(b) The title to the subdivision is to be held in trust under an agreement of trust acceptable to the commissioner until a proper release from such blanket encumbrance is obtained.

(c) A bond to the State of California is furnished to the commissioner for the benefit and protection of purchasers or lessees of such lots or parcels, in such amount and subject to such terms as may be approved by the commissioner, which shall provide for the return of the moneys paid or advanced by any purchaser or lessee, for or on account of the purchase or lease of any such lot or parcel if a proper release from such blanket encumbrance is not obtained; provided, however, that if it should be determined that such purchaser or lessee, by reason of default or otherwise, is not entitled to the return of such moneys, or any portion thereof, then such bond shall be exonerated to the extent of the amount of such moneys to which such purchaser or lessee is not entitled.

(d) There is conformance to such other alternative requirement or method which the commissioner may deem acceptable to carry into effect the intent and provisions of this part.

SEC. 4. Section 11013.4 of the Business and Professions Code is amended to read:

11013.4. If a subdivision is not subject to a blanket encumbrance, as defined in Section 11013, it shall be unlawful for the owner, subdivider, or agent to sell or lease lots or parcels within a subdivision unless one of the following conditions is complied with:

(a) The entire sum of money paid or advanced by the purchaser or lessee of any such lot or parcel, or such portion thereof as the commissioner shall determine is sufficient to protect the interest of the purchaser or lessee, shall be deposited into an escrow depository acceptable to the commissioner or into a trust account acceptable to the commissioner to be held in such escrow depository or trust account until the legal title or other interest contracted for, whether it be title of record or other interest, is delivered to such purchaser or lessee or until (1) either the owner, subdivider, or agent or the purchaser or lessee may default under their contract of sale or lease and a determination is made as to the disposition of such moneys; or

(2) the owner, subdivider, or agent orders the return of such moneys to such purchaser or lessee.

(b) A bond to the State of California is furnished to the commissioner for the benefit and protection of purchasers or lessees of such lots or parcels, in such amount and subject to such terms as may be approved by the commissioner, which shall provide for the return of the moneys paid or advanced by any purchaser or lessee, for or on account of the purchase or lease of any such lot or parcel in the event that the owner, subdivider, or agent does not, within the time specified in his contract to sell or lease, or any extension thereof, deliver the legal title or other interest contracted for, whether it be title of record, or other interest, to such purchaser or lessee for any reason other than an uncured default of such purchaser or lessee.

(c) An association, approved by the commissioner, files with the commissioner a certificate in which it certifies that the owner, subdivider, or agent is a member of such association and that there is on file with the commissioner a bond, of the kind specified in subdivision (b) of this section, which has been approved by the commissioner as to amount, terms and coverage, and which is for the benefit and protection of all purchasers and lessees of subdivided lots or parcels to be sold or leased by members of such association (all which the commissioner may, at his option, verify or require to be verified). The commissioner may also, from time to time, require an increase in the amount of such bond as a condition to the continued applicability of the provisions of this subdivision to such association and its members or permit a decrease in the amount thereof.

(d) Proof, satisfactory to the commissioner, is furnished: (1) that such bonds or deposits, as provided or contemplated to be filed or made pursuant to the provisions of Section 66493 and Chapter 5 (commencing with Section 66100) of Division 2 of Title 7 of the Government Code, have been filed or made in such amounts as the commissioner shall approve, or that the filing or making of such bonds or deposits are unnecessary; and (2) that a lien and completion bond or bonds, approved by the commissioner as to amount, terms and coverage and including within its scope all onsite construction work to be undertaken on such lots or parcels, has been written and issued by a corporate surety company authorized to do such business in this state; provided, however, that this subdivision shall apply only to an owner, subdivider, or agent who proposes to sell or lease such lots or parcels with improvements thereon in the nature of residential structures.

(e) The entire sums of moneys paid or advanced by the purchasers or lessees of such lots or parcels, or such portion thereof as the commissioner shall determine is sufficient to protect the interest of the purchaser or lessee, shall be deposited into an escrow depository or other agency, acceptable to the commissioner, to be held, in whole or in part, by such escrow depository or other agency as provided by subdivision (a) of this section, or, at the election of the owner, subdivider, or agent, to be disbursed, in whole or in part,

for the construction of residential or other structures to be built on such lots or parcels within said subdivision, or such unit or units thereof as the commissioner shall determine, in such manner and pursuant to such instructions as the commissioner shall approve; provided, however, that the provisions of this subdivision shall apply only to an owner, subdivider, or agent who proposes to sell or lease such lots or parcels with improvements thereon in the nature of residential structures.

(f) There is conformance to such other alternative requirement or method which the commissioner may deem acceptable to carry into effect the intent and provisions of this part.

SEC. 5. Section 11018.4 of the Business and Professions Code is repealed.

SEC. 6. Section 11018.6 of the Business and Professions Code is repealed.

SEC. 7. Section 11018.11 is added to the Business and Professions Code, to read:

11018.11. The commissioner shall not be a responsible agency for purposes of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code). Receipt by the commissioner of a copy of an environmental impact report or negative declaration prepared pursuant to the California Environmental Quality Act shall be conclusive evidence of compliance with such act for purposes of issuing a subdivision public report.

SEC. 8. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be because this act creates a new crime or infraction, changes the definition of a crime or infraction, or eliminates a crime or infraction. Furthermore, this act does not create any present or future obligation to reimburse any local agency or school district for any costs incurred because of this act.

## CHAPTER 1337

An act to amend Section 2246 of, and to add Sections 2219, 2219.5, and 2231.5 to, and to add Article 3.6 (commencing with Section 2256) to Chapter 3 of Part 4 of Division 1 of, the Revenue and Taxation Code, relating to state-mandated local programs.

[Approved by Governor September 30, 1980. Filed with  
Secretary of State September 30, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 2219 is added to the Revenue and Taxation Code, to read:

2219. "Cost savings authorized by the state" means any decreased costs which a local agency realizes as a result of any law enacted or executive order issued after January 1, 1981, which permits or requires the discontinuance of or a reduction in the level of service of an existing program which was mandated before January 1, 1973.

SEC. 2. Section 2219.5 is added to the Revenue and Taxation Code, to read:

2219.5. "Cost savings authorized by the state" means any decreased costs which a school district realizes as a result of any law enacted or executive order issued after January 1, 1981, which permits or requires the discontinuance of or a reduction in the level of service of an existing program which was mandated by a law enacted before January 1, 1973, or an executive order issued before January 1, 1978.

SEC. 3. Section 2231.5 is added to the Revenue and Taxation Code, to read:

2231.5. (a) The Legislature hereby finds and declares that the increasing revenue constraints on state and local government and the increasing costs of financing state-mandated local programs make evaluation of the cumulative effects of state-mandated local programs imperative. Accordingly, it is the intent of the Legislature to establish a method for regularly reviewing the costs of state-mandated local programs, by requiring the sunset of new mandates and evaluating the benefit of previously enacted mandates.

(b) No provision of law enacted by the Legislature after January 1, 1981, which created "costs mandated by the state" for which reimbursement is made pursuant to Section 2231, 2234, or 2253 shall be effective for more than six years after the operative date of such law, and each bill containing such provisions of law shall also include language repealing those provisions no more than six years after the operative date of those provisions. The Legislature, prior to the end of the six-year period, may enact a bill continuing such provisions of law and reimbursement. Such law may be continued for successive periods, but in no case shall it be continued for more than one six-year period at a time. This subdivision shall not apply to "costs mandated by the state" for which reimbursement is made pursuant to Section 2231, 2234, or 2253 if such reimbursement is to fund benefits for the State Teachers Retirement System or the Public Employees Retirement System.

(c) Prior to the end of each calendar year, commencing with 1981, the Department of Finance shall review all statutes which created "costs mandated by the state" for which reimbursement was made pursuant to Section 2231, 2234, or 2253 enacted in the fifth preceding year, except that the department's initial review shall also include all such statutes enacted in 1973, 1974, and 1975. The department shall report to the Legislature the amount of such reimbursements to local agencies and school districts for each fiscal year. This report may be incorporated in the department's annual Chaptered Bill Report on Local Mandates, required by Section 2246. The department may recommend that the Legislature continue or modify any provision of law reviewed pursuant to this subsection.

(d) The Legislative Analyst may review and report to the Legislature with regard to any statute or executive order which creates a state-mandated local program. The Legislative Analyst may recommend that the Legislature continue, eliminate, or modify any

provision of law reviewed pursuant to this subsection.

SEC. 4. Section 2246 of the Revenue and Taxation Code is amended to read:

2246. Before the end of each calendar year the Department of Finance shall review all statutes enacted during such calendar year which (1) contain provisions making inoperative Section 2229, 2230, 2231, or 2234 or (2) have resulted in costs or revenue losses mandated by the state which were not identified when the statute was enacted. Such review shall identify the costs or revenue losses involved in complying with the provisions of such statutes. The Department of Finance shall also review all statutes enacted in such calendar year which may result in cost savings authorized by the state. The Department of Finance shall submit to the Legislature an annual report of the review required by this section, together with such recommendations as it may deem appropriate.

SEC. 5. Article 3.6 (commencing with Section 2256) is added to Chapter 3 of Part 4 of Division 1 of the Revenue and Taxation Code, to read:

Article 3.6. Claims for Offsetting Local Savings Against State Reimbursements

2256. The State Board of Control shall hear and decide upon a claim by any state agency, that a local agency or school district has realized a cost savings authorized by the state as defined in Section 2219 or 2219.5.

Notwithstanding any other provision of law, this article shall provide the sole and exclusive procedure by which the State Board of Control shall hear and decide upon a claim that a local agency or school district has realized a cost savings authorized by the state.

For the purpose of hearing and deciding upon such claims, the membership of the State Board of Control shall consist of those members specified in Section 2251.

No claim shall be made to the State Board of Control pursuant to this article unless the cost savings identified by such claim exceeds two thousand five hundred dollars (\$2,500) per fiscal year.

Any state agency with the authority to audit the records of any local agency or school district may do so for the purpose of establishing that there were cost savings authorized by the state in excess of two thousand five hundred dollars (\$2,500) for which a claim may be filed with the State Board of Control.

2256.1. The State Board of Control shall adopt procedures for receiving claims pursuant to this article and for providing a hearing on such claims. Such procedures shall fall within the scope of subdivision (b) of Section 13920 of the Government Code, except that such procedures shall be adopted by a majority vote of the board membership prescribed by Section 2251. The hearing procedure shall provide for presentation of evidence by any state agency, by the affected local agency or school district, and by any other interested

parties. A vote of a majority of the board members shall be required to sustain a claim submitted pursuant to this article.

2256.2. Within 10 days after receipt of the first claim based upon each chaptered bill or executive order, the State Board of Control shall set a date for public hearing on such claim within a reasonable time. Such claims shall be submitted in a form prescribed by the board. After a hearing in which any state agency, the affected local agency or school district, and any other interested parties may participate, the board, if it determines a cost savings was authorized by the state, shall adopt parameters and guidelines for identifying all cost savings realized by local agencies or school districts relating to such bill or executive order. These parameters and guidelines shall provide for an offset between the cost savings authorized by the state and the reasonable costs of preparing the reports required by Section 2256.4. A local agency, school district, and the state may file a claim or request with the board to amend, modify, or supplement such parameters and guidelines. The board may, after due public notice and hearing, amend, modify, or supplement such parameters and guidelines.

2256.3. At least twice each calendar year, the State Board of Control shall submit to the Legislature a report on claims it has approved pursuant to the provisions of this article. Such report may be included in the report required by Section 2255. Language requiring the Controller to deduct 50 percent of the cost savings realized by each local agency or school district from the reimbursements for mandated costs made pursuant to Section 2231 shall, at the time of its introduction, be included in the local government claims bill required by Section 2255.

2256.4. (a) Each local agency or school district which submits a claim pursuant to the provisions of Section 2231 shall submit a report on the amount of cost savings authorized by the state which it realized in the preceding fiscal year. Such report shall be submitted by the deadline for filing claims specified in paragraph (2) of subdivision (d) of Section 2231.

(b) Subsequent to the enactment of a local government claims bill requiring the Controller to deduct cost savings realized by local agencies or school districts pursuant to a specific law or executive order, the Controller shall distribute the parameters and guidelines for reporting cost savings to all local agencies and school districts.

(c) The Controller shall reduce the payments to each local agency or school district for "costs mandated by the state made pursuant to Section 2231" by 50 percent of the amount of "cost savings authorized by the state" realized by such local agency or school district in the preceding fiscal year. The first fiscal year for which the Controller shall reduce such payments shall be the fiscal year during which the local government claims bill requiring such deduction is enacted. The Controller shall not reduce any payment unless the cost savings authorized by the state and realized by a local agency or school district exceeds two hundred dollars (\$200).

(d) No claim for mandated costs shall be paid by the Controller unless the local agency or school district which submitted the claim has also submitted all savings reports required by this section or a certification that such local agency or school district did not realize any savings which exceed two hundred dollars (\$200).

2256.5. A school district, local agency, or the state may commence a proceeding in accordance with the provisions of Section 1094.5 of the Code of Civil Procedure to set aside a decision of the State Board of Control on the grounds that the board's decision is not supported by substantial evidence. The court may order the board to hold another hearing regarding such claim and may direct the board on what basis the claim is to receive a rehearing.

The holder of this certificate is authorized to teach students whose native language is other than English.

The Commission for Teacher Preparation and Licensing shall require institutions of higher education to use the same rigorous assessment procedures as the assessor agencies prior to being eligible to recommend individuals for the certificate of bilingual-crosscultural competence.

In order to ensure reliability, validity, and objectivity of assessment, the Commission for Teacher Preparation and Licensing shall develop by July 1, 1981, uniform standards and procedures for assessing bilingual-crosscultural competence as described in subdivisions (a), (b), and (c), and, to the maximum extent feasible, shall adopt standardized assessment instruments for Spanish and Cantonese.

SEC. 3.5. Section 52015 of the Education Code is amended to read:

(c) A staff development program for teachers, other school personnel, paraprofessionals, and volunteers as provided in Section 52019.

(g) Ongoing evaluation and modification of the school improvement plan by the council based on information regarding:

(1) The degree to which the school is meeting its improvement objectives as assessed by parents, teachers, other school personnel, and pupils.

(2) Student achievement.

(3) Improved school environment as measured by indicators such as (A) the incidence among pupils of absenteeism, suspension, expulsion, and dropouts and the incidence and costs of school violence, vandalism, and theft of school or private property while participating in school activities, (B) pupil attitudes toward school, self, and others, (C) incidence of absenteeism, resignations and requests for transfers among teachers and other school personnel, and (D) satisfaction of teachers, pupils, parents, administrators, and other school personnel with school services and decisionmaking processes.

SEC. 4. Section 52047 of the Education Code is repealed.

SEC. 5. Section 52161 of the Education Code is amended to read:

52161. The Legislature finds that there are more than 288,000 school age children who are limited English proficient and who do not have the English language skills necessary to benefit from instruction only in English at a level substantially equivalent to pupils whose primary language is English. Their lack of English language

communication skills presents an obstacle to such pupils' right to an equal educational opportunity which can be removed by instruction and training in the pupils' primary languages while such pupils are learning English. The Legislature recognizes that the school dropout rate is excessive among pupils of limited English proficiency. This represents a tremendous loss in human resources and in potential personal income and tax revenues. Furthermore, high rates of joblessness among these dropouts contribute to the unemployment burden of the state.

The Legislature recognizes that a critical need exists for teaching and administrative personnel qualified in the bilingual and crosscultural skills necessary to the instruction of the limited-English-proficient population in the state's school districts. Therefore, the Legislature directs school districts to provide for in-service programs to qualify existing and future personnel in the bilingual and crosscultural skills necessary to serve the pupils of limited English proficiency of this state. Furthermore, the Legislature intends that the public institutions of higher education establish programs to qualify teachers and administrators in the bilingual and crosscultural skills necessary to serve these pupils.

The Legislature finds and declares that the primary goal of all programs under this article is, as effectively and efficiently as possible, to develop in each child fluency in English. The programs shall also provide positive reinforcement of the self-image of participating pupils, promote crosscultural understanding, and provide equal opportunity for academic achievement, including, when necessary, academic instruction through the primary language.

It is the purpose of this article to require California school districts to offer bilingual learning opportunities to each pupil of limited English proficiency enrolled in the public schools, and to provide adequate supplemental financial support to achieve such purpose. Insofar as the individual pupil is concerned, participation in bilingual programs is voluntary on the part of the parent or guardian.

SEC. 6. Section 52162 of the Education Code is amended to read: 52162. The State Board of Education shall adopt such rules and regulations as are necessary for the effective administration of this article.

SEC. 7. Section 52163 of the Education Code is amended to read: 52163. Unless the context otherwise requires, the definitions set forth in this section shall govern the construction of this article.

(a) "Basic bilingual education" is a system of instruction which builds upon the language skills of the pupil and which consists of, but is not limited to, all of the following:

(1) A structured English language development component with daily instruction leading to the acquisition of English language proficiency, including English reading and writing skills.

(2) A structured primary language component with daily basic skills instruction in the primary language for the purpose of

sustaining achievement in basic subject areas until the transfer to English is made.

As the pupil develops English language skills, the amount of instruction offered through English shall increase.

(b) "Bilingual-bicultural education" is a system of instruction which uses two languages, one of which is English, as a means of instruction. It is a means of instruction which builds upon and expands the existing language skills of each participating pupil, which will enable the pupil to achieve competency in both languages.

This instruction shall include all of the following:

(1) Daily instruction in English language development which shall include:

(A) Listening and speaking skills.

(B) Reading and writing skills; formal instruction in reading and writing of English shall be introduced when appropriate criteria are met.

(2) Language development in the pupil's primary language, including oral and literacy skills.

(3) Reading in the pupil's primary language.

(4) Selected subjects taught in the pupil's primary language.

(5) Development of an understanding of the history and culture of California and the United States, as well as an understanding of customs and values of the cultures associated with the languages being taught.

(c) (1) "Experimental bilingual programs" are:

(A) Innovative programs which are consistent with the provisions of this article, including, but not limited to, the requirements for bilingual teaching personnel pursuant to Section 52165, and the requirements for English language and primary language development pursuant to this section. Such programs may include new management approaches, greater emphasis on team teaching, or other appropriate improvements which expand the learning opportunities of pupils of limited English proficiency. Unless waivers of code sections are required, the board need not approve such projects. A description of each such innovative program shall be included with the consolidated application for program funding and an annual evaluation of such programs shall be included in the multiple-funded program evaluation required pursuant to Section 33403.

(B) Planned variation programs for the purpose of comparing and improving language development programs for pupils of limited English proficiency. The primary focus shall be on appropriate instruction for pupils of limited English proficiency whose English skills are superior to their skills in their primary language. Such program shall be authorized by the board in up to 150 classrooms in districts which are representative of the state both geographically and by size. Not more than 15 such classrooms shall be approved in any one district. Such programs shall not result in segregation. For

districts proposing a planned variation program, the staffing requirements of Section 52165 may be partially or totally waived by the board provided that the district has an inadequate number of certified bilingual teachers, that certified bilingual teachers are not replaced, that present level of effort is not reduced, and that the proposed language development program is appropriate. For each participating classroom there shall be another similar classroom in the district which has fully implemented and is in compliance with the other provisions of this article.

(2) Initial guidelines, criteria, and procedures for experimental programs shall be developed by the department not later than March 1, 1981. Proposals for planned variation programs shall include, but need not be limited to:

(A) A clear statement of the purposes, goals, and objectives for planned variation programs and projected outcomes.

(B) A delineated management, staffing, and instructional plan.

(C) Pupil identification, diagnosis, and assessment procedures.

(D) Evidence of qualified bilingual and other instructional staff with demonstrated competence in language development, bicultural or multicultural knowledge of participating pupils, and instructional methodologies.

(E) Documented parent and community participation and support.

(F) Use of state and federal funding, where applicable.

(G) Evaluation component which controls for instructional treatments, instructional engaged time, staffing, pupil language characteristics, achievement, attendance, and related data.

(3) The department shall include in its annual report to the Legislature submitted pursuant to Sections 33405 and 52171.6 the number and nature of experimental bilingual and planned variation programs and progress of participating pupils.

(4) Nothing contained in this subdivision shall be construed to permit the operation of experimental bilingual and planned variation programs contrary to the purposes or intent of this article and other state or federal statutes and regulations promulgated for and on behalf of pupils of limited English proficiency. The primary goal of all such programs shall be to teach the pupil English.

(d) "Secondary level language learning program" is a program which provides (1) a prescriptive English language program that systematically develops a pupil's listening and speaking skills, knowledge of linguistic and grammatical structure leading to proficiency in reading and writing English, (2) primary language instructional support to sustain academic achievement in content subject areas required for high school graduation. The prescriptive English language program shall be based on the diagnosis of a pupil's language skills pursuant to Sections 52164 and 52164.1 and shall be conducted as an integral instructional program of English curriculum for not less than one full period a day for the purpose of providing pupils with minimum English language competencies

pursuant to subdivision (e). The primary goal of such programs shall be to teach pupils English.

(e) "Secondary level individual learning program" is an individualized systematic program of instruction which meets the needs of limited-English-proficient pupils and builds upon their language skills in order to develop proficiency in English. This program shall be offered in a manner consistent with the United States Supreme Court decision in *Lau vs. Nichols* (414 U.S. 563), the Equal Education Opportunities Act of 1974 (20 U.S.C. Sec. 1701 et seq.) and federal regulations promulgated pursuant to such court decisions and federal statutes. The primary goal of all such programs shall be to teach the pupil English.

(f) "Elementary level individual learning program" is any program of instruction for a pupil of limited English proficiency in which any one of the three program options described in subdivision (a), (b), or (c) is individualized to meet the needs of the pupil of limited English proficiency and is offered in a manner consistent with the requirements of this article. Such instruction shall be offered in a manner consistent with the United States Supreme Court decision in *Lau v. Nichols* (414 U.S. 563), the Equal Educational Opportunities Act of 1974 (20 U.S.C. Sec. 1701 et seq.), and federal regulations promulgated pursuant to such court decisions and federal statutes. The primary goal of all such programs shall be to teach the pupil English.

(g) "Primary language" is a language other than English which is the language the pupil first learned or the language which is spoken in the pupil's home.

(h) "Bilingual-crosscultural teacher" means a person who (1) holds a valid, regular California teaching credential and (2) holds either a bilingual-crosscultural certificate of proficiency or other credential in bilingual education authorized by the Commission for Teacher Preparation and Licensing or a bilingual-crosscultural specialist credential. Such a person shall be fluent in the primary language and familiar with the cultural heritage of limited-English-proficiency pupils in the bilingual classes he or she conducts. Such a person shall have a professional demonstrated working knowledge of the methodologies which are necessary to educate effectively those pupils.

(i) "Bilingual-crosscultural teacher aide" means an aide fluent in both English and the primary language of the pupil or pupils of limited English proficiency in a bilingual-bicultural program. Such an aide shall be familiar with the cultural heritage of pupils of limited English proficiency in the bilingual classes to which he or she is assigned.

(j) "Board" means the State Board of Education.

(k) "Superintendent" means the Superintendent of Public Instruction.

(l) "Basic skills" means language arts, including, but not limited to, reading and writing, and mathematics.

(m) "Pupils of limited English proficiency" are pupils who do not have the clearly developed English language skills of comprehension, speaking, reading, and writing necessary to receive instruction only in English at a level substantially equivalent to pupils of the same age or grade whose primary language is English. The determination of which pupils are pupils of limited English proficiency shall be made in accordance with the procedures specified in Sections 52164 and 52164.1. Pupils who have no proficiency in their primary language are not included within this definition.

(n) "Pupils of fluent English proficiency" are pupils whose English proficiency is comparable to that of the majority of pupils, of the same age or grade, whose primary language is English.

(o) "Department" means the Department of Education.

SEC. 8. Section 52163.5 is added to the Education Code, to read:

52163.5. Each of the program options defined in subdivision (a), (b), (c), (d), (e), or (f) of Section 52163 shall include structured activities which promote the pupil's positive self-image and crosscultural understanding.

The Legislature recognizes that language development is a continuum and that pupils in the same classroom may have varying levels of English and primary language skills. The individualized instruction for each pupil, pursuant to all of the program options, shall be based on a continuing evaluation of the pupil's progress by the classroom teacher, and by others, as appropriate. An English development component is required for all participating pupils. Pupils with greater strength in their primary language shall receive instruction in academic subjects through the primary language as long as such instruction is needed to sustain academic achievement. As pupils develop the skills which allow them to learn more effectively in English, more of their instruction shall be through the English language. A primary language component shall be provided as specified in subdivision (a), (b), (c), (d), (e), or (f) of Section 52163, but shall be less extensive as the pupil progresses into English.

SEC. 9. Section 52163.6 is added to the Education Code, to read:

52163.6. The Legislature recognizes that for many languages there is a shortage of primary language textbooks, curriculum, teacher training programs, and bilingual personnel. The requirement for reading in the primary language may be waived by the board if the district documents the lack of available materials, personnel, and training programs. The department shall maintain a list of available curriculum materials and teacher training programs in all appropriate languages, to verify the waiver requests. The waiver is renewable yearly. Each waiver request shall be signed by the chairperson of the district bilingual committee. The waiver does not eliminate the requirement for primary oral language development.

SEC. 10. Section 52164 of the Education Code is amended to read:  
52164. Each school district shall ascertain not later than the first

day of March of each year, under regulations prescribed by the State Board of Education, the total number of pupils of limited English proficiency within the district, and shall classify them according to their primary language, age, and grade level. This count shall be known as the "census of pupils of limited English proficiency" and shall consist of a determination of the primary language of each pupil enrolled in the school district and an assessment of the language skills of all pupils whose primary language is other than English.

The census shall be taken by individual, actual count, and not by estimates or samplings. All pupils of limited English proficiency, including migrant and special education pupils, shall be counted. Special language assessment instruments, designated by the superintendent and in compliance with the requirements of subdivision (j) of Section 56001, may be used for special education pupils. The results of this census shall be reported to the Department of Education not later than the 30th day of April of each year. The previous census shall be updated to include new enrollees and to eliminate pupils who are no longer pupils of limited English proficiency and pupils who no longer attend school in the district, and shall be reported pursuant to Section 52164.1. Census data gathered in one school year shall be used to plan the number of bilingual classrooms to be established in the following school year.

SEC. 11. Section 52164.1 of the Education Code is amended to read:

52164.1. The superintendent, with the approval of the State Board of Education, shall prescribe census-taking methods, applicable to all school districts in the state, which shall include, but need not be limited to, the following:

(a) A determination of the primary language of each pupil enrolled in the school district. The primary language of new pupils shall be determined as they enroll. Once determined, the primary language need not be redetermined unless the parent or guardian claims there is an error. Home language determinations are required only once, unless the results are disputed by a parent or guardian.

(b) An assessment of the language skills of all pupils whose primary language is other than English. All the skills listed in subdivision (m) of Section 52163 shall be assessed, except that reading and writing skills need not be assessed for pupils in kindergarten and grades 1 and 2. For those pupils who, on the basis of oral language proficiency alone, are clearly limited English proficient, assessment of reading and writing skills shall be necessary only to the extent required by subdivision (c). This assessment, which shall be made as pupils enroll in the district, shall determine whether such pupils are fluent in English or are of limited English proficiency.

(c) For those pupils identified as being of limited English proficiency, a further assessment shall be made to determine the pupil's primary language proficiency, including speaking, comprehension, reading, and writing, to the extent assessment

instruments are available. Parallel forms of the instruments used to determine English proficiency shall be used, if available. The results of the parallel assessment shall determine the extent and sequence in which English and the primary language will be used in the instruction of basic skills.

A diagnostic assessment in the language designated for basic skills instruction measuring speaking, comprehension, reading, and writing, shall be administered for instructional use at the district level. Such diagnostic assessment shall be updated as necessary to provide a curriculum meeting the individual needs of each pupil of limited English proficiency.

If the assessment conducted pursuant to this subdivision indicates that the pupil has no proficiency in the primary language, further assessment of the pupil's primary language skills including consultation with the pupil's parents or guardians, the classroom teacher, the pupil, or others who are familiar with the pupil's language ability in various environments shall be conducted. If this detailed assessment indicates that the pupil has no proficiency in his or her primary language, then the pupil is not entitled to the protection of this article.

The diagnostic assessment process shall be completed within 90 days after the date of the pupil's initial enrollment and shall be performed in accordance with rules and regulations adopted by the board.

The parent or guardian of the pupil shall be notified of the results of the assessment. The Department of Education shall conduct an equivalency study of all language proficiency tests designated for the identification of pupils of limited English proficiency to insure uniformity of language classifications and to insure the reliability and validity of such tests. Tests, materials, and procedures to determine proficiency shall be selected to meet psychometric standards and administered so as not to be racially, culturally, or sexually discriminatory.

The Department of Education shall annually evaluate the adequacy of and designate the instruments to be used by school districts, and such instruments shall be available by March 15 of each year.

The assessments shall be conducted by persons who speak and understand English and the primary language of the pupils assessed, who are adequately trained and prepared to evaluate cultural and ethnic factors, and who shall follow procedures formulated by the superintendent to determine which pupils are pupils of limited English proficiency, as defined in subdivision (m) of Section 52163. A school district may require that the assessment be conducted by persons who hold a valid, regular California teaching credential and who meet the other qualifications specified in this paragraph. The superintendent may waive the requirement that the assessment be conducted by persons who can speak and understand the pupil's primary language where the primary language is spoken by a small

number of pupils and the district certifies that it is unable to comply. This certification shall be accompanied by a statement from the district superintendent that the chairperson of the district advisory committee on bilingual education has been consulted and was unable to assist in the effort to locate appropriate individuals to administer the assessment.

Any district may elect to follow federal census requirements provided that the language skills described in subdivision (m) of Section 52163 are assessed, and provided that such procedures are consistent with Section 52164, the district shall be exempt from the state census procedures described in subdivisions (a) and (b).

SEC. 12. Section 52164.2 of the Education Code is amended to read:

52164.2. The Department of Education shall review the results of the census each year. Where the information provided by a school district appears to be inaccurate or where parents, teachers, or counselors file a formal written complaint that the census is inaccurate, the department shall audit the district's census. Where the department concludes that the census has been incorrectly taken, or the results appear to be inaccurate, the department shall require another census to be taken and the corrected information to be provided.

SEC. 13. Section 52164.3 of the Education Code is amended to read:

52164.3. (a) Each school district shall reassess pupils whose primary language is other than English, whether they are designated as limited English proficient, or fluent English proficient, when a parent or guardian, teacher, or school site administrator claims that there is a reasonable doubt about the accuracy of the pupil's designation.

(b) In all cases of reassessment, the parent or guardian of the pupil shall be notified of the result. This notice shall be given orally when school personnel have reason to think that a written notice will not be understood.

SEC. 14. Section 52164.4 of the Education Code is amended to read:

52164.4. If a previously untested pupil enrolling in a school for the first time speaks a language other than English in the home, such pupil shall be enrolled as a pupil of limited English proficiency in a bilingual program pursuant to subdivision (a), (b), (c), (e), or (f) of Section 52163 at least until that child has been assessed pursuant to Section 52164.

SEC. 15. Section 52164.5 of the Education Code is amended to read:

52164.5. Pertinent information from the assessment of language skills for each pupil whose primary language is other than English shall be retained by the school district as long as the pupil is enrolled in the district. Each school district shall report annually to the Department of Education, and the department shall report to the

State Board of Education, the number of pupils (1) whose primary language is other than English; (2) who are of limited English proficiency; (3) whose primary language is other than English who are enrolled in classes defined in subdivision (a), (b), (c), (d), (e) or (f) of Section 52163; (4) the number of such pupils who have become bilingual and literate in English and in their primary language, as appropriate; and (5) the number of such pupils who have met the language reclassification criteria for exit criteria pursuant to Section 52164.6.

SEC. 16. Section 52164.6 is added to the Education Code, to read:

52164.6. Reclassification criteria shall be established by each school district in which pupils of limited English proficiency are enrolled. The criteria shall determine when pupils of limited English proficiency have developed the English language skills necessary to succeed in an English-only classroom. The reclassification process shall, at a minimum, utilize multiple criteria, including, but not limited to, all of the following:

(a) Teacher evaluation, including a review of the pupil's curriculum mastery.

(b) Objective assessment of language proficiency and reading and writing skills.

(c) Parental opinion and consultation.

(d) An empirically established range of performance in basic skills, based on nonminority English-proficient pupils of the same grade and age, which demonstrates that the pupil is sufficiently proficient in English to succeed in an English-only classroom.

The board shall, no later than April 1, 1981, adopt regulations setting forth standards for language reclassification criteria to be adopted by school districts. The board's regulations shall, at a minimum, prescribe a reclassification process which shall utilize multiple criteria as required by this section.

The superintendent shall, by May 1, 1981, prepare and distribute to each school district in which pupils of limited English proficiency are enrolled, background material and guidelines for language reclassification criteria to be adopted by school districts.

Each school district shall, in following the board's regulations, no later than September 1, 1981, establish criteria for determining when pupils of limited English proficiency enrolled in programs defined in Section 52163 have developed the English language skills of comprehension, speaking, reading, and writing necessary to succeed in an English-only instructional setting.

SEC. 17. Section 52165 of the Education Code is amended to read:

52165. Each pupil of limited English proficiency enrolled in the California public school system in kindergarten through grade 12 shall receive instruction in a language understandable to the pupil which recognizes the pupil's primary language and teaches the pupil English.

(a) In kindergarten through grade 6;

(1) Whenever the language census indicates that any school of a

school district has 10 or more pupils of limited English proficiency with the same primary language in the same grade level or 10 or more pupils of limited English proficiency with the same primary language, in the same age group, in a multigrade or ungraded instructional environment, the school district shall offer instruction pursuant to subdivision (a), (b), or (c) of Section 52163 for such pupils at the school. Whenever there are pupils of limited English proficiency with different primary languages who do not otherwise trigger the program requirements of subdivision (a), (b), or (c) of Section 52163 or of this subdivision, a language development specialist defined in subdivision (b) may be used.

(2) Commencing September 1, 1981, and to the extent state or federal categorical funds are available, the following services are required for pupils of limited English proficiency in concentrations of fewer than 10 per grade level: When there are fewer than 10 pupils of limited English proficiency in the same grade, but at least 20 such pupils in the school with the same primary language, the school district shall provide at least one certified bilingual-crosscultural teacher or teachers on waiver as defined in Section 52178 or 52178.5 and an individualized instruction program as defined in subdivision (f) of Section 52163 for such pupils at the school. If the number of pupils of limited English proficiency in the school exceeds 45, the district shall provide two such teachers. These teachers may be used as resource teachers, team teachers or to provide such other services to pupils of limited English proficiency as the district deems appropriate. These teachers shall be different teachers than those required pursuant to paragraph (1).

(b) The Legislature recognizes that in the past equal educational opportunities have not been fully available to secondary pupils of limited English proficiency. It is the intent of the Legislature to encourage school districts to offer a language learning program pursuant to subdivision (d) of Section 52163. Certified bilingual-crosscultural teachers or, if no such teachers are available, language development specialists assisted by a bilingual aide shall be qualified to provide instruction for such programs. Language development specialists shall be formally trained and competent in the field of English language learning, including second language acquisition and development, structure of modern English, and basic principles of linguistics, and shall meet the culture and methodology competencies established by subdivisions (b) and (c) of Section 44253.5. The Commission for Teacher Preparation and Licensing shall provide for the assessment of language competencies specified herein and shall modify existing culture and methodology competency for language development specialist to insure that they meet the crosscultural and instructional methodologies for pupils being served by such teachers. A teachers of english to speakers of other languages certificate from a commission approved teacher training institution of higher education which meets the criteria established by the commission pursuant to Section 44253.5 shall be

accepted in lieu of the methodology requirement.

(c) In kindergarten and grades 1 through 12 pupils of limited English proficiency who are not enrolled in a program described in subdivision (a), (b), (c), or (d) of Section 52163, shall be individually evaluated and shall receive educational services defined in subdivision (e) or (f), as appropriate, of Section 52163. Such services shall be provided in consultation with the pupil and the parent, parents, or guardian of the pupil.

(d) As a part of its consolidated application for categorical program funds, each district receiving such funds shall include a specific plan indicating the ways in which the individual learning plans will meet the needs of pupils of limited English proficiency. The plan shall describe all of the following: (1) Procedures used in making the individual evaluation. (2) The pupils' levels of English and primary language proficiency and levels of educational performance. (3) Instructional objectives and scope of educational services to be provided. (4) Periodic evaluation procedures, using objective criteria, to determine whether the instructional objectives are being met.

SEC. 18. Section 52166 of the Education Code is amended to read:

52166. All teachers and aides providing instruction in programs established pursuant to subdivision (a), (b), or, unless waived by the board, (c) of Section 52163, shall meet the criteria of subdivision (h) or (i) of Section 52163. In the event a school operates an individualized program described in subdivision (e) or (f) of Section 52163, such a district which receives categorical aid funds to meet the needs of pupils of limited English proficiency shall certify to the board that sufficient teachers and aides meeting the criteria of subdivision (h) or (i) of Section 52163, as appropriate, are available to the school to ensure that all pupils of limited English proficiency have instructional opportunities in both English and their primary language to meet the intent of this chapter. Other instructional personnel who are not bilingual-crosscultural as defined in subdivisions (h) and (i) of Section 52163 may provide instructional and educational services to pupils enrolled in programs established pursuant to subdivision (a), (b), or (c) of Section 52163 if the principal teachers and aides providing instruction in such programs meet the criteria established in subdivisions (h), unless waived by the board pursuant to subparagraph (B) of paragraph (1) of subdivision (c) of Section 52163, and (i) of Section 52163.

In the development of teacher evaluation procedures pursuant to Article 11 (commencing with Section 44660) of Chapter 1 of Part 25, the governing board of each school district may ensure that a teacher meeting the criteria of subdivision (h) of Section 52163 is evaluated on the basis of his or her classroom performance by an onsite administrator upon the advice of another person meeting the criteria of subdivision (h) of Section 52163.

SEC. 19. Section 52167 of the Education Code is amended to read:

52167. In classes established pursuant to subdivision (a), (b), or

(c) of Section 52165, not more than two-thirds nor less than one-third of the pupils shall be pupils of limited English proficiency. The remaining proportion of pupils in such class shall be pupils of fluent English proficiency. However, where there is documented evidence that these proportions cannot be met, the classroom proportions shall, at a minimum, reflect the proportion of the language proficiency classification for the particular grade level in the school and shall not result in segregation. Fluent-English-proficient pupils shall receive basic skills instruction in English and, to the extent possible, be achieving at the district norm.

In no event shall the primary purpose of the program be to teach a foreign language to English-speaking pupils.

The board shall adopt any necessary regulations governing this section within 90 days after January 1, 1981.

SEC. 20. Section 52168 of the Education Code is amended to read:

52168. (a) The superintendent shall ensure that funds appropriated for purposes of this article supplement and do not supplant categorical funds allocated from other local or state sources in meeting the needs of pupils of limited English proficiency.

Categorical aid funds used for the purposes of Section 52165 shall not exceed, on a per pupil basis, the maximum allowance established pursuant to subdivision (b) of Section 54004.5 and regulations implementing that section. Categorical funds used for the purposes of Section 52165 shall include all state and local categorical aid funds which are wholly or partially allocated on the basis of the educational needs of limited-English-proficient pupils.

(b) School districts may claim funds appropriated for purposes of this article for expenditures in, but not limited to, the following categories:

(1) The employment of bilingual-crosscultural teachers and aides; however, funds are available for employment expenditures only to the extent such personnel are employed in providing bilingual services to eligible pupils. School districts applying for these funds shall submit an assurance that personnel hired for this program only supplement and do not supplant district personnel whose positions are funded by the district general fund.

(2) The purchase and development of special bilingual-bicultural teaching materials.

(3) The costs of special in-service training to develop bilingual-crosscultural instructional skills with preference given to teachers and teacher aides employed as part of the bilingual-bicultural program.

The multiple-funded program evaluation shall include:

(1) Summary of district reports submitted pursuant to subdivision (a) of Section 52170 on the number of identified pupils of limited English proficiency, funds from all sources available for programs to meet the needs of those identified pupils, and the numbers of identified pupils who are not being provided with services pursuant to subdivision (a), (b), (c), (d), (e), or (f) of Section 52163.

However, in no case shall a school district dismiss a fully certificated teacher, who previously taught in the bilingual-bicultural program pursuant to a waiver granted under Section 52178, solely on the basis that such waiver has expired. Even if such person is unable to qualify for a bilingual credential or a bilingual-crosscultural certificate of competence, he or she shall retain his or her status, seniority, and rights as a probationary or permanent employee, as the case may be, for the purpose of serving as a monolingual teacher in other programs offered by the school district.

SEC. 28. Section 52173 of the Education Code is amended to read:

52173. (a) Prior to the enrollment of any pupils in any program authorized pursuant to subdivision (a), (b), (c), or (d) of Section 52163, parents or guardians of pupils of all potential participants shall be provided the opportunity for consultation about the placement of their child or ward in such a program. To achieve this purpose, the governing board of the school district in which the pupil resides shall notify by mail or in person the parent, parents, or guardian of the pupil of the fact that their child or ward will be enrolled in a program of bilingual education. The notice shall: (1) contain a simple, nontechnical description of the purposes, method, and content of the program in which their child or ward will be enrolled; (2) inform the parent, parents, or guardian that the parent, parents, or guardian have the right and are encouraged to visit such classes in which their child or ward will be enrolled and to come to the school for a

conference to explain the nature and objectives of such education; (3) further inform the parent, parents, or guardian that they have the right, if they so wish, not to have their child or ward enrolled in such an education program; (4) inform the parent, parents, or guardian that they have the opportunity to participate in the school or school district advisory committee, or both. The written notice shall be in English and in the primary language of the pupil.

(b) Any parent or guardian whose child or ward has been or will be enrolled in programs authorized pursuant to subdivision (a), (b), (c), or (d) of Section 52163 shall have the right, either at the time of the original notification of enrollment or at the close of any semester thereafter, to withdraw his or her child or ward from the program, by written notice to the principal of the school in which his or her child or ward is enrolled.

SEC. 29. Section 52174 of the Education Code is repealed.

SEC. 30. Section 52174 is added to the Education Code, to read:

52175. SEC. 32. Section 52176 of the Education Code is amended to read:

52176. (a) Each school district with more than 50 pupils of limited English proficiency shall establish a districtwide advisory committee on bilingual education. Parents or guardians, or both, of pupils of limited English proficiency who are not employed by the district shall constitute a majority of the committee, unless the district designates for this purpose an existing districtwide advisory committee on which parents or guardians, or both, of pupils of limited English proficiency have membership in at least the same percentage as their children and wards represent of the total number of pupils in the district, provided that a subcommittee on bilingual-bicultural education on which parents or guardians, or both, of pupils of limited English proficiency constitute a majority is established. The district advisory committee and subcommittee, if applicable, shall be responsible for at least six specific tasks. These tasks shall be to advise the district governing board regarding all of the following:

(1) Establishment of a timetable for development of a district master plan for bilingual education.

(2) Districtwide needs assessment on a school-by-school basis.

(3) Establishment of district program goals and objectives in bilingual education.

(4) A plan to ensure district compliance with the provisions of Section 52178.

(5) Administration of the annual language census.

(b) Each school with more than 20 pupils of limited English proficiency shall establish a school level advisory committee on which parents or guardians, or both, of such pupils constitute membership in at least the same percentage as their children and wards represent of the total number of pupils in the school. The school may designate for this purpose an existing school level advisory committee, or subcommittee of such an advisory committee, if the advisory committee, or subcommittee where appropriate, meets the criteria stated above.

(c) Each school advisory committee maintained pursuant to this section shall be responsible for advising the principal and staff in the development of a detailed master plan for bilingual education for the individual school and submitting the plan to the governing board for consideration for inclusion in the district master plan. It shall also be responsible for assisting in the development of the school needs assessment, language census, and ways to make parents aware of the importance of regular school attendance.

The Department of Education shall develop guidelines for the selection of advisory committees established or maintained pursuant to this section by May 1, 1981.

SEC. 33. Section 52177 of the Education Code is amended to read:

52177. (a) Out of funds appropriated for such purposes, the superintendent shall administer the provisions of this article. The responsibilities of the superintendent in administering this article shall include, but are not limited to, ensuring that:

(1) Sufficient bilingual personnel are available within the Department of Education with familiarity, competency, and proficiency in bilingual-crosscultural instruction to meet the needs of this article and to administer, review, monitor, and evaluate the use of state or federal categorical aid funds allocated to local districts which have been wholly or partially allocated on the basis of the educational needs of pupils of limited English proficiency.

(2) Department of Education personnel responsible for the administration, review, monitoring, or evaluation of programs operating pursuant to this article have been sufficiently trained to carry out the intent of this article to meet the needs of the pupil of limited English proficiency.

(3) There is within the Department of Education an administrative unit responsible for bilingual-bicultural educational programs and policies through which the superintendent shall carry out his functions pursuant to this article.

(4) Districts are providing each pupil of limited English proficiency with an educational opportunity equal to that available to English-speaking pupils; that they are making appropriate use of local and state general funds to provide bilingual-crosscultural teachers and other required services; and that an annual report is

made to the Legislature regarding the extent to which this article has been implemented by school districts throughout the state. All districts in which pupils of limited English proficiency are enrolled shall be reviewed through an onsite technical assistance, monitoring, and enforcement process at least once every three years.

(5) A plan is developed by April 1, 1981, to provide for adequate monitoring of school and school district compliance with the provisions of this article.

(6) An annual evaluation of bilingual needs and programs within the state is developed for submission to the Legislature and to the Governor. The annual evaluation shall include a state assessment of the educational needs of pupils and other persons who are limited English speaking, and of the extent to which such needs are being met from federal, state and local efforts.

(b) The Department of Education shall within 90 days after June 1, 1981, prepare and implement a coordinated plan of technical assistance to school districts in curriculum materials and development, instructional methodologies, pupil identification, and basic evaluation techniques to assist school districts in providing quality bilingual learning programs to pupils of limited English proficiency.

SEC. 34. Section 52178 of the Education Code is amended to read:

52178. All principal teachers providing instruction in programs defined by subdivision (a), (b), or, unless waived by the board, (c), and insofar as teachers are available, (d) of Section 52163 shall be bilingual-crosscultural teachers as defined pursuant to subdivision (h) of Section 52163, or shall be bilingual in English and the primary language of the pupils of limited English proficiency in the bilingual class and hold an internship credential or an emergency bilingual-crosscultural credential.

In recognition of the shortage of qualified bilingual-crosscultural teachers, a school district may request a renewable two-year waiver from the board for each teacher who is not bilingual-crosscultural but who is enrolled and participating in a program leading to a bilingual specialist credential or a certificate of competence for bilingual-crosscultural instruction pursuant to Section 44253.5. Such a teacher, with the assistance of a bilingual-crosscultural aide, may teach in a program of bilingual instruction mandated by Section 52165 for not more than four school years commencing with the first year that the teacher was under waiver, so long as continuing progress toward the certificate of competence is indicated in accordance with this section.

Each school district which requests waivers shall file its application for such a waiver with the State Board of Education on or before October 1 of the appropriate year, and shall give assurance that all teachers receiving such a waiver are, or will be, participating in an appropriate program leading to a bilingual specialist credential or a certificate of competence for bilingual-crosscultural instruction pursuant to Section 44253.5 during each of the school years for which

the waiver is granted, and shall state who is in charge of the program and which institution or district is conducting it. Existing state and federal staff development funds may be used for training and assessment leading to a bilingual specialist credential or a bilingual-crosscultural certificate of competence. The district shall further assure that all teachers receiving such a waiver have been notified in writing by the school board as to their obligations while under waiver. The waiver application shall list the names of the teachers who are to receive the waiver, the school to which they are assigned, and the date by which the teacher is expected to obtain a bilingual specialist credential or the certificate of competence. Each district, whether or not it requests a waiver, shall report the number of classrooms for which a bilingual teacher is required pursuant to Section 52165, the total number of certificated bilingual-crosscultural teachers employed by the district in classroom positions, and, in the event the district requests a waiver, the total number of teachers for whom a waiver is being requested. If a district hires new teachers, no waiver shall be granted unless the board finds that the district made a good faith effort to recruit and hire bilingual-crosscultural teachers including contacting the bilingual-crosscultural teachers. As a part of such good faith effort, districts shall contact those bilingual-crosscultural teachers who indicate they are seeking employment as stated in the annual list of bilingual-crosscultural teachers prepared by the Commission for Teacher Preparation and Licensing. Districts needing bilingual-crosscultural teachers shall also request assistance from the clearinghouse maintained by the commission pursuant to Section 10106.

All waivers granted pursuant to this section shall expire not later than the end of the fourth school year the teacher has been on waiver, or June 30, 1984, whichever shall occur first. However, all teachers teaching in a bilingual classroom with a waiver approved by the board shall have at least four years to complete their bilingual certification effective from the first year the waiver was approved.

It is not the intent of the Legislature, by amending this section in the 1979-80 Regular Legislative Session, to expand the requirements for the certificate of bilingual-crosscultural competence.

Commencing September 1, 1981, all waiver applications, shall include certification by an assessor agency approved by the Commission for Teacher Preparation and Licensing, that the applicant teacher is making the following progress toward meeting the requirements for the bilingual-crosscultural certificate of competence:

- (a) For the teacher who is just entering the bilingual program: no requirement.
- (b) For the teacher beginning his or her second year on waiver: competence in language, culture, or methodology, as required by subdivision (a), (b), or (c) of Section 44253.5.
- (c) For the teacher beginning his or her third year on waiver: no additional requirements.

(d) For the teacher beginning his or her fourth year on waiver: competence in two of the three areas required by Section 44253.5. These certifications shall be provided to the Department of Education on an annual basis.

In lieu of these certifications of competence in culture or methodology, as required by subdivision (b) or (c) of Section 44253.5, the district may submit a statement from a bilingual teacher training institution approved by the Commission for Teacher Preparation and Licensing that the coursework for that competence has been completed. To receive a bilingual-crosscultural certificate of competence, an applicant shall pass the examinations for all three areas of competence required by Section 44253.5.

The Commission for Teacher Preparation and Licensing shall contract with approved assessor agencies to assess separately each of the three competencies required in Section 44253.5. The commission shall arrange for assessments if approved assessor agencies cannot provide them. However, the commission may directly assess these competencies if the commission has been unable to arrange an assessment, and if a staff member is qualified to perform the assessment.

SEC. 35. Section 52178.5 is added to the Education Code, to read: 52178.5. An extension of a waiver granted pursuant to Section 52178 shall be provided until July 1, 1984, for a teacher teaching in those languages where there is no preparation and examination available for obtaining a certificate of competence for bilingual-crosscultural instruction, as determined by the Commission for Teacher Preparation and Licensing.

No waivers shall be granted pursuant to this section for teachers teaching in classrooms utilizing the Spanish language or the Cantonese dialect of the Chinese language.

This section shall remain operative only until July 1, 1984, and as of such date is repealed, unless a later enacted statute which is chaptered before July 1, 1984, deletes or extends such date.

SEC. 36. Section 54024 of the Education Code is amended to read: 54024. The Superintendent of Public Instruction shall calculate available resources for each district by adding funding entitlements allowed each district from the following sources:

- (a) Base impact aid computed pursuant to Section 54028.
- (b) Section 54030.

SEC. 37. Section 56001 of the Education Code, as added by Chapter 797 of the Statutes of 1980, is amended to read:

56001. It is the intent of the Legislature that special education programs provide all of the following:

(a) Each individual with exceptional needs is assured an education appropriate to his or her needs in publicly supported programs through completion of his or her prescribed course of study or until such time that he or she has met proficiency standards prescribed pursuant to Sections 51215 and 51216.

(b) Early educational opportunities are available to all children

between the ages of three and four years and nine months who require intensive special education and services.

(c) Early educational opportunities may be made available to children younger than three years of age who require intensive special education and services and their parents.

(d) Any child younger than four years and nine months, potentially eligible for special education shall be afforded the protections provided by this part and by federal law commencing with his or her referral for special education instruction and services.

(e) Each individual with exceptional needs shall have his or her educational goals, objectives, and special education and related services specified in a written individualized education program.

(f) Education programs are provided under an approved local plan for special education which sets forth the elements of the programs in accordance with the provisions of this part. This plan for special education shall be developed cooperatively with input from the community advisory committee and appropriate representation from special and regular teachers and administrators selected by the groups they represent to ensure effective participation and communications.

(g) Individuals with exceptional needs are offered special assistance programs which promote maximum interaction with the general school population in a manner which is appropriate to the needs of both.

(h) Pupils be transferred out of special education programs when special education services are no longer needed.

(i) The unnecessary use of labels is avoided in providing special education and related services for individuals with exceptional needs.

(j) Procedures and materials for assessment and placement of individuals with exceptional needs shall be selected and administered so as not to be racially, culturally, or sexually discriminatory. No single assessment instrument shall be the sole criterion for determining placement of a pupil. Such procedures and materials for assessment and placement shall be in the individual's mode of communication. Procedures and materials for use with pupils of limited English proficiency as defined in subdivision (m) of Section 52163, shall be in the individual's primary language. All assessment materials and procedures shall be selected and administered pursuant to Section 56320.

(k) Educational programs are coordinated with other public and private agencies, including preschools, child development programs, nonpublic, nonsectarian schools, regional occupational centers and programs and postsecondary and adult programs for individuals with exceptional needs.

(l) Psychological and health services for individuals with exceptional needs shall be available to each school site.

(m) Continuous evaluation of the effectiveness of these special education programs by the school district, special education services

region, or county office shall be made to insure the highest quality educational offerings.

(n) Appropriate qualified staff are employed, consistent with credentialing requirements, to fulfill the responsibilities of the local plan and that positive efforts to employ qualified handicapped individuals are made.

(o) Regular and special education personnel are adequately prepared to provide educational instruction and services to individuals with exceptional needs.

SEC. 38. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code and Section 6 of Article XIII B of the California Constitution, no appropriation is made by this act pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 39. (a) The provisions of this act shall become operative on July 1, 1981, except as specified in subdivision (b).

(b) Sections 7, 16, 19, 24, 25, 32, 33, 34, and 35 of this act shall become operative on January 1, 1981.

SEC. 38.8. It is the intent of the Legislature, if this bill and Senate Bill 1676 are both chaptered and become effective on or before January 1, 1981, both bills amend Section 1808.4 of the Vehicle Code, and this bill is chaptered after Senate Bill 1676, that Section 1808.4 of the Vehicle Code, as amended by Section 29 of this act, shall remain operative until the effective date of Senate Bill 1676, and that on the effective date of Senate Bill 1676, Section 1808.4 of the Vehicle Code, as amended by Section 29 of this act, be further amended in the form set forth in Section 29.5 of this act to incorporate the changes in Section 1808.4 proposed by Senate Bill 1676. Therefore, if this bill and Senate Bill 1676 are both chaptered and become effective on or before January 1, 1981, and Senate Bill 1676 is chaptered before this bill and amends Section 1808.4, Section 29.5 of this act shall become operative on the effective date of Senate Bill 1676.

SEC. 38.9. It is the intent of the Legislature, if this bill and Senate Bill 1896 are both chaptered and become effective on or before January 1, 1981, both bills amend Section 22702 of the Vehicle Code, and this bill is chaptered after Senate Bill 1896, that Section 22702 of the Vehicle Code, as amended by Section 38 of this act, shall remain operative until the effective date of Senate Bill 1896, and that on the effective date of Senate Bill 1896, Section 22702 of the Vehicle Code, as amended by Section 38 of this act, be further amended in the form set forth in Section 38.2 of this act to incorporate the changes in Section 22702 proposed by Senate Bill 1896. Therefore, if this bill and Senate Bill 1896 are both chaptered and become effective on or before January 1, 1981, and Senate Bill 1896 is chaptered before this

bill and amends Section 22702, Section 38.2 of this act shall become operative on the effective date of Senate Bill 1896.

SEC. 39. It is the intent of the Legislature that the changes effected by this act shall serve only to define peace officers, the extent of their jurisdiction, and the nature and scope of their authority, powers, and duties; and that there shall be no change in the status of individuals for purposes of retirement, workers' compensation or similar injury or death benefits, or other employee benefits.

SEC. 40. The sum of three million five hundred thousand dollars (\$3,500,000) is hereby appropriated from the Peace Officer's Training Fund to the Commission on Peace Officer Standards and Training in augmentation of Item 456 of the Budget Act of 1980 (Ch. 510, Stats. 1980) for allocation to cities, counties, cities and counties, or districts, for the purpose of reimbursing such jurisdictions for peace officer training.

SEC. 41. This act is an urgency statute necessary for the immediate peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Federal law requires that sworn peace officers be available at boarding stations in federally regulated airports throughout the State of California. In order to comply with this federal mandate, peace officer classifications must be created which will permit local governments to employ properly authorized personnel. In addition, state law mandates the responsibility of enforcing certain laws to state employees who are not currently authorized as peace officers to investigate such offenses. This bill would so authorize them.

## CHAPTER 1341

An act to amend Sections 4555, 4700 and 4701 of, to add Section 196 to, and to repeal Section 196 of, the Civil Code, relating to family law.

[Approved by Governor September 30, 1980 Filed with  
Secretary of State September 30, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 196 of the Civil Code is repealed.

SEC. 2. Section 196 is added to the Civil Code, to read:

196. The father and mother of a child have an equal responsibility to support and educate their child in the manner suitable to the child's circumstances, taking into consideration the respective earnings or earning capacities of the parents.

SEC. 3. Section 4555 of the Civil Code is amended to read:

4555. (a) A final judgment made pursuant to Section 4553 shall not prejudice nor bar the rights of either of the parties to institute

an action to set aside the final judgment for fraud, duress, accident, mistake, or other grounds recognized at law or in equity or to make a motion pursuant to Section 473 of the Code of Civil Procedure.

(b) The court shall set aside a final judgment made pursuant to Section 4453 as to all matters except the status of the marriage, upon proof that the parties did not meet the requirements of Section 4550 at the time the petition was filed.

SEC. 4. Section 4700 of the Civil Code is amended to read:

4700. (a) In any proceeding where there is at issue the support of a minor child, the court may order either or both parents to pay any amount necessary for the support, maintenance, and education of the child. At the request of either party, the court shall make appropriate findings with respect to the circumstances on which the order for the support of a minor child is based. Upon a showing of good cause, the court may order the parent or parents required to make the payment of support to give reasonable security therefor. All payments of support shall be made by the person owing the support payment prior to the payment of any debts owing to creditors. Any order for child support may be modified or revoked as the court may deem necessary, except as to any amount that may have accrued prior to the date of the filing of the notice of motion or order to show cause to modify or revoke. The order of modification or revocation may be made retroactive to the date of the filing of the notice of motion or order to show cause to modify or revoke, or to any date subsequent thereto. The order of modification or revocation may include an award of attorney fees and court costs to the prevailing party.

(b) When a court orders a person to make specified payments for support of a child during the child's minority, or until the child is married or otherwise emancipated, the liability of the person ordered to pay support terminates upon the happening of the contingency. If the custodial parent or other person having physical custody of the child, to whom payments are to be made, fails to notify the person ordered to make such payments, or the attorney of record of the person ordered to pay support, of the happening of the contingency, and continues to accept support payments, the person shall refund any and all moneys received which accrued after the happening of the contingency, except that the overpayments shall first be applied to any and all support payments which are then in default. The court may, in the original order for support, order the custodial parent or other person to whom payments are to be made to notify the person ordered to make the payments, or his or her attorney of record, of the happening of the contingency.

(c) In the event obligations for support of a child are discharged in bankruptcy, the court may make all proper orders for the support, maintenance and education of the child, as the court may deem just.

SEC. 5. Section 4701 of the Civil Code is amended to read:

4701. (a) In any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child,

the court may order either parent or both parents to assign to the county clerk, probation officer, or other officer of the court or county officer designated by the court to receive the payment, that portion of salary or wages of either parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. The order shall operate as an assignment and shall be binding upon any existing or future employer of the defaulting parent upon whom a copy of the order is served. Any such order may be modified or revoked at any time by the court.

(b) (1) Notwithstanding the provisions of subdivision (a), in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, upon a petition signed under penalty of perjury by the person or county officer to whom support has been ordered to have been paid that the parent so ordered is in arrears in payment in a sum equal to the amount of one month of the payment within the 24-month period immediately preceding filing of the petition with the court, the court shall issue without notice to the parent ordered to pay support an order requiring the parent ordered to pay support to assign either to the person to whom support has been ordered to have been paid or to a county officer designated by the court to receive the payment, that portion of the salary or wages of the parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. Such an order shall operate as an assignment and shall be binding upon any existing or future employer of the parent ordered to pay support upon whom a copy of the order is served.

The petition shall state the number of previous times a petition for assignment has been filed pursuant to this subdivision and the county in which any such petition was filed.

(2) No petition shall be accepted for filing pursuant to this subdivision unless it contains a declaration stating that the parent, or any other person designated pursuant to subdivision (a), to whom support has been ordered to be paid has given the parent ordered to pay support a written notice of his or her intent to seek a wage assignment in the event of a default in support payments and that the notice was transmitted by certified mail or personally served at least 15 days prior to the date of the filing of the petition. A written notice of intent to seek a wage assignment may be given at the time of the entry of the final decree of dissolution or at any time subsequent thereto. In addition to any other penalty provided by law, the filing of a petition with knowledge of the falsity of the declaration of notice is punishable as a contempt pursuant to Section 1209 of the Code of Civil Procedure. The parent ordered to pay support may at any time waive the written notice required by this subdivision.

(3) The parent to whom support has been ordered to be paid shall notify the court and the employer of the parent ordered to pay

support, by any form of mailing requiring a return receipt, of any change of address within a reasonable period of time after any such change. In instances in which payments have been ordered to be made to a county officer designated by the court, the parent to whom support has been ordered to be paid shall notify the court and the county officer, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after any such change. If the employer or county officer is unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address, the employer or county officer shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

(4) An assignment order made pursuant to this subdivision shall not become effective until 10 days after service of the order on an employer.

(5) Within 10 days of service of an assignment order issued pursuant to this subdivision on an employer, the employer shall deliver a copy of the assignment order to the parent ordered to pay support.

(6) A parent alleged to be in default may move to quash an assignment order issued under this subdivision within 10 days after service on the parent of notice of the assignment order by his or her employer if the parent states under oath that a default in the amount alleged in the petition has not occurred within the 24-month period referred to in the petition or that the amount is not owed. The motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the parent of notice of the order by the employer. The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion and shall mail to the petitioner at the return address contained in the petition a copy of the notice of motion by first-class mail within five days after receipt of the notice of motion.

(7) The employer shall continue to withhold and forward support as ordered by the court until served with notice that the motion to quash under this subdivision has been granted.

(8) The due date of support payments under this subdivision shall be the date specifically stated in the order of support or if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(9) For purposes of this subdivision, arrearages of payment shall be computed on the basis of the payments owed and unpaid on the date that the parent ordered to pay support has been given notice of the order of assignment and the fact that the parent ordered to pay support may have subsequently paid such arrearages shall not relieve the court of its duty under this subdivision to order the assignment.

(10) Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision upon proof of full payment pursuant to the wage assignment for the appropriate period of time, as follows:

(A) An assignment pursuant to this subdivision pursuant to an initial petition shall continue until support payments are current.

(B) An assignment under this subdivision pursuant to a second petition filed within 24 months shall continue for 12 months.

(C) An assignment under this subdivision pursuant to a third or subsequent petition filed within 48 months shall continue for 18 months.

Upon petition by the parent ordered to pay support the court shall terminate an order of assignment entered pursuant to this subdivision if the employer or county officer has been unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address.

(c) The Judicial Council shall prescribe forms for the orders for wage assignment required or authorized by this section. The employer may deduct from the salary or wages of the employee the sum of one dollar (\$1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

(d) The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of enforcing the child support obligation.

(e) No employer shall use any assignment authorized by this section as grounds for the dismissal of such employee.

(f) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(g) On declaration or affidavit of the parent to whom support has been ordered to be paid to the court that: (1) the parent ordered to make support payments is in default in such payment in the amount specified in subdivision (b), and (2) the whereabouts of such defaulting parent or the identity of his employer are unknown to the parent to whom support has been ordered to be paid, the district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent parent and the name and address of the absent parent's last known employer. The court shall then order the defaulting parent to make support payments pursuant to subdivision (b).

(h) Nothing in this section shall limit the authority of the district attorney to utilize any and all civil and criminal remedies to enforce child support obligations regardless of whether or not the custodial

parent receives welfare moneys.

(i) Notwithstanding any other provision of law, the provisions of this section shall be applicable to any of the following:

(1) All money payable to any person as a pension, or as an annuity or retirement or disability or death or other benefit, or as a return of contributions and interest thereon from the United States government, or from the state, or any county, city, or city and county, or other political subdivision of the state, or any public trust, or public corporation, or from the governing body of any of them, or from any public board or boards, or from any retirement, disability, or annuity system established by any of them pursuant to statute.

(2) All money held, controlled, or in process of distribution by the state, or a city, city and county, county, or other political subdivision of the state, or any public trust or public corporation, or the governing body of any of them, or by any public board or boards, derived from the contributions by the state or such city, county, city and county, or other political subdivision, or such public trust, public corporation, governing body, or public board or boards, or by any officer or employee thereof, for retirement or pension purposes or the payment of disability, death, or other benefits, and all rights and benefits accrued or accruing to any person under any system established pursuant to statute by the state, city, city and county, county, or other political subdivision of the state, or any public trust or public corporation for retirement, annuity, or pension purposes or payment of disability or death benefits, and all vacation credits accumulated by a state employee pursuant to the provisions of Section 18050 of the Government Code, or any other public employee pursuant to any law for the accumulation of vacation credits applicable to such employee where money, a benefit, or vacation credit has become payable under such program; provided, however, the paying authority may deduct a sum reflecting the actual cost of administration of the court-ordered child or spousal support payment up to one dollar (\$1) for each payment made pursuant to court order.

This subdivision shall not apply to any money held, controlled, or in process of distribution by any such entity pursuant to the statutory provisions of the Unemployment Insurance Code, or of Division 4 (commencing with Section 3201) or Division 4.5 (commencing with Section 6100) of the Labor Code pertaining to workers' compensation and insurance.

(j) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in subdivision (i), other than the United States government, such entity shall comply with any request for a return of employee contributions by an employee named in such order by delivering such contributions to the clerk of the court from which such order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days,

shall send written notice of such fact to the parties, and any agency through whom payments have been ordered under Section 4702. Such moneys shall be subject to any procedure available to enforce an order for child support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice of receipt is sent, the clerk shall, upon request, release the moneys to the defaulting parent. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for the support of a minor child upon the issuance of such a request by such an employee.

## CHAPTER 1342

An act to add Sections 33678 and 33679 to the Health and Safety Code, relating to fiscal affairs, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1980 Filed with  
Secretary of State September 30, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 33678 is added to the Health and Safety Code, to read:

33678. (a) This section implements and fulfills the intent of this article and of Article XIII B and Section 16 of Article XVI of the California Constitution. The allocation and payment to an agency of the portion of taxes specified in subdivision (b) of Section 33670 for the purpose of paying principal of, or interest on, loans, advances, or indebtedness incurred for redevelopment activity, as defined in subdivision (b) of this section, shall not be deemed the receipt by an agency of proceeds of taxes levied by or on behalf of the agency within the meaning or for the purposes of Article XIII B of the California Constitution, nor shall such portion of taxes be deemed receipt of proceeds of taxes by, or an appropriation subject to limitation of, any other public body within the meaning or for purposes of Article XIII B of the California Constitution or any statutory provision enacted in implementation of Article XIII B. The allocation and payment to an agency of such portion of taxes shall not be deemed the appropriation by a redevelopment agency of proceeds of taxes levied by or on behalf of a redevelopment agency within the meaning or for purposes of Article XIII B of the California Constitution.

(b) As used in this section, "redevelopment activity" means redevelopment meeting all of the following criteria:

- (1) Is redevelopment as prescribed in Sections 33020 and 33021.
- (2) Primarily benefits the project area.
- (3) None of the funds are used for the purpose of paying for

employee or contractual services of any local governmental agency unless such services are directly related to the purpose of Sections 33020 and 33021 and the powers established in this part.

Should any law hereafter enacted, without a vote of the electorate, confer taxing power upon an agency, the exercise of such power by the agency in any fiscal year shall be deemed a transfer of financial responsibility from the community to the agency for such fiscal year within the meaning of subdivision (a) of Section 3 of Article XIII B of the California Constitution.

SEC. 2. Section 33679 is added to the Health and Safety Code, to read:

33679. Before an agency commits to use the portion of taxes to be allocated and paid to an agency pursuant to subdivision (b) of Section 33670 for the purpose of paying all or part of the value of the land for, and the cost of the installation and construction of, any publicly owned building, other than parking facilities, the legislative body shall hold a public hearing.

Notice of the time and place of the public hearing shall be published in a newspaper of general circulation in the community for at least two successive weeks prior to the public hearing. There shall be available for public inspection and copying, at a cost not to exceed the cost of duplication, a summary which includes all of the following:

(a) Estimates of the amount of such taxes proposed to be used to pay for such land and construction of any publicly owned building, including interest payments.

(b) Sets forth the facts supporting the determinations required to be made by the legislative body pursuant to Section 33445.

(c) Sets forth the redevelopment purpose for which such taxes are being used to pay for the land and construction of such publicly owned building.

The summary shall be made available to the public for inspection and copying no later than the time of the first publication of the notice of the public hearing.

SEC. 3. The provisions of this act are so related to one another and are part of an inseparable declaration and implementation of the interrelationship of Article XIII B and Section 16 of Article XVI of the California Constitution, that it is the intent of the Legislature that, if any part of this act is declared invalid, the entire act is invalid, provided that this section shall not affect the validity or repayment of any loans, advances, or indebtedness entered into prior to a final judicial determination of the validity of any part of this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The urgency is the necessity to clarify the status of tax allocation financing in light of the adoption of Article XIII B to the California Constitution so that the redevelopment process can continue and tax allocation financing can remain a source of agency funding for future

redevelopment activities. Following adoption of Article XIII B of the California Constitution the repayment of millions of dollars of tax allocation obligations incurred by redevelopment agencies has become clouded by uncertainty, and ratings of a large number of issues of tax allocation bonds issued by redevelopment agencies have been suspended. The tax allocation financing of future redevelopment and the issuance of new tax allocation indebtedness remains clouded with uncertainty. The Legislature determines and declares that redevelopment agencies have no taxing powers, and that the receipt by redevelopment agencies of taxes allocated pursuant to Article XVI, Section 16, of the California Constitution, for the purposes contemplated by the voters in adoption of the provision and as set forth and declared in this act, and Article 6 (commencing with Section 33670) of Chapter 6 of Part 1 of Division 24 of the Health and Safety Code, does not constitute the receipt of taxes by or the payment of the proceeds of taxes to redevelopment agencies or any other public body within the meaning of or for the purposes of Article XIII B of the California Constitution. In order that the process of redevelopment in California may continue without further uncertainty or delay, it is necessary, in the interest of public health, safety and welfare, that this act take effect immediately.

#### CHAPTER 1343

An act to amend Section 31009 of the Government Code, relating to the County Employees Retirement Law of 1937.

[Approved by Governor September 30, 1980. Filed with  
Secretary of State September 30, 1980 ]

*The people of the State of California do enact as follows:*

**SECTION 1.** Section 31009 of the Government Code is amended to read:

**31009.** Prior to January 1, 1981, an applicant for employment who does not meet the physical standards established for his employment because of a physical impairment existing on the date of his employment may be required by the county as a condition to such employment to execute a waiver of any and all rights to a disability retirement under the County Employees Retirement Law of 1937 arising as a result of such impairment or any aggravation thereof while in county service. The county shall provide the applicant with written notice of the rights and benefits which such applicant is being required to waive. The applicant shall give written acknowledgement of the receipt of such notice.

No earlier than two years after employment an employee who has waived rights pursuant to this section may apply to the retirement board to review such waiver to determine if it shall remain in force.

The employee shall submit a physician's report concerning the condition for which such a waiver was required with such request for review. The retirement board may require, at county expense, an examination of such employee by a physician of such board's choosing. The retirement board, following a hearing, may release such employee from all or part of a waiver given pursuant to this section. An employee may not require such a review more often than every two years, although such board in its sole discretion may allow a review at more frequent intervals.

13411. (a) Except as specified in subdivision (b), it is unlawful for any person to sell or offer to sell petroleum products for use in any vehicle, as the term vehicle is defined by the Vehicle Code, on the condition that the purchaser also must purchase or pay for any other products, merchandise, or services.

(b) Notwithstanding subdivision (a), a person who operates a full service car wash facility may sell or offer to sell petroleum products for use in a vehicle on the condition that the purchaser also must purchase car wash services, provided that all of the following conditions are met:

(1) The full service car wash facility, during the base period, as a normal business practice sold gasoline or other motor fuels only to customers who purchased car wash services.

(2) The retail price for car wash services charged by the facility during any given month does not exceed the retail price for car wash services charged by the facility during the last month of the base period except by an amount equivalent to that which is produced by multiplying the retail price charged for car wash services during the last month of the base period by the percentage by which the figure representing the California Consumer Price Index as compiled and reported by the California Department of Industrial Relations has increased in the period beginning with the last month of the base period and ending with the given month.

(3) The full service car wash facility sells or offers to sell in conjunction with the car wash services not less than ten gallons of gasoline with each purchase of such car wash services.

(4) The full service car wash facility when conditioning the sale of gasoline upon the purchase of car wash services posts in a conspicuous manner as close to the entrance to the facility as is permitted by local ordinance a sign in letters not less than six inches in height which effectively states that the purchaser must purchase car wash services in order to purchase gasoline.

(c) For the purposes of this section, the following terms shall have the following meanings:

(1) "Base period" refers to either the year of 1977, 1978, or 1979, whichever year is selected by the current operator of a full service car wash facility subject to this section. Once the operator of a full service car wash facility has selected one of these years as a base period the operator or any subsequent purchaser of the facility may utilize no other year as a base period for the purposes of this section. (d) In any civil action brought pursuant to Chapter 5 (commencing with Section 17200) of Part 2 of Division 7 of this code for a violation of this section by a person who operates a full service car wash facility or his or her employees or agents, the person who operates the full service car wash facility shall have the burden of proof with respect to establishing compliance with the provisions of this section.

(e) Any person who elects to operate a full service car wash facility pursuant to subdivision (b) shall maintain records to substantiate that the person has complied with the provisions of paragraphs (1), (2), and (3) of subdivision (b) and shall permit the district attorney of the county in which the full service car wash facility is located and any authorized representative of a governmental agency which is authorized under state law to enforce the provisions of this section to inspect such records during normal business hours.

(f) Notwithstanding the provisions of Section 13590, the district attorney of each county shall enforce the provisions of this section.

(g) The provisions of subdivisions (b) to (e), inclusive, shall apply

only during periods when the maximum retail price which may be charged for gasoline sold by any person in this state is established by the federal or state government, or any department, agency, board, or other entity thereof.

SEC. 2. Section 20735 of the Business and Professions Code is amended to read:

20735. (a) Except as specified in subdivision (b), it shall be unlawful for any person to sell or offer to sell petroleum products for use in any vehicle, as the term vehicle is defined by the Vehicle Code, on the condition that the purchaser also must purchase or pay for any other products, merchandise, or services.

(b) Notwithstanding subdivision (a), a person who operates a full service car wash facility may sell or offer to sell petroleum products for use in a vehicle on the condition that the purchaser also must purchase car wash services, provided that all of the following conditions are met:

(1) The full service car wash facility, during the base period, as a normal business practice sold gasoline or other motor fuels only to customers who purchased car wash services.

(2) The retail price for car wash services charged by the facility during any given month does not exceed the retail price for car wash services charged by the facility during the last month of the base period except by an amount equivalent to that which is produced by multiplying the retail price charged for car wash services during the last month of the base period by the percentage by which the figure representing the California Consumer Price Index as compiled and reported by the California Department of Industrial Relations has increased in the period beginning with the last month of the base period and ending with the given month.

(3) The full service car wash facility sells or offers to sell in conjunction with the car wash services not less than ten gallons of gasoline with each purchase of such car wash services.

(4) The full service car wash facility when conditioning the sale of gasoline upon the purchase of car wash services posts in a conspicuous manner as close to the entrance to the facility as is permitted by local ordinance a sign in letters not less than six inches in height which effectively states that the purchaser must purchase car wash services in order to purchase gasoline.

(c) For the purposes of this section, the following terms shall have the following meanings:

(1) "Base period" refers to either the year of 1977, 1978, or 1979, whichever year is selected by the current operator of a full service car wash facility subject to this section. (e) Any person who elects to operate a full service car wash facility pursuant to subdivision (b) shall maintain records to substantiate that the person has complied with the provisions of paragraphs (1), (2), and (3) of subdivision (b) and shall permit the district attorney of the county in which the full service car wash facility is located and any authorized representative of a governmental agency which is authorized under state law to enforce the provisions of this section to inspect such records during normal business hours.

It is the intent of the Legislature, if this act and Assembly Bill No. 2779 are both chaptered and become effective on or before January 1, 1981, and this act is chaptered after Assembly Bill No. 2779, that Section 2 of this act shall remain operative until January 1, 1981, at which time it shall be repealed and Section 1 of this act shall become operative.

SEC. 4. It is not the intent of the Legislature in the amendment of Sections 13411 and 20735 of the Business and Professions Code by this act to authorize any tie-in arrangements which are otherwise prohibited by any provision of Part 2 (commencing with Section 16600) of Division 7 of the Business and Professions Code or the Sherman Act or the Clayton Act or the Emergency Petroleum Allocation Act of 1973, as amended, or any regulations promulgated pursuant thereto.

## CHAPTER 1345

An act to add and repeal Chapter 8 (commencing with Section 9600) to Division 8.5 of the Welfare and Institutions Code, relating to senior citizens, and making an appropriation therefor.

[Approved by Governor September 30, 1980. Filed with  
Secretary of State September 30, 1980 ]

I am reducing the appropriation contained in Section 3 of Assembly Bill No. 2895 from \$800,000 to \$745,000. Since only \$1 million is available for innovative nutrition programs and we have already spent \$255,000, this reduction is necessary to prevent an over appropriation.

EDMUND G. BROWN JR., Governor

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares, that although 27 percent of California's 3.1 million citizens over the age of 60 are at or below the poverty level (four thousand two hundred fifty dollars (\$4,250) or less for one person per year), millions of dollars of perfectly edible fruits and vegetables go unpicked or unpacked. The paradox is that as agriculture and food processing become more mechanized, farm labor more costly, and the whole economic equation more complex, many elderly and poor people living on fixed incomes rarely get to taste fresh produce because after it is harvested and passed through the middleman, its price in the market is beyond their reach.

In several California counties, older people have organized with farmers to salvage what is left after the human or mechanical pickers and sorters are through and distribute this produce and other unsold foodstuffs to the elderly. Farmers benefit in some instances with personal and corporate tax deductions. For older people, there are intangible benefits such as a sense of purpose, a sense of worth, an opportunity to work, and the satisfaction of helping people.

Since existing "Brown Bag" programs are threatened by extinction because of piecemeal, unsteady funding, this measure establishes the statewide Brown Bag Network Act. The purpose of this act is to fund the most cost-effective senior citizen nutrition program possible; one that depends on seniors to organize and operate. It is intended that

volunteers shall collect, sort, and distribute grocery sacks of fresh fruit, vegetables, and canned and frozen foods as well. Foods donated in Brown Bag programs cannot be sold.

SEC. 2. Chapter 8 (commencing with Section 9600) is added to Division 8.5 of the Welfare and Institutions Code, to read:

#### CHAPTER 8. BROWN BAG NETWORK ACT

9600. In determining how state funds are to be allocated, the Department of Aging shall give first priority to existing Brown Bag programs that are not being sufficiently funded. "Sufficiently funded" means possessing adequate funds for the lease of needed equipment, warehouses, trucks, freezer space, and salaries for the paid staff to coordinate volunteers and provide for a timely, business-like response to donors and for distribution of foods.

Existing programs which meet criteria established by the Department of Aging shall also receive state money for the establishment of a statewide Brown Bag network the purpose of which will be to strengthen existing programs and establish new ones. The Brown Bag network shall receive fiscal support so that the distribution of existing resources can be more efficient and also aid in the establishment of new Brown Bag programs.

New Brown Bag programs shall be selected on the basis of counties with agricultural resources, access to agricultural resources, and large senior populations. A local cash or in-kind match of at least 25 percent of the Brown Bag Program's budget shall be demonstrated before any program shall receive state subsidies. Sources from which the local match may be derived include, but are not limited to, city, county and federal funds, membership dues, and private or business donations. Priority shall be given to those local programs with a larger local match. For both existing and new programs, state money shall be a catalyst for charitable contributions, including in-kind and local community support. State moneys shall not be used to replace other sources of fiscal and volunteer support unless absolutely necessary.

Each of the Brown Bag projects shall receive no more than one hundred thousand dollars (\$100,000) per year for three years.

9601. The Department of Aging shall establish policies to implement the provisions of this act.

9602. The Department of Aging shall:

(a) Select sponsors for the Brown Bag programs. The sponsors shall be either an existing or new fiscally responsible and viable public or private nonprofit corporation.

(b) Contract with the sponsor of the Brown Bag program.

(c) Perform an annual audit of the Brown Bag programs. An outside consultant may be employed to perform such functions. The Joint Legislative Audit Committee shall select one accounting and one bookkeeping system in order to make auditing less costly to the state.

(d) Advance funds for a fiscal quarter one month prior to the beginning of the quarter.

9603. Each Brown Bag program is to be run by a board of directors, with at least one senior citizen as a representative, and other interested persons from the community including farmers and packers. The staff needed for a program where the senior population of the county or counties being served is at least 20,000 should consist of as many seniors as possible, including part-time workers.

The annual budgets of Brown Bag programs should include the lease of warehouse space with refrigeration and freezer space.

The Brown Bag program shall distribute produce and unsold foodstuffs to low-income elderly persons.

9604. In order to promote efficient communication and to maximize the development of sound policy among the Brown Bag programs and with the state, there shall be created a Brown Bag Advisory Committee. The members of the committee shall be chosen by the Chairperson of the State Commission on Aging. The advisory committee shall be composed of:

- (a) A representative from each of the Brown Bag programs.
- (b) An older person who is a low-income consumer.
- (c) The Director of the Department of Aging, or his or her designee.
- (d) The Chairperson of the Commission on Aging or his or her designee.
- (e) The Director of the Department of Food and Agriculture or his or her designee.

The chairperson of the advisory committee shall be elected by the members.

As new Brown Bag programs are selected for funding under this act, the Chairperson of the Commission on Aging shall choose a representative of each program to serve as a member of the advisory committee.

The committee shall meet on a quarterly basis or upon the call of the chair. Committee members shall be reimbursed for necessary and actual expenses incurred in conjunction with their membership. Funding for reimbursement shall be derived from the appropriation for this act.

9605. The committee's functions shall include:

- (a) Provision of information to the Department of Aging regarding the Brown Bag programs.
- (b) Giving advice to the Department of Aging on planning and policy decisions mandated by this act.
- (c) Assisting in the decision of where new Brown Bag programs will be established.
- (d) Provision of information to the Legislative Analyst for his report to the Legislature pursuant to Section 9607.

9606. Food distributed to seniors shall comply with county health regulations. Except for any injury resulting from gross negligence or willful act, no county or agency of a county established pursuant to

this chapter and no person who donates any agricultural product shall be liable for any injury, including, but not limited to, injury resulting from the ingesting of such agricultural product, as a result of any act, or the omission of any act, in connection with donating any product pursuant to this chapter.

9607. The Legislative Analyst shall report to the Legislature without reimbursement from the state by December 31, 1982, upon the efficiency of the Brown Bag programs and shall make recommendations at that time whether the program should become a budget item of the Department of Aging. Evaluation criteria shall include, but not be limited to: (1) The approximate number of pounds of food distributed per person; (2) the number of people served; and (3) the number of volunteer hours provided.

9608. The Department of Aging shall expend no more than 7½ percent of the funds appropriated for administrative costs of implementing the act.

9609. This chapter shall only remain in effect until December 31, 1983, and, as of such date is repealed, unless a later enacted statute which is chaptered before January 1, 1984, deletes or extends such date.

SEC. 3. The sum of eight hundred thousand dollars (\$800,000) is hereby appropriated from the Nutrition Reserve Fund, for three years to the Department of Aging in order to implement the provisions of this act.

## CHAPTER 1346

An act to add Sections 17052.2 and 23604 to the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 30, 1980. Filed with  
Secretary of State September 30, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 17052.2 is added to the Revenue and Taxation Code, to read:

17052.2. (a) (1) There shall be allowed as a credit against the amount of "net tax" (as defined in subdivision (e)), an amount equal to the amount determined in paragraphs (2) and (3).

(2) Except as provided in paragraph (3), the amount of the credit allowed by this section shall be 20 percent of the cost incurred by the taxpayer of any pollution abatement equipment on premises in California which are owned by the taxpayer at the time of installation and which is installed as a result of the requirements of the Federal Water Pollution Control Act of 1972. The amount of costs to which such credit may be applied shall not exceed eighty thousand dollars

(\$80,000). The owner of the premises on which the pollution abatement equipment is installed may claim the tax credit for costs incurred. In order to qualify for the tax credit the taxpayer must be a metal finisher who has employed 100 or less employees and has not been a subsidiary, division, or affiliate of an entity engaged in other unrelated operations during the taxable year.

This credit shall be claimed in four equal annual installments commencing with the state income tax return for the taxable year in which the pollution abatement equipment was installed and for three succeeding taxable years.

(3) The basis amount of any pollution abatement equipment eligible for the credit provided under this section shall be reduced by any grant provided by a public entity for such system.

(b) The credit for such cost shall be in lieu of any deduction under this part to which the taxpayer otherwise may be entitled, if any.

(c) The basis of any pollution abatement equipment for which a credit is allowed shall either be reduced to its salvage value at the end of its useful life, or reduced by the amount of the credit, whichever results in the lesser basis. The basis adjustment shall be made for the taxable year for which the credit is allowed.

(d) With the exception of a husband and wife, if there is more than one owner of a premises on which pollution abatement equipment is installed, each owner shall be eligible to receive the tax credit in proportion to his or her ownership interests in the premises. In the case of a husband or wife who files a separate return, the credit may be taken by either or equally divided between them.

(e) The tax credit provided by this section shall not apply to trusts or estates subject to tax under this part.

(f) For purposes of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Net tax" means the tax imposed under either Section 17041 or 17048 minus all credits, except the credits provided by Section 17061 (relating to excess state disability insurance withheld), Section 18555.1 (relating to excess income tax withheld), Section 17053.5 (relating to the renters' credit).

(3) "Owner" includes a duly recorded holder of legal title, a lessee with at least three years remaining on his or her lease, a person purchasing premises under a contract of sale, or a person who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises.

(4) "Premises" means land or buildings.

(5) "Pollution abatement equipment" means new identifiable equipment which is used in connection with a plant or other property to abate or control water pollution or contamination by removing, altering, disposing, storing, or preventing the creation or admission of pollutants, contaminants, wastes, or heat, and which does not significantly:

(A) Increase the output or capacity, extend the useful life, or reduce the total operating costs of such plant or other property (or any unit thereof), or

(B) Alter the nature of the manufacturing or production process or facility.

SEC. 2. Section 23604 is added to the Revenue and Taxation Code, to read:

23604. (a) (1) There shall be allowed as a credit against the taxes imposed by this part (except the minimum franchise tax and the tax on preference income), an amount equal to the amount determined in paragraphs (2) and (3).

(2) Except as provided in paragraph (3), the amount of the credit allowed by this section shall be 20 percent of the cost (including installation charges but excluding interest charges) incurred by the taxpayer of any pollution abatement equipment on premises in California which are owned by the taxpayer at the time of installation and which is installed as a result of the requirements of the Federal Water Pollution Control Act of 1972. The amount of costs to which such credit may be applied shall not exceed eighty thousand dollars (\$80,000). The owner of the premises on which the pollution abatement equipment is installed may claim the tax credit for costs incurred. In order to qualify for the tax credit the taxpayer must be a metal finisher who has employed 100 or less employees and has not been a subsidiary, division, or affiliate of an entity engaged in other unrelated operations during the taxable year.

The pollution abatement equipment credit shall be claimed in four equal annual installments commencing with the state franchise or income tax return for the income year in which the pollution abatement equipment was installed and for three succeeding income years.

(3) The basis amount of any pollution abatement equipment eligible for the credit provided under this section shall be reduced by any grant provided by a public entity for such system.

(b) The credit for such cost shall be in lieu of any deduction under this part to which the taxpayer otherwise may be entitled, if any.

(c) The basis of any pollution abatement equipment for which a credit is allowed shall either be reduced to its salvage value at the end of its useful life, or reduced by the amount of the credit, whichever results in the lesser basis. The basis adjustment shall be made for the taxable year for which the credit is allowed.

(d) The following definitions govern construction of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Owner" includes a duly recorded holder of legal title, a lessee with at least three years remaining on his or her lease, a person purchasing premises under a contract of sale, or a person who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises.

(3) "Premises" means land or buildings.

(4) "Pollution abatement equipment" means new identifiable equipment which is used in connection with a plant or other property to abate or control water pollution or contamination by removing, altering, disposing, storing, or preventing the creation or admission of pollutants, contaminants, wastes, or heat, and which does not significantly:

(A) Increase the output or capacity, extend the useful life, or reduce the total operating costs of such plant or other property (or any unit thereof), or

(B) Alter the nature of the manufacturing or production process or facility.

SEC. 3. On or before May 10, 1981, and on or before each May 10 thereafter, the Franchise Tax Board shall transmit to the Controller an estimate of the annual revenues which will be lost as a result of enactment of this act.

SEC. 4. The sum estimated by the Franchise Tax Board for the first year in which this act is in effect shall be transferred from the Energy and Resources Fund to the General Fund on or before May 15, 1981, to replace revenues which will be lost as a result of the enactment of this act.

This section shall become operative only if Assembly Bill No. 2973 of the 1979-80 Regular Session of the Legislature is enacted and creates the Energy and Resources Fund.

SEC. 5. If Section 4 of this act does not become operative, the sums which would otherwise be required to be transferred pursuant to Section 4 shall be transferred from revenues received by the State Lands Commission and allocated under the provisions of Section 6217 of the Public Resources Code; this appropriation to be payable immediately prior to allocations made for the 1980-81 fiscal year pursuant to subdivision (e) (the Capital Outlay Fund for Public Higher Education) of Section 6217, and after allocations made for the 1980-81 fiscal year pursuant to subdivisions (a) to (d), inclusive, of Section 6217 of the Public Resources Code.

SEC. 6. The revenues lost for the second and subsequent years in which this act is in effect shall be transferred to the General Fund pursuant to the Budget Act on or before May 15, 1982, and on or before each May 15 thereafter.

SEC. 7. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of this act shall be applied in the computation of taxes for taxable years and income years beginning on or after the first day of January 1980.

Secretary of State September 30, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 49062 of the Education Code is amended to read:

49062. School districts shall establish, maintain, and destroy pupil records according to regulations adopted by the State Board of Education. Pupil records shall include a pupil's health record. Such regulations shall establish state policy as to what items of information shall be placed into pupil records and what information is appropriate to be compiled by individual school officers or employees under the exception to pupil records provided in subdivision (b) of Section 49061. No pupil records shall be destroyed except pursuant to such regulations or as provided in subdivisions (b) and (c) of Section 49070.

SEC. 2. Section 49452.5 is added to the Education Code, to read:

49452.5. The governing board of any school district shall, subject to Section 49451 and in addition to the physical examinations required pursuant to Sections 208,321, and 323.7 of the Health and Safety Code, provide for the screening of every female pupil in grade 7 and every male pupil in grade 8 for the condition known as scoliosis. The screening shall be in accord with standards established by the Department of Education. The screening shall be supervised only by qualified supervisors of health as specified in Sections 44871 to 44878, inclusive, and Section 49422, or by school nurses employed by the district or the county superintendent of schools, or pursuant to contract with an agency authorized to perform such services by the county superintendent of schools of the county in which the district is located pursuant to Sections 1750 to 1754, inclusive, and Section 49402 of this code, Section 485 of the Health and Safety Code, and guidelines established by the State Board of Education. The screening shall be given only by individuals who supervise, or who are eligible to supervise, the screening, or by certificated employees of the district or of the county superintendent of schools who have received in-service training, pursuant to rules and regulations adopted by the State Board of Education, to qualify them to perform such screenings. It is the intent of the Legislature that such screenings be performed during the regular schoolday and that any staff time devoted to such activities be redirected from other ongoing activities not related to the pupil's health care.

In-service training may be conducted by orthopedic surgeons,

physicians, registered nurses, and physical therapists, who have received specialized training in scoliosis detection.

The governing board of any school district shall provide for the notification of the parent or guardian of any pupil suspected of having scoliosis. The notification shall include an explanation of scoliosis, the significance of treating it at an early age, and the public services available, after diagnosis, for treatment. Referral of the pupil and the pupil's parent or guardian to appropriate community resources shall be made pursuant to Sections 49426 and 49456.

No action of any kind in any court of competent jurisdiction shall lie against any individual, authorized by this section to supervise or give a screening, by virtue of the provisions of this section.

## CHAPTER 1349

An act to amend Sections 62, 64, and 480 of, and to repeal and add Section 408.1 to, the Revenue and Taxation Code, relating to reassessment: changes in ownership of property.

Secretary of State September 30, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 62 of the Revenue and Taxation Code is amended to read:

62. Change in ownership shall not include:

(a) Any transfer between coowners which results in a change in the method of holding title to the real property without changing the proportional interests of the coowners, such as a partition of a tenancy in common, or any transfer of title between an individual and a legal entity or between legal entities, such as a cotenancy to a partnership, a partnership to a corporation, a trust to a cotenancy, or an individual to a legal entity, which results solely in a change in the method of holding title and in which the proportional interests of the transferors and transferees, whether represented by stock, partnership interest, or otherwise, remain the same after transfer.

(b) Any transfer for the purpose of perfecting title to the property.

(c) (1) The creation, assignment, termination, or reconveyance of a security interest; or (2) the substitution of a trustee under a security instrument.

(d) Any transfer into a trust for so long as (1) the transferor is the present beneficiary of the trust, or (2) the trust is revocable; or any transfer by a trustee of such a trust described in either clause (1) or (2) back to the trustor; or, any creation or termination of a trust in which the trustor retains the reversion and in which the interest of others does not exceed 12 years duration.

(e) Any transfer by an instrument whose terms reserve to the transferor an estate for years or an estate for life; however, the termination of such an estate for years or estate for life shall constitute a change in ownership, except as provided in subdivision (d) of Section 62 and in Section 63.

(f) The creation or transfer of a joint tenancy interest if the transferor, after such creation or transfer, is one of the joint tenants.

(g) Any transfer of a lessor's interest in taxable real property subject to a lease with a remaining term (including renewal options)

of 35 years or more. For the purpose of this subdivision, for 1979-80 and each year thereafter, it shall be conclusively presumed that all homes eligible for the homeowners' exemption, other than mobilehomes located on rented or leased land and subject to taxation pursuant to Part 13 (commencing with Section 5800), which are on leased land have a renewal option of at least 35 years on the lease of such land, whether or not in fact such renewal option exists in any contract or agreement.

(h) Any purchase, redemption or other transfer of the shares or units of participation of a group trust, pooled fund, common trust fund, or other collective investment fund established by a financial institution.

(i) Any transfer of stock or membership certificate in a housing cooperative which was financed under one mortgage provided such mortgage was insured under Section 213, 221 (d) (3), 221 (d) (4), or 236 of the National Housing Act, as amended, or such housing cooperative was financed or assisted pursuant to Section 514, 515, or 516 of the Housing Act of 1949 or Section 202 of the Housing Act of 1959, or the housing cooperative was financed by a direct loan from the California Housing Finance Agency, and provided that the regulatory and occupancy agreements were approved by the governmental lender or insurer, and provided that the transfer is to the housing cooperative or to a person or family qualifying for purchase by reason of limited income. Any subsequent transfer from the housing cooperative to a person or family not eligible for state or federal assistance in reduction of monthly carrying charges or interest reduction assistance by reason of the income level of such person or family shall constitute a change of ownership.

SEC. 1.5. Section 62 of the Revenue and Taxation Code is amended to read:

62. Change in ownership shall not include:

(a) Any transfer between coowners which results in a change in the method of holding title to the real property without changing the proportional interests of the coowners, such as a partition of a tenancy in common, or any transfer of title between an individual and a legal entity or between legal entities, such as a cotenancy to a partnership, a partnership to a corporation, a trust to a cotenancy, or an individual to a legal entity, which results solely in a change in the method of holding title and in which the proportional interests by the transferors and transferees, whether represented by stock, partnership interest, or otherwise, remain the same after transfer.

(b) Any transfer for the purpose of perfecting title to the property.

(c) (1) The creation, assignment, termination, or reconveyance of a security interest; or (2) the substitution of a trustee under a security instrument.

(d) Any transfer into a trust for so long as (1) the transferor is the present beneficiary of the trust, or (2) the trust is revocable; or any transfer by a trustee of such a trust described in either clause (1) or

(e) Any transfer by an instrument whose terms reserve to the transferor an estate for years or an estate for life; however, the termination of such an estate for years or estate for life shall constitute a change in ownership, except as provided in subdivision (d) of Section 62 and in Section 63.

(f) The creation or transfer of a joint tenancy interest if the transferor, after such creation or transfer, is one of the joint tenants as provided in subdivision (b) of Section 65.

(g) Any transfer of a lessor's interest in taxable real property subject to a lease with a remaining term (including renewal options) of 35 years or more. For the purpose of this subdivision, for 1979-80 and each year thereafter, it shall be conclusively presumed that all homes eligible for the homeowners' exemption, other than mobilehomes located on rented or leased land and subject to taxation pursuant to Part 13 (commencing with Section 5800), which are on leased land have a renewal option of at least 35 years on the lease of such land, whether or not in fact such renewal option exists in any contract or agreement.

(h) Any purchase, redemption, or other transfer of the shares or units of participation of a group trust, pooled fund, common trust fund, or other collective investment fund established by a financial institution.

(j) Any transfer between coowners in any property which was held by them as coowners for all or part of the period between March 1, 1975, and March 1, 1980, and which was eligible for a homeowner's exemption during the period of the coownership. Any such transferee whose interest was revalued in contravention of the provisions of this subdivision shall obtain a reversal of such revaluation with respect to the 1980-81 assessment year and thereafter, upon application to the county assessor of the county in

which the property is located filed on or before February 28, 1981.

SEC. 2. Section 64 of the Revenue and Taxation Code is amended to read:

64. (a) Except as provided in subdivision (h) of Section 61 and subdivisions (c) and (d) of this section, the purchase or transfer of ownership interests in legal entities, such as corporate stock or partnership interests, shall not be deemed to constitute a transfer of the real property of the legal entity.

(b) Any corporate reorganization, by merger or consolidation, where all of the corporations involved are members of an affiliated group, and which qualifies as a reorganization under Section 368 of the United States Internal Revenue Code and which is accepted as a nontaxable event by similar California statutes or any transfer of real property among members of an affiliated group, shall not be a change of ownership. The taxpayer shall furnish proof, under penalty of perjury, to the assessor that the transfer meets the requirements of this subdivision.

For purposes of this subdivision "affiliated group" means one or more chains of corporations connected through stock ownership with a common parent corporation if:

(1) One hundred percent of the voting stock, exclusive of any share owned by directors, of each of the corporations, except the parent corporation, is owned by one or more of the other corporations; and

(2) The common parent corporation owns, directly, 100 percent of the voting stock, exclusive of any shares owned by directors, of at least one of the other corporations.

(c) When a corporation, partnership, other legal entity or any other person obtains control, as defined in Section 25105, in any corporation, or obtains a majority ownership interest in any partnership or other legal entity through the purchase or transfer of corporate stock, partnership interest, or ownership interests in other legal entities, such purchase or transfer of such stock or other interest shall be a change of ownership of property owned by the corporation, partnership, or other legal entity in which the controlling interest is obtained.

(d) Whenever property is transferred to a legal entity in a transaction excluded from change in ownership by subdivision (a) of Section 62, the persons holding ownership interests in such legal entity immediately after the transfer shall be considered the "original coowners." Whenever shares or other ownership interests representing cumulatively more than 50 percent of the total interests in the entity are transferred by any of the original coowners in one or more transactions, a change in ownership of the real property owned by the legal entity shall have occurred, and the property shall be reappraised by the assessor pursuant to Section 65.

The date of reappraisal shall be the date of the transfer of the ownership interest representing individually or cumulatively more than 50 percent of the interests in the entity.

The persons holding ownership interests in the legal entity immediately following the reappraisal shall be considered the new original coowners.

(e) In order to assist in the determination of whether a change of ownership has occurred under subdivision (c), the Franchise Tax Board shall include a question in substantially the following form on returns for partnerships, banks and corporations (except tax-exempt organizations):

If the corporation (partnership) owns real property in California, was control of the corporation (partnership) transferred or sold during the year?

(See instructions.)

If an entity answers "yes" to the above question, then the Franchise Tax Board will furnish the name and address of such entity to the State Board of Equalization.

SEC. 2.5. Section 408.1 of the Revenue and Taxation Code, as added by Chapter 411 of the Statutes of 1980, is repealed.

SEC. 2.6. Section 408.1 is added to the Revenue and Taxation Code, to read:

408.1. (a) The assessor shall maintain a list of transfers of any interest in property, other than undivided interests, within the county, which have occurred within the preceding two-year period.

(b) The list shall be divided into geographical areas and shall be revised on the 30th day of each calendar quarter to include all such transactions which are recorded as of the preceding quarter.

(c) The list shall contain the following information:

(1) Transferor and transferee, if available;

(2) Assessor's parcel number;

(3) Address of the sales property;

(4) Date of transfer;

(5) Date of recording and recording reference number;

(6) Where it is known by the assessor, the consideration paid for such property; and

(7) Additional information which the assessor in his discretion may wish to add to carry out the purpose and intent of this section. Other than sales information, the assessor shall not include information on the list which relates to the business or business affairs of the owner of the property, information concerning the business carried on upon the subject property, or the income or income stream generated by the property.

(d) The list shall be open to inspection by any person. The assessor may require the payment of a nonrefundable fee equal to an amount which would reimburse local agencies for their actual administrative costs incurred in such inspections or ten dollars (\$10), whichever is the lesser amount.

(e) The provisions of this section shall not apply to any county with a population of under 50,000 people, as determined by the 1970 federal decennial census.

(f) Pursuant to Section 481, the assessor shall not include

information on the list which was furnished in the change in ownership statement by the transferee and is not otherwise public information.

SEC. 3. Section 480 of the Revenue and Taxation Code is amended to read:

480. Whenever any change in ownership of real property or of a mobilehome subject to local property taxation and which is assessed by the county assessor occurs, the transferee shall file a signed change in ownership statement in the county where the real property or mobilehome is located, as provided for in subdivision (b).

(a) The change in ownership statement shall be declared to be true under penalty of perjury and shall give such information relative to the real property or mobilehome acquisition transaction as the board shall prescribe after consultation with the California Assessors' Association. Such information shall include, but not be limited to, a description of the property, the parties to the transaction, the date of acquisition, the amount, if any, of the consideration paid for the property, whether paid in money or otherwise, and the terms of the transaction. The change in ownership statement shall not include any question which is not germane to the assessment function. The statement shall contain a notice that is printed, with the title in at least 14-point boldface type and the body in at least 10-point boldface type, in the following form:

**“Important Notice”**

“The law requires any person acquiring an interest in real property or mobilehome subject to local property taxation and which is assessed by the county assessor to file a change in ownership statement with the county recorder or assessor. The change in ownership statement must be filed within 45 days of the date of recording or, if the transfer is not recorded, within 45 days of the date of the change in ownership. The failure to file a change in ownership statement within 45 days after receipt of a written request by the assessor results in a penalty of one hundred dollars (\$100) or 10 percent of the current year's taxes on the real property or mobilehome, whichever is greater. This penalty will be added to the roll and shall be treated and collected like, and shall be subject to the same penalties for delinquency as, all other taxes on the roll on which it is entered.”

(b) If the document evidencing a change in ownership is recorded in the county recorder's office, then the statement shall be filed either with the recorder at the time of recordation or with the assessor within 45 days from the date of recordation. If the document evidencing a change in ownership is not recorded, then the statement shall be filed with the assessor no later than 45 days from the date the change in ownership occurs.

(c) Whenever a change in ownership statement is filed with the county recorder's office, the recorder shall transmit, as soon as possible, the original statement or a true copy thereof to the assessor along with a copy of every recorded document as required by Section 255.7.

(d) The change in ownership statement may be filed with the assessor through the United States mail, properly addressed with the postage prepaid.

(e) Upon receipt of a change in ownership statement which has either been transmitted by the county recorder's office or been filed directly by the transferee, the assessor shall enter the prior assessment year value and an indication as to whether a change in ownership, as defined in Section 60, has occurred on the statement.

(f) In the case of a corporate transferee of property, the change in ownership statement shall be signed either by an officer of the corporation or an employee or agent who has been designated in writing by the board of directors to sign such statements on behalf of the corporation.

(g) A change in ownership statement shall be filed whenever there is a change in control of any corporation, or a change in the majority ownership of a partnership or other legal entity, as defined in subdivision (c) of Section 64.

(h) In the case of a partnership or other legal entity, the statement shall be signed by an officer, partner, or an employee or agent who has been designated in writing by the partnership or legal entity.

(i) In the case of a change in ownership where the transferee is not locally assessed, no change in ownership statement is required.

Within 45 days of the change in control; the statement shall be filed with the assessor of every county in which the corporation, partnership or other legal entity owns real property, or, at the election of the taxpayer, with the board at its office in Sacramento. If the statement is filed with the board, it shall list all counties in which the corporation, partnership or legal entity owns real property.

If the corporation, partnership, or legal entity fails to file such statement within 45 days of the change in control, a penalty of 10 percent of the current year's taxes shall be added to the assessment made on the current roll after a new base year value reflecting the change in control has been established.

The assessor may inspect any and all records and documents of a corporation, partnership or legal entity to ascertain whether a change in control as defined in Section 64(c) has occurred. The corporation, partnership, or legal entity shall upon request, make such documents available to the assessor during normal business hours.

SEC. 4. Section 480 of the Revenue and Taxation Code is amended to read:

480. Whenever any change in ownership of real property or of a mobilehome subject to local property taxation, and which is assessed

by the county assessor, occurs, the transferee shall file a signed change in ownership statement in the county where the real property or mobilehome is located, as provided for in subdivision (b).

(a) Except as provided in subdivision (b), the change in ownership statement shall be declared to be true under penalty of perjury and shall give such information relative to the real property or mobilehome acquisition transaction as the board shall prescribe after consultation with the California Assessors' Association. Such information shall include, but not be limited to, a description of the property, the parties to the transaction, the date of acquisition, the amount, if any, of the consideration paid for the property, whether paid in money or otherwise, and the terms of the transaction. The change in ownership statement shall not include any question which is not germane to the assessment function. The statement shall contain a notice that is printed, with the title in at least 14-point boldface type and the body in at least 10-point boldface type, in the following form:

**"Important Notice"**

"The law requires any transferee acquiring an interest in real property or mobilehome subject to local property taxation, and which is assessed by the county assessor, to file a change in ownership statement with the county recorder or assessor. The change in ownership statement must be filed at the time of recording or, if the transfer is not recorded, within 45 days of the date of the change in ownership. The failure to file a change in ownership statement within 45 days from the date of a written request by the assessor results in a penalty of one hundred dollars (\$100) or 10 percent of the current year's taxes on the real property or mobilehome, whichever is greater. This penalty will be added to the roll and shall be treated and collected like, and shall be subject to the same penalties for delinquency as, all other taxes on the roll on which it is entered."

(b) The change in ownership statement may be attached to or accompany the deed or other document evidencing a change in ownership filed for recording, in which case such notice, declaration under penalty of perjury, and any information contained in the deed or other transfer document otherwise required by subdivision (a) may be omitted.

(c) If the document evidencing a change in ownership is recorded in the county recorder's office, then the statement shall be filed with the recorder at the time of recordation. However, the recordation of the deed or other document evidencing a change in ownership shall not be denied or delayed because of the failure to file a change of ownership statement, or filing of an incomplete statement, in accordance with this subdivision. If the document evidencing a change in ownership is not recorded or is recorded without the

concurrent filing of a change in ownership statement, then the statement shall be filed with the assessor no later than 45 days from the date the change in ownership occurs.

(d) Whenever a change in ownership statement is filed with the county recorder's office, the recorder shall transmit, as soon as possible, the original statement or a true copy thereof to the assessor along with a copy of every recorded document as required by Section 255.7.

(e) The change in ownership statement may be filed with the assessor through the United States mail, properly addressed with the postage prepaid.

(f) In the case of a corporate transferee of property, the change in ownership statement shall be signed either by an officer of the corporation or an employee or agent who has been designated in writing by the board of directors to sign such statements on behalf of the corporation.

(g) No person or entity acting for or on behalf of the parties to a transfer of real property shall incur liability for the consequences of assistance rendered to the transferee in preparation for any change in ownership statement, and no action may be brought or maintained against any such person or entity as a result of such assistance. Nothing in this section shall create a duty, either directly or by implication, that such assistance be rendered by any person or entity acting for or on behalf of parties to a transfer of real property.

(h) A change in ownership statement shall be filed whenever there is a change in control of any corporation, or a change in the majority ownership of a partnership or other legal entity, as defined in subdivision (c) of Section 64 of this code.

(i) In the case of a partnership or other legal entity, the statement shall be signed by an officer, partner, or an employee or agent who has been designated in writing by the partnership or legal entity.

(j) In the case of a change in ownership where the transferee is not locally assessed, no change in ownership statement is required.

Within 45 days of the change in control; the statement shall be filed with the assessor of every county in which the corporation, partnership or other legal entity owns real property, or, at the election of the taxpayer, with the board at its office in Sacramento. If the statement is filed with the board, it shall list all counties in which the corporation, partnership or legal entity owns real property.

If the corporation, partnership, or legal entity fails to file such statement within 45 days of the change in control, a penalty of 10 percent of the current year's taxes shall be added to the assessment made on the current roll after a new base year value reflecting the change in control has been established.

The assessor may inspect any and all records and documents of a corporation, partnership or legal entity to ascertain whether a change in control as defined in subdivision (c) of Section 64 has occurred. The corporation, partnership, or legal entity shall upon

request, make such documents available to the assessor during normal business hours.

[Approved by Governor September 30, 1980. Filed with Secretary of State September 30, 1980.]

I am reducing the appropriation contained in Section 10 of Assembly Bill No. 3245 from \$140,000,000 to \$50,100,000 by reducing.

- (1) (a) from \$33,333,333 to \$25,000,000

and reducing

- (2) from \$40,000,000 to \$100,000.

The \$100,000 in (2) will provide funds for planning and I will include funding in next year's budget to address the needs of county jails.

EDMUND G BROWN JR, Governor

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares that many county health facilities are old and in need of repair, maintenance, upgrading, or replacement. As a result of the adoption by the voters of Article XIII A of the California Constitution, counties are unable to increase property tax rates for the repayment of new bonded indebtedness, and it has accordingly become infeasible to finance the improvement or construction of county health facilities by this method. Similarly, there are obstacles to revenue bond financing for county health facilities, since such facilities are operated at a loss due to county obligations under Section 17000 of the Welfare and Institutions Code to provide relief and support to resident indigents and others.

The Legislature finds and declares that many county jail facilities are old, outdated, or overcrowded and in need of repair, maintenance, upgrading, or replacement. County jails are faced with fiscal pressures of an unprecedented magnitude as a result of county revenue reductions and increased demands on local correctional facilities. Further, the Board of Corrections establishes minimum standards for county jail facilities which many counties do not now meet.

The Legislature further finds and declares that counties through their health care facilities provide public health services for all county residents, and personal health care services for county

indigents, as well as training of health personnel for the state as a whole. Because of these unique and valuable functions, county health facilities serve a clear public purpose and are entitled to special state consideration.

The Legislature further finds and declares that county jail facilities are an essential component in the total criminal justice system, providing short-term local incarceration and cost saving sentencing alternatives such as work furlough and honor camps for minor offenders who should not be sentenced to state prison. County jail facilities also provide secured detention for individuals awaiting trial who, having been found to be a risk to abscond, are not suitable for release upon bail or their own recognizance. Because of these functions, county jail facilities serve a clear public purpose and should be given special state consideration.

It is, therefore, the intent of the Legislature in enacting this act to assist counties in financing necessary construction and improvement of county health facilities, and to recognize and implement an appropriate means for assuming the state's fair share of fiscal responsibility for the capital expenditures incident to counties fulfilling their public functions, particularly the state's requirements under Section 17000 of the Welfare and Institutions Code.

It is, therefore, the intent of the Legislature in enacting this act to assist counties in financing necessary construction and improvements to county jail facilities.

SEC. 3. Section 15438.5 of the Government Code is amended to read:

15438.5. (a) It is the intent of the Legislature in enacting this part to provide financing only, and, except as provided in subdivision (b), only to health facilities which can demonstrate the financial feasibility of their projects without regard to the more favorable interest rates anticipated through the issuance of revenue bonds under this part. It is further the intent of the Legislature that all or part of any savings experienced by a participating health institution, as a result of such tax-exempt revenue bond funding, be passed on to the consuming public through lower charges or containment of the rate of increase in hospital rates. It is not the intent of the Legislature in enacting this part to encourage unneeded health facility construction. Further, it is not the intent of the Legislature to authorize the authority to control or participate in the operation of hospitals, except where default occurs or appears likely to occur.

(b) When determining the financial feasibility of projects for county health facilities, the authority shall consider the more favorable interest rates reasonably anticipated through the issuance of revenue bonds under this part. SEC. 7. Section 436.8 of the Health and Safety Code is amended to read:

436.8. A loan shall be eligible for insurance under this chapter if all of the following conditions are met:

(a) When the borrower is a nonprofit corporation, such loan shall be secured by a mortgage, first lien, trust indenture, or such other

security agreement as the office may require subject only to such conditions, covenants and restrictions, easements, taxes, and assessments of record approved by the office. When the borrower is a political subdivision, such loan may be evidenced by a duly authorized bond issue. A loan to a local hospital district or county may meet the requirement of this subdivision by either method.

(b) The borrower obtains an American Land Title Association title insurance policy with the office designated as beneficiary, with liability equal to the amount of the loan insured under this chapter, and with such additional endorsements as the office may reasonably require.

(c) The proceeds of the loan shall be used exclusively for the construction, improvement, or expansion of the health facility, as approved by the office under Section 436.4. However, loans insured pursuant to this chapter may include loans to refinance another prior loan, whether or not state insured and without regard to the date of the prior loan, if the office determines that the prior loan would have been eligible for insurance under this chapter at the time it was made. The office may not insure a loan for a health facility which is not needed as determined by the state plan developed under the authorization of Section 436.4.

(d) The loan shall have a maturity date not exceeding 30 years from the date of the beginning of amortization of the loan, except as authorized by subdivision (e), or 75 percent of the office's estimate of the economic life of the health facility, whichever is the lesser.

(e) The loan shall contain complete amortization provisions requiring periodic payments by the borrower not in excess of its reasonable ability to pay as determined by the office. The office shall permit a reasonable period of time during which the first payment to amortization may be waived on agreement by the lender and borrower. The office may, however, waive the amortization requirements of this subdivision and of subdivision (g) of this section when a term loan would be in the borrower's best interest.

(f) The loan shall bear interest on the amount of the principal obligation outstanding at any time at a rate, as negotiated by the borrower and lender, as the office finds necessary to meet the loan money market. As used in this chapter, "interest" does not include premium charges for insurance and service charges if any. Where a loan is evidenced by a bond issue of a political subdivision, the interest thereon may be at any rate which such bonds may legally bear.

(g) The loan shall provide for the application of the borrower's periodic payments to amortization of the principal of the loan.

(h) The loan shall contain such terms and provisions with respect to insurance, repairs, alterations, payment of taxes and assessments, foreclosure proceedings, anticipation of maturity, additional and secondary liens, and other matters as the office may in its discretion prescribe.

(i) The loan shall have a principal obligation not in excess of an

amount equal to 90 percent of the total construction cost. Where the borrower is a political subdivision, the office may fully insure loans equal to the total construction cost.

(j) The borrower shall offer reasonable assurance that the services of the health facility will be made available to all persons residing or employed in the area served by the facility.

(k) A certificate of need or certificate of exemption has been issued for the project to be financed pursuant to Part 1.5 (commencing with Section 437) of this division, unless the project is not subject to such requirement. With respect to projects for which a certificate of exemption has been issued or which are otherwise exempt from the requirement for a certificate of need, the director of the office may require a showing of need for the project be demonstrated in an informal review process to be conducted by the health systems agency for the area, as designated pursuant to federal Public Law 93-641, and by the Division of Certificate of Need of the office. The health systems agency and the Division of Certificate of Need shall submit their recommendations and analyses respecting the project to the director of the office within 20 days after receiving the director's request for such review.

(l) In the case of acquisitions, a project loan shall be guaranteed only for transactions not in excess of the fair market value of the acquisition.

Fair market value shall be determined, for purposes of this subdivision, pursuant to the following procedure, which shall be utilized during the state review of a loan guarantee application:

(1) Completion of a property appraisal by an appraisal firm qualified to make appraisals, as determined by the office, before closing a loan on the project.

(2) Evaluation of the appraisal in conjunction with the book value of the acquisition by the office. When acquisitions involve additional construction, the office shall evaluate the proposed construction to determine that the costs are reasonable for the type of construction proposed. In those cases where this procedure reveals that the cost of acquisition exceeds the current value of a facility, including improvements, then the acquisition cost shall be deemed in excess of fair market value.

In determining financial feasibility of projects of counties pursuant to this section, the office shall take into consideration any assistance for the project to be provided under Section 16715 of the Welfare and Institutions Code or from other sources. It is the intent of the Legislature that the office endeavor to assist counties in whatever ways are possible to arrange loans which will meet the requirements for insurance prescribed by this section.

SEC. 8. Section 6029.1 is added to the Penal Code, to read:

6029.1. (a) There is hereby created the County Jail Capital Expenditure Fund. Moneys in the County Jail Capital Expenditure Fund shall be expended by the Board of Corrections as specified in this section to assist counties to finance jail construction. Moneys in

All interest or other increment resulting from such investment shall be deposited in the County Jail Capital Expenditure Fund, notwithstanding Section 16305.7 of the Government Code.

(b) As used in this section, "construction" shall include, but not be limited to, reconstruction, remodeling, replacement of facilities, and the performance of deferred maintenance activities on facilities pursuant to rules and regulations regarding such activities as shall be adopted by the Board of Corrections.

(c) The Board of Corrections shall provide financial assistance to counties from the County Jail Capital Expenditure Fund according to policies, criteria, and procedures adopted by the board pursuant to recommendations made by the Subcommittee on Corrections of the Senate Judiciary Committee and an appropriate subcommittee of the Assembly Criminal Justice Committee and after consulting with a representative sample of county boards of supervisors and sheriffs.

(d) In performing the duties set forth in this section, the Board of Corrections and the policy committees of the Legislature shall consider the following:

(1) The extent to which the county requesting aid has exhausted all other available means of raising the requested funds for the capital improvements and the extent to which the funds from the County Jail Capital Expenditure Fund will be utilized to attract other sources of capital financing for county jail facilities;

(2) The extent to which a substantial county match shall be required and any circumstances under which the county match may be reduced or waived;

(3) The extent to which the county's match shall be based on the county's previous compliance with Board of Corrections standards;

(4) The extent to which the capital improvements are necessary to the life or safety of the persons confined or employed in the facility or the health and sanitary conditions of the facility;

(5) The extent to which the county has utilized reasonable alternatives to pre- and post-conviction incarceration, including, but not limited to, programs to facilitate release upon one's own recognizance where appropriate to individuals pending trial, sentencing alternatives to custody, and civil commitment or diversion programs consistent with public safety for those with drug or alcohol related problems or mental or developmental disabilities.

The remainder of the cost of the project may be financed with any moneys available to the county for such purpose, including a loan or other financing method.

Loans under this section may be made for an amount not exceeding 80 percent of the project costs, for a term not exceeding 40 years, and shall bear interest on the unpaid principal balance at a rate to be computed annually, which shall be the same as the average rate returned by the Pooled Money Investment Board for the past five fiscal years immediately preceding the year in which the loan payment is made. The State Department of Health Services shall not require loans under this section to be secured or insured, but shall require as a condition of making such a loan that there be a feasible plan for repayment.

The extent to which state assistance under this section shall be in the form of grants or loans, and the discretionary terms of such assistance, shall be established by the State Department of Health Services, as will best serve the needs of each health service area in improving the availability or quality of county health care services. It is the intent of the Legislature that, in providing financial assistance under this section, the State Department of Health Services shall endeavor to equalize the availability of such assistance

The area health planning agency shall hold one or more public hearings on the application and shall transmit its recommendation to the State Director of Health Services, who shall make the final decision.

(3) The extent to which the project will facilitate access of county indigents to health care services, particularly primary health services.

(4) The immediate and long-term financial feasibility of the project, taking into consideration all forms of assistance proposed to be obtained for the project.

(5) In the case of modernization projects, the extent of physical deterioration of the facilities or equipment to be improved, remodeled, or replaced.

(6) The adequacy of the county health services plan in meeting basic public health needs and the personal health needs of indigents.

(7) The extent to which the county is moving towards a more organized or efficient system of health care delivery.

(8) The extent to which the project is required to eliminate or prevent imminent safety hazards, as defined by federal, state, or local laws or regulations, or to comply with state licensure standards, or to comply with accreditation standards.

(9) The extent to which funds from the Local Health Capital Expenditure Account will be utilized to attract other sources of capital funding for county health facilities.

(e) The State Department of Health Services shall disburse financial assistance under this section pursuant to a contract with the recipient county, which shall specify the conditions of the grant or loan. Such conditions may include provisions which assure

compliance with the health care objectives for which the application was approved or given priority.

Moneys transferred from the Special Account for Capital Outlay to the County Jail Capital Expenditure Fund pursuant to this section shall not be subject to restrictions on the use of moneys in the Special Account for Capital Outlay, including any requirement for approval by the State Allocation Board.

In the event Assembly Bill No. 2973 of the 1979–80 Regular Session is not chaptered, or as chaptered does not provide for establishment of a Special Account for Capital Outlay in the General Fund, the amount appropriated by this section for transfer to the Local Health Capital Expenditure Account shall, instead, be appropriated, on a first priority basis, from moneys in the Capital Outlay Fund for Public Higher Education deposited therein pursuant to Section 6217 of the Public Resources Code, provided, however, that the obligations in subdivisions (a), (b), (c), and (d) of Section 6217 of the Public Resources Code have been met, and provided, further, that the Chairman of the State Lands Commission finds that there existed as of July 1, 1980, an unencumbered balance available for appropriation of not less than one hundred twenty-five million dollars (\$125,000,000) in the Capital Outlay Fund for Public Higher Education.

the changes in Section 15432 proposed by this bill. Therefore, if this bill and Assembly Bill 2992 are both chaptered and become effective on or before January 1, 1981, and Assembly Bill 2992 is chaptered before this bill and amends Section 15432, Section 2.1 of this act shall become operative on the effective date of this act and Section 2 of this act shall not become operative.

## CHAPTER 1352

An act to amend Sections 6094 and 6244 of the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1980 Filed with  
Secretary of State September 30, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 6094 of the Revenue and Taxation Code is amended to read:

6094. (a) If a purchaser who gives a resale certificate makes any use of the property other than retention, demonstration, or display while holding it for sale in the regular course of business, the use shall be taxable to the purchaser under Chapter 3 (commencing with Section 6201) of this part as of the time the property is first used by him, and, except as provided in subdivisions (b), (c), and (d) of this section, the sales price of the property to him shall be the measure of the tax.

(b) If such use is limited to the loan of the property to customers as an accommodation while awaiting delivery of property purchased or leased from the lender or while property is being repaired for customers by the lender, the measure of the tax is the fair rental value of the property for the duration of each loan so made.

(c) If the property is used frequently for purposes of demonstration or display while holding it for sale in the regular course of business and is used partly for other purposes, the measure of the tax is the fair rental value of the property for the period of such other use or uses.

(d) If the property is mobile transportation equipment as defined in Section 6023, and the use is limited to leasing the equipment, the purchaser may elect to pay his use tax measured by the fair rental value, if the election is made on or before the due date of a return for the period in which the equipment is first leased. The election must be made by reporting tax measured by the fair rental value on the return for that period, or in such other manner as the board may prescribe. Tax must thereafter be paid with the return for each reporting period, measured by the fair rental value, whether the equipment is within or without the state. The election may not be

revoked with respect to the equipment as to which it is made.

(e) As used in subdivision (d), the term "fair rental value" means the rentals required by the purchaser under the lease except where the board determines that such rentals are nominal. The term shall not include any reimbursement payments made by the lessee to the purchaser for such use tax.

SEC. 2. Section 6244 of the Revenue and Taxation Code is amended to read:

6244. (a) If a purchaser who gives a resale certificate or purchases property for the purpose of reselling it makes any storage or use of the property other than retention, demonstration, or display while holding it for sale in the regular course of business, the storage or use is taxable as of the time the property is first so stored or used.

(b) If such use is limited to the loan of the property to customers as an accommodation while awaiting delivery of property purchased or leased from the lender or while property is being repaired for customers by the lender, the measure of the tax is the fair rental value of the property for the duration of each loan so made.

(c) If the property is used frequently for purposes of demonstration or display while holding it for sale in the regular course of business and is used partly for other purposes, the measure of the tax is the fair rental value of the property for the period of such other use or uses.

(d) If the property is mobile transportation equipment as defined in Section 6023, and the use is limited to leasing the equipment, the purchaser may elect to pay his use tax measured by the fair rental value, if the election is made on or before the due date of a return for the period in which the equipment is first leased. The election must be made by reporting tax measured by the fair rental value on the return for that period, or in such other manner as the board may prescribe. Tax must thereafter be paid with the return for each reporting period, measured by the fair rental value, whether the equipment is within or without the state. The election may not be revoked with respect to the equipment as to which it is made.

(e) As used in subdivision (d), the term "fair rental value" means the rentals required by the purchaser under the lease except where the board determines that such rentals are nominal. The term shall not include any reimbursement payments made by the lessee to the purchaser for such use tax.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The enactment of Sections 6092.1 and 6243.1 of the Revenue and Taxation Code by Chapter 1161 of the Statutes of 1979, has raised certain ambiguities and uncertainty with respect to the determination of what constitutes fair rental value for purposes of the use tax payable in connection with leases of mobile transportation equipment. In order to remove such uncertainty at

the earliest possible time, it is necessary that this act take effect immediately.

The minimum inflation adjustment in each fiscal year shall be the amount of the maximum inflation adjustment reduced by sixty-five dollars (\$65).

(e) Utilizing the district revenue limit per unit of average daily attendance for the preceding fiscal year computed pursuant to paragraph (2) of subdivision (b) of Section 42237 or this section, as the case may be, the county superintendent of schools shall compute an inflation adjustment as follows:

(1) For districts with a revenue limit per unit of average daily attendance in the preceding fiscal year which was less than the amount specified in subdivision (b), the maximum inflation allowance plus an additional amount not to exceed twenty-five dollars (\$25) if the district will qualify for the maximum inflation adjustment in the next succeeding fiscal year.

(2) For districts with a revenue limit per unit of average daily attendance in the preceding fiscal year which was greater than the amount specified in subdivision (b), but less than the amount specified in subdivision (c), determine the difference between the prior year amount specified in subdivision (c) and the district's prior year revenue limit per unit of average daily attendance. Multiply that difference by 65 and divide that product by the difference between the prior year amounts specified in subdivisions (b) and (c). This result added to the minimum inflation adjustment specified in subdivision (d) shall be the inflation adjustment.

(3) For districts with a revenue limit per unit of average daily attendance in the preceding fiscal year which was equal to or greater than the amount specified in subdivision (c) the inflation adjustment shall be the minimum inflation adjustment specified in subdivision (d).

(f) The amount computed pursuant to subdivision (e) shall be added to the revenue limit per unit of average daily attendance computed pursuant to paragraph (2) of subdivision (b) of Section 42237, excluding any funds resulting from an adjustment pursuant to Section 42950 as it read prior to amendment by Chapter 238 of the Statutes of 1979, for the 1980–81 fiscal year, or the amount computed pursuant to this subdivision for the 1981–82 fiscal year and each fiscal year thereafter. This amount shall be known as the school district revenue limit per unit of average daily attendance for the fiscal year for which it was computed.

(g) The county superintendent of schools shall determine the district's total revenue limit for the current year by adding the following:

(1) The amount obtained by multiplying the revenue limit determined pursuant to subdivision (f) by the sum of the second

principal apportionment regular average daily attendance and the product of 0.6 times the sum of the summer average daily attendance for graduating high school seniors and pupils participating in summer school programs in grades 7 to 12, inclusive, who do not meet the district's adopted proficiency standards. For regional occupational centers and regional occupational programs and adult education programs and classes the fiscal year units of average daily attendance shall be used.

(2) The amount determined pursuant to Sections 42239, 42241.7, and 42243.6.

(3) The amounts computed in the preceding fiscal year for meals for needy pupils programs multiplied by 1.06, and adjusted for pupil participation.

(4) The amount of the adult education block entitlement as follows:

(A) The adult education block entitlement shall be computed by multiplying the amount per unit of adult average daily attendance for the preceding fiscal year times the product of 1.06 and the number of units of adult average daily attendance for the programs specified in Section 41976, provided that in no event shall the amount per unit of adult average daily attendance exceed the district's prior year adult education revenue limit if it is greater than 1.06 times the prior year statewide average adult education revenue limit pursuant to subdivision (c) of Section 42237.

(B) In the event the district's adult education block entitlement computed pursuant to subparagraph (A) is greater than the following calculations, the following calculations shall be the maximum block entitlement that shall be apportioned to the district:

(i) Multiply the prior fiscal year adult average daily attendance for the programs specified in Section 41976 by 1.02.

(ii) Multiply the amount determined in paragraph (i) by the district's adult revenue limit per unit of average daily attendance for the current fiscal year.

(iii) This maximum block entitlement may be exceeded pursuant to the provisions of subparagraph (C) when unencumbered funds are reallocated.

(C) If the adult average daily attendance of a school district is less than the adult average daily attendance utilized to compute the funded district adult education block entitlement, the district shall receive an apportionment only for the actual average daily attendance generated. Any surpluses accrued as a result of average daily attendance not generated in a district's block entitlement shall be reallocated after the first principal apportionment by the Superintendent of Public Instruction for meeting specific needs or unanticipated growth in adult education, or both. The receipt of reallocated funds shall not be used for computational purposes for the district's block entitlement for subsequent years.

(D) The adult education block entitlement shall be deposited in a separate fund of the district to be known as the "adult education

fund." Moneys in an adult education fund can only be expended for adult education purposes.

Moneys received for programs other than adult education shall not be expended for adult education.

(E) Each school district which conducted adult education programs for substantially handicapped adults in activity centers, work activity centers, sheltered workshops, schools, state hospitals, and other community settings, shall set aside an amount of money from its adult education block entitlement equal to its current fiscal year revenue limit times the average daily attendance generated in these facilities in the 1979-80 fiscal year times 1.02. The school district shall operate classes in these facilities and shall use all funds set aside pursuant to this subparagraph exclusively for such classes.

(h) In no event shall the amount computed pursuant to this section in the 1980-81 fiscal year be less than the product of 1.02 times the amount computed pursuant to Section 42237, exclusive of adjustments pursuant to Section 42245.

(i) The Superintendent of Public Instruction shall apportion to each school district in the 1980-81 fiscal year and in each fiscal year thereafter, the amount determined in this section less the sum of:

(1) The district's property tax revenue received pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of the Revenue and Taxation Code.

(2) The amount, if any, received pursuant to Part 18.5 (commencing with Section 38101) of the Revenue and Taxation Code.

(3) The amount, if any, received pursuant to Chapter 3 (commencing with Section 16140) of the Government Code.

(4) Prior year taxes and taxes on the unsecured roll.

(5) Fifty percent of the amount received pursuant to Section 41603.

(6) The amount of motor vehicle license fees distributed pursuant to Section 11003.4 of the Revenue and Taxation Code.

SEC. 28. Section 42238.3 of the Education Code is repealed.

SEC. 29. Section 42241.3 of the Education Code is amended to read:

42241.3. (a) For the 1980-81 fiscal year and each fiscal year thereafter, the revenue limit of each school district authorized pursuant to Section 42238 shall be increased by the following amount:

(1) For districts that did not operate under the Master Plan for Special Education in fiscal year 1979-80:

(A) The county superintendent shall divide the state aid for special education received by the district in the 1979-80 fiscal year for the purpose of providing instruction in the home or hospital for pupils with temporary physical disabilities by the average daily attendance in such programs for the 1979-80 fiscal year.

(B) The quotient computed pursuant to subparagraph (A) shall be increased by 9 percent for the 1980-81 fiscal year, and shall be cumulatively increased in each fiscal year thereafter by the inflation

increase applied to the district's revenue limit pursuant to Section 42238.

(C) The amount computed pursuant to subparagraph (B) shall be multiplied by the average daily attendance in such programs for the district for the then current fiscal year.

(2) For districts that operated under the Master Plan for Special Education in fiscal year 1979-80:

(A) The county superintendent shall compute the district's total cost of operating programs of instruction in the home or hospital for pupils with temporary physical disabilities in the 1979-80 fiscal year. Such total cost shall not exceed the number of pupils enrolled in such programs in the 1979-80 fiscal year multiplied by two thousand two hundred ninety-six dollars (\$2,296).

(B) From the amount computed pursuant to subparagraph (A), the county superintendent shall subtract an amount equal to the district's 1979-80 fiscal year revenue limit per unit of average daily attendance pursuant to subdivision (c) of Section 42237 multiplied by the district's average daily attendance in programs of instruction in the home or hospital for pupils with temporary physical disabilities in the 1979-80 fiscal year.

(C) The amount computed pursuant to subparagraph (B) shall be divided by the district's average daily attendance in programs of instruction in the home or hospital for pupils with temporary physical disabilities for the 1979-80 fiscal year.

(D) The amount computed pursuant to subparagraph (C) shall be increased by 9 percent for the 1980-81 fiscal year, and shall be cumulatively increased in each fiscal year thereafter by the inflation increase applied to the district's revenue limit pursuant to Section 42238.

(E) The amount computed pursuant to subparagraph (D) shall be multiplied by the average daily attendance in such programs for the then current year.

The amount determined by the superintendent for any school district which provided special educational programs for such pupils during the 1976-77 fiscal year shall not be less than the average level of support for such pupils during that fiscal year.

(3) Explain each type of assessment instrument to be administered, the purpose of the instrument, and the professional personnel responsible for the administration and interpretation of the instrument.

(4) Fully explain the facts which make an assessment necessary or desirable.

(5) State that no educational placement will result from the assessment without the consent of the parent.

(c) No assessment shall be conducted unless the written consent of the parent is obtained prior to the assessment except pursuant to subdivision (e) of Section 56506. In order to be eligible for special education and related services, difficulty in understanding or using spoken language shall be assessed by a language, speech, and hearing specialist who determines that such difficulty results from any of the following disorders:

[Approved by Governor September 30, 1980 Filed with  
Secretary of State September 30, 1980 ]

I am deleting the appropriations and related language contained in Section 37 74 of Assembly Bill No 2196 for the education of adults in correctional facilities Since the 1980 Budget Act contains \$1,080,000 for these costs, this bill would have provided double funding for this program in 1980-81

I am also eliminating the \$1,000,000 appropriation contained in Section 67 5 of AB 2196 for the mandated local costs associated with Assembly Bill No 3369 This appropriation would duplicate the appropriation contained in AB 3369 for the same purpose

With these reductions, I approve Assembly Bill No 2196.

42237. (a) For the 1978-79 fiscal year, the county superintendent of schools shall, for each school district in the county:

(1) Utilizing the second principal apportionment units of average daily attendance for the 1978-79 fiscal year and the adult and summer school units of average daily attendance for the 1977-78 fiscal year, recalculate the 1978-79 funding level pursuant to Section 2 of Chapter 292 of the Statutes of 1978, as amended by Chapter 332, Statutes of 1978 and Chapter 119, Statutes of 1979, excluding the adjustments authorized pursuant to former Sections 42239, 42241.7, 42243.6, 42245, and 46605, and 50 percent of the amount of adjustment authorized by Section 42950 as it read prior to amendment by Chapter 238 of the Statutes of 1979.

(2) Deduct the following from the amount determined in paragraph (1):

(A) The amounts which the district received, but not to exceed the amount expended in the 1978-79 fiscal year, for purposes of child development, developmental centers for handicapped pupils, and meals for needy pupils programs from funds provided pursuant to Chapter 292 of the Statutes of 1978, as amended by Chapter 332 of the Statutes of 1978, and Chapter 119 of the Statutes of 1979.

(B) An amount equal to the 1978-79 school year adult average daily attendance generated in the adult education programs specified in Item 316.1 of the Budget Act of 1978 (Ch. 359, Stats. 1978) multiplied by the 1978-79 adult revenue limit computed pursuant to either subdivision (f) or (g) and subdivision (i) of Section 43001 of the Education Code reduced by the district's reduction factor calculated pursuant to Section 2 of Chapter 292 of the Statutes of 1978 as amended by Chapter 332, Statutes of 1978, and Chapter 119, Statutes of 1979.

(B) The balances of funds on June 30, 1977, restricted for meals for

needy pupils for districts which levied no tax pursuant to Section 49502 of the Education Code in the 1977-78 fiscal year.

(C) One half of the amount of salary increases granted to classified employees of a school district in the fiscal years 1974-75 to 1979-80, inclusive, by the board of supervisors of a city and county.

(D) Any revenue limit increase authorized pursuant to Section 42244 which was not authorized to be levied prior to the 1979-80 fiscal year.

(4) Divide the amount determined in paragraph (3) by the sum of the 1978-79 second principal apportionment units of average daily attendance in the regular school year and in summer programs for graduating high school seniors. That amount shall be known as the school district's revenue limit per unit of average daily attendance for the 1978-79 fiscal year.

(5) The Superintendent of Public Instruction shall determine the statewide weighted mean revenue limit computed pursuant to paragraph (4) of this subdivision for the following groups of districts. For the purpose of this paragraph, "ADA" is the district's regular average daily attendance.

(A) Elementary districts with 100 or less units of ADA.

(B) Elementary districts with more than 100 and less than 901 units of ADA.

(C) High school districts with less than 301 units of ADA.

(2) The amount determined in paragraph (1) shall be added to the district's 1978-79 fiscal year revenue limit computed pursuant to paragraph (4) of subdivision (a). That result shall be the district's revenue limit per unit of average daily attendance for the 1979-80 fiscal year.

(3) For purposes of computing school district revenue limits for the 1980-81 fiscal year pursuant to Section 42238, the amount computed pursuant to paragraph (2) shall be increased by the quotient of 50 percent of the amount of motor vehicle license fees distributed pursuant to Section 11003.4 of the Revenue and Taxation Code received by the district in the 1979-80 fiscal year divided by the number of units of average daily attendance determined in paragraph (1) of subdivision (c).

(c) The county superintendent shall determine the district's total revenue limit for the 1979-80 fiscal year by adding the following:

(1) The amount obtained by multiplying the revenue limit determined pursuant to subdivision (b) by the sum of the second principal apportionment regular average daily attendance, and the product of 0.6 multiplied by the summer average daily attendance for graduating high school seniors. For regional occupational centers and regional occupational programs and adult education programs and classes the fiscal year units of average daily attendance shall be used.

(2) The amount determined pursuant to Sections 42239, 42241.7, 42243.6, 42245, and 46605.

(3) The amounts for meals for needy pupils and for development centers for handicapped pupils determined in subparagraph (A) of paragraph (2) of subdivision (a) multiplied by 1.07, and adjusted for pupil participation.

(4) An amount for each unit of adult average daily attendance in the 1979-80 fiscal year for the programs specified in subdivision (b) of Section 41976 as follows:

(A) Determine for each district its 1978-79 fiscal year adult revenue limit per unit of average daily attendance computed pursuant to Sections 42244 and 43001.8 and subdivision (f) or (g) of Section 43001 as modified by the appropriate percentage in subdivision (c), (d), or (e) of Section 2 of Chapter 292 of the Statutes of 1978, as amended by Chapter 332 of the Statutes of 1978, as amended by Chapter 119 of the Statutes of 1979, plus the prorated amount allocated pursuant to Item 316.1 of the Budget Act of 1978 (Ch. 359, Stats. 1978) for adult programs.

(B) For districts with an adult revenue limit as determined in subparagraph (A) which is less than the 1978-79 fiscal year statewide average adult revenue limit computed pursuant to subparagraph (A), the adult revenue limit for the 1979-80 fiscal year shall be the amount determined in subparagraph (A) multiplied by 1.07.

(C) For districts with a revenue limit as determined in subparagraph (A) which is between the statewide average adult revenue limit computed pursuant to subparagraph (A) for the 1978-79 fiscal year and the product of 1.07 times that amount the adult revenue limit for the 1979-80 fiscal year shall be 1.07 times the 1978-79 fiscal year statewide average adult revenue limit.

(D) For districts with a revenue limit as determined in subparagraph (A) which is greater than 1.07 times the statewide average adult revenue limit computed pursuant to subparagraph (A) the amount computed pursuant to subparagraph (A) for the 1979-80 fiscal year shall be the amount determined in subparagraph (A) except that for any units of adult average daily attendance in excess of that reported for the second principal apportionment of the 1978-79 fiscal year, the adult revenue limit shall be 1.07 multiplied by the 1978-79 fiscal year statewide average adult revenue limit.

(E) To the amount computed in subparagraph (B), (C), or (D) shall be added the adjustments, if any, made pursuant to Sections 42243.6, 42245, and 46605.

(d) In no event shall the amount computed pursuant to this sec-

tion be less than the product of 1.02 times the amount computed pursuant to Section 2 of Chapter 292 of the Statutes of 1978, as amended by Chapter 332 of the Statutes of 1978, and Chapter 119 of the Statutes of 1979, exclusive of funds expended for the purposes of child development programs.

(e) The Superintendent of Public Instruction shall apportion to each school district in the 1979–80 fiscal year the amount determined in this section less the sum of: (1) the district's property tax revenue received pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of the Revenue and Taxation Code; (2) the amount, if any, received pursuant to Part 18.5 (commencing with Section 38101) of the Revenue and Taxation Code; (3) the amount if any, received pursuant to Chapter 3 (commencing with Section 16140) of the Government Code; (4) prior year taxes and taxes on the unsecured roll; (5) 50 percent of the amount received pursuant to Section 41603.

SEC. 43. Section 42237.6 of the Education Code is amended to read:

42237.6. A high school district providing education to 7th and 8th grade pupils may add to its revenue limit in subparagraph (A) of paragraph (3) of subdivision (a) of Section 42237 an amount computed as follows: (1) compute the amount of state aid and revenue limit increase for the 1978–79 fiscal year pursuant to Sections 23401, 41716, and 41716.5 using the unified district computational tax rates attributable to grades 7 to 12, inclusive, in Section 41716.5 in lieu of the high school district computational tax rates, (2) subtract the actual state aid received in the 1978–79 fiscal year and actual 1978–79 revenue limit increase pursuant to Sections 23401, 41716, and 41716.5 from the amount determined in (1). If the amount determined in (2) is greater than zero, that amount may be added to the district's revenue limit.

This section shall remain in effect only until June 30, 1980, and as of such date is repealed, unless a later enacted statute, which is chaptered before June 30, 1980, deletes or extends such date.

SEC. 44. Section 42237.7 is added to the Education Code, to read:

42237.7. It is the intent of the Legislature to transfer on a permanent basis the junior high school tuition amounts for 7th and 8th grade pupils in junior high schools operated by high school districts from the revenue limits of elementary school districts to the revenue limits of the high school districts. Prior to computing each school district revenue limit for the 1980–81 fiscal year, each elementary and high school district 1979–80 fiscal year revenue limit shall be adjusted pursuant to this section. The adjustment shall not be an adjustment to apportionments for the 1979–80 fiscal year.

(a) The county superintendent of schools having jurisdiction shall, for elementary districts with pupils attending junior high schools operated by a high school district:

(1) Subtract from the 1979–80 fiscal year revenue limit per unit of average daily attendance computed pursuant to paragraph (2) of subdivision (b) of Section 42237 of the elementary district, the

amount of the 1979-80 fiscal year junior high tuition rate per unit of average daily attendance which was calculated to be paid by the elementary district.

(2) Multiply the amount determined in paragraph (1) by the number of units of average daily attendance of the elementary district attending junior high schools operated by a high school district.

(3) Divide the amount determined in paragraph (2) by the number of units of average daily attendance attending kindergarten and grades 1 to 6, inclusive, in the elementary district in the 1979-80 fiscal year.

(4) The amount computed in paragraph (3) shall be added to the amount computed in paragraph (2) of subdivision (b) of Section 42237 to determine the adjusted revenue limit per unit of average daily attendance of the elementary district.

For the 1979-80 fiscal year and each fiscal year thereafter, the elementary school district shall not include in its revenue limit calculation any units of average daily attendance attributable to the attendance of 7th and 8th graders in junior high schools operated by a high school district. The loss of units of average daily attendance due to the transfer of 7th and 8th grade pupils pursuant to this section shall not be used in computing declining enrollment for the elementary district pursuant to Section 42239.

(b) The county superintendent of schools having jurisdiction shall, for high school districts with junior high school pupils:

(1) Multiply the junior high tuition rate for the 1979-80 fiscal year for each elementary district served by the high school district by the number of units of average daily attendance of the appropriate elementary district for the 1979-80 fiscal year and sum the products so determined.

(2) Divide the sum determined in paragraph (1) by the total units of average daily attendance in grades 7 and 8 of the high school district in the 1979-80 fiscal year.

(3) Subtract the amount determined in paragraph (2) from the amount computed for the high school district pursuant to paragraph (2) of subdivision (b) of Section 42237.

(4) Multiply the amount determined in paragraph (3) by the number of units of average daily attendance in the 7th and 8th grades of the high school district in the 1979-80 fiscal year.

(5) Divide the amount determined in paragraph (4) by the number of units of average daily attendance in grades 7 to 12, inclusive, of the high school district in the 1979-80 fiscal year.

(6) The amount computed in paragraph (5) shall be subtracted from to the amount computed in paragraph (2) of subdivision (b) of Section 42237 to determine the adjusted revenue limit per unit of average daily attendance of the high school district.

For the 1980-81 fiscal year and each fiscal year thereafter, all units of average daily attendance generated from pupils attending grades 7 and 8 in a junior high school operated by a high school district shall be credited to the high school district. The Superintendent of Public

Instruction shall establish procedures for the determination of declining enrollment for the high school district pursuant to Section 42239.

(c) Any reduction or addition to the revenue limits of school districts affected by the implementation of this section shall not be considered in the calculation provided for in subdivision (d) of Section 42237.

(d) For the purpose of determining the appropriations limit of school districts affected by this section, the appropriations limit of each school district shall be adjusted in accordance with subdivision (a) of Section 3 of Article XIII B of the California Constitution.

SEC. 45. Section 42238 of the Education Code is amended to read:

42238. (a) For the 1980-81 fiscal year and each fiscal year thereafter the county superintendent of schools shall determine a revenue limit for each school district in the county pursuant to this section, excluding any funds resulting from an adjustment pursuant to Section 42950, as it read prior to its amendment by Chapter 238 of the Statutes of 1979.

(b) For the 1980-81 fiscal year, each district with a revenue limit per unit of average daily attendance computed for the 1979-80 fiscal year pursuant to paragraph (2) of subdivision (b) of Section 42237, shall receive the maximum inflation adjustment if that revenue limit is less than the following amounts:

(1) Elementary districts with less than 101 units of average daily attendance, one thousand seven hundred dollars (\$1,700).

(2) Elementary districts with more than 100 units of average daily attendance, one thousand three hundred fifty dollars (\$1,350).

(3) High school districts with less than 301 units of average daily attendance, one thousand nine hundred dollars (\$1,900).

(4) High school districts with more than 300 units of average daily attendance, one thousand seven hundred dollars (\$1,700).

(5) Unified districts with less than 1,501 units of average daily attendance, one thousand five hundred twenty-five dollars (\$1,525).

(6) Unified districts with more than 1,500 units of average daily attendance, one thousand five hundred dollars (\$1,500).

For computation of revenue limits for the 1981-82 fiscal year and each fiscal year thereafter, the amounts specified in paragraphs (1) through (6) shall be cumulatively increased by the amount of the maximum inflation adjustment for the preceding fiscal year.

(c) For the 1980-81 fiscal year, each district with a revenue limit per unit of average daily attendance computed for the 1979-80 fiscal year pursuant to paragraph (2) of subdivision (b) of Section 42237 shall receive the minimum inflation adjustment if that revenue limit is more than the following amounts:

(1) Elementary districts with less than 101 units of average daily attendance, two thousand two hundred dollars (\$2,200).

(2) Elementary districts with more than 100 units of average daily attendance, one thousand eight hundred fifty dollars (\$1,850).

(3) High school districts with less than 301 units of average daily

attendance, two thousand four hundred dollars (\$2,400).

(4) High school districts with more than 300 units of average daily attendance, two thousand two hundred dollars (\$2,200).

(5) Unified districts with less than 1,501 units of average daily attendance, two thousand twenty-five dollars (\$2,025).

(6) Unified districts with more than 1,500 units of average daily attendance, two thousand dollars (\$2,000).

For the computation of revenue limits for the 1981-82 fiscal year and each fiscal year thereafter, the amounts specified in paragraphs (1) through (6) shall be cumulatively increased by the amount of the difference between the maximum inflation adjustment prescribed in subdivision (d) for the preceding fiscal year and one hundred dollars (\$100).

(d) The maximum inflation adjustment shall be one hundred fifty dollars (\$150) for the 1980-81 fiscal year; one hundred thirty-nine dollars (\$139) for the 1981-82 fiscal year; one hundred thirty dollars (\$130) for the 1982-83 fiscal year; and, one hundred thirty-eight dollars (\$138) for the 1983-84 fiscal year and each fiscal year thereafter. The minimum inflation adjustment in each fiscal year shall be the amount of the maximum inflation adjustment reduced by sixty-five dollars (\$65).

(e) Utilizing the district revenue limit per unit of average daily attendance for the preceding fiscal year computed pursuant to paragraph (2) of subdivision (b) of Section 42237 or this section, as the case may be, the county superintendent of schools shall compute an inflation adjustment as follows:

(1) For districts with a revenue limit per unit of average daily attendance in the preceding fiscal year which was less than the amount specified in subdivision (b) excluding any adjustment pursuant to paragraph (3) of subdivision (b) of Section 42237, the maximum inflation allowance plus an additional amount not to exceed twenty-five dollars (\$25) if the district will qualify for the maximum inflation adjustment in the next succeeding fiscal year.

(2) For districts with a revenue limit per unit of average daily attendance in the preceding fiscal year which was greater than the amount specified in subdivision (b), but less than the amount specified in subdivision (c), determine the difference between the prior year amount specified in subdivision (c) and the district's prior year revenue limit per unit of average daily attendance. Multiply that difference by 65 and divide that product by the difference between the prior year amounts specified in subdivisions (b) and (c). This result added to the minimum inflation adjustment specified in subdivision (d) shall be the inflation adjustment.

(3) For districts with a revenue limit per unit of average daily attendance in the preceding fiscal year which was equal to or greater than the amount specified in subdivision (c) the inflation adjustment shall be the minimum inflation adjustment specified in subdivision (d).

(f) The amount computed pursuant to subdivision (e) shall be

added to the revenue limit per unit of average daily attendance computed pursuant to paragraph (2) of subdivision (b) of Section 42237, excluding any funds resulting from an adjustment pursuant to Section 42950 as it read prior to amendment by Chapter 238 of the Statutes of 1979, for the 1980-81 fiscal year, or the amount computed pursuant to this subdivision for the 1981-82 fiscal year and each fiscal year thereafter. This amount shall be known as the school district revenue limit per unit of average daily attendance for the fiscal year for which it was computed.

(g) The county superintendent of schools shall determine the district's total revenue limit for the current year by adding the following:

(1) The amount obtained by multiplying the revenue limit determined pursuant to subdivision (f) by the sum of the second principal apportionment regular average daily attendance and the product of 0.6 times the sum of the summer average daily attendance for graduating high school seniors and pupils participating in summer school programs in grades 7 to 12, inclusive, who do not meet the district's adopted proficiency standards. For regional occupational centers and regional occupational programs and adult education programs and classes the fiscal year units of average daily attendance shall be used.

(2) The amount determined pursuant to Sections 42239, 42241.7, and 42243.6.

(3) The amounts computed in the preceding fiscal year for development centers for handicapped pupils and meals for needy pupils programs multiplied by 1.06, and adjusted for pupil participation.

(4) The amount of the adult education block entitlement as follows:

(A) The adult education block entitlement shall be computed by multiplying the amount per unit of adult average daily attendance for the preceding fiscal year times the product of 1.06 and the number of units of adult average daily attendance for the programs specified in Section 41976, provided that in no event shall the amount per unit of adult average daily attendance exceed the district's prior year adult education revenue limit if it is greater than 1.06 times the prior year statewide average adult education revenue limit pursuant to subdivision (c) of Section 42237.

(B) In the event the district's adult education block entitlement computed pursuant to subparagraph (A) is greater than the following calculations, the following calculations shall be the maximum block entitlement that shall be apportioned to the district:

(i) Multiply the prior fiscal year adult average daily attendance for the programs specified in Section 41976 by 1.02.

(ii) Multiply the amount determined in clause (i) by the district's adult revenue limit per unit of average daily attendance for the current fiscal year.

(iii) This maximum block entitlement may be exceeded pursuant to the provisions of subparagraph (C) when unencumbered funds

are reallocated.

(C) If the adult average daily attendance of a school district is less than the adult average daily attendance utilized to compute the funded district adult education block entitlement, the district shall receive an apportionment only for the actual average daily attendance generated. Any surpluses accrued as a result of average daily attendance not generated in a district's block entitlement shall be reallocated after the first principal apportionment by the Superintendent of Public Instruction for meeting specific needs or unanticipated growth in adult education, or both. The receipt of reallocated funds shall not be used for computational purposes for the district's block entitlement for subsequent years.

(D) The adult education block entitlement shall be deposited in a separate fund of the district to be known as the "adult education fund." Moneys in an adult education fund can only be expended for adult education purposes.

Moneys received for programs other than adult education shall not be expended for adult education.

(E) Each school district which conducted adult education programs for substantially handicapped adults in activity centers, work activity centers, sheltered workshops, state hospitals, and other community settings, shall set aside an amount of money from its adult education block entitlement equal to its current fiscal year revenue limit times the average daily attendance generated in these facilities in the 1979-80 fiscal year times 1.02. The amounts set aside pursuant to this subparagraph shall be used exclusively for classes in these facilities.

(h) In no event shall the amount computed pursuant to this section in the 1980-81 fiscal year be less than the product of 1.02 times the amount computed pursuant to Section 42237.

(i) The Superintendent of Public Instruction shall apportion to each school district in the 1980-81 fiscal year and in each fiscal year thereafter, the amount determined in this section less the sum of:

(1) The district's property tax revenue received pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of the Revenue and Taxation Code.

(2) The amount, if any, received pursuant to Part 18.5 (commencing with Section 38101) of the Revenue and Taxation Code.

(3) The amount, if any, received pursuant to Chapter 3 (commencing with Section 16140) of the Government Code.

(4) Prior year taxes and taxes on the unsecured roll.

(5) Fifty percent of the amount received pursuant to Section 41603.

(6) The amount of motor vehicle license fees distributed pursuant to Section 11003.4 of the Revenue and Taxation Code.

SEC. 45.3. Section 42240 of the Education Code is amended to read:

42240. From funds appropriated for such purposes, the Superintendent of Public Instruction shall apportion funds to school districts

pursuant to this section in an amount not to exceed fourteen million six hundred thousand dollars (\$14,600,000) in the 1979-80 fiscal year and seventeen million five hundred eighteen thousand dollars (\$17,518,000) in the 1980-81 fiscal year.

The revenue limit of each school district with less than 2,501 units of average daily attendance for the second principal apportionment in the 1978-79 fiscal year and approved home to school transportation costs in excess of 3 percent of its general fund total expense of education in the 1977-78 fiscal year shall be increased in the 1979-80 fiscal year and 1980-81 fiscal year by an amount not to exceed the difference between its approved home to school transportation costs in the 1977-78 fiscal year and 3 percent of the district general fund total expense of education in the 1977-78 fiscal year or the difference between its approved home to school transportation costs in the 1978-79 fiscal year and 3 percent of the district general fund total expense of education in the 1978-79 fiscal year, whichever is greater.

In the event that apportionments resulting from the revenue limit increase prescribed by this section exceed fourteen million six hundred thousand dollars (\$14,600,000) in the 1979-80 fiscal year and seventeen million five hundred eighteen thousand dollars (\$17,518,000) in the 1980-81 fiscal year, the Superintendent of Public Instruction shall adjust on a pro rata basis such apportionments so that the total amount in each fiscal year does not exceed such amount.

Apportionments to school districts for the 1979-80 fiscal year shall not be recomputed pursuant to the amendments made to this section at the 1980 portion of the 1979-80 Regular Session of the Legislature. However, apportionments for the 1980-81 fiscal year shall be computed as if such amendments had been operative on July 1, 1980, and the Superintendent of Public Instruction, and other public officers charged with the duty of computing and making apportionments to school districts, shall take all necessary steps to effect the midfiscal year transition involved.

This section shall remain in effect only until July 1, 1981, and as of such date is repealed, unless a later enacted statute, which is chaptered before July 1, 1981, deletes or extends such date.

SEC. 45.5. Section 42243.5 of the Education Code is amended to read:

42243.5. In the 1979-80 fiscal year only, the revenue limit of a school district shall be decreased as follows:

(a) The county superintendent of schools shall determine the amount of district contributions from local tax revenues pursuant to former Sections 59021, 59121, and 59221 for the 1972-73 fiscal year, plus or minus the 1978-79 fiscal year revenue limit adjustment as a result of Section 42243.5 as it read in that fiscal year.

(b) The county superintendent of schools shall subtract the amount computed in subdivision (a) when recalculating the 1978-79 funding level pursuant to paragraph (1) of subdivision (a) of Section 42237.

SEC. 46. Section 42243.7 of the Education Code is amended to

read:

42243.7. (a) For any unified school district which commenced operations on or after June 30, 1978, or any school district which receives approval from the Department of Education for a new continuation education high school for the 1979-80 fiscal year, or any fiscal year thereafter, the Superintendent of Public Instruction shall compute an adjustment to the district revenue limit pursuant to this section.

(b) Determine the amount of foundation program which the district would have been entitled to pursuant to subdivision (a) of Section 41711 if the district had operated during the 1977-78 fiscal year utilizing the number of units of average daily attendance attending high school in the district in the fiscal year for which the revenue limit is being computed.

(c) Determine the amount of foundation program which the district would have been entitled to pursuant to paragraph (1) of subdivision (b) of Section 41711 if the district had operated during the 1977-78 fiscal year utilizing the same number of units of average daily attendance used in subdivision (b) of this section.

(d) Subtract the amount determined pursuant to subdivision (c) from the amount computed pursuant to subdivision (b).

(e) The amount computed pursuant to subdivision (d), if greater than zero, shall be added to the revenue limit computed pursuant to subdivision (c) of Section 42237 or subdivision (g) of Section 42238. If the amount in subdivision (d) is less than zero there is no adjustment.

SEC. 46.5. Section 42243.8 is added to the Education Code, to read:

Certificated employees shall be required to work on the regular holiday for which another day is designated pursuant to this section, and for work of eight hours or less, shall be paid compensation at their regular rate of pay.

If any certificated employee would be entitled to the regular paid

holiday but would not be in a paid status during any portion of the working day immediately preceding or succeeding the day so designated in lieu of such holiday and therefore would not be entitled to such day in lieu of the holiday, he or she shall be entitled to the regular holiday.

This section shall not be construed to authorize the maintenance of schools on holidays other than as provided in Article 3 (commencing with Section 37220) of Chapter 2 of Part 22.

(b) For any district which would have a reduction of 25 percent or more in its federal grant pursuant to Public Law 81-874 if the average daily attendance of pupils residing within the district were credited to the district of attendance, then the average daily attendance resulting from an interdistrict attendance agreement shall be credited to the district of residence and the district of residence shall pay a tuition to the district of attendance no later than the next August 31, after the close of the fiscal year as follows:

(1) For attendance in regular day schools and summer schools the tuition per unit of average daily attendance, if any, shall not exceed the actual cost per unit of average daily attendance for the grade level or program less any income, other than tuition, received by the district of attendance on account of such attendance.

52321. (a) A regional occupational center or program established and maintained by school districts or joint powers agencies pursuant to Section 52301 shall receive in annual operating funds from each of the participating school districts an amount per unit of average daily attendance equal to the revenue limit received by such districts for each unit of average daily attendance generated in the regional occupational center or program.

52324. Units of average daily attendance in the regional occupational centers or regional occupational programs of a county for a fiscal year are the quotient arising from dividing the total number of days of pupil's attendance in such centers, or programs, during the

fiscal year by 175.

Attendance in regional occupational centers, or regional occupational programs, operated under subdivision (a) of Section 52305 shall be considered pupil's attendance under this section, but attendance in regional occupational centers, or regional occupational programs, under subdivision (b) of Section 52305 shall not be so considered.

As used in this section, "school district" includes each of those districts which are cooperating in the maintenance of the center or program, with the approval of the county superintendent of schools, pursuant to Section 52301; and units of average daily attendance of pupils residing in such school district shall be credited to the school district.

(A) The product of the district factor determined pursuant to Section 54002 and the count for the 1975-76 fiscal year of children from families receiving aid to families with dependent children is equal to or greater than 3,731, or

(B) The district's index of family poverty determined pursuant to subdivision (b) of Section 54002 is greater than 1.5 and the total minority population in the district determined pursuant to the Racial and Ethnic Survey of 1973 is greater than 55 percent.

(2) For districts so identified, multiply the factor determined pursuant to Section 54002 by the district's aid to families with dependent children count for the 1975-76 fiscal year by the factor computed pursuant to subdivision (b) of Section 42238 and by a factor of 1.1 for districts having an average daily attendance greater than 58,800 in the 1975-76 fiscal year. He shall total the result for such districts and shall divide such sum into the amount appropriated by the Legislature for the purposes of this section for the fiscal year in question.

(3) Allocate to such districts an amount computed by multiplying the per unit amount in paragraph (2) by the district's factor, by the district's aid to families with dependent children count for the 1975-76 fiscal year. Such amounts shall be in addition to other amounts computed under this chapter.

(b) If the sum appropriated for purposes of this section is not sufficient to make the allowances specified by this section, such allowances shall be reduced proportionately.

(c) The allowance prescribed by this section shall be deposited in the general fund of each recipient district and may be used for any purpose for which other funds so deposited may be used and shall not be included in the computation of the revenue limit of the district.

SEC. 62. Section 58608 of the Education Code is repealed.

SEC. 62.3. Section 81136 of the Education Code is amended to read:

(b) For all costs in excess of one million dollars (\$1,000,000), a fee of not more than 0.6 percent of the estimated cost.

The minimum fee in any case shall be two hundred fifty dollars (\$250). If the actual cost exceeds the estimated cost by more than 5 percent, a further fee shall be paid to the Department of General Services, based on the above schedule and computed on the amount by which the actual cost exceeds the amount of the estimated cost.

SEC. 62.35. Section 84704 of the Education Code is amended to read:

84704. (a) The chancellor shall increase district revenues computed pursuant to this article for each of those districts whose second principal apportionment average daily attendance for fiscal year 1977-78 exceeds 28,000, by an amount equal to fifteen dollars (\$15) times the 1979-80 average daily attendance reported for each of those districts.

(b) The chancellor shall adjust the district revenues computed pursuant to this article for any multicollege community college district which for the 1977-78 fiscal year included one or more small colleges of less than 3,000 units of average daily attendance, which are located more than 13 miles from the district office; provided that the colleges were in operation on or before July 1, 1977, and accredited by this time as separate institutions by the accrediting commission for community and junior colleges of the Western Association of Schools and Colleges; except that a college in any district that is eligible for the allowance allowed pursuant to Section 84704(a) will not be eligible for the allowance provided in this subdivision.

For each such eligible community college district, the chancellor shall add to the district's revenues, computed pursuant to this article, one-half of the difference between:

(1) The revenue that would have resulted during 1977-78 by applying the small district formula, pursuant to Sections 84764 and 84765, except using attendance ADA, to those units of average daily attendance reported for the small college or colleges within that district; and

(2) The revenues that would have resulted by applying the district's base revenue, computed pursuant to Section 84701, per unit of average daily attendance during 1977-78 to those units of average daily attendance reported for the small college or colleges within that district.

If the amount computed pursuant to paragraph (1) is less than the amount computed pursuant to paragraph (2), there shall be no adjustment made pursuant to this subdivision.

SEC. 62.4. Section 84720 of the Education Code is amended to read:

84720. For the 1980-81 fiscal year, the chancellor shall apportion general state aid to community college districts according to the following procedure:

(a) The 1980-81 fiscal year revenues for each community college district shall be its base 1980-81 fiscal year revenues, as defined in Section 84721; plus or minus the average daily attendance adjustment based on incremental costs, as defined in Section 84722; plus the inflation adjustment specified in Section 84723; plus the capital outlay or lease purchase assistance, if any, as specified in Section 84724.

(b) The chancellor shall adjust the amount determined pursuant to subdivision (a) to provide for prior year adjustments or adjustments which are required pursuant to Sections 84330, 84737 and 84904, as well as adjustments for the effects of annexation for transfer of territory occurring after June 30, 1979.

(c) For any district whose revenues computed pursuant to this article are less than 1.01 times the revenues received by the district for fiscal year 1978-79, as defined in paragraph (1) of subdivision (c) of Section 84700, the district shall receive 1.01 times its fiscal year 1978-79 revenues in lieu of amounts computed pursuant to this article.

(d) From the 1980-81 fiscal year revenues of each community college district, as adjusted pursuant to subdivisions (b) and (c), the chancellor shall subtract the following revenues: (1) local property tax revenues, exclusive of bond interest and redemption, (2) other local tax revenues specified by law for the general operating support of community colleges, and (3) motor vehicle license fees received pursuant to Section 11003.4 of the Revenue and Taxation Code. The remainder shall be the state general apportionment for each such district.

(e) The State Controller shall draw warrants on the State Treasury in favor of the county treasurer of each county containing a community college district at such times and in such amounts as determined by the chancellor; provided that no more than 75 per-

cent of the state general apportionment provided for in this section shall be made prior to February 1, 1981.

(f) On or before February 15, 1981, the chancellor shall publish, and shall provide to the Legislature, a report on revenues per unit of average daily attendance in the community colleges. The report shall include comparisons on a district-by-district basis, as well as on a statewide basis, of revenues per unit of average daily attendance for fiscal years 1979-80 and 1980-81. The report shall also include information on the amounts of actual and estimated sources of revenue that comprise the basis for the calculation of revenues per unit of average daily attendance.

(g) For purposes of this article "average daily attendance" and "attendance ADA" shall mean the attendance of state residents attending within the district.

(h) If the revenues appropriated by Section 84728 are insufficient to provide for the state general apportionment as calculated pursuant to this section, the amounts appropriated by Section 84728 shall be allocated on a pro rata basis, so that all community college districts receive the same percentage of their state general apportionment that they are otherwise entitled to receive.

SEC. 62.45. Section 84721 of the Education Code is amended to read:

84721. The base 1980-81 fiscal year revenues for each community college district shall be either the sum of those revenues received pursuant to Sections 84701 to 84704, inclusive, plus the 1979-80 income received from motor vehicle license fees pursuant to Section 11003.4 of the Revenue and Taxation Code, or revenues received pursuant to Section 84706, whichever is applicable, minus those revenues received in the 1979-80 fiscal year for apprenticeship average daily attendance in classes of supplemental and related instruction pursuant to Section 3074 of the Labor Code.

SEC. 62.5. Section 65979 of the Government Code is amended to read:

Greene State School Building Lease-Purchase Law of 1976 (Chapter 22 (commencing with Section 17700 of Part 10 of the Education Code) for the construction of a school, the city or county shall not be permitted thereafter, pursuant to this chapter or pursuant to any other school facilities financing arrangement such district may have with builders of residential development, to levy any fee or to require the dedication of any land within the attendance area of the district. However, any time after receipt of the apportionment there may be a determination of overcrowding pursuant to Section 65971, if there is the further finding that (1) during the period of construction additional overcrowding would occur from continued residential development, and (2) that any fee levied and any required dedication of land levied after the receipt of the construction apportionment can be used to avoid the additional overcrowding prior to the school being available for use by the school district.

Any amounts of fees collected or land dedicated after the receipt of the construction apportionment and not used to avoid overcrowding shall be returned to the person who paid the fee or made the land dedication.

SEC. 62.6. Section 65980 of the Government Code is amended to read:

65980. For the purposes of Section 65974, "classroom facilities," "classroom and related facilities," and "elementary or high school facilities" mean "interim facilities" as defined in this section and shall include no other facilities.

Interim facilities for the purposes of Section 65974 shall be limited to the following:

SEC. 62.65. Section 96 of Chapter 282 of the Statutes of 1979 is amended to read:

Sec. 96. There is hereby appropriated from the General Fund to Section A of the State School Fund the sum of fourteen million six hundred thousand dollars (\$14,600,000) for the 1979-80 fiscal year and the sum of seventeen million five hundred eighteen thousand dollars (\$17,518,000) for the 1980-81 fiscal year for purposes of Section 42240 of the Education Code.

SEC. 62.7. Notwithstanding the provisions of Section 81523 of the Education Code, the Saddleback Community College District may use temporary-use buildings for a total time in excess of three years until such facilities are replaced by approved relocatable structures, but in no event shall such total time period extend beyond August 16, 1981.

SEC. 63. Any amount paid by a school district to a county superintendent of schools in the 1978-79 fiscal year pursuant to former Section 1705, as added by Chapter 1010 of the Statutes of 1976, shall be reduced from that school district's 1980-81 revenue limit.

This section shall be deemed operative for the entire 1980-81 fiscal year as though it had been enacted into law and become operative on July 1, 1980. The Superintendent of Public Instruction shall, for such purposes, have authority to take all necessary steps to effect the midfiscal year transition involved, including the authority to adjust allowance computations, apportionments, and disbursements ordered from Section A of the State School Fund.

SEC. 64. The sum of fifteen million dollars (\$15,000,000) is hereby appropriated from the Capital Outlay Fund for Public Higher Education or, if Assembly Bill No. 2973 or Senate Bill No. 1426 is chaptered and becomes effective before this act, the Special Account for

Capital Outlay, for immediate transfer to the State School Building Aid Fund for the purposes of Chapter 25 (commencing with Section 17785) of Part 10 of the Education Code.

SEC. 65. The sum of forty-nine thousand five hundred dollars (\$49,500) is hereby appropriated from the General Fund to the Department of Education for the 1980-81 fiscal year for the purpose of paying the annual dues of the Education Commission of the States.

SEC. 67.5. (a) Commencing with the 1980-81 fiscal year, the sum of one million dollars (\$1,000,000) is hereby annually appropriated to the Controller for allocation and disbursement to local agencies and school districts for purposes of Assembly Bill No. 3369 of the 1979-80 Regular Session of the Legislature as follows:

(1) The sum of six hundred thousand dollars (\$600,000) from the General Fund for costs incurred in conducting the conferences pursuant to Section 51216 of the Education Code.

(2) The sum of four hundred thousand dollars (\$400,000) from the General Fund pursuant to Section 2231 of the Revenue and Taxation Code for other costs mandated by the state and incurred pursuant to Assembly Bill No. 3369 of the 1979-80 Regular Session of the Legislature.

(b) This section shall not become operative unless Assembly Bill No. 3369 of the 1979-80 Regular Session is chaptered and, in that case, this section shall become operative at the same time as Assembly Bill No. 3369 becomes operative or as soon as possible thereafter.

SEC. 67.7. The sum of fifty thousand dollars (\$50,000) is hereby appropriated from the General Fund to the Controller for the cost of administering Sections 42243.6 and 42243.8 of the Education Code.

SEC. 68. Sections 42 and 43 of this act, shall be deemed operative for the entire 1979-80 fiscal year as though it had been enacted into law and become operative on July 1, 1979. The Superintendent of Public Instruction and other public officers may, for such purposes, take all necessary steps to effect the required adjustments, including the authority to adjust allowance computations, apportionments, and disbursements ordered from Section A of the State School Fund.

SEC. 68.3. Section 37.23 of this act shall become operative on January 1, 1981.

SEC. 68.5. Sections 49, 50, 51, 52, 53, 54, 55, and 56 of the act shall become operative on July 1, 1981.

SEC. 69. A sum not to exceed one million five hundred seventy-four thousand three hundred eighty-four dollars (\$1,574,384) is hereby appropriated from the General Fund to the Superintendent of Public Instruction for allocation to the Antioch Unified School District for actual expenditures for the inspection and repair of structural damage suffered at Antioch High School when the roof of the school auditorium collapsed on March 25, 1980, and for the replacement of roof beams at Park Junior High School.

SEC. 69.5. Notwithstanding any other provision of law, any local agency which applied the tax rate limitation contained in Article XIII A of the California Constitution to property on the unsecured

roll for the 1978-79 tax year shall not collect the tax at the rate obtained by applying the rate specified in Section 12 of Article XIII of the Constitution until July 1, 1981. Any statute of limitations which may apply to the collection of the tax on property on the unsecured roll for the 1978-79 year shall be deemed to be tolled from the operative date of this section until July 1, 1981.

Those local agencies which applied a tax rate higher than the tax rate limitation contained in Article XIII A of the Constitution on property on the unsecured roll for the 1978-79 tax year may not expend during the 1980-81 fiscal year those revenues collected from the unsecured roll which exceed the amount the local agency would have collected if it had applied the tax rate limitation contained in Article XIII A.

**SEC. 69.6.** The California Supreme Court, in *Board of Supervisors of San Diego County v. Lonergan* (L.A. 31244, filed Aug. 14, 1980), and *Hanson v. County of Los Angeles* (L.A. 31241, filed Aug. 14, 1980), held that the provisions of Article XIII A of the California Constitution are inapplicable to property on the unsecured roll for the tax year 1978-79. The collection of an additional tax by those local agencies which applied the provisions of Article XIII A to property on the unsecured roll for the 1978-79 tax year would cause numerous administrative problems and the expenditure of the funds collected by those agencies which levied a tax at the higher rate would make it more difficult to provide equitable alternatives for the disposition of this revenue.

Moreover, state funds have been allocated for expenditures by the state to local agencies, including cities, counties, and districts, to supplement local tax revenues, based upon the assumption that Article XIII A applied to property on the unsecured tax roll for the 1978-79 fiscal year.

The Legislature declares that in order to permit time to consider alternatives which would mitigate the administrative problems of collecting the tax at the correct rate by those local agencies which applied the provisions of Article XIII A to property on the unsecured roll for the 1978-79 tax year and which would provide for an equitable disposition of state funds and those additional revenues collected by local agencies which applied the higher rate, it is necessary that the disposition of those additional revenues be suspended during the 1980-81 fiscal year and collection of any additional tax be delayed until July 1, 1981.

The Legislature further finds and declares that the resolution of the problems so identified are a matter of statewide concern, and the provisions of Section 69.5 of this act and this section shall apply to any city, county, or city and county, whether chartered or unchartered.

**SEC. 70.** Due to the unique circumstances concerning the school district subject to the provisions of Section 69 of this act, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

**SEC. 70.5.** Due to the unique circumstances involving the con-

struction of administration facilities in Placer County, the county affected by Section 2.3 of this act, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

SEC. 70.6. (a) If the Superintendent of Public Instruction determines that there are not sufficient funds available from the amount appropriated pursuant to category (b) of Item 352 of the Budget Act of 1980 to support regional occupational centers and programs operated by county superintendents of schools, then the Superintendent of Public Instruction shall transfer funds appropriated pursuant to category (a) of Item 352 to category (b) to reduce or eliminate the insufficiency.

(b) In the event of application of Section 41972 of the Education Code to apportionments from category (a) of Item 352, transfers authorized by this section shall be similarly adjusted.

SEC. 70.7. Section 8.9 of this act shall become operative only if Assembly Bill No. 2973 of the 1979-80 Regular Session of the Legislature is chaptered.

SEC. 71. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code and Section 6 of Article XIII B of the California Constitution, no appropriation is made by this act pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 72. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for the provisions of this act to apply for the entire 1980-81 fiscal year and to provide school districts sufficient time to plan and adopt new budgets as early as possible for the 1980-81 fiscal year, it is necessary that this act take effect immediately.

### Article 1. Definitions

20000. This chapter shall be known and may be referred to as the California Franchise Relations Act.

20001. As used in this chapter, "franchise" means a contract or agreement, either expressed or implied, whether oral or written, between two or more persons by which:

(a) A franchisee is granted the right to engage in the business of offering, selling or distributing goods or services under a marketing plan or system prescribed in substantial part by a franchisor; and

(b) The operation of the franchisee's business pursuant to such plan or system is substantially associated with the franchisor's trademark, service mark, trade name, logotype, advertising or other commercial symbol designating the franchisor or its affiliate; and

(c) The franchisee is required to pay, directly or indirectly, a franchise fee.

(d) "Franchise" does not include any franchise governed by the provisions of the Petroleum Marketing Practices Act (P.L. 95-297).

(e) The term "franchise" shall not include lease departments, licenses, or concessions at or with a general merchandise retail establishment where such lease department, licensee, or concessionaire is incidental and ancillary to the general commercial operation of such retail establishment.

Sales of a leased department, license or concessionaire are incidental and ancillary to the general commercial operation of such retail establishment if they amount to less than 10 percent of such establishment's sales.

20002. A "franchisee" is a person to whom a franchise is granted.

20003. A "franchisor" is a person who grants or has granted a franchise.

20004. "Area franchise" means any contract or agreement between a franchisor and a subfranchisor whereby the subfranchisor is granted the right, for consideration given in whole or in part for such right, to sell or negotiate the sale of franchises in the name or on behalf of the franchisor.

20005. A "subfranchisor" is a person to whom an area franchise is granted.

20006. "Franchise" includes "area franchise."

20007. "Franchise fee" means any fee or charge that a franchisee or subfranchisor is required to pay or agrees to pay for the right to enter into a business under a franchise agreement, including, but not limited to, any such payment for such goods and services.

However, the following shall not be considered the payment of a franchise fee:

(a) The purchase or agreement to purchase goods at a bona fide wholesale price if no obligation is imposed upon the purchaser to purchase or pay for a quantity of such goods in excess of that which a reasonable businessman normally would purchase by way of a starting inventory or supply or to maintain a going inventory or supply.

(b) The payment of a reasonable service charge to the issuer of a credit card by an establishment accepting or honoring such credit card.

(c) Amounts paid to a trading stamp company licensed under Chapter 3 (commencing with Section 17750) of Part 3 of Division 7 by a person issuing trading stamps in connection with the retail sale of merchandise or service.

(d) The payment, directly or indirectly, of a franchise fee which, on an annual basis, does not exceed the sum of one hundred dollars (\$100).

(e) The payment of a sum of not exceeding one thousand dollars (\$1,000) annually on account of the purchase price or rental of fixtures, equipment or other tangible property to be utilized in, and necessary for, the operation of the franchised business, if the price or rental so charged does not exceed the cost which would be incurred by the franchisee acquiring the item or items from other persons or in the open market.

20008. "Person" means an individual, corporation, a partnership, a joint venture, an association, a joint stock company, a trust or an unincorporated organization.

20009. The regulations, releases, guidelines and interpretive opinions of the Commissioner of Corporations under the Franchise Investment Law (Division 5 (commencing with Section 31000) of Title 4 of the Corporations Code) regarding whether or not an agreement constitutes a "franchise" within the meaning of that law shall be prima facie evidence of the scope and extent of coverage of the definition of "franchise" under this chapter; provided, however, the burden of proving an exemption or an exception from a definition is upon the person claiming it.

20010. Any condition, stipulation or provision purporting to bind any person to waive compliance with any provision of this law is contrary to public policy and void.

## Article 2. Jurisdiction

20015. The provisions of this chapter apply to any franchise where either the franchisee is domiciled in this state or the franchised business is or has been operated in this state.

## Article 3. Termination

20020. Except as otherwise provided by this chapter, no franchisor may terminate a franchise prior to the expiration of its term, except for good cause. Good cause shall include, but not be limited to, the failure of the franchisee to comply with any lawful requirement of the franchise agreement after being given notice thereof and a reasonable opportunity, which in no event need be more than 30 days, to cure the failure.

20021. If during the period in which the franchise is in effect, there occurs any of the following events which is relevant to the franchise, immediate notice of termination without an opportunity to cure, shall be deemed reasonable:

(a) The franchisee or the business to which the franchise relates is declared bankrupt or judicially determined to be insolvent, or all or a substantial part of the assets thereof are assigned to or for the benefit of any creditor, or the franchisee admits his inability to pay his debts as they come due;

(b) The franchisee abandons the franchise by failing to operate the business for five consecutive days during which the franchisee is required to operate the business under the terms of the franchise, or any shorter period after which it is not unreasonable under the facts and circumstances for the franchisor to conclude that the franchisee does not intend to continue to operate the franchise, unless such failure to operate is due to fire, flood, earthquake or other similar causes beyond the franchisee's control;

(c) The franchisor and franchisee agree in writing to terminate the franchise;

(d) The franchisee makes any material misrepresentations relating to the acquisition of the franchise business or the franchisee engages in conduct which reflects materially and unfavorably upon the operation and reputation of the franchise business or system;

(e) The franchisee fails, for a period of 10 days after notification of noncompliance, to comply with any federal, state or local law or regulation applicable to the operation of the franchise;

(f) The franchisee, after curing any failure in accordance with Section 20020 engages in the same noncompliance whether or not such noncompliance is corrected after notice;

(g) The franchisee repeatedly fails to comply with one or more requirements of the franchise, whether or not corrected after notice;

(h) The franchised business or business premises of the franchise are seized, taken over or foreclosed by a government official in the exercise of his duties, or seized, taken over, or foreclosed by a creditor, lienholder or lessor, provided that a final judgment against the franchisee remains unsatisfied for 30 days (unless a supersedeas or other appeal bond has been filed); or a levy of execution has been made upon the license granted by the franchise agreement or upon any property used in the franchised business, and it is not discharged within five days of such levy;

- (i) The franchisee is convicted of a felony or any other criminal misconduct which is relevant to the operation of the franchise;
- (j) The franchisee fails to pay any franchise fees or other amounts due to the franchisor or its affiliate within five days after receiving written notice that such fees are overdue; or
- (k) The franchisor makes a reasonable determination that continued operation of the franchise by the franchisee will result in an imminent danger to public health or safety.

#### Article 4. Nonrenewal

20025. No franchisor may fail to renew a franchise unless such franchisor provides the franchisee at least 180 days prior written notice of its intention not to renew; and

(a) During the 180 days prior to expiration of the franchise the franchisor permits the franchisee to sell his business to a purchaser meeting the franchisor's then current requirements for granting new franchises, or if the franchisor is not granting a significant number of new franchises, the then current requirements for granting renewal franchises; or

(b) (1) The refusal to renew is not for the purpose of converting the franchisee's business premises to operation by employees or agents of the franchisor for such franchisor's own account, provided, that nothing in this paragraph shall prohibit a franchisor from exercising a right of first refusal to purchase the franchisee's business; and

(2) Upon expiration of the franchise, the franchisor agrees not to seek to enforce any covenant of the nonrenewed franchisee not to compete with the franchisor or franchisees of the franchisor; or

(c) Termination would be permitted pursuant to Section 20020 or 20021; or

(d) The franchisee and the franchisor agree not to renew the franchise; or

(e) The franchisor withdraws from distributing its products or services through franchises in the geographic market served by the franchisee, provided that:

(1) Upon expiration of the franchise, the franchisor agrees not to seek to enforce any covenant of the nonrenewed franchisee not to compete with the franchisor or franchisees of the franchisor; and

(2) The failure to renew is not for the purpose of converting the business conducted by the franchisee pursuant to the franchise agreement to operation by employees or agents of the franchisor for such franchisor's own account; and

(3) Where the franchisor determines to sell, transfer, or assign its interest in a marketing premises occupied by a franchisee whose franchise agreement is not renewed pursuant to this paragraph:

(A) The franchisor, during the 180-day period after giving notice offers such franchisee a right of first refusal of at least 30 days' duration of a bona fide offer, made by another to purchase such

franchisor's interest in such premises; or

(B) In the case of the sale, transfer, or assignment to another person of the franchisor's interest in one or more other controlled marketing premises, such other person in good faith offers the franchisee a franchise on substantially the same terms and conditions currently being offered by such other person to other franchisees; or

(f) The franchisor and the franchisee fail to agree to changes or additions to the terms and conditions of the franchise agreement, if such changes or additions would result in renewal of the franchise agreement on substantially the same terms and conditions on which the franchisor is then customarily granting renewal franchises, or if the franchisor is not then granting a significant number of renewal franchises, the terms and conditions on which the franchisor is then customarily granting original franchises. The franchisor may give the franchisee written notice of a date which is at least 30 days from the date of such notice, on or before which a proposed written agreement of the terms and conditions of the renewal franchise shall be accepted in writing by the franchisee. Such notice, when given not less than 180 days before the end of the franchise term, may state that in the event of failure of such acceptance by the franchisee, the notice shall be deemed a notice of intention not to renew at the end of the franchise term.

20026. Nothing in Section 20025 shall prohibit a franchisor from offering or agreeing before expiration of the current franchise term to extend the term of the franchise for a limited period in order to satisfy the time of notice of nonrenewal requirement of that section.

#### Article 5. Notices

20030. All notices of termination or nonrenewal required by this chapter:

- (a) Shall be in writing;
- (b) Shall be posted by registered, certified or other receipted mail, delivered by telegram or personally delivered to the franchisee; and

In the event a franchisor terminates or fails to renew a franchise other than in accordance with the provisions of this chapter, the franchisor shall offer to repurchase from the franchisee the franchisee's resalable current inventory meeting the franchisor's present standards that is required by the franchise agreement or commercial practice and held for use or sale in the franchised

business at the lower of the fair wholesale market value or the price paid by the franchisee. The franchisor shall not be liable for offering to purchase personalized items which have no value to the franchisor in the business which it franchises.

20036. The franchisor may offset against any repurchase offer made pursuant to Section 20035 any sums owed the franchisor or its subsidiaries by the franchisee pursuant to the franchise or any ancillary agreement.

20037. Except as expressly provided herein, nothing in this article shall abrogate the right of a franchisee to sue under any other law.

#### Article 7. Arbitration

20040. Nothing contained in this chapter shall limit the right of a franchisor and franchisee to agree before or after a dispute has arisen to binding arbitration of claims under this chapter, provided that:

(a) The standards applied in such arbitration are not less than the requirements specified in this chapter; and

(b) The arbitrator or arbitrators employed in such arbitration are chosen from a list of impartial arbitrators supplied by the American Arbitration Association or other impartial person.

20041. The provisions of this chapter shall apply only to franchises granted or renewed on or after January 1, 1981.

20042. The provisions of this chapter shall not apply to franchises governed by the provisions of Article 4 (commencing with Section 3060) of Chapter 6 of Division 2 of the Vehicle Code which contain the sole remedies for the matters contained therein.

## CHAPTER 1356

An act to amend Sections 6502, 6547, and 6571 of, and to add Sections 6542.1, 6546.7, 6546.8, 6546.9, and 6546.10 to, the Government Code, relating to fairs and exhibitions, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature. Filed with  
Secretary of State October 1, 1980]

*The people of the State of California do enact as follows:*

SECTION 1. Section 6502 of the Government Code is amended to read:

6502. If authorized by their legislative or other governing bodies, two or more public agencies by agreement may jointly exercise any power common to the contracting parties, even though one or more of the contracting agencies may be located outside this state.

It shall not be necessary that any power common to the contracting parties be exercisable by each such contracting party with respect to the geographical area in which such power is to be jointly exercised. For purposes of this section, two or more public agencies having the power to conduct agricultural, livestock, industrial, cultural, or other fairs or exhibitions shall be deemed to have common power with respect to any such fair or exhibition

conducted by any one or more of such public agencies or by an entity created pursuant to a joint powers agreement entered into by such public agencies.

SEC. 2. Section 6542.1 is added to the Government Code, to read: 6542.1. "Fair and exhibition authority," as used in this article, means an entity created by a joint powers agreement for the purpose of financing or otherwise facilitating agricultural, livestock, industrial, cultural, or other types of fairs or exhibitions.

SEC. 3. Section 6547 of the Government Code is amended to read:

6547. The power of the entity to issue revenue bonds is additional to the powers common to the parties to the joint powers agreement, but shall not be exercised until authorized by the parties to that agreement; provided, that, in the case of the issuance of revenue bonds by a fair and exhibition authority, such authorization shall not be required. In the case of a project for the generation or transmission of electric energy, such power shall include the power to issue notes for the purpose of financing studies, the acquisition of options, permits, and other preliminary costs to be incurred prior to the undertaking of the construction or acquisition of a project, and for the purpose of providing temporary financing of costs of construction or acquisition of a project. Such notes may be issued at public or private sale, and may be renewed from time to time, and the principal and interest with respect thereto may be made payable from the revenues of the entity unless paid from the proceeds of revenue bonds.

Every local agency shall make any authorization, as permitted under the first sentence of this section, by ordinance. Except as provided herein, the ordinance shall describe in general terms the project, or projects, to be funded by the revenue bonds, the maximum amount of the bonds proposed to be issued, and the anticipated sources of revenue to redeem the bonds. In the case of a project for the generation or transmission of electric energy, the ordinance shall describe in general terms the project or the studies or other preliminary costs therefor to be funded by the revenue bonds or notes, the estimate of the maximum amount of bonds to be issued for such project or such studies or other preliminary costs, and the anticipated sources of revenue or other funds to pay the principal of and interest of such bonds or notes, provided that the statement of the estimated maximum amount of such bonds or notes shall not be deemed to prevent the authorization by such ordinance of the issuance of bonds or notes by the entity in amounts which may exceed such estimate without further authorization under such ordinance if and to the extent such additional bonds or notes shall be required to complete the financing of such project or such studies or other preliminary costs. Each such ordinance shall state that it is subject to the provisions for referendum prescribed by Section 3751.7 of the Elections Code.

A separate authorization shall be required for each separate bond

issue proposed by the entity, except that, in the case of a project for the generation or transmission of electric energy, a single authorization shall be sufficient for bonds which may be issued in installments from time to time for a project or the costs of studies or other preliminary costs therefor which shall be identified in such authorization.

The requirement of an ordinance and the right to referendum thereon shall not apply to the issuance of revenue bonds if, prior to March 4, 1971, one or more local or public agencies shall have taken formal action to implement any one or more projects to be acquired or constructed pursuant to a joint powers agreement. Formal action to implement any one or more projects shall include, but not be limited to, any of the following:

(a) The incurring of liability for a substantial portion of an architectural or engineering contract or other contract relating to a project.

(b) The acquisition of land or improvements for the project.

(c) The making of a substantial contribution toward the project.

SEC. 4. Section 6546.7 is added to the Government Code, to read:

6546.7. Public agencies may enter into a joint powers agreement for the purposes of creating a fair and exhibition authority with the power to issue revenue bonds for financing projects under this article. A fair and exhibition authority of which the Department of Food and Agriculture is a contracting party, may contract with citrus fruit fairs for the financing of projects for such fairs and may issue revenue bonds for such purpose. A fair and exhibition authority of which a county is a contracting party, which county contracts with a nonprofit corporation to conduct a fair pursuant to Sections 25905 and 25906 of the Government Code, or any similar or successor provision, may contract with such nonprofit corporation for the financing of projects for such fairs, and may issue revenue bonds for such purpose.

SEC. 5. Section 6546.8 is added to the Government Code, to read:

6546.8. (a) The California Fair and Exposition Revenue Bond Advisory Commission, consisting of seven members, is hereby created. The seven members shall be selected as follows:

(d) Appointed members of the commission shall not receive a salary, but shall be entitled to a per diem allowance allowance of fifty dollars (\$50) for each day's attendance at a meeting of the commission, not to exceed three hundred dollars (\$300) in any month, and to reimbursement for expenses incurred in the performance of their duties under this part, including travel and other necessary expenses.

(7) Recommend changes in state law and local practices to improve the sale and servicing of such revenue bonds.

(8) Perform any other function required or authorized by law.

(9) Adopt rules and regulations to carry out its duties under this chapter.

(f) The commission may require notice, prior to the submission required by Section 6546.9, of proposed new revenue bonds issued pursuant to this chapter in such form and at such times as the commission specifies. However, failure to submit prior notice of a proposed new issue, if required by the commission, shall not affect the validity of the bond issue.

(g) In providing services to county, district, or citrus fruit fairs under subdivision (e), the commission shall charge fees commensurate with its direct expenses and those of the State Treasurer incurred in providing such service. Amounts received under this section shall be deposited in the General Fund and be available, when appropriated, for expenses of the commission and the State Treasurer.

(h) The commission shall meet on the call of the chairperson, or at the request of a majority of the members, or at the request of the Governor. A majority of all members of the commission constitutes a quorum for the transaction of business.

(i) All administrative and clerical assistance required by the commission shall be furnished by the office of the State Treasurer.

SEC. 6. Section 6546.9 is added to the Government Code, to read:

6546.9. All new revenue bonds issued pursuant to this chapter relating to fairs and exhibitions shall be submitted to the commission for its review and assistance, as provided in Section 6546.8.

SEC. 7. Section 6546.10 is added to the Government Code, to read:

6546.10. (a) The commission shall assist authorities established pursuant to Section 6542.1 by making determinations of public benefits and detriments pursuant to subdivision (e) of Section 6546.8.

(b) The commission shall establish, by regulation, the nature of the information required for the making of the determinations under subdivision (e) of Section 6546.8.

SEC. 8. Section 6571 of the Government Code is amended to read:

The sale shall be conducted in compliance with Chapter 10 (commencing with Section 5800) of Division 6 of Title 1, unless, in the case of a project for the generation or transmission of electric energy or in the case of bonds of a fair and exhibition authority, the governing body shall determine that a negotiated sale of the bonds is necessary, in which case the bonds shall be sold on such terms as shall be approved by the governing body. The proceeds from the sale (except premium and accrued interest, which shall be paid into the bond service or other fund designated or established for the payment of the principal and interest of the bonds) shall be paid into the construction fund or other fund designated by the indenture authorizing the issuance of the bonds and shall be applied exclusively to the objects and purposes set forth in such indenture, including all expenses incidental thereto or in connection therewith, and also including the payment of interest on said bonds during the period of study and construction of the project and for a period not to exceed 12 months after completion of such construction.

SEC. 9. Section 6571 of the Government Code, as amended by Section 8 of this act, is amended to read:

6571. The bonds shall be issued and sold as the governing body may determine and for not less than par and accrued interest to date of delivery, except that, in the case of a project for the generation or transmission of electric energy, a project for the disposal, treatment, or conversion of energy and reusable materials of solid waste, or in the case of bonds of a fair and exhibition authority, the bonds may be sold at less than par if the governing body shall determine that

such a sale will result in more favorable terms for the bonds. The sale shall be conducted in compliance with Chapter 10 (commencing with Section 5800) of Division 6 of Title 1, unless, in the case of a project for the generation or transmission of electric energy, a project for the disposal, treatment, or conversion of energy and reusable materials of solid waste, or in the case of bonds of a fair and exhibition authority, the governing body shall determine that a negotiated sale of the bonds is necessary, in which case the bonds shall be sold on such terms as shall be approved by the governing body.

The proceeds from the sale (except premium and accrued interest, which shall be paid into the bond service or other fund designated or established for the payment of the principal and interest of the bonds) shall be paid into the construction fund or other fund designated by the indenture authorizing the issuance of the bonds and shall be applied exclusively to the objects and purposes set forth in such indenture, including all expenses incidental thereto or in connection therewith, and also including the payment of interest on said bonds during the period of study and construction of the project and for a period not to exceed 12 months after completion of such construction.

SEC. 10. ## CHAPTER 1357

An act to add Article 17 (commencing with Section 69905) to Chapter 2 of Part 42 of the Education Code, relating to federally insured student loans.

[Became law without Governor's signature. Filed with Secretary of State October 1, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Article 17 (commencing with Section 69905) is added to Chapter 2 of Part 42 of the Education Code, to read:

Article 17. California Student Loan Authority

69905. This article shall be known and may be cited as the California Student Loan Authority Act.

69906. In the face of the rising cost of attending postsecondary schools, colleges, and universities, many California students do not have access to low-cost guaranteed student loans. At the same time, lack of adequate funds is a major cause of student dropouts at every collegiate level.

It is the intent of the Legislature, in the enactment of this article, to provide adequate funding to enable eligible students, including, but not limited to, first year, community college, and proprietary school students, access to educational loans, by providing a mechanism for the issuance of self-financing revenue bonds to fund the purchase of federally insured student loans from lending institutions.

69907. There is in the state government an authority known as the California Student Loan Authority. The authority constitutes a public instrumentality, and the exercise by the authority of the powers conferred by this article shall be deemed and held to be the performance of an essential public function.

69908. As used in this article, the following words and terms shall have the following meanings, unless the context clearly indicates or requires another or different meaning or intent.

“Act” means the California Student Loan Authority Act.

“Authority” means the California Student Loan Authority created by this article or any board, body, commission, department, or officer succeeding to the principal functions thereof, or to whom the powers conferred upon the authority by this article shall be given by law.

“Eligible educational institution” means an institution for postsecondary education operated publicly or privately which provides a program of education or training beyond the high school level.

“Eligible lender” means:

(1) A national or state chartered bank, savings and loan

association, or a credit union which:

(a) Is subject to examination and supervision by an agency of the United States or of this state, and

(b) Does not have as its primary consumer credit function the making or holding of loans made to students under this article or the Higher Education Act of 1965.

(2) A pension fund as defined in the federal Employees Retirement Income Security Act.

(3) An insurance company which is subject to examination and supervision by an agency of the United States or this state.

(4) Any eligible lender under the Higher Education Act of 1965.

“Higher Education Act of 1965” means the Higher Education Act of 1965 (20 U.S.C. Sec. 1001, et seq.) and all laws amendatory thereof or supplemental thereto.

“Insured student loan” means a loan, including a line of credit, to a student by an eligible lender, as to which the payment of principal and interest is fully insured either by (a) the Secretary of Education under the Higher Education Act of 1965 or (b) the Student Aid Commission and reinsured by the Secretary of Education to the extent permitted under the Higher Education Act of 1965.

“Loan guaranty” means the certificate, document, or endorsement issued by the Student Aid Commission as evidence of its insurance of an insured student loan.

“Student” means and includes any student eligible for a California Guaranteed Student Loan under regulations of the Student Aid Commission.

“Student Aid Commission” means the California Student Aid Commission or any board, body, commission, or department succeeding to the principal functions thereof, or having the powers conferred by Article 13 (commencing with Section 69760).

“Revenue bonds” or “bonds” means and includes bonds, notes, and other securities of the authority issued pursuant to this article. The use of the term bonds shall include notes unless otherwise provided.

“Secretary of Education” means the United States Secretary of Education, or the predecessor thereof, or other person, body, or board succeeding to the principal functions and powers of the secretary.

69909. The authority and such other state agencies as are directed by law are responsible for the administration of this state’s participation in the federally insured student loan program under the Higher Education Act of 1965, and no local jurisdiction shall operate or authorize or request a corporation or agency to operate for the same purpose.

69910. The authority shall consist of three members: the State Treasurer, who shall serve as chairman, the State Controller, and the Director of Finance. The Director of the Student Aid Commission and the Director of the California Postsecondary Commission shall serve as nonvoting ex officio members of the authority.

69911. The authority, on or after January 1, 1981, and annually thereafter, shall elect from its members a vice chairman and a secretary-treasurer who shall hold office until the next ensuing December 31 and shall continue to serve until their respective successors shall have been elected.

69912. The authority shall appoint an executive director, who shall not be a member of the authority and who shall serve at the pleasure of the authority. The executive director shall receive such compensation as shall be fixed by the authority, but not exceeding the annual salary of the Director of the Student Aid Commission.

The authority may employ such other persons as are necessary to enable it to properly perform the duties imposed upon it by this article.

The authority may designate one position as exempt from civil service.

69913. The authority shall be entitled to call to its assistance and avail itself of the services of such employees of any state department or agency as it may require and as may be available to it for such purpose.

The Attorney General shall be the legal counsel for the authority, but with the approval of the Attorney General the authority may employ such legal counsel as in its judgment is necessary or advisable to enable it to carry out the duties and functions imposed upon it by this article, including the appointment of such bond counsel as may be deemed advisable in connection with the issuance and sale of bonds.

69917. The executive director or other person designated by resolution of the authority shall keep a record of the proceedings of the authority and shall be custodian of all books, documents and papers filed with the authority, the minute book or journal of the authority, and its official seal. The executive director or other person may cause copies to be made of all minutes and other records and documents of the authority and may give certificates under the official seal of the authority to the effect that such copies are true copies, and all persons dealing with the authority may rely upon such certificates.

69918. Two members of the authority shall constitute a quorum. A vacancy in the membership of the authority shall not impair the right of a quorum to exercise all the rights and perform all the duties of the authority. Each meeting of the authority shall be open to the public and shall be held in accordance with the provisions of Article

9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code. Resolutions of the authority need not be published or posted. The authority may delegate by resolution to one or more of its members or its executive director such powers and duties as it may deem proper.

69919. The provisions of this article shall be administered by the authority, which shall have and is hereby vested with all powers reasonably necessary to carry out the powers and responsibilities expressly granted or imposed under this article.

69920. The authority shall have power:

(b) To adopt an official seal.

(c) To sue and be sued in its own name.

(d) To engage the services of private consultants to render professional and technical assistance and advice in carrying out the purposes of this article.

(e) To borrow money, and receive and accept from any agency of the United States or any agency of the State of California or any municipality, county or other political subdivision thereof, or from any individual, association, or corporation, gifts, grants or donations of moneys for achieving any of the purposes of this article.

(g) To purchase or take assignments of or make commitments to purchase or take assignments of insured student loans, to contract in advance for any such student loans, and to contract in advance for any such purchase and pay any amounts payable in respect thereto. Purchases of insured student loans may be made by the authority at private or public sale, directly or through a contract with a private marketing intermediary. The authority may purchase insured student loans in any minimum average loan amount. An insured student loan shall be eligible for purchase by the authority regardless of the repayment status of the loan. The authority may advance funds to eligible lenders through warehousing agreements. Any warehousing advance shall not exceed 100 percent of the face amount of an insured student loan and shall be made at a rate to be determined by the authority, which rate shall not exceed the average of the bond equivalent rate of the 91-day United States Treasury bills auctioned during the one-week period prior to the date of any advance, plus one-half of 1 percent. The proceeds from such an advance shall be invested in additional insured student loans.

(h) To administer insured student loans or to enter into contracts or agreements with eligible lenders, upon such terms and charges as may be agreed upon between the authority and such eligible lenders, to provide for the administration by the eligible lenders of any loan or insured student loan made by the authority, including applications

therefor and repayment thereof.

(l) To procure or maintain insurance in respect to insured student loans.

(m) To assign or pledge all or any portion of its interests in insured student loans or the revenues therefrom or related thereto and in any other of its revenues, moneys, accounts, accounts receivable, instruments, contract rights, other rights to payment of whatever kind and interest in tangible or intangible property for the benefit of holders of the authority's bonds.

(n) To consent, subject to existing contractual provisions limiting such consent, to the modification with respect to security, rate of interest, time of payment of interest or principal, or other term of a bond contract or agreement between the authority and a recipient of a loan, bondholder or agency or institution guaranteeing or insuring the repayment of a student loan.

(o) To enter into any and all agreements or contracts, execute any and all instruments, and do and perform any and all acts or things necessary, convenient, or desirable for the purposes of the authority or to carry out any power expressly given in this article.

69921. All expenses incurred in carrying out the provisions of this article shall be payable from moneys provided the authority therefor.

69922. The authority is authorized, from time to time, to issue negotiable revenue bonds in order to provide funds for achieving any of its purposes under this article.

69923. Except as may otherwise be expressly provided by the authority, each of its revenue bonds shall be payable from any revenues or moneys of the authority available therefor and not otherwise pledged, subject only to any agreements with the holders of particular bonds or notes pledging any particular revenues or moneys. Notwithstanding that such revenue bonds may be payable from a special fund, they shall be and be deemed to be for all purposes negotiable instruments, subject only to the provisions of such bonds for registration.

69924. Revenue bonds may be issued as serial bonds or as term bonds, or the authority, in its discretion, may issue bonds of both types. The issuance of all revenue bonds shall be authorized by resolution of the authority and shall bear such date or dates, mature

at such time or times, not exceeding 30 years from their respective dates, bear interest at such rate or rates, be payable at such time or times, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in lawful money of the United States at such place or places, and be subject to such terms of redemption, as the indenture, trust agreement or resolution relating to such revenue bonds may provide.

69925. Revenue bonds may be sold by the State Treasurer at public or private sale for such price or prices and upon such terms and conditions as the authority shall determine. The State Treasurer may sell any revenue bonds at a price below the par value thereof; provided, however, that the discount on any bonds so sold shall not exceed 6 percent of the par value thereof.

69926. Pending preparation of the definitive bonds, the authority may issue interim receipts or certificates or temporary bonds which shall be exchanged for such definitive bonds.

69927. Any resolution or resolutions authorizing the issuance of any revenue bonds or any issue of revenue bonds may contain provisions, which shall be a part of the contract with the holders of the bonds to be authorized, as to pledging all or any part of the revenues of the authority under the provisions of this article.

69928. Neither the members of the authority nor any person executing the revenue bonds shall be liable personally on the bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

69929. The authority shall have power out of any funds available therefor to purchase its bonds. The authority may hold, pledge, cancel or resell such bonds, subject to and in accordance with agreements with bondholders.

69930. In the discretion of the authority, any revenue bonds issued under the provisions of this article may be secured by a trust agreement or indenture by and between the authority and a corporate trustee or trustees, which may be the State Treasurer or any trust company or bank having the powers of a trust company within or without the state. Such trust agreement, indenture or the resolution providing for the issuance of such bonds may pledge or assign the revenues of the authority under the provisions of this article. Such indenture, trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including particularly such provisions as have hereinabove been specifically authorized to be included in any resolution or resolutions of the authority authorizing bonds thereof. Any such trust agreement or indenture may set forth the rights and remedies of the bondholders and of the trustee or trustees, and may restrict the individual right of action of bondholders. In addition to the foregoing, any such indenture, trust agreement or resolution may contain such other

provisions as the authority may deem reasonable and proper for the security of the bondholders.

69931. Revenue bonds issued under the provisions of this article shall not be deemed to constitute a debt or liability of the state or of any political subdivision thereof or a pledge of the faith and credit of the state or of any such political subdivision, other than the authority, but shall be payable solely from the funds herein provided. All such bonds shall contain on the face thereof a statement to the effect that neither the State of California nor the authority shall be obligated to pay the same or the interest thereon except from certain revenues of the authority and that neither the faith and credit nor the taxing power of the State of California or of any political subdivision thereof is pledged to the payment of the principal of or the interest on such bonds. The issuance of revenue bonds under the provisions of this article shall not directly or indirectly or contingently obligate the state or any political subdivision thereof to levy or to pledge any form of taxation whatever therefor or to make any appropriation for their payment.

69932. Any holder of revenue bonds issued under the provisions of this article or any of the coupons appertaining thereto, and the trustee or trustees under any indenture or trust agreement, except to the extent the rights herein given may be restricted by any resolution authorizing the issuance of, or any such indenture or trust agreement securing, such bonds, may, either at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce any and all rights under the laws of the state or granted hereunder or under such resolution or indenture or trust agreement, and may enforce and compel the performance of all duties required by this article or by such resolution, indenture or trust agreement to be performed by the authority or by any officer, employee or agent thereof.

69933. All moneys received pursuant to this article, whether as proceeds from the sale of revenue bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this article. Any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as this article and the resolution authorizing the bonds of any issue or the indenture or trust agreement securing such bonds may provide.

69934. In anticipation of the sale of its revenue bonds, the authority may issue negotiable bond anticipation notes and may renew the same from time to time. Such bond anticipation notes shall be paid from any revenues of the authority or other moneys available therefor and not otherwise pledged or from the proceeds of sale of the bonds of the authority in anticipation of which they were issued. The bond anticipation notes shall be issued in the same manner as revenue bonds and, unless the contrary is indicated, shall be governed by all the provisions of this article relating to revenue

bonds.

69935. (a) The authority is hereby authorized to provide for the issuance of bonds of the authority for the purpose of refunding any bonds or any series or issue of bonds of the authority then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption and purchase or maturity of such bonds.

(b) The proceeds of any such bonds issued for the purpose of refunding outstanding bonds may, in the discretion of the authority, be applied to the purchase or redemption prior to maturity or retirement at maturity of such outstanding bonds either on their earliest or any subsequent redemption date or upon the purchase or at the maturity thereof and may, pending such application, be placed in escrow to be applied to such purchase or retirement at maturity or redemption on such date as may be determined by the authority.

(c) Any such escrowed proceeds, pending such use, may be invested and reinvested in obligations of, or guaranteed by, the United States, or in certificates of deposit or time deposits secured by obligations of, or guaranteed by, the United States, maturing at such time or times as shall be appropriate to assure the prompt payment, as to principal, interest and redemption premium, if any, of the outstanding bonds to be so refunded. The interest, income and profits, if any, earned or realized on any such investment may also be applied to the payment of the outstanding bonds to be so refunded. After the terms of the escrow have been fully satisfied and carried out, any balance of such proceeds and interest, income and profits, if any, earned or realized on the investments thereof may be returned to the authority for use by it in any lawful manner.

(d) All such refunding bonds shall be subject to the provisions of this article in the same manner and to the same extent as other bonds issued pursuant to this article.

69936. Bonds issued by the authority under the provisions of this article are hereby made securities in which all banks, bankers, savings banks, trust companies and other persons carrying on a banking business, all insurance companies, insurance associations and other persons carrying on an insurance business, and all administrators, executors, guardians, trustees and other fiduciaries, and all other persons whatsoever who now are or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest any funds, including capital belonging to them or within their control; and such bonds, notes or other securities or obligations are hereby made securities which may properly and legally be deposited with and received by any state or municipal officers or agency of the state for any purpose for which the deposit of bonds or other obligations of the state is now or may hereafter be authorized by law.

69937. Any bonds issued under the provisions of this article, their transfer, and the income therefrom, shall at all times be free from taxation of every kind by the state and by all political subdivisions in

the state.

69938. The State of California does pledge to and agree with the holders of the bonds issued pursuant to this article, and with those parties who may enter into contracts with the authority pursuant to the provisions of this article, that the state will not limit, alter or restrict the rights hereby vested in the authority to make, acquire and sell student loans and to fulfill the terms of any agreements made with the holders of bonds authorized by this article, and with the parties who may enter into contracts with the authority pursuant to the provisions of this article, or in any way impair the rights or remedies of the holders of such bonds or such parties until the bonds, together with interest thereon, are fully paid and discharged and such contracts are fully performed on the part of the authority. The authority as a public body corporate and politic shall have the right to include the pledge herein made in its bonds and contracts.

69939. A pledge by or to the authority of revenues, moneys, accounts, accounts receivable, contract rights and other rights to payment of whatever kind made by or to the authority pursuant to the authority granted in this article shall be valid and binding from the time the pledge is made for the benefit of pledgees and successors thereto. The revenues, moneys, accounts, accounts receivable, contract rights and other rights to payment of whatever kind pledged and thereafter received by the authority or its assignees shall immediately be subject to the lien of the pledge without physical delivery or further act. The lien of such pledge shall be valid and binding against all parties, irrespective of whether the parties have notice of the claim. The indenture, trust agreement, resolution or another instrument by which such pledge is created need not be recorded.

69940. The total amount of bonds authorized to be outstanding at any one time under this article shall be one hundred fifty million dollars (\$150,000,000).

69941. The entire net income of the authority, after payment of expenses, debt service, and the creation of reserves for the same, shall be deposited in the State Guaranteed Loan Reserve Fund.

69942. This article shall be deemed to provide a complete, additional and alternative method for doing the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws; provided, that the issuance of bonds and refunding bonds under the provisions of this article need not comply with the requirements of any other law applicable to the issuance of bonds.

69943. The Student Aid Commission shall, prior to March 31, 1983, submit to the Legislature its recommendation, and the reasons therefor, as to the advisability of expanding the functions of the authority to include direct lending to students.

69944. The authority shall make an annual report to the Legislature, the Postsecondary Education Commission and the Student Aid Commission by September 1. Such report shall include,

but not be limited to, the following:

(a) An audited financial statement as provided for in Section 69915.

(b) The total number of student loans purchased by the authority, categorized by students attending the University of California, the California State University and Colleges, the California Community Colleges, independent universities and colleges, and private schools, and subcategorized by level of instruction or year in school.

(c) The total loan amounts, and the average loan amount, categorized as specified in subdivision (b).

(d) The number of student loans purchased, categorized by type of eligible lender, as defined in Section 69908.

(e) The total loan amount and the average loan amount, categorized as specified in subdivision (d).

(f) The new loan volume and percentage change as compared to the previous year, categorized as specified in subdivision (d).

(g) The number of loans made by, and the number of loan applications made to each category of eligible lender.

69945. To the extent that the provisions of this article are inconsistent with the provisions of any other law, the provisions of this article shall be deemed controlling.

69946. Upon dissolution of the authority, title to all property owned by the authority shall vest in the successor authority created by the Legislature, if any, if such successor authority qualifies under Section 103 of the Internal Revenue Code of 1954, as amended, and the regulations promulgated thereunder as a public entity entitled to issue obligations which qualify for exemption from federal income taxation. If no such successor authority is so created, title to such property shall vest in the State of California.

## TITLE 10. CALIFORNIA INDUSTRIAL DEVELOPMENT FINANCING ACT

### CHAPTER 1. CALIFORNIA INDUSTRIAL DEVELOPMENT FINANCING

#### Article 1. General Provisions and Definitions

91500. This title may be cited as the California Industrial Development Financing Act.

91501. The Legislature hereby finds that it is necessary and essential that the state, in cooperation with the federal government, use all practical means and measures to promote and enhance economic development and increase opportunities for useful employment. The Legislature further finds that the alternative method of financing provided in this title will benefit economically distressed areas of the state and localities which are making diligent efforts to maintain and provide services to existing companies and to prevent the loss of existing jobs. The Legislature further finds that the alternative method of financing provided in this title will benefit those projects which would employ persons living within an economically distressed area, or projects which are partially funded by a job creation grant from the United States Department of Labor, the United States Department of Housing and Urban Development, or the Economic Development Administration of the United States Department of Commerce. The Legislature further finds and determines that industry within this state needs and requires new methods to finance the capital outlays required to acquire, construct, or rehabilitate facilities which will increase employment

opportunities or otherwise contribute to economic development, and the alternate method of financing provided in this division is in the public interest and serves a public purpose and will promote the health, welfare, and safety of the citizens of the State of California.

91502. It is the purpose of this title to carry out and make effective the findings of the Legislature and to that end to provide industry with an alternative method of financing in acquiring, constructing, or rehabilitating facilities in accordance with the criteria set forth in Section 91502.1, all to the mutual benefit of the people of the state and to protect their health, welfare, and safety.

91502.1. (a) The Legislature declares that it is the policy of this state, consistent with environmental, resource conservation, and other policies, to facilitate for and on behalf of private enterprise the acquisition of property, either suitable for or evidencing an obligation respecting any one or more of the activities or uses set forth in Section 91503, through the issuance of revenue bonds by authorities in accordance with the criteria set forth in subdivision (b), and that such additional method of financing when made available in accordance with such policy serves a public purpose and will promote the prosperity, health, safety, and welfare of the citizens of the State of California.

(b) The Legislature declares that the criteria to be utilized to determine whether such method of financing may be made available shall include the following:

(1) Whether employment benefits arising out of the use of the facilities may ensue by securing or increasing (i) the number of employees of the company and any other direct users of the facilities or (ii) compensation for such employment, the value of which may be expressed in terms of aggregate direct employment earnings.

## Article 2. Industrial Development Authorities

91520. (a) There is in each public agency a public, corporate instrumentality of the State of California, known as the industrial development authority of the public agency. Each public agency is authorized to utilize such authority in the issuance of revenue bonds in the accomplishment of the public purposes as provided in Section 91502. Such purposes shall be deemed to constitute public purposes of the public agency, and the exercise by each authority of the powers conferred by this title, including the power to issue revenue bonds, shall be deemed to be the performance of an essential governmental function of the public agency; provided, however, that exercise of the powers conferred by this title in the achievement of such purposes shall be subject to the provisions of, and exclusively as, provided in this article.

(b) An authority shall not transact any business or exercise any powers under this article unless, by ordinance, the governing body declares that there is a need for the authority and that the authority shall function. The ordinance shall be subject to referendum in the manner prescribed by law for ordinances of the public agency.

(c) An authority shall conclusively be deemed to have been established and authorized to transact business and exercise its powers upon proof of the adoption of such an ordinance.

91521. (a) The sole purpose of an authority is to undertake

projects through the issuance of bonds in accomplishment of the purposes provided in Section 91502, and to carry out and complete such projects and perform and exercise derivative obligations and powers.

(b) The jurisdiction of an authority to undertake projects shall be coincident as to territory with the territory of the public agency.

91522. (a) All powers vested in authorities shall be exercisable as their respective boards shall provide, solely in the accomplishment of the purposes of authorities.

(b) A board shall consist of any authorized number of directors not less than three, and not more than the authorized number of members of the governing body. The authorized number of directors shall be established by resolution of the governing body from time to time, except that when the resolution provided for by Section 91523 shall have been adopted, the authorized number of directors shall be the same as the authorized number of members of the governing body.

(c) Each director shall reside within the territory of the public agency and, unless the resolution provided for by Section 91523 has been adopted, shall not be an officer or employee of the public agency.

(d) Unless the resolution provided for by Section 91523 has been adopted, the directors shall be appointed by the governing body and they shall be appointed in such a manner that they shall hold office for overlapping terms. At the time of the appointment of the first directors, the governing body shall divide the directors into three groups containing as nearly equal whole numbers as possible. The first term of the directors included in the first group shall be approximately one year, the first term of the directors included in the second group shall be approximately two years, the first term of the directors included in the third group shall be approximately three years, as determined by the governing body, and thereafter the terms of all directors shall be three years. Directors shall be eligible for reappointment for an unlimited number of terms.

(e) The directors shall serve without compensation, except that they may be reimbursed for their actual and necessary expenses incurred in the performance of their duties, or at the discretion of the governing body, may receive a reasonable per diem payment and mileage charge as reimbursement for living and traveling expenses incurred in the performance of duties away from the principal office. In addition, at the discretion of the governing body, they may also receive a reasonable mileage charge as reimbursement for traveling expenses to and from the principal office of the authority or the place of meeting, if other than at the principal office.

(f) Should the authorized number of directors be increased by a resolution authorized by subdivision (b), the additional directors shall be appointed for terms such that, when the number of directors is divided into three groups containing as nearly equal whole numbers as possible, the expiration of the first terms of the additional

directors shall coincide with the expiration of the current terms of the directors within the same group. Should the authorized number of directors be reduced by such a resolution, the reduction shall be accomplished in accordance with the same criterion, except that a reduction, the effect of which would be to shorten the tenure of any director, shall not become effective until vacancy or expiration of term.

(g) Vacancies shall be filled by appointment of the governing body for the unexpired term, unless the authorized number of directors is reduced as provided in subdivision (f).

(h) A director's tenure shall continue until his successor has been appointed and qualified; provided, however, that a director may be removed from office by the governing body for cause after notice and opportunity for hearing.

91523. As an alternate to the appointment of directors pursuant to Section 91522, the governing body may, at its sole discretion and at any time regardless of the incumbency of any directors appointed pursuant to Section 91522, by resolution, declare itself to be the board, in which case all the rights, powers, privileges, duties, liabilities, disabilities, and immunities vested in a board shall be vested in the governing body as such board and the terms of office of any incumbents appointed pursuant to Section 91522 shall be deemed terminated. A governing body which has adopted a resolution pursuant to this section may at any time adopt the resolution provided for by Section 91522 and, thereupon, the resolution provided for by this section shall, upon the effectiveness of such resolution, be deemed repealed.

91524. (a) The principal office of an authority shall be located at the principal office of the public agency.

(b) Each authority shall have a chairperson of its board, who shall be elected by the members of the board from among its membership.

(c) Public officers of an authority consist of the chairperson and members of the board, a secretary, a treasurer, and such assistants for the secretary and the treasurer as the board may appoint. The corresponding officers of the public agency may, by designation by resolution of the board, be the secretary, the treasurer, and assistants of the authority. The secretary, the treasurer, and assistants may be compensated.

(d) An authority shall file, with the clerk of the public agency, a certificate of a majority of the authorized number of directors as to the secretary and any assistant secretaries of the authority, and such certificate shall, until superseded by a later certificate, be conclusive with respect to the authority that such person is the secretary or assistant secretary, as the case may be, of the authority.

(e) A certificate of the clerk of the public agency as to the secretary or assistant secretary of the authority, and of the secretary or assistant secretary so certified as to the incumbents of any offices, shall be conclusive with respect to the public agency and the authority that such persons are the incumbents of such offices in any

transactions of the authority authorized by this title.

91525. (a) An authority may appoint such employees and agents, including without limitation financial advisers or consultants, accountants, architects, engineers, or other experts or advisers as it requires, and determine their qualifications, duties, terms of employment or engagement, and compensation. Officers, agents, or employees of a public agency may also be agents or employees of an authority. Officers, agents, or employees of an authority shall not, by reason thereof, be deemed to be officers, agents, or employees of a public agency. An authority shall adopt personnel rules and regulations applicable to its employees.

(b) An authority may contract for such legal counsel as in its judgment is necessary or advisable to enable it to carry out its purposes, including such bond counsel as it deems advisable in connection with any proceedings.

(c) No attorney or firm of attorneys employed as counsel by a company may serve at the same time as legal counsel, including bond counsel, and no person or firm employed as financial adviser by a company may at the same time serve as financial adviser, to the authority in connection with any project or proposed project for such company.

91526. An authority may:

(a) Sue and be sued in its own name.

(b) Have an official seal.

(c) Have perpetual succession.

(d) Make and execute contracts and other instruments and documents.

(e) Make, amend, and repeal bylaws governing procedures and meetings of the board and the duties of its officers, and make, amend, and repeal rules, regulations, and policies governing the transaction of its business and the exercise of its powers.

(f) Use premises of, subject to the regulation thereof by, the public agency.

(g) Administer its funds and deposit funds in accordance with law.

(h) Use discretion in the undertaking of projects, including the establishment of reasonable priorities among the types and locations of projects and reasonable criteria regarding companies' applications for, or by which, projects may be accepted.

91527. Authorities shall have all powers necessary or appropriate for carrying out the purposes of this title including, without limitation, the following powers, together with all powers incidental thereto:

(a) To acquire property by purchase, exchange, gift, lease, contract, or otherwise, except by eminent domain.

(b) To maintain property.

(c) To dispose of property by lease, sale, exchange, donation, release, relinquishment, or otherwise.

(d) With respect to property, to: (1) charge and collect rent under any lease; (2) sell at public or private sale, with or without

public notice; (3) sell at a discount or below appraised value or for a nominal consideration, only; (4) sell on an installment payment or a conditional sales basis; (5) convey, or provide for the transfer of, property without further act of the authority, upon exercise of an option; (6) sell at a fixed or formula price, and receive for any such sale the note or notes of a company and mortgages, deeds of trust, or other security agreements respecting such property.

(e) To encumber property, including funds, whether then owned or thereafter acquired.

(f) To advance funds secured by loan agreements to finance property and charge and collect interest on such funds.

(g) To exercise all rights and to perform all obligations of the authority under the project agreements and indenture, including the right, upon any event of default by or the failure to comply with any of the obligations thereof by the lessee, purchaser, or other company thereunder, to dispose of all or part of the property to the extent authorized by the project agreements or indenture.

(h) To borrow money and issue its bonds for the purpose of paying all or any part of the costs of a project, and for any other authorized purpose, as provided in this title.

(i) To pledge and assign the revenues or any portion thereof, the project, or project agreements, and all other rights, as security for the payment of any bonds so issued and for performance of obligations under an indenture.

(j) To contract and pay compensation for professional, financial, and other services.

(k) To refund outstanding bonds of the authority without regard to the purposes of this title when the board finds that such refunding will be of benefit to a company or holders of such bonds, subject to the provisions of the proceedings.

(l) To invest and reinvest funds under the control of an authority and bond proceeds pending application thereof to the purposes for which such bonds shall have been issued, subject to the provisions of the proceedings.

(m) To acquire and hold obligations of any kind and pledge or assign the same as further security.

(n) To expressly waive any immunity of the political subdivisions of this state provided by the Constitution or laws of the United States of America to taxation by the United States of interest on bonds issued by an authority, in obtaining federal benefits.

(o) To fund administration expenses (1) by the establishment and collection of an application fee in an amount not to exceed one-fourth of 1 percent of the estimated maximum amount of bonds proposed by an application to be issued, but not less than one thousand two hundred fifty dollars (\$1,250), (2) by the acceptance of funds and other aid from the public agency and from other governmental sources authorized to provide such funds or aid, (3) by the acceptance of contributions from business, trade, labor, community, and other associations, and (4) by other authorized

means.

91528. An authority shall not have the power to operate any facility as a business, except in the event of a default on any bonds, through a trustee, for the minimum reasonable time needed to sell or otherwise dispose of the facility in accordance with the resolution or indenture.

91529. Companies may apply for financing pursuant to this article by filing with an authority an application therefor which includes all of the following:

(a) Such financial, legal, and other information as is required by an authority and as is required by the state office.

(b) An estimate of the maximum amount of bonds proposed to be issued, of the sources of amounts otherwise required for the project, and an itemization of the estimated cost and any other expenses.

(c) Sufficient other information as is necessary to a determination required to be made by subdivision (c) of Section 91530 and subdivision (b) of Section 91531.

91530. (a) Applications for projects or companies not in accordance with the reasonable priorities and criteria which an authority may establish need not be accepted and further processed by an authority.

(b) Acceptance of any application in no way obligates an authority to preliminarily undertake the project proposed.

(c) Upon acceptance of any application, the board shall determine whether it is likely that the undertaking of the project by the authority will be a substantial factor in the accrual of each of the public benefits from the use of the facilities as proposed in the application, whether the activities or uses are in accord with Section 91503, and whether the project is otherwise in accord with the purposes and requirements of this title.

(d) Upon an affirmative determination under subdivision (c), a copy of the application as then amended or supplemented, so certified by the secretary or an assistant secretary of the authority, shall be filed with the public agency, and a notice of the acceptance of the application and the filing with the public agency, naming the company, stating the estimated maximum bond issue and briefly summarizing the proposed project, shall be published pursuant to Section 6061.

(e) The company, not the authority, shall be deemed the proposer of any project, a copy of the application for which is filed pursuant to subdivision (d).

(f) The authority shall not issue bonds with respect to any project unless the public agency shall approve, conditionally or unconditionally, the project, including the issuance of bonds therefor. Action to approve or disapprove a project shall be taken within 45 days of the publication provided in subdivision (d).

(g) Upon such approval, certification thereof by the clerk or deputy clerk of the public agency shall be made to the authority, and copies of all assessments, supporting studies, notices, certifications,

declarations and environmental impact reports, and statements of the lead agency and any responsible agency in connection with environmental matters shall be transmitted to the authority.

91531. (a) Upon certification to an authority of such approval, the secretary or an assistant secretary of the authority shall transmit to the state office the fee required by the state office and information required by the state office which is provided by a company in the approved application.

(b) The state office shall review such information and shall, by express findings on the basis of such information, determine compliance with the following criteria:

(1) Public benefits, determined in accordance with the policy stated in Section 91502.1, from the use of the facilities likely will substantially exceed any public detriment from issuance of bonds in the maximum principal amount proposed in the application.

(2) Neither the completion of the project nor the operation of the facility will have the proximate effect of relocation of any substantial operations of the company from one area of the state to another or in the abandonment of any substantial operations of the company within other areas of the state, or, if such completion or operation will have either of such effects, then such completion or operation is reasonably necessary to prevent the relocation of any substantial operations of the company from an area within the state to an area outside the state.

(3) The proposed issuance of bonds qualifies for issuance under the provisions of Article 5 (commencing with Section 91656).

(c) Written notification of the determinations of the state office shall be given the authority.

(d) Upon failure of the state office to make determinations as to compliance with such criteria within 60 days of the receipt of such information, unless such time is extended by written consent of the authority, the state office shall lose jurisdiction to make such determinations, and the authority shall determine compliance with such criteria.

(e) Determinations of the state office or of an authority as provided in Section 91530 and this section shall be final and conclusive.

(f) The authority shall not issue bonds for the project until this section has been complied with.

91532. (a) A project shall be deemed to have been preliminarily undertaken by an authority when the application has been accepted, the affirmative determinations required by subdivision (c) of Section 91530 have been made, the approval of the public agency has been obtained, and a period of 30 days from the date of publication of the notice referred to in subdivision (d) of Section 91530 has expired.

(b) Preliminarily undertaking a project means that when the affirmative determinations required by subdivision (c) of Section 91531 have been made, the authority shall undertake the project by

entry into project agreements.

91533. Authorities shall undertake projects by entry into project agreements in substance not inconsistent with the following:

(a) The company shall comply with (or cause to be complied with) all legal requirements relating to the project and the operation, repair and maintenance of the facility, including (1) obtaining any rezonings or variances, building, development, and other permits and approvals, and licenses and other entitlements for use, without regard to any exemption for public projects; and (2) securing the issuance of any certificates of need, convenience, and necessity or other certificates or franchises; and shall provide satisfactory evidence of compliance.

(b) The company shall comply with all conditions imposed by the public agency in its approval of the project pursuant to subdivision (f) of Section 91530.

(c) The company shall provide, or cause to be provided by others, all amounts required for the project and all property of the project which are not to be provided as or by expenditure of bond proceeds, and in the case of any such amounts and property which the company proposes to cause to be provided by others, as by contract, grant, subsidy, loan, or other form of assistance, shall provide satisfactory evidence that such amounts and property will be provided when required.

(d) Expenditure of bond proceeds shall be supervised to assure proper application to the project.

(e) The company shall at its own expense insure, repair, and maintain the facility, pay such taxes with respect to its interests in the property of the project as the provisions of Division 1 (commencing with Section 101) of the Revenue and Taxation Code require, and pay assessments and other public charges secured by liens, upon such interests as constitute the tax base for property taxation on the same basis as other property, or shall cause the same to be provided by others to the satisfaction of the authority.

(f) The amounts payable under the project agreements to, or for, the benefit of an authority shall in the aggregate not be less than amounts sufficient (1) to pay any bonds that shall be issued by the authority to pay the cost of the project, (2) to maintain any required reserves, (3) to make payments as may be required into any sinking fund or other similar fund, and (4) to pay those administration expenses which relate to the administration of the project agreements, the indenture, and the bonds.

(g) The term shall extend at least until the date on which all such bonds and all other obligations incurred by an authority in connection with a project shall have been paid in full or adequate funds for such payment shall have been otherwise provided.

(h) Such additional provisions as in the determination of the board are necessary or appropriate to effectuate the purposes of this article, including provisions:

(1) For payments under the project agreements which include

amounts for administration expenses in addition to the amounts which the agreement is required to obligate the company or others to pay, which are incurred by an authority subsequent to the preliminary undertaking of the project by the authority;

(2) For payment before a facility exists or becomes functional, or after a facility has ceased to exist or be functional to any extent and from any cause;

(3) For payment regardless whether or not the company is in possession or is entitled to be in possession of the facility;

(4) Relating to the carrying out and completion of the project, including the allocation of responsibility between the authority and the company regarding the acquisition of property, the making of other purchases, and the contracting for construction of the project, with or without competitive bidding, and the payment therefor;

(5) That some or all of the obligations of a company shall be unconditional and shall be binding and enforceable in all circumstances whatsoever notwithstanding any other provision of law; and

(6) Relating to the use, maintenance, repair, insurance, and replacement of property of the project, such as the authority and the company deem necessary for the protection of themselves or others, including, but not limited to, liability insurance, and indemnification in the event of default.

(i) The company shall provide for the payment of relocation assistance as provided by Chapter 16 (commencing with Section 7260) of Division 7 of Title 1, and shall reimburse the authority or the public agency, as the case may be, for relocation assistance services, and notwithstanding any other provision of this title, the authority shall determine that such services are provided and that relocation assistance payments are made.

(j) Notwithstanding any other provision of this title, projects developed pursuant to this title shall be consistent with the requirements of the general plan as contained in Article 5 (commencing with Section 65300) of Chapter 3 of Title 7 at the time of entry into the project agreement, or in the event, inconsistent at that time, then at the time of sale of any bonds.

91534. No company shall, by reason of any project agreement, be deemed the agent of an authority in the carrying out of such agreement unless (and in such case only to the extent) such agreement specifically provides otherwise.

91535. (a) All bonds issued by an authority for a project shall be special obligations, only, of the authority, payable solely out of the revenues or out of the other sources specified in the proceedings.

(b) The bonds prescribed by subdivision (a) may:

(1) Be executed and delivered by the authority at any time and from time to time;

(2) Be in such type and denominations and of such terms and maturities;

(3) Be in registered or bearer form either as to principal or

interest or both and carry such conversion and reconversion privileges;

(4) Be payable as term bonds or in such installments and at such time or times not exceeding 40 years from the date thereof;

(5) Be payable in such mediums and at such place or places within or without the state;

(6) Bear interest on such amount or amounts, payable at such time or times and at such place or places within or without the state, evidenced in such manner and at such rate or rates not exceeding 10 percent per annum;

(7) Be sold below the par or face value thereof, but the sale price shall not be less than 95 percent of the par or face value of the bond;

(8) Be exchangeable for, or issuable in lieu of, such bonds; and

(9) Be issuable in temporary form pending preparation of and exchange for definitive bonds;

(10) Be executed by such officers, be authenticated, and contain such provisions not inconsistent with this article; all as shall be provided in the proceedings.

(c) If deemed advisable by the board, there may be retained in the proceedings an option to redeem prior to maturity all or any part of any bonds as may be specified in such proceedings, at such price or prices and after such notice or notices and on such terms and conditions as may be set forth in such proceedings and as may be briefly recited in the bond. Nothing in this title shall be construed to confer on an authority any right or option to redeem any bonds, except as may be provided in the proceedings under which they shall have been issued.

(d) Issuance by an authority of one or more issues of bonds for one or more purposes shall not preclude it from issuing other bonds in connection with the same project or any other project, subject to such agreements with bondholders as may then exist.

(e) Any bonds of an authority at any time outstanding may at any time, and from time to time, be refunded, including the payment of any redemption premium and accrued interest to the date of redemption, by an authority by the issuance of its refunding bonds in such amount as the board may deem necessary or appropriate. Bonds may be issued as one issue for refunding and other authorized purposes. Any refunding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds to the payment, purchase or redemption of the bonds to be refunded thereby, or to the investment in securities or obligations yielding amounts sufficient to pay or redeem the bonds to be refunded thereby, or by the exchange of the refunding bonds for the bonds to be refunded thereby with the consent of the holders of the bonds so to be refunded and with such cash adjustments as may be agreed, and regardless of whether or not the bonds proposed to be refunded shall be payable at the same date or different dates or shall be due serially or otherwise.

(f) Each bond shall be deemed to be an investment security under the Uniform Commercial Code and a negotiable instrument, subject only to any provisions thereof for registration or other provisions restricting transfer, and shall be deemed to have been issued for an authorized purpose of the authority in exercise of the powers granted by this article, provided that the board so determines in the proceedings and such determination is recited in the bond.

91536. In the discretion of an authority, any bonds issued under the provisions of this title may be secured by an indenture by and between the authority and a corporate trustee which may be any trust company or bank having the powers of a trust company within or without the state. Such indenture may vest in bondholders the right to remove and appoint a new trustee. The trustee may at any time own all or any part of the bonds, unless otherwise provided in the indenture. Such indenture may vest in such trustee, in trust or as agent, as provided therein and as consistent with other provisions of this section, property, rights, powers and duties, and may pledge or assign the revenues, the project agreements and any other rights as security for repayment of the bonds, subject to such agreements with bondholders as may then exist. Such indenture may contain covenants of the authority as to the acquisition of property, the disposition of any property, or part thereof, the subjecting of additional property to the lien thereof, the issuance of additional bonds, the custody, investment and application of all moneys, the creation and maintenance of reserves, the disposition of insurance or condemnation proceeds, and the use of surplus bond proceeds. Any such indenture may define events of default thereunder, which may include events of default by a company under the project agreements, may specify the action to be taken by the trustee upon an event of default, may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition, any such indenture may contain such other provisions as the board may deem reasonable and proper and which relate in any way to the security or protection of bondholders. All expenses incurred in carrying out the provisions of such indenture shall be treated as an administration expense. Any lien or other interest established by any indenture shall be valid and binding from the date thereof, and any revenues or amounts to cover administration expenses thereafter received by, or on behalf of, an authority or trustee thereunder shall immediately be subject to the lien thereof without any further act, which lien shall be valid and binding as against all persons, irrespective of notice, without any filing or recording except a filing in the records of the authority. All revenues, excepting (unless otherwise provided) bond proceeds, shall further be deemed to be trust funds and all revenues shall be held and applied solely as provided in such indenture, but no bondholder shall, as such, be in any manner obligated to see to the proper application thereof.

91537. The issuance of bonds shall be authorized by resolution of

the board adopted at any time following the deliberations and approval provided for in Sections 91530 and 91531. The resolution may, as the board deems advisable and in accordance with the provisions of this article, provide for, or authorize the execution of an indenture providing for:

- (a) The fixing and collection of revenues;
- (b) The creation and maintenance of special funds, including reserve and sinking funds;
- (c) Limitations on expenditures of bond proceeds;
- (d) The procedure, if any, by which any contract represented by bonds may be amended or abrogated;
- (e) The acts and omissions which shall constitute, and the rights and remedies available, in an event of default. In such an event of default, the obligations of the authority may be enforced by mandamus, by the appointment of a receiver, by foreclosure of, or sale under, any indenture, by injunction, by specific performance, by equitable relief, or by any one or more of such remedies, or any other appropriate remedy; and
- (f) Any additional matters authorized to be included in an indenture or which relate to the security, protection, or return of bondholders.

91538. (a) Bonds may be sold at such prices as the board directs, at public or private sale.

(b) The aggregate principal amount of bonds of an issue pursuant to this article shall not exceed ten million dollars (\$10,000,000).

91539. Notwithstanding any other provision of law:

(a) Authorities and their revenues, amounts for administration expenses, and any other income shall be exempt from all taxes on, or measured by, income.

(b) Bonds issued by authorities shall be exempt from all property taxation and the interest on such bonds shall be exempt from all taxes on income.

(c) All property owned by authorities shall be exempt from property taxes, assessments, and other public charges secured by liens.

(d) All interests of companies in the property of projects shall, for purposes of property taxation, be subject to the provisions of Division 1 (commencing with Section 101) of the Revenue and Taxation Code, and such interests as constitute the tax base for property taxation shall be subject to such assessments and charges on the same basis as other property.

(e) "Sale" and "purchase," for the purposes of Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code, do not include any lease or transfer of title of tangible personal property constituting any project or facility to an authority by a company, nor any lease or transfer of title of tangible personal property constituting any project or facility by such authority to any company, when the transfer or lease is made pursuant to this title.

91540. (a) All property including funds, owned or held by an

authority for the purposes of this title, shall be exempt from levy and sale by virtue of execution or other judicial process. Execution or other judicial process shall not issue against such property nor shall any judgment against an authority be a charge or lien upon such property.

(b) This section does not apply to or limit the right of obligees to foreclose or otherwise enforce any indenture or the right of obligees to pursue any remedies for the enforcement of any pledge or lien given by an authority on revenues, project agreements, administration expenses or any other assets.

(c) This section does not apply to interests of companies.

91541. (a) None of the bonds of an authority or any other obligations of an authority shall be deemed to constitute a debt or liability of the state or any public agency, or a pledge of the faith and credit of the state or any public agency, but shall be payable solely from the funds provided therefor in the proceedings.

(b) The issuance of bonds shall not directly or indirectly or contingently obligate the state or any public agency to levy or to pledge any form of taxation whatsoever therefor or to make any appropriation for their payment.

(c) All bonds shall contain on the face thereof a statement to the following effect:

“Neither the faith and credit nor the taxing power of the State of California or the [insert name of public agency] is pledged to the payment of the principal of, premium, if any, or interest on any bond, nor is the state or such [insert “city,” “county,” or “city and county” as appropriate] in any manner obligated to make any appropriation for payment.”

(d) Neither the members of governing bodies or of boards nor any persons executing the bonds shall in any event be subject to any personal liability or accountability by reason of the issuance of such bonds.

(e) The bonds shall be only a special obligation of an authority as provided by subdivision (a) of Section 91535, and an authority shall under no circumstances be obligated to pay bonds or project costs (other than administration expenses), except from revenues and other funds received under the project agreements for such purposes, nor to pay administration expenses except from funds received under project agreements for such purposes or from funds which are made available as otherwise authorized by the proceeding or by law. All bonds shall contain on the face thereof a statement of their special obligation nature.

91542. At such time as all obligations under the project agreements respecting any particular project have been satisfied or otherwise discharged or adequately provided for and all the bonds issued to finance such project have been repaid, and all other obligations of the authority of any nature whatsoever with respect to such project have been satisfied or otherwise discharged or adequately provided for, the authority is authorized to execute such

deeds and conveyances as may be necessary to convey the project to the company and shall deliver and pay over to the public agency any remaining funds and properties of the authority which were derived from or are attributable to such project.

91543. All general or special laws or parts thereof inconsistent with this title shall be inapplicable to the exercise of any of the powers conferred under the provisions of this title. Without limiting the generality of the foregoing, the provisions of Divisions 3 (commencing with Section 11000), 4 (commencing with Section 16100), and 5 (commencing with Section 18000) of Title 2 of this code, relating to the executive department of the state, and of Division 13 (commencing with Section 21000) of the Public Resources Code, shall not be applicable to authorities.

91544. (a) Whenever the governing body, by ordinance, shall declare that there is no longer a need for an authority to, and that the authority shall not further, function, thereafter the authority shall transact no further business and exercise no further powers, the offices shall be deemed vacated, and all funds and properties shall vest in the public agency. Any net earnings of an authority shall, pursuant to this section or Section 91542, inure solely to the benefit of the public agency and not to the benefit of any company or other private person. The ordinance shall be subject to referendum in the manner prescribed by law for ordinances of the public agency. The adoption of such an ordinance shall not preclude the subsequent adoption of an ordinance pursuant to Section 91520.

(b) The state may, by appropriate legislation at any time and at its sole discretion, alter or change, consistent with the other provisions of this title, the structure, organization, programs, or activities of authorities, including cause their dissolution. Any funds or properties, or net earnings, of an authority shall, upon dissolution, be disposed of as provided in subdivision (a).

91545. Any action pursuant to Section 91544 shall have no effect on, and shall not be deemed to impair, any contracts previously entered into by an authority, including any bonds theretofore issued or other obligations theretofore incurred (relating to the subsequent issuance of bonds or otherwise), and, in the event that at the time of the taking of such action any such contracts remain unsatisfied or otherwise undischarged, the governing body shall, in such ordinance, or by other appropriate means in the event of state action and a failure of the state to provide otherwise, make provision for their satisfaction or discharge, and to that end, the public agency may undertake any performance or observance the authority is authorized to perform or observe relating to their satisfaction or discharge.

91546. This title, being necessary for the welfare of the state and its inhabitants, shall be liberally construed to effect its purposes.

91547. The State of California does hereby pledge to and agree with the holders of any bonds issued, and with those companies which may enter into project agreements with authorities, pursuant

to the provisions of this article, that the state will not alter or change the structure, organization, programs, or activities hereby vested in public agencies or authorities until such bonds are fully met or discharged and such project agreements are fully performed or discharged, on the part of authorities or public agencies, as the case may be; provided, however, that nothing herein contained shall preclude such alteration or change, if, and when, adequate provision shall have been made by law for the protection from impairment of the contracts represented by such bonds and project agreements, and such right to so alter or change is hereby reserved. Authorities are authorized to include this pledge and undertaking of the state in such bonds and project agreements.

91548. An action may be brought pursuant to Chapter 9 (commencing with Section 860) of Part 2 of Title 10 of the Code of Civil Procedure, to determine the validity of bonds, proceedings, project agreements, or indentures, including, without limiting the generality of the foregoing, the legality of all proceedings theretofore taken for or in any way connected with the establishment of the authority and its authorization to transact business and exercise its powers, and also including the legality of all proceedings, as proposed to be taken in the proceedings, project agreements, and indentures theretofore undertaken, for the authorization, issuance, sale, and delivery of bonds and the payment thereof and interest thereon, and all such matters respecting which an action may be brought pursuant to such chapter shall be subject to the provisions thereof regarding validity and incontestability.

91549. (a) Except as may be authorized by other state legislation, this title provides the exclusive authority of public agencies for the undertaking, carrying out, and completion of projects authorized by this title.

(b) Except as limited by subdivision (a), the authorizations of this title shall be regarded as supplemental and additional to powers conferred by other laws.

(c) In the exercise of any of the powers conferred, including powers relating to the offer, issuance, and sale of bonds, under the provisions of this title, authorities need not comply with the provisions of any law applicable to the exercise of similar powers except as referred to in this article.

(d) A charter city which is otherwise authorized to undertake, carry out and complete projects hereunder authorized need not comply with the provisions of this title if (1) the project is undertaken by January 1, 1982, by the adoption of a resolution or by the taking of other similar official action which describes the project in terms sufficient for identification and states a conditional or unconditional intention to undertake such project and enter into agreements with an identified company or companies relating thereto, and (2) all bonds are issued for such project by January 1, 1984.

### Article 3. California Industrial Development Financing Advisory Commission

91550. There is in state government the California Industrial Development Financing Advisory Commission, consisting of five members, as follows:

- (a) The State Treasurer, who shall serve as chairperson.
- (b) The State Controller.
- (c) The Director of Finance.
- (d) The Director of Economic and Business Development.
- (e) The Commissioner of Corporations.

Members of the commission may each designate a deputy or employee in his or her agency to act for him or her at all meetings of the commission. The first meeting shall be convened by the State Treasurer.

91551. All members of the commission shall serve thereon without compensation.

91552. The commission shall meet on the call of the chairperson, or at the request of a majority of the members, or at the request of the Governor. A majority of all members of the advisory commission constitutes a quorum for the transaction of business.

91553. All administrative and clerical assistance required by the commission shall be furnished by the office of the State Treasurer.

91554. The commission shall charge fees commensurate with its direct expenses and those of the office of the State Treasurer in performing its duties pursuant to this title. Amounts received under this section shall be deposited in the Industrial Development Fund which is hereby created and be available, when appropriated, for the expenses of the commission.

91555. The commission may:

(a) Assist authorities in the planning, preparation, marketing, and sale of industrial development revenue bonds to reduce cost, protect the issuer's credit, and determine public benefits and detriments.

(b) Collect, maintain, and provide financial, economic, governmental, and social data on local government units pertinent to their ability to administer industrial development revenue bonds.

(c) Provide assistance to local government in budgeting, accounting, and auditing systems to improve local financial management.

91556. The commission may assist authorities in making the determinations required by Section 91530 and may establish by regulation the nature of the information required for the making of such determinations.

91557. The commission shall establish by regulation the nature of the information required for the making of the determinations pursuant to Section 91531.

#### Article 4. Small Business Financing

91560. (a) The Legislature finds and declares that small businesses may have difficulty establishing adequate security for bonds issued by an authority in their behalf; that establishing common reserve funds will help to provide reasonable security for such bonds and will help to make the authority's services available to various small businesses which may be otherwise unable to use them.

(b) For the purpose of establishing and maintaining such common reserve funds as it deems necessary or desirable to secure its bonds or any issuance thereof, an authority, pursuant to its project agreements with companies, may levy fees or other charges on, or require deposits from, companies receiving financing for projects under this title. Prior to levying any such fees or charges or requiring such deposits, an authority shall adopt regulations for the operation of the common reserve funds and governing the amounts and any payment schedule for such fees, charges, or deposits.

(c) Subject to any prior contractual obligations to any of its bondholders, an authority may establish one or more common reserve funds for any or all of its bonds. The liability of any such common reserve fund with respect to any single issue of bonds of the authority may not exceed the lesser of one million dollars (\$1,000,000) or an amount equal to the sum of the unpaid principal, interest, and premium, if any, of the outstanding bonds of such issue.

(d) Each common reserve fund established pursuant to this section shall be deposited in a special account which shall be established by the State Controller. Notwithstanding any other provision of law, all interest or other increment earned by investment or deposit of moneys in such an account pursuant to any provision of Part 2 (commencing with Section 16300) of Division 4 of Title 2 of the Government Code or pursuant to any other provision of law shall be credited to, and deposited in, the account.

#### Article 5. Industrial Revenue Bond Review

91560. (a) The commission established by Article 3 (commencing with Section 91550) shall review each issue of bonds and shall determine whether the issue is qualified for issuance under

the provisions of this article.

(b) No bonds shall be delivered by an authority in return for the purchase price unless the bond issue has been qualified under this article and no notification of the suspension or revocation of such qualification has been received by the authority which has not been vacated or modified so that the bonds qualify for issuance.

91561. (a) All issues of bonds may be qualified for issuance under this section.

(b) The commission may refuse to qualify an issue unless it finds that the proposed issuance is fair, just, and equitable to a purchaser of the bonds, and that the bonds proposed to be issued and the methods to be used by an authority in issuing them are not such as, in its opinion, will work a fraud upon the purchaser thereof.

(c) The commission may impose as a condition of qualification conditions imposing a legend condition restricting the transferability thereof, impounding the proceeds from the sale thereof, or any other condition, if the commission finds that without such condition the issuance will be unfair, unjust, or inequitable to a purchaser of the bonds. The commission may in its discretion modify or remove any such conditions when, in its opinion, they are no longer necessary or appropriate.

(d) The commission may refuse to qualify an issue of bonds proposed to be issued in exchange for one or more outstanding bonds, or bonds and claims, or partly in such exchange and partly for cash or property, unless it approves the terms and conditions of such issuance and exchange and the fairness of such terms and conditions, and may hold a hearing upon the fairness of such terms and conditions, at which all persons to whom it is proposed to issue bonds or to deliver such other consideration in such exchange have the right to appear.

(e) The commission may refuse to qualify an issue unless it finds that the bonds issued in connection with the project by the authority will be adequately secured and the revenues and other funds applicable to the payments of the bonds are, or upon the acquisition, construction, or improvement of the project which such bonds finance, will be sufficient to pay the principal of and the interest on such bonds.

91562. (a) Prior to the delivery by an authority of any bonds of an issue in return for the purchase price, the commission may summarily suspend any qualification of such issue pending final determination of any proceeding under this section. Upon the taking of any such action, the commission shall promptly notify each person specified in subdivision (b) of such action and of the reasons therefor and that upon the receipt of a written request of the authority the matter will be set for hearing to commence within 20 business days after such receipt unless the authority consents to a later date. If no hearing is requested within 35 business days of notification to the authority of the taking of such action, and none is ordered by the commission, the commission may summarily revoke the

qualification, pending which the suspension shall remain in effect. If a hearing is requested or ordered, the commission after notice and hearing in accordance with subdivision (b), may modify or vacate the suspension or extend it until final determination.

(b) The authority, the company, and the underwriter and the proposed purchaser, if any, shall be notified of the taking of action pursuant to subdivision (a) and of the opportunity of the authority for a hearing thereon before the commission.

(c) Prior to the delivery by an authority of any bonds of an issue in return for the purchase price, the commission may revoke any qualification if it finds that the proposed issuance is not fair, just, or equitable to a purchaser of the bonds, or that the bonds proposed to be issued or the method to be used by an authority in issuing them will tend to work a fraud upon the purchaser thereof.

(d) The commission may vacate or modify a suspension or revocation of qualification if it finds that the reasons for the suspension or revocation do not or no longer exist or that the reasons which do exist are not such as support a conclusion that the proposed issuance is not fair, just, or equitable to a purchaser of the bonds, or that the bonds proposed to be issued or the method to be used by an authority in issuing them will tend to work a fraud upon the purchaser thereof.

91563. (a) The aggregate amount of bonds qualified pursuant to this title shall not exceed two hundred million dollars (\$200,000,000).

(b) Each authority shall file with the commission reports at such times as are required by the commission, setting forth the bonds of an issue qualified by the commission or exempt from qualification or not required to be so qualified.

(c) The commission shall determine when the limitation of subdivision (a) has been reached and shall notify all authorities that no further bonds shall be qualified pursuant to this title.

91564. (a) Neither (1) the fact that an application for qualification has been filed nor (2) the fact that an issue of bonds has been qualified constitutes a finding by the commission that any document filed in connection with such qualification is true, complete, or not misleading. Neither any such fact nor the fact that an exemption is available means that the commission has passed in any way upon the merits or qualifications of, or recommended or given approval to any issue of bonds except as provided in subdivision (d) of Section 91561.

(b) It is unlawful to make or cause to be made to any purchaser any representation inconsistent with subdivision (a).

(c) Every notification of qualification issued by the commission shall recite that the qualification is permissive, only, and does not constitute a recommendation or endorsement of the bonds so qualified.

SEC. 3. Section 1192 of the Insurance Code is amended to read: 1192. Excess funds investments may be made in:

(a) Interest-bearing obligations issued by a corporation organized

under the laws of any state, or of the United States, or of the District of Columbia, or of the Dominion of Canada or of any province of the Dominion of Canada, or issued by an authority established pursuant to the California Industrial Development Financing Act provided for in Title 10 (commencing with Section 91500) of the Government Code, to which such a corporation is obligated with respect to payment, or

(b) Equipment trust obligations or certificates, or other adequately secured instruments, evidencing an interest in or lien upon transportation equipment used or to be used by a common carrier or common carriers and a right to receive determined portions of fixed obligatory payments for the use or purchase of such equipment, when such obligations, certificates or instruments are issued by a corporation specified in paragraph (a) or are unconditionally guaranteed or assumed by such a corporation as to principal and as to interest or dividends and as to the payment of such fixed obligatory payments or the payment of such determined portions thereof.

SEC. 4. Notwithstanding Sections 2229 and 2230 of the Revenue and Taxation Code, no local agency or school district shall receive reimbursement for any property tax and sales or use tax revenues lost pursuant to this act. Furthermore, this act does not create any present or future obligation to reimburse the agency or district for any revenues lost because of this act.

## CHAPTER 1359

An act relating to local land use planning, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature. Filed with  
Secretary of State October 1, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares that several coastal counties have been involved in litigation relative to the adequacy of their general plans since 1978, and that such litigation has resulted in the counties being enjoined from approving

development projects within their territory until such time they adopt a complete general plan which meets all of the requirements of the Local Planning Law. The Legislature further finds and declares that in attempting to comply with the court orders to revise their general plans, these coastal counties are currently engaged in a two-phase process which involves the efforts of the counties and the State Coastal Commission in preparing general plans and local coastal programs for the coastal areas of the counties, as well as the efforts of the counties in revising their general plans relative to all areas and issues which will not otherwise be addressed in their local coastal programs. The Legislature recognizes that because of this two-phased effort, each portion of the general plan may be completed on a different date.

SEC. 2. In view of the findings of Section 1 of this act, the counties described in Section 1 of this act shall adopt general plans for all areas of their counties not within the coastal zone, which meet all the requirements of Article 5 (commencing with Section 65300) of Chapter 3 of Division 1 of Title 7 of the Government Code, not later than May 1, 1981. Notwithstanding the requirements of Article 5 that a general plan be countywide in scope, the general plans prepared pursuant to this section for the areas not within the coastal plan shall have the same effect with regard to those areas as if the general plans were countywide. Not later than July 1, 1981, the counties shall adopt general plans for the entire area of their counties, including the areas within the coastal zones, which meet all the requirements of Article 5; provided, however, that Sections 1 and 2 of this act shall not be construed to limit the requirements of the California Coastal Act (Division 20 (commencing with Section 30000) of the Public Resources Code).

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to revise and clarify provisions in existing law relative to the approval and certification of local coastal programs and to facilitate efforts of certain counties to adopt general plans meeting the requirements of existing state planning law, it is necessary that this act take effect immediately.

installed as part of the development.

(f) On or before October 1, 1980, the commission shall, after public hearing and in consultation with the City of Carlsbad, prepare, approve, and adopt a local coastal program for the following parcels in the vicinity of Batiquitos Lagoon within the City of Carlsbad: lands owned by Rancho La Costa, a registered limited partnership, lands (consisting of approximately 80 acres) owned by Standard Pacific of San Diego, Inc., that were conveyed by Rancho La Costa on October 8, 1977, and lands owned by the Occidental Petroleum Company. Such parcels shall be determined by ownership as of September 12, 1979. As used in this subdivision, "parcels" means the parcels identified in this paragraph. The local coastal program required by this subdivision shall include all of the following elements:

- (1) Protection of agricultural lands and uses to the extent feasible.

The segments of the city's local coastal program for those parcels may be amended pursuant to the provisions of this division relating to the amendment of local coastal programs.

If the commission fails to adopt such local coastal program within the time limits specified in this subdivision, those parcels shall be excluded from the coastal zone and shall no longer be subject to the provisions of this division. It is the intent of the Legislature in enacting this subdivision that a procedure to expedite the preparation and adoption of a local coastal program for those parcels be established so that the public and affected property owners know as soon as possible what the permissible uses of such lands are.

Any land use not in conformance with the certified drainage and transportation plans may be appealed to the commission pursuant to the appeals procedure as provided by Chapter 7 (commencing with Section 30600). The drainage plan and any amendments thereto shall be prepared after consultation with the Department of Fish and Game and shall ensure that problems resulting from water runoff, sedimentation, and siltation are adequately identified and resolved.

(i) Near the head of the south branch of Los Penasquitos Canyon, the boundary is moved seaward to the five-mile limit as described in Section 30103 and as specifically shown on map 33.

No coastal development permit shall be required for any improvement, maintenance activity, relocation, or reasonable expansion of any commercial radio or television transmission facilities within the area specified in this subdivision unless any such proposed activity could result in a significant change in the density or intensity of use in such area or could have a significant adverse impact on highly scenic resources of public importance; provided, however, that no prior review by the commission of any such activity shall be required.

(k) In the City of San Diego, approximately 30 acres known as the Famosa Slough is added as specifically shown on maps 34 and 35.

In order to ensure proper planning for the area provided for in this act, it is necessary that the provisions of this act become effective immediately.

SEC. 8. Section 890 of the Penal Code is amended to read:

Unless a higher fee or rate of mileage is otherwise provided by statute or county or city and county ordinance, the fees for grand jurors are ten dollars (\$10) a day for each day's attendance as a grand juror, and fifteen cents (\$.15) a mile, in going only, for each mile actually traveled in attending court as a grand juror.

SEC. 8.5. Section 1143 of the Penal Code is amended to read:

Unless a higher fee or rate of mileage is otherwise provided by statute or county or city and county ordinance, the fees of jurors in the superior and municipal courts and justice courts of the state, in criminal cases, shall be five dollars (\$5), in lawful money of the United States, for each day's attendance, and mileage, to be computed at the rate of fifteen cents (\$.15) per mile for each mile necessarily traveled in attending court, in going only. Such fees and mileage shall be paid by the treasurer of the county, or city and county, in which the juror's services were rendered, out of the general fund of said county, or city and county, upon warrants drawn by the county auditor upon the written order of the judge of the court in which said juror was in attendance, and the treasurer of said county, or city and county, shall pay said warrants. The board of supervisors of each county, or city and county, is hereby directed to make suitable appropriations for the payment of the fees herein provided for.

SEC. 9. The Legislature hereby finds and declares that, in view of its constitutionally delegated responsibility of setting salaries for county reporters, it is necessary to obtain information regarding the total compensation paid to court reporters from all sources so as to allow proper evaluation of legislative proposals relating to court reporters' salaries on an ongoing basis.

Such legislative proposals are not made on a uniform, statewide basis, but on a county-by-county basis. Therefore, it is necessary to monitor the compensation provided court reporters on an individual county basis reflecting the periodic legislative proposals which are made for specific counties. Accordingly, this legislation affecting Monterey County and Tehama County is necessary to permit the Legislature to carry out its constitutionally delegated responsibility of setting court reporters' salaries in such counties in view of the submitted request for an adjustment in the compensation provided to court reporters in such counties.

SEC. 12. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Furthermore, this act does not create any present or future obligation to reimburse the agency or district for any costs incurred because of this act.

The Superintendent of Public Instruction shall, for such purposes, have authority to take all necessary steps to effect the midfiscal year transition involved, including the authority to adjust allowance computations, apportionments, and disbursements ordered from Section A of the State School Fund.

SEC. 3. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because self-financing authority is provided in this act to cover costs that may be incurred in carrying on any program or performing any service required to be carried on or performed by this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for the provisions of this act to apply to the 1979-80 fiscal year, it is necessary that this act take effect immediately.

## CHAPTER 1370

An act to amend Sections 13962, 13963, 13965, 13966, 13968, and 13973 of, and to add and repeal Sections 13961.1 and 13961.2 of, the Government Code, and to amend Section 4903 of the Labor Code, relating to victims of crimes, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature Filed with  
Secretary of State October 1, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 13961.1 is added to the Government Code, to read:

13961.1. (a) An emergency award shall be available for a victim of a crime of violence if, as a result of the crime, the victim incurs loss of his or her income or support.

(b) Emergency award application forms shall be provided by the State Board of Control upon request of the applicant. The board shall make available such application forms through all means at its disposal.

(c) The board may grant an emergency award based solely on the application of the victim. Disbursements of emergency awards funds shall be made within 30 business days of application. The board may refuse to grant an emergency award where it has reason to believe that the applicant will not qualify for an award for assistance under this article. The board may delegate authority to designated staff persons, who will use guidelines established by the board, to grant emergency awards.

(d) If the applicant does not complete the application for a grant or, if, upon final disposition of the victim's claim under this article, it is found that the victim is not eligible for assistance from the board, the victim shall reimburse the board for the emergency award pursuant to an agreed upon repayment schedule. If upon final disposition of the victim's application, the board grants assistance to the claimant, the amount of the emergency award shall be deducted from the final award of compensation granted to the victim; and, if the amount of the grant is less than the amount of the emergency award, the excess amount shall be repaid according to an agreed upon repayment schedule. Final disposition for the purposes of this section shall mean the final decision of the board with respect to the victim's application for assistance, before any appellate action is instituted.

(e) The amount of the emergency award shall be dependent upon the immediate needs of the victim, as evidenced by the victim's loss of income or support and losses incurred as a direct result of the crime before filing or reasonably anticipated during the first 90 days after the initial filing of an application. In no event shall the amount of the emergency award exceed one thousand dollars (\$1,000).

(f) The emergency award application shall require only the following:

(1) The name, address, and telephone number of the victim.

(2) A brief description of the nature and circumstances of the crime, including the date and location.

(3) The date the crime was reported to a law enforcement agency and the name and address of such agency.

(4) The name, address, and telephone number of the employer or self-employing entity, the loss of income or support to date and estimate of future loss.

(5) The name, address, and telephone number of medical providers and the cost of medical care incurred to date.

(6) A listing of creditors by name, address, and amount of debts, of whom applicant wishes the board to request forbearance of collections.

(7) A statement that in the event the victim is denied assistance under this article or the final award is less than the emergency award, the applicant will be required to repay the excess amount.

(8) The applicant's signature and a statement that the victim was a resident of the state on the date of the crime and that the information is supplied under penalty of perjury, violation of which is punishable by six months in the county jail.

SEC. 1.5. Section 13961.2 is added to the Government Code, to read:

13961.2. A sum not to exceed 15 percent of the amount appropriated annually to pay victims of crimes of violence may be withdrawn from the Indemnity Fund, to be used as a revolving fund by the State Board of Control for the payment of emergency awards made pursuant to Section 13961.1.

SEC. 2. Section 13962 of the Government Code is amended to read:

13962. (a) The staff of the board shall appoint a clerk to review all applications for assistance in order to insure that they are complete. If the application is not complete, it shall be returned to the victim with a brief statement of the additional information required. The victim, within 30 days of receipt thereof, may either supply the additional information or appeal such action to the board which shall review the application to determine whether or not it is complete.

(b) If the application is accepted, it shall be promptly verified by the staff of the State Board of Control. The verification process shall include sending supplemental forms to all hospitals, physicians, law enforcement officials and other interested parties involved, verifying the treatment of the victim, circumstances of the crime, amounts paid or received by or for the victim and other pertinent information as may be deemed necessary by the board. Verification forms shall be provided by the board and shall be returned to the board within 10 business days. The board shall include on the verification forms reference to this section with respect to the prompt return of the verification forms. The board thereupon shall consider the application at a hearing at a time and place of its choosing. The board shall notify all interested persons not less than five days prior to the date of the hearing.

(c) The victim shall cooperate with the staff of the State Board of Control in the verification of the information contained in the application. Failure so to cooperate shall be reported to the board,

which, in its discretion, may reject the application on this ground alone.

(d) Hearings shall be held in various locations with the frequency necessary to provide for the speedy adjudication of the applications. If necessary, the board shall delegate the hearing of applications to hearing examiners.

SEC. 3. Section 13963 of the Government Code is amended to read:

13963. (a) At the hearing, the board shall:

(1) Instruct its staff, prior to the start of the proceedings, to brief those claimants present on the rules, regulations and any other procedures and guidelines used by the board at such hearings.

(2) Review the application for assistance and the report prepared thereon and any other evidence obtained as a result of the investigation.

(3) Receive such other evidence as the board finds necessary or desirable properly to evaluate the application.

(b) If the victim chooses not to appear at the hearing, the board may act solely upon the application for assistance, the staff's report, and such other evidence as appears in the record.

SEC. 4. Section 13965 of the Government Code is amended to read:

13965. (a) If the application for assistance is approved, the board shall determine what type of state assistance will best aid the victim. The board may take any or all of the following actions:

(1) Authorize a cash payment to or on behalf of the victim equal to the pecuniary loss attributable to medical or medical related expenses directly resulting from the injury but not to exceed ten thousand dollars (\$10,000);

(2) Authorize a cash payment to the victim equal to the pecuniary loss resulting from loss of wages or support directly resulting from the injury, but not to exceed ten thousand dollars (\$10,000);

(3) Authorize cash payments not to exceed three thousand dollars (\$3,000) to or on behalf of the victim for job retraining or similar employment-oriented rehabilitative services.

(b) Assistance granted pursuant to this article shall not disqualify an otherwise eligible victim from participation in any other public assistance program.

Cash payments made pursuant to this article may be on a one time or periodic basis. If periodic, the board may increase, reduce, or terminate the amount of assistance according to need, subject to the maximum limits provided in paragraphs (1), (2), and (3) of subdivision (a).

(c) The board may also authorize payment of attorney's fees representing the reasonable value of legal services rendered to the applicant, but not to exceed 10 percent of the amount of the award, or five hundred dollars (\$500), whichever is less.

No attorney shall charge, demand, receive, or collect any amount for services rendered in connection with any proceedings under this

article except as awarded under this section.

(d) The maximum cash payments authorized in paragraphs (1) and (2) of subdivision (a) shall be increased to twenty thousand dollars (\$20,000) and the attorney's fees authorized in subdivision (c) of this section shall be increased to five thousand dollars (\$5,000) and one thousand dollars (\$1,000), respectively, if federal funds for such increases are available.

SEC. 4.1. Section 13966 of the Government Code is amended to read:

13966. (a) The State of California shall be subrogated to the rights of the victim to whom cash payments are granted to the extent of the cash payments granted, less the amount of any fine imposed by the court on the perpetrator of the crime. Such subrogation rights shall be against the perpetrator of the crime or any person liable for the pecuniary loss.

(b) The state also shall be entitled to a lien on the judgment, award, or settlement, in the amount of such case payments on any recovery made by or on behalf of the victim. The state may recover this amount in a separate action, or may intervene in an action brought by or on behalf of the victim. If a claim is filed within one year of the date of recovery, the state shall pay 25 percent of the amount of the recovery which is subject to a lien on the judgment, award, or settlement, to the county probation department or the victim responsible for recovery thereof from the perpetrator of the crime, provided the total amount of the lien is recovered. The remaining 75 percent of the amount and any amount not claimed within one year pursuant to this section, shall be deposited in the Indemnity Fund.

(c) The board may compromise or settle and release any lien pursuant to this article if it is found that such action is in the best interest of the state or the collection would cause undue hardship upon the victim.

(d) In the event that the victim, his guardian, personal representative, estate, or survivors, or any of them, bring an action for damages against the person or persons liable for the injury or death giving rise to an award by the board under this article, notice of institution of legal proceedings, notice of settlement and all other notices required to be given to the judgment debtor pursuant to Chapters 1 (commencing with Section 681) and 2 (commencing with Section 714) of Title 9 of Part 2 of the Code of Civil Procedure, shall be given to the board in Sacramento except in cases where the board specifies that notice shall be given to the Attorney General. All such notices shall be given by the attorney employed to bring the action for damages or by the victim, his guardian, personal representative, estate, or survivors, if no attorney is employed.

SEC. 4.3. Section 13968 of the Government Code is amended to read:

13968. (a) The State Board of Control is hereby authorized to make all needful rules and regulations consistent with the law for the

purposes of carrying into effect the provisions of this article.

(b) It shall be the duty of every hospital licensed under the laws of this state to display prominently in its emergency room posters giving notification of the existence and general provisions of this chapter. The board shall set standards for the location of such display and shall provide posters, application forms and general information regarding the provisions of this chapter to each hospital and physician licensed to practice in the State of California.

(c) It shall be the duty of every local law enforcement agency to inform victims of violent crimes of the provisions of this chapter and to provide application forms to victims who desire to seek assistance pursuant to this article. The board shall provide application forms and all other documents which local law enforcement agencies may require to comply with this section. The board shall set standards to be followed by local law enforcement agencies for this purpose and may require them to file with the board a description of the procedures adopted by each agency to comply.

(d) Notwithstanding any other provision of law, every law enforcement agency in the state shall provide to the board, upon request, a complete copy of the report regarding the incident and any supplemental reports involving the crime, public offense, or incident giving rise to a claim filed pursuant to this article.

(e) The law enforcement agency supplying the information may, at its discretion, withhold the names of witnesses or informants from the board, if the release of such names would be detrimental to the parties or to an investigation currently in progress.

(f) Notwithstanding any other provision of law, every state agency, department, division, board, or commission, upon receipt of a copy of a release signed in accordance with the Information Practices Act of 1977 by the applicant or other authorized representative, shall provide to the board the information necessary to complete the verification of an application filed pursuant to this article.

SEC. 5. Section 13973 of the Government Code is amended to read:

13973. Upon presentation of any such claim, the Board of Control shall fix a time and place for the hearing of the claim, and shall mail notices thereof to interested persons or agencies. At the hearing, the board shall receive recommendations from public safety or law enforcement agencies, and evidence showing:

(a) The nature of the crime committed by the apprehended criminal or prevented by the action of the private citizen, or the nature of the action of the private citizen in rescuing a person in immediate danger of injury or death as a result of fire, drowning, or other catastrophe, and the circumstances involved;

(b) That the actions of the private citizen substantially and materially contributed to the apprehension of a criminal, the prevention of a crime, or the rescuing of a person in immediate danger of injury or death as a result of fire, drowning, or other

catastrophe;

(c) That as a direct consequence, the private citizen incurred personal injury or damage to property or died;

(d) The extent of such injury or damage for which the claimant is not compensated from any other source;

(e) Such other evidence as the board may require.

If the board determines, on the basis of a preponderance of such evidence, that the state should indemnify the claimant for the injury, death, or damage sustained, it shall approve the claim for payment. In no event shall a claim be approved by the board under this article in excess of ten thousand dollars (\$10,000).

In addition to any award made under this article, the board may award, as attorney's fees, an amount representing the reasonable value of legal services rendered a claimant, but in no event to exceed 10 percent of the amount of the award. No attorney shall charge, demand, receive, or collect for services rendered in connection with any proceedings under this article any amount other than that awarded as attorney's fees under this section. Claims approved under this article shall be paid from a separate appropriation made to the State Board of Control in the Budget Act and as such claims are approved by the board.

SEC. 5.1. Section 4903 of the Labor Code is amended to read:

4903. The appeals board may determine, and allow as liens against any sum to be paid as compensation, any amount determined as hereinafter set forth in subdivisions (a) through (h) of this section. If more than one such lien be allowed, the appeals board may determine the priorities, if any, between the liens allowed. The liens which may be allowed hereunder are as follows:

(a) A reasonable attorney's fee for legal services pertaining to any claim for compensation either before the appeals board or before any of the appellate courts, and the reasonable disbursements in connection therewith.

(b) The reasonable expense incurred by or on behalf of the injured employee, as provided by Article 2 of Chapter 2 of Part 2 of this division.

(c) The reasonable value of the living expenses of an injured employee or of his dependents, subsequent to the injury.

(d) The reasonable burial expenses of the deceased employee, not to exceed the amount provided for by Section 4701.

(e) The reasonable living expenses of the wife or minor children of the injured employee, or both, subsequent to the date of the injury, where such employee has deserted or is neglecting his family. Such expenses shall be allowed in such proportion as the appeals board deems proper, under application of the wife or guardian of the minor children.

(f) The amount of unemployment compensation disability benefits which have been paid under or pursuant to the Unemployment Insurance Code in those cases where, pending a determination under Division 4 of this code, there was uncertainty

whether such benefits were payable under the Unemployment Insurance Code or payable hereunder; provided, however, that any lien under this subdivision shall be allowed and paid as provided in Section 4904.

(g) The amount of unemployment compensation benefits and extended duration benefits paid to the injured employee for the same day or days for which he receives, or is entitled to receive, temporary total disability indemnity payments under this division; provided, however, that any lien under this subdivision shall be allowed and paid as provided in Section 4904.

(h) The amount of indemnification granted pursuant to Article 1 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the Government Code.

SEC. 6. Sections 1 and 1.5 of this act shall remain in effect only until December 31, 1981, and shall be repealed as of such date, unless a later enacted statute, which is chaptered before January 1, 1982, deletes or extends such date.

SEC. 6.5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Legislature finds that the membership of the California Commission on Crime Control and Violence Prevention must be increased to appropriately reflect the general public, including women and ethnic minorities, and that there exists a compelling need for the express inclusion of women and women who are ethnic minorities as commission members to enable the commission to successfully carry out its mandate, and therefore it is necessary that this act become effective immediately.

SEC. 7. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be because this act creates a new crime or infraction, changes the definition of a crime or infraction, or eliminates a crime or infraction. Furthermore, this act does not create any present or future obligation to reimburse any local agency or school district for any costs incurred because of this act.

## CHAPTER 1371

An act to add Section 30610.6 to the Public Resources Code, relating to the California Coastal Act, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature Filed with  
Secretary of State October 1, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 30610.6 is added to the Public Resources Code, to read:

30610.6. (a) The Legislature hereby finds and declares that it is in the public interest to provide by statute for the resolution of the lengthy and bitter dispute involving development of existing legal lots within the unincorporated area of Sonoma County, commonly known as the Sea Ranch. The reasons for the need to finally resolve this dispute include:

(1) Acknowledgment by the responsible regulatory agencies that development of existing lots at Sea Ranch can proceed consistent with the provisions of this division and other applicable laws provided certain conditions have been met. Development has been prevented at considerable costs to property owners because these conditions have not been met.

(2) That it has been, and continues to be, costly to Sea Ranch property owners and the public because of, among other reasons, extensive and protracted litigation, continuing administrative proceedings, and escalating construction costs.

(3) The need to provide additional public access to and along portions of the coast at the Sea Ranch in order to meet the requirements of this division. The continuation of this dispute prevents the public from enjoying the use of such access opportunities.

(4) The commission is unable to refund 118 "environmental deposits" to property owners because coastal development permit conditions have not been met.

(5) It appears likely that this lengthy dispute will continue unless the Legislature provides a solution, and the failure to resolve the dispute will be unfair to property owners and the public.

(b) The Legislature further finds and declares that because of the unique circumstances of this situation, the provisions of this section constitute the most expeditious and equitable mechanism to ensure a timely solution that is in the best interest of property owners and that is consistent with the requirements of this division.

(c) If the Sea Ranch Association and Oceanic California, Inc. desire to take advantage of the terms of this section, they shall, not sooner than April 1, 1981, and not later than July 1, 1981, deposit into escrow deeds and other necessary documents that have been determined by the State Coastal Conservancy prior to their deposit in escrow to be legally sufficient to convey to the State Coastal Conservancy enforceable and nonexclusive public use easements free and clear of liens and encumbrances for the easements specifically described in this subdivision. Upon deposit of five hundred thousand dollars (\$500,000) into the same escrow account

by the State Coastal Conservancy, but in no event later than 30 days after such deeds and other necessary documents have been deposited in the escrow account, the escrow agent shall transmit the five hundred thousand dollars (\$500,000), less the escrow, title, and administrative costs of the State Coastal Conservancy, in an amount not to exceed twenty thousand dollars (\$20,000), to the Sea Ranch Association and shall convey such deeds and other necessary documents to the State Coastal Conservancy. The conservancy shall subsequently convey such deeds and other necessary documents to an appropriate public agency that is authorized and agrees to accept such easements. The deeds specified in this subdivision shall be for the following easements:

(1) In Unit 34A, a 30-foot wide vehicle and pedestrian access easement from a point on State Highway 1, 50 feet north of mile post marker 56.75, a day parking area for 10 vehicles, a 15-foot wide pedestrian accessway from the parking area continuing west to the bluff-top trail, and a 15-foot wide bluff-top pedestrian easement beginning at the southern boundary of Gualala Point County Park and continuing for approximately three miles in a southerly direction to the sandy beach at the northern end of Unit 28 just north of Walk-on Beach together with a 15-foot wide pedestrian easement to provide a connection to Walk-on Beach to the south.

(2) In Unit 24, a day parking area west of State Highway 1, just south of Whalebone Reach, for six vehicles, and a 15-foot wide pedestrian accessway over Sea Ranch Association common areas crossing Pacific Reach and continuing westerly to the southern portion of Shell Beach with a 15-foot wide pedestrian easement to connect with the northern portion of Shell Beach.

(3) In Unit 36, a 30-foot wide vehicle and pedestrian accessway from State Highway 1, mile post marker 53.96, a day parking area for 10 vehicles, and a 15-foot wide pedestrian accessway from the parking area to the beach at the intersection of Units 21 and 36.

(4) In Unit 17, adjacent to the intersection of Navigator's Reach and State Highway 1, 75 feet north of mile post marker 52.21, enough land to provide day parking for four vehicles and a 15-foot wide pedestrian accessway from the parking area to Pebble Beach.

(5) In Unit 8, a 30-foot wide vehicle and pedestrian accessway from State Highway 1, mile post marker 50.85, a day parking area for 10 vehicles and a 15-foot wide pedestrian accessway from the parking area to Black Point Beach.

(6) With respect to each of the beaches to which access will be provided by the easements specified in this subdivision, a easement for public use of the area between the line of mean high tide and either the toe of the adjacent bluff or the first line of vegetation, whichever is nearer to the water.

(7) Scenic view easements for those areas specified by the executive director, as provided in subdivision (d), and which easements allow for the removal of trees in order to restore and preserve scenic views from State Highway 1.

(d) The executive director of the commission shall, within 30 days after the effective date of this section, specifically identify the areas along State Highway 1 for which the scenic view easements provided for in paragraph (7) of subdivision (c) will be required. In identifying the areas for which easements for the restoration and preservation of public scenic views will be required, the executive director shall take into account the effect of tree removal so as to avoid causing erosion problems. It is the intent of the Legislature that only those areas be identified where scenic views to or along the coast are unique or particularly beautiful or spectacular and which thereby take on public importance. The restoration and preservation of the scenic view areas specified pursuant to this subdivision shall be at public expense.

(e) Within 30 days after the effective date of this section, the executive director of the commission shall specify design criteria for the height, site, and bulk of any development visible from the scenic view areas provided for in subdivision (d). Such criteria shall be enforced by the County of Sonoma if the deeds and other necessary documents specified in subdivision (c) have been conveyed to the State Coastal Conservancy. Such criteria shall be reasonable so as to enable affected property owners to build single-family residences of substantially similar overall size to those which property owners who are not affected by these criteria may build or have already built under the Sea Ranch Association's building design criteria. The purpose of such criteria is to ensure that development will not substantially detract from the specified scenic view areas.

(f) On and after the date on which the deeds and other necessary documents deposited in escrow pursuant to subdivision (c) have been conveyed to the State Coastal Conservancy, no additional public access requirements shall be imposed at the Sea Ranch pursuant to this division by any regional commission, the commission, any other state agency, or any local government. The Legislature hereby finds and declares that the provision of the access facilities specified in this subdivision shall be deemed adequate to meet the requirements of this division.

(g) The realignment of internal roads within the Sea Ranch shall not be required by any state or local agency acting pursuant to the provisions of this division; provided, however, that appropriate easements may be required by the County of Sonoma to provide for the expansion of State Highway 1 for the development of turnout and left-turn lanes and for the location of a bicycle path, when the funds are made available for such purposes. The Legislature finds and declares that the provisions of this subdivision are adequate to meet the requirements of this division to ensure that new development at the Sea Ranch will not overburden the capacity of State Highway 1 to the detriment of recreational users.

(h) No coastal development permit shall be required pursuant to this division for the development of supplemental water supply facilities determined by the State Water Resources Control Board to

be necessary to meet the needs of legally permitted development within the Sea Ranch. The commission, through its executive director, shall participate in the proceedings before the State Water Resources Control Board relating to such facilities and may recommend terms and conditions that the commission deems necessary to protect against adverse impacts on coastal zone resources. The State Water Resources Control Board shall condition any permit or other authorization for the development of such facilities so as to carry out the commission's recommendation, unless the State Water Resources Control Board determines that any such recommended terms or conditions are unreasonable. This subdivision shall become operative if the deeds and other necessary documents specified in subdivision (c) have been conveyed to the State Coastal Conservancy.

(i) Within 90 days after the effective date of this section, the commission, through its executive director, shall specify criteria for septic tank construction, operation, and monitoring within the Sea Ranch to ensure protection of coastal zone resources consistent with the policies of this division. The North Coast Regional Water Quality Control Board shall review such criteria and adopt it, unless it finds such criteria or a portion thereof is unreasonable. The regional board shall be responsible for the enforcement of any such adopted criteria if the deeds and other necessary documents specified in subdivision (c) have been conveyed to the State Coastal Conservancy.

(j) Within 60 days after the date on which the deeds and other necessary documents deposited in escrow pursuant to subdivision (c) have been conveyed to the State Coastal Conservancy, the commission shall refund every Sea Ranch "environmental deposit" together with any interest earned on such deposit to the person, or his or her designee, who paid such deposit.

(k) Notwithstanding any other provision of law, on and after the date on which the deeds and other necessary documents deposited in escrow pursuant to subdivision (c) have been conveyed to the State Coastal Conservancy, a coastal development permit shall not be required pursuant to this division for the construction of any single-family residence dwelling on any vacant, legal lot existing at the Sea Ranch on the effective date of this section. With respect to any other development for which a coastal development permit is required within legally existing lots at the Sea Ranch, no conditions may be imposed pursuant to this division that impose additional public access requirements or that relate to supplemental water supply facilities, septic tank systems, or internal road realignment.

(l) Notwithstanding any other provision of law, if on July 1, 1981, deeds and other necessary documents that are legally sufficient to convey the easements specified in subdivision (c) have not been deposited in an escrow account, the provisions of this section shall no longer be operative and shall have no force or effect and thereafter all the provisions of this division in effect prior to enactment of this section shall again be applicable to any development within the Sea

Ranch.

(m) The Legislature hereby finds and declares that the provisions for the settlement of this dispute, especially with respect to public access, as set forth in this section provide an alternative to and are equivalent to the provisions set forth in Section 30610.3. The Legislature further finds that the provisions of this section are not in lieu of the permit and planning requirements of this division but rather provide for an alternative mechanism to Section 30610.3 for the resolution of outstanding issues at the Sea Ranch.

SEC. 2. The sum of five hundred thousand dollars (\$500,000) appropriated from the Energy and Resources Fund by category (f) of Item 532 of the Budget Act of 1980 to the Department of Parks and Recreation for Salt Point State Park—land acquisition is hereby reappropriated to the State Coastal Conservancy for the purpose of carrying out the provisions of Section 30610.6 of the Public Resources Code.

(b) It is the intent of the Legislature that the dispute between the Sea Ranch Association and the California Coastal Commission be resolved and settled as soon as possible. In order to effectuate an expeditious resolution of this dispute that is in the best interest of the public and the lot owners at the Sea Ranch, the appropriation made by this section shall be available for encumbrance until July 1, 1981, and, if by that date deeds and other necessary documents that are legally sufficient to convey the easements specified in subdivision (c) of Section 30610.6 of the Public Resources Code have not been deposited in escrow as provided for in this act, the money appropriated by this act shall revert to the Energy and Resources Fund.

SEC. 3. The Legislature hereby declares that the enactment of this act shall not be construed as establishing any precedent for any future action affecting the coastal zone under the California Coastal Act of 1976.

SEC. 4. Local governments shall be reimbursed pursuant to Sections 30340.5 and 30340.6 of the Public Resources Code for any costs that may be incurred by them in carrying out any program or performing any service required to be carried on or performed by them by this act.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide a procedure to settle the question of public access at The Sea Ranch as soon as possible, it is necessary that this act take effect immediately.

## CHAPTER 1372

*The people of the State of California do enact as follows:*

SECTION 1. Section 117.14 of the Code of Civil Procedure is amended to read:

117.14. A fee of two dollars (\$2) shall be charged and collected for the filing of the claim under oath for the commencement of any action; for each defendant to whom a copy of the claim is mailed by the clerk a fee of three dollars (\$3) shall be charged and collected. Fees as provided in Sections 26828 and 26834 of the Government Code shall be charged and collected by the clerk for the issuance of a writ of execution or an abstract of judgment. Except as otherwise provided for in this chapter, no other fee or charge shall be collected by any officer for any service rendered under this chapter, or for the taking of affidavits for use in connection with any action commenced under this chapter. All fees collected hereunder shall be deposited with the treasurer of the city and county or county under whose jurisdiction any such court shall exist.

SEC. 2. Section 491.030 of the Code of Civil Procedure is amended to read:

491.030. (a) When the third person does not reside or have a place of business in the county where the action is pending, an order for his examination, authorized by Section 491.010, may be made by any court of similar jurisdiction of the county where the third person resides or has a place of business or, if no court of similar jurisdiction is in the county, by a court of higher jurisdiction therein, upon filing with the clerk of the court a certified copy of the complaint in the pending action and an affidavit showing that the third person resides or has a place of business in the county where that court is located and does not reside or have a place of business in the county where the action is pending.

(b) The fee for filing pursuant to this section shall be twelve dollars (\$12). No law library fee shall be charged.

SEC. 3. Section 690.31 of the Code of Civil Procedure is amended to read:

690.31. (a) (1) A dwelling house in which the debtor or the family of the debtor actually resides shall be exempt from execution, to the same extent and in the same amount, except as otherwise provided in this section, as the debtor or the spouse of the debtor would be entitled to select as a homestead pursuant to Title 5 (commencing with Section 1237) of Part 4 of Division 2 of the Civil Code. For the purpose of this section, "dwelling house" means the dwelling house together with the outbuildings and the land on which the same are situated.

(2) A mobilehome as defined in Section 18008 of the Health and Safety Code in which the debtor or the family of the debtor actually resides, together with the outbuildings and the land on which the same are situated, shall be exempt from execution, to the same extent and in the same amount, as is provided for a dwelling house by this section. For the purposes of this section, "dwelling house" includes such a mobilehome.

(b) The exemption provided in subdivision (a) does not apply:

(1) Whenever the debtor or the spouse of the debtor has an existing declared homestead on any property in this state other than property which is the subject of a proceeding under subdivision (c) of this section. The existence of a homestead declared by the debtor or the debtor's spouse under Section 1300 of the Civil Code shall not affect the right of the other spouse to an exemption under this section.

(2) Whenever a judgment or abstract thereof or any other obligation which by statute is given the force and effect of a judgment lien has been recorded prior to either:

(i) The acquisition of the property by the debtor or the spouse of the debtor; or

(ii) The commencement of residence by the debtor or the spouse of the debtor, whichever last occurs.

(3) Whenever the execution or forced sale is in satisfaction of judgments obtained:

(i) On debts secured by mechanics, contractors, subcontractors, artisans, architects, builders, laborers of every class, or materialmen's or vendors' liens upon the dwelling house or premises;

(ii) On debts secured by encumbrances on the dwelling house or premises executed and acknowledged by husband and wife, by a claimant of a married person's separate homestead, or by an unmarried claimant; or

(iii) On debts secured by encumbrances on the dwelling house or premises, executed and recorded prior to or in connection with the acquisition of the property by the debtor or the spouse of the debtor.

(c) Whenever a judgment creditor seeks to enforce a judgment against a dwelling house, whether or not the judgment was rendered

in another county, the judgment creditor shall apply to the proper court in the county in which the dwelling house is located for the issuance of a writ of execution. The proper court shall be determined in the same manner as provided in Section 392. The application shall be verified and describe the dwelling house and state that either or both of the following facts exist:

(1) The dwelling house is not exempt, the reasons therefor, and (i) that a reasonable search of the records of the office of the county recorder has not resulted in the finding of a declared homestead of the debtor or the spouse of the debtor on the subject dwelling house, and further, that a reasonable search of the records of the county tax assessor indicates that there is no current homeowner's exemption claimed by either the debtor or the spouse of the debtor on the subject dwelling house, or (ii) that the records of the county tax assessor indicate that there is a current homeowner's exemption claimed by either the debtor or the spouse of the debtor on the subject dwelling house but the judgment creditor believes for reasons which shall be stated in the application that the debtor or the spouse of the debtor is not entitled to the exemption provided in this section.

(2) The current value of the dwelling house, over and above all liens and encumbrances thereon, exceeds the amount of the allowable exemption.

If an application alleges facts solely pursuant to paragraph (2) or the court determines that a writ may issue only under the circumstances described in paragraph (2), the court shall determine whether the current value of the dwelling house, over and above all liens and encumbrances thereon, exceeds the amount of the allowable exemption in the manner provided by Title 5 (commencing with Section 1237) of Part 4 of Division 2 of the Civil Code.

At the time the application is filed, if the judgment was rendered in another county, there shall be paid to the clerk or judge, as a filing fee, twelve dollars (\$12). No law library fee shall be charged.

Whenever a judgment creditor seeks to enforce a judgment pursuant to this section and the judgment was rendered in another county, the judgment creditor shall file with the clerk or judge of the proper court in the county in which the dwelling house is located an abstract of judgment in the form prescribed in Section 674.

(d) Upon receipt of a completed application of a judgment creditor, the court shall set a time and place for hearing and order the debtor to show cause why a writ of execution should not issue. Prior to the hearing, a copy of the order to show cause, a copy of the application filed by the judgment creditor and a copy of the following notice, in at least 10-point bold type, shall be served as prescribed in subdivision (l):

**“IMPORTANT LEGAL NOTICE TO HOMEOWNER AND  
RESIDENT**

1. Your house is in danger of being sold to satisfy a judgment obtained in court. You may be able to protect the house and real property described in the accompanying application from execution and forced sale if you or your family now actually reside on the property and presently do not have a declared homestead legally recorded with the county recorder on any other property in the State of California. **YOU OR YOUR SPOUSE MUST COME TO THE HEARING TO SHOW THESE FACTS.**

2. If you or your spouse want to contest the forced sale of this property, you or your spouse must appear at

\_\_\_\_\_ on \_\_\_\_\_

(Location set forth in O.S.C)

(Date and time)

and be prepared to answer questions concerning the statements made in the attached application. **THE ONLY PURPOSE OF THE HEARING WILL BE TO DETERMINE WHETHER THE PROPERTY CAN BE SOLD, NOT WHETHER YOU OWE THE MONEY.**

3. **FOR YOUR OWN PROTECTION, YOU SHOULD PROMPTLY SEEK THE ADVICE OF AN ATTORNEY IN THIS MATTER. IF YOU ARE A TENANT AND DO NOT CLAIM TO BE THE OWNER OR BUYER OF THIS PROPERTY, THIS NOTICE DOES NOT AFFECT YOU. PLEASE GIVE IT TO YOUR LANDLORD.”**

(e) The burden of proof at the hearing shall be determined in the following manner:

(1) Where the application of the judgment creditor states a claim of nonexempt status, the debtor or the spouse of the debtor shall have the burden of proving his or her entitlement to the exemption; and

(2) Where the application of the judgment creditor asserts that the current value of the dwelling, over and above all liens and encumbrances thereon, exceeds the amount of the allowable exemption, the judgment creditor shall have the burden of proof on that issue.

(f) Upon a determination by the court that the dwelling house is not exempt or that, although exempt, the judgment creditor is entitled to levy against any excess, it shall make an order directing the issuance of a writ of execution. The order shall state whether or not the dwelling house is exempt and, if not exempt, state that the judgment creditor is entitled only to execution against the excess over the exempt amount. It shall also specify the amount of the exemption. A copy of the order shall be transmitted by the clerk of the court to the clerk of the court in which the judgment was rendered.

The writ of execution shall specify the amounts for distribution under the levy, including names and addresses of each person or

entity having an encumbrance against the dwelling and the name and address of any exempt debtor and the exempt amount.

(g) Any such writ of execution issued upon a hearing at which the debtor, the spouse of the debtor, or his or her attorney did not appear shall be served in the manner prescribed in subdivision (l) and be accompanied by the following notice in at least 10-point bold type:

**“IMPORTANT LEGAL NOTICE TO HOMEOWNER AND RESIDENT**

1. You were recently served with a court order requiring your presence at a hearing to determine why the court should not issue a writ of execution for the forced sale of your home. **YOU AND YOUR SPOUSE FAILED TO APPEAR AT THE HEARING AND THE COURT HAS ORDERED THAT YOUR HOME BE SOLD TO SATISFY A JUDGMENT AGAINST YOU.**

2. Your absence at the hearing has contributed to the issuance of the accompanying writ of execution. If the absence of you or your attorney at the hearing was legally excusable and you believe in good faith that your home may be entitled to an exemption from execution, you should complete the form below and date, sign, and return the form below no later than \_\_\_\_\_. (Insert date no later than five days prior to date of sale.)

3. **FOR YOUR OWN PROTECTION, YOU SHOULD IMMEDIATELY SEEK THE ADVICE OF AN ATTORNEY. IF YOU ARE A TENANT AND DO NOT CLAIM TO BE THE OWNER OR BUYER OF THIS PROPERTY, THIS NOTICE DOES NOT AFFECT YOU. PLEASE GIVE IT TO YOUR LANDLORD.**

(h) If the debtor or spouse of the debtor declares that his or her absence or the absence of his or her attorney at the hearing was due to mistake, inadvertence, surprise or excusable neglect and declares that the subject dwelling house may be entitled to an exempt status, the levying officer shall, upon receipt of the declarations of the debtor five days prior to the scheduled sale date, postpone the sale pending further orders of the court and transmit the notice forthwith to the court. Upon receipt of the notice, the clerk shall set a hearing to determine whether the writ of execution should be recalled, and shall give at least 10 days' notice to the parties.

(i) Subsequent applications by a judgment creditor within 12 months of a denial of a writ of execution shall be supported by a statement under oath alleging that there is a material change of circumstances affecting the exemption, and setting forth facts supporting such claimed material change of circumstances.

(j) In the event of an execution sale, the proceeds of the sale shall be applied in the following order and priority: first, to the discharge of all liens and encumbrances, if any, on the property; second, to the debtor, or the debtor's spouse if such person is the exemption claimant, in the amount of the exemption if allowed pursuant to this section; third, to the satisfaction of the execution; and fourth, to the debtor, or the debtor's spouse if such person is the exemption claimant.

(k) That portion of the proceeds from the sale of real property pursuant to an order of the court directing the issuance of a writ of execution pursuant to subdivision (f) of this section, which portion represents the amount of the exemption, shall be exempt for a period of six months from the date of receipt of the proceeds. Where such exempt proceeds are used for the purchase of a dwelling house, in which the debtor or the family of the debtor actually reside, within a period of six months following receipt, the subsequently acquired dwelling shall be exempt from execution. The exemption for the subsequently acquired real property shall have the same effect as if allowed on the date of the acquisition of or the commencement of residence by the debtor or the spouse of the debtor, whichever last occurred, in the property previously determined to be exempt, except with respect to a judgment or other obligation which by statute is given the force and effect of a judgment lien against the subsequently acquired property prior to its acquisition.

(l) Promptly upon receipt of the application filed by the judgment creditor, the order to show cause, and the notice specified in subdivision (d), or promptly upon receipt of the writ of execution and the notice specified in subdivision (g), and in no event less than 10 days prior to the date of the hearing specified in the notice under

subdivision (d) or the date of sale, as the case may be, the levying officer shall mail copies of the documents to the defendant and to any third person in whose name the property stands upon the records of the office of the tax assessor of the county where the property is located on the last business day preceding the date of mailing. Such copies shall be mailed first-class mail, postage prepaid, to the address of the defendant and any such third person as shown by the records of the office of the tax assessor. The levying officer shall also serve an occupant of the property with copies or, if there is no occupant on the property at the time service is attempted, the levying officer shall post a copy in a conspicuous place on the property. Service upon the occupant may be made by leaving the copies with the occupant personally, or, in the occupant's absence, with any person of suitable age and discretion, found upon the property at the time service is attempted and who is either an employee or agent of such occupant or a member of his family or household.

(m) The provisions of subdivisions (j), and (l) of Section 690.50 shall apply to proceedings under this section.

(n) An appeal lies from any judgment under this section. Such appeal shall be taken in the manner provided for appeals in the court in which the proceeding is had.

(o) The notice specified in subdivision (d) shall also be provided in Spanish as follows:

(a) An application for assistance may be denied, in whole or in part, if:

(2) The board finds that the victim will not suffer serious financial hardship or pecuniary loss, as a result of the loss of earnings or support and out-of-pocket expense incurred as a result of the injury which gave rise to the application for assistance pursuant to this article.

(b) No victim shall be eligible for assistance under the provisions of this article if:

(1) The board finds that the victim or the person whose injury or death gave rise to the application knowingly and willingly participated in the commission of the crime; or

Systems Technology, Inc., for the purposes of completing its contract with the United States Department of Transportation for the period ending January 1982, may employ a rigorous experimental design testing the utility of the Drunk Driver Warning System for deterring drunk driving trips among persons convicted of a second drunk driving charge, without the confounding effects of treatment, on no more than 24 subjects in Los Angeles County who have been convicted of a second offense of driving under the influence of alcohol in violation of Section 23102 of the Vehicle Code.

SEC. 3. Any Los Angeles Municipal Court, in lieu of authorized disposition under existing law, may refer a second offender to Systems Technology, Inc., for screening. If accepted into the pilot project authorized by Section 2 of this act, a person shall not be subject to license suspension under Section 13352 of the Vehicle Code. If not so accepted into the pilot project, a person shall be subject to all the provisions of existing law as carried out by the court and other designated agencies.

SEC. 4. The pilot project authorized under Section 2 of this act is not a program for purposes of required approval under Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code.

SEC. 5. (a) Notwithstanding the requirements of subdivisions (e) and (f) of Section 23102 of the Vehicle Code, the court may suspend execution of the sentence, as to the imprisonment of any person convicted for a second offense under Section 23102, if the person has consented to participate in a program approved pursuant to this act, the court has referred the person to such a program, and the person has been accepted. If at any time the person is found by the court to have failed to comply with the rules and regulations of the program or does not successfully complete the program, the court shall revoke such suspension or shall revoke and terminate probation, or both, and shall proceed in the manner provided in subdivision (c) of Section 1203.2 of the Penal Code.

(b) When the court has imposed sentence as provided in subdivision (a), the Department of Motor Vehicles shall suspend the driving privilege pursuant to Section 13352 of the Vehicle Code.

SEC. 6. For the purposes of this act, Systems Technology, Inc., shall not be required to obtain, nor shall the Department of the California Highway Patrol be required to issue, a permit pursuant to Section 26106 of the Vehicle Code. Vehicles which are permitted under this act to be equipped with the drunk driving warning system may automatically flash the hazard warning lamps or blow the horn intermittently, notwithstanding any contrary provisions of the Vehicle Code.

SEC. 7. This act shall be operative only until January 1, 1983, and

on that date is repealed, unless a later enacted statute, chaptered on or before January 1, 1983, deletes or extends such date.

(b) The determination of probable cause shall be made immediately unless the court grants a continuance for good cause not to exceed three court days.

(c) In determining the existence of probable cause, the magistrate shall consider any warrant of arrest with supporting affidavits, and the sworn complaint together with any documents or reports incorporated by reference thereto, which, if based on information and belief, state the basis for such information, or any other documents of similar reliability.

(d) If, after examining these documents, the court determines that there exists probable cause to believe that the defendant has committed the offense charged in the complaint, it shall set the matter for trial.

If the court determines that no such probable cause exists, it shall dismiss the complaint and discharge the defendant.

(e) Within 15 days of the dismissal of a complaint pursuant to this section the prosecution may refile the complaint.

A second dismissal pursuant to this section is a bar to any other prosecution for the same offense.

SEC. 2. Section 1043.5 is added to the Penal Code, to read:

1043.5. (a) Except as otherwise provided in this section, the defendant in a preliminary hearing shall be personally present.

(b) The absence of the defendant in a preliminary hearing after the hearing has commenced in his presence shall not prevent continuing the hearing to, and including, holding to answer, filing an information, or discharging the defendant in any of the following cases:

(1) Any case in which the defendant, after he has been warned by the judge that he will be removed if he continued his disruptive behavior, nevertheless insists on conducting himself in a manner so disorderly, disruptive, and disrespectful of the court that the hearing cannot be carried on with him in the courtroom.

(2) Any prosecution for an offense which is not punishable by death in which the defendant is voluntarily absent.

(c) Any defendant who is absent from a preliminary hearing pursuant to paragraph (1) of subdivision (b) may reclaim his right to be present at the hearing as soon as he is willing to conduct himself consistently with the decorum and respect inherent in the concept of courts and judicial proceedings.

[Became law without Governor's signature. Filed with Secretary of State October 1, 1980.]

*The people of the State of California do enact as follows:*

**SECTION 1.** Section 7030 of the Business and Professions Code is amended to read:

**7030.** Every person licensed pursuant to this chapter shall include the following information in at least 10-point type on all written contracts with respect to which such person is a prime contractor, in either of the following forms:

(a) Contractors are required by law to be licensed and regulated by the Contractors' State License Board. Any questions concerning a contractor may be referred to the registrar of the board whose address is:

**SEC. 1.5.** Section 7030 is added to the Business and Professions Code, to read:

**7030.** Every person licensed pursuant to this chapter shall include the following statement in at least 10-point type on all written contracts with respect to which such person is a prime contractor:

This section shall become operative July 1, 1981.

SEC. 2. Section 1799.5 of the Civil Code is amended to read:

1799.5. (a) "Precomputed interest" means interest, as that term is contemplated by the Truth in Lending Act, 15 United States Code 1605(a)(1), which is (1) computed by multiplying the original balance of the loan by a rate and multiplying that product by the number of payment periods elapsing between the date of the loan and the date of the last scheduled payment and (2) either added to the original principal balance of the loan in advance or subtracted from the loan proceeds.

(b) No loan which is made to a natural person primarily for personal, family, or household purposes shall provide for the payment of precomputed interest if the date on which the final installment is due, according to the original terms of the loan, is more than 62 months after the date of the loan.

(c) For purposes of determining whether a loan is covered by this title, the lender may conclusively rely on any written statement of intended purpose signed by the borrower. Such written statement may be a separate statement signed by the borrower or may be contained in a loan application or other document signed by the borrower.

(d) For purposes of this title, the term "loan" does not include the forbearance of a debt arising from a sale or lease of property and does not include any loan arising under an open end credit plan.

(e) This title shall apply only to loans made on or after January 1, 1983.

SEC. 3. Section 1802.2 of the Civil Code is amended to read:

1802.2. "Services" means work, labor and services, for other than a commercial or business use, including services furnished in connection with the sale or repair of goods as defined in Section 1802.1 or furnished in connection with the repair of motor vehicles (except for service contracts as defined by subdivision (o) of Section 2981 which are sold in conjunction with the sale of a vehicle required to be registered under the Vehicle Code) or in connection with the improvement of real property or the providing of insurance, but does not include the services of physicians or dentists, nor services for which the tariffs, rates, charges, costs or expenses, including in each instance the deferred payment price, are required by law to be filed with and approved by the federal government or any official, department, division, commission or agency of the United States.

SEC. 4. Section 1802.10 of the Civil Code is amended to read:

1802.10. "Finance charge" means the amount however denominated or expressed which the retail buyer contracts to pay or pays for the privilege of purchasing goods or services to be paid for by the buyer in installments; it does not include the amounts, if any, charged for insurance premiums, delinquency charges, attorney's fees, court costs, collection expenses, official fees, extension or deferral agreement charges as provided by Section 1807.1, or amounts for insurance, repairs to or preservation of the goods, or preservation of the holder's security interest therein advanced by

the holder subsequent to the execution of a contract.

SEC. 5. Section 1802.11 of the Civil Code is amended to read:

1802.11. "Unpaid balance" means the cash price of the goods or services which are the subject matter of the retail installment sale, plus the amounts, if any, included in a retail installment sale for insurance and official fees, minus the amount of the buyer's downpayment in money or goods.

SEC. 6. Section 1803.2 of the Civil Code, as amended by Section 7.3 of Chapter 805 of the Statutes of 1979, is amended to read:

1803.2. Except as provided in Section 1808.3, every retail installment contract shall be contained in a single document which shall contain:

(a) The entire agreement of the parties with respect to the cost and terms of payment for the goods and services, including any promissory notes or any other evidences of indebtedness between the parties relating to the transaction.

(b) Either at the top of the contract or directly above the space reserved for the signature of the buyer, the words "Security Agreement" or "Lien Contract," as the case may be, shall appear in at least 10-point bold type where a security interest in the goods is retained or a lien on other goods or realty is obtained by the seller as security for the goods or services purchased. Either at the top of the contract or directly above the space reserved for the signature of the buyer, the words "Retail Installment Contract" shall appear in at least 10-point bold type where a security interest or lien is not obtained by the seller as security for the goods or services purchased. As used in this subdivision, the terms "security interest" and "lien" refer to a contractual interest in property and not to a mechanic's lien or other interest in property arising by operation of law.

(c) Where the contract includes a finance charge which is determined on the precomputed basis and provides that the unearned portion of the finance charge to be refunded upon full prepayment of the contract is to be determined by a method other than actuarial, a notice as set forth in paragraph (1), (2) or (3) in at least 10-point bold type if the contract is printed.

(1) "Notice to the buyer: (1) Do not sign this agreement before you read it or if it contains any blank space. (2) You are entitled to a completely filled-in copy of this agreement. (3) Under the law, you have the right to pay off in advance the full amount due and to obtain a partial refund of the finance charge, if any, provided for herein. (4) If you desire to pay off in advance the full amount due, the amount of the refund you are entitled to, if any, will be furnished upon request."

(2) "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is \$1 or more. Because of the way the amount of this refund will be figured, the

time when you prepay could increase the ultimate cost of credit under this agreement. (4) If you desire to pay off in advance the full amount due, the amount of the refund you are entitled to, if any, will be furnished upon request.”

(3) “Notice to the buyer: (1) Do not sign this agreement before you read it or if it contains any blank space. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and under certain conditions obtain a partial refund of the finance charge. Because the refund will be figured by the Rule of 78’s, the time when you prepay may affect the ultimate cost of credit under this agreement. (4) If you desire to pay off in advance the full amount due, the amount of the refund you are entitled to, if any, will be furnished upon request.”

(d) Where the contract includes a finance charge which is determined on the precomputed basis and provides for the actuarial method for computing the unearned portion of the finance charge upon prepayment in full, a notice as set forth in paragraph (1), (2), or (3) in at least 10-point bold type if the contract is printed.

(1) “Notice to the buyer: (1) Do not sign this agreement before you read it or if it contains any blank space. (2) You are entitled to a completely filled-in copy of this agreement. (3) Under the law, you have the right to pay off in advance the full amount due and to obtain a partial refund of the finance charge, if any, provided for herein. (4) If you desire to pay off in advance the full amount due, the amount of the refund you are entitled to, if any, will be furnished upon request.”

(2) “Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is \$1 or more. (4) If you desire to pay off in advance the full amount due, the amount of the refund you are entitled to, if any, will be furnished upon request.”

(3) “Notice to the buyer: (1) Do not sign this agreement before you read it or if it contains any blank space. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and under certain conditions obtain a partial refund of the finance charge. Because the refund will be figured by the Rule of 78’s, the time when you prepay may affect the ultimate cost of credit under this agreement. (4) If you desire to pay off in advance the full amount due, the amount of the refund you are entitled to, if any, will be furnished upon request.”

(e) Where the contract includes a finance charge which is determined on the simple-interest basis, a notice as set forth in either paragraph (1) or (2) in at least 10-point bold type if the contract is printed.

(1) "Notice to the buyer: (1) Do not sign this agreement before you read it or if it contains any blank space. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you desire to pay off in advance the full amount due, the amount of the refund you are entitled to, if any, will be furnished upon request."

(2) "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you desire to pay off in advance the full amount due, the amount which is outstanding will be furnished upon request."

(f) This section shall remain in effect only until July 1, 1981, and as of such date is repealed.

SEC. 7. Section 1803.2 of the Civil Code, as added by Section 7.5 of Chapter 805 of the Statutes of 1979, is amended to read:

1803.2. Except as provided in Section 1808.3, every retail installment contract shall be contained in a single document which shall contain:

(a) The entire agreement of the parties with respect to the cost and terms of payment for the goods and services, including any promissory notes or any other evidences of indebtedness between the parties relating to the transaction.

(b) (1) At the top of the contract the words "Security Agreement" shall appear in at least 12-point bold type where a security interest in the goods is retained or a security interest on other goods or realty is obtained by the seller as security for the goods or services purchased.

(2) At the top of the contract the words "Retail Installment Contract" shall appear in at least 12-point bold type where a security interest is not retained or obtained by the seller as security for the goods or services purchased.

(3) Any contract for goods or services which provides for a security interest in real property shall also provide the following notices, written in the same language, e.g., Spanish, as used in the contract: (A) "WARNING TO BUYER: IF YOU SIGN THIS CONTRACT, YOU WILL BE PUTTING UP YOUR HOME AS SECURITY. THIS MEANS THAT YOUR HOME COULD BE SOLD WITHOUT YOUR PERMISSION AND WITHOUT ANY COURT ACTION IF YOU MISS ANY PAYMENT AS REQUIRED BY THIS CONTRACT." This notice shall be printed in at least 14-point boldface type, shall be set apart from the rest of the contract by a border, and shall appear directly below the title of the contract. (B) "STOP—BEFORE YOU SIGN, READ THE WARNING AT THE TOP OF THIS CONTRACT!" This notice shall be printed in at least 14-point boldface type and shall appear directly above the space reserved for the signature of the buyer. A security interest created in any contract described in this paragraph which does not provide the notices as required by this paragraph shall be void and

unenforceable.

As used in this subdivision, the term "security interest" refers to a contractual interest in property and not to a mechanic's lien or other interest in property arising by operation of law.

(c) Where the contract includes a finance charge which is determined on the precomputed basis and provides that the unearned portion of the finance charge to be refunded upon full prepayment of the contract is to be determined by a method other than actuarial, a notice in at least 10-point bold type if the contract is printed reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is \$1 or more. Because of the way the amount of this refund will be figured, the time when you prepay could increase the ultimate cost of credit under this agreement. (4) If you desire to pay off in advance the full amount due, the amount of the refund you are entitled to, if any, will be furnished upon request."

(d) Where the contract includes a finance charge which is determined on the precomputed basis and provides for the actuarial method for computing the unearned portion of the finance charge upon prepayment in full, a notice in at least 10-point bold type if the contract is printed reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is \$1 or more. (4) If you desire to pay off in advance the full amount due, the amount of the refund you are entitled to, if any, will be furnished upon request."

(e) Where the contract includes a finance charge which is determined on the simple-interest basis, a notice in at least 10-point bold type if the contract is printed reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you desire to pay off in advance the full amount due, the amount which is outstanding will be furnished upon request."

(f) This section shall become operative July 1, 1981.

SEC. 8. Section 1803.3 of the Civil Code is amended to read:

1803.3. Except as provided in Article 8 (commencing with Section 1808.1) of this chapter, a contract shall contain the following:

(a) The names of the seller and the buyer, the place of business of the seller, the residence or place of business of the buyer as specified by the buyer and a description of the goods or services sufficient to identify them. Services or multiple items of goods may be described in general terms and may be described in detail

sufficient to identify them in a separate writing.

(b) The cash price of the goods, services and accessories which are the subject matter of the retail installment sale.

(c) The amount of the buyer's downpayment, itemizing the amounts paid in money and in goods and containing a brief description of the goods, if any, traded in. The amount of the downpayment shall not include any administrative finance charge charged, received, or collected by the seller pursuant to subdivision (c) of Section 1805.1 and shown as item (h).

(d) The difference between item (b) and item (c), which is the unpaid balance of cash price.

(e) The amount, if any, included for insurance, specifying the coverages.

(f) The amount, if any, of official fees.

(g) The amount of the unpaid balance, which is the sum of items (d), (e), and (f).

(h) The amount, if any, of an administrative finance charge.

(i) The amount financed, which is the difference between item (g) and item (h).

(j) The finance charge (1) expressed as the annual percentage rate as defined in Regulation Z and (2) expressed in dollars.

(k) The number, amount, and due dates or periods of payments scheduled to repay the indebtedness and the sum of such payments.

(l) The deferred payment price, which is the sum of the amounts determined in items (b), (e), (f) and (j).

(m) Any "balloon payments," as described in Section 1807.3.

(n) (1) Where the contract includes a finance charge determined on the precomputed basis, an identification of the method of computing the unearned portion of the finance charge in the event of prepayment in full of the buyer's obligation and a statement of the amount or method of computation of any charge that may be deducted from the amount of any such unearned finance charge in computing the amount that will be credited to the obligation or refunded to the buyer. Reference to the Rule of 78's, the sum of the digits, the sum of the periodic time balances or the actuarial method shall constitute a sufficient identification of the method of computing the unearned portion of the finance charge.

(2) Where the contract includes a finance charge which is determined on the simple-interest basis but provides for a minimum finance charge in the event of prepayment in full, disclosure of that fact and the amount of the minimum finance charge or its method of calculation.

The items need not be stated in the sequence or order set forth above; additional items may be included to explain the computations made in determining the amount to be paid by the buyer. If the finance charge or any portion thereof is calculated on the 365-day basis, the amount of the finance charge shown pursuant to item (j) shall be that amount which will be incurred by the buyer if all payments are received by the seller on their respective due dates.

SEC. 9. Section 1803.6 of the Civil Code is amended to read:

1803.6. A contract may provide that for each installment in default for a period of not less than 10 days the buyer shall pay a delinquency charge in an amount not in excess of 5 percent of such installment or five dollars (\$5), whichever is less, but a minimum charge of one dollar (\$1) may be made. Only one such delinquency charge may be collected on any such installment regardless of the period during which it remains in default. Payments timely received by the seller under a written extension or deferral agreement shall not be subject to any delinquency charge. The contract may also provide for payment of any actual and reasonable costs of collection occasioned by removal of the goods from the state without written permission of the holder, or by the failure of the buyer to notify the holder of any change of residence, or by the failure of the buyer to communicate with the holder for a period of 45 days after any default in making payments due under the contract.

SEC. 10. Section 1804.3 of the Civil Code is amended to read:

1804.3. (a) No contract other than one for services shall provide for a security interest in any goods theretofore fully paid for or which have not been sold by the seller.

(b) Any contract for goods which provides for a security interest in real property where the primary goods sold are not to be attached to the real property shall be a violation of this chapter and subject to the penalties set forth in Article 12.2 (commencing with Section 1812.6).

(c) Any contract for goods or services, entered into on or after April 1, 1980, which provides for a security interest in real property shall also provide the following notices, written in the same language, e.g., Spanish, as used in the contract:

(1) Either

(A) "WARNING TO BUYER

**IF YOU SIGN THIS CONTRACT, YOU WILL BE PUTTING UP YOUR HOME AS SECURITY. THIS MEANS THAT YOUR HOME COULD BE SOLD WITHOUT YOUR PERMISSION AND WITHOUT ANY COURT ACTION IF YOU MISS ANY PAYMENT AS REQUIRED BY THIS CONTRACT."** or

**(B) "WARNING TO BUYER: IF YOU SIGN THIS CONTRACT, YOU WILL BE PUTTING UP YOUR HOME AS SECURITY. THIS MEANS THAT YOUR HOME COULD BE SOLD WITHOUT YOUR PERMISSION AND WITHOUT ANY COURT ACTION IF YOU MISS ANY PAYMENT AS REQUIRED BY THIS CONTRACT."**

One of the above notices shall be printed in at least 14-point boldface type, shall be set apart from the rest of the contract by a border, and shall appear either directly above or directly below the title of the contract.

(2) **"STOP—BEFORE YOU SIGN, READ THE WARNING AT THE TOP OF THIS CONTRACT!"**

This notice shall be printed in at least 14-point boldface type and

shall appear directly above the space reserved for the signature of the buyer.

(d) A security interest created in any contract described in subdivision (c) which does not provide the notices as required by this section shall be void and unenforceable.

(e) This section shall remain in effect only until July 1, 1981, and as of such date is repealed.

SEC. 11. Section 1804.3 is added to the Civil Code, to read:

1804.3. (a) No contract other than one for services shall provide for a security interest in any goods theretofore fully paid for or which have not been sold by the seller.

(b) Any contract for goods which provides for a security interest in real property where the primary goods sold are not to be attached to the real property shall be a violation of this chapter and subject to the penalties set forth in Article 12.2 (commencing with Section 1812.6).

(c) This section shall become operative July 1, 1981.

SEC. 12. Section 1805.1 of the Civil Code is amended to read:

1805.1. (a) The dollar amount of the finance charge shown pursuant to item (j) of Section 1803.3 shall not exceed the greater of:

(1) Five-sixths of 1 percent on so much of the unpaid balance as does not exceed one thousand dollars (\$1,000) plus an amount which shall not exceed two-thirds of 1 percent of that portion of the unpaid balance which exceeds one thousand dollars (\$1,000), multiplied by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment; or

(2) If the finance charge is determined by the precomputed basis, twelve dollars (\$12) but if the due date of the last installment of the contract is eight months or less after its effective date, ten dollars (\$10); or

(3) If the finance charge, or a portion thereof, is determined by the simple-interest basis:

(A) Ten dollars (\$10) if the unpaid balance does not exceed five hundred dollars (\$500), (B) twenty-five dollars (\$25) if the unpaid balance exceeds five hundred dollars (\$500), but does not exceed one thousand dollars (\$1,000), (C) fifty dollars (\$50) if the unpaid balance exceeds one thousand dollars (\$1,000), but does not exceed two thousand dollars (\$2,000), or (D) seventy-five dollars (\$75) if the unpaid balance exceeds two thousand dollars (\$2,000).

(b) The holder of the contract shall not charge, collect or receive a finance charge which exceeds the dollar amount shown pursuant to item (j) of Section 1803.3, except to the extent caused by (1) the holder's receipt of one or more payments under a contract which provides for determination of the finance charge or a portion thereof on the 365-day basis at a time or times other than as originally scheduled, whether or not the parties enter into an agreement pursuant to Section 1807.1, (2) the use of estimations in the providing of the disclosures required by this chapter to the extent

permitted by Regulation Z, or (3) as permitted by Section 1805.8.

(c) If the finance charge or a portion thereof is determined by the simple-interest basis and the amount of the unpaid balance exceeds five thousand dollars (\$5,000), the holder of the contract may, in lieu of its right to a minimum finance charge under item (3) of subdivision (a), charge, receive, or collect on the date of the contract an administrative finance charge not to exceed seventy-five dollars (\$75), provided that the sum of any such administrative finance charge and the portion of the finance charge determined by the simple-interest basis shall not exceed the maximum total finance charge permitted by item (1) of subdivision (a). Any administrative finance charge which is charged, received or collected by a holder shall be deemed a finance charge earned on the date of the contract.

SEC. 13. Section 1805.1 of the Civil Code is amended to read:

1805.1. (a) The dollar amount of the finance charge shown pursuant to item (j) of Section 1803.3 shall not exceed the greater of:

(1) One percent of the unpaid balance on so much of the unpaid balance as does not exceed one thousand dollars (\$1,000) plus an amount which shall not exceed two-thirds of 1 percent of that portion of the unpaid balance which exceeds one thousand dollars (\$1,000), multiplied by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment; or

(2) If the finance charge is determined by the precomputed basis, twelve dollars (\$12) but if the due date of the last installment of the contract is eight months or less after its effective date, ten dollars (\$10); or

(3) If the finance charge, or a portion thereof, is determined by the simple-interest basis:

(A) Ten dollars (\$10) if the unpaid balance does not exceed five hundred dollars (\$500), (B) twenty-five dollars (\$25) if the unpaid balance exceeds five hundred dollars (\$500), but does not exceed one thousand dollars (\$1,000), (C) fifty dollars (\$50) if the unpaid balance exceeds one thousand dollars (\$1,000), but does not exceed two thousand dollars (\$2,000), or (D) seventy-five dollars (\$75) if the unpaid balance exceeds two thousand dollars (\$2,000).

(b) The holder of the contract shall not charge, collect or receive a finance charge which exceeds the dollar amount shown pursuant to item (j) of Section 1803.3, except to the extent caused by (1) the holder's receipt of one or more payments under a contract which provides for determination of the finance charge or a portion thereof on the 365-day basis at a time or times other than as originally scheduled, whether or not the parties enter into an agreement pursuant to Section 1807.1, (2) the use of estimations in the providing of the disclosures required by this chapter to the extent permitted by Regulation Z, or (3) as permitted by Section 1805.8.

(c) If the finance charge or a portion thereof is determined by the simple-interest basis and the amount of the unpaid balance exceeds

five thousand dollars (\$5,000), the holder of the contract may, in lieu of its right to a minimum finance charge under item (3) of subdivision (a), charge, receive, or collect on the date of the contract an administrative finance charge not to exceed seventy-five dollars (\$75), provided that the sum of any such administrative finance charge and the portion of the finance charge determined by the simple-interest basis shall not exceed the maximum total finance charge permitted by item (1) of subdivision (a). Any administrative finance charge which is charged, received or collected by a holder shall be deemed a finance charge earned on the date of the contract.

This section shall remain in effect only until the first day of the first month following the second anniversary date of the effective date of the 1980 amendments to this section, and as of that date is repealed.

SEC. 14. Section 1805.1 is added to the Civil Code, to read:

1805.1. (a) The dollar amount of the finance charge shown pursuant to item (j) of Section 1803.3 shall not exceed the greater of:

(1) Five-sixths of 1 percent on so much of the unpaid balance as does not exceed one thousand dollars (\$1,000) plus an amount which shall not exceed two-thirds of 1 percent of that portion of the unpaid balance which exceeds one thousand dollars (\$1,000), multiplied by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment; or

(2) If the finance charge is determined by the precomputed basis, twelve dollars (\$12) but if the due date of the last installment of the contract is eight months or less after its effective date, ten dollars (\$10); or

(3) If the finance charge, or a portion thereof, is determined by the simple-interest basis:

(A) Ten dollars (\$10) if the unpaid balance does not exceed five hundred dollars (\$500), (B) twenty-five dollars (\$25) if the unpaid balance exceeds five hundred dollars (\$500), but does not exceed one thousand dollars (\$1,000), (C) fifty dollars (\$50) if the unpaid balance exceeds one thousand dollars (\$1,000), but does not exceed two thousand dollars (\$2,000), or (D) seventy-five dollars (\$75) if the unpaid balance exceeds two thousand dollars (\$2,000).

(b) The holder of the contract shall not charge, collect or receive a finance charge which exceeds the dollar amount shown pursuant to item (j) of Section 1803.3, except to the extent caused by (1) the holder's receipt of one or more payments under a contract which provides for determination of the finance charge or a portion thereof on the 365-day basis at a time or times other than as originally scheduled, whether or not the parties enter into an agreement pursuant to Section 1807.1, (2) the use of estimations in the providing of the disclosures required by this chapter to the extent permitted by Regulation Z, or (3) as permitted by Section 1805.8.

(c) If the finance charge or a portion thereof is determined by the simple-interest basis and the amount of the unpaid balance exceeds five thousand dollars (\$5,000), the holder of the contract may, in lieu

of its right to a minimum finance charge under item (3) of subdivision (a), charge, receive, or collect on the date of the contract an administrative finance charge not to exceed seventy-five dollars (\$75), provided that the sum of any such administrative finance charge and the portion of the finance charge determined by the simple-interest basis shall not exceed the maximum total finance charge permitted by item (1) of subdivision (a). Any administrative finance charge which is charged, received, or collected by a holder shall be deemed a finance charge earned on the date of the contract.

This section shall become operative on the first day of the first month following the second anniversary date of the effective date of the act which enacted this section.

SEC. 15. Section 1805.6 of the Civil Code is amended to read:

1805.6. (a) Notwithstanding the provisions of any contract to the contrary, except as provided in subdivision (b) or (c), no retail seller shall assess any finance charge against the unpaid balance for goods purchased under a retail installment contract until the goods are in the buyer's possession.

(b) A finance charge may be assessed against the unpaid balance for such undelivered goods, as follows:

(1) From the date when such goods are available for pickup by the buyer and the buyer is notified of their availability, or

(2) From the date of purchase, when such goods are delivered or available for pickup by the buyer within 10 days of the date of purchase.

(c) In the case of a home improvement contract as defined in Section 7151.2 of the Business and Professions Code, a finance charge may be assessed against the unpaid balance from the approximate date of commencement of the work as set forth in the home improvement contract.

SEC. 16. Section 1806.3 of the Civil Code is amended to read:

1806.3. (a) Notwithstanding any provision of a contract to the contrary, the buyer may pay at any time before maturity the entire indebtedness evidenced by the contract without penalty. In the event of prepayment in full:

(1) If the finance charge was determined on the precomputed basis, the amount required to repay the contract shall be the outstanding contract balance as of that date, provided, however, that the buyer shall be entitled to a refund credit in the amount of the unearned portion of the finance charge, except as provided in paragraph (3). The amount of the unearned portion of the finance charge shall be at least as great a proportion of the finance charge, or if the contract has been extended, deferred or refinanced, of the additional charge therefor, as the sum of the periodic monthly time balances payable more than 15 days after the date of prepayment bears to the sum of all the periodic monthly time balances under the schedule of installments in the contract or, if the contract has been extended, deferred or refinanced, as so extended, deferred or refinanced. Where the amount of the refund credit is less than one

dollar (\$1), no refund credit need be made by the holder. Any refund credit in the amount of one dollar (\$1) or more may be made in cash or credited to the outstanding obligations of the buyer under the contract.

(2) If the finance charge or a portion thereof was determined on the simple-interest basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, including any earned finance charges which are unpaid as of that date and, if applicable, the amount provided in paragraph (3), and provided further that in cases where the finance charge or a portion thereof is determined on the 360-day basis, the payments theretofore received will be assumed to have been received on their respective due dates regardless of the actual dates on which such payments were received.

(3) Where the minimum finance charge provided by paragraph (2) or paragraph (3) of subdivision (a) of Section 1805.1, if either is applicable, is greater than the earned finance charge as of the date of prepayment, the holder shall be additionally entitled to the difference.

(b) Notwithstanding any provision of a contract to the contrary, whenever the indebtedness created by any retail installment contract is satisfied prior to its maturity through surrender of the collateral, repossession of the collateral, redemption of the collateral after repossession, or any judgment, the outstanding obligation of the buyer shall be determined as provided in subdivision (a); provided further that the buyer's outstanding obligation shall be computed by the holder as of the date the holder recovers the value of the collateral through disposition thereof or judgment is entered or, if the holder elects to keep the collateral in satisfaction of the buyer's indebtedness, as of the date the holder takes possession of the collateral.

(c) This section does not preclude the collection or retention by the holder of any delinquency charge made pursuant to Section 1803.6.

SEC. 17. Section 1807.1 of the Civil Code is amended to read:

1807.1. (a) The holder of a retail installment contract may, upon agreement with the buyer, extend the scheduled due date or defer the scheduled payment of all or of any part of any installment or installments payable thereunder. No charge shall be made for any such extension or deferment unless the agreement for such extension or deferment is in writing and signed by the parties thereto.

(b) Where the contract includes a finance charge determined on the precomputed basis, the holder may charge and contract for the payment of an extension or deferral agreement charge by the buyer and collect and receive the same, but such charge may not exceed an amount equal to 1 percent per month simple interest on the amount of the installment or installments, or part thereof, extended or deferred for the period of extension or deferral. Such period shall not exceed the period from the date when such extended or deferred

installment or installments, or part thereof, would have been payable in the absence of such extension or deferral, to the date when such installment or installments, or part thereof, are made payable under the agreement of extension or deferment; except that a minimum charge of one dollar (\$1) for the period of extension or deferral may be made in any case where the extension or deferral agreement charge, when computed at such rate, amounts to less than one dollar (\$1).

(c) Where the contract includes a finance charge determined on the simple-interest basis, the holder may charge and contract for the payment of an extension or deferral agreement charge by the buyer and collect and receive the same, but the charge for the extension or deferral agreement may not exceed the lesser of twenty-five dollars (\$25) or 10 percent of the then unpaid balance of the contract. Such charge shall be in addition to any finance charges which accrue because such extended or deferred payments are received at a time other than as originally scheduled.

(d) An extension or deferral agreement may also provide for the payment by the buyer of the additional cost to the holder of the contract of premiums for continuing in force, until the end of such period of extension or deferral, any insurance coverages provided for in the contract, subject to the provisions of Section 1803.5.

SEC. 18. Section 1808.6 of the Civil Code is amended to read:

1808.6. The minimum finance charge as provided in either paragraph (2) or paragraph (3) of subdivision (a) of Section 1805.1 may be used but once in any series of add-on transactions.

SEC. 18.5. Section 2924c of the Civil Code is amended to read:

2924c. (a) Whenever all or a portion of the principal sum of any obligation secured by deed of trust or mortgage on real property hereafter executed has, prior to the maturity date fixed in such obligation, become due or been declared due by reason of default in payment of interest or of any installment of principal, or by reason of failure of trustor or mortgagor to pay, in accordance with the terms of such obligation or of such deed of trust or mortgage, taxes, assessments, premiums for insurance or advances made by beneficiary or mortgagee in accordance with the terms of such obligation or of such deed of trust or mortgage, the trustor or mortgagor or his successor in interest in the mortgaged or trust property or any part thereof, or any beneficiary under a subordinate deed of trust or any other person having a subordinate lien or encumbrance of record thereon, at any time within three months of the recording of the notice of default under such deed of trust or mortgage, if the power of sale therein is to be exercised, or, otherwise at any time prior to entry of the decree of foreclosure, may pay to the beneficiary or the mortgagee or their successors in interest, respectively, the entire amount then due under the terms of such deed of trust or mortgage and the obligation secured thereby (including costs and expenses actually incurred in enforcing the terms of such obligation, deed of trust or mortgage, and trustee's or

attorney's fees actually incurred not exceeding one hundred dollars (\$100) in case of a mortgage and fifty dollars (\$50) in case of a deed of trust or one-half of 1 percent of the entire unpaid principal sum secured, whichever is greater) other than such portion of principal as would not then be due had no default occurred, and thereby cure the default theretofore existing, and thereupon, all proceedings theretofore had or instituted shall be dismissed or discontinued and the obligation and deed of trust or mortgage shall be reinstated and shall be and remain in force and effect, the same as if no such acceleration had occurred. The provisions of this section shall not apply to bonds or other evidences of indebtedness authorized or permitted to be issued by the Commissioner of Corporations or made by a public utility subject to the provisions of the Public Utilities Code.

(b) (1) The notice, of any default described in this section, recorded pursuant to Section 2924, and mailed to any person pursuant to Section 2924b, shall begin with the following statement, printed or typed thereon:

If the obligation secured by the deed of trust or mortgage is contained in a home improvement contract, as defined in Sections 7151.2 and 7159 of the Business and Professions Code, which is subject to the provisions of Title 2 (commencing with Section 1801), the seller shall specify on the contract whether or not the contract was principally negotiated in Spanish and if the contract was principally negotiated in Spanish, the notice required herein shall be in Spanish. No assignee of such contract or person authorized to record the notice of default shall incur any obligation or liability for failing to mail a notice in Spanish unless Spanish is specified in the contract or such assignee or person has actual knowledge that the secured obligation was principally negotiated in Spanish. Unless specified in writing to the contrary, a copy of the notice required by subdivision (3) of Section 2924b shall be in English.

(2) Any failure to comply with the provisions of this subdivision shall not affect the validity of a sale in favor of a bona fide purchaser or the rights of an encumbrancer for value and without notice.

SEC. 19. Section 2981 of the Civil Code is amended to read:

2981. As used in this chapter, unless the context otherwise requires:

(a) "Conditional sale contract" means:

(1) Any contract for the sale of a motor vehicle between a buyer and a seller, with or without accessories, under which possession is delivered to the buyer and either (A) the title vests in the buyer thereafter only upon the payment of all or a part of the price, or the performance of any other condition, or (B) a lien on the property is to vest in the seller as security for the payment of part or all of the price, or for the performance of any other condition, or

(2) Any contract for the bailment of a motor vehicle between a buyer and a seller, with or without accessories, by which the bailee or lessee agrees to pay as compensation for use a sum substantially equivalent to or in excess of the aggregate value of the vehicle and its accessories, if any, at the time the contract is executed, and by

which it is agreed that the bailee or lessee will become, or for no other or for a nominal consideration has the option of becoming, the owner of the vehicle upon full compliance with the terms of the contract.

(b) "Seller" means a person engaged in the business of selling or leasing motor vehicles under conditional sale contracts.

(c) "Buyer" means the person who buys or hires a motor vehicle under a conditional sale contract.

(d) "Person" includes an individual, company, firm, association, partnership, trust, corporation, or other legal entity.

(e) "Cash price" means the amount for which the seller would sell and transfer to the buyer unqualified title to the motor vehicle described in the conditional sale contract, if the property were sold for cash at the seller's place of business on the date the contract is executed, and may include taxes to the extent imposed on the cash sale and the cash price of accessories or services related to the sale such as delivery, installation, alterations, modifications, and improvements, or a service contract.

(f) "Downpayment" means any payment which the buyer pays or agrees to pay to the seller in cash or property value or money's worth at or prior to delivery by the seller to the buyer of the motor vehicle described in the conditional sale contract. The term does not include any administrative finance charge charged, received or collected by the seller pursuant to paragraph (3) of subdivision (c) of Section 2982 and shown under paragraph 11 of subdivision (a) of Section 2982.

(g) "Unpaid balance" means the difference between (e) and (f), plus all insurance premiums (except for credit life or disability insurance when the amount thereof is included in the finance charge), which are included in the contract balance, and the total amount paid or to be paid (1) to any public officer in connection with the transaction, and (2) for license, certificate of title, and registration fees imposed by law, the amount of any city, county, or city and county imposed fee or tax for a mobilehome, the amount of any mobilehome escrow fee, the amount of the state fee for issuance of a certificate of compliance or certificate of waiver pursuant to Section 9889.56 of the Business and Professions Code and the amount charged by the seller for documentary preparation.

(h) "Finance charge" means any amount which the buyer agrees to pay to the seller in excess of the unpaid balance. The term shall not include delinquency charges or collection costs and fees as provided by subdivision (d) of Section 2982, extension or deferral agreement charges as provided by Section 2982.3, or amounts for insurance, repairs to or preservation of the motor vehicle, or preservation of the security interest therein advanced by the holder under the terms of the contract.

(i) "Total of payments" or "contract balance" means the amount unpaid under the conditional sale contract, which the buyer agrees to pay in installments to the seller as originally provided therein, and shall not include amounts for which the buyer may later become

obligated under the terms of the contract in connection with insurance, repairs to or preservation of the motor vehicle, preservation of the security interest therein, or otherwise. Either term may be used in lieu of the other in complying with this chapter.

(j) "Motor vehicle" means any vehicle required to be registered under the Vehicle Code which is bought for use primarily for personal or family purposes, and does not mean any vehicle which is bought for use primarily for business or commercial purposes.

(k) "Purchase order" means a sales order, car reservation, statement of transaction or any other such instrument used in the conditional sale of a motor vehicle pending execution of a conditional sale contract. The purchase order shall conform to the disclosure requirements of paragraphs 1 to 9, inclusive, and paragraphs 12 and 13 of subdivision (a) of Section 2982 and Section 2984.1 and the provisions of subdivisions (f) and (g) of Section 2982 shall be applicable thereto.

(l) "Regulation Z" means any rule, regulation or interpretation promulgated by the Board of Governors of the Federal Reserve System ("Board") under the federal Truth in Lending Act, as amended (15 U.S.C. 1601, et seq.), and any interpretation or approval issued by an official or employee of the Federal Reserve System duly authorized by the board under the Truth in Lending Act, as amended, to issue such interpretations or approvals.

(m) "Simple-interest basis" means the determination of a finance charge, other than an administrative finance charge, by applying a constant rate to the unpaid balance as it changes from time to time either:

(1) Calculated on the basis of a 365-day year and actual days elapsed (although the seller may, but need not, adjust its calculations to account for leap years); reference in this chapter to the "365-day basis" shall mean this method of determining the finance charge, or

(2) For contracts entered into prior to January 1, 1988, calculated on the basis of a 360-day year consisting of 12 months of 30 days each and on the assumption that all payments will be received by the seller on their respective due dates; reference in this chapter to the "360-day basis" shall mean this method of determining the finance charge.

(n) "Precomputed basis" means the determination of a finance charge by multiplying the original unpaid balance of the contract by a rate and multiplying that product by the number of payment periods elapsing between the date of the contract and the date of the last scheduled payment.

(o) "Service contract" means a contract in writing to perform, over a fixed period of time or for a specified duration, services relating to the maintenance or repair, or both, of the motor vehicle described in the conditional sale contract.

SEC. 20. Section 2981.8 of the Civil Code is amended to read:

2981.8. No contract shall provide for a finance charge which is determined in part by the precomputed basis and in part by the

simple-interest basis except for any finance charge permitted by subdivisions (a) and (c) of Section 2982.8.

SEC. 21. Section 2982 of the Civil Code, as amended by Section 1.5 of Chapter 1160 of the Statutes of 1979, is amended to read:

2982. (a) Every conditional sale contract for the sale of a motor vehicle, with or without accessories, shall be in writing and, if printed, shall be printed in type no smaller than 6-point, and shall contain in a single document all of the agreements of the buyer and seller with respect to the total cost and the terms of payment for the motor vehicle, including any promissory notes or any other evidences of indebtedness. The conditional sale contract or a purchase order shall be signed by the buyer or his authorized representative and by the seller or its authorized representative, and an exact copy thereof shall be furnished the buyer by the seller at the time the buyer and the seller have signed the contract or purchase order. No motor vehicle shall be delivered under this chapter until the seller delivers to the buyer a fully executed copy of the conditional sale contract or purchase order and any vehicle purchase proposal and any credit statement which the seller has required or requested the buyer to sign, and which he has signed, during the contract negotiations. The seller shall not obtain the signature of the buyer to a contract when it contains blank spaces to be filled in after it has been signed. Every conditional sale contract shall contain, although not necessarily in the sequence or order set forth below, the following separate items:

1. The cash price of the motor vehicle and of other items described in subdivision (e) of Section 2981 which are the subject of the conditional sale contract.

2. The amount of the buyer's downpayment, and whether made in cash or represented by the net agreed value of described property traded in, or both, together with a statement of the respective amounts credited for cash and for such property, but excluding any administrative finance charge shown in item 11.

3. The unpaid balance of cash price, which is the difference between items 1 and 2.

4. The cost to the buyer of any insurance, the premium for which is included in the contract balance. Any such cost for credit life or disability insurance may be included in the finance charge if the amount thereof is separately stated on the face of the contract.

5. The amounts, if any, paid or to be paid to any public officer in connection with the transaction and for license, certificate of title, and registration fees imposed by law.

6. The amount of any city, county, or city and county imposed fee or tax for a mobilehome.

7. The amount of any mobilehome escrow fee.

8. The amount of the state fee for issuance of a certificate of compliance or certificate of waiver pursuant to Section 9889.56 of the Business and Professions Code.

9. The amount, if any, charged by the seller for documentary

preparation. If a seller charges a buyer a documentary preparation charge, then the contract shall contain a notice advising the buyer that such charge is not a governmental fee.

10. The amount of the unpaid balance, which is the sum of items 3, 4, 5, 6, 7, 8, and 9.

11. The amount, if any, of an administrative finance charge.

12. The amount financed, which is the difference between items 10 and 11.

13. The finance charge (A) expressed as the annual percentage rate as defined in Regulation Z and (B) expressed in dollars.

14. The number, amount, and due dates or periods of payments scheduled to repay the indebtedness and the sum of such payments.

15. The names and addresses of all persons to whom the notice required under Section 2983.2 and permitted under Sections 2983.5 and 2984 of this code is to be sent.

16. (A) Where the contract includes a finance charge determined on the precomputed basis, an identification of the method of computing the unearned portion of the finance charge in the event of prepayment in full of the buyer's obligation and a statement of the amount or method of computation of any charge that may be deducted from the amount of any such unearned finance charge in computing the amount that will be credited to the obligation or refunded to the buyer. Reference to the Rule of 78's, the sum of the digits, the sum of the periodic time balances or the actuarial method shall constitute a sufficient identification of the method of computing the unearned portion of the finance charge.

(B) Where the contract includes a finance charge which is determined on the simple-interest basis but provides for a minimum finance charge in the event of prepayment in full, a statement of that fact and the amount of the minimum finance charge or its method of calculation.

17. (A) Where the contract includes a finance charge which is determined on the precomputed basis and provides that the unearned portion of the finance charge to be refunded upon full prepayment of the contract is to be determined by a method other than actuarial, a notice as set forth in subparagraph (i), (ii) or (iii) in at least 8-point bold type if the contract is printed.

(i) "Notice to the buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) Under the law, you have the right to pay off in advance the full amount due and under certain conditions to obtain a partial refund of the finance charge. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(ii) "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can

prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is \$1 or more. Because of the way the amount of this refund will be figured, the time when you prepay could increase the ultimate cost of credit under this agreement. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.”

(iii) “Notice to the buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and under certain conditions obtain a partial refund of the finance charge. Because the refund will be figured by the Rule of 78’s, the time when you prepay may affect the ultimate cost of credit under this agreement. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.”

(B) Where the contract includes a finance charge which is determined on the precomputed basis and provides for the actuarial method for computing the unearned portion of the finance charge upon prepayment in full, a notice as set forth in subparagraph (i), (ii), or (iii) in at least 8-point bold type if the contract is printed.

(i) “Notice to the buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) Under the law, you have the right to pay off in advance the full amount due and under certain conditions to obtain a partial refund of the finance charge. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.”

(ii) “Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is \$1 or more. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.”

(iii) “Notice to the buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and under certain conditions obtain a partial refund of the finance charge. Because the refund will be figured by the Rule of 78’s, the time when you prepay may affect the ultimate cost of credit under

this agreement. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.”

(C) Where the contract includes a finance charge which is determined on the simple-interest basis, a notice as set forth in either subparagraph (i) or (ii) in at least 8-point bold type if the contract is printed.

(i) “Notice to the buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.”

(ii) “Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.”

18. A notice to the buyer, in writing, and, if printed, in type no smaller than 8-point, that complaints concerning unfair or deceptive practices or methods by the seller shall be referred to the seller and, if the complaint is not resolved, may be referred to the Department of Motor Vehicles, Division of Compliance, 2570 24th Street, Sacramento, 95818.

Additional items may be included to explain the computations made in determining the amount to be paid by the buyer. If the finance charge or any portion thereof is calculated on the 365-day basis, the amount of the finance charge shown pursuant to item 13 shall be the amount which will be incurred by the buyer if all payments are received by the seller on their respective due dates.

(b) If any charge for insurance (other than for credit life or disability) is included in the contract balance and disbursement of any part thereof be made more than one year after the date of the conditional sale contract, any finance charge on the amount to be disbursed after one year shall be computed from the month the disbursement is to be made to the due date of the last installment under the conditional sale contract.

(c) (1) The dollar amount of the finance charge shown pursuant to item 13 of subdivision (a) shall not exceed the greater of:

(A) One percent of the unpaid balance multiplied by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment; or

(B) If the finance charge is determined by the precomputed basis, twenty-five dollars (\$25); or

(C) If the finance charge or a portion thereof is determined by the simple-interest basis:

(i) Twenty-five dollars (\$25) if the unpaid balance does not exceed one thousand dollars (\$1,000), (ii) fifty dollars (\$50) if the unpaid balance exceeds one thousand dollars (\$1,000) but does not exceed two thousand dollars (\$2,000), or (iii) seventy-five dollars (\$75) if the unpaid balance exceeds two thousand dollars (\$2,000).

(2) The holder of the contract shall not charge, collect or receive a finance charge which exceeds the dollar amount shown pursuant to item 13 of subdivision (a), except to the extent caused by (A) the holder's receipt of one or more payments under a contract which provides for determination of the finance charge or a portion thereof on the 365-day basis at a time or times other than as originally scheduled whether or not the parties enter into an agreement pursuant to Section 2982.3, (B) the use of estimations in the providing of the disclosures required by this chapter to the extent permitted by Regulation Z, or (C) as permitted by subdivisions (a) and (c) of Section 2982.8.

(3) If the finance charge or a portion thereof is determined by the simple-interest basis and the amount of the unpaid balance exceeds five thousand dollars (\$5,000), the holder of the contract may, in lieu of its right to a minimum finance charge under subparagraph (C) of paragraph (1), charge, receive or collect on the date of the contract an administrative finance charge not to exceed seventy-five dollars (\$75) provided that the sum of any such administrative finance charge and the portion of the finance charge determined by the simple-interest basis shall not exceed the maximum total finance charge permitted by subparagraph (A) of paragraph (1). Any administrative finance charge which is charged, received or collected by a holder shall be deemed a finance charge earned on the date of the contract.

(d) The contract may provide that for each installment in default for a period of not less than 10 days the buyer shall pay a delinquency charge in an amount not to exceed in the aggregate 5 percent of the installment, which amount may be collected only once on any installment regardless of the period during which it remains in default. Payments timely received by the seller under a written extension or deferral agreement shall not be subject to any delinquency charge. The contract may provide for reasonable collection costs and fees in the event of delinquency.

(e) Notwithstanding any provision of a contract to the contrary, the buyer may pay at any time before maturity the entire indebtedness evidenced by the contract without penalty. In the event of prepayment in full:

(1) If the finance charge was determined on the precomputed basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, provided, however, that

the buyer shall be entitled to a refund credit in the amount of the unearned portion of the finance charge, except as provided in paragraphs (3) and (4). The amount of the unearned portion of the finance charge shall be at least as great a proportion of the finance charge, or if the contract has been extended, deferred or refinanced, of the additional charge therefor, as the sum of the periodic monthly time balances payable more than 15 days after the date of prepayment bears to the sum of all the periodic monthly time balances under the schedule of installments in the contract or, if the contract has been extended, deferred or refinanced, as so extended, deferred or refinanced. Where the amount of the refund credit is less than one dollar (\$1), no refund credit need be made by the holder. Any refund credit in the amount of one dollar (\$1) or more may be made in cash or credited to the outstanding obligations of the buyer under the contract.

(2) If the finance charge or a portion thereof was determined on the simple-interest basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, including any earned finance charges which are unpaid as of that date and, if applicable, the amount provided in paragraph (3), and provided further that in cases where a finance charge is determined on the 360-day basis, the payments theretofore received will be assumed to have been received on their respective due dates regardless of the actual dates on which such payments were received.

(3) Where the minimum finance charge provided by subparagraph (B) or subparagraph (C) of paragraph (1) of subdivision (c), if either is applicable, is greater than the earned finance charge as of the date of prepayment, the holder shall be additionally entitled to the difference.

(4) The provisions of this subdivision shall not impair the right of the seller or the seller's assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (d) of this section or extension or deferral agreement charges as provided in Section 2982.3.

(5) Notwithstanding any provision of a contract to the contrary, whenever the indebtedness created by any contract is satisfied prior to its maturity through surrender of the motor vehicle, repossession of the motor vehicle, redemption of the motor vehicle after repossession, or any judgment, the outstanding obligation of the buyer shall be determined as provided in paragraph (1) or (2); provided further that the buyer's outstanding obligation shall be computed by the holder as of the date the holder recovers the value of the motor vehicle through disposition thereof or judgment is entered or, if the holder elects to keep the motor vehicle in satisfaction of the buyer's indebtedness, as of the date the holder takes possession of the motor vehicle.

(f) Notwithstanding any other provision of this chapter to the contrary, in the event any required downpayment on which no finance charge is imposed is to be made by the buyer to the seller

on a conditional sale contract after the date of such contract but prior to the date of the second payment otherwise scheduled, the amount of such payment may be shown in such contract as a deferred portion of the cash downpayment or, if the finance charge is determined on the precomputed basis, as a deduction from the amount of the unpaid balance, and shall be included in the total of payments.

(g) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be disclosed in any manner, method, or terminology required or permitted under Regulation Z, as in effect at the time such disclosure is made. Nothing contained in this chapter shall be deemed to prohibit the disclosure in such contract of additional information required or permitted under Regulation Z, as in effect at the time such disclosure is made.

(h) If the requirements of this section are otherwise met, the preparation and use of a separate document for agreements governing the ownership of the towbar, wheels, wheel hubs, and axles and for escrow instructions under Section 11950 of the Vehicle Code, relating to the sale of mobilehomes, shall not violate the single-document requirement of subdivision (a).

Without such an agreement governing the ownership of the towbar, wheels, wheel hubs, and axles, no dealer or transporter shall remove or cause to be removed any towbar, wheel, wheel hub, or axle from any mobilehome. Any price quoted for any mobilehome in a conditional sale contract, purchase order, or security agreement pursuant to this section shall state whether such price includes or excludes the cost of the towbar, wheels, wheel hubs, and axles. If such price does not include the towbar, wheels, wheel hubs, or axles, it shall show a deduction for the cost of such parts not included.

(i) This section shall remain in effect only until July 1, 1981, and as of such date is repealed.

SEC. 22. Section 2982 of the Civil Code, as added by Section 1.6 of Chapter 1160 of the Statutes of 1979, is amended to read:

2982. (a) Every conditional sale contract for the sale of a motor vehicle, with or without accessories, shall be in writing and, if printed, shall be printed in type no smaller than 6-point, and shall contain in a single document all of the agreements of the buyer and seller with respect to the total cost and the terms of payment for the motor vehicle, including any promissory notes or any other evidences of indebtedness. The conditional sale contract or a purchase order shall be signed by the buyer or his authorized representative and by the seller or its authorized representative, and an exact copy thereof shall be furnished the buyer by the seller at the time the buyer and the seller have signed the contract or purchase order. No motor vehicle shall be delivered under this chapter until the seller delivers to the buyer a fully executed copy of the conditional sale contract or purchase order and any vehicle purchase proposal and any credit statement which the seller has required or requested the buyer to sign, and which he has signed, during the

contract negotiations. The seller shall not obtain the signature of the buyer to a contract when it contains blank spaces to be filled in after it has been signed. Every conditional sale contract shall contain, although not necessarily in the sequence or order set forth below, the following separate items:

1. The cash price of the motor vehicle and of other items described in subdivision (e) of Section 2981 which are the subject of the conditional sale contract.

2. The amount of the buyer's downpayment, and whether made in cash or represented by the net agreed value of described property traded in, or both, together with a statement of the respective amounts credited for cash and for such property, but excluding any administrative finance charge shown in item 11.

3. The unpaid balance of cash price, which is the difference between items 1 and 2.

4. The cost to the buyer of any insurance, the premium for which is included in the contract balance. Any such cost for credit life or disability insurance may be included in the finance charge if the amount thereof is separately stated on the face of the contract.

5. The amounts, if any, paid or to be paid to any public officer in connection with the transaction and for license, certificate of title, and registration fees imposed by law.

6. The amount of any city, county, or city and county imposed fee or tax for a mobilehome.

7. The amount of any mobilehome escrow fee.

8. The amount of the state fee for issuance of a certificate of compliance or certificate of waiver pursuant to Section 9889.56 of the Business and Professions Code.

9. The amount, if any, charged by the seller for documentary preparation. If a seller charges a buyer a documentary preparation charge, then the contract shall contain a notice advising the buyer that such charge is not a governmental fee.

10. The amount of the unpaid balance, which is the sum of items 3, 4, 5, 6, 7, 8, and 9.

11. The amount, if any, of an administrative finance charge.

12. The amount financed, which is the difference between items 10 and 11.

13. The finance charge (A) expressed as the annual percentage rate as defined in Regulation Z and (B) expressed in dollars.

14. The number, amount and due dates or periods of payments scheduled to repay the indebtedness and the sum of such payments.

15. The names and addresses of all persons to whom the notice required under Section 2983.2 and permitted under Sections 2983.5 and 2984 of this code is to be sent.

16. (A) Where the contract includes a finance charge determined on the precomputed basis, an identification of the method of computing the unearned portion of the finance charge in the event of prepayment in full of the buyer's obligation and a statement of the amount or method of computation of any charge that may be

deducted from the amount of any such unearned finance charge in computing the amount that will be credited to the obligation or refunded to the buyer. Reference to the Rule of 78's, the sum of the digits, the sum of the periodic time balances or the actuarial method shall constitute a sufficient identification of the method of computing the unearned portion of the finance charge.

(B) Where the contract includes a finance charge which is determined on the simple-interest basis but provides for a minimum finance charge in the event of prepayment in full, a statement of that fact and the amount of the minimum finance charge or its method of calculation.

17. (A) Where the contract includes a finance charge which is determined on the precomputed basis and provides that the unearned portion of the finance charge to be refunded upon full prepayment of the contract is to be determined by a method other than actuarial, a notice in at least 10-point bold type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is \$1 or more. Because of the way the amount of this refund will be figured, the time when you prepay could increase the ultimate cost of credit under this agreement. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(B) Where the contract includes a finance charge which is determined on the precomputed basis and provides for the actuarial method for computing the unearned portion of the finance charge upon prepayment in full, a notice in at least 10-point bold type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is \$1 or more. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(C) Where the contract includes a finance charge which is determined on the simple-interest basis, a notice, in at least 10-point bold type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and

liability for the unpaid indebtedness evidenced by this agreement.”

18. A notice to the buyer, in writing, and, if printed, in type no smaller than 8-point, that complaints concerning unfair or deceptive practices or methods by the seller shall be referred to the seller and, if the complaint is not resolved, may be referred to the Department of Motor Vehicles, Division of Compliance, 2570 24th Street, Sacramento, 95818.

Additional items may be included to explain the computations made in determining the amount to be paid by the buyer. If the finance charge or any portion thereof is calculated on the 365-day basis, the amount of the finance charge shown pursuant to item 13 shall be the amount which will be incurred by the buyer if all payments are received by the seller on their respective due dates.

(b) If any charge for insurance (other than for credit life or disability) is included in the contract balance and disbursement of any part thereof be made more than one year after the date of the conditional sale contract, any finance charge on the amount to be disbursed after one year shall be computed from the month the disbursement is to be made to the due date of the last installment under the conditional sale contract.

(c) (1) The dollar amount of the finance charge shown pursuant to item 13 of subdivision (a) shall not exceed the greater of:

(A) One percent of the unpaid balance multiplied by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment; or

(B) If the finance charge is determined by the precomputed basis, twenty-five dollars (\$25); or

(C) If the finance charge or a portion thereof is determined by the simple-interest basis:

(i) Twenty-five dollars (\$25) if the unpaid balance does not exceed one thousand dollars (\$1,000), (ii) fifty dollars (\$50) if the unpaid balance exceeds one thousand dollars (\$1,000) but does not exceed two thousand dollars (\$2,000), or (iii) seventy-five dollars (\$75) if the unpaid balance exceeds two thousand dollars (\$2,000).

(2) The holder of the contract shall not charge, collect or receive a finance charge which exceeds the dollar amount shown pursuant to item 13 of subdivision (a), except to the extent caused by (A) the holder's receipt of one or more payments under a contract which provides for determination of the finance charge or a portion thereof on the 365-day basis at a time or times other than as originally scheduled whether or not the parties enter into an agreement pursuant to Section 2982.3, (B) the use of estimations in the providing of the disclosures required by this chapter to the extent permitted by Regulation Z, or (C) as permitted by subdivisions (a) and (c) of Section 2982.8.

(3) If the finance charge or a portion thereof is determined by the simple-interest basis and the amount of the unpaid balance exceeds five thousand dollars (\$5,000), the holder of the contract may, in lieu

of its right to a minimum finance charge under subparagraph (C) of paragraph (1), charge, receive, or collect on the date of the contract an administrative finance charge not to exceed seventy-five dollars (\$75), provided that the sum of any such administrative finance charge and the portion of the finance charge determined by the simple-interest basis shall not exceed the maximum total finance charge permitted by subparagraph (A) of paragraph (1). Any administrative finance charge which is charged, received or collected by a holder shall be deemed a finance charge earned on the date of the contract.

(d) The contract may provide that for each installment in default for a period of not less than 10 days the buyer shall pay a delinquency charge in an amount not to exceed in the aggregate 5 percent of the installment, which amount may be collected only once on any installment regardless of the period during which it remains in default. Payments timely received by the seller under an extension or deferral agreement shall not be subject to a delinquency charge. The contract may provide for reasonable collection costs and fees in the event of delinquency.

(e) Notwithstanding any provision of a contract to the contrary, the buyer may pay at any time before maturity the entire indebtedness evidenced by the contract without penalty. In the event of prepayment in full:

(1) If the finance charge was determined on the precomputed basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, provided, however, that the buyer shall be entitled to a refund credit in the amount of the unearned portion of the finance charge, except as provided in paragraphs (3) and (4). The amount of the unearned portion of the finance charge shall be at least as great a proportion of the finance charge, or if the contract has been extended, deferred or refinanced, of the additional charge therefor, as the sum of the periodic monthly time balances payable more than 15 days after the date of prepayment bears to the sum of all the periodic monthly time balances under the schedule of installments in the contract or, if the contract has been extended, deferred or refinanced, as so extended, deferred or refinanced. Where the amount of the refund credit is less than one dollar (\$1), no refund credit need be made by the holder. Any refund credit in the amount of one dollar (\$1) or more may be made in cash or credited to the outstanding obligations of the buyer under the contract.

(2) If the finance charge or a portion thereof was determined on the simple-interest basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, including any earned finance charges which are unpaid as of that date and, if applicable, the amount provided in paragraph (3), and provided further that in cases where a finance charge is determined on the 360-day basis, the payments theretofore received will be assumed to have been received on their respective due dates regardless of the

actual dates on which such payments were received.

(3) Where the minimum finance charge provided by subparagraph (B) or subparagraph (C) of paragraph (1) of subdivision (c), if either is applicable, is greater than the earned finance charge as of the date of prepayment, the holder shall be additionally entitled to the difference.

(4) The provisions of this subdivision shall not impair the right of the seller or the seller's assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (d) of this section or extension or deferral agreement charges as provided in Section 2982.3.

(5) Notwithstanding any provision of a contract to the contrary, whenever the indebtedness created by any contract is satisfied prior to its maturity through surrender of the motor vehicle, repossession of the motor vehicle, redemption of the motor vehicle after repossession, or any judgment, the outstanding obligation of the buyer shall be determined as provided in paragraph (1) or (2); provided further that the buyer's outstanding obligation shall be computed by the holder as of the date the holder recovers the value of the motor vehicle through disposition thereof or judgment is entered or, if the holder elects to keep the motor vehicle in satisfaction of the buyer's indebtedness, as of the date the holder takes possession of the motor vehicle.

(f) Notwithstanding any other provision of this chapter to the contrary, in the event any required downpayment on which no finance charge is imposed is to be made by the buyer to the seller on a conditional sale contract after the date of such contract but prior to the date of the second payment otherwise scheduled, the amount of such payment may be shown in such contract as a deferred portion of the cash downpayment or, if the finance charge is determined on the precomputed basis, as a deduction from the amount of the unpaid balance, and shall be included in the total of payments.

(g) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be disclosed in any manner, method, or terminology required or permitted under Regulation Z, as in effect at the time such disclosure is made. Nothing contained in this chapter shall be deemed to prohibit the disclosure in such contract of additional information required or permitted under Regulation Z, as in effect at the time such disclosure is made.

(h) If the requirements of this section are otherwise met, the preparation and use of a separate document for agreements governing the ownership of the towbar, wheels, wheel hubs, and axles and for escrow instructions under Section 11950 of the Vehicle Code, relating to the sale of mobilehomes, shall not violate the single-document requirement of subdivision (a). Without such an agreement governing the ownership of the towbar, wheels, wheel hubs, and axles, no dealer or transporter shall remove or cause to be removed any towbar, wheel, wheel hub, or axle from any

mobilehome. Any price quoted for any mobilehome in a conditional sale contract, purchase order, or security agreement pursuant to this section shall state whether such price includes or excludes the cost of the towbar, wheels, wheel hubs, and axles. If such price does not include the towbar, wheels, wheel hubs, or axles, it shall show a deduction for the cost of such parts not included.

(i) This section shall become operative on July 1, 1981.

Additional items may be included to explain the computations made in determining the amount to be paid by the buyer. If the finance charge or any portion thereof is calculated on the 365-day basis, the amount of the finance charge shown pursuant to item 11 shall be the amount which will be incurred by the buyer if all payments are received by the seller on their respective due dates.

(b) If any charge for insurance (other than for credit life or disability) is included in the contract balance and disbursement of any part thereof be made more than one year after the date of the conditional sale contract, any finance charge on the amount to be disbursed after one year shall be computed from the month the disbursement is to be made to the due date of the last installment under the conditional sale contract.

(c) (1) The dollar amount of the finance charge shown pursuant to item 11 of subdivision (a) shall not exceed the greater of:

(A) One percent of the unpaid balance multiplied by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment; or

(B) If the finance charge is determined by the precomputed basis,

twenty-five dollars (\$25); or

(C) If the finance charge or a portion thereof is determined by the simple-interest basis:

(i) Twenty-five dollars (\$25) if the unpaid balance does not exceed one thousand dollars (\$1,000), (ii) fifty dollars (\$50) if the unpaid balance exceeds one thousand dollars (\$1,000) but does not exceed two thousand dollars (\$2,000), or (iii) seventy-five dollars (\$75) if the unpaid balance exceeds two thousand dollars (\$2,000).

(2) The holder of the contract shall not charge, collect or receive a finance charge which exceeds the dollar amount shown pursuant to item 11 of subdivision (a), except to the extent caused by (A) the holder's receipt of one or more payments under a contract which provides for determination of the finance charge or a portion thereof on the 365-day basis at a time or times other than as originally scheduled whether or not the parties enter into an agreement pursuant to Section 2982.3, (B) the use of estimations in the providing of the disclosures required by this chapter to the extent permitted by Regulation Z, or (C) as permitted by subdivisions (a) and (c) of Section 2982.8.

(3) If the finance charge or a portion thereof is determined by the simple-interest basis and the amount of the unpaid balance exceeds five thousand dollars (\$5,000), the holder of the contract may, in lieu of its right to a minimum finance charge under subparagraph (C) of paragraph (1), charge, receive, or collect on the date of the contract an administrative finance charge not to exceed seventy-five dollars (\$75), provided that the sum of any such administrative finance charge and the portion of the finance charge determined by the simple-interest basis shall not exceed the maximum total finance charge permitted by subparagraph (A) of paragraph (1). Any administrative finance charge which is charged, received or collected by a holder shall be deemed a finance charge earned on the date of the contract.

(d) The contract may provide that for each installment in default for a period of not less than 10 days the buyer shall pay a delinquency charge in an amount not to exceed in the aggregate 5 percent of the installment, which amount may be collected only once on any installment regardless of the period during which it remains in default. Payments timely received by the seller under an extension or deferral agreement shall not be subject to a delinquency charge. The contract may provide for reasonable collection costs and fees in the event of delinquency.

(e) Notwithstanding any provision of a contract to the contrary, the buyer may pay at any time before maturity the entire indebtedness evidenced by the contract without penalty. In the event of prepayment in full:

(1) If the finance charge was determined on the precomputed basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, provided, however, that the buyer shall be entitled to a refund credit in the amount of the

unearned portion of the finance charge, except as provided in paragraphs (3) and (4). The amount of the unearned portion of the finance charge shall be at least as great a proportion of the finance charge, or if the contract has been extended, deferred or refinanced, of the additional charge therefor, as the sum of the periodic monthly time balances payable more than 15 days after the date of prepayment bears to the sum of all the periodic monthly time balances under the schedule of installments in the contract or, if the contract has been extended, deferred or refinanced, as so extended, deferred or refinanced. Where the amount of the refund credit is less than one dollar (\$1), no refund credit need be made by the holder. Any refund credit in the amount of one dollar (\$1) or more may be made in cash or credited to the outstanding obligations of the buyer under the contract.

(2) If the finance charge or a portion thereof was determined on the simple-interest basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, including any earned finance charges which are unpaid as of that date and, if applicable, the amount provided in paragraph (3), and provided further that in cases where a finance charge is determined on the 360-day basis, the payments theretofore received will be assumed to have been received on their respective due dates regardless of the actual dates on which such payments were received.

(3) Where the minimum finance charge provided by subparagraph (B) or subparagraph (C) of paragraph (1) of subdivision (c), if either is applicable, is greater than the earned finance charge as of the date of prepayment, the holder shall be additionally entitled to the difference.

(4) The provisions of this subdivision shall not impair the right of the seller or the seller's assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (d) of this section or extension or deferral agreement charges as provided in Section 2982.3.

(5) Notwithstanding any provision of a contract to the contrary, whenever the indebtedness created by any contract is satisfied prior to its maturity through surrender of the motor vehicle, repossession of the motor vehicle, redemption of the motor vehicle after repossession, or any judgment, the outstanding obligation of the buyer shall be determined as provided in paragraph (1) or (2); provided further that the buyer's outstanding obligation shall be computed by the holder as of the date the holder recovers the value of the motor vehicle through disposition thereof or judgment is entered or, if the holder elects to keep the motor vehicle in satisfaction of the buyer's indebtedness, as of the date the holder takes possession of the motor vehicle.

(f) Notwithstanding any other provision of this chapter to the contrary, in the event any required downpayment on which no finance charge is imposed is to be made by the buyer to the seller on a conditional sale contract after the date of such contract but prior

to the date of the second payment otherwise scheduled, the amount of such payment may be shown in such contract as a deferred portion of the cash downpayment or, if the finance charge is determined on the precomputed basis, as a deduction from the amount of the unpaid balance, and shall be included in the total of payments.

(g) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be disclosed in any manner, method, or terminology required or permitted under Regulation Z, as in effect at the time such disclosure is made. Nothing contained in this chapter shall be deemed to prohibit the disclosure in such contract of additional information required or permitted under Regulation Z, as in effect at the time such disclosure is made.

(h) This section shall become operative on July 1, 1981.

SEC. 23. Section 2982.3 is added to the Civil Code, to read:

2982.3. (a) The holder of a conditional sale contract may, upon agreement with the buyer, extend the scheduled due date or defer the scheduled payment of all or of any part of any installment or installments payable thereunder. No charge shall be made for any such extension or deferment unless the agreement for such extension or deferment is in writing and signed by the parties thereto.

(b) Where the contract includes a finance charge determined on the precomputed basis, the holder may charge and contract for the payment of an extension or deferral agreement charge by the buyer and collect and receive the same, but such charge may not exceed an amount equal to 1 percent per month simple interest on the amount of the installment or installments, or part thereof, extended or deferred for the period of extension or deferral. Such period shall not exceed the period from the date when such extended or deferred installment or installments, or part thereof, would have been payable in the absence of such extension or deferral to the date when such installment or installments, or part thereof, are made payable under the agreement of extension or deferment; except that a minimum charge of one dollar (\$1) for the period of extension or deferral may be made in any case where the extension or deferral agreement charge, when computed at such rate, amounts to less than one dollar (\$1).

(c) Where the contract includes a finance charge determined on the simple-interest basis, the holder may charge and contract for the payment of an extension or deferral agreement charge by the buyer and collect and receive the same, but the charge for the extension or deferral agreement may not exceed the lesser of twenty-five dollars (\$25) or 10 percent of the then unpaid balance of the contract. Such charge shall be in addition to any finance charges which accrue because such extended or deferred payments are received at a time other than as originally scheduled.

SEC. 24. Section 2982.8 of the Civil Code is amended to read:

2982.8. (a) If a buyer is obligated under the terms of the conditional sale contract to maintain insurance on the vehicle and

subsequent to the execution of the contract the buyer either fails to maintain or requests the holder to procure such insurance, any amounts advanced by the holder to procure such insurance may be the subject of finance charges from the date of advance as provided in subdivision (d). Such amounts shall be secured as provided in the contract and permitted by Section 2984.2 if the holder notifies the buyer in writing of his or her option to repay such amounts in any one of the following ways:

(1) Full payment within 10 days from the date of giving or mailing the notice.

(2) Full amortization during the term of the insurance.

(3) Full amortization after the term of the conditional sale contract to be payable in installments which do not exceed the average payment allocable to a monthly period under the contract. The option offered under this subparagraph shall not apply to any industrial loan company licensed pursuant to Division 7 (commencing with Section 18000) of the Financial Code.

(4) If offered by the holder, any other amortization plan.

If the buyer neither pays in full the amounts advanced nor notifies the holder in writing of his or her choice regarding amortization options before the expiration of 10 days from the date of giving or mailing the notice by the holder, the holder may amortize the amounts advanced on a secured basis pursuant to either paragraph (2) or (3).

(b) The written notification described in subdivision (a) shall also set forth the amounts advanced by the holder and, with respect to each amortization plan the amount of the additional finance charge, the sum of the amounts advanced and the additional finance charge, the number of installments required, the amount of each installment and the date for payment of the installments.

(c) If subsequent to the execution of the contract the holder advances amounts for repairs to or preservation of the motor vehicle or preservation of the holder's security interest therein and such advances are occasioned by the buyer's default under the contract, such advances may be the subject of finance charges from the date of advance as provided in subdivision (d) and shall be secured as provided in the contract and permitted by Section 2984.2.

(d) The maximum rate of finance charge which may be imposed on amounts advanced by the holder subsequent to the execution of the contract for insurance, repairs to or preservation of the motor vehicle, or preservation of the holder's security interest therein, shall not exceed the annual percentage rate disclosed pursuant to paragraph 13 of subdivision (a) of Section 2982.

SEC. 25. Section 2984.2 of the Civil Code is repealed.

SEC. 26. Section 2984.2 is added to the Civil Code, to read:

2984.2. (a) No conditional sale contract, and no agreement between a seller and a buyer made in connection with a conditional sale contract, may provide for the inclusion of title to or a lien upon any property other than:

(1) The motor vehicle which is the subject matter of the sale, or accessories, accessions, replacements or proceeds thereof;

(2) The proceeds of any insurance policies covering the motor vehicle which are required by the seller or the returned premiums of any such policies if the premiums for such policies are included in the unpaid balance;

(3) The proceeds of any credit insurance policies which the buyer purchases in connection with the motor vehicle conditional sale contract or the returned premiums of any such policies if the premiums for such policies are included in the unpaid balance; or

(4) The proceeds and returned price of any service contract if the cost of such contract is included in the unpaid balance.

(b) Subdivision (a) shall not apply to any agreement which meets the requirements of subdivision (b) of Section 2982.5 and otherwise complies with this chapter.

(c) A provision in violation of this section shall be void.

SEC. 27. It is the intent of the Legislature, if this bill and Assembly Bill 3371 are both chaptered and become effective on or before January 1, 1981, both bills amend Section 1805.1 of the Civil Code, and this bill is chaptered after Assembly Bill 3371, that Section 1805.1 of the Civil Code, as amended by Section 1 of Assembly Bill 3371, be further amended on the effective date of this act in the form set forth in Section 13 of this act to incorporate the changes in Section 1805.1 proposed by this bill. Therefore, if this bill and Assembly Bill 3371 are both chaptered and become effective on or before January 1, 1981, and Assembly Bill 3371 is chaptered before this bill and amends Section 1805.1, Section 13 of this act shall become operative on the effective date of this act and Section 12 of this act shall not become operative.

SEC. 28. Section 14 of this act shall become operative only if this bill and Assembly Bill 3371 are both chaptered, Assembly Bill 3371 adds Section 1805.1 to the Civil Code operative on the first day of the first month following the second anniversary date of the effective date of Assembly Bill 3371, and this bill is chaptered after Assembly Bill 3371.

SEC. 28.5. Section 22.5 of this act shall become operative only if this bill and Assembly Bill 2915 are both chaptered, Assembly Bill 2915 amends Section 2982 of the Civil Code operative on July 1, 1981, and this bill is chaptered after Assembly Bill 2915, in which case Section 22 of this act shall not become operative.

SEC. 29. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 805 of the Statutes of 1979 enacted a comprehensive system regulating the use of precomputed interest in retail installment contracts and providing for a simple-interest basis for such contracts. For that comprehensive statutory system to work properly certain corrective amendments have been found to be

necessary and in order to accomplish this as soon as possible, it is necessary that this act take effect immediately.

SEC. 30. Section 18.5 of this act shall become operative on January 1, 1981.

SECTION 1. Section 1805.1 of the Civil Code is amended to read:  
1805.1. (a) If the finance charge is determined by the precomputed basis, the dollar amount of the finance charge shown pursuant to item (j) of Section 1803.3 shall not exceed the greater of:

WHEREAS, The United States is currently beset with spiraling inflation and other symptoms of economic uncertainty; and

WHEREAS, The prospect of increasing unemployment rates is a specter that casts even a darker shadow over the economy of our country; and

WHEREAS, It is in the national interest that all citizens cast off old attitudes and demonstrate once again that Americans are a dynamic, flexible, people; and

WHEREAS, American industry should set an example of how adaptability can maintain productivity; and

WHEREAS, It has come to the attention of the Members of the Legislature that the Ford Motor Company has announced the closure of its Pico Rivera Assembly Plant, and the layoff of thousands of highly skilled workers; and

WHEREAS, The closure of a major automotive facility that could be retooled to meet the need of Californians for smaller, fuel efficient automobiles represents not only a waste of human resources but the failure to adapt to changing priorities and to the needs of California motorists; now, therefore, be it

*Resolved by the Assembly of the State of California, the Senate thereof concurring,* That the Ford Motor Company is urged to reconsider its decision to close its Pico Rivera Assembly Plant and to retool for the manufacture of a smaller automobile; and be it further

## RESOLUTION CHAPTER 16

Assembly Joint Resolution No. 53—Relative to indexing federal income taxes.

[Filed with Secretary of State April 18, 1980 ]

WHEREAS, The growth in the rate of inflation has resulted in a substantial increase in federal income taxes, which does not reflect increases in real income; and

WHEREAS, The cost of living as reflected by the United States Consumer Price Index has increased significantly each year; and

WHEREAS, Federal income taxes as a percent of personal income have risen from 9.7 percent in 1976 to an estimated 11.3 percent in 1980, reflecting the rapid growth in tax collections during this inflationary period; and

WHEREAS, The Legislature of the State of California has enacted full indexing of the state personal income tax thereby preventing inflation from moving each taxpayer into a higher state income tax bracket; and

WHEREAS, The impact of this adjustment of the state income tax will be partially reduced by the loss of this amount as a deduction from the federal tax, further increasing federal income tax liability; and

WHEREAS, The federal income tax brackets have not been adjusted to eliminate the inequitable automatic tax increase resulting from inflation; now, therefore, be it

*Resolved by the Assembly and Senate of the State of California, jointly,* That the Legislature of the State of California respectfully memorialize the President and the Congress of the United States to provide for the annual recomputation of federal income taxes and adjustment of such taxes according to the rate of inflation; and be it further

*Resolved,* That California shall receive a reduction in federal aid which is proportionate to the loss of federal income tax revenue derived from California; and be it further

*Resolved,* That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

## RESOLUTION CHAPTER 17

Assembly Joint Resolution No. 76—Relative to salmon.

[Filed with Secretary of State April 18, 1980 ]

WHEREAS, The salmon fisheries of California are important for sport and commercial fishing, while also providing employment and a valuable source of food for both local consumption and for export; and

WHEREAS, In 1979, the California catch of chinook salmon by both commercial and sport fishermen was one of the best in recent history; and

WHEREAS, The spawning escapement of salmon in most California rivers reached or exceeded goals set for those river systems; and

WHEREAS, Only one California river system, the Klamath-Trinity, had depressed fish runs which were caused by the Department of Interior diverting water and permitting an illegal in-river gill net fishery on the Klamath River; and

WHEREAS, Salmon fishing for export and commercial purposes is subject to the vagaries of weather as well as numerous oceanic conditions and, therefore, requires seasons of a sufficient duration to insure harvest; and

WHEREAS, Severe restrictions have been proposed by the Pacific

Regional Fishery Management Council for the 1980 California commercial salmon season, which restrictions have the potential for economic ruin to fishermen and the industries dependent upon the salmon fishery; and

WHEREAS, Such restrictions appear uncalled for and are indicative of a lack of understanding of California fisheries by the Pacific Regional Fishery Management Council which has only three voting members from California out of a total of 13 voting members; now, therefore, be it

*Resolved by the Assembly and Senate of the State of California, jointly,* That the Legislature of the State of California hereby memorializes the Secretary of Commerce to reject the Pacific Regional Fishery Management Council's proposed 1980 salmon regulations for California and to adopt instead regulations which reflect a balance between economic and biological needs and which will protect both the salmon resource and the fishermen and industries dependent upon that resource; and be it further

*Resolved,* That the Chief Clerk of the Assembly transmit a copy of this resolution to the Secretary of Commerce.

WHEREAS, This genocide has been consistently denied by the Turkish government; and

WHEREAS, The Armenians in some countries must continue to endure daily acts of oppression, such as denial of their basic human rights, confiscation of their churches and schools, and punishment for speaking their native language openly; and

WHEREAS, April 24, 1915, is the date historians have marked as the beginning of the massacre and consequently this day should be a day of reflection by all Armenians and other Americans; now, therefore, be it

*Resolved by the Assembly of the State of California, the Senate thereof concurring,* That the Legislature hereby designates April 24, 1980, as "State Day of Remembrance" and requests the Governor of California to issue a proclamation calling upon the people of the State of California to observe such day as a day of remembrance for all the

*Resolved*, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Governor of California.

## RESOLUTION CHAPTER 21

Senate Concurrent Resolution No. 36—Relative to the allocation of Title XX funds.

[Filed with Secretary of State May 2, 1980 ]

WHEREAS, The Congress of the United States has, since 1972, placed a permanent annual federal spending ceiling of \$2.5 billion on federal funds for social services allocated pursuant to Title XX (42 U.S.C.A. 1397); and

WHEREAS, The temporary augmentation which increased the federal social services spending limit to \$2.9 billion for the 1979 fiscal year will expire on September 30, 1979, which will result in a reversion to the \$2.5 billion permanent ceiling beginning with the 1980 fiscal year; and

WHEREAS, The federal social services funding limitations have consistently failed to recognize the actual annual increases in the cost-of-living or to accommodate national monetary inflation trends; and

WHEREAS, The states and local governments will be forced to curtail social services to needy children and adults unless federal social services funding augmentation is adequately increased on a permanent basis; and

WHEREAS, Through the enactment of Title XX (42 U.S.C.A. 1397), the Congress of the United States sought to encourage each state, as far as practicable, to furnish services directed at achieving various goals of social services, and to provide each state with financial assistance in order to achieve these goals; and

WHEREAS, The Congress of the United States has, after eight years of open-ended funding placed a closed-end ceiling on such federal social services funding; and

WHEREAS, The State of California initially allocated Title XX funds to counties based upon prior expenditures and has continued such an allocation, using 1975-76 as the base year; and

WHEREAS, Such an allocation has resulted in an inequitable distribution of federal funds allocated pursuant to Title XX for social services, favoring those counties which already have expensive services in existence and disfavoring those counties with more modest program investments during the base year; and

WHEREAS, Inflation and the passage of Proposition 13 on the June 6, 1978 primary election ballot, has made it difficult for counties to provide matching funds; and

WHEREAS, Steps must be taken in order to preserve a minimum level of social services, maximizing limited financial resources and distributing funds according to greatest need; now, therefore, be it

*Resolved by the Senate of the State of California, the Assembly thereof concurring*, That the President of the United States and the Congress of the United States are requested to take such action as is necessary to increase the permanent federal expenditure augmentation for funds allocated pursuant to Title XX for social services for the 1980 fiscal year and to provide thereafter, an annual adjustment of that augmentation and the appropriations to reflect changes in the cost of living; and be it further

*Resolved*, That the Director of Social Services is directed to work with the State Department of Finance and the California Welfare Directors Association to develop a formula for the equitable allocation of any additional federal funds granted to the state by Title XX for counties, utilizing such indicators as actual need of each county, the welfare population of the county, general population and other relevant factors; and be it further

*Resolved*, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the Secretary of State and the presiding officer of each house of the state legislature of each state of the United States, to the State Department of Social Services, to the Director of Finance and to the California Welfare Directors Association.

WHEREAS, Two bills have been recently introduced in Congress by the Honorable Mario Biaggi (HR 4310), and by Senator Thomas Eagleton (SB 1957), which would serve to return to the states revenues derived from the federal tax of fuel used to power motorboats; and

WHEREAS, These revenues, once returned to the states, would be dedicated to the improvement of boating facilities and safety programs; and

## RESOLUTION CHAPTER 26

Assembly Joint Resolution No. 50—Relative to wine.

[Filed with Secretary of State May 16, 1980 ]

WHEREAS, The California wine industry is an important element in California agriculture and the California economy; and

WHEREAS, Even with the increasing reputation for quality and value that California wines enjoy among wine-knowledgeable consumers around the world, California wines are effectively precluded from most foreign markets by a pervasive and complex system of tariff and nontariff barriers; and

WHEREAS, Foreign wine moves freely in the United States market, subject only to the payment of a low import duty and payment of state and federal excise taxes at the same rate paid by California wine, such easy accessibility enjoyed by foreign wines to the American market in direct contrast to the export position of the California wine industry; and

WHEREAS, In 1960, California wineries produced 79.0% of all wine sold in the United States, but in 1978, California's share of the American market had been reduced to 68.5% which diminution, if continued or accelerated, will have an extremely serious adverse impact on the California wine industry; and

WHEREAS, The California wine industry is therefore faced with the prospect of increasing loss of market share to imported wines at home, while at the same time facing enormously restrictive tariff and nontariff barriers to the sale of its own wine abroad imposed by virtually all of those foreign governments whose wine industries profit so generously in the American marketplace; and

WHEREAS, The California winegrower seeks only reciprocity of treatment, desiring to work and create in an environment where California wines compete with other fine wines of the world to gain their fair share of consumer support; and

WHEREAS, The European Economic Community requires a separate permit for each shipment of wine from most nonmember nations, including the United States, but permits any member nation to suspend imports at any time by causing such a permit not to be issued, thereby retaining an absolute embargo power over third-country wines; and

WHEREAS, The EEC imposes duty surcharges through the reference price system allowing the community to control the minimum price at which imported wine can be sold within the member nations; and

WHEREAS, The EEC has negotiated lower tariffs for Algeria, Tunisia, Morocco, Turkey, and Greece than are imposed on U.S. imports, as well as certain other exceptions for other countries; and

WHEREAS, Many EEC member countries have well-funded export missions in foreign countries (e.g., the French, Italian, and West German governments all have wine promotion programs in the U.S. which include heavy media advertising and widely publicized wine tasting events) as well as a community system of storage, distilling, and export subsidies; and

WHEREAS, The EEC assesses substantially higher tariffs against U.S. wines than the U.S. assesses against wines of the community; and

WHEREAS, Japan, which represents an attractive potential market, has an extremely high tariff (presently \$4.91 per gallon versus \$0.375 per gallon in the United States for table wines and \$0.25 per gallon for sake); and

WHEREAS, The above enumerated problems represent only a partial listing of barriers to foreign markets faced by the California wine industry; now, therefore, be it

*Resolved by the Assembly and Senate of the State of California, jointly,* That the members request the Congress to pay particular attention to all tariff and nontariff barriers which may tend to inhibit the open and free competition of United States produced wines in all foreign markets when the President reports to the Congress the results of his review of such barriers, not later than January 1, 1982, pursuant to subdivision (a) of Section 584 of the Distilled Spirits Tax Revision Act of 1979; and be it further

*Resolved,* That the members request the Congress to urge upon the President the importance of reciprocity of all tariff and nontariff barriers affecting United States produced wines abroad, and to further urge upon the President the necessity to eliminate or reduce such barriers to the sale of United States produced wines, pursuant to his authority under the Trade Act of 1974 and subdivision (c) of Section 584 of the Distilled Spirits Tax Revision Act of 1979; and be it further

*Resolved,* That the members request the Congress to urge upon

the President the necessity to take whatever action is necessary to assure substantial reciprocity of all tariff and nontariff trade barriers regarding the sale of wine exported from and imported to the United States should an attempt to negotiate the removal or reduction of such barriers fail; and be it further

*Resolved*, That the members request the President of the United States to direct United States government employees overseas including ambassadors, consuls, agricultural attachés, and others to use, promote, and serve California and other American wines at official functions and dinners and whenever it might be appropriate; and be it further

*Resolved*, That the Chief Clerk of the Assembly transmit copies of this resolution to President Carter, the President's Special Representative for Trade Negotiations, the Clerk of the House of Representatives, the Secretary of the United States Senate, Senator Alan Cranston, Senator S.I. Hayakawa, to each Representative from California in the Congress of the United States, the Bureau of Alcohol, Tobacco and Firearms, and the U.S. Customs Service.

WHEREAS, The sale and use of bottle rockets and firecrackers have been prohibited in California since 1939; and

WHEREAS, Bottle rockets and firecrackers are legal in some states; and

WHEREAS, The quantity of bottle rockets and firecrackers illegally imported into California has greatly increased in recent years; and

WHEREAS, Most of the bottle rockets and firecrackers are entering California illegally from other states, which are also having difficulty in controlling dangerous fireworks; and

WHEREAS, The State Fire Marshal has confiscated over 1,000,000 items of illegal fireworks worth over two hundred fifty thousand dollars (\$250,000) during each of the last two years; and

*Resolved by the Assembly and Senate of the State of California, jointly,* That the Legislature of the State of California respectfully memorializes the Congress of the United States to undertake appropriate action to ban the sale and use of bottle rockets and firecrackers in the United States in an effort to bring about a reduction in the number of fires and injuries related to fireworks; and be it further

*Resolved,* That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to each member of the Consumer Product Safety Commission.

WHEREAS, It is essential that the Santa Margarita Project be authorized and constructed at the earliest possible time to prevent a possibly catastrophic water shortage within the area of the project in the near future; now, therefore, be it

WHEREAS, Such commission would be charged with the responsibility of studying the legal and constitutional aspects of such unprecedented action by the United States government against its own citizens, to determine whether wrong was committed and if so, to recommend redress in such manner as to be determined by the Congress of the United States to the end that such an aberration of justice will never again occur; and

WHEREAS, The Legislature of the State of California is concerned with such complete denial of civil rights, and with the possibilities of recurrence of such governmental action based upon the precedent of the Japanese American evacuations of 1942, and therefore believes that the present bills in Congress should be supported; now, therefore, be it

*Resolved by the Assembly and the Senate of the State of California, jointly,* That the Legislature of the State of California supports passage of such federal legislation; and be it further

Senate Joint Resolution No. 37—Relative to the Olympic Games.

[Filed with Secretary of State June 13, 1980.]

WHEREAS, President Jimmy Carter has announced his strong support for the move to Olympia as a permanent site and has declared he will exert every effort to accomplish it; and

*Resolved by the Senate and Assembly of the State of California, jointly,* That the Legislature of the State of California memorializes the International Olympic Committee and the United States Olympic Committee to give favorable consideration to the invitation of Prime Minister Caramanlis, as supported by President Carter, to move the Summer Olympics permanently to Olympia, Greece, commencing with the Summer Olympics of 1988; and be it further

### Water Resources Development

SECTION 1. The people of the State hereby provide the following guarantees and protections in this article for water rights, water quality, and fish and wildlife resources.

SEC. 2. No statute amending or repealing, or adding to, the provisions of the statute enacted by Senate Bill No. 200 of the 1979-80 Regular Session of the Legislature which specify (1) the manner in which the State will protect fish and wildlife resources in the Sacramento-San Joaquin Delta, Suisun Marsh, and San Francisco Bay system westerly of the delta; (2) the manner in which the State will protect existing water rights in the Sacramento-San Joaquin Delta; and (3) the manner in which the State will operate the State Water Resources Development System to comply with water quality standards and water quality control plans, shall become effective unless approved by the electors in the same manner as statutes amending initiative statutes are approved; except that the Legislature may, by statute passed in each house by roll call vote entered in the journal, two-thirds of the membership concurring, amend or repeal, or add to, these provisions if the statute does not in any manner reduce the protection of the delta or fish and wildlife.

SEC. 3. No water shall be available for appropriation by storage in, or by direct diversion from, any of the components of the California Wild and Scenic Rivers System, as such system exists on January 1, 1981, where such appropriation is for export of water into another major hydrologic basin of the state, as defined in the Department of Water Resources Bulletin 160-74, unless such export is expressly authorized prior to such appropriation by: (a) an initiative statute approved by the electors, or (b) the Legislature, by statute passed in each house by roll call vote entered in the journal, two-thirds of the membership concurring.

SEC. 4. No statute amending or repealing, or adding to, the provisions of Part 4.5 (commencing with Section 12200) of Division 6 of the Water Code (the Delta Protection Act) shall become effective unless approved by the electors in the same manner as statutes amending initiative statutes are approved; except that the Legislature may, by statute passed in each house by roll call vote entered in the journal, two-thirds of the membership concurring, amend or repeal, or add to, these provisions if the statute does not in any manner reduce the protection of the delta or fish and wildlife.

SEC. 5. No public agency may utilize eminent domain proceedings to acquire water rights, which are held for uses within the Sacramento-San Joaquin Delta as defined in Section 12220 of the

Water Code, or any contract rights for water or water quality maintenance in the Delta for the purpose of exporting such water from the Delta. This provision shall not be construed to prohibit the utilization of eminent domain proceedings for the purpose of acquiring land or any other rights necessary for the construction of water facilities, including, but not limited to, facilities authorized in Chapter 8 (commencing with Section 12930) of Part 6 of Division 6 of the Water Code.

SEC. 6. (a) The venue of any of the following actions or proceedings brought in a superior court shall be Sacramento County:

(6) An action or proceeding to require the Department of Water Resources or its successor agency to comply with the provisions of the contracts entered into pursuant to Section 11456 of the Water Code.

(b) An action or proceeding described in paragraph (1) of subdivision (a) shall be commenced within one year after the effective date of the statute enacted by Senate Bill No. 200 of the 1979–80 Regular Session of the Legislature. Any other action or proceeding described in subdivision (a) shall be commenced within one year after the cause of action arises unless a shorter period is otherwise provided by statute.

(c) The superior court or a court of appeals shall give preference to the actions or proceedings described in this section over all civil actions or proceedings pending in the court. The superior court shall commence hearing any such action or proceeding within six months after the commencement of the action or proceeding, provided that any such hearing may be delayed by joint stipulation of the parties or at the discretion of the court for good cause shown. The provisions of this section shall supersede any provisions of law requiring courts to give preference to other civil actions or proceedings. The provisions of this subdivision may be enforced by mandamus.

(d) The Supreme Court shall, upon the request of any party, transfer to itself, before a decision in the court of appeal, any appeal or petition for extraordinary relief from an action or proceeding described in this section, unless the Supreme Court determines that the action or proceeding is unlikely to substantially affect (1) the construction, operation, or maintenance of the peripheral canal unit described in subdivision (a) of Section 11255 of the Water Code, (2) compliance with subdivision (b) of Section 11460 of the Water Code, (3) compliance with the permanent agreement specified in Section 11256 of the Water Code, or (4) compliance with the provisions of the contracts entered into pursuant to Section 11456 of the Water Code. The request for transfer shall receive preference on the Supreme Court's calendar. If the action or proceeding is transferred to the Supreme Court, the Supreme Court shall commence to hear the matter within six months of the transfer unless the parties by joint stipulation request additional time or the court, for good cause shown, grants additional time.

(e) The remedy prescribed by the court for an action or proceeding described in paragraph (4), (5), or (6) of subdivision (a) shall include, but need not be limited to, compliance with subdivision (b) of Section 11460 of the Water Code, the permanent agreement specified in Section 11256 of the Water Code, or the provisions of the contracts entered into pursuant to Section 11456 of the Water Code.

(f) The Board of Supervisors of the County of Sacramento may apply to the State Board of Control for actual costs imposed by the requirements of this section upon the county, and the State Board of Control shall pay such actual costs.

(g) Notwithstanding the provisions of this section, nothing in this Article shall be construed as prohibiting the Supreme Court from exercising the transfer authority contained in Article VI, Section 12 of the Constitution.

SEC. 7. State agencies shall exercise their authorized powers in a manner consistent with the protections provided by this article.

SEC. 8. This article shall have no force or effect unless Senate Bill No. 200 of the 1979-80 Regular Session of the Legislature is enacted and takes effect.

WHEREAS, The enactment of Senate Bill 90 of 1972 and its successor bills, Proposition 13 of June, 1978, and Proposition 4 of November, 1979, have brought to the attention of the public and Legislature the need to evaluate mandated programs, their cost, and procedures, regardless of when enacted, to determine whether it is appropriate to modify or repeal them or to make them permissive and thus reduce the financial and other burdens in state and local government and to the taxpayers of California; now, therefore, be it

*Resolved by the Senate of the State of California, the Assembly thereof concurring*, That the Legislative Analyst shall evaluate the 12 mandates for which the largest appropriations for reimbursement of mandated local costs are included in the 1980-81 Budget Act, provided, however, that the Legislative Analyst shall not reevaluate the mandates imposed by Chapters 89 and 1398 of the Statutes of 1974 or Chapters 593 and 961 of the Statutes of 1975; and be it further

*Resolved*, That the Legislative Analyst shall also evaluate 12 unfunded mandates enacted prior to 1973, of which three mandates each shall be designated by the League of California Cities, the County Supervisors' Association of California, the California Special Districts Association, and the SB 90 school network; and be it further

*Resolved*, That these organizations shall consult with the Legislative Analyst in the selection of these mandates and that any of these organizations may designate less than three and request that one of the others designate additional mandates in its place; and be it further

*Resolved*, That in no event shall the Legislative Analyst be required to study a mandate if these organizations have not designated it for evaluation by October 31, 1980; and be it further

*Resolved*, That the Legislative Analyst shall then evaluate such mandates and make recommendations as to whether they should be repealed, modified, or made permissive; and be it further

*Resolved*, That the Legislative Analyst shall utilize at least the following criteria in evaluating such state mandates:

- (1) To what extent does the mandate serve some statewide

interest as opposed to primarily a local interest that can be served better through local choice and action?

(2) Has the mandate, as implemented, met the Legislature's intent and expectations by achievement of its objectives?

(3) Are there less costly or onerous alternative means of achieving the mandate's objectives?

(4) Is the mandate reimbursed by the state and, if so, how adequately? If not, what is its annual cost to implement? Do such costs bear a reasonable relationship to the statewide benefits resulting from the mandate?

(5) Are there any legal considerations which would prevent the state from modifying or repealing the mandate?; and be it further

*Resolved*, That the Legislative Analyst is requested to submit a report to the Joint Legislative Budget Committee by November 1, 1981, which shall include an evaluation of each such mandate and a recommendation as to whether and how such mandates should be modified or repealed or made permissive; and be it further

*Resolved*, That the Legislative Analyst shall confer and cooperate in the preparation of such report with representatives of local government, labor unions, and others interested in the issues to be evaluated pursuant to this resolution; and be it further

*Resolved*, That the sum of thirty-eight thousand dollars (\$38,000) is hereby allocated from the Contingent Funds of the Assembly and Senate to the Joint Legislative Budget Committee for expenditure to carry out such study; and be it further

*Resolved*, That the Secretary of the Senate transmit a copy of this resolution to the Legislative Analyst.

#### RESOLUTION CHAPTER 64

Relative to federal funding of the Santa Monica Mountains National Recreation Area.

[Filed with Secretary of State July 9, 1980 ]

WHEREAS, The Federal Government, with the support of the State of California and local governments in Ventura and Los Angeles Counties, authorized the establishment of the Santa Monica Mountains National Recreation Area and provided for its development to expand the recreational and open-space facilities in the Santa Monica Mountains for the public use and enjoyment year-round by nearby urban millions and future local, state, and national generations of citizens of the United States; and

WHEREAS, The present and growing energy shortage with its increasing restraints on travel makes early development of the Santa Monica Mountains National Recreation Area especially important to assure that expanded park and recreational facilities are available for residents of Ventura and Los Angeles Counties as well as American and foreign visitors to Southern California's own particular sunbelt attractions that are beneficial to local, state, and national economies; and

WHEREAS, Timely and uninterrupted development is governed by the availability of federal funding under Public Law 95-625, the National Parks and Recreation Act of 1978, and unforeseen national and international situations that may force delays in completion of the Santa Monica Mountains National Recreation Area to the end of the 1980's or beyond; and

WHEREAS, The President's proposed anti-inflation budget cuts may involve significant reductions in appropriations from the Land and Water Conservation Fund from which the Santa Monica Mountains National Recreation Area will be funded; and

WHEREAS, A delay of possibly another 10 years in the completion of the Santa Monica Mountains National Recreation Area will, due to inflationary impact, inevitably force severe economic losses in purchasing power for parkland acquisitions and development and also will adversely damage the economic well-being of property owners whose property has been publicly scheduled for acquisition by the National Park Service; and

WHEREAS, Urban sprawl continues to rapidly threaten the Santa Monica Mountains, particularly for those areas closest to greater Los Angeles, and any further delay in acquisition for and development of the Santa Monica Mountains National Recreation Area may result in additional critical losses of this distinct and valuable natural resource; and

WHEREAS, Speculative land prices and continued development pressures may make acquisition and development of the most scenic and recreational usable land impossible, unless full funding is promptly and continuously provided for the Santa Monica Mountains National Recreation Area; and

WHEREAS, Reduced funding for the Santa Monica Mountains National Recreation Area will jeopardize the availability of state and local grants pursuant to subsection (n) of Section 507 of the National Park and Recreation Act of 1978, and thereby cripple the effectiveness of the unique grant program component for the recreation area and thus destroy the ability of the local, state, and federal intergovernmental partnership to collectively carry out the objectives for the recreation area; now, therefore, be it

*Resolved by the Senate and Assembly of the State of California, jointly,* That the Legislature of the State of California respectfully memorializes the President and Congress of the United States to restore, as soon as possible, the full appropriation to properly fund the uninterrupted acquisition of land and timely development of the Santa Monica Mountains National Recreation Area according to the original federal authorization; and be it further

*Resolved,* That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the Secretary of Interior.

WHEREAS, The cost of living has risen approximately 47 percent in the United States and approximately 50 percent in California since 1974; and

WHEREAS, The failure to increase the maximum nonexcludable resources for eligibility into the SSI/SSP program has led to genuinely needy elderly persons, upon their initial application, being denied eligibility for the SSI/SSP program; now, therefore, be it

*Resolved by the Senate and Assembly of the State of California, jointly,* That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to enact a law providing for an increase in the maximum amount of nonexcludable resources permitted for eligibility under the SSI/SSP program; and be it further

[Filed with Secretary of State July 10, 1980 ]

WHEREAS, The Federal Clean Water Act of 1972, as amended, is one such example, in that Section 1284 (b) (1) of the Act (P.L. 92-500) requires that municipal service charges be levied; and

WHEREAS, Current Federal Tax Laws and Internal Revenue Service Regulations allow business, and individuals with business income, to deduct such charges to the extent that they are business expenses in the calculation of their federal tax liability; and

WHEREAS, Current Federal Tax Laws and Internal Revenue Service Regulations prohibit individuals from deducting the same charges when they are associated with their places of residence; and

WHEREAS, To the extent that such charges are involuntary, they amount to a tax in all but name; now, therefore, be it

*Resolved by the Senate and Assembly of the State of California, jointly,* That the Legislature of the State of California respectfully memorializes the Congress of the United States to enact a law enabling individuals to generally deduct the cost of such involuntary municipal service charges, imposed by the Congress, from their federal income taxes; and be it further

populations at Los Angeles County Hospital and one of Kaiser Hospitals' larger installations; now, therefore, be it

*Resolved by the Assembly of the State of California, the Senate thereof concurring,* That the State Department of Health Services be requested to authorize a study to determine the actual efficacy of silver nitrate as a prophylactic efficient treatment for ophthalmia neonatorum and to compare the efficacy of the chemical to that of medications recently developed to combat ophthalmia neonatorum, and that the findings of such study be submitted to the State Department of Health Services prior to January 1, 1981; and be it further

WHEREAS, Sustained high flows in the rivers has caused extensive

damage to levees, banks, riparian habitat, and Class 1 agricultural land; and

WHEREAS, Large oak and eucalyptus trees and other riparian vegetation washed into the river by this erosion are plugging up the channel, reducing its carrying capacity, and further aggravating the problem; and

WHEREAS, An enormous amount of eroded soil is carried down the river, increasing turbidity and filling the channels; and

Assembly Joint Resolution No. 75—Relative to adult basic education.

[Filed with Secretary of State July 14, 1980.]

WHEREAS, In a survey of certain adult competencies done by the NOMOS Institute of Hawaii for the Department of Education of this state, those who were raised in homes where a language other than English was spoken, or who had at least one foreign-born parent, showed more deficiencies than any other group in the performance of certain basic competencies; and

WHEREAS, Highly impacted public adult schools in the state have experienced dramatic increases in Indochinese refugee population at an estimated 7,000 to 9,000 immigrants a month; and

WHEREAS, These conditions require that school districts provide intensive and specialized educational assessment, instructional, and counseling services from qualified linguistic specialists, specially trained teachers, and counselors, as well as specialized instructional materials; and

WHEREAS, The provision of these services imposes an unusual, intolerable burden on the already strained budgets of our California school system; and

WHEREAS, Part of this burden has been imposed as a direct result of the humanitarian response of the federal government to the plight of Indochinese refugees; and

WHEREAS, An effective and appropriate instrument under which to immediately fund adult educational assistance is already in existence under Section 306 of Public Law 91-230, known as the Adult Education Act, now, therefore, be it

WHEREAS, Many of those refugees who first settled in other states eventually move to California; and

WHEREAS, The medical screening of Indochinese refugees for tuberculosis, leprosy, venereal disease, and enumerated mental

WHEREAS, Refugees enter the United States without having undergone a complete physical examination or having been educated in personal hygiene and general health care, as practiced in the United States; and

WHEREAS, The failure to detect disease, diagnose physical condition, and educate the refugees may have a long-range adverse impact on the physical well-being of the general population; and

WHEREAS, For the purpose of providing assistance to the Indochinese refugees, the State Departments of Health Services and Social Services have entered into an agreement with the Department of Health and Human Services, concerning health and mental health care services for such refugees, pursuant to the Indochina Migration and Refugee Assistance Act of 1975 (P.L. 94-23 as amended by P.L. 94-313, P.L. 95-145, and HR 12509) and Special Appropriations for Assistance to Refugees from Laos, Cambodia and Vietnam (P.L. 94-23), as amended by Foreign Assistance Appropriation Act (P.L. 94-330); now, therefore, be it

approximately 40% of the \$10 billion plus per year agriculture contributes to the state's economy; and

[Filed with Secretary of State July 17, 1980.]

WHEREAS, Many Californians who have increased leisure time are turning more and more to recreational activities, including boating; and

WHEREAS, California has 1,800 miles of coastline and numerous dams, lakes, and rivers which are available to all its residents; and

WHEREAS, Boating is a family oriented sport that is energy efficient and not destructive to the environment; and

WHEREAS, There are more than 600,000 registered motorboats and sailboats in California which is the largest number for any state in the nation; and

WHEREAS, This fact has greatly increased the demand on recreational boating facilities in the past few years; and

WHEREAS, This demand has resulted in a shortage of 10,000 berthing spaces in southern California alone; and

WHEREAS, The lack of boating facilities has begun to have a

depressing impact on California's boating industry, which contributes heavily to the state's economy; and

WHEREAS, The direct financial impact of the boating industry and marinas in California was five hundred thirty-five million dollars (\$535,000,000) in 1977; and

WHEREAS, The indirect financial impact of the boating industry in California was one billion two hundred million dollars (\$1,200,000,000) in 1977 as a result of its economic stimulus; and

WHEREAS, Almost 16,000 persons are directly employed in the boating industry and 31,000 people are employed in jobs related to the boating industry; and

WHEREAS, The shortage of boating facilities has resulted in part from the difficulty of securing permits to build new facilities and upgrade existing ones; and

WHEREAS, Local, regional, state, and federal laws and regulations have hampered the growth of the marine industry and restricted the full use of California waterways for the state's boating population; now, therefore, be it

*Resolved by the Assembly and the Senate of the State of California, jointly,* That local, regional, state, and federal governmental entities are hereby requested to affirmatively seek the development of recreational boating facilities in California; and be it further

## RESOLUTION CHAPTER 82

Assembly Joint Resolution No. 89—Relative to the Philippine Scouts.

[Filed with Secretary of State July 17, 1980 ]

WHEREAS, Congress has under consideration legislation to correct a longstanding inequity in our treatment of the survivors of the Philippine Scouts who fought alongside American soldiers during World War II and who, although they were a part of the United States Army and fought and died along with their American counterparts, never received the same pay or benefits; and

WHEREAS, This kind of flagrant discrimination was sad reward indeed for their heroic sacrifices, and the enactment of this legislation would be a clear message to Filipino-Americans and people throughout the world that our commitment to justice and

equality is not parochial and is basic to our conception of universal human rights; and

WHEREAS, In the late 1930's, the Philippine scouts were made a part of the United States Army to help defend the South Pacific against totalitarian domination and General Douglas MacArthur described the Scouts as "excellent troops, completely professional, loyal and devoted," since they were an elite organization with a high esprit de corps in which membership was considered an honor by Filipinos and the strictest standards were followed in selection; and

WHEREAS, General Wainwright, who took command of forces on Bataan and Corregidor after General MacArthur moved Army headquarters to Australia, reported that by the beginning of December 1941, the "Philippine Scouts were fit, trained in combat principles, and ready to take the field in any emergency"; and

WHEREAS, At the onslaught of the war in the Pacific when the enemy attacked Pearl Harbor and invaded the Philippine Islands, these soldiers became a key to the success of our entire South Pacific strategy, for it was the continued resistance on Bataan that denied the Japanese an essential base for the projected thrust to the South Pacific, and they were forced to retain large Army and Navy Forces in the Philippines, which otherwise could have been employed against allied shipping of men and materials to Australia and New Caledonia from the United States and the Middle East, so that the protracted defense of these islands by the Philippine Scouts against incredible odds allowed the United States time to recover from the first blows of the war and begin to send in supplies and reinforcements; and

WHEREAS, The defenders of Bataan were hopelessly outnumbered and undersupplied, endured severe hardships during their entrenchment, and were already in need of new issues of clothing and shoes when they entered Bataan in January, and, as General Wainwright reported, most of the soldiers "walked into Bataan barefooted," with disease and starvation problems dealt with daily, since at least 30 percent of the troops had dysentery, and the rest some variety of worm infestation of the bowel, so that by mid-March at least 75 percent of the command was incapacitated to some extent, but for four months they held out, fighting the enemy guerrilla fashion, buying time for an allied force build-up in Australia; and

WHEREAS, With all the hardships endured by these soldiers, they never received the comparable benefits they were due, and as Brigadier General W. E. Brougher, Commander of the 11th Division on Bataan, pointed out in his prison diary, the moral factor that most disturbed him was "discrimination against Philippine Scouts officers by the United States Army Forces in the Far East in matters of promotion, pay and allowances," since despite their gallant service and tremendous suffering, the Philippine Scouts received only a fraction of the pay and benefits received by their American counterparts, and that discrimination continues today; and

WHEREAS, It is time to rectify this longstanding wrong by the enactment of pending legislation which would authorize pay and benefits for members of the Philippine Scouts or their survivors at the same rates of basic pay as other members of the United States Army of corresponding grades and lengths of service received at that time; now, therefore, be it

*Resolved by the Assembly and Senate of the State of California, jointly,* That the Legislature of the State of California respectfully memorializes the President and Congress to support and enact legislation which would authorize pay and benefits for members and survivors of members of the Philippine Scouts on the same basis as such pay and benefits are authorized for other members of the United States Army and their survivors; and be it further

*Resolved,* That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

### RESOLUTION CHAPTER 83

Assembly Joint Resolution No. 93—Relative to federal summer job programs.

[Filed with Secretary of State July 17, 1980.]

WHEREAS, Federal guidelines under the Comprehensive Employment and Training Act have been construed to require, in the determination of which areas of the City of Los Angeles will receive federal funds for summer jobs, that the city use last year's unemployment rate and apply it to 1970 census data; and

WHEREAS, Population information gathered in 1977 for the city's Public Employment and Housing Survey, which has been used in the past for other federal programs, provides a better basis for allocating programs and services to the needy; now, therefore, be it

*Resolved by the Assembly and Senate of the State of California, jointly,* That the Legislature of the State of California requests the federal government to permit the City of Los Angeles to use population information gathered in 1977 for the Public Employment and Housing Survey, or its equivalent, to determine summer job programs; and be it further

*Resolved,* That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the United States Department of Labor and to the California Economic Development Administration.

## RESOLUTION CHAPTER 84

Senate Concurrent Resolution No. 64—Relative to the Daniel D. Mikesell Interchange.

[Filed with Secretary of State August 19, 1980.]

WHEREAS, Daniel D. Mikesell, in the early part of 1955, was able to get a resolution adopted by the San Bernardino County Board of Supervisors urging the State of California to place the Devore Cutoff in the California freeway and expressway system; and

WHEREAS, In order to achieve support for this measure, he addressed chambers of commerce and city councils and other organizations from Bishop to Corona, from Needles to Pasadena, and from Newport to Fontana, to secure endorsements for the construction of the Devore Freeway (State Highway Route 15); and

WHEREAS, These endorsements and resolutions, including those of four major counties affected by this development, Los Angeles, Orange, Riverside, and San Bernardino, were used by Supervisor Mikesell in making presentations before the various committees of the Assembly and the Senate in Redding, Eureka, San Diego, Los Angeles, Riverside, and San Francisco, as well as in his many appearances before the Legislature in Sacramento; and

WHEREAS, The Devore Freeway route was ultimately adopted by the state and later recommended by the state to become part of the National System of Interstate and Defense Highways, at which time Supervisor Mikesell worked with the California Department of Transportation and the Federal Highway Administration to include the Devore Freeway route in that system; and

WHEREAS, Now this very important freeway route, saving 14 miles of travel one way, is of tremendous benefit to the traveling public in saving motor vehicle operating costs by shortening the route of travel; and

WHEREAS, It is altogether fitting that the untiring efforts of Supervisor Mikesell with respect to the Devore Freeway be given recognition; now, therefore, be it

*Resolved by the Senate of the State of California, the Assembly thereof concurring,* That the interchange located at the intersection of Interstate Routes 10 and 15 be designated the Daniel D. Mikesell Interchange; and be it further

*Resolved,* That the Department of Transportation is hereby requested to erect appropriate plaques and markers showing this official designation; and be it further

*Resolved,* That the Secretary of the Senate transmit a copy of this resolution to the Director of Transportation.

WHEREAS, Self-imposed diesel fuel allocation practices by crude oil refiners have resulted in undue hardship on the agricultural industry; and,

WHEREAS, The state should not unnecessarily interfere with the existing market mechanisms for allocating diesel fuel; now, therefore, be it

*Resolved by the Assembly of the State of California, the Senate thereof concurring,* That the members urge the refiners and distributors of diesel fuel to provide the total current needs of diesel fuel to persons engaged in agricultural production and transportation activities, unless undue hardship would be placed upon persons with equal or higher priority needs; and be it further

*Resolved,* That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Secretary of Energy, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

[Filed with Secretary of State August 28, 1980.]

WHEREAS, The concept of "lifeline" rates applicable to the residential consumption of gas and electricity was instituted several years ago to help cushion residential customers against repeated and enormous rate increases granted to gas and electric utility companies by the Public Utilities Commission due in large measure to the

WHEREAS, It is necessary that the energy needs of persons residing in areas of the state with cooler climates be given greater consideration in the establishment of the lifeline quantities of gas and electricity applicable in the various climatic areas of the state, particularly increased needs during the summer months; now, therefore, be it

*Resolved by the Assembly of the State of California, the Senate thereof concurring,* That the Public Utilities Commission is requested to review and revise the lifeline gas and electric rate structure applicable to customers who live in areas of the state with cooler climates to more nearly reflect their energy needs and, at the same time, review the manner in which lifeline rates are formulated to insure an equitable distribution of utility costs, taking into consideration the rates now paid by small and large residential and nonresidential ratepayers; and be it further

WHEREAS, The House of Representatives on August 18, 1980, passed a bill which will create an additional 2,000,000 acres of federal wilderness areas; and

*Resolved by the Assembly and Senate of the State of California, jointly,* That the Legislature of the State of California respectfully memorializes the United States Senate Committee on Natural Resources to hold full public hearings, including hearings in northern California, to assess the economic impact which the proposed federal wilderness areas contained in the bill passed by the House of Representatives would have on the state; and be it further

Assembly Joint Resolution No. 97—Relative to the Marine Mammal Protection Act of 1972.

[Filed with Secretary of State September 2, 1980.]

WHEREAS, The Marine Mammal Protection Act of 1972 requires tuna fishermen to take extraordinary measures to minimize the incidental mortality of marine mammals; and

WHEREAS, The National Marine Fisheries Service has promulgated specific regulations that require fishermen to release marine mammals from fishing nets; and

WHEREAS, Section 216.24 (d) (2) (vii) (F) of Title 50 of the Code of Federal Regulations requires the use of rubber rafts, face masks, and snorkels by crew members to assist in disentangling and releasing live marine mammals from the tuna nets and further requires such crew members to make every effort to remove the marine mammals from the nets during rescue operations; and

WHEREAS, This regulation can be construed to require crew members to take personal risks, including entering the water; and

WHEREAS, In an effort to release porpoises in compliance with the goals of the Marine Mammal Protection Act of 1972, Jerry Correia, a crew member of the fishing vessel "Calypso" tragically lost his life when attacked by a shark; and

*Resolved*, That the secretary is requested to take all steps necessary to insure that such changes in the Code of Federal Regulations are expeditiously promulgated; and be it further

*Resolved*, That the Chief Clerk of the Assembly transmit copies of this resolution to the Secretary of Commerce and to each Senator and Representative from California in the Congress of the United States.

## RESOLUTION CHAPTER 118

Senate Joint Resolution No. 44—Relative to Alaskan energy resources.

[Filed with Secretary of State September 5, 1980.]

WHEREAS, The United States now imports more than half of its oil from other countries; and

WHEREAS, The United States petroleum production has been declining for the past decade; and

WHEREAS, The United States will need expanded supplies of domestic energy to assure its economic and sovereign future; and

WHEREAS, Under the wilderness land study program the federal government is withholding 68 million acres of land from development of any kind; and

WHEREAS, According to the Department of Energy, 40 percent of the impounded land may cover millions of barrels of oil and trillions of cubic feet of natural gas, all of which is being denied us while the federal government decides which part will be set aside under the wilderness program; and

WHEREAS, More than one-third of the nation's entire remaining energy potential probably lies untapped in Alaska, including oil, natural gas, and coal fields; and

WHEREAS, Canadian studies indicate that the Arctic Ocean-Polar Ice Cap areas Canada shares with Alaska may contain larger oil reserves than those of the Organization of Petroleum Exporting Countries; and

WHEREAS, There are efforts to close off vast tracts of resource-rich Alaskan lands; and

WHEREAS, It is important that limited exploration be permitted prior to permanently setting aside these lands; and

WHEREAS, In the event such exploration justifies the development of energy resources in this area, it is important that reasonable opportunity be provided to obtain these invaluable resources; now, therefore, be it

*Resolved by the Senate and Assembly of the State of California,*

*Jointly*, That the Legislature of the State of California supports the concept of rational exploration and a variety of uses for all public lands, including those in Alaska; and be it further

*Resolved*, That the Legislature of the State of California opposes legislation which will further encourage dependency on foreign resources and opposes any decisions to set aside such wilderness areas without weighing the potential benefits such as energy resources and which eliminate even the possibility of making those determinations in future generations; and be it further

*Resolved*, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to each Member of the Congress of the United States, and to the Secretary of the United States Department of Interior.

### RESOLUTION CHAPTER 119

Senate Joint Resolution No. 24—Relative to the arrival of Indochinese refugees in the United States.

[Filed with Secretary of State September 5, 1980 ]

WHEREAS, In the past year, the United States has received 338,000 refugees, including 150,000 Cubans and Haitians; and

WHEREAS, The world has witnessed the massive exodus of more than 1.5 million people from their homes in Vietnam, Laos, and Cambodia since the fall of Saigon in 1975; and

WHEREAS, There are approximately 250,000 Indochinese refugees in more than 40 refugee camps and transit centers in Thailand, Hong Kong, Malaysia, Indonesia, the Philippines, Singapore, Korea, and Taiwan; and

WHEREAS, An additional 140,000 Cambodians are living in "holding centers" in Thailand and an estimated 150,000 Cambodians are living in various types of encampments along the Thai-Cambodian border; and

WHEREAS, War and starvation have reduced the population of Cambodia by 50 percent since 1975, and the famine is expected to continue next year since only 10 percent of Cambodia's arable land has been cultivated; and

WHEREAS, A large number of the seaborne Vietnamese refugees, known as "boat people," have perished as a result of adverse weather conditions, the unseaworthy conditions of their boats, overcrowding, inadequate food and medical supplies, shelling by Vietnamese security patrols, and vicious acts of piracy; and

WHEREAS, The neighboring governments of Thailand, Singapore, Malaysia, Hong Kong, Indonesia, the Philippines, and Taiwan are unable to accept and maintain a massive infusion of additional refugees because the existing refugee camps in those

countries are already overcrowded, and because those governments are economically unable to expand the operations of the camps in their jurisdictions and absorb the refugees into their own populations; and

WHEREAS, The United Nations High Commissioner on Refugees has virtually exhausted its financial resources to provide for the needs of the 16 million refugees around the world; and

WHEREAS, Human rights violations in the Socialist Republic of Vietnam, and especially the government's despotic racial policies towards its ethnic Chinese minorities, comprise an affront to the decent opinion of mankind; and

WHEREAS, The United States of America was founded as a nation of immigrants, many of whom came here to escape persecution and poverty in their native lands; and

WHEREAS, Each succeeding generation of immigrants has made an important contribution to the economic and cultural vitality of the United States; and

WHEREAS, Thirty percent of the Indochinese refugees in the United States originally settled in California, and many of those who first settle in other states will eventually move to California because of the similarity in climate between their homelands and California, because the large Asian population in California provides necessary cultural and social support, and for purposes of family reunification; and

WHEREAS, The fragmentary and uncoordinated nature of government programs affecting refugees and immigrants is a major hindrance to community-based volunteer agencies and local officials; and

WHEREAS, A substantial financial commitment for special social services will be needed to help Indochinese refugees become self-sufficient participants in American society; and

WHEREAS, Precedent for such a commitment was established by earlier federal efforts and current programs to assist refugees from the Soviet Union, Hungary, and Cuba resettling in the United States; and

WHEREAS, Arbitrary time limitations on federal funding for special social services to refugees would place an unfair fiscal burden upon the State of California and upon other states with large numbers of refugees; now, therefore, be it

*Resolved by the Senate and Assembly of the State of California, jointly,* That the Socialist Republic of Vietnam is to be condemned for its racially and economically motivated policy of forcibly deporting up to one million of its own citizens; and be it further

*Resolved,* That the President and the Congress of the United States are urged to use their best offices to persuade the Socialist Republic of Vietnam to cease its inhumane policies of deportation, harassment, and exploitation of the ethnic Chinese minority in that country; and be it further

*Resolved,* That the President, the Secretary of State, the numerous

voluntary agencies, and private citizens who have already provided aid to the people of Cambodia are to be commended for their work and are urged to continue their efforts; and be it further

*Resolved*, That the President of the United States is to be commended for his humane decision to increase to 14,000 the maximum monthly quota of Indochinese refugees permitted to enter the United States, to deploy U.S. naval forces to provide food and repairs to Indochinese refugee vessels and to prevent acts of piracy against such vessels, and he is urged to maintain this quota; and be it further

*Resolved*, That the Congress is urged to appropriate such funding as is necessary for the orderly admission of the full authorized monthly quota of Indochinese refugees; and be it further

*Resolved*, That the Congress is urged to provide assurance of three or more years of funding for special social services for Indochinese refugees, such as English language training, job training and placement, mental health counseling, health services, and housing assistance, as is necessary to help them become self-sufficient and productive members of American society as soon as possible; and be it further

*Resolved*, That the President and the Secretary of State are urged to work actively to persuade other nations to: (1) accept an equitable share of the Indochinese refugee population; (2) provide immediate financial assistance to support the temporary refugee camps in Thailand, Singapore, Malaysia, Hong Kong, Indonesia, the Philippines, and Taiwan; and (3) participate in other international refugee resettlement efforts; and be it further

*Resolved*, That the President and the Congress are requested to develop a well-administered and well-coordinated program which is national in scope for the resettlement of refugees within the United States; and be it further

*Resolved*, That the appropriate authorities are urged to involve members of existing refugee communities in the United States in the design and administration of resettlement efforts; and be it further

*Resolved*, That the Governor of California is urged to affirm the state's commitment to the needs of the numerous refugees and immigrants by establishing, as a part of the Governor's Office, an Office of Refugee and Immigrant Affairs which shall (1) represent the interests of the state in discussions and negotiations at the national and local levels regarding assistance to refugees and immigrants; and (2) be responsible for coordinating the various programs affecting refugees and immigrants which are administered through the departments and agencies of state government; and be it further

*Resolved*, That the Secretary of the Senate transmit copies of this resolution to the President of the United States; to the U.S. Secretary of State; to the U.S. Ambassador on Refugee Affairs; to the Chairman and members of the U.S. Senate Judiciary Committee; to the Chairman and members of the U.S. House Subcommittee on

RESOLUTION CHAPTER 125

Assembly Joint Resolution No. 98—Relative to Jewish emigration from the Union of Soviet Socialist Republics.

[Filed with Secretary of State September 8, 1980 ]

WHEREAS, The Union of Soviet Socialist Republics is a signatory of the Universal Declaration of Human Rights which declares that “everyone shall be free to leave any country including his own”; and

WHEREAS, The USSR is a signatory of the Helsinki Final Act of 1975, which declares that the “participating states will deal in a positive and humanitarian spirit with the applications of persons who wish to be reunited with members of their families”; and

WHEREAS, The Soviet Union initiated new restrictions on emigration of Jewish individuals residing in the Ukraine in May of 1979, by denying applications when the required letter of invitation from a family member in Israel was from a relative more distant than a parent, spouse, child, or sibling; and

WHEREAS, This denial of emigration visas on the grounds of “insufficient kinship” became widespread through the Soviet Union by the end of 1979; and

WHEREAS, The new restrictions have severely curtailed Jewish emigration, with only 16,000 exit visas being granted thus far in 1980, compared to 27,500 for the corresponding period of 1979, a decrease of approximately 42 percent; and

WHEREAS, The trend of decreasing Jewish emigration is growing dramatically in 1980, from 3,049 in March; to 2,469 in April; to 1,976 in May; to 1,620 in June; to 1,204 in July; and to only 327 for the first half of August; and

WHEREAS, Acts of anti-Semitism, including harrassment, arrests, and discrimination in education and employment have increased in recent months; and

WHEREAS, The combination of new emigration policies and increased harrassment has directly affected the willingness of Jewish families to solicit letters of invitation from relatives in Israel, with a resultant decrease in requests from an average of 10,750 per month in 1979, to 4,250 per month for the first four months of 1980; and

WHEREAS, Many of the emigration offices in the Soviet Union allegedly closed temporarily during the Summer Olympics have not yet reopened; now, therefore, be it

*Resolved by the Assembly and the Senate of the State of California, jointly,* That the Legislature of the State of California respectfully memorializes the President of the United States to urge the Soviet Union to abide by its commitments to the Universal Declaration of

Human Rights and to the Helsinki Final Act of 1975; and be it further  
*Resolved*, That the President of the United States shall endeavor to influence the Soviet Union to abandon its restrictive emigration policies and to allow the free emigration of Jewish individuals from the Soviet Union; and be it further

*Resolved*, That the Chief Clerk of the Assembly transmit a copy of this resolution to the President of the United States.
