the rights of a holder in due course of a negotiable instrument (Section 3302) or a holder to whom a negotiable document of title has been duly negotiated (Section 7501) or a bona fide purchaser of a security (Section 8301) and such

holders or purchasers take priority over an earlier security interest even though perfected. Filing under this division does not constitute notice of the security interest to such holders or purchasers.

SEC. 30. Section 9312 of the Commercial Code is amended to read:

9312. (1) The rules of priority stated in other sections of this chapter and in the following sections shall govern where applicable: Section 4208 with respect to the security interest of collecting banks in items being collected, accompanying documents and proceeds; Section 9103 on security interests related to other jurisdictions; Section 9114 on consignments.

(3) A perfected purchase money security interest in inventory has priority over a conflicting security interest in the same inventory and also has priority in identifiable cash proceeds received on or before the delivery of the inventory to a buyer if

(a) The purchase money security interest is perfected at the time the debtor receives possession of the inventory; and

(b) The purchase money secured party gives notification in writing to the holder of the conflicting security interest if the holder had filed a financing statement covering the same types of inventory (i) before the date of the filing made by the purchase money secured party, or (ii) before the beginning of the 21-day period where the purchase money security interest is temporarily perfected without filing or possession (subdivision (5) of Section 9304); and

(c) The holder of the conflicting security interest receives the notification within five years before the debtor receives possession of the inventory; and

(d) The notification states that the person giving the notice has or expects to acquire a purchase money security interest in inventory of the debtor, describing such inventory by item or type.

(4) A purchase money security interest in collateral other than inventory has priority over a conflicting security interest in the same collateral or its proceeds if the purchase money security interest is perfected at the time the debtor receives possession of the collateral or within 10 days thereafter.

(5) In all cases not governed by other rules stated in this section (including cases of purchase money security interests which do not qualify for the special priorities set forth in subdivisions (3) and (4)), priority between conflicting security interests in the same collateral shall be determined according to the following rules:

(a) Conflicting security interests rank according to priority in time of filing or perfection. Priority dates from the time a filing is first made covering the collateral or the time the security interest is first perfected, whichever is earlier, provided that there is no period thereafter when there is neither filing nor perfection.

(b) So long as conflicting security interests are unperfected, the first to attach has priority.

(6) For the purposes of subdivision (5) a date of filing or perfection as to collateral is also a date of filing or perfection as to

proceeds.

(7) If future advances are made while a security interest is perfected by filing or the taking of possession, the security interest has the same priority for the purposes of subdivision (5) with respect to the future advances as it does with respect to the first advance. If a commitment is made before or while the security interest is so perfected, the security interest has the same priority with respect to advances made pursuant thereto. In other cases a perfected security interest has priority from the date the advance is made.

SEC. 32. Section 9318 of the Commercial Code is amended to read:

9318. (1) Unless an account debtor has made an enforceable agreement not to assert defenses or claims arising out of a sale as provided in Section 9206 the rights of an assignee are subject to

(a) All the terms of the contract between the account debtor and assignor and any defense or claim arising therefrom; and

(b) Any other defense or claim of the account debtor against the assignor which accrues before the account debtor receives notification of the assignment.

(2) So far as the right to payment or a part thereof under an assigned contract has not been fully earned by performance, and notwithstanding notification of the assignment, any modification of or substitution for the contract made in good faith and in accordance with reasonable commercial standards is effective against an assignee unless the account debtor has otherwise agreed but the assignee acquires corresponding rights under the modified or substituted contract. The assignment may provide that such modification or substitution is a breach by the assignor.

(3) The account debtor is authorized to pay the assignor until the account debtor receives notification that the amount due or to become due has been assigned and that payment is to be made to the assignee. A notification which does not reasonably identify the rights assigned is ineffective. If requested by the account debtor, the assignee must seasonably furnish reasonable proof that the assignment has been made and unless he does so the account debtor may pay the assignor.

(4) A term in any contract between an account debtor and an assignor is ineffective if it prohibits assignment of an account or prohibits creation of a security interest in a general intangible for money due or to become due or requires the account debtor's consent to such assignment or security interest.

SEC. 33. Section 9401 of the Commercial Code is amended to read:

9401. (1) The proper place to file in order to perfect a security interest is as follows:

(a) When the collateral is consumer goods, then in the office of the county recorder in the county of the debtor's residence or if the debtor is not a resident of this state, then in the office of the county recorder of the county in which the goods are kept;

(b) When the collateral is crops growing or to be grown, timber to be cut or is minerals or the like (including oil and gas) or accounts subject to subdivision (5) of Section 9103, then in the office where a mortgage on the real estate would be recorded.

(c) In all other cases, in the office of the Secretary of State.

(2) A filing which is made in good faith in an improper place or not in all of the places required by this section is nevertheless effective with regard to any collateral as to which the filing complied with the requirements of this division and is also effective with regard to collateral covered by the financing statement against any person who has knowledge of the contents of such financing statement.

(3) A filing which is made in the proper place in this state continues effective even though the debtor's residence or place of business or the location of the collateral or its use, whichever controlled the original filing, is thereafter changed.

(4) The rules stated in Section 9103 determine whether filing is necessary in this state.

(5) Notwithstanding subdivision (1), and subject to subdivision (3) of Section 9302, the proper place to file in order to perfect a security interest in collateral, including fixtures, of a transmitting utility is the office of the Secretary of State.

(6) For the purposes of this section, the residence of an organization is its place of business if it has one or its chief executive office if it has more than one place of business.

SEC. 34. Section 9401.5 of the Commercial Code is amended and renumbered to read:

10105. (1) A financing statement or a continuation thereof, properly filed and effective pursuant to Section 9401 as it existed prior to January 1, 1971, remains valid and effective after January 1, 1971, until expiration of the usual five-year period from date of filing. Any termination, release, assignment or amendment of such a financing statement prior to expiration of the five-year period of effectiveness shall be filed, as previously required, with the county recorder who has filed the financing statement.

(2) After January 1, 1971, any continuation of a financing statement which had been properly filed with a county recorder prior to January 1, 1971, and which now would be required to be filed with the Secretary of State, shall be filed with the Secretary of State in accordance with Section 9403. Such a continuation statement must be accompanied by a certified copy of the entire record of the county recorder related to the financing statement. After filing of such a continuation statement with the Secretary of State, any termination, release, assignment, amendment, or continuation of the financing statement shall also be filed with the Secretary of State and any such documents affecting the financing statement which are not filed with the Secretary of State shall not be effective.

SEC. 35. Section 9402 of the Commercial Code is amended to read:

9402. (1) A financing statement is sufficient if it gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address of the debtor and contains a statement indicating the types, or describing the items, of collateral. A financing statement should include the debtor's trade name or style, if any, if known to the secured party, but a failure to include such trade name or style shall not under any circumstances affect the validity of the financing statement. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. When the financing statement covers crops growing or to be grown, the statement must also contain a description of the real estate concerned. When the financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subdivision (5) of Section 9103, the statement must also comply with subdivision (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor. A certified copy of a financing statement or security agreement is sufficient as a financing statement if the original thereof was filed in this state.

(2) A financing statement which otherwise complies with subdivision (1) is sufficient when it is signed by the secured party instead of the debtor if it is filed to perfect a security interest in

(a) Collateral already subject to a security interest in another jurisdiction when it is brought into this state or when the debtor's location is changed to this state. Such a financing statement must state that the collateral was brought into this state or that the debtor's location was changed to this state under such circumstances; or

(b) Proceeds under Section 9306, if the security interest in the original collateral was perfected. Such a financing statement must describe the original collateral and give the date of filing and the file number of the prior financing statement; or

(c) Collateral as to which the filing has lapsed. Such a financing statement must include a statement to the effect that the prior financing statement has lapsed and give the date of filing and the file number of the prior financing statement; or

(d) Collateral acquired after a change of name, identity or corporate structure of the debtor (subdivision (6)). Such a financing statement must include a statement that the name, identity or corporate structure of the debtor has been changed and give the date of filing and the file number of the prior financing statement and the name of the debtor as shown in the prior financing statement.

(3) A form substantially as follows is sufficient to comply with subdivision (1):

Name of debtor (or assignor) _____
Address _____
Name of secured party (or assignee) _____
Address _____
Debtor's trade name or style, if any _____
1. This financing statement covers the following types (or items) of property: (Describe) _____
2. (If collateral is crops) The above-described crops are growing or are to be grown on: (Describe real estate) _____
3. (If products of collateral are claimed) Products of the collateral are also covered.

(Use whichever is applicable)

_____
Signature of debtor (or assignor)

_____
Signature of secured party (or assignee)

* Where appropriate substitute either "The above timber is standing on . ." or "The above mineral or the like (including oil and gas) or accounts will be financed at the wellhead or minehead of the well or mine located on . "

(4) A financing statement may be amended by filing a writing signed by both the debtor and the secured party, or by the secured party alone in the case of an amendment pursuant to subdivision (6). An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this division, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments.

(5) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to subdivision (5) of Section 9103, must show that it covers this type of collateral, must recite that it is to be recorded in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of the real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner.

(6) A financing statement sufficiently shows the name of the debtor if it gives the individual, partnership or corporate name of the debtor, whether or not it adds other trade names or names of partners. Where the debtor so changes his name or in the case of an organization its name, identity or corporate structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than four months after the change, unless a new appropriate financing statement or an appropriate amendment to the filed financing statement is filed before the acquisition of the

collateral by the debtor. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(7) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading.

SEC. 36. Section 9403 of the Commercial Code is amended to read:

9403. (1) Presentation for filing of a financing statement, tender of the filing fee and acceptance of the statement by the filing officer constitutes filing under this division.

(2) Except as provided in subdivision (6), a filed financing statement is effective for a period of five years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of such five-year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of 60 days or until expiration of the five-year period, whichever occurs later. Upon such lapse the security interest becomes unperfected unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party of record within six months prior to the expiration of the five-year period specified in subdivision (2). Any such continuation statement must be signed by the secured party of record, identify the original statement by giving the date and the names of the parties thereto and the file number thereof and state that the original statement is continued. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in subdivision (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. The filing officer may remove a lapsed financing statement and related filings from the files and destroy them immediately if he has retained a microfilm or other photographic record, or in other cases after one year after the lapse. The filing officer shall so arrange matters by physical annexation of financing statements to continuation statements or other related filings, or by other means, that if he physically destroys the financing statements of a period more than five years past, those which have been continued by a continuation statement or which are still effective under subdivision (6) shall be retained. The filing officer shall not destroy a financing statement and related filings as to which he has received written notice that

there is an action pending relative thereto or that insolvency proceedings have been commenced by or against the debtor.

(4) Except as provided in subdivision (7) a filing officer shall mark each financing statement with a consecutive file number and with the date and time of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition the filing officer shall index the statement according to the name of the debtor and shall note in the index the file number and the address of the debtor given in this statement. The filing officer shall mark each continuation statement with the date and time of filing and shall index the same under the file number of the original financing statement.

(5) The uniform fee for filing, indexing and furnishing filing data (subdivision 1 of Section 9407) for an original financing statement, an amendment or a continuation statement shall be three dollars ($3) if the statement is in the standard form prescribed by the Secretary of State and otherwise shall be four dollars ($4).

(6) If the debtor is a transmitting utility (subdivision (5) of Section 9401) and a filed financing statement so states, it is effective until a termination statement is filed.

(7) A financing or continuation statement covering collateral described in paragraph (b) of subdivision (1) of Section 9401 shall be recorded and indexed by the filing officer in the real property index of grantors under the name of the debtor. A financing or continuation statement so recorded and indexed and containing a description of real property affected thereby shall constitute constructive notice from the time of its acceptance for recording to any purchaser or encumbrancer of the real property of the security interest in such collateral.

SEC. 37. Section 9404 of the Commercial Code is amended to read:

9404. (1) Whenever there is no outstanding secured obligation and no commitment to make advances, incur obligations or otherwise give value, the secured party of record must on written demand by the debtor send the debtor a statement that he no longer claims a security interest under the financing statement, which shall be identified by date, names of parties thereto and file number. If the affected secured party of record fails to send such a termination statement within 10 days after proper demand therefor he shall be liable to the debtor for all actual damages suffered by the debtor by reason of such failure, and if the failure is in bad faith for a penalty of one hundred dollars ($100).

(2) The filing officer shall mark each such termination statement with the date and time of filing and shall index the same under the name of the debtor and under the file number of the original financing statement. If the filing officer has a microfilm or other photographic record of the financing statement and related filings, he may remove the originals from the files at any time after receipt of the termination statement and destroy them, or if he has no such

record, he may remove them from his files at any time after one year after receipt of the termination statement and destroy them.

(3) The uniform fee for filing, indexing and furnishing filing data (subdivision (1) of Section 9407) for a termination statement shall be three dollars ($3) if the statement is in the standard form prescribed by the Secretary of State and otherwise shall be four dollars ($4).

SEC. 39. Section 9407 of the Commercial Code is amended to read:

9407. (1) If the person filing any financing statement, amendment, termination statement, statement of assignment, continuation statement, or statement of release, furnishes the filing officer a copy thereof, the filing officer shall upon request note upon the copy of a financing statement the file number and upon the copy of any of such statements the date and time of the filing of the original and deliver or send the copy to such person.

(2) Upon request of any person, the filing officer shall issue his certificate showing whether there is on file on the date and time stated therein, any presently effective financing statement naming a particular debtor and any statement of assignment thereof and if there is, giving the date and time of filing of each such statement and the names and addresses of each secured party therein. The certificate shall not include any statement as to the possibility of insolvency proceedings which might have the effect of preventing the lapse of effectiveness of a filed financing statement pursuant to Section 9403 whether actual insolvency proceedings are known or unknown to the filing officer. The uniform fee for such a certificate shall be five dollars ($5). Upon request the filing officer shall furnish a copy of any filed financing statement or related filings for a uniform fee of one dollar ($1) for the first page and fifty cents ($0.50) for each page thereafter.

(3) Fees to be charged by the Secretary of State for daily or less frequent summaries or compilations of filings, which he may furnish, shall be sufficient to pay at least the actual cost of such service. Fees shall be determined by the Secretary of State with the approval of the Department of Finance. Such summaries or compilations may be in the form of microfilm copies or such other form as may be provided for the required information.

SEC. 40. Section 9408 of the Commercial Code is repealed.

SEC. 41. Section 9408 is added to the Commercial Code, to read:

9408. A consignor or lessor of goods may file a financing statement using the terms "consignor," "consignee," "lessor," "lessee" or the like instead of the terms specified in Section 9402. The provisions of this part shall apply as appropriate to such a financing statement but its filing shall not of itself be a factor in determining whether or not the consignment or lease is intended as security (Section 1201(37)). However, if it is determined for other reasons that the consignment or lease is so intended, a security interest of the consignor or lessor which attaches to the consigned or leased goods is perfected by such filing.

SEC. 42. Section 9501 of the Commercial Code is amended to read:

9501. (1) When a debtor is in default under a security agreement, a secured party has the rights and remedies provided in this chapter and except as limited by subdivision (3) those provided in the security agreement. He may reduce his claim to judgment, foreclose or otherwise enforce the security interest by any available judicial procedure. If the collateral is documents the secured party may proceed either as to the documents or as to the goods covered thereby. A secured party in possession has the rights, remedies and duties provided in Section 9207. The rights and remedies referred to in this subdivision are cumulative.

(2) After default, the debtor has the rights and remedies provided in this chapter, those provided in the security agreement and those provided in Section 9207.

(3) To the extent that they give rights to the debtor and impose duties on the secured party, the rules stated in the subdivisions referred to below may not be waived or varied except as provided with respect to compulsory disposition of collateral (subdivision (3) of Section 9504 and Section 9505) and with respect to redemption of collateral (Section 9506) but the parties may by agreement determine the standards by which the fulfillment of these rights and duties is to be measured if such standards are not manifestly unreasonable:

(a) Subdivision (2) of Section 9502 and subdivision (2) of Section 9504 insofar as they require accounting for surplus proceeds of collateral;

(b) Subdivision (3) of Section 9504 and subdivision (1) of Section 9505 which deal with disposition of collateral;

(c) Subdivision (2) of Section 9505 which deals with acceptance of collateral as discharge of obligation;

(d) Section 9506 which deals with redemption of collateral; and

(e) Subdivision (1) of Section 9507 which deals with the secured party's liability for failure to comply with this chapter.

(4) If the security agreement covers both real and personal property, the secured party may proceed under this chapter as to the personal property or he may proceed as to both the real and the personal property in accordance with his rights and remedies in respect of the real property in which case the provisions of this chapter do not apply.

(5) When a secured party has reduced his claim to judgment the lien of any levy which may be made upon his collateral by virtue of any execution based upon the judgment shall relate back to the date of the perfection of the security interest in such collateral. A judicial sale, pursuant to such execution, is a foreclosure of the security interest by judicial procedure within the meaning of this section, and the secured party may purchase at the sale and thereafter hold the collateral free of any other requirements of this division.

SEC. 43. Section 9502 of the Commercial Code is amended to

read:

9502. (1) When so agreed and in any event on default the secured party is entitled to notify an account debtor or the obligor on an instrument to make payment to him whether or not the assignor was theretofore making collections on the collateral, and also to take control of any proceeds to which he is entitled under Section 9306.

(2) A secured party who by agreement is entitled to charge back uncollected collateral or otherwise to full or limited recourse against the debtor and who undertakes to collect from the account debtors or obligors must proceed in a commercially reasonable manner and may deduct his reasonable expenses of realization from the collections. If the security agreement secures an indebtedness, the secured party must account to the debtor for any surplus, and unless otherwise agreed, the debtor is liable for any deficiency. But, if the underlying transaction was a sale of accounts or chattel paper, the debtor is entitled to any surplus or is liable for any deficiency only if the security agreement so provides.

SEC. 44. Section 9504 of the Commercial Code is amended to read:

9504. (1) A secured party after default may sell, lease or otherwise dispose of any or all of the collateral in its then condition or following any commercially reasonable preparation or processing. Any sale of goods is subject to the division on sales (Division 2). The proceeds of disposition shall be applied in the order following to

(a) The reasonable expenses of retaking, holding, preparing for sale or lease, selling, leasing and the like and, to the extent provided for in the agreement and not prohibited by law, the reasonable attorneys' fees and legal expenses incurred by the secured party;

(b) The satisfaction of indebtedness secured by the security interest under which the disposition is made;

(c) The satisfaction of indebtedness secured by any subordinate security interest in the collateral if written notification of demand therefor is received before distribution of the proceeds is completed. If requested by the secured party, the holder of a subordinate security interest must seasonably furnish reasonable proof of his interest, and unless he does so, the secured party need not comply with his demand.

(2) If the security interest secures an indebtedness, the secured party must account to the debtor for any surplus, and, unless otherwise agreed, the debtor is liable for any deficiency. But if the underlying transaction was a sale of accounts or chattel paper, the debtor is entitled to any surplus or is liable for any deficiency only if the security agreement so provides.

(3) A sale or lease of collateral may be as a unit or in parcels, at wholesale or retail and at any time and place and on any terms, provided the secured party acts in good faith and in a commercially reasonable manner. Unless collateral is perishable or threatens to decline speedily in value or is of a type customarily sold on a

recognized market, the secured party must give to the debtor, if he has not signed after default a statement renouncing or modifying his right to notification of sale, and to any other person who has a security interest in the collateral and who has filed with the secured party a written request for notice giving his address (before that secured party sends his notification to the debtor or before debtor's renunciation of his rights), a notice in writing of the time and place of any public sale or of the time on or after which any private sale or other intended disposition is to be made. Such notice must be delivered personally or be deposited in the United States mail postage prepaid addressed to the debtor at his address as set forth in the financing statement or as set forth in the security agreement or at such other address as may have been furnished to the secured party in writing for this purpose, or, if no address has been so set forth or furnished, at his last known address, and to any other secured party at the address set forth in his request for notice, at least five days before the date fixed for any public sale or before the day on or after which any private sale or other disposition is to be made. Notice of the time and place of a public sale shall also be given at least five days before the date of sale by publication once in a newspaper of general circulation published in the county in which the sale is to be held. Any public sale shall be held in the county or place specified in the security agreement, or if no county or place is specified in the security agreement, in the county in which the collateral or any part thereof is located or in the county in which the debtor has his residence or chief place of business, or in the county in which the secured party has his residence or a place of business if the debtor does not have a residence or chief place of business within this state. If the collateral is located outside of this state or has been removed from this state, a public sale may be held in the locality in which the collateral is located. Any public sale may be postponed from time to time by public announcement at the time and place last scheduled for the sale. The secured party may buy at any public sale and if the collateral is customarily sold in a recognized market or is the subject of widely or regularly distributed standard price quotations he may buy at private sale. Any sale of which notice is delivered or mailed and published as herein provided and which is held as herein provided is a public sale

(4) When collateral is disposed of by a secured party after default, the disposition transfers to a purchaser for value all of the debtor's rights therein, discharges the security interest under which it is made and any security interest or lien subordinate thereto. The purchaser takes free of all such rights and interest even though the secured party fails to comply with the requirements of this chapter or of any judicial proceedings

(a) In the case of a public sale, if the purchaser has no knowledge of any defects in the sale and if he does not buy in collusion with the secured party, other bidders or the person conducting the sale; or

(b) In any other case, if the purchaser acts in good faith

(5) A person who is liable to a secured party under a guaranty, indorsement, repurchase agreement or the like and who receives a transfer of collateral from the secured party or is subrogated to his rights has thereafter the rights and duties of the secured party. Such a transfer of collateral is not a sale or disposition of the collateral under this division.

SEC. 45. Section 9505 of the Commercial Code is repealed.

SEC. 46. Section 9505 is added to the Commercial Code, to read:

9505. (1) If the debtor has paid 60 percent of the cash price in the case of a purchase money security interest in consumer goods or 60 percent of the loan in the case of another security interest in consumer goods, and has not signed after default a statement renouncing or modifying his rights under this chapter a secured party who has taken possession of collateral must dispose of it under Section 9504 and if he fails to do so within 90 days after he takes possession or within a reasonable time after such 90-day period, the debtor at his option may recover in conversion or under Section 9507(1) on secured party's liability.

(2) In any other case involving consumer goods or any other collateral a secured party in possession may, after default, propose to retain the collateral in satisfaction of the obligation. Written notice of such proposal shall be sent to the debtor if he has not signed after default a statement renouncing or modifying his rights under this subdivision. In the case of consumer goods no other notice need be given. In other cases notice shall be sent to any other secured party from whom the secured party has received (before sending his notice to the debtor or before the debtor's renunciation of his rights) written notice of a claim of an interest in the collateral. If the secured party receives objection in writing from a person entitled to receive notification within 21 days after the notice was sent, the secured party must dispose of the collateral under Section 9504. In the absence of such written objection the secured party may retain the collateral in satisfaction of the debtor's obligation.

SEC. 47. Section 9506 of the Commercial Code is amended to read:

9506. At any time before the secured party has disposed of collateral or entered into a contract for its disposition under Section 9504 or before the obligation has been discharged under Section 9505(2) the debtor or any other secured party may unless otherwise agreed in writing after default redeem the collateral by tendering fulfillment of all obligations secured by the collateral as well as the expenses reasonably incurred by the secured party in retaking, holding and preparing the collateral for disposition, in arranging for the sale, and to the extent provided in the agreement and not prohibited by law, his reasonable attorneys' fees and and legal expenses.

SEC. 47.5. Section 9508 is added to the Commercial Code, to read:

9508. No renunciation or modification by the debtor of any of his rights under this chapter as to consumer goods shall be valid or

enforceable unless the renunciation or modification is in consideration of a waiver by the secured party of any right to a deficiency on the debt.

SEC. 48. Division 11 (commencing with Section 11101) is added to the Commercial Code, to read:

DIVISION 11. EFFECTIVE DATE AND TRANSITION PROVISIONS

11101. The amendments to this code, as adopted by the Legislature at the 1973–74 Regular Session, shall become effective at 12:01 a.m. on January 1, 1976.

11102. The provisions of Division 10 shall continue to apply to this code, as amended by the Legislature at the 1973–74 Regular Session, and for this purpose this code as it existed prior to January 1, 1976, and this code, as amended by the Legislature at the 1973–74 Regular Session, shall be considered one continuous statute.

11103. Transactions validly entered into after January 1, 1965, and before January 1, 1976, and which were subject to the provisions of this code and which would be subject to this code as amended by the Legislature at the 1973–74 Regular Session if they had been entered into after January 1, 1976, and the rights, duties and interests flowing from such transactions remain valid after January 1, 1976, and may be terminated, completed, consummated or enforced as required or permitted by this code as amended by the Legislature at the 1972 Regular Session. Security interests arising out of such transactions which are perfected on January 1, 1976 shall remain perfected until they lapse as provided in this code as amended by the Legislature at the 1973–74 Regular Session, and may be continued as permitted by this code as amended by the Legislature at the 1973–74 Regular Session, except as stated in Section 11105.

11104. A security interest for the perfection of which filing or the taking of possession was required under this code and which attached prior to January 1, 1976, but was not perfected shall be deemed perfected on January 1, 1975, if this code as amended by the Legislature at the 1973–74 Regular Session permits perfection without filing or authorizes filing in the office or offices where a prior ineffective filing was made.

11105. (1) A financing statement or continuation statement filed prior to January 1, 1976, which shall not have lapsed prior to January 1, 1976, shall remain effective for the period provided in this code as it existed prior to January 1, 1976, but not less than five years after the filing.

(2) With respect to any collateral acquired by the debtor subsequent to January 1, 1976, any effective financing statement or continuation statement described in this section shall apply only if the filing or filings are in the office or offices that would be appropriate to perfect the security interests in the new collateral under this code as amended by the Legislature at the 1973–74

Regular Session.

(3) The effectiveness of any financing statement or continuation statement filed prior to January 1, 1976, may be continued by a continuation statement as permitted by this code as amended by the Legislature at the 1973–74 Regular Session, except that if this code, as amended by the Legislature at the 1973–74 Regular Session, requires a filing in an office where there was no previous financing statement, a new financing statement conforming to Section 11106 shall be filed in that office.

11106. (1) If a security interest is perfected or has priority on January 1, 1976, as to all persons or as to certain persons without any filing or recording, and if the filing of a financing statement would be required for the perfection or priority of the security interest against those persons under this code, as amended by the Legislature at the 1973–74 Regular Session, the perfection and priority rights of the security interest continue until January 1, 1979. The perfection will then lapse unless a financing statement is filed as provided in subdivision (4) or unless the security interest is perfected otherwise than by filing.

(2) If a security interest is perfected on January 1, 1976, under a law other than this code which requires no further filing, refiling or recording to continue its perfection, perfection continues until and will lapse January 1, 1979, unless a financing statement is filed as provided in subdivision (4) or unless the security interest is perfected otherwise than by filing, or unless under subdivision (3) of Section 9302 the other law continues to govern filing.

(3) If a security interest is perfected by a filing, refiling or recording under a law repealed by this code as amended by the Legislature at the 1973–74 Regular Session which required further filing, refiling or recording to continue its perfection, perfection continues and will lapse on the date provided by the law so repealed for such further filing, refiling or recording unless a financing statement is filed as provided in subdivision (4) or unless the security interest is perfected otherwise than by filing.

(4) A financing statement may be filed within six months before the perfection of a security interest would otherwise lapse. Any such financing statement may be signed by either the debtor or the secured party. It must identify the security agreement, statement or notice (however denominated in any statute or other law repealed or modified by this code as amended by the Legislature at the 1973–74 Regular Session), state the office where and the date when the last filing, refiling or recording, if any, was made with respect thereto, and the filing number, if any, was made with respect thereto, and the filing number, if any, or book and page, if any, of recording and further state that the security agreement, statement or notice, however denominated, in another filing office under this code or under any statute or other law repealed or modified by this code as amended by the Legislature at the 1973–74 Regular Session is still effective. Section 9401 and Section 9103 determine the proper

place to file such a financing statement. Except as specified in this subdivision, the provisions of Section 9403(3) for continuation statements apply to such a financing statement.

11107. Except as otherwise provided in this division, this code as it existed prior to January 1, 1976, shall apply to any questions of priority if the positions of the parties were fixed prior to January 1, 1976. In other cases questions of priority shall be determined by this code as amended by the Legislature at the 1973–74 Regular Session.

11108. Unless a change in law has clearly been made, the provisions of this code as amended by the Legislature at the 1973–74 Regular Session shall be deemed declaratory of the meaning of this code as it existed prior to January 1, 1976. The amendments to subdivision (38) of Section 1201 and to subdivision (j) of Section 9104 of this code as amended by the Legislature at the 1973–74 Regular Session shall be deemed declaratory of the meaning of this code as it existed prior to January 1, 1976.

CHAPTER 998

An act to add Section 1557 to, and to repeal Section 1557 of, the Penal Code, relating to fugitives from justice.

[Approved by Governor September 23, 1974. Filed with Secretary of State September 23, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 1557 of the Penal Code is repealed.

SEC. 2. Section 1557 is added to the Penal Code, to read:

1557. (a) This section shall apply when this state, or a city, county, or city and county employs a person to travel to a foreign jurisdiction outside this state for the express purpose of returning a fugitive from justice to this state when the Governor of this state, in the exercise of the authority conferred by Section 2, Article IV, of the Constitution of the United States, or by the laws of this state, has demanded the surrender of such fugitive from the executive authority of any state of the United States, or of any foreign government.

(b) Upon the approval of the Governor, the State Controller shall audit and pay out of the State Treasury as provided in subdivision (c) or (d) the accounts of the person employed to bring back such fugitive, including any money paid by such person for all of the following:

(1) Money paid to the authorities of a sister state for statutory fees in connection with the detention and surrender of such fugitive.

(2) Money paid to the authorities of the sister state for the subsistence of the fugitive while detained by such sister state without payment of which, the authorities of such state refuse to surrender

such fugitive.

(3) Where it is necessary to present witnesses or evidence in the sister state, without which the sister state would not surrender the fugitive, the cost of producing such witnesses or evidence in the sister state.

(4) Where the appearance of witnesses has been authorized in advance by the Governor, who may authorize such appearance in unusual cases where the interests of justice would be served, the cost of producing witnesses to appear in the sister state on behalf of the fugitive in opposition to his extradition.

(c) No amount shall be paid out of the State Treasury to a city, county, or city and county except as specified herein.

(1) When a warrant has been issued by any magistrate after the filing of a complaint or the finding of an indictment and its presentation to the court and filing by the clerk, and the person named therein as defendant is a fugitive from justice, who has been found and arrested in any state of the United States or in any foreign government, the county auditor shall draw his warrant and the county treasurer shall pay to the person designated to return the fugitive, the amount of expenses estimated by the district attorney to be incurred in the return of such fugitive.

(2) If the person designated to return the fugitive is a city officer, the city officer authorized to draw warrants on the city treasury shall draw his warrant and the city treasurer shall pay to such person the amount of expenses estimated by the district attorney to be incurred in the return of such fugitive.

(3) The person designated to return the fugitive shall make no disbursements from any such fund so advanced without a receipt being obtained therefor showing the amount, the purpose for which the sum is expended, place, date, and to whom paid.

(4) Such receipts must be filed by such person with the county auditor or appropriate city officer or State Controller, as the case may be, together with an affidavit by such person that the expenditures represented by the receipts were necessarily made in the performance of duty, and when such advance has been made by the county or city treasurer to the person designated to return the fugitive, and has thereafter been audited by the State Controller, the payment thereof shall be made by the State Treasurer to the county or city treasury, which has advanced the funds.

(5) In every case where the expenses of such person so employed to bring back such fugitive as herein provided, are less than the amount advanced on the recommendation of the district attorney, such persons so employed to bring back such fugitive shall return to the county or city treasurer, as appropriate, the difference in amount between the aggregate amount of receipts so filed by him, as herein employed, and the amount advanced to such person upon the recommendation of the district attorney.

(6) When no advance has been made to the person designated to return the fugitive, the sums expended by him, when audited by the

02697 256260 903

State Controller, shall be paid by the State Treasurer to the person so designated.

(7) Any payments made out of the State Treasury pursuant to the provisions of this section shall be made from appropriations for the fiscal year in which such payments are made.

(d) Payments to state agencies will be made in accord with the rules of the Board of Control.

CHAPTER 999

An act to add Chapter 3 (commencing with Section 653.55) to Title 15 of Part 1 of the Penal Code, relating to immigration matters.

[Approved by Governor September 23, 1974. Filed with Secretary of State September 23, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3 (commencing with Section 653.55) is added to Title 15 of Part 1 of the Penal Code, to read:

CHAPTER 3. IMMIGRATION MATTERS

653.55. It is a misdemeanor for any person for compensation to knowingly make a false or misleading material statement or assertion of fact in the preparation of an immigration matter which statement or assertion is detrimentally relied upon by another.

653.56. For purposes of this chapter:

(a) "Compensation" means money, property, or anything else of value.

(b) "Immigration matter" means any proceeding, filing, or action affecting the immigration or citizenship status of any person which arises under immigration and naturalization law, executive order or presidential proclamation, or action of the United States Immigration and Naturalization Service, the United States Department of State or the United States Department of Labor.

(c) "Person" means any individual, firm, partnership, corporation, association, other organization, or any employee or agent thereof.

(d) "Preparation" means giving advice on an immigration matter and includes drafting an application, brief, document, petition or other paper, or completing a form provided by a federal or state agency in an immigration matter.

653.57. Any person violating the provisions of this chapter may be enjoined by any superior court of competent jurisdiction upon an action for injunction, brought by the Attorney General, or any district attorney, county counsel, city attorney, or city prosecutor in this state, and the superior court shall, after proof of violation, issue

an injunction or other appropriate order restraining such conduct.

653.58. Any person who intentionally violates any injunction issued pursuant to Section 653.57 shall be liable for a civil penalty not to exceed one thousand dollars ($1,000) for each violation. Where the conduct constituting a violation is of a continuing nature, each day of such conduct is a separate and distinct violation.

653.59. Any person who violates any provision of this chapter shall be liable for a civil penalty not to exceed two thousand five hundred dollars ($2,500) for each violation, which shall be assessed and recovered in a civil action brought in the name of the people of the State of California by the Attorney General, or any district attorney, county counsel, city attorney, or city prosecutor in this state in any court of competent jurisdiction. If the civil action was brought by the Attorney General, one-half of the penalty collected shall be paid to the treasurer of the county in which the judgment was entered, and one-half to the State General Fund. If the civil action was brought by a district attorney or county counsel, the entire amount of the penalty collected shall be paid to the treasurer of the county in which the judgment was entered. If the civil action was brought by a city attorney or city prosecutor, one-half of the penalty shall be paid to the treasurer of the county in which the judgment was entered and one-half to the city.

The action may be brought upon the complaint of any person acting for the interests of itself, or members, or the general public.

653.60. Any person injured by violation of this chapter may recover: (a) his actual damages or five hundred dollars ($500), whichever is greater; and (b) the costs of the suit, including reasonable attorney's fees.

653.61. The remedies or penalties provided by this chapter are cumulative to each other and to the remedies or penalties available under all other laws of this state.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in identifiable cost changes.

CHAPTER 1000

An act to amend Sections 31676.15 and 31855 of the Government Code, relating to County Employees Retirement Law of 1937, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1974. Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 31676.15 of the Government Code, as added by Chapter 415 of the Statutes of 1974, is amended to read:

31676.15. This section may be made applicable in any county which has implemented the provisions of Article 15.6 (commencing with Section 31855). The provisions of this section shall be applicable if a majority of all the members of the board of supervisors vote to adopt a resolution so to do and a majority of the members of the affected class or classes voting at an election held during 1974, with more than 50 percent of the members participating, favor the termination of retirement benefits under social security. Such resolution may specify a date subsequent to the date of adoption of the resolution as the operative date for this section. Notwithstanding any other provisions of this chapter, the current service pension or the current service pension combined with the prior service pension is an additional pension for members purchased by the contributions of the county or district sufficient, when added to the service retirement annuity, to equal the fraction of one-fiftieth of the member's final compensation set forth opposite the age at retirement, taken to the preceding completed quarter year, in the following table in the column applicable to the member's sex, multiplied by the number of years of current service or years of current and prior service with which the member is entitled to be credited at retirement, but in no event shall the total retirement allowance exceed the member's final compensation.

In any county operating under this section any limitation in any provisions of this chapter upon the amount of compensation used for computing rates of contributions shall be disregarded.

Whenever in this chapter reference is made to survivorship and other benefits and rights under Section 31676.1, the same shall apply to this section.

SEC. 2. Section 31855 of the Government Code, as added by

Chapter 415 of the Statutes of 1974, is amended to read:

31855. It is the intent of the Legislature to provide by this article a means by which any county which has provided all or any of officers and employees with both retirement benefits pursuant to this chapter and federal social security benefits on a nonintegrated basis may provide the benefits set forth herein as an alternative to survivorship benefits under social security. Accordingly, this article shall not be operative in any county until such time as the board of supervisors shall, by resolution adopted by majority vote and specifying the class or classes of employees to which it applies, make the provisions of this article applicable in such county, and a majority of the members of the affected class or classes voting at an election held during 1974 with more than 50 percent of the members participating favor the termination of supplemental survivorship benefits under social security. Any such resolution may specify a date subsequent to the date of adoption as the operative date for implementation of this article.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Public employees of various counties have voted to withdraw from the social security system in reliance to the provisions of Senate Bill 1699, Chapter 415, Statutes of 1974. In order to correct an error in that chapter, and to validate actions already taken, it is necessary that this act take effect immediately.

CHAPTER 1001

An act relating to ballot pamphlets, and making an appropriation therefor.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974.]

The people of the State of California do enact as follows:

SECTION 1. The sum of six hundred thousand dollars ($600,000) is hereby appropriated from the General Fund to the State Controller for allocation and disbursement to local agencies pursuant to Section 2231 of the Revenue and Taxation Code to reimburse them for costs incurred pursuant to Chapter 1177 of the Statutes of 1973.

Payment shall be made to local agencies in accordance with the following provisions:

Each local agency to which the mandate is applicable shall submit to the State Controller, within 45 days of the operative date of this act, a claim for reimbursement based upon its estimate of the units of work performed during the 1973–74 fiscal year.

Computation of amounts claimed for units of work shall be on the basis of a unit cost in the amount of $0.0557 per state ballot pamphlet mailed which shall be the unit of work. The State Controller shall pay each claimant as reimbursement for units of work an amount determined by multiplying:

(1) The unit cost of work as specified herein, by

(2) The number of units of work estimated to be performed by the claimant.

Any payment, adjustment, or audit of claims by the State Controller shall be on the basis of units of work, rounded to the nearest whole unit, and at the unit costs specified herein rather than actual costs. The State Controller

(1) May reduce any claim which he determines is excessive or unreasonable,

(2) May audit the records of any local agency to verify the actual units of work performed, and

(3) Shall make any adjustments necessary to correct for underpayments or overpayments which occurred in the 1973–74 fiscal year.

Claims for reimbursement shall be prepared in the form, and payments made at the time, specified by the State Controller. No claim or amendment to a claim shall be accepted by the State Controller after the time prescribed herein for filing of claims.

In the event that the amount appropriated for reimbursement purposes pursuant to this act is not sufficient to pay all claims filed timely, the State Controller shall pay such claims on a pro rata basis and notify the Director of Finance of the deficiency.

CHAPTER 1002

An act to amend Section 7261.6 of the Government Code, relating to relocation assistance.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 7261.6 of the Government Code is amended to read:

7261.6. Notwithstanding any other provision of this chapter, any city, county, or city and county may establish a central relocation office to coordinate all relocation activities within the jurisdiction of the local agency. A county relocation office shall have jurisdiction only over those relocation activities which take place within the unincorporated areas of the county. Every public entity within the local agency's jurisdiction (required to do so) shall file the relocation rules and regulations, which it is required to adopt pursuant to

Section 7267.8, with the central relocation office and shall file annually its relocation plans by June 1st of each year for the subsequent fiscal year. The central relocation office shall approve or disapprove the public entity's relocation plan by July 1 or the plan will automatically become effective.

If the office disapproves the plan or finds that the plan conflicts in the use of relocation resources with those plans filed by other public entities or that adequate resources are not available in places and at times necessary to meet the relocation needs as set forth in one or more of the plans it shall call a meeting of the public entities concerned as soon as possible. At such meeting the office shall try to resolve such conflicts as exist or insure that adequate relocation resources are developed to meet such needs.

The office may direct modifications of a plan in the case of unresolved conflicts and may extend its approval deadline by 30 days to determine whether such modifications affect such relocation plans. Additional extensions may be granted for periods of 30 days with the consent of all affected parties. Where modification to a relocation plan is directed by the office, the public entity may appeal to the relocation appeals board established pursuant to Section 33417.5 of the Health and Safety Code. If no such relocation appeals board has been established, the public entity may appeal to the legislative body creating the central relocation office.

Approval of a relocation plan will constitute a finding by the office that it has reasonable assurance that adequate relocation resources exist within the requirements of law which will be available at the times required by the plan.

The central relocation office shall coordinate the execution of each public entity's relocation plans and shall share with each public entity making a request the relocation information of all other public entities. The central relocation office may contract with adjoining cities or counties to perform relocation and central relocation services.

State agencies, public entities with displacement of less than 5 percent of the local agency's total local annual displacement based on all relocation plans filed, and public utilities regulated by the Public Utilities Commission with displacement of less than 5 percent of the local agency's total local annual displacement based on all relocation plans filed, shall be exempt from the requirement of approval of their relocation plan prior to its execution. Public utilities regulated by the Public Utilities Commission not otherwise exempted by this paragraph shall also be exempt from such requirement where there is an overriding state interest, as determined by the Director of Housing and Community Development.

A public entity may amend its relocation plan during any fiscal year by filing an amended plan with the central relocation office and obtaining its approval. All amended plans must have approval before execution may occur and the central relocation office shall approve

or disapprove amended plans within 30 days or approval will be automatic.

Execution of any relocation plan must be in accordance with the approved relocation plan or the public entity may not displace any persons. Failure to file a relocation plan and obtain approval when required, prior to displacement, may subject the public entity to an order from the central relocation office to desist from any displacement.

SEC. 2. In the event that any of the provisions of this act conflict with any provisions of the Federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, then the provisions of the federal act shall prevail.

CHAPTER 1003

An act to amend Sections 16142 and 51050 of, and to add Chapter 6.6 (commencing with Section 51070) to Part 1 of Division 1 of Title 5 of, the Government Code, and to amend Sections 421, 422, and 426 of, and to add Sections 17299.1, 18052.2, 24441, and 24916.2 to, the Revenue and Taxation Code, relating to open space.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 16142 of the Government Code is amended to read:

16142. The Secretary of the Resources Agency shall direct the Controller to pay annually out of the funds appropriated by Section 16140, to each eligible county, city, or city and county the following amounts for each acre of land within its regulatory jurisdiction that is assessed pursuant to Section 423 or 423.5 of the Revenue and Taxation Code:

(a) Three dollars ($3) for prime agricultural land as defined in Section 51201 of this code which is:

(1) Within an incorporated city,

(2) Within three miles of the boundaries of an incorporated city with 1,500 or more registered voters, or

(3) Within one mile of the boundaries of an incorporated city with less than 1,500 registered voters.

(b) One dollar and fifty cents ($1.50) for all other prime agricultural land.

(c) Fifty cents ($0.50) for all land, other than prime agricultural land, which is devoted to open-space uses of statewide significance defined in Section 16143.

Notwithstanding any other provision of this chapter no payment shall be made with respect to land subject to an open-space easement

accepted pursuant to the Open-Space Easement Act of 1974.

SEC. 1.5. Section 51050 of the Government Code is amended to read:

51050. Any city or county which has adopted a general plan may accept grants of open-space easements on privately owned lands lying within the city or county in the manner provided in this chapter, provided no city or county shall accept any grants of open-space easements pursuant to this chapter on or after January 1, 1975.

SEC. 2. Chapter 6.6 (commencing with Section 51070) is added to Part 1 of Division 1 of Title 5 of the Government Code, to read:

CHAPTER 6.6. OPEN-SPACE EASEMENT ACT OF 1974

Article 1. Declaration

51070. It is the intent of the Legislature in enacting this chapter to provide a means whereby any county or city may acquire an open-space easement in perpetuity or for a term of years for the purpose of preserving and maintaining open space.

51071. The Legislature finds that the rapid growth and spread of urban development is encroaching upon, or eliminating open-space lands which are necessary not only for the maintenance of the economy of the state, but also for the assurance of the continued availability of land for the production of food and fiber, for the enjoyment of scenic beauty, for recreation and for the use and conservation of natural resources.

51072. The Legislature hereby declares that open-space lands, if preserved and maintained, would constitute important physical, social, economic or aesthetic assets to existing or pending urban development.

51073. The Legislature further declares that the acquisition of open-space easements is in the public interest and constitutes a public purpose for which public funds may be expended or advanced.

Article 2. Definitions

51075. As used in this chapter, unless otherwise apparent from the context:

(a) "Open-space land" means any parcel or area of land or water which is essentially unimproved and devoted to an open-space use as defined in Section 65560 of the Government Code.

(b) "City" means any city or city and county.

(c) "Landowner" includes a lessee or trustee, if the expiration of the lease or trust occurs at a time later than the expiration of the open-space restriction or any extension thereof.

(d) "Open-space easement" means any right or interest in perpetuity or for a term of years in open-space land acquired by a

02854 256465 944

county or city pursuant to this chapter where the deed or other instrument granting such right or interest imposes restrictions which, through limitation of future use, will effectively preserve for public use or enjoyment the natural or scenic character of such open-space land. An open-space easement shall contain a covenant with the county or city running with the land, either in perpetuity or for a term of years, that the landowner shall not construct or permit the construction of improvements except those for which the right is expressly reserved in the instrument provided that such reservation would not be inconsistent with the purposes of this chapter and which would not be incompatible with maintaining and preserving the natural or scenic character of the land. Any such covenant shall not prohibit the construction of either public service facilities installed for the benefit of the land subject to such covenant or public service facilities installed pursuant to an authorization by the governing body of the county or city or the Public Utilities Commission.

(e) "Open-space plan" means the open-space element of a county or city general plan adopted by the local governing body pursuant to Section 65560 of the Government Code.

Article 3. General Provisions

51080. Any county or city which has an adopted open-space plan may accept a grant of an open-space easement on privately owned lands lying within the county or city in the manner provided in this chapter.

51081. The execution and acceptance of a deed or other instrument described in subdivision (d) of Section 51075 shall constitute a dedication to the public of the open-space character of the lands for the term specified. Any such easement and covenant shall run for a term of not less than 10 years. An open-space easement for a term of years shall provide that on the anniversary date of the acceptance of the open-space easement or on such other annual date as specified by the contract, a year shall be added automatically to the initial term unless a notice of nonrenewal is given as provided in Section 51091.

51082. A county or city may require a deed or other instrument described in subdivision (d) of Section 51075 to contain any such restrictions, conditions or convenants as are necessary or desirable to maintain the natural or scenic character of the land or to prevent any activity, use or action which could impair the open-space character of the land.

51083. No deed or other instrument described in subdivision (d) of Section 51075 shall be effective until it has been accepted by resolution of the governing body of the county or city and its acceptance endorsed thereon.

51084. No grant of an open-space easement shall be accepted by a county or city, unless the governing body, by resolution, finds:

(a) That the preservation of the land as open space is consistent with the general plan of the county or city; and

(b) That the preservation of the land as open space is in the best interest of the county or city and specifically because one or more of the following reasons exist:

(1) That the land is essentially unimproved and if retained in its natural state has either scenic value to the public, or is valuable as a watershed or as a wildlife preserve, and the instrument contains appropriate covenants to that end.

(2) It is in the public interest that the land be retained as open space because such land either will add to the amenities of living in neighboring urbanized areas or will help preserve the rural character of the area in which the land is located.

(3) The public interest will otherwise be served in a manner recited in the resolution and consistent with the purposes of this subdivision and Article XXVIII of the Constitution of the State of California.

The resolution of the governing body shall establish a conclusive presumption that the conditions set forth in subdivisions (a) and (b) have been satisfied.

51085. The governing body of the county or city may not accept any grant of an open-space easement until the matter has first been referred to the county or city planning department or planning commission and a report thereon has been received from the planning department or planning commission.Within 30 days after receiving the proposal to accept a grant of an open-space easement, the planning department or planning commission shall submit its report to the governing body. The governing body may extend the time for submitting such a report for an additional period not exceeding 30 days. The report shall specify whether the proposal is consistent with the general plan of the jurisdiction.

51086. From and after the time when an open-space easement has been accepted by the county or city and its acceptance endorsed thereon, no building permit may be issued for any structure which would violate the easement and the county or city shall seek by appropriate proceedings an injunction against any threatened construction or other development or activity on the land which would violate the easement and shall seek a mandatory injunction requiring the removal of any structure erected in violation of the easement.

In the event the county or city fails to seek an injunction against any threatened construction or other development or activity on the land which would violate the easement or to seek a mandatory injunction requiring the removal of any structure erected in violation of the easement, or if the county or city should construct any structure or development or conduct or permit any activity in violation of the easement, the owner of any property within the county or city, or any resident thereof, may, by appropriate proceedings, seek such an injunction.

02854 256505 952

Nothing in this chapter shall limit the power of the state, or any department or agency thereof, or any county, city, school district, or any other local public district, agency or entity, or any other person authorized by law, to acquire land subject to an open-space easement by eminent domain.

51087. Upon the acceptance of any instrument creating an open-space easement the clerk of the governing body shall record the same in the office of the county recorder and file a copy thereof with the county assessor. From and after the time of such recordation such easement shall impart such notice thereof to all persons as is afforded by the recording laws of this state.

Article 4. Termination of an Open-Space Easement

51090. An open-space easement for a term of years may be terminated only in accordance with the provisions of this article. An open-space easement may be terminated only by:

(a) Nonrenewal, or

(b) Abandonment.

51091. If either the landowner or the county or city desires in any year not to renew the open-space easement, that party shall serve written notice of nonrenewal of the easement upon the other party at least 90 days in advance of the annual renewal date of the open-space easement. Unless such written notice is served at least 90 days in advance of the renewal date, the open-space easement shall be considered renewed as provided in Section 51081.

Upon receipt by the owner of a notice from the county or city of nonrenewal, the owner may make a written protest of the notice of nonrenewal. The county or city may, at any time prior to the renewal date, withdraw the notice of nonrenewal.

51092. If the county or city or the landowner serves notice of intent in any year not to renew the open-space easement, the existing open-space easement shall remain in effect for the balance of the period remaining since the original execution or the last renewal of the open-space easement, as the case may be.

51093. (a) The landowner may petition the governing body of the county or city for abandonment of any open-space easement as to all of the subject land. The governing body may approve the abandonment of an open-space easement only if, by resolution, it finds:

(1) That no public purpose described in Section 51084 will be served by keeping the land as open space; and

(2) That the abandonment is not inconsistent with the purposes of this chapter; and

(3) That the abandonment is consistent with the local general plan; and

(4) That the abandonment is necessary to avoid a substantial financial hardship to the landowner due to involuntary factors unique to him.

No resolution abandoning an open-space easement shall be finally adopted until the matter has been referred to the county or city planning commission, the commission has held a public hearing thereon and furnished a report on the matter to the governing body stating whether the abandonment is consistent with the local general plan and the governing body has held at least one public hearing thereon after giving 30 days' notice thereof by publication in accordance with Section 6061 of the Government Code, and by posting notice on the land.

(b) Prior to approval of the resolution abandoning an open-space easement, the county assessor of the county in which the land subject to the open-space easement is located shall determine the full cash value of the land as though it were free of the open-space easement. The assessor shall multiply such value by 25 percent, and shall certify the product to the governing body as the abandonment valuation of the land for the purpose of determining the abandonment fee.

(c) Prior to giving approval to the abandonment of any open-space easement, the governing body shall determine and certify to the county auditor the amount of the abandonment fee which the landowner must pay the county treasurer upon abandonment. That fee shall be an amount equal to 50 percent of the abandonment valuation of the property.

(d) Any sum collected pursuant to this section shall be transmitted by the county treasurer to the State Controller and be deposited in the State General Fund.

(e) An abandonment shall not become effective until the abandonment fee has been paid in full.

51094. Upon the recording in the office of the county recorder of a certified copy of a resolution abandoning an open-space easement and reciting compliance with the provisions of Section 51093, the land subject thereto shall be deemed relieved of the easement and the covenants of the owner contained therein shall be deemed terminated; provided, however, that no certified copy of any resolution abandoning an open-space easement shall be recorded until the abandonment fee has been paid in full.

Article 5. Eminent Domain and Other Provisions

51095. If any land or a portion thereof as to which any city or county has accepted an open-space easement is thereafter sought to be condemned for public use and the county or city received the easement as a gift without the payment of any compensation therefor, the easement shall terminate as of the time of the filing of the complaint in condemnation as to the land or portion thereof sought to be taken for public use, and the owner shall be entitled to such compensation for the taking as he would have been entitled to had the land not been burdened by the easement.

51096. The grant of an open-space easement executed and accepted in accordance with this chapter shall be deemed to be an

enforceable restriction within the meaning of Article XXVIII of the Constitution of the State of California.

51097. Nothing in this chapter shall be deemed to prevent or restrict the right or power of any county or city to acquire by purchase, gift, grant, bequest, devise, lease or otherwise any right or interest in real property for the purpose of preserving open space or for any other purpose under any other provisions of law.

A scenic restriction shall be for an initial term of 10 years or more, and shall either:

(1) Provide a method whereby the term may be extended by mutual agreement of the parties, or

(2) Provide that the initial term shall be subject to annual automatic one-year extensions as provided for contracts in Sections 51244, 51244.5, and 51246 of the Government Code, unless notice of nonrenewal is given as provided in Section 51245 of the Government Code.

A scenic restriction may not be terminated prior to the expiration of the initial term, and any extension thereof, except as provided for cancellation of contracts in Sections 51281, 51282, 51283 and 51283.3 of the Government Code, and subject to the provisions therein for payment of the cancellation fee.

(a) If the owner of land serves notice of nonrenewal or the county or city serves notice of nonrenewal and the owner fails to protest as provided in Section 51091 or 51245 of the Government Code, subdivision (b) shall apply immediately. If the county or city serves notice of nonrenewal and the owner does protest as provided in Sections 51091 or 51245 of the Government Code, subdivision (b)

Except as otherwise provided by law, no person, firm, association, partnership or corporation may issue, confer or award an academic or honorary "degree" or "title" (meaning any designation, mark, appellation, series of letters or words such as, but not limited to, associate, bachelor, master, doctor or fellow) which signifies, purports or is generally taken to signify satisfactory completion of the requirements of an academic, technological, or professional program of study beyond the secondary school level unless such person, firm, association, partnership or corporation meets the requirements of any one of the three subdivisions of subdivision (a) of this section.

No person, firm, association, partnership or corporation may issue, confer, or award any "diploma" bearing the words diploma, certificate, transcript, document or other writing, other than the awarding of a "degree" title, representing that any person has completed any course of study beyond high school unless such person, firm, association, partnership or corporation meets the requirements of paragraph (2) of subdivision (a) of this section or one of the subdivisions (b), (c), or (d) of this section or Section 29025.

(a) (1) A person, firm, association, partnership or corporation which at the time of the issuance of a "degree" has full accreditation of the institution, program, or specific course of study upon which the "degree" is based by a national or applicable regional accrediting agency recognized by the United States Department of Health, Education, and Welfare, Office of Education, and provided further that the educational institution has filed with the Superintendent of Public Instruction an affidavit by the administrative head of the institution stating that the institution is so accredited.

(2) A person, firm, association, partnership or corporation

approved by the Superintendent of Public Instruction to award or issue specified degrees. Such permission shall be granted by the Superintendent of Public Instruction for one year upon the initial approval and shall be granted for periods of three years upon each subsequent renewal, subject to the payment of an annual fee pursuant to paragraph (2) of subdivision (a) of Section 29027. Application for such authorization shall be on forms furnished by the State Department of Education. The Superintendent of Public Instruction shall not approve an institution to issue degrees until it is determined, based on information submitted to him, that the institution has the facilities, financial resources, administrative capabilities, faculty, and other necessary educational expertise and resources to afford students and require of students the completion of a program of education which will prepare them for the attainment of a recognized professional, vocational, or educational objective, including, but not limited to, a degree; and the curriculum is consistent in quality with curricula offered by established institutions that issue the appropriate degree upon the satisfactory completion thereof. For the purpose of this subdivision the Superintendent of Public Instruction may compare with the requirements and standards of an accrediting agency generally accepted by the class of institution concerned. This shall include the determination that the course for which the degree is granted achieves its professed or claimed objective for higher education. The provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code shall be applicable to any determination of the Superintendent of Public Instruction made pursuant to this subdivision.

Such affidavit shall be accompanied by an appraisal by a state inheritance tax appraiser appointed for the county in which the institution is located, describing the real or personal property or both, and showing the value of the interest of the corporation therein to be at least fifty thousand dollars ($50,000). The value of the interest of the property required to be owned by the corporation for the purposes of this section shall be deemed to be the appraised value of the interest owned by the corporation less the unpaid balance on any note secured by a mortgage or deed of trust thereon or the unpaid balance on a contract of sale thereof. Such a corporation shall file a statement

of "full disclosure" by recording with the county recorder, in the county in which the school operates, an affidavit describing the institutional objectives and proposed methods of achieving them, the curriculum, instruction, faculty (with qualifications), physical facilities, administrative personnel, educational records, tuition and fee schedule, scholastic regulations, diplomas and degrees to be conferred, graduation requirements and financial stability. Certified copies of all statements and affidavits required to be filed by this section shall be forwarded by United States mail to the Department of Education within 48 hours after the filings are made with the county recorder. Filing pursuant to this section shall not be interpreted to mean, and it shall be unlawful for any corporation to expressly or impliedly represent by any means whatsoever, that the State of California, the Superintendent of Public Instruction, the State Board of Education, the California State Department of Education, or any division or bureau thereof, has made any evaluation, recognition, accreditation, approval, or endorsement of the course of study.

(b) A hospital licensed under the provisions of Division 2, Chapter 2 (commencing with Section 1400) of the Health and Safety Code, which issues diplomas in connection with the operation of a hospital.

(c) A person, firm, association, partnership or corporation which is accredited, approved, or licensed by a state board or agency as a school and which issues or confers diplomas in the profession, vocation or occupation controlled by the board or agency accrediting, approving, or licensing it; provided, that this subdivision shall not be construed as authorizing the issuing of a diploma which is not customarily granted for the training given and which is limited to the profession, vocation or occupation controlled by the accrediting, approving, or licensing board.

(d) A person, firm, association, partnership, or corporation which at the time of the issuance of a "diploma," as defined in Section 29002, has accreditation of the institution, program or specific course of study upon which the "diploma" is based by a national or applicable regional accrediting agency recognized by the United States Department of Health, Education, and Welfare, Office of Education and the administrative head of the institution has filed with the Superintendent of Public Instruction during the current calendar year the following affidavits:

A temporary approval shall be for a period of one year, subject to prior termination or conversion to annual approval basis by the Superintendent of Public Instruction. Any extension of a temporary approval on an annual basis shall require an annual fee. Courses offered for adults by any parochial or denominational school, or persons, firms, associations, partnerships, or corporations that have met the requirements of other sections of this division, or are offered solely for avocational or recreational purposes, will not be required to be approved under this section.

The Superintendent of Public Instruction may approve the application for recognition of such courses for a period of one year and shall grant subsequent approvals on an annual basis when an institution is found by the Department of Education to meet the following criteria:

(1) The courses, curriculum, and instruction are consistent in quality, content, and length with similar courses in public schools or other private schools, or both, in the state, with recognized accepted standards; or that the course, curriculum, and instruction meet recognized accepted standards for reaching the professed or claimed objective for that particular course.

(10) The institution does not exceed enrollment facilities and equipment.

(11) The institution's administrator, director, owner, and instructors are of good reputation and character.

(12) The institution has and maintains a policy in reference to refund of the unused portion of tuition fees and other charges in the event the student fails to enter the course, or withdraws therefrom at any time prior to completion of the course. The State Board of Education, or the Superintendent of Public Instruction, if such authority has been delegated by the State Board of Education, shall promptly cause to be prepared, and shall, pursuant to this section, issue appropriate permits authorizing the holder to engage in the solicitation of sales and the selling of such courses of study.

No person shall be issued a permit except upon the submission of

satisfactory evidence of good moral character.

A permit shall be valid for the calendar year in which it is issued unless sooner revoked or suspended by the State Board of Education for fraud or misrepresentation in connection with the solicitation for the sale or the sale of any course of study, or for the existence of any condition in respect to the permittee or the school he represents which, if in existence at the time the permit was issued would have been ground for denial of the permit.

The application for a permit shall be made by the person who proposes to engage in the activities of soliciting or selling in those cases where such activities are to be conducted in the person's own behalf. Where the person for whom the issuance of a permit is sought is to engage in the activities as a representative, the application shall be made by the correspondence school or other person, firm, association, partnership, or corporation for and on behalf of the person to serve as its representative. The order once determined by lot shall be permanent, and shall be entered on the permanent records of the district.

Records showing date of employment, whether kept by the district or by the county, shall be accessible, on demand, to any certificated employee of the district or to his designated representative.

SEC. 19. Section 13275 of the Education Code is amended to read:

13275. Each person employed by the governing board of a school district for a position requiring certification qualifications must, not later than 60 days after the date fixed by the governing board of the district for the commencement of his service, register in the manner prescribed by Section 13163 a valid certification document, issued on or before said date, authorizing him to serve in the position for which he was employed, and must, not later than 60 days after the renewal thereof, register the renewed certification document in the manner prescribed by Section 13163. In no case shall such an employee be classified as permanent for more than one full-time assignment. The service for which such a person has acquired tenure may be reduced in conformity with Sections 13447 and 13448.

Notwithstanding any other provision to the contrary, in a district which has, or in a district which is one of two or more districts governed by governing boards of identical personnel which have a

combined, average daily attendance of 400,000 or more, as shown by the annual report of the county superintendent of schools for the preceding fiscal year, no person who is assigned 10 hours or less a week in adult classes in such a district shall be eligible for election to permanent classification in such district on account of such assignment in adult classes.

SEC. 21. Section 13311 of the Education Code is amended to read:

13311. Nothing in Sections 13304 to 13307, inclusive, shall be construed to give permanent classification to a person in the adult school who is already classified as a permanent employee in the day school. In case a teacher obtains permanent classification in the evening school and later is eligible for the same classification in the day school by reason of having served the probationary period therein, he shall be given his choice as to which he shall take.

Notwithstanding any other provision to the contrary, service in the evening school shall not be included in computing the service required as a prerequisite to attainment of, or eligibility to, classification as a permanent employee in the day school, except service in the evening school rendered by a person rendering services in the day school who is directed or specifically requested by the school district to render services in the evening school either in addition to, or instead of, rendering service in the day school. No decrease in the average daily attendance of any school district shall operate to deprive any permanent employee of the district of his classification.

SEC. 23.5. Section 13324.5 of the Education Code is repealed.

SEC. 24. Section 13332 of the Education Code is amended to read:

13332. not be included in computing the service required as a prerequisite to attainment of, or eligibility to, classification as a permanent employee of the district. The provisions of this section do not constitute a change in, but are declaratory of, the preexisting law.

SEC. 25. Section 13355.10 of the Education Code is repealed.

Whenever any certificated employee of a school district is charged with the commission of any sex offense as defined in Section 12912 by complaint, information or indictment filed in a court of competent jurisdiction, the governing board of the school district shall immediately place the employee upon compulsory leave of absence for a period of time extending for not more than 10 days after the date of the entry of the judgment in the proceedings. The governing board of the school district may extend the compulsory leave of absence of the employee beyond such period by giving notice to the employee within 10 days after the entry of judgment in the proceedings that the employee will be dismissed at the expiration of 30 days from the date of service of the notice, unless the employee demands a hearing as provided in this article.

Any employee placed upon compulsory leave of absence pursuant to this section shall continue to be paid his regular salary during the period of his compulsory leave of absence if and during such time as he furnishes to the school district a suitable bond, or other security acceptable to the governing board, as a guarantee that the employee will repay to the school district the amount of salary so paid to him during the period of the compulsory leave of absence in case the employee is convicted of such charges, or fails or refuses to return to service following an acquittal of the offense or dismissal of the charges. If the employee is acquitted of the offense, or the charges against him are dismissed, the school district shall reimburse the employee for the cost of the bond upon his return to service in the school district.

If the employee does not elect to furnish bond, or other security acceptable to the governing board of the district, and if the employee is acquitted of the offense, or the charges against him are dismissed, the school district shall pay to the employee his full compensation for the period of the compulsory leave of absence upon his return to service in the school district.

Whenever any certificated employee of a school district is charged with the commission of any narcotics offense as defined in Section 12912.5, or a violation of subdivision 1 of Section 261 of the Penal Code, Sections 11357 to 11361, inclusive, 11363, or 11377 to 11381 inclusive, and Section 11364, insofar as such sections relate to subdivision (d) of Section 11054, subdivision (d) of Section 11055, subdivision (b) of Section 11056, or subdivision (b) of Section 11507 of the Health and Safety Code, by complaint, information, or indictment filed in a court of competent jurisdiction, the governing board of the school district may immediately place the employee

upon compulsory leave in accordance with the procedure in this section.

SEC. 26. Section 13593 of the Education Code is amended to read:

13593. All probationary and permanent part-time classified employees shall be entitled to sick leave, and all other benefits conferred by law on classified employees. Part-time employees shall be entitled to all leaves and benefits granted by the governing board to a majority of the regular full-time employees in the classified service of the district or to regular full-time employees in the same classified positions or general class of positions; but such leaves and benefits may be prorated in the same ratio as the regular work hours per day, days per week, weeks per month, or months per year of such part-time employees bear to eight hours per day, 40 hours per calendar week, four calendar weeks per month, or 12 calendar months during the school year.

Except for prorating benefits for part-time employees as herein authorized, the governing board shall provide at least the same benefits for all regular employees in the classified service as it provides for the majority of such employees.

Nothing in this section shall be construed to prohibit the granting of additional benefits for some employees in recognition of nature of work, level of classification, or length of service.

This section shall not apply to employees properly designated as substitute, short-term, or limited-term employees, as defined in Sections 13581 and 13726 of this code, unless such employees are specifically included by a governing board, or by a personnel commission for those districts included under the provisions of Article 5 (commencing with Section 13701) of this chapter.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 5 (commencing with Section 13701) of this chapter.

This section shall not apply to those benefits authorized under the provisions of Article 1 (commencing with Section 53200) of Chapter 2 of Part 1, of Division 2 of Title 5 of the Government Code.

SEC. 26.5. Section 17506 of the Education Code is amended to read:

17506. It is the intent and purpose of the Legislature to encourage, by every means possible, the reduction of class sizes and the ratio of pupils to teachers in all grade levels in the public schools, and to urge every effort to this end to be undertaken by the local school administrative authorities. It is the intent of the Legislature that the allowances provided by Section 17674 shall be for the purpose of assisting school districts in meeting the minimum class size standards prescribed for grades 1 to 3, inclusive, by Section 17507. The Legislature shall undertake studies directed to the establishment of effective programs by which the attainment of decreased class sizes through local action may be encouraged. Such programs may involve financial rewards for demonstrated achievement, as well as other forms of preferential consideration

afforded as an integral part of the state's public school financial support programs.

SEC. 27. Section 17507 of the Education Code is amended to read:

17507. The Superintendent of Public Instruction, in computing apportionments and allowances from the State School Fund for the second principal apportionment, shall determine the following for the regular day classes of the elementary schools maintained by each school district:

(a) For grades 1 to 3, inclusive, he shall determine the number of classes, the number of pupils enrolled in each class, the total enrollment in all such classes, the average number of pupils enrolled per class, and the total of the numbers of pupils which are in excess of thirty (30) in each class.

For those districts which do not have any classes with an enrollment in excess of 32 and whose average size for all the classes is 30.0 or less, there shall be no excess declared. For those districts which have one or more classes in excess of an enrollment of 32 or whose average size for all the classes is more than 30, the excess shall be the total of the number of pupils which are in excess of 30 in each class having an enrollment of more than 30.

(b) For grades 4 to 8, inclusive, he shall determine the total number of pupils enrolled, the number of full-time equivalent classroom teachers, and the average number of pupils per each full-time equivalent classroom teacher. He shall also determine the excess if any, of pupils enrolled in such grades in the following manner:

(1) Determine the number of pupils by which the average number of pupils per each full-time equivalent classroom teacher for the current fiscal year exceeds the greater of the average number of pupils per each full-time equivalent classroom teacher in all the appropriate districts of the state, as determined by the Superintendent of Public Instruction, for October 30, 1964, or the average number of pupils per each full-time equivalent classroom teacher which existed in the district on either October 30, 1964 or March 30, 1964, as selected by the governing board.

(2) Multiply the number determined in (1) above by the number of full-time equivalent classroom teachers of the current fiscal year.

(3) Reduce the number determined in (2) above by the remainder which results from dividing such number by the average number of pupils per each full-time equivalent teacher for October 30, 1964, as determined by the Superintendent of Public Instruction in (1) above.

(c) He shall compute the product obtained by multiplying the excess number of pupils, if any, under the provisions of subdivision (a) of this section by ninety-seven hundredths (0.97), and shall multiply the product so obtained by the ratio of statewide change in average daily attendance to district change in average daily attendance. Change in average daily attendance shall be determined by dividing average daily attendance in grades 1, 2 and 3 reported

for purposes of the first principal apportionment of the current year by that reported for purposes of the first principal apportionment of the preceding year.

(d) If the school district reports that it has maintained, during the current fiscal year, any classes in which there were enrolled pupils in excess of thirty (30) per class pursuant to subdivision (a) of this section, and there is no excess number of pupils computed pursuant to subdivision (b) of this section, he shall decrease the average daily attendance reported under the provisions of Section 17601.1 by the product determined under subdivision (c) of this section.

(e) If the school district reports that it has maintained, during the current fiscal year, no classes in which there were enrolled pupils in excess of thirty (30) per class determined pursuant to subdivision (a) of this section, and there is an excess number of pupils computed pursuant to subdivision (b) of this section, he shall make the following computation:

He shall compute the product obtained by multiplying the excess number of pupils computed pursuant to subdivision (b) of this section by ninety-seven hundredths (0.97) and shall multiply the product so obtained by the ratio of statewide change in average daily attendance to the district change in average daily attendance. He shall decrease the average daily attendance reported under the provisions of Section 17601.1 by the resulting product.

(f) If the school district reports that it has maintained, during the current fiscal year, any classes in which there were enrolled pupils in excess of thirty (30) per class determined pursuant to subdivision (a) of this section, and there is an excess number of pupils computed pursuant to subdivision (b) of this section, he shall make the following computation:

He shall add to the product determined under subdivision (c) of this section, the product determined under subdivision (e) of this section and decrease the average daily attendance reported under the provisions of Section 17601.1 by this total amount.

The governing board of each school district maintaining elementary schools shall report for the fiscal year 1964–65 and each year thereafter the information required for the determination to be made by the Superintendent of Public Instruction under the provisions of this section in accordance with instructions provided on forms furnished and prescribed by the Superintendent of Public Instruction. Such information shall be reported by the school district together with, and at the same time as, the reports required to be filed for the second principal apportionment of the State School Fund. The forms on which the data and information is reported shall include a certification by each school district superintendent or chief administrative officer that the data is correct and accurate for the period covered, according to his best information and belief.

For purposes of this section, a "full-time equivalent classroom teacher" means an employee of an elementary, high school, or unified school district, employed in a position requiring certification

qualifications and whose duties require him to teach pupils in the elementary schools of that district in regular day classes for the full time for which he is employed during the regular schoolday. In reporting the total number of full-time equivalent classroom teachers, there shall be included, in addition to those employees defined above, the full-time equivalent of all fractional time for which employees in positions requiring certification qualifications are required to devote to teaching pupils in the elementary schools of the district in regular day classes during the regular schoolday.

For purposes of this section, the number of pupils enrolled in each class means the average of the active enrollment in that class on the last teaching day of each school month which ends prior to April 15th of each school year.

The provisions of this section are not applicable to school districts with less than 101 units of average daily attendance for the current fiscal year.

Although no decreases in average daily attendance shall be made for the fiscal year 1964–65, reports are required to be filed under the provisions of this section, and the Superintendent of Public Instruction shall notify each school district the amount of the decrease in state allowances which would have been effected had such decrease in average daily attendance been applied.

The Superintendent of Public Instruction shall adopt rules and regulations which he may deem necessary for the effective administration of this section. Such rules and regulations may specify that no decrease in average daily attendance reported under the provisions of Section 17601.1 shall be made for a school district on account of large classes due to instructional television or team teaching, which may necessarily involve class sizes at periods during the day larger than the standard set forth in this section.

The county board of education shall determine the amount of the loan.

The amount of the loan, together with interest at a rate determined by the county treasurer, shall be repaid by the school district to the county superintendent of schools over not more than a three-year period. The county superintendent of schools may withhold from the apportionments to be made to the district from the State School Fund in each year the amount which is to be repaid in that year.

(b) "Governing board" means the governing board of a school district, the Trustees of the California State University and Colleges, and the Regents of the University of California.

(c) "Member of an athletic team" means member of any extramural athletic team engaged in athletic events on or outside the school grounds, maintained or sponsored by the educational institution or a student body organization thereof. Organized rooting sections, student body members who are spectators, and other spectator students, who are not actually participating in the conduct of the athletic event, are not members of an athletic team. Participants in a playday or field day activity occurring occasionally during a school year, in which students of one or more particular grade levels from two or more schools of a school district participate in athletic contests, are not members of an athletic team. Nothing in this section shall be construed as prohibiting a governing board from extending the applicability of the provisions of this article to any such persons, should the governing board elect so to do.

(d) "Student body organization" means any student organization under supervision of the educational institution or its officers.

SEC. 35.5. Section 31752 of the Education Code is amended to read:

31752. The governing board of any educational institution, except a school district of any kind or class and Department of Education special schools as defined in Sections 25551, 25751, and 26401, shall provide accidental death insurance in an amount of at

least five thousand dollars ($5,000) for each member of an athletic team and shall in addition provide insurance protection for medical and hospital expenses resulting from accidental bodily injuries in an amount of at least five thousand dollars ($5,000) for all such services for each member of an athletic team, through group, blanket or individual policies of accident insurance from authorized insurers, or through a benefit and relief association described in subparagraph (1) of subdivision (c) of Section 10493 of the Insurance Code, for the death or injury to members of athletic teams arising while such members are engaged in or are preparing for an athletic event promoted under the sponsorship or arrangements of the educational institution or a student body organization thereof or while such members are being transported by or under the sponsorship or arrangements of the educational institution or a student body organization thereof to or from school or other place of instruction and the place of the athletic event; provided that the Trustees of the California State University and Colleges and the Regents of the University of California may authorize and require the student body organizations designated pursuant to this section, to be responsible for such medical and hospital expenses in any amount the trustees or the regents may specify, up to two hundred fifty dollars ($250), in which event such insurance protection for the health and accident expenses may include a deductible clause in the same amount.

The governing board of each school district of any kind or class and the Department of Education special schools as defined in Sections 25551, 25751, and 26401 shall provide accidental death insurance in an amount of at least one thousand five hundred dollars ($1,500) for each member of an athletic team and shall in addition provide insurance protection for medical and hospital expenses resulting from accidental bodily injuries in one of the following amounts:

(a) A group or individual medical plan with accidental benefits of at least two hundred dollars ($200) for each occurrence and major medical coverage of at least ten thousand dollars ($10,000), with no more than one hundred dollars ($100) deductible and no less than eighty percent (80%) payable for each occurrence.

(b) Group or individual medical plans which are certified by the Insurance Commissioner to be equivalent to the required coverage of at least one thousand five hundred dollars ($1,500).

(c) At least one thousand five hundred dollars ($1,500) for all such medical and hospital expenses.

Insurance protection in either of the above amounts shall be provided through group, blanket or individual policies of accident insurance from authorized insurers or through a benefit and relief association described in subparagraph (1) of subdivision (c) of Section 10493 of the Insurance Code, for the death or injury to members of athletic teams arising while such members are engaged in or are preparing for an athletic event promoted under the sponsorship or arrangements of the educational institution or a student body organization thereof or while such members are being

transported by or under the sponsorship or arrangements of the school districts or a student body organization thereof to or from school or other place of instruction and the place of the athletic event. Minimum medical benefits under any insurance required by this paragraph shall be equivalent to the three dollars and fifty cents ($3.50) conversion factor as applied to the unit values contained in the minimum fee schedule adopted by the Division of Industrial Accidents of the State of California, effective October 1, 1966.

The Trustees of the California State University and Colleges and the Board of Regents of the University of California shall designate such student body organizations as they deem appropriate to bear the entire cost of the insurance under this article, in such proportions as they deem equitable, and shall make appropriate deductions from any such student body organization funds held by such institutions, or otherwise take such measures, as will assure the payment thereof.

The governing boards of the various school districts and the Department of Education special schools shall require that each member of an athletic team have insurance protection as prescribed by this section, with the costs of such insurance protection to be paid either out of the funds of the district, the funds of the student body, or by any other persons on behalf of, the individual team members or students covered by such insurance. In the event that the governing board of a school district should determine that a member of an athletic team or the parents, guardians or other person having charge or control of a member of an athletic team are financially unable to pay the costs of such insurance protection, then the governing board shall require the costs of such protection to be paid either out of funds of the district or funds of the student body.

The insurance required by this article shall be issued by an admitted insurer, or through a benefit and relief association described in subparagraph (1) of subdivision (c) of Section 10493 of the Insurance Code.

The insurance otherwise required by this section shall not be required for any individual team member or student who has such insurance or a reasonable equivalent of health benefits coverage provided for him in any other way or manner, including, but not limited to, purchase by himself, or by his parent or guardian.

SEC. 35.7. Section 32122 of the Education Code is amended to read:

32122. The governing board of any school district operating the continuous school program pursuant to this chapter shall prescribe a separate salary schedule for the certificated employees of the district who are employed at any school maintaining the continuous school program pursuant to this chapter, and who, because of such employment, will be engaged in rendering services for the district for a greater number of total days during the academic year than would be the case for a regular academic year.

SEC. 36. Any section or heading of any other act enacted by the Legislature at its 1973–74 Regular Session, which takes effect on or

after January 7, 1974, and which amends, amends and renumbers, or repeals a section or heading amended, amended and renumbered, or repealed by this act, shall prevail over this act whether such act is enacted prior or subsequent to this act.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 771 of the Insurance Code is amended to read:

771. Sections 770 and 770.1 shall not prevent:

(a) The exercise by any person engaged in such business of his right to approve or disapprove, for reasonable cause, as determined by appropriate regulatory authority, of the insurer selected to underwrite the insurance, nor of his right to furnish such insurance or to renew any insurance required by the contract of sale or trust deed or other loan agreement if the borrower or purchaser shall have failed to furnish the insurance or renewal thereof within such reasonable time or form as may be specified in the sale or loan agreement. The lender shall not refuse to accept insurance provided by an acceptable insurer on the ground that such insurance provides more coverage than is required in the sale or loan agreement, unless the additional coverage consists of automobile, life or disability insurance.

The Savings and Loan Commissioner, the Superintendent of Banks, and the Corporations Commissioner, in conjunction with the Insurance Commissioner, shall issue appropriate regulations defining "reasonable cause."

(b) Any lender from recommending to any borrower or prospective borrower the placing of insurance with a specified insurer or through a specified insurance agent or broker as long as such recommendation, with respect to a sale of real property or a loan upon the security of real property, clearly sets forth both the name and the mailing address of the recommended insurer or

insurance agent or broker and does not violate the provisions of Section 770 or of any other section of this code. On and after July 1, 1972, such recommendation clearly setting forth the name and the mailing address of the recommended insurer or insurance agent or broker, shall be in writing.

(c) The free choice of insurance agent or broker by any borrower or purchaser at any time, and he may revoke any designation of insurance agent or broker at any time irrespective of the provisions of any loan or purchase agreement or trust deed.

(d) The exercise of any person engaged in such business of his right to furnish such insurance or to renew such insurance, and to charge the account of the borrower or purchaser with the costs thereof, if the borrower or purchaser fails to deliver to the lender such insurance at least 30 days prior to the expiration of the policy. If an insurance policy renewing or replacing, at expiration time, the policy then in force is received by the lender less than 15 days prior to the expiration of the policy held by the lender, or if an insurance policy procured by the borrower or purchaser is subsequently substituted for that then in force, the lender may impose a reasonable service charge as determined by the Insurance Commissioner for the transaction, the payment of which charge by the agent or broker is not a violation of any other provision of this code. No service charges shall be imposed for normal insurance changes made during the term of the policy.

(e) The commissioner is authorized to adopt a uniform statewide schedule of permissive maximum charges for the substitution of policies authorized in subdivision (d).

If it does not restrict the necessary flexibility which must exist for successful retention of investment counsel, or trust companies or trust departments of banks to render such services, the board shall give primary consideration to dealing with those firms which maintain offices and staffs in the State of California.

The Legislature makes the following declaration in order that the intent of the Legislature may be made clear to retirement boards, with respect to employment of investment counsel or trust companies or trust departments of banks to render service in connection with the boards' investment program, or with respect to investments authorized in this article, but without restricting the necessary flexibility that must exist for successful employment of such firms or for successful investing of the retirement fund:

[Approved by Governor September 23, 1974. Filed with Secretary of State September 23, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 37911 of the Health and Safety Code is amended to read:

37911. The Legislature hereby finds and declares that it is necessary and essential that cities, counties, and cities and counties, and redevelopment agencies and housing authorities within such cities, counties, and cities and counties, be authorized to make long-term, low-interest loans to finance residential rehabilitation in depressed residential areas in order to encourage the upgrading of property in such areas. Unless such local agencies intervene to provide some form of assistance to finance residential rehabilitation, many depressed residential areas will deteriorate at an accelerated pace because property owners are not able to obtain rehabilitation loans from private sources.

SEC. 2. Section 37912 of the Health and Safety Code is amended to read:

37912. Unless the context otherwise requires, the following definitions shall govern the construction of this part:

(a) "Bonds" means any bonds, notes, interim certificates, debentures, or other obligations issued by a local agency pursuant to this part and which are payable exclusively from the revenues, as defined in subdivision (i), and from any other funds specified in this part upon which the bonds may be made a charge and from which they are payable.

(b) "Financing" means the lending of moneys or any other thing of value for the purpose of residential rehabilitation and includes refinancing of outstanding indebtedness of the participating party with respect to property which is subject to residential rehabilitation or the purchase of structures rehabilitated by a redevelopment agency functioning pursuant to Part 1 (commencing with Section 33000) of this division.

(c) "Legislative body" means the city council, board of supervisors, or other legislative body of the local agency.

(d) "Local agency" means any of the following:

(1) Any city, county, or city and county.

(2) Any redevelopment agency functioning pursuant to Part 1 (commencing with Section 33000) of this division.

(3) Any housing authority functioning pursuant to Part 2 (commencing with Section 34200) of this division.

(e) "Participating party" means any person, company, corporation, partnership, firm, local agency, political subdivision of the state, or other entity or group of entities requiring financing for residential rehabilitation pursuant to the provisions of this part. No elective officer of the state or any of its political subdivisions shall be eligible to be a participating party under the provisions of this part.

(f) "Residential rehabilitation" means the construction, reconstruction, renovation, replacement, extension, repair, betterment, equipping, developing, embellishing, or otherwise improving residences consistent with standards of strength, effectiveness, fire resistance, durability, and safety, so that such

structures are satisfactory and safe to occupy for residential purposes and are not conducive to ill health, transmission of disease, infant mortality, juvenile delinquency, or crime because of any one or more of the following factors:

(1) Defective design and character of physical construction.

(2) Faulty interior arrangement and exterior spacing.

(3) Inadequate provision for ventilation, lighting, and sanitation.

(4) Obsolescence, deterioration, and dilapidation.

(g) "Residence" means a residential structure and means a commercial structure which, in the judgment of the local agency, is an integral part of a residential neighborhood.

(h) "Rehabilitation standards" means the applicable local or state standards for the rehabilitation of buildings located in rehabilitation assistance areas, including any higher standards adopted by the local agency as part of its residential rehabilitation financing program.

(i) "Revenues" means all amounts received as repayment of principal, interest, and all other charges received for, and all other income and receipts derived by, the local agency from the financing of residential rehabilitation, including moneys deposited in a sinking, redemption, or reserve fund or other fund to secure the bonds or to provide for the payment of the principal of, or interest on, the bonds and such other moneys as the legislative body may, in its discretion, make available therefor.

(j) "Residential rehabilitation area" means the geographical area designated by the local agency as one for inclusion in a comprehensive residential rehabilitation financing program pursuant to the provisions of this part.

SEC. 3. Section 37913 is added to the Health and Safety Code, to read:

37913. Local agencies operating rehabilitation programs pursuant to this part shall submit an annual progress report to the Department of Housing and Community Development. The department shall incorporate such reports into its annual report to the Legislature pursuant to Section 37100.

Local agencies may contract with the department for technical assistance in the operation of rehabilitation programs conducted pursuant to this part.

SEC. 3.5. Section 37922 of the Health and Safety Code is amended to read:

37922. Prior to the issuance of any bonds or bond anticipation notes of the local agency for residential rehabilitation, the local agency shall by ordinance or resolution adopt a comprehensive residential rehabilitation financing program which shall include, but is not limited to, the following items:

(a) Criteria for selection of residential rehabilitation areas by the local agency which shall include findings by the local agency that:

(1) There are a substantial number of deteriorating structures in the area which do not conform to community standards for decent, safe, sanitary housing.

(2) Financial assistance from the local agency for residential rehabilitation is necessary to arrest the deterioration of the area.

(3) Financing of residential rehabilitation in the area is economically feasible.

However, these findings are not required when the residential rehabilitation area is a redevelopment project area that the provisions of the Community Redevelopment Law (Part 1 (commencing with Section 33000)) apply to.

(b) Procedures for selection of residential rehabilitation areas by the local agency which shall include:

(1) Provisions for citizen participation in selection of residential rehabilitation areas.

(2) Provisions for a public hearing by the governing body of the local agency prior to selection of any particular residential rehabilitation area by the local agency.

(c) A commitment that, subject to budgeting and fiscal limitations of the local agency, rehabilitation standards will be enforced in 95 percent of the residences in each residential rehabilitation area.

(d) Guidelines for financing residential rehabilitation which shall be subject to the following limitations:

(1) Outstanding loans on the property to be rehabilitated, including the amount of the loans for rehabilitation, shall not exceed 80 percent of the anticipated after-rehabilitation value of the property to be rehabilitated, except that the local agency may authorize loans of up to 95 percent of the anticipated after-rehabilitation value of the property if such loans are made for the purpose of rehabilitating the property for residential purposes, there is demonstrated need for such higher limit, and there is a high probability that the value of the property will not be impaired during the term of the loan.

(2) The maximum repayment period for residential rehabilitation loans shall be 20 years or three-fourths of the economic life of the property, whichever is less. However, with regard to loans made by a redevelopment agency for rehabilitation within a redevelopment project area from the proceeds of any bonds or bond anticipation notes issued on or after the effective date of the amendments to this section enacted by the Statutes of 1974, the maximum repayment period shall be 30 years or three-fourths of the economic life of the property, whichever is less.

(3) The maximum amount loaned for rehabilitation for each dwelling unit and for each commercial unit which is, or is part of, a "residence" within the meaning of that term as defined in this part, shall be seventeen thousand five hundred dollars ($17,500). However, with regard to loans made by a redevelopment agency for rehabilitation within a redevelopment project area from the proceeds of any bonds or bond anticipation notes issued on or after the effective date of the amendments to this section enacted by the Statutes of 1974, the maximum amount loaned per dwelling unit shall be thirty thousand dollars ($30,000).

(4) No more than 20 percent of any loan for residential rehabilitation shall be used for residential rehabilitation which is not required under the local agency's rehabilitation standards except that in the case of owner-occupied one-to-four-dwelling unit properties, up to 40 percent of the loan for residential rehabilitation may be used for residential rehabilitation not required under the local agency's rehabilitation standards.

(5) Loans shall not be made for the purpose of refinancing the outstanding indebtedness of the participating party with respect to property which is subject to residential rehabilitation, unless the cost, including in such costs any amounts previously expended for residential rehabilitation of that property by a participating party, within a residential rehabilitation area or a redevelopment project area established at the time of such expenditure, of meeting the rehabilitation standards is at least 20 percent of the principal amount of the loan.

(e) A requirement that a plan for public improvements necessary to successful rehabilitation of the residential rehabilitation area be developed, with citizen participation, for each residential rehabilitation area and that the plan for public improvements be adopted by the local agency prior to the financing of residential rehabilitation in any residential rehabilitation area, together with a commitment that, subject to budgetary and fiscal limitations, such plan will be carried out by the local agency.

SEC. 4. Section 2 of Chapter 1201 of the Statutes of 1973 is repealed.

SEC. 5. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act, because there are savings as well as costs in this act which, in the aggregate, do not result in significant identifiable cost changes.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Priority in the allocation of federal funds becoming available for residential rehabilitation will be given to communities which are independently pursuing programs of residential rehabilitation. In order to provide all cities, counties, cities and counties, redevelopment agencies, and housing authorities in the state with the opportunity to obtain such funds during 1974 and to provide for necessary residential rehabilitation throughout the state, it is necessary that this act go into immediate effect.

CHAPTER 1017

An act to add and repeal Section 25507.1 of the Education Code, relating to community colleges.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 25507.1 is added to the Education Code, to read:

25507.1. The Chancellor of the California Community Colleges may designate one community college district to provide, on a pilot basis for three years, the maintenance of community college classes for credit on Sunday. Attendance at classes conducted on Sunday shall be at the election of the student. Attendance in classes conducted on Sunday shall be counted for purposes of computing average daily attendance. The district shall report to the chancellor's office at the end of each fiscal year the number of separate courses conducted on Sunday, and the number of students enrolled.

Any class which is required for attainment of an associate of arts degree or a certificate, which is offered on Sunday, shall also be offered during the regular Monday-through-Friday school week.

In the district designated to provide community college classes for credit on Sunday, no full-time contract or regular certificated employee shall, without his or her written consent, be required to perform his or her duties on Sunday, or for more than five days per workweek.

No classified school employee currently employed by such district shall, without his or her written consent, be required to change his or her workweek to include Sunday. Enactment of this section shall not be construed to require or cause any change or disruption in the present workweek of any classified employee, as defined in Section 13590.1, without written consent of such employee.

Enactment of this section shall not be construed as limiting the powers of any governing board of any community college district to govern the colleges of the district, including the assignment of certificated or classified personnel employed by such district.

The Board of Governors of the California Community Colleges shall evaluate the pilot program, if one is established, and the feasibility of maintaining such classes on a statewide basis and shall report its findings and recommendations to the Legislature on or before September 1, 1978.

This section shall remain in effect until July 1, 1978, and as of that date is repealed.

CHAPTER 1018

An act to amend Section 1238.3 of the Code of Civil Procedure, relating to condemnation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 1238.3 of the Code of Civil Procedure is amended to read:

1238.3. Subject to the provisions of this title, the right of eminent domain may be exercised in behalf of the following public uses:

Property immediately adjacent to and necessary for the operation or expansion of a nonprofit hospital then in existence and engaged in scientific research or an educational activity and the acquisition of which has been certified as necessary by the Director of the State Department of Health, except that property devoted to use for the relief, care, or treatment of the spiritual, mental, or physical illness or ailment of humans shall not be taken under this section. The director shall adopt reasonable regulations which will provide for a public hearing to be conducted by a hearing officer in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code in the area in which the hospital is located to determine the necessity of any acquisition of property under this section prior to certifying such necessity. Written notice of such hearing shall be given to the voluntary area health planning agency, if one exists, in the area in which the hospital is located. The voluntary area health planning agency so notified shall make its recommendations to the hearing officer within 90 days from the receipt of notice and no hearing shall be held prior to the expiration of such 90-day period unless the hearing officer has received the recommendations of the voluntary area health planning agency. At such public hearing, the hearing officer shall insure that the hearing shall, in part at least, consider the proposed expansion's impact upon the delivery of health care services in the community and upon the environment, as gathered from an environmental impact report. The applicant and all interested parties to the acquisition, including the voluntary area health planning agency, shall have the right to representation by counsel, the right to present oral and written evidence and confront and cross-examine opposing witnesses. A transcript of the public hearing shall be filed with the State Department of Health as a public record.

As used in this section, "nonprofit hospital" means any health center or general, tuberculosis, mental, chronic disease, or other type of hospital holding a license in good standing issued under the provisions of Chapter 2 of Division 2 of the Health and Safety Code and owned and operated by a fund, foundation or corporation, no

part of the net earnings of which inures, or may lawfully inure, to the benefit of any private shareholder or individual.

SEC. 2. It is the intent of the Legislature that, whenever a proposed expansion of a nonprofit hospital is to be certified as necessary pursuant to Section 1238.3 of the Code of Civil Procedure, that the certification reflect the fact there has been a determination of the community's need for the proposed expansion. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The law does not presently provide for public discussion at the local level of the necessity for the acquisition of property by nonprofit hospitals. In order that future expansion may take place only after there is an airing of local opinion as to the necessity of each acquisition of property by means of condemnation, it is necessary that this act shall go into immediate effect.

CHAPTER 1019

An act to add Section 13139 to the Education Code, relating to a clinical credential.

The services credential with a specialization in clinical or rehabilitative services shall authorize the holder to perform, at all grade levels, the service approved by the commission as designated on the credential. Clinical or rehabilitative services which may be designated by the commission include, but need not be limited to, speech, language, and hearing services.

CHAPTER 1020

An act to add Section 25514.2 to the Education Code, relating to vocational education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1974. Filed with Secretary of State September 23, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 25514.2 is added to the Education Code, to read:

25514.2. Notwithstanding any provision in this code to the contrary, the governing board of a community college district and a proprietary or nonprofit organization, a public entity, or a proprietary or nonprofit private corporation may enter into a contract for the education of community college students whose capacity to function is impaired by physical deficiency or injury, in vocational education classes to be conducted for such students by the proprietary or nonprofit organization, the public entity, or the proprietary or nonprofit private corporation maintaining the vocational education classes. All instruction pursuant to this section shall be approved of and supervised by the governing board of the community college school district and shall be conducted by credentialed instructors. The average daily attendance of such community college students attending classes, under the provisions of this section, shall be credited to the community college district and college credit may be granted students who satisfactorily complete the course of instruction in such classes.

SEC. 2. This act shall not affect, modify, or eliminate existing contracts for the education of community college students.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that specialized instruction not readily available may be offered to community college students by a nonprofit organization, a public entity, or nonprofit private corporation pursuant to a contract with the governing board of a community college district and with state support, commencing at the earliest possible time, it is necessary that this act go into immediate effect.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 3.6 is added to Chapter 491 of the Statutes of 1971, to read:

Sec. 3.6. In view of the fact that the state has, in this unique case, assumed a responsibility to assist the local economy to compensate for the negative economic impact resulting from closure of a major state facility, and due to the fact that negotiated leases are the established method of providing industrial, commercial, office and storage facilities, a use for which said property is particularly suited, the provisions of Article 8 (commencing with Section 25520) of Chapter 5, Part 2, Division 2, Title 3 of the Government Code requiring competitive bidding shall not be applicable for the limited purposes of this chapter and amendments thereto.

SEC. 2. Section 3.7 of Chapter 491 of the Statutes of 1971 is amended to read:

Sec. 3.7. The County of Placer shall not convey to any third person, other than by lease or utility easement, its interest in the property transferred by this act. Leases entered into under this act shall not include any provision whereby the lessee may purchase the leased premises. If the total rental payable under any lease exceeds fifty thousand dollars ($50,000), such lease shall be subject to the approval of the Department of General Services.

SECTION 1. Section 564 of the Welfare and Institutions Code is amended to read:

564. Upon a hearing conducted in accordance with Section 563, upon an admission by the minor of the commission of a traffic violation charged, or upon a finding that the minor did in fact commit such traffic violation, the judge, referee, or traffic hearing officer may

(a) Where a fine is imposed	$5 for each $20 of fine, or fraction thereof.
(b) If sentence is suspended	$5 if jail only, otherwise based on the amount of the fine levied, as in subdivision (a).

Therefore, Section 3 of this act shall become operative only if this bill and Senate Bill No. 2296 are both chaptered and become effective January 1, 1975, both amend Section 42050, and this bill is chaptered after Senate Bill No. 2296, in which case Section 2 of this act shall not become operative.

CHAPTER 1023

The people of the State of California do enact as follows:

SECTION 1. Section 475a of the Penal Code is amended to read:

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 1024

An act to amend Sections 5170.5, 5174, and 5176 of, and to add Section 5170.1 to, the Welfare and Institutions Code, relating to alcoholism and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 5170.1 is added to the Welfare and Institutions Code, to read:

5170.1. A 72-hour treatment and evaluation facility shall include one or more of the following:

(1) A screening, evaluation, and referral facility which may be accomplished by a mobile crisis unit, first aid station or ambulatory detoxification unit;

(2) A detoxification facility for alcoholic and acutely intoxicated persons.

(3) An alcohol recovery house.

Any person placed in an evaluation facility has, immediately after he is taken to an evaluation facility and except where physically impossible, no later than three hours after he is placed in such facility or taken to such unit, the right to make, at his own expense, at least two completed telephone calls. If the person placed in the evaluation facility does not have money upon him with which to make such calls, he shall be allowed free at least two completed local toll free or collect telephone calls.

SEC. 3. Section 5174 of the Welfare and Institutions Code is amended to read:

5174. It is the intent of the Legislature (a) that facilities for 72-hour treatment and evaluation of inebriates be subject to state funding under Part 2 (commencing with Section 5600) of this division only if they provide screening, evaluation and referral services and have available medical services in the facility or by referral agreement with an appropriate medical facility, and would normally be considered an integral part of a community health program; (b) that state reimbursement under Part 2 (commencing with Section 5600) for such 72-hour facilities and intensive treatment facilities, under this article shall not be included as priority funding as are reimbursements for other county expenditures under this part for involuntary treatment services, but may be provided on the basis of new and expanded services if funds for new and expanded services are available; that while facilities receiving funds from other sources may, if eligible for funding under this division, be designated as 72-hour facilities, or intensive treatment facilities for the purposes of this article, funding of such facilities under this division shall not be substituted for such previous funding.

No 72-hour facility, or intensive treatment facility for the purposes of this article shall be eligible for funding under Part 2 (commencing with Section 5600) of this division until approved by the Director of Health in accordance with standards established by the State Department of Health in regulations adopted pursuant to this part. To the maximum extent possible, each county shall utilize services provided for inebriates and persons impaired by chronic alcoholism by federal and other funds presently used for such services, including federal and other funds made available to the State Department of Rehabilitation and the State Department of Health. SEC. 4. Section 5176 of the Welfare and Institutions Code is amended to read:

5176. This article shall apply only to those counties wherein the board of supervisors has adopted a resolution stating that suitable facilities exist within the county for the care and treatment of inebriates and persons impaired by chronic alcoholism, designating the facilities to be used as facilities for 72-hour treatment and

evaluation of inebriates and for the extensive treatment of persons impaired by chronic alcoholism, and otherwise adopting the provisions of this article.

Each county Short-Doyle plan for a county to which this article is made applicable shall designate the specific facility or facilities for 72-hour evaluation and detoxification treatment of inebriates and for intensive treatment of persons impaired by chronic alcoholism and for the treatment of such persons on a voluntary basis under this article, and shall specify the maximum number of patients that can be served at any one time by each such facility.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are: The Department of Health has classified 72-hour involuntary detoxification facilities as "medical models" for the purposes of licensing, resulting in the inability of detoxification centers to be licensed under these more stringent regulations. In order to permit detoxification facilities to be licensed at the earliest possible time, it is necessary this act take effect immediately.

CHAPTER 1025

SECTION 1. Section 13581 of the Education Code is amended to read:

13581. The governing board of any school district shall employ persons for positions not requiring certification qualifications. The governing board shall, except where Article 5 (commencing at

Section 13701) of this chapter or Section 13756 applies, classify all such employees and positions. The employees and positions shall be known as the classified service. Substitute and short-term employees, employed and paid for less than 75 percent of a school year, shall not be a part of the classified service. Part-time playground positions, apprentices and professional experts employed on a temporary basis for a specific project, regardless of length of employment, shall not be a part of the classified service. Full-time students employed part time, and part-time students employed part time in any college work-study program, or in a work experience education program conducted by a community college district pursuant to Article 5.5 (commencing with Section 5985) of Chapter 6 of Division 6 and which is financed by state or federal funds, shall not be a part of the classified service.

The term "short-term employees" as used in this section shall be construed to mean any person who is employed to perform a service for the district, upon the completion of which, the service required or similar services will not be extended or needed on a continuing basis.

"Seventy-five percent of a school year" means 195 working days, including holidays, sick leave, vacation and other leaves of absences, irrespective of number of hours worked per day.

Employment of either full-time or part-time students in any college work-study program, or in a work experience education program shall not result in the displacement of classified personnel or impair existing contracts for services.

This section shall apply only to districts not incorporating the merit system as outlined in Article 5 (commencing with Section 13701) of this chapter.

SEC. 2. Section 13712 of the Education Code is amended to read:

13712. The commission shall classify all employees and positions within the jurisdiction of the governing board or of the commission, except those which are exempt from the classified service. The employees and positions shall be known as the classified service. Exempt from the classified service shall be:

(a) Positions which require certification qualifications,

(b) Part-time playground positions,

(c) Full-time students employed part time,

(d) Part-time students employed part time in any college work-study program, or in a work experience education program conducted by a community college district pursuant to Article 5.5 (commencing with Section 5985) of Chapter 6 of Division 6 and which is financed by state or federal funds,

(e) Apprentice positions,

(f) Positions established for the employment of professional experts on a temporary basis for a specific project by the governing board or by the commission when so designated by the commission.

Employment of either full-time or part-time students in any college work-study program, or in a work experience education

program shall not result in the displacement of classified personnel or impair existing contracts for services.

However, nothing in this section shall prevent an employee, who has attained regular status in a full-time position, from taking a voluntary reduction in time and retaining his regular status under the provisions of this law.

No person whose contribution consists solely in the rendition of individual personal services and whose employment does not come within the scope of the exceptions listed above shall be employed outside the classified service.

A part-time position is one for which the assigned time, when computed on an hourly, daily, weekly, or monthly basis, is less than 87½ percent of the normally assigned time of the majority of employees in the classified service.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 12585.3 of the Water Code is amended to read:

12585.3. The local agency may receive credit against its share of the costs of lands, easements, and rights-of-way as determined in

subdivisions (b) and (d) of Section 12585.2 for lands required for the project which were acquired not more than five years prior to federal authorization of the project. The amount of this credit shall be determined by the department or the board by applying the percentage representing the state portion of the costs of lands, easements, and rights-of-way as determined in subdivision (a) of Section 12585.2 to the actual costs of the local agency in the case of acquisition by purchase or condemnation, and to the fair market value at the time the title is transferred in the case of acquisition free of charge.

SEC. 2. Section 12585.4 of the Water Code is amended to read:

12585.4. Whenever specifically authorized by the Legislature, the department or the board may lend the local agency the funds necessary to pay the local portion of the costs of lands, easements, and rights-of-way determined in subdivisions (b) and (d) of Section 12585.2, less any credit for previously acquired lands determined under Section 12585.3. The state loan may not exceed a period of 10 years and the rate of interest on the loan shall be the current rate for the state's Pooled Money Investment Account. The loan shall be repaid in annual installments beginning one year after the loan is made. The annual loan payment may be deducted from the state's annual tax subvention to the local agency, if any. In the event that the local agency does not receive tax subventions from the state adequate to make the loan payment and becomes in default on the loan payments, the local agency, notwithstanding any other provisions of any statute limiting its tax ceiling, shall levy sufficient taxes to repay the loan. Notwithstanding any other provisions of law, any local agency authorized to participate in the construction of federal flood control projects is authorized to accept the loans authorized pursuant to this section.

SEC. 3. Section 12866.2 of the Water Code is amended to read:

12866.2. Notwithstanding any other provisions of this chapter, the following policy shall apply to projects approved by the appropriate committees of the Congress and by the Department of Agriculture after November 10, 1969:

(a) The state shall pay 75 percent of the costs of lands and rights or interests in lands whereon channel improvements and channel rectifications, debris dams and water-retarding structures are located and of lands, rights, or interests in lands necessary in connection with the construction, operation, or maintenance of such channel improvements and rectifications, debris dams and water-retarding structures, including those necessary for flowage purposes, spoil areas, borrow pits, or for access roads, apportioned to the benefits resulting from the reduction of flood damage.

(b) The local agency shall pay 25 percent of the costs of lands and rights or interests in lands whereon channel improvements and channel rectifications, debris dams and water-retarding structures are located and of lands, rights, or interests in lands necessary in connection with the construction, operation, or maintenance of such

channel improvements or rectifications, debris dams and water-retarding structures, including those necessary for flowage purposes, spoil areas, borrow pits, or for access roads, apportioned to the benefits resulting from the reduction of flood damage and all of such costs apportioned to the benefits resulting from increased or higher utilization of land.

(c) The state shall pay 90 percent of the costs of the relocation, reconstruction, or replacement of existing improvements, structures, or utilities rendered necessary by the project, apportioned to the benefits resulting from the reduction of flood damage.

(d) The local agency shall pay 10 percent of the costs of the relocation, reconstruction, or replacement of existing improvements, structures, or utilities rendered necessary by the project, apportioned to the benefits resulting from the reduction of flood damage and all of such costs apportioned to the benefits resulting from increased or higher utilization of land.

(e) The state's portion of the costs under subdivisions (a) and (c) shall be determined by the department at or prior to the time the report recommending federal authorization is submitted to the Congress. In the case of projects already having federal authorization, the state's portion of such costs shall be determined by the department at the time state authorization is sought by the local agency. The state's portion shall not be changed unless there are major project changes made in the plan of improvement, in which case the department, prior to the next appropriation of state funds for the project, shall review the project and make such new determinations as it deems justified by the project changes.

(f) When a project approved prior to November 10, 1969, is so modified that it becomes subject to the provisions of Section 12873, the policy described in this section shall be applied to any portion of the modified project which the department determines to be beyond the scope of the originally authorized project.

SEC. 4. Section 12866.3 of the Water Code is amended to read:

12866.3. The local agency may receive credit against its share of the costs of lands, easements, and rights-of-way as determined in subdivisions (b) and (d) of Section 12866.2 for lands required for the project which were acquired not more than five years prior to federal authorization of the project. The amount of this credit shall be determined by the department by applying the percentage representing the state portion of the costs of lands, easements, and rights-of-way as determined in subdivision (a) of Section 12866.2 to the actual costs of the local agency in the case of acquisition by purchase or condemnation, and to the fair market value at the time the title is transferred in the case of acquisition free of charge.

SEC. 5. Section 12866.4 of the Water Code is amended to read:

12866.4. Whenever specifically authorized by the Legislature, the department may lend the local agency the funds necessary to pay the local portion of the costs of lands, easements, and rights-of-way determined in subdivisions (b) and (d) of Section 12866.2, less any

credit for previously acquired lands determined under Section 12866.3. The state loan may not exceed a period of 10 years and the rate of interest on the loan shall be the current rate for the state's Pooled Money Investment Account. The loan shall be repaid in annual installments beginning one year after the loan is made. The annual loan payment shall be deducted from the state's annual tax subvention to the local agency, if any. In the event that the local agency does not receive tax subventions from the state adequate to make the loan payment and becomes in default of the loan payments, the local agency, notwithstanding any other provisions of any statute limiting its tax ceiling, shall levy sufficient taxes to repay the loan. Notwithstanding any other provisions of law, any local agency authorized to participate in the construction of watershed protection projects is authorized to accept the loans authorized pursuant to this section.

SEC. 5. Section 1701 of the Probate Code is amended to read:

1701. A conservator is a person appointed to take care of the person and property or person or property of a conservatee as defined in Section 1751. Both a natural person and a nonprofit charitable corporation, incorporated in this state, whose articles of incorporation specifically authorize it to accept appointments as conservators, and which has been providing care or counseling or financial assistance to the proposed conservatee under the supervision of a registered social worker certified by the Board of Behavioral Science Examiners of this state, are eligible for appointment as conservator of the person and estate or of either; a trust company, as defined in Section 107 of the Financial Code, is eligible for appointment as conservator of the estate only. The petition of a nonprofit charitable corporation shall include in the caption the name of a responsible corporate officer; if for any reason such officer should cease to act as the responsible officer hereunder, the corporation shall file with the court a notice of the name of the successor responsible officer and his date of succession.

SEC. 6. Section 1802.5 is added to the Probate Code, to read:

1802.5. The court issuing an order appointing a nonprofit charitable corporation described in Section 1701 to be a conservator of the estate or of the person and estate of another shall require that such nonprofit charitable corporation furnish a bond to the conservatee as specified in this chapter, except such bond shall not be in the form of a personal surety bond.

SEC. 7. Section 1907 of the Probate Code is amended to read:

1907. The termination of the relationship of conservator and conservatee by the death of either or by the determination of the court that the conservatorship is no longer necessary shall not cause the court to lose jurisdiction of the proceeding for the purpose of settling the accounts of the conservator and for any other purpose incident to the enforcement of the judgments and orders of the court upon such accounts or upon the termination of the conservatorship. If the conservator dies or becomes incompetent, his account may be presented by his personal representative and upon petition of the successor of such deceased or incompetent conservator, the court shall compel the personal representative of the deceased or incompetent conservator to render such account and must settle such account as in other cases. In the event the conservator dies or becomes incompetent and there is no executor, administrator, or representative appointed for his estate, or he absconds, then the court may compel the attorney for such absconding, deceased, or incompetent conservator or attorney of record in the conservatorship proceeding, to render an account of the conservatorship to the extent that the attorney has information or records available to him for the purpose. The account of the attorney need not be verified. A fee shall be allowed to the attorney by the court for this extraordinary service. For the purposes of this section, "personal representative" shall include a guardian and conservator.

If the conservator is a nonprofit charitable corporation as provided in Section 1701, the fee allowed to the attorney by the court for his extraordinary service shall be for services actually rendered and shall not be based on the value of the conservatee's estate.

SEC. 8. Section 1908 of the Probate Code is amended to read:

1908. (1) Except as provided in subdivision (2), every conservator shall be allowed the amount of his reasonable expenses incurred in the execution of his trust, including the cost of any surety bond furnished and reasonable attorneys' fees, and shall have such compensation for his services as the court in which his accounts are settled deems just and reasonable. He shall also be allowed all reasonable disbursements made before his appointment, and (a) in the case of termination other than by the death of the conservatee, all reasonable disbursements made after the termination of the conservatorship but prior to his discharge by the court, and (b) in the case of termination by the death of the conservatee, all reasonable expenses incurred prior to such discharge for the custody and conservation of the estate and the delivery thereof to the personal representative of the estate of the deceased conservatee.

(2) Every conservator which is a nonprofit charitable corporation as provided in Section 1701 shall be allowed the amount of his reasonable expenses incurred in the execution of his trust, including the cost of any surety bond furnished and attorneys' fees for services actually rendered, if reasonable, and shall have such compensation for his services as the court in which his accounts are settled deems just and reasonable. The conservator's compensation shall be

awarded only for services actually rendered and shall not be based on the value of the conservatee's estate. He shall also be allowed all reasonable disbursements made before his appointment, provided that any fee for an attorney shall only be for services actually rendered and shall not be based on the value of the conservatee's estate, and (a) in the case of termination other than by the death of the conservatee, all reasonable disbursements made after the termination of the conservatorship but prior to his discharge by the court, except that a fee for an attorney shall be for services actually rendered and shall not be based on the value of the conservatee's estate, and (b) in the case of termination by the death of the conservatee, all reasonable expenses incurred prior to such discharge for the custody and conservation of the estate and the delivery thereof to the personal representative of the estate of the deceased conservatee, except that a fee for an attorney shall be for services actually rendered and shall not be based on the value of the conservatee's estate.

This subdivision shall be applicable only to a conservator which is a nonprofit charitable corporation as provided in Section 1701.

SEC. 9. Section 5355 of the Welfare and Institutions Code is amended to read:

5355. If the conservatorship investigation results in a recommendation for conservatorship, the recommendation shall designate the most suitable person, corporation, state or local agency or county officer, or employee designated by the county to serve as conservator. No person, corporation, or agency shall be designated as conservator whose interests, activities, obligations or responsibilities are such as to compromise his or their ability to represent and safeguard the interests of the conservatee. Nothing in this section shall be construed to prevent the State Department of Health from serving as guardian pursuant to Section 7284, or the function of the conservatorship investigator and conservator being exercised by the same public officer or employee.

When a public guardian is appointed conservator, his official bond and oath as public guardian are in lieu of the conservator's bond and oath on the grant of letters of conservatorship No bond shall be required of any other public officer or employee appointed to serve as conservator.

Permits issued pursuant to this article shall be either a class I permit or a class II permit. Class I permits may be issued to persons who raise green sea turtles and export their products. Class II permits may be issued to persons who import green sea turtles products and who shall be required to demonstrate that all turtle products which they import into the state are obtained from a class I permittee.

2451. No class I permit shall be issued to any person pursuant to this article unless such person has obtained written permission for the exportation of turtle products from any state or foreign country in which such person conducts business, including all states and foreign countries where he obtains any turtle eggs in the wild.

2452. An application for a class I or class II permit under this article to import or export products derived from green sea turtles shall be accompanied by a filing fee in the sum of fifty dollars ($50), which fee shall not be refundable.

2453. Any class I or class II permit issued pursuant to this article shall be valid for one year from the date of its issuance or repeal of this article, whichever first occurs. In making such finding the department shall confer with the International Union for the Conservation of Nature and Natural Resources, shall request their recommendations, and shall be guided by such recommendations.

(b) The International Union for the Conservation of Nature and Natural Resources, advises the department that such a permit will be adverse to the green sea turtle resource.

The class I permit shall specify whether or not any eggs are to be taken from the wild.

2456. A person holding a class I permit under this article may take a specified percentage of eggs saved as the result of such person

having placed on the beaches sufficient patrols with the approval of the proper governmental officials to protect against the poaching of turtles. Such percentage of eggs to be taken shall relate directly to the amount of eggs saved by the stopping of such poaching and the allowing of a normal laying of eggs. Such percentage shall be negotiated with the proper local governmental authority. Such percentage shall be reasonable and shall be negotiated in good faith by the person or firm holding the permit. Such percentage shall be approved by the department.

2457. A person taking eggs pursuant to Section 2456 shall be required by the department to hatch out and release locally in the area where the eggs are taken a proportion which shall be agreed upon with the proper local government authority of the number of eggs so taken, for the purpose of increasing the total turtle population in the area. 2459. The department shall inspect the operations of a class I permittee from time to time each year to determine if the permittee is in compliance with the provisions of this article. Such inspection may be unannounced and the permittee shall cooperate with any reasonable or lawful request of the department for an opportunity to inspect and for the permittee to provide any written material requested, including proof of permits from other jurisdictions, and actions in conformity with the requirements contained in this article.

2460. Costs incurred for any inspection pursuant to Section 2459 shall be borne by the class I permittee, and a note issued by an international banking firm shall guarantee the deposit of sufficient funds by the class I permittee to cover costs incurred by the department to inspect the complete operations, up to four times a year. The funds deposited shall cover transportation costs, salaries, and living expenses for the trip. An amount equal to 15 percent of such funds shall be paid to the Fish and Game Preservation Fund to reimburse the department for administrative costs.

2461. Upon a finding by the department that the class I permittee has violated any of the provisions of this article or has not acted in good faith in the taking of turtle eggs from the wild, the department shall revoke the permit.

2462. The department shall review the operation of the permit program authorized under this article and shall report thereon to the Legislature by January 1, 1976.

all of the territory of the county in one or more community college districts or for the annexation to existing community college districts of territory not a part of any community college district. The county committee on school district organization of any other county may submit such plans and recommendations at any time. A single plan for annexation may contain alternative proposals respecting the community college district or districts to which annexation is proposed.

When, in any fiscal year after the 1972–73 fiscal year, the residents of a county for the first time account for 250 or more units of average daily attendance in grades 13 and 14 in community colleges in the state, the county committee on school district organization shall, in the next succeeding fiscal year, submit such plans and recommendations to the board of governors.

For plans required to be submitted after September 15, 1973, the election shall be held within one year after the date of notification of original approval. Alternative annexation proposals contained in a single approved plan shall be submitted to the electors as separate alternative propositions. When alternative annexation propositions are submitted to the electors, that proposition receiving the approval of the majority of qualified electors voting shall be adopted. In the event that more than one annexation proposition receives the approval of the majority of the qualified electors voting, that proposition which receives the greatest number of favorable votes in excess of the majority shall be adopted.

If a county committee on school district organization has submitted a plan and recommendation to the board of governors prior to the effective date of the amendment of this section at the 1973–74 Regular Session of the Legislature and an election on such

plan and recommendation has not been held prior to such date, the county committee or school district organization may subsequently determine that the intent of Section 25457 may equally be satisfied by annexation of the territory to either of two community college districts. Following a public hearing it may amend its plan and recommendation by a majority of all those entitled to vote and submit its amended proposal to the board of governors. The amended proposal shall be submitted within 60 days after such effective date. The board of governors may approve or disapprove any such amended proposal.

Any permit issued under this section may be revoked or suspended at any time that the board finds that any one of the requirements for original issuance of a permit, other than under subdivision (d), is no longer being fulfilled by the corporation or group to whom the permit was issued. Proceedings for revocation or suspension shall be governed by the Administrative Procedure Act.

In the event the board revokes or suspends the certificate to practice optometry of any member of a corporation or group to whom a permit has been issued under this section, such revocation or suspension shall also constitute revocation or suspension, as the case may be, of such permit.

SEC. 2. Section 3163 of the Business and Professions Code is amended to read:

3163. Except as provided in Section 3125, the name of an optometric corporation and any name or names under which it may be rendering professional services shall contain and be restricted to the name or the last name of one or more of the present, prospective, or former shareholders and shall include the words optometric corporation or wording or abbreviations denoting corporate existence, provided that the articles of incorporation shall be amended to delete the name of a former shareholder from the name of the corporation within two years from the date the former shareholder dies or otherwise ceases to be a shareholder.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that the Recovery Fund concept is an effective means of compensating aggrieved persons who obtain a final court judgment against any real estate licensee upon grounds of fraud, misrepresentation, deceit or conversion of trust funds, which judgment is unsatisfied, and who otherwise meet the statutory requirements.

The Legislature further finds that the maximum liability of the Recovery Fund of only $20,000 for any one licensee, regardless of the number of valid claims, causes an inequity to arise when valid multiple claims exceed the said statutory limit. It is the purpose of the Legislature to correct this inequity so that in most instances multiple valid claimants against the Recovery Fund will be compensated for their actual losses.

The Legislature further finds that the Recovery Fund receives its funds from a percentage of real estate license fees; that such license fees have proven sufficient to cover the administrative needs of the Department of Real Estate and for the additional funds contemplated by this proposal; therefore, this is the appropriate time to increase the maximum limit as it relates to claims against the Recovery Fund.

SEC. 2. Section 10451.6 of the Business and Professions Code is repealed.

SEC. 3. Section 10470.1 of the Business and Professions Code is repealed.

SEC. 4. Section 10470.1 is added to the Business and Professions Code, to read:

10470.1. (a) In addition to the amount allocated for recovery purposes as set forth in Section 10450.6, the Real Estate Commissioner may authorize the transfer from the Real Estate Fund to the Real Estate Education, Research and Recovery Fund to be allocated for recovery purposes such amount or amounts that he deems necessary.

(b) If the balance remaining in the Real Estate Education, Research and Recovery Fund and allocated for recovery purposes contains more than four hundred thousand dollars ($400,000) the Real Estate Commissioner may authorize the transfer of all or part of such surplus amount to the Real Estate Fund.

(c) If the balance remaining in the Real Estate Education, Research and Recovery Fund and allocated for education and research purposes contains more than four hundred thousand dollars ($400,000) the Real Estate Commissioner may authorize the transfer of all or part of such surplus amount to the Real Estate Fund.

(d) The Real Estate Commissioner may authorize the return to the Real Estate Education, Research and Recovery Fund of all or part of any amount previously transferred to the Real Estate Fund under the provisions of this section.

SEC. 5. Section 10474 of the Business and Professions Code is amended to read:

10474. If the court finds after the hearing that said claim should

be levied against the portion of the fund allocated for the purpose of carrying out the provisions of this article, the court shall enter an order directed to the commissioner requiring payment from the Real Estate Education, Research and Recovery Fund of whatever sum it shall find to be payable upon the claim pursuant to the provisions of and in accordance with the limitations contained in this article.

Notwithstanding any other provision of this article, the liability of that portion of the Real Estate Education, Research and Recovery Fund allocated for the purposes of this article shall:

(a) Not exceed twenty thousand dollars ($20,000) for any one licensee for which the cause of action occurred on or after July 1, 1964, and prior to January 1, 1975.

(b) Not exceed forty thousand dollars ($40,000) for any one licensee for which the cause of action occurred on or after January 1, 1975.

SEC. 6. Section 10474.5 of the Business and Professions Code is amended to read:

10474.5. If the twenty thousand dollars ($20,000) or forty thousand dollars ($40,000) liability of the Real Estate Education, Research and Recovery Fund, whichever is applicable, as provided for in Section 10474 is insufficient to pay in full the valid claims of all aggrieved persons by whom claims have been filed against any one licensee, such twenty thousand dollars ($20,000) or forty thousand dollars ($40,000) shall be distributed among them in the ratio that their respective claims bear to the aggregate of such valid claims, or in such other manner as the court deems equitable. Distribution of such moneys shall be among the persons entitled to share therein, without regard to the order of priority in which their respective judgments may have been obtained or their claims have been filed. Upon petition of the Real Estate Education, Research and Recovery Fund, the court may require all claimants and prospective claimants against one licensee to be joined in one action, to the end that the respective rights of all such claimants to the Real Estate Education, Research and Recovery Fund may be equitably adjudicated and settled.

673. The Board of Equalization may issue a temporary certificate to a person who is newly employed by the state, any county, city and county or appraisal commission in order to afford the person the opportunity to apply for and take an examination the successful passage of which would qualify the person for an appraiser's certificate. A temporary certificate shall not be issued to exceed one year's duration and shall be issued only to a person who has demonstrated eligibility to take a civil service examination pursuant to subdivision (c) of Section 670 or who is found by the board to possess qualifications by reason of education and experience so that he may be reasonably expected to be competent to perform the work of an appraiser. The application shall set forth the fact that a duly executed and recorded deed, purchase contract, deed of trust, mortgage, or final decree of court describes the parcel sought to be separately valued.

The application may request that the tax created by the assessment of personal property, or leasehold improvements, or possessory interests on the whole assessment for each of the years for which it was delinquent be allowed to remain as a lien on the parcel sought to be separately valued.

If any lien not determined by the application of a tax rate on a

valuation of property has been levied or placed on the whole assessment, the application may be accompanied by the certification of the taxing agency or revenue district authorized by law to levy or place the lien, setting forth the specific amount of that portion of the lien levied or placed on the whole assessment which is to continue to be levied or placed on the parcel sought to be separately valued for each of the years for which it was delinquent.

The remaining 5 percent of the tax amounts shall be apportioned to the tax losses reserve fund. Such apportionments shall constitute a full liquidation of the share of each fund in the liens for delinquent taxes appearing on the abstract list and any amounts thereafter received through redemption, sale or rental of the property shall be apportioned in the manner prescribed by Sections 4708, 4710, 4711 and 4712 for years in which the procedure authorized by this chapter has been in effect.

(3) One year has not elapsed since the date of the payment.

(4) A guarantee or certificate of title has not been issued on the property in connection with which the payment was credited.

cancel the redemption of that property.

(b) (1) By substantial evidence a redemptioner convinces the tax collector that money paid by him in redemption of any property or for the use of any property pursuant to Chapter 3 (commencing with Section 4186) of Part 7 of this division was, without his fault, credited to unintended property.

(2) The right of redemption has not terminated on the property in connection with which the payment was intended.

(3) One year has not elapsed since the date of the payment.

(4) A guarantee or certificate of title has been issued on the property in connection with which the payment was credited.

When all of the foregoing are true, the tax collector shall transfer the payment to the property in connection with which the payment was intended to be made, and shall cancel the credit on the unintended property. In the event such a transfer is made, the person owning the unintended property immediately before issuance of the guaranty or certificate shall be personally liable for the amount so transferred which shall be collected in the manner specified for the collection of taxes on the unsecured roll.

Assessee as used in this section refers to the assessee as shown on the last roll on which the unintended property appears.

If a credit on unintended property is canceled and transferred pursuant to subdivision (b) of Section 4920, the tax collector shall inform the person owning the property immediately before issuance of the guaranty or certificate of title that the credit has been canceled and transferred and the person so notified shall be personally liable for the amount so transferred which shall be collected in the manner specified for the collection of taxes on the unsecured roll.

4923. The notice shall state that the last assessee of the property in connection with which payment may be transferred pursuant to this article, may within 10 days after the mailing demand a hearing by the board of supervisors. If made, the demand shall be in duplicate and one copy shall be filed with the tax collector. The board of supervisors shall set a time for the hearing and its decision on the

matter is final.

SEC. 41. Section 4925 of the Revenue and Taxation Code is amended to read:

4925. If the amount paid by the redemptioner exceeds the amount necessary to redeem the property intended or more than the amount required to be paid for the use of the property pursuant to Chapter 3 of Part 7 of this division the applicant is entitled to a refund of the excess which shall be paid in the same manner as an overcollection of tax is refunded; provided, however, that if the refund is made within 90 days after the date of payment it may be made by the tax collector.

SEC. 42. Section 4986 of the Revenue and Taxation Code is amended to read:

4986. (a) All or any portion of any tax, penalty, or costs, heretofore or hereafter levied, may, on satisfactory proof, be canceled by the auditor on order of the board of supervisors with the written consent of the county legal adviser if it was levied or charged:

(1) More than once.

(2) Erroneously or illegally.

(3) On the canceled portion of an assessment that has been decreased pursuant to a correction authorized by Article 1 (commencing with Section 4876) of Chapter 2 of this part.

(4) On property which did not exist on the lien date.

(5) On property annexed after the lien date by the public entity owning it.

(6) On property acquired prior to September 18, 1959, by the United States of America, the state, or by any county, city, school district or other political subdivision and which, because of such public ownership, became not subject to sale for delinquent taxes.

(b) On property acquired after the lien date by the United States of America, if such property upon such acquisition becomes exempt from taxation under the laws of the United States, or by the state or by any county, city, school district or other public entity, and because of such public ownership becomes not subject to sale for delinquent taxes, no cancellation shall be made in respect of all or any portion of any such unpaid tax, or penalties or costs, but such tax, together with such penalties and costs as may have accrued thereon while on the secured roll, shall be paid through escrow at the close of escrow or, if unpaid for any reason, they shall be collected like any other taxes on the unsecured roll. If unpaid at the time set for the sale of property on the secured roll to the state, they shall be transferred to the unsecured roll pursuant to Section 2921.5, and collection thereof shall be made and had as provided therein, except that the statute of limitations on any suit brought to collect such taxes and penalties shall commence to run from the date of transfer of such taxes, penalties and costs to the unsecured roll, which date shall be entered on the unsecured roll by the auditor opposite the name of the assessee at the time such transfer is made. The foregoing toll of the statute of limitations shall apply retroactively to all such unpaid taxes

and penalties so transferred, the delinquent dates of which are prior to the effective date of the amendment of this section at the 1959 Regular Session.

If any property described in this subdivision is acquired by a negotiated purchase and sale, gift, devise, or eminent domain proceeding after the lien date but prior to the commencement of the fiscal year for which current taxes are a lien on the property, the amount of such current taxes shall be canceled and neither the person from whom the property was acquired nor the public entity shall be liable for the payment of such taxes. If, however, the property is so acquired after the commencement of the fiscal year for which the current taxes are a lien on the property, that portion only of such current taxes, together with any allocable penalties and costs thereon, which are properly allocable to that part of the fiscal year which ends on the day before the date of acquisition of the property shall be paid through escrow at the close of escrow, or if unpaid for any reason, they, shall be transferred to the unsecured roll pursuant to Section 2921.5 and shall be collectible from the person from whom the property was acquired. The portion of such taxes, together with any penalties and costs thereon, which are allocable to that part of the fiscal year which begins on the date of the acquisition of the property, shall be canceled and shall not be collectible either from the person from whom the property was acquired nor from the public entity.

In no event shall any transfer of unpaid taxes, penalties or costs be made with respect to property which has been tax deeded to the state for delinquency.

For purposes of this subdivision, if proceedings for acquisition of the property by eminent domain have not been commenced, the date of acquisition shall be the date that the conveyance is recorded in the name of the public entity or the date of actual possession by the public entity, whichever is earlier. If proceedings to acquire the property by eminent domain have been commenced and an order of immediate possession obtained prior to acquisition of the property by deed, the date of acquisition shall be the date upon or after which the plaintiff may take possession as authorized by such order of immediate possession.

The subject of the amount of the taxes which may be due on the property shall not be considered relevant on any issue in the condemnation action, and the mention of said subject, either on the voir dire examination of jurors, or during the examination of witnesses, or as a part of the court's instructions to the jury, or in argument of counsel, or otherwise, shall constitute grounds for a mistrial in any such action.

No cancellation under paragraph (2) of subdivision (a) of this section shall be made in respect of all or any portion of any tax, or penalties or costs attached thereto, collectible by county officers on behalf of a municipal corporation without the written consent of the city attorney or other officer designated by the city council unless the

city council, by resolution filed with the board of supervisors, has authorized the cancellation by county officers. The resolution shall remain effective until rescinded by the city council. For the purpose of this section and Section 4986.9, the date of possession shall be the date after which the plaintiff may take possession as authorized by order of the court or as authorized by a declaration of taking.

SEC. 43. Section 5097.1 of the Revenue and Taxation Code is amended to read:

5097.1. Notwithstanding the provisions of Sections 5096 and 5097 any taxes paid before or after delinquency may be refunded by the tax collector within 90 days after the date of the last payment if:

(a) Paid more than once.

(b) The amount paid exceeds the amount due on the property as shown on the roll.

CHAPTER 1102

An act to repeal Chapter 1.3 (commencing with Section 4671) of, and to add Chapter 1.3 (commencing with Section 4671) to, Part 8 of Division 1 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1.3 (commencing with Section 4671) of Part 8 of Division 1 of the Revenue and Taxation Code is repealed.

SEC. 2. Chapter 1.3 (commencing with Section 4671) is added to Part 8 of Division 1 of the Revenue and Taxation Code, to read:

CHAPTER 1.3. DISTRIBUTION OF PROCEEDS FROM SALE OF TAX-DEEDED PROPERTY

4671. As used in this chapter, "taxes" includes all liens determined by the application of an ad valorem tax rate which were, at the time of sale by the state, included in the amount necessary to redeem the property from the sale to the state under Chapter 1 (commencing with Section 4101) of Part 7 of this division.

4671.3. As used in this chapter, "assessments" includes all liens other than taxes which were, at the time of sale by the state, included in the amount necessary to redeem the property from the sale to the state under Chapter 1 (commencing with Section 4101) of Part 7 of this division, and included in the amount necessary to redeem the property from sale to any taxing agency entitled to share in the proceeds.

4672. There shall be distributed to the State of California, to be placed in the General Fund, the following:

One dollar and fifty cents ($1.50) for all or any portion of each separately valued parcel of real property deed to the state and sold to private parties or to a taxing agency.

If property is deeded to a taxing agency under a pro rata division agreement it shall not be deemed "sold" until resold by the taxing agency to a private party.

The one dollar and fifty cents ($1.50) for property sold shall be paid from the total amount to be distributed. If the total amount is insufficient the one dollar and fifty cents ($1.50) shall be reduced accordingly.

4673. Amounts received to reimburse the county for the cost of advertising sales of tax-deeded property shall be distributed to the county general fund.

4674. Any surplus proceeds after satisfaction of the amounts specified in Section 4672 and Section 4673 shall be distributed as follows:

(a) A pro rata share of the surplus proceeds shall be distributed to each assessment fund in an amount bearing the same proportion to the surplus proceeds as the assessment due each fund bears to the total amount of taxes and assessments necessary to redeem the deeded property at the time of sale by the state, provided, however, that there shall not be distributed to any such assessment fund, an amount greater than the amount due each fund at the time of sale by the state. If the pro rata share of the surplus proceeds to be distributed to each assessment fund is greater than the assessment due each fund at the time of sale by the state, the amount in excess of the assessment due shal be distributed as provided in subdivision (b).

(b) The balance of surplus proceeds remaining shall be distributed to each tax fund in an amount bearing the same proportion to the balance remaining as the tax rate for each fund bears to the total tax rate applicable to the deeded property for the fiscal year preceding that in which the deeded property was sold by the state.

CHAPTER 1103

An act to amend Sections 23002, 25004, 25100, 25102, 25131, 25133, 25166, and 25507 of the Corporations Code, and Section 28712 of the Education Code, relating to corporations.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 23002 of the Corporations Code is amended to read:

23002. A qualification of the sale of securities by the Commissioner of Corporations finding that an unincorporated trust or association is a real estate investment trust or, in the case of an unincorporated trust or association exempted from the requirements to obtain such qualification, an order of the Commissioner of Corporations making such a finding, shall be conclusive evidence that the trust or association is a real estate investment trust, so far as Section 23001 is concerned, as to all persons who become shareholders or beneficiaries of the unincorporated trust or association after the effective date of the qualification or order and prior to its suspension or revocation, if any, and as to all obligations of the unincorporated trust or association arising after the effective date of this part, whether they arose before or after the effective date of the qualification or order and prior to suspension or revocation of the qualification or order. Expiration of the effective period of the qualification shall not be deemed a suspension or revocation within the meaning of this section.

SEC. 2. Section 25004 of the Corporations Code is amended to read:

25004. "Broker-dealer" means any person engaged in the business of effecting transactions in securities in this state for the account of others or for his own account. "Broker-dealer" also includes a person engaged in the regular business of issuing or guaranteeing options with regard to securities not of his own issue. "Broker-dealer" does not include (a) any other issuer, (b) an agent, when an employee of a broker-dealer or issuer, (c) a bank, trust company, or savings and loan association, (d) any person insofar as he buys or sells securities for his own account, either individually or in some fiduciary capacity, but not as part of a regular business, (e) a person who has no place of business in this state if he effects transactions in this state exclusively with (1) the issuers of the securities involved in the transactions or (2) other broker-dealers, (f) a broker licensed by the Real Estate Commissioner of this state when engaged in transactions in securities exempted by subdivision (f) or (p) of Section 25100 or in securities the issuance of which is subject to authorization by the Real Estate Commissioner of this state or in transactions exempted by subdivision (e) of Section 25102, or (g) an exchange certified by the Commissioner of Corporations pursuant to this section when it is issuing or guaranteeing options. The commissioner may by order certify an exchange under this section upon such conditions as he by rule or order deems appropriate, and upon notice and opportunity to be heard he may suspend or revoke such certification, if he finds such certification, suspension, or revocation to be in the public interest and necessary and appropriate for the protection of investors.

SEC. 3. Section 25100 of the Corporations Code is amended to read:

25100. The following securities are exempted from the provisions of Sections 25110, 25120, and 25130:

(a) Any security (including a revenue obligation) issued or guaranteed by the United States, any state, any city, county, city and county, public district, public authority, public corporation, public entity, or political subdivision of a state or any agency or corporate or other instrumentality of any one or more of the foregoing; or any certificate of deposit for any of the foregoing.

(b) Any security issued or guaranteed by the Dominion of Canada, any Canadian province, any political subdivision or municipality of any such province, or by any other foreign government with which the United States currently maintains diplomatic relations, if the security is recognized as a valid obligation by the issuer or guarantor; or any certificate of deposit for any of the foregoing.

(c) Any security issued or guaranteed by and representing an interest in or a direct obligation of a national bank or a bank or trust company incorporated under the laws of this state, and any security issued by a bank to one or more other banks and representing an interest in an asset of the issuing bank.

(d) Any security issued or guaranteed by a federal savings and loan association or federal land bank or joint land bank or national farm loan association or by any savings and loan association which is subject to the supervision and regulation of the Savings and Loan Commissioner of this state.

(e) Any security (other than an interest in all or portions of a parcel or parcels of real property which are subdivided land or a subdivision or in a real estate development), the issuance of which is subject to authorization by the Insurance Commissioner, the Public Utilities Commission, or the Real Estate Commissioner of this state.

(f) Any security consisting of any interest in all or portions of a parcel or parcels of real property which are subdivided lands or a subdivision or in a real estate development; provided that the exemption in this subdivision shall not be applicable to any investment contract sold or offered for sale with, or as part of, any such interest, or to any corporation engaged in the business of selling, distributing or supplying water for irrigation purposes or domestic use which is not a public utility.

(g) Any shares, investment certificates or borrower's membership certificates (as defined in the Savings and Loan Association Law) issued by a savings and loan association holding a license then in force from the Savings and Loan Commissioner of this state.

(h) Any security issued or guaranteed by any federal credit union, or by any credit union organized and supervised under the laws of this state.

(i) Any security issued or guaranteed by any railroad, other common carrier, public utility, or public utility holding company which is (1) subject to the jurisdiction of the Interstate Commerce

Commission or (2) a holding company registered with the Securities and Exchange Commission under the Public Utility Holding Company Act of 1935 or a subsidiary of such a company within the meaning of that act or (3) regulated in respect of the issuance or guarantee of the security by a governmental authority of the United States, of any state, of Canada or of any Canadian province; and the security is subject to registration with or authorization of issuance by such authority.

(j) Any security (except evidences of indebtedness, whether interest bearing or not) of an issuer (1) organized exclusively for educational, benevolent, fraternal, religious, charitable, social, or reformatory purposes and not for pecuniary profit, if no part of the net earnings of the issuer inures to the benefit of any private shareholder or individual, or (2) organized as a chamber of commerce or trade or professional association. The fact that amounts received from memberships or dues or both will or may be used to construct or otherwise acquire facilities for use by members of the nonprofit organization does not disqualify the organization for this exemption. This exemption does not apply to the securities of any nonprofit organization if any promoter thereof expects or intends to make a profit directly or indirectly from any business or activity associated with the organization or operation of such nonprofit organization or from remuneration received from such nonprofit organization.

(k) Any agreement, commonly known as a "life income contract," of an issuer (1) organized exclusively for educational, benevolent, fraternal, religious, charitable, social, or reformatory purposes and not for pecuniary profit and (2) which the commissioner designates by rule or order, with a donor in consideration of a donation of property to such issuer and providing for the payment to the donor or persons designated by him of income or specified periodic payments from the donated property or other property for the life of the donor or such other persons.

(*l*) Any note, draft, bill of exchange, or banker's acceptance which arises out of a current transaction or the proceeds of which have been or are to be used for current transactions, and which evidences an obligation to pay cash within nine months of the date of issuance, exclusive of days of grace, or any renewal of such paper which is likewise limited, or any guarantee of such paper or of any such renewal; except such promissory notes offered to the public in amounts of less than five thousand dollars ($5,000) in the aggregate to any one purchaser.

(m) Any security issued by any corporation organized and existing under the provisions of Chapter 1 (commencing with Section 54001) of Division 20 of the Agricultural Code.

(n) Any beneficial interest in a retirement system as defined in subdivision (a) of Section 28002.

(o) Any security listed or approved for listing upon notice of issuance on a national securities exchange certified by rule or order

of the commissioner and any warrant or right to purchase or subscribe to any such security.

Such certification of an exchange shall be made by the commissioner upon the written request of the exchange if he finds that the exchange, in acting on applications for listing of common stock substantially applies each of the minimum standards set forth in subparagraph (1) below, and in considering suspension or removal from listing, substantially applies each of the criteria set forth in subparagraph (2) below.

(1) Listing standards:

(i) Net tangible assets of at least two million dollars ($2,000,000).

(ii) Net income of at least two hundred fifty thousand dollars ($250,000) after all charges including federal income taxes in the fiscal year immediately preceding the filing of a listing application and net income before such taxes of at least five hundred thousand dollars ($500,000).

(iii) Minimum public distribution of 250,000 shares excluding the holdings of officers, directors, controlling shareholders and other concentrated or family holdings among not less than 900 holders including not less than 600 holders of lots of 100 shares or more, with a corresponding requirement that such securities not be largely held in blocks by institutional investors.

(iv) Minimum price of four dollars ($4) per share for reasonable period of time prior to the filing of a listing application.

(v) An aggregate market value for publicly held shares of at least one million five hundred thousand dollars ($1,500,000).

(2) Criteria for consideration of suspension or removal from listing:

(i) If a company which (A) has net tangible assets of less than one million dollars ($1,000,000) has sustained net losses in each of its two most recent fiscal years, or (B) has net tangible assets of less than three million dollars ($3,000,000) and has sustained net losses in three of its four most recent fiscal years.

(ii) If the number of shares publicly held (excluding the holdings of officers, directors, controlling shareholders and other concentrated or family holdings) is less than 150,000.

(iii) If the total number of shareholders of record is less than 450 or if the number of shareholders of lots of 100 shares or more is less than 300.

(iv) If the aggregate market value of shares publicly held is less than seven hundred fifty thousand dollars ($750,000).

(v) If shares of common stock sell at a price of less than four dollars ($4) per share for a substantial period of time and the issuer shall fail to effectuate a reverse stock split of such shares within a reasonable period of time after being requested by the exchange to take such action.

The commissioner after appropriate notice and opportunity for hearing in accordance with the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part

I of Division 3 of Title 2 of the Government Code, may by rule or order, decertify any exchange previously certified which ceases substantially to apply the standards or criteria as set forth above. A rule or order of certification shall conclusively establish that any security listed or approved for listing upon notice of issuance on any exchange named in a rule or order of certification and any warrant or right to purchase or subscribe to any such security is exempt under this subdivision until the adoption of any rule or order decertifying such exchange.

(p) A promissory note secured by a lien on real property, which is not one of a series of notes secured by interests in the same real property.

SEC. 4. Section 25102 of the Corporations Code is amended to read:

25102. The following transactions are exempted from the provisions of Section 25110:

(a) Any offer (but not a sale) not involving any public offering and the execution and delivery of any agreement for the sale of securities pursuant to such offer if (1) the agreement contains substantially the following provision: "The sale of the securities which are the subject of this agreement has not been qualified with the Commissioner of Corporations of the State of California and the issuance of such securities or the payment or receipt of any part of the consideration therefor prior to such qualification is unlawful. The rights of all parties to this agreement are expressly conditioned upon such qualification being obtained."; and (2) no part of the purchase price is paid or received and none of the securities are issued until the sale of such securities is qualified under this law.

(b) Any offer (but not a sale) of a security for which a registration statement has been filed under the Securities Act of 1933 but has not yet become effective, if no stop order or refusal order is in effect and no public proceeding or examination looking toward such an order is pending under Section 8 of such act and no order under Section 25140 or subdivision (a) of Section 25143 is in effect under this law.

(c) Any offer (but not a sale) and the execution and delivery of any agreement for the sale of securities pursuant to such offer as may be permitted by the commissioner upon application. Any negotiating permit under this subdivision shall be conditioned to the effect that none of the securities may be issued and none of the consideration therefor may be received or accepted until the sale of such securities is qualified under this law.

(d) Any transaction or agreement between the issuer and an underwriter or among underwriters if the sale of the securities is qualified prior to distribution thereof in this state, if any.

(e) Any offer or sale of any evidence of indebtedness, whether secured or unsecured, and any guarantee thereof, in a transaction not involving any public offering.

(f) Any offer or sale, in a transaction not involving any public offering, of any bona fide general partnership, joint venture or

limited partnership interest, or any beneficial interest in a trust which is a "security" within the meaning of Section 25019, if in the case of such beneficial trust interests immediately after the sale and issuance they are owned by no more than five persons.

(g) Any offer or sale of conditional sale agreements, equipment trust certificates, or certificates of interest or participation therein or partial assignments thereof, covering the purchase of railroad rolling stock or equipment or the purchase of motor vehicles, aircraft, or parts thereof, in a transaction not involving any public offering.

(h) Any offer or sale of voting common stock by a corporation incorporated in any state if, immediately after the proposed sale and issuance, there will be only one class of stock of such corporation outstanding which is owned beneficially by no more than 10 persons, provided all of the following requirements have been met:

(1) All such stock shall be evidenced by certificates which shall have stamped or printed prominently on their face a legend in a form to be prescribed by rule of the commissioner restricting transfer of such stock in such manner as the rule provides.

(2) The offer and sale of such stock is not accompanied by the publication of any advertisement, and no selling expenses have been given, paid, or incurred in connection therewith.

(3) The consideration to be received by the issuer for the stock to be issued shall consist of (i) only assets (which may include cash) of an existing business enterprise transferred to the issuer upon its initial organization, of which all of the persons who are to receive the stock to be issued pursuant to this exemption were owners during, and such enterprise was operated for, a period of not less than one year immediately preceding the proposed issuance, and the ownership of such enterprise immediately prior to such proposed issuance was in the same proportions as the shares of stock are to be issued, or (ii) only cash or cancellation of indebtedness for money borrowed or both upon the initial organization of the issuer, provided all such stock is issued for the same price per share, or (iii) only cash, provided the sale is approved in writing by each of the existing shareholders and the purchaser or purchasers are existing shareholders, or (iv), in a case where after the proposed issuance there will be only one owner of the stock of the issuer, any legal consideration.

(4) No promotional consideration has been given, paid, or incurred in connection with such issuance. Promotional consideration means any consideration paid directly or indirectly to a person who, acting alone or in conjunction with one or more other persons, takes the initiative in founding and organizing the business or enterprise of an issuer, for services rendered in connection with such founding or organizing.

(5) A notice in a form prescribed by rule of the commissioner, signed by an active member of the State Bar of California, shall be filed with or mailed for filing to the commissioner not later than 10 business days after receipt of consideration for the securities by the

issuer, which notice shall contain an opinion of such member of the State Bar of California that the exemption provided by this subdivision is available for the offer and sale of the securities. Such notice, except when filed on behalf of a California corporation, shall be accompanied by an irrevocable consent, in such form as the commissioner by rule prescribes, appointing the commissioner or his successor in office to be the issuer's attorney to receive service of any lawful process in any noncriminal suit, action, or proceeding against it or its successor which arises under this law or any rule or order hereunder after the consent has been filed, with the same force and validity as if served personally on the issuer. An issuer on whose behalf a consent has been filed in connection with a previous qualification or exemption from qualification under this law (or application for a permit under any prior law if the application or notice under this law states that such consent is still effective) need not file another. Service may be made by leaving a copy of the process in the office of the commissioner but it is not effective unless (1) the plaintiff, who may be the commissioner in a suit, action or proceeding instituted by him, forthwith sends notice of the service and a copy of the process by registered or certified mail to the defendant or respondent at its last address on file with the commissioner, and (2) the plaintiff's affidavit of compliance with this section is filed in the case on or before the return day of the process, if any, or within such further time as the court allows.

For the purposes of this subdivision, all securities held by a husband and wife, whether or not jointly, shall be considered to be owned by one person, and all securities held by a corporation which has issued stock pursuant to this exemption shall be considered to be held by the shareholders to whom it has issued such stock.

(i) Any offer or sale (1) to a bank, savings and loan association, trust company, insurance company, investment company registered under the Investment Company Act of 1940, pension or profit-sharing trust (other than a pension or profit-sharing trust of the issuer), or such other institutional investor or governmental agency or instrumentality as the commissioner may designate by rule, whether the purchaser is acting for itself or as trustee, or (2) to any corporation with outstanding securities registered under Section 12 of the Securities Exchange Act of 1934 or any wholly owned subsidiary of such a corporation which after the offer and sale will own directly or indirectly 100 percent of the outstanding capital stock of the issuer; provided the purchaser represents that it is purchasing for its own account (or for such trust account) for investment and not with a view to or for sale in connection with any distribution of the security.

(j) Any offer or sale of any certificate of interest or participation in an oil or gas title or lease (including subsurface gas storage and payments out of production) if (1) all of the purchasers: (i) are and have been during the preceding two years engaged primarily in the business of drilling for, producing, or refining oil or gas (or whose

corporate predecessor, in the case of a corporation, has been so engaged), or (ii) are persons described in clause (1) of subdivision (i) of this section, or (iii) have been found by the commissioner upon written application to be substantially engaged in the business of drilling for, producing or refining oil or gas so as not to require the protection provided by this law (which finding shall be effective until rescinded), or (2) such security is concurrently hypothecated to a bank in the ordinary course of business to secure a loan made by such bank; provided each purchaser represents that it is purchasing for its own account for investment and not with a view to or for sale in connection with any distribution of the security.

(k) Any offer or sale of any security under, or pursuant to, a plan of reorganization or arrangement which, pursuant to the provisions of the National Bankruptcy Act, has been confirmed or is subject to confirmation by the decree or order of a court of competent jurisdiction.

(*l*) Any offer or sale of an option, warrant, put, call, or straddle, and any guarantee of any of these securities, by a person who is not the issuer of the security subject to such right, if the transaction, had it involved an offer or sale of the security subject to such right by such person, would not have violated Section 25130.

SEC. 5. Section 25131 of the Corporations Code is amended to read:

25131. (a) The securities to be offered or sold in a nonissuer transaction, which are not eligible for qualification under Section 25111, shall be qualified by notification under this section; provided however that securities offered in a nonissuer transaction pursuant to an exemption under Regulation A under the Securities Act of 1933 shall be qualified under Section 25113.

(b) The application for qualification by notification under this section shall be signed and verified by the person on whose behalf the offering is being made or by the issuer or by any broker-dealer and shall contain such information and be accompanied by such documents as shall be required by rule of the commissioner, in addition to the information specified in Section 25160 and the consent to service of process required by Section 25165. For this purpose, the commissioner may classify issuers and types of securities.

(c) If no stop order or order under subdivision (a) of Section 25143 is in effect under this law, a qualification under this section automatically becomes effective (and the securities may be offered and sold in accordance with the terms of the application as amended) at 12 o'clock noon California time on the 10th business day after the filing of the application or the last amendment thereto or at such earlier time as the commissioner determines.

(d) Information may not be required under this section unless it is known to the person filing the application or to the persons on whose behalf the distribution is to be made, or can be furnished by them without unreasonable effort or expense.

SEC. 6. Section 25133 of the Corporations Code is amended to read:

25133. It is unlawful for any person without the written consent of the commissioner to consummate the sale or transfer of any securities heretofore or hereafter placed in escrow pursuant to a condition ordered by the commissioner and which have not been released from escrow, or which are subject to a currently effective legend condition requiring such consent (except as permitted therein), or which are issued pursuant to the exemption in subdivision (h) of Section 25102 (except as permitted by rule or order of the commissioner), or concerning which the commissioner has issued a written notice to the holders thereof pursuant to Section 25534 ordering the certificates evidencing such securities to be stamped or printed with a legend as provided in such section.

SEC. 7. Section 25166 of the Corporations Code is amended to read:

25166. It is unlawful for any person willfully to make any untrue statement of a material fact in any application, notice, or report filed with the commissioner under this part or pursuant to subdivision (b) of Section 25507, or willfully to omit to state in any such application, notice, or report any material fact which is required to be stated therein.

SEC. 8. Section 25507 of the Corporations Code is amended to read:

25507. (a) No action shall be maintained to enforce any liability created under Section 25503 (or Section 25504 insofar as it relates to that section) unless brought before the expiration of two years after the violation upon which it is based or the expiration of one year after the discovery by the plaintiff of the facts constituting such violation, whichever shall first expire.

(b) No buyer may commence an action under Section 25503 (or Section 25504 insofar as it relates to that section) if, before suit is commenced, such buyer shall have received a written offer approved as to form by the commissioner (1) stating the respect in which liability under such section may have arisen, (2) offering to repurchase the security for a cash price payable upon delivery of the security or offering to pay the buyer an amount in cash equal in either case to the amount recoverable by the buyer in accordance with Section 25503, or, offering to rescind the transaction by putting the parties back in the same position as before the transaction, (3) providing that such offer may be accepted by the buyer at any time within a specified period of not less than 30 days after the date of receipt thereof unless rejected earlier during such period by the buyer, (4) setting forth the provisions of this subdivision (b), and (5) containing such other information as the commissioner may require by rule or order, and such buyer shall have failed to accept such offer in writing within the specified period after receipt thereof.

(c) The commissioner may by rule or order impose as a condition to approval of an offer under subdivision (b) of this section, if the

commissioner finds such action is necessary and appropriate for the protection of investors, conditions requiring:

(1) That equivalent and concurrent offers be made to all investors as to whom liability may have arisen and still exists under Section 25503 (or Section 25504 insofar as it relates to that section) in connection with the distribution or transaction;

(2) That the offer be made subject to a condition voiding such offer if the issuer, by reason of acceptances, is disabled from commencing or continuing business;

(3) That the offer be made within a specified period after approval thereof by the commissioner;

(4) If the consideration paid by the offeree was other than monetary or if the offer is of rescission, and if the offer is rejected by the offeree on the ground that it does not accord him the damages payable under Section 25503 or that the rescission offered does not place the parties back in the same position as before the transaction, that an offer so rejected shall not bar the commencement of an action by the offeree under Section 25503 (or Section 25504 insofar as it relates to that section); or

(5) That the offeror file a report or reports with the commissioner containing such information as he may require concerning the making of the offer, its acceptance or rejection, and compliance with its terms and conditions or with conditions imposed under this subdivision.

SEC. 9. Section 28712 of the Education Code is amended to read:

28712. The articles of incorporation shall not be accepted for filing by the Secretary of State without the endorsement upon them of the approval of the Attorney General. Such approval shall be given where it appears to the Attorney General that it is sought to organize the proposed corporation in good faith, and shall be refused where it does not appear that it is sought to organize the proposed corporation in good faith.

CHAPTER 1105

An act to amend Section 10012.5 of the Elections Code, relating to candidates' statements of qualifications.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 10012.5 of the Elections Code is amended to read:

10012.5. Each candidate for elective office in any local agency, including any city, county, city and county or district, may prepare a statement of qualifications on an appropriate form provided by the clerk. Such statement may include the name, age and occupation of the candidate and a brief description of no more than 200 words, of the candidate's education and qualifications expressed by the candidate himself; provided, however, that the governing body of such local agency may authorize an increase in the limitations on words for such statement from 200 to 400 words. Such statement shall not include the party affiliation of the candidate, nor membership or activity in partisan political organizations. Such statement shall be filed in the office of the clerk when his nomination papers are returned for filing, if it is for a primary election, or for an election for offices for which there is no primary. Such statement shall be filed in the office of the clerk no later than the 59th day before the election, if it is for an election for which nomination papers are not required to be filed. It may be withdrawn, but not changed, during the period for filing nomination papers and until 5 p.m. of the next working day after the close of the nomination period.

The clerk shall send to each voter together with the sample ballot, a voter's pamphlet which contains the written statements of each candidate's qualifications that is prepared pursuant to this section. The statement of each candidate shall be printed in type of uniform size and darkness, and with uniform spacing. The clerk shall provide a Spanish translation to those candidates who wish to have one, and shall select a person to provide such translation from the list of

approved Spanish language translators and interpreters of the superior court of the county or from an institution accredited by the Western Association of Schools and Colleges.

The local agency may bill each candidate availing himself of these services a sum not greater than the actual prorated costs of printing, handling, and translating the candidate's statement, if any, incurred by the agency as a result of providing this service. Only those charges may be levied with respect to the candidate's statement and each candidate using these services shall be charged the same.

The clerk shall reject any statement, which contains any obscene, vulgar, profane, scandalous, libelous or defamatory matter, or any language which in any way incites, counsels, promotes or advocates hatred, abuse, violence or hostility toward, or which tends to cast ridicule or shame upon any person or group of persons by reason of race, color, religion or manner of worship, or any language or matter the circulation of which through the mails is prohibited by Congress.

Nothing in this section shall be deemed to make any such statement or the authors thereof free or exempt from any civil or criminal action or penalty because of any false, slanderous or libelous statements offered for printing or contained in the voter's pamphlet.

The governing body of the local agency may adopt regulations to permit each candidate for elective office to prepare separately other materials to be sent to each voter in addition to the sample ballot and the voter's pamphlet. Such regulations may pertain to size, weight, form, physical composition, and content of such other materials and may specify that the cost of handling, packaging and mailing may be borne by the local agency authorizing the same or may be billed in whole or in part to the candidate submitting the materials. Such regulations shall apply equally to all candidates, including incumbents.

CHAPTER 1106

An act to add Article 4 (commencing with Section 45891) to Chapter 14 of, and Chapter 20.5 (commencing with Section 47501) to, Division 17 of the Food and Agricultural Code, relating to fruit, nut and vegetable standards.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Article 4 (commencing with Section 45891) is added to Chapter 14 of Division 17 of the Food and Agricultural Code, to read:

Article 4. Exceptions to Quality Standards

45891. This chapter does not prohibit any person from transporting carrots that fail to meet the quality standards of this chapter, for processing, preserving, or manufacturing purposes, within or out of state, under a permit issued pursuant to this article by the director.

45892. The director shall adopt such regulations for the issuance of the permit as he deems necessary to insure that all such carrots which are transported, within or out of state, for processing, preserving, or manufacturing purposes shall be used only for such purposes.

SEC. 2. Chapter 20.5 (commencing with Section 47501) is added to Division 17 of the Food and Agricultural Code, to read:

CHAPTER 20.5. KIWI FRUIT

47501. Kiwi fruit, also known as Chinese gooseberry, shall conform to the quality standards established, by the director, by regulations, when he finds that such standards shall provide acceptable kiwi fruit to the consumer.

47502. It is unlawful for any person to prepare, pack, place, deliver for shipment, deliver for sale, load, ship, transport, cause to be transported, or sell kiwi fruit in bulk or in any container or subcontainer, unless such kiwi fruit and their containers conform to the provisions of the regulations adopted by the director.

SEC. 3. There are no state-mandated local costs in this act that require reimbursement under Section 2231 of the Revenue and Taxation Code because the provisions of this act will not result in any increased expenditures by local agencies, and, although there may be state-mandated costs as a result of regulations promulgated pursuant to this act which may require reimbursement under that section, such reimbursement can be provided through the regular state budget process.

CHAPTER 1107

An act to amend Sections 253.5, 254, 255, 255.3, 255.4, 255.6, 275, 408, 531.6, 2610.5, and 19501.5 of, to amend and renumber Section 255.5 of, and to repeal Section 2615.5 of, the Revenue and Taxation Code, and to amend Section 16 of Chapter 60 of, and Section 4 of Chapter 84 of, the Statutes of 1974, relating to taxation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 253.5 of the Revenue and Taxation Code, as added by Chapter 60 of the Statutes of 1974, is amended to read:

253.5. Any person claiming the homeowners' property tax exemption shall submit to the assessor an affidavit, giving any information required by the board. Such information shall include, but shall not be limited to, the name of the person claiming the exemption, the address of the property, and a statement to the effect that the claimant owned and occupied the property as his principal place of residence on the lien date, or that he owns and intends to occupy the property as his principal place of residence on the next succeeding lien date.

A claim for the homeowners' exemption filed by the owner of a dwelling, as defined in Section 218, once granted for the 1974–75 fiscal year or any fiscal year thereafter, shall remain in effect until such time as title to the property changes, the owner does not occupy the home as his principal place of residence on the lien date, or the property is otherwise ineligible pursuant to the provisions of Section 218.

If the exemption is lost by the owner of the property for any reason, he may file a new claim in the same manner as a new owner may file one.

SEC. 2. Section 254 of the Revenue and Taxation Code is amended to read:

254. Any person claiming the church, cemetery, orphanage, college, exhibition, welfare, veterans' organization, free public libraries, free museums, or public schools property tax exemption and anyone claiming the classification of a vessel as a documented vessel eligible for assessment under Section 227, shall submit to the assessor annually an affidavit, giving any information required by the board.

Any person claiming the immature forest trees exemption shall meet the requirements mentioned above except that a filing once made shall continue in effect until such time as there is a change in the exterior boundary of the property originally claimed as exempt.

SEC. 2.5. Section 254 of the Revenue and Taxation Code is amended to read:

254. Any person claiming the church, cemetery, college, exhibition, welfare, veterans' organization, free public libraries, free museums, or public schools property tax exemption and anyone claiming the classification of a vessel as a documented vessel eligible for assessment under Section 227, shall submit to the assessor annually an affidavit, giving any information required by the board.

Any person claiming the immature forest trees exemption shall meet the requirements mentioned above except that a filing once made shall continue in effect until such time as there is a change in the exterior boundary of the property originally claimed as exempt.

SEC. 3. Section 255 of the Revenue and Taxation Code, as

amended by Chapter 60 of the Statutes of 1974, is amended to read:

255. Affidavits required for exemptions named in this article, except the veterans' exemption and the homeowners' exemption, shall be filed with the assessor between the lien date and 5 o'clock p.m. on March 15. Affidavits for the veterans' exemption shall be filed with the assessor between the lien date and 5 o'clock p.m. on April 15. Affidavits for the homeowners' exemption except as otherwise provided in Sections 255.1, 255.2, and 275, shall be filed with the assessor any time after the claimant becomes eligible but no later than 5 o'clock p.m. on April 15.

Affidavits required for classification of vessels as documented vessels eligible for assessment under Section 227 shall be filed with the assessor between the lien date and 5 o'clock p.m. on April 1.

SEC. 4. Section 255.3 of the Revenue and Taxation Code, as added by Chapter 60 of the Statutes of 1974, is amended to read:

255.3. (a) For the 1974–75 fiscal year only, before the lien date, the assessor shall mail a claim form for the homeowners' exemption to all homeowners who received the exemption for the 1973–74 fiscal year, except where such person has transferred title in the property since the lien date in 1973.

(b) For the 1975–76 fiscal year and thereafter, the assessor shall each year mail a notice, on or before March 15, to each homeowner who received the homeowners' exemption in the immediately preceding year, except where such person has transferred title in the property since the immediately preceding lien date, and to each person who has filed an exemption claim during the preceding assessment year. The notice shall inform the taxpayer of the circumstances under which he becomes ineligible for the exemption, of the penalties which are applicable if he allows the exemption to continue when he is not eligible for the exemption, and of his duty to inform the assessor when he is no longer eligible for the exemption. Failure to receive the notice shall not excuse the taxpayer of the duty to inform the assessor of his ineligibility for the exemption.

(c) For the 1974–75 fiscal year and thereafter, the assessor shall each year on or before March 15 mail a claim form for the homeowners' exemption to a person acquiring title to, and recording his ownership of an eligible dwelling after the immediately preceding lien date and before the lien date of the calendar year of the claim. The failure of a person to receive a claim form shall not, however, excuse the person from timely filing of the required affidavit.

SEC. 5. Section 255.4 of the Revenue and Taxation Code, as amended by Chapter 60 of the Statutes of 1974, is amended to read:

255.4. The notice or claim form required to be sent to homeowners by Section 255.3 shall be accompanied by a notice regarding the additional property tax relief available under the Gonsalves-Deukmejian-Petris Senior Citizens Property Tax Relief Act. The language text of this latter notice shall be prepared by the

Franchise Tax Board and shall include the eligibility requirements under the act as to age and income limitations, the filing period for claims, and where additional information concerning the relief can be obtained. The notice shall also state that the relief is granted under the Gonsalves-Deukmejian-Petris Senior Citizens Property Tax Relief Act.

SEC. 6. Section 255.5 of the Revenue and Taxation Code is amended and renumbered to read:

252.1. Among other facts, the veterans' exemption affidavit shall contain a statement, showing the claimant's residence. When the affidavit is filed in a county other than the county of the claimant's residence, it shall be filed in duplicate and the assessor shall transmit the duplicate copy to the assessor of the county of residence.

SEC. 7. Section 255.6 of the Revenue and Taxation Code, as added by Chapter 60 of the Statutes of 1974, is amended to read:

255.6. The assessor shall verify the eligibility of each claimant who is receiving a homeowners' exemption to continue to receive such an exemption in accordance with rules issued by the board to provide for a periodic audit and for the establishment of a control system for the homeowners' exemption claims.

SEC. 8. Section 275 of the Revenue and Taxation Code, as added by Chapter 60 of the Statutes of 1974, is amended to read:

275. (a) If a claimant for the homeowners' property tax exemption for the 1973–74 fiscal year failed to file the required affidavit with the assessor between March 1, 1973 and 5 o'clock p.m. on April 15, 1973, but files such claim on or before March 31, 1974, an exemption of the lesser of one thousand four hundred dollars ($1,400) or 80 percent of the assessed value of the dwelling shall be granted by the assessor.

(b) If a claimant for the homeowners' property tax exemption for the 1974–75 fiscal year fails to file the required affidavit with the assessor between March 1, 1974, and 5 o'clock p.m. on April 15, 1974, but files such claim on or before December 1, 1974, an exemption of the lesser of one thousand four hundred dollars ($1,400) or 80 percent of the assessed value of the dwelling shall be granted by the assessor.

(c) If a claimant for the homeowners' property tax exemption for the 1975–76 fiscal year or any year thereafter fails to file the required affidavit with the assessor by 5 o'clock p.m. on April 15 of the calendar year in which the fiscal year begins, but files such claim on or before the following December 1, an exemption of the lesser of one thousand four hundred dollars ($1,400) or 80 percent of the assessed value of the dwelling shall be granted by the assessor.

(d) On such claims filed pursuant to subdivision (a), (b) or (c) after November 15, this partial homeowners' exemption may be applied to the second installment, and if applied to the second installment, the first installment will still become delinquent on December 10 and a 6-percent penalty will attach if the tax amount due is not paid.

If this partial homeowners' exemption is applied to the second installment and if both installments are paid on or before December 10 or if the reduction in taxes from this partial exemption exceeds the amount of taxes due on the second installment, a refund shall be made to the taxpayer upon a claim submitted by the taxpayer to the auditor.

SEC. 9. Section 408 of the Revenue and Taxation Code is amended to read:

408. (a) Except as otherwise provided in subdivisions (b) and (c) any information and records in the assessor's office which are not required by law to be kept or prepared by the assessor, and homeowners' exemption claims, are not public documents and shall not be open to public inspection. Property receiving the homeowners' exemption shall be clearly identified on the assessment roll. The assessor shall maintain records which shall be open to public inspection to identify those claimants who have been granted the homeowners' exemption.

(b) The assessor may provide any appraisal data in his possession to the assessor of any county and shall provide any market data in his possession to an assessee of property or his designated representative upon request. The assessor shall permit an assessee of property or his designated representative to inspect at the assessor's office any information and records, whether or not required to be kept or prepared by the assessor, relating to the appraisal and the assessment of his property. An assessee or his designated representative, however, shall not be provided or permitted to inspect information and records, other than market data, which also relate to the property or business affairs of another person, unless such disclosure is ordered by a competent court in a proceeding initiated by a taxpayer seeking to challenge the legality of his assessment.

(c) The assessor shall disclose information, furnish abstracts or permit access to all records in his office to law enforcement agencies, the county grand jury, the board of supervisors or their duly authorized agents, employees or representatives when conducting an investigation of the assessor's office pursuant to Section 25303 of the Government Code, the State Controller, the State Board of Equalization and other duly authorized legislative or administrative bodies of the state pursuant to their authorization to examine such records.

(d) For purposes of this section, "market data" means any information in the assessor's possession, whether or not required to be prepared or kept by him, relating to the sale of any property comparable to the property of the assessee, if the assessor bases his assessment of the assessee's property, in whole or in part, on such comparable sale or sales. The assessor shall provide the names of the seller and buyer of each property on which the comparison is based, the location of such property, the date of the sale, and the consideration paid for the property, whether paid in money or otherwise, but for purposes of providing such market data, the

03724 262445 754

assessor shall not display any document relating to the business affairs or property of another.

SEC. 10. Section 531.6 of the Revenue and Taxation Code, as added by Chapter 60 of the Statutes of 1974, is amended to read:

531.6. The taxpayer who has filed a claim for the homeowners' exemption which has not been denied by the assessor is responsible for notifying the assessor when the property is no longer eligible for the exemption.

Upon any indication that a homeowners' exemption has been incorrectly allowed, the assessor shall make a redetermination of eligibility for the homeowners' exemption. If the assessor determines that the property is no longer eligible for the exemption, he shall immediately cancel the exemption on the property.

If a homeowners' exemption has been incorrectly allowed, an escape assessment as allowed by Section 531.2 in the amount of the exemption with interest as provided in Section 506 shall be made, except that where the exemption was allowed as the result of an assessor's error, the amount of interest shall be forgiven. If the exemption was incorrectly allowed because of erroneous or incorrect information submitted by the claimant with knowledge that such information was erroneous or incomplete or because the claimant failed to notify the assessor in a timely manner that the property was no longer eligible for the exemption, the penalty provided in Section 504 shall be added to the assessment.

SEC. 11. Section 2610.5 of the Revenue and Taxation Code, as added by Chapter 60 of the Statutes of 1974, is amended to read:

2610.5. On or before November 1 each year, the tax collector of every county shall mail a county tax bill or copy thereof to each assessee or fee owner of property on the secured roll. This requirement need not be met where the computation of taxes results in a zero amount. The failure to receive a tax bill does not relieve the fee owner from the liability to pay taxes owed, nor does it relieve the imposition of penalties imposed by this code.

SEC. 12. Section 2615.5 of the Revenue and Taxation Code is repealed.

SEC. 13. Section 19501.5 of the Revenue and Taxation Code is amended to read:

19501.5. "Income" means the sum of adjusted gross income as used for purposes of the California Personal Income Tax Law, including items of income which would otherwise be excluded by Article 3 (commencing with Section 17131) of Chapter 3 of Part 10 of this division (other than transfers by gift or inheritance between members of the household), net income from sources outside the state, alimony, support money, cash public assistance and relief, the gross amount of any pensions or annuities including railroad retirement benefits, all benefits received under the Federal Social Security Act (except Medicare benefits received under Title XVIII), all benefits received under state unemployment insurance laws and veterans disability payments, all interest received from the federal

government or any of its instrumentalities, all interest received from the State of California or any of its political subdivisions, realized capital gains, workmen's compensation and the gross amount of loss of time insurance benefits, life insurance benefits, life insurance proceeds, and gifts of cash or property (other than transfers by gift between members of the household) in excess of a value of three hundred dollars ($300). Income shall be reduced by realized capital losses, without limitation. It does not include surplus food or other relief in kind supplied by a governmental agency or assistance received under this part. Total income shall be determined for the calendar year (or approved fiscal year ending within such calendar year) which ends within the fiscal year for which the property taxes have been assessed.

SEC. 14. Section 19501.5 of the Revenue and Taxation Code is amended to read:

19501.5. "Income" means the sum of adjusted gross income as used for purposes of the California Personal Income Tax Law, including items of income which would otherwise be excluded by Article 3 (commencing with Section 17131) of Chapter 3 of Part 10 of this division (other than transfers by gift or inheritance between members of the household), net income from sources outside the state, alimony, support money, cash public assistance and relief, the gross amount of any pensions or annuities including railroad retirement benefits, all benefits received under the Federal Social Security Act (except Medicare benefits received under Title XVIII), all benefits received under state unemployment insurance laws and veterans disability payments, all interest received from the federal government or any of its instrumentalities, all interest received from the State of California or any of its political subdivisions, realized capital gains, workmen's compensation and the gross amount of loss of time insurance benefits, life insurance benefits, life insurance proceeds, and gifts of cash or property (other than tranfers by gift between members of the household) in excess of a value of three hundred dollars ($300). Income shall be reduced by realized capital losses, without limitation. It does not include surplus food or other relief in kind supplied by a governmental agency or assistance received under this part. Total income shall be determined for the calendar year (or approved fiscal year ending within such calendar year) which ends within the fiscal year for which the property taxes have been assessed on the claimant's homestead or presumed to be levied on his rented residence.

SEC. 15. Section 16 of Chapter 60 of the Statutes of 1974 is amended to read:

Sec. 16. The provisions of this act shall become operative as follows:

(a) Sections 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 14 and 15 shall take effect immediately.

(b) Section 1 shall become operative on July 1, 1975, and there shall be no reimbursement pursuant to such section for any fiscal

year after the 1974–75 fiscal year.

(c) Section 13 shall be operative with respect to the 1975–76 fiscal year and thereafter.

SEC. 16. Section 4 of Chapter 84 of the Statutes of 1974 is amended to read:

Sec. 4. Sections 1 and 2 of this act shall apply to claims for assistance for property taxes for the 1974–75 property tax fiscal year and property tax fiscal years thereafter. Section 3 of this act shall apply to claims for assistance for property taxes for the 1973–74 property tax fiscal year and property tax fiscal years thereafter.

SEC. 17. It is the intent of the Legislature in amending Section 408 of the Revenue and Taxation Code in Section 9 of this act that homeowners' property tax exemption claims and the data contained on these claims, such as the social security numbers of claimants, not be public documents or open to public inspection, but that properties receiving the exemption be so identified on the local assessment roll in order that the public continues to have access to information as to which properties are receiving the exemption.

Further, the amendments to Section 408 of the Revenue and Taxation Code in Section 9 of this act shall apply to all homeowners' property tax exemption claims in the possession of the assessor on the effective date of Section 9 of this act or in the future.

SEC. 18. It is the intent of the Legislature in amending Section 19501.5 of the Revenue and Taxation Code in Section 13 of this act that for the purpose of determining income pursuant to Section 19501.5 that realized capital gains be included in income and realized capital losses be deducted from income, without regard to any holding periods or any limitations on deductions of such losses as may be provided elsewhere in the Revenue and Taxation Code.

SEC. 19. Any claim filed pursuant to Section 19532 of the Revenue and Taxation Code that is filed after August 31, 1974, but on or before October 15, 1974, shall be deemed a late filing for reasonable cause, and assistance shall be granted for property taxes paid for the 1973–74 fiscal year after August 31, 1974, if such claim is filed on or before October 15, 1974, because the Legislature adopted a measure in February 1974 which changed the filing period without providing adequate notice of such change to eligible senior citizens.

SEC. 20. No appropriation is made by this act and no obligation is created thereby under Section 2231 of the Revenue and Taxation Code for reimbursing local government for state-mandated costs as any costs incurred pursuant to the provisions of this act are minor in nature.

SEC. 21. The provisions of this act shall become operative as follows:

(a) Sections 1 to 8, inclusive, and Section 10 shall be operative with respect to the 1974–75 fiscal year and thereafter.

(b) Sections 11 and 12 shall be operative with respect to the 1975–76 fiscal year and thereafter.

(c) Sections 9, 15, 16, 17, and 19 shall take effect immediately

(d) Sections 13 and 18 shall apply to claims for assistance for property taxes for the 1974–75 fiscal year and thereafter.

SEC. 21.5. Section 2 of this act shall remain operative until the operative date of Section 2.5. Section 2.5 shall become operative only if Assembly Constitutional Amendment No. 32 of the 1973–74 Regular Session of the Legislature is adopted by the electorate in the general election to be held on November 5, 1974, in which case, Section 2.5 shall be operative with respect to the 1974–75 fiscal year and thereafter.

SEC. 21.6. It is the intent of the Legislature, in enacting Sections 2 and 2.5 of this act to prevail over those provisions of Chapters 60, 186, and 311 of the Statutes of 1974 which amend Section 254 of the Revenue and Taxation Code, as specified in Section 9605 of the Government Code, in order to incorporate the changes made in such section by such chapters.

SEC. 22. It is the intent of the Legislature, if this bill and Assembly Bill No. 113 are both chaptered and both bills amend Section 19501.5 of the Revenue and Taxation Code, and this bill is chaptered after Assembly Bill No. 113, that the amendments to Section 19501.5 proposed by both bills be given effect as incorporated in Section 19501.5 in the form set forth in Section 14 of this act. Therefore, Section 14 of this act shall become operative only if this bill and Assembly Bill No. 113 are both chaptered and both amend Section 19501.5, and this bill is chaptered after Assembly Bill No. 113, in which case Section 13 of this act shall not become operative.

SEC. 23. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the provisions of this act apply to the following fiscal year, it is necessary that this act take effect immediately.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

03742 262565 778

The people of the State of California do enact as follows:

SECTION 1. Section 19403 is added to the Welfare and Institutions Code, to read:

19403. It is the intent of the Legislature to encourage state organizations, cities, counties, districts, and other political subdivisions to purchase products manufactured by and services provided by public or private nonprofit California corporations operating workshops serving the handicapped whenever it is feasible to do so and the proximity of the public or private nonprofit California corporations operating workshops serving the handicapped makes such purchases reasonably convenient and to provide equality of competitive advantage for organizations operating workshops for handicapped persons and organizations operating workshops for blind persons.

SEC. 2. Section 19404 is added to the Welfare and Institutions Code, to read:

19404. Any state agency, city or county, political subdivision, or district of this state may, without advertising or calling for bids, purchase materials and supplies manufactured and services provided by public or private nonprofit California corporations operating workshops serving the handicapped who have indicated an interest in supplying such goods and services and may, on an equitable basis apportion the business among the interested workshops, provided such goods or services meet the specifications and needs of the purchasing agency and are purchased at a fair market price as determined by the appropriate state or local agency and provided that such public or private nonprofit California corporations comply with the following:

(a) Maintain a handicapped-to-ablebodied ratio equal to or in excess of 3:1 (75%–25%) of man-hours of direct labor at all times.

(b) Agree to make those elections permitted of any nonprofit corporation under the federal Insurance Contributions Act and the California Unemployment Insurance Code in order to provide social security and unemployment and disability benefits for its employees commencing with its first contract or purchase order under this section and continuing thereafter. In the event that the nonprofit corporation ceases to provide such benefits, any existing contract or purchase order under this section with such corporation is terminated and no further contracts or purchase orders shall be awarded to such corporation for the period of two years after the corporation ceases to provide such benefits. For the purposes of this subdivision, a client shall be considered an employee when performing productive work.

(c) Provide in its articles of incorporation that at least one-quarter of the directors of its board of directors shall be comprised of handicapped persons or the parents, guardians, or conservators of mentally retarded or mentally disabled handicapped persons, including representatives of organizations of the handicapped whose

membership is open to handicapped persons in the state and including at least one handicapped employee from each manufacturing center operated by the nonprofit corporation provided, however, that directors who are also employees of the nonprofit corporation shall not participate in or be present at discussions of the board of directors concerned with labor-management contract negotiations.

(d) Provide for handicapped employees of said nonprofit corporation benefits and other employer-employee agreements substantially equal to such benefits and agreements set forth in the memorandum of understanding entered into May 21, 1971, as amended June 16, 1971, until a subsequent memorandum of understanding or collective bargaining agreement is entered into between each such nonprofit corporation and the representatives designated by a majority of the employees. Nothing contained in this subdivision shall be construed to require such benefits and agreements to include the recognition of the Union of State Employees, Local 411 as contained in the memorandum of understanding of May 21, 1971, as amended June 16, 1971, or any other union to represent any of such employees. Such memorandum of understanding shall be on file and available from the Department of Rehabilitation.

(e) Not commit any unfair labor practices as defined in Section 8(a) of the National Labor Relations Act.

(f) Abide by the provisions of the Federal Fair Labor Standards Act, the Walsh-Healy Public Contract Act, the Wagner O'Day Act, and the regulations of the State Division of Industrial Welfare.

SEC. 2. Section 19057 of the Revenue and Taxation Code is amended to read:

19057. (a) Except as provided in subdivision (b), the expiration of 90 days from the mailing of the notice, the Franchise Tax Board's action upon the claim is final unless within the 90-day period the taxpayer appeals in writing from the action of the Franchise Tax Board to the board.

(b) If within the period set forth in Section 19083 for filing a suit for refund the Franchise Tax Board receives information which it determines clearly establishes that a disallowed claim should have been allowed, in whole or in part, the Franchise Tax Board shall credit the amount of the overpayment against any taxes due from the taxpayer under this part and the balance shall be refunded to the taxpayer.

SEC. 3. Section 23772 of the Revenue and Taxation Code is amended to read:

The return shall be filed on or before the 15th day of the fifth full calendar month following the close of the income year.

(iii) The exclusively religious activities of any religious order.

(B) Discretionary exceptions—The Franchise Tax Board may permit the filing of a simplified return for organizations based on either gross receipts or total assets or both gross receipts and total assets, or may permit the filing of an information statement (without fee), or may permit the filing of a group return for incorporated or unincorporated branches of a state or national organization for branches with gross receipts of which in each taxable year are not more than ten thousand dollars ($10,000) where it determines that an information return is not necessary to the efficient administration of this part.

(3) An organization that is required to file an annual information return shall pay a filing fee of five dollars ($5) on or before the due date for filing the annual information return (determined with regard to any extension of time for filing the return) required by this section. In case of failure to pay the fee on or before such due date unless it is shown that such failure is due to reasonable cause, the filing fee shall be ten dollars ($10). All collection remedies provided in Chapter 23 (commencing with Section 26131) of this part shall be applicable to collection of the filing fee. However, the filing fee shall not apply to the organization described in paragraph (4).

(4) Paragraph (3) shall not apply to: (A) a religious organization exempt under Section 23701d; (B) an educational organization exempt under Section 23701d, if such organization normally maintains a regular faculty and curriculum and normally has a regularly organized body of pupils or students in attendance at the place where its educational activities are regularly carried on; (C) a charitable organization, or an organization for the prevention of cruelty to children or animals, exempt under Section 23701d, if such organization is supported, in whole or in part, by funds contributed by the United States or any state or political subdivision thereof, or is primarily supported by contributions of the general public; (D) an organization exempt under Section 23701d, if such organization is operated, supervised, or controlled by or in connection with a religious organization described in subparagraph (A).

(1) Its gross income for the year,

(2) Its expenses attributable to such income and incurred within the year,

(3) Its disbursements within the year for the purposes for which

it is exempt,

(4) A balance sheet showing its assets, liabilities, and net worth as of the beginning of such year,

(5) The total of the contributions and gifts received by it during the year, and the names and addresses of all substantial contributors,

(6) The names and addresses of its foundation manager (within the meaning of Section 4946 of the Internal Revenue Code) and highly compensated employees, and

(7) The compensation and other payments made during the year to each individual described in paragraph (6).

(c) In addition to the above annual return any organization which is required to file an annual report under Section 6056 of the Internal Revenue Code will furnish a copy of the report to the Franchise Tax Board at the time the annual return is due.

(d) For the purposes of this part—

(1) In the case of a failure to file a return required under Section 23772 (relating to returns by exempt organizations) on the date and in the manner prescribed therefor (determined with regard to any extension of time for filing), unless it is shown that such failure is due to reasonable cause, there shall be paid (on notice and demand by the Franchise Tax Board and in the same manner as tax) by the exempt organization or trust failing so to file, five dollars ($5) for each month or part thereof during which such failure continues, but the total amount imposed hereunder on any organization for failure to file any return shall not exceed forty dollars ($40).

(2) The Franchise Tax Board may make written demand upon a private foundation failing to file under paragraph (1) of this subdivision or subdivision (c) specifying therein a reasonable future date by which such filing shall be made, and if such filing is not made on or before such date, and unless it is shown that failure so to file is due to reasonable cause, there shall be paid (on notice and demand by the Franchise Tax Board and in the same manner as tax) by the person failing so to file, in addition to the penalty prescribed in paragraph (1), a penalty of five dollars ($5) each month or part thereof after the expiration of the time specified in the written demand during which such failure continues, but the total amount imposed hereunder on all persons for such failure to file shall not exceed twenty-five dollars ($25). If more than one person is liable under this paragraph for a failure to file, all such persons shall be jointly and severally liable with respect to such failure. The term "person" as used herein means any officer, director, trustee, employee, member, or other individual who is under a duty to perform the act in respect of which the violation occurs.

(e) The reporting requirements and penalties shall be applicable for income years beginning after December 31, 1970, except that the provisions of subparagraph (B) of paragraph (2) of subdivision (a) shall apply to income years ending after December 31, 1970.

SEC. 4. Section 26075 of the Revenue and Taxation Code is amended to read:

26075. (a) If the Franchise Tax Board disallows any claim for refund, it shall notify the taxpayer accordingly. Except as provided in subdivision (b), at the expiration of 90 days from the mailing of the notice, the Franchise Tax Board's action upon the claim shall be final unless within the 90 days the taxpayer appeals in writing from the action of the Franchise Tax Board to the board.

(b) If within the period set forth in Section 26103 for filing a suit for refund the Franchise Tax Board receives information which it determines clearly establishes that a disallowed claim should have been allowed, in whole or in part, the Franchise Tax Board shall credit the amount of the overpayment against any taxes due from the taxpayer under this part and the balance shall be refunded to the taxpayer.

69995. In each county with a population of more than 375,000 and less than 400,000, as determined by the 1970 federal census, a majority of the judges of the superior court may appoint as many competent official phonographic reporters as the business of the superior court requires, and as required to provide court reporting service to the municipal court of the county as provided in subdivision (c). The court may additionally employ as many pro tempore phonographic reporters as may from time to time be required to supplement the services of the official court reporters. The court may further appoint one of the official court reporters to serve as senior superior court reporter to coordinate and supervise the activities of official and pro tempore court reporters.

Official reporters of the superior court shall be exempt from the provisions of any civil service system as employees of the court. They shall serve at the pleasure of a majority of the judges thereof, subject to such court rules and policy as may be adopted by the judges for regulation of superior court personnel. Official and pro tempore superior court reporters shall provide court reporting services for such departments of the superior court and divisions of the municipal court, for such criminal, juvenile and civil proceedings, and proceedings before the grand jury, as directed by the presiding judges of the respective courts, subject to the provisions of this section.

(b) The salary paid to official full-time superior court reporters for services in reporting any and all testimony and proceedings in the superior and municipal courts and before the grand jury, shall be a five-step salary range with biweekly amounts equivalent to ninety percent (90%) of the corresponding steps in the established salary range for official superior court reporters in Los Angeles County. The initial hiring rate for official superior court reporters shall be the first step of the salary range, and subsequent increases within the range shall be at intervals of six months from the first to second step, and one year between each succeeding step, as determined by the court, based on satisfactory performance. Nothing herein shall prohibit the initial appointment or subsequent elevation of a reporter's salary from the steps herein specified, as may be determined by the court on the basis of experience, qualifications and meritorious performance. The salary of the official court reporter who is appointed to serve as senior superior court reporter, shall be fixed at fifteen percent (15%) above the biweekly salary steps specified for official superior court reporters.

Notwithstanding any other provision to the contrary, one year after the operative date of Assembly Bill No. 3812 of the 1973–74 Regular Session and thereafter, the salary range of official court reporters may be adjusted by joint action and approval of the board of supervisors and a majority of the judges on the superior court. Such changes in compensation made pursuant to this provision shall be on an interim basis and shall expire January 1 following adjournment of the next regular session of the Legislature unless ratified at such

session.

The per diem compensation for pro tempore reporters serving the superior or municipal court or the grand jury shall be established at one-tenth (1/10) of the top step in the biweekly salary range established for official superior court reporters, for each day of service or any portion thereof.

Official reporters of the superior court shall be entitled to all benefits provided for the employees of the county, including, but not limited to, participation in county retirement plans, vacation, holiday and sick leave benefits, and insurance plans. These benefits shall also include the same lump sum payments for benefit accrual balances upon separation from service, as are made to employees of the county. All other compensation, fees, and benefits for official and pro tempore superior court reporters shall be as elsewhere provided by law.

(c) Upon request of the presiding judge of the municipal court of Ventura County, official and pro tempore reporters of the superior court shall act as pro tempore reporters in the municipal court in all proceedings of the municipal court where their services may be required. Official superior court reporters who are assigned to serve as pro tempore municipal court reporters under this provision, shall receive no additional compensation for such services, and pro tempore superior court reporters who are assigned to serve as pro tempore municipal court reporters shall not receive compensation in excess of one per diem fee for service in either or both of such courts on any single court day. Requests to provide the municipal court with the services of superior court reporters, shall be directed to either the presiding judge or the executive officer of the superior court by either the presiding judge or the executive office of the municipal court, and shall be effective only during the pleasure of the judges of both courts, a majority of the judges of each court concurring.

appear jointly, they shall only pay the additional fee of five dollars ($5) as provided in this section.

(d) Where Section 26827 of this code requires such party or parties to pay the county clerk a fee for the filing of a petition or other paper in a probate or guardianship matter.

SEC. 4. Section 69997 is added to the Government Code, to read:

69997. In addition to any fee otherwise required, in all contested civil trials wherein the services of a court reporter have been requested by any party to the action, a per diem fee shall be charged to the party requesting such service for each day of court reporting service or portion thereof, equal to the per diem rate established for pro tempore reporters of the court.

SEC. 5. Section 69998 is added to the Government Code, to read:

69998. No further fee than that prescribed in this article shall be collected from, or assessed against, any party to any proceeding for the services of a phonographic reporter in taking down in shorthand the testimony and other proceedings in the trial or hearing of any matter as required by law or by order of the court, but a phonographic reporter shall be allowed and unless waived by him shall receive the fees allowed for transcribing his shorthand notes of the testimony and proceedings reported by him, as elsewhere provided by law.

SEC. 6. Section 69999 is added to the Government Code, to read:

Such fee shall not be required of any party who is exempted from the payment of costs by any statute other than Section 6103 of this code.

On or before the first day of each calendar month, the county clerk shall transmit to the county treasurer all money paid to him pursuant to this article during the preceding calendar month, or up to the day immediately preceding that on which he transmits the money. The money shall be deposited in the general fund of the county.

SEC. 7. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act, because this act is in accordance with the request of a local government entity or entities which desired legislative authority to act to carry out the program specified in this act.

SEC. 8. This is an urgency statute, necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution, and shall go into immediate effect. The facts constituting such necessity are:

The legislative authority for continued employment and payment of salaries and employment benefits of court reporters in Ventura County, as presently provided by Section 69995 of the Government Code, expires with fiscal year 1973–74, on June 30, 1974. Further, the extreme competition for the services of certified shorthand reporters

mandates immediate adjustments in the rate of court reporters' compensation in order to preserve the continued effective operation of the courts in Ventura County.

Within 15 days after service of the order of cease and desist, the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. Such hearings shall be conducted pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and judicial review shall be available as provided by Section 11523 of the Government Code. Such request shall not automatically stay the

effect of the cease and desist order, unless the cease and desist order either prohibits acceptance of new members by a plan or orders cessation of the operation of the plan. In either such event, the order, or that portion of the order, shall be stayed if a timely request is made for a hearing. If a hearing is held, and a finding is made that the health or safety of the members and potential members of the plan might be adversely affected by its continued operation, the stay shall be terminated. Such a finding shall be made, if at all, not later than 30 days after the date of the hearing.

SEC. 4. Section 12535 of the Government Code is amended to read:

SECTION 1. Section 5254 of the Education Code is amended to read:

5254. (a) A child shall be admitted to a kindergarten in any term during the first school month of the term, if he is of the age prescribed. If there is but one term during the school year, the child shall be 4 years and 9 months of age on or before September 1st of the current school year. If there are two terms maintained during the school year, the child shall be 4 years and 9 months of age on or before September 1st of the current school year, before he may be admitted in the first term of the school year, or 4 years and 9 months of age on or before February 1st of the current school year, before he may be admitted in the second term in any school year.

A child who will be 4 years and 9 months of age on or before September 1st, may be admitted to the prekindergarten summer program maintained by the school district for pupils who will be enrolling in kindergarten in September.

(b) The governing board of any school district maintaining one or more kindergartens may admit to a kindergarten a child having attained the age of five years at any time during the school year with the approval of the parent or guardian. The governing board shall provide the parent or guardian with information as to the advantages and disadvantages and any other explanatory information as to the effects of this early admittance.

CHAPTER 1149

An act to amend Sections 25605 and 25855 of the Education Code, relating to deaf and blind pupils.

[Approved by Governor September 23, 1974. Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 25605 of the Education Code is amended to read:

25605. All money expended under the authority of any such certificate for clothing and transportation, necessary dental work, eye care, operations, and hospitalization, and all money expended by the State Department of Education for expenses incurred by it in providing dental work, eye care, operations, or hospitalization for the child in an emergency for which the Department of Education cannot be reimbursed by the parent or guardian of the child as shown by the certificate, constitutes a legal charge against the county from which the certificate is issued. Expenditures for clothing and

transportation shall not exceed the sum of three hundred eighty-five dollars ($385) for the 1974–75 school year, and an amount thereafter which shall be adjusted annually in conformance with the Consumer Price Index, all items, of the Bureau of Labor Statistics of the United States Department of Labor, measured for the calendar year next preceding the fiscal year to which it applies. The State Controller shall determine the amount authorized pursuant to this section for the 1975–76 school year and thereafter.

SEC. 2. Section 25855 of the Education Code is amended to read:

25855. All money expended under the authority of any such certificate for clothing and transportation, necessary dental work, eye care, operations and hospitalization, and all money expended by the Department of Education for expenses incurred by it in providing dental work, eye care, operations, or hospitalization for the child in an emergency for which the Department of Education cannot be reimbursed by the parent or guardian of the child as shown by the certificate, constitutes a legal charge against the county from which the certificate is issued. Expenditures for clothing and transportation shall not exceed the sum of three hundred eighty-five dollars ($385) for the 1974–75 school year, and an amount thereafter which shall be adjusted annually in conformance with the Consumer Price Index, all items, of the Bureau of Labor Statistics of the United States Department of Labor, measured for the calendar year next preceding the fiscal year to which it applies. The State Controller shall determine the amount authorized pursuant to this section for the 1975–76 school year and thereafter.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be an appropriation made by this act because the duties, obligations, or responsibilities imposed on local governmental entities or school districts by this act are minor in nature and will not cause any financial burden to local government.

CHAPTER 1150

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 6760 of the Education Code is repealed.

SEC. 2. Section 6802.15 of the Education Code is repealed.

SEC. 3. Section 6904.3 of the Education Code is repealed.

SEC. 4. Section 6947 of the Education Code is amended to read:

6947. It is the intent of the Legislature, in enacting this section,

to encourage school districts and county superintendents of schools to design, implement, and evaluate innovative, exemplary education and training programs for the exceptional pupils enrolled in the public schools of this state. Therefore, the Superintendent of Public Instruction is hereby granted broad administrative discretion to approve exemplary experimental programs to operate at variance with Education Code Sections 6421 through 6434, 6750 through 6759, 6801 through 6820, 6880 through 6880.50, 6901 through 6933, 11054, and 11227.

Such variance may include the guarantee of full apportionment for approved experimental programs which vary from maximum class size or duration or both and other provisions relating to deriving apportionment per average daily attendance when in the opinion of the Superintendent of Public Instruction the quality and innovativeness of the experimental program warrants.

Enrollment in experimental programs for exceptional pupils shall be limited to any combinations of children enrolled in programs for exceptional pupils as specified in this section, at the time of application for approval to operate the experimental program. In any event, no more than 5 percent of the statewide enrollment of exceptional pupils in each of the programs included in this section may be enrolled in experimental programs in a given fiscal year.

The State Board of Education shall adopt rules and regulations relating to the application for, operation of, and evaluation of, exemplary experimental programs for exceptional pupils.

CHAPTER 1151

An act to add Section 893 to the Welfare and Institutions Code, relating to juveniles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 893 is added to the Welfare and Institutions Code, to read:

893. (a) The board of supervisors of any county with a population of five million or more may provide and maintain a pilot project school at a juvenile home, ranch or camp for the purpose of meeting the special educational needs of wards and dependent children of the juvenile court. Such pilot project school shall be conducted in such a manner and under such conditions as will minister to the specific individualized educational and training needs of each ward and dependent child in furtherance of the objective of assisting each of them, as much as possible, to fulfill his

potential to be a contributing, law-abiding member of society. In the event the board of supervisors determines that such objective may be promoted as well as or better by provision of educational and training services by a qualified private organization, the board of supervisors on behalf of the county may enter into annual contracts, with or without options to renew, for the provision of such services by such an organization.

(b) The Legislature hereby finds and determines that there are persons whose educational and vocational backgrounds and personal leadership qualities peculiarly fit them to instruct and train wards of the court in promotion of the aforesaid objective, but who lack certification qualifications. Accordingly, the probation officer is hereby authorized to certify to the county board of education and the Superintendent of Public Instruction that a person employed or to be employed by an organization retained by contract to provide vocational training courses at the pilot project school is peculiarly fit to instruct and train wards of the court in such vocational training courses in promotion of the aforesaid objective. Such certification shall specify the type or types of service the person is qualified to provide. Upon filing of such certification, such person shall be deemed to be a certificated employee for purposes of authorizing him to provide the services described in the certificate and for apportionment purposes.

(c) The pilot project school shall have a maximum enrollment of 100 students.

(d) The county superintendent of schools shall report on behalf of the county the average daily attendance for the schools and classes maintained by the county in such pilot project school in the manner provided in Section 17601.1 of the Education Code and other provisions of law.

(e) The Superintendent of Public Instruction shall compute the amount of allowance to be made to the county by reason of the average daily attendance at such pilot project school by multiplying the average daily attendance by the foundation program amount for a high school district which has an average daily attendance of 301 or more during the fiscal year, and shall make allowances based thereon and shall apportion to the county, the allowances so computed in the same manner and at the same times as would be done with respect to allowances and apportionments to the county school service fund.

(f) The pilot project shall end on or before January 1, 1977, unless further authorized by the Legislature. The Legislative Analyst shall study the pilot project for the purpose of reporting to the Legislature on the effectiveness of the pilot project, which report shall be made to the Legislature on or before July 1, 1976.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

A pilot project school of the type authorized by this legislation is presently being conducted under a contract with a qualified private organization, but would require a change in administration of such school if this act were not to take effect immediately, thus seriously impairing the continuity of education for the juveniles in the pilot project school.

CHAPTER 1152

An act to add Sections 17539, 17539.1, 17539.2 and 17539.3 to the Business and Professions Code, relating to contests.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 17539 is added to the Business and Professions Code, to read:

17539. The Legislature finds that there is a compelling need for more complete disclosure of rules and operation of contests in which money or other valuable consideration may be solicited, that current methods of disclosure are inadequate and create misunderstandings as to the true requirements for participation and winning of prizes offered; that certain problems which have arisen are peculiar to contests; that the provisions of Sections 17539.1 through 17539.3 are necessary to the public welfare and that the terms hereof shall be interpreted so as to provide maximum disclosure to and fair treatment of persons who may or do enter such contests.

SEC. 2. Section 17539.1 is added to the Business and Professions Code, to read:

17539.1. The following unfair acts or practices undertaken by, or omissions of, any person in the operation of any contest are prohibited:

(a) Failing to clearly and conspicuously disclose, at the time of the initial contest solicitation, at the time of each pre-contest promotional solicitation and each time the payment of money is required to become or to remain a contestant, the total number of contestants anticipated based on prior experience and the percentages of contestants correctly solving each puzzle used in the three most recently completed contests conducted by the person. If the person has not operated or promoted three contests he shall disclose for each prior contest if any, the information required by this section.

(b) Failing to promptly send to each member of the public upon his request, the actual number and percentage of contestants correctly solving each puzzle or game in the contest most recently completed.

(c) Misrepresenting in any manner the odds of winning any prize.

(d) Misrepresenting in any manner, the rules, terms, or conditions of participation in a contest.

(1) The maximum number of puzzles or games which may be necessary to complete the contest and determine winners.

(2) The maximum amount of money which a participant may be asked to pay to win each of the contest prizes then offered.

(5) The method of determining prizewinners if a tie remains after the last tie breaker puzzle is completed.

(6) All rules, regulations, terms, and conditions of the contest.

(f) Failing to clearly and conspicuously disclose the exact nature and approximate value of the prizes when offered.

(g) Failing to award and distribute all prizes of the value and type represented.

(h) Representing directly or by implication that the number of participants has been significantly limited, or that any particular person has been selected to win a prize unless such is the fact.

(i) Using the word "lucky" to describe any number, ticket, coupon, symbol, or other entry, or representing in any other manner directly or by implication that any number, ticket, coupon, symbol, or other entry confers or will confer an advantage upon the recipient that other recipients will not have, that the recipient is more likely to win a prize than are others, or that said number, ticket, coupon, symbol or other entry has some value that other entries do not have.

(j) Failing to obtain the express written or oral consent of individuals before their names are used for a promotional purpose in connection with a mailing to a third person.

(k) Using or distributing simulated checks, currency, or any simulated item of value unless there is clearly and conspicuously printed thereon the words: SPECIMEN—NONNEGOTIABLE.

(*l*) Representing, directly or by implication, orally or in writing, that any tie breaker puzzle may be entered upon the payment of money qualifying the contestant for an extra cash or any other type prize or prizes unless:

(1) It is clearly and conspicuously disclosed that such payments are optional and that contestants are not required to pay money to play for an extra cash or any other type of prize or prizes; and

(2) Contestants are clearly and conspicuously given the opportunity to indicate they wish to enter such phase of the contest for free. The contestants' opportunity to indicate they wish to enter for free shall be in immediate conjunction with and in a like manner as the contestants' opportunity to indicate they wish to play for an

extra prize.

SEC. 3. Section 17539.2 is added to the Business and Professions Code, to read:

17539.2. Every person who conducts any contest shall:

(a) Clearly and conspicuously disclose on each entry blank the deadline for submission of that entry.

(b) Refund all money or other consideration to contestants requesting such refund in writing within one year of payment and who are unable to participate in any aspect of any contest through no fault of the contestant.

(c) At the conclusion of the contest send to all entrants upon their request the names of all winners, the prize or prizes won by each, the correct solution to each puzzle and the winning solutions to each puzzle (if different from the correct solution).

(d) Maintain for no less than two years after all prizes are awarded all the following:

(1) Copies of all contest solicitations and puzzles.

(2) All puzzles and correspondence sent by a contestant or copies or records disclosing details thereof and records of replies thereto.

(3) Adequate records which disclose the names and addresses of all contestants, the approximate date each contestant was sent each puzzle or game, the number of prizes awarded, the method of selecting winners, the names and addresses of the winners, and facts upon which all representations or disclosures made in connection with the contest are based and from which the validity of the representations or disclosures can be determined.

SEC. 4. Section 17539.3 is added to the Business and Professions Code, to read:

17539.3. (a) Sections 17539.1 and 17539.2 shall not apply to a game conducted to promote the sale of an employer's product or service by his employees, when those employees are the sole eligible participants.

(b) As used in Sections 17539.1 and 17539.2 "person" includes firm, corporation, or association, but does not include any charitable trust, corporation or other organization exempted from taxation under Section 23701(d) of the Revenue and Taxation Code or Section 501(c) of the Internal Revenue Code of 1954.

(c) Nothing in Sections 17539 to 17539.2, inclusive, shall be construed to permit any contest or any series of contests or any act or omission in connection therewith which is prohibited by any other provision of law.

(e) As used in Sections 17539 to 17539.2, inclusive, the term contest includes any game, contest, puzzle, scheme or plan which holds out or offers to prospective participant or participants the

opportunity to receive or compete for gifts, prizes, or gratuities as determined by skill or any combination of chance and skill and which is, or in whole or in part may be, conditioned upon the payment of consideration;

(f) Sections 17539 to 17539.2, inclusive, shall not apply to (1) the mailing or otherwise sending of an application for admission, or a notification or token evidencing the right of admission to, or (2) the operation of a contest, performance, sporting event or tournament of skill, speed, or power or endurance between participants physically present at such contest, performance, sporting event or tournament.

SEC. 5. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 1153

(1) To the surviving spouse, having care of children there shall be paid an amount, in monthly installments, equal to 40 percent of the deceased's highest average monthly salary earned during any 12 consecutive months within the 36 months immediately preceding death, plus 10 percent of such salary for each child, up to a maximum of 90 percent of such salary, or

(2) If there is no surviving spouse or the surviving spouse subsequently dies and there are children who qualify under Section 13830, there shall be paid to the guardian of such children under age 18, or to the child if over age 18, an amount payable in monthly installments equal to 10 percent of the deceased's highest earned annual salary during any 12 consecutive months within the 36 months immediately preceding death, up to a maximum of 50 percent of such salary. If there are more than five such children, they shall share equally in the maximum of 50 percent, or

(3) If there is no allowance being paid under paragraphs (1) or (2) the unremarried spouse age 60 or over shall receive a monthly payment equal to the amount which would have been payable to such spouse based on projected service and projected earned salary, had the member continued service to age 60 and at that time elected option number three The allowance payable under this paragraph

shall be increased by application of the benefit improvement factor for time which elapses between the date the member would have reached age 60 and the date the allowances commence to accrue under this paragraph. For the calculation of the benefit, it shall be considered that the member died on the June 30 following the actual date of death and the spouse reached age 60 on the June 30 prior to attainment of that age, but the allowance shall not begin to accrue until the spouse attains age 60.

(4) If there is no surviving spouse or children entitled to allowances under paragraph (2), the dependent parent, age 60, or upon attainment of that age, shall receive an allowance based on projected service and projected earned salary equal to the amount which would have been paid if the member had retired at age 60 and elected option number three. If there are two parents who qualify under this paragraph the total benefit will be computed on the assumption that the youngest parent is the beneficiary, and the total shall be divided equally for so long as there are two such qualifying parents. Otherwise, the total amount shall be payable to the one who qualifies.

Allowances payable under this section are in lieu of the death benefit payable under subsection (1) of subdivision (b) of Section 14180 irrespective of the beneficiary designated to receive that benefit.

SEC. 14.6. Section 14186.1 is added to the Education Code, to read:

14186.1. If the person or persons to whom a family allowance is payable marries, dies or no longer qualifies for the allowance, the allowance shall be terminated on the last day of the month preceding such event.

Where only a portion of a parcel of land has been transferred, and the assessed value thereof and of the remaining parcel are not separately stated upon the roll, estimated assessed values therefor shall be made by the county assessor, and such estimates shall, for the purposes of this section, be considered the value of the land. (d) As each voter signs the roster, the member of the precinct board keeping the voter list of persons casting ballots shall announce the number of votes the voter is entitled to cast. A member of the precinct board shall insert in ink or indelible pencil in both spaces on each voter's ballot the number of votes the voter is entitled to cast on that ballot. with the rubber stamp by the voter.

(i) After voting the voter shall refold the ballot and deliver it to a member of the precinct board who shall examine only that portion of the ballot which is exposed above the fold line and check that the number of votes marked on the ballot corresponds with the number of votes on the ballot slip of that ballot. Any error in the number of votes shall be corrected by said member in ink or indelible pencil and initialed by two members of the precinct board. The remaining portion of the ballot above the perforated line, shall be removed and delivered to the voter. The folded ballot shall be placed into the ballot box. The ballot box shall be kept locked while the polls are open.

SEC. 10. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there by any appropriation made by this act because this act contains a revenue source which may be utilized by local governments to cover the cost of the mandate.

No disaster service worker who is performing disaster services ordered by lawful authority during a state of war emergency, a state of emergency, or a local emergency, as such emergencies are defined in Section 8558 of the Government Code, shall be liable for civil damages on account of personal injury to or death of any person or damage to property resulting from any act or omission in the line of duty, except one that is willful.

SEC. 2. Section 8610 of the Government Code is amended to read:

8610. Counties, cities and counties, and cities may create disaster councils by ordinance. A disaster council shall develop plans for meeting any condition constituting a local emergency, state of emergency, or state of war emergency; such plans shall provide for the effective mobilization of all of the resources within the political subdivision, both public and private. The governing body of a county, city and county, or city may, in such ordinance or by resolution adopted pursuant to such ordinance, provide for the organization, powers and duties, divisions, services, and staff of the emergency organization. The governing body of a county, city and county, or city may, by ordinance or resolution, authorize public officers, employees, and registered volunteers to command the aid of citizens when necessary in the execution of their duties during a state of war emergency, a state of emergency, or a local emergency.

Counties, cities and counties, and cities may enact ordinances and resolutions and either establish rules and regulations or authorize disaster councils to recommend to the director of the local emergency organization rules and regulations for dealing with local emergencies that can be adequately dealt with locally; and further may act to carry out mutual aid on a voluntary basis and, to this end, may enter into agreements.

SEC. 3. Section 8657 of the Government Code is amended to read:

8657. (a) Volunteers duly enrolled or registered with the Office of Emergency Services or any disaster council of any political subdivision, or unregistered persons duly impressed into service during a state of war emergency, a state of emergency, or a local emergency, in carrying out, complying with, or attempting to comply with, any order or regulation issued or promulgated pursuant to the provisions of this chapter or any local ordinance, or performing any of their authorized functions or duties or training for the

performance of their authorized functions or duties, shall have the same degree of responsibility for their actions and enjoy the same immunities as officers and employees of the state and its political subdivisions performing similar work for their respective entities.

(b) No political subdivision or other public agency under any circumstances, nor the officers, employees, agents, or duly enrolled or registered volunteers thereof, or unregistered persons duly impressed into service during a state of war emergency, a state of emergency, or a local emergency, acting within the scope of their official duties under this chapter or any local ordinance shall be liable for personal injury or property damage sustained by any duly enrolled or registered volunteer engaged in or training for emergency preparedness or relief activity, or by any unregistered person duly impressed into service during a state of war emergency, a state of emergency, or a local emergency and engaged in such service. The foregoing shall not affect the right of any such person to receive benefits or compensation which may be specifically provided by the provisions of any federal or state statute nor shall it affect the right of any person to recover under the terms of any policy of insurance.

SEC. 4. Section 8659 of the Government Code is amended to read:

"Disaster service worker" does not include any member registered as an active firefighting member of any regularly organized volunteer fire department, having official recognition, and full or partial support of the county, city, town or district in which such fire department is located.

SEC. 6. Section 4353 of the Labor Code is amended to read:

4353. Compensation shall be furnished to a disaster service worker for any injury suffered either within or without the state arising out of and occurring in the course of his activities as a disaster service worker, and for the death of any such worker if the injury proximately causes death, in those cases where the following conditions concur:

(a) Where, at the time of the injury the disaster service worker is performing services as a disaster service worker, and is acting within the course of his duties as a disaster service worker.

(c) Where the injury is proximately caused by his service as a disaster service worker, either with or without negligence.

(d) Where the injury is not caused by the intoxication of the injured worker.

(e) Where the injury is not intentionally self-inflicted.

SEC. 7. There are no state-mandated local costs in this act that require reimbursement under Section 2231 of the Revenue and Taxation Code because there are no duties, obligations or responsibilities imposed on local government by this act.

SEC. 3. Chapter 3 (commencing with Section 12120), is added to Part 4 of Division 2 of the Insurance Code, to read:

CHAPTER 3. GROUP AND INDIVIDUAL PLANS FOR LEGAL INSURANCE

12120. (a) Subject to the provisions of this chapter, any insurer admitted to transact any class of insurance in this state, other than title insurance, mortgage insurance, or mortgage guaranty insurance, may transact legal insurance if it has a minimum paid-in capital and surplus of not less than one million dollars ($1,000,000), provided that the paid-in capital shall not be less than five hundred thousand dollars ($500,000), notwithstanding the paid-in capital and surplus requirements of Sections 700.01, 700.1, 10510, and 10511, respectively.

(b) Any insurer not admitted to transact any other class of insurance in this state may be admitted to transact legal insurance if it has the paid-in capital and surplus required by subdivision (a).

(c) As used in this section, "surplus" means the excess of admitted assets over the sum of (1) liabilities for losses reported, expenses, taxes, and all other indebtedness and reinsurance of outstanding risks

as provided by law, and either (2) paid-in capital, in the case of an insurer issuing or having outstanding shares of capital stock, or (3) minimum paid-in capital required by this section, in the case of any other insurer.

12121. Group legal insurance shall mean that form of legal insurance covering groups of persons as defined in this chapter with or without one or more of their dependents and issued upon one of the following bases:

12122. Group and individual legal insurance may be offered in this state subject to all the following conditions:

(a) Premium rates shall comply with any pertinent standards in this code, including the standards that rates not be excessive, inadequate, or unfairly discriminatory. Rates for group legal insurance shall not be deemed to be unfairly discriminatory because different premiums result for policyholders with like loss exposures but different expense factors, or like expense factors but different loss exposures, so long as the rates reflect the difference with reasonable accuracy. Rates shall not be considered to be unfairly discriminatory if they are averaged broadly among persons insured under a group legal insurance plan.

(b) No policy or certificate of legal insurance may be delivered or issued for delivery in this state unless and until a copy of the form thereof has been filed with the commissioner. However, this subdivision shall apply only to an insurer for a two-year period immediately following the date upon which it files its first policy or certificate of legal insurance with the commissioner.

(c) No policy of group legal insurance may be delivered or issued for delivery in this state unless it contains a provision that the insurer shall issue to the person in whose name the policy is issued, for delivery to each member of the insured group, a certificate setting

If dependents are included in the coverage, only one certificate need be issued for each family unit. Any certificates delivered to members of an insured group pursuant to this subdivision shall be required to be "individualized" within the meaning of that term as it is defined by Section 10270.63 only if members of the group contribute to the payment of the legal insurance premiums.

The practitioner supervising the administration of the experimental drug shall also provide such information, upon request, to the guardian or conservator of an adult patient and to any person having a relationship to an adult patient which is specified in subdivisions (a) to (e), inclusive, of Section 26668.1.

SEC. 2. Section 26679 of the Health and Safety Code is amended to read:

26679. Section 26670 does not apply to any drug or device intended solely for investigational use by experts qualified by scientific training and experience to investigate the safety and effectiveness of drugs or devices if all the following conditions are complied with:

(a) The submission to the department, before any clinical testing of a drug or device is undertaken, of reports, by the manufacturer or the sponsor of the investigation of such drug or device, of preclinical tests including tests on animals, of such drug or device adequate to justify the proposed clinical testing.

(b) The manufacturer or the sponsor of the investigation of a drug or a device proposed to be distributed to investigators for clinical testing obtaining a signed, notarized agreement from each of such investigators that patients to whom the drug or device is administered will be under his personal supervision, or under the supervision of investigators responsible to him, and that he will not supply such drug or device to any other investigator, or to clinics, for administration to human beings.

(c) The establishment and maintenance of such records, and the making of such reports to the department, by the manufacturer or the sponsor of the investigation of such drug or device, of data, including but not limited to, analytical reports by investigators, obtained as a result of such investigational use of such drug or device, as the department finds will enable it to evaluate the safety and effectiveness of such drug or device in the event of the filing of an application pursuant to Section 26670.

(d) The manufacturer, or the sponsor of the investigation, require experts using such drugs or devices for investigational purposes to certify to such manufacturer or sponsor that they will comply with the requirements of Article 4 (commencing with Section 26668) of this chapter.

(e) Such other conditions as the department shall adopt as regulations necessary for the protection of the public health. The federal regulations adopted pursuant to Section 505(i) of the federal act (21 U.S.C., Sec. 355(i)) shall be the regulations for exemptions from Section 26670 in this state. However, the department may prescribe, by regulation, any condition for exemption from Section 26670 whether or not such condition is in accordance with regulations adopted under the federal act.

SEC. 3. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act,

because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 1164

An act to add Section 5005 to the Labor Code, relating to workmen's compensation.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 5005 is added to the Labor Code, to read:

5005. In any case involving a claim of occupational disease or cumulative injury, as set forth in Section 5500.5, the employee and any employer, or any insurance carrier for any employer, may enter into a compromise and release agreement settling either all or any part of the employee's claim, including a part of his claim against any employer. Such compromise and release agreement, upon approval by the appeals board or a referee, shall be a total release as to such employer or insurance carrier for the portion or portions of the claim released, but shall not constitute a bar to a recovery from any one or all of the remaining employers or insurance carriers for the periods of exposure not so released.

In any case where a compromise and release agreement of a portion of a claim has been made and approved, the employee may elect to proceed as provided in Section 5500.5 against any one or more of the remaining employers, or against an employer for that portion of his exposure not so released; in any such proceeding after election following compromise and release, that portion of liability attributable to the portion or portions of the exposure so released shall be assessed and deducted from the liability of the remaining defendant or defendants, but any such defendant shall receive no credit for any moneys paid by way of compromise and release in excess of the liability actually assessed against the released employments and the employee shall not receive any further benefits from the released employments for any liability assessed to them above what was paid by way of compromise and release.

In approving a compromise and release agreement under this section, the appeals board or referee shall determine the adequacy of the compromise and release agreement as it shall then reflect the potential liability of the released exposure after apportionment, but need not make a final actual determination of the potential liability of the employer or employers for that portion of the exposure being

released.

CHAPTER 1165

An act to amend Section 2601 of the Elections Code and Section 1773 of the Government Code, relating to elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1974. Filed with Secretary of State September 23, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 2601 of the Elections Code is amended to read:

2601. (a) At least 44 days before the general election, and at least 84 days, but not more than 194 days, before a special statewide election, the Governor shall issue an election proclamation, under his hand and the Great Seal of the state, and transmit copies to the boards of supervisors of the counties in which the elections are to be held; provided, that when such vacancy occurs 160 days or less before the end of the term of office, the Governor may decline to issue an election proclamation, at his discretion.

(b) A special election to fill a vacancy in the office of Representative in Congress, State Senator, or Member of Assembly shall be conducted on a Tuesday at least 84 days, but not more than 91 days, following the issuance of an election proclamation by the Governor pursuant to Section 1773 of the Government Code, except that any such special election may be conducted within 180 days following the proclamation in order that the election or the primary election may be consolidated with the next regularly scheduled statewide election.

SEC. 2. Section 1773 of the Government Code is amended to read:

1773. When a vacancy occurs in the office of Representative to Congress, or in either house of the Legislature, the Governor shall within 14 calendar days after the occurrence of the vacancy issue a writ of election to fill the vacancy; provided, that when such vacancy occurs 160 days or less before the end of the term of office, a special election may be held, at the Governor's discretion.

The Governor shall issue the election proclamation under his hand and the Great Seal of the state, and transmit copies to the board of supervisors of the counties in which the election is to be held.

SEC. 3. The Governor may withdraw the proclamation for any election pending upon the effective date of this act if, pursuant to this act, he would have had the discretion to decline to issue such proclamation.

SEC. 4. This act is an urgency statute necessary for the

immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the expenditure of public funds will not be required for the expense of conducting special elections when such elections serve no valid public purpose, it is necessary that this act go into immediate effect.

CHAPTER 1166

An act to amend Section 23722 of, to add Section 26802.5 to, and to repeal and add Sections 23709 and 23731 to, the Government Code, relating to counties.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Section 23709 of the Government Code is repealed.

SEC. 2. Section 23709 is added to the Government Code, to read:

Such complete text is "official matter" within the meaning of Section 10012 of the Elections Code. The county clerk shall also prepare and mail to each qualified elector in the county a sample ballot. The sample ballot shall be mailed with and at the same time as the complete text of the proposed charter or revised charter.

SEC. 3. Section 23722 of the Government Code is amended to read:

23722. Upon the presentation of a petition, or upon its own submission of a proposal to amend or repeal the charter, the governing body shall submit the amendment or amendments proposed or the question of the repeal of the charter to the qualified electors of the county at a special election held on the next established election date not less than 74 days after the presentation of the petition, or submission of the proposal. In submitting the question of charter repeal or amendment, any alternative article or proposition may be presented for the choice of the electors, and may be voted on separately without prejudice to others.

The county clerk shall cause the complete text of the proposed amendment or amendments to be printed and mailed, at least 10 days prior to the date of the election, to each qualified elector in the county. Such complete text is "official matter" within the meaning of Section 10012 of the Elections Code. The county clerk shall also prepare and mail to each qualified elector in the county a sample ballot. The sample ballot shall be mailed with and at the same time

as the complete text of the proposed amendment or amendments.

SEC. 4. Section 23731 of the Government Code is repealed.

SEC. 5. Section 23731 is added to the Government Code, to read:

23731. The county clerk shall cause the complete text of such an ordinance, referred to in Section 23730, to be printed and mailed, at least 10 days prior to the date of the election, to each qualified elector in the county. Such complete text is "official matter" within the meaning of Section 10012 of the Elections Code. The county clerk shall also prepare and mail to each qualified elector in the county a sample ballot. The sample ballot shall be mailed with and at the same time as the complete text of the proposed amendment or amendments. In all other respects, every such election shall be held and conducted, the returns canvassed and the result declared by the governing body in the same manner as provided by law for general elections.

SEC. 6. Section 26802.5 is added to the Government Code, to read:

26802.5. In any county containing a population of at least 250,000 and under 255,000 as ascertained and determined by Section 28020, a registrar of voters may be appointed by the board of supervisors in the same manner as other county officers are appointed. In those counties, the county clerk is not ex officio registrar of voters, and the registrar of voters shall discharge all duties vested by law in the county clerk which duties relate to and are a part of the election procedure.

SEC. 7. There are no state-mandated local costs in this act that require reimbursement under Section 2231 of the Revenue and Taxation Code because there are no duties, obligations, or responsibilities imposed on local entities in 1974–75 by this act. However, there are state-mandated local costs in this act in subsequent years that require reimbursement under Section 2231 of the Revenue and Taxation Code which can be handled in the regular budget process.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 1168

An act to add Article 7 (commencing with Section 2536) and Article 8 (commencing with Section 2537) to Chapter 5.3 of Division 2 of the Business and Professions Code, relating to speech pathologists and audiologists.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. The heading of Part 1.7 (commencing with Section 440) of Division 1 of the Health and Safety Code is amended to read:

PART 1.7. HEALTH FACILITIES DISCLOSURE ACT

SEC. 2. Section 440 of the Health and Safety Code is amended to read:

440. This part shall be known as the California Health Facilities Disclosure Act.

SEC. 3. Section 441 of the Health and Safety Code is amended to read:

441. The Legislature hereby finds and declares:

(a) It is the policy of this state, as declared and established in this part, to require all health facilities which operate in this state to file for public disclosure with the California Health Facilities Commission which is established by this part such uniform reports of health facility cost experience in the provision of health care services as are provided for under this part in accord with the systems of accounting approved under this part, for all of the following purposes:

(1) Encouraging economy and efficiency in their provision of such services in this state.

(2) Enabling public agencies of this state which purchase health care services under, or which have administrative responsibility for, publicly financed health care plans or programs to make informed decisions in such purchasing or administration.

(3) Encouraging public and private third party payors for health facility services to take the information provided under this part into account in establishing reimbursement rates to assure health facilities of a fair and reasonable payment for such services rendered.

(b) It is the policy of this state that in order to achieve uniform and equitable statewide implementation of the policies of this part and to allow for comparisons of the performance of particular health facilities subject to its provisions, it is necessary to require that every person, political subdivision of the state, or any governmental agency within the state, that establishes, conducts, operates, manages,

maintains, or controls in this state any health facility complies with the provisions of this part.

(c) It is the policy of this state to have health facilities make available to the public the highest capabilities of health science in an effective, efficient manner. It is the policy of this state to provide reasonable and appropriate safeguards to insure that the total cost of health facility services is reasonably related to the total services offered by health facilities that the aggregate rates of health facilities are reasonably related to the aggregate costs of health facilities and that the rates charged by health facilities are uniform for all purchasers of health facility services, because the state has an obligation to assure access and availability of high quality, efficiently provided, economical health facility services for all persons in this state and because the expenditure of public funds of this state for providing health facility services to many persons has a large financial impact on the public funds of this state. Therefore, it is the declared policy of this state that health facilities are affected with the public interest, involved in the distribution of essential services, and obliged to furnish services to the general public at fair, equal, and nondiscriminatory rates.

The executive director shall receive, in addition to his salary, actual and necessary travel expenses incurred in the discharge of his duties.

SEC. 12. Section 441.15 of the Health and Safety Code is amended to read:

441.15. The commission, after consultation with the advisory council, receipt of the recommendations of the advisory council, and public hearings with respect thereto, shall, as soon as practicable after the effective date of this part, have prepared, published, and ready for distribution to all the health facilities subject to the provisions of this part approved systems of health facility accounting and uniform reporting which shall be structured so as to enable all such health facilities to fairly, accurately, and efficiently prepare the particular financial reports required by Section 441.18. Existing systems of accounting and reporting used by health facilities shall be examined and given due consideration by the commission in carrying out its duty of preparing the systems of accounting and uniform reporting required by this section.

The commission, after receipt of the recommendations of the advisory council and public hearings with respect thereto, shall as soon as practicable on or after July 1, 1975, have prepared, published,

and ready for distribution to all skilled nursing facilities and intermediate care facilities, approved systems of accounting and uniform reporting, which shall be structured so as to enable all such health facilities to fairly, accurately, and efficiently prepare the particular financial reports required by the commission. SEC. 13. Section 441.16 of the Health and Safety Code is amended to read:

441.16. (a) The commission where necessary to correctly reflect differences either (1) in size of; or (2) in scope, type, or method of provision of or payment for services rendered by health facilities; or where necessary to avoid unduly burdensome costs for such health facilities in meeting the requirements of this part as a result of such differences; shall allow and provide, in accordance with appropriate regulations, for modifications in the accounting systems approved pursuant to Section 441.15 for use by health facilities in meeting the requirements of this part if such modifications will not interfere with the purposes established in Section 441.

(b) The commission shall establish specific reporting provisions for health facilities that receive a preponderance of their revenue from associated comprehensive group-practice prepayment health care service plans. Such health facilities shall be authorized to utilize established accounting systems, and to report costs and revenues in a manner which is consistent with the operating principles of such plans and with generally accepted accounting principles. When health facilities that receive the preponderance of their revenue from associated comprehensive group-practice prepayment health care service plans are operated as units of a coordinated group of health facilities under common management, they shall be authorized to report as a group rather than as individual institutions, and as a group shall submit a consolidated balance sheet, income and expense statement and statement of source and application of funds for such group of health facilities; except, that cost data shall be reported for each individual institution.

04396 267565 552

(c) The commission shall establish approved systems of health facility accounting, uniform reporting, and auditing to create, to the extent feasible, one uniform, comprehensive state system which takes into account the data requirements of all state programs. The commission shall make available information required by other state agencies for programs they administer or in which they have an interest.

This section shall not preclude the state administrative agency responsible for administration of a program from obtaining from health care institutions data not available from the commission which the administrative agency determines is necessary for administration of the program. Administrative agencies shall use the comprehensive system provided for in this section to the maximum extent feasible.

(d) The commission, in consultation with professional organizations shall develop a Health Facility Economic Stabilization Program for establishment of a system to retard inflationary health facility costs and price increases and shall consider, among other factors, the following:

(1) Costs of doing business.

(2) Efficiency of operation.

(3) Occupancy levels.

(4) Type of care offered.

(5) Quality of care offered.

(6) Reasonable rate of return.

(7) Equalization of rates for all patients of a health facility receiving similar services, regardless of source of payment.

The basis set forth in the American Hospital Association "Statement on Financial Requirements of Health Care Institutions and Services" shall be used in establishing a prospective method of payment for health facility services.

(9) Development of a system which will be designed to protect the public interest and also to provide due process, hearings, and reasonable guarantees protecting the development of a viable health care facilities industry in the state.

(10) Provision for capital, social security requirements for planning and budgets, provision for covering of third party costs which may not be paid by government or other purchasers, provision for education and research cost not directly related to patient care and not otherwise funded, impact of legally imposed cost increases beyond the control of a health facility, provision for efficiency incentives and appropriate utilization, and provision for requirements of health facilities covered by subdivision (b) of this section.

SEC. 14. Section 441.17 of the Health and Safety Code is amended to read:

441.17. The commission shall hold public hearings on the

proposed systems of accounting and uniform reporting prepared under Section 441.15 or on any changes in such systems which are subsequently proposed by the commission not less than 30 or more than 60 days after the date on which the proposed systems or changes therein are distributed to health facilities, at which time representatives of the health facilities and other interested persons shall be entitled to appear and give testimony in all relevant matters and to propose such modifications or alterations in the proposed systems or changes therein as are provided for under Section 441.16. Subject to modifications or alterations approved by the commission within 30 days of such hearing, the systems of health facility accounting approved by the commission pursuant to Section 441.15 shall be implemented by all health facilities for all annual accounting periods beginning on or after the first day of the 15th month next following the end of the calendar month in which the revised regulations are published.

Every organization which operates, conducts, or maintains a skilled nursing facility or intermediate care facility shall implement systems of health facility accounting approved by the commission pursuant to Section 441.15, and shall make and file with the commission the reports required pursuant to Section 441.18, for accounting periods beginning on or after January, 1976.

In carrying out the provisions of this section and of Sections 441.15 and 441.16, the commission shall, to the fullest extent practicable, structure the accounting and reporting systems thereby provided for so as to establish and differentiate costs incurred for patient-related services rendered by health facilities, as distinguished from those incurred with reference to educational, research, and other non-patient-related activities, including, but not limited to, charitable activities, of such health facilities.

SEC. 15. Section 441.18 of the Health and Safety Code is amended to read:

441.18. Every organization which operates, conducts, or maintains a health facility and the officers thereof, shall make and file with the commission, within four months after the close of the organization's calendar or fiscal year for all annual accounting periods to which the systems of accounting and uniform reporting approved under Section 441.17 are made applicable thereby, all of the following reports on forms specified by the commission which shall be in accord with such systems of accounting and uniform reporting all of the following:

(a) A balance sheet detailing the assets, liabilities, and net worth of the health facility at the end of its fiscal year.

(b) A statement of income, expenses, and operating surplus or deficit for the annual period ending on the balance sheet date.

(c) A statement detailing the source and application of funds expended by the health facility for the period encompassed by the income statement required by subdivision (b).

(d) A statement reporting the information required in

subdivisions (a), (b), and (c) of this section for each separately licensed health facility operated, conducted, or maintained by the reporting organization.

(e) A report of health facility expenditures which allocates the costs of non-revenue-producing departments of a health facility to the other non-revenue- and revenue-producing centers which they serve, similar to the "step-down" or "double-apportionment" methods of cost finding used in reporting health facility cost experience under Title XVIII of the Federal Social Security Act. Any health facility which participates in Title XVIII as a provider of health care services may elect to file the cost data reports required under the regulations of the Social Security Administration in its administration of Title XVIII in place of the report required by the commission under this subdivision.

(f) The report required by subdivision (e) shall be accompanied by an accurate and sufficiently detailed statistical report containing data taken from the health facility's basic accounts and patient statistics as maintained under one of the systems approved in accordance with Section 441.17, which identifies costs related to categories, types or units of health care services delivered to patients by the operating departments of the health facility in accordance with a list of such services provided by the commission acting under the provisions of Section 441.15. Any health facility which participates in Title XVIII of the Federal Social Security Act may elect to file the statistical reports covering the provision of such health care services required under Title XVIII in place of the report required by the commission under this subdivision.

Health facilities described in subdivision (b) of Section 441.16 shall file such statements and reports, not inconsistent with subdivision (b) of Section 441.16, as the commission may reasonably require for the annual financial reporting period of such health facilities or group of health facilities.

The commission shall adopt forms of authentication for use by health facility officers or licensed accountants preparing reports under this section stating that each such officer or accountant making the authentication believes that to the extent of his knowledge and information each statement in the report is true.

SEC. 16. Section 441.19 of the Health and Safety Code is amended to read:

441.19. Whenever, upon the recommendation of the executive director of the commission, and the approval, certified in writing, of a majority of commission members, a further investigation is deemed necessary or desirable to verify the accuracy of the information in the reports made by health facilities under this part; the executive director shall have the authority to make any necessary further examination of the health facility's records and accounts and to devote such necessary extra attention to the conduct of its affairs as the commission may by regulation provide. Such further examinations under this section may include, but are not limited to,

04396 267635 566

making a full or partial audit of all such records and accounts.

The costs incurred in conducting any examinations or inquiries provided for pursuant to this section shall be borne by the commission. However, when the executive director determines that the original reports were deliberately falsified or that health facility officials were aware of untrue statements contained therein, subject to the approval of a majority of commission members, the health facility shall be responsible for all such costs, and shall, in addition, be liable for a civil penalty of twice the amount of such costs. Such civil penalty shall be assessed and recovered in a civil action brought in the name of the people of the State of California by the commission. A health facility which wishes to contest the determination of the executive director shall have the right to a hearing conducted in accordance with the provisions of Section 442.5.

SEC. 17. Section 442 of the Health and Safety Code is amended to read:

442. (a) The commission shall maintain a file of all the reports filed under Sections 441.18 and 442.1 at its Sacramento office. Subject to such rules as the commission may prescribe, such reports shall be produced and made available for inspection upon the demand of any person.

(b) Copies certified by the commission as being true and correct copies of reports properly filed with the commission pursuant to Section 441.18, together with summaries, compilations, or supplementary reports prepared by the commission pursuant to Section 442.1, shall be introduced as evidence, where relevant, at any hearing, investigation, or other proceeding held, made or taken by any state, county, or local governmental agency, board, or commission which participates as a purchaser of health facility services pursuant to the provisions of a publicly financed state or federal health care program. Each such state, county, or local governmental agency, board, or commission shall weigh and consider the reports made available to it pursuant to the provisions of this subdivision in its formulation and implementation of policies, regulations, or procedures regarding reimbursement methods and rates in the administration of such publicly financed programs.

SEC. 18. Section 442.3 of the Health and Safety Code is amended to read:

442.3. Any health facility which does not file any report required by Section 441.18 with the commission as provided therein is liable for a civil penalty of one hundred dollars ($100) a day to be assessed and recovered in a civil action brought in the name of the people of the State of California by the commission for each day the filing of such report with the commission is delayed, unless an extension is granted in accord with the guidelines and procedures established by the commission pursuant to Section 442.4. Any money which is received by the commission pursuant to this section shall be paid into the commission's operating fund which is established by Section

442.10.

SEC. 19. Section 442.4 of the Health and Safety Code is amended to read:

442.4. The commission shall, by regulation, establish guidelines and procedures to enable all health facilities subject to the provisions of this part to request reasonable extensions of time in which to file any or all of the reports required by Section 441.18. The regulations shall provide for the grant of such extensions by the executive director in cases where the health facility requesting them can show good and sufficient cause for the extension.

Any health facility denied an extension under this section may petition the commission for a hearing on appeal to review the action of the executive director in refusing its request for the extension in accord with the provisions of Section 442.5; but the filing of a petition pursuant to that section shall not, unless the appeals committee reverses the executive director, limit the continued accrual of the charges levied under this section against a health facility which fails to meet the deadline for filing reports established by Section 441.18.

SEC. 20. Section 442.5 of the Health and Safety Code is amended to read:

442.5. A petition requesting a hearing to review any action taken by the commission or the executive director pursuant to this part shall be filed with the commission within 15 days of the date on which the health facility or person aggrieved was notified of the action with respect to which the review is requested and shall state the grounds on which the petitioner bases his appeal. A hearing on the petition, at which the petitioner may be represented by counsel, shall be held within 45 days of the date on which the petition for appeal was filed, before an appeals committee composed of three members of the commission chosen by the chairman for such purpose. The decision of a majority of the committee, which shall be rendered in the form of a written memorandum of decision filed in the commission's office, shall be final, subject to the right of review by a court of competent jurisdiction in accordance with the provisions of Chapter 2 (commencing with Section 1084) of Title 1 of Part 3 of the Code of Civil Procedure.

SEC. 21. Section 442.6 of the Health and Safety Code is amended to read:

442.6. To promote economy, avoid duplication of effort, and make use of available expertise, the commission, in carrying out the duties of the new state functions delegated to it by the Legislature pursuant to this part, shall, when such agreements will aid the commission in carrying out its duties under this part, contract to the extent feasible with private persons and nongovernmental and governmental organizations and agencies which are experienced in the collection and evaluation of information regarding health facility accounting and cost-reporting procedures, the efficiency of various health care delivery systems, and other related fields of knowledge pertaining to the health facilities subject to the provisions of this part.

To assure that information to be collected is relevant to the planning and evaluation of health services in general, the commission may request a review by the state department pursuant to Part 1.5 (commencing with Section 437) of Division 1, relating to health planning of the data items under Section 441.18. In the event the data sets are deemed deficient or irrelevant with respect to planning and evaluation, the state department may provide alternatives which may be reconciled with the commission's determinations.

The provisions of this section shall not be construed to limit the authority granted the commission under Section 441.9.

No person, organization, or agency which enters a contract pursuant to the provisions of this section shall, without the prior written approval of the commission, release or publish any information made available to it in its performance under such a contract, nor shall such person, organization, or agency use or employ any information obtained by it in connection with such participation for any purpose or purposes other than carrying out its duties and obligations under such contract unless permission to use the information for such purpose or purposes is specifically included in the contract of participation and approved by a majority of commission members. The prohibitions of this paragraph do not, however, apply to information which has been received or developed by a contracting person, organization, or agency in performing services or functions separate and distinct from those carried out under contract with the commission.

SEC. 22. Section 442.7 of the Health and Safety Code is amended to read:

442.7. In order to assist the commission in the performance of its duties pursuant to this part, there is hereby created an Advisory Council to the California Health Facilities Commission, to be composed of all of the following:

(a) Three public members; one of whom shall be a member of and represent a labor union organized under the provisions of Chapter 7 of Title 29 of the United States Code; and one of whom shall be an accountant licensed under Chapter 1 (commencing with Section 5000) of Division 3 of the Business and Professions Code with at least five years' experience as an accountant or financial officer with responsibility for auditing and supervising the financial affairs of one or more health facilities subject to the provisions of this part.

(b) Five members who shall be broadly representative of the interests of investor-owned, county, university, district, and not-for-profit health facilities which are subject to the provisions of this part.

(c) One member representative of a skilled nursing facility.

(d) One member appointed by, and to serve at the pleasure of, the Director of Health.

(e) One member who is a physician and surgeon licensed under the provisions of Chapter 5 (commencing with Section 2000) of

Division 2 of the Business and Professions Code and who has at least five years of experience in the practice of medicine in this state.

The three public members shall be appointed directly by the commission for a term of three years. The members provided for under subdivisions (b), (c), and (e) shall be appointed by the commission for a term of three years as follows:

Within 30 days after this section goes into effect, and thereafter within 30 days after any vacancy occurs, any organization, association, or institution whose members may be qualified to fill the vacancy or vacancies then existing may submit to the commission the names of persons qualified to represent it on said advisory council, from which such names the commission shall make its appointments.

No member shall be appointed to a position on the council for more than two consecutive full terms.

SEC. 23. Section 442.10 of the Health and Safety Code is amended to read:

442.10. The California Hospital Commission Fund is hereby renamed the California Health Facilities Commission Fund. For the purposes of funding such contracts of the commission as are authorized by the provisions of this part and for meeting the costs of the commission in carrying out its duties in the administration thereof, fees shall be collected by the commission as follows and shall be deposited in the California Health Facilities Commission Fund which is hereby established:

(a) The commission shall set, and charge to, and collect from all health facilities a special fee, which shall be due on July 1 and delinquent on July 31 of each year, of not more than 0.05 of 1 percent, with respect to skilled nursing facilities and intermediate care facilities, and not more than 0.02 of 1 percent, with respect to other health facilities, of the health facility's gross operating cost for the provision of health care services for its last fiscal year which ended on or before December 31 of the preceding calendar year. Each year the commission shall establish the fee to produce revenues equal to the appropriation for these purposes in the Budget Act for the current fiscal year.

(b) Any amounts raised by the collection of the special fees provided for by subdivision (a) which are not required to meet appropriations in the Budget Act for the current fiscal year shall be available to the commission in succeeding years, when appropriated by the Legislature, for expenditure under the provisions of this part and shall reduce the amount of such special fees which the commission is authorized to set and charge.

(c) No health facility against which the fees required by this section are charged shall be issued a license or have an existing license renewed unless the fees are paid. The commission may bring an action to enjoin the violation or threatened violation of this subdivision in the superior court in and for the county in which the violation occurred or is about to occur. Any proceeding under the provisions of this subdivision shall conform to the requirements of

Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except the commission shall not be required to allege facts necessary to show or tending to show lack of adequate remedy at law or to show or tending to show irreparable damage or loss.

SEC. 25. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act.

CHAPTER 1172

An act to amend and repeal Section 15518 of, and to amend Section 15516.5 of, the Education Code, relating to school buildings, and making an appropriation therefor.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 15516.5 of the Education Code is amended to read:

15516.5. Notwithstanding any other provision of this article or Article 9 (commencing with Section 19700.51) of Chapter 10 of Division 14, whenever a school district does not have funds available to repair, reconstruct, or replace the school buildings referred to in this article or Section 19700.605, the school district shall apply for such funds as may be necessary to accomplish such repair, reconstruction, or replacement pursuant to the provisions of Article 9. The school district shall also accept such funds as are disbursed to the district pursuant to Article 9, whether or not the funds constitute the maximum amount applied for, and shall repay such funds in accordance with the provisions of Article 9. In cases in which funds derived from a tax increase levied pursuant to Section 15518 are utilized to match amounts disbursed to a school district under an apportionment made pursuant to Article 9 (commencing with Section 19700.51) of Chapter 10 of Division 14, such disbursement and repayment may be made without the necessity of a vote of the

electorate of the district as prescribed in any provision of Chapter 10 (commencing with Section 19551) of Division 14.

SEC. 2. Section 15518 of the Education Code is amended to read:

15518. The governing board of a school district may undertake corrective measures relating to earthquake safety recommended to the governing board pursuant to Section 15503 in connection with any school building under the jurisdiction of the governing board without compliance with the procedures otherwise prescribed by Section 15505.

The maximum rate of tax of any school district for the fiscal years 1974–75 to 1976–77, inclusive, is hereby increased by such amount as will produce the amount necessary to have any school buildings examined as required by Section 15503 and to effect the corrective structural repairs, reconstruction or replacement relating to earthquake safety recommended pursuant to Section 15503, as shown by the budget of the district for such school year as finally adopted by the governing board of the district, less any unencumbered balances remaining at the end of the preceding school year derived from revenue from the increase in the rate of tax provided by this section. The funds provided by such increase in the tax rate may be used to provide for the housing of pupils temporarily displaced by the repair, reconstruction, or replacement of school buildings required in order to meet earthquake safety standards.

The increase provided by this section and Section 15517 shall not exceed a total increase of ten cents ($0.10) for each one hundred dollars ($100) of the assessed valuation of property within the district in each fiscal year, unless additional funds are specifically required by the district to match state funds provided pursuant to Article 9 (commencing with Section 19700.51) of Chapter 10, Division 14. If such additional funds are required by the district, the maximum increase in tax rate provided by this section may be increased by not to exceed an additional ten cents ($0.10) for each one hundred dollars ($100) of assessed valuation of property within the district in each fiscal year such additional funds are required pursuant to Article 9, prior to and including the 1973–74 fiscal year. Such additional tax money may be levied in the 1974–75 fiscal year only if the State Allocation Board has first approved an application of the district pursuant to Article 9. After the 1974–75 fiscal year, any district which has levied the entire twenty-cent ($0.20) amount permitted by this section in the preceding fiscal year and has deposited in the State School Building Fund of the district, the proceeds derived therefrom as matching funds in an application or applications under Article 9 may levy the same twenty-cent ($0.20) tax or so much thereof as is necessary for matching funds for an application or applications under Article 9 in any succeeding fiscal year, including, but not beyond, the 1976–77 fiscal year.

Any balance derived from the revenue of the increase in tax rate levied for matching purposes of Article 9, as herein provided, which is not expended under an application or applications approved

pursuant to Article 9 at the completion of the construction project and approval of final costs thereof by the State Allocation Board shall be applied as a repayment of any apportionment heretofore or hereafter outstanding against the district under the provisions of Article 9.

This section shall remain operative only until July 1, 1978, and as of such date is repealed. This section shall remain in effect until such date regardless of the repeal or expiration of Section 15517.

Notwithstanding the provisions of this section, the governing board shall comply with the provisions of Section 15505 whenever such compliance is necessary to continue the program of corrective structural repairs, reconstruction, or replacement required pursuant to the provisions of this article.

SEC. 3. It is the intent of the Legislature that this act shall become effective and operative only if Assembly Bill No. 2615 is chaptered and becomes effective before the effective date of this act. Therefore, this act shall become operative only if this bill and Assembly Bill No. 2615 are both chaptered and Assembly Bill No. 2615 is operative and takes effect before this bill.

SEC. 4. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency or school district for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by the provisions of Section 1 of this act.

CHAPTER 1173

An act to add Article 2.1 (commencing with Section 275) to Chapter 2 of Part 1 of Division 1 of the Health and Safety Code, relating to infant medical dispatch center, and making an appropriation therefor.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Article 2.1 (commencing with Section 275) is added to Chapter 2 of Part 1 of Division 1 of the Health and Safety Code, to read:

Article 2.1. Infant Medical Dispatch Centers

275. The Legislature finds that intensive care nurseries for at-risk infants are often at capacity. It further finds that serious delays can occur in placing critically ill newborn infants in intensive care nurseries due to calls being placed to many hospitals. Additionally,

valuable staff time is often taken by a capacity nursery in attempting to find another nursery with an available bed. It is further found that, due to the lack of a centralized dispatch system, at-risk infants are often not placed in the intensive care nursery nearest their homes.

Therefore, the Legislature finds that in order to protect the health of critically ill newborn children and to more efficiently utilize space and staff in intensive care nurseries it is necessary to establish 24-hour-a-day, year-round medical dispatch centers linking all hospitals providing obstetrical services with intensive care nurseries.

The Legislature, therefore, declares that it is necessary to provide developmental funds to initiate two such dispatch centers in the state. In so doing, the Legislature intends that such centers be provided state funds for initial development for a two-year period.

276. The department shall establish, beginning July 1, 1975, two dispatch centers, each to be located at a hospital containing an intensive care nursery that has been approved by the department.

276.5. One of the centers established pursuant to Section 276 shall be located to serve the region of the state north of the Tehachapi Mountains and one of the centers shall be located to serve the region south of the Tehachapi Mountains.

277. The centers shall locate bedspace for critically ill newborn infants nearest their homes, locate and dispatch transport for such infants and for appropriate medical personnel, advise the obstetrical nursery regarding maintenance care of the infant until transport is effected, and keep a daily record of the availability of bedspace in all intensive care nurseries.

Nothing in this article shall obligate the state for transport costs other than those already authorized by law.

278. Funds appropriated to carry out the purposes of this article shall be used for leasing or purchasing communication equipment or time; hiring, training, or contracting for personnel and administration of the centers; and providing a central standardized data base to obtain statistical information for evaluating the functions of the centers.

279. Public and private nonprofit health facilities, organizations, and educational institutions are eligible to receive center funds under this article.

280. The department shall submit to the Legislature an evaluation of the two centers on or before January 1, 1978.

SEC. 2. The sum of one hundred thirty-one thousand dollars ($131,000) is hereby appropriated from the General Fund to the State Department of Health for expenditure in the 1975–76 fiscal year for carrying out the purposes of Article 2.1 (commencing with Section 275) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code.

CHAPTER 1174

An act to amend Section 10955 of the Education Code, relating to attendance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1974. Filed with Secretary of State September 23, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 10955 of the Education Code is amended to read:

10955. No absence of a pupil from school:

(a) Due to his illness, or

(b) Due to quarantine under the direction of a county or city health officer, or

(c) For the purpose of having medical, dental, or optometrical services rendered, or

(e) For the purpose of jury duty in the manner provided for by law,

shall be deemed an absence in computing the attendance of a pupil.

"Immediate family," as used in this section, has the same meaning as that set forth in the last sentence of Section 13651.4 except that references therein to "employee" shall be deemed to be references to "pupil."

SEC. 2. This act is an urgency statute necessary for the the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The recent reduction of the age of majority to 18 years has, in cases where students 18 years of age and older are summoned for jury duty, given rise to a number of unforeseen and pressing legal, administrative, and fiscal problems for both the schools and such students. In order that such problems and the related inequities and dilemmas may be alleviated as soon as possible and prior to the termination of the current school year, it is necessary that this act take effect immediately.

CHAPTER 1175

An act to amend Sections 32121 and 32128 of the Health and Safety Code, relating to hospital districts.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974.]

The people of the State of California do enact as follows:

(g) To employ such officers and employees, including architects and consultants, as the board of directors deems necessary to carry on properly the business of the district.

(h) To prescribe the duties and powers of the hospital administrator, secretary and other officers and employees of any such hospitals; to determine the number of and appoint all such officers and employees, and to fix their compensation, which officers and employees shall hold their offices or positions at the pleasure of the boards.

CHAPTER 1176

An act relating to aviation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding subdivision (c) of Section 21684 of the Public Utilities Code, the sum of five thousand dollars ($5,000) shall be allocated immediately from the Aeronautics Account in the State Transportation Fund by the Department of Transportation to the City of Hollister and may be expended by the city for airport purposes in the 1974–75 fiscal year.

SEC. 2. The Legislature finds and declares that Section 1 of this act is necessary since the following special facts and circumstances applicable to the City of Hollister, and not generally applicable, make the accomplishment of this purpose impossible by any general law:

The annual allocation of two thousand five hundred dollars ($2,500) made to the city for airport purposes in the 1968–69 and 1969–70 fiscal years had been found by the city to have had no then present use and therefore had been designated for expenditure, with other funds, at a single time for runway resurfacing, which is due to be completed in the 1974–75 fiscal year. The runway resurfacing could not have been completed sooner than this time due to exigencies in its funding, and further losses of funding due to lapsation of funds will delay completion indefinitely.

The Legislature further finds and declares that this is the only such allocation of funds involved, that the purpose of this act is impossible to accomplish by any general law, and that special legislation applicable only to the City of Hollister is therefore necessary.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The City of Hollister is confronted with serious financial difficulties because of its inability to complete all of its airport reconstruction during the 1973–74 fiscal year. In order to enable the city to complete its reconstruction, with anticipated funding, as soon as possible after the commencement of the 1974–75 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 1177

An act to amend Sections 20028 and 20630 of the Government Code, relating to the Public Employees' Retirement System, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1974 Filed with Secretary of State September 23, 1974.]

The people of the State of California do enact as follows:

SECTION 1. Section 20028 of the Government Code is amended to read:

20028. "Additional contributions" means contributions made by members and their employers in addition to their normal contributions under Article 2 (commencing with Section 20630) of Chapter 5.

SEC. 2. Section 20630 of the Government Code is amended to read:

20630. Subject to rules prescribed by the board any member or any employer, other than the state, a school district, or a county superintendent of schools, on behalf of any group of miscellaneous members or any group of members designated by the employer as management employees may elect to make contributions in excess of the member's normal contributions, for the purpose of providing additional benefits. The exercise of this privilege by a member does not require his employer to make any additional contributions. An election by an employer to make such additional contributions shall continue in effect for such period as shall be specified in the election filed with the board and a member shall acquire no right by reason of his employment while such election is in effect to a continuation of such contributions beyond the period specified in the election. Upon application, the board shall furnish information concerning the nature and amount of additional benefits to be obtained from additional contributions. The board may by rule provide for refund of accumulated additional contributions to a member, provided, however, that a refund of additional contributions may be made to a member if an employer had made additional contributions on his behalf only as a part of a refund of accumulated contributions in accordance with this part.

Wherever in this part provision is made with respect to additional or accumulated additional contributions of a member such term shall include contributions made by an employer pursuant to this article.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the benefits of this act will be available for employer-employee agreements during the 1974–75 fiscal year, this act must take effect immediately.

No. 84518) which by mutual

agreement of the parties is necessary to meet the workload requirements of the state specified in IFB 73-03, Stephen P. Teale Consolidated Data Center; provided, that the contractor shall not be responsible for additional equipment which can be attributed to increased workload of the state or a change in specifications contained in IFB 73-03.

SEC. 4. Sections 2 and 3 of this act are not intended nor shall they be construed to add to or modify the obligations and rights of the parties to Contract CD6-20 (Department of General Services Log. No. 84518).
